# Accreditation/Certification Summary

Client: EKI Environment & Water Inc
Job ID: 570-269739-1
Project/Site: Borrmann Steel Company

## Laboratory: Eurofins Calscience

Unless otherwise noted, all analytes for this laboratory were covered under each accreditation/certification below.

| Authority | Program | Identification Number | Expiration Date |
|---|---|---|---|
| California | State | 3082 | 07-31-26 |

The following analytes are included in this report, but the laboratory is not certified by the governing authority. This list may include analytes for which the agency does not offer certification.

| Analysis Method | Prep Method | Matrix | Analyte |
|---|---|---|---|
| 8260B | 5030C | Solid | 1,1,2-Trichloro-1,2,2-trifluoroethane |
| 8260B | 5030C | Solid | 1,1-Dichloropropene |
| 8260B | 5030C | Solid | 1,2,3-Trichlorobenzene |
| 8260B | 5030C | Solid | 1,2,4-Trimethylbenzene |
| 8260B | 5030C | Solid | 1,3,5-Trimethylbenzene |
| 8260B | 5030C | Solid | 1,3-Dichloropropane |
| 8260B | 5030C | Solid | 2,2-Dichloropropane |
| 8260B | 5030C | Solid | 2-Butanone (MEK) |
| 8260B | 5030C | Solid | 2-Chlorotoluene |
| 8260B | 5030C | Solid | 2-Hexanone |
| 8260B | 5030C | Solid | Acetone |
| 8260B | 5030C | Solid | Isopropylbenzene |
| 8260B | 5030C | Solid | p-Isopropyltoluene |
| 8260B | 5030C | Solid | Vinyl acetate |

H&P Project: MC030726-L4
Client Project: C50221.01 / 110 W Olive Ave

Dear Kian Lew:

Enclosed is the analytical report for the above referenced project. The data herein applies to samples as received by H&P Mobile Geochemistry, Inc. on 07-Mar-26 which were analyzed in accordance with the attached Chain of Custody record(s).

The results for all sample analyses and required QA/QC analyses are presented in the following sections and summarized in the documents:

- Sample Summary
- Case Narrative (if applicable)
- Sample Results
- Quality Control Summary
- Notes and Definitions / Appendix
- Chain of Custody
- Sampling Logs (if applicable)

Unless otherwise noted, I certify that all analyses were performed and reviewed in compliance with our Quality Systems Manual and Standard Operating Procedures. This report shall not be reproduced, except in full, without the written approval of H&P Mobile Geochemistry, Inc.

We at H&P Mobile Geochemistry, Inc. sincerely appreciate the opportunity to provide analytical services to you on this project. If you have any questions or concerns regarding this analytical report, please contact me at your convenience at 760-804-9678.

Sincerely,

Kristin Beckley
Quality Assurance Officer

H&P Mobile Geochemistry, Inc. is accredited under the National Laboratory Accreditation Program (NELAP) and the Department of Defense Environmental Laboratory Accreditation Program (DoD-ELAP), operating in accordance with international standard ISO/IEC 17025:2005 for the fields of proficiency and analytes listed on the applicable certificates. The certificates for EPA Method TO-15 and H&P Method 8260SV (modified EPA 8260B) can be found at www.handpmg.com, including accreditation certificate numbers, expiration of certificates, and scope of accreditation including matrix of accreditation. Vehicle Identification Numbers are included on the certifications for mobile lab analysis , if applicable. Fields of services and analytes contained in this report that are not listed on the certificates should be considered uncertified or

H&P Mobile Geochemistry, Inc. is approved as an Environmental Testing Laboratory and Mobile Laboratory in accordance with the DoD-ELAP Program and ISO/IEC 17025:2005 programs through PJLA, accreditation number 69070 for EPA Method TO-15 and H&P 8260SV.

H&P is approved by the State of Louisiana Department of Environmental Quality under the National Environmental Laboratory Accreditation Conference (NELAC) certification number 04138

The complete list of stationary and mobile laboratory certifications along with the fields of testing (FOTs) and analyte lists are available at www.handpmg.com/accreditations.

# STAFF REPORT

## PARKS AND RECREATION

**DATE:** June 2, 2026

**TO:** Justin Hess, City Manager

**FROM:** Marisa Garcia, Parks and Recreation Director
BY: Grace Coronado, Assistant Parks and Recreation Director

**SUBJECT:** Approval of the 2026 Sublease and Master Lease Modification Between the City of Burbank, Onni Burbank Town Center LLC, and The Colony Theatre Company and an Operating Agreement Between the City of Burbank and The Colony Theatre Company

## RECOMMENDATION

1. Approve the 2026 Sublease and Master Lease Modification Between the City of Burbank, Onni Burbank Town Center LLC, and The Colony Theatre Company.
2. Approve an Operating Agreement between the City of Burbank and The Colony Theatre Company.
3. Authorize the City Manager or the City Manager's designee to execute the 2026 Sublease and Master Lease Modification, Operating Agreement, and any future amendments or extensions.

## BACKGROUND

In the 1991 master lease between the City of Burbank (City) and the developer of the Burbank Town Center Mall (Mall), the developer was required to devote a portion of the project as a community-benefit facility at 555 North Third Street (Premises). In 1992, the City entered into a sublease with the developer (currently as successor Onni Burbank Town Center LLC (Onni)) and the now abolished Redevelopment Agency, which provided the City rights to use the Premises as a cultural facility (offering cultural, educational, social, and recreational activities) for a lease term of 50 years. In 1992, the City subleased the Premises to the Los Angeles County Natural History Museum, which closed in 1996 due to low attendance. Shortly thereafter, the Parks and Recreation Department conducted a Request for Proposal (RFP)[1] for the re-use of the Premises, which ultimately led to

[1] An RFP is a competitive solicitation process to generate interest in and receive proposals regarding the acquisition of goods and/or services pursuant to applicable Administrative Procedures.

conversion to the Burbank Center Stage (BCS), a 276-seat theater and performing arts facility, and a sublease with the Colony Theatre Company (CTC).

Since August 26, 2000, CTC has occupied the Premises and produced community theater. The 2000 Sublease and Master Lease Modification between the Onni, City and CTC expired November 30, 2021, and CTC has since managed, occupied, and used the Premises on a month-to-month basis.

In 2022, the City released a new RFP for the management and operation of the BCS, which was subsequently modified at the direction of City Council (Council). At a Special Meeting on October 4, 2023, Council conducted second-round interviews of the three qualified BCS proposers, Burbank Community YMCA, The Greenhouse Arts & Media, and CTC. Following interviews, Council awarded the RFP to CTC.

With approval of Landlord Onni, the City seeks to enter into a new sublease and master lease modification and operating agreement for the BCS with CTC. These agreements memorialize terms proposed by CTC during the RFP process, and reaffirm a commitment to maintain the Premises as a City cultural facility providing educational, cultural, social, and recreational activities to the public as a live performance theater, under substantially the same terms and conditions contained in the Master Lease, as modified in a new 2026 Sublease and Master Lease Modification.

## DISCUSSION

Following the Special Meeting on October 4, 2023, staff negotiated terms for the 2026 Sublease and Master Lease Modification (Sublease) (Attachment 1), with Onni and CTC, and Operating Agreement (Attachment 2 – Exhibit B of 2026 Sublease and Master Lease Modification) with CTC, to support Council's Quality of Life goals by enhancing visibility, providing support, and expanding access to arts and creative endeavors.

The City’s negotiating team included the Financial Services Director, Parks and Recreation Director, Chief Assistant City Attorney, and Assistant Community Development Director - Business & Economic Development. The City refined the terms of the 2026 agreements to align with best practices and CTC’s latest proposal for programming. Each department provided insightful feedback and strategic input, ensuring that the revised agreements reflect and uphold the City's best interests. It is important that the City formalize the agreements to reinforce its commitment to responsible governance and operational excellence. This comprehensive review process was essential to promote financial stability, infrastructure improvements, and long-term sustainability of the BCS facility.

CTC remains a vital partner in diversifying and enriching the City’s cultural landscape. Their array of performances and integrated art exhibits foster creative expression and skill development for participants, and engage audiences. Participation in arts education and

cultural activities supports academic achievement, social cohesion, and personal well-being, while contributing to community vibrancy and identity. As performing arts centers and cultural events attract visitors from within and beyond the region, they stimulate tourism, enhance local revenue, and support job creation. The City's partnership with CTC reinforces its role as a creative destination that promotes cultural enrichment, economic resilience, and inclusive opportunity.

Key components of the Sublease include:

- **Term:** The Sublease provides for an initial five year term, and allows CTC the right to request an extension of the Term for two (2) separate and successive periods of five (5) years and a third and final extension up to the end date of the Master Lease's main term, November 14, 2044.
- **Goals & Objectives:** The City and CTC shall mutually agree to new Goals and Objectives (Attachment 2 – Exhibit B), before each extension of the Term. Each extension request shall be made by CTC by written notice at least nine (9) months prior to the date the Sublease would otherwise have expired.
- **Rent**: CTC will pay $3,000 per month to the City, on or before the fifteenth ($15^{th}$) day of each calendar month with rent to automatically increase 3% annually.
- **Maintenance**: The City, Onni, and CTC will adhere to the Maintenance and Responsibility Matrix (Attachment 1 – Exhibit D).
- **Insurance and Indemnity:** CTC shall maintain the following insurance coverage, and upon request, show City and Onni evidence of such. CTC shall also require its contractors, subcontractors, etc., to carry and provide evidence of such coverage.
    a) Commercial General Liability
    b) Property Damage Insurance
    c) Sexual Abuse and Molestation Insurance Requirement
    d) Alcohol and Liability Coverage Requirements
    e) Worker's Compensation
    f) Comprehensive Automobile Liability

In addition, key components to the Operating Agreement include:

- **Identity:** The facility will be branded as "Burbank Center Stage, Home of the Colony Theatre Company." CTC shall incorporate and maintain the "Burbank Center Stage" branding consistently across all digital and print platforms.
- **Accounting Systems and Audits:** CTC must maintain an accurate accounting of all receipts and disbursement in connection with BCS. The method of accounting for the Premises will be separate from the accounting system used by CTC for any other matters. CTC's accounting system will be in accordance with Generally Accepted Accounting Principles ("GAAP"). The City may audit CTC's books of account, records, cash receipts and other pertinent data on an annual basis.

- **Annual Report to City's Parks and Recreation Board**: On an annual basis, CTC must prepare and present a report to the City's Parks and Recreation Board to include revenues, expenses, programming, attendance, and maintenance.
- **Goals and Objectives**: CTC must meet at least 80% of established Goals and Objectives, demonstrating good-faith efforts, to be eligible for a Term extension. The Parks and Recreation Director will issue a determination within 30 days of an extension request. CTC agrees to complete Capital Improvement Projects including:
    a) Restore Exterior Signage
    b) Restore Exterior Entrance with Concrete
    c) Upgrade Scaffold
    d) Upgrade Rehearsal Room with Marley Flooring
    e) Reinforce/Update Balcony Spaces in Theater
    f) Update lighting fixtures in lobby and art gallery
    g) Replace Facility Carpeting
    h) Refurbish Seats
    i) Upgrade Equipment

The proposed agreements establish a clear framework for accountability, performance measurement, and ongoing collaboration between the City and CTC. Through defined reporting requirements, financial transparency, and compliance with established Goals and Objectives, the City can monitor operations, ensure responsible stewardship of public assets, and support quality programming. These agreements are designed to maintain operational standards while allowing flexibility for innovation, ensuring that BCS continues to evolve as a dynamic community asset aligned with the City's priorities.

## ENVIRONMENTAL REVIEW

This report has no potential for resulting in a direct or reasonably foreseeable indirect physical change to the environment and falls outside the definition of a "project" under the California Environmental Quality Act (CEQA) and is therefore not subject to CEQA review pursuant to § 15378 of Title 14 of the CEQA Guidelines.

## FISCAL IMPACT

Under the proposed agreement, the City will receive $36,000 in rent during the first year. Rent will increase annually by 3% for the duration of the agreement. Additionally, CTC will complete specified Capital Improvement Projects as outlined in the Goals and Objectives.

The City's Public Works Department has and will continue to provide routine facility maintenance, which is estimated to cost approximately $3,005 per month. These costs support continued upkeep and operational functionality of a community cultural asset.

## CONCLUSION

The partnership between the City, CTC, and Onni is meaningful to the cultural and artistic fabric of Burbank. By formalizing the proposed 2026 Sublease, Master Lease Modification, and Operating Agreement for the use of the BCS, the City reaffirms its long-standing commitment to fostering creativity, supporting local talent, and, more importantly, ensuring equitable access to the arts. Beyond maintaining a valued community venue, this agreement expands cultural engagement, enriches the City's identity as a vibrant arts destination, and strengthens connections among residents, visitors, and creative organizations advancing the Council's Quality of Life goals and enhancing opportunities for artistic expression and cultural participation throughout the community.

## ATTACHMENTS

Attachment 1 – 2026 Sublease and Master Lease Modification
Attachment 2 – Operating Agreement – Exhibit B to 2026 Sublease and Master Lease Modification

**2026 SUBLEASE AND MASTER LEASE MODIFICATION**

This 2026 SUBLEASE AND MASTER LEASE MODIFICATION ("2026 Sublease and Modification" or "Sublease") is made and entered into this _____ day of _____ 2026 ("Effective Date"), by and among 1) Onni Burbank Town Center LLC, ("Onni") a Delaware Limited Liability Company") successor in interest to Burbank Mall Associates, LLC, a Delaware Limited Liability Company formerly known as C.T. Operating Partnership, L.P., a California limited partnership formerly known as the Alexander Haagen Properties Operating Partnership L.P. successor in interest to The Haagen-Burbank Partnership, a California general Partnership ("Landlord"), 2) the City of Burbank, a municipal corporation and charter city ("City"), the named Lessee of the Master Lease (as defined below); and 3) The Colony Theatre Company, a California non-profit public benefit corporation ("Sublessee" and collectively the "Parties"), with reference to the following facts and circumstances:

**RECITALS:**

A. On November 15, 1989, the Redevelopment Agency of the City of Burbank entered into a Disposition and Development Agreement (the "DDA") with Landlord for a multi-use development, commonly referred to as the Media City Center. As part of the DDA, Landlord is required to devote a portion of the development to a community facility for the City.

B. The City entered into a lease dated April 7, 1992 (the "Master Lease") with Landlord a copy of which is attached hereto Exhibit "A," which is incorporated herein by this reference, for the operation of a cultural facility of the City and the lease of certain premises (the "Premises"). Pursuant to Section 7.01 of the Master Lease, City, as Tenant, is permitted "the right to use the Premises for the operation of a cultural facility of the City of Burbank, which provides educational, cultural, social and recreational activities to the general public." Through the Master Lease, the City further received approval from the Landlord to sublet the Premises to the Los Angeles County Natural History Museum Foundation (Museum).

C. Subsequently, in 1992, a Sublease Agreement among the Museum, City, and Landlord was executed. On or about January 1, 1996, the Museum Sublease Agreement was terminated. Pursuant to Article 7 of the Master Lease, in the event the Premises is not subleased to the Museum, the City has the right "to use the Premises for the operation of a cultural facility of the City of Burbank which provides educational, cultural, social and recreational activities to the general public…"

D. In furtherance of operating the Premises as a cultural facility in accordance with the Master Lease, on March 28, 2000, the City, C.T. Operating Partnership, L.P. (a predecessor-in-interest to Landlord) and Sublessee, The Colony Theatre Company entered into the Sublease Agreement and Master Lease Modification (the "2000 Sublease and Modification") to amend the Master Lease and authorize Sublessee to sublease the Premises from City for the purpose of operating a live performing arts center. In addition, the 2000 Sublease and Modification also amended the Master Lease to approve City's self-insured status as a public entity.

E. Since its Opening Date on August 26, 2000, Sublessee has continued to occupy the Premises and produce community theater. The 2000 Sublease and Modification expired on November 30,

2021, though Sublessee has continued to manage, occupy, and use the Premises on a month-to-month basis.

F. In 2022, the City released a Request for Proposal (RFP) selection process for the management and operation of the Premises. Consequently, in October 2023, City Council awarded the RFP to Sublessee.

G. Following the City Council's selection process, City now, with the approval of Landlord, desires to enter into a new sublease with Sublessee, reflecting updated terms and conditions, in order to maintain the Premises as a cultural facility of the City of Burbank providing educational, cultural, social and recreational activities to the general public as a live performance theater under substantially the same terms and conditions as contained in the Master Lease, except as modified herein.

H. Concurrently herewith as a condition precedent hereto, City and Sublessee have entered into a Theater Operating Agreement (as may be amended, modified or restated from time to time, the "Operating Agreement"), a copy of which is attached hereto as Exhibit "B" and incorporated herein by reference.

I. Sublessee is a California non-profit public benefit corporation, organized under California's Nonprofit Public Benefit Corporation Law for public and charitable purposes, with the specific purpose of operating a cultural facility dedicated to the presentation to the public of a variety of stage productions generally recognized to be of significant historic, cultural, artistic or social value, the programming of which may include, but will not necessarily be limited to live theater, cabarets, readings, workshops, seminars, children's theater, benefits, classes and lectures, with federal tax exemption under Internal Revenue Code Section 501(c)(3), and California franchise tax exemption under Revenue and Taxation Code Section 23701d. Sublessee shall not manage, coordinate, or host any programming that interferes with or distracts from mall business including all tenants, patrons, and their quiet enjoyment in the Premises.

NOW, THEREFORE, in consideration of the covenants and agreements herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

**SUBLEASE**

1. **Sublease**. City, with the express approval of the Landlord, hereby sublease unto Sublessee and Sublessee hereby accepts from the City the Premises in its present condition. This Sublease shall be subject to all the terms and conditions of the Master Lease and 2000 Sublease and Modification, as modified herein, and, except as set forth herein. Sublessee shall assume and perform the obligations of City as Tenant in the Master Lease and comply with all the terms and conditions of said Master Lease as if it were Tenant thereunder, as modified by the 2000 Sublease and Modification, and except as provided herein. Further, this Sublease is subject to the Development Agreement for Planned Development No. 89-4 dated November 15, 1989 between Landlord's predecessor and City, as amended by that certain First Amendment to Development Agreement dated December 6, 1990 (as amended, the "Development Agreement"); that certain

First Amended and Restated Construction, Operation and Reciprocal Easement Agreement dated December 6, 1990 (a copy of which is attached hereto Exhibit "C") by and among Landlord's predecessor and various tenants of The Town Center ("Town Center") in which the Premises is located ("Reciprocal Easement Agreement"); and the provisions of the Burbank Municipal Code, including, but not limited to, zoning restrictions.

2. **Term and Extension of Term.**

   a. **Term**. The term ("Term") of this Sublease shall commence on the Effective Date and shall expire on the fifth (5th) anniversary of the Effective Date, subject to early termination upon breach of the terms of this Sublease, the Operating Agreement, or renewal as herein provided.

   b. **Extension of Term**. Sublessee shall have the right to request an extension of the Term for two (2) separate and successive periods of five (5) years and a third and final extension up to the end date of the Master Lease's main term, November 14, 2044. The City and Sublessee shall mutually agree to new Goals and Objectives (hereafter "Goals") a copy of which is attached in the aforementioned Operating Agreement, before each extension of the Term of this Sublease. Each such extension shall be made by Sublessee giving City written notice of such extension at least nine (9) months prior to the date this Sublease would otherwise have expired, and in the event of an extension, the Term shall continue for such extension period, subject, however to earlier termination as hereinafter set forth.

   c. **Notice of Parks and Recreation Director's Determination**. The Parks and Recreation Director (Director) will give written notice to Sublessee within thirty (30) calendar days after receipt of Sublessee's request for an extension whether or not, in the Director's sole and reasonable discretion, Sublessee is in substantial and material compliance with the Goals stated for the prior period. If the Director reasonably determines Sublessee is in substantial and material compliance with the prior Goals, the extension will be granted. For purposes of this Sublease, Substantial and material compliance is meeting 80% of outlined Goals for respective years within the prior term. Such Goals shall be subject to annual review and revision, as provided in the Operating Agreement as mutually agreed upon by Director and Sublessee. Notwithstanding the foregoing, Sublessee shall not have the right to request an extension of the Term if, at the time Sublessee requests the extension, Sublessee (a) has created a material uncured Event of Default under the provisions of this Sublease, the Master Lease, the Operating Agreement, (b) has failed to exercise its option by giving the required notice, (c) is not then operating the Premises as a live performance theater. If the Director determines that Sublessee is not in substantial compliance with the Goals and Sublessee disagrees, Sublessee shall have the right, within three (3) calendar days of receipt of the Director's determination, to make a written request, for a meeting with the Director. The meeting will be held within twenty-one (21) calendar days of the Director's receipt of the request. During this meeting, Sublessee and Director will review the Director's determination, and attempt to reach a compromise, including but not limited to, allowing Sublessee a commercially reasonable period to cure any deficiencies. Following such meeting, the Director may issue a new determination or establish conditions upon which an extension may be granted. The Director's determination will be final.

d. **Right to Terminate**. Notwithstanding the foregoing, Sublessee will have the right to terminate this Sublease at any time upon delivery to the City at least 90 days' notice of the sublessee's election to terminate, and the Sublease will terminate on the ninetieth 90) day following delivery of such notice. City shall have the right to terminate, if at any time, the terms of this Sublease are breached accruing after the date of which Sublessee has vacated the Premises. Upon such termination, Sublessee shall have no further obligation for Rent, Additional Rent, or other financial obligations accruing after the termination date.

e. **Month-to-Month**. If City is in negotiations for a future agreement or new Sublessee at the end of the Term and any extensions thereof, in the Director's sole discretion and subject to approval by Sublessee, City and Sublessee may continue performance under this Sublease on a month-to-month basis not to exceed six (6) months.

3. **Acceptance and Suitability of the Premises**. Sublessee acknowledges that neither City nor any agent of the City has made any representation or warranty with respect to the Premises or the suitability or fitness thereof for the conduct of Sublessee's use. By taking possession of the Premises, Sublessee has inspected and agrees to accept in an "as is" condition suitable for Sublessee's permitted use. The taking of possession or use of the Premises by Sublessee for any purpose will conclusively establish that the Premises were then in satisfactory condition and in conformity with the Sublease in all respects.

4. **Rent.** All Sums payable by Sublessee pursuant to this Sublease shall be considered Rent. Such sums shall include all the following:

a. **Rent**. Sublessee will pay $3,000 per month ("Rent") to City. Rent payable to City shall be paid monthly, on or before the fifteenth ($15^{th}$) day of each calendar month. Rent automatically increases 3% annually.

b. **Rent Due**. Rent shall be paid to the City monthly, on or before the $15^{th}$ day of each calendar month, without deduction or offset. Sublessee shall provide the City with a detailed, itemized financial statement including all rentals on a monthly basis, which shall be submitted concurrently with monthly rent payment. Rent shall be delivered to the Director or Director's Designee in the City's Park, Recreation and Community Services Department, located at 150 North Third Street, Suite 300, Burbank, California, 91502, no later than 5:00 p.m. on the due date. If the due date falls on a weekend or observed holiday when City offices are closed, the due date shall be the next business day. Rent received after 5:00 p.m. on the due date shall be considered late and subject to the charges specified in subsection "d" below.

c. **Escalation**. Commencing one year from the Effective Date, Rent shall be automatically increased annually by 3% as stated in Paragraph 4.a.

d. **Late Charge; Interest**. A late charge will be automatically assessed in the event of a delinquent payment. Notification of the late charge will be provided, and the assessed amount will be included with the subsequent month's payment. The charge will also be itemized in the monthly income statement report. City will impose a 5% late charge of Rent for payments made more than 7 days late, without waiting any other remedies

available for default. Failure to impose a late charge will not be a waiver of City's rights hereunder. In addition, any Rent more than 30 days late will bear interest at the rate of 10% per annum until paid.

e. **Holding Over**. If Sublessee, without City's consent, remains in possession of the Premises or any part thereof after the expiration of the Term hereof, then such occupancy will be a tenancy from month-to-month upon all provisions of this Sublease pertaining to the obligations of Sublessee, except at a rent equal to one hundred fifty percent (150%) of the sum of the rents otherwise due under this Sublease, if and as applicable, immediately prior to the expiration of the Term hereof. The foregoing provisions are in addition to and do not affect City's right of re-entry or any other rights or remedies of City hereunder or as otherwise provided at law or in equity, or both. Sublessee will indemnify, defend and hold City harmless from and against any and all losses, costs, damages and liabilities (including attorney's fees and costs, and court costs) arising out of or in connection with any delay by Sublessee in surrendering and vacating the Premises, including, without limitation, any claims made by any succeeding tenant based on any delay and any liabilities arising out of or in connection with these claims, and City's damages should any such succeeding tenant cancel its sublease based upon such holding over by Sublessee. Nothing in this section will be deemed to permit Sublessee to retain possession of the Premises after the expiration or sooner termination.

f. **Landlord acknowledges** and agrees that City's rent to Landlord pursuant to the Master Lease is and shall remain $1.00 a year, notwithstanding that Sublessee is paying rent in excess thereof to City hereunder.

5. **Utilities**. Sublessee will pay all utility charges for the Premises. If City or Town Center incurs any costs for utilities, including but not limited to water, electric and/or gas, then Sublessee will reimburse City or Onni within five (5) days after being billed therefor. Upon request of City, Sublessee will provide to City proof of payment of any or all utilities in a manner acceptable to City in its reasonable discretion. Sublessee shall indemnify, defend, and hold harmless and protect City from and against any and all claims, liabilities, damages, losses, costs and expenses (including reasonable attorneys' fees) in connection therewith. City is not and shall not be required to furnish to Sublessee any utility, facility equipment, labor, material or service of any kind whatsoever. City shall not be liable in damages or otherwise for any failure, interruption or unavailability of any utility service being furnished to Premises. No such failure or interruption shall entitle Sublessee to terminate this lease or receive any abatement of Rent.

6. **Maintenance. Maintenance Responsibility Matrix** which is attached hereto Exhibit "D".

a. **Landlord Responsibility**. Landlord shall comply with its obligations of maintenance and repair relative to the Premises as stated in the Master Lease including, without limitation, Section 13.01 (Landlord's Duty), provided however, that Landlord shall have no obligation or responsibility to repair, maintain, or replace any improvements or work of construction installed or performed by the City or the Sublessee in or to the Premises.

b. **City Responsibility**. City shall comply with its obligations of maintenance and repair relative to the Premises as stated in the Master Lease including, without limitation, Section 13.02 (Tenant's Duty). In addition, the City shall be responsible for any and all

improvements and maintenance necessary for compliance with applicable laws (including, without limitation, the Americans with Disabilities Act), and for maintenance related to the HVAC and heating equipment, for the pipes and conduits serving the Premises (including those contained between the exterior and interior walls), and for maintenance related to the elevator.

c. **Sublessee Responsibility**. Sublessee shall be responsible for non-capital repair and replacement. and general cleaning and maintenance in the Premises of such interior items as carpet, seat covers and paint, necessary from time to time to maintain a clean and professional appearance consistent with the use of the Premises as a live performance theater. During Sublessee's occupancy of the Premises, Sublessee shall be responsible for repair, replacement and maintenance of all improvements made in and to the Premises by Sublessee (whether of a capital or non-capital nature), except capital repair of those tenant improvements made expressly the responsibility of the City in paragraph 6(b) above. Sublessee shall provide timely notice to City and/or Landlord, as applicable, of any repairs Sublessee is aware is City or Landlord's responsibility.

7. **Indemnification**. Sublessee agrees to defend, indemnify and hold Landlord and City, and their respective partners, officers, agents and employee (" Indemnified Parties"), free and harmless from every claim, demand, damage or action, and any cost or expense in connection therewith, that may arise in any manner out of Sublessee's operations conducted on or about the Premises, including but not limited to Sublessee's after-hours use of the Premises, except to the extent any such claim, demand, damage or action arises from the gross negligence or willful misconduct of any such Indemnified Party or its respective officers, agents or employees.

8. **Insurance and Indemnity.**

a. **Insurance**. Landlord acknowledges the City is self-insured and approves of same, notwithstanding Section 11.01 of the Master Lease. Landlord shall maintain insurance in accordance with Section 11.02 of the Master Lease. Sublessee shall maintain the following insurance coverage throughout the term of this Sublease, and upon request, Sublessee shall show City and Landlord evidence of such coverage, and Sublessee shall require its contractors, subcontractors, etc., to carry and provide evidence of such coverage.

i. **Commercial General Liability**: Insurance Services Office Form CG 00 01 covering commercial general liability insurance ("CGL") on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal and advertising injury with limits no less than **$3,000,000** per occurrence. If the general aggregate limit applies, either general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be at least **$6,000,000**.

ii. **Property Damage Insurance**: Sublessee shall maintain property damage insurance covering the improvements and betterments to the Premises for any and all activities and audiences of Sublessee and its sublessees, if any, such insurance to afford protection of at least **$3,000,000** for injury to or death of any number of persons arising out of any once occurrence, and at least **$3,000,000** for any occurrence of property damage with an annual aggregate of at least

**$6,000,000**, naming City, Landlord and Landlord's Lender, if requested by Landlord, as an additional insured on a separate endorsement to the insurance policy. The endorsement shall require insurance company to provide City and Landlord a minimum of ten (10) days' notice of the cancellation of the policy. The policy shall specify that such insurance is the primary insurance. The policy shall be issued by an insurance company that is admitted to business in the State of California.

iii. **Sexual Abuse and Molestation Insurance Requirement**: Sublessee shall maintain, at its own expense, Sexual Abuse and Molestation liability insurance coverage with the following minimum limits of coverage: **$4,000,000** per occurrence and **$8,000,000** aggregate per occurrence on an occurrence form. Such insurance coverage shall be maintained during the duration of this Sublease and shall cover all claims of sexual abuse and molestation committed by Sublessee, its employees, agents, or subcontractors in connection with the performance of services under this Sublease. The insurance policy shall name City as an additional insured with respect to Sublessee operations under this Sublease. The policy shall provide a waiver of subrogation in favor of City. The Sublessee shall provide proof of coverage to the City upon request, including a copy of the policy and certificate evidencing the required coverage. In the event of any claim or action related to sexual abuse or molestation, the Sublessee agrees to fully cooperate with the City in defending any such claims and will indemnify and hold City harmless from any liabilities, damages, or costs incurred as a result of such claims.

iv. **Alcohol and Liability Coverage Requirements**: Sublessee shall maintain host liquor liability coverage under the general liability insurance if the Sublessee intends to sell or otherwise distribute alcoholic beverages either directly or by hiring a third-party vendor(s). Sublessee or hired vendors must hold a valid liquor sales license and maintain liquor liability insurance that specifically covers the sale of alcohol. Furthermore, a valid permit issued by the local Alcohol Beverage Control board shall be required. Limits shall be **$3,000,000** per occurrence and **$6,000,000** aggregate. The City and Landlord shall be named as an additional insured.

v. **Recovery from Sublessee's Insurance**: Sublessee agrees that in the event of loss due to any of the perils for which it has agreed to provide insurance, the Sublessee shall look solely to its insurance for recovery, to the extent of availability of such insurance

vi. **Self-Insured Retention**: The insurance policies acquired by Sublessee shall not require payment of any self-insured retention by Sublessee as a condition precedent to the City's coverage or payment for loss otherwise covered under the required liability insurance herein.

vii. **Additional Insured**: The naming of the City and/or Landlord and its management agent as an additional insured shall not affect any recovery to which City and/or Landlord and its management agent would be entitled under any policy if not named as an additional insured and City and/or Landlord and its management

agent shall not be held liable for any premium or expense of any nature on any policy or extension thereof. Any other insurance held by City and/or Landlord and its management agent shall not be required to contribute toward any loss or expense covered by the insurance proceeds provided by this policy. Proceeds from any policy or policies shall be payable to City and/or Landlord and its Lender, if requested by Landlord primarily, and to Sublessee secondarily if necessary.

viii. **Evidence of Insurance**: Sublessee shall furnish Certificates of Insurance and separate endorsements evidencing the required coverages or the original of the insurance policies for review by the Director and approval by the City Attorney's Office and Landlord prior to beginning performance under this Sublease and on an annual basis thereafter. Neither City nor Landlord shall be required to obtain insurance for any of Sublessee's property or Sublessee and any and all proceeds therefrom to be and remain property of Sublessee.

ix. **Waiver of Subrogation**: Sublessee hereby grants to City a waiver of any right to subrogation which any insurer of said Sublessee may acquire against the City by virtue of the payment of any loss under such insurance. Sublessee agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

x. **Primary Coverage**: For any claims related to this Sublease, the Sublessee's insurance coverage shall be primary insurance as respects the City, its officers, officials, employees, agents, and volunteers. Any insurance of self-insurance maintained by the City, its officers, officials, employees, agents, or volunteers shall be excess of the Sublessee's insurance and shall not contribute with it.

xi. All risk property insurance covering the Premises, with coverage limits not less than the full replacement cost of the Premises. Sublessee must also maintain insurance coverage on at the full replacement cost, or otherwise assume financial liability for, the Personal Property and the furnishings and equipment owned by Sublessee and any tenant improvements or betterments installed by Sublessee.

xii. **Worker's compensation** and employer's liability or other similar insurance pursuant to all applicable state and local statutes and regulations. The policy must be endorsed to waive all rights of recovery against the City, members of the City Council, and officers, employees and agents of the City. As required by the State of California, with statutory limits, and employer's liability insurance with limits no less than **$1,000,000** per accident for bodily injury or disease.

xiii. **Comprehensive Automobile Liability**: ISO Form Number CA 00 01 covering any auto (Code 1), or if Sublessee has no owned autos, hired, (Code 8) and non-owned autos (Code 9), with limit no less than **$1,000,000** per accident for bodily injury and property damage and **$2,000,000** aggregate.

xiv. If the Sublessee maintains broader coverage and/or higher limits than the minimums shown above, the City requires and shall be entitled to the broader

coverage and/or higher limits maintained. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

b. Sublessee will provide City with a current Certificate of Insurance, including the additional insured endorsement in a form as approved by the City for the insurance required by this Sublease (except for Worker's Compensation) evidencing coverage(s) and limits prior to the Effective Date and naming the City, its City Council, City's officers, City's employees and City's agents, Town Center, and other entities as may be required by Town Center as additional insureds (collectively, "Insureds"), as additional insureds under all insurance coverage required by this Sublease. The naming of an additional insured shall not affect any recovery to which such additional insured would be entitled under this policy if not named as such additional insured. An additional insured named herein shall not be held liable for any premium, deductible portion of any loss, or expense of any nature on this policy or any extension thereof. Any other insurance held by an additional insured shall not be required to contribute anything toward any loss or expense covered by the insurance provided by this policy. All required policies shall remain in force throughout the life of this Sublease and shall be payable on a "per occurrence" basis. Should any of the required insurance policies in this Sublease be cancelled or non-renewed, it is Sublessee's duty to notify City immediately upon receipt of the notice of cancellation or non-renewal. Failure to provide and maintain the insurance required by this Sublease will constitute a material breach of this Sublease.

c. Sublessee hereby grants to City a waiver of any right to subrogation which any insurer of the Sublessee may acquire against the City by virtue of the payment of any loss under such insurance. Sublessee agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not City has received a waiver of subrogation endorsement from the insurer.

Self-insured retentions must be declared to and approved by the City. At the option of the City, either: the Sublessee shall obtain coverage to reduce or eliminate such self-insured retentions as respects the City, its officers, officials, employees, and volunteers; or the Sublessee shall provide a financial guarantee satisfactory to the City guaranteeing payment of losses and related investigations, claim administration, and defense expenses. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or City.

i. Insurance must be placed with insurers authorized to transact business (i.e. admitted) in the State of California so as to provide access to the California Guaranty Association and other state regulation or have a "Best's Guide" rating of no less than A-VII.

ii. Sublessee must cause its subcontractors to obtain and maintain for the duration of this Sublease or such further period as specified herein, all of the coverages described in this Section. Sublessee warrants that it will require all its subcontractors to name both the Sublessee, the City, and the Town Center as additional insureds on endorsements to the Consultants' insurance policies, as required above.

iii. Certificate of Coverage. Sublessee must submit a certificate of coverage and proof of payment of premiums to City annually and at other times upon City's request. Any insurance required to be carried under this Sublease may be included as part of any blanket or other policy or policies of insurance, subject to the provisions of this Sublease.

iv. If Sublessee fails to maintain any required policy of insurance, the City may obtain said policy and Sublessee shall immediately pay to the City as additional Rent, any costs and expenses incurred by the City in acquiring such policy.

v. In addition to the above requirements, Sublessee agrees to obtain additional policies of insurance in the event such policies are required by the Town Center under the Master Lease.

vi. Sublessee agrees that it shall require any third-party independent contractor(s) who utilize the Premises to comply with all insurance requirements outlined in this Section 8, including but not limited to the naming of additional insureds.

vii. The City reserves the right to annually review the insurance requirements listed herein and update such requirements by providing Sublessee with written notice.

viii. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the City. Such insurers shall be licensed to provide insurance under California state law.

d. **Indemnity**. Except for City's sole negligence or willful misconduct Sublessee shall indemnify, protect, defend and hold harmless the Premises, City and City's representatives, Council members, board members, agents, and employees from and against any and all claims, loss of rents and/or damages, liens, judgments, penalties, attorneys' and consultants' fees, expenses and/or liabilities arising out of, involving, or in connection with, the use and/or occupancy of the Premises by Sublessee, or resulting from Sublessee's failure to comply with any term of this Sublease. If any action or proceeding is brought against City by reason of any of the foregoing matters, Sublessee shall upon notice defend the same at Sublessee's expense by counsel reasonably satisfactory to City and City shall cooperate with Sublessee in such defense. City need not have first paid any such claim in order to be defended or indemnified. In addition, Sublessee assumes all indemnification obligations of "Tenant" under the Master Lease and as stated in Article 11 of the Master Lease.

e. **Exemption of City from Liability.** City shall not be liable for any injury or damage to the person or goods, wares, merchandise or other property of Sublessee, Sublessee's employees, contractors, invitees, customers, or any other person in or about the Premises, whether such damage or injury is caused by or results from fire, steam, electricity, gas, water or rain, or from the breakage, leakage, obstruction or other defects of pipes, fire sprinklers, wires, appliances, plumbing, HVAC or lighting fixtures, or from any other cause or condition or design of, or any defect in the Premises, whether said injury or damage results from conditions arising upon the Premises or upon other portions of the Building of

which the Premises are a part, or from other sources or places, or where caused by third parties (including criminal acts). City shall not be liable for any damages arising from any act or neglect of any other tenant of City or Town Center. Notwithstanding City's negligence or unlawful breach of this Sublease, City shall under no circumstances be liable for injury to Sublessee's business or for any loss of income or profit therefrom.

f. **Mechanics Liens**. Sublessee will not allow any mechanics liens to attach to the Premises or Sublessee's interest in the Premises as a result of its activities, and Sublessee will cause any such liens to be released, by bond or otherwise, within 10 days after the filing thereof. Should any such liens attach to the Premises or Sublessee's interest in the Premises, Sublessee will be considered in material breach of this Sublease.

g. **Insurance Review and Modification Rights**. The City shall have the right, upon reasonable notice, to review and audit all insurance broker policies, internal risk management policies, endorsements, certificates, and related documentation required under this Sublease at any time during the Term. Internal risk management policies are outlined in Exhibit E. Such review may be conducted to verify compliance with insurance requirements and to ensure the coverage remains adequate and consistent with applicable laws, regulation, industry standards and City Risk Management policies.

   If upon review, the City reasonably determines that the insurance coverage or limits are insufficient to meet current legal or regulatory requirements or to address emerging risks, the City reserves the right to require the Sublessee to modify its insurance coverage, including increasing policy limits or additional coverage, provided such modifications are commercially reasonable and consistent with industry practice. The Sublessee shall promptly comply with any such requirements within a thirty (30)-day period following written notice from the City.

9. **Nondiscrimination Clause**. Sublessee covenants by and for itself, its successors and assigns, and all persons claiming under or through them, and the Lease was and is made and accepted upon and subject to the following condition: that there shall be no discrimination against or segregation of any person or group of persons, on account of sex/gender, marital status, race, color, religion, creed, national origin, or ancestry, in the leasing, subleasing, renting, transferring, use, occupancy, tenure, or enjoyment of the Premises (or any portion thereof), and neither Sublessee itself, nor any person claiming under or through Sublessee, shall establish nor permit any such practice or such practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of tenants, lessees, subtenants, sublessees, or vendees of the Premises (or any portion thereof).

10. **Sublessee Improvements.** It is understood that Sublessee continues to house furniture, fixtures, and equipment (including, without limitation, lighting and audiovisual equipment) in the Premises. Notwithstanding any provision of the Master Lease (including, without limitation, Section 2.05 (Ownership of Improvements) and Article 14 (Fixtures and Personal Property) or this Sublease, in the event of a termination or surrender of the Master Lease or this Sublease for any reason (including, without limitation, Sublessee's default hereunder), all furniture, fixtures and equipment purchased by Sublessee and/or brought to the Premises, even if affixed to the Premises, shall be and remain owned by and shall be the exclusive property of Sublessee, provided that such property is removed from the Premises, at Sublessee's sole cost and expense, within

thirty (30) days of any such termination or surrender, provided further that Sublessee shall be obligated to repair the Premises after it removes any such property so affixed to the Premises. Any such property not removed from the Premises in accordance with this paragraph shall become the exclusive property of the City and/or Landlord, subject to the provisions of the Master Lease. Sublessee shall not make any capital improvements, structural modifications or structural additions to the Premises without the prior written approval of the City and Landlord, subject to the provisions of the Master Lease. Capital improvement projects will include the following but not limited to: upgrading the rehearsal room flooring, upgrading of theater balcony spaces, upgrading scaffolds, restoring exterior signage, upgrading Premises lighting, refurbishing theater seats, installing new carpeting throughout Premises, and additional equipment upgrades. If required under the Master Lease, the Landlord; provided, however that the foregoing shall not require Sublessee to obtain approval for any sets constructed in connection with Sublessee's theatrical productions.

11. **Operation of Premises; Permitted Uses.** During Sublessee's occupation of the Premises pursuant hereto, Sublessee shall occupy and operate the Premises as a live performing arts center, including its ancillary functions, in accordance with the Operating Agreement. Landlord and City acknowledge and agree that in connection with the operation of the Premises as a theater, Sublessee may engage in related income generating activities in support of its primary tax exempt purpose as proscribed by the Internal Revenue Service, the Attorney General of the State of California, and the permitted uses of the Premises as described in Section 7.01 of the Master Lease and the REA, pursuant to which Sublessee may operate or cause to be operated a concession operation (up to a maximum of 500 square feet of the Premises) for the display and sale of coffee, cookies, pre-packaged sandwiches, and other food items, as well as T-shirts, memorabilia, and other items. Additionally, if a beer and wine or other liquor license is lawfully obtained (and Sublessee obtains alcohol liability insurance), Sublessee may sell alcoholic beverages to the extent permitted by such license. Sublessee shall have year-round, twenty four (24)-hour access to the Premises; provided, however, that access between 2:00 a.m. and 7:00 a.m. is conditioned upon Sublessee either providing Landlord with twenty four (24) hours written notice of Sublessee's intent to access the premises during such extended hours or Sublessee's having provided sufficient security lighting in the parking area adjacent to the Premises (placement of which is subject to Landlord's sole discretion and prior approval) and notifying Landlord's Security Offices when employees intend to remain after 2:00 a.m. Sublessee will pay its proportionate share of any increased costs incurred by Landlord at Sublessee's request relative to the common areas in the Town Center (including, without limitation, the cost of installation or otherwise providing additional lighting and/or security). Notwithstanding anything to the contrary contained in this Sublease, Sublessee acknowledges that Landlord shall have no responsibility for the provision on behalf of Sublessee of any security or lighting services in the common areas in the Town Center during extended hours operation/access in and to the Premises by Sublessee where Sublessee remains open during such extended hours without having provided Landlord with at least forty-eight (48) hours prior written notice of Sublessee's intent to access the premises during such extended hours.

12. **Sublessee's Location.** Landlord agrees to designate Sublessee's location in Landlord's mall directory at no cost or expense to Sublessee. Sublessee's signage shall otherwise conform to Exhibit F (Sign Criteria).

13. **Parking**. Subject to Landlord's rules and regulations in the Town Center, Colony's guests and invitees shall have the nonexclusive right to park in any of the public/customer parking areas in the Town Center.

14. **Master Lease**.

    a. **Term Meanings**. All terms used herein, which are defined in the Master Lease, shall have the respective meanings ascribed thereto in the Master Lease, as modified hereby. All of the terms and conditions contained in the Master Lease are incorporated herein as terms and conditions of this Sublease (except that in the event of any inconsistency between this Sublease and the Master Lease, the terms and conditions of this Sublease shall govern).

    b. **Master Lease Modifications.** From and after the Effective Date, all references in the Master Lease to (a) "The Los Angeles County Natural History Museum" or the "Museum" shall be deemed to be references instead "The Colony Theatre Company", and (b) the "Sublease" shall be deemed to be references to this Sublease.

    c. **Amendment to Article 15**. Article 15 of the Master Lease is hereby deleted in its entirety and replaced with the following new Article 15: "Except as expressly provided in this Article 15, Tenant shall not transfer, assign, sublet, license, grant concession agreements, or mortgage or hypothecate this Lease or Tenant's interest in and to the Premises or any part thereof whether by operation of law, merger, consolidation, liquidation or otherwise (collectively, "Transfer") during the Term of this Lease. Notwithstanding the foregoing, Tenant may sublet the entire the Premises to a third-party operator experienced in the Permitted Use as described in Section 7.01 above for the sole purpose of operating the Premises for the Permitted Use (a "Third-Party Operator Transfer"). Tenant agrees that any agreement with, or sublease to, a third-party operator in connection with a Third-Party Operator Transfer shall contain a termination right for the benefit of Tenant pursuant to which Tenant shall be permitted to terminate such agreement or sublease for any or no reason by giving the third-party operator not less than thirty (30) days' prior notice of the termination of the agreement or sublease. The use and occupancy of the Premises by any third-party operator pursuant to a Third-Party Operator Transfer shall be in accordance with, and pursuant and subject to, the provisions, terms and conditions contained in this Lease. In furtherance of the foregoing, Tenant or its third-party operator may engage in income generating activities that are related and ancillary to the operation of the Premises for the Permitted Use, provided such activities are conducted in accordance with, and pursuant to the provisions, terms and conditions of this Lease. Any Transfer, other than a Third-Party Operator Transfer as described above, shall be void and confer no rights whatsoever upon any third party. No acceptance of Rent by Landlord from any Person shall be deemed Landlord's consent to any Transfer. Notwithstanding any Transfer of this Lease, including without limitation, any Third-Party Operator Transfer, Tenant shall remain fully liable for the full performance of each and every obligation under this Lease to be performed by Tenant."

    d. **Landlord Acknowledgement.** Landlord acknowledges and agrees that Sublessee's operations at the Premises, as described in the Operating Agreement and this Sublease,

are permitted uses of the Premises in compliance with the requirements of the Master Lease (including, without limitation, Section 7.01 (Use) and the REA.

e. **Master Lease Term**. The parties hereto each acknowledge and agree that the term of the Master Lease expires on November 14, 2044, unless otherwise extended in accordance therewith. For the Term of this Sublease (as may be extended pursuant hereto), Landlord hereby waives, cancels and releases any and all rights to terminate the Master Lease upon City's exercise of any right to extend the Master Lease Term (including, without limitation, pursuant to Section 3.02 of the Master Lease).

f. **Default Under Master Lease**. Sublessee and City each agree to take no action that would create a default by City under the Master Lease. If City shall default under the Master Lease or reject the Master Lease in a bankruptcy proceeding or if any other event shall occur that would permit Landlord to terminate the Master Lease (or accept a surrender or termination of the Master Lease by City) or exercise any other rights or remedies under the Master Lease (any such event, a "City Default") and City shall fail to cure such City Default within any applicable grace period provided in the Master Lease, Landlord shall (a) promptly give written notice of such City default to Sublessee, and (b) not terminate or accept a surrender of the Master Lease or otherwise enforce any of its rights or remedies under the Master Lease as a result of such City default unless such City default shall not have been cured within 30 days after receipt of such notice by Sublessee.

g. **Termination of Master Lease**. If the Master Lease shall for any reason be terminated or rejected prior to the expiration of the Term hereof, whether by reason of a default by City, a bankruptcy or otherwise (regardless of whether Sublessee exercised its right to cure pursuant to the immediately preceding section hereof), (a) Landlord shall promptly give written notice of such termination or rejection to Sublessee, and (b) upon request by Sublessee within thirty (30) days after receipt of such notice, Landlord shall enter into a new lease relative to the Premises with Sublessee on substantially the same terms and conditions as are set forth herein for the duration of the Term hereof (as the same may be extended pursuant hereto). The obligation of Landlord to enter into any such new lease shall be subject only to payment by Sublessee of all past due rent and other amounts accrued under the Master Lease prior to the date of termination and the cure by Sublessee of any non-monetary terms which are reasonably capable of being cured by Sublessee.

h. **Amendment of Master Lease**. At least ten (10) days prior to any amendment of the Master Lease, Landlord and City shall provide written notice to Sublessee of the amendment.

i. **Ratification, Estoppel, and Release**. Landlord and Tenant hereby ratify, confirm, and reaffirm the terms, conditions and provisions set forth in the Master Lease as amended hereby. Except as amended hereby, all other provisions of the Master Lease, not otherwise inconsistent with this Sublease, shall remain in full force and effect. Tenant hereby certifies to Landlord that (i) Landlord is not in default in any respect under any of the terms, covenants, and conditions of the Lease, and (ii) Tenant has no set-offs, counterclaims, or defenses against Landlord whatsoever under the Lease. Tenant, as a condition precedent to the effectiveness of this Amendment, for itself and for its predecessors, parent, subsidiaries, affiliates, and any related party or person, releases Landlord and Landlord's

affiliated entities and their respective agents, partners, officers, directors, and employees from any and all liability, claims, damages, demands, losses, or causes of action or any other form of remedy or relief, legal or equitable, that are, have been, or could have been or in the future might be asserted in any way relating to the Lease, Landlord's performance thereunder, and/or the Premises, from the beginning of time to the Effective Date hereof. It is the intention of Tenant that upon execution of this Amendment, such execution shall result in a full, voluntary, and complete release of the matters set forth in this Paragraph, and, in that regard, Tenant acknowledges that it is familiar with Section 1542 of the Civil Code of the State of California, which provides as follows: "A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor as the time of executing the release, which if known by him or her must have materially affected his or her settlement with the debtor," and nevertheless waives and relinquishes every right or benefit which Tenant has or may have under said Section 1542 of the Civil Code of California (as well as any other state or federal statute, law, or rule of similar effect) to the fullest extent that Tenant lawfully may waive such rights and/or benefit. Tenant intends to fully and forever release all of the aforesaid claims, whether known or unknown.

15. **Termination**. This Sublease may be terminated by the City upon the occurrence of any of the following events:

    a. Any breach of this Sublease or the Operating Agreement by the Sublessee which remains uncured for a period of thirty (30) days after written notice from the City; or,

    b. Appointment by court order of a receiver, liquidator or trustee for the Sublessee or the filing of a petition to liquidate or reorganize the Sublessee by a third party under any bankruptcy, reorganization or insolvency law, which order or petition is not vacated or dismissed within 90 days, or the filing by the Sublessee by a petition in bankruptcy, reorganization or insolvency laws, or an assignment by the Sublessee for the benefit of creditors or the adjudication of the Sublessee as bankrupt, or as an insolvent company, which remains uncured for a period of thirty (30) after written notice from the City.

16. **General Terms**.

    a. **Entire Agreement**. This Sublease contains the entire agreement of the parties hereto and supersedes any prior written or oral agreement between them respecting the subject matter contained herein. There are no other representations, agreements, arrangements, or other understandings, oral or written, between the parties hereto respecting the subject matter contained herein which are not fully expressed herein.

    b. **Titles and Headings; Context**. Titles and headings to paragraphs in this Sublease are for the purpose of reference only and shall in no way limit, define, or otherwise affect the provisions of it. When the context so indicates in this 2026 Sublease and Master Lease Modification, the singular includes the plural; the plural includes the singular, and the masculine includes the feminine and neuter.

    c. **Incorporation by Reference**. Every exhibit, schedule, and other appendix attached to this Sublease and referred to herein is hereby incorporated in this Sublease by reference.

d. **Execution Counterparts**. This Sublease may be executed in counterparts, and each such duplicate counterpart shall constitute an original, any one of which may be used for any purpose without the production of its duplicate counterpart. Moreover, each counterpart shall be deemed for all purposes to be an original, and all such counterparts together shall constitute one and the same instrument, binding on all Parties hereto. Transmission by facsimile, electronic mail, and/or other validated instantaneous electronic transmission to one Party of a true copy of a counterpart duly executed by the other Party shall constitute valid delivery of such counterpart, and shall be valid, binding and effective for all purposes. Notwithstanding the foregoing, the authority under this Section to execute this Sublease with an electronic signature shall be limited to a physical "wet" ink signature placed on a counterpart to this Sublease by a Party and transmitted electronically as described in this Section to the other Party.

e. **Successors**. Notwithstanding any other provisions hereof, all the terms, covenants and conditions of this Sublease shall be binding upon and shall inure to the benefit of the successors and assigns of the parties hereto.

f. **Third Parties**. Nothing contained in this 2026 Sublease and Master Lease Modification is intended to confer any benefit or right of any kind on any person who is not a party signatory to this Sublease.

g. **Notices**. Notices, requests, and other communications hereunder shall be effective when received, but if sent by registered or certified mail, postage prepaid, shall be effective three (3) business days after being deposited in the United States mail. The address of the respective parties is set forth below. The parties may change their address by giving written notice thereof:

Los Angeles, CA 90017-2543

h. **Possessory Interest Tax**. City shall be responsible for any and all possessory interest taxes levied upon the Premises, and Sublessee shall not be liable for any such tax assessment unless directly attributable to Sublessee's actions or modifications to the Premises that create a new, separate possessory interest. If any such tax is assessed against the Sublessee, the City shall either (a) pay the tax directly or (b) reimburse Sublessee for any payments made within thirty (30) days of receipt of proof of payment. In the event of any dispute regarding the validity or amount of such taxes, Sublessee shall have the right, at its sole discretion and expense, to contest the assessment in good faith. If the Sublessee elects to contest the assessment, the City shall cooperate fully in such contestation and shall not take any action that would waive or impair Sublessee's right to challenge such assessment. By executing this Sublease, and accepting the benefits thereof, a property interest may be created known as a "possessory interest" and such property interest may be subject to property taxation. Sublessee, as the party in whom the possessory interest is vested, may be subject to the payment of property taxes levied upon such interest.

i. **Authority**. The parties hereto represent and warrant that each has the authority and all requisite approvals to enter into this Sublease. If and when fully executed, this Sublease shall be binding on and inure to the benefit of the parties hereto and their respective legal representatives, successors, and permitted assigns.

j. **Governing Law; Partial Invalidity**. This Sublease and the rights and liabilities of the Parties to this Sublease will be governed by the State of California. If any term or provision of this Sublease or application of this Sublease to any person or circumstance is found to be invalid or unenforceable by a court of competent jurisdiction, the remainder of this Sublease, or the application of such term or provision to persons or circumstances other than those as to which it is invalid or unenforceable, will not be affected by such invalidity or unenforceability, and each term and provision of this Sublease will be valid and enforced to the fullest extent permitted by law.

k. **Laws and Ordinances**. Sublessee shall obtain any and all permits and licenses that may be required in connection with its operations at the Premises and shall comply with all applicable federal, state, county and local laws and regulations in the exercise of the rights and privileges granted to it by this Sublease.

l. **Right of Entry**. City shall have the right to enter upon the Premises, at any and all reasonable times, at least forty-eight (48) hours in advance, for the purpose of inspection and observation of Sublessee's performance hereunder. Notwithstanding anything to the contrary contained in this Sublease, in the event of an emergency Landlord agrees to exercise reasonable efforts to give advance notice to Sublessee of Landlord's need to enter the Premises, provided further however, that Landlord shall have the right to enter the Premises in the event of an emergency even if Landlord is unable to provide Sublessee with such prior notice of Landlord's entry.

The City will at all times have and retain a key with which to unlock all of the gates (if any) in the Premises and the City will have the right to use any and all means that it may deem reasonable and proper to open such doors in emergencies in order to obtain entry into the Premises. Any entry into the Premises obtained by the City by any means whatsoever will not under any circumstances be deemed a forcible or unlawful entry into, or detainer of, the Premises, nor will such entry be construed to be an eviction of Sublessee from any part of the Premises. The City will give Sublessee such notice as is reasonable under the circumstances before and after entry into the building on the Premises due to any emergency.

m. **Enforced Delay**. Extension of Time Performance (Force Majeure). Performance by any party hereto shall not be deemed to be in default where delays or defaults are due to war; insurrection; riots, floods; earthquakes; fires; acts occasioned exclusively by violence of nature without the interference of any human agency; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; or the imposition of any applicable governmental moratorium; or any other causes beyond the reasonable control of such party. Any extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause if written notice by a party is sent to the other parties hereto within thirty (30) days of the commencement of the cause and upon acceptance and approval by the other parties hereto (which approval shall not be unreasonably withheld or delayed); in all other events, such extension shall run from the date thirty (30) days (but in no event earlier than the date of the cause of the extension) from the date of written notice by such party and upon acceptance and approval by the other parties hereto (which approval shall not be unreasonably withheld or delayed). Sublessee waives any claim for damages for any injury or inconvenience to, or interference with, Sublessee's business, any loss of occupancy or quiet enjoyment of the Premises, and any other loss caused by the entry of the City as described herein, and Sublessee agrees that there will be no abatement of Rent by reason of the City's entry for the purposes described in this section.

n. **Waiver**. A waiver by any party of any of the terms and conditions of this Sublease in any instance shall not be deemed or construed to be a waiver of such terms or condition for the breach if this Sublease (including an Event of Default) by the other party, provided that no such waiver shall be binding or effective unless in writing and no such waiver shall constitute a continuing waiver of similar or other breaches. A waiving party, at any time, and upon notice given in writing to the breaching party, may direct future compliance with the waived term or terms of this Sublease, in which event the breaching Party shall comply as directed from such time forward.

o. **Consent or Approval Rights**. Whenever a party's consent or approval is required in the Sublease, such consent or approval shall be deemed given should the party fail to respond within thirty (30) days after being provided with a written notice or a written request for: consent or approval pursuant to the provisions of this Sublease.

p. **Nonwaiver**. Failure by City to promptly enforce any regulation, remedy or right of any kind under this Sublease will not constitute a waiver of the same and such right or remedy may

be asserted at any time after City becomes entitled to the benefit thereof notwithstanding delay in enforcement.

17. **Surrender**. On expiration or early termination of this Sublease, Sublessee will deliver all keys to City and surrender the Premises, subject only to reasonable wear and tear from ordinary use, and the removal of any attached fixtures by Sublessee to which Sublessee is entitled under this Sublease. Sublessee must remove all of its furnishings and movable trade fixtures installed by Sublessee.

18. **No Interpretation Against Draftor.** The Parties hereby agree that no provision of this Sublease will be construed against Landlord, Sublessee or City on the basis that the provision was drafted by such party or such party's counsel.

19. **Limitation on Liability.** Notwithstanding anything contained in the Master Lease to contrary, Landlord and Tenant hereby acknowledge and agree that any obligation or liability whatsoever of the Landlord which may at any time arise under or pursuant to the Master Lease or any obligation or liability that may be incurred by Landlord pursuant to any other instrument, transaction, or undertaking contemplated thereby, shall be satisfied, if at all, out of the Landlord's interest and estate in Premises. No such obligation or liability shall be personally binding on, nor shall resort for the enforcement thereof be had to, any other property of the Landlord or the private property of any of its officers, directors, stockholders, members, partners, employees, brokers, or affiliates, regardless of whether such obligation or liability is in the nature of contract, tort or otherwise.

# L E A S E

THIS LEASE is made and entered into as of the 7th day of April, 1992, between HAAGEN-BURBANK PARTNERSHIP, a California general partnership ("Landlord"), and THE CITY OF BURBANK ("Tenant"), Landlord and Tenant having the following notice addresses:

**Landlord:** Haagen-Burbank Partnership
The Alexander Haagen Company, Inc.
3500 Sepulveda Boulevard
P. O. Box 10010
Manhattan Beach, California 90266

**Tenant:** To the Premises and:

**The City of Burbank**
**275 East Olive Avenue**
**Burbank, California 91510-6459**
**Attn: Steve Helvey**

The parties do hereby recognize and agree that, in fact, this instrument is a sublease, Landlord is subleasing the Premises (as defined in §1.03 hereof) to Tenant, and Landlord is acting as Sublessor and Tenant is acting as Sublessee.

NOW, THEREFORE, in consideration of the terms, covenants and conditions herein set forth, Landlord and Tenant hereby covenant and agree as follows:

## ARTICLE 1. INTRODUCTION

**SECTION 1.01.** FUNDAMENTAL LEASE PROVISIONS. The following provisions are for convenient reference, subject to the terms of this Lease. Conflicts between §1.01 and other provisions shall be controlled by the latter. §1.01 does not contain a complete list of charges to Tenant.

| | | | |
|---|---|---|---|
| (a) | **Use:** | See §7.01 | |
| (b) | **Main Term:** | Expiring on or before November 14, 2044 | (See §3.01) |
| (c) | **Tenant Space Number:** | * | (See Exh. B) |
| (d) | **INTENTIONALLY DELETED.** | | |
| (e) | **Minimum Rent:** | $1.00 per year | (See §4.03) |
| (f) | **Rent Commencement Date:** | The earlier of: (a) the date Tenant opens or (b) ninety (90) days following the Turn Over Date (subject to postponement pursuant to §25.06). | (See §4.02) |
| (g) | **Other Sums Payable:** | | |
| | **Taxes** | | (See Article 5) |
| | **Utility Charges** | | (See Article 6) |
| | **Reimbursable Charges (to be determined)** | | (See Exh. C, §D) |

**SECTION 1.02. EXHIBITS.** The following are attached hereto as exhibits and hereby made a part of this Lease:

| | | |
|---|---|---|
| **EXHIBIT A** | - | Development Site, showing the site plan of the Shopping Center Site, Out Parcels, and the approximate location of the Landlord's Building, the Major Department Stores, Phase II, the Major Non-Retail Tenants and Cultural Facilities (Premises); |
| **EXHIBIT A-1** | - | Legal description of Site as presently constituted; |
| **EXHIBIT B** | - | Legal Description of Premises |
| **EXHIBIT C** | - | Description of work to be performed by Landlord and work to be performed by Tenant in the Premises; |
| **EXHIBIT D** | - | Contractor's Affidavit (See §2.04(a)); and |
| **EXHIBIT E** | - | Mechanical Electrical Schedule |
| **EXHIBIT F** | - | Museum Sublease |

**SECTION 1.03. GENERAL DEFINITIONS.**

(a) **"Common Areas"** means all areas, facilities and improvements provided in the Center from time to time for the non-exclusive common use of Landlord, tenants, Major Department Stores, Major Non-Retail Tenants, and Junior Department Stores, occupants of the Cultural Facilities and their respective employees and invitees, including the Enclosed Mall, parking areas and structures, sidewalks, stairways, bridges, walkways, escalators, elevators, service corridors, loading docks and areas, delivery areas, trash facilities, landscaped areas, package pickup stations, restrooms and public toilet rooms, access and interior roads, retaining walls, and bus stops. Also included as Common Areas shall be any joint use parking facilities which may be located on Out Parcels of the Shopping Center Site and as to which Landlord, tenants, Major Department Stores, Major Non-Retail Tenants, and Junior Department Stores and occupants of the Cultural Facilities and their respective employees and invitees may have non-exclusive common or partial use.

(b) **"Default Rate"** means a per annum rate of interest at two percent (2%) over the then existing prime or referenced rate of interest announced by Wells Fargo Bank, N.A., Los Angeles, California (but in no event exceeding the maximum rate permitted by law).

(c) **"Development Site"** means, as the same may be changed from time to time, the land, upon which the Shopping Center Site and Out Parcels are located, the present plan for which is shown on Exhibit "A".

(d) **"GLA"** means, with respect to the Premises and all other leasable areas, Landlord's best estimate of floor area, in square feet, in all areas of the Center and on all levels in Landlord's Building for the exclusive use of the occupant and its customers, including mezzanines and balconies used for the sale of goods and services (excluding, among other areas, mall management office and Marketing Service space, community rooms, cultural facility, mall storage and security areas, and loading docks which are not reserved for the exclusive use of an occupant). Until such time as that portion of Landlord's Building located in the area designated as Phase II on Exhibit "A" has been opened to the public, the Phase II area of Landlord's Building shall be excluded from GLA. No deduction from GLA shall be made for columns, shafts, stairs,

stairwells, elevators or any interior construction or equipment.

(e) "Landlord's Building" means the structure shown on Exhibit "A" as "Landlord's Building", including the Enclosed Mall and leasable areas, as the same may be altered, reduced or expanded from time to time.

(f) "Landlord's Site" means, as the same may be changed from time to time, that portion of the Shopping Center Site which at any time in question Landlord owns or controls under a sale-leaseback, ground lease or sublease, a legal description of which, as presently constituted, is attached hereto as Exhibit "A-1".

(g) "Major Department Stores" means those portions of the Shopping Center Site owned or leased by the occupants of those certain buildings indicated on Exhibit "A" as Buildings 1, 2, 3 and 4.

(h) "Major Non Retail Tenants" means those portions of the Shopping Center Site owned or leased by the occupants of those certain buildings indicated on Exhibit "A" as Building 5.

(i) "Out Parcel" means those portions of the Development Site indicated on Exhibit "A" as Out Parcel.

(j) The words "open", "opened" and variations thereof when applied to the Premises mean, unless otherwise expressly stated, that Tenant's business in the Premises is open or has opened, as the context requires, to the public.

(k) "Food Court Area" means the area utilized from time to time for small restaurant operations in Landlord's Building including individual tenant premises, seating areas and maintenance and service areas serving only the Food Court Area.

(l) "Premises" means the real property in the County of Los Angeles, State of California, described in Exhibit "B" and in the general area as shown on Exhibit "A."

(m) "Shopping Center Site" means, as the same may be changed from time to time, the land upon which a shopping center known as Media City Center is located in Burbank, California. "Center" means the Shopping Center Site and all other improvements on the Shopping Center Site, as the same may be changed or renamed from time to time, the present plan for which is shown on Exhibit "A". It is specifically understood and agreed that Landlord may provide, but is under no obligation to do so, joint use parking facilities to be located on Out Parcels of the Shopping Center Site.

(n) Unless otherwise stated, "year" means calendar year, "month" means calendar month, "day" means calendar day, "including" means including without limitation, "may" means the party has the right but not the obligation, "perform" means perform or cause to be performed, "Person" means an individual, corporation, partnership and every other type of entity, and "Law" means all applicable laws, statutes, codes, ordinances, rules, regulations, orders, guidelines and judgments.

**SECTION 1.04. GLA.** The GLA in the Premises shall be the estimated GLA stated in §1.01(e), until adjusted as provided herein. If the actual GLA in the Premises varies from that set forth in §1.01(e), then the GLA in the Premises shall be deemed to be such actual GLA and all Additional Rent shall be based on the actual GLA.

**SECTION 1.05. CHANGES; RELOCATION.** As between Landlord and Tenant, Landlord may from time to time add land to or eliminate land from the Shopping Center Site, or eliminate or add any improvements, or change or consent to a change in the shape, size, location, number, height or extent of the improvements to any

portion of the Center. Landlord shall not, however, change the dimensions or location of the Premises or materially adversely affect access to the Premises from the parking area without Tenant's consent, unless required by Law or in the event of emergency.

SECTION 1.06. REA. The Center is and shall be subject and subordinate to the agreement ("REA") among Landlord and certain Major Department Stores, as such agreement may be or may have been amended or supplemented from time to time. As used in this Lease, the "Parties to the REA" means the original parties to the REA and any subsequent parties thereto. The REA shall not change the dimensions or location of the Premises without Tenant's consent.

## ARTICLE 2. PREMISES AND TENANT'S WORK

SECTION 2.01. LANDLORD'S WORK.

(a) Provided Tenant shall sublet the Premises to the "Museum" as provided herein, Landlord shall construct a building ("Building") on the Premises substantially in conformance with the terms and conditions as set forth in Exhibit C, ("Landlord's Work").

(b) If Tenant shall fail to sublet the Premises to the Museum in accordance with the provisions contained in this Lease, Landlord shall not be obligated to perform Landlord's Work as provided under Exhibit C. In lieu thereof, Landlord shall construct a cultural facility for use by Tenant.

(c) Prior to the Rent Commencement Date, and provided Tenant shall have sublet the Premises to the Museum as provided herein, Landlord agrees to deliver to Tenant, and Tenant agrees to accept from Landlord, possession of the Building when the Building is sufficiently completed, except for minor check list items, so that the Museum can enter the Building to perform the "Tenant's Work" (the "Turn Over Date"). "Tenant's Work" shall consist of those interior, non-structural improvements to the Building necessary for the set-up and display of the Museum's exhibitions and educational programs, at no cost or expenses to Landlord or Tenant. Written notification by Landlord of the Turn Over Date shall be conclusive and binding upon the parties hereto.

(d) TENANT AGREES AND REPRESENTS AND WARRANTS THAT IT SHALL NOT INCORPORATE OR PERMIT OR SUFFER TO BE INCORPORATED, KNOWINGLY OR UNKNOWINGLY ANY MATERIAL CONTAINING ASBESTOS OR OTHER TOXIC OR HAZARDOUS SUBSTANCES INTO THE PREMISES, TENANT'S BUILDING OR TENANT'S WORK. Tenant warrants and guarantees that Tenant will prevent any action by or on behalf of Tenant, Tenant's employees, and agents that will cause the Premises to be in violation of, or will subject the Premises to, any remedial obligations under federal, state or local environmental laws, rules, regulations or ordinances. Tenant further warrants and guarantees that no regulatory actions, proceedings or claims exist against Tenant in relation to violation of any laws.

In the event contamination of the Premises occurs, Tenant agrees, warrants and guarantees to Landlord that Tenant shall remediate such contamination, at no cost to Landlord, upon discovery of such contamination. If Tenant fails to initiate and use Tenant's best efforts to diligently pursue remedial clean-up of the contamination (i) within ten (10) days after discovery, or (ii) if the contamination poses an imminent hazard to Tenant's employees, agents, invitees, the public, the Premises, adjacent or other property and/or the environment, within three (3) days of the earlier of discovery of such hazard by Tenant or notice of each contamination to Landlord by any person or in any manner whatsoever, Landlord shall obtain an estimate of remediation costs, the amount of which shall be secured to Landlord by the issuance of a letter of credit by Tenant in favor of Landlord. In the event Tenant

fails to begin clean-up of the contamination within a reasonable time period, considering the extent of the contamination and the hazard posed, Landlord shall cash the letter of credit and contract for the clean-up process and Landlord may, at Landlord's sole option, declare the Tenant in default under this Lease. In the event Tenant fails to procure the letter of credit as herein provided, Tenant shall be in default hereunder.

Tenant agrees to immediately notify Landlord of any existing, pending or threatened (i) regulatory action; (ii) third party claims; and (iii) contamination of the Premises and shall additionally provide to Landlord a written letter or memorandum outlining in detail the facts relating to (i), (ii) or (iii), above. Tenant hereby indemnifies, defends and shall hold Landlord harmless for any and all claims, expenses, costs and liabilities arising out of or in connection with this Lease and Tenant's possession and use of the Premises., except for contamination resulting from the sole acts of Landlords, it agents, representatives or employees.

Notwithstanding anything to the contrary contained herein, Tenant warrants that it shall not use or cause to be used any hazardous substances in the Premises except to the extent that Tenant normally uses such hazardous substances in its business. If during the course of its normal operation of business, Tenant uses such hazardous substances, Tenant shall do so in accordance with applicable laws.

**SECTION 2.02.** OPENING. Tenant shall commence the construction of Tenant's Work promptly after the Turn Over Date and shall diligently and continuously prosecute such construction to completion so that the Museum shall open the Building to the public ninety (90) days thereafter, subject to the provisions of Section 25.06.

**SECTION 2.03.** DELAY. Notwithstanding anything to the contrary contained in this Lease, Landlord shall not be liable to Tenant for damages or any other claim resulting from failure to deliver the Premises or for any delay in commencing or completing any work Landlord is to perform or is authorized by Tenant to perform under Exhibit "C", and Tenant waives all such liability. If the Rent Commencement Date does not occur within three (3) years after the date hereof (unless such failure is due to Tenant's fault), this Lease shall automatically be void (except that items accrued and not paid shall remain payable), and both parties shall be relieved of all obligations hereunder, in which event each party will, at the other's request, execute recordable instruments containing a release and surrender of all interest in this Lease.

**SECTION 2.04.** MECHANICS' LIENS.

(a) Tenant shall pay promptly all persons furnishing labor or materials with respect to any work performed by Tenant or Contractor. Before commencement of any work or the delivery of any material to the Premises by any contractor, subcontractor, mechanic, laborer or materialman (collectively, "Contractor"), Tenant shall deliver to Landlord a recordable waiver of lien affidavit ("Contractor's Waiver of Lien") from each such Contractor in the form attached hereto as Exhibit "D". Landlord may post in the Premises, file and/or record notices of non-responsibility, and such other notices as Landlord may deem to be proper for the protection of Landlord's interest in the Center. Tenant shall, before commencement of any work which might result in any lien on the Center or any part thereof, give to Landlord notice of its intention to commence said work in sufficient time to enable Landlord to file and record such notices. The provisions of this §2.04 shall apply to Tenant's Work and any other work in the Premises during the Term.

(b) Tenant shall not permit any lien, encumbrance or charge arising out of any work done or materials or supplies

furnished by any Contractor or any mortgage, conditional sale, security agreement or otherwise by or for Tenant which might be or become a lien, encumbrance or charge upon the Center or any portion thereof or the income therefrom. Tenant will not suffer any other thing whereby the interest of Landlord in the Center or any portion thereof might be impaired. If any lien or notice of lien or notice of contract by a party engaged by Tenant or Contractor to work on the Premises is filed against the Center or any portion thereof, Tenant shall, within ten (10) days after demand from Landlord, cause the same to be discharged of record. If Tenant fails to timely cause such lien or notice of lien to be discharged, Landlord may discharge such lien by deposit, bond or otherwise, and in any such event Landlord may compel the prosecution of an action for the foreclosure of such lien and pay the amount of any judgment in favor of the lienor with interest, costs and allowances. Any amount so paid by Landlord and all expenses, including attorneys' fees, shall constitute Additional Rent payable by Tenant to Landlord on demand. Tenant shall not be obligated to pay or discharge any lien created by Landlord.

**SECTION 2.05** OWNERSHIP OF IMPROVEMENTS.

The Building shall be owned by Landlord, and Landlord shall have the right during the Term of this Lease to avail itself of all benefits accruing to an owner of property and improvements under the United States Internal Revenue Code, including, without limitation, any applicable investment tax credits, depreciation and amortization, with respect to the Building. However, Landlord reserves the right, in its sole and absolute discretion, at any time after the completion of Landlord's Work, to make a charitable donation of the Building to Tenant, and Tenant agrees to accept such charitable donation of the Building from Landlord for the term of this Lease; provided, however, that upon the expiration or earlier termination of this Lease, Tenant agrees to immediately quitclaim all of its right, title and interest in the Building to Landlord. If Tenant shall not become the owner of the Bulding as provided above, then from and after the date that Landlord completes Landlord's Work, the Building shall be deemed a part fo the Premises.

## ARTICLE 3. TERM OF THIS LEASE

**SECTION 3.01.** TERM. Landlord hereby leases the Premises to Tenant, and Tenant hereby leases the Premises from Landlord, for the Term at the rental, and on the covenants and conditions herein set forth. The "Term" means the Preliminary Term, if any, and the Main Term. The "Preliminary Term", if any, begins as of the date of this Lease and, unless sooner terminated as herein provided, continues through the day before the Rent Commencement Date. The "Main Term" means the period starting on the Rent Commencement Date and, subject to §12.03 and the other terms and conditions of this Lease, ending upon the expiration of the number of Full Lease Years set forth in §1.01(c). "Full Lease Year" means each successive twelve (12) month period occurring during the Main Term commencing with the first day of the month in which the Rent Commencement Date occurs, or, if the Rent Commencement Date is not the first day of a month, commencing with the first day of the month following the month during which the Rent Commencement Date occurs. "Partial Lease Year" means (a) the period between the Rent Commencement Date, if that date is not the first day of a month, and the day before the beginning of the first Full Lease Year, and (b) if the Term ends on other than the last day of a Full Lease Year, the period beginning on the first day following the end of the final Full Lease Year of the Term and ending on the last day of the Term. "Partial Year Fraction" means a fraction, the numerator of which is the number of days in the applicable Partial Lease Year, and the denominator of which is 365. "Lease Year" means either a Full Lease Year or Partial Lease Year, as the case may be.

**SECTION 3.02.** RIGHT TO EXTEND. Tenant shall have the right to extend the Term for four (4) separate and successive periods of ten

(10) years each from the date upon which it would otherwise expire, upon the same terms and conditions as those herein specified, each such extention to be made by Tenant's giving Landlord written notice of such extention at least nine (9) months prior to the date this Lease would otherwise have expired; in the event of an extention, the Term shall continue for such extention period, subject, however, to earlier termination as hereinafter set forth. Notwithstanding the foregoing, Tenant shall in no event have the right to extend the Term if, at the time Tenant attempts to exercise such right to extend, Tenant is in Default under the provisions of this Lease. If Tenant exercises its option by giving appropriate notice, the Term shall be automatically extended for the additional period of years covered by the option so exercised without execution of an extension or renewal Lease except that Landlord reserves the right to terminate such option upon thirty (30) days' written notice to Tenant to be delivered within such aforementioned nine (9) month period. If Landlord gives any such notice to so terminate an option provided for herein, the Lease shall hereby be terminated at the expiration of the Term or upon any option period, as the case may be, and Tenant shall have no further right to exercise any options to extend.

## ARTICLE 4. RENT

**SECTION 4.01.** AGREEMENT TO PAY. Tenant hereby agrees to pay Minimum Rent and Additional Rent for the use and occupancy of the Premises during the Main Term at the times and in the manner herein provided. "Rent" means, collectively, Minimum Rent and Additional Rent.

**SECTION 4.02.** RENT COMMENCEMENT DATE. "Rent Commencement Date" means the date as established pursuant to §1.01(h), which shall be the earlier of the date Tenant opens the Premises for business or one hundred twenty (120) days from the Turn Over Date (subject to Section 25.06).

**SECTION 4.03.** MINIMUM RENT. Tenant shall pay Landlord for each Lease Year the "Minimum Rent". Minimum Rent shall be paid January 1 of each Lease Year during the Term of the Lease. If the Rent Commencement Date shall not be January 1, then Tenant shall pay Minimum Rent for the Partial Lease Year on the date Tenant opens the Premises for business to the public.

**SECTION 4.04.** ADDITIONAL RENT. In addition to Minimum Rent, Tenant shall pay, as additional rent ("Additional Rent"), all other sums of money of whatsoever nature required to be paid by Tenant to Landlord under this Lease, whether or not any such payment is designated in this Lease as "Additional Rent", including but not limited to Taxes and Utility Charges.

**SECTION 4.05** RENT PAYMENTS. Rent shall be paid when due without prior notice or demand (unless expressly provided in this Lease), without deductions, setoffs or counterclaims whatsoever (except credits expressly permitted by this Lease ), at the address set forth of page 1, or as otherwise directed by Landlord. At the end of the Term, if Tenant is not in default, Landlord shall refund to Tenant any excess Rent paid Landlord, All Rent shall be paid in currency of the United States of America. Any Rent not paid when due shall bear interest at the Default Rate from and after its due date until paid.

## ARTICLE 5. TAXES AND ASSESSMENTS

**SECTION 5.01.** TENANT'S SHARE. To the extent Tenant, or its subtenants or assigns, is not a tax-exempt entity, Tenant shall pay Landlord in each Lease Year all real estate and other ad valorem taxes and assessments of every kind (including general and special assessments, foreseen and unforeseen) with respect to all land, buildings and improvements on the Premises (collectively, "Taxes"). If the bills for Taxes cover the Shopping Center Site and other property, Tenant's Share of Taxes shall be based on the proportion

of the GLA of the Premises to the GLA covered under the bills for Taxes plus Landlord's expenses in obtaining or attempting to obtain any refund or reduction, less the amount of any such refund or reduction realized.

SECTION 5.02. PAYMENT. Tenant shall pay its share of Taxes in equal monthly installments in amounts estimated by Landlord based on the total Taxes due for the fiscal year of the applicable taxing authority (prorated for the remaining number of days in that fiscal year). Landlord may revise its estimate and adjust such monthly payment at the end of any month. The first such installment shall be paid by Tenant on the Rent Commencement Date and subsequent installments shall be paid on the first day of each month. Within ninety (90) days after the later of the end of each such fiscal year or the date on which Landlord receives the last bill for Taxes with respect to such calendar year, Landlord will notify Tenant of Tenant's share of Taxes. If Tenant's payments are more than its share of the Taxes for such year according to such notice, Tenant shall receive a credit from Landlord for the excess against Rent next becoming due. If said payments are less than Tenant's share, Tenant shall pay Landlord the difference forthwith.

SECTION 5.03. CONTESTING TAXES. Tenant, after written notice to Landlord, may contest the amount or validity of any Taxes in any manner permitted by law, in the name of Tenant, and whenever necessary in the name of Landlord, provided and upon the following conditions: (1) Tenant shall pay Landlord all Taxes due hereunder as required by the terms of this lease, (2) such contest will not result in any lien, charge or other liability of any kind against the Premises or against the interests of Landlord or Tenant in this Lease, (3) such contest shall be without cost, liability or expense to Landlord, (4) Tenant shall prosecute such contest with due diligence and in good faith, and Tenant shall indemnify, defend, hold harmless and protect Landlord from and against any and all claims, liabilities, losses, damages, costs and expenses (including reasonable attorneys' fees) in connection with Tenant's contest of Taxes.

SECTION 5.04. BUSINESS TAXES. Tenant shall pay before delinquency all taxes, assessments, fees and charges imposed on its business, based on the use of the Premises or on its leasehold interest, fixtures, improvements, alterations, additions, merchandise and personal property owned, installed or used by Tenant in the Premises. If any property is assessed with property of Landlord, such assessment shall be equitably allocated between Landlord and Tenant.

SECTION 5.05. SALES TAX; ADDITIONAL TAXES. If any taxing authority assesses against Landlord a tax, fee, or excise on Rent, the Premises, the parking areas, the act of making this Lease, Landlord's interest herein, or the occupancy of Tenant, or assesses against Landlord any other tax, business license, fee, or excise, however described, including any sales or use tax, transaction privilege tax or a so-called value added tax, as a direct substitution in whole or in part for, or in addition to any real property taxes, Tenant shall pay before delinquency its share of that tax, fee, or excise. If the taxing authority requires any such tax, excise or assessment to be collected by Landlord for such taxing authority, Tenant's share of such tax, excise or assessment shall be paid by Tenant to Landlord monthly as Additional Rent in accordance with any notice from Landlord to such effect.

SECTION 5.06. TAX STATUS. The City of Burbank shall only pay those Taxes that are applicable to it during the period it is operating of the Premises at the Center.

## ARTICLE 6. UTILITIES

SECTION 6.01. UTILITIES. Tenant shall connect to and use the utilities supplied to the Premises in accordance with Exhibit "C", Landlord's rules, and the rules of the utility company supplying the service. Landlord shall incur no liability if any utility

becomes unavailable or is interrupted for any reason not within Landlord's reasonable control, and Tenant shall not be entitled to terminate this Lease. Landlord may cut off, with notice to Tenant, any of the utilities or services provided to the Premises by Landlord if Tenant fails to pay for such services in accordance with this Article. Landlord is not liable for any damages resulting from such cut off, and no cut off shall be a termination of this Lease or an actual constructive eviction. Such service need not be restored while Tenant's failure to pay continues.

**SECTION 6.02.** UTILITIES AND OTHER CHARGES. Tenant shall arrange for and shall promptly pay when due all charges for gas, electricity, water, heat, sewage and other utilities and services furnished to the Premises during the Term, and all sewer rates, garbage rates, utility tap-in fees and all other charges imposed, billed or assessed with respect to the Premises for any period included within the Term. Tenant shall indemnify, defend, and hold harmless and protect Landlord from and against any and all claims, liabilities, damages, losses, costs and expenses (including reasonable attorneys' fees) in connection therewith. Landlord is not and shall not be required to furnish to Tenant or any other Occupant of the Premises any utility, facility, equipment, labor, material or service of any kind whatsoever. Landlord shall not be liable in damages or otherwise for any failure, interruption or unavailability of any utility service being furnished to the Premises. No such failure or interruption shall entitle Tenant to terminate this Lease or receive any abatement of Rent.

## ARTICLE 7. USE OF PREMISES

**SECTION 7.01.** USE. Tenant intends to sublease the Premises under a Sublease to Los Angeles County Natural History Museum Foundation ("Museum") for the operation of a satellite of the Museum under the same trade name and in the same first class operational standard as the Museum but operated as a satellite of the Museum. A copy of the Sulease is attached hereto as Exhibit F and made a part hereof. The Museum may operate or cause to be operated up to a maximum of 500 square feet of the Premises for the display and retail sale of items customarily sold in the Museum shop located in Los Angeles. Neither the Museum nor, if the Museum elects to cause such 500 square foot area to be operated under a license, concession or similar agreement, such licensee, concessionaire or similar type operator shall have the right to conduct catalogue sales from the Premises. If Tenant shall not sublet the Premises as provided herein, then Tenant shall have the right to use the Premises for the operation of a cultural facility of the City of Burbank which provides educational, cultural, social and recreational activities to the general public("Permitted Use"), but in no event shall Tenant use the Premises for any governmental offices. Tenant shall indemnify, hold harmless, and defend Landlord from any loss (including reasonable attorneys' fees) resulting from use of the Premises other than for the Permitted Use.

**SECTION 7.02.** HOURS. After Tenant is required to open the Premises, Tenant shall cause the Premises to be continuously operated those days and hours as are customary (i) for a satellite facility of the natural history museum if Tenant sublets to the Museum, or (ii) if Tenant does not sublet to the Museum, then for the Permitted Use in question.

**SECTION 7.03.** OPERATIONAL REQUIREMENTS.

(a) Tenant will not: (i) conduct auction, fire, bankruptcy, going-out-of-business or similar sales (except those which are bona fide and for which Tenant has obtained Landlord's prior written consent), or use any unethical method of business, but this provision shall not restrict Tenant's freedom to determine its selling prices or preclude the conduct of periodic, seasonal, promotional or clearance sales; (ii) use electronic readerboard signs, strobes or other flashing lights visible outside the Premises, or sound reproduction or

transmission equipment including musical instruments, loudspeakers, phonographs, radios and televisions, so as to be heard outside the Premises or which are objectionable due to intermittence, beat, frequency, shrillness or loudness; distribute, display, paint or place handbills, bumper stickers or other advertising in the Center or on any vehicle parked therein; (iii) create or permit any public or private nuisance, or activities not appropriate for or out of harmony with the Center; (iv) permit strong, unusual, offensive, obnoxious noise, odors, fumes or dust, dirt or fly ash to emanate from the Premises; (v) load or unload merchandise, supplies or other property, or ship or receive outside the area and entrance designated therefor by Landlord; permit vehicles or equipment engaged in loading or unloading to park or stand outside of said area in a manner which may interfere with the use of any Common Areas or conflict with good regional shopping center practice (Tenant will use its best efforts to complete all deliveries, loading, unloading and services to the Premises prior to 10:00 A.M. each day); (vi) paint or decorate any part of the exterior of the Premises, or change the architectural treatment thereof, without obtaining Landlord's approval (Tenant will promptly upon order of Landlord remove any such paint or decoration applied without Landlord's prior approval and take such other action as Landlord may direct); (vii) place or maintain any merchandise, signs, vending machines, video games, or other articles in the entry of the Premises, on the footwalks adjacent thereto or elsewhere on the exterior thereof; (viii) affix, place, suspend or maintain any signs, advertising, names, banners, display fixtures, insignia, trademark, merchandise or any other item within the entry, upon doors and exterior walls of the Premises, except as the same conform to the Tenant Information Package and are approved by Landlord (anything placed by Tenant in the vestibule or within six inches (6") of any lease line shall be subject to Landlord's absolute right of approval). Any such items placed by Tenant in the Premises which can be seen, heard or experienced outside the Premises shall be subject to Landlord's approval as to the size, type, design, content, color, copy, location, brightness, volume and display qualities. Tenant shall maintain all such things in good condition, Landlord reserving the right to do so at Tenant's expense if Tenant fails to do so after five (5) days' notice from Landlord. Receipt of at least one (1) copy of the Tenant Information Package within ten (10) days after the execution of this Lease is hereby acknowledged by Tenant; (ix) permit any solicitations, demonstrations or itinerant vending; (x) permit use of the sidewalks adjacent to the Premises, or any other space outside the Premises for the display, sale or offering of any merchandise or for any other business or undertaking; or (xi) use the Premises for any unlawful purpose.

(b) Tenant will: (i) keep all mechanical apparatus free of vibration and noise which may be transmitted beyond the confines of the Premises; (ii) keep the inside and outside of all glass in the doors and windows of the Premises clean and will replace any broken glass with safety glass of the proper kind and size and of equal quality; (iii) maintain the Premises at its own expense in a clean, orderly and sanitary condition and free of insects, rodents, and other vermin (Tenant will keep refuse in proper containers on the Premises, with perishable trash placed in sealed plastic bags, until removed as provided herein, and will not permit undue accumulation thereof); (iv) comply with all applicable Laws; and all recommendations of any public or private agency having authority over insurance rates with respect to the use or occupancy of the Premises by Tenant; (v) conduct its business in a dignified manner; (vi) keep the store front sign and windows clean at all times and lighted for reasonable periods before and after business hours; (vii) provide, or cause to be provided, all security in the Premises deemed to be necessary or desirable by Tenant; and (viii) observe all rules established by Landlord in accordance with Section 8.03.

**SECTION 7.04.** USE OF ROOF. Provided Tenant obtains Landlords's prior written consent, Tenant shall have a non-exclusive right to use the roof of the Building, such use being solely for Tenant's separate HVAC roof-top system, if any; but no roof penetrations shall be made without utilizing Landlord's contractor or obtaining Landlord's consent, and Tenant shall, at its own expense and utilizing Landlord's contractor, promptly repair any damage or wear to the roof resulting from such use or caused by penetrations made during installation of Tenant's equipment or by vibration of such equipment. Landlord may, at its own expense, relocate Tenant's equipment and erect temporary scaffolds and other aids to such construction.

**SECTION 7.05.** SEPARATE HVAC SYSTEMS. At Landlord's option, exercised in Landlord's sole discretion, Landlord may contract with a service company of its own choosing for monthly maintenance of Tenant's separate HVAC or VAC system, and shall bill Tenant for the cost of such service and the sum so billed to Tenant shall become immediately due and payable. Should Landlord notify Tenant that Tenant shall maintain the HVAC or VAC system, Tenant shall contract with a service company approved and/or designated by Landlord for monthly maintenance of its separate HVAC or VAC system serving the Building and shall supply Landlord with a copy of the service contract within ten (10) days after opening for business, and a copy of subsequent contracts thereafter from time to time during the Term.

## ARTICLE 8. COMMON AREAS

**SECTION 8.01.** USE OF COMMON AREAS.

(a) Throughout the Term of this Lease, Tenant, its employees and invitees have the right to use and an easement in and over the Common Areas, in common with Landlord and other tenants, Major Department Stores, Major Non-Retail Tenants, and Junior Department Stores for parking of vehicles and for vehicular and pedestrian ingress, egress and access for other purposes set for in the REA. Notwithstanding any other provision herein contained, it is acknowledged that Landlord's right to use and to grant to Tenant the right to use the Common Areas located on the tracts of the Major Department Stores is derived by and through the REA only and that said tracts are either owned or leased by parties other than Landlord. Tenant's right to use any meeting room in the Common Areas shall be subject to such rules, schedules and charges therefor as Landlord may adopt.

(b) Landlord shall at all times have the right to use the Common Areas, including the Enclosed Mall, for promotions, exhibits, displays, product shows, leasing of kiosks and food facilities, landscaping, decorations and any other use which, in Landlord's judgment, tends to benefit the Center.

**SECTION 8.02.** CHANGES BY LANDLORD. Landlord may determine the nature and extent of the Common Areas, and make such changes, additions or reductions therein from time to time as it deems desirable or which are made as a result of any Law. Landlord (or others entitled to) may from time to time, anywhere in the Center construct additional buildings or improvements, make alterations, additions or reductions thereto, build additional stories on any buildings, construct multi-level, elevated and underground parking facilities, and construct roofs, walls and other improvements over, or in connection with any or all of the Common Areas to enclose same.

**SECTION 8.03.** RULES. Landlord may establish and amend and enforce against Tenant such reasonable rules as Landlord deems necessary or advisable for proper and efficient use, operation and maintenance of the Common Areas. Such rules may include the hours during which the Common Areas are open for use. Landlord may establish systems of validation or other types of operation, including designation of areas for parking vehicles operated by

Tenant, its employees and agents, and establishment of fines for violation of such rules, a system of charges against non-validated parking checks of users, charges based on charges or taxes levied or assessed by any Law on the parking facilities in the Common Areas, charges for parking if such parking facilities are used by Law or governmental authority in determining parking charges or taxes levied against Landlord, and charges favoring carpooling if required by Law.

**SECTION 8.04.** LANDLORD'S MAINTENANCE AND CONTROL. Landlord shall cause the Common Areas to be maintained and operated. Landlord shall have the exclusive control, management and direction of the Common Areas. Landlord may at any time exclude and restrain any person from use or occupancy thereof, excepting Tenant and other tenants of Landlord and bona fide invitees of either who use the Common Areas for their intended purposes and in accordance with the rules established by Landlord. The rights of Tenant in the Common Areas shall be subject to the rights of others to use them in common with Tenant, and it is Tenant's duty to keep all of the Common Areas free of any obstructions created or permitted by Tenant or resulting from Tenant's operation. Landlord may at any time (a) close all or any of the Common Areas to make repairs or changes or to such extent as may, in Landlord's reasonable opinion, be necessary to prevent dedication thereof or the accrual of rights to any person or to the public therein, (b) close temporarily any or all of the Common Areas to discourage non-customer parking, and (c) perform such other acts in and to the Common Areas as, in Landlord's good business judgment, are advisable to improve the use thereof by occupants and tenants, their employees and invitees. Landlord shall provide Tenant with notice upon closure of the Common Areas.

**SECTION 8.05.** EMPLOYEE PARKING. Landlord may designate a particular parking area or areas to be used by its tenants and establish rules pursuant to §8.03 governing use of such areas, including provisions for towing and fines to be charged to Tenant for rule violation by Tenant's employees. Tenant and its employees shall park their vehicles only in those portions of the parking area so designated by Landlord. Landlord may also have violating vehicles towed at Tenant's expense. Tenant agrees to comply with the Transportation Demand Management Plan established by Landlord, including the designation of at least one full-time employee as a liaison with the overall Transportation Demand Management staff and/or Transportation Management Organization, who shall also be responsible for promoting transit and ridesharing alternatives to fellow employees.

## ARTICLE 9. ADVERTISING AND PROMOTION

Tenant shall not be obligated to participate in any marketing activities in the Center. However, the Museum may undertake advertising programs of its own in conjunction with the advertising of the Marketing Service.

## ARTICLE 10. CONSTRUCTION WORK

**SECTION 10.01.** APPROVALS AND REQUIREMENTS.

(a) Except for the Tenant's Work, Tenant shall not perform any construction or make any alterations or additions in or to the Premises during the Term, or make or cause to be made any penetration through any roof, floor or wall (sometimes collectively called "Construction Work") without the prior written consent of Landlord. Tenant shall be responsible for all damage resulting from any Construction Work, whether or not Landlord's consent therefor was obtained. Tenant acknowledges that the Premises are situated atop a multi-level parking structure and the floor slab is of pre-stressed, post tensioned concrete construction and that serious injury or structural damage can occur if tension cables are cut or damaged. Tenant shall not cut, drill, or otherwise damage or

alter the floor slab without first locating tension cables by x-ray or other confirming test and obtaining Landlord's written approval of said test and consent to Tenant's Construction Work. All Construction Work to which Landlord has consented shall be performed in accordance with: (i) plans and specifications prepared by a licensed architect, engineer or interior designer and approved by Landlord in writing before the commencement of the Construction Work; (ii) all necessary governmental approvals and permits, which Tenant shall obtain at its sole expense; (iii) all applicable Laws; and (iv) the Tenant Information Package.

(b) All Construction Work shall be performed in a good and workmanlike manner and diligently prosecuted to completion so the Premises shall always be a complete unit except during performance of such Construction Work. Any Construction Work performed by Tenant without Landlord's written consent shall be returned to its original condition at Tenant's expense promptly upon request by Landlord and repair any damage caused by such Construction Work by Tenant at Tenant's expense. Tenant shall perform all Construction Work so as not to obstruct access to the Common Areas or the premises of any other occupant of the Center.

(c) Landlord is not required to insure or reconstruct any Construction Work.

## ARTICLE 11. INDEMNITY AND INSURANCE

**SECTION 11.01.** TENANT'S INSURANCE.

(a) From the date of delivery of the Premises to Tenant, Tenant will carry at its sole cost the following insurance: (i) General public liability insurance covering the Premises and Tenant's use thereof, and comprehensive automobile insurance covering all owned, non-owned and hired automotive equipment and the loading and unloading thereof, against claims from personal injury, death and property damage occurring in or about the Premises, such insurance in each case to afford protection to a limit of at least $1,000,000 for injury to or death of any number of persons arising out of any one occurrence, and at least $1,000,000 for any occurrence of property damage with an annual aggregate of at least $1,000,000 (such insurance extending to any liability of Tenant arising out of the indemnities provided for in §11.03); (ii) Boiler and machinery insurance in adequate amounts on all fired objects and fired pressure vessels and systems serving the Premises; if said risk is not covered by Tenant's all-risk insurance, such insurance shall be at least $250,000 issued on a replacement cost basis; (iii) Insurance covering all of Tenant's Work, Tenant's leasehold improvements, HVAC equipment, all plate glass on the Premises, trade fixtures, merchandise and personal property in the Premises, and alterations and additions made by Tenant, in an amount not less than 100% of their full replacement, providing protection against perils included in the standard state form of all-risk insurance policy, plus insurance against sprinkler damage, vandalism and malicious mischief, the proceeds of which shall be held in trust by Tenant's insurer for repair, reconstruction or replacement of the property damaged or destroyed, unless this Lease terminates under Article 12; (iv) Liability insurance in amounts determined by Landlord covering the acts and omissions of security guards hired by or on behalf of Tenant as evidenced by a certificate of security guard liability insurance; (v) Worker's compensation and all other insurance, if any, of whatsoever description and in such amounts as may be required by any ordinance, law or governmental regulation to be carried or maintained by Tenant or the owner of all or any part of the Premises in connection with Tenant's operation of the same or the use of the same by Tenant or any other person, partnership, corporation or entity, or in connection with the construction, demolition,

maintenance, repair or operation of the Premises or any part thereof; and (vi) Insurance covering the Building, including Tenant's Work for at least one hundred percent (100%) of the full replacement cost of the Building (exclusive of the cost of excavations, foundations and footings) as determined by Landlord during the Term, providing protection against perils included in the standard state form of all-risk insurance policy, plus insurance against sprinkler damage, vandalism and malicious mischief and such other risks, with deductibles, as Landlord may determine, but no deductible shall be more than $50,000 per claim.

(b) All policies shall be issued in form acceptable to Landlord by companies with general policyholder's rating of at least A and a financial rating of at least VIII as rated in the most current available "Best's" Insurance Reports, and qualified to do business in the applicable state. Each policy shall: (i) be issued in Tenant's name, and shall name as additional insureds Landlord, The Alexander Haagen Company, Inc., Landlord's mortgagee, Parties to the REA, the Redevelopment Agency of the City of Burbank and any other Person with whom Landlord contracts to manage the Center ("Landlord's Managing Agent"), and any other parties in interest designated by notice from Landlord to Tenant (collectively, "Insureds"); (ii) be for the mutual joint benefit and protection of the Insureds; (iii) (or a certificate thereof shall) be delivered to each of the Insureds within ten (10) days after delivery of possession of the Premises to Tenant and thereafter within thirty (30) days before the expiration or termination of each such policy, renewal or additional policies shall be procured and maintained by Tenant in like manner and to like extent; (iv) contain a provision that the insurer will give to each of the Insureds at least thirty (30) days' prior notice of any material change, cancellation, termination or lapse, or the effective date of any insurance reduction; (v) be written as primary policy as opposed to a policy which would contribute to or provide coverage only in excess of coverage which Landlord may carry; and (vi) contain a cross-liability endorsement providing that each of the Insureds, although named as additional insureds, shall nevertheless be entitled to recover under said policies for any loss occasioned to it, its servants, agents and employees by reason of the negligence of Tenant.

(c) Any insurance required by §11.01(a) may be by blanket insurance, covering additional items or locations or insureds, but: (i) each of the Insureds shall be named as additional insureds thereunder as their interests may appear; (ii) the coverage afforded each of the Insureds will not be reduced or diminished by reason of the use of such blanket policy of insurance; (iii) each such policy (except any covering the risks referred to in §11.01(a)(i)) shall specify (or Tenant shall furnish Landlord with a written statement from the insurers under such policy specifying) the amount of the total insurance allocated to Tenant's improvements and property more specifically detailed in §11.01(a)(iii); and (iv) the requirements set forth in this Article 11 shall be otherwise satisfied.

(d) Landlord may at all reasonable times inspect the policies of insurance of Tenant with respect to the Premises for which policies or copies thereof are not delivered to Landlord. If Tenant fails to pay any premium(s) which it is obligated to pay under this Lease when the same become(s) due, then Landlord may pay said premium(s) and the amount(s) so paid, together with all expenses and penalties plus interest at the Default Rate, shall be payable as Additional Rent upon demand therefor.

(e) Tenant may self-insure the insurance required under this Section 11.01 provided (1) the City of Burbank is operating the Premises at the Center; (2) the City of Burbank notifies Landlord in writing of its intention to self-insure and

provides proof its self-insurance; and (3) the City of Burbank shall make no substantial changes or modifications to its self-insured status without notifying Landlord and obtaining Landlord's approval which shall not be unreasonably withheld or delayed.

**SECTION 11.02.** LANDLORD'S INSURANCE.

(a) Landlord shall carry and maintain the following insurance: (i) General public liability insurance covering the Common Areas against claims for bodily injury, death and property damage occurring on the Common Areas and comprehensive automobile insurance covering all owned, non-owned and hired automotive equipment and the loading and unloading thereof, with limits of at least $3,000,000 for injury to or death of any number of persons arising out of any one occurrence and at least $3,000,000 for any instance of property damage, with an amount aggregate of at least $3,000,000; (ii) Insurance covering the Landlord's Building for at least one hundred percent (100%) of the full replacement cost of Landlord's Building (exclusive of the cost of excavations, foundations and footings) as determined during the Term, providing protection against perils included in the standard state form of all-risk insurance policy, plus insurance against sprinkler damage, vandalism and malicious mischief and such other risks, including Lessor's Risk insurance, with deductibles, as Landlord may determine, but no deductible shall be more than $50,000 per claim; (iii) Rent insurance with respect to premises in the Center, if available at a cost which Landlord in its sole judgment deems reasonable, against loss of Rents in the event of abatement of Rents pursuant to leases for such premises, in an aggregate amount of the sum of (a) the monthly requirement of Minimum Rent under such leases, plus (b) the average monthly amount estimated by Landlord to be payable under such leases as Additional Rent; and (iv) earthquake insurance if available at a cost which Landlord in its sole judgment deems reasonable.

(b) If §11.02(a) is otherwise satisfied, any insurance provided for in §11.02(a) may be blanket insurance, covering additional items or locations or insureds. Tenant shall have no rights in any policy maintained by Landlord, and shall not be entitled to be a named insured.

**SECTION 11.03.** INDEMNIFICATION BY TENANT. Landlord, Landlord's Managing Agent, the other Parties to the REA and the Redevelopment Agency of the City of Burbank (collectively, "Indemnified Persons") shall not be liable for any damage or liability of any kind or for any injury to or death of persons or damage to property of Tenant or any other person, from any cause whatsoever (including bursting pipes and smoke) by reason of the construction, use, occupancy or enjoyment of the Premises by Tenant or any person therein or holding under Tenant. Tenant shall indemnify hold harmless and defend each of the Indemnified Persons from all claims, actions, demands, expenses and liability whatsoever, including reasonable attorneys' fees, on account of any such real or claimed damage or liability and from all liens, claims, demands, expenses and liability whatsoever arising out of the construction, use, occupancy or enjoyment of the Premises and its facilities, or any repairs or alterations which Tenant may make to the Premises or occasioned in whole or in part by any act or omission of Tenant, its agents, contractors, servants, employees or invitees. Tenant shall not, however, be liable for damage or injury caused by the negligent or willful acts of the Indemnified Persons or their respective agents, contractors, servants or employees, unless such damage or injury arises from perils against which Tenant is required to insure.

**SECTION 11.04.** MUTUAL WAIVERS. Landlord and Tenant waive any rights each may have against the other, and Tenant waives any rights it may have against any of the other Indemnified Persons, on account of any loss or damage caused to Landlord or Tenant, as the case may be, their respective property, the Premises or its

contents or to the other portions of the Center, arising from any risk generally covered by all-risk insurance if such waiver does not invalidate such policies or prohibit recovery thereunder. The parties each, for their respective insurance, waive any right of subrogation that any insurer may have against Landlord or Tenant. Tenant, for its insurers, waives any right of subrogation which any such insurer may have against any of the Indemnified Persons if such waiver is obtainable form its insurers. Tenant shall use its best efforts to obtain such waiver.

**SECTION 11.05.** COMPLIANCE WITH REQUIREMENTS. Subject to Landlord's obligations in §13.01, Tenant at its expense shall comply with all recommendations and requirements with respect to the Premises, or its use or occupancy, of the insurance underwriters and any public or private body having jurisdiction over insurance rates with respect to the use or occupancy of the Center.

**SECTION 11.06.** EFFECT OF LANDLORD'S INSURANCE. Tenant shall not do or permit or keep anything in the Premises which contravenes Landlord's policies, which hazard insurance prevents Landlord from procuring such policies in companies acceptable to Landlord or which cause an increase in the premiums of policies affecting any portion of the Center. Landlord may, without notice, correct any violation of this §11.06 at Tenant's expense. Tenant shall pay Landlord, upon demand the amount of any premium increase resulting from such violation, even if Landlord has consented to the doing or keeping of, anything on the Premises which constituted such a violation. The payment of such increase shall not entitle Tenant to violate the provisions of this §11.06.

**SECTION 11.07.** LANDLORD'S RESPONSIBILITY. Landlord is not liable to Tenant for any loss occasioned by the acts or omissions of Persons occupying any other part of the Center, or for any loss resulting to Tenant or its property or other property from water leaks, sprinklers malfunction or any cause whatsoever, except to the extent such loss results from Landlord's negligent or willful acts, unless such negligent and willful acts are waived by Tenant.

**SECTION 11.08.** LANDLORD'S INDEMNIFICATION. Tenant or Museum collectively ("Indemnified Persons") shall not be liable for any damage or liability of any kind or for any injury to or death of persons or damage to property of Landlord or any other person, from any cause whatsoever (including bursting pipes and smoke) by reason of the construction or use, of the Common Areas by Landlord or any person therein or holding under Landlord. Landlord shall indemnify hold harmless and defend Tenant from all claims, actions, demands, expenses and liability whatsoever, including reasonable attorneys' fees, on account of any such real or claimed damage or liability and from all liens, claims, demands, expenses and liability whatsoever arising out of the construction or use of the Common Areas and its facilities, or any repairs or alterations which Landlord may make to the Common Areas or occasioned in whole or in part by any act or omission of Landlord, its agents, contractors, servants, employees or invitees. Landlord shall not, however, be liable for damage or injury caused by the negligent or willful acts of the Indemnified Persons or their respective agents, contractors, servants or employees, unless such damage or injury arises from perils against which Landlord is required to insure.

## ARTICLE 12. RECONSTRUCTION

**SECTION 12.01.** LANDLORD'S RECONSTRUCTION. If Landlord's Building is damaged or destroyed by any risk referred to in §11.02(a)(ii) against which Landlord is required to insure, Landlord shall (subject to being able to obtain all necessary permits and approvals) in one hundred twenty (120) days after such damage or destruction (unless Landlord terminates this Lease pursuant to §12.03), commence to repair or reconstruct Landlord's Building. Landlord shall prosecute all such work diligently to completion. Landlord shall not be liable for interruption to Tenant's business, or for damage to or for the repair or

reconstruction of the Building or be required to spend more for any repair or reconstruction pursuant to this Section than the amount of insurance proceeds paid Landlord in connection therewith plus the deductible amount under Landlord's policy.

**SECTION 12.02.** TENANT'S RECONSTRUCTION. If the Premises is damaged or destroyed by any risk refered to in Section 11.01(a)(iii) and (vi), Tenant shall (subject to being able to obtain all necessary permits and approvals therefor) within one hundred twenty (12) days after such damage or destruction (unless Landlord terminates this Lease pursuant to §12.03), commence to repair or reconstruct the Building to substantially the same condition in which they were prior to such damage or destruction and prosecute the same diligently to completion.

**SECTION 12.03.** LANDLORD'S TERMINATION RIGHT. Landlord may terminate this Lease by notice to Tenant within one hundred twenty (120) days after Landlord's Building and/or the Premises is damaged or destroyed if: (a) the Premises is rendered wholly unfit for carrying on the Tenant's business after damage or destruction from any cause; (b) Landlord's Building is damaged or destroyed as a result of any risk against which Landlord is not obligated to insure pursuant to §11.02(a)(ii); (c) Landlord's Building and/or the Premises is damaged or destroyed within the last three (3) Lease Years of the Term; or (d) fifty percent (50%) or more of the GLA in Landlord's Building immediately prior to the damage or destruction is rendered unfit for carrying on business therein. Unless so terminated, this Lease shall continue in full force, and the parties shall perform their respective obligations under §12.01 and §12.02. Upon any termination of this Lease under this §12.03, the parties shall be released thereby without further obligation to the other coincident with the surrender of possession of the Premises to Landlord, except for items which have accrued and are unpaid. If Landlord shall terminate this Lease as herein provided, there shall be paid to Landlord that portion of all insurance proceeds payable on account of such damage or destruction including any amounts which would have been paid to Tenant if Tenant had not self insured and deducting therefrom all costs incurred by Tenant in razing and demolishing the Building and for removing any debris relating thereto.

**SECTION 12.04.** ABATEMENT. If Landlord does not terminate this Lease pursuant to §12.03, and if the Premises are rendered wholly or partially unfit for carrying on Tenant's business by such damage or destruction, Additional Rent during the period the Premises are so rendered unfit shall be abated in direct proportion to the percentage of the GLA in the Premises so rendered unfit. Notwithstanding the foregoing, said abatement of Additional Rent shall be only to the extent of loss of rental income insurance proceeds received by Landlord, if any.

**SECTION 12.05.** DEMOLITION. For the purposes of this Article 12, if all or part of Landlord's Building is so substantially damaged that it is reasonably necessary, in Landlord's judgment, to demolish the same for the purpose of reconstruction, Landlord may demolish the same and treat such demolition as being caused by the same cause as caused the damage to Landlord's Building.

## ARTICLE 13. MAINTENANCE OF PREMISES

**SECTION 13.01.** LANDLORD'S DUTY. Landlord will keep the roof, exterior face of exterior walls, and structural columns in good repair. Landlord shall not, however, be liable to Tenant unless Tenant has given Landlord prior written notice of the necessity for such repairs and any damage arising therefrom shall not have been caused in whole or in part by the negligent or willful act or omission of Tenant, its concessionaires, licensees, officers, employees or contractors, or by the failure of Tenant to perform any of its obligations under this Lease (in either of which events Tenant shall be responsible therefor), or caused by any risk which Tenant is required to insure pursuant to Article 11.

**SECTION 13.02. TENANT'S DUTY.**

**(a)** Tenant will at its expense maintain the Premises in good and tenantable condition and make all needed repairs to the Premises and every part thereof, including without limitation the utility meters, pipes and conduits, all fixtures, air conditioning and heating equipment exclusively serving the Premises and other equipment therein, including any equipment installed by Landlord on behalf of Tenant in accordance with Exhibit C, which is part of said system. Landlord may elect to contract, at Tenant's expense, with a service company for the monthly maintenance of the air conditioning equipment exclusively serving the Premises. Tenant's obligation under this §13.02 shall include repairing and maintaining items as are required by any governmental authority. Tenant shall make no adjustment, alteration or repair of any part of the sprinkler or sprinkler alarm system in or serving the Premises without Landlord's prior written approval. Tenant shall permit no waste, damage or injury to the Premises and Tenant shall carry out a program of regular maintenance and repair of the Premises, including painting or refinishing of all interior areas and the store front, so as to impede deterioration by ordinary wear and tear and keep the same in attractive condition. Tenant will not overload the electrical wiring serving the Premises, and will install at its expense, but only after obtaining Landlord's written approval, any additional electrical wiring which is required in connection with Tenant's apparatus.

**(b)** Tenant shall contract with a service company approved and/or designated by Landlord for monthly pest and vermin control within the Premises and, shall supply Landlord with a copy of the service contract within ten (10) days after opening for business, and a copy of subsequent contracts thereafter from time to time during the Term. At Landlord's option, exercised in Landlord's sole discretion, Landlord may contract with a service company of its own choosing for monthly pest and vermin control within the Premises and shall bill Tenant for the cost of such service and the sum so billed to Tenant shall become immediately due and payable.

**SECTION 13.03. RIGHT OF ACCESS.** Landlord and its authorized representatives may enter the Premises during usual business hours to (i) inspect the same; and (ii) show the same to prospective mortgagees, tenants and buyers. Landlord may enter the Premises to make additions, alterations or repairs to the Premises which Tenant has failed to perform and which Landlord deems desirable to prevent waste or deterioration of the Premises. However, Landlord has no duty to do any work which Tenant is required to do under this Lease, nor shall any default by Tenant be deemed waived. If Landlord performs any such work, Tenant shall pay Landlord the cost thereof upon demand. Landlord may make any additional alterations, additions and repairs to the Premises and install all materials, tools and equipment, structural elements, pipes, ducts, conduits, wires and other mechanical equipment in, through, under or above the Premises that Landlord deems desirable therefor or which is required by Law or any public or private body having jurisdiction over insurance rates. Tenant acknowledges that it may be necessary for Landlord to utilize a portion of the Premises to accommodate shafts, ducts and pipes and Landlord reserves the right to utilize such area within the Premises, as Landlord shall specify, provided such area is located adjacent to an interior wall other than the storefront and does not exceed one percent (1%) of the GLA. No exercise by Landlord of any rights provided in §13.01 or §13.03 shall entitle Tenant to damages for inconvenience, disturbance, loss of business or other loss to Tenant occasioned thereby or to any Rent abatement, or constitute actual or constructive eviction.

**SECTION 13.04. CONFLICTS.** If there is any conflict between this Article and Article 12, or between this Article and Article 22; Article 12, if applicable, or Article 22, if applicable, shall prevail over this Article.

## ARTICLE 14. FIXTURES AND PERSONAL PROPERTY

**SECTION 14.01.** TENANT'S PROPERTY; REMOVAL. Any trade fixtures and other personal property of Tenant not affixed to the Premises shall be Tenant's property. Tenant may, if Tenant is not in default, remove its personal property which it has stored or placed in the Premises. If Tenant violates any provision of this Lease, Landlord may take exclusive possession of such property and use it without rent or charge. Landlord, whether or not it takes possession of such property, shall have the benefit of any lien thereon permitted by Law. If possession is taken or such lien is asserted by Landlord in any manner, including operation of Law, Tenant shall not remove or permit the removal of said trade fixtures or other personal property until such possession is relinquished or the lien is lifted. Tenant may not remove so much of such personal property prior to the end of the Term as to render the Premises unsuitable for conducting its business therein (without the immediate replacement thereof with similar personal property of comparable or better quality). Tenant, at its sole expense, shall immediately repair any damage to the Premises caused by installation or removal of any personal property unless such damage is caused by Landlord's gross negligence. Any personal property of Tenant not removed from the Premises before the expiration or termination of this Lease (or within fourteen (14) days after termination pursuant to §12.03) shall become Landlord's property, except to the extent Landlord elects to require its removal, in which case Tenant shall immediately remove it and restore the Premises to its prior condition at Tenant's expense.

**SECTION 14.02.** IMPROVEMENTS. Tenant's improvements to the Premises, except Tenant's trade fixtures and personal property specified in §14.01 shall become Landlord's property upon expiration or termination of this Lease; except those alterations and additions made after the Rent Commencement Date which Landlord designates for removal by Tenant, and any toxic or hazardous substance which Tenant has caused or allowed to be incorporated into the Premises at any time, which shall promptly be removed, and any damage caused by this installation or removal repaired, by Tenant at its expense.

## ARTICLE 15. ASSIGNMENT AND SUBLETTING

Tenant shall not transfer, assign, sublet, license, grant concession agreements, or mortgage or hypothecate this Lease or Tenant's interest in and to the Premises or any part thereof whether by operation of law, merger, consolidation, liquidation or otherwise (collectively, "Transfer") during the Term of this Lease, except that Tenant shall be obligated to sublet the Premises to the Museum for the operation of a Natural History Museum specializing in special shows of the Museum simultaneously with the execution of this Lease in the form of Exhibit F, subject to the provisions of Article 2. Any Transfer, other than the Transfer to the Museum as described above, shall be void and confer no rights whatsoever upon any third party. The Museum shall not have any right to Transfer this Lease, and any Transfer by the Museum shall be void and confer no rights whatsoever upon any third party. No acceptance of Rent by Landlord from any Person shall be deemed Landlord's consent to any Transfer. Notwithstanding the permitted Transfer described above, Tenant shall remain fully liable for the full performance of each and every obligation under this Lease to be performed by Tenant.

## ARTICLE 16. BANKRUPTCY - INSOLVENCY

**SECTION 16.01.** BANKRUPTCY - INSOLVENCY

(a) Tenant agrees that in the event (i) all or substantially all of Tenant's assets are placed in the hands of a receiver or trustee, and such receivership or trusteeship continues for a period of thirty (30) days, or (ii) Tenant makes an assignment for the benefit of creditors, or (iii) Tenant institutes any proceedings under the United States Bankruptcy Code, 11 U.S.C.

§101 et seq., as amended or superseded from time to time ("Bankruptcy Code"), or under any other federal, state or local law relating to the subject of bankruptcy, including but not limited to any proceeding wherein Tenant seeks to be discharged of its debts, or to effect a plan of liquidation, composition, extension or reorganization, or (iv) Tenant admits in writing of its inability to pay Rent or its debts when due, or (v) any involuntary proceeding is filed against Tenant under the Bankruptcy Code or such other bankruptcy laws and such proceeding not be dismissed within ninety (90) days thereafter, then this Lease and any interest of Tenant in and to the Premises shall not become an asset in any proceedings relating thereto, and, in any such event and in addition to any and all rights or remedies of Landlord hereunder or by law provided, it shall be lawful for Landlord to declare the Term hereof ended and to reenter the Premises and take possession thereof and remove all persons therefrom, and Tenant shall have no further claim thereon or hereunder. The provisions of this §16.01 shall also apply to any guarantor of this Lease.

(b) In the event the Term is not ended upon the occurrence of the events set forth in §16.01(a) above, then Tenant (as debtor in possession), or the trustee in bankruptcy or other representative of Tenant, or, in the event of an assumption or assignment, Tenant's assignee shall, prior thereto, provide adequate assurance to Landlord: (i) of the source of Rent and other consideration payable under this Lease; (ii) that any payable under this Lease shall not decline substantially after the date of such assumption or assignment, as the case may be; (iii) that assumption or assignment of this Lease will not breach substantially any provision in any other lease, financing agreement, or master agreement relating to the Center; (iv) of the continued use of the Premises in accordance with the Permitted Use only: (v) that the quality of goods, if any, to be sold in the Premises will not decline; (vi) that the operation of the business in the Premises shall continue to be of the high standard compatible with the Center; (vii) that Tenant's suppliers of merchandise for sale, if any, in the Premises are willing to continue to furnish such merchandise as are of the same quality and caliber as theretofore sold in the Premises; and (viii) of such other matters as Landlord may reasonably require at the time of such assumption or assignment. The furnishing of such assurances shall not be deemed to waive any of the covenants or obligations of Tenant set forth in this Lease. In the event of an assignment, the Premises shall at all times remain a single unit and no physical changes of any kind shall be made thereto unless in compliance with the applicable provisions of this Lease. It is expressly understood and agreed that: (a) all amounts payable by Tenant to Landlord hereunder, whether or not expressly denominated as Rent, shall constitute "rent" for the purposes of §502(b)(7) of the Bankruptcy Code, including reasonable attorneys' fees incurred by Landlord by reason of any event set forth in §16.01(a) above, and (b) this Lease constitutes a lease of real property in a shopping center for all purposes under the Bankruptcy Code. Nothing contained in this §16.01 shall be deemed in any manner to limit Landlord's rights and remedies under the Bankruptcy Code.

(c) Within fifteen (15) days after request therefor by Landlord, Tenant shall supply or cause to be supplied to Landlord, any holder of a mortgage, or proposed mortgagee with respect to any portion of the Center, such financial information regarding Tenant and any guarantor of this Lease as may be required by any such party (including, without limitation, Tenant's and such guarantor's most recent annual and quarterly financial statements).

## ARTICLE 17. DEFAULTS BY TENANT

**SECTION 17.01. EVENTS OF DEFAULT.** Each of the following shall be an event of default (an "Event of Default"):

(a) Tenant's failure to pay Rent or any installment or year-end adjustment thereof if such failure continues for ten (10) days after notice that such payment is due (which notice shall be lieu of and not in addition to any notice required under applicable law);

(b) Tenant's failure to commence Tenant's Work in accordance with Exhibit "C";

(c) Tenant's failure to open within fifteen (15) days after notice from Landlord that Tenant has failed to open on the date on which Tenant is required to so open pursuant to §2.02(a), and Tenant's failure to open or to remain open as required by this Lease;

(d) Tenant's failure to comply with Article 15;

(e) Tenant's failure to provide evidence of insurance as required under §11.01, where such failure continues for a period of fifteen (15) days;

(f) Tenant's failure to observe or perform any other covenant, term or condition of this Lease where said failure continues for fifteen (15) days after notice from Landlord to Tenant (unless such failure cannot reasonably be cured within fifteen (15) days, and within such fifteen (15) days Tenant commences and thereafter diligently pursues such cure to completion);

(g) issuance of any process of law against the estate created in Tenant hereby; the application for or the appointment of a receiver, trustee or similar judicial officer which appointment continues for ninety (90) days, or the insolvency of Tenant or any assignment by Tenant for the benefit of creditors; and

(h) commencement of a case by or against Tenant or any Tenant's Guarantor, under any insolvency or debtor rehabilitation law or the determination by Tenant to request relief in any insolvency proceeding. Such commencement or determination by Tenant shall terminate this Lease and neither this Lease nor the Premises shall become an asset in any such proceeding.

**SECTION 17.02. LANDLORD'S REMEDIES.**

(a) Landlord may treat any Event of Default as a breach of this Lease. Landlord's failure to insist upon strict performance of any covenant, term or condition of this Lease or to exercise any right or remedy it has shall not be deemed a waiver or relinquishment for the future of such performance, right or remedy unless in writing signed by Landlord. No waiver is a waiver of any subsequent breach. In addition to all other rights or remedies of Landlord in this Lease or by law or in equity provided, including all damages allowed under Section 1951.2 of the California Civil Code, Landlord shall have the following rights and remedies in any Event of Default:

(i) Landlord may refuse to retake possession of the Premises and sue for the Rent as it becomes due or sue for the present value of the Rent to accrue under this Lease.

(ii) Landlord may retake possession of the Premises and, without initially reletting the Premises, sue for the present value of the Rent to accrue under this Lease.

(iii) Landlord may retake possession of the Premises, relet the Premises and sue for damages. While Landlord is

trying to relet, Tenant will be liable for all Rent. Landlord may sue from month to month for the damages which accrue in accordance with this subsection, or sue for the present value of all damages which will be due throughout the remaining Term measured as set forth in §17.03.

(iv) Landlord may terminate this Lease, re-enter the Premises, take exclusive possession thereof, and Tenant shall have no further claim or right hereunder.

(v) If Tenant vacates or abandons the Premises, Landlord shall have the right, but not the obligation, to relet the Premises for the remainder of the Term. Landlord shall have the right in the event of any breach or default to treat the same as an entire breach at Landlord's option and immediately sue for the entire damages occasioned thereby, including the present value of all future damages to be incurred.

(vi) Landlord may relet the premises or any part thereof for such term or terms (which may extend beyond the Term), and at such rentals and upon such other terms and conditions as Landlord in its sole discretion deems advisable and such releting shall not in any way relieve Tenant from its obligations under this Lease.

(b) Landlord's re-entry or taking possession of the Premises is not an election to terminate this Lease unless Landlord gives written notice of such termination,and shall not affect or diminish the ongoing obligation or liability of Tenant for all Rent and other obligations under this Lease. Re-entry by Landlord will not obligate the Landlord to mitigate damages by releting. Wherever in this Lease Landlord has the right of re-entry into the Premises, the use of such word is not intended, nor shall it be construed to be limited to its technical legal meaning. If Landlord re-enters, it may take possession of the Premises, remove all persons and property from the Premises and store such property at Tenant's expense or resort to legal process without being guilty of trespass or becoming liable for any loss or damage occasioned thereby. All amounts received upon such releting and all rentals received by Landlord therefrom shall be applied first to any indebtedness owned by Tenant to Landlord other than Rent due hereunder, then to pay any cost and expense of releting, including brokers' and attorneys' fees and costs of alterations and repairs, then to the Rent due hereunder; any residue shall be applied to any deficiencies of future Rent that may become due under this Lease. At the expiration of the Term any funds due Tenant shall then be paid. It is understood that said funds shall not draw interest while held by Landlord as security for Tenant's obligations hereunder. Notwithstanding any releting without termination, Landlord may, after said releting, terminate this Lease for any prior breach or default.

(c) Each covenant to pay Rent or perform any other obligation hereunder is an independent covenant from the other terms and provisions of this Lease, and Tenant shall have no right to hold back, offset or fail to pay any such amounts for any alleged default by Landlord or for any other reason whatsoever. To the extent permitted by law, Tenant waives any right of redemption, re-entry or re-possession. Landlord may pursue one or more remedies against Tenant and need not elect its remedy until such time as findings of fact have been made in a court of competent jurisdiction.

**SECTION 17.03. DAMAGES UPON TERMINATION.**

(a) If Landlord terminates this Lease under §17.02, Landlord may recover from Tenant damages computed in accordance with the following formula: (i) the worth at the time of judgment of any unpaid Rent which has been earned at the time of such termination; plus (ii) the worth at the time of judgment of the amount by which any unpaid Rent which would have been earned after termination until the time of judgment exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus (iii) the worth at the time of judgment of the amount by which the unpaid Rent for the balance of the Term after the time of judgment exceeds the amount of such rental loss that Tenant proves could be reasonably avoided; plus (iv) any other amount necessary to compensate Landlord for all the detriment proximately caused by Tenant's failure to perform its obligations under this Lease or which in the ordinary course of things would likely result therefrom including the cost of repairing the Premises and reasonable attorneys' fees; plus (v) at Landlord's election, such other amounts in addition to or in lieu of the foregoing as may be permitted by applicable Law. Damages shall be payable from the date of termination. For the purposes of clauses (i) and (ii) above, "worth at the time of judgment" shall be computed by adding interest at the Default Rate to the past due Rent. For the purposes of clause (iii) above, "worth at the time of judgment" shall be computed by discounting the amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of judgment plus one percent (1%).

(b) For the purposes of this Article, "Rent" for each Lease Year of the unexpired Term shall be the Rent (including Minimum Rent and Additional Rent) payable during the preceding year, or, if the default occurs less than one (1) year from the Rent Commencement Date, an amount equal to 1.5 times the average annual Minimum Rent for the Main Term set forth in §1.01(f).

**SECTION 17.04. LANDLORD'S SELF-HELP.** If Tenant fails to perform any of its obligations under this Lease in a manner reasonably satisfactory to Landlord, Landlord may, upon giving Tenant at least three (3) days' prior notice of its election to do so (but in an emergency, no prior notice is required), to perform such obligations on behalf of and for the account of Tenant. Landlord's expenses so incurred shall be paid by Tenant, upon demand, with interest thereon at the Default Rate from the date Landlord performs such work. Performance by Landlord of any such obligation is not a waiver thereof or release of Tenant therefrom.

## ARTICLE 18. LIABILITY OF LANDLORD

Except as otherwise provided in this Lease, Landlord shall be in default under this Lease if Landlord fails to perform any of its obligations hereunder and said failure continues for a period of thirty (30) days after Tenant gives Landlord notice thereof (unless such failure cannot reasonably be cured within thirty (30) days) and Landlord shall have commenced to cure within said thirty (30) days and continues diligently to pursue the curing of the same). If Landlord does not cure said failure within such time, Tenant shall notify Landlord and its mortgagee(s) (including any trustee under a deed of trust) of said failure, whereupon said mortgagee(s) shall have thirty (30) days after receipt of said notice to cure such failure (unless such failure cannot reasonably be cured within thirty (30) days and said mortgagee(s) continue diligently to pursue curing the same). If Landlord is in default and Landlord and its mortgagee(s) have not cured said failure within such time, and if, as a consequence thereof, Tenant recovers a judgment against Landlord, such judgment shall be satisfied only out of the proceeds received from execution of such judgment as levied against the interest of Landlord in Landlord's Building as the same is then encumbered, and Landlord shall not be liable for any deficiency. In no event shall Tenant or anyone claiming under Tenant have the

right to levy execution against any property of Landlord other than its interest in Landlord's Building as hereinabove expressly provided. No default under this Lease shall give Tenant any right of self-help or set-off against Rent. No default by Landlord shall give Tenant the right to terminate this Lease; but this provision shall not impair the operation of the automatic three (3) year termination provision set forth in §2.03. Neither the shareholders, officers, directors, managers, trustees, individuals or any direct or indirect partner in Landlord, nor the shareholders (nor any of the partners comprising same), directors, managers, trustees or officers of any of the foregoing (collectively, the "Other Persons") shall be liable for the performance of Landlord's obligations under this Lease. Tenant shall look solely to Landlord to enforce Landlord's obligations hereunder and shall not seek any damages or other relief from any of the Other Persons or their property.

## ARTICLE 19. SUBORDINATION AND ATTORNMENT

**SECTION 19.01.** SUBORDINATION. Upon notice by Landlord, Tenant shall subordinate its rights under this Lease to any lease(s) wherein Landlord is the lessee and to the lien of any mortgage(s) or deed(s) of trust (collectively, "Instrument"), regardless of whether such Instrument now exists or is hereafter created, to all advances thereunder, to any interest thereon, and to all modifications, consolidations, renewals, replacements and extensions thereof, provided the lessors, mortgagees or trustees recognize this Lease in the event of termination or foreclosure under the Instrument, if Tenant is not in default under this Lease. Such subordination shall be effective without execution of any further document. Any such lessor, mortgagee or trustee may elect to have this Lease prior to its Instrument, and in the event of such election and upon notification by such lessor, mortgagee or trustee to Tenant, this Lease shall be deemed prior to said Instrument, whether this Lease is dated prior or subsequent to said Instrument.

**SECTION 19.02.** ATTORNMENT. If Landlord's interest in the Premises is transferred (except in a sale-leaseback financing transaction), or if any proceedings are brought for the foreclosure of, or in the event of the exercise of the power of sale under, any Instrument, or if any lease in a sale-leaseback transaction wherein Landlord is the lessee is terminated, Tenant shall attorn to and recognize such purchaser, assignee, mortgagee or trustee as Landlord under this Lease.

**SECTION 19.03.** INTENT. Upon the request of Landlord, or any such lessor, mortgagee or trustee, Tenant shall execute and deliver any document required to carry out the intent of this Article within twenty (20) days after notice from Landlord. Tenant does not appoint Landlord as its attorney-in-fact and Tenant's failure to provide any of the documents required in this Section shall be deemed a monetary Event of Default and Landlord may pursue its rights and remedies provided for in this Lease as if Tenant had failed to pay Rent.

## ARTICLE 20. SALE OF PREMISES BY LANDLORD

If Landlord transfers its interest in the Premises, Landlord's Building or Landlord's Site (except a sale-leaseback financing transaction), Landlord thereupon and without further act by either party shall be released from all liability and obligations derived under this Lease arising out of any act, occurrence or omission relating to the Premises or this Lease occurring after the consummation of such transfer. Tenant shall have no right to terminate this Lease, abate Rent or deduct from or set-off or counterclaim against Rent because of any such transfer (including any sale-leaseback) by Landlord, its successors or assigns.

## ARTICLE 21. ESTOPPEL CERTIFICATES

Within twenty (20) days after each written request from Landlord, Tenant shall execute and deliver to Landlord or Landlord's designee (and Landlord and each designee may rely thereon) an estoppel certificate in form and substance satisfactory to Landlord certifying as to such matters as may be reasonably requested by Landlord. Landlord may assign its interest in the estoppel certificate to any lender(s) who may act in material reliance thereon. Tenant does not appoint Landlord as its attorney-in-fact and Tenant's failure to provide any of the documents required in this Section shall be deemed a monetary Event of Default and Landlord may pursue its rights and remedies provided for in this Lease as if Tenant had failed to pay Rent.

## ARTICLE 22. QUIET ENJOYMENT

Upon payment by Tenant of the Rent and the observance and performance of all of the agreements, covenants, terms and conditions on Tenant's part to be observed and performed, Tenant shall quietly enjoy the Premises for the Term without hindrance or interruption by Landlord or any other person or persons lawfully or equitably claiming by, through or under Landlord, subject to this Lease and mortgages, leases and other matters to which this Lease is subordinate.

## ARTICLE 23. SURRENDER AND HOLDING OVER

SECTION 23.01. DELIVERY AFTER TERM. Tenant shall surrender possession of the Premises upon the expiration or earlier termination of the Term, broom clean, free of debris, without the presence of any toxic or hazardous substance that are, or become regulated as hazardous or toxic substances under any applicable local, state or federal law, regulation, or order, in good order and state of repair (excepting Landlord's obligations under this Lease and ordinary wear and tear), and deliver the keys as Landlord designates. If not sooner terminated, this Lease shall terminate at the end of the Main Term, without the necessity of notice, Tenant hereby waiving notice to vacate the Premises.

SECTION 23.02. HOLDING OVER; RENT. Any possession after expiration or termination of this Lease shall be an unlawful detainer, all persons shall be subject to immediate eviction and removal, and Tenant shall pay Landlord upon demand during any hold over period, as liquidated damages, a sum equal to double Additional Rent provided for in this Lease.

## ARTICLE 24. CONDEMNATION

SECTION 24.01. TAKING. If at least twenty-five percent (25%) of the GLA in the Premises is taken by right of eminent domain or condemned permanently or temporarily by a competent authority or by conveyance in lieu thereof ("Condemnation"), or if the Premises cannot be used for the carrying on of Tenant's business after the Condemnation, then in either event Landlord or Tenant shall each have the right to terminate this Lease upon written notice to the other within ninety (90) days after possession is taken by such Condemnation. If this Lease is not terminated, Landlord shall, at its expense as soon as reasonably possible, restore the Premises to a complete unit of similar quality and character as existed prior to such taking (to the extent feasible), but Landlord is not required to spend more on restoration than the condemnation award received by it (less all expenses and court costs incurred by Landlord in connection with such award) multiplied by the GLA Center Fraction as of immediately prior to the taking.

SECTION 24.02. CENTER. If part of the Center is taken by Condemnation so that in Landlord's judgment the remainder is unsuitable for use as a regional retail shopping center, Landlord may terminate this Lease upon notice to Tenant within one hundred

twenty (120) days after possession is taken, which termination shall be as of the day possession is taken by the condemning authority.

SECTION 24.03. AWARD OWNERSHIP. As between Landlord and Tenant, all damages for any Condemnation of all or any part of the Center, including all damages as compensation for diminution in value of the leasehold, reversion and fee and Tenant's leasehold improvements, shall belong to Landlord without deduction for any present or future estate of Tenant. Tenant assigns to Landlord all of Tenant's right, title and interest to such award, but Tenant may claim and recover from the condemning authority, but not from Landlord, such compensation as may be separately awarded or recoverable by Tenant in its own right on account of any damage to Tenant's business by reason of the Condemnation and for any loss which Tenant might incur in removing its merchandise, furniture and fixtures.

## ARTICLE 25. MISCELLANEOUS

SECTION 25.01. INTERPRETATION.

(a) The captions are only for convenience and do not construe the scope or intent of this Lease or in any way affect it.

(b) If more than one Person is named as Landlord or Tenant in this Lease, or becomes Landlord or Tenant, then, the words "Landlord" or "Tenant" mean all such Persons, and the liability of such Persons hereunder is joint and several.

(c) Each pronoun used herein includes each of the other genders and the singular shall include the plural.

(d) All provisions of this Lease shall be construed as covenants and agreements as though the words improving such covenants and agreements were used in each separate provision.

(e) Although the printed provisions of this Lease were drawn by Landlord, this Lease shall not be construed for or against Landlord or Tenant. This Lease shall be interpreted in accordance with the general tenor of the language in an effort to reach the intended result.

(f) All references to Laws mean such Laws as amended from time to time and any successor Laws.

SECTION 25.02. RELATIONSHIP. Nothing herein contained creates any relationship between the parties other than landlord and tenant.

SECTION 25.03. NOTICES. Any notice, demand, request, approval, consent or other instrument which is, or is required to be, given under this Lease shall be in writing and shall be deemed to have been given (i) when sent by telegram or mailgram, (ii) when mailed by United States registered or certified mail, return receipt requested, postage prepaid, or (iii) when received, if sent by overnight courier or delivery service, addressed to Landlord or Tenant at the respective addresses set forth on page 1 of this Lease or such other address or addresses as either party may designate by notice to the other in accordance with this §25.03.

SECTION 25.04. SUCCESSORS. This Lease is binding on, and inures to the benefit of, Landlord and Tenant and their respective successors and assigns, subject to the prohibitions against Transfer contained in this Lease and to Article 17.

SECTION 25.05. BROKER'S COMMISSION. Tenant warrants that it has not dealt with a broker regarding this Lease, and shall indemnify, defend and save Landlord harmless from all claims, actions, damages, expenses and liability whatsoever, including reasonable attorneys' fees, arising from any claim for commission or finder's fee regarding this Lease.

**SECTION 25.06.** UNAVOIDABLE DELAYS. If either party is delayed or hindered in or prevented from the performance of any act required hereunder because of strikes, lockouts, inability to procure labor or materials, failure of power, restrictive Laws, riots, insurrection, war, fire or other casualty or other reason of a similar or dissimilar nature beyond the reasonable control of the party delayed ("Unavoidable Delay"), performance of such act shall be excused for the period of the Unavoidable Delay, and the period for the performance of such act shall be extended for an equivalent period. Unavoidable Delay will not excuse Tenant from prompt payment of Rent or any other payments required by this Lease and will not extend the Term. Delays or failures to perform resulting from lack of funds shall not be Unavoidable Delays.

**SECTION 25.07.** SEVERABILITY. If any provision of this Lease is capable of two (2) constructions, one which renders it invalid and the other renders it valid, the provision shall have the meaning rendering it valid. If any provision of this Lease or the application thereof to any Person or circumstances shall, to any extent, be invalid or unenforceable, the remainder of this Lease, or the application of such provision to the Persons or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby. Each provision of this Lease shall be valid and enforceable to the fullest extent permitted by Law.

**SECTION 25.08.** ENTIRE AGREEMENT. There are no oral agreements between the parties affecting this Lease. This Lease supersedes all previous negotiations, arrangements, letters of intent, lease proposals, confirmations of business terms, brochures, agreements, representations, promises, warranties and understandings between the parties or displayed by Landlord to Tenant with respect to the subject matter thereof. This Lease sets forth all the covenants, agreements and conditions between Landlord and Tenant concerning the Premises and the Center. No amendment or addition to this Lease except the Exhibits shall be binding upon Landlord or Tenant unless reduced to writing, signed by them and mutually delivered between them.

**SECTION 25.09.** OTHER TENANTS. Landlord may effect such other tenancies in the Center as Landlord determines in its sole discretion. Tenant is not relying on the fact, nor does Landlord represent, that any specific tenant, Major Department Store or occupant or number of tenants, Major Department Stores or occupants shall or shall not occupy any space in the Center.

**SECTION 25.10.** APPLICABLE LAW; ACTIONS. The Laws of the state in which the Center is located shall govern the validity, performance and enforcement of this Lease. If either party institutes action for enforcement of any obligation contained herein, the venue of such action shall be the county in which the Center is located, or the United States District Court having jurisdiction over such county. If Landlord commences an action for Rent, Tenant shall not interpose any counterclaim, other than a compulsory counterclaim. The foregoing shall not be a waiver of Tenant's right to assert such claim in a separate action or proceeding instituted by Tenant.

**SECTION 25.11.** ACCORD AND SATISFACTION. No acceptance by Landlord of a lesser amount than the Rent herein stipulated shall be other than on account of the earliest stipulated Rent nor shall any endorsement or statement or any check or any letter accompanying any such check or payment as Rent be deemed an accord and satisfaction. No acceptance of Rent is a waiver of any breach. Landlord may accept such check or payment without prejudice to Landlord's right to recover the balance of such Rent and pursue any other remedy in this Lease or at law or in equity.

**SECTION 25.12.** CORPORATE TENANTS; PARTNERSHIPS. If Tenant (or a general partner in Tenant) is a corporation or partnership, the individuals executing this Lease on behalf of Tenant (or such general partner) hereby covenant and represent that: Tenant (or such general partner) is a duly constituted corporation or

partnership in good standing qualified to do business in the state in which the Center is located and such individuals are duly authorized to execute and deliver this Lease.

**SECTION 25.13.** LIQUIDATED DAMAGES; ATTORNEYS' FEES. A late opening of the Premises, late or insufficient payment of Rent, Tenant's failure to comply with §7.05 or §8.08, or Tenant's holding over will cause Landlord to incur costs not contemplated by this Lease, the exact amount of such costs being extremely difficult and impracticable to ascertain. Such costs include administrative expenses and lost good will to the Center. Therefore, this Lease provides for certain late charges and other liquidated damages. Such late charges and damages represent fair and reasonable estimates of the costs and/or damages that Landlord will incur under the circumstances. Acceptance of any such late charge or damages shall constitute neither a waiver of Tenant's default nor an election of remedy. Tenant's obligation herein to pay Landlord's attorneys' fees in connection with Tenant's default includes the obligation of Tenant to pay all reasonable attorneys' fees incurred by Landlord before, during and after trial and on appeal.

**SECTION 25.14.** TIME OF ESSENCE. Time is of the essence.

**SECTION 25.15.** FINANCING. If any lender of Landlord does not approve the financial or credit rating of Tenant, or if any such lender requires a change in this Lease as a condition of its approval of this Lease for financing, and if within thirty (30) days after notice from Landlord, Tenant fails or refuses to execute with Landlord an amendment to this Lease accomplishing the changes, Landlord may cancel this Lease at any time prior to the commencement of Tenant's Work. If Landlord so terminates, this Lease shall be void with no further liability or obligation on the part of either party.

**SECTION 25.16.** ADDITIONAL FEES. If Landlord approves an early termination of this Lease, a subordination of Landlord's lien or any other change of this Lease, Tenant shall reimburse Landlord at least Five Hundred Dollars ($500.00) for Landlord's administrative time and expenses in reviewing and implementing such assignment, subordination or change.

**SECTION 25.17.** EXECUTION OF LEASE. Submission of this Lease for examination vests no right in either party. This Lease shall become effective as a lease only upon execution and legal delivery thereof by the parties. This Lease may be executed in more than one counterpart, and each such counterpart shall be deemed an original document.

**SECTION 25.18.** NON-DISCRIMINATION. The Tenant herein covenants by and for itself, its successors and assigns, and all persons claiming under or through them, and this Lease is made and accepted upon and subject to the following conditions: That there shall be no discrimination against or segregation of any person or group of persons, on account of sex, marital status, race, color, religion, creed, national origin, or ancestry, in the leasing, subleasing, renting, transferring, use, occupancy, tenure or enjoyment of the land herein leased, nor shall Tenant itself, or any person claiming under or through it, establish or permit such practice or practices of discrimination or segregation with reference to the selection, location, number or occupancy of tenants, lessees, sublessees, subtenants, or vendees in the land herein leased.

**SECTION 25.19.** TRANSPORTATION PLAN. Tenant agrees to comply with all terms of the Transportation Demand Management Plan as provided in the EIR Planned Development No. 89-4 and the final Subsequent Environmental Impact Report.

**SECTION 25.20.** NON-LIABILITY OF TENANT OR MUSEUM OFFICIALS AND EMPLOYEES. No member, official, employee, agent or contractor of Tenant or Museum shall be personally liable to Landlord in the event of any default or breach by Tenant or Museum or for any amount which may become due to Landlord or on any obligations under

**the terms of this Lease; provided, it is understood that nothing in this Section 25.20 is intended to limit Tenant's or Museum's liability.**

**IN WITNESS WHEREOF, Landlord and Tenant have duly executed this Lease as of the day and year first above written.**

# Museum Exhibit "C"

The following is a description of work to be done by Landlord ("Landlord's Work) and work to be done by Tenant ("Tenant's Work"). The floor plan of the Premises shall be as generally depicted in the attached Exhibit C-1 "Floor Plan".

## Section I - Landlord's Museum Work

### A. BUILDING SHELL

#### 1. STRUCTURE:

a. Superstructure: The building shall be of steel frame and masonry design in accordance with governing building codes.

b. Exterior Walls: The exterior walls shall be constructed of masonry, steel stud with exterior plaster construction, or such other materials as selected by Landlord's architect.

c. Vertical Clearances: Useable height between floor and structure above shall be governed by Landlord's structural design. Floor to roof structure height in gallery to be minimum 15'-0".

d. Roof: The roof shall be built-up composition membrane, as selected by Landlord's architect.

e. Elevator: One (1) two-stop hydraulic, passenger elevator with electrical connection.

f. Stairs: Two (2) interior stairs constructed of materials selected by Landlord's architect.

g. Main Entrance: Storefront entrance shall be aluminum with clear glass with double three foot (3') by seven foot (7') doors to Landlord's standard design.

#### 2. UTILITY SERVICES:

a. Domestic and fire service water.

b. Sanitary sewer (except sewer fees).

c. Electricity.

d. Conduits and backboards for telephone service.

e. Natural Gas if required for H.V.A.C. system.

### B. INTERIOR IMPROVEMENTS:

1. Floors to be concrete with carpet, vinyl tile, or similar finishes.

2. Ceilings to be suspended, acoustic tile except in Gallery, a portion of which shall be provided with unistrut system.

INITIAL 2/19

3. Interior walls to be constructed of metal studs and drywall, painted. Gallery walls to receive plywood finish.

4. One set of separate men's and women's toilet rooms to be used by both staff and public. One drinking fountain.

5. Lighting to be 2' x 4' recessed fluorescent fixtures except in Gallery which shall be provided with incandescent track lighting.

6. 120 volt electrical outlets to be provided throughout premises.

7. Air conditioning system to be packaged, roof mounted units ducted throughout premises.

8. Fire sprinklers to be provided as required by code.

9. Wood doors and frames with appropriate hardware.

10. Closure grilles at retail area.

Section II - Tenant's Work

1. Utilities: Tenant has sole obligation for payment of all utility company connection, meter, and use charges.

2. Furniture and Fixtures: All museum fixtures, exhibit stands and/or cases, display windows, cornices, etc.

3. Alarm System: All fire, intrusion alarm systems and protective devices. Any exterior systems to be approved by Landlord in writing.

4. Special Lighting: All special lighting beyond that described as Landlord's Museum Work.

5. Security equipment: Any security grills or closures beyond those described as Landlord's Work. (Must be located behind storefront and subject to Landlord's approval.)

6. Special Equipment and Construction: All special equipment and construction such as dumbwaiters, shop equipment, audio visual systems, etc., including installations and electrical connection.

7. Union Labor Provision: Tenant agrees to comply with any union labor provisions as may be required by Landlord, and Tenant agrees to do nothing to cause the picketing of the construction site (or Shopping Center, or portions thereof) by any labor unions.

8. Clean-Up of Debris: Removal of all Tenant's trash and debris from property during the construction of Tenant's Work.

9. Health Requirements: Tenant shall be responsible for obtaining all approvals from the local health department, if required.

10. Structural Changes: Any alterations and/or additions and reinforcements to Landlord's structure required to accommodate Tenant's work shall be Tenant's responsibility and shall be subject to the Landlord's prior written approval.

11. Plumbing: Any plumbing beyond Landlord provided toilet rooms. If Tenant engages in grease producing cooking operations, he shall provide and maintain, within the Leased Premises, a grease interceptor.

12. Tenant shall be solely responsible for obtaining all required permits and paying all fees for Tenant's Work.

13. Roof Penetrations: Tenant shall not make any roof penetrations or place any equipment on roof without Landlord's written consent. Any roof mounted equipment shall be located so as to be fully concealed. Final flashing and patching of any roof penetrations shall be by Landlord's roofing contractor at Tenant's expense.

14. Tenant shall not introduce or cause to be introduced any asbestos or other toxic or hazardous substances in any construction materials, fixtures or equipment used in the Leased Premises. The use of floor finishes containing asbestos is expressly prohibited.

15. Signage: All identification signage designed in accordance with Landlord's sign criteria as approved by Landlord and governing agencies.

    a. The design and size criteria for Tenant's signage within Landlord's Building and throughout the site shall be provided at a later date by Landlord. Location of signage to be mutually acceptable to both Landlord and Tenant.

    b. The location of Tenant's exterior signage shall be as generally depicted on the attached Exhibit "C-2".

ORDINANCE NO. 3169

AN ORDINANCE OF THE COUNCIL OF THE CITY OF BURBANK APPROVING PLANNED DEVELOPMENT NO. 89-4 AND A DEVELOPMENT AGREEMENT RELATED THERETO

1702

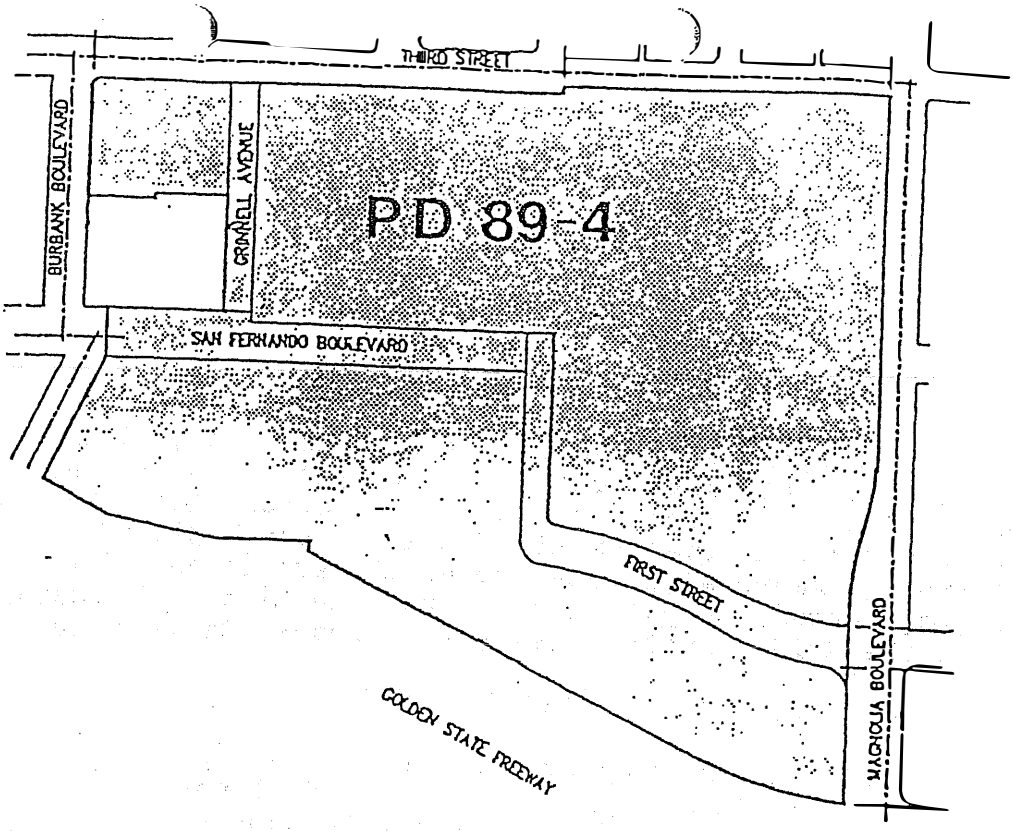
City Attorney's Synopsis

This Ordinance approves a planned development along with a related Development Agreement between the City of Burbank and the Haagen-Burbank Partnership and the Redevelopment Agency of the City of Burbank for the development of a mixed-use Regional Shopping Center, commercial office and hotel development, known as Burbank Gateway Center, on ±41 acres at the junction of Burbank Boulevard and the Golden State Freeway in Burbank, California.

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. The Council of the City of Burbank at its regular meeting of September 12, 1989, held a public hearing of Planned Development No. 89-4, applied for by Haagen-Burbank Partnership ("Haagen") and the Redevelopment Agency of the City of Burbank ("Agency") which would authorize a mixed-use Regional Shopping Center, commercial office and hotel development.

B. This hearing was properly noticed in accordance with the provisions of Section 31-339 of the Burbank Municipal Code.



C. A Final Subsequent Environmental Impact Report (FSEIR) for Planned Development No. 89-4 ("P.D. 89-4"), and the proposed development has been prepared by the Agency in compliance with the California Environmental Quality Act and has been considered and approved by the Council of the City of Burbank.

D. This Council finds that the implementation of the mitigation measures as described in the FSEIR constitutes sufficient mitigation measures which will mitigate to a level of less than significant the significant environmental effects as identified in the FSEIR.

E. The Council considered the report and recommendations of the City Planner and the action and recommendations of the Planning Board is evidence by its Resolution No. 2033, and the evidence presented at such hearing.

THE COUNCIL OF THE CITY OF BURBANK ORDAINS:

1. The Zone Map of the City of Burbank, adopted by reference to Section 31-7 of the Burbank Municipal Code, is amended by changing the zone designation of the Site from C-2 Commercial Limited Business to the Planned Development Zone P.D. 89-4 as shown and delineated as follows:

2. Development and zoning standards applicable to the Site shall be those set forth in the Burbank Municipal Code Chapter 31, for the C-2 zone, except as provided to the contrary in the Scope of Development (Exhibit A) and the Conditions of Approval (Exhibit B) as more fully described below.

3. All development permitted pursuant to P.D. 89-4 shall be in conformance with the Scope of Development (Exhibit A) and Conditions of Approval (Exhibit B), attached hereto and made parts hereof by this reference, as well as those plans on file in the office of the City Planner as follows: dated August 7, 1989 and identified as Plan Development Set pages SD-1 through SD-26; dated August 7, 1989 and identified as "IKEA Furniture Store, pages 1 and 2; and Color Renderings and Elevations provided in conjunction with P.D. Application.

4. That certain Development Agreement for Planned Development No. 89-4, by and between the City of Burbank and Haagen in the form presented at this meeting, is hereby approved, and the City Manager is authorized to execute, and the City Clerk to attest, the Development Agreement on behalf of the City. In approving the Development Agreement, this Council specifically finds:

(a) Planned Development No. 89-4 and the provisions of the Development Agreement are consistent with the General Plan; and

(b) Planned Development No. 89-4 meets the design criteria forth in Section 31-336 of the Burbank Municipal Code.

5. The City Clerk shall certify to the passage of this Ordinance and cause the title, number, date and synopsis of this Ordinance to be published once in The Burbank Leader.

6. This Ordinance shall become effective upon 12:01 a.m. of the thirty-first day after publication.

PASSED and ADOPTED this 19th day of September, 1989.

s/Robert R. Bowne
Robert R. Bowne
Mayor of the City of Burbank

Attest:

s/Merle L. Woodburn
Merle L. Woodburn, City Clerk

# SCOPE OF DEVELOPMENT

## Project Location

The Project Site is bounded on the south by Magnolia Boulevard, on the west by the Golden State Freeway, on the north by Burbank Boulevard and Home Savings property, and on the east by Third Street as shown on the Site Plan (Attachment No. 1).

## Project Description

The Burbank Gateway Center project is an enclosed three-level retail mall with two anchor department stores (Mervyns and Sears), approximately 50,000 gsf of retail use, presently contemplated to be Buffums, or an upscale fashion or other compatible retail use to be determined (Level One Retail Use), plus three levels of retail mall shops, including a four-plex movie theater (Regional Mall); a free-standing 2-story furniture retail/ warehouse sales facility (Ikea); five office towers ranging from nine to 16 stories; and, a 14-story, 300 to 350-room hotel.

The entire project presently encompasses over approximately 2,497,560 gsf of development served by several parking garages containing approximately 8,195 parking spaces. Included in the approximately 1,005,060 gsf. of retail space in addition to the anchor tenants will be the traditional mall shops (including retail-related service uses), several restaurants, and a community center.

The Project is being developed by the Haagen-Burbank Partnership under a Disposition and Development Agreement (DDA) with the Redevelopment Agency of the City of Burbank (the "Agency") by which the Agency shall share certain of the responsibilities for portions of the Project.

The total project by space and types of use will be as follows:

| | |
|---|---|
| - Retail (includes restaurants) | 1,005,060 gsf |
| - Future Department Store | 185,000 gsf |
| - Office | 1,010,000 gsf |
| - Community Center | 7,500 gsf |
| - Hotel (300-350 rooms) | 290,000 gsf |
| TOTAL | 2,497,560 gsf |

## Project Plans

Those plans and elevations identified in paragraph 3 of Ordinance No. 3169 (P.D. 89-4) to which the Scope of Development is an exhibit shall control development under this Scope of Development. (the "Approved Plans").

## Project Characteristics

a. As shown on the Site Plan, the Regional Mall parallels Magnolia Boulevard between First Street and Third Street, containing Mervyns, Sears, the Level One Retailer and the traditional mall shops. Included within the Regional Mall

shall be a four-plex movie theater with 800 seats, plus the potential for conversion of approximately 20,000 gsf of retail space to an additional entertainment component to be determined under the DDA. Immediately north of the Regional Mall fronting on Third Street is Parking Structure #1 and a Community Center building. Parking Structure #2 and two retail or restaurant pad areas face First Street immediately north of the Regional Mall, west of Parking Structure #1. Parking Structure 1 & 2 will provide parking for the Regional Mall. Between Parking Structures 1 & 2, Phase 2 of this project will be either a 3-story 185,000 gsf additional retail anchor store (Future Department Store) or a 15-story, 300,000 gsf office building. Additional mall shops totaling 43,012 gsf. would be constructed as part of Phase 2 if the Future Department Store is built. Parking Structures 1 & 2 will also serve Phase 2. Until constructed, this area will be improved as a temporary functional garden/park site which could be used as an amphitheater, an area for auto shows, art exhibits, civic events etc. As shown on the approved plans (page SD-24), this temporary area will contain large expansive lawn areas for seating, perimeter landscaping and landscaped planters with seat walls. Parking Structure #1 will be a five level structure containing approximately 1,540 parking spaces and Structure #2 will be built with six levels and contain approximately 1,942 parking spaces. Phase 2 will be constructed with approximately 242 additional parking spaces below, for a total of approximately 3,742 parking spaces. Parking for retail uses shall be permitted to contain up to 25% compact spaces in location shown on the Approved Plans.

Immediately north of Parking Structure 1, between Third Street and San Fernando Boulevard will be the Ikea retail furniture sales facility (2-story). West across San Fernando Boulevard will be two retail or restaurant pad areas plus a 5 level parking structure (Parking Structure #3). The total number of parking spaces within Parking Structure #3 will be approximately 1,738 spaces, which will also serve Office Building #3, a 9-story 160,000 gsf office building at the corner of San Fernando Boulevard and First Street. In addition, approximately 60 surface spaces will be located adjacent to the Ikea building.

b. The Office Building #2 site (Magnolia and First) will contain a 16-story, 320,000 gsf. office building and an 8,000 gsf. restaurant. This site will be served by a six level parking structure containing 962 parking spaces.

c. The Office Building #1 site (Burbank and Third) will contain a 16-story, 330,000 gsf. office building, which would be served by a five level parking structure containing 911 parking spaces.

d. The Hotel/Office Building #4 Site (Burbank and San Fernando) will contain a 10-story building with 200,000 gsf a 14 story hotel containing 300 to 350 rooms, and an 8,000 gsf restaurant. Parking for this combined use shall utilize shared parking based on a parking study to be performed. The developer has initially estimated the proposed parking at 800 spaces. The Parking study shall also establish the ratio of compact spaces allocated to the Hotel.

e. Parking for commercial office uses shall be permitted to contain up to 45% compact spaces in conformance with current provisions of the Burbank Municipal Code.

Development Summary

A breakdown with respect to building usage and parking provided for this area of the project is as follows:

| BUILDING USE | GROSS SQ. FT. | ADJUSTED GROSS SQ. FT. | PARKING PROVIDED |
|---|---|---|---|
| Mervyns | 86,860 | 78,000 | 390 |
| Sears | 130,000 | 119,600 | 598 |
| Level One Retail Use | 50,000 | 46,000 | 230 |
| Regional Mall Bldg. (including Additional Entertainment Component) | 401,518 | 260,987 | 1,305 |
| Theaters (800 seats) | 13,670 | 13,670 | 160 |
| Retail or Restaurant on First Street (two 5,000 sf. pads) | 10,000 | 10,000 | 50 |

| TOTAL | 498,000 | 459,400 | --- |

Hardscape/Landscaping

San Fernando Boulevard from Burbank Boulevard will be the main street that will lead directly into the center of the project. For this reason, this portion of San Fernando Boulevard will receive a special paved treatment consisting of alternating colored concrete with embossed and/or a textured pattern. Street curbing and sidewalks will also receive special treatment as shown on page SD-1A of the submitted plans. The east/west street entrances at the intersections of Grinnell, Cypress and San Jose along Third and First Street also shall receive this special textured treatment.

Pads for Office Buildings 1 and 2 shall be temporarily landscaped to the reasonable satisfaction of the Director of Parks and Recreation for periods prior to start of construction thereon.

As shown on the Landscaping Plan (page SD-1B) extensive landscaping is proposed throughout the project site including the public rights-of-ways (sidewalks). A special landscaping treatment is being proposed along Magnolia Boulevard (page SD26), whereby the landscaping will have a meandering theme with terraces, different plant and tree material and clustering of trees.

Railings to be predominantly cantilevered glass with ornamental metal top rail (stainless steel, brass or bronze) and intermittent accent panels.

Neutral strips between tenant storefronts shall consist of hardwood millwork, moulded ornamental fiber reinforced gypsum fabrications, prefinished metal or similar durable construction. Base shall be of material used in flooring.

Lighting:

Ambient lighting shall consist of recessed downlights located in ceilings.

In addition to ambient lighting, task and accent lighting systems shall be utilized to accentuate focal elements, provide specular accents, and create variations in ambience between spaces.

Vertical Conveyance:

Escalator rails are to be finished in ornamental metals (stainless steel, brass or bronze) and glass.

The public elevator cab shall be finished consistent with wall and floor finishes used elsewhere in mall.

Mall Furnishings:

Planters, pots, trash receptacles and ash urns shall be coordinated in appearance and shall be fabricated of decorative fiberglass, clay, fiber reinforced concrete or similar durable materials consistent with the standards of quality established herein.

Mall seating shall consist of hardwood, metal, fiber reinforced concrete or similar durable material consistent with the standards of quality established herein.

Other furnishings and directories shall be consistent in quality and appearance with the character established for the mall decor.

Storefronts:

Tenant storefront finishes shall be of durable materials consistent with the quality established for the mall and shall be reviewed by the project architect prior to submittal to Plan Check.

The foregoing criteria are intended to establish a standard of quality for the mall consistent with that found in the Crystal Court Mall at South Coast Plaza. Alternative materials, systems, and approaches shall be permitted, subject to the reasonable approval of Agency/City Staff, provided such alternatives are consistent with the overall standard of quality and design character of the mall as established herein.

Planned Development Standards

Although the project with respect to the uses that are proposed would be consistent with the C-2 Commercial zone, the Site has been zoned to the Planned Development zone (P.D. 89-4). This zone classification is an alternate process whereby projects are considered with modified uses and development standards. The following modifications or exceptions from the City's development standards shall apply to the Site:

| CODE STANDARDS | P.D. 89-4 STANDARDS |
|---|---|
| Parking-Compacts/Dimensions<br>45% of all spaces provided for office uses only may be compact parking spaces. | 25% of retail and 45% of office parking spaces may be compact spaces. The design and dimentions of parking, including permitted column encroachments, shall be as shown on the Approved Plans. |
| Setbacks<br>Structures fronting a public street shall have a landscaped set back of at least 3 ft. or 20 % of the building height, whichever is greater for at least 75 % of the street frontage. | The bulding setbacks for the perimeter sites (Office building sites one and two and the hotel site) have yet to be determined. Site Plan currently shows little or no building setbacks. All setbacks shall be as shown in approved site plans. |
| Building Heights<br>Maximum building heights and all structures over 35 ft. high must receive Conditional Use Permit or Planned Development approval. | Proposed buildings range in height from 1 to 16-stories (24 ft. to 220 ft.). Maximum building heights shall be as shown on Approved Plans. |

With the exception of the foregoing, all standards of the C-2 Zone of the Burbank Municipal Code shall apply to the Site.

Public Improvements

All dedications and improvements to public property required to be carried out as part of the Burbank Gateway Center shall be those identified in conditions Nos. 47, 49, 50, 52, 53, 54, 55, 60, 69, 70, 71, 72 and 75 of the Conditions of Approval (Exhibit B to P.D. 89-4). As part of the DDA, the Developer and Agency have divided responsibility for completion of the various dedications and public improvements. Irrespective of the contractual obligations of the Developer and Agency established in the DDA, the exercise of the entitlements granted by P.D. 89-4 shall be contingent upon completion of said improvements. Nothing herein shall, however, diminish the rights and obligations of the Developer and Agency under the DDA.

Hotel Standards

The exterior and interior construction material, the levels of amenities and service, and the Furniture Fixture and Equipment (FF&E) valuations to be utilized and provided in the hotel to be developed hereunder shall be those of a First Class Business Hotel substantially similar to those found in major business hotels in Southern California currently operated under the names of Marriott Hotel, Marriott Suites, Hilton Hotel, Hilton Suites, Sheraton Hotel or Embassy Suites.

Regional Mall-General Finish Criteria

Exterior Facades and Streetscapes

Finishes:

Pedestrian walkway paving shall consist of integral colored concrete with textural, and stone or clay paver, accentuation.

Vertical finishes at entries shall consist of natural stone (i.e. granite, marble or sandstone) at "base" elements, articulated cement plaster at upper elements, transparent glazing, and ornamental metals, (i.e. stainless steel, brass, or bronze) at railings and entrance doors.

Interior Public Areas

Finishes:

Flooring material shall consist of a good quality quarry or porcelain/ceramic tile filed with natural stone (i.e. granite, marble or equal) or terrazo, accents. High quality carpeting may be utilized in limited areas for acoustical treatment and to develop the "room" concept of interior mall spaces.

Bulkheads and soffits at floor openings and within skylight wells shall be constructed of articulated planes of gypsum wallborad.

Columns shall be finished with wainscots and bases of materials used in flooring and gypsum board shafts and, where appropriate, capitals. Ornamental metal or hardwood details may be incorporated for articulation.

Ceilings shall consist of textured concealed spline or articulated tegular, acoustic tile, or acoustical plaster, and gypsum board.

Skylights shall be clear or translucent modular acrylic or glass systems. Longer span non-modular systems may be incorporated at courts or focal areas. Primary structural framing shall be finished in gypsum board. Alternative methods of natural lighting may be utilized subject to the reasonable approval of Agency/City Staff.

CONDITIONS OF APPROVAL
Planned Development No. 89-4
Burbank Gateway Center Project

1. Planned Development No. 89-4 shall comply in general, with those plans, color palettes and all other material submitted to the Planning Board at its meeting of August 14, 1989, subject to the following development changes and as subsequently modified by the Planning Board and/or the City Council:

   a. The proposed 26-story, 530,000 gsf office building at Burbank Boulevard and Third Street shall be reduced in size to a 16-story, 330,000 gsf office building.

   b. Development of the hotel site at Burbank Boulevard and San Fernando Boulevard shall be redesigned as a 14-story, 300-350 room hotel. This site shall also accommodate a 10-story, 200,000 gsf office building which is being transferred from the Burbank Boulevard and Third Street office site. Any shared parking for this site shall be approved by the City Planning Board.

2. All office buildings, retail buildings, restaurants and the hotel shall be fully designed, with height dimensions, setbacks and signage. The office buildings shall as a minimum be of a Class "A" type office structure, with granite facades or a similar material. The retail buildings and restaurants shall be an architectural style (both elevations and materials) compatible with the retail (mall) center and shall be of Class "A" construction with exterior finishes similar to South Coast Plaza's Crystal Court located in Costa Mesa, California. The hotel shall be of an architectural style (both elevations and materials) similar to a first class Sheraton, Mariott or related hotel operation. The restaurant uses shall be of first class, full service, family style, dinner house type, which include the sale of alcoholic beverages for on-premise consumption. When the particular uses and plans therefor are submitted, they shall be subject to the review and approval of the Planning Board and appealable to the City Council; which approval shall also be deemed to be approval of sale of alcoholic beverages.

3. Subsequent building plans shall be submitted to the Planning Board for review and approval.

COMMUNITY DEVELOPMENT DEPARTMENT

The following shall be reviewed and approved by the Director of Community Development:

4. Street and pedestrian light standards, luminaries and lamping shall be consistent with the "civic" theme of the project, and all lighting levels shall be arranged to prevent glare or direct illumination on adjoining properties.

EXHIBIT B

5. No roof-mounted HVAC equipment shall extend in height above the top of equipment screen walls or the building parapet. Arrangement of units on the rooftops shall be architecturally coordinated into roofscapes to present an organized image to high-rise structures in and adjacent to the project development.

6. All garage parking deck upper levels and light wells visible to the public shall be developed with a suitable landscape treatment. In addition, a graphic patterning utilizing color and/or texture shall be developed to further enhance the large areas of the exposed parking decks.

7. An appropriate pedestrian link shall be created between the fourth major department store or office tower and San Fernando Boulevard. Retail uses ~~shall be developed at the ground floor of the office tower, if constructed,~~ in-lieu of the fourth major on axis with the mall and San Fernando Boulevard.

8. No on-street parking shall be permitted within the project development area.

9. The mall entrance elevation at Magnolia Boulevard shall be developed as retailer-user friendly with pedestrian scale, utilizing a meandering landscaping theme, a building lighting program, graphics, banners and window glass treatments as appropriate.

10. A definitive signage program for the overall project shall be provided. The signage program shall describe the style, size, location and illumination elements for the signage.

11. The selection of plant material, including trees, shrubs and ground cover, and the landscape treatment of several slopes adjacent to public rights-of-way shall be prepared by a licensed landscape architect. The Parks and Recreation Department shall review and approve the landscape plans in addition to the Director of Community Development.

12. All outdoor activities related to the Ikea facility and the fourth major department store or office tower site shall be clearly defined.

13. Pedestrian access to and from the Ikea facility and Parking Garage #3 shall be more clearly defined subject to the review and approval of the Director of Public Works and the Director of Community Development.

14. The color, materials and design of the Ikea store and sign shall be compatible with the design of the center as a whole.

15. The Ikea canopy (west elevation) extending from the main entrance to the north end of the building shall be reduced in length to only at the entryway. Additional landscaping shall be provided where the canopy has been eliminated.

16. The applicant will maintain the existing overflow parking lot on the southwest corner of Burbank Boulevard and Third Street for the exclusive use of Burbank High School students until permits are issued for grading at that location. The applicant shall notify the Principal of Burbank High School of the closure of Third Street or Burbank Boulevard of any duration longer than two hours at least two days in advance.

17. The applicant will submit and implement a construction-phase parking plan indicating that construction worker parking will be provided on-site or at locations which will minimize parking problems in the downtown.

18. Office parking spaces shall be available for the entire retail portion of the project during off-peak office use. To the greatest extent possible, compact spaces shall be located at the rear of the parking structure floors and designated for employee use.

19. All private streets, slope landscaping and common areas located within the boundaries of the development shall be maintained by the applicant. The applicant shall cooperate in granting access easements in private streets which the City deems necessary to maintain public utilities on the site.

20. Screening plans must be submitted for approval for trash enclosures, loading docks, utility vaults and other outside facilities.

21. Deleted.

22. The schedule of construction of the major buildings shall be as follows:

| Buildings | Construction Start Date |
|---|---|
| Mervyns | 1990 |
| Buffums | 1990 |
| Sears | 1990 |
| Regional Mall Bldg. | 1990 |
| Ikea/Ikea parking structure | 1989 |
| Hotel/Office Bldg. #4 | 1991 |
| Parking Garages 1 & 2 | 1990 |
| Office Building #3 | 1991 |
| Office Bldg. #2 & Garage | 1994 |
| Office Bldg. #1 & Garage | 1997 |

23. Temporary construction project signs shall be installed by the applicant. Additionally, during construction, the entire property shall have perimeter fencing consistent with the Agency's barricade and signage program, attached hereto and incorporated herein.

24. Daytime lighting of the mall's interior public spaces shall be designed so as to enhance the light and airy quality of the mall interiors.

25. Expanses of over 25 linear feet of unarticulated facades shall be avoided by incorporating texture, color, and style variations so as to create a visually interesting facade.

26. Exterior building and plaza illumination shall be designed so as to minimize intrusive glare at residences on Third Street and Burbank Boulevard. Low level security lighting shall be used along driveway entrances.

27. The project shall use glass which has a relatively low reflectance.

28. The applicant shall sign a covenant stating that if archeological remains are revealed during any phase of construction the Northridge Center for Public Archaeology will be contacted and given up to four weeks to evaluate and remove any resources if so desired by the Center.

29. There must be ample trash containers on each construction site to handle all trash and debris that is generated during construction (other than scrap construction material).

30. Portable toilet facilities will be provided on each construction site during construction periods as per Section 7-9 of the Burbank Municipal Code.

31. The applicant shall adhere to the following construction practices:

    - All unpaved demolition and construction areas shall be wetted at least twice a day during excavation to reduce dust emissions and meet SCAQMD District Rule 403.

    - Contractors shall maintain and operate construction equipment so as to minimize exhaust emissions.

    - Trucks and vehicles in loading or unloading queues shall be kept with their engines off, when not in use, to reduce vehicle emissions.

    - Construction activities shall be phased and scheduled to avoid emissions peaks.

    - Operation of construction equipment shall be discontinued during first- and second-stage smog alerts.

32. Exterior construction activities shall only occur between 7 a.m. and 7 p.m. Monday through Sunday, except that the hours of grading shall be as authorized in the grading permit. Off-site staging of construction vehicles shall require a staging plan approved by the Director of Public Works, Director of Community Development, and Police Chief.

33. Applicant shall schedule noisy construction activities in shifts to avoid high noise levels caused by operating several pieces of equipment simultaneously.

34. Applicant shall require the project contractor to use power construction equipment with noise shielding and muffling devices.

35. The applicant will construct a temporary eight foot sound barrier wall along Third Street from its intersection with Cypress Avenue to Burbank Boulevard, then westward along Burbank Boulevard from Third Street to the north edge of the Home Savings parcel, then southward along the Home Savings parcel to Grinnell Drive. The wall will be rated as reducing noise by 10 dBA at pedestrian street level, will be located along the inside edge of the sidewalk and will be painted and maintained in an attractive manner. The wall will be constructed in two phases in conjunction with the Ikea and 16-story structures construction schedules. This wall shall be compatible with and an extension of the construction barricade wall required for the entire perimeter of the site.

36. Applicant shall receive all appropriate approvals from the Federal Aviation Administration for any buildings in excess of 200 feet in height.

37. The City will not issue a Final Certificate of Occupancy for any phase of the project until code-required parking for that phase is available. But in no event shall such phase be opened to the public prior to issuance of a Final Certificate of Occupancy.

38. The applicant shall implement the following Transportation Demand Management measures:

    A. The applicant will contract with a consultant for the development of a Transportation Demand Management plan. The plan may include, but not be limited to, the measures suggested on pages 70 and 71 of the SEIR. The plan must be phased with the site's development schedule, and implementation must begin with the first development. The TDM plan must be submitted to and approved by the Community Development Director before the developer obtains a Certificate of Occupancy.

    B. For the duration of the life of this project, the applicant or any subsequent owner of the site or the buildings thereon will designate a Transportation Demand Management Coordinator to organize the trip reduction efforts of all employers and act as Transportation Liaison with the City. The applicant may organize a Transportation Management Organization on this site (TMO). If this occurs, the TMO's personnel could serve this function.

    C. The TDM program for the Gateway Center will become the basis for all lease agreements with commercial and retail concerns. All leases will contain requirements for trip reduction measures incumbent upon the lessees. These lease agreements will include all provisions to be determined by the developer's TDM plan as well as the following provisions:

        1. Lessees will designate at least one full-time employee as a TDM liaison with the overall TDM staff and/or TMO program. This designee will be responsible for promoting transit and ridesharing alternatives to fellow employees.

2. Lessees will allow TDM/TMO strategies to be promoted and organized on site. Employers will be required to post information regarding ridesharing and transit as well as allow TDM/TMO staff on site to promote and arrange alternative transportation modes. All new employees will be required to participate in a TDM orientation to be sponsored by TDM/TMO staff. In addition, employers may be asked to participate in periodic promotions sponsored by more than one employer or lessee.

3. Lessees will cooperate in providing preferential parking for vehicles used by ridesharing and vanpooling arrangements.

4. Where possible, lessees will provide secured parking for bicycles.

5. Where possible, lessees will agree to work hour strategies that are deemed necessary to reach the trip reduction goals of the Burbank Gateway Center Plan.

The Burbank Gateway Center TDM plan will include a program to monitor all of the trip reduction strategies on site in order to ensure that the TDM goals are achieved. If these goals are not being met, the Burbank Gateway Center TDM Plan must be revised and submitted to the City for approval.

The Community Development Director will reserve the right to impose additional requirements so that the goals of the TDM plan are met. Failure to submit an initial TDM plan or annual updates will be considered noncompliance with City policy.

39. The applicant shall provide in consultation with the Southern California Rapid Transit District:

- Covered, lighted bus shelters at appropriate locations;
- Concrete bus pads; and
- Sidewalks/curbs which provide easy access to bus stops for all transit patrons including the disabled.

Should construction activities interfere with the safe operation of any existing bus or layover zones, the District will work with the applicant to mitigate the effects, or arrange for temporary relocations.

PARK AND RECREATION DEPARTMENT

40. The community center shall be more clearly defined as to the nature and control of its use, its design components, its relationship to the overall project, and its role in the scheduling of events and activities of the Park and Recreation system; these plans are to be reviewed and approved by the Director of Park and Recreation and the Director of Community Development.

POLICE DEPARTMENT

Plans for the following security measures shall be submitted to the Police Chief for review and approval:

41. Elevators, lobbies, and parking areas shall be designed to reduce and/or eliminate areas of possible concealment in consultation with the Police Department.

42. Upon completion of the project, the sponsor shall provide a diagram of the project site to the Burbank Police Department to include access routes, unit numbers and any other information that might facilitate police response.

43. Private security guards and/or an electronic security system(s) shall be used to monitor and patrol the project.

44. The project sponsor will adequately fence all construction areas and maintain 24-hour security capable of monitoring all construction areas.

45. Project security will maintain a close working relationship with the Burbank Police Department and Burbank High School security personnel to prevent, detect, and respond to security problems at the High School.

PUBLIC SERVICE DEPARTMENT

The following shall be reviewed and approved by the General Manager of the Public Service Department:

46. The applicant should comply with at least the minimum requirements of the State Building Energy Efficiency Standards (Title 24) and, to the extent feasible, should seek to exceed such requirements and use state-of-the-art energy-conscious design practices. Applicant shall also employ natural gas and alternative energy technologies which would reduce the air emissions caused by energy generation.

47. The applicant shall install electrical system improvements required of the Public Service Department in accordance with PSD-approved drawings and specifications.

48. All development must implement conservation measures such as low-flush toilets and low-flow shower heads, as mandated by the State of California.

49. The project site shall be designed with a landscape irrigation system that would utilize reclaimed water. Irrigation lines shall be a separate distribution system to prevent cross connection with potable water.

50. The applicant shall install the water distribution system required of the Public Service Department. Plans shall incorporate all changes in water line sizes and locations required by the Public Service Department.

51. The applicant will pay for the preparation of an emergency plan that will address the accidental severance of utilities to the Burbank High School during construction. Should such a plan be implemented, the project sponsor will reimburse the Burbank Unified School District for expenses associated with implementing the emergency plan and expenses associated with making up lost classroom time.

PUBLIC WORKS DEPARTMENT

The following shall be reviewed and approved by the Public Works Director:

52. The applicant shall construct the following intersection improvements:

First Street and Magnolia Boulevard

- Widen North approach (Northbound First Street) of the intersection to four lanes to include double left-turn lanes, one through lane, and one shared through/right-turn lane.

- Widen South approach of the intersection to include one left-turn lane, two through lanes, and one shared through/right-turn lane.

First Street and Olive Avenue

- Widen North approach of the intersection to include one left-turn lane, two through lanes, and one shared through/right-turn lane.

First Street and Orange Grove avenue

- Widen South approach of the intersection to include one left-turn lane, and two through lanes.

- Widen North approach to include one left-turn lane and two through lanes.

First Street and Palm Avenue

- Widen South approach of the intersection to include one left-turn lane, and two through lanes.

- Widen North approach to include one left-turn lane and two through lanes.

First Street and Angeleno Avenue

- Widen North approach to include one left-turn lane, two through lanes, and one shared through/right-turn lane.

- Restripe West approach to include one left-turn lane, one through lane, and one shared through/right-turn lane.

First Street and Verdugo Avenue

- Widen North approach to include one left-turn lane, one through lane, and two right-turn lanes.

- Restripe West approach to include one left-turn lane, one through lane, and one shared through/right-turn lane.

- Install a signal at this intersection.

Third Street and Burbank Boulevard

- Restripe South approach (Northbound Third Street) to include one left-turn lane and two through lanes.

Golden State Freeway Northbound Off-Ramp and Burbank Boulevard

- Widen Golden State Freeway Off-ramp to two right-turn lanes.

Golden State Freeway Southbound Off-ramp and Burbank Boulevard

- Widen Golden State Freeway Off-ramp to include two left-turn lanes, and one right-turn lane.

Golden State Freeway Southbound On-ramp and Burbank Boulevard

- Widen West approach (Eastbound Burbank Boulevard) of the intersection to include one right-turn lane, and two through lanes.

- Widen east approach to include one right-turn lane, and three through lanes.

San Fernando Boulevard and Burbank Boulevard

- Widen West approach (Eastbound Burbank Boulevard) to include two left-turn lanes, two through lanes, and one continuous right-turn lane.

- Widen East approach (Westbound Burbank Boulevard) to include one left-turn lane, one through lane, and one shared through and right-turn lane.

- Widen North approach (Southbound San Fernando Boulevard) to include one left-turn lane, two through lanes, and one right-turn lane.

- Widen South approach to include two left-turn lanes, one through lane, and one shared through/right-turn lane.

San Fernando Boulevard and Grinnell Drive

- Install a signal at this intersection.

First Street and Cypress Avenue

- Install a signal at this intersection.

53. Applicant shall make street section improvements at the following locations:

On-Site:

- Grinnell Drive from San Fernando Boulevard to Third Street.

- San Fernando Boulevard from Grinnell Drive to Cypress Avenue.

- Cypress Avenue from Third Street to First Street.

Off-Site:

- Third Street from Burbank Boulevard to Magnolia Boulevard.

- Burbank Boulevard from its Golden State Freeway intersection to Third Street.

- San Fernando Boulevard from Burbank Boulevard to Grinnell Drive.

- Magnolia Boulevard from the Golden State Freeway overcrossing to Third Street.

- First Street from San Fernando Boulevard to Magnolia Boulevard.

54. The applicant shall install a traffic signal at Walnut and San Fernando with left-turn phasing.

55. The applicant shall install a traffic signal at the corner of Third Street and Burbank Boulevard.

56. The applicant shall extend Bonnywood under Magnolia to serve as an access for the office building parking structure at the northwest corner of First Street and Magnolia Boulevard.

57. The applicant shall install signage for through traffic routes in the downtown.

58. The applicant shall install street name signs.

59. The applicant shall provide drop-off/pick-up turnouts at appropriate locations.

60. The applicant shall indicate and provide extra-width driveway approaches.

61. Existing underground storage tanks shall be removed and contaminated surrounding soil shall be remediated or removed and, a subsurface investigation shall be performed at the locations of former tanks to determine if any significant soil contamination has occurred at the site as a result of leakage from the tanks. Both operations shall be performed under the supervision of a qualified geologist and meet all applicable government agencies guidelines.

62. A site audit shall be performed on those portions of the site where evidence suggests the past location of underground storage tanks. If evidence of soil contamination or the presence of an underground storage tank is revealed, excavation shall be conducted to remove underground storage tanks and remove or remediate contaminated soil. These procedures should be performed by a qualified geologist to applicable government agencies standards and guidelines.

63. Prior to moving machinery onto the subject property in preparation for grading the applicant shall submit for review and approval a proposed route.

64. All grading shall be done in accordance with Article I of Chapter 13, Burbank Municipal Code. A grading permit shall be required. All grading shall be within the project boundary unless otherwise approved. The grading plans submitted with the grading permit application shall indicate all details related to grading and drainage facilities.

65. Grading shall be accomplished in accordance with the recommendations of a registered soils engineer or engineering geologist. An approved soils and geology report is to be filed with the City.

66. All graded pads shall be such that the surface drainage from each pad will drain directly to a storm drain through an approved easement.

67. The applicants shall submit an erosion control plan for review and approval. This plan shall address at a minimum the following issues:

    a. Slopes shall be protected as soon as possible after completion of grading and before the start of the rainy season. If the slopes cannot be planted in time to establish before the rainy season, temporary slope protection shall be constructed. The use of temporary slope protection shall not relieve the applicant of the requirements for planting and irrigation.

    b. If construction is to be undertaken between October 15 - April 15, the applicant may be required to construct and maintain temporary drainage structures and devices.

c. Wind erosion and dust control shall be provided on all graded, unlandscaped areas. Protection shall meet the requirements of U. S. Conservation Service manuals on erosion control. Erosion control and protection structures (i.e., silt basins) shall be provided where necessary at the sole and absolute determination of the Public Works Director to protect improvements and buildings located within and without the boundaries of the project. Sediment basin drains shall be connected to storm drains.

d. Erosion control and protection structure design shall be to the satisfaction of the Department of Public Works. Los Angeles County Flood Control District design criteria shall be used in all design.

e. All temporary terraces in cut and fills, all brow ditches and other drainage devices shall be surfaced with a non-erodable material, sloped and designed in a manner satisfactory to the Public Works Department. Design criteria, as specified in Article I, Chapter 13, of the Burbank Municipal Code, shall be used.

68. It shall be the applicant's responsibility to prevent any erosion that may occur from entering into the existing storm drain system, or onto adjacent property or any existing street in or around the subject property. The applicant shall deposit with the Public Works Director prior to or simultaneously with the issuance by the City of a grading permit, a sum, in cash or by certified check, in the amount of $50,000.00, which the Public Works Director shall hold and use to handle any erosion of materials from the subject property in the event the applicant does not take corrective action as stipulated by the Director. The City shall be under no obligation to pay or earn interest on said deposit. The City may use said deposit, or any portion thereof, to compensate it for any expense incurred to clean up any effects of erosion experienced during grading and construction of the subject property. The Developer, on demand from the Public Works Director, shall promptly restore such deposit to the full amount required by this condition of approval. The City shall return said deposit to the applicant upon completion of performance of all of its obligations under the improvements agreement referred, herein below, to the satisfaction of the Public Works Director. The City shall be under no obligation to pay or earn interest on the deposit, but if interest is paid thereon, such interest shall become part of the deposit. The Developer shall have in place an erosion control plan, approved by the Public Works Director, prior to October 1 of each year, otherwise no construction shall be permitted during the period between October 15 and April 15.

69. Storm drains shall be designed and constructed in accordance with the requirements of the Public Works Department and Los Angeles County.

70. A drainage plan shall be submitted. All drainage is to be directed into an underground system to an existing underground system. A permit from the County of Los Angeles will be required. No water is to drain to adjoining property nor across the sidewalk.

71. Applicant shall install the following storm drain system improvements subject to final engineering:

    On-Site

    - San Fernando Boulevard would require five new inlets and connecting 18- and 24-inch pipes.

    - Cypress Avenue would require eight new inlets and 18-inch connecting pipe.

    - San Jose Avenue would require two new inlets and 18-inch connecting pipe.

    Off-Site

    - San Fernando Boulevard would require two new inlets and 18-inch connecting pipe.

    - Third Street would require fourteen new inlets and connecting 18- and 24-inch pipe to collect uphill storm runoff and prevent it from running through the project site.

    - Cypress Avenue would require replacement of existing storm drains with larger 30 and 36 inch pipe to convey increased runoff from Third Street and the more impervious surfaces of the project. The increase in pipe size would also require a larger casing under the Golden State Freeway.

    - First Street would require installation of a new drainage system as the street would be relocated by the project.

72. Permanent storm drain easements shall be provided to the City of Burbank or Los Angeles County for storm drains located in private streets.

73. If the development is developed in phases, it will be necessary for the developer to construct an interim drainage system. Any interim drainage system shall be totally self-sufficient as if no further development were to occur including separate hydrologic and hydraulic analysis.

74. Applicant shall clean storm drain inlets along roads, driveways, and parking facilities at least once a year in order to remain effective.

75. Applicant shall install sanitary sewer improvements as required by the Public Works Department.

76. A trash recycling plan that minimizes the hauling of solid waste shall be submitted for approval.

77. All utilities necessary to serve the improvements to be constructed within the boundaries of the development (including electric, telephone, T.V. cable and necessary services) shall be underground.

78. Prior to final acceptance, the developer shall file a set of "as-built" drawings for the development. This includes, but is not limited to, the grading plan, street improvements, and all other public improvements.

FIRE DEPARTMENT

The following mitigation measures shall be implemented to the satisfaction of the Fire Chief:

79. The design of projects and size of the structures must assure that it is within applicable state and local code provisions that require substantial proprietary devices and operations, such as:

    a. Automatic sprinkler system with on-site water supply.

    b. Smoke detection system.

    c. Alarm and communication system.

    d. Central control system.

    e. Smoke control system.

    f. Elevator control system.

    g. Standby power, light and emergency systems.

    h. Emergency evacuation plans, drills, and training.

    i. Standpipe systems.

80. All surface access roads and fire hydrants shall be installed and made serviceable prior to and during the time of combustible construction.

81. Buildings with setbacks in excess of 150 feet shall provide emergency access in accordance with City of Burbank Fire Department requirements. Access roads may serve as driveways for the occupants of the building, or may be provided solely for Fire Department access, but in any case they shall meet the following criteria:

    a. Roads shall be of hard surfaced material capable of supporting a weight of 25 tons at all times.

    b. The minimum unobstructed width shall be not less than 20 feet wide.

    c. All buildings, parts of buildings, or other obstructions (including trees or wires) over access roads, shall have not less than 13 feet 6 inches vertical clearance from the finished driveway surface.

    d. All dead end access roads in excess of 150 feet in length shall be provided with approved provisions for turning around of fire apparatus.

82. At least two means of access for fire apparatus shall be provided for each mid-rise or high-rise building.

83. Mid-rise buildings (55 feet to 75 feet) will require the following:

    a. Fire Alarm systems

    b. Automatic fire detection system.

    c. Fire Department communication system.

    d. Smoke control.

    e. Elevator special requirements.

    f. Standby power.

    g. Emergency electrical systems.

    h. Automatic sprinkler systems.

    i. Wet standpipe systems.

84. High-rise buildings (more than 75 feet in height) will be subject to all the same requirements for mid-rise plus additional:

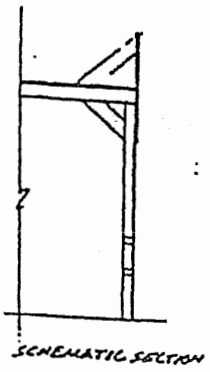
    a. On-site water supply for fire protection systems.

    b. Emergency helicopter landing facility.

    c. On-site fire department equipment.

    d. Fire control room.

    e. Emergency pre-fire plan.



85. The applicant shall provide first-aid and ancillary treatment inside the mall for visitor and project employee use.

NOTE: Drawings above are schematic only and are presented for the visual appearance of the barricades. Color schemes A, B and C may be applied to any of these barricades.

Lettering on the barricades shall be limited to the "Univers" series and shall be white or light colors on dark backgrounds and limited to the sign areas noted on the barricades.

Contractors shall be responsible for the engineering and structural requirements of all portions of barricades.

STATE OF CALIFORNIA )
COUNTY OF LOS ANGELES ) SS.
CITY OF BURBANK )

I, Merle L. Woodburn, City Clerk of the City of Burbank, do hereby certify that the foregoing Ordinance No. 3169 was duly and regularly passed and adopted by the Council of the City of Burbank at its regular meeting held on the 19th day of September, 19 89, by the following vote:

AYES: Councilmembers Flavin, Hastings, Howard, Murphy and Bowne.

NOES: Councilmembers None.

ABSENT: Councilmembers None.

I further certify that said Synopsis was published as required by law in the Burbank Leader as a newspaper of general circulation in the City of Burbank, California, on the 27th day of September, 19 89.

s/Merle L. Woodburn
Merle L. Woodburn, City Clerk

**EXHIBIT B**
**OPERATING AGREEMENT**

**OPERATING AGREEMENT**
**EXHIBIT B TO 2026 SUBLEASE AND MASTER LEASE MODIFICATION**

This Theater Operating Agreement ("**Agreement**"), is made and entered into as of this _____ day of _____ , 2026 ("**Effective Date**") by and between the CITY OF BURBANK, a municipal corporation and charter city, ("**City**"), and The Colony Theatre Company, a California non-profit public benefit corporation, ("**Colony**") (collectively, the "**Parties**"), on the following terms and conditions:

**RECITALS**

A. City is the "Tenant" under that certain Lease dated April 7, 1992 (the "**Master Lease**"), with Onni Burbank Town Center LLC, ("Onni") a Delaware Limited Liability Company, as "Landlord," ("**Town Center**") successor in interest to Burbank Mall Associates, LLC, a Delaware Limited Liability Company formerly known as C.T. Operating Partnership, L.P., a California limited partnership formerly known as the Alexander Haagen Properties Operating Partnership L.P. successor in interest to The Haagen-Burbank Partnership, a California general Partnership for certain real property located in the City of Burbank and more fully described as the "Premises" (the "**Premises**") in the Master Lease.

B. Pursuant to Section 7.01 of the Master Lease, City is granted the right to use the Premises for the operation of a cultural facility of the City of Burbank which provides educational, cultural, social and recreational activities to the general public. The City has subleased the Premises as a museum space and to the Colony since 2000 to be run as a community theater space.

C. Following a Request for Proposal process, in October 2023 the City Council determined that it is in the City's best interest to again sublease the Premises to Colony, who have continued to operate a performing arts facility, producing theater, and maintaining a community performance space while the City and Colony negotiate a new Sublease and Agreement for the Premises.

D. Concurrently herewith and as a condition precedent thereto, Town Center, City and Colony have entered into that certain 2026 Sublease and Master Lease Modification, to which this Operating Agreement is attached as Exhibit "B".

NOW THEREFORE, in consideration of the mutual covenants and provisions contained herein, each of the Parties hereto intending to be legally bound hereby agrees as follows:

1. **Colony Purpose and Programming**. The City hereby engages the Colony, and the Colony hereby agrees, to manage and operate the Premises, as a professional playhouse for the purpose of (a) providing legitimate theatrical productions by the Colony for public enjoyment; and (b) under the auspices of the Park Recreation, and Community Services Department, providing support for educational, charitable, and cultural community activities as required pursuant to the terms hereof. Colony's programming may include, but will not necessarily be limited to, live theater productions, cabaret, readings, workshops, seminars, children's theater, benefits, classes, and lectures, and will entail extensive use of the auditorium and multi-purpose room.

2. **Effective Date**. This Operating Agreement is effective on the Effective Date of the 2026 Sublease and Master Lease Modification.

    a. **Term**. The Term of this Operating Agreement shall commence on the Effective Date and shall expire on the fifth ($5^{th}$) anniversary of the Effective Date, subject to early termination upon breach of the terms of this Operating Agreement or renewal as herein provided:

        i. Appointment by court order of a receiver, liquidator or trustee for the Colony; or the filing of a petition to liquidate or reorganize the Colony by a third party under any bankruptcy, reorganization, or insolvency law, which order or petition is not vacated or dismissed within ninety (90) days; or the filing by the Colony by petition under any bankruptcy, reorganization or insolvency law; or an assignment by the Colony for the benefit of creditors; or by the adjudication of the Colony as bankrupt, or as an insolvent company.

    b. **Extension of Term**. Colony shall have the right to extend the Term of the Sublease and Operating Agreement for two (2) separate and successive periods of five (5) years and the third and final Term extension up to the Master Lease termination on November 14, 2044. Each extension of the Term of this Agreement shall be made by Colony giving City written notice of such extension at least nine (9) months prior to the date of this Operating Agreement would otherwise have expired, and in the event of an extension, the Term shall continue for such extension period, subject, however, to earlier termination as hereinafter set forth.

    c. **Notice of Director's Determination.** The Parks and Recreation Director ("Director") will give written notice to Colony within thirty (30) calendar days after receipt of Colony's request for extension whether or not, in the Director's sole and reasonable discretion, Colony is in substantial and material compliance with this Operating Agreement and the Goals and Objectives ("Goals") stated for the prior period. If the Director reasonably determines Colony is in substantial and material compliance, the extension will be granted. For purpose of this Operating Agreement, substantial and material compliance shall be deemed achieved if Colony demonstrates good-faith efforts to meet at least eighty percent (80%) of the outlined Goals for respective years within the prior term. Such Goals shall be subject to annual review and revision, as provided in this Operating Agreement as mutually agreed upon by Director and Colony. Notwithstanding the foregoing, Colony shall not have the right to request an extension of the Term if, at the time Colony requests the extension, Colony (a) has created a material uncured Event of Default under the provisions of the 2026 Sublease and Master Lease Modification, The Master Lease, this Operating Agreement, (b) has failed to exercise its option by giving the required notice, or (c) is not then operating the Premises as a live performance theater. If the Director determines that Colony is not in substantial compliance with the Goals and Colony disagrees, Colony shall have the right, within three (3) calendar days of receipt of the Director's determination, to make a written request, for a meeting with the Director. The meeting will be held within twenty-one (21) calendar days of the Director's receipt of the request. During this meeting, Colony and Director will review the Director's determination, and attempt to reach a compromise, including, but not limited to, allowing Colony a commercially

reasonable period to cure any deficiencies. Following such meeting, the Director may issue a new determination or establish conditions upon which an extension may be granted. The Director's determination will be final.

**3. Management, Use and Operation.**

a. **Permitted Uses.** Permitted Use ("Permitted Use") are activities or functions that are allowed on Premises based on this Operating Agreement. Colony may use the Premises as a community art and/or performance center for the purpose of providing a venue for community groups and individuals to showcase educational, cultural, social or recreational activities, as limited pursuant to the terms hereof. Permitted Use may include, but will not necessarily be limited to, live theatre productions including joint ventures between the Colony and third-party theater groups, plays, musicals, dance recitals, cabaret, readings, workshops, private events, seminars, exhibits, children's theater, education and training events, benefits, classes and lectures, events that serve local community or celebrate cultural diversity, and will entail extensive use of the auditorium and multi-purpose room. Furthermore, Colony's use shall be consistent with the use of the Premises by the "Tenant" in accordance with the Master Lease and 2026 Sublease and Master Lease Modification.

b. **Artistic Control.** The Colony shall have the right to determine the content and quality of its own programming and scheduled third-party rental programming, provided that such programming is consistent with any applicable conditions or restrictions contained in the 2026 Sublease and Master Lease Modification and this Operating Agreement.

c. **Identity.** The Premises itself will be identified by the City as the "Burbank Center Stage" and will be described at the Premises as "Burbank Center Stage, Home of the Colony Theatre Company." Colony shall incorporate and maintain the "Burbank Center Stage" branding consistently across all digital and print platforms, including but not limited to the following:

1. Website and Digital Presence: Display "Burbank Center Stage, Home of The Colony Theatre Company" prominently on the website landing page and consistently throughout the website.

2. Expand the website's "About" section to include reference to the historical relationship between the City of Burbank, the Colony Theatre Company, and Burbank Center Stage.

3. Include reference to "The Colony Theatre at Burbank Center Stage" on the website footer and contact information page.

4. List the City of Burbank as the first-line partner under the "Our Partners" section of the website.

5. Add the City's name and logo on the ticket sales page.

6. "Burbank Center Stage" be displayed on all marketing materials along with Colony's logo.

7. Include "Burbank Center Stage" in all marketing, promotional, and printed materials, including but not limited to playbills, programs, and advertisements.

d. **Marquee.** Subject to provisions of the Master Lease with the consent of the Landlord and compliance with provisions of the Reciprocal Easement Agreement (as defined in the Sublease) ("REA"), and the Burbank Municipal Code, the Colony will have control of the look and content of the outdoor marquee display.

e. **Tax Exempt Status**. Notwithstanding any other provisions of this Operating Agreement, the Colony shall not engage in any activity which will impair or jeopardize its tax-exempt or non-profit status under California or federal law. Colony shall notify the City immediately if it fails to maintain its tax-exempt or non-profit status under either California or federal law.

f. **Customization / Alterations.** Colony may display its production photos, awards, and other decorative items that illustrate its history in the lobby of the Premises. Colony may also have rotating art, craft, and photography exhibits in suitable public places in the Premises. Additionally, Colony shall have the exclusive right to solicit donations, as permitted by law, for commemorative or identifying markers to be affixed to various walls, floors, and fixtures of the facility. Such commemorative or identifying markers may be affixed to seats, doors, rooms, the stage, etc., in recognition of these donations provided, however, that this shall in no event confer any possessory rights, removal rights with respect to such items or the Premises. Further, Colony may modify the existing stage by adding or removing any parts thereof, provided only that the stage is restored by Colony for use by the next group or individual utilizing same. Additionally, Colony may, subject to the terms and conditions of the 2026 Sublease and Master Lease Modification and this Operating Agreement, at its sole discretion, supplement the existing stage lighting system by the addition of gridwork, pipes, etc. to support stage lighting, instruments in accordance with applicable Building Codes and the Master Lease.

g. **Colony Representation.** The Colony represents that:

i. It is a California non-profit public benefit corporation, duly formed and operating under the provisions of California law, with federal tax exemption under Internal Revenue Code Section 501©(3) and California franchise tax exemption under Revenue and Taxation Code Section 23701(d), and that it shall maintain such status at all times during the term of this Operating Agreement.

ii. The persons executing this Operating Agreement on behalf of the Colony are authorized to do so.

iii. To the best of its knowledge, it is not in violation of any order or decree of any court of competent jurisdiction or any governmental agency having jurisdiction, and there are no pending or threatened judicial or administrative proceedings which, if determined adversely to the interests of the Colony, could materially affect its ability to perform its obligations under this Operating Agreement or the 2026 Sublease and Master Lease Modification.

h. **Liaison**. The Colony shall appoint an onsite, full-time person from among its staff regularly working at the Premises, to act as a liaison with the City for purposes of this Operating Agreement.

i. Designate one (1) individual who will be responsible for ensuring Operator remains in compliance with the 2026 Sublease and Master Lease Modification. This person will serve as Operator's primary liaison with the City concerning all administrative issues, such as preparation and submission of required data and reports, and will attend all meetings with the City, as needed.

ii. Establish and maintain personnel policies in compliance with all applicable laws.

i. **Parking.** Subject to Landlord's rules and regulations in the Town Center, Colony's guests and invitees shall have the nonexclusive right to park in any of the public/customer parking areas in the Town Center. At no point during the Term of this Operating Agreement, may Colony provide valet parking in the Town Center parking lot.

**4. Basic Service Obligations.**

a. **Customer Service**. Colony shall conduct customer service satisfaction surveys to evaluate theater operations and performances no more frequently than quarterly and no less frequently than annually. The survey shall evaluate theater operations and solicit recommendations concerning said operations, including, without limitation, recommendations relative to quality, quantity and selection of service provided by Colony. Within thirty (30) days, Colony shall submit to City, an executive summary of the results of each survey conducted, and provide any recommendations made by the survey respondents. Customer service surveys shall be visible and readily available to all visitors, audience, and rental clients (as applicable). Colony shall also:

i. Establish pricing levels for all proposed programming including in-house events and third-party rentals (as applicable).

ii. Establish, maintain, and pay for the telephone and website, with up-to-date information about programs and events, contact information, access instructions, etc.

iii. Maintain consistent online commerce and office hours as necessary to accommodate visitors, phone calls, and meetings that may arise.

iv. Operate a souvenir store and/or refreshment services for visitors subject to compliance with all applicable laws, regulations, and policies. No hot food may be prepared or served at the Premises with the exception of external catering services. Any external catering service will maintain all applicable state and local permits and licenses. Colony may, at its own expense, apply for and obtain applicable state and local permits to serve alcoholic beverages to visitors subject to compliance with all applicable laws, regulations and policies. Should alcohol be served, such service will be included in Colony's insurance obligations as outlined in the 2026 Sublease and Master Lease Modification – Section 8 - Insurance and Indemnity.

5. **Operation Guidelines**. Colony will develop a set of guidelines ("Operational Guidelines") for the Premises. The Operational Guidelines will include hours of operation and other policies relating to the operation of the Premises. Colony must comply with Operational Guidelines at all times. At a minimum, Colony will designate telephone hours and return voicemail calls within twenty-four (24) hours. Colony will schedule tours when requested with advance notice. The Premises must be operating during reasonable periods of time throughout the year and may only be closed on observed holidays when City offices are closed.

6. **Management and Operations**. Colony is a non-profit, public benefit Corporation governed by a board of directors. Key Leadership and Onsite Management for The Colony Theatre Company would include a Producing Artistic Director, Operations Manager, and Technical Manager or equivalent positions that may be titled differently.

    a. **Premises Personnel**. Colony will, in its sole discretion, hire Premises staff, including all on-site management personnel, to oversee all rentals, programming and production, janitorial staff, administrative staff and others deemed by Colony to be appropriate for the efficient operation of the Premises. Such personnel may be hired as qualified independent contractors rather than employees to perform specified services. If Colony contracts with an independent contractor to provide such services, Colony shall ensure that the independent contractor complies with all provisions contained in this Operating Agreement relating to the management, use and operation of the Premises, as well as comply with all insurance provisions contained in the 2026 Sublease and Master Lease Modification. Upon request by the City, Colony shall submit a copy of its most recent agreement with any such independent contractor to the Director. At a minimum, the agreement shall require the independent contractor to comply with all terms and provisions contained in this Operating Agreement. Colony's failure to ensure compliance by its independent contractor in accordance with this section, shall constitute a breach of this Operating Agreement. No provision of this Operating Agreement shall be construed to create an employment relationship between Colony's employees, contractors, volunteers, board members, or other, and the City.

    b. **Live Scan Fingerprinting and Background Check by the US Department of Justice (DOJ).** All employees, independent contractors, and volunteers of the Colony interacting with minors or who have supervisory or disciplinary authority over minors must complete and pass the City of Burbank Live Scan Fingerprinting and Background Check ("Live Scan") clearance by DOJ prior to performing work or other services for the Colony in such a capacity. Upon request by City, Colony shall submit a copy of its

most recent list of employees, independent contractors, and volunteers interacting with minors, with verification of Live Scan to the Director. Colony will be responsible for paying all applicable fees related to Live Scan. Colony's failure to ensure compliance of Live Scan in accordance with this section shall constitute a breach of this Operating Agreement.

c. **Management and Operations Plan; Proposed Annual Budget**. Colony must submit to the City for review, on or before March 1 of each year, a "Management and Operations Plan" that includes a detailed proposal for providing Management and Operations services at the Premises. In addition, Colony must submit a proposed operating budget ("Proposed Operating Budget") to the City for the upcoming calendar year including draft calendar of events and/or programming. The Proposed Annual Budget must specify the amount of working capital required to continue operations of the Premises for the upcoming fiscal year (defined as July 1 through June 30) in light of all major policy decisions, specify all anticipated expenses required to operate the Premises and all projected expenses for long term improvements at the Premises. Director will have the right to comment upon and make suggestions with respect to the Management and Operations Plan and Proposed Annual Budget, provided, however, while Colony must consider all of Director's suggestions and comments, Colony will not be obligated to implement the same. Such annual review will take place at a meeting between the Colony, the Director and such other persons, as parties consider necessary.

d. **Safety and Processing Claims**. Colony must maintain safety standards that are consistent with acceptable industry practices for similar facilities. Colony will investigate and process all claims including those for property damage or personal injury. Colony will cooperate fully with the City in investigation of any property damage, accidental injury or death occurring on the Premises, including a prompt report to the Director of any injury within forty-eight (48) hours of its occurrence.

e. **License, Permits, Business Taxes and Accreditations**. Colony will apply and use its commercially responsible efforts to obtain and maintain all licenses, permits, business taxes and accreditations required in connection with the management, operations and use of the Premises, the cost of which will be an operating expense incurred by Colony.

f. Colony agrees not to commit or suffer to be committed any waste or nuisance in, or about the Premises (including allowing any offensive odors to carry outside the Premises). Colony will comply in all material respects with all federal, state and local laws, ordinances and regulations which pertain or apply to the use of the Premises now or subsequently imposed.

7. **Maintenance and Repair; Alterations**.

a. **Colony's Maintenance and Repair Obligations**.

i. Colony hereby acknowledges and represents that Colony has inspected the Premises and agrees to the Premises in its present condition. In that condition, Colony agrees, at Colony's sole cost and expense without right of

reimbursement from the City, but subject to the provisions of this section, to make such repairs and improvements to the interior, nonstructural portions of the Premises as may be necessary for Colony's use, and to maintain the Premises in good and sanitary order and repair; provided; however, that any such repairs, improvements or maintenance will be subject to the terms and conditions imposed upon "Tenant" in the Master Lease unless otherwise provided herein. Colony will be responsible for non-capital and capital repair and replacement, and general cleaning and maintenance of the interior of the Premises, as well as all repair obligations of "Tenant" under the Master Lease unless otherwise provided herein. Colony shall also be responsible for the maintenance and repairs at the Premises as outlined in Exhibit "A" (Maintenance Responsibility Matrix).

ii. During Colony's occupancy of the Premises under this Operating Agreement, Colony will be responsible for repair, replacement and maintenance of all improvements made in and to the Premises by Colony (whether of a capital or non-capital nature). Colony will be responsible to complete certain improvements to the Premises that will include, but not limited to, restoration of exterior facility signage, restoration of exterior entrance tiles, seat refurbishment/replacement, carpeting throughout the facility, upgrade scaffold, upgrade rehearsal room with Marley flooring, update lighting fixtures in lobby and art gallery, electrical wiring for stage lights and sound and telecommunications, all control booth and dressing room amenities, and the labor to install same in the Premises. The Colony will also furnish the various offices and provide all office equipment, including computers and telephones needed for its operation. Colony will obtain City's approval prior to completing any major repair, replacement, or maintenance to the Premises exceeding $5,000. City has absolute and sole discretion to approve any repairs. In the event any repairs, improvements, or maintenance requires approval by the Town Center under the Master Lease, Colony will first obtain City's approval of such repairs, improvements, or maintenance to the Premises. Colony will provide timely notice to City and/or Town Center, as applicable, of any repairs that are the responsibility of City or Town Center of which Colony is aware of. Upon expiration or termination of this Operating Agreement, Colony agrees to surrender the Premises in reasonably good and sanitary order, condition, and repair in the same condition as when leased to the Colony; permitted or approved alterations, improvements, additions, and reasonable wear and tear excepted.

iii. Janitorial Service. Colony will be responsible for complete janitorial services and the furnishing of janitorial supplies, lamps, and tubes for the proper maintenance of its interior facilities within the Premises.

b. **City's Maintenance and Repair Obligations**.

i. The maintenance, repair, and replacement obligations of each party are set forth in Paragraph 6 of the 2026 Sublease and Master Lease Modification as to each applicable party.

ii. City shall comply with its obligations of maintenance and repair relative to the Premises as stated in the 2026 Sublease and Master Lease Modification including, without limitation, Section 6 (Maintenance. Maintenance Responsibility Matrix). In addition, the City shall be responsible for any and all improvements and maintenance necessary for compliance with applicable laws (including, without limitation, the Americans with Disabilities Act (ADA), and for maintenance related to the HVAC and heating equipment, for the pipes and conduits serving the Premises (including those contained between the exterior and interior walls), and for maintenance related to the elevator. City is responsible for repairs as outlined in Exhibit "A" (Maintenance Responsibility Matrix).

c. **Town Center's Maintenance and Repair Obligations**.

i. The maintenance, repair, and replacement obligations of each party are set forth in Paragraph 6 of the 2026 Sublease and Master Lease Modification as to each applicable party.

ii. Town Center shall comply with its obligations of maintenance and repair relative to the Premises as stated in the Master Lease including, without limitation, Section 13.01 (Landlord's Duty), provided however, that Town Center shall have no obligation or responsibility to repair, maintain or replace any improvements or work of construction installed or performed by the City or the Colony in or to the Premises.

d. **Capital Improvements**. Except as otherwise provided herein or as stated in Exhibit "B" (Goals and Objectives), neither Colony nor City will be obligated to construct any capital improvements to the Premises unless required by the Master Lease, nor will Colony or City be obligated to perform any repairs or maintenance to the roof (including the roof membrane), building systems, or structural components of the Premises (including the foundation), or replace any portion of the Premises, unless the cause for such repairs is due to the negligence or willful misconduct of the Colony, its agents or employees caused by alterations, additions or improvements made by Colony or anyone claiming under Colony, in which case Colony is required to make such repairs.

e. **Insurance Rates**. Colony will not do or permit activities on or in the Premises, nor bring or keep anything in the Premises, that will in any way invalidate, increase the existing premium rate of, or otherwise affect, any insurance upon the Premises, and if such activities should result in any increase in the existing premium rate of insurance, then Colony shall be liable for such additional cost.

f. **Alterations.**

i. **General**. Except as otherwise provided in this paragraph, Colony will not make any alterations, additions, or improvements to the Premises, without City's prior written approval. Furthermore, if such alterations, additions, or

improvements require approval by the Town Center under the Master Lease, Colony will obtain the Town Center's approval prior to making such alterations, additions, or improvements. If Colony desires to make any such alterations, additions, or improvements, Colony will provide to City at least ten (10) calendar days' written notice prior to commencement of construction. City will have the right to approve the contractor used by Colony for any work in the Premises, and to post notices of non-responsibility in connection with work being performed by Colony in the Premises. Colony agrees to indemnify, defend, and hold harmless the City, Town Center, and the Premises free and harmless from any and all liabilities, claims, liens, encumbrances and judgments created or suffered in connection with labor, services or materials furnished in connection with any alterations or additions which Colony causes to be made to the Premises. Colony will not permit any mechanic's lien or stop order or other encumbrance as outlined in Section 2.04 of the Master Lease to be recorded against the Premises. If any mechanic's lien or stop order or other encumbrance is recorded against the Premises, Colony will either cause the same to be discharged of record within ten (10) days after the date of recordation, or if Colony, in its discretion determines to contest the lien, Colony must furnish such security and bond as may be reasonably necessary to prevent any foreclosure proceedings against the Premises during the pendency of such contest. Work by Colony shall comply with all laws then applicable to the Premises. The foregoing will not be deemed a waiver of the police powers of the City to review and approve all applications for building permits to confirm that the proposed improvements comply with applicable building codes.

ii. **Signs**. All signage will be subject to the terms and conditions of Exhibit "F" (Sign Criteria, of the 2026 Sublease and Master Lease Modification). Colony will pay for and perform repair and/or improvements of all exterior signs and other advertising features installed at the Premises as of the Effective Date, including but not limited to the marquee sign. Such improvements will be subject to approval by the Town Center. All signs must be maintained in a fully operational condition at all times, free from any visible damage, deterioration, or other disrepair. Signs should present a clean, professional appearance that is consistent with its original design and construction, ensuring all elements are intact, functional and aesthetically consistent with new or well-maintained signage. If Colony chooses to remove signs or advertisements with new signage/advertisements, Colony agrees to restore the exterior of the Premises to a condition reasonably satisfactory to the City and the Town Center following such removal. Colony may also pay for and perform installation of new exterior sign that advertises Colony's use of Premises, subject to approval by the City and the Town Center. At Colony's sole cost and within thirty (30) days of the expiration or other termination of this Operating Agreement, Colony must remove all exterior signs and other advertising features installed by Colony and restore the Premises to a condition reasonably satisfactory to the City and the Town Center.

g. **Ownership of Improvements**. All improvements affixed to the Premises, unless determined otherwise by the City, will be owned by City upon expiration of the Term or sooner termination of this Operating Agreement. Colony will not, however, remove any other improvements from the Premises nor waste, destroy, or modify any improvements to the Premises, except as permitted by this Operating Agreement. All improvements on the Premises at the expiration of the 2026 Sublease and Master Lease Modification and this Operating Agreement will without compensation to Colony, then become City property free and clear of all claims to or against them by Colony or any third person, and Colony will defend and indemnify City against all liability and loss arising from such claims or from City's exercise of rights conferred by this paragraph.

8. **Utilities and Services**.

a. **Utilities**. Colony will pay all utility charges for the Premises. If City or Town Center incurs and costs for utilities, including but not limited to water, electric and/or gas, then Colony will reimburse the City or Town Center within five (5) days after being billed thereof. Upon request of City, Colony will provide to City proof of payment of any or all utilities in a manner acceptable to City in its reasonable discretion. Colony shall indemnify, defend, and hold harmless and protect Tenant from and against any and all claims, liabilities, damages, losses, costs and expenses (including reasonable attorney's fees) in connection therewith. City is not and shall not be required to furnish to Colony and utility, facility equipment, labor, material or service of any kind whatsoever. City shall not be liable in damages or otherwise for any failure interruption or unavailability of any utility service being furnished to Premises. No such failure or interruption shall entitle Colony to terminate the 2026 Sublease and Master Lease Modification or this Operating Agreement or receive any abatement of rent.

b. **Regulations**. Colony must comply with all government laws or regulations regarding the use or reduction of use of utilities on the Premises. Interruption of services or utilities will not be deemed an eviction or disturbance of Colony's use and possession of the Premises, render City or Town Center liable to Colony for damages, or relieve Colony from performance of Colony's obligations under this Operating Agreement.

c. **Security**. City will not provide security services or adopt security measures regarding the Premises unless otherwise specified in Exhibit "A" (Maintenance Responsibility Matrix).

9. **Taxes and Assessments**.

a. **Real Estate and other Ad Valorem Taxes and Assessments**. To the extent Colony, or its subtenants or assigns, ceases to qualify as a tax-exempt entity with regard to property taxes or otherwise fails to maintain its tax-exempt status with regard to property taxes, Colony shall be responsible for and shall pay, during each year of the Term, all real estate and other ad valorem taxes and assessments of every kind (including general and special assessments, foreseen and unforeseen) with respect to all land, buildings and improvements on the Premises (collectively, "Taxes") that may be charged directly by the Town Center against Colony or otherwise charged against the City pursuant to

the Master Lease. For purposes of this paragraph, the provisions in the Master Lease shall govern Colony's rights and obligations with regard to such Taxes. This paragraph shall not apply during all times that Colony is or remains a tax-exempt entity.

b. **Other Taxes**. If applicable, Colony will pay all taxes, license fees or other governmental charges assessed or imposed on the Personal Property owned by Colony located on the Premises or upon the business operations of Colony conducted on the Premises.

10. **Accounting Systems and Audits**.

a. **Accounting Systems and Business Records.** Colony must maintain an accurate accounting of all receipts and disbursement in connection with the Premises. The method of accounting and bank accounts established for the Premises will be separate from the accounting system used by Colony for any other matters. Colony's accounting system will be in accordance with Generally Accepted Accounting Principles ("GAAP"). Such methods include the keeping of the following documents.

i. Regular books of accounting such as general ledgers.

ii. Journals including any supporting and underlying documents such as vouchers, checks, tickets, bank statements, etc.

iii. State and Federal income tax returns, sales tax returns and check and other documents providing payments of sums shown.

iv. California non-profit public benefit corporation filings.

v. Internal controls on the receipt and recording of all cash receipts, and all others.

vi. Operational financial accounting controls and procedures as they relate to gross revenues are subject to the approval by the City. For the purpose of this agreement, "Gross Revenues" means all money received as a result of the operations of Colony and the sale of goods and services at Colony, determined in accordance with generally accepted accounting principles consistently applied. Gross Revenues shall not include the following: sales tax, excise taxes. At a minimum, the internal control of cash must include an electronic cash register, Point of Sale ("POS") with an auditable daily tape, daily reconciliation of the cash deposit and sales, issuance of physical dated receipt to every patron, a daily activity report listing number of patrons, total collection, merchandise sold (if applicable) and a monthly summary report. Any other accounting records that City, in its reasonable discretion, deems necessary for proper reporting of receipts.

b. **Retention of Financial Records**. Colony will maintain, at its principal offices, its financial records pertaining to such books of account, records, cash receipts, and other pertinent data pertaining to the Premises, which must be kept for a period of at least four (4) years after the conclusion of any fiscal year. The receipt by the City of any

statement, or any payment of additional rent for any period, will not bind City as to the correctness of the statement or the payment.

c. **Audit**. City reserves the right during the Term, on an annual basis and within four (4) years after expiration or termination of the 2026 Sublease and Master Lease Modification or this Operating Agreement, to inspect and examine all Colony's books of account, records, cash receipts, and other pertinent data relevant to operation, maintenance, and management of the Premises at City's expense except as provided in this section specifically:

   i. Copies of annual state and federal income tax returns, and annual and monthly detailed financial statements for a period of four (4) years.

   ii. The City's right to audit will extend during the length of this Operating Agreement and for a period of four (4) years, or longer, if required by law, following the date of final payment of monies owed under this Agreement. Colony agrees to retain all necessary records/documentation for the entire length of the City's right to audit.

   iii. An audit may be accomplished and paid for, in the City's sole discretion, by either City forces or an outside auditing firm. In addition, City retains the right to perform spot check audits no more than once a year and upon providing notice to Colony at least forty-eight (48) hours in advance, this limitation does not apply to audits.

   iv. To the extent legally possible, City will keep information gained from such statements, inspection, or audit confidential (subject to applicable laws, including but not limited, to the California Public Records Act and the Ralph M. Brown Act), and will only disclose such information for the purpose of administering or otherwise carrying out the purpose of this Operating Agreement.

11. **Annual Report to City's Parks and Recreation Board**. On an annual basis, Colony must prepare and present a report to the City's Parks and Recreation Board (Board), on a date mutually agreed upon by the parties. The report must identify all aspects of the operations as defined herein. Report will include but not limited to revenue, expenses, programming, attendance and maintenance, and all goals accomplished in the past year. The annual report shall be in form and substance reasonably acceptable to the Director.

12. **Use by City**. Throughout the Term, at least five (5) non-weekend and non-consecutive days each calendar year shall be made available for use of the Premises by the City including City Board, Commission, and Committee meeting, at no cost, or City may authorize a Community Group (as defined below) to use such day(s). A day shall be deemed as eight (8) hours. The exact dates shall be determined by the Colony and Director. Best efforts will be used to achieve maximum scheduling separation. City will provide the Colony with a minimum of thirty (30) days' advance written notice prior to any scheduled use of the premises by Community Groups. Dates allocated to the City, but not used by them, shall revert to the Colony's use.

13. **Use by Community Groups**. Community Group is defined as, may include, but is not limited to, neighborhood associations, non-profit organizations, volunteer groups, or other collectives that represent the interests of or provide services to the community.

    a. **Use by Burbank-based Non-Profit Organizations**. Colony agrees to provide free and at-cost meeting space in the rehearsal studio to Burbank based non-profits as Colony's performance schedule allows. Use(s) under this subsection will not be considered use by the City under Paragraph 12 above.

14. **Colony Support Services for City and Community Group Use**. Upon request, the Colony will provide the following support services for City or City-selected Community Groups when such are utilizing the Premises pursuant to Section 13 (Use by Community Groups) collectively "Support Services." City or City-selected Community Group shall pay Colony for any and all direct costs related to such support services including:

    a. If applicable, maintain consistent online commerce and weekly box office hours of operations to accommodate Facility walk-ups, phone calls, and meetings that may arise.

    b. A box office at the Premises during business hours for reservations/advance ticketing services for community group performances to take place at the Premises.

    c. If applicable, notification on the outdoor marquee at the Premises of current and upcoming events (subject to the Colony's rights of use relative to such marquee, as set forth in the 2026 Sublease and Master Lease Modification). Colony shall not be obligated to pay for any such notifications, posters or advertising/promotional materials.

    d. Use at the Premises of Colony's lighting, sound, projection, intercom, headsets and audio/video monitoring systems under the supervision of Colony's staff.

    e. Use of the theater backstage areas at the Premises for sets, props, and costumes during performance or use periods in the main auditorium.

    f. Basic consulting services by the Colony's Technical Director to community groups using the facilities at the Premises.

    g. If requested, help and consultation by the Colony's professional staff of directors, subject to availability.

    h. Maintenance, janitorial and lockup services at the Premises.

15. **Concession and Ticketing Operations**.

    a. **Concession.** When the Premises is being used by City and Community Groups, Colony shall permit the City and Community Groups to sell concessions during their use of the Premises. The City and Community Groups shall not use Colony's concession

equipment or supplies, except for tables, which shall be made available by Colony as part of the rental agreement. All other equipment and supplies required for concession sales, including but not limited to point-of-sale (POS) systems, shall be the sole responsibility of the City or the applicable Community Group.

b. **Ticketing**. When the Premises is used by the City or Community Groups for events requiring ticketing, the respective group shall be solely responsible for establishing and managing its own ticketing, registration, and financial processing systems. The group may use the physical ticketing booth located on the Premises, but shall not utilize Colony's ticketing platform, software, or financial accounts for any event-related transactions.

16. **Additional Groups**. The 2026 Sublease and Master Lease Modification permits the Colony to offer the Premises to groups other than the Community Groups discussed in Section 13 of this Operating Agreement, the financial arrangements of which may include, without limitation, that of joint venturing with other persons or entities with respect to specific productions to be staged at the Premises.

17. **Use Agreement**. With the exception of uses pursuant to Section 3(a), the Colony shall have the right to determine the content and quality of scheduled third-party rental programming. Any rental group, licensed caterers, and third-party contractors utilizing the Premises pursuant to this Operating Agreement shall be required to execute a use agreement ("Use Agreement") with the Colony, the general form for which shall be approved by the Burbank City Attorney's Office and Landlord, which shall establish box office and facility hours, and will enumerate specific services to be provided by the third-party and Colony. It shall retain, for the Colony, the right to approve personnel operating the Colony's equipment and shall require such groups to (a) to exercise safe and reasonable care in their use of the Premises and its fixtures and equipment, (b) to agree to be fully responsible for damage to the Premises and its fixtures caused by such groups of their audiences, ordinary wear and tear excluded, and (c) to furnish proof of insurance (naming the City, Colony, Landlord and Landlord's Lender and additional insureds) covering any damage to the Premises and fixtures occurring as a result of the group's use of same, as well as insurance as outlined in Section 8 of the 2026 Sublease and Master Lease Modification.

18. **Refusal to Permit Use of Facility**. The Colony may refuse to permit the use or continued use of the Premises by any third party that, in the Colony's reasonable discretion, has not observed its Use Agreements with the Colony or similar agreements with other theaters, or whose performances are functionally incompatible with the orderly use of the Premises, or may cause damage to the Premises and its fixtures and improvements.

19. **Default**.

a. **Default.** Any of the following will constitute a default by Colony under this Operating Agreement.

i. Colony's failure to pay Rent or any other charge under the 2026 Sublease and Master Lease Modification within seven (7) days after it is due.

ii. Colony's failure to observe or perform any of the covenants, conditions or provisions of this Operating Agreement to be observed or performed by Colony, including but not limited to obligations imposed under the Master Lease, 2026 Sublease and Master Lease Modification, and the REA, other than described in subsection 20(a)(i) above where such failure continues for a period of third (30) days after written notice hereof from City to Colony; provided, however, that if the nature of Colony's default is such that more than thirty (30) days are reasonably required for its cure, then Colony will not be deemed to be in default if Colony commenced such cure within said thirty (30) day period and thereafter diligently prosecutes such cure to completion; or failure to comply with any other term or condition imposed under this Operating Agreement, the Master Lease, or the REA, within thirty (30) days following written notice from City specifying the noncompliance.

iii. Colony's insolvency, business failure or assignment for the benefit of its creditors. Colony's commencement of proceedings under any provision of any bankruptcy or insolvency law or failure to obtain dismissal of any petition filed against it under such laws within the time required to answer; or the appointment of a receiver for all for any portion of Colony's properties or financial records.

iv. Colony's abandonment of the Premises for at least 30 days, with or without notice to the City of such action.

v. Failure to complete and provide documentation of adherence to any of the obligations described herein, including but not limited to Goals and Objectives, Operation Guidelines, Livescan, Management and Operation Plan, proposed Annual Budget, Financial Reporting, and Annual Report to Parks and Recreation Board.

b. **Remedies**. In the event of a default or breach, City may, with or without further notice or demand, and without limiting City in the exercise of any right or remedy which City may have by reason of such breach:

i. Terminate Colony's right to possession of the Premises by any lawful means, in which case this Operating Agreement will terminate, and Colony must immediately surrender possession to City. In such event, City will be entitled to recover from Colony:

(1) Unpaid Rent which had been earned at the time of termination; (2) the worth at the time of award of the amount by which the unpaid Rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Colony proves could have been reasonably avoided; (3) the worth at the time of award of the amount by which the unpaid rent for the balance of the Term after the time of award exceeds the amount of such rental loss that the Colony proves could be reasonably avoided; (4) any other

amount necessary to compensate City for all the detriment proximately caused by the Colony's failure to perform its obligations under the 2026 Sublease and Mater Lease Modification or this Operating Agreement, which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession of the Premises, expenses of reletting, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, and that portion of any leasing commission paid by City in connection with this Operating Agreement applicable to the unexpired Term of this Operating Agreement. The worth at the time of award of the amount referred to in provision; and (5) of the immediately preceding sentence will be computed by discounting such amount at the discount rate of the Federal Reserve Bank of the District within which the Premises are located at the time of award plus one percent (1%). Efforts by City to mitigate damages caused by Colony's breach of this 2026 Sublease and Mater Lease Modification will not waive City's right to recover damages hereunder. If termination of this 2026 Sublease and Mater Lease Modification is obtained through the provisional remedy of unlawful detainer, City will have the right to recover in such proceeding any unpaid Rent and damages as are recoverable therein, or City may reserve the right to recover all or any part thereof in a separate suit. If a notice and grace period required above, was not previously given, a notice to pay rent or quit, or to perform or quit given to Colony under the unlawful detainer statute will also constitute the notice required above. In such case, the applicable grace period required above, and the unlawful detainer statute will run concurrently, and the failure of Colony to cure the Default within the greater of the two such grace periods will constitute both an unlawful detainer and a breach of this 2026 Sublease and Mater Lease Modification entitling City to the remedies provided for in the 2026 Sublease and Mater Lease Modification and/or by statute.

ii. Pursue any other remedy now or hereafter available under the laws or judicial decisions of the state of California. The expiration or termination of this Operating Agreement and/or the termination of Colony's right to possession will not relieve Colony from liability under any indemnity provisions of this Operating Agreement as to matters occurring or accruing during the Term hereof or by reason of Colony's occupancy of the Premises.

iii. City may make any payment or perform any obligation which Colony has failed to perform, in which case City will be entitled to recover from Colony upon demand all amounts so expended, plus interest from the date of expenditure at the rate of ten (10) percent per annum. Any such payment or performance by City will not waive Colony's default.

20. **General Terms**.

a. **Titles and Headings; Context**. Titles and headings to paragraphs in this Operating Agreement are for the purpose of reference only and shall, in no way limit, define, or otherwise affect the provisions of it.

b. **Incorporation by Reference**. Every exhibit, schedule, and other appendix attached to this Operating Agreement and referred to herein is hereby incorporated into this Operating Agreement by reference.

c. **Non-Assignment**. This Operating Agreement, and any rights or obligations hereunder, are personal to the Colony and shall not be assignable by the Colony without the City's prior written consent.

d. **Successors.** Notwithstanding any other provisions hereof, all the terms, covenants and conditions of this Operating Agreement shall be binding upon and shall inure to the benefit of the successors and assigns of the Parties hereto.

e. **Third Parties**. Nothing contained in this Operating Agreement is intended to confer any benefit or right of any kind on any person who is not a signatory to this Operating Agreement.

f. **Notices**. Notices between the parties relating to this Operating Agreement will be in writing, including but not limited to, e-mail communications, requests and other communications hereunder shall be effective when received, but if sent by registered or certified mail, postage prepaid, shall be effective from three (3) business days after being deposited in the United States Mail.

g. **Authority**. Each individual executing this Operating Agreement on behalf of an entity represents and warrants full authority to execute this Operating Agreement on behalf of such entity and the execution of this Operating Agreement, and entry into this transaction of the undersigned has been duly authorized by such entity.

h. **Governing Law; Partial Invalidity**. This Operating Agreement shall be governed by and construed in accordance with the laws in the State of California.

i. **No Joint Venture**. Nothing contained herein, in this Operating Agreement or in any document executed in connection herewith shall be construed as making the Colony, on the one hand, and the City, on the other hand, as joint venturers or partners or agents of each other.

j. **Waiver of Claims**. Colony hereby irrevocably waives on behalf of itself, its successors and assigns and all persons claiming through it, any claim which Colony may assert against the City for inverse condemnation, relocation payment or compensation for fixtures and equipment and/or any other costs, expenses or claims not specifically listed herein incurred by Colony in connection with any termination, either by operation of law or otherwise of this Operating Agreement. Colony specifically

acknowledges that this Operating Agreement may be pleaded as a defense and a bar to any such claim. Colony further specifically acknowledges that in making this waiver, Colony has consulted with its attorney and that this waiver is made freely and with knowledge of the character and extent of the rights thus waived.

k. **Reciprocal Easement Agreement; Master Lease; Sublease**. This Operating Agreement is subject to the terms and conditions of the REA, the 2026 Sublease and Master Lease Modification, and the Master Lease.

l. **Laws and Ordinances**. Colony and its subcontractors shall obtain any and all permits and licenses that may be required in connection with its operations at the Premises and shall comply with all applicable federal, state, county and local laws and regulations in the exercise of the rights and privileges granted to it by the 2026 Sublease and Master Lease Modification and this Operating Agreement.

m. **Attorney's Fees**. In any litigation arising out of this Operating Agreement, the prevailing party will be entitled to recover reasonable attorney's fees and costs associated therewith.

n. **Execution Counterparts**. This Operating Agreement may be executed in counterparts and each such duplicate counterpart shall constitute an original, any one of which may be used for any purpose without the production of its duplicate counterpart. Moreover, each counterpart shall be deemed for all purposes to be an original, and all such counterparts together shall constitute one and the same instrument, binding on all Parties hereto. Transmission by electronic mail, and/or other validated instantaneous electronic transmission to one Party of a true copy of a counterpart duly executed by the other Party shall constitute valid delivery of such counterpart, and shall be valid, binding and effective for all purposes. Notwithstanding the foregoing, the authority under this Section to execute this Sublease with an electronic signature shall be limited to a physical "wet" ink signature placed on a counterpart to this Operating Agreement by a Party and transmitted electronically as described in this Section to the other Party.

[Signatures on following page]

IN WITNESS WHEREOF, this Agreement has been executed by the parties as of the Effective Date.

**EXHIBIT A**
**MAINTENANCE RESPONSIBILITY MATRIX**

| | MAINTENANCE DIVISIONS | TENANT / CITY | SUBLESSEE / COLONY | LANDLORD / TOWN CENTER | COMMENTS |
|---|---|---|---|---|---|
| 1 | **Building Envelope** | | | | |
| | Roof and waterproofing inspection | X | | | |
| | Roof, roof drain and downspout cleaning | | | X | |
| | Roof waterproofing investigation and repair | | | X | |
| | Exterior painting and lifecycle replacement | | | X | |
| 2 | **Openings** | | | | |
| | Door and window repair | X | | | |
| | Door and window replacement | | | X | |
| | Electrified door and window maintenance and repair | X | | | |
| | Key duplication, lock service and small repairs | | X | | Repairing locks and duplicating keys on an as needed basis. |
| | Lock replacement and lock addition | X | | | |
| 3 | **Interior Finishes** | | | | |
| | Future tenant Improvements | | X | | Must be approved by Tenant / City prior to construction - See Operating Agreement - Exhibit B - Goals and Objectives |
| | Floor repair and replacement - (non-structural) | | X | | Tenant / City is not responsible for wear and tear on facility carpeting and flooring throughout the facility including restrooms, lobby, offices, ticket booth, stage area, etc. |
| | Floor maintenance | | X | | Sublessee / Colony must maintain flooring throughout the facility including restrooms, lobby, offices, ticket booth, stage area, etc. |
| | Interior painting | | X | | |
| | Interior paint and finishing, lifecycle replacement | | | X | |
| | Restroom finishes including all fixtures (e.g. faucets, partitions, tile, mirrors and towel bars) | | X | | All upgrades / replacements / repairs must comply with ADA standards. All fixtures must be in compliance with ADA standards. |
| | Casework/Cabinets - repair | | X | | |
| | Window treatment | | X | | Includes window treatments inside the facility such as shutters, curtains, blinds, etc. |
| 4 | **Plumbing** | | | | |
| | **Waste Water Systems** | | | | |
| | Sewer maintenance and stoppages - to Building | X | | | |
| | Sewer maintenance and stoppages - within Building | | X | | Includes clogged sinks, faucets, toilets, drains, etc. |
| | Sewer repair and replacement | | | X | |
| | **Water Supply Systems** | | | | |
| | Backflow device test and inspection | X | | | |
| | Backflow device repair | X | | | |
| | Backflow device replacement | X | | | |
| | Fire sprinkler replacement | | | X | |
| | Fire sprinkler maintenance and repair | X | | | |
| | Water filters- appliance | | X | | Includes all appliance filters such as water drinking fountains, water bottle fill stations, refrigeration units , etc. owned by Sublessee / Colony or City / Tenant. |
| | Plumbing system large repair and lifecycle replacement (includes fire water) | | | X | |
| | Plumbing fixtures and valve maintenance within the building | | X | | Includes any plumbing or valve maintenance such as sink or toilet adjustments (toilet running, sink dripping, etc.). This includes only plumbing fixtures mounted on the exterior walls, such as wall-mounted facets, or exposed exterior plumbing. Exclusions include any plumbing systems, pipes or fixtures that are located within the walls. |
| | Plumbing fixture, valve repair and replacement within the building | | X | | All repairs and replacement exceeding $5,000 must be approved by Tenant/City. |
| 5 | **Electrical** | | | | |
| | Uninterruptible Power Supply system maintenance - personal computer | | X | | |
| | Uninterruptible Power Supply system repair and replacement for building | | | X | |
| | Computers and internal network | | X | | |
| | Electrical system maintenance | X | | | No work allowed inside panels unless authorized by Tenant/City. |
| | Electrical system large repair and lifecycle replacement | | | X | |
| | Lighting control system modification | | X | | Any change or modifications requires approval by Tenant / City such as electrical re-wiring. Including timers, dimmers, lighting schedules, and any complex system. |
| 6 | **Mechanical/HVAC** | | | | |
| | HVAC system maintenance | X | | | |
| | HVAC system repair and replacement | | | X | |
| | **Exhaust Systems** | | | | |
| | Exhaust system and hood maintenance, repair and replacement | | | X | Includes HVAC vents, restroom fans, kitchen appliance exhaust system, laundry vents / chutes, etc. including supply vents/registers, return vents located on interior walls, floors, ceilings. |
| | Exhaust system and hood cleaning | | X | | Includes cleaning of HVAC vents, restroom fans, kitchen appliance exhaust system, laundry vents / chutes, etc. including supply vents/registers, return vents located on interior walls, floors, ceilings. |
| 7 | **Communication** | | | | |
| | Data, low voltage infrastructure maintenance and repair | | X | | Includes network maintenance or repair for PC, computer networks, alarm, surveillance, fiber optics, communication systems, etc. |

| | MAINTENANCE DIVISIONS | TENANT / CITY | SUBLESSEE / COLONY | LANDLORD / TOWN CENTER | COMMENTS |
|---|---|---|---|---|---|
| | Data, Low Voltage Infrastructure replacement and new installations | | X | | Requires approval by Landlord/Town Center. |
| | Internal virtual network service and repair | | X | | |
| 8 | **Elevators** | | | | |
| | Elevators, vertical lift systems test, inspection and repair | X | | | |
| | Elevators, vertical Lift systems large repair and replacement | | | X | |
| 9 | **Low voltage Systems** | | | | |
| | Access Control test inspection and replacement | X | | | |
| | Security - Intrusion systems (sec sys) Test, Inspection and replacement | X | | | Requires approval by Landlord / Town Center. |
| | Surveillance/Cameras/CCTV | X | | | Requires approval by Landlord / Town Center. |
| | Access to data | X | | | Applies if Tenant / City approves Sublessee / Colony to install surveillance. |
| 10 | **Special Equipment** | | | | |
| | Emergency generator test, repair and replacement | | | X | |
| | Bolt-on specialty equipment specific to tenant use | | X | | Modifications may require approval by Landlord / Town Center. any items that are bolted or affixed to the building's structural elements—such as walls, floors, or ceilings -including, but not limited to, large cabinets secured for stability, rigging equipment, or any other fixtures necessary to support and operate the CTC business. |
| | Appliance maintenance and repair | | X | | |
| | Appliance replacement | | X | | May require approval by Landlord / Town Center. |
| 11 | **Regulatory and Compliance** | | | | |
| | Exit signs and evacuation lighting - test, inspection and replacement | X | | | |
| | Fire extinguisher test and inspection | | X | | Performed monthly. |

**FIRST AMENDED AND RESTATED**

**CONSTRUCTION, OPERATION AND RECIPROCAL**

**EASEMENT AGREEMENT**

**(Burbank, California)**

**THIS FIRST AMENDED AND RESTATED CONSTRUCTION, OPERATION AND RECIPROCAL EASEMENT AGREEMENT** is made and entered into as of the _____ day of _____, 1990, by and among **HAAGEN-BURBANK PARTNERSHIP**, a California general partnership (hereinafter referred to as "Developer"); **SEARS, ROEBUCK AND CO.**, a New York corporation (hereinafter referred to as "Sears"); **MERVYN'S**, a California corporation (hereinafter referred to as "Mervyn's"); **IKEA PROPERTY, INC.**, a Pennsylvania corporation (hereinafter referred to as "Ikea"); and **BULLOCK'S PROPERTIES CORP.**, a Delaware corporation (hereinafter referred to as "Bullock's").

W I T N E S S E T H:

WHEREAS, the City of Burbank, California (hereinafter referred to as the "City"), by Ordinance No. P.D.89-4, adopted September 19, 1989 and recorded November 15, 1989 as Instrument No. 89-1842284, approved and adopted the Redevelopment Plan for the City Centre Redevelopment Project (hereinafter referred to as the "Redevelopment Plan") for a project area located within the boundaries of the City, in the County of Los Angeles, State of California, entitled the "City Centre Redevelopment Project Area" (hereinafter referred to as the "Redevelopment Project"); and

WHEREAS, a portion of said Redevelopment Project (the "Shopping Center Site") is described in Part 1 of Exhibit A and is shown on the plot plan attached hereto as Exhibit B; and

WHEREAS, Developer is the lessee, under a written lease agreement dated as of the date hereof (the "Ground Lease"), of certain parcels of real property situated within the Shopping Center Site, described in Part 2 of Exhibit A and shown on

Exhibit B as Parcels 2, 3, 4, 6, 8, 9, 11 and 12, inclusive (hereinafter collectively referred to as the "Developer Tract"); and

WHEREAS, Sears is the sublessee of a certain tract of real property, under a written lease agreement between Developer as sublessor and Sears as sublessee (hereinafter referred to as the "Sears Lease") situated within the Shopping Center Site, described in Part 3 of Exhibit A and shown on Exhibit B as Sears Tract (hereinafter referred to as the "Sears Tract"); and

WHEREAS, Mervyn's is the sublessee of a certain tract of real property, under a written sublease agreement between Developer as sublessor and Mervyn's as sublessee (hereinafter referred to as the "Mervyn's Lease"), situated within the Shopping Center Site, described in Part 4 of Exhibit A and shown on Exhibit B as Mervyn's Tract (hereinafter referred to as the "Mervyn's Tract"); and

WHEREAS, Ikea is the lessee of a certain tract of land, pursuant to a written lease agreement between the Redevelopment Agency of the City of Burbank, a public body, corporate and politic, formed, organized and existing under the provisions of Chapter 2 of the California Community Redevelopment Law (hereinafter referred to as the "Agency"), as lessor, and Ikea as lessee (hereinafter referred to as the "Ikea Lease") situated within the Shopping Center Site, described in Part 5 of Exhibit A and shown on Exhibit B as the Ikea Tract (hereinafter referred to as the "Ikea Tract"); and

WHEREAS, Bullock's is the sublessee of a certain tract of real property, under a written lease agreement between Developer as sublessor and Bullock's as sublessee (hereinafter referred to as the "Bullock's Lease") situated within the Shopping Center Site, described in Part 6 of Exhibit A and shown on Exhibit B as the Bullock's Tract (hereinafter referred to as the "Bullock's Tract"); and

WHEREAS, the "Parties" desire to cause the construction of certain on-and off-site improvements sufficient to enable all

of the "Tracts" to be developed in accordance with the Redevelopment Plan, the DDA and this REA; and

WHEREAS, Developer (as "Developer") and the Agency have heretofore entered into a Disposition and Development Agreement dated November 15, 1989 and recorded November 15, 1989 as Instrument No. 89-1842284 (the Disposition and Development Agreement as implemented by that certain First Implementation Agreement dated _____, 1990 and recorded _____, 1990 concurrently herewith, and as may be further implemented and amended from time to time is hereinafter referred to as the "DDA"), pursuant to the terms of which Developer has agreed to cause the construction of certain buildings and improvements on and off the Shopping Center Site so as to create a multi-purpose commercial complex on the Shopping Center Site; and

WHEREAS, pursuant to the provisions of the Redevelopment Plan and of the DDA, the Agency is obligated to cause the construction of certain capital improvements within, in the vicinity of, and adjacent to the Shopping Center Site; and

WHEREAS, in order to set forth the rights, obligations, duties and responsibilities in connection with the development and use of and the buildings and operations on the Shopping Center Site, Developer, Sears, Mervyn's, Ikea and the Agency entered into that certain Construction, Operation and Reciprocal Easement Agreement (hereinafter called the "Original REA") dated November 15, 1989 and recorded November 15, 1989 as Instrument No. 89-1842288; and

WHEREAS, Developer, Sears, Mervyn's, Ikea, Bullock's and the Agency desire to amend, restate and supersede the Original REA and to enter into this First Amended and Restated Construction, Operation and Reciprocal Easement Agreement (hereinafter called the "REA"); and

WHEREAS, Developer, Sears, Mervyn's, Ikea, Bullock's and the Agency desire to make an integrated use of the Tracts, and initially develop and improve the same as a regional shopping center of the so-called "Enclosed Mall" type (which regional

shopping center is hereinafter collectively referred to as the "Center" or the "Shopping Center") and ultimately develop and improve same as a fully integrated mixed-use project involving retail, service, office and such other uses as are approved by the Parties and the Agency; and

WHEREAS, Sears desires to cause to be constructed and thereafter to Operate, or to cause to be Operated, a retail facility as a part of the Center as hereinafter provided, in a building or installation (hereinafter called the "Sears Store"), to be located on a portion of the Sears Tract (which portion is sometimes hereinafter called the "Sears Store Site" and is shown on Exhibit B); and

WHEREAS, Mervyn's desires to cause to be constructed and thereafter to Operate, or to cause to be Operated, a retail facility as a part of the Center as hereinafter provided, in a building or installation (hereinafter called the "Mervyn's Store"), to be located on a portion of the Mervyn's Tract (which portion is sometimes hereinafter called the "Mervyn's Store Site" and is shown on Exhibit B); and

WHEREAS, Ikea desires to cause to be constructed and thereafter to Operate or to cause to be Operated, a retail facility as a part of the Center as hereinafter provided, in a building or installation (hereinafter called the "Ikea Store"), located on a portion of the Ikea Tract (which portion is sometimes hereinafter called the "Ikea Store Site" and is shown on Exhibit B); and

WHEREAS, Bullock's desires to cause to be constructed and thereafter to Operate or cause to be Operated, a retail facility as a part of the Center as hereinafter provided, in a building or installation (hereinafter called the "Bullock's Store") located on a portion of the Bullock's Tract (which portion is sometimes hereinafter called the "Bullock's Store Site" and is shown on Exhibit B); and

WHEREAS, Developer desires to cause to be constructed and thereafter to Operate, or to cause to be Operated as part of

the Center, buildings or installations for retail and related facilities, as part of the Center as hereinafter provided, in the "Developer Improvements" in accordance with this REA, including the "Enclosed Mall" and other Common Area, all of which shall be located on portions of the Developer Tract as shown on Exhibit B; and

WHEREAS, the Parties desire to grant certain easements in, under, over, across and through the Developer Tract, the Sears Tract, the Mervyn's Tract, the IKEA Tract, and the Bullock's Tract respectively; and

WHEREAS, the Parties desire to enter into mutual covenants which shall provide for the construction, maintenance and Operation of the "Common Area" and of the other buildings and improvements constructed and to be constructed upon the Shopping Center Site, and to make certain other covenants and agreements as hereinafter specifically set forth; and

WHEREAS, the Agency has determined that entering into this REA will assure certain benefits to the public and will carry out the public purposes described in the DDA and that the full and beneficial use of the public improvements to be constructed will serve the public interest and will implement the Redevelopment Plan pursuant to the California Community Redevelopment Law.

NOW THEREFORE, in consideration of the foregoing, and of the covenants, conditions and agreements as hereinafter set forth, IT IS AGREED as follows:

//

//

//

//

//

//

//

//

//

## SECTION I

## DEFINITIONS

As used hereinafter in this REA, the following terms shall have the following respective meanings:

A. ACCOUNTING PERIOD. The term "Accounting Period" refers to any period commencing January 1 and ending on the next following December 31, except that the first Accounting Period shall commence as to each Party, respectively, as to its Tract on a date thirty (30) days prior to the earlier of (i) the date each such Party first opens for business in its "Store" or (ii) the date such Party is required to first open for business in its Store pursuant to Section VII-B hereof, and shall end on and include the next following December 31, and as respects each Party hereto, the last Accounting Period shall end on the date that this REA terminates as to the Tract of such Party. Any portion or portions of "Common Area Maintenance Cost" (as hereinafter defined) relating to a period of time only part of which is included within the first Accounting Period or the last Accounting Period of a Party shall be prorated on a daily basis as respects such Party.

B. ALLOCABLE SHARE. The term "Allocable Share" refers to that part of Common Area Maintenance Cost allocable to each respective Party for each Accounting Period, to be computed by multiplying Common Area Maintenance Cost by a fraction, the numerator of which shall be the "Initial Planned Floor Area" of the Sears Store, the Mervyn's Store, the Ikea Store, the Bullock's Store, the "Developer Mall Stores" and the "Developer Non-Mall Stores", as designated in Section VIII-A hereof and located on the Tract of the Party whose Allocable Share is to be determined, and the denominator of which shall be the total Initial Planned Floor Area of the Sears Store, the Mervyn's Store, the Ikea Store, the Bullock's Store, the Developer Mall Stores and the Developer Non-Mall Stores located on the Tracts of all the Parties whose Tracts are being maintained by the same "Operator" at the time of calculation.

The Allocable Share of each Party is subject to adjustment as set forth in Section I-M hereof.

C. AUTOMOBILE PARKING AREA. The term "Automobile Parking Area" refers to all Common Area used for the parking of motor vehicles, including the Parking Facilities, and including incidental and interior roadways, ramps, pedestrian stairways, pedestrian bridges, decks, walkways and tunnels, curbs and landscaping located within or adjacent to areas used for parking of motor vehicles, together with all improvements which at any time are constructed thereon or therein, subject to the provisions of Section II-H hereof. The Automobile Parking Area shall not include truck ramps and loading and delivery areas.

D. COMMON AREA. The term "Common Area" refers to all areas (other than those areas located within any hotel or office building) within the exterior boundaries of the Shopping Center Site which are made available, as hereinafter provided, for the general use, convenience and benefit of all "Occupants" and "Permittees"; provided that the portions of the Common Area designated on Exhibit B as "Ikea Pick-up Area", "Bullock's Pick-Up Area" and "Sears Pick-Up Area" shall be primarily reserved for loading and unloading in connection with the Operation of the Ikea Store, the Bullock's Store, and the Sears Store, respectively.

Such Common Area shall include, but not be limited to, utility lines and systems; Automobile Parking Area; access roads, driveways; "Perimeter Sidewalks"; malls, including the Enclosed Mall; pedestrian walkways; pedestrian bridges (including expansion joints and supporting columns), pedestrian decks, pedestrian tunnels; rest rooms, emergency exit corridors, stairs, elevators, escalators and similar areas not located within the premises of any Occupant; parking areas located outside the Shopping Center Site as may be approved by the Parties; and in addition, a Common Area maintenance office and Common Area equipment sheds, to which free access may not be allowed except to Persons so authorized by Operator. The

Common Area shall include, but not be limited to, all items of Common Area shown on Exhibit B, and the "Office Parking Area" described in Section X-E-3 of this REA during certain hours that the Office Parking Area is available for use by Permittees.

Common Area shall not include restrooms, emergency exit corridors, stairs, elevators, escalators and similar areas contained within any area exclusively appropriated for the use of any single Occupant.

E. COMMON AREA MAINTENANCE COST. The term "Common Area Maintenance Cost" refers to the total of all monies paid out during an Accounting Period by Operator (subject to the terms and conditions of this Section I-E relating to Office Parking) for reasonable costs and expenses directly relating to the maintenance, repair, Operation and management of the Common Area, as provided in Section X, excluding (i) any "Enclosed Mall Operation and Maintenance Expense", (ii) wages, salaries and any other costs, expenses or reimbursements paid to management or supervisory personnel based off-site, except field supervisors such as foremen, (iii) costs related to Automobile Parking Area, if any, constructed by a Party pursuant to Section VIII-A to support Floor Area a Party constructs in excess of one hundred three percent (103%) of its Initial Planned Floor Area, and (iv) principal and interest on Developer's Mortgage, and ground rent paid by Developer under the Ground Lease, and any and all charges associated therewith. Common Area Maintenance Cost shall include, but not be limited to, real property taxes and assessments (including any possessory use or interest tax); all rental charges for equipment and cost of small tools and supplies; all acquisition costs of maintenance equipment or rental charges therefor, which costs, if in excess of Ten Thousand Dollars ($10,000.00) per year for any single item, or if in excess of Twenty Thousand Dollars ($20,000.00) per year in the aggregate, must have been approved by the Parties; all costs of policing,

security protection, traffic direction, control and regulation of Automobile Parking Area; all costs of cleaning the Common Area and removal of rubbish, dirt and debris therefrom; the cost of landscape maintenance, repairs and replacement (excluding that necessitated because of the casualties described in Section XIII-C) and supplies for maintenance of the Common Area (including Perimeter Sidewalks); the cost of restriping the Automobile Parking Area; all charges for utility services utilized in connection with the Common Area, together with all costs of maintaining and replacing lighting fixtures in the Automobile Parking Area; all costs of compliance with governmental requirements affecting the Common Area; all premiums for fire and extended coverage insurance and for public liability and property damage insurance required to be carried by Operator or "Operator's Nominee" pursuant to the provisions of Section XI-C hereof; and the cost of the annual audit of Common Area Maintenance Cost referred to in Section X-F hereof.

No capital improvements to, or reconstruction of, the Common Area shall be made without the prior written approval of all Parties; provided, however, there may be expended for replacement or reconstruction of capital improvements to the Common Area (excluding those necessitated because of the casualties described in Section XIII-C) in any one Accounting Period an aggregate sum not to exceed Twenty Thousand Dollars ($20,000) without all Parties' prior approval. The actual amount received for any capital item, which is included in Common Area Maintenance Cost, disposed of by Operator shall be credited against Common Area Maintenance Cost. No actual capital expenditure shall be included in Common Area Maintenance Cost if the amortization of such capital expenditure has been or is to be included in Common Area Maintenance Cost. Depreciation applicable to all capital expenditures included in Common Area Maintenance Cost shall be

prorated between the Parties on the same basis as Allocable Shares are computed.

Subject to the immediately foregoing paragraph, Common Area Maintenance Cost shall also include the cost of maintenance, replacement and reconstruction (except for costs associated with replacement and reconstruction as provided in Sections XIII-C and D) work as shall be required to preserve the utility of the Common Area (excluding the Enclosed Mall) in accordance with the provisions of Section X hereof, but shall not include Enclosed Mall Operation and Maintenance Expense.

From time to time, and subject to any applicable provisions of the separate agreements, the Parties shall approve Operator's inclusion in Common Area Maintenance Cost of such portion of Operator's reasonable costs and expenses directly relating to the maintenance, repair, Operation and management of the Office Parking ("Office Parking Cost") as shall compensate Operator for the Parties' and their Permittees' use of the Office Parking on weekends and holidays and in the evenings. Office Parking Cost shall be calculated as if it were Common Area Maintenance Cost. Initially, fifteen percent (15%) of the Office Parking Cost shall be included in Common Area Maintenance Cost; provided however, that such percentage shall be equitably adjusted from time to time (but not more frequently than once in any one Accounting Period) to reflect the then actual use of the Office Parking by retail Permittees as the Parties shall agree, but if they are unable to agree, then as determined by arbitration pursuant to Section XXIII hereof.

In lieu of any other charge for indirect costs (including, but not limited to, the cost of the operation of any office, accounting services, [but excluding the annual audit of Common Area Maintenance Cost referred to in Section X-F hereof], and other services not directly involved with maintenance and Operation), Common Area Maintenance Cost shall include an allowance to Operator for Operator's supervision,

management and Operation of the Common Area equal to ten percent (10%) of the total of the aforementioned cost and expense of work performed by Operator, or under its direct supervision for each Accounting Period, except (i) real property taxes and assessments, utilities services and insurance on the Common Area, (ii) the purchase price or rental cost of capital items, (iii) depreciation or amortization, and (iv) the amount Operator has paid Operator's Nominee to perform all or any part of Operator's Operation and maintenance duties under Section X (the "Nominee Cost"). The Nominee Cost may be included in Common Area Maintenance Cost (notwithstanding that such amount may include reasonable overhead and/or profit to such other Person, as the Parties hereto may from time to time agree in writing, or which shall be a result of competitive bid or contract approved by the Parties), but only to the extent that such amount so paid to such other Person shall be for items of cost and expense which would be included in the definition of Common Area Maintenance Cost with respect to such activities or work if preformed by Operator with its own employees. Any capital expenditures which may be incurred shall be excluded from computation of the allowance to be paid to Operator or allowed to Operator's Nominee, as the case may be. Operator shall note on its statements of costs referred to in Section X-F hereof that such activities and work were not performed by Operator with its own employees.

Nothing in this Section I-E contained shall be deemed to preclude Developer from charging or collecting any additional or different charges pursuant to any lease or other agreement between Developer and any Occupant.

It is expressly understood that there are separate agreements between Developer and each other Party with respect to Common Area Maintenance Cost, and in the event of any conflict between the obligations of such other Party as set forth in this REA and as set forth in such separate agreement, as between Developer and such other Party, the provisions of

such other Party's separate agreement shall control as between the Parties thereto. Developer and each other Party may agree in such a separate agreement that Developer may be obligated to such other Party to pay a portion of such other Party's Allocable Share as is set forth in such other Party's separate agreement with Developer.

F. COMMON BUILDING COMPONENT. The term "Common Building Component" refers to any single improvement or portion thereof, including, but not necessarily limited to, the Enclosed Mall structure, which is located partly on the Tract of one Party and partly on the Tract of another Party, or wholly on one Tract but which provides a structural benefit to the improvements on another Tract.

G. COURT. The term "Court" refers to those certain areas within the Enclosed Mall, on each level thereof, abutting the Store of each Major as shown on and so designated on Exhibit B.

H. DEVELOPER IMPROVEMENTS. The term "Developer Improvements" refers to "Developer Mall Stores", "Developer Non-Mall Stores", the Enclosed Mall, the Parking Facilities, parking areas located outside the Shopping Center Site as may be approved by the Parties, and all other improvements situated upon the Developer Tract, as the same may exist from time to time, including any replacements thereof.

I. DEVELOPER MALL STORES. The term "Developer Mall Stores" refers to any "Store" located on the Developer Tract abutting the Enclosed Mall, designated on Exhibit B as DMS-1 A through F, and DMS-2 AA and BB, as the same may exist from time to time, including any replacements thereof.

J. DEVELOPER NON-MALL STORES. The term "Developer Non-Mall Stores" refers to any Store located on the Developer Tract which does not abut the Enclosed Mall and is designated on Exhibit B as a Developer Non-Mall Store, as the same may exist from time to time, including any replacements thereof.

K. ENCLOSED MALL. The term "Enclosed Mall" refers to the multi-level ventilated, air conditioned and sprinklered mall located in the Center which is constructed so that climatic control may be provided therein and/or which is actually enclosed by walls and ceiling, and which is designated as such on Exhibit B, as the same may exist from time to time, including any replacements thereof.

L. ENCLOSED MALL OPERATION AND MAINTENANCE EXPENSE. The term "Enclosed Mall Operation and Maintenance Expense" refers to the actual costs and expenses paid in connection with the Enclosed Mall for the Operation thereof, including but not limited to: real estate and personal property taxes and assessments thereon; utility expenses for lighting, operation of air conditioning and ventilating equipment; premiums for fire, extended coverage, vandalism, plate glass and earthquake insurance (if required) for the Enclosed Mall improvements and equipment; maintenance, repair and replacement (including service contracts) of mechanical equipment, including elevators and escalators, automatic door openers, lighting fixtures (including replacement of tubes and bulbs), air conditioning and ventilating equipment, fire sprinkler system, and sound system; maintenance of landscaping and plants within the Enclosed Mall; repair, maintenance, sweeping, cleaning and painting of the Enclosed Mall, including ceiling, roof, skylights, windows, floors and floor covering and artifacts; and all other items of expense which are incurred for the Operation of the Enclosed Mall, plus a reasonable allowance to Operator for supervision and management of Operation of the Enclosed Mall. Operator, may, however, cause any or all services to be provided by an independent contractor or contractors. Nothing herein contained shall be deemed to limit Developer as to having any additional or different cost factors in any lease or other arrangement which it may have with any Occupant. It is expressly understood by the Parties that there are separate agreements between Developer and each Major

relating to the Enclosed Mall Operation and Maintenance Expense, and in the event of any conflict between the obligations of a Major as set forth in this REA and as set forth in any such separate agreement, as between Developer and/or Operator and such Major, the provisions of the separate agreement shall control as between the Parties thereto. The Operator of the Enclosed Mall shall maintain accounting records in a manner which will separate the Enclosed Mall Operation and Maintenance Expense from Common Area Maintenance Cost and any other costs and expenses.

M. FLOOR AREA. The term "Floor Area" refers to the actual number of square feet of floor space of all floors in any building located on the Shopping Center Site exclusively appropriated for use by an Occupant, whether or not actually occupied, including basement space, subterranean areas and mezzanine space within the exterior facade or exterior line of exterior walls (including basement walls), except party and interior common walls as to which the center thereof instead of the exterior faces thereof shall be used. Floor Area shall also include the actual number of square feet of kiosks, if any, contained within the Enclosed Mall.

The term "Floor Area" shall not include the following:

1. The upper levels of any multi-deck stock areas created for convenience to increase the usability of space for stock purposes;

2. Areas which are used exclusively for mechanical equipment, electrical equipment (including electrical equipment to operate point of sale, telecommunication and computer equipment), vestibules (which shall not exceed an aggregate of [600] square feet per floor measured as if it were Floor Area), elevator shafts, escalator wells, telephone equipment, fire protection equipment, HVAC and other such building operating equipment, including trash compacting and baling rooms, whether or not physically separated or whether or not required by building codes, exterior walls, toilet rooms and janitor

closets;

3. Any Common Area;

4. Any (i) Center management office and/or (ii) Merchants' Association offices, provided that the sum of (i) and (ii) shall not exceed an aggregate of eight thousand (8,000) square feet;

5. A United States post office not exceeding one thousand (1,000) square feet, provided that the rental for such area does not exceed $1,000 per year;

6. Emergency exit corridors, service elevators, service corridors or stairs between fire resistant walls required by building codes;

7. All truck loading areas, truck tunnels and truck parking, turn-around and dock areas and ramps and approaches to such truck loading areas, truck tunnels and truck parking, turn-around and dock areas;

8. "Cultural Facilities"; and

9. Any so-called dead space which may be created by partitions enclosing unoccupied space so long as such space is not used for any purpose other than the hanging or support of mechanical equipment not to exceed 40,000 square feet of space in the aggregate.

After the completion and opening of the respective Stores of the Parties, each Party shall, at its sole cost and expense, cause its architect to make a determination as to the number of square feet of Floor Area of each such Party. Such determination shall be completed and furnished to each other Party not later than one hundred twenty (120) days following the date on which the Store of each such Party first opens for business. In lieu of such determination by a Party's architect, any Party may elect to furnish to the other Parties a written certification of its Floor Area. Such certification by a Party shall be furnished within the time period above provided. Any dispute arising from such determination or certification shall be resolved by arbitration as provided for

in Section XXIII. In the event such determination of Floor Area by the Party's architect or certification by a Party shows that any Party has constructed Floor Area in excess of its Initial Planned Floor Area and provided such excess does not require such Party to construct additional Automobile Parking Area pursuant to Section VIII-A hereof, such Party's Allocable Share under Section I-B shall increase in accordance with such increase over Initial Planned Floor Area. Notwithstanding anything to the contrary contained in this REA, during the period of any damage, destruction, razing, rebuilding, repairing, replacement or reconstruction to, on or of any building in the Center, the Floor Area of such building shall be deemed to be the same as the Floor Area of such building immediately prior to such period, and upon the completion of the rebuilding, repairing, replacement or reconstruction of such building, the architect of such Party shall make a new determination of Floor Area or such Party shall furnish a certification of Floor Area for such building as provided in the foregoing provisions of this Section I-M.

N. INITIAL PLANNED FLOOR AREA. The term "Initial Planned Floor Area" refers to the Floor Area which each Party has designated as the amount of Floor Area it anticipates constructing on its Tract, as provided in Section VIII-A hereof, and, which amount of Floor Area has been utilized in this REA for purposes of determining such Party's Allocable Share and the extent of Common Area and Automobile Parking Area required for the Shopping Center.

O. MAJOR OR MAJORS. The term "Major" or "Majors" refers to Sears, Mervyn's, and Bullock's severally or collectively, as may be appropriate, as those terms are defined in Section I-FF.

P. MORTGAGEE AND MORTGAGE. The term "Mortgagee" refers to a mortgagee, trustee and beneficiary under a "Mortgage" and, to the extent applicable, a fee owner of a Tract of a Party which is the subject of a sale and leaseback

transaction, or the lessee (as distinguished from a sublessee) of any Tract of a Party which is the subject of an assignment and subleaseback transaction, or the sublessee (as distinguished from a sub-sublessee) of any Tract which is the subject of a sublease and subleaseback transaction. The term "Mortgage" refers to any mortgage, indenture of mortgage, or deed of trust, and, to the extent applicable, a sale and/or assignment or sublease and leaseback transaction, with respect to any Tract of a Party. The terms "Mortgage" and "Mortgagee" shall not refer to any bond, indenture or other security instrument, or trustee, bondholder or other Person, with respect to any bonds issued or financing undertaken by the Agency or City.

Q. OCCUPANT. The term "Occupant" refers to Developer, the Majors, Ikea and to any Person from time to time entitled to the use and occupancy of Floor Area in the Center under any lease, sublease, deed or other instrument or arrangement whereunder such Person has acquired rights with respect to the use and occupancy of any Floor Area.

R. OPERATE, OPERATING, OPERATION. The terms "Operate", "Operating", or "Operation": (i) as respects Stores, mean the Store is open to the general public for business during its business hours or shall be temporarily not so open for business by reason of any provision of Section XV or XVI, or during any period of restoration or reconstruction of any Store pursuant to the provisions of Section XIII, or by reason of such reasonable interruptions as may be incidental to the conduct of its business; (ii) as respects the Enclosed Mall, mean that the Enclosed Mall is open to the public during the business hours of the Majors or any of them, and for not less than one-half hour before and after the same are open, and is properly maintained, air-conditioned, lighted, ventilated, and sprinklered and that all services are being performed necessary to operate and maintain said Enclosed Mall as required by the provisions of Section X-A and as provided for

in the definition of Enclosed Mall Operation and Maintenance Expense, or shall be temporarily not so open for business by reason of any provision of Section XV or XVI, or during any period of restoration or reconstruction pursuant to the provisions of Section XIII; and (iii) as respects the Common Area, other than the Enclosed Mall, mean that the Common Area is available for the uses contemplated herein, subject to interruptions contemplated by Sections XV and XVI, or during any period of restoration or reconstruction pursuant to the provisions of Section XIII, and is being operated and maintained in accordance with the requirements of Section X.

S. OPERATOR. The term "Operator" refers to the Person responsible for the Operation of the Common Area, or any part thereof, under the provisions of Section X, including any Person(s) taking over Operation pursuant to Section X-G, and unless otherwise specified includes Operator's Nominee.

T. PARKING FACILITIES. The term "Parking Facilities" shall mean any multi-level parking structure within the Shopping Center Site, which structure is so identified on Exhibit B, including the incidental and interior roadways; stairways; elevators; ramps; pedestrian decks; pedestrian tunnels; pedestrian bridges (including without limitation expansion joints and supporting columns) connecting said parking structure with the Developer Improvements and the Store of any other Party, if any; walkways, curbs and landscaping within or adjacent thereto; and any improvements which at any time are erected thereon or therein, including any replacements thereof.

U. PARTY. The term "Party" means Developer, Ikea, and each Major, and any Person succeeding to their respective interests in or to any portion of their respective Tracts, and their respective rights, duties and obligations pursuant to Section XIV.

V. PERIMETER SIDEWALKS. The term "Perimeter Sidewalks" refers to those areas adjacent to the Stores between

exterior building faces and interior curb faces, including sidewalks and all other improvements adjacent to the respective buildings of the Parties, which shall be designed and constructed as provided in Section VI-C.

W. BLANK.

X. PERMISSIBLE DEVELOPMENT AREAS; PDA'S. The term "Permissible Development Areas" or "PDA's" refers to the areas of land shown on Exhibit B and designated as "PDA-1" through "PDA-4".

Y. PERMITTEES. The term "Permittees" refers to all Occupants and their respective officers, directors, employees, agents, contractors, customers, visitors, invitees, licensees, subtenants and concessionaires.

Z. PERSON. The term "Person" refers to and shall include individuals, partnerships, firms, associations and corporations, or any other form of business or government entity, and the use of the singular shall include the plural.

AA. PHASE 1 DEVELOPMENT; PHASE 2 DEVELOPMENT; FUTURE DEVELOPMENT. The term "Phase 1 Development" refers to those buildings and other improvements in the Center constructed or to be constructed as shown on Exhibit B as the "Phase 1 Development". The term "Phase 2 Development" refers to those buildings and other improvements in the Center constructed or to be constructed as shown on Exhibit B as the "Phase 2 Development". The term "Future Development" refers to any building and other improvements which may be constructed in the PDA's at the location shown on Exhibit B subsequent to the Phase 1 Development and the Phase 2 Development.

BB. PROJECT ARCHITECT. The term "Project Architect" refers to Leason Pomeroy Associates, or such other architect or architects duly licensed to practice in the State of California, as may from time to time be designated by Developer and approved by the Majors.

CC. STORE OR STORES. The term "Store" or "Stores" refers to the building(s), respectively, housing the Sears,

Store and/or the Mervyn's Store and/or the IKEA Store and/or the Bullock's Store and/or the Developer Mall Stores and/or the Developer Non-Mall Stores, as the context may appropriately require. For purposes of Section XIII of this REA, the term "Store" or "Stores" shall be deemed to include truck parking, turn-around and dock areas; the depressed portions of truck tunnels or ramps; and emergency exit corridors and stairs exclusively located within a Store.

DD. TERMINATION DATE. The term "Termination Date" refers to the date on which this REA shall terminate pursuant to the terms and provisions of Section XXVII hereof.

EE. TRACT OR TRACTS. The term "Tract" or "Tracts" refers to the Developer Tract and/or the Sears Tract and/or the Mervyn's Tract and/or the IKEA Tract and/or the Bullock's Tract, as the context may require.

FF. DEVELOPER, SEARS, MERVYN'S, BULLOCK'S, IKEA, and AGENCY. The terms "Developer", "Sears", "Mervyn's", "Bullock's" and "Ikea", respectively, refer to the Person who at the time in question is the Party with respect to the Developer Tract, the Sears Tract, the Mervyn's Tract, the Bullock's Tract, and the Ikea Tract, as the case may be appropriate, it being agreed and understood that the terms, covenants and conditions of this REA shall be binding upon and enforceable by Developer, Sears, Mervyn's, Bullock's, and Ikea only during and in respect of the respective time periods in which each, respectively, is a Party. Notwithstanding the foregoing, it is expressly understood and agreed that (i) the requirements to design and construct improvements and open Floor Area pursuant to Sections IV, V, VI and VII shall be and remain the respective personal covenants of each respective signatory obligated hereunder, and no such signatory (which with respect to Developer shall mean the constituent general partners of Developer as of the date hereof) shall be released from such obligation upon or by any transfer by the signatory of its interest in its Tract (such requirements shall

additionally be deemed to be covenants running with the land, as well as the personal covenants of each such signatory, and any transferee of such signatory shall, by acquiring a possessory interest in the Shopping Center, be responsible along with such signatory, to the extent of such transferee's interest, for the performance of such covenants), and (ii) the covenants to Operate pursuant to Section XXI are and shall remain a personal covenant of each such respective signatory, and their successors by means of merger or consolidation, and no such signatory shall be released from any obligation under such covenant upon or by any transfer by the signatory of its interest in its Tract.

Anything in this Section I-FF to the contrary notwithstanding, it is expressly understood and agreed that the terms "Sears", "Mervyn's", "Bullock's" and "Ikea", for the purposes solely of subparagraphs (i) and (ii) above of this Section I-FF and Section XXI, shall mean Sears, Roebuck and Co., a New York corporation, Mervyn's, a California corporation, Bullock's Properties Corp., a Delaware corporation, and Ikea U.S., Inc., a Pennsylvania corporation, respectively, or any parent or subsidiary corporation thereof, or any other corporation which may succeed to the business (but not the trade name) of Sears, Roebuck and Co., Mervyn's, Bullock's Properties Corp. and Ikea U.S., Inc., respectively, in Southern California, or any corporation which may, as a result of reorganization, merger, consolidation or sale of stock or assets, succeed to such business (but not the trade name), and each such Party shall be released from all further obligations under this REA if it transfers its interest in its Tract to a Person who acquires, as to Sears, Mervyn's and Ikea, all or substantially all of that portion of such Party's assets consisting of all of its stores in Southern California, and as to Bullock's, five (5) stores (including the Bullock's Store), then Operating under the respective trade names set forth in Section XXI-A, and by written instrument in recordable form

expressly assumes all of such obligations hereunder, including a personal covenant to be bound for the full remaining period of the transferring Party's Operating covenant in said Party's Store as and to the extent provided in Section XXI. As to Sears, Mervyn's and Ikea, any reference in this Section I-FF to Southern California shall be deemed a reference only to the following counties in the State of California: Los Angeles, San Diego, Riverside, Santa Barbara, Orange, Ventura, Kern and San Bernardino, but as to Bullock's, such reference to Southern California shall be deemed to include only Los Angeles and Orange Counties.

The term "Agency" refers to the Redevelopment Agency of the City of Burbank, and its successors and assigns, and, as used in this REA, shall, as respects the terms, covenants, conditions and provisions of the REA to which the interest of the Agency in the Tract of each Party is subject and subordinate (pursuant to the Consent and Subordination attached to this REA), refer only to the Person who at the time in question is the owner of the fee interest with respect to (i) the Developer Tract, (ii) the Sears Tract, (iii) the Mervyn's Tract, (iv) the Bullock's Tract, and/or (v) the IKEA Tract, as the case may be, all of which fee interests are now owned by the Agency.

GG. CULTURAL FACILITIES. The term "Cultural Facilities" refers to those portions of the Developer Mall Stores and Developer Non-Mall Stores which are used for cultural, civic or educational purposes, including without limitation a library, a museum, and a community room. Such Cultural Facilities shall not exceed 12,500 square feet of floor space measured as if it were Floor Area.

HH. PHASE 1 DEVELOPER MALL STORES. The term "Phase 1 Developer Mall Stores" refers to those Developer Mall Stores constructed or to be constructed as shown on Exhibit B as the "Phase 1 Developer Mall Stores".

II. PHASE 2 DEVELOPER MALL STORES. The term "Phase 2 Developer Mall Stores" refers to the Developer Mall Stores constructed or to be constructed as shown on Exhibit B as the "Phase 2 Developer Mall Stores".

JJ. PHASE 1 ENCLOSED MALL. The term "Phase 1 Enclosed Mall" refers to that portion of the Enclosed Mall constructed or to be constructed as shown on Exhibit B as the "Phase 1 Enclosed Mall".

KK. PHASE 2 ENCLOSED MALL. The term "Phase 2 Enclosed Mall" refers to that portion of the Enclosed Mall constructed or to be constructed as shown on Exhibit B as the "Phase 2 Enclosed Mall".

## SECTION II

## EASEMENTS

**A. NON-EXCLUSIVE EASEMENTS GRANTED BY THE PARTIES FOR AUTOMOBILE PARKING, PEDESTRIAN AND INCIDENTAL USES.** Each Party hereby grants to each of the other Parties for their respective use, and for the use of their respective Permittees, in common with all others entitled to use the same, non-exclusive easements over the Common Area of its Tract, for ingress to and egress from such Tract, for the passage and parking of vehicles, and for passage and accommodation of pedestrians, on such portions of such Common Area as are set aside, maintained and authorized for such use pursuant to the terms of this REA, and for the doing of such other things as are authorized or required to be done on said Common Area pursuant to this REA. Subject to Section II-I, each Party further reserves to itself the right to grant such easements over the Common Area of its Tract, for the purposes hereinabove enumerated, to such other Persons as may own or lease real property within the Shopping Center Site.

Subject to Section II-H, each Party hereby reserves the right to eject or cause the ejection from the Common Area of its Tract of any Person or Persons not authorized, empowered or privileged to use the Common Area of such Tract. Notwithstanding the foregoing, each Party reserves the right to close off the Common Area of its Tract for such reasonable period or periods of time as may be legally necessary to prevent the acquisition of prescriptive rights by anyone; provided, however, that within a reasonable time prior to closing off any portion of the Common Area, as herein provided, such Party shall give written notice to each other Party of its intention so to do, and shall coordinate such closing with all other Parties so that no unreasonable interference with the Operation of the Shopping Center shall occur.

B. UTILITY EASEMENTS GRANTED BY THE PARTIES.

1. Separate Utility Lines. Each Party hereby grants to each of the other Parties for their respective use and for the use of their respective Permittees, non-exclusive easements in, to, over, under and across the Common Area of its Tract for the installation, operation, flow and passage, use, maintenance, repair, relocation and removal of sanitary sewers, storm drains, water and gas mains, electrical power lines, cable TV lines, telephone lines and other utility lines, all of such sewers, drains, mains and lines to be underground, serving the Tracts of each of the Parties.

2. Common Utility Lines. Each Party hereby grants to each of the other Parties for their respective use and for the use of their respective Permittees, non-exclusive easements in, to, over, under and across the Common Area of its Tract for the installation, operation, flow and passage, use, maintenance, repair, relocation and removal of sanitary sewers, storm drains, water and gas mains, electrical power lines, cable TV lines, telephone lines and other utility lines, all of such sewers, drains, mains and lines to be underground, servicing the Common Area and for use in common with the other Parties.

3. Location of Easements. The location of all easements of the character described in this Section II-B shall be subject to the approval of the Party in, to, over and under whose Tract the same is to be located. Upon completion of construction of such utility facilities, the Parties shall join in the execution of an agreement, in recordable form, appropriately identifying the type and location of such respective utility facility.

C. CONSTRUCTION EASEMENTS GRANTED BY THE PARTIES. Each Party, with respect to its Tract, hereby grants to each of the other Parties non-exclusive easements in, to, over, under and across the Common Area of each such Tract for the construction, reconstruction, erection and removal and

maintenance on, to, over, under and across such Tract of (i) Common Building Components, (ii) footings, foundations, supports and common walls to a maximum lateral distance of six feet (6'), (iii) canopies, flag poles, roof and building overhangs, facades, awnings, alarm bells, signs, lights and lighting devices and other similar appurtenances to the building to a maximum lateral distance of fourteen feet (14'), and (iv) electrical or similar vaults and HVAC supply-exhaust shafts below the surface of such Common Area, to a maximum lateral distance of fourteen feet (14'), as any of the foregoing are shown in the working drawings for such building, submitted to the grantor at least sixty (60) days prior to commencement of construction, and approved by the Parties pursuant to the provisions of Section IV hereof, or pursuant to any other written agreement hereafter executed between any of the Parties (including the Party whose Tract is burdened thereby). Should a Party desire to have footings in common with any other Party, such common footings shall be compatible with the design of the building to be erected by the grantor Party. If common footings are approved, the first such Party prepared to construct footings for its building shall, upon request, be furnished by the other Party with all required column loading and anchor bolt information required by the Party first constructing in order to cast same in the common footings at the time of concrete placement. The cost of common footings shall be allocated among the applicable Parties based on the weight each Party's building will place on such common footings. Each Party hereby covenants and agrees that its exercise of such easements shall not result in damage or injury to the buildings or other improvements of any other Party, and shall not interfere with the business operation conducted by any other Party or by Operator. The exercise of the rights referred to in this Section II-C shall be in conformity with Section III hereof. Upon completion of the construction elements referred to above, and upon the request of any Party,

the Parties shall join in the execution of an agreement, in recordable form, appropriately identifying the nature and location of each such construction element.

D. EASEMENTS FOR PEDESTRIAN BRIDGES, PEDESTRIAN DECKS AND PEDESTRIAN TUNNELS. The other Parties as to their respective Tracts hereby grant to Developer easements for the construction and attachment of the pedestrian bridges, pedestrian decks and pedestrian tunnels (including without limitation expansion joints and supporting columns) shown on Exhibit B, and for the maintenance, repair and replacement thereof; provided that the Party(ies) to whose Store any such pedestrian bridge, pedestrian deck or pedestrian tunnel is to attach has approved the plans for such pedestrian bridge, pedestrian deck or pedestrian tunnel pursuant to Section IV-E-10. Each pedestrian bridge and deck so erected and constructed shall at all points where it crosses any access drive be maintained in such a manner so as to at all times provide for a clearance between such access drive and such bridge and deck of not less than fourteen feet six inches (14'6") (or greater height if required by City code) for truck passage. Developer shall coordinate the construction of the pedestrian bridges, pedestrian decks and pedestrian tunnels with the Party(ies) to whom the pedestrian bridge, deck or tunnel is to attach so as to minimize the interference with the business and construction of such Party.

E. BLANK.

F. DOMINANT AND SERVIENT ESTATES. Each easement granted pursuant to the provisions hereof is expressly for the benefit of the Tract of the grantee, and the Tract so benefited shall be the dominant estate and the Tract upon which such easement is located shall be the servient estate, but where only a portion thereof is bound and burdened, or benefited by a particular easement, only that portion so bound and burdened, or benefited, as the case may be, shall be deemed to be the servient or dominant tenement, as the case may be. Any

easement granted pursuant to the provisions of this Section II may be abandoned or terminated by execution of an agreement so abandoning or terminating the same, by the owners of the dominant and servient estates and consented to by the Mortgagee, if any, of the dominant estate. Any relocation of any easement shall be made at the expense of the Person requesting such relocation.

G. FIRE AND SERVICE CORRIDOR EASEMENTS. Developer hereby grants to each of the other Parties such easements on the Developer Tract as such other Parties may reasonably require in order to provide emergency fire exit corridors or stairs as required by building codes, leading from the Store or Stores of such other Parties to the Automobile Parking Area or such other location as is required by applicable codes; provided such location does not result in the loss of any Floor Area. The easements granted under this Section II-G shall remain in effect and shall not terminate as long as the grantee's Store is in existence.

H. REDESIGNATION OF AREAS WITHIN THE STORE SITES. Subject to the provisions of Sections VIII-A the Parties shall each have the right, as to their respective Tracts, in those areas designated on Exhibit B as Store Sites at any time and from time to time, to designate, withdraw and redesignate as Floor Area, or Common Area, such areas, excluding fire exit or service corridors, as each may, respectively, from time to time select, provided that each such Person shall improve said area at its sole cost and expense in accordance with such designation and with all applicable requirements of this REA, and provided further, that if a Major is Operating in the Center, a building facade of the Store of such Major shall always be located so as to provide a customer entrance on the following levels of the Enclosed Mall: Sears and Bullock's shall each provide a customer entrance on levels 1, 2 and 3 of the Enclosed Mall, and Mervyn's shall provide a customer entrance on levels 2 and 3 of the Enclosed Mall; and so as to

complete the enclosure of the Enclosed Mall from and after the date of completion of construction of the Enclosed Mall and said Store and so long thereafter as said Enclosed Mall is required to be maintained as such; and provided further, that if a Major is Operating in the Center, the Enclosed Mall shall always be located so as to provide customer entrances on the following levels of the Enclosed Mall: if the Major so Operating in the Center is Sears, or Bullock's, Developer shall provide a customer entrance on Levels 1, 2 and 3 of the Enclosed Mall, and if the Major so Operating in the Center is Mervyn's, Developer shall provide a customer entrance on Levels 2 and 3 of the Enclosed Mall. Nothing in this Section II-H shall be deemed to permit Developer to change the location of the Developer Mall Stores or the Enclosed Mall as shown on Exhibit B without the prior written approval of the other Parties.

I. PROHIBITION AGAINST GRANTING EASEMENTS. No Party nor the Agency shall grant an easement or easements of the type set forth in this Section II for the benefit of any property not within the Shopping Center Site without the prior written approval of each other Party.

J. ACCESS EASEMENTS FOR SEARS, MERVYN'S, BULLOCK'S AND IKEA. Developer hereby grants to each of Sears, Mervyn's, Bullock's and Ikea, a non-exclusive easement over the portions of the Developer Tract which are shown on Exhibit B and designated respectively as the Sears Access Easement Area, Mervyn's Access Easement Area, Bullock's Access Easement Area and Ikea Access Easement Area for ingress and egress of vehicles and pedestrians. The easements granted by this Section II-J shall be perpetual and shall survive the Termination Date.

K. RENTAL CAR PARKING EASEMENT FOR SEARS. Developer hereby grants to Sears an easement to maintain up to twenty (20) parking spaces in Parking Facilities No. 2 at the location shown on Exhibit "B" (the "Sears Rental Car Parking Area") for

the purpose of operating a rental car operation, provided however that there be no advertising for any of said automobiles, including, but not limited to, pedestal-type signs, located on the Developer Tract, provided further however, Sears may utilize directional signage for its rental car operation on the Developer Tract, the location and content of which signage shall be subject to the mutual approval of Sears and Developer. At such time as Sears shall use any portion of the Sears Rental Car Parking Area as a rental car parking area, such area shall not be included in the parking space count for the purpose of maintaining the parking space ratio set forth in Section X-C.

L. BULLOCK'S TRUCK DOCK EASEMENT. Developer hereby grants to Bullock's an exclusive easement for the purposes of deliveries to the Bullock's Store, loading, unloading and access, and other activities reasonably related thereto (hereinafter referred to as the "Bullock's Truck Dock Easement"), at the location designated on Exhibit B as "Bullock's Truck Dock Easement Area", and more particularly described as a part of the Bullock's Tract in Part 6 of Exhibit A.

Bullock's shall indemnify, defend and hold Developer harmless from any loss, liability, cost or expense incurred in connection with or as a result of Bullock's exercise of the Bullock's Truck Dock Easement unless occasioned by Developer's sole negligence or intentional act or omission. The easement granted in this Section II-L shall remain in existence so long as the Bullock's Store (or any restoration or replacement thereof made during the term of this REA) remains in existence.

M. BULLOCK'S TRANSFORMER EASEMENT. Developer hereby grants to Bullock's an exclusive easement for the purposes of the construction, operation and maintenance of a transformer and other activities reasonably related thereto (hereinafter referred to as the "Bullock's Transformer Easement"), at the location designated on Exhibit B as "Bullock's Transformer Easement Area", and more particularly described as a part of the Bullock's Tract in Part 6 of Exhibit A.

Bullock's shall indemnify, defend and hold Developer harmless from any loss, liability, cost or expense incurred in connection with or as a result of Bullock's exercise of the Bullock's Transformer Easement unless occasioned by Developer's sole negligence or intentional act or omission. The easement granted in this Section II-M shall remain in existence so long as the Bullock's Store (or any restoration or replacement thereof made during the term of this REA) remains in existence.

N. BULLOCK'S PICK-UP AREA EASEMENT. Developer hereby grants to Bullock's an exclusive easement for the purposes of loading, unloading and access, in connection with the Operation of the Bullock's Store (hereinafter referred to as the "Bullock's Pick-Up Area Easement"), at the location designated on Exhibit B as "Bullock's Pick-Up Area", and more particularly described as a part of the Bullock's Tract in Part 6 of Exhibit A.

Bullock's shall indemnify, defend and hold Developer harmless from any loss, liability, cost or expense incurred in connection with or as a result of Bullock's exercise of the Bullock's Pick-Up Area Easement unless occasioned by Developer's sole negligence or intentional act or omission. The easement granted in this Section II-N shall remain in existence so long as the Bullock's Store (or any restoration or replacement thereof made during the term of this REA) remains in existence.

O. SEARS PICK-UP AREA EASEMENT. Developer hereby grants to Sears an exclusive easement for the purposes of loading, unloading and access, in connection with the Operation of the Sears Store (hereinafter referred to as the "Sears Pick-Up Area Easement"), at the location designated on Exhibit B as "Sears Pick-Up Area", and more particularly described as a part of the Sears Tract in Part 3 of Exhibit A.

Sears shall indemnify, defend and hold Developer harmless from any loss, liability, cost or expense incurred in connection with or as a result of Sears exercise of the Sears Pick-Up Area Easement unless occasioned by Developer's sole negligence or intentional act or omission. The easement granted in this Section II-O shall remain in existence so long as the Sears Store (or any restoration or replacement thereof made during the term of this REA) remains in existence.

## SECTION III

## EXERCISE AND DURATION OF EASEMENTS

A. The exercise of the easements granted pursuant to Section II hereof shall be subject to the following provisions:

1. The grantee of any of the utility easements referred to in Sections II-B-1 and II-B-2 shall be responsible as between the grantor and the grantee thereof for the installation, maintenance, repair and replacement of all sanitary sewers, storm drains, pipes and conduits, mains and lines and related equipment installed pursuant to such grant. Any such maintenance, repair and replacement shall be performed only after notice to the grantor of the grantee's intention to do such work and grantor's approval of the scope and timing of the performance of such work and its impact on grantor's utilities, except in the case of emergency, and any such work shall be done without cost or expense to the grantor and in such manner as to cause as little disturbance in the use of the Common Area as may be practicable under the circumstances. Upon completion of such work, the grantee shall, at its sole cost and expense, restore the Common Area affected by such work to the same condition as existed before the commencement of such work.

2. At any time the grantor of any of the utility easements granted pursuant to Sections II-B-1 and II-B-2 shall have the right to relocate on the Tract of the grantor any such sewers, drains, mains and lines and related equipment then located on the Tract of the grantor, provided that such relocation shall be performed only after thirty (30) days' notice of the grantor's intention to so relocate shall be given to the grantee, and such relocation: (i) shall not unreasonably interfere with or diminish the utility services to the grantee; (ii) shall not reduce or unreasonably impair the usefulness or function of such utility; and (iii) shall be performed without cost or expense to the grantee. Notwithstanding such relocation, the maintenance of the sewers,

drains, lines, mains, and/or equipment located on the Tract of the grantor shall be the obligation of the grantee; provided that if there shall be any material increase in the cost of such maintenance by reason of such relocation, the grantor shall bear the cost of such material increase.

3. The easements granted by Section II-A hereof shall terminate and expire on the Termination Date.

4. The easements granted by Sections II-B and II-J hereof shall be perpetual, provided, however, if the use of the easements granted by Sections II-B and II-J or of the facilities therein shall have ceased for a period of two (2) years and prior to the resumption of use (a) the then record owner of the fee of the Tract burdened with such easement gives written notice by U.S. registered mail return receipt requested to the then record owner of the fee of the Tract benefited by such easement and the then record owner, if any, of any leasehold estate in such benefited Tract, stating that such easement has been abandoned, (b) there is placed of record in the Recorder's Office in Los Angeles County, California, an affidavit that such abandonment has taken place and that such notice has been properly given, and (c) any record owner of the fee of and the then record owner of any leasehold estate in the benefited Tract within ninety (90) days after such notice fails to place of record in the Recorder's Office in Los Angeles County, California, an affidavit that such easement has been used within such two (2) year period, then any Person at any time acquiring an interest in any Tract after the first such affidavit or notice described above has been placed of record shall (provided such affidavit and recording shall have been made after the Termination Date as provided above) be entitled to rely absolutely upon the failure of the Person receiving the first such notice to have placed of record an affidavit of use within such ninety (90) day period as being conclusive evidence that such easement has been abandoned and terminated.

5. The easements granted by Sections II-C, II-D, II-G and, as to Sears only, II-K shall remain in existence so long as the respective Stores of the grantees and, as to Developer, the Enclosed Mall shall be in existence in the Center (including any period of reconstruction pursuant to Section XIII), except to the extent that the same physically relate to the buildings and improvements (other than Common Building Components) of the grantor of any such easements, in which event such easements shall remain in existence only so long as the respective Stores and, as to Developer, the Enclosed Mall, of the grantees of such easements shall be in existence in the Center. Interruption in service of any such easements shall be permitted as a result of any cause or event referred to in Section XV-A hereof.

B. Each of the Parties agrees that in the event the Store of a Major, the Enclosed Mall or the Parking Facilities shall be removed or destroyed, at such time as such Party is not required and does not elect to restore the same pursuant to the provisions of this REA, it will, as to its Tract, leave in place any foundations, footings or supports not destroyed which immediately prior to such removal or destruction were shared jointly between such removed or destroyed structure and the Store of any Major, or the Enclosed Mall or the Parking Facilities, as the case may be, for so long as such other Store or the Enclosed Mall or the Parking Facilities, as the case may be, is in existence, including any period of restoration or reconstruction of same.

Nothing contained in this Section is or shall be determined to impose upon any Person any obligation to reconstruct all or any part of any Store or the Enclosed Mall or the Parking Facilities, beyond the period when such reconstruction is required under this REA. Anything contained herein to the contrary notwithstanding, but subject to the preceding paragraph, upon the Termination Date, any Party may demolish its Store, and Developer may demolish the Enclosed

**Mall; provided, however, that no such demolition by any Party shall affect the structural integrity of any dependent structures.**

## SECTION IV

## IMPROVEMENT PLANS

A. PROCEDURES FOR CONSTRUCTION OF SHOPPING CENTER IMPROVEMENTS. Developer shall cause the Project Architect to prepare the improvement plans and specifications (hereinafter "Improvement Plans"), consistent with Exhibit B, for the Developer Improvements, which Improvement Plans shall show the general architectural concept of the improvements to the Center contemplated herein and the integrated development of all Common Areas of the Center, provided that the Improvement Plans for all or any part of the Future Development shall be prepared only if Developer elects to construct all or any part of the Future Development as provided in Section VII-D, it being agreed that notwithstanding anything to the contrary contained elsewhere in this REA, there is no obligation whatsoever for Developer to construct any of the Future Development. The Parties shall be consulted frequently during the course of the preparation of such Improvement Plans and shall be provided progress prints. From time to time during the course of the preparation of such Improvement Plans, Developer shall cause the Project Architect to submit progressive working drawings of such Improvement Plans to each of the Parties for review, recommendation and approval.

In order to produce an architecturally compatible and unified Shopping Center, each Party agrees to consult with the other Parties concerning the design, the color treatment and the exterior materials to be used in the construction of all buildings and structures on its Tract, and to consider the views of the other Parties with respect thereto prior to selecting the specific materials and colors for its improvements. Each Party also agrees to cause its architect to work in good faith with the Project Architect and the other Parties so that the buildings to be erected and constructed in the Center will have an overall cohesive and related architectural continuity and will be in harmony with the

balance of the Shopping Center improvements. Notwithstanding the above, each of the Parties agrees that in the event of a dispute between a Party and the Project Architect as to such matters, the Party shall have the right to make the final decision in its sole and absolute judgment, which decision shall not be subject to arbitration under Section XXIII.

1. Basic Concept Drawings. The Agency heretofore has approved Basic Concept Drawings prepared by the Project Architect. All Improvement Plans prepared pursuant hereto by the Project Architect shall be developed in accordance with the general concept set forth in said Basic Concept Drawings and Exhibit B.

2. Schematic Improvement Plans. Developer shall cause the Project Architect to prepare and submit to the other Parties, for review and approval, schematic Improvement Plans which show the architectural appearance of the improvements to be constructed by Developer, including the elevations, graphics, colors, materials, landscaping and night lighting to be used in the design of such improvements, but excluding the interiors and storefronts of the Developer Mall Stores and Floor Area on the Developer Tract. Changes may be made in the approved schematic Improvement Plans only by the agreement in writing of the Parties and the Agency.

B. COMMON AREA IMPROVEMENT PLANS (excluding the Enclosed Mall).

1. Content of Preliminary Improvement Plans for Common Area. The preliminary Improvement Plans prepared by the Project Architect on behalf of Developer with respect to the construction of the Common Area shall, no later than one hundred twenty (120) days after approval of the schematic Improvement Plans (as such period may be reasonably extended due to any delays caused by any utility company in preparing any such Improvement Plans), be submitted to the other Parties for their review and approval, and shall show, without limitation, the following items:

(a) All access roadways; exterior boundary walls or fences; project signs; curbs; curb cuts; entrance driveways; interior roadways; the Automobile Parking Area; utility systems and lines to serve Common Area improvements and such Floor Area as each Party may designate as to its Store Site; sanitary sewer lines, storm drains and other drainage lines or systems, including extensions thereof situated outside the Shopping Center Site to connect to established public utility systems; fire hydrants; lighting facilities and other similar facilities for common use, provided that the design and working drawings for storm drains and area drains, including extensions thereof off the Shopping Center Site, sanitary sewers, water, telephone, gas, electric power and other utility lines, conduits and systems, including taps for commercial connections to points designated by each respective Party, not closer than five feet (5') from the building face, may be prepared, under the supervision of the Project Architect, by the utility companies responsible for such installations or by architects or engineers other than the Project Architect, but same shall be subject to the approval in writing by the Parties.

(b) The location of all facilities for common use where the fixing of such location is reasonably possible, and if precise location cannot be shown, specifications for such location shall be set forth.

(c) A comprehensive rough grading plan for the entire Shopping Center, including the size and dimensions of all facilities for common use; storm drains, including area drains, surface drainage installations and taps for building connections; and sanitary sewers for common use, including taps for building connections.

(d) A composite parking layout for the entire Shopping Center which shall show paving, striping, compact parking spaces, bumpers, curbs, location of lighting standards, and which shall designate areas which may be

separately illuminated from time to time at the request of any Party.

(e) A composite landscaping and landscape irrigation plan as prepared by the landscape architect, which shall specify overall plant materials and planting, together with illustrations of all such plantings.

(f) The conditions, standards and architectural treatment under which the foregoing improvements and appurtenances shall be located, constructed or installed. Such conditions, standards or architectural treatment shall not be less than the minimum requirements of the City or of any other governmental agency having jurisdiction over the performance of the work and shall provide that sewers, drainage, utility lines and conduits, except within structures, including the Parking Facilities, shall not be constructed or maintained above the ground level of the Common Area.

(g) The general location of all Floor Area and other areas not included within the definition of either "Floor Area" or Common Area".

(h) The design of all waterline systems of such size and standards so as to meet the necessary fire protective requirements of various fire underwriters, as hereinafter provided.

(i) The location and extent of Perimeter Sidewalks. The Perimeter Sidewalks shall be designed and constructed in accordance with Section VI-C hereof.

(j) The location and extent of stairways, decks, tunnels, bridges and escalators, if any, from the Parking Facilities to the Enclosed Mall or to the Store of any Party.

(k) A directional graphics package for the Automobile Parking Area.

(l) Improvement of adjacent streets, including traffic signals, as required by the DDA and this REA,

and any other off-site improvements to the extent shown on Exhibit B.

2. Final Improvement Plans. Within one hundred eighty (180) days from the date of approval of the preliminary Improvement Plans, Developer shall cause the Project Architect to submit final Improvement Plans to each of the Parties for review and approval; such final Improvement Plans shall be developed from the approved preliminary Improvement Plans.

3. Approval of Common Area Improvement Plans. From time to time during the course of the preparation of each stage of the Improvement Plans, Developer shall cause the Project Architect or other architects responsible for preparation of such Improvement Plans to submit progressive drawings to each of the Parties for review, recommendation and approval. Developer shall cause all plans approved by the Parties to be submitted by the Project Architect to the Agency for review and approval as required by the DDA. In the event a Party objects to the Common Area Improvement Plans submitted, such objections shall be made in writing to the Project Architect. If there is an objection from any Party which cannot be resolved by the Project Architect, the Project Architect shall call a meeting of the Parties to be held within forty-five (45) days from such date of submission to resolve such objection. All objections shall be considered at such meeting with the intent that such Common Area Improvement Plans will be agreed to in their final form at such meeting. If at such meeting the Parties are unable to agree unanimously, all matters of disagreement as between the Parties shall be resolved between the Parties by the arbitration procedures of Section XXIII hereof. To the extent practical, all work shall continue during any period of arbitration.

4. Additional Common Area Improvement Plans. Additional Improvement Plans for the development of the Common

Area or for the construction of permitted additional improvements in the Center may be developed by the Project Architect or may be developed by others and submitted to the Project Architect for approval. Upon such preparation or approval by the Project Architect, as the case may be, such Improvement Plans shall be submitted to the Parties and to the Agency for their approval in writing pursuant to Section XXIX-R.

To provide continuity and harmonious architectural treatment in the development or approval of such Improvement Plans, prior approved Improvement Plans shall be followed as a guide in any such additional Improvement Plans and in the establishment of conditions, standards and architectural treatment under which unimproved areas shall be improved or additional improvements shall be made. Any material change from previously approved Improvement Plans shall be subject to the approval of the Parties.

5. Delivery of Approved Improvement Plans. All Improvement Plans shall be stamped "approved", dated and certified by the Project Architect and maintained by it in a safe and convenient place. The Parties and the Agency shall each receive a copy of the final Improvement Plans. In the event of the designation of another Project Architect, all Improvement Plans and other records relating thereto shall be delivered to the new Project Architect at the time of such designation.

C. ENCLOSED MALL DESIGN AND IMPROVEMENT PLANS. Developer shall send each Major one (1) reproducible copy of the general design plans and specifications for the Enclosed Mall, and each Major shall have the right to approve same pursuant to Section XXIX-R. After approval of the general design plans and specifications for the Enclosed Mall by each Major, Developer shall prepare final plans and specifications for the Enclosed Mall and submit them to each of the Majors for approval. Such plans shall include the plans and

specifications for attachment of the Enclosed Mall to the Store of any Major, and the architect preparing the same shall consider the facade of the building to which the attachment is to be made; the sheathing of any columns in the Enclosed Mall adjacent to any such building facade; the signing requirements of the Major at its Enclosed Mall entrance or in the Major's Court; the insurance requirements of the Major so as to maintain the quality of its usual fire and extended coverage insurance without increased premium; building code requirements; and the fact that there shall be no seismic loading or structural stress imposed upon any Store which would require additional support by such Store. Each Major shall have the right to approve, in its sole and absolute judgment, the plans and specifications for attachment of the Enclosed Mall to its Store, and in such determination, each of the requirements set forth above shall be relevant circumstances. In the event plans and specifications for such attachment are submitted and approved by any Major in sufficient time to enable it to construct its Store so as to receive such attachment such Major shall so construct its Store. In the event such plans and specifications are not submitted in sufficient time, but are thereafter approved, then and in that event the expense of any change incurred by any Major in preparing or changing its Store plans or specifications and any additional cost in constructing such Store, or any change or modification thereto, shall be borne by Developer.

Notwithstanding anything contained herein to the contrary, in the development of plans and specifications for the attachment of the Enclosed Mall to the Stores, the Majors shall coordinate their Store plans with Developer to the extent that the walls of the Stores may be constructed to permit attachment to the Enclosed Mall in accordance with such coordinated plans.

The general interior design and construction of, the elevation of, and the architectural treatment of, the Enclosed

Mall, excluding the store fronts of Occupants, shall be subject to the prior written approval of each of the Parties other than Ikea. Developer agrees to submit in a timely fashion to each of the Majors, for informational purposes only, a directional graphics package for the Enclosed Mall. Directional graphics shall include indicators for the location of each Major.

Notwithstanding anything contained in this Section IV, each Major shall have the right of approval of the design of its respective Court, including such items as column locations, decor, floor coverings, layout, decorative elements, floor elevations, ceiling heights, lighting, wiring, elevators, escalators, stairways and furnishings. Notwithstanding the right of each such Major to disapprove the design of its Court, no such disapproval may be predicted on a requirement which would materially alter the general design concept of the Enclosed Mall which was previously approved in accordance with the requirements of this Section IV.

The Parties agree that they shall use their diligent efforts to construct their respective Stores within their respective property lines.

As used herein the word "attachment" shall mean abutment without structural support so that the improvements in question have structural independence, but the improvements may attach for purposes of waterproofing.

D. PLANS FOR THE STORES. The plans for the respective Stores of the Parties shall be prepared in substantial conformity and shall be consistent with the schematic Improvement Plans approved by the Parties and the Agency. The locations, number of levels, height, and exterior plan configurations of all buildings and structures to be constructed by each of the Parties on its Store Site shall, if not indicated thereon or if different from Exhibit B or if greater than Exhibit C, be subject to the prior written approval of each of the Parties, in their sole and absolute discretion. In order to produce an architecturally compatible

unified Shopping Center, each Party agrees to consult with all other Parties concerning the design, color treatment and exterior materials to be used in the construction and reconstruction of all buildings and structures on its Tract and to consider the views of all other Parties with respect thereto prior to selecting the specific materials and colors for its improvements. The design standards for the on-site improvements, including schematic parking layout, landscaped areas and driveways, shall be uniform for all Parties' Tracts so far as the same are to be constructed at or above ground level.

The Majors and Ikea shall cause to be delivered to Developer, the Project Architect and to each other Party, for informational purposes only, at least ninety (90) days before commencement of construction of such Party's Store, one copy of their proposed plans and specifications as respects the exterior design, including color and material, of their respective Stores. The Project Architect shall, within twenty (20) days after the receipt thereof, notify each such Party of any exterior design features, color or material which in the Project Architect's judgment are not compatible with the design concept of the Shopping Center. In the event any such notice is given by the Project Architect to any Party, such Party agrees to cause its architect thereafter to work in good faith with the Project Architect and the other Parties so that the buildings to be erected and constructed will be in harmony with the approved architectural general concept of the Shopping Center. The question of architectural compatibility shall not, however, be subject to arbitration under Section XXIII.

E. GENERAL DESIGN DATA FOR COMMON AREA. In the preparation of all Improvement Plans provided for in Section IV, and any further plans for additional development or changes in the Common Area, the following general design data, without limitation, shall be followed, as minimums, unless governmental

specifications for such work establish higher standards, in which event the higher standards shall prevail:

1. Sewer and other utility lines, conduits or systems shall not be constructed or maintained above the ground level of the Shopping Center Site unless such installations are approved by the Parties and the Agency, are within enclosed structures, and conform with the requirements of the City and other applicable governmental or private agencies having jurisdiction thereof.

2. Street improvements shown on Exhibit B respecting future and existing streets and roads adjacent to the Shopping Center shall be made in accordance with the requirements of the City and other governmental agencies having jurisdiction thereof.

3. Lighting for Automobile Parking Area shall be provided by fixtures of such type as the Parties shall approve, with separate meters and area controls and with electric time switches on a seven (7) day program. Unless otherwise provided for in the approved Improvement Plans, the lighting requirements for various areas in the Automobile Parking Area shall be sufficient to provide a minimum maintained lighting intensity in open areas of one (1) footcandle, and within the Parking Facilities an intensity of five (5) footcandles, with an average to minimum ratio of not greater than 2 to 1, and four (4) footcandles at all entrances to the Automobile Parking Area, each measured at grade. The lighting system shall be designed so that it can be illuminated at twenty-five percent (25%) of full intensity, uniformly distributed throughout the Automobile Parking Area, during hours of darkness that the Shopping Center is not open for business.

4. The driving ramps in the Parking Facilities which have automobile parking spaces thereon shall have a maximum slope within the Parking Facilities not to exceed five

percent (5%), unless otherwise shown on the approved Improvement Plans.

5. All sidewalks, unenclosed malls, if any, pedestrian bridges and pedestrian aisles and pedestrian decks and tunnels shall be of approved materials, and the surface of the Automobile Parking Area and access roads shall be paved by installing a suitable base, with a bituminous or asphaltic wearing surface or other material as shown on the approved Improvement Plans, or other approved material.

6. The surface of that portion of each level of the Enclosed Mall devoted to pedestrian traffic shall to the extent practicable be installed in a continuous plane without steps. The maximum slope in such surface shall not exceed one-half of one percent (1/2%), unless otherwise shown on the approved Improvement Plans.

7. All fire protective systems shall be installed in accordance with the requirements of local authorities having jurisdiction over such installation, and in accordance with any additional requirements of a qualified, independent inspection firm representing any Party with respect to its improvements, such as the Insurance Services Office of California, Industrial Risk Insurers, Factory Mutual Engineering Association or Frank B. Hall.

8. The ventilating and cooling system of the Enclosed Mall shall be capable of maintaining seventy-two degrees (72°) Fahrenheit dry bulb and fifty percent (50%) humidity inside conditions with outside conditions of ninety degrees (90°) Fahrenheit dry bulb and seventy-one degrees (71°) Fahrenheit wet bulb. The entire system shall be automatically controlled.

9. BLANK.

10. The plans for construction of any pedestrian bridges, decks and tunnels from the Parking Facilities to the Developer Improvements or to the Store of any other Party shall clearly designate lighting, landscaping (if any), materials,

colors, finishes, the length, height, design and drainage characteristics thereof and shall be subject to the approval of all Parties. At the point of connection with a Store or the Developer Improvements, as the case may be, the height of the finished surface of each such pedestrian bridge shall be established at the same elevation as the corresponding floor of the Store or Developer Improvements to which such pedestrian bridge connects. The location, width and extent of any pedestrian bridges, decks and tunnels from the Parking Facilities to the extension of the Enclosed Mall or to a Store of any Party shall be as shown on Exhibit B, and any variation therefrom shall be subject to the approval of all Parties and the Agency. The Majors shall have the right to approve, in their sole and absolute discretion, the plans for attachment of any pedestrian bridge, deck or tunnel to the Store of each such Major, and each Major shall have the right to approve the plans and specifications for the construction of any pedestrian bridge, deck or tunnel.

11. The maximum slope of any pedestrian bridge extending from the Parking Facilities to the Developer Mall Stores, the Enclosed Mall, or to any other Store shall not exceed 8.5% and shall slope away from the Stores, unless otherwise shown on the approved Improvement Plans.

12. To the extent required by Section II-H hereof, the Sears Store and the Bullock's Store shall each have at least one exterior entrance, and at least one interior entrance into levels one, two and three of the Enclosed Mall on each such level of the Enclosed Mall, and the Mervyn's Store shall have at least one exterior entrance, and at least one interior entrance into levels two and three of the Enclosed Mall on each such level of the Enclosed Mall.

13. The Enclosed Mall shall contain sprinkler protection (including a deluge system or a fire protection water curtain, if required by building code requirements) within the ceiling plane and at all windows and doors of the

Store of any Major, and shall include any smoke vents required by code or the insurance requirements set forth in Section IV-C.

14. The air conditioning specification of the Stores (except the Developer Non-Mall Stores) and of the Enclosed Mall shall be so designed, constructed, operated and maintained so as not to unduly drain conditioned air from, nor unduly discharge or return air into, the Enclosed Mall or Stores, as the case may be, and Developer agrees that Occupants of the Developer Mall Stores shall be similarly required not unduly to drain conditioned air from, or unduly discharge residue or return air into, the Enclosed Mall.

F. EXERCISE OF APPROVAL RIGHTS. Subject to the applicable provisions of Section IV-C hereof, no Party shall, in exercising its right of approval over the plans and specifications of any other Party, or over the Common Area Improvement Plans, make any unreasonable request, or make any request whatsoever which would unreasonably increase the cost of the work to be performed. Except as expressly otherwise provided herein, the reasonableness of any such request shall, as between the Parties, if disputed by any Party, be determined by arbitration as provided in Section XXIII hereof. No approval of Improvement Plans by a Party shall constitute the assumption of any responsibility by that Party, as to third parties, for the accuracy, sufficiency or propriety of such Improvement Plans, or a representation or warranty that the Improvement Plans require the construction of economic improvements or improvements which comply with applicable laws.

G. CHANGES IN IMPROVEMENT PLANS. Changes may be made in approved Improvement Plans only by the agreement in writing of all the Parties. The Party requesting any such change shall pay any resulting additional cost incurred in connection with such changes; provided, however, the requesting Party or Parties shall pay such additional cost only if: (i) the request for change is made after such Party or Parties has

or have first approved the Improvement Plans, and (ii) the request for change is not the result of an error by the Project Architect, governmental requirements or a pre-existing condition. In the event any Party shall fail to respond to a request for approval of such change in writing within thirty (30) days from the date of submission of such change, subject to the requirements of Section XXIX-D, such change shall be deemed to have been rejected by such Party. The cost of such changes shall be estimated by the Project Architect and approval obtained from the Party(ies) responsible for the payment thereof prior to the issuance of authorization for the work in question to proceed.

H. QUALITY OF ENCLOSED MALL CONSTRUCTION. The quality of (i) the construction, (ii) the construction components, (iii) the decorative elements and (iv) the furnishings and the general architectural character and general design (including, but not by way of limitation, decorative elements), the material selection, the decor and the treatment values, approaches and standards of the Enclosed Mall shall be comparable, at minimum, to the qualities, values, approaches and standards (as of the date hereof) of the Crystal Court at South Coast Plaza, Costa Mesa, California.

I. PHASE 1 DEVELOPMENT IMPROVEMENT PLANS. Notwithstanding anything to the contrary contained in this REA, the Parties and the Agency hereby agree that all of the Improvement Plans required for the Phase 1 Development are hereby approved and accepted, and all of the Plans of Sears, Mervyn's and Ikea required to be approved are hereby approved and accepted.

## SECTION V

## CONSTRUCTION OF DEVELOPER IMPROVEMENTS

Developer agrees, on a date as soon as reasonably possible after approval of the final Improvement Plans and, subject to Section XV, in accordance with the construction schedule set forth in Exhibit G, to commence the construction of the Developer Improvements (exclusive of any Developer Non-Mall Stores) in the Phase 1 Development as shown on Exhibit B, and thereafter diligently proceed to completion. Developer agrees, on or before September 9, 1991 and, subject to Section XV, in accordance with the construction schedule set forth in Exhibit G, to commence construction of the Developer Improvements in the Phase 2 Development as shown on Exhibit B and thereafter diligently proceed to completion. Developer shall be deemed to have commenced the construction referred to in the preceding sentences upon the date that Developer shall have let a firm contract or contracts for the construction of the Developer Improvements and shall have commenced the construction of the foundations of the Developer Improvements. Developer agrees to complete construction of the Phase 1 Developer Mall Stores, at least as to all structural elements, including without limitation, exterior walls and roofs, and the Phase 1 Enclosed Mall, and any temporary closures which may be required, on or before August 21, 1991. Developer agrees to complete construction of the Phase 2 Developer Mall Stores, at least as to all structural elements, including without limitation, exterior walls and roofs, and the Phase 2 Enclosed Mall, and any temporary closures which may be required, on or before September 9, 1992. Developer agrees to complete construction of the Common Area (exclusive of the Enclosed Mall) as and when required by Section VI hereof.

The construction of the Developer Improvements in the Phase 1 Development and the Phase 2 Development shall be performed in accordance with the final approved Improvement Plans relating thereto and in accordance with Exhibit B.

## SECTION VI

## CONSTRUCTION OF COMMON AREA

A. CONSTRUCTION OF COMMON AREA IMPROVEMENT WORK BY DEVELOPER.

1. Upon approval of the Common Area Improvement Plans referred to in Section IV-B-2 hereof, Developer shall enter into written contracts providing for the construction of the portions of the Common Area improvements which it is required to perform pursuant to this REA and the DDA. The portions of such work which Developer has agreed to perform are more specifically set forth in Section VI-B hereof. Each such contract shall expressly provide that no Major or Ikea shall have any liability for any portion of the cost of such work. It is expressly recognized by the Parties that there are separate agreements between Developer and each other Party relating to the payment of its portion of the cost of the common improvement work. Such other Party's obligation in respect of such work is limited as provided in its separate agreement.

2. The common improvement work shall consist of the following items of work as approved by the Parties:

(a) Preliminary Development of Site. Preliminary development of the Shopping Center Site, including, but not limited to, the following:

(1) Preliminary and master planning.

(2) Traffic studies and environmental impact reports or studies and all other requirements of applicable federal, state and local law.

(3) Design, planning and construction of off-site and/or on-site storm drains, flood control facilities, and planning of appropriate off-site and on-site improvement for development by Developer or public bodies.

(4) Design, planning and construction of off-site and on-site improvements for the general benefit of the Shopping Center Site, including, but not limited to,

perimeter streets and access roads (whether or not dedicated to public use) and planning and erection of directional signs, traffic signalization, street lighting, and other facilities, all as reasonably required to provide proper ingress and egress for the Center.

(5) Undergrounding or off-site relocation of overhead utility facilities.

(6) Demolition, clearing, rough grading, and fill of the Shopping Center Site, including, but not limited to, removal of subsurface obstructions and utilities and including the building pads and any building excavations, excluding, however, any backfill adjacent to any Store that may be required as a result of the excavation of the building pad of such Store, which backfill work shall be done by and at the sole cost and expense of the Party constructing such Store, provided material is stockpiled on-site and available for use by such Party.

(7) Improvement, including landscaping, of all areas between the boundaries of the Shopping Center Site and the street curbs immediately adjacent thereto.

(b) Improvement of Common Area. The design, construction and improvement of the Common Area including, but not limited to, the following:

(1) Fill and compaction requirements, if any, to develop the same.

(2) Finish grading.

(3) All paving, striping and lighting, including panelboards, switches and electric time clock controls.

(4) Facilities for surface and subsurface drainage.

(5) Malls (excluding the Enclosed Mall), sidewalks, gutters and curbs, exclusive of Perimeter Sidewalks, which Perimeter Sidewalks shall be designed and constructed as provided in Section VI-C.

(6) Landscaping, including related water systems and related automatic control systems, except for landscaping and related facilities within Perimeter Sidewalks, which shall be designed and constructed as provided in Section VI-C, and except those related to construction of the Enclosed Mall.

(7) Common sanitary sewers, storm drains, gas, electrical, water and telephone and other utility facilities beyond five feet (5') from the building face of the respective buildings of the Parties, but in no event closer than five feet (5') to said building face.

(8) All amenities such as benches, trash baskets, public telephones, newspaper stands, drinking fountains, bicycle racks, decorative features and similar facilities for the comfort or benefit of the Permittees, together with institutional signs, symbols, directories and similar notices for and to the Center, including signs during construction, which signs shall be of such size, form and content as the Parties shall approve.

(9) All Automobile Parking Area, including without limitation the Parking Facilities.

B. SCOPE OF CONSTRUCTION BY DEVELOPER. Pursuant to the DDA, the Agency has agreed to construct certain improvements within, adjacent to and in the vicinity of the Shopping Center Site, including street improvements, street lighting, intersection signalization, sewer systems, water systems, gas systems, telephone systems, cable TV systems, drainage systems and landscaping. All such work shall be performed as shown in the Common Area improvement plans prepared pursuant to Section IV-B and in accordance with and subject to the monetary and other limitations contained in those certain documents attached as exhibits to the DDA entitled "Scope of Development" and "Schedule of Performance", which documents are attached hereto as Exhibits F and G and which are incorporated herein by this reference. Developer

shall perform or construct, or cause to be performed or constructed, all of the items of common improvement work specified in Section VI-A-2 and as shown on Exhibit B except for those items which the Agency is obligated to construct pursuant to Exhibits F and G. It is understood and agreed that the Parties are relying upon the provisions of this Section and the construction by the Agency and/or by the City of the improvements, in accordance with the terms of Exhibits F and G and the DDA, in entering into this REA.

C. DESIGN AND CONSTRUCTION OF PERIMETER SIDEWALKS. Perimeter Sidewalks shall be designed, improved, and the cost and expense of design and construction thereof shared or borne by the Parties as follows:

1. Design. All surface improvements constructed within said Perimeter Sidewalk areas, including curbs, sidewalks, landscaping, landscape sprinkler systems, retaining walls, earth fill, and special planters shall be designed by the architect for the Store whose exterior wall is adjacent to such surface improvements, subject to the approval of the Project Architect for conformity with approved general design standards for Perimeter Sidewalks and with respect to architectural compatibility, and each Party shall pay the design fee of its architects or other consultants with respect to the Perimeter Sidewalks adjacent to its Store.

2. Construction. Each Party shall construct or shall cause the construction of its Perimeter Sidewalk areas, including all surface improvements located therein, which construction shall be performed at such Party's cost and expense, and in accordance with the final approved plans with respect thereto and in accordance with the construction schedule for the construction of the Store of each Party.

D. SCHEDULING OF COMMON AREA IMPROVEMENT WORK. The performance of the construction of the Common Area under any contract shall be scheduled by Developer in consultation with the other Parties so as to coordinate such performance with the

construction of the Stores. Developer covenants with each of the Majors that all Common Areas (exclusive of the Enclosed Mall) shall be completed and available for commercial use and Operation as contemplated by this REA by a date at least thirty (30) days prior to the date the first of Sears or Mervyn's shall open for business, but in no event shall the foregoing require completion of construction prior to June 12, 1991. Notwithstanding anything to the contrary contained above, Developer covenants with Ikea that the Common Area shown on Exhibit B as "Parking Facilities No. 3" shall be substantially completed and available for commercial use and Operation as contemplated by this REA by a date at least ten (10) days prior to the date Ikea opens for business, but in no event shall the foregoing require completion of construction prior to September 30, 1990. Developer covenants with each of the Majors that the Phase 1 Enclosed Mall shall be completed and available for use and Operation as contemplated by this REA by August 21, 1991, and the Phase 2 Enclosed Mall shall be completed and available for use and Operation as contemplated by this REA by September 9, 1992.

## SECTION VII

## CONSTRUCTION OF STORES; OPENING DATES

A. CONSTRUCTION. Subject to the provisions of this Section VII and Section XV, each of Sears, Mervyn's, Bullock's and Ikea agrees to cause construction of its Store to commence as follows: (i) Sears agrees to cause construction of its Store to commence no later than thirteen (13) months prior to the "Grand Opening" (as hereinafter defined); (ii) Mervyn's agrees to cause construction of its Store to commence no later than twelve (12) months prior to the "Grand Opening"; (iii) Bullock's agrees to cause construction of its Store to commence no later than eighteen (18) months prior to the "Bullock's Grand Opening" (as hereinafter defined); and (iv) Ikea agrees to cause construction of its Store to commence no later than twelve (12) months prior to the "Ikea Grand Opening" (as hereinafter defined). Each of Sears, Mervyn's, Bullock's and Ikea further agrees thereafter diligently to prosecute such construction to completion so that each such Store shall be constructed within its Store Site, with at least the Initial Planned Floor Area specified in Section VIII-A and shall be open to the general public for business on or before the dates hereinafter provided. Notwithstanding the foregoing, commencement of construction by each Major is conditioned upon: (i) approval by such Major of the Improvement Plans, (ii) prior commencement and diligent continuation of construction by Developer pursuant to the provisions of Sections V and VI, (iii) prior commencement and diligent continuation of construction by Ikea of the Ikea Store, so that Ikea can be reasonably expected to complete construction of the Ikea Store and open for business no later than the Grand Opening; and (iv) Developer's approval of all construction easements reasonably required by such Major as provided in Section II-C.

In the event that Ikea has not commenced or is not diligently proceeding with construction of the Ikea Store by August 21, 1991 (subject to Section XV), or if Ikea has not

completed construction of the Ikea Store and opened for business by August 21, 1992 (subject to Section XV), then each of the other Parties shall have the right to terminate this REA by so notifying each of the other Parties of its election to terminate this REA, effective thirty (30) days after said notice.

All such construction shall be performed in accordance with the requirements of this REA and the DDA and in accordance with each such Party's final Store plans.

B. OPENING DATES. Subject to Section XV, each of Sears and Mervyn's shall open for business in its Store no later than August 21, 1991 (the "Grand Opening"); Bullock's shall open for business in its Store no later than September 9, 1992 (the "Bullock's Grand Opening") and Ikea shall be open for business in its Store no later than October 31, 1990 (the "Ikea Grand Opening"). The obligation of each such Party to open for business by its Grand Opening is subject to (i) completion by Developer of the required common improvement work and the availability of same for use and Operation as set forth in Section VI-D on or before July 21, 1991 as to Sears and Mervyn's, August 9, 1992 as to Bullock's and September 30, 1990 as to Ikea, (ii) completion by the Agency of its common improvement work on or before September 30, 1990.

The obligation of each of Sears and Mervyn's to open for business by the Grand Opening is also subject to Developer having at least sixty percent (60%) of the Initial Planned Floor Area of the Phase 1 Developer Mall Stores leased and obligated to be open for business on or before the Grand Opening. The obligation of Sears to open for business by the Grand Opening is also subject to Ikea being open or prepared to open for business simultaneously. The obligation of Mervyn's to open for business by the Grand Opening is also subject to Sears being open or prepared to open for business simultaneously. The obligation of Bullock's to be open for business by the Bullock's Grand Opening is also subject to (i)

Developer having at least seventy percent (70%) of the number of Occupants of all of the Developer Mall Stores leased and open for business on or before Bullock's Grand Opening, (ii) Sears, Mervyn's and Ikea being open or prepared to open for business simultaneously, and (iii) the full payment to Bullock's by Developer of the "Reimbursement" (as defined in the Bullock's Lease) as required by the Bullock's Lease. Developer shall notify each of Sears and Mervyn's at least thirty (30) days prior to the Grand Opening as to the amount of Floor Area of Phase 1 Developer Mall Stores Developer estimates will be leased and obligated to be open for business on the Grand Opening. If such notice discloses that less than sixty percent (60%) of the Initial Planned Floor Area of the Phase 1 Developer Mall Stores will be leased and obligated to be open for business on the Grand Opening, Developer shall then notify Sears and Mervyn's at least thirty (30) days prior to the date Developer estimates it will have at least sixty percent (60%) of the Initial Planned Floor Area of the Phase 1 Developer Mall Stores leased and obligated to be open for business, and Developer shall then notify Bullock's at least thirty (30) days prior to the date Developer estimates it will have at least seventy percent (70%) of the number of Occupants of all of the Developer Mall Stores leased and open for business. In the event that either Developer or the Agency, as the case may be, shall not have satisfied their respective requirements on or before the respective dates provided for in this Section VII-B, then the Grand Opening of the Party in question may be postponed at such Party's election by a period equal to the number of days commencing on the date such requirement was to have been satisfied, up to and including the date both Developer and the Agency have satisfied their respective requirements.

The obligation of each Major and Ikea to be open for business by their respective Grand Openings is also subject to Developer delivering to each of Sears, Mervyn's, Bullock's and

Ikea possession of its Store Site in accordance with the requirements in the respective separate agreements between Developer and each of Sears, Mervyn's, Bullock's and Ikea at least thirteen (13) months prior to such opening date as to Sears, at least twelve (12) months prior to such opening date as to Mervyn's, at least eighteen (18) months prior to such opening date as to Bullock's and at least twelve (12) months prior to such opening date as to Ikea; free from all surface and subsurface improvements, rough graded, equipped with temporary utilities and with a staging area pursuant to plans approved by the Majors and Ikea, respectively. In the event Developer fails to deliver possession to such Majors and Ikea, respectively, as provided herein, then, subject to the provisions of Section VII-A, the opening date of such Party's Store shall be deemed to be extended on a day for day basis so that such Party will have the time period required by Section VII-A hereof within which to construct its Store.

Anything herein to the contrary notwithstanding, in no event shall any Major be required to open its Store for business between November 1 of any calendar year and March 1 of the next succeeding calendar year, or during the period from March 10 to June 30 of any calendar year, or from August 1 to September 30 in any calendar year, or during the thirty (30) day period prior to Easter Sunday.

C. TIME FOR OPENING AND LEASING OF DEVELOPER MALL STORES AND OPENING OF THE ENCLOSED MALL. Developer agrees that if Sears and Mervyn's shall be open for business or ready to open for business on the Grand Opening, Developer shall, on the Grand Opening, and with respect to the Phase 1 Development, open the Enclosed Mall to the public and use its diligent efforts to have all of the Initial Planned Floor Area of the Phase 1 Developer Mall Stores open for business and have leased and obligated to be open for business at least sixty percent (60%) of the Initial Planned Floor Area of the Phase 1 Developer Mall Stores. Developer agrees that if Bullock's

shall be open for business or ready to open for business on the Bullock's Grand Opening, Developer shall, on the Bullock's Grand Opening, and with respect to the Phase 1 Development and the Phase 2 Development, open the Enclosed Mall to the public and use its diligent efforts to have all of the Initial Planned Area of all of the Developer Mall Stores open for business and have leased and open for business at least seventy percent (70%) of the number of Occupants of all of the Developer Mall Stores.

D. FUTURE DEVELOPMENT.

1. The areas comprising the Future Development initially constitute a part of the Common Area on the Developer Tract. The Future Development is designated on Exhibit B as "PDA 1" through "PDA 4", inclusive.

2. The Future Development area shall be improved in the Phase 1 Development by Developer as part of the Common Area as shown on Exhibit B, in conformity with the Improvement Plans prepared and approved as provided in Section IV hereof, and shall be completed by Developer on or before the date provided in Section VI-D, and shall remain as shown on Exhibit B until construction of the Future Development to be constructed thereon is commenced. After construction of any portion of the Future Development is commenced, the portion of any PDA improvements as are actually constructed shall not be part of the Common Area, if, and to the extent, such improvements constitute Floor Area or other non Common Area improvements.

3. Blank.

4. Developer, at no expense to the Majors or Ikea, may construct or cause to be constructed the Future Development improvements only within the areas respectively shown on Exhibit B and designated PDA 1, PDA 2, PDA 3 and PDA 4.

5. Developer agrees that the construction and Operation of any improvements constructed on PDA 1 through PDA 4 in connection with the Future Development shall be subject to

and conform to the following limitations:

a. Such improvements shall not exceed the height limitations set forth for such improvements on Exhibit C attached hereto and made a part hereof.

b. The total Floor Area on all floors of such improvements shall not at any time in the aggregate exceed the maximum amount of Floor Area permitted in accordance with the Automobile Parking Area ratio provided in Section X-C hereof.

c. All improvements on PDA 1 through PDA 4 shall be located as shown on Exhibit B.

d. All signs on such improvements shall be subject to the Sign Criteria attached hereto as Exhibit D and made a part hereof.

e. Such improvements shall be maintained and used for occupancy only by businesses for the retail selling of goods, wares, and merchandise and/or services, and for hotel, motel or office building purposes and/or parking structures.

The specific uses for the PDA's are set forth in Section VIII-H hereof.

f. The construction and Operation of such improvements shall be subject to all applicable terms, requirements, conditions and provisions of the DDA and this REA.

6. In the event Developer elects to construct or cause the construction of the Future Development (or any portion of it), Developer shall, at no expense to the Majors or Ikea, and prior to the completion of construction and Operation of any such improvements, complete construction of sufficient Automobile Parking Area in order to maintain the Automobile Parking Area ratios required on the Shopping Center Site pursuant to Section X-C.

7. The Future Development, if constructed, shall be constructed in accordance with Exhibit B and all

applicable requirements of the DDA and of this REA applying to the Developer Improvements. All Common Area to be constructed as part of the Future Development shall be constructed by Developer at no expense to the Majors or Ikea and in accordance with Exhibit B and all applicable requirements of the DDA and of this REA applying to the construction of the Common Area.

## SECTION VIII

## FLOOR AREA, USE, OPERATION, SIZE AND HEIGHT

A. FLOOR AREA. The Initial Planned Floor Area and the minimum Floor Area of each of the Parties are as follows:

| Phase 1 Development | | Initial Planned Floor Area | Minimum Floor Area |
|---|---|---|---|
| Developer Mall Stores | | 305,000 | 220,000 |
| Sears Store | | 116,550 | 81,585 |
| Mervyn's Store | | 84,000 | 58,800 |
| Ikea Store | | 215,510 | 125,200 |
| Phase 2 Development | | | |
| Bullock's Store | | 220,800 | 154,560 |
| Developer Mall Stores | | 65,800 | 46,060 |
| Future Development | | | |
| Future Office (PDA 3) (including related restaurant and retail) | | up to 159,800 (up to 170,000 gross building area) | 0 |
| Developer Non-Mall Stores | | | |
| PDA 1 | not to exceed | 5,000 | |
| PDA 2 | not to exceed | 6,000 | 0 |
| PDA 4 | not to exceed | 10,000 | 0 |

Each Party shall initially construct its Initial Planned Floor Area as set forth above; provided, however, that except as provided in Section VII-D-2 Developer shall not be obligated to construct any of the Future Development improvements.

The Initial Planned Floor Area of the Developer Mall Stores and the Developer Non-Mall Stores of the Future Development shall be deemed part of Developer's Initial Planned Floor Area upon the substantial completion of construction thereof.

Notwithstanding the foregoing, nothing herein is intended to limit the maximum size of any Party's Store or, except to the extent expressly set forth herein, require that any Party maintain any minimum Floor Area on its Tract. In the event that any Party constructs more than three percent (3%) in excess of its Initial Planned Floor Area, all such construction shall comply with the following conditions:

1. It shall be located within the area shown for such Party's Floor Area as shown on Exhibit B.

2. It shall be constructed in accordance with the provisions of Section IX and all other applicable provisions of the DDA and this REA.

3. It shall not exceed the maximum height for such Store as shown on Exhibit C.

4. Such Party shall provide, at its sole cost and expense, additional Automobile Parking Area, either by adding land to its Tract at a location approved by the Parties or by construction of a parking structure on its Tract or in the Center at a location approved by the Parties and containing sufficient automobile parking spaces so that there shall be the same ratio of automobile parking spaces to the aforementioned excess Floor Area as is provided in Section X-C for the Shopping Center as a whole. The Automobile Parking Area for such excess Floor Area shall be designed and constructed in accordance with the Improvement Plans approved by the Parties in like manner as provided in Sections IV, VI and IX hereof for the original construction of the Automobile Parking Area.

5. Such Party shall maintain such additional Automobile Parking Area at its sole cost and expense, or such maintenance shall be performed by the Operator pursuant to a separate agreement with the Operator providing for said maintenance by the Operator at such Party's expense. Such additional Automobile Parking Area shall, upon completion, become a part of the Common Area, and it shall be maintained pursuant to the same standards as set forth in Section X. In no event, however, shall any costs of Operation, maintenance and reconstruction of any such additional Automobile Parking Area, including real estate taxes and assessments, be included in Common Area Maintenance Cost.

B. HEIGHTS AND CONDITIONS. The heights of all buildings in the Center shall not exceed those specified in

Exhibit C attached hereto and by this reference made a part hereof.

Each of the Parties covenants and agrees with each other that no building or buildings or improvements, other than Common Area improvements or Permissible Development Area improvements, shall be erected or expanded on the respective Tracts of the Parties, except within their respective Store Sites designated on Exhibit B, and that the exterior wall or walls, as the case may be, of buildings erected on all such Tracts shall be along the building lines fixed in Exhibit B, and such buildings shall be located as shown on Exhibit B.

C. USES. Neither the Center, nor any part thereof, shall be used, and no building or other improvement shall be constructed, maintained or used for any purpose other than the following: retail, office, cultural and service establishments of the type common to a first-class regional shopping center, including, without limitation, financial institutions, brokerage offices, restaurants and travel and other agencies (collectively the "Permitted Uses"); provided that throughout the term of this REA, so long as two Parties are Operating in their minimum Floor Area, or one Major is Operating in its minimum Floor Area, (i) no office building shall be permitted other than in PDA 3; and (ii) service establishments (excluding theatres and restaurants), financial institutions and brokerage offices shall not, as to Developer, exceed ten percent (10%) of the Initial Planned Floor Area of the Developer Mall Stores, and, as to each Major and Ikea, shall not exceed ten percent (10%) of the Initial Planned Floor Area of each Major's Store and Ikea's Store, respectively. Nothing contained in this Section VIII-C shall be construed so as to expand the construction, development and use limitations on the Future Development set forth in Section VIII-H.

D. PROHIBITIONS. No use or operation will be made, conducted or permitted on or with respect to all or any part of the Center, which use or operation is obnoxious to or out of

harmony with the development or operation of a first-class regional shopping center containing an enclosed air-conditioned mall, including, but not limited to, the following:

1. Any public or private nuisance.

2. Any noise or sound that is objectionable due to intermittence, beat, frequency, shrillness or loudness.

3. Any obnoxious odor.

4. Any noxious, toxic, caustic or corrosive fuel or gas, including gas or fuel used for vehicles.

5. Any dust, dirt or fly ash in excessive quantities.

6. Any unusual fire, explosion or other damaging or dangerous hazard, including the storage, display or sale of fireworks or other material whose primary purpose is to cause explosions.

7. Any warehouse (but any area for the storage of goods intended to be sold or distributed at any retail or service establishment in the Center shall not be deemed to be a warehouse), assembly, manufacture, distillation, refining, smelting, agriculture or mining operations.

8. Any mobile home or trailer court, labor camp, junk yard, stock yard or animal raising. Notwithstanding the foregoing, pet shops shall be permitted within the Center, provided that such shops shall be conducted so that there shall be no violation of the other prohibitions of this Section VIII-D by reason of the operation of such shops.

9. Any drilling for and/or removal of subsurface substances.

10. Any dumping of garbage or refuse.

11. Any commercial laundry or dry cleaning plant other than as shown on Exhibit B, laundromat, veterinary hospital, car washing establishment, bowling alley, mortuary or similar service establishment.

12. Any automobile body and fender repair work.

13. Any pet shops within 150 feet measured from the center line of Sears, Bullock's and Mervyn's respective Court entrances.

14. Any kiosks, except those located within the "Permissible Kiosk Areas" shown on Exhibit B.

15. Any theatre other than as shown on Exhibit B.

E. NO SALES OUTSIDE FLOOR AREA. No merchandise and/or services shall be displayed, sold, leased, stored or offered for sale or lease outside the physical limits of Floor Area, or outside the "Ikea Activity Area" as shown on Exhibit B, except for the parking of rental cars in the Sears Rental Car Parking Area as provided in Section II-K and except for occasional Center promotions first approved by the Parties.

F. COMPLIANCE WITH REGULATIONS. The Parties shall at all times, both during and after completion of construction of their respective facilities, comply with all federal, state, county, and municipal laws, ordinances, rules, and regulations, and with all regulations of the local Fire Insurance Rating organizations having jurisdiction or any other organization or board exercising similar functions, respecting the construction, maintenance and Operation of its respective Store. As to the Common Area, Developer, or if Developer is not the Operator as to all or any portion of said Common Area, then the successor Operator, shall comply with the foregoing laws, ordinances, rules and regulations.

G. IMPROVEMENTS ON PERMISSIBLE DEVELOPMENT AREAS. Exhibit B designates the location of the "Permissible Development Areas" or "PDA's". Any improvements on the Permissible Development Areas shall be compatible with the improvements on the Shopping Center Site. The Permissible Development Areas shall be utilized in a manner consistent with first-class mixed use projects, consistent with the use restrictions contained in Section VIII-H, and consistent with

the development and Operation of the Shopping Center Site contemplated by the DDA and this REA.

In addition to the requirements set forth in Section VII-D-8, Developer agrees to provide the Majors with copies of all plans for improvements to be constructed on the Permissible Development Areas promptly upon receipt thereof so as to permit the Majors to exercise a right of approval or disapproval as to their compatibility with the Shopping Center.

H. USES FOR PERMISSIBLE DEVELOPMENT AREAS. The construction, development and use of the Permissible Development Areas shall be limited as follows:

PDA 1 may be used only for any of the Permitted Uses defined in Section VIII-C.

PDA 2 may be used only for any of the Permitted Uses defined in Section VIII-C.

PDA 3 may be used only for office and related retail and restaurant uses.

PDA 4 may be used only for any of the Permitted Uses defined in Section VIII-C.

The Parties acknowledge that Attachment 4 to the DDA, the Scope of Development (attached as Exhibit F to this REA), imposes certain limitations and restrictions on the development of the Shopping Center. Each of the Parties agrees that it will comply with all of the limitations and restrictions set forth in Exhibit F as to its Tract.

## SECTION IX

### GENERAL CONSTRUCTION REQUIREMENTS

**A. INTERFERENCE WITH CONSTRUCTION.** Any Person performing construction pursuant to this REA shall perform such work so as not to cause any increase in the cost of constructing the remainder of the Shopping Center or any part thereof, and so as not to unreasonably interfere with any construction work being performed on the remainder of the Shopping Center Site or any part thereof, or with the use, occupancy or enjoyment of the Shopping Center Site or any part thereof by any Party, Occupant or Permittee.

Each Party severally, as to the respective work of each, agrees to defend and hold each other Party harmless from all claims, including any lawsuits or similar proceedings, and from all costs, including attorneys' fees, resulting from any accident, injury, loss or damage whatsoever occasioned to any Person or property of any Person as shall occur by reason of the performance of its work.

**B. CONSTRUCTION BARRICADES.** Except with respect to the Phase 1 Development, each Party constructing any building on the Shopping Center Site shall construct a solid barricade or other protective fencing, at least six feet (6') in height, surrounding the building or buildings so being constructed. Such construction barricade shall be kept in place, in good condition and repair, until the building so being constructed is secure from unauthorized intrusion. All solid barricades shall be painted in colors approved by the Parties.

**C. SUBMISSION OF PLANS AND SCHEDULE.** At least ninety (90) days prior to the commencement of the work to be performed by Developer and Bullock's, Developer shall cause the Project Architect to submit to each other Party for approval: (i) a plot plan of the Center showing, as respects the buildings, utility lines and other improvements to be constructed by Developer and Bullock's, material and equipment storage sites,

haul roads, construction shacks and other temporary improvements, and the workmen's parking area; and (ii) a time schedule for the construction and completion of the buildings and other improvements being constructed, indicating the approximate date or dates when such construction will commence and be completed, including the date or dates upon which each portion of the Center used for the purposes referred to in the preceding subdivision (i) shall cease to be so used by Developer and/or Bullock's. Each other Party shall have fifteen (15) days from the receipt of said plot plan and time schedule within which to approve or disapprove the locations of such sites, improvements and area and the time schedule for such construction, it being expressly understood and agreed that any disapproval must specify the reasons therefor. If any other Party disapproves said plot plan and/or time schedule, Developer and/or Bullock's shall make appropriate changes thereto in order to prevent any construction conflicts or undue interference with the operation of such other Party's Store.

D. WORKMANSHIP. Each Party, as respects all construction which it is required to perform, agrees that such construction shall be done in a good and workmanlike manner, with first-class materials and in accordance with all applicable laws, rules, ordinances and regulations. Each Party agrees to pay all costs, expenses, liabilities and liens arising out of or in any way connected with its construction; provided, however, that nothing herein shall be deemed to prevent a lien secured by a Mortgage on a Tract. Developer shall be required, upon demand, to deliver to any other Party evidence (i) of completion of Developer's work in compliance with all applicable laws, ordinances, regulations and rules, including a copy of the recorded Certificate of Completion issued by the Agency as required by the DDA as to work performed on the Shopping Center Site; (ii) of compliance with approved plans applicable thereto; and (iii) of payment of all costs, expenses, liabilities and liens arising out of or in any

way connected with such construction (except for liens which are contested in the manner provided herein and except for any Mortgage on the Developer Tract).

E. COORDINATION. Each Party, as respects the construction it is required to perform, shall use all reasonable efforts to cause its architects and contractors to cooperate and coordinate their construction with the architects, contractors and construction work of each other Party, to the extent reasonably practicable, and shall cause all construction to be performed pursuant to the approved plans provided for in Section IV hereof.

F. MECHANICS' LIENS. In the event any mechanics' liens are filed against the Tract of any Party, the Party permitting or causing such lien to be filed hereby covenants to either pay the same and have it promptly discharged of record, or to take such action as may be required to reasonably and legally object to such lien, or to have the lien removed from such Tract, and in all events agrees to have such lien discharged prior to the foreclosure thereof, and further covenants, upon the request of any other Party or the Agency to furnish such security as may be required, for the benefit of such requesting Party or of any title insurance company designated by such Party to permit a report of title to be issued relating to its Tract without showing thereon the effect of such lien. For all purposes applicable to the provisions of Sections 3082-3265 of the Civil Code of the State of California, the construction of the Enclosed Mall, the remainder of the Common Area and each of the Stores, as the case may be, shall be deemed to be separate works of improvement even if same are integrated.

G. INDEMNITY. The Parties each severally covenant and agree to indemnify, defend and hold harmless each other and the Tract of each other against liability, loss, damage, costs or expenses, including attorneys' fees, on account of claims of lien of laborers or materialmen, or others, for work performed

or supplies furnished, in connection with any construction performed by it, including any work authorized hereunder to be performed on the Tract of another, and in the event that any Tract shall become subject to any such lien on account of work performed, or supplies furnished in connection with such construction, then the Party performing such work shall, at the request of the owner of the Tract subject to such lien, promptly cause such lien to be released and discharged of record, either by paying the indebtedness which gave rise to such lien, or by posting such bond or other security as shall be required by law to obtain such release and discharge.

## SECTION X

## OPERATION AND MAINTENANCE OF ENCLOSED MALL AND OTHER COMMON AREA

**A. ENCLOSED MALL - STANDARDS.** From and after the date upon which the Enclosed Mall (including without limitation the Phase 2 Enclosed Mall upon completion thereof) is required to be open for business, pursuant to the provisions of Section VII-C hereof, and continuing thereafter in accordance with the provisions of this REA, Operator shall Operate and maintain, or cause to be Operated and maintained, the Enclosed Mall (including without limitation the Phase 2 Enclosed Mall upon completion thereof) in good order, condition and repair, without expense to any Major or Ikea except as set forth in the separate agreements between Developer and each Major. Operator shall have the right to select, from time to time, a Person or Persons, other than Operator or any Person Operator controls, is controlled by or is under common ownership or control with Operator (hereinafter called "Operator's Nominee"), to Operate and maintain the Enclosed Mall and/or other Common Area, provided, however, that such nomination shall not diminish Operator's responsibility for such Operation and maintenance.

Without limiting the generality of the foregoing, Operator, in the Operation and maintenance of the Enclosed Mall, shall observe the following standards:

1. Maintain the surface thereof smooth and evenly covered with the type of surfacing material originally installed thereon, or such substitute therefor as shall have been approved by the Parties.

2. Remove all papers, debris, filth and refuse and wash or thoroughly sweep the surface thereof.

3. Clean lighting fixtures and relamp as needed.

4. Maintain the landscaping in a first class, thriving condition.

5. Maintain all signs (excluding those of the Occupants) in a clean and orderly condition, including relamping and repairing as may be required. Developer shall also enforce all sign maintenance provisions which shall be included in Occupants' leases.

6. Patrol the Enclosed Mall during Store hours and such other hours as may be prudent for the safety and security of Permittees and consistent with prevailing practice in similar regional shopping centers in Southern California.

7. Maintain and keep in a sanitary condition the public restrooms and other common use facilities therein.

8. Clean, repair and maintain all utility systems that are a part thereof.

9. Clean, repair and maintain the structure thereof, the roof, skylights, wall surfaces, doors and other appurtenances thereto.

10. Maintain the ventilating and cooling system thereof, fire protection system and mechanical systems in good order, condition and repair, so that at all times the same shall operate within the standards prescribed in Section IV-E-8 hereof, and so as not to unduly discharge air out of or return air into the Enclosed Mall or the Stores.

11. Observe and enforce the provisions of Exhibits D and E as they relate to the Enclosed Mall.

B. OTHER COMMON AREA - STANDARDS. Except as hereinafter expressly provided, from and after the beginning of the first Accounting Period of any Party, and continuing thereafter for so long as the Shopping Center Site is being Operated as a shopping center, but in no event longer than the term of this REA, Operator shall Operate and maintain or cause to be Operated and maintained the Common Area, including the Office Parking described in Section I-D hereof, but excluding the Enclosed Mall, in good order, condition and repair, and Operator, if a Party, shall have the right to select, from time to time, an Operator's Nominee to Operate and maintain such

Common Area, provided that such nomination shall not diminish Operator's responsibility for Operating the Common Area.

Without limiting the generality of the foregoing, Operator, in the Operation and maintenance of the Common Area, exclusive of the Enclosed Mall, shall observe the following standards:

1. Maintain the surface of the Automobile Parking Area and sidewalks (including Perimeter Sidewalks) level, smooth and evenly covered with the type of surfacing material originally installed thereon, or with such substitute therefore as shall be in all respects equal thereto in quality, appearance and durability.

2. Remove all papers, debris, filth and refuse and wash or thoroughly sweep paved areas as required.

3. Maintain such appropriate Automobile Parking Area entrance, exit and directional signs, markers and lights in the Center as shall be reasonably required and in accordance with the practices prevailing in the operation of similar regional shopping centers in Southern California.

4. Illuminate the Common Area during hours of darkness to the levels of illumination required by the approved Improvement Plans, and clean Common Area lighting fixtures of the Center (but not those belonging to premises of Occupants) and relamp and reballast as needed.

5. Repaint striping, markers, directional signs, etc., as necessary to maintain in first-class condition.

6. Maintain landscaping as necessary to keep in a first-class, thriving condition.

7. Clean signs of the Center (and cause those of Occupants to be cleaned), including relamping and repairs as needed.

8. Patrol the Common Area during Store hours and such other hours as are prudent for the safety and security of Permittees, and consistent with prevailing practices in similar regional shopping centers in Southern California.

9. Maintain and keep in a sanitary condition public restrooms and other common use facilities.

10. Clean, repair and maintain all utility systems that are part of the Common Area to the extend that the same are not cleaned, repaired and maintained by public utilities or by public agencies.

11. Maintain not less than the minimum parking ratio set forth in Section X-C hereof.

12. Observe and enforce the provisions of Exhibits D and E as they relate to the Common Area, exclusive of the Enclosed Mall, and the rules and regulations for control of parking as approved by the Parties pursuant to Section X-E-1.

C. AUTOMOBILE PARKING AREA RATIO AND STANDARDS. Subject to Section XVI, the Shopping Center Site shall initially have available within the Automobile Parking Area thereof, at all times from and after completion of construction of the Phase 1 Development until commencement of construction of the Phase 2 Development not less than (i) five (5) automobile parking spaces for each 1,000 square feet of Initial Planned Floor Area in existence in the Sears Store, Mervyn's Store, Ikea Store and Developer Mall Stores, (ii) three (3) automobile parking spaces for each 1,000 square feet of rentable area in existence for any office building, (iii) five (5) automobile parking spaces for each 1,000 square feet of Floor Area in existence for any retail use in the Developer Non-Mall Stores or for any restaurant use, and (iv) one (1) automobile parking space for every five (5) seats in any theatre.

Subject to Section XVI, the Shopping Center Site shall have available within the Automobile Parking Area thereof, at all times from and after commencement of construction of the Phase 2 Development, not less than (i) 4.6 automobile parking spaces for each 1,000 square feet of Initial Planned Floor Area in existence in the Sears Store, Mervyn's Store, Bullock's

Store, Ikea Store and Developer Mall Stores; (ii) three (3) automobile parking spaces for each 1,000 square feet of rentable area in existence for any office building; (iii) 4.6 automobile parking spaces for each 1,000 square feet of Floor Area in existence for any retail use in the Developer Non-Mall Stores or for any restaurant use; and (iv) one (1) automobile parking space for every five (5) seats in any theater.

Subject to the applicable requirements of any governmental agency having jurisdiction over the Center, each parking space, regardless of angles of parking, shall have a width of nine feet (9') on center (except for compact car spaces which shall have a width of seven and one-half feet (7.5') on center, measured at right angles to the side line of the parking space). Parking lanes or bays (which include two [2] rows of parking spaces and incidental driveway) shall have the following widths, at the angles of parking designated below:

| Degrees | Widths |
|---|---|
| 90° | 60' |
| 90° compact spaces | 59' |

Each Party agrees with the others to take no action which would reduce the parking ratios below those specified herein.

D. INDEMNITY. Operator agrees to indemnify, defend, protect, and hold harmless all Parties and their respective Tracts, from and against any mechanics', materialmen's and/or laborers' liens, and all costs, expenses and liabilities in connection therewith, including attorneys' fees, arising out of the Operation and maintenance performed by Operator in respect of the Common Area, pursuant to the provisions of this Section X (whether performed prior to or after the execution of this REA). In the event that any Tract shall become subject to any such lien, Operator shall at the request of the owner of such Tract, promptly cause such lien to be released and discharged

of record, either by paying the indebtedness which gave rise to such lien, or by posting such bond or other security as shall be required by law to obtain such release and discharge.

E. PARKING REGULATIONS.

1. Except as provided in Exhibit E, and except for (i) charges of any kind whatsoever imposed by any governmental authority on the Agency, the Operator, or the Permittees using the Parking Facilities as part of a parking management program, transportation control plan, or other governmental regulation of parking, and (ii) charges imposed on office Occupants of PDA's 1 and/or 6 and their Permittees for the use of the Office Parking, and unless all Parties otherwise consent and agree in writing, no charge of any type shall be made to or collected from any Occupant, or the Permittees of any Occupant, for parking, or the right to park, vehicles in the Automobile Parking Area, except such Common Area maintenance charges as may be provided for in any lease agreement with any Occupant. No Permittee shall be prohibited or prevented from parking a vehicle in the Automobile Parking Area, provided that space is available therein, and provided further that such Permittee does not violate the reasonable rules and regulations governing the use of the Automobile Parking Area which may be promulgated by the Parties from time to time. In order to control the parking of Permittees of the non-retail portions of the PDA's, the Automobile Parking Area for the retail portion of the Shopping Center shall be barricaded, gated or chained at locations previously approved by the Parties every day from 6:00 a.m. until 9:30 a.m. in order to regulate entry into the retail portion of the Shopping Center by users of the non-retail PDA's.

The Parties shall, by mutual agreement, prescribe certain sections within the Common Area, or on other land outside the Shopping Center Site within a reasonable distance from the nearest boundary of the Center for use as parking space by the Occupants of the Center, and the employees,

tenants, agents, contractors, licensees and concessionaires of such Occupants. Each Party also shall require its employees and the employees of its agents, contractors, tenants, licensees and concessionaires to use only such sections as are so prescribed for parking in rules and regulations approved by the Parties. The Parties agree to use their good faith diligent efforts to orient all such parking to any compact parking spaces located in the Parking Facilities. Each Party also agrees to use reasonable efforts to enforce the provisions hereof.

2. Other than as expressly permitted by this REA, or as required by law, no Party nor the Agency shall take any action, or permit any action to be taken, which would reduce or cause the reduction of the parking ratios specified in Section X-C.

3. The Parties acknowledge that approximately 517 automobile parking spaces located in Parking Facilities No. 3 may be set aside on a non-exclusive basis for office parking, which spaces are designated on Exhibit "B" as "Office Parking Area"; provided that approximately 103 automobile parking spaces located within the Office Parking Area (the "Reserved Spaces") may be marked as "Reserved" and shall not be available for parking at any time to Persons other than Occupants of the office building to be constructed on PDA 3 (the "Office Building") and their Permittees. Each of the Parties agrees to use its good faith reasonable efforts to cause its Permittees not to park in the Office Parking Area during the hours of 7:00 A.M. to 6:00 P.M. on weekdays and from 7:00 A.M. to 1:00 P.M. on Saturdays ("Office Hours"). The Office Parking Area shall be for the exclusive use of the Occupants of the Office Building and their Permittees during Office Hours, and, in furtherance of the foregoing, the Parties acknowledge and agree that the entrance to Parking Facilities No. 3 nearest to the Office Building on First Street shall be an entrance which is designed to permit entry solely into the Office Parking Area

and shall be reserved, during Office Hours, exclusively for use by Occupants of the Office Building and their Permittees. At all other hours and on "holidays", as that term is defined in the Office Building's form lease, and the day after Thanksgiving, all parking spaces located on the Office Parking Area other than the Reserved Spaces shall be available to the Parties and their Permittees on a non-exclusive basis with the Occupants of the Office Building and their Permittees for parking by other Persons.

Operator shall take such actions as may be reasonably necessary, which actions may include use of signage, barricades, and parking control systems, in order for Occupants of the Office Building and their Permittees to park solely in the Office Parking Area, to direct other Persons entitled to use Parking Facilities No. 3 to park elsewhere in Parking Facilities No. 3 during Office Hours and to cause the Occupants of the Office Building and their Permittees to avoid any interference with the business operations of the Parties and their respective Permittees. Such efforts shall include, but not be limited to: (a) requiring the owner of the Office Building to insert a provision in all leases of space in the Office Building requiring the Occupant thereunder and its Permittees to use their good faith reasonable efforts to park only in the Office Parking Area, and prohibiting the Occupant and its Permittees from parking anywhere else in the Shopping Center Site; and (b) requiring the owner of the Office Building to furnish to the Parties, from time to time upon request, a list of the Occupants' and their employees' vehicle license numbers.

F. OBLIGATIONS OF PARTIES FOR COMMON AREA MAINTENANCE COST.

1. Budget of Common Area Maintenance Cost. At least one hundred twenty (120) days prior to the commencement of each Accounting Period, Operator shall submit, for approval, to each of the Parties which is then Operating or will Operate during

the next succeeding Accounting Period, a proposed annual budget of the Common Area Maintenance Cost ("Budget") covering such Accounting Period. If each such Party shall approve the Budget, it shall immediately go into effect and be binding upon all Parties. If any Party shall disapprove the Budget, such Party shall communicate in writing such disapproval to Operator and each other Party specifying the grounds for disapproval. Thereupon, Operator shall call a meeting of all Parties to attempt to resolve any differences, such meeting to be held within forty-five (45) days after receipt by each Party of the Budget. Except with respect to the first Accounting Period, if a proposed Budget shall not be approved by all Parties, Operator shall nevertheless continue to Operate and maintain the Common Area on the same budgetary basis as though the Parties had re-adopted the then current Budget. With respect to the first Accounting Period, if a proposed Budget shall not be approved by all Parties prior to the beginning of the first Accounting Period, Operator shall nevertheless Operate and maintain the Common Area and each Party shall pay monthly to Operator on account of its Allocable Share the amount of five cents ($.05) per square foot of Initial Planned Floor Area on each Party's Tract. Notwithstanding the above, the Parties shall continue with efforts to agree on a Budget and if they are unable to agree within ninety (90) days of the next succeeding Accounting Period, the matter will be submitted to arbitration pursuant to Section XXIII hereof.

2. Payment of Common Area Maintenance Cost. If no Budget has been approved by all Parties by the end of the first ninety (90) day period of any Accounting Period, each Party shall pay to Operator on account of its Allocable Share, for the remainder of any such Accounting Period until the Budget is approved, (i) with respect to the first Accounting Period and any ensuing Accounting Period until the first Budget is approved, the sum specified above to be paid during the first Accounting Period or (ii) with respect to any Accounting Period

after the approval of a Budget, on the same budgetary basis as though the Parties had re-adopted the then current Budget. Once the Budget is approved or arbitrated, the Parties will pay on the new Budgetary basis. The provisions of this Section X-F pertaining to payments by each Party to Operator on account of its Allocable Share shall be subject to the respective separate agreements between each Major and Developer and Ikea and Developer.

Each Party shall, commencing on the first day of its first Accounting Period, pay to Operator on account of its Allocable Share an amount equal to one-twelfth (1/12) of its Allocable Share of the approved or arbitrated annual Budget, if the Budget has been approved, and shall pay a like amount on the first day of each calendar month thereafter. At the end of each Accounting Period, Operator shall render to each Party a full and complete audited statement of Common Area Maintenance Cost, and in the event any Party shall have paid more than its Allocable Share, Operator shall promptly refund to the Party so paying in excess of such Allocable Share the amount thereof. Should any Party have paid less than the Allocable Share for which it is obligated hereunder during said preceding Accounting Period, then in that event, the Party so paying less than such Allocable Share shall pay to Operator, within thirty (30) days following the rendition of said audited statement, the deficiency in such Allocable Share. Operator shall maintain complete books and records in such a manner as to accurately cover and reflect separately all items affecting or entering into the determination of the Allocable Share of each Party for each Accounting Period, and shall keep the same for a period of at least three (3) years after the end of such Accounting Period or for any longer period of time during which any Party is contesting in good faith the determination of Common Area Maintenance Cost or a Party's Allocable Share thereof for a particular Accounting Period.

Notwithstanding anything to the contrary contained in

this REA, including but not limited to this Section X-F-2, the Allocable Share of the Majors and Ikea shall be payable by them only to the extent provided in their respective separate agreements with Developer. To the extent the Allocable Share of a Major or Ikea exceeds the amount it has agreed to pay in such separate agreement, if any, any such excess amount shall be payable by Developer. The Parties recognize and agree that to the extent any such separate agreement provides that Developer and/or Operator do not receive complete reimbursement from the Majors and Ikea for their Allocable Shares, then such remainder shall be payable by Developer and shall become a burden of Developer and the Developer Tract.

Each Party shall have the right, exercisable upon five (5) days' notice to Operator, to make one audit as to each Accounting Period of such books and records as are relevant to any such audited statement or statements. In the event that any such audit shall disclose any error in the determination of the Allocable Share of any Party or the correct allocation thereof as set forth in any separate agreement, appropriate adjustment shall promptly be made between the Parties to correct such error. In addition, if any such audit shall disclose an error of two percent (2%) or more in the overpayment of the Allocable Share of any Party, Operator shall promptly pay to the auditing Party the reasonable cost of such audit, which cost shall not be charged to Common Area Maintenance Cost.

G. TAKE-OVER OF MAINTENANCE. In the event that any two of Sears, Mervyn's and Bullock's shall at any time, or from time to time, be dissatisfied with Operator's performance of its obligations under Section X-A hereof, and/or in the event that any three of Sears, Mervyn's, Bullock's and Ikea shall at any time, or from time to time, be dissatisfied with Operator's performance or the cost, but as to the cost, only if the cost exceeds the approved Budget by more than ten percent (10%), of its obligations under Section X-B hereof, or in the

event that Developer is not the Operator, then if three or more of the Parties are dissatisfied with Operator's performance of its obligations under Sections X-A and/or X-B hereof (including the expenses of maintenance and Operation), such Parties shall have the right (provided that none of such Parties is in default hereunder) to give Operator written notice of such dissatisfaction, specifying the particulars in which Operator's performance is deemed by such Parties to be unsatisfactory. If during the 30-day period from the date of such notice Operator's performance shall continue to be unsatisfactory, such Parties shall have the right (provided that none of such Parties is in default hereunder) to give Operator a second fifteen (15) day notice of such dissatisfaction, specifying the particulars in which Operator's performance is deemed by such Parties to be unsatisfactory, and if during the 15-day period from the date of such second notice Operator's performance shall continue to be unsatisfactory, such Parties shall have the right to cause to be taken over from Operator (either by designating one of such Parties to be the Operator, or by means of a Person hired for such purpose by such Parties), effective on the first day of the next succeeding calendar month, the Operation of all of the Common Area, except for the Enclosed Mall, if the Enclosed Mall is excluded from the notice of dissatisfaction as hereinafter provided. Such Person shall become the new Operator. Anything herein to the contrary notwithstanding such take-over of the Operation of the Common Area shall not (i) obligate any Party to pay any cost or expense in respect of the Operation of the Common Area, except to the extent it is otherwise obligated hereunder or in the separate agreements referred to in Sections I-E and I-L; (ii) relieve any Party of its obligation to pay such portion of Common Area Maintenance Cost as it is otherwise obligated to pay hereunder; (iii) relieve Developer of its obligation to pay that part of Common Area Maintenance Cost not paid by the Majors or Ikea; or (iv) relieve Developer of the obligation to

keep, perform and observe all of the other terms, provisions and conditions of this REA to be kept and performed by Developer, other than those relating to Common Area Operation by Developer. In the event a new Operator performs the functions required for Common Area Operation, Developer shall promptly upon such takeover furnish the new Operator with a complete list of all Occupants of the Center, setting forth in such statement the amount of Common Area Maintenance Cost to be paid by each such Occupant.

Each Party covenants and agrees to pay promptly to the new Operator, upon demand, any sum which it shall be obligated to pay to the new Operator pursuant to this Section X-G. In the event that the maintenance, management and Operation of the Common Area shall be performed by an Operator other than Developer, and Developer shall have failed to make the payments herein required to be made to the Operator, the other Parties shall cause the Operator to give Developer written notice of delinquency and if payment is not made by Developer within ten (10) days after receipt of such written notice from Operator, then any and all sums payable to Developer by any and all Occupants of the Center in respect of its or their pro rata shares of Common Area Maintenance Cost, as specifically defined herein, including an Allocable Share, but exclusive of any taxes collected by Developer from Occupants on the Developer Tract, together with the right to enforce payment of and to collect the same, shall be deemed assigned to the new Operator without the necessity of the execution of any further instrument of assignment thereof by Developer, other than this REA; and the new Operator shall thereafter remain responsible for such maintenance, management and Operation of the Common Area until another Operator shall resume the maintenance, management and Operation of the Common Area. Any assignment shall be limited to the payments for the Common Area so maintained by such new Operator whether the same is inclusive or exclusive of the Enclosed Mall.

Notwithstanding the foregoing, any notice of dissatisfaction given pursuant to this Section X-G may by its terms be inclusive or exclusive of that portion of the Common Area within the Enclosed Mall as is covered by Enclosed Mall Operation and Maintenance Expense. In the event that such notice is exclusive of the Enclosed Mall Operation and Maintenance Expense, then and in that regard Developer shall continue to perform the services of Operator with respect to the Enclosed Mall. In the event that such notice shall be inclusive of Enclosed Mall Operation and Maintenance Expense, then and in that event the new Operator shall perform the functions required for such Enclosed Mall Operation and maintenance; provided, however, that such take-over of Enclosed Mall Operation and maintenance shall not (i) obligate any Major to pay any Enclosed Mall Operation and Maintenance Expense, except as may have been provided by separate agreement with any such Major, (ii) relieve any Major, or the Person assuming any such obligation on behalf of such Major, of its obligation to pay its agreed share, if any, of Enclosed Mall Operation and Maintenance Expense, (iii) relieve Developer of its obligation to pay that part of Enclosed Mall Operation and Maintenance Expense not paid by the Majors, or (iv) relieve Developer of the obligation to keep, perform and observe any of the other terms, provisions and conditions of this REA to be kept and performed by Developer, other than those relating to Enclosed Mall Operation and maintenance by Developer. In the event a new Operator performs the functions required for Enclosed Mall Operation and maintenance, Developer shall promptly upon such take-over furnish the new Operator with a complete list of all Occupants of the Developer Mall Stores, setting forth in such statement the amount of Enclosed Mall Operation and Maintenance Expense to be paid by each such Occupant.

H. DESIGNATION OF OPERATOR. The Parties hereby designate Developer as Operator of the Common Area, and Developer hereby accepts such designation.

## SECTION XI

## INDEMNIFICATION AND PUBLIC LIABILITY INSURANCE

**A. INDEMNITY - COMMON AREA.** Developer, in its capacity as Operator, and any other Party or Person who acts as Operator, covenants to, and does hereby, subject to the last sentence of this paragraph, indemnify, defend, protect and hold each other Party and the City harmless from and against all claims and costs, expenses and liabilities (including reasonable attorneys' fees) incurred in connection with all claims, including any action or proceedings brought thereon, arising from or as a result of the death of or any accident, injury, loss or other damage to any Person or the property of any Person, as shall occur in or about the Common Area. A Party shall not be entitled to such indemnification for damage caused to such Party by reason of its sole negligence and/or its intentional acts or omissions. The indemnitee shall give the indemnitor notice of any suit or proceeding entitling the indemnitee to indemnification pursuant to this Section XI-A and the indemnitor shall defend the indemnitee in said suit or proceeding. Any Party ejecting or causing the ejection from the Common Area of its Tract of any Person or Persons pursuant to Section II-A covenants to, and does hereby, indemnify, defend, protect and hold each other Party harmless from and against all claims and costs, expenses and liabilities (including reasonable attorneys' fees) incurred in connection with all claims, including any action or proceeding brought thereon, arising from or as a result of the death of or any accident, injury, loss or damage to any Person or the property of any Person as shall occur as a result thereof.

**B. INDEMNITY - TRACTS.** Each Party, severally, as to its obligations under this REA pertaining to its Tract covenants to, and does hereby, indemnify, defend, protect and hold each of the other Parties harmless from and against all claims and all costs, expenses and liabilities (including reasonable attorneys' fees) incurred in connection with all

claims, including any action or proceedings brought thereon, arising from or as a result of the death of or any accident, injury, loss or damage to any Person or to the property of any Person as shall occur on its Tract except for claims which are (i) required to be indemnified against by Operator as provided for in Section XI-A hereof, (ii) insured against by the insurance referred to in Section XI-C hereof, (iii) caused by the sole negligence or intentional act or omission of each indemnified Person, its licensees, concessionaires, agents, servants or employees or any licensee or concessionaire of such agents, servants or employees wherever the same may occur; or (iv) released and waived pursuant to the provisions of Section XII-D hereof.

C. PUBLIC LIABILITY INSURANCE - COMMON AREA. Operator shall at all applicable times during the term of this REA maintain in full force and effect comprehensive public liability and property damage insurance covering the entire Common Area. Such insurance (i) shall include coverage for any accident resulting in personal injury to or death of any person and consequential damages arising therefrom; (ii) shall include comprehensive property damage insurance; (iii) shall be in an amount not less than $5,000,000 (in 1989 Dollars) per occurrence; (iv) shall be issued by a financially responsible insurance company or companies licensed or authorized to do business in California; (v) shall name all Parties and the City as named insureds thereunder; (vi) shall provide that the same may not be canceled, or reduced below the permitted limits set forth herein, without at least thirty (30) days' prior written notice being given by the insurer to the named insured Persons; and (vii) shall expressly insure the indemnity of Operator contained in Section XI-A hereof. Operator shall obtain the approval of the other Parties to the terms and cost of such insurance; provided, however, prior to requesting such approval, Operator shall furnish to the other Parties an analysis of such cost. Operator shall also maintain automobile

liability insurance, including owned, hired and non-owned automobile coverage with limits of at least $5,000,000 (in 1989 Dollars). Operator shall furnish to the other Parties, on or before the effective date of any such policy, evidence that the insurance referred to in this Section XI-C is in force and effect and that the premiums therefor have been paid.

D. PUBLIC LIABILITY INSURANCE - TRACTS. Subject to the provisions of the preceding Section XI-C, each Party shall at all times during the term of this REA maintain, or cause to be maintained, in full force and effect comprehensive public liability insurance covering its Tract, excluding any Common Area thereon. Such insurance (i) shall include coverage for any accident resulting in personal injury to or death of any Person and consequential damages arising therefrom; (ii) shall include comprehensive property damage insurance; (iii) shall be in an amount of not less than $5,000,000 (in 1989 Dollars) per occurrence; (iv) shall be issued by a financially responsible insurance company or companies licensed or authorized to do business in California; (v) shall name each of the other Parties as additional insureds; (vi) shall provide that the same may not be canceled without at least thirty (30) days' prior written notice being given by the insurer to each of the additional insured Persons; and (vii) shall expressly insure the indemnity of each of such Persons contained in Section XI-B hereof.

Each Party shall furnish to any other Party, or the City, requesting same, evidence that such insurance is in full force and effect and that the premiums therefor have been paid.

E. BLANKET INSURANCE AND SELF-INSURANCE. The insurance described in Sections XI-C and XI-D hereof may be carried under a policy or policies covering other liabilities and locations of a Party, or a subsidiary, affiliate or controlling corporation of such Party and the insurance described in Section XI-D may be satisfied in whole or in part under any plan of self-insurance from time to time maintained

by any Party on condition that such Party, or its subsidiary, affiliate or controlling corporation ("Affiliate") (provided such Affiliate covenants to the Parties to perform such insurance obligations or to cause the performance of such obligations), so self-insuring has and maintains adequate reserves or assets for the risks so self-insured against and furnishes to any other Party requesting the same evidence of the adequacy of said reserves or assets [net current assets of $100,000,000 (in 1989 Dollars), or more, and net worth of $200,000,000 (in 1989 Dollars), or more, as disclosed on the latest annual audited statement of such Party or its Affiliate (or, in the case of Mervyn's and Ikea, or, in the case of Bullock's if Bullock's no longer has an annual audited statement, as disclosed in a statement certified by a corporate officer of Mervyn's, Ikea or Bullock's, as the case may be), shall in all instances conclusively be deemed to be adequate for the purposes of this Section].

## SECTION XII

## FIRE AND EXTENDED COVERAGE INSURANCE

A. DEVELOPER IMPROVEMENTS. Developer shall maintain or cause to be maintained in full force and effect fire and extended coverage insurance covering the Developer Improvements and the Common Area on the balance of the Shopping Center Site. Such insurance, as to each of the Developer Improvements and the Common Area on the balance of the Shopping Center Site (i) shall be in an amount equal to one hundred percent (100%) of the replacement cost thereof, without deduction for depreciation, exclusive of the cost of excavations, footings and foundations; (ii) shall obtain an "all risk" policy of insurance insuring against all risks except war or nuclear accident, including but not limited to loss or damage by fire, windstorm, cyclone, tornado, hail, explosion, earthquake (if available at commercially reasonable rates), riot, riot attending a strike, civil commotion, malicious mischief, vandalism, aircraft, vehicle, smoke damage and sprinkler leakage; provided that the requirement of this Section XII-A for Developer to maintain or cause to be maintained an earthquake damage endorsement as part of the "all risks" coverage described above, may be satisfied by self-insurance for so long as such Person who is Developer maintains a minimum net worth of $200,000,000 (in 1989 Dollars) and net current assets of $100,000,000 (in 1989 Dollars) or more; (iii) shall be purchased from financially responsible insurance companies licensed or authorized to do business in the State of California; (iv) may be carried under a policy or policies covering other property owned or controlled by Developer or by a general partner of Developer, or by any subsidiary, affiliate or controlling corporation of a general partner of Developer, provided that such policy or policies do not reduce the coverage provided for herein; and (v) shall provide that same may not be canceled without at least thirty (30) days' prior written notice being given by the insurer to the other Parties.

Developer shall furnish to the other Parties, prior to the effective date of any of such insurance, evidence that same shall be in full force and effect on said date and that the premiums therefor have been paid.

B. STORES OF MAJORS AND IKEA. Each of the Majors and Ikea, as respects its Store, shall maintain, or cause to be maintained, in full force and effect, for so long as it is required to Operate pursuant to Section XXI-A hereof, and for so long as it has agreed to Operate pursuant to Section XIII-D hereof, fire and extended coverage insurance covering such Store. Such insurance (i) shall be in an amount equal to one hundred percent (100%) of the replacement cost of such Store, exclusive of the cost of excavations, footings and foundations and without deduction for depreciation; (ii) shall insure against the risks enumerated in Section XII-A-(ii) hereof except earthquakes; (iii) may be carried under a policy or policies covering other property owned or controlled by such Party, or by a subsidiary, affiliate or controlling corporation of such Party, provided that such policy or policies do not reduce the coverage provided for herein; and (iv) shall provide that same may not be canceled without at least thirty (30) days' prior written notice being given by the insurer to the other Parties.

Each Major and Ikea shall furnish to any Party requesting same evidence that such insurance is in full force and effect and that the premiums therefor have been paid.

C. SELF-INSURANCE. The insurance referred to in this Section XII may be satisfied in whole or in part under any plan of self-insurance from time to time maintained by any Party, on condition that such Party, or its subsidiary, affiliate or controlling corporation ("Affiliate") (provided such Affiliate covenants to the Parties to perform such insurance obligations or to cause the performance of such obligations), has and maintains adequate reserves or assets for the risks so self-insured against and furnishes to any other

Party requesting same evidence of the adequacy of said reserves or assets [net current assets of $100,000,000 (in 1989 Dollars), or more, and net worth of $200,000,000 (in 1989 Dollars), or more, as disclosed on the latest annual audited statement of such Party or its Affiliate (or, in the case of Mervyn's and Ikea, or in the case of Bullock's, if Bullock's no longer has an annual audited statement, as disclosed in a statement certified by a corporate officer of Mervyn's, Ikea, or Bullock's, as the case may be), shall in all instances conclusively be deemed to be adequate for the purposes of this Section].

D. MUTUAL RELEASE AND WAIVER OF SUBROGATION. Each Party, for itself and to the extent it does not violate any applicable laws or regulations, on behalf of its insurers, hereby waives and releases each of the other Parties from all liability for any loss or damage to its property located upon the Shopping Center Site, which loss or damage is of the type generally covered by the type of insurance required to be carried pursuant to Section XII by the Party waiving such liability, without regard to any negligence on the part of the other Party(ies) which may have caused or contributed to such loss. Each Party shall, to the extent available, obtain for the benefit of the other Parties, a release and waiver of any right of subrogation which the issuer of the fire and extended coverage insurance policy to such Party may acquire against the other Parties by virtue of the payment of any loss covered by such insurance. In the event that a Party causes any portion of the insurance required to be maintained under this Section to be purchased by an Occupant, then such Party shall cause such Occupant to obtain for the benefit of the other Parties the release and waiver of the right of subrogation in the manner provided in the preceding sentence. The foregoing waiver and release shall be operative only so long as the same shall not prejudice the right of each Party to obtain insurance coverage.

**E. OCCUPANTS' INSURANCE - DEVELOPER MALL STORES, DEVELOPER NON-MALL STORES AND FUTURE DEVELOPMENT IMPROVEMENTS.** Developer covenants to and with the other Parties that it will, to the extent that it is legally possible for its Occupants to do so, require all Occupants occupying any building on the Developer Tract, upon which Developer does not itself carry fire and extended coverage insurance, to carry such insurance, including the perils specified in Section XII-A hereof, on the Floor Area on the Developer Tract occupied by such Occupant with financially responsible fire insurance companies licensed or authorized to do business in California, in an amount which, together with the insurance carried by Developer, is at least equal to the insurance required to be carried by Developer under Section XII-A, and that it will obtain for the benefit of the other Parties a waiver of any right of subrogation which the insurer of any such Occupant may acquire against any Party by virtue of the payment of any such loss covered by such insurance.

**F. INSURANCE TRUSTEE.** Each policy of fire and extended coverage insurance required to be carried by Developer, Operator or any other Party which is not qualified to self-insure pursuant to Section XII-C (except the insurance required under Section XII-B) shall expressly provide that proceeds payable thereunder in excess of $50,000 shall be paid, for custody and disposition thereof as herein provided, to either the holder of the Mortgage on the Tract of such Party or to a bank or trust company qualified to do business in the State of California, as such Party shall designate.

The recipient of such proceeds is hereinafter referred to as the "Insurance Trustee".

In case of loss or damage to the Developer Improvements or the Common Area on the balance of the Shopping Center Site, or any portion thereof, all proceeds of fire and extended coverage insurance (excluding the proceeds of any rental value or use and occupancy insurance maintained by

Developer) received by Developer or the Insurance Trustee must be applied, subject to Section XIII-D hereof, for the diligent rebuilding, repairing or reconstructing of the Developer Improvements and the Common Area on the balance of the Shopping Center Site in accordance with the provisions of Section XIII hereof.

The Insurance Trustee shall pay such insurance proceeds received by it to Developer, or such other Party, as the case may be, as follows:

1. At the end of each month, or from time to time as may be agreed upon by the Insurance Trustee and Developer or such other Party, as appropriate, the Insurance Trustee, upon receipt of such Party's independent licensed architect's certificate as to costs incurred or work performed, shall pay to Developer or such other Party an amount which shall be that proportion of the proceeds held in trust which ninety percent (90%) of the payments to be made to contractors, laborers, materialmen or suppliers for work done, services rendered and/or material supplied during such month or other period bears to the total contract price, but never more than 90% of the amount requested provided however that the amount necessary for the reconstruction or repair in excess of the amount received upon the insurance policies has first been provided by the Party for such purposes and its application for such purposes assured.

2. Upon completion of such work, the Insurance Trustee shall pay to Developer or such other Party the balance of such proceeds, provided that at the time of such payment (i) there are no liens against the property by reason of such work and either the period within which a lien may be filed has expired or proof has been submitted that all costs of work theretofore incurred have been paid, and (ii) the Project Architect shall certify that all required work is completed and proper and of a quality and class of the original work required by this REA and in accordance with the plans and specifications approved therefor.

3. In the event Developer or such other Party is not required to rebuild or raze and clear pursuant to the provisions of Section XIII hereof, and does not elect so to do, then all of said funds received by reason of damage to the respective improvements of Developer or such other Party shall be paid by the Insurance Trustee to Developer or such other Party, as the case may be, or to the holder of the Mortgage on their respective Tracts, as their interests may appear.

## SECTION XIII

## COVENANTS AS TO REPAIR, MAINTENANCE, ALTERATION AND RESTORATION

A. MAINTENANCE. Each Party shall, at all times during the term of this REA from and after the opening for business of its Store or the Developer Improvements, as the case may be, keep and maintain all completed portions of same, or cause all completed portions of same to be kept and maintained in good order, condition and repair. Such maintenance of the Developer Improvements shall be in accordance with the rules and regulations set forth in Exhibit E to this REA.

B. REPAIRS AND ALTERATIONS TO IMPROVEMENTS. Each Party may make repairs, alterations, additions or improvements to any Common Area on its Tract and to its Store, so long as such Party complies with the provisions contained in this REA.

At any time that a Store is not required to be reconstructed, it may be razed by the Party upon whose Tract such Store is located. In the event that a Store is razed, such Party shall cause the Enclosed Mall to be enclosed at the location where such Store has been removed so that conditioned air shall not be allowed to escape therefrom. All or any portion of the ground floor of the Store so razed shall be improved as Common Area in the manner provided in Section XIII-I hereof.

C. RESTORATION OF COMMON AREA (EXCLUDING THE ENCLOSED MALL). Except as hereinafter expressly provided, in the event of any casualty (which shall include acts of God, fire, earthquake, explosion or similar occurrences) which results in damage or destruction to the Common Area (excluding the Enclosed Mall), during the term of this REA, whether insured or uninsured, Developer shall cause the Operator to restore, repair or rebuild such Common Area with all due diligence. Such restoration and repair shall be performed in accordance with the applicable requirements of paragraph G of

this Section XIII. To the extent that insurance proceeds are insufficient to pay the cost of such work, then Developer, each Major and Ikea shall bear the cost in excess of insurance proceeds in the ratio that the Initial Planned Floor Area of each bears to the total Initial Planned Floor Area in the Shopping Center; provided however, if Developer is in default of its insurance obligations under Section XII-A Developer alone shall bear such cost.

Developer covenants that all insurance proceeds, if any, payable on account of any damage or destruction to the Common Area (excluding the Enclosed Mall) shall first be made available to Operator for the repair and restoration of any such damaged Common Area. The amount of any insurance proceeds shall be made available to Operator in progress payments during the progress of the restoration of such Common Area in the same manner as progress payments are to be made for damage to the Common Area by reason of any taking under eminent domain as provided in Section XVI, subsection B(b)(ii).

D. RESTORATION OF DEVELOPER MALL STORES AND ENCLOSED MALL. Developer covenants with each Major, severally, that in the event of any damage or destruction to all or any portion of the Developer Mall Stores or the Enclosed Mall, it shall:

1. During the fifteen (15) year period for which Operation is required as set forth in Section XXI, at its own expense, and with all due diligence, restore, repair or rebuild the Developer Mall Stores (at least to the extent of the minimum Floor Area set forth in Section VIII-A) and the Enclosed Mall. The provisions of this subparagraph 1 shall apply regardless of the cause of such damage or destruction and regardless of whether such damage or destruction was insured against or uninsured.

2. In the event that such damage or destruction occurs after the period referred to in Section XIII-D-1 above, at its own expense, and with all due diligence, restore, repair or rebuild the Developer Mall Stores (at least to the extent of

the minimum Floor Area set forth in Section VIII-A) and the Enclosed Mall, unless:

(a) Such damage or destruction was caused by a peril other than those risks required to be insured against under the provisions of Section XII-A and which is in fact not insured against, or covered by Developer's self-insurance, and the cost of such restoration, repair or rebuilding exceeds the greater of (i) One Million Dollars ($1,000,000 in 1989 Dollars), or (ii) seven and one-half percent (7.5%) of the then-replacement cost of the Developer Mall Stores and/or the Enclosed Mall, as the case may be; or

(b) Such damage or destruction was caused by a peril required to be insured against or was caused by a peril which was actually insured against by Developer under the provisions of Section XII-A and the cost of such restoration, repair or rebuilding is more than the greater of (i) One Million Dollars ($1,000,000 in 1989 Dollars), or (ii) seven and one-half percent (7.5%) of the then-replacement cost of the Developer Mall Stores and/or the Enclosed Mall, as the case may be, and occurs at a time when Developer does not receive the covenants in this subsection provided.

Promptly following such damage or destruction, Developer shall request in writing of each of the Majors that they agree to extend their obligations to Operate hereunder for a period of ten (10) years commencing on the earlier of the date of completion of such restoration, repair or rebuilding, or eighteen (18) months after the date of such damage or destruction. The provisions of this subparagraph (b) relieving Developer of its obligation to restore, repair or rebuild the Developer Mall Stores and/or the Enclosed Mall shall be limited as hereinafter provided if within sixty (60) days after such request is made any of the Majors covenants with Developer (in recordable form if requested) to Operate for such ten (10) year period in its or their minimum Floor Area and otherwise as herein provided in Section XXI:

If Developer obtains from each of the Majors the written assurances requested pursuant to the preceding paragraph that it will have such a ten-year period of Operation, Developer shall restore, repair or rebuild the Developer Mall Stores (at least to the extent of the Minimum Floor Area set forth in Section VIII-A) and/or the Enclosed Mall in its entirety.

If Developer obtains from two of the Majors the written assurances requested above that it will have such a ten (10) year period of Operation, Developer's obligation to restore, repair or rebuild shall be limited to the following:

If Developer obtains the written assurance requested from Sears and Mervyn's, Developer shall restore, repair or rebuild all of the Developer Improvements in the Phase 1 Development, at least to the extent of the minimum Floor Area set forth in Section VIII-A. If Developer obtains the written assurance requested from Bullock's and one of Sears or Mervyn's, Developer shall restore, repair or rebuild all of the Floor Area in the Developer Mall Stores located between Bullock's and whichever of Sears or Mervyn's gives Developer the written assurance requested to extend its obligation to Operate as described above in its minimum Floor Area as set forth in Section VIII-A, and shall include the portion of the Enclosed Mall lying between and connecting such majors so assuring Developer.

If Developer obtains the written assurance requested from only one of the Majors, Developer shall be required to restore, repair or rebuild only those portions of the Developer Mall Stores and the Enclosed Mall which are located immediately adjacent to the Store of whichever of the Majors has given Developer such written assurance that such Major will have such a ten-year period of Operation. The term <u>"immediately adjacent"</u> as used in this subparagraph (b) shall mean as to

Sears and Mervyn's those portions of the Developer Mall Stores and the Enclosed Mall located within 320 feet of the entrance of the Sears Store or the Mervyn's Store, as the case may be, and as to Bullock's those portions of the Developer Mall Stores and the Enclosed Mall located between the entrance of the Bullock's Store and the Magnolia Street entrance of the Enclosed Mall, which Developer Mall Stores and Enclosed Mall shall be in a configuration mutually satisfactory to Developer and Sears, Mervyn's, or Bullock's, as the case may be. Said restoration shall include leveling, paving, the creation of proper exterior walls for what previously constituted common party walls, and the creation of a reasonably useful entrance and exit, with proper ingress to and egress from the Enclosed Mall, and between the Enclosed Mall and the Automobile Parking Area.

If one Major is Operating in at least its minimum Floor Area, Developer shall Operate the Enclosed Mall and Developer Mall Stores as required by Section XX.

Developer shall be excused from the performance of its obligations set forth in Section XIII-C and this Section XIII-D for and during any period of time (i) when all of the Majors are in default of their respective covenants contained in Section XIII or XXI, or (ii) when reconstruction upon the Tracts of all of the Majors is excused pursuant to Section XIII-K.

E. RESTORATION OF STORES OF MAJORS AND IKEA. The Majors, each severally, covenant with the other Parties that if any damage or destruction to all or any portion of a Major's Store occurs during the period when such Major is required to Operate pursuant to Section XXI-A hereof or agrees to Operate pursuant to Section XIII-D hereof, it will cause said Store to be repaired, rebuilt and reconstructed in accordance with the provisions of this Section XIII, at least to the extent of the minimum Floor Area as set forth in Section VIII-A.

Ikea covenants with the other Parties that if any damage or destruction to all or any portion of the Ikea Store occurs during the period when Ikea is required to Operate pursuant to Section XXI-A hereof, it will cause said Store to be repaired, rebuilt and reconstructed in accordance with the provisions of this Section XIII, at least to the extent of the minimum Floor Area as set forth in Section VIII-A.

Each Major and Ikea (the "Excused Person") shall be excused from the performance of its obligations set forth in this Section XIII-E for and during any period of time (i) in which Developer shall be in default of its covenants as set forth in Section XIII or XX hereof; (ii) when reconstruction upon the Tracts of two (2) other Parties is excused pursuant to Section XIII-K; or (iii) when the Excused Person shall be released from the performance of its obligations under Section XXI-A pursuant to Section XXI-B.

F. BLANK.

G. STANDARDS OF REPAIR, RESTORATION AND RECONSTRUCTION. All restoration, repair, rebuilding, maintenance, alterations, additions or improvements (for the purposes of this Section XIII-G collectively called the "Work") performed by any Party pursuant to the provisions of this REA shall be performed in strict compliance with each of the following requirements as are applicable thereto:

1. Prior to commencement of the Work, the Project Architect shall approve the plans and specifications insofar as same relate to the compatibility of the exterior appearance of the improvements located in the Center and to the schematic drawings approved by the Project Architect. The approval of the Project Architect shall be required to the same extent and in the same manner as provided in Section IV and Section IX hereof.

2. Work shall be performed in a good and workmanlike manner and shall strictly conform to and comply with:

(a) The plans and specifications approved by the other Parties to the extent plan approval is required pursuant to Section IV for the initial construction work;

(b) All applicable requirements, laws, codes, rules and regulations of governmental agencies having jurisdiction thereof and of insurance underwriters;

(c) To the extent applicable, the requirements of Sections IV, V, VI, VII, VIII and IX hereof; and

(d) The requirements of Section IX-B hereof.

3. All Work shall be completed with due diligence, and, except as herein provided to the contrary, at the sole cost and expense of the Party performing same.

4. Developer shall coordinate the reconstruction of the pedestrian bridges, decks and tunnels with the Major(s) with whose Store the pedestrian bridge, deck or tunnel is to attach so as to minimize the interference with the business and reconstruction of such major.

H. LICENSES FOR RECONSTRUCTION. It is recognized that from time to time during the term of this REA, each Party may require and is hereby granted a temporary license to use portions of the Common Area for the purposes of:

1. Performing maintenance upon, making repairs to, making alterations, additions and improvements, or razing and replacing the whole or any part of the Developer Improvements, or the Stores of the Majors, or the Ikea Store, as the case may be (such activities for the purposes of this Section XIII-H are collectively referred to as the "Construction"); and

2. Obtaining ingress and egress to and from the Developer Improvements, the Stores of the Majors, or the Ikea Store, as the case may be, to carry on the Construction.

Within a reasonable time prior to the commencement of any such Construction, the Party desiring to undertake the same shall submit to the owner of the Tract in question for approval (which approval shall not be unreasonably withheld) a plot plan of the Center on which shall be delineated those portions of

the Common Area with respect to which such temporary license is reasonably required for such ingress and egress, and the recipient of such plot plan shall, within thirty (30) days thereafter, notify such requesting Party whether it approves or disapproves of same. The temporary licensee, in its exercise of its license, shall comply with the applicable requirements of Section IX hereof, and, upon completion of the Construction, shall promptly restore the portions of the Common Area so used to the condition in which same were in prior to the commencement of the Construction, including the clearing of such area of all loose dirt, debris, equipment and construction materials. The temporary licensee shall also restore any portions of the Center which may have been damaged by the Construction promptly upon the occurrence of such damage, and shall at all times during the period of the Construction keep all portions of the Center, except the portions of the Common Area subject to such temporary license, free from and unobstructed by any loose dirt, debris, equipment or construction materials.

I. CLEARING OF PREMISES. Whenever a Party is not obligated by the terms of this REA to repair, rebuild or restore any building or other improvement that has been damaged or destroyed and elects not to do so, then, and in such event, such Party, at its sole cost and expense, shall raze such building and/or other improvements or such part thereof as has been so damaged or destroyed, clear the premises of all debris and level and clear all areas not restored and improve same as Common Area approved by the Parties of like standard as the Common Area of the balance of the Shopping Center. The obligations pursuant to this Section XIII-I shall be to raze such improvements to the top of the underlying building slab.

J. COMMON BUILDING COMPONENTS. Except as may be otherwise expressly provided in this REA, the following provisions shall apply to the repair, alteration or restoration of Common Building Components:

1. Subject to the provisions of this subparagraph 1, each Party owning any improvement in the Center which contains a Common Building Component shall, for so long as another Party owns an improvement which is benefited by the subject Common Building Component, maintain, repair and restore such Common Building Component at its own cost and expense so that, subject to paragraph 2 of this Section, it shall continue to have the capacity to be so used in common with such benefited improvement in question. The cost of such maintenance shall be shared by the Parties which benefit from the subject Common Building Component in proportion to the benefit derived from the existence of such Common Building Component.

2. Each Party owning any benefited improvement which utilizes any Common Building Component shall not place upon the Common Building Component in question any burden which is in excess of the capacity of such Common Building Component or which will prevent the use of the improvement containing the Common Building Component in question for its intended purposes.

3. Any Party owning either an improvement containing a Common Building Component or a benefited improvement, as the case may be, may do any work of repair, alteration, restoration or otherwise with respect to such improvements, notwithstanding that during the course of performing such work a condition otherwise prohibited by the provisions of this Section XIII-J may result, if:

(a) During the course of performance of such work the Party by whom or on whose behalf such work is being done shall, at its own cost and expense, provide such temporary facilities as may be necessary and applicable:

(1) To perform the function performed by the Common Building Component, if such work is performed with respect to the improvement containing same; or

(2) To increase the capacity of, or supplement, the Common Building Component to the extent necessary so that the benefited improvement shall not, during the performance of such work, either place on such Common Building Component a burden in excess of its capacity or otherwise prevent the use of the improvement containing the Common Building Component for its intended purposes, if such work is performed with respect to the benefited improvement in question; and

(b) At the conclusion of such work there is compliance with the provisions of whichever paragraph 1 or 2 of this Section XIII-J is applicable.

4. Notwithstanding the provisions of paragraphs 1 and 2 of this Section, the Party upon whose Tract the improvements with respect to which the work in question was done shall not be liable to the Party (or its Occupant) upon whose Tract such other improvement affected by such work is located for any inconvenience, annoyance, disturbance or loss of business caused by the performance of such work, except that the Party performing such work, if it or its agents are negligent, shall be liable. The Party upon whose Tract the improvements with respect to which such work is being performed shall make all reasonable efforts to keep any such inconvenience, annoyance, disturbance or loss of business to a minimum.

5. In the event of damage or destruction to a Common Building Component, and in the event that a Party is required by this Section XIII to restore a Store or the Developer Improvements, as the case may be, then subject to the limitations of this Section XIII as to their respective obligations, the Party upon whose Tract the Common Building Component in question is located shall restore, repair or rebuild same or cause the same to be restored, repaired or rebuilt.

6. Anything in this Section XIII-J to the contrary notwithstanding, it is expressly understood and agreed that the obligations of Developer for the maintenance, repair and alteration of the Enclosed Mall and the Parking Facilities shall at all times remain its obligation, even though the same may be Common Building Components.

K. LIABILITY OF MORTGAGEE. Anything in this Section XIII to the contrary notwithstanding, it is expressly understood and agreed that the provisions of paragraphs D and E hereof shall not be applicable to any Mortgagee of any Tract except in the following instances:

1. Where any such Mortgagee acquires title by reason of foreclosure, or by deed in lieu of foreclosure, or by termination of a leaseback in a sale and leaseback transaction, or otherwise, such Mortgagee or the purchaser at a foreclosure sale shall be obligated to reconstruct only those improvements damaged following the date such Mortgagee or purchaser at a foreclosure sale acquires title by reason of such foreclosure, sale or conveyance, or termination of leaseback; provided, however, that where damage or destruction is caused by a peril included within the risks required to be insured against under this REA, or not required to be insured against, but actually insured against, and the damage or destruction occurs prior to such foreclosure, sale or termination of leaseback, any Mortgagee who acquires title by reason of foreclosure or termination of leaseback, or the purchaser at the foreclosure sale, shall reconstruct the damaged improvements to the extent insurance proceeds are payable therefor.

2. If a Mortgagee which has acquired title in the manner set forth in subparagraph 1 above or the purchaser at a foreclosure sale is not required to repair, rebuild or restore any building that has been damaged or destroyed and elects not to do so, then such Mortgagee or purchaser shall raze such building or any part thereof that has been so damaged or destroyed, clear the premises of all debris, and improve

said area at its expense as Automobile Parking Area in accordance with Section XIII-I hereof. Thereafter said area shall become a portion of the Common Area until such time as said Person may elect to rebuild thereon. Should such Mortgagee desire to raze only a portion of any such building the remaining building must contain not less than the minimum Floor Area for such building pursuant to Section VIII hereof. Nothing in this Section XIII-K shall be construed to relieve the Party whose interest has been so acquired of its obligations under Sections XIII-D or XIII-E hereof.

Nothing contained in this Section XIII-K shall limit the rights of the Majors and Ikea under Section XIII-E or the rights of the Majors and Ikea under Section XXI-B if there is such limited performance of the provisions of Section XIII-D or XIII-E by such Mortgagee or purchaser at a foreclosure sale.

## SECTION XIV

## TRANSFER OF INTEREST, RIGHTS, POWERS AND OBLIGATIONS

A. LIMITATIONS ON TRANSFER OR ASSIGNMENT. In no event shall the rights, powers and obligations conferred upon a Party pursuant to this REA be at any time transferred or assigned by any such Party except through a transfer of its interest in its Tract, and then only to the extent and in the manner hereinafter provided.

B. TRANSFER OF ENTIRE INTEREST. In the event of the transfer, conveyance or termination of the whole of the interest of a Party in its Tract without retaining any beneficial interest therein, other than as beneficiary under the terms of a Mortgage or without simultaneously acquiring a new interest by way of fee ownership, leasehold, life estate, or any other similar interest, then the rights and powers conferred upon and the obligations under this REA of the transferring Party shall be deemed transferred and assigned with its interest, or termination thereof, and the successor shall become the Party as to its Tract and shall (except as specifically set forth in this REA) be deemed to have assumed all of the obligations under this REA of the transferring Party thereafter to be performed.

C. RETENTION OF INTEREST. In the event that (i) the whole of the interest of a Party in its Tract is transferred or conveyed, but a new interest is created in the transferring Party simultaneously with the conveyance of its previous interest, by way of fee ownership, leasehold, life estate, or any other similar interest, or (ii) the transferring Party shall convey its interest in its Tract, or a portion thereof, by Mortgage or other security instrument as security for any obligation or indebtedness of such Party, then none of the rights and powers conferred upon, or obligations under this REA of, the transferring Party shall be transferred or assigned with the transfer or conveyance of its interest, but all of the rights and powers conferred upon and obligations under this REA

of the transferring Party shall remain in such Party so long as such Party retains, under clause (i) above, the new interest in and to its Tract (other than as beneficiary under the terms of a Mortgage), or so long as such Party remains, under clause (ii) above, the beneficial owner of the interest in its Tract. Upon the termination of the new interest created in the transferring Party as specified in this Section XIV-C, the rights and powers conferred upon, and the obligations of such Party, shall vest in accordance with Section XIV-B or XIV-D hereof, whichever is applicable, as if the new interest created in such Party had never existed, subject only to the release provisions of Section I-FF of this REA.

D. MULTIPLE OWNERSHIP.

(1) Designation. In the event that a Party transfers or conveys its interest in its Tract, or any portion of its interest in its Tract, in such manner as to vest ownership of the Tract of interest therein in more than one Person, then the Persons owning all of such interest in such Tract shall be jointly considered a single Party and such Persons shall designate one of their number to act on behalf of all such Persons in the performance of the provisions of this REA. Any such designation shall be in writing, duly executed, verified and acknowledged by each such Person, shall be served upon all the other Parties in accordance with the notice provisions of Section XXV of this REA, shall contain a certificate that a copy thereof has been so served, and shall be recorded in the Office of the Recorder of Los Angeles County.

(2) Effect of Designation. In the absence of such written designation, the acts of the transferring Party whose interest is so divided with respect to the performance of the provisions of this REA shall be binding upon all of the Persons owning any interest in such Tract, until such time as the written designation is properly served and recorded as provided by this Section XIV-D, and whether or not such Party

retains any interest in the Tract in question. The exercise or performance of any rights, powers or obligations of a Party under this REA by the Person designated to represent such Party shall be binding upon all Persons having an interest or right in such Tract and/or upon all Persons having an interest in such Party. So long as such designation remains in effect, all Persons having an interest or right in the Tract and/or all Persons having an interest or right in such Party shall act only through such Person designated hereunder and the other Parties shall have the right to deal exclusively with and rely solely upon the acts or omissions of such Person in the performance or provisions of this REA.

(3) Removal of Designated Person. Any Person designated hereunder may be removed by the Persons so designating, provided that written notice of such removal and designation of a new Person to act as the Party on behalf of all such Persons under this REA is given and made in the manner specified in this Section XIV-D, and in the absence of any such written notice and designation, the previous designation shall continue in effect and the acts of the Person previously designated with respect to the performance of the provisions of this REA shall be binding upon all such Persons until such time as the written notice and designation is properly served as provided by this Section XIV-D.

(4) Designation of Party Representative by Other Parties. Notwithstanding anything to the contrary herein contained, if (i) at any time after a Person has been designated to act on behalf of a Party hereunder, such Person is removed or dies, becomes incapacitated or is dissolved and no new Person is designated to act on behalf of such Party pursuant to Section XIV-D-1 above, or (ii) if a Person has not been designated hereunder within thirty (30) days after any other Party receives notice of any change in ownership of any portion of a Tract which would give rise to the requirement for designation under this Section XIV-D, or (iii) if the

designation of a Person to act on behalf of a Party earlier than the expiration of such thirty (30) day period is reasonably necessary to enable or entitle any other Party to comply with any of its obligations under this REA, or to take any other action which may be necessary or permitted to carry out the purposes of this REA, then in any such event, the other Parties acting jointly or, upon failure or such joint action, any Party at any time may make such designation of a Person to act on behalf of all such Persons comprising such Party under this REA, which designation shall be made and given in accordance with the applicable provisions of this Section XIV-D. Such designation made hereunder shall remain in full force and effect until the Persons comprising such Party make a new designation pursuant to the provisions of this Section XIV-D.

(5) Status of Designated Person. Any Person designated pursuant to the provisions of this Section XIV-D shall be the agent of each of its principals, hereby irrevocably appointed for such purpose, and upon whom service of any process, writ, summons, order or other mandate of any nature of any court in any action, suit or proceeding arising out of this REA may be made, and service upon such designated Person shall constitute due and proper service of any such matter upon each of its principals, provided a copy of such matter is also mailed to such principals at the principals' last addresses known to the sender. As used herein, the term "principals" means all Persons comprising the Party who have interests of record in connection with the ownership of such Party's interest in its Tract.

(6) Obligation of Other Persons Comprising Party. Notwithstanding anything to the contrary herein contained, the designation of a Person to act on behalf of a Party under this Section XIV-D shall not for any purpose relieve any such Party from the obligations or liabilities created by or arising from this REA.

## SECTION XV

## EXCUSE FOR NON-PERFORMANCE

Each Party shall be excused from performing any obligation or undertaking provided in this REA, except any obligation to pay any sums of money under the provisions hereof (unless conditioned upon performance of an obligation or undertaking excused by this Section XV), in the event, but only so long as the performance of any such obligation is prevented or delayed, retarded or hindered by act of God, fire, earthquake, floods, explosion, actions of the elements, war, invasion, insurrection, riot, mob violence, sabotage, inability to procure or general shortage of labor, equipment, facilities, materials or supplies in the open market, failure of transportation, strikes, lockouts, action of labor unions, condemnation, requisition, laws, orders of governmental or civil or military or naval authorities, acts or the failure to act of a public or governmental agency or entity (except that any act or the failure to act of the Agency or City shall not excuse performance by the Agency) or any other cause, whether similar or dissimilar to the foregoing, not within the respective control of such Party (other than the lack or inability to procure monies to fulfill commitments and obligations or undertakings provided in this REA). Notwithstanding any specific references in certain provisions of this REA to this Section XV, the absence of such specific reference in any other provision shall not be deemed to diminish the general applicability of this Section XV.

## SECTION XVI

## CONDEMNATION

A. DISTRIBUTION. Any award for damages, whether the same shall be obtained by agreement prior to or during the time of any court action or by judgment, verdict or order, or after any such court action resulting from a taking by exercise of right of eminent domain of the Shopping Center Site or any portion thereof, or resulting from a requisitioning thereof by military or other public authority for any purpose arising out of a temporary emergency or other temporary circumstances, shall be distributed between the Parties pursuant to the terms and conditions of this Section XVI.

B. METHOD OF DISTRIBUTION. If a Party exercises its right to terminate this REA as to its Tract as provided in Section XVI-D, such Party shall be entitled to the entire award received by it. If a Party does not have a right to terminate this REA as to its Tract or does not elect to exercise such right, the following provision shall be applicable. Any such award shall be paid promptly by the Party receiving the same in trust to a bank or trust company approved by the Parties having an office in Los Angeles, California, as trustee, to be distributed in accordance with the provisions of this Section.

Any such award shall be distributed by the trustee as follows:

(a) If all or any portion of any Tract, exclusive of Common Area, and the land thereunder, within the Center shall be condemned, the total award shall be paid to the Party owning or leasing such Tract so taken, exclusive of any award or compensation paid for any Common Area; or

(b) If all or any portion of the Common Area shall be condemned, the award applicable to the Common Area shall be distributed by the trustee in the following order of priority:

(i) To the Party or Parties owning or leasing the Common Area so taken, any and all reasonable

expenses or disbursements such Party or Parties may have incurred or obligated itself or themselves for in connection with such proceedings;

(ii) To such Party or Parties (after the other Parties shall have approved complete plans and specifications for any substituted Common Area and the contract or contracts for construction of such Common Area) under progress payments during the progress of the restoration of the Common Area, out of the net proceeds in condemnation so held to the extent such proceeds or such award will permit, as follows: (1) at the end of each month, or from time to time as may be agreed upon by the affected Parties, there shall be paid, against such Party's architect certificates, an amount which shall be that proportion of the proceeds held in trust which 90% of the payment to be made to the contractors or materialmen of such Party for work done, materials supplied and services rendered during each month or other period bears to the total contract price, but never more than 90% of the amount requested; and (2) at the completion of the work, the balance of such condemnation award monies required to complete the payment for such work shall be paid to such Party; provided that at the time of such payment (A) there are no liens against the Tract of such Party, or notices to withhold by reason of such work and that, with respect to the time of payment of any balance remaining to be paid at the completion of such work, the period within which a lien or notice to withhold may be filed has expired or that the other Parties are satisfied by proof submitted by such Party that all costs of such work theretofore incurred have been paid, (B) such Party's architect shall certify that all work so far done is proper and of a quality and class equal to the original work required by the DDA and this REA and in accordance with the approved plans and specifications, and (C) such Party shall furnish to the trustee evidence satisfactory to said trustee that all previous advances have been devoted to defray the actual cost of such work up to the amount of such cost, or that such cost has

actually been paid by such Party in the amount of all such previous advances. In no event shall the trustee be liable for any amount in excess of the net proceeds of the award in condemnation. The Parties agree to cooperate in an effort to have the cost of such work performed for an amount not to exceed the net proceeds of the condemnation award. However, should the cost of such work exceed the net proceeds of the award in condemnation, Developer, the Majors and Ikea shall pay such additional cost in the same respective proportions as the Allocable Shares of their respective Tracts.

Should (1) the cost of such work be less than the net award in condemnation so held in trust, or (2) no substituted Common Area be provided, the award or the balance of said award shall be apportioned between the Parties as their respective property interests may appear, in the Tract or Tracts so taken; provided, however, there is first distributed to all Parties, any and all reasonable expenses or disbursements each such Party may have incurred or obligated itself for in connection with such condemnation proceedings.

Anything to the contrary in this Section XVI-B notwithstanding, if a Party or its Affiliate (as defined in Section XI-E), has net current assets of $100,000,000 or more, and net worth of $200,000,000 (in 1989 Dollars), or more, as disclosed on the latest annual audited statement of such Party or its Affiliate (or in the case of Mervyn's or Ikea, or in the case of Bullock's if Bullock's no longer has an annual audited statement, a statement certified by a corporate officer of Mervyn's, Ikea or Bullock's, as the case may be), provided such Affiliate covenants to the other Parties to perform such Party's obligations relating to condemnation and restoration of the land and the improvements or portions thereof, not taken, or to cause the performance of such obligations, payment of such Party's portion of the award for damages shall be made directly to such Party rather than to the trustee as hereinabove provided. Notwithstanding anything contained in

Section XVI-B, payment of any award to Developer shall be held in trust by the Mortgagee of the Mortgage on the Developer Tract for application under the provisions of this Section XVI. If Developer's Mortgagee is the holder of such award, such award shall be deposited in a California bank.

C. RESOLUTION OF DISPUTES. Any issue which is not resolved by any judgment in the condemnation proceeding or supplemental determination therein shall be resolved among the Parties under the arbitration provisions of Section XXIII.

D. TERMINATION OF REA FOR CONDEMNATION OF AUTOMOBILE PARKING AREA OR FLOOR AREA. Notwithstanding anything contained herein to the contrary, if all or a portion of the Automobile Parking Area shall be taken in eminent domain so that after such taking the parking ratio in the Center shall be reduced to less than eighty percent (80%) of the applicable parking ratio provided for in Section X-C, then this REA may be terminated upon the taking of permanent possession (as distinguished from a temporary requisition for a period of less than ninety [90] days) of such Automobile Parking Areas by the condemning authorities, as hereinafter provided. Any Party desiring to terminate this REA shall give notice of such desire to all other Parties and, if within thirty (30) days after the giving of such notice, one or more of the remaining Parties shall not give notice in writing of its or their objection to such termination, this REA shall terminate as to the first Party on the sixtieth (60th) day after the giving of the such notice of intention to terminate.

In the event one or more of the remaining Parties does give its notice of objection within such thirty (30) day period to the Party desiring to terminate this REA as hereinabove provided, then such Party or Parties shall submit to the other Parties with its or their notice of objection plans, specifications and a construction schedule for alternative automobile parking facilities to increase the

parking ratio to an amount sufficient to have otherwise prevented such termination. Any parking structure required to be constructed to so increase the parking ratio shall be paid for solely by the Party or Parties so objecting to the termination. This REA shall not terminate in the event such notice of objection is given unless all other Parties and the Agency shall, within sixty (60) days following the receipt of such request, reject in writing such proposed additional automobile parking facilities. The determination of whether or not a Party shall reject or approve such additional automobile parking facilities shall be made in good faith by each Party, but in its sole and absolute discretion. If such additional automobile parking facilities are not rejected by any Party, such facilities shall be constructed in accordance with plans approved by the Parties and the cost thereof shall be borne by the Parties on the basis of their respective Allocable Shares.

Notwithstanding the foregoing, if ten percent (10%) or more of the Floor Area contained in a Major's Store, the Ikea Store, or the Developer Mall Stores shall be so taken in eminent domain, or if twenty percent (20%) or more (as to Bullock's and Developer, in the aggregate) of the automobile parking spaces located within Parking Facilities No. 1 as to Mervyn's, Parking Facilities No. 2 as to Sears, Parking Facilities No. 2 and 3 as to Bullock's, Parking Facilities No. 3 as to Ikea or Parking Facilities No. 1, 2 and 3 as to Developer, shall be so taken in eminent domain, then such Party shall have the right to terminate this REA as to its Tract, upon giving not less than sixty (60) days' written notice to the other Parties of its intention so to do.

E. RIGHTS OF MORTGAGEES. Nothing herein contained shall be deemed to prohibit any Mortgagee from participating in any eminent domain proceedings on behalf of or in conjunction with any Party upon whose Tract it has a Mortgage, provided the same does not reduce the award to any other Party or the distribution thereof in accordance with Section XVI-B.

F. RECONSTRUCTION ON CONDEMNATION. Each Party not terminating this REA as to its Tract shall, to the extent practicable, reconstruct its Tract to the same extent it would be required to reconstruct pursuant to Section XIII and in accordance with the requirements and subject to the provisions of this Section, and in accordance with Section IX hereof.

If this REA is terminated as to the Tract of an individual Party or Parties, but not in its entirety, the Party or Parties as to whom this REA has terminated shall in all events (i) comply with the obligation to cause the portions of the Enclosed Mall to be secured and enclosed where its building had been, or is, situated, as provided for in Section XIII-B; (ii) raze its buildings or perform such restoration as necessary so that its former improvements do not constitute a hazard or a nuisance; (iii) maintain its Tract and the improvements situated thereon in such a manner so as not to interfere with the Operation of the Stores or other improvements of the Parties still Operating under this REA, and (iv) until the Termination Date comply with the prohibitions and restrictions set forth in Sections VIII-D and VIII-E hereof.

G. INVERSE CONDEMNATION. Should any inverse condemnation result by reason of actions of a public authority, including without limitation any acts or actions of any environmental protection agency, and a judgment of a court of competent jurisdiction shall so determine, then the rights of the Parties shall be the same as though condemnation had taken place.

## SECTION XVII

## CORRECTION OF SITE DESCRIPTIONS; GRANT OF EASEMENTS

A. CORRECTION OF SITE DESCRIPTIONS. It is recognized that by reason of construction, engineering or design errors, the Developer Improvements, the Stores of the Majors and the Ikea Store may not be precisely constructed within their respective Tracts as described in Exhibit A. As soon as reasonably possible after completion of the construction of the Developer Improvements and the Majors' Stores, Developer, each Major and Ikea, as the case may be, shall cause, each at its own expense, an "as-built" survey to be made of its Tract showing all building perimeters (including overhangs and encroachments), Common Area and other improvements and Tract boundaries and shall also cause a copy of such survey to be delivered to the other Parties. In the event such survey shall disclose that the building or buildings of the Party making such survey have not been precisely constructed within its Tract, then promptly upon request of any other Party, all Parties will join in the execution of an agreement, and the Agency will join in a consent thereto, in recordable form, amending Exhibit A to this REA, so as to revise the description of such Tract and the adjoining Tract to coincide with the as-built perimeter of the buildings and improvements constructed on such Tract and to include in the adjoining Tract a portion of land equivalent to that which has been taken by the encroachment. Nothing herein contained shall be deemed to relieve or excuse any Party from exercising all due diligence to construct or cause the construction of Floor Area, Common Area and other improvements within its Tract as described on Exhibit A.

B. GRANT OF EASEMENTS. Upon request of any Party whose Tract description is being revised pursuant to this Section, each Party upon whose Tract the encroachment occurred agrees to either grant an easement (and the Agency will join in

a consent thereto, if necessary) over that portion of its Tract as is required to correct such description.

## SECTION XVIII

## SIGNS

A. CRITERIA. No signs shall be erected in the Shopping Center Site which do not conform in all respects to the criteria attached hereto as Exhibit D. It is understood that said criteria expressly exclude therefrom, except for specific provisions thereof, the building identification signs on the Stores of the Majors and the building identification signs and flags of nations located on, and/or about the Ikea Store. Any Occupant of Floor Area within the Ikea Store not Operating the same as part of the business of Ikea shall be entitled to erect and maintain signage on the exterior of the Ikea Store provided such signage conforms in all respects to the requirements of Exhibit D.

B. APPROVAL OF SPECIAL SIGNS. If any Occupant shall request a sign not completely in accordance with the sign criteria, such sign shall not be erected without the written consent of the Parties. Any change made to any initially completed sign which causes the same not to fall within the scope of the sign criteria is hereby prohibited, and any such changed sign shall be considered as a new installation and deviation from the sign criteria shall similarly require the approval of the Parties.

## SECTION XIX

## RULES AND REGULATIONS

Each Party agrees to observe and comply with, and shall cause its respective Permittees to observe and comply with, the Rules and Regulations attached hereto and marked Exhibit E. Such rules and regulations shall be amended only by agreement in writing, executed by the Parties, provided however, such amendment need not be an amendment to this REA.

## SECTION XX

## COVENANTS OF DEVELOPER

A. STANDARDS. The Parties agree that it is in their mutual best interests, and important to the maximum utilization of their Tracts, that the Shopping Center Site and each Store Site be developed and maintained as an integrated shopping center and mixed use project which will contain a combination of Occupants which (i) represent a sound and balanced diversification of merchandise, (ii) are well qualified and willing to direct an intensive and continuous merchandising and promotional program, (iii) will be of strong financial condition and good repute, (iv) will efficiently utilize and not exceed the capacity of the available Automobile Parking Area, or any portion thereof, and (v) will fixturize, decorate and maintain their respective Store premises in a tasteful and decorous manner, having regard for the general standards of appearance prevailing in the Shopping Center. In furtherance of such purpose the Parties have agreed to the provisions of Section IV, VIII, IX, X, this Section XX and Section XXI.

B. MANAGEMENT CRITERIA. Developer covenants and agrees, subject to the provisions of Sections XIII, XV, XVI and XXIX-N of this REA, and subject to the other provisions of this Section, that, so long as at least one (1) Major is Operating in its minimum Floor Area, it will manage and Operate, or cause to be managed and Operated, the Enclosed Mall, the other Common Area and the Developer Mall Stores and the Developer Non-Mall Stores, in the following manner:

1. The Developer Mall Stores and the Developer Non-Mall Stores as a complex of retail stores and commercial enterprises which are a part of a first-class regional shopping center development with an Enclosed Mall and other related Common Area facilities.

2. Use its professional diligent efforts to:

(a) Have the Floor Area of the Developer Mall Stores Operated in its entirety; provided, however, that

at any time after the Operating period provided for in Section XXI, if there shall be at least: (i) three Majors Operating in at least their minimum Floor Area in the Center, Developer shall be required to use its professional diligent efforts to have the Floor Area in the Developer Mall Stores Operated in its entirety; (ii) two Majors Operating in at least their minimum Floor Area in the Center, Developer shall be required only to have the following Floor Area of the Developer Mall Stores open for business:

(x) If the two Majors so open are Sears and Mervyn's, Developer will use its professional diligent efforts to have open for business all of the Floor Area in the Phase 1 Developer Mall Stores; or

(y) If the two Majors so open are Bullock's and one of Sears or Mervyn's, Developer shall use its professional diligent efforts to have open for business on all three levels of the Enclosed Mall all of the Floor Area in the Developer Mall Stores on both sides of the Enclosed Mall located between Bullock's and whichever of Sears or Mervyn's is so open; and

(iii) one Major Operating in at least its minimum Floor Area in the Center, Developer shall use its professional diligent efforts to have open for business only the Floor Area in the Developer Mall Stores located "immediately adjacent" (as such term is defined in Section XIII-D-2 to such Major so Operating. In the event of damage or destruction, Developer shall not be required to have open for business more Floor Area in the Developer Mall Stores than it would be required to restore, repair or rebuild under Section XIII-D;

(b) Have at all times a proper mixture and balance of Occupants consistent with first-class, well diversified regional shopping centers in Southern California; and

(c) Maintain a quality of management and Operation that is first-class and is not less than that

generally adhered to in other similar first class regional shopping centers in Southern California.

3. Under the name of Media City Center, and under no other name without the prior approval of each Major and Ikea, in its sole and absolute discretion, provided however if such Major or Ikea is not a Party, it shall not have such right of approval.

4. So as to have available for use Floor Area in the Developer Mall Stores of not less than the minimum Floor Area provided in Section VIII-A; provided, however, that in the event of damage or destruction, Developer need not have more Floor Area available for use than would be required at the time in question under the applicable provisions of Section XIII-D.

5. In accordance with the rules and regulations prescribed in Exhibit E or as may be adopted by the Parties from time to time and in accordance with the Sign Criteria prescribed in Exhibit D.

6. To have leases requiring sixty percent (60%) of the Initial Planned Floor Area of the Phase 1 Developer Mall Stores obligated to be open for business when provided in Section VII-C hereof, if Sears or Mervyn's is Operating in its minimum Floor Area, and to have leases requiring seventy percent (70%) of the Occupants of all of the Developer Mall Stores obligated to be open for business when provided in Section VII-C hereof, if Bullock's is Operating in its minimum Floor Area.

7. To open the Enclosed Mall when provided in Section VII-C.

8. Except as expressly permitted in this REA, so as not to substantially change, modify or alter in any manner or to any extent whatever the Enclosed Mall and the exterior of the Developer Mall Stores, without the prior approval of each Major; provided, however, this prohibition shall not apply to changes, modifications or alterations of the storefronts of the

Developer Mall Stores so long as there is no encroachment on the Enclosed Mall.

9. Except as expressly permitted in this REA, so as to maintain the layout of the Developer Improvements on the Developer Tract as shown on Exhibit B, and to Operate the Developer Improvements within the confines of the Shopping Center Site as depicted on Exhibit B.

10. So as to Operate and provide cooling and ventilation for the Enclosed Mall and to maintain the air-conditioning system therein at all times when the retail operations on the Developer Tract or the Tract of any Major are open for business, and for not less than one-half hour before and after the same are open, and in such manner so that the temperature and humidity throughout the Enclosed Mall is at a reasonably comfortable level and in accordance with the provisions of Section IV-E-8 of this REA and so as not to unduly discharge air out of or return air into the Stores; provided, however, that at any time after the period for which Operation is required pursuant to Section XXI, if there shall be only two Majors Operating in at least their respective minimum Floor Area, Developer shall be required to Operate in accordance with the provisions of this Section XX-B-10 only that portion of the Enclosed Mall located in the area between such Majors' Stores; and provided further that at any time after the period for which Operation is required pursuant to Section XXI, if there shall be only one Major Operating in at least its minimum Floor Area, Developer shall be required to Operate in accordance with the standards of this Section XX-B-10 only that portion of the Enclosed Mall located "immediately adjacent" (as such term is defined in Section XIII-D-3) to the Major so Operating.

Notwithstanding anything to the contrary, the covenants contained in this Section XX shall not impose any greater obligation on Developer to rebuild, reconstruct or restore than as set forth in Section XIII hereof.

C. COVENANTS RUNNING WITH THE LAND. Each and all of the provisions of this REA on Developer's part to be performed, and each and all of Developer's covenants herein not to use, or permit the use of, any part of the Developer Tract contrary to the provisions of the DDA and this REA, are also intended to and shall bind the Developer Tract, each and every Person having any fee, leasehold or other interest in any part of the Developer Tract, at any time and from time to time, or derived through any Person now or hereafter comprised within the term Developer to the extent that such part of the Developer Tract is affected or bound by the covenants in question, or that such covenant is to be performed thereon, and shall inure to the benefit of each Major and its Tract and shall run with the land.

D. DOMINANT AND SERVIENT ESTATES. With respect to the various covenants (whether affirmative or negative) on the part of Developer contained in this REA which affect, or bind, or are to be performed on portions of the Tract of any Party, the Tract benefited by such covenant shall, during the term of this REA, be the dominant estate, and the Developer Tract (or if the particular covenant affects, binds or is to be performed on less than the whole of the Developer Tract, then with respect to the particular covenant, such portion thereof, as is affected by, or bound by,the particular covenant, or on which the particular covenant is to be performed) shall, during the term of this REA, be the servient estate.

E. DDA. Developer covenants with each of the Majors and Ikea that Developer shall perform or shall cause the performance of each of Developer's obligations and covenants as "Developer" under the DDA in the time and manner set forth therein at Developer's sole cost and expense, shall enforce each and every Agency covenant under the DDA at Developer's sole cost and expense and shall not waive any of the Agency's obligations thereunder or modify any of the terms or conditions thereof without the consent of the Majors and Ikea.

## SECTION XXI

## COVENANTS OF MAJORS AND IKEA

A. OPERATION COVENANTS. Each of Sears, Mervyn's, Bullock's and Ikea covenant and agree with and for the benefit of Developer and Developer's Mortgagee, subject to the provisions of Sections VII, XIII, XV, XVI and XXIX-N, and subject to the other provisions of this Section, that it will open its Store on or before the date set forth for such opening in Section VII hereof and that it will thereafter Operate, or cause to be Operated, the same as a single retail facility compatible with the Shopping Center under the trade names, respectively, of "Sears", "Mervyn's", "Bullock's" or "Macy's" and "Ikea", or under such other name (i) in the case of Sears, as Sears is doing business in a majority of its retail department stores in regional shopping centers in Southern California, and (ii) in the case of Mervyn's, as Mervyn's is doing business in a majority of its retail department stores in regional shopping centers in Southern California, (iii) in the case of Bullock's, as Bullock's or R. H. Macy & Co., Inc., a Delaware corporation ("RHM"), is doing business in a majority of its retail department stores in regional shopping centers in Los Angeles and/or Orange Counties, except that, notwithstanding anything to the contrary in this REA, if Bullock's transfers to a single transferee the Bullock's Store and four (4) other stores operating in Los Angeles and/or Orange Counties under the name "Bullock's" or such other name as Bullock's is doing business in a majority of its stores in Los Angeles and/or Orange Counties, such transferee shall not be required to Operate under the name "Bullock's" or "Macy's" or such other name as Bullock's or RHM is operating a majority of its stores in Los Angeles and/or Orange Counties, but such transferee shall be required to Operate the Bullock's Store under the same trade name as the other four (4) stores so transferred are operating or under such other trade name as such transferee is operating a majority of its stores in Los Angeles and/or Orange Counties, and (iv) in the case of Ikea, under

such name as Ikea is doing business in a majority of its retail stores in the United States, and in each case in not less than the minimum number of square feet of Floor Area required under Section VIII hereof, for ten (10) consecutive years from the date as to Sears, Mervyn's and Ikea, upon which at least two (2) of Sears, Mervyn's and Ikea shall first be open for business, and as to Bullock's, upon which Bullock's shall first be open for business, and each will continuously Operate or cause to be Operated its Store as a single retail facility (but without any trade name requirement) in not less than the minimum number of square feet required under Section VIII hereof for five (5) years thereafter.

The hours of business, the number and types of departments to be Operated in each such Store, the particular contents, wares and merchandise to be offered for sale and the services to be rendered, the methods and extent of merchandising and storage thereof, and the manner of Operating such Store in every respect whatsoever shall be within the sole and absolute discretion of each of Sears, Mervyn's, Bullock's and Ikea. Each of Sears, Mervyn's, Bullock's and Ikea may Operate a department or departments in their respective Stores, in whole or in part through licenses, tenancies and/or concessionaires. Provided Ikea is not in default of its Operation covenant as set forth above, Ikea Property Inc. (but no successor thereto except as permitted by Section I-FF hereof) shall have the right to sublease and/or license for use portions of the Ikea Store not to exceed 100,000 square feet of Floor Area for Operation of businesses that are not part of the Operation of Ikea's retail business, and provided further that the location of any Ikea Store entrances which are not as shown on Exhibit B will be subject to Developer's reasonable approval.

B. RELEASE FROM OBLIGATIONS. Each of Sears, Mervyn's, Bullock's and Ikea shall be released from the performance of its Operation covenant contained in Section XXI-

A: (i) in the event Developer ceases to comply with the provisions of Section XX-B-1, -2, -4, -7, -8, -9, -10 or Section X-B (if as to XX-B-9 or X-B, such cessation has a material adverse impact on its Operation as hereinafter provided) hereof, provided, however, that Developer shall have sixty (60) days after written notice to cure any such default, or if such default cannot be cured within sixty (60) days, to diligently commence curing within such time, and diligently complete curing same within a reasonable time thereafter; (ii) if such Party is excused from the performance of its obligations under Section XIII-D.

In case Developer fails to comply with the provisions of Section X-B or XX-B-9, which default, in the reasonable, good faith judgment of any other Party, materially adversely affects such Party's Operation (e.g., such default directly results in a material loss of revenue, a closure of such Party's Store, a material adverse condition in the Common Area materially limiting customer access to or parking for such Party's Store, or other material demonstrable matters), and Developer has failed to cure or commence the curing of said default within the time periods set forth above, such Party shall have the right to send Developer another notice (the "Second Notice") notifying Developer of such failure in writing, specifying with particularity the reasons why such Party believes that Developer is failing to pursue said cure with reasonable diligence and how such failure materially adversely affects such Party's Operation. The Second Notice shall also state that if Developer fails to commence the curing of said default within fifteen (15) days after the Second Notice, such Party shall be released from its Operation covenant hereunder. If Developer fails to commence the curing of said default within said fifteen (15) day period and to diligently complete said curing as soon as reasonably practicable, such Party shall be released from the performance of its Operation covenant under Section XXI-A.

Any dispute as to the failure of performance and/or due diligence respecting the curing of a default, or what constitutes a reasonable time for the curing of default, shall be subject to the provisions of Section XXIII hereof.

Sears and Mervyn's shall each be released from the performance of its obligations contained in Section XXI-A in the event Developer ceases to have occupied and open for business at least sixty percent (60%) of the Initial Planned Floor Area of the Phase 1 Developer Mall Stores. Bullock's shall be released from the performance of its obligations contained in Section XXI-A in the event Developer ceases to have occupied and open for business at least seventy percent (70%) of the number of Occupants of all of the Developer Mall Stores. Ikea shall be released from the performance of its obligations contained in Section XXI-A in the event there is not occupied and open for business an amount of Floor Area equal to at least the sum of (i) sixty percent (60%) of the Initial Planned Floor Area of the Phase 1 Developer Mall Stores plus (ii) the minimum Floor Area of at least one Major; provided, however, that with respect to a Major and Ikea, Developer shall have twelve (12) months after written notice of such default to remedy the same. With respect to Sears, Mervyn's and Ikea such condition shall be conclusively deemed to have been remedied if during said twelve (12) month period Developer shall have entered into bona fide leases which require the opening for business of Floor Area of Developer Mall Stores sufficient to increase the Phase 1 Developer Mall Stores to more than sixty percent (60%) of their Initial Planned Floor Area (and with respect to Ikea only, the opening for business of the Floor Area of at least one Major sufficient to increase the Floor Area of such Major to the minimum Floor Area of such Major) which bona fide leases shall provide for the actual commencement of occupancy of Floor Area by the Occupant(s) within said twelve (12) month period, and for the Occupants' commencement of Operation no later than three (3)

months after the expiration of said twelve (12) month period. With respect to Bullock's, such condition shall be conclusively deemed to have been remedied if during said twelve (12) month period Developer shall have entered into bona fide leases which require the opening for business of seventy percent (70%) of the number of Occupants of all of the Developer Mall Stores which bona fide leases shall provide for the actual commencement of occupancy of Floor Area by the Occupant(s) within said twelve (12) month period, and for the Occupants' commencement of Operation no later than three (3) months after the expiration of said twelve (12) month period.

Sears shall also be released from the performance of its Operation covenant contained in Section XXI-A in the event Ikea has not opened its Store for business within one (1) year after the Grand Opening or having so opened, thereafter ceases to Operate its Store pursuant to Section XXI-A for a period in excess of six (6) consecutive months.

Mervyn's shall also be released from the performance of its Operation covenant contained in Section XXI-A in the event Sears has not opened its Store for business within one (1) year after the Grand Opening or having so opened, thereafter Sears ceases to Operate its Store pursuant to Section XXI-A for a period in excess of six (6) consecutive months.

Sears and Mervyn's shall also be released from the performance of their respective Operation covenants contained in Section XXI-A in the event Bullock's has not opened its Store for business within one (1) year after the Bullock's Grand Opening or having so opened thereafter ceases to Operate its Store pursuant to Section XXI-A for a period in excess of six (6) months; provided, however, that, in such event, the Operation covenants of Sears and Mervyn's shall continue in full force and effect for the periods and to the extent set forth in the Original REA.

Bullock's shall also be released from the performance

of its Operation covenant contained in Section XXI-A in the event Sears or Mervyn's has not opened its Store for business within one (1) year after the Grand Opening or, having so opened, thereafter either Sears or Mervyn's ceases to Operate its Store pursuant to Section XXI-A for a period in excess of six (6) months.

Ikea shall also be released from the performance of its Operation covenant contained in Section XXI-A in the event Sears and Mervyn's have not opened their respective Stores for business within one (1) year after the Ikea Grand Opening or, having so opened, thereafter cease to Operate their respective Stores pursuant to Section XXI-A for a period in excess of six (6) consecutive months.

The release from the covenants and obligations of Section XXI-A shall be effective upon the released Party's giving notice thereof to Developer and the other Major(s) and/or Ikea and the expiration of any relevant grace period without curing of the noticed matter, and thereupon the Operation covenant provided in Section XXI-A and the reconstruction covenant provided in Section XIII-D of the Party giving said notice shall terminate and such Party shall not be required to thereafter continue Operating its Store or to reinstitute such Operation, notwithstanding the subsequent curing of any default or condition referred to herein. Continued Operation by such Party following such notice and the expiration of and any grace period shall not affect the effectiveness of such notice nor the release.

If any Major or Ikea shall cease Operation pursuant to the provisions hereof, it shall not be required to thereafter continue in business or to reinstitute such business, notwithstanding the subsequent curing of any default referred to herein.

C. SUBORDINATION TO LIEN. The covenants contained in Section XXI-A are subordinated to the lien of any Mortgage recorded against the Tract which is burdened by such covenant

(including, but not be way of limitation, any blanket Mortgage which may cover any other property or properties of such Party, whether owned in fee or as a leasehold, in addition to the property interest or interests previously referred to in this sentence), to the end that the Mortgagee and a purchaser or purchasers in any foreclosure proceedings, or pursuant to any exercise of power of sale, or any grantee under a deed in lieu of foreclosure, and all successors to or through any such purchaser or purchasers, or to or through any such grantee, shall take free and clear of the Operation covenant. Each Party covenants and agrees to execute and deliver to the others, upon request therefor, such instruments, in recordable form, as shall at any time and from time to time be required (the form of which shall be in the sole and absolute judgment of counsel for such Party) in order to confirm or effect any such subordination as referred to in the preceding sentence. Except as otherwise provided herein, nothing herein contained shall be deemed to relieve the Majors and Ikea of their respective obligations to Operate pursuant to Section XXI-A.

D. COVENANTS RUNNING WITH THE LAND. Each and all of the provisions of this REA on the respective parts of the Majors and Ikea herein to be performed and each and all covenants of the Majors and Ikea herein not to use, or permit the use of, any part of their respective Tracts, as the case may be, contrary to the provisions of the DDA and this REA, are intended to, and shall bind the Sears Tract, the Mervyn's Tract, the Bullock's Tract and the Ikea Tract and each and every Person having any fee, leasehold or other interest in any part of such Tract, at any time and from time to time, or derived through any Person which comprises or is a part of each Major and Ikea, to the extent that such part of their respective Tracts is affected or bound by the covenant in question, or that such covenant is to be performed thereon, and shall inure to the benefit of the other Parties and their respective Tracts and shall run with the land.

**E. DOMINANT AND SERVIENT ESTATES. With respect to the various covenants (whether affirmative or negative) on the part of each Major and Ikea contained in this REA, which affect or bind, or are to be performed on portions of their respective Tracts, the Tract benefited by such covenant shall, during the term of this REA, be the dominant estate, and the Tract of the respective Major and Ikea, as the case may be (or if the particular covenant affects, binds or is to be performed on less than the whole of such Tract, then with respect to the particular covenants, such portion thereof as is affected by, or bound by the particular covenant, or on which the particular covenant is to be performed), shall, during the term of this REA, be the servient estate.**

## SECTION XXII

## TAXES AND ASSESSMENTS

A. PAYMENT. Except as same may be included as a portion of Common Area Maintenance Cost, each Party shall pay, or cause to be paid, prior to delinquency, all taxes and assessments upon its Tract, and the buildings and improvements and personalty owned or leased by such Party located in the Center, provided that if said taxes or assessments, or any portion thereof, may be paid in installments, any Party may pay each such installment as and when the same becomes due and payable. Each Party shall, upon the request of any other Party exhibit to such other Party for examination, receipts for all said taxes and assessments required to be paid by such Party pursuant to this Section XXII, and within ten (10) days of receipt of its tax bill each Major and Ikea shall deliver a copy of such tax bill to Developer.

B. CONTEST. If any Party shall deem said taxes and/or assessments, or any part thereof, to be paid by such Party to be excessive or illegal, such Party shall have the right to contest the same at its own cost and expense, and shall have the further right to defer payment thereof so long as the validity or the amount thereof is contested in good faith; provided, however, that if at any time payment of the whole or any part thereof shall be necessary in order to prevent the sale of property subject to a lien for any such unpaid tax or assessment, then the contesting Party shall pay or cause same to be paid in time to prevent such sale. Any such payment may be paid under protest.

C. NON-PAYMENT OF TAXES. In the event any Party shall fail to comply with its covenant as set forth in this Section XXII, any other Party may pay such taxes and penalties and interest thereon, and shall be entitled to prompt reimbursement from the defaulting Party for the sums so expended, with interest thereon as provided in Section XXIX-K hereof.

**D. ASSESSMENT BENEFITING SHOPPING CENTER. Anything in Section XXII-A to the contrary notwithstanding, in the event an assessment is levied against one or more Tracts that is of general benefit to the Shopping Center as a whole as opposed to a special benefit to the Tract or Tracts levied against, such assessment shall be prorated among the Parties on the same basis as the Allocable Share of each Party is computed, as though the Tracts of all Parties were being maintained by one Operator.**

## SECTION XXIII

## ARBITRATION

A. DISPUTES COVERED. Any dispute for which arbitration is required under this REA, and only such disputes, shall be resolved by arbitration in the manner provided in the following Section XXIII-B; provided, however, that any Party may seek injunctive relief and/or sue for specific performance without first submitting a controversy to arbitration.

B. ARBITRATION PROCEDURE. Any Party involved in the dispute may request a meeting to be attended by all Parties involved in the dispute for the purpose of resolving such dispute. If the matter is not resolved at such meeting, or the meeting is not held, any involved Party may within thirty (30) days from the date set for such meeting file a written request to resolve such dispute by arbitration. Within ten (10) days from the date of receipt of such notice, a panel of three (3) neutral arbitrators shall be selected by the involved Parties in accordance with the rules of the American Arbitration Association and shall resolve the dispute in accordance with such rules.

Promptly after such appointment, said arbitrators shall meet and determine the matter in dispute and shall resolve the same and all questions pertaining thereto as promptly thereafter as is reasonably practical under the circumstances. A majority decision shall be final at any stage of the proceeding. In any arbitration proceeding involving Section IV hereof, arbitrators having substantial experience in shopping center design and development shall be selected as arbitrators by the involved Parties and shall be members of the International Council of Shopping Centers or the Urban Land Institute or some other industry recognized trade organization, if neither the International Council of Shopping Centers or the Urban Land Institute is in existence at the time questioned. Each involved Party shall bear its pro rata share of the expense of such proceeding (in the same ratio as its Allocable

Share bears to the Allocable Shares of the other Parties participating in such arbitration).

The decision of the arbitrators shall be in writing. A copy of the decision of the arbitrators shall be signed by at least a majority of the arbitrators and given to each involved Party in the manner provided in Section XXV of this REA for the giving of notice.

No damages, either compensatory or punitive, may be awarded in any arbitration proceeding.

The decision of the arbitrators may be entered as a judgment in a court of competent jurisdiction. To the extent permitted by law, and except as provided in Section XXIII-A, compliance with this Section XXIII is a condition precedent to the commencement by any Party of a judicial proceeding arising out of a dispute which is subject to arbitration hereunder.

## SECTION XXIV

## ATTORNEYS' FEES

In the event at any time during the term of this REA any Party shall institute any action or proceeding, including an arbitration proceeding, against any other Party relating to the provisions of this REA or any default hereunder, then, and in that event, the unsuccessful litigant in such action or proceeding agrees to reimburse the successful litigant therein for the reasonable expenses of attorneys' fees and disbursements incurred therein by the successful litigant.

## SECTION XXV

## NOTICES

A. NOTICE TO PARTIES AND SIGNATORIES. Any notice, demand, request, consent, approval, designation, or other communication which any Party or the Agency is required or desires to give or make or communicate to any other Party or the Agency shall be in writing and shall be given or made or communicated by United States registered or certified mail or by recognized overnight courier service, addressed, in the case of Developer, to:

Alexander Haagen Development Company
3500 Sepulveda Boulevard
Manhattan Beach, California 90266
Attention: Managing Partner

with a copy to:

Alexander Haagen Development Company
3500 Sepulveda Boulevard

Attention: Executive Vice President, Finance

and addressed, in the case of the Agency, to:

City of Burbank Redevelopment Agency
275 East Olive Avenue
Burbank, California 91502
Attention: Executive Director and City Attorney

subject to the right of any Party or the Agency to designate a different address by notice similarly given. Any notice, demand, request, consent, approval, designation, including any duplicate original, or other communication so sent shall be deemed to have been given, made or communicated, as the case may be, on the date the same was delivered by the United States Postal Service as registered or certified matter, with postage thereon fully prepaid, or on the date of actual delivery if delivered by overnight courier.

B. MORTGAGEE NOTICE. The Mortgagee under any Mortgage affecting any Tract shall be entitled to receive notice of any default by any Party, provided that such Mortgagee shall have delivered a copy of a notice in the manner provided in the preceding paragraph in the form herein contained. The form of such notice shall be as follows:

The undersigned, whose address is _____
_____
does hereby certify that it is the holder of a first lien upon the land [or, alternatively, the holder of a first leasehold lien upon the

leasehold estate] described on Exhibit A attached hereto and made a part hereof, which lien encumbers [specify either the fee or the leasehold estate] in the _____ Tract(s) in the _____ Shopping Center and is the trustee, beneficiary or Mortgagee holding the security interest in said land.

In the event that any notice shall be given of the default of the Party upon whose Tract this lien applies, a copy thereof shall be delivered to the undersigned who shall have all rights of such Party to cure such default. Failure to deliver a copy of such notice to the undersigned shall affect in no way the validity of the notice of default as it respects such Party, but shall make the same invalid as it respects the interest of the undersigned and its lien upon said Tract.

Any such notice to a Mortgagee shall be given in the same manner as provided in Section XXV-A hereof. The giving of any notice of default or the failure to deliver a copy to any Mortgagee shall in no event create any liability on the part of the Party so declaring a default.

In the event that any notice shall be given of the default of a Party and such defaulting Party has failed to cure or commence to cure such default as provided in this REA, then and in that event any such Mortgagee under any Mortgage affecting the Tract of the defaulting Party shall be entitled to receive an additional notice given in the manner provided in Section XXV-A hereof that the defaulting Party has failed to cure such default. All Mortgagees jointly and/or severally (but not cumulatively) shall have thirty (30) days after said additional notice to cure or, if such default cannot be cured within thirty (30) days, to commence to cure any such default and to prosecute said cure continuously and diligently until completed; provided, however,no dispute of any nature between Mortgagees shall serve to toll or extend said cure period nor impose liability of any nature on any Party to resolve such dispute in connection with accepting cure from any particular Mortgagee.

## SECTION XXVI

## AMENDMENT; NO BENEFICIARY

A. METHOD OF AMENDMENT. Except for the separate agreements referred to in Sections I-E and I-L hereof, the provisions of this REA may be modified or amended, in whole or in part, only with the consent of all of the Parties, by declaration in writing, executed and acknowledged by all of same, duly recorded in the Office of the County Recorder of the County of Los Angeles, State of California.

B. NO THIRD PARTY BENEFICIARY. The provisions of this REA are for the exclusive benefit of the Parties, and of their successors and assigns, and not for the benefit of any third Person, nor shall this REA be deemed to have conferred any rights, express or implied, upon any third Person, except for provisions expressly for the benefit of the Operator or a Mortgagee. It is expressly understood and agreed that no modification or amendment, in whole or in part, of this REA shall require any consent or approval on the part of any Occupant or Permittee which is not also a Party.

## SECTION XXVII

## TERMINATION OF REA

This REA shall terminate fifty-five (55) years from the date of the Original REA, subject to sooner termination in whole or in part under the provisions of Sections VII and XVI and this Section XXVII hereof; provided, however, that the termination of this REA shall not terminate those easements set forth in Section III hereof which by their terms survive the REA termination.

In the event the opening of the Shopping Center is delayed as a result of any event(s) set forth in Section XV so that neither Developer, Ikea, Sears, Bullock's nor Mervyn's has opened the Initial Planned Floor Area in its Store prior to July 31, 1994, this REA shall terminate on that date.

## SECTION XXVIII

## DEDICATION

A. JOINDER IN NECESSARY DEDICATIONS. The Parties shall each, to the extent necessary, join in the execution of such instruments as may be required in order to effectuate widenings of peripheral streets or the installation, for the sole benefit of the Shopping Center Site, of public utilities and similar easements under the Common Area portions of their respective Tracts.

B. LIMITATIONS. No Party shall dedicate any portion of its Tract, except as provided in A above, for public purposes.

## SECTION XXIX

## MISCELLANEOUS

A. BREACH SHALL NOT DEFEAT MORTGAGE. A breach of any of the terms, conditions, covenants or restrictions of this REA shall not defeat or render invalid the lien of any Mortgage made in good faith and for value, but such term, condition, covenant or restriction shall be binding upon and effective against any Person whose title to the Tract in question is acquired by foreclosure, trustee's sale or otherwise.

B. BREACH SHALL NOT PERMIT TERMINATION. It is expressly agreed that no breach of this REA shall entitle any Party to cancel or rescind or otherwise terminate this REA, but such limitation shall not affect, in any manner, any other rights or remedies which the Parties may have hereunder by reason of any breach of this REA.

C. CAPTIONS. The captions of the paragraphs of this REA are for convenience only and shall not be considered nor referred to in resolving questions of interpretation and construction.

D. CONSENT. In any instance in which any Party or the Agency shall be requested to consent to or approve of any matter with respect to which Party's or Agency's consent or approval is required by any of the provisions of this REA, such consent or approval shall be given in writing, and shall not be unreasonably withheld, unless the provisions of this REA with respect to a particular consent or approval shall expressly provide that the same shall be given or refused in the sole and absolute judgment or discretion or words of similar import of any Party or the Agency. Requests for consent shall be subject to the provisions of Section XXIX-R.

Each plan submitted pursuant to Section IV to the Parties or to the Agency shall contain a cover page prominently listing the date mailed, the required return date, a detailed description of each change, if any, made upon such document from the previously submitted drawing, and a statement to the

effect that the document will be deemed approved by the recipient unless said recipient makes objection thereto in writing within thirty (30) days from the date such plans are submitted.

E. NON-DISCRIMINATION. No Party shall restrict the sale, lease, sublease, rental, transfer, use, occupancy, tenure or enjoyment of its Tract on the basis of sex, marital status, race, color, religion, creed, ancestry or national origin of any person. All deeds, leases or contracts pertaining to the Tracts shall contain or be subject to the following non-discrimination or non-segregation clauses:

1. In deeds: "The grantee herein covenants by and for itself, its successors and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of sex, marital status, race, color, religion, creed, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the land herein conveyed, nor shall the grantee itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the land herein conveyed. The foregoing covenants shall run with the land".

2. In leases: "The lessee herein covenants by and for itself, its successors and assigns, and all persons claiming under or through them, and this lease is made and accepted upon and subject to the following conditions: That there shall be no discrimination against or segregation of any person or group of persons, on account of sex, marital status, race, color, religion, creed, national origin, or ancestry, in the leasing, subleasing, renting, transferring, use, occupancy, tenure or enjoyment of the land herein leased, nor shall lessee itself, or any person claiming under or through it, establish

or permit such practice or practices of discrimination or segregation with reference to the selection, location, number or occupancy of tenants, lessees, sublessees, tenants, or vendees in the land herein leased".

3. In contracts: "There shall be no discrimination against or segregation of, any person or group of persons on account of sex, marital status, race, color, religion, creed, national origin or ancestry in the sale, lease, sublease, rental, transfer, use, occupancy, tenure or enjoyment of the land, nor shall the transferee itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees of the land".

There shall be no discrimination against or segregation of, any person or group of persons on account of sex, marital status, race, color, religion, creed, national origin or ancestry in the sale, lease, sublease, rental, transfer, use, occupancy, tenure or enjoyment of the Shopping Center Site, nor shall any transferee himself or any Person claiming under or through him establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees of the Shopping Center Site.

F. ESTOPPEL CERTIFICATE. Each Party and the Agency hereby severally covenants that upon written request of any other Party, it will issue to such other Party, or to such Party's Mortgagee, or any other Person specified by such requesting Party, an estoppel certificate stating: (i) whether the Person to whom the request has been directed knows of any default under this REA, and if there are known defaults, specifying the nature thereof; (ii) whether to its knowledge this REA has been assigned, modified or amended in any way (or if it has, then stating the nature thereof); (iii) that to the

Person's knowledge this REA as of that date is in full force and effect if that is the case.

G. GOVERNING LAWS. This REA shall be construed in accordance with the laws of the State of California.

H. INJUNCTIVE RELIEF. In the event of any violation or threatened violation by any Party, lessee or Occupant of any part of the Center of any of the terms, restrictions, covenants and conditions herein provided, any of the other Parties shall have the right to enjoin such violation or threatened violation or bring an action for specific performance or declaratory relief in a court of competent jurisdiction.

I. BLANK.

J. NO PARTNERSHIP. Neither anything in this REA contained nor any acts of the Parties or the Agency shall be deemed or construed by any Person to create the relationship of principal and agent, or of partnership, or of joint venture, or of any association between any of the Parties, the City or the Agency.

K. NOT A PUBLIC DEDICATION. Except as provided in Section XXVIII-A hereof, nothing herein contained shall be deemed to be a gift or dedication of any portion of the Center to the general public or for the general public or for any public purpose whatsoever, it being the intention of the Parties that this REA shall be strictly limited to and for the purposes herein expressed.

L. PAYMENT ON DEFAULT. If pursuant to this REA any Party is compelled or elects to pay any sum of money or do any acts which require the payment of money by reason of the failure or inability by any other Party to perform any of the terms and provisions in this REA to be performed by such other Party, the defaulting Party shall promptly upon demand, reimburse the paying Party for such sums, and all such sums shall bear interest at the rate of two percent (2%) over the then existing prime or reference rate of interest announced by Wells Fargo Bank N.A., Los Angeles, California (but in no event

exceeding the maximum rate permitted by law) from the date of expenditure until the date of such reimbursement. Any other sums payable by any Party, or the Agency, to any other of such Persons pursuant to the terms and provisions of this REA that shall not be paid when due shall bear interest at the rate of two percent (2%) over the then existing prime or reference rate of interest announced by said banking institution (but in no event exceeding the maximum rate permitted by law) from the due date to the date of payment hereof.

If repayment shall not be made within ten (10) days after such demand is made, the Party having so paid shall have the right to deduct the amount thereof, together with interest as aforesaid, without liability or forfeiture, from any sums then due or thereafter becoming due from it to the defaulting Party hereunder or under a Party's separate agreement.

Any deduction made by any Party pursuant to the provisions of this Section from any sums due or payable by it hereunder or under a Party's separate agreement shall not constitute a default in the payment thereof unless such Party fails to pay the amount of such deduction to the Party to whom the sum is owing within thirty (30) days after final adjudication that such amount is owing. The option given in this Section is for the sole protection of the Party so paying and its existence shall not release the defaulting Party from the obligation to perform the terms, provisions, covenants and conditions herein provided to be performed thereby or deprive the Party so paying of any legal rights which it may have by reason of any such default.

M. BLANK.

N. RELEASE. Subject to the provisions of this Section XXIX-N, if a Party shall sell, transfer or assign all of its interest in its Tract and all of its rights under this REA, it shall, except as provided in this Section or in Section I-FF, be released from all unaccrued obligations hereunder as of the date of such sale or assignment. It shall be a

condition precedent to the release and discharge of any grantor or assignor that any and all amounts which shall then be due and payable by such grantor or assignor to any other Party shall have been paid to such Party and that such grantor or assignor shall give notice to the other Parties of any such sale, transfer, conveyance or assignment and a copy of a duly executed and acknowledged instrument by which the grantee or assignee shall expressly assume all of the obligations of the grantor or assignor under this REA (and, where appropriate, under such grantor's or assignor's separate agreement) shall have been delivered to the other Parties).

Except as provided in the last paragraph of this Section XXIX-N, anything in this REA to the contrary notwithstanding, it is expressly understood and agreed that nothing in this REA shall preclude or constitute a condition precedent to a release in any of the following circumstances:

1. The release from all unaccrued obligations under this REA of a lessee in a sale and leaseback transaction or of a sublessee in an assignment or sublease and sublease transaction, upon the termination or expiration of the leaseback;

2. The release from all unaccrued obligations under this REA of any Mortgagee which shall have acquired title or other interest through foreclosure, upon sale, transfer, conveyance or assignment of its title or interest; or

3. The release from all unaccrued obligations under this REA of any leaseback lessor (or sublessor) which shall have acquired possession through termination or expiration of the leaseback, upon the sale, transfer, conveyance or assignment of its title or other interest.

In the event of any termination or expiration of the interest of the leaseback lessee or any surrender thereof to the leaseback lessor or any nominee of the leaseback lessor which shall hold said interest for the benefit of such leaseback lessor, the leaseback lessor and its successors and

assigns shall (notwithstanding any language in the leaseback document or any other instrument, or in any instrument of surrender, preventing the merger of title in said leaseback lessor and notwithstanding the fact that such surrender may be made to such a nominee of the leaseback lessor) be liable for the performance of the thereafter accruing obligations under and pertaining to the terms of this REA, except that said leaseback lessor shall have the right to have the covenants of the Majors contained in Section XXI-A which is applicable to it subordinated to its interest as provided in Section XXI-C with respect to a Mortgage. Where the term lease, leaseback, lessor or lessee is used in this paragraph, such term shall be deemed to include any sublease, subleaseback, sublessor or sublessee, as the case may be.

Anything in this Section XXIX-N to the contrary notwithstanding, it is expressly understood and agreed that, except as permitted in Section I-FF hereof, in the event of any sale or assignment, no signatory to this REA shall be released from its obligations to construct improvements pursuant to the requirements of Section V, VI or VII, nor from its covenants to open Floor Area pursuant to Section VII, nor shall any Major or Ikea be released from its covenant to Operate pursuant to Section XXI of this REA, except as specifically provided in Section XXI of this REA.

O. SEVERABILITY. If any term, provision, or condition contained in this REA shall, to any extent, be invalid or unenforceable, the remainder of this REA (or the application of such term, provision or condition to Persons or circumstances other than those in respect of which it is invalid or unenforceable), except those terms, provisions or conditions which are made subject to, dependent upon or conditioned upon such invalid or unenforceable term, provision or condition, shall not be affected thereby, and each term, provision and condition of this REA shall be valid and enforceable to the fullest extent permitted by law.

P. SINGULAR INCLUDES THE PLURAL. The use of the singular herein includes the plural and the use of neuter herein includes the masculine and/or feminine, as the context may require.

Q. SUCCESSORS. This REA shall, except as otherwise provided herein, be binding upon and inure to the benefit of the successors and assigns of the Parties and their respective Tracts.

R. TIME FOR APPROVAL. Wherever in this REA approval of any Party or the Agency is required, unless a different time limit is provided in any Section of this REA, such approval or disapproval shall be given within thirty (30) days following the receipt of the item to be so approved or disapproved, or the same shall be conclusively deemed to have been approved by such Party or the Agency, provided that the requirements of the next paragraph are complied with. Any disapproval shall specify with particularity the reasons therefor; provided, however, that wherever in this REA any Party or the Agency is given the right to approve or disapprove in its sole and absolute judgment or discretion or words of similar import, it may disapprove without specifying a reason therefor.

Any document submitted for the consent or approval of any Party or the Agency shall contain a cover page prominently listing the date mailed, and if applicable, a statement to the effect that the document or the facts contained within such document shall be deemed approved or consented to be the recipient unless the recipient makes objection thereto within the time specified in such notice, which shall be thirty (30) days unless this REA shall specify a different period.

Wherever in this REA provision is made for approval "by the Parties" or "by the Majors" such phrase shall mean the approval of each of the Parties to this REA or each of the Majors.

S. TIME OF ESSENCE. Time is of the essence with respect to the performance of each of the covenants and

agreements contained in this REA.

T. WAIVER OF DEFAULT; CUMULATIVE REMEDIES. No waiver of any default by any Party to this REA or the Agency shall be implied from any omission by any other Party or the Agency to take any action in respect of such default if such default continues or is repeated. No express waiver of any default shall affect any default or cover any period of time other than the default and period of time specified in such express waiver. One or more waivers of any default in the performance of any term, provision or covenant contained in this REA shall not be deemed to be a waiver of any subsequent default in the performance of the same term, provision or covenant or any other term, provision or covenant contained in this REA. The consent or approval by any such Party or the Agency to or of any act or request by any other Party or the Agency requiring consent or approval shall not be deemed to waive or render unnecessary the consent or approval to or of any subsequent similar acts or requests. The rights and remedies given to any Party or the Agency by this REA shall be deemed to be cumulative and no one of such rights and remedies shall be exclusive of any of the others, or of any other right or remedy at law or in equity which any such Party or the Agency might otherwise have by virtue of a default under this REA, and the exercise of one such right or remedy by any such Party or the Agency shall not impair such Party's or the Agency's standing to exercise any other right or remedy.

U. JOINT PREPARATION. This REA is to be deemed to have been prepared jointly by the Parties, and any uncertainty or ambiguity existing herein, if any, shall not be interpreted against any Party, but according to the application of the rules of interpretation of contracts.

V. INDEX ADJUSTMENT. As used in this REA, the term "(in 1989 Dollars)" shall mean that the amount to which such term applies shall be increased or decreased for each year during the term of this REA in proportion to the increase or

decrease in the Implicit Price Deflator of the Gross National Product of the United States, issued and published by the United States Department of Commerce (1972 = 100) (the "Index"), or any successor index thereto, appropriately adjusted. In the event that the Index is converted to a different standard reference base or otherwise revised, the determination of the adjustment to be made with reference to the Index shall be made with the use of such conversion factor, formula or table for converting the Index as may be published by the Department of Commerce or, if said Department shall not publish the same, then with the use of such conversion factor, formula or table as may be published by Prentice Hall, Inc. or other nationally recognized publisher of similar statistical information as may be agreed upon by the Parties. If the Index ceases to be published, and there is no successor thereto, then a reasonable index selected by Developer and approved by the other Parties shall be utilized; or, if such a substitute index is not available or may not lawfully be used for the purposes stated herein, then based upon a reliable governmental or other non-partisan publication selected by Developer and approved by the other Parties, evaluating changes in the cost of living or purchasing power of the consumer dollar, if such a publication is available and may be lawfully used for the purposes stated herein. For the purposes of calculating fluctuations in the Index, the calendar year of the date of this REA shall be considered to be the base year (the "Base Year"). With respect to any amount referred to in this REA to which the Index Adjustment is to be made, such amount shall for the purpose of calculating such adjustment be referred to in this Section XXIX-V as the "Base Amount" and the Base Amount, as adjusted by the application of this Section XXIX-V, shall be referred to herein as the "Adjusted Amount".

The Adjusted Amount shall be determined as follows:

With respect to each time at which the Index Adjustment is to be made, the Base Amount shall be increased or

decreased to equal the product obtained by multiplying the Base Amount by a fraction, the numerator of which is the average annual Index for the most recent complete calendar year, and the denominator of which is the average annual Index for the Base Year.

For purposes of this Section XXIX-V, the Base Amount utilized for any initial calculation made hereunder shall continue to be utilized as the Base Amount for each subsequent application of this provision.

W. COUNTERPARTS. This REA may be signed in several counterparts, each of which shall be deemed an original, and all such counterparts shall constitute one and the same instrument. The signature of a Party or the Agency to any counterpart may be removed and attached to any other counterpart. Any counterpart to which the signatures of all Parties and the Agency are attached shall constitute an original of this REA.

X. PERFORMANCE OF CERTAIN COVENANTS. If Operator shall fail to perform any of the covenants to be performed by it pursuant to Section X of this REA, and if such failure relates to a matter which in the prudent, good faith judgment of any Party, reasonably exercised, is of an emergency nature, and such failure shall remain uncured for a period of forty-eight (48) hours (or such shorter period as is reasonably required by the emergency) after service upon Operator of notice of such failure, then the Party giving such notice may, at its option, and in its sole discretion as to the necessity thereof, perform any such covenant, or make any such payment on its own behalf and be entitled to repayment upon demand and the right of deduction as provided in Section XXIX-L.

Y. FORMER RIGHTS SUPERSEDED. This REA, together with all agreements supplementing or ancillary hereto, contains the entire agreement of the Parties and supersedes the Original REA; all rights contained in the Original REA not restated in this REA are relinquished by the parties thereto; and the

**Parties hereto are relieved of all obligations contained in the Original REA not amended by or restated in this REA; provided, however, that the foregoing shall in no way be deemed to terminate the Original REA, and all easements, rights and obligations set forth in the Original REA which are amended by or restated in this REA are uninterrupted and shall be deemed effective from the date of recordation of the Original REA.**

## SECTION XXX

## LIMITATION OF LIABILITY

(a) Notwithstanding anything to the contrary herein, except with respect to the provisions of Section I-FF and with respect to a Party's undertaking to self-insure pursuant to Section XII-C, the Parties shall look solely to the equity of the other Parties in and to the Shopping Center in the event of breach or default by any Party pursuant to the provisions of this REA or any agreement or instrument executed in connection herewith, and each Party agrees that the liability of any other Party under this REA or any such agreement or instrument shall not exceed the value of such equity of such Party in and to the Shopping Center. Without limitation on the foregoing, no properties or assets of a Party other than its interest in the Shopping Center shall be subject to levy, execution or other enforcement procedures for the satisfaction of any judgment (or other judicial process) arising out of, or in connection with, this REA; and if any Party shall acquire a lien on any other properties or assets of any other Party by judgment or otherwise, the Party acquiring the lien shall promptly release such lien on such other properties and assets by executing, acknowledging and delivering to the other Party an instrument to that effect prepared by such Party's attorneys.

(b) This REA is executed by the managing general partner of Developer solely as such partner of the same and not in his own individual capacity. No advisor, trustee, director, officer, partner, employee, beneficiary, shareholder, participant or agent of Developer whatsoever shall be personally liable in any manner or to any extent under or in connection with this REA, and each of Sears, Mervyn's and Ikea and their respective successors and assigns and, without limitation, all other Persons, shall look solely to Developer's equity in the Shopping Center (as provided in subparagraph (a) above) for the payment of any claim arising out of any default hereunder.

Notwithstanding anything seemingly to the contrary contained herein, this Section XXX shall not affect the ability of any Party to bring an action for and obtain injunctive relief, a declaratory judgment or specific performance.

(c) The limitations of liability provided in subsections (a) and (b) above are in addition to, and not in limitation of, any limitation on liability applicable to a Party or the advisors, trustees, directors, officers, partners, employees, beneficiaries, shareholder, participants or agents of such Party provided by law or by another contract, agreement or instrument, and this Section shall not prevent a Party from naming any partner of any other Party in any action to enforce such Party's rights, or to seek any remedy, but such Person shall not enforce any judgment beyond, and such Person's recourse shall be limited to, such Party's equity in the Shopping Center.

This REA has been executed by the Parties as of the day and year first above written and shall be effective only upon recording in Official Records of Los Angeles County, California.

## CONSENT AND AGREEMENT

The undersigned, REDEVELOPMENT AGENCY OF THE CITY OF BURBANK (the "Agency"), a public body, corporate and politic, formed, organized and existing under the provisions of Chapter 2 of the Community Redevelopment law, in consideration of the execution of this REA by Developer, Sears, Mervyn's, Bullock's and Ikea, agrees as follows:

(i) Any and all fee and other rights which the Agency now has or may hereafter have in and to the Shopping Center are hereby made subject and subordinate to each and every term of the REA;

(ii) The Agency joins with Developer, Sears, Mervyn's, Bullock's and Ikea in the grant by Developer, Sears, Mervyn's, Bullock's and Ikea of those certain easements and temporary licenses for reconstruction in, to, under, upon, over, through and across the Shopping Center, set forth in the REA in favor of the Parties and their respective Tracts;

(iii) The Agency shall join in the execution of an amended Exhibit A to the REA, and/or of an easement agreement, if same are required pursuant to the provisions of Section XVII of the REA; and

(iv) The Agency consents to and agrees to be bound by the covenants and agreements on its part to be performed as set forth in the REA and the DDA.

The Agency hereby agrees that each of the terms, covenants and conditions contained in the REA are in conformity with and comply with the DDA. The Agency hereby approves the REA. In approving the REA, the Agency has determined and found that the provisions thereof and their consent are necessary and desirable in order to implement the Redevelopment Plan and the DDA and that the provisions of the REA are consistent with and comply with the provisions of the Redevelopment Plan, the DDA, and other agreements heretofore entered into by the Agency to carry out the Redevelopment Project.

The foregoing provisions of this Consent and Agreement shall be deemed covenants running with the land and shall be binding upon the Agency and its successors in interest and assigns and its interest in the Shopping Center and shall inure to the benefit of the Parties and their respective Tracts as the benefited parcels.

IN WITNESS WHEREOF, the Agency has caused this Consent and Agreement to be validly approved and duly executed as of the day and year first above written for the REA.

## COVENANT OF IKEA U.S., INC.

Reference is made to that certain First Amended and Restated Construction, Operation and Reciprocal Easement Agreement (the "REA"), dated as of the date hereof, made and entered into by and among Haagen-Burbank Partnership, a California general partnership ("Developer"); Sears, Roebuck and Co., a New York corporation ("Sears"); Mervyn's, a California corporation ("Mervyn's"); Bullock's Properties Corp., a Delaware corporation ("Bullock's"); and, Ikea Property, Inc., a Pennsylvania corporation ("Ikea").

As an inducement to Developer, Sears, Bullock's and Mervyn's for entering into the REA with Ikea, Ikea U.S., Inc., a Pennsylvania corporation ("Ikea U.S."), does hereby covenant to and makes this agreement ("Covenant") with each of Developer, Sears, Bullock's and Mervyn's as follows:

Ikea U.S. agrees that it will cause full performance of each and all of the terms, covenants and conditions of Sections IV-D, VI-C, VII, VIII, IX, XIII-A, XIII-E, XIII-I, XVI-F, and XXI of the REA to be kept and performed by Ikea, but only for the period or periods of time during which Ikea is obligated to perform them, and, in addition, will undertake to assume the obligation of Ikea for purposes of direct payment of an award pursuant to Section XVI-B of the REA, if required to do so pursuant to the terms of such Section; provided, however, the benefit of this Covenant with respect to Section XXI shall accrue only to Developer and its "Mortgagee" (as that term is defined in the REA).

Ikea U.S. hereby further agrees that this Covenant on its part shall remain in effect in favor of said Parties to the REA notwithstanding any extension, modification or alteration of the REA entered into by and among the Parties thereto or

their successors or assigns, or notwithstanding any assignment of the REA, with or without the consent of the other Parties, and no extension, modification, alteration or assignment of the REA shall in any manner release or discharge Ikea U.S. hereunder; provided, however, that the obligations of Ikea U.S. shall not be increased without its written consent.

This Covenant shall remain in effect notwithstanding any bankruptcy, reorganization or insolvency of Ikea, or any successor or assignee thereof or by any disaffirmance or abandonment by a trustee of Ikea, and shall be binding upon and inure to the benefit of the respective successors and assigns of the Parties herein named.

IN WITNESS WHEREOF, Ikea U.S., Inc. has caused this Covenant to be executed as of the ~~31st~~ 6th day of ~~October~~ December, 1990.

## HEIGHT LIMITATIONS

The maximum heights of the buildings in the Center shall not exceed the following dimensions. The dimensions indicated for each building represent the exterior wall height, including the parapet walls above the Enclosed Mall, lower level finished floor elevation of 595.00 feet, United States Coast and Geodetic Survey Datum. Mechanical equipment penthouses, screens to hide the mechanical equipment and entrance structure cupolas, and architectural elements and canopies on all buildings may extend to the maximum dimensions as shown, or higher where shown on the approved building elevations.

| | | |
|---|---|---|
| Sears Store | 75 | feet |
| Mervyn's Store | 70 | feet |
| Ikea Store | 72.5 | feet |
| Bullock's Store | 90 | feet |
| Enclosed Mall | 85 | feet |
| Developer Mall Stores | 85 | feet |
| Developer Non-Mall Stores | | |
| PDA 1 | 30 | feet |
| PDA 2 | 30 | feet |
| PDA 4 | 55 | feet |
| Cultural Facilities | 72 | feet |

There is no maximum height for any building constructed on PDA 3.

# EXHIBIT "D"

# EXHIBIT D

## SIGN CRITERIA

These criteria have been established for the purpose of assuring an outstanding shopping center. Conformance will be strictly enforced; and any installed non-conforming or unapproved signs must be brought into conformance at the expense of the Occupant.

### A. ADMINISTRATION

The Developer is to administer and interpret the criteria, but is not empowered to authorize any departure without the prior written approval of the Parties.

1. Each Occupant shall submit or cause to be submitted to the Developer for approval before fabrication at least three (3) copies of detailed drawings covering the location, size, layout, design and color of the proposed sign, including all lettering and/or graphics, attachment devices, construction and fabrication details.

2. In the event of any conflict of interpretation between any Occupant and the Project Architect, as to the application of these criteria that cannot be satisfactorily resolved, the Project Architect shall submit the design to the Parties; their decision shall be final and binding upon the Occupant.

3. Each sign contractor is to provide written certification to the Developer that the sign installation conforms with all applicable codes and ordinances, and that it has been inspected and approved by the controlling government agency(ies).

4. Each Occupant or its agent shall obtain all permits required for its sign and its installation.

5. Each Occupant shall be responsible for the fulfillment of all requirements and specifications at its sole cost, risk and obligation, and shall be responsible for the actions or failures of its sign contractor.

6. No signs of Occupants (other than Occupants containing at least 35,000 square feet of Floor Area, restaurants

with an exterior entrance containing at least 3,000 square feet of Floor Area and any theaters permitted by the REA) shall be permitted on the exterior of the Developer Mall Stores unless approved in writing by the Parties, which approval may be withheld in each Party's sole discretion.

B. CONSTRUCTION AND DESIGN REQUIREMENTS

1. Total sign area (rectangle enclosing each group of letters, symbols or logos) shall not exceed one (1) square foot of sign area per each lineal foot of Occupant's store frontage, except that in any case the minimum total allowed shall be at least sixteen (16) square feet and in no case may any sign total exceed twenty percent (20%) of the area of the Occupant's store front, nor shall the average height of sign letters exceed two (2) feet. In case of conflict, City requirements shall govern.

2. Length of signs shall not exceed three-quarters (3/4) of the overall store frontage, nor be less than two (2) feet from the neutral strip.

3. All permits for signs and their installation shall be obtained by the Occupant or his representative.

4. No signs perpendicular to the face of the building shall be permitted unless uniformly established by the Project Architect, and as shown on the approved improvement plans, and no signs shall be permitted on the building roofs.

5. Wording of signs shall not include the product except as a part of the Occupant's trade name or insignia.

6. All electrical signs shall bear the UL label, shall be connected to the Occupant's electric service, and their installation must comply with all local building and electrical codes.

7. No exposed conduit, tubing or race-ways will be permitted.

8. No exposed neon tubing shall be used on signs, symbols or decorative elements, unless approved by the Developer. Occupant shall be fully responsible for the maintenance and repair of said neon sign. In the event said neon sign becomes broken or dysfunctional in any fashion, it shall be removed immediately by

the Occupant until such time as the sign is repaired and fully functional. Any temporary signage erected while Occupant's neon sign is being repaired shall conform to this Sign Criteria (Exhibit D).

9. All conductors, transformers and other equipment shall be concealed.

10. All signs, bolts, fastenings and clips shall be of glass, plastic, hot dipped galvanized iron, stainless steel, aluminum, brass or bronze, and no black iron materials of any type will be permitted.

11. All permitted exterior letters or signs exposed to the weather shall be mounted with at least three-quarters of an inch (3/4") clearance from the building wall to permit proper dirt and water drainage, and no letter shall project more than six and three-quarters inches (6-3/4") from the wall face.

12. Location of all openings through building walls for conduit and sleeves in sign panels of building walls shall be indicated by the sign contractor on drawings submitted to the Developer. Sign contractor shall install same in accordance with the approved drawings.

13. No signmaker's labels or other identification will be permitted on the exposed surface of signs, except those required by local ordinance which latter shall be in an inconspicuous location.

14. All penetrations of the building structure required for sign installation shall be neatly sealed in a water-tight condition.

15. Flashing, moving or audible signs will not be permitted.

16. Painted lettering shall not be permitted, except as specified in Articles B-21 and C-2.

17. Occupant shall repair or cause its sign contractor to repair any damage to any work caused by his work.

18. Occupant shall be fully responsible for the operations of Occupant's sign contractors and shall indemnify,

defend and hold the Parties harmless from damages or liabilities on account thereof.

19. All signs shall occur in the signbands or locations shown on the approved final improvements plans.

20. Crests, shields or symbols as required by law (i.e., banks, etc.) will be permitted but shall be limited to six inches (6") high and the center of which shall be five feet (5') above the floor line and shall be in gold or silver leaf or in one (1) color on the glass storefronts only.

21. Decals, gold leaf or white painted lettering shall be permitted on display windows only within the limits set forth herein: one hundred forty-four (144) square inches per entrance in lettering not to exceed two inches (2") in height, indicating hours of business, emergency telephone numbers, ADT stickers, etc.

22. Signs may be of the following types:

(a) Illuminated plastic-faced channel letters or plaques with sheet metal sides and return.

(b) Illuminated logos.

(c) Metal letters, back-lit (halo effect), or non-illuminated.

(d) Veiled neon tubing.

(e) Printed fabrics.

(f) Non-illuminated individual letter signs.

23. The following types of signs are prohibited unless specifically approved in writing by the Developer and by all other Parties on an individual basis, which approval may be withheld in each Party's sole discretion:

(a) Signs employing moving or flashing lights.

(b) Signs employing exposed conduit, conductors, ballast boxes, transformers or other equipment.

(c) Signs employing luminous vacuum formed type plastic letters.

(d) Signs of box or cabinet type employing luminous plastic panels, "plaque" type cabinet signs excepted.

(e) Signs employing unedged or uncapped letters with no returns and exposed fastenings.

(f) No signs will be allowed to become attached to or temporarily placed within display windows except where they are constructed of self-supporting material and are made an integral part of the display in said window.

(g) Pylon signs.

(h) Moving signs.

(i) Paper, cardboard or painted signs.

(j) Audible signs.

(k) Canopy or building roof-top signs.

C. MISCELLANEOUS REQUIREMENTS

1. Signs shall only be permitted within the sign areas as designed by the Project Architect, and as shown on the approved improvement plans.

2. Each Occupant who has a non-customer door for receiving merchandise may have uniformly applied on said door in location, as directed by the Project Architect, in two-inch-high block letters, the Occupant's name and address. Where more than one Occupant uses the same door, each name and address shall be applied. Color of letters will be as selected by the Project Architect.

3. Occupant may install, if required by the U. S. Post Office or the City Fire Department, the numbers only for the street address in exact location stipulated by the Project Architect. Size, type and color of numbers shall be as stipulated by the Project Architect.

4. Floor signs, such as inserts into terrazzo, etc. shall not be permitted.

5. Electrical service to all signs shall be on Occupant's meters and shall be part of Occupant's construction and operation costs.

D. STORES OF MAJORS AND IKEA

1. The provisions of this Exhibit D, except as otherwise expressly provided in this Exhibit D, shall not be applicable to the signs of the Majors and Ikea, it being understood and agreed that the Majors may have their usual signs on their buildings, as the same exist on similar buildings operated from time to time by them in Southern California, and Ikea may have its usual identification sign on its building, as the same exists on similar buildings operated by Ikea in the United States; provided, however, there shall be no pylon signs, roof-top signs, paper, cardboard or painted signs, or signs which are flashing, moving or audible. Entrance signs of the Majors shall be similar to those of the same Majors in other first-class shopping centers in Southern California. Entrance signs to the Floor Area that Ikea shall Operate shall be similar to those of Ikea in other first-class shopping centers in the United States. Entrance signs for any Occupant of Floor Area within the Ikea Store that is not Operated as part of Ikea's business shall conform to Paragraph F below.

2. Nothing herein shall be deemed to prohibit the Majors and Ikea from having identification signs attached to the exterior facades of any mechanical penthouse upon its respective Store, provided that such sign(s) shall not extend higher than the top of such penthouse.

E. COST - MAINTENANCE - REPLACEMENT - REPAIR

Each Occupant shall at its own sole cost, risk, expense and obligation (including without limiting the same) design, construct, install, clean, maintain, replace, repair and refurbish the signs herein required or permitted to be installed.

F. DEVELOPER NON-MALL STORES

The Developer Non-Mall Stores shall be governed by these same criteria with the exceptions that each Developer Non-Mall Store building shall be permitted (i) one (1) monument sign

not exceeding ten feet (10') in height nor eight feet (8') in width, and (ii) one (1) wall-mounted exterior sign not exceeding sixty (60) square feet in area on each wall facing a public street or the Parking Facilities.

# EXHIBIT "E"

# EXHIBIT E

## RULES AND REGULATIONS

A. COMMON AREA.

1. The surface of the Parking Area and sidewalks shall be maintained level, smooth and evenly covered with the type of surfacing material originally installed thereon, or such substitute thereof as shall be in all respects equal thereto in quality, appearance and durability.

2. All papers, debris, filth and refuse shall be removed from the Shopping Center, and paved areas shall be washed, steam cleaned and/or thoroughly swept as required. All sweeping shall be at intervals before the Stores shall be open for business to the public, using motor-driven parking lot vacuum cleaning vehicles where feasible.

3. All trash and rubbish containers located in the Common Area for the use of Permittees shall be emptied daily and shall be washed at intervals sufficient to maintain the same in a clean condition.

4. All landscaping shall be properly maintained, including removal of dead plants, weeds, foreign matter and such replanting and replacement as required.

5. All hard-surfaced markings shall be inspected at regular intervals and promptly repainted as the same shall become unsightly or indistinct from wear and tear, or other cause.

6. All storm drain catch basins shall be cleaned on a schedule sufficient to maintain all storm drain lines in a free-flowing condition and all mechanical equipment related to storm drain and sanitary sewer facilities shall be regularly inspected and kept in proper working order.

7. All paving shall be inspected at regular intervals and maintained in a first-class condition.

8. All stairways shall be: (a) swept and washed at intervals sufficient to maintain the same in a clean condition;

(b) inspected at regular intervals; and, (c) promptly repaired upon the occurrence of any irregularities or worn portions thereof.

9. All glass, plate glass and/or glass-enclosed devices shall be cleaned at intervals sufficient to maintain the same in a clean condition.

10. All surface utility facilities servicing the Common Area, including, but not by way of limitation, hose bibbs, standpipes, sprinklers and domestic water lines, shall be inspected at regular intervals and promptly repaired or replaced, as the occasion may require, upon the occurrence of any defect or malfunctioning.

11. All Common Area amenities, benches and institutional, directional, traffic and other signs shall be inspected at regular intervals, maintained in a clean and attractive surface condition and promptly repaired or replaced upon the occurrence of any defects or irregularities thereto.

12. All lamps shall be inspected at regular intervals and all lamps and ballasts shall be promptly replaced when no longer properly functioning.

13. The improvements on and to the Common Area shall be repaired and replaced with materials, apparatus and facilities of quality at least equal to the quality of the materials, apparatus and facilities repaired or replaced.

14. Omitted.

15. Omitted.

16. The Parties shall use good faith efforts to require their respective Permittees to comply with all regulations with respect to the Common Area, including, without limitation, posted speed limits, directional markings and parking stall markings.

17. With respect to all mechanical and electrical facilities and systems serving the Shopping Center, including, without limitation, the lighting facilities, vertical transportation facilities, and actuated or manually operated doors, Developer shall: (i) inspect the same at regular intervals, and

(ii) promptly repair the same upon the occurrence of any failure, defect or malfunctioning.

18. Omitted.

19. All of the Common Area shall be maintained free from any obstructions not permitted under the Agreement, including the prohibition of the sale or display of merchandise outside the exterior walls of buildings within the Shopping Center, including those within any recessed area, except in areas specifically approved within the Shopping Center for such purposes by the Parties pursuant to the Agreement.

B. FLOOR AREA.

1. All Floor Area, including, without limitation, the vestibules, entrances and returns, doors, fixtures awnings, windows and plate glass of the Stores shall be maintained in a safe, neat and clean condition.

2. All trash, refuse and waste materials shall be regularly removed from the premises of each Occupant of the Shopping Center, and until removal shall be stored (i) in adequate containers, which such containers shall be located so as not to be visible to the general public shopping in the Shopping Center, and (ii) so as not to constitute any health or fire hazard or nuisance to any Occupant.

3. Except as permitted by Section 3.7, neither sidewalks nor walkways shall be used to display, store or replace any merchandise, equipment or devices.

4. No advertising medium, device, instrument or apparatus shall be utilized which can be heard or experienced outside of the respective Stores, including, without limitation, flashing lights, searchlights, loud speakers, phonographs, radios or televisions.

5. No use shall be made of the Shopping Center or any portion or portions thereof which would (i) violate any law, ordinance or regulation, (ii) constitute a nuisance, (iii) constitute an extra-hazardous use, or (iv) violate, suspend or void any policy or policies of insurance on the Stores.

6. Developer shall use good faith efforts to require Occupants of the Developer Tract to cause all trucks servicing the retail facilities of Developer Tract to load and unload prior to the hours of the Shopping Center opening for business to the general public.

C. CONDUCT OF PERSONS.

The Parties hereto do hereby establish the following rules and regulations for the use of roadways, walkways, malls, Automobile Parking Area, and other common facilities provided for the use of Permittees:

1. No Person shall use any walkway, except as a means of egress from or ingress to any Floor Area or Automobile Parking Area within the Shopping Center, or adjacent public streets or such other uses as approved by the Parties. Such use shall be in an orderly manner, in accordance with the directional or other signs or guides. No walkway shall be used for other than pedestrian travel.

2. No Person shall use any Automobile Parking Area except for ingress to, egress from the Shopping Center and for the parking of motor vehicles during the period of time such Person or the occupants of such vehicle are customers or business invitees of the retail establishments within the Shopping Center. Such use shall be in an orderly manner and all motor vehicles shall be parked in an orderly manner within the painted lines defining the individual parking places. During peak periods of business activity, limitations may be imposed as to the length of time for parking use. Such limitations may be made in specified areas. Any such limitations shall be subject to the approval of all of the Parties. Roadways shall not be used at a speed in excess of twenty (20) miles per hour and shall not be used for parking or stopping, except for the immediate loading or unloading of passengers.

3. No Person shall use any utility area, truck court or other area reserved for use in connection with the conduct of business, except for the specific purpose for which permission to use such area is given.

4. No employee of any business in the Shopping Center shall use any area for motor vehicle parking, except the area or areas specifically designated by the Parties for employee parking for the particular period of time such use is to be made. No employer shall designate any area for employee parking, except such area or areas as are designated in writing by the Parties.

5. Unless the following prohibitions are not permitted by law, no Person, without the written consent of the Parties, shall in or on any part of the Common Area:

(a) Vend, peddle or solicit orders for sale or distribution of any merchandise, device, service, periodical, book, pamphlet or other matter whatsoever.

(b) Exhibit any sign, placard, banner, notice or other written material.

(c) Distribute any circular, booklet, handbill, placard or other material.

(d) Solicit membership in any organization, group or association or contribution for any purpose.

(e) Picket, demonstrate or engage in any conduct that might tend to interfere with or impede the use of any of the Common Area by any Permittee, create a disturbance, attract attention or harass, annoy, disparage or be detrimental to the interest of any of the business establishments within the Shopping Center.

(f) Throw, discard or deposit any paper, glass or extraneous matter of any kind, except in designated receptacles, or create litter or hazards of any kind.

(g) Use any sound-making device of any kind or create or produce in any manner noise or sound that is annoying, unpleasant, or distasteful to Occupants or Permittees.

(h) Deface, damage or demolish any sign, light standard or fixture, landscaping material or other improvement within the Shopping Center, or the property of customers, business invitees or employees situated within the Shopping Center.

The listing of the specific items set forth in subparagraphs (a) - (h) above as being prohibited is not intended

to be exclusive, but to indicate in general the manner in which the right to use the Common Area solely as a means of access and convenience in shopping at the retail establishments in the Shopping Center is limited and controlled by the Parties in the Shopping Center.

Any Party shall have the right to remove or exclude from or to restrain (or take legal action to do so) any unauthorized person from, or from coming upon, the Shopping Center or any portion thereof, and prohibit, abate and recover damages arising from any unauthorized act, whether or not such act is in express violation of the prohibitions listed above. In so acting, such Party is not the agent of other Parties or Occupants of the Shopping Center, unless expressly authorized or directed to do so by such Party or Occupant in writing.

# EXHIBIT "F"

# EXHIBIT F

## SCOPE OF DEVELOPMENT

### I. SITE DESCRIPTION

The Site includes approximately 41.97 acres and is generally located at the southwest corner of Third Street and Burbank Boulevard, adjacent to the Golden State Freeway. The Site is illustrated on the Site Map and more particularly described in the legal description (Attachment Nos. 1A and 1B(.

### II. DEVELOPMENT OF THE SITE

The Site shall be designed and initially developed as the Phase 1 Regional Center (see Section 216 of the DDA). Developer's PDA and Amended PDA shall describe the architectural character and materials of building and site improvements in sufficient detail to allow for evaluation of the Project's approximate value and quality. The development of the Site shall be consistent with the General Finish Criteria described in Section III-C hereof.

### III. DEVELOPER'S RESPONSIBILITIES

Developer shall be obligated to complete or cause the completion of the following by the respective times established therefor in the Schedule of Performance (Attachment No. 3):

A. Project Description

| Type of Development | Approximate Square Footage (Not including any unused and unfurnished space) |
|---|---|
| **Phase 1A** | |
| Ikea Store | 240,000 sq.ft. |
| Parking Facilities No. 3 | Not Applicable |
| **Phase 1B** | |
| Regional Center: | |
| Mervyn's Store | 86,000 sq. ft. |
| Sears Store | 130,000 sq. ft. |
| Level One Retail Use (see Section 216) | 50,000 sq. ft. |
| Developer Mall Stores (excludes four-plex theater) | 243,000 sq. ft. |
| Four-plex Theater | 14,000 sq. ft. |
| Community Building Museum or Cultural Facility | 12,500 sq. ft. |
| Parking Facilities Nos. 1 and 2 | Not Applicable |
| **Phase 1C** | |
| Office Space - Parcel 2 | 170,000 sq. ft. |
| Ground Floor Restaurant and Retail - Parcel 2 | 12,000 sq. ft. (with up to 8,000 sq. ft. allowed to be dedicated to restaurant use) |
| Office Space - Parcel 3 | 190,000 sq. ft. |
| Hotel - Parcel 3 | 300 rooms |
| Ground Floor Restaurant and Retail - Parcel 3 - Hotel | 10,000 sq. ft. |
| Ground Floor Restaurant and Retail - Parcel 3 - Office | 10,000 sq. ft. (with 2,000 sq. ft. allowed to be dedicated to restaurante use) |
| **Phase 1D** | |
| Office Space - Parcel 4 | 320,000 sq. ft. |
| Office Space - Parcel 5 | 330,000 sq. ft. |
| Ground Floor Restaurant and Retail - Parcel 4 - Restaurant | 4,000 sq. ft. |
| Retail | 16,000 sq. ft. |
| Ground Floor Restaurant and Retail - Parcel 5 | 24,000 sq. ft. (with 8,000 sq. ft. allowed to be dedicated to restaurant use) |
| Free Standing Restaurant - Parcel 4 | 8,000 sq. ft. |
| **Phase 2** | |
| Future Department Store or Office Space | 240,000 sq. ft. |
| Office Space | 300,000 sq. ft. |
| Developer Mall Stores, if Future Department Store is under construction | up to 66,000 sq. ft. |

The above-described improvements are, for purposes of this Scope of Development (Attachment No. 4 to the DDA) hereinafter collectively referred to as the "Developer Improvements".

Developer shall be obligated to provide parking on the Site in conformity with the Redevelopment Plan and the PDA, including, without limitation, regulations as to the size of spaces, the parking ratios, the percentage of compact spaces allowed, paving materials and striping.

The location of the Developer Improvements shall be generally within the areas designated therefor on the Illustrative Site Plan attached to this Scope of Development as Exhibit B.

Agency agrees to consider in good faith reasonable requests by Developer to amend the provisions of the Scope of Development and the other more detailed plans to be submitted hereafter in accordance with this Agreement.

Developer's other responsibilities with respect to on- and off-site improvements shall be set forth in Exhibit A to this Scope of Development.

B. Landscaping

Developer shall provide all on-site landscaping. The design for such landscaping shall be subject to Agency's reasonable approval. All landscaping shall be integrated and coordinated among development parcels. Landscaping includes such materials as plant materials, landscape containers, soil, soil preparation materials, irrigation systems, ambient lighting fixtures and water elements such as pools or fountains. Building pads and parking areas in Phases 1C, 1D and 2 shall be temporarily landscaped pending construction of improvements if construction does not proceed concurrently with Phases 1A and 1B.

San Fernando Boulevard from Burbank Boulevard will be the main street that will lead directly into the center of the Project. For this reason, this portion of San Fernando Boulevard will receive a special paved treatment consisting of gray-green with classic grey release colored concrete with embossed and/or a textured pattern. Sidewalks will also receive special treatment. The east/west street entrances at intersections of Grinnell, Cypress and San Jose along Third and First Street also shall receive this special textured treatment.

Extensive landscaping is proposed throughout the Site including the public rights-of-way (sidewalks). A special landscaping treatment is being proposed along Magnolia Boulevard, whereby the landscaping will have a meandering theme with terraces, different plant and tree material and clustering of trees.

C. Phase 1 and Phase 2 Regional Mall - General Finish Criteria

Exterior Facades and Streetscapes

Finishes:

Pedestrian walkway paving shall consist of integral colored concrete with textural, and stone or clay paver, accentuation.

Vertical finishes at entries shall consist of natural stone (i.e., granites, marble or sandstone) at "base" elements, articulated cement plaster at upper elements, transparent glazing, and ornamental metals, (i.e., stainless steel, brass, or bronze) at railings and entrance doors.

Interior Public Areas

Finishes:

Flooring material shall consist of a good quality quarry or porcelain/ceramic tile field with natural stone (i.e., granite, marble or equal) or terrazzo, accents. High quality carpeting may be utilized in limited areas for acoustical treatment and to develop the "room" concept of interior mall spaces.

Bulkheads and soffits at floor openings and within skylight wells shall be constructed of articulated planes of gypsum wallboard.

Columns shall be finished with wainscots and bases of materials used in flooring and gypsum board shafts and, where appropriate, capitals. Ornamental metal or hardwood details may be incorporated for articulation.

Ceilings shall consist of textured concealed spline or articulated tegular, acoustic tile, or acoustical plaster, and gypsum board.

Skylights shall be clear or translucent modular acrylic or glass systems. Longer span non-modular systems may be incorporated at courts or focal areas. Primary structural framing shall be finished in gypsum board. Alternative methods of natural lighting may be utilized subject to the reasonable approval of Agency/City Staff.

Railings to be predominantly cantilevered glass with ornamental metal (i.e., stainless steel, brass or bronze) top rail and intermittent accent panels.

Neutral strips between tenant storefronts shall consist of hardwood mill-work, molded ornamental fiber reinforced gypsum fabrications, prefinished metal or similar durable construction. Base shall be of material used in flooring.

Lighting:

Ambient lighting shall consist of recessed downlights located in ceilings.

In addition to ambient lighting, task and accent lighting systems shall be utilized to accentuate focal elements, provide specular accents, and create variations in ambience between spaces.

Vertical Conveyance:

Escalator rails are to be finished in ornamental metals (i.e., stainless steel, brass and bronze) and glass.

The public elevator cab shall be finished consistent with wall and floor finishes used elsewhere in the mall.

Mall Furnishings:

Planter pots, trash receptacles and ash urns shall be coordinated in appearance and shall be fabricated of decorative fiberglass, clay, fiber reinforced concrete or other durable materials.

Mall seating shall consist of hardwood, metal, fiber reinforced concrete or other durable materials.

Other furnishings and directories shall be consistent in quality and appearance with the character established for the mall decor.

Storefronts:

Tenant storefront finishes shall be of durable materials consistent with the quality established for the mall and shall be reviewed by the project architect prior to submittal to Plan Check.

The foregoing criteria are intended to establish a standard of quality for the mall consistent with that found in the Crystal Court Mall at South Coast Plaza. Alternative materials, systems and approaches shall be permitted, subject to the reasonable approval of Agency/City staff, provided such alternatives are consistent with the overall standard of quality and design character of the mall as established herein.

## IV. AGENCY RESPONSIBILITIES

Agency is responsible for those public improvements specifically identified as the obligation of Agency in Exhibit A to this Scope of Development.

## V. EASEMENTS

Agency and Developer shall grant and permit all necessary and appropriate easements and rights for development on and off the Site including, but not limited to, temporary construction easements and rights of vehicular access, pedestrian access, parking, structural support, sanitary sewers, storm drains, water, electrical and communications utilities, natural gas, etc.

# SCOPE OF DEVELOPMENT

## I. DEFINITIONS

### A. ON-SITE IMPROVEMENTS

On-Site Improvements shall include all work occurring within the boundaries as illustrated in Exhibit C to this Scope of Development, except as provided in Section I.C. of this Exhibit and for the following:

1. On-Site Improvements not for the exclusive benefit of the Project ("On-Site Shared Improvements"), including water, power, sewer, storm drain, gas, cable TV, and telephone utilities. Developer shall contribute a pro-rata share of the costs associated with On-Site Shared Improvements, provided a portion of said improvements serve the Project.

2. On-Site remedial work necessary to deliver a Site free of Hazardous Materials, including removal of any contaminated soils, subject to Section 410 of this Agreement.

### B. OFF-SITE IMPROVEMENTS

Off-Site Improvements shall include all work occurring outside the boundaries as illustrated in Exhibit C to this Scope of Development, items 1 and 2 enumerated above, and all other Off-Site Improvements necessary to serve the Project in order to create a first class retail/office/hotel development. Off-Site Improvements for the exclusive use of the Project shall be brought to the "Boundary Line". More specifically, Off-Site Improvements shall include, but are not limited to, the following:

1. Water: New water mains, fire hydrants and laterals with gate valves brought to the Boundary Line. Location of laterals shall be located as required by Developer's building plans.

2. Reclaimed Water: New reclaimed water mains and laterals with gate valves brought to the Boundary Line. Location of laterals shall be located as required by Developer's building plans.

3. Power: New 12 KV underground line, including all Off-Site distribution costs, and all Off-Site aid-in-construction charges.

4. Storm Drain: New underground pipe system, inlets, and lift stations, if necessary. Pipe for the exclusive use of the project shall be brought to the Boundary Line. On-Site Storm Drain pipe for the non-exclusive use of the Project shall be located in recorded easements. Locations of tee, wye or other fittings for Developer tie-in shall be located as required by Developer's building plans.

5. Sewer: New underground pipe system and lift stations, if necessary. Pipe for the exclusive use of the project shall be brought to the Boundary Line. On-Site sewer pipe for the non-exclusive use of the Project shall be located in recorded easements. Locations of wye or other fittings for Developer tie-in shall be located as required by Developer's building plans.

6. Gas: New gas mains and services brought to the Boundary Line. Location of service laterals shall be located as required by Developer's building plans.

7. Cable TV: New service brought to the Boundary Line. Location of individual services shall be located as required by Developer's building plans.

8. Telephone: New service brought to the Boundary Line. Location of individual services shall be located as required by Developer's building plans.

9. Streets: New street improvements shall include paving, curbs, gutters, inlets, sidewalks, trees and landscape, irrigation, lighting, signalization, seating, bus stop enclosures and signage.

10. EIR: Additional improvements required under CEQA as mitigation measure or other required items.

C. ABANDONMENT, RELOCATION AND REMOVAL OF EXISTING ON-SITE IMPROVEMENTS AND UTILITIES

1. Abandonment of existing operative on-site improvements and utilities necessary to accommodate the Project, including water, power, sewer, storm drain, gas, cable television, telephone, public streets, and traffic signals shall be considered Off-Site Improvements.

2. Relocation of existing on-site improvements and utilities necessary to accommodate the Project, including water, power, sewer, storm drain, gas, cable television, telephone, public streets, and traffic signals shall be considered Off-Site Improvements.

3. Demolition and removal of on-site improvements and utilities that are abandoned and/or relocated shall be considered On-Site Improvements. Developer may elect to leave abandoned utilities in place with the reasonable consent of the City.

D. BOUNDARY LINE

Boundary Lines shall be property lines or right of way lines as adjusted or created for the Project.

II. DEVLOPER'S RESPONSIBILITIES

Developer shall be responsible for designing, financing and constructing all On-Site Improvements in Phases 1A, 1B, 1C, 1D and 2. Developer shall be responsible for constructing Phase 1A and 1B Off-Site Improvements at Agency's sole cost and expense. Cost of Off-Site Improvements shall include construction management. Developer shall contribute an amount not to exceed $150,000.00 to the cost of Off-Site Improvements to be applied to the relocation of the existing sewer within Parcel 1A and to the abandonment and relocation of existing operative on-site improvements and utilities as the sole contribution to the cost of Off-Site Improvements.

III. AGENCY'S RESPONSIBILITIES

Agency shall be responsible for designing and financing all Off-Site Improvements, including On-Site Shared Improvements, as follows:

A. PHASE 1A

1. Utilities: All utilities necessary to serve IKEA and Parking Facilities No. 3.

2. Streets:

a. San Fernando Blvd. from Burbank Blvd. to First Street/Grinnell Avenue

b. First Street from Magnolia Blvd. to San Fernando Blvd.

c. Burbank Blvd. from northbound I-5 Off-ramp to San Fernando Blvd.

d. Grinnell Avenue from San Fernando Blvd. to Third Street

e. Traffic Signals on above streets.

B. PHASE 1B

1. Utilities: All utilities necessary to serve Mervyn's, Sears, Level One Retail Use, mall stores, street retail shops and restaurants, community building and Parking Facilities Nos. 1 and 2.

2. Streets:

a. Third Street from Burbank Blvd. to Magnolia Blvd.

b. Magnolia Blvd. from First Street to Third Street

d. Traffic Signals on above streets.

C. PHASE 1C, 1D and 2 (Construction by Agency)

1. Utilities: All utilities not completed in Phases 1A and 1B.

2. Streets: Completion of street improvements and traffic signals not completed in Phases 1A and 1B.

## SCHEDULE OF PERFORMANCE

I. GENERAL PROVISIONS:

1. Submittal of PDA and Amended PDA Plans and Drawings

| | | |
|---|---|---|
| A. | Developer shall prepare and submit PDA application consistent with Basic Concept Drawings and the Scope of Development. | Completed |
| B. | Developer shall prepare and submit the Amended PDA Application consistent with Basic Concept Drawings and the Scope of Development. | Completed |

2. Approval of PDA and Amended PDA Plans and Drawings and FSEIR

| | | |
|---|---|---|
| A. | City shall approve PDA application and approve the FSEIR and introduce the PDA and Development Agreement Ordinance. | Completed |
| B. | City shall adopt PDA and Development Agreement Ordinance. | Completed |
| C. | City shall approve the Amended PDA Application and introduce the Amended PDA and Amended Development Agreement Ordinance | Not later than September 18, 1990 |
| D. | City shall adopt the Amended PDA and Amended Development Agreement Ordinance | Not later than September 25, 1990. Said Ordinance shall become effective thirty (30) days thereafter. |

3. Approval and Execution of Agreement

| | |
|---|---|
| The Agency shall approve and execute this Agreement, and shall deliver five (5) copies thereof to the Developer. | Not later than Effective Date |

SCHEDULE OF PERFORMANCE

| | | |
|---|---|---|
| 4. | Filing of Notices of Determination for FSEIR | |
| | The Agency and the City shall file Notices of Determination for the FSEIR with the County Recorder. | Completed |
| 5. | Development Sign | |
| | Developer places Development/Leasing sign on the Site. | Completed |
| 6. | Submittal of Parcel Map | |
| | Developer shall prepare and submit a tentative parcel map to the City for processing. | Completed |
| 7. | Approval and Recordation of Parcel Map | |
| | The City shall approve and Developer shall record the parcel map. | On or before April 1, 1991 |
| 8. | Submittal of Final Construction Drawings | |
| | Developer shall prepare and submit to the City final construction drawings consistent with Basic Concept Drawings, Scope of Development and PDA in separate packages as follows: | |
| | a. Demolition and Rough Grading | Completed |
| | b. Phase IA - IKEA (submitted by IKEA) | Completed |
| | c. Phase IA - Parking Structure No. 3 | Completed |
| | d. Phase IA - Site Work | Completed |
| | e. Parking Structure Nos. 1 and 2 | Completed |
| | f. Mall Building | Completed |
| | g. Phase I Sears (submitted by Sears) | Completed |

| | | |
|---|---|---|
| h. | Phase IB - Site Work | Completed |
| i. | Mervyn's (submitted by Mervyn's) | Completed |
| j. | Phase IC (submitted by Non-retail Developer) | |
| | 1. 170,000 s.f. Office-Parking Structure-Site Work | Not later than October 31, 1992 |
| | 2. 190,000 s.f. Office-Parking Structure-Site Work | Not later than October 31, 1991 |
| | 3. Hotel | Not later than October 1, 1991 |
| k. | Phase ID (submitted by Non-retail Developer) | |
| | 1. 330,000 s.f. Office-Parking Structure-Site Work<br>or<br>2. 320,000 s.f. Office-Parking Structure-Site Work | Not later than June 30, 1996 |
| | 3. Whichever of k1 or k2 not previously submitted. | Not later than June 30, 1998 |
| l. | Phase II Mall Building | Not later than May 30, 1991 |
| m. | Bullock's (submitted by Bullock's) | Not later than April 15, 1991 |
| | The City shall cooperate with the Developer and Non-retail Developer in the consideration and issuance of incremental building permits. | |
| 9. | Initial Plan Check of Final Construction Drawings | |
| | The City shall use its best efforts to complete initial plan check for each separate package, with reasonable assistance from Agency. | Within 30 days of receipt of Phase IA submittals and within 45 days of receipt of subsequent submittals. |
| a. | The City shall use its best efforts to complete initial plan check for Mall tenant improvements for each separate package with reasonable assistance from Agency. | Within 15 days of receipt of submittals |

| | | |
|---|---|---|
| 10. | Plan Check Corrections and Resubmittals | |
| | Developer shall revise final construction drawings to incorporate initial plan check corrections and resubmit to the City. | Within 15 days of receipt of initial plan check corrections of Phase IA submittals and within 21 days of receipt of subsequent plan of check corrections. |
| 11. | Second Plan Check of Final Construction Drawings | |
| | The City shall use its best efforts to complete the second plan check for each separate package, with reasonable assistance from Agency. Any further resubmittals shall be governed by the same time frames until final City approval is obtained. | Within 15 days of receipt of all submittals |
| | a. The City shall use its best efforts to complete the second plan check for each separate mall tenant improvement package with reasonable assistance from Agency. | Within 5 days of receipt of submittals |
| 12. | Final City Approval and Issuance of Building Permits | |
| | Developer shall obtain, with reasonable assistance from Agency, all building permits and other permits for each separate package needed to commence construction of the Project. | Within 7 days of receipt of final City approval |
| 13. | Completion of Final Off-Site Construction Drawings | |
| | The Agency shall prepare and complete final off-site construction drawings consistent with Basic Concept Drawings, Scope of Development, PDA and Amended PDA. | Not later than February 1, 1991 |
| 14. | Bidding, Plan Check, Permits and Easements for Off-Site Construction necessary Phases IA and IB | |

| | |
|---|---|
| Agency, with reasonable assistance from the City and Developer, shall use its diligent efforts to approve Developer obtained bids for construction, process Off-Site construction drawings through appropriate City, County and State agencies, and obtain all permits and easements needed to commence construction of the Off-Site Improvements for Phases IA and IB. | Not later than April 1, 1991 |

II. DISPOSITION OF INTERESTS IN THE SITE

1. Developer's Deposit

| | |
|---|---|
| The Developer shall deliver to the Agency the deposit. | Completed |

2. Site Lease

| | |
|---|---|
| The Developer and Agency shall execute the Site Lease and deliver same to Escrow Agent. | Completed |

3. IKEA Lease

| | |
|---|---|
| The Agency and IKEA shall execute the IKEA Lease and deliver same to Escrow Agent. | Completed |

4. Sears and Mervyn's Subleases

| | |
|---|---|
| Developer shall execute and deliver to Escrow Agent the Sears Lease and the Mervyn's Lease. | Completed |

5. Bullock's Sublease

| | |
|---|---|
| Developer shall execute and deliver to Escrow Agent the Bullock's Sublease. | On or before September 18, 1990 |

6. REA

| | |
|---|---|
| Developer shall execute and deliver to Escrow Agent the REA with Mervyn's, Sears and IKEA. | Completed |

SCHEDULE OF PERFORMANCE

| | | |
|---|---|---|
| 7. | Amended REA | |
| | Developer shall execute and deliver to Escrow Agent the Amended REA with Mervyn's, Sears, Bullock's and IKEA | On or before September 18, 1990 |
| 8. | Parcel Map | |
| | The Agency shall deposit the parcel map into escrow, if legally required. | Not required for disposition of interests in the Site |
| 9. | Off-Site Improvement Budget | |
| | The Agency shall provide Developer with a written budget in connection with the Office-Site Loan. | Completed |
| 10. | Promissory Note - Off-Site Loan | |
| | The Agency shall execute and deliver to Escrow Agent a Promissory Note evidencing the Off-Site Loan. | Completed |
| 11. | Promissory Note - Phase 2 Loan | |
| | The Agency shall execute and deliver to Escrow Agent a Promissory Note evidencing the Phase 2 Loan. | Completed |
| 12. | Promissory Note - Bullock's Loan | |
| | The Agency shall execute and deliver to Developer a Purchase Money Note. | On or before the Closing Date |
| 13. | Conveyance of Title (Close of Escrow) | |
| | The Agency shall convey title and deliver possession of the Site to Developer, IKEA, Mervyn's, and Sears. | Completed |
| | Developer shall convey title and deliver possession of the Bullock's portion of the Site to Bullock's. | On or before November 3, 1990 |
| 14. | Vacation of Easements | |
| | The City shall vacate those portions of public rights-of-way and easements within the Site. | On or before February 25, 1991. |

SCHEDULE OF PERFORMANCE

III. CONSTRUCTION PHASE

| | | |
|---|---|---|
| 1. | Commencement of Construction | |
| | Developer shall commence construction of On-Site and Agency shall commence construction of Off-Site Improvements. | Completed |
| 2. | Relocation of 24" Sewer | |
| | City, Agency and Developer shall use their best efforts to reroute existing 24" sewer so that Developer may complete the mall building foundations. | Not later than Effective date. |
| 3. | Completion of Phase IA of the Project | |
| | Developer shall substantially complete the construction of the On-Site and Agency shall substantially complete the construction of Off-Site Improvements in Phase IA of the Project. | On or before November 7, 1990 |
| 4. | Completion of Phase IB of the Project | |
| | Developer shall substantially complete the construction of the On-Site and Agency shall substantially complete the construction of Off-Site Improvements in Phase IB of the Project. | On or before August 21, 1991 |
| 5. | Completion of Phase II of the Project | |
| | Developer shall substantially complete construction of the On-Site, and Agency shall substantially complete construction of the Off-Site Improvements in Phase II of the Project. | September 9, 1992 |
| 6. | Completion of Phase IC on Parcel 3 of the Project | |
| | Non-retail Developer shall substantially complete the construction of the On-Site Improvements in Phase IC on Parcel 3 of the Project. | On or before April 1, 1993 |

SCHEDULE OF PERFORMANCE

| | | |
|---|---|---|
| 7. | Completion of Phase IC on Parcel 2 | |
| | Non-retail Developer shall substantially complete construction of the on-site Improvements on Parcel 2 of Phase IC of the Project. | On or before April 1, 1994 |
| 8. | Completion of Phase ID of the Project | |
| | Non-retail Developer shall substantially complete the construction of the On-Site Improvements in Phase ID of the Project as follows: | |
| | a. 330,000 s.f. Office | On or before December 31, 1997 |
| | or | |
| | b. 320,000 s.f. Office | |
| | c. Whichever of 8a or 8b is not completed. | On or before December 31, 1999 |
| 9. | Completion of Phase IC and ID Off-Site Improvements | |
| | The Agency shall substantially complete the construction of the Off-Site Improvements in Phase IC and ID of the Project. | On or before December 31, 1994-1997 |
| 10. | Certificate of Completion | |
| | The Agency shall issue Certificates of Completion for each portion of Project when complete and a final Certificate of Completion for the Site upon completion of all construction as set forth in the Scope of Development. | Within 21 days of written request of Developer |

It is understood that the foregoing Schedule of Performance is subject to all of the terms and conditions set forth in the text of the Agreement. The summary of the items of performance in this Schedule of Performance is not intended to supersede or modify the more complete description in the text; in the event of any conflict or inconsistency between this Schedule of Performance and the text of the Agreement, the text shall govern.

# EXHIBIT B

## PLOT PLAN

# FIRST AMENDMENT TO SUBLEASE

The parties to this First Amendment to Sublease (the "Amendment") are HAAGEN-BURBANK PARTNERSHIP, a California general partnership, (the "Lessor") and SEARS, ROEBUCK AND CO., a New York corporation (the "Lessee").

W I T N E S S E T H:

WHEREAS, The Redevelopment Agency of the City of Burbank, a public body, corporate and politic ("Owner") is the owner of the Shopping Center Site and Owner as lessor and Lessor as lessee have entered into a lease ("Site Lease") of the "Land" dated as of November 15, 1989.

WHEREAS, Lessor and Lessee entered into a written Sublease dated November 15, 1989 (the "Lease") for the lease of the Sears Tract in Media City Center, located in Burbank, California.

WHEREAS, Lessor and Lessee desire by this Amendment to amend the Lease as hereinafter provided.

NOW THEREFORE, in consideration of the mutual agreements herein contained, the parties hereby agree as follows:

1. The Site Plan attached to the Lease as Exhibit "A-1" is hereby substituted with the Site Plan revised as of October 29, 1990 attached hereto. Effective as of the date of this Amendment, all references to the Site Plan in the Lease shall refer to the Site Plan attached hereto as Exhibit "A-1".

2. The reference to Section 2.2 in the definition of "Term" in Section 1.2 of the Lease is hereby amended to refer to Section 2.3.

3. The parties hereto acknowledge and agree that the REA has been superseded by that certain First Amended and Restated Construction, Operation and Reciprocal Easement Agreement entered into by and among Lessor, Lessee, Mervyn's, Ikea and Bullock's Properties Corp., a Delaware corporation ("Amended REA") and all terms, conditions and provisions of the Lease shall be deemed to apply to the Amended REA and all such terms, conditions and provisions of the Lease are hereby incorporated herein by this reference as though fully restated therein except that all references to the REA in the Lease shall refer to the Amended REA.

4. Any capitalized term not otherwise defined herein shall have the meaning given such term in the Lease.

5. Except as herein modified, the Lease shall remain unchanged and in full force and effect.

6. The provisions contained herein shall bind and inure to the benefit of the successors to the parties hereto.

This Amendment has been entered into as of December 6, ~~OCTOBER 24~~, 1990.

Including surface mounted lights, restroom fixtures, sconces, hanging lights, office lights, etc. Required permits must be obtained and any replacements/upgrades must be installed according to current building codes. |
| | Building cleaning (Interior) | | X | | |
| | Grease trap - cleaning | | X | | |
| | Facility Cleaning due to unusual circumstances and weather (Interior) | | X | | Includes debris within the building such as windstorm debris, etc. |
| | | | | | |
| | | | | | |

** **Annual inspections, maintenance, and maintenance coordination managed by Sublessee/City**

**EXHIBIT E**
**INTERNAL RISK MANAGEMENT POLICIES**

## ALCOHOL-RELATED RISK MANAGEMENT POLICY

### I. Purpose:

The purpose of this Alcohol-Related Risk Management Policy is to establish clear, enforceable procedures governing the possession, service, and consumption of alcoholic beverages on the premises of The Colony Theatre Company ("Theatre") in order to:

- Ensure compliance with applicable local, state, and regulatory laws, including the California Department of Alcoholic Beverage Control (ABC);
- Minimize the risk of personal injury, property damage, and liability arising from alcohol-related conduct;
- Establish operational safeguards to protect patrons, employees, and the public from alcohol-related harm or disorder; and,
- Uphold the standards of professionalism and safety expected of a public nonprofit arts institution operating in a municipally owned facility.

This policy applies to all individuals and entities operating under the Theatre's authority, including employees, contractors, volunteers, event renters, vendors, and guests.

### II. Policy Scope and Applicability:

This Alcohol-Related Risk Management Policy applies to all events, programs, and activities conducted on the premises of the Theatre, operated directly by the Theatre. It governs all forms of alcoholic beverage service, consumption, possession, and distribution in connection with the Theatre's direct operations.

1. **Legal and Regulatory Applicability.**
   This policy operates in parallel with and is subordinate to applicable laws and regulations including:
   - California Business and Professions Code § 23000 et seq. (Alcoholic Beverage Control Act)

- The rules and licensing requirements of the California Department of Alcoholic Beverage Control (ABC)
- The municipal code, ordinances, and facility-use regulations of the City of Burbank
- All conditions or limitations imposed under the Theatre's ABC licenses, catering permits, or one-day authorizations

No person or entity may engage in alcohol-related activity on Theatre premises except in strict compliance with this policy and all applicable legal requirements.

## III. Statement of Policy:

The Theatre is committed to ensuring that any service, possession, or consumption of alcoholic beverages in connection with its operations occurs in a lawful, safe, controlled, and professionally managed environment. The Theatre recognizes that alcohol service, while permissible under certain conditions, carries elevated risk for personal injury, impaired behavior, property damage, regulatory violations, and civil liability. Accordingly, it is the formal policy of the Theatre that:

1. **No Alcohol Shall Be Served, Distributed, or Consumed on Theatre Premises Except Pursuant to Proper Authorization and Full Compliance with This Policy.**

2. **All Alcohol Service Must Be Conducted in Accordance with Applicable ABC Licenses or Permits.**
   - The Theatre shall obtain, maintain, and enforce the terms of any permanent, temporary, or special event license issued by the California Department of Alcoholic Beverage Control (ABC).
   - Alcohol may only be served by personnel who possess current Responsible Beverage Service (RBS) certification as required under California law.
   - Alcohol Service shall not be provided after intermission.

3. **Consumption of Alcohol Is Strictly Limited to Designated Events and Approved Areas.**
   - Alcoholic beverages may only be consumed in areas explicitly authorized by the Theatre and designated under the applicable license.
   - Open containers are prohibited in backstage areas, technical booths, offices, dressing rooms, and other restricted spaces unless specifically approved.

4. **Age Verification Is Mandatory and Non-Waivable.**
    - All individuals consuming or in possession of alcohol must be 21 years of age or older.
    - Government-issued photo identification shall be required and verified for every individual served alcohol, regardless of age appearance, unless part of a controlled, ticketed private event where age has been pre-screened.

5. **Alcohol Service Shall Be Denied to Intoxicated Persons.**
    - Any person who appears visibly intoxicated or is observed engaging in disruptive, unsafe, or inappropriate behavior shall be refused service and may be asked to leave the premises.
    - Theatre staff and contractors have full discretion to discontinue service and initiate patron removal or law enforcement intervention as necessary.

6. **Event Hosts Must Comply with All Provisions of This Policy.**
    - All facility licensees, renters, or co-hosting organizations authorized by the Theatre to serve or permit alcohol must:
        - Obtain their own ABC license or use a licensed caterer;
        - Name The Colony Theatre Company Inc. and the City of Burbank as additional insureds, binding, and valid insurance policies in the limits required by the Theatre and the City;
        - Execute an alcohol compliance addendum and indemnification agreement.

7. **Theatre Employees and Volunteers Are Prohibited from Consuming Alcohol While On Duty.**
    - No Theatre personnel may consume or be under the influence of alcohol while performing official duties or while responsible for public or backstage safety, regardless of the event context.

8. **All Violations Will Be Treated as Grounds for Immediate Corrective Action.**
    - Any individual or group found in violation of this policy shall be subject to disciplinary measures, removal from the premises, cancellation of privileges, and, where applicable, civil or criminal referral.

      This policy is intended to ensure legal compliance, risk containment, and a safe environment for all Theatre stakeholders, consistent with the

expectations of the City of Burbank and applicable public safety authorities.

## IV. Operational Procedures and Controls:

To ensure the lawful and responsible handling of alcoholic beverages, the Theatre shall implement and enforce the following operational procedures and internal controls. These procedures apply to all events hosted directly by the Theatre at which alcohol is served, consumed, or distributed.

### A. Licensing and Permitting Requirements

#### 1. ABC Licensure.

- Alcoholic beverage service shall not occur on the premises unless covered by an active, valid license or permit issued by the California Department of Alcoholic Beverage Control (ABC).
- The type of license (e.g., permanent license, daily license, special one-day permit, catering authorization) shall correspond precisely to the nature and scope of the planned event.

#### 2. Documentation.

- Copies of ABC licenses and event-specific alcohol authorizations shall be posted at all service locations during events and retained in the Theatre's administrative files for no less than three (3) years.

### B. Responsible Beverage Service (RBS) Certification

#### 1. Training Requirement:

- All individuals serving alcohol must possess current Responsible Beverage Service (RBS) certification from a provider authorized by the California ABC under AB 1221.

#### 2. Proof of Certification:

- RBS certification numbers and expiration dates shall be documented in the Theatre's personnel or vendor records prior to any assignment involving alcohol service.

#### 3. Renewal Tracking:

- Certification shall be renewed every three (3) years or as otherwise required by law. The Theatre shall monitor and enforce renewal deadlines.

## C. Identification and Age Verification

### 1. Valid ID Required:

- Alcohol may only be served to individuals presenting a valid, government-issued photo ID confirming that the individual is at least 21 years of age. Acceptable forms include a driver's license, state-issued ID card, military ID, or passport.

### 2. No Exceptions Permitted:

- Staff are not authorized to waive ID requirements, regardless of the age appearance or familiarity of the individual.

## D. Control of Service and Consumption Areas

- Alcohol may only be served and consumed within designated areas approved by the Theatre and permitted under the ABC license. These areas must be clearly marked and supervised.

## E. Security, Monitoring, and Patron Conduct

### 1. Event Monitoring:

- Designated staff shall be present during all events involving alcohol to monitor patron behavior, ensure compliance with service rules, and respond to incidents as needed.

### 2. Intoxication Protocol:

- If a patron appears intoxicated or engages in unsafe, disruptive, or inappropriate behavior:
  - Alcohol service to that individual shall be immediately terminated.
  - The individual may be asked to leave the premises.
  - If necessary, law enforcement shall be contacted to ensure safe removal.

### 3. Incident Reporting:

- All alcohol-related incidents must be documented in an Incident Report Form and submitted to the Theatre management within 24 hours. Reports shall include a description of the incident, involved parties, witnesses, and any corrective actions taken.

## V. Documentation and Enforcement:

### A. Recordkeeping

1. **Alcohol File:**
   The Theatre shall maintain the following documents:
   - A copy of the ABC license or permit
   - Certificate(s) of insurance and endorsements
   - Incident reports, if any, generated in connection with the event

2. **Retention Period:**
   All documentation related to alcohol service shall be retained for a minimum of five (5) years or longer if required by law, insurance obligations, or pending litigation.

3. **Audit and Review:**
   Files shall be subject to periodic internal audit by the Theatre management to ensure ongoing compliance with this policy.

### B. Enforcement and Violations

1. **Immediate Remedial Action:**
   Any observed or reported violation of this policy including unauthorized service, failure to check identification, lack of proper licensure, or service to an intoxicated individual shall result in immediate corrective action, including potential termination of the event. In enforcing this policy, Theatre management shall consider the nature of the violation, actual harm caused, the individual's role, and whether prompt corrective action was taken.

2. **Loss of Facility Use Privileges:**
   Any person found in violation of this policy may be barred from future use of the Theatre facility, at the sole discretion of Theatre management and in consultation with legal counsel, where appropriate.

3. **Disciplinary Action Against Personnel:**
   Employees or volunteers who violate this policy are subject to disciplinary action up to and including immediate termination of employment or service, particularly where violations involve breach of licensing law, endangerment, or failure to enforce age restrictions.

4. **Law Enforcement Referral:**
   Any incident involving suspected illegal conduct, service to minors, or disorderly conduct resulting in public safety concern shall be referred to the Burbank Police Department or other relevant authority.

## VI. Training and Compliance Monitoring:

The Theatre shall implement ongoing compliance monitoring to ensure that all individuals involved in alcohol service, supervision, or event oversight are properly educated in the requirements of this policy and the applicable provisions of California law.

### A. Mandatory Training for Personnel

#### 1. Responsible Beverage Service (RBS) Training:

- All individuals who serve alcohol, manage bar operations, or supervise alcohol service at Theatre-sponsored events shall complete RBS training as required under California Assembly Bill 1221.
- RBS training must be obtained from an ABC-approved provider and result in valid certification with a unique RBS server ID number registered in the California RBS portal.

#### 2. Internal Orientation and Policy Briefing:

- Employees involved in alcohol operations shall receive an internal briefing covering the specific provisions of the Theatre's Alcohol-Related Risk Management Policy.
- Topics shall include:
  - Age verification and ID protocol
  - Alcohol service restrictions and cutoff times
  - Location limitations and container policies
  - Incident recognition and response
  - Reporting procedures and documentation requirements

## VII. Policy Oversight and Amendments:

This policy shall be administered under the supervision of the Theatre management, who is responsible for ensuring that all employees are informed of and comply with its provisions. This policy shall be reviewed at least annually by Theatre management to ensure continuing compliance with applicable law and risk standards.

Any amendment to this policy must be formally approved by the Theatre management and recorded in the Theatre’s internal policy manual. Substantive revisions shall be communicated to all relevant personnel and integrated into training and/or contract templates.

## GENERAL LIABILITY RISK MANAGEMENT POLICY

### I. Purpose:

The purpose of this General Liability Risk Management Policy is to establish a comprehensive framework of internal controls, operational safeguards, and proactive procedures designed to minimize the exposure of The Colony Theatre Company ("Theatre") to claims arising out of bodily injury, property damage, personal injury, or other general liability risks occurring on or in connection with its premises, programs, and activities.

This policy is adopted in furtherance of the Theatre's commitment to ensuring a safe, accessible, and professionally managed facility for patrons, employees, volunteers, contractors, and the general public. It is also intended to comply with all applicable municipal regulations, including those imposed by the City of Burbank, and to support the maintenance of insurance coverage as required under the Theatre's lease agreement and governing legal obligations.

### II. Policy Scope and Applicability:

This General Liability Risk Management Policy applies to all physical premises, operations, personnel, and activities of the Theatre, including but not limited to:

1. **Premises:**
   The interior and exterior areas of the Theatre located at the City-leased facility, including all performance spaces, rehearsal rooms, dressing rooms, administrative offices, storage areas, lobbies, corridors, restrooms, loading areas, and any outdoor or adjacent space under the control or temporary use of the Theatre.

2. **Personnel:**
   All employees, contractors, subcontractors, consultants, vendors, volunteers, and any other individuals engaged in work, service, or participation in Theatre operations or events.

3. **Programs and Activities:**
   All productions, performances, rehearsals, educational programs, community events, special events, facility rentals, and ancillary operations or engagements conducted or

hosted by the Theatre, whether on-site or off-site, and whether independently operated or co-sponsored with third parties.

4. **Third Parties:**
   All visitors, patrons, program participants, and members of the public who enter the premises, whether with or without a ticket, reservation, or formal agreement.

5. **Contractual and Municipal Compliance:**
   This Policy operates in coordination with the Theatre's lease, insurance obligations, and compliance with the City of Burbank's municipal codes, facility use conditions, and administrative requirements, including public safety and risk management directives.

## III. Statement of Policy:

It is the policy of the Theatre to implement and maintain comprehensive, proactive, and enforceable measures to prevent and mitigate general liability risks in all areas of its operation. the Theatre shall maintain physical facilities, operational protocols, personnel practices, and contractual arrangements in a manner that reasonably protects the health, safety, and property of all individuals lawfully on its premises or engaged in its programs.

To that end, the Theatre adopts and enforces this General Liability Risk Management Policy to:

1. **Prevent Injury and Property Damage:**
   Ensure that the Theatre premises, equipment, and operational procedures are maintained in a condition that minimizes hazards which could foreseeably result in bodily injury or property damage.

2. **Identify and Address Risks Proactively:**
   Institute regular inspections, hazard identification mechanisms, and response protocols to prevent the occurrence of liability incidents and to respond swiftly and effectively when such incidents do occur.

3. **Establish Documentation and Oversight Systems:**
   Maintain rigorous documentation of inspections, incidents, training, vendor compliance, and other liability-related matters, with internal oversight and accountability mechanisms to ensure full implementation.

4. **Maintain Insurance Compliance:**
   Ensure that the Theatre continuously maintains general liability insurance coverage meeting or exceeding the requirements of its lease, applicable municipal requirements, and industry best practices, and that all required certificates and endorsements are timely issued and on file.

5. **Ensure Staff Training and Compliance:**
   Require that all employees, contractors, and volunteers are trained in applicable safety

protocols, emergency procedures, and hazard recognition relevant to their roles and responsibilities.

6. **Integrate with Broader Risk Management Functions:**
   Align general liability risk mitigation with related risk management policies of the Theatre, including but not limited to those addressing sexual abuse prevention, alcohol service, workplace safety, and emergency preparedness.

This policy is mandatory and enforceable. All persons subject to this policy shall comply fully with its terms, and any violations may result in disciplinary action, termination of engagement, removal from the premises, or other appropriate remedial or legal action.

## IV. Risk Identification and Hazard Prevention Procedures:

The Theatre shall maintain and implement a comprehensive, documented system for the identification, evaluation, and remediation of conditions and activities that present general liability risk, with the objective of preventing bodily injury, property damage, and operational disruption. The following procedures shall be enforced at all times:

### A. Facility Inspections and Hazard Assessment

1. **Periodic Inspections:**
   The Facilities Manager or designee shall conduct an inspection of the areas of the Theatre premises periodically, addressing physical hazards, environmental conditions, equipment status, ingress/egress routes, and public safety concerns. Routine facility inspections shall be conducted no less than once per month, with additional event-specific walkthroughs as described below.

2. **Pre-Event and Post-Event Walkthroughs:**
   A pre-event inspection shall be performed prior to any public performance, rental event, or significant gathering. A post-event inspection shall be performed after the conclusion of such events to identify and document any hazards, damage, or irregularities.

3. **Hazard Logging and Response:**
   Any hazardous condition identified during inspection or observed during operations shall be documented immediately in the Hazard Log. A remediation plan shall be developed and executed promptly, with priority given to hazards posing imminent risk.

### B. Incident Reporting and Response Protocol

1. **Mandatory Incident Reporting:**
   All employees, contractors, and volunteers are required to immediately report any incident involving injury, property damage, or a near-miss event using the

Theatre's Incident Report Form. Reports must be submitted to the Theatre management within 24 hours of occurrence or discovery. Minor occurrences not involving injury or damage (e.g., superficial equipment malfunctions or minor logistical issues) may be logged informally, at the discretion of Theatre management.

2. **Incident Documentation:**
   Each reported incident shall be logged and assigned a reference number. Documentation shall include the date, time, location, nature of the incident, individuals involved, witness statements, photographs (if applicable), and remedial actions taken.

3. **Post-Incident Review:**
   The Theatre management or designated Risk Manager shall conduct a post-incident review within 72 hours of any reported event to determine root cause, assess liability exposure, and implement any necessary changes to procedure, infrastructure, or staffing.

### C. Maintenance and Safety Standards

1. **Routine Maintenance:**
   The Theatre shall maintain a preventative maintenance schedule for all critical building systems, including electrical, HVAC, plumbing, lighting, and safety infrastructure. Maintenance logs shall be retained for no less than five years.

2. **Housekeeping Standards:**
   All areas of the Theatre shall be kept in a clean, unobstructed, and orderly condition. Aisles, exits, fire extinguishers, and emergency equipment must remain fully accessible at all times.

3. **Signage and Warnings:**
   Where hazards cannot be immediately remediated, temporary warning signage and physical barriers shall be employed. Permanent safety signage shall be posted in accordance with applicable code requirements and industry standards.

## V. Training and Supervision:

The Theatre shall implement and enforce a structured training and supervision framework to ensure that all personnel whether employees, contractors, or volunteers are adequately equipped to prevent, identify, and respond to conditions that may give rise to general liability exposure. the Theatre recognizes that comprehensive training and ongoing oversight are essential components of an effective risk management system.

## A. Mandatory Orientation and Safety Training

1. **Initial Training Requirement:**
   All newly hired employees, contracted personnel, and regularly assigned volunteers shall complete a mandatory orientation program prior to engaging in any work or operational activity on Theatre premises. This training shall include, at minimum:

   - General safety and hazard recognition
   - Emergency response procedures
   - Incident reporting requirements
   - Proper use of Theatre equipment and facilities

   Volunteers serving in one-time, non-supervisory roles with no elevated-risk tasks may receive a brief orientation in lieu of formal training.

2. **Specialized Training:**
   Employees or contractors responsible for technical functions, such as stage management, rigging, lighting, crowd control, or equipment operation, shall receive specialized safety training consistent with industry standards, including certification where required.

3. **Third-Party Trainers:**
   The Theatre may, at its discretion, engage third-party safety consultants or municipal safety officials to conduct certain training programs to ensure neutrality, currency, and professional rigor.

## B. Supervisor Responsibilities

1. **Duty of Oversight:**
   Supervisors shall actively monitor work environments for safety compliance, adherence to protocol, and conditions that may give rise to liability. They are required to take immediate corrective action in the event of observed violations or unsafe practices.

2. **Reporting Authority:**
   Supervisors shall ensure that all incidents, hazards, and safety concerns are reported to the Theatre management without delay and in accordance with established procedures.

3. **Accountability and Evaluation:**
   Supervisory personnel shall be evaluated, in part, on their performance in

enforcing safety procedures, managing incidents appropriately, and maintaining an environment of risk awareness and compliance.

### D. Training of Voluntary, Temporary and Event-Based Personnel

**Short-Term Workers and Event Staff:**
All temporary workers, seasonal hires, and event-specific staff must receive a condensed training program focusing on general safety and emergency response appropriate to their assignments. Volunteers serving in one-time, non-supervisory roles with no elevated-risk tasks may receive a brief orientation in lieu of formal training.

## VI. Documentation, Monitoring, and Continuous Improvement:

The Theatre shall maintain comprehensive documentation of all general liability risk management activities, implement systematic monitoring mechanisms, and engage in continuous policy evaluation and refinement to ensure sustained compliance, risk reduction, and alignment with best practices and legal standards.

### A. Centralized Risk Management Records

1. **Recordkeeping System:**
   All records related to inspections, hazard logs, incident reports, training rosters, insurance certificates, third-party agreements, and remedial actions shall be maintained in a centralized risk management file, accessible to Theatre management and will be subject to annual audit.

2. **Retention Period:**
   Records shall be retained for a minimum period of five (5) years, or longer where required by law, contractual obligations, or insurance policy terms.

3. **Confidentiality and Access:**
   Risk management records shall be safeguarded in accordance with applicable privacy and data protection laws. Access shall be limited to authorized personnel with a demonstrable need-to-know basis.

### B. Internal Monitoring; Ongoing Reviews and Evaluations

1. **Periodic Compliance Reviews:**
   The Theatre management or designated Risk Manager shall conduct periodic reviews of risk-related records, inspection logs, and incident data to evaluate compliance, identify trends, and confirm that all required procedures are being followed.

2. **Annual Policy Review:**
   This General Liability Risk Management Policy shall be reviewed in full no

less than once per calendar year by Theatre management to ensure continued legal compliance and practical effectiveness.

3. **Post-Incident Evaluations:**
   Following any significant incident or claim, the Theatre shall conduct an incident debrief to determine whether any revision to this Policy or related procedures is warranted. All changes shall be documented, approved by Theatre management, and incorporated into future training.

4. **Stakeholder Feedback and Input:**
   Input from staff, volunteers, patrons, and third-party partners regarding safety or liability concerns shall be documented and reviewed quarterly by management. Actionable feedback shall inform procedural refinements and training content.

## SEXUAL ABUSE AND MOLESTATION (SAM) PREVENTION AND RESPONSE POLICY

### I. Purpose:

The purpose of this Sexual Abuse and Molestation (SAM) Prevention and Response Policy is to protect all individuals particularly minors and vulnerable populations who engage with The Colony Theatre Company ("Theatre") from the risk of sexual abuse, molestation, exploitation, or misconduct in any form by any employee of the Theatre. This policy also establishes mandatory procedures for screening, prevention, detection, reporting, investigation, and response in accordance with applicable state and federal law, insurance requirements, and the Theatre's contractual obligations with the City of Burbank.

This policy reflects the Theatre's institutional commitment to fostering an environment that is safe, respectful, and free from all forms of abuse or exploitation.

### II. Policy Scope and Applicability:

This Sexual Abuse and Molestation (SAM) Prevention and Response Policy applies to all employees involved with programs and activities at the Theatre. The Policy is binding upon the following categories:

1. **Covered Individuals:**
   This policy applies to all employees employed by the Theatre in any capacity, including but not limited to:
   - Employees (full-time, part-time, seasonal, and temporary)
   - Internship employees
   - Volunteer employees
   - Board members and officers
   - Event-specific or project-based employees
   - Regular external volunteers who have direct contact with, or supervision of minors

2. **Covered Populations:**
   The protections of this policy apply to all persons served or engaged by the Theatre, including:
   - Minors (under the age of 18) participating in productions, educational programs, or events
   - Vulnerable adults (as defined under California law)
   - Audience members, patrons, guests, and program participants
   - Students, workshop attendees, and members of the general public interacting with Theatre representatives
3. **Covered Activities and Settings:**
   This policy applies to all activities where interaction occurs between Theatre employees and any covered population, including but not limited to:
   - Theatrical productions, rehearsals, auditions, and classes
   - Youth programs, education workshops, and outreach initiatives
   - Administrative functions and office operations
   - Off-site events, festivals, community programs, and touring engagements
   - Facility rentals or third-party events in which Theatre personnel are present or participating
4. **Legal and Contractual Applicability:**
   This policy is adopted to ensure compliance with:
   - Applicable state and federal laws, including California Penal Code §§ 11164–11174.3 (Child Abuse and Neglect Reporting Act)
   - Insurance underwriting and risk control requirements
   - The terms and conditions of The Theatre's lease and operational relationship with the City of Burbank
   - Best practices applicable to nonprofit arts institutions and youth-serving organizations

No individual covered under this policy may engage in conduct that violates its provisions, nor may any person knowingly permit, tolerate, or fail to report suspected or actual sexual abuse or molestation in any form. Violations will result in immediate disciplinary action, which may include termination, legal action, and mandatory reporting to law enforcement and child protection authorities.

## III. Statement of Policy:

The Theatre maintains a strict zero-tolerance policy for any form of sexual abuse, molestation, exploitation, or inappropriate sexual conduct involving minors, vulnerable persons, or any individual who interacts with the Theatre through its programs, events, or services. No individual acting on behalf of or under the authority of the Theatre shall engage in, condone, facilitate, or fail to report conduct that violates this policy.

The Theatre affirms the following institutional commitments:

1. **Prevention of Harm:**
   The Theatre shall proactively implement safeguards to prevent sexual abuse and molestation through personnel screening, physical and procedural access controls, training, supervision, and the enforcement of conduct standards.

2. **Mandatory Screening and Background Checks:**
   All employees who work directly with minors or vulnerable populations shall be subject to comprehensive pre-engagement screening, including reference Department of Justice (DOJ) checks/verification, and disqualification criteria aligned with legal and insurance standards, except for third party vendors/contractors, one-time volunteers, or volunteers providing less than 1 day of services, who serve under direct supervision and have no unsupervised contact with minors.

3. **Mandatory Reporting:**
   All employees and regular volunteers are designated Mandated Reporters under California law and shall immediately report any known or reasonably suspected instance of abuse, molestation, or exploitation to law enforcement or child protection agencies, as required under California Penal Code § 11166. The Theatre shall not tolerate any delay or failure in reporting.

4. **No Retaliation:**
   No person shall be subject to retaliation or adverse action for reporting suspected abuse in good faith. Retaliation against reporters is grounds for disciplinary action and, where appropriate, legal liability.

5. **Training and Education:**
   All employee staff shall receive mandatory training on recognizing the signs of abuse, complying with reporting obligations, maintaining appropriate professional boundaries, and understanding prohibited conduct.

6. **Safe Environment Standards:**
   The Theatre shall enforce physical and procedural standards such as the "Two-Adult Rule," visibility in interactions, and restrictions on one-on-one employee engagements with minors to ensure that all interactions occur in observable, interruptible, and professionally appropriate environments.

7. **Enforcement and Investigation:**
   All allegations of SAM-related misconduct shall be taken seriously, promptly investigated, and fully documented. The Theatre shall cooperate with law enforcement and regulatory agencies in all official inquiries. Individuals found to have violated this policy shall be subject to immediate removal and, where applicable, referral for prosecution.

   This policy is mandatory, non-negotiable, and binding on all individuals acting under the authority of The Colony Theatre Company Inc. Any violation constitutes grounds for immediate disciplinary action, up to and including termination, legal action, and permanent disqualification from any future association with the Theatre.

## IV. Prohibited Conduct and Boundary Violations:

The Theatre strictly prohibits all forms of sexual abuse, molestation, exploitation, and boundary violations in any context whether verbal, physical, digital, or visual regardless of intent, setting, or relationship. The following conduct is expressly prohibited and constitutes a violation of this policy. Prohibited conduct includes both criminal acts and behaviors that, while not necessarily unlawful, are professionally inappropriate and create unacceptable risk.

### A. Sexual Abuse and Molestation (SAM) – Prohibited Conduct

The following actions are categorically prohibited:

1. **Sexual Touching or Physical Contact:**
   Any intentional sexual touching or physical contact with a minor, vulnerable person, or program participant for the purpose of sexual gratification, stimulation, or intimidation.

2. **Sexual Exploitation or Grooming:**
   Any conduct intended to build trust or emotional dependency with a minor or vulnerable individual for the purpose of later engaging in sexual activity or misconduct. This includes manipulation, secrecy, giving inappropriate gifts, or spending isolated time with a minor without legitimate reason.

3. **Sexually Explicit Communication:**
   Sending, receiving, or soliciting sexually explicit or suggestive communications, whether in person, electronically, or through any other medium, including via text, email, direct messaging, or social media platforms.

4. **Sexual Comments, Jokes, or Dialogue:**
   Making sexually explicit or suggestive comments, jokes, innuendos, or conversations in the presence of minors or program participants, whether or not the comment is directed at the individual.

5. **Exposure or Indecent Conduct:**
   Exposing one's genitals, engaging in sexual activity in the presence of others, or encouraging others to do the same.

6. **Possession or Distribution of Sexual Materials:**
   Possessing, accessing, or distributing pornographic, obscene, or sexually exploitative material in any Theatre setting or in connection with Theatre activities.

7. **Sexual Harassment of Any Individual:**
   Any unwelcome conduct of a sexual nature, including physical advances, verbal harassment, or conduct that creates a hostile or intimidating environment.

## B. Boundary Violations – Additional Prohibited Conduct

The following behaviors are also strictly prohibited, regardless of whether any sexual intent is alleged or proven:

1. **Being Alone with a Minor ("Two-Adult Rule"):**
   No adult employees shall be alone with a minor in a private or unobservable setting. All interactions must occur in open, observable, and interruptible environments. This includes transportation, dressing rooms, office spaces, and rehearsal areas. Where unavoidable due to staffing or spatial constraints, one-on-one interactions may occur only with documented parental consent (which may be verbal if documented) and notification to Theatre management.

2. **Personal Communication Outside Official Channels:**
   Personal text messages, phone calls, or online communication between adult employees and minors are prohibited unless pre-approved by the Theatre management and conducted with parental awareness and consent. Routine logistical communication (e.g., confirming call times or schedule changes)

may be permitted using official Theatre communication channels provided a parent or guardian is copied, and Theatre management is notified.

3. **Providing Transportation Without Authorization:**
   Adult employees may not transport minors without prior written parental consent and explicit advance approval by the Theatre management. Two unrelated adults must be present in the vehicle unless a parent or guardian is also in attendance.

4. **Private Meetings or Closed-Door Interactions:**
   Employee meetings with minors must occur in public or designated meeting areas with visibility to others. Office doors must remain open or contain windows allowing visibility when minors are present.

5. **Inappropriate Affection or Physical Behavior:**
   Physical contact that is excessive, unnecessary, or fails to respect personal boundaries by employees is prohibited, including hugging, lap-sitting, tickling, or other forms of non-essential physical interaction.

6. **Sharing of Personal Living Spaces:**
   Theatre employees shall not invite minors to their private residence or stay overnight in the residence or hotel room of a minor unless the individual is a direct family member and such activity is unrelated to Theatre business.

## C. Presumptions and Enforcement

1. **Violations:**
   Violations of this policy may result in disciplinary action regardless of intent, familiarity, prior relationship, or absence of a formal complaint. Good intentions or consensual claims are not a defense when the other party is a minor or protected individual.

2. **Mandatory Reporting:**
   Any person who observes or becomes aware of conduct that may violate this section is required to report the conduct immediately in accordance with the procedures described in this policy.

3. **Non-Waiver of Policy:**
   No supervisor, director, or board member has the authority to waive or approve exceptions to this section. Any failure to comply will result in immediate corrective action, which may include dismissal, legal reporting, and permanent disqualification from participation.

## V. Personnel Screening and Disqualification Criteria:

To protect minors and vulnerable persons from sexual abuse and molestation, the Theatre Inc. Theatre shall implement a mandatory, standardized personnel screening process for all Theatre employees who are involved with supervising minors.

No employees shall be permitted to work in any covered role unless and until all components of the screening process have been completed and approved.

### A. Mandatory Pre-Engagement Screening Procedures

1. **Background Check:**
   All employees who work directly with or supervise minors or vulnerable populations or regular volunteers who work directly with or supervise minors or vulnerable populations shall be subject to comprehensive pre-engagement screening, including reference checks/verification, finger-print based background check via California's Live Scan system, and disqualification criteria aligned with legal and insurance standards. The background check shall include screening for:

   - State and federal criminal records
   - California and national sex offender registries
   - Child abuse index databases where applicable

   Background checks must be cleared prior to the commencement of any services. Background checks shall not be required for employees who are uninvolved with working directly with minors or supervising minors or third-party vendors/contractors, one-time volunteers, or volunteers providing less than 1 day of services, who serve under direct supervision and have no unsupervised contact with minors.

2. **Reference Checks:**
   A minimum of two (2) professional or character references must be verified for all applicants who are subject to background checks. At least one reference must come from a previous supervisor or organization where the applicant worked with minors or the general public.

3. **Employment and Volunteer Application Disclosure:**
   All applicants who are subject to background checks must complete a signed application disclosing past criminal history, pending criminal charges, and prior employment or volunteer service involving minors. Any false or misleading statements are grounds for disqualification or immediate termination.

4. **Interview Screening:**
   A structured interview for employees who are subject to background checks shall be conducted by designated Theatre personnel to assess the applicant's qualifications, professional demeanor, and appropriateness for working in settings involving youth and vulnerable populations.

5. **Repeat Screening:**
   Individuals who are subject to background checks engaged in long-term or recurring assignments shall undergo re-screening every five (5) years or more frequently if required by insurance carriers, regulatory bodies, or changes in law.

## B. Disqualification Criteria

The following constitute automatic grounds for disqualification from employment in roles that involve supervising minors:

1. **Criminal Convictions:**
   - Any felony conviction involving sexual abuse, violence, exploitation, or harm to children.
   - Any conviction for a crime requiring registration under California Penal Code § 290 (sex offender registration).
   - Any conviction involving child pornography, indecent exposure, lewd acts, or endangerment of a child.
   - Any violent felony, including but not limited to homicide, assault with a deadly weapon, or kidnapping.
   - Any theft, fraud, or dishonesty-related conviction within the past seven (7) years that may impact trustworthiness in a position of responsibility.

2. **Pending Criminal Charges:**
   Individuals with pending charges for any of the above-referenced offenses shall be deemed temporarily disqualified pending resolution of the case.

3. **Prior Termination for Misconduct:**
   Any documented prior termination from employment, volunteer service, or program participation involving allegations of abuse, boundary violations, or other misconduct toward minors or vulnerable persons.

4. **Failure to Disclose Relevant Information:**
   Any failure to disclose material information on an application, including prior

criminal history, disciplinary actions, or adverse findings from other organizations.

Any individual flagged during screening may submit a written request for review by the Theatre management. The Theatre reserves the right to consider the totality of circumstances in determining eligibility, including the age of the offense, relevance to duties, and evidence of rehabilitation.

### C. Documentation and Retention

1. **Confidentiality:**
   Background check results and screening documentation shall be maintained in a secure, confidential file accessible only to authorized personnel. Disclosure of such information shall be limited as required by law.

2. **Retention Period:**
   Screening documentation shall be retained for a minimum of five (5) years following the conclusion of service or employment, or longer if required under applicable legal or insurance standards.

3. **Third-Party Contractors:**
   All third-party contractors whose personnel work with minors or access sensitive areas of the facility must certify, in writing, that all assigned personnel have passed a background check meeting or exceeding the standards outlined in this section. Documentation must be available to the Theatre upon request.

## V. Mandatory Reporting and Response Procedures:

The Theatre requires the immediate and unequivocal reporting of all known or reasonably suspected incidents of sexual abuse, molestation, or boundary violations involving minors or vulnerable persons. All employees, contractors, and volunteers are designated as Mandated Reporters under California law and are legally required to report suspected abuse to appropriate authorities. Failure to comply with this policy and applicable law constitutes grounds for termination and may result in criminal penalties.

### A. Mandatory Reporting Obligations Under Law

1. **Designation as Mandated Reporters:**
   All individuals who provide services to or supervise minors or vulnerable persons in any capacity on behalf of the Theatre are designated Mandated Reporters pursuant to California Penal Code § 11165.7.

2. **What Must Be Reported:**
   A report must be made when a Mandated Reporter knows of or reasonably suspects that:
   - A minor has been the victim of sexual abuse, molestation, or exploitation
   - Inappropriate sexual conduct or grooming behavior has occurred
   - There is a substantial risk that a minor may be abused or exploited in the future
3. **To Whom Reports Are Made:**
   Reports must be made **immediately** or as soon as practicably possible by telephone to:
   - Local Law Enforcement (e.g., Burbank Police Department), or
   - Los Angeles County Department of Children and Family Services (DCFS)
   - Notify the City, Parks and Recreation Liaison

   A written report must be submitted **within 36 hours** using the California Suspected Child Abuse Report (SCAR) form.
4. **No Internal Approval Required:**
   Mandated Reporters do **not** need permission, internal authorization, or supervisory approval to make a report. The legal duty is personal and non-delegable.

**B. Internal Reporting Protocol**

1. **Immediate Internal Notification:**
   In addition to notifying the proper authorities, the individual making the report shall immediately notify the Theatre management.
2. **Documentation:**
   The person making the report shall complete an internal Incident Report SAM Version, documenting all relevant facts, witness statements, time of report, and confirmation that the external report was made to the proper authorities.
3. **Preservation of Evidence:**
   The Theatre shall take all steps to preserve relevant evidence and protect the identity and well-being of the alleged victim. Photographs, written statements, and any physical or digital evidence shall be preserved in a secure and confidential manner.

## C. Immediate Protective Measures

1. **Removal from Duty:**
   Any individual accused of SAM-related misconduct shall be immediately removed from all duties involving access to minors or vulnerable persons pending the outcome of the investigation. This removal is precautionary and does not imply guilt.

2. **Access Restriction:**
   The accused individual's access to Theatre facilities, systems, and events may be restricted at the discretion of the Theatre management, consistent with the obligation to protect potential victims.

3. **Support for Victims:**
   The Theatre shall provide appropriate support to individuals who may have been affected, which may include:

   - Referral to counseling or victim support services
   - Contact with the minor's parent(s) and/or victim's legal guardian(s)
   - Safety planning for continued program participation, if applicable

## D. Cooperation with Authorities and Investigations

1. **Full Cooperation Required:**
   All personnel are required to cooperate fully with law enforcement, child protective services, insurance investigators, and legal representatives during any official investigation related to suspected SAM incidents.

2. **No Interference Permitted:**
   Any attempt to interfere with, obstruct, or influence an investigation including retaliation, intimidation, or concealment of evidence will result in immediate disciplinary action and referral for legal consequences.

3. **Legal Counsel Involvement:**
   The Theatre shall engage legal counsel to advise on all aspects of the response process, including communications, compliance, and potential liability mitigation.

## E. Confidentiality and Non-Retaliation

1. **Confidential Handling:**
   All reports and investigative activities shall be handled in a manner that protects the confidentiality of the victim, the accused, and all involved parties, to the extent permitted by law.

2. **Non-Retaliation Policy:**
   No individual shall be retaliated against for making a good-faith report of suspected abuse or for participating in an investigation. Retaliation will result in disciplinary action up to and including termination and legal action.

**F.** At the conclusion of the investigation, the Theatre must provide investigation findings to the City within 3 business days.

## VIII. Training, Supervision, and Policy Enforcement:

The Theatre) shall implement mandatory training programs, supervisory protocols, and institutional enforcement mechanisms to ensure that all individuals subject to this policy are properly educated in its provisions, continuously monitored for compliance, and held accountable for violations. This section outlines the operational framework through which the policy is administered and enforced.

### A. Mandatory Training Requirements

1. **Pre-Engagement Training:**
   All employees and regular volunteers shall complete a mandatory SAM prevention and reporting training prior to the commencement of any duties involving minors or vulnerable persons on an annual recurring basis. Training shall include, at minimum:

   - Recognition of grooming behaviors and signs of abuse
   - Legal obligations under California's Mandated Reporter laws
   - Prohibited conduct and boundary expectations
   - Reporting procedures and documentation requirements
   - Real-world case examples and role-based responsibilities

   Contractors and volunteers serving in non-supervisory roles for a single day or less, with no contact with minors or elevated-risk duties, may receive a condensed safety briefing in lieu of formal training.

2. **Training of Supervisory Personnel:**
   All supervisors shall receive enhanced training on:

   - Supervisory obligations
   - Internal incident response protocols
   - Risk identification in operational settings
   - Responding to disclosures and escalations

3. **Recordkeeping:**
   A central training log shall be maintained, documenting the date, format, and content of all SAM training, along with the names and signatures of each participant. Records shall be retained for a minimum of ten (10) years.

**B. Supervision and Monitoring**

1. **Two-Adult Presence Rule:**
   At least two unrelated, authorized adults must be present at all times during one-on-one interactions with a minor in a closed or private setting. This rule applies to rehearsals, instruction, transportation, dressing rooms, and any setting where one-on-one interaction may occur.

2. **Unscheduled Walkthroughs:**
   Supervisors shall conduct unannounced observations of rehearsals, workshops, and other youth-involved programming to monitor compliance with this policy and assess potential risk indicators in real time.

3. **Visitor and Parent Access:**
   Parents and guardians shall be permitted reasonable access to observe youth programming, provided such access does not disrupt operations or compromise the safety of other participants. All visitors must be logged and, where applicable, supervised.

**C Enforcement, Disciplinary Action, and Accountability**

1. **Zero-Tolerance Enforcement:**
   Violations of this policy shall be addressed with immediate and proportionate disciplinary action. All personnel are on notice that SAM violations constitute grounds for:

   - Immediate suspension or removal from duty
   - Termination of employment or engagement
   - Permanent disqualification from further association with the Theatre
   - Referral to law enforcement and child protection authorities

2. **Progressive Accountability for Noncompliance:**
   Failure to complete required training, report misconduct, adhere to supervision protocols, or enforce policy provisions shall be treated as performance violations subject to corrective action, which may include formal warnings, retraining, suspension, or dismissal.

3. **Board Oversight:**
   The Board of Directors shall exercise institutional oversight of policy enforcement. A summary report of training compliance, incident response, and SAM enforcement activity shall be provided to the Board at least annually.

4. **Policy Violations by Third Parties:**
   Any external contractor, licensee, or partner organization found to have violated this policy or permitted its violation shall be subject to contract termination, facility access revocation, and formal notice to all affected parties.

**D. Continuous Review and Legal Updates**

1. **Annual Policy Review:**
   This SAM Prevention and Response Policy shall be reviewed annually by the Theatre management to ensure continued legal compliance and responsiveness to evolving risk environments.

2. **Legal and Regulatory Changes:**
   The policy shall be updated promptly in response to any changes in state or federal law, insurance carrier requirements, or municipal contractual obligations. Staff shall be notified in writing of all substantive changes and provided with training where appropriate.

**EXHIBIT F**
**SIGN CRITERIA**

These criteria have been established for the purpose of assuring an outstanding Town Center, and for the mutual benefit of all tenants and is subject to approval of the governing agencies. Conformance will be strictly enforced; and any installed non-conforming or unapproved signs must be brought into conformance at the expense of the Sublessee.

1. GENERAL REQUIREMENTS:
    a. Sublessee shall submit or cause to be submitted to City for approval, before fabrication, at least three (3) copies of detailed scale drawings indicating the location, size, layout, design, construction, and color of the proposed signs, including all lettering and/or graphics.
    b. All permits for signs and their installation shall be obtained and paid for by Sublessee or its representative.
    c. All signs shall be constructed and installed at Sublessee's expense in strict accordance with
    d. City approved drawings.
    e. Sublessee shall be responsible for the fulfillment of all requirements of these criteria and shall submit samples of sign material to the City and Landlord for approval, upon City's request.

2. GENERAL SPECIFICATIONS:
    a. No animated, flashing, or audible signs will be permitted.
    b. No visible lamps or tubing will be permitted. All signs shall bear the UL label, and their installation shall comply with all applicable building and electrical codes.
    c. No visible raceways, crossovers or conduits will be permitted.
    d. All cabinets, conductors, transformers, and other equipment shall be concealed. Visible fasteners will not be permitted.
    e. Electrical service to all signs shall be on Sublessee meter.
    f. Painted lettering will not be permitted except as specified under Paragraph 6b hereof.

3. LOCATION OF SIGNS:
    a. No signs mounted upon or visible from the exterior of the building shall be permitted unless approved by Landlord.
    b. Signs shall be permitted only within the sign areas as designated by the Landlord, and as shown on the approved sign drawings.
    c. Sublessee shall not be permitted more than one (1) building sign per elevation without the express written consent of Landlord.
    d. In addition to the building sign on the east elevation of the building, Sublessee shall be permitted to install one electronic marquis or reader board on the property, provided, however, the size, location and design of the marquis shall conform to governmental requirements and shall be subject to Landlord's prior written approval.

4. DESIGN REQUIREMENTS:
    a. Wording of signs will not include the project sold except as part of Sublessee's trade name or insignia.
    b. Sign shall conform to the following requirements:

i. Storefront sign: Maximum letter size to be eighteen inches (18”). Maximum length of sign shall not exceed seventy percent (70%) of Sublessee’s storefront width. Sign shall not be located closer than thirty-six inches (36”) from lease line.
ii. Signs shall be composed of individual, internally illuminated, channel letters, Depth of channel letter not to exceed six inches (6”).
iii. Sublessee shall have the right upon written request to Landlord to reuse existing exterior lighting. In the event, Sublessee elects to reuse existing exterior lighting and non- illuminated letters, sign shall have the appearance of individual channel letters.
iv. Color of sign is subject to Landlord’s approval. All letters in sign shall be of a single color, no multicolor signs shall be permitted. Sign color shall not match that of an adjacent tenant sign without Landlord’s express consent.

5. CONSTRUCTION REQUIREMENTS:
   a. All signs, bolts, fastenings and clips shall be of stainless steel, aluminum brass or bronze.
   b. No ferrous metal materials of any type will be permitted.
   c. All exterior signs exposed to the weather shall be mounted at least one-half of an inch (1/2”) from the building wall to permit proper dirt and water draining.
   d. All letters shall be fabricated using full-welded construction.
   e. Location of all openings for conduit and sleeves in building, shall be indicated by the sign contractor on drawings approved by City and Landlord.
   f. All penetrations of the building structure required for sign installation shall be neatly sealed in a watertight manner.
   g. No labels will be permitted on the exposed surface of signs except those required by local ordinance which shall be applied in an inconspicuous location.
   h. The Sublessee shall repair any damage to any work caused by Sublessee’s sign contractor.
   i. Sublessee shall be fully responsible for the operations of Sublessee’s sign contractor(s) in connection with Sublessee’s sign installation.

6. MISCELLANEOUS REQUIREMENTS:
   a. Sublessee will be permitted to place upon each entrance of its premises not more than one hundred forty-four (144) square inches of gold leaf or decal application lettering not to exceed two inches (2”) in height, indicating hours or business, emergency telephone numbers, etc.
   b. If Sublessee has a non-customer door for receiving merchandise, Sublessee may have uniformly applied on said door in location, as directed by Landlord, in two-inch (2”) high block letters, Sublessee’s name and address. In some cases, more than one (1) Sublessee may use the same door as directed by City and Landlord. Each name and address may be applied. Color of letters shall be black.
   c. Floor signs, such as inserts into terrazzo, etc., shall not her permitted within the Leased Premises unless approved by Landlord in writing.
   d. No advertising placards, banners, pennants, names, insignia, trademarks, or other descriptive material shall be affixed or maintained upon the glass panes or supports of the show windows or doors, or upon the exterior walls of the building or storefront or any location visible from the exterior of the building.

7. TEMPORARY SIGNS:
    a. Temporary Signs constructed of materials other than those permitted above may be permitted at Landlord's sole discretion subject to the following criteria.
    b. Total area of Temporary Signs shall not exceed ten (10) square feet.
    c. All Temporary Signs shall be professionally prepared of durable materials and shall not be permitted to become wrinkled, discolored or worn.
    d. Temporary Signs shall not be displayed more than seven (7) consecutive days nor more than twenty-one (21) total days in any calendar year.
    e. No illuminated, audible, flashing or moving Temporary Signs will be permitted.

**OPERATING AGREEMENT**
**EXHIBIT B TO 2026 SUBLEASE AND MASTER LEASE MODIFICATION**

This Theater Operating Agreement ("**Agreement**"), is made and entered into as of this _____ day of _____ , 2026 ("**Effective Date**") by and between the CITY OF BURBANK, a municipal corporation and charter city, ("**City**"), and The Colony Theatre Company, a California non-profit public benefit corporation, ("**Colony**") (collectively, the "**Parties**"), on the following terms and conditions:

**RECITALS**

A. City is the "Tenant" under that certain Lease dated April 7, 1992 (the "**Master Lease**"), with Onni Burbank Town Center LLC, ("Onni") a Delaware Limited Liability Company, as "Landlord," ("**Town Center**") successor in interest to Burbank Mall Associates, LLC, a Delaware Limited Liability Company formerly known as C.T. Operating Partnership, L.P., a California limited partnership formerly known as the Alexander Haagen Properties Operating Partnership L.P. successor in interest to The Haagen-Burbank Partnership, a California general Partnership for certain real property located in the City of Burbank and more fully described as the "Premises" (the "**Premises**") in the Master Lease.

B. Pursuant to Section 7.01 of the Master Lease, City is granted the right to use the Premises for the operation of a cultural facility of the City of Burbank which provides educational, cultural, social and recreational activities to the general public. The City has subleased the Premises as a museum space and to the Colony since 2000 to be run as a community theater space.

C. Following a Request for Proposal process, in October 2023 the City Council determined that it is in the City's best interest to again sublease the Premises to Colony, who have continued to operate a performing arts facility, producing theater, and maintaining a community performance space while the City and Colony negotiate a new Sublease and Agreement for the Premises.

D. Concurrently herewith and as a condition precedent thereto, Town Center, City and Colony have entered into that certain 2026 Sublease and Master Lease Modification, to which this Operating Agreement is attached as Exhibit "B".

NOW THEREFORE, in consideration of the mutual covenants and provisions contained herein, each of the Parties hereto intending to be legally bound hereby agrees as follows:

1. **Colony Purpose and Programming**. The City hereby engages the Colony, and the Colony hereby agrees, to manage and operate the Premises, as a professional playhouse for the purpose of (a) providing legitimate theatrical productions by the Colony for public enjoyment; and (b) under the auspices of the Park Recreation, and Community Services Department, providing support for educational, charitable, and cultural community activities as required pursuant to the terms hereof. Colony's programming may include, but will not necessarily be limited to, live theater productions, cabaret, readings, workshops, seminars, children's theater, benefits, classes, and lectures, and will entail extensive use of the auditorium and multi-purpose room.

2. **Effective Date**. This Operating Agreement is effective on the Effective Date of the 2026 Sublease and Master Lease Modification.

    a. **Term**. The Term of this Operating Agreement shall commence on the Effective Date and shall expire on the fifth ($5^{th}$) anniversary of the Effective Date, subject to early termination upon breach of the terms of this Operating Agreement or renewal as herein provided:

        i. Appointment by court order of a receiver, liquidator or trustee for the Colony; or the filing of a petition to liquidate or reorganize the Colony by a third party under any bankruptcy, reorganization, or insolvency law, which order or petition is not vacated or dismissed within ninety (90) days; or the filing by the Colony by petition under any bankruptcy, reorganization or insolvency law; or an assignment by the Colony for the benefit of creditors; or by the adjudication of the Colony as bankrupt, or as an insolvent company.

    b. **Extension of Term**. Colony shall have the right to extend the Term of the Sublease and Operating Agreement for two (2) separate and successive periods of five (5) years and the third and final Term extension up to the Master Lease termination on November 14, 2044. Each extension of the Term of this Agreement shall be made by Colony giving City written notice of such extension at least nine (9) months prior to the date of this Operating Agreement would otherwise have expired, and in the event of an extension, the Term shall continue for such extension period, subject, however, to earlier termination as hereinafter set forth.

    c. **Notice of Director's Determination.** The Parks and Recreation Director ("Director") will give written notice to Colony within thirty (30) calendar days after receipt of Colony's request for extension whether or not, in the Director's sole and reasonable discretion, Colony is in substantial and material compliance with this Operating Agreement and the Goals and Objectives ("Goals") stated for the prior period. If the Director reasonably determines Colony is in substantial and material compliance, the extension will be granted. For purpose of this Operating Agreement, substantial and material compliance shall be deemed achieved if Colony demonstrates good-faith efforts to meet at least eighty percent (80%) of the outlined Goals for respective years within the prior term. Such Goals shall be subject to annual review and revision, as provided in this Operating Agreement as mutually agreed upon by Director and Colony. Notwithstanding the foregoing, Colony shall not have the right to request an extension of the Term if, at the time Colony requests the extension, Colony (a) has created a material uncured Event of Default under the provisions of the 2026 Sublease and Master Lease Modification, The Master Lease, this Operating Agreement, (b) has failed to exercise its option by giving the required notice, or (c) is not then operating the Premises as a live performance theater. If the Director determines that Colony is not in substantial compliance with the Goals and Colony disagrees, Colony shall have the right, within three (3) calendar days of receipt of the Director's determination, to make a written request, for a meeting with the Director. The meeting will be held within twenty-one (21) calendar days of the Director's receipt of the request. During this meeting, Colony and Director will review the Director's determination, and attempt to reach a compromise, including, but not limited to, allowing Colony a commercially

reasonable period to cure any deficiencies. Following such meeting, the Director may issue a new determination or establish conditions upon which an extension may be granted. The Director's determination will be final.

**3. Management, Use and Operation.**

a. **Permitted Uses.** Permitted Use ("Permitted Use") are activities or functions that are allowed on Premises based on this Operating Agreement. Colony may use the Premises as a community art and/or performance center for the purpose of providing a venue for community groups and individuals to showcase educational, cultural, social or recreational activities, as limited pursuant to the terms hereof. Permitted Use may include, but will not necessarily be limited to, live theatre productions including joint ventures between the Colony and third-party theater groups, plays, musicals, dance recitals, cabaret, readings, workshops, private events, seminars, exhibits, children's theater, education and training events, benefits, classes and lectures, events that serve local community or celebrate cultural diversity, and will entail extensive use of the auditorium and multi-purpose room. Furthermore, Colony's use shall be consistent with the use of the Premises by the "Tenant" in accordance with the Master Lease and 2026 Sublease and Master Lease Modification.

b. **Artistic Control.** The Colony shall have the right to determine the content and quality of its own programming and scheduled third-party rental programming, provided that such programming is consistent with any applicable conditions or restrictions contained in the 2026 Sublease and Master Lease Modification and this Operating Agreement.

c. **Identity.** The Premises itself will be identified by the City as the "Burbank Center Stage" and will be described at the Premises as "Burbank Center Stage, Home of the Colony Theatre Company." Colony shall incorporate and maintain the "Burbank Center Stage" branding consistently across all digital and print platforms, including but not limited to the following:

    1. Website and Digital Presence: Display "Burbank Center Stage, Home of The Colony Theatre Company" prominently on the website landing page and consistently throughout the website.

    2. Expand the website's "About" section to include reference to the historical relationship between the City of Burbank, the Colony Theatre Company, and Burbank Center Stage.

    3. Include reference to "The Colony Theatre at Burbank Center Stage" on the website footer and contact information page.

    4. List the City of Burbank as the first-line partner under the "Our Partners" section of the website.

    5. Add the City's name and logo on the ticket sales page.

6. “Burbank Center Stage” be displayed on all marketing materials along with Colony’s logo.

7. Include “Burbank Center Stage” in all marketing, promotional, and printed materials, including but not limited to playbills, programs, and advertisements.

d. **Marquee.** Subject to provisions of the Master Lease with the consent of the Landlord and compliance with provisions of the Reciprocal Easement Agreement (as defined in the Sublease) (“REA”), and the Burbank Municipal Code, the Colony will have control of the look and content of the outdoor marquee display.

e. **Tax Exempt Status**. Notwithstanding any other provisions of this Operating Agreement, the Colony shall not engage in any activity which will impair or jeopardize its tax-exempt or non-profit status under California or federal law. Colony shall notify the City immediately if it fails to maintain its tax-exempt or non-profit status under either California or federal law.

f. **Customization / Alterations.** Colony may display its production photos, awards, and other decorative items that illustrate its history in the lobby of the Premises. Colony may also have rotating art, craft, and photography exhibits in suitable public places in the Premises. Additionally, Colony shall have the exclusive right to solicit donations, as permitted by law, for commemorative or identifying markers to be affixed to various walls, floors, and fixtures of the facility. Such commemorative or identifying markers may be affixed to seats, doors, rooms, the stage, etc., in recognition of these donations provided, however, that this shall in no event confer any possessory rights, removal rights with respect to such items or the Premises. Further, Colony may modify the existing stage by adding or removing any parts thereof, provided only that the stage is restored by Colony for use by the next group or individual utilizing same. Additionally, Colony may, subject to the terms and conditions of the 2026 Sublease and Master Lease Modification and this Operating Agreement, at its sole discretion, supplement the existing stage lighting system by the addition of gridwork, pipes, etc. to support stage lighting, instruments in accordance with applicable Building Codes and the Master Lease.

g. **Colony Representation.** The Colony represents that:

i. It is a California non-profit public benefit corporation, duly formed and operating under the provisions of California law, with federal tax exemption under Internal Revenue Code Section 501©(3) and California franchise tax exemption under Revenue and Taxation Code Section 23701(d), and that it shall maintain such status at all times during the term of this Operating Agreement.

ii. The persons executing this Operating Agreement on behalf of the Colony are authorized to do so.

iii. To the best of its knowledge, it is not in violation of any order or decree of any court of competent jurisdiction or any governmental agency having jurisdiction, and there are no pending or threatened judicial or administrative proceedings which, if determined adversely to the interests of the Colony, could materially affect its ability to perform its obligations under this Operating Agreement or the 2026 Sublease and Master Lease Modification.

h. **Liaison**. The Colony shall appoint an onsite, full-time person from among its staff regularly working at the Premises, to act as a liaison with the City for purposes of this Operating Agreement.

i. Designate one (1) individual who will be responsible for ensuring Operator remains in compliance with the 2026 Sublease and Master Lease Modification. This person will serve as Operator's primary liaison with the City concerning all administrative issues, such as preparation and submission of required data and reports, and will attend all meetings with the City, as needed.

ii. Establish and maintain personnel policies in compliance with all applicable laws.

i. **Parking.** Subject to Landlord's rules and regulations in the Town Center, Colony's guests and invitees shall have the nonexclusive right to park in any of the public/customer parking areas in the Town Center. At no point during the Term of this Operating Agreement, may Colony provide valet parking in the Town Center parking lot.

**4. Basic Service Obligations.**

a. **Customer Service**. Colony shall conduct customer service satisfaction surveys to evaluate theater operations and performances no more frequently than quarterly and no less frequently than annually. The survey shall evaluate theater operations and solicit recommendations concerning said operations, including, without limitation, recommendations relative to quality, quantity and selection of service provided by Colony. Within thirty (30) days, Colony shall submit to City, an executive summary of the results of each survey conducted, and provide any recommendations made by the survey respondents. Customer service surveys shall be visible and readily available to all visitors, audience, and rental clients (as applicable). Colony shall also:

i. Establish pricing levels for all proposed programming including in-house events and third-party rentals (as applicable).

ii. Establish, maintain, and pay for the telephone and website, with up-to-date information about programs and events, contact information, access instructions, etc.

iii. Maintain consistent online commerce and office hours as necessary to accommodate visitors, phone calls, and meetings that may arise.

iv. Operate a souvenir store and/or refreshment services for visitors subject to compliance with all applicable laws, regulations, and policies. No hot food may be prepared or served at the Premises with the exception of external catering services. Any external catering service will maintain all applicable state and local permits and licenses. Colony may, at its own expense, apply for and obtain applicable state and local permits to serve alcoholic beverages to visitors subject to compliance with all applicable laws, regulations and policies. Should alcohol be served, such service will be included in Colony's insurance obligations as outlined in the 2026 Sublease and Master Lease Modification – Section 8 - Insurance and Indemnity.

5. **Operation Guidelines**. Colony will develop a set of guidelines ("Operational Guidelines") for the Premises. The Operational Guidelines will include hours of operation and other policies relating to the operation of the Premises. Colony must comply with Operational Guidelines at all times. At a minimum, Colony will designate telephone hours and return voicemail calls within twenty-four (24) hours. Colony will schedule tours when requested with advance notice. The Premises must be operating during reasonable periods of time throughout the year and may only be closed on observed holidays when City offices are closed.

6. **Management and Operations**. Colony is a non-profit, public benefit Corporation governed by a board of directors. Key Leadership and Onsite Management for The Colony Theatre Company would include a Producing Artistic Director, Operations Manager, and Technical Manager or equivalent positions that may be titled differently.

    a. **Premises Personnel**. Colony will, in its sole discretion, hire Premises staff, including all on-site management personnel, to oversee all rentals, programming and production, janitorial staff, administrative staff and others deemed by Colony to be appropriate for the efficient operation of the Premises. Such personnel may be hired as qualified independent contractors rather than employees to perform specified services. If Colony contracts with an independent contractor to provide such services, Colony shall ensure that the independent contractor complies with all provisions contained in this Operating Agreement relating to the management, use and operation of the Premises, as well as comply with all insurance provisions contained in the 2026 Sublease and Master Lease Modification. Upon request by the City, Colony shall submit a copy of its most recent agreement with any such independent contractor to the Director. At a minimum, the agreement shall require the independent contractor to comply with all terms and provisions contained in this Operating Agreement. Colony's failure to ensure compliance by its independent contractor in accordance with this section, shall constitute a breach of this Operating Agreement. No provision of this Operating Agreement shall be construed to create an employment relationship between Colony's employees, contractors, volunteers, board members, or other, and the City.

    b. **Live Scan Fingerprinting and Background Check by the US Department of Justice (DOJ).** All employees, independent contractors, and volunteers of the Colony interacting with minors or who have supervisory or disciplinary authority over minors must complete and pass the City of Burbank Live Scan Fingerprinting and Background Check ("Live Scan") clearance by DOJ prior to performing work or other services for the Colony in such a capacity. Upon request by City, Colony shall submit a copy of its

most recent list of employees, independent contractors, and volunteers interacting with minors, with verification of Live Scan to the Director. Colony will be responsible for paying all applicable fees related to Live Scan. Colony's failure to ensure compliance of Live Scan in accordance with this section shall constitute a breach of this Operating Agreement.

c. **Management and Operations Plan; Proposed Annual Budget**. Colony must submit to the City for review, on or before March 1 of each year, a "Management and Operations Plan" that includes a detailed proposal for providing Management and Operations services at the Premises. In addition, Colony must submit a proposed operating budget ("Proposed Operating Budget") to the City for the upcoming calendar year including draft calendar of events and/or programming. The Proposed Annual Budget must specify the amount of working capital required to continue operations of the Premises for the upcoming fiscal year (defined as July 1 through June 30) in light of all major policy decisions, specify all anticipated expenses required to operate the Premises and all projected expenses for long term improvements at the Premises. Director will have the right to comment upon and make suggestions with respect to the Management and Operations Plan and Proposed Annual Budget, provided, however, while Colony must consider all of Director's suggestions and comments, Colony will not be obligated to implement the same. Such annual review will take place at a meeting between the Colony, the Director and such other persons, as parties consider necessary.

d. **Safety and Processing Claims**. Colony must maintain safety standards that are consistent with acceptable industry practices for similar facilities. Colony will investigate and process all claims including those for property damage or personal injury. Colony will cooperate fully with the City in investigation of any property damage, accidental injury or death occurring on the Premises, including a prompt report to the Director of any injury within forty-eight (48) hours of its occurrence.

e. **License, Permits, Business Taxes and Accreditations**. Colony will apply and use its commercially responsible efforts to obtain and maintain all licenses, permits, business taxes and accreditations required in connection with the management, operations and use of the Premises, the cost of which will be an operating expense incurred by Colony.

f. Colony agrees not to commit or suffer to be committed any waste or nuisance in, or about the Premises (including allowing any offensive odors to carry outside the Premises). Colony will comply in all material respects with all federal, state and local laws, ordinances and regulations which pertain or apply to the use of the Premises now or subsequently imposed.

7. **Maintenance and Repair; Alterations**.

a. **Colony's Maintenance and Repair Obligations**.

i. Colony hereby acknowledges and represents that Colony has inspected the Premises and agrees to the Premises in its present condition. In that condition, Colony agrees, at Colony's sole cost and expense without right of

reimbursement from the City, but subject to the provisions of this section, to make such repairs and improvements to the interior, nonstructural portions of the Premises as may be necessary for Colony's use, and to maintain the Premises in good and sanitary order and repair; provided; however, that any such repairs, improvements or maintenance will be subject to the terms and conditions imposed upon "Tenant" in the Master Lease unless otherwise provided herein. Colony will be responsible for non-capital and capital repair and replacement, and general cleaning and maintenance of the interior of the Premises, as well as all repair obligations of "Tenant" under the Master Lease unless otherwise provided herein. Colony shall also be responsible for the maintenance and repairs at the Premises as outlined in Exhibit "A" (Maintenance Responsibility Matrix).

ii. During Colony's occupancy of the Premises under this Operating Agreement, Colony will be responsible for repair, replacement and maintenance of all improvements made in and to the Premises by Colony (whether of a capital or non-capital nature). Colony will be responsible to complete certain improvements to the Premises that will include, but not limited to, restoration of exterior facility signage, restoration of exterior entrance tiles, seat refurbishment/replacement, carpeting throughout the facility, upgrade scaffold, upgrade rehearsal room with Marley flooring, update lighting fixtures in lobby and art gallery, electrical wiring for stage lights and sound and telecommunications, all control booth and dressing room amenities, and the labor to install same in the Premises. The Colony will also furnish the various offices and provide all office equipment, including computers and telephones needed for its operation. Colony will obtain City's approval prior to completing any major repair, replacement, or maintenance to the Premises exceeding $5,000. City has absolute and sole discretion to approve any repairs. In the event any repairs, improvements, or maintenance requires approval by the Town Center under the Master Lease, Colony will first obtain City's approval of such repairs, improvements, or maintenance to the Premises. Colony will provide timely notice to City and/or Town Center, as applicable, of any repairs that are the responsibility of City or Town Center of which Colony is aware of. Upon expiration or termination of this Operating Agreement, Colony agrees to surrender the Premises in reasonably good and sanitary order, condition, and repair in the same condition as when leased to the Colony; permitted or approved alterations, improvements, additions, and reasonable wear and tear excepted.

iii. Janitorial Service. Colony will be responsible for complete janitorial services and the furnishing of janitorial supplies, lamps, and tubes for the proper maintenance of its interior facilities within the Premises.

b. **City's Maintenance and Repair Obligations**.

i. The maintenance, repair, and replacement obligations of each party are set forth in Paragraph 6 of the 2026 Sublease and Master Lease Modification as to each applicable party.

ii. City shall comply with its obligations of maintenance and repair relative to the Premises as stated in the 2026 Sublease and Master Lease Modification including, without limitation, Section 6 (Maintenance. Maintenance Responsibility Matrix). In addition, the City shall be responsible for any and all improvements and maintenance necessary for compliance with applicable laws (including, without limitation, the Americans with Disabilities Act (ADA), and for maintenance related to the HVAC and heating equipment, for the pipes and conduits serving the Premises (including those contained between the exterior and interior walls), and for maintenance related to the elevator. City is responsible for repairs as outlined in Exhibit "A" (Maintenance Responsibility Matrix).

c. **Town Center's Maintenance and Repair Obligations**.

i. The maintenance, repair, and replacement obligations of each party are set forth in Paragraph 6 of the 2026 Sublease and Master Lease Modification as to each applicable party.

ii. Town Center shall comply with its obligations of maintenance and repair relative to the Premises as stated in the Master Lease including, without limitation, Section 13.01 (Landlord's Duty), provided however, that Town Center shall have no obligation or responsibility to repair, maintain or replace any improvements or work of construction installed or performed by the City or the Colony in or to the Premises.

d. **Capital Improvements**. Except as otherwise provided herein or as stated in Exhibit "B" (Goals and Objectives), neither Colony nor City will be obligated to construct any capital improvements to the Premises unless required by the Master Lease, nor will Colony or City be obligated to perform any repairs or maintenance to the roof (including the roof membrane), building systems, or structural components of the Premises (including the foundation), or replace any portion of the Premises, unless the cause for such repairs is due to the negligence or willful misconduct of the Colony, its agents or employees caused by alterations, additions or improvements made by Colony or anyone claiming under Colony, in which case Colony is required to make such repairs.

e. **Insurance Rates**. Colony will not do or permit activities on or in the Premises, nor bring or keep anything in the Premises, that will in any way invalidate, increase the existing premium rate of, or otherwise affect, any insurance upon the Premises, and if such activities should result in any increase in the existing premium rate of insurance, then Colony shall be liable for such additional cost.

f. **Alterations.**

i. **General**. Except as otherwise provided in this paragraph, Colony will not make any alterations, additions, or improvements to the Premises, without City's prior written approval. Furthermore, if such alterations, additions, or

improvements require approval by the Town Center under the Master Lease, Colony will obtain the Town Center's approval prior to making such alterations, additions, or improvements. If Colony desires to make any such alterations, additions, or improvements, Colony will provide to City at least ten (10) calendar days' written notice prior to commencement of construction. City will have the right to approve the contractor used by Colony for any work in the Premises, and to post notices of non-responsibility in connection with work being performed by Colony in the Premises. Colony agrees to indemnify, defend, and hold harmless the City, Town Center, and the Premises free and harmless from any and all liabilities, claims, liens, encumbrances and judgments created or suffered in connection with labor, services or materials furnished in connection with any alterations or additions which Colony causes to be made to the Premises. Colony will not permit any mechanic's lien or stop order or other encumbrance as outlined in Section 2.04 of the Master Lease to be recorded against the Premises. If any mechanic's lien or stop order or other encumbrance is recorded against the Premises, Colony will either cause the same to be discharged of record within ten (10) days after the date of recordation, or if Colony, in its discretion determines to contest the lien, Colony must furnish such security and bond as may be reasonably necessary to prevent any foreclosure proceedings against the Premises during the pendency of such contest. Work by Colony shall comply with all laws then applicable to the Premises. The foregoing will not be deemed a waiver of the police powers of the City to review and approve all applications for building permits to confirm that the proposed improvements comply with applicable building codes.

ii. **Signs**. All signage will be subject to the terms and conditions of Exhibit "F" (Sign Criteria, of the 2026 Sublease and Master Lease Modification). Colony will pay for and perform repair and/or improvements of all exterior signs and other advertising features installed at the Premises as of the Effective Date, including but not limited to the marquee sign. Such improvements will be subject to approval by the Town Center. All signs must be maintained in a fully operational condition at all times, free from any visible damage, deterioration, or other disrepair. Signs should present a clean, professional appearance that is consistent with its original design and construction, ensuring all elements are intact, functional and aesthetically consistent with new or well-maintained signage. If Colony chooses to remove signs or advertisements with new signage/advertisements, Colony agrees to restore the exterior of the Premises to a condition reasonably satisfactory to the City and the Town Center following such removal. Colony may also pay for and perform installation of new exterior sign that advertises Colony's use of Premises, subject to approval by the City and the Town Center. At Colony's sole cost and within thirty (30) days of the expiration or other termination of this Operating Agreement, Colony must remove all exterior signs and other advertising features installed by Colony and restore the Premises to a condition reasonably satisfactory to the City and the Town Center.

g. **Ownership of Improvements**. All improvements affixed to the Premises, unless determined otherwise by the City, will be owned by City upon expiration of the Term or sooner termination of this Operating Agreement. Colony will not, however, remove any other improvements from the Premises nor waste, destroy, or modify any improvements to the Premises, except as permitted by this Operating Agreement. All improvements on the Premises at the expiration of the 2026 Sublease and Master Lease Modification and this Operating Agreement will without compensation to Colony, then become City property free and clear of all claims to or against them by Colony or any third person, and Colony will defend and indemnify City against all liability and loss arising from such claims or from City's exercise of rights conferred by this paragraph.

8. **Utilities and Services**.

a. **Utilities**. Colony will pay all utility charges for the Premises. If City or Town Center incurs and costs for utilities, including but not limited to water, electric and/or gas, then Colony will reimburse the City or Town Center within five (5) days after being billed thereof. Upon request of City, Colony will provide to City proof of payment of any or all utilities in a manner acceptable to City in its reasonable discretion. Colony shall indemnify, defend, and hold harmless and protect Tenant from and against any and all claims, liabilities, damages, losses, costs and expenses (including reasonable attorney's fees) in connection therewith. City is not and shall not be required to furnish to Colony and utility, facility equipment, labor, material or service of any kind whatsoever. City shall not be liable in damages or otherwise for any failure interruption or unavailability of any utility service being furnished to Premises. No such failure or interruption shall entitle Colony to terminate the 2026 Sublease and Master Lease Modification or this Operating Agreement or receive any abatement of rent.

b. **Regulations**. Colony must comply with all government laws or regulations regarding the use or reduction of use of utilities on the Premises. Interruption of services or utilities will not be deemed an eviction or disturbance of Colony's use and possession of the Premises, render City or Town Center liable to Colony for damages, or relieve Colony from performance of Colony's obligations under this Operating Agreement.

c. **Security**. City will not provide security services or adopt security measures regarding the Premises unless otherwise specified in Exhibit "A" (Maintenance Responsibility Matrix).

9. **Taxes and Assessments**.

a. **Real Estate and other Ad Valorem Taxes and Assessments**. To the extent Colony, or its subtenants or assigns, ceases to qualify as a tax-exempt entity with regard to property taxes or otherwise fails to maintain its tax-exempt status with regard to property taxes, Colony shall be responsible for and shall pay, during each year of the Term, all real estate and other ad valorem taxes and assessments of every kind (including general and special assessments, foreseen and unforeseen) with respect to all land, buildings and improvements on the Premises (collectively, "Taxes") that may be charged directly by the Town Center against Colony or otherwise charged against the City pursuant to

the Master Lease. For purposes of this paragraph, the provisions in the Master Lease shall govern Colony's rights and obligations with regard to such Taxes. This paragraph shall not apply during all times that Colony is or remains a tax-exempt entity.

b. **Other Taxes**. If applicable, Colony will pay all taxes, license fees or other governmental charges assessed or imposed on the Personal Property owned by Colony located on the Premises or upon the business operations of Colony conducted on the Premises.

10. **Accounting Systems and Audits**.

a. **Accounting Systems and Business Records.** Colony must maintain an accurate accounting of all receipts and disbursement in connection with the Premises. The method of accounting and bank accounts established for the Premises will be separate from the accounting system used by Colony for any other matters. Colony's accounting system will be in accordance with Generally Accepted Accounting Principles ("GAAP"). Such methods include the keeping of the following documents.

i. Regular books of accounting such as general ledgers.

ii. Journals including any supporting and underlying documents such as vouchers, checks, tickets, bank statements, etc.

iii. State and Federal income tax returns, sales tax returns and check and other documents providing payments of sums shown.

iv. California non-profit public benefit corporation filings.

v. Internal controls on the receipt and recording of all cash receipts, and all others.

vi. Operational financial accounting controls and procedures as they relate to gross revenues are subject to the approval by the City. For the purpose of this agreement, "Gross Revenues" means all money received as a result of the operations of Colony and the sale of goods and services at Colony, determined in accordance with generally accepted accounting principles consistently applied. Gross Revenues shall not include the following: sales tax, excise taxes. At a minimum, the internal control of cash must include an electronic cash register, Point of Sale ("POS") with an auditable daily tape, daily reconciliation of the cash deposit and sales, issuance of physical dated receipt to every patron, a daily activity report listing number of patrons, total collection, merchandise sold (if applicable) and a monthly summary report. Any other accounting records that City, in its reasonable discretion, deems necessary for proper reporting of receipts.

b. **Retention of Financial Records**. Colony will maintain, at its principal offices, its financial records pertaining to such books of account, records, cash receipts, and other pertinent data pertaining to the Premises, which must be kept for a period of at least four (4) years after the conclusion of any fiscal year. The receipt by the City of any

statement, or any payment of additional rent for any period, will not bind City as to the correctness of the statement or the payment.

c. **Audit**. City reserves the right during the Term, on an annual basis and within four (4) years after expiration or termination of the 2026 Sublease and Master Lease Modification or this Operating Agreement, to inspect and examine all Colony's books of account, records, cash receipts, and other pertinent data relevant to operation, maintenance, and management of the Premises at City's expense except as provided in this section specifically:

   i. Copies of annual state and federal income tax returns, and annual and monthly detailed financial statements for a period of four (4) years.

   ii. The City's right to audit will extend during the length of this Operating Agreement and for a period of four (4) years, or longer, if required by law, following the date of final payment of monies owed under this Agreement. Colony agrees to retain all necessary records/documentation for the entire length of the City's right to audit.

   iii. An audit may be accomplished and paid for, in the City's sole discretion, by either City forces or an outside auditing firm. In addition, City retains the right to perform spot check audits no more than once a year and upon providing notice to Colony at least forty-eight (48) hours in advance, this limitation does not apply to audits.

   iv. To the extent legally possible, City will keep information gained from such statements, inspection, or audit confidential (subject to applicable laws, including but not limited, to the California Public Records Act and the Ralph M. Brown Act), and will only disclose such information for the purpose of administering or otherwise carrying out the purpose of this Operating Agreement.

11. **Annual Report to City's Parks and Recreation Board**. On an annual basis, Colony must prepare and present a report to the City's Parks and Recreation Board (Board), on a date mutually agreed upon by the parties. The report must identify all aspects of the operations as defined herein. Report will include but not limited to revenue, expenses, programming, attendance and maintenance, and all goals accomplished in the past year. The annual report shall be in form and substance reasonably acceptable to the Director.

12. **Use by City**. Throughout the Term, at least five (5) non-weekend and non-consecutive days each calendar year shall be made available for use of the Premises by the City including City Board, Commission, and Committee meeting, at no cost, or City may authorize a Community Group (as defined below) to use such day(s). A day shall be deemed as eight (8) hours. The exact dates shall be determined by the Colony and Director. Best efforts will be used to achieve maximum scheduling separation. City will provide the Colony with a minimum of thirty (30) days' advance written notice prior to any scheduled use of the premises by Community Groups. Dates allocated to the City, but not used by them, shall revert to the Colony's use.

13. **Use by Community Groups**. Community Group is defined as, may include, but is not limited to, neighborhood associations, non-profit organizations, volunteer groups, or other collectives that represent the interests of or provide services to the community.

    a. **Use by Burbank-based Non-Profit Organizations**. Colony agrees to provide free and at-cost meeting space in the rehearsal studio to Burbank based non-profits as Colony's performance schedule allows. Use(s) under this subsection will not be considered use by the City under Paragraph 12 above.

14. **Colony Support Services for City and Community Group Use**. Upon request, the Colony will provide the following support services for City or City-selected Community Groups when such are utilizing the Premises pursuant to Section 13 (Use by Community Groups) collectively "Support Services." City or City-selected Community Group shall pay Colony for any and all direct costs related to such support services including:

    a. If applicable, maintain consistent online commerce and weekly box office hours of operations to accommodate Facility walk-ups, phone calls, and meetings that may arise.

    b. A box office at the Premises during business hours for reservations/advance ticketing services for community group performances to take place at the Premises.

    c. If applicable, notification on the outdoor marquee at the Premises of current and upcoming events (subject to the Colony's rights of use relative to such marquee, as set forth in the 2026 Sublease and Master Lease Modification). Colony shall not be obligated to pay for any such notifications, posters or advertising/promotional materials.

    d. Use at the Premises of Colony's lighting, sound, projection, intercom, headsets and audio/video monitoring systems under the supervision of Colony's staff.

    e. Use of the theater backstage areas at the Premises for sets, props, and costumes during performance or use periods in the main auditorium.

    f. Basic consulting services by the Colony's Technical Director to community groups using the facilities at the Premises.

    g. If requested, help and consultation by the Colony's professional staff of directors, subject to availability.

    h. Maintenance, janitorial and lockup services at the Premises.

15. **Concession and Ticketing Operations**.

    a. **Concession.** When the Premises is being used by City and Community Groups, Colony shall permit the City and Community Groups to sell concessions during their use of the Premises. The City and Community Groups shall not use Colony's concession

equipment or supplies, except for tables, which shall be made available by Colony as part of the rental agreement. All other equipment and supplies required for concession sales, including but not limited to point-of-sale (POS) systems, shall be the sole responsibility of the City or the applicable Community Group.

b. **Ticketing**. When the Premises is used by the City or Community Groups for events requiring ticketing, the respective group shall be solely responsible for establishing and managing its own ticketing, registration, and financial processing systems. The group may use the physical ticketing booth located on the Premises, but shall not utilize Colony's ticketing platform, software, or financial accounts for any event-related transactions.

16. **Additional Groups**. The 2026 Sublease and Master Lease Modification permits the Colony to offer the Premises to groups other than the Community Groups discussed in Section 13 of this Operating Agreement, the financial arrangements of which may include, without limitation, that of joint venturing with other persons or entities with respect to specific productions to be staged at the Premises.

17. **Use Agreement**. With the exception of uses pursuant to Section 3(a), the Colony shall have the right to determine the content and quality of scheduled third-party rental programming. Any rental group, licensed caterers, and third-party contractors utilizing the Premises pursuant to this Operating Agreement shall be required to execute a use agreement ("Use Agreement") with the Colony, the general form for which shall be approved by the Burbank City Attorney's Office and Landlord, which shall establish box office and facility hours, and will enumerate specific services to be provided by the third-party and Colony. It shall retain, for the Colony, the right to approve personnel operating the Colony's equipment and shall require such groups to (a) to exercise safe and reasonable care in their use of the Premises and its fixtures and equipment, (b) to agree to be fully responsible for damage to the Premises and its fixtures caused by such groups of their audiences, ordinary wear and tear excluded, and (c) to furnish proof of insurance (naming the City, Colony, Landlord and Landlord's Lender and additional insureds) covering any damage to the Premises and fixtures occurring as a result of the group's use of same, as well as insurance as outlined in Section 8 of the 2026 Sublease and Master Lease Modification.

18. **Refusal to Permit Use of Facility**. The Colony may refuse to permit the use or continued use of the Premises by any third party that, in the Colony's reasonable discretion, has not observed its Use Agreements with the Colony or similar agreements with other theaters, or whose performances are functionally incompatible with the orderly use of the Premises, or may cause damage to the Premises and its fixtures and improvements.

19. **Default**.

a. **Default.** Any of the following will constitute a default by Colony under this Operating Agreement.

i. Colony's failure to pay Rent or any other charge under the 2026 Sublease and Master Lease Modification within seven (7) days after it is due.

ii. Colony's failure to observe or perform any of the covenants, conditions or provisions of this Operating Agreement to be observed or performed by Colony, including but not limited to obligations imposed under the Master Lease, 2026 Sublease and Master Lease Modification, and the REA, other than described in subsection 20(a)(i) above where such failure continues for a period of third (30) days after written notice hereof from City to Colony; provided, however, that if the nature of Colony's default is such that more than thirty (30) days are reasonably required for its cure, then Colony will not be deemed to be in default if Colony commenced such cure within said thirty (30) day period and thereafter diligently prosecutes such cure to completion; or failure to comply with any other term or condition imposed under this Operating Agreement, the Master Lease, or the REA, within thirty (30) days following written notice from City specifying the noncompliance.

iii. Colony's insolvency, business failure or assignment for the benefit of its creditors. Colony's commencement of proceedings under any provision of any bankruptcy or insolvency law or failure to obtain dismissal of any petition filed against it under such laws within the time required to answer; or the appointment of a receiver for all for any portion of Colony's properties or financial records.

iv. Colony's abandonment of the Premises for at least 30 days, with or without notice to the City of such action.

v. Failure to complete and provide documentation of adherence to any of the obligations described herein, including but not limited to Goals and Objectives, Operation Guidelines, Livescan, Management and Operation Plan, proposed Annual Budget, Financial Reporting, and Annual Report to Parks and Recreation Board.

b. **Remedies**. In the event of a default or breach, City may, with or without further notice or demand, and without limiting City in the exercise of any right or remedy which City may have by reason of such breach:

i. Terminate Colony's right to possession of the Premises by any lawful means, in which case this Operating Agreement will terminate, and Colony must immediately surrender possession to City. In such event, City will be entitled to recover from Colony:

(1) Unpaid Rent which had been earned at the time of termination; (2) the worth at the time of award of the amount by which the unpaid Rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Colony proves could have been reasonably avoided; (3) the worth at the time of award of the amount by which the unpaid rent for the balance of the Term after the time of award exceeds the amount of such rental loss that the Colony proves could be reasonably avoided; (4) any other

amount necessary to compensate City for all the detriment proximately caused by the Colony's failure to perform its obligations under the 2026 Sublease and Mater Lease Modification or this Operating Agreement, which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession of the Premises, expenses of reletting, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, and that portion of any leasing commission paid by City in connection with this Operating Agreement applicable to the unexpired Term of this Operating Agreement. The worth at the time of award of the amount referred to in provision; and (5) of the immediately preceding sentence will be computed by discounting such amount at the discount rate of the Federal Reserve Bank of the District within which the Premises are located at the time of award plus one percent (1%). Efforts by City to mitigate damages caused by Colony's breach of this 2026 Sublease and Mater Lease Modification will not waive City's right to recover damages hereunder. If termination of this 2026 Sublease and Mater Lease Modification is obtained through the provisional remedy of unlawful detainer, City will have the right to recover in such proceeding any unpaid Rent and damages as are recoverable therein, or City may reserve the right to recover all or any part thereof in a separate suit. If a notice and grace period required above, was not previously given, a notice to pay rent or quit, or to perform or quit given to Colony under the unlawful detainer statute will also constitute the notice required above. In such case, the applicable grace period required above, and the unlawful detainer statute will run concurrently, and the failure of Colony to cure the Default within the greater of the two such grace periods will constitute both an unlawful detainer and a breach of this 2026 Sublease and Mater Lease Modification entitling City to the remedies provided for in the 2026 Sublease and Mater Lease Modification and/or by statute.

ii. Pursue any other remedy now or hereafter available under the laws or judicial decisions of the state of California. The expiration or termination of this Operating Agreement and/or the termination of Colony's right to possession will not relieve Colony from liability under any indemnity provisions of this Operating Agreement as to matters occurring or accruing during the Term hereof or by reason of Colony's occupancy of the Premises.

iii. City may make any payment or perform any obligation which Colony has failed to perform, in which case City will be entitled to recover from Colony upon demand all amounts so expended, plus interest from the date of expenditure at the rate of ten (10) percent per annum. Any such payment or performance by City will not waive Colony's default.

20. **General Terms**.

a. **Titles and Headings; Context**. Titles and headings to paragraphs in this Operating Agreement are for the purpose of reference only and shall, in no way limit, define, or otherwise affect the provisions of it.

b. **Incorporation by Reference**. Every exhibit, schedule, and other appendix attached to this Operating Agreement and referred to herein is hereby incorporated into this Operating Agreement by reference.

c. **Non-Assignment**. This Operating Agreement, and any rights or obligations hereunder, are personal to the Colony and shall not be assignable by the Colony without the City's prior written consent.

d. **Successors.** Notwithstanding any other provisions hereof, all the terms, covenants and conditions of this Operating Agreement shall be binding upon and shall inure to the benefit of the successors and assigns of the Parties hereto.

e. **Third Parties**. Nothing contained in this Operating Agreement is intended to confer any benefit or right of any kind on any person who is not a signatory to this Operating Agreement.

f. **Notices**. Notices between the parties relating to this Operating Agreement will be in writing, including but not limited to, e-mail communications, requests and other communications hereunder shall be effective when received, but if sent by registered or certified mail, postage prepaid, shall be effective from three (3) business days after being deposited in the United States Mail.

g. **Authority**. Each individual executing this Operating Agreement on behalf of an entity represents and warrants full authority to execute this Operating Agreement on behalf of such entity and the execution of this Operating Agreement, and entry into this transaction of the undersigned has been duly authorized by such entity.

h. **Governing Law; Partial Invalidity**. This Operating Agreement shall be governed by and construed in accordance with the laws in the State of California.

i. **No Joint Venture**. Nothing contained herein, in this Operating Agreement or in any document executed in connection herewith shall be construed as making the Colony, on the one hand, and the City, on the other hand, as joint venturers or partners or agents of each other.

j. **Waiver of Claims**. Colony hereby irrevocably waives on behalf of itself, its successors and assigns and all persons claiming through it, any claim which Colony may assert against the City for inverse condemnation, relocation payment or compensation for fixtures and equipment and/or any other costs, expenses or claims not specifically listed herein incurred by Colony in connection with any termination, either by operation of law or otherwise of this Operating Agreement. Colony specifically

acknowledges that this Operating Agreement may be pleaded as a defense and a bar to any such claim. Colony further specifically acknowledges that in making this waiver, Colony has consulted with its attorney and that this waiver is made freely and with knowledge of the character and extent of the rights thus waived.

k. **Reciprocal Easement Agreement; Master Lease; Sublease**. This Operating Agreement is subject to the terms and conditions of the REA, the 2026 Sublease and Master Lease Modification, and the Master Lease.

l. **Laws and Ordinances**. Colony and its subcontractors shall obtain any and all permits and licenses that may be required in connection with its operations at the Premises and shall comply with all applicable federal, state, county and local laws and regulations in the exercise of the rights and privileges granted to it by the 2026 Sublease and Master Lease Modification and this Operating Agreement.

m. **Attorney's Fees**. In any litigation arising out of this Operating Agreement, the prevailing party will be entitled to recover reasonable attorney's fees and costs associated therewith.

n. **Execution Counterparts**. This Operating Agreement may be executed in counterparts and each such duplicate counterpart shall constitute an original, any one of which may be used for any purpose without the production of its duplicate counterpart. Moreover, each counterpart shall be deemed for all purposes to be an original, and all such counterparts together shall constitute one and the same instrument, binding on all Parties hereto. Transmission by electronic mail, and/or other validated instantaneous electronic transmission to one Party of a true copy of a counterpart duly executed by the other Party shall constitute valid delivery of such counterpart, and shall be valid, binding and effective for all purposes. Notwithstanding the foregoing, the authority under this Section to execute this Sublease with an electronic signature shall be limited to a physical "wet" ink signature placed on a counterpart to this Operating Agreement by a Party and transmitted electronically as described in this Section to the other Party.

[Signatures on following page]

IN WITNESS WHEREOF, this Agreement has been executed by the parties as of the Effective Date.

**EXHIBIT A**
**MAINTENANCE RESPONSIBILITY MATRIX**

| | MAINTENANCE DIVISIONS | TENANT / CITY | SUBLESSEE / COLONY | LANDLORD / TOWN CENTER | COMMENTS |
|---|---|---|---|---|---|
| 1 | **Building Envelope** | | | | |
| | Roof and waterproofing inspection | X | | | |
| | Roof, roof drain and downspout cleaning | | | X | |
| | Roof waterproofing investigation and repair | | | X | |
| | Exterior painting and lifecycle replacement | | | X | |
| 2 | **Openings** | | | | |
| | Door and window repair | X | | | |
| | Door and window replacement | | | X | |
| | Electrified door and window maintenance and repair | X | | | |
| | Key duplication, lock service and small repairs | | X | | Repairing locks and duplicating keys on an as needed basis. |
| | Lock replacement and lock addition | X | | | |
| 3 | **Interior Finishes** | | | | |
| | Future tenant Improvements | | X | | Must be approved by Tenant / City prior to construction - See Operating Agreement - Exhibit B - Goals and Objectives |
| | Floor repair and replacement - (non-structural) | | X | | Tenant / City is not responsible for wear and tear on facility carpeting and flooring throughout the facility including restrooms, lobby, offices, ticket booth, stage area, etc. |
| | Floor maintenance | | X | | Sublessee / Colony must maintain flooring throughout the facility including restrooms, lobby, offices, ticket booth, stage area, etc. |
| | Interior painting | | X | | |
| | Interior paint and finishing, lifecycle replacement | | | X | |
| | Restroom finishes including all fixtures (e.g. faucets, partitions, tile, mirrors and towel bars) | | X | | All upgrades / replacements / repairs must comply with ADA standards. All fixtures must be in compliance with ADA standards. |
| | Casework/Cabinets - repair | | X | | |
| | Window treatment | | X | | Includes window treatments inside the facility such as shutters, curtains, blinds, etc. |
| 4 | **Plumbing** | | | | |
| | **Waste Water Systems** | | | | |
| | Sewer maintenance and stoppages - to Building | X | | | |
| | Sewer maintenance and stoppages - within Building | | X | | Includes clogged sinks, faucets, toilets, drains, etc. |
| | Sewer repair and replacement | | | X | |
| | **Water Supply Systems** | | | | |
| | Backflow device test and inspection | X | | | |
| | Backflow device repair | X | | | |
| | Backflow device replacement | X | | | |
| | Fire sprinkler replacement | | | X | |
| | Fire sprinkler maintenance and repair | X | | | |
| | Water filters- appliance | | X | | Includes all appliance filters such as water drinking fountains, water bottle fill stations, refrigeration units , etc. owned by Sublessee / Colony or City / Tenant. |
| | Plumbing system large repair and lifecycle replacement (includes fire water) | | | X | |
| | Plumbing fixtures and valve maintenance within the building | | X | | Includes any plumbing or valve maintenance such as sink or toilet adjustments (toilet running, sink dripping, etc.). This includes only plumbing fixtures mounted on the exterior walls, such as wall-mounted facets, or exposed exterior plumbing. Exclusions include any plumbing systems, pipes or fixtures that are located within the walls. |
| | Plumbing fixture, valve repair and replacement within the building | | X | | All repairs and replacement exceeding $5,000 must be approved by Tenant/City. |
| 5 | **Electrical** | | | | |
| | Uninterruptible Power Supply system maintenance - personal computer | | X | | |
| | Uninterruptible Power Supply system repair and replacement for building | | | X | |
| | Computers and internal network | | X | | |
| | Electrical system maintenance | X | | | No work allowed inside panels unless authorized by Tenant/City. |
| | Electrical system large repair and lifecycle replacement | | | X | |
| | Lighting control system modification | | X | | Any change or modifications requires approval by Tenant / City such as electrical re-wiring. Including timers, dimmers, lighting schedules, and any complex system. |
| 6 | **Mechanical/HVAC** | | | | |
| | HVAC system maintenance | X | | | |
| | HVAC system repair and replacement | | | X | |

# STAFF REPORT

## FINANCIAL SERVICES

**DATE:** June 2, 2026

**TO:** Justin Hess, City Manager

**FROM:** Jennifer Becker, Financial Services Director
By: Leana Mkrtchyan, Assistant Financial Services Director

**SUBJECT:** Adoption of Resolutions Adopting the Fiscal Year 2026-27 Annual Budget, Citywide Fee Schedule, and Appropriations Limit

## RECOMMENDATION

1. Provide further direction as necessary regarding the budget follow-up requests.

2. Adopt A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ADOPTING THE BUDGET FOR THE FISCAL YEAR 2026-2027 AND MAKING APPROPRIATIONS FOR AMOUNTS BUDGETED.

3. Adopt A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK DETERMINING AND ESTABLISHING THE CITY'S APPROPRIATIONS LIMIT FOR THE FISCAL YEAR 2026-2027.

4. Adopt A RESOLUTION OF THE HOUSING AUTHORITY OF THE CITY OF BURBANK ADOPTING THE BUDGET FOR THE FISCAL YEAR 2026-2027.

5. Adopt A RESOLUTION OF THE PARKING AUTHORITY OF THE CITY OF BURBANK ADOPTING THE BUDGET FOR THE FISCAL YEAR 2026-2027.

6. Adopt A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ADOPTING THE FISCAL YEAR 2026-2027 CITYWIDE FEE SCHEDULE.

## BACKGROUND

The Fiscal Year 2026-27 Proposed Budget documents were distributed on April 30, 2026, for the City Council's review and made available to the public at the City Clerk's Office, the Financial Services Department, and on the City's website. The Budget was reviewed during two City Council Meetings that were held on May 5, and May 19, 2026, during which staff presented a detailed overview of the Proposed Citywide FY 2026-27 Budget and Fee Schedule, along with the General Fund Five-Year Financial Forecast and the citywide Capital Improvement Program (CIP). The purpose of these budget presentations was to provide the City Council the opportunity to review each department and fund's budget, ask questions, review new budget requests, and make modifications to the budget and fee schedule.

## DISCUSSION

### FY 2026-27 Citywide Budget

The following chart provides a Citywide snapshot of proposed resources and appropriations for FY 2026-27. The total appropriations for the FY 2026-27 Proposed Budget of approximately $1 billion are roughly $600,000 less than the Adopted FY 2025-26 Budget.

| FUND/FUND GROUP | PROPOSED RESOURCES | PROPOSED APPROPRIATIONS * |
|---|---|---|
| General Fund | $ 272,194,764 | $ 282,127,444 |
| Special Revenue Funds (incl. Cap Projects Fund) | 93,296,149 | 75,141,302 |
| Internal Services Funds | 68,178,471 | 120,802,367 |
| Water Reclamation & Sewer | 23,842,632 | 28,199,961 |
| Water and Electric (BWP) | 349,012,231 | 456,626,546 |
| Refuse Collection and Disposal | 28,105,321 | 30,101,967 |
| Successor Agency | 1,799,905 | 2,443,085 |
| Housing Authority | 16,816,710 | 17,510,635 |
| Parking Authority | 2,329,126 | 1,715,837 |
| **TOTAL ALL FUNDS** | **$ 855,575,309** | **$ 1,014,669,144** |

**Proposed Appropriations are funded by FY 2026-27 total citywide revenues as well as the use of available fund balances.*

### Council Follow-up Items

During the City Council Meeting on May 19, 2026, the City Council reviewed 11 discussion papers and follow-up items related to the budget. At that time, the following items were approved by the City Council for incorporation into the Proposed Budget:

1) Community Events and Program Grant - $50,000 (Recurring)
2) Enhanced Renter Relocation Program for Qualified Households (Measure A) - $330,000 (One-Time)
3) Proposed Increase to Community Arts Grant Funding - $15,000 (One-Time)

4) Consideration of a One-Time Budget Appropriation of $50,000 for an Immigration Emergency Assistance Fund - $50,000 (One-Time)

The City Council also requested additional information related to the following items to be reviewed at the Budget Public Hearing. These items are included in this report as Attachment 9.

1) Cost Estimate for Citywide Wage Survey
2) Information on the Burbank Police Department Budget Line Item: Equipment Rental/Automated License Plate Reader

**General Fund Financial Status**

Based on the forecasted FY 2026-27 revenue and proposed recurring appropriations, including the discussion papers approved by the City Council for incorporation into the budget on May 19, 2026, staff is projecting a recurring deficit of approximately $2.7 million in FY 2026-27 (see Attachment 6). Factoring in the anticipated ending balance from FY 2025-26, contributions to reserves, and proposed one-time appropriations, staff is expecting an available balance of $27.9 million in the General Fund at the end of FY 2026-27.

**Capital Improvement Program**

Adhering to the City Council's adopted Infrastructure Maintenance, Repair, and Improvement Policy, the FY 2026-27 Proposed Budget continues to contribute half of the Measure P sales tax revenue to the Municipal Infrastructure Fund 534, in addition to the annual $4.7 million General Fund maintenance of effort.

The FY 2026-27 Proposed CIP Budget continues the City's efforts towards addressing infrastructure needs, with just over $49.5 million in proposed general city capital spending from 15 different funds and funding sources, alongside $5.9 million in annual Fund 534 maintenance dollars. The proposed CIP projects were presented to the Infrastructure Oversight Board (IOB) for review at two public meetings on March 26 and April 23, 2026, the second of which the IOB formally approved the capital plan for inclusion in the Proposed Budget. A summary of all new and continuing CIP projects for FY 2026-27 is included in Attachment 8.

**Gann Initiative Appropriation Limit**

The City is required by State law to establish an appropriation limit each fiscal year. Only those revenues received from the proceeds of taxes are subject to this limit. This means that only certain revenues from funds such as the General Fund, the Gas Tax Fund, and various Transportation Funds are subject to the appropriation limit. All other funds that fall under the City Council's control (i.e., Enterprise Fund rates and General Fund user fees) are exempt from this limitation.

Utilizing the most current price and population data provided by the State of California,

the City's FY 2026-27 appropriation limit is estimated to be $299,789,350. The actual amount of the appropriations contained in the budget that is subject to the limit is $182,677,671. The difference between the City's appropriation limit and the amount proposed to be appropriated that is subject to the limit is $117,111,671. As a result, the City, in accordance with State law, is well below its appropriations limit.

## ENVIRONMENTAL REVIEW

This activity includes the FY 2026-27 Proposed Budget and has no potential for resulting in either a direct or a reasonably foreseeable indirect physical change in the environment. As such, it is not a "project" subject to the requirements of the California Environmental Quality Act (CEQA) 14 Cal. Code Regs § 15378.

## CONCLUSION

The adoption of the Budget sets forth the appropriations for the new fiscal year. For FY 2026-27, total General Fund appropriations of $282 million against projected revenues and the use of fund balance will be stabilized. If adopted as is, the overall General Fund budget will be balanced as required by the City Charter. However, it should be noted that the projected recurring balance for FY 2026-27 is forecasted to remain a deficit in the second year and succeeding fiscal years of the five-year forecast as future projected expenses outpace projected revenues (see Attachment 7).

Burbank is heading into FY 2026-27 with a proposed budget that reflects the City Council's goals and priorities but still adheres to the City's values of fiscal responsibility. The City Council has consistently pursued sound fiscal policies and strategies like strengthening revenues, paying down pension liabilities, building up reserves, and utilizing one-time funds to make strategic investments to reduce future recurring expenses. In addition to the projected FY 2026-27 year-end General Fund Balance of nearly $28 million, Burbank's formal reserves total approximately $65.7 million and will increase to $68.7 million with the adoption of this budget. These funds will allow Burbank to weather any potential unexpected events or fluctuations in the economy over the next several years. Staff will continue to monitor any economic conditions or legislative actions that may impact the City's financial position and provide regular updates to the City Council.

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ADOPTING THE BUDGET FOR THE FISCAL YEAR 2026-2027 AND MAKING APPROPRIATIONS FOR AMOUNTS BUDGETED

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. A proposed budget for the City of Burbank for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, was submitted to the Council, as required by Section 1005 of the City Charter and is on file in the City Clerk's Office.

B. Proceedings for the adoption of said budget have been duly taken.

C. The Council has made certain revisions, corrections, and modifications to said proposed budget, as in this resolution provided.

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. The proposed budget as herein amended is adopted as the budget of the City of Burbank for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

2. The Burbank Water and Power General Manager is authorized to use incremental wholesale electrical power sales revenue to offset associated incremental wholesale power purchase costs exceeding those provided for in this budget.

3. The Burbank Water and Power General Manager is authorized to make strategic water purchases above its annual pumping requirement under the Metropolitan Water District (MWD)'s replenishment or cyclic water program, physical solution water under the San Fernando basin judgment, or any combination of purchases that will generate the lowest average cost of water in the future.

4. Pursuant to the City's Charter, to meet the year's receipts shown as coming from revenues of the Burbank Water and Power Department, an amount not to exceed seven percent (7.0%) of the gross sales of electricity by said Department, exclusive of wholesale sales of electricity to other public or privately-owned utilities, shall be deposited or transferred to the General Fund.

5. The Financial Services Director is authorized to replenish the Emergency Reserve account by an amount to make the balance equal five percent (5.0%) of the Fiscal Year 2026-27 budget from projected surplus in the General Fund.

6. The Financial Services Director is authorized to appropriate an amount to make the balance equal fifteen percent (15.0%) of the Fiscal Year 2026-2027 budget from the projected General Fund surplus for increasing the working capital reserves.

7. The Financial Services Director is authorized to appropriate an amount to make the balance equal up to five percent (up to 5.0%) of the Fiscal Year 2026-2027 budget from the projected General Fund surplus for the budget stabilization reserve.

8. The Financial Services Director is authorized to contribute $318,469 to the General Fund Compensated Absences Reserve for the Fiscal Year 2026-2027 budget.

9. The Financial Services Director is authorized to amend the Fiscal Year 2026-2027 Annual Budget by continuing appropriations for all ongoing and programmatic capital projects from Fiscal Year 2025-26 for the amounts remaining in various Funds.

10. The City Manager is authorized and empowered to expend such sums for the purpose of such accounts, but no expenditure by any office or department for any item within a cost center shall exceed the amount budgeted without the prior written consent of the City Manager.

11. The City of Burbank has adopted Governmental Accounting Standards Board (GASB) Statement No. 62, Codification of Accounting and Financial Reporting Guidance, which requires the effects of the ratemaking process be recorded in its financial statements.

12. The City Manager or designee is authorized to approve and execute agreements for professional services, services and goods that are listed in the Agreements and Contracts List appendix of the Budget adopted herein.

13. The Financial Services Director is authorized to amend the City's Fiscal Year 2026-27 Annual General Fund Budget by appropriating expected revenue receipts from State Mutual Aid and United States Forestry Service to reimburse the Burbank Fire Department for expenses incurred by sending strike teams to wildfires and other natural disasters.

14. Pursuant to California Government Code Sections 50050-50053 and 50055, the City of Burbank may claim money in its treasury or under its control that remains unclaimed for more than three years. At the expiration of the three years and after performing the required public notice in accordance with these provisions, the City Treasurer is authorized and directed to transfer said moneys to the General Fund. Any individual items of less than fifteen dollars ($15), or any amount if the depositor's name is unknown, which remain unclaimed in the treasury or in the official custody of a City Department for a period of one year may be transferred to the General Fund.

15. The Financial Services Director is authorized to amend the Fiscal Year 2026-27 Annual Budget by appropriating development and associated consultant fees listed under Article III. Land Use and Zoning of the Adopted Citywide Fee Schedule, which have been deposited for the purpose of offsetting the cost for professional services, services and goods.

16. The Financial Services Director is authorized to make such other revisions, individual appropriation line-items, changes in summaries, fund totals, grand totals, and other portions of the budget document as necessary to reflect and implement the programs specified in this resolution, and in full accordance with the direction provided by the Council up until the adoption of this resolution.

PASSED AND ADOPTED this __ day of June, 2026.

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK DETERMINING AND ESTABLISHING THE CITY'S APPROPRIATIONS LIMIT FOR THE FISCAL YEAR 2026-2027.

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. On November 6, 1979, the voters of the State of California approved an initiative measure which added Article XIIIB to the California Constitution.

B. Said constitutional provision imposes a limitation upon certain annual appropriations of state and local public entities.

C. Pursuant to said constitutional provision, the State Legislature amended the Government Code by adding thereto Division 9 to Title I of said Code (§7900 et seq.).

D. Government Code §7910 requires the governing body of each local jurisdiction to establish its appropriations limit by resolution.

E. Pursuant to said code section the documentation provided by the Financial Services Director upon which the determination and establishment of this resolution is based has been and is on file with and available for public inspection in the office of the City Clerk and may be viewed on the City's website for fifteen (15) days prior to the date of the adoption of this resolution.

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. Pursuant to Government Code §7910, the appropriations limit for Fiscal Year 2026-2027 is determined and shall be the sum of $299,789,350.

2. Adoption of the proposed Fiscal Year 2026-2027 budget will result in appropriations subject to the aforementioned limitation as defined in Article XIIIB of the California Constitution, in the sum of $182,677,671.

PASSED AND ADOPTED this ___ day of June, 2026.

A RESOLUTION OF THE HOUSING AUTHORITY OF THE CITY OF BURBANK ADOPTING THE BUDGET FOR THE FISCAL YEAR 2026-2027

THE HOUSING AUTHORITY OF THE CITY OF BURBANK RESOLVES:

1. A proposed budget for the Housing Authority for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, as submitted to the Authority on June 2, 2026, is adopted as the budget of the Housing Authority of the City of Burbank.

2. There is hereby appropriated to each account the amounts set forth in the proposed Fiscal Year 2026-2027 Annual Budget document.

3. The Executive Director is authorized to expend such sums for the purpose of such accounts, but no expenditure by any office or department for any item within an account shall exceed the amount budgeted without the prior written approval of the Executive Director. The Executive Director is authorized to transfer appropriations between expenditures listed as circumstances may warrant.

4. The Executive Director or designee is authorized to approve and execute agreements for professional services, services and goods that are listed in the Budget adopted herein.

5. The Financial Services Director is authorized to make such other revisions, individual appropriation line-items, changes in summaries, fund totals, grand totals, and other portions of the budget document as necessary to reflect and implement the programs specified in this resolution, and in full accordance with the direction provided by the Council up until the adoption of this resolution.

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ADOPTING THE FISCAL YEAR 2026-2027 CITYWIDE FEE SCHEDULE

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. Section 1-1-112 of the Burbank Municipal Code provides that all fees, penalties, and charges of any kind levied by the City shall be designated in the Burbank Fee Resolution (commonly referred to as the Citywide Fee Schedule), as amended by the Council from time to time.

B. The proposed Fiscal Year 2026-2027 Citywide Fee Schedule incorporating and implementing proposed amendments to schedules, tables, fees, taxes, penalties, and charges set forth in the current Citywide Fee Schedule was presented to the City Council for approval and adoption on June 2, 2026.

C. Pursuant to Government Code §66016, as of April 30, 2026, as part of the proposed budget book, the data indicating the amount of cost, or estimated cost, required to provide the service for which a fee or service charge is levied or increased and the revenue sources anticipated to provide the service, including General Fund revenues, was available to the public.

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. That the Fiscal Year 2026-2027 Citywide Fee Schedule, including the amendments to the schedules, tables, fees, taxes, penalties, and charges to Resolution No. 25-29,610 noted in the “Fee Schedule Changes” section of the Proposed Budget document submitted in support of this Resolution is hereby adopted.

2. That the intent of the City Council in adopting this Resolution is to incorporate the amended and revised fees and charges for various City services in the Fiscal Year 2026-2027 Citywide Fee Schedule and that all other fees and charges appearing therein shall continue in effect and shall not be deemed to have been repealed or readopted by this Resolution.

# MEMORANDUM

## FINANCIAL SERVICES DEPARTMENT

**DATE:** June 2, 2026

**TO:** Justin Hess, City Manager

**FROM:** Jennifer Becker, Financial Services Director

**SUBJECT:** Budget Discussion Papers

## BACKGROUND

During the City Council meeting held on May 19, 2026, the City Council requested additional information (Discussion Papers) on several items related to the Budget.

The following is a summary of the discussion paper requests that are attached:

| No. | Dept. | Subject |
|---|---|---|
| 1 | CDD | Cost Estimate for Citywide Wage Survey |
| 2 | PD | Information on the Burbank Police Department Budget Line Item: Equipment Rental/Automated License Plate Reader |

In addition, the City Council was previously provided the following discussion papers during the May 19, 2026 City Council Meeting:

| No. | Dept. | Subject |
|---|---|---|
| 1 | CM | Consideration of a One-Time Budget Appropriation of $50,000 for an Immigration Emergency Assistance Fund |
| 2 | PR | Consideration of Adding a Third Community Garden |
| 3 | CDD | Economic Impact Report on Increasing Minimum Wage and Establishing an Enforcement Unit |

Lastly, the City Council was previously provided with the following discussion papers during the May 5, 2026 City Council Meeting as part of the Proposed Budget binder:

| No. | Dept. | Subject |
|---|---|---|
| 1 | CM | Community Events and Program Grant |
| 2 | CDD | Enhanced Renter Relocation Program for Qualified Households (Measure A) |
| 3 | PR | Proposed Increase to Community Arts Grant Funding |
| 4 | PR | Elderly Nutrition Program Funding Update (Informational) |
| 5 | PR | DeBell Golf Course Financial Update (Informational) |
| 6 | PW | Budget Appropriation for Sustainability Activities |
| 7 | PW | Consideration of Palm Ave. Closure for Community Events (Informational) |
| 8 | BWP | Two Customer Service Representative III and Two Field Service Representative Positions FY 2026-27 (Informational) |

# MEMORANDUM

**DATE:** June 2, 2026

**TO:** Justin Hess, City Manager

**FROM:** Patrick Prescott, Community Development Director
BY: Simone McFarland, Assistant Community Development Director

**SUBJECT:** Budget Discussion Paper – Cost Estimate for Citywide Wage Survey

At the May 19, 2026 City Council meeting, Council requested a cost estimate for Citywide wage survey. Staff has contacted several consulting firms regarding conducting this type of survey. However, at this time, a consultant able to provide the requested services has not yet been identified. Additional time is needed to continue outreach and evaluate potential options.

## BACKGROUND

California's minimum wage is currently $16.90 per hour. Some neighboring cities within Los Angeles County have adopted higher local minimum wage rates for specific industries or sectors. At the May 5, 2026 City Council meeting, Council Member Anthony requested that staff return with the prior year's Budget Discussion Paper regarding a potential local minimum wage increase and the possible creation of an enforcement unit.

During discussion at the May 20, 2026 City Council meeting, Council requested additional information related to local minimum wage policies, including:

- Wage data for jobs paid at or near minimum wage, specific to Burbank;
- Research conducted by other cities and the reasoning behind adopting local minimum wage ordinances; and
- More detailed wage information by industry and occupation within Burbank.

Council also asked whether staff could gather this information internally or if hiring a consultant would be necessary, including the potential cost of obtaining additional data and analysis.

## DISCUSSION

### Existing Data

In response to the Council request, staff conducted a preliminary review of available wage data sources and consulted with several data providers and the City's IT Department. Staff identified several limitations, including the lack of Burbank-specific wage data, reliance on broader regional datasets, privacy considerations, and the significant effort required to compile and analyze sector-specific information in the format requested. Staff also determined that currently available data may not accurately reflect Burbank's workforce due to the City's large commuter population.

### Wage Survey

Due to the current lack of reliable, relevant data, obtaining the information requested by the Council would require conducting a survey of wages paid at businesses throughout Burbank. Staff has contacted multiple firms but has not yet identified a consultant that provides this type of survey service. Although many firms advertise wage survey services, most only compare a client company's wages to industry benchmarks or provide access to existing compensation data.

With additional time, staff will continue to evaluate available options and research approaches utilized by other cities that have conducted similar analyses or studies and will return to Council with any identified options, associated costs, and any necessary budget appropriation requests for further direction.

## FISCAL IMPACT

There is no fiscal impact associated with this report.

## CONCLUSION

At this time, staff has not identified an available consulting service capable of conducting a Burbank-specific wage survey as requested by Council. Existing wage data sources are limited in scope, lack local specificity, and may not accurately reflect the City's workforce composition due to regional commuting patterns and data constraints. As a result, internal efforts to develop the requested level of detail would require a custom approach involving comprehensive data collection and/or specialized analysis.

With Council's direction, staff will continue to evaluate options, consult with other jurisdictions that have undertaken similar studies, and identify potential approaches for obtaining the requested information. Staff will return to the City Council with any viable

options, including scope, methodology, and associated costs, along with any necessary budget appropriation requests for further consideration and direction.

None.

# MEMORANDUM

**POLICE DEPARTMENT**

**DATE:** June 2, 2026

**TO:** Justin Hess, City Manager

**FROM:** Rafael Quintero, Chief of Police
VIA: Adam Cornils, Deputy Chief
BY: Mark Stohl, Police Captain
Viviana Garzon, Police Administrator

**SUBJECT:** Information on the Burbank Police Department Budget Line Item: Equipment Rental/ Automated License Plate Reader

## BACKGROUND

At the May 19, 2026, City Council (Council) meeting, Council Member Anthony requested information regarding the Burbank Police Department's (Department) Fiscal Year (FY) 2026-27 appropriation request from Drug Asset Forfeiture Fund 124 in the amount of $170,000 for Automated License Plate Reader (ALPR) cameras.

## DISCUSSION

As part of the FY 2026-27 budget planning process, the Department identified Drug Asset Forfeiture Fund 124 (Fund 124) as the funding source for its contract with Flock Safety (Flock). The contract includes the equipment rental, software, maintenance, repair, and warranty of fifty-seven (57) ALPR cameras at an annual cost of $170,000. The Department has no plans to expand its ALPR inventory in FY 2026-27.

Fund 124 was established to account for Drug Asset Forfeiture revenues and expenditures. Asset Forfeiture funds are generated through the seizure of cash and property associated with criminal activity. Pursuant to state and federal regulations, asset forfeiture funds are restricted and may only be used for law enforcement operations, equipment, and related public safety purposes. These funds cannot be used for general governmental operations or other non-law enforcement-related purposes. Distribution of these funds to local law enforcement agencies, including the City of Burbank, is

administered through the County of Los Angeles Warrant Clearance Fund from the State of California and the United States Department of Justice.

*Commitment to Transparency*

The Department recognizes that the use of ALPR technology, particularly systems provided by Flock Safety, has generated public discussion and prompted questions from the community. These concerns are taken seriously, and transparency remains a top priority for the Department. In support of this effort, the Department developed an Information Guide[1] to provide the public with a clear explanation of the configuration, governance, auditing, and use restrictions associated with Flock Safety technology in the City of Burbank. This guide also outlines the safeguards in place to ensure compliance with California law, City policy, and community expectations related to privacy and civil liberties.

Importantly, the Department does not share ALPR data for immigration enforcement purposes, and access to ALPR information is strictly governed by California law, Department policy, user access controls, and auditing requirements. Access to the system is limited to authorized personnel for legitimate law enforcement and investigative purposes only.

The Department's ALPR program is designed as a focused investigative tool intended to assist with specific criminal investigations and public safety incidents. The system is not used for generalized surveillance or monitoring of individuals' daily activities. Data access is limited, retained for a limited duration consistent with policy and law, and subject to auditing and oversight requirements intended to ensure accountability and appropriate use.

At the April 15, 2026, Police Commission meeting, the Department provided an overview of its use of ALPR cameras and the technology's significant role in solving crimes and supporting the City Council's public safety priorities. Following discussion and deliberation, the Police Commission did not recommend that the City Council make any changes to the Department's current ALPR program[2].

*Flock ALPR Program Overview*

Currently, the Department utilizes 57 fixed location ALPR cameras at strategic locations throughout the City as a supplemental investigative tool. The cameras assist with criminal investigations, the recovery of stolen vehicles, the identification of suspect vehicles, and the development of investigative leads.

---

[1] https://www.burbankca.gov/web/police-department/flock-safety

[2] https://burbank.granicus.com/player/clip/11262?view_id=44&redirect=true

Additionally, ALPR cameras serve as a force multiplier by leveraging technology to improve operational effectiveness. The system enhances the Department's ability to investigate criminal activity more efficiently, reducing the time, workload, and costs associated with patrol and investigative operations while improving overall operational efficiency.

*Program Outcomes*
Since implementation, ALPR cameras have assisted the Department with the following outcomes:

- Cases cleared by arrest: 188
- Investigative leads generated: 214
- Cases cleared by other means: 61
- Arrests made: 257
- Stolen vehicles recovered: 90

The following examples illustrate how ALPR technology has assisted the Department in developing investigative leads, responding quickly to active incidents, recovering stolen property, and supporting the resolution of criminal investigations:

- The Los Angeles Police Department notified the Burbank Police Department about a series of robberies targeting landscapers throughout the region. Detectives utilized the Department's ALPR system to assist in identifying the suspect vehicle associated with the incidents. Several days later, officers were notified that the vehicle had entered the City at approximately the same time another robbery involving the same vehicle had just occurred nearby. Because officers were already responding in the vicinity, they were able to quickly locate the vehicle and take the suspects into custody. The arrest helped solve a series of robberies targeting individuals whose work tools had been stolen.
- A residential burglary occurred in a Burbank hillside neighborhood while the homeowners were away. The victims observed the suspects fleeing the residence through their home security system and provided officers with a description of the suspect vehicle, a distinct blue sedan. Using ALPR technology, officers were able to quickly identify the vehicle and determine it had traveled to South Pasadena. Burbank officers coordinated with the South Pasadena Police Department and the Department's helicopter support, ultimately locating the suspect vehicle outside another residence that was actively being burglarized. The suspect vehicle fled the scene, rammed several police vehicles, and the driver attempted to escape on foot after a short pursuit. The suspect was ultimately taken into custody. The use of investigative technology to rapidly identify the suspect assisted in resolving two burglary incidents within approximately one hour.

- The City experienced a series of thefts involving plumbing vans that were stolen overnight and later recovered after valuable tools and plumbing supplies had been removed. During the investigation, officers identified a vehicle believed to be associated with the thefts and used the ALPR system to assist in locating the vehicle. Several days later, officers located the suspect vehicle within the City while it was following another plumbing van. Officers successfully detained two suspects and recovered a plumbing van that had just been stolen from a victim in Glendale. Officers were able to return the van to the owner, preventing the loss of thousands of dollars in tools and equipment essential to the victim's work.

These examples represent a small sample of the many investigations in which ALPR technology has assisted the Department in rapidly identifying suspect or stolen vehicles, developing investigative leads, and coordinating timely responses with regional law enforcement partners. In many cases, the technology helps officers respond more quickly to active incidents, improves situational awareness, and provides investigative information that may not otherwise be readily available through traditional methods alone. ALPR technology has become an important public safety tool that supports the Department's ability to efficiently investigate crimes, recover stolen property, apprehend suspects, and respond to incidents in a timely manner. The technology enhances operational effectiveness and helps solve crimes that may otherwise remain unresolved due to limited suspect information or the inability to quickly identify involved vehicles.

## FISCAL IMPACT

Approval of the Department's appropriation request within the FY 2026-27 budget will result in a $170,000 appropriation from the restricted use Asset Forfeiture Fund.

## CONCLUSION

The Department remains committed to the responsible, transparent, and lawful use of ALPR technology and recognizes the importance of balancing public safety needs with privacy and civil liberty protections. The Department maintains policies, auditing procedures, restricted access controls, and compliance measures consistent with California law to ensure that the technology is used appropriately and only for legitimate law enforcement purposes. The Department actively manages and monitors the ALPR program internally, including regular review of system access, usage activity, and compliance with Department policy.

ALPR technology has become an important public safety and investigative resource that enhances the Department's ability to efficiently prevent, investigate, and respond to criminal activity. The technology supports timely identification of stolen or suspect vehicles, improves investigative efficiency, enhances situational awareness during critical incidents, and allows personnel resources to be utilized more effectively. ALPR systems have assisted in solving crimes, recovering stolen vehicles and property, and supporting

timely law enforcement response to incidents impacting the community. The continued use of this technology, together with safeguards and oversight, provides meaningful public safety benefits and strengthens the Department's ability to protect and serve the Burbank community in a timely, effective, and accountable manner.

The Department will continue to evaluate and monitor the program to ensure compliance with applicable laws, operational effectiveness, and consistency with community expectations regarding privacy, accountability, and responsible technology use.

- Fully funds reserves

# Recommendation

Approve the resolutions adopting the Budget for the City, Housing Authority, and Parking Authority, as well as the Citywide Fee Schedule and Appropriations Limit.

RESOLUTION NO. 26-29,704

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ADOPTING THE BUDGET FOR THE FISCAL YEAR 2026-2027 AND MAKING APPROPRIATIONS FOR AMOUNTS BUDGETED

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. A proposed budget for the City of Burbank for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, was submitted to the Council, as required by Section 1005 of the City Charter and is on file in the City Clerk's Office.

B. Proceedings for the adoption of said budget have been duly taken.

C. The Council has made certain revisions, corrections, and modifications to said proposed budget, as in this resolution provided.

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. The proposed budget as herein amended is adopted as the budget of the City of Burbank for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

2. The Burbank Water and Power General Manager is authorized to use incremental wholesale electrical power sales revenue to offset associated incremental wholesale power purchase costs exceeding those provided for in this budget.

3. The Burbank Water and Power General Manager is authorized to make strategic water purchases above its annual pumping requirement under the Metropolitan Water District (MWD)'s replenishment or cyclic water program, physical solution water under the San Fernando basin judgment, or any combination of purchases that will generate the lowest average cost of water in the future.

4. Pursuant to the City's Charter, to meet the year's receipts shown as coming from revenues of the Burbank Water and Power Department, an amount not to exceed seven percent (7.0%) of the gross sales of electricity by said Department, exclusive of wholesale sales of electricity to other public or privately-owned utilities, shall be deposited or transferred to the General Fund.

5. The Financial Services Director is authorized to replenish the Emergency Reserve account by an amount to make the balance equal five percent (5.0%) of the Fiscal Year 2026-27 budget from projected surplus in the General Fund.

6. The Financial Services Director is authorized to appropriate an amount to make the balance equal fifteen percent (15.0%) of the Fiscal Year 2026-2027 budget from the projected General Fund surplus for increasing the working capital reserves.

7. The Financial Services Director is authorized to appropriate an amount to make the balance equal up to five percent (up to 5.0%) of the Fiscal Year 2026-2027 budget from the projected General Fund surplus for the budget stabilization reserve.

8. The Financial Services Director is authorized to contribute $318,469 to the General Fund Compensated Absences Reserve for the Fiscal Year 2026-2027 budget.

9. The Financial Services Director is authorized to amend the Fiscal Year 2026-2027 Annual Budget by continuing appropriations for all ongoing and programmatic capital projects from Fiscal Year 2025-26 for the amounts remaining in various Funds.

10. The City Manager is authorized and empowered to expend such sums for the purpose of such accounts, but no expenditure by any office or department for any item within a cost center shall exceed the amount budgeted without the prior written consent of the City Manager.

11. The City of Burbank has adopted Governmental Accounting Standards Board (GASB) Statement No. 62, Codification of Accounting and Financial Reporting Guidance, which requires the effects of the ratemaking process be recorded in its financial statements.

12. The City Manager or designee is authorized to approve and execute agreements for professional services, services and goods that are listed in the Agreements and Contracts List appendix of the Budget adopted herein.

13. The Financial Services Director is authorized to amend the City's Fiscal Year 2026-27 Annual General Fund Budget by appropriating expected revenue receipts from State Mutual Aid and United States Forestry Service to reimburse the Burbank Fire Department for expenses incurred by sending strike teams to wildfires and other natural disasters.

14. Pursuant to California Government Code Sections 50050-50053 and 50055, the City of Burbank may claim money in its treasury or under its control that remains unclaimed for more than three years. At the expiration of the three years and after performing the required public notice in accordance with these provisions, the City Treasurer is authorized and directed to transfer said moneys to the General Fund. Any individual items of less than fifteen dollars ($15), or any amount if the depositor's name is unknown, which remain unclaimed in the treasury or in the official custody of a City Department for a period of one year may be transferred to the General Fund.

15. The Financial Services Director is authorized to amend the Fiscal Year 2026-27 Annual Budget by appropriating development and associated consultant fees listed under Article III. Land Use and Zoning of the Adopted Citywide Fee Schedule, which have been deposited for the purpose of offsetting the cost for professional services, services and goods.

16. The Financial Services Director is authorized to make such other revisions, individual appropriation line-items, changes in summaries, fund totals, grand totals, and other portions of the budget document as necessary to reflect and implement the programs specified in this resolution, and in full accordance with the direction provided by the Council up until the adoption of this resolution.

PASSED AND ADOPTED this 2nd day of June, 2026.

RESOLUTION NO. 26-29,705

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK DETERMINING AND ESTABLISHING THE CITY'S APPROPRIATIONS LIMIT FOR THE FISCAL YEAR 2026-2027

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. On November 6, 1979, the voters of the State of California approved an initiative measure which added Article XIIIB to the California Constitution.

B. Said constitutional provision imposes a limitation upon certain annual appropriations of state and local public entities.

C. Pursuant to said constitutional provision, the State Legislature amended the Government Code by adding thereto Division 9 to Title I of said Code (§7900 et seq.).

D. Government Code §7910 requires the governing body of each local jurisdiction to establish its appropriations limit by resolution.

E. Pursuant to said code section the documentation provided by the Financial Services Director upon which the determination and establishment of this resolution is based has been and is on file with and available for public inspection in the office of the City Clerk and may be viewed on the City's website for fifteen (15) days prior to the date of the adoption of this resolution.

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. Pursuant to Government Code §7910, the appropriations limit for Fiscal Year 2026-2027 is determined and shall be the sum of $299,789,350.

2. Adoption of the proposed Fiscal Year 2026-2027 budget will result in appropriations subject to the aforementioned limitation as defined in Article XIIIB of the California Constitution, in the sum of $182,677,671.

PASSED AND ADOPTED this 2nd day of June, 2026.

RESOLUTION NO. 26-29,706

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ADOPTING THE FISCAL YEAR 2026-2027 CITYWIDE FEE SCHEDULE

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. Section 1-1-112 of the Burbank Municipal Code provides that all fees, penalties, and charges of any kind levied by the City shall be designated in the Burbank Fee Resolution (commonly referred to as the Citywide Fee Schedule), as amended by the Council from time to time.

B. The proposed Fiscal Year 2026-2027 Citywide Fee Schedule incorporating and implementing proposed amendments to schedules, tables, fees, taxes, penalties, and charges set forth in the current Citywide Fee Schedule was presented to the City Council for approval and adoption on June 2, 2026.

C. Pursuant to Government Code §66016, as of April 30, 2026, as part of the proposed budget book, the data indicating the amount of cost, or estimated cost, required to provide the service for which a fee or service charge is levied or increased and the revenue sources anticipated to provide the service, including General Fund revenues, was available to the public.

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. That the Fiscal Year 2026-2027 Citywide Fee Schedule, including the amendments to the schedules, tables, fees, taxes, penalties, and charges to Resolution No. 25-29,610 noted in the “Fee Schedule Changes” section of the Proposed Budget document submitted in support of this Resolution is hereby adopted.

2. That the intent of the City Council in adopting this Resolution is to incorporate the amended and revised fees and charges for various City services in the Fiscal Year 2026-2027 Citywide Fee Schedule and that all other fees and charges appearing therein shall continue in effect and shall not be deemed to have been repealed or readopted by this Resolution.

CITY OF BURBANK, CALIFORNIA

RESOLUTION NO. H-26-282

A RESOLUTION OF THE HOUSING AUTHORITY OF THE CITY OF BURBANK ADOPTING THE BUDGET FOR THE FISCAL YEAR 2026-2027

THE HOUSING AUTHORITY OF THE CITY OF BURBANK RESOLVES:

1. A proposed budget for the Housing Authority for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, as submitted to the Authority on June 2, 2026, is adopted as the budget of the Housing Authority of the City of Burbank.

2. There is hereby appropriated to each account the amounts set forth in the proposed Fiscal Year 2026-2027 Annual Budget document.

3. The Executive Director is authorized to expend such sums for the purpose of such accounts, but no expenditure by any office or department for any item within an account shall exceed the amount budgeted without the prior written approval of the Executive Director. The Executive Director is authorized to transfer appropriations between expenditures listed as circumstances may warrant.

4. The Executive Director or designee is authorized to approve and execute agreements for professional services, services and goods that are listed in the Budget adopted herein.

5. The Financial Services Director is authorized to make such other revisions, individual appropriation line-items, changes in summaries, fund totals, grand totals, and other portions of the budget document as necessary to reflect and implement the programs specified in this resolution, and in full accordance with the direction provided by the Council up until the adoption of this resolution.

# STAFF REPORT

## CITY CLERK'S OFFICE

**DATE:** June 2, 2026

**TO:** Honorable Mayor and Members of the City Council

**FROM:** Kimberley Clark, City Clerk
BY: Linda Thai, Assistant City Clerk

**SUBJECT:** Adoption of Resolutions Related to the Calling of the City of Burbank General Municipal Election to be held on Tuesday, November 3, 2026; Requesting Election Consolidation with the Board of Supervisors of the County of Los Angeles; and Consideration of Establishing the Candidate Statement Cost

## RECOMMENDATION

1. Adopt A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK CALLING FOR THE HOLDING OF A GENERAL MUNICIPAL ELECTION TUESDAY, NOVEMBER 3, 2026, FOR THE ELECTION OF THREE (3) MEMBERS OF THE CITY COUNCIL, ONE (1) OFFICE OF THE CITY CLERK, AND ONE (1) OFFICE OF THE CITY TREASURER.

2. Adopt A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK, REQUESTING THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES ORDER THE CONSOLIDATION OF A GENERAL MUNICIPAL ELECTION TO BE HELD TUESDAY, NOVEMBER 3, 2026 WITH THE STATEWIDE GENERAL ELECTION TO BE HELD IN THE COUNTY OF LOS ANGELES THE SAME DAY; TO AUTHORIZE THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES TO CANVASS THE RETURNS OF SAID GENERAL MUNICIPAL ELECTION; AND TO REQUEST THAT THE REGISTRAR-RECORDER/COUNTY CLERK OF SAID COUNTY BE PERMITTED TO RENDER FULL SERVICES TO THE CITY OF BURBANK RELATING TO THE CONDUCT OF SAID GENERAL MUNICIPAL ELECTION PURSUANT TO CALIFORNIA ELECTIONS CODE

SECTIONS 10403 AND 10418.

3. Adopt A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ESTABLISHING THE COST OF CANDIDATE STATEMENT FEES FOR THE 2026 GENERAL MUNICIPAL ELECTION.

**BACKGROUND**

Burbank City Charter Section 800 and the Burbank Municipal Code (BMC)(Title 2, Chapter 3 - Elections) prescribe the process for managing elections in the City. Section 800 states in relevant part that "General Municipal Elections for the election of officers and for such other purposes as the Council may prescribe shall be held… to coincide with any general statewide election held in November of each even-numbered year[, and] Council shall, by resolution, order the holding of all elections." Further, "candidates to be elected to the office of Council Member, City Clerk or City Treasurer shall be elected at a General Municipal Election" (see also BMC § 2-3-113).

Where two (2) or more municipal elections are consolidated, they may be ordered and consolidated by the same resolution. Every resolution calling an election shall specify the object and time of holding the election and any other requirement as prescribed by the Los Angeles County Registrar-Recorder/County Clerk's Office and/or State Law. All Municipal Elections shall be conducted and held in compliance with the City Charter, BMC, and the State Elections Code, where applicable.

**DISCUSSION**

The Clerk is presenting three Resolutions for Council's approval as described more fully below:

Resolution 1 – Resolution Calling and Consolidating Election (Attachment 1)

Pursuant to Charter § 800, BMC § 2-3-117, and the California Elections Code, elections shall be called by resolution. Accordingly, this resolution stipulates information regarding the date of the general municipal election, offices to be elected, and the method by which candidates shall be selected. Specifically, the City of Burbank General Municipal Election will be held Tuesday, November 3, 2026, and will elect candidates to the following offices for a four-year term ending December 16, 2030: three Offices for Member of the City Council, one Office of the City Clerk, and one Office of the City Treasurer.

Resolution 2 – Resolution Requesting Election Services (Attachment 2)

California Elections Code § 10403 and BMC § 2-3-117 permit municipal elections to be consolidated with statewide elections and to be conducted as one election on the same day. This resolution requests the County of Los Angeles Board of Supervisors (Board of Supervisors) consolidate the election and for full election services for the General Municipal Election be performed by the Los Angeles County Registrar-Recorder/County (County) Clerk. The Burbank City Clerk's Office will continue to perform all nomination,

campaign filing, and ballot measure filing duties.

Consolidation also allows the election precincts, vote centers, and election officers be the same, and the County Elections Department to canvass the returns of the election to be certified and provided to the Burbank City Clerk within 30 days of the election pursuant to California Elections Code § 15372. The Burbank City Clerk shall present the results of the election to Council at the first regular City Council meeting following receipt of the official election certification (BMC § 2-3-146).

The Resolution requests the Board of Supervisors issue any necessary instruction to the County Elections Department to take all steps necessary for the holding of the consolidated election. The Burbank City Clerk is the City's Elections Official authorized and directed to work with the County Elections Department as necessary and appropriate.

If additional costs are incurred by the County for the purpose of this consolidation, the City of Burbank agrees to reimburse the County for said costs.

Resolution 3 – Resolution Establishing Candidate Statement Fees (Attachment 3)
This resolution sets forth regulations pertaining to candidate statements for the November 3, 2026, City of Burbank General Municipal Election. Pursuant to California Elections Code § 13307(d), "The local agency may estimate the total cost of printing, handling, translating, mailing, and electronically distributing candidate's statements filed pursuant to this section, including costs incurred as a result of complying with the federal Voting Rights Act of 1965, as amended. The local agency may require each candidate filing a statement to pay in advance to the local agency his or her estimated pro rata share as a condition of having his or her statement included in the county voter information guide or electronically distributed."

*Nomination Period*
Pursuant to BMC section 2-3-124 and California Elections Code sections 10220, 10224, and 10407, the Nomination Period for the City of Burbank November 3, 2026, General Municipal Election will begin Monday, July 13, 2026, at 8:00 a.m. and close Friday, August 7, 2026, at 5:00 p.m. If an incumbent does not file, the Nomination Period will be extended until Wednesday, August 12, 2026, at 5:00 p.m., for that seat only.

*Mandated Languages*
For the November 3, 2026, General Election, the County Clerk has determined that, in addition to English, there are 18 mandated languages throughout the County of Los Angeles as follows: Armenian, Bengali, Burmese, Chinese, Farsi, Gujarati, Hindi, Indonesian, Japanese, Khmer, Korean, Mongolian, Russian, Spanish, Tagalog, Telugu,

cost of the election because each jurisdiction (cities, unified school districts, community college districts, water districts, etc.) pays a prorated portion.

*Candidate Statement Costs*
Pursuant to BMC section 2-3-143, each candidate for elective office may prepare a candidate statement of no more than two hundred (200) words to be printed in the Official Sample Ballot Booklet. Pursuant to California Elections Code sections 13307(c)(1)(2) and 13307.7, the County Clerk launched an Online Candidate Statement Program allowing candidates to pay for a candidate statement that would be posted online but would not be printed in the sample ballot, for a reduced fixed fee. Online statements will be published on a dedicated page on the www.LAVote.gov website when the sample ballot booklets are mailed, approximately 40 days prior to the election. A candidate also has the option to forego a candidate statement.

Council must determine, by resolution, whether charges shall be levied against candidates for the cost of printing the candidate statement in the Sample Ballot or electronic distribution. California Elections Code § 13307(f) states this decision cannot be revoked or modified after the seventh day prior to the opening of the Nomination Period. The cost of the candidate statement may be paid either partially or entirely by the candidates or the City. In 2020, Council determined it did not wish to subsidize any portion of the English language candidate statement fees.

For the City's November 3, 2026, General Municipal Election, a preliminary estimate from the County for a one-column (200 word) candidate statement is approximately $1,500 for the English statement based on the number of registered voters to whom the Sample Ballot is sent and the number of pages in the Sample Ballot. The cost of an online-only statement is $279.60. Should Council wish to pass these fee estimates on, the City will either bill the candidate for any additional cost or refund any amount overpaid by the candidate for the candidate statement upon receipt of the final invoice from the County.

*Indigency*
BMC section 2-3-144 states that "if a candidate claims to be indigent and unable to pay in advance the requisite fee for submitting a candidate's statement, the candidate shall submit to the City Clerk a Statement of Financial Worth to be used in determining whether the candidate is eligible to submit a statement without payment of the fee in advance. If it is determined that the candidate is indigent, the City Clerk shall print and mail the statement."

**ENVIRONMENTAL REVIEW**
This activity has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment

## ENVIRONMENTAL REVIEW

This activity has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment and, as such, is not a "project" subject to the requirements of the California Environmental Quality Act (CEQA) 14 Cal. Code Regs. § 15378.

## FISCAL IMPACT

The County's current election cost estimate of $300,000 is based on County election services for five elective offices only. Anticipated ballot measures and a Charter amendment will increase total County election cost estimate to $471,000. Additional funding is needed for mandated legal notices, translation costs, and voter outreach material. In the Fiscal Year (FY) 2026-27 Proposed Budget, the City Clerk's Office has requested an appropriation of $179,368 for election costs and will request to carryover funds from the FY 2025-26 Budget of approximately $410,000. If additional costs are incurred from the County, the City agrees to reimburse the County for any costs. If costs exceed $589,368, the Clerk's Office will return to Council seeking an additional appropriation.

## CONCLUSION

Staff recommends Council adopt the following Resolutions:

1. Calling for the General Municipal Election of November 3, 2026;
2. Requesting Election Consolidation with the Board of Supervisors of the County of Los Angeles; and,
3. Establishing the Candidate Statement Fee.

## ATTACHMENTS

Attachment 1 – Resolution Calling the Election
Attachment 2 – Resolution Requesting Election Consolidation with the Board of Supervisors of the County of Los Angeles
Attachment 3 – Resolution Establishing the Candidate Statement Fee

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK CALLING FOR THE HOLDING OF A GENERAL MUNICIPAL ELECTION TUESDAY, NOVEMBER 3, 2026, FOR THE ELECTION OF THREE (3) MEMBERS OF THE CITY COUNCIL, ONE (1) OFFICE OF THE CITY CLERK, AND ONE (1) OFFICE OF THE CITY TREASURER

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. A General Municipal Election of the City of Burbank is ordered and shall be held in the City of Burbank, California, on Tuesday, the 3rd day of November 2026, in conjunction with the Statewide General Election, for the purpose of submitting to the qualified electors of the City, candidates for the following offices and terms:

a. A full four (4) year term ending December 16, 2030 to the following elective Council Offices of the City: three Offices of Council Member, succeeding Council Members Zizette Mullins, Nikki Perez, and Tamala Takahashi, whose terms expire on December 14, 2026; and,

b. A full four (4) year term ending December 16, 2030 to the elective office of the City Clerk: one Office of City Clerk, succeeding City Clerk Kimberley Clark, whose term expires on December 14, 2026; and,

c. A full four (4) year term ending on December 16, 2030 to the elective office of the City Treasurer: one Office of City Treasurer, succeeding City Treasurer Krystle Ang Palmer, whose term expires on December 14, 2026.

d. Candidate Statements of no more than 200 words may be prepared in accordance with Sections 2-3-143 and 2-4-144 of the Burbank Municipal Code and the requirements for advanced payment set forth in Resolution No. ___, A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ESTABLISHING THE COST OF CANDIDATE STATEMENT FEES FOR THE 2026 GENERAL MUNICIPAL ELECTION.

2. The returns of said election shall be canvassed and declared as provided by law, and the candidate who receives the highest number of votes for that office is elected.

3. The election precincts, vote centers, hours of voting, and officers of election for said County of Los Angeles conducted statewide election, as established, designated and named by the County of Los Angeles Board of Supervisors, California, for said conducted statewide election, and as set forth in any notice pertaining to said County conducted statewide election, which has been or will be published by the County of Los Angeles, are hereby established, designated and named, respectively, as the election precincts, vote centers, hours of voting, and officers of election for this Consolidated Municipal Election. Only one ballot, namely the ballot used at said County conducted

statewide election, shall be used for this General Municipal Election, and such election shall be held in all respects as if there were only one election.

4. The City will reimburse the County for costs incurred.

5. The City Clerk shall certify to the passage of this Resolution and shall file a certified copy of this Resolution with the Board of Supervisors and the County Elections Department and the Los Angeles County Registrar of Voters.

6. The City Clerk shall cause this Resolution to be published in the manner provided in Section 800 of the Burbank City Charter and the Burbank Municipal Code Section 2-3-119, which shall serve as the Notice of Election.

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK, REQUESTING THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES ORDER THE CONSOLIDATION OF A GENERAL MUNICIPAL ELECTION TO BE HELD TUESDAY, NOVEMBER 3, 2026 WITH THE STATEWIDE GENERAL ELECTION TO BE HELD IN THE COUNTY OF LOS ANGELES THE SAME DAY; TO AUTHORIZE THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES TO CANVASS THE RETURNS OF SAID GENERAL MUNICIPAL ELECTION; AND TO REQUEST THAT THE REGISTRAR-RECORDER/COUNTY CLERK OF SAID COUNTY BE PERMITTED TO RENDER FULL SERVICES TO THE CITY OF BURBANK RELATING TO THE CONDUCT OF SAID GENERAL MUNICIPAL ELECTION PURSUANT TO CALIFORNIA ELECTIONS CODE SECTIONS 10403 AND 10418

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. The Council of the City of Burbank (Council) desires to call a General Municipal Election for November 3, 2026, to elect candidates to three (3) Offices for Member of the Burbank City Council for a full four (4) year term, Office of City Clerk for a full four (4) year term, and Office of City Treasurer for a full four (4) year term.

B. Council further desires the proposed November 3, 2026 General Municipal Election be consolidated with the Statewide General Election in the County of Los Angeles to be held on the same date, pursuant to the authority found in California Elections Code Section 10403; and that within the City the precincts, vote centers, and election officers of the elections be the same, and the County Elections Department of the County of Los Angeles canvass the returns of the General Municipal Election and that the election be held in all respects as if there were only one election.

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. The Board of Supervisors of the County of Los Angeles (Board of Supervisors) is hereby respectfully requested to order the consolidation of said City of Burbank General Municipal Election to be held with the Statewide General Election to be held in the County of Los Angeles on November 3, 2026.

2. Pursuant to California Elections Code Section 10403, the Board of Supervisors is hereby respectfully requested to consent and agree to the consolidation of said General Municipal Election with the Statewide General Election on Tuesday, November 3, 2026, for the purpose of electing three (3) Offices for Member of the Burbank City Council for full four (4) year terms ending on December 16, 2030, the Office of the

City Clerk for a full four (4) year term ending on December 16, 2030, and the Office of the City Treasurer for a full four (4) year term ending on December 16, 2030, and for election services to be provided by the County Elections Department. The candidate who receives the highest number of votes for each office is elected.

3. The Council recognizes that the Consolidated Municipal Election will be conducted in the manner prescribed by Elections Code Section 10418. The County Elections Department is hereby authorized and respectfully requested to canvass the returns of said General Municipal Election. The Consolidated General Municipal Election shall be held in all respects as if there were only one election, and only one form of ballot shall be used.

4. The Board of Supervisors is requested to issue any necessary instruction to the County Elections Department to take all steps necessary for the holding of the consolidated election and the City Clerk, as the City of Burbank Elections Official, is authorized and directed to work with the County Elections Department as necessary and appropriate.

5. The Board of Supervisors is hereby authorized and respectfully requested to authorize and permit the Registrar-Recorder/County Clerk of the County of Los Angeles to:

a. Print and supply ballots for said City of Burbank General Municipal Election;

b. Mail the City of Burbank General Municipal Election's sample ballots and candidate statements of qualifications to the electors of the City of Burbank as part of the same material that will be mailed to the voters of the Statewide General Election to be held in the County of Los Angeles; and,

c. Perform such other services as may be required for the consolidation and conduct of said City of Burbank General Municipal Election with said Statewide General Election to be held in the County of Los Angeles.

6. The election precincts, vote centers, hours of voting, and officers of election for said County of Los Angeles conducted statewide election, as established, designated and named by the Board of Supervisors for said statewide election, and as set forth in any notice pertaining to said County conducted statewide election, which has been or will be published by the County of Los Angeles, are hereby established, designated and named, respectively, as the election precincts, vote centers, hours of voting, and officers of election for this Consolidated Municipal Election. Only one ballot, namely the ballot used at said County conducted statewide election, shall be used for this General Municipal Election, and such election shall be held in all respects as if there were only one election.

7. The vote centers for the election shall be open as required during the identified voting period pursuant to California Elections Code Sections 4005 and 14401.

8. The City of Burbank recognizes that additional costs will be incurred by the County by reason of this consolidation and agrees to reimburse the County for any costs.

9. The City Clerk shall certify the passage of this Resolution and deliver a certified copy of this Resolution to the Board of Supervisors and transmit an electronic copy to the Board of Supervisors and the Registrar-Recorder/County Clerk of the County of Los Angeles.

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ESTABLISHING THE COST OF CANDIDATE STATEMENT FEES FOR THE 2026 GENERAL MUNICIPAL ELECTION

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. Pursuant to Section 2-3-143 of the Burbank Municipal Code (BMC), each candidate for a City of Burbank (City) elective office may prepare a candidate statement and submit it to the City Clerk.

a. The City shall not provide a subsidy for the English language candidate statement and the candidates shall pay the full cost of the same.

b. Pursuant to the Federal Voting Rights Act, the City is required to print a multilingual Sample Ballot. The City will translate and print all candidate statements in all mandated languages other than English at no cost to the candidates.

c. Pursuant to Section 13307(c) of the California Elections Code, the City Council of the City of Burbank authorizes the preparation of candidate statements for nonpartisan elective office for the purpose of electronic distribution. Candidates will prepare statements for electronic distribution pursuant to Section 13307(a) of the Elections Code. A statement prepared pursuant to this subdivision shall be posted on the website of the County Elections Official. Pursuant to Section 13307.7(a) of the Elections Code, candidates shall provide payment of the requisite fee to cover the duties and procedures set forth in Sections 13307(b) and (d) of the Elections Code.

d. The City Clerk shall estimate the total cost of printing, handling, mailing, and electronically distributing the candidate statement, and shall require each candidate filing a statement, as a condition of having their statement included in the Sample Ballot or electronically distributed, to pay in advance an estimate of their pro rata share. Within thirty (30) days following the election, the City Clerk shall bill each candidate for any cost in excess of the deposit or shall refund any unused portion. No candidate statement will be included in the Sample Ballot where the payment for the pro rata cost has not been timely made. However, if, pursuant to BMC Section 2-3-144, a candidate is determined to be indigent, the City Clerk shall print and mail the statement without requiring the indigent candidate to pay the fee in advance.

2. The City Clerk shall provide each candidate or candidate's representative a copy of BMC Sections 2-3-143 and 2-3-144 and this Resolution at the time the Nomination Papers are issued.

3. All previous Resolutions establishing City Council policy on the payment for candidate statements are hereby repealed.

4. This Resolution shall apply to the November 3, 2026 City of Burbank General Municipal Election, and shall have no further force or effect after the conclusion and collection of the cost of candidate statements for said Election as provided herein.

RESOLUTION NO. 26-29,707

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK CALLING FOR THE HOLDING OF A GENERAL MUNICIPAL ELECTION TUESDAY, NOVEMBER 3, 2026, FOR THE ELECTION OF THREE (3) MEMBERS OF THE CITY COUNCIL, ONE (1) OFFICE OF THE CITY CLERK, AND ONE (1) OFFICE OF THE CITY TREASURER

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. A General Municipal Election of the City of Burbank is ordered and shall be held in the City of Burbank, California, on Tuesday, the 3rd day of November 2026, in conjunction with the Statewide General Election, for the purpose of submitting to the qualified electors of the City, candidates for the following offices and terms:

a. A full four (4) year term ending December 16, 2030 to the following elective Council Offices of the City: three Offices of Council Member, succeeding Council Members Zizette Mullins, Nikki Perez, and Tamala Takahashi, whose terms expire on December 14, 2026; and,

b. A full four (4) year term ending December 16, 2030 to the elective office of the City Clerk: one Office of City Clerk, succeeding City Clerk Kimberley Clark, whose term expires on December 14, 2026; and,

c. A full four (4) year term ending on December 16, 2030 to the elective office of the City Treasurer: one Office of City Treasurer, succeeding City Treasurer Krystle Ang Palmer, whose term expires on December 14, 2026.

d. Candidate Statements of no more than 200 words may be prepared in accordance with Sections 2-3-143 and 2-4-144 of the Burbank Municipal Code and the requirements for advanced payment set forth in Resolution No. 26-29,709, A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ESTABLISHING THE COST OF CANDIDATE STATEMENT FEES FOR THE 2026 GENERAL MUNICIPAL ELECTION.

2. The returns of said election shall be canvassed and declared as provided by law, and the candidate who receives the highest number of votes for that office is elected.

3. The election precincts, vote centers, hours of voting, and officers of election for said County of Los Angeles conducted statewide election, as established, designated and named by the County of Los Angeles Board of Supervisors, California, for said conducted statewide election, and as set forth in any notice pertaining to said County conducted statewide election, which has been or will be published by the County of Los Angeles, are hereby established, designated and named, respectively, as the election precincts, vote centers, hours of voting, and officers of election for this Consolidated

Municipal Election. Only one ballot, namely the ballot used at said County conducted statewide election, shall be used for this General Municipal Election, and such election shall be held in all respects as if there were only one election.

4. The City will reimburse the County for costs incurred.

5. The City Clerk shall certify to the passage of this Resolution and shall file a certified copy of this Resolution with the Board of Supervisors and the County Elections Department and the Los Angeles County Registrar of Voters.

6. The City Clerk shall cause this Resolution to be published in the manner provided in Section 800 of the Burbank City Charter and the Burbank Municipal Code Section 2-3-119, which shall serve as the Notice of Election.

PASSED and ADOPTED this 2nd day of June, 2026.

RESOLUTION NO. 26-29,708

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK, REQUESTING THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES ORDER THE CONSOLIDATION OF A GENERAL MUNICIPAL ELECTION TO BE HELD TUESDAY, NOVEMBER 3, 2026 WITH THE STATEWIDE GENERAL ELECTION TO BE HELD IN THE COUNTY OF LOS ANGELES THE SAME DAY; TO AUTHORIZE THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES TO CANVASS THE RETURNS OF SAID GENERAL MUNICIPAL ELECTION; AND TO REQUEST THAT THE REGISTRAR-RECORDER/COUNTY CLERK OF SAID COUNTY BE PERMITTED TO RENDER FULL SERVICES TO THE CITY OF BURBANK RELATING TO THE CONDUCT OF SAID GENERAL MUNICIPAL ELECTION PURSUANT TO CALIFORNIA ELECTIONS CODE SECTIONS 10403 AND 10418

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. The Council of the City of Burbank (Council) desires to call a General Municipal Election for November 3, 2026, to elect candidates to three (3) Offices for Member of the Burbank City Council for a full four (4) year term, Office of City Clerk for a full four (4) year term, and Office of City Treasurer for a full four (4) year term.

B. Council further desires the proposed November 3, 2026 General Municipal Election be consolidated with the Statewide General Election in the County of Los Angeles to be held on the same date, pursuant to the authority found in California Elections Code Section 10403; and that within the City the precincts, vote centers, and election officers of the elections be the same, and the County Elections Department of the County of Los Angeles canvass the returns of the General Municipal Election and that the election be held in all respects as if there were only one election.

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. The Board of Supervisors of the County of Los Angeles (Board of Supervisors) is hereby respectfully requested to order the consolidation of said City of Burbank General Municipal Election to be held with the Statewide General Election to be held in the County of Los Angeles on November 3, 2026.

2. Pursuant to California Elections Code Section 10403, the Board of Supervisors is hereby respectfully requested to consent and agree to the consolidation of said General Municipal Election with the Statewide General Election on Tuesday, November 3, 2026, for the purpose of electing three (3) Offices for Member of the Burbank City Council for full four (4) year terms ending on December 16, 2030, the Office of the

City Clerk for a full four (4) year term ending on December 16, 2030, and the Office of the City Treasurer for a full four (4) year term ending on December 16, 2030, and for election services to be provided by the County Elections Department. The candidate who receives the highest number of votes for each office is elected.

3. The Council recognizes that the Consolidated Municipal Election will be conducted in the manner prescribed by Elections Code Section 10418. The County Elections Department is hereby authorized and respectfully requested to canvass the returns of said General Municipal Election. The Consolidated General Municipal Election shall be held in all respects as if there were only one election, and only one form of ballot shall be used.

4. The Board of Supervisors is requested to issue any necessary instruction to the County Elections Department to take all steps necessary for the holding of the consolidated election and the City Clerk, as the City of Burbank Elections Official, is authorized and directed to work with the County Elections Department as necessary and appropriate.

5. The Board of Supervisors is hereby authorized and respectfully requested to authorize and permit the Registrar-Recorder/County Clerk of the County of Los Angeles to:

a. Print and supply ballots for said City of Burbank General Municipal Election;

b. Mail the City of Burbank General Municipal Election's sample ballots and candidate statements of qualifications to the electors of the City of Burbank as part of the same material that will be mailed to the voters of the Statewide General Election to be held in the County of Los Angeles; and,

c. Perform such other services as may be required for the consolidation and conduct of said City of Burbank General Municipal Election with said Statewide General Election to be held in the County of Los Angeles.

6. The election precincts, vote centers, hours of voting, and officers of election for said County of Los Angeles conducted statewide election, as established, designated and named by the Board of Supervisors for said statewide election, and as set forth in any notice pertaining to said County conducted statewide election, which has been or will be published by the County of Los Angeles, are hereby established, designated and named, respectively, as the election precincts, vote centers, hours of voting, and officers of election for this Consolidated Municipal Election. Only one ballot, namely the ballot used at said County conducted statewide election, shall be used for this General Municipal Election, and such election shall be held in all respects as if there were only one election.

7. The vote centers for the election shall be open as required during the identified voting period pursuant to California Elections Code Sections 4005 and 14401.

8. The City of Burbank recognizes that additional costs will be incurred by the County by reason of this consolidation and agrees to reimburse the County for any costs.

9. The City Clerk shall certify the passage of this Resolution and deliver a certified copy of this Resolution to the Board of Supervisors and transmit an electronic copy to the Board of Supervisors and the Registrar-Recorder/County Clerk of the County of Los Angeles.

RESOLUTION NO. 26-29,709

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ESTABLISHING THE COST OF CANDIDATE STATEMENT FEES FOR THE 2026 GENERAL MUNICIPAL ELECTION

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. Pursuant to Section 2-3-143 of the Burbank Municipal Code (BMC), each candidate for a City of Burbank (City) elective office may prepare a candidate statement and submit it to the City Clerk.

a. The City shall not provide a subsidy for the English language candidate statement and the candidates shall pay the full cost of the same.

b. Pursuant to the Federal Voting Rights Act, the City is required to print a multilingual Sample Ballot. The City will translate and print all candidate statements in all mandated languages other than English at no cost to the candidates.

c. Pursuant to Section 13307(c) of the California Elections Code, the City Council of the City of Burbank authorizes the preparation of candidate statements for nonpartisan elective office for the purpose of electronic distribution. Candidates will prepare statements for electronic distribution pursuant to Section 13307(a) of the Elections Code. A statement prepared pursuant to this subdivision shall be posted on the website of the County Elections Official. Pursuant to Section 13307.7(a) of the Elections Code, candidates shall provide payment of the requisite fee to cover the duties and procedures set forth in Sections 13307(b) and (d) of the Elections Code.

d. The City Clerk shall estimate the total cost of printing, handling, mailing, and electronically distributing the candidate statement, and shall require each candidate filing a statement, as a condition of having their statement included in the Sample Ballot or electronically distributed, to pay in advance an estimate of their pro rata share. Within thirty (30) days following the election, the City Clerk shall bill each candidate for any cost in excess of the deposit or shall refund any unused portion. No candidate statement will be included in the Sample Ballot where the payment for the pro rata cost has not been timely made. However, if, pursuant to BMC Section 2-3-144, a candidate is determined to be indigent, the City Clerk shall print and mail the statement without requiring the indigent candidate to pay the fee in advance.

2. The City Clerk shall provide each candidate or candidate's representative a copy of BMC Sections 2-3-143 and 2-3-144 and this Resolution at the time the Nomination Papers are issued.

3. All previous Resolutions establishing City Council policy on the payment for candidate statements are hereby repealed.

4. This Resolution shall apply to the November 3, 2026 City of Burbank General Municipal Election, and shall have no further force or effect after the conclusion and collection of the cost of candidate statements for said Election as provided herein.

PASSED and ADOPTED this 2nd day of June, 2026.

# STAFF REPORT

## CITY MANAGER'S OFFICE

**DATE:** June 2, 2026

**TO:** Justin Hess, City Manager

**FROM:** Courtney Padgett, Assistant City Manager
By: Cathryn LaBrado, Assistant to the City Manager

**SUBJECT:** Adoption of a Resolution Modifying City Council Meeting Policies and Procedures and Repealing Resolution No. 24-29,551 – Rules for the Conduct of Council Meetings; as a Result of Senate Bill 707

## RECOMMENDATION

Adopt A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ADOPTING MODIFIED RULES FOR THE CONDUCT OF COUNCIL MEETINGS AND REPEALING RESOLUTION NO. 24-29,551.

## BACKGROUND

California Senate Bill (SB) 707, known as the Brown Act Modernization Bill, was signed into law by Governor Newsom in 2025. The legislation expands public access, participation, and transparency in local government meetings. More specifically, the law requires local agencies to provide hybrid meeting options by July 1, 2026, ensuring the public can attend and participate both in person and remotely.

City Council meetings follow rules set by California Government Code (Cal Gov. Code) § 54950, referred to as the Brown Act. The express purpose of the Brown Act is to ensure that local government agencies conduct business openly and publicly. The Brown Act includes requirements such as advance posting of meeting agendas, availability of meeting materials, and allowing public participation. Additional policies and procedures specific to the City of Burbank are listed in Resolution No. 24-29,551 - Rules for the Conduct of Council Meetings (Attachment 1), passed by City Council in 2024. In general, the Resolution includes information about the conduct and format of Council meetings, the agenda process and order of business, and information on how the public addresses Council.

## DISCUSSION

The most significant changes in SB 707 apply to an "eligible legislative body" which is defined in relevant part as (1) a city council of a city with a population of 30,000 or more. The most notable requirements under SB 707 affecting City Council meetings include the following:

- **Two-way remote attendance:** Members of the public must be able to participate in meetings via two-way telephonic or audiovisual platform.
- **Disruption Policy:** City Council must formally adopt a policy to address potential disruptions to the relevant two-way platform at meetings.

*Two-Way Remote Attendance*

The City currently utilizes the software platform Call In Studio to facilitate call-in public comment for Closed Session, Study Session, General Public Comment, and Public Hearings. Call In Studio does not meet the requirements of a "two-way telephonic" platform as it is unable to effectively accommodate allowing callers to remain connected throughout the entire meeting. To ensure compliance with SB 707, the City conducted an extensive evaluation of potential alternative platforms and has identified Zoom as the optimal platform to support the new requirements. This platform enables members of the public to join meetings by telephone or via computer, laptop, or other compatible device. Once connected, participants may listen to the meeting in real time, and provide public comment as appropriate.

Council's current guidelines related to public comment will remain in effect. However, with the new requirements, remote public comment for Reports to Council will be available beginning July 1, 2026. Speaking time limits will continue to be determined at the start of each public comment period based on the amount of public comment requests received (including in-person and remote), after which additional comments will not be accepted.

*Disruption Policy*

Per SB 707, City Council is required to formally adopt a policy at a noticed public meeting in open session, addressing procedures for handling interruptions to telephone or internet service that prevent members of the public from participating in a City Council meeting via the two-way telephonic or audiovisual platform. The policy must address procedures for recessing and reconvening the meeting, and making good faith efforts to restore the service. In summary, the City is required to make a good faith effort to restore an outage of telephone or internet service for at least one hour before either discontinuing the meeting or reconvening the meeting and finding it in the best interest of the City to continue the meeting without telephone or internet service.

The proposed resolution (Attachment 2) modifies public comment procedures and incorporates a disruption policy into Council's Rules for the Conduct of Council Meetings to align with SB 707.

*Additional SB 707 Requirements*
SB 707 includes additional updates to the Brown Act, the most notable listed below.

1. **City Council Member Remote Attendance**: SB 707 extends and revises the former Assembly Bill 2449 remote participation framework through January 1, 2030, allowing continued remote attendance by council members under specified circumstances. The bill also formally recognizes a council member's right to participate by teleconference as a reasonable accommodation for a disability. Members participating under such accommodations must comply with certain rules, including participating through both audio and video technology (unless their physical condition related to their disability results in a need to participate off camera) and disclosing other individuals over 18 years of age present in the room and their general relationship to the member.
2. **Language Accessibility**: Agendas must be translated into all "applicable languages" which are defined as any non-English languages spoken by at least 20% of residents, provided that at least 20% of the population that speaks that language speaks English less than "very well." Based on the most current census data from 2024, the City does not meet the threshold for "applicable languages" and is not required to translate agendas, or website information described below.
3. **Outreach**: Agencies must make reasonable efforts to invite groups that do not traditionally participate in public meetings. The City conducts regular outreach to keep the community informed and engaged ahead of council meetings.
4. **Website Accessibility**: Agencies are required to maintain an accessible, dedicated internet webpage detailing public meetings and outlining participation methods. Staff is undertaking updates and enhancements to the webpage to ensure the community is provided with ample information and instruction on how to participate in meetings.

The City is implementing the necessary updates and changes to ensure compliance with all applicable requirements of SB 707, and will continue to evaluate our processes to ensure enhanced accessibility and outreach for community members.

## COMMUNITY OUTREACH

Should Council approve modifications to Council meeting policies and procedures, the City will engage in various marketing efforts to notify the community of the new policies. Notification will include the incorporation of new policies on the City website and the Council Meeting agenda, distribution of a press release, announcements at Council

meetings, flyers at public counters (libraries, recreation centers, and civic center buildings), and social media posts.

## ENVIRONMENTAL REVIEW

This activity has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment, and as such, is not a "project" subject to the requirements of the California Environmental Quality Act (CEQA) 14 Cal. Code Regs § 15378.

## FISCAL IMPACT

There is no fiscal impact associated with this report.

## CONCLUSION

Staff recommends that Council adopt the proposed Resolution to ensure compliance with SB 707. Upon adoption, staff will initiate a coordinated outreach effort to inform the public of the updated Council meeting policies and procedures, including dissemination through the City's website, social media platforms, and other appropriate communication channels.

RESOLUTION NO. ~~24-29, 551~~

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ADOPTING MODIFIED RULES FOR THE CONDUCT OF COUNCIL MEETINGS AND REPEALING RESOLUTION NO. 24-29, 551~~17-28,970~~

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

A. The following rules shall govern the conduct of meetings of the Burbank City Council:

1. DAY AND TIME OF MEETINGS. Pursuant to §2-203 of the Burbank Municipal Code the Council shall hold regular meetings on at least two Tuesdays of each month, such days to be determined by the City Manager for the following year on an annual basis, except as may be otherwise ordered by the Presiding Officer and Council. The open session of regular meetings for conducting agendized City business shall begin at 6:00 p.m., or as soon thereafter as a quorum of the Council is present. When there is insufficient business to conduct, or when it does not appear that a quorum will be present, or for the convenience of the Council or the public, City Manager in consultation with the Presiding Officer may direct that one or more scheduled regular meetings be canceled.

2. CLOSED SESSION. Closed sessions of the Council may be held immediately preceding the regular meeting of the Council with the beginning time thereof noted on the posted agenda. Prior to such closed sessions, the Council shall convene in open session only for the limited purpose of receiving Public Comments on the closed session items. Closed sessions shall also be held at other times as determined and ordered by the Council, or as otherwise called, as provided by law.

3. MEETING ON HOLIDAYS OR CITY ELECTION DAYS. When a day fixed for any regular meeting of the Council falls upon a day designated by law as a legal or national holiday, or on a City Election day, the Council meeting for that day shall be canceled.

4. SPECIAL MEETINGS. Special meetings of the Council may be held at any time upon the call of the Presiding Officer or upon the call of three (3) of the members of the Council. Notice of any such meeting shall be given to all of the members of the Council by service on each Council member at least twenty-four (24) hours prior to the time fixed for holding such meeting of a written notice signed either by the Presiding Officer or the members of the Council making such call and specifying the business to be considered at the special meeting. Such service shall be sufficient if delivery of a copy of the notice is made to the office or usual address of the Council member. If a Council member is out of the City, service may be made by facsimile or email transmission if receipt is acknowledged. Notice of such meeting may be waived

pursuant to the provisions of State law. Only the business referred to in the call for the special meeting and specified for the consideration of the Council may be considered.

5. AGENDA. (a) The purpose of a Council meeting is to conduct the business of the City. All reports, communications, ordinances, resolutions, contract documents, and other matters to be submitted to the Council at its regular Tuesday meeting shall be delivered to the City Clerk by such reasonable date and time as the Clerk may from time to time determine. Such items may be submitted by the City Manager (on behalf of City Departments), the City Attorney, the City Clerk, and the City Treasurer.

(b) Such items may also be submitted by any member of the City Council at a meeting thereof. Unless the Council by majority vote agrees at that meeting to place such item on a future agenda, the item will come back at a subsequent meeting for consideration by the full Council as to whether it shall be placed on a future agenda for consideration.

(c) Agenda setting for the Joint City Council/Burbank Unified School District (BUSD) meeting shall adhere to the following process:

1) The City Manager will compile and present a list of proposed agenda items, including staff-initiated items and subjects previously requested by Council Members, to the BUSD/Council Subcommittee (Subcommittee), which is comprised of the Burbank Mayor, Vice Mayor, and City Manager and the BUSD Board President, Vice President, and Superintendent.
2) The Subcommittee shall meet and discuss the City's proposed agenda items along with items proposed by BUSD and agree on a tentative agenda for the joint meeting. Per Council's direction, the City Attorney will attend the Subcommittee meetings.
3) The tentative agenda will be presented to the City Council for its review and approval at a public meeting.
4) The approved list of agenda items will be posted on the City's agenda forecast for a minimum of three weeks before the scheduled joint meeting. Additional topics can be requested during the joint meeting as items for future discussion.

(d) The City Clerk shall prepare an agenda of all items delivered to the City Clerk's Office according to the order of business designated by the City Manager, and deliver or mail to each member of the Council, the City Manager, and the City Attorney a copy of the Agenda and a copy of all the available support documents on or before the Friday preceding the Council meeting. When Friday is a holiday, the City Clerk shall deliver or mail the Agenda and support documents on the previous day which is not a holiday.

(e) The City Clerk shall make the Agenda and the available support documents available to the public in the City Clerk's Office, the Central Library and all branch libraries on the Friday preceding each Council Meeting and on the City's web site; or when Friday is a holiday, the City Clerk shall make the Agenda and those support documents received available on the Thursday preceding the Council Meeting.

(f) The City Clerk shall cause the Agenda to be posted in three public buildings on the Friday preceding the Council Meeting. In the event Friday is a holiday, the

Agenda shall be posted no later than 5:00 p.m., on the Thursday preceding the Council Meeting. No matters other than those on the Agenda shall be acted upon by the Council except as may otherwise be provided by the laws of the State of California.

(g) The City Clerk may prepare, post and distribute one or more Addenda to the Agenda adding additional agenda items to be considered by the Council if such Addenda are posted at least 72 hours prior to the beginning of a regular meeting, or any continued, or adjourned regular meeting.

6. ORDER OF BUSINESS. Promptly at the hour set on the day of each regular meeting the members of the Council, the City Clerk, the City Manager and the City Attorney shall take their regular stations in the Council Chambers, and the business of the Council shall be taken up for consideration and disposition in the order determined by the City Manager, except as may be otherwise ordered by the Presiding Officer or Council, and subject to the provisions of Section 12 of these rules relating to public comments.

7. CONSENT CALENDAR. The City Manager may direct the City Clerk to combine one or more agenda items expected to be non-controversial or routine into a Consent Calendar on the Agenda. The Consent Calendar items may be acted upon jointly by one vote of the Council. Council members may ask brief, clarification questions on Consent Agenda items, but if questioning is to be extended then the item should be removed from the Consent Agenda and considered separately.

8. LENGTH OF MEETINGS. Regular meetings of the City Council shall end no later than 11:00 p.m., unless such meetings are extended by the affirmative vote of at least three Council members and Council confers with the City Manager to review the status of the remaining items and determine the best manner to proceed. Notwithstanding the 11:00 p.m. cutoff, if an item is in the midst of being heard or considered at the cutoff time of 11:00 p.m., it can be completed prior to adjournment. If at the conclusion of a Council meeting agenda items remain to be considered, such items are automatically continued until the next regular meeting unless otherwise directed by the Council.

9. PRESIDING OFFICER. The Mayor, or in the Mayor's absence, the Vice-Mayor, shall be the Presiding Officer and at the hour appointed for the meeting shall call the Council to order. In the absence of the Mayor and Vice-Mayor, the most senior Council member present shall call the Council to order and shall act as the temporary Presiding Officer. Upon the arrival of the Mayor or Vice-Mayor, the temporary Presiding Officer shall immediately relinquish the chair upon the conclusion of the business immediately before the Council.

The Presiding Officer shall preserve order at all meetings of the Council. The Presiding Officer shall state every question coming before the Council, announce the decision of the Council on all subjects and decide all questions of order, subject, however, to an appeal to the Council, in which event a majority vote of the Council shall govern and conclusively determine such questions of order.

10. ROLL CALL. Before proceeding with the business of the Council, the City Clerk or the City Clerk's deputy or assistant shall call the roll of the members, and the names of those present shall be entered in the minutes.

11. RULES OF DEBATE; VOTING. (a) The Presiding Officer, Vice-Mayor or such other member of the Council as may be presiding may move, second, and debate from the chair, subject only to such limitations of debate as are by these rules imposed on all members and shall not be deprived of any of the rights and privileges of a Council member by reason of his or her acting as the Presiding Officer.

(b) Every member desiring to speak shall address the chair, and, upon recognition by the Presiding Officer, shall confine himself or herself to the question under debate, avoiding all personalities and indecorous language.

(c) A member, once recognized, shall not be interrupted when speaking unless it be to call the member to order, or as herein otherwise provided. If a member, while speaking, be called to order, he or she shall cease speaking until the question of order be determined, and, if in order, the member shall be permitted to proceed. Being out of order shall include, but shall not be limited to, exceeding any speaking time limit established by the Council.

(d) A motion to reconsider any action taken by the Council may be made at the meeting where such action was taken. It may be made either immediately during the same session, or at a recessed or adjourned session thereof. Such motion may be made by any member and may be made at any time and shall have precedence over all other motions. It shall be debatable.

(e) Unless a member of the Council states that he or she is not voting, or unless a Council member is not present in the Council Chambers during a vote, a Council member's silence shall be recorded as an affirmative vote.

12. ADDRESSING THE COUNCIL. (a) Under the Agenda heading of "Public Comments" just prior to a Council Closed Session and/or Study Session, members of the public may address the Council in-person or ~~telephonically~~ remotely on any item on the Closed Session Agenda or Study Session. Under the Agenda heading of "General Public Comments" prior to the action items on the Agenda, any person may address the Council ~~–~~in-person or ~~telephonically~~ remotely on any item within the subject matter jurisdiction of the Council, however, in order to be fair, a person that chooses to use the general public comment period to address an agendized report instead of waiting for the report to be heard will not be able to speak on that item for a second opportunity. Under the Agenda heading of "Reports to Council" after each oral staff report, but prior to Council deliberation of the item, any person may address the Council in-person or remotely on the subject matter of said agenda item only.

(b) Public comment cards must be submitted prior to the commencement of each public comment period for speakers who wish to speak in-person. Speakers who wish to speak remotely will be directed to demonstrate intent to speak before a comment period. Speaker time limits will be established based on the number of individuals who would like to comment during each period:

1-20 Speakers – 3 minutes each

21-39 Speakers – 2 minutes each
40+ Speakers – 1 minute each

(c) In addition to or instead of providing public comments in person or remotely before the Council, individuals may choose to demonstrate their position on an agenda item by selecting support, oppose, or neutral on the public comment card and give a brief explanation as to their position, if so desired. Any such comment cards will be passed to the Council and the Presiding Officer. The Presiding Officer and/or City Clerk shall announce prior to deliberation the number in support, opposed or neutral.

Individuals may also submit written communications to the Council on any item within the subject matter jurisdiction of the Council via eComment, and such written communications shall be made part of the record of the meeting. Speakers seeking to present documents to the City Clerk for distribution to the City Council at the meeting must provide ten (10) copies of such documents or the documents will not be accepted. A caution advising of this rule shall be made available to potential speakers prior to the meeting.

(d) Each person addressing the Council shall, when his or her name is called, ~~approach the microphone in front of the rail and shall~~ limit his or her comments to the subjects and to such time as is allowed by this section. All remarks shall be addressed to the Council as a body and not to any member thereof. No person, other than the Council and the person having the floor, shall be permitted to enter into any discussion, either directly or through a member of the Council, without the permission of the Presiding Officer. No question shall be asked of a Council member except through the Presiding Officer.

(e) In addition to the time limits noted above, the following time limits shall apply for addressing the Council:

(1) For adjourned, continued, or Special Council meetings where Public Comments are authorized, any person may address the Council in-person with speaking time limits stated in Section 12 (b) on any item on the Agenda of the adjourned, continued, or Special Council Meeting.

(2) When Public Comments during Hearings are allowed separately from the Public Comments for the general meeting, the Public Comments shall be accepted in-person or ~~telephonically~~ remotely with speaking time limits stated in Section 12 (b) and such comments shall be limited to the subject of the Hearing.

(3) For presentations by the Appellant at a Hearing, the total time limit for all speakers or other presentations on behalf of the Appellant shall be fifteen (15) minutes for the complete presentation.

(4) For presentations by the Applicant at a Hearing, where the Applicant is not also the Appellant, or in a Hearing where there is no Appellant, the total time limit for all speakers or other presentations on behalf of the Applicant shall be fifteen (15) minutes for the complete presentation. Where there is both an Applicant and a separate Appellant, the Applicant shall speak second.

(5) Both the Applicant and the Appellant at a Hearing shall have ten (10) additional minutes for a rebuttal. Where there is both an applicant and an Appellant, the Applicant shall have the opportunity to speak last.

(6) Where the Applicant is the Appellant and there was a different Appellant ("Original Appellant") at the Board, Commission, or Committee from which the appeal was subsequently taken to the Council, the Original Appellant is also allowed fifteen (15) minutes for a presentation which shall include all speakers or other presentations during such period.

(7) For any other hearings or appeal, not specifically included in this section, the total time limit for all speakers or other presentations on behalf of the person or entity affected shall be fifteen (15) minutes for the complete presentation, including any rebuttal time.

(8) The Presiding Officer may lengthen the time for the appellant, if any, and applicant, if any, during a public hearing based on the complexity of the project and/or grounds of appeal, subject to a contrary determination by a majority of the Council.

(f) The Presiding Officer, any Council Member, or the City Attorney may interrupt a speaker to raise a Point of Order if the Presiding Officer, Council Member or City Attorney feels that the speaker is addressing items that are outside the specified subjects for that period of Public Comments. The Presiding Officer shall rule on such Point of Order, which decision may be appealed by any Council member to the full Council. Upon the decision by the Presiding Officer, or by the Council upon appeal, that a speaker is addressing items that are outside the specified subjects for that period of Public Comments, the speaker shall, if time remains, be allowed to continue speaking on items within the specified subjects for that period of Public Comments. Any speaker who refuses to limit his or her comments to items within the specified subjects for that period of Public Comments may be declared out of order and is subject to the loss of the remaining time to speak and, if necessary, removal from the chambers as specified in the rules of the Council.

(g) The time limits contained in this section are personal, and except as otherwise provided in this section may not be shared with other speakers, the result of which would be to allow such speaker a time greater than the limits specified. In addition, the time limits may not accumulate from one period of Public Comments to another or from one meeting to another.

(h) Nothing in this section shall be construed as a grant of a right to speak at a meeting of the City Council or at any portion of such meeting where such right has not elsewhere been granted.

(i) In the event that multiple appeals have been consolidated into one hearing, each Appellant shall be provided its full time allotment and the order of each Appellant's presentation/rebuttal shall be determined by the date that the notice of appeal was filed. Furthermore, in such situation, the Applicant, if any, shall be allotted the same amount of time as all appellants collectively use during their presentation. In the case of multiple appellants, the Applicant, if any, may speak after the Appellants openings.

(j) Where it appears in the discretion of the Presiding Officer that the number of speakers during a Public Comment period, or at a Hearing, will make it difficult to complete the business of the City at a reasonable hour or before the 11:00 p.m. cutoff time, the Presiding Officer may reduce the speaking time for each speaker, subject to contrary determination by a majority of the Council.

(k) Any references in this Resolution to Public Comments made "remotely" shall comply with all applicable legal requirements governing remote public access to City

Council meetings. However, if adequate telephonic or internet service is not operational at a meeting location, remote Public Comments may not be available.

13. RESPONDING TO PUBLIC COMMENT. At the end of general public comment the City Council, City Manager and/or City Attorney may briefly respond to the public comments. Their response, if any, shall be brief and in accordance with the Brown Act.

14. COUNCIL COMMENTS. Each regular Council meeting agenda should include an item entitled Council Comments. Council comments shall conform to the strictures of the Brown Act. Comments may include notifications of or attendance at community events, functions and other activities. It is an opportunity for Council to briefly report on any committee, board or commission assignments. This is also the time reserved for Council to report on attendance at meetings subject to disclosure pursuant to AB 1234. Concerns or matters of current, pending or future Council deliberations should not be discussed during Council Comments and no action may be taken on any item.

15. NON-EXCLUSIVE RULES AND DEVIATION THEREFROM. The rules set forth herein are not exclusive and do not limit the inherent power and general legal authority of the Presiding Officer or Council to govern the conduct of the meetings as may be considered appropriate under particular circumstances for purposes of orderly and effective conduct of City business. Any deviation from these rules does not limit nor affect the jurisdiction of the Council or any final decision of Council on any matter, decision, permit or entitlement.

16. TECHNOLOGY DISRUPTION POLICY. This policy establishes procedures for responding to a disruption in the telephonic or internet services that provide two-way remote public access to City Council meetings, as required by the Brown Act (Gov. Code Section 54953.4).

(a) Upon notice of a disruption to the City's telephonic or internet services that prevents members of the public from attending or observing the meeting remotely:

(1) The Presiding Officer shall immediately announce the disruption on the record.

(2) The Presiding Officer shall either call for a recess of the open session or convene the City Counil in closed session, consistent with the Brown Act.

(3) Staff shall begin efforts to diagnose and restore the disrupted service.

(4) The meeting shall remain in recess for at least one hour or until service is restored, whichever is sooner.

(b) The City shall make good faith efforts to restore remote access services, which may include troubleshooting platform or teleconferencing software, resetting or replacing audiovisual equipment, attempting alternative connection methods, contacting necessary support staff or service providers, and/or switching to back-up equipment or platforms, if available.

(c) The open session may be reconvened after at least one hour has elapsed from the time of disruption or as soon as service is restored, whichever occurs earlier.

(d) If the remote access service is restored before or at the time the meeting reconvenes, the meeting shall continue as normal.

(e) If service has not been restored after one hour, the City Council may reconvene and adjourn the meeting or continue the meeting without remote access provided the following findings are made by rollcall vote:

(1) The City has made a good faith effort to restore remote access in accordance with the Technology Disruption Policy.

(2) The continued inability to provide remote access is due to factors beyond the reasonable control of the City.

(3) Proceeding with the meeting outweighs the public interest in delaying the meeting to restore remote access.

(f) Upon adoption of the finding, the City Council may continue the open session despite the fact that remote access services have not been restored.

(g) The City Clerk shall enter a brief statement into the meeting minutes, including the nature and time of disruption, restoration efforts undertaken, time the meeting was reconvened (if applicable) and any finding adopted pursuant to Section 16.e.

B. Resolution No. ~~17-28,970~~24-29, 551 is hereby repealed.

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ADOPTING MODIFIED RULES FOR THE CONDUCT OF COUNCIL MEETINGS AND REPEALING RESOLUTION NO. 24-29,551

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

A. The following rules shall govern the conduct of meetings of the Burbank City Council:

1. DAY AND TIME OF MEETINGS. Pursuant to §2-203 of the Burbank Municipal Code the Council shall hold regular meetings on at least two Tuesdays of each month, such days to be determined by the City Manager for the following year on an annual basis, except as may be otherwise ordered by the Presiding Officer and Council. The open session of regular meetings for conducting agendized City business shall begin at 6:00 p.m., or as soon thereafter as a quorum of the Council is present. When there is insufficient business to conduct, or when it does not appear that a quorum will be present, or for the convenience of the Council or the public, City Manager in consultation with the Presiding Officer may direct that one or more scheduled regular meetings be canceled.

2. CLOSED SESSION. Closed sessions of the Council may be held immediately preceding the regular meeting of the Council with the beginning time thereof noted on the posted agenda. Prior to such closed sessions, the Council shall convene in open session only for the limited purpose of receiving Public Comments on the closed session items. Closed sessions shall also be held at other times as determined and ordered by the Council, or as otherwise called, as provided by law.

3. MEETING ON HOLIDAYS OR CITY ELECTION DAYS. When a day fixed for any regular meeting of the Council falls upon a day designated by law as a legal or national holiday, or on a City Election day, the Council meeting for that day shall be canceled.

4. SPECIAL MEETINGS. Special meetings of the Council may be held at any time upon the call of the Presiding Officer or upon the call of three (3) of the members of the Council. Notice of any such meeting shall be given to all of the members of the Council by service on each Council member at least twenty-four (24) hours prior to the time fixed for holding such meeting of a written notice signed either by the Presiding Officer or the members of the Council making such call and specifying the business to be considered at the special meeting. Such service shall be sufficient if delivery of a copy of the notice is made to the office or usual address of the Council member. If a Council member is out of the City, service may be made by facsimile or email transmission if receipt is acknowledged. Notice of such meeting may be waived

pursuant to the provisions of State law. Only the business referred to in the call for the special meeting and specified for the consideration of the Council may be considered.

5. AGENDA. (a) The purpose of a Council meeting is to conduct the business of the City. All reports, communications, ordinances, resolutions, contract documents, and other matters to be submitted to the Council at its regular Tuesday meeting shall be delivered to the City Clerk by such reasonable date and time as the Clerk may from time to time determine. Such items may be submitted by the City Manager (on behalf of City Departments), the City Attorney, the City Clerk, and the City Treasurer.

(b) Such items may also be submitted by any member of the City Council at a meeting thereof. Unless the Council by majority vote agrees at that meeting to place such item on a future agenda, the item will come back at a subsequent meeting for consideration by the full Council as to whether it shall be placed on a future agenda for consideration.

(c) Agenda setting for the Joint City Council/Burbank Unified School District (BUSD) meeting shall adhere to the following process:

1) The City Manager will compile and present a list of proposed agenda items, including staff-initiated items and subjects previously requested by Council Members, to the BUSD/Council Subcommittee (Subcommittee), which is comprised of the Burbank Mayor, Vice Mayor, and City Manager and the BUSD Board President, Vice President, and Superintendent.
2) The Subcommittee shall meet and discuss the City's proposed agenda items along with items proposed by BUSD and agree on a tentative agenda for the joint meeting. Per Council's direction, the City Attorney will attend the Subcommittee meetings.
3) The tentative agenda will be presented to the City Council for its review and approval at a public meeting.
4) The approved list of agenda items will be posted on the City's agenda forecast for a minimum of three weeks before the scheduled joint meeting. Additional topics can be requested during the joint meeting as items for future discussion.

(d) The City Clerk shall prepare an agenda of all items delivered to the City Clerk's Office according to the order of business designated by the City Manager, and deliver or mail to each member of the Council, the City Manager, and the City Attorney a copy of the Agenda and a copy of all the available support documents on or before the Friday preceding the Council meeting. When Friday is a holiday, the City Clerk shall deliver or mail the Agenda and support documents on the previous day which is not a holiday.

(e) The City Clerk shall make the Agenda and the available support documents available to the public in the City Clerk's Office, the Central Library and all branch libraries on the Friday preceding each Council Meeting and on the City's web site; or when Friday is a holiday, the City Clerk shall make the Agenda and those support documents received available on the Thursday preceding the Council Meeting.

(f) The City Clerk shall cause the Agenda to be posted in three public buildings on the Friday preceding the Council Meeting. In the event Friday is a holiday, the

Agenda shall be posted no later than 5:00 p.m., on the Thursday preceding the Council Meeting. No matters other than those on the Agenda shall be acted upon by the Council except as may otherwise be provided by the laws of the State of California.

(g) The City Clerk may prepare, post and distribute one or more Addenda to the Agenda adding additional agenda items to be considered by the Council if such Addenda are posted at least 72 hours prior to the beginning of a regular meeting, or any continued, or adjourned regular meeting.

6. ORDER OF BUSINESS. Promptly at the hour set on the day of each regular meeting the members of the Council, the City Clerk, the City Manager and the City Attorney shall take their regular stations in the Council Chambers, and the business of the Council shall be taken up for consideration and disposition in the order determined by the City Manager, except as may be otherwise ordered by the Presiding Officer or Council, and subject to the provisions of Section 12 of these rules relating to public comments.

7. CONSENT CALENDAR. The City Manager may direct the City Clerk to combine one or more agenda items expected to be non-controversial or routine into a Consent Calendar on the Agenda. The Consent Calendar items may be acted upon jointly by one vote of the Council. Council members may ask brief, clarification questions on Consent Agenda items, but if questioning is to be extended then the item should be removed from the Consent Agenda and considered separately.

8. LENGTH OF MEETINGS. Regular meetings of the City Council shall end no later than 11:00 p.m., unless such meetings are extended by the affirmative vote of at least three Council members and Council confers with the City Manager to review the status of the remaining items and determine the best manner to proceed. Notwithstanding the 11:00 p.m. cutoff, if an item is in the midst of being heard or considered at the cutoff time of 11:00 p.m., it can be completed prior to adjournment. If at the conclusion of a Council meeting agenda items remain to be considered, such items are automatically continued until the next regular meeting unless otherwise directed by the Council.

9. PRESIDING OFFICER. The Mayor, or in the Mayor's absence, the Vice-Mayor, shall be the Presiding Officer and at the hour appointed for the meeting shall call the Council to order. In the absence of the Mayor and Vice-Mayor, the most senior Council member present shall call the Council to order and shall act as the temporary Presiding Officer. Upon the arrival of the Mayor or Vice-Mayor, the temporary Presiding Officer shall immediately relinquish the chair upon the conclusion of the business immediately before the Council.

The Presiding Officer shall preserve order at all meetings of the Council. The Presiding Officer shall state every question coming before the Council, announce the decision of the Council on all subjects and decide all questions of order, subject, however, to an appeal to the Council, in which event a majority vote of the Council shall govern and conclusively determine such questions of order.

10. ROLL CALL. Before proceeding with the business of the Council, the City Clerk or the City Clerk's deputy or assistant shall call the roll of the members, and the names of those present shall be entered in the minutes.

11. RULES OF DEBATE; VOTING. (a) The Presiding Officer, Vice-Mayor or such other member of the Council as may be presiding may move, second, and debate from the chair, subject only to such limitations of debate as are by these rules imposed on all members and shall not be deprived of any of the rights and privileges of a Council member by reason of his or her acting as the Presiding Officer.

(b) Every member desiring to speak shall address the chair, and, upon recognition by the Presiding Officer, shall confine himself or herself to the question under debate, avoiding all personalities and indecorous language.

(c) A member, once recognized, shall not be interrupted when speaking unless it be to call the member to order, or as herein otherwise provided. If a member, while speaking, be called to order, he or she shall cease speaking until the question of order be determined, and, if in order, the member shall be permitted to proceed. Being out of order shall include, but shall not be limited to, exceeding any speaking time limit established by the Council.

(d) A motion to reconsider any action taken by the Council may be made at the meeting where such action was taken. It may be made either immediately during the same session, or at a recessed or adjourned session thereof. Such motion may be made by any member and may be made at any time and shall have precedence over all other motions. It shall be debatable.

(e) Unless a member of the Council states that he or she is not voting, or unless a Council member is not present in the Council Chambers during a vote, a Council member's silence shall be recorded as an affirmative vote.

12. ADDRESSING THE COUNCIL. (a) Under the Agenda heading of "Public Comments" just prior to a Council Closed Session and/or Study Session, members of the public may address the Council in-person or remotely on any item on the Closed Session Agenda or Study Session. Under the Agenda heading of "General Public Comments" prior to the action items on the Agenda, any person may address the Council in-person or remotely on any item within the subject matter jurisdiction of the Council, however, in order to be fair, a person that chooses to use the general public comment period to address an agendized report instead of waiting for the report to be heard will not be able to speak on that item for a second opportunity. Under the Agenda heading of "Reports to Council" after each oral staff report, but prior to Council deliberation of the item, any person may address the Council in-person or remotely on the subject matter of said agenda item only.

(b) Public comment cards must be submitted prior to the commencement of each public comment period for speakers who wish to speak in-person. Speakers who wish to speak remotely will be directed to demonstrate intent to speak before a comment period. Speaker time limits will be established based on the number of individuals who would like to comment during each period:

1-20 Speakers – 3 minutes each

21-39 Speakers – 2 minutes each
40+ Speakers – 1 minute each

(c) In addition to or instead of providing public comments in person or remotely before the Council, individuals may choose to demonstrate their position on an agenda item by selecting support, oppose, or neutral on the public comment card and give a brief explanation as to their position, if so desired. Any such comment cards will be passed to the Council and the Presiding Officer. The Presiding Officer and/or City Clerk shall announce prior to deliberation the number in support, opposed or neutral.

Individuals may also submit written communications to the Council on any item within the subject matter jurisdiction of the Council via eComment, and such written communications shall be made part of the record of the meeting. Speakers seeking to present documents to the City Clerk for distribution to the City Council at the meeting must provide ten (10) copies of such documents or the documents will not be accepted. A caution advising of this rule shall be made available to potential speakers prior to the meeting.

(d) Each person addressing the Council shall, when his or her name is called, limit his or her comments to the subjects and to such time as is allowed by this section. All remarks shall be addressed to the Council as a body and not to any member thereof. No person, other than the Council and the person having the floor, shall be permitted to enter into any discussion, either directly or through a member of the Council, without the permission of the Presiding Officer. No question shall be asked of a Council member except through the Presiding Officer.

(e) In addition to the time limits noted above, the following time limits shall apply for addressing the Council:

(1) For adjourned, continued, or Special Council meetings where Public Comments are authorized, any person may address the Council in-person with speaking time limits stated in Section 12 (b) on any item on the Agenda of the adjourned, continued, or Special Council Meeting.

(2) When Public Comments during Hearings are allowed separately from the Public Comments for the general meeting, the Public Comments shall be accepted in-person or remotely with speaking time limits stated in Section 12 (b) and such comments shall be limited to the subject of the Hearing.

(3) For presentations by the Appellant at a Hearing, the total time limit for all speakers or other presentations on behalf of the Appellant shall be fifteen (15) minutes for the complete presentation.

(4) For presentations by the Applicant at a Hearing, where the Applicant is not also the Appellant, or in a Hearing where there is no Appellant, the total time limit for all speakers or other presentations on behalf of the Applicant shall be fifteen (15) minutes for the complete presentation. Where there is both an Applicant and a separate Appellant, the Applicant shall speak second.

(5) Both the Applicant and the Appellant at a Hearing shall have ten (10) additional minutes for a rebuttal. Where there is both an applicant and an Appellant, the Applicant shall have the opportunity to speak last.

(6) Where the Applicant is the Appellant and there was a different Appellant (“Original Appellant”) at the Board, Commission, or Committee from which the appeal

was subsequently taken to the Council, the Original Appellant is also allowed fifteen (15) minutes for a presentation which shall include all speakers or other presentations during such period.

(7) For any other hearings or appeal, not specifically included in this section, the total time limit for all speakers or other presentations on behalf of the person or entity affected shall be fifteen (15) minutes for the complete presentation, including any rebuttal time.

(8) The Presiding Officer may lengthen the time for the appellant, if any, and applicant, if any, during a public hearing based on the complexity of the project and/or grounds of appeal, subject to a contrary determination by a majority of the Council.

(f) The Presiding Officer, any Council Member, or the City Attorney may interrupt a speaker to raise a Point of Order if the Presiding Officer, Council Member or City Attorney feels that the speaker is addressing items that are outside the specified subjects for that period of Public Comments. The Presiding Officer shall rule on such Point of Order, which decision may be appealed by any Council member to the full Council. Upon the decision by the Presiding Officer, or by the Council upon appeal, that a speaker is addressing items that are outside the specified subjects for that period of Public Comments, the speaker shall, if time remains, be allowed to continue speaking on items within the specified subjects for that period of Public Comments. Any speaker who refuses to limit his or her comments to items within the specified subjects for that period of Public Comments may be declared out of order and is subject to the loss of the remaining time to speak and, if necessary, removal from the chambers as specified in the rules of the Council.

(g) The time limits contained in this section are personal, and except as otherwise provided in this section may not be shared with other speakers, the result of which would be to allow such speaker a time greater than the limits specified. In addition, the time limits may not accumulate from one period of Public Comments to another or from one meeting to another.

(h) Nothing in this section shall be construed as a grant of a right to speak at a meeting of the City Council or at any portion of such meeting where such right has not elsewhere been granted.

(i) In the event that multiple appeals have been consolidated into one hearing, each Appellant shall be provided its full time allotment and the order of each Appellant's presentation/rebuttal shall be determined by the date that the notice of appeal was filed. Furthermore, in such situation, the Applicant, if any, shall be allotted the same amount of time as all appellants collectively use during their presentation. In the case of multiple appellants, the Applicant, if any, may speak after the Appellants openings.

(j) Where it appears in the discretion of the Presiding Officer that the number of speakers during a Public Comment period, or at a Hearing, will make it difficult to complete the business of the City at a reasonable hour or before the 11:00 p.m. cutoff time, the Presiding Officer may reduce the speaking time for each speaker, subject to contrary determination by a majority of the Council.

(k) Any references in this Resolution to Public Comments made "remotely" shall comply with all applicable legal requirements governing remote public access to City Council meetings. However, if adequate telephonic or internet service is not operational at a meeting location, remote Public Comments may not be available.

13. RESPONDING TO PUBLIC COMMENT. At the end of general public comment the City Council, City Manager and/or City Attorney may briefly respond to the public comments. Their response, if any, shall be brief and in accordance with the Brown Act.

14. COUNCIL COMMENTS. Each regular Council meeting agenda should include an item entitled Council Comments. Council comments shall conform to the strictures of the Brown Act. Comments may include notifications of or attendance at community events, functions and other activities. It is an opportunity for Council to briefly report on any committee, board or commission assignments. This is also the time reserved for Council to report on attendance at meetings subject to disclosure pursuant to AB 1234. Concerns or matters of current, pending or future Council deliberations should not be discussed during Council Comments and no action may be taken on any item.

15. NON-EXCLUSIVE RULES AND DEVIATION THEREFROM. The rules set forth herein are not exclusive and do not limit the inherent power and general legal authority of the Presiding Officer or Council to govern the conduct of the meetings as may be considered appropriate under particular circumstances for purposes of orderly and effective conduct of City business. Any deviation from these rules does not limit nor affect the jurisdiction of the Council or any final decision of Council on any matter, decision, permit or entitlement.

16. TECHNOLOGY DISRUPTION POLICY. This policy establishes procedures for responding to a disruption in the telephonic or internet services that provide two-way remote public access to City Council meetings, as required by the Brown Act (Gov. Code Section 54953.4).

(a) Upon notice of a disruption to the City's telephonic or internet services that prevents members of the public from attending or observing the meeting remotely:

(1) The Presiding Officer shall immediately announce the disruption on the record.

(2) The Presiding Officer shall either call for a recess of the open session or convene the City Council in closed session, consistent with the Brown Act.

(3) Staff shall begin efforts to diagnose and restore the disrupted service.

(4) The meeting shall remain in recess for at least one hour or until service is restored, whichever is sooner.

(b) The City shall make good faith efforts to restore remote access services, which may include troubleshooting platform or teleconferencing software, resetting or replacing audiovisual equipment, attempting alternative connection methods, contacting necessary support staff or service providers, and/or switching to back-up equipment or platforms, if available.

(c) The open session may be reconvened after at least one hour has elapsed from the time of disruption or as soon as service is restored, whichever occurs earlier.

(d) If the remote access service is restored before or at the time the meeting reconvenes, the meeting shall continue as normal.

(e) If service has not been restored after one hour, the City Council may reconvene and adjourn the meeting or continue the meeting without remote access provided the following findings are made by rollcall vote:

(1) The City has made a good faith effort to restore remote access in accordance with the Technology Disruption Policy.

(2) The continued inability to provide remote access is due to factors beyond the reasonable control of the City.

(3) Proceeding with the meeting outweighs the public interest in delaying the meeting to restore remote access.

(f) Upon adoption of the finding, the City Council may continue the open session despite the fact that remote access services have not been restored.

(g) The City Clerk shall enter a brief statement into the meeting minutes, including the nature and time of disruption, restoration efforts undertaken, time the meeting was reconvened (if applicable) and any finding adopted pursuant to Section 16.e.

B. Resolution No. 24-29, 551 is hereby repealed.

RESOLUTION NO. 26-29,710

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK ADOPTING MODIFIED RULES FOR THE CONDUCT OF COUNCIL MEETINGS AND REPEALING RESOLUTION NO. 24-29,551

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

A. The following rules shall govern the conduct of meetings of the Burbank City Council:

1. DAY AND TIME OF MEETINGS. Pursuant to §2-203 of the Burbank Municipal Code the Council shall hold regular meetings on at least two Tuesdays of each month, such days to be determined by the City Manager for the following year on an annual basis, except as may be otherwise ordered by the Presiding Officer and Council. The open session of regular meetings for conducting agendized City business shall begin at 6:00 p.m., or as soon thereafter as a quorum of the Council is present. When there is insufficient business to conduct, or when it does not appear that a quorum will be present, or for the convenience of the Council or the public, City Manager in consultation with the Presiding Officer may direct that one or more scheduled regular meetings be canceled.

2. CLOSED SESSION. Closed sessions of the Council may be held immediately preceding the regular meeting of the Council with the beginning time thereof noted on the posted agenda. Prior to such closed sessions, the Council shall convene in open session only for the limited purpose of receiving Public Comments on the closed session items. Closed sessions shall also be held at other times as determined and ordered by the Council, or as otherwise called, as provided by law.

3. MEETING ON HOLIDAYS OR CITY ELECTION DAYS. When a day fixed for any regular meeting of the Council falls upon a day designated by law as a legal or national holiday, or on a City Election day, the Council meeting for that day shall be canceled.

4. SPECIAL MEETINGS. Special meetings of the Council may be held at any time upon the call of the Presiding Officer or upon the call of three (3) of the members of the Council. Notice of any such meeting shall be given to all of the members of the Council by service on each Council member at least twenty-four (24) hours prior to the time fixed for holding such meeting of a written notice signed either by the Presiding Officer or the members of the Council making such call and specifying the business to be considered at the special meeting. Such service shall be sufficient if delivery of a copy of the notice is made to the office or usual address of the Council member. If a Council member is out of the City, service may be made by facsimile or email transmission if receipt is acknowledged. Notice of such meeting may be waived

pursuant to the provisions of State law. Only the business referred to in the call for the special meeting and specified for the consideration of the Council may be considered.

5. AGENDA. (a) The purpose of a Council meeting is to conduct the business of the City. All reports, communications, ordinances, resolutions, contract documents, and other matters to be submitted to the Council at its regular Tuesday meeting shall be delivered to the City Clerk by such reasonable date and time as the Clerk may from time to time determine. Such items may be submitted by the City Manager (on behalf of City Departments), the City Attorney, the City Clerk, and the City Treasurer.

(b) Such items may also be submitted by any member of the City Council at a meeting thereof. Unless the Council by majority vote agrees at that meeting to place such item on a future agenda, the item will come back at a subsequent meeting for consideration by the full Council as to whether it shall be placed on a future agenda for consideration.

(c) Agenda setting for the Joint City Council/Burbank Unified School District (BUSD) meeting shall adhere to the following process:

1) The City Manager will compile and present a list of proposed agenda items, including staff-initiated items and subjects previously requested by Council Members, to the BUSD/Council Subcommittee (Subcommittee), which is comprised of the Burbank Mayor, Vice Mayor, and City Manager and the BUSD Board President, Vice President, and Superintendent.

2) The Subcommittee shall meet and discuss the City's proposed agenda items along with items proposed by BUSD and agree on a tentative agenda for the joint meeting. Per Council's direction, the City Attorney will attend the Subcommittee meetings.

3) The tentative agenda will be presented to the City Council for its review and approval at a public meeting.

4) The approved list of agenda items will be posted on the City's agenda forecast for a minimum of three weeks before the scheduled joint meeting. Additional topics can be requested during the joint meeting as items for future discussion.

(d) The City Clerk shall prepare an agenda of all items delivered to the City Clerk's Office according to the order of business designated by the City Manager, and deliver or mail to each member of the Council, the City Manager, and the City Attorney a copy of the Agenda and a copy of all the available support documents on or before the Friday preceding the Council meeting. When Friday is a holiday, the City Clerk shall deliver or mail the Agenda and support documents on the previous day which is not a holiday.

(e) The City Clerk shall make the Agenda and the available support documents available to the public in the City Clerk's Office, the Central Library and all branch libraries on the Friday preceding each Council Meeting and on the City's web site; or when Friday is a holiday, the City Clerk shall make the Agenda and those support documents received available on the Thursday preceding the Council Meeting.

(f) The City Clerk shall cause the Agenda to be posted in three public buildings on the Friday preceding the Council Meeting. In the event Friday is a holiday, the Agenda shall be posted no later than 5:00 p.m., on the Thursday preceding the Council Meeting. No matters other than those on the Agenda shall be acted upon by the Council except as may otherwise be provided by the laws of the State of California.

(g) The City Clerk may prepare, post and distribute one or more Addenda to the Agenda adding additional agenda items to be considered by the Council if such Addenda are posted at least 72 hours prior to the beginning of a regular meeting, or any continued, or adjourned regular meeting.

6. ORDER OF BUSINESS. Promptly at the hour set on the day of each regular meeting the members of the Council, the City Clerk, the City Manager and the City Attorney shall take their regular stations in the Council Chambers, and the business of the Council shall be taken up for consideration and disposition in the order determined by the City Manager, except as may be otherwise ordered by the Presiding Officer or Council, and subject to the provisions of Section 12 of these rules relating to public comments.

7. CONSENT CALENDAR. The City Manager may direct the City Clerk to combine one or more agenda items expected to be non-controversial or routine into a Consent Calendar on the Agenda. The Consent Calendar items may be acted upon jointly by one vote of the Council. Council members may ask brief, clarification questions on Consent Agenda items, but if questioning is to be extended then the item should be removed from the Consent Agenda and considered separately.

8. LENGTH OF MEETINGS. Regular meetings of the City Council shall end no later than 11:00 p.m., unless such meetings are extended by the affirmative vote of at least three Council members and Council confers with the City Manager to review the status of the remaining items and determine the best manner to proceed. Notwithstanding the 11:00 p.m. cutoff, if an item is in the midst of being heard or considered at the cutoff time of 11:00 p.m., it can be completed prior to adjournment. If at the conclusion of a Council meeting agenda items remain to be considered, such items are automatically continued until the next regular meeting unless otherwise directed by the Council.

9. PRESIDING OFFICER. The Mayor, or in the Mayor's absence, the Vice-Mayor, shall be the Presiding Officer and at the hour appointed for the meeting shall call the Council to order. In the absence of the Mayor and Vice-Mayor, the most senior Council member present shall call the Council to order and shall act as the temporary

Presiding Officer. Upon the arrival of the Mayor or Vice-Mayor, the temporary Presiding Officer shall immediately relinquish the chair upon the conclusion of the business immediately before the Council.

The Presiding Officer shall preserve order at all meetings of the Council. The Presiding Officer shall state every question coming before the Council, announce the decision of the Council on all subjects and decide all questions of order, subject, however, to an appeal to the Council, in which event a majority vote of the Council shall govern and conclusively determine such questions of order.

10. ROLL CALL. Before proceeding with the business of the Council, the City Clerk or the City Clerk's deputy or assistant shall call the roll of the members, and the names of those present shall be entered in the minutes.

11. RULES OF DEBATE; VOTING. (a) The Presiding Officer, Vice-Mayor or such other member of the Council as may be presiding may move, second, and debate from the chair, subject only to such limitations of debate as are by these rules imposed on all members and shall not be deprived of any of the rights and privileges of a Council member by reason of his or her acting as the Presiding Officer.

(b) Every member desiring to speak shall address the chair, and, upon recognition by the Presiding Officer, shall confine himself or herself to the question under debate, avoiding all personalities and indecorous language.

(c) A member, once recognized, shall not be interrupted when speaking unless it be to call the member to order, or as herein otherwise provided. If a member, while speaking, be called to order, he or she shall cease speaking until the question of order be determined, and, if in order, the member shall be permitted to proceed. Being out of order shall include, but shall not be limited to, exceeding any speaking time limit established by the Council.

(d) A motion to reconsider any action taken by the Council may be made at the meeting where such action was taken. It may be made either immediately during the same session, or at a recessed or adjourned session thereof. Such motion may be made by any member and may be made at any time and shall have precedence over all other motions. It shall be debatable.

(e) Unless a member of the Council states that he or she is not voting, or unless a Council member is not present in the Council Chambers during a vote, a Council member's silence shall be recorded as an affirmative vote.

12. ADDRESSING THE COUNCIL. (a) Under the Agenda heading of "Public Comments" just prior to a Council Closed Session and/or Study Session, members of the public may address the Council in-person or remotely on any item on the Closed Session Agenda or Study Session. Under the Agenda heading of "General Public Comments" prior to the action items on the Agenda, any person may address the

Council in-person or remotely on any item within the subject matter jurisdiction of the Council, however, in order to be fair, a person that chooses to use the general public comment period to address an agendized report instead of waiting for the report to be heard will not be able to speak on that item for a second opportunity. Under the Agenda heading of "Reports to Council" after each oral staff report, but prior to Council deliberation of the item, any person may address the Council in-person or remotely on the subject matter of said agenda item only.

(b) Public comment cards must be submitted prior to the commencement of each public comment period for speakers who wish to speak in-person. Speakers who wish to speak remotely will be directed to demonstrate intent to speak before a comment period. Speaker time limits will be established based on the number of individuals who would like to comment during each period:

1-20 Speakers – 3 minutes each
21-39 Speakers – 2 minutes each
40+ Speakers – 1 minute each

(c) In addition to or instead of providing public comments in person or remotely before the Council, individuals may choose to demonstrate their position on an agenda item by selecting support, oppose, or neutral on the public comment card and give a brief explanation as to their position, if so desired. Any such comment cards will be passed to the Council and the Presiding Officer. The Presiding Officer and/or City Clerk shall announce prior to deliberation the number in support, opposed or neutral.

Individuals may also submit written communications to the Council on any item within the subject matter jurisdiction of the Council via eComment, and such written communications shall be made part of the record of the meeting. Speakers seeking to present documents to the City Clerk for distribution to the City Council at the meeting must provide ten (10) copies of such documents or the documents will not be accepted. A caution advising of this rule shall be made available to potential speakers prior to the meeting.

(d) Each person addressing the Council shall, when his or her name is called, limit his or her comments to the subjects and to such time as is allowed by this section. All remarks shall be addressed to the Council as a body and not to any member thereof. No person, other than the Council and the person having the floor, shall be permitted to enter into any discussion, either directly or through a member of the Council, without the permission of the Presiding Officer. No question shall be asked of a Council member except through the Presiding Officer.

(e) In addition to the time limits noted above, the following time limits shall apply for addressing the Council:

(1) For adjourned, continued, or Special Council meetings where Public Comments are authorized, any person may address the Council in-person with

speaking time limits stated in Section 12 (b) on any item on the Agenda of the adjourned, continued, or Special Council Meeting.

(2) When Public Comments during Hearings are allowed separately from the Public Comments for the general meeting, the Public Comments shall be accepted in-person or remotely with speaking time limits stated in Section 12 (b) and such comments shall be limited to the subject of the Hearing.

(3) For presentations by the Appellant at a Hearing, the total time limit for all speakers or other presentations on behalf of the Appellant shall be fifteen (15) minutes for the complete presentation.

(4) For presentations by the Applicant at a Hearing, where the Applicant is not also the Appellant, or in a Hearing where there is no Appellant, the total time limit for all speakers or other presentations on behalf of the Applicant shall be fifteen (15) minutes for the complete presentation. Where there is both an Applicant and a separate Appellant, the Applicant shall speak second.

(5) Both the Applicant and the Appellant at a Hearing shall have ten (10) additional minutes for a rebuttal. Where there is both an applicant and an Appellant, the Applicant shall have the opportunity to speak last.

(6) Where the Applicant is the Appellant and there was a different Appellant ("Original Appellant") at the Board, Commission, or Committee from which the appeal was subsequently taken to the Council, the Original Appellant is also allowed fifteen (15) minutes for a presentation which shall include all speakers or other presentations during such period.

(7) For any other hearings or appeal, not specifically included in this section, the total time limit for all speakers or other presentations on behalf of the person or entity affected shall be fifteen (15) minutes for the complete presentation, including any rebuttal time.

(8) The Presiding Officer may lengthen the time for the appellant, if any, and applicant, if any, during a public hearing based on the complexity of the project and/or grounds of appeal, subject to a contrary determination by a majority of the Council.

(f) The Presiding Officer, any Council Member, or the City Attorney may interrupt a speaker to raise a Point of Order if the Presiding Officer, Council Member or City Attorney feels that the speaker is addressing items that are outside the specified subjects for that period of Public Comments. The Presiding Officer shall rule on such Point of Order, which decision may be appealed by any Council member to the full Council. Upon the decision by the Presiding Officer, or by the Council upon appeal, that a speaker is addressing items that are outside the specified subjects for that period of Public Comments, the speaker shall, if time remains, be allowed to continue speaking on items within the specified subjects for that period of Public Comments. Any speaker

who refuses to limit his or her comments to items within the specified subjects for that period of Public Comments may be declared out of order and is subject to the loss of the remaining time to speak and, if necessary, removal from the chambers as specified in the rules of the Council.

(g) The time limits contained in this section are personal, and except as otherwise provided in this section may not be shared with other speakers, the result of which would be to allow such speaker a time greater than the limits specified. In addition, the time limits may not accumulate from one period of Public Comments to another or from one meeting to another.

(h) Nothing in this section shall be construed as a grant of a right to speak at a meeting of the City Council or at any portion of such meeting where such right has not elsewhere been granted.

(i) In the event that multiple appeals have been consolidated into one hearing, each Appellant shall be provided its full time allotment and the order of each Appellant's presentation/rebuttal shall be determined by the date that the notice of appeal was filed. Furthermore, in such situation, the Applicant, if any, shall be allotted the same amount of time as all appellants collectively use during their presentation. In the case of multiple appellants, the Applicant, if any, may speak after the Appellants openings.

(j) Where it appears in the discretion of the Presiding Officer that the number of speakers during a Public Comment period, or at a Hearing, will make it difficult to complete the business of the City at a reasonable hour or before the 11:00 p.m. cutoff time, the Presiding Officer may reduce the speaking time for each speaker, subject to contrary determination by a majority of the Council.

(k) Any references in this Resolution to Public Comments made "remotely" shall comply with all applicable legal requirements governing remote public access to City Council meetings. However, if adequate telephonic or internet service is not operational at a meeting location, remote Public Comments may not be available.

13. RESPONDING TO PUBLIC COMMENT. At the end of general public comment the City Council, City Manager and/or City Attorney may briefly respond to the public comments. Their response, if any, shall be brief and in accordance with the Brown Act.

14. COUNCIL COMMENTS. Each regular Council meeting agenda should include an item entitled Council Comments. Council comments shall conform to the strictures of the Brown Act. Comments may include notifications of or attendance at community events, functions and other activities. It is an opportunity for Council to briefly report on any committee, board or commission assignments. This is also the time reserved for Council to report on attendance at meetings subject to disclosure pursuant to AB 1234. Concerns or matters of current, pending or future Council deliberations

should not be discussed during Council Comments and no action may be taken on any item.

15. NON-EXCLUSIVE RULES AND DEVIATION THEREFROM. The rules set forth herein are not exclusive and do not limit the inherent power and general legal authority of the Presiding Officer or Council to govern the conduct of the meetings as may be considered appropriate under particular circumstances for purposes of orderly and effective conduct of City business. Any deviation from these rules does not limit nor affect the jurisdiction of the Council or any final decision of Council on any matter, decision, permit or entitlement.

16. TECHNOLOGY DISRUPTION POLICY. This policy establishes procedures for responding to a disruption in the telephonic or internet services that provide two-way remote public access to City Council meetings, as required by the Brown Act (Gov. Code Section 54953.4).

(a) Upon notice of a disruption to the City's telephonic or internet services that prevents members of the public from attending or observing the meeting remotely:

(1) The Presiding Officer shall immediately announce the disruption on the record.

(2) The Presiding Officer shall either call for a recess of the open session or convene the City Council in closed session, consistent with the Brown Act.

(3) Staff shall begin efforts to diagnose and restore the disrupted service.

(4) The meeting shall remain in recess for at least one hour or until service is restored, whichever is sooner.

(b) The City shall make good faith efforts to restore remote access services, which may include troubleshooting platform or teleconferencing software, resetting or replacing audiovisual equipment, attempting alternative connection methods, contacting necessary support staff or service providers, and/or switching to back-up equipment or platforms, if available.

(c) The open session may be reconvened after at least one hour has elapsed from the time of disruption or as soon as service is restored, whichever occurs earlier.

(d) If the remote access service is restored before or at the time the meeting reconvenes, the meeting shall continue as normal.

(e) If service has not been restored after one hour, the City Council may reconvene and adjourn the meeting or continue the meeting without remote access provided the following findings are made by rollcall vote:

(1) The City has made a good faith effort to restore remote access in accordance with the Technology Disruption Policy.

(2) The continued inability to provide remote access is due to factors beyond the reasonable control of the City.

(3) Proceeding with the meeting outweighs the public interest in delaying the meeting to restore remote access.

(f) Upon adoption of the finding, the City Council may continue the open session despite the fact that remote access services have not been restored.

(g) The City Clerk shall enter a brief statement into the meeting minutes, including the nature and time of disruption, restoration efforts undertaken, time the meeting was reconvened (if applicable) and any finding adopted pursuant to Section 16.e.

B. Resolution No. 24-29,551 is hereby repealed.

# MEMORANDUM

## CITY MANAGER'S OFFICE
## CITY ATTORNEY'S OFFICE

**DATE:** June 2, 2026

**TO:** Honorable Mayor and City Council Members

**FROM:** Justin Hess, City Manager
Joseph McDougall, City Attorney

**SUBJECT:** Discussion and Consideration of Adoption of a Resolution to Censure Council Member Konstantine Anthony for Violations of the Code of Conduct for Members of City Council

## RECOMMENDATION

1. Note and file; or
2. Adopt A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK CENSURING COUNCIL MEMBER KONSTANTINE ANTHONY FOR VIOLATIONS OF THE CODE OF CONDUCT FOR MEMBERS OF CITY COUNCIL.

## DISCUSSION

At the May 5, 2026, duly noticed and regularly scheduled City Council meeting, Council discussed the possibility of a formal censure of Council Member Konstantine Anthony for violations of the Code of Conduct for Members of City Council.

Council directed staff to seek an opinion from the Fair Political Practices Commission (FPPC) and/or the Attorney General regarding Council Member Anthony's fundraising committee to determine whether there was impropriety involving the solicitation of funds and misleading the public. Staff were also directed to prepare a draft Resolution for Censure (Attachment 1), to be considered for adoption at the June 2, 2026, City Council meeting, regarding his actions related to an event that took place in the City on April 28, 2026.

## ATTACHMENTS

Attachment 1 – Draft Resolution
Attachment 2 – E-mail Communication from Community Member with Text Messages

Attachment 3 – E-mail Communication from Community Member
Attachment 4 – E-mail Communication from Chief of Police

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK CENSURING COUNCIL MEMBER KONSTANTINE ANTHONY FOR VIOLATIONS OF THE CODE OF CONDUCT FOR MEMBERS OF CITY COUNCIL

THE COUNCIL OF THE CITY OF BURBANK FINDS AS FOLLOWS:

WHEREAS, the citizens of the City of Burbank are entitled to fair, ethical and accountable local government. Public Officials are required to follow the letter and spirit of the law, must be independent, impartial and fair in their judgment and actions, and must use the public office for the public good and not for personal gain; and

WHEREAS, to assure public confidence in the integrity of local government and its effective and fair operation, the Burbank City Council has adopted specific policies, procedures and guidelines as outlined in local, state, and federal laws, and incorporated into the Code of Conduct for Members of City Council ("Code of Conduct"); and

WHEREAS, a legislative body's censure of one of its members does not violate the censured member's free speech rights under the First Amendment of the U.S. Constitution. *Blair v. Bethel School Dist.* 608 F. 3d 540 (9th Cir. 2010). Adoption of a censure resolution is a form of speech of elected representatives, and censure itself is not a materially adverse action that could materially deter the censured official from exercising their own right to speak. *Houston Community College System v. Wilson*, 595 U.S. 468 (2022); and

WHEREAS, City Council received correspondence from community members about Council Member Anthony's actions surrounding an April 28, 2026 event held within the City; and

WHEREAS, on April 20, 2026, Council Member Anthony sent a series of text messages to the Director of a private business that leased the venue for the event. The text messages included comments concerning the event speaker's political views and references to potential security concerns associated with the event; and

WHEREAS, Council Member Anthony contacted the Burbank Chief of Police directly regarding the event and requested review of the potential security concerns and counter-protest activity, resulting in the use of public safety resources to evaluate the matter. The Burbank Police Department determined there was no credible threat associated with the event; and

WHEREAS, Council Member Anthony has used his official position as a Council Member to mobilize and spend City resources, while acting in his private capacity to advance his political interests and further his personal political beliefs, including engaging in communications that created the appearance of attempting to influence a private business unaffiliated with the event to reconsider or cancel the event, as well as involving City law

enforcement resources in a manner perceived as attempting to influence continuation of the event; and

WHEREAS, City Council finds Council Member Anthony's conduct inconsistent with the legal, ethical, and professional standards required of elected officials, in violation of the following Code of Conduct provisions:

1. Act in the Public Interest: Members will work for the common good of the people of Burbank and not for any private or personal interest, and they will assure fair and equal treatment of all persons, claims and transactions coming before the Burbank City Council; and
2. Use of Public Resources: Members shall not use public resources not available to the public in general, such as City staff time, equipment, supplies or facilities, for private gain or personal purposes; and
3. Policy Role of Members: Members shall respect and adhere to the Council-Manager structure of Burbank City government. In this structure, the City Council determines the policies of the City with the advice, information and analysis provided by the public, Advisory Bodies, and City staff. Members shall not interfere with the administrative functions of the City or the professional duties of City staff; and
4. Special Requests: Members should not ask staff to deviate from established policies and procedures; and

WHEREAS, on May 5, 2026, at a regularly scheduled City Council meeting City Council considered the possible future censure of Council Member Anthony for violations of the Code of Conduct. City Council elected to set a future agenda item, duly noticed, to consider the adoption of a Resolution to censure Council Member Anthony; and

WHEREAS, City Council has the primary responsibility to assure that ethical standards are understood and met, and that the public can continue to have full confidence in the integrity of government; and

WHEREAS, City Council has the authority and responsibility to enforce this code on the City's behalf, and may impose sanctions on Council Members when it determines that a violation has occurred, including formal censure; and

WHEREAS, City Council does not condone or approve of such conduct and finds it necessary to formally express its strong disproval; and

WHEREAS, City Council finds adoption of this Resolution necessary to affirm that such conduct will not be tolerated and to deter similar conduct in the future. It is essential to demonstrate to the public that misconduct by elected officials will be addressed openly and transparently to protect and maintain public trust in local government; and

WHEREAS, Council Member Anthony was provided notice of this Council's consideration of this item by email to _____, on _____, 2026 at

approximately _____p.m. PST; and

WHEREAS, the City Council considered this Resolution No. _____ at its June 2, 2026 meeting, and Council Member Anthony was provided the opportunity to refute the allegations.

THE COUNCIL OF THE CITY OF BURBANK RESOLVES AS FOLLOWS:

1. The above recitals are true and correct and incorporated as if restated herein in their entirety.

2. The City Council finds that Council Member Anthony, while serving in office, failed to work for the common good of the people of Burbank, to assure fair and equal treatment of all persons, and comply with the spirit and letter of the law, through his politically-motivated actions to hinder or interfere with the April 28, 2026 event.

3. City Council further finds that Council Member Anthony utilized his position as a council member to request that the Chief of Police review alleged potential security concerns and counter protests at the April 28, 2026, event. Given Council Member Anthony's position, Police Department resources were prioritized to evaluate the reported concerns, which determined the threat unsubstantiated.

4. City Council further finds that this improper conduct was undertaken to advocate against a specific political position. Council Member Anthony's actions were conducted for personal benefit, without authorization or ratification by the City Council, and in direct conflict with legitimate public interests of the City.

5. City Council hereby censures Council Member Anthony for the conduct described herein and expresses its strongest disapproval and disavowal of such behavior.

6. The City Council further finds that the conduct described herein was undertaken outside the course and scope of his official duties as an elected representative of the City.

7. The City Council admonishes Council Member Anthony to exercise caution, to cease and desist from any further misconduct, and to comply fully with all applicable laws, regulations, and the Code of Conduct.

8. If similar unlawful, improper, or unprofessional conduct occurs in the future, the City Council will pursue any legal remedies available under the law to prevent or stop such conduct.

9. The City Council reserves all rights to pursue legal remedies available by law regarding conduct that has already occurred.

10. Severability. If any provision of this Resolution or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications, and to this end the provisions of this Resolution are declared to be severable.

11. Effective Date. This Resolution shall become effective immediately upon adoption.

PASSED and ADOPTED this __ day of _____, 2026.

Subject: Urgent: Safety and Intimidation Concerns Related to False Claims About BAOR Hall Rental 4/28
Importance: High

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Members of the City Council, Chief of Police, City Manager, and City Attorney:

I write to express deep concern regarding recent correspondence from Burbank Councilmember Konstantine Anthony, received by our Government Affairs Director, Harry Timuryan, on Monday, April 20th.

In a series of text messages, Mr. Anthony requested a call and then told Mr. Timuryan that his group understood that the Burbank Association of REALTORS is "hosting" an event for a candidate running for California Superintendent of Public Education. He also said that "this type of individual should not be in Burbank." Mr. Anthony also referenced an incident two years ago when his group successfully pressured Three Sisters Coffee to cancel a congressional candidate event, using the same intimidation tactics. Mr. Anthony provided Mr. Timuryan with allegations of the candidate's political views and insisted that such an individual should not be allowed in Burbank.

Mr. Timuryan explained that the Burbank Association of REALTORS is not "hosting," supporting, or endorsing this candidate, but is simply renting the space. Of course, the Association does not endorse the views or activities of any renter of the event room.

Despite Mr. Timuryan's clarifications both through text and in telephone conversations that the BAOR auditorium on Magnolia Boulevard is an event space open for rental to all kinds of groups—churches, unions, professional groups, birthday parties, etc. and despite Mr. Anthony's acknowledgment of that statement, his group proceeded to distribute flyers along Magnolia Boulevard, naming the Burbank Association of REALTORS, providing our address and phone number, and falsely asserting the claim that we were "hosting" the event and urging people to call our Association. The flyer has caused undue fear and concern among neighbors. As of today, we have received numerous calls from businesses

expressing concerns about safety. One neighboring business reported being so alarmed that it canceled a previously scheduled event at its own venue.

Mr. Timuryan asked Mr. Anthony to verify the alleged "bomb threats" that he claimed were associated with this candidate during his mayoral tenure. Instead of responding, Mr. Anthony escalated the matter to the Chief of Police, who contacted Mr. Timuryan. The Chief confirmed that no such threats have been substantiated and, without specific dates or times, no credible threat was identified.

The Burbank Association of REALTORS is deeply concerned that Councilmember Anthony is aligned with a group engaging in intimidation tactics that interfere with the ability of local businesses to operate freely and safely.

The Burbank Association of REALTORS does not endorse any political agenda nor does it endorse any particular non-realty group. It has every right to merely rent its public meeting space to someone who has agreed to pay the normal rental fee. Given the false claims made publicly about our organization and the resulting safety concerns, we respectfully request a full investigation into these actions. Mr. Anthony should be held accountable for the abuse of his position as a public official and his panic-mongering based upon known false claims.

Additionally, we formally request increased police patrols on April 28, from 5:00 p.m. to 10:00 p.m., to ensure the safety of surrounding businesses and the public. Given his threats, we are concerned that further disruptive actions may be planned by Mr. Anthony's group in connection with this event at or near the BAOR building.

Thank you for your prompt attention to this matter. We look forward to your support in safeguarding our business community and ensuring that intimidation and misinformation are not tolerated in the City of Burbank.

We have attached copies of the texts and the flier referenced above.

Sincerely,

Cheritta Smith, CEOBurbank Association of REALTORS®

RCS chat with Konstantine

Can you give me a call when you have a quick minute?

We are lucky to live near the best part of Burbank, Magnolia Park, with its unique identity and locally-owned shops that welcome folks from all walks of life.

- **UNFORTUNATELY, ON TUESDAY APRIL 28TH 2026 AT 6PM, THE BURBANK ASSOCIATION OF REALTORS AT 2006 MAGNOLIA BLVD IS LEASING SPACE TO MOMS FOR LIBERTY AND THEIR CANDIDATE FOR CALIFORNIA STATE SUPERINTENDENT OF EDUCATION, "MAGA MOTHER FROM HELL," SONJA SHAW.**

Sonja Shaw currently serves as the president of the Chino Valley Unified School District, where she reigns as "The Kristi Noem of Education."

- **SONJA SHAW IS PRO ICE, ANTI-UNION, and ANTI-LGBTQ.**

Shaw is best known for her affiliation with her "brothers" (her words) from the anti-LGBTQ group "Leave Our Kids Alone" who gained infamy via the violent riots their group brought to Saticoy Elementary and the Glendale School District.

- **WHEN LEAVE OUR KIDS ALONE DESCENDED UPON GLENDALE IN JUNE 2023, THERE WERE RIOTS. IT COST THE CITY $40,000 PER EVENT IN EXTRA POLICE FEES.**

Shaw has praised ICE agents and welcomed them on her campuses, leading to soaring absenteeism in schools with immigrant kids. She has labeled LGBTQ teachers and allies "groomers." Shaw has stalked and harassed an LGBTQ student at sporting events, ripping up a Cease and Desist order from the child's mother. Shaw has welcomed hate groups, Proud Boys, and 3%ers to her meetings. She has refused to apologize for posing for a photo with a Neo Nazi.

The event on 4/28 is not a moderated public debate. It is an event designed to grow Shaw's campaign. If the hate groups show up and violence ensues, your property may be at risk. Burbank LGBTQ community members may also be at risk.

- **The Burbank Association of Realtors can be reached at: (818) 845-7644**

May 2, 2026

TO:

Mr. Joe McDougal, Burbank City Attorney

Burbank City Council

City Manager Justin Hess

City of Burbank

275 East Olive Avenue

Burbank, CA 91502

RE: FORMAL CONDUCT COMPLAINT, POLICE NEGLIGENCE, AND LIABILITY EXPOSURE UNDER THE BANE ACT

To Mr. Joe McDougal, Honorable Mayor Tamala Takahashi, Vice Mayor Zizette Mullins, Council member Christopher Rizzotti and Council member Nikki Perez.

I am writing to file a formal complaint regarding the targeted harassment, physical assault, and systemic police failure that occurred on April 28, 2026, at the Burbank Association of REALTORS (BAOR) building. Following the event, I have filed a formal police report regarding the physical battery I sustained (26-21728), the case has been officially assigned to Detective Voorhis. My legal counsel and I are currently reviewing extensive video surveillance from multiple sources to identify all responsible parties and document the city's Police Departments' failure to intervene.

Premeditated Intimidation by Councilmember Konstantine Anthony

The hostile environment on April 28th was directly preceded by a coordinated effort from Council member Konstantine Anthony to interfere with a lawful gathering. Records indicate that prior to the event, Council member Anthony engaged in a series of communications with the BAOR and Mr. Harry Timuryan with the intent to pressure them into canceling the rental agreement.

- Interference with Lawful Business: Council member Anthony explicitly told the BAOR that the scheduled candidate meeting should not be allowed in Burbank and used past incidents, such as the targeting of Three Sisters Coffee when they had planned to allow then candidate Alex Balekian, as a template for his group's intimidation tactics.
- Creation of Fear and Anxiety: These actions caused significant anxiety for the BAOR staff and leadership. In recorded text exchanges, BAOR representatives expressed they were "very worried" about his group and specifically asked for assurance that the building would not be attacked and inquired about the threat of a "Bomb Scare".
- State-Sanctioned Panic-Mongering: Despite being clarified multiple times that the BAOR was simply a neutral landlord for the event, Council member Anthony's group proceeded to distribute flyers that falsely claimed the Association was "hosting" the event, leading to numerous safety concerns from neighboring businesses. The systemic vilification was designed to scare, intimidate, cause fear and panic. To this day, May 2nd 2026, staff members are being targeted and harassed both online and with phone calls.

Misconduct by Planning Commissioner Mike Van Gorder

The on-site "gauntlet" was further facilitated by the leadership of Planning Commissioner Mike Van Gorder. His actions represent a gross violation of the Burbank Boards, Commissions, and Committees (BCC) Handbook:

- Professional Conduct Standards: The handbook mandates that members "best represent the City" at outside gatherings. Instead, Mr. Van Gorder bragged about the number of protesters he rallied to the site and actively provisioned the crowd while they impeded attendees. See video link.
- Incitement of Conflict: By labeling members of the community "bigots" and orchestrating a hostile physical presence, he failed to set aside his "personal agenda" in the "best interest of the Burbank community" as required by city policy.

Assault and Police Abdication of Duty

While attempting to enter the venue, I was forced through a crowd of aggressive individuals who physically assaulted me. I was struck with signs and subjected to an auditory assault by a whistle blown directly into my ear at point-blank range.

Despite being on notice of these threats since April 20th, the Burbank Police Department (BPD) failed to protect the safety of citizens. Responding officers demonstrated a complete abdication of duty by failing to intervene and subsequently refusing to obtain the names or contact information of the identified suspects at the scene.

My first call to BDP was the day before to report the Instagram post by Mike Van Gorder. Second call was moments before I arrived stating a large crowd had gathered. Third call was to report that I was assaulted. Fourth call was to say the crowd was still obstructing the sidewalk and that there was no police presence.

Legal Liability Exposure

The City of Burbank is now directly exposed to litigation under the California Bane Act (Civil Code § 52.1). The use of "threats, intimidation, or coercion" by state actors—and the deliberate indifference of the BPD to protect constitutional rights after receiving formal notice—creates a significant legal and financial liability for the municipality.

I am requesting an immediate internal investigation into the BPD's response and a formal review of council member Konstantine Anthony’s involvement and Mike Van Gorder’s fitness to serve on the Planning Board.

Cc: Cornils, Adam <ACornils@burbankca.gov>; Stohl, Mark <MStohl@burbankca.gov>; Losacco, Claudio <CLosacco@burbankca.gov>
Subject: Threat Assessment

Captain Ruiz,

Council Member Anthony notified me of a political event scheduled in the City next week involving Sonja Shaw, who is running for California Superintendent of Public Instruction.

CM Anthony expressed concerns due to Shaw's affiliation with Leave Our Kids Alone (LOKA), which was associated with civil unrest in Glendale in 2023 related to protests over LGBTQ curriculum and gender identity policies. Here is a link of the activity back then:

Dueling protests in Los Angeles clash over LGBTQ issues in school – Daily News

According to CM Anthony, the event is scheduled for April 28, at 6:00 PM at the Burbank Realtors Association. His concerns are based on prior threats he reports were made against him and the City approximately three years ago. He also indicated that counter protesters may be aware of the event and could be present, raising the potential for conflict.

Please have staff assess the validity of these concerns, including any known threats or planned demonstrations, and advise.
