TO: Lee Kyriacou, Mayor
FR: Fishkill Avenue Concepts Committee
DATE: January 24, 2025
RE: Initial Zoning Recommendations by Fishkill Avenue Concepts Committee*

*The committee reserves the right to modify these recommendations based on forthcoming public input at an event on February 15, 2025

At the City Council meeting of November 25, 2024, the Mayor asked for initial zoning action items to be identified by the Fishkill Avenue Concepts Committee. A broad range of zoning and non-zoning recommendations are being considered by the committee, such as access points for the future rail trail; connecting to Matteawan Road; housing (affordable & market rate); appropriateness of ground floor residential uses; Complete Streets design that include options with continuous sidewalks, bike lanes, additional landscaping, bio orientation and on-street parking within the City's Right-of-Way; building heights and public scenic viewsheds, amongst others.

While comprehensive recommendations, feedback from the public, and a full report are forthcoming, the committee would like to submit following initial priority zoning recommendations:

Zoning/Land-Use - The committee has comprehensively evaluated the corridor from a zoning and land-use perspective and looks forward to sharing these ideas with the City Council and public at a later date. In general, the corridor has zoning districts which facilitate a wide range of uses, but as noted above, the committee is crafting a longer term vision for the corridor which promotes smart growth practices, pedestrian scale, housing (affordable & market rate), and a higher quality design.

From a Zoning and Land Use perspective, there are a few early action steps that the committee has discussed.

Recommendation 1: One use that is permitted in a few of the corridor's Zoning Districts is Self Storage. While the committee recognizes that there is a need on some level for this use (and in fact, one self storage use exists in a reused former brick factory building adjacent to the Lofts), due to the low numbers of employment these uses provide, as well as their lack of contributions to vibrant corridors, the committee recommends that the use of "Self Storage Business" be separated from "Wholesale, warehouse storage and self storage business" and be prohibited within the zoning districts along the corridor.

Recommendation 2: The committee has similar concerns regarding uses with a drive thru component. These uses typically focus on an auto-centric design and are

considered detrimental to pedestrian safety because they often create congested traffic patterns with cars entering and exiting at various angles, leading to increased risk of collisions with pedestrians. An evolution of the corridor with this type of use is not consistent with the overall pedestrian-scale vision that the committee is working towards. The committee recommends that “Drive through facilities, standalone or used in connection with any other uses” be expressly prohibited within all zoning districts along the Fishkill Avenue corridor.

Recommendation 3: It is noted that the committee was particularly impressed with the approved but not yet constructed mixed-use building at 397 Fishkill Avenue. This site design in this example which was approved by the Planning Board incorporates pleasing architectural design with the building situated towards the street frontage and parking to the rear. Members of the committee and public have noted that the prevalence of buildings along the corridor that are set back from the sidewalk or street edge, behind expanses of asphalt and parking, detracts from the walkability and vitality of the corridor by disrupting the “street wall,” prioritizing vehicle access over pedestrian access, and detracting from over street aesthetics. The committee recommends that the Council consider reducing the required minimum front yard setback within the GB district from 15 ft to 10 ft, and that the following language be applied to surface parking facilities within the district - “All parking shall be located behind, underneath, or to the side of a building. If to the side, parking shall be screened by a low wall, hedge, or other landscaping to maintain continuity of street wall.”

Recommendation 4: The committee has similar concerns as those noted in recommendations 1 and 2 with regards to other auto-oriented uses permitted within the GB zoning district. The committee recommends that the Council consider prohibiting the following auto-oriented uses, which are currently permitted by special permit in the GB District. The existing active auto-oriented uses within the corridor should be permitted to remain under the code as existing non-conforming uses, however, the change to zoning would allow these uses to potentially be phased out over time.

- a. Gas filling stations and/or car wash
- b. Vehicle sales or rental lot
- c. Auto body or repair shop

Please note that the above recommendations did not have unanimous support from all committee members. One committee member who is a business owner on the corridor felt that the prohibition of uses could be detrimental to existing businesses and property owners.

Please note that the committee believes these recommendations align with community input received during three (3) public engagement pop-ups and an online survey conducted

by the committee over the summer. It is the committee's intention to conduct additional public engagement to vet draft recommendations with the community prior to submission of a final report to the Mayor. As noted above, a public workshop is currently being planned for February 15, 2025 and the committee welcomes all stakeholder, including business owners, to attend and provide feedback.

Beacon – FEAF Part 1 Narrative

Proposed Local Law Concerning Drive-Through Facilities & Self-Storage Businesses

On February 10, 2025, the Beacon City Council introduced a local law to amend Chapter 223 of the Beacon City Code (the “Zoning Code”). This proposed local law would amend the City’s permitted use regulations for drive-through facilities, self-storage businesses, and clarify that any uses not expressly permitted are prohibited.

Specifically, the proposed local law would amend the Zoning Code’s schedule of permitted uses to eliminate drive-through facilities as a permitted use in all zoning districts when such use is only prohibited in the Central Main Street (“CMS”) and Linkage (“L”) districts. The proposed local law would also eliminate self-storage businesses from all zoning districts when such uses are only allowed in the General Business (“GB”), Light Industrial (“LI”), and Heavy Industrial (“HI”) zoning districts. As such, the proposed local law would affect all zoning districts, except the CMS and L districts, in the City of Beacon by eliminating the two aforementioned uses from the Schedule of Permitted Uses as established by the Beacon Zoning Code § 223-17C.

The proposed local law would further amend Beacon Zoning Code § 223-17B to clarify that any uses not expressly permitted by the Zoning Code, or the Schedule of Permitted Uses established by § 223-17C, are prohibited.

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

iv. Will there be onsite dewatering or processing of excavated materials? ☐ Yes ☐ No If yes, describe. _____	
v. What is the total area to be dredged or excavated? _____ acres	
vi. What is the maximum area to be worked at any one time? _____ acres	
vii. What would be the maximum depth of excavation or dredging? _____ feet	
viii. Will the excavation require blasting? ☐ Yes ☐ No	
ix. Summarize site reclamation goals and plan: _____	

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area? ☐ Yes ☐ No If Yes:	
i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): _____	

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres:

iii. Will the proposed action cause or result in disturbance to bottom sediments? ☐ Yes ☐ No
If Yes, describe: _____

iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation? ☐ Yes ☐ No
If Yes:

- acres of aquatic vegetation proposed to be removed: _____
- expected acreage of aquatic vegetation remaining after project completion: _____
- purpose of proposed removal (e.g. beach clearing, invasive species control, boat access): _____
- proposed method of plant removal: _____
- if chemical/herbicide treatment will be used, specify product(s): _____

v. Describe any proposed reclamation/mitigation following disturbance: _____

c. Will the proposed action use, or create a new demand for water? ☐ Yes ☐ No
If Yes:

i. Total anticipated water usage/demand per day: _____ gallons/day

ii. Will the proposed action obtain water from an existing public water supply? ☐ Yes ☐ No
If Yes:

- Name of district or service area: _____
- Does the existing public water supply have capacity to serve the proposal? ☐ Yes ☐ No
- Is the project site in the existing district? ☐ Yes ☐ No
- Is expansion of the district needed? ☐ Yes ☐ No
- Do existing lines serve the project site? ☐ Yes ☐ No

iii. Will line extension within an existing district be necessary to supply the project? ☐ Yes ☐ No
If Yes:

- Describe extensions or capacity expansions proposed to serve this project: _____
- Source(s) of supply for the district: _____

iv. Is a new water supply district or service area proposed to be formed to serve the project site? ☐ Yes ☐ No
If, Yes:

- Applicant/sponsor for new district: _____
- Date application submitted or anticipated: _____
- Proposed source(s) of supply for new district: _____

v. If a public water supply will not be used, describe plans to provide water supply for the project: _____

vi. If water supply will be from wells (public or private), what is the maximum pumping capacity: _____ gallons/minute.

d. Will the proposed action generate liquid wastes? ☐ Yes ☐ No
If Yes:

i. Total anticipated liquid waste generation per day: _____ gallons/day

ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each): _____

iii. Will the proposed action use any existing public wastewater treatment facilities? ☐ Yes ☐ No
If Yes:

- Name of wastewater treatment plant to be used: _____
- Name of district: _____
- Does the existing wastewater treatment plant have capacity to serve the project? ☐ Yes ☐ No
- Is the project site in the existing district? ☐ Yes ☐ No
- Is expansion of the district needed? ☐ Yes ☐ No

• Do existing sewer lines serve the project site? ☐ Yes ☐ No • Will a line extension within an existing district be necessary to serve the project? ☐ Yes ☐ No If Yes: • Describe extensions or capacity expansions proposed to serve this project: _____	
iv. Will a new wastewater (sewage) treatment district be formed to serve the project site? ☐ Yes ☐ No If Yes: • Applicant/sponsor for new district: _____ • Date application submitted or anticipated: _____ • What is the receiving water for the wastewater discharge? _____	
v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge or describe subsurface disposal plans): _____ _____	
vi. Describe any plans or designs to capture, recycle or reuse liquid waste: _____ _____ _____	
e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction? ☐ Yes ☐ No If Yes: i. How much impervious surface will the project create in relation to total size of project parcel? _____ Square feet or _____ acres (impervious surface) _____ Square feet or _____ acres (parcel size) ii. Describe types of new point sources. _____ _____ iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)? _____ _____ • If to surface waters, identify receiving water bodies or wetlands: _____ _____ • Will stormwater runoff flow to adjacent properties? ☐ Yes ☐ No	
iv. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater? ☐ Yes ☐ No	
f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations? ☐ Yes ☐ No If Yes, identify: i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles) _____ ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers) _____ iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation) _____	
g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit? ☐ Yes ☐ No If Yes: i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year) ☐ Yes ☐ No ii. In addition to emissions as calculated in the application, the project will generate: • _____ Tons/year (short tons) of Carbon Dioxide (CO₂) • _____ Tons/year (short tons) of Nitrous Oxide (N₂O) • _____ Tons/year (short tons) of Perfluorocarbons (PFCs) • _____ Tons/year (short tons) of Sulfur Hexafluoride (SF₆) • _____ Tons/year (short tons) of Carbon Dioxide equivalent of Hydrofluorocarbons (HFCs) • _____ Tons/year (short tons) of Hazardous Air Pollutants (HAPs)	

h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)? ☐ Yes ☐ No If Yes: i. Estimate methane generation in tons/year (metric): _____ ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring): _____			
i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations? ☐ Yes ☐ No If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust): _____			
j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services? ☐ Yes ☐ No If Yes: i. When is the peak traffic expected (Check all that apply): ☐ Morning ☐ Evening ☐ Weekend ☐ Randomly between hours of _____ to _____. ii. For commercial activities only, projected number of truck trips/day and type (e.g., semi trailers and dump trucks): _____ iii. Parking spaces: Existing _____ Proposed _____ Net increase/decrease _____ iv. Does the proposed action include any shared use parking? ☐ Yes ☐ No v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe: _____ vi. Are public/private transportation service(s) or facilities available within ½ mile of the proposed site? ☐ Yes ☐ No vii. Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles? ☐ Yes ☐ No viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes? ☐ Yes ☐ No			
k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy? ☐ Yes ☐ No If Yes: i. Estimate annual electricity demand during operation of the proposed action: _____ ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other): _____ iii. Will the proposed action require a new, or an upgrade, to an existing substation? ☐ Yes ☐ No			
l. Hours of operation. Answer all items which apply. <table style="width: 100%;"> <tr> <td style="width: 50%; vertical-align: top;"> i. During Construction: • Monday - Friday: _____ • Saturday: _____ • Sunday: _____ • Holidays: _____ </td> <td style="width: 50%; vertical-align: top;"> ii. During Construction: • Monday - Friday: _____ • Saturday: _____ • Sunday: _____ • Holidays: _____	ii. During Operations: • Monday - Friday: _____ • Saturday: _____ • Sunday: _____ • Holidays: _____
i. During Construction: • Monday - Friday: _____ • Saturday: _____ • Sunday: _____ • Holidays: _____	ii. During Operations: • Monday - Friday: _____ • Saturday: _____ • Sunday: _____ • Holidays: _____		

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both? ☐ Yes ☐ No If yes: i. Provide details including sources, time of day and duration: _____	
ii. Will the proposed action remove existing natural barriers that could act as a noise barrier or screen? ☐ Yes ☐ No Describe: _____	
n. Will the proposed action have outdoor lighting? ☐ Yes ☐ No If yes: i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures: _____	
ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen? ☐ Yes ☐ No Describe: _____	
o. Does the proposed action have the potential to produce odors for more than one hour per day? ☐ Yes ☐ No If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures: _____	
p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage? ☐ Yes ☐ No If Yes: i. Product(s) to be stored _____ ii. Volume(s) _____ per unit time _____ (e.g., month, year) iii. Generally, describe the proposed storage facilities: _____	
q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation? ☐ Yes ☐ No If Yes: i. Describe proposed treatment(s): _____	
ii. Will the proposed action use Integrated Pest Management Practices? ☐ Yes ☐ No	
r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)? ☐ Yes ☐ No If Yes: i. Describe any solid waste(s) to be generated during construction or operation of the facility: • Construction: _____ tons per _____ (unit of time) • Operation : _____ tons per _____ (unit of time) ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste: • Construction: _____ • Operation: _____ iii. Proposed disposal methods/facilities for solid waste generated on-site: • Construction: _____ • Operation: _____	

s. Does the proposed action include construction or modification of a solid waste management facility? ☐ Yes ☐ No

If Yes:

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities): _____

ii. Anticipated rate of disposal/processing:

- _____ Tons/month, if transfer or other non-combustion/thermal treatment, or
- _____ Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life: _____ years

t. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? ☐ Yes ☐ No

If Yes:

i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility: _____

ii. Generally describe processes or activities involving hazardous wastes or constituents: _____

iii. Specify amount to be handled or generated _____ tons/month

iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents: _____

v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? ☐ Yes ☐ No

If Yes: provide name and location of facility: _____

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility: _____

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses.

i. Check all uses that occur on, adjoining and near the project site.

☐ Urban ☐ Industrial ☐ Commercial ☐ Residential (suburban) ☐ Rural (non-farm)

☐ Forest ☐ Agriculture ☐ Aquatic ☐ Other (specify): _____

ii. If mix of uses, generally describe: _____

b. Land uses and covertypes on the project site.

• Roads, buildings, and other paved or impervious surfaces			
• Forested			
• Meadows, grasslands or brushlands (non-agricultural, including abandoned agricultural)			
• Agricultural (includes active orchards, field, greenhouse etc.)			
• Surface water features (lakes, ponds, streams, rivers, etc.)			
• Wetlands (freshwater or tidal)			
• Non-vegetated (bare rock, earth or fill)			
• Other Describe: _____			

c. Is the project site presently used by members of the community for public recreation? ☐ Yes ☐ No i. If Yes: explain: _____	
d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? ☐ Yes ☐ No If Yes, i. Identify Facilities: _____ _____	
e. Does the project site contain an existing dam? ☐ Yes ☐ No If Yes: i. Dimensions of the dam and impoundment: • Dam height: _____ feet • Dam length: _____ feet • Surface area: _____ acres • Volume impounded: _____ gallons OR acre-feet ii. Dam's existing hazard classification: _____ iii. Provide date and summarize results of last inspection: _____ _____	
f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility? ☐ Yes ☐ No If Yes: i. Has the facility been formally closed? ☐ Yes ☐ No • If yes, cite sources/documentation: _____ ii. Describe the location of the project site relative to the boundaries of the solid waste management facility: _____ _____ iii. Describe any development constraints due to the prior solid waste activities: _____ _____	
g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? ☐ Yes ☐ No If Yes: i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred: _____ _____	
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? ☐ Yes ☐ No If Yes: i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply: ☐ Yes ☐ No ☐ Yes – Spills Incidents database ☐ Yes – Environmental Site Remediation database ☐ Neither database Provide DEC ID number(s): _____ Provide DEC ID number(s): _____ ii. If site has been subject of RCRA corrective activities, describe control measures: _____ _____ iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? ☐ Yes ☐ No If yes, provide DEC ID number(s): _____ iv. If yes to (i), (ii) or (iii) above, describe current status of site(s): _____ _____	

m. Identify the predominant wildlife species that occupy or use the project site: _____ _____ _____	
n. Does the project site contain a designated significant natural community? ☐ Yes ☐ No If Yes: i. Describe the habitat/community (composition, function, and basis for designation): _____ ii. Source(s) of description or evaluation: _____ iii. Extent of community/habitat: • Currently: _____ acres • Following completion of project as proposed: _____ acres • Gain or loss (indicate + or -): _____ acres	
o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species? ☐ Yes ☐ No If Yes: i. WHEREAS, on March 1, 2021, the City Council (the “City Council”) of the City of Beacon (the “City”) adopted Resolution No. 32 of 2021 to 416 Main Street Beacon, LLC & 420 Main Street, LLC d/b/a 420 Main Street Beacon, LLC (the “Applicant”) for a Special Permit to construct a fourth story on an 11,715 square foot mixed-use building fronting on Main Street, comprised of a 4,295 square foot ground-floor retail space, as well as 6,220 square feet of commercial office space on the second and third floors and 1,200 square feet of residential space containing one (1) apartment unit on the stepped back fourth floor and to construct a 1,017 square foot live/work building (the “Project”) on property located at 416-420 Main Street, on parcels known and designated on the tax map as Parcel ID #6054-29-056780 and 6054-29-056774 (the “Property”); and

WHEREAS, on May 11, 2021, the City’s Planning Board granted the Applicant Preliminary and Final Subdivision Plat, Site Plan, and Certificate of Appropriateness approvals for the Project; and

WHEREAS, on June 22, 2022, the Applicant was issued Building Permit No. 2022-0192 which is set to expire on June 21, 2025; and

WHEREAS, pursuant to Section 223-18.F(1)(b)[2] of the Beacon City Zoning Code and Condition No. 5(b) of the Special Use Permit Resolution, the Special Use Permit shall expire “if all required improvements are not made within two (2) years from the date of issuance of the Building Permit”; and

WHEREAS, as of the date of this Resolution, the Applicant has not completed all required improvements within two (2) years from the date of issuance of the first building permit on June 22, 2022; and

WHEREAS, on July 1, 2024, the City Council granted the Applicant its first six-month extension of its Special Use Permit, which was set to expire on December 22, 2024; and

WHEREAS, on December 20, 2024, the Applicant submitted a timely request for a second extension of its Special Use Permit as six (6) months had not lapsed since the City Council granted the Applicant’s first request for an extension; and

WHEREAS, Beacon City Zoning Code § 223-18.F(2)(b) provides the City Council may grant one (1) or more extensions of the Special Use Permit, for up to six (6) months each, “upon a finding that an applicant is prosecuting construction with due diligence and has offered a reasonable explanation of its inability to complete the project. No such extensions shall be granted unless the City Council finds that all appropriate erosion control measures to protect surrounding properties are in place”; and

WHEREAS, on January 29, 2025, the applicant was issued a Temporary Certificate of Occupancy for all of the building, except the 4th floor and 1st floor corner restaurant space, thereby evidencing that work at the Property is nearing completion; and

WHEREAS, the Applicant’s December 20, 2024, letter requesting a second extension advised that the construction work is near completion and, barring further unexpected delays, is expected to request a final Certificate of Occupancy before the expiration of the second extension set forth herein; and

WHEREAS, on February 5, 2025, the former Building Inspector advised the City Attorney that the Applicant has been proceeding with due diligence, proper erosion control measures are in place, the six (6) month extension is reasonable, and that certain delays were caused by long lead times to finish interior spaces, and that changes in weather prevented the finishing of certain plantings and other items for the public park space.

NOW, THEREFORE, BE IT RESOLVED, in accordance with Beacon City Zoning Code § 223-18.F(2)(b), the City Council of the City of Beacon finds the Applicant has been prosecuting the construction of the improvements with due diligence, offered a reasonable explanation of its inability to complete the project, and proper erosion control measures are in place and hereby grants a second six (6) month extension of the Special Use Permit, City Council Resolution No. 32 of 2021, which second extension shall expire on June 22, 2025, unless subsequently extended by further action of the City Council.

BE IT FURTHER RESOLVED, the extension granted herein shall be deemed null and void in the event the Applicant does not satisfy the following conditions:

- (a) Timely renewal of any permits or approvals issued by the City of Beacon in connection with the Special Use Permit for the Property.
- (b) Pay to the City all applicable fees and professional review fees incurred in connection with this extension request or which remain outstanding (if any) within thirty (30) calendar days of this Resolution.

BE IT FURTHER RESOLVED, except as expressly modified by the amendment contained herein, the Special Use Permit Resolution dated March 1, 2021 is otherwise to remain in full force and effect.

MEMORANDUM

TO: Mayor Lee Kyriacou
Beacon City Council

FROM: Keane & Beane, P.C.

RE: 2nd Special Permit Extension Request: 416-420 Main Street

DATE: February 6, 2025

The Beacon City Council received a request from 416 Main Street Beacon, LLC and 420 Main Street, LLC (d/b/a 420 Main St. Beacon, LLC) (collectively, the “Applicant”), for a six-month extension of the Special Use Permit granted by the City Council, Resolution No. 32-2021, dated March 1, 2021. Among other things, Condition No. 5(b) of the Special Use Permit provided the Applicant’s approval would expire if all required improvements were not made within two years from the date of issuance of the Building Permit. The first Building Permit was issued on June 22, 2022 and is set to expire on June 21, 2025. On July 1, 2024, the City Council granted the Applicant’s timely request for its first extension of the Special Use Permit, Resolution No. 67 of 2024, thereby extending its approval through December 22, 2024. The Applicant submitted a timely request for a second six-month extension of its Special Use Permit on December 20, 2024.

Under controlling caselaw, a request for an extension or renewal of a Special Use Permit must be granted by the approving authority provided there has not been a change in circumstances, use, or violation of the conditions of approval. Our office has been advised by City staff that there has not been any change in circumstance, use, or conditions of approval which would give rise to a valid reason to deny the request. Under the Beacon City Zoning Code § 223-18.F(2)(b) the City Council may grant one (1) or more extensions of the Special Permit, for up to six (6) months each, “upon a finding that an applicant is prosecuting construction with due diligence and has offered a reasonable explanation of its inability to complete the project. No such extensions shall be granted unless the City Council finds that all appropriate erosion control measures to protect surrounding properties are in place.”

The City Building Inspector advised our office the Applicant has proceeded with due diligence and at a steady pace, proper erosion control measures are in place (where still necessary), and the second six-month extension appears reasonable. We are advised several delays have been caused by long lead times required to finish the interior spaces. We are also advised the Applicant attempted to finish the exterior landscaping (a requirement of the first extension) but then a change in weather prevented finishing

the plantings and other items for the park space. As such, we understand that once the season changes, the proposed six-month extension is sufficient time to complete the improvements to the public park. Finally, a Temporary Certificate of Occupancy was issued on January 29, 2025, which applies to a majority of the building and further signifies the progress the Applicant has made since the City Council granted the first extension.

Please do not hesitate to contact our office with any questions or concerns. Thank you.

Re: 416-420 Main Street LLC & 420 Main Street, LLC (d/b/a 420 Main St., LLC)
Request for Six (6) Month Extension of Special Use Permit Approval
Premises: 416-420 Main Street, Beacon, New York 12508

Dear Mayor Kyriacou and Members of the City Council:

On behalf of 416 Main Street Beacon, LLC and 420 Main Street, LLC, D/B/A 420 Main St. Beacon, LLC (collectively, the “Applicant”), we are writing we are writing to request a six (6) month (or two (2) 90-day) extension of the City Council Resolution Granting a Special Use Permit, dated March 1, 2021 for a four (4)-story building located at 416-420 Main Street (the “Approval Resolution”) thereby extending the Special Permit Resolution from December 22, 2024 to June 22, 2025. See **Exhibit A**.¹

Pursuant to Condition No. 5.b on page 5 of the Special Permit Resolution, “. . . the special permit shall expire if all required improvements are not made within two (2) years from the date of issuance of the Building Permit.” The Applicant received Building Permit No. 2022-0162 on June 22, 2022, which is currently scheduled to expire on June 22, 2025. See **Exhibit B**.²

In accordance with Section 223-18.F(2)(b) of the City of Beacon Zoning Code and Condition No. 9 on page 6 of the Special Permit Approval Resolution, “. . . the City Council may grant one (1) or more extensions of up to six (6) months each, to . . . (b) complete construction of the improvements, upon a finding that an applicant is prosecuting construction with due diligence

¹ A copy of the March 1, 2021 Approval Resolution is attached to this letter as **Exhibit A**. The Approval Resolution was previously extended by the City Council in Resolution No. 67 of 2024, a copy of which is on file with the City.

² A copy of Building Permit No. 2022-0162 is attached as **Exhibit B**.

December 20, 2024

and has offered a reasonable explanation of its inability to complete the project.”³

The Applicant has since been working diligently to complete the Project since its last extension request, and the Applicant advises that the construction work is near completion as of the submission date of this letter. The Applicant further anticipates that the four-story building that is the subject of the Special Use permit will receive Certificates of Occupancy before the end of the year, barring any unexpected delays. To err on the side of caution, we are respectfully requesting this six (6) month (or two 90-day) extension in case the project has not received its Certificate of Occupancy by that date. This request for extension is timely as the Approval Resolution is not set to expire until December 22, 2024.

We respectfully request that you please place this extension request on the City Council’s next available Agenda for consideration of the Applicant’s request for a six (6) month extension. In the meantime, if the Council or City staff have any questions or comments with regard to the foregoing, please do not hesitate to contact me.

Thank you in advance for your consideration of this matter.

Very truly yours,

416-420 MAIN STREET**

PARCEL ID NOS: 6054-29-056780 & 6054-29-056774

WHEREAS, 416 Main Street Beacon, LLC & 420 Main Street, LLC (the “Applicant”) submitted an application for a Special Permit to construct a fourth story on an 11,715 square foot mixed-use building fronting on Main Street, comprised of a 4,295 square foot ground-floor retail space, as well as 6,220 square feet of commercial office space on the second and third floors and 1,200 square feet of residential space containing one (1) apartment unit on the stepped back fourth floor (the “Proposed Action”) on property located at 416-420 Main Street, on parcels known and designated on the tax map as 6054-29-056780 and 6054-29-056774 (the “Property”); and

WHEREAS, the proposed 11,715 square foot mixed-use building is proposed for the area of the Property located in the Central Main Street (CMS) District and the Historic District and Landmark Overlay Zone (HDLO); and

WHEREAS, the Applicant submitted the Special Permit application in connection with its application to the Planning Board for Subdivision approval (to remove the existing lot line and merge the two lots), Site Plan approval, and Certificate of Appropriateness approval to construct the proposed 11,715 square foot mixed-use building, as well as a 1,440 square foot artist live-work space in the rear of the Property fronting on South Street and located in the Transitional District and HDLO Zone; and

WHEREAS, any proposed fourth story on a CMS parcel in the HDLO Zone requires a Special Permit from the City Council pursuant to the City of Beacon Code § 223-41.18.E(7); and

WHEREAS, the Site Plan is shown on drawings, entitled “Special Use Permit Application Sheet 1 of 1- Site Plan- Green Space Diagram,” prepared by Aryeh Siegel, Architect, dated September 9, 2020, and last revised January 28, 2021; and

WHEREAS, the Proposed Action is an Unlisted Action, pursuant to the New York State Environmental Quality Review Act; and

WHEREAS, on August 11, 2020, the Planning Board, as Lead Agency, opened a public hearing to consider comments regarding any environmental impacts associated with the Proposed Action and continued the hearing to September 9, 2020, and October 14, 2020, at which time the (SEQRA) public hearing was closed; and

WHEREAS, after taking a “hard look” at each of the relevant areas of environmental concern through review of the Environmental Assessment Form and all associated materials prepared in connection with the Proposed Action, the Planning Board adopted a Negative Declaration on October 14, 2020; and

WHEREAS, the Planning Board issued a report to the City Council dated October 15, 2020, in support of the Special Permit; and

WHEREAS, on December 21, 2020, the City Council opened a public hearing on the Special Permit application, at which time all interested persons were given the opportunity to be heard; and

WHEREAS, the City Council continued the public hearing to January 19, 2021, at which time the public hearing was closed; and

WHEREAS, due to public health and safety concerns related to the current COVID-19 pandemic, the December 21, 2020 and January 19, 2021 public hearings were held via videoconference in accordance with the requirements of the Governor’s Executive Orders which suspend the “in-person” requirements of the NYS Open Meetings Law and provide alternative means by which to conduct public hearings; and

WHEREAS, the Proposed Action originally included 1,046 square feet of central public green space pursuant to the Site Plan Drawings, dated June 24, 2020; in response to comments from the City Council, the Applicant has revised the Proposed Action to include a central public green space area of approximately 2, 315 square feet pursuant to the Site Plan Drawings, last revised January 28, 2021; and

WHEREAS, the City Council has reviewed the application for a Special Permit against the standards set forth in the City of Beacon Code §§ 223-18.B and 223-41.18.E(7) and the design standards set forth in the City of Beacon Code § 134-7, and finds that the proposal complies with these sections of the City of Beacon Code, as set forth below.

NOW, THEREFORE, BE IT RESOLVED, that the City Council hereby makes the following findings pursuant to the City of Beacon Code §§ 223-18.B, 223-41.18.E(7) and 134-7:

- The location and size of the mixed-use building, the nature, hours and intensity of the retail, business office, and residential uses involved in or conducted in connection with the proposed building, the size of the site in relation to the structure and the location of the site with respect to streets giving access to it are such that it will not conflict with the appropriate and orderly development of the site and the existing permitted uses on adjacent blocks.
- The location, nature, and height of the building and the nature and extent of the landscaping on the site are such that the use will not conflict with the existing permitted uses on adjacent blocks and will not hinder or discourage the appropriate development use of adjacent land and buildings. The height of the proposed building is approximately the same height as the neighboring building to the east.
- Operations in connection with the fourth story special use will not be more objectionable to nearby properties by reason of noise, fumes, vibration or any other characteristic than the operations connected to a three-story building, not requiring a special permit.
- The Applicant will provide two (2) or three (3) off-street parking spaces. The Applicant will request a waiver from the Planning Board of the remaining off-street parking requirements. Twenty (20) parking spaces are required for the proposed commercial uses. There are public parking lots and on-street parking available within 800 feet of the property. The project proposes the removal of a curb cut and reconfiguration of parking along Schenck Avenue that will add two (2) additional on-street public parking spaces along the east side of the roadway.
- The proposed uses will not cause unreasonable traffic congestion or create a traffic hazard.
- The building will be accessible for emergency services and appropriately located for water, sewer, and other infrastructure requirements.

- The use complies with other applicable regulations in the City Code and will be compatible with the recommendations in the City's Comprehensive Plan. The CMS District is designed to increase the vitality, attractiveness, and marketability of Main Street. The proposed mixed-use building will create retail, business office, and residential opportunities.
- The Proposed Action has been designed to be consistent with the character of the surrounding neighborhood, including the Beacon Hotel and the properties located in the HDLO. The Proposed Action will not have an adverse impact on aesthetic resources. The new building will be compatible with the historic character of adjacent buildings.
- The proposed mixed-use building is designed to ensure there are no substantial detrimental effects from shadows, parking, or traffic.
- The Applicant is providing a central public green space of approximately 2,315 square feet on the Property (the "Central Public Green Space"). The Central Public Green Space is designed to serve residents of and visitors to the City of Beacon. The Central Public Green Space includes a lawn area planted with eco-grass, trash and recycling receptacles for public use, sculpture seating, trees, and two access points along Schenck Avenue. The Central Public Green Space may include art installations including sculptures.
- The office space on the second and third floors is needed in the City of Beacon and will provide a specific public benefit.

BE IT FURTHER RESOLVED, that the City Council urges the Planning Board to be mindful of the value of the layout of the buildings and the Central Public Green Space shown on the site plan drawings, entitled "Site Plan Application-416-420 Main Street," prepared by Aryeh Siegel, Architect, dated September 9, 2020, and last revised January 28, 2021; the layout allows the Applicant to provide additional Central Public Green Space, and minimizes the amount of impervious coverage on the site.

BE IT FURTHER RESOLVED, that the City Council hereby grants a Special Permit to 416 Main Street Beacon, LLC & 420 Main Street, LLC to construct a stepped back fourth story on an 11,715 square foot mixed-use building fronting on Main Street, on property located at 416-420 Main Street in the Central Main Street District and District District and Landmark Overlay Zone as set forth and detailed on drawings, entitled “Site Plan Application-416-420 Main Street,” prepared by Aryeh Siegel, Architect, dated April 28, 2020, and last revised January 6, 2021, upon the following conditions:

1. Prior to the issuance of a Building Permit, the Applicant shall obtain Final Site Plan Approval, Subdivision approval, and Certificate of Appropriateness approval from the City of Beacon Planning Board.
2. No permits shall be issued until the Applicant has paid to the City all applicable fees and professional review fees incurred in connection with the review of this Application.
3. A copy of this Resolution shall be attached to the Certificate of Occupancy.
4. As used herein, the term “Applicant” shall include its heirs, successors, and assigns.
5. In accordance with the City of Beacon Code § 223-18.F(1), this Special Permit Approval authorizes only the particular use specified in the permit and shall expire if:
 - a. A bona fide application for a Building Permit is not filed within one (1) year of the issuances of this Special Permit Approval; or
 - b. If all required improvements are not made within two (2) years from the date of issuance of the Building Permit; or
 - c. If said use ceases for more than six (6) months for any reason.
6. The Planning Board may adopt design modifications to the Central Public Green Space area without triggering City Council review so long as such design modifications do not decrease the Central Public Green Space area by more than 10%. Any reduction in size of the Central Public Green Space area by more than 10% shall require approval from the City Council; if such approval is not obtained, the Special Permit shall be deemed void.

7. Any change to the square footage or location of the fourth story shall require approval from the City Council; if such approval is not obtained, the Special Permit shall be deemed void.
8. Any change to the commercial office use or the proposed building, either at the time the application is reviewed by the Planning Board or at any time in the future by any entity or individual post approval, which reduces or eliminates in anyway the proposed commercial office use on the second and third floors shall require approval from the City Council; if such approval is not obtained, the Special Permit shall be deemed void.
9. Any proposed revision to this Special Permit approval shall be submitted to the City Council. In its discretion, the City Council shall determine the appropriate procedures for consideration of the proposed revision, and whether such revision is material enough to require further environmental analysis, further project review and/or a public hearing, as it may deem appropriate.
10. The Central Public Green Space consisting of approximately 2,315 square feet shall be primarily used for public purposes.
11. No portion of the Central Public Green Space shall be used exclusively by any building tenant.
12. The Planning Board shall approve the final location, size and design of the signs.
13. The Applicant shall be responsible for maintaining and insuring the Central Public Green Space. Such space shall at all times be kept free and clear of garbage, litter, refuse, rubbish and debris. It shall be the Applicant's responsibility to keep the public green space in a well maintained and sanitary appearance and condition. The Applicant shall be responsible to remove any attractive nuisances from the public green space, including, but not limited to, abandoned, broken or neglected structures or equipment, and shall eliminate any unsightly condition resulting from overgrown grass or vegetation.
14. The Applicant shall defend, indemnify and save harmless the City of Beacon, its elected officials, officers, agents, attorneys and employees from and against any claim of loss, liability or damage by any person which the City may incur in connection with the Central Public Green Space.

15. If any of the conditions enumerated in this resolution upon which this approval is granted are found to be invalid or unenforceable, then the integrity of this resolution and the remaining conditions shall remain valid and intact.
16. The approvals granted by this resolution do not supersede the authority of any other entity.
17. The Building Inspector may revoke this Special Permit approval where it is found that the use of the premises does not conform to the limitations and conditions contained in the Special Permit approval.

BE IT FURTHER RESOLVED, during its review of this Special Use Permit application, the City Council identified certain topics it would like the Planning Board to consider during its review of the Site Plan. The Council wants to ensure that access to and the use of the Central Public Green Space is balanced between recognizing it is located on private property with business, office and residential uses and that the addition of a fourth floor has been granted upon the Council being satisfied that there is a public benefit as discussed during the Council's deliberation. The Council wishes to inform the Planning Board that while the project has been modified in a positive manner with the replacement of the parking courtyard in the central portion of the property with an increased Central Public Green Space and there is a public benefit with the location of office space on the second and third floors, the Council's support of the granting of this Special Use Permit to allow a fourth floor is substantially based upon the Applicant's proposal of a 2,315 square foot Central Public Green Space.

The Council recognizes details of the use, operation and maintenance of the Central Public Green Space is best left to the Planning Board's discussion during site plan review. However, the City Council cautions the Planning Board to ensure that modifications to the site plan and placement of conditions are consistent with the Council's intent in granting the special use permit upon the finding of a public benefit, especially the creation of the Central Public Green Space. Any reduction to or lack of specificity of the public's use of such space must be avoided and the Planning Board must ensure that its review protects and ensures the intent of granting the special use permit upon the finding of this public benefit.

With that objective in mind, the Planning Board shall evaluate the following during site plan review and provide a copy of its Resolution to the City Council:

1. Regulation of the public's daily access to the Central Public Green Space at reasonable hours, noting City parks are open every day, dawn to dusk.
2. Placement of clear signage so the public is aware it has access to the Central Public Green Space.
3. Ensure there is no dedicated seating for businesses in the Central Public Green Space.
4. Consideration of handicap accessibility and seating.
5. Consideration of the demarcation of the private tenant space and Central Public Green Space.
6. Consideration of what uses, if any, the businesses may undertake in the Public Central Green Space.
7. Consideration of when access to the Central Public Green Space can be restricted and used solely by the private tenants of 416-420 Main Street.
8. Examination of the public space to ensure it's use by the public is practical and feasible, specifically with respect to the northeast corner of the Central Public Green Space.

BE IT FURTHER RESOLVED, the City Council shall require the Applicant to post a weatherproofed copy of the site plan and architectural renderings of the project on a sign to be maintained at the property from the time of commencement of construction until substantial completion of the structure.

BE IT FURTHER RESOLVED, the City Clerk is requested to transmit a copy of the filed Resolution to the Planning Board and the Applicant's representative.

CITY COUNCIL**

RESOLUTION NO. 67 OF 2024

**EXTENDING A SPECIAL PERMIT (EXTENSION NO. 1) FOR
416-420 MAIN STREET (PARCEL ID #6054-29-056780 & 6054-29-056774)**

WHEREAS, on March 1, 2021, the City Council (the “City Council”) of the City of Beacon (the “City”) adopted Resolution No. 32 of 2021 to 416 Main Street Beacon, LLC & 420 Main Street, LLC d/b/a 420 Main Street Beacon, LLC (the “Applicant”) for a Special Permit to construct a fourth story on an 11,715 square foot mixed-use building fronting on Main Street, comprised of a 4,295 square foot ground-floor retail space, as well as 6,220 square feet of commercial office space on the second and third floors and 1,200 square feet of residential space containing one (1) apartment unit on the stepped back fourth floor and to construct a 1,017 square foot live/work building (the “Project”) on property located at 416-420 Main Street, on parcels known and designated on the tax map as Parcel ID #6054-29-056780 and 6054-29-056774 (the “Property”); and

WHEREAS, on May 11, 2021, the City’s Planning Board granted the Applicant Preliminary and Final Subdivision Plat, Site Plan, and Certificate of Appropriateness approvals for the Project; and

WHEREAS, on June 22, 2022, the Applicant was issued Building Permit No. 2022-0192; and

WHEREAS, pursuant to Section 223-18.F(1)(b)[2] of the Beacon City Zoning Code and Condition No. 5(b) of the Special Use Permit Resolution, the Special Use Permit shall expire “if all required improvements are not made within two (2) years from the date of issuance of the Building Permit”; and

WHEREAS, as of the date of this Resolution, the Applicant has not completed all required improvements within two (2) years from the date of issuance of the first building permit on June 22, 2022; and

WHEREAS, the Applicant’s June 12, 2024 request for an extension was timely received as two (2) years had not lapsed since the date the first building permit was issued; and

WHEREAS, in accordance with Section 223-18.F(2) and Condition No. 9 of the Special Use Permit Resolution, the City Council may grant one (1) or more extensions, of up to six (6) months each, “to complete construction of the improvements, upon a finding that the Applicant is prosecuting construction with due diligence and has offered a reasonable explanation of its inability to complete the Project” and “all appropriate erosion control measures to protect surrounding properties are in place”; and

WHEREAS, the Applicant’s June 12, 2024 letter requesting an extension asserts it has been working diligently to complete the Project since issuance of its building permit, the construction of the Project is approximately eighty percent (80%) as of the date of its letter, and anticipates the Project will be fully constructed within the next six (6) months; and

WHEREAS, the Applicant further advises there are no changes proposed to the parameters of the Project, there have been no changes in material facts and circumstances since the City Council granted its Special Use Permit, and it timely submitted an extension of its building permit pending approval of this request; and

WHEREAS, the Beacon City Building Inspector advised the Applicant is prosecuting the required improvements with due diligence, proper erosion control measures are in place, and the six (6) month extension is reasonable.

NOW, THEREFORE, BE IT RESOLVED, in accordance with Beacon City Zoning Code § 223-18.F(2) and Condition No. 9 of the Special Use Permit, the City Council of the City of Beacon finds the Applicant has been prosecuting the construction of the improvements with due diligence, offered a reasonable explanation of its inability to complete the project, and proper erosion control measures are in place and hereby grants a six (6) month extension of City Council Resolution No. 32 of 2021 which shall expire on December 22, 2024 unless subsequently extended by further action of the City Council.

BE IT FURTHER RESOLVED, the extension granted herein shall be deemed null and void in the event the Applicant does not satisfy the following conditions:

- (a) Timely renewal of any permits or approvals issued by the City of Beacon in connection with the Special Use Permit Resolution, except Building Permit No. 2022-0162 which was timely submitted to the Building Department for renewal prior to its expiration.
- (b) Installation of any remaining plantings or trees required in connection with the Special Use Permit or Planning Board approvals, by no later than September 30, 2024, and provided that openings in the interim are securely fashioned so as to not create a hazard or danger to the health, safety, or welfare of the resident of Beacon.
- (c) Pay to the City all applicable fees and professional review fees incurred in connection with this extension request or which remain outstanding (if any) within thirty (30) calendar days of this Resolution.

BE IT FURTHER RESOLVED, except as expressly modified by the amendment contained herein, the Special Use Permit Resolution dated March 1, 2021 is otherwise to remain in full force and effect.
