CONSTRUCTION CONTRACT

Contract for **Sedimentation Basin and Flocculator No. 2 Rehabilitation**, ITB# 26-039NT

This Contract (the "Contract") is made and entered into as of the date of execution by both parties, by and between the **City of Bradenton**, a political subdivision of the State of Florida (hereinafter, the "City"), and **Razorback LLC**, a Florida Limited Liability Company (hereinafter, the "Contractor").

WITNESSETH:

WHEREAS, the City required the services of a contractor to provide construction services for the Sedimentation Basin and Flocculator No. 2 Rehabilitation; and

WHEREAS, the City issued Invitation for Bids Construction ("IFBC") #26-039NT on July 8, 2026 (the "Solicitation"); and

WHEREAS, the City evaluated the responses received and found the Contractor qualified to perform the necessary services; and

WHEREAS, the City approved a Notice of Recommended Award on August 11, 2026; and

WHEREAS, the parties desire to enter into a contract setting forth the terms and conditions of their agreement.

NOW, THEREFORE, the City and the Contractor, in consideration of the mutual covenants contained herein, the receipt and sufficiency of which is hereby acknowledged, do agree as follows:

- I. **Construction Materials, Services, and Labor:** Contractor shall furnish all the labor, services and materials for the construction of **Sedimentation Basin and Flocculator No. 2 Rehabilitation IFBC #26-039NT** (the "Work"). All work and labor shall be done in accordance with the Contract Documents, as listed in Article III.
- II. **Contract Price:** In consideration of the work, labor, services and materials to be furnished by the Contractor, in accordance with said plans and specifications, the City agrees to pay to the Contractor, upon the completion and acceptance thereof by the City, or its duly authorized agent, the total contract price of **Four Hundred Sixty-Four Thousand Two Hundred Dollars and Zero Cents (\$464,200.00)**. The total contract price includes a 10% contingency amount for unanticipated work within the scope of the project and may only be authorized at the discretion of the City's Administrative Agent.
- III. **Contract Documents:** The contract documents, which comprise the entire Contract between City and Contractor, and which are made a part hereof by this reference, consist of the following:
 1. Contract and any addenda;
 2. City of Bradenton General Terms and Conditions of Solicitations ("Terms and Conditions");
 3. Supplemental Conditions;
 4. General Conditions of the Construction Contract;
 5. Solicitation, and any addenda;
 6. Bid Form; and

CONSTRUCTION CONTRACT

7. Sedimentation Basin and Flocculator No. 2 Plans and Specifications, as dated January 2026.

(collectively, the "Contract Documents"). If a conflict arises between the Contract Documents, the order of precedence shall be the order in which the documents are listed above.

- IV. **Performance and Payment Bond:** The Contractor shall furnish to the City, prior to the commencement of operations hereunder, a Performance and Payment Bond executed by the Contractor, and a surety company authorized to do business in the State of Florida, in an amount no less than the contract price herein, which bond shall be conditioned upon the successful completion of all work, labor, services, and materials to be provided and furnished hereunder, and the payment of all subcontractors, materialmen, and laborers. The City will only accept a Performance and Payment Bond from a surety with an A.M. Best rating of 'A-' (Excellent) or better for Bids requiring bonds of \$500,000.00 or greater, or 'B+' (Very Good) or better for Bids requiring a bond of less than \$500,000.00. Said bond shall be in a form acceptable to the City Attorney. In accordance with Section 255.05, F.S., the City may not make a payment to the Contractor until the Contractor has provided the City a certified copy of the recorded bond.
- V. **Insurance:** Contractor shall procure and maintain insurance as specified in the Terms and Conditions.
- VI. **Contractor's Affidavit:** When all work contemplated by the Contract has been completed, inspected, and approved by the City or its duly authorized agent, the Contractor shall furnish to the City the Contractor's affidavit in a form approved by the City. Release(s) of Lien may also be required by the City.
- VII. **Payment:** Upon certification and approval by the City or its duly authorized agent, monthly payments may be made to the Contractor upon its application for all services or work completed or materials furnished in accordance with the Contract, excluding five percent (5%) retainage. Prior to substantial completion, monthly payments shall be made on the value of materials furnished or services and work completed up to the time of said application. Retainage may be reduced by the City upon issuance of the Certificate of Substantial Completion if, in the sole opinion of the City, sufficient progress on the schedule has been accomplished, all Notices of Lien have been resolved, and the City has retained adequate retainage for the final completion of the Project and all estimated liquidated damages. The City shall inform the Contractor's Surety of any reduction in retainage. The Contractor must update each new pay request in accordance with any changes made to the previous submittal. Final payment shall be made after approval by the City or its duly authorized agent of all Work, materials or services required under this Contract.
 1. Monthly pay requests shall be submitted each month on the anniversary date of the Notice to Proceed.
 2. Monthly pay requests for less than \$200.00 are not acceptable and will not be processed, except for a final pay request.
- VIII. **Non-Appropriations:** The City's performance and obligation to pay under this Contract is contingent upon an appropriation of lawfully available funds by the City Council. The City

CONSTRUCTION CONTRACT

shall promptly notify the Contractor if the necessary appropriation is not made.

- IX. Time of the Essence:** The City and Contractor recognize and agree that time is of the essence, and that the City will suffer financial or other losses if the Work is not completed within the agreed timeframes set forth in this Contract, plus any extensions permitted hereunder.
- X. Time for Performance:** The Contractor specifically agrees that the Contract Times shall begin on the date on which both the Project Purchase Order and the Notice to Proceed have been issued (the "Commencement Date"). Contractor also agrees no work will begin prior to the Commencement Date. The Work shall be completed to substantial completion in not more than **One Hundred Eighty (180)** calendar days after the Commencement Date ("Substantial Completion"), and shall be completed and ready for final payment within **Two Hundred Ten (210)** calendar days after the Commencement Date ("Final Completion"), subject only to delays caused through no fault of the Contractor or event of force majeure. The term "Contract Times" shall collectively refer to the timeframes described herein for Substantial Completion and Final Completion.
- XI. Liability of the Contractor:** The Contractor shall save, defend, indemnify and hold harmless the City from and against any and all claims, actions, damages, fees, fines, penalties, defense costs, suits or liabilities which may arise out of any act, neglect, error, omission or default of the Contractor arising out of or in any way connected with the Contractor or subcontractor's performance or failure to perform under the terms of this Contract. Pursuant to §725.06(2), F.S. the Contractor shall indemnify and hold harmless the City of Bradenton, including its officers, employees, directors, and agents, from liabilities, damages, losses, and costs, including but not limited to reasonable attorney's fees to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and persons employed or utilized by the Contractor in the performance of the Contract. This Section XI will survive the completion or termination of the Contract.
- XII. Changes:** No changes to this Contract or the performance contemplated hereunder shall be made unless the same are in writing and signed by the parties hereto. In the event of any disagreement as to the provisions of this Contract with the Plans and Specifications that are made a part hereof by reference, the Contract shall control.
- XIII. Liquidated Damages:** The parties to this Contract agree that a precise determination of actual damages which would be incurred by the City if the Work is not completed in accordance with the Contract Times set forth in Section X herein, aside from the additional cost of inspection and supervision thereof, would be difficult to ascertain. Accordingly, the parties to the Contract agree that as liquidated damages (but not as a penalty), Contractor shall pay City **Five Hundred Dollars (\$500.00)** for each day, including Saturdays, Sundays, and legal holidays, that expires after the date of Substantial Completion specified in Section X of this Contract until the Work is Substantially Complete. After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Time or any proper extension thereof granted by City, Contractor shall pay City **(25% OF LIQUIDATED DAMAGES)** for each day, including Saturdays, Sundays, and legal holidays, that expires after the time specified in Section X for Completion and readiness for final payment until the Work is completed and ready for final payment. The parties

CONSTRUCTION CONTRACT

specifically agree that the liquidated damages provided for herein do not constitute a penalty. Furthermore, since the additional cost of inspection and supervision arising from a delay is not difficult to ascertain, it is agreed that the Contractor shall pay, in addition to the liquidated damages provided for herein, all expenses for inspection and supervision occasioned by the failure of the Contractor to complete the Work within the Contract Times described in Section X of this Contract. The amount(s) of liquidated damages together with the additional costs for inspection and supervision occasioned by the Contractor's delay may be deducted and retained out of the monies payable to the Contractor at the sole option of the City. If not so deducted, or if not deducted in their entirety, the Contractor and sureties for the Contractor shall be liable for such liquidated damages not deducted from the monies payable to Contractor.

XIV. Contractor's Representations: Contractor makes the following representations:

1. Contractor has familiarized itself with the nature and extent of the Contract Documents, Work, locality, all local conditions, and federal, state, and local laws, ordinances, rules, and regulations that in any manner may affect cost, progress, or performance of the Work.

4. Contractor declares that submission of a bid for the Work constitutes an incontrovertible representation that the Contractor has complied with every requirement of this Section, and that the Contract Documents are sufficient in scope and detail to indicate and convey understanding of all terms and conditions for performance of the Work.
5. Equal Opportunity: The Contractor assures that no person shall be discriminated against on the grounds of race, color, creed, national origin, handicap, age or sex, in any activity under this Contract.

XV. Responsibilities of the Contractor

1. The personnel assigned by the Contractor to perform the Work, or any portion thereof, shall comply with the terms set forth in this Contract. The Contractor shall ensure that all personnel and other agents are fully qualified and capable to perform the assigned tasks. Any changes or substitution to the Contractor's key personnel must receive the City's written approval before said changes or substitution can become effective.
2. The Contractor agrees to respond to communication from the City within three (3) working days unless a shorter response time is specified by the City.
3. The Contractor warrants that it has not employed or retained any company or person (other than a bona fide employee working solely for the Contractor) to solicit or secure this Contract and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Contractor, any fee, commission, percentage, gift, or any other consideration, contingent upon or resulting from the award of this Contract.

CONSTRUCTION CONTRACT

4. Contractor agrees that it and its employees shall communicate with City employees and members of the public in a civil manner. All aspects of a Contractor's performance, including complaints received from City employees or members of the public, may impact the City's decision to renew or terminate this Contract in accordance with the provisions contained herein.
5. The Contractor shall comply with all federal, state, and local laws, regulations, and ordinances, applicable to the Work or payment for such Work, and shall not discriminate on the grounds of race, color, religion, sex, or national origin in the performance of the Work under this Contract.
6. The Contractor shall maintain books, records, documents, and other evidence directly pertaining to or connected with the Work under this Contract which shall be available and accessible at the Contractor's offices for the purpose of inspection, audit, and copying during normal business hours by the city, or any of its authorized representatives. Such records shall be retained for a minimum of five (5) fiscal years (from October to September) after completion of the Work.
7. The Contractor shall notify the City's Administrative Agent at least one (1) day in advance of any meeting between the Contractor and any City Council Member, regulatory agency or private citizen related to this Contract.
8. The Contractor is, and shall be, in the performance of all work, services, and activities under this Contract, an independent contractor. Contractor is not an employee, agent, or servant of the City and shall not represent itself as such. All persons engaged in any work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the Contractor's sole direction, supervision, and control. The Contractor shall exercise control over the means and manner in which it and its employees perform the Work, and in all respects to the Contractor's relationship and the relationship of its employees to the City shall be that of an independent contractor and not as employees of the City. The Contractor shall be solely responsible for providing benefits and insurance to its employees.

XVI. Force Majeure: The Contractor specifically agrees that all Work performed under the terms and conditions of this Contract shall be completed within the time limits as set forth herein, or as otherwise identified in the Contract Documents or as specified by the City's Administrative Agent, subject only to delays caused by a Force Majeure Event, or as otherwise defined herein. A "Force Majeure Event" shall mean an act of war, domestic and/or international terrorism, civil riots or rebellions, quarantines, pandemics, epidemics, public health emergencies, or extraordinary elements of nature or acts of God, provided that such Force Majeure Event is beyond the Contractor's reasonable control, occurs without the Contractor's fault or negligence, is not caused directly or indirectly by the Contractor, and could not have been prevented or avoided by the Contractor's reasonable diligence. Notwithstanding the foregoing, unless agreed to in writing by the City, any delay that the City, in its sole discretion, deems excessive will be grounds for termination by the City if such delay is not cured within ten (10) calendar days of Contractor's receipt of written notice of the City's intent to terminate.

XVII. Entire Contract: These Contract Documents constitute the entire understanding and agreement between the parties and supersede any and all written or oral representations, statements, negotiations, or contracts previously existing between the parties with respect to the subject matters of this Contract. The Contractor recognizes that any representations, statements, or negotiations made by City staff do not suffice to legally bind the City in a

CONSTRUCTION CONTRACT

contractual relationship unless they have been reduced to writing and signed by an authorized City representative. This Contract shall inure to the benefit of and be binding upon the parties, their respective assigns, and successors in interest.

Request:

The applicant submitted an application to vacate a 20-foot platted alley generally located southeast of the intersection of 9th Street West and 13th Avenue West (see Exhibit "E"). The proposed vacation is approximately 8,252 sq. ft. or 0.189 acres in size. It should be noted that the subject alley has been inactive and closed to public use for more than sixty years. It also does not have any utility services within it as it runs under a storage building located in the City of Bradenton's Public Works & Utilities existing campus, which is also in the process of relocation.

The applicant is requesting the vacation in order to clean up property records as the site is within Phase I of the City Park Project. The City Park Project is an enhanced vision for LECOM Park as a hub for recreation, education, and community activity. While the Project is designed to enhance the economy through sports tourism, its services will go beyond sports fields

as partnerships with local organizations will provide essential services and support to underserved schools and neighborhoods within the community.

As part of the application submittal, the applicant provided copies of letters sent to utility companies and other parties of interest. The list of recipients included: Charter Communications, Comcast, Florida Power & Light, Frontier, Peace River Electric Cooperative, and TECO.

No objection letters were received from all except for Peace River Electric Cooperative and TECO. The letters sent stated that if no response was received within 60 days, the applicant will proceed with the understanding that no conflicts exist regarding the proposed vacation.

Section 2.2.7 of the City of Bradenton Land Use Restrictions (shown below) details the process for vacation of public right-of-way. The section calls for the consideration of “whether [the] vacation would be detrimental to the public health, safety, welfare or convenience”. In this case, the subject right-of-way appears to be no longer needed by any public or public-serving agencies, but this cannot be confirmed without receiving letters from all agencies. As previously stated, FPL has requested that an easement be recorded to protect their existing facilities.

If approved by City Council, the City Clerk shall record the reversion of the subject of right-of-way to adjacent property owners (the applicant).

LAND USE REGULATIONS:

2.2.7 *Vacation of public rights-of-way or public easements.* The City Council may, upon its own motion or upon a recommendation by Planning Commission, order the vacation of streets, easements, or other parcels of land dedicated for public purpose.

2.2.7.1 *Application.* Owners of property adjacent to right-of-way or owners of property with public easements may request their vacation by applying on forms or electronic media in a PDF format provided by the PCD Director and submitting the fee as required by Appendix A. The PCD Director may request additional information including a legal description of the property as necessary to process the application.

2.2.7.2 *Public Notice.* shall be made as required by Section 2.3. A legal description of the applicant property shall be on file with the PCD Director. City Council approval shall be required for the vacation of an easement. For the vacation of a right-of-way or other dedicated property, a public hearing before the Planning Commission and

recommendation from that body are also required as well as a public hearing before City Council.

2.2.7.3 *Review of Application.* The PCD Director shall report to the Planning Commission and Director of Public Works all known non-City uses of such easement, right-of-way or property. The Planning Commission shall evaluate any request for vacation of right-of-way or other dedicated property to determine whether vacation would be detrimental to the public health, safety, welfare or convenience. Information presented at the public hearing regarding use of the property for access to other properties or other public purpose shall be considered by the Planning Commission in making its recommendation. In cases where the right-of-way is used only for utilities, the Planning Commission may recommend the vacation provided that an easement is provided for such utilities. The recommendation shall be given to City Council in writing. City Council shall review a request for public easement vacation to determine whether the requested vacation would be detrimental to public health, safety, welfare or convenience.

2.2.7.4 *Approval/Denial.*

- a. *Easement.* City council may approve the vacation of an easement only with a favorable recommendation from the director of public works. Such approval may be conditioned upon the relocation at the applicant's expense of the easement and the utilities therein if so recommended.
- b. *Right-of-way or other dedicated parcel.* Upon receipt of the Planning Commission's recommendation, the City Council shall hold a public hearing on the request. The City Council shall make its determination, in light of the recommendation, their review (See Subsection 2.2.7.3 above), and public comments, whether the vacation is in the public interest. If a positive determination is made, City Council may pass a resolution vacating the requested property.

2.2.7.5 *Public Recording.* The City Clerk shall correct the records of the Clerk of the Circuit Court as necessary to revert the easement or right-of-way to the appropriate owner(s). In the case of right-of-way, the vacation customarily reverts the right-of-way to all adjacent property owners in equal portions.

COMPREHENSIVE PLAN:

Transportation Element: *Objective 1.5 Right-of-Way Preservation*

Where transportation improvement projects are consistent with the goals and vision of the City as stated in the Comprehensive Plan, the City shall ensure that any needed right of way is protected and preserved.

Policy 1.5.1 Right-of-Way Contributions

The City shall seek donations or dedications of needed right-of-way by developers, where feasible.

Policy 1.5.2 Impact of Right-of-Way on Natural Systems

The City shall coordinate with landowners and governmental entities to ensure the location and design of roadway and public transit rights-of-way, and improvements therein, shall minimize direct and indirect impacts to jurisdictional wetland areas, rivers, lakes, and streams, as well as listed species.

Policy 1.5.3 Transit System Right-of-Way

The City shall consider, and include as necessary, transit and alternative mode corridor protection and reservation through the inclusion of appropriate bus and rail transit corridors, and alternative mode corridors on the Transportation Map series.

Policy 1.5.4 Provision of Adequate Access to Land Use Activities

To provide adequate access to land use activities, the City shall enforce policies, standards and regulations that relate the design, function and balance of the transportation facilities to the type, size and location of the land uses that they serve.

Staff Comments:

1. City Council is encouraged to evaluate the request based on the criteria provided, as well as input from staff, the applicant, and the public.
2. It is in staff's opinion that the request is found to be consistent with the intent of Section 2.2.7 of the Land Use Regulations and the Transportation Element of the Comprehensive Plan.

On July 15, 2026, the City of Bradenton Planning Commission voted 7-0 in favor of recommending approval.

Respectfully submitted,

Jake Arjona
City Planner

Dear Stephen Waidley

The City of Bradenton is advancing plans to vacate a 20 foot wide platted alley within the former City of Bradenton Public Works and Utilities complex, as illustrated in the attached maps and exhibits. This alley has been inactive and closed to public use for more than sixty years.

This vacation initiative is essential to our broader vision for community enhancement. By clearing the existing right of way, we can proceed with transforming the surrounding area into a vibrant new City Park complex at 1411 9th Street West in Bradenton.

We respectfully request your confirmation that this proposed vacation will not adversely impact your company's facilities or operations. Given our project timeline constraints, we would deeply appreciate your prompt response to this inquiry.

If we do not receive a letter of objection within sixty (60) calendar days from the date of this notice, we will proceed with the understanding that no conflicts exist regarding the planned vacation. Please direct any questions or correspondence to Corey Fortin, Policy, Planning, Procedures and Real Estate Administrator at corey.fortin@bradentonFL.gov, 941 932 9451.

Thank you for your valuable assistance and cooperation in this community development matter.

Best regards,

David E. Cronkhite, PSM
