Accurate job titles are crucial for effective communication, talent acquisition, and internal equity within organizations. Job titles provide a succinct representation of a job's role and responsibilities and should accurately reflect the job level and purpose to ensure alignment between job requirements and job candidate expectations, as well as between employees and their supervisors relative to performance expectations.

MGT also conducted an initial review of REDACTED positions' Fair Labor Standards Act (FLSA) status designations to identify any immediate concerns. The FLSA establishes minimum wage, overtime pay, recordkeeping, and youth employment standards affecting employees in the private sector and in Federal, State, and local governments. FLSA ensures that employees are fairly compensated for their work and prevents exploitation by setting clear guidelines for wages and working conditions. REDACTED

Pay plans should be regularly updated to maintain market competitiveness and adjust for inflation and changing recruitment markets. Pay plan maintenance and related salary adjustments should be guided by market changes and be applied consistently throughout the compensation system, adjusting all salary ranges. REDACTED

CHAPTER 2. DATA COLLECTION

This chapter provides an overview of the study's primary data collection processes following the initial data review of existing classification and compensation system documentation. This chapter is organized into the following sections:

1. Stakeholder Data Collection and Findings
2. Recruitment Markets and Data Sources

*See **Chapter 3** and **Chapter 4** of this report for findings and recommendations.*

2.1 STAKEHOLDER DATA COLLECTION AND FINDINGS

Stakeholder Data Collection

MGT collected stakeholder input from REDACTED staff regarding the Division's current classification and compensation system (for Module I) and recruitment and retention practices (Module II, excluded from this report). Input was gathered from leaders across REDACTED

The data collection processes included the following activities:

- Stakeholder Interviews and Focus Groups
  REDACTED
- Stakeholder Management Input Survey
  REDACTED

The following provides an aggregated summary of the stakeholder input gathered from both qualitative data collections.

Stakeholder Input Findings

The following summary of themes and findings from both of MGT's Stakeholder Input data collections was used to support MGT's study evaluation and the development of recommendations regarding the Division's current classification and compensation system for this study's Module I, and for the Division's recruitment and retention practices for Module II.

2.2 RECRUITMENT MARKETS AND DATA SOURCES

This report section provides a summary of the market data sources and recruitment markets reviewed as part of this study's compensation market analysis, including details regarding the administration of MGT's Custom Market Survey for gathering pay and benefits data for review.

Recruitment Markets and Data Sources

Recruitment markets refer to the geographical locations and industries from which organizations seek and attract talent to fill job vacancies. These markets are influenced by factors such as economic conditions, industry trends, technological advancements, and workforce demographics. In tight labor markets, where demand for skilled workers exceeds supply, organizations often face fierce competition and may need to offer higher wages, better benefits, or flexible work arrangements to attract top talent. Conversely, in loose labor markets, where there is a surplus of job seekers, employers have a wider pool to choose from and may

have more negotiating power. Recruitment markets vary by organization, industry, and positions, and frequently change over time.

MGT identified appropriate recruitment market parameters in collaboration with IREDACTED

- **Salary.com CompAnalyst Database, August 2024**
  Salary.com's CompAnalyst database provides a "survey of surveys" of aggregated employer-reported market data, which is updated monthly. CompAnalyst is also designed to support unique benchmarking situations, such as hybrid positions, for jobs in which there is not a one-to-one appropriate match. CompAnalyst data can be controlled for geographic area, industry, and/or organizational full time equivalent (FTE) or budget size. This data source is also utilized to address gaps in peer data responses from the Custom Market Survey, provide insight into private markets, and provide additional data verification for gathered market data. REDACTED Annual average salaries were referenced for the review. Hybrid benchmarks were also utilized from this source. The following recruitment market areas were reviewed for benchmarking classifications:

  - REDACTED

  Within these recruitment markets, the following industry scopes were used during analysis:

  - All Industry (public and private)
  - $5B-$50B Revenue

  A summary of the Salary.com CompAnalyst market data is provided in **Appendix E.** A total of 118 benchmark comparisons were conducted utilizing this market data source.

- **MGT's Custom Market Survey, June 2024**
  MGT's Custom Market Survey is administered by the MGT Project Team to gather market data from comparable organizations for a sample of REDACTED A copy of MGT's Custom Market Survey is in **Appendix F**.

CHAPTER 3. CLASSIFICATION REVIEW AND RESULTS

This chapter provides a summary of MGT's classification review of REDACTED

1. Job Data Analysis
2. Classification Review Results
3. Job Families and Career Pathways

(See Chapter 5 for a summary of recommendations and best practices.)

3.1 JOB DATA ANALYSIS

MGT reviewed REDACTED

A job analysis is a systematic process used to identify, review, and detail the key aspects of a job, such as its essential duties, responsibilities, required education and experience, knowledge, skills, abilities, physical requirements, and work environment. The purpose of a job analysis is to provide a detailed understanding of a job's responsibilities and requirements, which helps to guide staff and their supervisors through the day-to-day scope of work for the incumbents in each position. This understanding of each job also helps to ensure that human resources activities, such as recruitment, selection, training and development, workforce and succession planning, performance evaluation, and compensation, are based on accurate and relevant job information.

It is important in job analyses, particularly for existing jobs, that the focus be on the job function itself and not the person doing the job. Job analyses exclude reviewing employee performance or how well tasks are performed, or the determination of employee promotions or demotions.

Job analyses help determine the qualifications necessary for someone to perform the job's duties and responsibilities effectively.

This study's job data analysis focused on various job factors in assessing each REDACTED position, including the following:

- Essential job duties
- Knowledge, skills, and abilities
- Function within the organization
- Education required
- Experience required
- Training/certifications required
- Work performed
- Responsibility and leadership
- Decision-making
- Financial authority
- Physical and dexterity requirements
- Environmental hazards and working conditions

It is imperative that jobs be titled accurately to industry standards and that their job descriptions be written properly and accurately to best reflect the function and requirements of the position. Job descriptions influence critical decisions, such as candidate selection, pay, training, and career pathways. ***An annual review*** REDACTED

3.2 CLASSIFICATION REVIEW RESULTS

This chapter section provides MGT's findings and recommendations related to classification consolidations, job title updates, and FLSA exemption statuses.

Classification Consolidations

Classification consolidation is the process of merging two or more job roles within an organization to streamline operations, reduce redundancy, and optimize workforce efficiency. Consolidation can also be performed as part of maintaining a classification system as the workforce needs and positions evolve. This type of consolidation can involve combining similar roles with overlapping responsibilities or integrating job functions to create new hybrid positions, or to consolidate similar roles as part of a reclassification. To consolidate positions effectively, a comprehensive review of current roles and responsibilities is conducted to identify overlaps or gaps.

As part of the consolidation review process, MGT maintained communications with REDACTED

REDACTED

Exhibit 3-1 summarizes the proposed consolidations from the classification review. REDACTED

Exhibit 3-1: Proposed Classification Consolidations

The remaining REDACTED

Classification Updates and FLSA Status Reviews

Classification updates may involve reclassification to a new job or a revision to a current job title to better reflect the job's current responsibilities, skills, or function in the organization. These updates are often necessary when a role evolves due to restructuring, position consolidation, the addition of new duties, or changes in market standards. Accurate job titles are crucial for setting clear expectations, facilitating career development, and ensuring consistency in how roles are perceived both internally and externally.

MGT evaluated all REDACTED

Exhibit 3-2: Proposed Classification Title Revisions

MGT also reviewed ***REDACTED***

3.3 JOB FAMILIES AND CAREER PATHWAYS

This chapter section provides an overview of the purpose and best practices of implementing job families and career pathways to support employee career development and advancement in an organization. The following also includes a summary of the REDACTED

Purpose and Benefits of Job Families and Pathways

Job families and career pathways in classification systems are crucial in providing employees with structured paths for professional growth within an organization. Providing career advancement opportunities strengthens an organization's operations and increases retention of quality talent.

Job families are groupings of related job positions within an organization that share similar characteristics, skills, or responsibilities. Job families assist organizations with outlining career pathways for employees, ensuring consistency and equity in job titles and roles, and supporting

recruitment, retention, and workforce planning by providing a structured approach to understanding current and future staffing needs based on an organization's goals. This structure helps create transparency around job expectations, career development opportunities, and potential lateral or upward moves within the organization.

Career pathways provide a more structured and guided approach for employes to progress in their professional development by illustrating the different routes an employee may take to reach a specific position within their organization and the necessary education, skills, credentials, and professional progression needed by the employee to reach the desired position. Career pathways often include multiple entry and exit points, and each pathway will vary at the individual level. These pathways not only provide a map for goal setting, skill development, and advancement for employees but also serve to build employee investment and motivation for long-term careers at an organization. Career pathways also support transparency and equity in classification and compensation systems by aligning salaries with job levels and responsibilities, and support succession and workforce planning by identifying current and future staffing needs as well as identifying potential leaders to prepare them for future roles, ensuring a pipeline of qualified candidates for key positions.

Job families and career pathways serve REDACTED

Exhibit 3-3: Examples of ITS Jobs and Assigned Job Families

Job Family	Example ITS Positions

REDACTED Career levels represent the stages of progression within a job family or organization, typically categorized by the complexity of tasks, required skills, experience, and decision-making authority. Levels generally start with entry-level roles, where employees are new to the field and focus on learning and executing basic tasks under close supervision. The next stage is mid-level, where individuals have gained experience, perform more complex tasks, and may start supervising others or managing projects. Senior-level roles involve significant expertise, autonomy, leadership responsibilities, and strategic influence within the organization. At the highest levels, such as executive or leadership roles, individuals are responsible for setting direction, making high-impact decisions, and guiding the overall strategy and performance of the organization.

Career levels help to further define and provide a clear pathway for professional growth, helping employees understand expectations and opportunities for advancement. **Exhibit 3-4** ***summarizes the career levels and definitions developed for categorizing*** REDACTED

Exhibit 3-4: ITS Career Levels and Definitions

Career Level	Definition
Early Career	This stage typically consists of individuals who are in the early phases of their careers, usually with 4 years or less of experience.
Mid-Career	This stage typically consists of individuals who have typically accumulated a substantial amount of work experience, often ranging from 5 or more years. This stage may supervise or manager others or act in a lead role.
Late Career	This stage typically consists of individuals who have substantial experience to contribute at a high level and guide others. This stage is characterized by a substantial level of expertise and often are senior-level or assistant director roles.
Extended Career	This stage typically consists of individuals who have extensive experience and oversee the strategic direction, management, and operations within an organization. This stage is characterized by an advanced level of expertise, a wealth of experience, and often are directors, senior directors, and executive leaders.

A detailed listing of all REDACTED

Exhibit 3-5 provides examples of ITS jobs and their assigned career levels.

Exhibit 3-5: ITS Career Levels and Example Positions

Career Level	Example ITS Positions
Early Career	*REDACTED*
Mid-Career	*REDACTED*
Late Career	*REDACTED*
Extended Career	*REDACTED*

Career Path Considerations

After reviewing the existing pathways, MGT noted several areas that REDACTED

- ***Limited pathways for positions focused on area specialization in lieu of management track***. For example:
  REDACTED
- ***Larger experience gaps between step-stone growth positions***. For example:
  REDACTED

Career paths in IT are expanding rapidly, offering diverse opportunities as technology advances. Traditional roles like software development, network administration, and cybersecurity continue to grow, while new fields such as artificial intelligence, data science, and cloud computing open

additional opportunities. New IT roles in response to evolving technology and needs naturally expand available career pathways. Often in the IT industry, employees find themselves reaching the top of their path and have no desire to pursue the next step into a managerial role but desire to remain in the hands-on, technical side of the field. In these cases, as business goals and workload challenges present themselves for such opportunities, ***new position tiers and roles can be developed to fill more niche areas and provide potential for further growth and technical specialization***. Top tier roles (late career) in a technical series, while not managing operations, can serve in a training and mentorship capacity to incumbents in lower career levels (entry and mid-level) to provide an additional path and support succession planning in the departments.

Implementation Guidance and Ongoing Maintenance

Effective communication is important when implementing any new structure or system in an organization. ***Career development systems should REDACTED***

Example Phase-In:

Phase 1: REDACTED
Phase 2: REDACTED
Phase 3: All remaining roles

Monitor and adjust the implementation as needed based on feedback and challenges.

All components described in this document provide a structured framework that outlines career progression routes for employees by aligning job roles and skills needed at each career level. ***MGT also developed a high-level career pathway roadmap, provided in Appendix P, to illustrate the various career paths by job family and career level***. This map may be used by REDACTED

CHAPTER 4. COMPENSATION REVIEW AND RESULTS

This chapter provides a summary of MGT's compensation review and analysis of REDACTED

1. Benefits Comparisons and Results
2. Market Review and Results

(See Chapter 5 for a summary of this report's recommendations and best practice guidance for compensation implementation, maintenance, and administration.)

4.1 BENEFITS COMPARISONS AND RESULTS

This chapter section focuses on a comparative assessment of REDACTED benefits and the value of the overall benefits program in comparison to its selected peer and competitor organizations. Benefits data were gathered from the comparison organizations through MGT's Custom Market Survey, outreach, and online research. This report section includes an overview of REDACTED benefit offerings followed by a comparative assessment.

(Note: The Benefits Administration review is not included in this report. See Module II Report.)

Overview of REDACTED Benefits

MGT reviewed the benefits information provided on the District's website to review the current state of its benefits program. REDACTED offers its full-time employees a variety of benefits, including:

REDACTED

REDACTED

Benefits Comparison Review

As part of MGT's benefits review, REDACTED was asked to provide the overall average value of their benefits package as a percentage of the total compensation offered to their employees. One of the primary indicators of market competitiveness is the value of an organization's benefits package relative to total compensation.

To calculate the total benefits to compensation percentage, MGT uses the equation:

% Benefits to Total Compensation = Annual Value of Benefits/Total Compensation

To determine the values needed for this equation, MGT uses the equation:

Total Compensation = Annual Cash Compensation + Annual Value of Benefits

An employee's annual cash compensation can be defined as *all compensation that is paid directly to an employee*. It is the combined value employers pay for Base pay (salary/hourly rates) and Bonuses and/or incentive pay. The annual value of benefits includes all compensation that is not paid directly to an employee. This value is calculated in addition to base salary and incentive pay and is the combined value of the following components:

- Medical benefits coverage
- Paid time off (includes vacation/sick/PTO, holiday, etc.)

- Disability Insurance
- Life Insurance
- Retirement benefits—Traditional 457(b) and Roth 457(b), and a 403(b) plan.
- FICA (Social Security, etc.)
- Worker's Compensation

REDACTED has an average benefits package value of 37.24 percent. REDACTED follows industry best practices which are to have benefits constitute between REDACTED

As part of MGT's Custom Market Survey, peer and competitor organizations were asked whether health insurance is offered to their part-time employees, and if so, how the insurance premium paid is determined, as shown in **Exhibit 4-1**. REDACTED offers insurance to part-time employees who work at least half of a full-time regular assignment in one classification. The District's benefits contribution is pro-rated on the hours contracted to work. The balance of the cost is the responsibility of the contracted employee. Most of the organizations surveyed offer these benefits to part-time employees.

Exhibit 4-1: Eligibility Policy and Part-Time Employee Insurance

ORGANIZATION	INSURANCE PROVIDED TO PART-TIME EMPLOYEES?	HOW THE PERCENTAGE OF THE PREMIUM PAID IS DETERMINED BY THE ORGANIZATION
REDACTED	Yes	Pro-rated on hours contracted to work.
	Yes - Part-time employees (except student workers) who work an average of 20 hours or more per week during a period of three consecutive months may be eligible to enroll in a medical plan.	Provides each employee a monthly "benefit allowance" to pay for benefits, allowing employees to choose from a variety of pre-tax and after-tax benefits, including medical coverage.

4.2 MARKET REVIEW AND RESULTS

This chapter section provides an overview of the market review process, a summary of the benchmark market data and findings, recommendations for market adjustments, and cost estimates and strategies for implementing the proposed adjustments.

Benchmark Selection and Market Review

Establishing benchmarks enables organizations to assess whether their compensation system is up-to-date, equitable, market competitive, and aligned with industry trends and the organization's needs and market goals. A salary benchmark is a reference point used to compare the compensation of a specific job or role against industry standards, market rates, or similar positions within a region or organization. Selecting job benchmarks for market salary analysis involves identifying comparable roles across industries or within the same sector to ensure fair and competitive compensation aligned with market trends, aiding in attracting and retaining talent.

MGT reviewed all REDACTED positions to determine appropriate benchmark comparisons. The benchmark selection process starts by defining a job's scope, responsibilities, and required qualifications, then comparing the job to similar positions in the market using reputable sources, such as salary surveys or compensation databases. Benchmarks for REDACTED positions were selected from the two identified market data sources for this study's review (1. Salary.com CompAnalyst database, and 2. MGT's Custom Market Survey) and according to the agreed upon recruitment market scopes (see **Section 2.2** for details on the selected data sources and recruitment markets). Benchmarks help determine the typical pay or pay range for a given position based on key factors, such as job level, skills, experience, and scope of responsibility. Jobs are benchmarked based on job content (i.e., core duties, minimum qualifications, etc.) rather than title alone, as sometimes existing job titles in organizations are outdated or inaccurate.

Generally, market benchmarks in classification and compensation studies reflect the overall market annual average salary of incumbents in a classification. Dependent on market data availability, other market salaries may also be referenced, including the market range minimum, midpoint, and maximum salary rates, to determine appropriate placement in an organization's pay plan. Through a detailed compilation and comprehensive review of determined competitive markets, one can establish a general guide to assess market conditions. In reviewing ITS positions, a considerable amount of data was generated to select appropriate position benchmarks to conduct comparisons and provide recommendations for market adjustments.

Market Review Results

MGT assessed REDACTED positions for market competitiveness by using the benchmarks' market salary value in comparison to the REDACTED position's current assigned pay range midpoint to determine if the range was above, aligned, or below market. A database of all benchmark data reviewed during the study was provided to the REDACTED HR Office for reference and to support implementation and future maintenance and administration. This benchmark data is provided in the appendices of this report.

- **Appendix Q** provides a summary of the benchmark data and market analysis for data from the Salary.com CompAnalyst data source. It includes a summary chart of the market data and findings, a detailed table of all benchmark data reviewed, and a summary of the CompAnalyst benchmark job summaries.
- **Appendix R** provides a summary of the benchmark data and market analysis for data from the MGT Custom Market Survey data source. It includes a summary chart of the market data and findings, followed by wage table graphs by REDACTED position and a summary of the original collected market data.

The above-mentioned appendices include summary charts that list ITS classification titles, the given market data, the percentage above or below the market point, and a summary description of the finding and adjustment recommendation for that data source and the designated recruitment market scope. REDACTED

Market Data Review and Findings Summary Charts – Color Legend

	REDACTED
	REDACTED
	REDACTED
	Of the charts with sufficient data, this is the average of the Median value. Data unavailable.

A position found to be paid "at market" indicates alignment with the average market rate, suggesting competitiveness. "Above market" implies a position is paid above the average market rate and can compete more easily in more highly competitive industries or fields. A position found to be "below market" indicates that a position has fallen behind in keeping pace with its market rate, whether it be by general market changes over time or if the position has become more in-demand in the labor market.

	$ 780.24	4.00	$ 3,120.96
	$ 37,759.80	n/a	vacant
	$ 6,574.61	5.00	$ 32,873.05
	$ 6,972.48	6.00	$ 41,834.88
		28.00	$ 244,441.54

The estimates provided are based on the latest employee information provided to MGT by the REDACTED. Any employee data changes occurring after this date should be accounted for in the implementation plan prior to taking effect. ***It is recommended that employee salaries be either maintained at their current level or adjusted upward according to***

the proposed recommendations and policy guidance provided in this report, and that no employee salaries be reduced. MGT encourages the expeditious implementation of the proposed market adjustment recommendations proposed in this report as the recommendations are based on the most current competitive market data available. If the Division is unable to implement the proposed adjustments at one time due to budget concerns, MGT recommends that the following phase-in priorities be established:

1. All employees below REDACTED

From a strategic standpoint in the current recruitment climate, when employers face difficulties recruiting enough qualified candidates to fill vacancies, it may be necessary to pay more aggressively than at the median. REDACTED

Additional Consideration: Cost-of-Living Adjustments

As part of the market review, MGT's Custom Market Survey also queried the comparison organizations about their compensation policies relating to the administration of cost-of-living adjustments (COLA). COLA is an increase in salary or benefits designed to offset the impact of inflation and changes to employees in their cost of living over time. COLA is typically applied to wages, pensions, or social security benefits to ensure that individuals maintain their purchasing power as the cost of goods, housing, healthcare, and other essentials rises. The adjustment is often calculated based on a specific inflation index, such as the Consumer Price Index (CPI), and varies by location to account for differences in regional living costs. Implementing COLA helps organizations keep compensation in line with economic conditions, ensuring employees' standard of living is preserved.

Exhibit 4-11 provides a summary of the comparison organization responses regarding whether a Cost-of-Living Adjustment is applied to their pay plans, and if so, how the adjustment is

applied. The three public organizations REDACTED

Additional Consideration: Future Administration of Pay Ranges

REDACTED

CHAPTER 5. ADMINISTRATION BEST PRACTICES

This chapter provides a summary of best practice guidelines for compensation maintenance and administration for consideration to support REDACTED

5.1 ADMINISTRATION BEST PRACTICES

Pay plans must provide for employee advancement through salary increases. Regardless of an organization's philosophy concerning advancement opportunities by way of promotions afforded to employees, it is essential that movements in the economy — and, more specifically, the labor market in which the organization competes — are addressed through salary increases and that career ladders are developed (i.e., the progression from entry-level positions to higher levels of pay, skill, responsibility, and/or authority). Salary administration procedures should be based upon organization funding levels and philosophies of pay. Although MGT cannot dictate a philosophy, it is recommended that a balance be achieved between compensation of individual employees and potential compensation to encourage recruitment and retention.

Compensation systems should be adjusted regularly based on the Consumer Price Index (CPI) and appropriate market data sources to maintain market competitiveness and adjust for inflation. Pay plan maintenance and related salary adjustments should be guided by market changes and be applied consistently throughout the compensation system, adjusting all salary ranges.

MGT recommends that compensation strategies of all organizations include provisions for both internal equity and external competitiveness. Internal equity, or the comparison of positions within an organization to ensure fair pay, is essential for both the maintenance of a sense of fairness and the morale of current employees. External competitiveness, or when the pay that workers in one organization receive is like that of other workers doing a similar job in other organizations, through annual compensation system improvements is essential for the organization to be able to retain current staff and recruit the most qualified new hires available. Both current employees and potential new hire recruits should be made aware of the salary, insurance benefits, paid leave provisions, and other benefits offered that constitute each employee's total compensation package. In addition, a systematic process for initial placement and advancement through salary increases in a classification's assigned pay grade according to established salary and compensation policies and procedures should be implemented and consistently maintained.

Initial Assignments

When employees are initially assigned to their new pay range assignment, they should be assigned to a salary amount on the new schedule that is equal to or greater than their current salary as market and longevity in their position dictate. The following guidelines may be used for determining employee salary:

- REDACTED

New Hires and Hiring at or Above Minimum Rate

Best practices recommend that employers hire new employees at the minimum of their assigned pay grade range. The pay grade and salary allocated to a classification should consider the necessary experience and qualifications to perform the position's duties. Exceptions to the minimum rule may be made if the individual's years of experience or qualifications/certifications exceed the minimum required, and/or if there is difficulty in recruiting qualified candidates. It is not unusual for organizations to hire candidates at or over the market rate in order to fill highly competitive positions; many organizations set a hiring range for this purpose. Extraordinary hiring criteria or circumstances may include the following:

- REDACTED

In addition to the candidate's qualifications and competitiveness of the recruitment market, other factors that should be considered relative to determining an appropriate starting salary

include comparable internal salaries and/or positions (internal equity), the turnover history of the classification, and the salary expectations of the potential employee. Salary assignments should be determined according to established rules for both initial placement of new hires and for the annual review and/or advancement through promotions of current employees. For example, organizations may set a 5 percent or 10 percent increase to the hiring rate to acknowledge a new hire's degree level or additional years of experience over the minimum qualifications. The supervisor or department head must submit written justification to Human Resources for making the recommendation to hire at a higher salary amount than the pay grade's minimum rate.

All new hires should meet the minimum qualifications listed for their classification. If there is difficulty with recruiting or identifying suitable qualified candidates for a position, an acting, temporary, or interim assignment for the best qualified current employee available may be utilized. The department head must submit written justification to Human Resources for making this recommendation, and the salary assignment should be adjusted accordingly.

Salary Advancement

Salary advancement within a pay grade is commonly based upon longevity and/or merit. Merit pay rewards an employee's performance while longevity pay can reward an employee's length of service. A merit policy and related salary advancement is determined by annual performance evaluations. If an employee achieves a "satisfactory" or higher rating, the employee should be considered for a salary increase or bonus based upon approved standards. Salary advancement should be considered at least on an annual basis in alignment with an employee's performance evaluation and follow established Human Resources' policies and procedures. Longevity pay is a useful tool for encouraging retention at an organization. Salary advancement according to an organization's longevity policy can be implemented regardless of an employee's performance evaluation rating.

Promotion

A promotion is defined as an assignment to a higher-level position with increased responsibilities and job duties for which the candidate is qualified. All job vacancies should be posted according to approved policies and procedures, and the most qualified candidates should be selected. Promotions may be either inter- or intra-departmental, within a job family, or to a position outside the employee's current career ladder. Commonly, if an employee's salary does not increase by at least 5 percent with the new responsibilities, the employee's move to the new position would be considered a reassignment or transfer instead of a promotion (also see **Reassignments/Transfers**). Promotions must be approved by the affected department head(s) and Human Resources, and in every case should involve an increase in duties and responsibilities and should not be made merely for affecting an increase in compensation.

A promoted employee should REDACTED

REDACTED

Demotion

A demotion is the assignment of an employee to a position in a lower classification, with a lower maximum salary, than the classification from which the employee was previously assigned. Demotion is normally due to the removal of higher-level duties and responsibilities, organizational restructuring, or the inability of the employee to assume or perform duties of the position. A supervisor may recommend the demotion of an employee. Approval to demote an employee should be dictated by personnel rules, and the recommendation for a demotion should be made in writing, citing the reasons.

The following guidelines may be referenced for determining salary for demoted employees:

- REDACTED

Supplemental Pay

Supplemental pay is usually given to employees who hold certifications not required for their position, for undesirable work hours or shifts, as hazard pay, or when employees are assigned duties that demand a considerable number of hours outside their normal duties. Supplemental pay may be given in cases of temporary work assignments or for additional duties that do not fall under another classification and that significantly increase the employee's workload by 50% on average, per industry standards.

Supplemental pay is often given to employees who are assigned to special projects or in which the responsibilities and duties of a position expand but do not alter the minimum qualifications or nature of the position's work, in which case would merit a review for possible reclassification, such as in instances in which the additional duties are not short-term or temporary. Supplemental pay rates vary across organizations and are typically tailored to an organization's specific needs and financial flexibility. The method of supplemental pay chosen by an

organization should take into consideration the number of employees eligible for supplemental pay and available funding for the supplemental pay program.

Typically, supplemental pay schedule(s) adopt one of the following methods:

- REDACTED

REDACTED

Supplemental pay is generally issued for the duration of the additional assignment or for the life of the certificate held by certified employees. Some organizations design their flat-rate supplemental pay systems into grades to provide supplemental pay based on an employee's years of service. Any supplemental pay policy and/or schedule should be reviewed and approved on an annual basis.

Reassignments/Transfers

A reassignment or transfer is the non-competitive movement of an employee from their current position to another position within an organization for non-disciplinary reasons without demotion or promotion. Reassignments can be voluntary or involuntary (initiated by the employee versus by the organization or department).

- Voluntary reassignment, or transfer, involves moving an employee laterally from their current position to a position at the same classification level in either the same or another department. An employee may request a transfer to another position for a variety of reasons, such as to enter a different career ladder, join a different department or area of focus, or to pursue a new work-life balance (e.g., transferring to a position requiring less travel).
  - REDACTED

An employee may submit a written request for consideration for a voluntary reassignment to another department or position in the organization for which they are qualified if a position is vacant or there is a need. Final approval should be obtained from the

department head and Human Resources, according to established policies and procedures.

- Involuntary reassignment refers to a reassignment initiated by an agency against an employee's will and without the employee's consent for reasons other than for causes of misconduct, delinquency, or inefficiency. There are a variety of reasons for involuntary reassignments that include, but are not limited to, the good of the employee, the best interests of the organization, and/or other defensible actions based on the judgment of its leaders.
  - REDACTED

Involuntary reassignments in which the employee is reassigned to a position in the same pay grade should have their salaries maintained at the current level with no increase or decrease. If the employee is reassigned to a position in a different pay grade, the employee's salary should be adjusted according to the position's pay grade range and be adjusted per the organization's longevity and merit policies.

Reassignments Under Reduction-in-Force

Employers often allow reassignments after initiating a reduction-in-force, in which employees are offered reassignment to a different vacant position instead of being laid off or furloughed.

Reassignments in which the employee is reassigned to a position in the same pay grade should have their salaries maintained at the current level with no increase or decrease. If the employee is reassigned to a position in which the position is in a different pay grade, the employee's salary should be adjusted according to the given position's pay grade and organizational policy.

Classification Creation and Reclassification

Organizations treat the development of new classifications and reclassifications in several ways. Classification creation or reclassification can take place when the work performed changes substantially over time, when new technology is introduced, or the mission of an organizational unit is modified in response to changing legislation or changing service

demands. The need for a new or revised classification can also occur when organizational demands or job duties change through design or evolution.

Classification creation and reclassifications are generally initiated through the Office of Human Resources but may also be initiated at the request of an individual or their supervisor. If an individual or supervisor initiates a request for creation or reclassification, it is usually accompanied by written supporting documentation. Reclassification should also consider other positions within the overall classification system and should not be determined independently of these positions and without consideration to the department and organizational hierarchy.

When a reclassification or new classification request is received or initiated by the Office of Human Resources, a Job Content Questionnaire (JCQ), or other authorized survey document to understand an employees' job duties and requirements, should be completed by the supervisor and/or all incumbents holding the same job title, as applicable. Key questions concerning the job should be answered to assist in determining the proper level within the overall pay and classification system. For reclassifications, the position audit results should be compared to the current position description for the various classification levels to determine the correct classification assignment.

If it is determined that a creation or reclassification is justified, the Office of Human Resources should approve and authorize the change. Current employees in reclassified positions should either maintain their current salary or be adjusted to a salary in the assigned pay grade for the reclassified position per organizational policy. Reclassification is not considered the same as a demotion, and therefore, an employee's salary should either be maintained at its present level or increased according to the reclassified position's pay grade and organizational policy for moving employees along the pay line of their pay grade. If the reclassified position's pay grade indicates a lower salary, the current employee's salary should be maintained and adjusted over time per organizational policy and not be reduced due to reclassification. This may mean that the employee's salary is temporarily frozen at its present level until movement in the assigned pay grade is allowed per an organization's longevity and merit policies.

Compression

Areas of compression within pay structures can occur over time or in response to pay range updates, in which there is little difference, or distance, between a lower pay grade and a higher pay grade (i.e., there is little difference in pay and earning potential of an employee and director supervisor, or between new hires and long-term employees). Modeling the structural and financial impacts of various approaches for wage shifts to an existing salary structure, as well as for those organizations without a formal pay structure, is critical to the success of any wage increase and to understand the ripple effects of making the adjustment, which will vary by organization.

Following any pay plan adjustments, pay ranges should also be assessed for possible compression. Compression can lead to employees acquiring salaries that are comparable or surpass those salaries of positions with higher qualifications or supervisory authority.

Actions that can reduce instances of compression:

- REDACTED

Organizations should be proactive in addressing compression concerns to avoid higher costs for correction in the future. Pay compression can be relieved in a few limited ways. Assessing an employee's placement within a pay range by time in position, which can indicate if newer employees are approaching, matching, or surpassing employees with longer tenure, can indicate areas of or at-risk for compression. Supervisor pay may also be compared to REDACTED

Administration and Maintenance of Pay Plans

Salary systems should be adjusted annually, or at least biennially if annually is not feasible, based on the Consumer Price Index (CPI) and appropriate market data sources to maintain market competitiveness and adjust for inflation and changing recruitment markets. The guidelines outlined in this section may be utilized for salary maintenance and administration of the proposed salary schedule. These guidelines should be applied according to base pay salary, not including additional pay received as bonuses, supplements, or pay for additional assignments. In all cases in which a computed salary is greater than the top pay within the new pay grade, the salary may be frozen at the maximum salary until subsequent adjustments are made to the salary schedule that would allow increases, or as dictated by internal policy regarding employees who reach the maximum of their assigned pay grades. REDACTED

FEE PROPOSAL

Defined by Impact. Driven by People. Dedicated to the Community.

Based on MGT's understanding of the project and our previous experience, we propose completing this project for an **overall total cost of $183,964**. This includes all professional fees and other costs (travel costs as applicable, software fees, copying, shipping, etc.) as indicated in the budget. We will work with the City to adjust the project plan to fit your budget, should the need arise.

INDEPENDENT AUDITOR'S REPORT

To the Members
MGT Intermediate, LLC and Subsidiaries
Tampa, Florida

Opinion
We have audited the accompanying consolidated financial statements of MGT Intermediate, LLC and Subsidiaries ("Company"), which comprise the consolidated balance sheets as of September 30, 2023 and 2022, and the related consolidated statements of operations, consolidated statements of changes in members' equity, and consolidated statements of cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of MGT Intermediate, LLC and Subsidiaries as of September 30, 2023 and 2022, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of MGT Intermediate, LLC and Subsidiaries and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements
Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Experienced, resourceful and passionate about your needs

INDEPENDENT AUDITOR'S REPORT (Continued)

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

MGT Intermediate, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2023 and 2022

1. Description of Business

MGT Intermediate, LLC (MGT) along with its principal subsidiaries (MGT of America Consulting, LLC, Strategos Public Affairs, LLC (divested in November 2021), Cira Infotech, Inc., Eric Hall & Associates, LLC, Davis Demographics & Planning, Inc., Layer 3 Communications, LLC, Kitamba Management, Inc., Education Direction, LLC and Step By Step Learning, LLC), collectively called "the Company," is a leading social impact and performance solutions firm that serves state, local, education, technology, and commercial customers across the United States and abroad. By elevating education systems, managing and securing critical networks, solving complex human capital and fiscal problems, and advancing equity as a performance imperative, the Company can impact communities for good through customer partnership by delivering these solutions through a "three-point stance" of technology, education, and performance offerings (see Note 10).

On April 10, 2023, MGT Intermediate, LLC's parent company changed from MGT of America, LLC to TVG-MGT Holdings, LP as part of a strategic partnership with The Vistria Group (Vistria). As part of this transaction, a majority of MGT of America, LLC's Class A common units with total voting rights were redeemed, which are included on the accompanying consolidated statements of changes in members' equity, along with the issuance of preferred units of TVG-MGT Holdings, LP, a majority of which are held by Vistria. With this change in control of the Company, the Equity Appreciation Rights plan was terminated (see Note 13). Transaction expenses resulting from this strategic partnership totaled approximately $47,056,000 for the year ended September 30, 2023.

2. Basis of Presentation and Consolidation

The accompanying audited consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and reflect the financial statement presentation and disclosure requirements thereunder. The consolidated financial statements include the accounts of MGT along with its subsidiaries as noted above. All significant intercompany transactions have been eliminated in consolidation.

3. Summary of Significant Accounting Policies Under US GAAP

Financial Instruments

The Company's financial instruments primarily consist of cash, accounts receivable, accounts payable, and debt. The fair value of cash, accounts receivable, and accounts payable approximate carrying value since they are relatively short-term in nature. The carrying value of debt approximates fair value due to either the length of maturity or existence of interest rates that approximate the prevailing market rates.

Cash and Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents include cash or deposits with financial institutions and deposits in highly liquid money market securities. Deposits with financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per depositor. Bank deposits at times may exceed federally insured limits. Amounts over the FDIC insurance limit as of September 30, 2023 were $14,078,852.

MGT Intermediate, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2023 and 2022

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Accounts Receivable, Net

The Company carries its accounts receivable at face value less an allowance for doubtful accounts. The allowance for doubtful accounts is established to cover probable and reasonably estimable losses. The Company evaluates its accounts receivable and establishes an allowance for doubtful accounts based on historical experience, aging analyses, specifically identified troubled receivable balances that are past due and other currently available information, including macroeconomic factors. Uncollectible receivables are charged to bad debt expense when that determination is made. Bad debt expense for the years ended September 30, 2023 and 2022 was approximately $53,000 and $49,000, respectively. The allowance for doubtful accounts was approximately $114,000 and $57,000 for the years ended September 30, 2023 and 2022, respectively.

Inventory

Inventory is valued at the lower of cost (first-in, first-out method) or net realizable value with estimates of quantities and prices used in some cases. Net realizable value is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation.

Property and Equipment, Net

Property and equipment are carried at cost, net of accumulated depreciation and amortization. Maintenance repairs and minor improvements are expensed as incurred. Depreciation is computed using the straight-line method of depreciation over the estimated useful lives of the assets as follows:

Technology equipment and software	3 to 5 years
Furniture and fixtures	3 to 10 years
Leasehold improvements	Term of lease

The Company reviews for impairment of long-lived assets in accordance with accounting standards. These standards require companies to determine if changes in circumstances indicate that the carrying amount of its long-lived assets may not be recoverable. If a change in circumstances warrants such an evaluation, undiscounted future cash flows from the use and ultimate disposition of the asset, as well as respective market values, are estimated to determine if an impairment exists. Management believes that there has been no impairment of the carrying value of its long-lived assets at September 30, 2023 and 2022.

Right-of-use Lease Assets and Liabilities

On October 1, 2022, the Company adopted Accounting Standard Update (ASU) 2016-02, *Leases* (ASC Topic 842). This ASU supersedes existing guidance on accounting for leases in ASC Topic 840, *Leases*. The standard requires lessees to recognize the assets and liabilities that arise from leases on the balance sheet. A lessee should recognize in the balance sheet a liability to make lease payments (the lease liability) and a right-of-use (ROU) asset representing its right to use the underlying asset for the expected lease term.

As part of the transition to the new standard, the Company was required to measure and recognize leases that existed at October 1, 2022 using a modified retrospective approach. For leases existing at the effective date, the Company elected the package of three transition practical expedients and, therefore, did not reassess whether an arrangement is or contains a lease, did not reassess lease classifications, and did not reassess what qualifies as an initial direct cost.

MGT Intermediate, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2023 and 2022

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Right-of-use Lease Assets and Liabilities (continued)

The adoption of Topic 842 resulted in the recognition of operating ROU assets and operating lease liabilities of approximately $3,000,000 as of October 1, 2022.

At lease inception, the Company determines whether an arrangement is or contains a lease. ROU assets represent the Company's right to use leased assets over the term of the lease. Lease liabilities represent the Company's contractual obligation to make lease payments over the lease term. For operating leases, ROU assets and lease liabilities are recognized at the lease commencement date. The lease liability is measured as the present value of the lease payments over the lease term. The Company uses the risk-free discount rate to determine the present value of the lease payments. Lease terms may include renewal or extension options to the extent they are reasonably certain to be exercised. The assessment of whether renewal or extension options are reasonably certain to be exercised is made at lease commencement. Factors considered in determining whether an option is reasonably certain of exercise include, but are not limited to, the value of any leasehold improvements, the value of renewal rates compared to market rates, and the presence of factors that would cause a significant economic penalty to the Company if the option were not exercised. Lease expense is recognized on a straight-line basis over the lease term. The Company has elected not to recognize an ROU asset and obligation for leases with an initial term of twelve months or less. To the extent a lease arrangement includes both lease and non-lease components, the Company has elected to account for the components as a single lease component. The Company does not have any finance leases.

Goodwill and Intangible Assets, Net

Goodwill consists of the excess of purchase price over the fair value of identifiable net assets of companies acquired. In accordance with the Accounting Standards Codification ("ASC") 350 "Intangibles-Goodwill and Other", the carrying amount of goodwill and intangible assets is to be reviewed at least annually for impairment, and losses in value, if any, will be charged to operations in the period of impairment. Accounting Standards Update 2011-8 permits an entity to evaluate qualitative factors to assess whether impairment is more likely than not to have occurred. The test for impairment was completed for the fiscal years ended September 30, 2023 and 2022, and goodwill was determined not to be impaired.

Intangible assets are recorded at their estimated fair value at the date of acquisition. Intangible assets are amortized over their estimated useful lives, which range from three to ten years, using the straight-line method unless the asset is determined to have an indefinite life. Intangible assets are reviewed for impairment whenever events or changes in circumstances indicate the carrying value may not be recoverable. Assets that are deemed to be potentially impaired are evaluated for recoverability based upon management's estimates of future discounted cash flows. If the carrying value exceeds the recoverable amount of the asset, the deficiency is recorded as an impairment loss. No intangible asset impairment charges were recorded for the fiscal years ended September 30, 2023 and 2022.

Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2023 and 2022

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Investment in Unconsolidated Affiliate

Layer 3 Communications, LLC (Layer 3) has an investment in an unconsolidated affiliate that is measured at historical cost.

Debt Issuance Costs

Debt issuance costs represent costs incurred in connection with the issuance of long-term debt. Such costs are amortized over the term of the respective debt using the straight-line method (see Note 8). The unamortized debt issuance costs are reflected on the balance sheet as a direct deduction from the outstanding balance owed on the long-term debt.

Income Taxes

MGT's parent company primarily operates as a partnership for U.S. federal and state income tax purposes with a calendar year end. Two of MGT's subsidiaries (Cira Infotech, Inc. and Davis Demographics & Planning, Inc.) operate as C Corporations for federal and state income tax purposes with a calendar year end having minimal tax implications. Generally for partnerships, the tax liability related to income earned represents obligations of the individual members and has not been reflected in the consolidated financial statements. The Company accounts for uncertain tax positions, if any, in accordance with FASB Accounting Standards Codification 740. In accordance with these professional standards, the Company recognizes tax positions only to the extent management believes it is "more likely than not" that its tax positions will be sustained upon IRS examination. Management believes it has no uncertain tax positions that qualify for either recognition or disclosure in the consolidated financial statements for the years ended September 30, 2023 and 2022. The Company believes that its income tax filings positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Company's consolidated balance sheet, consolidated statement of operations or consolidated cash flows. Accordingly, the Company has not recorded any accruals for interest and penalties for uncertain income tax positions at September 30, 2023.

The Company's income tax returns are subject to examination by taxing authorities since its formation. At September 30, 2023 the following tax years are subject to examination:

Jurisdiction	Open Years for Filed Returns
Federal	December 31, 2020, 2021 and 2022
Various States	December 31, 2020, 2021 and 2022

Read accompanying Independent Auditor's Report.

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Credit Risks

The Company provides professional services to many geographically diverse customers primarily across the public sector. The Company performs ongoing credit evaluations of its clients and generally does not require collateral. Accounts receivable are reviewed on a periodic basis and an allowance for doubtful accounts is recorded where such amounts are determined to be uncollectible. Due to the large number of customer accounts and the type of customer base, management does not believe that a significant exposure from a concentration of credit risk exists.

Revenue Recognition

The Company derives its revenues primarily from the following services: consulting services, staffing, managed service provider services, and from being a network system solutions provider with additional maintenance service agreements, software-as-a-service, and software licensing services. Substantially all of the Company's revenues are considered to be revenues from contracts with customers. These contracts have different terms based on the scope, performance obligations, and complexity of the engagement, which frequently require the Company to make judgments and estimates in recognizing revenues. There are many types of contracts, including time-and-materials contracts, cost-plus contracts, cost-plus-incentives contracts and contracts with multiple fee types. It is probable that the Company will collect substantially all of the consideration to which it is entitled in exchange for those goods and services that will be transferred to the customer. Revenue is recognized to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

The Company evaluates each deliverable to identify performance obligations and to determine whether the deliverables represent promises to transfer distinct goods or services. The evaluation requires significant judgment and the impact of combining or separating performance obligations may change the time over which revenue from the contract is recognized. A contract's transaction price is allocated to each distinct performance obligation and recognized as revenue when, or as, the performance obligation is satisfied. For contracts with multiple performance obligations, the contract's transaction price is allocated to each performance obligation based on the relative standalone selling price. The primary method used to estimate standalone selling price is the expected cost plus a margin approach, under which the expected costs of satisfying a performance obligation are forecast and then an appropriate margin for that distinct good or service is added based on margins for similar services sold on a standalone basis. While determining relative standalone selling price and identifying separate performance obligations require judgment, generally relative standalone selling prices and the separate performance obligations are readily identifiable as those performance obligations are sold unaccompanied by other performance obligations. Contract modifications are routine in the performance of the Company's contracts. Contracts are often modified to account for changes in the contract specifications, requirements, or duration. If a contract modification results in the addition of performance obligations priced at a standalone selling price or if the post-modification services are distinct from the services provided prior to the modification, the modification is accounted for separately. If the modified services are not distinct, they are accounted for as part of the existing contract.

MGT Intermediate, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2023 and 2022

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Revenue Recognition (continued)

Consulting service contracts are typically renewable annually or less than one year in duration. Staffing and managed service provider contracts typically span one to three years. Consulting, staffing, and managed service provider income is recognized in the month the service is provided to the customer. These services are considered to be a single performance obligation that is satisfied over time as services are rendered. The revenue is recognized using an input method of costs incurred to measure progress toward completion. This method is used because management considers this to be the best available measure of progress on services provided. When contractual billings represent an amount that corresponds directly with the value provided to the client (e.g., time-and-materials contracts), revenues are recognized as amounts become billable in accordance with contract terms. Revenues from fixed-price contracts are generally recognized using costs incurred to date relative to total estimated costs at completion to measure progress toward satisfying performance obligations. Incurred costs represent work performed, which corresponds with, and thereby best depicts, the transfer of control to the client. Series-based contracts require a series of distinct services to be provided each period over the contract term. Revenues from unit-priced contracts are recognized as transactions are processed.

Contracts for maintenance service agreements and software-as-a-service are primarily under fixed price contracts that generally provide a set of integrated or highly interdependent services. Maintenance service agreements and software-as-a-service income is recognized in the month the service is provided to the customer. These services are considered to be a single performance obligation that is satisfied over time as services are rendered. The revenue is recognized using an input method based on time elapsed to measure progress toward completion. This method is used because management considers this to be the best available measure of progress on services provided.

For contracts that include consultation, design, installation, hardware sales, and software sales which do not qualify to recognize revenue over time, revenue is recognized at a point in time when the performance obligation is satisfied and the customer obtains control of the promised good or service. Software licensing services include perpetual and renewable software license sales that are recognized when the customer can receive the benefit. This is considered to be a single performance obligation that is satisfied at a point in time upon delivery to the customer.

A contract asset is recorded when revenue is recognized in advance of the right to receive consideration. Amounts are recorded as accounts receivable when the right to consideration is unconditional. When consideration is received, or when there is an unconditional right to consideration in advance of delivery of goods or services, a contract liability is recorded. The Company utilizes fixed fee arrangements for maintenance contracts, which are typically billed to the customer at the beginning of the service period. Differences in the timing of revenue recognition and customer billings result in deferred revenue being recognized at the end of each reporting period. Amounts received in advance of the performance of services or delivery of products are classified as contract liabilities. Contract assets and liabilities are reported in the accompanying consolidated balance sheets on a contract-by-contract basis at the end of each reporting period.

MGT Intermediate, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2023 and 2022

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Revenue Recognition (continued)

The nature of the Company's contracts gives rise to several types of variable consideration, including incentive fees. Several contracts include incentives or penalties related to costs incurred, benefits produced, or adherence to schedules that may increase the variability in revenues and margins earned on such contracts. These variable amounts generally are awarded or refunded upon achievement of, or failure to achieve, certain performance metrics, milestones, or cost targets and can be based upon client discretion. Variable fees are included in the estimated transaction price when there is a basis to reasonably estimate the amount of the fee and it is not probable a significant reversal of revenue will occur. These estimates reflect the expected value of the variable fee and are based on an assessment of anticipated performance, historical experience, and other information available at the time.

The Company does not have any significant financing components. For some managed service provider contracts, payments are received for transition or set-up and implementation activities, which are deferred and recognized as revenue as the services are provided. These advance payments are typically not a significant financing component because they are used to meet working capital demands in the early stages of a contract and to protect the Company from the other party failing to complete its obligations under the contract. Any costs to obtain a contract with a customer are expensed as incurred. The practical expedient was elected to report revenues net of any revenue-based taxes assessed by governmental authorities that are imposed on and concurrent with specific revenue-producing transactions.

Disaggregation of revenue from contracts with customers is as follows:

	2023	2022
Consulting Services	$ 77,608,069	$ 48,658,813
Hardware	54,457,303	17,810,099
Maintenance Services	19,996,022	8,145,339
Managed Services	19,432,020	6,507,506

Shipping and Handling Costs

The Company considers all shipping and handling to be fulfillment activities and not a separate performance obligation. Shipping and handling costs are recorded as cost of goods sold except for those charged to customers that are reported within revenue.

Advertising

Advertising costs are expensed as incurred and included in operating expenses. The expense amounted to approximately $176,000 and $49,000 for the years ended September 30, 2023 and 2022, respectively.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying disclosures. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the prior fiscal year's balances to conform to the current fiscal year's consolidated financial statement presentation. These reclassifications had no effect on net loss.

4. Property and Equipment, net

Property and equipment, net consists of the following as of September 30:

	2023	2022
Technology equipment and software	$ 4,106,919	$ 2,909,741
Assets under construction	1,425,373	634,034
Leasehold improvements	185,756	129,361
Furniture and equipment	100,131	88,700
	$ 5,818,179	$ 3,761,836
Less accumulated depreciation	(1,607,362)	(871,857)
	$ 4,210,817	$ 2,889,979

Depreciation expense for the years ended September 30, 2023 and 2022 was approximately $767,000 and $339,000, respectively, of which approximately $68,000 and $173,000 is included in cost of goods sold during 2023 and 2022, respectively.

Read accompanying Independent Auditor's Report.

5. Right-of-use Lease Assets and Liabilities

The Company leases various operating facilities and equipment throughout the United States with non-cancelable lease terms through fiscal year 2029. The leases require payments of taxes and certain other expenses. As of September 30, 2023, total lease expense under ASC Topic 842 was approximately $1,452,000. As of September 30, 2022, total rent expense was approximately $790,000.

The following table presents certain information related to lease expense for operating leases for the year ended September 30:

	2023
Operating lease cost - fixed	$ 1,190,577
Operating lease cost - variable	43,465
Short-term lease cost	217,934
	$ 1,451,976

The weighted average as of September 30, 2023 is as follows:

	2023
Remaining lease term (in years)	3.62
Discount rate	4.0%

Lease liability maturities for the five years subsequent to September 30, 2023 and in the aggregate are as follows:

Years Ending September 30,	
2024	$ 1,008,177
2025	852,342
2026	676,762
2027	445,164
2028	222,782
Thereafter	3,385
Total lease payments	3,208,612
Less: imputed interest	(214,915)
Present value of lease liabilities	2,993,697
Less: current portion	(911,672)
Long-term portion	$ 2,082,025

6. Goodwill and Intangible Assets, net

Goodwill consists of the following as of September 30:

	2023	2022
Balance as of beginning of fiscal year	$ 98,628,512	$ 16,008,998
Current fiscal year acquisitions	25,319,958	82,671,657
Other adjustments	348,919	(52,143)
Balance as of end of fiscal year	$ 124,297,389	$ 98,628,512

Intangible assets, net consists of the following as of September 30:

	2023	2022
Non-compete agreements and customer relationships	$ 24,409,277	$ 24,409,277
Contract-related intangibles	7,900,000	7,900,000
Trade name	5,900,000	5,900,000
Internally developed and internal use software	2,162,388	655,637
Other	351,155	351,155
	$ 40,722,820	$ 39,216,069
Less accumulated amortization	(10,495,950)	(4,151,684)
	$ 30,226,870	$ 35,064,385

Amortization expense was approximately $5,986,000 and $2,170,000 for the years ended September 30, 2023 and 2022, respectively. Intangible assets with an indefinite life consist of a trade name in the amount of $800,000.

The following is a schedule of estimated future amortization for the years subsequent to September 30, 2023:

2025		5,587,502
2026		3,107,274
2027		2,779,267
2028		2,630,000
Thereafter		9,120,381
	$	29,426,870

7. Investment in Unconsolidated Affiliate and Note Receivable

Layer 3 has a note receivable for $750,000 with an entity that provides WiFi solutions and engineering services. The note is non-interest bearing with no set repayment terms. Under a unit purchase agreement, Layer 3 purchased 5% of the entity's outstanding common units for $750,000. The unit purchase agreement included pre-emptive rights in the event of the future sale of the entity along with anti-dilution rights which terminated on January 7, 2023. As a result of the purchase, Layer 3 obtained rights to the use of proprietary licenses and customized versions of end-user software for its customers.

8. Debt Issuance Costs

During fiscal year 2023, the Company incurred debt issuance costs of approximately $5,664,000 relating to the JPMorgan Chase Bank term loans. These costs are amortized using the straight-line method over the life of the loans. Accumulated amortization was approximately $444,000 as of September 30, 2023. Amortization charged to interest expense was approximately $444,000 for the year ended September 30, 2023. These costs are presented (net of accumulated amortization) as a reduction in the carrying value of the related debt liabilities on the accompanying consolidated balance sheets (see Note 9).

During fiscal year 2022, the Company incurred debt issuance costs of approximately $2,642,000 relating to the WhiteHorse Capital Management, LLC term loans that were closed in fiscal year 2023. These costs are amortized using the straight-line method over the life of the loans. Accumulated amortization was approximately $2,642,000 and $169,000 as of September 30, 2023 and 2022, respectively. Amortization charged to interest expense was approximately $2,473,000 and $169,000 for the years ended September 30, 2023 and 2022, respectively. These costs are presented (net of accumulated amortization) as a reduction in the carrying value of the related debt liabilities on the accompanying consolidated balance sheets (see Note 9).

During fiscal year 2021, the Company incurred debt issuance costs of approximately $238,000 relating to the CIBC Bank USA term loans that were closed in fiscal year 2022. These costs were amortized using the straight-line method over the life of the loans. Accumulated amortization was approximately $238,000 as of September 30, 2022. Amortization charged to interest expense was approximately $201,000 for the year ended September 30, 2022.

Read accompanying Independent Auditor's Report.

9. Debt

Outstanding debt balances as of September 30, 2023 and 2022 consist of the following:

	2023	2022
In April 2023, the Company entered into a credit agreement with JPMorgan Chase Bank, N.A. (JPM) that provides for Closing Date Term Loans of $140 million, Delayed Draw Term Loans of $30 million, and Revolving Credit Loans of $20 million. Proceeds from the Closing Date Term Loans were used to fully repay the WhiteHorse and Gregory Davis loans and consist of quarterly principal payments of $350,000 commencing in October 2023 with a balloon payment in April 2029. In May 2023, the Company exercised its right to draw down $20 million from the Delayed Draw Term Loans with quarterly principal payments of $50,000 commencing in October 2023 with a balloon payment in April 2029. Interest is subject to a variable interest rate (12.21% at September 30, 2023). Unused commitments under the Revolving Credit Loans are subject to a quarterly fee of 0.50%. The loans are secured by the accounts of the Company and guaranteed by the Company. At September 30, 2023, the entire $20 million Revolving Credit Loans was available and $10 million was available under the Delayed Draw Term Loans.	$ 160,000,000	$ -
In May 2022, the Company entered into a credit agreement with WhiteHorse Capital Management, LLC (WhiteHorse) that provided for Initial Term Loans with quarterly principal payments of $175,000 commencing in June 2023 with a balloon payment in May 2027. Interest was subject to a variable interest rate. It was secured by the accounts of the Company and guaranteed by the Company. It was fully repaid in April 2023. The agreement also provided for a $7.5 million Revolving Credit Facility that was never drawn on. Both agreements terminated in April 2023.	-	70,000,000
In July 2022, the Company amended its credit agreement with WhiteHorse to provide for First Amendment Incremental Term Loans with quarterly principal payments of $80,000 commencing in June 2023 with a balloon payment in May 2027. Interest was subject to a variable interest rate. It was secured by the accounts of the Company and guaranteed by the Company. It was fully repaid in April 2023, and the agreement was terminated.	-	32,000,000
Gregory Davis promissory note was issued in May 2022 with annual principal payments of $450,000 at 5% interest through May 2025. The note was unsecured and subordinate to the WhiteHorse debt. It was fully repaid in April 2023, and the agreement was terminated.	-	1,350,000
Less debt issuance costs	(5,219,834)	(2,472,557)
	154,780,166	100,877,443
Less current portion of debt	(1,055,240)	(430,166)
Total long term debt	$ 153,724,926	$ 100,447,277

Read accompanying Independent Auditor's Report.

Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2023 and 2022

9. Debt (continued)

At September 30, 2023 and 2022, the Company is compliant with all covenants.

The aggregate annual amounts of principal payments required on the debt for the years subsequent to September 30, 2023 are as follows:

Years Ending September 30,	Principal Payments	Unamortized Debt Issuance Costs	Net Amount
2024	$ 2,000,000	$ (944,760)	$ 1,055,240
2025	1,600,000	(944,760)	655,240
2026	1,600,000	(944,760)	655,240
2027	1,600,000	(944,760)	655,240
2028	1,200,000	(944,760)	255,240
Thereafter	152,000,000	(496,034)	151,503,966
	$ 160,000,000	$ (5,219,834)	$ 154,780,166

10. Business Combinations and Divestiture

The Company completed one and four acquisitions during fiscal years ended September 30, 2023 and 2022, respectively. The Company accounted for each acquisition using the acquisition method of accounting. Accordingly, the purchase price is allocated related to these transactions to tangible and intangible assets acquired and liabilities assumed, including goodwill and contingent consideration, based on their estimated fair values. The Company recognizes acquisition-related costs in general and administrative expenses on the accompanying consolidated statements of operations.

Fiscal Year 2023

Step By Step Learning

On May 15, 2023, the Company acquired Step By Step Learning, LLC (SBSL) for total consideration of $25,000,000. SBSL works with school districts in the K-12 market to implement a comprehensive, research-based approach to literacy, offering evidence-based Structure Literacy and Science of Reading instruction principles and educator coaching. The acquisition was funded primarily through borrowings under the JPM Delayed Draw Term Loans (see Note 9). The terms of the acquisition allow for contingent consideration of up to $1,197,300. Any contingent consideration payments are based upon achieving certain revenue and operational metrics of SBSL for the fiscal years of 2024, 2025 and 2026. In connection with this acquisition, goodwill of $24,522,743 and intangible assets of $167,880 were recorded. The intangible assets consist primarily of internally developed software, which is being amortized over 3 years.

10. Business Combinations and Divestiture (continued)

Fiscal Year 2022

Kitamba

On December 31, 2021, the Company acquired the net assets and operations of Kitamba Management, Inc.'s (Kitamba) education and social impact consulting services and related products business for total consideration of $8,000,000. Kitamba provides data strategy and analysis, instructional and budget support and facility services to K-12 schools, school districts and county offices of education. In connection with this acquisition, goodwill of $13,033,033 was recorded. The acquisition was funded primarily through borrowings available under the CIBC Amendment No. 2 Term Loan (see Note 9). Additionally, the terms of the acquisition allow for contingent consideration of up to $6,000,000 with an estimated fair value of $5,550,182 as of the acquisition date. Any contingent consideration payments are based upon achieving certain revenue and operational metrics of Kitamba for the fiscal years of 2022, 2023 and 2024.

Davis Demographics and Planning

On May 12, 2022, the Company acquired Davis Demographics and Planning, Inc. (Davis), a provider of demographics and planning for public school districts, including demographic reports, attendance and boundary planning and GIS services, as well as the licensing of software for total consideration of $2,119,390, including cash at close of $900,000 and a $1,350,000 promissory note (see Note 9). The acquisition was funded primarily through borrowings available under the WhiteHorse Initial Term Loans (see Note 9). In connection with this acquisition, goodwill of $1,917,421 was recorded.

Layer 3 Communications

On May 12, 2022, the Company acquired Layer 3 Communications, LLC (Layer 3), a leading provider of complex network, security, and data center IT deployments, as well as custom Managed Service Provider (MSP) solutions for total consideration of $43,927,433, net of cash acquired. The acquisition was funded primarily through borrowings under the WhiteHorse Initial Term Loans (see Note 9). Additionally, the terms of the acquisition allow for contingent consideration of up to $17,000,000 with an estimated fair value of $16,000,581 as of the acquisition date. Any contingent consideration payments are based upon achieving certain revenue and operational metrics of Layer 3 for the fiscal years of 2023, 2024 and 2025. In connection with this acquisition, goodwill of $34,093,143 and intangible assets of $24,228,000 were recorded. The intangible assets consist primarily of customer and contract-related intangibles, trademarks and non-competition clauses, which are being amortized over 3 to 10 years.

MGT Intermediate, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2023 and 2022

10. Business Combinations and Divestiture (continued)

Ed Direction

On July 29, 2022, the Company acquired Education Direction, LLC (Ed Direction), a leading provider of school transformation services for districts, states, foundations, and nonprofit organizations throughout the U.S for total consideration of $41,166,681, net of cash acquired. The acquisition was funded primarily through borrowings under the WhiteHorse First Amendment Incremental Term Loans (see Note 9) and $9,825,000 of additional capital raised from a major shareholder (Trivest MGT Investor, LLC). Additionally, the terms of the acquisition allow for contingent consideration of up to $6,000,000 with an estimated fair value of $4,034,280 as of the acquisition date. Any contingent consideration payments are based upon achieving certain revenue and operational metrics of Ed Direction for the fiscal years of 2023, 2024 and 2025. In connection with this acquisition, goodwill of $33,628,060 and intangible assets of $8,756,000 were recorded. The intangible assets consist primarily of contract-related intangibles, trademarks and non-competition clauses, which are being amortized over 3 to 10 years.

Fiscal Year 2022 Divestiture

Strategos

On November 1, 2021, the Company completed the divestiture of Strategos Public Affairs, LLC (Strategos), a wholly owned subsidiary that specializes in governmental advocacy, public opinion architecture and strategic business advisory. The Company redeemed 97,815.97 of the vested membership units of the Company from the acquirers for 100% of the membership units of Strategos for total consideration of $1,400,000. No gain or loss was recorded in the accompanying consolidated statements of operations. Concurrent with the sale, the Company issued to Strategos a Secured Promissory Note (Working Capital Loan) with a principal amount of $397,000 and bearing interest at LIBOR plus 3% maturing on September 30, 2022. The obligations under this Note were secured by Strategos' account receivables and personal guarantees of the acquirers and were paid in full prior to the end of fiscal year 2022. Additionally, a Transition Services Agreement was entered into to provide corporate back-office services to Strategos for a period of 90 days following the sale.

11. Retirement Plan

On January 1, 2023, the Company adopted a 401(k) safe harbor defined contribution plan whereby eligible employees may contribute elective deferrals subject to Internal Revenue Service limitations. Under the safe harbor plan, the Company matches contributions up to 5% of an employee's compensation. Employer contributions are vested immediately. Prior to this adoption, the Company (excluding Layer 3) maintained a 401(k) profit-sharing plan that matched contributions up to 3% of an employee's compensation with employer contributions vesting over a six-year period. Layer 3 maintained its own 401(k) safe harbor defined contribution plan prior to January 1, 2023 that matched contributions up to 5% of an employee's compensation with employer contributions vesting immediately. Total employer contributions for the years ended September 30, 2023 and 2022 were approximately $1,828,000 and $831,000, respectively.

MGT Intermediate, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2023 and 2022

12. Related Party Transactions

For the years ended September 30, 2023 and 2022, the Company incurred rent expense of approximately $231,000 and $225,000; and travel costs of approximately $262,000 and $413,000, respectively, to employees or entities that are owned by members.

13. Equity Appreciation Rights

An Equity Appreciation Rights (EAR) plan was established in fiscal year 2021 and terminated in fiscal year 2023 upon a change in control of the Company as part of the strategic partnership with Vistria (see Note 1). EAR units totaling approximately $12,896,000 were redeemed in fiscal year 2023 with approximately $1,371,000 included in accrued liabilities on the accompanying consolidated balance sheets as of September 30, 2023. The EAR units were used to attract and retain employees and promote the success of the Company's business. Management granted units after receiving authorization from the Board. The EAR units did not have ownership or voting rights in the Company. The redemption value represented one Class A common unit minus the base price of one Class A common unit. Units were forfeited upon unit holders leaving the Company.

14. Commitments and Contingencies

From time to time, the Company is involved in litigation arising in the ordinary course of business. Some of the actions and proceedings have been brought on behalf of various claimants and certain of these claimants seek damages of unspecified amounts. The Company records a liability when it believes that it is both probable that a loss has been incurred, and the amount can be reasonably estimated. Significant judgment is required to determine both probability and the estimated amount. Where a range of loss can be reasonably estimated with no best estimate in the range, the Company records the minimum estimated liability. While the ultimate outcome of litigation matters cannot be predicted with certainty, it is the current opinion of management that the resolution of such litigation is not likely to have a material adverse effect on the consolidated financial statements.

15. Major Suppliers

For the year ended September 30, 2023, the Company purchased approximately $55,181,000 or 77% of its material and supplies from three suppliers. For the year ended September 30, 2022, the Company purchased approximately $23,516,000 or 88% of its material and supplies from three suppliers.

16. Supplemental Disclosures for Statements of Cash Flows

Cash paid for interest for the years ended September 30, 2023 and 2022 was approximately $13,794,000 and $1,742,000, respectively.

MGT Intermediate, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2023 and 2022

16. Supplemental Disclosures for Statements of Cash Flows (continued)

Cash paid for income taxes for the years ended September 30, 2023 and 2022 was approximately $336,000 and $289,000, respectively.

Cash paid for the amounts included in the measurement of lease liabilities for the year ended September 30, 2023 was approximately $1,068,000.

Noncash Operating, Investing, and Financing Transactions

For the year ended September 30, 2023, operating lease liabilities arising from obtaining operating ROU assets totaled approximately $903,000.

On September 30, 2023, the Company announced to its former members as part of the strategic partnership with Vistria that a final disbursement would be paid out in October of 2023. This redemption of Class A common units totaled approximately $821,000. The Company has included the liability as of September 30, 2023 in accrued liabilities on the accompanying consolidated balance sheets.

On September 30, 2022, the Company declared a distribution to its members in the amount of $2,000,000 which was subsequently paid in October and November of 2022. The Company included the liability as of September 30, 2022 in accrued liabilities on the accompanying consolidated balance sheets.

17. Subsequent Events

On December 8, 2023, the Company acquired GovHR USA, LLC and GovTemps USA, LLC (GovHR) for total consideration of $10,000,000. GovHR provides high-impact, public-sector human capital expertise in executive recruitment, staffing, and HR consulting. The acquisition was funded primarily through borrowings under the JPM Delayed Draw Term Loans in the amount of $10,000,000. The terms of the acquisition allow for contingent consideration of up to $1,000,000. Any contingent consideration payments are based upon meeting minimum EBITDA amounts and margins for the calendar years of 2024, 2025 and 2026. In connection with this acquisition, goodwill of $7,903,921 was recorded.

Management has evaluated subsequent events through February 20, 2024, the date on which the consolidated financial statements were available to be issued and, except for the disclosure noted above, has no material subsequent events to report.

INDEPENDENT AUDITOR'S REPORT

To the Members
MGT of America, LLC and Subsidiaries
Tampa, Florida

Opinion
We have audited the accompanying consolidated financial statements of MGT of America, LLC and Subsidiaries ("Company"), which comprise the consolidated balance sheets as of September 30, 2022 and 2021, and the related consolidated statements of operations, consolidated statements of changes in members' equity, and consolidated statements of cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of MGT of America, LLC and Subsidiaries as of September 30, 2022 and 2021, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of MGT of America, LLC and Subsidiaries and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements
Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material

Experienced, resourceful and passionate about your needs

11201 Corporate Circle North, Suite 120 St Petersburg, FL 33716 www.lsandco.com Telephone: 727.579.0383 Fax: 727.570.8934

INDEPENDENT AUDITOR'S REPORT (Continued)

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

MGT of America, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2022 and 2021

1. Description of Business

MGT of America, LLC (MGT) along with its principal subsidiaries (MGT Intermediate, LLC, MGT of America Consulting, LLC, Strategos Public Affairs, LLC (divested in November 2021), Cira Infotech, Inc., Eric Hall & Associates, LLC, Davis Demographics & Planning, Inc., Layer 3 Communications, LLC, Kitamba Management, Inc. and Education Direction, LLC) (collectively called the Company) is a leading social impact and performance solutions firm that serves state, local, education, technology, and commercial customers across the United States and abroad. By elevating education systems, managing and securing critical networks, solving complex human capital and fiscal problems, and advancing equity as a performance imperative, the Company can impact communities for good through customer partnership by delivering these solutions through a "three-point stance" of technology, education, and performance offerings (see Note 9).

2. Basis of Presentation and Consolidation

The accompanying audited consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and reflect the financial statement presentation and disclosure requirements thereunder. The consolidated financial statements include the accounts of MGT along with its subsidiaries as noted above. All significant intercompany transactions have been eliminated in consolidation.

3. Summary of Significant Accounting Policies Under US GAAP

Cash and Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents include cash or deposits with financial institutions and deposits in highly liquid money market securities. Deposits with financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per depositor. Bank deposits at times may exceed federally insured limits. Amounts over the FDIC insurance limit as of September 30, 2022 were $6,846,694.

Accounts Receivable, Net

The Company carries its accounts receivable at face value less an allowance for doubtful accounts. The allowance for doubtful accounts is established to cover probable and reasonably estimable losses. The Company evaluates its accounts receivable and establishes an allowance for doubtful accounts based on historical experience, aging analyses, specifically identified troubled receivable balances that are past due and other currently available information, including macroeconomic factors. Uncollectible receivables are charged to bad debt expense when that determination is made. Bad debt expense for the years ended September 30, 2022 and 2021 was approximately $49,000 and $139,000, respectively. The allowance for doubtful accounts was approximately $57,000 and $46,000 for the years ended September 30, 2022 and 2021, respectively.

Inventory

Inventory is valued at the lower of cost (first-in, first-out method) or net realizable value with estimates of quantities and prices used in some cases. Net realizable value is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation.

Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2022 and 2021

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Property and Equipment, Net

Property and equipment are carried at cost, net of accumulated depreciation and amortization. Maintenance repairs and minor improvements are expensed as incurred. Depreciation is computed using the straight-line method of depreciation over the estimated useful lives of the assets as follows:

Technology equipment and software	3 to 5 years
Furniture and fixtures	3 to 10 years
Leasehold improvements	Term of lease

The Company reviews for impairment of long-lived assets in accordance with accounting standards. These standards require companies to determine if changes in circumstances indicate that the carrying amount of its long-lived assets may not be recoverable. If a change in circumstances warrants such an evaluation, undiscounted future cash flows from the use and ultimate disposition of the asset, as well as respective market values, are estimated to determine if an impairment exists. Management believes that there has been no impairment of the carrying value of its long-lived assets at September 30, 2022 and 2021.

Goodwill and Intangible Assets, Net

Goodwill consists of the excess of purchase price over the fair value of identifiable net assets of companies acquired. In accordance with the Accounting Standards Codification ("ASC") 350 "Intangibles-Goodwill and Other", the carrying amount of goodwill and intangible assets is to be reviewed at least annually for impairment, and losses in value, if any, will be charged to operations in the period of impairment. Accounting Standards Update 2011-8 permits an entity to evaluate qualitative factors to assess whether impairment is more likely than not to have occurred. The test for impairment was completed for the fiscal years ended September 30, 2022 and 2021, and goodwill was determined not to be impaired.

Intangible assets are recorded at their estimated fair value at the date of acquisition. Intangible assets are amortized over their estimated useful lives, which range from three to ten years, using the straight-line method unless the asset is determined to have an indefinite life. Intangible assets are reviewed for impairment whenever events or changes in circumstances indicate the carrying value may not be recoverable. Assets that are deemed to be potentially impaired are evaluated for recoverability based upon management's estimates of future discounted cash flows. If the carrying value exceeds the recoverable amount of the asset, the deficiency is recorded as an impairment loss. No intangible asset impairment charges were recorded for the fiscal years ended September 30, 2022 and 2021.

Investment in Unconsolidated Affiliate

Investment in unconsolidated affiliate is initially measured at cost and is adjusted annually to reflect the Company's share of the affiliate's profit or loss for the period.

Debt Issuance Costs

Debt issuance costs represent costs incurred in connection with the issuance of long-term debt. Such costs are amortized over the term of the respective debt using the straight-line method (see Note 7). The unamortized debt issuance costs are reflected on the balance sheet as a direct deduction from the outstanding balance owed on the long-term debt.

MGT of America, LLC and Subsidiaries

For the Fiscal Years September 30, 2022 and 2021

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Financial Instruments

The Company's financial instruments primarily consist of cash, accounts receivable, accounts payable, and debt. The fair value of cash, accounts receivable, and accounts payable approximate carrying value since they are relatively short-term in nature. The carrying value of debt approximates fair value due to either the length of maturity or existence of interest rates that approximate the prevailing market rates.

Income Taxes

The Company primarily operates as a partnership for U.S. federal and state income tax purposes with a calendar year end. Two of the Company's subsidiaries (Cira Infotech, Inc. and Davis Demographics & Planning, Inc.) operate as C Corporations for federal and state income tax purposes with a calendar year end having minimal tax implications. Generally for partnerships, the tax liability related to income earned represents obligations of the individual members and has not been reflected in the consolidated financial statements. The Company accounts for uncertain tax positions, if any, in accordance with FASB Accounting Standards Codification 740. In accordance with these professional standards, the Company recognizes tax positions only to the extent management believes it is "more likely than not" that its tax positions will be sustained upon IRS examination. Management believes it has no uncertain tax positions that qualify for either recognition or disclosure in the consolidated financial statements for the years ended September 30, 2022 and 2021. The Company believes that its income tax filings positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Company's consolidated balance sheet, consolidated statement of operations or consolidated cash flows. Accordingly, the Company has not recorded any accruals for interest and penalties for uncertain income tax positions at September 30, 2022.

The Company's income tax returns are subject to examination by taxing authorities since its formation. At September 30, 2022 the following tax years are subject to examination:

Jurisdiction	Open Years for Filed Returns
Federal	December 31, 2019, 2020 and 2021
Various States	December 31, 2019, 2020 and 2021

Credit Risks

The Company provides professional services to many geographically diverse customers primarily across the public sector. The Company performs ongoing credit evaluations of its clients and generally does not require collateral. Accounts receivable are reviewed on a periodic basis and an allowance for doubtful accounts is recorded where such amounts are determined to be uncollectible. Due to the large number of customer accounts and the type of customer base, management does not believe that a significant exposure from a concentration of credit risk exists.

For the Fiscal Years September 30, 2022 and 2021

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Revenue Recognition

The Company derives its revenues primarily from the following services: consulting services, staffing, managed service provider services, and from being a network system solutions provider with additional maintenance service agreements, software-as-a-service, and software licensing services. Substantially all of the Company's revenues are considered to be revenues from contracts with customers. These contracts have different terms based on the scope, performance obligations, and complexity of the engagement, which frequently require the Company to make judgments and estimates in recognizing revenues. There are many types of contracts, including time-and-materials contracts, cost-plus contracts, cost-plus-incentives contracts and contracts with multiple fee types. It is probable that the Company will collect substantially all of the consideration to which it is entitled in exchange for those goods and services that will be transferred to the customer. Revenue is recognized to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

The Company evaluates each deliverable to identify performance obligations and to determine whether the deliverables represent promises to transfer distinct goods or services. The evaluation requires significant judgment and the impact of combining or separating performance obligations may change the time over which revenue from the contract is recognized. A contract's transaction price is allocated to each distinct performance obligation and recognized as revenue when, or as, the performance obligation is satisfied. For contracts with multiple performance obligations, the contract's transaction price is allocated to each performance obligation based on the relative standalone selling price. The primary method used to estimate standalone selling price is the expected cost plus a margin approach, under which the expected costs of satisfying a performance obligation are forecast and then an appropriate margin for that distinct good or service is added based on margins for similar services sold on a standalone basis. While determining relative standalone selling price and identifying separate performance obligations require judgment, generally relative standalone selling prices and the separate performance obligations are readily identifiable as those performance obligations are sold unaccompanied by other performance obligations. Contract modifications are routine in the performance of the Company's contracts. Contracts are often modified to account for changes in the contract specifications, requirements, or duration. If a contract modification results in the addition of performance obligations priced at a standalone selling price or if the post-modification services are distinct from the services provided prior to the modification, the modification is accounted for separately. If the modified services are not distinct, they are accounted for as part of the existing contract.

Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2022 and 2021

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Revenue Recognition (continued)

Consulting service contracts are typically renewable annually or less than one year in duration. Staffing and managed service provider contracts typically span one to three years. Consulting, staffing, and managed service provider income is recognized in the month the service is provided to the customer. These services are considered to be a single performance obligation that is satisfied over time as services are rendered. The revenue is recognized using an input method of costs incurred to measure progress toward completion. This method is used because management considers this to be the best available measure of progress on services provided. When contractual billings represent an amount that corresponds directly with the value provided to the client (e.g., time-and-materials contracts), revenues are recognized as amounts become billable in accordance with contract terms. Revenues from fixed-price contracts are generally recognized using costs incurred to date relative to total estimated costs at completion to measure progress toward satisfying performance obligations. Incurred costs represent work performed, which corresponds with, and thereby best depicts, the transfer of control to the client. Series-based contracts require a series of distinct services to be provided each period over the contract term. Revenues from unit-priced contracts are recognized as transactions are processed.

Contracts for maintenance service agreements and software-as-a-service are primarily under fixed price contracts that generally provide a set of integrated or highly interdependent services. Maintenance service agreements and software-as-a-service income is recognized in the month the service is provided to the customer. These services are considered to be a single performance obligation that is satisfied over time as services are rendered. The revenue is recognized using an input method based on time elapsed to measure progress toward completion. This method is used because management considers this to be the best available measure of progress on services provided.

For contracts that include consultation, design, installation, hardware sales, and software sales which do not qualify to recognize revenue over time, revenue is recognized at a point in time when the performance obligation is satisfied and the customer obtains control of the promised good or service. Software licensing services include perpetual and renewable software license sales that are recognized when the customer can receive the benefit. This is considered to be a single performance obligation that is satisfied at a point in time upon delivery to the customer.

A contract asset is recorded when revenue is recognized in advance of the right to receive consideration. Amounts are recorded as accounts receivable when the right to consideration is unconditional. When consideration is received, or when there is an unconditional right to consideration in advance of delivery of goods or services, a contract liability is recorded. The Company utilizes fixed fee arrangements for maintenance contracts, which are typically billed to the customer at the beginning of the service period. Differences in the timing of revenue recognition and customer billings result in deferred revenue being recognized at the end of each reporting period. Amounts received in advance of the performance of services or delivery of products are classified as contract liabilities. Contract assets and liabilities are reported in the accompanying consolidated balance sheets on a contract-by-contract basis at the end of each reporting period.

Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2022 and 2021

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Revenue Recognition (continued)

The nature of the Company's contracts gives rise to several types of variable consideration, including incentive fees. Several contracts include incentives or penalties related to costs incurred, benefits produced, or adherence to schedules that may increase the variability in revenues and margins earned on such contracts. These variable amounts generally are awarded or refunded upon achievement of, or failure to achieve, certain performance metrics, milestones, or cost targets and can be based upon client discretion. Variable fees are included in the estimated transaction price when there is a basis to reasonably estimate the amount of the fee and it is not probable a significant reversal of revenue will occur. These estimates reflect the expected value of the variable fee and are based on an assessment of anticipated performance, historical experience, and other information available at the time.

The Company does not have any significant financing components. For some managed service provider contracts, payments are received for transition or set-up and implementation activities, which are deferred and recognized as revenue as the services are provided. These advance payments are typically not a significant financing component because they are used to meet working capital demands in the early stages of a contract and to protect the Company from the other party failing to complete its obligations under the contract. Any costs to obtain a contract with a customer are expensed as incurred. Sales and other taxes that the Company collects concurrent with the revenue-producing activities are excluded from revenue. The practical expedient was elected to report revenues net of any revenue-based taxes assessed by governmental authorities that are imposed on and concurrent with specific revenue-producing transactions.

Disaggregation of revenue from contracts with customers is as follows:

	2022	2021
Consulting Services	$ 48,658,813	$ 37,643,599
Hardware/Software	26,155,809	1,933,789
Strategic Staffing	12,185,741	10,596,613
Maintenance Services	8,145,339	-
Managed Services	6,507,506	2,271,801
	$ 101,653,208	$ 52,445,802

Shipping and Handling Costs

The Company considers all shipping and handling to be fulfillment activities and not a separate performance obligation. Shipping and handling costs are recorded as cost of goods sold except for those charged to customers that are reported within revenue.

Advertising

Advertising costs are expensed as incurred and included in operating expenses. The expense amounted to approximately $49,000 and $31,000 for the years ended September 30, 2022 and 2021, respectively.

MGT of America, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2022 and 2021

3. Summary of Significant Accounting Policies Under US GAAP (continued)

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying disclosures. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the prior fiscal year's balances to conform to the current fiscal year's consolidated financial statement presentation. These reclassifications had no effect on net income (loss).

Recent Accounting Pronouncement

In February 2016, FASB issued ASU 2016-02, *Leases*. This ASU supersedes existing guidance on accounting for leases in ASC Topic 840, *Leases*. The standard requires lessees to recognize the assets and liabilities that arise from leases on the balance sheet. A lessee should recognize in the balance sheet a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. This ASU will be effective for the Company's year ended September 30, 2023. The amendments should be applied at the beginning of the earliest period presented using a modified retrospective approach. The Company is currently in the process of assessing the impact of the adoption of this standard on its consolidated financial statements.

4. Property and Equipment, net

Property and equipment, net consists of the following as of September 30:

	2022	2021
Technology equipment and software	$ 3,565,377	$ 668,509
Assets under construction	634,034	372,245
Leasehold improvements	129,361	73,186
Furniture and equipment	88,700	376,534
	$ 4,417,472	$ 1,490,474
less accumulated depreciation	(1,089,181)	(778,807)
	$ 3,328,291	$ 711,667

Depreciation expense for the years ended September 30, 2022 and 2021 was approximately $557,000 and $303,000, respectively, of which approximately $173,000 is included in cost of goods sold during 2022.

Read accompanying Independent Auditor's Report.

5. Goodwill and Intangible Assets, net

Goodwill consists of the following as of September 30:

	2022	2021
Balance as of beginning of fiscal year	$ 16,008,998	$ 4,830,434
Current fiscal year acquisitions	82,671,657	11,178,564
Other adjustments	(52,143)	-
Balance as of end of fiscal year	$ 98,628,512	$ 16,008,998

Intangible assets, net consists of the following as of September 30:

	2022	2021
Non-compete agreements and customer relationships	$ 24,409,277	$ 4,509,277
Contract-related intangibles	7,900,000	-
Trade name	5,900,000	800,000
Other	351,155	189,685
	$ 38,560,432	$ 5,498,962
less accumulated amortization	(3,934,359)	(2,043,112)
	$ 34,626,073	$ 3,455,850

Amortization expense was approximately $1,952,000 and $402,000 for the years ended September 30, 2022 and 2021, respectively. Intangible assets with an indefinite life consist of a trade name in the amount of $800,000.

5. Goodwill and Intangible Assets, net (continued)

The following is a schedule of estimated future amortization for the years subsequent to September 30, 2022:

Years Ending September 30,	
2023	$ 5,670,894
2024	5,670,894
2025	5,102,046
2026	2,860,695
2027	2,779,267
Thereafter	11,742,277
	$ 33,826,073

6. Investment in Unconsolidated Affiliate

Layer 3 Communications, LLC (Layer 3) has a note receivable for $750,000 with an entity that provides WiFi solutions and engineering services. Under a unit purchase agreement, Layer 3 purchased 5% of the entity's outstanding common units for $750,000. The unit purchase agreement included pre-emptive rights in the event of the future sale of the entity along with anti-dilution rights which terminated on January 7, 2023. As a result of the purchase, Layer 3 obtained rights to the use of proprietary licenses and customized versions of end-user software for its customers.

7. Debt Issuance Costs

During fiscal year 2022, the Company incurred debt issuance costs of approximately $2,642,000 relating to the WhiteHorse Capital Management, LLC term loans. These costs are amortized using the straight-line method over the life of the loans. Accumulated amortization was approximately $169,000 as of September 30, 2022. Amortization expense charged to interest expense was approximately $169,000 for the year ended September 30, 2022. These costs are presented (net of accumulated amortization) as a reduction in the carrying value of the related debt liabilities on the accompanying consolidated balance sheets (see Note 8).

During fiscal year 2021, the Company incurred debt issuance costs of approximately $238,000 relating to the CIBC Bank USA term loans that were closed in fiscal year 2022. These costs are amortized using the straight-line method over the life of the loans. Accumulated amortization was approximately $238,000 and $37,000 as of September 30, 2022 and 2021, respectively. Amortization charged to interest expense was approximately $201,000 and $37,000 for the years ended September 30, 2022 and 2021, respectively. These costs are presented (net of accumulated amortization) as a reduction in the carrying value of the related debt liabilities on the accompanying consolidated balance sheets (see Note 8).

For the Fiscal Years September 30, 2022 and 2021

8. Debt

On May 12, 2022, the Company entered into a credit agreement with WhiteHorse Capital Management, LLC (WhiteHorse). The agreement provides for Initial Term Loans of $70 million and a $7.5 million Revolving Credit Facility, which was used to replace the existing CIBC credit agreement. Proceeds from the Initial Term Loans were used to fully repay the CIBC Credit Facilities and to fund the acquisitions of Layer 3 Communications, LLC and Davis Demographics & Planning, Inc. (see Note 9). Unused commitments under the Revolving Credit Facility are subject to a quarterly fee of 0.50%. Interest is subject to a variable interest rate (9.14% at September 30, 2022). The maturity date of the WhiteHorse Credit Facilities is May 12, 2027. The entire $7.5 million Revolving Credit Facility was available at September 30, 2022.

The acquisition of Davis Demographics & Planning, Inc. (see Note 9) was also funded by a subordinated note payable. On May 12, 2022, in connection with the purchase agreement, the Company issued a promissory note to the seller in the amount of $1.35 million. The note provides for monthly interest payments at an interest rate of 5% and is compounded annually on the unpaid balance. The note has a maturity date of May 12, 2025.

On July 29, 2022, the Company amended its credit agreement with WhiteHorse to provide for First Amendment Incremental Term Loans of $32 million. Proceeds from the First Amendment Incremental Term Loans were used to fund the acquisition of Education Direction, LLC (see Note 9). Interest is subject to a variable interest rate (9.47% at September 30, 2022). The maturity date of the WhiteHorse Credit Facilities is May 12, 2027.

On November 2, 2020, the Company entered into a credit agreement with CIBC Bank USA (CIBC). The agreement provided for a Closing Date Term Loan of $6 million, a Delayed Draw Term Loan of $1.2 million, and a $5 million Revolving Credit Facility. Proceeds from the Closing Date Term Loan were used to fund the acquisition of Cira Infotech, Inc. (see Note 9). Proceeds from the Delayed Draw Term Loan were used to fund the acquisition of Eric Hall & Associates, LLC (see Note 9). As noted above, the Delayed Draw Term Loan was fully repaid, and the agreement terminated on May 12, 2022.

On December 31, 2021, the Company amended its credit agreement with CIBC to provide for a $6.9 million Amendment No. 2 Term Loan and increase the availability on the $5 million Revolving Credit Facility by drawing down $2,472,604 on the Delayed Draw Term Loan while increasing its commitment to $5 million. Proceeds from the Amendment No. 2 Term Loan were used to fully repay the Delayed Draw Term Loan and to fund the acquisition of Kitamba Management, Inc. (see Note 9). As noted above, the Amendment No. 2 Term Loan was fully repaid, and the agreement terminated on May 12, 2022.

8. Debt (continued)

In response to economic uncertainty caused by the COVID-19 pandemic, the Company took the additional step in applying for a loan from Valley National Bank in the amount of $2,266,072 under the Paycheck Protection Program (PPP) established by the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The loan was subject to a note dated April 16, 2020, which offered forgiveness to the extent proceeds of the loan were used for eligible expenditures such as payroll and other expenses described in the CARES Act. As of September 30, 2021, the entire balance of the PPP loan had been forgiven and recognized as other income.

At September 30, 2022 and 2021, the Company is compliant with all covenants.

Outstanding debt balances as of September 30, 2022 and 2021 consisted of the following:

	2022	2021
WhiteHorse Initial Term Loans with quarterly payments of $175,000 commencing in June 2023 with a balloon payment in May 2027. Interest is subject to a variable interest rate. Secured by the accounts of the Company and guaranteed by MGT of America, LLC and Subsidiaries.	$ 70,000,000	$ -
WhiteHorse First Amendment Incremental Term Loans with quarterly payments of $80,000 commencing in June 2023 with a balloon payment in May 2027. Interest is subject to a variable interest rate. Secured by the accounts of the Company and guaranteed by MGT of America, LLC and Subsidiaries.	32,000,000	-
Gregory Davis promissory note with annual payments of $450,000 at 5% interest through May 2025. The note is unsecured.	1,350,000	-
CIBC Closing Date Term Loan with monthly payments at 4% interest through November 2025. Guaranteed by all assets of MGT of America, LLC, Stratco, and a member of the Company.	-	5,700,000
CIBC Delayed Draw Term Loan with monthly payments at 4% interest through November 2025. Guaranteed by all assets of MGT of America, LLC, Stratco, and a member of the Company.	-	710,625
Less debt issuance costs	(2,472,557)	(145,021)
	100,877,443	6,265,604
Less current portion of debt	(430,166)	(528,750)
Total long term debt	$ 100,447,277	$ 5,736,854

Read accompanying Independent Auditor's Report.

For the Fiscal Years September 30, 2022 and 2021

8. Debt (continued)

The aggregate annual amounts of principal payments required on the debt for the years subsequent to September 30, 2022 are as follows:

Years Ending September 30,	Principal Payments	Unamortized Debt Issuance Costs	Net Amount
2023	$ 960,000	$ (529,834)	$ 430,166
2024	1,470,000	(529,834)	940,166
2025	1,470,000	(529,834)	940,166
2026	1,020,000	(529,834)	490,166
2027	98,430,000	(353,221)	98,076,779
	$ 103,350,000	$ (2,472,557)	$ 100,877,443

9. Business Combinations and Divestitures

The Company completed four and two acquisitions during fiscal years ended September 30, 2022 and 2021, respectively. The Company accounted for each acquisition using the acquisition method of accounting. Accordingly, the purchase price is allocated related to these transactions to tangible and intangible assets acquired and liabilities assumed, including goodwill and contingent consideration, based on their estimated fair values. The Company recognizes acquisition-related costs in general and administrative expenses on the accompanying consolidated statements of operations.

Fiscal Year 2022

Kitamba

On December 31, 2021, the Company acquired the net assets and operations of Kitamba Management, Inc.'s (Kitamba) education and social impact consulting services and related products business for total consideration of $8,000,000. Kitamba provides data strategy and analysis, instructional and budget support and facility services to K-12 schools, school districts and county offices of education. In connection with this acquisition, goodwill of $13,033,033 was recorded. The acquisition was funded primarily through borrowings available under the CIBC Amendment No. 2 Term Loan (see Note 8). Additionally, the terms of the acquisition allow for contingent consideration of up to $6,000,000 with an estimated fair value of $5,550,182 as of the acquisition date. Any contingent consideration payments are based upon achieving certain revenue and operational metrics of Kitamba for the fiscal years of 2022, 2023 and 2024.

Davis Demographics and Planning

On May 12, 2022, the Company acquired Davis Demographics and Planning, Inc. (Davis), a provider of demographics and planning for public school districts, including demographic reports, attendance and boundary planning and GIS services, as well as the licensing of software for total consideration of $2,119,390, including cash at close of $900,000 and a $1,350,000 promissory note (see Note 8). The acquisition was funded primarily through borrowings available under the WhiteHorse Initial Term Loans (see Note 8). In connection with this acquisition, goodwill of $1,917,421 was recorded.

MGT of America, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2022 and 2021

9. Business Combinations and Divestitures (continued)

Layer 3 Communications

On May 12, 2022, the Company acquired Layer 3 Communications, LLC (Layer 3), a leading provider of complex network, security, and data center IT deployments, as well as custom Managed Service Provider (MSP) solutions for total consideration of $43,927,433, net of cash acquired. The acquisition was funded primarily through borrowings under the WhiteHorse Initial Term Loans (see Note 8). Additionally, the terms of the acquisition allow for contingent consideration of up to $17,000,000 with an estimated fair value of $16,000,581 as of the acquisition date. Any contingent consideration payments are based upon achieving certain revenue and operational metrics of Layer 3 for the fiscal years of 2023, 2024 and 2025. In connection with this acquisition, goodwill of $34,093,143 and intangible assets of $24,228,000 were recorded. The intangible assets consist primarily of customer and contract-related intangibles, trademarks and non-competition clauses, which are being amortized over 3 to 10 years.

Ed Direction

On July 29, 2022, the Company acquired Education Direction, LLC (Ed Direction), a leading provider of school transformation services for districts, states, foundations, and nonprofit organizations throughout the U.S for total consideration of $41,166,681, net of cash acquired. The acquisition was funded primarily through borrowings under the WhiteHorse First Amendment Incremental Term Loans (see Note 8) and $9,825,000 of additional capital raised from a major shareholder (Trivest MGT Investor, LLC). Additionally, the terms of the acquisition allow for contingent consideration of up to $6,000,000 with an estimated fair value of $4,034,280 as of the acquisition date. Any contingent consideration payments are based upon achieving certain revenue and operational metrics of Ed Direction for the fiscal years of 2023, 2024 and 2025. In connection with this acquisition, goodwill of $33,628,060 and intangible assets of $8,756,000 were recorded. The intangible assets consist primarily of contract-related intangibles, trademarks and non-competition clauses, which are being amortized over 3 to 10 years.

Fiscal Year 2021

Cira Infotech

On October 1, 2020, the Company acquired Cira Infotech, Inc. (Cira), a provider of IT infrastructure managed services and support for total consideration of $6,005,823. The acquisition was funded primarily through $6,000,000 of borrowings under the CIBC Closing Date Term Loan (see Note 8). Additionally, the terms of the acquisition allow for contingent consideration of up to $8,439,298 with an estimated fair value of $7,325,493 as of the acquisition date. Any contingent consideration payments are based upon achieving certain revenue and operational metrics of Cira for the fiscal years of 2021, 2022 and 2023. In connection with this acquisition, goodwill of $9,174,098 and intangible assets of $3,450,000 were recorded. The intangible assets consist of customer-related intangibles and non-competition clauses, which are being amortized over 5 to 10 years. Trademarks with an indefinite life were also acquired.

Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2022 and 2021

9. Business Combinations and Divestitures (continued)

Eric Hall & Associates

On December 10, 2020, the Company acquired the net assets and operations of Eric Hall & Associates, LLC's (EH&A) education consulting practice for total consideration of $1,050,000, including $925,000 cash consideration paid at close. EH&A engages in the business of providing services with respect to human resources, fiscal and budget support and facility services to K-12 public and charter schools, school districts and county offices of education in California. The acquisition was funded primarily through borrowings available under the CIBC Delayed Draw Term Loan (see Note 8). Additionally, the terms of the acquisition allow for contingent consideration of up to $1,050,000 with an estimated fair value of $994,826 as of the acquisition date. Any contingent consideration payments are based upon achieving certain revenue and operational metrics of EH&A for the calendar years of 2021 and 2022. In connection with this acquisition, goodwill of $2,004,466 was recorded.

Fiscal 2022 Divestitures

Strategos

On November 1, 2021, the Company completed the divestiture of Strategos Public Affairs, LLC (Strategos), a wholly owned subsidiary that specializes in governmental advocacy, public opinion architecture and strategic business advisory. The Company redeemed 97,815.97 of the vested membership units of the Company from the acquirers for 100% of the membership units of Strategos for total consideration of $1,400,000. No gain or loss was recorded in the accompanying consolidated statements of operations. Concurrent with the sale, the Company issued to Strategos a Secured Promissory Note (Working Capital Loan) with a principal amount of $397,000 and bearing interest at LIBOR plus 3% maturing on September 30, 2022. The obligations under this Note were secured by Strategos' account receivables and personal guarantees of the acquirers and were paid in full prior to the end of our fiscal year. Additionally, a Transition Services Agreement was entered into to provide corporate back-office services to Strategos for a period of 90 days following the sale.

10. Retirement Plan

The Company adopted a 401(k) profit-sharing plan whereby eligible employees may contribute elective deferrals subject to Internal Revenue Service limitations. The Company matches contributions up to 3% of an employee's compensation. Employer contributions vest over a six-year period. Total employer contributions for the years ended September 30, 2022 and 2021 were approximately $626,000 and $338,000, respectively.

Layer 3, which was acquired during fiscal year 2022, currently maintains its own retirement plan under a 401(k) safe harbor defined contribution plan whereby eligible employees may contribute elective deferrals subject to Internal Revenue Service limitations. Under the safe harbor plan, Layer 3 matches contributions up to 5% of an employee's compensation. Employer contributions are vested immediately. Total employer contributions from the date of acquisition of May 12, 2022 through the year ended September 30, 2022 were approximately $205,000.

MGT of America, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2022 and 2021

11. Related Party Transactions

For the years ended September 30, 2022 and 2021, the Company incurred rent expense of approximately $225,000 and $179,000; and travel costs of approximately $413,000 and $220,000, respectively, to employees or entities that are owned by members.

12. Lease Obligations

The Company leases various operating facilities throughout the United States with non-cancelable lease terms through 2028. The leases require payments of taxes and certain other expenses. Total rent expense under these leases was approximately $790,000 and $563,000 in 2022 and 2021, respectively. The following is a schedule of future minimum rental commitments required under non-cancelable operating leases that have a minimum initial or remaining lease term in excess of one year as of September 30, 2022:

Years Ending September 30,	
2023	$ 815,866
2024	653,284
2025	467,465
2026	411,883
2027	233,476
Thereafter	51,760
	$ 2,633,734

No capital leases exist as of September 30, 2022.

13. Voting Rights

The Company has one class of common units - Class A common units which have total voting rights. There were 1,135,171 and 1,013,373 vested Class A units outstanding as of September 30, 2022 and 2021, respectively.

14. Equity Appreciation Rights

An Equity Appreciation Rights (EAR) plan was established in fiscal year 2021. The EAR units are used to attract and retain employees and promote the success of the Company's business. Management grants units after receiving authorization from the Board. The EAR units do not have ownership or voting rights in the Company. Units will be redeemed upon a change in control of the Company. The redemption value will represent one Common Class A unit minus the base price of one Common Class A unit. Units are forfeited upon unit holders leaving the Company.

MGT of America, LLC and Subsidiaries
Footnotes to Consolidated Financial Statements
For the Fiscal Years September 30, 2022 and 2021

14. Equity Appreciation Rights (continued)

As of September 30, 2022 and 2021, 118,225 and 32,125 units have been issued, respectively. 36,750 and 3,500 have been forfeited, respectively, leaving 81,475 and 28,625 current units outstanding, respectively. The plan supports up to 100,000 units being allotted, increasing to 180,000 subsequent to fiscal year 2022.

15. Commitments and Contingencies

From time to time, the Company is involved in litigation arising in the ordinary course of business. Some of the actions and proceedings have been brought on behalf of various claimants and certain of these claimants seek damages of unspecified amounts. The Company records a liability when it believes that it is both probable that a loss has been incurred, and the amount can be reasonably estimated. Significant judgment is required to determine both probability and the estimated amount. Where a range of loss can be reasonably estimated with no best estimate in the range, the Company records the minimum estimated liability. While the ultimate outcome of litigation matters cannot be predicted with certainty, it is the current opinion of management that the resolution of such litigation is not likely to have a material adverse effect on the consolidated financial statements.

16. Major Suppliers

For the year ended September 30, 2022, the Company purchased approximately $23,516,000 or 88% of its material and supplies from three suppliers. There were no major suppliers for the year ended September 30, 2021.

17. Supplemental Disclosures for Statements of Cash Flows

Cash paid for interest for the years ended September 30, 2022 and 2021 was approximately $1,742,000 and $290,000, respectively.

Noncash Investing and Financing Transactions

On September 30, 2022, the Company declared a distribution to its members in the amount of $2,000,000 which was subsequently paid in October and November of 2022. The Company has included the liability as of September 30, 2022 in accrued liabilities on the accompanying consolidated balance sheets.

18. Subsequent Events

Management has evaluated subsequent events through February 15, 2023, the date on which the consolidated financial statements were available to be issued, and has no material subsequent events to report.

Read accompanying Independent Auditor's Report.

INTRODUCTION

The following survey is designed to collect information about your role in the organization and the job that you perform.

Survey results may be used to:

- Make pay adjustments to align individuals performing similar jobs within the organization or in similar organizations.
- Determine how your position compares to the market for pay.
- Determine if positions are accurately classified and if job titles accurately reflect position and duties.
- Ensure accurate and up-to-date job descriptions.
- Assist with staffing plan and salary schedule analyses.
- Identify positions requiring additional job analysis.

This survey will NOT:

- Determine how well you perform your job. This is not a performance evaluation.
- Decide whether there are individuals who should be released or demoted.
- Reduce individual salaries or guarantee increases.

This survey includes four main sections:

I. Basic Job-Related Information
Section 1.0 – Employment Status

II. Job Description, Duties, Responsibilities, and Requirements
Section 2.0 – Job Description
Section 3.0 – Job Duties
Section 4.0 – Knowledge, Skills, and Abilities
Section 5.0 – Function within the Organization
Section 6.0 – Educational Preparation
Section 7.0 – Experience Required

III. Work Performed, Responsibility and Leadership, Communication, and Decision-Making
Section 8.0 – Work Performed
Section 9.0 – Responsibility and Leadership
Section 10.0 – Communication
Section 11.0 – Decision-Making

IV. Financial Authority, Tools and Equipment, and Physical Job Factors
Section 12.0 – Financial Authority
Section 13.0 – Tools and Equipment Usage
Section 14.0 – Working Conditions and Physical Requirements

I. BASIC JOB-RELATED INFORMATION

Name _____
E-mail _____ Phone _____
Supervisor's Name _____
Supervisor's E-mail _____

SECTION 1.0: EMPLOYEMENT STATUS

Official Job Title _____
Working Title* _____
Status (choose one) ❑ Full-time ❑ Part-time

*Unofficial title if different from official title.

II. JOB DESCRIPTION, DUTIES, RESPONSIBILITES, AND REQUIREMENTS

SECTION 2.0: JOB DESCRIPTION

1. Please provide a brief general description of the purpose and responsibilities of your position (3-4 sentences). Please do not list specific duties here. You will list your specific duties in Section 3.0.

2. Indicate the number of Full-time and Part-time individuals you supervise:
(Supervision is the management or supervision of employees who report directly to you.)

Full-time_____ Part-time_____

SECTION 3.0: JOB DUTIES

1. Please list the major job duties of your position, and indicate the percentage of time that you spend annually on each major job duty.
(The % of Time column should total 100 percent.)

ESSENTIAL DUTIES	% OF TIME
Example 1 - Prepares briefing documents on cash availability.	20
Example 2 - Addresses citizen concerns on permit applications.	55
Example 3 - Develops complex software solutions for internal users.	25

ESSENTIAL TASKS	% OF TIME

PERCENT OF TIME SHOULD TOTAL 100%

2. Please describe any additional related job duties:

SECTION 4.0: KNOWLEDGE, SKILLS, AND ABILITIES

1. Please describe the Knowledge, Skills, and Abilities necessary to perform the functions of your job. Knowledge, Skills, and Abilities are additional qualifications and attributes that are necessary to successfully perform the functions of a specific job. Examples of such statements include:

- Knowledge of maintenance equipment and procedures
- Knowledge of operations, services, and policies.
- Knowledge of general office procedures and protocols.

- Knowledge of financial rules, regulations, laws, and procedures.
- Skill in cutting a board to a required measurement.
- Skill in typing 40 words-per-minute.
- Ability to communicate effectively orally and in writing.

SECTION 5.0: FUNCTIONS WITHIN THE ORGANIZATION

1. Please indicate the following organizational level that most closely matches your position within the organization and skip to the section indicated in parentheses at the bottom of this page. Once you have completed the section indicated in the parentheses, skip to Section 6.0 Educational Preparation.

❑ Clerical/Manual (skip to SECTION 5.1) - Work involves clerical tasks; following standardized procedures, techniques, or procedures; and carrying out practices according to standards set by a supervisor or employers.

❑ Technical/Paraprofessional (skip to SECTION 5.1) - Work involves inspecting, measuring, or comparing to a standard; utilizing special training to perform a defined function; following standardized procedures, techniques, or procedures.

❑ Computer Professional (skip to SECTION 5.2) - Work involves maintaining/supporting computer software, hardware, or operating systems through activities like programming, designing, developing, documenting, and analyzing computer systems or software.

❑ Administrator (skip to SECTION 5.3) - Work is directly related to assisting with running or servicing of the business or department.

❑ Professional (skip to SECTION 5.3) - Work requires advanced learning acquired by a prolonged course of specialized intellectual instruction; or work involves advising clients or assisting customers or clients with running their business.

❑ Executive/Managerial (skip to SECTION 5.4) - Work involves managing employees; planning, designing, or overseeing the implementation of organization projects or policies.

If you chose Clerical/Manual or Technical/Paraprofessional, skip to SECTION 5.1.
If you chose Computer Professional, skip to SECTION 5.2.
If you chose Administrator or Professional, skip to SECTION 5.3.
If you chose Executive/Managerial, skip to SECTION 5.4.

SECTION 5.1: ADMINISTRATIVE DUTIES

Only complete this section if you selected Clerical/Manual or Technical/Paraprofessional in Section 5.0, Function within the Organization. Next, skip to Section 6.0, Educational Preparation.

1. Do your primary duties involve performing office or non-manual work directly related to management or general business operations of your employer or its clients?

❑ Yes ❑ No

2. Do your primary duties include the exercise of discretion and independent judgment in matters of significance?

Discretion and independent judgment imply the authority to make an independent choice, free from immediate direction or supervision. NOTE: You can exercise discretion and independent judgment even if your decisions or recommendations are reviewed at a higher level.

Consider the following factors and check the applicable factors to guide you in determining whether to answer yes or no.

- Have authority to formulate, affect, interpret, or implement management policies or operating practices

- Carry out major assignments in conducting the operations of the organization
- Perform work that affects operations to a substantial degree
- Have authority to commit the employer in matters that have significant financial impact
- Have authority to waive or deviate from established policies and procedures, without prior approval
- Have authority to negotiate and bind the organization on significant matters
- Provide consultation or expert advice to management; involved in planning long- or short-term objectives
- Investigate and resolves matters of significance on behalf of management
- Represent the organization in handling complaints, arbitrating disputes or resolving grievances
- Make recommendations about significant matters to supervisors for action after comparing and evaluating possible courses of action

❑ Yes ❑ No

SECTION 5.2: COMPUTER DUTIES

Only complete this section if you selected Computer Professional in Section 5.0, Function within the Organization. Next, skip to Section 6.0, Educational Preparation.

1. **Select "Yes" if your primary duties consist of the following:**
   - The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications
   - The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications
   - The design, documentation, testing, creation or modification of computer programs related to machine operating systems
   - A combination of the aforementioned duties, the performance of which requires the same level of skills

   ❑ Yes ❑ No

SECTION 5.3: ADMINISTRATIVE AND PROFESSIONAL DUTIES

Only complete this section if you selected Administrative or Professional in Section 5.0, Function within the Organization. Next, skip to Section 6.0, Educational Preparation.

1. **Do your primary duties involve performing office or non-manual work directly related to management or general operations of your employer or its clients?**

   ❑ Yes ❑ No

2. **Do your primary duties include the exercise of discretion and independent judgment in matters of significance?**

   Discretion and independent judgment implies the authority to make an independent choice, free from immediate direction or supervision. NOTE: You can exercise discretion and independent judgment even if your decisions or recommendations are reviewed at a higher level.

   Consider the following factors to guide you in determining whether to answer yes or no.
   - Have authority to formulate, affect, interpret, or implement management policies or operating practices
   - Carry out major assignments in conducting the operations of the organization
   - Perform work that affects operations to a substantial degree
   - Have authority to commit the employer in matters that have significant financial impact

- Have authority to waive or deviate from established policies and procedures, without prior approval
- Have authority to negotiate and bind the organization on significant matters
- Provide consultation or expert advice to management; involved in planning long- or short-term objectives
- Investigate and resolves matters of significance on behalf of management
- Represent the organization in handling complaints, arbitrating disputes, or resolving grievances
- Make recommendations about significant matters to supervisors for action after comparing and evaluating possible courses of action

❑ Yes ❑ No

3. **Does your primary duty consist of work requiring advanced knowledge in a field of science or learning acquired by a prolonged course of specialized intellectual instruction as distinguished from a general academic education?**

   Consider the following factors and definitions before answering yes or no.
   - "Advanced knowledge" means work that is predominately intellectual in character, and which includes work requiring the consistent exercise of discretion and judgment
   - Advanced knowledge is generally used to analyze, interpret, or make deductions from varying facts or circumstances
   - Advanced knowledge cannot be attained at the high school level
   - "Prolonged course of specialized intellectual instruction" means that the learned professional exemption is limited to professions where specialized, academic training is a standard prerequisite for entering the profession

   ❑ Yes ❑ No

4. **Does your work require the use of creativity, invention, or imagination in a recognized field of artistic endeavor?**

   ❑ Yes ❑ No

5. **Is your work predominantly intellectual and varied in character rather than routine mental, manual, mechanical or physical work?**

   ❑ Yes ❑ No

SECTION 5.4: EXECUTIVE DUTIES

Only complete this section if you selected Executive in Section 5.0, Function within the Organization. Next, skip to Section 6.0, Educational Preparation.

1. **Does your primary duty consist of managing a department or subdivision?**

   Factors to consider in determining importance of duty are:
   - Supervising and directing the work of other employees, ordering items, managing the budget and authorizing
   - The relative importance of your management duties as compared with other types of duties
   - The amount of time you spend performing management work. Usually spending more than 50% of one's time performing management work will satisfy the primary duty requirement, but one can spend less time and also meet the primary duty requirement based on other factors
   - Your relative freedom from direct supervision
   - The relationship between your salary and the wages paid to other non-management workers for the same kind of non-management work

   Consider the following management duties to guide you in determining whether to answer yes or no.
   - Supervising employees and/or interviewing, selecting, and training of employees

- Setting and adjusting pay rates and work hours
- Directing the work of employees
- Conducting performance appraisals
- Handling employee complaints and grievances
- Disciplining employees
- Planning work and apportioning the work among the employees
- Running or servicing an organization, such as determining the items to be bought, stocked, and sold
- Planning and controlling the budget
- Monitoring or implementing legal compliance measures

❑ Yes ❑ No

2. **Do you have the authority to hire and fire employees or do you provide suggestions or recommendations regarding hiring, firing, and advancement decisions, which are given weight in the decision-making process?**

To determine weight, consider the following factors:

- The degree to which your duties require making suggestions and recommendations
- The frequency with which suggestions and recommendations are made or requested
- The frequency with which your suggestions and recommendations are relied upon

Note: You need not have authority to make the ultimate decision. Suggestions and recommendations may be reviewed by a higher level manager.

❑ Yes ❑ No

3. **Do you regularly direct the work of two or more full-time employees?**

❑ Yes ❑ No

4. **Do you decide when to perform non-management duties, and when performing such duties do you remain responsible for the success or failure of the organization's operation?**

❑ Yes ❑ No

5. **Are you a shift manager or leader?**

Typically, a shift manager is not responsible for success or failure of the business operation, but rather directs employees while also performing similar work to the employees.

❑ Yes ❑ No

6. **Does your primary duty consist of work requiring advanced knowledge in a field of science or learning acquired by a prolonged course of specialized intellectual instruction as distinguished from a general academic education?**

Consider the following factors and definitions before answering yes or no.

- "Advanced knowledge" means work that is predominately intellectual in character, and which includes work requiring the consistent exercise of discretion and judgment
- Advanced knowledge is generally used to analyze, interpret or make deductions from varying facts or circumstances
- Advanced knowledge cannot be attained at the high school level
- "Prolonged course of specialized intellectual instruction" means that the learned professional exemption is limited to professions where specialized, academic training is a standard prerequisite for entering the profession

❑ Yes ❑ No

7. **Does your work require the use of creativity, invention, or imagination in a recognized field of artistic endeavor?**

❑ Yes ❑ No

8. **Is your work predominantly intellectual and varied in character rather than routine mental, manual, mechanical or physical work?**

❑ Yes ❑ No

SECTION 6.0: EDUCATIONAL

1. **What level of education is required for your position?**

❑ Some high school education	❑ Completion of a Bachelor's degree
❑ Completion of high school/GED	❑ Some graduate school education
❑ Some college education	❑ Completion of a Master's degree
❑ Completion of an Associate's degree	❑ Completion of a Doctorate degree

2. **What certifications, licenses, or professional designations, if any, are required for your position?**

3. **What certifications, licenses, or professional designations, if any, are preferred for your position?**

SECTION 7.0: EXPERIENCE

1. **How much experience is required for your position?**

❑ No experience required	❑ 3 years	❑ 7 years
❑ 6 months	❑ 4 years	❑ 8 years
❑ 1 year	❑ 5 years	❑ 9 years
❑ 2 years	❑ 6 years	❑ +10 years

2. **Can education be substituted for experience?**

❑ Yes ❑ No ❑ Do not know

3. **Can experience be substituted for education?**

❑ Yes ❑ No ❑ Do not know

III. WORK PERFORMED, RESPONSIBILITY AND LEADERSHIP, COMMUNICATION, AND DECISION-MAKING JOB FACTORS

SECTION 8.0: WORK PERFORMED

Please read each statement below and check the one that is the closest match to your major job duties.

CLOSEST MATCH	FACTOR
	Perform clerical or manual tasks Example: May copy, compile, maintain basic files systems or enter data, or compute data using addition, subtraction, multiplication, and division; or compare items against a standard; or operate light equipment such as lawn mowers, floor buffers, pickup truck, van; or perform general housekeeping/custodial duties.
	Perform clerical or manual tasks involving intensive understanding of a field, unit or division Example: May summarize, tabulate, or format data or information, or gather data and information for later evaluation; or perform arithmetic operations including basic geometry or algebra, including computing discounts, interest rates, ratios and/or percents; or uses or operates medium use equipment such as chainsaws, mowing equipment; or journeyman level trades work.
	Perform specialized technical work involving data collection, evaluation, analysis, and troubleshooting, or reports on operations and activities of a department, or performs general coordination of individual or departmental activities Example: May use descriptive statistics, advanced geometry or algebra; requires the use of a wide range of administrative and/or technical methods in the solution of problems; or operate heavy construction equipment; or perform master level trades duties.
	Perform entry level professional work including basic data analysis and synthesis, or report on operations and activities of an organization; or perform quality assurance and compliance activities Example: May use advanced algebra, inferential statistics, and/or financial models.
	Perform professional level work requiring a wide range of administrative, technical, scientific, engineering, accounting, legal, or managerial methods applied to complex problems Example: May plan or direct the sequence of department or division activities
	Perform professional or managerial work including advanced data analysis and synthesis Example: May develop policies, procedures, or methodologies based on new facts or knowledge; or interpret or apply established policies.
	Perform advanced professional work methods to formulate important recommendations or make technical decisions that have an organization-wide impact Example: May require the use of creative ability and resourcefulness in the analysis and solution of complex problems; may develop new approaches or methodologies to solve problems not previously encountered.
	Perform executive or expert professional work to establish policy, long-range plans, and programs, identify funding sources and allocate funds Example: May develop or use theoretical mathematical concepts to formulate new techniques, or make decisions that impact both the organization and the discipline.

SECTION 9.0: RESPONSIBILITY AND LEADERSHIP

Please read each statement below and check the one that is the closest match to your major job duties.

CLOSEST MATCH	FACTOR
	Follow instructions or work orders; or read routine sentences, instructions, regulations, or procedures.
	Follow technical instructions, procedure manuals and charts to solve practical problems, or compose routine or specialized reports or forms and business letters, or ensure compliance with clear guidelines and standards.
	Follow complex technical instructions, solve technical problems, or disseminate information regarding policies and procedures; may compose unique reports or analysis, or provide extensive customer service to internal or external customers.
	Follow complex rules or systems, using professional literature and technical reports; or enforce laws, rules, regulations, or ordinances.
	Supervise, instruct, or train others through explanation, demonstration, and supervised practice or make recommendations based on technical expertise. May have first-level supervisory duties including administration of performance feedback; or coordinate work activity schedules for teams.
	Direct, manage, or lead others; may determine work procedures, assign duties, maintain harmonious relations, or promote efficiency; may develop and administer operational programs; or may write or present extremely complex papers and reports.
	Formulate and issue policies, procedures, and instructions; responsible for long term planning within an agency, department or division.
	Guide organization-wide development; leads the development of organization mission, vision, and principles; directs capital improvement initiatives.

SECTION 10.0: COMMUNICATION

Please read each statement below and check the one that is the closest match to your major job duties.

CLOSEST MATCH	FACTOR
	Communicate using routine sentences, complete routine job forms and incident reports, or communicate routine information regarding daily activities.
	Communicate to convey or exchange general work-related information or service to internal or external customers.
	Communicate information to guide or assist people; may give instructions or assignments to helpers or assistants.
	Communicate with internal and external groups, write manuals and complex reports, persuade or influence others in favor of a service, point of view, or course of action.
	Communicate information among co-workers, customers, vendors, and management; or speak before professional and civic groups; may write complex articles and reports or develop presentations for specialized audiences; may read scientific or technical journals or reports.
	Communicate with operational and functional leaders; read and interpret professional materials involving advanced bodies of knowledge.
	Communicates through negotiation and consensus building to exchange ideas, information, and opinions or develop decisions, conclusions, or solutions.
	Communicate with key stakeholders to affect long term planning and to secure organization position and resources.

SECTION 11.0: DECISION-MAKING

Please read each statement below and check the one that is the closest match to your major job duties.

CLOSEST MATCH	FACTOR
	Perform routine or semi-routine work under direct supervision. Requires very few decisions, affecting only the individual.
	Perform semi-routine work involving set procedures, but which may require problem-solving, serve clients or co-workers, or respond to requests. Requires some decisions that affect a few co-workers.
	Perform semi-skilled work involving some set procedures and frequent problem-solving. Requires frequent decision making affecting co-workers or the general public; may be responsible for providing information to those who depend on a service.
	Perform skilled work involving almost constant problem solving. May be responsible for actions of others, requiring almost constant decisions affecting co-workers, clients or others in the general public.
	Perform coordinating work involving guidelines and rules with constant problem-solving. May be responsible for actions of others requiring development of procedures and constant decisions affecting subordinate workers, clients, or others in the general public.
	Perform management and supervisory work involving policy and guideline interpretation, solving both people and work-related problems. Decision-making is a significant part of job, affecting a large segment of the organization and the general public.
	Perform advanced professional work involving the application of principles of logical thinking to diagnose or define problems, collect data and solve abstract problems with widespread unit or organization impact. Work in a highly dynamic environment, responsible to establish goals, objectives and policies.
	Perform executive work involving the application of broad principles of professional management and leadership to new problems for which conventional solutions may or may or exist. Responsible for long-range goals, planning, and methodologies; works in an evolving environment with emerging knowledge and technologies, competing priorities, and changing politics.

- PAGE 11 -

IV. FINANCIAL AUTHORITY, TOOLS AND EQUIPMENT, AND PHYSICAL LABOR FACTORS

SECTION 12.0: FINANCIAL AUTHORITY

1. Please read each sentence below and select all factors that represent the financial authority your job entails. (*Check all that apply.*)

- ❑ None/Not Applicable
- ❑ Handle cash transactions; prepare and process purchase orders.
- ❑ Bill or reconcile records, including departmental budget records and other related information such as subcontracts.
- ❑ Manage inventory, property, or loss control.
- ❑ Administer benefits by determining individual eligibility and coverage levels or determining compensation levels.
- ❑ Authorized to purchase goods or services worth more than $100 without securing approval from another authority or able to make recommendations that impact resource allocation.
- ❑ Manage or administer budget within assigned department.
- ❑ Budget or allocate funds within or across departments or divisions.

SECTION 13.0: TOOLS AND EQUIPMENT

1. Please read each statement below and select all factors that represent the tools or equipment you use to perform your job. (*Check all that apply.*)

- ❑ None/Not Applicable
- ❑ Use office machines such as copiers or calculators.
- ❑ Use computers for data entry; or handle, use, or repair hand-held power equipment or light machinery.
- ❑ Use computers for word processing, spreadsheets, PowerPoint presentations or custom applications.
- ❑ Use, develop, or repair electronics or complex software, hardware, or network systems; operate, install, test or inspect heavy or complex machinery.
- ❑ Supervise the activities of those operating or repairing complex machinery or technology systems.
- ❑ Interpret policy and establish methods and procedures for acquiring, installing, testing, operating or repairing machinery or technology systems.
- ❑ Establish policy for the acquisition, installation, testing, operation, and maintenance of machinery or technology systems.
- ❑ Establish long-range plans and programs for capital improvements, major construction projects, or new technology systems.

- PAGE 12 -

SECTION 14.0: PHYSICAL JOB FACTORS

Please provide details for the working conditions and physical demands that are required to successfully perform your job.

1. **Which of the following physical conditions and hazards are encountered in your position?** (*Check all that apply.*)

- ❑ Indoor environment
- ❑ Outdoor environment
- ❑ Noise
- ❑ Extreme temperatures
- ❑ Vibration
- ❑ Moisture and/or humidity
- ❑ Dust
- ❑ Fumes
- ❑ Gases
- ❑ Poor ventilation
- ❑ Electrical hazards
- ❑ Mechanical hazards
- ❑ Chemical hazards
- ❑ Explosive hazards
- ❑ Burn hazards
- ❑ Potential for violence/physical altercations
- ❑ Other_____
- ❑ Other_____

2. **How much time is spent doing the following activities in your position?**
Example: Position requires sitting over 2/3 of the time.

ACTIVITY	AMOUNT OF TIME SPENT			
	NONE	UNDER 1/3	1/3 TO 2/3	OVER 2/3
Standing	❑	❑	❑	❑
Walking	❑	❑	❑	❑
Sitting	❑	❑	❑	❑
Gripping or feeling with hands	❑	❑	❑	❑
Reaching with hands and arms	❑	❑	❑	❑
Climbing or balancing	❑	❑	❑	❑
Stooping, kneeling, crouching, or crawling	❑	❑	❑	❑
Talking or hearing	❑	❑	❑	❑
Tasting or smelling	❑	❑	❑	❑

3. **Does this job require that weight be lifted? If so, how much and how often?**
Example: Position requires lifting up to 25 pounds over 2/3 of the time.

PHYSICAL REQUIREMENTS: WEIGHT LIFTED	AMOUNT OF TIME SPENT			
	NONE	UNDER 1/3	1/3 TO 2/3	OVER 2/3
Up to 10 pounds	❑	❑	❑	❑
Up to 25 pounds	❑	❑	❑	❑
Up to 50 pounds	❑	❑	❑	❑
Up to 100 pounds	❑	❑	❑	❑
More than 100 pounds	❑	❑	❑	❑

4. **Does this job have any special vision requirements?** (*Check all that apply.*)

- ❑ No special vision requirements
- ❑ Close vision (clear vision at 20 inches or less)
- ❑ Distance vision (clear vision at 20 feet or more)
- ❑ Color vision (ability to identify and distinguish colors)
- ❑ Peripheral vision (ability to observe an area that can be seen up or down or to the left and right when vision is fixed on a given point)
- ❑ Depth perception (three-dimensional vision, ability to judge distances and spatial relationships)
- ❑ Ability to adjust focus (ability to adjust the eye to bring an object into sharp focus)

SUPERVISOR'S COMMENTS

Supervisor Instructions:

Please review your employee's questionnaire carefully and check if you agree or disagree with the employee's choices or statements. Note any additional information that you feel is important to the understanding of this employee's work. If you disagree with any of the levels checked or statements made in this questionnaire, we ask that you do not change any response nor ask the employee to change a response. Rather, please indicate your comments on this page. If you need additional room, please add a page and staple it to this questionnaire. Each section must be reviewed. Failure to review each section thoroughly and to complete this section of the questionnaire will result in a delay in the evaluation process. Thank you for your time and attention to this process.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

MGT Impact Solutions, LLC

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☑ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . **P**

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) _____

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any) _____

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

4320 W. Kennedy Blvd., Suite 200

6 City, state, and ZIP code

Tampa, FL 33609

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–		–				

or

Employer identification number

8	1	–	0	8	9	0	0	7	1

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person** Jaclyn Klauka **Date** **8/19/2024**

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

STATEMENT OF INSURANCE COMPLIANCE

The undersigned firm agrees to obtain prior to award, if selected, the insurance and levels in accordance to the requirements as set forth in the Invitation for Proposal, Invitation to Bid, or Invitation for Qualifications, or draft agreement, attached hereto.

Policies other than State Issued Worker's Compensation shall be issued only by companies authorized by maintaining certificates of authority issued to the companies by the Department of Insurance of the State of Florida to conduct business in the State of Florida and which maintain a Rating of "A" or better and a Financial Size category of "VII" or better according to the A.M. Best Company. Policies for Worker's Compensation may be issued by companies authorized as a group self-insurer by F.S. 440.57, Florida Statutes.

PUBLIC ENTITY CRIME INFORMATION STATEMENT

All invitations to bid as defined by Section 287.012(11), Florida Statutes, requests for proposals as defined by Section 287.012(16), Florida Statutes, and any contract document described by Section 287.058, Florida Statutes, shall contain a statement informing persons of the provisions of paragraph (2)(a) of Section 287.133, Florida Statutes, which reads as follows:

> **"A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or CONTRACTOR under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list."**

All vendors who submit a Bid or Request for Proposal to the City of New Smyrna Beach, are guaranteeing that they have read the previous statement, and by signing the bid documents, are qualified to submit a bid under Section 287.133, (2)(a) Florida Statutes.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.

DISPUTES DISCLOSURE FORM

Answer the following questions by placing an "X" after "YES" or "NO". If you answer "YES", please explain in the space provided, or via attachment.

Has your firm or any of its officers, received a reprimand of any nature or been suspended by the Department of Professional Regulation or any other regulatory agency or professional association within the last five (5) years?

YES_____NO X

Has your firm, or any member of your firm, been declared in default, terminated or removed from a contract or job related to the services your firm provides in the regular course of business within the last five (5) years?

YES X NO _____

Has your firm had against it or filed any requests for equitable adjustment, contract claims, bid protests, or litigation in the past five (5) years that is related to the services your firm provides in the regular course of business?

YES_____NO X

If yes, state the nature of the request for equitable adjustment, contract claim, litigation or protest, and state a brief description of the case, the outcome or status of the suit and the monetary amounts or extended contract time involved.

I hereby certify that all statements made are true and agree and understand that any misstatement, misrepresentation, or falsification of facts shall be cause for forfeiture of rights for further consideration of the below advertised solicitation:

Printed or Typed Name and Title

***THIS FORM MUST BE COMPLETED AND RETURNED WITH YOUR BID**

Has your firm, or any member of your firm, been declared in default, terminated or removed from a contract or job related to the services your firm provides in the regular course of business within the last five (5) years? YES

MGT is proud to have a 50-year history of delivering on our promises and achieving the highest levels of client satisfaction. Over the past five years, we have successfully completed over 5,000 engagements with only two contracts terminated, reflecting our commitment to exceptional service and strong client relationships. MGT values long-term partnerships and aims to resolve any issues collaboratively before resorting to termination.

1. **Colorado School of Mines, Colorado**
Date of original contract: 8/10/2020
Termination Date: 4/9/2021
Type of Contract: Classification and Compensation Study
Reason for Termination: Unable to attain client input to achieve schedule and deliverables.

2. **City of Spokane, Washington**
Date of original contract: 6/7/2023
Termination Date: 2/1/2024
Type of Contract: Cost Allocation Plan
Reason for Termination: Not providing a completed deliverable upon a contractual timeline.

DRUG-FREE WORKPLACE CERTIFICATION FORM

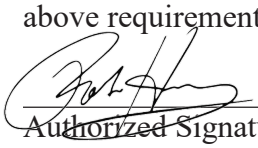
IDENTICAL TIE BIDS-In accordance with Florida State Statutes Section 287.087, preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, which are equal with respect to price, quality, and service, are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violation of such prohibition.

2. Establishing an on-going drug-free awareness program to inform employees about:
   a. The dangers of drug abuse in the workplace.
   b. The employer's policy of maintaining a drug-free workplace.
   c. Any available drug counseling, rehabilitation, and employee assistance programs, and
   d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

3. Making it a requirement that each employee to be engaged in the performance of this contract be given a copy of the statement required by paragraph (a);

4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under this contract, the employee will:
   a. Abide by the terms of the statement; and
   b. Notify the Employer in writing of any arrest for a violation of a criminal drug statute or driving under the influence no later than five calendar days after such arrest;



5. Notifying the City of New Smyrna Beach, in writing, within 10 calendar days after receiving notice under subparagraph (4)(b) from an employee or otherwise receiving actual notice of such arrest Consultants of arrested employees must provide notice, including position and title to: City Clerk/Administrator, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, FL 32168.

6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is arrested.
   a. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended, or
   b. Requiring such employee to participate satisfactorily in drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State or local health, law enforcement, or other appropriate agency.

7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (1), (2), (3), (4), (5) and (6).

As a duly authorized representative of the Vendor, I hereby certify that the Firm will comply with the above certifications.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. THIS SWORN STATEMENT IS SUBMITTED TO City of New Smyrna Beach

by Robert Holloway, Senior Vice President
(Print Individual's Name and Title)
for MGT Impact Solutions, LLC
(Print Name of Entity Submitting Sworn Statement)
whose business is 4320 West Kennedy Boulevard, Ste 200, Tampa, Florida 33609

and (if applicable) its Federal Employer Identification Number (FEIN) is 81-0890071

2. I understand that a "public entity crime" as defined in Paragraph 287.133 (1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:

    a. A predecessor or successor of a person convicted of a public entity crime; or

    b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

5. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provisions of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders,

Pactima eNotary (RON) Package ID: XEorSZJ8WcIcpLgaDDLWB

employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. (Indicate which statement applies).

X Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, nor any affiliates of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. (Attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR A CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

NON-COLLUSION AFFIDAVIT OF PROPOSER

State of TEXAS

County of COLEMAN

Robert Holloway, being first duly sworn, deposes and says that:

He/she is Senior Vice President of MGT Impact Solutions, LLC, Proposer that has submitted the attached bid or Request for Qualifications;

He/she is fully informed respecting the preparation and contents of the attached bid and of all pertinent circumstances respecting such bid;

Such bid is genuine and is not a collusive or sham bid;

Neither the said Proposer nor any of its officers, partners, owners, agent representatives, employees, or parties in interest, including this affiant, has in any way colluded, conspired, connived or agreed, directly or indirectly, sought by agreement or collusion or communication or conference with any other Proposer, firm or person, to fix the price or prices in the attached Proposal or of any other Proposer, or to fix any overhead, profit or cost element of the Proposal price or the Proposal price of any other Proposer, or to secure through any collusion, conspiracy, connivance or unlawful agreement any advantage against the CITY OF NEW SMYRNA BEACH, FLORIDA, or any person interested in the proposed Contract; and

The price or prices quoted in the attached Proposal are fair and proper and are not tainted by any collusion, conspiracy, connivance or unlawful agreement on the part of the Proposer or any of its agents, representatives, owners, employees, or parties in interest, including this affiant.

COMPLIANCE WITH EMPLOYMENT ELIGIBILITY REQUIREMENTS

(§448.095, Florida Statutes – E-Verify)

The E-Verify system is an internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees. Florida Statutes §448.095 provides that any person or entity that has entered or is attempting to enter into a contract with the City of New Smyrna Beach to provide labor, supplies or services must register with and use the E-Verify system to verify the work authorization status of all employees hired after January 1, 2021. Further, the consultant must maintain certain required employment compliance records of sub consultants for the duration of the contract with the City of New Smyrna Beach.

Consultant Name: MGT Impact Solutions, LLC

Consultant E-Verify Registration Number: 1829413

The undersigned, on behalf of the consultant referenced above, after first being duly sworn, states as follows:

1. That said consultant understands that the consultant must comply with §448.095, Florida Statutes.
2. That the consultant uses the E-Verify system to verify the work eligibility status of employees.
3. That the consultant has enrolled in the E-Verify system under the registration number referenced above and will verify the work eligibility status of employees hired after January 1, 2021 through said registration number throughout the contract period of any and all contracts with the City of New Smyrna Beach.
4. That the consultant will maintain affidavits of sub consultants engaged to perform work on any and all contracts with the City of New Smyrna Beach.
5. That said consultant further understands that violation of §448.095, Florida Statutes may result in lawful termination of a contract by the City of New Smyrna Beach, subjecting the consultant to liability for additional costs incurred by the City of New Smyrna Beach as a result of the termination of the contract.

CONFLICT OF INTEREST AFFIDAVIT

State of Florida: City of Tampa

Before me, the undersigned authority, personally appeared Robert Holloway

who was duly sworn, deposes, and states:

1. I am the Senior Vice President of MGT Impact Solutions, LLC with a local office in Tampa, Florida (City & State) and principal office in Tampa, Florida (City & State).
2. The above named entity is submitting an Expression of Interest for the City of New Smyrna Beach project described as **RFP 08-25-HR, Compensation and Benefits Study.**
3. The Affiant has made diligent inquiry and provides the information contained in this Affidavit based upon his/her own knowledge.
4. The Affiant states that only one submittal for the above project is being submitted and that the above-named entity has no financial interest in other entities submitting proposals for the same project.
5. Neither the Affiant nor the above-named entity has directly or indirectly entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive pricing in connection with the entity's submittal for the above project. This statement restricts the discussion of pricing data until the completion of negotiations and execution of the Agreement for this project.
6. Neither the entity nor its affiliates, nor anyone associated with them, is presently suspended or otherwise ineligible from participating in contract lettings by any local, state, or federal agency.
7. Neither the entity, nor its affiliates, nor anyone associated with them have any potential conflict of interest due to any other clients, contracts, or property interests for this project.
8. I certify that no member of the entity's ownership, management, or staff has a vested interest in any aspect of or Department of City of New Smyrna Beach.
9. I certify that no member of the entity's ownership or management is presently applying for an employee position or actively seeking an elected position with City of New Smyrna Beach.
10. In the event that a conflict of interest is identified in the provision of services, I, on behalf of the above-named entity, will immediately notify City of New Smyrna Beach in writing.

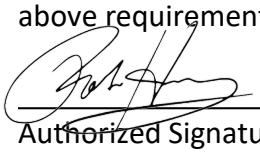
CITY OF NEW SMYRNA BEACH
ACKNOWLEDGEMENT OF SMOKE FREE WORKPLACE



The City strives to improve working conditions and protect the health of employees and the general public. In accordance with the "Florida Clean Air Act" (Florida Statutes, Chapter 386), it is policy of the City to provide a healthy, comfortable, and safe environment in all respects by prohibiting use of all tobacco products in all City buildings, City properties (including rights-of-way), and in all City vehicles.

- Smoking or using a vapor-generating electronic device is prohibited in all City owned or leased buildings, including offices, hallways, waiting rooms, restroom, and break rooms.

- Smoking is not prohibited on City grounds. Those who choose to smoke must do so on their regularly scheduled breaks, or meal periods, off of City property.

All employees assigned to this contract shall acknowledge, sign and comply with the City's Non-Tobacco use policy.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.

ADDENDUM 1
RFP 08-25-HR: COMPENSATION AND BENEFTIS STUDY
JANUARY 28, 2025

TO ALL PROPOSERS:

Notice is hereby given to all Proposers that this is Addendum 1 to RFP 08-25-HR, Compensation and Benefits Study, issued January 21, 2024.

This addendum is issued to answer vendor questions, clarify, add, delete, correct and/or change the proposal documents to the extent indicated and is hereby made a part of the above noted solicitation documents. Any modifications/changes made by this addendum affect only the portions or paragraphs specifically identified herein; all remaining portions of the proposal are to remain in force. It is the responsibility of all Applicants to conform to this addendum. Please note, questions are recorded as they are received, including grammar and spelling errors.

This addendum shall be considered part of the Contract Documents for the above-mentioned solicitation as though it had been issued at the same time and incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original document, this addendum shall govern and take precedence. All other terms, conditions, and regulations will apply.

This addendum impacts all vendors interested in submitting proposals for this solicitation.

Questions/Answers:

1. **Question:** Section V. Minimum Qualifications states the proposer must have a staffed office within the State of Florida. The Archer Company has a consultant on our team based in Florida, who offices out of her home, like the majority of our team. This is not unusual in the HR consulting space these days. Will the presence of a consultant in a home-based office in Florida be sufficient to meet this requirement?

   Answer: Yes

2. **Question:** Are all job classifications to be reviewed and benchmarked as part of the study? Or will the City accept proposals where a percentage of the classifications are reviewed and benchmarked as is a common practice?
   Answer: All job classifications should be reviewed.

3. **Question:** Is the $2 Million Personal and Advertising Injury Insurance limit able to be waived? We have $1 Million Personal & Advertising but $2 Million for General Aggregate and Products/Completed Operations.?
   Answer: $1 Million personal and advertising injury insurance is acceptable.

4. **Question:** Is it acceptable for a consultant to bid on only portions of the work? For example, our firm's expertise is in compensation and not benefits, so the benefits section may be better handled by a separate firm, while our compensation process and structure may be more favorable.
   Answer: The preference is for a consultant who can bid the entire survey.

5. **Question:** Section VI.H states that the reference questionnaires are due back to CoNSB by 2/4/25; but the questionnaires state that they are due back to CoNSB by 2/20/25. Can you confirm which date is correct?
   Answer: Reference questionnaires are due back to the City prior to 5:00 pm on February 20, 2025.

ALL OTHER AREAS OF THE BID DOCUMENT REMAINS THE SAME

Instructions:

This page shall be signed and returned with the proposal. Please provide a signed copy of this addendum with your proposal.

TO ALL PROPOSERS:

Notice is hereby given to all Proposers that this is Addendum 2 to RFP 08-25-HR, Compensation and Benefits Study, issued January 21, 2024. This addendum is issued to answer vendor questions, clarify, add, delete, correct and/or change the proposal documents to the extent indicated and is hereby made a part of the above noted solicitation documents. Any modifications/changes made by this addendum affect only the portions or paragraphs specifically identified herein; all remaining portions of the proposal are to remain in force. It is the responsibility of all Applicants to conform to this addendum. Please note, questions are recorded as they are received, including grammar and spelling errors.

This addendum shall be considered part of the Contract Documents for the above-mentioned solicitation as though it had been issued at the same time and incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original document, this addendum shall govern and take precedence. All other terms, conditions, and regulations will apply.

This addendum impacts all vendors interested in submitting proposals for this solicitation.

Questions/Answers:

1. **Question:** What was the date of the last study completed? Was it of the same scope as the current request? Did it include updated job descriptions?
   Answer: 2020. It was in the original scope but due to Covid it was modified and not completed.

2. **Question:** Was the study completed internally or with the assistance of an outside firm? Who was the outside firm if one was used?
   Answer: Externally by Evergreen.

3. **Question:** How many unique job titles are covered in the study?
   Answer: About 150

4. **Question:** Can you advise us on the anticipated start date of the project?
   Answer: As soon as possible after contract is awarded.

5. **Question:** When do you need to have your results for the study?
   Answer: As soon as possible after all data is gathered and analyzed. Prefer 120 days.

ALL OTHER AREAS OF THE BID DOCUMENT REMAINS THE SAME

Instructions: This page shall be signed and returned with the proposal. Please provide a signed copy of this addendum with your proposal.

Executive Compensation

In your business or organization's preceding completed fiscal year, did your business or organization (the legal entity to which this specific SAM record, represented by a Unique Entity ID, belongs) receive both of the following: 1. 80 percent or more of your annual gross revenues in U.S. federal contracts, subcontracts, loans, grants, subgrants, and/or cooperative agreements and 2. $25,000,000 or more in annual gross revenues from U.S. federal contracts, subcontracts, loans, grants, subgrants, and/or cooperative agreements?

No

Does the public have access to information about the compensation of the senior executives in your business or organization (the legal entity to which this specific SAM record, represented by a Unique Entity ID, belongs) through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986?

Not Selected

Proceedings Questions

Is your business or organization, as represented by the Unique Entity ID on this entity registration, responding to a Federal procurement opportunity that contains the provision at FAR 52.209-7, subject to the clause in FAR 52.209-9 in a current Federal contract, or applying for a Federal grant opportunity which contains the award term and condition described in 2 C.F.R. 200 Appendix XII?

Yes

Does your business or organization, as represented by the Unique Entity ID on this specific SAM record, have current active Federal contracts and/or grants with total value (including any exercised/unexercised options) greater than $10,000,000?

No

Within the last five years, had the business or organization (represented by the Unique Entity ID on this specific SAM record) and/or any of its principals, in connection with the award to or performance by the business or organization of a Federal contract or grant, been the subject of a Federal or State (1) criminal proceeding resulting in a conviction or other acknowledgment of fault; (2) civil proceeding resulting in a finding of fault with a monetary fine, penalty, reimbursement, restitution, and/or damages greater than $5,000, or other acknowledgment of fault; and/or (3) administrative proceeding resulting in a finding of fault with either a monetary fine or penalty greater than $5,000 or reimbursement, restitution, or damages greater than $100,000, or other acknowledgment of fault?

INDIVIDUAL PROPOSAL SCORES

Evergreen Solutions, LLC

Background and Experience of the Firm | Points Based | 25 Points (25%)

Evaluator 1: 25

provided extensive list of city and county experience in Florida. 1,400 other studies; 200 of those in Florida. 25 full time staff members + 5 part time. More than 25 years of experience performing these surveys and analyses for public employers for multiclassification systems.

Evaluator 2: 25

1,400, 20 years, 47 states, based in FL, 40% repeat business

Evaluator 3: 25

20 years in business; 1400 studies; 47 states; Florida is the largest market; 40% of customers repeat customers

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)

Evaluator 1: 20

Project Team includes individuals with extensive experience (25 years) in similar projects, demonstrating professional skills and credentials of staff assigned to the study.

Evaluator 2: 20

Interactive project approach, automated tools to show progress of work, public meeting with employees, tailored and modify as necessary

Evaluator 3: 20

30+ years experience; nationally recognized and asked to present at conferences; lots of HR experience; clearly defined roles

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)

Evaluator 1: 20

The approach, timeframe and technological resources were clearly provided with a step by step explanation of the process and check points along the way

Evaluator 2: 20

Importance placed on sustainability of plan, will present to city commission, year of supplemental support. Free software.

Evaluator 3: 20

project management philosophy; weekly updates; well defined steps; treats each client like it's a brand new study; employee orientations, interview sample of employees, meets with all department heads; build compensation philosophy, plans, total cash and total compensation analysis/plans; solution analysis to recommend best option

Fee Proposal | Points Based | 20 Points (20%)

Evaluator 1: 20

provided by purchasing

Evaluator 2: 20

Very competitive.

Evaluator 3: 20

lowest proposal; includes 1 year phone and virtual support after and proprietary software

References | Points Based | 15 Points (15%)

Evaluator 1: 13.7

provided by purchasing

Evaluator 2: 13.7

Provided by HR and Janet.

Evaluator 3: 13.7

Provided by Purchasing

Gallagher Benefit Services, Inc.

Background and Experience of the Firm | Points Based | 25 Points (25%)

Evaluator 1: 25

20 years of experience higher learning, municipalities and utilities.

Evaluator 2: 25

Nationwide with vast exp. with a team of experts to assist in the comprehensive plan.

Evaluator 3: 22

40+ years, public sector only; "pay equity team"; largest national benefit survey

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)

Evaluator 1: 20

project team skill and credentials range from 20 years to 11 years with different backgrounds including municipalities of similar size and scope

Evaluator 2: 18

Team presenting plus network behind them to support.

Evaluator 3: 18

team seems to have lots of experience, but no defined plan of who will handle what with our survey

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)

Evaluator 1: 20

Compensation philosophy and equity studies presented as a different approach and how to formalize that in a document.

Evaluator 2: 15

Total time 4 months, work with team to tailor to our needs on comp. policy and competition in the local market.

Evaluator 3: 20

need 85% match to be considered market comparator; work on job descriptions not just titles; establish a compensation philosophy; classify and grade job families through market analysis; ongoing communication; training on how to continue philosophy and manage pay structure

Fee Proposal | Points Based | 20 Points (20%)
Evaluator 1: 11.7
provided by purchasing
Evaluator 2: 11.7
From Janet.
Evaluator 3: 11.7
mid range; additional charges if onsite meetings requested

References | Points Based | 15 Points (15%)
Evaluator 1: 5
provided by purchasing
Evaluator 2: 5
From Janet.
Evaluator 3: 5
Provided by Purchasing

Management Advisory Group International, Inc.

Background and Experience of the Firm | Points Based | 25 Points (25%)
Evaluator 1: 22
Background listed 600 other study's with more than 25 years of experience
Evaluator 2: 22
600 Studies, 40 states, 100 in FL, govt. exp.
Evaluator 3: 18

didn't give a lot of information during presentation; 100's of studies; started in FL, moved across Southeast; have 2 Florida reps for quick response team

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)
Evaluator 1: 18
10 employees on staff including the project team. Some on the team have 25 years of experience.
Evaluator 2: 18
Good mix of exp and complimentary team to support.
Evaluator 3: 18
dedicated day-to-day consultant; someone dedicated to communication to employees, benefits, job descriptions, etc.

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)
Evaluator 1: 14
Scope approach, deliverables and technology resources listed. Market manager database. Employee survey was confusing for employees in Edgewater to complete as was the final report.
Evaluator 2: 20
Classification and comp. benefits structure, will cover pay grade that can be tailored to City
Evaluator 3: 18
120 day timeline with specific benchmarks; review all 150 job classes; employees provide lots of information; provides custom study, not old data; proprietary software analyzes facts and data; uses data from external market and internal knowledge; can create pay ranges or step plans, assists with compensation philosophy

Fee Proposal | Points Based | 20 Points (20%)
Evaluator 1: 19.05
provided by purchasing
Evaluator 2: 19.05

From Janet

Evaluator 3: 19.05

fair proposal, no additional fees; software and assistance for 1 year after completion; maintenance agreement can be implemented later

References | Points Based | 15 Points (15%)

Evaluator 1: 10

provided by purchasing

Evaluator 2: 10

From Janet

Evaluator 3: 10

Provided by Purchasing

RSC Insurance Brokerage, Inc. d/b/a Risk Strategies Company

Background and Experience of the Firm | Points Based | 25 Points (25%)

Evaluator 1: 25

30+ years experience 140 similar projects in Florida

Evaluator 2: 22

30 years in FL, and vast public sector experience and work.

Evaluator 3: 19

Gehring Group acquired by RSC; public sector specialty; 30+ years; lots of HR experience

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)

Evaluator 1: 20

5,000 employees. Team members have 20 years of experience in for municipalities in Florida

Evaluator 2: 18

13-14 weeks and want to work with team closely, start with benchmark data and then build out from there.

Evaluator 3: 18

2 main contacts with HR experience; analysts work in background

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)

Evaluator 1: 20

impressive presentation "does not rely on surveys or other studies". Has the capability to consider employees that have been reclassified recently even though they have been with the City 5+ years.

Evaluator 2: 15

Provide software and will use comps from the local area, approximately 10-15 and will work towards finding local jobs that match our descriptions.

Evaluator 3: 19

enhance or help us overhaul compensation philosophy; benchmark 12 - 15 entities and all positions; looks at total compensation; create pay bands and how to move through those; compression and internal equity; proprietary benchmarking tool

INDIVIDUAL PROPOSAL SCORES

Evergreen Solutions, LLC

Background and Experience of the Firm | Points Based | 25 Points (25%)

Evaluator 1: 25

established 2004, 1,400 studies, 200+ in FL listed a long list of municipal work.

Evaluator 2: 25

Nationwide experience, local government work, multi classification

Evaluator 3: 25

over 200 studies in Florida, specializes in public sector; does not use "one size fits all" approach; knowledge of Florida statutes; multiple municipalities have used them repeatedly.

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)

Evaluator 1: 20

Dr. Ling established 2004, 25 years more than 1,400 public sector projects; Mark Holcombe 10 years, Rob Williamson 20 years, Kark Fuchs 25 years....all with extensive experience with conducting these types of studies for municipalities of all sizes in Florida and beyond.

Evaluator 2: 20

Each member brings exp. and diverse set of skills

Evaluator 3: 20

clearly defined roles and responsibilities for the proposer and city; project consultants work with city directly but layers of management to oversee project; all project managers have long term work in classification, benefit and compensation studies; Senior Consultant was an HR Director for a municipality

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)

Evaluator 1: 20

Evergreen "understands that there is not a one size fits all solution" Evergreen's Job Assessment Tool (copyrighted) and Best Practices Job Force Manager. Lots of interaction with the firm and city employees and project manager. Office located in Orlando FL. Provides maintenance tools to implement, manage and update the solutions. Increases the fairness and transparency of regular compensation and classifications tasks after solution is implemented for sustainability into the future.

Evaluator 2: 20

Timeline meets goals, detailed example, good technical tools

Evaluator 3: 20

focus on market competitiveness; laid out deliverables and the timeline very specifically to follow a specific plan so no confusion in the process; seeks direct input from employees, supervisors, managers, department heads; final product also helps make a plan how employees can move through a pay plan, not stay stagnant; plan and tools to help city know how and when to adjust the pay plan after the study is completed; compensation tied to strategic goals; looks at overall compensation package

Gallagher Benefit Services, Inc.

Background and Experience of the Firm | Points Based | 25 Points (25%)

Evaluator 1: 20

20 years, mostly in private sectors, higher learning, not-for-profit, pharmaceuticals, financial services, did not list many municipal experience, non in Florida

Evaluator 2: 25

Global presence, public sector experience with local govt.

Evaluator 3: 22

lots of experience, huge company; one of largest human capital, insurance, risk; operate in 33 countries; lots of public sector and higher learning consulting; 500+ surveys in 10 years but didn't highlight any in FLorida; how personal will they be?

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)

Evaluator 1: 17

Great experience in time, mostly listed higher education experience, businesses, pharmaceuticals, financial services, did not list many municipal

Evaluator 2: 20

Decades of experience and a team to support.

Evaluator 3: 18

lots of experience in team in all aspects of HR which helps understanding; huge group of people on team but who will be our reps; will this be less personal

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)

Evaluator 1: 15

Approach did not appear to be tailored to municipal functionality. Seemed to be a market study, more than a personal touch to understand what employees do in their roles and understand specifically how our City operates

Evaluator 2: 18

Less detail on how they will get the work done, but with enough experience to feel comfortable with them.

Evaluator 3: 18

very specific plan using their C.A.R.E.S. model; phased work plan with specific measurables; timeline in order and meets our deadlines; virtual meetings only

Fee Proposal | Points Based | 20 Points (20%)

Evaluator 1: 0

$59,825 plus on site visits are additional charges

Evaluator 2: 0

n/a

Evaluator 3: 0

flat fee and extra fees if onsite meetings

Management Advisory Group International, Inc.

Background and Experience of the Firm | Points Based | 25 Points (25%)

Evaluator 1: 22

25 years experience in, referenced 600 other studies including municipalities, some in Florida

Evaluator 2: 25

Nationwide exp for 25 years, and has over 600 surveys of local govt.

Evaluator 3: 25

completed surveys for lots of Volusia cities; full service HR consulting; 600+ surveys in 25 years; biweekly verbal check in and monthly reports 4 month time frame

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)

Evaluator 1: 18

10 employees, Dr. Campbell 25 years experience, Ms. Kyle 20 years, Rita Haughabrook 20 years, etc.

Evaluator 2: 20

Experience equal to the task.

Evaluator 3: 15

40 states and 25 years experience; 2 current clients in FL, no local right now; survey examples from Deerfield Beach, Delray, and Sanford; not as much HR experience in the staff

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)

Evaluator 1: 10

Proprietary Market Manager database and the survey does not take account for an employee's length of employment, only the latest job title, also it does not take into consideration employees that may have more than one job title and job description. In Edgewater, employees had difficulty with the survey and needed assistance; and when the final report was finalized, it was confusing, there were some employees that did not receive an adjustment in their compensation because they had just recently been reclassified by job title, not compensation and those employees were disgruntled, and the result was a loss of morale among those employees and departments.

Evaluator 2: 20

Detailed approach with a timeline that meets our expectations.

Evaluator 3: 20

benchmark positions only; propietary software; laid out a complete plan and timeline; includes training for continuing the pay plan after they're done

Fee Proposal | Points Based | 20 Points (20%)

Janet Vivian
Purchasing Agent
City of New Smyrna Beach
210 Sams Avenue
New Smyrna Beach, Florida 32168

Dear Janet,

Management Advisory Group International, Inc. (MAG) is pleased to present this Proposal for a Compensation and Benefits Study in response to your RFP #08-25-HR. We have thoroughly reviewed the RFP and Addendums 1 and 2 in preparation for our submission.

We are most interested in assisting the City of New Smyrna Beach in this important project, and feel we are uniquely qualified based on our extensive experience of working with local governments and agencies throughout the country, including Florida.

Throughout our years in business, MAG's Florida clients have included: **Alachua County, Altamonte Springs, Bay Harbor Islands, Belle Glade, Belleview, Boynton Beach, Brevard County, Brooksville, Broward County, Cape Coral, Casselberry, Charlotte County, Citrus County, Collier County, Cooper City, Daytona Beach, Deerfield Beach, Delray Beach, Destin, Edgewater, Ft. Lauderdale, Gainesville, Gulfport, Highland Beach, Jacksonville, Jupiter, Lake County, Lake Worth, Lakeland, Lee County, Marion County, Miramar, Naples, New Smyrna Beach, North Miami, Ocala, Okaloosa County, Orange City, Orange County, Orangeburg County, Ormond Beach, Osceola County, Palm Beach Gardens, Palmetto, Pembroke Pines, Polk County, Port Orange, Saint Lucie West, South Daytona, St. Petersburg, St. Pete Beach, Tallahassee, Tamarac, Tampa, Venice, and West Palm Beach,** to name a few. We recently completed studies for **Riviera Beach and Sanford**. We are currently engaged in a study with **Tarpon Springs**. We invite you to connect with the Project Managers for some of our recent studies (see Tab 6: References).

MAG is a national, full-service human resources consulting firm with WBE status. MAG was incorporated in Florida in 2001. Our home offices are located in Northern Virginia with satellite offices in South Carolina, North Carolina and Florida.

We have a thorough understanding of public functions, classification and compensation projects, position descriptions, and human resources software. Our firm has provided consulting services to more than 600 agencies for over 25 years.

Our overall approach is inclusive, personalized, and supported by state-of-the-art tools that include a proven job evaluation system. Our unique approach and software is the most progressive in the marketplace for reviewing and analyzing existing compensation plans to achieve internal and external equity, and creating pay structures to reflect a competitive position in your market area. We will produce customized plans that ultimately result in implementation.

February 20, 2025

Janet Vivian
Purchasing Agent
City of New Smyrna Beach

We are committed to providing the highest level of professional management and consulting services, and maintaining modern, advanced technology tools to assist our clients in conducting human resources projects. Our mission is supported by our capacity to deliver an extensive range of services to a variety of public sector institutions, educational organizations and non-profit organizations. Our team of professionals possess extensive experience, education, and skill sets, resulting in meeting our clients' organizational mission, vision, and goals.

We believe that communication, as well as implementation, is the key to a successful study. While MAG has other current clients, we have an established priority for the initiation, scope, and timetable of this project. We are prepared to initiate this project immediately following execution of the contract, and will complete the study for the City in a 4-month time period.

As Senior Executive Advisor of the firm, I am authorized to make representations for the proposer, and will assume the role of Project Director and oversee the successful completion of your project. The office locations that will serve the City are located at 1219 Rockwood Road, Columbia, South Carolina and 6403 Dakota Drive, Brooksville, Florida. MAG's proposal is valid for a period of 120 calendar days from date of opening.

We would love the opportunity to work with New Smyrna Beach on this important project. If you have any questions or wish additional information, please feel free to contact me at (703) 590-7250 or via email at russell@maginc.org.

Best Regards,

Dr. Russell H. Campbell

MANAGEMENT ADVISORY GROUP MANAGEMENT SUMMARY

Proposal Overview: New Smyrna Beach is seeking consulting assistance for a Compensation and Benefits Study in order to attract and retain a qualified workforce, update its classification plan, assist in updating position descriptions and ensure the City's pay and benefits are competitive. The study will focus on 323 employees in 150 classifications.

MAG will provide the City with a salary and benefit structure that enables the City to maintain a competitive position within the same geographic area but will be financially sustainable for the long term.

- We have successfully completed more than 600 similar studies in over 25 years and have a history of successful studies in Florida. MAG is fully committed to maintaining modern, advanced technological tools to assist in conducting human resources projects for our clients. Our proprietary database system designs custom pay structures, assigning employees to job classes, and provides extensive reporting and forecasting scenarios, as well as providing internal pay equity. MAG also uses a custom designed survey database that assembles and collects job class, pay practice and related data from competitive organizations.
- We believe that communication, as well as implementation, is the key to a successful study. MAG ensures ongoing and open communication from the initiation of the contract through completion of the study. MAG will provide bi-weekly verbal check-ins and monthly progress reports as well as periodically presenting (in-person or electronically as required) the information to the City Commission throughout the process.
- While we have other current clients, we have an established priority for the initiation, scope, and timetable of this project. We are prepared to initiate this project immediately following the signing of the contract, and complete a high-quality study within a four-month period. This will ensure appropriate time for data collection, review of recommendations, and completion of reports. MAG has the organizational, financial, staff, and technical capability to assure success for this important project.
- Litigation has never been filed against our firm.
- We have no conflict of interest to disclose.
- We will work closely and personally with key staff, and maintain regular communication with District representatives, to achieve your objectives. The tools used and approach we have developed is specific to your interests, and includes a highly defined and progressive system of job evaluation. *Our evaluation system is specific to the conduct of compensation studies* and has been proven in scores of similar studies
- We have the organizational, financial, staff, and technical capability to assure success for this important project. Our staff responds to emails within minutes and will respond to any questions or clarifications at no cost for up to a year.
- At the conclusion of the study, within 120 days, MAG will provide a detailed final written report of all tasks for the study to the city designated representative.
- We will present a final completion of the study to staff and/or the City Commission.

MAG's goal is to provide our clients with all the tools and training that are needed. We will provide staff with technical assistance and training to facilitate the implementation and maintenance of the recommended system. ***There is no additional cost for this training*.**

BACKGROUND AND EXPERIENCE OF FIRM

MAG COMPANY DESCRIPTION AND FIRM BACKGROUND

The Principals of MAG International, Inc. have a proven track record in providing in-depth management and human resource consulting services for over 25 years in more than 40 states. Our services for counties and municipalities include a focus on classification and compensation studies. Our work also includes performance management evaluation, compensation and pay equity and analysis, personnel policies, training, and procedures manuals.

Management Advisory Group International, Inc. is a woman-owned, privately held corporation located in Fairfax, Virginia, with satellite offices in North Carolina, South Carolina and Florida. MAG was incorporated in the state of Florida in 2001 and continues to maintain corporation status in the states of Florida, Louisiana and Virginia, while helping our clients find success nationwide. MAG employs 10 professionals who provide classification and compensation related services. We have provided classification and compensation services to over 600 public sector organizations nationwide.

MAG is committed to providing the highest level of professional management and human resource consulting services to our clients. Our team of business and management professionals possess extensive experience, education, and skill sets in a variety of study areas -- allowing us to assist our clients in meeting their organizational mission, vision, and goals on a variety of fronts.

MAG believes that organizational efficiency and effectiveness is, in large part, dependent on recruitment, hiring, and retention of quality, skilled personnel and staff – comprehensive human resources management systems are an absolute essential in today's world to accomplish organization mission, vision, goals, and objectives.

We will work closely and personally with key staff to achieve your objectives. The tools used and approach we have developed is specific to your interests, and includes a highly defined and progressive system of job evaluation. *Our evaluation system is specific to the conduct of compensation studies* and has been proven in scores of similar studies

We have the organizational, financial, staff, and technical capability to assure success for this important project. Our staff responds to emails within minutes and will respond to any questions or clarifications at no cost for up to a year.

MAG understands the importance of this project to the City. An integral part of this study will be to address the unique needs of New Smyrna Beach. Our detailed work plan, found under Tab 4: "Scope Approach" outlines our detailed methodology and approach to this project.

MAG COMPANY DESCRIPTION AND FIRM BACKGROUND

AREAS OF EXPERTISE

Compensation and Classification

- Pay Equity and Comparable Worth
- Evaluation systems
- Salary Studies
- Benefits
- Management/Executive Compensation

Management Systems

- Facilities Reviews
- Productivity and Staffing Analysis
- Privatization Reviews
- Organizational Restructuring
- Efficiency Studies

Policies, Procedures and Training

- Personnel Ordinances
- and Policy Manuals

TAB 3

SKILLS AND CREDENTIALS OF PROJECT TEAM

RUSSELL CAMPBELL, ED.D., IPMA-CP
SENIOR EXECUTIVE ADVISOR, MAG

Dr. Campbell has more than 25 years of public sector experience in human resource management, organizational development, and strategic planning. He has planned, organized, and directed studies in management auditing, operational reviews and analysis, service cost evaluations, survey analysis, quality of work life analysis, privatization, and cost allocation. Each of these studies dealt with summarizing major alternatives for decision makers, as well as providing viable recommendations. Dr. Campbell's consulting experience encompasses state and local government evaluation, program management, efficiency analysis, survey analysis, and revenue enhancement. He has worked for and assisted counties, municipalities and special purpose districts with a variety of management and organizational issues. He also has additional experience in state and federal government operations. Dr. Campbell has an undergraduate degree in Business Administration from the University of South Carolina, a Master's degree in Public Administration from Troy State University, and a Doctorate in Education from the University of South Carolina.

Dr. Campbell will personally oversee your project. He will be assisted by a team of experienced professionals who have the information and tools needed to make studies successful.

Selected successful projects led by Dr. Campbell:

- Aiken County Public Schools, SC
- Beaufort, SC
- Beaufort County, SC
- Baton Rouge, LA
- Botetourt County, VA
- Calhoun County, SC
- Canton Township, MI
- Chesapeake Public Schools, VA
- Clarendon County, SC
- Clayton County, GA
- Dearborn, MI
- Deerfield Beach, FL
- Delray Beach, FL
- Durham County, NC
- Edinburg, TX
- Fairfield County, SC
- Floyd County, GA
- Gastonia, NC
- Georgetown, KY
- Jasper County, SC
- Knoxville, TN
- Lexington, TN
- Lexington Schools District 2, SC
- Louisville, KY
- Port Freeport, TX
- Portsmouth Public Schools, VA
- Riviera Beach, FL
- Rockville, MD
- Roanoke City and County Schools, VA
- Savannah, GA
- Spartanburg, SC
- Tampa, FL
- Wichita Falls, TX
- Winston-Salem, NC
- York County, SC

DEIRDRE KYLE, MPA
SENIOR ADVISOR

Ms. Kyle served with the Jacksonville Transportation Authority as the Chief Operating Officer from 2003 -2005. Ms. Kyle brings over 20 years of experience providing business management services to federal, state and local governments and the private sector; most of those years at a Partner level. Ms. Kyle has been associated with the senior leadership of MAG since 1998. Her career history includes working with state Departments of Transportation and local transit and transportation agencies. In addition, as a partner with a national consulting firm, Ms. Kyle led consulting projects in business utilization, economic impact, development of public policy and strategic action plans. These engagements required a multi-discipline approach including data analyses, legal research, anecdotal analyses and statistics.

Examples of projects in which Ms. Kyle has served as project lead or has had substantial project responsibilities include:

- Beaufort County Schools, SC
- Bibb County Schools, GA
- Calhoun County, SC
- Chapel Hill, NC
- Charlotte County, FL
- Dekalb County, GA
- Fairfax, VA
- Fayette County, KY
- Frederick County, VA
- Grand Traverse County, MI
- Henry County Schools, GA
- Horry County, SC
- Isle of Wight County Schools, VA
- Jefferson County Public Schools, KY
- Jefferson Parish, LA
- Kent County, DE
- Lancaster, SC
- Lexington, KY
- Loudoun County Schools, VA
- Manassas Park City Schools, VA
- Oldham County, KY
- Poquoson City Schools, VA
- Prince George County Schools, VA
- Queen Anne's County, MD
- Richland County, SC
- Savannah, GA
- St. Charles Parish, LA
- Virginia Beach, VA
- Washington County, PA
- Wicomico Schools, MD

STEVE FOSTER, IPMA-CP
SENIOR ADVISOR

Mr. Foster is a retired military veteran who brings years of detailed project management skills to public sector projects. Mr. Foster has extensive experience in market and benefits analysis as well as with on-site support. He has led and participated in on-site interviews and meetings with employees in focus groups and orientation sessions. He has worked with scores of public sector clients in overall project management as well as handling logistical support for client management. He will conduct employee orientation sessions.

Examples of projects in which Mr. Foster has served as project lead or has had substantial project responsibilities include:

- Athens-Clarke County, GA
- Barnwell County, SC
- Bloomington, IN
- Brownsville Public Utilities Board, TX
- Calhoun County, SC
- Cecil County, MD
- Chevy Chase Village, MD
- College Park, GA
- Collier County, FL
- Dawson County, GA
- Dinwiddie County, VA
- El Paso, TX
- Fairfield County, SC
- Hammond, LA
- Jacksonville, FL
- John's Creek, GA
- Jones County, GA
- Lancaster, SC
- Lexington, TN
- McAllen, TX
- Naples, FL
- New Orleans, LA
- North Miami Beach, FL
- Oviedo, FL
- Pearland, TX
- Richland County, SC
- Sanford, FL
- Spartanburg, SC
- St. Cloud, FL
- Takoma Park, MD
- Wellington, FL

RITA HAUGABROOK, M.A., PHR, SHRM-CP
SENIOR ADVISOR

Ms. Haugabrook brings over 20 years' experience in HR Consulting in Compensation, Classification, and Pay Equity Market Analysis to our clients. Ms. Haugabrook coordinates with our clients, both online and on-site, to facilitate relevant data gathering and processing for the survey process. Ms. Haugabrook brings her recognized expertise in Benefits Evaluation and Comparison to the firm allowing MAG's clients to ensure a competitive posture in total compensation and rewards. Ms. Haugabrook has a Master's Degree in International Affairs from Florida State University and PHR, SHRM-CP certifications.

Examples of projects in which Ms. Haugabrook has served as project lead or has had substantial project responsibilities include:

- Atlanta Public Schools, GA
- Bedford County Schools, VA
- Bell County, TX
- Chapel Hill, NC
- Chesapeake Public Schools, VA
- Delray Beach, FL
- Family Eldercare, Austin, TX
- Franklin, VA
- Galveston County, TX
- Jasper County, SC
- Jefferson County Public Schools, KY
- Knoxville, TN
- Louisville, KY
- Marion County, SC
- MHMR of Tarrant County, TX
- Murfreesboro, TN
- North Carrollton, TX
- North Charleston, SC
- Pharr, TX
- Port Freeport, TX
- Richland County Schools, SC
- Riviera Beach, FL
- Sanford, FL
- Savannah, GA
- Schertz, TX
- South Fulton, GA
- Union County, SC
- Wichita Falls, TX
- Winston-Salem, NC
- York County, SC

TRACY OSHIELDS, IPMA-CP
DIRECTOR OF ADMINISTRATIVE SERVICES

Ms. O'Shields brings over 25 year's experience in education and educational facility management, supported by her skills in business administration to our clients. She has significant experience in conducting market surveys for governmental agencies across the country and thorough knowledge of the public sector industry. Ms. O'Shields coordinates the work of MAG staff in market and benefits survey development, data collection and data analysis.

Examples of projects in which Ms. O'Shields has served as project lead or has had substantial project responsibilities include:

- Abbeville County, SC
- Aiken County Public Schools, SC
- Barnwell County, SC
- Blount County, TN
- Brownsville Public Utilities Board, TX
- Canton Township, MI
- Chesapeake Public Schools, VA
- Colleton County Schools, SC
- Carrboro, NC
- Dearborn, MI
- Dorchester School District 2, SC
- Dougherty County, GA
- Durham County, NC
- Fairfield County, SC
- Georgetown, KY
- Greenville County Schools, SC
- Hays County, TX
- Jones County, GA
- Lexington, TN
- Nash County, NC
- Nelson County, VA
- Newberry County, SC
- Person County, NC
- Richardson ISD, TX
- Richland School District 2, SC
- Roanoke City Public Schools, VA
- Roanoke County Public Schools, VA
- Sanford, FL
- Spartanburg, SC
- St. Tammany Parish Schools, LA
- Western Tidewater Regional Jail, VA

(see approach section)

MAG METHODOLOGY AND PROJECT APPROACH

This section of our proposal identifies our work plan, approach, and our understanding of the work being requested. Our scope and approach to consulting is based on a solid foundation of extensive, professional experience in providing consulting services to governments and agencies throughout the country.

We are pleased to be responsive to the City's interests to ensure a successful project.

**Parts of this section are considered confidential and not subject to public disclosure as they contain information, references, and screen shots of MAG's exclusive, confidential and proprietary software.*

MAG understands that the City of New Smyrna Beach is seeking consulting assistance to conduct a Compensation and Benefits Study to include 323 employees in 150 classifications.

The specific steps in the process to meet the City's stated goals include:

Step 1: Project Initiation and Data Requirements

Upon agreement to proceed, MAG's study team will meet with the City's project team to establish a working relationship, formulate the work plan, and examine concerns and issues the City seeks to address in the study. MAG will request background information, review the objectives of the study, discuss compensation history and study goals. We will collect appropriate data relative to the current compensation system such as current employee payroll and data, organization charts, pay and classification plan, salary schedules, job descriptions, personnel policies, etc.

Step 2: Department Head Input

MAG representatives and our HR partners will meet with Executive Leadership staff and Department Heads to communicate goals and objectives. We will seek to identify problem areas or concerns and to identify positions in need of review.

MAG is willing and able to meet on-site or video conferencing attendance and meetings with staff. We have been successfully setting up schedules and conducting meetings using Zoom Professional since March 2020. Additionally, we have prepared electronic templates of all communications documents for safe and secure electronic transmission.

We will discuss:

- Study goals and objectives, thereby ensuring staff are apprised of the City's intentions to maintain a competitive salary system
- The study approach and critical aspects of the project so staff is made aware of and understands the project's important milestones and schedule, as well as their contribution to adhering to established timelines
- An opportunity to ask general questions pertaining to the project so that concerns can be addressed at the outset of the study

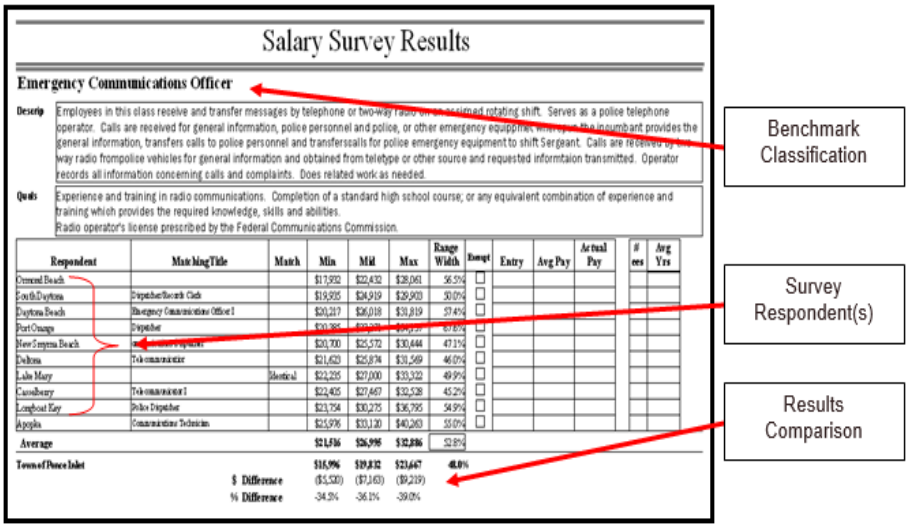
Data required for the study:

- Current Employee and Payroll Data
  - Organization Charts
- Pay and Classification Plan
  - Salary Schedules
  - Personnel Policies

Confidential and Proprietary Copyright 2024 Management Advisory Group International, Inc.

Step 3: External Market Review of Position Classifications

Using our proprietary Market Manager database, we will cooperatively develop the market salary survey. We will work with the City to define and identify a list of target organizations and appropriate benchmark positions to be included in the market survey.



MAG selects peer organizations based on local labor competition, organizations which are leaders in the local marketplace, organizations in the same geographic regions, and/or similar population and demographics.

Along with HR, we will identify and fine tune a list of benchmark positions that are: representative of all occupational families and levels, highly populated or widely recognized, jobs found in most organizations, and those with recruitment or retention problems.

A survey document is produced and provided to the target agencies for completion. At the close of the survey phase, we analyze the received survey response data and compile market study results for your review, evaluation, and comment. Once final results are calculated, we submit the completed market report and recommendations. Data collected in the surveys may be supplemented by data from published sources where appropriate or necessary. As a courtesy, MAG provides copies of the survey summary to all participants.

General Policy

1 Employees' benefits make up what percentage of employee compensation? ____ %

2 Do you have a tuition/educational assistance policy for employees? ____

3 Do you provide educational incentive pay for degree attainment for employees? ____

Leave Policy

4 How many days of leave do employees accrue for the following lengths of service?

Number of Leave Days Accrued per Year

Years of Service	Sick	Annual	PTO	Holiday
1				
2 to 3				
4 to 5				
6 to 10				
11 to 15				
16 to 20				
Over 20				

5 How many days of leave earned, but not used can be carried over to the next year?

Number of Leave Days Carried Over (9999 = unlimited)

Years of Service	Sick	Annual	PTO
1			
2 to 3			
4 to 5			
6 to 10			
11 to 15			
16 to 20			
Over 20			

6 How many days of Bereavement Leave do you offer? Local: ____ Days

Distant: ____ Days

7 What is the maximum number of accrued leave days allow to be reimbursed upon termination? ____ Days

Employee Compensation

8 Are employees compensated for standby or on-call status? ____

9 If so, what is the daily additional compensation rate? ____

10 Does standby status require employees to remain on call via cell phone? ____

11 After how many days in an "acting" or "temporary" capacity, at a higher level of work do employees receive additional compensation? ____ Days

Employee Compensation (continued)

12 Does your organization provide a "take home" vehicle for employees? ____

If so, for which positions and how much?

13 Does your organization offer any employees a vehicle allowance? ____

If so, for which positions and how much?

14 Does your organization offer any employees a phone allowance? ____

If so, for which positions and how much?

15 Does your organization offer Certification Pay? ____

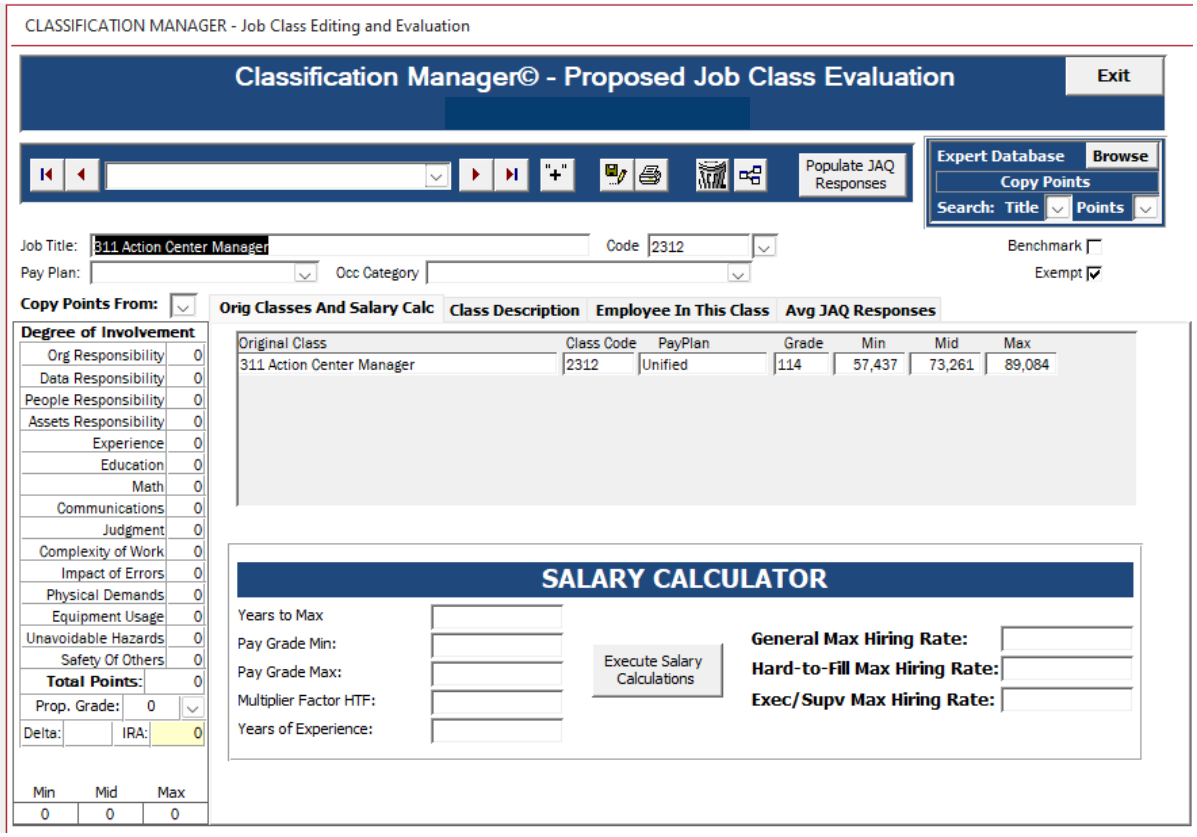
If so, for which positions, which certifications, and how much?

Step 4: Comparing Benefits With the Market

Much like a salary survey, organizations need current and reliable information to establish appropriate benefits. MAG uses the Benefits Survey pictured to gather data from target organizations, assist in providing an understanding of what is offered, and identify trends and/or areas of concern.

Pictured is our core benefits survey with baseline questions. MAG will gather information from the peer organizations using the benefits survey and summarize the results for the City.

The survey can be adjusted to include other questions, information and/or areas of concern to best meet the needs of the City.



Confidential and Proprietary Copyright 2024 Management Advisory Group International, Inc.

Step 5: Job Questionnaires – Full Documentation in an Easy-to-Use Format

MAG has developed a highly efficient online job questionnaire process (JPQs) for employees and their supervisors. This will be available for all included employees, in which job data is collected, evaluated and ultimately provided to the City. The JPQ is written in an understandable and easy-to-read format. We will schedule on-site orientation sessions for employees, in which the study process is explained, the job questionnaire is thoroughly reviewed, and employees can ask questions. A variety of electronic documents will be also distributed which explain the process, questionnaire completion, and include many frequently asked questions with answers.

Employees are asked questions about their job duties and responsibilities that they regularly perform and any recent changes in work routine. The JPQ captures job data for education levels, experience, decisions, guidelines, complexity, scope and effect, physical demands, and work environment. This approach enables us to make distinctions at the employee levels. Supervisors have access to their employees' questionnaires for review and comment. All of the key information in the JPQs are downloaded to MAG's proprietary database so that the information is readily available in identifying job profile values from the incumbents and their supervisors.

The use of the database is a technique to complement the highly personalized and substantial client input and discussions. Core evaluation profile values are based on ratings from employees and their supervisors. *MAG's Job Profile Method of Classifying work is a comprehensive and unique approach to collecting and verifying accuracy of core job functions.*

Confidential and Proprietary Copyright 2024 Management Advisory Group International,

Step 6: Achieving Internal Equity

As a tool in supporting MAG's comprehensive and professional approach, we will utilize a Windows™ based system, Classification Manager, a tool designed by Management Advisory Group which integrates current market data and job analysis, and provides easy access to all of the information needed to equitably classify all job classes within an organization.

When the City sees the product outcome of the software tool developed by MAG specifically to accomplish compensation projects and to support the goals and vision of our clients, you will see that there is no true comparison on the market.

MAG's proprietary quantitative job evaluation system is based on compensable factors. The system's flexibility will also fully accommodate a market rating approach to job classification as well as whole job ranking, making this the most flexible compensation and classification tool available to public sector entities today.

Classification Manager© can develop pay plans based on regression equation analysis of either the internal midpoint value of the original pay plan or market compensation and quantitative point-factor analysis. MAG often uses the original value of the organization's own jobs to establish the internal market control point, using external market values to adjust the proposed pay line.

In addition to point factor analysis, classifications should also be reviewed for economic anomalies within the marketplace. Economic anomalies are those positions for which market values are inflated or otherwise inconsistent due to shifting supply and demand conditions.

Step 7: Report of Study Conclusions and Implementation Options

Our final report will outline the process, methods, findings and recommendations of the study. Because we tailor plans to the specific needs of each organization, several cost analyses for implementing proposed study recommendations can be considered. The cost by employee to bring staff up to the proposed pay range minimums is the most conservative option and is always provided. Other options, such as length of time in classification, can also be used as criteria to assign employees to the proposed plan. Our program generates analysis reports for each scenario under consideration for implementation.

The analysis reports detailed statistical data for each employee according to the selected implementation scenario. The report details each incumbent by employee number, job code, position number, division, department, proposed pay grade and pay range, proposed salary, and dollar amount (if any) of proposed salary adjustment. Thus, you are provided with an in-depth budget review and forecasting tool to facilitate selection of the most viable and appropriate implementation strategy.

Confidential and Proprietary Copyright 2024 Management Advisory Group International, Inc.

Step 7, Continued: Report of Study Conclusions and Implementation Options

Once an implementation strategy is determined, we initiate the final reporting phase of the project and provide you with a proposed pay and classification plan report that presents:

- Revised pay rates and salary schedules for all classifications in the scope of the study,
- Study findings, statistical detail reports, and detailed financial impact scenarios based on your identified goals and objectives,
- Implementation options and strategies regarding maintenance and costs of the proposed elements of the plan,
- Recommendations for pay administration practices for all issues and elements identified as useful to during the course of study,
- Recommendations regarding segregation of employees with respect to entry level compression or other agreed upon criteria (if applicable).
- Develop recommendations, guidelines and training materials to ensure proper maintenance and continued administration of the classification and compensation system. MAG's goal is to provide our clients with all the tools and training that are needed. We will provide the District Staff with technical assistance and training to facilitate the implementation and maintenance of the recommended system and procedures over time. ***There is no additional cost for this training*****.** Our staff also responds to emails within minutes and will respond to any questions or clarifications at no cost for up to a year.

All feedback from management will be carefully considered and appropriate changes will be made prior to submitting the final report.

All implementation recommendations and related reports and documentation will be provided to the City in both paper and electronic format.

Please consider that MAG views this project as one that requires extensive personal communications and interactions with staff. That personal attention is supplemented by the best techniques in the industry to ensure accuracy.

MANAGEMENT ADVISORY GROUP PROJECT SCHEDULE

MAG has developed a proposed work-plan and project timeline to accomplish the scope of services described in the previous section. We ensure that each of our projects is given the appropriate resources and attention. We possess the ability, staff, skills and tools to complete the study for the City in a four-month time period, following the signing of the contract. Some of the proposed project activities and tasks indicated will occur simultaneously. The specific steps are broken out below. The timing can be modified to best meet the needs of the City.

We will work together with the City to ensure a timely and excellent project.

Phase I: Project Initiation: Day 1—Day 25

Objective: To develop a project plan acceptable to all parties, gather pertinent project related data, finalize contractual negotiations, and establish a timeline for project activities and deliverables.

Activities: Execute Project Contract.

Meet with our HR partners and departmental staff to discuss the project's goals and objectives, and to coordinate activities.

Gather required project data/information, such as current class descriptions, current pay plan, administration policies and procedures, and organization charts.

Initiate the employee information data collection in required database/spreadsheet format in Excel.

MAG provides detailed outlines of information needed and technical support in how and when the spreadsheet is to be provided.

Establish a mutually agreed-upon project work plan, timelines, deliverables, and monitoring procedures that will lead to the successful accomplishment of all project objectives.

Deliverable(s):

- Finalized Project Work Plan.
- Project Contract.
- Successful communication of the design/completion of the employee information needed in MAG's Excel template spreadsheet.

Phase II: Development of Compensation Survey Instrument: Day 25—Day 55

Objective: To develop a salary/compensation survey instrument and administer survey instrument to gather compensation data from survey targets, establish a list of classification titles for inclusion in the survey, and define target respondent organizations/published surveys.

Activities:

Work together with our HR/Project partners and top management to confirm the appropriate market and survey target employers for selected benchmark positions that offer comparable employment opportunities.

Develop draft market salary survey instrument to gather compensation data.

Review Draft Salary Survey and confirm with the Project Manager; revise as necessary and appropriate.

Develop Final Salary Survey Instrument.

Initiate survey via internet, telephone, published data, and e-mail for benchmarks. Survey can be conducted on-line, through a fillable form and from published information or pay schedules provided by survey targets.

Deliverable(s):

- Confirm Market Survey Targets and Benchmark Classifications.
- Survey Instrument.

MANAGEMENT ADVISORY GROUP PROJECT SCHEDULE

Phase III: Conduct Custom Market Survey

Day 50—Day 85

Objective: To administer a salary/compensation survey instrument to survey targets in a variety of user-friendly formats.

Activities:

- We work closely with you to identify specific target agencies to be included in the custom survey. We work with you to define the market.
- Provide survey options for participation, including online input through MAG's web site, completion of Excel format survey, and/or provision of current compensation plan.
- Review/clean collected compensation data and compare to current data.
- Develop market compensation summary by classification.
- Review compensation structure and develop recommendations.

Deliverable(s):

- Survey data for benchmark classes.
- Recommendations on compensation design based on updating or redesigning the salary schedules to be market relevant.

Phase IV: Conduct Job Analysis and Classification Review of all Classes

Day 75—Day 100

Objective: To conduct a review of included classifications for appropriate internal equity. These activities happen concurrently, following the successful completion of MAG's Excel spreadsheet of required employee information. Once the spreadsheet is successfully completed, MAG can initiate several project activities:

Please note that MAG has developed complete information packages that successfully allow this process to move forward without requiring employee gatherings and "face to face" meetings. The approach that will ultimately be selected will be dependent on City, County, State, CDC and other relevant public health guidelines to ensure the safety and security of all parties with the concurrence of our HR Partners.

Activities:

- Distribute information on the Job Profile Questionnaires® (JPQ) and data gathering instrument. The JPQ is written in an understandable and easy-to-read format. Employees can list the job duties and responsibilities that they regularly perform and any recent changes in work routine.
- The questionnaire will capture job data for such factors as education levels, experience, decisions, guidelines, complexity, scope and effect, physical demands, and work environment.
- Monitor JPQ completion and provide updates on the status of employee questionnaire completion at key points.
- Review issues identified by administrators to identify comments concerning position levels, recruitment, retention and other directly relevant issues impacting a successful outcome.

- Summarize the concerns for sharing with our HR Partners.
- Conduct top level interviews to confirm and allow for elaboration on classification/compensation concerns. An interview schedule will be established by MAG staff for review, input and confirmation.
- Download and review completed JPQ's.
- Evaluate each job class according to key criteria.
- Make assignments and allocations for classes.
- **Deliverable(s):**
- Employee Guidelines for identifying participants in the JPQ process, which includes step by step instructions for completing the online Job Profile Questionnaires
- Questionnaire monitoring and updates on a twice weekly basis for our HR Partner.
- Key Senior Staff interviews using a selected on-line format
- Classification data capturing and review
- Recommended compensation structure(s) based on analysis of market data

Phase V: Develop Recommendations to Classification Plan

Day 120

Objective: To identify any needed changes to the Compensation/Pay Schedules(s).

Activities:

- Conduct analysis and evaluate the current classification plan(s) in terms of:

Deliverable(s):

* Supporting the overall goals and objectives
* Its ability to provide compensation comparability between and among various groups and classes of positions
* Its ability to provide a meaningful salary level that recognizes required credentials, certifications and experience
* Developing an initial set of recommended changes in the structure of the current classification system and schedules(s)
* Review recommended changes with the Project Manager and appropriate management staff and make appropriate revisions
* Develop revised pay plan(s)
* Develop guidelines for maintaining the classification system
* Provide for internal review

Deliverable(s):

- Revised Grade Order List and Pay Plan(s) for the various departments
- Reclassification recommendations (if applicable)

MANAGEMENT ADVISORY GROUP PROJECT SCHEDULE

Phase VI: Submit Draft Project Report and Initiate Internal Review Process
Day 130

Objective: To develop a draft report based on previous study activities and tasks.

Activities:

- Integrate project data and deliverables from previous project tasks into a draft report for internal review.
- Provide draft project findings to management for technical review.

Deliverable(s):

- Draft Report.
- Initial Costing Projections

Phase VII: Develop and Submit Final Project Report
Following Internal Review and Feedback: TBD

Objective: To develop a final report of project results, findings and recommendations.

Activities:

- Finalize the implementation approach and do costing projection for the first year.
- Revise draft report as necessary and appropriate based on technical review; develop and deliver final report.
- Provide project findings and provide all study documentation

Deliverable(s):

- Final Report and Presentation
- All Study Documentation

Form **W-9**
(Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type See Specific Instructions on page 2.

Name (as shown on your income tax return)
Management Advisory Group International Incorporated

Business name, if different from above

Check appropriate box: ☐ Individual/Sole proprietor ☒ Corporation ☐ Partnership
☐ Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ► .....
☐ Other (see instructions) ►

☐ Exempt payee

Address (number, street, and apt. or suite no.)
2992 Reidville Rd.

Requester's name and address (optional)

City, state, and ZIP code
Spartanburg, SC 29301

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number

or

Employer identification number
88 0495510

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here | **Signature of U.S. person** ► Donald C. Long | **Date** ► February 18, 2025

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

STATEMENT OF INSURANCE COMPLIANCE

The undersigned firm agrees to obtain prior to award, if selected, the insurance and levels in accordance to the requirements as set forth in the Invitation for Proposal, Invitation to Bid, or Invitation for Qualifications, or draft agreement, attached hereto.

Policies other than State Issued Worker's Compensation shall be issued only by companies authorized by maintaining certificates of authority issued to the companies by the Department of Insurance of the State of Florida to conduct business in the State of Florida and which maintain a Rating of "A" or better and a Financial Size category of "VII" or better according to the A.M. Best Company. Policies for Worker's Compensation may be issued by companies authorized as a group self-insurer by F.S. 440.57, Florida Statutes.

***THIS FORM MUST BE COMPLETED AND RETURNED WITH YOUR BID**

DRUG-FREE WORKPLACE CERTIFICATION FORM

IDENTICAL TIE BIDS-In accordance with Florida State Statutes Section 287.087, preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, which are equal with respect to price, quality, and service, are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violation of such prohibition.

2. Establishing an on-going drug-free awareness program to inform employees about:
   a. The dangers of drug abuse in the workplace.
   b. The employer's policy of maintaining a drug-free workplace.
   c. Any available drug counseling, rehabilitation, and employee assistance programs, and
   d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

3. Making it a requirement that each employee to be engaged in the performance of this contract be given a copy of the statement required by paragraph (a);

4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under this contract, the employee will:
   a. Abide by the terms of the statement; and
   b. Notify the Employer in writing of any arrest for a violation of a criminal drug statute or driving under the influence no later than five calendar days after such arrest;

5. Notifying the City of New Smyrna Beach, in writing, within 10 calendar days after receiving notice under subparagraph (4)(b) from an employee or otherwise receiving actual notice of such arrest Consultants of arrested employees must provide notice, including position and title to: City Clerk/Administrator, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, FL 32168.

6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is arrested.
   a. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended, or
   b. Requiring such employee to participate satisfactorily in drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State or local health, law enforcement, or other appropriate agency.

7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (1), (2), (3), (4), (5) and (6).

As a duly authorized representative of the Vendor, I hereby certify that the Firm will comply with the above certifications.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.

Dr. Russell H. Campbell

****THIS FORM MUST BE COMPLETED AND RETURNED WITH YOUR BID**

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. THIS SWORN STATEMENT IS SUBMITTED TO City of New Smyrna Beach

by Dr. Russell H. Campbell, Senior Executive Advisor
(Print Individual's Name and Title)
for Management Advisory Group International, Inc.
(Print Name of Entity Submitting Sworn Statement)
whose business is Human Resources Consulting

and (if applicable) its Federal Employer Identification Number (FEIN) is 88-0495510

2. I understand that a "public entity crime" as defined in Paragraph 287.133 (1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or

   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

5. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provisions of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders,

employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. (Indicate which statement applies).

X Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, nor any affiliates of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. (Attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR A CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

NON-COLLUSION AFFIDAVIT OF PROPOSER

State of South Carolina

County of Spartanburg

Dr. Russell H. Campbell, being first duly sworn, deposes and says that:

He/she is Senior Executive Advisor of Management Advisory Group, Proposer that has submitted the attached bid or Request for Qualifications;

He/she is fully informed respecting the preparation and contents of the attached bid and of all pertinent circumstances respecting such bid;

Such bid is genuine and is not a collusive or sham bid;

Neither the said Proposer nor any of its officers, partners, owners, agent representatives, employees, or parties in interest, including this affiant, has in any way colluded, conspired, connived or agreed, directly or indirectly, sought by agreement or collusion or communication or conference with any other Proposer, firm or person, to fix the price or prices in the attached Proposal or of any other Proposer, or to fix any overhead, profit or cost element of the Proposal price or the Proposal price of any other Proposer, or to secure through any collusion, conspiracy, connivance or unlawful agreement any advantage against the CITY OF NEW SMYRNA BEACH, FLORIDA, or any person interested in the proposed Contract; and

The price or prices quoted in the attached Proposal are fair and proper and are not tainted by any collusion, conspiracy, connivance or unlawful agreement on the part of the Proposer or any of its agents, representatives, owners, employees, or parties in interest, including this affiant.

COMPLIANCE WITH EMPLOYMENT ELIGIBILITY REQUIREMENTS

(§448.095, Florida Statutes – E-Verify)

The E-Verify system is an internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees. Florida Statutes §448.095 provides that any person or entity that has entered or is attempting to enter into a contract with the City of New Smyrna Beach to provide labor, supplies or services must register with and use the E-Verify system to verify the work authorization status of all employees hired after January 1, 2021. Further, the consultant must maintain certain required employment compliance records of sub consultants for the duration of the contract with the City of New Smyrna Beach.

Consultant Name: Management Advisory Group International, Inc.

Consultant E-Verify Registration Number: 7844444

The undersigned, on behalf of the consultant referenced above, after first being duly sworn, states as follows:

1. That said consultant understands that the consultant must comply with §448.095, Florida Statutes.
2. That the consultant uses the E-Verify system to verify the work eligibility status of employees.
3. That the consultant has enrolled in the E-Verify system under the registration number referenced above and will verify the work eligibility status of employees hired after January 1, 2021 through said registration number throughout the contract period of any and all contracts with the City of New Smyrna Beach.
4. That the consultant will maintain affidavits of sub consultants engaged to perform work on any and all contracts with the City of New Smyrna Beach.
5. That said consultant further understands that violation of §448.095, Florida Statutes may result in lawful termination of a contract by the City of New Smyrna Beach, subjecting the consultant to liability for additional costs incurred by the City of New Smyrna Beach as a result of the termination of the contract.

CONFLICT OF INTEREST AFFIDAVIT

State of ~~Florid~~South Carolina: City of Spartanburg

Before me, the undersigned authority, personally appeared Dr. Russell H. Campbell

who was duly sworn, deposes, and states:

1. I am the Senior Executive Advisor of Management Advisory Group International, Inc. with a local office in Columbia, SC (City & State) and principal office in Fairfax, Virginia (City & State).
2. The above named entity is submitting an Expression of Interest for the City of New Smyrna Beach project described as **RFP 08-25-HR, Compensation and Benefits Study.**
3. The Affiant has made diligent inquiry and provides the information contained in this Affidavit based upon his/her own knowledge.
4. The Affiant states that only one submittal for the above project is being submitted and that the above-named entity has no financial interest in other entities submitting proposals for the same project.
5. Neither the Affiant nor the above-named entity has directly or indirectly entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive pricing in connection with the entity's submittal for the above project. This statement restricts the discussion of pricing data until the completion of negotiations and execution of the Agreement for this project.
6. Neither the entity nor its affiliates, nor anyone associated with them, is presently suspended or otherwise ineligible from participating in contract lettings by any local, state, or federal agency.
7. Neither the entity, nor its affiliates, nor anyone associated with them have any potential conflict of interest due to any other clients, contracts, or property interests for this project.
8. I certify that no member of the entity's ownership, management, or staff has a vested interest in any aspect of or Department of City of New Smyrna Beach.
9. I certify that no member of the entity's ownership or management is presently applying for an employee position or actively seeking an elected position with City of New Smyrna Beach.
10. In the event that a conflict of interest is identified in the provision of services, I, on behalf of the above-named entity, will immediately notify City of New Smyrna Beach in writing.

CITY OF NEW SMYRNA BEACH
ACKNOWLEDGEMENT OF SMOKE FREE WORKPLACE

The City strives to improve working conditions and protect the health of employees and the general public. In accordance with the "Florida Clean Air Act" (Florida Statutes, Chapter 386), it is policy of the City to provide a healthy, comfortable, and safe environment in all respects by prohibiting use of all tobacco products in all City buildings, City properties (including rights-of-way), and in all City vehicles.

- Smoking or using a vapor-generating electronic device is prohibited in all City owned or leased buildings, including offices, hallways, waiting rooms, restroom, and break rooms.

- Smoking is not prohibited on City grounds. Those who choose to smoke must do so on their regularly scheduled breaks, or meal periods, off of City property.

All employees assigned to this contract shall acknowledge, sign and comply with the City's Non-Tobacco use policy.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.

- Or, on company letterhead, upload a statement that no potential conflicts exist.

*Response required No conflicts exist.
Please see Tab 2, Background and Experience of the Firm

VIII.H Conflict of Interest Disclosure*

PROJECT NUMBER: 08-25-HR - Compensation and Benefits Study

The award of this contract is subject to the provisions of Chapter 112, Florida Statutes. All respondents must disclose within their submittal: the name of any officer, director, or agent who is also an employee of the City of New Smyrna Beach, Florida. Furthermore, all respondents must disclose the name of any City employee who owns, directly, or indirectly, an interest of more than five percent (5%) in the respondent's firm or any of its branches.

The purpose of this disclosure statement is to give the City the information needed to identify potential conflicts of interest for screening evaluation team members and other key personnel involved in the award of this contract.

The term "conflict of interest" refers to situations in which financial or other personal considerations may adversely affect, or have the appearance of adversely affecting, an employee's professional judgment in exercising any City duty or responsibility in administration,

management, or other professional activities. The bias such conflicts could conceivable impart may inappropriately affect the goals of the City. The City must be free of the undue influence of outside interests.

The mere appearance of a conflict may be as serious and potentially damaging as an actual conflict of interest. Reports of conflicts based on appearances can undermine public trust in ways that may not be adequately restored even when the mitigating facts of a situation are brought to light. Apparent conflicts, therefore, should be disclosed and evaluated with the same vigor as actual conflicts.

☑ Please confirm No conflicts, potential or otherwise, exist.

ADDENDUM 1
RFP 08-25-HR: COMPENSATION AND BENEFTIS STUDY
JANUARY 28, 2025

TO ALL PROPOSERS:

Notice is hereby given to all Proposers that this is Addendum 1 to RFP 08-25-HR, Compensation and Benefits Study, issued January 21, 2024.

This addendum is issued to answer vendor questions, clarify, add, delete, correct and/or change the proposal documents to the extent indicated and is hereby made a part of the above noted solicitation documents. Any modifications/changes made by this addendum affect only the portions or paragraphs specifically identified herein; all remaining portions of the proposal are to remain in force. It is the responsibility of all Applicants to conform to this addendum. Please note, questions are recorded as they are received, including grammar and spelling errors.

This addendum shall be considered part of the Contract Documents for the above-mentioned solicitation as though it had been issued at the same time and incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original document, this addendum shall govern and take precedence. All other terms, conditions, and regulations will apply.

This addendum impacts all vendors interested in submitting proposals for this solicitation.

Questions/Answers:

1. **Question:** Section V. Minimum Qualifications states the proposer must have a staffed office within the State of Florida. The Archer Company has a consultant on our team based in Florida, who offices out of her home, like the majority of our team. This is not unusual in the HR consulting space these days. Will the presence of a consultant in a home-based office in Florida be sufficient to meet this requirement?

   Answer: Yes

2. **Question:** Are all job classifications to be reviewed and benchmarked as part of the study? Or will the City accept proposals where a percentage of the classifications are reviewed and benchmarked as is a common practice?

   Answer: All job classifications should be reviewed.

3. **Question:** Is the $2 Million Personal and Advertising Injury Insurance limit able to be waived? We have $1 Million Personal & Advertising but $2 Million for General Aggregate and Products/Completed Operations.?

   Answer: $1 Million personal and advertising injury insurance is acceptable.

4. **Question:** Is it acceptable for a consultant to bid on only portions of the work? For example, our firm's expertise is in compensation and not benefits, so the benefits section may be better handled by a separate firm, while our compensation process and structure may be more favorable.

   Answer: The preference is for a consultant who can bid the entire survey.

5. **Question:** Section VI.H states that the reference questionnaires are due back to CoNSB by 2/4/25; but the questionnaires state that they are due back to CoNSB by 2/20/25. Can you confirm which date is correct?
   Answer: Reference questionnaires are due back to the City prior to 5:00 pm on February 20, 2025.

ALL OTHER AREAS OF THE BID DOCUMENT REMAINS THE SAME

ADDENDUM 2
RFP 08-25-HR: COMPENSATION AND BENEFTIS STUDY
February 5, 2025

TO ALL PROPOSERS:

Notice is hereby given to all Proposers that this is Addendum 2 to RFP 08-25-HR, Compensation and Benefits Study, issued January 21, 2024. This addendum is issued to answer vendor questions, clarify, add, delete, correct and/or change the proposal documents to the extent indicated and is hereby made a part of the above noted solicitation documents. Any modifications/changes made by this addendum affect only the portions or paragraphs specifically identified herein; all remaining portions of the proposal are to remain in force. It is the responsibility of all Applicants to conform to this addendum. Please note, questions are recorded as they are received, including grammar and spelling errors.

This addendum shall be considered part of the Contract Documents for the above-mentioned solicitation as though it had been issued at the same time and incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original document, this addendum shall govern and take precedence. All other terms, conditions, and regulations will apply.

This addendum impacts all vendors interested in submitting proposals for this solicitation.

Questions/Answers:

1. **Question:** What was the date of the last study completed? Was it of the same scope as the current request? Did it include updated job descriptions?
   Answer: 2020. It was in the original scope but due to Covid it was modified and not completed.

2. **Question:** Was the study completed internally or with the assistance of an outside firm? Who was the outside firm if one was used?
   Answer: Externally by Evergreen.

3. **Question:** How many unique job titles are covered in the study?
   Answer: About 150

4. **Question:** Can you advise us on the anticipated start date of the project?
   Answer: As soon as possible after contract is awarded.

5. **Question:** When do you need to have your results for the study?
   Answer: As soon as possible after all data is gathered and analyzed. Prefer 120 days.

ALL OTHER AREAS OF THE BID DOCUMENT REMAINS THE SAME

AGREEMENT TO PROVIDE
PROFESSIONAL MANAGEMENT CONSULTING SERVICES

THIS AGREEMENT, entered into this ____ day of March 2025 (“effective date”) by and between **Management Advisory Group International, Inc**. (hereinafter called the "Consultant") and **New Smyrna Beach, Florida** (hereinafter called the "Client") (together referred to as the “parties”).

WITNESSETH:

WHEREAS, the Client is interested in obtaining professional human resource and management consulting services to assist in developing plans and programs that conform to Federal, State, and local requirements and that will be approved by their representatives; and

WHEREAS, the Consultant is staffed with personnel knowledgeable and experienced in the development of human resource and management systems.

NOW, THEREFORE, for and in consideration of the services hereinafter contained, the parties hereby agree as follows:

1. **Employment of Consultant.** The Client agrees to engage the Consultant and the Consultant hereby agrees to perform the services described in the "Scope of Services" listed below.

2. **Scope of Services.** The Consultant shall do, perform and carry out in a good and professional manner human resource and management consulting services as may be requested by the Client, and included by reference herein is the Consultant’s Proposal to the Client dated February 20, 2025, which details the proposed study timeline, work plan, and deliverables. (Exhibit “A”)

3. **Time of Performance.** The services to be performed hereunder by the Consultant shall be undertaken and completed in such sequence so as to ensure their expeditious completion and best carry out the purposes of the agreement. The project will commence within ten (10) days of notification to proceed and will be completed within a 180-day time period or as agreed to by the Consultant and the Client.

4. **Method of Payment.** Total cost of the proposed scope of services is $. Ten percent (10%) of the total agreement amount shall be held back by Client - payable to Consultant upon successful completion of the services. Twenty percent (20%) of the total agreement amount will be paid to Consultant within (7) days from the effective date of this agreement and upon Consultant providing Client an invoice for said amount. Additional payments shall be due and payable in accordance with periodic invoices based upon work performed toward delivery of final reports and products as described herein.

5. **Changes and Additional Services.** The Client may, from time to time, require changes in the "Scope of Services" of the Consultant to be performed hereunder. Such changes, which are mutually agreed upon by and between the Client and the Consultant, shall be incorporated in written amendment to this agreement. The written amendment shall identify whether said change(s) alter the total agreement amount. For services not included in the "Scope of Services", a rate of $ 200 per professional hour expended and $ 60 per clerical hour expended, plus expenses will be charged. Any expenses for work done beyond the scope of services anticipated under this agreement will be approved prior to undertaking.

6. **Services and Materials to be Furnished by the Client.** The Client shall furnish the Consultant with all available necessary information pertinent to the execution of this agreement. The Client shall cooperate with the Consultant in scheduling and carrying out the work herein.

7. **Rights to Terminate Agreement.** The terms of this agreement shall be in effect through and including December 2025. Either party shall have the right to terminate this agreement with or without cause, by giving written notice to the other party of such termination at least thirty (30) days before the effective date of such termination. Consultant shall be entitled to compensation for services rendered and expenses incurred through the effective date of termination.

8. **Indemnification.** Subject to Section 9, Limitation of Liability, set forth herein, Consultant agrees, to the fullest extent permitted by law, to indemnify and hold harmless Client for any amounts (including reasonable attorney's fees) for which the Client shall become legally obligated to pay as damages for negligent acts, errors and/or omissions of the Consultant arising out of the Consultant's performance under this agreement.

9. **Limitation of Liability.** The Client agrees that the Consultant's total aggregate of liability hereunder (whether contractual, statutory, tortious or otherwise) for damages on any one or more or all claims (regardless of the number of different or other claims, claimants or occurrences) shall not exceed the total of professional fees actually paid under this agreement. The Client further agrees that the Consultant shall not be liable to the Client for any indirect, incidental, special or consequential damages, any lost profits or any claim or demand against the Client by any other party, arising out of or in connection with the performance of services hereunder.

10. **Information and Reports.** The Consultant shall, at such time and in such form as the Client may require, furnish such periodic reports concerning the status of the project as may be requested by the Client. The Consultant shall furnish the Client, upon request, with copies of all documents and other materials prepared or developed in relation with or as a part of the services herein.

11. **Matters to be Disregarded.** The titles of the several sections, subsections, and paragraphs set forth in this agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of the provisions of this agreement.

12. **Completeness of Agreement.** This agreement and any additional or supplementary document or documents incorporated herein by specific reference contain all of the terms and conditions agreed upon by the parties hereto, and no other agreements, oral or otherwise, regarding the subject matter of this agreement or any part thereof shall have any validity or bind any of the parties hereto.

13. **Personnel.** The Consultant represents that it has, or will secure at its own expense, all personnel required in performing the services under this agreement. Such personnel shall not be employees of or have any contractual relationship with the Client. All of the personnel engaged in the services herein shall be fully qualified to perform such services.

14. **Signatures**. The Parties, may execute this agreement in counterparts. Each executed counterpart shall be deemed an original and all of them, together, shall constitute one and the same agreement.

15. **Notices**. Any notices, bills, invoices, or reports required by this agreement shall be sufficient if sent by the parties hereto in the United States mail, postage paid, to the address noted below.

As to Client:	As to Consultant: Management Advisory Group International, Inc. 12730 Fair Lakes Circle, Suite 600 Fairfax, VA 22033

[Signature page and exhibits to follow]

IN WITNESS WHEREOF, All of the above occurred as of the date first written below; this agreement shall be binding on Consultant beginning on the date it is accepted and executed by Client.

RFP 08-25-HR: Compensation and Benefits Study

March 7, 2025

The above-mentioned RFP was advertised on January 21, 2025. In response to the advertisement, five (5) proposals were received. A committee consisting of three (3) city employees independently evaluated the submittals based on information provided. During the public evaluation meeting on March 11, 2025, the committee openly discussed the proposals. The scores for references and fees were not included as staff was unable to validate the references and the fee proposals were unclear. The combined scores without these two areas are provided below.

Firm	Initial Scores	Rank
Evergreen, LLC	65.00	1
Management Advisory Group International, Inc.	58.33	2
RSC Insurance Brokerage, DBA Risk Strategies	58.00	3
Gallagher Benefit Services, LLC	57.67	4
MGT Impact Solutions, LLC	56.33	5

Due to the natural break in the scores, it was a consensus of the evaluation committee that the top four (4) firms be invited to present to the Committee. The scores from the initial proposal evaluation does not carry forward to the presentations. Oral presentations provide an opportunity for the proposers to clarify the information provided in their submittal, including fees. Results of the references will also be discussed. The final scores will include scores for fees and references.

Oral Presentations are scheduled for March 11, 2025:

Management Advisory Group International, Inc.	2:00 PM - 2:30 PM
Evergreen, LLC	2:45 PM - 3:15 PM
Risk Strategies/Gehring Group	3:30 PM - 4:00 PM
Gallagher Benefit Services, LLC	4:15 PM - 4:45 PM

Evaluation to follow the last presentation

March 11, 2025 @ 5:00 PM

PROJECT APPROACH

STEP ①

PROJECT INITIATION

- Introduce team members
- Finalize project planning
- Finalize work plan
- Establish communication schedule
- Collect data

STEP ②

OUTREACH & EMPLOYEE PARTICIPATION

- Conduct employee orientation sessions
- Conduct focus groups
- Interview department heads
- Administer JATs and MITs Perform job analysis
- Make FLSA determinations
- Analyze results

PROJECT APPROACH

STEP ③

JOB CLASSIFICATION ANALYSIS

- Review work performed by classifications
- Develop classification structure based on JAT scores
- Evaluate and build projected classification plan
- Develop internal job classification hierarchies
- Validate internal equity
- Make FLSA determinations

STEP ④

CONDUCT MARKET & BENEFITS SALARY SURVEY

- Identify the 100 benchmark positions and 20 peer organizations
- Conduct a labor market salary survey
- Conduct a benefits survey
- Collect and analyze market salary & benefits data
- Prepare draft summary of the City's market position

PROJECT APPROACH

STEP ⑤

SOLUTION ANALYSIS & DEVELOPMENT

- Conduct compensation analysis
- Develop new/revised pay grades and ranges
- Slot classifications into pay plans
- Conduct solution analysis

STEP ⑥

FINALIZE PROJECT

- Develop draft/final reports
- Present final report to the City Commission
- Develop a communication plan
- Develop recommendations for the continued administration of plans
- Update job descriptions
- Provide training

PROJECT TIMELINE

Evergreen Solutions possesses the staff, skills, and tools to conduct the Compensation and Benefits Study for the City of New Smyrna Beach in approximately...

4.5 MONTHS
from the execution of a contract.

(Our timeline can be modified in any way to best meet the City's needs)

PROJECT TEAM

Dr. Jeff Ling - President of Evergreen and the Director of the firm's human resource practice.

Certified Compensation Professional with more than 25 years HR consulting experience.

Co-founded Evergreen in 2004.

Mr. Mark Holcombe – Project Manager with more than 10 years of management and consulting experience. A certified Project Management Professional (PMP) and a SHRM Senior Certified Professional (SHRM-SCP).

Has directed more than 150 local gov't HR projects with Evergreen.

Mr. Rob Williamson – Project Manager with more than 20 years of proven leadership in the private and public sector.

Has been a business owner, CEO of a mid-sized water/wastewater treatment utility, County Commissioner, and Manager of the Florida Association of Counties' 23-county insurance trust.

PROJECT TEAM

Mr. Karl Fuchs – Senior Consultant with over 25 years of public sector experience, specializing in human resources, organizational design, and performance management. Former local government HR Director.

Has a Juris Master in Employment Law and HR Risk Management from FSU, College of Law.

Mr. Peter Backhaus - Senior Consultant who specializes in salary benchmarking, pay plan design, and public safety markets.

Has a Bachelor's of Science in Economics with Minors in Sociology and Communication.

Ms. Tara Tabachnik - Consultant who began her career with Evergreen as a Junior Analyst and has since developed exceptional skills and knowledge in Human Resources consulting that she applies in her current role.

She has taken the lead role in collecting and analyzing salary/benefits survey data.

WHAT SETS US APART?

Unparalleled experience in conducting compensation and benefits studies for local governments throughout the country

Nationally recognized knowledge of and experience with local government operations

An experienced collaborative and professional team

WHAT SETS US APART?

Real world methodology that is industry standard.

Tested tools for knowledge transfer.

Janet Vivian, Purchasing Agent
City of New Smyrna Beach
210 Sams Avenue
New Smyrna Beach, Florida 32168

Dear Ms. Vivian:

Evergreen Solutions, LLC is pleased to submit this letter proposal to clarify our fee to conduct the Compensation and Classification Study for the City of New Smyrna Beach. Our total, not-to-exceed, fixed fee to complete all tasks identified in our detailed work plan in **Section 4** of our proposal is **$35,500**. Any work outside of the scope of work would be billed at $150 per hour or would be negotiated with the City depending on the type of work being requested.

We would love the opportunity to again work with the City of New Smyrna Beach. If you have any questions, please feel free to contact me at (850) 383-0111, or via email at jeff@consultevergreen.com.

Sincerely,

Jeffrey Ling, PhD, President

Practice Overview & Proposal Discussion

Gallagher Benefit Services
Talent: Compensation & Rewards
Public Sector & Higher Education Practice

Proposal Overview

The ability to deliver comprehensively structured human capital solutions to clients is Gallagher's signature in the marketplace. At Gallagher, we want to know what makes your organization unique. We listen intently to learn about your culture and priorities, and delve deeply into all the details that matter when balancing human capital needs with your bottom line. This single-minded focus on excellence — characterized by innovation and creativity — is the driving force behind every Gallagher engagement.

Timeline:
Up to 5 months

Scope:
Compensation Benchmarking & Analysis, Classification Review & Framework Development, Pay Structure Development, Implementation Costing & Analysis

Our approach is designed to provide the most value to **the City of New Smyrna Beach** through analysis, data provision, understanding of the organization, and providing resources to support decision-making, *including, but not limited to*:

- Job Documentation Review
- Internal Equity Review & Compression Analysis
- Market Comparison & Salary Structure Development
- Implementation Analysis & Costing
- Job Evaluation
- Custom Surveys & NBS Data Review (as appropriate)
- HR Staff Training
- Final Report & Presentation

Practice Background

Gallagher's Public Sector and Higher Education practice is committed to serving and partnering with organizations in the public space, providing insights based on national and international experience for nearly 40 years, with practice members having served as practitioners, internal consultants, leadership, and in executive roles in organizations of all sizes across the sectors we serve.

Office locations are **NATIONWIDE**

In-depth understanding of **PUBLIC SECTOR** environments

Documented experience with **FLORIDA** organizations

Practical and realistic solutions for people strategies and HR issues, *including, but not limited to*:

- Compensation Benchmarking & Structure Development
- Classification & Career Framework Design
- Executive Comp & Assessment
- Strategic Planning
- Performance Management
- Succession Planning
- Org Effectiveness & Design
- Job Evaluation
- Pay Equity
- Span of Control

Gallagher

Our Approach

Clarify Scope & Data Discovery

Ongoing Status Meetings

Document Project Details

Outlining & QA

Ongoing Communication

Gallagher

Our Approach

Follow the Federal Trade Commission and the U.S. Department of Labor guidelines as applicable

Follow guidelines for job matching

(i.e., significant matches)

Follow professionally accepted guidelines for defining labor markets

Published sources utilized must meet specific criteria (reputable, not self-reported, conducted on a continual basis, etc.)

Use trend factors from either the U.S. Department of Labor data or WorldatWork surveys

ERI, a third party resource, is used to identify geographic differentials

Benchmarking
(non-unique, comparable, representative of the employee population/functional areas/levels, highly populated, hard-to-recruit)

Methodology: Applications of Comp Philosophy

Methodology: Leveraging Surveys

We aim to compile current, accurate data on competitive pay levels in your labor market. To achieve this, we use published surveys and custom surveys. For the City of New Smyrna Beach, the custom survey would also tap into benefits information for benchmarking purposes.

PUBLISHED SURVEYS

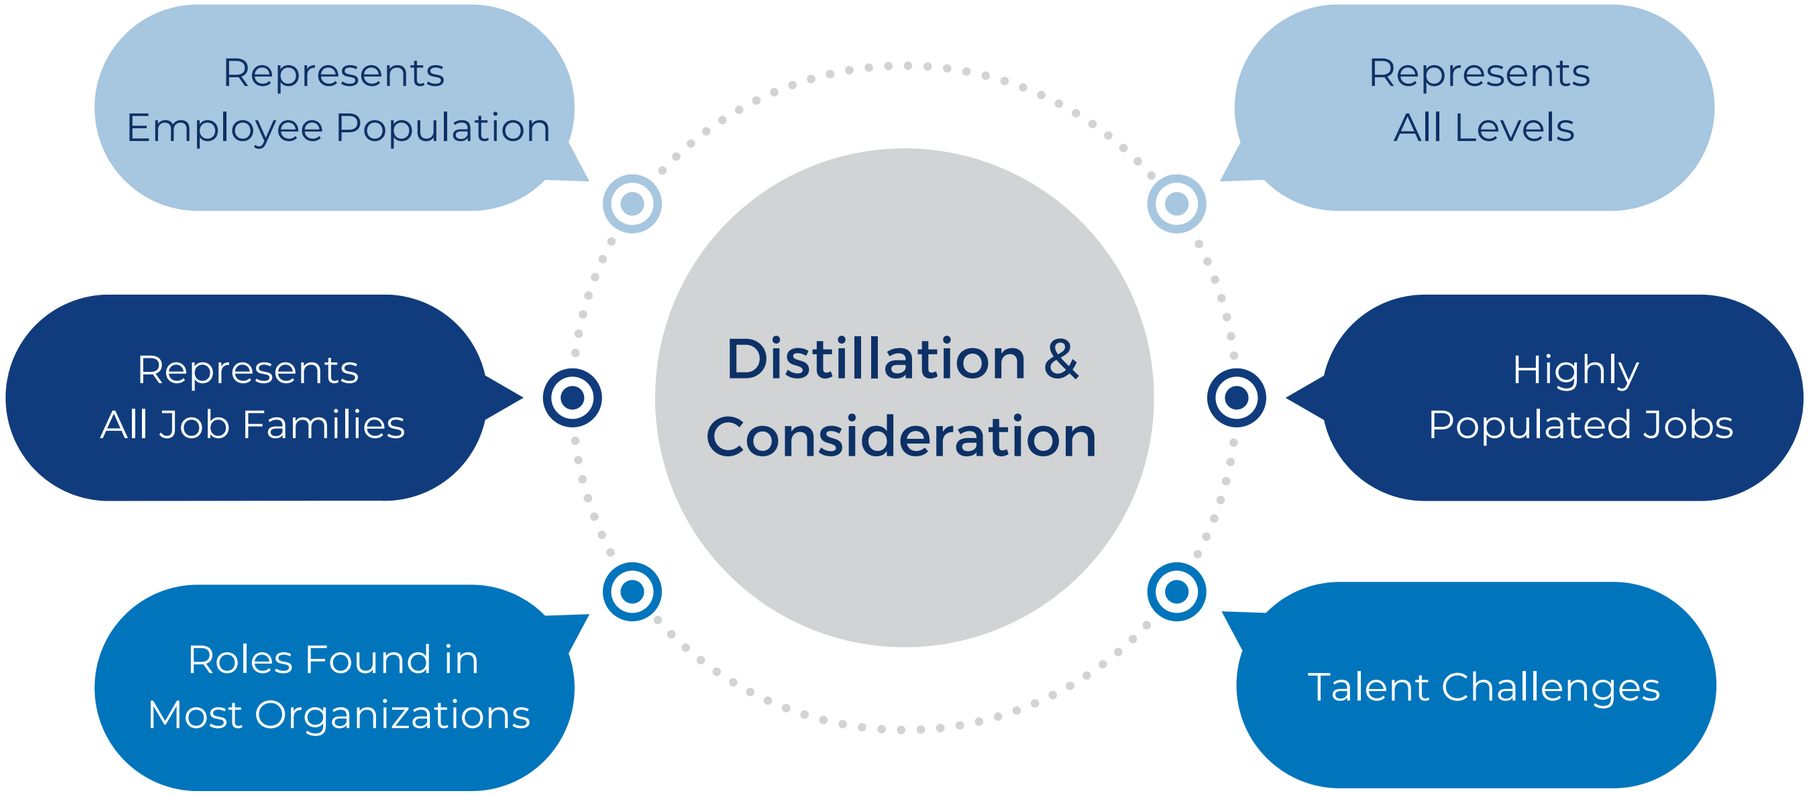
Comprehensive compilation of salary and salary range data, utilizing multiple sources of survey data from legitimate sources.

- We maintain a large library of published and electronic surveys.
- Job-by-job data analysis is specific to location, organizational size, and industry.
- Trend research is also available.

CUSTOM SURVEYS

Specialized, focused surveys of specified organizations in a particular industry and/or location, usually to obtain pay data on industry-specific or rarely surveyed jobs.

- May also include pay practices research.
- Will include benefits questions.



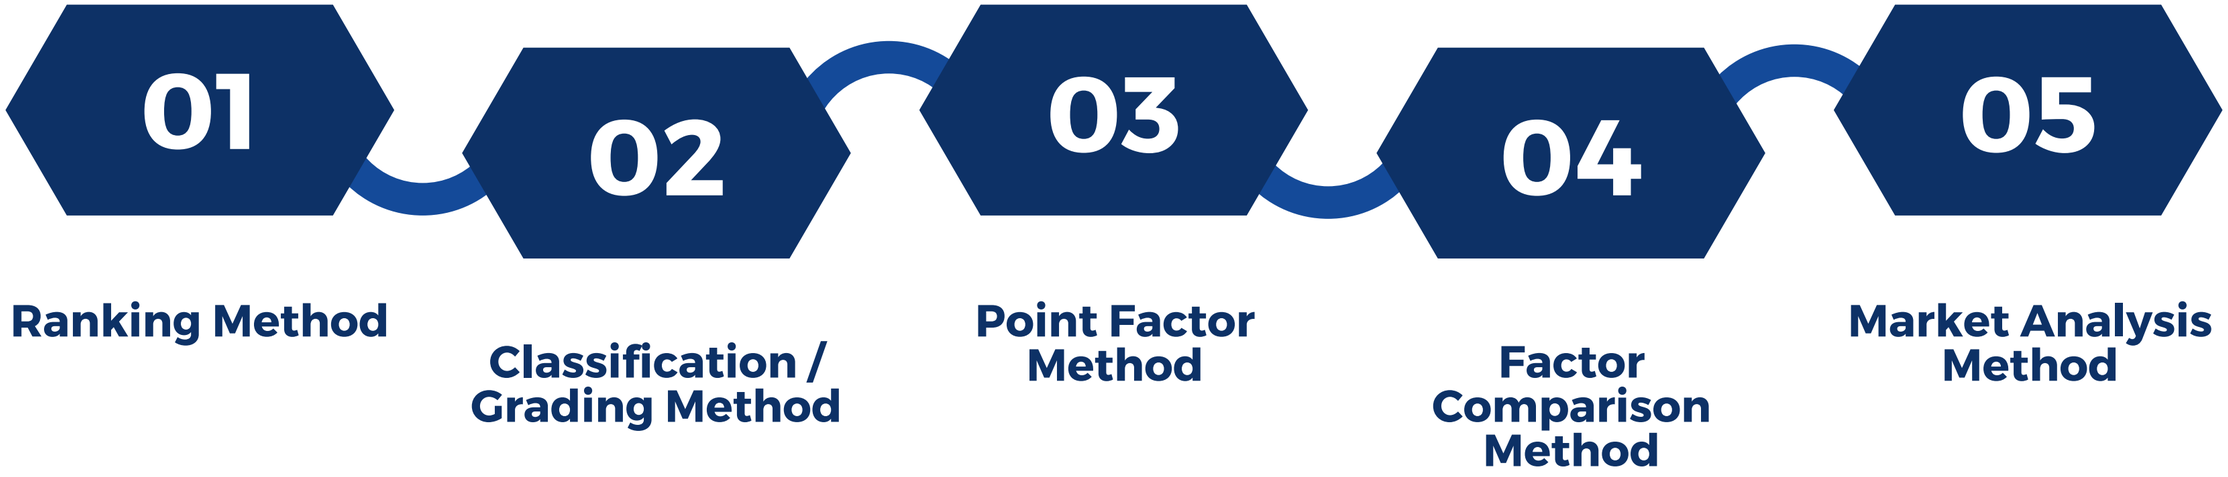
Note: Gallagher conducts the nation's largest benefits benchmarking survey, the NBS.
This data will be used to supplement benefits data collected during the custom survey for additional benchmarking.

Methodology: Peer Group/Labor Markets

Type of Organization (e.g. Public vs. Private)	Size of Organization	Geographic Location
Breadth & Type of Services	Aspirational Organizations	Organizations to who talent is recruited from / lost

Other Key Factors identified

Methodology: Benchmark Selection



Methodology: Collecting Job Data

Based on our understanding of your goals for this project, we recognize the need for multiple methods of collecting job information.

With the objective of collecting information for **all positions**, varied approaches are recommended to achieve the project timeline.

- Interviews
- Occupational panels
- Review of job descriptions

Methodology: Five Approaches to Job Evaluation

Methodology: Guiding Principles to Job Evals

Principle #1

Internally Sustainable & Maintainable

Principle #2

Easily Communicated

Principle #3

Defensible

Collection & Treatment of Data

Gallagher will perform the following steps on collected data…

Data Security: All information between Gallagher and our client partners is done via a secure file-sharing tool that is designed to protect PHI/PII and other personnel details.

Data Review: Review job matches based on descriptions, perform statistical outlier analysis.

Data Aging: Data collected will be adjusted to implementation date based on budget trend reports.

Geo Adjustments: All data will be adjusted geographically to reflect the “cost of labor” for the local area as calculated by the Economic Research Institute (ERI), as appropriate.

Deliverables

Employee & Stakeholder Communications: Facilitated project overview discussions

Compensation Philosophy: Refreshed or clarified organizational approach to market, pay, and associated factors

Benchmark Summary: Data set of market information by role level and person level, to include implementation costing. Custom survey data on compensation and benefits

Salary Structure: Updated salary structure based on data and organizational feedback

Classification Review, Structure Development & Job Evaluations: Confirm evaluation approach and evaluate benchmark roles. Conduct interviews, occupational panels, and other job data gathering methods to understand all positions

Tools and Resources: Training to key stakeholders

Presentation & Report: Develop stakeholder presentation and final written report(s)

MANAGEMENT ADVISORY GROUP INTERNATIONAL, INC
PREPARING FOR TOMORROW, TODAY...

MAG Experience for Success

- The Principals of MAG International, Inc. have a proven track record in providing in-depth management and human resource consulting services for over 25 years in more than 40 states.

- Our clients include cities and counties, state agencies, municipal utilities, special taxing districts, special purpose agencies, school districts, tribal nations and numerous other types of governmental organizations nationally.

- MAG has completed over 133 studies for Florida clients in recent years. A partial list of MAG clients is provided under separate email.

- MAG principals have completed over 600 similar studies in local government organization ranging from Michigan to Florida and west to Texas and in all states in between.

Facilitators for Success

- **Dr. Russell Campbell**, **Senior Vice President**– more than 20 years of public sector experience in human resource management, organizational development, and strategic planning. Served as HR Director for a South Carolina community and State-wide Director for two national consulting firms and has directed hundreds of studies in the areas of management and operational reviews as well as compensation and classification.

- **Steve Foster, Senior Consultant –** a retired military veteran who brings years of detailed project management skills to public sector projects. Extensive experience in market and benefits analysis as well as with on-site support. Mr. Foster maintains an active and extensive data base of benefits and supplements provided to local government agencies, special districts and schools.

- **Dr. Donald Long, Ph.D. President,** founding partner, with extensive experience in classification and compensation. Over 250 compensation and management studies completed for public sector agencies. Served as an Assistant City Manager for a Florida community and taught HR and finance at Master's level for years as a professor at Florida Atlantic University.

- **Trista Coyne, Senior Consultant** – has over 20 years of experience in both private sector and public sector serving as the Director of Human resources for a large technology company. She has created compensation structures, led work efforts in training and development, and applies extensive knowledge of recruitment, retention, and employee engagement strategies. She has contributed to many successful MAG projects.

u

Facilitators for Success

- **Deirdre Kyle, Senior Consultant –** brings 20 plus years of public and private sector operational management and has worked on MAG projects since 1998. She leads MAG's efforts in data analysis and job/class description preparation. **Ms. Kyle's offices are in Wellington, Florida.**

- **Carolyn Long**, Executive Vice President, CPC, founding partner – hundreds of pay equity, compensation philosophy and policy development studies for cities, counties, boards and authorities. Served as Assistant to the City Manager/HR Manager for local Florida community prior to joining FAU as Director of Government of Career Development Programs. Ms. Long is recognized by Federal District Court as an expert witness in compensation, classification and pay equity. Served as project director for more than 300 HR management studies.

- **Tracy O'Shields, M.S., Administrative Services Director** – with 25 years of business experience, she has provided administrative, marketing, and market/benefits survey work on scores of MAG projects.

- **Rita Haugabrook, M.A., PHR, SHRM- CP, Senior Advisor –** brings over 20 years of experience in HR consulting including state, city and municipalities. Comprehensive Management, Performance, Efficiency Reviews, Organizational Assessments, Human Resources Reviews, Operational and Equity Audits and Strategic Planning. Ms. Haugabrook has recognized experience in benefits comparison as well as compensation plan structure analysis. She has a Master's Degree from Florida State University and an **office located in Tampa metro area.**

Project Scope – Compensation

- Review all job titles (market survey for approximately 150 job class titles with approximately 323 full-time employees; the City has two unions which represent 35% of the work force).
- Provide an opportunity for all employees to complete a web-based Job Profile Questionnaire (JPQ)
- Review current classification grading methodology, internal hierarchy and grade placements of all job titles.
- Ensure benefits are at a competitive level.
- Review pay structures for external competitiveness and pay for internal equity
- Update class descriptions.

Project Scope – Compensation...Cont.

- Analyze current compensation and benefit structures. Conduct market survey to gather data on compensation from peers and competitors on compensation & benefits. Benchmark 150 job titles as a foundation to understand compensation structure, internal relationships and job leveling.

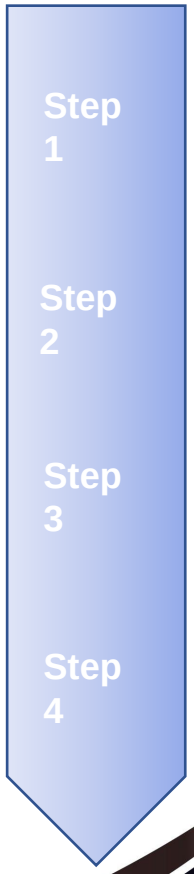
- Analyze current classifications for identification of potential issues such as compression, inversions, salary growth, internal/external equity.

- Evaluate the current pay grade/step plan and provide an assessment and recommendations for improvement (structure);

Project Scope – Compensation...Cont.

- Recommend implementation strategies, including calculating the cost of implementing the plan.
- Propose strategies to help position the City compensation structure to remain competitive over time.
- Provide a tool for updating and maintaining job specifications, compensation and benefits regularly with a focus on reacting to market changes and equity adjustments.
- Recognize the unique position and challenges of a full-service City serving a growing and active waterfront community of 35,000.

Steps to Success - Timeline



MAG will work with New Smyrna Beach to establish a time-line that will be compatible with the budget cycle and general City needs. The Steps listed below are not always consecutive and some will overlap.

Step 1 - **Project Initiation** – Meet with HR staff and top management to finalize goals, objectives and timeline. Gather employee and organizational data needed for project

Step 2 – **Employee Communication** – Conduct employee information/orientation meetings to communicate process.

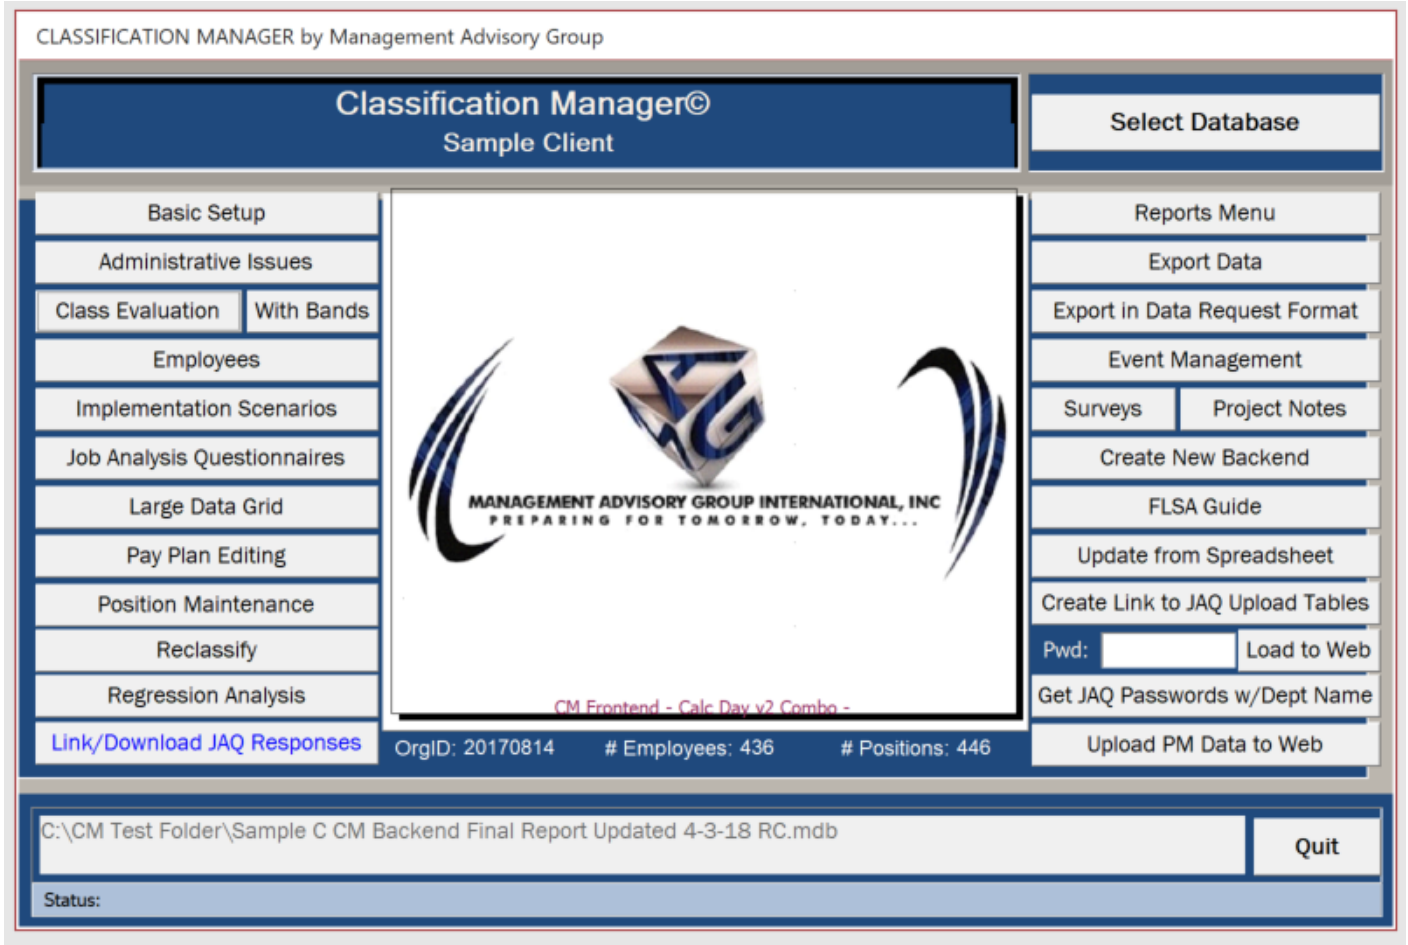
Step 3 – **Classification Plan Review/Development** – Review/analyze the City's current classification and compensation system and evaluate in relation to job information gathered from current job descriptions. Recommend updated classification structure based on objective job profiles created from SME input, thus ensuring equitable internal relationships

Step 4 – **Market Salary Survey** – Collaborate with HR to identify relevant labor market peer and competitor organizations and survey benchmark class titles. Analyze/evaluate survey results and/or published data to facilitate developing a compensation structure that ensures a competitive status in the local market.

Steps to Success

Step 5 – Develop Proposed Compensation & Classification Plan – Integrate the results of Steps 3 and 4 to create a classification/compensation structure that maximizes equitable internal relationships and facilitates establishing and maintaining the Town's ability to attract and retain highly skilled employees; establishes job placement based in direct input from employees, immediate supervisors and departmental leadership

Step 6 – Preliminary Analysis Results/Recommendations – Submit preliminary analysis results/recommendations to HR for technical review. Review results with project team, and Leadership to identify issues and obtain pertinent information not available through the JAQ and market survey processes; prepare up to date descriptions



Step 7 – Presentation of Final Results/Recommendations – Present analysis results/recommendations for an updated classification/compensation structure ensuring equitable internal relationships and market competitiveness to governing body for adoption/implementation. Transfer of training material and capacity building within the City for appropriate staff.

Timeline for Success

Sample	Project Phases and Timeline					
Phase Name	**Mar**	**April**	**May**	**June**	**July**	**Aug**

ACCOUNTANT II

Descrip This is the second level job in a series of four. This is professional accounting and supervisory work in directing or coordinating major accounting or fiscal operations. Employees in this class are responsible for assigned phases of accounting work and for supervising subordinate accounting and clerical personnel in this activity. Work frequently includes development of accounting procedures and techniques designed to meet the specialized need of the department. Employees in this class are expected to exercise independent professional judgment in solving most problems that arise within their assigned work areas. Work is reviewed through periodic audits of records, statements, and reports, and by general observation of the activities of the unit for which the employees are responsible.

Quals Graduation from an accredited four-year college or university with major course work in accounting; experience in governmental accounting work; or any equivalent combination of relevant training and experience.

New Smyrna Beach
Compensation & Benefits Study
RFP # 08-25-HR

Presented by:
John Muller, SPHR, SHRM-SCP
Kristen Biazar, IPMA-CP, CLRP

March 11, 2025

Governmental Compensation Experience

- **Public sector is industry specialty** which will allow the city to leverage our extensive knowledge and understanding of your unique needs. Gehring Group's proposed team has extensive prior human resources experience working directly for the public sector at the local city government, sheriffs' office, and county constitutional levels; therefore, our team understands your environment and culture. In addition, our team has an existing relationships with several public entities as their benefits broker.

- **Extensive hands-on knowledge of public sector employment practices.** The team dedicated to this project has conducted comprehensive compensation and benefits studies as human resources professionals working directly for public sector entities. This includes FLSA wage and hour position compliance, developing job descriptions and career pathing, creating competitive step plans, gender equity audit, addressing internal equity, and policy development relating to hiring, promotions, demotions, transfers etc.

Our Team

- John Muller, SPHR, SHRM-CP – Sr. Director, Human Capital Advisory Services
  - Engagement Manager
- Kristen Biazar, MPA, IPMA-CP, CLRP – Senior HR & Risk Services Consultant
  - Lead Consultant
- Additional Support
  - Tenured group of analysts with specific experience in developing and analyzing public sector compensation, classification, and all aspects of employee benefits programs.

Overview of Project Scope

- Overall goal is to present recommendations for a compensation structure that best fits the needs of the City.
- Recommendations to include:
  - Evaluate and validate current pay structure after agreeing on pay philosophy
  - Benchmark positions against at least 12-15 entities
  - Ensure job families and positions are competitive in regional market and suggest adjustments to structure
  - Offer trends and methodologies in compensation best practices
  - Provide multiple cost option scenarios

Project Timeline

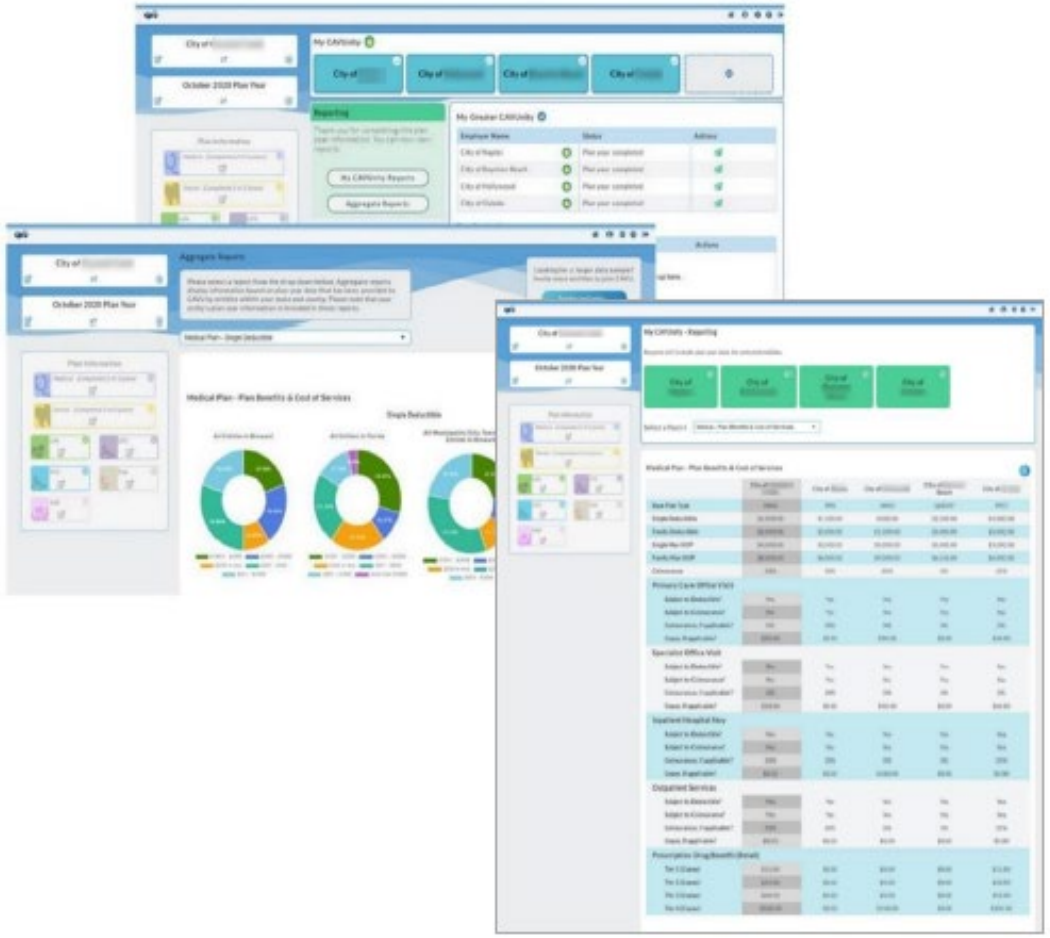
Methodology

- **Project Planning**
  - Discuss scope of project, milestones, and deliverables
  - Discuss business goals, objectives, and organizational needs
  - Discuss budget available for suggested adjustment for the compensation and classification study
  - Discuss and review peer agencies used in the study
  - Review Gehring Group's method of data collection
  - Discuss communication strategies for project commencement, regular updates, and final completion
- **Review Current Program**
  - Discuss data on current pay program requested
    - Pay Grades
    - Job Classifications
    - Pay Increase History
    - Compression
  - Review pay policy documents

Methodology

- **Leadership/Management Discovery**
  - Pay challenges, strengths, and weaknesses
  - Talent pool considerations/obstacles
  - Competitors in job market
- **Job/Organization Audit**
  - Job Description and classification analysis
    - Job Assessment Tool
    - Confirm correct roles and responsibilities
    - Identify staffing gaps and future staffing needs
    - Develop a plan to address staffing needs going forward and implementation strategy
  - Review, revise, and develop job descriptions as needed
  - Ensure compliance (ADA)
  - Perform FLSA testing

Methodology



- **Conduct Market Study**
  - Finding one data source that meets all your organizations' needs is rare
  - Multiple sources to ensure the market data is accurate are used
  - Collect benefits data from comparable agencies
- **Analyze Data**
  - Based on initial meetings with staff, we will match the City compensation philosophy to regional market data
  - Data will be analyzed from various perspectives to ensure valid end results which enable us to provide multiple recommendations
- **Review findings with City Staff**
  - Review market data draft proposal
  - Define the market position in relation to base pay
  - Clarify anomalies and/or outliers
  - Discuss compression and solutions

Methodology

RSC Insurance Brokerage, Inc. d/b/a Risk Strategies Company

Background and Experience of the Firm | Points Based | 25 Points (25%)
Evaluator 1: 25
30+ years experience 140 similar projects in Florida
Evaluator 2: 22
30 years in FL, and vast public sector experience and work.
Evaluator 3: 19
Gehring Group acquired by RSC; public sector specialty; 30+ years; lots of HR experience

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)
Evaluator 1: 20
5,000 employees. Team members have 20 years of experience in for municipalities in Florida
Evaluator 2: 18
13-14 weeks and want to work with team closely, start with benchmark data and then build out from there.

Evaluator 3: 18

2 main contacts with HR experience; analysts work in background

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)

Evaluator 1: 20

impressive presentation "does not rely on surveys or other studies". Has the capability to consider employees that have been reclassified recently even though they have been with the City 5+ years.

Evaluator 2: 15

Provide software and will use comps from the local area, approximately 10-15 and will work towards finding local jobs that match our descriptions.

Evaluator 3: 19

enhance or help us overhaul compensation philosophy; benchmark 12 - 15 entities and all positions; looks at total compensation; create pay bands and how to move through those; compression and internal equity; proprietary benchmarking tool

INDIVIDUAL PROPOSAL SCORES

Evergreen Solutions, LLC

Background and Experience of the Firm | Points Based | 25 Points (25%)

Evaluator 1: 25

established 2004, 1,400 studies, 200+ in FL listed a long list of municipal work.

Evaluator 2: 25

Nationwide experience, local government work, multi classification

Evaluator 3: 25

over 200 studies in Florida, specializes in public sector; does not use "one size fits all" approach; knowledge of Florida statutes; multiple municipalities have used them repeatedly.

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)

Evaluator 1: 20

Dr. Ling established 2004, 25 years more than 1,400 public sector projects; Mark Holcombe 10 years, Rob Williamson 20 years, Kark Fuchs 25 years....all with extensive experience with conducting these types of studies for municipalities of all sizes in Florida and beyond.

Evaluator 2: 20

Each member brings exp. and diverse set of skills

Evaluator 3: 20

clearly defined roles and responsibilities for the proposer and city; project consultants work with city directly but layers of management to oversee project; all project managers have long term work in classification, benefit and compensation studies; Senior Consultant was an HR Director for a municipality

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)

Evaluator 1: 20

Evergreen "understands that there is not a one size fits all solution" Evergreen's Job Assessment Tool (copyrighted) and Best Practices Job Force Manager. Lots of interaction with the firm and city employees and project manager. Office located in Orlando FL. Provides maintenance tools to implement, manage and update the solutions. Increases the fairness and transparency of regular compensation and classifications tasks after solution is implemented for sustainability into the future.

Evaluator 2: 20

Timeline meets goals, detailed example, good technical tools

Evaluator 3: 20

focus on market competitiveness; laid out deliverables and the timeline very specifically to follow a specific plan so no confusion in the process; seeks direct input from employees, supervisors, managers, department heads; final product also helps make a plan how

employees can move through a pay plan, not stay stagnant; plan and tools to help city know how and when to adjust the pay plan after the study is completed; compensation tied to strategic goals; looks at overall compensation package

Fee Proposal | Points Based | 20 Points (20%)
Evaluator 1: 0
$35,000

Evaluator 3: 0
no comment at this time

Gallagher Benefit Services, Inc.

Background and Experience of the Firm | Points Based | 25 Points (25%)
Evaluator 1: 20
20 years, mostly in private sectors, higher learning, not-for-profit, pharmaceuticals, financial services, did not list many municipal experience, non in Florida
Evaluator 2: 25

Global presence, public sector experience with local govt.

Evaluator 3: 22

lots of experience, huge company; one of largest human capital, insurance, risk; operate in 33 countries; lots of public sector and higher learning consulting; 500+ surveys in 10 years but didn't highlight any in FLorida; how personal will they be?

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)

Evaluator 1: 17

Great experience in time, mostly listed higher education experience, businesses, pharmaceuticals, financial services, did not list many municipal

Evaluator 2: 20

Decades of experience and a team to support.

Evaluator 3: 18

lots of experience in team in all aspects of HR which helps understanding; huge group of people on team but who will be our reps; will this be less personal

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)

Evaluator 1: 15

Approach did not appear to be tailored to municipal functionality. Seemed to be a market study, more than a personal touch to understand what employees do in their roles and understand specifically how our City operates

Evaluator 2: 18

Less detail on how they will get the work done, but with enough experience to feel comfortable with them.

Evaluator 3: 18

very specific plan using their C.A.R.E.S. model; phased work plan with specific measurables; timeline in order and meets our deadlines; virtual meetings only

Fee Proposal | Points Based | 20 Points (20%)

Evaluator 1: 0

$59,825 plus on site visits are additional charges

Evaluator 2: 0

n/a

Evaluator 3: 0

flat fee and extra fees if onsite meetings

References | Points Based | 15 Points (15%)

Evaluator 1: 0

Reference form not received yet. Purchasing to Follow Up

Evaluator 2: 0

n/a

Evaluator 3: 0

no comment at this time

Management Advisory Group International, Inc.

Background and Experience of the Firm | Points Based | 25 Points (25%)

Evaluator 1: 22

25 years experience in, referenced 600 other studies including municipalities, some in Florida

Evaluator 2: 25

Nationwide exp for 25 years, and has over 600 surveys of local govt.

Evaluator 3: 25

completed surveys for lots of Volusia cities; full service HR consulting; 600+ surveys in 25 years; biweekly verbal check in and monthly reports 4 month time frame

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)

Evaluator 1: 18

10 employees, Dr. Campbell 25 years experience, Ms. Kyle 20 years, Rita Haughabrook 20 years, etc.

Evaluator 2: 20

Experience equal to the task.

Evaluator 3: 15

40 states and 25 years experience; 2 current clients in FL, no local right now; survey examples from Deerfield Beach, Delray, and Sanford; not as much HR experience in the staff

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)

Evaluator 1: 10

Proprietary Market Manager database and the survey does not take account for an employee's length of employment, only the latest job title, also it does not take into consideration employees that may have more than one job title and job description. In Edgewater, employees had difficulty with the survey and needed assistance; and when the final report was finalized, it was confusing, there were some employees that did not receive an adjustment in their compensation because they had just recently been reclassified by job title, not compensation and those employees were disgruntled, and the result was a loss of morale among those employees and departments.

Evaluator 2: 20

Detailed approach with a timeline that meets our expectations.

Evaluator 3: 20

benchmark positions only; propietary software; laid out a complete plan and timeline; includes training for continuing the pay plan after they're done

Fee Proposal | Points Based | 20 Points (20%)

Evaluator 1: 0

$36,750 plus $200 per hour for ad hoc services

Evaluator 2: 0

n/a

Evaluator 3: 0

flat fee with no additional costs

MGT Impact Solutions, LLC

Background and Experience of the Firm | Points Based | 25 Points (25%)

Evaluator 1: 25

50 years of experience, mentioned 30,000 projects

Evaluator 2: 25

Local experience with city govt, but also a nationwide presence.

Evaluator 3: 15

discussed more about the scope of the project than the background of the firm; 30,000 projects, 350 equity studies; many in Florida

Skills and Credentials of the Designated Project Team | Points Based | 20 Points (20%)

Evaluator 1: 19

900 employees impressive ICMA experience, and the Prosci Change Manager Practitioner certifications of the project team

Evaluator 2: 20

Vast and relevant experience.

Evaluator 3: 18

50+ years of experience; defined the members of the team and their roles, provided resumes

Scope Approach, Anticipated Timeframe, and Technological Resources | Points Based | 20 Points (20%)

Evaluator 1: 13

Examples provided were redacted so it was difficult to score

Evaluator 2: 15

Looks good on the surface but with information redacted it did not have the same level of confidence as others.

Evaluator 3: 19

biweekly verbal check ins; detailed plan with specific tasks/timeline; on call consultation for 3 months after implementation; gave a benefits example

Fee Proposal | Points Based | 20 Points (20%)

Evaluator 1: 0

$183,964

Evaluator 2: 0

n/a

Evaluator 3: 0

seems extraordinarily high

RFP 08-25-HR
Compensation and Benefits Study
Reference Points

	Highest Score Received	Total Reference score	% for highest	Multiplier	POINTS AWARDED
Evergreen Solutions	75.00	68.50	91%	15.00	13.70
Gallagher Benefit Services	75.00	25.00	33%	15.00	5.00
Management Advisory Group International	75.00	50.00	67%	15.00	10.00
RSC Insurance Brokerage Inc.	75.00	65.00	87%	15.00	13.00

Notes:

- References contribute a possible 15 point maximum to the overall score for each firm. Each firm was required to provide three references.
- Each reference could receive a possible 25 maximum points for a total maximum score of 75 for each firm.
- Each firm provided a list of references, however, written reference responses were only received from Evergreen Solutions and RSC Insurance Brokerage. Written response forms are attached.
- Questionnaires were not received for Gallagher Benefit Services and Management Advisory Group. Reference responses were taken over the phone and comments and scores are provided below.:
    - **Gallagher Benefits Services:** One reference received. Reference provided an overall score of 25 points. Firm received 10 points total. Comments include:
        - City of Gillette WY.: Implemented pay bands in 2023. Helped to create compensation philosophy, updated evaluations and performance management system, created pay bands and grades through market analysis.
    - **Management Advisory Group International:** Two references received. Each reference provided an overall score of 25 points each, 50 total. Firm received 10 points total. Comments include:
        - City of Delray Beach: Services in March 2022. Market study, revised scales from start to end, did not update job descriptions. Very good results, exactly what they asked for.
        - County of Galveston Texas: Services included salary analysis, benefits, market analysis, compression, job analysis, salary grade and range. Study completed for 2 districts. 13 years since last study. Resulted in 6.2 million increase in budget. They were easy to work with.

PROFESSIONAL SERVICES AGREEMENT
CONSULTING SERVICES FOR COMPENSATION AND BENEFITS STUDY

THIS AGREEMENT is made and entered into this 8th day of April 2025, by and between **Evergreen Solutions, LLC** duly authorized to conduct business in the State of Florida and whose address is 2528 Barrington Circle, Unit #201, Tallahassee, FL 32308 hereinafter, called "CONSULTANT," and the **CITY OF NEW SMYRNA BEACH**, a political subdivision of the State of Florida, whose address is 210 Sams Ave., New Smyrna Beach, FL, hereinafter called "CITY."

SECTION 1. AGREEMENT. The terms of this Agreement, together with the incorporation of the terms and conditions of the **RFP 08-25-HR, Compensation and Benefits Study, FOR THE CITY OF NEW SMYRNA BEACH** and any exhibits, schedules, and attachments hereto, and any and all amendments relating to same, and any and all submittals from CONSULTANT, constitute the entire Agreement between the CITY and CONSULTANT. This Agreement is the final, complete and exclusive expression of the terms and conditions of the parties' Agreement. Any and all prior agreements, representations, negotiations, and understandings made by the parties, oral or written, expressed or implied, are hereby superseded and merged herein.

SECTION 2. TERM OF AGREEMENT. The term of this Agreement shall be until the CITY accepts the successful completion of the study.

SECTION 3. DESCRIPTION OF SERVICES. The CONSULTANT agrees to perform the services outlined in the advertised solicitation document titled RFP 08-25-HR, Compensation and Benefits Study, and in the CONSULTANT's submitted Proposal.

The CONSULTANT shall diligently and in a professional and timely manner perform and provide these services. Unless modified in writing by the parties hereto, the duties of the CONSULTANT shall not be construed to exceed the provision of the services pertaining to this Agreement.

The CITY and CONSULTANT agree that there may be certain additional services required to be performed by the CONSULTANT during the performance of the contract that cannot be defined sufficiently at the time of execution of this Agreement. These services shall be authorized in writing as an amendment to the contract and may contain additional instructions or provide specifications upon certain aspects of this Agreement pertaining to the work to be undertaken.

SECTION 4. COMPENSATION. For Services rendered, the CITY shall pay the CONSULTANT based on their fee schedule provided as $35,500. Unless otherwise agreed in a Scope of Services, the CONSULTANT shall invoice the CITY monthly based upon the CONSULTANT's fees for services completed during the billing period.

SECTION 5. COMPONENT PARTS OF THE CONTRACT. This Contract consists of the following contract documents, all of which are hereby made a part hereof as if herein set out in full and all of which are familiar to the CONSULTANT:

A. City Advertised Bid
B. Addendums
C. Award Bid Proposal
D. Presentation of Services

The CONSULTANT must provide the Certificate of Insurance within fourteen (14) days upon acceptance of the bid by City Commission.

SECTION 6. CONTROLLING LAW, VENUE, AND ATTORNEY'S FEES. This Agreement is to be governed, construed, and interpreted by, through and under the laws of Florida. Venue for any litigation between the parties to this Agreement shall be in the County of Volusia, Florida and any trial shall be non-jury. The prevailing party in any litigation arising from or related to this Agreement shall be reimbursed reasonable attorney fees and costs, including all fees and costs of an appeal.

SECTION 7. RIGHTS AT LAW RETAINED. The rights and remedies of the CITY, provided for under this Agreement, are in addition and supplemental to any other rights and remedies provided by law.

SECTION 8. NOTICES. Whenever either party desires to give notice unto the other, it must be given by written notice, sent by registered or certified United States mail, return receipts requested, addressed to the party for whom it is intended at the place last specified. The place for giving of notice shall remain such until it shall have been changed by written notice in compliance with the provisions of this Section. For the present, the parties designate the following as the respective places for giving of notice, to-wit:

For City:

Sharon Taylor-Harding, Interim City Clerk
City of New Smyrna Beach
210 Sams Ave.
New Smyrna Beach, FL 32138
(386)410-2637

For Consultant:

Jeffrey Ling, President
(Name, Title)

Evergreen Solutions, LLC
(Company)

2528 Barrington Cir, Unit 201
(Address)

Tallahassee, FL 32308
(City, State, Zip)

850-383-0111
(Phone)

SECTION 9. MODFICATIONS TO AGREEMENT. This Agreement and any exhibits, amendments and schedules may only be amended, supplemented, modified or canceled by a written instrument duly executed by both parties hereto of equal dignity herewith.

SECTION 10. SEVERABILITY. If during the term of this Agreement, it is found that a specific clause or condition of this Agreement is illegal under federal or state law, the remainder of the Agreement not affected by such a ruling shall remain in force and effect.

SECTION 11. WAIVER OF JURY TRIAL. The CITY and CONSULTANT have specifically waived the right to a jury trial concerning any disputes which may arise concerning this agreement.

SECTION 12. EFFECT OF FAILURE TO INSIST ON STRICT COMPLIANCE WITH CONDITIONS. The failure of either party to insist on strict performance of any covenant or condition of this contract, or to exercise any option herein contained, shall not be construed as a waiver of such covenant, condition, or option in any other instance. This contract cannot be changed or terminated orally.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the date written above for execution by the City of New Smyrna Beach.

RFP 08-25-HR

Compensation and Benefits Study

The City of New Smyrna Beach, Florida (the "City") is seeking proposals from qualified individuals or firms to provide Compensation and Benefits Study services as listed in the City's specifications.

Solicitation documents can be obtained through the City's eProcurement Portal found at https://procurement.opengov.com/portal/cityofnsb.

End of Advertisement

Publish: Daytona News Journal, Tuesday, January 21, 2025
City website: www.cityofnsb.com
OpenGov: https://procurement.opengov.com/portal/cityofnsb

II. Introduction

Thank you for your interest in doing business with the City of New Smyrna Beach, Florida.

If you are interested in preparing a response to this solicitation, please read the solicitation package in its entirety prior to submitting a response.

Under Chapter 119, Florida Statutes, all responses to this solicitation shall be considered public record, subject to distribution pursuant to the request for records by any interested party.

For purposes of this solicitation the terms "Consultant" "Proposer," "Respondent" and/or "Vendor," are used interchangeably, and are in reference to the person or entity submitting the response to this solicitation.

II.A Summary

The City of New Smyrna Beach currently has approximately 150 job classifications under its compensation system. There are 323 full-time employees included in the FY2025 budget. The City has two (2) unions which represent approximately 35% of the workforce. The City currently has a pay range classification plan for employees, which are normally increased each year based on Commission Approval and/or Collective Bargaining Agreement requirements.

The City of New Smyrna Beach (herein after, "City") is seeking proposals from qualified and experienced consultants with demonstrated skills and success in conducting employee classification, compensation, and benefits studies to assist the City in updating its classification

plan and developing a strategy to ensure employee's pay and benefits are at a competitive level that aligns with the results of the study.

If an award is made it shall be made to the best overall proposer(s) whose proposal is most advantageous to the City, taking into consideration the evaluation factors set forth in this document. The successful proposer will hereinafter be referred to as the "Consultant".

II.B Background

The City serves an area of 41.6 square miles in size and serves a population of approximately 33,402. It is located off of Florida's East Coast, in the County of Volusia, just north of Cape Canaveral with easy access to both Interstate 95 and Interstate 4. The City's fiscal year begins on October 1st and ends on September 30th.

The City was created in 1887 by adoption of its first charter, which was replaced through Chapter 224.08, Special Acts of Florida, 1943, and subsequently amended, with the most recent update taking effect January 1, 2021.

The legislative branch of the City is composed of an elected five-member City Commission consisting of the Mayor and four Commissioners. The City Commission is governed by the City Charter and by state and local laws and regulations. The City Commission is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the Commission-appointed City Manager.

Additional detailed information on the government can be found in City of New Smyrna's Comprehensive Annual Financial Report (CAFR). This report may be viewed on https://www.cityofnsb.com/105/Financial-Reports.

The City of New Smyrna is exempt from any and all state, local and federal taxes.

III. General Information

III.A Ambiguity, Conflict, or Other Errors in the Solicitation

If a respondent discovers any ambiguity, conflict, discrepancy, omission, or other error in the solicitation, the respondent shall immediately notify the Purchasing Department, noted herein, of such error in writing and request modification or clarification of the document. The City shall make modifications by issuing an addendum through the City's e-Procurement portal. No interpretation shall be considered binding unless provided in writing by the City of New Smyrna Beach.

The respondent is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the solicitation prior to submitting the proposal or it shall be waived.

III.B Americans with Disabilities Act

Persons with disabilities needing special accommodation at public meetings should contact the Purchasing Department at 386-410-2654, no later than seven (7) days prior to the appropriate date on which the accommodation is requested.

III.C Assignment

The consultant(s) shall not assign, transfer, convey, sublet or otherwise dispose of this contract, or of any or all of its rights, or interest therein, or his or its power to execute such contract to any person, company or corporation without prior written consent of the City.

III.D City's Rights

The City of New Smyrna Beach reserves the right to retain all proposals submitted regardless of whether that proposal is selected. Submission of a proposal indicates acceptance by the respondent of the conditions contained in this solicitation, unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the City of New Smyrna Beach and the awarded firm or consultant.

The City has the sole discretion and reserves the right to cancel or withdraw this solicitation at any time for any reason, to reject any/all proposals, to waive any/all informalities and/or irregularities, or to re-advertise with either the identical or revised specifications, if it is deemed to be in the best interest of the City to do so.

The City also reserves the right to award a contract based on experience and qualifications or to award only a portion of the services specified, if deemed to be in the City's best interest.

III.E Award of Contract and Professional Services Agreement

A contract resulting from this solicitation shall be subject to the terms and conditions set forth in a standard City agreement. The City reserves the right to include in any contract document such terms and conditions as it deems necessary for the proper protection of the rights of the City. The City shall not be obligated to sign any contracts, maintenance and/or service agreements or other documents supplied by the Professional Consultant.

Contract Negotiations: After the ranking is completed, the City will attempt to negotiate an agreement with the top ranked firm or individual which is determined to be in the best interest of the City. The agreement will cover all aspects of the scope of services as described herein. If no agreement is reached with the top ranked firm or individual, negotiations will be terminated and initiated with the next-ranked firm or individual, and so on, until an agreement is reached.

The selected Consultant shall be required to sign a standard City contract within fourteen (14) days of Notice of Selection for Award.

Contract Term: Contract period is one hundred twenty (120) Calendar days, or less) of all tasks for the classification, compensation, and benefits study.

III.F Cone of Silence/Lobbying

Lobbying is defined as any action taken by an individual, firm, association, joint venture, partnership, syndicate, corporation, and/or all other groups who seek to influence the governmental decision of a City Commission Member, the City Manager, any requesting or evaluating Department/Division/Office personnel and/or any member of the Evaluation Committee concerning an active solicitation during the black-out period.

A lobbying black-out period commences upon the issuance of this solicitation document.

If a recommendation to award is presented to City Commission for approval or for a request to provide authorization to negotiate a Contract(s) and the City Commission refers the item back to the City Manager, Procurement Department and/or the requesting Department further review

or otherwise does not take action on the item, the Cone of Silence/Lobbying Black-out Period will be reinstated until such time as the City Commission meets to consider the item for action.

Bidders, respondents, potential vendors, service providers, lobbyists, consultants, or vendor representatives shall not contact any City Commission member, the City Manager and/or any member of the evaluation committee concerning an active solicitation during the Cone of Silence/Lobbying Black-out Period.

III.G Conflict of Interest

Submitted proposals shall include a completed Conflict-of-Interest Affidavit provided as an attachment in Section 9 of this solicitation. Disclosure of any potential or actual conflict of interest is subject to City staff review and does not in and of itself disqualify a firm from consideration.

These disclosures are intended to identify and or preclude conflict of interest situations during contract selection and execution.

III.H Evaluation of Submittals

An evaluation committee consisting of City staff shall review and score each proposal based on the criteria set forth in the section of this document titled Evaluation Criteria.

Presentations or demonstrations may be scheduled for the top-ranked respondents. If an award of contract is recommended it will be based on the combined scores from the proposal review and presentations, if applicable. The consensus of the committee will be the deciding factor on how to move forward.

A submission of a proposal to the City offers no rights upon the respondent nor obligates the City in any manner. Acceptance of a proposal does not guarantee issuance of any other governmental approvals.

If made, the recommendation of award will be made to the best overall respondent whose proposal is most advantageous to the City, taking into consideration the evaluation factors set forth in this solicitation. The City will not use any other factors or criteria in the evaluation process.

The consensus of the committee will be the deciding factor on how to move forward.

III.I E-Verify

The E-Verify System means an internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

Pursuant to Florida Statute 448.095, any new contract or renewal with a public agency requires the vendor and any subcontractor thereof to register with and use the E-Verify system to verify the work authorization status of all new employees working in the state of Florida or the United

States. If the contractor or vendor enters into a contract with a subcontractor, the subcontractor must provide an affidavit to the contractor or vendor that states that the subcontractor does not employ any unauthorized alien in Florida or the United States. The contractor shall provide and maintain proof of compliance with this statute upon request.

Information on registration for and use of the E-Verify System can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify.

Every Vendor shall, upon request, provide evidence of compliance with this provision to the Owner. Failure to comply with this provision is a material breach of an Agreement, and the Owner may choose to terminate the Agreement at its sole discretion. The Vendor may be liable for all costs associated with the Owner securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs (if necessary).

III.J Federal and State Tax

The City of New Smyrna Beach is exempt from Federal and State Sales and Use Taxes for tangible personal property. Consultants doing business with the City shall not be exempted from paying sales tax to their suppliers for materials to fulfill contractual obligations with the City nor shall any Consultant be authorized to use the City's Tax Exemption Number in securing such materials.

III.K Florida Public Records Act

All material submitted regarding this solicitation becomes the property of the City. Solicitation documents may be reviewed by any person ten (10) days after the public opening. The Respondent should take special note of this as it relates to any proprietary information that might be included in its offer. Any resulting contract may be reviewed by any person after the contract has been executed by the City.

The City has the right to use any or all information/material submitted in response to this solicitation and/or any resulting contract from same. Disqualification of a Professional Consultant does not eliminate this right. This section is further subject to F.S. 119.01 et. seq.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CITY'S CUSTODIAN OF PUBLIC RECORDS, CITY CLERK, AT 386/410-2630, CLERK@CITYOFNSB.COM, CITY OF NEW SMYRNA BEACH, 210 SAMS AVENUE, NEW SMYRNA BEACH, FL 32168.

The contractor is required to comply with public records laws, specifically to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.

4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

III.L Foreign Corporation

In accordance with Section 607.150 of the Florida Statutes, and provided an exemption is not available, a foreign corporation may not transact business in Florida until it obtains a certificate of authority from the Florida Department of State.

Foreign corporations may submit bids or proposals prior to obtaining a certificate of authority from the Florida Department of State. A foreign corporation must be in compliance with F.S. 607.150, prior to entering into a Contract with the City.

III.M Governing Law/Jurisdiction

The interpretation, effect, and validity of any contract(s) resulting from this solicitation shall be governed by the laws and regulations of the State of Florida. In the event that a suit is brought for the enforcement of any term of the contract(s), venue of any court action shall be in Volusia County, Florida.

III.N Human Trafficking

Compliant with Florida Statutes, 787.06.

A contract resulting from this solicitation is subject to the terms, conditions, provisions and requirements of Section 787.06 of the Florida Statutes and Contractor hereby represents, warrants, and certifies that Contractor does not use coercion for labor or services as defined in Section 787.06, Florida Statutes and that Contractor has provided a complete Human Trafficking Affidavit provided in the Attachment Section of this document.

III.O Immigration Reform and Control Act

Proposer acknowledges, and without exception or stipulation, any firm(s) receiving an award shall be fully responsible for complying with the provisions of the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended. Failure by the awarded firm(s) to comply with the laws referenced herein shall constitute a breach of the award agreement and the City shall have the discretion to unilaterally terminate said agreement immediately.

III.P Inquiries

All questions related to this RFP shall be submitted in writing via the OpenGov Question/Answer Tab via the City's e-Procurement portal, on or before 5:00 pm on Tuesday, February 4, 2025. Please include the section title for each question, if applicable, in order to ensure that questions asked are responded to correctly.

When asking questions, please be sure to enter each question separately.

Proposers must clearly understand that the only official answer or position of the City shall be the one stated in writing by the City. All questions submitted and answers provided shall be electronically distributed to proposers following this solicitation on the City's e-Procurement Portal.

III.Q Joint Ventures

Responders that are intending to submit a bid response as a joint venture are required to have filed proper documents with the Division of Corporations, and/or any other State or local licensing agency prior to submitting a bid response. Please refer to Section 489.119 Florida Statutes.

Joint venture firms must provide an affidavit attesting to the formulation of a joint venture and provide either proof of incorporation as a joint venture or a copy of the formal Joint Venture Agreement between all joint venture parties, indicating their respective roles, responsibilities, and levels of participation for the project.

III.R Judgements/Legal Findings

By submitting a proposal for consideration, the proposer affirms that they currently have no judgements or other legal findings nor have any pending judgements or other legal findings against the company or any of its executives, with any federal, state or local governmental entities that in any way could impact or have the potential to impact their ability to complete any contract awarded them as a result of this bid. Failure to disclose any such judgments and/or findings will result in the termination of any contracts and other penalties as deemed legal and appropriate by the City.

III.S Legal Requirements

Federal, State, County and local laws, ordinances, rules and regulations that in any manner affect the item(s) covered herein apply. Lack of knowledge by the respondent will in no way be cause for relief from responsibility.

III.T Liability

The City of New Smyrna Beach assumes no responsibility for the cost of preparing a response to this solicitation. The awarded consultant shall hold and save the City of New Smyrna Beach, its officers, agents and employees harmless from liability of any kind in the performance of or fulfilling the requirements of a contract which may result from award of this solicitation.

Neither party shall be held responsible for failure to complete contract due to causes beyond its control, including, but not limited to, work stoppage, fires, civil disobedience, riots, rebellions, Acts of Nature and similar occurrences making performance impossible or illegal.

The Consultant shall hold and save the City of New Smyrna Beach, its officers, agents, and employees harmless against claims by third parties resulting from the Consultant's breach of contract or negligence, including all attorney's fees and costs, and shall pay any and all damages, fees, and costs assessed on behalf of the City. The City expressly reserves all rights, privileges, and benefits of sovereign immunity.

III.U Method of Source Selection

The City of New Smyrna Beach is using the competitive sealed proposal methodology of source selection for this procurement, as authorized by the City Purchasing Policy.

III.V On-line Provider Disclaimer

It is recommended that respondents register and maintain their registration with OpenGov at www.OpenGov.com. This is a third-party provider that provides a platform to communicate solicitation information to the Public. OpenGov does not represent the City nor does communications through this provider constitute communications to the City. The City of New Smyrna Beach is not responsible for errors and omissions occurring in the transmission or downloading of any documents from the online website. In the event of any discrepancy between information on this website and the hard copy specifications, the terms of the hard copy specification will control.

III.W Opening of Proposals

Sealed proposals will remain sealed until the time of opening listed in Section 2 of this document. Through Microsoft Teams, the received proposals will be publicly opened, and the proposers' names read aloud at that time. It is important to note that this is public meeting, and the meeting will be recorded.

Proposers may contact the City's Purchasing Coordinator to obtain information to view the live bid opening. No discussion of the Proposals will occur at this time.

III.X Payment

Florida Statute 218.70, et seq, known as the "Florida Prompt Payment Act" sets forth "the policy of this state that payment for all purchases by local governmental entities is made in a timely manner". This is also the policy of the City of New Smyrna Beach. The City expects prompt and accurate service from our consultants/vendors, and it shall pay their invoices promptly and accurately.

III.Y Pre-Proposal Meeting

There will be no pre-proposal conference for this solicitation.

III.Z Principals/Collusion

By submission of this proposal, the undersigned, as proposer, does declare that the only person or persons interested in this solicitation as principal or principals is/are named therein and that no person other than therein mentioned has any interest in this solicitation or in the contract to be entered into; that this proposal is made without connection with any person, company or parties submitting a proposal, and that it is in all respects fair and in good faith without collusion or fraud.

III.AA Prohibition of Gifts to City Employees

No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service or other item of value to any City employee, as set forth in Chapter 112, Part III, Florida Statutes, the current City Ethics Ordinance, and City Administrative Policy. Violation of this provision may result in one or more of the following consequences:

A. Prohibition by the individual, firm, and/or any employee of the firm from contact with City staff for a specified period of time;

B. Prohibition by the individual and/or firm from doing business with the City for a specified period of time, including but not limited to: submitting bids, RFP, and/or quotes and;

C. Immediate termination of any contract held by the individual and/or firm for cause.

III.BB Proposal, Presentation, and Protest Costs

The City shall not be liable in any way for any costs incurred by any proposer in the preparation of its bid in response to this RFP, nor for the presentation of its bid and/or participation in any discussions, negotiations, or, if applicable, any protest procedures.

III.CC Proposal Due Date

Submittals shall be received prior to 5:00 pm on Thursday, February 20, 2025. Submittals shall be submitted through the City's e-Procurement Portal.

Submittals received after the designated time will not be permitted or accepted. There is no expressed or implied obligation for the City of New Smyrna Beach to reimburse responding firms for any expenses incurred in preparing proposals in response to this request.

III.DD Protest Procedures

1) Respondents who do not agree with the City's recommendation for award shall be afforded the opportunity to protest the recommendation by submitting written notice to the Purchasing Division. Proposals not meeting the minimum published requirements, including specifications, scope of service, or required documents, are not subject to protest.

2) Such notice shall be given within three (3) business days after the City posts its notice of intent to award.

3) A formal written protest shall be made to the Purchasing Division within five (5) working days after filing the notice of protest, which shall state the grounds for the protest and the action requested.

4) The formal written protest shall include with it a bid protest bond in the amount of one percent (1%) of the estimated contract amount, as provided in Florida Statutes § 287.042(2)(c) and Rule 28-110.005 of the Florida Administrative Code. The notice of protest must be either hand-delivered and date and time stamped by the Finance Department, or sent via Certified U.S. mail, return receipt requested. Failure to file a protest within the timeframe specified herein shall constitute a full waiver of all rights to protest the City's decision regarding award of the bid. For full bid protest guidance, consult Section 9.1, Notice of Protest, of the City of New Smyrna Beach's purchasing policy.

III.EE Public Entity Crimes

Pursuant to Section 287.133(12)(a) of the Florida Statutes, "A person or affiliate, who has been placed on the convicted vendor list following a conviction for a public entity crime, may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or CONTRACTOR under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO ($25,000) for a period of 36 months from the date of being placed on the convicted vendor list."

III.FF Relation of City

It is the intent of the parties hereto that the consultant shall be legally considered an independent consultant, and that neither the consultant nor their employees shall, under any circumstances, be considered employees or agents of the City, and that the City shall be at no time legally responsible for any negligence on the part of said consultant, their employees or agents, resulting in either bodily or personal injury or property damage to any individual, firm, or corporation.

III.GG Requesting the Solicitation Document

The City of New Smyrna Beach Purchasing Department is the official source to obtain information relating to the City solicitations.

All documents regarding this solicitation are posted utilizing an online bid management system, OpenGov. There is no charge to register with OpenGov and/or to participate in the solicitation process.

III.HH Requests for Clarification

The City may, as it deems necessary, conduct discussions with responsible respondents for the purpose of clarification to assure full understanding of, and responsiveness to solicitation requirements.

Requests by the Purchasing Coordinator to a proposer(s) for clarification of a submittal(s) shall be in writing. Proposer's failure to respond to request for clarification may deem proposer to be non-responsive and may be just cause to reject its proposal.

III.II Single Proposal

Each Proposer must submit, with their bid, the required forms included in this solicitation. Only one proposal from a legal entity as a primary shall be considered. A legal entity that submits a proposal as a primary or as part of a partnership or joint venture submitting as primary may not then act as a sub-consultant to any other firm submitting under the same solicitation.

All submittals in violation of this requirement shall be deemed non-responsive and rejected from further consideration.

III.JJ State Registration Requirements

Any corporation submitting a proposal in response to this solicitation shall either be registered or have applied for registration with the Florida Department of State in accordance with the provisions of Chapter 607, Florida Statutes. A copy of the registration/application may be required prior to award of a contract.

Any partnership submitting a response to this Solicitation shall have complied with the applicable provisions of Chapter 620, Florida Statutes. For additional information on these requirements,

please contact the Florida Secretary of State's Office, Division of Corporations at (800) 755-5111 or visit the following website: (http://www.dos.state.fl.us).

III.KK Termination

Termination for Convenience: The City reserves the right to terminate the Agreement in whole or part at any time without penalty or cause, which termination date shall not be less than thirty (30) days after the date of such written notice. Upon receipt of the written notice, the Contractor shall immediately stop all work as directed in the notice, notify all subcontractors of the effective date of the termination and minimize all further costs to the City. In the event of termination under this provision, all goods, materials, documents, data and reports prepared by the Contractor under the Agreement shall become the property of and delivered to the City. The Contractor shall be entitled to receive just and equitable compensation for work in progress, work completed, and materials accepted before the effective date of termination. Such compensation shall be the Contractor's sole remedy against the City in the event of termination under this provision.

Termination for Cause or Default: The City reserves the right to terminate the Agreement in whole or in part due to the failure of the Contractor to comply with any term or condition of the Agreement, including failure to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Agreement. The City shall provide written notice of the termination and the reasons for it to the Contractor. Upon termination under this provision, all goods, materials, documents, data and reports prepared by the Contractor under the Agreement shall become the property of and be delivered to the City on demand. The City may, upon termination of the Agreement, procure, on terms and in the manner that it deems appropriate, materials, or services to replace those under the Agreement. The Contractor shall be liable to the City for any excess costs incurred by the City in re-procuring the materials or services.

Contractor's Right to Terminate: If the work should be stopped for a period of three (3) months, under any order of any court or public authority, other than by the Owner, through no act of fault of the Contractor or of anyone employed by the Contractor, then the Contractor may, upon thirty (30) days written notice to the Owner, terminate the Contract and recover from the Owner payment for all work executed and any expense sustained plus a reasonable profit thereon.

Force Majeure:

No Party shall be liable or responsible to the other party, nor be deemed to have defaulted under or breached this Agreement, for any failure or delay in fulfilling or performing any term of this Agreement, except for any obligations to make payments to the other party hereunder, when and to the extent such failure or delay is caused by or results from acts beyond the impacted party's control, including but not limited to, the following force majeure events:

a) Acts of God

b) A natural disaster (fires, explosions, earthquakes, hurricanes, flooding, storms, infestations, epidemic or pandemic)

c) War, invasion, hostilities (regardless if war is declared or not), terrorist threats or acts, riots or other civil unrest

d) Government order or law

e) Actions, embargoes or blockades in effect on or after the date of this Agreement

f) Action by any governmental authority

g) National or regional emergency

h) Strikes, labor stoppages or slowdowns or other industrial disturbance, and

i) Shortage of adequate power or transportation facilities

The Impacted Party shall give notice within two (2) days of the Force Majeure Event to the other party, stating the period of time the occurrence is expected to continue. The impacted party shall use diligent efforts to end the failure or delay and ensure the effects of such Force Majeure Event are minimized. The Impacted Party shall resume the performance of its obligations as soon as reasonably practicable after the removal of the cause. In the event that the Impacted Party's failure or delay remains uncured for a period of sixty (60) days following Notice given by it, then either party may thereafter terminate this Agreement upon Notice

Notwithstanding the foregoing, any pandemic or epidemic, including but not limited to those related to COVID-19 and its mutations, and related issued executive orders and/or administrative orders by any federal, state, or local government entity related to any pandemic or epidemic, shall NOT be considered a force majeure and is expressly excluded from that definition herein and said event shall not prevent CONTRACTOR from timely performing its functions under this Agreement.

III.LL Title VI

No person shall on the basis of race, color, national origin, sex, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, the Florida Civil Rights Act of 1992 and other nondiscrimination authorities, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program or activity of the City of New Smyrna Beach.

III.MM Validity of Submittal

Submittals cannot be withdrawn after they are filed unless the respondent makes their request in writing to the City prior to the time set for the closing of RFP.

All submittals shall be valid for a period of one hundred eighty (180) days from the submission date to accommodate evaluation and selection process.

IV. Description of Services

IV.A General Description of Services

The City of New Smyrna Beach is seeking proposals from qualified and experienced consultants with demonstrated skills and success in conducting employee classification, compensation, and benefits studies to assist the City in updating its classification plan and developing a strategy to ensure employee's pay and benefits are at a competitive level that aligns with the results of the study. In addition, the awarded Consultant will assist in updating information on all position descriptions including essential job functions, responsibilities, required knowledge, skills and abilities, and physical demands of each position.

The consultants must review all background materials provided by the City, including but not limited to organizational charts, existing pay plans, job descriptions, collective bargaining agreements, policies, budgets, and any other related information. The consultants shall establish a methodology to conduct a comprehensive employee compensation, classification, and benefits study that includes but is not limited to those areas included in the scope of service. The consultants may propose additions, alternative tasks or additional value-added activities deemed necessary to complete the scope of service.

The City's goal is to have a thorough study along with accurate job descriptions utilizing accepted best practices in the management and design of compensation and benefit systems. The City's objectives are as follows:

- Attract and retain qualified workers who will be paid equitable salaries;
- Provide equitable salaries and benefits for all employees of the City; and
- Provide the City with a salary and benefit structure that enables the City to maintain a competitive position within the same geographic area but will be financially sustainable for the long term.

It is expected that the study will recommend adjustments to the City's pay and benefit plans, to allow for appropriate compensation and benefits, rectify internal compression/equity issues along with compensation comparisons from surrounding jurisdictions and other comparators. It is the City's intent to obtain fixed price proposals from qualified firms to conduct a comprehensive compensation study.

Current Job Classifications: The City of New Smyrna Beach currently has approximately 150 job classifications under its compensation system. There are 323 full-time employees included in the FY2025 budget. The City has two (2) unions which represents approximately 35% of the workforce. The City currently has a pay range classification plan for employees, which are normally increased each year based on Commission Approval and/or Collective Bargaining Agreement requirements.

IV.B Scope of Work

The consultants shall establish a methodology to conduct a comprehensive compensation and classification study that includes but is not limited to those areas included in the scope of service. This project shall include, but is not limited to, the following: (The consultant may propose additions, alternative tasks or additional value-add activities deemed necessary to complete the scope of work, subject to the approval of the City).

Job Classifications

- Conduct a comprehensive evaluation of the City's current job classification structure, related policies and practices and provide a comparative analysis which benchmarks other similar agencies within the same geographic area.
- Conduct a comprehensive evaluation of the City's job classifications/titles as they relate to all city positions and provide recommendations to classify/reclassify positions as appropriate.
- Conduct a job audit of all positions which may include interviews with employees, managers, department directors and the human resources staff to verify and validate current job descriptions.
- Evaluate all job descriptions to include a review as they relate to Fair Labor Standards Act (FLSA) and Americans with Disabilities Act (ADA) compliance. Also include verification of the Equal Employment Opportunity (EEO) designation. Provide recommended updates and/or revisions.
- Provide recommendations for job descriptions to uniformly reflect the distinguishing characteristics; primary duties and responsibilities, minimum qualifications (education/experience and knowledge/skills/efforts), working conditions (physical demands, work environment and travel requirements), and certifications/licenses/registration requirements for classification as needed.
- Evaluate current job description template and recommend template format, content and/or revisions.
- Refine job classifications/titles to accurately represent job duties and responsibilities as necessary. Review supervisor/management titles and recommend titling structure which defines consistent levels of responsibility across the organization.
- Conduct a comprehensive evaluation and comparative analysis of every job within the City to determine relative work within the organization for internal equity.
- Based upon the recommended classification grade, review existing salaries to determine proper placement within proposed classification.

Compensation and Classification

- Conduct a comprehensive compensation survey to include actual salaries, tenure in positions, supplemental pay, and benefits comparing benchmark positions with other

similar agencies, both public and private, to identify the city's competitive position in the regional central Florida labor market.

- Review the current pay grade and salary ranges of the city positions, including recommending appropriate salary ranges based on compensation survey and study results and appropriate salary range for each position.
- Evaluate current pay structure [i.e., number of pay grades, including additions, deletions and/or consolidations, appropriateness of pay range spread from salary minimum to maximum and/or Market Reference Point (MRP)].
- Review existing pay practices and policies at the city and provide recommendations based upon analysis of external market competitiveness and internal equity that will allow the city to attract and retain qualified workers but is also financially sustainable.
- Conduct internal pay equity assessment based upon actual work performed as communicated by employees and managers through interviews, value of work performed to the organization, years of experience, and the length of service for all 323 employees. Identify potential pay compression issues if any and provide potential solutions and/or recommended equity adjustments.
- Develop and recommend an implementation plan for adoption of the proposed classification plan and salary adjustments to include estimated fiscal impact, with options for a step plan (multiple years) implementation.
- Develop guidelines to assist the city staff with determining the starting pay for new employees based on knowledge and experience above the minimum requirements of the position, how difficult the position is to fill, and marketing competitiveness.
- Develop guidelines and/or tools for assigning pay grade to future/new or reclassified positions.
- Provide methodology for maintaining and updating the proposed new/modified compensation plan. Train Human Resources personnel in the maintenance and administration of the proposed new/modified internal maintenance of the compensation plan.

Benefits

- Conduct a comprehensive benefits survey for the overall benefit package for the surveyed entities including retirement plans, paid time off, and employee insurance coverages and contribution rates for health, dental, vision, group life, group short term disability and other ancillary benefits.
- The recommended pay and benefits system must meet all legal requirements, be nondiscriminatory and provide for compliance with all pertinent federal, state, and local requirements (e.g. ADA, FLSA, EEO/ADA, etc.).

Recommended Report: The final recommendation report shall include, but shall not be limited to the following elements:

- Summarize methodology, techniques and data used to develop the proposed new/modified plan; outreach efforts, assessment of the City's current pay plan and pay practices and existing labor market conditions of comparable government agencies.
- Recommendations for a classification and compensation structure that reflects the city's overall classification and compensation strategies as well as accommodating for organizational change, growth and long-term financial sustainability.
- Recommend/revise pay grades and salary ranges for all existing and proposed classifications.
- Recommend a proposed implementation plan that ensures salary ranges remain competitive with reasonably similar positions in the labor market where the City recruits for employees, and which are consistent with the economic conditions of the City and surrounding comparable agencies.
- Allocate all employees included within the scope of service to an appropriate job title, pay grade and designate each job classification as either exempt or non-exempt pursuant to the requirements of the Fair Labor Standards Act (FLSA).
- Assign a salary range to each pay grade/classification included with the scope of service that reflects the results of the market survey and the analysis of the internal salary relationships.
- Individual employee analysis of current pay rate and recommendations for individual pay adjustments in accordance with recommended compensation structure comparative to the labor market and surveyed entities and considering internal equity.
- Recommend an implementation schedule that includes any fiscal impacts (short-term and long-term) of implementing the recommendations.

IV.C City of New Smyrna Beach Responsibilities

The city shall provide the awarded Consultant with all the relevant information pertaining to the City and its operations including but not limited to the following:

A. Current employee salary data
B. Current personnel policies
C. Job descriptions
D. Employee insurance categories and plan documents
E. Any additional information required for consultant to fulfill the Scope of Services

IV.D Communication Expectations, Technology, and Required Deliverables

Communication: Effective communication is the utmost importance to the success of this study. Ongoing and open communication between the designated city representative and the consultant is required from the initiation of the contract through to completion of the study.

Deliverables: Required deliverables include but not limited to:

- It is expected that the awarded proposer will provide bi-weekly verbal check-ins and monthly written detailed progress reports as well as periodically presenting the information to the City Commission throughout the process. Presentation to the City Commission may be electronically or in person as required.
- Provide a detailed final written report to the city designated representative within one hundred twenty (120) days of all tasks for the classification, compensation, and benefits study. Report to include the research performed, methodology, compensation philosophy, findings and policy update recommendations based on proposed/revised pay plan, implementation, and financial impact.
- Awarded proposer will be required to present the final completion of the study to staff and/or the City Commission.

Technology: Proposers must demonstrate technologically advanced software other than Microsoft Excel to provide statistically accurate data analysis, comparative charts or graphs, and enhanced reporting capabilities.

IV.E Contract

It is the City's intent to enter into an agreement with one company for 120 days. Contract may be extended, upon approval of the City Commission. Prices shall not increase during the term of the contract.

Assignment: The awarded Firm or Consultant shall not assign, transfer, convey, sublet or otherwise dispose of this contract, or of any or all of its rights, or interest therein, or his or its power to execute such contract to any person, company or corporation without prior written consent of the City.

IV.F Compliance With Laws, Rules, and Regulations

Each Proposer is responsible for full and complete compliance with all laws, rules, and regulations, including those of the Department of Insurance, which may be applicable to it. Failure or inability on the part of the Proposer to comply with such laws, rules, and regulations (including failure to obtain Department of Insurance approval for filings) shall not relieve any Respondent from its obligation to honor its Submittal and perform completely in accordance with its Submittal.

V. Minimum Qualifications

V.A Minimum Qualifications

Proposers wishing to be considered for an award of contract must meet the below minimum qualifications.

Proposers that do not meet the minimum requirements as determined by the city, at its sole discretion, will be deemed non-responsive and not considered for award. All decisions made by the city are final.

Office: Have a staffed office within the State of Florida

Florida Division of Corporations:

- The Firm must be licensed by the State of Florida, Department of Business & Professional Regulation, and State Board of Accountancy, to practice in the State of Florida.
- The firm is independent and licensed to practice in Florida and registered through Sunbiz with an "Active" Status.

License/Certificates:

- Proposers are required to possess the correct professional license, and any other authorizations necessary to carry out and perform the work in accordance with the specifications pursuant to all applicable Federal, State and Local Law, Statute, Ordinances, and rules and regulations of any kind.
- Copies of the required licenses must be submitted with the solicitation response indicating that the entity proposing, as well as the team assigned to the City account, are properly licensed to perform the activities or work included in the contract documents.

Experience:

- Demonstrated skills and success in conducting employee classification, compensation, and benefits studies to assist a municipality in updating its classification plan and developing a strategy to ensure employees' pay and benefits are at a competitive level that aligns with the results of the study.
- At least five (5) years' experience performing surveys and analyses for public employers
- Have expertise in multi-classification systems.

VI. Submittal Requirements

Submittals shall be in strict compliance with the requirements listed herein. Failure to comply with all provisions of this solicitation may result in disqualification.

VI.A Evaluation Committee and Evaluation Factors

A committee of city employees shall evaluate and rank each submittal based on information provided. It is the intent of the City that all proposers responding to this RFP, who meet the requirements, will be ranked in accordance with the criteria established in these documents. The City will consider all responsive and responsible proposals received in its evaluation and award process.

Evaluation factors are based on the abilities of the proposer to efficiently perform the Scope of Services as generally outlined in this solicitation. The city shall seek to identify the submittal(s) which shall best meet the needs of the city as determined from the responses received.

A selected group of proposers may be required to make an oral presentation to the committee. Such presentation shall provide an opportunity for the proposers to clarify the information provided in their submittal. Oral presentations, if any, shall be considered in conjunction with the submitted data by the committee. The committee shall present its recommendation to the City Commission, which has the authority to make the final determination and award contracts.

Each Committee member will award points according to the Evaluation Criteria described in each Category for the Phase I and Phase II evaluation processes. The points indicated as "Points Possible" will be totaled to achieve the Total Points awarded to each Proposer. The greatest cumulative of Total Points will be ranked 1, the next greatest total ranked 2, etc. The ranking of each Proposer will be tabulated from each Committee member.

Submissions shall be evaluated on a total score basis, with a maximum score of one hundred (100) points per committee member. The following criteria shall be used in the evaluation process to determine the successful respondent(s):

Evaluation Criteria	Maximum Points Per Evaluation Committee Member
Background and Experience of the Firm	25
Skills and Credentials of the Designated Project Team	20
Scope Approach, Anticipated Timeframe, and Technological Resources	20
Fee Proposal	20
References	15
Total	**100**

In general, the City wishes to avoid the expense to the City and to proposers of unnecessary oral interviews. Therefore, the City will make every reasonable effort to achieve the ranking using written submittals alone. If no single top-ranked firm can be clearly identified by review of the written submittals alone, presentations shall be scheduled with the top ranked firm(s) for oral presentations/interviews. If Oral Presentations are required, the shortlisted firms will be re-ranked based solely on the presentations.

VI.B Response Format

Submittals shall be deemed an offer to provide services to the City. In submitting, the professional consultant declares that he/she understands and agrees to abide by all specifications, provisions, terms and conditions of same, and all ordinances and policies of the City. The Proposer agrees that if the contract is awarded to him/her, he/she shall perform the work in accordance with the provisions, terms and conditions of the contract.

In order to maintain comparability and to facilitate the review process, it is requested that proposals be organized in the manner specified below. Proposals shall be submitted in a professional manner and is a representation of the consultant.

Any portions of the proposal that do not comply with these guidelines must be so noted and explained in the Acceptance of Conditions section of the bid. However, proposals which contain such variances may be considered non-responsive.

VI.C Introduction and Management Summary

At a minimum shall include:

Cover Page: Representing the firm that is submitting a proposal.

Letter of interest: Not more than two (2) pages to include names of the individuals who will be authorized to make representations for the proposer, their titles, addresses, and telephone numbers, e-mail address, location of office(s) that will be providing the service. Include the location of your firm's main office and address of the office location that will serve the City of New Smyrna. Include key areas of the proposal and that summarizes the Firm's experience and qualifications as to why they shall be recommended the award of contract.

Management summary: Submit a brief abstract, of not more than three (3) pages, stating the firm's understanding of the nature and scope of the services to be provided, the anticipated project approach and the firm's ability to comply with all the requirements. Information shall be signed by a corporate officer or principal, or an authorized representative of the consultant authorized to obligate the firm and/or joint venture contractually. The letter shall include the business address, telephone number, facsimile number, e-mail and the name of the consultant that the City can contact for additional information. The respondent or authorized representative is attesting that the information provided is current and factual and that all firms on the proposed team agree to work on the project together.

VI.D Background and Experience of the Firm

Provide an overview of the consulting firm, including information on size, years in business, and location of office. Submit summaries of salary surveys and comparative analyses performed by the firm within five (5) years prior to the due date of the RFP. A minimum of five years' experience is required. Proposers with experience performing these surveys and analyses for public employers will receive additional consideration in scoring. Proposers must demonstrate specific experience and expertise in multiclassification systems.

VI.E Skills and Credentials of the Designated Project Team

Provide resumes of the project team and identify similar projects (preferably those responsive to criteria no. 1 above) successfully completed by the members of the project team, indicating their role on the team, with reference contact information, demonstrating the professional skills and credentials of staff to be assigned to the study.

VI.F Scope Approach, Deliverables, Anticipated Timeframe, and Technological Resources

Approach: Describe the Proposer's approach to the performance of the study and actions anticipated to ensure all of the city's requirements are satisfied and provide an anticipated timeframe to complete the project. Additionally, provide a project schedule with major milestones noted. Describe the advanced technological resources to be used for data collection, analysis, and presentation.

Deliverables and anticipated timeframe: Provide examples of detailed reports and anticipated timeframe for verbal and written reports provided to the city designated representative. Also include proposed timeline of periodic presentations to City Commission. The city is open to considering other deliverables and timelines based on the consultant(s) resources. Any recommendations need to be provided, in detail, in the consultant(s) proposal.

Technological Resources: Provide detailed information and experience of technologically advanced software other than Microsoft Excel to provide statistically accurate data analysis, comparative charts or graphs, and enhanced reporting capabilities.

VI.G Fee Proposal

Submittals shall include a detailed fee proposal. Fee proposal shall include salary cost, fringe benefits, overhead, operating margin and profit, and all direct and indirect expenses. Fee proposal shall include options to add or remove services that may be required along with the associated costs.

Any work performed by the Consultant without approval by the City is performed at the Consultant's own election.

Compensation to the Consultant for the services performed shall be as set forth on City issued purchase order as a result of a detailed proposal from the awarded consultant.

The City shall not pay for reimbursable items such as gas, tolls, mileage, meals, etc. and other items not directly attributable to items produced for each project.

In the event the City fails to provide compensation under the terms and conditions of this Agreement, the Consultant shall notify the City's Designated Representative in order that the City may take remedial action.

The fee structure will be evaluated utilizing the equation provided in the example below. Lowest cost proposed gets total points = 20 points

Example	Submitted Fee Structure	Lowest Cost	% For Lowest	Multiplier	Points Awarded
Company A	$100,000	$100,000	100.00%	20	20
Company B	$110,000	$100,000	90.91%	20	18.18
Company C	$120,000	$100,000	83.33%	20	16.67
Company D	$130,000	$100,000	76.92%	20	15.38
Company E	$140,000	$100,000	71.43%	20	14.29

VI.H References

Provide a list of a minimum of three (3) of the company's projects/customers similar in size and scope to the services described herein, both present and past customers, within the past five (5) years. If applicable, please list examples of services rendered in the State of Florida, particularly within municipalities. This list must include complete and current addresses, contact person(s), e-mail addresses, telephone and fax numbers, and length of contract. Please use the reference form provided in Attachment A.

In addition to the completed Reference Form, Proposer's shall provide each reference a copy of the Reference Questionnaire that is provided in the Attachment Section of this document. References shall email the completed form to purchasing@cityofnsb.com prior to 5:00 pm on Tuesday, February 4, 2025, with 08-25-HR Compensation and Benefits Study in the subject line of the email.

The City of New Smyrna Beach shall not be listed as a reference. Information must be current, and the City must be able to contact references for verification as part of the evaluation process).

VI.I Financial Stability/Litigation

Provide a statement certifying that they are financially stable and have the necessary resources, human and financial, to provide the services at the level required by the City of New Smyrna Beach. Respondent shall also list any lawsuits in which their team (firm & sub-consultants) are involved relative to the services performed or failed to perform over the last five (5) years. The respondent shall also list any work which their team failed to complete in the last five (5) years and describe when, where, how and why of such failure, including listing any officer or partner of

their team who in the last five (5) years failed to complete a contract handled in his/her name and discuss the reasons. The companies Dunn & Bradstreet number shall be included.

Provide a financial statement, preferably a certified audit, but a third party prepared financial statement and the latest Dunn & Bradstreet report will be accepted.

VI.J Complete Copy of Submittal

Upload as one (1) PDF a complete copy of the proposal as one (1) PDF in the organized in the below format. Proposal must be signed by an authorized officer of your organization.

- Cover page with company logo
- Introduction and Management Summary
- Background and Experience of the Firm
- Skills and Credentials of the Designated Project Team
- Scope Approach, Anticipated Timeframe and Technological Resources
- Fee Proposal
- References
- Completed City forms provided in the Attachment Section of this document.
- Sign copies of any addendums that have been posted.

VII. Insurance Requirements

VII.A Insurance Requirements

The selected Firm or Individual will be required to name the City as an additional named insured with the following minimum coverages.

A. Workers' Compensation shall be maintained by the selected firm or individual for all employees engaged in the work under this solicitation in accordance with the laws of the

State of Florida. Employers' Liability Insurance shall be maintained by the selected firm or individual at limits not less than the following:
$500,000 Each Accident
$500,000 Disease Each Employee
$500,000 Policy Limit for Disease

B. Commercial General Liability Insurance shall be maintained by the selected firm or individual with limits not less than the following:
$1,000,000 Bodily Injury & Property Damage-each occurrence
$2,000,000 Personal & Advertising Injury-each occurrence
$2,000,000 General Aggregate
$2,000,000 Products/Completed Operations Aggregates limit
$ 5,000 Medical Payments
$ 100,000 Fire Damage Legal Liability
Coverage shall include Contractual Liability and Independent Contractors Liability.

C. Professional Liability Insurance shall be maintained by the selected firm or individual with a combined single limit of not less than $3,000,000, protecting the selected firm against claims of the City for negligence, errors, mistakes, or omissions in the performance of services to be performed and furnished by the selected firm or individual.

If the consultant maintains broader coverage and/or higher limits than the minimums shown above, The City of New Smyrna Beach requires and shall be entitled to the broader coverage and/or the higher limits maintained by the Consultant.
Cancellation: Thirty (30) days written notice of cancellation is required to Certificate Holder

Certificate Holder: City of New Smyrna Beach
210 Sams Avenue
New Smyrna Beach, FL 32168

The proposer shall be responsible for subcontractors and their insurance. All deductibles or self-insured retention shall appear on the certificate(s) and shall be subject to approval by the City. At the option of the City, the insurer shall reduce or eliminate such deductible or self-insured retention; or the contractor shall be required to procure a bond guaranteeing payment of losses and related claims expenses. All insurance companies must be authorized to transact business in the State of Florida. The City shall be exempt from, and in no way liable for, any sums of money, which may represent a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of the proposer and/or subcontractor providing such insurance. Failure to obtain and maintain such insurance as set out above will be considered a breach of contract and may result in termination of the contract for default. Neither approval by the City of any insurance supplied by the proposer, nor a failure to disapprove that insurance, shall relieve the proposer of full responsibility of liability, damages, and accidents as set forth herein.

VII.B Acknowledgment of Insurance Requirements

It should be noted by the Proposer that, in order to meet the City's requirements, there may be additional insurance costs to the Proposer's firm. It is, therefore, imperative that the proposer discuss these requirements with the Proposer’s insurance agent, as noted on the Insurance Check List, so that allowances for any additional costs can be made by the Proposer.

The Proposer's obligation under this provision shall not be limited in any way by the agreed upon contract price, or the Proposer's limit of, or lack of, sufficient insurance protection.

Proposer also understands that the evidence of required insurance may be required within five (5) business days following notification of its offer being accepted; otherwise, the City may rescind its acceptance of the Proposer's bid.

Statement of Insurance Compliance Form provided in the Attachment Section shall be completed and submitted with proposal.

VIII. Required Responses

VIII.A Public Records*

Applicant must respond confirming they have received a copy of the Public Records Act, located in the attachment section.

☐ Please confirm
*Response required

VIII.G Potential Conflict of Interest*

- Upload any documentation/information which may be a potential conflict of interest due to other clients, contracts, or property interest for this project
- Or, on company letterhead, upload a statement that no potential conflicts exist.

*Response required

VIII.H Conflict of Interest Disclosure*

PROJECT NUMBER: 08-25-HR - Compensation and Benefits Study

The award of this contract is subject to the provisions of Chapter 112, Florida Statutes. All respondents must disclose within their submittal: the name of any officer, director, or agent who is also an employee of the City of New Smyrna Beach, Florida. Furthermore, all respondents must disclose the name of any City employee who owns, directly, or indirectly, an interest of more than five percent (5%) in the respondent's firm or any of its branches.

The purpose of this disclosure statement is to give the City the information needed to identify potential conflicts of interest for screening evaluation team members and other key personnel involved in the award of this contract.

The term "conflict of interest" refers to situations in which financial or other personal considerations may adversely affect, or have the appearance of adversely affecting, an employee's professional judgment in exercising any City duty or responsibility in administration,

management, or other professional activities. The bias such conflicts could conceivable impart may inappropriately affect the goals of the City. The City must be free of the undue influence of outside interests.

The mere appearance of a conflict may be as serious and potentially damaging as an actual conflict of interest. Reports of conflicts based on appearances can undermine public trust in ways that may not be adequately restored even when the mitigating facts of a situation are brought to light. Apparent conflicts, therefore, should be disclosed and evaluated with the same vigor as actual conflicts.

PUBLIC RECORDS

All material submitted regarding this solicitation becomes the property of the City. Solicitation documents may be reviewed by any person ten (10) days after the public opening. The Respondent should take special note of this as it relates to any proprietary information that might be included in its offer. Any resulting contract may be reviewed by any person after the contract has been executed by the City.

The City has the right to use any or all information/material submitted in response to this solicitation and/or any resulting contract from same. Disqualification of a Professional Consultant does not eliminate this right. This section is further subject to F.S. 119.01 et. seq.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CITY'S CUSTODIAN OF PUBLIC RECORDS, CITY CLERK, AT 386/410-2630, CLERK@CITYOFNSB.COM, CITY OF NEW SMYRNA BEACH, 210 SAMS AVENUE, NEW SMYRNA BEACH, FL 32168.

The contractor is required to comply with public records laws, specifically to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

Company name
Compensation and Benefits Study

THIS AGREEMENT is made and entered into this _____ day of _____, 2024, by and between **_____**, duly authorized to conduct business in the State of Florida and whose address is _____, FL _____, hereinafter, called "CONSULTANT," and the **CITY OF NEW SMYRNA BEACH**, a political subdivision of the State of Florida, whose address is 210 Sams Ave., New Smyrna Beach, FL, hereinafter called "CITY."

SECTION 1. AGREEMENT. The terms of this Agreement, together with the incorporation of the terms and conditions of the RFP **08-25-HR, Compensation and Benefits Study, FOR THE CITY OF NEW SMYRNA BEACH** and any exhibits, schedules, and attachments hereto, and any and all amendments relating to same, and any and all submittals from CONSULTANT, constitute the entire Agreement between the City and CONSULTANT. This Agreement is the final, complete and exclusive expression of the terms and conditions of the parties' Agreement. Any and all prior agreements, representations, negotiations, and understandings made by the parties, oral or written, expressed or implied, are hereby superseded and merged herein.

SECTION 2. TERM OF AGREEMENT. The initial term of this Agreement shall be for one hundred twenty (120) days, or less, of all tasks for the classification, compensation, and benefit study.

SECTION 3. DESCRIPTION OF SERVICES. The Consultant agrees to perform the services outlined in the advertised solicitation document titled RFP 08-25-HR, Compensation and Benefits Study, and in the Consultant's submitted Proposal.

The Consultant shall diligently and in a professional and timely manner perform and provide these services. Unless modified in writing by the parties hereto, the duties of the Consultant shall not be construed to exceed the provision of the services pertaining to this Agreement.

The City and Consultant agree that there may be certain additional services required to be performed by the Consultant during the performance of the contract that cannot be defined sufficiently at the time of execution of this Agreement. These services shall be authorized in writing as an amendment to the contract and may contain additional instructions or provide specifications upon certain aspects of this Agreement pertaining to the work to be undertaken.

SECTION 4. COMPENSATION. For Services rendered, the CITY shall pay the CONSULTANT based on their fee schedule provided. Unless otherwise agreed in a Scope of Services, the CONSULTANT shall invoice the City monthly based upon the CONSULTANT's fees for services completed during the billing period.

DRAFT

SECTION 5. COMPONENT PARTS OF THE CONTRACT. This Contract consists of the following contract documents, all of which are hereby made a part hereof as if herein set out in full and all of which are familiar to the Contractor:

A. City Advertised Bid
B. Addendums
C. Awarded Bid Proposal w Fee Proposal
D. Presentation of Services

The Consultant must provide the Certificate of Insurance within fourteen (14) days upon acceptance of the bid by City Commission.

SECTION 6. CONTROLLING LAW, VENUE, AND ATTORNEY'S FEES. This Agreement is to be governed, construed, and interpreted by, through and under the laws of Florida. Venue for any litigation between the parties to this Agreement shall be in the County of Volusia, Florida and any trial shall be non-jury. The prevailing party in any litigation arising from or related to this Agreement shall be reimbursed reasonable attorney fees and costs, including all fees and costs of an appeal.

SECTION 7. RIGHTS AT LAW RETAINED. The rights and remedies of the City, provided for under this Agreement, are in addition and supplemental to any other rights and remedies provided by law.

SECTION 8. NOTICES. Whenever either party desires to give notice unto the other, it must be given by written notice, sent by registered or certified United States mail, return receipts requested, addressed to the party for whom it is intended at the place last specified. The place for giving of notice shall remain such until it shall have been changed by written notice in compliance with the provisions of this Section. For the present, the parties designate the following as the respective places for giving of notice, to-wit:

For City:
Kelly McQuillen, City Clerk
City of New Smyrna Beach
210 Sams Ave.
New Smyrna Beach, FL 32138
(386)410-2637

For Consultant:

_____
(Name, Title)

_____
(Company)

_____
(Address)

_____
(City, State, Zip)

_____
(Phone)

DRAFT

SECTION 9. MODFICATIONS TO AGREEMENT. This Agreement and any exhibits, amendments and schedules may only be amended, supplemented, modified or canceled by a written instrument duly executed by both parties hereto of equal dignity herewith.

SECTION 10. SEVERABILITY. If during the term of this Agreement, it is found that a specific clause or condition of this Agreement is illegal under federal or state law, the remainder of the Agreement not affected by such a ruling shall remain in force and effect.

SECTION 11. WAIVER OF JURY TRIAL. The City and Consultant have specifically waived the right to a jury trial concerning any disputes which may arise concerning this agreement.

SECTION 12. EFFECT OF FAILURE TO INSIST ON STRICT COMPLIANCE WITH CONDITIONS. The failure of either party to insist on strict performance of any covenant or condition of this contract, or to exercise any option herein contained, shall not be construed as a waiver of such covenant, condition, or option in any other instance. This contract cannot be changed or terminated orally.

SECTION 13: HUMAN TRAFFICKING. This Contract is subject to the terms, conditions, provisions and requirements of Section 787.06 of the Florida Statutes and Contractor hereby represents, warrants, and certifies that Contractor does not use coercion for labor or services as defined in Section 787.06, Florida Statutes and that Contractor has provided the Human Trafficking Affidavit.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement on the date written above for execution by the City of New Smyrna Beach.

Form **W-9**
(Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type See **Specific Instructions** on page 2.

Name (as shown on your income tax return)

Business name, if different from above

Check appropriate box: ☐ Individual/Sole proprietor ☐ Corporation ☐ Partnership
☐ Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶ .....
☐ Other (see instructions) ▶

☐ Exempt payee

Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

City, state, and ZIP code

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number

or

Employer identification number

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here **Signature of U.S. person ▶** **Date ▶**

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

STATEMENT OF INSURANCE COMPLIANCE

The undersigned firm agrees to obtain prior to award, if selected, the insurance and levels in accordance to the requirements as set forth in the Invitation for Proposal, Invitation to Bid, or Invitation for Qualifications, or draft agreement, attached hereto.

Policies other than State Issued Worker's Compensation shall be issued only by companies authorized by maintaining certificates of authority issued to the companies by the Department of Insurance of the State of Florida to conduct business in the State of Florida and which maintain a Rating of "A" or better and a Financial Size category of "VII" or better according to the A.M. Best Company. Policies for Worker's Compensation may be issued by companies authorized as a group self-insurer by F.S. 440.57, Florida Statutes.

PUBLIC ENTITY CRIME INFORMATION STATEMENT

All invitations to bid as defined by Section 287.012(11), Florida Statutes, requests for proposals as defined by Section 287.012(16), Florida Statutes, and any contract document described by Section 287.058, Florida Statutes, shall contain a statement informing persons of the provisions of paragraph (2)(a) of Section 287.133, Florida Statutes, which reads as follows:

> **"A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or CONTRACTOR under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list."**

All vendors who submit a Bid or Request for Proposal to the City of New Smyrna Beach, are guaranteeing that they have read the previous statement, and by signing the bid documents, are qualified to submit a bid under Section 287.133, (2)(a) Florida Statutes.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.

***THIS FORM MUST BE COMPLETED AND RETURNED WITH YOUR BID**

DRUG-FREE WORKPLACE CERTIFICATION FORM

IDENTICAL TIE BIDS-In accordance with Florida State Statutes Section 287.087, preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, which are equal with respect to price, quality, and service, are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violation of such prohibition.

2. Establishing an on-going drug-free awareness program to inform employees about:
   a. The dangers of drug abuse in the workplace.
   b. The employer's policy of maintaining a drug-free workplace.
   c. Any available drug counseling, rehabilitation, and employee assistance programs, and
   d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

3. Making it a requirement that each employee to be engaged in the performance of this contract be given a copy of the statement required by paragraph (a);

4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under this contract, the employee will:
   a. Abide by the terms of the statement; and
   b. Notify the Employer in writing of any arrest for a violation of a criminal drug statute or driving under the influence no later than five calendar days after such arrest;

5. Notifying the City of New Smyrna Beach, in writing, within 10 calendar days after receiving notice under subparagraph (4)(b) from an employee or otherwise receiving actual notice of such arrest Consultants of arrested employees must provide notice, including position and title to: City Clerk/Administrator, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, FL 32168.

6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is arrested.
   a. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended, or
   b. Requiring such employee to participate satisfactorily in drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State or local health, law enforcement, or other appropriate agency.

7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (1), (2), (3), (4), (5) and (6).

As a duly authorized representative of the Vendor, I hereby certify that the Firm will comply with the above certifications.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.

****THIS FORM MUST BE COMPLETED AND RETURNED WITH YOUR BID**

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. THIS SWORN STATEMENT IS SUBMITTED TO City of New Smyrna Beach

by _____
(Print Individual's Name and Title)
for _____
(Print Name of Entity Submitting Sworn Statement)
whose business is _____

and (if applicable) its Federal Employer Identification Number (FEIN) is _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133 (1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:

    a. A predecessor or successor of a person convicted of a public entity crime; or

    b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

5. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provisions of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders,

employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. (Indicate which statement applies).

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, nor any affiliates of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. (Attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR A CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

COMPLIANCE WITH EMPLOYMENT ELIGIBILITY REQUIREMENTS

(§448.095, Florida Statutes – E-Verify)

The E-Verify system is an internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees. Florida Statutes §448.095 provides that any person or entity that has entered or is attempting to enter into a contract with the City of New Smyrna Beach to provide labor, supplies or services must register with and use the E-Verify system to verify the work authorization status of all employees hired after January 1, 2021. Further, the consultant must maintain certain required employment compliance records of sub consultants for the duration of the contract with the City of New Smyrna Beach.

Consultant Name: _____

Consultant E-Verify Registration Number: _____

The undersigned, on behalf of the consultant referenced above, after first being duly sworn, states as follows:

1. That said consultant understands that the consultant must comply with §448.095, Florida Statutes.
2. That the consultant uses the E-Verify system to verify the work eligibility status of employees.
3. That the consultant has enrolled in the E-Verify system under the registration number referenced above and will verify the work eligibility status of employees hired after January 1, 2021 through said registration number throughout the contract period of any and all contracts with the City of New Smyrna Beach.
4. That the consultant will maintain affidavits of sub consultants engaged to perform work on any and all contracts with the City of New Smyrna Beach.
5. That said consultant further understands that violation of §448.095, Florida Statutes may result in lawful termination of a contract by the City of New Smyrna Beach, subjecting the consultant to liability for additional costs incurred by the City of New Smyrna Beach as a result of the termination of the contract.

CITY OF NEW SMYRNA BEACH
ACKNOWLEDGEMENT OF SMOKE FREE WORKPLACE

The City strives to improve working conditions and protect the health of employees and the general public. In accordance with the "Florida Clean Air Act" (Florida Statutes, Chapter 386), it is policy of the City to provide a healthy, comfortable, and safe environment in all respects by prohibiting use of all tobacco products in all City buildings, City properties (including rights-of-way), and in all City vehicles.

- Smoking or using a vapor-generating electronic device is prohibited in all City owned or leased buildings, including offices, hallways, waiting rooms, restroom, and break rooms.

- Smoking is not prohibited on City grounds. Those who choose to smoke must do so on their regularly scheduled breaks, or meal periods, off of City property.

All employees assigned to this contract shall acknowledge, sign and comply with the City's Non-Tobacco use policy.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.

CITY OF NEW SMYRNA BEACH, FLORIDA
RFP 08-25-HR: COMPENSATION AND BENEFIT STUDY

Reference Questionnaire for: _____

Name and title of Individual completing this form: _____

Name of Organization: _____

Telephone Number: _____ Email Address: _____

Dates of services received: _____

Description of services provided by the above-mentioned firm to your organization: _____

_____

The City of New Smyrna Beach received a proposal from the above-mentioned Firm listing you as a current or previous client. Kindly answer the following questions, then email your completed form. Your response provides valuable information in our evaluation process.

Each criteria listed below shall be rated on a scale of 1 to 5, with 5 representing exceptional and you would hire the firm or individual again; 4 representing above average; 3 representing average; 2 representing below average; 1 representing poor; and N/A representing that you do not have sufficient knowledge of the Firm or individuals past performance.

Item	Criteria	Score (1-5)
1	Rate how well they communicated significant issues or concerns.	
2	Rate their understanding and ability to apply market trends.	
3	Rate timeliness of gathering and providing information.	
4	Rate how well they were able to provide a plan that adhered to any budgetary restrictions faced.	
5	Rate overall satisfaction with the process and product provided.	

Is there anything additional you would like to add regarding the level of service and expertise of the firm, or the auditor(s) assigned to your organization?

If yes, please describe.

Please email this completed survey to: purchasing@cityofnsb.com by February 20, 2025.

ADDENDUM 1
RFP 08-25-HR: COMPENSATION AND BENEFTIS STUDY
JANUARY 28, 2025

TO ALL PROPOSERS:

Notice is hereby given to all Proposers that this is Addendum 1 to RFP 08-25-HR, Compensation and Benefits Study, issued January 21, 2024.

This addendum is issued to answer vendor questions, clarify, add, delete, correct and/or change the proposal documents to the extent indicated and is hereby made a part of the above noted solicitation documents. Any modifications/changes made by this addendum affect only the portions or paragraphs specifically identified herein; all remaining portions of the proposal are to remain in force. It is the responsibility of all Applicants to conform to this addendum. Please note, questions are recorded as they are received, including grammar and spelling errors.

This addendum shall be considered part of the Contract Documents for the above-mentioned solicitation as though it had been issued at the same time and incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original document, this addendum shall govern and take precedence. All other terms, conditions, and regulations will apply.

This addendum impacts all vendors interested in submitting proposals for this solicitation.

Questions/Answers:

1. **Question:** Section V. Minimum Qualifications states the proposer must have a staffed office within the State of Florida. The Archer Company has a consultant on our team based in Florida, who offices out of her home, like the majority of our team. This is not unusual in the HR consulting space these days. Will the presence of a consultant in a home-based office in Florida be sufficient to meet this requirement?

   Answer: Yes

2. **Question:** Are all job classifications to be reviewed and benchmarked as part of the study? Or will the City accept proposals where a percentage of the classifications are reviewed and benchmarked as is a common practice?
   Answer: All job classifications should be reviewed.

3. **Question:** Is the $2 Million Personal and Advertising Injury Insurance limit able to be waived? We have $1 Million Personal & Advertising but $2 Million for General Aggregate and Products/Completed Operations.?
   Answer: $1 Million personal and advertising injury insurance is acceptable.

4. **Question:** Is it acceptable for a consultant to bid on only portions of the work? For example, our firm's expertise is in compensation and not benefits, so the benefits section may be better handled by a separate firm, while our compensation process and structure may be more favorable.
   Answer: The preference is for a consultant who can bid the entire survey.

5. **Question:** Section VI.H states that the reference questionnaires are due back to CoNSB by 2/4/25; but the questionnaires state that they are due back to CoNSB by 2/20/25. Can you confirm which date is correct?
   Answer: Reference questionnaires are due back to the City prior to 5:00 pm on February 20, 2025.

ALL OTHER AREAS OF THE BID DOCUMENT REMAINS THE SAME

ADDENDUM 2
RFP 08-25-HR: COMPENSATION AND BENEFTIS STUDY
February 5, 2025

TO ALL PROPOSERS:

Notice is hereby given to all Proposers that this is Addendum 2 to RFP 08-25-HR, Compensation and Benefits Study, issued January 21, 2024. This addendum is issued to answer vendor questions, clarify, add, delete, correct and/or change the proposal documents to the extent indicated and is hereby made a part of the above noted solicitation documents. Any modifications/changes made by this addendum affect only the portions or paragraphs specifically identified herein; all remaining portions of the proposal are to remain in force. It is the responsibility of all Applicants to conform to this addendum. Please note, questions are recorded as they are received, including grammar and spelling errors.

This addendum shall be considered part of the Contract Documents for the above-mentioned solicitation as though it had been issued at the same time and incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original document, this addendum shall govern and take precedence. All other terms, conditions, and regulations will apply.

This addendum impacts all vendors interested in submitting proposals for this solicitation.

Questions/Answers:

1. **Question:** What was the date of the last study completed? Was it of the same scope as the current request? Did it include updated job descriptions?
   Answer: 2020. It was in the original scope but due to Covid it was modified and not completed.

2. **Question:** Was the study completed internally or with the assistance of an outside firm? Who was the outside firm if one was used?
   Answer: Externally by Evergreen.

3. **Question:** How many unique job titles are covered in the study?
   Answer: About 150

4. **Question:** Can you advise us on the anticipated start date of the project?
   Answer: As soon as possible after contract is awarded.

5. **Question:** When do you need to have your results for the study?
   Answer: As soon as possible after all data is gathered and analyzed. Prefer 120 days.

Feburary 19, 2025

Janet Vivian, Purchasing Agent
City of New Smyrna Beach
210 Sams Avenue
New Smyrna Beach, Florida 32168

Dear Ms. Vivian:

Evergreen Solutions, LLC is pleased to submit a proposal to conduct a Compensation and Benefits Study for the City of New Smyrna Beach. Our response is based on our review of your Request for Proposal (RFP #08-25-HR), our understanding of the Florida labor market, our experience working with hundreds of local governments and other public sector organizations, and our knowledge of best practices in local government human resources management. **Evergreen believes it is the most qualified to provide the services being requested by the City of New Smyrna Beach as we have conducted more than 1,400 similar studies throughout the country.**

Evergreen was formed in 2004 in Florida to provide an alternative to traditional consulting practices. We provide an innovative and effective option by focusing on clients needing partners and not simply another service provider. Evergreen is licensed to transact business in the State of Florida (#L04000073478).

As a national firm, Evergreen Solutions continues to grow, and our territory now includes clients in 47 states. In the State of Florida, Evergreen has conducted more than 200 compensation and/or classification related studies for local governments and other public sector organizations. The following is just a sample of some of the local government clients we have worked with: **City of New Smyrna Beach;** City of Jacksonville; City of Jacksonville Beach; City of Gainesville; City of High Springs; City of Green Cove Springs; City of Holmes Beach; City of Holy Hill; City of Cocoa; City of Indian Harbour Beach; City of Maitland; City of Lake City; City of Ocala; City of Plant City; City of Wildwood; City of Bunnell; City of Bushnell; City of Zephyrhills; City of Groveland; City of Alachua; City of Kissimmee; City of St. Cloud; City of Clermont; City of Winter Park; City of Orlando; City of Deltona; City of St. Petersburg; City of Dunedin; City of Clearwater; City of New Port Richey; City of Palm Bay; City of Fort Myers; City of North Port; City of Cape Coral; City of Daytona Beach; City of Daytona Beach Shores; City of Punta Gorda; City of Sarasota; City of Orange City; City of Venice; City of Sebring; City of Bartow; City of Coral Springs; City of Dania Beach; City of Melbourne; City of Miramar; City of Cooper City; City of Naples; City of West Melbourne; City of Boca Raton; City of Temple Terrace; City of Sunrise; City of Tamarac; City of Hollywood; City of Plantation; City of Delray Beach; City of Doral; City of Palm Beach Gardens; City of Parkland; City of Miami Beach; City of North Miami Beach; City of South Miami; City of Sunny Isles Beach; City of Coral Gables; City of Homestead; City of Key West; City of Largo; City of Marathon; City of Destin; City of Panama City; City of Panama City Beach; City of Fort Walton Beach; City of Pensacola; City of Apalachicola; City of Sopchoppy; Flagler County; Lake County; Alachua County; Hernando County; Osceola County; Citrus County; Brevard County; Seminole County; Sumter County; Charlotte County; DeSoto County; Hardee County; Collier County; Highlands County; Sarasota County; Pinellas County; Hillsborough County; Marion County; Manatee County; Martin County; Orange County; Monroe County; Palm Beach County; Miami-Dade County; Bay County; Santa Rosa County; Okaloosa County; Walton County; Gadsden County; Gulf County; Leon County; Wakulla County; Franklin County; Miami Shores Village; Village of North Palm Beach; Village of Pinecrest; Village of Islamorada; Town of Lake Park; Town of Jupiter; Town of Cutler Bay; Town of Davie; Town of Longboat Key; Town of Lake Hamilton; Town of Lady Lake; Town of Orange Park; Town of Palm Beach; and many others. A

detailed description of the services provided to some of these clients as they relate to the services being requested can be found in **Section 2** of our proposal.

Evergreen Solutions is able to fully comprehend the challenges and goals of the City of New Smyrna Beach because of our vast understanding of local government human resources, and the fact that we possess the necessary experience and qualifications. Our team has significant expertise in conducting compensation and benefits studies for local governments and other public sector organizations, as evidenced in **Section 3** of our proposal. Detailed resumes are available upon request.

Some of the human resource services Evergreen Solutions has focused on include: compensation and benefits studies; classification studies; performance management studies; recruitment, hiring, and retention studies; workload analyses; HR department reviews; organizational assessments; strategic and workforce planning; and staffing studies. Through our experiences in conducting this wide range of projects, we have gained the knowledge of every aspect of the management and operations involved in local government human resources management. As a result, our team understands how critical a classification and compensation system is to the overall operation of a proficient and progressive municipality. We have developed helpful methods and tools that assist clients in implementing and maintaining our study recommendations.

Evergreen's approach to conducting a compensation and benefits study draws not only from extensive human resources work with local government clients, but also from direct feedback of our past clients. Some of the key facets of our approach as identified in **Section 4** of our response includes:

- Major emphasis is placed on communication as the key to a successful study as well as its implementation. Our Team understands that compensation by its very nature creates anxiety in staff and managers alike. In order to ensure a successful study process and "buy-in" at implementation, administrators, department heads, and employees need be involved in every step of the process. Our communication plan is a critical component of any study and to ensure our clients are informed of statuses or potential challenges, we provide continuous communication through the use of regular meetings and written progress reports.

- Our methodology utilizes the latest technology in order to reduce the cost to our client partners and enhance wider participation by offering of our tools in an electronic format. In essence, every step of the process can be completed on the Web. Further, our web-based ***JobForce Manager*** tool allows our client partners to facilitate implementation and eases the ongoing maintenance of the compensation system.

- We understand that one size does not fit all. Some consultants provide the same overall solution to every client. We take great pride in providing a variety of alternatives that allow our client partners to select the solution that best meets their business and human capital needs.

As President of Evergreen Solutions, I am authorized to commit our firm contractually to this engagement. We have read your terms and conditions and believe we can successfully work within your requirements.

We appreciate this opportunity and commit to you our best effort if selected for this engagement. If you have any questions, please feel free to call me at (850) 383-0111 or via email at jeff@consultevergreen.com.

Sincerely,

Jeffrey Ling, PhD, President

1.0 – Management Summary

Evergreen Solutions understands that the City is looking to hire an outside consultant to conduct a Compensation and Benefits Study that will address the following goals and objectives as outlined in the general description of services of the Request for Proposal.

- attract and retain qualified workers who will be paid equitable salaries;
- provide equitable salaries and benefits for all employees of the City; and
- provide the City with a salary and benefit structure that will enable the City to maintain a competitive position within the same geographic area but will be financially sustainable for the long term.

Evergreen further understands that the City desires recommend adjustments to its pay and benefit plans, to allow for appropriate compensation and benefits, rectify internal compression/equity issues along with compensation comparisons from surrounding jurisdictions and other comparators. In addition, the City would like the hired consultant to create accurate job descriptions utilizing accepted best practices in the management and design of compensation and benefit systems.

Evergreen's approach to conducting the Compensation and Benefits Study is built on working collaboratively with the City to make sound, implementation-focused recommendations. Specifically, we have developed a methodology that: focuses on market competitiveness; is based on the City's compensation philosophy; recognizes that compensation is comprised of more than just base pay levels; reflects changes in recent compensation strategies; designs custom solutions that take into account the diversity of needs present in the City and allows you to select the components and options that best meet your overall needs; and produces a structure that will improve the City's ability to recruit, reward, motivate, and retain talent in a competitive environment that includes both public and private sector employers.

As President of Evergreen Solutions, I am attesting that the information provided in our proposal is current and factual and that all members of the proposed project team agree to work together to ensure a successful study.

Sincerely,

Jeffrey Ling, PhD, President
Evergreen Solutions, LLC

Section 2.0
Background and Experience of the Firm

2.0 Background and Experience of the Firm

Evergreen Solutions is well qualified to conduct a Compensation and Benefits Study for the City of New Smyrna Beach as we have conducted more than 1,400 similar studies for local governments and other public sector organizations throughout the country, including more than 200 within the State of Florida. In this section, we provide the history and background of our firm; and a list of similar studies we have performed or are currently under contract to perform.

2.1 Firm's Background and History

Evergreen Solutions, LLC is a national, multidisciplinary, public sector management consulting company, which specializes in working with public sector organizations, including hundreds of local governments, across the nation. We provide a unique approach, rather than the "consulting as usual" method, by partnering with our clients to find innovative, real-world solutions to public management.

Evergreen was formed in 2004 in the State of Florida to provide a modern, practical alternative to the typical consulting options. Evergreen is made up of management and human resource professionals as well as strategic partners who came together to form an innovative alternative that places clients and their needs before any individual, model, or corporate goal.

Evergreen's philosophy is based on an understanding that there is not a "one size that fits all" solution to compensation management. Our approach is built on working collaboratively with all parties to make sound, implementation-focused recommendations.

Evergreen employs 25 full- and five part-time staff who provide a variety of human resources consulting work. Evergreen is located in Tallahassee, Florida with additional offices in Orlando, Tampa, and Fort Lauderdale. Evergreen is licensed in the State of Florida (#L04000073478).

Our main focus is on people, management, and technology. This focus allows our team to provide a broad variety of services, including, but not limited to: compensation and benefits studies; classification studies; performance appraisal reviews; workload analyses; staffing studies; disparity studies; training assessments; and strategic planning.

We invite you to browse our Web site at **www.ConsultEvergreen.com** or visit us on Facebook at www.facebook.com or LinkedIn at www.linkedin.com for more information about our services, staff, and past experience.

Evergreen Solutions was founded with the intent of offering public sector leaders an alternative to the "business as usual" consulting approach. We assist public sector professionals in exercising control over the inter-related elements that determine success or failure.

We accomplish this by applying a situation-responsive discipline that emphasizes:

- full visibility into the entire organization through research and discovery;
- a spirit of partnership with local government staff and leadership;
- sound recommendations based on best practices and proven methods; and
- a practical go-forward plan that leads to quantifiable results.

Collectively, the members of the Evergreen Solutions Team have:

- extensive experience in conducting compensation and benefits studies for local governments and other public sector organizations throughout the country, including many in the State of Florida;
- comprehensive experience in all components vital to the successful completion of this engagement;
- knowledge of relevant Florida statutes and regulations as well as federal regulations;
- objectivity and flexibility due to the fact that we have no vested interests; and
- specialized analytical tools that we bring to this engagement.

Clients nationwide have been successfully implementing recommendations from our team of professional consultants for decades. Evergreen has contracted with public sector, quasi-governmental, and non-profit organizations in 46 states throughout the country, the majority of which have been located in the State of Florida.

Exhibit 2-1 includes a list of some of the local governments and other public sector organizations in the State of Florida that Evergreen has worked with, or is currently on contract to work with, in providing work similar in scope to the services being requested. Note: Evergreen has also worked with many school districts and institutions of higher education in Florida that are not listed in the exhibit.

2.2 Select Relevant Florida Experience

Because Evergreen has conducted more than 1,400 compensation and/or classification studies throughout the country, we include in this section only a sample of some of our similar local government work in the State of Florida.

Classification and Compensation Study
City of New Smyrna Beach

Evergreen Solutions was retained by the City of New Smyrna Beach to conduct a Classification and Compensation Study. Evergreen's consultants conducted a comprehensive evaluation of the City's Pay Plan and compensation policies as they related to all City position classifications and provided recommendations to classify/reclassify positions and provided updates to job descriptions.

Evergreen further conducted a comprehensive compensation survey to include salaries, wages, supplemental pay, and benefits of like cities considered as the appropriate labor market within the State of Florida. Based upon results of the survey, Evergreen recommended revised a salary classification and compensation plan for the City Commission's consideration. Based upon the recommended classification grades, and existing salaries, Evergreen's consultant recommended proper placement within proposed classifications, and recommended appropriate "equity adjustments".

In the end, Evergreen developed and recommended an implementation plan for adoption of the proposed classification plan and salary adjustments to include an estimated fiscal impact, with options for a multi-year implementation.

Job Classification and Compensation Study
City of Melbourne

Evergreen Solutions was retained by the City of Melbourne to conduct a Job Classification and Compensation Study. Evergreen reviewed the City's salary and benefit structure and assist in updating information on essential job functions, responsibilities, required knowledge, skills and abilities, and physical demands of each position. Evergreen examined all job descriptions to include a review of position FLSA designations; essential functions; minimum qualifications, license requirements, working conditions, etc.., provided recommended updates and/or changes, established criterion for the selection of survey participants with City staff members, prepared a survey to send to the participants, and prepared recommendations based on the results.

Evergreen addressed compression/equity issues between pay grades and classifications and established an equitable classification methodology and salary ranges to provide for the recruitment and retention of qualified staff as well as the equitable relationships of one job to another within the organization. Recommendations were provided to classify/reclassify positions as appropriate. In addition, a recommendation was made for a new

compensation plan that is fair and equitable in order to attract, motivate, and retain a quality workforce. Evergreen provided three (3) separate proposed pay plan structures based on salary scales that are 90%, 100% and 110% of the surveyed labor market.

Compensation and Classification Study and Staffing Analysis
City of Dayton Beach Shores

Evergreen Solutions was retained by the City of Daytona Beach Shores to conduct a Compensation and Classification Study that included a staffing analysis and the development of a Performance Appraisal System. Evergreen's consultants assessed the conditions within the City's current compensation and classification systems and provided a summary. The Job Assessment Tool (JAT) and Management Issues Tool (MIT) was used to build a projected classification plan and develop preliminary recommendations. Evergreen prepared and conducted a customized market salary survey and provided an external assessment summary, as well as a staffing analysis. Comparison data from a representative group of comparable targets were included in the analysis. A final report was developed, outlining the methodology and results of the study, including all market research and recommendations. Recommendations were also developed for future Compensation Administration and updating and creating new job descriptions.

Classification and Compensation Study
City of Cocoa

Evergreen Solutions was hired by the City of Cocoa, located in Brevard County, to conduct a Classification and Compensation Study for its 444 employees. Evergreen's consultants performed a comprehensive survey of the City's job classifications, pay structures and benefits and provided recommendations to the City for implementation of the proposed changes in order for the City to maintain internal and external equity.

The City's objectives for the study were: to attract and retain qualified workers who will be paid an equitable salary and benefit package; provide fair salaries for all workers of the City; and provide a salary structure that enables the City to maintain a competitive position with other cities and companies within the same geographic area.

The City's current Pay and Classification Plan consisted of four different classifications:

- General Employees: The current pay structure is set up in pay grades with steps (varying in numbers, up to 16 steps).

- Laborers' International Union of North America (LIUNA): These positions consist of 16 different pay grades with established minimum and maximum pay ranges.

- Coastal Florida Police Benevolent Association (PBA): These positions consist of three (3) different pay grades with established minimum and maximum pay ranges.

- International Association of Firefighters (IAFF): These positions consist of two different pay grades with established minimum and maximum pay ranges.

Pay and Classification Study
City of Jacksonville Beach

Evergreen was retained by the City of Jacksonville to conduct a Pay and Classification Study. Evergreen evaluated the current system, collected and reviewed current environment data, and evaluated and built the projected classification plan. Evergreen Identified a list of market survey benchmarks and conduct a market survey. Evergreen provided the City with the external assessment summary, developed strategic positioning recommendations, and developed and submitted draft and final reports and recommendations for compensation administration.

Compensation Study
City of Jacksonville

Evergreen Solutions was retained by the City of Jacksonville to conduct a Compensation Study for Forensic Pathologists. Evergreen conducted a market salary and benefits survey with 25 peer organizations in order to produce a pay plan(s) for the positions of District Chief Medical Examiner and Associate Medical Examiner that best met the needs of the City from an external equity standpoint. In conducting the market salary and benefits survey, Evergreen examined the following:

- base salary, bonuses, incentive, etc.;
- health, dental, vision, and life benefits;
- accrued time off;
- holidays;
- retirement plan options;
- estimated future adjustments due to cost-of-living increases, general wage adjustments, or for any other reason;
- minimum requirements of the positions; and
- cost of living analysis as compared to Jacksonville.

Evergreen provided a final report for the City of Jacksonville's Leadership that included recommendations for employee salary adjustments.

Classification and Compensation Study
City of Lake City

Evergreen Solutions was retained by the City of Lake City to conduct a Classification and Compensation Study. Evergreen's consultants reviewed the City's current classification and compensation plan and identified and recommended a consistent and competitive market position that the City could strive to maintain based on a salary survey results from peer organizations. Evergreen recommended an appropriate salary range for each position in the City based on a review and analysis of the classification plan, the compensation survey results, internal relationships, and external and internal equity. Evergreen further provided recommendations for the ongoing internal administration and maintenance of the proposed compensation and classification plan. **Note:** Evergreen also completed a second study in 2019 by updating the City's Compensation Plan.

Compensation Study
City of Flagler Beach

Evergreen Solutions is retained by the City of Flagler Beach to conduct a Compensation Study. Evergreen will conduct a salary survey to determine the City's competitiveness in the market. **Note:** This project is nearing completion.

Compensation Study
City of Bunnell

Evergreen Solutions was again engaged with the City of Bunnell to conduct a Compensation Study. Evergreen's consultants compared the City to what other local jurisdictions were doing as it related to salary ranges, steps within ranges, and range spreads and made recommendations that will improve the City's position in the market and its ability to recruit and retain qualified employees. **Note:** Evergreen previously conducted a Classification and Compensation Study for the City in 2007.

Classification and Compensation
City of Wildwood

Evergreen Solutions was retained by the City of Wildwood to conduct a Classification and Compensation Study. Evergreen conducted a job analysis in order to determine internal equity and to update job descriptions. Evergreen's consultants also reviewed the City's current compensation plan and identified and recommended a consistent and competitive market position that the City could strive to maintain based on a salary survey results from peer organizations.

Salary and Benefits Survey
City of St. Cloud

Evergreen Solutions was retained in 2014 by the City of St. Cloud to conduct a Salary and Benefits Survey. Evergreen's consultants reviewed the effectiveness of the City's current salary and benefits plan as it related to the market competitiveness for attracting and retaining quality employees. Pay ranges were analyzed in the public and private sector to determine the appropriate pay levels for all included jobs and recommendations were provided to improve the fairness and equity in the current system.
Note: Evergreen was previously hired to conduct a Compensation and Classification Study for the City.

Salary Survey and Job Analysis on Selected Positions
City of Kissimmee

Evergreen Solutions was hired last year by the City of Kissimmee to conduct a Salary Survey as well as a Job Analysis on selected positions (i.e., Police and Fire). The intent of the study was to compare and contrast the City's current salary structure and levels with those of key competing employers so that a determination could be made regarding the City's competitive position within the marketplace. **Note:** Evergreen previously conducted a Salary, Benefits, and Classification Study for the City. In addition, Evergreen was recently hired to conduct a comprehensive Classification and Compensation Study.

Evergreen was hired again in 2023 to conduct a Classification and Compensation Plan Update.

Classification, Compensation and Other Related Services Study
City of Maitland

Evergreen Solutions was retained by the City of Maitland to conduct a comprehensive evaluation of their compensation and classification plans and practices. Employees participated in the project by attending focus groups, participating in interviews, and completing Job Assessment Tool surveys to determine the accuracy and equity of the classification plan. In addition, pay ranges were analyzed in the public and private sector to determine the competitiveness of the City's pay plan for all included jobs. Recommendations were provided to improve the accuracy, fairness and equity of the overall plan.

Classification and Compensation Study
City of Winter Park

Evergreen Solutions assisted the City of Winter Park's Human Resources Department with conducting a comprehensive classification and compensation study for all full-time employees. The project centered on providing the City with a revised system that was characterized by internal and external equity. To ensure internal equity, Evergreen utilized its Job Assessment Tool (JAT) and Management Issues Tool (MIT) to properly classify work performed and highlight issues to be addressed by management. Employees at all levels were also provided a forum to voice concerns with the current system through focus groups. Evergreen also selected benchmarks and peer organizations to survey for wages in comparison to the market. This information was combined with the job analysis to provide a comprehensive solution. The recommended solutions were costed out and presented to the City for review.

Compensation and Classification Study
City of Deltona

Evergreen Solutions was hired by the City of Deltona to conduct a Compensation and Classification Study including all non-sworn positions and provide recommendations for implementation of a revised pay plan. The study included all non-sworn employees and classifications in the City. As part of the study, the Evergreen Solutions Team conducted orientations, focus groups, and interviews with employees and collected Job Assessment Tools (JATs) from employees. Evergreen Solutions consultants conducted a comprehensive salary survey of local and regional employers to assess the market competitiveness of the City. A detailed plan was developed to provide the City with specific steps to implement an equitable and competitive compensation plan. Finally, revised class descriptions were developed using information obtained during the JAT process, and training was provided to City staff to maintain the recommended compensation and classification system.

Compensation Consulting Services
City of Orlando

Evergreen was retained by the City of Orlando to provide compensation consulting services. Evergreen analyzed the current labor market trends in the Orlando metro area, including the pay increases being offered by Disney between 2019 and 2020; collected information from public entities in the Orlando metro area regarding how they were responding to turnover and talent shortages; examined best practices on implementing wage floors to address local market changes; proposed several alternatives to the City to address local market changes, especially those related to the increase in the minimum wage to $15 per hour by some private organizations; worked with the City HR staff to model and cost different implementation scenarios; and provided a short summary of the analysis and recommendations.

Note: Evergreen has worked with the City on more than five occasions providing a variety of human resource consulting, including compensation and classification studies for various employee groups.

Classification / Compensation Study
City of Orlando

Evergreen was again hired in 2023 to conduct both a Classification and Compensation Study of its total workforce (i.e., 4,500 employees). Evergreen has already completed the compensation study and provided recommendations on how the City can be more competitive in the market. Evergreen is currently completing a classification study to determine whether the City's more than 50 classifications are internal equitable and properly classified.

Classification and Compensation Job Classification Analysis
City of St. Petersburg

Evergreen Solutions was retained by the City of St. Petersburg to conduct a Job Classification Analysis in order to update and produce approximately 648 legally-compliant job descriptions that would include 6 – 8 core competencies each. Evergreen's consultants: analyzed all city job descriptions, both full-time and part-time positions, and determined the core competencies for each classification; and revised classifications and competencies that formed the foundation of the City's recruitment, learning management, performance management, and succession planning programs.

Evergreen met with HR staff and department heads to discuss roles, competency model options, and project processes and adjusted the competency survey that was used in conjunction with the Job Assessment Tool (JAT) that was administered to a representative sample of the City's 3,150 full- and part-time staff. Evergreen reviewed the work performed by each classification and scored and reviewed supervisory comments for any anomalies or discrepancies discovered. Evergreen created task inventory and job families based on JAT responses and organizational charts and identified the degree of overlap in tasks between jobs in similar job families. From this, Evergreen identified root factors in each task grouping and linked to any underlying behavioral factors.

Classification and Compensation Study
City of Clearwater

Evergreen Solutions was retained by the City of Clearwater to conduct a Classification and Compensation Study. Evergreen's consultants reviewed and evaluated the existing classification/compensation system and benefits structures; developed a new methodology for pay structures and guidelines to address internal equity and external competitiveness (a salary survey or market study of benchmark jobs against comparable positions in other governments and relevant industries); and prepared updated pay plan schedules.

Classification and Compensation Services
City of Dunedin

Evergreen Solutions was engaged with the City of Dunedin to provide and Classification and Compensation Services. Evergreen analyzed each position within the City by conducting interviews; evaluating employee position descriptions and duties; interviewing department heads; assessing classifications within positions; and making FLSA determinations. Evergreen presented a proposed classification structure to City management, including a cost analysis for positions that would require adjustments. Evergreen also conducted a comprehensive survey of public and private labor market comparable designed to include salary ranges, and actual salaries to ensure that the City's compensation was equitable and competitive relative to internal factors and external markets.

Classification and Compensation Study
City of Fort Myers

Evergreen Solutions was hired the City of Ft. Myers to conduct a Classification and Compensation Study for all employee groups (i.e., Police Union – Sworn only; Fire Union and General Union and Non-bargaining). The study will include comprehensive classification analysis using Evergreen Solutions' Job Assessment Tool job valuation methodology in addition to a statistical assessment of current conditions. An evaluation of external equity including a salary survey of competing organizations will also be conducted. The project will conclude with a series of findings and recommendations designed to identify and recommend resolution of any inequities in the system and, if necessary, redesign the existing system in place for the City
Note: Evergreen was again hired in 2020 to conduct a Compensation Study for the City as well as a Staffing Study of the Police Department.

Compensation and Classification Study
City of North Port

Evergreen Solutions was retained by the City of North Port to conduct a Compensation and Classification Study by performing a market study to assess the City's existing compensation and classification plan. The goals for the study were to: assess the current compensation and classification structure; identify and address internal compensation inequities and recommend adjustments to job titles to better fit assigned duties where necessary; review job families/hierarchies throughout the organization; support a market-driven compensation plan and system that is designed to incentivize, recognize and retain its employees; recommend changes to pay plan and classification structure; review the total compensation package (salary plus benefits); recommend how to implement tools and techniques to support an ongoing reclassification process that will enable the organization to maintain its competitive place in the market; and provide findings and recommendations in a comprehensive report.

Classification and Compensation Study
City of Sarasota

Evergreen Solutions was retained by the City of Sarasota to conduct a classification and compensation analysis of its workforce. Employees participated in focus groups, interviews, and a job analysis was conducted to determine the best classifications for the work performed. In addition, pay ranges were analyzed in the public and private sector to determine the appropriate pay levels for all included jobs. Recommendations were provided to improve the fairness and equity in the current system.

Compensation, Classification, and Benefits Study
City of Palm Beach Gardens

The City of Palm Beach Gardens entered into a contract with Evergreen to conduct a comprehensive Compensation and Classification Study to assess the city's internal and external equity. The City had established track record of regular studies of this nature and seeks up-to-date competitive salary and benefits information from both the private and public sector. A salary survey of peer organizations in the local and regional market, to include benefits and total compensation, was conducted to ascertain the City's relative market position. The City maintained the objective of being among the compensation leaders in Palm Beach County, and regular evaluation of this kind was essential in achieving this progressive goal.

The study included a complete classification analysis using Evergreen Solutions' Job Assessment Tool job valuation methodology in addition to a statistical assessment of current conditions. The study concluded with a series of findings and recommendations in a written report that was designed to identify and recommend resolution of any inequities in the system and, if necessary, update the existing classification structure. The City had gone through a considerable reduction in force, which had caused many responsibilities to be shuffled.

Compensation Study
City of Hollywood

The City Hollywood retained Evergreen to conduct a compensation study of all non-represented employees and then again for AFSCME employees (i.e., approximately 66 Professional and Supervisory employees in 38 different job classifications). A job-task analysis/job audit was conducted to determine whether classifications were correctly placed in the organizational hierarchy and whether individual job positions were classified correctly. Evergreen reviewed job descriptions using the Job Assessment Tool job valuation methodology and conducted a statistical assessment of current conditions to ensure compliance with federal and state laws including proper designation of classifications as "exempt" vs. "non-exempt".

Evergreen conducted a comprehensive survey to ensure that the City of Hollywood's compensation plan was equitable and competitive in its total compensation package relative to internal factors and external markets (The City's goal was to be in the top 25% in salary). Evergreen's consultants reviewed existing salaries to determine proper placement within proposed classifications, and recommend appropriate "equity adjustments" as needed, based upon the results of the salary survey and the recommended pay plan.

Evergreen concluded the study with recommendations designed to alleviate any strains on the current compensation and classification system. Evergreen further recommended procedures, policies, and methods to maintain an on-going Classification & Compensations Plan that was performance based, fair and competitive. In addition, Evergreen's consultants developed policies and procedures for developing and maintaining a career track/progression/ retention program and reviewed existing performance appraisal system in order to make recommendations to integrate the performance appraisal system with new Classification & Compensation Plan.

Benchmark Compensation Study
City of Plantation

Evergreen Solutions was retained by the City of Plantation to conduct a Benchmark Compensation Study and develop a city-wide compensation plan for the City, taking into account internal and external equity. Evergreen developed recommendations and guidelines for the continued administration and maintenance of the compensation structure, including recommendations and guidelines related to how employees will move through the pay structure/system as a result of transfers, promotions, demotions and employees whose base pay is at the maximum of their pay range in their positions; including proposal for the proper mix of pay, how often to adjust pay scales and survey the market, and how to keep the system fair and competitive over time. **Note:** Evergreen was again hired in 2021 to conduct a Job Classification and Compensation Study and in 2023 to conduct a Compensation Plan Update.

Job Classification and Compensation Study
City of Sunrise

Evergreen Solutions was engaged with the City of Sunrise to conduct a Job Classification and Compensation Study of its 1,200 employees. The City is at the geographic center of the tri-county metropolitan area comprised of Miami-Dade, Broward and Palm Beach Counties and has a reputation for strong financial management, aggressive economic development, outstanding police and fire rescue services, leadership on regional issues, and support for its public schools.

Evergreen conducted a comprehensive evaluation of the City's current classification structure and related policies and practices as well as a comparative analysis of position classifications to determine relative work within the organization and for the establishment of appropriate pay grades. Evergreen worked with the City to identify the proposed labor market and benchmark classes and public and private agencies/markets that were similarly situated to the City to include in the salary survey. A comprehensive total compensation and benefits survey was distributed to comparable peers that not only assessed job titles but also accounted for actual corresponding job duties and responsibilities.

Evergreen further conducted interviews with employees in single position classifications, a representative sample of employees in multiple position classifications, and appropriate management personnel in order to validate the information pertaining to job duties. Information was obtained from employees through the distribution of a job assessment tool Evergreen used the information obtained from the JAT to perform a job analysis to verify and validate information with existing job descriptions to determine if classifications were correctly allocated in an organizational hierarchy.

In the end, Evergreen summarized the methodology, techniques, and data used to develop the proposed compensation and classification plan and provided recommendations for a classification and compensation structure that reflected the City's overall classification and compensation strategies. Evergreen further recommended pay grades, grade pricing and salary ranges for all existing and proposed classifications.

Employee Compensation Consultant Services
City of Coral Springs

Evergreen Solutions was engaged with the City of Coral Springs to provide employee compensation consultant services. The purpose and intent of the study was to compare and contrast the City's current salary structure and levels with those of key competing employers and to determine the City's competitive position within the marketplace. Evergreen analyzed each position within the City by conducting interviews and evaluating position descriptions and duties. Evergreen also interviewed department heads and assessed classifications within positions to determine whether classifications need to be revised. Based on the review, Evergreen recommended pay and classification strategies for the City in order to attract and retain talented employees. **Note:** Evergreen Solutions was again hired in 2021 by the City of Coral Springs to conduct a market salary survey.

Classification and Compensation Study
City of Sunny Isles Beach

Evergreen Solutions was retained by the City of Sunny Isles Beach to conduct a classification and compensation study for all its employees. Employees participated in focus groups, interviews, and a job analysis was conducted to determine the best classifications for the work performed. Pay ranges were analyzed in the public and private sector to determine the appropriate pay levels for all included jobs and recommendations were provided to improve the fairness and equity in the current system. **Note:** Evergreen was again hired in 2024 to conduct a pay plan update.

Salary Survey
City of Dania Beach

Evergreen Solutions was retained by the City of Dania Beach to conduct a salary survey to compare 40 benchmark positions against municipalities of comparable size within the tri-county area, and to make recommendations to improve the competitiveness of the City in recruiting and retaining qualified staff.

Compensation Study
City of Boca Raton

Evergreen was hired by City of Boca Raton to conduct a Compensation Study for its workforce of 1,550 employees. Evergreen will conduct a comprehensive market-based survey and analysis of the City's current salary ranges and employee compensation. Evergreen will also produce a pay plan for the City, develop strategic positioning recommendations and opportunities, and provide options to address salary progression and compression considering internal and external equity to ensure competitiveness within the market. Evergreen will prepare implementation strategies and a cost analysis for the pay plan and compensation recommendations.

Compensation and Classification Study
City of Miami Beach

Evergreen Solutions is retained by the City of Miami Beach to conduct a Compensation and Classification Study for 600 benchmark jobs that were identified by the City Human Resources Department. Evergreen worked with the City to identify comparable cities and public sector organizations in South Florida to review the effectiveness of the City's current salary plan as it related to market competitiveness for attracting and retaining quality employees. The study was conducted in two phases. Phase 1 consisted of 300 positions (i.e., classifications) and Phase 2 also consisted of 300 positions. Therefore, only those employees that were covered by the 300 positions were included in each phase of the study. **Note:** This project is nearing completion.

Compensation Study
City of North Miami Beach

Evergreen Solutions was retained by the City of North Miami Beach to conduct a compensation study. Evergreen consultants reviewed pay ranges in the public and private sector to determine the appropriate pay levels for all included jobs (up to 60 benchmarks). Recommendations were provided to improve the fairness and equity within the City. Evergreen provided City staff with the necessary training and materials so that an understanding of the methodology— and how to implement, administer, and maintain the recommended compensation system—was accomplished. **Note:** Evergreen was again hired in 2021 to conduct a Compensation and Classification Study.

Classification and Compensation Study
City of South Miami

Evergreen Solutions was retained by the City of South Miami to conduct a Classification and Compensation Study. Evergreen conducted a job analysis to ensure internal equity and to update job descriptions. Evergreen also conducted a market salary survey by collecting salary data from peer organizations in order to provide recommendations that will allow the City to better retain and attract a well qualified workforce.

Pay and Classification Study
City of Doral

Evergreen Solutions was engaged with the City of Doral to conduct a Pay and Classification Study. Employees participated in focus groups, interviews, and a job analysis was conducted to determine the best classifications for the work performed. In addition, salaries were analyzed in the public and private sector to determine the appropriate salary for all included jobs. Recommendations were provided to improve the fairness and equity in the current classification and compensation system. **Note:** Evergreen was previously hired to conduct a Compensation, Classification, and Value Engineering Study.

Classification and Compensation Study
City of Coral Gables

Evergreen Solutions was retained by the City of Coral Gables to conduct a Classification and Compensation Study. Evergreen's consultants conducted a job analysis in order to determine the appropriate classification structure for the City and to update job descriptions. Evergreen also conducted a salary survey for the purpose of ensuring that the City's pay plan was competitive in the market for retaining and recruiting a talented workforce.

Compensation and Benefits Study
City of Homestead

Evergreen Solutions was engaged with the City of Homestead to conduct a Compensation and Benefits Study. Evergreen conducted an analysis of pay and leave benefits including holidays, sick leave, administrative leave, and vacation against the market and provided recommendations to allow the City to be more competitive in the market for retaining and recruiting employees.

Compensation Analysis
City of Orange City

Evergreen Solutions was engaged with the City of Orange City to conduct a Compensation Analysis. Evergreen's consultants estimated the City's market position, refined pay plan, and slotted incumbents based on data that was collected from the region.

Salary Survey
City of Temple Terrace

Evergreen Solutions was retained by the City of Temple Terrace to conduct a Salary Survey. Benchmark positions were selected and compared against market peers to determine equitable pay for City employees. Evergreen's recommendations improved the competitiveness of the City and helped prepare it for future recruitment challenges.

Comprehensive Classification and Compensation Study
City of Panama City Beach

Evergreen Solutions was hired by the City of Panama City Beach to conduct a Comprehensive Classification and Compensation Study by reviewing job descriptions, position classification schedules, pay plans, and compensation programs for approximately 255 non-union City employees. Evergreen presented a methodology that accurately and fairly measured compensable factors, allowed proper and equitable cross comparisons of compensable factors for classes, and minimized the appearance of possible prejudices on the part of the City administration.

In the end, Evergreen provided written procedures for maintaining pay plans, reviewed general practices, and made recommendations for improvements to the current classification and compensation structure based upon the results of the market and benefit survey and the classification analysis. Further, Evergreen designed and recommended an implementation plan for the updated compensation strategy with the lowest impact to both the minimum and maximum points of the updated pay plan and the greatest gain to positions that fell outside of the updated and designated range. Evergreen also recommended administrative procedures to maintain fairness and competitiveness of the position classification and compensation plan after implementation and recommended final pay schedules with projected costs based on a range of alternative implementation plans.

Compensation Study
City of Panama City Beach

Evergreen Solutions was hired in 2023 by the City of Panama City Beach to conduct a Compensation Study. Evergreen collected relevant data; identified up to 15 targets and 30 classifications for a market salary survey; developed and conducted a salary survey and analyzed results; reviewed up to 10 job descriptions for possible reclassification; provided recommendations for updates/changes to the pay plan, including implementation options, based on market survey results; and prepared and deliver a draft and final report. **Note:** Evergreen previously conducted a Classification and Compensation Study for the City.

Comprehensive Classification and Compensation Study
City of Panama City

Evergreen was retained by the City of Panama City to conduct a Comprehensive Classification and Compensation Study for 545 non-union positions/employees, including approximately 79 firefighters, 92 police officers, and 5 elected officials in 190 job classifications. Employees participated in focus groups, interviews, and a job analysis to determine the best classifications for the work performed. Pay ranges were analyzed in the public and private sector to determine the appropriate pay levels for all included jobs. Evergreen reviewed the City's current performance evaluation system, tools and procedures, and made recommendations for necessary changes to the system. Recommendations were also provided to improve fairness and equity of all jobs within the City. Select City staff were provided the necessary training and materials so that an understanding of the methodology and how to implement, administer, and maintain the recommended total classification and compensation system were accomplished. Evergreen made recommendations regarding enhancements to the City's current performance evaluation system and provided the City with a performance evaluation tool. **Note:** Evergreen was again hired by the City of Panama City to conduct a salary survey update.

Pay and Classification Study
City of Fort Walton Beach

Evergreen Solutions was hired by the City of Fort Walton Beach to conduct a Pay and Classification Study for its 320 employees. Evergreen conducted a job-task analysis/job audit of all employee positions to verify and validate information from existing job descriptions and conducted personal interviews with employees, supervisors, and directors to determine whether classifications were correctly placed in organizational hierarchy and if individual positions were classified correctly.

Evergreen conducted a comprehensive survey of public and private labor market comparables designed to include salary ranges, actual salaries, and

benefits information to ensure the City of Fort Walton Beach's compensation was equitable and competitive in its total compensation package relative to internal factors and external markets. Evergreen conducted a comparison of existing benefits with market data and comment.

Evergreen recommended and implemented a classification system that could be utilized by City staff at the conclusion of the project. To accomplish this Evergreen's consultants: grouped positions based upon duties performed, knowledge, skills and abilities for the position; conducted and analysis that addressed the issue of internal equity; recommended the assignment of each classification to a pay grade; reviewed current job descriptions and revised/updated as necessary; reviewed the City's current assignment of exempt versus non-exempt status as it related to the FLSA and made appropriate recommendations with justification; and provided appropriate adjustments to account for regional cost of living variations.

Compensation Management Services
Flagler County

Evergreen Solutions was hired by Flagler County to provide Compensation Management services. Evergreen Solutions performed the following: conducted a salary and benefits survey of coastal county peers; collected secondary data on the private sector for those classifications that were more impacted by private industry; analyzed benefits and quality of life data to estimate total compensation for County classifications; developed a new pay plan based on market findings and slotted all included classifications; recommended several methods for placing classifications into the new pay plan and estimated the associated cost; ensured that the adopted pay plan and placement methodology supported a three-level method of employee increases; developed an implementation strategy for enacting the recommended changes to the pay grades and placement; provided a written report summarizing the findings and recommendations; and developed and provided training for a new performance evaluation system.

Note: Evergreen was previously hired by the County to conduct a Job Classification and Pay Study in 2016.

Compensation and Classification Study
Alachua County

Evergreen Solutions was engaged with Alachua County to conduct a Compensation and Classification Study of jobs under the Board of County Commissioners, the Sheriff, Tax Collector, Property Appraiser, Supervisor of Elections, and the Library District. Specifically, the County desired the following services to be performed by Evergreen:

- develop and administer a job analysis questionnaire for the purpose of having employees state their job duties and qualifications including education, experience, licenses and certificates; working conditions (physical and environmental) and all other pertinent information;

- prepare and present to the Board of County Commissioners a report documenting the results of the job analysis by classification and recommendations concerning a classification structure and pay adjustments;

- allocate each employee with regard to the new classification structure;

- identify benchmark classifications to be used to determine appropriate markets for salary survey purposes, as well as to determine the position of the county with regard to salaries for comparable jobs in appropriate markets;

- administer a salary survey for the purpose of recommending appropriate salaries based on external (market) and internal (equity) considerations;

- recommend a salary structure, including the number of pay grades, and pay ranges;

- recommend salaries for each classification, as well as recommended salaries for each employee;

- provide a classification maintenance plan;

- provide guidelines and procedures for administering the resulting classification plan to include the following: Initial placement in the salary range and means for movement through the range; and

- train HR and departmental staff on the methodology and maintenance of the recommended classification and pay plan.

Compensation Study
Lake County

Evergreen Solutions was retained by Lake County to conduct and furnish a comprehensive compensation survey for Lake County government itself, and for select positions at Lake Emergency Medical Services, Inc. Evergreen made recommendations for improvements and modifications to the current compensation and overall pay structure, including number of pay grades, and appropriate pay ranges (minimum, maximum, percentage between grades, etc.). The recommendations also included appropriate salary ranges and midpoints for each job classification and recommendation for ranges that

lagged, matched, or led the relevant labor market. Evergreen surveyed the relevant labor market for merit pay practices being used and recommended pay administration practices to include consideration of merit pay, alternative reward strategies, including non-monetary rewards and cost savings/efficiency incentives as may be suitable.

Compensation Market Salary Survey
Sumter County

Evergreen Solutions was retained by Sumter County to conduct a comprehensive market salary study designed to ascertain the external equity of its compensation plan. The County wanted Evergreen to evaluate its competitiveness with not only the public sector, but the private sector as well. Evergreen employed a methodology that included data from both of these critical markets and took into account the importance of total compensation, including salaries, benefits, and supplements, and provide recommendations for improvements as needed. In addition, Evergreen evaluated the County's classifications to determine whether a functional combination of positions was possible or appropriate, and made administrative recommendations that were designed to assist the County in maintaining the system over time.

Salary and Benefits Review
Hernando County

Evergreen Solutions was retained by Hernando County to conduct a Salary and Benefits Review of its workforce. Evergreen's consultants reviewed the effectiveness of the County's current salary and benefits plan as it related to the market competitiveness for attracting and retaining quality employees. To accomplish this, Evergreen conducted a comprehensive survey of public and private labor market comparables designed to include salary ranges, pay grade factoring system, actual salaries, and benefits (retirement plans, health and dental insurance) information to ensure the County's compensation was equitable and competitive in its total compensation package relative to internal factors and external markets for substantially similar classifications. Evergreen also conducted a job-task analysis/job audit of all 766 employee positions to verify and validate information from existing job descriptions. Personal interviews with employees, supervisors, and directors were conducted to determine whether classifications were correctly placed in organizational hierarchy and whether individual positions were classified correctly. Pay ranges were analyzed in the public and private sector to determine the appropriate pay levels for all included jobs and recommendations were provided to improve the fairness and equity in the current system.

Classification and Compensation Study Analysis
Suwannee County

Evergreen was hired by Suwannee County to conduct a Classification and Compensation Study Analysis. Evergreen will perform the following tasks: provide a comprehensive evaluation of every job in the County; establish appropriate benchmarking standard and conduct salary surveys; analyze and recommend changes to the present compensation structure to meet market analysis; update job descriptions; recommend and identify a consistent and competitive market position; conduct a compression analysis to include any recommendations for implementation; and conduct a training program for the Human Resources staff.

Compensation and Benefits Study
Seminole County

Evergreen Solutions was hired by Seminole County to assist with a county-wide Compensation and Benefits Study. The study included employees who served in various capacities for the Board of County Commissioners. As part of the review, orientation sessions, focus groups, and interviews were conducted throughout the county. All employees were asked to complete the Job Assessment Tool (JAT) and job analysis was conducted with the results in order to create a classification plan. A salary survey was issued to local and regional employers to assess competitiveness. Based on the classification and compensation findings, a new pay plan as well as policies and procedures were recommended to the County. **Note:** Evergreen also conducted two other studies for Seminole County (i.e., Compensation and Classification Study and a Performance Evaluation Study).

Compensation Study
Osceola County

Evergreen Solutions was retained by Osceola County to review its compensation system and structure for areas of improvement. The Evergreen team examined current pay plan's organization, market responsiveness, and adaptability. A detailed report was prepared to that summarized findings and recommendations for improvement.

Compensation Study
Orange County

Evergreen Solutions was retained by Orange County to conduct a Compensation Study for non-represented staff. Evergreen's consultants conducted a salary survey to determine the County's market position and prepared a final report with cost analysis for implementation of all recommendations.

Compensation Study
Sarasota County

Evergreen Solutions was retained by Sarasota County to conduct a Compensation Study. Pay ranges were analyzed in the public and private sector to determine the appropriate pay levels for all included jobs. Recommendations were provided to improve the fairness and equity in the current system. **Note:** Evergreen was again hired in 2023 to conduct a Compensation Study Update.

Classification and Compensation Study
Pinellas County

Evergreen Solutions was retained by Pinellas County to conduct a comprehensive classification and compensation study that included recommendations and suggestions for an implementation and maintenance process that would effectively provide the County with the resources and expertise to further enhance its classification and compensation program. A comprehensive job classification and pay study hadn't been conducted since 2004 so the County believed it was important to invest in a study that would look at both internal and external equity.

The objective of the study was be to have a credible classification and compensation plan that: allows positions performing similar work with similar levels of complexity, responsibility, and knowledge, skills and abilities to be classified appropriately; identifies salaries for assigned duties; outlines promotional opportunities and possible compensation growth; identifies pay differential between individual classifications; and identifies relevant labor markets.

Compensation Study
Hillsborough County

Evergreen Solutions was hired in 2022 to conduct a Compensation Study on select positions to determine the County's market position as it related to those positions.

Compensation, Classification, and Performance Management Study
Manatee County

Evergreen Solutions was hired by Manatee County to assist with a county-wide Compensation and Classification Study. At the time of the study, Manatee County was a growing county with a population of over 300,000 located on the southwestern coast of FL between Pinellas and Sarasota Counties. An appointed County Administrator oversaw 16 departments, with approximately 2,900 employees within approximately 600 classifications and 58 pay ranges/grades.

The study included all employees that serve in capacities for the Board of County Commissioners. As part of the review, orientation sessions, focus groups, and interviews were conducted in throughout the county. All employees were asked to complete the Job Assessment Tool (JAT) and job analysis was conducted with the results in order to create a classification plan. A salary survey was issued to local and regional employers to assess competitiveness. Based on the classification and compensation findings, a new pay plan as well as policies and procedures were recommended to the County. Evergreen Solutions helped the County attain their goal of maintaining a sound process providing a classification and pay structure that is fair, equitable, and systematic with a compensation plan comparable with other governmental jurisdictions and the private sector. In addition, Evergreen reviewed the performance management system in place within the County, and provided recommendations for improvement.

Note: Evergreen completed a market survey and compensation analysis update in 2012 and also conducted a Compensation and Classification study of the Information Technology Services Department in 2014.

Salary Study
Highlands County

Evergreen Solutions was retained by Highlands County to conduct a Salary Study for its workforce. The primary goal of the study was to ensure that the County maintained a sound process that provided a classification and pay structure that was fair, equitable, and systematic with a compensation plan that was comparable with other governmental jurisdictions as well as the private sector. The County desired a pay program that was fair, equitable, and competitive with both public and private employers in the surrounding geographic market area from which the County recruited, and was supportive

of the County's compensation philosophy to be competitive with area markets in order to attract, motivate, and retain quality employees.

Evergreen's consultants evaluated current pay grades (i.e., number of pay grades, including additions, deletions, and/or consolidations) and recommended a strategy for improvements. Evergreen further developed a classification system that facilitated ongoing compensation analysis and reporting and was based on similarly-situated employees, similar skills, qualifications, responsibilities, and pay, using job family groupings and EEO job categories that comported with EEOC guidelines for government employers. Evergreen reviewed position titles (including supervisory/management) and recommended a titling structure which defined consistent levels of responsibility across the County.

Classification and Compensation Study
Hardee County

Evergreen Solutions was engaged with Hardee County to conduct a Compensation and Classification Study. Evergreen reviewed existing classification plans, conducted a job analysis, performed a custom salary study, prepared pay plan option schedules, and reviewed and revised select job descriptions.

Classification and Compensation Study
Charlotte County

Evergreen Solutions was retained by Charlotte County to conduct a classification and compensation study for approximately 900 full-time and part-time employees in 250 classification specifications. Employees participated in focus groups, interviews, and a job analysis was conducted to determine the best classifications for the work performed. A review of all current classification specifications and job descriptions was made to ensure consistency, compliance with current industry best practices as to form, and compliance with applicable provisions of the Fair Labor Standards Act (FLSA), ADA, PERC (Florida Statute 447.203), and other applicable State and federal laws.

A salary survey was conducted within the appropriate public and private job markets to determine current market pay grade assignment and salary structure commensurate with the job assignment. Evergreen offered criteria for a candidate's or an employee's placement within corresponding zones of the pay range. Recommendations were made for resolving pay compression issues that had been created due to 5 – 6 years of wage freezes compounded by ever-increasing market competitiveness. **Note:** Prior to this study, Evergreen was hired by the County to conduct a Market Salary Survey.

Compensation and Classification Study
DeSoto County

Evergreen Solutions was engaged with DeSoto County to conduct a Compensation and Classification Study. Evergreen reviewed existing classification plans, conducted a job analysis, performed a salary study, prepared pay plan option schedules, and reviewed and revised job descriptions.

Employee Compensation and Classification Study
Indian River County

Evergreen Solutions was retained by Indian River County to conduct an Employee Compensation and Classification Study. The objectives of the study were to:

- perform an audit and analysis of position classifications and determine appropriate classifications and job titles;
- determine FLSA status of exempt or non-exempt for each classification;
- analyze the organizational structure to determine hierarchal structure, realign positions consistent with the market, and identify career ladders;
- provide updated job descriptions for each classification;
- develop a competitive pay plan (administrative, exempt, non-union, Teamsters, and IAFF) and placement of each classification within the pay plan that will support recruitment and retention;
- provide implementation options based on budgetary factors;
- develop compensation and pay administration strategy necessary to maintain a competitive pay plan;
- identify possible disparate wage or organizational compensation concerns and recommended corrective actions;
- provide a job analysis tool to be used when evaluating new positions to be placed in the pay and classification plan;
- provide a performance evaluation tool to assess job performance; and
- provide requested services and deliverables that comply with any and all federal, state and local laws and regulations.

Classification and Compensation Study
Palm Beach County

Evergreen Solutions was retained by Palm Beach County to conduct a Classification and Compensation Study in order to update the current classification and compensation structure. Evergreen performed the following tasks: conducted a job analysis across the County to ensure job descriptions matched the duties performed by the employee; provided an analysis of all positions— assigning an appropriate salary grade to ensure fairness and equity—and included recommendations for all positions that were found to be above or below the assigned salary grade; and conducted a market compensation analysis of salaries and wages of like or similar jobs of comparable Florida public organizations with similar position and organizational characteristics.

Compensation Survey
Miami-Dade County

Evergreen Solutions was retained by Miami-Dade County to conduct a Compensation Survey. Pay ranges were analyzed in the public and private sector to determine the appropriate pay levels for all included jobs and recommendations will be provided to improve the fairness and equity in the current system.

Compensation and Classification Study Services
Monroe County

Evergreen was retained by Monroe County to conduct a Compensation and Classification Study for 265 non-union employees in 178 classifications as well as 124 union employees in 46 classifications who are represented by the Teamsters bargaining unit. Employees participated in focus groups, interviews, and a job analysis to determine the best classifications for the work performed. Evergreen's consultants compared the County's positions to other similar positions within other County departments to determine the relative value of each position to every other position in the County. Comparisons were made with regard to the actual work being performed and based on the current job description. In addition, positions were compared to other similar positions in other private and public sector organizations throughout the Florida Keys and South Florida. Characteristics such as size of the organization, geographic proximity, economic and budget characteristics, and other appropriate demographic data were taken into consideration when making comparisons. Evergreen's consultants analyzed pay ranges in the public and private sector to determine the appropriate pay and benefit levels for all included jobs.

Recommendations were provided to improve fairness and equity of all jobs within the County. Select County staff were provided the necessary training and materials so that an understanding of the methodology and how to implement, administer, and maintain the recommended total classification and compensation system could be accomplished.

Note: Evergreen was again hired by Monroe County in September of 2016 to implement a minimum Living Wage of $31,200 year/$15.00 an hour (This included a determination of issues that arose with supervisory duties or compression of positions; what needed to be done to fix those issues; cost for County implementation with variable options; and publication of analysis). Evergreen also completed a compensation plan update for the County in 2023.

Pay and Classification Study
Gulf County

Evergreen Solutions was engaged with Gulf County to conduct a Pay and Classification Study for its workforce. Evergreen analyzed each position within the County by conducting interviews; evaluating employee position descriptions and duties; interviewing department heads; and assessing classifications within positions. In addition, Evergreen reviewed current job descriptions, focusing on the purpose, job scope, essential duties and responsibilities, education/training requirements, physical job requirements, and working conditions, and determined FLSA status (exempt/non-exempt) for positions under federal regulations. Based on this review, Evergreen presented a proposed classification structure to County management, including a cost analysis for positions that required adjustments.

Evergreen also conducted a comprehensive survey of public and private labor market comparables designed to include salary ranges, and actual salaries to ensure that Gulf County's compensation was equitable and competitive in its total compensation package relative to internal factors and external markets.

Pay and Classification Study
Bay County

Evergreen Solutions was engaged with Bay County in 2015 to conduct a Pay and Classification study. A job analysis was conducted using existing job descriptions to determine the best classifications for the work performed. In addition, a salary survey was conducted in the public sector to determine the appropriate pay ranges for 30 benchmarked positions. Recommendations were provided to improve the fairness and equity in the current classification and compensation system. **Note:** Evergreen also previously performed a Pay and Classification Study for the County.

Compensation Study
Santa Rosa County

Evergreen Solutions was retained by Santa Rosa County to conduct a Comprehensive Compensation Study. Evergreen performed the following tasks: established criteria for the selection of survey participants; conducted salary survey prepare an analysis based on the results; established equitable salary ranges to provide for the recruitment and retention of qualified staff, equitable relationships of one job to another within the organization, and addressed compression/equity issues between pay grades and classifications; evaluated existing compensation policies and proposed any recommended changes; and prepared and delivered the final report to the County Commission. **Note:** Evergreen was hired again in 2022 to conduct a Compensation Study for the County.

Classification, Compensation, and Benefits Study
Town of Jupiter

Evergreen Solutions was retained by the Town of Jupiter to conduct a classification, compensation, and benefits study of its workforce. Evergreen's consultants reviewed the effectiveness of the Town's current salary and benefits plan as it related to the market competitiveness for attracting and retaining quality employees. Evergreen conducted a job analysis for ensuring proper classification and internal equity. Employees participated in focus groups, interviews, and a job analysis was conducted to determine the best classifications for the work performed. Pay ranges were analyzed in the public and private sector to determine the appropriate pay levels for all included jobs. Recommendations were provided to improve the fairness and equity in the current system.

Compensation and Classification Analysis
Village of Pinecrest

Evergreen Solutions was hired by the Village of Pinecrest to conduct Classification Reviews and compensation market analysis utilizing Job Assessment Tool responses and salary survey processes. Evergreen Solutions consultants conducted on-site orientation sessions and focus group meetings where employees were informed of the content of the JAT and coordinated with Village representatives to conduct the JAT in a timely manner. The Village also contributed to a list of benchmark classifications and targeted peer organizations for the external market analysis. At the conclusion of the study the Village was presented with revised and formatted Job Descriptions which reflect up-to-date job tasks and requirements as well as recommendations and implementation strategies for addressing internal and external equity. Each classification was also reviewed for FLSA compliance.

Compensation Study
Village of North Palm Beach

Evergreen Solutions was retained to conduct a compensation study for the Village of North Palm Beach. The study included evaluating private and public labor market, and making recommendations to improve competitiveness in alignment with the Village's strategic goals. Evergreen's recommendations improved the competitiveness of the Village and helped prepare it for future recruitment challenges.

Compensation and Classification Study
Town of Davie

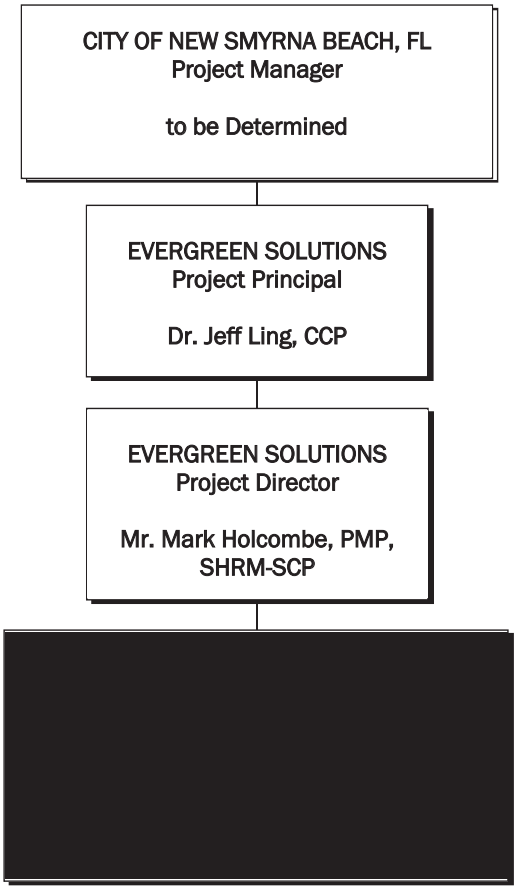
Evergreen Solutions was engaged with the Town of Davie to conduct a Compensation and Classification Study. Evergreen conducted a comparison analysis of all employees within the Town and analyzed the job tasks for each position surveyed by best match and benchmark pay ranges to local public sector markets. Evergreen conducted a review of job classifications for appropriate internal equity and identify functional overlap and efficiencies in departmental structures and relationships. Evergreen further conducted a job task analysis/job audit of all employee positions to verify and validate information from existing job descriptions and conduct personal interviews with employees, supervisors, and directors, as needed. Evergreen identified and designated all high-risk and/or safety-sensitive classifications and included the appropriate pre-employment screening requirements as mandated by federal, state and local statutes.

Evergreen reviewed existing salaries to determine proper placement within proposed classifications, and recommended appropriate "equity adjustments" as needed. Evergreen determined if classifications were correctly placed in organizational hierarchy and reviewed whether individual positions were classified correctly. In the end, Evergreen provided the Town a recommended classification and compensation structure and a system for maintaining the recommended structure.

Compensation Study
Town of Lady Lake

The Town of Lady Lake hired Evergreen Solutions to conduct a Compensation Study. Evergreen's consultants reviewed and evaluated the Town's compensation policies and procedures and made an assessment of the current conditions. Further, Evergreen worked with the Town to identify peer organizations to use as targets for a survey of salary and benefits. A Final Report was generated, documenting the previous steps of the study, and presented to the Town Commission. Recommendations were made for continued administration of the new compensation system, and training and guidance was provided to the Human Resources Department staff.

Section 3.0
Skills and Credentials of the Designated Team



3.0 Skills and Credentials of the Designated Team

In this section, we provide you with the qualifications of our proposed project team through summary resumes. Detailed resumes are available upon request.

3.1 Proposed Project Team

Exhibit 3-1 reflects our proposed project management and personnel assignments. The structure has been designed to clearly define the roles and responsibilities of each part of the Compensation and Benefits Study so that there will be no confusion as to who is responsible for any aspect of this engagement with the City of New Smyrna Beach.

Exhibit 3-1
Proposed Project Management Organization and Personnel Assignments

City of New Smyrna Beach Project Manager. With each project engagement, we work with the client to identify one specific point of contact to serve as a Project Manager. The City's Project Manager (CPM) will be our reference point throughout the engagement. We will take project direction, leadership, and guidance from the CPM and all project deliverables will be filtered through the CPM throughout the duration of the project.

Evergreen Solutions' Project Principal. Our Project Principal will have ultimate accountability for the success of this project. Evergreen Solutions' Project Principal is always a senior leader in our firm, typically the President. The Project Principal will have contractual authority over the contract and will be our top level of project responsibility.

Evergreen Solutions' Project Director. Evergreen Solutions designates a Project Director for each HR consulting project. The Project Director will work with the Project Principal regarding the scheduling of the project with the City. The Project Director will have the most frequent contact with the City and will assign project activities to the Project Consultants and will ensure that deliverables are met within specified timelines.

Evergreen Solutions' Project Consultants. Our Project Consultants are a team of consultants who have worked together on numerous projects, and who will provide consulting and analytical work on all project activities. The Project Consultants will review pay plans, conduct orientation sessions and focus groups, administer the Job Assessment Tool (JAT) and Management Issues Tool (MIT), conduct a salary and benefits survey, review and revise job descriptions, and prepare draft and final reports.

Consultant Team Members must be thoroughly knowledgeable in the portion of the project they are responsible for, as well as have expertise in the issues that are unique to each individual client. Our firm is proposing an exceptional team of consultants who have worked together on many similar projects. We always make sure each project is sufficiently staffed to handle any additional tasks or unforeseen issues that may arise during the course of the study. The combination of our individual knowledge and skills form a superior team who will be able to competently perform all of the pieces of the Compensation and Benefits Study to the City of New Smyrna Beach.

3.2 Key Personnel

The following paragraphs provide summaries of each team member's qualifications and experience related to his/her role in this engagement.

Project Principal Dr. Jeff Ling, CCP

Dr. Jeff Ling is the President of Evergreen Solutions who has been with the firm since its inception in 2004. He is a Certified Compensation Professional (CCP) who has more than 25 years consulting experience in the following areas: human resources; performance improvement; process analysis; strategic planning; statistical analysis; research methodology; data management; surveys and polling; technology analysis; change management; and risk analysis.

Dr. Ling has planned, organized, and managed studies on human resources assessment, survey analysis, government efficiency, technology planning, information utilization, public opinion, market expansion, and privatization. Each of these studies dealt with summarizing major alternatives for decision makers and providing viable recommendations. He has consulting experience in public sector Evaluation, research management, efficiency analysis, survey analysis, statistical modeling, and technology planning.

Dr. Ling has worked with a multitude of clients in the capacity of Project Principal. He has worked on hundreds of engagements across the nation and includes work in state and local governments, school districts, institutions of higher education, quasi-governmental agencies, and private industry.

Dr. Ling has been instrumental in creating, reviewing, and evaluating the methodology employed by Evergreen Solutions on all human resource engagements. His background and skill set make him uniquely qualified for assessing organizational critical needs and strategy. He is also an expert in policy development and long-term planning.

A sample of the types of studies Dr. Ling has been involved with includes:

- **Compensation/Classification**– He developed the methodology and techniques for organizations to employ for successful data collection and implementation based on internal and external equity needs. He has been the Project Principal for numerous projects related to classification and/or compensation. **Note: He has served as the Project Principal or Project Director for more than 1,400 public sector projects related to Classification and/or Compensation, including more than 200 in the State of Florida.**

- **Performance Evaluation** – He has provided the framework for many organizations transitioning into goal-based performance evaluation systems or fully functional merit-based pay structures. He understands the importance of a well stratified, objective based review process and has been instrumental in assisting a number of large organizations transition from traditional systems into merit-based pay structures with minimal transitional costs and interruption.

- **Market Research** – He provided the basis for which market research was collected, analyzed, and review. He ensured that data collection procedures and methods were statistically reliable using his knowledge of statistics and overall market research.

- **Policy Development** – He has a thorough and firm understanding of policy development and has assisted many clients with implementing tailored policies and practices that reflect best practices.

Dr. Ling holds a Doctorate's Degree from Florida State University in Political Science and has taught courses addressing research methodology, statistical analysis, technological innovations, and political economy at various universities.

Project Director
Mr. Mark Holcombe, SHRM-SCP, PMP

Mr. Mark Holcombe has more than ten years of management and consulting experience and is recognized as a certified Project Management Professional (PMP) and a SHRM Senior Certified Professional (SHRM-SCP). He has been at Evergreen Solutions seven years, during which time he has been promoted through the organization and has led Evergreen's largest local government practice for the past two years. His academic foundation in micro and macroeconomics, combined with his experience leading a business before

joining Evergreen, has given him significant experience in leading teams, modeling and controlling costs, and working to provide a product that meets the needs of all stakeholders. This experience has been instrumental in ensuring that his team is able to translate complex and comprehensive data into actionable insights for his clients.

At Evergreen, Mr. Holcombe's emphasis has been in compensation and classification studies of varying size and scope. He has led projects with cities and counties, colleges and universities, K-12 school districts, transportation organizations, and statewide government organizations. Some of his principal areas of expertise are:

- Refining client compensation and classification systems, ensuring alignment with HR best practices and meeting specific client needs.
- Leading initiatives focusing on market competitiveness for large and complex public sector clients.
- Constructing reports and visuals to share complex findings in an approachable way.
- Crafting complex cost models to facilitate accurate budgetary projections for clients.
- Assessing market data, synthesizing information from a variety of sources to provide comprehensive compensation insights.
- Redesigning classification systems to modernize and streamline titling conventions for entire organizations or within job families.
- Conducting reviews centered around gender and racial equity in compensation systems, ensuring their adherence to local, state, and federal laws and regulations.

A sample of some of the public sector projects that Mr. Holcombe has been involved with include: a Compensation Study for the Flagler County Tax Collector, FL; a Compensation Study for the Manatee County Clerk of the Circuit Court and Comptroller, FL; a Compensation Study for the Highlands County Clerk of Court and Comptroller, FL; a Compensation Study for Highlands County, FL; a Classification and Compensation Study for DeSoto County, FL; a Compensation Study for Northwest FL Beaches International Airport, FL; a Compensation Study for the City of North Miami, FL; a Compensation Study for the South Walton Fire District, FL; a Compensation Study for Manatee County, FL; a Classification and Compensation Study Analysis for Suwannee County, FL; a Classification and Compensation Study for the Hillsborough County Clerk of Court and Comptroller, FL; a Compensation Study for the City of Boca Raton, FL; a Classification and Compensation Study for the City of North Miami Beach, FL; a Compensation Study for the City of New Port Richey, FL; a Compensation and Classification Study for the Town of Davie, FL; a Classification and Compensation Study for the Early Learning Coalition, FL; a Classification and Compensation Study for Palm Beach County, FL; a Classification and Compensation Study for the Leon County Sheriff's Office, FL; a Classification and Compensation Study for the Manatee County Sheriff's Office, FL; a Classification and Compensation Study for the Broward County Sheriff's Office, FL; a Compensation Study for the City of Key West, FL; a Performance Evaluation Study for the City of Key West, FL; a Classification and Compensation Study for Okaloosa County, FL; a Classification and Compensation Study for the Wakulla County Board of County Commissioners, FL; a Classification and Compensation Study for Franklin County, FL; a Pay and Classification Study for Jefferson County, FL; a

Compensation Plan Update for the Florida Sheriff's Association; a Classification and Compensation Study for the Monroe County Sheriff's Office, FL; a Compensation Study for Brevard County, FL; a Salary Survey for the City of Sopchoppy, FL; a Classification and Compensation Study for the City of Apalachicola, FL; a Compensation Study for the City of Fort Myers, FL; a Strategic Plan for the Leon County Clerk of the Court and Comptroller, FL; a Classification and Compensation Study for the Leon County Clerk of the Court and Comptroller, FL; a Classification and Compensation Study for the Town of Hilliard, FL; a Review of Compensation for the Fire Department for Sarasota County, FL; a Staffing Study for the Fort Myers Police Department, FL; a Classification and Compensation Study for Pinellas County, FL; a Compensation Study for the City of Zephyrhills, FL; a Classification and Compensation Study for the City of Rome, GA; a Classification and Compensation Study for the City of Milton, GA; a Classification and Compensation Study for the City of South Fulton, GA; a Staffing Study for the City of Fayetteville, GA; a Compensation Study for the City of Commerce, GA; a Classification and Compensation Study for the City of Thomasville, GA; a Comprehensive Position Classification and Compensation-Benefits Study and Analysis for the City of Kennesaw, GA; a Classification and Compensation Study for Barrow County, GA; a Classification and Compensation Study for the City of East Point, GA; a Classification and Compensation Study and Analysis for Columbus Consolidated Government, GA; a Classification and Compensation Study for the City of Auburn, AL; a Pay and Classification Study for Dorchester County, SC; a Classification and Compensation Study for the City of Mauldin, SC; a Compensation Study for Laurens County, SC; an Organizational Assessment of the HR Department for York County, SC; a Comprehensive Classification and Compensation Study for the City of Fayetteville, NC; a Market Salary Survey for the City of Rocky Mount, NC; a Classification System and Pay Plan Development Study for Franklin County, NC; a Classification and Compensation Plan for the City of Petersburg, VA; a Classification and Compensation Study for the City of Hopewell, VA; a Classification and Compensation Study for Loudoun County, VA; a Compensation and Classification Study for Mecklenburg County, VA; a Compensation Consulting Services for Chesterfield County, VA; a Market Salary Survey for Chesterfield County, VA; a Classification and Compensation Study for the City of Norfolk, VA; a Classification and Compensation Study for the City of Falls Church, VA; a Compensation and Classification Study for Bedford County, VA; a Compensation Consultation Services for Genesee County, NY; a Classification and Compensation Study for Frederick County, MD; a Compensation Study for the City of Baltimore, MD; a Classification Study for Talbot County, MD; a Compensation Study for Allegany County, MD; an Employee Compensation and Classification Study for the City of Takoma Park, MD; a Compensation Study for the City of Seaford, DE; a Classification and Compensation Study for the City of Milford, DE; an Employee a Compensation Study for the County of Montgomery, PA; a Comprehensive Classification and Compensation Study for the Kentucky League of Cities; a Classification/Pay Plan Structure and Compensation Study for the Louisville Regional Airport Authority, KY; a Compensation Study for the Knox County Sheriff's Office, TN; Classification and Compensation Consulting Services to the City of Clarksville, TN; a Classification and Compensation Study for Jasper County, MO; a Compensation Study for the City of Jefferson, MO; an Employee Classification and Compensation Study for the City of St. Louis, MO; a Compensation Study for the City of Fulton, MO; a Classification and Benefits Study for the City of St. Peters, MO; a Classification and

Compensation Study for the City of Leawood, KS; a Comprehensive Compensation Study for Shawnee County, KS; a Classification and Compensation and Race/Gender Equity Study for the City of Salina, KS; a Classification and Compensation Study/ Gender Pay Equity Analysis for the City of Santa Fe, NM; a Compensation Study for the City of Buda, TX; a Classification and Compensation Study for the City of Montgomery, TX; a Classification and Compensation Study and Analysis for Taylor County, TX; a Classification and Compensation Study for the City of Alpine, TX: a Compensation Study and FSLA Review for the City of La Porte, TX; a Compensation and Benefits Study for the City of Portland, TX; a Compensation Benchmarking and Structure Analysis for the City of Seguin, TX; a Compensation and Classification Study for the Woodlands Township, TX; a Classification and Compensation Study for the Town of Prosper, TX; a Classification and Compensation Study for the City of Mont Belvieu, TX; a Compensation and Classification for the City of Denton, TX;; a Classification and Compensation Study for the City of Beaumont, TX; a Compensation and Benefits Survey and Analysis for the City of Deer Park, TX; a Compensation Study for the City of Big Spring, TX; a Comprehensive Classification and Compensation Study for the City of Odessa, TX; a Compensation Study for the City of Brownsville, TX; a Wage and Compensation Study for Jefferson County, TX; a Compensation Study for Aransas County, TX; a Classification and Compensation Study and Analysis for Waller County, TX; a Classification and Compensation Study for the City of Kingsville, TX; a Classification and Compensation Study and Analysis for Matagorda County, TX; a Compensation Study for Sedgwick County, KS; a Compensation Study for Grand County, CO; a Compensation and Classification Study for Garfield County, CO; a Classification and Compensation Study for the City of Prescott, AZ; a PTO Survey for the City of Prescott, AZ; A Compensation Study for the City of Flagstaff, AZ: a Classification, Compensation, and Benefits Study for Yavapai County, AZ: a Compression Analysis and Pay Equity Study for the Town of Prescott Valley, AZ; a Classification and Compensation Study for the City of Albuquerque, NM; a Classification and Compensation Study for the City of Yucaipa, CA; a Comprehensive Compensation Study for the City of Crescent City, CA; a Consultant Services for a Study of the City's Compensation Plan and Benefits for the City of Sangar, CA; A Classification and Compensation Study for the City of Sacramento, CA; a Classification and Compensation Study Services for the City of Santa Ana, CA; a Classification and Compensation Study for the City of West Hollywood, CA; a Classification and Compensation Study for the City of Thousand Oaks, CA; a Comprehensive Classification and Compensation Study for the City of Camarillo, CA; a Classification and Compensation Study for the City of Fresno, CA; a Total Compensation Study for the City of Moorpark, CA; a Compensation Study for the Long Beach Management Association, CA; a Compensation Review for Mariposa County, CA; a Classification and Compensation Study Services for the City of Bell Gardens, CA; a Classification and Compensation Study for Inyo County, CA; a Compensation Study for the City of Bend, OR; a Professional Technical and Expert Services for the City of Portland, OR; a Classification and Compensation Study for the City of Ridgefield, WA; and a Job Classification Market Study for the City of Bellingham, WA.

Mr. Holcombe holds a Bachelor's Degree with a dual major in Economics and Criminology from Florida State University. He is a certified Project Management Professional (PMP) and holds a SHRM-SCP certification.

Project Consultant
Mr. Rob Williamson

Mr. Rob Williamson is a Project Manager with Evergreen. He brings more than 20 years of proven leadership experience serving both private and public sector clients. His diverse leadership includes time as a business owner, County Commissioner, CEO of a mid-sized water and wastewater treatment utility, Executive Director of a three-member regional water utility provider, and most recently, Manager of the Florida Association of Counties' 23-county insurance trust.

During his career, Mr. Williamson has served on boards of directors for more than two dozen public, private, civic and charitable organizations. This includes time as Chairman of the Santa Rosa County Board of County Commissioners, RESTORE Council, Tourist Development Council, Florida/Alabama Transportation Planning Organization and as a member of the Florida Gulf Consortium, Florida Association of Counties Executive Board, Leadership Santa Rosa, and the Institute for County Government to name a few. He is also a member of the Florida Rural Water Association. He was a Keynote speaker for the Florida American Water Works Association for its Fall Conference Opening General Session in 2023.

Mr. Williamson helps organizations create new strategic pathways to solve complex problems. His areas of focus include policy development, strategic planning, change management, government services, transportation planning, master planning, tourism, RESTORE Act implementation and leadership development.

A sample of some of the public sector projects that Mr. Williamson has directed or been involved with include: a Classification and Compensation Study for the City of Wildwood, FL; a Classification and Compensation Study for the City of Brooksville, FL; a Compensation Study for the City of Holmes Beach, FL; a Classification and Compensation Study for the City of South Miami, FL; a Classification and Compensation Study for the City of Palm Beach Gardens, FL; a Staffing Study for the City of Naples, FL; a Compensation Study for the City of Okeechobee, FL; a Compensation Study for the City of Palmetto, FL; a Comprehensive Compensation Study for Keys Energy Services, FL; a Compensation Study for the Indian River County Property Appraiser's Office, FL; an Employee Classification and Compensation Survey for the Okeechobee Utility Authority, FL; a Classification and Compensation Study for DeSoto County, FL; a Compensation Study for the Lake Apopka Natural Gas District, FL; a Classification and Pay Plan Study for Peace River Manasota River Water Supply Authority, FL; a Human Resources Compensation Study for the Florida Municipal Power Agency, FL; a Comprehensive Classification and Compensation Study for Citrus County, FL; a Classification and Compensation Study for the City of Apalachicola, FL; a Compensation Study for the Miami Shores Village, FL; a Compensation Study for the City of Naples, FL; a Compensation Study for the City of New Port Richey, FL; a Classification and Compensation Study for the City of Oldsmar, FL; a Classification and Pay Plan Study for the City of Panama City Beach, FL; a Compensation Study for the City of Panama City Beach, FL; a Classification and Compensation Study for the City of Boynton Beach, FL; a Compensation Study for the Florida Bar, FL; a Compensation Study for the City of Bradenton,

FL; a Classification and Compensation Study for the Town of Lake Hamilton, FL; a Compensation Study for the City of Plantation, FL; a Classification and Compensation Study for the City of Kissimmee, FL; a Compensation Study for the Town of Oakland, FL; a Classification Study for Cherokee County, GA; a Compensation Study for Spalding County, GA; a Classification and Compensation Study for Barrow County, GA; a Classification and Compensation Study and Analysis for Columbus Consolidated Government, GA; a Classification and Compensation Study for the City of Jackson, GA; a Compensation Study for Cherokee County, GA; a Classification and Compensation Study for the City of Johns Creek, GA; a Classification and Compensation Study and Analysis for the City of Riverdale, GA; a Classification Study for the City of Clarkston, GA: a Salary Survey for the City of Garden City, GA; a Classification and Compensation Study for the City of Jackson, GA; a Classification and Compensation Study for the City of Calhoun, GA; a Classification and Compensation Study for the City of Dalton, GA; a Classification and Compensation Study for the City of Hampton, GA; a Classification and Compensation Study for the City of Sylvester, GA; a Classification and Compensation Study and Analysis for the City of Lawrenceville, GA; a Compensation Study for the City of Sandersville, GA; a Compensation Study for the City of Cedartown, GA; a Classification and Compensation Study for the City of Vienna, GA; a Compensation Study for the City of Duluth, GA; a Classification and Compensation Study for the City of Madison, AL; a Classification and Compensation Study for the City of Auburn, AL; a Compensation Study for the City of Daphne, AL; a Compensation Study for the City of Opelika, AL; a Compensation and Benefits Study for the City of Mobile, AL; Classification and Compensation Study Services for Dillon County, SC; a Compensation and Classification Study for Greenwood County, SC; a Compensation Study for the Town of Central, SC; a Classification and Compensation Study and Analysis for Darlington County, SC; an Employee Compensation and Classification Study for the City of Greenwood, SC; a Compensation Study for the City of Pickens, SC; a Compensation Study for the City of Orangeburg, Department of Public Utilities, SC; a Classification and Compensation Study for Ashe County, NC; a Classification and Compensation Study for the Town of Huntersville, NC; a Compensation and Classification Study for the Town of Wendell, NC; a Classification and Compensation Study for the City of Burlington, NC; a Classification and Compensation Study for the City of Southport, NC; a Classification and Compensation Study for the City of High Point, NC; a Compensation Study and Pay Equity and Representative Analysis for the Town of Chapel Hill, NC; a Classification and Compensation Study for Onslow County, NC; a Classification and Compensation Study for Dare County, NC; a Classification and Compensation Study for Culpeper County, VA; an HR Market Study for Botetourt County, VA; a Job Classification and Compensation Study for the Town of Wethersfield, CT; a Classification and Total Compensation Study for the Town of Plainville, CT; a Compensation Study for the City of Portsmouth, NH; a Classification and Total Compensation Review for the City of Manchester, NH; a Compensation Study for the City of Morristown, TN; a Compensation Study for the City of White House, TN; a Compensation Study and Analysis for McLean County, IL; a Classification and Compensation Study for the City of Moline, IL; a Compensation and Classification Study for the City of Minneapolis Department of Public Works, MN; a Total Compensation

Study for Genesee County, MI; a Job Market Survey for New Braunfels Utilities, TX; a Compensation Study for the City of Aransas Pass, TX; a Classification and Compensation Study for the City of Del Rio, TX; a Comprehensive Classification and Compensation Study for the City of Port Arthur, TX; a Classification and Compensation Study for Blanco County, TX; a Classification and Compensation Study for the Town of Addison, TX; a Total Compensation and Benefits Study for Calaveras County Water District, CA; and a Classification and Compensation Study for the West Basin Municipal Water District, CA.

Mr. Williamson has certifications from the Cambridge Leadership Institute and the Kenan-Flagler Business School Leadership Institute and possesses a Bachelor of Science Degree in Sociology from Florida State University.

Project Consultant
Mr. Karl Fuchs

Mr. Karl Fuchs serves as a Senior Consultant at Evergreen Solutions. He has over 25 years of distinguished experience, specializing in public sector human resources, organizational design, and performance management. He excels in collaborating with clients to deliver targeted and impactful solutions utilizing his extensive knowledge of human resources best practices, employment law, and regulatory compliance.

Before joining Evergreen, Mr. Fuchs held the position of Human Resources Director for a local government. In that role, he implemented innovative recruiting strategies that effectively reduced time to hire, enhanced employee retention through targeted incentives and streamlined legacy processes which expedited personnel actions. He also effectively engaged in labor relations with collective bargaining units. As a retired veteran of the Marine Corps, he has an extensive background in leading diverse teams and is a recognized authority in assessing organizational climate. His prior experience with the military as a Manpower, Plans, and Operations Analyst is marked by his ability to conduct thorough staffing analyses and operationalize organizational design.

A sample of some of the public sector projects that Mr. Fuchs has been involved with include: a Compensation Study for Highlands County Clerk of the Circuit Court and Comptroller, FL; a Classification and Compensation Study for the Town of Ft Myers Beach, FL; a Classification and Compensation Study for the City of South Miami, FL; a Classification and Compensation Study for DeSoto County, FL; a Compensation Study for the City of Okeechobee, FL; a Compensation Study for the City of Palmetto, FL; a Compensation Study for the City of Naples, FL; a Compensation Study for Manatee County, FL; a Classification and Compensation Study for Okaloosa County, FL; Compensation Consulting Services for Pasco County, FL; a Compensation and Classification Study for Jefferson County, FL; a Classification and Compensation Study for Franklin County, FL; a Compensation Study for Sarasota County, FL; a Human Resources Compensation Study for the Florida Municipal Power Agency, FL; a Compensation and Classification Study for the City of Clearwater, FL; a Compensation Study for the City of Okeechobee, FL; a Compensation Study for the City of New Port Richey, FL; a Classification Study for the City of

Orlando, FL; a Compensation Study for the City of Doral, FL; a Compensation Study for the Town of Oakland, FL; a Pay Plan, Classification and Compensation Study for Okaloosa Gas District, FL; a Custom Salary Survey and Analysis for St. Johns River Water Management District, FL; a Compensation Study for South Walton Fire District, FL; a Classification and Compensation Study for the Broward County Sheriff's Office, FL; a Classification and Compensation Study for the City of South Fulton, GA; a Salary Survey for the City of Garden City, GA; a Comprehensive Position Classification and Compensation-Benefits Study and Analysis for the City of Kennesaw, GA; a Classification and Compensation Study for City of Atlanta, GA; a Classification and Compensation Study for the City of East Point, GA; a Classification and Compensation Study for the City of Thomasville, GA; a Classification and Compensation Study and Analysis for the City of Lawrenceville, GA; a Classification and Compensation Study for the City of Mauldin, SC; a Classification and Compensation Study for Richland County, SC; a Compensation Study for the City of Isle Palms, SC; a Compensation and Classification Study for Greenwood County, SC; a Classification and Compensation Study for Jackson County, NC; a Classification and Compensation Study for Onslow County, NC; a Classification and Compensation Study for the Town of Huntersville, NC; a Compensation and Classification Study for the Town of Wendell, NC; a Classification and Compensation Study for the City of Falls Church, VA; Consulting Services for a Compensation Program Transition for the City of Newport News, VA; a Classification and Compensation Plan for the City of Petersburg, VA; a Compensation Study for the City of Baltimore, MD; a Classification and Compensation Study for Garrett County, MD; a Classification and Total Compensation Study for the Town of Plainville, CT; a Total Compensation Study for Genesee County, MI; a Compensation Study for the City of Fulton, MO; a Compensation Study for Sedgwick County, KS; a Classification and Compensation Study and Analysis for Taylor County, TX; a Classification and Compensation Study for Burnet County, TX; a Classification and Compensation Study and Analysis for Matagorda County, TX; a Comprehensive Classification, Compensation, and Staffing Analysis Study for the City of Odessa, TX; a Classification and Compensation Study for the City of Del Rio, TX; a Compensation and Classification Study for the City of Denton, TX; a Classification and Compensation Study for the City of Albuquerque, NM; a Classification and Compensation Study/ Gender Pay Equity Analysis for the City of Santa Fe, NM; a Classification and Compensation Study for the City of Yucaipa, CA; a Classification and Compensation Study for the City of Fresno, CA; a Comprehensive Classification and Compensation Study for the City of Camarillo, CA; a Compensation and Benefits Study for the Long Beach Management Association, CA; a Compensation Review for Mariposa County, CA; and a Professional Technical and Expert Services for the City of Portland, OR.

Mr. Fuchs holds a Juris Master in Employment Law and HR Risk Management from Florida State University, College of Law, and a Bachelor of Arts in Business Administration, Management from Saint Leo University. He is currently expanding his expertise by completing a Master of Public Administration at the University of North Carolina at Chapel Hill, School of Government.

Project Consultant
Mr. Peter Backhaus

Mr. Peter Backhaus is a Senior Consultant with Evergreen who specializes in salary benchmarking, pay plan design, and public safety markets. He focuses on delivering strategic compensation solutions tailored to meet the unique needs of each client. He has also assisted clients in developing innovative strategies and implementing best practices in classification and compensation. He has worked with a diverse range of clients across various areas of the public sector, including public utilities, public safety units, specialized service districts, transportation authorities, and general local governments.

Mr. Backhaus began his career working in sales through various markets. He quickly transitioned into a role with Verizon's most prominent partner as an account manager, focusing on business relationships and growth. Most prominently in his sales path, he joined a startup as the sales manager to lead a team through client growth and retention, while also developing outbound strategy for adopting new verticals for the company. With the startup, projected targets were exceeded, and several notable clients were guided to successful business paths. He strongly values the relationships developed with his clients and communication through all modes of life.

A sample of some of the public sector projects that Mr. Backhaus has been involved with include: a Classification and Compensation Study for DeSoto County, FL; a Compensation Study for the City of Bradenton, FL; a Classification and Compensation Study for Boynton Beach, FL; a Comprehensive Classification and Compensation Study for Citrus County, FL; a Compensation Study for the Lake Apopka Natural Gas District, FL; a Classification and Compensation Study for the City of Apalachicola, FL; a Compensation Study for the City of New Port Richey, FL; a Compensation Study for the City of Zephyrhills, FL a Compensation Study for the Marion County Property Appraiser, FL; a Classification and Compensation Study for Okaloosa County, FL; a Classification and Compensation Study for Franklin County, FL; a Classification and Compensation Study for the Manatee County Sheriff's Office, FL; a Compensation Study for the City of Flagler Beach, FL; a Classification and Compensation Study for the Broward County Sheriff's Office, FL; a Classification and Compensation Study for the City of Auburn, AL; a Compensation and Benefits Study for the City of Mobile, AL; a Classification and Compensation Study for Riviera Utilities, AL; a Classification and Compensation Study for Barrow County, GA; a Classification and Compensation Study for the City of Jackson, GA; a Classification and Compensation Study for the City of Calhoun, GA; a Classification and Compensation Study for the City of South Fulton, GA; a Classification and Compensation Study for the City of Hampton, GA; a Classification and Compensation Study and Analysis for Columbus Consolidated Government, GA; a Compensation Study for Cherokee County, GA; a Classification and Compensation Study for the City of Jackson, GA; a Classification and Compensation Study for the City of Sylvester, GA; a Classification and Compensation Study for the City of Rome, GA; a Classification and Compensation Study for the City of Eastpoint, GA; a Comprehensive Position Classification and Compensation/Benefits Study and Analysis for the City of Kennesaw, GA; a Classification and Compensation Study for the City of Vienna, GA; a Compensation Study for the

City of Duluth, GA; a Classification and Compensation Study for the City of Johns Creek, GA; a Compensation Study for the Town of Central, SC; an Employee Compensation and Classification Study for the City of Greenwood, SC; a Classification and Compensation Study and Analysis for Darlington County, SC; a Classification and Compensation Study for Dare County, NC; a Classification and Compensation Study for Culpeper County, VA; a Classification and Compensation Study for the City of Hopewell, VA; an HR Market Study for Botetourt County, VA; a Compensation and Classification Study for Mecklenburg County, VA; a Compensation Study and Analysis for McLean County, IL; a Classification and Compensation Study for the City of Moline, IL; a Compensation Study for the City of Jefferson, MO; an Employee Classification and Compensation Study for the City of St. Louis, MO; a Classification and Benefits Study for the City of St. Peters, MO; a Compensation Study for City of Aransas Pass, TX; a Classification and Compensation Study for Blanco County, TX; a Classification and Compensation Study for the City of Beaumont, TX; a Compensation Study for the City of Buda, TX; a Compensation and Benefits Study for the City of Portland, TX; a Classification and Compensation Study for Waller County, TX; a Classification and Compensation Study for the City of Kingsville, TX; Compensation Benchmarking and Structure Analysis for the City of Seguin, TX; a Classification and Compensation Study for the City of Montgomery, TX; a Classification and Compensation Study for the Town of Prosper, TX; a Compensation and Classification Study for the City of Denton, TX; a Classification and Compensation Study for the City of Albuquerque, NM; a Classification and Compensation Study for the City of Fresno, CA; a Classification and Compensation Study Services for the City of Santa Ana, CA; a Consultant Services for a Study of the City's Compensation Plan and Benefits for the City of Sanger, CA; a Classification and Compensation Study for Inyo County, CA; a Compensation and Benefits Study for the Victor Valley Transit Authority, CA; a Compensation Study for the City of Bend, OR; and a Professional Technical and Expert Services for the City of Portland, OR.

Mr. Backhaus has a Bachelor's of Science in Economics with Minors in Sociology and Communication.

Project Consultant
Ms. Tara Tabachnik

Ms. Tara Tabachnik is a Consultant with Evergreen Solutions. She began her career at Evergreen as a Junior Analyst and has since developed exceptional skills and knowledge in Human Resources consulting that she applies in her current role as a Consultant. Since joining Evergreen, she has mastered the art of conducting market surveys and market research and has been a great resource to the project teams. She has taken on a lead role with Evergreen's market surveying efforts through the creation of Evergreen's internal data team. She works closely with all project teams by conducting salary surveys, benefits surveys, staffing surveys, and market research for various types of clients.

A sample of some of the more recent public sector projects that Ms. Tabachnik has been involved with include: a Classification and Compensation Study for the Broward County Sheriff's Office, FL; a Compensation Study for the Highlands County Clerk of Court and

Comptroller, FL; a Compensation Study for Broward College, FL; a Classification and Compensation Study for St. Petersburg College, FL;A Comprehensive Compensation Study for Valencia College, FL; a Staffing Study for the City of Naples, FL; a Compensation Study for the South Walton Fire District, FL; a Classification and Compensation Study for DeSoto County, FL; a Compensation Study for the City of Fort Myers, FL; a Classification and Compensation Study for the City of Atlanta, GA; a Classification and Compensation Study for the City of Thomasville, GA; a Classification and Compensation Study and Analysis for Columbus Consolidated Government, GA; a Market Salary Survey for the City of Rocky Mount, NC; Classification and Compensation Study for the City of Norfolk, VA; a Classification and Compensation Study for the City of Falls Church, VA; Consulting Services for a Compensation Program Transition for the City of Newport News, VA; a Position Classification and Compensation Analysis for the College of Southern Maryland; a Classification and Compensation Study for Prince George's County, MD; an Employee Compensation and Classification Study for the City of Takoma Park, MD; a Compensation Consultation Services for Genesee County, NY; a Compensation Study for the City of Seaford, DE; a Classification and Compensation Study for the City of Milford, DE; an Employee Classification and Compensation Study for the City of St. Louis, MO; a Compensation Study for the City of Jefferson, MO; a Classification and Compensation Study for Jasper County, MO; a Classification and Benefits Study for the City of St. Peters, MO; a Classification and Compensation and Race/Gender Equity Study for the City of Salina, KS; a Classification and Compensation Study for the City of Leawood, KS; a Compensation Study for Sedgwick County, KS; a Classification and Compensation Study for Randall County, TX; a Classification and Compensation Study for the Town of Addison, TX; a Comprehensive Classification and Compensation Study for the City of Odessa, TX; a Classification and Compensation Study for the Town of Prosper, TX; a Compensation and Classification for the City of Denton, TX; a Compensation Benchmarking and Structure Analysis for the City of Seguin, TX; a Classification and Compensation Study for the City of Albuquerque, NM; a Classification and Compensation Study/ Gender Pay Equity Analysis for the City of Santa Fe, NM; a Compensation and Classification Study for Garfield County, CO; a Classification and Compensation Study for the Superior Court of California, County of Monterey, CA; a Classification and Compensation Study for the City of Fresno, CA; a Classification and Compensation Study for the City of Thousand Oaks, CA; a Classification and Compensation Study for Inyo County, CA; a Classification and Total Compensation Study for Whatcom Transportation Authority, WA; a Professional Technical and Expert Services for the City of Portland, OR.

Ms. Tabachnik has an MBA and a Bachelor's Degree in Finance from Florida State University.

Note: A team of experienced analytical and clerical support staff will contribute to this study, as needed.

Section 4.0
Scope, Approach, Anticipated Timeframe and Technological Resources

4.0 Scope Approach, Deliverables, Anticipated Timeframe and Technological Resources

In this section, we provide our approach and methodology for conducting the Compensation and Benefits Study for the City of New Smyrna Beach; a detailed work plan— identifying the tasks, activities, and milestones necessary to accomplish the deliverables in the scope of work of the Request for Proposal; and our project timeframe. Note: Our technological resources are described in our approach (e.g., communication plan, software – Job Assessment Tool/*JobForce Manager*, etc.). Evergreen also utilizes excel for much of its analysis. We will train City staff on how to use our resources so that they can maintain recommendations following the conclusion of the study.

4.1 Approach and Methodology

Evergreen Solutions is uniquely qualified to conduct the Compensation and Benefits Study for the City of New Smyrna Beach as our team includes recognized experts in local government human resources management and understands that there is not a "one size fits all" solution to compensation management. Our approach is built on working collaboratively with all parties to make sound, implementation-focused recommendations. Specifically, we have developed a methodology that:

- focuses on market competitiveness;
- is based on the organization's compensation philosophy;
- recognizes that compensation is comprised of more than just base pay levels;
- reflects changes in recent compensation strategies;
- designs custom solutions that take into account the diversity of needs present in the organization and allows you to select the components and options that best meet your overall needs; and
- produces a structure that improves the organization's ability to recruit, reward, motivate, and retain talent in a competitive environment that includes both public and private sector employers.

We will work closely with the City's designated Project Manager, and the Human Resources Department throughout the process to ensure constant communication of issues, concerns, and potential outcomes. We work closely with your staff to gain a solid understanding of your current operational realities, challenges, and desired outcomes. Moreover, Evergreen will work with you to balance your need to meet your performance goals while carefully managing your resources.

Compensation management has undergone significant transformation in the private sector and over time public sector organizations have mirrored these changes. While compensation once centered on the separate administration of base pay and core benefits, a shift has occurred that has transformed compensation management.

Progressive organizations now recognize that to effectively recruit, reward, motivate, and retain employees, compensation management requires strategic thinking and planning. Compensation management must support an organization's overall strategic direction. To accomplish this, effective organizations design a compensation philosophy that details where an organization wants to be in relation to the market in key areas. These key areas include cash compensation, benefits, and work/life balance. Compensation is thus a reflection of the organization's philosophy.

Evergreen realizes that we will need to tailor our approach to fit the operating, fiscal, and competitive needs of the organization. Recommendations must always reflect competitive needs while supporting the organization's overall mission.

Listed below is an overview of the typically recommended approach that Evergreen takes when conducting a study of this nature.

Kick Off Meeting

Evergreen begins each engagement by meeting with our client's leadership team. Frequently, this initial meeting will accomplish several goals, including:

- finalizing the project work plan;
- identifying milestone and deliverable dates;
- gaining insight into the management structure and approach;
- collecting classification, compensation, and benefits data;
- identifying additional data needs; and
- developing preliminary schedules for subsequent tasks.

At this time, we will also request a copy of the employee database that reflects current classification and compensation data.

Communication Plan

Communication is a critical component of a Compensation and Benefits Study. Communicating with employees directly and early in the process builds support for the process and the accompanying outcomes. As part of our communication plan, we meet first with key project staff to fully understand the nature and scope of the project. The results of these meetings are then communicated to employees during the project outreach through employee orientation sessions, focus groups, and interviews. Regular updates are provided to the client's Project Manager and can be posted on the client's intranet site, if available and desired. Additionally, the communication plan for the distribution of the end product, particularly how the results will be distributed to employees, is also critical.

Employee Orientation and Focus Groups

Based on client feedback and a review of best practices, we have designed an orientation curriculum that provides employees insight into the process as well as provides a forum for answering questions and soliciting participation. Following the orientation sessions, we begin the focus group process. Focus groups are used to gain detailed insight into employee perceptions, concerns, and issues. The protocol for the sessions is provided to your project team in advance and refined to meet your needs.

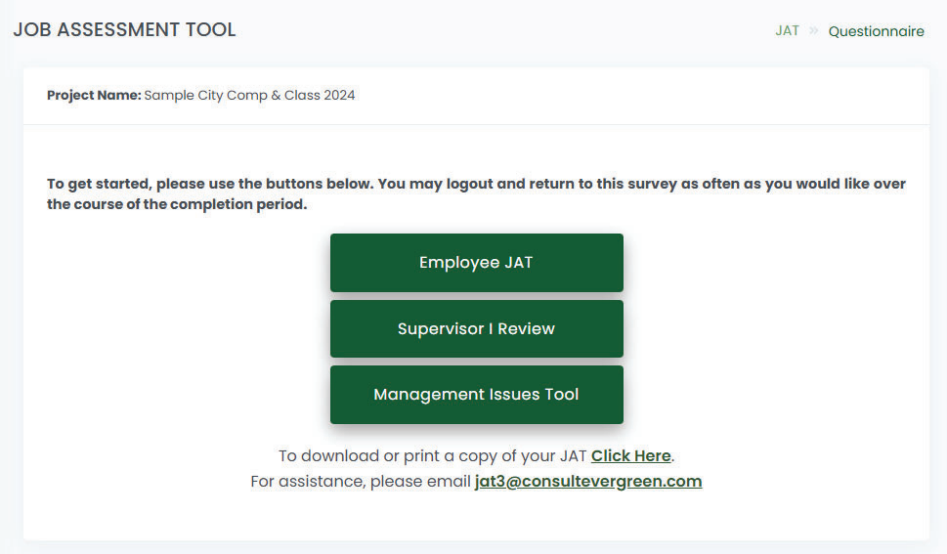
We have found that employee orientation sessions and focus groups are critical venues for building employee participation and buy-in. Since they take place at the outset of the project, they are a critical introduction to the project and the question-and-answer formats allow employees to become engaged in the process. During these sessions, Evergreen's consultants can also help to manage expectations since some employees may have unrealistic expectations based on anecdotal information.

Department Head Interviews

Evergreen staff conduct one-on-one interviews with department heads/senior management (in addition to any other employees the client determines is necessary) to identify challenges for consideration. These interviews will allow our staff to add details to our understanding of the organization and its needs. They also allow our consultants the opportunity to better understand the organizational structure of each department as well as the unique recruiting and retention issues that may be present in each department. Frequently, department directors and senior management serve as invaluable resources in explaining how internal equity relationships have evolved over time and explaining the nuances between the differences in jobs.

Job Assessment Tool and Management Issue Tool

Another important activity undertaken at this time is the distribution of Evergreen's Job Assessment Tool© (JAT). These questionnaires are central components of the job evaluation process. The JAT asks a series of questions regarding an employee's job that captures the nature of the job and how it interacts with work within the organization.



The JAT contains questions that ask about each of the following areas:

- scope of duties;
- complexity of work;
- supervision received and exercised;
- physical requirements;
- financial responsibilities;
- analytical/mental requirements;
- knowledge and skills required for the job; and
- level of responsibility/reporting relationships.

Evergreen will contact the client's Project Manager should there be a need to clarify question responses or issues with information collected from the JAT. Due to budgetary constraints faced by many of our clients, we have designed the JAT as a web-based tool so that data can be collected electronically. If requested, we can also provide a paper-based version of the tool.

Exhibit 4-1 below depicts a screenshot of the JAT home screen showing the levels of access for a Supervisor. Supervisors have access to their own surveys in addition to the ability to review and approve the surveys of their direct reports. The supervisor review process ensures validation of the JAT data collected from employees and prevents comments made by employees from being taken out of context.

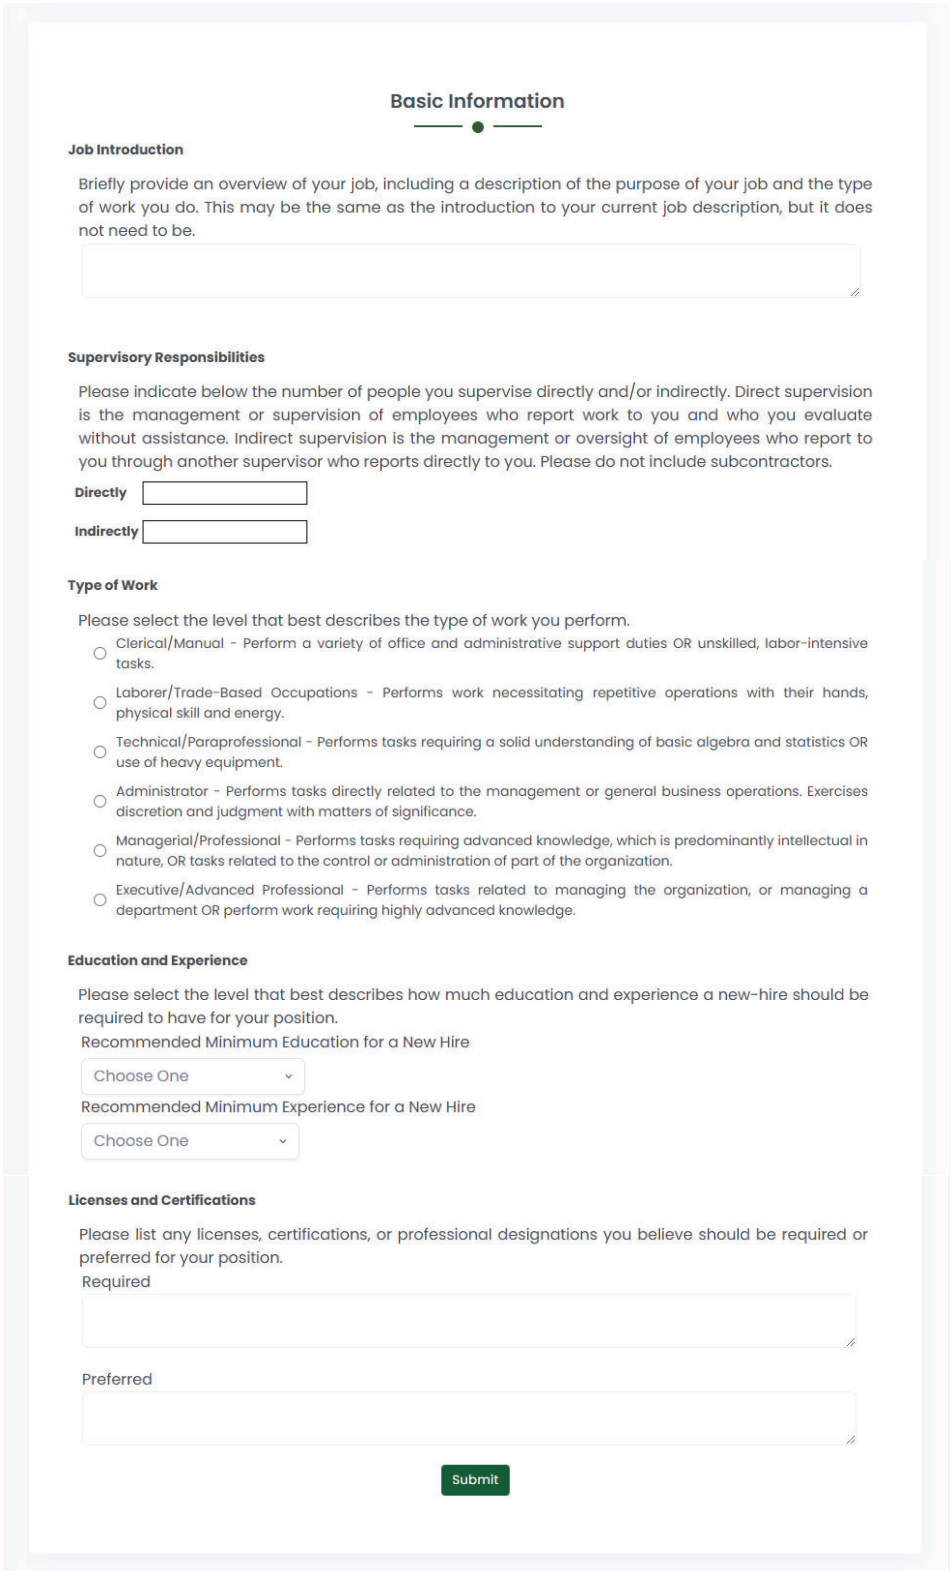


Exhibit 4-1
Supervisor's JAT Home Screen

Source: Evergreen Solutions, 2024

Exhibit 4-2 illustrates how Evergreen uses the JAT to collect functional details of employee's jobs. Seeking to understand how employees summarize their responsibilities in their own words allows our analysis to expand beyond what may be conveyed in a traditional job description. An informal survey of municipal employees revealed that 90 percent felt that the job descriptions held on file with their employers were inaccurate or incomplete representations of their duties. Understanding this, Evergreen designed the JAT to fill in those gaps to ensure that the entirety of an employee's job is analyzed within the context of the study.

Exhibit 4-2
Job Description and Responsibilities

Basic Information

Job Introduction

Briefly provide an overview of your job, including a description of the purpose of your job and the type of work you do. This may be the same as the introduction to your current job description, but it does not need to be.

Supervisory Responsibilities

Please indicate below the number of people you supervise directly and/or indirectly. Direct supervision is the management or supervision of employees who report work to you and who you evaluate without assistance. Indirect supervision is the management or oversight of employees who report to you through another supervisor who reports directly to you. Please do not include subcontractors.

Directly

Indirectly

Type of Work

Please select the level that best describes the type of work you perform.

- Clerical/Manual - Perform a variety of office and administrative support duties OR unskilled, labor-intensive tasks.
- Laborer/Trade-Based Occupations - Performs work necessitating repetitive operations with their hands, physical skill and energy.
- Technical/Paraprofessional - Performs tasks requiring a solid understanding of basic algebra and statistics OR use of heavy equipment.
- Administrator - Performs tasks directly related to the management or general business operations. Exercises discretion and judgment with matters of significance.
- Managerial/Professional - Performs tasks requiring advanced knowledge, which is predominantly intellectual in nature, OR tasks related to the control or administration of part of the organization.
- Executive/Advanced Professional - Performs tasks related to managing the organization, or managing a department OR perform work requiring highly advanced knowledge.

Education and Experience

Please select the level that best describes how much education and experience a new-hire should be required to have for your position.

Recommended Minimum Education for a New Hire

Choose One

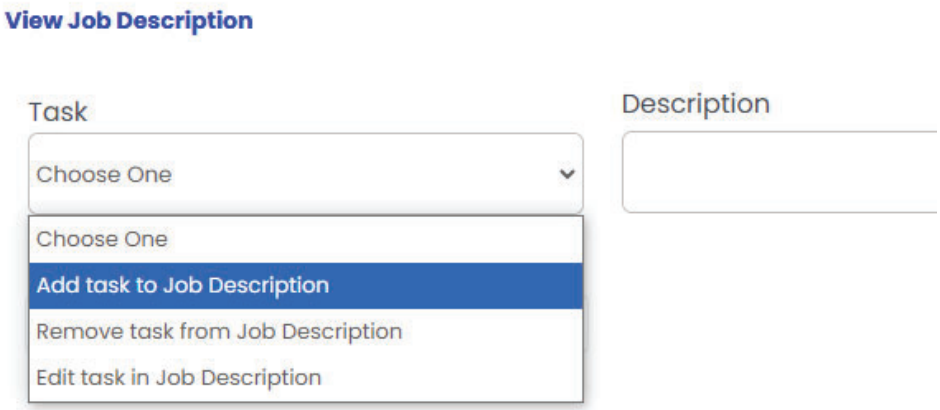
Recommended Minimum Experience for a New Hire

Choose One

Licenses and Certifications

Please list any licenses, certifications, or professional designations you believe should be required or preferred for your position.

Required



Preferred

Submit

Exhibit 4-3 shows a similar page in which employees are asked to list the Essential Functions of their job using their current job description as a starting point (if available). These are the tasks and activities that define the classification and make it unique. Gathering information such as this allows Evergreen to assess the validity of the present classification structure and identify classifications or individuals within classifications that need to be restructured or reclassified.

Exhibit 4-3
Job Functions

Source: Evergreen Solutions, 2024

In addition to the JAT, Evergreen will also distribute our Management Issues Tool (MIT). The MIT is distributed to supervisors and managers and is used to collect specific information from supervisors and managers related to such issues as recruitment and retention problems, classification issues, pay equity issues, problems with titles, and other related issues. Each MIT will be logged and a specific response will be provided. The MIT process is designed to allow supervisors and managers to give direct input into the process and they serve as "red flags" to Evergreen staff during the analysis portion of the project.

Preliminary Assessment

As a starting point for analysis, Evergreen's project consultants review the client's database in comparison to the pay plan and information collected from the JATs to produce a preliminary assessment. The preliminary assessment summarizes the strengths and weaknesses of your human resource management system. The compensation analysis focuses on the number of pay grades, range widths, percentage differences between grades, step plans versus open range plans, and the expected time to reach full job competency. The overall analysis focuses on structure, movement, and equity (internal) as well as specific concerns such as turnover, longevity, compression, and range anomalies. The issues we identify in the assessment become core considerations in creating the potential solutions later in the process.

Job Evaluation

The next step in the process is to review responses to the JATs and identify any possible misclassifications. Once the review of the JATs has been completed, Evergreen's consultants will evaluate all jobs on each of the

compensatory factors, score each position, and determine if there is any need for further investigation of specific positions. If serious discrepancies exist, Evergreen's consultants will work directly with the Client Project Manager to resolve any issues.

Once work has been properly classified, changes in the current classification system rankings can be recommended. Our goal is to produce a classification system that reflects the internal equity relationships suggested by the JAT scoring conducted earlier.

Compensation

Our approach to compensation analysis is based on the belief that compensation should be organization-specific, fair, equitable, and directly tied to strategic goals. To ensure that all these criteria are met, we will conduct an extensive analysis on the relevant labor market, the internal structure and inter-relatedness of jobs within the organization, and the relative worth of jobs within the organization vis-à-vis the compensation philosophy.

The most traditional component of a total compensation program is base pay (fixed pay). However, inclusion of benefits in total compensation strategy is not a new concept. Provision of benefits was originally a recruitment tool, though over time the provision of core benefits has become an expectation. Research shows that public sector organizations commonly use superior benefits packages as a way to offset structural disadvantages in base pay. The purpose of the survey is to collect information for comparison to current offerings, and making recommendations for change consistent with the parameters of the organization's compensation philosophy.

Market Salary and Benefits Survey

A key component of assessing compensation is to consider market position, which is sometimes referred to as external equity or competitiveness. Evergreen's consultants wait until well into the classification analysis to design the market survey to ensure that jobs are understood, anomalies in classification characteristics are documented, and sufficient input has been received. The market survey will obtain standard range information related to minimum, midpoint, and maximum salaries. Data collection will focus on the public sector, but will include information from the private sector where applicable. Further, we will look to include any employers to whom the organization has recently lost employees.

In addition, a benefits survey will also be administered in tandem with the market survey. Special consideration can be given to select highly competitive, market-driven positions if necessary.

Benchmarks

One of the most important components of the external assessment is in the selection and utilization of benchmark positions for the labor market survey. We will work with the client to identify the appropriate number of benchmark positions to best suit the client's needs in the labor market survey. Based on our experience, we have found that it is simply not practical to survey all positions within the organization—the resulting surveys become too cumbersome for labor market peers to complete, and the response rate on the whole suffers. We ensure, through multiple checks and balances, that

the benchmark positions chosen will represent a broad spectrum of positions across the organization, from all job families, pay levels, and functional areas.

Targets

To conduct an external labor market assessment, we work with the client to identify the most appropriate targets to survey. Evergreen selects peer organizations based on the local labor competition, regional markets, and class-specific markets. Peer organizations should be those organizations that compete with the client for labor in at least one job family. An appropriate mix of peers in the public and private sectors will be included in the survey, and if necessary, augmented with published secondary data sources.

Typically, Evergreen waits until the outreach process has been completed to identify the complete list of market peers. This is because we often will uncover specific information during the focus group and interview sessions that identifies potentially critical survey targets. Ideally, we would like to work with the client after the outreach has been concluded to identify the final list of potential market peers.

An important factor of our methodology is that the client has the final approval of all aspects of the study. We will not proceed with the analysis unless the client is completely comfortable with the survey targets chosen. Often, there are different factors impacting an organization, such as proximity to a major metropolitan area, technology corridor, or specific market (i.e., military base), that have a direct effect on its ability to recruit and retain employees in specific positions. These factors have to be taken into account when selecting survey targets. Once the targets are selected and approved, the survey instrument is developed and sent to the client for final approval. Subsequent to client approval, the survey is then distributed to the targets in both paper and electronic formats.

Evergreen uses a four-fold method of communicating with respondents. Our staff notifies the target group that the survey is being sent or made available, confirms receipt, and encourages participation. Once the data are received, they are cleaned, validated, and summarized. A separate report is issued that shows the results of the salary survey.

Unifying the Solution

After determining the appropriate division of work and market position, the compensation structure can be created. There is not a single, perfect solution for every client partner. The nuances and unique characteristics of each client necessitate a customized solution to best meet the organization's needs.

The Evergreen Team has considerable experience in developing multiple solutions and working with client partners to determine the one that best meets their needs. Our analytical team uses a variety of tools to produce various potential solutions: regression analysis, market thresholds, and other human resource models. Several major options are presented to the client's team before the implementation plan is created.

It is at this stage in the process that we typically meet with the client to identify the direction of the final solution. We will present to the client a draft report for review and comment. We typically ask the client to examine the draft solution objectively and provide insights and recommendations on the direction of the report. When this process is completed, Evergreen's consultants will proceed with the final solution. The solution also contains information regarding fiscal impact and implementation.

Compensation Administration Guidelines

In order for clients to maintain the recommended compensation system, Evergreen develops compensation administration guidelines for use by the client after completion of the study. The guidelines will include recommendations on installation and continuing administration of the system. The team first conducts a review of current practices and procedures then assesses their effectiveness, compliance with legal guidelines, and applicability to the recommended system.

Once this review and assessment are complete, revisions to the current practices and/or new guidelines can be recommended, as needed. At a minimum, the recommendations will address areas such as:

- how employees will move through the pay structure/system as a result of transfers, promotions, or demotions;
- how to pay employees whose base pay has reached the maximum of their pay range or value of their position;
- the proper mix of pay and benefits;
- how often to adjust pay scales and survey the market;
- timing of implementation; and
- how to keep the system fair and competitive over time.

System Maintenance

Our goal is to produce recommendations that are effective and that can be maintained by our clients. We are strongly committed to providing transparent and replicable solutions. In essence, when we complete our core assignment, our goal is that our client's staff can maintain and update the system on their own. We are readily available to provide assistance, but our goal is to give our clients all the tools and training that are needed. Towards this end we will provide the Human Resources Department with all necessary tools and training to maintain the system over time.

Based on client needs and industry best practices, Evergreen has developed a compensation and classification maintenance tool to assist our clients with implementing, managing, and updating the solutions: ***JobForce Manager***. This tool allows our clients to estimate future pay plan changes, update market information, make determinations on reclassifications, and create new jobs. By automating these tasks, ***JobForce Manager*** allows our clients to not only streamline, but also increase the fairness and transparency of regular compensation and classifications tasks after solution implementation.

Exhibit 4-4 displays the interface from ***JobForce Manager*** for determining a positions pay grade; additional features include a job scoring tabulation sheet, market survey results database and summary report, pay plan report, and employee salary calculators for modeling fiscal impacts of

compensation changes at the employee level. All data and reports are downloadable and printable, so they can be provided to key decision makers.

4.2 Detailed Work Plan

The detailed work plan that Evergreen proposes to use to conduct Compensation and Benefits Study for the City of New Smyrna Beach is provided in this section. Evergreen understands the City currently has approximately 323 employees in 150 classifications that will be included in the study.

Our work plan consists of the following 11 work tasks:

- Task 1: Project Initiation
- Task 2: Evaluate the Current System
- Task 3: Collect and Review Current Environment Data
- Task 4: Evaluate and Build Projected Classification Plan and Make FLSA Determinations
- Task 5: Identify List of Market Survey Benchmarks and Approved List of Targets
- Task 6: Conduct Market Salary and Benefits Survey and Provide External Assessment Summary
- Task 7: Develop Strategic Positioning Recommendations
- Task 8: Conduct Solution Analysis
- Task 9: Develop and Submit Draft and Final Reports
- Task 10: Develop Recommendations for Compensation Administration
- Task 11: Provide Revised Class Descriptions

Task 1.0 Project Initiation

TASK GOALS

- Finalize the project plan with the City.
- Gather all pertinent data.
- Finalize any remaining contractual negotiations.
- Establish an agreeable final timeline for all project milestones and deliverables.

TASK ACTIVITIES

1.1 Discuss with the City's Project Manager (CPM) and any other key personnel the following objectives:

- the classification and pay plan study process;
- understand mission and current compensation philosophy;
- review our proposed methodology, approach, and project work plan to identify any necessary revisions;
- reach agreement on a schedule for the project including all assignments and project milestones/deliverables; and
- establish an agreeable communication schedule.

1.2 Identify potential challenges and opportunities for the study. Discuss the strategic direction of the City and some of the short- and long-term priorities. This activity serves as the basis for assessing where the City is going and what type of pay plan will reinforce current and future goals.

1.3 Obtain relevant materials from the City, including:

- any previous projects, research, evaluations, or other studies that may be relevant to this project;
- organizational charts for the departments and divisions, along with related responsibility descriptions;
- current position and classification descriptions, salary schedule(s), benefits plans, and classification system; and

1.4 Review and edit the project work plan and submit a timeline for the completion of each project task.

1.5 Provide bi-weekly verbal check-ins and monthly written detailed progress reports to the CPM throughout the study.

KEY PROJECT MILESTONES

- Comprehensive project management plan
- Comprehensive database of City staff

Task 2.0
Evaluate the Current System

TASK GOAL

- Conduct a comprehensive preliminary evaluation of the existing compensation plan(s) for the City.

TASK ACTIVITIES

2.1 Obtain the existing pay structure and compensation philosophy (if any). Review the existing pay structure and look for potential problems and issues to be resolved.

2.2 Identify the strengths and weaknesses of the current pay plan(s) for the City. Identify pay compressions issues and discuss solutions with the CPM.

2.3 Complete an assessment of current conditions that details the pros and cons of the current system, taking into consideration compensation and benefits, as well as highlights areas for potential improvement in the final adopted solution.

KEY PROJECT MILESTONES

- Review of existing compensation plan(s)
- Assessment of current conditions

Task 3.0
Collect and Review Current Environment Data

TASK GOALS

- Conduct statistical and anecdotal research into the current environment within the City.
- Guide subsequent analytical tasks.

TASK ACTIVITIES

3.1 Schedule and conduct employee orientation sessions to describe the scope of work and methodology.

3.2 Interview department directors to obtain relevant information and statistical data on specific compensation issues and policies. Obtain insight into perceived current compensation system strengths and weaknesses.

3.3 Hold up focus groups to obtain additional relevant information and statistical data on specific compensation issues and policies.

3.4 Work with the CPM and Human Resources staff to administer the JATs and MITs to employees. Our staff utilizes a web-based tool for data collection, but we can provide paper copies as well as those for classifications without computers or Internet access. We will seek approval from the CPM before distribution of the JAT/MIT questionnaire.

3.5 Review any data provided by the City that may provide additional relevant insight.

KEY PROJECT MILESTONES

- Department director interviews
- Employee focus groups and orientation sessions
- JAT/MIT distribution

Task 4.0
Evaluate and Build Projected Classification Plan and Make FLSA Determinations

TASK GOALS

- Identify the classification of existing positions utilizing the approved method for job evaluation.
- Characterize internal equity relationships within the City's staff.

TASK ACTIVITIES

4.1 Ensure that all draft class specifications for the City are provided to Evergreen by the CPM.

4.2 Review the work performed by each classification and score based on job evaluation. Include an evaluation of supervisory comments.

4.3 Review job evaluation scores and identify the classification of positions.

4.4 Schedule and conduct additional follow-up with employees for jobs where uncertainty exists over data obtained from job evaluation.

4.5 Develop preliminary recommendations for the classification structure and discuss with the CPM. The classification system designed at this point would be based solely on internal equity relationships and would be guided by the job evaluation scores for each classification. Essentially, a structure of classifications would be established, and classifications with similar scoring would be grouped and spacing between jobs would be determined.

4.6 Develop recommendations of FLSA (exemption) status based on results of the job evaluation (JAT) review and federal requirements.

4.7 Review recommendations with the CPM.

KEY PROJECT MILESTONES

- Job evaluation scores by class
- Recommended classification changes
- FLSA determinations
- Preliminary job structure based on internal equity

Task 5.0 Identify List of Market Surveys Benchmarks and Approved List of Targets

TASK GOALS

- Identify positions to benchmark for the market salary and benefits survey.
- Identify and develop a comprehensive list of targets for conducting a successful external labor market salary and benefits assessment.

TASK ACTIVITIES

5.1 Identify and review with the CPM the classifications that will be used as benchmarks for the market salary and benefits survey. **Note:** Evergreen will work with the CPM to identify up to 100 classifications to use as benchmarks for the market salary and benefits survey.

5.2 Finalize the list of positions with the CPM.

5.3 Develop a preliminary list of organizations for the external labor market survey of salary and benefits, placing a comparative emphasis on characteristics such as:

- size of the organization;
- geographic proximity to the New Smyrna Beach area;

- economic and budget characteristics; and
- other demographic data.

5.4 Review and finalize with the CPM up to 20 peer organizations that will be included in the market salary and benefits survey.

5.5 Develop a system for use of secondary data including potential sources and weighting of secondary data, if necessary.

5.6 Review survey methodology with the CPM and refine survey methodology prior to distribution of surveys.

5.7 After approval of survey methodology, develop contact list of peer organizations and notify peers of impending surveys.

KEY PROJECT MILESTONES

- Initial list of survey peers
- Survey methodology
- Final list of survey organizations and contacts

Task 6.0 Conduct Market Salary and Benefits Survey and Provide External Assessment Summary

TASK GOALS

- Conduct the external labor market salary survey.
- Conduct a benefits survey.
- Provide a summary of the market salary and benefits survey results to the CPM.

TASK ACTIVITIES

6.1 Prepare a customized external labor market salary survey for the CPM's approval. Discuss questions and categories for the market survey.

6.2 Develop a listing of the current benefits (i.e., retirement plans; paid time off; and employee insurance coverages and contribution rates for health, dental, vision, group life, group short term disability and other ancillary benefits) provided by the City for comparisons with peer organizations, and any additional benefits.

6.3 Using the list of City provided benefits and major benefits offerings not provided by the City develop a list of benefits to include in the external labor market survey.

6.4 Prepare benefits survey to be included with salary survey developed in Task 6.1.

6.5 Contact the targets for electronic completion of the survey. Provide paper copies by fax, if requested.

6.6 Conduct necessary follow-up through e-mails, faxes, and phone calls.

6.7 Collect and enter survey results into Evergreen's electronic data analysis tools.

6.8 Validate all data submitted.

6.9 Develop summary report of external labor market salary and benefits assessment results.

6.10 Submit summary report of external labor market salary and benefits assessment results to the CPM.

KEY PROJECT MILESTONES

- Market survey instrument
- Benefits survey instrument
- Summary report of external labor market salary and benefits assessment results

Task 7.0 Develop Strategic Positioning Recommendations

TASK GOALS

- Determine the City's compensation philosophy.
- Develop a plan for all employees, providing issue areas and preliminary recommendations for strategic improvement.

TASK ACTIVITIES

7.1 Identify the accepted compensation philosophy and accompanying thresholds.

7.2 Using the market salary survey data collected in **Task 6.0,** and the classification data reviewed in **Task 4.0**, recommend the appropriate salary structure/ranges (s) for the City's positions.

7.3 Produce a revised or new pay plan that best meets the needs of the City from an internal and external equity standpoint.

KEY PROJECT MILESTONES

- Proposed compensation strategic direction, taking into account internal and external equity
- Plan for addressing unique, highly competitive positions

Task 8.0 Conduct Solution Analysis

TASK GOALS

- Conduct analysis comparing job evaluation values.
- Survey results for the benchmark positions.
- Produce several possible solutions for implementation.

TASK ACTIVITIES

8.1 Conduct regression analysis or other appropriate techniques to properly slot each classification into the proposed pay plan for the City.

8.2 Place all classifications into pay grades based on **Task Activity 8.1**. Sort alphabetically by job class title, in descending order by range, and by old class title and new class specifications.

8.3 Create implementation solutions for consideration that take into account the current position of the City as well as the findings from the classification and compensation analysis. Identify and prepare a range of compensation policy alternatives.

8.4 Discuss with the CPM potential solutions.

8.5 Determine the best solution to meet the needs of the City in the short-term and long-term.

8.6 Document the accepted solution.

KEY PROJECT MILESTONES

- Initial regression analysis
- Potential solutions
- Documented final solution

Task 9.0 Develop and Submit Draft and Final Reports

TASK GOALS

- Develop and submit a draft and Final Report of the Compensation and Benefits Study to the City of New Smyrna Beach.
- Present the Final Report.

TASK ACTIVITIES

9.1 Produce a comprehensive draft report that captures the results of each previous step, including a complete listing of the allocation of job classes to salary range requirements. Provide the CPM with a draft final report for review that will include all costs associated with recommendations as well as implementation strategies.

9.2 Make edits and submit an electronic and hard copy of the Final Report to the CPM.

9.3 Present the Final Report to City Commission

9.4 Develop a communication plan for sharing study results with employees.

9.5 Develop a plan for maintaining recommendations over time.

KEY PROJECT MILESTONES

- Draft and final reports
- Final presentation
- Communication plan
- Implementation and maintenance database

Task 10.0 Develop Recommendations for Compensation Administration

TASK GOALS

- Develop recommendations for continued administration by City staff to sustain the recommended compensation and classification system.
- Conduct training.

TASK ACTIVITIES

10.1 Develop recommendations and guidelines for continued administration and maintenance of the classification and compensation system by City staff including recommendations and guidelines related to:

- how employees will move through the pay structure/system as a result of transfers, promotions, or demotions;
- how to pay employees whose base pay has reached the maximum of their pay range or value of their position;
- the proper mix of pay and benefits;
- how often to adjust pay scales and survey the market;
- the timing of implementation; and
- how to keep the system fair and competitive over time.

10.2 Provide recommendations to the CPM for review.

10.3 Finalize recommendations.

10.4 Provide training and instructional tools to the Human Resources Department staff and Management Team to ensure that staff can conduct individual salary audits/adjustments consistent with study methods until the next formal study is conducted using Evergreen's ***JobForce Manager*** tool that will enable Human Resources staff to estimate future pay plan changes, update market information, make determinations on reclassifications, and create new jobs – allowing for streamlining, and an increase in fairness and transparency of regular compensation and classification tasks after solution implementation.

KEY PROJECT MILESTONES

- Recommendations for compensation administration
- Training on Evergreen's ***JobForce Manager*** tool

Task 11.0 Provide Revised Class Descriptions

TASK GOALS

- Update existing class descriptions.
- Create new class descriptions for only those classifications recommended by Evergreen as a result of the job evaluation process.
- Provide final version of all class descriptions/specifications in electronic format (i.e., MS Word).

TASK ACTIVITIES

11.1 Assess current class descriptions for form, content, validity, and ADA, FLSA, EEO compliance, etc.

11.2 Discuss any necessary changes to the class description format with the CPM.

11.3 Update classification descriptions based on data gathered from the job evaluation process.

11.4 Create new class descriptions only for those classifications recommended by Evergreen as a result of the job evaluation process.

11.5 Recommend a systematic, regular process for reviewing class descriptions.

KEY PROJECT MILESTONES

- Updated class descriptions
- New class descriptions, as needed
- Recommendations for regular review of class descriptions

4.3 Proposed Project Timeframe

Evergreen possesses the ability, staff, skills, and tools to conduct a Compensation and Benefits Study in approximately 4.5 months of the project start date and execution of a contract. Our proposed project timeline is based on a tentative start date of April 15, 2025, and a completion date of August 31, 2025, which is within the recommended timeframe in the RFP.

Our proposed project timeframe, as identified in **Exhibit 4-5**, can be modified in any way to best meet the needs of the City of New Smyrna Beach.

Exhibit 4-5
Proposed Project Timeframe

PROJECT TASKS	2025				
	APR	MAY	JUN	JUL	AUG
1.0: Project Initiation					
2.0: Evaluate the Current System					
3.0: Collect and Review Current Environment Data					
4.0: Evaluate and Build Projected Classification Plan and Make FLSA Determinations					
5.0: Identify List of Market Salary and Benefits Survey Benchmarks and Approved List of Targets

10.0: Develop Recommendations for Compensation Administration					
11.0: Provide Updated Class Descriptions					

Section 5.0
Fee Proposal

5.0 Fee Proposal

Evergreen Solutions, LLC is pleased to present our proposed fee to conduct a Compensation and Benefits Study for the City of New Smyrna Beach. We are committed to providing the highest quality consulting services to our client partners for a reasonable price. Our firm is fortunate that our overhead is minimal and our fees are reasonable so we can pass that cost savings on to our clients.

Our total, not-to-exceed, fixed fee to complete all tasks identified in our detailed work plan in **Section 4** of our proposal is **$35,500**. Our fee is all inclusive, and includes travel cost (meals and lodging), transportation, fringe benefits, indirect cost (overhead), clerical support, and all other out-of-pocket fees. Our fee includes two onsite visits to the City to perform the requested work as most of the work can be conducted virtually. **Note:** Any work outside of the scope of work would be billed at $150 per hour or would be negotiated with the City depending on the type of work requested.

Our preferred payment schedule for all tasks is as follows:

- 25% - upon completion of Tasks 1 – 2
- 25% - upon completion of Tasks 3 – 4
- 25% - upon completion of Tasks 5 – 6
- 15% - upon completion of Tasks 7 – 8
- 10% - upon completion of Tasks 9 – 11

Note: All invoices are due within 30 days of receipt or the project may be delayed in moving to the next deliverable identified in the detailed work plan for the project.

We are willing to negotiate the time, scope, and price of the basic tasks, or any other options that the City of New Smyrna Beach wishes to identify.

Section 6.0
References

6.0 References

We have provided three references on the attached reference form (Attachment A of the RFP) that we feel demonstrate the breadth and quality of the work our team has performed as it relates to the services being requested by the City of New Smyrna Beach. We invite you to contact our client references as to the quality and timeliness of our consulting projects. Additional references are available upon request.

REFERENCES

The Firm shall complete and submit this Reference Form as a part of their bid response. **Provide a minimum of three (3) projects performed by the Firm and completed within the last five (5) years**, which are similar in type of scope and complexity. References from projects that are at substantial completion will be accepted. (A Reference from the City of New Smyrna Beach is not acceptable). The contact person provided shall be a person who has personal knowledge of the Bidder's performance for the specific requirements listed and is aware the City may be contacting them.

(Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return) Evergreen Solutions, LLC

Business name, if different from above

Check appropriate box: ☐ Individual/Sole proprietor ☐ Corporation ☐ Partnership
☑ Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶ P
☐ Other (see instructions) ▶

☐ Exempt payee

Address (number, street, and apt. or suite no.) 2528 Barrington Circle, Unit 201

Requester's name and address (optional)

City, state, and ZIP code Tallahassee, Florida 32308

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number
: :

or

Employer identification number
20 : 1833438

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here Signature of U.S. person ▶ [signature] Date ▶ 2/19/2025

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,.

STATEMENT OF INSURANCE COMPLIANCE

The undersigned firm agrees to obtain prior to award, if selected, the insurance and levels in accordance to the requirements as set forth in the Invitation for Proposal, Invitation to Bid, or Invitation for Qualifications, or draft agreement, attached hereto.

Policies other than State Issued Worker's Compensation shall be issued only by companies authorized by maintaining certificates of authority issued to the companies by the Department of Insurance of the State of Florida to conduct business in the State of Florida and which maintain a Rating of "A" or better and a Financial Size category of "VII" or better according to the A.M. Best Company. Policies for Worker's Compensation may be issued by companies authorized as a group self-insurer by F.S. 440.57, Florida Statutes.

PUBLIC ENTITY CRIME INFORMATION STATEMENT

All invitations to bid as defined by Section 287.012(11), Florida Statutes, requests for proposals as defined by Section 287.012(16), Florida Statutes, and any contract document described by Section 287.058, Florida Statutes, shall contain a statement informing persons of the provisions of paragraph (2)(a) of Section 287.133, Florida Statutes, which reads as follows:

> **"A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or CONTRACTOR under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list."**

All vendors who submit a Bid or Request for Proposal to the City of New Smyrna Beach, are guaranteeing that they have read the previous statement, and by signing the bid documents, are qualified to submit a bid under Section 287.133, (2)(a) Florida Statutes.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.

DRUG-FREE WORKPLACE CERTIFICATION FORM

IDENTICAL TIE BIDS-In accordance with Florida State Statutes Section 287.087, preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, which are equal with respect to price, quality, and service, are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violation of such prohibition.

2. Establishing an on-going drug-free awareness program to inform employees about:
   a. The dangers of drug abuse in the workplace.
   b. The employer's policy of maintaining a drug-free workplace.
   c. Any available drug counseling, rehabilitation, and employee assistance programs, and
   d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

3. Making it a requirement that each employee to be engaged in the performance of this contract be given a copy of the statement required by paragraph (a);

4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under this contract, the employee will:
   a. Abide by the terms of the statement; and
   b. Notify the Employer in writing of any arrest for a violation of a criminal drug statute or driving under the influence no later than five calendar days after such arrest;

5. Notifying the City of New Smyrna Beach, in writing, within 10 calendar days after receiving notice under subparagraph (4)(b) from an employee or otherwise receiving actual notice of such arrest Consultants of arrested employees must provide notice, including position and title to: City Clerk/Administrator, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, FL 32168.

6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is arrested.
   a. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended, or
   b. Requiring such employee to participate satisfactorily in drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State or local health, law enforcement, or other appropriate agency.

7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (1), (2), (3), (4), (5) and (6).

As a duly authorized representative of the Vendor, I hereby certify that the Firm will comply with the above certifications.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.

****THIS FORM MUST BE COMPLETED AND RETURNED WITH YOUR BID**

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. THIS SWORN STATEMENT IS SUBMITTED TO City of New Smyrna Beach

by Jeffrey Ling, PhD, President
(Print Individual's Name and Title)

for Evergreen Solutions LLC
(Print Name of Entity Submitting Sworn Statement)

whose business is an LLC

and (if applicable) its Federal Employer Identification Number (FEIN) is 20-1833436

2. I understand that a "public entity crime" as defined in Paragraph 287.133 (1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

3. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:

   a. A predecessor or successor of a person convicted of a public entity crime; or

   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

5. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provisions of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders,

employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. (Indicate which statement applies).

✓ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, nor any affiliates of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. (Attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR A CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

NON-COLLUSION AFFIDAVIT OF PROPOSER

State of Florida

County of Leon

Jeffrey Line, being first duly sworn, deposes and says that:

He/she is President of Evergreen Solutions, Proposer that has submitted the attached bid or Request for Qualifications;

He/she is fully informed respecting the preparation and contents of the attached bid and of all pertinent circumstances respecting such bid;

Such bid is genuine and is not a collusive or sham bid;

Neither the said Proposer nor any of its officers, partners, owners, agent representatives, employees, or parties in interest, including this affiant, has in any way colluded, conspired, connived or agreed, directly or indirectly, sought by agreement or collusion or communication or conference with any other Proposer, firm or person, to fix the price or prices in the attached Proposal or of any other Proposer, or to fix any overhead, profit or cost element of the Proposal price or the Proposal price of any other Proposer, or to secure through any collusion, conspiracy, connivance or unlawful agreement any advantage against the CITY OF NEW SMYRNA BEACH, FLORIDA, or any person interested in the proposed Contract; and

The price or prices quoted in the attached Proposal are fair and proper and are not tainted by any collusion, conspiracy, connivance or unlawful agreement on the part of the Proposer or any of its agents, representatives, owners, employees, or parties in interest, including this affiant.

COMPLIANCE WITH EMPLOYMENT ELIGIBILITY REQUIREMENTS

(§448.095, Florida Statutes – E-Verify)

The E-Verify system is an internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees. Florida Statutes §448.095 provides that any person or entity that has entered or is attempting to enter into a contract with the City of New Smyrna Beach to provide labor, supplies or services must register with and use the E-Verify system to verify the work authorization status of all employees hired after January 1, 2021. Further, the consultant must maintain certain required employment compliance records of sub consultants for the duration of the contract with the City of New Smyrna Beach.

Consultant Name: Evergreen Solutions, LLC

Consultant E-Verify Registration Number: 341059

The undersigned, on behalf of the consultant referenced above, after first being duly sworn, states as follows:

1. That said consultant understands that the consultant must comply with §448.095, Florida Statutes.
2. That the consultant uses the E-Verify system to verify the work eligibility status of employees.
3. That the consultant has enrolled in the E-Verify system under the registration number referenced above and will verify the work eligibility status of employees hired after January 1, 2021 through said registration number throughout the contract period of any and all contracts with the City of New Smyrna Beach.
4. That the consultant will maintain affidavits of sub consultants engaged to perform work on any and all contracts with the City of New Smyrna Beach.
5. That said consultant further understands that violation of §448.095, Florida Statutes may result in lawful termination of a contract by the City of New Smyrna Beach, subjecting the consultant to liability for additional costs incurred by the City of New Smyrna Beach as a result of the termination of the contract.

CONFLICT OF INTEREST AFFIDAVIT

State of Florida: City of Tallahassee

Before me, the undersigned authority, personally appeared Jeffrey Ling

who was duly sworn, deposes, and states:

1. I am the President of Evergreen Solutions with a local office in Tallahassee FL (City & State) and principal office in Tallahassee FL (City & State).
2. The above named entity is submitting an Expression of Interest for the City of New Smyrna Beach project described as **RFP 08-25-HR, Compensation and Benefits Study.**
3. The Affiant has made diligent inquiry and provides the information contained in this Affidavit based upon his/her own knowledge.
4. The Affiant states that only one submittal for the above project is being submitted and that the above-named entity has no financial interest in other entities submitting proposals for the same project.
5. Neither the Affiant nor the above-named entity has directly or indirectly entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive pricing in connection with the entity's submittal for the above project. This statement restricts the discussion of pricing data until the completion of negotiations and execution of the Agreement for this project.
6. Neither the entity nor its affiliates, nor anyone associated with them, is presently suspended or otherwise ineligible from participating in contract lettings by any local, state, or federal agency.
7. Neither the entity, nor its affiliates, nor anyone associated with them have any potential conflict of interest due to any other clients, contracts, or property interests for this project.
8. I certify that no member of the entity's ownership, management, or staff has a vested interest in any aspect of or Department of City of New Smyrna Beach.
9. I certify that no member of the entity's ownership or management is presently applying for an employee position or actively seeking an elected position with City of New Smyrna Beach.
10. In the event that a conflict of interest is identified in the provision of services, I, on behalf of the above-named entity, will immediately notify City of New Smyrna Beach in writing.

ADDENDUM 1
RFP 08-25-HR: COMPENSATION AND BENEFTIS STUDY
JANUARY 28, 2025

TO ALL PROPOSERS:

Notice is hereby given to all Proposers that this is Addendum 1 to RFP 08-25-HR, Compensation and Benefits Study, issued January 21, 2024.

This addendum is issued to answer vendor questions, clarify, add, delete, correct and/or change the proposal documents to the extent indicated and is hereby made a part of the above noted solicitation documents. Any modifications/changes made by this addendum affect only the portions or paragraphs specifically identified herein; all remaining portions of the proposal are to remain in force. It is the responsibility of all Applicants to conform to this addendum. Please note, questions are recorded as they are received, including grammar and spelling errors.

This addendum shall be considered part of the Contract Documents for the above-mentioned solicitation as though it had been issued at the same time and incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original document, this addendum shall govern and take precedence. All other terms, conditions, and regulations will apply.

This addendum impacts all vendors interested in submitting proposals for this solicitation.

Questions/Answers:

1. **Question:** Section V. Minimum Qualifications states the proposer must have a staffed office within the State of Florida. The Archer Company has a consultant on our team based in Florida, who offices out of her home, like the majority of our team. This is not unusual in the HR consulting space these days. Will the presence of a consultant in a home-based office in Florida be sufficient to meet this requirement?

   Answer: Yes

2. **Question:** Are all job classifications to be reviewed and benchmarked as part of the study? Or will the City accept proposals where a percentage of the classifications are reviewed and benchmarked as is a common practice?
   Answer: All job classifications should be reviewed. ✓

3. **Question:** Is the $2 Million Personal and Advertising Injury Insurance limit able to be waived? We have $1 Million Personal & Advertising but $2 Million for General Aggregate and Products/Completed Operations.?
   Answer: $1 Million personal and advertising injury insurance is acceptable.

4. **Question:** Is it acceptable for a consultant to bid on only portions of the work? For example, our firm's expertise is in compensation and not benefits, so the benefits section may be better handled by a separate firm, while our compensation process and structure may be more favorable.
   Answer: The preference is for a consultant who can bid the entire survey.

5. **Question:** Section VI.H states that the reference questionnaires are due back to CoNSB by 2/4/25; but the questionnaires state that they are due back to CoNSB by 2/20/25. Can you confirm which date is correct?
   Answer: Reference questionnaires are due back to the City prior to 5:00 pm on February 20, 2025.

ALL OTHER AREAS OF THE BID DOCUMENT REMAINS THE SAME

Instructions:

This page shall be signed and returned with the proposal. Please provide a signed copy of this addendum with your proposal.

Any modifications/changes made by this addendum affect only the portions or paragraphs specifically identified herein; all remaining portions of the proposal are to remain in force. It is the responsibility of all Applicants to conform to this addendum. Please note, questions are recorded as they are received, including grammar and spelling errors.

This addendum shall be considered part of the Contract Documents for the above-mentioned solicitation as though it had been issued at the same time and incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original document, this addendum shall govern and take precedence. All other terms, conditions, and regulations will apply.

This addendum impacts all vendors interested in submitting proposals for this solicitation.

Questions/Answers:

1. **Question:** What was the date of the last study completed? Was it of the same scope as the current request? Did it include updated job descriptions?
   Answer: 2020. It was in the original scope but due to Covid it was modified and not completed.

2. **Question:** Was the study completed internally or with the assistance of an outside firm? Who was the outside firm if one was used?
   Answer: Externally by Evergreen.

3. **Question:** How many unique job titles are covered in the study?
   Answer: About 150

4. **Question:** Can you advise us on the anticipated start date of the project?
   Answer: As soon as possible after contract is awarded.

5. **Question:** When do you need to have your results for the study?
   Answer: As soon as possible after all data is gathered and analyzed. Prefer 120 days.

ALL OTHER AREAS OF THE BID DOCUMENT REMAINS THE SAME

Instructions: This page shall be signed and returned with the proposal. Please provide a signed copy of this addendum with your proposal.

PROJECT APPROACH

STEP ①

PROJECT INITIATION

- Introduce team members
- Finalize project planning
- Finalize work plan
- Establish communication schedule
- Collect data

STEP ②

OUTREACH & EMPLOYEE PARTICIPATION

- Conduct employee orientation sessions
- Conduct focus groups
- Interview department heads
- Administer JATs and MITs Perform job analysis
- Make FLSA determinations
- Analyze results

PROJECT APPROACH

STEP ③

JOB CLASSIFICATION ANALYSIS

- Review work performed by classifications
- Develop classification structure based on JAT scores
- Evaluate and build projected classification plan
- Develop internal job classification hierarchies
- Validate internal equity
- Make FLSA determinations

STEP ④

CONDUCT MARKET & BENEFITS SALARY SURVEY

- Identify the 100 benchmark positions and 20 peer organizations
- Conduct a labor market salary survey
- Conduct a benefits survey
- Collect and analyze market salary & benefits data
- Prepare draft summary of the City's market position

PROJECT APPROACH

STEP ⑤

SOLUTION ANALYSIS & DEVELOPMENT

- Conduct compensation analysis
- Develop new/revised pay grades and ranges
- Slot classifications into pay plans
- Conduct solution analysis

STEP ⑥

FINALIZE PROJECT

- Develop draft/final reports
- Present final report to the City Commission
- Develop a communication plan
- Develop recommendations for the continued administration of plans
- Update job descriptions
- Provide training

PROJECT TIMELINE

Evergreen Solutions possesses the staff, skills, and tools to conduct the Compensation and Benefits Study for the City of New Smyrna Beach in approximately...

4.5 MONTHS
from the execution of a contract.

(Our timeline can be modified in any way to best meet the City's needs)

PROJECT TEAM

Dr. Jeff Ling - President of Evergreen and the Director of the firm's human resource practice.

Certified Compensation Professional with more than 25 years HR consulting experience.

Co-founded Evergreen in 2004.

Mr. Mark Holcombe – Project Manager with more than 10 years of management and consulting experience. A certified Project Management Professional (PMP) and a SHRM Senior Certified Professional (SHRM-SCP).

Has directed more than 150 local gov't HR projects with Evergreen.

Mr. Rob Williamson – Project Manager with more than 20 years of proven leadership in the private and public sector.

Has been a business owner, CEO of a mid-sized water/wastewater treatment utility, County Commissioner, and Manager of the Florida Association of Counties' 23-county insurance trust.

PROJECT TEAM

Mr. Karl Fuchs – Senior Consultant with over 25 years of public sector experience, specializing in human resources, organizational design, and performance management. Former local government HR Director.

Has a Juris Master in Employment Law and HR Risk Management from FSU, College of Law.

Mr. Peter Backhaus - Senior Consultant who specializes in salary benchmarking, pay plan design, and public safety markets.

Has a Bachelor's of Science in Economics with Minors in Sociology and Communication.

Ms. Tara Tabachnik - Consultant who began her career with Evergreen as a Junior Analyst and has since developed exceptional skills and knowledge in Human Resources consulting that she applies in her current role.

She has taken the lead role in collecting and analyzing salary/benefits survey data.

WHAT SETS US APART?

Unparalleled experience in conducting compensation and benefits studies for local governments throughout the country

Nationally recognized knowledge of and experience with local government operations

An experienced collaborative and professional team

WHAT SETS US APART?

Real world methodology that is industry standard.

Tested tools for knowledge transfer.

Janet Vivian, Purchasing Agent
City of New Smyrna Beach
210 Sams Avenue
New Smyrna Beach, Florida 32168

Dear Ms. Vivian:

Evergreen Solutions, LLC is pleased to submit this letter proposal to clarify our fee to conduct the Compensation and Classification Study for the City of New Smyrna Beach. Our total, not-to-exceed, fixed fee to complete all tasks identified in our detailed work plan in **Section 4** of our proposal is **$35,500**. Any work outside of the scope of work would be billed at $150 per hour or would be negotiated with the City depending on the type of work being requested.

We would love the opportunity to again work with the City of New Smyrna Beach. If you have any questions, please feel free to contact me at (850) 383-0111, or via email at jeff@consultevergreen.com.

Sincerely,

Jeffrey Ling, PhD, President
Evergreen Solutions, LLC

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

CONSIDER THE APPROVAL OF AN APPLICATION FOR A SIDEWALK CAFÉ AGREEMENT FOR THE BEACHIN BURRITOS RESTAURANT LOCATED AT 431 CANAL STREET.

April 8, 2025

Background:

Applicant: Vincent Siravo Jr., Owner of Beachin Burritos, 431 Canal Street, New Smyrna Beach, Florida 32168.

Property Owner: Richard Rosedale, 431 Canal Street, New Smyrna Beach, Florida 32168.

Request: Request a sidewalk café agreement, to allow for 5 tables with a maximum overall of 10 seats, within the Canal Street Right-of-Way.

Subject Area: The subject area is zoned MU, Mixed-Use, and is located on the north side of Canal Street, east of North Orange Street.

Tax ID #: 7441-37-01-0163

Findings:

Exhibits used in this report:

Exhibit A: Location Map
Exhibit B: Aerial Map
Exhibit C: Seating Area
Exhibit D: Site Photos
Exhibit E: Sidewalk Café Agreement
Exhibit F: Insurance Certificate

The applicant is requesting approval of a sidewalk café within the Canal Street Right-of-Way. The City's *Land Development Regulations* (LDR) states that sidewalk cafés are only permitted for restaurants. The business is operating as a restaurant known as Beachin Burritos.

The proposed seating would be located in front of the building within a section of the public sidewalk that is 12 1/2 feet in width. The plan would allow at least a continuous 60 inches, (5 Feet), of clear area for pedestrians over the public sidewalk. A copy of the proposed seating area is attached as **Exhibit C.** Photos of the site are attached as **Exhibit D**. A copy of the signed Sidewalk Café Agreement is attached as **Exhibit E**. Insurance

certificate is attached as **Exhibit F**.

Per Section 801.14 of the City's Land Development Regulations (LDR), sidewalk cafes may only be approved by the City Commission. This section of the LDR also lists the following minimum criteria that must be met in order for a sidewalk café to be approved (staff's responses provided below in **bold**):

- Sidewalk cafés shall only be permitted as an accessory use in the MU, Mixed Use, zoning district.

- **The subject property is located in the Mixed-Use zoning district.**
- **This criterion is met.**

- The sidewalk café must be an extension of a restaurant permitted in the district.

- **There is a proposed restaurant at this location.**
- **This criterion is met.**

- The sidewalk café is limited to the sidewalk area directly adjacent to the restaurant frontage.

- **According to site plan provided with the application, all of the tables and seating will be located directly adjacent to the building frontage.**
- **This criterion is met.**

- No additional parking is required if the outdoor seating area does not exceed 30% of the restaurant floor area.

- **No additional parking would be required for the 10 seats. Also, the restaurant is**

located within the Arts Overlay District. This district allows for a parking waiver for restaurants.

- **This criterion is met.**

- The license holder shall provide adequate liability coverage for the sidewalk café area. The license holder shall name the City as an additional insured.

- **The applicant has provided a copy of the liability coverage for the sidewalk café area.**
- **This Criterion is met.**

The applicant's proposal must also meet the following design criteria in order to establish a sidewalk café (staff's responses shown in **bold**):

- A minimum clear pedestrian area of sixty (60) inches, (5 Feet), must be maintained.

- **The sidewalk outside of the proposed seating will allow for at least 60 inches of travel space.**
- **This Criterion is met.**

- If seating area is provided adjacent to the curb, adequate safeguards must be provided to protect patrons from vehicles.

- **Some of the outdoor seating will be placed close to the existing curb, currently there is a tree, light pole, bicycle rack, and trash can, adjacent to the curb to help provide protection from vehicles.**
- **This design criterion is met.**

- The sidewalk café area must be clearly delineated from the area to remain open for pedestrian traffic.

- **The applicant has delineated the area. The use of planter pots along the east and west sections delineates the seating area from the travel lane for pedestrians.**
- **This design criterion has been met.**

- Umbrellas shall be allowed if they are contained within the sidewalk café area.

- **The applicant has not proposed umbrellas with this application.**
- **This design criterion is Not Applicable.**

- Additional signs are limited to one (1) additional sign on an outdoor menu board and the business name or advertising on any umbrellas. The outdoor menu board may be two-sided and may not exceed four (4) square feet per side. A menu board must be located outside of the pedestrian travel lane.

- **If the applicant could decide to use a menu board, it will be limited to the size restrictions outlined above. This will be a condition of approval.**
- **This design criterion is met.**

- Outdoor lighting, if provided, must be permanently installed in accordance with City code and be approved as part of the application. The license holder shall take any necessary precautions, including illumination, for protection of the public with particular emphasis on the period from sunrise to sunset.

- **There is no additional proposal for outdoor lighting.**
- **This design criterion is Not Applicable.**

The following operating standards have also been established for outdoor cafes:

- All food preparation shall be done inside the restaurant, and all food service shall comply with local and state laws.

- **The applicant has a kitchen inside the restaurant.**
- **This operating standard is met.**

- Alcoholic beverages may be served within the license area consistent with any alcoholic-beverage license in effect for the restaurant.

- **The applicant will be required to add the sidewalk café area as part of their State of Florida alcohol license, if alcohol consumption is requested.**
- **This operating standard is met.**

- The hours of operation for the sidewalk café cannot exceed the operating hours of the business.

- **The applicant has not requested extended hours of operation for the sidewalk café.**
- **This operating standard is met.**

- Tables, chairs, and other furniture shall be brought inside when the sidewalk café is not in operation.

- **The applicant has proposed mobile tables and chairs.**

- **This operating standard is met.**

  - The license area shall be kept in a clean condition and the sidewalk area shall be periodically cleaned to remove any stains or other dirt resulting from the sidewalk café operation.

- **The applicant will keep the sidewalk café area cleaned.**
- **This operating standard has been met.**

Approval of the sidewalk café permit should be conditioned upon compliance with the minimum operating standards and criteria listed above.

Recommendation

The Planning Department recommends the City Commission to **approve** the sidewalk café agreement, allowing five (5) tables with a maximum total of 10 seats overall as a "limited activity".

SIDEWALK CAFE LICENSE AGREEMENT

THIS AGREEMENT is made and entered into by the **CITY OF NEW SMYRNA BEACH**, a municipal corporation, existing under the laws of the State of Florida, hereinafter referred to as "City", **RICHARD ROSEDALE**, property owner, hereinafter referred to as "Owner" and **VINCENT SIRAVO JR.**, as lessee of **218 NSB, LLC** hereinafter referred to as "Lessee":

1. Lessee has applied to the City for a license to operate a sidewalk cafe on City sidewalks adjacent to Lessee's business. The business premises is described as follows: **431 CANAL STREET, UNIT B, NEW SMYRNA BEACH, FLORIDA 32168**.
2. Lessee has submitted plans (EXHIBIT A) showing the proposed location of the Sidewalk Cafe, hereafter referred to as the "License Area". The City has determined that the application and proposed plan are in compliance with **SECTION 801.14** of the Land Development Regulations of The City of New Smyrna Beach.
3. The license agreement shall be valid for a period of one (1) year and may be renewed annually with the business tax receipt.
4. This License is subject to Lessee's strict compliance with the following terms and conditions:
    a. Pedestrian walkways with a minimum width of five (5) feet shall be maintained for use by the general public.
    b. The sidewalk café area must be clearly delineated from the area to remain open for pedestrian traffic.
    c. Umbrellas shall be allowed provided that the umbrellas are contained within the sidewalk café area and do not impede pedestrian traffic or vision at intersections.
    d. Additional signs are limited to one (1) additional sign on an outdoor menu board or sandwich board sign and the restaurant name or advertising on any umbrellas. The outdoor menu board or sidewalk sandwich board sign may be two-sided, not to exceed four (4) square feet per side. Any use of a sidewalk sandwich board sign must be located outside of the required five (5) foot pedestrian walkway and removed at closing time of the restaurant.

e. Outdoor lighting, if provided, must be permanently installed in accordance with the City code and be approved as part of the application. The license holder shall take necessary precautions, including illumination, for protection of the public with particular emphasis on the period from sunset to sunrise.

f. All food preparation shall be done inside the restaurant, and all food service shall comply with local and state laws.

g. No paper plates, napkins, or other paper products may be used for outdoor service.

h. Alcoholic beverages may be served within the license area consistent with any alcoholic beverage license in effect for the restaurant.

i. The hours of operation for the sidewalk café may not exceed the operating hours of the restaurant.

j. Tables, chairs, and other furniture shall be brought inside when the sidewalk café is not in operation.

k. The license area shall be kept in a clean condition and the sidewalk area shall be periodically cleaned to remove any stains or other dirt resulting from the sidewalk café operation.

5. The Lessee shall maintain liability coverage for the License Area in an amount and form approved by the City Attorney of The City of New Smyrna Beach. This coverage shall name the City of New Smyrna Beach as an additional insured. Lessee shall provide proof of liability coverage prior to annual renewal of this license.

6. This License Agreement may be terminated with or without cause by written notice to the address of the Lessee contained on the application or latest written address change provided by the Lessee. The City will provide thirty (30) days written notice of termination without cause. The following shall constitute grounds for immediate termination with cause:

a. Failure to use the License Area for ninety (90) consecutive days.

b. Violation of any of the terms and conditions of this Agreement or violation of any local, State, or federal laws, ordinances, or regulations applicable to the License Area.

c. Failure to maintain the primary business use and requisite licenses

d. Violation of alcoholic beverage laws or regulations.

e. Conviction of the Lessee for a felony, or for violation of a state, federal, or local law involving moral turpitude.

7. This license may not be assigned without prior approval of the City Commission. No right, title, or interest in the real property is conveyed by this Agreement, and Lessee's use of the property is at the pleasure of The City of New Smyrna Beach.

THE CITY OF NEW SMYRNA BEACH - MAINTENANCE OPERATIONS

CONSIDER THE APPROVAL OF A PIGGYBACK AGREEMENT WITH AAA FENCE

April 8, 2025

Background:

This agreement with AAA fence includes new fencing at the 27th Ave Playground and replacement fencing around the new Mary Tot Lot and the basketball courts at 27th Ave Park.

The fences around the basketball courts and Mary Tot Lot are beyond their useful life and are in need of complete replacement.

Basketball Court Fencing - $18,970
27th Ave Playground Fencing - $24,232
Mary Tot Lot Fencing - $25,340

Black aluminum commercial grade fencing will be installed at both playgrounds. The basketball court will have 8-gauge green vinyl coated chain link fence.

Fiscal Analysis:
27th Ave Playground - $24,232 ($20,518 from 302.57202.563203.25PLG and $3,714 from 001.57202.546201)
27th Ave Basketball Courts - $18,970 - From 001.57202.546201
Mary Tot Lot - $25,340 - From 125.51502.583006
A budget amendment will be forthcoming.

Strategic Plan Item:
No

AAA Fence Company Daytona Beach, Inc.

ITB 21-21 Fencing Services

The City of New Smyrna Beach ("City") enters this "Piggyback" Contract with **AAA Fence Company of Daytona Beach, Inc.** hereinafter referred to as the "Vendor"), under the terms and conditions hereinafter provided. The City and the Vendor agree as follows:

1. The Purchasing Policy for the City of New Smyrna Beach allows for "piggybacking" contracts. Pursuant to this procedure, the City is allowed to piggyback an existing government contract, and there is no need to obtain formal or informal quotations, proposals or bids. The parties agree that the Vendor has entered a contract with AAA Fence, said contract being identified as: **ITB 21-21 Fencing Services** (said original contract being referred to as the "original government contract").

2. The original government contract is incorporated herein by reference and is attached as Exhibit "A" to this contract. All of the terms and conditions set out in the original government contract (Exhibit "A") are fully binding on the parties and said terms and conditions are incorporated herein.

3. Notwithstanding the requirement that the original government contract is fully binding on the parties, the parties have agreed to modify certain technical provisions of the original government contract as applied to this contract between the Vendor and the City of New Smyrna Beach, as follows:

a) Period ("Term") of the Agreement: Coterminous with ITB 21-21 Fencing Services

b) Insurance Requirements: In addition to the requirements in Exhibit A, Vendor shall provide certificate of insurance naming the City of New Smyrna Beach as an additional insured.

c) Any other provisions that will be modified: The CONTRACTOR agrees to fully comply with all State laws relating to public records. In order to comply with Section 119.0701, Florida Statutes, the CONTRACTOR must: (1). Keep and maintain public records required by the City to perform the service, (2). Upon request from the City 's custodian of public records, provide the public with a copy of the public records requested or allow the records to be inspected or copied within a reasonable time and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law, (3) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the CONTRACTOR does not transfer the records to the City, (4) Upon completion of this Agreement, transfer, at no cost, to the City all public records in possession of the CONTRACTOR or keep and maintain public records required by the City to perform the service. If the CONTRACTOR transfers all public records to the City upon completion of this Agreement, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of this Agreement, the CONTRACTOR shall meet all

applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City, and (5). If the CONTRACTOR does not comply with a public records request, the City shall enforce any and all Agreement provisions in accordance with this Agreement and the CONTRACTOR shall be subject to all rights and remedies of the City and the public under controlling State law.

A request to inspect or copy public records relating to this Agreement must be made directly to the City. If the City does not possess the requested records, the City shall immediately notify the CONTRACTOR of the request, and the CONTRACTOR must provide the records to the City or allow the records to be inspected or copied within a reasonable time. Failure by the CONTRACTOR to grant such public access and comply with public records requests shall be grounds for immediate unilateral cancellation of this Agreement by the City. The CONTRACTOR shall promptly provide the City with a copy of any request to inspect or copy public records in possession of the CONTRACTOR and shall promptly provide the City with a copy of the CONTRACTOR's response to each such request.

The CONTRACTOR agrees that if any litigation, claim, or audit is started before the expiration of the record retention period established above, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S (CONTRACTOR'S) DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT THE OFFICE OF THE CITY CLERK, CITY HALL, CITY OF NEW SMYRNA BEACH, 210 SAMS AVENUE, NEW SMYRNA BEACH, FLORIDA 32168, CLERK@CITYOFNSB.COM, (386) 410-2631.

d) Address change for the City of New Smyrna Beach: Notwithstanding the address and contact information for the government entity as set out in Exhibit "A," the Vendor agrees that he/she/it will send notices, invoices and will conduct all business with the City of New Smyrna Beach, attention of City Manager, at City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168. The designated representative for this contract is David Ray, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168, telephone number 386-424-2202, and email dray@cityofnsb.com.

Contractor's Initials: WBV
Piggyback Agreement, Rev. 12/22

e) Notwithstanding anything in Exhibit "A" to the contrary, the venue of any dispute will be in Volusia County, Florida. Litigation between the parties arising out of this contract must be in Volusia County, Florida in the Court of appropriate jurisdiction. The law of Florida will control any dispute between the parties arising out of or related to this Piggyback Contract, the performance thereof or any products or services delivered pursuant to such contract.

f) Notwithstanding any other provision in Exhibit "A" to the contrary, there shall be no arbitration with respect to any dispute between the parties arising out of this contract. Dispute resolution shall be through voluntary and non-binding mediation, negotiation or litigation in the Court of appropriate jurisdiction in Volusia County, Florida, with the parties bearing the costs of their own legal fees with respect to any dispute resolution, including litigation.

g) All other provisions in the original government contract (Exhibit "A") are fully binding on the parties and will represent the agreement between the City of New Smyrna Beach and the Vendor.

Form 13024

CITY OF PORT ORANGE
STANDARD CONTRACT FOR SERVICES

This Standard Contract for Services ("Contract") is entered into this 16 day of November, **2021**, by and between the **CITY OF PORT ORANGE**, a Florida municipal corporation, whose principal address is 1000 City Center Circle, Port Orange, Florida 32129 (the "City"), and **FENCE SERVICE, INC. d/b/a AAA FENCE**, a Florida corporation whose principal address is 801 Orange Avenue, Daytona Beach, Florida 32114 ("Contractor"). The City and Contractor are collectively referred to herein as the "Parties."

1. *Provision of Services*

(a) The Contractor hereby agrees to provide Fencing Services to include repairs, replacement fence, and new fence on an as-needed basis throughout the City, and as more specifically described in and pursuant to Intent to Bid ("ITB 21-21"). This Contract together with ITB 21-21, Addendum No. 1, Addendum No. 2, and Contractor's proposal, all of which may be referred to as the "Contract" and all of which are made a part hereof by reference, shall constitute the formal written contract between the City and Contractor. For convenience, Section 3, Scope of Services, Addendum No. 1, Addendum No. 2, and the Contractor's Schedule of Unit Pricing, as submitted by Contractor in Contractor's Proposal, are attached hereto as **Exhibit "1"**. A complete copy of ITB 21-21, Addendum No. 1, Addendum No. 2, and Contractor's Proposal are available in the Office of the City Clerk. Contractor represents that they are familiar with the documents that make up the Contract, as referenced hereinabove.

(b) The time, manner and place for performance of such services shall be:

Term: The term of this Contract shall become effective on the last date the Contract is signed by the Parties ("Effective Date"). This Contract shall be for a term of two (2) years ("Initial Term").

Renewals: Upon written agreement of the Parties, this Contract may be renewed for two (2) one-year periods, subject to the review and approval of the City Manager and budget appropriation.

Manner and Place: The work shall be in accordance with and in a manner as required by all current federal, state, county, fire, building and land development codes, laws, ordinances and regulations, and with applicable permits and licenses per the City Code of Ordinances.

Time and Essence: Contractor acknowledges that time is of the essence for this Contract.

Authorization for Services: This Contract standing alone does not authorize the purchase of any goods or services or require the City to place any orders for goods or service. Authorization for the purchase of goods or services from Contractor under this Contract shall be upon issuance of a written Purchase Order issued and executed by the City Manager. The City reserves the right to contract with other parties for the goods and services contemplated by this Contract, as determined in the City's sole and absolute discretion.

2. *City Obligations*. In return for the services identified above, the City agrees to compensate Contractor at the prices set forth in Exhibit "1" attached hereto, subject to a limit not to exceed the appropriated budget per fiscal year, and City Manager approval for each Purchase Order rendered under this Contract. All payments shall be governed by the Local Government Prompt Payment Act as set forth in Sections 218.70 through 218.79, Florida Statutes, as amended.

3. *Contract Documents*. The following forms, attached as Exhibit "2," are an integral part of this Contract and must be completed, signed, witnessed and notarized as indicated and returned with the City Manager approved and signed written Purchase Order(s), for projects requiring a Payment and Performance Bond, as determined by the Department:

(a) Front Page for Bond (F.S. § 255.05)
(b) Combination Payment and Performance Bond (F.S. § 255.05)

4. *Contract Administration*. The Department Head requesting service ("Purchase Order Administrator"), shall perform contract administration of their respective purchase order(s). The Purchasing Manager, Jill Poolman, shall preform contract administration for the master contract ("Contract Administrator") The City may change the contract administrator, from time to time and at any time, upon written notice to Contractor. For notice provisions, see the paragraph below entitled "Notice."

5. *Liens*. Contractor acknowledges that Contractor shall not be entitled to lien the City or other public property.

6. *Termination for Convenience of the City*

(a) The parties agree that the City may terminate this Contract, or any work or delivery required hereunder, from time to time either in whole or part, whenever the City Manager of Port Orange shall determine that such termination is in the best interest of the City.

(b) Termination, in whole or in part, shall be effected by delivery of a Notice of Termination signed by the City Manager or his designee, mailed or delivered to the Contractor, and specifically setting forth the effective date of termination.

(c) Upon receipt of such Notice, the Contractor shall:

(i) cease any further deliveries or work due under this Contract, on the date, and to the extent, which may be specified in the Notice;

(ii) place no further orders with any subcontractors except as may be necessary to perform that portion of this Contract not subject to the Notice;

(iii) terminate all subcontracts except those made with respect to contract performance not subject to the Notice;

(iv) settle all outstanding liabilities and claims which may arise out of such termination, with the ratification of the Finance Director of Port Orange; and

(v) use best efforts to mitigate any damages which may be sustained by the Contractor as a consequence of termination under this clause.

(d) After complying with the provisions of subparagraph (c), above, the Contractor shall submit a termination claim, in no event later than six (6) months after the effective date of termination, unless one or more extensions of three (3) months each are granted by the Finance Director.

(e) The Finance Director, with the approval of the City Manager, shall pay from the using department's budget, reasonable costs of termination, including a reasonable amount for profit on supplies or services delivered or work completed. In no event shall this amount be greater than the original contract price, reduced by any payments made prior to Notice of Termination, and further reduced by the price of the supplies not delivered or the services not provided. This Contract shall be amended accordingly, and the Contractor shall be paid the agreed amount.

(f) In the event that the parties cannot agree on the whole amount to be paid to the Contractor by reason of termination under this clause, the Finance Director shall pay the Contractor the amounts determined as follows, without duplicating any amounts which may have already been paid under the preceding paragraph of this clause:

(i) With respect to all Contract performance prior to the effective date of Notice of Termination, the total of:

(1) the cost of work performed or supplies delivered;

(2) the cost of settling and paying any reasonable claims as provided in paragraph (c) (iv), above;

(3) a sum as profit on (a) determined by the Finance Director to be fair and reasonable.

(ii) The total sum to be paid under (i) above shall not exceed the contract price, as further reduced by the contract price of work or supplies not terminated.

(g) In the event that the Contractor is not satisfied with any payments which the Finance Director shall determine to be due under this clause, the Contractor may appeal any claim to the City Council in accordance with Paragraph 23 of this contract concerning disputes.

7. *Termination for Convenience for Subcontractors*. In accordance with the termination for the convenience of the City provision of this contract, the Contractor shall include similar provisions in any subcontract, and shall specifically include a requirement that subcontractors make all reasonable efforts to mitigate damages which may be suffered. Failure to include such provisions shall bar the Contractor from any recovery from the City whatsoever of loss or damage sustained by a subcontractor as a consequence of termination for convenience.

8. *Termination for Default*. Either party may terminate this Contract, without further obligation, for the default of the other party or its agents or employees with respect to any agreement or provision contained herein. In the event of default by the contractor, the City reserves the right to procure the item(s) bid from other sources and holds the bidder responsible for excess costs incurred as a result. City Council may elect to refrain from doing business with the bidder as stipulated in City Code 2-276 Suspension and Disbarment.

9. *Examination of Records*

(a) The Contractor agrees that the City, or any duly authorized representative, shall, until the expiration of five (5) years after final payment hereunder, have access to and the right to examine and copy any pertinent books, documents, papers and records of the Contractor involving transactions related to this Contract.

(b) The Contractor further agrees to include in any subcontract for more than $10,000 entered into as a result of this Contract, a provision to the effect that the subcontractor agrees that the City or any duly authorized representative shall, until the expiration of five (5) years after final payment under the subcontract, have access to and the right to examine and copy any pertinent books, documents, papers and records of such contractor involved in transactions related to such subcontract, or this Contract. The term subcontract as used herein shall exclude purchase orders for public utility services at rates established for uniform applicability to the general public.

(c) The period of access provided in subparagraphs (a) and (b) above for records, books, documents and papers which may relate to any arbitration, litigation, or the settlement of claims arising out of the performance of this contract or any subcontract shall continue until any appeals, arbitration, litigation or claims shall have been finally disposed of.

10. *Public Records Compliance*. Contractor shall comply with public records laws as set forth in Chapter 119, Florida Statutes, and shall specifically:

(a) Keep and maintain public records required by the City to perform the service.

(b) Upon request from the City's custodian of public records, provide the City with a copy of the requested record or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Section 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion of the Contract if the Contractor does not transfer the records to the City.

(d) Upon completion of the Contract, Contractor shall transfer to the City, at no cost, all public records in possession of the Contractor and destroy any duplicate public records that are exempt from public records disclosure requirements. All records stored electronically must be provided to the City, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.

If Contractor does not comply with a public records request, the City shall deem the non-compliance a breach of this Contract, and the Contractor may be subject to penalties under Section 119.0701, Florida Statutes.

CONTRACTOR QUESTIONS RELATING TO CONTRACTOR'S DUTIES TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT MUST BE FORWARDED TO THE OFFICE OF THE CITY CLERK, CITY HALL, 1000 CITY CENTER CIRCLE, PORT ORANGE, FLORIDA 32129; TELEPHONE: (386) 506-5563; E-MAIL: CITYCLERK@PORT-ORANGE.ORG.

11. *Termination for Non-Appropriation of Funds*

(a) If funds are not appropriated for any succeeding fiscal years subsequent to the one in which this contract is entered into, for the purpose of this Contract, then the City may terminate this Contract upon thirty (30) days prior written notice to the Contractor. Should termination be accomplished in accordance with this Section, the City shall be liable only for payments due through the date of termination.

(b) The City agrees that should it terminate in accordance with this Section, it shall not obtain services which are substantially equal to or similar to those for which this contract was entered into. This provision shall survive any termination of the Contract.

12. *Insurance*. Contractor shall maintain insurance, as required herein, during the life of this Contract. Contractor shall provide to the City, a certificate of insurance endorsing the City of Port Orange as an additional named insured. All insurance coverages of the Contractor shall be primary and non-contributory. All insurance coverages of the Contractor shall not seek contribution from any other insurance or self-insurance available to the City. For workers' compensation coverage, the Contractor's insurance certificate shall include the insurer's waiver of subrogation in lieu of endorsing the City as an additional insured for workers' compensation. The City shall not accept Workers' Compensation Exemptions Contractor may use leased employees if the Contractor ensures that all workers who access the jobsite are employees covered by the employee leasing company, and no non-employees are permitted to access the jobsite. Any Contractor using a leased employee shall complete the City's Leased Employee Affidavit

Exhibit Form. Policies for Workers' Compensation may be issued by companies authorized as a group self-insurer by F.S. 440.572.

Policies other than Workers' Compensation shall be issued by insurers licensed and/or duly authorized under Florida Law to do business in the State of Florida and all insuring companies are required to have a minimum rating of "A-" in the "Best Key Rating Guide" published by A.M. Best & Company, Inc. Contractor shall not commence work under this Contract until the City has received a certificate or certificates of insurance with endorsement evidencing the required insurance. Insurer shall provide the City written notice of cancellation, nonrenewal or any other changes in coverage no later than thirty (30) days prior to the effective date of the change and shall provide notice to the City no later than 10 days after non-payment. The Certificates of Insurance and required insurance policies shall contain provisions that thirty (30) days prior written notice shall be given to the City of any cancellation, intent not to renew, or reduction in the policies or coverages.

Contractor shall require and ensure each of its subcontractors to maintain, until the completion of the subcontractor's work, insurance of the types and to the limits set forth herein. All insurance coverages shall be primary and non-contributory. All insurance coverages of the subcontractors shall not seek contribution from any other insurance or self-insurance available to the City. The Contractor is responsible for ensuring that its subcontractors maintain the required coverage. Failure of the Contractor to ensure the subcontractors maintain the required coverage, shall not relieve the Contractor of any contractual responsibility, obligation or liability.

The City reserves the right to increase insurance coverage as determined for higher risk contracts.

The acceptance by the City of any Certificate of Insurance does not constitute approval or agreement by the City that the insurance requirements have been satisfied or that the insurance policy shown on the Certificate of Insurance is in compliance with this Contract and does not waive the insurance required by this Contract.

Should at any time the Contractor or subcontractors not maintain the insurance coverages required herein, the City may terminate the Contract or at its sole discretion shall be authorized to purchase such coverages and charge the Contractor for such coverages purchased. The City shall be under no obligation to purchase such insurance, nor shall it be responsible for the coverages purchased or the insurance company or companies used. The decision of the City to purchase such insurance coverages shall in no way be construed to be a waiver of any of its rights under the Contract.

13. *A Contract for the purchase* of supplies shall be governed by the City of Port Orange Code of Ordinances, as amended, and such supplies shall be deemed "goods," as defined therein.

14. *Assignability of Contract*. Neither this contract, nor any part hereof, may be assigned by the Contractor to any other party without the express written approval of the City Council.

15. *Modifications or Changes to this Contract*

(a) Change Orders. The Department Head, with the concurrence of the City's signatory as required by the City's Purchasing Policy, shall without notice to any sureties, have the authority to order changes in this Contract which affect the cost or time of performance. Such changes shall be ordered in writing specifically designated to be a change order. Such orders shall be limited to reasonable changes in the services to be performed or the time of the performance. The City will not be held liable for any changes which have not been properly authorized and approved in accordance with this Contract.

(b) If any change under this clause causes an increase or decrease in Contractor's cost of, or time required for the performance of the work hereunder, Contractor shall receive an equitable adjustment in accordance with subparagraph (d), which shall include all compensation to the Contractor, or the City, of any kind in connection with such change, including all costs and damages related to or incidental to such change.

(c) Contractor need not perform any work described in any change order unless it has received a certification from the City that there are funds budgeted and appropriated sufficient to cover the cost of such changes.

(d) No claim for changes ordered hereunder shall be considered if made after final payment in accordance with the Contract.

16. *Sovereign Immunity*. The City expressly retains all rights, benefits and immunities of sovereign immunity in accordance with Section 768.28, Florida Statutes. Notwithstanding anything set forth in any section of this Contract to the contrary, nothing in this Contract shall be deemed as a waiver of immunity or limits of liability of the City beyond any statutory limited waiver of immunity or limits of liability which may have been adopted by the Florida Legislature or may be adopted by the Florida Legislature and the cap on the amount and liability of the City for damages regardless of the number or nature of claims in tort or equity shall not exceed the dollar amount set by the legislature for tort. Nothing in this Contract shall inure to the benefit of any third party for the purpose of allowing any claim against the City which would otherwise be barred under the Doctrine of Sovereign Immunity or operation of law.

17. *Warranties*. Contractor warrants that (1) the supplies to be provided to the City pursuant to this Contract are fit and sufficient for the purpose intended; (2) the supplies are merchantable, of good quality, and free from defects, whether patent or latent, in material or workmanship, and (3) the supplies sold to the City pursuant to this Contract conform to the standards required by this Contract.

Contractor further warrants that Contractor has title to the supplies provided, and that the supplies are free and clear of all liens encumbrances, and security interests. All warranties made in this Contract, together with service warranties and guarantees, shall run to the City and its successors and assigns.

18. *Additional Warranties*. Contractor further expressly warrants that materials and workmanship are warranted from defect for a one-year period. This is a minimum acceptable warranty.

19. *Additional Bond Security*. If any surety bond furnished in connection with this Contract becomes unacceptable to the City, Contractor shall promptly furnish such additional security as may be required from time to time to protect the interests of the City and a person supplying labor and materials in the prosecution of work contemplated by this Contract. Contractor expressly acknowledges that if the work to be performed hereunder is a

public work, a Payment and Performance Bond, in accordance with Florida Statutes Section 255.05, in a form acceptable to the City, shall be provided and recorded with the Clerk of Volusia County at Contractors expense.

20. *Inspection*

(a) All supplies (which term throughout this clause includes without limitation raw materials, components, intermediate assemblies, and their products) shall be subject to inspection and test by the City, to the extent practicable at all times and places including the place of manufacturer, and in any event prior to acceptance.

(b) In the event any supplies or lots of supplies are defective in material or workmanship, or otherwise not in conformity with the requirements of this Contract, the City shall have the right either to reject them (with or without instructions as to their disposition) or to require their correction. Supplies or lots of supplies which have been rejected or required to be corrected shall be removed or, if permitted or required by the Finance Director, corrected in place by and at the expense of Contractor promptly after notice, and shall not thereafter be tendered for acceptance unless the former rejection or requirement of correction is disclosed. If Contractor fails promptly to remove such supplies or lots of supplies which are required to be removed or promptly to replace or correct such supplies or lots of supplies, the City may either (i) by contract or otherwise replace or correct such supplies and charge Contractor the cost for such replacement or correction; or (ii) may terminate this Contract for default as provided in the clause of this Contract entitled "Termination for Default." Unless Contractor corrects or replaces such supplies within the delivery schedule, the Finance Director may require the delivery of such supplies at a reduction in price, which is equitable under the circumstances. Acceptance or rejection of the supplies shall be made as promptly as practicable after delivery, except as otherwise provided in this Contract. Failure to inspect and accept or reject supplies shall neither relieve Contractor from responsibility for such supplies as are not in accordance with the Contract requirements nor impose liability on the City therefor.

(c) The inspection and test by the City of any supplies or lots thereof does not relieve Contractor from any responsibility regarding defects or other failures to meet the Contract requirements, which may be discovered prior to acceptance. Except as otherwise provided in this Contract, acceptance shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud.

21. *Liability for Loss or Damage*.

(a) Contractor shall be liable for any loss of, or damage to, City property caused by the negligence, recklessness, or intended wrongful misconduct of Contractor, his/its agents, servants and employees and shall indemnify and save the City harmless against all actions, proceedings, claims, demands, costs, damages and expenses, including attorney's fees, by reason of any suit or action brought for any actual or alleged injury to or death of any person or damage to property other than City property, resulting from the performance of the Contract by Contractor, his/its agents, servants and employees. Contractor shall submit a full written report to the Finance Director within twenty-four (24) hours following the occurrence of such damage, loss or injury.

(b) To the fullest extent permitted by law, in addition to the express duty to indemnify City when there is any causal connection between Contractor's work and any injury, loss, damage, death or property damage, Contractor expressly undertakes a duty to defend City as a separate duty, independent of and broader than the duty to indemnify. The duty to defend agreed to by Contractor hereby expressly include all costs of litigation, attorney's fees, settlement costs and reasonable expenses in connection with the litigation, whether or not the claims made for loss, injury, damage or property damage are valid or groundless and regardless of whether the defense of City is maintained by the City or assumed by Contractor as long as the claims made could be causally connected to Contractor as reasonable determined by City.

22. *Non-discrimination*. During the performance of this Contract, Contractor agrees as follows:

(a) Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, disability, marital status, age or national origin, except where such is a bona-fide occupational qualification reasonably necessary to the normal operation of Contractor. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause. Contractor agrees and fully supports and complies with the Americans with Disabilities Act of 1990.

(b) Contractor shall state in all solicitations or advertisements for employees placed by or on behalf of Contractor that Contractor is an equal opportunity employer.

(c) Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient compliance with this provision. Contractor shall include the provisions of the foregoing subparagraphs (a), (b), and (c) in every subcontract or purchase order of over $10,000 so that the provisions will be binding upon each subcontractor or vendor.

23. *Disputes*. The City Manager, who shall reduce his decision to writing and mail or otherwise furnish a copy thereof to Contractor, shall decide disputes with respect to this Agreement. The decision by the City Manager shall be final and binding unless, within five (5) business days from the date of delivery of the decision of the City Manager, appeal is made to the City Council in writing and delivered to the City Clerk, Robin L. Fenwick, MMC. The decision of the City Council shall be final and binding unless set aside by a court of competent jurisdiction as fraudulent, capricious, arbitrary, or so grossly erroneous as necessary to imply bad faith, or not to be supported by any evidence.

24. *Force Majeure*. Neither party shall be liable for any delay in performance or failure to perform any obligation hereunder if, and to the extent that, such failure or delay is caused by an event of Force Majeure. Force Majeure shall mean any act, event or condition that is beyond the party's reasonable control, that materially and adversely affects the party's ability to perform its obligations hereunder, and that is not the result of the party's willful neglect, error, omission or failure to exercise reasonable due diligence.

25. *Controlling Law*. **THIS AGREEMENT CONTAINS IMPORTANT MATTERS AFFECTING LEGAL RIGHTS AND IS ACCEPTED AND ENTERED INTO IN FLORIDA AND ANY QUESTION REGARDING ITS VALIDITY, CONSTRUCTION, ENFORCEMENT, OR PERFORMANCE SHALL BE GOVERNED BY FLORIDA LAW. ANY LEGAL PROCEEDING ARISING FROM OR IN ANY WAY REGARDING THE AGREEMENT SHALL HAVE ITS VENUE LOCATED EXCLUSIVELY IN THE CIRCUIT COURT OF VOLUSIA COUNTY, FLORIDA, AND THE PARTIES HEREBY EXPRESSLY CONSENT AND SUBMIT THEMSELVES TO THE PERSONAL JURISDICTION AND VENUE OF THE COURT.**

26. *Additional Provisions*. This Contract includes all additional provisions as may have been outlined in written quotes and purchase orders and any attachments or exhibits to this Contract whether delivered herewith or subsequently approved as a part hereof, such as drawings or technical specifications prepared in the performance of this work. In the event of a conflict between any attachments or exhibits to this Contract, and this Contract, the language of this Contract shall control.

27. *Integration*. This Contract and the documents incorporated herein by reference shall constitute the whole agreement between the parties. There are no promises, terms, conditions, or obligations other than those contained herein, and this Contract shall supersede all previous communications, representations, or agreements, written or verbal, between the parties hereto.

28. *Notice*. For purposes of this agreement, notices shall be sent as follows:

City:	City of Port Orange Attention: City Manager 1000 City Center Circle Port Orange, Florida 32129 (386) 506-5501
Copy to:	City of Port Orange Attention: Jill Poolman, Purchasing Manager 1000 City Center Circle Port Orange, Florida 32129 (386) 506-5718
Contractor:	Fence Service, Inc. d/b/a AAA Fence Attention: William Morrison, IV, CEO 801 Orange Avenue Daytona Beach, Florida 32114 (386) 253-4212 - Telephone E-Mail: rich@aaafence.com

Any notice or other communication given under the Contract will be in writing and delivered by hand, sent by facsimile (provided acknowledgement of receipt thereof is delivered to the sender), sent by certified, registered mail, or sent by any nationally recognized overnight courier service to the addresses provided herein. The parties may, from time to time and at any time, change their respective addresses and each will have the right to specify as its address any other address by at least 10 days written notice to the other party.

29. *Contract Construction*

This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original but all of which together shall constitute one and the same instrument. The delivery by facsimile or e-mail of an executed copy of this Agreement shall be deemed valid as if an original signature was delivered. No contract shall be formed between Contractor and the City until the City signs this Agreement.

30. *Authority to Sign*. Each person signing this Agreement warrants that he or she is duly authorized to do so and to bind the respective party to the Agreement.

72	6 ft. high, Colored fabric	Lineal Foot	10	$5.50	$55.00
Scope of work: Furnish & Install Stretcher Bar with all required hardware to complete fencing connection. (Notes 1-5).					
73	4 ft. high, Galvanized stretcher bar	Each	4	$100.00	$400.00
74	4 ft. high, Colored stretcher bar	Each	4	$110.00	$440.00
75	6 ft. high, Galvanized stretcher bar	Each	4	$110.00	$440.00
76	6 ft. high, Colored stretcher bar	Each	4	$120.00	$480.00
Additional services and labor may be purchased under this contract at an hourly rate for projects related to the installation, removal, and/or repair of any kind of fencing materials.					
77	Standard hourly labor rate for Foreman for additional fencing work as specified (Monday through Friday).	per hour	300	$80.00	$24000.00
78	Standard hourly labor rate for Laborer for additional fencing work as specified (Monday through Friday).	per hour	300	$45.00	$13500.00
79	Standard hourly labor rate for Foreman for additional fencing work as specified (Nights, weekends and holidays).	per hour	50	$120.00	$6000.00
80	Standard hourly labor rate for Laborer for additional fencing work as specified (Nights, weekends and holidays).	per hour	50	$67.50	$3375.00
				TOTAL	**$434050.00**

SECTION 3 - SCOPE OF WORK AND TECHNICAL SPECIFICATIONS

The City of Port Orange is soliciting sealed competitive bids for fencing services to include repairs, replacement fence and new fence on an as needed basis throughout the City.

This bid is for the purchase and installation of galvanized chain link, vinyl and ornamental fencing and gates; purchase and installation of other types of fencing; demolition and removal of existing fencing, and repairs of existing fencing. All materials used by the awarded contractor(s) must comply with current ASTM/ANSI standards.

TECHNICAL SPECIFICATIONS

The specifications are listed below and on the Schedule of Unit Pricing (Attachment 1). Bidder will be responsible for meeting all specifications as outlined herein and on the Schedule of Unit Pricing.

1.0 Chain Link Fencing

1.1. System Description

Fence Height: 4 feet and 6 feet
Line Post Spacing: At intervals not exceeding 10 feet

1.2. Material and Components

1. **Framework Material:** Schedule 40 steel pipe, standard weight; ASTM A 120.
2. **Fabric:** CLFM1 Standard Industrial Service; ASTM A 392 zinc-coated steel, 2 inch diamond mesh, 9 gauge interwoven; FS RR-F-191, Type 1. Top selvage knuckle end closed, bottom selvage knuckle end closed.
3. **Tension Wire:** Steel, single strand, 6 gauge thick.
4. **Finish:** Galvanized, 1.8 oz./sq. ft. coating, ASTM A 123.
5. Concrete Anchorage for posts.
6. **Line Posts:** 2.50-inch diameter steel pipe, Schedule 40, one piece, without joints.
7. **Corner and Terminal Posts:** 3.0-inch diameter steel pipe, Schedule 40, one piece, without joints
8. **Fence Posts:** Schedule 40 in the following sizes: 2" x 8'; 2 ½ x 8'; 3" x 8'; 4" x 10' 6"; 6 5/8" x 10' 6"; 8 5/8" x 10' 6".
9. **Top and Brace Rail:** 1.66-inch diameter, plain end, sleeve coupled pipe.
10. **Gate Frame:** 1.66-inch diameter for welded fabrication.
11. **Caps:** Cast steel galvanized, sized to post diameter, set screw retainer.
12. **Fittings:** Sleeves, bands, clips, rail ends, tension bars, fasteners, and fittings: steel.
13. **Gate Hardware:** ASTM A 153; fork latch with gravity drop, center gate stop and drop rod for double gates, three 180-degree gate hinges per lead, and hardware for padlock. Clam shell or Boxed hinged for 90 degree gates.

1.3. Installation

1. Install framework, fabric and accessories in accordance with ASTM F567 and manufacturer's instructions.
2. Set terminal and posts plumb in concrete footings with top of footing 6 inches below finish grade. Embed posts a minimum 2 feet into concrete.
3. Provide top rail through line posts and splice with 7-inch-long rail sleeves.
4. Stretch fabric between terminal posts or at all intervals of 100 feet maximum, whichever is less.
5. Position bottom of fabric one inch above finish grade.
6. Fasten fabric to top rail, line posts, and braces and bottom tension wire on rail with wire ties maximum 15 inches on center.
7. Attach fabric to end and corner posts with tension bars and tension bar clips.

8. Install bottom tension wire stretched taut between terminal posts.
9. Brace each gate and corner posts to adjacent line post with horizontal center brace rail and diagonal truss rods. Install brace rail, one bay from end and post gates.
10. Provide gate posts: 2" x 8'; 2 ½ x 8'; 3" x 8'; 4" x 10'6"; 6 5/8" x 10'6"; 8 5/8" x 10"6" as applicable.
11. Install gate fabric to match fence. Install three hangars, latch, catches, drop hold torsion spring retainer.
12. Provide concrete center drop to footing depth and drop and retainers at center of double gate openings.

1.4. Installation Tolerances

1. Maximum variation from plumb: 1/4 inch
2. Maximum offset from true position: One (1) inch
3. Components shall not infringe on adjacent property lines.

1.5. Fencing Other Than Chain Link

Material specifications and installation requirements for other types of fencing will be determined by the City's Maintenance Department on a per job basis. All materials and installation requirements must adhere to ASTM/ANSI standards as applicable for the particular type of fencing.

1.6. Demolition and Removal of Existing Fencing

1. Demolition and removal of existing fencing includes the removal of fencing and related materials from the work site.
2. The awarded contractor(s) will be required to dispose of all fencing material in accordance with all applicable, rules, regulations, ordinances and laws governing the disposal of fencing material. Material may NOT be disposed of on City property unless approved by the City. The City may ask any unused fencing be dropped off at our warehouse for future projects.

2.0 Ornamental Fencing

2.1. Scope

1. This Section of the Specifications is intended to cover the furnishing of all labor, materials, equipment, and/or incidentals necessary to the completion of all requirements of the drawings, notes, schedules, and these specifications concerning ornamental fencing, gates and grilles including all posts, brackets, and accessories and the installation thereof.

2.2. Shop Drawings and Samples

1. Complete and detailed Shop Drawings indicating profile, locations, size, material, finish, and details of installation of all handrails and accessories shall be submitted for approval. No fabrication shall be done until approval of Shop Drawings is obtained.

2.3. Design Criteria

1. All fencing and gates shall be designed, manufactured and installed to carry 200 pounds per linear foot downward force at top rail, 50 pounds per linear foot horizontal force applied at the top rail and 25 pounds per square foot at center panel sections.

2.4. Fence, Gates and Grilles

1. Furnish and install fence, gates and grilles of sizes as shown on the drawings. As a basis for design, the fence, gates, posts, and fittings are based on those manufactured by Metalco (800) 708-2526, Model # LISTON or equal. Products and grilles by other manufacturers or fabricators meeting these specifications will be acceptable. Fencing, gates, and grilles shall be manufactured from galvanized steel or heavy-duty aluminum, load specifications as per the above specified with a baked on polyester resin coating. Color to be selected by Architect. All connections will be either welded or riveted where appropriate and provide anchoring systems to accommodate the field connection.

Ameristar Fence Products (1-918-835-0898) is an approved equal. Montage Fencing is an approved equal.

2. Components: Fence, gates and grilles shall be Liston model with vertical elements of cold pre-bent tubular steel 3/4" diameter gauge 0.060 inches. Horizontal elements one tubular steel diameter 1-1/8" gauge 0.060 fence panels to be 46-1/2" high.

3. Provide pre-engineered protective cage/grilles over gable end louvers and roof/wall ventilators subject to damage due to high wind projectiles on EHPA building and where identified in the construction documents. Protective units to be painted the same color as the substrate it is anchored to.

4. Steel and Iron Ornamental Metal Work

A. Field verify and measure actual size of depressions in concrete tilt wall and other construction contiguous with ornamental metal prior to fabrication. Coordinate all installation of anchorages for ornamental metal items. Furnish setting drawings, templates, and directions for installing anchorage including sleeves, inserts, anchors, bolts and items with integral anchors that are to be embedded in concrete or masonry.

2.5. Cantilever Gates:

1. Gate Frame: The entire frame and support members shall be manufactured with the same aluminum material, alloy and temper 6061-T6 (ASTM 1184). Fabricate chain link cantilever slide gates in accordance with ASTM F-1184, using 2' Schedule 40 galvanized outside vertical members. Members are welded together with a continuous top track and bottom rail to form a rigid one-piece frame. Vertical interior support uprights will be positioned equally throughout the frame structure. There shall be no openings in any frame work. The cantilever overhang will be 40% or greater for any given opening size.

2. Chain link fabric 2" x 9 gage Knuckle Fabric shall be installed over the entire gate length (UL-325) which will create a universal design (gate can be used for right or left hand applications). Fabric will be attached securely with tension bars that are attached on either frame end by tension bands. High tensile wire will provide additional fabric support across the top and bottom of the gate structure.

3. Wheel Assemblies shall be malleable or ductile Steel housing with Nylon wheels with protective covers. One top and bottom assembly shall be attached to each guide post.

4. Gate posts shall be 4" OD schedule 40 pipe with top caps on all post. Two support posts and 1 latch post shall be installed. A 3 foot 3/16" GA30 Galvanized chain shall be welded to the end post to secure the gate.

5. Gate posts Footing shall be set in concrete (3000 psi compressive strength). The footing shall be 16" in diameter with depth approximately 6" deeper than the post bottom. Deeper footing may be required in areas with loose or soft soil. Set post bottom at least 36" below the surface. Posts must be plumb. Install gates plumb, level and secure for the full opening size making sure they move free of obstructions. Adjust hardware for smooth operation.

2.6. Installation and Workmanship

1. All work shall be of the finest quality and shall be fabricated in a shop whose principal business is the manufacture of the highest-grade ornamental metal work.
2. Fencing, gates and grilles shall be shipped completely pre-finished with all necessary accessories, ready for installation.
3. The fence, gates and grilles shall be rigidly and securely installed in a first class manner by mechanics experienced in the erection of ornamental metal. All fasteners, screws, and fittings shall be drawn tightly.
4. Joints shall be accurately machined to be sharp and true and free from discolorations, welds to be ground smoother prior to receiving protective coatings.
5. Caulk all joints and gapes of dissimilar materials the metal will penetrate to achieve its intended anchoring surfaces to insure a watertight installation.
6. All work areas will be clean and free of debris, tools and material daily.
7. After the work is completed, the Contractor to clean or repair any damage that can be attributed to the Contractor's workmen.

3.0 VINYL FENCING

3.1. Work Included

1. Fence sections including pickets, rails, posts, and caps
2. Gates and related hardware
3. Excavation and anchorage for posts

4. Spacing between posts should be 6 feet

3.2. Quality Assurance

1. Cell classification - ASTM D1784 - 14344B
2. Tensile Strength - 6,500 psi - ASTM D638
3. Izod impact (ft. lbs./in notch) 23'C - 5.0 O'C - 2.0 - ASTM D256
4. Tensile modulus 425,000 psi - ASTM D638
5. Deflection Temperature 67° C - ASTM D648
6. Thermal expansion 3 x 10.5 in / in F

3.3. Submittals

1. Manufacturer's technical literature with fence and gate installation instructions
2. Shop drawings showing fence design
3. Material samples if requested

3.4. Material

1. The fence is constructed with materials made of rigid Poly Vinyl Chloride (PVC) formulated to resist impact and for Ultra Violet (UV) stabilization
2. The extruded product meets or exceeds ASTM DI 784

3.5. Manufacturer

1. Bufftech or approved Equal

3.6. Components

1. Rails, Pickets, Posts
   a. Are cut to specific lengths as required for style specified
   b. Rails are routed to receive pickets
   c. Posts are routed to receive rails at correct heights
2. Stiffener Channel
   a. Bottom rails for residential and commercial applications contain steel reinforcing for additional strength. Refer to style channel available upon request.
3. Post Caps
   a. Caps are PVC molded
   b. External fit flat for true 4" x 4" and 5" x 5" posts
   c. Internal flat cap available for standard wall 5" x 5" posts and 4" x 4" posts
4. Gates
   a. Constructed from rigid PVC with reinforcement
   b. Gates are designed to match fence section. All hardware and bracing is included
5. Hardware for Commercial Styles
   a. Self-closing hinge:
      i. Reinforced nylon structure
      ii. Unit has self-closing capabilities
      iii. Hinge is adjustable to relieve sag or misalignment problems
      iv. Mounts on two sides of post for strength and stability
   b. Nuts, Bolts, Washers and Screws:
      i. Stainless steel
      ii. Screw heads are painted black to match hinge
      iii. Black acorn nuts and washers are used for safety and aesthetics
      iv. Screw heads are covered using a UV stabilized, molded two-part snap cap system
      v. Contact manufacturer for Post & Rail hardware

3.7. Warranty

Manufacturer's Warranty: Lifetime non-prorated limited warranty applies to original owner/consumer, or 30-year non-prorated warranty applies to commercial application.

4.0 BID PRICING

1. The Schedule of Unit Pricing (Attachment 1) must be signed by an individual of the bidding firm that has

the authority to bind the firm.

2. No additional charges will be permitted that are not included on the bid sheet.

4.1. Chain Link, Vinyl and Ornamental Fencing

Bid pricing is requested for installed chain link, vinyl and ornamental fencing on a linear foot basis, based on the scope of services and requirements in sections 1.0, 2.0, 3.0 and the increments as detailed on the bid sheet. Additionally, bid pricing is requested for gates in both 4 and 6 foot heights, and bid pricing is requested for fence gate posts per each as detailed on the bid sheet.

4.2. Fencing Other Than Chain Link

Bid pricing is requested for other types of fencing as follows:

1. Installation – hourly rate
2. Percentage of mark-up over cost for materials

4.3. Demolition of Existing Fence

Bid pricing is requested for demolition of existing fence on a linear foot basis, based on the scope of services in section 1.4.

ADDENDUM #1
September 8, 2021
ITB #21-21 FENCING SERVICES

To All Bidders:
The following changes, clarifications and additions are hereby made part of the bidding and specifications for the above referenced project dated September 8, 2021 and prepared by the City of Port Orange Purchasing Division as fully and completely as if the same were fully set forth therein. It is the sole responsibility of bidder to confirm that all addenda have been received prior to submitting bid and acknowledge such in the bid documents.

A. **CLARIFICATIONS:**
On the DemandStar posting of this Invitation to Bid, e-bidding was erroneously checked as an option to submit bids. The City of Port Orange will NOT be accepting bids through DemandStar and if any are received through DemandStar, they will be rejected without exception.

B. **CHANGES TO SPECIFICATIONS:**
None

C. **QUESTIONS AND ANSWERS:**
None

In all other respects, except as specifically stated herein, the subject ITB #21-21 Fencing Services remains unchanged.

ADDENDUM NO. #2
October 5, 2021
ITB #21-21 FENCING SERVICES

To All Bidders:
The following changes, clarifications and additions are hereby made part of the bidding and specifications for the above referenced project dated September 7, 2021 and prepared by the City of Port Orange Purchasing Division as fully and completely as if the same were fully set forth therein. It is the sole responsibility of bidder to confirm that all addenda have been received prior to submitting bid and acknowledge such in the bid documents.

A. **CLARIFICATIONS:**
On (Attachment 1) ITB Schedule of Unit Pricing, General notes currently reads:
General notes: Contractor shall be responsible to secure all permits required to install & complete project. No permit fees shall be charged or included. Projects shall be completed as per plans and/or scope of work from the City. Required Inspections, (As Built) Plans, correction notices and completion certificates shall be the responsibility of the contractor. All material and equipment shall meet or exceed design specifications as outlined in Invitation to Bid #21-21 and per project Scope of Work per City instructions.
This verbiage is hereby changed to read:
General notes: Contractor shall be responsible to secure all permits required to install & complete project. Applicable permit fees shall be charged and included. Projects shall be completed as per plans and/or scope of work from the City. Required Inspections, (As Built) Plans, correction notices and completion certificates shall be the responsibility of the contractor. All material and equipment shall meet or exceed design specifications as outlined in Invitation to Bid #21-21 and per project Scope of Work per City instructions.

B. **CHANGES TO SPECIFICATIONS:**
1. Pursuant to the change outlined in A. Clarifications above, please see Revised "Attachment 1" ITB Schedule of Unit Pricing posted as a separate document intended to replace the original "Attachment 1" ITB Schedule of Unit Pricing. Please note that Bidders **must** complete and include with their submittal the Revised "Attachment 1" ITB Schedule of Unit Pricing in lieu of the original. **Failure to submit the Revised "Attachment 1" ITB Schedule of Unit Pricing will result in a determination of 'non-responsive' and rejection of the bid.**
2. In Section 6 – Special Conditions/Requirements/Instructions, p. 41, the following language is added to the end of the paragraph titled **PAYMENT & PERFORMANCE BONDS:**
Bidder must submit a current letter from bidder's bonding agent showing proof of bonding capacity. This letter must accompany bid package submitted or bidder will be deemed non-responsive and bid submittal will be rejected.

Legal Notice to Proposers

ITB #21-21
FENCING SERVICES

Notice is hereby given that the City of Port Orange is soliciting bids for ITB #21-21 FENCING SERVICES. Bids will be accepted in the City Clerk's Office, Port Orange City Hall, 1000 City Center Circle, Port Orange, Florida 32129 until **2:30 P.M. on October 12, 2021** which may be amended by addendum issued by the City. All untimely Bids will not be considered and will be returned to the Bidder unopened. All Bids will be evaluated to ensure they contain all required forms to deem the Bidder responsive or non-responsive. Bid will be opened and read aloud at 2:30 P.M. in Council Chambers.

There will be a Non-Mandatory Pre-Bid Conference for the project at 10:00 A.M. (local time) on **September 21, 2021** at City Hall, Council Chambers (1st floor), 1000 City Center Circle, Port Orange, Florida 32129. All attendees to the Pre-Bid Conference must sign in. The representative of each Bidder shall be an authorized employee of the Bidder and shall sign in accordingly. Bidders are urged to obtain Bid documents and familiarize themselves with the documents prior to the Pre-Bid meeting. Although this meeting is not mandatory, all who intend to bid are encouraged to attend.

A Bid Guarantee in the form of a Bid Bond executed by the Bidder and an acceptable surety or a certified check or bank draft payable to the City of Port Orange, Florida in an amount equal to five percent (5%) of the proposed bid shall be submitted with each submission.

DESCRIPTION: *The City of Port Orange is soliciting sealed bids for fencing services*.

Bidders must be a commercial entity licensed to do business in the State of Florida and perform the services identified herein and properly registered and licensed to provide the goods or services identified in the scope of work, by all applicable state and local agencies.

All Bids are solicited and shall be made pursuant to the Code of Ordinances, City of Port Orange, Chapter 2, Article VI, Division 2, Section 2-263, and all Bids will be evaluated in accordance with the provisions thereof. Code of Ordinances, City of Port Orange is on file in the Office of the City Clerk, City Hall, 1000 City Center Circle, Port Orange, Florida 32129, and at www.municode.com. Local vendors may be given a local preference pursuant to the Code of Ordinances, City of Port Orange, Chapter 2, Article VI, Division 2, Section 2-275.

Copies of the Bid documents, requirements, scope of service and all other pertinent information necessary to submit a complete package may be obtained electronically from the City of Port Orange website at www.port-orange.org/bids.aspx and DemandStar via their website at www.demandstar.com.

All questions shall be directed **in writing** to: jpoolman@port-orange.org or purchdiv@port-orange.org and reference "**Questions on ITB #21-21 FENCING SERVICES**" in the subject line. Last day for questions will be **September 28, 2021 at 5:00 P.M.**

1000 City Center Circle
Port Orange, Florida 32129

Sealed Bids must be delivered **no later** than the date and time listed in the Timeline above. All times referenced are local time.

Bids shall be sealed and Bidders shall clearly indicate on the outside of their bid the following:

a) Invitation to Bid (ITB) Number and Title
b) Date of Opening
c) Name of Vendor
d) Address of Vendor

Due to the timing of mail service, the City cautions Bidders to assure actual delivery of Bids to the City prior to the deadline set for receiving bids. Carrier and hand deliveries of bids will be accepted in the City Clerk's Office, Port Orange City Hall, 1000 City Center Circle, Port Orange, Florida 32129 until the date and time referenced in the Timeline above or as amended by addendum issued by the City. Bids received after the established deadline shall not be considered.

Bidders are cautioned that they are responsible for delivery to the specific location cited above. Therefore, if your bid, proposal, statement or quotation is delivered by an express mail carrier or by any other means, it is your responsibility to ensure delivery to the above address. This office will not be responsible for deliveries made to any place other than the specified address.

Offers by telephone, email or telegram shall not be accepted. Also, Bidders are instructed NOT to fax their bid package. **Faxed bids shall be rejected as non-responsive regardless of where or when the fax is received.**

All Bids will be opened publicly, and the names of all Bidders shall be read aloud. All conferences and meetings regarding this ITB are recorded electronically (audio only).

The City of Port Orange reserves the right to reject any or all Bids or parts of Bids, if it is in the best interest of the City.

PRE-BID CONFERENCE/SITE VISIT:

There will be a Non-Mandatory Pre-Bid Conference for the project on the date and time referenced in the Timeline above at City Hall, Council Chambers (1st Floor), 1000 City Center Circle, Port Orange, Florida 32129. All attendees to the Non-Mandatory Pre-Bid Conference must sign in. The representative of each Bidder shall be an authorized employee of the Bidder and shall sign in accordingly.

QUESTIONS REGARDING THIS ITB:

All questions shall reference "**ITB #21-21 FENCING SERVICES"** in the subject line. All questions concerning this ITB shall be submitted in writing no later than the date and time referenced in the Timeline above to:

Jill Poolman, Purchasing Manager
1000 City Center Circle
Port Orange, FL 32129
jpoolman@port-orange.org or
purchdiv@port-orange.org

ADDENDA REGARDING THE INVITATION TO BID:

The City will issue responses to inquiries and any other corrections or amendments it deems necessary in written addenda issued prior to the Bid Due Date. Addenda will be provided via the City website www.port-orange.org/bids.aspx and DemandStar website www.demandstar.com. Bidders should not rely on any representations, statements or explanations other than those made in this ITB or in any addendum to this ITB. Where there appears to be a conflict between the ITB and any addenda issued, the last addendum issued will prevail. It is the Bidders responsibility to be sure all correct number of addenda were received by completing Form 7.3 Addendum and Change Order Procedure Acknowledgement.

Written responses, in the form of an addendum, will be provided via the City website www.port-orange.org/bids.aspx and DemandStar websites. www.demandstar.com.

The City of Port Orange reserves the right to consider the omission of an acknowledgement of addendum as cause for rejection of the ITB submittal.

This provision exists solely for the convenience and administrative efficiency of the City of Port Orange. No Bidder or other third party gains any rights by virtue of this provision or the application thereof, nor shall any Vendor or third party have any standing to sue or cause of action arising there from.

CLARIFICATIONS:

It is the Bidder's responsibility to become familiar with and fully informed regarding the terms, conditions and specifications of this ITB. Lack of understanding and/or misinterpretation of any portions of this ITB shall not be cause for withdrawal of your Bid after opening or for subsequent protest of award.

MINIMUM QUALIFICATIONS:

Bidders shall be licensed to do business in the State of Florida and submit Sunbiz report showing your company registered as "Active".

Bidders must provide a minimum of three (3) verifiable references from similar scopes of work as identified in this ITB on the provided "Professional References" form. Failure to provide references that verify required experience will cause the Bidder to be deemed non-responsive. The City of Port Orange is not to be used as a reference.

NO LOBBYING:

All Bidders are hereby placed on notice that the City of Port Orange Council, City Employees/Staff, nor Members of the Evaluation Committee (with the exception of the City of Port Orange Purchasing Division personnel designated to receive requests for interpretations or corrections) are not to be lobbied, directly or indirectly either individually or collectively, regarding this ITB. During the entire procurement process,

all Bidders and their subcontractors, sub-consultants, or agents are hereby placed on notice that they are not to contact any persons listed above for such purposes as holding meetings of introduction, dinners, etc., if they intend to submit or have submitted Bids for this project. Any Bidder contacting individuals mentioned herein in violation of this warning may automatically be disqualified from further consideration for this ITB.

PRICING SHEETS:
Pricing sheets/Bid Forms are to be completed as directed and without modification and returned as part of the ITB submittal prior to the ITB deadline for submission. Failure to fill out the price sheets/bid forms as directed and without modification may negatively affect the evaluation of your bid.

EXCEPTIONS TO SPECIFICATIONS:
If taking exception to any portion of the ITB specifications, the Vendor must indicate those exceptions as stated on the Bidder's Acknowledgement Form.

BID SUBMISSION AND WITHDRAWAL:
Unless otherwise specified, Vendor shall use the forms supplied by the Purchasing Division. Bids, once opened, become the property of the City, cannot be withdrawn, and will not be returned to the Vendors. Upon opening, Bids become subject to public disclosure in accordance with Chapter 119, Florida Statutes.

CORRECTION OF BIDS:
Correction of inadvertently erroneous Bids shall be permitted up to the time of ITB opening. Bidders shall not be allowed to modify their Bids after the opening time and date.

WITHDRAWAL OF BIDS:
NO bid shall be withdrawn for a period of ninety (90) days subsequent to the Bid opening without the consent of the City of Port Orange, Florida. Negligence on the part of the Bidder in preparing the Bid confers no right of withdrawal or modification after the Bid has been opened, at the appointed time and place by the City of Port Orange. Any such withdrawn Bid shall not be resubmitted.

OPENING OF BIDS:
Bids will be received until the date and time stated in this ITB and will be publicly opened and read at the place, time and date stated. The Purchasing Department shall bear no responsibility for the premature opening of a Bid not properly addressed and identified.

LITIGATION HISTORY:
The City will consider a Bidder's litigation history information in its review and determination of responsibility. All Bidders are required to disclose to the City all "material" cases filed, pending, or resolved during the last five (5) years prior to the solicitation response due date, whether such cases were brought by or against the Bidder, any parent or subsidiary of the Bidder, or any predecessor organization. If the Bidder is a joint venture, the information provided should encompass the joint venture (if it is not newly formed for purposes of responding to the solicitation) and each of the entities forming the joint venture. Although the review of a Bidder's litigation history is an issue of responsibility, the failure to provide litigation history as required may result in a recommendation of nonresponsive by the Purchasing Manager.

DEBARMENT HISTORY:
The City will consider a Bidder's debarment history information in its review and determination of responsibility. All Bidders are required to disclose to the City all cases of debarment filed, pending, or resolved by the City or other public entity during the last five (5) years prior to the solicitation response due date, whether such actions were brought by or against the Bidder, any parent or subsidiary of the Bidder, or any predecessor organization. If the Bidder is a joint venture, the information provided should encompass the joint venture (if it is not newly formed for purposes of responding to the solicitation) and each of the entities forming the joint venture. Although the review of a Bidder's debarment history is an issue of responsibility, the failure to provide debarment history on Form 7.12 as required in the ITB may result in a recommendation of non-responsive by the Purchasing Manager.

REJECTION OF BIDS:

The City reserves the right to reject any and/or all Bids when such rejection is in the best interest of the City.

BIDS MAY BE REJECTED AND/OR BIDDER(S) DISQUALIFIED FOR THE FOLLOWING REASONS:

(a) Failure to update the information on file including address, product, service or business descriptions.

(b) Failure to perform according to contract provisions.

(c) Conviction in a court of law of any criminal offense in connection with the conduct of business.

(d) Evidence of a violation of any federal or state anti—trust law based on the submission of bids or proposals, or the awarding of contracts.

(e) Evidence that the Bidder has attempted to give a City employee a gratuity of any kind for the purpose of influencing a recommendation or decision in connection with any part of the Board's purchasing activity.

(f) Other reasons deemed appropriate by the City.

OWNERSHIP OF DOCUMENTS:

All documents resulting from this project will become the sole property of the City of Port Orange. The Bidder must meet all requirements for retaining public records and transfer, at no cost, to the City all public records in possession of the Vendor upon termination of this Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the City in a format that is compatible with the information technology systems of the City.

AMERICANS WITH DISABILITIES ACT (ADA):

If you need special services provided for under the Americans with Disabilities Act, contact the ADA Coordinator in our Human Resources office at 386-506-5560 at least 48 hours before the scheduled event.

REQUIRED DOCUMENTS FOR AWARDED BIDDER:

The awarded Bidder shall return all of the required post-award documents within 10 days after the issuance of the Notice of Intent to Award in order to execute the contract. Failure to timely provide required post-award documents may result in the rescission of the award .

SECTION 3 - SCOPE OF WORK AND TECHNICAL SPECIFICATIONS

The City of Port Orange is soliciting sealed competitive bids for fencing services to include repairs, replacement fence and new fence on an as needed basis throughout the City.

This bid is for the purchase and installation of galvanized chain link, vinyl and ornamental fencing and gates; purchase and installation of other types of fencing; demolition and removal of existing fencing, and repairs of existing fencing. All materials used by the awarded contractor(s) must comply with current ASTM/ANSI standards.

TECHNICAL SPECIFICATIONS

The specifications are listed below and on the Schedule of Unit Pricing (Attachment 1). Bidder will be responsible for meeting all specifications as outlined herein and on the Schedule of Unit Pricing.

1.0 Chain Link Fencing

1.1. System Description

Fence Height: 4 feet and 6 feet
Line Post Spacing: At intervals not exceeding 10 feet

1.2. Material and Components

1. **Framework Material:** Schedule 40 steel pipe, standard weight; ASTM A 120.
2. Fabric: CLFM1 Standard Industrial Service; ASTM A 392 zinc-coated steel, 2 inch diamond mesh, 9 gauge interwoven; FS RR-F-191, Type 1. Top selvage knuckle end closed, bottom selvage knuckle end closed.
3. Tension Wire: Steel, single strand, 6 gauge thick.
4. Finish: Galvanized, 1.8 oz./sq. ft. coating, ASTM A 123.
5. Concrete Anchorage for posts.
6. Line Posts: 2.50-inch diameter steel pipe, Schedule 40, one piece, without joints.
7. Corner and Terminal Posts: 3.0-inch diameter steel pipe, Schedule 40, one piece, without joints
8. Fence Posts: Schedule 40 in the following sizes: 2" x 8'; 2 ½ x 8'; 3" x 8'; 4" x 10' 6"; 6 5/8" x 10' 6"; 8 5/8" x 10' 6".
9. Top and Brace Rail: 1.66-inch diameter, plain end, sleeve coupled pipe.
10. Gate Frame: 1.66-inch diameter for welded fabrication.
11. Caps: Cast steel galvanized, sized to post diameter, set screw retainer.
12. Fittings: Sleeves, bands, clips, rail ends, tension bars, fasteners, and fittings: steel.
13. Gate Hardware: ASTM A 153; fork latch with gravity drop, center gate stop and drop rod for double gates, three 180-degree gate hinges per lead, and hardware for padlock. Clam shell or Boxed hinged for 90 degree gates.

1.3. Installation

1. Install framework, fabric and accessories in accordance with ASTM F567 and manufacturer's instructions.
2. Set terminal and posts plumb in concrete footings with top of footing 6 inches below finish grade. Embed posts a minimum 2 feet into concrete.
3. Provide top rail through line posts and splice with 7-inch-long rail sleeves.
4. Stretch fabric between terminal posts or at all intervals of 100 feet maximum, whichever is less.
5. Position bottom of fabric one inch above finish grade.
6. Fasten fabric to top rail, line posts, and braces and bottom tension wire on rail with wire ties maximum 15 inches on center.
7. Attach fabric to end and corner posts with tension bars and tension bar clips.

8. Install bottom tension wire stretched taut between terminal posts.
9. Brace each gate and corner posts to adjacent line post with horizontal center brace rail and diagonal truss rods. Install brace rail, one bay from end and post gates.
10. Provide gate posts: 2" x 8'; 2 ½ x 8'; 3" x 8'; 4" x 10'6"; 6 5/8" x 10'6"; 8 5/8" x 10"6" as applicable.
11. Install gate fabric to match fence. Install three hangars, latch, catches, drop hold torsion spring retainer.
12. Provide concrete center drop to footing depth and drop and retainers at center of double gate openings.

1.4. Installation Tolerances

1. Maximum variation from plumb: 1/4 inch
2. Maximum offset from true position: One (1) inch
3. Components shall not infringe on adjacent property lines.

1.5. Fencing Other Than Chain Link

Material specifications and installation requirements for other types of fencing will be determined by the City's Maintenance Department on a per job basis. All materials and installation requirements must adhere to ASTM/ANSI standards as applicable for the particular type of fencing.

1.6. Demolition and Removal of Existing Fencing

1. Demolition and removal of existing fencing includes the removal of fencing and related materials from the work site.
2. The awarded contractor(s) will be required to dispose of all fencing material in accordance with all applicable, rules, regulations, ordinances and laws governing the disposal of fencing material. Material may NOT be disposed of on City property unless approved by the City. The City may ask any unused fencing be dropped off at our warehouse for future projects.

2.0 Ornamental Fencing

2.1. Scope

1. This Section of the Specifications is intended to cover the furnishing of all labor, materials, equipment, and/or incidentals necessary to the completion of all requirements of the drawings, notes, schedules, and these specifications concerning ornamental fencing, gates and grilles including all posts, brackets, and accessories and the installation thereof.

2.2. Shop Drawings and Samples

1. Complete and detailed Shop Drawings indicating profile, locations, size, material, finish, and details of installation of all handrails and accessories shall be submitted for approval. No fabrication shall be done until approval of Shop Drawings is obtained.

2.3. Design Criteria

1. All fencing and gates shall be designed, manufactured and installed to carry 200 pounds per linear foot downward force at top rail, 50 pounds per linear foot horizontal force applied at the top rail and 25 pounds per square foot at center panel sections.

2.4. Fence, Gates and Grilles

1. Furnish and install fence, gates and grilles of sizes as shown on the drawings. As a basis for design, the fence, gates, posts, and fittings are based on those manufactured by Metalco (800) 708-2526, Model # LISTON or equal. Products and grilles by other manufacturers or fabricators meeting these specifications will be acceptable. Fencing, gates, and grilles shall be manufactured from galvanized steel or heavy-duty aluminum, load specifications as per the above specified with a baked on polyester resin coating. Color to be selected by Architect. All connections will be either welded or riveted where appropriate and provide anchoring systems to accommodate the field connection.

Ameristar Fence Products (1-918-835-0898) is an approved equal. Montage Fencing is an approved equal.

2. Components: Fence, gates and grilles shall be Liston model with vertical elements of cold pre-bent tubular steel 3/4" diameter gauge 0.060 inches. Horizontal elements one tubular steel diameter 1-1/8" gauge 0.060 fence panels to be 46-1/2" high.

3. Provide pre-engineered protective cage/grilles over gable end louvers and roof/wall ventilators subject to damage due to high wind projectiles on EHPA building and where identified in the construction documents. Protective units to be painted the same color as the substrate it is anchored to.

4. Steel and Iron Ornamental Metal Work

A. Field verify and measure actual size of depressions in concrete tilt wall and other construction contiguous with ornamental metal prior to fabrication. Coordinate all installation of anchorages for ornamental metal items. Furnish setting drawings, templates, and directions for installing anchorage including sleeves, inserts, anchors, bolts and items with integral anchors that are to be embedded in concrete or masonry.

2.5. Cantilever Gates:

1. **Gate Frame:** The entire frame and support members shall be manufactured with the same aluminum material, alloy and temper 6061-T6 (ASTM 1184). Fabricate chain link cantilever slide gates in accordance with ASTM F-1184, using 2' Schedule 40 galvanized outside vertical members. Members are welded together with a continuous top track and bottom rail to form a rigid one-piece frame. Vertical interior support uprights will be positioned equally throughout the frame structure. There shall be no openings in any frame work. The cantilever overhang will be 40% or greater for any given opening size.

2. Chain link fabric 2" x 9 gage Knuckle Fabric shall be installed over the entire gate length (UL-325) which will create a universal design (gate can be used for right or left hand applications). Fabric will be attached securely with tension bars that are attached on either frame end by tension bands. High tensile wire will provide additional fabric support across the top and bottom of the gate structure.

3. Wheel Assemblies shall be malleable or ductile Steel housing with Nylon wheels with protective covers. One top and bottom assembly shall be attached to each guide post.

4. Gate posts shall be 4" OD schedule 40 pipe with top caps on all post. Two support posts and 1 latch post shall be installed. A 3 foot 3/16" GA30 Galvanized chain shall be welded to the end post to secure the gate.

5. Gate posts Footing shall be set in concrete (3000 psi compressive strength). The footing shall be 16" in diameter with depth approximately 6" deeper than the post bottom. Deeper footing may be required in areas with loose or soft soil. Set post bottom at least 36" below the surface. Posts must be plumb. Install gates plumb, level and secure for the full opening size making sure they move free of obstructions. Adjust hardware for smooth operation.

2.6. Installation and Workmanship

1. All work shall be of the finest quality and shall be fabricated in a shop whose principal business is the manufacture of the highest-grade ornamental metal work.
2. Fencing, gates and grilles shall be shipped completely pre-finished with all necessary accessories, ready for installation.
3. The fence, gates and grilles shall be rigidly and securely installed in a first class manner by mechanics experienced in the erection of ornamental metal. All fasteners, screws, and fittings shall be drawn tightly.
4. Joints shall be accurately machined to be sharp and true and free from discolorations, welds to be ground smoother prior to receiving protective coatings.
5. Caulk all joints and gapes of dissimilar materials the metal will penetrate to achieve its intended anchoring surfaces to insure a watertight installation.
6. All work areas will be clean and free of debris, tools and material daily.
7. After the work is completed, the Contractor to clean or repair any damage that can be attributed to the Contractor's workmen.

3.0 VINYL FENCING

3.1. Work Included

1. Fence sections including pickets, rails, posts, and caps
2. Gates and related hardware
3. Excavation and anchorage for posts

4. Spacing between posts should be 6 feet

3.2. Quality Assurance

1. Cell classification - ASTM D1784 - 14344B
2. Tensile Strength - 6,500 psi - ASTM D638
3. Izod impact (ft. lbs./in notch) 23'C - 5.0 O'C - 2.0 - ASTM D256
4. Tensile modulus 425,000 psi - ASTM D638
5. Deflection Temperature 67° C - ASTM D648
6. Thermal expansion 3 x 10.5 in / in F

3.3. Submittals

1. Manufacturer's technical literature with fence and gate installation instructions
2. Shop drawings showing fence design
3. Material samples if requested

3.4. Material

1. The fence is constructed with materials made of rigid Poly Vinyl Chloride (PVC) formulated to resist impact and for Ultra Violet (UV) stabilization
2. The extruded product meets or exceeds ASTM DI 784

3.5. Manufacturer

1. Bufftech or approved Equal

3.6. Components

1. Rails, Pickets, Posts
   a. Are cut to specific lengths as required for style specified
   b. Rails are routed to receive pickets
   c. Posts are routed to receive rails at correct heights
2. Stiffener Channel
   a. Bottom rails for residential and commercial applications contain steel reinforcing for additional strength. Refer to style channel available upon request.
3. Post Caps
   a. Caps are PVC molded
   b. External fit flat for true 4" x 4" and 5" x 5" posts
   c. Internal flat cap available for standard wall 5" x 5" posts and 4" x 4" posts
4. Gates
   a. Constructed from rigid PVC with reinforcement
   b. Gates are designed to match fence section. All hardware and bracing is included
5. Hardware for Commercial Styles
   a. Self-closing hinge:
      i. Reinforced nylon structure
      ii. Unit has self-closing capabilities
      iii. Hinge is adjustable to relieve sag or misalignment problems
      iv. Mounts on two sides of post for strength and stability
   b. Nuts, Bolts, Washers and Screws:
      i. Stainless steel
      ii. Screw heads are painted black to match hinge
      iii. Black acorn nuts and washers are used for safety and aesthetics
      iv. Screw heads are covered using a UV stabilized, molded two-part snap cap system
      v. Contact manufacturer for Post & Rail hardware

3.7. Warranty

Manufacturer's Warranty: Lifetime non-prorated limited warranty applies to original owner/consumer, or 30-year non-prorated warranty applies to commercial application.

4.0 BID PRICING

1. The Schedule of Unit Pricing (Attachment 1) must be signed by an individual of the bidding firm that has

the authority to bind the firm.

2. No additional charges will be permitted that are not included on the bid sheet.

4.1. Chain Link, Vinyl and Ornamental Fencing

Bid pricing is requested for installed chain link, vinyl and ornamental fencing on a linear foot basis, based on the scope of services and requirements in sections 1.0, 2.0, 3.0 and the increments as detailed on the bid sheet. Additionally, bid pricing is requested for gates in both 4 and 6 foot heights, and bid pricing is requested for fence gate posts per each as detailed on the bid sheet.

4.2. Fencing Other Than Chain Link

Bid pricing is requested for other types of fencing as follows:

1. Installation – hourly rate

2. Percentage of mark-up over cost for materials

4.3. Demolition of Existing Fence

Bid pricing is requested for demolition of existing fence on a linear foot basis, based on the scope of services in section 1.4.

End of Specifications

[Remainder of page is intentionally left blank]

SECTION 4 – STANDARD PURCHASING DEFINITIONS

The City will use the following definitions in instructions to bidders, terms and conditions, special provisions, technical specifications and any other solicitation documents.

1. **Addendum** is a formal written document, released prior to the public opening that modifies any aspect of a Solicitation. Plural: Addenda
2. **Alternate Bid** means multiple Bids with substantive variations from the same Bidder in response to a Solicitation.
3. **Amendment** is a formal written agreement, signed by both parties, that modifies an existing contractual agreement.
4. **Appropriate, Appropriated, or Appropriation** means the adoption by the City Council of the City of a budget for a fiscal year that includes payments to be made under the Contract during the respective fiscal year.
5. **Best Value** means the highest overall value to the City based on factors that include, but are not limited to, price, quality, design, and workmanship.
6. **Bid** is a complete, properly signed response to an Invitation to Bid, which if accepted, would bind the Bidder to perform the resultant Contract.
7. **Bid Guaranty (Bid Bond)** guarantees that the Bidder (a) will not withdraw the Bid within the period specified for acceptance, and (b) will execute a Contract and furnish required bonds and any necessary insurance within the time specified in the Solicitation, unless a longer time is allowed by the City. The guarantee will be returned to the Bidder upon execution of a Contract
8. **Bidder or Proposer** is a person, firm, or entity that that submits a Response to a Solicitation. Any Bidder/Proposer may be represented by an agent after submitting evidence demonstrating the agent's authority. The agent cannot certify as to his own agency status. (See also "Vendor")
9. **City** means the City of Port Orange.
10. **Competitive Negotiation** means a method for acquiring goods, services, and construction for public use in which discussions or negotiations may be conducted with responsible offerors who submit Responses through a Request for Proposals, Request for Statements of Qualifications, or Invitation to Negotiate.
11. **Competitive (Formal) Solicitation** is the process of requesting and receiving two or more sealed bids, proposals, statements of qualifications or replies submitted by responsive vendors in accordance with the terms of a competitive process, regardless of the method of procurement.
12. **Competitive Range** means the responsive submissions that meet the evaluation criteria and are considered to be reasonably susceptible of award.
13. **Construction** means the process of building, repairing, improving, and alterations, conversion or extension of building, parks, utilities, streets or other improvements or alterations to real property.
14. **Contract** is a written agreement or purchase order issued for the purchase of goods or services.
15. **Contractor** means the person, firm or entity selling goods or services to the City under a Contract.
16. **Deliverables** means the goods, products, materials, and/or services to be provided to the City by a Bidder.
17. **Due Date** means the date and time specified for receipt of Responses to a Solicitation.
18. **End User** is a person, program, agency, or other eligible user who uses a contract to purchase a commodity or contractual service.
19. **Evaluation Committee/Team** is a temporary group of City personnel who are responsible for the evaluation of proposals, statements of qualifications or replies as part of a Request for Proposals (RFP), Request for Submission of Qualifications (RFSQ), or Invitation to Negotiate (ITN), or competitive grant process.
20. **Evaluator** is a member of the evaluation committee/team.
21. **Goods** are supplies, materials, or equipment.

22. **Intent to Award** is a document, published on DemandStar, that informs the public and respondents of the City's decision to award a contract pursuant to a previously issued competitive solicitation.
23. **Invitation to Bid (ITB) or Bid** means a formal request to prospective vendors requesting pricing for a specified Good or Service which has been advertised for Bid in a newspaper.
24. **Invitation to Negotiate (ITN)** means a formal request to prospective vendors requesting proposed specifications and pricing of a product and/or service which has been advertised for replies in a newspaper.
25. **Issues** means points, matters, or concerns to be addressed during negotiations.
26. **Lead Negotiator** is the negotiator responsible for leading and facilitating the formal negotiation discussions and selecting other required negotiation team members. Is often the "driver of change" and seeks alternatives/options.
27. **Lowest Responsible Bid** means the responsive Bid meeting all requirements of the specifications, terms, and conditions of the Invitation to Bid resulting in the lowest cost to the City in a total cost concept or based solely on price, taking into consideration the financial and practical ability of the Bidder to perform the Contract, past performance of the Bidder, and compliance with all City ordinances concerning the purchasing process.
28. **Lowest Responsible Bidder** means the Bidder submitting Lowest Responsible Bid.
29. **Negotiation Team** is a temporary group of City personnel who are responsible for negotiations as part of an Invitation to Negotiate (ITN).
30. **Negotiator** is a member of the negotiation team.
31. **Non-Professional Services** are services performed that are not of a professional nature such as lawn care, security, janitorial, etc.
32. **Offer** means a complete signed Response submitted to the City in response to a Solicitation including, but not limited to, a Bid submitted in response to an Invitation to Bid, a Proposal submitted in response to a Request for Proposal, a Quote submitted in response to a Request for Quotation, a Statement of Qualifications and interest submitted in response to a Request for Statements of Qualifications, or a Reply submitted in response to an Invitation to Negotiate.
33. **DemandStar** is the official online repository for all City competitive solicitations.
34. **Outlier** is a bid, offer, or proposal which is determined by the Purchasing Director or Manager to be significantly dissimilar to or inconsistent with, competing bids or offers.
35. **Pre-Bid/Proposal/Statement/Reply Conference** means a meeting conducted by the Purchasing Office, held in order to allow Vendors to ask questions about the proposed Contract and particularly the Contract specifications with the City department requesting the goods/services.
36. **Price Analysis** is an evaluation of the total cost of a contract in order to determine if the price is reasonable.
37. **Procurement (Process)** is a term used in the governmental sector for the combined functions of acquiring (purchasing) needed goods and/or services, receiving and inspection, inventory management, contract administration, and disposal/surplus.
38. **Professional Services** means those services within the scope of the practice of architecture, professional engineering, landscape architecture, or registered surveying and mapping, as defined by the laws of the state, or those performed by any architect, professional engineer, landscape architect, or registered surveyor and mapper in connection with his or her professional employment or practice.
39. **Protest** is a formalized process by which respondents have an opportunity to challenge a procurement practice or contract award.
40. **Proposal** is a complete, properly signed Response to a Request for Proposal, based on performance that is offered rather than on that of price alone, which if accepted, would bind the Vendor to perform the resultant Contract.
41. **Purchase Order** is an order placed by the Purchasing Division for the purchase of Goods or Services written on the City's standard Purchase Order form and which, when accepted by the Bidder, becomes a contract. The Purchase Order is the Bidder's authority to deliver and invoice the City for Goods or Services specified, and the City's commitment to accept the Goods or Services for an agreed upon price.

42. **Request for Proposal (RFP)** means a formal request to prospective vendors requesting qualifications of the vendor and pricing for a specified Good or Service which has been advertised for Proposal in a newspaper.
43. **Request for Statement of Qualifications (RFSQ)** means a formal request to prospective vendors requesting statements of qualifications pursuant to Florida Statute 287.055 "Consultant's Competitive Negotiation Act" which has been advertised for Statement in a newspaper.
44. **Respondent** means an entity that has (or will, i.e. "prospective respondents") submitted a response to a competitive solicitation conducted to create a contractual relationship for the provision of commodities or services.
45. **Response/Submission** means all materials submitted to the City by a respondent as part of a solicitation. A response may be called a bid, proposal, statement of qualifications, or a reply, depending on the type of competitive solicitation being issued.
46. **Responsible (Vendor)** is a vendor who has the capability in all respects to fully perform the contract requirements and the integrity and reliability that will assure good faith performance.
47. **Responsive (Vendor)** is a vendor that has submitted a bid, proposal, statement of qualifications, or reply that conforms in all material respects to the solicitation.
48. **Scope** means the extent of the area or subject matter that something deals with or to which it is relevant.
49. **Scope of Work** means a description of the work activities, deliverables, and/or timeline that a vendor must execute in terms of delivering specific commodities or in performance of contractual services.
50. **Services** include all work or labor performed for the City on an independent contractor basis other than construction.
51. **Solicitation** means a formal request, as applicable, for prospective vendors to submit responses to an Invitation to Bid, Request for Proposal, Request for Qualifications, Invitation to Negotiate, or a Request for Quotation.
52. **Solicitation Document** means a document, or collection of documents, either paper or electronic, that contains all information required to conduct a competitive procurement project according to § 287.057, Florida Statutes.
53. **Stakeholder** means an individual, who is not likely to become a vendor, who has an interest in the commodities/contractual services needed.
54. **Subcontractor** means a person, firm or entity providing goods or services to a Vendor to be used in the performance of the Vendor's obligations under the Contract.
55. **Subject Matter Expert** means a person who has working or expert knowledge about a particular topic or field.
56. **Unbalanced Bid** means a Bid that is based on prices which are significantly less than cost for some bid items and significantly more than cost for others.
57. **Vendor** is a person, firm, or entity that that provides commodities or services and submits a Response to a Solicitation. Any Vendor may be represented by an agent after submitting evidence demonstrating the agent's authority. The agent cannot certify as to his own agency status. (Also called "Bidder" or "Proposer".)

[Remainder of this page left intentionally blank]

SECTION 5 – GENERAL TERMS AND CONDITIONS

These instructions are standard for all contracts for commodities or services issued through the City of Port Orange Purchasing Division. General Requirements apply to all advertised Solicitations; however, **these may be superseded, in whole or in part, by the SPECIAL REQUIREMENTS/INSTRUCTIONS OR OTHER DATA CONTAINED HEREIN.**

READ THIS ENTIRE DOCUMENT CAREFULLY. FOLLOW ALL INSTRUCTIONS. YOU ARE RESPONSIBLE FOR FULFILLING ALL REQUIREMENTS AND SPECIFICATIONS. BE SURE YOU UNDERSTAND THEM.

1. ACCEPTANCE BY CITY

The City shall have a reasonable time (but not less than 30 days) after receipt to inspect the goods and services tendered by vendor. The City at its option may reject all or any portion of such goods or services which do not, in City's sole discretion, comply in every respect with all terms and conditions of the contract. The City may elect to reject the entire goods and services tendered even if only a portion thereof is nonconforming. If the City elects to accept nonconforming goods and services, the City, in addition to its other remedies, shall be entitled to deduct a reasonable amount from the price thereof to compensate the City for the nonconformity. Any acceptance by the City, even if non-conditional, shall not be deemed a waiver or settlement of any defect in such goods and services. The material delivered as a result of this solicitation shall remain the property of the seller until a physical inspection and actual usage of the item(s) is made and thereafter deemed acceptable to the satisfaction of the City, in compliance with the terms and specifications contained herein. In the event that the item(s) supplied to the City is/are found to be defective, or does/do not conform to specifications, the City reserves the right to cancel the order upon written notice to the seller and return the item(s) to the seller at the seller's expense.

2. ADDENDUM

The City shall issue responses to inquiries and any other corrections or amendments it deems necessary in written addenda issued prior to the Solicitation Response Due Date. When specifications are revised, the City of Port Orange Purchasing Division will issue an addendum addressing the nature of the change. Bidders shall acknowledge all addenda by completing Form 7.3 Addendum and Change Order Procedure Acknowledgement and include it in the returned Response package. Failure to acknowledge the correct number of addenda issued may result in rejection of the Response. All Addenda shall be posted by the CITY on www.demandstar.com and City of Port Orange website, www.port-orange.org. The City shall issue responses to inquiries and any other corrections or amendments it deems necessary in written addenda issued prior to the Solicitation Response Due Date. Bidders should not rely on any representations, statements or explanations other than those made in this Solicitation or in any addendum to the Solicitation. Where there appears to be a conflict between the Solicitation and any addenda issued, the last addendum issued shall prevail.

3. ADDITIONAL GOODS

Products, Materials and Goods not specifically identified in this bid request may be added to any resultant contract upon mutual consent of the contracting parties. The City reserves the right to add or delete products or materials of similar nature, within the family of products of "ITB Item(s)" and their commodity codes, to those items requested in this bid.

4. ANTI-COLLUSION STATEMENT

By submitting this Response to a Formal Solicitation, the Bidder affirms that this Response is without previous understanding, agreement, or connection with any person, business, or corporation submitting a Response for the same materials, supplies, or equipment, and that this response is in all respects fair, and without collusion or fraud. Additionally, Bidder agrees to abide by all conditions of this Solicitation and certifies that they are authorized to sign this Response for the Bidder. In submitting a Response to the City of Port Orange, the Vendor offers and agrees that if the Response is accepted, the Bidder shall convey, sell, assign or transfer to the City of Port

Orange all rights, title and interest in and to all causes of action it may now or hereafter acquire under the Anti-trust laws of the United States and the State of Florida for price fixing relating to the particular commodities or services purchased or acquired by the City of Port Orange. At the City's discretion, such assignment shall be made and become effective at the time the City tenders final payment to the Vendor.

5. APPLICABLE LAWS

In connection with the furnishing of supplies or performance of work under the Contract, the Vendor agrees to comply with the Fair Labor Standards Act, Equal Opportunity Employment Act, and all other applicable federal and state laws, regulations and executive orders to the extent that the same may be applicable.

6. ASSIGNMENT

The successful Bidder shall not sell, assign, transfer or convey this contract in whole or in part, without the prior written consent of the City of Port Orange. Any such assignment or transfer shall not release Vendor from all contractual obligations.

7. AUTHORITY TO CONDUCT BUSINESS IN FLORIDA:

A Florida corporation or partnership is required to provide evidence with its response that the Bidder is authorized to transact business in Florida and is in good standing with the Florida Department of State. If not with the response from the successful bidder, such evidence must be submitted to the City no later than five (5) business days from request of the Purchasing Manager. A foreign (out-of-state) corporation or partnership is required to provide evidence with its response that the Bidder is authorized to transact business in Florida and is in good standing with the Florida Department of State. If not with the response from the successful bidder, such evidence must be submitted to the City no later than five (5) business days from request of the Purchasing Manager. A joint venture is required to provide evidence with its response that the joint venture, or at least one of the joint venture partners, is authorized to transact business in Florida and is in good standing with the Florida Department of State. If not with its response, such evidence must be submitted to the City no later than five (5) business days from request of the Purchasing Manager. However, the joint venture is required to provide evidence prior to contract execution that the joint venture is authorized to transact business in Florida and provide the City with a copy of the joint venture Agreement. A joint venture is also required to provide with its response a Statement of Authority indicating that the individual submitting the joint venture's proposal has the legal authority to bind the joint venture. If not with its response, such evidence must be submitted to the City no later than five (5) business days from the request of the Purchasing Manager.

8. AWARDS

Results from the recommendation of the requesting departments evaluation will be considered by the City of Port Orange City Council at the earliest possible regular meeting subsequent to the evaluation process. This ITB is issued in accordance with and shall be governed by the provisions of the City's Purchasing Policy.

The City of Port Orange City Council reserves the right to make award(s) by individual sections, groups, all or none, or a combination thereof, with one or more Vendors; to reject any and all sealed bid proposals, or to waive any informality or technicality in proposals received as deemed to be in the best interest of the City.

The City does not award publicly funded contracts to those who knowingly employ unauthorized alien workers in violation of section 274A(e) of the Immigration and Naturalization Act, 8 United States Code s1324a(e). Such employment deprives legal workers of job opportunities. Violation of section 274A(e) shall be grounds for unilateral cancellation of the contract, Contract, proposal or quote for purchase of services and goods by the City of Port Orange.

9. AWARD AND EXECUTION OF CONTRACT:

When a bid received has been determined to be satisfactory, Contract/s will be awarded, or Purchase Order/s issued to the LOWEST Responsible and Responsive Bidder/s within the time designated in the Contract Documents. The Bidder(s) to whom the award is made shall execute the Contract(s) and return, together with the insurance certificates to the office of the Owner, within the time specified.

10. BID RETURNS

Bidders shall return all completed Responses to the City of Port Orange at the address set forth in Section 2 of this document on the date and at the time specified. Late submissions will not be accepted and shall be returned to Bidders unopened.

11. BID PROTEST

Any person who is adversely affected by the City's decision or intended decision shall file with the City Purchasing Manager a notice of protest in writing within 72 hours after the posting of the notice of decision or intended decision. With respect to a protest of the terms, conditions, and specifications contained in a solicitation, including any provisions governing the methods for ranking Bids, Proposals, Statements, or Replies, awarding contracts, reserving rights of further negotiation, or modifying or amending any contract, the notice of protest shall be filed in writing within 72 hours after the posting of the Solicitation. Saturdays, Sundays, and state holidays shall be excluded in the computation of the 72-hour time established herein. The formal written protest shall be filed with the Purchasing Manager in writing within ten (10) days after the date the notice of protest is filed. The formal written protest shall state with particularity the facts and law upon which the protest is based. Failure to file a notice of protest or failure to file a formal written protest shall constitute a waiver of proceedings. Upon receipt of the formal written protest that has been timely filed, the City shall stop the solicitation or contract award process until the subject of the protest is resolved by final City action. However, the City may continue the solicitation or award process, provided the City Manager sets forth in writing particular facts and circumstances which require the continuance of the solicitation or contract award process without delay in order to avoid an immediate and serious danger to the public health, safety, or welfare. The City shall provide an opportunity to resolve the protest by mutual agreement between the parties. The policy this City has established is as follows:

a. As soon as possible after receipt, the Purchasing Manager shall provide written bid protest to City Manager, City Attorney, Department Head involved, and Supervisor directly involved in the acquisition. Purchasing Manager shall schedule within seven (7) business days, excluding weekends and holidays, a meeting with the above-mentioned individuals or designee and protestor. The intent of the meeting is to provide a review and/or solution prior to going before Council. After reviewing all relevant information, the City Manager shall render a decision.

b. If the protestor disagrees, he may appeal to the City Council at a formal council meeting. After reviewing the evidence, the City Council will issue their decision. The City Council's decision is final; however, the protestor can appeal the decision to the Circuit Court in Volusia County, Florida within thirty (30) days of the City Council's final decision. Decisions at all levels shall be in writing to the protestor.

c. If the protestor disagrees, he may appeal to the City Council at a formal council meeting. After reviewing the evidence, the City Council will issue their decision. The City Council's decision is final; however, the protestor can appeal the decision to the Circuit Court in Volusia County, Florida within thirty (30) days of the City Council's final decision. Decisions at all levels shall be in writing to the protestor.

12. BID/PROPOSAL TABULATION

Bidders who wish to receive a copy of the bid/proposal tabulation may obtain it via www.demandstar.com or on the City of Port Orange website, Bid opportunities page at www.port-orange.org/bids.aspx or by email purchdiv@port-orange.org.

13. BONDS

If this Solicitation requires submission of bid guarantee and performance bonds, there will be additional instructions explaining those requirements. Responses submitted without the required bid bond or certified check shall be deemed non-responsive. When the Purchasing Manager deems it necessary, bid bonds/deposits shall be prescribed and are advertised in the public notices inviting bids. Normally, if a bid bond/deposit is requested, it is in the amount of five percent (5%) of the total bid amount. Payment and Performance Bonds requested for construction projects shall be in an amount equal to one hundred percent (100%) of the total contract amount at the Bidder's sole cost and expense and will be recorded with the Clerk of the Circuit Court, Volusia County, Florida. After recording, the City will furnish to the contractor the recording information for the bond to evidence that the contractor has met the requirements of Florida law. The City will bill the cost of recording to the contractor. Unsuccessful Bidders are entitled to the return of their surety when the Purchasing Manager has required such. A successful Bidder shall forfeit any surety required by the Purchasing Manager upon failure on the part of the Bidder to enter into a contract within the time specified after the award of bid.

14. CERTIFICATE OF INSURANCE

Upon notice of intent to award contract resulting from this solicitation, the selected Vendor will be required to submit a Certificate of Insurance showing proof of adequate coverage for professional general liability, errors and omissions and workers' compensation as identified under the insurance requirements of this solicitation and listing the City of Port Orange as a Certificate Holder prior to execution of the contract.

15. CHANGE ORDERS

No oral statement of any person shall modify or otherwise change, or affect the terms, conditions or specifications stated in the resulting contract. All change order requests shall be made in writing by the Contractor for review by the Contract Administrator for the City of Port Orange. No work shall be performed as set forth in the change order until the Contractor receives an executed Purchase Order for the requested change.

16. CHANGE ORDER REQUEST NOTIFICATION

The Successful Contractor is responsible for giving the City of Port Orange, prior to the Contract expiration date, at least forty-five (45) calendar day's advance notice for any anticipated changes to time and/or scope of the awarded Contract. The Contractor **shall not** continue to provide services past the Contract expiration date unless approved by a written Change Order Notice from the City.

17. CLEAN UP

Upon completion of the delivery of materials and or services, the Contractor shall restore any/all public and private property which was damaged during delivery. Restoration is meant to include removal of any spillage or restoring damage to the edge of pavement, sidewalks, driveways, landscaped areas, etc. Contractor shall make repairs consistent with or better than what existed prior to delivery. This shall be understood to include the use of sod or seed and mulch to replace (if necessary) existing grass that has been damaged. If sod is used it shall match the sod present on the effected property. Contractor shall make all repairs and restorations at his expense.

18. CONDUCT OF BIDDERS

All Bidders or individuals acting on behalf of a Bidder are hereby prohibited from lobbying or otherwise attempting to persuade or influence any member of the City Council members, or City staff at any time during the course of the solicitation process. The solicitation process shall end upon issuance of the written Notice of Intended Action containing the recommendation of award to the Bidder. All Bidders or individuals acting on behalf of a Bidder are further prohibited from contacting or otherwise attempting to communicate with any member of the staff or City Council

members regarding the pending solicitation or its outcome until after the issuance of the written recommendation of the most qualified Bidder. Until such recommendation is issued in writing, any questions regarding the pending solicitation shall be submitted to the Purchasing Manager. Failure to comply with this procedure shall result in rejection/disqualification of said submittal without exception. Contact with staff, City Council members during a public meeting shall not be considered a violation of this requirement.

19. CONE OF SILENCE

The Cone of Silence is designed to protect the integrity of the procurement process by shielding it from undue influences prior to the execution of the award. The Cone of Silence is defined as the period beginning with the issuance of the solicitation document and continues through the execution of the award document. During this time Bidders, service providers and the like are prohibited from all communications regarding the solicitation with City staff, City consultants, City legal counsel, City Agents, or elected officials. Any Bidder who initiates any discussions or attempts to influence a member or members of the aforementioned shall be disqualified from continued participation in the procurement process with regard to that particular solicitation.

Exceptions to the Cone of Silence:

- Written communication directed to the Procurement Officer;
- All communications occurring at Pre-Proposal Conferences;
- Oral presentations before publicly notice committee meetings;
- Procurement of goods and services for Emergency situations; and
- Contractors already on contract with the City to perform services for the City are allowed discussions necessary for the completion of an existing contract.

20. CONFLICT OF INTEREST

For purposes of determining any possible conflict of interest, all Vendors must disclose if any City of Port Orange employee is also an owner, corporate officer, or employee of Vendor's business. No official or employee of the City who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of the Scope of Work covered by the Contract shall voluntarily acquire any personal interest, directly or indirectly, in the contract or proposed Contract.

21. CONFLICT OF INSTRUCTIONS

If a conflict exists between the General Terms and Conditions and instructions contained herein, and the Special Terms and Conditions and instructions contained herein, the Special Terms and Conditions shall govern.

22. CONTRACT

Any acquisition above the $25,000 level shall be done through one of the formal competitive methods except upon City Council waiver and/or shall have City Council approval. Only the Purchasing Manager and/or City Manager, have the authority to obligate the City by entering into a written contract to purchase goods and/or services up to $25,000.00. The City of Port Orange, Florida reserves the right to reject any and all Responses or to waive any and all non-substantial irregularity in Responses received, whenever such waiver or rejection is in the best interest of the City.

23. CONTRACT OBLIGATION

The City of Port Orange City Council shall approve the contract if greater than $25,000.00 annually. The Mayor or other person authorized by the Mayor must sign the contract before it becomes binding on the City of Port Orange or the Vendor. Department heads are NOT authorized to sign contracts for the City of Port Orange. Binding agreements shall remain in effect until all products and/or services covered by this purchase have been satisfactorily delivered and accepted.

24. CONTRACT RENEWALS

Renewals may be made ONLY by written agreement between the City of Port Orange and the Bidder. Any price escalations are limited to those stated by the Vendor on the original Response.

25. COOPERATIVE PURCHASING

The City Manager may elect to purchase through or join with other governmental units in cooperative purchasing ventures when the best interest of the City would be served thereby, provided the same is in accordance with all applicable laws. In the event the City Manager should elect to purchase through or join with other governmental agencies in cooperative purchasing ventures, all purchases in excess of twenty-five thousand dollars ($25,000.00) shall require council approval before the purchasing contracts are entered into. (Code 1981, § 8-33, Ord. 1997-22, § 5. 5-6-1997; Ord. No. 2004-15, § 4, 7-20-2004)

26. COPYRIGHT AND PATENT RIGHTS

Bidder warrants that there has been no violation of copyrights or patent rights in manufacturing, producing and/or selling the item(s) ordered or shipped as a result of this Response, and successful Bidder agrees to hold the City harmless from any and all liability, loss or expense by any such violation.

27. COST INCURRED BY BIDDER

All expenses, including costs for required bonds, involved with the preparation and submission of Responses to the City, or any work performed in connection therewith shall be borne by the Bidder. No payment shall be made for any response received, nor for any other effort required of or made by the Bidder prior to commencement of work as defined by the contract approved by the City Council.

28. DAMAGE

The Contractor shall hold sole responsibility for any damages to the City's equipment or property, the workplace and its contents due to work, negligence in work, personnel and equipment. The Contractor shall be responsible and liable for the safety, injury and health of its working personnel while its employees are performing service work.

29. DEFAULT PROVISIONS

In the event of default by the Contractor, the City reserves the right to procure the item(s) bid from other sources and hold the Contractor responsible for excess costs incurred as a result. If a Contractor defaults on a City contract the City Council may elect to refrain from doing business with the Vendor for a period of 36 months from the date of default.

30. DELIVERY OF GOODS/SERVICES

Upon approval of a contract, the Contractor is obligated to deliver the goods to the destination specified in the Solicitation or the Purchase Order and bears the risk of loss until delivery. If this Solicitation or Purchase Order does not contain delivery instructions, Contractor shall request instructions in writing from the Purchasing Manager. If the delivery instructions contained in the Solicitation allocate delivery costs and risks in a manner contrary to this section, the provisions of this Competitive Solicitation shall prevail.

When delivery is not met as provided for in the contract, the Purchasing Division reserves the right to make the purchase on the open market, with any cost in excess of the contract price paid by the Contractor, in addition to any other damages, direct or consequential, incurred by the City as a result thereof. In addition, failure of the Contractor to meet the contract delivery dates will be cause for removal of the Contractor from the City's list of eligible Bidders/Proposers as determined by the Purchasing Division.

31. DETERMINATION OF LOWEST AND BEST RESPONSIBLE BIDDERS

In determining the lowest and best responsible Bidders, in addition to price, the following will be considered:

a. The ability, capacity and skill of the Bidder/Proposer to perform the contract.
b. Whether the Bidder/Proposer can perform the contract within the time specified, without delay or interference.
c. The character, integrity, reputation, judgment, experience, and efficiency of the Bidder/Proposer.
d. The quality of performance of previous contracts.
e. The previous and existing compliance by the Bidder/Proposer with laws and ordinances relating to the contract.
f. The sufficiency of the financial resources and ability of the Bidder/Proposer to perform the contract or provide the service.
g. The quality, availability and adaptability of the supplies or contractual services to the particular use required.
h. The ability of the Bidder/Proposer to provide further maintenance and service for the use of the subject of the contract.
i. The number and scope of conditions attached to the bid.
j. Such other factors as appear to the city council to be pertinent to the bid or the contract under all of the circumstances involved.

32. DISCLOSURE OF CONFLICTS

The award is subject to the provisions of Chapter 112.313, Florida Statutes. All Bidders must disclose with their Response the name of any officer, director, or agent who is also an employee of the City. Further, all Bidders must disclose the name of any employee who owns, directly or indirectly, an interest in the Bidder's firm or any of its branches. The Bidder shall not compensate, in any manner, directly or indirectly, any officer, agent, or employee of the City for any act or service that he/she may do, or perform for, or on behalf of any officer, agent or employee of the Bidder. No officer, agent, or employee of the City shall have any interest, directly or indirectly, in any contract or purchase made, or authorized to be made by anyone for, or on behalf of the City. The Bidder shall have no interest and shall not acquire any interest that shall conflict in any manner or degree with the performance of the services required under the Solicitation.

33. DISQUALIFICATION OF BIDDER/PROPOSER

The Purchasing Manager shall maintain a current listing of qualified Bidders. The Purchasing Manager may, from time to time, remove any Bidder's name from the list of qualified Bidders. Normally the removal of a vendor from the Bidder list is done after nonresponse from that Bidder for three (3) consecutive Solicitations. Such action may also arise out of breach of contract, default, or irregular business practice, based on the Finance Director and City Attorney's recommendation. Any or all Responses may be rejected if the City believes that collusion exists among the Bidders/Proposers. Responses in which the prices are obviously unbalanced may be rejected. If multiple Responses are submitted by a Bidder/Proposer and after the Responses are opened one of the Responses is withdrawn, the result will be that all of the Responses submitted by that Bidder/Proposer will be withdrawn; however, nothing herein prohibits a Bidder from submitting multiple Responses for different products or services.

34. EXCEPTIONS TO SPECIFICATIONS

For purposes of evaluation, the Bidder must indicate any exception to the specifications, terms, and/or conditions, no matter how minor. This includes any agreement or contract forms supplied by the Bidder that are required to be signed by the City. If exceptions are not stated by the Bidder, in his/her bid, it will be understood that the item(s)/services fully comply with the specifications, terms and/or conditions stated by the City. Exceptions are to be listed by the Bidder on an attachment included with the bid. The City will not determine exceptions based on a review of any attached sales or manufacturer's literature.

35. E-VERIFY

Bidders shall utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all employees hired on or after January 1, 2021 by the Bidder and shall expressly require any subcontractor performing services pursuant to the contract to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the term of contract. Bidders shall complete Form 7.11 E-Verify Affidavit and include it in the returned Response package. Failure to include the affidavit may result in rejection of the Response.

36. FACILITIES

The City reserves the right to inspect the Bidder's facilities at any time.

37. FAILURE TO RESPOND

If the Bidder elects not to bid, please return the enclosed "Bidder Acknowledgement Form" by the bid due date and state the reason(s) for not bidding. Failure to respond, either by submitting a bid, or by submitting a "Statement of No Bid", three (3) times, shall result in the Bidder's name being removed from the City's mailing list.

38. FINANCIAL STABILITY

Bidders shall be prepared to supply a financial statement upon request, preferably a certified audit of the last available fiscal year. A third party prepared financial statement and the latest Dun & Bradstreet report will be accepted in lieu thereof.

39. FORCE MAJEURE

Neither party shall be liable for any delay in performance or failure to perform any obligation hereunder if, and to the extent that, such failure or delay is caused by an event of Force Majeure. Force majeure shall mean any act, event or condition that is beyond the party's reasonable control, that materially and adversely affects the party's ability to perform its obligations hereunder, and that is not the result of the party's willful neglect, error, omission or failure to exercise reasonable due diligence.

40. GOVERNING FORMS

In the event of any conflict between the terms and provisions of these requirements and the specifications, the specifications shall govern. In the event of any conflict of interpretation of any part of this overall document, the City's interpretation shall govern.

41. GOVERNING LAW

Bidders shall comply with all applicable federal, state and local laws and regulations. All Responses are solicited and shall be made pursuant to the Code of Ordinances, City of Port Orange, Chapter 2, Article VI, Division 2, Section 2-263, and all Responses will be evaluated in accordance with the provisions thereof. Code of Ordinances, City of Port Orange is on file in the Office of the City Clerk, City Hall, 1000 City Center Circle, Port Orange, Florida and at www.municode.com. The City of Port Orange is also governed by the Consultants' Competitive Negotiation Act, Section 287.055, Florida Statutes, as the method of selecting architects, engineers and land surveyors. The City has utilized the procedures in the Act for Professional counselors, environmentalists, planners, general contractors, computer systems, designers, telecommunications consultants, maintenance technicians, financial services and other professional services. Every acquisition equal to or greater than $10,000.00 must have a signed, notarized "Public Entity Crimes Form" to comply with Section 287.133(3)(a), Florida Statutes. Also required is the "Drug- Free Preference Form" to comply with Section 287.087, Florida Statutes. Each form is included in the Solicitation.

42. GRANT FUNDING

Any contract entered into by the City that is to be paid from grant funds shall be limited to payment from the grant funding and the Contractor/Provider understands that the City has not set aside any City funds for the payment of obligations under a grant contract. If grant funding should become unavailable at any time for the continuation of services paid for by the grant, and further funding cannot be obtained for the contract, then the sole recourse of the provider shall be to terminate any further services under the contract and the contract shall be null and void.

43. HIPAA COMPLIANCE

The Bidder agrees to comply with the Standards for Privacy of Individually Identifiable Health Information of the Health Insurance Portability and Accountability Act of 1996, PL 104-191,45 CFR Parts 160-164, as amended, referred to as "HIPAA," to the extent that the Contractor uses, discloses or has access to protected health information as defined by HIPAA.

44. IDENTICAL TIE BIDS

In accordance with Section 287.087, Florida Statutes, preference shall be given to businesses with Drug-Free Workplace Programs. Whenever two or more Responses that are equal with respect to price, quality, and service are received for the procurement of commodities or contractual service, a Response received from a business that certifies that it has implemented a Drug-Free Workplace Program shall be given preference in the award process.

45. INDEMNIFICATION/HOLD HARMLESS

(a) Contractor shall be liable for any loss of, or damage to, City property caused by the negligence, recklessness, or intended wrongful misconduct of Contractor, his/its agents, servants and employees and shall indemnify and save the City harmless against all actions, proceedings, claims, demands, costs, damages and expenses, including attorney's fees, by reason of any suit or action brought for any actual or alleged injury to or death of any person or damage to property other than City property, resulting from the performance of the Contract by Contractor, his/its agents, servants and employees. Contractor shall submit a full written report to the Finance Director within twenty-four (24) hours following the occurrence of such damage, loss or injury.

(b) To the fullest extent permitted by law, in addition to the express duty to indemnify City when there is any causal connection between Contractor's work and any injury, loss, damage, death or property damage, Contractor expressly undertakes a duty to defend City as a separate duty, independent of and broader than the duty to indemnify. The duty to defend agreed to by Contractor hereby expressly include all costs of litigation, attorney's fees, settlement costs and reasonable expenses in connection with the litigation, whether or not the claims made for loss, injury, damage or property damage are valid or groundless and regardless of whether the defense of City is maintained by the City or assumed by Contractor as long as the claims made could be causally connected to Contractor as reasonable determined by City.

46. INDEPENDENT CONTRACTOR

It is expressly understood and agreed by both parties hereto that the City is contracting with the successful Bidder as an independent contractor. The parties hereto understand and agree that the City shall not be liable for any claims which may be asserted by any third party occurring in connection with the services to be performed by the successful Bidder under this contract and that the successful vendor has no authority to bind the City.

The Bidder represents itself to be an independent contractor offering such services to the public and shall not represent himself/herself or his/her employees to be an employee of the City. Therefore, the Bidder shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, worker's compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the City, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney's fees); and damage of any kind related to such matters. The Bidder shall further understand that the City

cannot save and hold harmless and or indemnify the Bidder and/or the Bidder's employees against any liability incurred as arising as a result of any activity of the Bidder/Proposer or any activity of the Bidder's employees performed in connection with the Contract.

47. INSPECTIONS AND TESTING

City of Port Orange reserves the right to inspect any item(s) or service location for compliance with specifications and requirements and needs of the using department. If a Bidder cannot furnish a sample of a Response item, where applicable, for review, or fails to satisfactorily show an ability to perform, the City can reject the Response as inadequate and non-responsive.

48. INSURANCE CANCELLATION

No change or cancellation in insurance shall be made without thirty (30) days' written notice by the Bidder to the City. Insurance coverage required in these specifications shall be in force throughout the contract term. Should any awardee fail to maintain or to provide acceptable evidence of current insurance within five (5) days after receipt of written notice at any time during the contract term, the City shall have the right to consider the Contract breached which shall justify the termination thereof.

49. INSURANCE REQUIREMENTS

Contractor shall maintain insurance, as required herein, during the life of this Contract. Contractor shall provide to the City, a certificate of insurance endorsing the City of Port Orange as an additional named insured. All insurance coverages of the Contractor shall be primary and non- contributory. All insurance coverages of the Contractor shall not seek contribution from any other insurance or self-insurance available to the City. For workers' compensation coverage, the Contractor's insurance certificate shall include the insurer's waiver of subrogation in lieu of endorsing the City as an additional insured for workers' compensation.

IMPORTANT: The City does not accept Workers' Compensation Exemptions. Contractor may use leased employees if the Contractor ensures that all workers who access the jobsite are employees covered by the employee leasing company, and no non-employees are permitted to access the jobsite. Any Contractor using a leased employee shall complete the City's Leased Employee Affidavit Form Exhibit. Policies for Workers' Compensation may be issued by companies authorized as a group self-insurer by F.S. 440.572. Policies other than Workers' Compensation shall be issued by insurers licensed and/or duly authorized under Florida Law to do business in the State of Florida and all insuring companies are required to have a minimum rating of "A-" in the "Best Key Rating Guide" published by A.M. Best & Company, Inc. Contractor shall not commence work under this Contract until the City has received a certificate or certificates of insurance with endorsement evidencing the required insurance. Insurer shall provide the City written notice of cancellation, nonrenewal or any other changes in coverage no later than thirty (30) days prior to the effective date of the change and shall provide notice to the City no later than 10 days after non-payment. The Certificates of Insurance and required insurance policies shall contain provisions that thirty (30) days prior written notice shall be given to the City of any cancellation, intent not to renew, or reduction in the policies or coverages.

Contractor shall require and ensure each of its subcontractors to maintain, until the completion of the subcontractor's work, insurance of the types and to the limits set forth herein. All insurance coverages shall be primary and non-contributory. All insurance coverages of the subcontractors shall not seek contribution from any other insurance or self-insurance available to the City. The Contractor is responsible for ensuring that its subcontractors maintain the required coverage. Failure of the Contractor to ensure the subcontractors maintain the required coverage, shall not relieve the Contractor of any contractual responsibility, obligation or liability.

The City reserves the right to increase insurance coverage as determined for higher risk contracts. The acceptance by the City of any Certificate of Insurance does not constitute approval or agreement by the City that the insurance requirements have been satisfied or that the insurance

policy shown on the Certificate of Insurance is in compliance with and does not waive the insurance required by this.

Should at any time the Contractor or subcontractors not maintain the insurance coverages required herein, the City may terminate the Contract or at its sole discretion shall be authorized to purchase such coverages and charge the Contractor for such coverages purchased. The City shall be under no obligation to purchase such insurance, nor shall it be responsible for the coverages purchased or the insurance company or companies used. The decision of the City to purchase such insurance coverages shall in no way be construed to be a waiver of any of its rights under the Contract.

50. INVOICES AND PAYMENTS

All invoices shall be sent to: City of Port Orange, Accounts Payable, P.O. Box 291759, Port Orange, Florida, 32129. In accordance with Florida Statutes, Chapter 218, payment will be made within 45 days after receipt of merchandise and a proper invoice. The City will attempt to pay within fewer days if contractor offers a payment discount. The City cannot make advance payments, make deposits in advance of receipt of goods, or pay C.O.D.

51. IRREVOCABILITY OF RESPONSES

Each Bidder agrees that Responses shall remain open until the effective date not to exceed 90 days after selection, shall not be subject to revocation or withdrawal, and shall be subject to the City Council's acceptance of a contract with the Bidder.

52. LATE SUBMISSIONS, LATE MODIFICATIONS AND LATE WITHDRAWALS

Responses received after the Response Due Date and time are late and shall not be considered. Modifications received after the Response Due Date are also late and shall not be considered. Letters of withdrawal received after the Response Due Date are late and shall not be considered. Letters of withdraw received after contract award shall be deemed a breach of contract, subject to penalties as set forth in the contract and Solicitation.

53. LEGAL REQUIREMENTS

Applicable provision of all federal, state, county and local laws, and all ordinances, rules, and regulations shall govern development, submittal and evaluation of all Responses received in response hereto and shall govern any and all claims and disputes which may arise between person(s) submitting a response to a Solicitation hereto and the City by and through its officers, employees and authorized representatives, or any other person, natural or otherwise; and lack of knowledge by any Bidder shall not constitute a cognizable defense against the legal effect thereof.

54. LICENSES, PERMITS AND TAXES

The Bidder shall comply with all rules, regulations, laws and permitting requirements of the City, Volusia County, the State of Florida, and the United States Government now in force or hereafter to be adopted. The Bidder shall abide by all ordinances and laws pertaining to his/her operations and shall secure, at his/her expense, all licenses and permits necessary for construction and operation.

55. LITERATURE (if applicable):

If no brand, model or make is specified, Bidders shall submit descriptive literature and technical data, fully detailing all features, designs, construction, appointments, finishes and the like not covered in the specifications, necessary to fully describe the equipment, material, and/or services Bidder proposes to furnish.

56. LOCAL PREFERENCE

In accordance with City of Port Orange City Code 2-275, except where federal or state law, or any other funding source, mandates to the contrary, the City shall give preference to local businesses in the following manner:

(a) Competitive Bids

(1) Port Orange Business: In any competitive bidding process where a bid submitted by a Port Orange business is within eight percent (8%) of the lowest and best responsible bid submitted by a non-Port-Orange business, then the Port Orange business shall have the opportunity to submit, within five (5) working days of the bid opening, a best and final bid equal to or lower than the amount of the original low bid. The bid shall then be awarded to the lowest and best responsible bidder.

(2) Volusia County business: In any competitive bidding process where a Volusia County business is within five percent (5%) of the lowest and best responsible bid submitted by a business other than a Port Orange business or Volusia County business, then the Volusia County business shall have the opportunity to submit, within five (5) working days of the bid opening, a best and final bid equal to or lower than the amount of the original low bid. The bid shall then be awarded to the lowest and best responsible bidder.

(3) Florida Business: In any competitive bidding process where a State of Florida business is within three percent (3%) of the lowest and best responsible bid submitted by a non-local business, then the Florida business shall have the opportunity to submit, within five (5) working days of the bid opening, a best and final bid equal to or lower than the amount of the original low bid. The bid shall then be awarded to the lowest and best responsible bidder.

(4) Tied Bid Preference: In case of a tie bid between a local business and a non-local business, the local business shall prevail. In case of a tie between two or more local businesses, the following order of preference shall control: first priority to Port Orange business, second priority to Volusia County business, and third priority to Florida business.

(b) Definitions. The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Port Orange Business means a business having its headquarters and principal place of business within the City of Port Orange at least twelve (12) months prior to the bid or proposal opening date, as evidenced by a valid business tax receipt or such other documentation, to the City's satisfaction, demonstrating the physical business presence of the firm within the limits of the City of Port Orange.

Volusia County Business means a business having its headquarters and principal place of business within the County of Volusia, and not within the City of Port Orange, at least twelve (12) months prior to the bid or proposal opening date, as evidenced by a valid business tax receipt or such other documentation, to the City's satisfaction, demonstrating the physical business presence of the firm within the limits of Volusia County.

Florida Business means a business having its headquarters and principal place of business within the State of Florida, and not within Volusia County, at least twelve (12) months prior to the bid or proposal opening date, as evidenced by a valid business tax receipt or such other documentation, to the city's satisfaction, demonstrating the physical business presence of the firm within the limits of the State of Florida.

57. MAINTENANCE

Maintenance required for equipment Solicitation is preferred to be available in the City of Port Orange by a manufacturer-authorized maintenance facility. Costs for this service shall be shown on the Pricing/Delivery Information form. If the City of Port Orange opts to include maintenance, it shall be so stated in the purchase order and said cost will be included. Service will commence only upon expiration of applicable warranties and shall be priced accordingly.

58. NAME BRANDS

Specifications may reference name brands and model numbers. It is not the intent of the City of Port Orange to restrict these bids in such cases, but to establish a desired quality level of merchandise or to meet a pre-established standard due to like existing items. Bidders may offer items of equal stature and the burden of proof of such stature rests with the Bidder, unless otherwise specified by the City. The City of Port Orange shall act as sole judge in determining

equality and acceptability of products offered.

59. NON-DISCRIMINATION

There shall be no discrimination as to race, color, religion, gender, age, marital status, national origin, ancestry, and physical or mental disability in the operations conducted under this contract. Included as applicable activities by the contractor under this section are the solicitation for or purchase of goods or services, or the subcontracting of work in performance of this contract.

60. NON-EXCLUSIVITY OF CONTRACT

The selected Bidder understands and agrees that any resulting contractual relationship is non-exclusive, and the City of Port Orange reserves the right to seek similar or identical services elsewhere if deemed in the best interest of the City of Port Orange.

61. NON-PERFORMANCE:

Failure to meet the expected quality of workmanship, schedule, or other criteria agreed upon, shall be considered a default. In case of default, the City may procure the required services from other sources and hold the Contractor responsible for any excess costs occasioned thereby and may immediately cancel the contract.

62. NOTICE TO CONTRACTOR

The employment of unauthorized aliens by any contractor is considered a violation of Section 274A (e) of the Immigration and Nationality Act. If the contractor knowingly employs unauthorized aliens, such violation shall be cause for unilateral cancellation of the contract.

63. OPTIONAL CONTRACT USAGE

As provided in Section 287.042(16), Florida Statutes, State of Florida agencies may purchase from a contract resulting from this solicitation, provided the Department of Management Services, Division of Purchasing, has certified its use to be cost effective and in the best interest of the State. Contractor(s) may sell such commodities or services certified by the Division to State of Florida agencies at the contractor's option.

64. OTHER AGENCIES

(a) All Bidders awarded contracts from this Bid may, upon mutual agreement, permit any municipality or other governmental agency to participate in the contract under the same prices, terms, and conditions, if agreed to by both parties.

(b) It is understood that at no time will any city, municipality, or other agency be obligated for placing an order for any other city, municipality, or agency; nor will any city, municipality, or agency be obligated for any bills incurred by any other city, municipality, or agency. Further, it is understood that each agency will issue its own purchase order to the awarded Bidder(s).

65. PATENTS/COPYRIGHTS

The successful Bidder agrees to indemnify and hold the City harmless from any claim involving patent infringement or copyrights on goods supplied.

66. PRE-BID CONFERENCE OR PRE-PROPOSAL CONFERENCE

The Purchasing Manager shall determine if a pre-bid conference is required and provide the date, time and location in the Solicitation legal advertisement and Solicitation specifications. The conference shall normally be held in the Council Chambers, located on the first floor of City Hall, 1000 City Center Circle, Port Orange, Florida, 32129. A site visit may be included and shall immediately follow. Attendance to the pre-bid and pre-proposal conference is normally non-mandatory. Only Bidders attending a mandatory pre-bid conference will be eligible to submit a Response. The representative of each Bidder shall be an authorized employee of the Bidder and shall sign in accordingly.

67. PREPARATION OF RESPONSES

In preparing Responses, the Proposal Form, the Bid Form (when a Bid Bond is permitted as proposal security), Certificate as to Corporate Principal, Public Entity Crimes Statement, Anti-Collusion Statement, and Drug Free Preference Statement must be properly executed in ink.

Upon the prescribed Schedule of Unit Prices, all bid prices shall be typewritten or written in ink, or electronically imputed in the blank spaces for each item, with the amounts extended if a unit price bid, and all amounts totaled. The sum of the Total Bid as calculated from the individual items, Schedule of Unit Prices, shall equal the Total Price. Except as provided below, bids containing substitutions or combinations of alternates will not be considered unless such substitutions or combinations are specifically authorized by the Proposal. The Bidder shall sign his/her name and give his/her business address in the spaces provided therefore. If the Proposal is made as a partnership, it shall be signed by all partners; if made by a corporation, it shall be signed in the name of the corporation by one of the officers thereof and shall have affixed the seal of the corporation.

68. POSTPONEMENT / CANCELLATION / WAIVER OF IRREGULARITIES

The City may, at its sole and absolute discretion, reject any and all, or parts of, Responses; re-advertise the Solicitation for new Responses; postpone or cancel, at any time, the Solicitation process; or waive any irregularities in the Solicitation or in the Responses received as a result of the Solicitation, or to accept that Response which best serves the interest of the City.

69. PRICING

The Bidder certifies that prices, terms and conditions in the Response will be firm for acceptance for a period of ninety (90) days from the date of Response opening unless otherwise stated by the City. Responses may not be withdrawn before the expiration of ninety (90) days. Prices shall be firm, with no escalator clauses unless specified by the City. Responses may be withdrawn after ninety (90) days only upon written notification to the City. Prices for all goods and/or services shall be firm for the duration of this contract and shall be stated on the Pricing/Delivery Information form. Prices shall be all inclusive: no price changes, additions, or subsequent qualifications will be honored during the course of the contract. All prices must be written in ink or typewritten. Pricing on all transportation, freight, drayage and other charges are to be prepaid by the contractor and included in the bid prices. If there are any additional charges of any kind, other than those mentioned above, specified or unspecified, the Bidder shall indicate the items required and attendant costs or forfeit the right to payment for such items. Where unit pricing and extended pricing differ, unit pricing prevails. In the event of any discrepancy between the written amounts and the numerals, the written amounts shall govern and will be considered as the price bid. When submitting Bids/Proposals based on a Lump Sum basis, Bidders shall be required to submit a Schedule of Unit Pricing for each line item listed on the Bid Proposal in order to be considered for award.

70. PRODUCTS/ESTIMATES:

Items included on the Bid Form represent the needs of various departments within the City. This is in no way to be construed as the entire or complete list of products to be purchased from the resulting contract. There is no anticipated dollar volume for this contract and cannot be guaranteed. Items shall be ordered on an as needed, when needed basis. Exact quantities or estimated quantities cannot be predetermined.

71. PROPRIETY INFORMATION

Upon receipt by the City, responses to Solicitations, become public records subject to the provisions Florida's state policy on public records, Section 119, Florida Statutes. If you believe that any portion of your response is exempt, you should clearly identify the specific documents for which confidentiality is claimed and provide specific legal authority of the asserted exemption. Any

financial statement that an agency requires a prospective Bidder to submit in order to prequalify for bidding or for responding to a proposal for a road or any other public works project is exempt from Section 119.07, Florida Statutes, and Article I, 24(a), Florida Constitution.

72. PROTECTION

Precaution shall be exercised at all times for the protection of persons, (including employees) and property. All existing structures, utilities, services, roads, trees, shrubbery, etc. shall be protected against damage or interrupted service at all times by the Contractor during the term of contract, and the Contractor shall be held responsible for any damage to the property occurring by reason of his operation on the property.

73. PUBLIC ENTITY CRIMES

In accordance Section 287.133 (2)(a), Florida Statutes: A person or affiliate who has been placed on the convicted Bidder list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided Section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 Months from the date of being placed on the convicted vendor list.

74. PUBLIC RECORDS COMPLIANCE

Contractor shall comply with public records laws as set forth in Section 119, Florida Statutes, and shall specifically:

(a) Keep and maintain public records that ordinarily and necessarily would be required by the City in order to perform the service.

(b) Provide the public with access to public records on the same terms and conditions that the City would provide the records and at a cost that does not exceed the cost provided in Section 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.

(d) Meet all requirements for retaining public records and transfer to the City, at no cost, all public records in possession of the Contractor upon termination of the Contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the City in a format that is compatible with the information technology systems of the City.

The failure of Contractor to comply with a public records request shall constitute a material breach of the contract.

75. PUBLIC RECORDS/PUBLIC MEETINGS EXEMPTION STATEMENT

Section 119.071(1)(c), Florida Statutes: **Any financial statement that an agency requires a prospective Vendor to submit in order to prequalify for bidding or for responding to a proposal for a road or any other public works project is exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. On June 2, 2011, Governor Scott signed HB 7223 into law.** This new legislation amends Florida's Public Records and Sunshine Laws, by expanding "exemptions" applicable to bids, proposals and replies to sealed competitive solicitations, and closes evaluation meetings from the public in certain instances. First, Section 119.071, Florida Statutes was amended to provide that sealed bids, proposals, or replies received by a Florida public agency shall remain exempt from disclosure until an intended decision is announced or until 30 days from the opening, whichever is earlier. This means that Vendors will not be able to procure a copy of their competitor's bids until an intended decision is reached or 30 days has elapsed since the time

of the bid opening. The prior version of the law provided for a 10-day exemption. Next, Section 286.0113, Florida Statutes was amended to provide that meetings of persons appointed to evaluate bids or proposals and negotiate contracts shall be closed in certain circumstances. Specifically, portions of such meetings may now be closed to the public during oral presentations made by a vendor, or where a vendor answers questions. In other words, neither Vendors, nor the public will be permitted to sit in on meetings, unless this exemption is waived by the City Council, wherein their competitors are making presentations or discussing their bid or proposal with the committee members. The portions of these meetings must still be recorded and are subject to disclosure at the time of an intended award decision or within 30 days of the bid or proposal opening, whichever is earlier. Portions of the meetings that do not involve presentations, questions and answers, or negotiation strategy or negotiation sessions are still open to the public and competing Vendors, but the new law limits public attendance to portions of such meetings.

76. PURCHASE ORDER AND DELIVERY

The successful Bidder shall not deliver products or provide services without a City of Port Orange Purchase Order, signed by an authorized agent of the City of Port Orange. The fastest, most reasonable delivery time shall be indicated by the Bidder. Any special information concerning delivery should also be included, on a separate sheet, if necessary. All items shall be shipped F.O.B. INSIDE DELIVERY unless otherwise stated in the specifications. This shall be understood to include bringing merchandise to the appropriate room or place designated by the using department. Every tender or delivery of goods must fully comply with all provisions of these requirements and the specifications including time, delivery and quality. Nonconformance shall constitute a breach which shall be rectified prior to expiration of the time for performance. Failure to rectify within the performance period shall be considered cause to reject future deliveries and cancellation of the contract by City of Port Orange without prejudice to other remedies provided by law. Where delivery times are critical, the City of Port Orange reserves the right to award accordingly.

77. QUALITY

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new. The items bid must be new, the latest model, of the best quality and highest-grade workmanship unless otherwise specified in this bid by the City.

78. RECORDS/AUDIT

(a) The Contractor agrees that the City, or any duly authorized representative, shall, until the expiration of five (5) years after final payment hereunder, have access to and the right to examine and copy any pertinent books, documents, papers and records of the Contractor involving transactions related to this Contract.

(b) The Contractor further agrees to include in any subcontract for more than $10,000 entered into as a result of this Contract, a provision to the effect that the subcontractor agrees that the City or any duly authorized representative shall, until the expiration of five (5) years after final payment under the subcontract, have access to and the right to examine and copy any pertinent books, documents, papers and records of such contractor involved in transactions related to such subcontract, or this Contract. The term subcontract as used herein shall exclude purchase orders for public utility services at rates established for uniform applicability to the general public.

(c) The period of access provided in subparagraphs (a) and (b) above for records, books, documents and papers which may relate to any arbitration, litigation, or the settlement of claims arising out of the performance of this contract or any subcontract shall continue until any appeals, arbitration, litigation or claims shall have been finally disposed of.

79. RECYCLED MATERIALS

City of Port Orange encourages the use of products made of recycled materials.

80. REJECTING OF RESPONSES, REBIDDING

The City reserves the right to accept or reject any or all Responses or parts of Responses, to waive irregularities and technicalities, and to request re-bids. The City also reserves the right to award the contract on such items the City deems will best serve the interests of the City. The City further reserves the right to award the contract on a "split order" basis, or such combination as shall best serve the interests of the City unless otherwise specified. The City Council shall have the authority to reject any and all Responses. If the lowest and best Response exceeds the budgeted amount and the City Council does not make additional funds available, the purchasing agent with the help of the department head shall have the authority to re-advertise the article or articles for bidding after making sufficient changes in the plans or specifications to bring the cost within the limit of the money available. (Code 1981, § 8-28.)

81. REQUEST FOR ADDITIONAL INFORMATION

Prior to the final Solicitation selection, Bidders may be required to submit additional information which the City may deem necessary to further evaluate the Bidder's qualifications to perform under the terms of the Solicitation and subsequent Contract.

82. REVIEW OF RESPONSES/SUBMISSIONS

Each Response will be reviewed to determine if the Response is responsive to the submission requirements outlined in the Solicitation. A responsive Response is one which follows the requirements of the Solicitation, includes all required documentation, is submitted in the format outlined in the Solicitation, is of timely submission, and has the appropriate signatures as required on each document. Failure to comply with these requirements may deem your Response non-responsive.

83. RIGHT OF WITHDRAWAL

A bid, proposal, statement, or reply may not be withdrawn before the expiration of ninety (90) days from the Response due date.

84. RIGHTS TO SOLICITATION SUBMITTED MATERIAL

All Responses, inquiries, or correspondence relating to or in reference to a Solicitation, and all reports, charts, and other documentation submitted by Bidders shall become the property of the City when received.

85. RULES, REGULATIONS AND LICENSING REQUIREMENT

The Bidder shall comply with all laws, ordinances and regulations applicable to the services contemplated herein, including those applicable to conflict of interest and collusion. Bidders are presumed to be familiar with all federal, state and local laws, ordinances, codes and regulations that may in any way affect the services offered.

86. SAMPLES

Samples, when requested, must be furnished at, or before, Response opening, (unless otherwise specified), and will be delivered at no charge to the City. If not used and/or destroyed in testing, said sample(s) will, at the Bidder’s request, be returned within thirty (30) days after bid award at the Bidder’s expense. If requested by the City, samples and/or inspection of like items are to be made available in the central Florida area.

87. SEPARATION AND DISTRIBUTION

The solicitation has been designed for transmittal as a complete document to interested parties. It is recommended that it not be separated; however, it may be reproduced in its entirety as additional distribution might dictate.

88. SEVERABILITY

If any section, subsection, paragraph, sentence, clause, phrase or word of these requirements or the specifications shall be held invalid, such holding shall not affect the remaining portions of these requirements and the specifications and it is hereby declared that such remaining portions would have been included in these requirements and the specifications as though the invalid portion had been omitted.

89. SIGNATURE REQUIRED

All responses must show the company name and be signed by a company officer or employee who has the authority to bind the company or firm by their signature. UNSIGNED RESPONSES WILL BE REJECTED. All manual signatures must be original – no rubber stamp, photocopy, etc.

90. SIGNED RESPONSE CONSIDERED AN OFFER

The signed response is considered an offer on the part of the Bidder, which offer shall be considered accepted upon approval by the City of Port Orange City Council (if required). The City of Port Orange will issue a purchase order or a letter of authorization to the successful Bidder, as authorization for delivery of the items awarded subject to requirements of detailed specifications and those contained herein. In the event of default on the part of the Bidder after such acceptance, the City may take such action as it deems appropriate including legal action for damages or specific performance.

91. SILENCE OF SPECIFICATIONS

The apparent silence of specifications as to any detail, or the apparent omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best commercial practice is to prevail and that only material and workmanship of the finest quality are to be used. All interpretations of specifications shall be made on the basis of this statement. The items furnished under this contract shall be new, unused of the latest product in production to commercial trade and shall be of the highest quality as to materials used and workmanship. Manufacturer furnishing these items shall be experienced in design and construction of such items and shall be an established supplier of the item bid.

92. SOLICITATION FORM COMPLETION, SUBMISSION AND RECEIPT OF RESPONSES

Unless otherwise specified, Bidders shall use the Solicitation forms supplied by the Purchasing Division. Responses shall be typewritten or handwritten in ink and shall bear the original signature of the Bidder's authorized representative. Responses containing erasures or corrections must be initialed by the Bidder in ink. Responses shall be submitted by mail or hand delivery only. No Response will be accepted by facsimile transmission, e-mail or other electronic delivery. Responses submitted by mail shall be addressed to: Joseph Castro, Buyer, Purchasing Office, a division of the Finance Department, Port Orange City Hall, 1000 City Center Circle, Port Orange, Florida 32129. Responses submitted by hand delivery shall be delivered to: City Clerk, Port Orange City Hall, 1000 City Center Circle, Port Orange, Florida 32129. Responses will be accepted until 2:30 p.m. on the date indicated in the Solicitation documents or as addenda issued by the City.

One (1) sealed envelope or package shall be submitted. The sealed envelope/package must contain the required forms and price proposals, where applicable, and will be evaluated and deemed responsive or non-responsive. All late responses will be returned to the Bidder and will not be unopened.

Bids (Envelope/Package) shall contain one (1) original and one (1) digital (CD or flash drive) version in .pdf format unless otherwise indicated in the legal advertisement and shall be mailed or delivered as set forth in the preceding paragraph in one (1) SEALED ENVELOPE/PACKAGE. The envelope/package shall be clearly marked on the outside to include the bid project name, bid number, name and address of the Bidder.

93. STATE LICENSING REQUIREMENTS

All entities defined under Chapters 607, 608, 617 or 620, Florida Statutes, seeking to do business with the City shall be on file and in good standing with the State of Florida's Department of State. Prior to making an offer, the Bidder shall have met the license, certification, and any other requirements of the state, county, city and/or other agency of authority with jurisdiction in such matters and should provide copies of documentation that evidence such qualifications with the response to the Solicitation; and, that the Bidder shall provide follow-up evidence that the Bidder maintains such credentials throughout the period of the agreement. A copy of a current certificate of authority from the Secretary of State authorizing the Bidder/Responder to do business in the State of Florida, or other evidence of legal authority to do business in the state, county, city and/or any other agency of authority should be provided with your response to the Solicitation. Information concerning certification with the Secretary of State may be obtained at http://ccfcorp.dos.state.fl.us/index.html. Contract documents shall be executed by the entity's duly authorized officer as evidenced by entity records.

94. SUBCONTRACTING

The Contractor will not sub-contract or enter into any subcontracting agreements pertaining to this contract, without obtaining written approval from the City of Port Orange.

95. SUPPLEMENTAL MATERIALS

Bidders are responsible for including all pertinent product data in the returned bid package. Literature, brochures, data sheets, specification information, completed forms requested as part of the bid package and any other facts which may affect the evaluation and subsequent contract award should be included. Materials such as legal documents and contractual agreements that the Bidder wishes to include as a condition of the bid must also be in the returned bid package. Failure to include all necessary and proper supplemental materials may be cause to reject the entire bid.

96. TAXES

The City of Port Orange is exempt from all federal excise, state and local taxes unless otherwise stated in this document. A Tax Exemption Certificate will be furnished upon written request to the City of Port Orange Purchasing Division.

97. TERM CONTRACTS

Acceptance by the City of Port Orange of Bidder's offer shall be limited to the terms herein unless expressly agreed in writing by the City. If the contract is intended to cover a specific time period, the term will be given in the bid specifications.

98. TERMINATION CONVENIENCE – NOTICE

The City of Port Orange reserves the right to terminate the contract for default if the Contractor breaches any of the terms therein, including warranties of the Contractor or if the Contractor becomes insolvent or commits acts of bankruptcy. Such right of termination is in addition to and not in lieu of any other remedies which the City of Port Orange may have in law or equity. Default may be construed as, but not limited to, failure to deliver the proper goods and/or services within the proper amount of time, and/or to properly perform any and all services required to the City's satisfaction and/or to meet all other obligations and requirements. The City may cancel the Contract at any time for breach of contractual obligations by providing the Contractor with a written notice of such cancellation. Should the City exercise its right to cancel the contract for such reasons, the cancellation shall become effective on the date as specified in the notice of cancellation sent to the Contractor.

99. TERMINATION - NOTICE

Either party may cancel the contract at any time after award, unless otherwise specified. The City shall be required to give the Bidder notice of thirty days prior to the date of cancellation of the

contract. The Bidder shall be required to give the City written notice (60) sixty days prior to the date of cancellation of the contract. The City of Port Orange may terminate the contract without cause upon thirty (30) days written notice.

100. TITLE TRANSFER

Title and Risk of Loss of goods shall not pass to City of Port Orange until City of Port Orange actually receives and takes possession of the goods at the point or points of delivery. Receiving times may vary with the using department. Generally, deliveries may be made between 8:30 a.m. and 3:00 p.m., Monday through Friday. The Contractor is advised to consult the using department for instructions. The place of delivery shall be specified in the bid specification and/or on the Purchase Order as a "Deliver To:" address.

101. UNBALANCED BID

A mathematically unbalanced bid is where a bidder places a high price on some items and a low price on other items in a unit price contract. A bid is materially unbalanced when there is reasonable doubt that acceptance of a mathematically unbalanced bid will result in the lowest overall cost to the City. Unbalanced Bids will be rejected if the prices are deemed materially unbalanced.

102. USE OF SOLICITATION FORMS

The Bidder shall complete the appropriate Solicitation Form(s) included in the Solicitation. All blanks on the Solicitation Forms shall be completed. If a question or confirmation is not applicable, it should be answered with an "N/A." Supplemental information may be attached to the Solicitation Forms. Failure to fully complete the appropriate Solicitation Forms may result in disqualification of the Response. If additional space for a response is required, attach an additional page to the page on which the question is stated. Clearly identify the number of the question to which the response is attached. Further, if additional Solicitation Form pages are needed, photocopy or replicate as appropriate, and attach such additional pages to the page on which the question or chart is stated. The signature of the Authorized Person or Entity must be that of an officer, partner or a sole proprietor of the entity making the Response. The original Response, and each copy submitted shall contain an original signature on the Bidder's Acknowledgement Form contained in each Solicitation.

103. VARIANCES

For purposes of Response evaluation, Bidders must indicate any variances, no matter how slight, contained in the Response. No variations or exceptions by a Bidder will be considered or deemed a part of the Response submitted unless such variances or exceptions are listed in the Response and referenced in the space provided on the Response pages. If variances are not stated, or referenced as required, it will be assumed that the product or service complies with the City's terms, conditions and specifications. By receiving a Response, the City does not necessarily accept any variances contained in the Response. All variances submitted are subject to review and approval by the City. If any Response contains material variances that, in the City's sole opinion, make that Response conditional in nature, the City reserves the right to reject the Response or part of the Response that is declared, by the City, as conditional.

104. BIDDER'S PRODUCT OR SERVICES

The Bidder's product (if applicable) delivered to the City shall be free of all liens, claims or encumbrances, and the Bidder warrants that it has a clear title to the product being delivered.

a. If the Bidder is contracted to provide services, such services shall be fully satisfactory to the City as determined by the City.
b. The Bidder shall provide the City with any data, reports or other information as required and requested by the City to enable it to utilize the product or service furnished by the Bidder.
c. In furnishing the service or product to the City, the Bidder shall comply with all federal, state, county laws, and city rules, regulations and codes and their successors or amendments.

Violation of such laws, rules, regulations and codes may be grounds for delaying or reducing the amount due, or in rescinding the contract, Contract, proposal or quote.

105. WAIVER OF IRREGULARITIES

The City of Port Orange reserves the right to waive and/or reject any non-substantial irregularity in Responses received whenever such waiver or rejection is in the best interest of the City and/or it does not meet the minimum requirements set forth. All reasonably responsive Responses will be considered. However, the City reserves the right to waive formalities or informalities in Responses, to reject, with or without cause, any or all Responses or portions of Responses, or to interview or not interview individual Bidders, and to accept any Responses or portions of Responses deemed to be in the best interest of the City. The City Council shall grant the City Manager to waive any and all non-substantial irregularities in any and all formal Solicitations. (Code 1981, § 8-29; Ord. No. 2015-17, § 1, 5-19-2015)

106. WARRANTIES

Bidder s shall furnish all data pertinent to warranties or guarantees which may apply to items in the Response. Bidders may not limit or exclude any implied warranties. The Bidder warrants that product sold to the City shall conform to the standards established by the U.S. Department of Labor under the Occupational Safety and Health Act of 1970. In the event product does not conform to OSHA Standards, where applicable, City of Port Orange may return the product for correction or replacement at the Bidder's expense. If the Bidder fails to make the appropriate correction within a reasonable time, City of Port Orange may correct at the Bidder's expense.

[Remainder of this page left intentionally blank]

SECTION 6 – SPECIAL CONDITIONS/REQUIREMENTS/INSTRUCTIONS

PERIOD OF OFFER VALIDITY:
Bids offered in this ITB must remain firm for a period of ninety (90) days from the ITB opening date.

CONTRACT TERM:
The initial term of the contract is two (2 years) upon agreement. Two (2) one (1) year renewals are available upon agreement between both parties.

TIME-LINE FOR AWARD:
Notice of Intent to Award will occur after bid opening and complete review of all submitted bid information.

BID BONDS
A Bid Guarantee in the form of a Bid Bond executed by the Bidder and an acceptable surety or a certified check or bank draft payable to the City of Port Orange, Florida in an amount equal to five percent (5%) of the proposed bid shall be submitted with each submission. If the bidder fails to submit the required bid bond, the bid will be deemed non-responsive and will not be considered for award.

PAYMENT & PERFORMANCE BONDS
The work to be performed under this Invitation to Bid and subsequent agreement between the awarded contractors and the City will be done throughout the City of Port Orange and will vary in size and cost. Based on the value of specific projects, the City may require the awarded contractor to furnish and pay for a one hundred percent (100%) of project value Payment and Performance Bond to be recorded by the City, with the Clerk of the Circuit Court, Volusia County, Florida. After recording, the City will furnish to the contractor the recording information for the bond to evidence that the contractor has met the requirement of Florida law. The City will bill the cost of recording to the contractor.

TIME IS OF THE ESSENCE: The Contractor acknowledges that time is of the essence to complete the work as required under its contract(s) with the City of Port Orange. The Contractor agrees that all work shall be performed diligently and uninterrupted at such a rate of progress as will ensure full completion thereof within the contractually required time. Should the Contractor neglect, fail, or refuse to complete the work within the time specified by the City representative for each project, then the Contractor shall pay to the City the daily liquidated damage sum of up to $500.00, not as a penalty but as liquidated damages for breach of Contract as set forth herein.

ELIGIBILITY OF VENDOR:
To be eligible to respond to this ITB, the Bidders must demonstrate proof of prior experience working with the services described in this ITB. Please provide eligibility experience with your submittal.

LICENSES AND PERMITS
Contractor is responsible for all applicable local and state licenses, permits and fees.

NOTICE:
The City reserves the right to consider cooperative contracts, federal, state municipal etc., in the evaluation process. If in the City's best interest, the City may utilize a cooperative contract in lieu of making an award.

CONTRACTOR SELECTION & METHODOLOGY:
The City desires to award the lowest responsive and responsible bidder as the "Primary" contractor and can award up to three (3) additional responsive and responsible contractors. Work awarded under this bid will be divided into two categories. The first of which shall include projects valued from zero "0" dollars to twenty-five thousand "$25,000.00" dollars. Work in this category will be assigned to the "Primary" awarded contractor to provide a quote. If the "Primary" awarded contractor cannot perform a project assigned to them or otherwise declines to provide a quote for the project, the 2nd lowest awarded contractor will be asked to quote the project. Likewise, if the 2nd lowest awarded contractor cannot perform a project assigned to them or otherwise declines to provide a quote for the project, the 3rd lowest awarded contractor will be

asked to quote the project and so on until the project is successfully assigned. The second category will include projects with an estimated value of $25,001 - $200,000 and shall be quoted amongst all awarded contractors. Category two projects will require participation from all awarded contractors either by written quote or written declination to quote.

The City reserves the right to amend this methodology for contractor selection and the assignment of work if it determines that such a decision would be in its best interest. Such changes may include but not be limited to emergency situations, performance issues, workload concerns, and increased or decreased work volume.

WARRANTY:

The Contractor will provide all warranties within the specifications and a warranty for materials and workmanship for a minimum period of one year from the time that the CITY issues its final acceptance certificate for the service.

SAFETY:

Contractor will comply with all applicable OSHA, State of Florida Safety Regulations and comply with all construction safety requirements of local authorities having jurisdiction. Contractor shall exercise all due caution to exclude the public from the work area and especially from contact with any hazardous materials.

REPAIR OF DAMAGES:

It is the responsibility of the Contractor to repair any damages incurred in the area that is directly related to the project. When damages occur, the City of Port Orange Representative is to be notified and shall inspect the repairs upon completion.

SITE CLEANLINESS:

The Contractor shall give special attention to keeping the work site clean and free from trash and debris. Trash, debris and waste materials shall not be left at the customer's premises but shall be disposed of at the Contractor's facilities. Site must be maintained free of trash and construction debris and cleared every day.

FORM 7.2 – BIDDER'S ACKNOWLEDGEMENT FORM

I have carefully examined the Invitation to Bid (ITB), Instructions to Bidders, General and/or Special Conditions, Specifications, and any other documents accompanying or made a part of this invitation to bid.

I hereby propose to furnish the goods or services specified in the Invitation to Bid at the prices or rates as finally negotiated. I agree that my bid will remain firm for a period of up to ninety (90) days in order to allow the City of Port Orange adequate time to evaluate the proposed bid. Furthermore, I agree to abide by all conditions of the Invitation to Bid.

I certify that all information contained in this Bid is truthful to the best of my knowledge and belief. I further certify that I am duly authorized to submit this Bid on behalf of the Bidder/Contractor as its act and deed and that the Bidder/Contractor is ready, willing and able to perform if awarded the contract.

I further certify that this Bid is made without prior understanding, Contract, connection, discussion, or collusion with any person, firm or corporation submitting a Bid for the same product or service; no officer, employee or agent of the City of Port Orange City Council or of any other Bidder interested in this ITB; and that the undersigned executed this Bidder's Acknowledgement with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

I further certify that having read and examined the specifications and documents for the designated services and understanding the general conditions for contract under which services will be performed, does hereby propose to furnish all labor, equipment, and material to provide the services set forth in the ITB.

I hereby declare that the following listing states any clarifications, any and all variations from and exceptions to the requirements of the specifications and documents. The undersigned further declares that the "work" will be performed in strict accordance with such requirements and understands that any exceptions to the requirements of the specifications and documents may render the Bid non-responsive.

NO EXCEPTIONS ALLOWED AFTER THE BID IS SUBMITTED:

Please check one: □ I take NO exceptions. □ Exceptions (list below; add additional pages if necessary):

Addendum # _____ Date: _____ Addendum # _____ Date: _____

CHANGE ORDER PROCEDURE ACKNOWLEDGEMENT

If awarded the Contract for this Solicitation, I acknowledge that no oral statement of any person shall modify or otherwise change, or affect the terms, conditions or specifications stated in the resulting contract. All change order requests shall be made in writing by the Contractor for review by the Contract Administrator for the City of Port Orange. No work shall be performed as set forth in the change order until the Contractor receives an executed Purchase Order for the requested change. I acknowledge the following statement regarding the Change Order Procedure to the awarded Contract:

> "The Successful Contractor is responsible for giving the City of Port Orange, prior to the Contract expiration date, at least forty-five (45) calendar days advance notice for any anticipated changes in price greater than $25,000.00, time and/or scope of the awarded Contract. The Contractor shall not continue to provide services past the Contract expiration date unless approved by a written Change Order Notice from the City."

FORM 7.4 – DRUG-FREE PREFERENCE STATEMENT

IDENTICAL TIE BIDS - Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, statements, or replies that are equal with respect to price, quality, and service are received by the city for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program.

In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).

4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of Section 287.087, Florida Statutes.

As an authorized representative of the firm, I certify that this firm complies fully with the above requirements.

FORM 7.5 – SWORN STATEMENT UNDER SECTION 287.133(3)(A), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

(To be signed in the presence of notary public or other officer authorized to administer oaths.)

Before me, the undersigned Authority, personally appeared affiant_____, who, being by me first duly sworn, made the following statement:

1. The business address of_____(name of Offeror or business) is _____.

2. My relationship to_____(name of Offeror or business) is _____(relationship such as sole proprietor, partner, president, vice president).

3. I understand that a public entity crime as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any proposal or contract for goods or services to be provided to any public entity or such an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy or material misrepresentation.

4. I understand that "convicted" or "conviction" is defined by the Florida Statutes to mean a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilt or nolo contendere.

5. I understand that "affiliate" is defined by the Florida Statutes to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime, or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime, or (3) those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate, or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.

6. Neither the Offeror or contractor, nor any officer, director, executive, partner, shareholder, employee, member or agent who is active in the management of the Offeror or contractor, nor any affiliate of the Offeror or contractor has been convicted of a public entity crime subsequent to July 1, 1989. **(Draw a line through paragraph 6 if paragraph 7 below applies.)**

7. There has been a conviction of a public entity crime by the Offeror or contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Offeror or contractor who is active in the management of the Offeror or contractor or an affiliate of the Offeror or contractor. A determination has been made pursuant to Section 287.133(3) by order of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is_____. A copy of the order of the Division of Administrative Hearings is attached to this statement. **(Draw a line through paragraph 7 if paragraph 6 above applies.)**

****Please attach a valid business tax receipt, or other such documentation****

ATTESTATION – I understand that:

- In accordance with City Of Port Orange City Code 2-275, local businesses shall have five (5) business days from bid/proposal opening to submit a best and final bid for evaluation. To qualify: A Port Orange business initial bid must be within (8%) of the lowest and best responsible bid from a non-Port Orange business; A Volusia County business initial bid must be within (5%) of the lowest and best responsible bid from a non-Volusia County business; A State of Florida business initial bid must be within (3%) of the lowest and best responsible bid from a non-State of Florida business.
- A local business must have its headquarters and/or principal place of business located within the legal boundaries of the City of Port Orange, Volusia County, or the State of Florida, as indicated herein, for at least twelve (12) months prior to the bid or proposal opening date and a valid business license, issued by the corresponding government agency. Post office boxes are not verifiable and shall not be used for the purpose of establishing said physical address. Bidders shall attach to this affidavit of eligibility with a bid or proposal, a copy of a valid business tax receipt or such other documentation, to the city's satisfaction, demonstrating the physical business presence of the firm within corresponding local limits.
- The preference does not apply to goods or services exempted by statute or prohibited by Federal law, State law, or other funding source restrictions.
- The preference established in this policy does not prohibit the right of the City, or other authorized purchasing authority, to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms or corporations submitting bids or proposals.
- The information contained herein may be subject to verification.
- A bidder who misrepresents the local preference status of its firm in a proposal or bid submitted to the City of Port Orange will lose the privilege to claim local preference status, and shall lose eligibility to claim local preference for a period of one (1) year. The City Manager may also recommend that the firm be referred for debarment.

As an authorized representative of the firm, I certify that this firm complies fully with the above requirements.

FORM 7.12 – DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS
PRIMARY COVERED TRANSACTIONS
(TO BE COMPLETED BY PRIME CONTRACTOR)

1. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

   (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

   (b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   (c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1) (b) of this certification;

   (d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

2. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

BID BOND

Bond No.:

KNOW ALL MEN BY THESE PRESENTS that _____, as Contractor, duly authorized to conduct business in the State of Florida, whose principal place of business is located at _____, Tel.: _____, (hereinafter called "PRINCIPAL"), and _____, as SURETY, duly authorized to conduct business in the State of Florida, whose principal place of business is located at _____, Tel.: _____ (hereinafter called "SURETY"), are held and firmly bound unto the City of Port Orange, Florida, as CITY, a Florida municipal corporation, whose address is City of Port Orange, 1000 City Center Circle, Port Orange, Florida 32129, Tel.: (386) 506-5501, (hereinafter called "OBLIGEE" or "CITY"), in the penal sum of _____ dollars and (_____)/100 ($_____), lawful money of the United States, for the payment of which sum shall and truly be made, whereof PRINCIPAL and SURETY bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that, whereas the Principal has submitted the accompanying bid, dated _____, 20___, for:

Project Name / Bid No.:

Project Address:

Legal Description:

Description of Work:

NOW, THEREFORE,

A. If the principal shall not withdraw said bid within one hundred twenty (120) days after date of opening of the same, and shall within ten (10) days after the prescribed forms are presented to it for signature, enter into a written contract with the City in accordance with the bid as accepted, and give bonds with good and sufficient surety or sureties, as may be required, for the faithful performance and proper fulfillment of such contract, then the above obligations shall be void and of no effect, otherwise to remain in full force and virtue.

B. In the event of the withdrawal of said bid within the period specified, or the failure to enter into such contract and give such bonds within the time specified, if the principal shall pay the City the difference between the amount specified in said bid and the amount for which the City may procure the required work and supplies, if the latter amount be in excess of the former, then the above obligations shall be void and of no effect, otherwise to remain in full force and virtue.

IN WITNESS WHEREOF, the above parties have executed this instrument under their several seals, this _____ day of _____, A.D. 20___, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

Note: If the firm is a sole ownership or partnership including limited liability company, two (2) witnesses are required to attest the signature. If the firm is a corporation, then the corporate secretary shall attest and affix the corporate seal (Attach power of attorney to original bid bond and financial statement of Surety Company).

Bond No._____

COMBINATION PAYMENT AND PERFORMANCE BOND
FOR
PUBLIC CONSTRUCTION

per Section 255.05, Florida Statutes
Guaranty for Construction of Public Improvements

BY THIS BOND, We, _____**,** as Principal, and _____, a corporation, as Surety, are bound to **CITY OF PORT ORANGE, FLORIDA**, a Florida municipal corporation, herein called "Owner" or sometimes referred to as "City," in the sum of _____ **AND 00/100 DOLLARS** (**$**_____), for payment of which we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the terms of that certain Standard Contract for Services, having an effective date of _____, entered into by and between the Principal and the City, for Fencing Services, hereinafter referred to as the "Contract," being made a part of this bond by reference, at the times and in the manner prescribed in the Contract; and

2. Promptly makes payments to all claimants, as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials, or supplies, used directly or indirectly by Principal in the prosecution of the work provided for in the Contract (the "Work"); and

3. Pays Owner all losses, damages, delay damages (including contractually authorized liquidated damages), expenses, costs, and attorney's fees, including appellate proceedings, that Owner sustains because of a breach or material breach by Principal under the Contract documents; and

4. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract, then this bond is void; otherwise it remains in full force.

Notice of Nonpayment and Time Limitations

Any action instituted by a claimant under this bond for payment must be in accordance with the notice and time limitation provisions in Sections 255.05(2), (8) and (10), Florida Statutes.

Any changes in or under the contract documents and compliance or noncompliance with any formalities connected with the contract or the changes does not affect Surety's obligation under this bond.

IN WITNESS WHEREOF, this performance and payment bond is executed and shall be deemed an original, this _____, day of _____, 2021.

LEASED EMPLOYEE AFFIDAVIT

EXHIBIT CONTRACT # _____

☐ **I hereby certify that I do not utilize an employee leasing company or employee leased employees. I further agree to notify the City in the event these circumstances change.**

OR

☐ **I affirm that an employee leasing company provides my workers' compensation coverage. I further understand that my contract with the employee leasing company limits my workers' compensation coverage to enrolled worksite employees only. My leasing arrangement does not cover un-enrolled worksite employees, independent contractors, uninsured sub-contractors or casual labor exposure.**

I hereby certify that 100% of my workers are covered as worksite employees with the employee leasing company. I certify that I do not hire any casual or uninsured labor outside the employee leasing arrangement. I agree to notify the City in the event that I have any workers not covered by the employee leasing workers' compensation policy. In the event that I have any workers not subject to the employee leasing arrangement, I agree to obtain a separate workers' compensation policy to cover these workers. I further agree to provide the City with a certificate of insurance providing proof of workers' compensation coverage prior to these workers entering any City jobsite.

I further agree to notify the City if my employee leasing arrangement terminates with the employee leasing company and I understand that I am required to furnish proof of replacement workers' compensation coverage prior to the termination of the employee leasing arrangement.

I certify that I have workers' compensation coverage for all of my workers through the employee leasing arrangement specified below:

Name of Employee Leasing Company:_____

Workers' Compensation Carrier:_____

A.M. Best Rating of Carrier:_____

Inception Date of Leasing Arrangement:_____

I further agree to notify the City in the event that I switch employee-leasing companies. I recognize that I have an obligation to supply an updated workers' compensation certificate to the City that documents the change of carrier.

I hereby attest that the information provided in this affidavit is accurate. In addition,

I certify that I have read and understand the above statements regarding my responsibility under the Workers' Compensation coverage.

CITY OF PORT ORANGE
STANDARD CONTRACT FOR SERVICES

This Standard Contract for Services ("Contract") is entered into this ____ day of _____, **20**____, by and between the **CITY OF PORT ORANGE**, a Florida municipal corporation, whose principal address is 1000 City Center Circle, Port Orange, Florida 32129 (the "City"), and _____, a _____ corporation whose principal address is _____ ("Contractor"). The City and Contractor are collectively referred to herein as the "Parties."

1. *Provision of Services*

(a) The Contractor hereby agrees to provide Fencing Services to include repairs, replacement fence, and new fence on an as-needed basis throughout the City, and as more specifically described in and pursuant to Intent to Bid ("ITB 21-21"). This Contract together with ITB 21-21, Addenda, and Contractor's proposal, all of which may be referred to as the "Contract" and all of which are made a part hereof by reference, shall constitute the formal written contract between the City and Contractor. For convenience, Section 3, Scope of Services, and the Contractor's Schedule of Unit Pricing, as submitted by Contractor in Contractor's Proposal, are attached hereto as **Exhibit "1"**. A complete copy of ITB 21-21, Addenda, and Contractor's Proposal are available in the Office of the City Clerk. Contractor represents that they are familiar with the documents that make up the Contract, as referenced hereinabove.

(b) The time, manner and place for performance of such services shall be:

Term: The term of this Contract shall become effective on the last date the Contract is signed by the Parties ("Effective Date"). This Contract shall be for a term of two (2) years ("Initial Term").

Renewals. Upon written agreement of the Parties, this Contract may be renewed for two (2) one-year periods, subject to the review and approval of the City Manager and budget appropriation.

Manner and Place: The work shall be in accordance with and in a manner as required by all current federal, state, county, fire, building and land development codes, laws, ordinances and regulations, and with applicable permits and licenses per the City Code of Ordinances.

Time and Essence: Contractor acknowledges that time is of the essence for this Contract.

Authorization for Services: This Contract standing alone does not authorize the purchase of any goods or services or require the City to place any orders for goods or service. Authorization for the purchase of goods or services from Contractor under this Contract shall be upon issuance of a written Purchase Order issued and executed by the City Manager. The City reserves the right to contract with other parties for the goods and services contemplated by this Contract, as determined in the City's sole and absolute discretion.

2. *City Obligations*. In return for the services identified above, the City agrees to compensate Contractor at the prices set forth in Exhibit "1" attached hereto, subject to a limit not to exceed the appropriated budget per fiscal year,

and City Manager approval for each Purchase Order rendered under this Contract. All payments shall be governed by the Local Government Prompt Payment Act as set forth in Sections 218.70 through 218.79, Florida Statutes, as amended.

3. *Contract Documents*. The following forms, attached as Exhibit "2," are an integral part of this Contract and must be completed, signed, witnessed and notarized as indicated and returned with the City Manager approved and signed written Purchase Order(s), for projects requiring a Payment and Performance Bond, as determined by the Department:

(a) Front Page for Bond (F.S. § 255.05)
(b) Combination Payment and Performance Bond (F.S. § 255.05)

4. *Contract Administration*. The Department Head requesting service ("Purchase Order Administrator"), shall perform contract administration of their respective purchase order(s). The Parks and Recreation Director, Susan Lovallo, shall preform contract administration for the master contract ("Contract Administrator") The City may change the contract administrator, from time to time and at any time, upon written notice to Contractor. For notice provisions, see the paragraph below entitled "Notice."

5. *Liens*. Contractor acknowledges that Contractor shall not be entitled to lien the City or other public property.

6. *Termination for Convenience of the City*

(a) The parties agree that the City may terminate this Contract, or any work or delivery required hereunder, from time to time either in whole or part, whenever the City Manager of Port Orange shall determine that such termination is in the best interest of the City.

(b) Termination, in whole or in part, shall be effected by delivery of a Notice of Termination signed by the City Manager or his designee, mailed or delivered to the Contractor, and specifically setting forth the effective date of termination.

(c) Upon receipt of such Notice, the Contractor shall:

(i) cease any further deliveries or work due under this Contract, on the date, and to the extent, which may be specified in the Notice;

(ii) place no further orders with any subcontractors except as may be necessary to perform that portion of this Contract not subject to the Notice;

(iii) terminate all subcontracts except those made with respect to contract performance not subject to the Notice;

(iv) settle all outstanding liabilities and claims which may arise out of such termination, with the ratification of the Finance Director of Port Orange; and

(v) use best efforts to mitigate any damages which may be sustained by the Contractor as a consequence of termination under this clause.

(d) After complying with the provisions of subparagraph (c), above, the Contractor shall submit a termination claim, in no event later than six (6) months after the effective date of termination, unless one or more extensions of three (3) months each are granted by the Finance Director.

(e) The Finance Director, with the approval of the City Manager, shall pay from the using department's budget, reasonable costs of termination, including a reasonable amount for profit on supplies or services delivered or

work completed. In no event shall this amount be greater than the original contract price, reduced by any payments made prior to Notice of Termination, and further reduced by the price of the supplies not delivered or the services not provided. This Contract shall be amended accordingly, and the Contractor shall be paid the agreed amount.

(f) In the event that the parties cannot agree on the whole amount to be paid to the Contractor by reason of termination under this clause, the Finance Director shall pay the Contractor the amounts determined as follows, without duplicating any amounts which may have already been paid under the preceding paragraph of this clause:

(i) With respect to all Contract performance prior to the effective date of Notice of Termination, the total of:

(1) the cost of work performed or supplies delivered;

(2) the cost of settling and paying any reasonable claims as provided in paragraph (c) (iv), above;

(3) a sum as profit on (a) determined by the Finance Director to be fair and reasonable.

(ii) The total sum to be paid under (i) above shall not exceed the contract price, as further reduced by the contract price of work or supplies not terminated.

(g) In the event that the Contractor is not satisfied with any payments which the Finance Director shall determine to be due under this clause, the Contractor may appeal any claim to the City Council in accordance with Paragraph 23 of this contract concerning disputes.

7. *Termination for Convenience for Subcontractors*. In accordance with the termination for the convenience of the City provision of this contract, the Contractor shall include similar provisions in any subcontract, and shall specifically include a requirement that subcontractors make all reasonable efforts to mitigate damages which may be suffered. Failure to include such provisions shall bar the Contractor from any recovery from the City whatsoever of loss or damage sustained by a subcontractor as a consequence of termination for convenience.

8. *Termination for Default*. Either party may terminate this Contract, without further obligation, for the default of the other party or its agents or employees with respect to any agreement or provision contained herein. In the event of default by the contractor, the City reserves the right to procure the item(s) bid from other sources and holds the bidder responsible for excess costs incurred as a result. City Council may elect to refrain from doing business with the bidder as stipulated in City Code 2-276 Suspension and Disbarment.

9. *Examination of Records*

(a) The Contractor agrees that the City, or any duly authorized representative, shall, until the expiration of five (5) years after final payment hereunder, have access to and the right to examine and copy any pertinent books, documents, papers and records of the Contractor involving transactions related to this Contract.

(b) The Contractor further agrees to include in any subcontract for more than $10,000 entered into as a result of this Contract, a provision to the effect that the subcontractor agrees that the City or any duly authorized representative shall, until the expiration of five (5) years after final payment under the subcontract, have access to and the right to examine and copy any pertinent books, documents, papers and records of such contractor involved in transactions related to such subcontract, or this Contract. The term subcontract as used herein shall exclude purchase orders for public utility services at rates established for uniform applicability to the general public.

(c) The period of access provided in subparagraphs (a) and (b) above for records, books, documents and papers which may relate to any arbitration, litigation, or the settlement of claims arising out of the performance

of this contract or any subcontract shall continue until any appeals, arbitration, litigation or claims shall have been finally disposed of.

10. *Public Records Compliance*. Contractor shall comply with public records laws as set forth in Chapter 119, Florida Statutes, and shall specifically:

(a) Keep and maintain public records required by the City to perform the service.

(b) Upon request from the City's custodian of public records, provide the City with a copy of the requested record or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Section 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion of the Contract if the Contractor does not transfer the records to the City.

(d) Upon completion of the Contract, Contractor shall transfer to the City, at no cost, all public records in possession of the Contractor and destroy any duplicate public records that are exempt from public records disclosure requirements. All records stored electronically must be provided to the City, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City.

If Contractor does not comply with a public records request, the City shall deem the non-compliance a breach of this Contract, and the Contractor may be subject to penalties under Section 119.0701, Florida Statutes.

CONTRACTOR QUESTIONS RELATING TO CONTRACTOR'S DUTIES TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT MUST BE FORWARDED TO THE OFFICE OF THE CITY CLERK, CITY HALL, 1000 CITY CENTER CIRCLE, PORT ORANGE, FLORIDA 32129; TELEPHONE: (386) 506-5563; E-MAIL: CITYCLERK@PORT-ORANGE.ORG.

11. *Termination for Non-Appropriation of Funds*

(a) If funds are not appropriated for any succeeding fiscal years subsequent to the one in which this contract is entered into, for the purpose of this Contract, then the City may terminate this Contract upon thirty (30) days prior written notice to the Contractor. Should termination be accomplished in accordance with this Section, the City shall be liable only for payments due through the date of termination.

(b) The City agrees that should it terminate in accordance with this Section, it shall not obtain services which are substantially equal to or similar to those for which this contract was entered into. This provision shall survive any termination of the Contract.

12. *Insurance*. Contractor shall maintain insurance, as required herein, during the life of this Contract. Contractor shall provide to the City, a certificate of insurance endorsing the City of Port Orange as an additional named insured. All insurance coverages of the Contractor shall be primary and non-contributory. All insurance coverages of the Contractor shall not seek contribution from any other insurance or self-insurance available to the City. For workers' compensation coverage, the Contractor's insurance certificate shall include the insurer's waiver of subrogation in lieu of endorsing the City as an additional insured for workers' compensation. The City shall not accept Workers' Compensation Exemptions Contractor may use leased employees if the Contractor ensures that all workers who access the jobsite are employees covered by the employee leasing company, and no non-employees are permitted to access the jobsite. Any Contractor using a leased employee shall complete the City's Leased Employee Affidavit Exhibit Form. Policies for Workers' Compensation may be issued by companies authorized as a group self-insurer by F.S. 440.572.

Policies other than Workers' Compensation shall be issued by insurers licensed and/or duly authorized under Florida Law to do business in the State of Florida and all insuring companies are required to have a minimum rating of "A-" in the "Best Key Rating Guide" published by A.M. Best & Company, Inc. Contractor shall not commence work under this Contract until the City has received a certificate or certificates of insurance with endorsement evidencing the required insurance. Insurer shall provide the City written notice of cancellation, nonrenewal or any other changes in coverage no later than thirty (30) days prior to the effective date of the change and shall provide notice to the City no later than 10 days after non-payment. The Certificates of Insurance and required insurance policies shall contain provisions that thirty (30) days prior written notice shall be given to the City of any cancellation, intent not to renew, or reduction in the policies or coverages.

Contractor shall require and ensure each of its subcontractors to maintain, until the completion of the subcontractor's work, insurance of the types and to the limits set forth herein. All insurance coverages shall be primary and non-contributory. All insurance coverages of the subcontractors shall not seek contribution from any other insurance or self-insurance available to the City. The Contractor is responsible for ensuring that its subcontractors maintain the required coverage. Failure of the Contractor to ensure the subcontractors maintain the required coverage, shall not relieve the Contractor of any contractual responsibility, obligation or liability.

The City reserves the right to increase insurance coverage as determined for higher risk contracts.

The acceptance by the City of any Certificate of Insurance does not constitute approval or agreement by the City that the insurance requirements have been satisfied or that the insurance policy shown on the Certificate of Insurance is in compliance with this Contract and does not waive the insurance required by this Contract.

Should at any time the Contractor or subcontractors not maintain the insurance coverages required herein, the City may terminate the Contract or at its sole discretion shall be authorized to purchase such coverages and charge the Contractor for such coverages purchased. The City shall be under no obligation to purchase such insurance, nor shall it be responsible for the coverages purchased or the insurance company or companies used. The decision of the City to purchase such insurance coverages shall in no way be construed to be a waiver of any of its rights under the Contract.

13. *A Contract for the purchase* of supplies shall be governed by the City of Port Orange Code of Ordinances, as amended, and such supplies shall be deemed "goods," as defined therein.

14. *Assignability of Contract*. Neither this contract, nor any part hereof, may be assigned by the Contractor to any other party without the express written approval of the City Council.

15. *Modifications or Changes to this Contract*

(a) Change Orders. The Department Head, with the concurrence of the City's signatory as required by the City's Purchasing Policy, shall without notice to any sureties, have the authority to order changes in this Contract which affect the cost or time of performance. Such changes shall be ordered in writing specifically designated to be a change order. Such orders shall be limited to reasonable changes in the services to be performed or the time of the performance. The City will not be held liable for any changes which have not been properly authorized and approved in accordance with this Contract.

(b) If any change under this clause causes an increase or decrease in Contractor's cost of, or time required for the performance of the work hereunder, Contractor shall receive an equitable adjustment in accordance with subparagraph (d), which shall include all compensation to the Contractor, or the City, of any kind in connection with such change, including all costs and damages related to or incidental to such change.

(c) Contractor need not perform any work described in any change order unless it has received a certification from the City that there are funds budgeted and appropriated sufficient to cover the cost of such changes.

(d) No claim for changes ordered hereunder shall be considered if made after final payment in accordance with the Contract.

16. *Sovereign Immunity*. The City expressly retains all rights, benefits and immunities of sovereign immunity in accordance with Section 768.28, Florida Statutes. Notwithstanding anything set forth in any section of this Contract to the contrary, nothing in this Contract shall be deemed as a waiver of immunity or limits of liability of the City beyond any statutory limited waiver of immunity or limits of liability which may have been adopted by the Florida Legislature or may be adopted by the Florida Legislature and the cap on the amount and liability of the City for damages regardless of the number or nature of claims in tort or equity shall not exceed the dollar amount set by the legislature for tort. Nothing in this Contract shall inure to the benefit of any third party for the purpose of allowing any claim against the City which would otherwise be barred under the Doctrine of Sovereign Immunity or operation of law.

17. *Warranties*. Contractor warrants that (1) the supplies to be provided to the City pursuant to this Contract are fit and sufficient for the purpose intended; (2) the supplies are merchantable, of good quality, and free from defects, whether patent or latent, in material or workmanship, and (3) the supplies sold to the City pursuant to this Contract conform to the standards required by this Contract.

Contractor further warrants that Contractor has title to the supplies provided, and that the supplies are free and clear of all liens encumbrances, and security interests. All warranties made in this Contract, together with service warranties and guarantees, shall run to the City and its successors and assigns.

18. *Additional Warranties*. Contractor further expressly warrants that materials and workmanship are warranted from defect for a one-year period. This is a minimum acceptable warranty.

19. *Additional Bond Security*. If any surety bond furnished in connection with this Contract becomes unacceptable to the City, Contractor shall promptly furnish such additional security as may be required from time to time to protect the interests of the City and a person supplying labor and materials in the prosecution of work contemplated by this Contract. Contractor expressly acknowledges that if the work to be performed hereunder is a public work, a Payment and Performance Bond, in accordance with Florida Statutes Section 255.05, in a form acceptable to the City, shall be provided and recorded with the Clerk of Volusia County at Contractors expense.

20. *Inspection*

(a) All supplies (which term throughout this clause includes without limitation raw materials, components, intermediate assemblies, and their products) shall be subject to inspection and test by the City, to the extent practicable at all times and places including the place of manufacturer, and in any event prior to acceptance.

(b) In the event any supplies or lots of supplies are defective in material or workmanship, or otherwise not in conformity with the requirements of this Contract, the City shall have the right either to reject them (with or without instructions as to their disposition) or to require their correction. Supplies or lots of supplies which have been rejected or required to be corrected shall be removed or, if permitted or required by the Finance Director, corrected in place by and at the expense of Contractor promptly after notice, and shall not thereafter be tendered for acceptance unless the former rejection or requirement of correction is disclosed. If Contractor fails promptly to remove such supplies or lots of supplies which are required to be removed or promptly to replace or correct such supplies or lots of supplies, the City may either (i) by contract or otherwise replace or correct such supplies and charge Contractor the cost for such replacement or correction; or (ii) may terminate this Contract for default as provided in the clause of this Contract entitled "Termination for Default." Unless Contractor corrects or replaces such supplies within the

delivery schedule, the Finance Director may require the delivery of such supplies at a reduction in price, which is equitable under the circumstances. Acceptance or rejection of the supplies shall be made as promptly as practicable after delivery, except as otherwise provided in this Contract. Failure to inspect and accept or reject supplies shall neither relieve Contractor from responsibility for such supplies as are not in accordance with the Contract requirements nor impose liability on the City therefor.

(c) The inspection and test by the City of any supplies or lots thereof does not relieve Contractor from any responsibility regarding defects or other failures to meet the Contract requirements, which may be discovered prior to acceptance. Except as otherwise provided in this Contract, acceptance shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud.

21. *Liability for Loss or Damage*.

(a) Contractor shall be liable for any loss of, or damage to, City property caused by the negligence, recklessness, or intended wrongful misconduct of Contractor, his/its agents, servants and employees and shall indemnify and save the City harmless against all actions, proceedings, claims, demands, costs, damages and expenses, including attorney's fees, by reason of any suit or action brought for any actual or alleged injury to or death of any person or damage to property other than City property, resulting from the performance of the Contract by Contractor, his/its agents, servants and employees. Contractor shall submit a full written report to the Finance Director within twenty-four (24) hours following the occurrence of such damage, loss or injury.

(b) To the fullest extent permitted by law, in addition to the express duty to indemnify City when there is any causal connection between Contractor's work and any injury, loss, damage, death or property damage, Contractor expressly undertakes a duty to defend City as a separate duty, independent of and broader than the duty to indemnify. The duty to defend agreed to by Contractor hereby expressly include all costs of litigation, attorney's fees, settlement costs and reasonable expenses in connection with the litigation, whether or not the claims made for loss, injury, damage or property damage are valid or groundless and regardless of whether the defense of City is maintained by the City or assumed by Contractor as long as the claims made could be causally connected to Contractor as reasonable determined by City.

22. *Non-discrimination*. During the performance of this Contract, Contractor agrees as follows:

(a) Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, disability, marital status, age or national origin, except where such is a bona-fide occupational qualification reasonably necessary to the normal operation of Contractor. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause. Contractor agrees and fully supports and complies with the Americans with Disabilities Act of 1990.

(b) Contractor shall state in all solicitations or advertisements for employees placed by or on behalf of Contractor that Contractor is an equal opportunity employer.

(c) Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient compliance with this provision. Contractor shall include the provisions of the foregoing subparagraphs (a), (b), and (c) in every subcontract or purchase order of over $10,000 so that the provisions will be binding upon each subcontractor or vendor.

23. *Disputes*. The City Manager, who shall reduce his decision to writing and mail or otherwise furnish a copy thereof to Contractor, shall decide disputes with respect to this Agreement. The decision by the City Manager shall be final and binding unless, within five (5) business days from the date of delivery of the decision of the City Manager,

appeal is made to the City Council in writing and delivered to the City Clerk, Robin L. Fenwick, MMC. The decision of the City Council shall be final and binding unless set aside by a court of competent jurisdiction as fraudulent, capricious, arbitrary, or so grossly erroneous as necessary to imply bad faith, or not to be supported by any evidence.

24. *Force Majeure*. Neither party shall be liable for any delay in performance or failure to perform any obligation hereunder if, and to the extent that, such failure or delay is caused by an event of Force Majeure. Force Majeure shall mean any act, event or condition that is beyond the party's reasonable control, that materially and adversely affects the party's ability to perform its obligations hereunder, and that is not the result of the party's willful neglect, error, omission or failure to exercise reasonable due diligence.

25. *Controlling Law*. **THIS AGREEMENT CONTAINS IMPORTANT MATTERS AFFECTING LEGAL RIGHTS AND IS ACCEPTED AND ENTERED INTO IN FLORIDA AND ANY QUESTION REGARDING ITS VALIDITY, CONSTRUCTION, ENFORCEMENT, OR PERFORMANCE SHALL BE GOVERNED BY FLORIDA LAW. ANY LEGAL PROCEEDING ARISING FROM OR IN ANY WAY REGARDING THE AGREEMENT SHALL HAVE ITS VENUE LOCATED EXCLUSIVELY IN THE CIRCUIT COURT OF VOLUSIA COUNTY, FLORIDA, AND THE PARTIES HEREBY EXPRESSLY CONSENT AND SUBMIT THEMSELVES TO THE PERSONAL JURISDICTION AND VENUE OF THE COURT.**

26. *Additional Provisions*. This Contract includes all additional provisions as may have been outlined in written quotes and purchase orders and any attachments or exhibits to this Contract whether delivered herewith or subsequently approved as a part hereof, such as drawings or technical specifications prepared in the performance of this work. In the event of a conflict between any attachments or exhibits to this Contract, and this Contract, the language of this Contract shall control.

27. *Integration*. This Contract and the documents incorporated herein by reference shall constitute the whole agreement between the parties. There are no promises, terms, conditions, or obligations other than those contained herein, and this Contract shall supersede all previous communications, representations, or agreements, written or verbal, between the parties hereto.

28. *Notice*. For purposes of this agreement, notices shall be sent as follows:

Any notice or other communication given under the Contract will be in writing and delivered by hand, sent by facsimile (provided acknowledgement of receipt thereof is delivered to the sender), sent by certified, registered mail, or sent by any nationally recognized overnight courier service to the addresses provided herein. The parties may, from time to time and at any time, change their respective addresses and each will have the right to specify as its address any other address by at least 10 days written notice to the other party.

29. *Contract Construction*

This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original but all of which together shall constitute one and the same instrument. The delivery by facsimile or e-mail of an executed copy of this Agreement shall be deemed valid as if an original signature was delivered. No contract shall be formed between Contractor and the City until the City signs this Agreement.

30. *Authority to Sign*. Each person signing this Agreement warrants that he or she is duly authorized to do so and to bind the respective party to the Agreement.

39	12 ft. width - Galvanized	Each	4	**$0.00**	$0.00
40	12 ft. width - Colored Vinyl	Each	4	**$0.00**	$0.00
Scope of work: Furnish & Install Cantilever Sliding Gate, 4ft.high, complete, with all mounting hardware, rollers, guide rails, latching hardware and fabric included. (Notes 1-5). Gate Post not included. Configured as Single or Double Gate Swing.					
41	Gate opening width of 10 ft. single gate - Galvanized	Each	5	**$0.00**	$0.00
42	Gate opening width of 10 ft. single gate - Colored Vinyl	Each	5	**$0.00**	$0.00
43	Gate opening width of 12 ft. single gate - Galvanized	Each	8	**$0.00**	$0.00
44	Gate opening width of 12 ft. single gate - Colored Vinyl	Each	5	**$0.00**	$0.00
Scope of work: Furnish & Install Cantilever Sliding Gate, 6 ft. high, complete, with all mounting hardware, rollers, guide rails, latching hardware and fabric included. (Notes 1-5). Configured as Single or Double Gate.					
45	Gate opening width of 10 ft. single gate - Galvanized	Each	10	**$0.00**	$0.00
46	Gate opening width of 10 ft. single gate - Colored Vinyl	Each	4	**$0.00**	$0.00
47	Gate opening width of 12 ft. single gate - Galvanized	Each	4	**$0.00**	$0.00
48	Gate opening width of 12 ft. single gate - Colored Vinyl	Each	4	**$0.00**	$0.00
49	Gate opening width of 12 ft. double gate(2)- Galvanized	Each	4	**$0.00**	$0.00
50	Gate opening width of 12 ft. double gate(2)- Colored Vinyl	Each	4	**$0.00**	$0.00
Scope of work: Furnish & Install 4 ft. high fencing, Terminal/Gate Post, including concrete footing, one (1) stretcher bar per post, with all required hardware to complete fencing connections. (Notes 1-5).					
51	Galvanized, 3" round terminal/gate post	Each	10	**$0.00**	$0.00
52	Colored, 3" round terminal/gate post	Each	10	**$0.00**	$0.00
53	Galvanized, 4" round terminal/gate post	Each	10	**$0.00**	$0.00
54	Colored, 4" round terminal/gate post	Each	20	**$0.00**	$0.00
55	Galvanized, 6-5/8" round terminal/gate post	Each	10	**$0.00**	$0.00
56	Colored, 6-5/8" round terminal/gate post	Each	10	**$0.00**	$0.00
57	Galvanized, 8-5/8" round terminal/gate post	Each	10	**$0.00**	$0.00

Item #	Description	Unit of Measure	Estimated Quantities	Unit Price	Extended Price
58	Colored, 8-5/8" round terminal/gate post	Each	10	**$0.00**	$0.00
Scope of work: Furnish & Install 6 ft. high fencing, Terminal/Gate Post, including concrete footing, one (1) stretcher bar per post, with all required hardware to complete fencing connections. (Notes 1-5).					
59	Galvanized, 3" round terminal/gate post	Each	5	**$0.00**	$0.00
60	Colored, 3" round terminal/gate post	Each	5	**$0.00**	$0.00
61	Galvanized, 4" round terminal/gate post	Each	5	**$0.00**	$0.00
62	Colored, 4" round terminal/gate post	Each	5	**$0.00**	$0.00
63	Galvanized, 6-5/8" round terminal/gate post	Each	5	**$0.00**	$0.00
64	Colored, 6-5/8" round terminal/gate post	Each	5	**$0.00**	$0.00
65	Galvanized, 8-5/8" round terminal/gate post	Each	5	**$0.00**	$0.00
66	Colored, 8-5/8" round terminal/gate post	Each	5	**$0.00**	$0.00
Scope of work: Furnish & Install Top Rail with all required hardware to complete fencing connection. (Notes 1-5).					
67	Galvanized Top Rail	Lineal Foot	60	**$0.00**	$0.00
68	Colored Top Rail	Lineal Foot	60	**$0.00**	$0.00
Scope of work: Furnish & Install Fabric with all required hardware to complete fencing connection. (Notes 1-5).					
69	4 ft. high, Galvanized fabric	Lineal Foot	10	**$0.00**	$0.00
70	4 ft. high, Colored fabric	Lineal Foot	10	**$0.00**	$0.00
71	6 ft. high, Galvanized fabric	Lineal Foot	10	**$0.00**	$0.00
72	6 ft. high, Colored fabric	Lineal Foot	10	**$0.00**	$0.00
Scope of work: Furnish & Install Stretcher Bar with all required hardware to complete fencing connection. (Notes 1-5).					
73	4 ft. high, Galvanized stretcher bar	Each	4	**$0.00**	$0.00
74	4 ft. high, Colored stretcher bar	Each	4	**$0.00**	$0.00
75	6 ft. high, Galvanized stretcher bar	Each	4	**$0.00**	$0.00
76	6 ft. high, Colored stretcher bar	Each	4	**$0.00**	$0.00
Additional services and labor may be purchased under this contract at an hourly rate for projects related to the installation, removal, and/or repair of any kind of fencing materials.					
77	Standard hourly labor rate for Foreman for additional fencing work as specified (Monday through Friday).	per hour	300	**$0.00**	$0.00
78	Standard hourly labor rate for Laborer for additional fencing work as specified (Monday through Friday).	per hour	300	**$0.00**	$0.00
79	Standard hourly labor rate for Foreman for additional fencing work as specified (Nights, weekends and holidays).	per hour	50	**$0.00**	$0.00
80	Standard hourly labor rate for Laborer for additional fencing work as specified (Nights, weekends and holidays).	per hour	50	**$0.00**	$0.00
				TOTAL	**$0.00**

REVISED

"ATTACHMENT 1" ITB SCHEDULE OF UNIT PRICING

BID FORM

CITY OF PORT ORANGE

ITB 21-21
FENCING SERVICES

Completed "Attachment 1" Schedule of Unit Pricing Bid form MUST be included with Bid Submission

Instruction to save Attachment from DemandStar website:

Perform "File Save As" and save spreadsheet to your computer. Fill in pricing in highlighted cells electronically.

Bidders are required to complete all fields shaded in green. All other fields will be automatically calculated.

Bidders are required to provide "Attachment 1" in Excel format in electronic format, preferably thumb drive.

NAME OF BUSINESS:	
CONTACT PERSON:	
EMAIL ADDRESS:	
AUTHORIZED SIGNATURE:	

General notes: Contractor shall be responsible to secure all permits required to install & complete project. Applicable permit fees shall be charged and included. Projects shall be completed as per plans and/or scope of work from the City. Required Inspections, (As Built) Plans, correction notices and completion certificates shall be the responsibility of the contractor. All material and equipment shall meet or exceed design specifications as outlined in Invitation to Bid #21-21 and per project Scope of Work per City instructions.

NOTES

(1) Line Item Bid Price shall include furnishing of all labor & material to install total fencing project completed, as per Jurisdictional code and shall be gross value, inclusive of all associated costs such as vehicle, fuel, powered post hole diggers/augers, normal hand tools, etc.

(2) All Fence installations shall comply with and conform to all applicable Building Codes, Jurisdictional authorities, Local and State Jurisdictional Codes, and ASTM F 567 Standard Practices for Installation of Chain Link Fence.

(3) All Chain Link Fabric to be minimum 9 ga. Without vinyl (.144 dia) & 2" mesh.

(4) All Fence Installations shall be Colored Vinyl unless specifically specified to be Galvanized. See Bid Specifications

(5) Fence installations shall include all posts, post caps, components and hardware to be same color as fence fabric.

Item #	Description	Unit of Measure	Estimated Quantities	Unit Price	Extended Price
Scope of work: Furnish & Install Chain Link Fencing - includes fabric, line post, post caps, concrete footings, tension wires and fittings. (Notes 1-5). Terminal Post, strectcher bar, Top Rail and hardware not included.					
1	4 ft. high, Galvanized fencing	Lineal Foot	250	**$0.00**	$0.00
2	4 ft. high, Colored Vinyl fencing	Lineal Foot	100	**$0.00**	$0.00
3	6 ft. high, Galvanized fencing	Lineal Foot	2700	**$0.00**	$0.00
4	6 ft. high Colored Vinyl fencing	Lineal Foot	500	**$0.00**	$0.00
Scope of work: Furnish & Install Black Aluminum Ornamental Fencing - includes line post, post caps, concrete footings. (Notes 1-5). Hardware not included.					
5	4' High - Black Aluminum Ornamental Fence	Lineal Foot	100	**$0.00**	$0.00

				TOTAL	**$0.00**

THE CITY OF NEW SMYRNA BEACH - CAPITAL IMPROVEMENTS PROJECT

RESOLUTION NO. 07-25: CONSIDER THE ADOPTION OF A RESOLUTION, WHICH IF ADOPTED, WOULD APPROVE APPLYING FOR A F.I.N.D (FLORIDA INLAND NAVIGATION DISTRICT) GRANT FOR THE CONSTRUCTION OF A "NO WAKE ZONE" NEAR YACHT CLUB ISLAND IN THE INTRACOASTAL WATERWAY (ICW).

April 8, 2025

Background:

On February 25th, 2025, the City Commission approved Ordinance No. 07-25, which established a boating-restricted area within 500 feet of a sewage pump-out station near Yacht Club Island. The Florida Inland Navigation District (F.I.ND.) issues yearly grants for the Waterways Assistance Program, which aims to improve navigational safety within the F.I.N.D Counties. This application would be to pursue funding for the construction of a "No Wake Zone" in the area approved by the previously approved ordinance. The City will enter into agreement with Yacht Club to provide match, prior to acceptance of grant award.

Fiscal Analysis:

City Staff are requesting to apply for $40,000 to cover the construction of the No Wake Zone. This would be funded in part by a 50/50 match with the F.I.N.D Grant.
$20,000 covered by F.I.N.D if the application is approved and awarded.
The Yacht Club will provide the required matching funds.

Strategic Plan Item:

No

Staff Report Created By: Olivia Thomas - CIP & Grants Coordinator

Florida Inland Navigation District

FY 2025-2026

WATERWAYS ASSISTANCE PROGRAM
APPLICATION PACKAGE
Part 2. Attachment E

SUBMIT THE APPLICATION INFORMATION IN THE ORDER LISTED ON THE CHECKLIST.
(See Attachment E-1)

Applications must be received by the District by 4:30 p.m. on March 28, 2025.

Application Submission:

Electronic copies: two separate PDF files per instructions):

PDF #1: Items 1-8 and PDF #2: Items 9-11

Electronic submission via email to:

CKelley@aicw.org

(pdf file size 15MB or less)

Application must be received by the deadline, no exceptions.

Attachment E - Applicant Tips Sheet

(Mistakes Common to the application process and how to avoid them)

SCHEDULING

The new application is available by January each year, and District funding is available AFTER October 1st of each year. Applicants should plan their schedule to avoid commonly missed deadlines: Application due – 28th of March; Property control/Technical sufficiency items – 14th of May, Permits – 16th of September. (Staff suggestion: Begin to secure property control and permits PRIOR to applying for funding.)

PROPERTY CONTROL VERIFICATION

Please have your attorney complete and sign the form in the application verifying applicant property control. In the case of leases or management agreements, please forward a copy to the District well in advance of the deadline to verify consistency with our program rules. (Staff suggestion: Resolve this requirement outside the application "window".)

PROJECT COSTS ELIGIBILITY

Please note the eligible project costs in Rule Section 66B-2.008, F.A.C. If you are not sure about an item's eligibility, ask! Note: Any ineligible cost, including in-house project management and administration, is also not eligible for an applicant's match. Make sure you have delineated your required minimum cost-share on the project cost estimate. (Staff suggestion: If you have questions about the eligibility of an item, work up a mock cost-sheet and send it to our office well before the deadline.)

COST-SHARE

Although the applicant must provide a minimum of 50% of the total project costs (25% for eligible public navigation dredging), there is no specific requirement to split each item. (Staff suggestion: You may want to organize project elements in a certain manner for easier accounting.)

PRE-AGREEMENT EXPENSES

Rule 66B-2.005(3), F.A.C. requires any activity in the submitted project cost estimate occurring PRIOR to October 1st to be considered as pre-agreement expenses. The Board's past philosophy has been to fund only those projects that require District funding assistance to be completed. It is best to avoid pre-agreement expenses if possible. Note: Pre-agreement expenses must be limited to 50% or less of the total project costs, and they are eligible for only ½ of the original District funding. (Example: A project with a total cost of $200,000 is Board-approved for one-half construction PRIOR to October 1st. In this case, District funding will be limited as follows: Only 50% of the $100,000 project cost prior to October 1st is eligible as project expenses (i.e. $50,000). Then only ½ of the eligible project expenses ($50,000) are eligible for District funding assistance (i.e. $25,000).

SUBMITTED MATERIALS & JUNE PRESENTATION

The Board must review and evaluate every application and each year we receive about 90 applications for consideration. The final product for the Board's review is two 8-1/2" x 11" spiral-bound notebooks containing the essential information for the application. NOTE: Make sure your final submitted material is the same material you will be presenting to the Board at our June meeting. This will avoid confusion and strengthen your presentation. (Staff suggestion: Limit the submitted materials to the requested information, in the required format and make sure it is consistent with your June presentation. Do not submit additional material at the June presentation!)

ELECTRONIC SUBMISSIONS

Grant applications are ONLY being accepted by email. Grant applications shall be submitted via email as two (2) pdf attachments (15mb max size and see attachment instructions on the next page). Make sure to label your pdf attachments with the applicant and project title. You will receive a confirmation email letting you know that your application has been received. Email your completed application to CKelley@aicw.org

Applications must be received by the District by 4:30 p.m. on March 28, 2025.

Project Summary: Maximum 200 Words

This project aims to construct a No Wake Zone (NWZ) along a 1,000-foot stretch near the New Smyrna Beach Yacht Club, covering 500 feet north and south of the existing pump station and utilizing wooden pilings and marine grade signage. With heavy boat traffic in the area, excessive wake has become a serious issue, causing safety concerns for boaters and marina users. Slowing vessel speeds in this zone will help reduce the risk of accidents and create a safer, more controlled environment for everyone on the water.

Beyond safety, the NWZ will help protect nearby docks, seawalls, and other infrastructure from ongoing damage caused by strong wakes. Over time, continuous wave action has led to shoreline erosion and infrastructure wear, resulting in costly repairs. Implementing a No Wake Zone is a proactive solution to prevent further deterioration.

The project will also benefit the local ecosystem by reducing disturbance to shoreline habitat. By keeping wake levels low, the area remains a healthier habitat for wildlife. This initiative aligns with FIND’s mission of improving waterway safety and protecting Florida’s coastal environment. With proper signage, enforcement, and community support, this project will make a lasting positive impact on the region.

1. Priority Category:

a) Choose one priority category of this project from the application instructions based upon the predominant cost of the project elements.
Item 9. Waterway signs & buoys for safety, regulation, or information

b) Explain how the project fits this priority category.

This project proposes to install No Wake Zone signs and buoys near New Smyrna Beach Yacht Club to improve boating safety, protect infrastructure, reduce erosion, and safeguard marine and shoreline habitats, aligning with FIND's waterway management priorities.

c) Explain how the project relates to the District's Waterways and the mission of the Florida Inland Navigation District.

This project proposed to install No Wake Zone signs and buoys near New Smyrna Beach Yacht Club to enhance navigation safety, protect infrastructure, and preserve marine and shoreline habitats. It aligns with FIND's mission by reducing wake-related hazards, preventing erosion, and promoting responsible waterway use within the Intracoastal Waterway, ensuring long-term safe navigation, accessibility, and environmental sustainability.

2. Ownership of Project Site:

Own [ ] Leased [ ] Other [X]

If leased or other, please describe lease or terms and conditions:

The City has a submerged lands lease and the ICW is federally owned and maintained by the US Army Corp of Engineers. The local managing office would be the USACE Jacksonville District Office.

3. Has the District previously provided assistance funding to this project or site?

Yes [ ] No [X]

4. If yes, please list the project name, number and funding amount received:

N/A

5. What is the current level of public access in terms of the number of boat ramps, boat slips and trailer parking spaces, linear feet of boardwalk (etc.) if applicable?

N/A

6. How many additional ramps, slips, parking spaces or other access features will be added by this project, and what is the approximate number of registered vessels estimated to use the constructed project?

N/A

7. Public Usage & Benefits:

a) What public access or navigational benefit to the District's waterways will result from this project? How will this project enhance public access to the District's waterways, and what specific navigational benefits will it provide to the community?

This project will promote safe public access and navigation in the Intracoastal Waterway near the New Smyrna Beach Yacht Club by establishing a No Wake Zone. By reducing vessel speeds, the project will create a safer environment for recreational boaters and marina users, minimizing the risk of collisions and wake-related hazards. The navigational benefits include improved waterway management by ensuring controlled speeds in a congested area, reducing conflicts between vessels, and supporting smoother, more predictable boating conditions.

b) What is the current demand for public access or navigation facilities in the area, and how does this project address unmet needs or improve upon existing facilities?

The New Smyrna Beach Yacht Club area experiences high boating traffic, creating a strong demand for safer navigation and shoreline protection. With a mix of recreational boaters, kayakers, and marina users, excessive wake has led to safety concerns, property damage, and shoreline erosion. This project addresses these issues by establishing a No Wake Zone, reducing wake-related hazards, improving boater safety, and protecting infrastructure. By slowing vessel speeds, the project enhances safer waterway usability and public access.

c) How does the project fit within regional or local maritime management plans, public access initiatives, or comprehensive plans, and how does it contribute to broader public usage goals?

This project aligns with City's local maritime management plans by improving boating safety, shoreline protection, and waterway accessibility near the New Smyrna Beach Yacht Club. Establishing a No Wake Zone supports public access initiatives by ensuring safer conditions for recreational boaters, kayakers, and marina users while protecting infrastructure from wake damage. It contributes to broader public usage goals by enhancing navigational efficiency, reducing environmental impacts on sensitive habitats, and promoting responsible waterway use.

d) Has the local Sponsor implemented or plans to implement any boating access, speed zone, commercial access or other restrictive use in the area of this site?

The local sponsor has not previously implemented any speed zones or restrictive use measures in this area but recognizes the growing need for enhanced boating safety due to increased vessel traffic and wake-related impacts. This project proposes to install No Wake Zone signage as a proactive step toward improving navigation safety and shoreline protection.

8. Fees & Maintenance:

Are there any fees associated with the use of this facility? Yes [ ] No [X]

If answered Yes:

a) List or provide a fee schedule.

Not Applicable

b) Provide a listing of the fees charged by similar facilities, public and private, in the project area.

Not Applicable

c) Pursuant to Rule 66B-2.004(11), if there are any fees, please explain how these fees are tracked and what they are used for.

Not Applicable

d) Clearly demonstrate how the project will continue to be maintained and funded after initial funding is completed.

The project will continue to be maintained by City staff and funded with City's General Funds after initial funding is completed.

9. Please list all Environmental Resource Permits required for this project:

Agency	Y/N	Date Applied	Date Received
Water Management District			
Dept of Environmental Protection	Y	April 2025	TBD
USACE	Y	April 2025	TBD

10. a) Construction

This question is to be answered **only** if this application is for a **Construction** project.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

PERMITTING:

- Have all required environmental permits been applied for? (USACE, DEP and WMD) If permits are NOT required, explain why not.
- Detail any significant impediments that may have been identified that would potentially delay the timely issuance of the required permits.
- For Phase I design, permitting, and engineering projects, please provide a general cost estimate for the future Phase II construction work.

CONSTRUCTION TECHNIQUES:

- What is the design life of the project and proposed materials?
- What considerations, if any, have been made for storm surge and hurricane impacts in the design and life span of this project?

Construction Project: Maximum 200 Words (Address all bullet points above)

*Please see answers to questions in red below:

PERMITTING:

- Have all required environmental permits been applied for? (USACE, DEP and WMD) If permits are NOT required, explain why not. This project is currently being permitted.
- Detail any significant impediments that may have been identified that would potentially delay the timely issuance of the required permits. No known impediments identified that would potentially delay issuance of the required permits, except US Coast Guard responsiveness.
- For Phase I design, permitting, and engineering projects, please provide a general cost estimate for the future Phase II construction work. $40,000.00.

CONSTRUCTION TECHNIQUES:

- What is the design life of the project and proposed materials? 30 years.
- What considerations, if any, have been made for storm surge and hurricane impacts in the design and life span of this project? Piles will be embedded to a depth that considers storm surge and hurricane impacts.

10. b) Environmental Education

This question is to be answered **only** if this application is for an Environmental Education project.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

DILIGENCE:

- Who is the primary target audience or user group for the project and how were they identified?
- How have the needs of the target audience been evaluated and met?
- How many people will the program serve on an annual basis? What will be the measurable results?
- Describe the materials and project deliverables to be produced by this project.
- Describe the plan for dissemination of the materials produced through the project,

EXPERIENCE & QUALIFICATIONS:

- Please briefly describe the qualifications of the program administrator(s), including prior experience, and areas of expertise.
- What previous projects of this nature have been completed by the program manager?

PROJECT GOALS:

- What are the long-term goals of this project as it relates to the ICW?
- What is the expected duration/frequency of this program?

Environmental Education Project: Maximum 400 Words (Address all bullet points above)

This application is not an Environmental Education project.

10. c) Law Enforcement

This question is to be answered **only** if this application is for a Law Enforcement project.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

WATERWAY RELATIONSHIP:

- Describe how the project will enhance boating access, safety, or enforcement efforts on the waterway, and address the identified needs or benefits for public safety.

EXPERIENCE & QUALIFICATIONS:

- List the personnel tasked with the implementation of this project, their qualifications, previous training and experience.

DELIVERABLES:

- Describe the project deliverables and why this particular law enforcement vessel, equipment or facility improvements was selected or are necessary.

AREA OF COVERAGE

- What is the range or area of coverage for this project?

Law Enforcement Project: Maximum 200 Words (Address all bullet points above)

This application is not a Law Enforcement project.

10. d) Inlet or Public Navigation

This question is to be answered **only** if this application is for an Inlet or Public Navigation dredging project.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

WATERWAY RELATIONSHIP:

- Will the project inhibit sediment inflow into, or reduce the dredging frequency of the Intracoastal Waterway channel?
- How does the project directly benefit the Intracoastal Waterway channel?
- Identify any long-term sedimentation problems and briefly discuss any methods or activities that will address these issues.

PUBLIC ACCESS

- Describe in brief detail how the project will enhance public access to or from the Intracoastal Waterway? List the upstream publicly accessible facilities with improved access because of this project.

BENEFICIAL PROJECT ELEMENTS:

- Describe any economic benefits to be realized by implementing this project.

PROJECT MAINTENANCE:

- When was this area last dredged? What is the expected frequency of future dredging? Where will the dredged material be relocated to?

Inlet or Public Navigation Project: Maximum 200 Words (Address all bullet points above)

This application is not an Inlet or Public Navigation dredging project.

10. e) Beach Renourishment

This question is to be answered **only** if this application is for a Beach Renourishment project.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

WATERWAY RELATIONSHIP:

- Describe how the District and other navigation interests will benefit from the implementation of this project.

VIABILITY:

- Is the project site defined as critically eroded area by a statewide beach management plan?
- Cite the quantifiable rate of erosion in this area.
- Is the project an important component of an overall beach management effort?

PUBLIC BENEFITS:

- Are there quantifiable public benefits demonstrated by the project?
- Is there adequate public access to the project area? Please describe location and amount.

PROJECT FUNDING:

- Describe any assistance funding from other sources.
- Clarify the availability of long-term funding for this project.

Beach Renourishment Project: Maximum 200 Words (Address all bullet points above)

This application is not for a Beach Renourishment project.

11. Disaster Relief

This question is to be answered **only** if this application is for repairs/construction of waterways facilities damaged by a declared natural disaster.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

STORM DAMAGE EVALUATION:

- List the State of Emergency declaration order or proclamation & the name and date of the storm/event. [Pursuant to State of emergency declared under Chapter 252, F.S.]
- Describe the extent of the damage that was caused due to the storm/event and any Construction/Resiliency Improvements planned for the project.
- What is the current status of your FEMA paperwork for the project?

PROJECT FUNDING:

- Describe the other funding mechanisms and financial assistance that will be applied to defray the reconstruction costs or damage repair

Disaster Relief Project: Maximum 200 Words (Address all bullet points above)

This application is not for repairs/construction of waterways facilities damaged by a declared natural disaster.

RESOLUTION FOR ASSISTANCE 2025
UNDER THE FLORIDA INLAND NAVIGATION DISTRICT
WATERWAYS ASSISTANCE PROGRAM

WHEREAS, THE City of New Smyrna Beach is interested in carrying out the
(Name of Agency)
following described project for the enjoyment of the citizenry of New Smyrna Beach and the State of Florida:

Project Title No Wake Zone Construction

Total Estimated Cost $ 40,000 Brief Description of Project: This project aims to establish a No Wake Zone (NWZ) along a 1,000-foot stretch near the New Smyrna Beach Yacht Club, covering 500 feet north and south of the existing pump station. With heavy boat traffic in the area, excessive wake has become a serious issue, causing safety concerns for boaters and marina users. Slowing vessel speeds in this zone will help reduce the risk of accidents and create a safer, more controlled environment for everyone on the water.

Beyond safety, the NWZ will help protect nearby docks, seawalls, and other infrastructure from ongoing damage caused by strong wakes. Over time, continuous wave action has led to shoreline erosion and infrastructure wear, resulting in costly repairs. Implementing a No Wake Zone is a proactive solution to prevent further deterioration.

The project will also benefit the local ecosystem by reducing disturbance to shoreline habitat. By keeping wake levels low, the area remains a healthier habitat for wildlife. This initiative aligns with FIND's mission of improving waterway safety and protecting Florida's coastal environment. With proper signage, enforcement, and community support, this project will make a lasting positive impact on the region.

AND, Florida Inland Navigation District financial assistance is required for the program mentioned above,

NOW THEREFORE, be it resolved by the City of New Smyrna Beach
(Name of Agency)
that the project described above be authorized,

AND, be it further resolved that said City of New Smyrna Beach
(Name of Agency)

make application to the Florida Inland Navigation District in the amount of 50% of the actual cost of the project in behalf of said City of New Smyrna Beach
(Name of Agency)

AND, be it further resolved by the City of New Smyrna Beach
(Name of Agency)
that it certifies to the following:

1. That it will accept the terms and conditions set forth in FIND Rule 66B-2 F.A.C. and which will be a part of the Project Agreement for any assistance awarded under the attached proposal.

2. That it is in complete accord with the attached proposal and that it will carry out the Program in the manner described in the proposal and any plans and specifications attached thereto unless prior approval for any change has been received from the District.

(1)

3. That it has the ability and intention to finance its share of the cost of the project and that the project will be operated and maintained at the expense of said City of New Smyrna Beach for public use.
(Name of Agency)

4. That it will not discriminate against any person on the basis of race, color or national origin in the use of any property or facility acquired or developed pursuant to this proposal, and shall comply with the terms and intent of the Title VI of the Civil Rights Act of 1964, P. L. 88-352 (1964) and design and construct all facilities to comply fully with statutes relating to accessibility by persons with disabilities as well as other federal, state and local laws, rules and requirements.

5. That it will maintain adequate financial records on the proposed project to substantiate claims for reimbursement.

6. That it will make available to FIND if requested, a post-audit of expenses incurred on the project prior to, or in conjunction with, request for the final 10% of the funding agreed to by FIND.

This is to certify that the foregoing is a true and correct copy of a resolution duly and legally adopted by the _____ at a legal meeting

RESOLUTION NO. 07-25

A RESOLUTION OF THE CITY OF NEW SMYRNA BEACH AUTHORIZING THE CITY MANAGER TO EXECUTE A FIND GRANT APPLICATION FOR CONSTRUCTION OF A NO WAKE ZONE (NWZ) ALONG A 1,000-FOOT STRETCH OF WATER NEAR THE NEW SMYRNA BEACH YACHT CLUB, COVERING 500 FEET NORTH AND SOUTH OF THE EXISTING PUMP STATION USING WOODEN PILINGS AND MARINE GRADE SIGNAGE; PROVIDING FOR CERTIFICATIONS TO FLORIDA INLAND NAVIGATION DISTRICT; PROVIDING FOR CONFLICTING RESOLUTIONS; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City of New Smyrna Beach is interested in carrying out the following described project for the enjoyment of the citizenry of New Smyrna Beach and the State of Florida:

Project Title: No Wake Zone Construction
Total Estimated Cost: $40,000
Brief Description of Project: For construction of a No Wake Zone (NWZ) along a 1,000-foot stretch of water near the New Smyrna Beach Yacht Club, covering 500 feet north and south of the existing pump station using wooden pilings and marine grade signage.

WHEREAS, Florida Inland Navigation District financial assistance is required for the program mentioned above and the City seeks to apply for such assistance.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Authorization to Execute Application for Financial Assistance.*** That the City Commission hereby authorizes the City Manager to execute the application to Florida Inland Navigation District on behalf of the City of New Smyrna Beach for financial assistance in the amount of 50% of the actual cost of the project. Said form of application is more particularly described as follows:

SEE EXHIBIT "A" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 2: ***Certification to Florida Inland Navigation District.*** The City of New Smyrna Beach certifies to the following:

A. That it will accept the terms and conditions set forth in FIND Rule 66B-2 F.A.C. and which will be a part of the Project Agreement for any assistance awarded under the attached proposal.

B. That it is in complete accord with the attached proposal and that it will carry out the Program in the manner described in the proposal and any plans and specifications attached thereto unless prior approval for any change has been received from the District.

C. That it has the ability and intention to finance its share of the cost of the project and that the project will be operated and maintained at the expense of said City of New Smyrna Beach for public use.

D. That it will not discriminate against any person on the basis of race, color or national origin in the use of any property or facility acquired or developed pursuant to this proposal, and shall comply with the terms and intent of the Title VI of the Civil Rights Act of 1964, P.L. 88-352 (1964) and design and construct all facilities to comply fully with statutes relating to accessibility by person with disabilities as well as other federal, state and local laws, rules and requirements.

E. That it will maintain adequate financial records on the proposed project to substantiate claims for reimbursement.

F. That it will make available to Florida Inland Navigation District if requested, a post-audit of expenses incurred on the project prior to, or in conjunction with, request for the final ten percent (10%) of the funding agreed to by FIND.

SECTION 3: ***Conflicting Resolutions.*** That all other resolutions or parts thereof that are in conflict with this resolution are hereby rescinded and repealed.

SECTION 4: ***Effective Date.*** That this resolution shall take effect immediately upon its final passage.

APPROVED AS TO FORM AND CORRECTNESS:

Application must be received by the deadline, no exceptions.

Attachment E - Applicant Tips Sheet

(Mistakes Common to the application process and how to avoid them)

SCHEDULING

The new application is available by January each year, and District funding is available AFTER October 1st of each year. Applicants should plan their schedule to avoid commonly missed deadlines: Application due – 28th of March; Property control/Technical sufficiency items – 14th of May, Permits – 16th of September. (Staff suggestion: Begin to secure property control and permits PRIOR to applying for funding.)

PROPERTY CONTROL VERIFICATION

Please have your attorney complete and sign the form in the application verifying applicant property control. In the case of leases or management agreements, please forward a copy to the District well in advance of the deadline to verify consistency with our program rules. (Staff suggestion: Resolve this requirement outside the application "window".)

PROJECT COSTS ELIGIBILITY

Please note the eligible project costs in Rule Section 66B-2.008, F.A.C. If you are not sure about an item's eligibility, ask! Note: Any ineligible cost, including in-house project management and administration, is also not eligible for an applicant's match. Make sure you have delineated your required minimum cost-share on the project cost estimate. (Staff suggestion: If you have questions about the eligibility of an item, work up a mock cost-sheet and send it to our office well before the deadline.)

COST-SHARE

Although the applicant must provide a minimum of 50% of the total project costs (25% for eligible public navigation dredging), there is no specific requirement to split each item. (Staff suggestion: You may want to organize project elements in a certain manner for easier accounting.)

PRE-AGREEMENT EXPENSES

Rule 66B-2.005(3), F.A.C. requires any activity in the submitted project cost estimate occurring PRIOR to October 1st to be considered as pre-agreement expenses. The Board's past philosophy has been to fund only those projects that require District funding assistance to be completed. It is best to avoid pre-agreement expenses if possible. Note: Pre-agreement expenses must be limited to 50% or less of the total project costs, and they are eligible for only ½ of the original District funding. (Example: A project with a total cost of $200,000 is Board-approved for one-half construction PRIOR to October 1st. In this case, District funding will be limited as follows: Only 50% of the $100,000 project cost prior to October 1st is eligible as project expenses (i.e. $50,000). Then only ½ of the eligible project expenses ($50,000) are eligible for District funding assistance (i.e. $25,000).

SUBMITTED MATERIALS & JUNE PRESENTATION

The Board must review and evaluate every application and each year we receive about 90 applications for consideration. The final product for the Board's review is two 8-1/2" x 11" spiral-bound notebooks containing the essential information for the application. NOTE: Make sure your final submitted material is the same material you will be presenting to the Board at our June meeting. This will avoid confusion and strengthen your presentation. (Staff suggestion: Limit the submitted materials to the requested information, in the required format and make sure it is consistent with your June presentation. Do not submit additional material at the June presentation!)

ELECTRONIC SUBMISSIONS

Grant applications are ONLY being accepted by email. Grant applications shall be submitted via email as two (2) pdf attachments (15mb max size and see attachment instructions on the next page). Make sure to label your pdf attachments with the applicant and project title. You will receive a confirmation email letting you know that your application has been received. Email your completed application to CKelley@aicw.org

Applications must be received by the District by 4:30 p.m. on March 28, 2025.

Project Summary: Maximum 200 Words

This project aims to construct a No Wake Zone (NWZ) along a 1,000-foot stretch near the New Smyrna Beach Yacht Club, covering 500 feet north and south of the existing pump station and utilizing wooden pilings and marine grade signage. With heavy boat traffic in the area, excessive wake has become a serious issue, causing safety concerns for boaters and marina users. Slowing vessel speeds in this zone will help reduce the risk of accidents and create a safer, more controlled environment for everyone on the water.

Beyond safety, the NWZ will help protect nearby docks, seawalls, and other infrastructure from ongoing damage caused by strong wakes. Over time, continuous wave action has led to shoreline erosion and infrastructure wear, resulting in costly repairs. Implementing a No Wake Zone is a proactive solution to prevent further deterioration.

The project will also benefit the local ecosystem by reducing disturbance to shoreline habitat. By keeping wake levels low, the area remains a healthier habitat for wildlife. This initiative aligns with FIND's mission of improving waterway safety and protecting Florida's coastal environment. With proper signage, enforcement, and community support, this project will make a lasting positive impact on the region.

1. Priority Category:

a) Choose one priority category of this project from the application instructions based upon the predominant cost of the project elements.
Item 9. Waterway signs & buoys for safety, regulation, or information

b) Explain how the project fits this priority category.

This project proposes to install No Wake Zone signs and buoys near New Smyrna Beach Yacht Club to improve boating safety, protect infrastructure, reduce erosion, and safeguard marine and shoreline habitats, aligning with FIND's waterway management priorities.

c) Explain how the project relates to the District's Waterways and the mission of the Florida Inland Navigation District.

This project proposed to install No Wake Zone signs and buoys near New Smyrna Beach Yacht Club to enhance navigation safety, protect infrastructure, and preserve marine and shoreline habitats. It aligns with FIND's mission by reducing wake-related hazards, preventing erosion, and promoting responsible waterway use within the Intracoastal Waterway, ensuring long-term safe navigation, accessibility, and environmental sustainability.

2. Ownership of Project Site:

Own [ ] Leased [ ] Other [X]

If leased or other, please describe lease or terms and conditions:

The City has a submerged lands lease and the ICW is federally owned and maintained by the US Army Corp of Engineers. The local managing office would be the USACE Jacksonville District Office.

3. Has the District previously provided assistance funding to this project or site?

Yes [ ] No [X]

4. If yes, please list the project name, number and funding amount received:

N/A

5. What is the current level of public access in terms of the number of boat ramps, boat slips and trailer parking spaces, linear feet of boardwalk (etc.) if applicable?

N/A

6. How many additional ramps, slips, parking spaces or other access features will be added by this project, and what is the approximate number of registered vessels estimated to use the constructed project?

N/A

7. Public Usage & Benefits:

a) What public access or navigational benefit to the District's waterways will result from this project? How will this project enhance public access to the District's waterways, and what specific navigational benefits will it provide to the community?

This project will promote safe public access and navigation in the Intracoastal Waterway near the New Smyrna Beach Yacht Club by establishing a No Wake Zone. By reducing vessel speeds, the project will create a safer environment for recreational boaters and marina users, minimizing the risk of collisions and wake-related hazards. The navigational benefits include improved waterway management by ensuring controlled speeds in a congested area, reducing conflicts between vessels, and supporting smoother, more predictable boating conditions.

b) What is the current demand for public access or navigation facilities in the area, and how does this project address unmet needs or improve upon existing facilities?

The New Smyrna Beach Yacht Club area experiences high boating traffic, creating a strong demand for safer navigation and shoreline protection. With a mix of recreational boaters, kayakers, and marina users, excessive wake has led to safety concerns, property damage, and shoreline erosion. This project addresses these issues by establishing a No Wake Zone, reducing wake-related hazards, improving boater safety, and protecting infrastructure. By slowing vessel speeds, the project enhances safer waterway usability and public access.

c) How does the project fit within regional or local maritime management plans, public access initiatives, or comprehensive plans, and how does it contribute to broader public usage goals?

This project aligns with City's local maritime management plans by improving boating safety, shoreline protection, and waterway accessibility near the New Smyrna Beach Yacht Club. Establishing a No Wake Zone supports public access initiatives by ensuring safer conditions for recreational boaters, kayakers, and marina users while protecting infrastructure from wake damage. It contributes to broader public usage goals by enhancing navigational efficiency, reducing environmental impacts on sensitive habitats, and promoting responsible waterway use.

d) Has the local Sponsor implemented or plans to implement any boating access, speed zone, commercial access or other restrictive use in the area of this site?

The local sponsor has not previously implemented any speed zones or restrictive use measures in this area but recognizes the growing need for enhanced boating safety due to increased vessel traffic and wake-related impacts. This project proposes to install No Wake Zone signage as a proactive step toward improving navigation safety and shoreline protection.

8. Fees & Maintenance:

Are there any fees associated with the use of this facility? Yes ☐ No ☒

If answered Yes:

a) List or provide a fee schedule.

Not Applicable

b) Provide a listing of the fees charged by similar facilities, public and private, in the project area.

Not Applicable

c) Pursuant to Rule 66B-2.004(11), if there are any fees, please explain how these fees are tracked and what they are used for.

Not Applicable

d) Clearly demonstrate how the project will continue to be maintained and funded after initial funding is completed.

The project will continue to be maintained by City staff and funded with City's General Funds after initial funding is completed.

9. Please list all Environmental Resource Permits required for this project:

Agency	Y/N	Date Applied	Date Received
Water Management District			
Dept of Environmental Protection	Y	April 2025	TBD
USACE	Y	April 2025	TBD

10. a) Construction
This question is to be answered **only** if this application is for a **Construction** project.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

PERMITTING:

- Have all required environmental permits been applied for? (USACE, DEP and WMD) If permits are NOT required, explain why not.
- Detail any significant impediments that may have been identified that would potentially delay the timely issuance of the required permits.
- For Phase I design, permitting, and engineering projects, please provide a general cost estimate for the future Phase II construction work.

CONSTRUCTION TECHNIQUES:

- What is the design life of the project and proposed materials?
- What considerations, if any, have been made for storm surge and hurricane impacts in the design and life span of this project?

Construction Project: Maximum 200 Words (Address all bullet points above)

*Please see answers to questions in red below:

PERMITTING:

- Have all required environmental permits been applied for? (USACE, DEP and WMD) If permits are NOT required, explain why not. This project is currently being permitted.
- Detail any significant impediments that may have been identified that would potentially delay the timely issuance of the required permits. No known impediments identified that would potentially delay issuance of the required permits, except US Coast Guard responsiveness.
- For Phase I design, permitting, and engineering projects, please provide a general cost estimate for the future Phase II construction work. $40,000.00.

CONSTRUCTION TECHNIQUES:

- What is the design life of the project and proposed materials? 30 years.
- What considerations, if any, have been made for storm surge and hurricane impacts in the design and life span of this project? Piles will be embedded to a depth that considers storm surge and hurricane impacts.

10. b) Environmental Education
This question is to be answered **only** if this application is for an Environmental Education project.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

DILIGENCE:

- Who is the primary target audience or user group for the project and how were they identified?
- How have the needs of the target audience been evaluated and met?
- How many people will the program serve on an annual basis? What will be the measurable results?
- Describe the materials and project deliverables to be produced by this project.
- Describe the plan for dissemination of the materials produced through the project,

EXPERIENCE & QUALIFICATIONS:

- Please briefly describe the qualifications of the program administrator(s), including prior experience, and areas of expertise.
- What previous projects of this nature have been completed by the program manager?

PROJECT GOALS:

- What are the long-term goals of this project as it relates to the ICW?
- What is the expected duration/frequency of this program?

Environmental Education Project: Maximum 400 Words (Address all bullet points above)

This application is not an Environmental Education project.

10. c) Law Enforcement

This question is to be answered **only** if this application is for a Law Enforcement project.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

WATERWAY RELATIONSHIP:

- Describe how the project will enhance boating access, safety, or enforcement efforts on the waterway, and address the identified needs or benefits for public safety.

EXPERIENCE & QUALIFICATIONS:

- List the personnel tasked with the implementation of this project, their qualifications, previous training and experience.

DELIVERABLES:

- Describe the project deliverables and why this particular law enforcement vessel, equipment or facility improvements was selected or are necessary.

AREA OF COVERAGE

- What is the range or area of coverage for this project?

Law Enforcement Project: Maximum 200 Words (Address all bullet points above)

This application is not a Law Enforcement project.

10. d) Inlet or Public Navigation

This question is to be answered **only** if this application is for an Inlet or Public Navigation dredging project.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

WATERWAY RELATIONSHIP:

- Will the project inhibit sediment inflow into, or reduce the dredging frequency of the Intracoastal Waterway channel?
- How does the project directly benefit the Intracoastal Waterway channel?
- Identify any long-term sedimentation problems and briefly discuss any methods or activities that will address these issues.

PUBLIC ACCESS

- Describe in brief detail how the project will enhance public access to or from the Intracoastal Waterway? List the upstream publicly accessible facilities with improved access because of this project.

BENEFICIAL PROJECT ELEMENTS:

- Describe any economic benefits to be realized by implementing this project.

PROJECT MAINTENANCE:

- When was this area last dredged? What is the expected frequency of future dredging? Where will the dredged material be relocated to?

Inlet or Public Navigation Project: Maximum 200 Words (Address all bullet points above)

This application is not an Inlet or Public Navigation dredging project.

10. e) Beach Renourishment

This question is to be answered **only** if this application is for a Beach Renourishment project.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

WATERWAY RELATIONSHIP:

- Describe how the District and other navigation interests will benefit from the implementation of this project.

VIABILITY:

- Is the project site defined as critically eroded area by a statewide beach management plan?
- Cite the quantifiable rate of erosion in this area.
- Is the project an important component of an overall beach management effort?

PUBLIC BENEFITS:

- Are there quantifiable public benefits demonstrated by the project?
- Is there adequate public access to the project area? Please describe location and amount.

PROJECT FUNDING:

- Describe any assistance funding from other sources.
- Clarify the availability of long-term funding for this project.

Beach Renourishment Project: Maximum 200 Words (Address all bullet points above)

This application is not for a Beach Renourishment project.

11. Disaster Relief

This question is to be answered **only** if this application is for repairs/construction of waterways facilities damaged by a declared natural disaster.

In the summary box at the bottom of this page, please address each of the bullet points listed below to maximize your score for this competitive grant application.

STORM DAMAGE EVALUATION:

- List the State of Emergency declaration order or proclamation & the name and date of the storm/event. [Pursuant to State of emergency declared under Chapter 252, F.S.]
- Describe the extent of the damage that was caused due to the storm/event and any Construction/Resiliency Improvements planned for the project.
- What is the current status of your FEMA paperwork for the project?

PROJECT FUNDING:

- Describe the other funding mechanisms and financial assistance that will be applied to defray the reconstruction costs or damage repair

Disaster Relief Project: Maximum 200 Words (Address all bullet points above)

This application is not for repairs/construction of waterways facilities damaged by a declared natural disaster.

Applicant:	City of New Smyrna Beach

The applicant is to present a detailed timeline on the accomplishment of the components of the proposed project including, as applicable, completion dates for: permitting, design, bidding, applicant approvals, initiation of construction and completion of construction. NOTE: All funded activities must begin AFTER October 1st or be consistent with Rule 66B-2.005(3) - Pre-agreement expenses.

Date	Component
November 2025	Bidding
January 2026	Receive Bids
February 2026	Approve Contractor
March 2026	Initiate Construction
May 2026	Complete Construction & Close-out

ATTACHMENT E-5
RESOLUTION FOR ASSISTANCE 2025
UNDER THE FLORIDA INLAND NAVIGATION DISTRICT WATERWAYS ASSISTANCE PROGRAM

WHEREAS, THE City of New Smyrna Beach is interested in carrying out the
(Name of Agency)
following described project for the enjoyment of the citizenry of New Smyrna Beach and the State of Florida:

Project Title No Wake Zone Construction

Total Estimated Cost $ 40,000 Brief Description of Project: This project aims to establish a No Wake Zone (NWZ) along a 1,000-foot stretch near the New Smyrna Beach Yacht Club, covering 500 feet north and south of the existing pump station. With heavy boat traffic in the area, excessive wake has become a serious issue, causing safety concerns for boaters and marina users. Slowing vessel speeds in this zone will help reduce the risk of accidents and create a safer, more controlled environment for everyone on the water.

Beyond safety, the NWZ will help protect nearby docks, seawalls, and other infrastructure from ongoing damage caused by strong wakes. Over time, continuous wave action has led to shoreline erosion and infrastructure wear, resulting in costly repairs. Implementing a No Wake Zone is a proactive solution to prevent further deterioration.

The project will also benefit the local ecosystem by reducing disturbance to shoreline habitat. By keeping wake levels low, the area remains a healthier habitat for wildlife. This initiative aligns with FIND's mission of improving waterway safety and protecting Florida's coastal environment. With proper signage, enforcement, and community support, this project will make a lasting positive impact on the region.

AND, Florida Inland Navigation District financial assistance is required for the program mentioned above,

NOW THEREFORE, be it resolved by the City of New Smyrna Beach
(Name of Agency)
that the project described above be authorized,

AND, be it further resolved that said City of New Smyrna Beach
(Name of Agency)
make application to the Florida Inland Navigation District in the amount of 50% of the actual cost of the project in behalf of said City of New Smyrna Beach
(Name of Agency)

AND, be it further resolved by the City of New Smyrna Beach
(Name of Agency)
that it certifies to the following:

1. That it will accept the terms and conditions set forth in FIND Rule 66B-2 F.A.C. and which will be a part of the Project Agreement for any assistance awarded under the attached proposal.

2. That it is in complete accord with the attached proposal and that it will carry out the Program in the manner described in the proposal and any plans and specifications attached thereto unless prior approval for any change has been received from the District.

3. That it has the ability and intention to finance its share of the cost of the project and that the project will be operated and maintained at the expense of said_____ City of New Smyrna Beach_____ for public use.
(Name of Agency)

4. That it will not discriminate against any person on the basis of race, color or national origin in the use of any property or facility acquired or developed pursuant to this proposal, and shall comply with the terms and intent of the Title VI of the Civil Rights Act of 1964, P. L. 88-352 (1964) and design and construct all facilities to comply fully with statutes relating to accessibility by persons with disabilities as well as other federal, state and local laws, rules and requirements.

5. That it will maintain adequate financial records on the proposed project to substantiate claims for reimbursement.

6. That it will make available to FIND if requested, a post-audit of expenses incurred on the project prior to, or in conjunction with, request for the final 10% of the funding agreed to by FIND.

This is to certify that the foregoing is a true and correct copy of a resolution duly and legally adopted by the_____at a legal meeting
(Agency Governing Board)
held on this_____day of_____20_____.

OFFICE OF THE (City or County) ATTORNEY
(ADDRESS)

(Date), 2025

To WHOM IT MAY CONCERN:

I, (Name), an the Attorney for the (City or County), Florida, I hereby state that I have examined a copy of a (deed, lease, management agreement, etc.) from _____ to the (City or County) conveying _____ (Type of interest, i.e.. Fee simple, easement, 30-year lease, etc.) in the following described property:

(Brief Legal Description of Property)

I have also examined a document showing that this property is listed on the tax rolls as belonging to the (City or County). Finally, I have also examined such documents and records as necessary for this certification.

This property is what is now called "(Name of Property as Referenced in the WAP Application)".

I Certify that the (City or County) does in fact (Own, Lease, etc.) this property for _____ years.

Sincerely,

(Name)
Attorney, (City or County)

THE CITY OF NEW SMYRNA BEACH - ENGINEERING

CONSIDER THE APPROVAL OF THE VOLUSIA COUNTY JOINT PROJECT AGREEMENT (JPA) FOR THE CORBIN PARK DRAINAGE IMPROVEMENT PROJECT.

April 8, 2025

Background:

After widespread flooding as a result of Hurricane Ian and subsequent rain events in the Corbin Park residential area (encompassing limits being SR44 north, Turnbull Canal to the east, Magnolia St. to the south and along the west side of Hidden Pines Blvd.) the City embarked upon a plan and study to design drainage infrastructure to provide some relief for the subdivision. As such the City retained the services of a continuing consultant to design (including surveying, geotechnical evaluation and coordination with NSBU) and permit the improvements through the various governing agencies.

With the design and permitting process complete the overall costs were estimated to be $8,451,000 and it was evident the City needed to seek additional sources and applied for Transform386 with the County being approved for the requested amount of $6,000,000 (Note: Total amount will vary pending bid amount.). The focus of this agreement is to provide commitment with Volusia County that the project is eligible for HUD funding in order to move forward with the advertising for bids process, with amendments to reflect actual contributions based upon bid amounts.

Fiscal Analysis:

The City's funding share will be provided though the stormwater fund (reserves) under the project account established as 302.57.572.57202.567204.20CBP

Strategic Plan Item:

No

Staff Report Created By: Kyle Fegley - City Engineer

JOINT PROJECT AGREEMENT BETWEEN COUNTY OF VOLUSIA AND THE CITY OF NEW SMYRNA BEACH FOR CORBIN PARK STORMWATER IMPROVEMENTS

THIS JOINT PROJECT AGREEMENT (AGREEMENT) is made and entered into by and between the **County of Volusia** (COUNTY), a political subdivision of the State of Florida, and **the City of New Smyrna Beach**, a municipal corporation of the State of Florida, for **Corbin Park Stormwater Improvements**.

WITNESSETH:

WHEREAS, the COUNTY was awarded $328.9 million in Community Development Block Grant – Disaster Recovery (CDBG-DR) funds provided by the Department of Housing and Urban Development (HUD) Grant B-23-UN-12-0005 to aid the citizens of Volusia County in their recovery from Hurricane Ian; and

WHEREAS, the CITY has a project, Corbin Park Stormwater Improvements, and, in conjunction with the County, has determined that PROJECT is eligible and meets all of the requirements of the HUD Grant B-23-UN-12-0005; and

WHEREAS, on behalf of CITY, the COUNTY will manage the construction of the PROJECT; and

WHEREAS, the CITY will manage the design and engineering of the PROJECT; and

WHEREAS, both parties, by this AGREEMENT, agree to ensure compliance with all federal requirements and grant guidelines as outlined herein; and

WHEREAS, the CITY, should it choose to use FEMA Hazard Mitigation Grant Program (HMGP) funds, will petition FEMA for reimbursement; and

NOW, THEREFORE, in consideration of the mutual covenants, promises, warranties and undertakings of the Parties contained herein and other good and valuable consideration given by each Party to the other, the receipt and sufficiency of which is hereby acknowledged, the Parties hereto stipulate and agree as follows:

A. The above recitals are incorporated herein and form a material part of this Agreement.

B. MUTUAL COOPERATION

The COUNTY and the CITY shall mutually participate in this AGREEMENT and shall work cooperatively to coordinate and accomplish all aspects of the PROJECT. The COUNTY and CITY agree to endeavor to fulfill the responsibilities and complete the work set forth in this AGREEMENT, and any amendment, modification, supplement or change order, which may be approved by the COUNTY and the CITY subsequent to execution of this AGREEMENT, as expeditiously as possible.

C. CITY RESPONSIBILITIES

The CITY will manage the design of the PROJECT. This shall include, but not be limited to, participation in the preparation of the design scope, performance of plan reviews, signing any necessary permit applications, and coordination with necessary parties as the project owner. Prior to construction and during construction the CITY shall provide timely assistance responding to contractor questions or requests for additional information and approvals of contractor shop drawings. The construction contract will include the provision that the contractor's insurance requirements and warranties for the PROJECT will apply to both the COUNTY and CITY.

At its own expense, the CITY shall provide knowledgeable representatives for the construction phase to respond to any PROJECT related questions during that phase of the PROJECT. The CITY shall also provide knowledgeable representatives for the construction phase to attend and participate in any PROJECT meetings prior to and during the performance of the PROJECT. The CITY shall provide knowledgeable representatives to observe the construction of the PROJECT at its own expense.

The CITY shall be responsible for the cost of the project above and beyond the funding provided by the HUD Grant B-23-UN-12-0005.

D. COUNTY'S RESPONSIBILITIES

The COUNTY shall ensure that the design of the PROJECT is designed in compliance with the HUD Grant B-23-UN-12-0005 requirements and applicable COUNTY and CITY specifications. Upon completion of the engineering plans the County shall procure a construction contract using the COUNTY's procurement methods and as noted in Section F. The COUNTY shall oversee the contractor as the PROJECT is constructed. The COUNTY shall coordinate with the CITY on the CITY's requirements to include, but not be limited to, participation in the preparation of the design scope, performance of plan reviews, signing any necessary permit applications, and coordination with necessary parties as the project owner.

The COUNTY's responsibility for overall supervision does not relieve the CITY from performing its responsibilities in accordance with Section C.

E. COMPLIANCE

1. DAVIS-BACON ACT

The COUNTY shall comply with the labor standards in Section 110 of the Housing and Community Development Act of 1974, as amended and ensure that all laborers and mechanics employed by contractors or subcontractors in the performance of construction work financed in whole or in part with

assistance received under this agreement shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 3141, et seq.), and 29 CFR part 1, 3, 5, 6, and 7. The COUNTY shall maintain documentation that demonstrates compliance with applicable hour and wage requirements.

2. SECTION 3 OF THE HOUSING AND URBAN DEVELOPMENT ACT

The COUNTY shall comply with Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 USC 1701u, and implementing regulations at 24 CFR part 135. The COUNTY shall include the "Section 3 clause" at 24 CFR 135.38 in every "Section 3 covered contract" (as defined in 24 CFR 135.5).

F. PROJECT PROCESS

1. PROCUREMENT DOCUMENTS

The COUNTY shall be responsible for the assembly of all necessary administrative procurement documents for the PROJECT. The COUNTY shall be responsible for advertisement, bidding, award and administration of the construction contract for the PROJECT.

2. NOTIFICATION & AWARD

The COUNTY shall receive, open and evaluate all bids and award the contract for the PROJECT. The COUNTY will not award the PROJECT without prior review and acceptance by the CITY and issuance of a CITY purchase order. The CITY shall notify the COUNTY of its acceptance of the COUNTY's selection, in writing, within ten (10) days of receipt of notice. The CITY understands and agrees that the COUNTY intends to award the contract to the lowest responsive and responsible bidder for the PROJECT. The COUNTY will not award the PROJECT without receipt of a CITY purchase order within twenty (20) days of the COUNTY notifying the CITY of the COUNTY's decision to award the contract.

The COUNTY and the CITY acknowledge that the COUNTY's bidding documents include a provision that subcontractors will be subject to review as to their competency prior to award of contract, and shall be one of the considerations in determining the lowest responsible bidder. In the event the lowest bidder has listed a subcontractor for the PROJECT which the CITY deems unacceptable due to cause, the COUNTY will request a change of that subcontractor with no change to the pricing in lieu of disqualifying the prime contractor. "Cause," shall include, but is not limited to considerations of past performance on projects owned by the COUNTY or the CITY and past or current litigation involving work performed by the subcontractor. The CITY shall notify the COUNTY of any subcontractor deemed unacceptable due to cause within a ten (10) day review period from the date of notification.

3. NO OBLIGATION

The COUNTY is under no obligation to accept any of the bids received at the bid opening for the PROJECT, and may, at its option, without incurring any obligation to the CITY, reject all bids or any part of any bid received at bid opening.

4. CHANGE ORDERS

If the COUNTY determines that any adjustments, relocations, repair and incidentals are required to be made to the PROJECT during the construction phase, the CITY shall be responsible for funding the resolution to these issues unless covered by HUD Grant B-23-UN-12-0005. The COUNTY shall manage the coordination between the engineer of record responsible for the design of the project and the contractor. The COUNTY shall review the change order documents and the overall cost of the resolution. The COUNTY shall provide a copy of the documents and costs to an authorized CITY representative for review. The CITY shall amend its purchase order to reflect any approved change orders within 10 days of being provided the cost information for the change order by the COUNTY for any portion of the change order not covered by HUD Grant B-23-UN-12-0005. All such work shall be coordinated with the construction of the PROJECT and in a manner that will not cause inordinate delay or expense to the contractor.

5. CONSTRUCTION

All services and work under the construction contract shall be performed to the satisfaction of the County Engineer. All questions, difficulties and disputes of whatever nature which may arise under the construction contract, including but not limited to the prosecution and fulfillment of the services thereunder and the character, quality, amount and value thereof, shall be decided by the County Engineer after consultation with the CITY. The decision of the County Engineer upon all such questions, difficulties and disputes thereunder shall be final.

The salvage value of any materials related to the PROJECT and removed from the construction site will become the property of the contractor and shall be disposed of by the contractor.

6. OWNERSHIP

Upon completion and acceptance of the work and receipt by the CITY of as-built drawings of the completed work, the CITY shall own, control, maintain and be responsible for all the CITY's facilities involved. The CITY agrees that it shall maintain and keep in good repair, or cause to be maintained and kept in good repair, all such facilities or utilities.

G. CITY FUNDING

The CITY shall prepare and deliver a purchase order to the COUNTY for the amount of the CITY's cost-share portion prior to the award of a contract for the PROJECT. The COUNTY will prepare and deliver an invoice for the cost of the PROJECT to the CITY monthly as the PROJECT is completed and the contractor submits pay requests. The CITY will be provided the pay requests for review and written acceptance as to the percentage or quantities, as applicable, of work completed prior to processing for payment. The CITY shall pay all received invoices to the COUNTY within twenty (20) business days following receipt of the invoice. All invoices shall be sent to: Kyle Fegley, 210 Sams Ave, New Smyrna Beach, FL 32168.

Upon final completion of all construction work, the COUNTY shall within one hundred eighty (180) days, furnish the CITY with two (2) copies of its final and complete billing of all costs incurred in connection with the Project performed hereunder, such statement to follow as closely as possible the order of the items contained in the job estimate. The final billing shall show the description and site of the PROJECT; the date on which the first work was performed; the date on which the last work was performed or the last item of billed expense was incurred; and, the location where the records and accounts bill can be audited. Adequate reference shall be made in the billing to the COUNTY's records, accounts or other relevant documents. All cost and accounts shall be subject to audit by a representative of the CITY. Upon receipt of final invoices prepared in accordance with the provision of the COUNTY procedures, the CITY agrees to reimburse the COUNTY, within twenty (20) business days the amount of such cost.

H. INDEMNIFICATION

Each Party shall be responsible for its sole negligence, breach of contract, or breach of this AGREEMENT, subject to the limitations in § 768.28, Florida Statutes.

I. MISCELLANEOUS

1. ENTIRE AGREEMENT

This AGREEMENT constitutes the entire agreement between the Parties regarding the PROJECT as set forth herein. All negotiations, proposals and draft agreements, oral or written (or portions thereof) or understandings of any kind between the parties relating to the subject matter hereof are hereby superseded by this AGREEMENT to the extent the provisions of this AGREEMENT relate to such prior agreements or understandings or portions thereof.

2. AMENDMENT

This AGREEMENT may only be amended, modified or supplemented in writing which must be duly executed by the COUNTY and CITY.

3. SEVERABILITY

In the event that any provision of this AGREEMENT shall for any reason be determined

invalid, illegal or unenforceable in any respect, the Parties hereto shall negotiate in good faith and agree to such amendments, modifications or supplements to this AGREEMENT or such other appropriate actions as shall implement and give effect to the intentions of the Parties reflected herein. All other provisions of this AGREEMENT, as amended, modified, supplemented or otherwise affected by such action, shall remain in full force and effect.

4. LAW/VENUE

The applicable laws of the State of Florida shall govern the validity, interpretation, construction and performance of this AGREEMENT. Venue for any suit involving this AGREEMENT shall be Volusia County, Florida. In the event a Party deems it necessary to take legal action to enforce any provision of this AGREEMENT, each Party shall bear its own attorneys' fees and costs.

5. NOTICES

Any notice, statement, demand or other communication required or permitted to be delivered, served or given by either Party to the other shall be deemed delivered, served or given, if mailed in any general or branch United States Post Office (USPS) enclosed in a registered or certified envelope addressed to the respective Party, as follows:

TO COUNTY:
VOLUSIA COUNTY
ATTN: GEORGE RECKTENWALD
COUNTY MANAGER

NEW SMYRNA BEACH, FL 32168

COPY TO:
CITY OF NEW SMYRNA BEACH
ATTN: KYLE FEGLEY
210 SAMS AVE
NEW SMYRNA BEACH, FL 32168

6. COUNTY FUNDING

The COUNTY's responsibilities under this AGREEMENT are contingent upon the appropriation of funds required for the PROJECT.

7. EFFECTIVE DATE/TERM

This AGREEMENT shall be effective on the date of execution by the COUNTY and shall continue in full force and effect until final reconciliation and payment, in full by the CITY under this AGREEMENT, is received by the COUNTY. If the COUNTY does not issue an invitation to bid within five years of execution of this AGREEMENT, the AGREEMENT shall terminate.

8. FORCE MAJEURE

Neither the COUNTY nor the CITY shall be liable to the other for any failure to perform under this AGREEMENT to the extent such performance is prevented by an act of God, war, riot, natural catastrophe, or other event beyond the control of the nonperforming Party and which could not have been avoided or overcome by the exercise of due diligence; providing that the Party claiming the excuse from performance has (a) promptly notified the other Party of the occurrence of the event and its estimated duration; (b) promptly remedied or mitigated the effect of the event to the extent possible; and (c) resumed performance as soon as possible.

9. ASSIGNMENT

No assignment, delegation, transfer or novation of this AGREEMENT or any part thereof shall be made unless approved in writing by the Parties.

10. HEADINGS

All section headings contained herein are included for convenience only and shall not affect in any manner the construction or interpretation of the AGREEMENT.

11. SUCCESSORS AND ASSIGNS

This AGREEMENT shall be binding upon and inure to the benefit of the respective successors, assigns, administrators and managers of the COUNTY and the CITY.

12. EXECUTION OF DOCUMENTS; RECORDING

This AGREEMENT shall be executed in two (2) duplicate originals, any of which shall be regarded for all purposes as an original and all of which shall constitute one and the same instrument. The COUNTY shall retain one (1) fully executed original and the CITY shall retain one (1) fully executed original. After execution by the Parties, this AGREEMENT shall be recorded in the Public Records of Volusia County by the COUNTY.

IN WITNESS WHEREOF, the Parties hereto have made and executed this AGREEMENT as of the latest day and year written below.

RE: Community Development Block Grant – Disaster Recovery (CDBG-DR) Infrastructure and Mitigation Project Application Award Determination

Dear Mr. Cowper,

We are pleased to inform you that the Volusia County Council and the Office of Recovery and Resiliency have approved the City of New Smyrna Beach's CDBG-DR application for the following project:

- Corbin Park Stormwater Improvement

Your application consisted of the following proposed funding request and estimated project construction budget:

Corbin Park Stormwater Improvement:	
CDBG-DR Funds	$6,000,000
Anticipated City of New Smyrna Beach Leveraged Funds	$2,451,220
Anticipated Total CDBG-DR Infrastructure and Mitigation Project Budget	**$8,451,220**

Please note, these figures are estimates at this time and the final totals will be confirmed once the procurement process is complete.

Office of Recovery & Resiliency

Thank you for the time and effort expended by your office in the preparation of your successful proposal. Please contact us with any questions you may have. Expect another letter detailing the path forward in the coming weeks. We look forward to working in partnership with you to successfully implement and complete this infrastructure and mitigation project.

Sincerely,

Dona Butler
Director

THE CITY OF NEW SMYRNA BEACH - BUILDING DEPARTMENT

CONSIDER THE APPROVAL OF THE CONTRACT RENEWAL FOR RECRUITMENT AND ENGINEERING PRODUCTS & SERVICES INC.

April 8, 2025

Background:

The City entered into an agreement with Recruitment and Engineering Products & Services, Inc (REPS) on April 10, 2024 for one (1) year with the option for two (2) one (1) year renewals upon an affirmative vote of the City Commission. The contract will expire on April 10, 2025, and REPS has been successful in recovering additional revenues for the City through the Business Tax Receipts for noncompliant entities/individuals.

Findings:

In the first quarter, REPS was successful in recovering a total of $13,648.00 in additional revenues for the issuance of 113 Business Tax Receipts and $15,334.00 in additional revenues for the issuance of 120 Business Tax Receipts in the 2nd quarter. The City, to date, has paid $1,850.60 for mailing related expenses of 974 letters and $7,246.00 for the compensation rate of 25% of all the revenues generated and collected from Person/Entity obtaining their City Business Tax Receipt for the first time in 2 years. Staff recommends the City Commission approve the one-year contract renewal with Recruitment and Engineering Products & Services Inc.

Fiscal Analysis:

Exercising the one-year renewal would obligate the City to reimburse for all mailing related expenses and the percentage for any revenue recovered.

Strategic Plan Item:

No

CONTRACT RENEWAL
FOR BUSINESS IDENTITY AND OPERATIONS SERVICES WITH
RECRUITMENT AND ENGINEERING PRODUCTS & SERVICES, INC.

WHEREAS, the City of New Smyrna Beach (City) requested qualifications and services from local companies to assist in identifying companies operating within the City; and

WHEREAS, the City accepted the qualifications of Recruitment and Engineering Products & Services, Inc. ("Consultant"); and

WHEREAS, the parties desire to enter into the attached agreement ("Attachment A") with an effective date of April 10, 2024;

WHEREAS, the agreement is set to expire on April 10, 2025;

WHEREAS, the parties desire to exercise the first of two (2) one (1) year renewals, pending the affirmative vote of the City's Commission.

NOW, THEREFORE, THE CITY AND RECRUITMENT AND ENGINEERING PRODUCTS AND SERVICES, INC., AGREE AS FOLLOWS:

1. The City and Recruitment and Engineering Products & Services, Inc., agree to all the terms and conditions as stated and contained in Attachment A, and incorporated by reference herein. The respective rights and obligations of the parties shall be determined in accordance with Attachment A, and Florida law.

2. The term of this contract renewal agreement shall commence on April 10, 2025, and remain in full force and effect for a term of one (1), one-year renewal.

JURISDICTIONAL BUSINESS OPERATIONS ASSESSMENT AND BTR FEES 'COLLECTION PROGRAM AGREEMENT BETWEEN THE CITY OF NEW SMYRNA BEACH AND RECRUITMENT AND ENGINEERING PRODUCTS & SERVICES, INC.

THIS JURISDICTIONAL BUSINESS OPERATIONS ASSESSMENT AND BTR FEES' COLLECTION PROGRAM AGREEMENT (the "Agreement") is made and entered into by and between the CITY OF NEW SMYRNA BEACH, a Florida municipal corporation ("City"), whose address is 210 Sams Avenue, New Smyrna Beach, FL 32168, and RECRUITMENT AND ENGINEERING PRODUCTS & SERVICES, INC. ("Provider"), whose address is 405 Deer Pointe Circle, Casselberry, FL 32707, collectively referred to as the "Parties," or individually as "Party."

RECITALS:

WHEREAS, Chapter 205, *Florida Statutes*, grants municipalities the right to levy, by appropriate resolution or ordinance, a business tax for the privilege of engaging in or managing any business, profession, or occupation within its jurisdiction;

WHEREAS, pursuant to Section 74-146, Code of Ordinances, City of New Smyrna Beach ("Code"), payment of a local business tax is required to engage in or manage any business within the City;

WHEREAS, City is a municipal corporation, existing under the laws of the State of Florida;

WHEREAS, Provider is an active corporation existing under the laws of the State of Florida, which owns and operates support services, including the assessment of business operations within a jurisdiction, for government agencies;

WHEREAS, the Parties individually and collectively acknowledge the benefit and need for assessment of business operations within the City in order to accurately assess ongoing business operations as well as maximize the efficient collection of business taxes pursuant to Florida Statues and the City's Ordinances;

WHEREAS, Provider proposed a program to the City whereby Provider conducts a comprehensive assessment of business operations within the City, including recommendations, and provides said assessment to City, with annual updating, for City to utilize for the purposes of business tax collection; and

WHEREAS, the City recognizes the potential benefits of Provider's services and has determined that entering into this Agreement would serve the public interest.

NOW THEREFORE, in consideration of the foregoing premises which are made part of this Agreement, and the mutual covenants, terms and conditions contained herein, and for other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties hereto agree as follows:

1. **Recitals Incorporated**. The Parties hereby declare that the Recitals set forth above are

true and correct and are incorporated herein and made a part of this Agreement.

2. **Definitions**. The following capitalized terms shall have the following meanings:

Agreement means this Jurisdictional Business Operations Assessment and BTR Fees' Collection Program Agreement and its Exhibits.

Business means any activity engaged in by any person, or caused to be engaged in by such person, with the object of private gain, benefit, or advantage, either direct or indirect.

Jurisdiction means generally the geographic area comprising the City boundaries, as same may be amended from time to time by contraction or annexation.

Local business tax means the fees charged and the method by which the City grants the privilege to engage in or manage any business, profession, or occupation within its jurisdiction. Also known as business tax.

Person means any individual, firm, agency, partnership, joint venture, syndicate, or other group or combination acting as a unit, association, club, corporation, estate, trust, business trust, trustee, executor, administrator, receiver or other fiduciary, engaged in any business, occupation, or profession subject to the provisions of this chapter.

Professional means any person engaged in any business, occupation or profession, but not limited to the same, and not falling into other classifications specifically set forth herein, or any person required to maintain an active and valid State of Florida, regulatory license, permit, registration, or certificate.

Receipt means the document that is issued by the City which bears the words "Local Business Tax Receipt" or "BTR" and evidences that the person in whose name the document is issued has complied with the provisions of this chapter relating to payment of the local business tax. Also known as local business tax receipt and formerly known as occupational license tax certificate or license.

3. **Purpose**. The purpose of this Agreement is to establish a program between the Parties that facilitates Provider using its proprietary business practices to conduct an assessment of ongoing business operations within the Jurisdiction, to provide City with an analysis of said assessment, and recommendations regarding ongoing business operations, for City to use such information to consolidate, supplement, and expedite its business tax collection practices, for Provider to assist the City in the collection of Business Tax Receipt fees and to conduct an annual update to the assessment and provide same to City, and for City to confirm receipt of said services from Provider and acknowledge same to other jurisdictions.

4. **Roles and Responsibilities of City.**

a. City will provide the following information to Provider:

i. Business Tax Receipt (BTR) records that will include all the fields within the BTR database, initially for the current/previous year and thereafter on a monthly basis;

ii. Documentation related to the Business Tax Receipt issuance process, including:

1. Policies and Procedures addressing:
   a. Conformance to State, County and City laws and ordinances;
   b. Process and oversight;
   c. Non-compliance Enforcement;

2. Forms, including:
   a. Local business awareness brochures, websites, pamphlets, etc.
   b. Business Tax Receipt Application requested information;
   c. Business Name, owner(s), address change;
   d. Site inspections and warnings;
   e. Enforcement; and
   f. Business Tax Receipt revocation.

3. Personnel training and continuing education;

4. Data verification sources; and

5. Data exchange with other departments and agencies.

b. City will notify Provider of any public records requests for information relating to this Agreement; and

c. City will allow Provider to utilize City's name as a client and confirm that City entered this Agreement with Provider to other jurisdictions upon request regarding same.

d. City will mail all the BTR applications prepared and delivered to the City by Provider or reimburses Provider for all of the BTR applications' mailing related expenses.

e. City will reimburse Provider for all of the BTR applications' preparation expenses consisting of envelopes, papers, printer ink, etc.

5. **Roles and Responsibilities of Provider.**

a. Provider will:

i. Cooperate with all public records requests, or seek immediate judicial ruling regarding any exempt, proprietary, confidential, or other protected information.

ii. Conduct the Enhanced Business Tax Receipt Delinquent Taxpayers' Names Delivery review.

iii. Conduct thorough analysis and evaluation of Business Tax Receipt collection's policies, procedures, forms, software, personnel training.

iv. Interview City personnel comprehensively.

v. Submit a detailed report based on Provider's findings as well as addressing policies, procedures, and operational recommendations.

vi. Submit recommended forms' modification pertaining to Business Tax Receipt application, data collection, evaluation for approval and update.

vii. Utilize the information provided by City, along with other information obtained by Provider, to assess the ongoing business operations within the jurisdiction.

viii. Compile the data and prepare an assessment report for City detailing the ongoing business operations within City, along with the professionals, businesses, and persons that are delinquent in paying currently owed or past due Business Taxes.

ix. Update the assessment of the jurisdiction annually to add and remove business operations as appropriate, and provide same to City, along with updated recommendations.

x. Determine persons that are liable for local business tax, prepare BTR related notifications/applications, and deliver them to the City on a weekly basis for mailing or mail them on behalf of the City.

xi. Within its capabilities and when asked, provide City with any assistance needed to minimize the workload on City personnel.

xii. Coordinate its BTR related activities with City Personnel.

6. **Effective Date.** The effective date of this Agreement shall be April 10, 2023. Unless terminated earlier in accordance with Paragraph 7 herein, the Agreement will terminate on April 10, 2024, with an option for two (2) one (1) year renewals upon an affirmative vote of the City Council, except for the provisions of this Agreement which by their terms survive the termination of this Agreement, in order to allow for enough time to competently evaluate the Program and produce a summary document as described in Paragraph 9 herein.

7. **Termination.** This Agreement may be terminated for cause if the Provider or City fails to perform in accordance with the terms and conditions of this Agreement following delivery of a written thirty (30) day notice stating the grounds for such default, and the default remains in effect.

8. **Payment.** The Parties agree that City shall pay Provider per the following schedule:

- Mailing related expenses based on receipts submitted by Provider;
- Revenue-based compensation, paid on a monthly basis, for the assessment performed and the collection of BTR Fees provided to the City pursuant to this Agreement. The compensation rate is twenty-five (25%) percent of all the revenue generated and collected from Persons obtaining their City BTR for the first time in two years.

9. **Summary**. At the conclusion of the Program, City and Provider will develop a summary document explaining the process through which City was able to work with Provider, what data was used, and a comparison between the expected results and the actual results and what, if any, procedural changes City adopted due to lessons learned during the Program. City will make this document available to other local governments to expand the services available to other local governments.

10. **Notices.** The Parties agree and understand that written notice, mailed or delivered to the last known mailing address, or address provided by a respective Party, shall constitute sufficient notice to the other Parties. All notices required and/or made pursuant to this Agreement to be given must be in writing and given by way of hand delivery, email, or the United States Postal Service, first class mail, postage prepaid, addressed to the following addresses of record:

As to City:
City of New Smyrna Beach
210 Sams Avenue
New Smyrna Beach, FL 32168
Attn: Khalid Resheidat, City Manager

With copy to:
City of New Smyrna Beach
210 Sams Avenue
New Smyrna Beach, FL 32168
Attn: Kelly McGuire, City Clerk

As to Provider:
Tax & Fees Collection Division
Recruitment and Engineering Products & Services, Inc.
405 Deer Pointe Circle, Casselberry, FL 32707
Attn: Ramzi Nassar, President & CEO

11. **Amendments.** The Parties agree that no modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed by all Parties with the same formality as this Agreement. In the event of a conflict between the covenants, terms, and/or provisions of this Agreement and any written amendments hereto, the provisions of the latest executed instrument shall take precedence.

12. **Entire Agreement.** This Agreement constitutes the entire agreement between the Parties and shall supersede, replace, and nullify any and all prior agreements or understandings, written or oral, relating to the matters set forth herein, and any such prior agreements or understandings shall have no force or effect whatsoever on this Agreement.

13. **Governing Laws.** The laws of the State of Florida shall govern all aspects of this Agreement. In the event it is necessary for any of the Parties to initiate legal action regarding this Agreement, venue shall lie in Volusia County, Florida. The Parties hereby waive their right to trial by jury in any action, proceeding, or claim arising out of this Agreement which may be brought by any of the Parties hereto.

14. **Severability.** All clauses of this Agreement act independently of each other. If a clause is found to be illegal or unenforceable, it shall have no effect on any other provision of this Agreement. The Parties agree that if any part, term, or provision of this Agreement is held by a court of competent jurisdiction to be illegal or in conflict with any law of the State of Florida or the United States, the validity of the remaining portions or provision shall not be affected, and the rights and obligations of the Parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

15. **Waiver.** Performance of this Agreement by any party, after notice of default of any of the terms, covenants or conditions, shall not be deemed a waiver of any right to terminate this Agreement for any subsequent default, and no waiver of such default shall be construed or act as a waiver of any subsequent default.

16. **Limitation of Liability**. Nothing contained in this Agreement is in any way intended to be a waiver of the limitation placed upon City's liability as set forth in Section 768.28, Florida Statutes.

17. **Public Records.** IF PROVIDER HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO PROVIDER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT CITY CLERK'S OFFICE, 300 SAMS AVENUE, NEW SMYRNA BEACH, FLORIDA 32168, PHONE: 386.410.2630, EMAIL: clerk@cityofnsb.com

Provider shall:

a. Keep and maintain public records that ordinarily and necessarily would be required by the City in order to perform the service.

b. Upon request from City's custodian of public records, provide City with a copy

of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, as may be amended or revised, or as otherwise provided by law.

c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of this contract if the Contractor does not transfer the records to City.

d. Upon completion of the Agreement, transfer, at no cost, to the City all public records in possession of Provider or keep and maintain public records required by City to perform the service. If Provider transfers all public records to City upon completion of this Agreement, Provider shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Provider keeps and maintains public records upon completion of this Agreement, Provider shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to City, upon request from City's custodian of public records, in a format that is compatible with the information technology systems of City.

18. **Record Keeping Procedure**. Provider shall keep and maintain accurate records of all services rendered in the performance of this Agreement and shall keep such records open to inspection by the City at reasonable hours during the entire term of this Agreement, plus three (3) years after expiration or termination of this Agreement. If any litigation, claim or audit is commenced prior to the expiration of the three (3) year period and extends beyond such period, the records shall be maintained until all litigation, including appeals, claims or audits have been concluded or resolved. Any person authorized by the City shall have access to and the right to examine any of the records.

19. **Construction of Agreement.** The Parties hereby agree that they have reviewed this Agreement, have consulted with their respective legal counsel, and participated in the drafting of this Agreement, and that this Agreement is not to be construed against any Party as if it were the drafter of this Agreement.

20. **Conflicts.** The terms of this Agreement shall control of any conflicting terms in any referenced agreement or document.

IN WITNESS WHEREOF, the Parties have duly and lawfully approved this Agreement and have authorized its execution and delivery by their respective officers, who have set their hands and their respective seals affixed below, all as of the date first written hereinabove.

IN WITNESS WHEREOF, the Parties hereto, by their duly authorized representatives, have executed this Agreement in counterparts on the dates set forth below.

JURISDICTIONAL BUSINESS OPERATIONS ASSESSMENT AND BTR FEES 'COLLECTION PROGRAM AGREEMENT BETWEEN THE CITY OF NEW SMYRNA BEACH AND RECRUITMENT AND ENGINEERING PRODUCTS & SERVICES, INC.

THIS JURISDICTIONAL BUSINESS OPERATIONS ASSESSMENT AND BTR FEES' COLLECTION PROGRAM AGREEMENT (the "Agreement") is made and entered into by and between the CITY OF NEW SMYRNA BEACH, a Florida municipal corporation ("City"), whose address is 210 Sams Avenue, New Smyrna Beach, FL 32168, and RECRUITMENT AND ENGINEERING PRODUCTS & SERVICES, INC. ("Provider"), whose address is 405 Deer Pointe Circle, Casselberry, FL 32707, collectively referred to as the "Parties," or individually as "Party."

RECITALS:

WHEREAS, Chapter 205, *Florida Statutes*, grants municipalities the right to levy, by appropriate resolution or ordinance, a business tax for the privilege of engaging in or managing any business, profession, or occupation within its jurisdiction;

WHEREAS, pursuant to Section 74-146, Code of Ordinances, City of New Smyrna Beach ("Code"), payment of a local business tax is required to engage in or manage any business within the City;

WHEREAS, City is a municipal corporation, existing under the laws of the State of Florida;

WHEREAS, Provider is an active corporation existing under the laws of the State of Florida, which owns and operates support services, including the assessment of business operations within a jurisdiction, for government agencies;

WHEREAS, the Parties individually and collectively acknowledge the benefit and need for assessment of business operations within the City in order to accurately assess ongoing business operations as well as maximize the efficient collection of business taxes pursuant to Florida Statues and the City's Ordinances;

WHEREAS, Provider proposed a program to the City whereby Provider conducts a comprehensive assessment of business operations within the City, including recommendations, and provides said assessment to City, with annual updating, for City to utilize for the purposes of business tax collection; and

WHEREAS, the City recognizes the potential benefits of Provider's services and has determined that entering into this Agreement would serve the public interest.

NOW THEREFORE, in consideration of the foregoing premises which are made part of this Agreement, and the mutual covenants, terms and conditions contained herein, and for other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties hereto agree as follows:

1. **Recitals Incorporated**. The Parties hereby declare that the Recitals set forth above are

true and correct and are incorporated herein and made a part of this Agreement.

2. **Definitions**. The following capitalized terms shall have the following meanings:

Agreement means this Jurisdictional Business Operations Assessment and BTR Fees' Collection Program Agreement and its Exhibits.

Business means any activity engaged in by any person, or caused to be engaged in by such person, with the object of private gain, benefit, or advantage, either direct or indirect.

Jurisdiction means generally the geographic area comprising the City boundaries, as same may be amended from time to time by contraction or annexation.

Local business tax means the fees charged and the method by which the City grants the privilege to engage in or manage any business, profession, or occupation within its jurisdiction. Also known as business tax.

Person means any individual, firm, agency, partnership, joint venture, syndicate, or other group or combination acting as a unit, association, club, corporation, estate, trust, business trust, trustee, executor, administrator, receiver or other fiduciary, engaged in any business, occupation, or profession subject to the provisions of this chapter.

Professional means any person engaged in any business, occupation or profession, but not limited to the same, and not falling into other classifications specifically set forth herein, or any person required to maintain an active and valid State of Florida, regulatory license, permit, registration, or certificate.

Receipt means the document that is issued by the City which bears the words "Local Business Tax Receipt" or "BTR" and evidences that the person in whose name the document is issued has complied with the provisions of this chapter relating to payment of the local business tax. Also known as local business tax receipt and formerly known as occupational license tax certificate or license.

3. **Purpose**. The purpose of this Agreement is to establish a program between the Parties that facilitates Provider using its proprietary business practices to conduct an assessment of ongoing business operations within the Jurisdiction, to provide City with an analysis of said assessment, and recommendations regarding ongoing business operations, for City to use such information to consolidate, supplement, and expedite its business tax collection practices, for Provider to assist the City in the collection of Business Tax Receipt fees and to conduct an annual update to the assessment and provide same to City, and for City to confirm receipt of said services from Provider and acknowledge same to other jurisdictions.

4. **Roles and Responsibilities of City.**

a. City will provide the following information to Provider:

i. Business Tax Receipt (BTR) records that will include all the fields within the BTR database, initially for the current/previous year and thereafter on a monthly basis;

ii. Documentation related to the Business Tax Receipt issuance process, including:

1. Policies and Procedures addressing:
   a. Conformance to State, County and City laws and ordinances;
   b. Process and oversight;
   c. Non-compliance Enforcement;

2. Forms, including:
   a. Local business awareness brochures, websites, pamphlets, etc.
   b. Business Tax Receipt Application requested information;
   c. Business Name, owner(s), address change;
   d. Site inspections and warnings;
   e. Enforcement; and
   f. Business Tax Receipt revocation.

3. Personnel training and continuing education;

4. Data verification sources; and

5. Data exchange with other departments and agencies.

b. City will notify Provider of any public records requests for information relating to this Agreement; and

c. City will allow Provider to utilize City's name as a client and confirm that City entered this Agreement with Provider to other jurisdictions upon request regarding same.

d. City will mail all the BTR applications prepared and delivered to the City by Provider or reimburses Provider for all of the BTR applications' mailing related expenses.

e. City will reimburse Provider for all of the BTR applications' preparation expenses consisting of envelopes, papers, printer ink, etc.

5. **Roles and Responsibilities of Provider.**

a. Provider will:

i. Cooperate with all public records requests, or seek immediate judicial ruling regarding any exempt, proprietary, confidential, or other protected information.

ii. Conduct the Enhanced Business Tax Receipt Delinquent Taxpayers' Names Delivery review.

iii. Conduct thorough analysis and evaluation of Business Tax Receipt collection's policies, procedures, forms, software, personnel training.

iv. Interview City personnel comprehensively.

v. Submit a detailed report based on Provider's findings as well as addressing policies, procedures, and operational recommendations.

vi. Submit recommended forms' modification pertaining to Business Tax Receipt application, data collection, evaluation for approval and update.

vii. Utilize the information provided by City, along with other information obtained by Provider, to assess the ongoing business operations within the jurisdiction.

viii. Compile the data and prepare an assessment report for City detailing the ongoing business operations within City, along with the professionals, businesses, and persons that are delinquent in paying currently owed or past due Business Taxes.

ix. Update the assessment of the jurisdiction annually to add and remove business operations as appropriate, and provide same to City, along with updated recommendations.

x. Determine persons that are liable for local business tax, prepare BTR related notifications/applications, and deliver them to the City on a weekly basis for mailing or mail them on behalf of the City.

xi. Within its capabilities and when asked, provide City with any assistance needed to minimize the workload on City personnel.

xii. Coordinate its BTR related activities with City Personnel.

6. **Effective Date.** The effective date of this Agreement shall be _____, 2023. Unless terminated earlier in accordance with Paragraph 7 herein, the Agreement will terminate on _____, 2024, with an option for two (2) one (1) year renewals upon an affirmative vote of the City Council, except for the provisions of this Agreement which by their terms survive the termination of this Agreement, in order to allow for enough time to competently evaluate the Program and produce a summary document as described in Paragraph 9 herein.

7. **Termination.** This Agreement may be terminated for cause if the Provider or City fails to perform in accordance with the terms and conditions of this Agreement following delivery of a written thirty (30) day notice stating the grounds for such default, and the default remains in effect.

8. **Payment.** The Parties agree that City shall pay Provider per the following schedule:

- Mailing related expenses based on receipts submitted by Provider;
- Revenue-based compensation, paid on a monthly basis, for the assessment performed and the collection of BTR Fees provided to the City pursuant to this Agreement. The compensation rate is twenty-five (25%) percent of all the revenue generated and collected from Persons obtaining their City BTR for the first time in two years.

9. **Summary**. At the conclusion of the Program, City and Provider will develop a summary document explaining the process through which City was able to work with Provider, what data was used, and a comparison between the expected results and the actual results and what, if any, procedural changes City adopted due to lessons learned during the Program. City will make this document available to other local governments to expand the services available to other local governments.

10. **Notices.** The Parties agree and understand that written notice, mailed or delivered to the last known mailing address, or address provided by a respective Party, shall constitute sufficient notice to the other Parties. All notices required and/or made pursuant to this Agreement to be given must be in writing and given by way of hand delivery, email, or the United States Postal Service, first class mail, postage prepaid, addressed to the following addresses of record:

As to City:
City of New Smyrna Beach

Attn: _____, _____

As to Provider:
Tax & Fees Collection Division
Recruitment and Engineering Products & Services, Inc.
405 Deer Pointe Circle, Casselberry, FL 32707
Attn: Ramzi Nassar, President & CEO

11. **Amendments.** The Parties agree that no modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed by all Parties with the same formality as this Agreement. In the event of a conflict between the covenants, terms, and/or provisions of this Agreement and any written amendments hereto, the provisions of the latest executed instrument shall take precedence.

12. **Entire Agreement.** This Agreement constitutes the entire agreement between the Parties and shall supersede, replace, and nullify any and all prior agreements or understandings, written or oral, relating to the matters set forth herein, and any such prior agreements or understandings shall have no force or effect whatsoever on this Agreement.

13. **Governing Laws.** The laws of the State of Florida shall govern all aspects of this Agreement. In the event it is necessary for any of the Parties to initiate legal action regarding this Agreement, venue shall lie in Volusia County, Florida. The Parties hereby waive their right to trial by jury in any action, proceeding, or claim arising out of this Agreement which may be brought by any of the Parties hereto.

14. **Severability.** All clauses of this Agreement act independently of each other. If a clause is found to be illegal or unenforceable, it shall have no effect on any other provision of this Agreement. The Parties agree that if any part, term, or provision of this Agreement is held by a court of competent jurisdiction to be illegal or in conflict with any law of the State of Florida or the United States, the validity of the remaining portions or provision shall not be affected, and the rights and obligations of the Parties shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid.

15. **Waiver.** Performance of this Agreement by any party, after notice of default of any of the terms, covenants or conditions, shall not be deemed a waiver of any right to terminate this Agreement for any subsequent default, and no waiver of such default shall be construed or act as a waiver of any subsequent default.

16. **Limitation of Liability**. Nothing contained in this Agreement is in any way intended to be a waiver of the limitation placed upon City's liability as set forth in Section 768.28, Florida Statutes.

17. **Public Records.** IF PROVIDER HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO PROVIDER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT CITY CLERK'S OFFICE, 300 SAMS AVENUE, NEW SMYRNA BEACH, FLORIDA 32168, PHONE: 386.410.2630, EMAIL: clerk@cityofnsb.com

Provider shall:

a. Keep and maintain public records that ordinarily and necessarily would be required by the City in order to perform the service.

b. Upon request from City's custodian of public records, provide City with a copy

of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, as may be amended or revised, or as otherwise provided by law.

c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of this contract if the Contractor does not transfer the records to City.

d. Upon completion of the Agreement, transfer, at no cost, to the City all public records in possession of Provider or keep and maintain public records required by City to perform the service. If Provider transfers all public records to City upon completion of this Agreement, Provider shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Provider keeps and maintains public records upon completion of this Agreement, Provider shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to City, upon request from City's custodian of public records, in a format that is compatible with the information technology systems of City.

18. **Record Keeping Procedure**. Provider shall keep and maintain accurate records of all services rendered in the performance of this Agreement and shall keep such records open to inspection by the City at reasonable hours during the entire term of this Agreement, plus three (3) years after expiration or termination of this Agreement. If any litigation, claim or audit is commenced prior to the expiration of the three (3) year period and extends beyond such period, the records shall be maintained until all litigation, including appeals, claims or audits have been concluded or resolved. Any person authorized by the City shall have access to and the right to examine any of the records.

19. **Construction of Agreement.** The Parties hereby agree that they have reviewed this Agreement, have consulted with their respective legal counsel, and participated in the drafting of this Agreement, and that this Agreement is not to be construed against any Party as if it were the drafter of this Agreement.

20. **Conflicts.** The terms of this Agreement shall control of any conflicting terms in any referenced agreement or document.

IN WITNESS WHEREOF, the Parties have duly and lawfully approved this Agreement and have authorized its execution and delivery by their respective officers, who have set their hands and their respective seals affixed below, all as of the date first written hereinabove.

IN WITNESS WHEREOF, the Parties hereto, by their duly authorized representatives, have executed this Agreement in counterparts on the dates set forth below.

THE CITY OF NEW SMYRNA BEACH - MAINTENANCE OPERATIONS

CONSIDER THE APPROVAL OF SCOTT REMODELING FOR CONSTRUCTION OF DORMS AT FIRE STATION 52.

April 8, 2025

Background:

Fire Station 52 was originally designed with 2 additional dorms to house a future ambulance service. The space was constructed with all necessary services "roughed-in" for the dorm conversion. The area is currently used as a training room. With the addition of an ambulance service, it is time to complete the dorms.

Fiscal Analysis:

Due to timing and the immediate need of the additional dorms, Maintenance Operations reached out to several contractors for quotes. Four (4) visited the location, and two (2) replied with a quote. Scott Remodeling came back with the best price for the work requested. The cost is $85,890.00 and there are sufficient funds available in the Fire Impact Fund (10652201.553098). A budget amendment will be submitted on the April 22nd agenda.

Strategic Plan Item:

No

Staff Report Created By: Kevin Brinkley - Assistant Maintenance Operations Director

Contractor will request payments by email or verbally directly too client at appropriate time.

Client has read and understands payment schedule and agrees to terms set forth;

Clients Signature

THE CITY OF NEW SMYRNA BEACH - MAINTENANCE OPERATIONS

CONSIDER THE APPROVAL OF THE REPLACEMENT OF TWO ROOFTOP AIR CONDITIONING UNITS AT THE BRANNON CENTER UTILIZING OMNIA CONTRACT.

April 8, 2025

Background:

The Brannon Center has 4 rooftop AC units. All 4 reached the end of their useful lifecycle and began to fail in 2022. One of the 15 ton units was replaced in FY24 and one of the 25 ton units in FY25 with the plan to budget for the replacement of the remaining 2 units in the coming years. The remaining 15 ton unit has now failed requiring immediate replacement.

Staff recommends approval.

Fiscal Analysis:

Because the units are located on the rooftop of the Brannon Center, a specialty crane is required for installation. By replacing the 25 ton unit at the same time as the failed 15 ton unit, the total cost of the project can be reduced by $5,000. This will reset the lifecycle of the units and will not need to be replaced for 10-12 years if serviced regularly.

Pricing based on Omnia Contract - Racine #3341
Cost of 15 Ton replacement - $36,613
Cost of 25 Ton replacement - $43,232

A budget amendment will be submitted on the April 27 meeting agenda.

Strategic Plan Item:

No

TERMS AND CONDITIONS – QUOTED SERVICE
"Company" shall mean Trane U.S. Inc..
To obtain repair service within the scope of Services as defined, contact your local Trane District office identified on the first page of the Agreement by calling the telephone number stated on that page. That Trane District office is responsible for Company's performance of this Agreement. Only Trane authorized personnel may perform service under this Agreement. For Service covered under this Agreement, Company will be responsible for the cost of transporting a part requiring service.
1. Agreement. These terms and conditions are an integral part of Company's offer and form the basis of any agreement (the "Agreement") resulting from Company's proposal (the "Proposal") for the services (the "Services") on equipment listed in the Proposal (the "Covered Equipment"). **COMPANY'S TERMS AND CONDITIONS ARE SUBJECT TO PERIODIC CHANGE OR AMENDMENT.**
2. Connected Services. In addition to these terms and conditions, the Connected Services Terms of Service ("Connected Services Terms"), available at https://www.trane.com/TraneConnectedServicesTerms, as updated from time to time, are incorporated herein by reference and shall apply to the extent that Company provides Customer with Connected Services, as defined in the Connected Services Terms.
3. Acceptance. The Proposal is subject to acceptance in writing by the party to whom this offer is made or an authorized agent ("Customer") delivered to Company within 30 days from the date of the Proposal. If Customer accepts the Proposal by placing an order, without the addition of any other terms and conditions of sale or any other modification, Customer's order shall be deemed acceptance of the Proposal subject to Company's terms and conditions. If Customer's order is expressly conditioned upon the Company's acceptance or assent to terms and/or conditions other than those expressed herein, return of such order by Company with Company's terms and conditions attached or referenced serves as Company's notice of objection to Customer's terms and as Company's counteroffer to provide Services in accordance with the Proposal. If Customer does not reject or object in writing to Company within 10 days, the Company's counteroffer will be deemed accepted. Customer's acceptance of the Services by Company will in any event constitute an acceptance by Customer of Company's terms and conditions. In the case of a dispute, the applicable terms and conditions will be those in effect at the time of delivery or acceptance of the Services. This Agreement is subject to credit approval by Company. Upon disapproval of credit, Company may delay or suspend performance or, at its option, renegotiate prices and/or terms and conditions with Customer. If Company and Customer are unable to agree on such revisions, this Agreement shall be cancelled without any liability, other than Customer's obligation to pay for Services rendered by Company to the date of cancellation.
4. Cancellation by Customer Prior to Services; Refund. If Customer cancels this Agreement within (a) thirty (30) days of the date this Agreement was mailed to Customer or (b) twenty (20) days of the date this Agreement was delivered to Customer, if it was delivered at the time of sale, and no Services have been provided by Company under this Agreement, the Agreement will be void and Company will refund to Customer, or credit Customer's account, the full Service Fee of this Agreement that Customer paid to Company, if any. A ten percent (10%) penalty per month will be added to a refund that is due but is not paid or credited within forty-five (45) days after return of this Agreement to Company. Customer's right to cancel this Agreement only applies to the original owner of this Agreement and only if no Services have been provided by Company under this Agreement prior to its return to Company.
5. Cancellation by Company. This Agreement may be cancelled by Company for any reason or no reason, upon written notice from Company to Customer no later than 30 days prior to performance of any Services hereunder and Company will refund to Customer, or credit Customer's account, that part of the Service Fee attributable to Services not performed by Company. Customer shall remain liable for and shall pay to Company all amounts due for Services provided by Company and not yet paid.
6. Services Fees and Taxes. Fees for the Services (the "Service Fee(s)") shall be as set forth in the Proposal and are based on performance during regular business hours. Fees for outside Company's regular business hours and any after-hours services shall be billed separately according to the then prevailing overtime or emergency labor/labour rates. In addition to the stated Service Fee, Customer shall pay all taxes not legally required to be paid by Company or, alternatively, shall provide Company with acceptable tax exemption certificates. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due.
7. Payment. Payment is due upon receipt of Company's invoice. Company reserves the right to add to any account outstanding for more than 30 days a service charge equal to the lesser of the maximum allowable legal interest rate or 1.5% of the principal amount due at the end of each month. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due or otherwise enforcing these terms and conditions.
8. Customer Breach. Each of the following events or conditions shall constitute a breach by Customer and shall give Company the right, without an election of remedies, to terminate this Agreement or suspend performance by delivery of written notice: (1) Any failure by Customer to pay amounts when due; or (2) any general assignment by Customer for the benefit of its creditors, or if Customer becomes bankrupt or insolvent or takes the benefit of any statute for bankrupt or insolvent debtors, or makes or proposes to make any proposal or arrangement with creditors, or if any steps are taken for the winding up or other termination of Customer or the liquidation of its assets, or if a trustee, receiver, or similar person is appointed over any of the assets or interests of Customer; (3) Any representation or warranty furnished by Customer in connection with this Agreement is false or misleading in any material respect when made; or (4) Any failure by Customer to perform or comply with any material provision of this Agreement. Customer shall be liable to the Company for all Services furnished to date and all damages sustained by Company (including lost profit and overhead)
9. Performance. Company shall perform the Services in accordance with industry standards generally applicable in the state or province where the Services are performed under similar circumstances as of the time Company performs the Services. Company is not liable for any claims, damages, losses, or expenses, arising from or related to work done by or services provided by individuals or entities that are not employed by or hired by Company. Company may refuse to perform any Services or work where working conditions could endanger property or put at risk the safety of people. Parts used for any repairs made will be those selected by Company as suitable for the repair and may be parts not manufactured by Company. Customer must reimburse Company for services, repairs, and/or replacements performed by Company at Customer's request beyond the scope of Services or otherwise excluded under this Agreement. The reimbursement shall be at the then prevailing applicable regular, overtime, or holiday rates for labor/labour and prices for materials. Prior to Company performing the additional services, repairs, and/or replacements, Customer may request a separate written quote stating the work to be performed and the price to be paid by Customer for the work.
10. Customer Obligations. Customer shall: (a) provide Company reasonable and safe access to the Covered Equipment and areas where Company is to work; and (b) unless otherwise agreed by Customer and Company, at Customer's expense and before the Services begin, Customer will provide any necessary access platforms, catwalks to safely perform the Services in compliance with OSHA, state, or provincial industrial safety regulations or any other applicable industrial safety standards or guidelines.
11. Exclusions. Unless expressly included in the Proposal, the Services do not include, and Company shall not be responsible for or liable to the Customer for, any claims, losses, damages or expenses suffered by the Customer in any way connected with, relating to or arising from any of the following:
(a) Any guarantee of room conditions or system performance;
(b) Inspection, operation, maintenance, repair, replacement or performance of work or services outside the Services;
(c) Damage, repairs or replacement of parts made necessary as a result of the acts or omission of Customer or any Event of Force Majeure;
(d) Any claims, damages, losses, or expenses, arising from or related to conditions that existed in, on, or upon the premises before the effective date of this Agreement ("Pre-Existing Conditions") including, without limitation, damages, losses, or expenses involving a Pre-Existing Condition of building envelope issues, mechanical issues, plumbing issues, and/or indoor air quality issues involving mold/mould, bacteria, microbial growth, fungi or other contaminates or airborne biological agents; and
(e) Replacement of refrigerant is excluded,unless replacement of refrigerant is expressly stated as included with the Proposal.
12. Limited Warranty. Company warrants that: (a) the material manufactured by Company and provided to the Customer in performance of the Services is free from defects in material and manufacture for a period of 12 months from the earlier of the date of equipment start-up or replacement and (b) the labor/labour portion of the Services is warranted to have been properly performed for a period of 90 days from date of completion (the "Limited Warranty"). Company obligations of equipment start-up, if any are stated in the Proposal, are coterminous with the Limited Warranty period. Defects must be reported to Company within the Limited Warranty period. Company's obligation under the Limited Warranty is limited to repairing or replacing the defective part at its option and to correcting any improperly performed labor/labour. No liability whatsoever shall attach to Company until the Services have been paid for in full. Exclusions from this Limited Warranty include claims, losses, damages, and expenses in any way connected with, related to, or arising from failure or malfunction of equipment due to the following: wear and tear; end of life failure; corrosion; erosion; deterioration; Customer's failure to follow the Company-provided maintenance plan; unauthorized or improper maintenance; unauthorized or improper parts or material; refrigerant not supplied by Company; and modifications made by others to Company's equipment. Company shall not be obligated to pay for the cost of lost refrigerant or lost product. Some components of Company equipment may be warranted directly from the component supplier, in which case this Limited Warranty shall not apply to those components and any warranty of such components shall be the warranty given by the component supplier. Notwithstanding the foregoing, all warranties provided herein terminate upon termination or cancellation of this Agreement. Equipment, material and/or parts that are not manufactured by Company ("Third-Party Product(s)") are not warranted by Company and have such warranties as may be extended by the respective manufacturer. **CUSTOMER UNDERSTANDS THAT COMPANY IS NOT THE MANUFACTURER OF ANY THIRD-PARTY PRODUCT(S) AND ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS ARE THOSE OF THE THIRD-PARTY MANUFACTURER, NOT COMPANY AND CUSTOMER IS NOT RELYING ON ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR**

SPECIFICATIONS REGARDING THE THIRD-PARTY PRODUCT THAT MAY BE PROVIDED BY COMPANY OR ITS AFFILIATES, WHETHER ORAL OR WRITTEN.

THE REMEDIES SET FORTH IN THIS LIMITED WARRANTY ARE THE SOLE AND EXCLUSIVE REMEDIES FOR WARRANTY CLAIMS PROVIDED BY COMPANY TO CUSTOMER UNDER THIS AGREEMENT AND ARE IN LIEU OF ALL OTHER WARRANTIES AND LIABILITIES, LIABILITIES, CONDITIONS AND REMIDIES, WHETHER IN CONTRACT, WARRANTY, STATUTE, OR TORT (INCLUDING NEGLIGENCE), EXPRESS OR IMPLIED, IN LAW OR IN FACT, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE OR FITNESS FOR A PARTICULAR PURPOSE AND/OR OTHERS ARISING FROM COURSE OF DEALING OR TRADE. COMPANY EXPRESSLY DISCLAIMS ANY REPRESENTATIONS OR WARRANTIES, ENDORSEMENTS OR CONDITIONS OF ANY KIND. EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF QUALITY, FITNESS, MERCHANTABILITY, DURABILITY AND/OR OTHERS ARISING FROM COURSE OF DEALING OR TRADE OR REGARDING PREVENTION BY THE SCOPE OF SERVICES, OR ANY COMPONENT THEREOF. COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND, INCLUDING WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. ADDITIONALLY, COMPANY MAKES NO REPRESENATION OR WARRANTY OF ANY KIND REGARDING PREVENTING, ELIMINATING, REDUCING OR INHIBITING ANY MOLD, FUNGUS, BACTERIA, VIRUS, MICROBIAL GROWTH, OR ANY OTHER CONTAMINANTS (INCLUDING COVID-19 OR ANY SIMILAR VIRUS) (COLLECTIVELY, "CONTAMINANTS"), WHETHER INVOLVING OR IN CONNECTION WITH EQUIPMENT, ANY COMPONENT THEREOF, SERVICES OR OTHERWISE. IN NO EVENT SHALL COMPANY HAVE ANY LIABILITY FOR THE PREVENTION, ELIMINATION, REDUCTION OR INHIBITION OF THE GROWTH OR SPREAD OF SUCH CONTAMINANTS INVOLVING OR IN CONNECTION WITH ANY EQUIPMENT, THIRD-PARTY PRODUCT, OR ANY COMPONENT THEREOF, SERVICES OR OTHERWISE AND CUSTOMER HEREBY SPECIFICALLY ACKNOWLDGES AND AGREES THERETO

13. Indemnity. To the maximum extent permitted by law, Company and Customer shall indemnify and hold harmless each other from any and all claims, actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, resulting from death or bodily injury or damage to real or personal property, to the extent caused by the negligence or misconduct of the indemnifying party, and/or its respective employees or authorized agents in connection with their activities within the scope of this Agreement. Neither party shall indemnify the other against claims, damages, expenses, or liabilities to the extent attributable to the acts or omissions of the other party or third parties. If the parties are both at fault, the obligation to indemnify shall be proportional to their relative fault. The duty to indemnify and hold harmless will continue in full force and effect, notwithstanding the expiration or early termination of this Agreement, with respect to any claims based on facts or conditions that occurred prior to expiration or termination of this Agreement.

14. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY, NEITHER PARTY SHALL BE LIABLE FOR SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL LOSSES OR DAMAGES OF ANY KIND (INCLUDING WITHOUT LIMITATION REFRIGERANT LOSS, PRODUCT LOSS, LOST REVENUE OR PROFITS, OR LIABILITY TO THIRD PARTIES), INCLUDING CONTAMINANTS LIABILITIES, OR PUNITIVE DAMAGES WHETHER BASED IN CONTRACT, WARRANTY, STATUTE, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, INDEMNITY OR ANY OTHER LEGAL THEORY OR FACTS. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, THE TOTAL AND AGGREGATE LIABILITY OF THE COMPANY TO THE CUSTOMER WITH RESPECT TO ANY AND ALL CLAIMS CONNECTED WITH, RELATED TO OR ARISING FROM THE PERFORMANCE OR NON-PERFORMANCE OF THIS AGREEMENT, WHETHER BASED IN CONTRACT, WARRANTY, STATUTE, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, INDEMNITY OR ANY OTHER LEGAL THEORY OR FACTS, SHALL NOT EXCEED THE COMPENSATION RECEIVED BY COMPANY UNDER THIS AGREEMENT. IN NO EVENT SHALL SELLER BE LIABLE FOR ANY DAMAGES (WHETHER DIRECT OR INDIRECT) RESULTING FROM MOLD, FUNGUS, BACTERIA, MICROBIAL GROWTH, OR OTHER CONTAMINATES OR AIRBORNE BIOLOGICAL AGENTS. TO THE MAXIMUM EXTENT ALLOWED BY LAW, COMPANY SHALL NOT BE LIABLE FOR ANY OF THE FOLLOWING IN CONNECTION WITH PROVIDING THE ENERGY AND BUILDING PERFORMANCE SERVICES: INTERRUPTION, DELETION, DEFECT, DELAY IN OPERATION OR TRANSMISSION; CUSTOMER'S NETWORK SECURITY; COMPUTER VIRUS; COMMUNICATION FAILURE; THEFT OR DESTRUCTION OF DATA; GAPS IN DATA COLLECTED; AND UNAUTHORIZED ACCESS TO CUSTOMER'S DATA OR COMMUNICATIONS NETWORK.

15. CONTAMINANTS LIABILITY

The transmission of COVID-19 may occur in a variety of ways and circumstances, many of the aspects of which are currently not known. HVAC systems, products, services and other offerings have not been tested for their effectiveness in reducing the spread of COVID-19, including through the air in closed environments. **IN NO EVENT WILL COMPANY BE LIABLE UNDER THIS AGREEMENT OR OTHERWISE FOR ANY INDEMNIFICATION, ACTION OR CLAIM, WHETHER BASED ON WARRANTY, CONTRACT, TORT OR OTHERWISE, FOR ANY BODILY INJURY (INCLUDING DEATH), DAMAGED TO PROPERTY,OR ANY OTHER LIABILITIES, DAMAGES OR COSTS RELATED TO CONTAMINANTS (INCLUCING THE SPREAD, TRANSMISSION MITIGATION, ELIMINATION, OR CONTAMINATION THEREOF) (COLLECTIVELY, "CONTAMINANTS LIABILITIES") AND CUSTOMER HEREBY EXPRESSLY RELEASES COMPANY FROM ANY SUCH CONTAMINANT LIABILITIES.**

16. Asbestos and Hazardous Materials. The Services expressly exclude any identification, abatement, cleanup, control, disposal, removal or other work connected with asbestos or other hazardous materials (collectively, "Hazardous Materials"). Should Company become aware of or suspect the presence of Hazardous Materials, Company may immediately stop work in the affected area and shall notify Customer. Customer will be responsible for taking any and all action necessary to correct the condition in accordance with all applicable laws and regulations. Customer shall be exclusively responsible for any claims, liability, fees and penalties, and the payment thereof, arising out of or relating to any Hazardous Materials on or about the premises, not brought onto the premises by Company. Company shall be required to resume performance of the Services only when the affected area has been rendered harmless.

17. Insurance. Company agrees to maintain the following insurance during the term of the contract with limits not less than shown below and will, upon request from Customer, provide a Certificate of evidencing the following coverage:

Commercial General Liability	$2,000,000 per occurrence
Automobile Liability	$2,000,000 CSL
Workers Compensation	Statutory Limits

If Customer has requested to be named as an additional insured under Company's insurance policy, Company will do so but only subject to Company's manuscript additional insured endorsement under its primary Commercial General Liability policies. In no event does Company or its insurer waive its right of subrogation

18. Force Majeure. Company's duty to perform under this Agreement is contingent upon the non-occurrence of an Event of Force Majeure. If Company shall be unable to carry out any material obligation under this Agreement due to an Event of Force Majeure, this Agreement shall at Company's election (i) remain in effect but Company's obligations shall be suspended until the uncontrollable event terminates or (ii) be terminated upon ten (10) days' notice to Customer, in which event Customer shall pay Company for all parts of the Services furnished to the date of termination. An "Event of Force Majeure" shall mean any cause or event beyond the control of Company. Without limiting the foregoing, "Event of Force Majeure" includes: acts of God; acts of terrorism, war or the public enemy; flood; earthquake; lightning; tornado; storm; fire; civil disobedience; pandemic insurrections; riots; labor disputes; labor or material shortages; sabotage; restraint by court order or public authority (whether valid or invalid), and action or non-action by or inability to obtain or keep in force the necessary governmental authorizations, permits, licenses, certificates or approvals if not caused by Company and the requirements of any applicable government in any manner that diverts either the material or the finished product to the direct or indirect benefit of the government.

19. General. Except as provided below, to the maximum extent provided by law, this Agreement is made and shall be interpreted and enforced in accordance with the laws of the state or province in which the Services are performed without regard to choice of law principles which might otherwise call for the application of a different state's or province's law. Any dispute arising under or relating to this Agreement that is not disposed of by agreement shall be decided by litigation in a court of competent jurisdiction located in the state or province in which the Services are performed. Any action or suit arising out of or related to this Agreement must be commenced within one year after the cause of action has accrued. To the extent the premises are owned and/or operated by any agency of the United States Federal Government, determination of any substantive issue of law shall be according to the United States Federal common law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government. This Agreement contains all of the agreements, representations and understandings of the parties and supersedes all previous understandings, commitments or agreements, oral or written, related to the Services. No documents shall be incorporated herein by reference except to the extent Company is a signatory thereon. If any term or condition of this Agreement is invalid, illegal or incapable of being enforced by any rule of law, all other terms and conditions of this Agreement will nevertheless remain in full force and effect as long as the economic or legal substance of the transaction contemplated hereby is not affected in a manner adverse to any party hereto. Customer may not assign, transfer, or convey this Agreement, or any part hereof, without the written consent of Company. Subject to the foregoing, this Agreement shall bind and inure to the benefit of the parties hereto and their permitted successors and assigns. This Agreement may be executed in several counterparts, each of which when executed shall be deemed to be an original, but all together shall constitute but one and the same Agreement. A fully executed facsimile copy hereof or the several counterparts shall suffice as an original. No modifications, additions or changes may be made to this Agreement except in a writing signed by Company. No failure or delay by the Company in enforcing any right or exercising any remedy under this Agreement shall be deemed to be a waiver by the Company of any right or remedy.

20. Equal Employment Opportunity/Affirmative Action Clause. Company is a United States federal contractor that complies fully with Executive Order 11246, as amended, and the applicable regulations contained in 41 C.F.R. Parts 60-1 through 60-60, 29 U.S.C. Section 793 and the applicable regulations contained in

41 C.F.R. Part 60-741; and 38 U.S.C. Section 4212 and the applicable regulations contained in 41 C.F.R. Part 60-250; and Executive Order 13496 and Section 29 CFR 471, appendix A to subpart A, regarding the notice of employee rights in the United States and with Canadian Charter of Rights and Freedoms Schedule B to the Canada Act 1982 (U.K.) 1982, c. 11 and applicable Provincial Human Rights Codes and employment law in Canada.

21. U.S. Government Contracts.

The following provision applies only to direct sales by Company to the US Government. The Parties acknowledge that all items or services ordered and delivered under this Agreement / Purchase Order are Commercial Items as defined under Part 12 of the Federal Acquisition Regulation (FAR). In particular, Company agrees to be bound only by those Federal contracting clauses that apply to "commercial" suppliers and that are contained in FAR 52.212-5(e)(1). Company complies with 52.219-8 or 52.219-9 in its service and installation contracting business. **The following provision applies only to indirect sales by Company to the US Government.** As a Commercial Item Subcontractor, Company accepts only the following mandatory flow down provisions: 52.219-8; 52.222-26; 52.222-35; 52.222-36; 52.222-39; 52.247-64. If the Services are in connection with a U.S. government contract, Customer agrees and hereby certifies that it has provided and will provide current, accurate, and complete information, representations and certifications to all government officials, including but not limited to the contracting officer and officials of the Small Business Administration, on all matters related to the prime contract, including but not limited to all aspects of its ownership, eligibility, and performance. Anything herein notwithstanding, Company will have no obligations to Customer unless and until Customer provides Company with a true, correct and complete executed copy of the prime contract. Upon request, Customer will provide copies to Company of all requested written communications with any government official related to the prime contract prior to or concurrent with the execution thereof, including but not limited to any communications related to contractor's Customer's ownership, eligibility or performance of the prime contract. Customer will obtain written authorization and approval from Company prior to providing any government official any information about Company's performance of the Services that are the subject of this offer or agreement, other than the Proposal or this Agreement.

22. Limited Waiver of Sovereign Immunity. If Customer is an Indian tribe (in the U.S.) or a First Nation or Band Council (in Canada), Customer, whether acting in its capacity as a government, governmental entity, a duly organized corporate entity or otherwise, for itself and for its agents, successors, and assigns: (1) hereby provides this limited waiver of its sovereign immunity as to any damages, claims, lawsuit, or cause of action (herein "Action") brought against Customer by Company and arising or alleged to arise out of the furnishing by Company of any product or service under this Agreement, whether such Action is based in contract, tort, strict liability, civil liability or any other legal theory; (2) agrees that jurisdiction and venue for any such Action shall be proper and valid (a) if Customer is in the U.S., in any state or United States court located in the state in which Company is performing this Agreement or (b) if Customer is in Canada, in the superior court of the province or territory in which the work was performed; (3) expressly consents to such Action, and waives any objection to jurisdiction or venue; (4) waives any requirement of exhaustion of tribal court or administrative remedies for any Action arising out of or related to this Agreement; and (5) expressly acknowledges and agrees that Company is not subject to the jurisdiction of Customer's tribal court or any similar tribal forum, that Customer will not bring any action against Company in tribal court, and that Customer will not avail itself of any ruling or direction of the tribal court permitting or directing it to suspend its payment or other obligations under this Agreement. The individual signing on behalf of Customer warrants and represents that such individual is duly authorized to provide this waiver and enter into this Agreement and that this Agreement constitutes the valid and legally binding obligation of Customer, enforceable in accordance with its terms.

SECURITY ADDENDUM

This Addendum shall be applicable to the sale, installation and use of Trane equipment and the sale and provision of Trane services. "Trane" shall mean Trane U.S. Inc. for sales and services in the United States, or Trane Canada ULC for sales and services in Canada.

1. **Definitions.** All terms used in this Addendum shall have the meaning specified in the Agreement unless otherwise defined herein. For the purposes of this Addendum, the following terms are defined as follows:

   "Customer Data" means Customer account information as related to the Services only and does not include HVAC Machine Data or personal data. Trane does not require, nor shall Customer provide personal data to Trane under the Agreement. Such data is not required for Trane to provide its Equipment and/or Services to the Customer.

   "Equipment" shall have the meaning set forth in the Agreement.

   "HVAC Machine Data" means data generated and collected from the product or furnished service without manual entry. HVAC Machine Data is data relating to the physical measurements and operating conditions of a HVAC system, such as but not limited to, temperatures, humidity, pressure, HVAC equipment status. HVAC Machine Data does not include Personal Data and, for the purposes of this agreement, the names of users of Trane's controls products or hosted applications shall not be Personal Data, if any such user chooses to use his/her name(s) in the created accounts within the controls product (e.g., firstname.lastname@address.com). HVAC Machine Data may be used by Trane: (a) to provide better support services and/or products to users of its products and services; (b) to assess compliance with Trane terms and conditions; (c) for statistical or other analysis of the collective characteristics and behaviors of product and services users; (d) to backup user and other data or information and/or provide remote support and/or restoration; (e) to provide or undertake: engineering analysis; failure analysis; warranty analysis; energy analysis; predictive analysis; service analysis; product usage analysis; and/or other desirable analysis, including, but not limited to, histories or trends of any of the foregoing; and (f) to otherwise understand and respond to the needs of users of the product or furnished service. "Personal Data" means data and/or information that is owned or controlled by Customer, and that names or identifies, or is about a natural person, such as: (i) data that is explicitly defined as a regulated category of data under any data privacy laws applicable to Customer; (ii) non-public personal information ("NPI") or personal information ("PI"), such as national identification number, passport number, social security number, social insurance number, or driver's license number; (iii) health or medical information, such as insurance information, medical prognosis, diagnosis information, or genetic information; (iv) financial information, such as a policy number, credit card number, and/or bank account number; (v) personally identifying technical information (whether transmitted or stored in cookies, devices, or otherwise), such as IP address, MAC address, device identifier, International Mobile Equipment Identifier ("IMEI"), or advertising identifier; (vi) biometric information; and/or (vii) sensitive personal data, such as, race, religion, marital status, disability, gender, sexual orientation, geolocation, or mother's maiden name.

   "Security Incident" shall refer to (i) a compromise of any network, system, application or data in which Customer Data has been accessed or acquired by an unauthorized third party; (ii) any situation where Trane reasonably suspects that such compromise may have occurred; or (iii) any actual or reasonably suspected unauthorized or illegal Processing, loss, use, disclosure or acquisition of or access to any Customer Data.

   "Services" shall have the meaning set forth in the Agreement.

2. HVAC Machine Data; Access to Customer Extranet and Third Party Systems. If Customer grants Trane access to HVAC Machine Data via web portals or other non-public websites or extranet services on Customer's or a third party's website or system (each, an "Extranet"), Trane will comply with the following:
   a. Accounts. Trane will ensure that Trane's personnel use only the Extranet account(s) designated by Customer and will require Trane personnel to keep their access credentials confidential.
   b. Systems. Trane will access the Extranet only through computing or processing systems or applications running operating systems managed by Trane that include: (i) system network firewalls; (ii) centralized patch management; (iii) operating system appropriate anti-malware software; and (iv) for portable devices, full disk encryption.
   c. Restrictions. Unless otherwise approved by Customer in writing, Trane will not download, mirror or permanently store any HVAC Machine Data from any Extranet on any medium, including any machines, devices or servers.
   d. Account Termination. Trane will terminate the account of each of Trane's personnel in accordance with Trane's standard practices after any specific Trane personnel who has been authorized to access any Extranet (1) no longer needs access to HVAC Machine Data or (2) no longer qualifies as Trane personnel (e.g., the individual leaves Trane's employment).
   e. Third Party Systems. Trane will provide Customer prior notice before it uses any third party system that stores or may otherwise have access to HVAC Machine Data, unless (1) the data is encrypted and (2) the third party system will not have access to the decryption key or unencrypted "plain text" versions of the HVAC Machine Data.

© 2024 Trane Technologies All rights reserved

3. Customer Data; Confidentiality. Trane shall keep confidential, and shall not access or use any Customer Data and information that is marked confidential or by its nature is considered confidential ("Customer Confidential Information") other than for the purpose of providing the Equipment and Services, and will disclose Customer Confidential Information only: (i) to Trane's employees and agents who have a need to know to perform the Services, (ii) as expressly permitted or instructed by Customer, or (iii) to the minimum extent required to comply with applicable law, provided that Trane (1) provides Customer with prompt written notice prior to any such disclosure, and (2) reasonably cooperate with Customer to limit or prevent such disclosure.

4. Customer Data; Compliance with Laws. Trane agrees to comply with laws, regulations governmental requirements and industry standards and practices relating to Trane's processing of Customer Confidential Information (collectively, "***Laws***").

5. Customer Data; Information Security Management. Trane agrees to establish and maintain an information security and privacy program, consistent with applicable HVAC equipment industry practices that complies with this Addendum and applicable Laws ("***Information Security Program***"). The Information Security Program shall include appropriate physical, technical and administrative safeguards, including any safeguards and controls agreed by the Parties in writing, sufficient to protect Customer systems, and Customer's Confidential Information from unauthorized access, destruction, use, modification or disclosure. The Information Security Program shall include appropriate, ongoing training and awareness programs designed to ensure that Trane's employees and agents, and others acting on Trane's, behalf are aware of and comply with the Information Security Program's policies, procedures, and protocols.

6. Monitoring. Trane shall monitor and, at regular intervals consistent with HVAC equipment industry practices, test and evaluate the effectiveness of its Information Security Program. Trane shall evaluate and promptly adjust its Information Security Program in light of the results of the testing and monitoring, any material changes to its operations or business arrangements, or any other facts or circumstances that Trane knows or reasonably should know may have a material impact on the security of Customer Confidential Information, Customer systems and Customer property.

7. Audits. Customer acknowledges and agrees that the Trane SOC2 audit report will be used to satisfy any and all audit/inspection requests/requirements by or on behalf of Customer. Trane will make its SOC2 audit report available to Customer upon request and with a signed nondisclosure agreement.

8. Information Security Contact. Trane's information security contact is Local Sales Office.

9. Security Incident Management. Trane shall notify Customer after the confirmation of a Security Incident that affects Customer Confidential Information, Customer systems and Customer property. The written notice shall summarize the nature and scope of the Security Incident and the corrective action already taken or planned.

10. Threat and Vulnerability Management. Trane regularly performs vulnerability scans and addresses detected vulnerabilities on a risk basis. Periodically, Trane engages third-parties to perform network vulnerability assessments and penetration testing. Vulnerabilities will be reported in accordance with Trane's cybersecurity vulnerability reported process. Trane periodically provides security updates and software upgrades.

11. Security Training and Awareness. New employees are required to complete security training as part of the new hire process and receive annual and targeted training (as needed and appropriate to their role) thereafter to help maintain compliance with Security Policies, as well as other corporate policies, such as the Trane Code of Conduct. This includes requiring Trane employees to annually re-acknowledge the Code of Conduct and other Trane policies as appropriate. Trane conducts periodic security awareness campaigns to educate personnel about their responsibilities and provide guidance to create and maintain a secure workplace.

12. Secure Disposal Policies. Policies, processes, and procedures regarding the disposal of tangible and intangible property containing Customer Confidential Information so that wherever possible, Customer Confidential Information cannot be practicably read or reconstructed.

13. Logical Access Controls. Trane employs internal monitoring and logging technology to help detect and prevent unauthorized access attempts to Trane's corporate networks and production systems. Trane's monitoring includes a review of changes affecting systems' handling authentication, authorization, and auditing, and privileged access to Trane production systems. Trane uses the principle of "least privilege" (meaning access denied unless specifically granted) for access to customer data.

14. Contingency Planning/Disaster Recovery. Trane will implement policies and procedures required to respond to an emergency or other occurrence (i.e. fire, vandalism, system failure, natural disaster) that could damage Customer Data or any system that contains Customer Data. Procedures include the following
    (i) data backups; and
    (ii) formal disaster recovery plan. Such disaster recovery plan is tested at least annually.

© 2024 Trane Technologies All rights reserved

15. Return of Customer Data. If Trane is responsible for storing or receiving Customer Data, Trane shall, at Customer's sole discretion, deliver Customer Data to Customer in its preferred format within a commercially reasonable period of time following the expiration or earlier termination of the Agreement or, such earlier time as Customer requests, securely destroy or render unreadable or undecipherable each and every original and copy in every media of all Customer's Data in Trane's possession, custody or control no later than [90 days] after receipt of Customer's written instructions directing Trane to delete the Customer Data.

16. Background checks Trane shall take reasonable steps to ensure the reliability of its employees or other personnel having access to the Customer Data, including the conducting of appropriate background and/or verification checks in accordance with Trane policies.

17. DISCLAIMER OF WARRANTIES. EXCEPT FOR ANY APPLICABLE WARRANTIES IN THE AGREEMENT, THE SERVICES ARE PROVIDED "AS IS", WITH ALL FAULTS, AND THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY AND EFFORT AS TO SUCH SERVICES SHALL BE WITH CUSTOMER. TRANE DISCLAIMS ANY AND ALL OTHER EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES WITH RESPECT TO THE SERVICES AND THE SERVICES PROVIDED HEREUNDER, INCLUDING ANY EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR THAT THE SERVICES WILL OPERATE ERROR-FREE OR UNINTERRUPTED OR RETURN/RESPONSE TO INQUIRIES WITHIN ANY SPECIFIC PERIOD OF TIME.

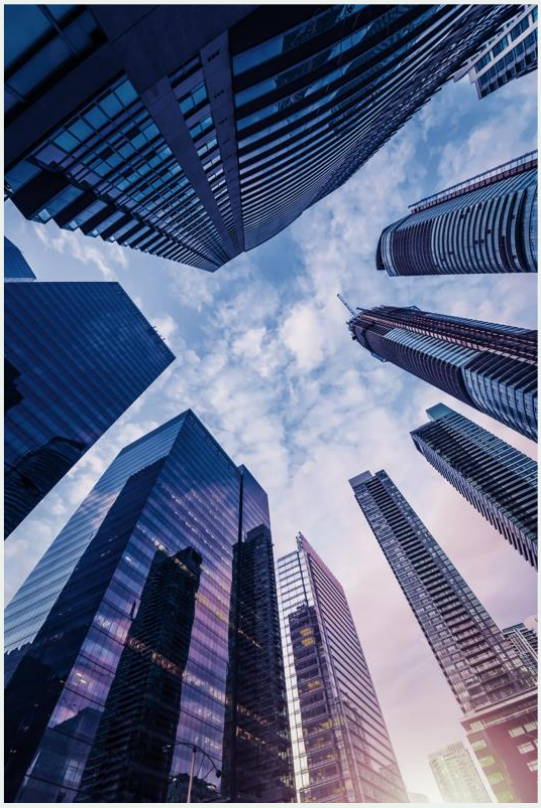
APPENDIX



SERVICE BEST PRACTICES

Trane is completely dedicated to making buildings better. The ongoing pursuit of better buildings, using our long-term domain expertise to push new technologies into everyday use, keeps us at the forefront of the industry.

In addition to the services details in the agreement above, we take practical steps every day to ensure our approach is safe and efficient.

SAFETY

Since 2003, U.S. Bureau of Labor Statistics records have consistently shown the Total Recordable Incident Rate (TRIR) and Days Away From Work (DAFW) for Trane have been significantly lower than those for HVAC repair and maintenance contractors and specialty trade contractors (construction). The company's safety culture in America is unparalleled in the building service industry, with proven results in the continuous reduction of injury rates. Trane incident rates (OSHA) are consistently 50 to 70 percent below the industry average.

A wide range of safety training and resources are available to Trane technicians, including:

- Safety training—20 hours per year
- Electrical safety—NFPA 70E compliant, electrical PPE
- Fall protection
- Ergonomics
- USDOT compliance
- Refrigerant management training

ENVIRONMENTAL PRACTICES

Trane policies and procedures are compliant with all federal and state regulations. Refrigerant (and substitutes) handling, storage and leak repair processes are compliant with Environmental Protection Agency regulation 40 CFR Part 82. Service technicians are Universal-certified and use only certified recovery equipment

Refrigerant Management Software (RMS) captures, manages and reports all refrigerant activity at your site. Annually, Trane will send you a report documenting all refrigerant activity that we performed for each piece of equipment during the past 12 months

Trane adheres to all environmental regulations when removing used oil from refrigeration units.

CONSISTENCY

Nationwide, Trane technicians follow documented, formal processes that ensure uniform service delivery. As an OEM, Trane has developed exclusive service procedures which provide the most reliable outcomes, and extended equipment longevity, at the most cost-effective price.

- Exclusive service work flow processes provide detailed steps and information encompassing parts, materials, tools and sequence of execution
- Additional steps addressing safety, quality control, work validation and environmental compliance
- Technicians must consistently reference documented processes to ensure no critical steps are skipped or omitted
- Applicable service processes meet or exceed ASHRAE 180-2008 Standard Practice for Inspection and Maintenance of Commercial Building HVAC Systems

June 15, 2022

Dear Prospective Bidder:

You are invited to submit a bid to provide HVAC Products, Installation, Labor Based Solutions, and Related Products and Services for Racine County and other municipal governments and local public agencies. A copy of this solicitation is available for download at: https://www.racinecounty.com/departments/finance/purchasing-rfps-and-bids. Submitted bids are due on or before 1:00 p.m. CST on Thursday July 21, 2022, you must submit electronically online using the DemandStar application at www.DemandStar.com. Late bids will not be accepted.

Bids must be submitted electronically online using the DemandStar application at www.DemandStar.com. The terms 'Firms', 'Suppliers', 'Contractors', 'Offeror', 'Vendor', 'Respondent', and/or 'Bidder' may be used interchangeably.

General questions regarding this solicitation should be directed to Duane McKinney at (262) 636-3700 or via email at Duane.McKinney@racinecounty.com.

Technical questions should be submitted via email to Duane McKinney, Purchasing Manager, at Duane.McKinney@racinecounty.com.

No other Racine County employee or representative is authorized to provide information or interpret any portion of this solicitation. No contact from a vendor to any Racine County employee or elected official should be made during this process unless authorized by Racine County Finance Department.-Purchasing Division.

If your firm chooses not to submit a response for this procurement, please complete Attachment E – No Bid Form.

RACINE COUNTY RESERVES THE RIGHT TO ACCEPT OR REJECT ANY OR ALL BIDS; TO WAIVE ANY TECHNICALITY OR ERROR IN ANY BID OR PART THEREIN, AND TO ACCEPT THE SAME OR COMBINATIONS, IN WHOLE OR IN PART, WHICHEVER IS DEEMED TO BE IN THE BEST INTEREST OF RACINE COUNTY IN ITS SOLE AND EXCLUSIVE DISCRETION.

Sincerely,

Duane McKinney
Racine County Purchasing Manager

INVITATION FOR BID
IFB # RC2022-1001

HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS, AND RELATED PRODUCTS AND SERVICES

I. PROJECT OVERVIEW

Racine County is accepting bids for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services. The Master Agreement will allow government agencies to purchase the products and services defined herein, in indefinite quantities on an as-needed basis. Participating Public Agencies may have different requirements and they may choose to sign supplemental agreements with the Awarded Bidder(s) to conform to their purchasing and contracting requirements.

A. STEP-ONE

For the first step of the bidding process, Bidders will submit their sealed bid with all requested information, to include Certification of Vendor, and Attachment C – Bid Form by the due date and time outlined in this IFB. After the due date and time, all Bids will be reviewed to determine if they are responsive, responsible, and meet the minimum requirements. Each Bidder determined to be responsive, responsible, and qualified shall be deemed to be a "Responsible Bidder".

B. STEP-TWO

For the second step of the bidding process, Racine County will distribute to each Responsible Bidder the Sample Project Forms, which have already been prepared and are actual (hypothetical) projects. When completing the Sample Project Form, Responsible Bidders are required to USE THE SAME LINE ITEM PRICING from Attachment C – Bid Form and apply them to the Sample Projects Forms to be supplied upon identification of a Responsible Bidder(s) in the first step; a reduction in price for the sample projects outlined in a Responsible Bidder's Sample Project Form will not be allowable. The final basis for award to the lowest responsible Bidder(s) will result from the lowest total dollar amount of the combined sample projects.

II. INSTRUCTION TO BIDDERS

A. SCHEDULE

Issuance of Bid:	Wednesday June 15, 2022
Virtual Only Non-Mandatory Pre-Bid Meeting:	Wednesday June 29 at 10am (CST), 2022
Deadline for Bidder Questions:	Wednesday June 29, 2022 by 5pm (CST)
Addendum/Questions Answered for Solicitation:	Wednesday July 6, 2022
Bid Due Date:	Thursday July 21, 2022 by 1pm (CST)

B. BIDDER'S QUESTIONS

Bidders are reminded to **carefully** examine the bid packet and specifications upon receipt. If the Bidder does not fully understand the Invitation for Bid (IFB) or is in doubt as to the County's ideas or intentions concerning any portion of the IFB, any/all questions shall be submitted in writing to Duane McKinney, Purchasing Manager by 5:00 p.m. on Wednesday June 29, 2022, either by fax or e-mail for interpretation or correction of any printed material:

Fax: 262-636-3763
E-mail: Duane.McKinney@racinecounty.com

No verbal explanation or instructions will be given in regard to the meaning of the specifications during the response period. If necessary, in Racine County's sole discretion, answers to questions will be provided to all specification holders in the form of an addendum. Any addendum will include a list of each question received and Racine County's response as of the date of the addendum.

C. ADDENDA

Any changes made to the Invitation to Bid after posting will be issued via addenda to all prospective bidders and if necessary, an extension will be made to the Bid Due Date. The original Invitation to Bid and any addenda will be posted to the Racine County Website https://www.racinecounty.com/departments/finance/purchasing-rfps-and-bids. Bidders are responsible for checking this website for any future addenda prior to the opening date. All addenda must be signed and returned with your submitted bid as specified in the addenda. Bidders who do not return the addenda may have their bids rejected.

If a vendor receives a bid packet from any source or entity other than the Racine County Purchasing Department, the Bidder is responsible for contacting the Racine County Purchasing Department and requesting the firm's name be put on the response list for the project. Failure to do so in no way obligates the County to send out addendum or other information concerning this request to the firm.

D. VIRTUAL ONLY NON-MANDATORY PRE-BID MEETING

A non-mandatory (virtual only) pre-bid meeting will be held on Wednesday June 29, 2022 at 10am local time held by phone. Due to COVID, Bidders should register for the meeting by Tuesday June 28, 2022 with Duane via above email or (262) 636-3700, to obtain the dial in information.

While non-mandatory, it is strongly encouraged for Bidders to attend the pre-bid meeting. Oral statements or discussions during the pre-bid meeting will not be binding. Any questions should be submitted in writing per item B. of this Section. Changes, if any, will only be made in writing via Addenda as described in item C. Addenda.

The purpose of this meeting will be to clarify the contents of this IFB in order to prevent any misunderstandings of the IFB. Any doubt as to the requirements of this IFB or any apparent omission or discrepancy should be presented to Racine County at this

conference. Racine County will then determine the appropriate action necessary, if any, and may issue a written addendum to the IFB. Oral statements or instructions will not constitute an addendum to this IFB. No other Racine County employee or representative is authorized to provide information or interpret any portion of this solicitation. Contact to any Racine County employee or elected official regarding this IFB during this process is prohibited unless authorized by the Racine County Purchasing Manager.

E. METHOD OF BID

Bidders must submit their bids using the Bid Form documents attached to this IFB and incorporated herein as Attachment C and shall submit all other information and materials required by this IFB. Bids written in pencil or in a format other than the attached forms will be rejected. Erasures or corrections of mistakes on forms submitted shall be initialed or signed by Bidder. Failure to meet any requirements listed in this solicitation document may be cause for disqualification of the bid.

Any information considered to be proprietary by a Bidder must be plainly marked as such and may not include pricing. Racine County makes no warranty or representation as to the application of the Wisconsin Public Records Law (Wis. Stat. § 19.31, et seq.)(the "WPRL") to any documents and information submitted in response to this IFB. Each copy of the response shall include the Certification of Vendor page and acknowledgement of addendum(s) **if any**. A legally authorized representative of the Bidder will sign the Certification of Vendor page.

F. INCURRING COSTS

Racine County shall not be liable for any costs incurred in replying to this IFB.

G. ADDITIONAL DATA WITH BID

Bidders may include any additional information deemed advantageous to Racine County. Consideration of additional data and information is to be held optional to Racine County however if an award is made, it will be awarded as outlined in Section D Award under Part V. Award Information.

H. DUE DATE

You must submit electronically online using the DemandStar application at www.DemandStar.com of your bid is to be received by **1:00 p.m. (CST) Thursday July 21, 2022,** in the offices of the Racine County Purchasing Division. Bids received after 1:00 p.m. central time as dictated by www.time.gov shall be considered late and will not be accepted. Late bids will not be accepted. Faxes will not be accepted.

Any Bid received by the County after this date and time will not be accepted. Bidders are responsible for ensuring that the above office receives its Bid before the deadline. All Bids will be reviewed and evaluated as described in Part V. Award Information

I. WITHDRAWAL OF BIDS

Bids may be withdrawn on written or electronic request received from Bidder prior to time and date fixed for bid opening if the bid contains a mistake, omission, or error. Subject to Wis. Stat. § 66.0901(5), negligence on the part of the Bidder in preparing their bid confers no right for withdrawal of the bid after it has been opened. Bids that are withdrawn prior to the time and date set for bid opening with be returned unopened and the Bidder may not re-submit a bid to this solicitation unless no contract is awarded under this IFB and the IFB is re-advertised.

J. AMENDMENTS TO BIDS

Subject and pursuant to Wis. Stat. § 66.0901(5), each Bidder will be allowed a period of forty-eight (48) hours after the time and date set for receipt of responses to notify the County in writing of a material mistake in the bid. However, no changes to the line item prices in Bid Form, included as part of this bid, are permitted after sealed bids are accepted by the due date and time outlined in this IFB. Failure of Bidder to notify the County in the manner and within the time limit specified above will constitute a waiver by the Bidder of all rights and remedies relative to a material mistake.

Formal bid amendments thereto or requests for withdrawal of bid received by Racine County after time specified for opening will not be considered.

K. BIDS BINDING 90 DAYS

Unless otherwise specified, all formal responses submitted shall be binding for ninety (90) calendar days following the bid opening date.

II. TERMS AND CONDITIONS

A. GENERAL TERMS AND CONDITIONS

The successful Bidder(s) (the "Contractor") agrees to all of Racine County's General Terms and Conditions located at https://racinecounty.com/home/showdocument?id=11726 and incorporated by reference herein.

B. INSURANCE

1. Requirement

Contractor shall procure and maintain in full force and effect for the duration of this Agreement, insurance protecting against claims for injuries to persons or damages to property which may arise from or in connection with performance of the work hereunder by the Contractor, his agents, representatives, employees, or subcontractors.

2. Minimum Limits of Insurance

Each vendor shall obtain insurance at the following minimum limits:

- General Liability

- $1,000,000 each occurrence
- $1,000,000 personal and advertising injury
- $2,000,000 general aggregate
- $2,000,000 products and completed operations aggregate

- Umbrella Liability Insurance on a following form basis
  - $4,000,000 each occurrence
  - $4,000,000 aggregate
  - Any combination of underlying coverage and umbrella equaling $5,000,000 shall be acceptable.
- Workers Compensation Statutory Limits plus:
  - $100,000 E.L. Each Accident
  - $100,000 E.L. Disease Each Employee
  - $500,000 E.L. Disease Policy Limit

The following applies to all policies:

- The county is named as an additional insured on the general liability, automobile, and umbrella policies.
- All insurance must be placed with an insurance company with a minimum AM Best Rating of A- VII
- The insurers shall agree under each required policy of insurance to waive all rights of subrogation against the insured parties for losses arising from work performed by the Contractor for Racine County.

The making of progress payments to the Contractor shall not be construed as relieving the Contractor or its subcontractors or insurance carriers providing the coverage described herein for responsibility for loss or direct physical loss, damage or destruction occurring prior to final acceptance of the Work.

3. Deductibles and Self-Insured Retention

Any deductibles or self-insurance retentions must be declared to and approved by Racine County so that the County may ensure the financial solvency of the Contractor. At the option of the County, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the County, its officers, officials, and employees; or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses. Contractor shall pay all deductibles and be liable for all claims, losses and damages for which it self-insures.

4. Other Insurance Provisions

The policies are to contain, or be endorsed to contain, the following provisions:

1. General Liability, Automobile Liability, and Umbrella/Excess Insurance

a. Additional Insured Requirement. Racine County, its elected and appointed officials, officers, boards, commissions, officers, employees, representatives, servants, volunteers and agents (hereinafter referred to as “Insured Party” or “Insured Parties”) are to be **covered as additional insureds** as respects: liability arising out of activities performed by or on behalf of the Contractor; products and completed operations of the Contractor, premises owned, leased, or used by the

Contractor; and automobiles owned, leased, hired, or borrowed by the Contractor. The coverage shall contain no special limitations on the scope of protection afforded to the Insured Parties. Nothing contained in this section shall be construed to require the Contractor to provide liability insurance coverage to the any Insured Party for claims asserted against such Insured Party for its sole negligence.

b. Primary Insurance Requirement. The Contractor's insurance coverage shall be primary and noncontributing insurance as respects to any other insurance or self-insurance available to the Insured Parties. Any insurance or self-insurance maintained by the Insured Parties shall be in excess of the Contractor's insurance and shall not contribute with it.

c. Reporting Requirement. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the Insured Parties.

d. Separate Coverage. Coverage shall state that the Contractor's insurance shall apply separately to each Insured Party against whom claim is made or suit is brought.

e. Defense Costs/Cross Liability. Coverage shall be provided on a “pay on behalf” basis, with defense costs payable in addition to policy limits. There shall be no cross liability exclusion.

5. Workers’ Compensation and Employers Liability Coverage

The Contractor shall have and maintain in full force and effect for the duration of this Agreement, insurance protecting against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Work by the Contractor, its agents, representatives, employees or subcontractors. The insurer shall agree to waive all rights of subrogation against Racine County, and its officers, officials, employees and volunteers for losses arising from the work performed by the Contractor for Racine County.

6. Waiver of Subrogation

The insurers shall agree under each policy of insurance required by this Contract to waive all rights of subrogation against the Insured Parties for losses arising from work performed by the Contractor for Racine County.

7. All Coverages

1. Notice Requirement.

Each insurance policy required by this Contract shall be endorsed to state that coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to Racine County Courthouse, Purchasing Department, 730 Wisconsin Avenue, Racine WI 53403. The County reserves the right to accept alternate notice terms and provisions provided they meet the minimum requirements under Wisconsin law.

2. Acceptability.

   The insurance to be maintained by Contractor must be issued by a company licensed or approved to transact business in the State of Wisconsin. Such insurance shall be placed with insurers with a Best's Policyholder's Rating of "A" or better and with a financial rating of Class VII or greater, or be otherwise acceptable to Racine County. All policies shall be subject to approval by the Racine County Corporation Counsel as to form and content.

3. Failure of Insurers.

   The Contractor shall be responsible for any delay resulting from the failure of any insurer to furnish proof of coverage in the prescribed form.

8. Verification of Coverage

   Prior to execution of the contract, Contractor shall furnish Racine County with certificates of insurance and endorsements to the policies evidencing all coverages required by this Contract. Additionally, the declarations page for each insurance policy listed on the certificate of insurance shall be submitted to the County. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates shall reference the contract and provide for thirty (30) days advance notice of cancellation or non-renewal during the term of the contract. Racine County reserves the right to require complete, certified copies of all required insurance policies at any time. The contractor shall provide proof that any expiring coverage has been renewed or replaced prior to the expiration of the coverage.

9. Subcontractors

   Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverage for subcontractors shall be subject to all of the requirements stated in this Agreement, including, but not limited to, naming the Insured Parties as additional insureds. The Contractor shall not allow any subcontractor to commence work until the aforementioned requirements are met.

C. USE OF PREMISES

The Successful Bidder(s), also referred to as Contractor, shall confine their equipment, the storage of materials and the operations of their work persons to the limits of the work area or in accordance with the directions of the County, laws, ordinances and permits, and shall not unreasonably encumber the premises with their materials. All construction materials, shelter, vehicle parking and storage shall be confined to site. Locations of such storage shall be approved in advance by the County.

The Contractor is responsible for any damage done to the building structure, existing hallways, doors etc., that is not part of the scope of work and was damaged during the construction period by the Contractor.

The County shall have the right to use or occupy the premises and use the whole or any part of the work area as is possible without interference with the work prior to its final acceptance. Such use is not to be taken as an acceptance by the County of the whole or any part of the work performed under this contract.

The Contractor is responsible for obtaining any necessary licenses and permits, and for complying with any applicable Federal, State, and municipal laws, codes, and regulations in connection with the prosecution of the work without additional expense. The Contractor is similarly responsible for all damages to persons or property that occurs because of their fault or negligence. The Contractor shall take proper safety and health precautions to protect the work, the workers, the public, and the property of others. The Contractor is also responsible for all materials delivered and work performed until completion and acceptance of the entire construction work, except for any completed unit of construction previously accepted.

D. LIEN WAIVERS

If Contractor requires multiple payments, all requests will be only for work completed at date of application. Lien Waivers will be provided.

All necessary lien waivers are required with each request for payment. Lien waivers for first pay request total may be submitted at time of second pay request only if approved by Owner. Accurate sequencing henceforth will be followed. Final lien waivers will be processed and ready for distribution to Owner prior to final payment being processed.

All Lien waivers will contain the following language, clearly typed:

> "Except for retainage, if applicable, there are no outstanding Claims made against the Owner and/or its lenders and guarantors, or the Project, in connection with the work performed in the construction of the Project through the Period Date, except as set forth in Exhibit A attached hereto, if any, and no such claims set forth on Exhibit A have been included in the Application for Payment dated as of the Application Date."

E. BONDS

1. PERFORMANCE & PAYMENT BONDS
   When required by the Participating Public Agency, the Contractor shall furnish a Performance Bond and Labor and Materials Payment Bond covering the faithful performance of the contract and the payment of all obligations arising there under and complying with the requirements of Wisconsin's law or the applicable state of the Participating Public Agency. Both bonds shall be in the amount of one hundred percent (100%) of the contract amount and shall name the Participating Public Agency as an oblige. Companies issuing bonds must be licensed to write bonds in the state of the Participating Public Agency. The Contractor shall pay premiums for required bonds. Obtaining of bonds by the Contractor shall be a condition precedent to effectuation of the Master Agreement between the Participating Public Agency and Contractor. If additional work is authorized, the amount of the bonds shall be increased to cover the value of the increased contract sum.

F. PERMITS, CODES AND ORDINANCES

Contractor shall, at his own expense, obtain all necessary permits and licenses and comply with municipal and State laws, ordinances, and regulations.

Should any change in the plan and scope of work be required to conform to law and /or ordinances, Contractor shall notify the County before submitting his quote. After entering a contract, the Contractor shall be held to complete all work necessary to meet the above local requirements without extra expense to the County.

G. STANDARDS AND JOB SITE SAFETY

Contractor shall perform all work in accordance with the best present-day practices and conform and test in accordance with the applicable sections of the latest revisions of the codes and standards listed in the scope of work. In the event of a conflict between the referenced codes, standards, scope of work and plans, the one establishing the most stringent requirement will be followed.

Contractor shall be totally responsible for initiating, instituting, enforcing, maintaining, and supervising all safety precautions and job site safety programs in connection with the work. The Contractor shall take all reasonable precautions for the safety of all its employees and all other persons who may be on the job site. In that regard, Contractor shall comply with all applicable Federal, State, and local laws, ordinances, rules and regulations and order of any public authority having jurisdiction for the safety of persons or property or to protect them from damage, injury, or loss. Contractor shall erect and maintain as required by existing conditions and the progress of the work, all reasonable safeguards for safety and protection, including posting of danger signs and other warnings against hazard, promulgating safety regulations and notifying owners and users of adjacent utilities. County does require that Contractor comply, at a minimum, with the safety regulations of County as set out in the scope of work for this contract, to protect County's employees who may be on the job site.

Enactment of safety precautions and regulations; placement and provision of safety material, barricades, etc.; and use or provision of all required safety equipment shall be the sole responsibility of the Contractor whose employees or subcontractors are exposed to the applicable hazard or whose work endangers surrounding persons, property, equipment, contractors, etc.

H. INSPECTION/CLOSE OUT PROCEDURES

All materials used and all work completed by the Contractor shall be always subject to the examination, observation, and approval of the County.

At their discretion, the County shall have the authority to suspend work that does not comply with plans and scope of work and reject non-complying work and materials provided, however, that the failure of such inspector to reject non-complying work and material shall not constitute a waiver by the County of any rights of the County.

For final acceptance, the County shall inspect the work included in the contract as soon as practical after notification by the Contractor that such work has, in their opinion, been completed and final cleanup has been performed. Should the inspection disclose any

work, in whole or in part, as being unsatisfactory, the County will give the Contractor the necessary instructions for correction of the same, and the Contractor shall immediately comply with and execute such instructions. Upon correction of the work, another inspection will be made which shall constitute the final inspection provided the work has been satisfactorily completed.

I. BIDDER SUPPLIED DOCUMENTATION AND MATERIALS; CONFIDENTIALITY

All Bidder-supplied materials, including the Bidder's Bid, become the property of Racine County.

Bidder acknowledges that Racine County is an "authority" for the purposes of the WPRL. Any information obtained by Racine County is considered public records and will be subject to disclosure under the WPRL, except for information falling within one of the exemptions therefrom. Racine County is required to and shall comply with the WPRL in relation to any records, documents and information related to its dealings and relationship with the Bidder. Nothing in the Master Agreement shall be deemed or construed as a limitation on Racine County's discretion relating to compliance with the WPRL or other applicable law.

Notwithstanding the foregoing, if any of the material a Bidder provides is confidential or is a proprietary trade secret, Bidder may mark that material with a "Confidential" stamp. While Racine County will attempt to keep such information confidential, as an authority, it cannot guaranty that it will remain confidential. Racine County will endeavor to inform Bidders of a public records request to view or obtain such information. Any Bidder may contest such a request at its sole expense. Racine County assumes no responsibility for any liability whatsoever in relation to its compliance with the WPRL.

J. AFFIRMATIVE ACTION; NON-DISCRIMINATION

Racine County is committed to fulfilling its role as an Affirmative Action/Equal Opportunity Employer. We request your vigorous support of our Affirmative Action efforts. Our relationship with your agency is based upon your willingness to accept and comply with Executive Order 11246, as amended, and other federal laws requiring equal employment opportunity without regard to race, religion, color, national origin, sex, disability or veteran status. By signing the Certification of Vendor, you indicate your acceptance and compliance.

In connection with the performance of work awarded under this IFB, the Contractor agrees not to discriminate against any employee or applicant for employment because of age, race, religion, color, handicap, sex, physical condition, developmental disability as defined in Wis. Stat. § 51.01(5)(a), sexual orientation as provided in Wis. Stat. § 111.36, national origin, or military service as provided in Wis. Stat. § 111.355(1). This provision shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor further agrees to take affirmative action to ensure equal employment opportunities. The Contractor agrees to post in conspicuous places, available for employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of the non-discrimination clause (Wis. Stat. § 16.765 (2)).

K. NATIONAL CONTRACT

Subject to its fiduciary and statutory obligations, Racine County, as the Principal Procurement Agency, defined in Attachment D – National Cooperative Contract to be Administered by OMNIA Partners, has partnered with OMNIA Partners, Public Sector ("OMNIA Partners") to make the resultant contract (also known as the "Master Agreement" in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. Racine County is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a "Participating Public Agency") and by using the Master Agreement, any such Participating Pubic Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of a Master Intergovernmental Cooperative Purchasing Agreement, a form of which is attached hereto on Attachment D – National Cooperative Contract, or as otherwise agreed to. Attachment D – National Cooperative Contract contains additional information about OMNIA Partners and the cooperative purchasing agreement.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement. Through the economies of scale created by OMNIA Partners public sector subsidiaries and affiliates, National IPA and U.S. Communities, our participants now have access to more competitively solicited and publicly awarded cooperative agreements. The lead agency contracting process continues to be the foundation on which we are founded. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education, and the private sector. With corporate, pricing and sales commitments from the Vendor, OMNIA Partners provides marketing and administrative support for the Contractor that directly promotes the Contractor's products and services to Participating Public Agencies though multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Participating Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and publicly competed. The Contractor benefits from a contract that generally allows Participating Public Agencies to directly purchase goods and services without the Contractor's need to respond to additional competitive solicitations. As such, the Contractor must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Contractor and respond to the OMNIA Partners documents (Attachment D).

While no minimum volume is guaranteed to the awarded Contractor(s), the estimated annual volume of HVAC Products, Installation, Labor Based Solutions, and Related Products and Services purchased under the Master Agreement through OMNIA Partners is approximately $500M. This projection is based on the current annual volumes among the Racine County and other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and

volume growth into other Public Agencies through a coordinated marketing approach between the awarded Bidder(s) and OMNIA Partners.

The successful Bidder(s) will be required to sign Attachment D – National Cooperative Contract to be Administered by OMNIA Partners, Exhibit B – Administration Agreement. Contractors should have any reviews required to sign the document prior to submitting a response.

Notwithstanding the foregoing, Racine County makes no representation or warranty concerning the use of the Master Agreement by any other Participating Public Agency.

III. HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS, AND RELATED PRODUCTS AND SERVICES

The requirements identified in this section represent the products and services currently being used and are the basis for the resulting contract. The following specifications are minimum acceptable requirements. Bid specifications may not be revised without an official written addendum issued by the Purchasing Coordinator.

A. DESCRIPTION OF WORK

The expected outcome of this IFB is to enter into a contractual relationship with a business partner(s) who will provide a comprehensive selection of HVAC products and solutions, including complete turn-key services. Vendors are to provide a broad selection of HVAC EQUIPMENT, INSTALLATION, LABOR BASED SOLUTIONS, AND RELATED PRODUCTS AND SERVICES. The intent of this IFB is to provide Participating Public Agencies with products, services and turn-key solutions to meet their various needs. Therefore, the Vendors should have demonstrated experience in providing similar Products and Services as defined in this solicitation, including but not limited to:

1. HVAC Equipment and Products: This includes, but is not limited to, all commercial equipment such as chillers: air-cooled chillers, water-cooled chillers, compressor chillers, ancillary chiller water plant equipment and absorption liquid chillers; unitary systems that combine heating, cooling and fan sections: rooftop systems, split systems, self-contained systems and water source heat pumps; air handling systems: performance air handlers, blower coil air handlers, make-up air gas heating systems, air handler options and air cleaning options; terminal devices: unit heaters, unit ventilators, fan coil units, ventilation fans and variable air volume; ductless variable refrigerant volume units; dedicated outdoor air systems; replacement coils; automation equipment; parts and aftermarket products and any other HVAC products offered by Bidder.

2. Installation and Services: This includes, but is not limited to, any installation of new equipment, maintenance of existing systems, upgrading of existing infrastructure, turn-key services and any other installation and services offered by Bidder.

3. Related Products, Solutions, and Other Services: This includes, but is not limited to, new, and/or retrofitting older products and solutions, HVAC equipment controls, ancillary services, thermostats, sensors, energy programs, design and analysis tools, commissioning, building management and/or certifications, enterprise management, rental and lease services, financial services, training and/or educational services, municipal services, and any other

related products and services offered by Bidder.

B. TERM

The term of the Master Agreement will be for five (5) years following the contract award date with the option to review for one (1) additional five (5) year period. The anticipated full term of the contract is ten (10) years. The awarded Bidder(s) shall have the right to enter local "service" agreements with Participating Public Agencies accessing the contract through OMNIA Partners, so long as the effective date of such agreement is prior to the expiration of the Contract. All local agreements may have a full potential term (any combination of initial and renewal periods) subject to the discretion of the Participating Public Agency. Any job orders, project agreements, or maintenance agreements executed against the Master Agreement during the effective term may survive beyond the expiration of the Master Agreement as established and agreed to by both parties.

Racine County may terminate the Master Agreement without penalty due to the non-appropriation of funds, or for cause or convenience in accordance with the procedures set forth in the Master Agreement.

Participating Agencies commonly require a modification to a term of the Contract (e.g., governing law). The awarded Bidder and Participating Agencies may agree to modify terms on any specific purchase by a Participating Agency without being in conflict with the Contract.

C. PRICING

Labor rates should be based on regional and national rates. The Awarded Bidder may submit requests for labor rate increases on an annual basis, sixty (60) days prior to the anniversary contract date. Price increase requests are not automatic and must be approved by Racine County. The request for a change in the rate outside of the anniversary contract date shall include: (1) the cause for the adjustment and (2) the amount of the change requested with documentation to support the requested adjustment (i.e.: appropriate Bureau of Labor Statistics index).

The pricing structure, or percent discount for product pricing should remain fixed for the term of the contract.

The Awarded Bidder agrees to offer all future product and service introductions at similar pricing as that offered through this solicitation and contract.

D. ALTERNATIVE COSTING METHOD

If a project requires products and services that are not covered on the Bid Form or if a product or service is required that is more appropriate to be custom designed and manufactured to meet an individual project site's conditions and/or provided for a unique application or project, the Contractor may use the alternative costing method as follows:

The Contractor will be required to:

Obtain three (3) written cost proposals from local providers:

- Use the most advantageous cost proposals;
- Apply the discount as submitted on the Response Form; and
- All products and services falling under this category must be submitted in advance and approved by the Participating Public Agency prior to being included in any quote or proposal from the Contractor.

E. PRICE LIST FOR ADDITIONAL PRODUCTS

The intent is to enter into a Master Agreement for a complete line of HVAC products, installation, labor based solutions, and related products and services. Therefore, in addition to specific line items listed on the pricing schedules, Bidders are encouraged to provide Manufacturer's Price Lists for additional related products including green products as well as current catalogs and price lists. Bidders shall attach to the Bid Form one (1) copy of one (1) price list or retail price sheet, clearly marking the column to which the discount is applied for each item listed. Manufacturer's Price Lists shall be the currently published National Standard Manufacturer's Price Lists. The Bidder's Retail Price Sheets shall be the current Price Sheet at the time of bid submission. Bidders shall quote the percentage of discount from the Manufacturer's Price List or Retail Price Sheet cited above and shall furnish a copy of same with the bid submission. Discounts must be stated as a single percentage. FAILURE TO PROVIDE THE MANUFACTURER'S PRICE LIST OR RETAIL PRICE SHEET MAY BE CAUSE FOR REJECTION OF THE BID. When award is made, current catalogs and price lists provided by the Bidder shall become a part of the contract. The Bidder's name and address shall appear on all catalogs and price lists. Where the price list shows more than one (1) column of prices, Bidder shall clearly mark the column which represents its bid. If a fee or charge is to be made, it should be indicated on the Bid Form.

F. SPECIAL OFFERS AND PROMOTIONS

In addition to decreasing prices for the balance of the Contract term due to a change in market conditions, Contractor may conduct sales promotions involving price reductions for a specified lesser period. Contractor may offer Participating Agencies competitive pricing which is lower than the not-to-exceed price set forth herein at any time during the Contract term and such lower pricing shall not be applied as a global price reduction under the Contract.

IV. BID SUBMITTAL INSTRUCTIONS

To adequately review bids uniformly and objectively, all bids should be submitted according to the format detailed below. The bid should be prepared simply and economically, providing straightforward and concise information as requested. Use of existing materials, brochures and other standard preprinted materials containing information responsive to the requests in the solicitation, if available, are encouraged as a method to reduce your response time. However, unnecessary elaborate brochures or other presentations beyond that required to present a complete and effective bid are not desired. Racine County reserves the right to reject any bid not properly formatted.

A. CERTIFICATION OF VENDOR PAGE
Place this page on top of the original and each copy of your complete bid. See page 23.

B. TABLE OF CONTENTS
Include clear identification of the material to be used.

C. EXECUTIVE SUMMARY
Limit to one or two pages. Briefly state the Bidder's understanding of the service to be provided and a positive commitment to perform the services as defined in the IFB.

D. RESPONSIBLE BIDDER
Failure of Bidder to provide the required information, may result in a determination that Bidder is a non-responsive bidder. If Bidder does not adequately demonstrate the minimum qualifications, as outlined throughout this section, Bidder may be deemed not qualified and responsible. Bidders must demonstrate that they have the resources and capability to provide the materials and services described herein. The following minimum criteria shall be met to be eligible for this contract:

- Bidders shall demonstrate that they are financially stable;
- Bidder shall have been in business providing similar service for at least the last three (3) years;
- Bidders should have the capability of providing a combination of products, services, consulting, or other labor-based solutions to accommodate the range of products and services utilized by Participating Public Agencies; and
- Bidders shall be properly licensed and incorporated to do business in the State of Wisconsin.

Racine County reserves the right to make such additional investigations as it deems necessary to verify a Bidder submitting a bid is qualified and responsible to include investigating Bidder's past work with Racine County and Racine County employees.

In addition to the pricing and certification information indicated under item D. Award under V. Award Information, Bidders will submit the following items with their bid:

1. Include a detailed response to Attachment D, Exhibit A, OMNIA Partners Response for National Cooperative contract, to show proof of organizational capacity, equipment, and technical competency.
    a. Racine County makes no representation or warranty concerning the use of the Master Agreement by any other Participating Public Agency.
    b. The lowest responsible Bidder(s) will be required to sign Attachment D, Exhibit B, OMNIA Partners Administration Agreement.
    c. If applicable, provide a sample of additional agreements that Participating Public Agencies may be asked to sign.
2. Provide proof of a positive balance sheet and profitable business operations for two (2) of the last three (3) years.
3. Provide business license and applicable information that Bidder can do business in the State of Wisconsin. List the states where other business or contractor licenses are held.
4. Proof of insurance.

5. Describe Bidder's bonding capacity and capability of securing high dollar Performance Bonds.
6. A completed and signed W-9 Request for Taxpayer Identification Number and Certification form.
7. Furnish background of Bidder, including such information as size of the firm, legal status (corporation or partnership, etc.) lines of business, management and technical expertise, financial position, and years in business. Include any unique approaches or techniques developed and used by the firm.
8. Provide a minimum of three (3) comparable references of current work being performed. Information shall include name, phone number, fax number and email address of a person that may be contacted. Ideally, at least two (2) references will be with a government facility of similar size. Also include a brief description of the projects. Bidder's may use the Reference sheets enclosed in this IFB.
9. To further demonstrate similar experience and provide proof of performance:
    a. Include a detailed description of the Services Bidder can perform, including training, start-up and commissioning services, installation, maintenance, turn-key services, project approach to Indoor Environmental Quality (IEQ), repair services, rentals, leases, equipment upgrades, and any other services provided by the Bidder.
        - Identify the manufacturer products/brands the Bidder can service and support.
        - Stipulate the minimum work crew that will be made available at all times, ensuring timely and effective project completion. A project foreman, fluent in English, must be onsite during all construction activities and have authority to act on behalf of the Bidder. Each site work crew must have at least one journeyman assigned.
        - Describe how Bidder selects sub-contractors for service and/or installation and how Bidder ensures customer satisfaction related to the sub-contractors.
        - Describe Bidder's company's process for submitting a test and balance report for each piece of equipment installed, including items that will be covered in the test and balance report.
        - Describe Bidder's company's process for delivering a comprehensive commission plan at least two (2) weeks prior to start-up, including details of what will be covered in the plan.
        - Describe Bidder's company's scope of work for preventative maintenance work.
        - Describe and define all scenarios in which additional charges would apply outside of routine preventive maintenance.
        - Describe Bidder's methodologies for assisting Participating Public Agencies with recommendations on repairs and upgrades from defining the repair/upgrade through the completion of work.
        - Describe Bidder's firm's process for notifying a Participating Public Agency when personnel are going to be in a facility, arrival and departure time and the work performed. How does Bidder handle requirements for sign-off of work prior to leaving a facility?
    b. Describe Bidder's ability to provide temporary cooling/chiller units.
    c. Describe in detail the depth of product and services Bidder provides and any related products or services being offered. Include:

- A description of the Products, including all related components and parts to be provided by the major product category.
- A catalog or brochure type information as applicable.
- A matrix breaking out product information on all products, options, accessories such as product type, capacity range, standard warranty information, extended warranty information, estimated lead time/delivery time, etc.
- All necessary technical information relating to operation of equipment and systems, along with list of spare parts recommended by manufacturers with part numbers needed to maintain and efficiently run the systems and equipment.

d. Describe Bidder's record keeping and processing system for work performed. Include:
   - Bidder's ability to provide online access to records.
   - State any options for expediting delivery of product.
   - State backorder policy. Does Bidder fill or kill order and require Participating Public Agency to reorder if item is backordered?
   - State restocking procedures for returning products, if applicable.
   - Describe any special programs offered that will improve customers' ability to access Products and Services, on-time delivery, or other innovative strategies.
   - Describe the capacity of Bidder to broaden the scope of the contract and keep the product and service offerings current and ensure the latest products, standards and technology for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services.
   - Describe your Bidder's safety policy and/or program, including how the policy is communicated to employees, whether the employees are evaluated on safety, and if any employees are dedicated to safety.
   - Describe Bidder's quality control processes.
   - Describe Bidder's problem escalation process.
   - Describe how customer complaints are measured and categorized. What processes are in place to know that a problem has been resolved?
   - Describe Bidder's post-installation support and warranty specifics. Include both product and installation warranty information.
   - Describe the process for replacement or repair of defective products and warranty related issues.
   - Describe how Bidder evaluates and determines unit repair versus unit replacement.
   - Identify all other companies that may be involved in processing, handling, shipping, products and/or services.
   - Provide the number, size and location of Bidder's distribution facilities, warehouses, and retail network as applicable.
   - Provide order information to include available ordering methods and available payment terms.
   - Provide the number and location of support centers (if applicable).

- Describe Bidder's customer service department staffing levels, hours of operation and other relevant details.
- Describe the process for ordering when supply of a unit and installation is involved, specifically addressing whether one purchase order is required for the entire project, or if separate purchase orders are required for ordering the product and securing installation services.
- Describe Bidder's internal management system for processing orders from point of customer contact through delivery and billing. Please state if Bidder uses single system or platform for all phases of ordering, processing, delivery, and billing.
- Describe the capacity of Bidder to provide management reports, i.e., commodity histories, procurement card histories, green spend, etc. for each Participating Public Agency.

E. BID FORM CRITERIA

All pricing submitted using the Bid Form (Attachment C) or a document using the same requested information in the same format. The Bid form shall be inclusive of all fees and service/shipping charges. All prices are FOB destination. Additional pages and pricing information may be included.

Bidder shall also be responsible for compliance with any federal, state, or local prevailing wage laws.

Price/Discounts should remain firm and will include all charges that may be incurred in fulfilling requirements.

Invoices may be audited on a random basis along with the necessary supporting documentation. Billing errors will be promptly adjusted.

As part of the bid, Bidders shall provide the following:

- Details of any proposed additional discounts for volume orders, special offers, minimum order quantity, free goods program, total annual spend.
- *Comprehensive Product Offering*
  Bidder(s) awarded under this IFB may offer their complete product and service offering/balance of line. Pricing for complete product offering/balance of line items will be determined by a percentage discount from a price list or catalog, or fixed price, or a combination of both with indefinite quantities. Prices listed will be used to establish the extent of a Bidder's product lines, services, warranties, etc. that are available from Bidder and the pricing per item. Multiple percentage discounts are acceptable if, where different percentage discounts apply, the different percentages are specified. Additional pricing and/or discounts may be included. Products and services proposed are to be priced separately with all ineligible items identified. Bidders may elect to limit their bids to any category or categories. Where the price list shows more than one column of prices, Bidder shall clearly mark the column which represents the discounted pricing to Participating Public Agencies.
- *Federal Funding Pricing*
  Due to products and services potentially being used in bid to an emergency or disaster recovery situation in which federal funding may used, if not already

incorporated as part of the bid, provide alternative pricing that does not include cost plus a percentage of cost or pricing based on time and materials; if time and materials is necessary, a ceiling price that the contract exceeds at its own risk will be needed. Products and services provided in a situation where an agency is eligible for federal funding, Bidder is subject to and must comply with all federal requirements applicable to the funding including, but not limited to the FEMA Special Conditions section located in the Federal Funds Certifications Exhibit.

V. AWARD INFORMATION

A. COMPLIANCE WITH IFB

Bids submitted must be in strict compliance with the terms of the solicitation. Failure to comply with all provisions of the IFB may result in disqualification.

B. CONDITIONS OF AWARD

All Bidders, by submission of their respective bids, agree to abide by the rules, regulations, procedures, and decisions of Racine County.

C. QUALIFYING BIDDERS

Failure of Bidder to provide the required information, may result in a determination that Bidder is a non-responsive Bidder. If Bidder does not adequately demonstrate the necessary qualifications, as outlined throughout Section IV. Bid Submittal Instructions, and submit the information indicated under item D. Responsible Bidder, Bidder may be deemed not qualified and/or responsible. Racine County reserves the right to make such additional investigations as it deems necessary to verify a Bidder may be deemed not qualified and/or responsible. Racine County reserves the right to make such additional investigations as it deems necessary to verify a Bidder submitting a bid is qualified and responsible to include investigating Bidder's past work with Racine County and Racine County employees.

D. AWARD

Utilizing the two-step process set forth herein, it is the intent of the County to award the Contract to the lowest responsive responsible Bidder provided the bid has been submitted in accordance with the requirements of the Contract Documents, the Bidder is adequately qualified, and the bid does not exceed the funds available. Racine County reserves the right to make an award as deemed in its best interest, which may include awarding to a single bidder or multiple bidders; or to award the whole bid, only part of the bid, or none of the bid to single or multiple bidders, based on its sole discretion of its best interest, together with compliance with applicable law. Intent to award will not be made and a contract will not be executed until Racine County, at its sole discretion, accepts a bid.

RACINE COUNTY RESERVES THE RIGHT TO REJECT ANY OR ALL BIDS AND TO WAIVE ANY TECHNICALITY OR ERROR IN ANY BID OR PART THEREIN, AND TO ACCEPT THE SAME OR COMBINATIONS, IN WHOLE OR IN PART, WHICHEVER IS DEEMED TO BE IN THE BEST INTEREST OF RACINE COUNTY IN ITS SOLE AND EXCLUSIVE DISCRETION. While not all inclusive, the following items may be used when determining if a Bidder is considered responsive and responsible: work schedule,

technical competency, ability to render satisfactory service, past performance, reputation for providing a quality product, timely delivery of products and/or services, financial ability, bonding, experience in performance of similar work, references, equipment, and capacity.

For the first step of the bidding process, Bidders will submit their sealed bids with all requested information, to include Certification of Vendor and Attachment C – Bid Form, by the due date and time outlined in this IFB. After the due date and time, all Bidders will be evaluated to determine if they are responsive, responsible, and qualified. Each Bidder determined to be responsive, responsible, and qualified shall be determined to be a "Responsible Bidder."

As part of the first step of the bidding process, Racine County may seek additional information or clarification from one or more of the Bidders.

If Bidder does not adequately demonstrate the necessary minimum qualifications, Bidder may be deemed not qualified and/or responsible. Racine County reserves the right to make such additional investigations as it deems necessary to verify a Bidder submitting a bid is qualified and responsible to include investigating Bidder's past work with Racine County and Racine County employees.

Award may be made without discussion with Bidder, therefore, Bidders are cautioned that Bidders should be submitted initially on the most favorable terms.

For the second step of the bidding process, Racine County will distribute to each Responsible Bidder a Sample Project Form to determine which Responsible Bidder(s) constitute the lowest responsible bidder(s) when the bid responses are applied to actual (hypothetical) projects. As indicated in Section I. Project Overview, when responding to the Sample Project Form, Responsible Bidders are required to USE THE SAME LINE ITEM PRICING from Attachment C – Bid Form and apply them to the Sample Projects Form (to be supplied to Responsible Bidders as part of Step-One); a reduction in price for the sample projects outlined in a Responsible Bidder's Sample Project Form will not be allowable. The final basis for award and lowest responsible Bidder(s) will result from the lowest total dollar amount of the combined sample projects.

E. TIE BIDS

If two (2) or more Bidders submit identical bids, the decision of the County to make award to one or more of such Bidders shall be final.

F. NOTICE OF ACCEPTANCE

Racine County will notify the lowest responsible and responsive Bidder(s) as soon as practical of the selection. Written notice of award to Bidder(s) in the form of a letter, contract or otherwise, mailed or delivered to the address shown on the Certification of Vendor page will be considered sufficient notice of acceptance of bid.

Attachment A

Community Development Block Grant Addendum

Purchases made under this contract may be partially or fully funded with federal grant funds. Funding for this work may include Federal Funding sources, including Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development. When such funding is provided, Contractor shall comply with all terms, conditions and requirements enumerated by the grant funding source, as well as requirements of the State statutes for which the contract is utilized, whichever is the more restrictive requirement. When using Federal Funding, Contractor shall comply with all wage and latest reporting provisions of the Federal Davis-Bacon Act. HUD-4010 Labor Provisions also applies to this contract.

Attachment C

Bid Form

(To be submitted in a sealed envelope or box as indicated)

Bid Form documents are provided. A discount percentage or structure must be clearly delineated. The Bid form shall be inclusive of all fees and service/shipping charges. All prices are FOB destination. Additional pages and pricing information may be included.

1. **Definitions**

   Labor Wage Classification Definitions - definitions as used herein for establishing labor rates. Participating Public Agencies may choose to establish alternative definitions.

LABOR WAGE CLASSIFICATION DEFINITIONS	
Architect	Professional licensed designer providing Architectural drawings.
Asbestos Worker	Worker who removes and disposes of asbestos materials.
Boilermaker	Worker who assembles boilers, tanks, vats and pressure vessels. The duties of the boilermaker include welding, acetylene burning, riveting, caulking, rigging, fitting up, grounding, reaming and impact machine operating.
Carpenter	Worker who builds wood structures or structures of any material which has replaced wood. Includes rough and finish carpentry, hardware and trim.
Carpet/Floor Installer	Worker who installs carpet and/or floor coverings and vinyl tile.
Commissioning Agent	Agent who ensures proper installation and operation of technical building systems.
Concrete Finisher	Worker who floats, trowels, and finishes concrete.
Data Communications / Telecommunications Installer	Worker who installs data/telephone and television cable and associated equipment and accessories.
Delivery Personnel	Worker who can deliver materials to other HVAC personnel as well as work as a second man on jobs if necessary.
Drafting	Worker who provides detail engineering drawings utilizing CADD type documents.
Drywall/Ceiling Installer	Worker who installs metal framed walls and ceilings, drywall coverings, ceiling grids and ceilings.
Duct Cleaner	Worker who cleans air conveyance systems using compressed air tools and mechanical agitation devices to dislodge dirt and other contaminants from the ductwork and other HVAC components.
Electrician	Skilled craftsperson who installs or repairs electrical wiring and devices. Includes fire alarm systems and HVAC electrical controls.
LABOR WAGE CLASSIFICATION DEFINITIONS (continued)	

Elevator Mechanic	Craftsperson skilled in the installation and maintenance of elevators.
Engineering Designer	Professional licensed engineer. An Engineering Designer is not a requirement of this solicitation but may be beneficial for Participating Public Agencies to utilize should they choose. In such case, an Engineering Design may lay out HVAC, plumbing, electrical, structural, or civil systems.
Fire Proofing Installer	Worker who sprays or applies fire proofing materials.
Geothermal Well Field Labor	Worker who lays coiled pipe and tests and connects to HVAC equipment in earthen trench.
Glazier	Worker who installs glass, glazing and glass framing.
Heavy Equipment Operator	Equipment operator that operates the following, including but not limited to, all Cat tractors, all derrick-powered, all power operated cranes, back-hoe, back filler, power operated shovel, winch truck, all trenching machines.
HVAC Building Automation Technician	Worker who can work on low temperature refrigeration equipment as well as small commercial equipment under 60 tons.
HVAC Commercial A/C Technician	Worker who can work on large commercial up to 3000 tons.
HVAC Light Commercial	Worker who can work on small commercial up to 25 tons.
HVAC Duct Installer	Worker who installs ductwork. Assists with some equipment installation.
HVAC Field Supervisor	Worker who monitors quality as well as provide technical support to all other HVAC technician skill levels.
HVAC Filter Technician	Worker who changes filters in all types of HVAC equipment as well as minor maintenance on light commercial equipment such as changing worn belts.
HVAC Helper	Worker who can assist a commercial or refrigeration technician as well as perform minor analysis and repairs on equipment under 30 tons.
HVAC Refrigeration Technician	Worker who can work on low temperature refrigeration equipment as well as small commercial equipment under 60 tons.
Insulator	Worker who applies, sprays or installs insulation.
Iron Worker	Skilled craftsperson who erects structural steel framing and installs structural concrete rebar.
Laborer/Helper	Worker qualified for only unskilled or semi-skilled work, including but not limited to, lifting, carrying materials and tools, hauling, digging, clean-up.
Lather/Plasterer	Worker who installs metal framing and lath. Worker who applies plaster to lathing & installs associated accessories
Light Equipment Operator	Includes, but is not limited to, operation of air compressors, truck crane driver, flex plane, building elevator, form grader, concrete mixer (less than 14cf), conveyer.
Mason, Bricklayer	Craftsperson who works with masonry products, stone, brick, block, or any material substituting for those materials and accessories.
LABOR WAGE CLASSIFICATION DEFINITIONS (continued)	

Metal Building Assembler	Worker who assembles pre-made metal buildings.
Millwright	Mechanic specializing in the installation of heavy machinery, conveyance, wrenches, dock levelers, hydraulic lifts and align pumps.
Painter/Wall Covering Installer	Worker who prepares wall surfaces & applies paint and/or wall covering, tape and bedding.
Pipefitter	Trained worker who installs piping systems, chilled water piping and hot water (boiler) piping, pneumatic tubing controls, chillers, boilers and associated mechanical equipment.
Plumber	Skilled craftsperson who installs domestic hot & cold-water piping, waste piping, storm system piping, water closets, sinks, urinals, and related work.
Project Engineer	A Project Engineer is not a requirement but may be beneficial for Participating Public Agencies to utilize should they choose. In such case, a Project Engineer may monitor engineering documents as well as provide technical support regarding the engineering plans and specifications as designed by the Professional Engineer. Worker may be responsible for maintaining project status and reports.
Project Manager	Worker who monitors quality as well as provide technical support to all other HVAC technician skill levels and is responsible for maintaining project status and reports.
Project Administrator	Worker who provides administrative support to all technician skill levels and is responsible for all administrative functions of the project such as billings, contracts, work orders, legal requirements, purchase orders, sales tax certificates as well as proper record keeping.
Roofer	Worker who installs roofing materials, Bitumen (asphalt and coal tar) felts, flashings, all types roofing membranes & associated products.
Sheet Metal Worker	Worker who installs sheet metal products. Roof metal, flashings and curbs, ductwork, mechanical equipment and associated metals.
Sprinkler Fitter	Worker who installs fire sprinkler systems and fire protection equipment.
Terrazzo Worker	Craftsperson who places and finishes Terrazzo.
Tile Setter	Worker who prepares wall and/or floor surfaces & applies ceramic tiles to these surfaces.
Water Proofer/Caulker	Worker who applies water proofing material to buildings. Products include sealant, caulk, sheet membrane, liquid membranes, sprayed, rolled, or brushed.
Test and Balance Technician	Certified technician per AABC or NEBB standards trained to perform water and air balance. Also provides sound and vibration testing and preparing of certified reports.
Infrared Technician	Worker who utilizes infrared photography to determine location of thermal heat losses.

LABOR WAGE CLASSIFICATION DEFINITIONS (continued)	
Water Treatment Technician	Certified technician who is trained to evaluate analytical test results on boiler system water, condenser water, and chill water samples and to make appropriate recommendations regarding residual levels, cycles, and feed rates.

BID FORM

SECTION A
Product Pricing

Bidder shall include all product pricing using this format as pricing utilized on this form should be consistent with the individual pricing scenarios that are to be distributed to responsive, responsible, and qualified Bidders. Use additional space as necessary.

MFG Part No.	Product Name	Product Description	List Price	% Discount off List Price	Net Price

BID FORM (CONT'D)

SECTION B
Labor Rates

Normal business hours are defined as: _____

Overtime hours are defined as: _____

Holiday hours are defined as: _____

For all applicable Labor Classifications, using the below format, Bidder shall provide labor rates by geographic areas, regions, zones or other means for pricing nationally as sample projects included in Step-Two will be diverse project types including projects from different states and regions outside of Racine County and Wisconsin. Participating Public Agencies may have differing needs and requirements depending on the scope of their project(s); Participating Public Agencies may determine the appropriate Labor Classifications at their discretion. If Bidder is unable to provide one or more of the Labor Classifications below (either as part of their primary staff or as a subcontractor), Bidder should notate that in their response. Pricing utilized on this form will need to be consistent with the individual pricing scenarios provided to responsible, responsive, and qualified Bidders.

		Hourly Rate		
Item	**Labor Classification**	**Normal Business Hours**	**Overtime**	**Holiday**
1	Architect			
2	Asbestos worker			
3	Boilermaker			
4	Concrete finishers

BID FORM (CONT'D)

SECTION C
Additional Costs

INSTRUCTIONS:

Bidder shall utilize net product prices and labor rates listed in Sections A and B of this Bid Form to determine cost for installation of new equipment, maintenance of existing systems, upgrading of existing infrastructures, turn-key services and any other installation and services offered. If there are other elements that should also be taken into consideration, Bidder shall list these elements below and any associated pricing. Pricing utilized on this form will need to be consistent with the individual pricing scenarios provided to responsible, responsive, and qualified Bidders.

Any Additional Pricing Elements for Installation, Maintenance, Upgrades and Turn-Key Services	Cost
List any other elements to be taken into consideration for installation, maintenance, upgrades and turn-key services	

BID FORM (CONT'D)

SECTION D
Additional Costs

Use the below space to provide pricing for any related products and services your company wishes to be considered. Pricing utilized on this form will need to be consistent with the individual pricing scenarios provided to responsible, responsive, and qualified Bidders.

Product or Service	Cost
Use additional space as necessary	

BID FORM (CONT'D)

SECTION E
Additional Discounts

Insert additional lines as necessary. Pricing utilized on this form will need to be consistent with the individual pricing scenarios provided to responsible, responsive, and qualified Bidders.

ADDITIONAL DISCOUNTS/INCENTIVES	COST
Additional Discounts for volume (i.e., price breaks for multiple products/services, etc.)	
	$
	$
	$
	$
Any additional pricing incentives, discounts, or rebates such as for large volume purchases and services, total spend, etc.	
	$
	$
	$
	$
Any additional pricing discounts for the purchase of products and services for groups of Participating Public Agencies in a local geographic area that desire to combine requirements, i.e., local city, county, school district, housing authority, transit authority, etc.

ATTACHMENT D

Requirements for National Cooperative Contract To Be Administered by OMNIA Partners

The following documents are used in reviewing and administering national cooperative contracts and are included for Supplier's review and bid.

Exhibit A – Response for National Cooperative Contract

Exhibit B – Administration Agreement, Example

Exhibit C – Master Intergovernmental Cooperative Purchasing Agreement, Example

Exhibit D – Principal Procurement Agency Certificate, Example

Exhibit E – Contract Sales Reporting Template

Exhibit F – Federal Funds Certifications

Exhibit G – New Jersey Business Compliance

Exhibit H – Advertising Compliance Requirement

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Vendor (sometimes referred to as 'Supplier') and OMNIA Partners.

1.1 Requirement

Racine County, Wisconsin (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("OMNIA Partners"), is requesting bids for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services. The intent of this Invitation for Bid is any contract between Principal Procurement Agency and Vendor resulting from this Invitation for Bid ("Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Vendor and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Vendor and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Vendor for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Vendor is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Vendors based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Vendors on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this IFB. OMNIA Partners reserves the right to determine whether to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this IFB acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales, partnership development and administrative support for Vendor pursuant to this section that directly promotes the Vendor's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

OMNIA Partners will assign the Vendor a Director of Partner Development who will serve as the main point of contact for the Vendor and will be responsible for managing the overall relationship between the Vendor and OMNIA Partners. The Director of Partner Development will work with the Vendor to develop a comprehensive strategy to promote the Master Agreement and will connect the Vendor with appropriate stakeholders within OMNIA Partners including, Sales, Marketing, Contracting, Training, and Operations & Support.

The OMNIA Partners marketing team will work in conjunction with Vendor to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

A. Marketing collateral (print, electronic, email, presentations)

B. Website

C. Trade shows/conferences/meetings

D. Advertising

E. Social Media

The OMNIA Partners sales teams will work in conjunction with Vendor to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

A. Individual sales calls

B. Joint sales calls

C. Communications/customer service

D. Training sessions for Public Agency teams

E. Training sessions for Vendor teams

The OMNIA Partners contracting teams will work in conjunction with Vendor to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
B. Training sessions for Public Agency teams
C. Training sessions for Vendor teams
D. Regular business reviews to monitor program success
E. General contract administration

Vendors are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Invitation for Bid. Vendor will be required to execute the OMNIA Partners Administration Agreement (Exhibit B).

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately $500M annually. While no minimum volume is guaranteed to Vendor, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Vendor and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this IFB made by Principal Procurement Agency will, at OMNIA Partners' option, be the basis of award on a national level through OMNIA Partners. If multiple Vendors are awarded by Principal Procurement Agency under the Master Agreement, those same Vendors will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g., governing law) are subject to modification for each Participating Public Agency as Vendor and such Participating Public Agency may agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase and not a modification of the Master Agreement applicable to all Participating Agencies. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (e.g., governing law, invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, etc.) ("Supplemental Agreement"). It shall be the responsibility of the Vendor to comply, when applicable, with the prevailing wage

legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Vendor to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. In instances where supplemental terms and conditions create additional risk and cost for Vendor, Vendor and Participating Public Agency may negotiate additional pricing above and beyond the stated contract not-to-exceed pricing so long as the added price is commensurate with the additional cost incurred by the Vendor. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Vendor (Contract Sales are reported to OMNIA Partners).

All signed Supplemental Agreements and purchase orders issued and accepted by the Vendor may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Master Agreement if the purchase order is issued prior to the expiration of the Master Agreement. Vendor is responsible for reporting all sales and paying the applicable Administrative Fee for sales that use the Master Agreement as the basis for the purchase order, even though Master Agreement may have expired.

1.5 Objectives of Cooperative Program

This IFB is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;

B. Establish the Master Agreement as the Vendor's primary go to market strategy to Public Agencies nationwide;

C. Achieve cost savings for Vendor and Public Agencies through a single solicitation process that will reduce the Vendor's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;

D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Vendor entering into the Master Agreement, which would be available to all Public Agencies, Vendor must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Vendor.

2.1 Corporate Commitment

Vendor commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Vendor's executive management, (2) the Master Agreement is Vendor's primary "go to market" strategy for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, including any existing customers, and Vendor will transition existing customers, upon their request, to the Master Agreement, and (4) that the Vendor has read and agrees to the terms and

conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Vendor will identify an executive corporate sponsor and a separate national account manager within the IFB response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Vendor commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, the Vendor will match such lower pricing to that Participating Public Agency under the Master Agreement.

2.3 Sales Commitment

Vendor commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through OMNIA Partners nationwide. Vendor commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement. Vendor also commits its sales force will be compensated, including sales incentives, for sales to Public Agencies under the Master Agreement in a consistent or better manner compared to sales to Public Agencies if the Vendor were not awarded the Master Agreement.

3.0 VENDOR BID

Vendor must supply the following information for the Principal Procurement Agency to determine if Vendor is qualified and responsible to extend the resulting Master Agreement to Participating Public Agencies through OMNIA Partners.

3.1 Company

A. Brief history and description of Vendor to include experience providing similar products and services.

B. Total number and location of salespersons and/or project managers employed by Vendor to help support Participating Public Agencies.

C. Number and location of support centers (if applicable) and location of corporate office.

D. Annual sales for the three previous fiscal years.

    a. Submit FEIN and Dunn & Bradstreet report.

E. Describe any green or environmental initiatives or policies.

F. Describe any diversity programs or partners Vendor does business with and how Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there are any diversity programs, provide a list of diversity alliances and a copy of their certifications.

G. Indicate if Vendor holds any of the below certifications in any classified areas and include proof of such certification in the response:

a. Minority Women Business Enterprise

☐ Yes ☐ No

If yes, list certifying agency: _____

b. Small Business Enterprise (SBE) or Disadvantaged Business Enterprise (DBE)

☐ Yes ☐ No

If yes, list certifying agency: _____

c. Historically Underutilized Business (HUB)

☐ Yes ☐ No

If yes, list certifying agency: _____

d. Historically Underutilized Business Zone Enterprise (HUBZone)

☐ Yes ☐ No

If yes, list certifying agency: _____

e. Other recognized diversity certificate holder

☐ Yes ☐ No

If yes, list certifying agency: _____

H. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.

I. Describe how Vendor differentiates itself from its competitors.

J. Describe any present or past litigation, bankruptcy or reorganization involving Vendor.

K. Felony Conviction Notice: Indicate if the Vendor

a. is a publicly held corporation and this reporting requirement is not applicable;

b. is not owned or operated by anyone who has been convicted of a felony; or

c. is owned or operated by and individual(s) who has been convicted of a felony and provide the names and convictions.

L. Describe any debarment or suspension actions taken against Vendor

3.2 Distribution, Logistics

A. Each offeror awarded under this IFB may offer their complete product and service offering/a balance of line. Describe the full line of products and services offered by Vendor.

B. Describe how Vendor proposes to distribute the products/service nationwide. Include any states where products and services will not be offered under the Master Agreement, including U.S. Territories and Outlying Areas.

C. Describe how Participating Agencies are ensured they will receive the Master Agreement pricing; include all distribution channels such as direct ordering, retail or in-store locations, through distributors, etc. Describe how Participating Agencies verify and audit pricing to ensure its compliance with the Master Agreement.

D. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.

E. Provide the number, size and location of Vendor's distribution or other operations facilities, warehouses, and/or retail network as applicable.

3.3 Marketing and Sales

A. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as Vendor's primary go to market strategy for Public Agencies to Vendor's teams nationwide, to include, but not limited to:

   i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days

   ii. Training and education of Vendor's national sales force with participation from the Vendor's executive leadership, along with the OMNIA Partners team within first 90 days

B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Public Agency customers of Vendor, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:

   i. Creation and distribution of a co-branded press release to trade publications

   ii. Announcement, Master Agreement details and contact information published on the Vendor's website within first 90 days

   iii. Design, publication and distribution of co-branded marketing materials within first 90 days

   iv. Commitment to attendance and participation with OMNIA Partners at national (i.e. NIGP Annual Forum, NPI Conference, etc.), regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement

   v. Commitment to attend, exhibit and participate at the NIGP Annual Forum in an area reserved by OMNIA Partners for partner Vendors. Booth space will be purchased and staffed by Vendor. In addition, Vendor commits to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by OMNIA Partners.

vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement

vii. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)

viii. Dedicated OMNIA Partners internet web-based homepage on Vendor's website with:

- OMNIA Partners standard logo;
- Copy of original Invitation to Bid;
- Copy of Master Agreement and amendments between Principal Procurement Agency and Vendor;
- Summary of Products and pricing;
- Marketing Materials
- Electronic link to OMNIA Partners' website including the online registration page;
- A dedicated toll-free number and email address for OMNIA Partners

C. Describe how Vendor will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through OMNIA Partners. Include a list of current cooperative contracts (regional and national) Vendor holds and describe how the Master Agreement will be positioned among the other cooperative agreements.

D. Acknowledge Vendor agrees to provide its logo(s) to OMNIA Partners and agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of OMNIA Partners logo will require permission for reproduction, as well.

E. Confirm Vendor will be proactive in direct sales of Vendor's goods and services to Public Agencies nationwide and the timely follow up to leads established by OMNIA Partners. All sales materials are to use the OMNIA Partners logo. At a minimum, the Vendor's sales initiatives should communicate:

i. Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency

ii. Best government pricing

iii. No cost to participate

iv. Non-exclusive

F. Confirm Vendor will train its national sales force on the Master Agreement. At a minimum, sales training should include:

i. Key features of Master Agreement

ii. Working knowledge of the solicitation process

iii. Awareness of the range of Public Agencies that can utilize the Master Agreement through OMNIA Partners

iv. Knowledge of benefits of the use of cooperative contracts

G. Provide the name, title, email and phone number for the person(s), who will be responsible for:

i. Executive Support
ii. Marketing
iii. Sales
iv. Sales Support
v. Financial Reporting
vi. Accounts Payable
vii. Contracts

H. Describe in detail how Vendor's national sales force personnel and/or project managers are structured, including contact information for the highest-level executive in charge of the sales and/or project management team.

I. Explain in detail how the sales or project management teams will work with the OMNIA Partners team to implement, grow and service the national program.

I. Explain in detail how Vendor will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc.

J. State the amount of Vendor's Public Agency sales for the previous fiscal year. Provide a list of Vendor's top 3 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.

K. Describe Vendor's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

L. Provide the Contract Sales (as defined in Section 12 of the OMNIA Partners Administration Agreement) that Vendor will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

$_____.00 in year one
$_____.00 in year two
$_____.00 in year three

To the extent Vendor guarantees minimum Contract Sales, the Administrative Fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

M. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).

ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Vendor may respond with lower pricing through the Master Agreement. If Vendor is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.

iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).

iv. If alternative or multiple bid and/or proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional bid/proposal.

Detail Vendor's strategies under these options when responding to a solicitation.

Exhibit B
Administration Agreement, Example

ADMINISTRATION AGREEMENT

THIS ADMINISTRATION AGREEMENT (this "**Agreement**") is made this ___ day of _____ 20__, between National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("**OMNIA Partners**"), and _____ ("**Supplier**").

RECITALS

WHEREAS, the _____ (the "**Principal Procurement Agency**") has entered into a Master Agreement effective _____, Agreement No_____, by and between the Principal Procurement Agency and Supplier, (as may be amended from time to time in accordance with the terms thereof, the "**Master Agreement**"), as attached hereto as Exhibit A and incorporated herein by reference as though fully set forth herein, for the purchase of _____ (the "**Product**");

WHEREAS, said Master Agreement provides that any or all public agencies, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (collectively, "**Public Agencies**"), that register (either via registration on the OMNIA Partners website or execution of a Master Intergovernmental Cooperative Purchasing Agreement, attached hereto as Exhibit B) (each, hereinafter referred to as a "**Participating Public Agency**") may purchase Product at prices stated in the Master Agreement;

WHEREAS, Participating Public Agencies may access the Master Agreement which is offered through OMNIA Partners to Public Agencies;

WHEREAS, OMNIA Partners serves as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency;

WHEREAS, Principal Procurement Agency desires OMNIA Partners to proceed with administration of the Master Agreement; and

WHEREAS, OMNIA Partners and Supplier desire to enter into this Agreement to make available the Master Agreement to Participating Public Agencies and to set forth certain terms and conditions governing the relationship between OMNIA Partners and Supplier.

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, OMNIA Partners and Supplier hereby agree as follows:

DEFINITIONS

1. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given to them in the Master Agreement.

TERMS AND CONDITIONS

2. The Master Agreement and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement. Supplier acknowledges and agrees that the covenants and agreements of Supplier set forth in the solicitation and Supplier's response thereto resulting in the Master Agreement are incorporated herein and are an integral part hereof.

3. OMNIA Partners shall be afforded all of the rights, privileges and indemnifications afforded to Principal Procurement Agency by or from Supplier under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to OMNIA Partners, its agents, employees, directors, and representatives under this Agreement including, but not limited to, Supplier's obligation to obtain appropriate insurance.

4. OMNIA Partners shall perform all of its duties, responsibilities and obligations as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency as set forth herein, and Supplier hereby acknowledges and agrees that all duties, responsibilities and obligations will be undertaken by OMNIA Partners solely in its capacity as the cooperative contract administrator under the Master Agreement.

5. With respect to any purchases by Principal Procurement Agency or any Participating Public Agency pursuant to the Master Agreement, OMNIA Partners shall not be: (i) construed as a dealer, re-marketer, representative, partner or agent of any type of the Supplier, Principal Procurement Agency or any Participating Public Agency; (ii) obligated, liable or responsible for any order for Product made by Principal Procurement Agency or any Participating Public Agency or any employee thereof under the Master Agreement or for any payment required to be made with respect to such order for Product; and (iii) obligated, liable or responsible for any failure by Principal Procurement Agency or any Participating Public Agency to comply with procedures or requirements of applicable law or the Master Agreement or to obtain the due authorization and approval necessary to purchase under the Master Agreement. OMNIA Partners makes no representation or guaranty with respect to any minimum purchases by Principal Procurement Agency or any Participating Public Agency or any employee thereof under this Agreement or the Master Agreement.

6. OMNIA Partners shall not be responsible for Supplier's performance under the Master Agreement, and Supplier shall hold OMNIA Partners harmless from any liability that may arise from the acts or omissions of Supplier in connection with the Master Agreement.

7. Supplier acknowledges that, in connection with its access to OMNIA Partners confidential information and/or supply of data to OMNIA Partners, it has complied with and shall continue to comply with all laws, regulations and standards that may apply to Supplier, including, without limitation: (a) United States federal and state information security and privacy statutes, regulations and/or best practices, including, without limitation, the Gramm-Leach-Bliley Act, the Massachusetts Data Security Regulations (201 C.M.R. 17.00 et. seq.), the Nevada encryption statute (N.R.S. § 603A), the California data security law (Cal. Civil Code § 1798.80 et. seq.) and California Consumer Privacy Act (Cal. Civil Code § 1798.100 et. seq.); and (b) applicable industry and regulatory standards and best practices (collectively, "**Data Regulations**").

With regard to Personal Information that Supplier collects, receives, or otherwise processes under the Agreement or otherwise in connection with performance of the Agreement, Supplier agrees that it will not: (i) sell, rent, release, disclose, disseminate, make available, transfer, or otherwise

communicate orally, in writing, or by electronic or other means, such Personal Information to another business or third party for monetary or other valuable consideration; or (ii) retain, use, or disclose such Personal Information outside of the direct business relationship between Supplier and OMNIA Partners or for any purpose other than for the specific purpose of performance of the Agreement, including retaining, using, or disclosing such Personal Information for a commercial purpose other than for performance of the Agreement. By entering into the Agreement, Supplier certifies that it understands the specific restrictions contained in this Section 7 and will comply with them. For purposes hereof, "**Personal Information**" means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household, and includes the specific elements of "personal information" as defined under Data Regulations, as defined herein. Supplier will reasonably assist OMNIA Partners in timely responding to any third party "request to know" or "request to delete" (as defined pursuant to Data Regulations) and will promptly provide OMNIA Partners with information reasonably necessary for OMNIA Partners to respond to such requests. Where Supplier collects Personal Information directly from Public Agencies or others on OMNIA Partners' behalf, Supplier will maintain records and the means necessary to enable OMNIA Partners to respond to such requests to know and requests to delete.

8. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, OMNIA PARTNERS EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING OMNIA PARTNERS' PERFORMANCE AS A CONTRACT ADMINISTRATOR OF THE MASTER AGREEMENT. OMNIA PARTNERS SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF OMNIA PARTNERS IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERM OF AGREEMENT; TERMINATION

9. This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the provisions of Sections 3 – 8 and 11 – 22, hereof and the indemnifications afforded by the Supplier to OMNIA Partners in the Master Agreement, to the extent such provisions survive any expiration or termination of the Master Agreement, shall survive the expiration or termination of this Agreement.

NATIONAL PROMOTION

10. OMNIA Partners and Supplier shall publicize and promote the availability of the Master Agreement's products and services to Public Agencies and such agencies' employees. Supplier shall require each Public Agency to register its participation in the OMNIA Partners program by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector) or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency's first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

11. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in development of marketing materials as reasonably requested by Principal Procurement Agency and OMNIA Partners. Supplier shall be responsible for obtaining permission or license of use and payment of any license fees for all content and images Supplier provides to OMNIA Partners or posts on the OMNIA Partners website.

Supplier shall indemnify, defend and hold harmless OMNIA Partners for use of all such content and images including copyright infringement claims. Supplier and OMNIA Partners each hereby grant to the other party a limited, revocable, non-transferable, non-sublicensable right to use such party's logo (each, the "**Logo**") solely for use in marketing the Master Agreement. Each party shall provide the other party with the standard terms of use of such party's Logo, and such party shall comply with such terms in all material respects. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the foregoing, the parties understand and agree that except as provided herein neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

12. An "Administrative Fee" shall be defined and due to OMNIA Partners from Supplier in the amount of __ percent (__%) ("**Administrative Fee Percentage**") multiplied by the total purchase amount paid to Supplier, less refunds, credits on returns, rebates and discounts, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("**Contract Sales**"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.

13. Supplier shall provide OMNIA Partners with an electronic accounting report monthly, in the format prescribed by OMNIA Partners, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("**Contract Sales Report**"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to OMNIA Partners by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion.

14. Administrative Fee payments are to be paid by Supplier to OMNIA Partners at the frequency and on the due date stated in Section 13, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the OMNIA Partners designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting underpayment of

Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

GENERAL PROVISIONS

16. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between OMNIA Partners and Supplier, the provisions of this Agreement shall prevail.

17. If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any Administrative Fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

18. This Agreement and OMNIA Partners' rights and obligations hereunder may be assigned at OMNIA Partners' sole discretion to an affiliate of OMNIA Partners, any purchaser of any or all or substantially all of the assets of OMNIA Partners, or the successor entity as a result of a merger, reorganization, consolidation, conversion or change of control, whether by operation of law or otherwise. Supplier may not assign its obligations hereunder without the prior written consent of OMNIA Partners.

19. All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below.

_____

20. If any provision of this Agreement shall be deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatever, and this Agreement will be construed by limiting or invalidating such provision to the minimum extent necessary to make such provision valid, legal and enforceable.

21. This Agreement may not be amended, changed, modified, or altered without the prior written consent of the parties hereto, and no provision of this Agreement may be discharged or waived, except by a writing signed by the parties. A waiver of any particular provision will not be deemed a waiver of any other provision, nor will a waiver given on one occasion be deemed to apply to any other occasion.

22. This Agreement shall inure to the benefit of and shall be binding upon OMNIA Partners, the Supplier and any respective successor and assign thereto; subject, however, to the limitations contained herein.

23. This Agreement will be construed under and governed by the laws of the State of Delaware, excluding its conflicts of law provisions and any action arising out of or related to this Agreement shall be commenced solely and exclusively in the state or federal courts in Williamson County Tennessee.

24. This Agreement may be executed in counterparts, each of which is an original but all of which, together, shall constitute but one and the same instrument. The exchange of copies of this Agreement and of signature pages by facsimile, or by .pdf or similar electronic transmission, will constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes. Signatures of the parties transmitted by facsimile, or by .pdf or similar electronic transmission, will be deemed to be their original signatures for any purpose whatsoever.

MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Master Intergovernmental Cooperative Purchasing Agreement (this "**Agreement**") is entered into by and between those certain government agencies that execute a Principal Procurement Agency Certificate ("**Principal Procurement Agencies**") with National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector and/or Communities Program Management, LLC, a California limited liability company d/b/a U.S. Communities (collectively, "**OMNIA Partners**"), in its capacity as the cooperative administrator, to be appended and made a part hereof and such other public agencies ("**Participating Public Agencies**") who register to participate in the cooperative purchasing programs administered by OMNIA Partners and its affiliates and subsidiaries (collectively, the "**OMNIA Partners Parties**") by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector or any successor website), or by executing a copy of this Agreement.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers have entered into "**Master Agreements**" (herein so called) to provide a variety of goods, products and services ("**Products**") to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the OMNIA Partners Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.

2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency's procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies' participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(j), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable "safe harbor" regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.

3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider; provided that the foregoing shall not prohibit Participating Public Agency from furnishing health care services so long as the furnishing of healthcare services is not in furtherance of a primary purpose of the Participating Public Agency.

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization ("**GPO**") agreements directly or indirectly by enrolling the Participating Public Agency in another GPO's purchasing program, provided that the purchase of Products through the OMNIA Partners Parties or any other GPO shall be at the Participating Public Agency's sole discretion.

7. The Participating Public Agencies (each a "**Procuring Party**") that procure Products through any Master Agreement or GPO Product supply agreement (each a "**GPO Contract**") will make timely payments to the distributor, manufacturer or other vendor (collectively, "**Supplier**") for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for purchase of similar products or services outside of the Master Agreement. Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE OMNIA PARTNERS PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE OMNIA PARTNERS PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE OMNIA PARTNERS PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE OMNIA PARTNERS PARTIES SHALL HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR OTHER PARTY UNDER A MASTER AGREEMENT OR GPO CONTRACT.

11. This Agreement shall remain in effect until termination by either party giving thirty (30) days' written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) registration on the OMNIA Partners website or the execution of this Agreement by a Participating Public Agency, as applicable.

PRINCIPAL PROCUREMENT AGENCY CERTIFICATE

In its capacity as a Principal Procurement Agency (as defined below) for National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("**OMNIA Partners**"), [PPA Name] agrees to pursue Master Agreements for Products as specified in the attached Exhibits to this Principal Procurement Agency Certificate.

I hereby acknowledge, in my capacity as _____ of and on behalf of **[PPA Name]** ("**Principal Procurement Agency**"), that I have read and hereby agree to the general terms and conditions set forth in the attached Master Intergovernmental Cooperative Purchasing Agreement regulating the use of the Master Agreements and purchase of Products that from time to time are made available by Principal Procurement Agencies to Participating Public Agencies nationwide through OMNIA Partners.

I understand that the purchase of one or more Products under the provisions of the Master Intergovernmental Cooperative Purchasing Agreement is at the sole and complete discretion of the Participating Public Agency.

Exhibit F
Federal Funds Certifications

FEDERAL CERTIFICATIONS
ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

(2) An agreement that provides only:

(i) Direct United States Government cash assistance to an individual;

(ii) A subsidy;

(iii) A loan;

(iv) A loan guarantee; or

(v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non–Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

(a)(1) The Federal financial assistance that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or

(2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.

(b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

(c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).

(d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non–Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

(a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;

(b) Is not organized primarily for profit; and

(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non–Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non–Federal entity during the same or a future period.

Pass-through entity means a non–Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non–Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non–Federal entity may purchase property or services using small purchase methods. Non–Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non–Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Per FAR 52.204-24 and FAR 52.204-25, solicitations and resultant contracts shall contain the following provisions.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Oct 2020)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services—Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications-Commercial Items. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) *Definitions.* As used in this provision—

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition*.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (https://www.sam.gov) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) *Representation.* The Offeror represents that—

(1) It □ will, □ will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that—

It □ does, □ does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) *Disclosures.*

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer.

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

52.204-25 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020).

(a) *Definitions.* As used in this clause—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (*e.g.*, connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (*e.g.*, fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means–

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means–

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (*e.g.*, connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (*e.g.*, voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition*.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

The following certifications and provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the Participating Agency and the Participating Agency's subcontractors shall contain the procurement provisions of

Appendix II to Part 200, as applicable.

APPENDIX II TO 2 CFR PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at $250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Pursuant to Federal Rule (A) above, when a Participating Agency expends federal funds, the Participating Agency reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(B) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

Pursuant to Federal Rule (B) above, when a Participating Agency expends federal funds, the Participating Agency reserves the right to immediately terminate any agreement in excess of $10,000 resulting from this procurement process in the event of a breach or default of the agreement by Offeror as detailed in the terms of the contract.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(**C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 CFR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."**

Pursuant to Federal Rule (C) above, when a Participating Agency expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

Does offeror agree to abide by the above? YES _____ Initials of Authorized Representative of offeror

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non - Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when a Participating Agency expends federal funds during the term of an award for all contracts and subgrants for construction or repair, offeror will be in compliance with all applicable Davis-Bacon Act provisions.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when a Participating Agency expends federal funds, offeror certifies that offeror will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award for all contracts by Participating Agency resulting from this procurement process.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Pursuant to Federal Rule (F) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (F) above.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA)

Pursuant to Federal Rule (G) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency member resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (G) above.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the Executive Office of the President Office of Management and Budget (OMB) guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Pursuant to Federal Rule (H) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency. If at any time during the term of an award the offeror or its principals

becomes debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency, the offeror will notify the Participating Agency.

(l) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (l) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term and after the awarded term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

(1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding $100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When Participating Agency expends federal funds for any contract resulting from this procurement process, offeror certifies that it will comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18).

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH BUY AMERICA PROVISIONS

To the extent purchases are made with Federal Highway Administration, Federal Railroad Administration, or Federal Transit Administration funds, offeror certifies that its products comply with all applicable provisions of the Buy America Act and agrees to provide such certification or applicable waiver with respect to specific products to any Participating Agency upon request. Purchases made in accordance with the Buy America Act must still follow the applicable procurement rules calling for free and open competition.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

CERTIFICATION OF ACCESS TO RECORDS – 2 C.F.R. § 200.336

Offeror agrees that the Inspector General of the Agency or any of their duly authorized representatives shall have access to any documents, papers, or other records of offeror that are pertinent to offeror's discharge of its obligations under the Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to offeror's personnel for the purpose of interview and discussion relating to such documents.

FEMA SPECIAL CONDITIONS

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a bid, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

"Contract" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the "Master Agreement".

"Contractor" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

a. Equal opportunity and nondiscrimination laws

b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7

c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. REMEDIES

a. Standard. Contracts for more than the simplified acquisition threshold, currently set at $250,000, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. See 2 C.F.R. Part 200, Appendix II(A).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

2. TERMINATION FOR CAUSE AND CONVENIENCE

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R.

§ 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246**,** *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

a. Standard. All prime construction contracts in excess of $2,000 awarded by non- Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.

c. Requirements. If applicable, the non-federal entity must do the following:

i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person

employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation

of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of
$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and*

Suspension (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2

C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor,_____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. ACCESS TO RECORDS

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or Comptroller General.

Access to Records. The following access to records requirements apply to this contract:

i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

iv. In compliance with the Disaster Recovery Act of 2018, the Participating Public Agency and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

13. CHANGES

a. Standard. To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

14. DHS SEAL, LOGO, AND FLAGS

a. Standard. Recipients must obtain permission prior to using the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials. See DHS Standard Terms and Conditions: Version 8.1 (2018).

b. Applicability. FEMA recommends that all non-Federal entities place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

c. "The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

15. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

a. Standard. The recipient and its contractors are required to comply with all Federal laws, regulations, and executive orders.

b. Applicability. FEMA recommends that all non-Federal entities place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable Federal law, regulations, executive orders, and FEMA policies, procedures, and directives.

c. "This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives."

16. NO OBLIGATION BY FEDERAL GOVERNMENT

a. Standard. FEMA is not a party to any transaction between the recipient and its contractor. FEMA is not subject to any obligations or liable to any party for any matter relating to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

17. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or

fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

c. "The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract."

Offeror agrees to comply with all terms and conditions outlined in the FEMA Special Conditions section of this solicitation.

NEW JERSEY BUSINESS COMPLIANCE

Suppliers intending to do business in the State of New Jersey must comply with policies and procedures required under New Jersey statues. All offerors submitting proposals must complete the following forms specific to the State of New Jersey. Completed forms should be submitted with the offeror's response to the IFB. Failure to complete the New Jersey packet will impact OMNIA Partners' ability to promote the Master Agreement in the State of New Jersey.

DOC #1	Ownership Disclosure Form
DOC #2	Non-Collusion Affidavit
DOC #3	Affirmative Action Affidavit
DOC #4	Political Contribution Disclosure Form
DOC #5	Stockholder Disclosure Certification
DOC #6	Certification of Non-Involvement in Prohibited Activities in Iran
DOC #7	New Jersey Business Registration Certificate
DOC #8	EEOAA Evidence
DOC #9	MacBride Principals Form

New Jersey suppliers are required to comply with the following New Jersey statutes when applicable:

- all anti-discrimination laws, including those contained in N.J.S.A. 10:2-1 through N.J.S.A. 10:2-14, N.J.S.A. 10:5-1, and N.J.S.A. 10:5-31 through 10:5-38;
- Prevailing Wage Act, N.J.S.A. 34:11-56.26, for all contracts within the contemplation of the Act;
- Public Works Contractor Registration Act, N.J.S.A. 34:11-56.26; and
- Bid and Performance Security, as required by the applicable municipal or state statutes.

STATEMENT OF OWNERSHIP DISCLOSURE

N.J.S.A. 52:25-24.2 (P.L. 1977, c.33, as amended by P.L. 2016, c.43)

This statement shall be completed, certified to, and included with all bid and proposal submissions. Failure to submit the required information is cause for automatic rejection of the bid or proposal.

MANDATORY AFFIRMATIVE ACTION LANGUAGE

PROCUREMENT, PROFESSIONAL AND SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of it testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

Signature of Procurement Agent

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
    a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
    b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
    c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
    d. The form may be used "as-is", subject to edits as described herein.
    e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
    f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
    - of the public entity awarding the contract
    - of that county in which that public entity is located
    - of another public entity within that county
    - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Required Pursuant to N.J.S.A. 19:44A-20.26

This form or its permitted facsimile must be submitted to the local unit no later than 10 days prior to the award of the contract.

Part I – Vendor Information

MACBRIDE-PRINCIPLES

STATE OF NEW JERSEY DEPARTMENT OF THE TREASURY
DIVISION OF PURCHASE AND PROPERTY

33 WEST STATE STREET, P.O. BOX 230
TRENTON, NEW JERSEY 08625-0230

MACBRIDE PRINCIPALS FORM

BID SOLICITATION #: _____ **VENDOR/BIDDER:** _____

VENDOR'S/BIDDER'S REQUIREMENT
TO PROVIDE A CERTIFICATION IN COMPLIANCE WITH THE MACBRIDE PRINCIPALS AND NORTHERN IRELAND ACT OF 1989

Pursuant to Public Law 1995, c. 134, a responsible Vendor/Bidder selected, after public bidding, by the Director of the Division of Purchase and Property, pursuant to N.J.S.A. 52:34-12, must complete the certification below by checking one of the two options listed below and signing where indicated. If a Vendor/Bidder that would otherwise be awarded a purchase, contract or agreement does not complete the certification, then the Director may determine, in accordance with applicable law and rules, that it is in the best interest of the State to award the purchase, contract or agreement to another Vendor/Bidder that has completed the certification and has submitted a bid within five (5) percent of the most advantageous bid. If the Director finds contractors to be in violation of the principals that are the subject of this law, he/she shall take such action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

I, the undersigned, on behalf the Vendor/Bidder, certify pursuant to N.J.S.A. 52:34-12.2 that:

CHECK THE APPROPRIATE BOX

☐ The Vendor/Bidder has no business operations in Northern Ireland; or

OR

☐ The Vendor/Bidder will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principals of nondiscrimination in employment as set forth in section 2 of P.L. 1987, c. 177 (N.J.S.A. 52:18A-89.5) and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of its compliance with those principals.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor/Bidder, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, and that the Vendor/Bidder is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of **my** agreement(s) with the State, permitting the State to declare any contract(s) resulting from this certification to be void and unenforceable.

Clarification #1

INVITATION FOR BID
IFB #RC2022-1001
HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS, AND RELATED PRODUCTS AND SERVICES

Clarifications

1. E. Price List for Additional Products references Bidders attaching to the Bid Form one (1) copy of one (1) price list or retail price sheet, clearly marking the column to which the discount is applied for each item. This may be done utilizing Section A Product Pricing from the Bid Form. Should a different form be attached to the Bid Form to price additional products, Bidder's should ensure that the necessary discount and other pertinent information is included as outlined in the solicitation.

2. For the format of submitting the required documents and information in Step-One: Pricing may either be submitted as a single merged document (with the other required documents in Step-One) or as a separate document (so long as all of the requested information is submitted by the due date and time).

ADDENDUM 1
INVITATION FOR BID
IFB #RC2022-1001
HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS, AND RELATED PRODUCTS AND SERVICES

This Addendum has been prepared by:
Racine County
Duane McKinney
Date: Wednesday July 6, 2022

To the Bidder of Record:

This Addendum is issued as stated in the original Invitation for Bid on page 2 in section B. to address questions received from Bidders in writing requesting clarification from Racine County on the specifications provided for the above subject bid and to correct an item in the solicitation. Acknowledge receipt of this addendum by entering the Addendum number and issue date on the space provided below.

Clarification

1. There is a modification included in this Addendum to correct a sentence located under Section B. Term. See below for details.

Questions and Answers

1. Question:
   Attachment D – National Cooperative Contract states "The following documents are used in reviewing and administering national cooperative contracts and are included for Supplier's review and bid." Page 12 states: "The Successful Bidder(s) will be required to sign Attachment D – National Cooperative Contract to be Administered by OMNIA Partners, Exhibit B – Administration Agreement. Contractors should have any reviews required to sign the document prior to submitting a response." Please confirm that the following documents are for Successful Bidder(s) and do not need be executed/signed and included with this proposal response:
   - Exhibit B – Administration Agreement, Example
   - Exhibit C – Master Intergovernmental Cooperative Purchasing Agreement, Example
   - Exhibit D – Principal Procurement Agency Certificate, Example
   - Exhibit E – Contract Sales Reporting Template
   - Exhibit F – Federal Funds Certifications

- Exhibit G – New Jersey Business Compliance

Exhibit H – Advertising Compliance Requirement

Answer: The following documents are informational only:

- *Exhibit C – Master Intergovernmental Cooperative Purchasing Agreement, Example*
- *Exhibit D – Principal Procurement Agency Certificate, Example*
- *Exhibit E – Contract Sales Reporting Template*
- *Exhibit H – Advertising Compliance Requirement*

The documents below are to be completed by the Successful Bidder(s). While the documents below do not need to be submitted as part of the Bidder's initial response, it may quicken the award process if they are included:

- *Exhibit B – Administration Agreement, Example*
- *Exhibit F – Federal Funds Certifications*
- *Exhibit G – New Jersey Business Compliance*

2. Question:
   Please confirm that there is no specific Value Add requirement and no scoring associated with Value Add.

   Answer: There is no specific Value Add requirement and no scoring associated with Value Add products and/or services.

3. Question:
   Please confirm if "G.ADDITIONAL DATA WITH BID, Bidders may include any additional information deemed advantageous to Racine County" should be submitted within the main body of the Complete Bid Package or if this information needs to be submitted under separate cover in the Value Add area on Demand Star

   Answer: Yes, Bidders may include any additional information deemed advantageous to Racine County with their bid. This can be submitted either within the main body of the Complete Bid Package or as a separate cover/area in Demand Star.

4. Question:
   Please provide clarification on the Supplemental Documents/Added Value upload area and if there is any scoring associated with a separate Added Value.

   Answer: See Answers to Questions 2 and 3 above. There is no separate scoring associated with Added Value products and/or services.

<u>Modification</u>

1. Page 13 - Remove the first sentence of Section B. Term and replace with the following:

The term of the Master Agreement will be for five (5) years following the contract award date with the option to renew for one (1) additional five (5) year period.

The rest of this section shall remain.

This Addendum is three (3) pages in its entirety with no additional attachments.

Please sign, date and attach a copy of this Addendum to your bid.

RC2022-1001 Times stamp bid responses

HVAC Products, Installation, Labor Based Solutions, and Related Products and Services
Executive Summary

Lead Agency: Racine County, Wisconsin

Solicitation: RC2022-1001

Solicitation Issued: June 15, 2022

Pre-Bid Date: June 29, 2022

Response Due Date: July 21, 2022

Awarded to: Trane U.S. Inc.

Racine County, Wisconsin issued IFB #RC2022-1001 on June 15, 2022, to establish a national cooperative contract for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services.

The solicitation included cooperative purchasing language in Section II. INSTRUCTION TO BIDDERS, K. National Contract:

Subject to its fiduciary and statutory obligations, Racine County, as the Principal Procurement Agency, defined in Attachment D – National Cooperative Contract to be Administered by OMNIA Partners, has partnered with OMNIA Partners, Public Sector ("OMNIA Partners") to make the resultant contract (also known as the "Master Agreement" in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. Racine County is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a "Participating Public Agency") and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of a Master Intergovernmental Cooperative Purchasing Agreement, a form of which is attached hereto on Attachment D – National Cooperative Contract, or as otherwise agreed to. Attachment D – National Cooperative Contract contains additional information about OMNIA Partners and the cooperative purchasing agreement.

Notice of the solicitation was sent to potential offerors, as well as advertised in the following:

- Racine County website
- OMNIA Partners website
- USA Today, nationwide
- Arizona Business Gazette, AZ
- San Bernardino County Sun, CA
- Honolulu Star-Advertiser, HI
- The Herald-News – Will County (IL)

- The Advocate – New Orleans, LA
- The New Jersey Herald, NJ
- Albany Times Union, NY
- Daily Journal of Commerce, OR

- Deseret News, UT
- Richmond Times-Dispatch, VA
- Seattle Daily Journal of Commerce, WA
- Houston Community Newspapers, TX
- Helena Independent Record, MT
- Las Vegas Sun
- Kennebec Journal, ME

Socio-economic Outreach: To encourage participation of small businesses, minority owned businesses and women owned businesses, Historically Underutilized Businesses were notified of the Invitation to Bid.

On Thursday July 21, 2022, bids were received from the following offerors:

- Trane U.S. Inc.

Trane U.S. Inc. was the lowest responsive, responsible, and qualified bidder based on the requirements issued in the IFB. The County Executive, who was granted authority on January 11, 2022 by the Racine County Commissioners, approved the contract award. The contract was executed on August 17, 2022 with an effective date of September 1, 2022.

Contract includes HVAC Products, Installation, Labor Based Solutions, and Related Products and Services. Trane U.S. Inc. can provide products and services covering the following areas:

- Operate, Maintain & Repair
    - Connectivity and Cloud Services
    - HVAC System Management
    - HVAC System Repair
    - Rental Solutions
    - Parts and Supplies
- Energy & Sustainability
    - Energy conservation Measures
    - Energy Monitoring & Analysis
    - Active Energy Management
    - Financing & Energy Services Contracting
- Design, Upgrade & Modernize
    - Upgrading Existing Equipment
    - Building Systems Design and Upgrades
    - HVAC System Retrofits
    - Indoor Air Quality (IAQ)
- Building Systems and Technologies
    - Variable Refrigerant Flow (VRF) and Ductless Systems
    - Chillers
    - Packages Units and Split Systems

    - Air Handlers, Terminal Devices, Vav and Fan Coils
    - Variable Frequency Drives (VFD)
    - Energy Storage
    - Precision Cooling
- Building Management and Automation
    - Solutions for Large Buildings and Campuses
    - Small Building Solutions
    - Air-Fi® Wireless Communications
    - Lighting Solutions
    - Controls Solutions for Light Commercial Contractors
- Design and Analysis Software Tools

Term:

- September 1, 2022 to August 31, 2027 with the option to renew for one (1) additional five (5) year period. The anticipated full term of the contract is ten (10) years. Trane U.S. Inc. has the right to enter local "service" agreements with Participating Public Agencies accessing the contract through OMNIA Partners, so long as the effective date of such agreement is prior to the expiration of the Contract. All local agreements may have a full potential term (any combination of initial and renewal periods) subject to the discretion of the Participating Public Agency. Any job orders, project agreements, or maintenance agreements executed against the Master Agreement during the effective term may survive beyond the expiration of the Master Agreement as established and agreed to by both parties.

Pricing/Discount:

HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES CONTRACT 2022

This Contract made and entered into this 16th day of August 2022, by and between Racine County, Wisconsin, 730 Wisconsin Avenue, Racine, Wisconsin 53403 (hereinafter referred to as "COUNTY") and Trane U.S. Inc., 800 Beaty Street, Davidson, North Carolina 28036-6924 (hereinafter referred to as "CONTRACTOR").

W I T N E S S E T H:

For good and valuable consideration, the parties agree as follows:

1. **WORK**: CONTRACTOR shall provide HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES:
   The undersigned parties understand and agree to comply with and be bound by the entire contents of Sealed Bid # RC2022-1001: HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES (aka, the Contractor's Bid Proposal submitted July 21, 2022) which is incorporated herein by reference. CONTRACTOR understands and agrees that the bonds and insurance required by the Project Manual are to be kept current at all times through the length of each term and for 90 Days following completion of each term. Bonds and insurance must be renewed and presented to the COUNTY at the time of each renewal term if COUNTY chooses to renew. Bonds and insurance shall be written by a firm acceptable to the COUNTY as specified in the Project Manual.
2. **TERM**: September 1, 2022, to August 31, 2027, with full renewal of one (1) additional five (5) year term per the Project Manual. COUNTY shall exercise renewal options by issuance and delivery to CONTRACTOR of a written notice to renew this Agreement.
3. **PROJECT**: HVAC PRODUCTS, INSTALLATION, LABOR BASED SOLUTIONS AND RELATED PRODUCT AND SERVICES in accordance with the Project Manual.
4. **PRICE**: Price as stated for all schedules included in the Project Manual.

DocuSign Envelope ID: 5AB039C2-2DAF-4A1E-9286-D4840C496111

5. **CANCELLATION**: This contract may be cancelled without penalty or obligation of any kind, by COUNTY by, for or on behalf of itself or its agencies, departments, officers, agents or employees immediately upon written notice to all parties that sufficient funds have not been budgeted by the County Board of Supervisors to pay the obligations under this agreement.

Either party may terminate the contract on the anniversary date in any subsequent year of the contract by providing the other party with written notice ninety (90) days prior to the anniversary date.

If the CONTRACTOR fails to maintain and keep in force required insurance, COUNTY shall have the right to cancel and terminate the contract without notice.

Notwithstanding any of the terms and conditions contained herein, the COUNTY and CONTRACTOR reserve the right to terminate the contract at any time for any reason by providing written notice of termination to the other party no less than ninety (90) days in advance of termination. In the event of said termination, CONTRACTOR shall not reduce its activities hereunder unless agreed in advance by COUNTY. The CONTRACTOR will pay according to the contract for services tendered through the date of termination.

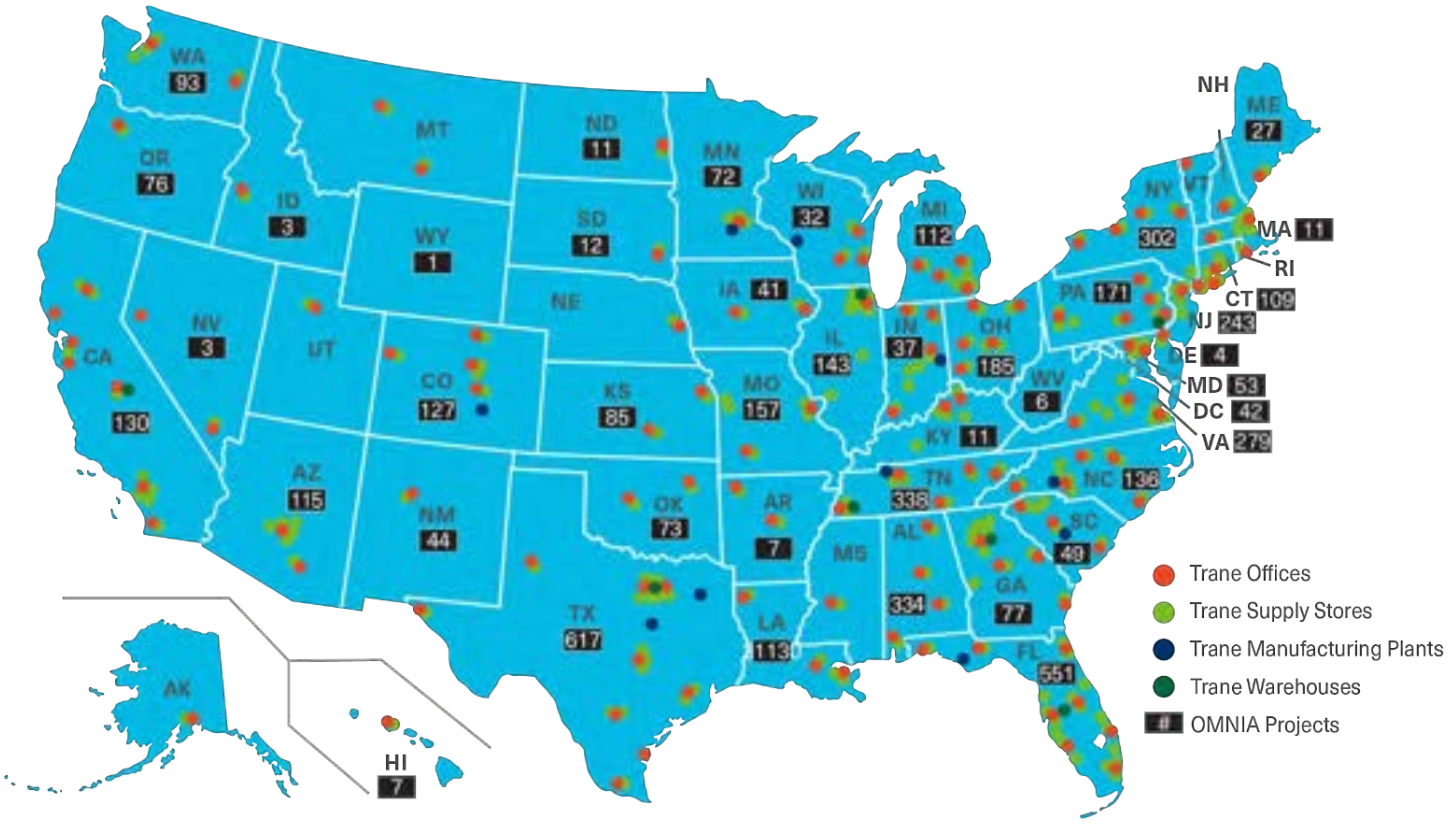
C. Executive Summary

Limit to one or two pages. Briefly state the Bidder's understanding of the service to be provided and a positive commitment to perform the services as defined in the IFB.

Trane has presented 122 high-level products/equipment options and 48 labor classifications and services for your consideration, and are ready to provide HVAC Equipment and Products, Installation, and Services, and other Related Products/Solutions in response to this IFB.



Trane's experience with cooperative contracting began in 1998 with the Region 4 ESC (Formerly TCPN) contract. In 2015, we were selected to provide products/services under the **Harford County Public Schools and U.S. Communities Contract** (15-JLP-023) and have executed work under this contract through the seven-year term plus an additional six months. In 2017, **Trane secured the Port of Portland and U.S. Communities Contract.** Trane® has been a qualified DOE ESCO since 1999 and has completed complex Energy Savings Performance Contracts (ESPC) for the Federal Government. An ESPC is a proven, cash flow neutral financing mechanism that pays for facility improvements that can be paid back over time based on future utility bill saving. Trane's Core Products – HVAC Equipment and Controls – drive one-third of total ESPC savings. Trane's incident (OSHA) rates are consistently 67-86% below the industry average and our current Experience Modification Rate (EMR) is 0.61. Trane has leveraged this experience to deliver dozens of ESPC projects under the Port of Portland contract.

Trane has the capacity to provide a wide range of services and products to support agencies across the country. Our 100-year history as a trusted provider of superior products and services has resulted in a robust national infrastructure. Our project offices are staffed with factory-trained service technicians that provide operational oversight, O&M, service-repair, and installation support. Trane stocks service-repair parts (over 20,000 SKUs per location), equipment, and supplies right in our customer's communities. We also have established relationships with local designers, suppliers, and subcontractors–including small/disadvantaged businesses. **Trane has booked $1.4B+under our Harford and Port of Portland OMNIA contracts since 2018 and has delivered services and products in 43 states.**

Alabama	$22,282,635.39	**Kentucky**	$1,349,239.50	**Oklahoma**	$9,834,236.76

© 2022 Trane. All rights reserved.

Trane's robust national infrastructure includes: 124 project offices, 205 parts/supply facilities, 6 express warehouses, and 11 manufacturing plant sites. Trane has 2,138 Salespersons and Project Managers available to support the Racine Contract.

Trane will work with OMNIA Partners so all participating agencies are aware of our contract award via a 90 day plan that includes emailing over 80,000 direct customer contacts, a co-branded press release, and publicity campaigns via our dedicated OMNIA website, direct mail, social media, and trade show promotion.

Our experienced Cooperative Contracting group is well-positioned to help Racine County—and the agencies that will piggyback off this contract—secure the goods and services they need to support their communities. With over 100 years of collective experience, Trane's Cooperative Contract Team brings to Racine County extensive knowledge and diverse know-how in navigating public procurement contracting. We look forward to bringing this experience to Racine County and its public procurement partners.

We sincerely appreciate your consideration.

D. Responsible Bidder

Minimum Criteria

The following minimum criteria shall be met to be eligible for this contract:

- Bidders shall demonstrate that they are financially stable;
- Bidder shall have been in business providing similar service for at least the last three (3) years;
- Bidders should have the capability of providing a combination of products, services, consulting, or other labor-based solutions to accommodate the range of products and services utilized by Participating Public Agencies; and
- Bidders shall be properly licensed and incorporated to do business in the State of Wisconsin.

Trane U.S. Inc. meets all the minimum criteria to be eligible for this contract:

- Trane is a $14B corporation that has been in business for over 100 years. Our most recent balance sheet is shown below.
- Trane has held a cooperative contract since 1998 and has held the Harford County Public Schools and U.S. Communities Contract since 2015.
- Trane is properly licensed and incorporated to do business in the State of Wisconsin.

1. Detailed Response to Attachment D, Exhibit A

1. Include a detailed response to Attachment D, Exhibit A, OMNIA Partners Response for National Cooperative contract, to show proof of organizational capacity, equipment, and technical competency.

Please see Appendix 2 for Trane's detailed response to Exhibit A under Attachment D.

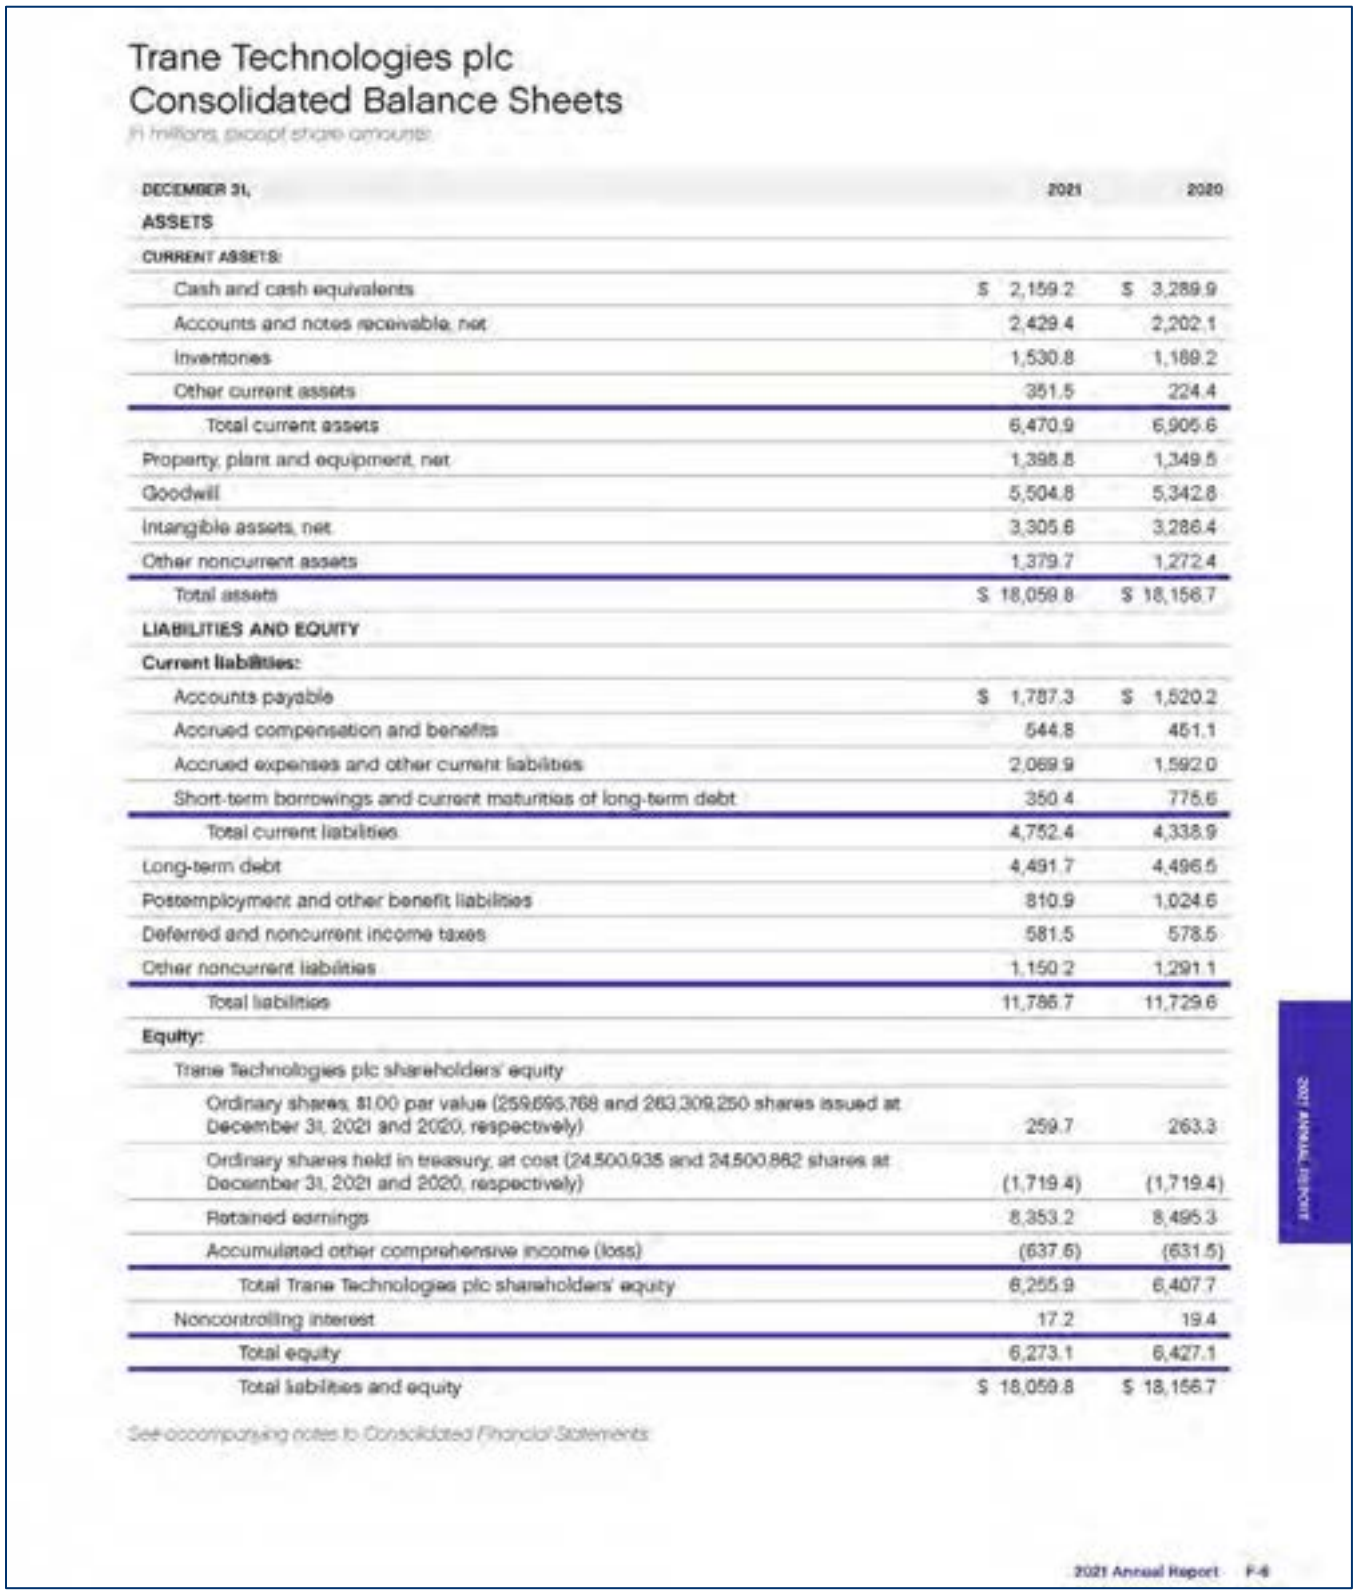
a. Racine County makes no representation or warranty concerning the use of the Master Agreement by any other Participating Public Agency.

Trane acknowledges that Racine County makes no representation or warranty concerning the use of the Master Agreement by any other Participating Public Agency.

b. The lowest responsible Bidder(s) will be required to sign Attachment D, Exhibit B, OMNIA Partners Administration Agreement.

Trane acknowledges that The lowest responsible Bidder(s) will be required to sign Attachment D, Exhibit B, OMNIA Partners Administration Agreement.

c. If applicable, provide a sample of additional agreements that Participating Public Agencies may be asked to sign.



Trane will not require additional agreements from Participating Public Agencies.

2. Positive Balance Sheet

2. Provide proof of a positive balance sheet and profitable business operations for two (2) of the last three (3) years.

Wisconsin Contractor Re-Certification

STATE OF WISCONSIN
DEPARTMENT OF ADMINISTRATION
Tony Evers, Governor
Kathy Blumenfeld, Secretary-designee
Naomi De Mers, Division Administrator

March 28, 2022

Trane U.S., Inc.
Attn: Tyler Schmitz
5302 Voges Rd.
Madison, WI 53718

Dear Tyler:

Thank you for applying for Division of Facilities Development (DFD) contractor re-certification.

DFD reviewed your updated application and has issued a re-certification decision.

Trane U.S., Inc. is re-certified to bid in the following divisions of work up to the following thresholds:

Division of Work	Bid Threshold (Per Project)
General	$20,000,000
Mechanical	$20,000,000
Other:	
Equipment Supplier	$4,000,000

Please note that you are also re-certified to bid on projects in the Small Project Program (total project budget of $300,000 or less).

When submitting your bids, please use your company name (Trane U.S., Inc.) as certified. Please do not submit bids outside of your certified divisions of work and/or over your certified bid amount thresholds (per project) as these bids will be rejected. Your new certification is valid until March 28, 2024. At that point, you will need to apply again for re-certification.

We look forward to your continued business. Please email us at dfdcertification@wisconsin.gov if you have any questions.

Sincerely,

Division of Facilities Development

Wisconsin Department of Administration

Facilities Development, PO Box 7866, Madison, WI 53707-7866

5. Bonding Capacity

5. Bonding capacity and capability of securing high dollar Performance Bonds.

Trane can consider single projects up to $100 million within an aggregate limit of $300 million.

6. W-9

6. Completed and signed W-9 Request for Taxpayer Identification Number and Certification form.

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
TRANE U.S. INC.

2 Business name/disregarded entity name, if different from above

Print or type. See Specific Instructions on page 3.

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☑ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):
Exempt payee code (if any) 5
Exemption from FATCA reporting code (if any)
(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
800-E BEATY STREET

Requester's name and address (optional)

6 City, state, and ZIP code
DAVIDSON, NC 28036

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
[ ][ ][ ] - [ ][ ] - [ ][ ][ ][ ]

or

Employer identification number
2 5 - 0 9 0 0 4 6 5

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ Date ▶ 1/4/2022

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Cat. No. 10231X Form **W-9** (Rev. 10-2018)

7. Background Information

7. Furnish background of Bidder, including such information as size of the firm, legal status (corporation or partnership, etc.) lines of business, management and technical expertise, financial position, and years in business. Include any unique approaches or techniques developed and used by the firm.

Trane U.S. Inc. (Trane) is a wholly owned subsidiary of Trane Technologies (NYSE: TT) and was incorporated in 1929. Trane is a global climate innovator with over $14 billion in annual revenue. We offer a wide range of products and services known for high-performance efficiency and sustainability. These prominent brands include Trane, Thermo King, and a host of other category-leading brands.

Trane first received NAESCO Accreditation in 2004 and is one of only 13 NAESCO Accredited Energy Service Providers. The ESP designation is defined as: "The technical and managerial competence to provide energy supply through the development and implementation of build/own/operate distributed generation, cogeneration or combined heat and power (CHP) projects or the firm contracting energy supply."

In addition, Trane has been a qualified DOE ESCO since 1999 and has managed energy services performance contracting programs for the Defense Logistics Agency, Department of State, Navy, Army, Air Force, US Forest Service, US Geological Survey, and the General Services Administration. Trane has been hired for six follow-on ESPC projects at three DOD locations and our Federal ESPC projects have achieved a 30% average energy reduction from baseline. Trane has received multiple awards, including the Federal Energy Management Program Award of the Year and the Presidential Award for Leadership in Federal Energy Management. Additional awards/recognitions include:

- 2022, Fortune magazine World's Most Admired Companies — 10th consecutive year

Size of Firm

Trane has over 34,000 employees worldwide. In the United States, Trane employs over 11,000 salaried employees and 13,500 hourly employees.

Legal Status

Trane is a corporation.

Lines of Business

Trane has a 100+ year history as a trusted provider of superior HVAC equipment and Building Automation Systems (BAS)/Energy Management Control Systems (EMCS) products and services. We have a global network of offices and service/parts locations to support energy conservation projects. Our local service organization will provide 24/7 technical support and access to a robust national supply chain. This community-based approach will help keep your operations running smoothly and provide rapid response in case of emergency. Our lines of business are provided under **Lines of Business: Trane Services** and **Lines of Business: Trane Building Systems and Technologies.**

Management and Technical Expertise

LOCAL PROJECT MANAGEMENT APPROACH

Trane's projects are managed locally. Each Trane office has the qualifications and hands-on relevant experience to deliver across all project phases. Trane offers vast in-house capabilities for design, equipment, contracting, controls, service, and project financing. A qualified and dedicated Project Manager (PM) is assigned to manage the day-to-day installation and construction activities ECMs at the project site in accordance with the design, costs, schedule, safety protocols, and QC processes. The PM leads and manages the installation team, including subcontractors, and is responsible for the Project Schedule. The following corporate management/technical resource pool is available to support the local delivery team:

© 2022 Trane. All rights reserved.

After the project is constructed, Trane's local service and maintenance team ensures optimum operations. Through the innovative use of data trending and analytics, Trane can provide opportunities for continuous system improvement optimization**. Most companies do not directly employ HVAC or Controls Service Personnel**. When a customer needs service, a locally based service company will respond on their behalf. Trane's truck-based service personnel promptly respond to any request. These service experts will show up in a Trane van, wearing a Trane uniform. They are direct employees of Trane. Their experience level ranges from journeymen to experienced senior technicians and supervisors – some of whom possess more than 30 years of HVAC industry experience. Our service technicians are skilled in maintaining and repairing not only Trane equipment, but nearly every manufacturer in the industry.

Trane's local project delivery model offers the following advantages:

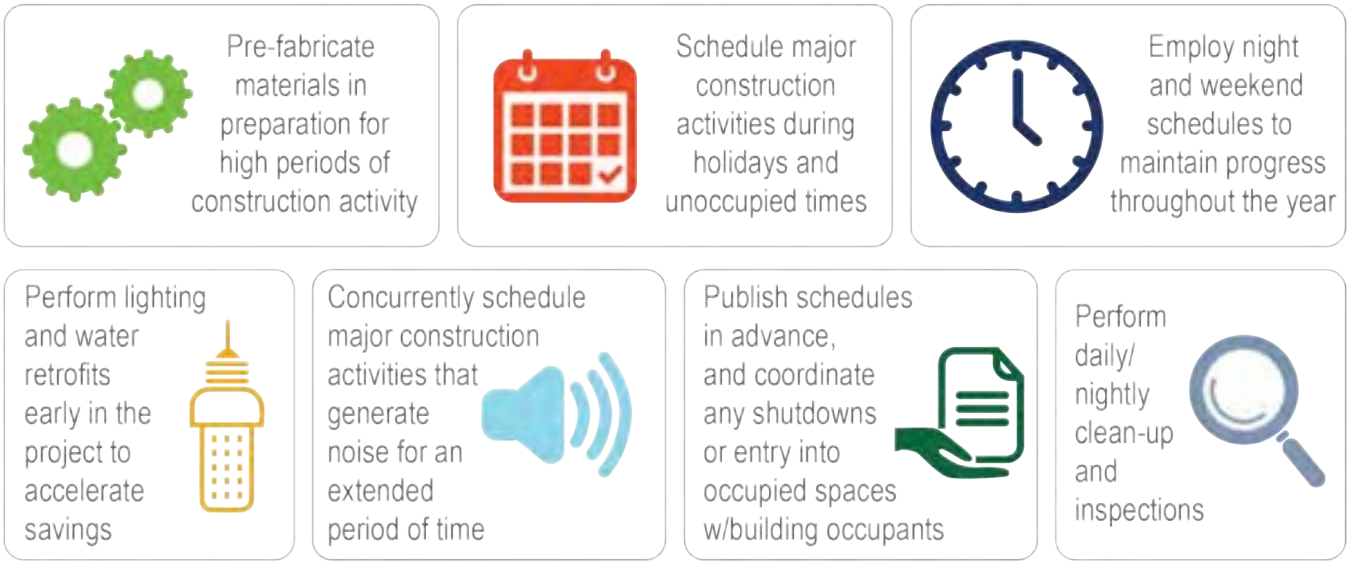
- **A local service organization to provide 24/7 technical support and a robust national supply chain.** Our service technicians are skilled in maintaining and repairing not only Trane equipment, but nearly every manufacturer in the industry.
- **Intelligent Services/BAS technicians** to analyze building data and provide scheduled and on-call local service support. This will contribute to uptime for ongoing operations and provide rapid response in case of emergency.
- **Established relationships** with local designers, suppliers, and subcontractors–including small/disadvantaged businesses. Our network includes a pool of pre-qualified sub-contractors to perform work such as electrical, piping, rigging, etc.
- **Expertise to perform system upgrades and replacements**, including major mechanical equipment such as chillers, cooling towers, air handlers, pumps, and coils. Trane's local offices have dedicated professionals in each of the following areas:
    - **Contracting Solutions:** Total comprehensive solutions, including guaranteed energy savings performance contracting and large turnkey installation projects.
    - **Trane Equipment:** Energy-efficient, environmentally friendly HVAC equipment for both comfort and process applications.
    - **Controls:** State-of-the-art building automation systems. Our local offices are complete with dedicated Controls Demonstration Centers for client education and training.
    - **Service:** Our service technicians are skilled in maintaining and repairing not only Trane equipment, but HVAC systems from nearly every manufacturer in the industry.
    - **Supply:** Full line of Trane parts, non-Trane parts, maintenance supplies, safety equipment, refrigeration, and maintenance/service tools warehoused locally.
    - **Training:** Fully equipped training facilities for seminars and training on industry issues Awards

SAFETY APPROACH

Safety Planning is woven into Trane's Construction/Installation Approach. See Section: "Trane's Safety Policy" for additional information.

© 2022 Trane. All rights reserved.

MITIGATING DISRUPTIONS TO DAILY OPERATIONS



Virtually all our projects feature construction activities across multiple buildings and work in occupied spaces. Our local teams are experienced in scheduling work activities and implementing projects in a way that minimizes disruption to daily operations. We work with our customers to develop an effective project schedule and coordinate all implementation activities with project site representatives. For work performed in occupied areas – such as lighting and water conservation upgrades – we will attempt to schedule installation during low-occupancy times, as well as publish work schedules and estimated completion times well in advance.

Trane will schedule installations in occupied areas – such as lighting and water conservation upgrades – during low-occupancy times and create/publish work schedules with estimated completion times in advance. We will also develop a detailed facility phasing plan for customer review prior to the start of construction. This phasing plan will include allowable work hours, days of the week that will be completed, and acceptable shutdown times for each occupied space.

Trane will coordinate with facility leadership and create signage that notifies occupants of upcoming work and shutdowns. Trane will actively manage all aspects of construction and will provide site supervision to manage crews and immediately respond to any occupant issues or questions. Trane will hold meetings with the facility occupants to keep the Trane team informed of the access and scheduling requirements for the proposed efficiency measures which impact implementation cost estimates and phasing plans.

Based on input from each building manager, we will develop a detailed phasing plan for each facility for your team's review prior to the start of construction. This phasing plan will include allowable work hours, days of the week that work is to be completed, and acceptable shutdown times for each occupied space.

To keep your project on track and to minimize disruption to day-to-day activities, our team will:

Financial Position

Trane Technologies is a $14B public corporation with a strong investment grade rating as indicated by Moody's and S&P (Baa2/BBB). Thus, our financial strength allows us to meet our energy performance guarantees. Trane has and can use escrow accounts where needed with scheduled construction draws as appropriate. In addition, we have a dedicated team of energy engineers that track project performance on a detailed ECM basis and take corrective actions if needed or appropriate.

The Income Statement and Balance Sheet from our most recent annual report is included in Section D.2. of this response. Trane's entire annual report can be viewed at the following web address along with all other financial documents: https://investors.tranetechnologies.com/financial-information/financial-summary/default.aspx. A letter from J.P. Morgan summarizing their experience with Trane is provided below.

Jeffrey Stern
Executive Director

J.P.Morgan

January 21, 2022

Ladies and Gentlemen:

At the request of Trane Technologies (the "Company"), the parent company of Trane US, Inc., we are forwarding a resume of our banking experience when dealing with the Company.

JPMorgan Chase Bank, N.A. and our related affiliates, have had a significant banking relationship with the Company dating back several decades. Currently we accommodate the Company with credit facilities which include a low 10 figure unsecured revolving credit facility. Trane US, Inc. has also maintained a U.S. $ checking account with the J.P. Morgan Chase Bank, N.A. in New York for over 10 years. Our dealings over the years with the Company have always been handled in a very satisfactory manner.

JPMorgan Chase Bank, N.A. considers the Company to be a valued client and the organization is highly regarded by us.

We are furnishing this letter and the information contained herein to you as an accommodation to the Company and on the condition that this letter and the information contained herein is treated as confidential, that it is not intended to be, and does not constitute, representations regarding the general condition of the Company, its management or its future ability to meet its obligations, that neither we nor any of our officers, employees and agents shall have any liability or responsibility in connection herewith.

Best regards,

Executive Director

THE INFORMATION IN THIS LETTER IS PROVIDED AT THE REQUEST OF TRANE TECHNOLOGIES. THIS LETTER AND ANY INFORMATION PROVIDED IN CONNECTION THEREWITH ARE FURNISHED ON THE CONDITION THAT THEY ARE STRICTLY CONFIDENTIAL, THAT NO LIABILITY OR RESPONSIBILITY WHATSOEVER IN CONNECTION HEREWITH SHALL ATTACH TO JPMORGAN CHASE BANK, N.A., ANY OF ITS SUBSIDIARIES AND/OR AFFILIATES, OR ANY OF THEIR OFFICERS, EMPLOYEES OR AGENTS, THAT THIS LETTER MAKES NO REPRESENTATIONS REGARDING THE GENERAL CONDITION OF THE SUBJECT, ITS MANAGEMENT, OR ITS FUTURE ABILITY TO MEET ITS OBLIGATIONS, AND THAT ANY INFORMATION PROVIDED IS SUBJECT TO CHANGE WITHOUT NOTICE. ALL PERSONS ARE INFORMED THAT THIS RESPONSE IS A STRICTLY CONFIDENTIAL RESPONSE TO A REQUEST AND MAY BE INCOMPLETE. ANY STATEMENT ON THE PART OF JPMORGAN CHASE BANK, N.A., OR ANY OF ITS OFFICERS, AS TO THE RESPONSIBILITY OR STANDING OF ANY PERSON, FIRM OR CORPORATION, OR AS THE VALUE OF ANY SECURITIES, IS GIVEN AS A MERE MATTER OF OPINION FOR WHICH NO RESPONSIBILITY, IN ANY WAY, IS TO ATTACH JPMORGAN CHASE BANK, N.A. OR ANY OF ITS OFFICERS. FURTHERMORE, NO OFFER OR SOLICITATION ON OUR PART WITH RESPECT TO THE SALE OF PURCHASE OF SECURITIES IS INTENDED OR TO BE IMPLIED.

Years in Business

Trane has been manufacturing world-class HVAC equipment for over 100 years.

Unique Approaches or Techniques Developed and Used by Firm

Trane began in 1885 as a family plumbing business in La Crosse, Wisconsin. Joined by his son Reuben, a mechanical engineer, James Trane developed an innovative low-pressure steam heating system. By 1913, the family had incorporated as The Trane Company. Over the next hundred years, Trane established its position as a pioneer in climate control by patenting its first air conditioner in 1931 then launching the Turbovac, a new type of water chiller that fundamentally altered the industry's approach to large-building air conditioning systems. These early innovations paved the way for Trane's industry-leading commercial air conditioner, CenTraVac™— the highest efficiency, lowest emissions, most reliable chiller on the market. Today Trane is an HVAC OEM operating worldwide, providing products and services unmatched in the industry. Just a few of Trane's unique approaches include:

- Building automation systems providing continuous commissioning
- Design, and energy simulation software used by many of the world's top design firms
- Intelligent systems that can help provide predictive failure analysis
- P3 partnerships providing educational opportunities,
- Thermal storage systems allowing load shedding and off-peak utility optimization
- Innovative partnerships with VRF technology

Lines of Business: Trane Services

Trane Services help optimize building performance by connecting building and machine data to deliver the knowledge and power needed to manage buildings. Our offerings include:

ENERGY & SUSTAINABILITY

- **Energy Conservation Measures** Trane has been an accredited Energy Services Company (ESCO) since 1999 and has **executed almost $3.5 billion in guaranteed Energy Savings Performance Contracting (ESPC) work**. We solve energy problems holistically with top digital and analytical tools, engineering expertise, and a full portfolio of products and services. ESPC projects allow building owners to pay for significant building upgrades that improve energy efficiency via future energy savings that are guaranteed by Trane, eliminating the need for a significant capital expense. In addition to our work in the Commercial/State & Local/K-12/Higher Education vertical markets, Trane has been a Trane® has been a qualified DOE ESCO since 1999 and has implemented Federal ESPCs for the Defense Logistics Agency, Department of State, Navy, Army, Air Force, US Forest Service, US Geological Survey, and the General Services Administration.
- **Energy Monitoring & Analysis** Trane uses intelligent tools to monitor, track, predict, and optimize building operations. We offer a complete energy management solution that delivers improved building performance and reduced operating costs. Trane's software-driven energy

© 2022 Trane. All rights reserved.

load management and predictive analytics tools forecast, plan, and manage energy consumption to avoid higher electricity prices. Trane Intelligent Services has four major components:

Building Performance

Trane building professionals analyze data and equipment behavior in the context of the overall system, discovering hidden information and opportunities for improvement.

Energy Performance

Trane professionals maintain 24/7 watch over your critical building systems, proactively detecting issues and analyzing alarms, and initiating responses according to your specific rules of engagement.

Active Monitoring

Trane Energy Optics® and Trane Energy Analyzer—illustrate your building's energy use. Because if we can see a problem, we can change it.

Energy Assessment

Trane's cloud-based building energy management system (BEMS) service uncovers energy waste in every corner of your building.

- **Active Energy Management** Trane develops and implements integrated Active Energy Management programs that can lower energy costs, build sustainability, and reduce dependence on the electrical grid.
    - Renewable Energy & Distributed Energy Resources Trane can develop distributed energy resources (DER) to improve sustainability and resilience. Our services include onsite installations and renewable energy purchasing strategies, including virtual power purchasing agreements (VPPA). Trane's dedicated Renewable and Resilient Energy and Power Systems Team can implement solar PV, solar hot water heating, rainwater harvesting, biomass heating plants, geothermal heat pumps, cogeneration biogas, water/wastewater, and smart grid technology.
- **Financing & Energy Services Contracting** Trane's Financing Group provides expertise in grants, utility rebates, performance contracts, energy services agreements, and public-private partnerships that fund sustainability programs. Trane experts help customers select the best tool for their goals. Trane experts also help customers increase their buying power as part of a purchasing cooperative or group. Trane is a member of the nation's leading cooperative and group purchasing organizations supporting public, non-profit, and health care organizations.

© 2022 Trane. All rights reserved.

OPERATE, MAINTAIN & REPAIR

- **Connectivity and Cloud Services** Trane provides secure and scalable solutions via Trane's building optimization tools that reduce operating costs and improve comfort and efficiency. Trane Connect is a cloud-based customer portal that offers secure, firewall-protected access to building systems for remote monitoring and routine maintenance. Trane's Tracer Ensemble Building Management System is a premier web-based building management system that eliminates the complexity of managing multiple building systems across multiple sites. Tracer manages sites from a PC, tablet, or smart phone. Trane works closely with IT teams to help ensure our connected building management systems provide secure access for authorized users, and only authorized users. Trane provides seamless integration of any open standard protocol building system so that sub-systems work together and share vital information.
- **HVAC System Management** Trane develops warranty and maintenance programs that improve budget planning, save energy, and minimize downtime. Offerings include start-up services to ensure a new system is performing to spec., service agreements to extend system life, extended warranties that provide longer duration/comprehensive coverage, and predictive services to detect issues early.
- **HVAC System Repair** Trane provides locally based, factory-trained technicians to service Trane systems as well as any other brand of HVAC equipment.
- **Rental Solutions** Trane Rental Services provides 24/7/365 local service, engineering expertise and an expansive fleet of rental chillers, air conditioners, cooling towers, air handlers, portable heaters, power generators, and ancillary products for planned or unplanned, simple, or complex, and short- or long-term needs.
- **Parts and Supplies** Trane Supply provides HVAC service professionals with parts, supplies, and replacement equipment to help them serve their customers via a network of more than 360 locations throughout the United States and Canada.

DESIGN, UPGRADE & MODERNIZE

- **Upgrading Existing Equipment** Trane upgrades help HVAC systems operate more efficiently and environmentally friendly. Typical upgrades include controls, variable frequency drives, and refrigerant conversions.
- **Building Systems Design and Upgrades** Trane maintains high performing buildings by keeping building automation, HVAC, lighting, and central plants up to date with the latest BAS innovations.
- Trane has expertise in Central Plant Design. Examples include:
    - Clemson University Central Energy Plant, Clemson, SC – Feasibility Study, Design, Construction

© 2022 Trane. All rights reserved.

- Georgia World Congress Center, Atlanta, GA – 30 MBTU of new condensing boilers and a new Central Energy Plant that includes new energy efficient chillers, boilers, and pumping systems.
- Hillsborough County Central Energy Plant, Tampa, FL – Design, Construction, Operation and Maintenance of a 3,900-ton central energy plant with 84 thermal ice storage tanks and extensive underground piping system connecting seven county buildings.
- Pinellas County Central Energy Plant, Clearwater, FL – Feasibility Study, Design, Construction, and Operations and Maintenance
- Pueblo County Courthouse, Pueblo, CO – EarthWise® Ice-Enhanced, Air-Cooled Chiller Plant
- Tampa Housing Authority and Bank of America Development, Tampa, FL – Encore Central Energy Plant

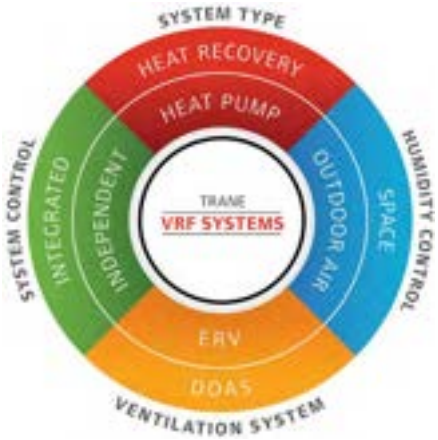
- Trane has experience working with municipal owners and their design consultants on Wastewater Treatment Plant Equipment and Maintenance projects. Examples include:
  - City of Bremerton, WA, Wastewater Treatment Plant
  - City of Lakota, WA, Wastewater Treatment Plant
  - City of Lynwood, WA, Wastewater Treatment Plant
  - City of Monroe, WA, Wastewater Treatment Plant
  - City of Santa Rosa, CA, Wastewater Treatment Plant
  - LOTT Cleanwater Alliance, Budd Inlet, Tacoma, WA, 335kW digester methane gas driven cogeneration systems and Treatment Plant
- **HVAC System Retrofits** Trane evaluates whether a retrofit or replacement will provide the better return on investment. Trane provides the service and support from conception to completion to select the ideal equipment and controls for buildings and can implement the installation as mechanical contractor.
- **Indoor Air Quality (IAQ)** Trane's IAQ Assessments include a fact-based, comprehensive review of building results and a straightforward report of condition. We can make recommendations on how to improve building air quality to meet the latest industry guidelines and implement the changes. Trane also provides ongoing IAQ monitoring. Trane's system improvements meet industry guidelines and reduce energy costs. Our solutions include:
  - Ultraviolent Lamps in Ductwork to prevent microbial buildup on air filters, cooling coils, drain pans, and duct surfaces.

© 2022 Trane. All rights reserved.

- Dynamic Air Cleaners to ensure that your HVAC system not only heats and cools—but cleans the air.
- Synexis® Dry Hydrogen Peroxide (DHP™) to fight viruses, bacteria, mold, odors, and insects.

Trane's recent K-12 IAQ experience includes:

- City of Des Peres, MO
- San Felipe Del Rio Consolidated Independent School District, TX
- Mason Public Schools, MI



The following K-12 IAQ initiatives were completed under Trane's OMNIA agreement:

- Normandy School District, MO
- Muhlenberg County Schools, KY
- Danville Independent Schools, KY
- Webster County Schools, KY

Lines of Business: Trane Building Systems and Technologies

VARIABLE REFRIGERANT FLOW (VRF) AND DUCTLESS SYSTEMS

Variable Refrigerant Flow (VRF) technology is taking the HVAC industry by storm. VRF technology is a popular choice for a variety of building sizes and uses by offering higher energy efficiency, smaller footprints, and greater flexibility. Additionally, VRF heat pumps and heat-recovery systems are popular strategic electrification solutions as part of the greater drive towards the decarbonization of HVAC systems.

Trane has paired applications knowledge and expertise with its extensive equipment and controls offerings to provide variable refrigerant flow (VRF) systems solutions. This fully integrated, high-performing HVAC system solution is designed to deliver customized comfort throughout any commercial space. Regardless of the capacity, energy efficiency, functionality, or performance-monitoring requirements, our VRF Systems Solutions, featuring Trane® / Mitsubishi Electric VRF Technology, are designed to exceed the comfort and sustainability goals established for commercial building projects.

- **N-Generation CITY MULTI® VRF** Trane® / Mitsubishi Electric VRF products include a variety of outdoor units, indoor units, ventilation solutions, controls, and more to design a complete VRF system for any building.
- **Trane®/ Mitsubishi Electric P Series** Ductless, boundless, and full of Potential, the P Series systems are highly efficient and the right solution for your light commercial applications. Outdoor cooling units. Indoor units. Ductless controls.

© 2022 Trane. All rights reserved.

- **Nv Series Zoned Cooling and Heating Solutions** Ductless with a difference, the Nv series affords user-friendly, zoned cooling and heating solutions for single- or multi-room applications.
- **Nv Series Zoned Cooling and Heating Solutions** Ductless with a difference, the Nv series affords user-friendly, zoned cooling and heating solutions for single- or multi-room applications.

CHILLERS — LEGENDARY RELIABILITY, QUIET SOUND, AMAZING ENERGY EFFICIENCY.

- **Comprehensive Chilled Water Systems** Trane's comprehensive chilled-water systems employ best practices in chiller plant design that align with current industry guidance for achieving high performance cooling, heating, and ventilation, all while reducing first cost.
- **Comprehensive Chiller-Heater Systems** Trane Comprehensive Chiller-Heater systems — featuring electric heat pumps — provide cost-effective, energy-efficient, reliable cooling and heating, while reducing carbon emissions. Ideal for larger buildings, especially those with a central plant, these pre-engineered system solutions make electrified HVAC systems easier to specify and implement.
- **Intelligent Variable Air Systems** Our Intelligent Variable Air systems simplify the design and implementation of systems that HVAC designers typically consider complicated and time-consuming. With new technologies and optimized controls, these systems are 20% to 30% more efficient than traditional multiple-zone VAV systems.
- **Water-Cooled Chillers** We have optimized our fleet of water-cooled chillers to help customers maximize efficiency, benefit the environment, and reduce operating expenses. With HVAC costs making up 40% of commercial building energy consumption, the right chiller represents an incredible opportunity to reduce the energy intensity.
- **Air Cooled Chillers** High efficiency and low noise are the hallmarks of all Trane's air-cooled chillers. Our robust portfolio features a wide operating map, so you can find the just-right solution for your building. We offer an array of tonnage sizes, efficiencies, and performance features to meet your requirements. Whether you need a classic chiller with dependable performance or an environmentally conscious chiller with next generation refrigerant, there's a Trane model for every customer.
- **Modular Chillers** MiniMod™, SuperMod™, PolyTherm™ and Manhattan™ Gen II chillers represent the line-up of Trane's modular chillers. Trane is committed to manufacturing products that are highly efficient, reliable, serviceable and cost effective. Our proven performance is backed by careful engineering.
- **Cold Generator Scroll Chillers** The Cold Generator Scroll Chillers are a family of traditional capacity and compact expandable capacity Scroll chillers suitable for a range of comfort and process cooling applications. Concise footprints and doorway friendly design make them an ideal solution for new construction, retrofit and replacement applications

© 2022 Trane. All rights reserved.

TRANE® PACKAGED UNITS AND SPLIT SYSTEMS

Whether for a large data center, a complex commercial concern or a small business, Trane offers sustainable options to deliver customized comfort and efficiency.

- **CoolSense® Integrated Outdoor Air Systems** The CoolSense® pre-packaged HVAC design system combines a dedicated outdoor-air system (DOAS) with chilled-water sensible-cooling terminal units to deliver a flexible, energy-efficient solution that enhances comfortable spaces and simplifies maintenance.
- **Intelligent Variable Air Systems** Trane Intelligent Variable Air systems simplify the design and implementation of systems that HVAC designers typically consider complicated and time-consuming. With new technologies and optimized controls, these systems are 20% to 30% more efficient than traditional multiple-zone VAV systems.
- **Zoned Rooftop Systems** Ideal for small buildings, Trane® Zoned Rooftop Systems provide cost-effective options to increase comfort and energy efficiency, while simplifying operation and maintenance. These packaged systems make advanced functionality affordable and easy for non-technical users to operate.
- **Rooftop Units** Small to Large Commercial Rooftop Units: 2 - 162 Tons. Our broad portfolio of solutions can meet any building's footprint requirements and are easy to install and maintain.
- **Split Systems** Trane offers the broadest selection of split system components. Design the system you need for a corner retail shop, light commercial application, office building, hotel, school and more. Choose from gas furnace and indoor coil options for smaller buildings to a full line of air handler units and compressors with capacities from 6 - 120 tons.
- **Self-Contained Systems** For new construction or retrofit, Trane self-contained HVAC systems are a great fit. Some projects can make installation of HVAC systems tricky. With a complete line of self-contained HVAC systems from 20 - 110 tons of capacity, Trane can satisfy any new construction or retrofit application with reliable, energy efficiency comfort.
- **Water Source Heat Pumps** Fully compatible with geothermal technology, Axiom™ water source heat pumps from Trane offer higher efficiencies — up to 40 EER on select configurations — than other conventional heat-pump technologies, along with precise space heating and cooling capabilities for superior comfort. Available eFlex variable-speed control minimizes on/off system cycling, temperature swings, noise, and energy use. Axiom™ durability, performance and efficiency means exceptionally low life-cycle costs to boot. Building owners can also take advantage of a 10% federal tax credit on qualifying installation costs if geothermal system placed in service before Jan. 1, 2022.
- **Dedicated Outdoor Air Solutions** Trane® dedicated outdoor air systems condition 100 percent outdoor air — improving indoor air quality, controlling relative humidity, and reducing the load on other HVAC equipment in a building.

© 2022 Trane. All rights reserved.

AIR HANDLERS, TERMINAL DEVICES, VAV AND FAN COILS

- **CoolSense® Integrated Outdoor Air Systems** The CoolSense® pre-packaged HVAC design system combines a dedicated outdoor-air system (DOAS) with chilled-water sensible-cooling terminal units to deliver a flexible, energy-efficient solution that enhances comfortable spaces and simplifies maintenance.
- **Terminal Devices** The Trane® portfolio of fan coil, unit ventilator and blower coil solutions are designed to make installations faster and easier, and to maximize HVAC system performance. Using advanced technology, these systems reliably and efficiently deliver the comfort your building occupants need. We are the only manufacturer that offers factory-commissioned, single-zone VAV systems integrated with Tracer® UC400 controllers, delivering up to 66 percent higher efficiency, temperature stability, quiet operation, and dehumidification advantages for varying-occupancy spaces. Trane fan coil, unit ventilator and blower coil solutions deliver efficiency and comfort to a wide variety of buildings, applications, and people — quietly and dependably — day after day, year after year.
- **Sensible-Cooling (DOAS) Terminal Units** These terminal units reduce energy use and operating costs with Electronically Commutated Motor (ECM) and modulating airflow control algorithms. Trane sensible-cooling terminal units are constructed with a 10.5 inches casing height and are an excellent choice when plenum spaces are tight.
- **Variable-Air-Volume Units** VariTrane™ variable-air-volume units (VAV) are among the industry leaders in quality and reliability and are designed to meet the specific needs of today's applications. This generation of VariTrane units builds upon Trane's history of quality and reliability and expands the products into one of the most complete variable-air-volume units offering in the industry. Our units feature rugged variable-air-volume units construction, are available in several different profiles to suit the space available, and all utilize digital controls for energy-efficiency and to facilitate interface with building management systems.
- **Performance Climate Changer® Air Handlers** Trane® Performance Climate Changer® air handlers can help HVAC systems achieve higher energy efficiency and indoor air quality while reducing maintenance requirements – adding life to buildings and improving the lives of people within them. From the most straightforward needs to wide-ranging demands for air cleaning, dehumidification and energy savings, there's a Trane Performance Climate Changer® air handling unit to deliver everything your project requires.
- **Air Handler Technologies** Trane continually invests in air handler research and development of new products to adapt the changing needs of today's HVAC market. Our focus on whole systems has led to the design of many custom options that can be incorporated into standard cataloged air handler, providing a more cost-effective solution than a completely custom-built unit. These custom-engineered air handler solutions are offered as offered as factory-packaged specials that deliver Trane quality, enable simplified on-site installation, and provide proven, tested performance. The air handler solutions address such issues as humidity control, energy recovery, special acoustical needs, air filtration and the use of optional fuel sources.

© 2022 Trane. All rights reserved.

- **Unit Heaters** The Trane electric architectural forced-air wall unit heaters combine quiet, reliable heating with an attractive cabinet design. Their ease of installation, rugged construction and architectural styling particularly suits them for space heating applications in commercial, industrial, and institutional applications. These unit heaters range from smaller room-sized electric heaters to large indoor and outdoor duct furnaces.

VARIABLE FREQUENCY DRIVES (VFD)

Trane TR200 Series drives play an important role in a system to reduce energy usage, extend motor life, optimize AC motor speed control, maximize occupant comfort, and reduce costs.

- **TR200 Series Variable Frequency Drives** Trane TR200 Series drives' support of open standard protocols make them compatible with virtually all HVAC equipment and building automation systems. They can also be ordered specifically for a project and easily installed on-site for new and retrofit applications. With a complete range available from 1½ to 1350 HP, the features and flexibility of TR200 Series drives make them ideal for stand-alone control of cooling towers, exhaust fans, pumps, and a variety of air handlers.

ENERGY STORAGE

- **Thermal Battery Systems** Trane Thermal Battery™ systems are premier HVAC plants that provide a distributed resource for our changing grid. Their ability to store thermal energy enables your building to reliably modify HVAC operations to optimize for carbon reduction or energy cost savings.
- **Thermal Energy Storage Solutions** Leveraging Trane energy storage technologies can help improve how power supply is managed, creating a more resilient energy system by increasing your building's energy agility for greater sustainability and profitability, while reducing grid dependency. Trane offers a number of energy storage solutions to help our customers meet their objectives. Solutions include thermal energy storage (ice or chilled water storage), batteries, and industrial process and flow management solutions.

PRECISION COOLING

Precision cooling is essential for mission critical applications such as data centers and indoor agriculture. With industry-leading expertise and a wide array of solutions and services, Trane — a holistic provider — can help customers ensure mission critical facilities are highly reliable, efficient, and sustainable. Trane's application engineering expertise and systems approach allows for efficient, flexible, and scalable integrated designs, meeting specific customer needs that ensure uptime and performance.

- **Precision Temperature and Humidity Control** Trane delivers a broad range of cooling capacities for mission critical applications, from a small technology room to the largest data centers –all supported by the local services organization with global footprint wherever and whenever you need it.

© 2022 Trane. All rights reserved.

Trane Building Management and Automation

At the base of every system, we provide an integrated and secure solution that meets the needs of your project or building, with the ability to optimize your HVAC equipment, lighting and more. Take back control of your building and achieve the operational excellence you and your customers are seeking.

- **Solutions for Large Buildings and Campuses** Design and manage smarter buildings. Our Tracer® Ensemble® technology provides the ultimate user experience by combining custom reporting and dashboards to view and optimize assets. Easily access alarms, setpoints, and schedules from virtually anywhere through a secure remote access. Additionally, with Ensemble you have access to Tenant Services™ and Work Order Management to maximize your occupants' comfort while minimizing stressful procedures. Tracer® SC+ with its easy-to-use Synchrony® Interface is a powerful building automation system for your facility that will integrate systems to simplify command and give you better control over comfort and energy efficiency. Lighting Solutions: control over half of your building's energy use by integrating your lighting system with one simple-to-use interface. With Air-Fi® Wireless, you can create the reliable, flexible system you want without the wires. It also allows for easy Building Automation System infrastructure updates by allowing a phased approach based on your timeline.
- **Small Building Solutions** Our Pivot® Smart Thermostat System allows you to maintain an ideal environment that works for you with an easy-to-use interface. Smart thermostat features enable you to easily manage comfort as a natural part of your day. Does your business have multiple buildings or locations? Pivot provides the ability to control multiple buildings, so your occupants can thrive in every location. Pivot® Smart Thermostat system now integrates with Tracer® Ensemble® Cloud! This new integration brings the capabilities of an enterprise management system to include buildings that are only thermostat-controlled equipment.
- **Air-Fi® Wireless Communications** A communicating and sensing technology that allows the different parts of a building system, from your HVAC and building controllers, to communicate wirelessly. Cut the wires — and get comfortable with Trane® Air-Fi® wireless.
- **Lighting Solutions** Trane has a dedicated lighting group that provides a holistic approach to procure, design, and implement lighting solutions that maximize energy conservation and save money. HVAC and lighting are two of the biggest energy users in commercial and industrial buildings. Together they consume approximately 52% of a typical building's energy use. HVAC and lighting also have many similarities in their relationship to building occupancy and use, so it makes sense to manage them holistically to maximize energy conservation. Trane's team has overseen the installation of more than $150 million annually in lighting solutions for a wide range of clients. This massive volume of lighting projects affords Trane the ability to purchase Tier 1 lighting products cost

Trane uses strictly **Tier 1** quality lighting products. Only seven of the hundreds of thousands of lighting manufacturers in the world are considered **Tier 1.**

Most of these products are made in the US, Canada, and Mexico.

© 2022 Trane. All rights reserved.

effectively. We can integrate lighting to HVAC systems via your Building Automation System (BAS).

- **Controls Solutions for Light Commercial Contractors** Bringing innovative technology and solutions to your customers is more important than ever. Achieve new levels of productivity, energy efficiency, reliability, and preparedness by partnering with Trane.

Trane Design and Analysis Software Tools

- **Design Tools** TRACE® 3D Plus Load Design, Trane® Design Assist™, VariTrane Duct Designer, Pipe Designer are among some of the applications in this portfolio.
- **Analysis Tools** Among 3 applications in this category, TRACE® 3D Plus is our next generation building design and analysis software program that delivers faster, more accurate results through a seamless workflow that closely aligns with today's building process. The latest HVAC systems and controls can be modeled quickly, precisely and with the intricacies of today's many building applications. TRACE 3D Plus is built on the U.S. Department of Energy's EnergyPlus engine and enhanced with Trane's industry leading expertise to help designers validate and interpret projects with confidence and clarity. All of these new features plus a more robust support experience to get you up and running quickly.
- **Selection Tools** Trane's product selection program formerly known as TOPSS™, is now Trane® Select Assist™. Users can now access this flexible and powerful tool on their PC, tablet, or smartphone. Our selection program guides users through the process of configuring Trane equipment to meet or exceed the project specifications.
- **Complimentary Calculators and Charts** Trane software range features a variety of free tools that make your design and analysis tasks easier. These calculators include software to calculate your potential LEED compliance.

Additional Information Advantageous to Racine County

CREATIVE FUNDING

Power Purchasing Agreements

A Power Purchasing Agreement (PPA) is typically used for renewable technologies or energy-generating infrastructure. This structure is generally considered off-balance sheet and is not debt for the end user. In this structure, Trane would install the renewable, micro-grid, or energy-generating assets and create a long-term contract with the public agency to purchase the power generated by the infrastructure installed. The capital to fund this project is provided by Trane directly or through a third-party financier or owner. The asset would then be offered to the public agency at the end of the contract term in form of a purchase option (fair market value).

This structure is advantageous because it allows the third-party owner of the asset to take advantage of depreciation and tax credits (in the case of renewables). This can significantly lower the total operating cost of the infrastructure, which makes your operating contract less costly. This financing structure is beneficial for public agencies looking to lock in a low and consistent utility rate in exchange for hosting

energy generating assets, supports the public agencies sustainability initiatives, and is owned by a third party.

Energy Services Agreement

An energy services agreement (ESA) is an alternative that has the opportunity to be considered as credit-neutral structure from an accounting point of view. Under an ESA, a customer agrees to make contingent payments based on the energy savings or other contractual allowances realized, rather than a fixed debt-service payment. In this way, the customer is assured that the payment it makes is always less than or equal to the corresponding reduction in operating cost. As a result, there is a neutral or positive impact on your cash flow. Using an ESA assures that there is a direct relationship between the payment and the verified energy savings realized:

- This model leverages third-party ownership of an asset to be eligible for federal and state tax benefits that would not be traditionally available to the public sector
- Structured as a service contract to relieve capital budget burden
- Zero capital outlay
- Zero balance sheet impact
- Payable from operating funds
- Preserves capital and borrowing

Energy-as-a-Service (EaaS)

Similar to an ESA structure, under Energy as a Service (EaaS) model, the project assets are owned by a third party. Trane takes on the performance risk, and the customer pays for the services provided by the project. EaaS is a fee for service model designed for customers to pay per unit of energy they consume subject to the availability of the installed equipment. Much like electricity generated from a solar PPA, efficiency savings from installed equipment such as chillers, boilers, lighting, etc. can be structured much like a Power Purchase Agreement ("PPA").

The structure is outcome based with the customer receiving agreed upon key performance indicators (KPIs) and savings as applicable, and/or any combination thereof. The customer payments will be reflective of the project performance. Working with the Trane, the SPE sets a certain level of performance. If the performance isn't realized, the Trane will make up any shortfall. At the expiration of the contract, the customer will have the option of extending the contract term, paying the fair market value for the project assets, or returning the project assets to the SPE owner. The abandon in place option is at the discretion of the SPE owner. All these options will be negotiated between the parties.

Public-Private Partnerships (P3)

Under a public-private partnership (P3) model, the customer can assign to Trane or a third-party certain risks that are normally borne by the public owner under a traditional arrangement like a design-build contract. These risks include the design, construction, and maintenance of the project.

© 2022 Trane. All rights reserved.

This financing arrangement allows the customer to assign construction, performance, and maintenance risks components to a third party, while minimizing financial impacts. This can provide you with an expected and secured annual operating cost over the term of the contract. It will also spell out the end-of-term customer options.

In this public-private partnership, the delivery model requires an agreement between a public owner and a private sector partner for the design, construction, funding, and operations and maintenance of the assets by the private sector partner over an agreed upon amount of time. A P3 normally uses a performance-based methodology for the technical requirements and specifications. This allows the customer an opportunity to leverage Trane's experience and expertise to guarantee a defined level of performance of an asset throughout the life of the agreement. Financing can be a combination of equity and debt.

Under this P3 arrangement, the operations, maintenance, removal, and performance risks are wholly shifted to Trane in order to supply the credit support required by private sector equity providers. Trane can assume complete O&M responsibility with a corresponding assignment of risk, or we can offer operations management supervision –with O&M provided by your workforce with less risk transfer.

ANTICIPATION DISCOUNT PROGRAM

The Trane Anticipation Discount Program can give you the opportunity to add value to your HVAC Supplies by reducing the cost of purchase by making payment prior to shipment. With this program you can reduce your costs while financing the project at an attractive rate, gain immediate order approval and enhance your credit standing.

The Trane Anticipation Discount Program can be customized for each project you are planning, using any Trane HVAC supplies, allowing for variable payment amounts in addition to variable payment dates.

The amount of your final discount is based on a formula that incorporates several factors including payment amount, time of payment, current discount rate and sipping dates.

OPPORTUNITIES FOR K-12 ENERGY EDUCATION

As a leading global provider of indoor comfort systems and services, Trane feels a responsibility to educate students on the importance and benefits of energy efficiency. Trane has several educational opportunities for school administrators:

The BTU Crew™

Trane's **BTU Crew** is an educational program that teaches kids easy ways to save energy. The program promotes STEM careers by showing students how much fun science and energy can be. When you invest in your school's infrastructure, you invest in your students' futures as well. We can help you create a better learning environment where the school becomes a living, hands-on learning lab and provides relevant program curriculum to round out your student education with practical skills for when they graduate.

© 2022 Trane. All rights reserved.

Trane provides this feature for one building at no cost. Trane's educational emphasis:

- Teaches students of all levels the basics of energy
- Creates passion for a future career in science, technology, engineering, and math (STEM)
- Engages students in decisions impacting their school's energy use
- Builds real-life skills in technical education with industry-recognized certifications

Promotes an Early Interest in Energy and STEM

Studies show that kids can develop life-long preferences at an early age. By the fourth grade, one-third of boys and girls have lost an interest in science. By eighth grade, almost half have lost interest or deemed it irrelevant to their education or future plans.

That's why Trane's educational offerings begin early in a student's life. The BTU Crew™ encourages interest in STEM, and helps students learn how to increase energy efficiency. The BTU Crew™ is:

- Interactive and engaging
- Customizable and adaptable
- Available in Grade 4+ and Grade 8+ versions

Provides Hands-On Learning Through Digital Solutions

Easy-to-use interactive digital tools give students an engaging, visual way to learn the concepts of energy efficiency and sustainability by understanding the energy use in their own school. Students can design the dashboard metrics and track results toward energy and carbon footprint goals, giving them a deep understanding of the dynamics of energy – while advancing their analytical and problem-solving skills.

Students Gain Knowledge on Energy and Learn How to Make a Difference

Over the course of six lessons, your students will learn about energy, energy efficiency, careers, and ways to act.

- **Energy 101:** Students learn about energy, energy transformations and energy usage.
- **I Spy…Energy Efficiency:** Students learn what energy efficiency means and how to be energy-efficient through hands-on experiments.
- **Careers:** Students learn what different types of engineers do, specifically concerning energy usage.
- **Energy Audit:** Students conduct a preliminary energy audit of their school using Trane's web-based tool to view real results.
- **What's Our Energy Score:** Students analyze the results of the energy audit.
- **Expand the BTU Crew™:** Students act by presenting findings or writing a letter to a local legislator.

NC3 – The National Coalition of Certification Centers

Trane is a proud sponsor of **NC3**, a national network of educational institutions working with industry, trade, and professional organizations to develop and implement industry driven, portable certifications. Trane's NC3 initiatives focus on technical education and workforce development in the HVAC and energy efficiency sectors. NC3 provides curriculum and associated certifications that high school students can earn. These certifications are designed for integration into an existing technical program to enhance what is already being taught. NC3 certifications can be applied across several different industries, therefore creating flexible, stackable, and relevant credentials to students and a wide variety of employers.

Integrating industry certifications into an academic course combines the best of both worlds by enhancing teacher skills, delivering the professional development that technical educators look for, and providing students with more opportunities and relevant job-ready skills.

NC3 National Signing Day

NC3, working with companies like Trane, also delivers innovation – an example being NC3 National Signing Day. This is where students, many of whom are in their last year of high school, are recognized at their chosen Technical College like how athletes sign letters of intent for Division I colleges. In this case, students are recognized for choosing to pursue a technical education.

Trane has many capabilities that make us different than our competition. We work with our education partners to strategically use everything that Trane has in our portfolio of services. Detailed on the following pages are just a few of the offerings that Trane feels would interest to school districts.

We Will Help You Spread the Good News

Trane regularly collaborates with our customers to promote projects, milestones, and results – with customer consent, collaboration, and approval every step of the way. We work with our customers to determine what, when and how to promote milestones that mutually benefit both parties and showcase a shared commitment to innovation, energy efficiency and sustainability. Sample promotional opportunities include:

- Social media posts
- News releases on key project milestones
- Joint events and speaking engagements
- Written or video case studies
- Website or annual report feature
- Customer awards and recognition

We also regularly honor customers that demonstrate the highest levels of commitment to energy efficiency and sustainability through our customer awards program, which includes our Energy Efficiency Leader Award and Climate Stewardship Award. Promotional elements for recognition vary based on customer preferences, but often include some combination of an employee or public event / award presentation; written and video case studies; news release; building tour; media outreach; and social media posts and internal employee communications.

River Trails District 26 honored for sustainability efforts

Daily Herald report Updated: 10/19/2021 10:15 AM

River Trails Elementary School District 26 in Mount Prospect recently received a Reducing the Energy Intensity of the World Award for its sustainability commitments, including a significant reduction in energy consumption at its facilities, officials announced this week.

The award from Trane Technologies coincided with the christening of the newly renovated Prairie Trails School, Mount Prospect's first net-zero energy consumption facility. Net-zero energy consumption buildings use a total amount of energy annually that is equal to or less than the amount of renewable energy created on-site.

Prairie Trails School is on track to save more than $32,000 a year in gas and electricity costs while offering optimized indoor air quality and reliable, energy efficient performance, officials say. Solar panels, combined with other energy saving design elements, are offsetting the building's annual electricity consumption.

"The renovation of Prairie Trails School was a significant project for our district," said Lyndl Schuster, assistant superintendent for business services. "Not only did we require an upgrade to our facilities in order to best serve our students, we also wanted to remain committed to a districtwide sustainability initiative."

Williamson County Schools, TN

Presentation for Association of County Mayors in , Tennessee, *Infrastructure Improvement and Energy Conservation Program funded with Guaranteed Savings – In Tennessee*, Aug. 30, 2021, features quote about Williamson County project that Trane completed*

9. Proof of Performance

a. Services Bidder Can Perform

9. To further demonstrate similar experience and provide proof of performance:
    a. Include a detailed description of the Services Bidder can perform, including training, start-up and commissioning services, installation, maintenance, turn-key services, project approach to Indoor Environmental Quality (IEQ), repair services, rentals, leases, equipment upgrades, and any other services provided by the Bidder.

Trane provided service information in the Lines of Business: Trane Services (pages 23-33). Additional information is provided on the following pages.

Below is a list of categories provided under this contract and, by no means, is restricted to just these items. Detailed descriptions of training, start-up and commissioning services, installation, maintenance, turn-key services, IEQ, repair services, rentals, leases, and equipment upgrades are provided on the following pages.

HVAC Equipment and Products:

- All Trane commercial equipment including all applied, unitary, terminal units and heating products procured domestically
- Cooling Towers
- Frequency Drives
- Ductless split systems & VRF products
- Pumps
- Boilers, hot water heaters and water specialties
- Modular chillers
- Dust collection systems & servicing
- TAS packaged central plants
- Evaporcool evaporative process cooling
- Dynamic air filtration
- Genesis conversion (photo catalytic oxidation) technology
- Heat recovery air handlers
- Unit ventilators
- Trane parts in conjunction with Trane contracted repair and retrofit of existing Trane equipment as well as over the counter purchases
- Outsourcing of chilled and hot water by providing plants owned by Trane and leased to the governmental entity
- Adsil coatings as required on all HVAC equipment
- Indoor Air Quality services such as appraisals, filtration analysis and remediation

Installation and Services

- Lighting and retrofits
- Equipment startups and warranty support

© 2022 Trane. All rights reserved.

- HVAC, refrigeration, and plumbing installation including complete turnkey replacements, new construction, renovation, and new construction projects
- Included are any ancillary labor tasks, related to HVAC, refrigeration, or plumbing installations.
- Predictive maintenance such as oil, refrigerant, and vibration analysis
- Many types of repair services with coverage (full, partial, and preventive) on existing Trane HVAC equipment types as well other OEM brand names and plumbing fixtures and systems
- Remanufacturing services **including Trane's exclusive R'Newal programs**
- All turnkey contracting including engineering, architectural and general contract work as it relates to the HVAC, refrigeration, plumbing requirements, and other mechanical systems
- Municipal services including wastewater treatment plant work, pump stations, and heat transfer systems

Related Products, Solutions, and Other Services:

- Trane building automation equipment to the extent that it is coupled with installation of both new and/or retrofit of BAS systems
- Training-both local and factory providing skill building, educational programs, and certifications
- System commissioning and reporting analytics
- Many types of monitoring such as man-in-attendance, BAS remote monitoring and Intelligent Services
- Maintenance services including full and preventive maintenance contracts including time & material contracts
- Equipment modifications as it relates to either a new construction or retrofit project including custom fabrication
- Filter change outs, contract maintenance and over the counter sales
- Warranty services and extended parts and labor warranties
- Air and water balancing
- Building Automation analytics and Energy Optics programs
- Financial services such as leasing (all types), prompt pay discounting, anticipation discounting, guaranteed savings programs and long-term financing solutions.
- Site surveys of existing facilities
- Rental HVAC equipment from Trane Rental Services
- System analysis of existing facilities including modeling and payback analysis
- Project management services such as contract managing and analysis of bids and budget prioritization
- Long range school planning and facility audits
- Data management services of existing facilities via ComfortSite
- Estimating resources for budgeting of projects
- Engineering and architectural services such as MEP, structural and civil
- Contracting for packaged enhanced solutions
- Facilities Management program
- Airport HVAC systems including localized jet-bridge air conditioners

© 2022 Trane. All rights reserved.

TRAINING

Trane offers a variety of training programs to choose from. These can be conducted at your location, at a nearby Trane office, at our national training centers, or through training manuals. We can include any combination of these resources, depending on your preference.

Our course instructors have strong controls and HVAC service backgrounds. They draw on the expertise of Trane applications engineers, product engineers, technical support engineers and product development teams to provide the best training possible.

On-Site/Virtual Training

This training is designed around applications specific to your facilities. Examples include:

- System training to understand chillers, dehumidification, and rooftop variable air volume units.
- Controls training to obtain the best performance from your building automation system.
- Boiler plant efficiency and maintenance, lighting, and water conservation measures.
- Shadowing Trane technicians while we provide contracted maintenance services.

Office Training

Trane can customize training for your employees at our offices. This includes the material covered in our Trane University courses listed below.

Trane University

Trane University offers Building Systems and Controls training in St. Paul, MN and Technical Service training in La Crosse, WI. These courses also can be conducted at Trane offices throughout North America. In either case, our instruction will further advance your staff's understanding of systems and the interaction between various components. Well-trained facility managers and technicians will minimize service costs by efficiently identifying and correcting problems.

- ***Building System and Controls training*** offers a comprehensive portfolio of technical courses to help you effectively monitor and coordinate your HVAC equipment and systems using your Trane building automation system. This will be provided by the Controls Vendor, CSO as referenced below.
- ***Technical Service training*** offers factory training for commercial systems service, maintenance, and operation. These courses are designed to increase technician competence and confidence when servicing HVAC and controls systems.

© 2022 Trane. All rights reserved.

Trane A/C Clinics

Trane has developed several training manuals to support our in-person training efforts, including an A/C Clinic. This comprehensive course covers the fundamentals of heating, ventilating, and air conditioning. Each clinic includes a student workbook, with corresponding quiz questions/problems.

START-UP AND COMMISSIONING SERVICES

Trane has a strong local presence, and we service what we install with our own service technicians. Trane follows a process called Contracting to Service Transition, where the local Trane technicians' part of the start-up and commissioning so that they are prepared to support the facility once implemented. Our strong local presence and this process using our own service technicians allows us to have the fastest possible response times when a need for service should arise. In addition to providing on-site service from our local team, Trane local remote monitoring capabilities and can leverage the data that we gather with the knowledge of the Trane technicians and account team that are responsible for your facility. This approach adds to Trane's ability to provide fast and proactive service, at times identifying and starting to resolve issues prior to the customer knowing about it. Trane's maintenance services include:

- **Elite Start Services** – Give your new system the assurance of optimal performance and a long-life cycle
- **Repair Services** – Trane technicians can service all brands and types of HVAC units
- **Scheduled Agreement** – Periodic maintenance of systems to ensure peak operating performance
- **Select Agreement** – Added protection against unexpected equipment failures
- **Remote Diagnostics** – Ability to monitor your critical building systems remotely and quickly troubleshoot as necessary

INSTALLATION

A qualified and dedicated Project Manager (PM) is assigned to manage the day-to-day installation and construction activities at the project site in accordance with the design, costs, schedule, safety protocols, and QC process. The PM leads and manages the installation team, including subcontractors, and is responsible for Project Schedule. Trane has a nationwide resource pool of 133 construction managers available to provide support to the assigned PM.

MAINTENANCE

To help optimize the performance of your building systems, our service technicians and other professionals will assist at whatever level you desire. Whether you're installing new equipment, maintaining an existing system, or completely upgrading your infrastructure, we can provide the expertise to match your specific needs.

Choose from among the following services

- **Scheduled Agreement** – Periodic maintenance of systems to ensure peak operating performance

© 2022 Trane. All rights reserved.

- **Select Agreement** – Added protection against unexpected equipment failures
- **Remote Diagnostics** – Ability to monitor your critical building systems remotely and quickly troubleshoot as necessary

Scheduled Agreement

Under our Scheduled Agreement offering, factory authorized service technicians perform the periodic maintenance required to keep your systems operating at their peak, so you no longer must plan, schedule, or manage routine maintenance. We are fully trained to perform maintenance on Trane HVAC equipment and other brands within your facilities.

Under a Scheduled Agreement, your building systems are maintained by our knowledgeable service technicians using Six Sigma maintenance procedures to deliver the highest level of quality. Clients often experience lower maintenance costs under a Scheduled Agreement because impending equipment failures can be identified and resolved before they become major problems.

Select Agreement

With a Select Agreement, you receive all the benefits of a Scheduled Agreement, plus parts and labor coverage for maintainable equipment selected by your team – and approved by Trane.

We will work with you to select the major components and systems in your facility that you want Trane to maintain. We cover the cost of repairing your systems or replacing the pre-selected components, should they fail. We will help you consider acceptable performance ranges, reliability, and risk tolerance to determine the level of coverage you require for your HVAC maintenance needs.

Remote Diagnostics

Quickly detect failures in your building with round-the-clock monitoring from the Trane Intelligent Services center, where our building professionals provide support 24 hours a day, 365 days a year. Beyond alarm detection, Trane building professionals with deep industry expertise analyze each incoming alarm and initiate action to resolve the issue, thereby maintaining efficiency and peak performance. The ability to address some problems remotely can reduce the need for service calls – and the amount of time your staff spends on facility-related problems.

TURNKEY SERVICES

Trane creates comprehensive solutions based on a thorough understanding of your business goals as well as your infrastructure needs. With our full knowledge of the interrelated workings of your building or buildings, we can recommend adjustments in equipment and services for maximum efficiency and cost-savings. We call this corner-to-corner approach Turnkey Contracting Services.

Even before you sign a contract, Trane ranks your building's performance to see how it compares to your competitions'. Because we are the largest OEM of HVAC equipment, we have a global database of information regarding thousands of installed systems— including buildings belonging to other organizations in your industry. We can measure how your building stacks up with a roughly apples-to-apples comparison.

© 2022 Trane. All rights reserved.

Once you've contracted for Trane Turnkey Services, we customize project solutions to fit your unique operational and performance needs. An environmentally sensitive industry such as biomedical engineering, for example, may demand carefully managed temperature, humidity, air particulates or air filtration. Our solutions may also include:

- Mechanical, electrical, lighting systems specifications, retrofit and optimization
- Building lifecycle planning
- Total cost of ownership reduction through energy-saving system specifications and operating cost optimization
- Addressing environmental and operating cost concerns through enterprise energy management systems including:
- On-site generation
- Water conservation
- Energy purchasing options
- Renewable technologies
- Code and regulations compliance
- Ongoing maintenance and repair

With Trane Turnkey Contracting Services, you reduce energy and operating costs while maintaining efficient operation.

PROJECT APPROACH TO INDOOR ENVIRONMENTAL QUALITY (IEQ)

Wellsphere™ from Trane is a holistic approach to building wellness. It addresses the four elements of indoor environmental quality (IEQ):

Air Quality

Improving indoor air quality (IAQ) is one of the most effective ways to address airborne health risks in your building. Indoor pollutants can be invisible to our senses, yet harmful to our health and productivity. Trane can perform an IAQ assessment of your facilities and fully vet the three solutions that Trane currently supports:

- Ultraviolet lamps in ductwork
- Synexis (dry hydrogen peroxide gas)
- Dynamic air cleaners.

Thermal Comfort

Create an indoor atmosphere that's comfortable and stimulating while balancing your energy efficiency and sustainability needs. When the right HVAC equipment and control strategies are in place, occupants can feel more comfortable and be more productive.

Lighting

The lighting design of indoor spaces can affect peoples' mood, productivity and even the rhythms of their bodies. Today's more intelligent lighting systems have significant potential to improve safety,

© 2022 Trane. All rights reserved.

comfort, and productivity. By integrating controls over lighting and HVAC, Trane can make it easier to manage more of what is happening inside your building—from one easy-to-use user interface.

Acoustics

Good acoustic design can enhance concentration and focus by eliminating noise, improving sound privacy and much more. Trane is an industry leader in providing accurate, comprehensive acoustical data for our products and system designs within the building context. Quiet products are only the beginning of Trane's scientific approach to building acoustics.

REPAIR SERVICES

Chances are your facilities have HVAC and controls systems from several different manufacturers. Trane technicians are proficient in servicing all brands and types of HVAC and controls systems. These are among the comfort systems that our local technicians maintain, repair, or replace:

- Air filtration and air handlers
- Chillers (air-cooled and water-cooled)
- Chilled water and condenser water pumps
- Controls (digital and pneumatic)
- Cooling towers and evaporative coolers
- Condensing units
- Fans and humidification
- Motors and motor starters
- Rooftop and unitary HVAC units (electric and gas-fired)
- Variable frequency drives

Knowledgeable Trane technicians will troubleshoot your equipment using data compiled from experiences with clients around the world. They are trained to look beyond the immediate problem by also identifying weaknesses or potential areas of unreliability.

Rentals

If you need temporary cooling or other equipment during a retrofit, we have the resources in place to quickly deliver a solution. Trane Rental Services has been providing temporary equipment solutions for more than 25 years. Our fleet includes Water- and Air-Cooled Chillers, Package Air Conditioning Units, Air Handling Units, Diesel Power Generators, Oil-Free Compressed Air, Heaters, and ancillary equipment to support our customers.

You will have access to 24/7/365 customer service, equipment monitoring and technical support. With 25 locations in the United States and Canada, **we can deliver temporary equipment solutions to every major metropolitan market within hours**. In addition to providing solutions for emergency needs, we can also help customers with their seasonal supplemental needs, planned shutdowns and special events.

© 2022 Trane. All rights reserved.

LEASES

Trane's Financial Services includes leasing (all types), prompt pay discounting, anticipation discounting, guaranteed savings programs and long-term financing solutions.

EQUIPMENT UPGRADES

- All Trane commercial equipment including all applied, unitary, terminal units and heating products procured domestically
- Trane building automation equipment to the extent that it is coupled with installation of both new and/or retrofit of BAS systems.
- Lighting & retrofits
- Cooling Towers
- Frequency Drives
- Ductless split systems & VRF products
- Pumps
- Boilers, hot water heaters and water specialties
- Modular chillers
- Dust collection systems & servicing
- TAS packaged central plants
- Evaporcool evaporative process cooling
- Dynamic air filtration
- Genesis conversion (photo catalytic oxidation) technology
- Heat recovery air handlers
- Unit ventilators
- Trane parts in conjunction with Trane contracted repair and retrofit of existing Trane equipment as well as over the counter purchases.

OTHER SERVICES

- **Energy Services** - Energy Tracking, Energy Analysis, Evaluation of Potential Upgrades, demand response, rebates and other
- **System analysis** of existing facilities including modeling and payback analysis
- **Design Build Contracting** for upgrading and improving efficiency within municipal infrastructure including but not limited to city buildings, wastewater treatment plants, conveyance systems, water treatment facilities, metering system, and lighting, etc.

PRODUCTS AND BRANDS SUPPORTED BY TRANE

- Identify the manufacturer products/brands the Bidder can service and support.

While Trane is the industry expert on Trane equipment, we service all brands and most models of HVAC equipment. Trane technicians are sent to other competitive OEM schools across the industries (Carrier,

© 2022 Trane. All rights reserved.

York, etc.) for certification. Trane is a vendor-neutral company with experience installing, maintaining, and repairing a variety of products and brands including:

Products – water-cooled chillers, air-cooled chillers, air handlers, boilers, pumps, piping, cooling towers, VAV systems, variable frequency drives, constant volume systems, building energy management systems, roof top unit air handlers, make up air unit air handlers, VRF and ductless systems, building automation systems, all heating and cooling valves, air balancing, back flow/cooling/heating valves, heat exchangers, and refrigeration.

Brands – AAON, American Standard, Amana, AO Smith, Artichill, Aurora, BAC, Bard, Bell and Gossett, Bosch, Bryant, Carrier, Coleman, Daiken, Desert-Aire, Distech, Edpac, Energy Logic, Evapco, Honeywell, Hydrother, Ingersoll-Rand, Johnson Controls/York, Lennox, Liebert, Lochnivar, Marley/Evapco, Marvair, McQuay, Mitsubishi, Multistack, Paco, Patterson-Kelly, Pool Pac, Raypack, RBI, Trane, and Vertiv.

MINIMUM WORK CREW

- Stipulate the minimum work crew that will be made available at all times, ensuring timely and effective project completion. A project foreman, fluent in English, must be onsite during all construction activities and have authority to act on behalf of the Bidder. Each site work crew must have at least one journeyman assigned.

The minimum work crew is addressed based on project type. All contracting jobs will have a project foreman (typically lead mechanic) fluent in English that has the authority to act on behalf of Trane. Each site will have at least one journeyman assigned.

SUBCONTRACTOR SELECTION

- Describe how Bidder selects sub-contractors for service and/or installation and how Bidder ensures customer satisfaction related to the sub-contractors.

Trane utilizes our Subcontractor Qualification Process to formalize screening. The standard request for proposal (RFP) process includes a two-step process of pre-qualification that is managed via Appruv (https://appruv.com). Prequalification criteria includes financial stability, licenses, small business certification, resource capacity, skillset, work quality, safety rating, and legal standing. Evaluation criteria defined in the solicitation will be used to support best value selection.

All potential subcontractors complete Trane's Contractor Qualification Statement. Our Project Manager (PM), Quality Control (QC), and Environmental Health and Safety (EH&S) Specialists complete a Contractor Evaluation Form for the screening and final selection process.

Upon completion of the subcontractor qualifications, Trane follows the steps listed below to ensure best value:

- **Bid Packages**: Bid packages are prepared by the PM with support from Development Team engineers. The bid packages describe the scope of work to be performed, drawings and sketches, the nature of the bid (i.e., design build, no change order), and the bid response format (e.g., required detail, taxes, bonds).
- **Separate Walkthroughs**: Subcontractor site visits are a prerequisite. Whenever practical, we conduct separate walkthroughs with each contractor, rather than in large groups to increase engagement and questions.

© 2022 Trane. All rights reserved.

- **Multiple Bidders**: Trane solicits pricing from a minimum of three subcontractors for most scopes of work. We carefully review the list of subcontractors available, acknowledging those with proven history with Trane and our client. We then compare them to the requirements to assure they are the best subcontractors for the project.

Trane keeps tight cost controls through close oversight of subcontractors and monitors performance and quality control through onsite supervision, quality inspections, and cost and schedule progress reporting. Subcontractors participate in weekly and monthly project review meetings, and daily work progress reports showing hours worked and activities completed are required. Trane has Equipment Engineers on staff in our sales office who work with the local design engineering community daily, and these same engineers will be working with the designers for the optimal selections on Trane equipment, as well as non-Trane equipment needed for the project.

TESTING, ADJUSTING, AND BALANCING

- Describe Bidder's company's process for submitting a test and balance report for each piece of equipment installed, including items that will be covered in the test and balance report.

The purpose of testing, adjusting, and balancing (TAB) is to assure that an HVAC system is providing maximum occupant comfort at the lowest energy cost possible.

Pre-planning for TAB work includes making certain that all the necessary parties and individuals to conduct the work are onboard. The type of building and systems to be tested and a realistic evaluation of what skills the TAB technician possesses are key planning elements.

- Often, a controls specialist will be needed to operate the system for the TAB technician.
- The representatives from the original equipment suppliers may be needed as a resource, at a minimum, but for complex equipment and systems or in a new building startup a manufacturer's representative may be required at the site to operate the mechanical equipment.
- If the building has a facilities manager that individual is typically the most important participant with which the on-site TAB technicians will work. Facility managers have a substantial vested interest in ongoing customer satisfaction—the people who work or live in the building are actual end- use customers—and their satisfaction will ultimately be the key measure of success.

Occasionally, a system cannot be balanced or made to perform in accordance with the contract's design specifications regardless of the number of balancing dampers or valves that can be installed. Competent TAB technicians should be prepared for this possibility and work with the appropriate individuals to formulate recommendations as part of the final TAB report.

It should be made clear that the TAB work is not "commissioning." Most commissioning services are completed by firms having technicians experienced with each of the individual building systems—HVAC, lighting, plumbing, electrical, and security systems.

Commissioning services for any new building construction or renovation are intended to verify all the above systems—operate properly and meet performance criteria.

Commissioning also includes the testing of all building controls for each mode of operation to verify all systems are being sequenced correctly with each other and that all interlocks are functioning. The commissioning agent must document the results of each equipment test performed as it is completed.

© 2022 Trane. All rights reserved.

These firms will usually subcontract the services of an independent TAB contractor to verify HVAC system balancing as part of their more inclusive commissioning contract.

New Buildings

Testing, adjusting, and balancing of all HVAC systems in a new building is needed to complete the installation and to make the system perform as the designer intended. Assuming that the system design and installation meets the comfort needs of the building occupants, testing, adjusting, and balancing of the HVAC system fine tunes occupant comfort levels while keeping energy use to the lowest level possible. This is extremely important in this era of rising energy costs.

It is important to make sure that all factory equipment startup service has been completed before beginning any TAB work. Most specifications on new building construction usually require a factory representative to be present during the initial startup and adjustment of the mechanical equipment—central boilers, chillers, large variable-speed motor drives, and cooling towers. This initial equipment checkout is also usually required to activate the factory warranties and is not part of the TAB contractor's responsibility. After this initial startup service has been completed, the TAB contractor should be informed that the systems are operating properly, that all safety interlocks and protective devices are functioning, and the systems are ready to be balanced. The TAB phase of any building construction or renovation is intended to verify that all HVAC water- and airflows and pressures meet the design intent and equipment manufacturer's operating requirements. It is rare to find an HVAC system of any size that will perform completely satisfactorily without the benefit of final adjustments. Therefore it is considered a "best practice" for the designer to specify that TAB work be part of the overall HVAC system installation.

Existing Buildings

There are few buildings in existence that have not experienced changes in internal loads and space layout changes since they were designed and built. These buildings should periodically have their HVAC systems rebalanced to achieve maximum operating performance, efficiency, and comfort.

The TAB Technician

TAB technician designates the person in charge of the TAB work being done on the HVAC system. TAB procedures on a complicated HVAC system require that the TAB technician must be a well-trained, highly skilled, and knowledgeable individual. This person must know the fundamentals of airflow, hydronic flow, refrigeration, and electricity and be familiar with all types of HVAC temperature controls and refrigeration systems. They must also know how to take pressure, temperature, and flow measurements and be able to perform effective troubleshooting.

The TAB Team

There are TAB jobs that can be done by one person. However, many HVAC systems need a TAB team to complete the TAB work efficiently and in a reasonable time period. It is equally important that the other members of the TAB team be trained and knowledgeable in the basic fundamentals and procedures of TAB work.

© 2022 Trane. All rights reserved.

Energy Costs and Occupant Comfort

TAB work conducted on existing buildings will often hold opportunities for the attentive TAB technician to identify additional equipment or work for the system being balanced that will increase occupant comfort and decrease building operating costs. An obvious example would be the replacement of single-speed electric fan motors with newer computer-controlled equipment that can more closely follow the required airflow needs over the changing seasons and load variations. Variable-speed electric motors are a relatively new product and the older the building the greater the likelihood and potential for energy-saving and comfort-enhancing opportunity. In some instances, variable-speed motors may consume just 15% of the electricity on an annual basis as an older single-speed motor.

Another example would be when the TAB technician is asked to provide a rebalance of an individual zone due to shifts in internal use. Often, this is a good opportunity to examine the benefits of a complete review of the building's mechanical system and possibly provide complete-building TAB services. Also, changes in one building zone will often result in changes throughout or at least in other parts of the building.

TAB Instruments

Airflow Measuring Instruments

- Manometers—Used to measure pressure drops which can be translated into flow rates. Available in tube types, both U-Tube and inclined-vertical use a fluid in a tube to represent the difference in pressure between two points.
- Digital manometers—Can provide very accurate readings at very low-pressure differentials, such as across air filters and expansion cooling coils. Can automatically adjust for barometric pressure, store readings with recall in average or total numbers, and some can provide additional functions such as temperature measurements.
- Anemometers—Available in several configurations—rotating vane, deflecting vane, thermal—and used primarily to measure air velocities at registers, grilles, hoods, coils, etc.
- Flow measuring hoods—Directly measures CFM of air distribution devices.

Temperature Measuring Instruments

- Glass tube and dial thermometers—Measurement of air and fluid temperatures
- Thermocouples—Measures surface temperatures
- Psychrometers and electronic thermo-hygrometers—Determines relative humidity.

TAB Reporting Forms

The proper use of a consistent set of reporting forms assures that TAB work is being done in a systematic manner that produces documented test results that can be easily understood. The following list is an example of forms with a brief description of each to illustrate the steps in the TAB process. Each project may require fewer or more forms and steps depending upon the TAB project goals and the system complexity. Forms include:

© 2022 Trane. All rights reserved.

- **System Diagram**—A schematic that depicts the system to be tested, its major components, distribution system sizes, the quantities of flow, the location of regulating devices and terminal units and other relevant data.
- **Apparatus Test Report**—Provides details of actual measured flow rates, motor loads and other information that will be useful to compare design to actual system component performance.
- **Coil Test Report**—Used to record performance of chilled or hot water, steam, DX, or other types of energy exchange coils.
- **Gas/Oil-Fired Apparatus Test Report**—Tracks performance of unit heaters, furnaces, and boilers for use in comparison and as a supplement to factory-provided data.
- **Duct Heater Test Report**—Provides documentation of airflow rates across electric furnaces and heater coils and verifies min./max. airflow rates as per required by manufacturers.
- **Duct Transverse Reports**—Used as a worksheet for recording velocity pressures in a prescribed manner to determine actual airflow for duct— round and rectangular.
- **Air Outlet Test Report**—Provides documentation of preliminary and final air distribution devices and possible reasons for deviations from design.
- **Terminal Unit Test Report**—Used to check and document the performance of terminal units.
- **Major Equipment Test Reports**—Each major mechanical HVAC device that is present and part of the TAB project—Chiller/Packaged HVAC/Compressor/Condenser/Cooling Tower/Pump/Boiler—is tested and the results recorded according to industry-recognized procedures. Specific test requirements may be requested for any major component to verify operating performance or efficiency.
- **Instrument Calibration Report**—Documents the tested accuracy of the instruments used to conduct the TAB project.

RELEVANT CODES AND STANDARDS

- **Energy Systems Analysis & Management**—Presents an updated level of technical information necessary for energy conservation and retrofits of today's commercial facilities. This new manual provides building owners, facility managers, contractors, and system designers with the tools needed to evaluate an existing facility for energy savings potential. Items of special interest include performance contracting, CFC refrigeration regulation, and new automation system open protocols. Other topics covered include HVAC heat recovery, energy auditing, operation and maintenance, and indoor air quality.
- **HVAC Systems - Commissioning Manual**—A practical how-to guide for contractors, owners, and engineers interested in learning about commissioning for new buildings and re-commissioning for existing buildings. Separate chapters are devoted to the different levels of commissioning, including b g basic, comprehensive, and critical system commissioning. A thorough explanation of re-commissioning leads one through the preliminary investigation, survey and documentation phase, the design and installation of system modifications, and the actual re- commissioning test.

© 2022 Trane. All rights reserved.

- **HVAC Systems - Testing, Adjusting, & Balancing**—Presents the basic fundamentals, methods, and procedures, including the necessary tables and charts, to adequately balance a complete HVAC system. A tutorial on air and hydronic systems as well as equipment performance and operation, this comprehensive text covers motor operation, fan curves, pump curves, and fluid flow losses in ducts, fittings, pipes, and air terminals. In addition, variable frequency drives, direct digital control systems, lab hood exhaust balancing and the latest balancing equipment and procedures are presented.
- **TAB Procedural Guide**—The TAB Procedural Guide is intended for trained TAB technicians to assure that the appropriate procedures are employed in an effective manner. This new publication includes general as well as specific guidance for both air-and water-side HVAC system adjusting and balancing. Variable air volume, multi-zone, dual duct, and exhaust air systems are examples of the systems specifically covered and time-saving forms are included for precise record keeping during the conduct of a TAB project. The guide assists TAB technicians with preplanning and establishing teams so that energy use is minimized whether the work is done in new or existing buildings.

COMMISSIONING PLAN

- Describe Bidder's company's process for delivering a comprehensive commission plan at least two (2) weeks prior to start-up, including details of what will be covered in the plan.

This Commissioning Plan establishes the framework for how commissioning will be handled and managed on a given project and custom to that project's Scope of Work. The commissioning process is applicable anytime Trane performs work, either in a primary contracting capacity or as a sub-contractor within the projects' delivery model. The commissioning planning process begins with a kick-off meeting to determine the project's scope, breadth of work, participating trades, timelines, etc. At this meeting, the Trane Project Manager (PM) in conjunction with the Customer Agency will discuss the commissioning process, schedule, team and team member responsibilities, communication structures, and develop a general description of the systems to be commissioned. The Commissioning Plan is custom to the project's unique Scope of Work. A Commissioning Plan typically includes the following and takes place well before equipment is ordered or work begun, which could be weeks or months prior to the project's completion:

Introduction	Purpose and general summary of the Plan.
General Project Information	Overview of the project, emphasizing key project information and delivery method characteristics.
Commissioning Scope	The commissioning scope including which building assemblies, systems, subsystems, and equipment will be commissioned on this project.
Team Contacts	Project specific Commissioning Team members and contact information.
Communication Plan& Protocols	Documentation of the communication channels to be used throughout the project.

© 2022 Trane. All rights reserved.

Commissioning Process	Detailed description of the project specific tasks to be accomplished during the Planning, Design, Construction, and Tenant Occupancy Stages with associated roles & responsibilities.
Commissioning Documentation	List of commissioning documents required to identify expectations, track conditions and decisions and validate/certify performance.
Commissioning Schedule	Specific sequences of events and relative timeframes, dates, and durations.

TRANE'S APPROACH TO PREVENTATIVE MAINTENANCE

- Describe Bidder's company's scope of work for preventative maintenance work.

Trane's service team members use specific software and standard processes in place to schedule service calls, complete preventative maintenance, invoice jobs, and track inventory. With a comprehensive range of service capabilities and in-house expertise—delivered by an extensive service network always on call—Trane delivers the most reliable and cost-effective performance from day one. Once a Service Agreement is in place, Trane technicians will complete field reports that include all recommendations for maintaining a high-performance facility.

Trane's Preventative Maintenance program typically consists of four quarterly site visits: with one annual inspection and three routine inspections. The number of site visits can vary according to the system needs. By planning ahead and addressing maintenance needs on a systematic, scheduled basis, customers can virtually eliminate unplanned downtime and save a lot on repair costs. As maintenance tasks are performed, technicians record and detail each asset's condition to determine the appropriate timeframe for an inspection, cleaning, lubrication, any calibration, or adjustment, including possible part replacement.

The work performed is recorded electronically via technician's mobile device. The data is stored and backed up on a secure data network. At completion of the work, customers receive an electronic report of the tasks executed. In addition (for service agreement customers only) work reports can be accessed on a Trane customer portal (https://mybuilding.trane.com).

We're fully trained, using proprietary Six Sigma maintenance procedures, to service both Trane HVAC equipment as well as that of other brands.

Trane's industry exclusive service flow process includes detailed, documented procedures that identify steps for: safety, sequence of execution, quality control, work validation, parts, materials, tools, and environmental compliance. Where applicable, **Trane's exclusive service process meets or exceeds ASHRAE 180-2008 Standard Practice for Inspection and Maintenance of Commercial Building HVAC Systems.**

To prolong an asset's useful life and lessening the likelihood of failure, Trane offers a preventative approach that can leverage predictive technology as well as regular monitoring of your HVAC operations. Our standard Preventative Maintenance package involves planning ahead and addressing maintenance needs on a systematic, scheduled basis. However, we can add value with optional state-of

© 2022 Trane. All rights reserved.

the-art add-on services — such as Predictive Service, Active Monitoring, Critical Systems Audit, or Rental Reserve.

Trane's overall approach to Preventative Maintenance revolves around 7 Service pillars:

Knowledge Transfer

Work performed on your equipment will be documented by our technician and reviewed with you at the completion of each service visit. Trane Technicians will review operating sequences and practices for the equipment covered by the agreement and advise you of operational improvement opportunities. Concurrent with annual start-up, the dedicated Trane Technician will instruct your Facility staff on how to operate the equipment covered by the agreement.

Quality Guarantee

Trane provides a guarantee of performance based on testing conditions — as specified in both AHRI (Air Conditioning, Heating and Refrigeration Institute) and ASHRAE (American Society of Heating, Refrigerating and Air-Conditioning Engineers). Trane then backs up this performance with the industry's premier warranty and service support to ultimately provide the best value for each customer. Within the controls and automation teams, for example, Trane has adopted the mantra of "no bad jobs". This business mindset is prevalent throughout Trane — from the factory to the field sales office. Trane products have utilized several such initiatives to provide cost saving areas for customers. For example:

- **ICS (Integrated Control Systems).** The controls that come with Trane products all offer an open computer control technology protocol. This allows a client to feel comfortable that with every Trane product that is purchased, their existing Building Automation System will be able to communicate or if there is not a Building Automation System (BAS) in place, Trane can provide our BAS system **at a packaged program price**.
- **D.F.T. (Demand Flow Technology).** A mathematically based business strategy that encompasses the entire Trane organization: marketing, sales, order entry, engineering manufacturing, suppliers, and finance. Demand Flow Technology manages every aspect of the product cycle from the time the product is ordered, until it is shipped. Its sophisticated procedures ensure that customers receive fast availability of a wide selection of Trane standard products as well as custom and modified ones.

Technology

Scheduling, Service History — ComfortSite

ComfortSite — our web-based asset management system — is used for scheduling of Service calls and provides customers with free access to their Service history, technical reports, parts identification tools, product literature and other relevant information. In addition to these options, ComfortSite also enables owners to manage local parts inventory and equipment replacement plans. ComfortSite offers these advantages:

- Asset and maintenance management software
- 24/7 internet-based access
- Trane enters HVAC equipment data

© 2022 Trane. All rights reserved.

- No software integration or process changes required
- Ability to enter non-HVAC equipment into the database
- Multi-level username and password access
- Multiple output file formats available for upload

Chiller Plant Optimization

Chiller Plant Optimization validates that the chiller plant is operating appropriately. It helps manage the multiple system inputs and confirms set-up accuracy.

Advantages:

- Maintain comfort, reliability, and uptime
- Prevent premature failure of the system or components
- Identify anomalies that waste energy

Implementation:

- Review chiller plant control parameters and search for inefficiencies in cycling and stating
- Check loop tuning and provide a quote, if necessary
- Reset routines to design specifications

Predictive Service

Trane will analyze the condition of your HVAC equipment to detect physical conditions that can lead to system inefficiencies and catastrophic failures. Early detection by Trane Field Service Technicians enables you to arrange maintenance procedures and overhauls during planned downtime instead of experiencing unplanned system outages and emergency repair delays and costs.

- Infrared Thermography
- Combustion Testing
- Vibration Testing
- Eddy Current Tube Testing
- Ultrasonic Testing other than tubes, bearing, etc.
- Air Quality Monitoring
- Air Balance
- Water Balance

Energy Performance

Energy Performance provides real-time energy monitoring, displayed through a set of online dashboards and tools, to reveal where and when a building consumes energy. It provides the ongoing, real-time insight that's needed to drive measurable results. This advanced cloud-based building energy management system (BEMS) service provides visual tools and analytics that uncover hidden causes of

© 2022 Trane. All rights reserved.

energy waste. Energy Performance pairs advanced technology with the extensive expertise of Trane building professionals who recommend energy conservation measures (ECMS) based on building data.

Advantages:

- Leverage spectral analysis to visualize energy usage or demand over a select period
- Monitor building performance and view progress on sustainability goals using intuitive dashboards
- Access analytics to identify times of excessive energy consumption
- Report and track the ongoing improvements gained by proactively managing your building

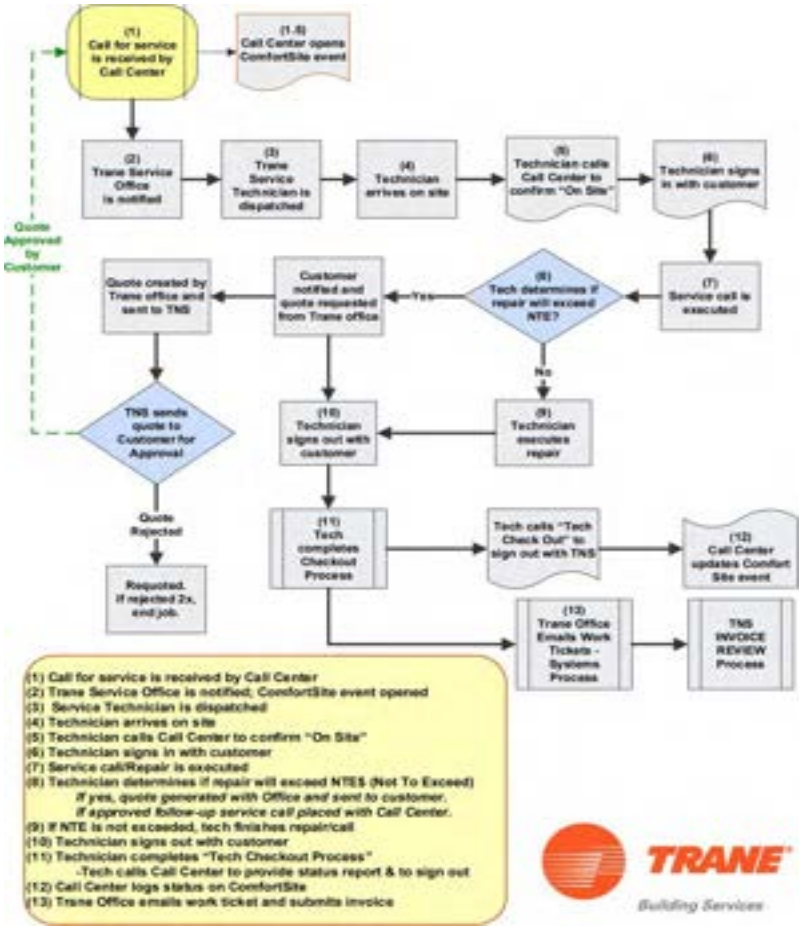
Implementation:

- Cloud-based building energy management system provided through Software as a Service (SaaS)
- Access to online dashboards, reports, alerts, and trending tools
- Interpretation by technical specialists
- Real-time energy data monitoring and aggregation from multiple sources: utility meters, sub-meters, sensors and building automation system all linked to your local energy costs to track your energy spend more accurately
- Software support, online help, and documentation
- Site set-up and data

The Environment and Sustainability

Trane procedures for handling refrigerants are compliant with Federal and State laws and regulations — in respect to the proper handling, storage, and repair of leaks of ozone-depleting refrigerants as well as their substitutes, according to Environmental Protection Agency regulation 40 CFR Part 82. Trane service technicians are Universal-certified and use only certified recovery equipment.

Trane maintains and uses our Refrigerant Management Software (RMS) to capture, manage and report Refrigerant Activity. The Refrigerant Activity Report Form is used by the technician to record all



© 2022 Trane. All rights reserved.

refrigerant activity that has occurred on each piece of equipment. The form data is entered into RMS after it is submitted to and checked by central office personnel. Annually, Trane prints a report from RMS of all Refrigerant activity that has occurred at each site. The report details all refrigerant activity performed by Trane Building Services Technicians for each piece of equipment and can be used to satisfy reporting requirements. In terms of Oil disposal, we remove used oil from your refrigeration units and dispose of it in accordance with applicable environmental regulations. Trane has a national contract with a leading provider of used oil services to recycle used oil, where allowed, and properly dispose of used oil which does not meet recycling requirements (in states where used oil is a hazardous waste,

Trane will remove used oil from refrigeration units for the customer to arrange disposal).

Documented Processes to Safeguard Uniform Service Delivery

All Trane personnel follow documented processes to enable and safeguard uniform service delivery.

Specific Work Steps

The following illustrates Trane's procedure for each call for service:

Emergency Response within 4 hours — 24/7, 365 days a year

Priority Emergency Response is available on a 24-hour-per-day basis. Trane is able to perform emergency services outside of normal business hours when requested. Each Trane office has its own Emergency hotline for seven (7) days a week, twenty-four (24) hours a day, three hundred sixty-five

© 2022 Trane. All rights reserved.

(365) days per year. Our goal is to answer each call within 30 seconds of receipt, 90% of the time. And our goal is to respond to all emergency calls within 4 hours or less.

Trane's team of Service technicians has a rotational, on-call schedule, and someone is always available to handle an after-hours or an emergency call.

Emergency Parts Service

Trane's Parts order system provides an ability for both emergency and rush orders. This system is unique in that it allows the flexibility of integrating rush orders into the standard order system without disruptions or excessive costs.

The State-of-the-Art Rental Reserve Add-on Service

Whether it's extra cooling needed during extreme weather conditions or a short-term replacement following an emergency, buildings sometimes require equipment to cool an indoor environment on a temporary basis. Trane Rental Services can provide fast, safe, and cost-effective solutions using modern and reliable equipment. A temporary cooling system will keep your business operational whilst you repair, replace, or upgrade your existing system. Rely on temporary solutions from the name you trust. Our team of account managers, engineers, service technicians and logistics professionals can rapidly transform the equipment you need into a smoothly functioning system that will exceed your expectations.

Every rental delivers state-of-the-art Trane equipment and expertise. We'll be your one-stop solutions provider when you are:

- Short on time — A temporary system allows you the ability to continue your business operations while you take the time to find the best permanent solution.
- Short on funds — Capital improvement budgets are shrinking these days. A rental from Trane can allow you to optimize the use of your funds.
- Risk averse — Knowing when and where temporary solutions are available can speed deployment time in an emergency and limit associated financial losses.
- Experiencing temporary spikes — A rental is a cost-effective solution for a short-term situation, such as a spike in production or peak design conditions that lasts two months or less.

Other Maintenance and Repair (OMR)

If the Technician finds an issue that needs to be fixed, they will communicate that to the customer and record their findings in a report, requesting a quote from Trane — to be approved by the customer ahead of the repair, replacement, or any other maintenance work.

Customers often opt for Trane's exclusive HVAC Rental Reserve program. The Rental Reserve Program is intended to protect against unplanned needs caused by customer's HVAC equipment outages. It is designed to minimize the impact of downtime by providing cooling system redundancy. The program provides year-round availability of rental chiller equipment within a 24-/48-hour notice to Trane — to proceed with delivery and connection of the rental equipment. Included in the price of the add-on option is a customized and executable HVAC rental emergency plan maintained by Trane as well as suitable equipment for speedy connection at the site.

© 2022 Trane. All rights reserved.

The rental emergency plan provided by Trane would contain a typical chilled water system plan, for example, where we will identify:

- Location, type, and tonnage of the rental chiller;
- Applicable electrical, chilled water, tower water connections as necessary for chiller connection;
- Necessary system upgrades to accommodate the Trane Rental chiller package

Warranties — Workmanship, Equipment

The workmanship warranty (labor portion of the Maintenance Services and Additional Work) is **90 days from the date of completion.** Trane's obligation under the Warranty is limited to correcting any labor improperly performed by Trane. Defects must be reported to Trane within the 90-day period.

The parts and equipment warranty (the material manufactured by Trane and provided to the customer in performance of the Services) is **12 months from the earlier date of equipment start-up or replacement.** Trane's obligation under the Warranty is limited to repairing or replacing the defective part at its option. Defects must be reported to Trane within the 12-month period.

Should it be necessary to replace or repair any non-Trane equipment provided by Trane as part of a service to the state, Trane will extend to the Customer the benefits of any warranty Trane receives from the manufacturer.

ADDITIONAL CHARGES FOR MAINTENANCE

- Describe and define all scenarios in which additional charges would apply outside of routine preventive maintenance.

The primary goal of maintenance is to avoid or mitigate the consequences of failure of equipment. This may be by preventing the failure before it occurs which Planned Maintenance and Condition Based Maintenance helps to achieve. It is designed to preserve and restore equipment reliability by replacing worn components before they fail. Preventive maintenance activities include partial or complete overhauls at specified periods, oil changes, lubrication, minor adjustments, and so on. In addition, workers can record equipment deterioration, so they know to replace, or repair worn parts before they cause system failure. The ideal preventive maintenance program would prevent all equipment failure before it occurs, however additional charges would apply if these parts were not included up front.

REPAIR AND UPGRADE RECOMMENDATIONS

- Describe Bidder's methodologies for assisting Participating Public Agencies with recommendations on repairs and upgrades from defining the repair/upgrade through the completion of work.

With a comprehensive range of service capabilities and in-house expertise, delivered by an extensive service network always on call, Trane service solutions ensure the most reliable and cost-effective performance from HVAC systems from day one – and on through their complete lifecycle. Once a Service Agreement is in place, Trane Technicians will complete field reports that include all recommendations for maintaining a high-performance facility. Below are descriptions of our service capabilities, from start up through advanced remote monitoring and contingency cooling.

© 2022 Trane. All rights reserved.

Start Up

Trane Elite Start™ - Commissioning service

Trane Service Engineers validate HVAC installation, following a tried and tested checklist for optimal start-up conditions, verifying, and recording design operational parameters.

Trane Extended Start - Assure the highest level of performance for the HVAC system's crucial first year. HVAC systems are typically sold with a standard factory warranty terms and conditions. Trane Extended Start goes above and beyond the standard warranty to provide eight value-added services which will create a system performance baseline.

Operate and Maintain

Genuine Parts and Repair Services - The right parts and the OEM expertise quickly available. From precision-crafted original Trane items to generic parts, Trane offers a comprehensive parts inventory with 6,500 references to answer quickly to customers' needs. Trane efficient logistics and factory authorized technicians also ensure expert replacements and fixes.

Trane Chiller Health Check Program - OEM chiller performance analysis The reliability and efficiency of a water chiller are directly related to how it is maintained and operated. Appropriate maintenance can help avoid severe malfunctions and costly breakdown. Trane Chiller Health Check Program provides the real time status and performance of equipment and recommends proactive measures to restore a safe, reliable, and efficient operation of chillers.

Trane Service Agreements - Reduce operating costs and optimize equipment life with planned maintenance from Trane. By planning and addressing maintenance needs on a systematic, scheduled basis, your client can save significantly and virtually eliminate unplanned downtime. Trane will help define the service agreements best suited to your client's applications and business needs.

Improve Cost of Ownership

Trane Select™ Contracts - Head off problems before they affect operation Four customizable HVAC service contracts designed to provide operating efficiency, maximize the system life, and help cut costs. From preventive maintenance plans to fully comprehensive solutions, Trane Select Contracts offer fixed costs making them more valuable the longer the contract period. All contracts come with free compressor coverage.

Trane Controls Services - Keeps HVAC settings fine-tuned for optimal performance. Buildings are a complex, inter-related set of systems. Over time, adjustments can change HVAC configurations that were fine-tuned on installation. Trane Controls Services offer four levels of servicing to regularly review the building control system, ensure it maintains its designed comfort level and is always up to date with your clients' current needs – operating as efficiently as possible.

Upgrade and Improve

Trane Care™ Services - Restore the performance of HVAC equipment and maximize its lifecycle. No matter where your clients' equipment is in its life cycle, Trane Care™ will turn HVAC systems into business advantages in terms of reliability, energy, and environment to help their buildings perform at its best and sustain it day in and day out. A Trane Care™ upgrade of HVAC installations will enhance

© 2022 Trane. All rights reserved.

equipment reliability, reduce operating costs, optimize equipment life, and ensure compliance with environmental regulations.

Advanced Remote Analytics

Trane Intelligent Services - Close remote building system monitoring and analysis of system trends. Trane Intelligent Services provide always-on, automated monitoring powered by a suite of leading technologies backed by Trane's team of technical experts. They give building operators high-end capability to help minimize the occurrence and severity of system failures through early detection of alarms and performance issues. Whether your clients require continuous monitoring and automated notification, monitoring plus an action plan for remediation services, Trane can provide a cost-effective solution to establish critical points, appropriate parameters, actions, and procedures.

Contingency Cooling

Trane Rental Services - Cooling solutions for all temporary needs Temporary cooling needs covered to keep your clients' businesses operational during repair, replacement, or upgrade of the existing systems: from breakdowns to extra seasonal capacity requirements, planned service work, facility renovation, specialty events and more. Trane provides fast, safe, and cost-effective solutions using modern and reliable equipment for all building purposes.

NOTIFICATION OR PERSONNEL IN FACILITY

- Describe Bidder's firm's process for notifying a Participating Public Agency when personnel are going to be in a facility, arrival and departure time and the work performed. How does Bidder handle requirements for sign-off of work prior to leaving a facility?

The Trane service coordinator notifies customer when Technician is scheduled to arrive. Upon arrival Technician checks in with designated site contact. Upon departure Trane technician reviews work and secures signature from site contact.

© 2022 Trane. All rights reserved.

b. Ability to Provide Temporary Cooling

b. Describe Bidder's ability to provide temporary cooling/chiller units.

Whether it is extra cooling needed during extreme weather conditions or a short-term replacement following an emergency, businesses sometimes require equipment to cool an indoor environment on a temporary basis. Trane Rental Services can provide fast, safe, and cost-effective solutions using modern and reliable equipment. A temporary cooling system will keep your business operational whilst you repair, replace, or upgrade your existing system. Rely on temporary solutions from the name you trust. Our team of account managers, engineers, service technicians and logistics professionals can rapidly transform the equipment you need into a smoothly functioning system that will exceed your expectations. A rental is a cost-effective solution for a short-term situation, such as a spike in production or peak design conditions that lasts two months or less.

- **Fast** - Because speed of unit installation can be extremely important to your business, all Trane rental equipment has been fitted with enhancements that save installation time.
- **Safe and reliable** - Whilst getting your system up and running is of utmost importance to your operation, safety and reliability of the equipment provided are equally important. You can depend on Trane modern equipment.
- **Cost-effective** - Whatever the application, Trane can provide a cost-effective temporary cooling solution for your organization until you are able to repair or replace your existing equipment.

Every rental delivers state-of-the-art Trane equipment and expertise. We will be your one-stop solutions provider when you are: Short on time: A temporary system allows you the ability to continue your business operations while you take the time to find the best permanent solution. Short on funds: Capital improvement budgets are shrinking these days. A rental from Trane can allow you to optimize the use of your funds. Risk averse: Knowing when and where temporary solutions are available can speed deployment time in an emergency and limit associated financial losses.

c. Products and Services Provided by Trane

c. Describe in detail the depth of product and services Bidder provides and any related products or services being offered. Include:

Trane's products and services are provided on the "Product Information Matrix" on pages 75-92.

DESCRIPTION OF THE PRODUCTS

- A description of the Products, including all related components and parts to be provided by the major product category.

1. HVAC Equipment and Products

Chillers

- Air-cooled chillers
- Water-cooled chillers
- Compressor chillers
- Ancillary chiller water plant equipment
- Absorption liquid chillers
- HVAC Refrigeration Type- Rotary, Centrifugal, Scroll, Reciprocating, Absorption

Unitary systems that combine heating, cooling, and fan sections

- Rooftop systems
- Split systems
- Self-contained systems
- Water source heat pumps
- **Unitary** Type-rooftops, split systems, VRFs, Heat Pumps, PTACs, water- source, mini-splits

Air handling systems

- Performance air handlers
- Blowercoil air handlers
- Make-up air gas heating system
- Air handler options and air cleaning options, Type- central station-manufactured or custom makeup air, fan, filter, coil sections

Terminal devices

- Unit heaters
- Unit ventilators
- Fan coil units
- Ventilation fans and variable air volume
- Air Terminal Devices and Heating Products Type-VAV, Fin Tube Radiation/Convectors

Ductless variable refrigerant volume units

Dedicated outdoor air systems

Replacement coils

Automation equipment

Parts and aftermarket product

- **Cooling Towers** Type- open, closed, evaporative, other
- **Pumps** Type- single stage, split case, end suction, inline, circulator, turbines
- **Invertors**
- **Boilers & Water Heaters** Type- modulating, condensing, cast iron, water tube, packaged and other
- **HVAC Specialty Products** Type - modular, outside/inside, S&T Heat Recovery, Humidity Control, Heat Wheel, Heat Pipe, Heat Exchangers

Other HVAC products

- **Indoor Air Quality Products and Devices** Type- Active polarization, non- ionizing, electronic air cleaning systems intended to replace passive filtration, any other.

2. Installation and Services

Installation of new equipment

- **Startup & Commissioning Services** Type - equipment startups, system checkouts, control verification, retro commissioning, M & V verifications, rebate auditing, other

Maintenance of existing systems

- **Service & Maintenance** Type- preventative and full maintenance contracts, man-at attendance, remote monitoring, annuals, emergency services, regulatory compliance, cleaning (e.g., duct, coils, and filters), scheduled maintenance (e.g., oil, chemical and vibration analysis) and other

Upgrading of existing infrastructure

Turnkey services

- **Installation and Turnkey Contracting** Type- retrofit, new construction, energy retrofit, controls new- and upgrade and other

Other installation and services offered by Bidder

- **Warranty Services** Type- Extended parts & labor (define maximum number of years available), delayed start-up and other
- **Professional Services** Type- Engineering, Design, Drafting, Architectural, Project Management and other
- **Site Surveys** Type- Equipment, system analysis, operational, architectural, and other

3. Related Products, Solutions, and Other Services

New, and/or retrofitting older products and solution

HVAC equipment controls

© 2022 Trane. All rights reserved.

- Type-core components, end devices, lighting, panels

Ancillary Services

Thermostats

Sensors

Energy programs

Design and analysis tools

Commissioning

Building management and/or certifications

Enterprise management

Rental and lease services

- Type-chillers, pumps, transformers, terminal units, generators, cooling towers, packaged unitary and other

Financial services

- Type- leasing, prompt, and pre-payment discounts, guaranteed savings and other

Training and/or educational services

Municipal services

Other related products and services

CATALOG OR BROCHURE TYPE INFORMATION

- A catalog or brochure type information as applicable.

Trane has detailed catalog information for all equipment. A National Line Card is provided on the following pages.

PRODUCTS & SYSTEMS SOLUTIONS

TRANE

APPROACH

We take a creative approach to every project; treating each project uniquely so we can collaborate to understand objectives and goals. Trane delivers outcomes; we start from the beginning and follow the process through. Plus, we always keep indoor environment quality and energy efficiencies top of mind.

SERVICE & SOLUTIONS

Our capabilities include commercial systems, energy services & solutions, contracting, controls/building automation, rentals and service.

Trane Wellsphere™ is a holistic approach to building wellness that cultivates healthier indoor spaces. It brings together unmatched experience and expertise to take a holistic approach to optimizing building's indoor environmental quality (IEQ).

HVAC SYSTEMS
Sustainable and scalable solutions for maintaining ideal system performance

OPTIMIZED EQUIPMENT
Applied Chilled and Hot Water, Air Handling, Large and Light Packaged, VRF, VAV, Zone Terminal, Pre-Packaged Systems with Controls

RENTAL SERVICES
Promptly provides temporary, scalable HVAC and power from standard applications to complex solutions

BUILDING SERVICES
Reliable, preventative and proactive scheduled maintenance and repair by factory trained technicians

ENERGY SERVICES
Managing your energy supply and demand to reduce cost, optimize performance and improve sustainability

BUILDING AUTOMATION SYSTEMS
Making precise control easier, mobile and data-rich

TRANE TECHNOLOGIES

© 2022 Trane. All rights reserved.

Trane Building Automation Systems

Tracer® SC+
Scalable building automation system solution

Tracer Concierge®
Light commercial control system

Pivot® Smart Thermostat
Wi-Fi & Ethernet thermostat for light commercial applications

Factory & Field
Mounted BACnet® & LonTalk® Unit Controllers, Integrates with BACnet MSTP, LonTalk Certified, BACnet/IP, Modbus® Protocols

Wireless Solutions
Wireless comms, BACnet/Zigbee®, temperature & humidity sensors

Trane Building Management Systems

Tracer® Ensemble®
Enterprise level building management software

Tracer® Synchrony®
Web-based facility management software

Tracer® Concierge®
Occupant user interface for non-technical user

Tracer® Mobile Apps
Concierge, Trane BAS Operator Suite

Trane Intelligent Services

Aggregates data collected in a building. Provides analytic tools to make real-time, near term, and long term decisions that maximize the way buildings are managed and maintained.

Lighting Solutions

Control more than half of your building energy use when you integrate Trane lighting solutions into your EAS.* The Trane difference offers increased energy savings, improved comfort and flexibility, and a higher quality design - all within your customer's budget. Lighting science can support productivity, performance, safety, and well being. Utilizing intelligent lighting solutions as your infrastructure for smart buildings unlocks the capabilities of asset tracking, contact tracing, emergency assistance, and more!

Trane® / Mitsubishi VRF & Ductless

N-Generation CITY MULTI®
Energy efficient, all electric VRF system available in Standard, High Efficiency, and H2i®(R) (Hyper-Heat)

Nv Series
Ductless system for maximum energy efficiency and quality control with precise zone control to distribute heat or air conditioning only to spaces in use

P Series
Light commercial ductless system for superior comfort, flexibility and reliability with precise 1:1 outdoor to indoor connections for efficient zone management

Indoor Units
A variety of indoor units available to meet any application and design requirements, including ceiling cassettes, wall mounted, concealed and more

LEV Kit
The power to connect Trane® / Mitsubishi Electric CITY MULTI® Products to Trane Air Handlers; Allows for higher airflows, higher static pressure, larger capacity, customized products, and DOAS configurations; Available in multiple tonnage sizes

Trane Precision Cooling

Single Circuit DX
Single circuit DX; vertical floor mounted; 5 - 10 Ton; tandem compressor options; EC fan technology

Dual Circuit DX
Dual circuit DX series; vertical floor mounted; 15 - 30 Tons

Centrifugal Chillers

Model TACW
Oil-free; 60 - 1400 Tons; R-134a and R-513A

Agility® Model HDWA
150 - 450 Ton; 60 Hz, 50 Hz; Symbio® 800 controller; uses either R-513A or R-134A

CenTraVac® Model CVHE
3-Stage Compressor; Symbio® 800 controller; 150 - 600 Tons; R-514A

CenTraVac® Model CVHF
2-Stage Compressor; Symbio® 800 controller; 325 - 2000 Tons; R-514A

CenTraVac® Model CVHH
Multi-stage; Dual Compressor; Symbio® 800 controller; 900 - 2000 Tons; R-1233zd

CenTraVac® Series S™ Model CVHM
Oil-Free Compressor; Symbio® 800 controller; 170 - 390 Tons; R-514A

CenTraVac® Model CDHF
Multi-Stage Dual Compressor; Symbio® 800 controller; 1450 - 3950 Tons; R-514A

CenTraVac® Model CDHH
Multi-stage; Dual Compressor; Symbio® 800 controller; 1800 - 4000 Tons; R-1233zd

Water-Cooled Chillers

Cold Generator™ Model CGWR
Scroll Compressors; 20 - 75 Tons; R-410A

Series R® Model RTWD
Helical Rotary Compressor; 60 - 260 Tons; R-134a or R-513a

Optimus™ Model RTHD
Optional Variable Speed Helical Rotary Compressor; 150 - 430 Tons; R-134a; or R-513a for fixed speed only

Series R® Model RTUD
Helical Rotary Compressor with remote air-cooled condenser; 80 - 250 Tons; R-134a

Air-Cooled Chillers

Cold Generator™ Model CCAR
Scroll Compressor with Air-Cooled Condenser; 20 - 70 Tons; R-410A

Model CGAM
Scroll Compressor; 20 - 130 Tons; R-410A

Ascend® Model ACS
Scroll Compressor; 140 - 230 Tons; R-410A

Series R® RTAC
Helical Rotary Chiller; 140 - 600 Tons; R-134a

Sintesis® Model RTAF
Variable Speed Helical Rotary Compressor; 115 - 500 Tons; R-134a or next gen R-513A

Ascend® Model ACR
Free Cooling; Symbio® 800 controller; 150 - 550 Tons; R-134a

Model TACA
Oil Free Centrifugal; 60 - 440 Tons; R-134a or R-513A

*U.S. Energy Information Administration, 2020

© 2022 Trane. All rights reserved.

Ascend™ Model ACX
Energy efficient, all electric heating and cooling; Symbio™ 800 controller; 130-240 Tons; R-410A

MiniMod™
Water-Cooled; Oil Free Centrifugal; R-134a and R-513A; 60 - 135 Tons (1000 Ton Arrays)

Cold Generator™ Model CICD
Water-cooled; Heat Recovery; 20-80 Ton (600 ton Arrays)

Modular Chillers

Manhattan™ Gen II
Air-Cooled and Water-cooled Heat Pump; Heat recovery and Free Cooling; 15 - 80 Tons (800 Ton Arrays)

SuperMod™
Air-Cooled and Water-Cooled; 20 - 40 Tons (400 Ton Arrays)

PolyTherm™
Water-Cooled; Simultaneous Heating and Cooling; 30 - 60 Tons (480 Ton Arrays)

Packaged Units

Impack®
Cooling, Gas/Electric, Heat Pump & Dual-Fuel; Multiple Efficiency Levels; Up to 16 SEER; 2 - 5 Tons

Foundation®
Cooling, Gas/Electric; Adapts to Competitors Roof Curbs; 3 - 5 Tons; 7.5 - 12.5 Tons; 15 - 25 Tons

Precedent® 17 Plus
Cooling & Gas/Electric; Up to 17.5 SEER; 3 - 5 Tons

Precedent® & Precedent® with eFlex™
Cooling, Gas/Electric, Heat Pump & Dual-Fuel; Multiple Efficiency Levels ; eFlex Variable Speed Compressor; Up to 23.5 SEER; 3 - 10 Tons

Voyager® 2 & Voyager 2 with eFlex
Cooling, Gas/Electric & Heat Pump; Multiple Efficiency Levels (Up to 20.1 IEER, 12.5 - 25 Tons), eFlex Variable Speed Compressor (12.5 - 17.5 Tons)

Zoned Rooftop Systems
Pre-designed for small building comfort; Includes Precedent or Voyager rooftop unit, VAV terminal units, Tracer® Concierge™ system control & Air-Fi® wireless controls & sensors; 3 - 25 Tons

Voyager 3
Cooling, Gas/Electric; eStage™ Multi-Staged Compressors; Full & part load efficiencies; Up to 14.7 IEER; 27.5 - 60 Tons

IntelliPak® I
Cooling, Gas/Electric, Hot Water, Steam; 20 - 130 Tons; Available with eFlex Variable Speed Compressor; 40 - 75 Tons

IntelliPak® II
Cooling, Gas/Electric, Hot Water, Steam; Air-Cooled and Evaporative Condenser; Available with eFlex Variable Speed Compressor; Tracer® SC+ controls; VariTrane™ VAV terminals; 90 - 162 Tons;

IntelliPak® 3
Cooling, Gas/Electric, Hot Water, Steam; 20 - 75 Tons; Avail. with eFlex Variable Speed Compressor; Available connectivity; Symbio controller; Up to 17.8 IEER

Self-Contained Units

IntelliPak® Modular Series
Split apart construction, easy transport & installation; Factory-installed digital controls; Up to 13.9 EER, 17.9 IEER; Water Cooled 20 - 35 Tons; Remote Air Cooled - 32 Tons

IntelliPak® Signature Series
Up to 14.1 EER, 19.3 IEER; Floor by floor system; Factory-installed digital controls; Air-Cooled 20-60 Tons; Water-cooled 20 - 110 Tons

Modular Self Contained System
Smallest Footprint on the Market; Water-Cooled System; Variable speed compressors and fans; Full and part load efficiencies; Industry-leading Part Load Efficiency - Up to 20.8 IEER; 40 - 80 Tons

Water-Source Heat Pumps

Axiom™ Standard Efficiency GEH/GEV Models
Horizontal (0.5 - 15T) or vertical (0.5 - 25T); Quiet operation; Multiple airflow configurations; 0.5 - 25 Tons

Axiom High Efficiency Single-Stage EXH/EXV Models
Horizontal or vertical; Electronically Commuted Motor (ECM); Rotary or scroll compressor; 0.5 - 6 Tons

Axiom High Efficiency Two-Stage DXH/DXV Models
Horizontal or vertical; 2-Stage compressor; Deluxe sound option for quiet operation; Meets LEED EAc4 requirement; 2 - 6 Tons

Axiom Variable Speed VSH/VSV Models
Horizontal or vertical; eFlex™ Variable Speed compressors and fans; Single and three phase voltage; 2 - 5 Tons

Axiom High Efficiency Console GEC Model
ASHRAE 62 indoor air quality compliant; Quiet operation; 0.5 - 1.5 Tons

Axiom Vertical Stack GET Model
Multiple capacities & cabinet sizes; Available in PSC or ECM motors; Flexible air supply options; Integrated controls; 0.75 - 3 Tons

Axiom Water-to-Water EXW Model
Co-axial heat exchanger; Rackable modular design; 5, 10, 20 Tons

Axiom Rooftop GWS Model
Boiler/Tower or Geothermal applications; Multiple configuration options; Microprocessor controls; 3 - 20 Tons

Air Handling Units

Performance Climate Changer® - Catalog
Indoor or Outdoor; Up to 15000 CFM; 2" R-13 Foam Insulated Panels; Factory-Engineered & Mounted Controls

Performance Climate Changer® - Semi-custom
Indoor or Outdoor; Up to 60000 CFM; ; up to +/-10.0 inches w.g.; 2", R-13 or 3", R-19; Foam Insulated Wall panels; Flexible Dimensions

Trane Custom Models TCFS & TCPA
Indoor & Outdoor; 1500 - 200,000 CFM; -12.0 to +12.0 inches w.g.; Thermal Performance with R-Values up to 26

Terminal Units

Compact Vertical Blower Coil Model BCCD
Indoor; 800-2000 CFM; ECM Motors, Factory-Engineered & Mounted Controls

Blower Coil Model BCHD/BCVD
Indoor; 400 - 3000 CFM; ECM motors; Factory-Engineered & Mounted Controls

CoolSense® Terminal Unit
Up to 1300 CFM; Variable speed ECM or constant-fan speed; Tracer® UC400 controller (available with Air-Fi wireless)

VariTrane® Model VC*F
Single Duct Variable Air Volume Boxes; 25 - 8000 CFM

VariTrane® Model VDDF
Dual Duct Variable Air Volume Boxes; 80 - 8000 CFM

© 2022 Trane. All rights reserved.

VariTrane® Model VF**
Fan-Powered Variable Air Volume Boxes; 200 - 3300 CFM; Parallel or Series Configuration

VariTrane® Model LF**
Low Height Fan-Powered Variable Air Volume Boxes; 100 - 1800 CFM; Parallel or Series Configuration

VariTrane® Model VRRF
Round Inlet/Round Outlet RetroFit Variable Air Volume Boxes; 25 - 4000 CFM

UniTrane® Model FC*B
Horizontal or Vertical Fan Coil; Cabinet, Recessed or Compact Configurations; 200 - 1200 CFM

UniTrane® Model FCV
Vertical High Rise Fan Coil Units Vertical stack fan coil; 300 - 1200 CFM

Force-Flo™ Model FF*B
Horizontal or Vertical Cabinet Heater; Concealed or Recessed Configurations; 200-1200 CFM

Model VUVE
Vertical Unit Ventilators; 750 - 1500 CFM

Model HUVC
Horizontal Unit Ventilators; 750 - 2000 CFM

Model UHS/UHP
Propeller Unit Heaters; Hydronic & Steam

Model UHWA/UHAA/UHRA/ UHXA/UHEC/UHCA
Electric Unit Heaters

Indoor Gas Heating Units
Unit Heaters & Duct Furnaces

Split Systems

Split Systems
Cooling & Heat Pump; Gas, Electric, or Hot Water Heat; 1.5 - 5 Tons

Odyssey™ with Symbio™
Symbio Connectivity & phone app; Full & part load efficiencies; Up to 13.1 IEER; 6 - 25 Tons

RAUI
Air-Cooled Condensing Units; Available with Remote Chiller Evaporators; 20 - 120 Tons

CAUI
Air-Cooled Condensers; 20 - 120 Tons

Dedicated Outdoor Air

Horizon® DOAS
DX Packaged (Air and Water Cooled)
- Low Dew Point capability
- ERV
- AHRI 920

Mixed Air Unit
- Brings in up to 100% fresh air
- ASHRAE 90.1 compliance
- Provides adequate dehumidification at full load conditions
- Double walled-insulation with insulated base ban

Make-Up Air Gas Heating Units

Model GSAA
Indoor Gas-Fired Make-Up Air Handlers; Standard & High Efficiency; 100 - 1200 MBH

Model GRAA
Outdoor Gas-Fired Make-Up Air Handlers; 100 - 1200 MBH

Model AHOA
Packaged Air Handlers; Cooling, Make-Up Air, & Ventilation

VFD

Trane TR150/TR200 Variable Frequency Drives; 6, 12, 18 Pulse

Engineered Systems

Controls and Equipment
- Comprehensive Chilled Water
- Central Geothermal
- Thermal Battery™ Air-cooled Chiller Plant
- Thermal Battery™ Cooling and Heating
- Intelligent Variable Air System
- Zoned Rooftop System
- Variable Refrigerant Flow
- CoolSense™ Integrated Outdoor System

Energy Services

We partner with our clients to understand how energy impacts their business and sustainability goals. Leveraging deep expertise and cutting edge technology, we help optimize energy purchasing strategies, energy sourcing, energy storage, consumption, and overall network efficiency with validated results.

IAQ Solutions

Today there are more ways than ever to manage and monitor indoor air quality, while keeping your goals for cost and sustainability in sight. Trane is a leader in indoor air quality. We can help you align with air quality guidelines set by the Centers for Disease Control using innovative technologies and proven solutions.

Trane Building Services

Help reduce operating costs and extend the life of your equipment with planned maintenance from Trane.

Consulting Engineer Portal

Trane offers expert HVAC systems, solutions, and support for every stage of a building lifecycle, including quick links to design and analysis tools, education and training, BIM and CAD drawings, prepackaged solutions, and energy analysis tools.
Visit www.traneengineer.com

Trane Rental Services

Water-Cooled Chillers, Air-Cooled Chillers, Temporary Power, Cooling Towers, Packaged A/C Units, Air Handlers, Portable A/C Units

Trane Creative Solutions

Customized Trane Equipment Modifications including: Multizone Replacements, Water-Side Economizer Coils for Air-Cooled Chillers, Packaged Air-Cooled Ice Storage Systems, Acoustical Attenuation

PRODUCT INFORMATION MATRIX

- A matrix breaking out product information on all products, options, accessories such as product type, capacity range, standard warranty information, extended warranty information, estimated lead time/delivery time, etc.

1. HVAC Equipment and Products

Product Type		Trane Model	Link to Trane Website	Capacity Range	Standard Warranty Information	Extended Warranty Information	Est. Lead Time / Delivery Time, etc.
CHILLERS							
Air-cooled chillers	Air-Cooled Scroll Chillers	CGAM	Scroll Chiller Model CGAM (trane.com)	20 to 130 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Series R Helical Rotary Chillers	RTAC	Series R® Helical Rotary Chiller Model RTAC (trane.com)	140 to 500 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Sintesis Air-Cooled Chillers	RTAF	Sintesis® Air-Cooled Chillers (trane.com)	115 to 520 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Ascend Air-Cooled Chillers	ACS	Ascend™ Air-Cooled Chillers Model ACS (trane.com)	140 to 230 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Ascend Air-Cooled Chillers with Integrated Free Cooling	ACR	Ascend® ACR Chillers (trane.com)	150 to 550 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Air-Cooled Oil-Free Magnetic Bearing Chillers	TACA	Air-Cooled Oil-Free Magnetic Bearing Chillers (trane.com)	60 to 440 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Ascend Air-to-Water Heat Pump	ACX	Ascend® ACX Chillers (trane.com)	140 to 230 tons cooling; 1500 to 2500 MBh heating	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	SuperMod	PACV	SuperMod chiller (trane.com)	10-60 to 960 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Air-cooled chillers	Manhattan Gen II	TPAC	Manhattan™ Gen II Modular Chillers (trane.com)	15 to 80 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	Water-Cooled Oil-Free Magnetic Bearing Chillers by Arctic	ARTC	Water-Cooled Oil-Free Magnetic Bearing Chillers by Arctic (trane.com)	60 to 1500 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office

© 2022 Trane. All rights reserved.

Product Type		Trane Model	Link to Trane Website	Capacity Range	Standard Warranty Information	Extended Warranty Information	Est. Lead Time / Delivery Time, etc.
Water-cooled chillers	Water-Cooled Helical Rotary Chiller	RTUD, RTWD, RTHD	Water-Cooled Helical Rotary Chiller (trane.com)	80 to 450 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	CenTraVac Water-Cooled Chiller	CVHE, CVHF, CVHH, CVHM, CDHG, CDHH, CDHF	CenTraVac Water-Cooled Chiller (trane.com)	120 to 4000+ tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	Agility Centrifugal Water-Cooled Chiller	HDWA	Agility® Centrifugal Water-Cooled Chillers (trane.com)	175 to 425 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	Thermafit™ MiniMod™	ACW	Trane Modular Chiller Model TACA	60 to 1000 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	SuperMod	PWCV	SuperMod chiller (trane.com)	10-60 to 960 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	PolyTherm	V30-V60	PolyTherm™ modular chiller (trane.com)	30 to 480 tons cooling; 450 to 7,200 Mbh heating	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Water-cooled chillers	Manhattan Gen II	TPWC	Manhattan™ Gen II Modular Chillers (trane.com)	15 to 80 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
Compressor chillers	Cold Generator Scroll Chillers	CICD, CGWR, CCAR	Cold Generator Scroll Chillers (trane.com)	CCID 20 to 85 tons; CGWR/CCAR 20 to 75 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant Delayed Start-Up	Contact Trane Office
UNITARY SYSTEMS THAT COMBINE HEATING, COOLING, AND FAN SECTIONS							
Rooftop systems	Impack - 14 SEER, 15 SEER, 16 SEER	4*CC4, 4* CY4; 4* CY5; 4* CZ6	Impack (trane.com)	2 to 5 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, 2-10 Year Heat Exchanger Delayed Start-Up	Contact Trane Office
Rooftop systems	Foundation®	EBC, GBC	Foundation® (trane.com)	3 to 5 tons; 7.5 to 12.5 tons; 15 to 25 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, 2-10 Year Heat Exchanger Delayed Start-Up	Contact Trane Office
Rooftop systems	Voyager® 2 & 3	T*D, T*H, Y*D, Y*H; TC,TE, YC	Voyager® Rooftop Units (trane.com)	12.5 to 25 tons; 27.5 to 50 tons	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-5 Year Refrigerant, 2-10 Year Heat Exchanger Delayed Start-Up	Contact Trane Office

Air cleaning options (IAQ)	CDQ® Desiccant Dehumidification	CDQ	CDQ® Desiccant Dehumidification (trane.com)	3 thru 120	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
TERMINAL DEVICES							
Unit heaters	High Efficiency Gas Heaters	HI-050 to 400	High Efficiency Gas Heaters (trane.com)	50 to 400 Mbh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit heaters	S & P Unit Heaters	UHSB, UHPB	S&P Unit Heaters (trane.com)	8 to 705.6 Mbh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Unit heaters	Electric Unit Heaters	UHEC, UHXA, UHRA, UHWA, UHAA	Electric Unit Heaters (trane.com)	2 TO 100 Kw	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Unit heaters	Gas Unit Heaters	GRAA, GFAA, GSAA	Gas Unit Heaters (trane.com)	100 to 400 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit heaters	Gas Unit Heaters	GT, GH, GA, GB, GK	Gas Unit Heaters (trane.com)	30 to 400 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit heaters	Gas Unit Heaters	GLNE, GMNE, GNNE, GTNE, GUNE, GVNE	Gas Unit Heaters (trane.com)	30 to 400 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit heaters	Gas Unit Heaters	GGAA	Gas Unit Heaters (trane.com)	100 to 800 MBh	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit heaters	Gas Unit Heaters	AHAA/AHBA	Gas Unit Heaters (trane.com)	1500 to 14,000 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, 2-10 Year Heat Exchanger, Delayed Startup	Contact Trane Office
Unit ventilators	Classroom Unit Ventilators	HUVC, VUVC	Classroom Unit Ventilators (trane.com)	750 to 2000 CFM - Horz. 750 to 1500 CFM Vert.	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Fan coil units	UniTrane® Fan Coil	FCAB, FCBB, FCCB, FCDB, FCEB, FCHB, FCJB, FCPB	UniTrane® Fan Coil	200 to 1200 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Fan coil units	Vertical High Rise Fan Coil	FCVA	Vertical High Rise Fan Coil (trane.com)	300 to 1200 CFM	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office
Fan coil units	Sensible Cooling Terminal Units	LDCF, LDEF, LDWF	Sensible-Cooling Terminal Devices | Terminal Device Solutions (trane.com)	4" to 8" Primary	12 mo from start up, or 18 mo from shipment	2-5 Year Parts and Labor, Delayed Startup	Contact Trane Office

TECHNICAL INFORMATION

- All necessary technical information relating to operation of equipment and systems, along with list of spare parts recommended by manufacturers with part numbers needed to maintain and efficiently run the systems and equipment.

All necessary technical information relating to the operation of equipment and systems, along with a list of spare parts recommended by manufacturers with part numbers to maintain and efficiently run the systems and equipment **are furnished by product type per job**. We do not furnish parts lists anymore as it is now maintained electronically. In order to save valuable time and paper resources, we have chosen to provide a sample of how we provide this information to our customers. Additional information is provided via link in the Product Information Matrix.

d. Record Keeping and Processing System

d. Describe Bidder's record keeping and processing system for work performed.

ONLINE ACCESS TO RECORDS

- Bidder's ability to provide online access to records.

Trane's ComfortSite requires a login and password (provided to a customer by a local Trane Parts location) and provides free access to technical tools and information, literature, parts identification tools, online ordering and online warranty and credit request entry. Our parts identification tool has search options for model, serial, part, vendor part, description and more. Information returned includes parts lists, graphics, where used information, supersede information, literature, warranty information and sales order information. Literature and graphics can easily be printed or emailed, and parts lists exported to Excel. Customer pricing and availability is also in the tool, and items can be added to the cart with one click. Orders submitted online flow to the local Parts location for fulfillment. In addition to these options, ComfortSite also allows Owners the ability to manage local parts inventory, equipment replacement plans and schedule services.

EXPEDITING DELIVERY OF PRODUCT

- State any options for expediting delivery of product.

Trane's product order entry system, TOPPS, provides the ability of both emergency and rush orders. This system is unique in that it allows the flexibility of integrating the ERO (rush) orders into the standard order system without disruptions or excessive costs.

Operational Excellence (OpEx) is part of our Path to Premier Performance. It is a philosophy and collection of tools to drive out waste from our processes. While many aspects of Lean Manufacturing are involved in OpEx, the skillset also includes Six Sigma and other tools needed to solve both simple and complex problems that keep us from delivering premier performance to our customers, our shareholders, and our employees.

Quick Ship Option Trane Quick Ship option provides shorter delivery leads for time critical jobs such as replacement or "fast-track" jobs with tight construction cycles.

Ever had the need to have cooling equipment available in a quick time frame, either for a specific fast-track project, replacement, retrofit job or emergency breakdown? Trane has an extensive stock of air-

cooled **Packed Stock Product** and water- cooled chillers, rooftops, ducted split systems to suit your needs for immediate delivery. Each factory carries stocked product that is available to ship within 24 hours. Stock is limited to common options, sizes, and configurations.

BACKORDER POLICY

- State backorder policy. Does Bidder fill or kill order and require Participating Public Agency to reorder if item is backordered?

Trane strives to provide on-time delivery for all orders placed. Occasionally the Company is unable to immediately fill an order. In these instances, the back- ordered items or materials are automatically scheduled and delivered once the fill- rate is complete. In most instances, the Participating Public Agency would not be required to re-order items and would automatically receive the items when available.

RESTOCKING PROCEDURES FOR RETURNS

- State restocking procedures for returning products, if applicable.

Returns must have prior written approval by Company and are subject to restocking charge where applicable.

SPECIAL PROGRAMS

- Describe any special programs offered that will improve customers' ability to access Products and Services, on-time delivery, or other innovative strategies.

Comfortsite

ComfortSite requires a login and password (provided to a customer by a local Trane Parts location) and provides free access to technical tools and information, literature, parts identification tools, online ordering and online warranty and credit request entry. Packed Stock Product Ever had the need to have cooling equipment available in a quick time frame, either for a specific fast-track project, replacement, retrofit job or emergency breakdown? Trane has an extensive stock of air-cooled and water- cooled chillers, rooftops, ducted split systems to suit your needs for immediate delivery. Each factory carries stocked product that is available to ship within 24 hours. Stock is limited to common options, sizes, and configurations.

TRANE'S CAPACITY TO BROADEN CONTRACT SCOPE

- Describe the capacity of Bidder to broaden the scope of the contract and keep the product and service offerings current and ensure the latest products, standards and technology for HVAC Products, Installation, Labor Based Solutions, and Related Products and Services.

Whenever a new product offering or service becomes available to the field, Trane will provide documentation for inclusion onto the HVAC Equipment and Services contract. This submission would include such information as suggested price discounting, market analysis, expected market penetration, related marketing materials for various vertical areas and technologies included. Once added the contract, Trane would market the additions thru internal eNewsletters, webinars, local seminars, and direct contact.

TRANE'S SAFETY POLICY

- Describe your Bidder's safety policy and/or program, including how the policy is communicated to employees, whether the employees are evaluated on safety, and if any employees are dedicated to safety.

Safety Program and OSHA Practices Trane's incident (OSHA) rates are consistently 67-86% below the industry average and our current Experience Modification Rate (EMR) is 0.61.

Safety Planning is woven into Trane's Construction/Installation Approach. An Environmental, Health and Safety (EH&S) Specialist is assigned to every project. This position is organizationally-independent and has the authority to stop work — or material in process — that does not meet quality installation and safety standards. The EH&S Specialist is responsible for standards (procedures, programs, and guidance) and compliance throughout all phases of project delivery.

The EH&S Specialist is involved in recurring review meetings to ensure unbiased assessments of the health of the project. The EH&S Specialist works with onsite personnel to monitor EH&S programs and ensure compliance with Trane's Safety program and Federal, state, and local regulatory requirements. He/she oversees that the site safety inspections, audits, site safety action register, reporting, and personnel safety training are accurate and up to date.

A wide range of safety training and resources are available to Trane technicians, including:

- Safety training — 20 hours per year
- Electrical safety — NFPA 70E compliant, electrical PPE
- Fall protection

© 2022 Trane. All rights reserved.

- Ergonomics
- Smith System Safe Driving Program
- USDOT compliance
- Refrigerant management training

Subcontractors are thoroughly pre-screened and qualified to fully vet their safety records and ratings, citation history for the last five years, OSHA (Occupational Safety and Health Administration) logs for the past three years, history of payment to vendors, financial viability, bonding capacity, proof of insurance, review of their company safety policy including employee commitment and involvement, worksite analysis, hazard control and training. Trane requires all subcontractors to hold **weekly safety meetings** to address any anticipated safety concerns or any outstanding safety issues that need to be addressed. Trane's safety department requires strict compliance with the company's safety policies and all OSHA requirements

QUALITY CONTROL

- Describe Bidder's quality control processes.

Trane leverages industry-leading systems including ISO, Lean-Six Sigma, UL, CE, and other internal/external quality standards to ensure top quality products are provided to customers. Quality policy and programs are coordinated by our corporate functions and completed on a by product line and site of manufactured basis. Specific policy can be reviewed by specific area when required. Incremental to these key programs that are reviewed monthly by leadership team members, Trane products also have utilized four (4) initiatives to provide cost saving areas for our customer: ICS: Integrated Control Systems. The controls that come with Trane products all offer an open computer control technology protocol. This allows a client to feel comfortable that with every Trane product that is purchased, their existing Building Automation System will be able to communicate or if there is not a Building Automation System in place, Trane can provide our BAS system at a packaged program price.; D.F.T.: Demand Flow Technology, a mathematically based business strategy that encompasses the entire Trane organization: marketing, sales, order entry, engineering manufacturing, suppliers, and finance. Demand Flow Technology manages every aspect of the product cycle from the time the product is ordered, until it is shipped. Its sophisticated procedures ensure that customers receive fast availability of a wide selection of Trane standard products as well as custom and modified ones.

Six Sigma

Trane has adopted Six-Sigma initiatives at all levels of the company to improve the processes managed by our business units. All employees in each manufacturing process are trained to QC manufacturing steps. Statistical samples of finished goods are routinely inspected to monitor product quality. Corporate keeps open dialogue with employees and distributors to monitor our quality of service and response.

Quality Guarantee

Trane provides a guarantee of performance based on testing conditions as specified in both ARI as well as ASHRAE. Trane then follows this performance with the industry's premier warranty and service

support to ultimately provide the best value to the end users. Within the controls and automation teams, for example, Trane has adopted the mantra of "no bad jobs". This business mindset is prevalent throughout Trane, from the factory to the field sales offices.

Our engineers are committed to continuous improvement across all our product lines. They work tirelessly to increase energy efficiency and performance for all our systems, from light commercial to large, applied solutions. It's our depth of experience that makes Trane commercial systems the best in the business.

Our approach to each customer is unique in that we are interested in creating a customer for life rather than selling widgets. That ensures we set expectations with the customer and work to meet or exceed those expectations. Product warranties are in place to make sure the quality is met.

PROBLEM ESCALATION

- Describe Bidder's problem escalation process.

Trane has a strong reputation for customer satisfaction and strives to be a leader in this category, reinforced by eliciting customer feedback through customer satisfaction surveys, identifying root cause of problems, and working to solve problems with finality.

Operational Excellence (OpEx) is part of our Path to Premier Performance. It is a philosophy and collection of tools to drive out waste from our processes. While many aspects of Lean Manufacturing are involved in OpEx, the skillset also includes Six Sigma and other tools needed to solve both simple and complex problems that keep us from delivering premier performance to our customers, our shareholders, and our employees.

The process used to expedite a service call to a service repair quotation starts with the initial service request. The Call Center time and date stamps each service call entry as well as informing the project manager, assigned to the account, of the service request. Once the technician is on the job and has identified the problem, he contacts the project manager and explains the problem and the recommended solution. Our project manager will then contact the customer's representative with the verbal repair quotation, estimated time for repair and request for approval. If the repair can be made at the time the technician is at the jobsite, he will be informed to perform the repair; if not, the project manager will inform the customer's representative with the scheduled repair date. All the project managers carry cell phones and are easily reached any time of the day or night. As an added means of assuring customer satisfaction, the communication center will call each customer location after each scheduled maintenance and quoted repair service. The results of this satisfaction survey are electronically returned to the Trane Project Manager and if further actions are required, they will be immediately addressed. The results are compiled and submitted for the customer's review on a predetermined time frame.

After Hours

The after-hours call center has an escalation process should the primary on-call technician not acknowledge the first call within 15 minutes. If the secondary technician fails to respond in 15 minutes, the area service manager is that contacted. During normal business hours, the service dispatcher will initially assess the call priority. The customer has the option to engage with the service manager if they have issues, concerns or questions with the call response or repairs(s) performed.

These surveys are analyzed, scored, and reviewed monthly. Low scores are immediately handled by Contracting Leaders. Area Service Managers are provided a score and trend quarterly. Low scores are immediately handled by the Service Manager. All employees have metrics in place to measure their role in customer satisfaction as well. District scores are published within the company, breeding a friendly-competition and best practice sharing for continuous improvement.

POST-INSTALLATION SUPPORT

- Describe Bidder's post-installation support and warranty specifics. Include both product and installation warranty information.

Optimizing HVAC System

To help you ensure that the customer's new system is properly installed and operating at maximum efficiency during the critical first years of operations, Trane B*uilding Services provides startup services with comprehensive HVAC Startup Services and HVAC warranty service agreements.*

HVAC Warranty Service Agreements

Trane provides a variety of extended warranties to allow customers another opportunity to manage their ongoing costs of operations. The nature of Trane HVAC equipment, and truly any mechanical equipment, means that it requires service as it operates. While they receive a standard parts warranty as the original purchaser, our extended warranties help them project their costs and protect their business against increases in material and/or labor costs.

Operating and Maintaining Building

Trane offers HVAC unit repair services that assure continued efficient operation of equipment. Trane can also provide proactive HVAC service plans with scheduled service, select service, and extended warranties to help reduce unplanned repair expenses and to reduce the risk of catastrophic system failure.

Upgrade and Improve Existing System

Compressor and control renewal options offered by Trane Building Services can help bring older chiller systems up to current standards. You can also upgrade chillers with the latest Trane HVAC upgrades. Add value to buildings by addressing energy management, environmental impact, compliance issues, and building lifetime planning through commercial HVAC contracting services and solutions. For temporary or special occasion cooling needs, Trane Building Services provides temporary chillers and rental options. We can also set up cooling contingency plans as part of an overall emergency preparedness plans for scheduled or emergency outages in buildings.

Building Services Commitment

The service professionals of Trane Building Services are committed to ensuring the equipment functions at its highest level of efficiency. With over a century of experience in the industry, Trane Building Services has a clear understanding of how facility management needs change as business and as technology changes. You can always trust Trane Building Services to deliver on promises and provide the highest level of industry knowledge and service for the government entities' equipment.

First year parts and labor warranty support is offered by the Trane service group on Centrifugal chillers and water-cooled Rotary Chillers. All other equipment has a one-year parts warranty (unless extended warranties are purchased) and a labor warranty by Trane as part of the standard contract terms with U.S. Communities. Optional extended parts and labor warranties are offered and must be purchased prior to the units being started.
