Description of Work: 1. Wildlife Fence - Design

Application

49 USC § 47105(d) authorizes the Secretary to require certification from the sponsor that it will comply with the statutory and administrative requirements in carrying out a project under the Airport Improvement Program (AIP). General requirements on the drug-free workplace within federal grant programs are described in 2 CFR part 182. Sponsors are required to certify they will be, or will continue to provide, a drug-free workplace in accordance with the regulation. The AIP project grant agreement contains specific assurances on the Drug-Free Workplace Act of 1988.

Certification Statements

Except for certification statements below marked as not applicable (N/A), this list includes major requirements of the construction project. Selecting "Yes" represents sponsor acknowledgement and confirmation of the certification statement. The term "will" means Sponsor action taken at appropriate time based on the certification statement focus area, but no later than the end of the project period of performance. This list is not comprehensive and does not relieve the sponsor from fully complying with all applicable statutory and administrative standards. The source of the requirement is referenced within parenthesis.

1. A statement has been ~~or will be~~ published prior to commencement of project notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the sponsor's workplace, and specifying the actions to be taken against employees for violation of such prohibition (2 CFR § 182.205).

   ☒ Yes ☐ No ☐ N/A

2. An ongoing drug-free awareness program (2 CFR § 182.215) has been ~~or will be~~ established prior to commencement of project to inform employees about:

   a. The dangers of drug abuse in the workplace;

   b. The sponsor's policy of maintaining a drug-free workplace;

   c. Any available drug counseling, rehabilitation, and employee assistance programs; and

   d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

   ☒ Yes ☐ No ☐ N/A

3. Each employee to be engaged in the performance of the work has been ~~or will be~~ given a copy of the statement required within item 1 above prior to commencement of project (2 CFR § 182.210).

   ☒ Yes ☐ No ☐ N/A

4. Employees have been ~~or will be~~ notified in the statement required by item 1 above that, as a condition employment under the grant (2 CFR § 182.205(c)), the employee will:

   a. Abide by the terms of the statement; and

   b. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction.

   ☒ Yes ☐ No ☐ N/A

5. The Federal Aviation Administration (FAA) will be notified in writing within 10 calendar days after receiving notice under item 4b above from an employee or otherwise receiving actual notice of such conviction (2 CFR § 182.225). Employers of convicted employees must provide notice, including position title of the employee, to the FAA (2 CFR § 182.300).

   ☒ Yes ☐ No ☐ N/A

6. One of the following actions (2 CFR § 182.225(b)) will be taken within 30 calendar days of receiving a notice under item 4b above with respect to any employee who is so convicted:

   a. Take appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; and

   b. Require such employee to participate satisfactorily in drug abuse assistance or rehabilitation programs approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency.

   ☒ Yes ☐ No ☐ N/A

7. A good faith effort will be made, on a continuous basis, to maintain a drug-free workplace through implementation of items 1 through 6 above (2 CFR § 182.200).

   ☒ Yes ☐ No ☐ N/A

Site(s) of performance of work (2 CFR § 182.230):

FAA Form 5100-131, Equipment and Construction Contracts – Airport Improvement Sponsor Certification

Paperwork Reduction Act Burden Statement

A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB Control Number. The OMB Control Number for this information collection is 2120-0569. Public reporting for this collection of information is estimated to be approximately 8 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, completing and reviewing the collection of information. All responses to this collection of information are required under 49 U.S.C. Section 47105 to retain a benefit and to meet the reporting requirements of 2 CFR 200. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Information Collection Clearance Officer, Federal Aviation Administration, 10101 Hillwood Parkway, Fort Worth, TX 76177-1524.

Equipment and Construction Contracts
Airport Improvement Sponsor Certification

Sponsor: City of New Smyrna Beach

Airport: New Smyrna Beach Municipal Airport

Project Number: 3-12-0054-xx-2025

Description of Work: 1. Wildlife Fence - Design

Application

49 USC § 47105(d) authorizes the Secretary to require certification from the sponsor that it will comply with the statutory and administrative requirements in carrying out a project under the Airport Improvement Program (AIP). General procurement standards for equipment and construction contracts within Federal grant programs are described in 2 CFR §§ 200.317-200.326. Labor and Civil Rights Standards applicable to the AIP are established by the Department of Labor (www.dol.gov) AIP Grant Assurance C.1—General Federal Requirements identifies all applicable Federal Laws, regulations, executive orders, policies, guidelines and requirements for assistance under the AIP. Sponsors may use state and local procedures provided the procurement conforms to these federal standards.

This certification applies to all equipment and construction projects. Equipment projects may or may not employ laborers and mechanics that qualify the project as a "covered contract" under requirements established by the Department of Labor requirements. Sponsor shall provide appropriate responses to the certification statements that reflect the character of the project regardless of whether the contract is for a construction project or an equipment project.

Certification Statements

Except for certification statements below marked as not applicable (N/A), this list includes major requirements of the construction project. Selecting "Yes" represents sponsor acknowledgement and confirmation of the certification statement. The term "will" means Sponsor action taken at appropriate time based on the certification statement focus area, but no later than the end of the project period of performance. This list is not comprehensive and does not relieve the sponsor from fully complying with all applicable statutory and administrative standards. The source of the requirement is referenced within parenthesis.

1. A written code or standard of conduct is ~~or will be~~ in effect prior to commencement of the project that governs the performance of the sponsor's officers, employees, or agents in soliciting, awarding and administering procurement contracts (2 CFR § 200.318).

   ☒ Yes ☐ No ☐ N/A

2. For all contracts, qualified and competent personnel are ~~or will be~~ engaged to perform contract administration, engineering supervision, construction inspection, and testing (Grant Assurance C.17).

   ☒ Yes ☐ No ☐ N/A

3. Sponsors that are required to have a Disadvantage Business Enterprise (DBE) program on file with the FAA have included ~~or will include~~ clauses required by Title VI of the Civil Rights Act and 49 CFR Part 26 for Disadvantaged Business Enterprises in all contracts and subcontracts.

   ☒ Yes ☐ No ☐ N/A

4. Sponsors required to have a DBE program on file with the FAA have ~~implemented or will~~ implement monitoring and enforcement measures that:

   a. Ensure work committed to Disadvantaged Business Enterprises at contract award is actually performed by the named DBEs (49 CFR § 26.37(b));

   b. Include written certification that the sponsor has reviewed contract records and has monitored work sites for performance by DBE firms (49 CFR § 26.37(b)); and

   c. Provides for a running tally of payments made to DBE firms and a means for comparing actual attainments (i.e. payments) to original commitments (49 CFR § 26.37(c)).

   ☒ Yes ☐ No ☐ N/A

5. Sponsor procurement actions using the competitive sealed bid method (2 CFR § 200.320(c)). ~~was or~~ will be:

   a. Publicly advertised, allowing a sufficient response time to solicit an adequate number of interested contractors or vendors;

   b. Prepared to include a complete, adequate and realistic specification that defines the items or services in sufficient detail to allow prospective bidders to respond;

   c. Publicly opened at a time and place prescribed in the invitation for bids; and

   d. Prepared in a manner that result in a firm fixed price contract award to the lowest responsive and responsible bidder.

   ☒ Yes ☐ No ☐ N/A

6. For projects the Sponsor proposes to use the competitive proposal procurement method (2 CFR § 200.320(d)), Sponsor has requested or will request FAA approval prior to proceeding with a competitive proposal procurement by submitting to the FAA the following:

   a. Written justification that supports use of competitive proposal method in lieu of the preferred sealed bid procurement method;

   b. Plan for publicizing and soliciting an adequate number of qualified sources; and

   c. Listing of evaluation factors along with relative importance of the factors.

   ☐ Yes ☐ No ☒ N/A

7. For construction and equipment installation projects, the bid solicitation ~~includes or~~ will include the current federal wage rate schedule(s) for the appropriate type of work classifications (2 CFR Part 200, Appendix II).

   ☒ Yes ☐ No ☐ N/A

8. Concurrence ~~was or~~ will be obtained from the Federal Aviation Administration (FAA) prior to contract award under any of the following circumstances (Order 5100.38D):
    a. Only one qualified person/firm submits a responsive bid;
    b. Award is to be made to other than the lowest responsible bidder; and
    c. Life cycle costing is a factor in selecting the lowest responsive bidder.

    ☒ Yes ☐ No ☐ N/A

9. All construction and equipment installation contracts ~~contain or~~ will contain provisions for:
    a. Access to Records (§ 200.336)
    b. Buy American Preferences (Title 49 U.S.C. § 50101)
    c. Civil Rights - General Provisions and Title VI Assurances(41 CFR part 60)
    d. Federal Fair Labor Standards (29 U.S.C. § 201, et seq)
    e. Occupational Safety and Health Act requirements (20 CFR part 1920)
    f. Seismic Safety – building construction (49 CFR part 41)
    g. State Energy Conservation Requirements - as applicable(2 CFR part 200, Appendix II)
    h. U.S. Trade Restriction (49 CFR part 30)
    i. Veterans Preference (49 USC § 47112(c))

    ☒ Yes ☐ No ☐ N/A

10. All construction and equipment installation contracts exceeding $2,000 ~~contain or~~ will contain the provisions established by:
    a. Davis-Bacon and Related Acts (29 CFR part 5)
    b. Copeland "Anti-Kickback" Act (29 CFR parts 3 and 5)

    ☒ Yes ☐ No ☐ N/A

11. All construction and equipment installation contracts exceeding $3,000 ~~contain or~~ will contain a contract provision that discourages distracted driving (E.O. 13513).

    ☒ Yes ☐ No ☐ N/A

12. All contracts exceeding $10,000 ~~contain or~~ will contain the following provisions as applicable:
    a. Construction and equipment installation projects - Applicable clauses from 41 CFR Part 60 for compliance with Executive Orders 11246 and 11375 on Equal Employment Opportunity;
    b. Construction and equipment installation - Contract Clause prohibiting segregated facilities in accordance with 41 CFR part 60-1.8;
    c. Requirement to maximize use of products containing recovered materials in accordance with 2 CFR § 200.322 and 40 CFR part 247; and
    d. Provisions that address termination for cause and termination for convenience (2 CFR Part 200, Appendix II).

    ☒ Yes ☐ No ☐ N/A

13. All contracts and subcontracts exceeding $25,000: Measures are in place ~~or will be in place~~ (e.g. checking the System for Award Management) that ensure contracts and subcontracts are not awarded to individuals or firms suspended, debarred, or excluded from participating in federally assisted projects (2 CFR parts 180 and 1200).

☒ Yes ☐ No ☐ N/A

14. Contracts exceeding the simplified acquisition threshold (currently $250,000) ~~include or~~ will include provisions, as applicable, that address the following:

    a. Construction and equipment installation contracts - a bid guarantee of 5%, a performance bond of 100%, and a payment bond of 100% (2 CFR § 200.325);

    b. Construction and equipment installation contracts - requirements of the Contract Work Hours and Safety Standards Act (40 USC 3701-3708, Sections 103 and 107);

    c. Restrictions on Lobbying and Influencing (2 CFR part 200, Appendix II);

    d. Conditions specifying administrative, contractual and legal remedies for instances where contractor of vendor violate or breach the terms and conditions of the contract (2 CFR §200, Appendix II); and

    e. All Contracts - Applicable standards and requirements issued under Section 306 of the Clean Air Act (42 USC 7401-7671q), Section 508 of the Clean Water Act (33 USC 1251-1387, and Executive Order 11738.

☒ Yes ☐ No ☐ N/A

Project Plans and Specifications
Airport Improvement Program Sponsor Certification

Sponsor: City of New Smyrna Beach

Airport: New Smyrna Beach Municipal Airport

Project Number: 3-12-0054-xx-2025

Description of Work: 1. Wildlife Fence - Design

Application

49 USC § 47105(d) authorizes the Secretary to require certification from the sponsor that it will comply with the statutory and administrative requirements in carrying out a project under the Airport Improvement Program (AIP). Labor and civil rights standards applicable to AIP are established by the Department of Labor (www.dol.gov/). AIP Grant Assurance C.1—General Federal Requirements identifies applicable federal laws, regulations, executive orders, policies, guidelines and requirements for assistance under AIP. A list of current advisory circulars with specific standards for procurement, design or construction of airports, and installation of equipment and facilities is referenced in standard airport sponsor Grant Assurance 34 contained in the grant agreement.

Certification Statements

Except for certification statements below marked as not applicable (N/A), this list includes major requirements of the construction project. Selecting "Yes" represents sponsor acknowledgement and confirmation of the certification statement. The term "will" means Sponsor action taken at appropriate time based on the certification statement focus area, but no later than the end of the project period of performance. This list is not comprehensive and does not relieve the sponsor from fully complying with all applicable statutory and administrative standards. The source of the requirement is referenced within parenthesis.

1. The plans and specifications were ~~or will be~~ prepared in accordance with applicable federal standards and requirements, so that no deviation or modification to standards set forth in the advisory circulars, or FAA-accepted state standard, is necessary other than those explicitly approved by the Federal Aviation Administration (FAA) (14 USC § 47105).

   ☒ Yes ☐ No ☐ N/A

2. Specifications incorporate or ~~will incorpora~~te a clear and accurate description of the technical requirement for the material or product that does not contain limiting or proprietary features that unduly restrict competition (2 CFR §200.319).

   ☒ Yes ☐ No ☐ N/A

3. The development that is included ~~or will be included~~ in the plans is depicted on the current airport layout plan as approved by the FAA (14 USC § 47107).

   ☒ Yes ☐ No ☐ N/A

4. Development and features that are ineligible or unallowable for AIP funding have been ~~or will be~~ omitted from the plans and specifications (FAA Order 5100.38, par. 3-43).

   ☒ Yes ☐ No ☐ N/A

5. The specification does not use ~~or will not use~~ "brand name" or equal to convey requirements unless sponsor requests and receives approval from the FAA to use brand name (FAA Order 5100.38, Table U-5).

   ☒ Yes ☐ No ☐ N/A

6. The specification does not impose ~~or will not impose~~ geographical preference in their procurement requirements (2 CFR §200.319(b) and FAA Order 5100.38, Table U-5).

   ☒ Yes ☐ No ☐ N/A

7. The use of prequalified lists of individuals, firms or products include ~~or will include~~ sufficient qualified sources that ensure open and free competition and that does not preclude potential entities from qualifying during the solicitation period (2 CFR §319(d)).

   ☒ Yes ☐ No ☐ N/A

8. Solicitations with bid alternates include ~~or will include~~ explicit information that establish a basis for award of contract that is free of arbitrary decisions by the sponsor (2 CFR § 200.319(a)(7)).

   ☒ Yes ☐ No ☐ N/A

9. Concurrence ~~was or~~ will be obtained from the FAA if Sponsor incorporates a value engineering clause into the contract (FAA Order 5100.38, par. 3-57).

   ☒ Yes ☐ No ☐ N/A

10. The plans and specifications incorporate ~~or will incorporate~~ applicable requirements and recommendations set forth in the federally approved environmental finding (49 USC §47106(c)).

    ☒ Yes ☐ No ☐ N/A

11. The design of all buildings comply or will comply with the seismic design requirements of 49 CFR § 41.120. (FAA Order 5100.38d, par. 3-92)

    ☐ Yes ☐ No ☒ N/A

12. The project specification include ~~or will include~~ process control and acceptance tests required for the project by as per the applicable standard:

    a. Construction and installation as contained in Advisory Circular (AC) 150/5370-10.

       ☒ Yes ☐ No ☐ N/A

b. Snow Removal Equipment as contained in AC 150/5220-20.

☐ Yes ☐ No ☒ N/A

c. Aircraft Rescue and Fire Fighting (ARFF) vehicles as contained in AC 150/5220-10.

☐ Yes ☐ No ☒ N/A

13. For construction activities within or near aircraft operational areas(AOA):

a. The Sponsor has ~~or will~~ prepare a construction safety and phasing plan (CSPP) conforming to Advisory Circular 150/5370-2.

b. Compliance with CSPP safety provisions has been ~~or will be~~ incorporated into the plans and specifications as a contractor requirement.

c. Sponsor will not initiate work until receiving FAA's concurrence with the CSPP (FAA Order 5100.38, Par. 5-29).

☒ Yes ☐ No ☐ N/A

14. The project ~~was or~~ will be physically completed without federal participation in costs due to errors and omissions in the plans and specifications that were foreseeable at the time of project design (49 USC §47110(b)(1) and FAA Order 5100.38d, par. 3-100).

☒ Yes ☐ No ☐ N/A

Attach documentation clarifying any above item marked with "No" response.

Sponsor's Certification

I certify, for the project identified herein, responses to the forgoing items are accurate as marked and additional documentation for any item marked "no" is correct and complete.

THE CITY OF NEW SMYRNA BEACH - AIRPORT

CONSIDER THE APPROVAL OF MEAD & HUNT'S PROPOSAL FOR A SEPTIC-TO-SEWER SYSTEM FOR THE AIR TRAFFIC CONTROL TOWER.

May 27, 2025

Background:

The city's Community Redevelopment Agency (CRA) presented a resolution adopting a revised FY 24-25 budget during the CRA meeting on April 22nd. This revised budget included improvements for the Airport Infrastructure. This project meets the goals and objectives of the CRA by improving Airport Infrastructure for current buildings and future development. The New Smyrna Beach Airport's air traffic control tower (ATCT) is currently served via an onsite disposal and treatment system (OSDTS), also known as a septic tank and drain field. Development around the ATCT is expected, and as such, staff have requested to connect the ATCT to the existing gravity sewer collection system, owned and maintained by New Smyrna Beach Utilities (NSBU). Preliminary findings indicate that the ATCT can be served via gravity. An existing manhole is located approximately 800 LF southeast of the ATCT. Existing design drawings indicate this manhole has an 8" stub out at elevation +2.05. This will allow for long-term reduced maintenance costs for the Airport, as well as infrastructure for future development that will need access to sewer.

Staff proposes to utilize an existing continuing contract with Mead and Hunt, a professional engineering firm that is on contract with the city. Mead and Hunt has experience with designing septic to sewer retrofit projects and understands the complexity of this project. Staff recommends approving Mead & Hunt's proposal.

Findings:

Staff recommends approval of Mead & Hunt's proposal for a septic-to-sewer system for the Air Traffic Control Tower.

Subject: Air Traffic Control Septic to Sewer (S2S)

Dear Mr. Cosat,

In accordance with your request, we are pleased to offer the enclosed scope of services and fee estimate for the design, permitting, bidding, and construction services of the Air Traffic Control Tower Septic to Sewer Project.

Our firm has designed numerous septic to sewer retrofit projects and understands the complexity of this type of construction and the necessary design elements. The scope of services includes allowances for survey and geotechnical subconsultant services. A contingency has also been included if existing site constraints necessitate the need for a lift station.

We appreciate the opportunity to work with you on this project. If you have any questions or require additional information, please contact me.

Sincerely,
MEAD & HUNT, Inc.

Brad T. Blais, PE
Vice President/Market Leader

Cassandra "Casey" Cissell, PE

Enclosure Scope of Services and Fee Estimate
Exhibit A – Conceptual Gravity Sewer Layout

NEW SMYRNA BEACH AIRPORT
SCOPE OF SERVICES
FOR
AIR TRAFFIC CONTROL SEPTIC TO SEWER (S2S)

This Task Order is in conformance with the Agreement for Professional Engineering and Planning Consulting Services, RFQ 13-24-AIR dated May 24, 2024, between the City of New Smyrna Beach (OWNER) and Mead & Hunt, Inc. (MEAD & HUNT) and is referred to herein as the Contract.

PROJECT UNDERSTANDING

The City of New Smyrna Beach Airport's air traffic control tower (ATCT) is currently served via an onsite disposal and treatment system (OSDTS), also known as a septic tank and drain field. Development around the ATCT is expected and as such City staff has requested to connect the ATCT to the existing gravity sewer collection system, owned and maintained by New Smyrna Beach Utilities (NSBU). Based on the information provided at the time of this proposal, preliminary findings indicate the ATCT can be served via gravity. An existing manhole is located approximately 800 LF southeast of the ATCT. Existing design drawings indicate this manhole has an 8" stub out at elevation +2.05.

This scope of services includes the design and permitting of +/- 800 LF of 8" gravity main, manholes, and sewer service lateral to connect the ATCT to central sewer, see Exhibit A for conceptual gravity layout. A contingency has been included to cover lift station and force main design if, upon survey receipt, existing topographic elevations and/or field conditions indicate gravity is not possible. This scope of services also includes bidding assistance and construction phase services.

As NSBU owns and maintains the existing collection system, coordination with NSBU for the FDEP wastewater collection permit is also included.

SCOPE OF SERVICES

After receipt of authorization to proceed, MEAD & HUNT will provide the following services:

PHASE 1 – PROJECT MANAGEMENT

Project Coordination

MEAD & HUNT'S Project Manager (PM) will monitor and manage the project budget, schedule, and scope throughout the estimated 13-month project duration. The PM will manage the development of project work and subconsultant efforts.

Project Kick-Off Meeting

MEAD & HUNT will coordinate and conduct one (1) in-person project kick-off meeting with the project team and OWNER staff to review project goals, scope of work, team member roles, lines of

communication, project schedule and administrative processes. Following the meeting, MEAD & HUNT will prepare a written summary of the project meeting and distribute it to the attendees.

Quality Assurance / Quality Control

MEAD & HUNT will implement, and the PM will monitor, a quality assurance and control process, which includes independent technical review of project technical work products before their submission to the OWNER.

Deliverables – Project Management

- Kick-Off Meeting Agenda and Summary

PHASE 2 – DATA COLLECTION AND SITE RECONNAISSANCE

Utility Coordination

MEAD & HUNT will coordinate with existing utilities along the project route by submission of 60% electronic construction drawings to all utility companies identified by the Sunshine 811 Design Ticket and request markups of existing facilities and resolution of any estimated conflicts with the proposed improvements. MEAD & HUNT will discuss the potential conflicts with the utility company representatives to coordinate the relocation needs as needed. MEAD & HUNT will add information to the construction drawings based on the received utility markups and planned relocations.

Site Reconnaissance

MEAD & HUNT will conduct one (1) site visit to verify existing conditions and collect photographic and other data collection needed for the design.

PHASE 3 – PROJECT DESIGN

Task 1 – 60% Design Development

Based on the Project Understanding section above, MEAD & HUNT will prepare 60% design level drawings and specifications. The OWNER's standard front-end contract documents will be used and coordinated with MEAD & HUNT's technical specifications.

The 60% submittal package will be submitted to the OWNER for review and comment. The submittal will include the items shown in the deliverable section below. It is assumed the OWNER will conduct their review in a two-week period. At the end of the OWNER's review period, MEAD & HUNT will schedule and attend a 60% design review meeting to review the OWNER's comments on the design drawings and specifications.

Deliverables – 60% Design

- 60% Design Drawings (electronic PDF format)
- 60% Specifications (electronic PDF format)
- 60% EOPCC (electronic PDF format)
- 60% Design Review Meeting Summary (electronic PDF format)

Task 2 – 90% Design Development

Based on the OWNER's 60% review comments received, MEAD & HUNT will prepare revised design drawings and specifications to 90% design level completion. MEAD & HUNT will prepare an updated EOPCC based upon the 90% submittal documents.

The 90% submittal package will be prepared and submitted to the OWNER and permitting agencies for review and comment. The submittal will include the items shown in the deliverable section below. It is assumed the OWNER will conduct their review in a two-week period. At the end of the OWNER's review period, MEAD & HUNT will schedule and attend a 90% design review meeting to review the OWNER's comments on the design drawings and specifications.

Deliverables – 90% Design

- 90% Design Drawings (electronic PDF format)
- 90% Specifications (electronic PDF format)
- 90% EOPCC (electronic PDF format)
- 90% Design Review Meeting Summary (electronic PDF format)

Task 3 – 100% Design Development

Based on the OWNER's 90% review comments received, MEAD & HUNT will prepare revised design drawings and specifications to 100% completion. MEAD & HUNT will prepare an updated EOPCC based upon the 100% submittal documents.

The 100% submittal package will be submitted to the OWNER. The submittal will include the items shown in the deliverable section below.

Deliverables – 100% Design

- 100% Design Drawings (electronic PDF format)
- 100% Specifications (electronic PDF format)
- 100% EOPCC (electronic PDF format)

PHASE 4 – PERMITTING ASSISTANCE

MEAD & HUNT shall prepare and submit permit applications for the project as detailed below. All permit fees will be paid by MEAD & HUNT.

FDEP Wastewater Collection System Permit

MEAD & HUNT will prepare and submit the permit application in accordance with the permit requirements. Permit applications will be submitted after the 90% design has been reviewed and accepted by the OWNER and NSBU.

NSBU will sign the permit application as the utility provider.

MEAD & HUNT will respond to up to one (1) Request for Additional Information (RAI) as part of the permit application process.

Deliverables – Permitting

- Final FDEP Wastewater Collection System Permit application

PHASE 5 – BIDDING ASSISTANCE

The OWNER will be responsible for the overall solicitation for construction bids process, including any legal review of the bidding and contract documents (Division 0) and verifying compliance with OWNER purchasing and contract policies (Division 0 and 1). The OWNER will also be responsible for request for bid advertisements, distribution of bidding documents, prebid meeting, and bid opening. MEAD & HUNT will provide the following:

MEAD & HUNT will provide limited information for the OWNER's use in assembling the bidding and contract documents, including:

- Brief scope of construction work
- Suggested construction contract duration
- Schedule of unit work items
- Measurement and payment information corresponding to schedule of unit work items

MEAD & HUNT will also provide the final technical specifications (Divisions 2-49) and Construction Drawings (denoted as bid set). The OWNER will be responsible for distributing bidding documents to interested parties.

Pre-Bid Meeting

MEAD & HUNT will attend an in-person pre-bid meeting and present the project scope/intent; construction contract duration; design and permitting highlights and any special/supplemental conditions specific to the project. The OWNER will be responsible for the pre-bid meeting agenda, recording, and summary/minutes.

Addenda

MEAD & HUNT will respond to potential bidders' questions during the bid period. MEAD & HUNT will prepare suggested responses and provide the OWNER with a draft addendum for review. This scope of services assumes one (1) addendum will be completed. The OWNER shall be responsible for distribution of addenda.

Bid Review and Recommendation of Award

Upon receipt of copies of the received bid documents from the OWNER, MEAD & HUNT will the bids for completeness and conformance with technical requirements. MEAD & HUNT will evaluate the low bidder(s) submitted qualifications information and contact provided references to inquire about bidders' experience. MEAD & HUNT will prepare a tabulation of received bid prices, including unit prices, if applicable, and verify extended values and total. MEAD & HUNT will also review submitted pricing for imbalances and other disparities. Based on that review, MEAD & HUNT will submit to the OWNER the bid tabulation and a recommendation of award.

Deliverables – Bidding Services

- Bid Set Plans and Specifications
- Addenda to bid documents
- Bid Tabulation
- Recommendation of award

PHASE 6 – CONSTRUCTION ENGINEERING AND INSPECTION (CEI) SERVICES

MEAD & HUNT will provide the following CEI services to the OWNER:

Issued for Construction Documents

MEAD & HUNT will prepare conformed drawings and technical specification "Issued for Construction" by incorporating bidder questions and addendums and provide those to the OWNER (in electronic format) for inclusion in the Contract documents.

Deliverables – Issued for Construction Documents

- Issued for Construction Drawings
- Issued for Construction Specifications

Pre-Construction Meeting

MEAD & HUNT will coordinate and preside over one (1) in-person pre-construction meeting with the OWNER, contractor, and other project stakeholders. MEAD & HUNT will prepare agenda and distribute to all invitees prior to meeting. MEAD & HUNT will prepare meeting summary and distribute meeting summary to all attendees.

Deliverables – Pre-Construction Meeting

- Meeting Agenda and Summary

Notice to Proceed

MEAD & HUNT will issue the notice to proceed (NTP) to the contractor on behalf of the OWNER.

Deliverables – Notice to Proceed

- Notice to Proceed Letter

Progress Meetings

MEAD & HUNT will coordinate and preside over three (3) in-person construction progress meetings. MEAD & HUNT will prepare agendas, meeting summaries, and distribute to all attendees.

Deliverables – Progress Meetings

- Monthly progress meeting agendas and summaries

Construction Submittals

MEAD & HUNT will receive, review, and respond to up to ten (10) Contractor construction submittals and resubmittals for conformance with construction and contract requirements. Such review or other action shall not extend to means, methods, sequences, techniques, or procedures of construction selected by the Contractor, or to safety precautions and programs.

MEAD & HUNT will receive, review, and respond to Contractor assembled submittals for operations and maintenance manuals, guarantees, and certificates of inspection (for general contents as required by the Contract documents). These are included in the construction submittals count noted above.

MEAD & HUNT will maintain a log of submittals with submittal number, submittal name, date received, reviewer, action taken, and date returned. MEAD & HUNT will review and return shop drawings within 14 calendar days of receipt of the submittal. Contractor requests for substitute materials and/or equipment shall be reviewed during submittal process and MEAD & HUNT will provide a recommendation on the submittal response to the OWNER.

Deliverables – Construction Submittals

- Construction submittal review packages

- Submittal log

Requests for Information (RFI's)

MEAD & HUNT will receive and respond to up to two (2) contractor RFI's related to clarification of the contract documents, design intent, or field conditions. MEAD & HUNT will prepare and maintain a RFI log, noting the date received, subject, resolution and date response was returned to the contractor.

Deliverables – RFIs

- RFI response packages
- RFI response log

Field/Change Orders

MEAD & HUNT will prepare, issue, and coordinate up to one (1) field order, requests for proposals (RFP's), and change orders in coordination with the OWNER. MEAD & HUNT will maintain a log of field changes and pending changes. MEAD & HUNT will provide assistance during negotiations of contractor cost proposals and will review claims and provide recommendations to the OWNER.

Deliverables – Field/Change Orders

- Field and change order packages and supporting documentation
- Field and change order log

Pay Applications

MEAD & HUNT will review up to four (4) monthly payment applications from the contractor and provide a written recommendation for payment to the OWNER based on construction progress. MEAD & HUNT will review pay application supporting documentation, including updated construction schedules, record drawings, stored materials, release of liens, and as approved change/field orders.

Deliverables – Pay Applications

- Pay application recommendations

PHASE 7 – CONSTRUCTION OBSERVATION

MEAD & HUNT will supply a resident project representative (RPR) for construction observation and documentation for the expected two (2) months of construction activity. At this time, the needed construction observation efforts are estimated to be forty (40) hours per week. The duration and amount of work effort may vary based on the contractor's efforts and the OWNER's needs. The RPR will observe the construction activities, review conformance with contract documents, observe quality assurance testing, maintain a detailed log including red-line construction drawings, and field verify work quantities. These efforts will be documented in electronic reports of construction and will include construction photographs.

Quality control will be completed by an Inspection Supervisor and the Project Manager in the form of field visits and work product review.

Deliverables – Construction Observation

- Reports of Construction
- Construction Photographs
- Red-Line Construction Drawings

PHASE 8 – PROJECT CLOSEOUT

Substantial and Final Completion

MEAD & HUNT will determine substantial completion and attend substantial and final walkthroughs. RPR will document punchlist items at both substantial and final walkthroughs and verify completion of punchlist items before final closeout.

Deliverables – Substantial and Final Completion

- Substantial completion punchlist items (electronic PDF format)
- Final completion punchlist items (electronic PDF format)

As-Built Review

MEAD & HUNT will review contractor final as-builts for compliance with the contract documents.

Deliverables – As-Built Review

- Acceptable Contractor as-builts (Electronic PDF and AutoCAD Format)

Permitting Closeout

MEAD & HUNT will prepare and provide certifications of completion to the following permitting agencies for permit closeout:

- FDEP

PHASE 9 – SUBCONSULTANTS AND REIMBURSABLES

Items under this phase include out-of-pocket direct job expenses such as subconsultants, reproductions, postage, etc. It is assumed permit application fees will be paid by MEAD & HUNT and are included in this phase. Items included in this phase will be billed at actual cost plus 15%.

Geotechnical – Soil borings and geotechnical evaluation will be performed by Bechtol Engineering and Testing, Inc.

Land Surveying – Certified design survey will be performed by Southeastern Surveying and Mapping Corporation.

PHASE 10 – CONTINGENCY

If additional services are identified as needed or required during the duration of the project, MEAD & HUNT will request written approval from the OWNER to utilize contingency funds for any additional work items. Contingency funds will be billed at time and expense. Additional work will be billed per the agreed upon contract hourly rates. MEAD & HUNT will not bill against the contingency funding without prior authorization from the OWNER.

Contingency has been included in the event gravity sewer is not possible given existing topography and/or field conditions. Contingency funds would then be used as a means to design a lift station and force main capable of serving the ATCT.

EXCLUSIONS

This scope of services excludes all items not specifically described herein, including but not limited to:

- Preliminary Design
- Easement Acquisition
- Special Studies
- Subsurface Utility Exploration
- Laboratory Services
- Value Engineering
- Redesign per Owner or Contractor
- Investigations
- Funding Assistance
- Environmental
- Professional Services Acquisition Assistance
- Completed Project Assessment
- Site Security
- Fire Protection
- Zoning Modifications
- Utility Connection Coordination
- Utility Connection/Capacity fees

SCHEDULE

Mead & Hunt estimates the work included in this task order will be completed in accordance with the following schedule:

Phase/Task	Duration to Complete (calendar days)	Commencing Upon
Phase 1 – Project Management	*401 days*	*Receipt of notice to proceed*
Kick-off Coordination	7 days	*Receipt of notice to proceed*
Phase 2 – Data Collection and Site Reconnaissance	*49 days*	*Kick-off Meeting*
Phase 3 – Project Design		
Task 1 – 60% Design	*40 days*	*Receipt of Survey*

Task 2 – 90% Design	*35 days*	*60% review meeting*
Task 3 – 100% Design	*18 days*	*90% review meeting*
Phase 4 – Permitting Assistance	*60 days*	*OWNER approval of 90% deliverable (concurrent with Phase 3 Task 3)*
Phase 5 – Bidding Assistance	*90 days*	*Owner approval of 100% deliverable and receipt of FDEP permit*
Phase 6 – Construction Engineering and Inspection Services	*90 days*	*Construction Contract award to Contractor*
Phase 7 – Construction Observation	*60 days*	*Contractor Construction Start*
Phase 8 – Project Closeout	*30 days*	*Substantial Completion*

COMPENSATION

The not-to-exceed cost for this Scope of Services, including Contingency Funds, is $174,513.

The above fee is based on the following breakdown:

Phase/Task	Fee/Cost	Basis
Phase 1 – Project Management	*$8,753*	*Lump Sum*
Phase 2– Data Collection and Site Reconnaissance	*$3,160*	*Lump Sum*
Phase 3 – Project Design		
Task 1 – 60% Design	*$21,946*	*Lump Sum*
Task 2 – 90% Design	*$12,616*	*Lump Sum*
Task 3 – 100% Design	*$8,714*	*Lump Sum*
Phase 4 – Permitting Assistance	*$5,032*	*Lump Sum*
Phase 5 – Bidding Assistance	*$5,037*	*Lump Sum*
Phase 6 – Construction Engineering and Inspection Services	*$22,775*	*Lump Sum*
Phase 7 – Construction Observation	*$46,080*	*Time & Expense*
Phase 8 – Project Closeout	*$6,800*	*Lump Sum*
Subtotal	***$140,913***	
Phase 9 – Subconsultants/Reimbursables	*$13,600*	*Actual cost plus 15%*
Phase 10 – Contingency	*$20,000*	*Time & Expense*
TOTAL	***$174,513***	

AUTHORIZATION:

The scope of services and compensation stated in this proposal are valid for a period of thirty (30) days from date of submission. If authorization to proceed is not received during this period, this proposal may be withdrawn or modified by MEAD & HUNT.

RESOLUTION NO. CRA 01-25

A RESOLUTION OF THE COMMUNITY REDEVELOPMENT AGENCY OF THE CITY OF NEW SMYRNA BEACH ADOPTING A REVISED BUDGET AND REAPPROPRIATING THE CRA FUND BALANCE TO SPECIFIC AND AMENDED CRA CAPITAL PROJECTS FOR FISCAL YEAR 2024-2025; PROVIDING FOR CONFLICTING RESOLUTIONS; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, The Community Redevelopment Agency of the City of New Smyrna Beach (CRA) was created pursuant to Chapter 163, Part III, Florida Statutes (the "Community Redevelopment Act") establishing the conditions and procedures for the establishment of community redevelopment areas and agencies; and

WHEREAS, the Community Redevelopment Agency of the City of New Smyrna Beach is a dependent special district under Chapter 189, Florida Statues (2006), known as the Uniform Special District Accountability Act (the "Special District Act"); and

WHEREAS, the Special District Act requires all special districts, including dependent special districts, such as the Community Redevelopment Agency of the City of New Smyrna Beach, to adopt a budget for each fiscal year by resolution and any amendments or revisions; and

WHEREAS, Florida Statute 163.387 (7) (d) requires any money remaining in the Community Redevelopment Agency (CRA) trust fund at the end of each fiscal year to be re-appropriated pursuant to the next annual budget adopted by the Community Redevelopment Agency; and

WHEREAS, the Community Redevelopment Agency of the City of New Smyrna Beach has proposed the re-appropriation of the remaining funds in the fiscal year 2023 – 2024 CRA Fund Balance to specific and amended CRA Capital Projects for the fiscal year 2024 – 2025 budget.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMUNITY REDEVELOPMENT AGENCY OF THE CITY OF NEW SMYRNA BEACH, FLORIDA AS FOLLOWS:

SECTION 1. ***Authority.*** The Community Redevelopment Agency of the City of New Smyrna Beach has the authority to adopt this Resolution pursuant to the Special District Act.

SECTION 2. ***Adoption of Budget***. The governing body of the Community Redevelopment Agency of the City of New Smyrna Beach does hereby approve and adopt a revised Budget for the Community Redevelopment Agency of the City of New Smyrna Beach for Fiscal Year 2024–

2025 and the re-appropriation of the remaining funds to specific and amended CRA Capital Projects for Fiscal Year 2024-2025. A copy of the budget is attached hereto and incorporated herein as **Exhibit "A"**.

SECTION 3. ***Severability.*** If any section, subsection, sentence, clause, phrase or portion of this Resolution is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining potion hereto.

SECTION 4. ***Conflicting Resolutions.*** That all resolutions or parts thereof that are in conflict with this resolution are hereby rescinded or repealed.

SECTION 5. ***Effective Date.*** This resolution shall take effect immediatley upon its final adoption.

APPROVED AS TO FORM AND CORRECTNESS:

Sharon Taylor-Hardings

As City Clerk of the
City of New Smyrna Beach, Florida

CONTRACT RENEWAL
FOR PROFESSIONAL ENGINEERING SERVICES
MEAD AND HUNT, INC.

WHEREAS, the City of New Smyrna Beach (City) requested qualifications for PROFESSIONAL ENGINEERING SERVICES, via RFQ 12-17-ENG; and

WHEREAS, the City accepted the qualifications of MEAD AND HUNT, INC. (Firm); and

WHEREAS, the parties desire to enter into the third of five (5) possible one (1) year renewals of the contract pursuant to the RFQ.

NOW, THEREFORE, THE CITY AND MEAD AND HUNT, INC., AGREE AS FOLLOWS:

1. The City and DRMP, INC., agree to all the terms and conditions as stated and contained in RFQ 12-17-ENG, including any/all Attachments, Addenda, and the firm's submitted Request for Qualifications, each being by reference incorporated herein. The respective rights and obligations of the parties shall be determined in accordance with the City's RFQ, the RFQ Response of the firm, and Florida law.

2. The term of this contract renewal agreement is for one year and is the third of five (5) possible one (1) year renewals.

3. The parties agree to the terms of this contract. This renewal agreement for this contract is from July 10, 2024, and will continue for a year from that date.

THE CITY OF NEW SMYRNA BEACH - CITY MANAGER'S OFFICE

CONSIDER THE APPROVAL OF A MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF NEW SMYRNA BEACH AND THE SMYRNA YACHT CLUB ADDRESSING THE INSTALLATION OF SIGNAGE FOR A LOW WAKE ZONE.

May 27, 2025

Background:

The City of New Smyrna Beach approved an Ordinance establishing a Low Wake Zone adjacent to the Smyrna Yacht Club property adjacent to the Intercoastal Waterway. The Ordinance requires that signage be installed to properly notify boaters of the Zone. The MOU addresses the terms and conditions where the City will partner with the Club to permit, bid and install the required signage.

Staff recommends approval.

Fiscal Analysis:

None

Strategic Plan Item:

No

Staff Report Created By: Ron Neibert - Assistant City Manager

MEMORANDUM OF UNDERSTANDING
Regarding the Construction and Cost Responsibilities for a Slow Speed Wake Zone

This Memorandum of Understanding ("MOU") is entered into this ___ day of _____, **2025**, by and between the **City of New Smyrna Beach**, a municipal corporation ("City"), located at 210 Sams Avenue, New Smyrna Beach, Florida, 32168 and the **Smyrna Yacht Club**, a private membership organization ("Yacht Club"), located at 1201 South Riverside Drive, New Smyrna Beach, Florida, 32168. The City and Yacht Club may be collectively referred to as the "Parties."

1. Purpose

This MOU outlines the respective roles and responsibilities of the Parties in connection with the planning, permitting, funding, construction, and long-term maintenance and of a **Slow Speed / Minimum Wake Zone (SSWZ)** pursuant to Ordinance Number 07-25, or as amended, including associated improvements and regulatory compliance.

2. Estimated Cost of Project

The total estimated cost to establish the Slow Speed/Minimum Wake Zone (SSWZ) is Forty Thousand Dollars ($40,000), which shall be jointly funded by the City, utilizing grant funds, and the Smyrna Yacht Club, in proportions to be outlined and explained in this MOU.

3. Scope of Work and Responsibilities

3.1 Yacht Club Responsibilities

The Yacht Club agrees to:

1. **Engineering & Design**
    - Contract with a qualified marine engineer to design all required improvements for construction and permitting of the SSWZ project.
2. **Permitting Preparation**
    - Prepare and compile complete permit applications for submission to all applicable state and federal agencies on behalf of the City, including U.S. Army Corps of Engineers and Florida Fish and Wildlife Conservation Commission (FWC).
3. **Funding Contributions**
    - Provide **$20,000** to the City upon the award of the Florida Inland Navigation District **(FIND)** grant.

- Provide any additional funds exceeding $40,000 in total project cost after the public bid opening. This includes full payment of the difference between the actual bid and the $40,000 threshold.

4. **Pump-Out Station Commitment**
   - Install a **second mechanized pump-out location** on Yacht Club property to satisfy **statutory signage placement** and project design requirements.
5. **Permit Coordination**
   - Coordinate and finance any other permits that may be required by **state, city, or county** agencies beyond the initial submittals.

3.2 City Responsibilities

The City agrees to:

1. **FIND Grant Submission**
   - Prepare and submit an application to the Florida Inland Navigation District (FIND) for a $20,000 reimbursement grant, based on the agreed-upon project cost estimate of $40,000.
2. **Permitting Authorization**
   - Formally authorize the submission of all state and federal permit applications prepared by the Yacht Club or its consultants on the City's behalf.
3. **Ownership and Maintenance**
   - Upon project completion, assume **full ownership and long-term maintenance** responsibilities for all slow speed signage, and associated infrastructure located within public waters.

3. Project Funding Summary

- **Estimated Total Project Cost:** $40,000
- **FIND Grant Reimbursement:** $20,000 (to be applied for by the City)
- **Yacht Club Contribution:**
  - $20,000 upfront at the time of grant award
  - 100% of any cost exceeding $40,000, based on awarded construction bids.

All payments from the Yacht Club shall be made to the City within 30 days of notification and invoicing. The City will manage procurement, contracting, and vendor payments for the construction phase.

4. Term and Termination

This MOU shall become effective upon signature by both parties and remain in effect until all construction is complete and ownership is transferred to the City, unless terminated earlier by mutual agreement.

Either party may terminate this MOU by providing **thirty (30) days' written notice** to the other, provided such termination does not interfere with any permits, contracts, or funding obligations already in progress.

The Yacht Club will be provided with a copy of the project cost and may terminate this Memorandum of Understanding (MOU) if it determines that doing so is in its best interest due to the cost of the project. However, the Yacht Club acknowledges that termination of this MOU will also result in the termination of the establishment of the Slow Speed/Minimum Wake Zone (SSWZ)

5. Indemnity and Liability

The Yacht club shall hold harmless, defend, and indemnify the other party, including its officers, employees, and agents, from any claims or liability arising from that party's own negligence or willful misconduct in connection with this MOU.

Nothing contained in this Agreement shall be construed as a waiver of the City's sovereign immunity or the limits of liability set forth in section 768.28, Florida Statutes, as amended. The Parties acknowledge that the City retains all immunities and defenses available to it under Florida law.

6. Dispute Resolution

The Parties agree to resolve any disputes arising from this MOU through good-faith negotiation. If resolution is not achieved, all litigation arising out of this agreement shall be filed in the Seventh Judicial Circuit for the County of Volusia. Each party will be responsible for its own attorney's fees and cost of ligation.

7. Amendment

This MOU may be amended only in writing and upon mutual agreement and signature by both parties.

[SIGNATURES TO FOLLOW]

NOW THEREFORE, the parties affirm their intent to be bound by the terms outlined in this MOU.

THE CITY OF NEW SMYRNA BEACH - LEISURE SERVICES

SPECIAL EVENT: CONSIDER THE APPROVAL OF THE VENETIAN BAY GOLF AND COUNTRY CLUB 2025 JULY 4TH FIREWORKS DISPLAY, TO BE HELD ON FRIDAY JULY 4, 2025.

May 27, 2025

Background:

The Venetian Bay Golf and Country Club submitted a special event application to host July 4th Fireworks at the Country Club. The attached application illustrates the fireworks display would begin at 8:00 pm and last for fifteen minutes. Set-up for the event would begin at 3 pm. Venetian Bay has previously held fireworks for the 4th of July. The City's Fire Marshal approved the special event application and noted that the City would have a fire engine on stand by with the Fire Marshal.

Per the City's municipal code section 14-305 regarding fireworks displays, the applicant/organizer must provide the City with the following...

- a detailed listing of the type and quantity of fireworks that will be used
- proof of insurance at a type and level approved by the city
- a detailed written statement outlining all appropriate safety procedures which will be used at the fireworks display in order to protect the safety of the public and all surrounding property
- a detailed written statement describing what facilities and containers will be used to store fireworks
- if applicable, the applicant's federal license number for transporting fireworks across state lines
- A detailed list of the names, addresses, occupations and backgrounds of all individuals who will be responsible for the actual display, use or explosion of any fireworks. The background statement should include a complete history of the experience of the individuals involved with respect to their use of fireworks, including a detailed list and explanation of each and every accident resulting from the use of fireworks which the individuals have been responsible for or involved in
- proof of payment of a permit fee in accordance with the fee schedule in Chapter 70

Findings:

Staff recommends the approval of the Venetian Bay Golf and Country Club 2025 July 4th Fireworks display, to be held on Friday July 4, 2025.

Fiscal Analysis:

The following permit and event fees will be collected by the city:

Building Dept Major Event Permit Fee: $319.30

Leisure Services Major Event Fee: $532.50

Strategic Plan Item:
No

Blogs, YouTube and Tiktok videos

Battlefield Special Effects

Orlando Special Effects, Inc. has been providing battlefield special effects for military training MOUT (Military Operations on Urban Terrain) sites since year 2000 for the U.S. Army and STRICOM through General Dynamics Co. We have created and supplied a proprietary line of equipment to Ft. Polk LA, Ft. Drum NY, Ft. Campbell KY, Ft. Knox KY, Ft Wainwright AK, Ft. Hunter Ligget CA. Much of the equipment we provide replaces pyrotechnics with compressed and flammable gasses for safety and repeatability.

Depositions

1994-Consulting for Marion County on the noise level and impact of weapons and explosions during the filming of the movie True Lies.

2005-Case of Fire System components that required maintenance and had to explain how safety systems function (Retained by Plaintiff).

2012-Case involving an open flame effect for fire dancers where a spectator was injured (Retained by the Plaintiff).

2018-Case involving an Air operated Confetti Cannon where a photographer was injured (Retained by Defence).

2019-Confetti Cannon Manufacturer defect where streamers shot at the crowd (retained by the defense)

2019- A CO2 fitting hit a audience member (Retained by the plaintiff)

Memberships

National Fireworks Association, Pyrotechnic Guild International, National Fire Protection Association.

At present Andy Nicholls is a representative on the National Fire Protection Association Technical Committee on Special Effects. This committee provides National Codes and Standards for the special effects industry. Specifically, N.F.P.A. Technical Bulletins 1126 and 160 that are the National Standards for Indoor Fireworks and Flame Effects Utilizing Flammable Gases. Andy is also a Tech. Committee alternative for N.F.P.A. 1123 and 1124 that are the National Standards for Outdoor Fireworks and displays. Representing the National Fire work Association (NFA).

FIREWORKS SHOW DESCRIPTION

Date/Time	July 5th, 2025 & December 31st, 2025@ 8pm (Duration approximately 6 minutes) **NOTE**: Show time may change due to weather and/or other events.
Rain Date(s)/Time(s)	
Sponsor	Venetian Bay Golf and Country Club
Venue	63 Airport Road, New Smyrna, Florida. 32168
Property Owner	**Venetian Bay Golf and Country Club**
AHJ	**City of New Smyrna**
Fire Codes	CHAPTER 69A-60 - *THE FLORIDA FIRE PREVENTION CODE* – 12-31-20 National Fire Protection Association (NFPA) 1123, *Code for Fireworks Display* - 2018
Fireworks	☒ **Consumer Fireworks (FIREWORKS UN0336 1.4G** Title 27 *Code of Federal Regulations* (*CFR*) § 555.11 **Consumer fireworks**. Any small firework device designed to produce visible effects by combustion and which must comply with the construction, chemical composition, and labeling regulations of the U.S. Consumer Product Safety Commission, as set forth in title 16, Code of Federal Regulations, parts 1500 and 1507. Some small devices designed to produce audible effects are included, such as whistling devices, ground devices containing 50 mg or less of explosive materials, and aerial devices containing 130 mg or less of explosive materials. Consumer fireworks are classified as fireworks UN0336, and UN0337 by the U.S. Department of Transportation at 49 CFR 172.101. This term does not include fused setpieces containing components which together exceed 50 mg of salute powder. ☒ **Articles Pyrotechnic (ARTICLES PYROTECHNIC UN0432 1.4G)** Title 27 *CFR* § 555.11 **Articles pyrotechnic**. Pyrotechnic devices for professional use similar to consumer fireworks in chemical composition and construction but not intended for consumer use. Such articles meeting the weight limits for consumer fireworks but not labeled as such and classified by U.S. Department of Transportation regulations in 49 CFR 172.101 as UN0431 or UN0432. **NOTE**: The possession, storage, transportation and use of Consumer Fireworks and Articles Pyrotechnic are EXEMPT from Bureau of Alcohol Tobacco, Firearms & Explosives (ATF) regulations [See Title 27 *CFR* § 555.141 Exemptions. 7]. **Thus, an ATF license/permit is NOT required by Federal or Florida laws or regulations, nor NFPA 1123 for a fireworks display consisting of Consumer Fireworks and Articles Pyrotechnic**.
Types of Fireworks	An assortment of single shots up to 1.75" aerial shells and multiple tube 9 shot to 100 shot aerial shells, mines and comets up to 3" (a/k/a/ cakes, repeaters, multiple tube devices). The assortment is determined by the budget, the venue, the occasion, and availability.
Mortars	Only high-density polyethylene (HDPE) or fiberglass mortars for the 1.75" aerial shells in mortar racks, holders and/or bundles that meet or exceed NFPA 1123 – Chapter 4 are used. **NOTE**: NFPA 1123 - 4.5.4 Mortar racks and bundles shall be constructed and installed to hold multiple mortars in position during normal functioning.

Display site	☒ **Land based fireworks display** ☐ **Water based fireworks display** The minimum required radius of the display site (discharge site plus fallout area) shall be 70 ft/in per NFPA 1123 -5.1.3.1. (3.0 inches x 70.0 feet = 210.0 feet radius) **NOTE**: The actual distance from the discharge site to the spectator viewing/parking area(s) may be greater. (See Display Site Plan/Map)
Firing Method	Manual electric firing system
Transportation	Fireworks are transported from our facility to the display site by our personnel
Inspection	Inspection should take place at least sixty (60) minutes prior to the scheduled fireworks display in order to make any adjustments needed due to weather or other conditions.
Fire Watch	☒ **One (1) Pumper w/crew** ☐ **One (1) Brush truck w/crew** Fire Watch should be on station at least thirty (30) minutes prior to the scheduled fireworks display. **NOTE**: NFPA 1123 - 5.1.6 Fire protection and other emergency response personnel and their vehicles shall remain at or beyond the perimeter of the display site during the actual firing of the display.
Fire Extinguishers	Minimum of two (2) 2A (Pressurized Water) Fire Extinguishers
Fireworks Provider(s)	As per Safety Data Sheets (SDS) for each show
OPERATOR	Isaac Navarrate (321)213-7467 . ID and Resumé attached **NOTE**: Florida § 791.012 Minimum fireworks safety standards. The statute adopts NFPA 1123 and directs the State Fire Marshal to develop regulations. There are NO provisions for a state license/certification for Fireworks Operators or Assistants. All of our Operators and Assistants have been trained according to the requirements of NFPA 1123.
ASSISTANT(S)	Thiago Meloreisa
Display Site Plan/Map	Attached (See the scale for distances)
Insurance Certificate	Attached ($2 million Liability)
ATF License	1-FL-095-20-6D-00317 Manufacturer of High Explosives. Expiration 04/01/2026
NOTE

Date: May 6, 2025

To: New Smyrna Beach Fire Rescue

Re: July 5th, 2025 and New Year's Eve

To Whom It May Concern:

I am respectfully requesting a site inspection and minimum hours fire-watch from New Smyrna Beach at Venetian Bay Golf and Country Club, 63 Airport Road, New Smyrna Beach, FL 32168 on July 5th, 2025, and again December 31, 2025, for a 6-minute fireworks display starting at approximately 8pm until 8:06 pm.

Our on-site contact will be Isaac Navarrate (321)213-7467

Please feel free to contact us with any questions.

Regards,

Kristie Hicks

Kristie Hicks

Office Assistant

Orlando Special Effects, Inc.

Office: (407)648-1867

Cell: Andrew Nicholls (407)421-2168

The fireworks for the display will be transported straight from our facility to the set-up site and monitored at all times by Orlando Special Effects approved staff, no storage is need. The site plan shows the Display site and indicate a 210 feet radius fall out circle in accordance with NFPA 1123 requirements for up to 3" shells. The Technicians will have 2 x 2A (water) Fire-extinguishers. The display will be controlled electronically. The audience will be contained in the area surrounding the club house by Venetian Bay staff. The area within the the fallout will be protected by our staff and assistants, who will have fire-extinguishers on hand and a fire-watch will be provided.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED

Underwriter's at Lloyd's, London: Referred to in this endorsement as either the "Insurer" or the "Underwriters" This endorsement modifies insurance provided under the following:

SECTION III. PERSONS INSURED

In consideration of the premium charged for the Policy, it is hereby understood and agreed that the following entity(ies) is an additional insured pursuant to Section III. e), but only as respects the specific Display or Special Effects listed on the attached Certificate of Insurance:

Name of Person or Organization (Additional Insured):

Venetian Bay Golf and Country Club; City of New Smyrna Beach; City of New Smyrna Beach Fire and Rescue as regards permits only

63 Airport Road, New Smyna Beach, FL 32168

07/05/2025

Any coverage afforded to any above person or entity as an Additional Insured shall apply only with respect to **Bodily Injury** or **Property Damage** directly resulting from (1) the **Named Insured's** ongoing operations performed for such specific person and entity; or (2) acts or omissions of the Additional Insured in connection with their general supervisions of the **Named Insured's** ongoing operations. Coverage for such person or entity as an Additional Insured does not apply to:

(i) **Personal Injury** and **Advertising Injury** Liability;

(ii) Fire Legal Liability;

(iii) Employee Benefits Liability;

(iv) **Bodily Injury** or **Property Damage** which the person or entity is obligated to pay as damages by reason of the assumption of liability under a contract or agreement but this shall not apply to liability for damages the person or entity would have in the absence of the contract or agreement;

(v) **Property Damage** to: (1) property owned, used or occupied by or rented to such person or entity; (2) property in the care custody, or control of such person or entity or over which such person or entity is for any purpose exercising physical control; or (3) any work, including materials, parts or equipment furnished in connection with such work, which is performed for the person or entity by or on behalf of the **Named Insured**.

(vi) **Products-Completed Operations Hazards;**

(vii) Any obligation assumed by the Additional Insured in any contract related to the Display or Special Effects listed in the attached Certificate of Insurance.

(viii) Such other **Claims, Accidents**, offenses, damages and/or liabilities which may be excluded pursuant to Section V. Exclusions of the Policy.

All other terms, exclusions and conditions of this Policy remain unchanged.

Special Events Comments

Event Name/Date: Venetian Bay Golf and Country Club/ 7/5/2025 and 12/31/2025

1. During all special events the Fire Department shall require adherence to all applicable Florida Fire Prevention Code standards by all event organizers and vendors and make site inspections as needed
2. The event coordinator(s) shall take all necessary measures to ensure continuous access and egress for emergency vehicles throughout the entire event and this shall include response routes along secondary roads to e event to ensure event parking does not impede emergency vehicle access or victim transport away from the incident at any time
3. Events requiring road closures should organize tents, stages and displays so that an emergency vehicle can drive equipment down the centerline of all streets and measures must be taken to ensure that no intersections or access roads are blocked and at all times are accessible and useable by large fire apparatus
4. The event coordinator(s) shall ensure that the Volusia County Sheriff's Dispatch Center has been notified of any road closings related to the event no less than 24 hours prior to the start of the event at (386) 252-4911 and provide notification as soon as the roads have been re-opened
5. Anytime that transportation shuttles are required, or any other event with unique characteristics may impede the most expeditious provision of fire/rescue/emergency medical services to event participants, regularly staffed fire and rescue services will be supplemented to meet the additional demand caused by the event and will be funded by the event organizers

Special Event Application

PORT-O-LETS & SANITATION:

How many Port-O-Lets will be on-site?

Access to C's Waffles and Wawa facilities

The location of the Port-O-Lets must be included on the site plan.RECOMMENDATION: One toilet is recommended for every 300 people attending an event. If public toilets are not available at the event site, one ADA accessible toilet is required for the first 300 people, and a minimum of 5% of the restrooms must be ADA accessible. If there is a beer/ alcohol being served at the event, the recommended ratio for toilets per is 1:150 people. Existing park toilets count towards the toilet per anticipated attendee ratio. If dumpster service is needed it is required that refuse service be provided through the Cityâ€™s Public Works Department. The dumpster service, fee schedule, and information pertaining to recycling can be obtained by contacting the Public Works Department at 386-424-2212. Payment arrangements should be made prior to the event though the Public Works Department. Trash receptacles and recycling containers are to be provided by the applicant and must be located not only on event grounds, but in parking areas as well. Event grounds must be completely cleared of trash and all receptacles removed by the end of the event and is the sole responsibility of the applicant.

I acknowledge the above Port-O-Lets & Sanitation requirements:

yes

SECURITY/EMERGENCY FIRE/MEDICAL SERVICES:

What are your plans for providing security at the event?

Never needed security, however we have a number of retired police and fire/emt that attend

The New Smyrna Beach Police and Fire Department will evaluate the events security measures to determine if the measures are sufficient to run a safe event. The New Smyrna Beach Police and Fire Department reserve the right to require additional security measures.There will be a minimum requirement of five (5) business days to evaluate the event requirements.NOTE: All events held on City/Public property require the use of City Police and Fire personnel if additional security measures are required.

CONFIRMATION:

Event Contact Information: Please provide the name of the contact person who will be available on-site at all times. Depending on the length of the event, this may require several people. Please list the contact person for each period of time. (Please Print)

SPECIAL EVENT: CONSIDER APPROVAL OF THE FIRST SATURDAY ON CANAL STREET EVENTS FOR 2025-2026, EVENTS WILL BE HELD ON THE FIRST SATURDAY OF EACH MONTH STARTING ON JULY 5, 2025 THROUGH MAY 2, 2026.

May 27, 2025

Background:

NSB Main Street Inc. d/b/a Canal Street Historical District requests approval of the monthly First Saturday on Canal Street Events from July 5, 2025 through May 2, 2026. Each event will start at 9:00am and end at 6:00pm, with set-up beginning at 7:30am. Art stroll breakdown will be completed by 6:15pm. Each event will be on the Canal Street sidewalks starting at US 1 proceeding eastbound ending at Riverside Drive. On Canal Street there may be obstruction of the sidewalks, but the CSHD has been advised they are required to meet ADA compliance. All streets are open to vehicle traffic during each event. The event will include an art/artisan stroll, gallery walk and a sip & stroll. There will be entertainment such as a musician in Christmas Park between 11am-3pm during each event. There will be 10' x 10' tents set up on the Canal Street sidewalks between US 1 and Riverside Drive. The event will not allow the sale or consumption of alcoholic beverages on Canal Street or on any City Right of Way. A continuous Building Department Event Permit will be required.

Findings:

Staff recommends the approval of the First Saturday on Canal Street Events for 2025-2026, events will be held on the first Saturday of each month starting on July 5, 2025 through May 2, 2026.

Fiscal Analysis:

The following permit and event fees will be collected by the city:

Building Department Continuous Fee: $536.70

Strategic Plan Item:

No

Special Events Comments

Event Name/Date: First Saturday Monthly

1. During all special events the Fire Department shall require adherence to all applicable Florida Fire Prevent ion Code standards by all event organizers and vendors and make site inspections as needed
2. The event coordinator(s) shall take all necessary measures to ensure continuous access and egress for emergency vehicles throughout the entire event and this shall include response routes along secondary roads to e event to ensure event parking does not impede emergency vehicle access or victim transport away from the incident at any time
3. Events requiring road closures should organize tents, stages and displays so that an emergency vehicle can drive equipment down the centerline of all streets and measures must be taken to ensure that no intersections or access roads are blocked and at all times are accessible and useable by large fire apparatus
4. The event coordinator(s) shall ensure that the Volusia County Sheriff's Dispatch Center has been notified of any road closings related to the event no less than 24 hours prior to the start of the event at (386) 252-4911 and provide notification as soon as the roads have been re-opened
5. Anytime that transportation shuttles are required, or any other event with unique characteristics may impede the most expeditious provision of fire/rescue/emergency medical services to event participants, regularly staffed fire and rescue services will be supplemented to meet the additional demand caused by the event and will be funded by the event organizers

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

CONDUCT A QUASI-JUDICIAL PUBLIC HEARING TO REVIEW AND CONSIDER THE APPROVAL OF A SPECIAL EXCEPTION TO ALLOW A BOAT AND RV STORAGE FACILITY TO OPERATE IN THE B-3 ZONING DISTRICT, LOCATED AT 666 DORA STREET.

May 27, 2025

Background:

A. Applicant: Jennifer Cornelius, 307 Columbus Avenue, New Smyrna Beach, FL 32169
B. Property Owner: NSB Boat and RV Storage, LLC , 307 Columbus Avenue, New Smyrna Beach, FL 32169
C. Request: Special Exception approval to allow a boat and RV storage facility to operate in the B-3 zoning district
D. Site Information: The parcel is zoned B-3, Highway Service Business District and is located on the west side of Dora Street, with Pecan Street to the west, Wayne Avenue to the north, and Vineyard Lane to the south.
E. Exhibits:
1. Attachment A (new to revised staff report)
Exhibit A: Location Map
Exhibit B: Aerial Map
Exhibit C: Pictures
Exhibit D: Original Site Plan

Findings:

The City Commission moved to continue this Special Exception case to the May 27, 2025 meeting during their regularly scheduled May 13, 2025 meeting. This continuation was to provide the applicant time to develop a proposal that the Development Services Department and City Commission could find acceptable, as their original proposal did not meet the Special Exception requirements or the standard B-3 Highway Service Business District regulations.

The Special Exception requirements to operate a boat and RV storage facility in the B-3 zoning district requires the storage area to be encompassed by a fence or wall at least six feet high, the bottom four feet being solid and the top two feet being open. Other requirements are standard for all businesses in the B-3 zoning district. These include:

Landscape Buffer:

(1) **Front** property lines: **Five feet**

(2) **Side (**not adjacent to residentially-zoned properties): **Three feet** (**NOTE:** There is a residential *use*, not a residentially zoned property, next door. If the neighboring property was zoned residential, the side buffer would be required to be twenty feet wide).

Because of this 5-foot and 3-foot landscape buffer requirement from the front and side property lines, the six foot high fence, with the bottom four feet being solid and the top two feet being open, would have to be located *behind* the landscape buffer, as the intent is to provide an attractive appearance while shielding the boats and RVs largely from view. That being said, the two separate fence permits were applied for and granted with the fences being located on the property lines. Please see **Attachment A** for a copy of the permit and fence exhibit indicating the location of the fence.

The applications included surveys that showed the structures still located on the lot, with the applicant being contractors, not the property owners. Fences *are* allowed on the property line for residential uses in this zoning district, and on vacant properties. Also, the only use in the B-3 zoning district that requires a fence is a boat and RV storage facility. With both permits being applied for with no indication that the proposed use was a boat and RV facility, the reviewer would have no reason to question what was proposed, as fences *can* be located on the property line if there is still a residence on the site, or the property is vacant. While it would have been ideal if the fences were constructed where they are required to be located for a boat and RV storage facility, they were not. In this instance, the property was vacant, but the survey provided to the Building Department showed the former house still on the parcel, thus the fences were permitted correctly.

As part of the demolition process, the property owners met with New Smyrna Beach Utilities (NSBU) and told them their plan to operate a boat and RV storage facility on the parcel. As NSBU is a member of the City's pre-application meeting team, they were aware that when opening a new business in town, there are certain requirements that are going to need to be met, besides merely razing a house and parking boats and RVs on the lot. At that ensuing pre-application meeting, the property owners were informed that the fence that was approved is not in the correct location for the use that they proposed.

Thus what is required is a 5-foot landscape buffer along the front (east and west) property lines with a 6-foot tall fence, the bottom four feet being solid and the top two feet being open, meaning latticed or some other type of fencing that can be seen through. There are visibility triangle requirements that limit the height of a fence and vegetation along bother front property lines so the residents of the adjacent houses can see what is coming down the road. Along the sides, outside the visibility triangle, is a 3-foot wide landscape buffer and the same type of fencing noted above.

Per the property owner:

We are willing to plant the suggested plants either on the inside or the outside of the east and west fences, whichever is preferred by the city. We will fund that and will commit to keeping them irrigated and alive. For the side (north & south) fences I think it would be best to replace those with the vinyl fencing that we originally submitted to the city but were denied to put up. The Mayor suggested that he thought the city should be responsible for the cost of this and we agree with him. We are not in a financial position to fund any additional changes to the fence.

Development Services indicated this was a proposal that would not be supported. They countered with adding metal slats in the fencing four feet in height to meet the Special Exception requirement, but not to move the fence.

To recap:

1. The property owner proposes to plant the landscape buffer on the east and west property lines (Dora Street and Pecan Street), as required per the B-3 zoning district regulations, but not to move the fence 5 feet from the property line as required per Special Exception requirements. Also, the vegetation is required to be outside the fence and on the property, which is not possible given the location of the fence.

2. The property owner proposes to *not* plant the 3 foot wide landscape buffer along the north and south property lines, a length of 170 along each property line, as required for all businesses in the B-3 zoning district. They propose to add metal slats in the fence to meet the Special Exception fence requirement.

3. The property owner would also be willing to have the existing fence replaced along the north and south property line with a fence that conforms to the Special Exception requirements, but to not move the fence in 3 feet from the property line, as required by the B-3 zoning district regulations, at the City's expense.

Recommendation: 5/27/2025

Staff can recommend **approval** if the following conditions are met:

1. Plant the 5 foot landscape buffer along the entirety of the east property line, inside the

fence, outside the visibility triangle.
2. Plant the 5 foot landscape buffer along the western property line, not obstructing the gate, outside the visibility triangle.
3. Require the property owner to include the slats either at the minimum 4 foot height, or the entire 6 foot height outside the visibility triangle along the north and south property lines.
4. Meet all the other requirements of site plan approval, including storm water management per the Engineering Department's requirements.

The remainder of the staff report below is unchanged from the original meeting date.

The Planning and Zoning Board voted 4-1 (two members were absent) to recommend the City Commission approve the Special Exception application at their March 3, 2025 meeting. At this point in time, what is requested to be approved is the boat and RV storage *use*; there will still be a site plan review and approval process that will require a landscape plan and stormwater requirements to be met.

One issue that is not proposed to be met by the applicant is a requirement of the B-3 zoning district regarding fencing around a boat and RV storage facility. The applicant has already installed a fence around the parcel that does *not* meet the minimum requirements. Boat and RV storage facilities are required to have a "fence or wall at least six feet high, the bottom four feet being solid and the top two feet being open." The fence is "open" for the entirety of its 6' of height, thus there is no buffer between the business and the adjacent residential units. The applicant proposes a landscape buffer in lieu of the fence, as detailed below.

The remainder of the staff report is the same as the Planning and Zoning Board reviewed, with the difference being that recommendation has been altered to only address the fence/buffer issue.

Two phone calls have been received from people on the street opposed to the Special Exception. One received a notification of the meeting, and another was further down the street but heard about the Special Exception request from another person that received a notification. The former's concern was mainly opposed boats potentially being pulled in and out of the lot at all hours, and the other expressed concern about the potential for fires in the boats that close to people's residences.

A. The applicant purchased 666 Dora Street in April, 2024. The property had a house on it with several accessory structures, which all but one shed have been torn down. To the

north and south are properties with single-family houses. This area is zoned B-3 Highway Service Business District, which does not include single-family homes as a permitted use, thus all of the remaining single-family homes in the zoning district are now non-conforming uses, which means that they are permitted to remain on the property but could not be rebuilt as a residential use if removed voluntarily.

B. The parcel is 100' X 170', 17,000 square, or 0.39 acres. The intent of the B-3 zoning district is "intended for application along highways carrying large volumes of traffic where establishments may locate to serve large sections of the city and the persons traveling in vehicles." Dora Street is one block west of US 1. To the west is Pecan Street, which is directly across from the railroad tracks.

C. The applicant applied for a permit to put a solid, 6.0’ tall fence around the perimeter of the lot. The City’s Land Development Regulations do not allow solid fences to be built directly along front property line, as it obstructs the “visibility triangle,” essentially a zone that requires site lines to not be blocked by an obstruction such as a shrub or a solid fence. As there are private residences to the north and south, a solid fence would block their view of traffic-either vehicular or pedestrian- going down the street. Instead of erecting a fence that allowed visibility near the front property lines, the applicant put in fencing 6.0’-tall rail fencing around the whole lot, at the property line.

D. Unfortunately, per the Special Exception requirements to allow outdoor storage in the B-3 zoning district, “outdoor display, storage, or sale of vehicles, or other equipment or material, provided that in the interest of safety to children and adjacent property, outdoor storage areas *will be encompassed by a fence or wall at least six feet high, the bottom four feet being solid and the top two feet being open*.” As noted above, the property does not have a fence that is solid for the first 4.0’ of height, with the top two feet open. There is a vertical rail fence along the perimeter of the property, thus this requirement is not currently met. Please see **Exhibit C** for pictures of the parcel.

E. In an effort to comply with the intent of the Special Exception requirement for fencing, the applicant proposes to add landscaping on the inside of the fence. The proposed plant is Clusia, which forms a solid hedge and will grow more than 4.0' tall. In the visibility triangle, the vegetation cannot exceed 3.0' in height, to not obstruct lines of sight. In addition to the current lack of required buffer for the neighbors. A 5.0'-wide buffer is required along the front property lines. Further, the parcel is 17,000 square feet in size. The LDR requires parcels to have at least 1 tree per every 2,500 square feet.

There are currently no trees on the parcel. Planting 7 trees is a recommended condition of approval.

F. Another issue that will have to be addressed at site plan will be a stormwater plan, reviewed and approved by the City's engineering department. This too is a recommended condition of approval.

G. The proposed site plan is included as **Exhibit D**. There is a roll gate along Pecan Street, which will facilitate traffic further from the adjacent houses along Dora Street.

H. In addition to the fence requirement in the Special Exception requirements, there are three criteria that must be met for all Special Exceptions. These include:

a. The requested use is listed among the special exceptions in the district for which application is made;

b. The requested use will not impair the character of the surrounding or adjoining districts, nor be detrimental to the public health, morals, or welfare; and

c. Adequate utilities, access roads, drainage, sanitation, and/or other necessary services and facilities are, or will be, available or provided for the proposed use.

I. The proposed use meets items a. and c., the second criteria, regarding impairing the character of the surrounding or adjoining districts, nor be detrimental to the public health, morals, or welfare is debatable. Currently, the parcel is devoid of trees, has no stormwater system, and does not have the necessary fencing so adjacent houses to buffer the moving of boats and RVs in close proximity to private residences.

Recommendation from 4/8/2025. NOTE: New Recommendation included above.

As noted above, the fence that is in place *does not* meet the Special Exception requirements, as the "outdoor display, storage, or sale of vehicles, or other equipment or material, provided that in the interest of safety to children and adjacent property, outdoor storage areas will be encompassed by a fence or wall at least six feet high, the bottom four feet being solid and the top two feet being open. A fence or wall at least six feet high, the bottom four feet being solid and the top two feet being open." There is also a 3' buffer requirement on the sides, but the fence is built to the property lines, therefore the landscape buffer, which is proposed to be inside the fence, in lieu of installing the required fencing, will be inside the fence, instead of outside of a fence that is solid for the first 4' of height.

Staff can recommend approval of the project provided one of two modifications to the

site plan are met prior to the business beginning to operate. These include either developing a landscape plan that includes a vegetative buffer (with irrigation) at least 4' in height when planted (with irrigation), or add a 4' tall fence outside the visibility triangles along Dora and Pecan Street, in conformance with the B-3 requirement for boat and RV storage facilities.

From south side of Dora

666 Dora St - Site Plan

666 Dora St - Stormwater Drainage Plan

Planned Site Use:

We plan to store small boats and trailers only.

Fencing Requirements:

The fencing that was installed on all 4 sides of the lot has been permitted and approved by the City of NSB. Since we have now been told that the fence should be solid the first 4' up we are proposing to add a privacy covering to the existing fence. The weatherproof covering as pictured below is durable and designed to withstand UV rays, intense winds, freezing temperatures, rain and humidity. The top 2 ft of fence on all sides will remain open as required.

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

CONDUCT A QUASI-JUDICIAL HEARING OF A PROPOSED SIDEWALK CAFÉ AGREEMENT FOR THE GENERAL PUBLIC HOUSE RESTAURANT LOCATED AT 501 CANAL STREET.

May 27, 2025

Background:

Applicant: Phil Grudzinski, owner of The General Public House, 871 Bluefish Avenue, New Smyrna Beach, Florida 32169.

Property Owner: Richard Rosedale, 411 Quay Assisi, New Smyrna Beach, Florida 32169.

Request: Approval to have 13 seats along an attached bar, add four (4) tables with two (2) chairs per table, two (2) portable propane heaters to an existing restaurant business, within the Canal Street right- of-way at 501 Canal Street.

Subject Area: The subject parcel is zoned MU, Mixed-Use, and is located on the north side of Canal Street at the northwest corner of Canal Street and North Orange Street.

Tax ID #: 7441-37-02-0030

Exhibits Used in this Report:

Exhibit A: Location Map
Exhibit B: Aerial Map
Exhibit C: Applicant Request Letter
Exhibit D: Applicant Supplied Photos
Exhibit E: Signed Sidewalk Cafe License Agreement with Amendments
Exhibit F: Liability Insurance Certificate

Findings:

The applicant is requesting approval for a sidewalk café within the Canal Street right-of-way. See applicant request letter attached as **Exhibit C**. The business is currently operating as a restaurant known as The General Public House*. The City's Land Development Regulations* (LDR), under Section 801.14*, states that sidewalk cafes are only permitted as an extension of a restaurant.* Staff is recommending that the proposed outdoor seating be permitted under the *Arts Overlay District,* which allows limited activities outside of the building housing the business. Limited activities are allowed

during business hours and must be located directly in front of the business.

The applicant is requesting approval to allow four (4) tables with two (2) chairs per table, 13 seats associated with a newly constructed attached bar top, and two (2) propane heaters within the Canal Street right-of- way. See attached photos supplied by the applicant as **Exhibit D**. The applicant is required to maintain a continuous 5-foot clear area for pedestrians at the narrowest point between the sidewalk area and the proposed seating area. A copy of the signed Sidewalk Café Agreement and a liability insurance certificate are attached as **Exhibits E & F**.

Per Section 801.14 of the City's Land Development Regulations (LDR), sidewalk cafes may only be approved by the City Commission. This section of the LDR also lists the following minimum criteria that must be met in order for a sidewalk café to be approved (staff's responses provided below in **bold**):

1. Sidewalk cafes shall only be permitted as an accessory use in the MU, Mixed Use, zoning district.

- **The subject property is located in the Mixed Used zoning district. This criterion is met.**

2. The sidewalk café must be an extension of a restaurant permitted in the district.

- **There is a proposed restaurant at this location. This criterion is met.**

3. The sidewalk café is limited to the sidewalk area directly adjacent to the restaurant frontage.

- **According to the site plan provided with the application, the tables, seating, bar seating and propane heaters will be located directly to the business frontage. The proposed four (4) tables and chairs will be placed on the south side of the building adjacent to the curb and have 13 seats located on the south side of the building adjacent to the newly constructed bar top. This criterion is met.**

4. No additional parking is required if the outdoor seating area does not exceed 30% of the restaurant floor area.

- **The restaurant is located within the Arts Overlay District; therefore, no additional parking would be required for the four (4) additional tables and 13 bar seats. This criterion is met.**

5. The license holder shall provide adequate liability coverage for the sidewalk café area. The license holder shall name the City as an additional insured.

- **The applicant has provided a copy of the liability coverage for the sidewalk café area. This criterion is met.**

6. The applicant's proposal must also meet the following design criteria in order to establish a sidewalk café (Staff's responses shown in **Bold**):

a. A minimum clear pedestrian area of five (5) feet must be maintained.

- **The sidewalk along Canal Street measures approximately 12 feet from the building to the edge of the curb. The applicant is proposing to use a six to seven-foot-wide area for the outdoor seating. There is sufficient width to maintain a five (5) foot wide pedestrian area with the proposed layout. This design criterion is met.**

b. If seating area is provided adjacent to the curb, adequate safeguards must be provided to protect patrons from vehicles.

- **The outdoor seating will be placed adjacent to the building and adjacent to the curb. a non-parking striped aera, street light pole, and large palm tree located in proximity of the tables. Canal Street has a reduced speed limit of 20 miles per hour. This design criterion is met.**

c. The sidewalk café area must be clearly delineated from the area to remain open for pedestrian traffic.

- **The applicant would need to delineate the area. The use of portable potted plants as a barrier system has been used by other Sidewalk Cafes. Staff would find the use of potted plants acceptable. The design criterion has been met.**

d. Umbrellas shall be allowed if they are contained within the sidewalk café area.

- **The applicant has proposed umbrellas with this application. The design criterion is met.**

e. Additional signs are limited to one (1) additional sign on an outdoor menu board and the business name or advertising on any umbrellas. The outdoor menu board may be two sided and may not exceed four (4) square feet per side.

- **If the applicant should decide to use a menu board, it will be limited to the size restrictions outlined above. This will be a condition of approval. This design criterion is met.**

f. Outdoor lighting, if provided, must be permanently installed in accordance with City code and be approved as part of the application. The license holder shall take any necessary precautions, including illumination, for protection of the public with particular emphasis on the period from sunrise to sunset.

- **There is no proposal for outdoor lighting. This design criterion is met.**

The following operating standards have also been established for outdoor cafes:

1. All food preparation shall be done inside the restaurant, and all food service shall comply with local and State laws.

- **The applicant has a kitchen inside the restaurant. This operating standard is met.**

2. Alcoholic beverages may be served within the license area consistent with any alcoholic beverage license in effect for the restaurant.

- **The applicant will be required to add the sidewalk café area as part of their State of Florida alcohol license. This operating standard is met.**

3. The hours of operation for the sidewalk café cannot exceed the operating hours of the business.

- **The applicant has not requested extended hours of operation for the sidewalk café. This operating standard is met.**

4. Tables, chairs, and other furniture shall be brought inside when the sidewalk café is not in operation.

- **The applicant has proposed mobile tables, chairs, propane heaters and these items will be removed when the cafe is not in operation. The bar top is attached to the wall and sidewalk. The city commission would have to approve this bar top. This operating standard would be met if approved by the City Commission.**

5. The license area shall be kept in a clean condition and the sidewalk area shall be

periodically cleaned to remove any stains or other dirt resulting from the sidewalk café operation.

- **The applicant will keep the sidewalk café area cleaned. This operating standard has been met.**

Approval of the sidewalk café will be conditioned upon compliance with the minimum operating standards (1-5 listed above). Any Approval should also include the bar top attached to the outside of the building.

Recommendation:

The bar top that has been installed to the wall and sidewalk does offer the customer a different experience than other sidewalk cafes that have been approved in the past. Staff recommends **approval** of the request to have a sidewalk café with a mixture of mobile tables, chairs, propane heaters and an affixed bar top, as a "limited activity" within the Arts Overlay District, conditioned on compliance with the minimum required operating standards.

Exhibit C

To: The City of New Smyrna Beach

From: Phil Grudzinski, Owner/Lessee of the General Public House

Dick Rosedale, Owner/Lessor, Rosedale Properties

Re: Sidewalk Cafe License Agreement

Thank you for your continuing support of small businesses here in New Smyrna Beach. It is truly an honor and privilege to be a part of such a unique place and to provide services for the local community and greater New Smyrna Beach area. To further that service, we are applying for a Sidewalk Cafe Agreement.

For the past 6 years, a Sidewalk Cafe Agreement had been in place with Dick Rosedale and the former owner of The General Public House (Chris Parsons) as parties to that agreement. The layout of the patio included 4 large wooden picnic tables with approximately 50 inches extending into the sidewalk. These tables were bolted into the sidewalk and too heavy or awkward to move inside each day.

As I took over in 2024, I invested in the beautfication of the building, including the addition of high-end windowed garage doors that open the restaurant to the outside. As the picnic tables were becoming weathered, tattered and unbecoming of customer usage, I opted to upgrade them to an outdoor granite countertop, only 24 inches deep. While like the picnic tables, they are not a permanent part of the building itself, however they are also too heavy and awkward to move inside each day.

We are therefore requesting a modification to the Sidewalk Cafe License Agreement, specifically to item 4j – tables, chairs, and other furniture shall be brought inside when the

sidewalk cafe is not in operation. We request your consideration of this matter with the following rationale:

1) We have significantly improved the curb appeal and appearance of the outside of The General Public House by removing the picnic tables and replacing them with the granite countertop.
2) We have reduced the infringement of the pedestrian area with no significant footprint from the countertop. The clearance from the countertop edge to the curb is just over 11 feet, more clearance than many areas on Canal Street.
3) We intend to remove all furniture, other than the countertop, on a daily basis. These items include chairs, bistro tables and outdoor heaters. Even when these items are present, there is still an 8.5 foot pedestrian clearance, 70% more than the recommended 5 feet of clearance.
4) Our customer base loves the innovative design and are respectful of the pedestrian right of way. While an exciting addition that does not impede pedestrian traffic, it also does not increase the pedestrian traffic from Orange to Canal, which is very low. Very few people travel between the Dixie Highway and Orange Street.

I have included on-site pictures for your review in this application file, along with the other requested documents by the Pre-Application Process.

Thank you for your consideration.

Regards,

Phil Grudzinski

Owner, The General Public House

SIDEWALK CAFE LICENSE AGREEMENT

THIS LICENSE AGREEMENT is made and entered into by the **CITY OF NEW SMYRNA BEACH**, a municipal corporation, existing under the laws of the State of Florida, hereinafter referred to as "City", **Dick Rosedale**, property owner, hereinafter referred to as "Owner" and **Phil Grudzinski** as lessee of **The General Public House, LLC (DBA The General Public House)** hereinafter referred to as "Lessee":

1. Lessee has applied to the City for a license to operate a sidewalk cafe on City sidewalks adjacent to Lessee's business. The business premises is described as follows: **501 Canal Street, New Smyrna Beach, Florida 32168.**
2. Lessee has submitted plans (EXHIBIT A) showing the proposed location of the Sidewalk Cafe, hereafter referred to as the "License Area". The City has determined that the application and proposed plan are in compliance with **SECTION 801.14** of the Land Development Regulations of The City of New Smyrna Beach.
3. The license agreement shall be valid for a period of one (1) year and may be renewed annually with the business tax receipt.
4. This License is subject to Lessee's strict compliance with the following terms and conditions:
   a. Pedestrian walkways with a minimum width of five (5) feet shall be maintained for use by the general public.
   b. The sidewalk café area must be clearly delineated from the area to remain open for pedestrian traffic.
   c. Umbrellas shall be allowed provided that the umbrellas are contained within the sidewalk café area and do not impede pedestrian traffic or vision at intersections.
   d. Additional signs are limited to one (1) additional sign on an outdoor menu board or sandwich board sign and the restaurant name or advertising on any umbrellas. The outdoor menu board or sidewalk sandwich board sign may be two-sided, not to exceed four (4) square feet per side. Any use of a sidewalk sandwich board sign must be located outside of the required five (5) foot pedestrian walkway and removed at closing time of the restaurant.
   e. Outdoor lighting, if provided, must be permanently installed in accordance with the City

code and be approved as part of the application. The license holder shall take necessary precautions, including illumination, for protection of the public with particular emphasis on the period from sunset to sunrise.

f. All food preparation shall be done inside the restaurant, and all food service shall comply with local and state laws.

g. No paper plates, napkins, or other paper products may be used for outdoor service.

h. Alcoholic beverages may be served within the license area consistent with any alcoholic beverage license in effect for the restaurant.

i. The hours of operation for the sidewalk café may not exceed the operating hours of the restaurant.

j. Tables, chairs, propane heaters, and other furniture, except attached bar, shall be brought inside when the sidewalk café is not in operation.

k. The license area shall be kept in a clean condition and the sidewalk area shall be periodically cleaned to remove any stains or other dirt resulting from the sidewalk café operation.

5. The Lessee shall maintain liability coverage for the License Area in an amount and form approved by the City Attorney of The City of New Smyrna Beach. This coverage shall name the City of New Smyrna Beach as an additional insured. Lessee shall provide proof of liability coverage prior to annual renewal of this license.

6. This License Agreement may be terminated with or without cause by written notice to the address of the Lessee contained on the application or latest written address change provided by the Lessee. The City will provide thirty (30) days written notice of termination without cause. The following shall constitute grounds for immediate termination with cause:

a. Failure to use the License Area for ninety (90) consecutive days.

b. Violation of any of the terms and conditions of this Agreement or violation of any local, State, or federal laws, ordinances, or regulations applicable to the License Area.

c. Failure to maintain the primary business use and requisite licenses

d. Violation of alcoholic beverage laws or regulations.

e. Conviction of the Lessee for a felony, or for violation of a state, federal, or local law involving moral turpitude.

7. This license may not be assigned without prior approval of the City Commission. No right, title,

or interest in the real property is conveyed by this Agreement, and Lessee's use of the property is at the pleasure of The City of New Smyrna Beach.

WHEREFORE, the parties have set their hand and seal on day of _____, 2025.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED – MANAGER OR LESSOR OF PREMISES, GRANTOR OF FRANCHISE, LESSORS OF LEASED EQUIPMENT

This endorsement modifies insurance provided under the following:

BUSINESSOWNER'S COVERAGE FORM

The following is added to Paragraph **C. Who Is An Insured** in **SECTION II – LIABILITY**:

A. Any person or organization, as described in paragraph **B.** of this endorsement, whom you are required to add as an additional insured on this policy under a written contract or written agreement is an additional insured; but the written contract or written agreement must be:

1. Currently in effect or becoming effective during the term of this policy; and

2. Executed prior to any "bodily injury", "property damage", or "personal and advertising injury".

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and

2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. Additional Insureds

1. Managers or Lessors of Premises

Managers or Lessors of Premises are additional insureds, but only with respect to their liability arising out of the ownership, maintenance or use of that part of the premises leased to you, subject to the following additional exclusions:

This insurance does not apply to:

a. Any "occurrence" which takes place after you cease to be a tenant in that premises; and

b. Structural alterations, new construction or demolition operations performed by or on behalf of the person or organization with which you have a written contract or agreement.

2. Grantor of Franchise

Grantors of a Franchise are additional insureds, but only with respect to their liability as grantor of a franchise to you.

3. Lessors of Leased Equipment

Lessors of Leased Equipment are additional insureds, but only with respect to their liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your maintenance, operation or use of equipment leased to you by such person(s) or organization(s).

With respect to the insurance afforded to these additional insureds, this insurance does not apply to any "occurrence" which takes place after the equipment lease expires.

C. With respect to the insurance afforded to these additional insureds, as described in paragraph **B.** of this endorsement, the following is added to Paragraph **D. Liability And Medical Expenses Limits Of Insurance**:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable Limits Of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits Of Insurance shown in the Declarations.

This endorsement does not change the status of any person or organization that may already be an insured under the policy.

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 22-25: CONDUCT A SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD ANNEX APPROXIMATELY 18.18 ± ACRES OF LAND LOCATED ON PAIGE AVENUE.

May 27, 2025

Background:

Applicant: Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168.

Property Owner: City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168

Request: Voluntary annexation:

- **From:** Unincorporated Volusia County.
- **To:** City of New Smyrna Beach.

Site Information:

- **Size:** 18.18 ± acres
- **Location:** South side of Paige Avenue, west of Corbin Park Road.

Tax I.D. Number: 7343-06-00-0820

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was also approved by the County on May 2, 2013. A new agreement was approved on May 2,

2022.

The subject property is within the annexation area designated in the ISBA. The subject property on Paige Avenue is un-developed. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**. Existing land uses are shown on the map attached as **Exhibit C.**

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use and zoning designations that would be as similar as possible to existing County designations. In this case, the city will assign a Conservation Future Land Use category and a Conservation zoning designation since this property was purchased by the city under the Turnbull Creek Watershed Preservation Project. The existing County FLU designation is Urban Low Intensity and Low Impact Urban. The existing County zoning designation is R-3 and R-3(1), Urban Single Family Residential. The proposed City FLU category is Conservation. The proposed City zoning designation is Conservation.

This annexation request is within the City's annexation area and within the City's water and sewer service area **(Exhibit D).** The parcel on Paige Avenue has a 12-inch PVC water main and a 20-inch PVC water main in the Paige Avenue right-of-way, there is also a 4-inch dedicated PVC sewer force main, and an 8-inch dedicated Clay sewer force main and a 20-inch reclaimed water main, but local sewer and reclaim services are not available.

A map of the soil limitations for septic systems is attached as **Exhibit E**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on Paige Avenue is un-developed with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

A map showing the subject properties incorporated into Commission Zone 4 is attached as **Exhibit F**. The ISBA map is attached as **Exhibit G**. The legal description and Special Warranty Deed are attached as **Exhibits H** and **I**. A declaration of Restricted Covenant is attached as **Exhibit J**.

The City of New Smyrna Beach purchased this property for conservation.

Recommendations:

At its regular scheduled meeting on April 7, 2025, the Planning and Zoning Board voted, 5-0, to give the City Commission a positive recommendation to approve the requested annexation application.

The Planning Department recommends that the City Commission to **approve** the requested annexation application.

SPECIAL WARRANTY DEED

THIS SPECIAL WARRANTY DEED made this 1-30-2025 by Platinum Lakes, LLC, a Florida limited liability company having its principal place of business at 424 Luna Bella Lane, Suite 112, New Smyrna Beach, FL 32168, hereinafter called the grantor, and City of New Smyrna Beach whose post office address is 210 Sams Avenue, New Smyrna Beach, FL 32168, hereinafter called the grantee:

(Wherever used herein the terms "grantor" and "grantee" include all the parties to this instrument and the heirs, legal representative and assigns of individuals, and the successors and assigns of corporations.)

WITNESSETH: That the grantor, for and in consideration of the sum of $10.00 and other valuable consideration, receipt whereof is hereby acknowledged, hereby grants, bargains, sells, aliens, remises, releases, conveys and confirms unto the grantee, all the certain land situated in County of Volusia, State of Florida, viz:

Parcel 1:

Lot 97, except the Northerly 416 feet (as measured along the East line), Block 26; and Lot 98, Block 33, DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida. TOGETHER WITH the right to use the following described road and utility easement: the Easterly 20 feet of Lot 82 and the Easterly 20 feet of the Northerly 416 feet of Lot 97, Block 26, said DOUGHERTY'S SUBDIVISION.

Parcel 2:

Lot 82 and the Northerly 416 feet (as measured along the East line) of Lot 97, Block 26; DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida.

The Easterly 20 feet of said parcel is reserved as an easement for egress and ingress and utilities.

Subject to encumbrances, easements and restrictions of record and taxes accruing subsequently to 2024.

TOGETHER with all the tenements, hereditaments and appurtenances thereto belonging or in any wise appertaining.

TO HAVE AND TO HOLD the same in Fee Simple forever.

SPECIAL WARRANTY DEED
(continued)

AND the grantor hereby covenants with said grantee that the grantor is lawfully seized of said land in Fee Simple; that the grantor has good right and lawful authority to sell and convey said land; and hereby warrants the title to said land and will defend the same against the lawful claims of all persons claiming by, through or under the said grantor.

IN WITNESS WHEREOF, the undersigned have executed this document on the date(s) set forth below.

DEDICATION TO PUBLIC USE
And
DECLARATION OF RESTRICTIVE CONVENANTS

THIS DEDICATION TO PUBLIC USE and DECLARATION OF RESTRICTIVE COVENANTS ("DDRC") is made this 19th day of February, 2025, by the City of New Smyrna Beach ("Owner").

THIS DEDICATION TO PUBLIC USE AND DECLARATION OF RESTRICTIVE COVENANTS IS PURSUANT TO THE FOLLOWING:

WHEREAS, this Owner is the sole owner in fee simple of certain real property ("Property") located in Volusia County, Florida which is legally describe as:

"LOT 82 &N 416 FT OF LOT 97 NAPIER & HULL GRANT PER OR 4668 PG 2992 PER OR 7225 PG 0490"

WHEREAS, the purpose of this DDRC is to dedicate the property to public use and set forth the covenants and restrictions; and

WHEREAS, the Owner make this DDRC to prevent adverse impacts to natural resources, fish and wildlife, and wetlands; and

WHEREAS, it is the purpose of this DDRC, and is the Owner's intent, to place restrictions, covenants and conditions on the Property to retain land or water areas in their natural conditions; and

WHEREAS, it is the purpose of this DDRC, to prevent the use or development of the Property for any purpose or in any manner that would conflict with the maintenance of the Property in its natural conditions; and

NOW THEREFORE, the Owner hereby unconditionally and irrevocably declares and covenants that the property shall be held and subject to the restrictions and conditions as set forth herein, that shall constitute a perpetual servitude on the Property, run with the Property, and be binding on all parties that have or shall have any right, title or interest in the Property:

I. DURATION AND APPLICABILITY

Duration. This DDRC begins upon the last date of the last signature on this document. It is the intention of the Owners that the restrictions contained in this DDRC shall run with the land and with the title to the Property in perpetuity and shall apply to and be binding upon and inure to the benefit of the successors and assigns of the Owner and to any and all parties hereafter having any right, title or interest in the Property or any part thereof.

Applicability. Every provision of this DDRC that applies to the Owner shall also apply to their respective agents, heirs, executors, administrators, assigns, and all other successors as their interests may appear.

II. PROHIBITED AND RESTRICTED ACTIVITIES

Any activity on, or use of, the Property inconsistent with the purposes of this DDRC is prohibited. The Property shall be maintained in its natural, scenic and open condition and restricted from any development or use that would impair or interfere with the conservation purposes of this DDRC.

Except for activities that are permitted or required to help maintain the natural land and resources on the Property or any activity or modification that may be necessary to prevent any potential flooding in surrounding areas. Without limiting the generality of the foregoing, the following activities are expressly prohibited in or on the Property:

a) Construction or placing of buildings, roads, signs, billboards or other advertising, utilities, or other structures on or above the ground;

b) Dumping or placing of soil or other substance or material as landfill or dumping or placing of trash, waste, or unsightly or offensive materials;

c) Removing, destroying, or trimming trees, shrubs, or other vegetation, except:
   i. The removal of dead trees and shrubs or leaning trees that could cause damage property is authorized;

   ii. The destruction and removal of noxious, nuisance or exotic invasive plant species as listed on the most recent Florida Exotic Pest Plant Council's List of Invasive Species is authorized;

c) Excavation, dredging, or removal of loam, peat, gravel, soil, rock, or other material substance in such manner as to affect the surface;

d) Surface use except for purposes that permit the land or water area to remain predominantly in its natural or enhanced condition;

e) Activities detrimental to drainage, flood control, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation including, but not limited to, ditching, diking and fencing;

f) Acts or uses detrimental to such aforementioned retention of land or water areas; and

g) Acts or uses which are detrimental to the preservation of the structural integrity or physical appearance of sites or properties having historical, archaeological, or cultural significance.

III. RECORDING AND APPROVAL OF DEDICATION AND DECLARATION OF RESTRICTIVE COVENANTS

Upon execution, the Owner shall cause this Dedication and Declaration of Restrictive Covenants to be recorded and filed in the official public records of Volusia County, Florida, within thirty (30) days of execution. The Owner will pay all fees and charges incurred in connection therewith.

IV. MISCELLANEOUS

Owner's Rights. The Owner, its successors and assigns, reserves all rights as owner of the Property, including the right to engage in uses of the Property that are not prohibited herein and that are not inconsistent with the intent and purposes of this DDRC. Passive recreational uses that are not contrary to the purpose of this Restrictive Covenant may be permitted.

Termination or Modification. This DDRC shall not be terminated or modified without an express unanimous vote by the City Commission of the City of New Smyrna Beach.

Entire Agreement. This instrument sets forth the entire agreement of this DDRC.

Severability. If any provision of this DDRC or the application thereof to any person or circumstances is found to be invalid, the remainder of the provisions of this DDRC shall not be affected thereby, as long as the purpose of the DDRC is preserved.

Terms and Restrictions. The Owner shall insert the terms and restrictions of this Declaration in any subsequent deed or other legal instrument by which Owner divests itself of any interest in the Property.

Binding Effect in Perpetuity. The terms, conditions, restrictions and purposes imposed with this DDRC shall be binding upon Owner and shall run in perpetuity with the Property.

Owner states that Owner is lawfully seized of said Property in fee simple; that the Property is free and clear of all encumbrances that are inconsistent with the terms of this DDRC; all mortgages and liens on the Property, if any, have been subordinated to this DDRC; and that the owner has good right and lawful authority to make this DDRC.

IN WITNESS WHEREOF, the Owner hereto have duly executed this Dedication and Declaration of Restrictive Covenants.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 22-25 Annexing Paige Ave.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

ORD 22-25 annexes land into the City for preservation under the Turnbull Creek Referendum Bond

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

No direct economic impact on private for-profit businesses in the City.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

None

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 22-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH ANNEXING 18.2± ACRES OF PROPERTY GENERALLY LOCATED SOUTH OF PAIGE AVENUE, WEST OF CORBIN PARK ROAD, AT THE TERMINUS OF WILDWOOD AND SOUTH TIMBERLANE DRIVES; PROVIDING FOR REDEFINING BOUNDARIES OF THE CITY; DESIGNATING THE PROPERTY WITHIN COMMISSION ZONE 4; PROVIDING FOR PUBLIC HEARING; PROVIDING FOR REQUIRED FILINGS; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168, applicant on behalf of City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168, property owner, has requested the annexation of 18.2± acres of property generally located south of Paige Avenue, west of Corbin Park Road at the terminus of Wildwood and South Timberlane Drives; and

WHEREAS, the Planning and Zoning Board, at its regularly scheduled meeting on April 7, 2025, by a vote of 5-0, recommended that the City Commission approve the requested annexation; and

WHEREAS, the City Commission of the City of New Smyrna Beach is desirous of annexing the real property described in the first paragraph above, and the City Commission hereby finds and determines that the petition for annexation bears the signature of the owner of the property in the area proposed to be annexed, and the property is within the Interlocal Service Boundary Agreement area.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Annexation.*** That the real property is located in Volusia County, State of Florida, legally described as:

SEE EXHIBIT "A" LEGAL DESCRIPTION AND LOCATION MAP ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

and to the centerline of all surrounding rights-of-way shall be and the same is hereby annexed into the City of New Smyrna Beach and made a part hereof pursuant to §171.044(1)-(2) and §171.204, F.S.

SECTION 2: ***Boundary Adjustment.*** That the boundary lines of the City of New Smyrna Beach shall be and the same are hereby redefined and shall hereinafter read as follows:

SEE EXHIBIT "B" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 3: ***Commission Zone.*** That the real properties annexed shall become a part of Zone 4. New Smyrna Beach Charter, §3.07.

SEE EXHIBIT "C" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 4: ***Public Hearing.*** It is hereby found that a public hearing held by the City Commission to consider adoption of this ordinance on May 27, 2025 at 6:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published once a week for two consecutive weeks and provided to the County Council by certified mail is deemed to comply with Section 171.044, F.S.

SECTION 5: ***Filing.*** That within SEVEN (7) days after adoption, this ordinance shall be filed by the City Clerk with the Clerk of the Circuit Court, the County Manager and the Florida Department of State. The City Clerk shall file with this ordinance a map which clearly shows the annexed area and a complete legal description of that area by metes and bounds. §171.044(3), F.S.

SECTION 6: ***Charter Revisions to the Department of State***. The Charter Boundary Article shall be revised to reflect the changes in the municipal boundaries resulting from this annexation and shall be filed as a revision of the City Charter with the Florida Department of State within THIRTY (30) days. A copy of such revision must be submitted to the Office of Economic and Demographic Research along with a statement specifying the population census effect and the affected land area. §171.091, F.S.

SECTION 7: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 8: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 9: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 10: ***Effective Date.*** That this ordinance shall become effective 60 days after its final adoption.

APPROVED AS TO FORM AND CORRECTNESS:

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 23-25: CONDUCT A SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD PROPOSE A SMALL-SCALE *COMPREHENSIVE PLAN* AMENDMENT FOR PROPERTY LOCATED ON PAIGE AVENUE, CHANGING THE FUTURE LAND USE CATEGORY TO CONSERVATION AS PART OF AN OVERALL ANNEXATION APPLICATION.

May 27, 2025

Background:

Applicant: Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168.

Property Owner: City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168

Request: Small-Scale *Comprehensive Plan* amendment:

- **From:** Volusia County Future Land Use (FLU) category of Urban Low Intensity and Low Impact Urban.
- **To:** City FLU category of Conservation.

Site Information:

- **Size:** 18.18 ± acres
- **Location:** South side of Paige Avenue, west of Corbin Park Road.

Tax I.D. Number: 7343-06-00-0820

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was

also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property on Paige Avenue is un-developed. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**.

The existing Volusia County Future Land Use (FLU) category of the subject property is shown on the following map as **Exhibit C**. The text description of the existing Future Land Use designation for the subject property is attached as **Exhibit D**. Existing land uses are shown on the map attached as **Exhibit E**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use and zoning designations that would be as similar as possible to existing County designations. In this case, the city will assign a Conservation Future Land Use category and a Conservation zoning designation since this property was purchased by the city under the Turnbull Creek Watershed Preservation Project. As discussed above, the existing County FLU designation is Urban Low Intensity and Low Impact Urban. The existing County zoning designation is R-3 and R-3(1), Urban Single Family Residential. The proposed City FLU category is Conservation. The proposed City zoning designation is Conservation. A text description of the proposed City Conservation Future Land Use category is attached as **Exhibit F,** with a map of this proposed change also attached as **Exhibit G**.

This annexation request is within the City's annexation area and within the City's water and sewer service area **(Exhibit H).** The parcel on Paige Avenue has a 12-inch PVC water main and a 20-inch PVC water main in the Paige Avenue right-of-way, there is also a 4-inch dedicated PVC sewer force main, and an 8-inch dedicated Clay sewer force main and a 20-inch reclaimed water main, but local sewer and reclaim services are not available.

A map of the soil limitations for septic systems is attached as **Exhibit I**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on Paige Avenue is un-developed with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

There are numerous *Comprehensive Plan* maps that must be amended to incorporate the subject property into the *Comprehensive Plan* (see **Exhibits J through V)**. A map showing the subject properties incorporated into Commission Zone 4 is attached as **Exhibit W**. The ISBA map is attached as **Exhibit X**. The legal description and Special Warranty Deed are attached as **Exhibits Y** and **Z**. A declaration of Restricted Covenant is attached as **Exhibit AA**.

The City of New Smyrna Beach purchased this property for conservation.

Recommendations:

At its regular scheduled meeting on April 7, 2025, the Planning and Zoning Board voted, 5-0, to give a positive recommendation to the City Commission to **approve** the requested Small Scale *Comprehensive Plan* amendment amending the Future Land Use to City Conservation as part of an overall annexation application.

The Planning Department recommends the City Commission to **approve** the requested Small Scale *Comprehensive Plan* amendment amending the Future Land Use to City Conservation as part of an overall annexation application.

EXISTING FUTURE LAND USE DESIGNATIONS

A-3-25

Low Impact Urban (LIU) –

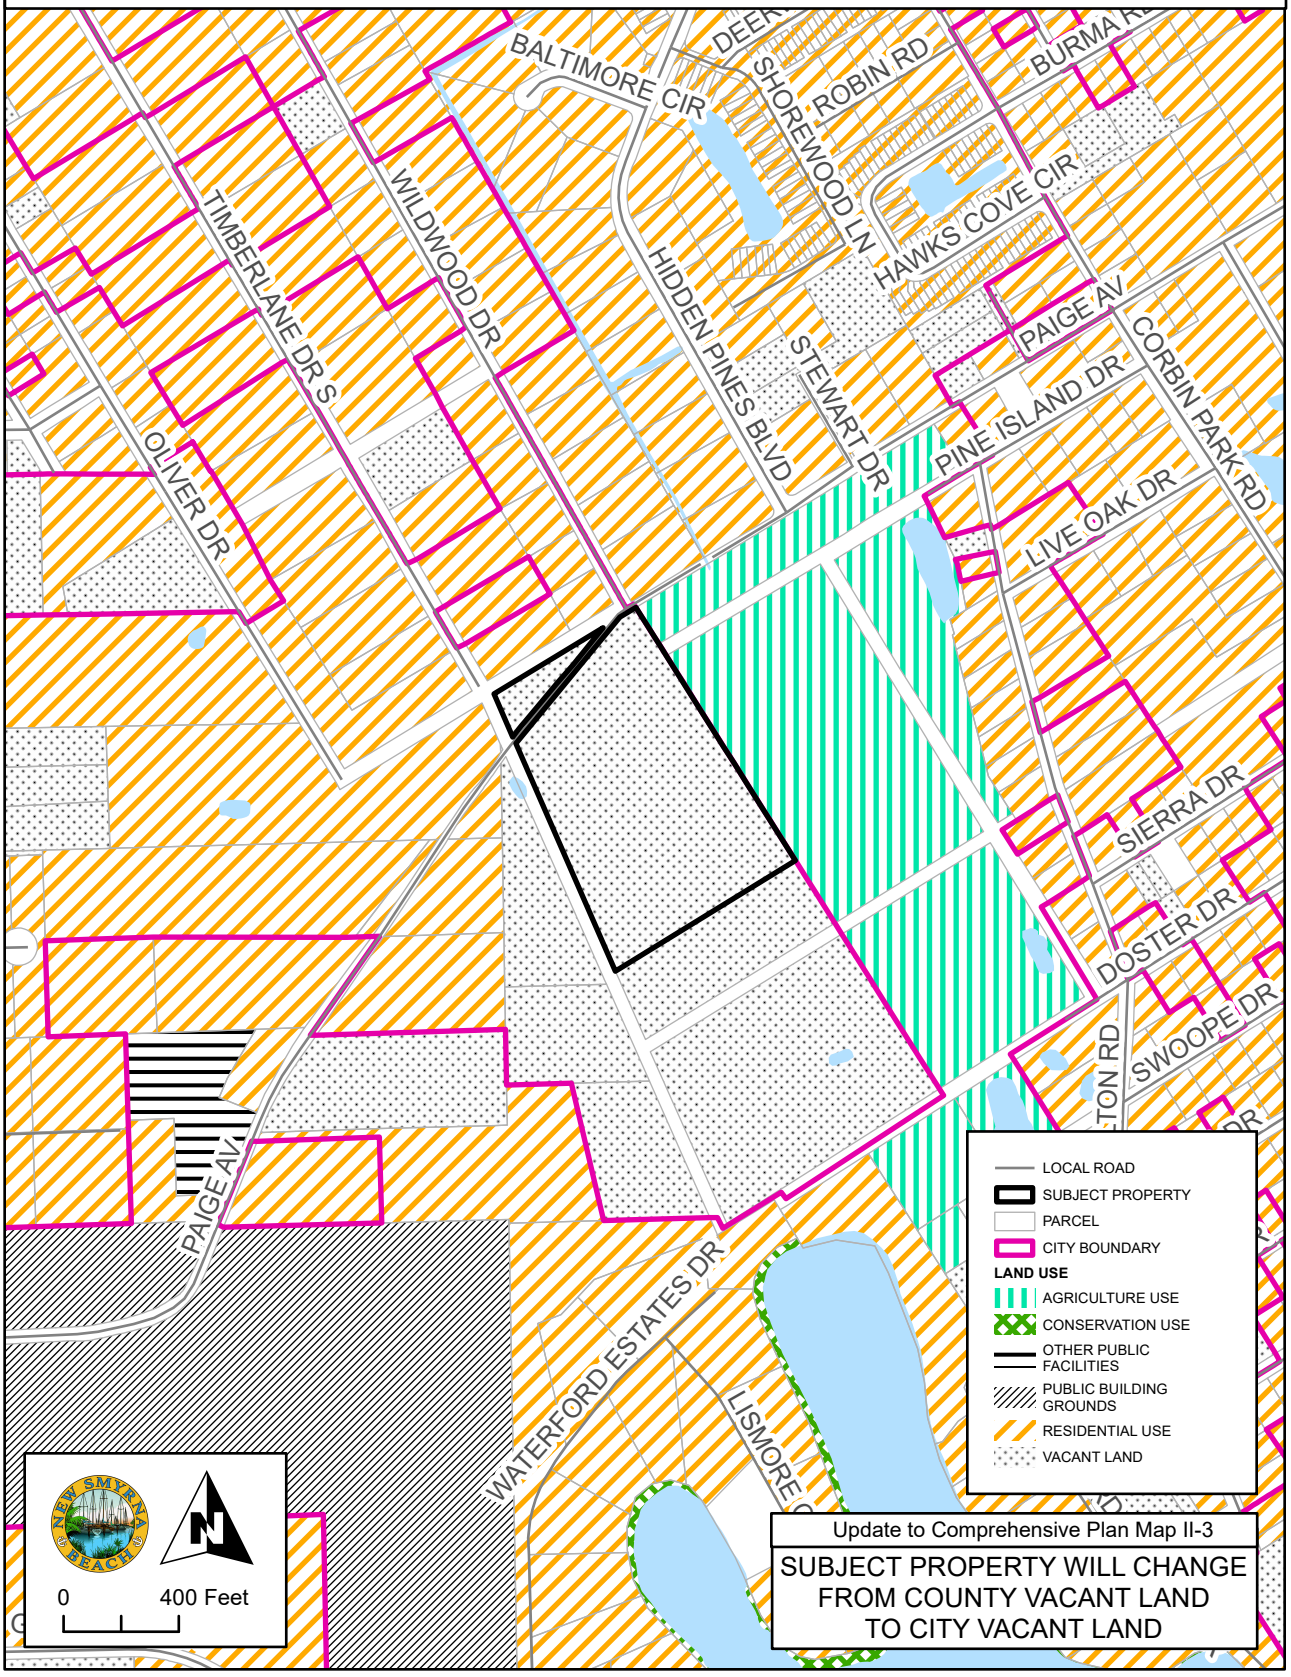
This designation consists of lands which are determined to be suitable for urban type development and are adjacent to existing urban development. Lands designated LIU serve as a transition between highly protected natural resource areas and existing urban development. The LIU is primarily a residential designation but may allow limited commercial development. Sites within this designation may be determined to be suitable for urban type development only if they meet the following criteria:

(1) The Planned Unit Development zoning process will be used to implement the LIU provisions if the applicant proposes more intense uses than what is allowed. For proposals that do not propose a density increase, straight rezoning is allowed.
(2) The site is serviced by central utilities at the time of application for development approval.
(3) The gross residential density does not exceed one (1) dwelling unit per acre.
(4) At least twenty percent (20%) of the total development site is set aside for the preservation of upland habitat sited in an ecologically strategic manner (e.g., adjacent to wetlands).
(5) Encroachment into wetlands and wetland buffers shall be avoided to the maximum extent practicable.
(6) Residential developments should be clustered.
(7) Low intensity, commercial development may be allowed in the LIU designation only if it meets the following additional criteria:

    (a) The development does not exceed a Floor Area Ratio of thirty-five percent (0.35 FAR).
    (b) The proposed use is ancillary to residential development in the immediate area. Nonresidential developments intended to serve the community or regional market area (see Shopping Center definition in Chapter 20) are not allowed in the LIU.
    (c) The buildings within the development are clustered.

(8) In order to protect environmental resources and ensure neighborhood compatibility, commercial development proposals may also be required to:

    (a) Use stricter lot coverage or impervious surface ratios. Chapter 1 Page 10 of 165 April 4, 2024 (through CPA 23-006)
    (b) Provide increased landscape buffers and/or open space requirements.
    (c) Reduce the amount of parking on-site either through adjusted parking ratios or reduced parking space size.
    (d) Limit the type of commercial uses allowed



Urban Low Intensity (ULI) – Areas for low density residential dwelling units of up to four (4) dwelling units per acre. In reviewing rezoning requests, the specific density will depend on locational factors, particularly compatibility with adjacent uses and availability of public facilities. This residential designation is generally characterized by single family type housing, e.g., single family detached and attached, cluster and zero lot line. This designation will allow existing agricultural zoning and uses to continue.

The ULI designation is primarily a residential designation but may also allow neighborhood convenience uses (see Shopping Center definition in Chapter 20) and individual office buildings as transitional uses that meet the Comprehensive Plan's location criteria. The commercial intensity shall be limited to no more than a fifty percent Floor Area Ratio (0.50 FAR) and in a manner to be compatible with the allowable residential density. In order to be considered compatible, the commercial development should be oriented to serve adjacent neighborhoods, reflect comparable traffic generation, similar traffic patterns, building scale, landscaping and open space and buffers. Due to the nature of some of the commercial uses, additional landscaping and visual screening shall be provided through the BPUD process when adjacent to low density residential in order to preserve the character of the neighborhood. More intensive neighborhood commercial use shall be reserved to areas designated for Commercial.

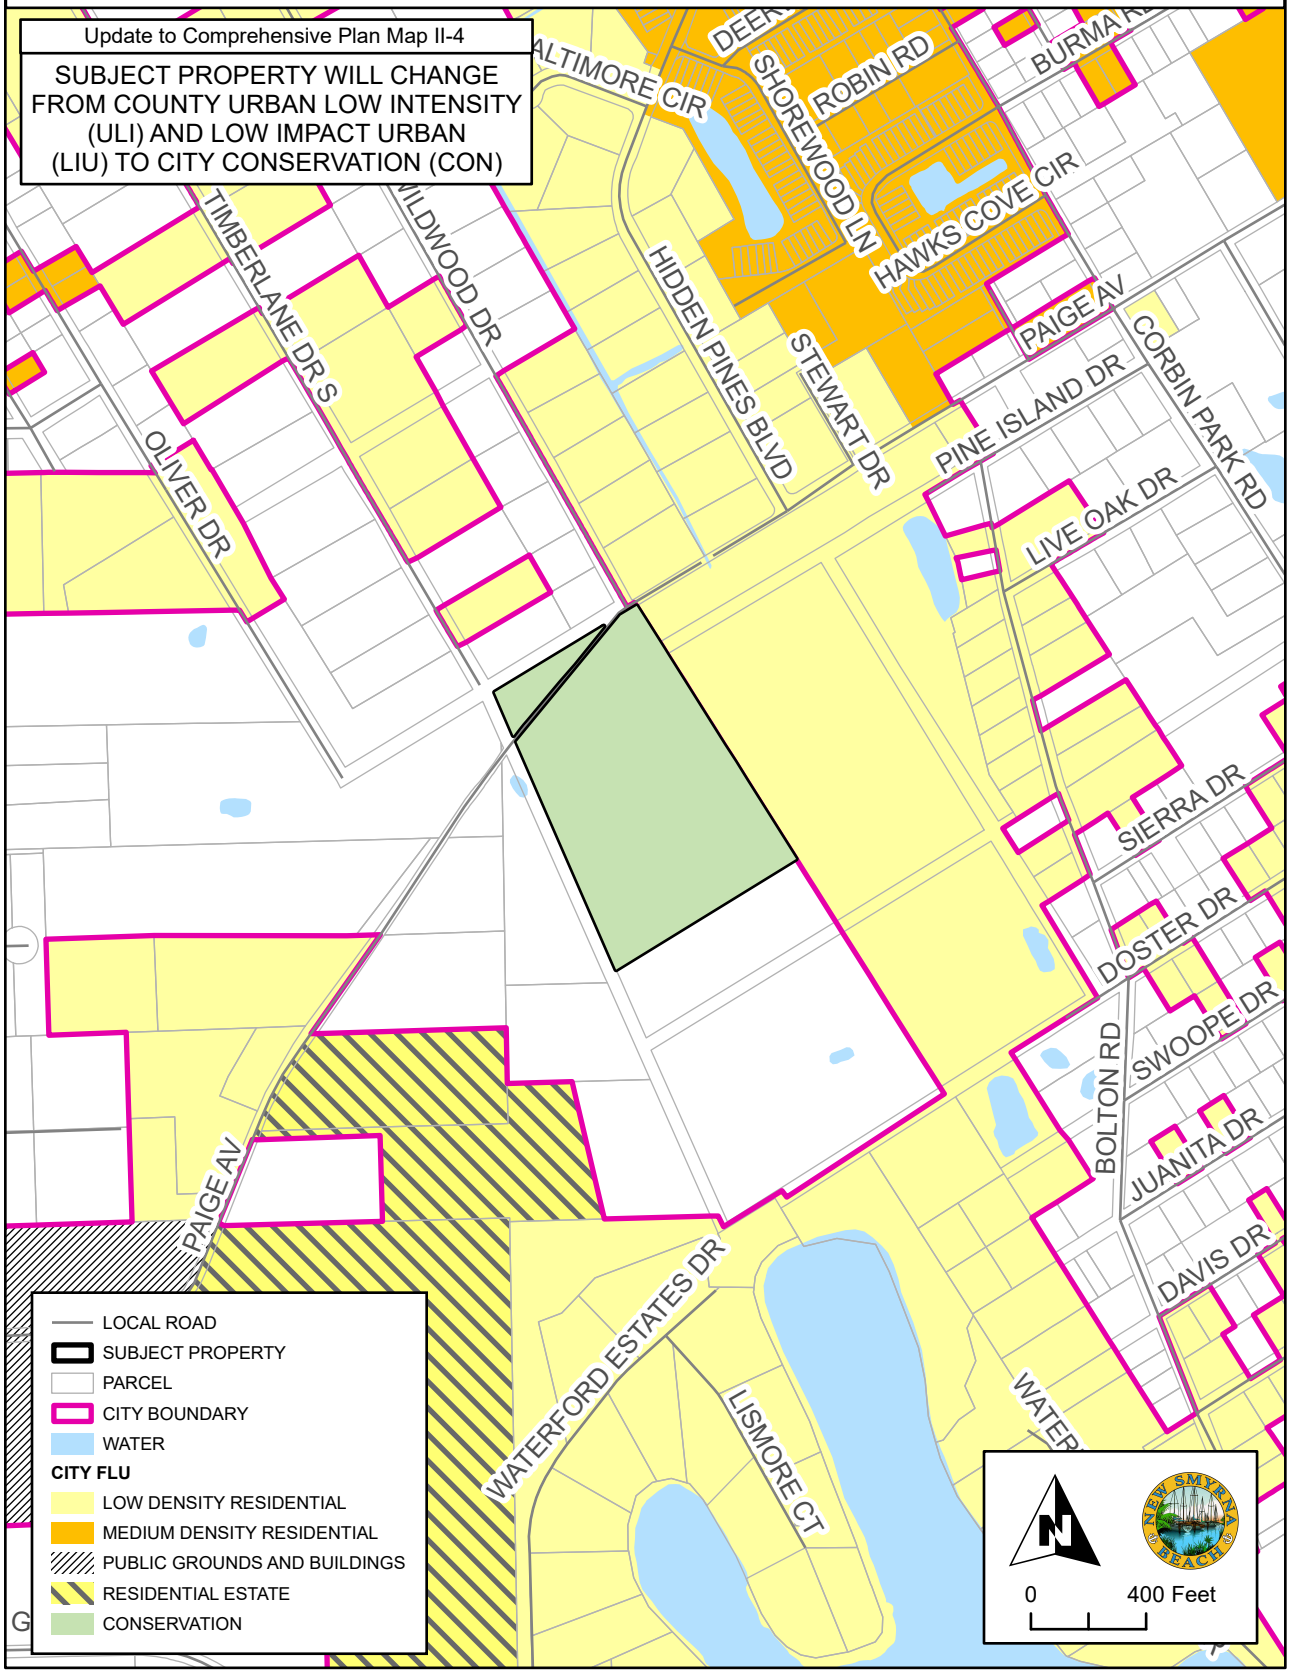
All requests for nonresidential uses within one-quarter (¼) mile of another jurisdiction shall require notification to that jurisdiction.

EXISTING LAND USE DESIGNATIONS

A-3-25

CONSERVATION

Maximum allowed Floor Area Ratio (FAR): 0.10



The general boundaries of those areas known to require environmental protection from development have been designated as conservation on the Future Land Use Map.

Designations are based on the best information available. Owners of lands designated as conservation on the Future Land Use Map may petition the City to adjust the boundaries of the conservation zone based upon a qualified biologist's determination of the boundaries made in accordance with §701.07 of the *Land Development Regulations*.

The Planning and Zoning Department shall review the owner's petition and automatically adjust the Future Land Use Map to correctly represent said area and upland buffer. The Local Planning Agency's approval shall be required if the area to be changed is greater than five (5) acres. Environmentally sensitive areas shall include, but not be limited to, jurisdictional wetlands, wetland buffers, uplands included as part of designated environmental corridors, and public beaches.

SPECIAL WARRANTY DEED

THIS SPECIAL WARRANTY DEED made this 1-30-2025 by Platinum Lakes, LLC, a Florida limited liability company having its principal place of business at 424 Luna Bella Lane, Suite 112, New Smyrna Beach, FL 32168, hereinafter called the grantor, and City of New Smyrna Beach whose post office address is 210 Sams Avenue, New Smyrna Beach, FL 32168, hereinafter called the grantee:

(Wherever used herein the terms "grantor" and "grantee" include all the parties to this instrument and the heirs, legal representative and assigns of individuals, and the successors and assigns of corporations.)

WITNESSETH: That the grantor, for and in consideration of the sum of $10.00 and other valuable consideration, receipt whereof is hereby acknowledged, hereby grants, bargains, sells, aliens, remises, releases, conveys and confirms unto the grantee, all the certain land situated in County of Volusia, State of Florida, viz:

Parcel 1:

Lot 97, except the Northerly 416 feet (as measured along the East line), Block 26; and Lot 98, Block 33, DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida. TOGETHER WITH the right to use the following described road and utility easement: the Easterly 20 feet of Lot 82 and the Easterly 20 feet of the Northerly 416 feet of Lot 97, Block 26, said DOUGHERTY'S SUBDIVISION.

Parcel 2:

Lot 82 and the Northerly 416 feet (as measured along the East line) of Lot 97, Block 26; DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida.

The Easterly 20 feet of said parcel is reserved as an easement for egress and ingress and utilities.

Subject to encumbrances, easements and restrictions of record and taxes accruing subsequently to 2024.

TOGETHER with all the tenements, hereditaments and appurtenances thereto belonging or in any wise appertaining.

TO HAVE AND TO HOLD the same in Fee Simple forever.

SPECIAL WARRANTY DEED
(continued)

AND the grantor hereby covenants with said grantee that the grantor is lawfully seized of said land in Fee Simple; that the grantor has good right and lawful authority to sell and convey said land; and hereby warrants the title to said land and will defend the same against the lawful claims of all persons claiming by, through or under the said grantor.

IN WITNESS WHEREOF, the undersigned have executed this document on the date(s) set forth below.

DEDICATION TO PUBLIC USE
And
DECLARATION OF RESTRICTIVE CONVENANTS

THIS DEDICATION TO PUBLIC USE and DECLARATION OF RESTRICTIVE COVENANTS ("DDRC") is made this 19th day of February, 2025, by the City of New Smyrna Beach ("Owner").

THIS DEDICATION TO PUBLIC USE AND DECLARATION OF RESTRICTIVE COVENANTS IS PURSUANT TO THE FOLLOWING:

WHEREAS, this Owner is the sole owner in fee simple of certain real property ("Property") located in Volusia County, Florida which is legally describe as:

"LOT 82 &N 416 FT OF LOT 97 NAPIER & HULL GRANT PER OR 4668 PG 2992 PER OR 7225 PG 0490"

WHEREAS, the purpose of this DDRC is to dedicate the property to public use and set forth the covenants and restrictions; and

WHEREAS, the Owner make this DDRC to prevent adverse impacts to natural resources, fish and wildlife, and wetlands; and

WHEREAS, it is the purpose of this DDRC, and is the Owner's intent, to place restrictions, covenants and conditions on the Property to retain land or water areas in their natural conditions; and

WHEREAS, it is the purpose of this DDRC, to prevent the use or development of the Property for any purpose or in any manner that would conflict with the maintenance of the Property in its natural conditions; and

NOW THEREFORE, the Owner hereby unconditionally and irrevocably declares and covenants that the property shall be held and subject to the restrictions and conditions as set forth herein, that shall constitute a perpetual servitude on the Property, run with the Property, and be binding on all parties that have or shall have any right, title or interest in the Property:

I. DURATION AND APPLICABILITY

Duration. This DDRC begins upon the last date of the last signature on this document. It is the intention of the Owners that the restrictions contained in this DDRC shall run with the land and with the title to the Property in perpetuity and shall apply to and be binding upon and inure to the benefit of the successors and assigns of the Owner and to any and all parties hereafter having any right, title or interest in the Property or any part thereof.

Applicability. Every provision of this DDRC that applies to the Owner shall also apply to their respective agents, heirs, executors, administrators, assigns, and all other successors as their interests may appear.

II. PROHIBITED AND RESTRICTED ACTIVITIES

Any activity on, or use of, the Property inconsistent with the purposes of this DDRC is prohibited. The Property shall be maintained in its natural, scenic and open condition and restricted from any development or use that would impair or interfere with the conservation purposes of this DDRC.

Except for activities that are permitted or required to help maintain the natural land and resources on the Property or any activity or modification that may be necessary to prevent any potential flooding in surrounding areas. Without limiting the generality of the foregoing, the following activities are expressly prohibited in or on the Property:

a) Construction or placing of buildings, roads, signs, billboards or other advertising, utilities, or other structures on or above the ground;

b) Dumping or placing of soil or other substance or material as landfill or dumping or placing of trash, waste, or unsightly or offensive materials;

c) Removing, destroying, or trimming trees, shrubs, or other vegetation, except:
   i. The removal of dead trees and shrubs or leaning trees that could cause damage property is authorized;

   ii. The destruction and removal of noxious, nuisance or exotic invasive plant species as listed on the most recent Florida Exotic Pest Plant Council's List of Invasive Species is authorized;

c) Excavation, dredging, or removal of loam, peat, gravel, soil, rock, or other material substance in such manner as to affect the surface;

d) Surface use except for purposes that permit the land or water area to remain predominantly in its natural or enhanced condition;

e) Activities detrimental to drainage, flood control, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation including, but not limited to, ditching, diking and fencing;

f) Acts or uses detrimental to such aforementioned retention of land or water areas; and

g) Acts or uses which are detrimental to the preservation of the structural integrity or physical appearance of sites or properties having historical, archaeological, or cultural significance.

III. RECORDING AND APPROVAL OF DEDICATION AND DECLARATION OF RESTRICTIVE COVENANTS

Upon execution, the Owner shall cause this Dedication and Declaration of Restrictive Covenants to be recorded and filed in the official public records of Volusia County, Florida, within thirty (30) days of execution. The Owner will pay all fees and charges incurred in connection therewith.

IV. MISCELLANEOUS

Owner's Rights. The Owner, its successors and assigns, reserves all rights as owner of the Property, including the right to engage in uses of the Property that are not prohibited herein and that are not inconsistent with the intent and purposes of this DDRC. Passive recreational uses that are not contrary to the purpose of this Restrictive Covenant may be permitted.

Termination or Modification. This DDRC shall not be terminated or modified without an express unanimous vote by the City Commission of the City of New Smyrna Beach.

Entire Agreement. This instrument sets forth the entire agreement of this DDRC.

Severability. If any provision of this DDRC or the application thereof to any person or circumstances is found to be invalid, the remainder of the provisions of this DDRC shall not be affected thereby, as long as the purpose of the DDRC is preserved.

Terms and Restrictions. The Owner shall insert the terms and restrictions of this Declaration in any subsequent deed or other legal instrument by which Owner divests itself of any interest in the Property.

Binding Effect in Perpetuity. The terms, conditions, restrictions and purposes imposed with this DDRC shall be binding upon Owner and shall run in perpetuity with the Property.

Owner states that Owner is lawfully seized of said Property in fee simple; that the Property is free and clear of all encumbrances that are inconsistent with the terms of this DDRC; all mortgages and liens on the Property, if any, have been subordinated to this DDRC; and that the owner has good right and lawful authority to make this DDRC.

IN WITNESS WHEREOF, the Owner hereto have duly executed this Dedication and Declaration of Restrictive Covenants.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 23-25 Small Scale Paige Ave.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

ORD 23-25 revises the City's Comprehensive Plans to show this conservation land in the City's boundaries.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

No direct economic impact on private for-profit businesses in the City.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

None

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 23-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH AMENDING THE COMPREHENSIVE PLAN; CHANGING THE FUTURE LAND USE DESIGNATION OF 18.2± ACRES OF PROPERTY GENERALLY LOCATED SOUTH OF PAIGE AVENUE, WEST OF CORBIN PARK ROAD, AT THE TERMINUS OF WILDWOOD AND SOUTH TIMBERLANE DRIVES, FROM VOLUSIA COUNTY *URBAN LOW INTENSITY* AND *LOW IMPACT URBAN* TO CITY *CONSERVATION*; PROVIDING FOR AMENDMENT OF THE ASSOCIATED COMPREHENSIVE PLAN MAPS TO SHOW THE AREA INCORPORATED INTO THE CITY; PROVIDING FOR PUBLIC HEARING; PROVIDING FOR CONFLICTING ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168, applicant on behalf of City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168, property owner, has requested the City of New Smyrna Beach amend its Comprehensive Plan, Future Land Use Map II-4 to change the land use designation of 18.2± acres of property generally located south of Paige Avenue, west of Corbin Park Road, at the terminus of Wildwood and South Timberlane Drives, from Volusia County *Urban Low Intensity* and *Low Impact Urban* to City *Conservation*; to amend City Neighborhood Map II-1 to show the subject property is located within the Lake Waterford Estates Neighborhood; to amend Flood Prone Areas Map II-2 to show the subject property is within the FEMA Flood Zone AE and Zone X Unshaded; to amend Existing Land Use Designations Map II-3 to show the subject property will change from Volusia County *Vacant Land* to City *Vacant Land* to amend Existing Level of Service-2009 Map III-1 to show the subject property is served by a Class B level of service roadway to the north and a local road to the north; to amend Existing Traffic Lanes-2009 Map III-2 to show the subject property is served by a 4-lane roadway to the north and a local road to the north; to amend Public Transit Routes Map III-3 to show the subject property is served by public transit routes located throughout the City; to amend Bicycle and Pedestrian Facilities Map III-4 to show the subject property is served by bicycle and pedestrian facilities located throughout the City; to amend Airport Runway Protection Zones Map III-5 to show the subject property is within the height notification zone, and is not within the noise impact zone, the building restriction zone, or the runway protection zone; to amend Evacuation Routes Map III-6 to show the subject property is served by evacuation routes located throughout the City; to amend Level of Service-2025 Map III-7 to show the subject property is served by Class D level of service roadway to the north and a local road to the north; to amend Number of Traffic Lanes-2025 Map III-8 to show the subject property is served by a 4-lane roadway to the north and a local road to the north; amend Water & Sewer Service Area Map VII-1 to show the subject property is within the City and inside the New Smyrna Beach water and sewer service area; to amend Soil Limitation for Septic Systems Map VII-2 to show the subject property is within the

slight limitations; to amend Coastal High Hazard Area Map VII-4 to show the subject property is not within the Coastal High Hazard Area; to amend Boat Slip Siting Map VIII-2 to show the subject property is not located within a boat slip siting restricted zone; to amend City Parks Map X-1 to show the subject property is within the City and served by neighborhood and community parks; to amend Commission Zones Map Z-1 to show the subject property is located in City Commission Zone 4; and

WHEREAS, the Planning and Zoning Board, sitting as the City's Local Planning Agency, held an advertised public hearing pursuant to §163.3174(4), Fla. Stat., on April 7, 2025, and by a vote of 5-0 recommended that the City Commission approve the proposed Plan Amendment; and

WHEREAS, the proposed Amendment is from Volusia County *Urban Low Intensity* and *Low Impact Urban* to City *Conservation* land use of FIFTY (50) acres or fewer. §163.3187(1)(a), Fla. Stat.; and

WHEREAS, the proposed Amendment does not involve a text change to the goals, policies, and objectives of the City's Comprehensive Plan, but only propose a land use change to the future land use map for a site-specific small-scale development activity. §163.3187(1)(c), Fla. Stat.; and

WHEREAS, the proposed Amendment is not located within an area of critical state concern. §163.3187(1)(d), Fla. Stat.; and

WHEREAS, the City Commission finds that the proposed Amendment qualifies as a Plan Amendment directly related to small-scale development activities within the meaning of §163.3187(1), Fla. Stat.; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to amend its Comprehensive Plan as more particularly set forth hereinafter.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Land Use Amendment.*** That the Comprehensive Plan, **Future Land Use Map II-4**, is hereby amended by changing the land use designations for real property located in Volusia County, Florida, described as:

SEE EXHIBIT "A" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

from Volusia County *Urban Low Intensity* and *Low Impact Urban* to City *Conservation.*

SECTION 2: ***Map Amendment.*** That the Comprehensive Plan, **Neighborhoods Map II-1**, is hereby amended to show the subject property is within the Lake Waterford Estates Neighborhood.

SEE EXHIBIT "B" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 3: ***Map Amendment.*** That the Comprehensive Plan, **Flood Prone Area Map II-2**, is hereby amended to show the subject property is within FEMA Flood Zone AE and Zone X Unshaded.

SEE EXHIBIT "C" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 4: ***Map Amendment.*** That the Comprehensive Plan, **Existing Land Use Designations Map II-3**, is hereby amended to show the subject property will change from County *Vacant Land* to City *Vacant Land.*

SEE EXHIBIT "D" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 5: ***Map Amendment.*** That the Comprehensive Plan, **Existing Level of Service-2009 Map III-1**, is hereby amended to show the subject property is served by a Class B level of service roadway to the north and a local road to the north.

SEE EXHIBIT "E" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 6: ***Map Amendment.*** That the Comprehensive Plan, **Existing Traffic Lanes-2009 Map III-2,** is hereby amended to show the subject property is served by a 4-lane roadway to the north and a local road to the north.

SEE EXHIBIT "F" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 7: ***Map Amendment.*** That the Comprehensive Plan, **Public Transit Routes Map III-3,** is hereby amended to show the subject property is served by public transit routes located throughout the City.

SEE EXHIBIT "G" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 8: ***Map Amendment.*** That the Comprehensive Plan, **Bicycle and Pedestrian Facilities Map III-4**, is hereby amended to show the subject property is served by bicycle and pedestrian facilities located throughout the City.

SEE EXHIBIT "H" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 9: ***Map Amendment.*** That the Comprehensive Plan, **Airport Runway Protection Zones Map III-5**, is hereby amended to show the subject property is within the height notification zone, and is not within the noise impact zone, the building restriction zone, or the runway protection zone.

SEE EXHIBIT "I" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 10: ***Map Amendment.*** That the Comprehensive Plan, **Evacuation Routes Map III-6**, is hereby amended to show the subject property is served by evacuation routes located throughout the City.

SEE EXHIBIT "J" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 11: ***Map Amendment.*** That the Comprehensive Plan, **Level of Service-2025 Map III-7**, is hereby amended to show the subject property is served by a Class D level of service roadway to the north and a local road to the north.

SEE EXHIBIT "K" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 12: ***Map Amendment.*** That the Comprehensive Plan, **Number of Traffic Lanes-2025 Map III-8**, is hereby amended to show the subject property is served by a 4-lane roadway to the north and a local road to the north.

SEE EXHIBIT "L" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 13: ***Map Amendment.*** That the Comprehensive Plan, **Water and Sewer Service Area Map VII-1** is hereby amended to show the subject property is within the City and inside the New Smyrna Beach Water and Sewer Service Area.

SEE EXHIBIT "M" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 14: ***Map Amendment.*** That the Comprehensive Plan, **Soil Limitation for Septic Systems Map VII-2** is hereby amended to show the subject property is within the soils with slight limitations.

SEE EXHIBIT "N" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 15: ***Map Amendment.*** That the Comprehensive Plan, **Coastal High Hazard Areas Map VII-4** is hereby amended to show the subject property is not within the Coastal High Hazard Area.

SEE EXHIBIT "O" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 16: ***Map Amendment.*** That the Comprehensive Plan, **Boat Slip Siting Map VIII-2** is hereby amended to show the subject property is not located within a boat slip siting restricted zone.

SEE EXHIBIT "P" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 17: ***Map Amendment.*** That the Comprehensive Plan, **City Parks Map X-1** is hereby amended to show the subject property is within the City and served by neighborhood and community parks.

SEE EXHIBIT "Q" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 18: ***Map Amendment.*** That the Comprehensive Plan, **Commission Zones Map Z-1** is hereby amended to show the subject property is located in City Commission Zone 4.

SEE EXHIBIT "R" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 19: ***Public Hearing.*** It is hereby found that a public hearing held by the City Commission to consider adoption of this ordinance on May 27, 2025, at 6:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published at least 10 days prior to hearing is deemed to comply with §§163.3187(2) and 166.041(3)(a), Fla. Stat.

SECTION 20: ***Conflicting Ordinances***. That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 21: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 22: ***Effective Date.*** That this ordinance shall become effective THIRTY ONE (31) days following adoption by the City Commission unless a challenge is filed under §163.3187(5), Fla. Stat. In the event that the ordinance is challenged within THIRTY (30) days after adoption,

it shall not become effective until the state land planning agency or the Administration Commission, respectively, issues a final order determining the adopted small scale development amendment is in compliance. §163.3187(5), Fla. Stat. In addition, this ordinance shall not become effective until Volusia Growth Management Commission has issued a Certificate of Consistency. No development orders, development permits, or land uses dependent on these amendments may be issued or commence before they have become effective.

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 24-25: CONDUCT A SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD REZONE APPROXIMATELY 18.18 ± ACRES OF LAND LOCATED ON PAIGE AVENUE TO CONSERVATION AS PART OF AN OVERALL ANNEXATION APPLICATION.

May 27, 2025

Background:

Applicant: Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168.

Property Owner: City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168

Request: Rezoning:

- **From:** Volusia County zoning designation of R-3 and R-3(1), Urban Single Family Residential with an "A" attached for Airport Height Notification Zone.
- **To:** City zoning designation of Conservation with an "A" attached for Airport Height Notification Zone.

Site Information:

- **Size:** 18.18 ± acres
- **Location:** South side of Paige Avenue, west of Corbin Park Road.

Tax I.D. Number: 7343-06-00-0820

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was

also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property on Paige Avenue is un-developed. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**.

The existing Volusia County zoning designation of the subject property is shown on the following map as **Exhibit C**. The current zoning text description for the subject property is attached as **Exhibit D**. Existing land uses are shown on the map attached as **Exhibit E**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use and zoning designations that would be as similar as possible to existing County designations. In this case, the city will assign a Conservation Future Land Use category and a Conservation zoning designation since this property was purchased by the city under the Turnbull Creek Watershed Preservation Project. The existing County FLU category is Urban Low Intensity and Low Impact Urban. The existing County zoning designation is R-3 and R-3(1), Urban Single Family Residential. The proposed City Future Land Use category is Conservation. The proposed City zoning designation is Conservation. A text description of the proposed City Conservation zoning, and a map of the proposed changes are attached as **Exhibits F** and **G**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on Paige Avenue is un-developed with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

The ISBA map is attached as **Exhibit H**. The legal description and Special Warranty Deed are attached as **Exhibits I** and **J**. A declaration of Restricted Covenant is attached as **Exhibit K**.

The City of New Smyrna Beach purchased this property for conservation.

Recommendations:

At its regular scheduled meeting on April 7, 2025, the Planning and Zoning Board voted, 5-0, to give the City Commission a positive recommendation to **approve** the requested rezoning to City Conservation with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

The Planning Department recommends that the City Commission to **approve** the requested rezoning to City Conservation with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

R-3 URBAN SINGLE-FAMILY

RESIDENTIAL CLASSIFICATION

Purpose and intent: The purpose and intent of the R-3 Urban Single-Family Residential Classification, is to provide medium-low-density residential developments, preserving the character of existing or proposed residential neighborhoods.

Permitted principal uses and structure: In the R-3 Urban Single-Family Residential Classification, no premises shall be used except for the following uses and their customary accessory uses or structures:

Cluster and zero lot line subdivisions (refer to section 72-304).

Communication towers not exceeding 70 feet in height above ground level.

Essential utility services.

Exempt excavations (refer to subsection 72-293(15)) and/or those which comply with division 8 of the Land Development Code of Volusia County [article III] and/or final site plan review procedures of this article.

Exempt landfills (refer to subsection 72-293(16)).

Fire stations.

Home-based business (refer to section 72-283).

Houses of worship.

Parks and recreational areas accessory to residential developments.

Public schools.

Publicly owned parks and recreational areas.

Publicly owned or regulated water supply wells.

Single-family standard or modular dwelling.

Permitted special exceptions: Additional regulations/requirements governing permitted special exceptions are located in sections 72-293 and 72-415 of this article.

Bed and breakfast (refer to subsection 72-293(19)).

Cemeteries (refer to subsection 72-293(4)).

Communication towers exceeding 70 feet in height above ground level.

Day care centers (refer to subsection 72-293(6)).

Dogs and cats boarded as personal pets exceeding the number permitted in subsection 72-306(a).

Excavations only for stormwater retention ponds for which a permit is required by this article.

Off-street parking areas (refer to subsection 72-293(14)).

Public uses not listed as a permitted principal use.

Public utility uses and structures (refer to subsection 72-293(1)).

Recreational areas (refer to subsection 72-293(3)).

Schools, parochial or private (refer to subsection 72-293(4)).

Dimensional requirements:

Minimum lot size:

Area: 10,000 square feet.

Width: 85 feet.

Minimum yard size:

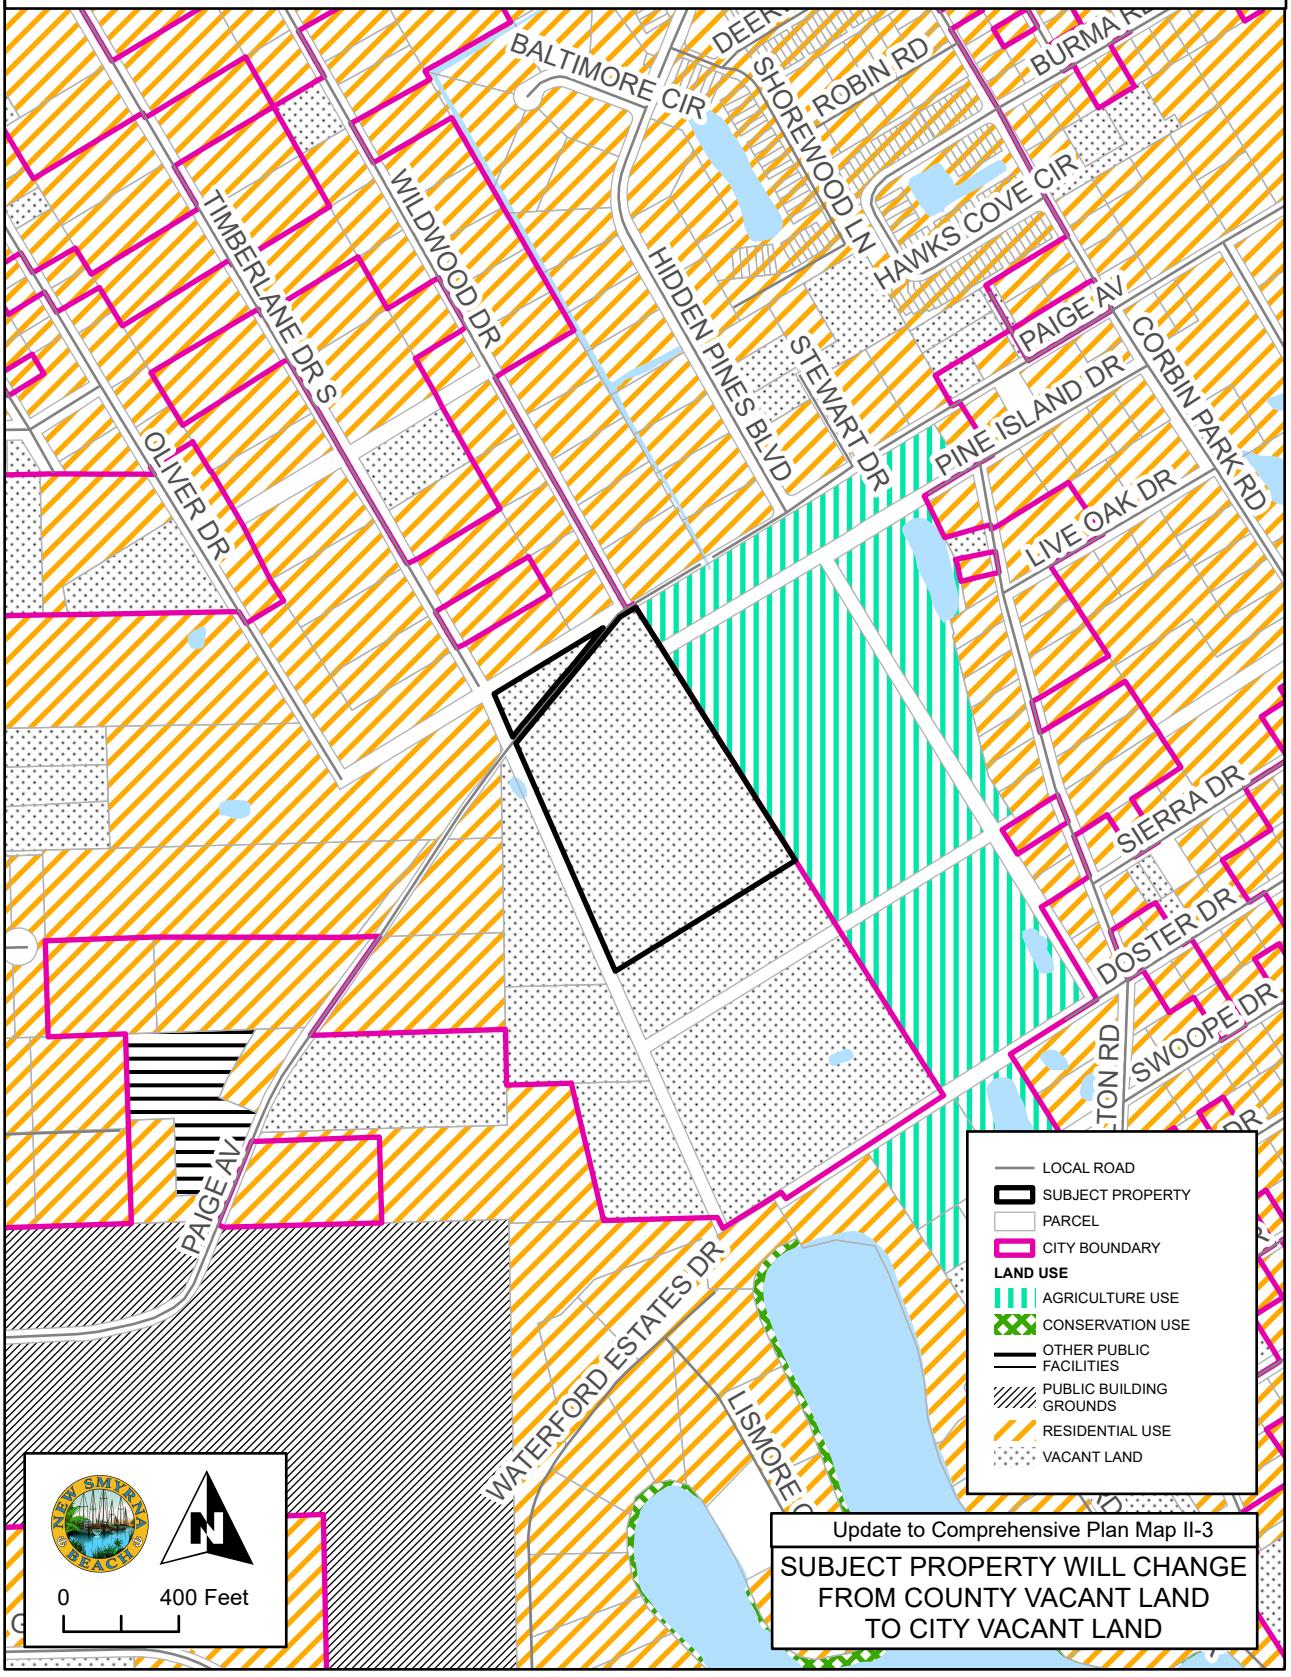
Front yard: 30 feet.

Rear yard: 20 feet.

Side yard: 20 feet combined, minimum of eight feet on any one side.

Waterfront yard: 25 feet.

Maximum building height: 35 feet.



Maximum lot coverage: The total lot area covered with principal and accessory buildings shall not exceed 35 percent.

Minimum floor area: 1,000 square feet.

Off-street parking and loading requirements: Off-street parking and loading areas meeting the requirements of sections 72-286 and 72-287 shall be constructed.

EXISTING LAND USE DESIGNATIONS

A-3-25

C, CONSERVATION DISTRICT

Intent. The C, Conservation District, is designed to:

(1) Protect persons and private property from the hazards of flood water inundation and to protect the community from costs which are incurred when urban development occurs in flood plains; and
(2) Conserve important natural and historic resources for ecological purposes and for the enjoyment and education of future residents.

Permitted uses.

Fishing and picnicking
Nature trails and exhibits
Park ranger residence, State of Florida or Volusia County. The structure may be occupied by only one State of Florida or Volusia County Park Ranger and his family. Said ranger must be a state certified law enforcement officer. The structure shall be built in accordance with the requirements of the R-2, Single-Family Residential District in this LDR.
Public and private parks
Public utility lines and utility facilities
Silvicultural operations which follow state-prescribed best management practices

Permitted accessory uses.

Incidental uses
Recreation facilities related to the permitted uses

Special exceptions.

Fishing, hunting or nonprofit organizations camps
Riding stables

Dimensional requirements.

Minimum lot size.
Area: 20,000 square feet
Depth: 200 feet
Width: 100 feet
Minimum yard size.
Front yard: 40 feet, or as required per [sub]section 504.01M. of this LDR
Rear yard: 30 feet
Side yard: Ten feet

Minimum setback from wetlands.
Any jurisdictional wetland line: 25 feet towards upland

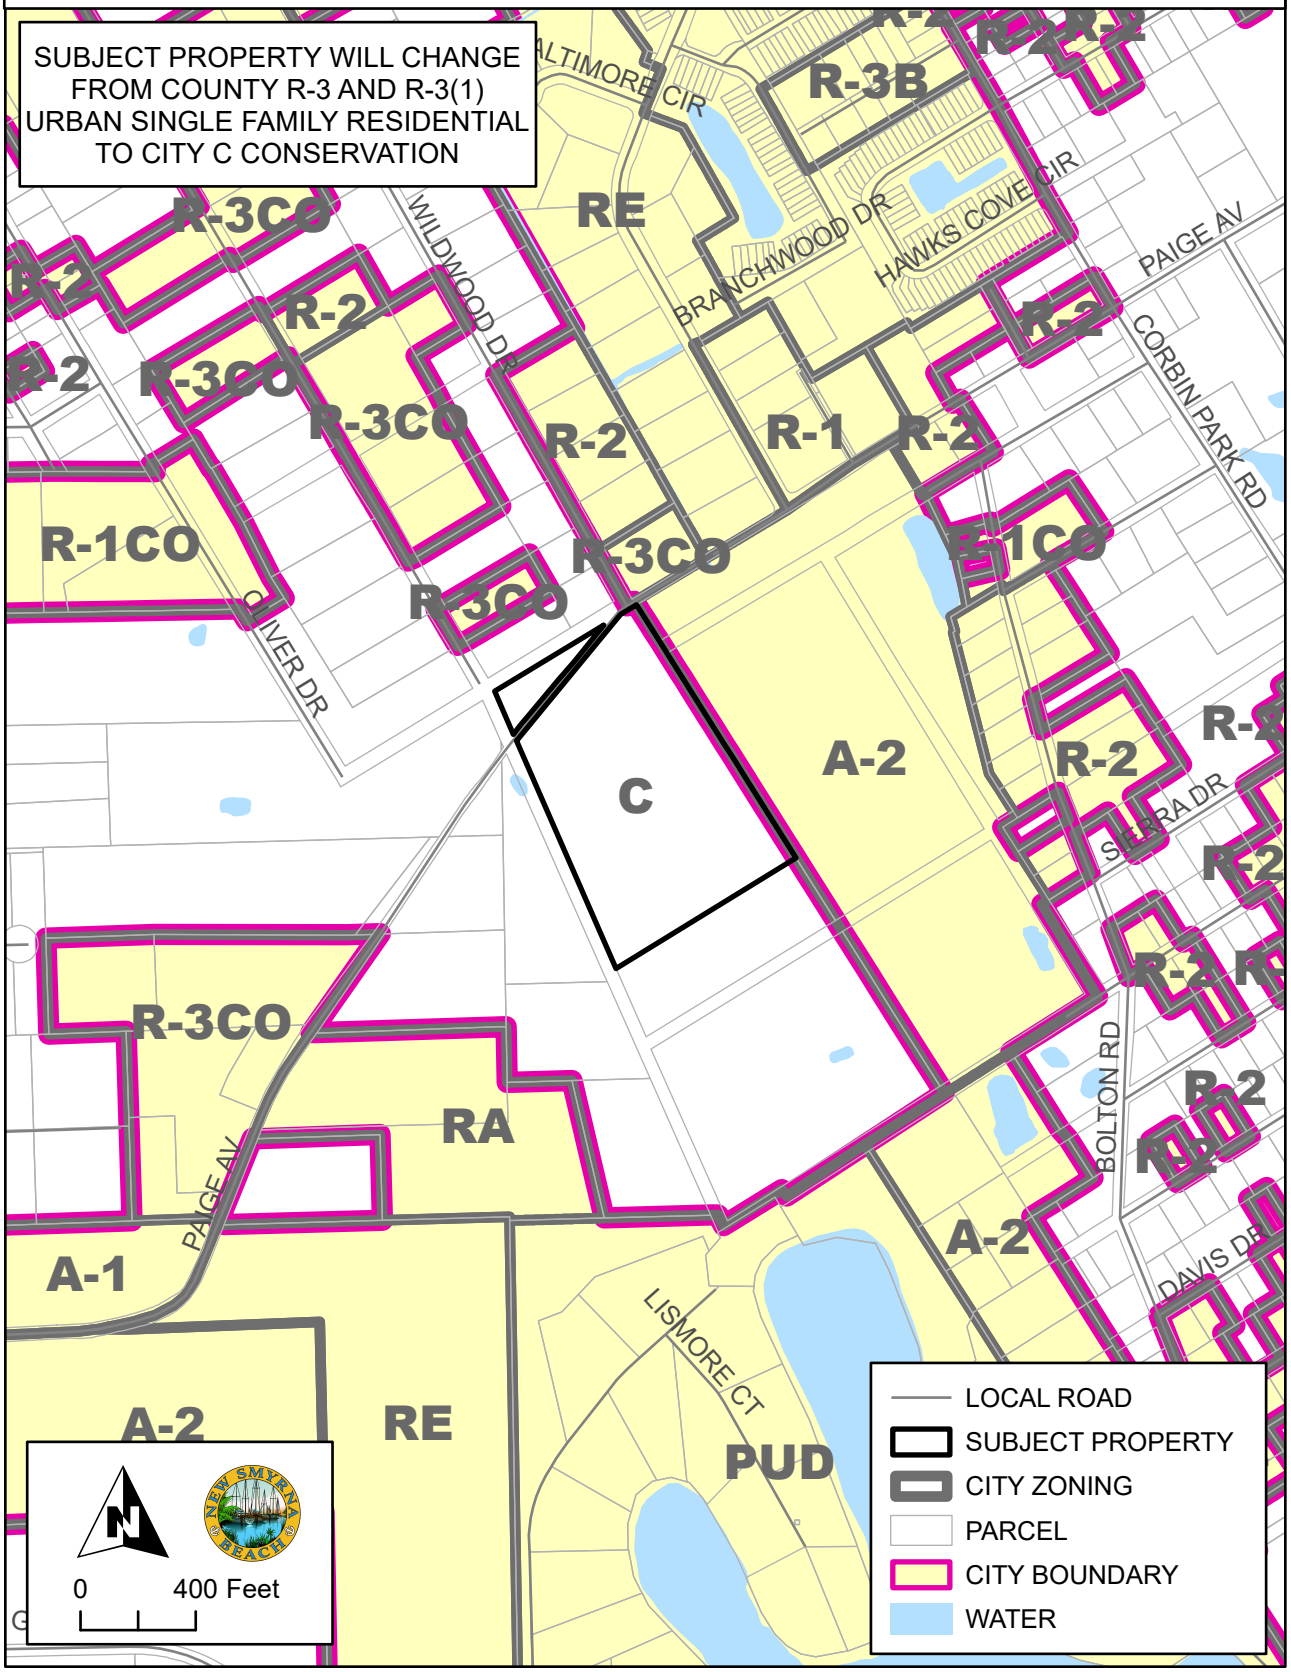
Maximum building coverage. The total area covered with buildings on any lot shall not exceed 30 percent of the total lot area.

Maximum impervious coverage. The total area covered with impervious materials on any lot shall not exceed 35 percent of the total lot area.

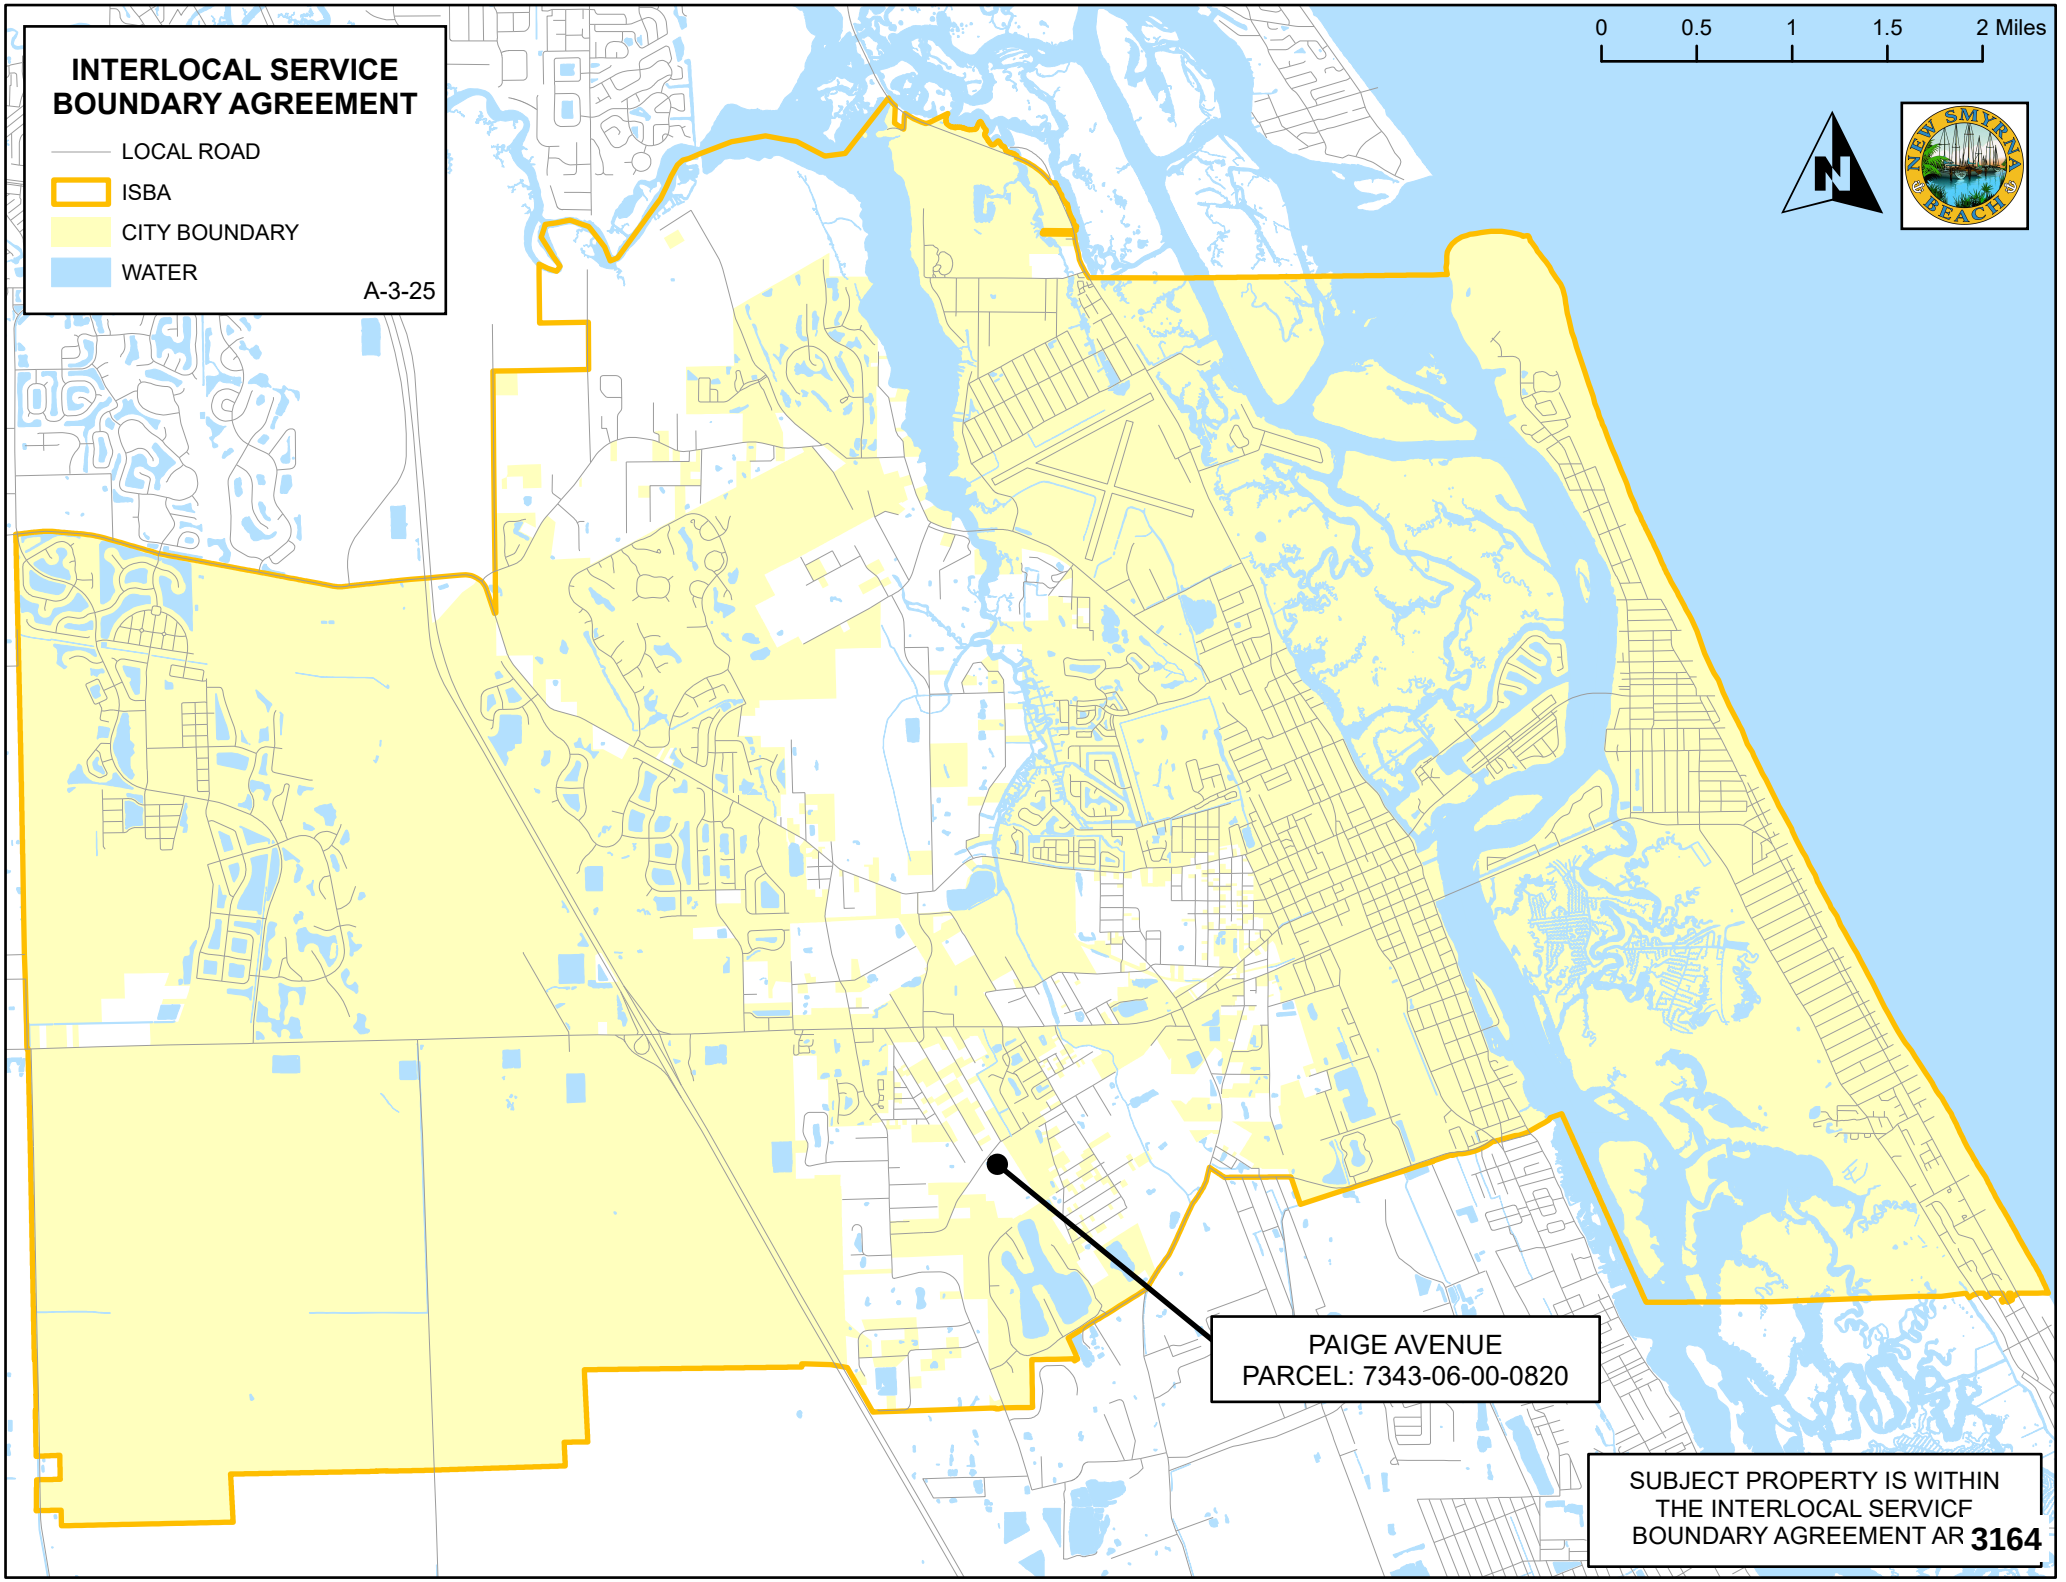
Maximum principal building height. 35 feet above finished grade.

Landscaping. Landscaped buffer area(s) as defined in this LDR shall be required at property lines as follows:

(1) All front property lines; and
(2) Along side or rear lot line abutting a residentially zoned lot.



Visibility at intersections. Visibility at intersections shall be provided as required in this LDR.



Off-street parking. Off-street parking shall be provided as required in this LDR.

Building projections. There shall be no building projections into any required yard except for eaves with a maximum projection of 42 inches, but no closer than five feet to a property line; and those structures allowed in [sub]section 804.03.

SPECIAL WARRANTY DEED

THIS SPECIAL WARRANTY DEED made this 1-30-2025 by Platinum Lakes, LLC, a Florida limited liability company having its principal place of business at 424 Luna Bella Lane, Suite 112, New Smyrna Beach, FL 32168, hereinafter called the grantor, and City of New Smyrna Beach whose post office address is 210 Sams Avenue, New Smyrna Beach, FL 32168, hereinafter called the grantee:

(Wherever used herein the terms "grantor" and "grantee" include all the parties to this instrument and the heirs, legal representative and assigns of individuals, and the successors and assigns of corporations.)

WITNESSETH: That the grantor, for and in consideration of the sum of $10.00 and other valuable consideration, receipt whereof is hereby acknowledged, hereby grants, bargains, sells, aliens, remises, releases, conveys and confirms unto the grantee, all the certain land situated in County of Volusia, State of Florida, viz:

Parcel 1:

Lot 97, except the Northerly 416 feet (as measured along the East line), Block 26; and Lot 98, Block 33, DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida. TOGETHER WITH the right to use the following described road and utility easement: the Easterly 20 feet of Lot 82 and the Easterly 20 feet of the Northerly 416 feet of Lot 97, Block 26, said DOUGHERTY'S SUBDIVISION.

Parcel 2:

Lot 82 and the Northerly 416 feet (as measured along the East line) of Lot 97, Block 26; DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida.

The Easterly 20 feet of said parcel is reserved as an easement for egress and ingress and utilities.

Subject to encumbrances, easements and restrictions of record and taxes accruing subsequently to 2024.

TOGETHER with all the tenements, hereditaments and appurtenances thereto belonging or in any wise appertaining.

TO HAVE AND TO HOLD the same in Fee Simple forever.

SPECIAL WARRANTY DEED
(continued)

AND the grantor hereby covenants with said grantee that the grantor is lawfully seized of said land in Fee Simple; that the grantor has good right and lawful authority to sell and convey said land; and hereby warrants the title to said land and will defend the same against the lawful claims of all persons claiming by, through or under the said grantor.

IN WITNESS WHEREOF, the undersigned have executed this document on the date(s) set forth below.

DEDICATION TO PUBLIC USE
And
DECLARATION OF RESTRICTIVE CONVENANTS

THIS DEDICATION TO PUBLIC USE and DECLARATION OF RESTRICTIVE COVENANTS ("DDRC") is made this 19th day of February, 2025, by the City of New Smyrna Beach ("Owner").

THIS DEDICATION TO PUBLIC USE AND DECLARATION OF RESTRICTIVE COVENANTS IS PURSUANT TO THE FOLLOWING:

WHEREAS, this Owner is the sole owner in fee simple of certain real property ("Property") located in Volusia County, Florida which is legally describe as:

"LOT 82 &N 416 FT OF LOT 97 NAPIER & HULL GRANT PER OR 4668 PG 2992 PER OR 7225 PG 0490"

WHEREAS, the purpose of this DDRC is to dedicate the property to public use and set forth the covenants and restrictions; and

WHEREAS, the Owner make this DDRC to prevent adverse impacts to natural resources, fish and wildlife, and wetlands; and

WHEREAS, it is the purpose of this DDRC, and is the Owner's intent, to place restrictions, covenants and conditions on the Property to retain land or water areas in their natural conditions; and

WHEREAS, it is the purpose of this DDRC, to prevent the use or development of the Property for any purpose or in any manner that would conflict with the maintenance of the Property in its natural conditions; and

NOW THEREFORE, the Owner hereby unconditionally and irrevocably declares and covenants that the property shall be held and subject to the restrictions and conditions as set forth herein, that shall constitute a perpetual servitude on the Property, run with the Property, and be binding on all parties that have or shall have any right, title or interest in the Property:

I. DURATION AND APPLICABILITY

Duration. This DDRC begins upon the last date of the last signature on this document. It is the intention of the Owners that the restrictions contained in this DDRC shall run with the land and with the title to the Property in perpetuity and shall apply to and be binding upon and inure to the benefit of the successors and assigns of the Owner and to any and all parties hereafter having any right, title or interest in the Property or any part thereof.

Applicability. Every provision of this DDRC that applies to the Owner shall also apply to their respective agents, heirs, executors, administrators, assigns, and all other successors as their interests may appear.

II. PROHIBITED AND RESTRICTED ACTIVITIES

Any activity on, or use of, the Property inconsistent with the purposes of this DDRC is prohibited. The Property shall be maintained in its natural, scenic and open condition and restricted from any development or use that would impair or interfere with the conservation purposes of this DDRC.

Except for activities that are permitted or required to help maintain the natural land and resources on the Property or any activity or modification that may be necessary to prevent any potential flooding in surrounding areas. Without limiting the generality of the foregoing, the following activities are expressly prohibited in or on the Property:

a) Construction or placing of buildings, roads, signs, billboards or other advertising, utilities, or other structures on or above the ground;

b) Dumping or placing of soil or other substance or material as landfill or dumping or placing of trash, waste, or unsightly or offensive materials;

c) Removing, destroying, or trimming trees, shrubs, or other vegetation, except:
   i. The removal of dead trees and shrubs or leaning trees that could cause damage property is authorized;

   ii. The destruction and removal of noxious, nuisance or exotic invasive plant species as listed on the most recent Florida Exotic Pest Plant Council's List of Invasive Species is authorized;

c) Excavation, dredging, or removal of loam, peat, gravel, soil, rock, or other material substance in such manner as to affect the surface;

d) Surface use except for purposes that permit the land or water area to remain predominantly in its natural or enhanced condition;

e) Activities detrimental to drainage, flood control, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation including, but not limited to, ditching, diking and fencing;

f) Acts or uses detrimental to such aforementioned retention of land or water areas; and

g) Acts or uses which are detrimental to the preservation of the structural integrity or physical appearance of sites or properties having historical, archaeological, or cultural significance.

III. RECORDING AND APPROVAL OF DEDICATION AND DECLARATION OF RESTRICTIVE COVENANTS

Upon execution, the Owner shall cause this Dedication and Declaration of Restrictive Covenants to be recorded and filed in the official public records of Volusia County, Florida, within thirty (30) days of execution. The Owner will pay all fees and charges incurred in connection therewith.

IV. MISCELLANEOUS

Owner's Rights. The Owner, its successors and assigns, reserves all rights as owner of the Property, including the right to engage in uses of the Property that are not prohibited herein and that are not inconsistent with the intent and purposes of this DDRC. Passive recreational uses that are not contrary to the purpose of this Restrictive Covenant may be permitted.

Termination or Modification. This DDRC shall not be terminated or modified without an express unanimous vote by the City Commission of the City of New Smyrna Beach.

Entire Agreement. This instrument sets forth the entire agreement of this DDRC.

Severability. If any provision of this DDRC or the application thereof to any person or circumstances is found to be invalid, the remainder of the provisions of this DDRC shall not be affected thereby, as long as the purpose of the DDRC is preserved.

Terms and Restrictions. The Owner shall insert the terms and restrictions of this Declaration in any subsequent deed or other legal instrument by which Owner divests itself of any interest in the Property.

Binding Effect in Perpetuity. The terms, conditions, restrictions and purposes imposed with this DDRC shall be binding upon Owner and shall run in perpetuity with the Property.

Owner states that Owner is lawfully seized of said Property in fee simple; that the Property is free and clear of all encumbrances that are inconsistent with the terms of this DDRC; all mortgages and liens on the Property, if any, have been subordinated to this DDRC; and that the owner has good right and lawful authority to make this DDRC.

IN WITNESS WHEREOF, the Owner hereto have duly executed this Dedication and Declaration of Restrictive Covenants.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 24-25 Rezoning Paige Ave.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

ORD 24-25 rezones property purchased by the City under the Turnbull Creek Preservation Referendum Bond to conservation.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

No direct economic impact on private for-profit businesses in the City.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

None

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 24-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH REZONING 18.2± ACRES OF PROPERTY GENERALLY LOCATED SOUTH OF PAIGE AVENUE, WEST OF CORBIN PARK ROAD, AT THE TERMINUS OF WILDWOOD AND SOUTH TIMBERLANE DRIVES, FROM VOLUSIA COUNTY *R-3* AND *R-3(1) A, URBAN SINGLE-FAMILY RESIDENTIAL AIRPORT OVERLAY* TO CITY *C A, CONSERVATION AIRPORT OVERLAY* ZONING DISTRICT; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168, applicant on behalf of City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168, property owner, has requested the annexation of 18.2± acres of property generally located south of Paige Avenue, west of Corbin Park Road at the terminus of Wildwood and South Timberlane Drives, from Volusia County *R-3* and *R-3(1) A, Urban Single-Family Residential Airport Overlay* to City *C A, Conservation Airport Overlay* zoning district; and

WHEREAS, the Planning and Zoning Board, at its regular scheduled meeting on April 7, 2025, by a vote of 5-0, recommended that the City Commission approve the requested rezoning; and

WHEREAS, the City Commission finds that the requested rezoning is consistent with the City Comprehensive Plan; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to rezone said property as more particularly described hereinafter.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Rezoning.*** That the 18.2± acres of property generally located south of Paige Avenue, west of Corbin Park Road at the terminus of Wildwood and South Timberlane Drives, in the City of New Smyrna Beach, Florida, said properties more particularly described as follows:

7343-06-00-0820
Paige Avenue

Lot 82 and the Northerly 416 feet (as measured along the East line) of Lot 97, Block 26; DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida.

The Easterly 20 feet of said parcel is reserved as an easement for egress and ingress and utilities.

shall be and the same is hereby rezoned from Volusia *R-3* and *R-3(1) A, Urban Single-Family Residential Airport Overlay* to City *C A, Conservation Airport Overlay* zoning district.

SECTION 2: ***Quasi-Judicial Public Hearing.*** It is hereby found that a quasi-judicial public hearing held by the City Commission to consider adoption of this ordinance on May 27, 2025 at 6:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, to consider the rezoning request in accordance with *Bd. of Cty. Com'rs of Brevard v. Snyder*, 627 So.2d 469 (Fla. 1993) in a manner to insure that all parties are provided an opportunity to be heard, present evidence and cross-examine witnesses, and to be informed of all the facts upon which the Commission's decision on the rezoning is based, after notice published at least 10 days prior to hearing, is deemed to comply with §166.041(3)(a), Fla.Stat.

SECTION 3: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 4: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 5: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 6: ***Effective Date***. That this ordinance shall become effective THIRTY ONE (31) days following adoption of Ordinance No. 23-25, the Small Scale Comprehensive Plan Amendment for the subject property, by the City Commission unless a challenge is filed to said ordinance under §163.3187, F.S. In the event that Ordinance No. 23-25, the Small Scale Comprehensive Plan Amendment, is challenged this ordinance shall become effective upon the state land planning agency or the Administration Commission, respectively, issuing a final order determining that the adopted small scale development amendment is in compliance.

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 25-25: CONDUCT A SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD ANNEX APPROXIMATELY 17.5 +/- ACRES OF LAND LOCATED AT 2350 PAIGE AVENUE.

May 27, 2025

Background:

Applicant: Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168.

Property Owner: City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168

Request: Voluntary annexation:

- **From:** Unincorporated Volusia County.
- **To:** City of New Smyrna Beach.

Site Information:

- **Size:** 17.5 ± acres
- **Location:** South of Paige Avenue, west of Corbin Park Road.

Tax I.D. Number: 7343-06-00-0980

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property on Paige Avenue is un-developed. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**. Existing land uses are shown on the map attached as **Exhibit C**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use and zoning designations that would be as similar as possible to existing County designations. In this case, the city will assign a Conservation Future Land Use and a Conservation zoning since this property was purchased by the city under the Turnbull Creek Watershed Preservation Project. As discussed above, the existing County FLU designation is Urban Low Intensity and Low Impact Urban. The existing County zoning designation is R-3 and R-3(1), Urban Single Family Residential. The proposed City FLU designation is Conservation. The proposed City zoning designation is Conservation.

This annexation request is within the City's annexation area and within the City's water and sewer service area **(Exhibit D).** The parcel on Paige Avenue has a 12-inch PVC water main and a 20-inch PVC water main in the Paige Avenue right-of-way, there is also a 4-inch dedicated PVC sewer force main, and an 8-inch dedicated Clay sewer force main and a 20-inch reclaimed water main, but local sewer and reclaim services are not available.

A map of the soil limitations for septic systems is attached as **Exhibit E**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on Paige Avenue is un-developed with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

A map showing the subject properties incorporated into Commission Zone 4 is attached

as **Exhibit F**. The ISBA map is attached as **Exhibit G**. The legal description and Special Warranty Deed are attached as **Exhibits H** and **I**. A declaration of Restricted Covenant is attached as **Exhibit J**.

The City of New Smyrna Beach purchased this property for conservation.

Recommendations:

At its regular scheduled meeting on April 7, 2025, the Planning and Zoning Board voted, 5-0, to give a positive recommendation to the City Commission to **approve** the requested annexation application.

The Planning Department recommends the City Commission to **approve** the requested annexation application.

SPECIAL WARRANTY DEED

THIS SPECIAL WARRANTY DEED made this 1-30-2025 by Platinum Lakes, LLC, a Florida limited liability company having its principal place of business at 424 Luna Bella Lane, Suite 112, New Smyrna Beach, FL 32168, hereinafter called the grantor, and City of New Smyrna Beach whose post office address is 210 Sams Avenue, New Smyrna Beach, FL 32168, hereinafter called the grantee:

(Wherever used herein the terms "grantor" and "grantee" include all the parties to this instrument and the heirs, legal representative and assigns of individuals, and the successors and assigns of corporations.)

WITNESSETH: That the grantor, for and in consideration of the sum of $10.00 and other valuable consideration, receipt whereof is hereby acknowledged, hereby grants, bargains, sells, aliens, remises, releases, conveys and confirms unto the grantee, all the certain land situated in County of Volusia, State of Florida, viz:

Parcel 1:

Lot 97, except the Northerly 416 feet (as measured along the East line), Block 26; and Lot 98, Block 33, DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida. TOGETHER WITH the right to use the following described road and utility easement: the Easterly 20 feet of Lot 82 and the Easterly 20 feet of the Northerly 416 feet of Lot 97, Block 26, said DOUGHERTY'S SUBDIVISION.

Parcel 2:

Lot 82 and the Northerly 416 feet (as measured along the East line) of Lot 97, Block 26; DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida.

The Easterly 20 feet of said parcel is reserved as an easement for egress and ingress and utilities.

Subject to encumbrances, easements and restrictions of record and taxes accruing subsequently to 2024.

TOGETHER with all the tenements, hereditaments and appurtenances thereto belonging or in any wise appertaining.

TO HAVE AND TO HOLD the same in Fee Simple forever.

SPECIAL WARRANTY DEED
(continued)

AND the grantor hereby covenants with said grantee that the grantor is lawfully seized of said land in Fee Simple; that the grantor has good right and lawful authority to sell and convey said land; and hereby warrants the title to said land and will defend the same against the lawful claims of all persons claiming by, through or under the said grantor.

IN WITNESS WHEREOF, the undersigned have executed this document on the date(s) set forth below.

DEDICATION TO PUBLIC USE
And
DECLARATION OF RESTRICTIVE CONVENANTS

THIS DEDICATION TO PUBLIC USE and DECLARATION OF RESTRICTIVE COVENANTS ("DDRC") is made this 19th day of February, 2025, by the City of New Smyrna Beach ("Owner").

THIS DEDICATION TO PUBLIC USE AND DECLARATION OF RESTRICTIVE COVENANTS IS PURSUANT TO THE FOLLOWING:

WHEREAS, this Owner is the sole owner in fee simple of certain real property ("Property") located in Volusia County, Florida which is legally describe as:

"LOT 97 EXC N 416 FT & LOT 98 DAUGHERTY'SSUB IN HULL &NAPIER GRANTS MB M PG 688 PER 2236 PG 0870 PER OR 5457 PG 1539 PER OR 5505 PG 0053 PER OR 7225 PG 0492"

WHEREAS, the purpose of this DDRC is to dedicate the property to public use and set forth the covenants and restrictions; and

WHEREAS, the Owner make this DDRC to prevent adverse impacts to natural resources, fish and wildlife, and wetlands; and

WHEREAS, it is the purpose of this DDRC, and is the Owner's intent, to place restrictions, covenants and conditions on the Property to retain land or water areas in their natural conditions; and

WHEREAS, it is the purpose of this DDRC, to prevent the use or development of the Property for any purpose or in any manner that would conflict with the maintenance of the Property in its natural conditions; and

NOW THEREFORE, the Owner hereby unconditionally and irrevocably declares and covenants that the property shall be held and subject to the restrictions and conditions as set forth

herein, that shall constitute a perpetual servitude on the Property, run with the Property, and be binding on all parties that have or shall have any right, title or interest in the Property:

I. DURATION AND APPLICABILITY

Duration. This DDRC begins upon the last date of the last signature on this document. It is the intention of the Owners that the restrictions contained in this DDRC shall run with the land and with the title to the Property in perpetuity and shall apply to and be binding upon and inure to the benefit of the successors and assigns of the Owner and to any and all parties hereafter having any right, title or interest in the Property or any part thereof.

Applicability. Every provision of this DDRC that applies to the Owner shall also apply to their respective agents, heirs, executors, administrators, assigns, and all other successors as their interests may appear.

II. PROHIBITED AND RESTRICTED ACTIVITIES

Any activity on, or use of, the Property inconsistent with the purposes of this DDRC is prohibited. The Property shall be maintained in its natural, scenic and open condition and restricted from any development or use that would impair or interfere with the conservation purposes of this DDRC.

Except for activities that are permitted or required to help maintain the natural land and resources on the Property or any activity or modification that may be necessary to prevent any potential flooding in surrounding areas. Without limiting the generality of the foregoing, the following activities are expressly prohibited in or on the Property:

a) Construction or placing of buildings, roads, signs, billboards or other advertising, utilities, or other structures on or above the ground;

b) Dumping or placing of soil or other substance or material as landfill or dumping or placing of trash, waste, or unsightly or offensive materials;

c) Removing, destroying, or trimming trees, shrubs, or other vegetation, except:
   i. The removal of dead trees and shrubs or leaning trees that could cause damage property is authorized;

   ii. The destruction and removal of noxious, nuisance or exotic invasive plant species as listed on the most recent Florida Exotic Pest Plant Council's List of Invasive Species is authorized;

c) Excavation, dredging, or removal of loam, peat, gravel, soil, rock, or other material substance in such manner as to affect the surface;

d) Surface use except for purposes that permit the land or water area to remain predominantly in its natural or enhanced condition;

e) Activities detrimental to drainage, flood control, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation including, but not limited to, ditching, diking and fencing;

f) Acts or uses detrimental to such aforementioned retention of land or water areas; and

g) Acts or uses which are detrimental to the preservation of the structural integrity or physical appearance of sites or properties having historical, archaeological, or cultural significance.

III. RECORDING AND APPROVAL OF DEDICATION AND DECLARATION OF RESTRICTIVE COVENANTS

Upon execution, the Owner shall cause this Dedication and Declaration of Restrictive Covenants to be recorded and filed in the official public records of Volusia County, Florida, within thirty (30) days of execution. The Owner will pay all fees and charges incurred in connection therewith.

IV. MISCELLANEOUS

Owner's Rights. The Owner, its successors and assigns, reserves all rights as owner of the Property, including the right to engage in uses of the Property that are not prohibited herein and that are not inconsistent with the intent and purposes of this DDRC. Passive recreational uses that are not contrary to the purpose of this Restrictive Covenant may be permitted.

Termination or Modification. This DDRC shall not be terminated or modified without an express unanimous vote by the City Commission of the City of New Smyrna Beach.

Entire Agreement. This instrument sets forth the entire agreement of this DDRC.

Severability. If any provision of this DDRC or the application thereof to any person or circumstances is found to be invalid, the remainder of the provisions of this DDRC shall not be affected thereby, as long as the purpose of the DDRC is preserved.

Terms and Restrictions. The Owner shall insert the terms and restrictions of this Declaration in any subsequent deed or other legal instrument by which Owner divests itself of any interest in the Property.

Binding Effect in Perpetuity. The terms, conditions, restrictions and purposes imposed with this DDRC shall be binding upon Owner and shall run in perpetuity with the Property.

Owner states that Owner is lawfully seized of said Property in fee simple; that the Property is free and clear of all encumbrances that are inconsistent with the terms of this DDRC; all mortgages and liens on the Property, if any, have been subordinated to this DDRC; and that the owner has good right and lawful authority to make this DDRC.

IN WITNESS WHEREOF, the Owner hereto have duly executed this Dedication and Declaration of Restrictive Covenants.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 25-25 Annexing 2350 Paige Ave.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

ORD 25-25 annexes land into the City for preservation under the Turnbull Creek Referendum Bond.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

No direct economic impact on private for-profit businesses in the City.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

None

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 25-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH ANNEXING 17.5± ACRES OF PROPERTY GENERALLY LOCATED SOUTH OF PAIGE AVENUE, WEST OF CORBIN PARK ROAD, ADDRESSED AS 2350 PAIGE AVENUE; PROVIDING FOR REDEFINING BOUNDARIES OF THE CITY; DESIGNATING THE PROPERTY WITHIN COMMISSION ZONE 4; PROVIDING FOR PUBLIC HEARING; PROVIDING FOR REQUIRED FILINGS; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168, applicant on behalf of City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168, property owner, has requested the annexation of 17.5± acres of property generally located south of Paige Avenue, west of Corbin Park Road, addressed as 2350 Paige Avenue; and

WHEREAS, the Planning and Zoning Board, at its regularly scheduled meeting on April 7, 2025, by a vote of 5-0, recommended that the City Commission approve the requested annexation; and

WHEREAS, the City Commission of the City of New Smyrna Beach is desirous of annexing the real property described in the first paragraph above, and the City Commission hereby finds and determines that the petition for annexation bears the signature of the owner of the property in the area proposed to be annexed, and the property is within the Interlocal Service Boundary Agreement area.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Annexation.*** That the real property is located in Volusia County, State of Florida, legally described as:

SEE EXHIBIT "A" LEGAL DESCRIPTION AND LOCATION MAP ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

and to the centerline of all surrounding rights-of-way shall be and the same is hereby annexed into the City of New Smyrna Beach and made a part hereof pursuant to §171.044(1)-(2) and §171.204, F.S.

SECTION 2: ***Boundary Adjustment.*** That the boundary lines of the City of New Smyrna Beach shall be and the same are hereby redefined and shall hereinafter read as follows:

SEE EXHIBIT "B" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 3: ***Commission Zone.*** That the real properties annexed shall become a part of Zone 4. New Smyrna Beach Charter, §3.07.

SEE EXHIBIT "C" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 4: ***Public Hearing.*** It is hereby found that a public hearing held by the City Commission to consider adoption of this ordinance on May 27, 2025 at 6:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published once a week for two consecutive weeks and provided to the County Council by certified mail is deemed to comply with Section 171.044, F.S.

SECTION 5: ***Filing.*** That within SEVEN (7) days after adoption, this ordinance shall be filed by the City Clerk with the Clerk of the Circuit Court, the County Manager and the Florida Department of State. The City Clerk shall file with this ordinance a map which clearly shows the annexed area and a complete legal description of that area by metes and bounds. §171.044(3), F.S.

SECTION 6: ***Charter Revisions to the Department of State***. The Charter Boundary Article shall be revised to reflect the changes in the municipal boundaries resulting from this annexation and shall be filed as a revision of the City Charter with the Florida Department of State within THIRTY (30) days. A copy of such revision must be submitted to the Office of Economic and Demographic Research along with a statement specifying the population census effect and the affected land area. §171.091, F.S.

SECTION 7: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 8: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 9: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 10: ***Effective Date.*** That this ordinance shall become effective 60 days after its final adoption.

SUBJECT PROPERTY IS LOCATED IN CITY COMMISSION ZONE 4

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 26-25: CONDUCT A SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD PROPOSE A SMALL-SCALE *COMPREHENSIVE PLAN* AMENDMENT CHANGING THE FUTURE LAND USE CATEGORY TO CONSERVATION FOR PROPERTY LOCATED AT 2350 PAIGE AVENUE AS PART OF AN OVERALL ANNEXATION APPLICATION.

May 27, 2025

Background:

Applicant: Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168.

Property Owner: City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168

Request: Small-Scale *Comprehensive Plan* amendment:

- **From:** Volusia County Future Land Use (FLU) designation of Urban Low Intensity and Low Impact Urban.
- **To:** City FLU designation of Conservation.

Site Information:

- **Size:** 17.5 ± acres
- **Location:** South of Paige Avenue, west of Corbin Park Road.

Tax I.D. Number: 7343-06-00-0980

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was

also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property on Paige Avenue is un-developed. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**.

The existing Volusia County Future Land Use (FLU) category of the subject property is shown on the following map as **Exhibit C**. The text description of the existing Future Land Use category for the subject property is attached as **Exhibit D**. Existing land uses are shown on the map attached as **Exhibit E**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use and zoning designations that would be as similar as possible to existing County designations. In this case, the city will assign a Conservation Future Land Use and a Conservation zoning since this property was purchased by the city under the Turnbull Creek Watershed Preservation Project. As discussed above, the existing County FLU designation is Urban Low Intensity and Low Impact Urban. The existing County zoning designation is R-3 and R-3(1), Urban Single Family Residential. The proposed City FLU designation is Conservation. The proposed City zoning designation is Conservation. A text description of the proposed City Conservation Future Land Use designation is attached as **Exhibit F,** with a map of this proposed change also attached as **Exhibit G**.

This annexation request is within the City's annexation area and within the City's water and sewer service area **(Exhibit H).** The parcel on Paige Avenue has a 12-inch PVC water main and a 20-inch PVC water main in the Paige Avenue right-of-way, there is also a 4-inch dedicated PVC sewer force main, and an 8-inch dedicated Clay sewer force main and a 20-inch reclaimed water main, but local sewer and reclaim services are not available.

A map of the soil limitations for septic systems is attached as **Exhibit I**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on Paige Avenue is un-developed with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

There are numerous *Comprehensive Plan* maps that must be amended to incorporate the subject property into the *Comprehensive Plan* (see **Exhibits J through V)**. A map showing the subject properties incorporated into Commission Zone 4 is attached as **Exhibit W**. The ISBA map is attached as **Exhibit X**. The legal description and Special Warranty Deed are attached as **Exhibits Y** and **Z**. A declaration of Restricted Covenant is attached as **Exhibit AA**.

The City of New Smyrna Beach purchased this property for conservation.

Recommendations:

At its regular scheduled meeting on April 7, 2025, the Planning and Zoning Board voted, 5-0, to give a positive recommendation to the City Commission to **approve** the requested Small Scale *Comprehensive Plan* amendment amending the Future Land Use to City Conservation as part of an overall annexation application.

The Planning Department recommends the City Commission to **approve** the requested Small Scale *Comprehensive Plan* amendment amending the Future Land Use to City Conservation as part of an overall annexation application.

EXISTING FUTURE LAND USE DESIGNATIONS

A-4-25

Low Impact Urban (LIU) –

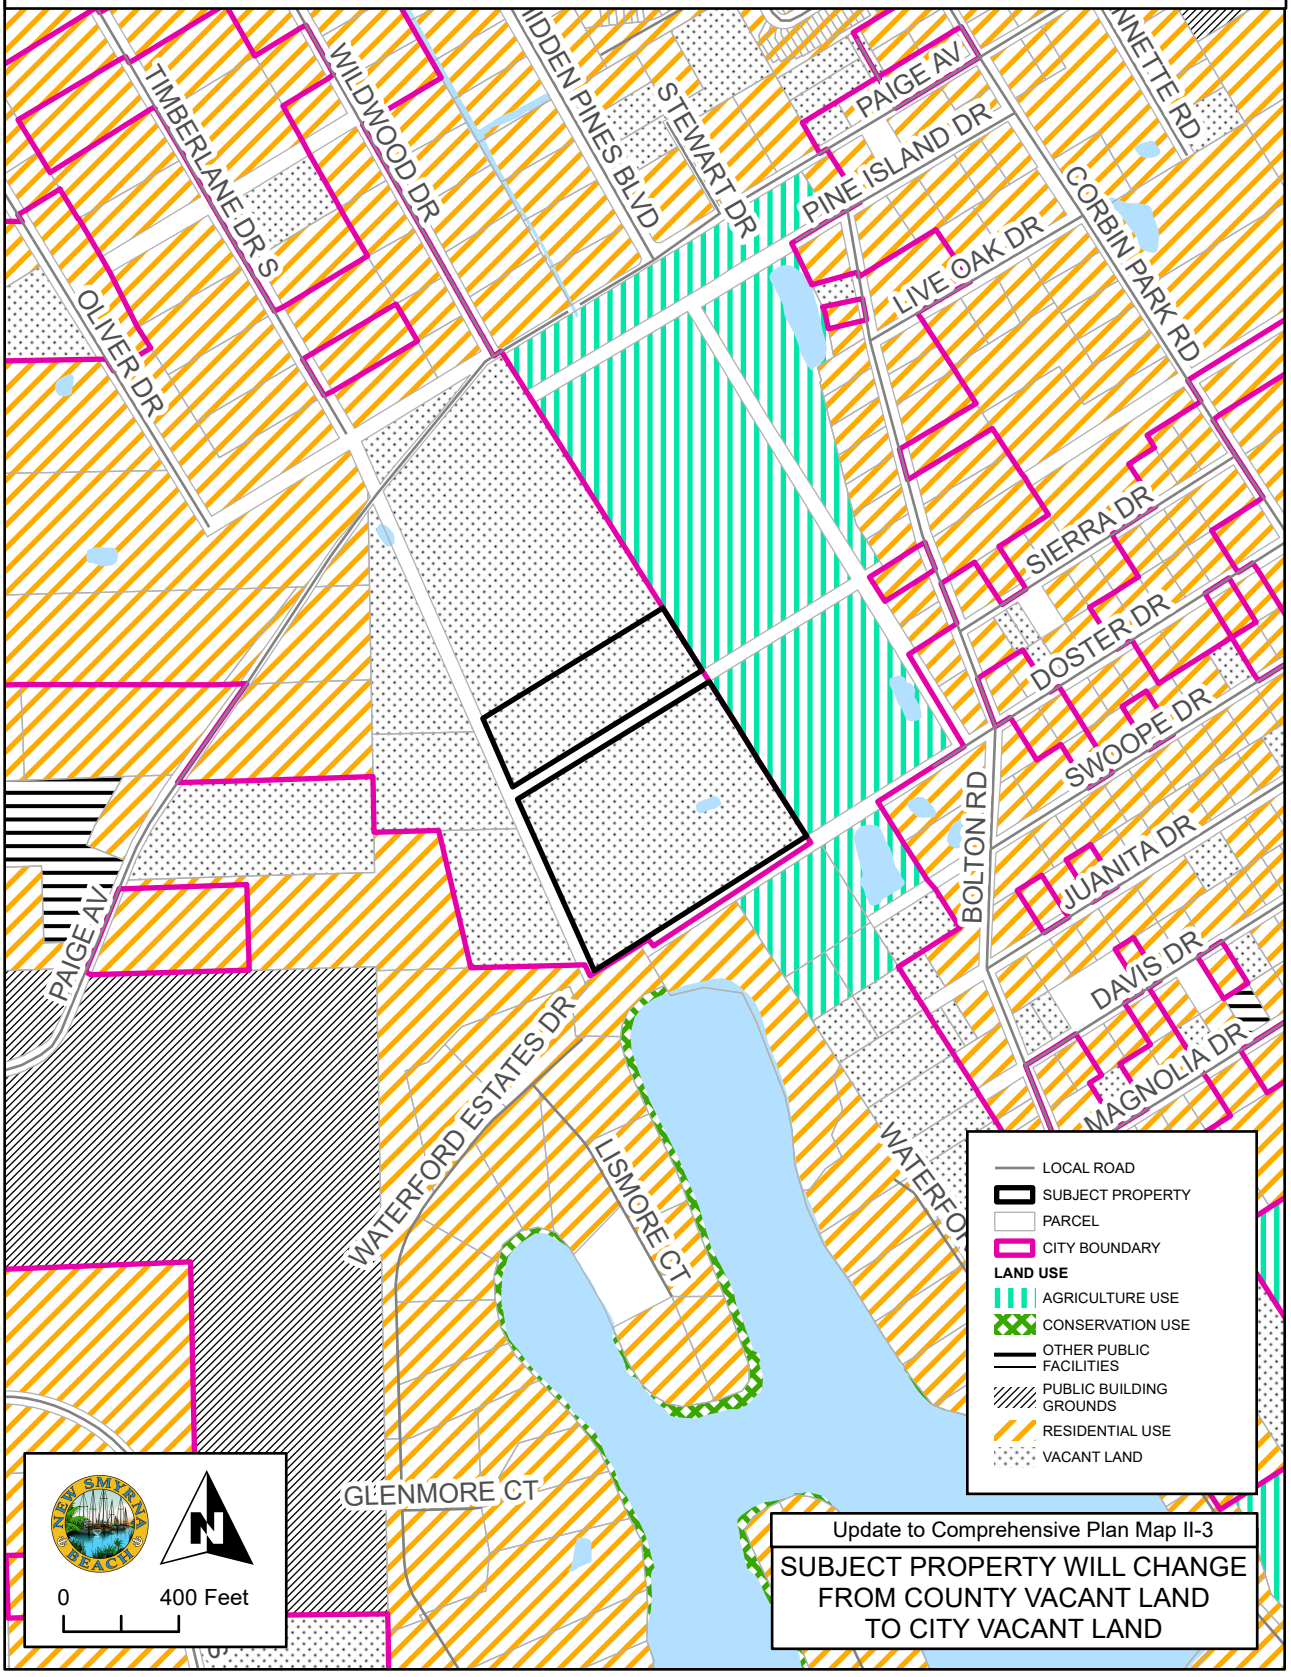
This designation consists of lands which are determined to be suitable for urban type development and are adjacent to existing urban development. Lands designated LIU serve as a transition between highly protected natural resource areas and existing urban development. The LIU is primarily a residential designation but may allow limited commercial development. Sites within this designation may be determined to be suitable for urban type development only if they meet the following criteria:

(1) The Planned Unit Development zoning process will be used to implement the LIU provisions if the applicant proposes more intense uses than what is allowed. For proposals that do not propose a density increase, straight rezoning is allowed.
(2) The site is serviced by central utilities at the time of application for development approval.
(3) The gross residential density does not exceed one (1) dwelling unit per acre.
(4) At least twenty percent (20%) of the total development site is set aside for the preservation of upland habitat sited in an ecologically strategic manner (e.g., adjacent to wetlands).
(5) Encroachment into wetlands and wetland buffers shall be avoided to the maximum extent practicable.
(6) Residential developments should be clustered.
(7) Low intensity, commercial development may be allowed in the LIU designation only if it meets the following additional criteria:

    (a) The development does not exceed a Floor Area Ratio of thirty-five percent (0.35 FAR).
    (b) The proposed use is ancillary to residential development in the immediate area. Nonresidential developments intended to serve the community or regional market area (see Shopping Center definition in Chapter 20) are not allowed in the LIU.
    (c) The buildings within the development are clustered.

(8) In order to protect environmental resources and ensure neighborhood compatibility, commercial development proposals may also be required to:

    (a) Use stricter lot coverage or impervious surface ratios. Chapter 1 Page 10 of 165 April 4, 2024 (through CPA 23-006)
    (b) Provide increased landscape buffers and/or open space requirements.
    (c) Reduce the amount of parking on-site either through adjusted parking ratios or reduced parking space size.
    (d) Limit the type of commercial uses allowed



Urban Low Intensity (ULI) – Areas for low density residential dwelling units of up to four (4) dwelling units per acre. In reviewing rezoning requests, the specific density will depend on locational factors, particularly compatibility with adjacent uses and availability of public facilities. This residential designation is generally characterized by single family type housing, e.g., single family detached and attached, cluster and zero lot line. This designation will allow existing agricultural zoning and uses to continue.

The ULI designation is primarily a residential designation but may also allow neighborhood convenience uses (see Shopping Center definition in Chapter 20) and individual office buildings as transitional uses that meet the Comprehensive Plan's location criteria. The commercial intensity shall be limited to no more than a fifty percent Floor Area Ratio (0.50 FAR) and in a manner to be compatible with the allowable residential density. In order to be considered compatible, the commercial development should be oriented to serve adjacent neighborhoods, reflect comparable traffic generation, similar traffic patterns, building scale, landscaping and open space and buffers. Due to the nature of some of the commercial uses, additional landscaping and visual screening shall be provided through the BPUD process when adjacent to low density residential in order to preserve the character of the neighborhood. More intensive neighborhood commercial use shall be reserved to areas designated for Commercial.

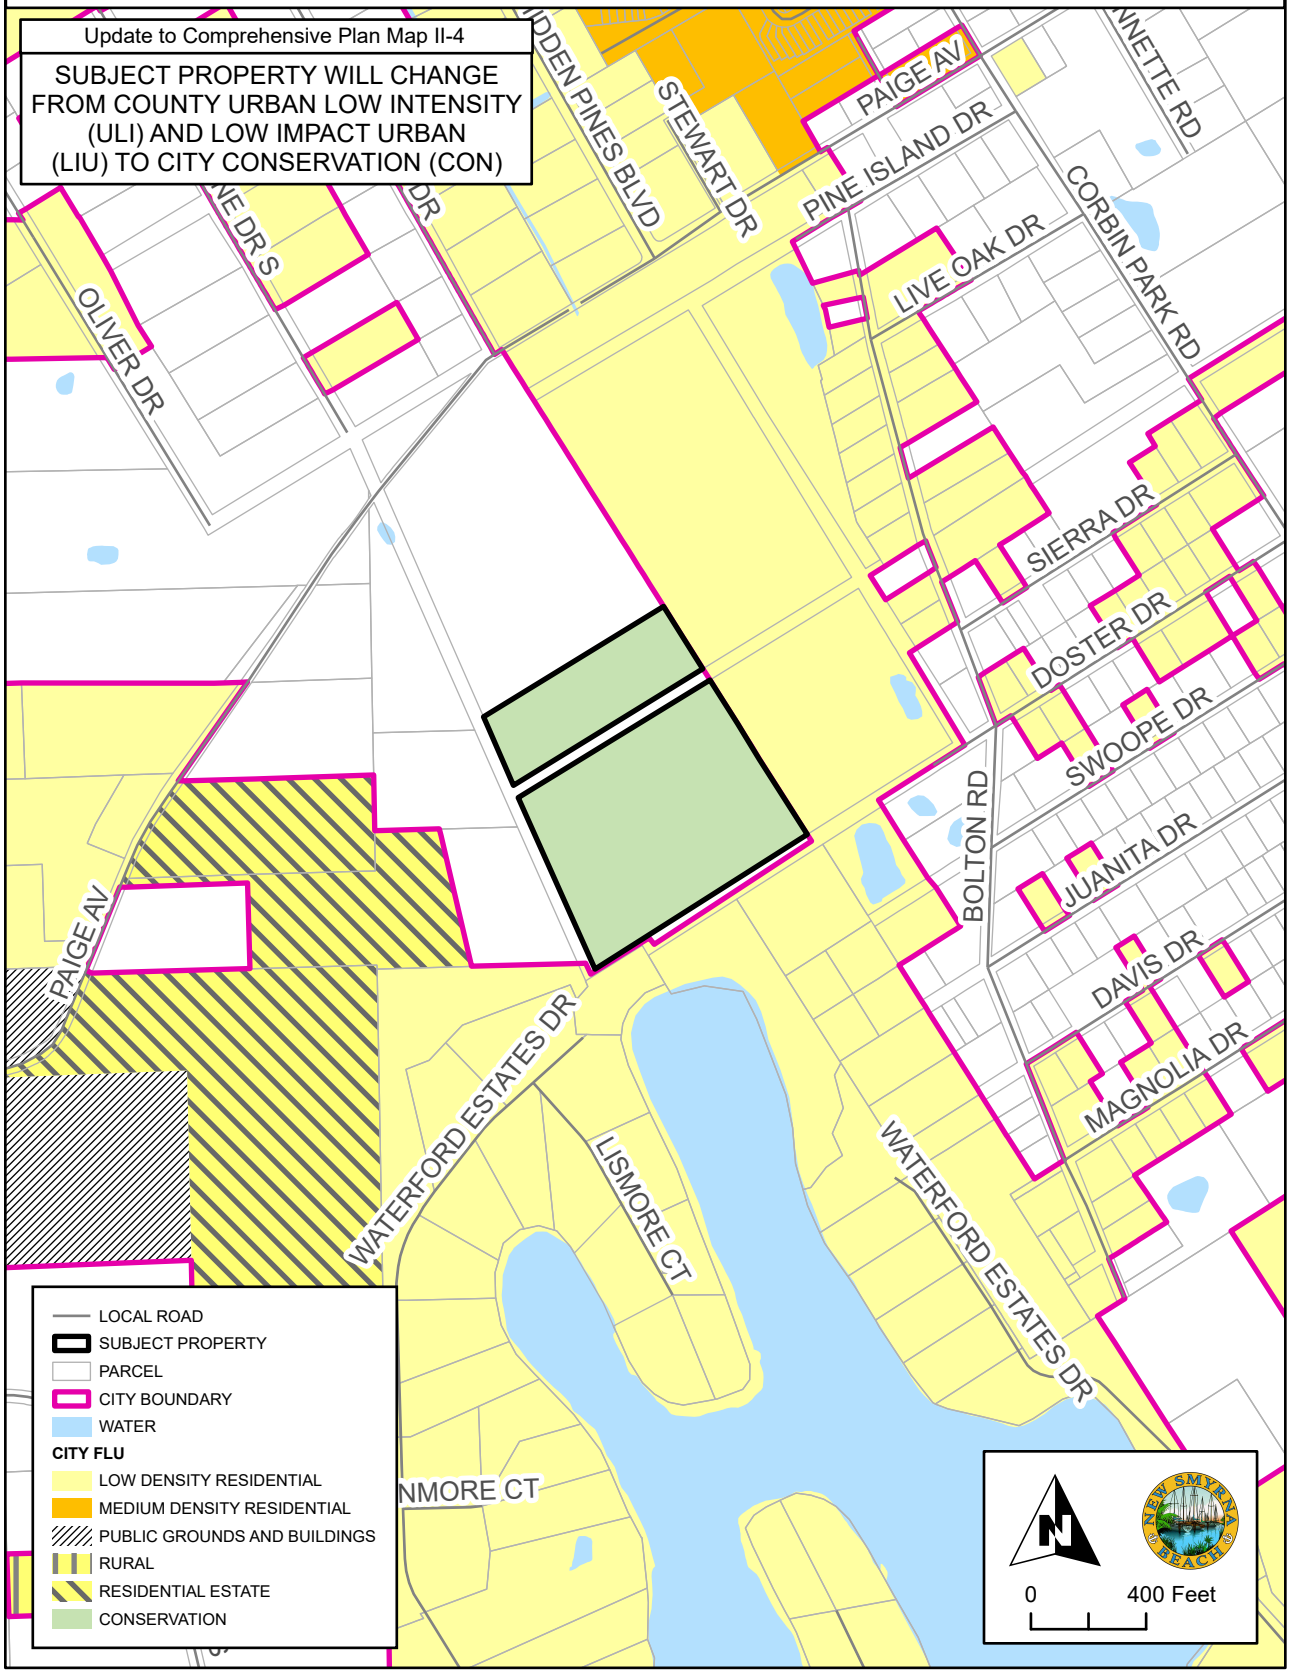
All requests for nonresidential uses within one-quarter (¼) mile of another jurisdiction shall require notification to that jurisdiction.

EXISTING LAND USE DESIGNATIONS

A-4-25

CONSERVATION

Maximum allowed Floor Area Ratio (FAR): 0.10



The general boundaries of those areas known to require environmental protection from development have been designated as conservation on the Future Land Use Map.

Designations are based on the best information available. Owners of lands designated as conservation on the Future Land Use Map may petition the City to adjust the boundaries of the conservation zone based upon a qualified biologist's determination of the boundaries made in accordance with §701.07 of the *Land Development Regulations*.

The Planning and Zoning Department shall review the owner's petition and automatically adjust the Future Land Use Map to correctly represent said area and upland buffer. The Local Planning Agency's approval shall be required if the area to be changed is greater than five (5) acres. Environmentally sensitive areas shall include, but not be limited to, jurisdictional wetlands, wetland buffers, uplands included as part of designated environmental corridors, and public beaches.

SPECIAL WARRANTY DEED

THIS SPECIAL WARRANTY DEED made this 1-30-2025 by Platinum Lakes, LLC, a Florida limited liability company having its principal place of business at 424 Luna Bella Lane, Suite 112, New Smyrna Beach, FL 32168, hereinafter called the grantor, and City of New Smyrna Beach whose post office address is 210 Sams Avenue, New Smyrna Beach, FL 32168, hereinafter called the grantee:

(Wherever used herein the terms "grantor" and "grantee" include all the parties to this instrument and the heirs, legal representative and assigns of individuals, and the successors and assigns of corporations.)

WITNESSETH: That the grantor, for and in consideration of the sum of $10.00 and other valuable consideration, receipt whereof is hereby acknowledged, hereby grants, bargains, sells, aliens, remises, releases, conveys and confirms unto the grantee, all the certain land situated in County of Volusia, State of Florida, viz:

Parcel 1:

Lot 97, except the Northerly 416 feet (as measured along the East line), Block 26; and Lot 98, Block 33, DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida. TOGETHER WITH the right to use the following described road and utility easement: the Easterly 20 feet of Lot 82 and the Easterly 20 feet of the Northerly 416 feet of Lot 97, Block 26, said DOUGHERTY'S SUBDIVISION.

Parcel 2:

Lot 82 and the Northerly 416 feet (as measured along the East line) of Lot 97, Block 26; DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida.

The Easterly 20 feet of said parcel is reserved as an easement for egress and ingress and utilities.

Subject to encumbrances, easements and restrictions of record and taxes accruing subsequently to 2024.

TOGETHER with all the tenements, hereditaments and appurtenances thereto belonging or in any wise appertaining.

TO HAVE AND TO HOLD the same in Fee Simple forever.

SPECIAL WARRANTY DEED
(continued)

AND the grantor hereby covenants with said grantee that the grantor is lawfully seized of said land in Fee Simple; that the grantor has good right and lawful authority to sell and convey said land; and hereby warrants the title to said land and will defend the same against the lawful claims of all persons claiming by, through or under the said grantor.

IN WITNESS WHEREOF, the undersigned have executed this document on the date(s) set forth below.

DEDICATION TO PUBLIC USE
And
DECLARATION OF RESTRICTIVE CONVENANTS

THIS DEDICATION TO PUBLIC USE and DECLARATION OF RESTRICTIVE COVENANTS ("DDRC") is made this 19th day of February, 2025, by the City of New Smyrna Beach ("Owner").

THIS DEDICATION TO PUBLIC USE AND DECLARATION OF RESTRICTIVE COVENANTS IS PURSUANT TO THE FOLLOWING:

WHEREAS, this Owner is the sole owner in fee simple of certain real property ("Property") located in Volusia County, Florida which is legally describe as:

"LOT 97 EXC N 416 FT & LOT 98 DAUGHERTY'SSUB IN HULL &NAPIER GRANTS MB M PG 688 PER 2236 PG 0870 PER OR 5457 PG 1539 PER OR 5505 PG 0053 PER OR 7225 PG 0492"

WHEREAS, the purpose of this DDRC is to dedicate the property to public use and set forth the covenants and restrictions; and

WHEREAS, the Owner make this DDRC to prevent adverse impacts to natural resources, fish and wildlife, and wetlands; and

WHEREAS, it is the purpose of this DDRC, and is the Owner's intent, to place restrictions, covenants and conditions on the Property to retain land or water areas in their natural conditions; and

WHEREAS, it is the purpose of this DDRC, to prevent the use or development of the Property for any purpose or in any manner that would conflict with the maintenance of the Property in its natural conditions; and

NOW THEREFORE, the Owner hereby unconditionally and irrevocably declares and covenants that the property shall be held and subject to the restrictions and conditions as set forth

herein, that shall constitute a perpetual servitude on the Property, run with the Property, and be binding on all parties that have or shall have any right, title or interest in the Property:

I. DURATION AND APPLICABILITY

Duration. This DDRC begins upon the last date of the last signature on this document. It is the intention of the Owners that the restrictions contained in this DDRC shall run with the land and with the title to the Property in perpetuity and shall apply to and be binding upon and inure to the benefit of the successors and assigns of the Owner and to any and all parties hereafter having any right, title or interest in the Property or any part thereof.

Applicability. Every provision of this DDRC that applies to the Owner shall also apply to their respective agents, heirs, executors, administrators, assigns, and all other successors as their interests may appear.

II. PROHIBITED AND RESTRICTED ACTIVITIES

Any activity on, or use of, the Property inconsistent with the purposes of this DDRC is prohibited. The Property shall be maintained in its natural, scenic and open condition and restricted from any development or use that would impair or interfere with the conservation purposes of this DDRC.

Except for activities that are permitted or required to help maintain the natural land and resources on the Property or any activity or modification that may be necessary to prevent any potential flooding in surrounding areas. Without limiting the generality of the foregoing, the following activities are expressly prohibited in or on the Property:

a) Construction or placing of buildings, roads, signs, billboards or other advertising, utilities, or other structures on or above the ground;

b) Dumping or placing of soil or other substance or material as landfill or dumping or placing of trash, waste, or unsightly or offensive materials;

c) Removing, destroying, or trimming trees, shrubs, or other vegetation, except:
   i. The removal of dead trees and shrubs or leaning trees that could cause damage property is authorized;

   ii. The destruction and removal of noxious, nuisance or exotic invasive plant species as listed on the most recent Florida Exotic Pest Plant Council's List of Invasive Species is authorized;

c) Excavation, dredging, or removal of loam, peat, gravel, soil, rock, or other material substance in such manner as to affect the surface;

d) Surface use except for purposes that permit the land or water area to remain predominantly in its natural or enhanced condition;

e) Activities detrimental to drainage, flood control, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation including, but not limited to, ditching, diking and fencing;

f) Acts or uses detrimental to such aforementioned retention of land or water areas; and

g) Acts or uses which are detrimental to the preservation of the structural integrity or physical appearance of sites or properties having historical, archaeological, or cultural significance.

III. RECORDING AND APPROVAL OF DEDICATION AND DECLARATION OF RESTRICTIVE COVENANTS

Upon execution, the Owner shall cause this Dedication and Declaration of Restrictive Covenants to be recorded and filed in the official public records of Volusia County, Florida, within thirty (30) days of execution. The Owner will pay all fees and charges incurred in connection therewith.

IV. MISCELLANEOUS

Owner's Rights. The Owner, its successors and assigns, reserves all rights as owner of the Property, including the right to engage in uses of the Property that are not prohibited herein and that are not inconsistent with the intent and purposes of this DDRC. Passive recreational uses that are not contrary to the purpose of this Restrictive Covenant may be permitted.

Termination or Modification. This DDRC shall not be terminated or modified without an express unanimous vote by the City Commission of the City of New Smyrna Beach.

Entire Agreement. This instrument sets forth the entire agreement of this DDRC.

Severability. If any provision of this DDRC or the application thereof to any person or circumstances is found to be invalid, the remainder of the provisions of this DDRC shall not be affected thereby, as long as the purpose of the DDRC is preserved.

Terms and Restrictions. The Owner shall insert the terms and restrictions of this Declaration in any subsequent deed or other legal instrument by which Owner divests itself of any interest in the Property.

Binding Effect in Perpetuity. The terms, conditions, restrictions and purposes imposed with this DDRC shall be binding upon Owner and shall run in perpetuity with the Property.

Owner states that Owner is lawfully seized of said Property in fee simple; that the Property is free and clear of all encumbrances that are inconsistent with the terms of this DDRC; all mortgages and liens on the Property, if any, have been subordinated to this DDRC; and that the owner has good right and lawful authority to make this DDRC.

IN WITNESS WHEREOF, the Owner hereto have duly executed this Dedication and Declaration of Restrictive Covenants.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 26-25 Small Scale 2350 Paige Ave.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

ORD 26-25 revises the City's Comprehensive Plans to show this conservation land in the City's boundaries.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

No direct economic impact on private for-profit businesses in the City.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

None

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

ORDINANCE NO. 26-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH AMENDING THE COMPREHENSIVE PLAN; CHANGING THE FUTURE LAND USE DESIGNATION OF 17.5± ACRES OF PROPERTY GENERALLY LOCATED SOUTH OF PAIGE AVENUE, WEST OF CORBIN PARK ROAD, ADDRESSED AS 2350 PAIGE AVENUE, FROM VOLUSIA COUNTY *URBAN LOW INTENSITY* AND *LOW IMPACT URBAN* TO CITY *CONSERVATION*; PROVIDING FOR AMENDMENT OF THE ASSOCIATED COMPREHENSIVE PLAN MAPS TO SHOW THE AREA INCORPORATED INTO THE CITY; PROVIDING FOR PUBLIC HEARING; PROVIDING FOR CONFLICTING ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168, applicant on behalf of City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168, property owner, has requested the City of New Smyrna Beach amend its Comprehensive Plan, Future Land Use Map II-4 to change the land use designation of 17.5± acres of property generally located south of Paige Avenue, west of Corbin Park Road, addressed as 2350 Paige Avenue, from Volusia County *Urban Low Intensity* and *Low Impact Urban* to City *Conservation*; to amend City Neighborhood Map II-1 to show the subject property is located within the Lake Waterford Estates Neighborhood; to amend Flood Prone Areas Map II-2 to show the subject property is within the FEMA Flood Zone X Unshaded; to amend Existing Land Use Designations Map II-3 to show the subject property will change from Volusia County *Vacant Land* to City *Vacant Land* to amend Existing Level of Service-2009 Map III-1 to show the subject property is served by a Class B level of service roadway to the north and a local road to the north; to amend Existing Traffic Lanes-2009 Map III-2 to show the subject property is served by a 4-lane roadway to the north and a local road to the north; to amend Public Transit Routes Map III-3 to show the subject property is served by public transit routes located throughout the City; to amend Bicycle and Pedestrian Facilities Map III-4 to show the subject property is served by bicycle and pedestrian facilities located throughout the City; to amend Airport Runway Protection Zones Map III-5 to show the subject property is within the height notification zone, and is not within the noise impact zone, the building restriction zone, or the runway protection zone; to amend Evacuation Routes Map III-6 to show the subject property is served by evacuation routes located throughout the City; to amend Level of Service-2025 Map III-7 to show the subject property is served by Class D level of service roadway to the north and a local road to the north; to amend Number of Traffic Lanes-2025 Map III-8 to show the subject property is served by a 4-lane roadway to the north and a local road to the north; amend Water & Sewer Service Area Map VII-1 to show the subject property is within the City and inside the New Smyrna Beach water and sewer service area; to amend Soil Limitation for Septic Systems Map VII-2 to show the subject property is within the slight limitations; to amend Coastal High Hazard Area Map VII-4 to show the subject property is not within the Coastal High Hazard

Area; to amend Boat Slip Siting Map VIII-2 to show the subject property is not located within a boat slip siting restricted zone; to amend City Parks Map X-1 to show the subject property is within the City and served by neighborhood and community parks; to amend Commission Zones Map Z-1 to show the subject property is located in City Commission Zone 4; and

WHEREAS, the Planning and Zoning Board, sitting as the City's Local Planning Agency, held an advertised public hearing pursuant to §163.3174(4), Fla. Stat., on April 7, 2025, and by a vote of 5-0 recommended that the City Commission approve the proposed Plan Amendment; and

WHEREAS, the proposed Amendment is from Volusia County *Urban Low Intensity* and *Low Impact Urban* to City *Conservation* land use of FIFTY (50) acres or fewer. §163.3187(1)(a), Fla. Stat.; and

WHEREAS, the proposed Amendment does not involve a text change to the goals, policies, and objectives of the City's Comprehensive Plan, but only propose a land use change to the future land use map for a site-specific small-scale development activity. §163.3187(1)(c), Fla. Stat.; and

WHEREAS, the proposed Amendment is not located within an area of critical state concern. §163.3187(1)(d), Fla. Stat.; and

WHEREAS, the City Commission finds that the proposed Amendment qualifies as a Plan Amendment directly related to small-scale development activities within the meaning of §163.3187(1), Fla. Stat.; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to amend its Comprehensive Plan as more particularly set forth hereinafter.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Land Use Amendment.*** That the Comprehensive Plan, **Future Land Use Map II-4**, is hereby amended by changing the land use designations for real property located in Volusia County, Florida, described as:

SEE EXHIBIT "A" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

from Volusia County *Urban Low Intensity* and *Low Impact Urban* to City *Conservation.*

SECTION 2: ***Map Amendment.*** That the Comprehensive Plan, **Neighborhoods Map II-1**, is hereby amended to show the subject property is within the Lake Waterford Estates Neighborhood.

SEE EXHIBIT "B" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 3: ***Map Amendment.*** That the Comprehensive Plan, **Flood Prone Area Map II-2**, is hereby amended to show the subject property is within FEMA Flood Zone X Unshaded.

SEE EXHIBIT "C" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 4: ***Map Amendment.*** That the Comprehensive Plan, **Existing Land Use Designations Map II-3**, is hereby amended to show the subject property will change from County *Vacant Land* to City *Vacant Land.*

SEE EXHIBIT "D" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 5: ***Map Amendment.*** That the Comprehensive Plan, **Existing Level of Service-2009 Map III-1**, is hereby amended to show the subject property is served by a Class B level of service roadway to the north and a local road to the north.

SEE EXHIBIT "E" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 6: ***Map Amendment.*** That the Comprehensive Plan, **Existing Traffic Lanes-2009 Map III-2,** is hereby amended to show the subject property is served by a 4-lane roadway to the north and a local road to the north.

SEE EXHIBIT "F" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 7: ***Map Amendment.*** That the Comprehensive Plan, **Public Transit Routes Map III-3,** is hereby amended to show the subject property is served by public transit routes located throughout the City.

SEE EXHIBIT "G" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 8: ***Map Amendment.*** That the Comprehensive Plan, **Bicycle and Pedestrian Facilities Map III-4**, is hereby amended to show the subject property is served by bicycle and pedestrian facilities located throughout the City.

SEE EXHIBIT "H" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 9: ***Map Amendment.*** That the Comprehensive Plan, **Airport Runway Protection Zones Map III-5**, is hereby amended to show the subject property is within the height notification zone, and is not within the noise impact zone, the building restriction zone, or the runway protection zone.

SEE EXHIBIT "I" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 10: ***Map Amendment.*** That the Comprehensive Plan, **Evacuation Routes Map III-6**, is hereby amended to show the subject property is served by evacuation routes located throughout the City.

SEE EXHIBIT "J" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 11: ***Map Amendment.*** That the Comprehensive Plan, **Level of Service-2025 Map III-7**, is hereby amended to show the subject property is served by a Class D level of service roadway to the north and a local road to the north.

SEE EXHIBIT "K" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 12: ***Map Amendment.*** That the Comprehensive Plan, **Number of Traffic Lanes-2025 Map III-8**, is hereby amended to show the subject property is served by a 4-lane roadway to the north and a local road to the north.

SEE EXHIBIT "L" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 13: ***Map Amendment.*** That the Comprehensive Plan, **Water and Sewer Service Area Map VII-1** is hereby amended to show the subject property is within the City and inside the New Smyrna Beach Water and Sewer Service Area.

SEE EXHIBIT "M" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 14: ***Map Amendment.*** That the Comprehensive Plan, **Soil Limitation for Septic Systems Map VII-2** is hereby amended to show the subject property is within the soils with slight limitations.

SEE EXHIBIT "N" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 15: ***Map Amendment.*** That the Comprehensive Plan, **Coastal High Hazard Areas Map VII-4** is hereby amended to show the subject property is not within the Coastal High Hazard Area.

SEE EXHIBIT "O" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 16: ***Map Amendment.*** That the Comprehensive Plan, **Boat Slip Siting Map VIII-2** is hereby amended to show the subject property is not located within a boat slip siting restricted zone.

SEE EXHIBIT "P" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 17: ***Map Amendment.*** That the Comprehensive Plan, **City Parks Map X-1** is hereby amended to show the subject property is within the City and served by neighborhood and community parks.

SEE EXHIBIT "Q" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 18: ***Map Amendment.*** That the Comprehensive Plan, **Commission Zones Map Z-1** is hereby amended to show the subject property is located in City Commission Zone 4.

SEE EXHIBIT "R" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 19: ***Public Hearing.*** It is hereby found that a public hearing held by the City Commission to consider adoption of this ordinance on May 27, 2025, at 6:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published at least 10 days prior to hearing is deemed to comply with §§163.3187(2) and 166.041(3)(a), Fla. Stat.

SECTION 20: ***Conflicting Ordinances***. That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 21: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 22: ***Effective Date.*** That this ordinance shall become effective THIRTY ONE (31) days following adoption by the City Commission unless a challenge is filed under §163.3187(5),

Fla. Stat. In the event that the ordinance is challenged within THIRTY (30) days after adoption, it shall not become effective until the state land planning agency or the Administration Commission, respectively, issues a final order determining the adopted small scale development amendment is in compliance. §163.3187(5), Fla. Stat. In addition, this ordinance shall not become effective until Volusia Growth Management Commission has issued a Certificate of Consistency. No development orders, development permits, or land uses dependent on these amendments may be issued or commence before they have become effective.

APPROVED AS TO FORM AND CORRECTNESS:

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 27-25: CONDUCT A SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD REZONE APPROXIMATELY 17.5 ± ACRES OF LAND LOCATED AT 2350 PAIGE AVENUE TO CITY CONSERVATION AS PART OF AN OVERALL ANNEXATION APPLICATION.

May 27, 2025

Background:

Applicant: Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168.

Property Owner: City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168

Request: Rezoning:

- **From:** Volusia County zoning designations of R-3 and R-3(1), Urban Single Family Residential with an "A" attached for Airport Height Notification Zone.
- **To:** City zoning designation of Conservation with an "A" attached for Airport Height Notification Zone.

Site Information:

- **Size:** 17.5 ± acres
- **Location:** South of Paige Avenue, west of Corbin Park Road.

Tax I.D. Number: 7343-06-00-0980

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was

also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property on Paige Avenue is un-developed. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**.

The existing Volusia County zoning designation of the subject property is shown on the following map as **Exhibit C**. The current zoning text description for the subject property is attached as **Exhibit D**. Existing land uses are shown on the map attached as **Exhibit E**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use and zoning designations that would be as similar as possible to existing County designations. In this case, the city will assign a Conservation Future Land Use and a Conservation zoning since this property was purchased by the city under the Turnbull Creek Watershed Preservation Project. The existing County Future Land Use category is Urban Low Intensity and Low Impact Urban. The existing County zoning designations are R-3 and R-3(1), Urban Single Family Residential. The proposed City FLU designation is Conservation. The proposed City zoning designation is Conservation. A text description of the proposed City Conservation zoning, and a map of the proposed changes are attached as **Exhibits F** and **G**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on Paige Avenue is un-developed with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

The ISBA map is attached as **Exhibit H**. The legal description and Special Warranty Deed are attached as **Exhibits I** and **J**. A declaration of Restricted Covenant is attached as **Exhibit K**.

The City of New Smyrna Beach purchased this property for conservation.

Recommendations:

At its regular scheduled meeting on April 7, 2025, the Planning and Zoning Board voted, 5-0, to give a positive recommendation to the City Commission to **approve** the requested rezoning to City Conservation with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

The planning Department recommends the City Commission to **approve** the requested rezoning to City Conservation with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

R-3 URBAN SINGLE-FAMILY

RESIDENTIAL CLASSIFICATION

Purpose and intent: The purpose and intent of the R-3 Urban Single-Family Residential Classification, is to provide medium-low-density residential developments, preserving the character of existing or proposed residential neighborhoods.

Permitted principal uses and structure: In the R-3 Urban Single-Family Residential Classification, no premises shall be used except for the following uses and their customary accessory uses or structures:

Cluster and zero lot line subdivisions (refer to section 72-304).

Communication towers not exceeding 70 feet in height above ground level.

Essential utility services.

Exempt excavations (refer to subsection 72-293(15)) and/or those which comply with division 8 of the Land Development Code of Volusia County [article III] and/or final site plan review procedures of this article.

Exempt landfills (refer to subsection 72-293(16)).

Fire stations.

Home-based business (refer to section 72-283).

Houses of worship.

Parks and recreational areas accessory to residential developments.

Public schools.

Publicly owned parks and recreational areas.

Publicly owned or regulated water supply wells.

Single-family standard or modular dwelling.

Permitted special exceptions: Additional regulations/requirements governing permitted special exceptions are located in sections 72-293 and 72-415 of this article.

Bed and breakfast (refer to subsection 72-293(19)).

Cemeteries (refer to subsection 72-293(4)).

Communication towers exceeding 70 feet in height above ground level.

Day care centers (refer to subsection 72-293(6)).

Dogs and cats boarded as personal pets exceeding the number permitted in subsection 72-306(a).

Excavations only for stormwater retention ponds for which a permit is required by this article.

Off-street parking areas (refer to subsection 72-293(14)).

Public uses not listed as a permitted principal use.

Public utility uses and structures (refer to subsection 72-293(1)).

Recreational areas (refer to subsection 72-293(3)).

Schools, parochial or private (refer to subsection 72-293(4)).

Dimensional requirements:

Minimum lot size:

Area: 10,000 square feet.

Width: 85 feet.

Minimum yard size:

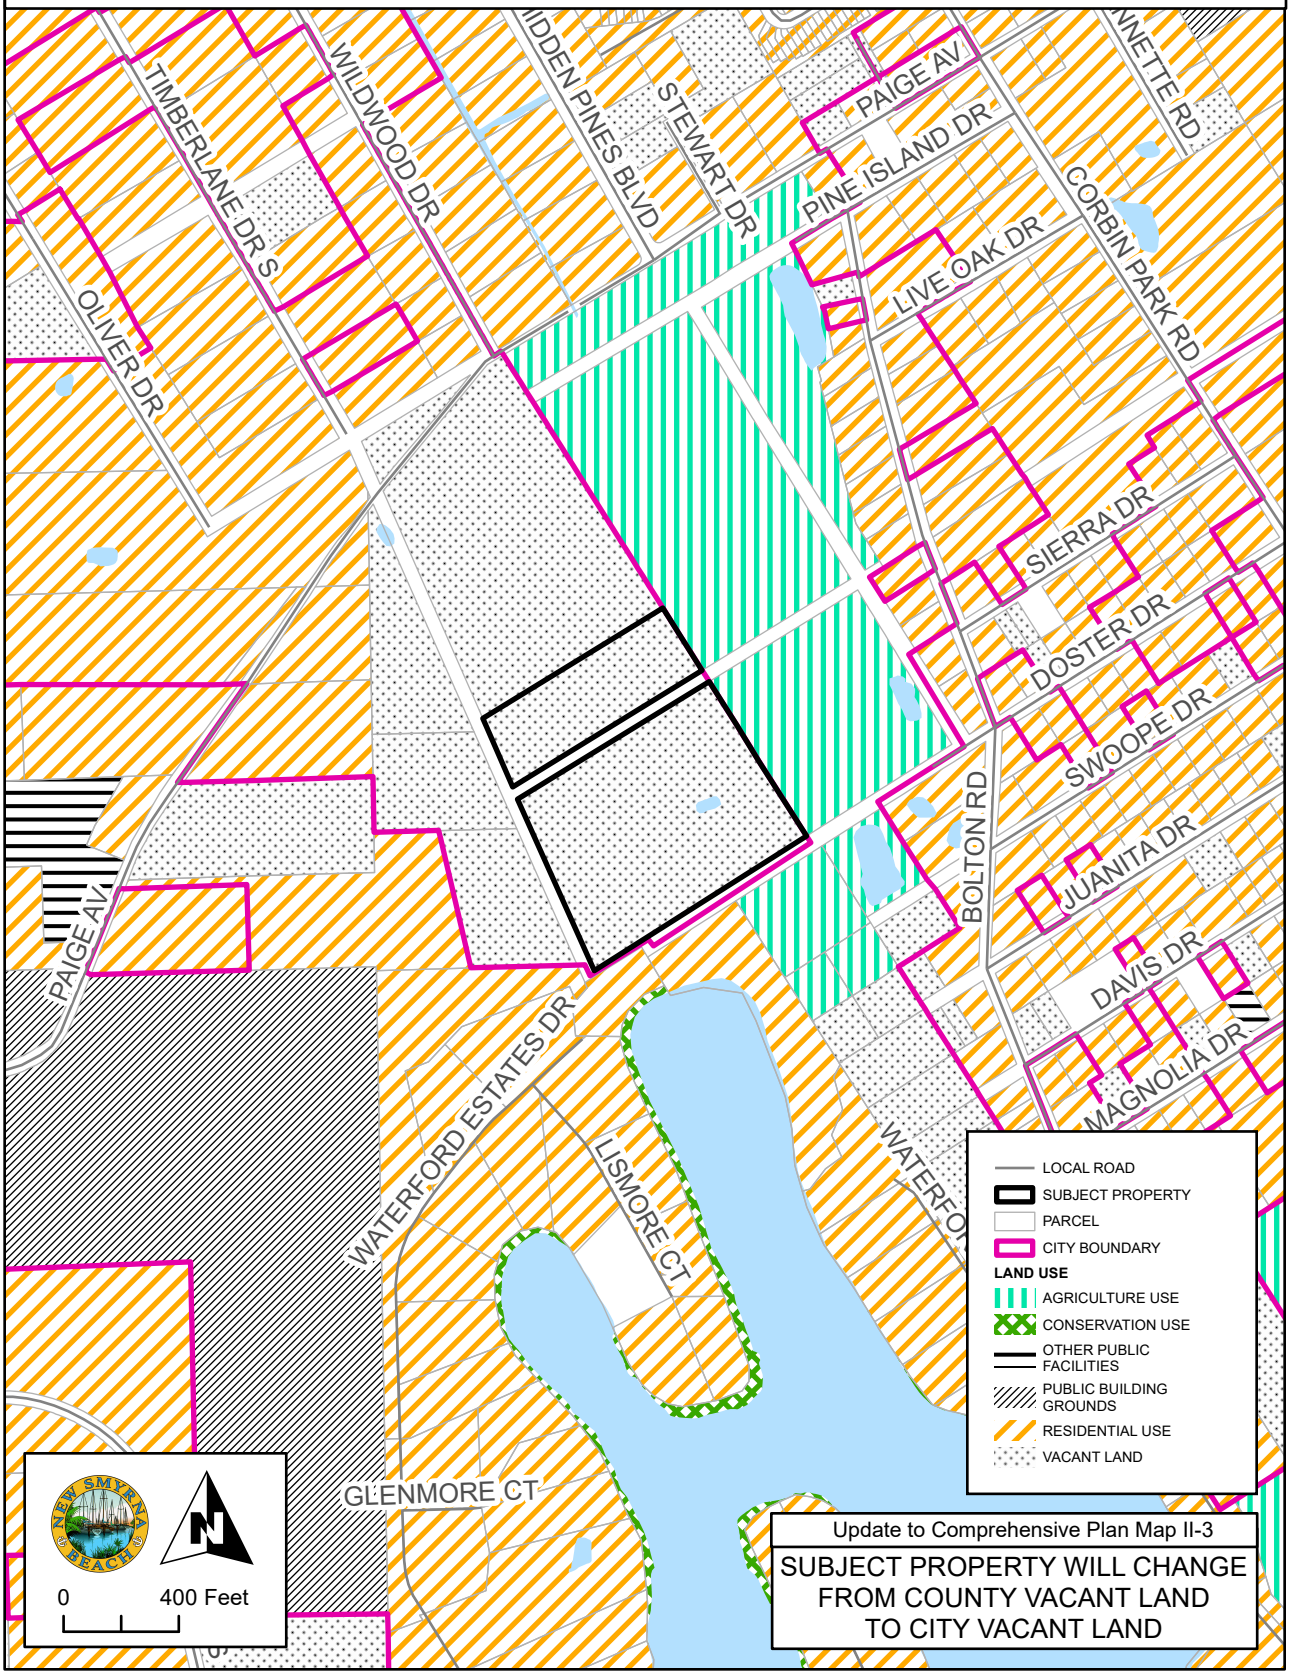
Front yard: 30 feet.

Rear yard: 20 feet.

Side yard: 20 feet combined, minimum of eight feet on any one side.

Waterfront yard: 25 feet.

Maximum building height: 35 feet.



Maximum lot coverage: The total lot area covered with principal and accessory buildings shall not exceed 35 percent.

Minimum floor area: 1,000 square feet.

Off-street parking and loading requirements: Off-street parking and loading areas meeting the requirements of sections 72-286 and 72-287 shall be constructed.

EXISTING LAND USE DESIGNATIONS

A-4-25

C, CONSERVATION DISTRICT

Intent. The C, Conservation District, is designed to:

(1) Protect persons and private property from the hazards of flood water inundation and to protect the community from costs which are incurred when urban development occurs in flood plains; and
(2) Conserve important natural and historic resources for ecological purposes and for the enjoyment and education of future residents.

Permitted uses.

Fishing and picnicking
Nature trails and exhibits
Park ranger residence, State of Florida or Volusia County. The structure may be occupied by only one State of Florida or Volusia County Park Ranger and his family. Said ranger must be a state certified law enforcement officer. The structure shall be built in accordance with the requirements of the R-2, Single-Family Residential District in this LDR.
Public and private parks
Public utility lines and utility facilities
Silvicultural operations which follow state-prescribed best management practices

Permitted accessory uses.

Incidental uses
Recreation facilities related to the permitted uses

Special exceptions.

Fishing, hunting or nonprofit organizations camps
Riding stables

Dimensional requirements.

Minimum lot size.
Area: 20,000 square feet
Depth: 200 feet
Width: 100 feet
Minimum yard size.
Front yard: 40 feet, or as required per [sub]section 504.01M. of this LDR
Rear yard: 30 feet
Side yard: Ten feet

Minimum setback from wetlands.
Any jurisdictional wetland line: 25 feet towards upland

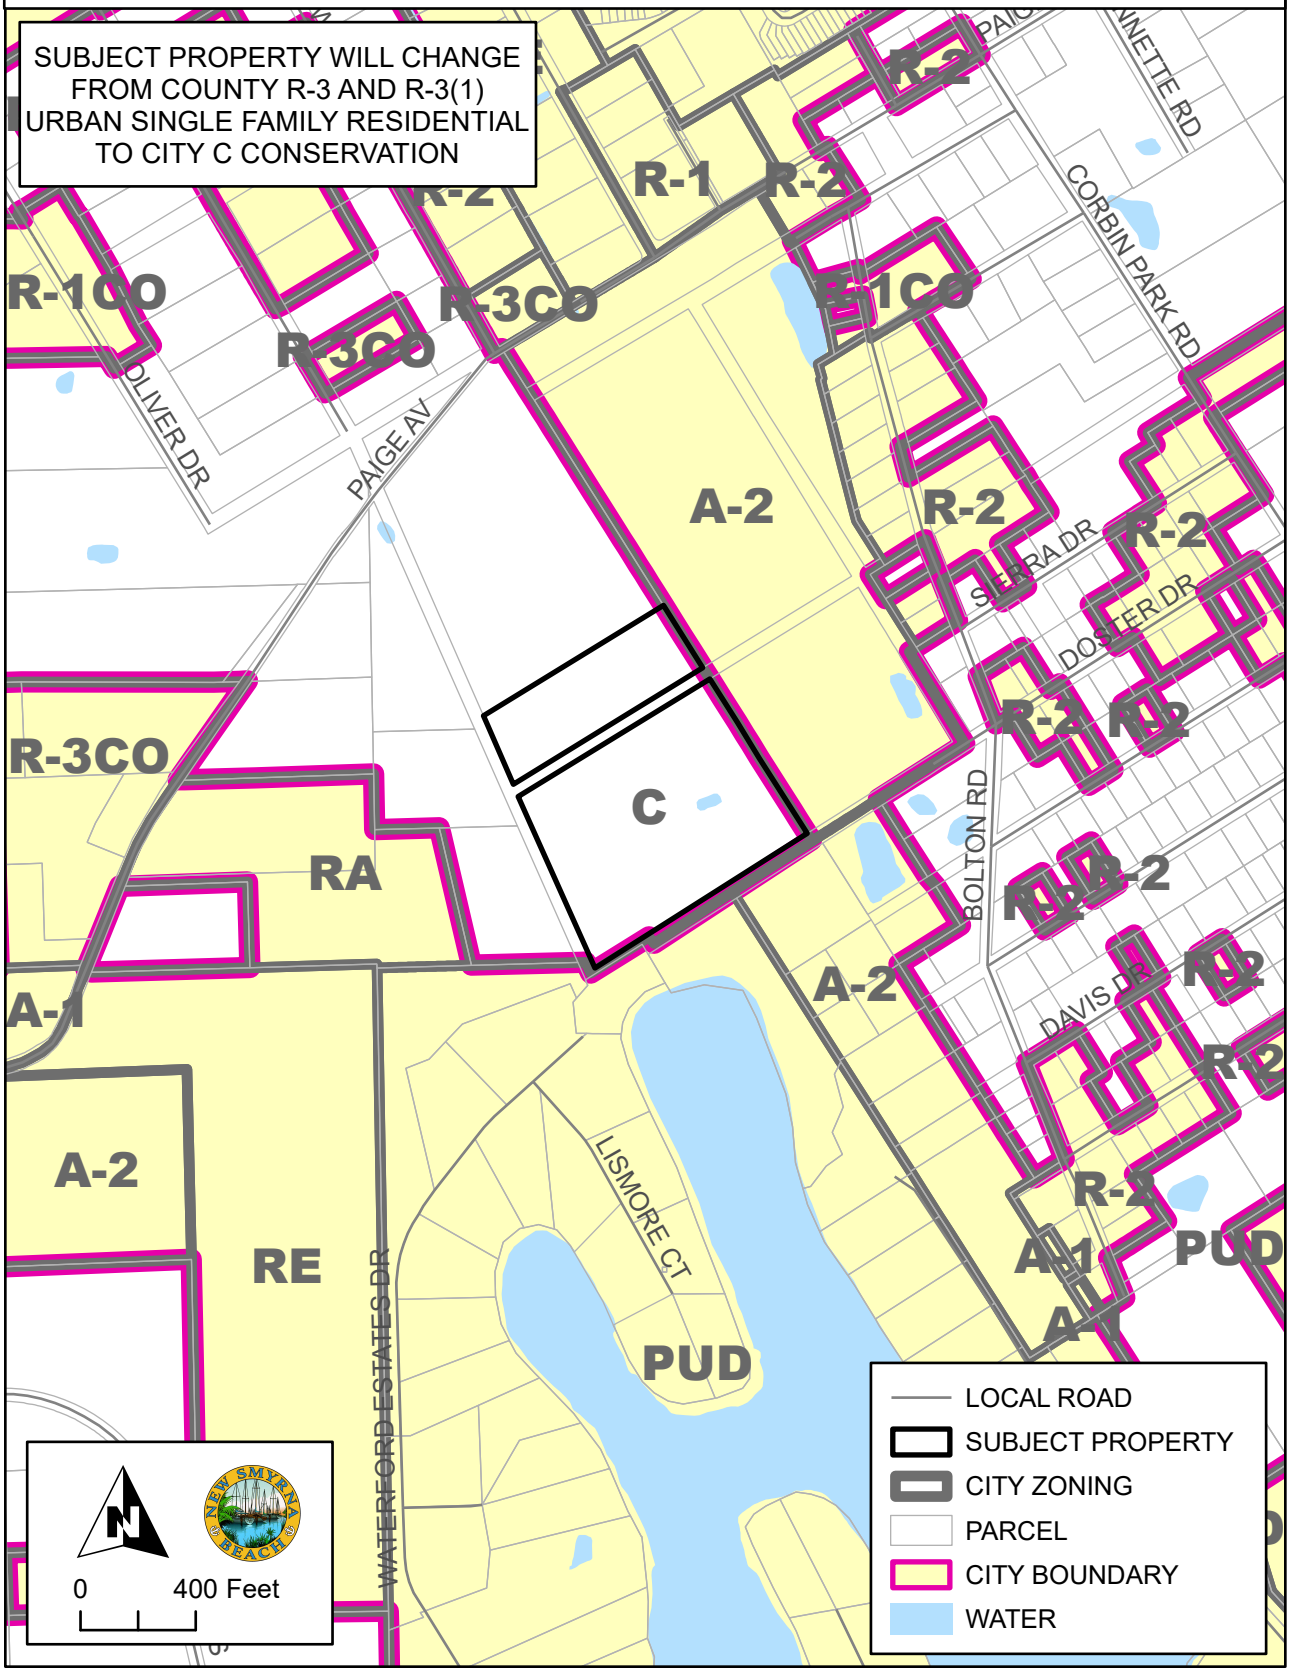
Maximum building coverage. The total area covered with buildings on any lot shall not exceed 30 percent of the total lot area.

Maximum impervious coverage. The total area covered with impervious materials on any lot shall not exceed 35 percent of the total lot area.

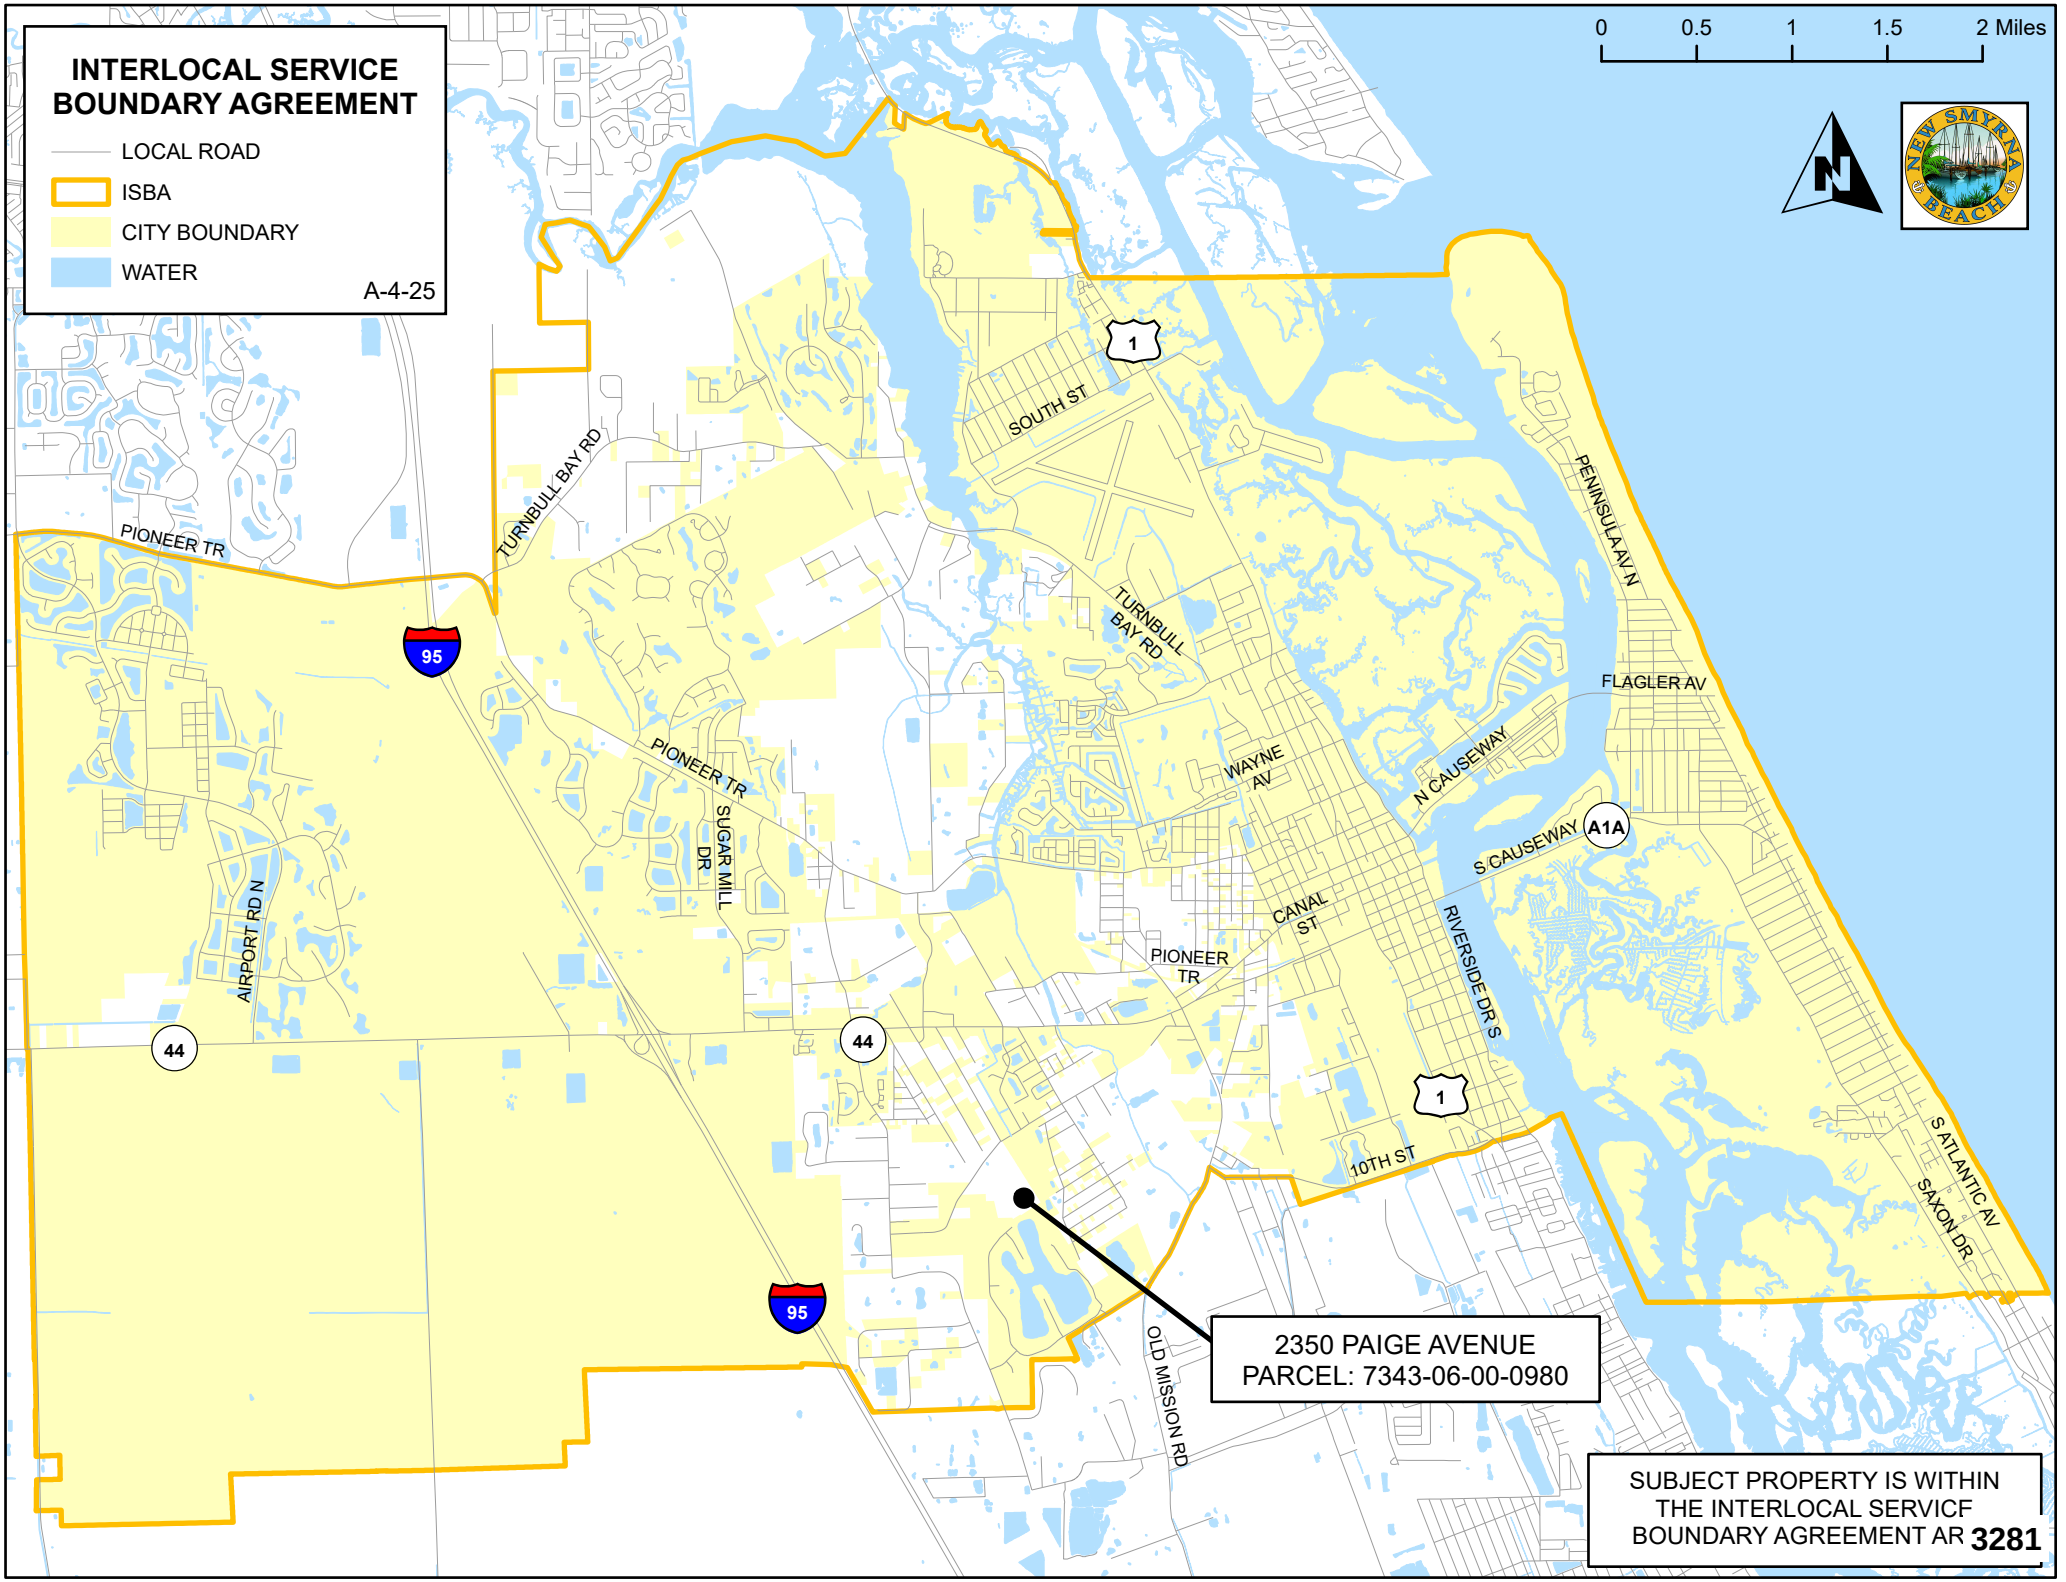
Maximum principal building height. 35 feet above finished grade.

Landscaping. Landscaped buffer area(s) as defined in this LDR shall be required at property lines as follows:

(1) All front property lines; and
(2) Along side or rear lot line abutting a residentially zoned lot.



Visibility at intersections. Visibility at intersections shall be provided as required in this LDR.



Off-street parking. Off-street parking shall be provided as required in this LDR.

Building projections. There shall be no building projections into any required yard except for eaves with a maximum projection of 42 inches, but no closer than five feet to a property line; and those structures allowed in [sub]section 804.03.

SPECIAL WARRANTY DEED

THIS SPECIAL WARRANTY DEED made this 1-30-2025 by Platinum Lakes, LLC, a Florida limited liability company having its principal place of business at 424 Luna Bella Lane, Suite 112, New Smyrna Beach, FL 32168, hereinafter called the grantor, and City of New Smyrna Beach whose post office address is 210 Sams Avenue, New Smyrna Beach, FL 32168, hereinafter called the grantee:

(Wherever used herein the terms "grantor" and "grantee" include all the parties to this instrument and the heirs, legal representative and assigns of individuals, and the successors and assigns of corporations.)

WITNESSETH: That the grantor, for and in consideration of the sum of $10.00 and other valuable consideration, receipt whereof is hereby acknowledged, hereby grants, bargains, sells, aliens, remises, releases, conveys and confirms unto the grantee, all the certain land situated in County of Volusia, State of Florida, viz:

Parcel 1:

Lot 97, except the Northerly 416 feet (as measured along the East line), Block 26; and Lot 98, Block 33, DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida. TOGETHER WITH the right to use the following described road and utility easement: the Easterly 20 feet of Lot 82 and the Easterly 20 feet of the Northerly 416 feet of Lot 97, Block 26, said DOUGHERTY'S SUBDIVISION.

Parcel 2:

Lot 82 and the Northerly 416 feet (as measured along the East line) of Lot 97, Block 26; DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida.

The Easterly 20 feet of said parcel is reserved as an easement for egress and ingress and utilities.

Subject to encumbrances, easements and restrictions of record and taxes accruing subsequently to 2024.

TOGETHER with all the tenements, hereditaments and appurtenances thereto belonging or in any wise appertaining.

TO HAVE AND TO HOLD the same in Fee Simple forever.

SPECIAL WARRANTY DEED
(continued)

AND the grantor hereby covenants with said grantee that the grantor is lawfully seized of said land in Fee Simple; that the grantor has good right and lawful authority to sell and convey said land; and hereby warrants the title to said land and will defend the same against the lawful claims of all persons claiming by, through or under the said grantor.

IN WITNESS WHEREOF, the undersigned have executed this document on the date(s) set forth below.

DEDICATION TO PUBLIC USE
And
DECLARATION OF RESTRICTIVE CONVENANTS

THIS DEDICATION TO PUBLIC USE and DECLARATION OF RESTRICTIVE COVENANTS ("DDRC") is made this 19th day of February, 2025, by the City of New Smyrna Beach ("Owner").

THIS DEDICATION TO PUBLIC USE AND DECLARATION OF RESTRICTIVE COVENANTS IS PURSUANT TO THE FOLLOWING:

WHEREAS, this Owner is the sole owner in fee simple of certain real property ("Property") located in Volusia County, Florida which is legally describe as:

"LOT 97 EXC N 416 FT & LOT 98 DAUGHERTY'SSUB IN HULL &NAPIER GRANTS MB M PG 688 PER 2236 PG 0870 PER OR 5457 PG 1539 PER OR 5505 PG 0053 PER OR 7225 PG 0492"

WHEREAS, the purpose of this DDRC is to dedicate the property to public use and set forth the covenants and restrictions; and

WHEREAS, the Owner make this DDRC to prevent adverse impacts to natural resources, fish and wildlife, and wetlands; and

WHEREAS, it is the purpose of this DDRC, and is the Owner's intent, to place restrictions, covenants and conditions on the Property to retain land or water areas in their natural conditions; and

WHEREAS, it is the purpose of this DDRC, to prevent the use or development of the Property for any purpose or in any manner that would conflict with the maintenance of the Property in its natural conditions; and

NOW THEREFORE, the Owner hereby unconditionally and irrevocably declares and covenants that the property shall be held and subject to the restrictions and conditions as set forth

herein, that shall constitute a perpetual servitude on the Property, run with the Property, and be binding on all parties that have or shall have any right, title or interest in the Property:

I. DURATION AND APPLICABILITY

Duration. This DDRC begins upon the last date of the last signature on this document. It is the intention of the Owners that the restrictions contained in this DDRC shall run with the land and with the title to the Property in perpetuity and shall apply to and be binding upon and inure to the benefit of the successors and assigns of the Owner and to any and all parties hereafter having any right, title or interest in the Property or any part thereof.

Applicability. Every provision of this DDRC that applies to the Owner shall also apply to their respective agents, heirs, executors, administrators, assigns, and all other successors as their interests may appear.

II. PROHIBITED AND RESTRICTED ACTIVITIES

Any activity on, or use of, the Property inconsistent with the purposes of this DDRC is prohibited. The Property shall be maintained in its natural, scenic and open condition and restricted from any development or use that would impair or interfere with the conservation purposes of this DDRC.

Except for activities that are permitted or required to help maintain the natural land and resources on the Property or any activity or modification that may be necessary to prevent any potential flooding in surrounding areas. Without limiting the generality of the foregoing, the following activities are expressly prohibited in or on the Property:

a) Construction or placing of buildings, roads, signs, billboards or other advertising, utilities, or other structures on or above the ground;

b) Dumping or placing of soil or other substance or material as landfill or dumping or placing of trash, waste, or unsightly or offensive materials;

c) Removing, destroying, or trimming trees, shrubs, or other vegetation, except:
   i. The removal of dead trees and shrubs or leaning trees that could cause damage property is authorized;

   ii. The destruction and removal of noxious, nuisance or exotic invasive plant species as listed on the most recent Florida Exotic Pest Plant Council's List of Invasive Species is authorized;

c) Excavation, dredging, or removal of loam, peat, gravel, soil, rock, or other material substance in such manner as to affect the surface;

d) Surface use except for purposes that permit the land or water area to remain predominantly in its natural or enhanced condition;

e) Activities detrimental to drainage, flood control, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation including, but not limited to, ditching, diking and fencing;

f) Acts or uses detrimental to such aforementioned retention of land or water areas; and

g) Acts or uses which are detrimental to the preservation of the structural integrity or physical appearance of sites or properties having historical, archaeological, or cultural significance.

III. RECORDING AND APPROVAL OF DEDICATION AND DECLARATION OF RESTRICTIVE COVENANTS

Upon execution, the Owner shall cause this Dedication and Declaration of Restrictive Covenants to be recorded and filed in the official public records of Volusia County, Florida, within thirty (30) days of execution. The Owner will pay all fees and charges incurred in connection therewith.

IV. MISCELLANEOUS

Owner's Rights. The Owner, its successors and assigns, reserves all rights as owner of the Property, including the right to engage in uses of the Property that are not prohibited herein and that are not inconsistent with the intent and purposes of this DDRC. Passive recreational uses that are not contrary to the purpose of this Restrictive Covenant may be permitted.

Termination or Modification. This DDRC shall not be terminated or modified without an express unanimous vote by the City Commission of the City of New Smyrna Beach.

Entire Agreement. This instrument sets forth the entire agreement of this DDRC.

Severability. If any provision of this DDRC or the application thereof to any person or circumstances is found to be invalid, the remainder of the provisions of this DDRC shall not be affected thereby, as long as the purpose of the DDRC is preserved.

Terms and Restrictions. The Owner shall insert the terms and restrictions of this Declaration in any subsequent deed or other legal instrument by which Owner divests itself of any interest in the Property.

Binding Effect in Perpetuity. The terms, conditions, restrictions and purposes imposed with this DDRC shall be binding upon Owner and shall run in perpetuity with the Property.

Owner states that Owner is lawfully seized of said Property in fee simple; that the Property is free and clear of all encumbrances that are inconsistent with the terms of this DDRC; all mortgages and liens on the Property, if any, have been subordinated to this DDRC; and that the owner has good right and lawful authority to make this DDRC.

IN WITNESS WHEREOF, the Owner hereto have duly executed this Dedication and Declaration of Restrictive Covenants.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 27-25 Rezoning 2350 Paige Ave.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

ORD 27-25 rezones property purchased by the City under the Turnbull Creek Preservation Referendum Bond to conservation.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

No direct economic impact on private for-profit businesses in the City.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

None

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 27-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH REZONING 17.5± ACRES OF PROPERTY GENERALLY LOCATED SOUTH OF PAIGE AVENUE, WEST OF CORBIN PARK ROAD, ADDRESSED AS 2350 PAIGE AVENUE, FROM VOLUSIA COUNTY *R-3* AND *R-3(1) A, URBAN SINGLE-FAMILY RESIDENTIAL AIRPORT OVERLAY* TO CITY *C A, CONSERVATION AIRPORT OVERLAY* ZONING DISTRICT; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Kevin Cowper, City Manager, 210 Sams Avenue, New Smyrna Beach, Florida 32168, applicant on behalf of City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168, property owner, has requested the annexation of 17.5± acres of property generally located south of Paige Avenue, west of Corbin Park Road, addressed as 2350 Paige Avenue, from Volusia County *R-3* and *R-3(1) A, Urban Single-Family Residential Airport Overlay* to City *C A, Conservation Airport Overlay* zoning district; and

WHEREAS, the Planning and Zoning Board, at its regular scheduled meeting on April 7, 2025, by a vote of 5-0, recommended that the City Commission approve the requested rezoning; and

WHEREAS, the City Commission finds that the requested rezoning is consistent with the City Comprehensive Plan; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to rezone said property as more particularly described hereinafter.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Rezoning.*** That the 17.5± acres of property generally located south of Paige Avenue, west of Corbin Park Road, addressed as 2350 Paige Avenue, in the City of New Smyrna Beach, Florida, said properties more particularly described as follows:

7343-06-00-0980
2350 Paige Avenue

Lot 97, except the Northerly 416 feet (as measured along the East line) Block 26; and Lot 98, Block 33; DOUGHERTY'S SUBDIVISION in the HULL AND NAPIER GRANTS, as per map in Deed Book "M", Page 688, Public Records of Volusia County, Florida.

TOGETHER WITH the right to use the following described road and utility easement: the Easterly 20 feet of Lot 82 and the Easterly 20 feet of the Northerly 416 feet of Lot 97, Block 26, said DOUGHERTY'S SUBDIVISION.

shall be and the same is hereby rezoned from Volusia *R-3* and *R-3(1) A, Urban Single-Family Residential Airport Overlay* to City *A, Conservation Airport Overlay* zoning district.

SECTION 2: ***Quasi-Judicial Public Hearing.*** It is hereby found that a quasi-judicial public hearing held by the City Commission to consider adoption of this ordinance on May 27, 2025 at 6:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, to consider the rezoning request in accordance with *Bd. of Cty. Com'rs of Brevard v. Snyder*, 627 So.2d 469 (Fla. 1993) in a manner to insure that all parties are provided an opportunity to be heard, present evidence and cross-examine witnesses, and to be informed of all the facts upon which the Commission's decision on the rezoning is based, after notice published at least 10 days prior to hearing, is deemed to comply with §166.041(3)(a), Fla.Stat.

SECTION 3: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 4: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 5: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 6: ***Effective Date***. That this ordinance shall become effective THIRTY ONE (31) days following adoption of Ordinance No. 26-25, the Small Scale Comprehensive Plan Amendment for the subject property, by the City Commission unless a challenge is filed to said ordinance under §163.3187, F.S. In the event that Ordinance No. 26-25, the Small Scale Comprehensive Plan Amendment, is challenged this ordinance shall become effective upon the state land planning agency or the Administration Commission, respectively, issuing a final order determining that the adopted small scale development amendment is in compliance.

THE CITY OF NEW SMYRNA BEACH - CITY ATTORNEY'S OFFICE

ORDINANCE NO. 28-25: CONDUCT A SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD AUTHORIZE THE UTILITIES COMMISSION, CITY OF NEW SMYRNA BEACH TO ISSUANCE UP TO $130 MILLION IN UTILITIES SYSTEM REVENUE CERTIFICATES (BONDS).

May 27, 2025

Background:

In 2020, the Utilities Commission issued bonds for $65 million for capital improvements. Those funds were fully expended at the end of fiscal year 2024. The Utilities Commission seeks additional bond funding to continue the execution of its 10-year CIP and Strategic Modernization Projects, in an amount not to exceed $130,000,000.

Findings:

The Utilities Commission adopted Resolution No. 2025-01 at its April 28, 2025 meeting, authorizing the issuance of revenue bonds in an amount not to exceed $130 million to continue its capital improvements. In accordance with City Charter Section 8.15, prior to issuance, the City Commission must review and approve the issuance.

Fiscal Analysis:

No direct fiscal impact to the City.

Strategic Plan Item:

No

AGENDA ITEM 7-a

☐ CONSENT ITEM **FOR MEETING OF:** April 28, 2025

☑ NEW BUSINESS **FROM:** General Manager-CEO

☐ OLD BUSINESS **SIGNATURE:** Efren Chavez

☐ **EXHIBITS:** 1) Bond/Disclosure Counsel Memo and Proposed Resolution No. 2025-01 - Authorizing, Series 2025 Bonds; 2) Bond/Disclosure Counsel Memo and Proposed Reimbursement Resolution No. 2025-02

SUBJECT: Approval - Authorizing Resolution for Issuance of Utility System Improvement Revenue Bonds, Series 2025 and Tax-Exempt Reimbursement Resolution

SUMMARY:

PROJECT TYPE: GOVERNANCE ITEM — Bond Issuance and Reimbursement

FUNDING SOURCES: FY / ACCT N/A

As previously discussed during the March 25, 2024 Regular NSBUC Meeting, the initial Series 2020 Bond Issuance of $65 million in new capital dollars would be fully expended at the end of FY2024. Preparations for additional bond funding, to continue the execution of NSBU's approved 10-year CIP and Strategic Modernization Projects (for a 2025 bond issuance) commenced. The associated and required reports and assessments being completed by various consultants (compliant to Res. Nos. 2020-02 and 2021-03 and those necessary for a bond issuance) were approved during the following NSBUC Meeting held on April 22, 2024 (AI 7-a).

During today's meeting, staff is requesting NSBUC approval to proceed with approval of the 2025 Bond Issuance Authorizing Resolution (proposed Res. No. 2025-01) in an amount not to exceed $130,000,000. The authorizing resolution includes a request for the required Ordinance and approval by the City of New Smyrna Beach. G.C. Ramos and GM-CEO Chavez have notified the City Attorney and City Manager regarding this proposed NSBU bond issuance.

The second proposed Resolution was recommended by NSBU's Financial Advisor, preventative in nature. Due to market timing and potential necessary spending on capital plan expenditures, this will ensure reimbursement for certain capital improvement costs from the tax-exempt bond funding upon completion of issuance.

Further details of the Revenue Bonds will be presented to the Commission for approval in future NSBU Resolution(s).

RECOMMENDED ACTION:

A motion to approve NSBU Resolution No. 2025-01 - Authorizing Resolution for Issuance of Utility System Improvement Revenue Bonds, Series 2025, in a not-to-exceed amount of $130 million, with request for City of NSB approval via Ordinance, and also Resolution No. 2025-02 - Authorizing Reimbursement from Issuance of Tax-Exempt Debt for Certain CIP Costs, effective upon passage.

GM/CEO Efren Chavez

NOTE: AGENDA ITEMS SHOULD BE SUBMITTED TO GM-CEO OFFICE BY THE WEDNESDAY ONE WEEK PRIOR TO THE NEXT WEDNESDAY AGENDA PACKAGE RELEASE DATE.

MEMORANDUM

TO: Chairman and Commissioner of the Utilities Commission, City of New Smyrna Beach, Florida

FROM: Jennifer M. Taylor, Esq., GrayRobinson, P.A.

CC: Heather Ramos, Esq.

DATE: April 21, 2025

SUBJECT: Resolution Regarding Reimbursement of Project Costs from Tax-Exempt Bond Issuance

Background

The Utilities Commission is proposing to undertake the acquisition and construction of strategic infrastructure improvements to its utility system (herein, the "Project") and to issue tax-exempt revenue bonds to finance the Project (herein the "Revenue Bonds"). Prior to the issuance of the Revenue Bonds, costs of the Project are expected to be paid by the Utilities Commission from its Revenue Fund.

Section 148(f) of the Internal Revenue Code and related Treasury Regulations provide that, if the Utilities Commission desires to preserve its ability to reimburse such expenditures from the proceeds of the Revenue Bonds, once issued, the Utilities Commission must declare its intent to make such reimbursement not later than sixty (60) days from the date of the original expenditures.

Current Action

The resolution presented for Commission contains an official declaration of intent by the Commission to reimburse expenditures for the Project from the proceeds of the Revenue Bonds, once issued, in accordance with Section 148(f) of the Internal Revenue Code. The resolution does not obligate the Commission to make such expenditures or to issue the Revenue Bonds. Deviations from the description of the Project as contained in the resolution are permitted, provided such deviations are reasonably related to the Project as described.

Future Action

Resolutions are expected to be presented to the Commission in the future to authorize the issuance of the Revenue Bonds and also approve the forms of the related documents for marketing and sale thereof.

RESOLUTION NO. 2025-01

A RESOLUTION AUTHORIZING ISSUANCE OF THE UTILITIES COMMISSION, CITY OF NEW SMYRNA BEACH, FLORIDA UTILITY SYSTEM IMPROVEMENT REVENUE BONDS, SERIES 2025, IN AN AMOUNT NOT TO EXCEED $130,000,000 TO FINANCE OR REIMBURSE THE COSTS OF THE ACQUISITION AND CONSTRUCTION OF ADDITIONS AND IMPROVEMENTS TO THE UTILITY SYSTEM; PROVIDING FOR THE PAYMENT OF SUCH REVENUE BONDS FROM NET REVENUES FROM THE UTILITY SYSTEM; REQUESTING APPROVAL BY THE CITY OF NEW SMYRNA BEACH, FLORIDA; PROVIDING FOR REPEAL OF INCONSISTENT PROVISIONS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

BE IT RESOLVED BY THE UTILITIES COMMISSION, CITY OF NEW SMYRNA BEACH, FLORIDA (the "Utilities Commission"), that:

SECTION 1. AUTHORITY FOR THIS RESOLUTION. This Resolution is adopted pursuant to the provisions of Chapter 85-503, Laws of Florida, and other applicable provisions of law.

SECTION 2. DEFINITIONS. Unless the context otherwise requires, the terms defined in this resolution shall have the meanings specified in this Section. Words importing singular number shall include the plural number in each case and vice versa, and words importing persons shall include firms and corporations.

"Master Resolution" shall mean Resolution 2020-02, duly adopted by the Utilities Commission on March 23, 2020, as may be amended and supplemented from time to time, pursuant to which the Outstanding Revenue Bonds were issued, and as may be further supplemented with respect to the issuance of the Revenue Bonds.

"Net Revenues" shall have the meaning set forth in the Master Resolution.

"Outstanding Revenue Bonds" shall mean the Utilities Commission's outstanding Utility System Revenue Refunding Bonds, Series 2020.

"Project" shall mean the acquisition and construction of capital improvements to the utility facilities of the Utilities Commission, or the reimbursement of Project Costs therefor, substantially in accordance with the report, plans and specifications of the Utilities Commission heretofore filed or to be filed with the Utilities Commission, as such report, plans and specifications may be revised and amended from time to time upon the approval of the Utilities Commission.

"Project Costs" shall mean, but shall not necessarily be limited to: the cost of the acquisition and construction of the Project, and the construction and acquisition of additions, extensions and improvements thereto; the acquisition of any lands or interests therein or any other properties deemed necessary or convenient therefor; engineering, accounting and legal fees and expenses; expenses for plans, specifications and surveys; expenses for estimates of costs and of revenues; the fees of fiscal agents, financial advisors and consultants; administrative expenses; the

capitalization of interest on the Revenue Bonds for a reasonable period of time after the date of issuance thereof; discount upon the sale of the Revenue Bonds; the expenses and costs of issuance of the Revenue Bonds; such other expenses as may be necessary or incidental to the financing authorized by this Resolution, or to the Project and to the placing of the same in operation; and reimbursement to the Utilities Commission for any sums expended for the foregoing purposes.

"Revenue Bonds" means the Utility System Improvement Revenue Bonds, Series 2025, of the Utilities Commission herein authorized.

SECTION 3. FINDINGS. It is hereby ascertained, determined and declared that:

A. The Utilities Commission now operates and maintains the Utility System and derives and will continue to derive revenues from rates, fees, rentals and other charges made and collected for the services of the Utility System.

B. The Utilities Commission has previously issued the Outstanding Revenue Bonds.

C. The Net Revenues pledged to the payment of the principal of and interest on the Revenue Bonds will be sufficient to pay the principal of and interest on all of the Revenue Bonds and the Outstanding Revenue Bonds and to make all reserve fund and other payments provided for in this resolution and the Master Resolution.

D. It is necessary and the best interests of the health, safety and welfare of the customers of the Utilities Commission and the inhabitants of the City of New Smyrna Beach that the Utilities Commission undertake the Project. The Utilities Commission is authorized pursuant to the provisions of the Act to undertake the Project.

E. The Utilities Commission is without adequate, currently available funds to pay the Project Costs, and it is necessary and desirable and in the best interests of the Utilities Commission that it borrow the money necessary to accomplish the financing of the Project.

F. The estimated funds needed for the Project shall be provided from proceeds derived from the sale of the Revenue Bonds and other funds of the Utilities Commission available therefor.

G. The Utilities Commission intends to issue the Revenue Bonds herein authorized as Additional Parity Obligations under the Master Resolution.

H. The Master Resolution provides for the issuance of Additional Parity Obligations under the terms, limitations and conditions provided therein, and by complying with the terms, limitations and conditions contained in the Master Resolution, on the date of delivery of the Revenue Bonds, the Utilities Commission will be legally entitled to issue the Revenue Bonds herein authorized as Additional Parity Obligations under the Master Resolution.

I. The principal of and interest on the Revenue Bonds and all required sinking fund and other payments shall be payable solely from the Net Revenues as provided herein and in the Master Resolution. Neither the Utilities Commission nor the City of New Smyrna Beach shall be required to levy ad valorem taxes on any property within its corporate territory to pay the principal of and interest on the Revenue Bonds or to make any of the required sinking fund, reserve or other

payments, and such Revenue Bonds shall not constitute a lien upon any property owned by or situated within the service territory of the Utilities Commission or situated within the corporate territory of the City of New Smyrna Beach.

SECTION 4. AUTHORIZATION OF PROJECT. The Project is hereby specifically authorized.

SECTION 5. AUTHORIZING OF REVENUE BONDS. Subject and pursuant to the provisions of this resolution and the Master Resolution, the issuance by the Utilities Commission of not exceeding $130,000,000 Utility System Improvement Revenue Bonds for the purposes above; to be dated, to bear interest at a rate or rates not exceeding the maximum legal rate per annum, to be payable, to mature, to be subject to redemption and to have such other characteristics as shall be provided by subsequent resolution of the Utilities Commission, is hereby authorized. The Revenue Bonds may be issued in one or more series as shall be provided by such resolution.

SECTION 6. SECURITY FOR THE REVENUE BONDS. The Revenue Bonds shall be payable from and secured solely by a lien upon and pledge of the Net Revenues as provided in the Master Resolution and shall be entitled to all the protection and security provided therein for all obligations issued thereunder.

A. The Revenue Bonds shall not be or constitute general obligations or an indebtedness of the Utilities Commission or the City of New Smyrna Beach as "bonds" within the meaning of any constitutional, statutory, or charter provision or limitation, but shall be payable from and secured solely by a lien upon and pledge of the Net Revenues as provided in the Master Resolution. No Holder of the Revenue Bonds shall ever have the right to compel the exercise of the ad valorem taxing power of the City of New Smyrna Beach or taxation in any form of any property of or in the City of New Smyrna Beach or the Utilities Commission, other than the Net Revenues in the manner provided in the Master Resolution, or any property of or located within the boundaries of the City of New Smyrna Beach or the Utilities Commission's service territory, for payment of the Revenue Bonds or for the making of any payments under the Master Resolution, this resolution or the Revenue Bonds.

B. The Revenue Bonds may be secured by amounts or credit facilities in the Reserve Fund established under the Master Resolution if the Utilities Commission determines it necessary or desirable in connection with the sale of the Revenue Bonds and if so such amount or such facility shall be funded from the proceeds of the Revenue Bonds.

SECTION 7. REQUEST FOR APPROVAL OF CITY OF NEW SMYRNA BEACH. Pursuant to Article VIII, Section 8.15 of the City Charter of the City, the Utilities Commission hereby requests the City Commission to approve the issuance of the Revenue Bonds herein authorized.

SECTION 8. REPEAL OF INCONSISTENT PROVISIONS. All resolutions or parts thereof in conflict with this resolution are hereby repealed to the extent of such conflict.

SECTION 9. SEVERABILITY. In the event that any portion or section of this resolution is determined to be invalid, illegal or unconstitutional by a court of competent jurisdiction, such

decision shall in no manner affect the remaining portions or sections of this resolution shall remain in full force and effect.

SECTION 10. EFFECTIVE DATE. This resolution shall take effect immediately upon its final passage and adoption.

[Remainder of page intentionally left blank.]

THE ABOVE AND FOREGOING RESOLUTION was introduced at a regular meeting of the Utilities Commission, City of New Smyrna Beach, Florida, held April 28, 2025, by Commissioner Smith, who moved for its adoption, which motion was seconded by Commissioner Kelly, and upon roll call vote of the Commission was as follows:

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 28-25 Utilities Commission Bonds Issuance

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☑ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

ORD 28-25 authorizes the UC to issue bonds in accordance with the City Charter Sec 8.15

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

None specific to private for-profit businesses. Rate payers may see an increase in rates.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

None, except to the extent described above on businesses and individuals.

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 28-25

AN ORDINANCE APPROVING THE ISSUANCE BY THE UTILITIES COMMISSION, CITY OF NEW SMYRNA BEACH, FLORIDA, OF UTILITY SYSTEM IMPROVEMENT REVENUE BONDS IN AN AGGREGATE PRINCIPAL AMOUNT NOT EXCEEDING $130,000,000; PROVIDING FOR CONFLICTING ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Utilities Commission, City of New Smyrna Beach, Florida (the "Utilities Commission") proposes to issue its Utility System Improvement Revenue Bonds, Series 2025 (herein, the "Revenue Bonds") in an aggregate amount of not exceeding $130,000,000 for the purpose of financing acquisition and construction of capital improvements to the utility facilities of the Utilities Commission (the "Project") and has requested the City Commission approve the issuance of such Revenue Bonds; and

WHEREAS, the City Commission finds that it is in the best interest of the citizens of New Smyrna Beach to approve the issuance by the Utilities Commission of the Revenue Bonds.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Approval.*** That the issuance, sale and delivery by the Utilities Commission of the Revenue Bonds are hereby approved, the Revenue Bonds to be issued in an aggregate principal amount not to exceed $130,000,000 for the purpose of financing the costs of the Project, to bear interest at the rate per annum, to mature in such years and in such manner and at such times and place or places, to be issued in one or more series, and having such other details as shall be determined pursuant to a resolution of the Utilities Commission.

SECTION 2: ***No General Indebtedness.*** That the Revenue Bonds do not constitute a general indebtedness of the Utilities Commission or the City of New Smyrna Beach, Florida (the "City"), within the meaning of any constitutional, statutory or charter provision or limitation and the owners of the Revenue Bonds shall never have the right to require or compel the exercise of the ad valorem taxing power of the City, or the taxation of real property in the City or the application of any funds of the Utilities Commission (except the Net Revenues and other moneys and securities of the Utilities Commission pledged therefor) or the City, for the payment of the principal of and interest on the Revenue Bonds or the making of any sinking fund, reserve, or other payments therefor.

SECTION 3: ***Public Hearing.*** That a public hearing considering the adoption of this ordinance was held May 27, 2025 in the City Commission Chambers at City Hall, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published is found to comply with §166.041(3)(a), F.S.

SECTION 4: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 5: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 6: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional al by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 7: ***Effective Date.*** That this ordinance shall take effect immediately upon its final passage.

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 29-25: CONDUCT A FIRST READING AND PUBLIC HEARING OF AN ORDINANCE, IF ADOPTED AT A SECOND READING AND PUBLIC HEARING, WOULD REZONE APPROXIMATELY 3.25 ± ACRES OF LAND FROM A-3, TRANSITIONAL AGRICULTURE TO RA, RURAL AGRICULTURE FOR PROPERTY LOCATED AT 1016 DILLON CIRCLE.

May 27, 2025

Background:

Applicant: Jessica Gow, of Cobb Cole Attorneys at Law, One Daytona Boulevard, Suite 600, Daytona Beach Florida 32114.

Property Owner: Del Mar Company, Inc., 1016 Dillon Circle, New Smyrna Beach Florida 32168.

Request: Rezoning:

- **From:** A-3, Transitional Agriculture.
- **To:** RA, Rural Agriculture Estate.

Tax ID #: 7312-00-00-0142

Site Information:

- **Size:** 3.25 ± acres
- **Location:** Generally located at the southwest side of Dillon Circle north of Bay Drive. See a location map as **Exhibit A** and an aerial map as **Exhibit B.**

Exhibits used in this report:

Exhibit A: Location Map

Exhibit B: Aerial Map

Exhibit C: Existing Zoning Map

Exhibit D: A-3 Zoning Text

Exhibit E: Proposed Zoning Map

Exhibit F: RA Zoning Text

Exhibit G: Future Land Use Map

Exhibit H: Survey

Exhibit I: Warranty Deed

Exhibit J: Legal Description

Exhibit K: Comprehensive Plan Review

Findings:

The subject property is currently zoned A-3, Transitional Agriculture Business. See existing zoning map attached as **Exhibit C** with the associated zoning district text attached as **Exhibit D**.

The property located at 1016 Dillon Circle was annexed into the city in 2020. At that time the property was zoned County A-3, Transitional Agriculture. The property owner at that time wish to keep the compatible zoning so the city re-zoned the property to City A-3, Transitional Agriculture as part of the overall annexation application. The surrounding properties that were in the county were zoned MH-8, Rural Mobile Home Estate. Those properties that were zoned county MH-8, Rural Mobile Home Estate and annexed into the City, were changed to city RA, Rural Agriculture Estate. RA, Rural Agriculture Estate was the closest zoning district in the city that would be compatible with lot size and building setbacks.

A map showing the proposed zoning and associated zoning text is attached as **Exhibits E & F**. The applicant has indicated to the Planning Department that he wished purchase property from the neighbor located across the private access easement and attach that purchase to the existing parcel being rezoned. If approved, and the purchase moves forward, a minor subdivision application would be submitted and any additional land to

be attached to the subject parcel would have the same zoning designation.

Section 305.01 of the City's *Land Development Regulations* requires City planning staff to review a rezoning request for consistency with the City *Comprehensive Plan* and *Land Development Regulations* and to prepare a written report recommending either approval or denial of the request. The Planning and Zoning Board is required to make a recommendation to the City Commission to either approve or deny the application.

The subject property has a Future Land Use (FLU) designation of Rural. The existing neighborhood has either a county Rural Future Land Use or a city Rural Future Land Use. A map is attached showing the current Future Land Use of the subject property and surrounding properties as **Exhibit G**

According to the *Comprehensive Plan,* this future land use designation is intended for the development of agriculture, rural lands, and low-density residential and protection of environmentally sensitive areas. The Rural future land use category allows a density of 1 dwelling units per 5 acres or in certain circumstances, 1 dwelling unit per acre.

Per Article V of the *Land Development Regulations*, the intent of the RA, Rural Agriculture Estate District is to provide for low density development, personal agriculture production. A single-family dwelling or a manufactured modular dwelling is a permitted use in the RA, Rural Agriculture Estate District. This zoning district was added to the City's Land Development Regulations in 2012.

As shown on **Exhibit C**, the subject property is located adjacent to or in proximity to parcels zoned RA, Rural Agriculture Estate. Therefore, the proposed rezoning request would be consistent with the neighborhood. Because the applicant is not proposing to amend the underlying future land use category for this property, the permitted overall density will remain the same. However, the dimensional requirements for the lots themselves will be increased.

Recommendations:

At its regular scheduled meeting on May 5, 2025, the Planning and Zoning Board voted, 6-0, to give the city commission a positive recommendation to **approve** the requested change of zoning to RA, Rural Agriculture Estate to be consistent with the neighboring properties.

The Planning Department, during the evaluation, has determined that the rezoning request would be consistent with the *Comprehensive Plan* and the Land Development Regulations. Since the requested zoning would require larger parcels, in theory would decrease the overall density. The Planning Department recommends that the City Commission **approve** the requested change of zoning to RA, Rural Agriculture Estate to be consistent with the neighboring properties.

A-3, TRANSITIONAL AGRICULTURE DISTRICT

Purpose and intent. The purpose and intent of the A-3, Transitional Agriculture District is to preserve and protect small farms for personal and limited agricultural production or to provide a transitional agricultural zone between more intensive agricultural use areas and residential areas. It is intended that this classification be applied to properties which are within a designated rural community, to preserve existing agricultural uses in urban areas as depicted by the comprehensive plan, or to properties so as to coincide with the existing character of an area in a manner consistent with the comprehensive plan.

In order to ensure the long-term vitality of agricultural uses and natural resources, all agricultural uses are encouraged to utilize the natural resource conservation service (formerly the soil conservation service) best management techniques and other agricultural best management practices.

Permitted principal uses and structures. In the A-3, Transitional Agriculture District, no premises shall be used except for the following uses and their customary accessory uses or structures:

Except for those permitted special exceptions listed hereunder, all agricultural pursuits, including the processing, packaging, storage and sale of agriculture products which are raised on the premises.

Apiaries

Aquaculture operations in which there are no associated excavations

Aviaries

Communication towers not exceeding 70 feet in height above ground level

Essential utility services

Exempt excavations

Exempt landfills

Fire stations

Hobby breeder

Parks and recreation areas accessory to residential developments

Public schools

Publicly owned parks and recreational areas

Publicly owned or regulated water supply wells

Silvicultural operations which follow the most up to date state-prescribed best management practices

Single-family standard or manufactured modular dwellings

Tailwater recovery systems

Worm raising

Permitted special exceptions:

Animal shelters

Aquaculture operations in which there are nonexempt excavations

Cemeteries

Communication towers exceeding 70 feet in height above ground level

Dairies and dairy products (minimum parcel size requirement of five acres)

Equestrian/livestock event facility

Excavations only for stormwater retention ponds for which a permit is required by this section

Garage apartments

Group home

Hog farms (minimum parcel size requirement of 2.5 acres)

Houses of worship

Kennels

Livestock feed lots (minimum parcel size requirement of five acres

Off-street parking areas

Poultry farms (minimum parcel size requirement of 2.5 acres)

Processing, packaging, storage, retail or wholesale sales of agricultural products no raised on the premises

Public uses not listed as a permitted principal use

Public utility uses and structures

Recreational areas

Riding stables

Schools, parochial and private

Single-family mobile home dwelling with a minimum floor area of 480 square feet as a temporary residence while building a standard or manufactured dwelling (maximum duration of 18 months)

Temporary campsites for three days before, during and three days after any regularly scheduled racing event at the Daytona Beach International Speedway for Speedweeks, Biketoberfest, the Pepsi 400, and Bike Week, on condition that security, portable toilets, garbage disposal and potable water facilities sufficient to accommodate all occupants and other relevant conditions are provided. Related special events and sales are allowed, if approved as part of the special exception.

Wholesale or retail fertilizer sales

Dimensional requirements:

Minimum lot size:

Area: One Acre

Width: 150 feet

Minimum yard size:

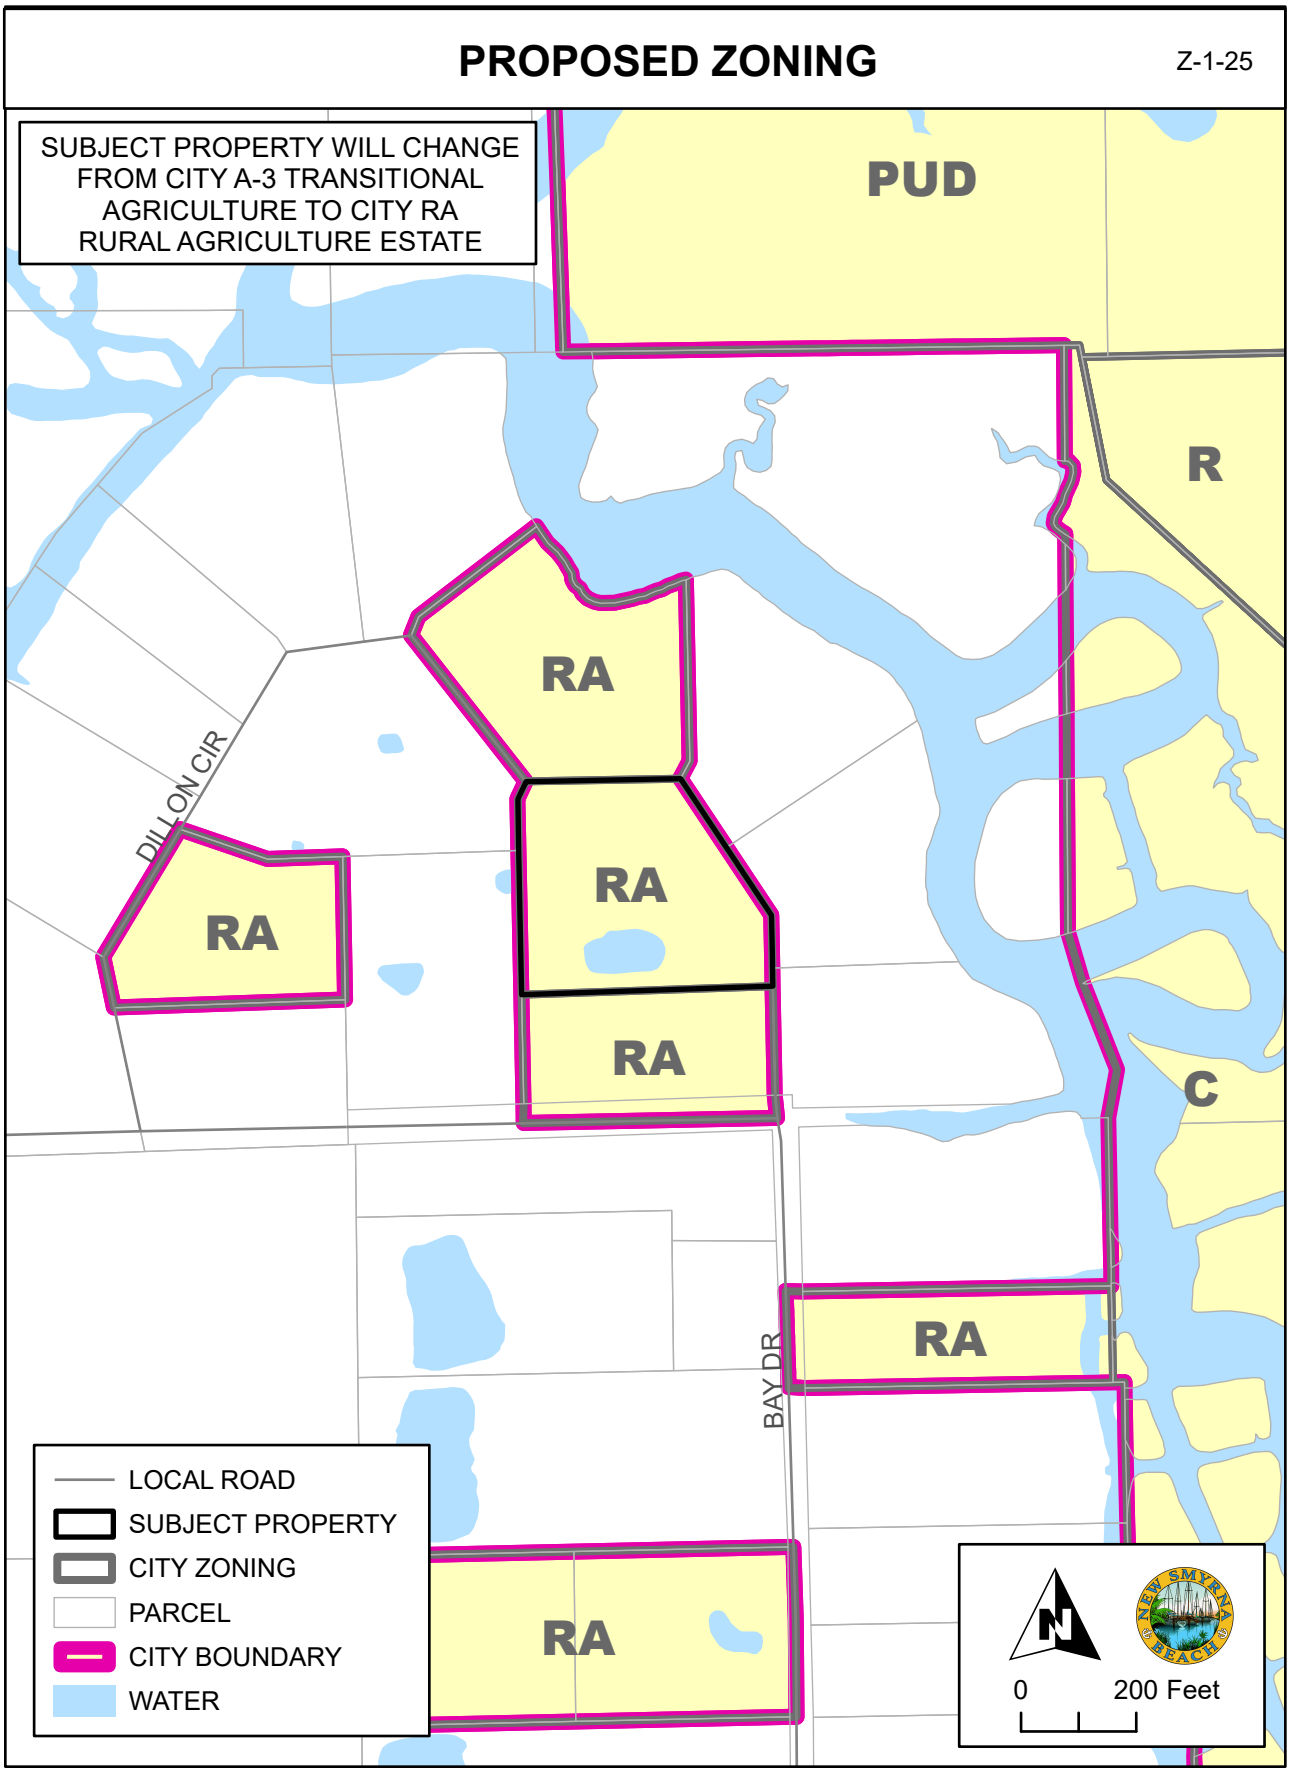
Front yard: 40 feet

Rear yard: 40 feet

Side yard: 25 feet

Waterfront yard: 40 feet

Maximum building height: 55 feet



Maximum lot coverage: The total lot area covered with principal and accessory buildings shall not exceed 35 percent.

Minimum floor area: 1,000 square feet.

Off-street parking and loading requirement: Off-street parking and loading areas meeting the requirements of this LDR shall be constructed.

Skirting requirement for mobile home dwelling: The area between the ground and floor of the mobile home dwelling shall be enclosed with skirting.

RA, RURAL AGRICULTURE ESTATE

Intent.

The intent of the RA, Rural Agriculture Estate District is to provide for low density development, personal agricultural production consistent with the comprehensive plan in rural areas of the city.

Permitted principal uses and structures.

In the RA, Rural Agriculture Estate district no premises shall be used except for the following uses and their customary accessory uses or structures:

Communication towers not exceeding 70 feet in height above ground level
Excavations (refer to subsection 801.15 of this LDR)
Exempt landfills (refer to subsection 801.20 of this LDR)
Essential utility services
Fire stations
Hobby breeder
Home occupations
Houses of worship
Parks and recreation areas accessory to residential developments
Public schools
Publicly owned parks and recreational areas
Publicly owned or regulated water supply wells
Raising of crops and keeping of animals, including aviaries, pisciculture, apiaries and worm raising for personal use (not for resale), accessory to a single-family dwelling. The personal use restriction is not intended to apply to 4-H, FFA or similar educational projects
Single-family standard or manufactured modular dwelling

Permitted special exceptions.

Additional regulations/requirements governing permitted special exceptions are located in subsections 801.21 through 801.27 of this LDR.

Animal shelters
Bed and Breakfast (refer to subsection 801.21)
Cemeteries (refer to subsection 801.22)
Communication towers exceeding 70 feet in height above ground level
Day care center (refer to subsection 801.23)
Excavations only for stormwater retention ponds for which a permit is required by this LDR
Garage apartments
Group home (refer to subsection 801.24)
Kennels

Off-street parking areas (refer to subsection 801.25)
Public uses not listed as a permitted principal use
Public utility uses and structures (refer to subsection 801.26)
Recreational areas (refer to subsection 801.27)
Schools, parochial or private (refer to subsection 801.22)

Dimensional requirements:

Minimum Lot Size:

Area: Two and one-half acres
Width: 150 feet

Minimum Yard Size:

Front yard: 45 feet
Rear yard: 45 feet
Side yard: 25 feet
Waterfront yard: 45 feet

Maximum Building Height:

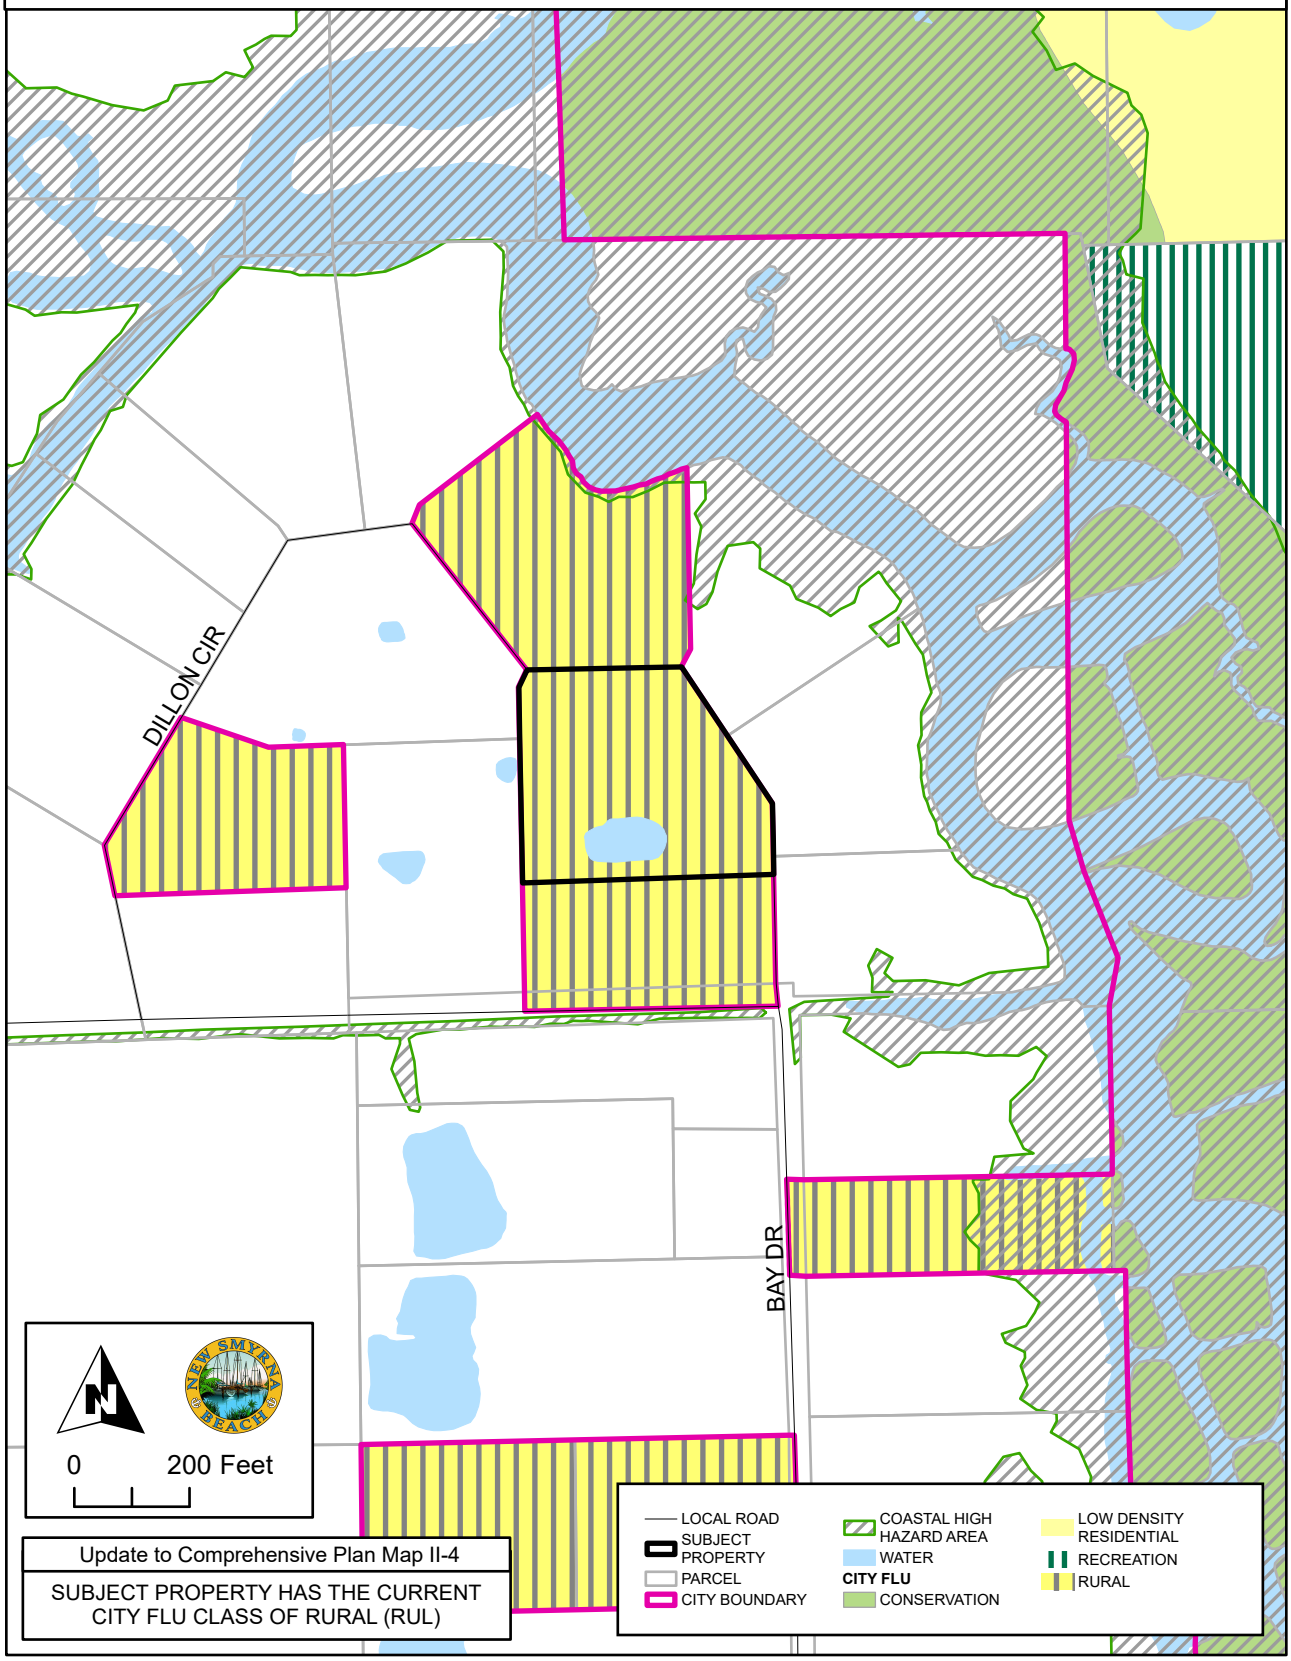
35 feet

Maximum Lot Coverage:

The total lot area covered with principal and accessory buildings shall not exceed 35 percent.

Minimum Floor Area:

1,000 square feet.



Off-street parking and loading requirements:

Off-street parking and loading areas meeting the requirements of subsection 604.09 of this LDR shall be constructed.

No underground installations or improvements have been located except as shown. If location of easements or right-of way of record, other than those on record plats, is required, this information must be furnished to the surveyor and mapper, per Florida Statute 5J-17.

The term certified as used on this survey is for the exclusive use of the parties listed on this survey. It is also understood to be the professional opinion of this surveyor and the firm, said opinion based on his best knowledge, information and belief, and as such, does not constitute a guarantee or warranty, either expressed or implied. This surveyor and firm, does not assume responsibility and shall not be liable for claims arising from erroneous or incorrect information furnished by the owner, lender, or owner's contractors or others, which is used as a basis for this surveyor's opinion. Additions, deletions, or revisions to survey maps or reports by other than the signing party is prohibited without written consent of the party, per Florida Statute 5J-17.

This survey is protected by copyright and is certified only to the people listed above and only for this particular transaction. Any use or reproduction of this survey without the express permission of the surveyor is prohibited. Use of this survey in any subsequent transactions is not authorized. The surveyor expressly disclaims any certification to any parties in future transactions. No person other than those listed should rely upon this survey.

I hereby certify that this plat of survey of the subject property is to the best of my knowledge, belief and information true and correct as surveyed under my supervision on the dates shown hereon. I further certify that this plat of survey meets the minimum technical standards per F.A.C. 5J-17, adopted by the Florida Board of Professional Surveyors and Mappers, according to the Florida Statute 5J-17, subject to any qualifications noted hereon.

Comprehensive Plan Review

Element II, Future Land Use

Rural

(up to one [1] dwelling unit per five [5] acres or up to one [1] dwelling unit per acre)

This category includes areas that may consist of agriculture land, undeveloped rural land, and large parcels of developed residential land. Areas designated with a Rural FLU category should be developed in a manner consistent with the retention of agriculture and rural lands, low-density residential and the protection of environmentally sensitive areas. Strict limitation of development in rural areas contributes to the efficient growth and operation of public services and facilities, thus ensuring the most effective use of public resources. The natural features and constraints will be the primary determinants in deciding whether or not an area is suitable for rural type development.

Element II, Future Land Use, Goal 2

General Land Use Pattern

To promote, protect and improve the public health, safety, and general welfare by ensuring consistency, economic viability, and stewardship of the natural environment, through appropriate land uses and land development regulations.

Element II, Future Land Use Goal 2, General Land Use Pattern

Objective 1

Future Land Use Map: The City's continued growth shall be based upon the Future Land Use Map, which shall specify the desired development pattern for New Smyrna Beach through a land use category system that provides for the location, type, density, and intensity of development.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:

ORD 29-25 Rezoning 1016 Dillon Cir.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☑ The proposed ordinance is enacted to implement the following:
  a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
  b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
  c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
  d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

N/A

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

N/A

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

N/A

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 29-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH REZONING 3.3± ACRES OF PROPERTY GENERALLY LOCATED ON THE SOUTHWEST SIDE OF DILLON CIRCLE, NORTH OF BAY DRIVE, ADDRESSED AS 1016 DILLON CIRCLE, FROM VOLUSIA COUNTY *A-3 A, TRANSITIONAL AGRICULTURE AIRPORT OVERLAY* TO CITY *RA A, RURAL AGRICULTURE ESTATE AIRPORT OVERLAY* ZONING DISTRICT; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Jessica Gow, of Cobb Cole Attorneys at Law, One Daytona Boulevard, Suite 600, Daytona Beach, Florida 32114, applicant on behalf of Del Mar Company, Inc., 1016 Dillon Circle, New Smyrna Beach, Florida 32168, property owner, has requested the annexation of 3.3± acres of property generally located on the southeast side of Dillon Circle, north of Bay Drive, addressed as 1016 Dillon Circle, from Volusia County *A-3, Transitional Agriculture Airport Overlay* to City *RA A, Rural Agriculture Estate Airport Overlay* zoning district; and

WHEREAS, the Planning and Zoning Board, at its regular scheduled meeting on May 5, 2025, by a vote of 6-0, recommended that the City Commission approve the requested rezoning; and

WHEREAS, the City Commission finds that the requested rezoning is consistent with the City Comprehensive Plan; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to rezone said property as more particularly described hereinafter.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Rezoning.*** That the 3.3± acres of property generally located on the southeast side of Dillon Circle, north of Bay Drive, in the City of New Smyrna Beach, Florida, said properties more particularly described as follows:

7312-00-00-0142
1016 Dillion Circle

THE NORTHERLY 3.25 ACRES OF LOT 10, WATSON'S UNRECORDED SUBDIVISION, LYING IN THE NORTHWEST 1/4 OF THE SOUTHWEST 1/4 OF SECTION 12, TOWNSHIP 17 SOUTH, RANGE 33 EAST, VOLUSIA COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS: COMMENCE AT THE SOUTHWEST CORNER OF THE NORTHWEST 1/4 OF THE SOUTHWEST 1/4, SECTION 12, TOWNSHIP 17 SOUTH, RANGE 33 EAST, AFOREMENTIONED; THENCE NORTH 89 DEGREES 09 MINUTES EAST ALONG THE SOUTH LINE OF SAID NORTHWEST 1/4 OF THE SOUTHWEST 1/4, A DISTANCE OF 772.28 FEET; THENCE NORTH A DISTANCE OF

249.46 FEET FOR THE POINT OF BEGINNING; THENCE CONTINUING NORTH A DISTANCE OF 123.10 FEET; THENCE NORTH 32 DEGREES 30 MINUTES WEST A DISTANCE OF 284.80 FEET; THENCE WEST A DISTANCE OF 268.57 FEET; THENCE SOUTH 26 DEGREES 30 MINUTES WEST A DISTANCE OF 33.52 FEET; THENCE SOUTH A DISTANCE OF 339.76 FEET; THENCE NORTH 89 DEGREES 9 MINUTES EAST AND PARALLEL TO THE SAID NORTHWEST 1/4 OF THE SOUTHWEST 1/4 A DISTANCE OF 436.55 FEET TO THE POINT OF BEGINNING. TOGETHER WITH A 60 FOOT ROAD AND UTILITY EASEMENT, ALONG AND ADJACENT TO THE SOUTH LINE OF SAID LOT 10, A PORTION OF WHICH IS ABOVE DESCRIBED, TOGETHER WITH THE RIGHT TO USE A 60 FOOT ROAD EASEMENT AS NOW LAID OUT TO THE WEST LINE OF THE NORTHEAST 1/4 OF THE SOUTHEAST 1/4 OF SECTION 11, TOWNSHIP 17 SOUTH, RANGE 33 EAST, VOLUSIA COUNTY, FLORIDA.

shall be and the same is hereby rezoned from Volusia *A-3, Transitional Agriculture Airport Overlay* to City *RA A, Rural Agriculture Estate Airport Overlay* zoning district.

SECTION 2: ***Quasi-Judicial Public Hearing.*** It is hereby found that a quasi-judicial public hearing held by the City Commission to consider adoption of this ordinance on July 22, 2025 at 6:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, to consider the rezoning request in accordance with *Bd. of Cty. Com'rs of Brevard v. Snyder*, 627 So.2d 469 (Fla. 1993) in a manner to insure that all parties are provided an opportunity to be heard, present evidence and cross-examine witnesses, and to be informed of all the facts upon which the Commission's decision on the rezoning is based, after notice published at least 10 days prior to hearing, is deemed to comply with §166.041(3)(a), Fla.Stat.

SECTION 3: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 4: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 5: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 6: ***Effective Date***. That this ordinance shall become effective upon final adoption.

APPROVED AS TO FORM AND CORRECTNESS:

Carrie Avallone

CARRIE AVALLONE
City Attorney

Date: 5/19/2025

THE CITY OF NEW SMYRNA BEACH - MAINTENANCE OPERATIONS

ORDINANCE NO. 30-25: CONDUCT THE FIRST READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH, IF ADOPTED, WOULD GRANT A NON-EXCLUSIVE FRANCHISE AGREEMENT TO MLJ DRYWALL INC.

May 27, 2025

Background:

Section 66-111, Franchise Requirement, of the City's Code of Ordinances provides that: "No person shall provide construction and demolition debris-removal services, as defined by F.S. 403.703(6), in the City without being awarded a non-exclusive franchise agreement with the City if they wish to continue to provide construction & demolition (C & D) debris removal services within our City limits." Attached is MLJ Drywall Inc's Non-Exclusive Franchise Ordinance application form and applicable attachments. MLJ Drywall Inc meets all the requirements and staff is proposing that such a franchise agreement be issued to MLJ Drywall Inc.

Fiscal Analysis:

This is a revenue generating item as the franchise agreement requires the hauler to pay the City $20.00 per roll off container haul to the County's landfill. No business impact statement is required under SB 170 because this ordinance relates to procurement of collection and disposal of construction and demolition debris services.

Strategic Plan Item:

No

Staff Report Created By: David Ray - Director - Maintenance Operations

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 30-25 Non-Exclusive Franchise - MLJ Drywall Inc.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☑ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

Ord. No. 30-25 authorizes MLJ Drywall Inc. to provide demolition debris removal services within the City.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

N/A

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

One, MLJ Drywall Inc

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 30-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH GRANTING A NON-EXCLUSIVE FRANCHISE TO MLJ DRYWALL INC, TO PROVIDE CONSTRUCTION AND DEMOLITION DEBRIS REMOVAL SERVICES WITHIN THE CITY OF NEW SMYRNA BEACH; OUTLINING FRANCHISEE'S DUTIES; PROVIDING TERMS AND CONDITIONS UNDER WHICH SUCH FRANCHISE SHALL OPERATE; PROVIDING FOR SEVERABILITY; PROVIDING FOR CONFLICTING ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, there is an immediate and continuing need for the collection and disposal of construction and demolition debris from organizations, firms or entities (Service) within the City of New Smyrna Beach (City) with the use of "roll-off" containers; and

WHEREAS, MLJ Drywall Inc, a Florida Profit Corporation (Franchisee), represents that it has the necessary equipment, personnel and experience to properly perform the Service; and

WHEREAS, the City Commission deems that it is in the best interest of the citizens of New Smyrna Beach to award MLJ Drywall Inc, a nonexclusive right and franchise to provide the service within the City limits upon the terms and conditions recited below.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH:

SECTION 1: ***Award of Non-Exclusive Franchise.*** The City of New Smyrna Beach hereby awards MLJ Drywall Inc, a nonexclusive right and franchise to provide roll-off service within the City limits upon the terms and conditions recited below. ***This Franchise shall not become effective until this ordinance and franchise agreement is accepted in writing by, MLJ Drywall Inc.***

SECTION 2: ***Definitions.***

A. *Construction and demolition debris* shall have the same definition and meaning as defined in §403.703, Florida Statute.

B. *Service* encompasses the use of "roll-on" and "roll-off" containers (Containers) as used with mechanical pickup or compaction devices, or both of these devices.

C. *Containers* means either open-top/scow-type used only for non-putrescible materials, or enclosed containers such as the kind typically used with compaction devices, of ten (10) cubic yards capacity or larger.

SECTION 3: ***Franchisee's Authority.***

A. Franchisee is hereby empowered and authorized to provide roll-off service. Franchisee will either furnish all necessary trucks and other equipment to perform such services or will contract with other persons or companies duly licensed or franchised by the City for the furnishing of trucks and equipment, provided, however, that at all times the trucks and equipment shall comply with the requirements provided herein for equipment owned and operated by Franchisee.

B. Franchisee may contract to provide the Service (Contract) with any person, organization, firm or entity (Entities) within the City, if such Entities have first requested the Service. Such contracts where containers are placed on public property must be approved by the Maintenance Operations Director or his designee prior to or within one (1) week (7 calendar days) of the placement of the Container for Service. For each Container placed on public property for service without a contract having been submitted to the Maintenance Operations Director by Franchisee, a thirty dollar ($30.00) inspection and administration late fee shall be paid by Franchisee to the City. The Contract shall not exceed the term of the Franchise.

Franchisee agrees to provide the Maintenance Operations Director with the location of its Containers and the name and address of and number of pickups to be made for each of the Entities. Franchisee also recognizes that any contract between Franchisee and the Entities has no effect whatsoever upon the City's decision to grant the Franchise, or any renewal decision made thereafter. If the Maintenance Operations Director disapproves a contract for containers placed on public property and the subject Container remains in service more than forty-eight (48) hours after telephone or written notice by the City to Franchisee to remove the Container, or if any Container should remain in service at any location more than forty-eight (48) hours after telephone or written notice from the City to Franchisee to remove the Container, then, in either or both cases, Franchisee shall pay the City fifty dollars ($50.00) per day until the Container is removed.

C. Franchisee shall provide the equipment and frequency of service as needed by the Entities and as approved by the Maintenance Operations Director.

D. All lease or purchase arrangements for compaction equipment and for maintenance or service charges for the Containers agreed upon between Franchisee and the Entities shall be set forth in the Contract between Franchisee and the Entities and approved by the Maintenance Operations Director pursuant to this section.

SECTION 4: ***Payments.***

A. Franchisee shall pay the City twenty dollars ($20.00) for each Container pickup. The charge shall be paid monthly and shall be based upon the number of Container pickups by Franchisee from the Entities during the preceding month.

B. Franchisee shall furnish the Maintenance Operations Director with an original and one (1) copy of an annual report on or before the forty-fifth (45th) day following Franchisee's fiscal year end. The report date shall be submitted to the Maintenance Operations Director on the date of Franchisee's acceptance of this Franchise, and the report shall be prepared in accordance with generally accepted auditing standards. The report shall reflect the accuracy of Franchisee's payments to the City as defined in this ordinance, and shall ensure and include, but not be limited to, the following:

(1) all City accounts are properly coded to reflect charges accrued to the City;
(2) the number of City-related Container pickups are correctly reported to the City;
(3) all City payments are correctly computed and remitted to the City on a timely basis, or the interest-payment provision of Subsection C, below, shall apply.

During the term of this Franchise and its renewal, Franchisee shall make its records available to the City at all reasonable times. Failure to furnish the City with the report shall be considered a material breach of this Franchise, and the City shall be entitled to terminate this Franchise and to collect any damages resulting therefrom.

C. Franchisee shall have the sole responsibility for the billing and collection of all charges described herein. Billings shall be monthly and payable on or before the fifteenth (15th) day of the succeeding month. In the event bills are not paid within this time, Franchisee shall have the right (provided that Franchisee may otherwise legally do so) to discontinue all Services for nonpayment.

All statements of fees and charges by Franchisee, and the remittance thereof, shall be submitted to the City Finance Director on or before the fifteenth (15th) day following Franchisee's fiscal month end. These statements shall specify the previous month's account activities as specified herein, and shall include account names, account numbers, the number of Container pickups during the month, and all discontinued accounts. Failure to submit any remittance specified or referred to in this section on or before the fifteenth (15th) day of each month as required shall result in a liability for interest at the rate of one percent (1%) per month. Failure to submit any statement shall be considered a breach of this Franchise and shall allow the City to terminate the Franchise as may be further provided in Section 10 below.

SECTION 5: ***Term.***

A. The term of this Franchise shall commence on the date of adoption of this ordinance and end three (3) years upon approval of both parties after adoption of this ordinance. An acceptance of the provisions, conditions and stipulations of this Franchise shall: (1) be in writing; (2) contain Franchisee's local address; and (3) be filed with the City Clerk within fifteen (15) days of the adoption of this Franchise.

B. The term may be extended for an additional one (1) year, upon approval of both parties, by written notice not less than thirty (30) days prior to the expiration of the current term.

SECTION 6: ***Default.*** In the event Franchisee fails to provide adequate Services to the Entities by reason of any (1) unknown emergency, catastrophe, natural disaster, war, labor strike, act of God, or similar event; (2) breach of contract; or (3) negligent failure to adequately perform the duties and obligations of this ordinance (as determined solely by the City), the City may, at its sole option, terminate this Franchise (Option I), or take over the roll-off services (Option II), or both of these options. In the event the City chooses Option II, it shall receive all charge amounts regardless of the amounts normally retained by Franchisee.

SECTION 7: ***Default by Other Franchisees.*** In the event that other Franchisees default or otherwise fail to provide adequate Services (in the sole determination of the City), and the City chooses Option II as provided in Section 6 above, Franchisee agrees, if requested by the City, to provide the Services or temporary Services, or both of these types of Service, if Franchisee may reasonably do so, given: (1) Franchisee's equipment and schedule; and (2) that a reasonable price can be determined by Franchisee, the City and the entity for the Service's undertaking and completion.

SECTION 8: ***Liability.***

A. The privileges herein are granted upon the express condition that Franchisee shall be liable for all damages and injuries to persons and property caused by its neglect or mismanagement, or by the actions of any of its employees while engaged in the Services during the term of this Franchise. Should the City be sued therefrom, Franchisee shall be notified of and have the duty to defend such suit, provided, however, that the City has the sole option (Option III) to defend itself or to hire independent counsel, and thereafter to tax all such defense costs and fees to Franchisee. Franchisee specifically agrees to pay any such judgment rendered against the City in any such case, and to reimburse the City, in full, for all costs and fees on appeal.

B. The attorneys chosen by Franchisee to represent the City in any suit concerning matters included within this section shall be approved by the City unless the City chooses to represent itself as defined above. Franchisee shall indemnify and hold harmless the City, its agents, elected or appointed officials, officers and employees from any and all liability, claims, demands, damages, expenses, fees, penalties, suits, proceedings, actions and costs of actions (including costs and attorney's fees, and costs and attorney's fees on appeal), of any kind or nature, arising out of, resulting from, or in any way connected with Franchisee's activities permitted under this Franchise.

C. Franchisee further agrees to purchase public liability and property damage insurance in the amount of $1,000,000 (per accident, public liability), and $250,000 (property damage), and naming the City as an additional insured under the policy. The policy must provide that the City shall be given thirty (30) days' written notice prior to cancellation or modification, and a copy of the policy (or a certificate of insurance) shall be filed with the City Clerk on or before the effective date of this Franchise and on or before the effective date of each policy renewal period.

SECTION 9: ***Licenses.*** Franchisee shall, at its sole expense, procure from all local, state and federal governmental and agency authorities (having jurisdiction over the operations of Franchisee) all licenses, certificates, permits or other authorizations which may be necessary for the conduct of Franchisee's operations. Franchisee shall pay all taxes, and license, certification, permit and examination fees, and all excises which may be assessed, levied, exacted or imposed upon its property, operations, gross receipts, or all or any combination of these assets, and upon this Franchise and the rights and privileges granted herein, and shall make all applications, reports, and returns required in connection therewith to all respective governmental and agency authorities.

SECTION 10: ***Termination.*** The privileges granted herein to the Franchisee may be terminated by the City prior to the expiration of the term if anyone (1) or more of the following events occur:

A. Franchisee fails: (1) to pay the sums, fees or charges due to the City in a timely manner (Failure I); or (2) Franchisee fails to keep, perform or observe each and every other promise, covenant, and condition designated to it under this ordinance (Failure II). In the event of a Failure II, the Maintenance Operations Director shall notify Franchisee in writing of such failure, and Franchisee shall have thirty (30) days from the receipt of such notice to correct the condition giving rise to such notice. If the correction is not made to the Maintenance Operations Director's satisfaction within the period, the Maintenance Operations Director shall give written notice to Franchisee that the privileges granted herein are terminated as of the date of such notice.

B. If and when Franchisee shall liquidate, dissolve or sell substantially all of its assets.

C. If and when there is a transfer of fifty percent (50%) or more of Franchisee's voting stock which results in a change in Franchisee's control.

D. If and when Franchisee becomes insolvent or makes a general assignment for the benefit of its creditors, or if an action or petition is filed by or against Franchisee under any part of the Federal Bankruptcy Act or other law relating to the alleged insolvency of Franchisee, and such action or petition is not dismissed within thirty (30) days of the date of its filing.

In the event any of the privileges granted herein are terminated pursuant to this Section, any liability of the Franchisee to the City accruing thereby, and any liability of Franchisee to the City arising out of any act or event occurring prior to the termination, shall immediately become due and payable to the City without further notice.

SECTION 11: ***Notices.*** All notices herein required to be given by the City to Franchisee, except where specifically provided otherwise, may be effected either by hand delivery to any Franchisee employee, or by United States mail (postage prepaid), addressed to Franchisee at its last-known business address. All notices required to be given to the City shall be given to both the Maintenance Operations Director and the City Clerk either by hand delivery or by United

States mail (postage prepaid), addressed to the Maintenance Operations Director, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168, and the City Clerk, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168.

SECTION 12: ***Remedies, Attorney's Fees and Costs.*** All remedies provided in this Franchise shall be deemed cumulative and additional and not in lieu of or exclusive of each other, or of any other remedy available to the City, at law or in equity. In the event the City shall prevail in any action arising hereunder, Franchisee shall pay the City's costs, and any and all attorney's fees thereafter charged to the City.

SECTION 13: ***Equipment.***

A. Franchisee agrees that it shall procure and maintain sufficient equipment, or that it shall arrange on a contractual basis with other persons owning or leasing equipment in compliance with the requirements of this Franchise, to insure that Franchisee shall at all times be in a position to properly maintain its schedules and to otherwise perform all duties, responsibilities and conditions required under this ordinance.

B. All trucks utilized by Franchisee and all Containers owned or leased by Franchisee shall be prominently identified on both the left and right sides with Franchisee's name in letters not less than six inches (6") in height, and Franchisee's business telephone number in numbers not less than three inches (3") in height, either painted on or attached by signs to such trucks and Containers.

C. All of Franchisee's trucks, containers and equipment shall conform to all City safety and sanitation requirements for refuse-collection vehicles, and the equipment must be approved by the Maintenance Operations Director. Franchisee specifically agrees that the Maintenance Operations Director shall have the right to inspect the trucks or the equipment, or both of these items, at all reasonable times and after having endeavored to give reasonable written or oral notice that such an inspection shall take place.

SECTION 14: ***Nonassignability.*** This Franchise shall not be assignable by Franchisee without the prior written consent of the City Commission as evidenced by an ordinance authorizing and approving such an assignment.

SECTION 15: ***Effective Area.*** This Franchise shall be effective within the City's corporate limits as they may from time to time exist.

SECTION 16: ***Hours of Operation***. The hours of operation for the Franchise shall be weekdays and Saturdays from 7:00 a.m. to 7:00 p.m. The Franchise shall not provide Service on Sundays.

SECTION 17: ***Headings.*** The paragraph headings of this Franchise are for purposes of convenience only and shall not be deemed to expand or limit the provisions contained in such paragraphs or sections.

SECTION 18: ***Warranty of Franchisee.*** Franchisee represents and warrants to the City that no appointed or elected City official, officer, employee or agent has any interest, either directly or indirectly, in the business of Franchisee to be conducted herein.

SECTION 19: ***Noncompliance.*** If Franchisee shall at any time fail to comply with any of the provisions of this Franchise (unless such failure is beyond Franchisee's control because of matters deemed to be an act of God), the City, after thirty (30) days' written notice to Franchisee, may revoke this Franchise and render it void and of no further effect.

SECTION 20: ***Amendment.*** The City reserves the right to amend this Franchise at any time, and in any manner that the City deems necessary for the health, safety or welfare of the public. The City also reserves the right to prescribe, from time to time, reasonable rules and regulations further governing Franchisee's operations herein, including, but not limited to, hours and frequency of Container pickup. These rules may be issued through the Maintenance Operations Director, the City Manager or his/her designee, and they need not be memorialized in an ordinance revision or other formal action by the City Commission, the City Commission's approval of this ordinance being an approval that the regulations should be so issued.

SECTION 21: ***Public Hearing.*** That a public hearing considering the adoption of this ordinance held July 8, 2025, in the Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published, is found to comply with §166.041(3)(a), Fla. Stat.

SECTION 22: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 23: ***Severability.*** If any section, sentence, clause or phrase of this ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portion of this ordinance.

SECTION 24: ***Conflicting Ordinances.*** Any ordinances that are in conflict with this ordinance are hereby rescinded and repealed.

SECTION 25: ***Effective Date.*** That this ordinance shall take effect immediately upon its final adoption.

THE CITY OF NEW SMYRNA BEACH - DEVELOPMENTAL SERVICES

ORDINANCE NO. 31-25: CONDUCT THE FIRST READING OF AN ORDINANCE, WHICH, IF ADOPTED, UPON THE SECOND READING AND PUBLIC HEARING, WOULD AMEND ARTICLE III, SECTION 52-20 AND SECTION 52-21 OF THE CITY CODE OF ORDINANCE, WHICH WOULD UPDATE THE IMPACT FEE STUDY AND RATES FOR ROAD IMPACT FEES.

May 27, 2025

Background:

At the March 25, 2025 City Commission meeting, the Commission reviewed and discussed the final Multi-Modal Transportation Impact Fee Study and directed Staff to proceed with preparing an ordinance to adopt the updated Transportation Impact Fees. A copy of the study is attached for reference as Exhibit "A". The study has not changed from the version presented at the March 25, 2025, meeting.

Findings:

Exhibits in this report:

Exhibit A: Multi-Modal Transportation Impact Fee Study

Exhibit B: Impact Fee Phasing Schedule

The results of the updated fee study show a mixed impact across development types, with some categories seeing increased fees and others experiencing reductions. For example, the allowable fee for single-family homes will decrease by 58%, from $1,752 to $728 per dwelling unit. In contrast, retail developments ranging from 40,000 to 150,000 square feet will see an increase of 16%, rising from $2,080 to $2,406 per square foot of gross leasable area.

The Florida Impact Fee Act includes a requirement that new schedules that include increase are not in effect until 90-days after adoption by the local government. If adopted by the City Commission on July 22, 2025, the new fees schedule will be effective on Monday, October 20, 2025. Any fees that have decreased will take effect

immediately. The phasing schedule is attached as Exhibit B.

Overall, staff anticipates a significant reduction in future fee revenues, as residential development constitutes a substantial portion of the City's growth, and all residential fee categories are being reduced. These changes are non-negotiable and stem from Volusia County's recent update to its traffic impact fee structure, which allocates a larger share of the total collectable fees to the County. This results in smaller available shares for municipalities. If the City does not adopt the revised rates, it risks overcharging its portion of the total allowable fees, which could lead to compliance issues.

At this time, an Impact fee Study is in process for Police, Fire, and Parks, which is expected to be completed in August 2025. That updated Impact Fee Study will be brought to the City Commission for adoption and public hearing later this year.

Recommendation:

Staff recommends the City Commission conduct the First Reading of Ordinance No. 31-25 and advance it for adoption at Second Reading.

Fiscal Analysis:
n/a

Strategic Plan Item:
No

Introduction

Located in Volusia County, the City of New Smyrna Beach has a population of approximately 32,000 and continues to experience growth with an average annual growth rate of 2.8 percent per year since 2010. The City's current adopted transportation impact fee schedule is based on the *Road Impact Fee Study for New Smyrna Beach; September 2019; Duncan Associates*. To reflect the changes to the impact fee variables since then and transition to a multi-modal transportation impact fee, the City of New Smyrna Beach has retained Benesch to prepare a technical study, consistent with the City's impact fee ordinance (Ord. 50-20, §1) requirements.

Methodology

The methodology used to calculate the multi-modal impact fee study is a consumption-based methodology, which is commonly used in Florida and is also the City's adopted methodology. Under the consumption-based methodology, new development is charged based on the proportion of Person-Miles of Travel (PMT) that each unit of new development is expected to consume of a lane-mile of the transportation network.

Included in this document is the necessary support material used in the calculation of the multi-modal transportation impact fee. The general equation used to compute the impact fee for a given land use is:

[Demand x Cost] – Credit = Fee

The "demand" for travel placed on a transportation system is expressed in units of Person-Miles of Travel (daily vehicle-trip generation rate x the trip length x the percent new trips [of total trips] x person-trip factor) for each land use contained in the impact fee schedule. Trip generation represents the average daily rates to provide a stable measure of new development's impact. The number of trips tends to vary significantly throughout the day by time of day depending on activity levels; however, overall daily trips tend to be stable.

The "cost" of building new capacity typically is expressed in units of dollars per person-mile of transportation capacity.

The "credit" is an estimate of future non-impact fee revenues generated by new development that are allocated to provide transportation capacity expansion. The impact fee is considered to

be an “up front” payment for a portion of the cost of building a person-mile of capacity that is directly related to the amount of capacity consumed by each unit of land use contained in the impact fee schedule, that is not paid for by future tax revenues generated by the new development activity. These credits are required under the supporting case law for the calculation of impact fees where a new development activity must be reasonably assured that they are not being charged twice for the same level of service.

Volusia County collects a transportation impact fee for county and state roads countywide, including in municipalities. Given this, the multi-modal transportation impact fee calculated for the City of New Smyrna Beach excludes the portion collected by the County. The input variables used in the fee equation are as follows:

Demand Variables:

- Trip generation rate
- Trip length
- Percent new trips
- Interstate & toll facility adjustment factor
- Person-trip factor

Cost Variables:

- Cost per person-mile
- Capacity added per lane mile constructed

Credit Variables:

- Equivalent gas tax credit (pennies)
- Present worth
- Fuel efficiency
- Effective days per year

Legal Overview

In Florida, legal requirements related to impact fees have primarily been established through case law since the 1980’s. Impact fees must comply with the “dual rational nexus” test, which requires that they:

- Be supported by a study demonstrating that the fees are proportionate in amount to the need created by new development paying the fee; and

- Be spent in a manner that directs a proportionate benefit to new development, typically accomplished through establishment of benefit districts (if needed) and a list of capacity-adding projects included in the City's Capital Improvement Plan, Capital Improvement Element, or another planning document/Master Plan.

In 2006, the Florida legislature passed the "Florida Impact Fee Act," which recognized impact fees as "an outgrowth of home rule power of a local government to provide certain services within its jurisdiction." § 163.31801(2), Fla. Stat. The statute – concerned with mostly procedural and methodological limitations – did not expressly allow or disallow any particular public facility type from being funded with impact fees. In fact, which it was initially adopted, the Act largely codified requirements and standards common to the practice already.

However, the Legislature has amended the Impact Fee Act numerous times since 2006, significantly affecting the impact fee practice in Florida. For this reason, a summary of the key legislative changes since 2006 is provided:
:

- **HB 227 in 2009:** The Florida legislation statutorily clarified that in any action challenging an impact fee, the government has the burden of proving by a preponderance of the evidence that the imposition or amount of the fee meets the requirements of state legal precedent or the Impact Fee Act and that the court may not use a deferential standard.
- **SB 360 in 2009:** Allowed fees to be decreased without the 90-day notice period required to increase the fees and purported to change the standard of legal review associated with impact fees. SB 360 also required the Florida Department of Community Affairs (now the Department of Commerce) and Florida Department of Transportation (FDOT) to conduct studies on "mobility fees," which were completed in 2010.
- **HB 7207 in 2011:** Required a dollar-for-dollar credit, for purposes of concurrency compliance, for impact fees paid and other concurrency mitigation required.
- **HB 319 in 2013:** Applied mostly to concurrency management authorities, but also encouraged local governments to adopt alternative mobility systems using a series of tools identified in section 163.3180(5)(f), Florida Statutes, including:
    - Adoption of long-term strategies to facilitate development patterns that support multi-modal solutions, including urban design, and appropriate land use mixes, including intensity and density.
    - Adoption of an area-wide level of service not dependent on any single road segment function.

- Exempting or discounting impacts of locally desired development, such as development in urban areas, redevelopment, job creation, and mixed use on the transportation system.
- Assigning secondary priority to vehicle mobility and primary priority to ensuring a safe, comfortable, and attractive pedestrian environment, with convenient interconnection to transit.
- Establishing multi-modal level of service standards that rely primarily on non-vehicular modes of transportation where existing or planned community design will provide adequate level of mobility.
- Reducing impact fees or local access fees to promote development within urban areas, multi-modal transportation districts, and a balance of mixed-use development in certain areas or districts, or for affordable or workforce housing.

Also, under HB 319, a mobility fee funding system expressly must comply with the dual rational nexus test applicable to traditional impact fees. Furthermore, any mobility fee revenues collected must be used to implement the local government's plan, which serves as the basis to demonstrate the need for the fee. Finally, under HB 319, an alternative mobility system, that is not mobility fee-based, must not impose upon new development any responsibility for funding an existing transportation deficiency.

- **HB 207 in 2019:** Included the following changes to the Impact Fee Act along with additional clarifying language:
  - Impact fees cannot be collected prior to building permit issuance; and
  - Impact fee revenues cannot be used to pay debt service for previously approved projects unless the expenditure is reasonably connected to, or has a rational nexus with, the increased impact generated by the new residential and commercial construction.
- **HB 7103 in 2019:** Addressed multiple issues related to affordable housing/linkage fees, impact fees, and building services fees. In terms of impact fees, the bill required that when local governments increase their impact fees, the outstanding impact fee credits for developer contributions should also be increased. This requirement was to operate prospectively; however, HB 337 that was signed in 2021 deleted this clause and making all outstanding credits eligible for this adjustment. This bill also allowed local governments to waive/reduce impact fees for affordable housing projects without having to offset the associated revenue loss.
- **SB 1066 in 2020:** Added language allowing impact fee credits to be assignable and transferable at any time after establishment from one development or parcel to another

that is within the same impact fee zone/district or that is within an adjoining impact fee zone/district within the same local government jurisdiction, and which receives benefit from the improvement or contribution that generated the credits. In addition, added language indicating any new/increased impact fee not being applicable to current or pending permit applications submitted prior to the effective date of an ordinance or resolution imposing new/increased fees.

- **HB 1339 in 2020:** Required reporting of various impact fee related data items within the annual financial audit report submitted to the Department of Financial Services.
- **HB 337 in 2021:** Placed limits on the amount and frequency of fee increases, but also included a clause to exceed these restrictions if the local governments can demonstrate extraordinary circumstances, hold two public workshops discussing these circumstances and the increases are approved by two-thirds of the governing body.
- **HB 479 in 2024:** Required interlocal agreements between counties and municipalities when both entities collect a transportation impact fee. Placed limits on timing of impact fee study completion and adoption and data used in the studies.

The following paragraphs provide further detail on the generally applicable legal standards applicable here.

Impact Fee Definition

- An impact fee is a one-time capital charge levied against new development.
- An impact fee is designed to cover the portion of the capital costs of infrastructure capacity consumed by new development.
- The principal purpose of an impact fee is to assist in funding the implementation of multi-modal transportation capacity addition projects identified in the Capital Improvements Element (CIE) and other capital improvement programs/plans.

Impact Fee vs. Tax

- An impact fee is generally regarded as a regulatory function established based upon the specific benefit to the user related to a given infrastructure type and is not established for the primary purpose of generating revenue for the general benefit of the community, as are taxes.
- Impact fee expenditures must convey a proportional benefit to the fee payer. This is accomplished through the establishment of benefit districts, where fees collected in a benefit district are spent in the same benefit district.

- An impact fee must be tied to a proportional need for new infrastructure capacity created by new development.

Use of Impact Fee Revenues

Per State law and legal precedent, the City may use multi-modal transportation impact fee (MMTIF) revenues for the funding of capital improvement projects but not for operational/maintenance/resurfacing expenses. These capital improvement projects must increase the multimodal capacity of the City's transportation network and the projects should be along roads classified as collectors and above, and not on local neighborhood roads. Examples of these projects include lane additions, new roads, intersection improvements, and addition of sidewalks, bicycle lanes or transit amenities, among others.

This technical report has been prepared to support legal compliance with existing case law and statutory requirements. Data presented in this report is collected through Fall of 2024 and represents the most recent and localized data available at the time of this study. All data and support material used in this analysis are incorporated by reference as set forth in this document.

Demand Component

Travel Demand

Travel demand is the amount of transportation system consumed by a unit of new land development activity. Demand is calculated using the following variables and is measured in terms of the person-miles of new travel (PMT) that a unit of development consumes on the transportation system:

- Number of daily trips generated (Trip Generation Rate = TGR)
- Average length of those trips (Trip Length = TL)
- Proportion of travel that is new travel, rather than travel that is already on the transportation system and is captured by new development (Percent New Trips = PNT)
- Person-trip factor (converts vehicle-miles of travel to person-miles of travel)

The trip characteristics variables were primarily obtained from two sources:

- Trip characteristics surveys conducted throughout Florida (Florida Studies Database). This database was used to determine trip length, percent new trips, and the trip generation rate for several land uses.
- Institute of Transportation Engineers' (ITE) Trip Generation reference report (11th Edition), which is used primarily for trip generation rates.

Conversion of Vehicle-Trips to Person-Trips

In the case of the multi-modal fee, it is necessary to estimate travel in units of person-miles. Vehicle-trips were converted to person-trips by applying a vehicle-trip to person-trip conversion factor of 1.44. This value was derived from a review of the Central Florida Regional Planning Model v7 (CFRPM v7). Given that a large portion of travel occurs via automobile, this approach is found to be reasonable.

Interstate & Toll Facility Adjustment Factor

This variable is used to recognize that interstate highway and toll facility improvements are funded by the State (specifically, the Florida Department of Transportation using earmarked State and Federal funds or through toll revenues). Typically, impact fees are not used to pay for

these improvements and the portion of travel occurring on the interstate/toll facility system is subtracted from the total travel for each use.

CFRPM v7 was executed to calculate the interstate and toll (I/T) facility discount factor based on model roadways within Volusia County. The loaded highway network[1] file was generated using the select zone analysis function for all traffic analysis zones located within New Smyrna Beach to differentiate trips with an origin and/or destination within the city versus trips with no origin or destination within the city.

Currently, interstate/toll facilities within the study area of Volusia County include Interstate 4 and Interstate 95. The limited access vehicle-miles of travel (Limited Access VMT) for trips with an origin and/or destination within the City of New Smyrna Beach was calculated for the identified limited access facilities. Next, the total VMT was calculated for all trips with an origin and/or destination within the study area for all roads, including limited access facilities.

The I/T adjustment factor of 27.2 percent was determined by dividing the total limited access VMT by the total study area VMT for the 2045 Cost Feasible network. By applying this factor to the VMT for each land use, the reduced VMT is then representative of only the roadways which can be funded by multi-modal transportation impact fees.

Land Use Changes

As part of this update study, the following land uses were revised/added to the City's fee schedule.

<u>Multi-Family Re-Alignment</u>

The ITE 11th Edition handbook has re-aligned multi-family land uses into the following categories, which are reflected in the updated schedule for New Smyrna Beach:

- LUC 215: Single Family (Attached)
- LUC 220: Multi-Family (Low-Rise, 1-3 floors)
- LUC 221/222: Multi-Family (Mid/High-Rise, 4+ floors)

[1] The "loaded highway network" refers to the final travel demand model roadway network with traffic volumes assigned (or loaded) to each model roadway link.

Schools

The school land use was broken out into the following uses and the unit of measure was changed from "per 1,000 sq ft" to "per student" due to available data in the ITE 11th Edition:

- Elementary School (Private)
- Middle/Junior High School (Private)
- High School (Private)
- University/Junior College (7,500 or fewer students) (Private)
- University/Junior College (more than 7,500 students) (Private)

Medical Office/Clinic 10,000 sq ft or less

This tier was added to the impact fee schedule to reflect the lower trip generation associated with small medical offices.

Retail/Shopping Center

ITE 11th Edition re-aligned this land use into three distinct square footage ranges with associated variations in trip generation rates. For this update study, the existing retail/shopping center tiers have been re-aligned to match ITE 11th Edition.

Gas Station w/Convenience Store

ITE 11th Edition re-aligned this land use to have trip generation rate tiering tied to square footage of the convenience store, not the number of pumps. This land use replaces the "Convenience Store with and w/o Gas Pumps" use that is charged per 1,000 sq ft and the "Super Convenience Store" land use.

Cost Component

Cost information from the City of New Smyrna Beach, Volusia County, and other counties in Florida was reviewed to develop a unit cost for all phases involved in the construction of one lane-mile of roadway capacity. Appendix B provides the data and other support information utilized in these analyses.

City/County Roadway Cost

This section examines the right-of-way (ROW), construction, and other cost components associated with city/county roads with respect to transportation capacity expansion improvements in the City of New Smyrna Beach. In addition to Volusia County data, bid data for recently completed/on-going projects throughout Florida were used to supplement the cost data for city/county roadway improvements. The cost for each roadway capacity project was separated into four components: design, right-of-way (ROW), construction, and construction engineering/inspection (CEI).

Design and CEI

Design costs for city/county roads were estimated at **eight (8) percent** of construction phase costs based on a review of local cost data from Volusia County. Additional details are provided in Appendix B, Table B-2.

CEI costs for city/county roads were estimated at **11 percent** of construction phase costs based on a review of local cost data from Volusia County. Additional details are provided in Appendix B, Tables B-8.

These estimates are consistent with the costs observed in other jurisdictions, as shown in Tables B-3 for design and B-9 for CEI.

Right-of-Way

The ROW cost reflects the total cost of the acquisitions along a corridor that were necessary to have sufficient cross-section width to widen an existing road or, in the case of new construction, to build a new road. This factor was determined through a review of recent ROW-to-construction ratios seen in Volusia County (with a range of no cost to 34 percent) and seen in other jurisdictions throughout Florida (ranging from 10 percent to 60 percent). For purposes of the multi-modal fee calculation, a **20 percent** ROW-to-construction factor was used for city/county

roadways based on these datasets. Additional details are provided in Appendix B, Tables B-4 and B-5.

Construction

A review of construction cost data for local city/county roadway capacity expansion projects included eight recent/on-going improvements provided in Volusia County.

- Howland Blvd from Courtland Blvd to N. of SR 415
- LPGA Blvd from Jimmy Ann Dr/Grand Reserve to Derbyshire Road
- Williamson Blvd from LPGA Blvd to Strickland Range Road
- Howland Blvd from Providence Blvd to Elkcam Blvd
- Orange Camp Blvd from MLK Blvd to I-4
- 10th St from Myrtle Avenue to US-1
- Blue Lake Avenue Ext. from Blue Lake Avenue to SR 472
- Williamson Blvd from Strickland Range Road to Hand Avenue

The construction cost of these improvements ranged from $1.96 million per lane mile to $6.66 million per lane mile with a weighted average cost of approximately $2.69 million per lane mile. Additional details are provided in Appendix B, Table B-6.

In addition to local data, a review of recently built or bid projects (from 2014 to 2023) throughout the state of Florida was conducted. As shown in Appendix B, Table B-7, the statewide database includes a total of 48 projects between 2014 and 2023 from 16 different counties (including Volusia County) with a weighted average cost of approximately $3.55 million per lane mile (all improvements have urban-design characteristics). In the case of counties that are more suburban/rural in nature (similar to Volusia County), the construction cost averages approximately $3.08 million (including Volusia County).

Based on this review, the construction cost for city/county roads (urban design; curb & gutter) was estimated at **$3.10 million** per lane mile for use in the multi-modal fee calculation.

To determine the cost per lane mile for city/county roads with rural-design characteristics (open drainage), the relationship between urban and rural-designed roadway costs from the FDOT District 7 Long Range Estimates (LRE)[2] was reviewed. Based on these cost estimates, the costs for rural roadways are estimated at approximately 73 percent of the costs for urban roadways. Additional details are provided in Appendix B, Table B-1.

[2] Similar data from FDOT District 5 was not available.

To determine the weighted average cost for city/county roadways, the cost for urban-design and rural-design roads were weighted based on the distribution of lane miles included in the River-to-Sea TPO's Connect 2045 Long Range Transportation Plan (Cost Feasible Plan, Appendix B, Table B-10). As shown in Table 1, the weighted average city/county roadway construction cost was calculated at approximately $2.65 million per lane mile, with a total weighted cost of $3.68 million per lane mile for use in the multi-modal fee calculation.

Table 1

Estimated Cost per Lane Mile for City/County Roads

Cost Phase	Cost per Lane Mile		
	Curb & Gutter (Urban) Design	Open Drainage (Rural) Design[5]	Weighted Average[6]
Design[1]	$248,000	$181,000	$212,000
Right-of-Way[2]	$620,000	$453,000	$530,000
Construction[3]	$3,100,000	$2,263,000	$2,648,000
CEI[4]	$341,000	$249,000	$291,000
Total Cost	**$4,309,000**	**$3,146,000**	**$3,681,000**
Lane Mile Distribution[7]	46%	54%	100%

1) Design is estimated at 8% of construction costs.
2) Right-of-Way is estimated at 20% of construction costs.
3) Source: Estimate based on a review of data in Appendix B, Tables B-6 and B-7
4) CEI is estimated at 11% of construction costs.
5) Open drainage (rural) design costs are estimated at 73% of the curb & gutter (urban) costs.
6) Lane mile distribution (Item 7) multiplied by the design, ROW, construction, and CEI phase costs by improvement type to develop a weighted average cost per lane mile
7) Source: Appendix B, Table B-10; Items (a) and (b)

Note: All figures rounded to nearest $000

Person-Miles of Capacity Added per Lane Mile (Roadways)

An additional component of the multi-modal impact fee equation is the capacity added per lane-mile of roadway constructed. The vehicle-miles of capacity (VMC) is an estimate of capacity added per lane mile for city and county roadway improvements in the TPO's 2045 Long Range Transportation Plan. As shown in Table 2, each lane mile will add approximately 10,100 VMC. This figure was then converted to person-miles of capacity (PMC) using the person-trip factor (1.44 persons per vehicle) previously discussed, resulting in a weighted average PMC of 14,500 per lane mile.

Table 2

Weighted Average Capacity Added per Lane Mile

Source	Lane Mile Added[1]	Vehicle-Miles of Capacity Added[1]	VMC Added per Lane Mile[2]	Vehicle-Trip to Person-Trip Factor[3]	PMC Added per Lane Mile[4]
City/County Roads	68.70	695,827	10,100	1.44	**14,500**

1) Source: Appendix B, Table B-10
2) Vehicle-miles of capacity added divided by lane miles added
3) Source: Central Florida Regional Planning Model (CFRPM v7)
4) VMC added per lane mile (Item 2) multiplied by the vehicle-trip to person-trip factor (Item 3)

Cost per Person-Mile of Capacity (Roadways)

The transportation cost per unit of development is assessed based on the cost per person-mile of capacity. As shown in Tables 1 and 2, the cost and capacity for roadways in the City of New Smyrna Beach have been calculated based on typical roadway improvements planned to be constructed in the future. Table 3 presents the estimated cost for travel within the city, which is approximately **$254** per PMC.

Table 3

Cost per Person-Mile of Capacity Added (Roadways)

Source	Cost per Lane Mile[1]	Average PMC Added per Lane Mile[2]	Cost per PMC[3]
City/County Roads	$3,681,000	14,500	**$253.86**

1) Source: Table 1
2) Source: Table 2
3) Cost per lane mile (Item 1) divided by the average PMC added per lane mile (Item 2)

Bicycle and Pedestrian Facility Costs

Bicycle and pedestrian facilities provide for relatively small quantities of the total vehicle-miles of travel due to the difference in the average distance traveled by a car trip versus pedestrian/bicycle trips. Because of their relatively small role in the urban travel scheme, they do not have a significant effect on evaluating the costs of providing for mobility. However, bike and pedestrian facilities are important and provide a source of travel for those who cannot drive or cannot afford to drive, and they are a standard part of the urban street and sometimes included in rural roadways. Their costs are included in the standard roadway cross-sections for which costs are estimated for safety and mobility reasons. Thus, the costs of these facilities on

major roads are included in the multi-modal fee. The multi-modal impact fee provides funding for only those bike and pedestrian facilities associated with roadways on the classified road system (excluding local/neighborhood roads) and allows for facilities to be added to existing classified roadways or included in the construction of a new classified roadway or lane addition improvement.

Transit Capital Cost per Person-Mile of Travel

A model for transit service and cost was developed to establish both the capital cost per person-mile of capacity and the system operating characteristics in terms of system coverage, hours of service, and headways. The model developed for the City of New Smyrna Beach was based on information from Volusia County's Public Transit System, Votran's, Transit Development Plan (TDP). Components of the transit capital cost include:

- Vehicle acquisition tied to new routes
- Bus stops, shelters, and benches
- Cost of road network used by transit vehicles

Transit capital costs are computed as the cost of capital features needed to expand the transit system, as follows:

Transit Capital Cost = Bus Infrastructure Cost + Road Capacity Cost

Considering the infrastructure costs and the decline in potential vehicle-capacity that comes with adding transit, it was determined that the difference between constructing a lane mile of roadway (for cars only) versus constructing a roadway with transit is very slight. The roadway with transit cost per PMC is approximately 3.5 percent higher per lane mile than the cost to simply construct a road without transit amenities (Appendix B, Table B-12). As shown in Table 4, this factor was applied to the roadway cost per PMC to determine the multi-modal cost per PMC. The cost per PMC figure is used in the multi-modal impact fee calculation to determine the total cost per unit of development based on person-miles of travel consumed. For each person-mile of travel that is added to the roadway system, approximately $263 of roadway capacity is consumed, as shown in Table 4.

Table 4

Cost per Person-Mile of Capacity Added (Multi-Modal)

Source	Cost per Lane Mile	Average PMC Added per Lane Mile	Cost per PMC
City/County[1]	$3,681,000	14,500	**$253.86**
Transit Cost Factor[2]			3.51%
Weighted Average Cost per PMC[3]			**$262.77**

1) Source: Table 3
2) Source: Appendix B, Table B-12
3) Cost per PMC (Item 1) increased by the transit cost factor (Item 2)

Credit Component

Capital Improvement Credit

The credit component of the impact fee accounts for the City, County and State funding sources that are being expended on roadway capacity expansion (excluding impact fee funds). This section summarizes the calculations utilized to develop the credit component of the impact fee. Additional details are provided in Appendix C.

The present value of the portion of non-impact fee revenues generated by new development over a 25-year period (estimated life of a structure as well as when roadways are likely to need significant maintenance/rehabilitation) that is expected to fund capacity expansion projects was credited against the cost and the system consumed by travel associated with new development. To provide a connection to the demand component, which is measured in terms of travel, the non-impact fee dollars were converted to a fuel tax equivalency.

City Credit

As shown in Table 5, the City of New Smyrna Beach spends an average of $0.34 million per year on transportation capacity-expansion projects funded with non-impact fee revenues, which equates to revenues generated from **0.1 penny** of tax on gasoline and diesel fuels. Additional details are provided in Appendix C, Table C-2.

County Credit

A review of Volusia County's FY 2024 Capital Improvement Plan indicated that a combination of fuel tax, impact fees, and proportionate share revenues are used to fund transportation capacity expansion. As shown in Table 5, the County spends an average of $6.2 million per year, or the equivalent of **2.5 pennies,** on transportation capacity-expansion projects funded with non-impact fee revenues. Additional details are provided in Appendix C, Table C-3.

Further, the County is using fuel tax revenues to retire debt service used to fund transportation expansion improvements. The fuel tax dedication for the Series 2013 bond and the 2015 Capital Improvement Revenue Note total approximately 2.6 pennies of additional county credit. As shown in Table 5, a total fuel tax equivalent of 5.1 pennies is recognized for county expenditures. Additional details are provided in Appendix C, Table C-4.

State Credit

As shown in Table 5, state expenditures for transportation capacity projects in Volusia County were reviewed and a credit for the capacity-expansion portion attributable to state projects was estimated (excluding expenditures on limited access facilities). This review, which included 10 years of historical expenditures, as well as five (5) years of planned expenditures, indicated that FDOT's transportation capacity spending averages $16.7 million per year and generates a credit of **6.6 pennies** of equivalent gas tax revenue, annually. The use of a 15-year period for developing a state credit accounts for the volatility in FDOT spending in the county over short time periods. Additional details are provided in Appendix C, Table C-5.

In summary, for transportation capacity projects, the City allocates $342,000, Volusia County allocates $12.8 million, while the State spends an average of $16.7 million, annually. The portion of capital improvement funding included in the multi-modal fee equation for credit calculations recognizes the future capital revenue that is expected to be generated by new development from all non-impact fee revenues. This credit does not include revenues generated by the existing population.

Table 5

Equivalent Pennies of Gas Tax Revenue

Credit	Average Annual Expenditures	Value per Penny[5]	Equivalent Pennies per Gallon[6]
City Revenues[1]	$341,859	$2,510,330	$0.001
County Revenues[2]	$6,243,889	$2,510,330	$0.025
County Debt Service[3]	$6,528,861	$2,510,330	$0.026
State Revenues[4]	$16,678,453	$2,510,330	$0.066
Total	**$29,793,062**		**$0.118**

Present Worth Variables

Facility Life: The facility life used in the impact fee analysis is 25 years, which represents the reasonable life of a roadway.

Interest Rate: This is the discount rate at which gasoline tax revenues might be bonded. It is used to compute the present value of the gasoline taxes generated by new development. The discount rate of 4.40 percent was used in the multi-modal transportation impact fee calculation based on information provided by the City.

Fuel Efficiency

The fuel efficiency (i.e., the average miles traveled per gallon of fuel consumed) of the fleet of motor vehicles was estimated using the quantity of gasoline consumed by travel associated with a particular land use. This variable is used in the calculation of the credit component of the multi-modal transportation impact fee.

Appendix C, Table C-11 documents the calculation of fuel efficiency value based on the following equation, where "VMT" is vehicle miles of travel and "MPG" is fuel efficiency in terms of miles per gallon.

$$Fuel\ Efficiency = \sum VMT_{Roadway\ Type} \div \sum \left(\frac{VMT_{Vehicle\ Type}}{MPG_{Vehicle\ Type}} \right)_{Roadway\ Type}$$

The methodology uses non-interstate VMT and average fuel efficiency data for passenger vehicles (i.e., passenger cars and other 2-axle, 4-tire vehicles, such as vans, pickups, and SUVs) and large trucks (i.e., single-unit, 2-axle, 6-tire or more trucks and combination trucks) to calculate the total gallons of fuel used by each of these vehicle types.

The combined total VMT for the vehicle types is then divided by the combined total gallons of fuel consumed to calculate, in effect, a "weighted" fuel efficiency value that reflects the existing fleet mix of traffic on non-interstate roadways. The VMT and average fuel efficiency data were obtained from the most recent Federal Highway Administration's *Highway Statistics 2022*. Based on the calculation completed in Appendix C, Table C-11, the fuel efficiency rate to be used in the updated impact fee equation is 19.47 miles per gallon.

Effective Days per Year

An effective 365 days per year of operation was used for all land uses in the proposed multi-modal fee. However, this will not be the case for all land uses since some uses operate only on weekdays (e.g., office buildings) and/or only seasonally (e.g., schools). The use of 365 days per year, therefore, provides a conservative estimate, ensuring that non-impact fee contributions are adequately credited against the fee.

Calculated Multi-Modal Transportation Impact Fee Schedule

Detailed multi-modal impact fee calculations for each land use are included in Appendix D, which includes the major land use categories and the multi-modal impact fees for the individual land uses contained in each of the major categories. For each land use, Appendix D illustrates the following:

- Demand component variables (trip rate, trip length, and percent new trips);
- Total multi-modal transportation impact fee cost;
- Annual capital improvement credit;
- Present value of the capital improvements credit;
- Net multi-modal transportation impact fee rates;
- Current adopted City of New Smyrna Beach transportation impact fee rates; and
- Percent difference between the calculated multi-modal transportation impact fee and the current adopted transportation impact fee.

For clarification purposes, it may be useful to walk through the calculation of a multi-modal fee for one of the land use categories. In the following example, the net multi-modal fee is calculated for the Single Family (Detached) land use category using information from the multi-modal fee schedule included in Appendix D. For each land use category, the following equations are utilized to calculate the net multi-modal transportation impact fee:

Net Multi-Modal Fee = Total Multi-Modal Cost – Capital Improvement Credit

Where:

Total Multi-Modal Cost = ([Trip Rate × Assessable Trip Length × % New Trips] /2) × (1 – Interstate/Toll Facility Adjustment Factor) × (Person-Trip Factor) × (Cost per Person-Mile of Capacity)

Capital Improvement Credit = Present Value (Annual Capital Improvement Credit), given 4.40% interest rate & a 25-year facility life

Annual Capital Improvement Credit = ([Trip Rate × Total Trip Length × % New Trips] / 2) × (Effective Days per Year × $/Gallon to Capital) / Fuel Efficiency

Each of the inputs has been discussed previously in this document; however, for purposes of this example, brief definitions for each input are provided in the following paragraphs, along with the actual inputs used in the calculation of the fee for the Single Family (Detached) land use category:

- *Trip Rate* = the average daily trip generation rate, in vehicle-trips/day (7.81)
- *Assessable Trip Length* = the average trip length on collector roads or above, for the category, in vehicle-miles (6.62)
- *Total Trip Length* = the assessable trip length plus an adjustment factor of half a mile, which is added to the trip length to account for the fact that gas taxes are collected for travel on all roads including local roads (6.62 + 0.50 = 7.12)
- *% New Trips* = adjustment factor to account for trips that are already on the roadway (100%)
- *Divide by 2* = the total daily miles of travel generated by a particular category (i.e., rate*length*% new trips) is divided by two to prevent the double-counting of travel generated between two land use codes since every trip has an origin and a destination
- *Interstate/Toll Facility Adjustment Factor* = adjustment factor to account for travel demand occurring on interstate highways and/or toll facilities (27.2%)
- *Person-Trip Factor* = converts vehicle-miles of travel to person-miles of travel (1.44)
- *Cost per Lane Mile* = unit cost to construct one lane mile of roadway, in $/lane-mile ($3,681,000)
- *Average Person-Capacity Added per Lane Mile* = represents the average daily person-traffic on one travel lane at capacity for one lane mile of roadway, in persons/lane-mile/day (14,500)
- *Transit Cost Factor* = accounts for the increased cost per lane mile of providing transit capital (3.51%)
- *Cost per Person-Mile of Capacity* = unit of person-miles of capacity consumed per unit of development. Cost per person-mile divided by average capacity added per lane mile multiplied by the transit cost factor ($3,681,000 / 14,500 × (1 + 3.51%) = $262.77)
- *Present Value* = calculation of the present value of a uniform series of cash flows, gas tax payments in this case, given an interest rate, “i,” and a number of periods, “n;” for 4.40% interest and a 25-year facility life, the uniform series present worth factor is 14.9820.
- *Effective Days per Year* = 365 days
- *$/Gallon to Capital* = the amount of equivalent gas tax revenue per gallon of fuel that is used for capital improvements, in $/gallon
- *Fuel Efficiency* = average fuel efficiency of vehicles, in vehicle-miles/gallon (19.47)
- *City Portion* = Total calculated fee less portion that is being collected by Volusia County.

Multi-Modal Transportation Impact Fee Calculation

Using these inputs, a net multi-modal fee can be calculated for the Single Family (Detached) land use category as follows:

Single Family (Detached) Multi-Modal Transportation Impact Fee Rate (Table D-1):

Total Multi-Modal Cost = ([7.81 * 6.62 * 1.0] /2) * (1 - 0.272) * 1.44 * ($3,681,000 /14,500 *1.0351) = $7,121

Annual Cap. Improv. Credit = ([7.81 * 7.16 * 1.0] /2) * 365 * ($0.118 /19.47) = $62
Capital Improvement Credit = $62 * 14.9820 = $929

Net Multi-Modal Fee = $7,121 - $929 = $6,192
Volusia County Impact Fee Rate = $5,464
City Portion = $6,192 - $5,464 = **$728**

Table 6 presents the calculated multi-modal fee transportation impact fee schedule for the City of New Smyrna Beach. In addition, this table also includes the current adopted transportation impact fee and maximum allowable fee under F.S. 163.31801.

Table 6

City of New Smyrna Beach Multi-Modal Transportation Impact Fees

ITE LUC	Land Use	Unit	Adopted[1]	MMTIF[2]	% Change	F.S. Cap[3]	% Change

Multi-Modal Transportation Impact Fee Comparison

A comparison of the City's adopted and calculated fee schedule to adopted fees by nearby jurisdictions for sample land uses is presented in **Table 7**. This table also includes information on the most recent technical study date, adoption percentage, and roadway network included in the fee for each jurisdiction.

Revenue Projections

The multi-modal transportation impact fee projections in this report are based on recent permitting levels in the City of New Smyrna Beach. Figure 1 presents residential permitting figures since 1990.

Figure 1
Residential Permitting

Source: U.S. Census Bureau

Given fluctuations in permitting levels, a range of revenue scenarios were developed. For the low-end, residential permitting was based on the average permitting levels since 1990 and the recent 2023 permitting in the City (approximately 200 permits). For the high-end, residential permitting was based on the activity between 2019 and 2022 (approximately 500 permits).

The following additional assumptions/estimates are incorporated into the projections:

- Impact fees implemented at the full calculated rate;
- Residential permitting consists primarily of the "Single Family Detached" land use; and

- Non-residential revenues account for approximately 15 percent of the total revenue collected based on the average tax base distribution in the City of New Smyrna Beach over the past five years.

As shown in Table 8, the City of New Smyrna Beach has the potential to generate between $1.02 and $2.52 million in multi-modal transportation impact fee revenues through 2031 if the impact fee rates are adopted as 100 percent.

Table 8

Multi-Modal Transportation Impact Fee Revenue Projections

Service Area	Annual Revenue (Low-End)	Annual Revenue (High-End)		2026-2031 Revenues (Low-End)	2026-2031 Revenues (High-End)
Transportation	$170,000	$420,000		**$1,020,000**	**$2,520,000**

Source: Based on recent permitting levels and calculated fee rates from this report

For impact fee purposes, revenue projections serve only as an overall guideline in panning future infrastructure needs. In their simplest form, impact fees charge each unit of new growth for the net cost (total cost less credits) of infrastructure needed to serve that unit of growth. If the growth rates remain high, the City will have more impact fee revenues to fund growth related projects sooner rather than later. If the growth rate slows down, less revenue will be generated and the timing and need for future infrastructure improvements will be later rather than sooner.

Appendix A
Demand Component

Appendix A: Demand Component

This appendix presents the detailed calculations for the demand component of the multi-modal transportation impact fee update.

Interstate & Toll Facility Adjustment Factor

Table A-1 presents the interstate and toll facility adjustment factor used in the calculation of the multi-modal fee. This variable is based on data from the Central Florida Regional Planning Model v7, specifically the 2045 vehicle-miles of travel. It should be noted that this adjustment factor excludes all external-to-external trips, which represent traffic that goes through the city, but does not necessarily stop in the city. This traffic is excluded from the analysis since it does not come from development within the city. The I/T adjustment factor is used to reduce the VMT that the multi-modal fee charges for each land use since impact fee revenues are typically not used to build interstates or toll facilities.

Table A-1

Interstate/Toll Facility Adjustment Factor

Facility Type	Total	
	VMT	%
Interstate/Toll	496,970	**27.2%**
Other Roads	1,330,234	72.8%
Total	**1,827,204**	**100.0%**

Source: Central Florida Regional Planning Model v7

Florida Studies Trip Characteristics Database

The Florida Studies Trip Characteristics Database includes approximately 345 studies on 40 different residential and non-residential land uses collected over the last 30 years. Data from these studies include trip generation, trip length, and percent new trips for each land use. This information has been used in the development of impact/multi-modal/mobility fees and the creation of land use plan category trip characteristics for communities throughout Florida and the U.S.

Benesch estimates trip generation rates for all land uses in an impact fee schedule using data from studies in the Florida Studies Database and the Institute of Transportation Engineers' (ITE) *Trip Generation* reference report (11th edition). In instances, when both ITE *Trip Generation* reference report (11th edition) and Florida Studies trip generation rate (TGR) data are available for a particular land use, the data is typically blended together to increase the sample size and provide a more valid estimate of the average number of trips generated per unit of development. If no Florida Studies data is available, only TGR data from the ITE reference report is used in the fee calculation.

The trip generation rate for each respective land use is calculated using machine counts that record daily traffic into and out of the site studied. The traffic count hoses, or video cameras are set at entrances to residential subdivisions for the residential land uses and at all access points for non-residential land uses.

The trip length information is obtained through origin-destination surveys that ask respondents where they came from prior to arriving at the site and where they intended to go after leaving the site. The results of these surveys were used to estimate average trip length by land use.

The percent new trip variable is based on assigning each trip collected through the origin-destination survey process a trip type (primary, secondary, diverted, and captured). The percent new trip variable is then calculated as 1 minus the percentage of trips that are captured. Benesch has published an article entitled, *Measuring Travel Characteristics for Transportation Impact Fees*, ITE Journal, April 1991 on the data collecting methodology for trip characteristics studies.

Appendix B
Cost Component

Appendix B: Cost Component

This appendix presents the detailed calculations for the cost component of the multi-modal transportation impact fee update. Supporting data and estimates are provided for all cost variables, including:

- Design
- Right-of-Way
- Construction
- Construction Engineering & Inspection
- Roadway Capacity
- Transit Capital Costs

Urban-Design vs. Rural-Design

Due to limited construction data for roadways with rural-design (open drainage) characteristics, the cost per lane mile for these types of roads was calculated using an adjustment factor. This factor was based on the rural-to-urban (curb & gutter) cost ratio from the most recent District 7 Long Range Estimates (LRE) provided by FDOT[3]. As shown in **Table B-1**, the costs for rural-design roadway capacity expansion (new road construction or lane addition) are approximately **73 percent** of the construction costs for urban-design roadway improvements.

Table B-1

Urban/Rural-Design Cost Factor

Improvement	Construction Cost per Lane Mile		
	Open Drainage Rural Design	Curb & Gutter Urban Design	Ratio
0-2 Lanes	$4,811,069	$7,492,440	64%
0-4 Lanes	$3,925,297	$5,235,679	75%
0-6 Lanes	$3,340,793	$4,244,073	79%
2-4 Lanes	$5,660,879	$7,333,052	77%
4-6 Lanes	$5,909,730	$7,926,966	75%
Average	**$4,729,553**	**$6,446,442**	**73%**

Source: FDOT District 7 Long Range Estimates, 2023

[3] This data was not available for FDOT District 5

Design

City/County Roadways

The design cost factor for city/county roads is estimated as a percentage of the construction cost per lane mile. This factor is determined based on a review of design-to-construction cost ratios from local Volusia County improvements and from other jurisdictions throughout Florida. As shown in **Table B-2**, the design factors ranged from six (6) percent to 21 percent with a weighted average of eight (8) percent. As shown in **Table B-3**, the design factors for other jurisdictions ranged from six (6) percent to 14 percent with a weighted average of 11 percent. For purposes of this study, the design cost for city/county roads is estimated at **eight (8) percent** of the construction cost per lane mile.

Table B-2

Design Cost Factor for City/County Roads – Volusia County

Source: Each respective County

Right-of-Way

The ROW cost reflects the total cost of the acquisitions along a corridor that was necessary to have sufficient cross-section width to widen an existing road or, in the case of new road construction, build a new road.

City/County Roadways

For multi-modal fee purposes, the ROW cost for city/county roads is estimated as a percentage of the construction cost per lane mile. To determine the ROW cost factor, Benesch conducted a review of recent local ROW costs and ROW-to-construction cost ratios from other counties in Florida. As shown in **Table B-4**, the local ROW-to-construction cost ratios ranged from zero to 34 percent with a weighted average ratio of approximately 12 percent. As shown in **Table B-5**, the ROW-to-construction factor for other jurisdictions in Florida ranged from 10 percent to 60 percent with an average of 35 percent.

Based on a review of these data sets, ROW costs were estimated at approximately **20 percent** of the construction costs.

Table B-4

Right-of-Way Cost Factor for City/County Roads – Volusia County

Description	From	To	Year	ROW	Construction Cost	ROW-to-Constr. Ratio
Williamson Blvd	LPGA Blvd	Strickland Range Rd	2019	$0	$4,951,165	0%

Construction

City/County Roadways

A review of construction cost data for local city/county roadway capacity expansion projects included eight (8) recent improvements identified in Volusia County, as shown in **Table B-6**. The cost of improvements ranged from $2.0 million per lane mile to $6.7 million per lane mile with a weighted average construction cost of approximately $2.7 million per lane mile.

In addition to local data, a review of recently bid projects (from 2014 to 2023) throughout the state of Florida was conducted. As shown in **Table B-7**, a total of 48 projects from 16 different counties (including Volusia) were identified with a weighted average cost of approximately $3.55 million per lane mile (all improvements have urban-design characteristics). From this dataset, the counties that are more suburban/rural in nature (similar to Volusia County) were separated. This subset of suburban/rural counties had a weighted average construction cost of $3.1 million per lane mile (including Volusia County).

Construction Indexing Analysis

In addition to the review of local and statewide roadway construction improvements, several cost indices were reviewed, including:

- Producer Price Index (PPI) for Highway & Street Construction
- FDOT District 7 Long Range Estimates (LRE)
- National Highway Construction Cost Index

This review focused on the construction cost increases over the last four years (2020 to 2023), where many jurisdictions in Florida experienced a significant increase in roadway construction costs. These indices ranged from a 41 percent increase to a 80 percent increase, with an average of approximately **59 percent**. A conservative approach was taken when estimating costs for the multi-modal transportation impact fee calculation, considering a longer timeframe and not just the recent run-up.

Based on this review, the construction cost for city/county roads (urban design; curb & gutter) was estimated at **$3.1 million** per lane mile for use in the multi-modal transportation impact fee calculation.

Construction Engineering/Inspection

City/County Roadways

The CEI cost factor for city/county roads is estimated as a percentage of the construction cost per lane mile. This factor is determined based on a review of CEI-to-construction cost ratios from local Volusia County improvements and from other jurisdictions throughout Florida. As shown in **Table B-8**, the CEI factors ranged from nine (9) percent to 15 percent with a weighted average of 11 percent. As shown in **Table B-9**, the CEI factors from other jurisdictions ranged from three (3) percent to 17 percent with a weighted average of nine (9) percent. For purposes of this study, the CEI cost for city/county roads is estimated at **11 percent** of the construction cost per lane mile.

Table B-8

CEI Cost Factor for City/County Roads – Volusia County

Description	From	To	Year	CEI	Construction Cost	CEI-to-Constr. Ratio

Roadway Capacity

As shown in **Table B-10**, the average capacity per lane mile is based on the projects in the River-to-Sea TPO's Connect 2045 Long Range Transportation Plan's cost feasible improvements. This listing of projects reflects the mix of improvements that will yield the vehicle-miles of capacity (VMC) that will be built in Volusia County. The resulting weighted average capacity per lane mile of approximately **10,100** was used in the multi-modal transportation impact fee calculation.

Transit Capital Costs

In the case of multi-modal fees, the marginal cost of adding transit infrastructure needs to be considered. This section details the difference in cost per person-mile of capacity between expanding a roadway without transit amenities versus with transit amenities. This calculation also accounts for the change in roadway PMC that occurs when a bus is on the road.

First, **Table B-11** calculates the person-miles of capacity added for each new transit vehicle on the road. This calculation adjusts for the fact that buses have a significantly higher person-capacity than passenger vehicles. This table also identifies transit capital cost variables that will be used to calculate the added capital cost of constructing/expanding a roadway with transit facilities.

Next, **Table B-12** combines the roadway VMC and the transit PMC to calculate the marginal change in cost per PMC. First, the roadway characteristics, including cost and capacity, were used to calculate the roadway cost per VMC for a generic 24-mile roadway segment. Then, an adjustment factor was applied to recognize that incorporating transit along a segment of roadway decreases the vehicle-capacity as the bus makes intermittent stops and interrupts the free-flowing traffic. As shown in Table B-12, the bus blockage adjustment factor is much higher for a 2-lane roadway than for a 4-lane roadway. On a 2-lane road, all cars get caught behind the bus during a stop, while on a 4-lane roadway, there is an unobstructed travel lane that cars can use to pass-by or maneuver around the slower transit vehicle. This adjusted VMC was then converted to PMC using the vehicle-miles to person-miles adjustment factor previously discussed in this report. The additional person-capacity from the buses was added to the adjusted roadway PMC. The person-miles of capacity that a transit system would add to the stretch of roadway (Table B-11) mitigates the decrease in vehicle-miles of capacity due to the bus blockage adjustments.

Next, the capital cost of transit infrastructure was added to the capital cost of the roadway expansion for both new road construction (0 to 2 lanes) and lane addition (2 to 4 lanes). With the transit infrastructure included, the updated cost per PMC was calculated, which now reflects the total cost of building a new road with transit or expanding a roadway and adding transit amenities. When compared to the cost per PMC for simply building/expanding a roadway without transit, the added cost of transit is between three (3) percent and five (5) percent.

As a final step, the increased costs were then weighted by the lane mile distribution of new road construction and lane addition improvements in the River-to-Sea TPO's Connect 2045 Long Range Transportation Plan. As shown, the Plan calls for almost all future improvements to be lane additions. When the marginal cost of transit is included and weighted by this ratio, the resulting percent change is approximately **3.51 percent**. This slight adjustment factor is applied to the calculated cost per PMC for use in the multi-modal transportation impact fee calculation.

As it is currently structured, the transit model detailed in Tables B-11 and B-12 assumes that transit-miles and road-miles will be added to the system at the same rate. If, in the future, more transit-miles are added, this will increase the bus traffic on existing roads, adding more stops, higher stop frequency, and creating additional bus blockage. As a result, the capital cost per person-mile for a roadway with transit would increase in relation to the ratio of added transit-miles vs. roadway-miles. For example, if the transit-mile investment was double that of roadway construction/expansion, the 3.51 percent change calculated in Table B-12 would increase to 7.02 percent. The annual construction figures for transit-miles and road-miles should be tracked by the City and adjusted for in subsequent multi-modal transportation impact fee update studies.

Table B-11

Multi-Modal Fee: Cost per Person-Mile of Capacity

Input	Local Transit	
Transit Person-Miles of Capacity Calculation		**Source:**
Vehicle Capacity[1]	45	1) Source: Local transit is assumed to have 32 seats with a 40 percent standing room capacity equivalent
Number of Vehicles (20% fleet margin)[2]	2	2) Cycle time (Item 9) divided by headway time (Item 6) increased by 20 percent to accommodate the required fleet margin
Service Span (hours)[3]	13	3) Source: Assumption based on current Votran routes
Cycles/Hour (aka Peak Vehicles)[4]	1.00	4) Headway time (Item 6) divided by 60
Cycles per Day[5]	13	5) Service span (Item 3) multiplied by the cycles/hour (Item 4)
Headway Time (minutes)[6]	60	6) Source: Assumption based on current Votran routes
Speed (mph)[7]	15	7) Source: Urban Integrated National Transit Database (Urban iNTD). 6-yr average
Round Trip Length (miles)[8]	24.00	8) Source: Average trip length of current Votran routes
Cycle Time (minutes)[9]	96	9) Round trip length (Item 8) divided by speed (Item 7) multiplied by 60
Total Person-Miles of Capacity[10]	14,040	10) Vehicle capacity (Item 1) multiplied by the cycles per day (Item 5) multiplied by the round trip length (Item 8)
Load Factor/System Capacity[11]	30%	11) Source: Optimistic assumption based on future goals
Adjusted Person-Miles of Capacity[12]	**4,212**	12) Total person-miles of capacity (Item 10) multiplied by the load factor (Item 11)
Capital Cost Variables		
Stops per Mile (w/o Shelter)[13]	3	13) Source: Model assumes 3 bench stops per mile
Shelters per Mile[14]	1	14) Source: Model assumes 1 shelter stop per mile
Vehicle Cost[15]	$533,000	15) Source:2022-2031 Votran TDP; Avg of Diesel ($500,000) and Hybrid ($565,000)
Simple Bus Stop[16]	$12,000	16) Source: Assumption based on local characteristics and industry knowledge
Sheltered Bus Stop[17]	$25,000	17) Source: Assumption based on local characteristics and industry knowledge

Net PMC Added (transit effect included)[(11)]		679,984		691,154	11) PMC added (less transit deduction) (Item 9) plus the PMC added (transit addition ONLY) (Item 10)
Road/Transit Cost per PMC (Road Capital)[(12)]		$259.84		$255.64	12) Road segment cost (Item 3) divided by the net PMC added (transit effect included) (Item 11)
Transit Infrastructure:					
Buses Needed[(13)]	2	$1,066,000	2	$1,066,000	13) Number of vehicles (see Table B-11, Item 2) multiplied by the vehicle cost (see Table B-11, Item 15)
Stops per mile (both sides of street)[(14)]	3	$1,728,000	3	$1,728,000	14) Stops per mile (3) multiplied by the roadway segment length (Item 2) multiplied by the cost per stop (Table B-11, Item 16)
Shelters per mile (both sides of street)[(15)]	1	$1,200,000	1	$1,200,000	15) Shelters per mile (1) multiplied by the roadway segment length (Item 2) multiplied by the cost per shelter (Table B-11, Item 17)
Total infrastructure[(16)]		$3,994,000		$3,994,000	16) Sum of buses needed (Item 13), stops needed (Item 14), and shelters needed (Item 15)
Multi-Modal Cost per PMC:					
Road/Transit Cost per PMC[(17)]		**$265.72**		**$261.42**	17) Sum of the roadway segment cost (Item 3) and the total transit infrastructure cost (Item 16) divided by the net PMC added (Item 11)
Percent Change[(18)]		**4.99%**		**3.29%**	18) Percent difference between the road/transit cost per PMC (Item 17) and the Roadway cost per PMC (Item 6)
Weighted Multi-Modal Cost per PMC:					
Lane Mile Distribution[(19)]		13%		87%	19) Source: Table B-10, Items (c) and (d). Lane mile distribution of new road construction versus lane addition
Weighted Roadway Cost per PMC[(20)]		$32.90		$220.19	20) Roadway cost per PMC (Item 6) multiplied by the lane mile distribution (Item 19)
Weighted Road/Transit Cost per PMC[(21)]		$34.54		$227.44	21) Road/Transit cost per PMC (Item 17) multiplied by the lane mile distribution (Item 19)
Weighted Average Multi-Modal Cost per PMC:					
Weighted Average Roadway Cost per PMC (new road construction and lane additions)[(22)]				$253.09	22) Sum of the weighted roadway cost per PMC (Item 20) for new road construction and lane additions
Weighted Average Road/Transit Cost per PMC (new road construction and lane additions)[(23)]				$261.98	23) Sum of the weighted road/transit cost per PMC (Item 21) for new road construction and lane additions
Percent Change[(24)]				**3.51%**	24) Percent difference between the weighted average road/transit cost per PMC (Item 23) and the weighted average roadway cost per PMC (Item 22)

Appendix C
Credit Component

Appendix C: Credit Component

This appendix presents the detailed calculations for the credit component. Local fuel taxes that are collected in the City of New Smyrna Beach/Volusia County are listed below, along with a few pertinent characteristics of each.

1. Constitutional Fuel Tax (2¢/gallon)

- Tax applies to every net gallon of motor and diesel fuel sold within a county. Collected in accordance with Article XII, Section 9 (c) of the Florida Constitution.
- The State allocated 80 percent of this tax to Counties after first withholding amounts pledged for debt service on bonds issued pursuant to provisions of the State Constitution for road and bridge purposes.
- The 20 percent surplus can be used to support the road construction program within the county.
- Counties are not required to share the proceeds of this tax with their municipalities.

2. County Fuel Tax (1¢/gallon)

- Tax applies to every net gallon of motor and diesel fuel sold within a county.
- Primary purpose of these funds is to help reduce a County's reliance on ad valorem taxes.
- Proceeds are to be used for transportation-related expenses, including the reduction of bond indebtedness incurred for transportation purposes. Authorized uses include acquisition of rights-of-way; the construction, reconstruction, operation, maintenance, and repair of transportation facilities, roads, bridges, bicycle paths, and pedestrian pathways; or the reduction of bond indebtedness incurred for transportation purposes.
- Counties are not required to share the proceeds of this tax with their municipalities.

3. Municipal Fuel Tax (1¢/gallon)

- Tax applies to every net gallon of motor fuel sold within a county.
- Primary purpose of the municipal revenue sharing program is to ensure a minimum level of parity across units of local government.
- Proceeds may be used to fund purchase of transportation facilities and road and street rights-of-way; construction, reconstruction, and maintenance of roads, streets, bicycle paths, and pedestrian pathways; adjustments of city-owned utilities as required by road and street construction; and construction, reconstruction, transportation-related public safety activities, maintenance, and operation of transportation facilities.

4. Ninth-Cent Fuel Tax (1¢/gallon)

- Tax applies to every net gallon of motor and diesel fuel sold within a county.
- Proceeds may be used to fund transportation expenditures.
- To accommodate statewide equalization, this tax is automatically levied on diesel fuel in every county, regardless of whether a County is levying the tax on motor fuel at all.
- Counties are not required to share the proceeds of this tax with their municipalities.

5. 1st Local Option Tax (up to 6¢/gallon)

- Tax applies to every net gallon of motor and diesel fuel sold within a county.
- Proceeds may be used to fund transportation expenditures.
- To accommodate statewide equalization, all six cents are automatically levied on diesel fuel in every county, regardless of whether a county is levying the tax on motor fuel at all or at the maximum rate.
- Proceeds are distributed to a county and its municipalities according to a mutually agreed upon distribution ratio, or by using a formula contained in the Florida Statutes.
- Volusia County has adopted all six pennies of this local option tax.

6. 2nd Local Option Tax (up to 5¢/gallon)

- Tax applies to every net gallon of motor and diesel fuel sold within a county.
- Proceeds may be used to fund transportation expenditures needed to meet requirements of the capital improvements element of an adopted Local Government Comprehensive Plan.
- Proceeds are distributed to a county and its municipalities according to a mutually agreed upon distribution scheme, or by using a formula contained in the Florida Statutes.
- Volusia County has adopted all five pennies of this local option tax.

Each year, the Florida Legislature's Office of Economic and Demographic Research (EDR) produces the *Local Government Financial Information Handbook*, which details the estimated local government revenues for the upcoming fiscal year. Included in this document are the estimated distributions of the various fuel tax revenues for each county in the state. The 2023-24 data represent projected fuel tax distributions to Volusia County and its municipalities for the current fiscal year. Table E-1 shows the distribution per penny for each of the fuel levies, and then the calculation of the weighted average for the value of a penny of fuel tax. The weighting procedure takes into account the differing amount of revenues generated for the various types of fuel taxes. It is estimated that approximately $2.51 million of annual revenue will be generated for the County from one penny of fuel tax in Volusia County. For use in the multi-modal fee

calculation, the fuel tax revenue data is used to calculate the value per penny (per gallon of fuel) that is used to estimate the "equivalent pennies" of other revenue sources used to fund transportation.

Revenues from other sources, such as infrastructure sales tax, grants, etc. are converted to gas tax equivalent using this dollar value as a conversion factor. This conversion is needed to be able to relate associate funding to travel by each land use.

Table C-1
Estimated Fuel Tax Distribution Allocated to Capital Programs for Volusia County & Municipalities, FY 2023-24[1]

Tax	Amount of Levy per Gallon	Total Distribution	Distribution per Penny
Constitutional Fuel Tax	$0.02	$5,429,886	$2,714,943
County Fuel Tax	$0.01	$2,401,138	$2,401,138
Municipal Fuel Tax	$0.01	$3,883,333	$3,883,333
9th Cent Fuel Tax	$0.01	$2,679,671	$2,679,671
1st Local Option (1-6 cents)	$0.06	$14,953,188	$2,492,198
2nd Local Option (1-5 cents)	$0.05	$10,818,067	$2,163,613
Total	**$0.16**	**$40,165,283**	
Weighted Average per Penny[2]			**$2,510,330**

1) Source: Florida Legislature's Office of Economic and Demographic Research, http://edr.state.fl.us/content/local-government/reports/ --
2) The weighted average distribution per penny is calculated by taking the sum of the total distribution and dividing that value by the sum of the total levies per gallon (multiplied by 100)

Capital Expansion Credit

A revenue credit for the annual expenditures on roadway capacity-expansion projects in the City of New Smyrna Beach and Volusia County is presented below. The components of the credit are as follows:

- City capital project funding
- County capital project funding
- State capital project funding

The annual expenditures from each revenue source are converted to equivalent fuel tax pennies to be able to create a connection between travel by each land use and non-impact fee revenue contributions for all revenue sources.

City Capital Project Funding

A review of recent and planned capacity expansion improvements in the City of New Smyrna Beach identified transportation improvements on Washington Street funded with non-impact fee revenues. **Table C-2** summarizes the projected cost of this improvement. As shown, a total capital improvement credit of 0.1 pennies was given for expansion projects in the City of New Smyrna Beach funded with non-impact fee revenues.

Table C-2
City Fuel Tax Equivalent Pennies

Source	Cost of Projects	Number of Years	Annual Average	Revenue from 1 Penny[2]	Equivalent Pennies[3]
Projected CIP Expenditures (FY 2023-2027)[1]	$1,709,296	5	$341,859	$2,510,330	**$0.001**

1) Source: Table C-6
2) Source: Table C-1
3) Cost of projects divided by number of years divided by revenue from 1 penny (Item 3) divided by 100

County Capital Project Funding

A review of Volusia County's 5-year planned expenditures indicates that transportation projects are primarily being funded by a combination of impact fee, gas tax, and proportionate share revenues. As shown in **Table C-3**, a total gas tax equivalent revenue credit of 2.5 pennies was given for transportation capacity-expansion projects funded with non-impact fee revenues.

Table C-3
County Fuel Tax Equivalent Pennies

Source	Cost of Projects	Number of Years	Annual Average	Revenue from 1 Penny[2]	Equivalent Pennies[3]
Projected CIP Expenditures (FY 2024-2028)[1]	$31,219,443	5	$6,243,889	$2,510,330	**$0.025**

1) Source: Table C-7
2) Source: Table C-1
3) Cost of projects divided by number of years divided by revenue from 1 penny (Item 2) divided by 100

In addition, the County allocates an equivalent credit of 2.6 pennies for debt service associated with the Gas Tax Refunding Revenue Bond (Series 2013) and the Williamson Blvd Capital Improvement Revenue Note (Series 2015). Volusia County indicated that these revenues were used exclusively for transportation capacity-expansion improvements.

Table C-4

County Debt Service Equivalent Pennies

Source	Cost of Projects	Number of Years	Annual Average	Revenue from 1 Penny[3]	Equivalent Pennies[4]
Gas Tax Revenue Refunding Bond; Series 2013[1]	$4,504,846	1	$4,504,846	$2,510,330	$0.018
Capital Improvement Revenue Note; Series 2015[2]	$2,024,015	1	$2,024,015	$2,510,330	$0.008
Total	**$6,528,861**		**$6,528,861**		**$0.026**

1) Source: Table C-8
2) Source: Table C-9
3) Source: Table C-1
4) Cost of projects divided by number of years divided by revenue from 1 penny (Item 2) divided by 100

State Capital Project Funding

In the calculation of the equivalent pennies of fuel tax from the State, funding on transportation capacity-expansion projects spanning a 15-year period (from FY 2015 to FY 2029) were reviewed. This included capacity expansion projects such as lane additions, new road construction, intersection improvements, interchanges, traffic signal projects, sidewalks, bike lanes, transit, and other capacity-addition projects. The use of a 15-year period, for purposes of developing a state credit for roadway capacity expansion projects, results in a stable credit, as it accounts for the volatility in FDOT spending in the county over short periods of time.

The total cost of the multi-modal transportation capacity-expansion projects for the "historical" periods and the "future" period:

- FY 2015-2019 work plan equates to 5.3 pennies
- FY 2020-2024 work plan equates to 9.8 pennies
- FY 2025-2029 work plan equates to 4.8 pennies

The combined weighted average over the 15-year period of state expenditure for capacity-expansion transportation projects results in a total of 6.6 equivalent pennies. **Table C-5** documents this calculation. The specific projects that were used in the equivalent penny calculations are summarized in Table C-10.

Table C-5

State Fuel Tax Equivalent Pennies

Source	Cost of Projects	Number of Years	Annual Average	Revenue from 1 Penny[4]	Equivalent Pennies[5]

2022	Average miles traveled per gallon of fuel consumed	24.8	44.0	7.4	18.1	7.9	6.9	**22.8**	**7.3**	18.5

(1) The FHWA estimates national trends by using State reported Highway Performance and Monitoring System (HPMS) data, fuel consumption data (MF-21), vehicle registration data (MV-1), other data such as the R.L. Polk vehicle data, and a host of modeling techniques.

(2) Light Duty Vehicles Short WB - passenger cars, light trucks, vans and sport utility vehicles with a wheelbase (WM) equal to or less than 121 inches. Light Duty Vehicles Long WB - large passenger cars, vans, pickup trucks, and sport/utility vehicles with wheelbases (WB) larger than 121 inches. All Light Duty Vehicles - passenger cars, light trucks, vans and sport utility vehicles regardless of wheelbase.

(3) Single-Unit - single frame trucks that have 2-Axles and at least 6 tires or a gross vehicle weight rating exceeding 10,000 lbs.

(4) For 2021 and 2020, the vehicle occupancy is estimated by the FHWA from the 2017 National Household Travel Survey (NHTS) and the annual R.L. Polk Vehicle registration data; For single unit truck and heavy trucks, 1 motor vehicle mile traveled = 1 person-mile traveled.

(5) VMT data are based on the latest HPMS data available; it may not match previous published results.

Appendix D
Calculated Multi-Modal Transportation Impact Fee Schedule

Appendix D: Calculated MMTIF Schedule

This Appendix presents the detailed impact fee calculations for each land use in the City of New Smyrna Beach multi-modal transportation impact fee schedule.

- Table D-1: Calculated Multi-Modal Transportation Impact Fee Schedule
- Table D-2: Summary of Impact Fee Changes and F.S. 163.31801 Capped Rates
    - This table includes the 50 percent capped rates for the City, pursuant to Florida Statutes 163.31801

Table D-1

1) Net VMT calculated as ((Trip Generation Rate* Trip Length* % New Trips)*(1-Interstate/Toll Facility Adjustment Factor)/2). This reflects the unit of vehicle miles of capacity consumed per unit of development and is multiplied by the cost per vehicle
2) Source: Volusia County. Rates for marina and school uses were estimated using impact fee calculations presented in the *Volusia County Impact Fee Study, Final Report, September 30, 2022*
3) Net multi-modal impact fee minus the Volusia County impact fee
4) Source: City of New Smyrna Beach. Current rates for school (per student) and gas station (per fuel position) were estimated using the trip generation rate ratios from ITE 10th and 11th Editions
5) The ITE 11th Edition trip generation rate was adjusted to reflect the average occupancy rate of 60 percent based on data provided by the Florida Association of RV Parks and Campgrounds
6) The percent new trips for schools was estimated at 90% based on LUC 710 but was then adjusted to 80% to provide a conservative fee rate. This adjustment reflects the nature of elementary and middle school uses where attendees are typically dropped off by parents/guardians on their way to another destination
7) The ITE 11th Edition trip generation rate for PM Peak Hour of Adjacent traffic was adjusted by the ratio of Daily to PM Peak Hour for LUC 912 to approximate a daily TGR
8) Due to only slight variation, the trip generation rates for LUC 945 2,000 to 3,999 sq ft and 4,000 to 5,499 sq ft were combined into a weighted average trip generation rate for a single land use tier of 2,000 to 5,499 sq ft

Table D-2

Summary of Impact Fee Changes and F.S. 163.31801 Capped Rates

1) Source: Table D-1
2) Source: Volusia County. Rates for marina and school uses were estimated using impact fee calculations presented in the *Volusia County Impact Fee Study, Final Report, September 30, 2022*
3) Calculated impact fee rate (Item 1) minus the Volusia County impact fee rate (Item 2)
4) Source: City of New Smyrna Beach. Current rates for school (per student) and gas station (per fuel position) were estimated using the trip generation rate ratios from ITE 10th and 11th Editions
5) Pursuant to F.S. 163.31801, impact fee rates are capped at a 50 percent increase from their current rates when adopting new rates

Chapter 52 - COMPREHENSIVE IMPACT FEE ORDINANCE

ARTICLE III. – ROAD IMPACT FEES

Sec. 52-20. Adoption of impact fee study.

The commission hereby adopts and incorporates by reference the study entitled "City of New Smyrna Beach Multi-Modal Transportation Impact Fee Update Study ~~Road Impact Fee Study for New Smyrna Beach, Florida~~," prepared by Benesch ~~Duncan Associates~~, dated March 10, 2025~~September 2019~~, including Table D-2 of the study. The total fees will be published on the City of New Smyrna Beach official website, cityofnsb.com.

(Ord. No. 50-20, § 1, 5-26-2020)

Sec. 52-21. Imposition of road impact fees.

(a) All road impact construction occurring within the city shall pay the following road impact fee prior to the issuance of a building permit for such road impact construction as provided in section 52-6 above:

~~Land Use Type~~	~~ITE Code~~	~~Unit~~	~~Net Cost/Unit~~
~~Residential~~			
~~Single-Family Detached Dwelling Unit*~~	~~210~~	~~Dwelling~~	~~$1,752~~
~~Multi-Family Dwelling Unit, (1-2 Story Building)~~	~~220~~	~~Dwelling~~	~~$1,043~~
~~Multi-Family Dwelling Unit, (3+ Story Building)~~	~~222~~	~~Dwelling~~	~~$632~~
~~Non-Residential~~			
~~Shopping Center/General Retail~~	~~820~~	~~1,000 sq. ft.~~	~~$2,080~~
~~Bank with Drive-Through~~	~~912~~	~~1,000 sq. ft.~~	~~$3,171~~
~~Bank without Drive-Through~~	~~911~~	~~1,000 sq. ft.~~	~~$1,877~~
~~Restaurant~~	~~931~~	~~1,000 sq. ft.~~	~~$5,602~~
~~Restaurant with Drive-Through~~	~~934~~	~~1,000 sq. ft.~~	~~$15,413~~
~~Supermarket~~	~~850~~	~~1,000 sq. ft.~~	~~$3,487~~
~~Pharmacy~~	~~880~~	~~1,000 sq. ft.~~	~~$1,681~~
~~Convenience Store with or without Gas Sales~~	~~853~~	~~1,000 sq. ft.~~	~~$7,814~~
~~Super Convenience Store (10+ fuel pos.)~~	~~960~~	~~1,000 sq. ft.~~	~~$9,566~~
~~Home Improvement Store~~	~~862~~	~~1,000 sq. ft.~~	~~$3,993~~
~~Furniture Store~~	~~890~~	~~1,000 sq. ft.~~	~~$578~~
~~Auto Parts and Service Store~~	~~943~~	~~1,000 sq. ft.~~	~~$1,186~~
~~New and Used Car Sales~~	~~841~~	~~1,000 sq. ft.~~	~~$2,718~~
~~Movie Theater~~	~~444~~	~~1,000 sq. ft.~~	~~$4,226~~
~~Mobile Home/RV Park~~	~~240~~	~~Space~~	~~$644~~
~~Marina~~	~~420~~	~~Berth~~	~~$173~~
~~Motel~~	~~320~~	~~Room~~	~~$387~~

~~Hotel~~	~~310~~	~~Room~~	~~$966~~
~~General Office~~	~~710~~	~~1,000 sq. ft.~~	~~$1,293~~
~~Medical Office~~	~~720~~	~~1,000 sq. ft.~~	~~$4,762~~
~~Industrial/Manufacturing~~	~~110/130/140~~	~~1,000 sq. ft.~~	~~$519~~
~~Warehouse~~	~~150~~	~~1,000 sq. ft.~~	~~$232~~
~~Mini-Warehouse~~	~~151~~	~~1,000 sq. ft.~~	~~$203~~
~~Hospital~~	~~610~~	~~1,000 sq. ft.~~	~~$691~~
~~Place of Worship~~	~~560~~	~~1,000 sq. ft.~~	~~$447~~
~~Day Care Center~~	~~565~~	~~1,000 sq. ft.~~	~~$650~~
~~Nursing Home~~	~~620~~	~~1,000 sq. ft.~~	~~$429~~
~~Elementary/Secondary School~~	~~520/22/30~~	~~1,000 sq. ft.~~	~~$310~~
~~Public Park~~	~~411~~	~~Acre~~	~~$54~~
~~Other Public/Institutional~~	~~540~~	~~1,000 sq. ft.~~	~~$1,323~~
~~* Category also includes a mobile home on a single-family lot, see definition of Single-Family Detached in Section 52-2.~~

sfgla = Square Footage of Gross Leasable Area

(b) Annually on October 1, the road impact fee shall be automatically adjusted by the percent change for the latest 12-month period as of the previous May 1 of the Consumer Price Index for all urban consumers for the U.S. City Average for all Services as published monthly by the U.S. Department of Commerce, Bureau of Labor Statistics. The city shall provide notice of the automatic adjustment of the road impact fees pursuant to section 52-15 hereof, however no public hearing or other action by the commission shall be required in order for such adjustment to take effect. However, in the event the commission determines that an automatic rate adjustment pursuant to this paragraph will cause road impact construction to pay more than its fair share of the costs of improvements and additions to the major road network that are necessary to accommodate the expected impact generated by such growth, the commission shall decrease said rate adjustment accordingly. Annually, upon the automatic rate adjustment taking effect, the city shall post an updated rate schedule containing the revised road impact fees to the city's website, which rate schedule shall also be available at the office of the building department for review and inspection.

sfgla = Square Footage of Gross Leasable Area

(b) Annually on October 1, the road impact fee shall be automatically adjusted by the percent change for the latest 12-month period as of the previous May 1 of the Consumer Price Index for all urban consumers for the U.S. City Average for all Services as published monthly by the U.S. Department of Commerce, Bureau of Labor Statistics. The city shall provide notice of the automatic adjustment of the road impact fees pursuant to section 52-15 hereof, however no public hearing or other action by the commission shall be required in order for such adjustment to take effect. However, in the event the commission determines that an automatic rate adjustment pursuant to this paragraph will cause road impact construction to pay more than its fair share of the costs of improvements and additions to the major road network that are necessary to accommodate the expected impact generated by such growth, the commission shall decrease said rate adjustment accordingly. Annually, upon the automatic rate adjustment taking effect, the city shall post an updated rate schedule containing the revised road impact fees to the city's website, which rate schedule shall also be available at the office of the building department for review and inspection.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 31-25 Transportation Impact Fee

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☑ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☑ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

ORDINANCE NO. 31-25

AN ORDINANCE AMENDING THE CITY OF NEW SMYRNA BEACH CODE OF ORDINANCES; AMENDING CHAPTER 52, COMPREHENSIVE IMPACT FEE ORDINANCE, SECTIONS 52-20 AND 52-21 TO ADOPT THE CITY OF NEW SMYRNA BEACH 2025 IMPACT FEE STUDY RELATED TO ROAD IMPACT FEES AND IMPOSE THE REVISED RATES; PROVIDING FOR CODIFICATION; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Florida Statute Section 163.31801 requires that impact fees must be based on the most recent and localized data; and

WHEREAS, Section 52-13, City Code, requires that the impact fee studies be reviewed at least every five years; and

WHEREAS, Benesch has prepared the most recent impact fee study report for the City's use dated March 10, 2025, related to Multi-Modal Transportation Impact Fee Update Study; and

WHEREAS, the City Commission deems it is in the best interest of the citizens of the City of New Smyrna Beach to amend the New Smyrna Beach Code of Ordinances, as more particularly set forth hereinafter, to reflect the changes necessary to implement the impact fee study.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Amendment.*** That Chapter 52, Comprehensive Impact Fee Ordinance, Article III, Road Impact Fees, Section 52-20 of the City of New Smyrna Beach Code of Ordinances is hereby amended to read as follows: **(Note: Omissions from text are indicated by [...], deletions from text are indicated by ~~strikethrough~~ and additions to text are indicated by underline.)**

CHAPTER 52. COMPREHENSIVE IMPACT FEE ORDINANCE

. . .

ARTICLE III. ROAD IMPACT FEES

Sec. 52-20. Adoption of impact fee study.

The commission hereby adopts and incorporates by reference the study entitled "City of New Smyrna Beach Multi-Modal Transportation Impact Fee Update Study~~Road Impact Fee Study for New Smyrna Beach, Florida~~," prepared by Benesch ~~Duncan Associates~~, dated March 10, 2025 ~~September 2019~~ including Table D-2 of the study. The total fees will be published on the City of New Smyrna Beach official website, cityofnsb.com.

SECTION 2: ***Amendment.*** That Chapter 52, Comprehensive Impact Fee Ordinance, Article III, Road Impact Fees, Section 52-21 of the City of New Smyrna Beach Code of Ordinances is hereby amended to read as follows: **(Note: Omissions from text are indicated by [...], deletions from text are indicated by ~~strikethrough~~ and additions to text are indicated by underline.)**

Sec. 52-21. Imposition of road impact fees.

(a) All road impact construction occurring within the city shall pay the following road impact fee prior to the issuance of a building permit for such road impact construction as provided in section 52-6 above:

City of New Smyrna Beach Multi-Modal Transportation Impact Fee Rate ** = The fees will take effect immediately* *** = The fees will take effect on the scheduled dates*					**Completed Building Permit Application Submitted**

SECTION 3. ***Notice of Revised Impact Fees.*** The City Manager is hereby directed to publish a notice once in a newspaper of general circulation within the City which notice shall include: (A) a brief and general description of the Road Impact Fee, (B) a description of the geographic area in which the Road Impact Fee will be collected; (C) the Road Impact Fee rates to be imposed for each land use category; and (D) the date of implementation of the Road Impact Fee rates set forth in the notice, which date shall not be earlier than ninety (90) days after the date of publication of the notice for any increased fee. Reduced impact fees shall take effect immediately.

SECTION 4: ***Codification.*** Following adoption of this ordinance, the city clerk shall transmit a copy of this ordinance to Municipal Code Corporation of Tallahassee, Florida, to be codified into the City's Code of Ordinance. Municipal Code Corporation's usual and customary fee for said codification service is hereby approved. The provisions of this ordinance are intended to be incorporated into the code of Ordnance of the City of New Smyrna Beach, Florida, and the sections of this ordinance may be renumber, re-lettered, and the word "ordinance" may be changed to "sections, "article," or such other word or phrase in order to accomplish such intention.

SECTION 5: ***Public Hearing.*** That the public hearing considering the adoption of this ordinance shall be held at 6:30 p.m. on July 8, 2025, in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published pursuant to §166.041(3)(a), F.S.

SECTION 6: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 7: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 8: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 9: ***Effective Date.*** This Ordinance shall become effective upon adoption and any impact fees that have been reduced from the previous study shall take effect immediately. Any impact fees that have increased shall be effective 90 days after adoption and advertisement of the revised impact fee schedule. Those fees that are increased more than 25% shall be implemented over time as set forth in the table of Section 2 of this ordinance.

DATE: May 20, 2025

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 32-25: CONDUCT A FIRST READING OF AN ORDINANCE, IF ADOPTED AT A SECOND READING AND PUBLIC HEARING, WOULD ANNEX APPROXIMATELY 0.36 ± ACRES OF PROPERTY LOCATED AT 1198 N GOLF LAKE DRIVE.

May 27, 2025

Background:

Applicant and Property Owner: Richard and Michelle Strong, 1198 N Golf Lake Drive, New Smyrna Beach, Florida 32168

Request: Voluntary annexation:

- **From:** Un-incorporated Volusia County.
- **To:** City of New Smyrna Beach.

Site Information:

- **Size:** 0.36 ± acres
- **Location:** West side of N Golf Lake Drive south of Mayport Avenue.

Tax I.D. Number: 7312-00-00-0060

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was also approved by the County on May 2, 2013. A new updated agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property at 1198 N Golf Lake Drive is currently developed with a single-family house and accessory structures. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**. Existing land uses are shown on the map attached as**Exhibit C**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use categories and zoning designations that would be as similar as possible to existing County categories and designations. The existing County FLU category is Rural. The existing County zoning designation is A-3, Transitional Agriculture. The proposed City FLU category is Rural. The proposed City zoning designation is A-3, Transitional Agriculture.

This annexation request is within the City's annexation area and within the City's water and sewer service area **(Exhibit D).** The parcel on N Lake Dive has a 6-inch PVC water service line in the N Golf Lake Drive right-of-way, but sewer service and Reclaim service are not available. A map of the soil limitations for septic systems is attached as **Exhibit E**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on N Golf Lake Driver Trail is currently developed with a single-family house with no plans to increase density for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

A map showing the subject properties incorporated into Commission Zone 3 is attached as **Exhibit F**. The ISBA map is attached as **Exhibit G**. The legal description and Warranty Deed are attached as **Exhibits H** and **I**.

Recommendations:

At its regular scheduled meeting on May 5, 2025, the Planning and Zoning Board voted, 6-0, to give a positive recommendation to the City Commission to **approve** the requested annexation application.

The Planning Department recommends the City Commission to **approve** the requested annexation application.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 32-25 Annexing 1198 N. Golf Lake Dr.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☑ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

N/A

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

N/A

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

N/A

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 32-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH ANNEXING 0.4± ACRES OF PROPERTY GENERALLY LOCATED ON THE WEST SIDE OF NORTH GOLF LAKE DRIVE, SOUTH OF MAYPORT AVENUE, ADDRESSED AS 1198 NORTH GOLF LAKE DRIVE; PROVIDING FOR REDEFINING BOUNDARIES OF THE CITY; DESIGNATING THE PROPERTY WITHIN COMMISSION ZONE 3; PROVIDING FOR PUBLIC HEARING; PROVIDING FOR REQUIRED FILINGS; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Richard and Michelle Strong, 1198 North Golf Lake Drive, New Smyrna Beach, Florida 32168, applicants and property owners, have requested the annexation of 0.4± acres of property generally located on the west side of North Golf Lake Drive, south of Mayport Avenue, addressed as 1198 North Golf Lake Drive; and

WHEREAS, the Planning and Zoning Board, at its regularly scheduled meeting on May 5, 2025, by a vote of 6-0, recommended that the City Commission approve the requested annexation; and

WHEREAS, the City Commission of the City of New Smyrna Beach is desirous of annexing the real property described in the first paragraph above, and the City Commission hereby finds and determines that the petition for annexation bears the signature of the owner of the property in the area proposed to be annexed, and the property is within the Interlocal Service Boundary Agreement area.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Annexation.*** That the real property is located in Volusia County, State of Florida, legally described as:

SEE EXHIBIT "A" LEGAL DESCRIPTION AND LOCATION MAP ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

and to the centerline of all surrounding rights-of-way shall be and the same is hereby annexed into the City of New Smyrna Beach and made a part hereof pursuant to §171.044(1)-(2) and §171.204, F.S.

SECTION 2: ***Boundary Adjustment.*** That the boundary lines of the City of New Smyrna Beach shall be and the same are hereby redefined and shall hereinafter read as follows:

SEE EXHIBIT "B" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 3: ***Commission Zone.*** That the real properties annexed shall become a part of Zone 3. New Smyrna Beach Charter, §3.07.

SEE EXHIBIT "C" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 4: ***Public Hearing.*** It is hereby found that a public hearing held by the City Commission to consider adoption of this ordinance on July 22, 2025 at 6:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published once a week for two consecutive weeks and provided to the County Council by certified mail is deemed to comply with Section 171.044, F.S.

SECTION 5: ***Filing.*** That within SEVEN (7) days after adoption, this ordinance shall be filed by the City Clerk with the Clerk of the Circuit Court, the County Manager and the Florida Department of State. The City Clerk shall file with this ordinance a map which clearly shows the annexed area and a complete legal description of that area by metes and bounds. §171.044(3), F.S.

SECTION 6: ***Charter Revisions to the Department of State***. The Charter Boundary Article shall be revised to reflect the changes in the municipal boundaries resulting from this annexation and shall be filed as a revision of the City Charter with the Florida Department of State within THIRTY (30) days. A copy of such revision must be submitted to the Office of Economic and Demographic Research along with a statement specifying the population census effect and the affected land area. §171.091, F.S.

SECTION 7: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 8: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 9: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 10: ***Effective Date.*** That this ordinance shall become effective 60 days after its final adoption.

ORDINANCE NO. 33-25: CONDUCT A FIRST READING OF AN ORDINANCE, IF ADOPTED AT A SECOND READING AND PUBLIC HEARING WOULD APPROVE A SMALL-SCALE *COMPREHENSIVE PLAN* AMENDMENT CHANGING THE FUTURE LAND USE TO CITY RURAL FOR PROPERTY LOCATED AT 1198 N GOLF LAKE DRIVE AS PART OF AN OVERALL ANNEXATION APPLICATION.

May 27, 2025

Background:

Applicant and Property Owner: Richard and Michelle Strong, 1198 N Golf Lake Drive, New Smyrna Beach, Florida 32168

Request: Voluntary annexation, *Comprehensive Plan* amendment, and rezoning:

- **From:** Volusia County Future Land Use (FLU) category of Rural.
- **To:** City FLU category of Rural.

Site Information:

- **Size:** 0.36 ± acres
- **Location:** West side of N Golf Lake Drive south of Mayport Avenue.

Tax I.D. Number: 7312-00-00-0060

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was also approved by the County on May 2, 2013. A new updated agreement was approved

on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property on N Golf Lake Drive is currently developed with a single-family house and accessory structures. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**.

The existing Volusia County Future Land Use (FLU) category of the subject property is shown on the following map as **Exhibit C**. The text description of the existing Future Land Use category for the subject property is attached as **Exhibit D**. Existing land uses are shown on the map attached as **Exhibit E**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use categories and zoning designations that would be as similar as possible to existing County categories and designations. As discussed above, the existing County FLU category is Rural. The existing County zoning designation is A-3, Transitional Agriculture. The proposed City FLU category is Rural. The proposed City zoning designation is A-3, Transitional Agriculture. A text description of the proposed City Rural Future Land Use category is attached as **Exhibit F,** with a map of this proposed change also attached as **Exhibit G**.

This annexation request is within the City's annexation area and within the City's water and sewer service area **(Exhibit H).** The parcel on N Lake Dive has a 6-inch PVC water service line in the N Golf Lake Drive right-of-way, but sewer service and Reclaim service are not available. A map of the soil limitations for septic systems is attached as **Exhibit I**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on N Golf Lake Driver Trail is currently developed with a single-family house with no plans to increase density for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

There are numerous *Comprehensive Plan* maps that must be amended to incorporate the subject property into the *Comprehensive Plan* (see **Exhibits J through V)**. A map showing the subject properties incorporated into Commission Zone 3 is attached as **Exhibit W**. The ISBA map is attached as **Exhibit X**. The legal description and Warranty Deed are attached as **Exhibits Y** and **Z**.

Recommendations:

At its regular scheduled meeting on May 5, 2025, the planning and Zoning Board voted, 6-0, to give a positive recommendation to the City Commission to **approve** the requested Small Scale *Comprehensive Plan* amendment amending the Future Land Use category to City Rural as part of an overall annexation application.

The Planning Department recommends the City Commission to **approve** the requested Small Scale *Comprehensive Plan* amendment amending the Future Land Use category to City Rural as part of an overall annexation application.

EXISTING FUTURE LAND USE DESIGNATIONS

A-5-25

Rural (R)

This designation consists of areas which are a mixture of agriculture and low density residential development. Rural areas provide two functions, the first being a transitional use between the agricultural and urban uses and the second would be a rural community which serves as the economic focal point of a small region. Rural areas should be developed in a manner consistent with the retention of agriculture and the protection of environmentally sensitive areas. Strict limitation of development in rural areas contributes to the efficient growth and operation of public services and facilities, thus ensuring the most effective use of public resources. The natural features and constraints will be the primary determinants in deciding whether or not an area is suitable for rural type development.

(1) Lands designated as rural shall be developed at a density of one (1) dwelling unit per five (5) acres. This density allowance may be increased under specific conditions as follows:

(a) The subject parcel is within six-hundred-and-sixty feet (660') of an existing subdivision with a density less than one (1) dwelling unit per five (5) acres. In this case the rural land may be developed at a similar density not to exceed one (1) dwelling unit per one (1) acre and with lot sizes similar and compatible with said qualifying subdivision.
(b) The subject parcel is adjacent to an urban land use. In this case the rural land may develop at a similar density not to exceed one (1) dwelling unit per one (1) acre, or intensity not to exceed a maximum Floor Area Ratio of twenty-five percent (0.25 FAR).
(c) In addition to the above conditions, the appropriateness of allowing densities less than one (1) dwelling unit per five (5) acres will also be subject to the following:

i. Compatibility of the proposed development in the context of existing uses, including the proximity of agricultural uses;
ii. Public facility capacity in the area, including the availability of paved public roads;
iii. Suitability for wells and septic tank usage (i.e. existence of hydric soils);
iv. The natural features of the subject parcel such as soils, vegetation, wildlife habitat and flood plain; and,
v. If applicable, consistency with Local Plans associated with this Element.

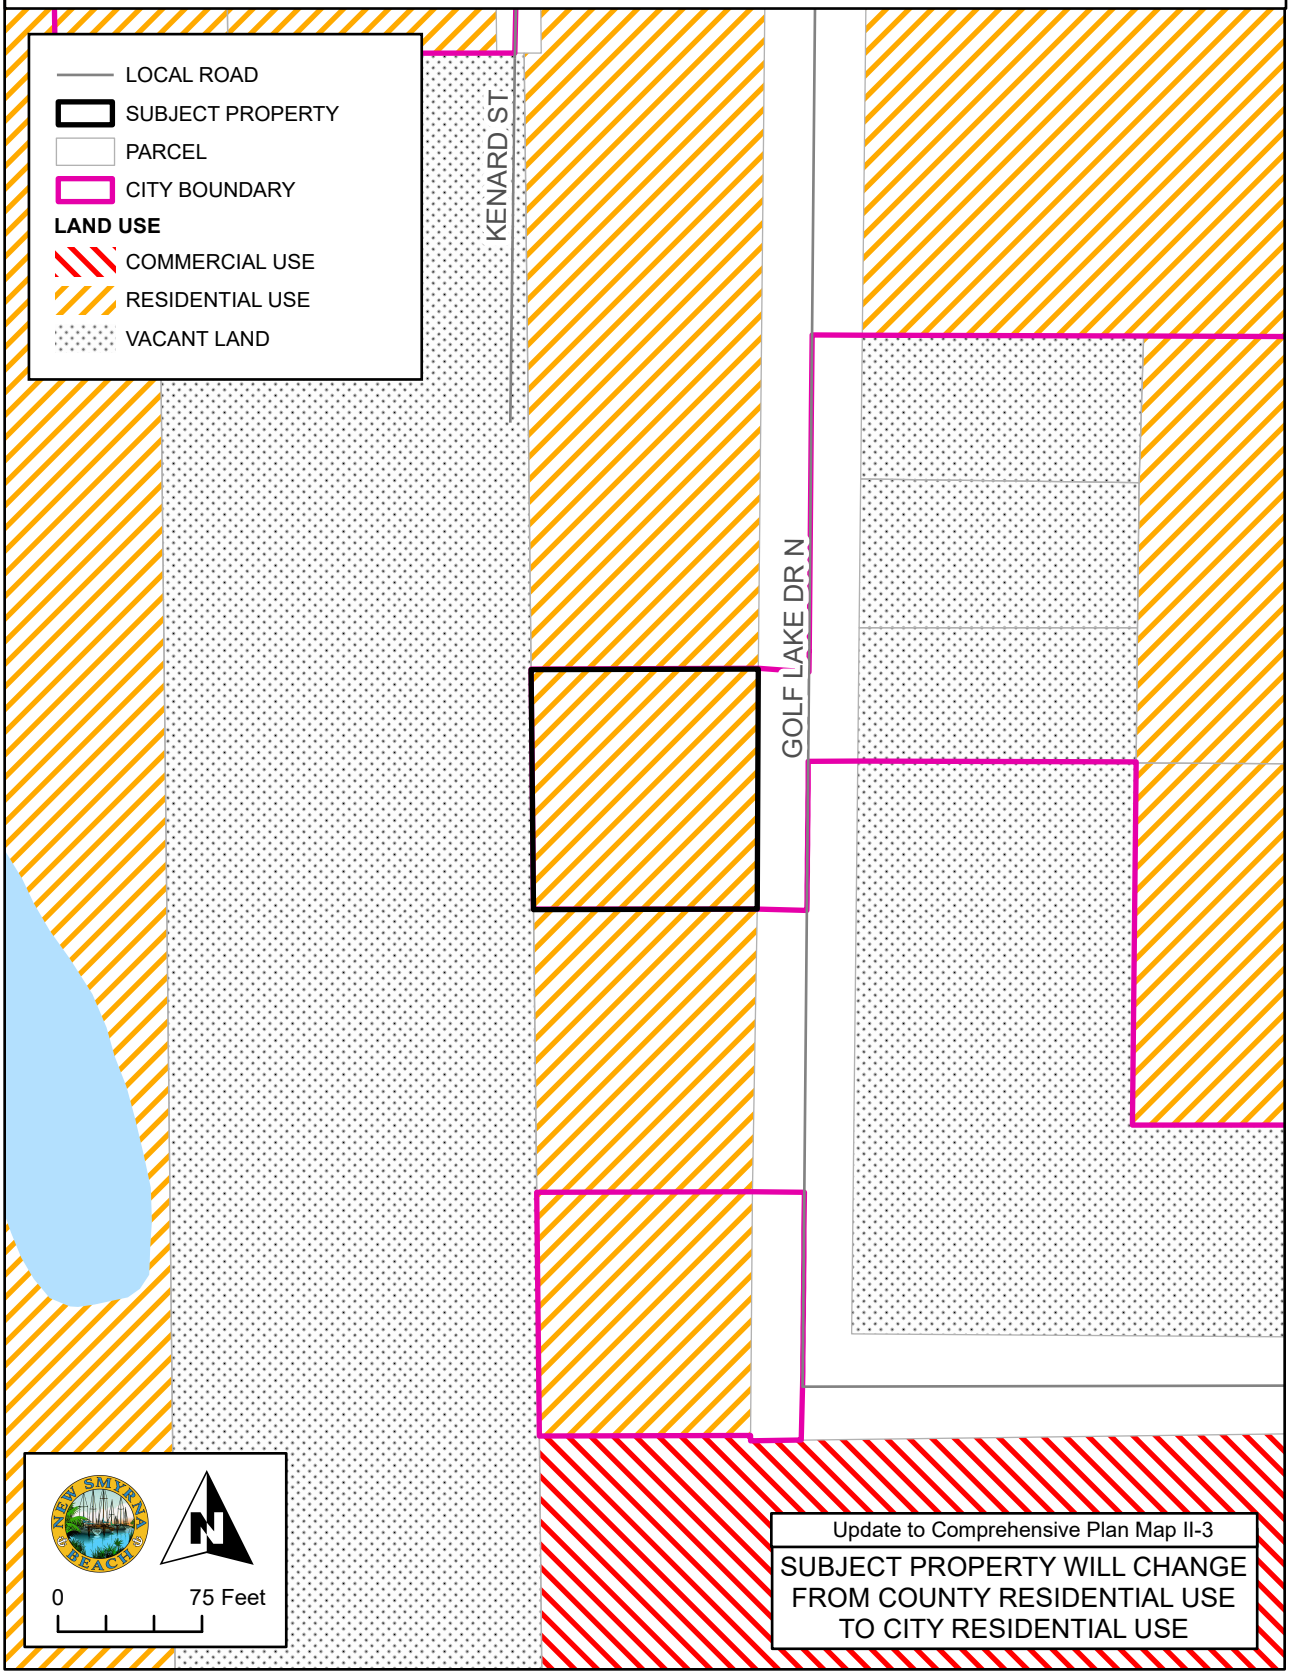
(2) There are two subcategories of the rural designation that address past development decisions. These subcategories are Rural Community and Rural Recreation. They are identified on the Special Rural Areas Map Series, presented in Appendix 1. These areas of intense or potentially intense development provide the mixed use concept to the rural areas. They help limit urban sprawl by providing services not necessarily found in remote rural areas thus reducing the number of trips out of these rural areas. Also allowing some limited urban type of development may help promote economic growth in the

rural areas as well. In designated Rural Communities and Rural Recreation areas where densities are greater than one (1) unit per acre, existing platted lots, undeveloped subdivisions, or other pre-existing developments shall be permitted subject to zoning requirements. However, any new development or subdivision of land shall have to comply with current County regulations.

(a) Rural Community - A rural community is characterized by a concentration of a permanent population, sometimes reaching over one-thousand (1,000) persons. These communities serve as the focal point for a specific neighborhood and generally contain existing lots less than one (1) acre in size. There may be commercial uses at a level to serve the immediate population. Commercial, retail and personal services may be allowed within the lower end of the range of what is can commonly be referred to as a neighborhood business (30,000 to 50,000 sq. ft. of gross leasable area) and shall not exceed a thirty-five percent Floor Area Ratio (0.35 FAR). The community commonly extends between one-half (½) to one (1) mile from the focal point which is usually the intersection of two rural roads. A rural community may retain the zoning classifications that exist at the time of adoption of the Comprehensive Plan. A change in zoning must be consistent with the overlying land use designation, however, if existing zoning is more intense than the land use designation, a change to a similar intensity zoning classification may be permitted (e.g., small lot single family residential to small lot mobile home). Existing agricultural operations shall be allowed even if currently zoned for nonagricultural uses.

The following areas are considered Rural Communities:

i Seville
ii Barberville
iii Volusia
iv Cassadaga
v DeLeon Springs
vi Emporia



(b) Rural Recreation - Limited areas of intense use located in remote rural areas along the St. Johns River. These areas are used for launching and/or storing boats with areas available for camping (RV sites are included). These areas may also contain single and multi-family dwelling units, hotels, bait shops, restaurants, and gas stations. Many of them are commonly referred to as fish camps. This designation is intended to be treated in a similar manner as the Rural Community in that the existing zoning (at the time of the effective date of the Comprehensive Plan) may remain and be developed consistent with current land development regulations. New requests for zoning changes must be consistent with the Comprehensive Plan, as stated under Rural Community.

The following areas are considered Rural Recreation areas:

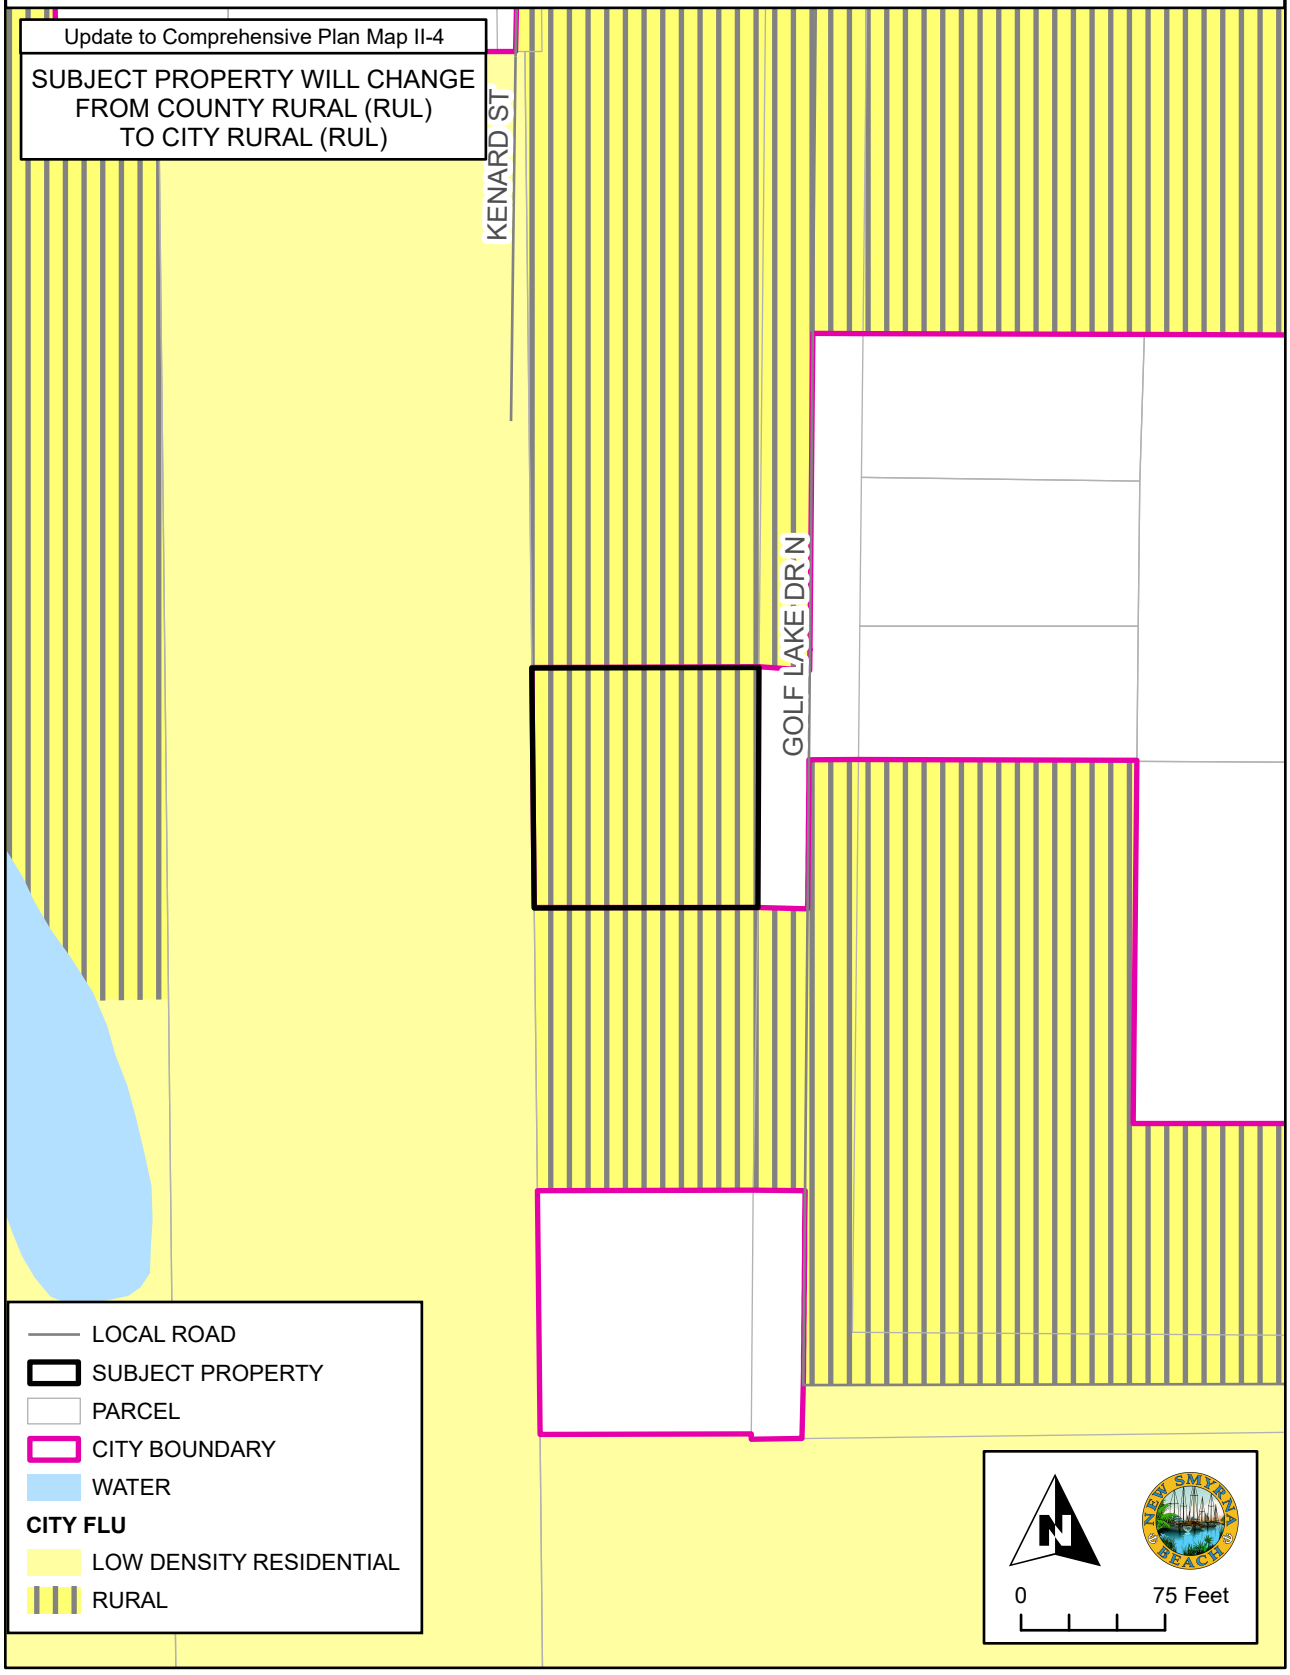
i Pine Island
ii Shell Harbor Estates
iii Volusia Bar
iv South Moon
v Paramore
vi Highland Park
vii Daisy Lake
viii Crows Bluff
ix St. Johns River Acres
x Lemon Bluff
xi Baxter Point
xii Lakeview
xiii St. Johns Gardens

EXISTING LAND USE DESIGNATIONS

A-5-25

RURAL

(Up to one [1] dwelling unit per five [5] acres or up to one [1] dwelling unit per acre) This category includes areas that may consist of agriculture land, undeveloped rural land, and large parcels of developed residential land. Areas designated with a Rural FLU category should be developed in a manner consistent with the retention of agriculture and rural lands, low-density residential and the protection of environmentally sensitive areas. Strict limitation of development in rural areas contributes to the efficient growth and operation of public services and facilities, thus ensuring the most effective use of Future Land Use Element public resources. The natural features and constraints will be the primary determinants in deciding whether or not an area is suitable for rural type development.



The Rural FLU designation may allow smaller lot sizes in clusters to protect environmentally sensitive land and upland buffers but shall not allow increase in density. Smaller cluster lots shall be allowed provided the clusters have large perimeter buffers to give the appearance of rural land from adjacent parcels and there is legal assurance that the property not included in the fee simple cluster lots are owned in common by the fee simple lot owners and will not be subsequently developed.

The density shall be determined as follows: Vacant parcels of land in the vicinity of existing exempt or approved platted subdivisions on or before April 3, 1990, with lot sizes from 1 unit per acre to 1 unit per 5 acres or vacant parcels of land immediately adjacent to an urban FLU category may be developed with similar density or lot sizes but not less than one (1) unit per acre. Only that portion of a parcel(s) that is within 660 feet from the above described existing exempt or approved subdivision or urban FLU category boundary, as of the adoption date of the Rural FLU category, is considered “in the vicinity.” Note: If a parcel that is “in the vicinity” is covered by more than fifty percent (50%) of the 660 feet extension, then the remaining portion of that parcel which is 10 acres or less is eligible for increased density.

Although the adjacency to the conditions described above allows for the potential of subdivisions with lots less than 5 acres in size, the actual lot size will be dependent upon the following: Compatibility of the proposed development will be viewed within the context of existing uses, public facility capacity in the area, suitability for wells and septic tank usage, and the natural features of the parcel in question, such as soils, vegetation, and floodplain. Vacant parcels or tracts of land that do not meet the preceding criteria or are in areas which have not been previously platted with lots less than 5 acres in size shall only be developed with lot sizes that are 5 acres or greater or in cluster developments at a density of no greater than one (1) unit per five (5) acres.

Warranty Deed

This Warranty Deed made this 18th day of March, 2020 between **Julie C. Christi** and **Robert Phelan**, wife and husband whose post office address is 2046 Old Daytona Road, Port Orange, FL 32128, grantors, and **Richard Strong** and **Michelle Strong**, husband and wife whose post office address is 11215 Woodside Drive, Demotte, IN 46310-7813, grantees:

(Whenever used herein the terms "grantor" and "grantee" include all the parties to this instrument and the heirs, legal representatives, and assigns of individuals, and the successors and assigns of corporations, trusts and trustees)

Witnesseth, that said grantors, for and in consideration of the sum of TEN AND NO/100 DOLLARS ($10.00) and other good and valuable considerations to said grantors in hand paid by said grantees, the receipt whereof is hereby acknowledged, has granted, bargained, and sold to the said grantees, and grantees' heirs and assigns forever, the following described land, situate, lying and being in **Volusia County**, **Florida** to-wit:

The North 125 feet of the South 820 feet of the West 125 feet of the Southwest 1/4 of the Northeast 1/4, Section 12, Township 17 South, Range 33 East, Volusia County, Florida.

Parcel Identification Number: 731200000060

Together with all the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining.

To Have and to Hold, the same in fee simple forever.

And the grantors hereby covenant with said grantees that the grantors are lawfully seized of said land in fee simple; that the grantors have good right and lawful authority to sell and convey said land; that the grantors hereby fully warrants the title to said land and will defend the same against the lawful claims of all persons whomsoever; and that said land is free of all encumbrances, except taxes accruing subsequent to **12/31/2019**.

In Witness Whereof, grantors have hereunto set grantors' hand and seal the day and year first above written.

Signed, sealed and delivered in our presence:

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 33-25 Small Scale 1198 N Golf Lake Dr.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☑ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

N/A

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

N/A

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

N/A

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 33-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH AMENDING THE COMPREHENSIVE PLAN; CHANGING THE FUTURE LAND USE DESIGNATION OF 0.4± ACRES OF PROPERTY GENERALLY LOCATED ON THE WEST SIDE OF NORTH GOLF LAKE DRIVE, SOUTH OF MAYPORT AVENUE, ADDRESSED AS 1198 NORTH GOLF LAKE DRIVE, FROM VOLUSIA COUNTY *RURAL* TO CITY *RURAL*; PROVIDING FOR AMENDMENT OF THE ASSOCIATED COMPREHENSIVE PLAN MAPS TO SHOW THE AREA INCORPORATED INTO THE CITY; PROVIDING FOR PUBLIC HEARING; PROVIDING FOR CONFLICTING ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Richard and Michelle Strong, 1198 North Golf Lake Drive, New Smyrna Beach, Florida 32168, applicants and property owners, have requested the City of New Smyrna Beach amend its Comprehensive Plan, Future Land Use Map II-4 to change the land use designation of 0.4± acres of property generally located on the west side of North Golf Lake Drive, south of Mayport Avenue, addressed as 1198 North Golf Lake Drive, from Volusia County *Rural* to City *Rural*; to amend City Neighborhood Map II-1 to show the subject property is located within the Fairway Neighborhood; to amend Flood Prone Areas Map II-2 to show the subject property is within the FEMA Flood Zone X Unshaded; to amend Existing Land Use Designations Map II-3 to show the subject property will change from Volusia County *Residential Use* to City *Residential Use* to amend Existing Level of Service-2009 Map III-1 to show the subject property is served by a Class C level of service roadway to the north and a local road to the east; to amend Existing Traffic Lanes-2009 Map III-2 to show the subject property is served by a 2-lane roadway to the north and a local road to the east; to amend Public Transit Routes Map III-3 to show the subject property is served by public transit routes located throughout the City; to amend Bicycle and Pedestrian Facilities Map III-4 to show the subject property is served by bicycle and pedestrian facilities located throughout the City; to amend Airport Runway Protection Zones Map III-5 to show the subject property is within the height notification zone, and is not within the noise impact zone, the building restriction zone, or the runway protection zone; to amend Evacuation Routes Map III-6 to show the subject property is served by evacuation routes located throughout the City; to amend Level of Service-2025 Map III-7 to show the subject property is served by Class E level of service roadway to the north and a local road to the east; to amend Number of Traffic Lanes-2025 Map III-8 to show the subject property is served by a 2-lane roadway to the north and a local road to the east; amend Water & Sewer Service Area Map VII-1 to show the subject property is within the City and inside the New Smyrna Beach water and sewer service area; to amend Soil Limitation for Septic Systems Map VII-2 to show the subject property is within the severe limitations; to amend Coastal High Hazard Area Map VII-4 to show the subject property is not within the Coastal High Hazard Area; to amend Boat Slip Siting Map VIII-2 to show the subject property is not located within a

boat slip siting restricted zone; to amend City Parks Map X-1 to show the subject property is within the City and served by neighborhood and community parks; to amend Commission Zones Map Z-1 to show the subject property is located in City Commission Zone 3; and

WHEREAS, the Planning and Zoning Board, sitting as the City's Local Planning Agency, held an advertised public hearing pursuant to §163.3174(4), Fla. Stat., on May 5, 2025, and by a vote of 6-0 recommended that the City Commission approve the proposed Plan Amendment; and

WHEREAS, the proposed Amendment is from Volusia County *Rural* to City *Rural* land use of FIFTY (50) acres or fewer. §163.3187(1)(a), Fla. Stat.; and

WHEREAS, the proposed Amendment does not involve a text change to the goals, policies, and objectives of the City's Comprehensive Plan, but only propose a land use change to the future land use map for a site-specific small-scale development activity. §163.3187(1)(c), Fla. Stat.; and

WHEREAS, the proposed Amendment is not located within an area of critical state concern. §163.3187(1)(d), Fla. Stat.; and

WHEREAS, the City Commission finds that the proposed Amendment qualifies as a Plan Amendment directly related to small-scale development activities within the meaning of §163.3187(1), Fla. Stat.; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to amend its Comprehensive Plan as more particularly set forth hereinafter.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Land Use Amendment.*** That the Comprehensive Plan, **Future Land Use Map II-4**, is hereby amended by changing the land use designations for real property located in Volusia County, Florida, described as:

SEE EXHIBIT "A" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

from Volusia County *Rural* to City *Rural.*

SECTION 2: ***Map Amendment.*** That the Comprehensive Plan, **Neighborhoods Map II-1**, is hereby amended to show the subject property is within the Fairway Neighborhood.

SEE EXHIBIT "B" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 3: ***Map Amendment.*** That the Comprehensive Plan, **Flood Prone Area Map II-2**, is hereby amended to show the subject property is within FEMA Flood Zone X Unshaded

SEE EXHIBIT "C" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 4: ***Map Amendment.*** That the Comprehensive Plan, **Existing Land Use Designations Map II-3**, is hereby amended to show the subject property will change from County *Residential Use* to City *Residential Use.*

SEE EXHIBIT "D" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 5: ***Map Amendment.*** That the Comprehensive Plan, **Existing Level of Service-2009 Map III-1**, is hereby amended to show the subject property is served by a Class C level of service roadway to the north and a local road to the east.

SEE EXHIBIT "E" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 6: ***Map Amendment.*** That the Comprehensive Plan, **Existing Traffic Lanes-2009 Map III-2,** is hereby amended to show the subject property is served by a 2-lane roadway to the north and a local road to the east.

SEE EXHIBIT "F" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 7: ***Map Amendment.*** That the Comprehensive Plan, **Public Transit Routes Map III-3,** is hereby amended to show the subject property is served by public transit routes located throughout the City.

SEE EXHIBIT "G" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 8: ***Map Amendment.*** That the Comprehensive Plan, **Bicycle and Pedestrian Facilities Map III-4**, is hereby amended to show the subject property is served by bicycle and pedestrian facilities located throughout the City.

SEE EXHIBIT "H" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 9: *Map Amendment.* That the Comprehensive Plan, **Airport Runway Protection Zones Map III-5**, is hereby amended to show the subject property is within the height notification zone, and is not within the noise impact zone, the building restriction zone, or the runway protection zone.

SEE EXHIBIT "I" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 10: *Map Amendment.* That the Comprehensive Plan, **Evacuation Routes Map III-6**, is hereby amended to show the subject property is served by evacuation routes located throughout the City.

SEE EXHIBIT "J" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 11: *Map Amendment.* That the Comprehensive Plan, **Level of Service-2025 Map III-7**, is hereby amended to show the subject property is served by a Class E level of service roadway to the north and a local road to the east.

SEE EXHIBIT "K" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 12: *Map Amendment.* That the Comprehensive Plan, **Number of Traffic Lanes-2025 Map III-8**, is hereby amended to show the subject property is served by a 2-lane roadway to the north and a local road to the east.

SEE EXHIBIT "L" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 13: *Map Amendment.* That the Comprehensive Plan, **Water and Sewer Service Area Map VII-1** is hereby amended to show the subject property is within the City and inside the New Smyrna Beach Water and Sewer Service Area.

SEE EXHIBIT "M" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 14: *Map Amendment.* That the Comprehensive Plan, **Soil Limitation for Septic Systems Map VII-2** is hereby amended to show the subject property is within the soils with severe limitations.

SEE EXHIBIT "N" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 15: ***Map Amendment.*** That the Comprehensive Plan, **Coastal High Hazard Areas Map VII-4** is hereby amended to show the subject property is not within the Coastal High Hazard Area.

SEE EXHIBIT "O" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 16: ***Map Amendment.*** That the Comprehensive Plan, **Boat Slip Siting Map VIII-2** is hereby amended to show the subject property is not located within a boat slip siting restricted zone.

SEE EXHIBIT "P" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 17: ***Map Amendment.*** That the Comprehensive Plan, **City Parks Map X-1** is hereby amended to show the subject property is within the City and served by neighborhood and community parks.

SEE EXHIBIT "Q" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 18: ***Map Amendment.*** That the Comprehensive Plan, **Commission Zones Map Z-1** is hereby amended to show the subject property is located in City Commission Zone 3.

SEE EXHIBIT "R" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 19: ***Public Hearing.*** It is hereby found that a public hearing held by the City Commission to consider adoption of this ordinance on July 22, 2025, at 6:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published at least 10 days prior to hearing is deemed to comply with §§163.3187(2) and 166.041(3)(a), Fla. Stat.

SECTION 20: ***Conflicting Ordinances***. That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 21: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 22: ***Effective Date.*** That this ordinance shall become effective THIRTY ONE (31) days following adoption by the City Commission unless a challenge is filed under §163.3187(5), Fla. Stat. In the event that the ordinance is challenged within THIRTY (30) days after adoption,

it shall not become effective until the state land planning agency or the Administration Commission, respectively, issues a final order determining the adopted small scale development amendment is in compliance. §163.3187(5), Fla. Stat. In addition, this ordinance shall not become effective until Volusia Growth Management Commission has issued a Certificate of Consistency. No development orders, development permits, or land uses dependent on these amendments may be issued or commence before they have become effective.

APPROVED AS TO FORM AND CORRECTNESS:

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 34-25: CONDUCT A FIRST READING OF AN ORDINANCE, IF ADOPTED AT A SECOND READING AND QUASI-JUDICIAL HEARING WOULD REZONE APPROXIMATELY 0.36 ± ACRES OF TO A-3, TRANSITIONAL AGRICULTURE FOR PROPERTY LOCATED AT 1198 N GOLF LAKE DRIVE AS PART OF AN OVERALL ANNEXATION APPLICATION.

May 27, 2025

Background:

Applicant and Property Owner: Richard and Michelle Strong, 1198 N Golf Lake Drive, New Smyrna Beach, Florida 32168

Request: Rezoning:

- **From:** Volusia County zoning designation of A-3, Transitional Agriculture with an "A" attached for Airport Height Notification Zone.
- **To:** City zoning designation of A-3, Transitional Agriculture with an "A" attached for Airport Height Notification Zone.

Site Information:

- **Size:** 0.36 ± acres
- **Location:** West side of N Golf Lake Drive south of Mayport Avenue.

Tax I.D. Number: 7312-00-00-0060

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal

boundaries. The agreement, which is between the County of Volusia and the City, was also approved by the County on May 2, 2013. A new updated agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property on N Golf Lake Drive is currently developed with a single-family house and accessory structures. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**.

The existing Volusia County current zoning map and text description for the subject property is attached as **Exhibits C & D**. Existing land uses are shown on the map attached as **Exhibit E**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use categories and zoning designations that would be as similar as possible to existing County categories and designations. The existing County FLU category is Rural. The existing County zoning designation is A-3, Transitional Agriculture. The proposed City FLU category is Rural. The proposed City zoning designation is A-3, Transitional Agriculture. A text description of the proposed City A-3, Transitional Agriculture zoning, and a map of the proposed changes are similarly attached as **Exhibits F** and **G**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on N Golf Lake Driver Trail is currently developed with a single-family house with no plans to increase density for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

The ISBA map is attached as **Exhibit H**. The legal description and Warranty Deed are attached as **Exhibits I** and **J**.

Recommendations:

At its regular scheduled meeting on May 5, 2025, the Planning and Zoning Board voted, 6-0, to give a positive recommendation to the City Commission to **approve** the requested rezoning to City A-3, Transitional Agriculture with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

The Planning Department recommends the City Commission to **approve** the requested rezoning to City A-3, Transitional Agriculture with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

A-3 TRANSITIONAL AGRICULTURE CLASSIFICATION

Purpose and intent: The purpose and intent of the A-3 Transitional Agriculture Classification is to preserve and protect small farms for personal and limited agricultural production or to provide a transitional agricultural zone between more intensive agricultural use areas and residential areas. It is intended that this classification be applied to properties which are within a designated rural community, to preserve existing agricultural uses in urban areas as depicted by the comprehensive plan, or to properties so as to coincide with the existing character of an area in a manner consistent with the comprehensive plan.

In order to ensure the long-term vitality of agricultural uses and natural resources, all agricultural uses are encouraged to utilize the natural resource conservation service (formerly the soil conservation service) best management techniques and other agricultural best management practices.

Permitted principal uses and structures: In the A-3 Transitional Agriculture Classification, no premises shall be used except for the following uses and their customary accessory uses or structures:

Except for those permitted special exceptions listed hereunder, all agricultural pursuits, including the processing, packaging, storage and sale of agriculture products which are raised on the premises.

Apiaries.

Aquaculture operations in which there are no associated excavations.

Aviaries.

Communication towers not exceeding 70 feet in height above ground level.

Essential utility services.

Exempt excavations (refer to subsection 72-293(15)) and/or those which comply with division 8 of the Land Development Code of Volusia County [article III] and/or final site plan review procedures of this article.

Exempt landfills (refer to subsection 72-293(16)).

Fire stations.

Hobby breeder.

Home occupations, class A (refer to section 72-283).

Houses of worship.

Parks and recreation areas accessory to residential developments.

Public schools.

Publicly owned parks and recreational areas.

Publicly owned or regulated water supply wells.

Silvicultural operations which follow the most up to date state-prescribed best management practices.

Single-family standard or manufactured modular dwelling.

Tailwater recovery systems.

Worm raising.

Permitted special exceptions: Additional regulations/requirements governing permitted special exceptions are located in sections 72-293 and 72-415 of this article.

Animal shelters.

Aquaculture operations in which there are nonexempt excavations (refer to subsection 72-293(15)).

Bed and breakfast (refer to subsection 72-293(19)).

Cemeteries (refer to subsection 72-293(4)).

Communication towers exceeding 70 feet in height above ground level.

Dairies and dairy products (minimum parcel size requirement of five acres).

Day care centers (refer to subsection 72-293(6)).

Dogs and cats boarded as personal pets exceeding the number permitted in subsection 72-306(a).

Equestrian/livestock event facility.

Excavations only for stormwater retention ponds for which a permit is required by this article.

Garage apartments.

Group home (refer to subsection 72-293(12)).

Hog farms (minimum parcel size requirement of 2.5 acres).

Home occupations, class B (refer to section 72-283).

Kennels.

Livestock feed lots (minimum parcel size requirement of five acres).

Off-street parking areas (refer to subsection 72-293(14)).

Poultry farms (minimum parcel size requirement of 2.5 acres).

Processing, packaging, storage, retail or wholesale sales of agricultural products not raised on the premises.

Public uses not listed as a permitted principal use.

Public utility uses and structures (refer to subsection 72-293(1)).

Recreational areas (refer to subsection 72-293(3)).

Riding stables.

Schools, parochial and private (refer to subsection 72-293(4)).

Single-family mobile home dwelling with a minimum floor area of 480 square feet as a temporary residence while building a standard or manufactured dwelling (maximum duration of 18 months).

Temporary campsites for three days before, during and three days after any regularly scheduled racing event at the Daytona Beach International Speedway for Speedweeks, Biketoberfest, the Pepsi 400, and Bike Week, on condition that security, portable toilets, garbage disposal and potable water facilities sufficient to accommodate all occupants and other relevant conditions are provided. Related special events and sales are allowed, if approved as part of the special exception.

Wholesale or retail fertilizer sales.

Dimensional requirements:

Minimum lot size:

Area: One acre.

Width: 150 feet.

Minimum yard size:

Front yard: 40 feet.

Rear yard: 40 feet.

Side yard: 25 feet.

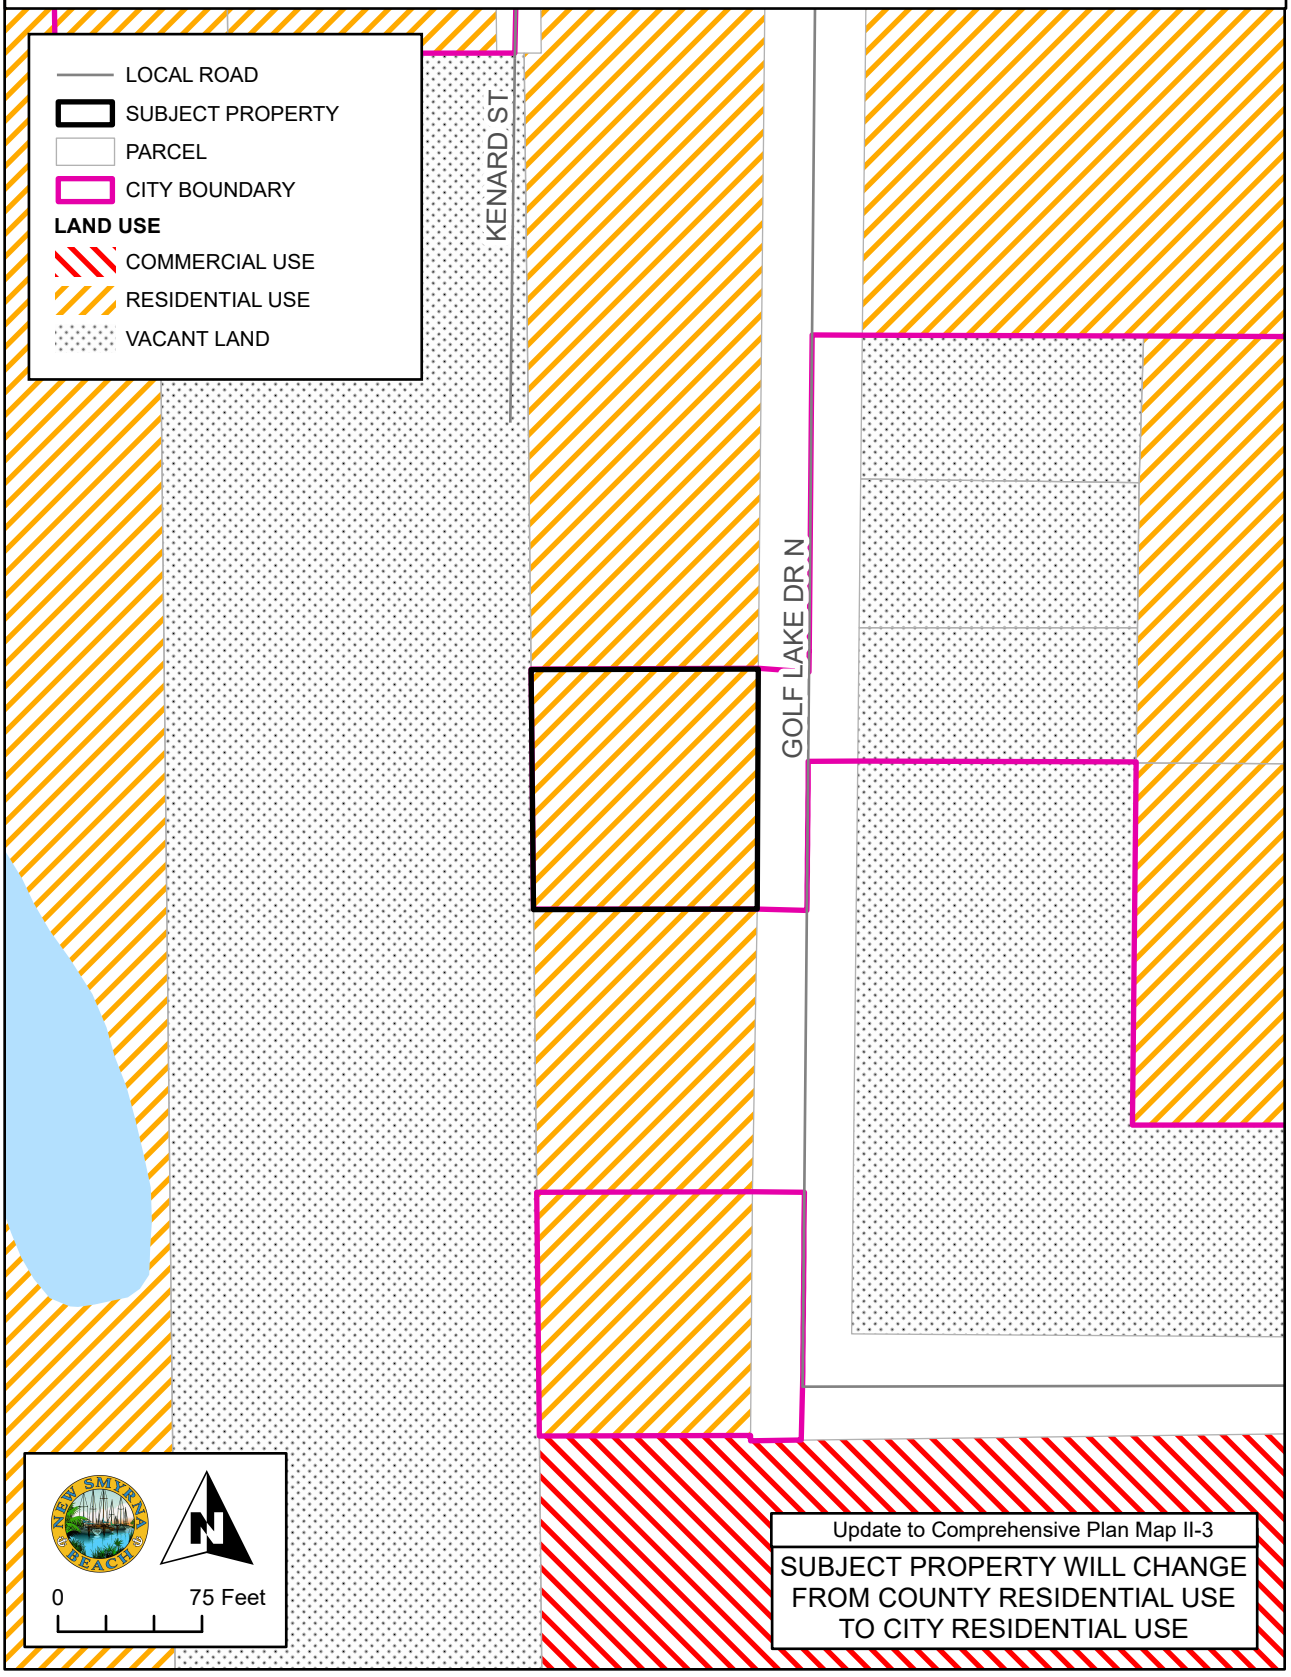
Waterfront yard: 40 feet.

Maximum building height: 55 feet.

Maximum lot coverage: The total lot area covered with principal and accessory buildings shall not exceed 35 percent.

Minimum floor area: 1,000 square feet.

Off-street parking and loading requirement: Off-street parking and loading areas meeting the requirements of sections 72-286 and 72-287 shall be constructed.



Skirting requirement for mobile home dwelling: The area between the ground and floor of the mobile home dwelling shall be enclosed with skirting.

(Ord. No. 81-39, §§ VII, VIII, 11-19-81; Ord. No. 82-20, §§ V, XIII, 12-9-82; Ord. No. 84-1, §§ I, III, VI, 3-8-84; Ord. No. 84-25, § IV, 10-10-84; Ord. No. 87-14, § II, 6-18-87; Ord. Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 34-25 Rezoning 1198 N Golf Lake Dr.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☑ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

N/A

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

N/A

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

N/A

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 34-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH REZONING 0.4± ACRES OF PROPERTY GENERALLY LOCATED ON THE WEST SIDE OF NORTH GOLF LAKE DRIVE, SOUTH OF MAYPORT AVENUE, ADDRESSED AS 1198 NORTH GOLF LAKE DRIVE, FROM VOLUSIA COUNTY *A-3 A, TRANSITIONAL AGRICULTURE AIRPORT OVERLAY* TO CITY *A-3 A, TRANSITIONAL AGRICULTURE AIRPORT OVERLAY* ZONING DISTRICT; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Richard and Michelle Strong, 1198 North Golf Lake Drive, New Smyrna Beach, Florida 32168, applicants and property owners, have requested the annexation of 0.4± acres of property generally located on the west side of North Golf Lake Drive, south of Mayport Avenue, addressed as 1198 North Golf Lake Drive, from Volusia County *A-3, Transitional Agriculture Airport Overlay* to City *A-3, Transitional Agriculture Airport Overlay* zoning district; and

WHEREAS, the Planning and Zoning Board, at its regular scheduled meeting on May 5, 2025, by a vote of 6-0, recommended that the City Commission approve the requested rezoning; and

WHEREAS, the City Commission finds that the requested rezoning is consistent with the City Comprehensive Plan; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to rezone said property as more particularly described hereinafter.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Rezoning.*** That the 0.4± acres of property generally located on the west side of North Golf Lake Drive, south of Mayport Avenue, in the City of New Smyrna Beach, Florida, said properties more particularly described as follows:

7312-00-00-0060
1198 North Golf Lake Drive

The North 125 feet of the South 820 feet of the West 125 feet of the Southwest ¼ of the Northeast ¼, Section 12, Township 17 South, Range 33 East, Volusia County, Florida.

shall be and the same is hereby rezoned from Volusia *A-3, Transitional Agriculture Airport Overlay* to City *A-3, Transitional Agriculture Airport Overlay* zoning district.

SECTION 2: ***Quasi-Judicial Public Hearing.*** It is hereby found that a quasi-judicial public hearing held by the City Commission to consider adoption of this ordinance on July 22, 2025 at 6:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, to

consider the rezoning request in accordance with *Bd. of Cty. Com'rs of Brevard v. Snyder*, 627 So.2d 469 (Fla. 1993) in a manner to insure that all parties are provided an opportunity to be heard, present evidence and cross-examine witnesses, and to be informed of all the facts upon which the Commission's decision on the rezoning is based, after notice published at least 10 days prior to hearing, is deemed to comply with §166.041(3)(a), Fla.Stat.

SECTION 3: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 4: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 5: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 6: ***Effective Date***. That this ordinance shall become effective THIRTY ONE (31) days following adoption of Ordinance No. 33-25, the Small Scale Comprehensive Plan Amendment for the subject property, by the City Commission unless a challenge is filed to said ordinance under §163.3187, F.S. In the event that Ordinance No. 33-25, the Small Scale Comprehensive Plan Amendment, is challenged this ordinance shall become effective upon the state land planning agency or the Administration Commission, respectively, issuing a final order determining that the adopted small scale development amendment is in compliance.

THE CITY OF NEW SMYRNA BEACH - MAINTENANCE OPERATIONS

ORDINANCE NO. 35-25: CONDUCT THE FIRST READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED UPON THE SECOND READING AND PUBLIC HEARING, WOULD GRANT A NON-EXCLUSIVE FRANCHISE AGREEMENT TO LIGHTNING DUMPSTER LLC.

May 27, 2025

Background:

Section 66-111, Franchise Requirement, of the City's Code of Ordinances provides that: "No person shall provide construction and demolition debris-removal services, as defined by F.S. 403.703(7), in the City without being awarded a non-exclusive franchise agreement with the City if they wish to continue to provide construction & demolition (C & D) debris removal services within our City limits." Attached is Lightning Dumpster LLC Non-Exclusive Franchise Ordinance application form and applicable attachments. Lightning Dumpster LLC meets all the requirements and staff is proposing that such a franchise agreement be issued to Lightning Dumpster, LLC.

Findings:

Staff recommends granting a non-exclusive franchise agreement for construction and demolition removal services Lightning Dumpsters, LLC via approval of Ordinance No. with first reading on May 27, 2025, and scheduling of second reading and public hearing for July 8, 2025.

Fiscal Analysis:

This is a revenue generating item as the franchise agreement requires the hauler to pay the City $20.00 per roll off container haul to the County's landfill. No business impact statement is required under SB 170 because this ordinance is only required to implement the agreement.

Strategic Plan Item:

No

N/A

ORDINANCE NO. 35-25

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH GRANTING A NON-EXCLUSIVE FRANCHISE TO LIGHTNING DUMPSTER LLC, TO PROVIDE CONSTRUCTION AND DEMOLITION DEBRIS REMOVAL SERVICES WITHIN THE CITY OF NEW SMYRNA BEACH; OUTLINING FRANCHISEE'S DUTIES; PROVIDING TERMS AND CONDITIONS UNDER WHICH SUCH FRANCHISE SHALL OPERATE; PROVIDING FOR SEVERABILITY; PROVIDING FOR CONFLICTING ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, there is an immediate and continuing need for the collection and disposal of construction and demolition debris from organizations, firms or entities (Service) within the City of New Smyrna Beach (City) with the use of "roll-off" containers; and

WHEREAS, Lightning Dumpster LLC, a Florida Limited Liability Company (Franchisee), represents that it has the necessary equipment, personnel and experience to properly perform the Service; and

WHEREAS, the City Commission deems that it is in the best interest of the citizens of New Smyrna Beach to award Lightning Dumpster LLC, a nonexclusive right and franchise to provide the service within the City limits upon the terms and conditions recited below.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH:

SECTION 1: ***Award of Non-Exclusive Franchise.*** The City of New Smyrna Beach hereby awards Lightning Dumpster LLC, a nonexclusive right and franchise to provide roll-off service within the City limits upon the terms and conditions recited below. ***This Franchise shall not become effective until this ordinance and franchise agreement is accepted in writing by, Lightning Dumpster LLC.***

SECTION 2: ***Definitions.***

A. *Construction and demolition debris* shall have the same definition and meaning as defined in §403.703, Florida Statute.

B. *Service* encompasses the use of "roll-on" and "roll-off" containers (Containers) as used with mechanical pickup or compaction devices, or both of these devices.

C. *Containers* means either open-top/scow-type used only for non-putrescible materials, or enclosed containers such as the kind typically used with compaction devices, of ten (10) cubic yards capacity or larger.

SECTION 3: ***Franchisee's Authority.***

A. Franchisee is hereby empowered and authorized to provide roll-off service. Franchisee will either furnish all necessary trucks and other equipment to perform such services or will contract with other persons or companies duly licensed or franchised by the City for the furnishing of trucks and equipment, provided, however, that at all times the trucks and equipment shall comply with the requirements provided herein for equipment owned and operated by Franchisee.

B. Franchisee may contract to provide the Service (Contract) with any person, organization, firm or entity (Entities) within the City, if such Entities have first requested the Service. Such contracts where containers are placed on public property must be approved by the Maintenance Operations Director or his designee prior to or within one (1) week (7 calendar days) of the placement of the Container for Service. For each Container placed on public property for service without a contract having been submitted to the Maintenance Operations Director by Franchisee, a thirty dollar ($30.00) inspection and administration late fee shall be paid by Franchisee to the City. The Contract shall not exceed the term of the Franchise.

Franchisee agrees to provide the Maintenance Operations Director with the location of its Containers and the name and address of and number of pickups to be made for each of the Entities. Franchisee also recognizes that any contract between Franchisee and the Entities has no effect whatsoever upon the City's decision to grant the Franchise, or any renewal decision made thereafter. If the Maintenance Operations Director disapproves a contract for containers placed on public property and the subject Container remains in service more than forty-eight (48) hours after telephone or written notice by the City to Franchisee to remove the Container, or if any Container should remain in service at any location more than forty-eight (48) hours after telephone or written notice from the City to Franchisee to remove the Container, then, in either or both cases, Franchisee shall pay the City fifty dollars ($50.00) per day until the Container is removed.

C. Franchisee shall provide the equipment and frequency of service as needed by the Entities and as approved by the Maintenance Operations Director.

D. All lease or purchase arrangements for compaction equipment and for maintenance or service charges for the Containers agreed upon between Franchisee and the Entities shall be set forth in the Contract between Franchisee and the Entities and approved by the Maintenance Operations Director pursuant to this section.

SECTION 4: ***Payments.***

A. Franchisee shall pay the City twenty dollars ($20.00) for each Container pickup. The charge shall be paid monthly and shall be based upon the number of Container pickups by Franchisee from the Entities during the preceding month.

B. Franchisee shall furnish the Maintenance Operations Director with an original and one (1) copy of an annual report on or before the forty-fifth (45th) day following Franchisee's fiscal year end. The report date shall be submitted to the Maintenance Operations Director on the date of Franchisee's acceptance of this Franchise, and the report shall be prepared in accordance with generally accepted auditing standards. The report shall reflect the accuracy of Franchisee's payments to the City as defined in this ordinance, and shall ensure and include, but not be limited to, the following:

(1) all City accounts are properly coded to reflect charges accrued to the City;
(2) the number of City-related Container pickups are correctly reported to the City;
(3) all City payments are correctly computed and remitted to the City on a timely basis, or the interest-payment provision of Subsection C, below, shall apply.

During the term of this Franchise and its renewal, Franchisee shall make its records available to the City at all reasonable times. Failure to furnish the City with the report shall be considered a material breach of this Franchise, and the City shall be entitled to terminate this Franchise and to collect any damages resulting therefrom.

C. Franchisee shall have the sole responsibility for the billing and collection of all charges described herein. Billings shall be monthly and payable on or before the fifteenth (15th) day of the succeeding month. In the event bills are not paid within this time, Franchisee shall have the right (provided that Franchisee may otherwise legally do so) to discontinue all Services for nonpayment.

All statements of fees and charges by Franchisee, and the remittance thereof, shall be submitted to the City Finance Director on or before the fifteenth (15th) day following Franchisee's fiscal month end. These statements shall specify the previous month's account activities as specified herein, and shall include account names, account numbers, the number of Container pickups during the month, and all discontinued accounts. Failure to submit any remittance specified or referred to in this section on or before the fifteenth (15th) day of each month as required shall result in a liability for interest at the rate of one percent (1%) per month. Failure to submit any statement shall be considered a breach of this Franchise and shall allow the City to terminate the Franchise as may be further provided in Section 10 below.

SECTION 5: ***Term.***

A. The term of this Franchise shall commence on the date of adoption of this ordinance and end three (3) years upon approval of both parties after adoption of this ordinance. An

acceptance of the provisions, conditions and stipulations of this Franchise shall: (1) be in writing; (2) contain Franchisee's local address; and (3) be filed with the City Clerk within fifteen (15) days of the adoption of this Franchise.

B. The term may be extended for an additional one (1) year, upon approval of both parties, by written notice not less than thirty (30) days prior to the expiration of the current term.

SECTION 6: ***Default.*** In the event Franchisee fails to provide adequate Services to the Entities by reason of any (1) unknown emergency, catastrophe, natural disaster, war, labor strike, act of God, or similar event; (2) breach of contract; or (3) negligent failure to adequately perform the duties and obligations of this ordinance (as determined solely by the City), the City may, at its sole option, terminate this Franchise (Option I), or take over the roll-off services (Option II), or both of these options. In the event the City chooses Option II, it shall receive all charge amounts regardless of the amounts normally retained by Franchisee.

SECTION 7: ***Default by Other Franchisees.*** In the event that other Franchisees default or otherwise fail to provide adequate Services (in the sole determination of the City), and the City chooses Option II as provided in Section 6 above, Franchisee agrees, if requested by the City, to provide the Services or temporary Services, or both of these types of Service, if Franchisee may reasonably do so, given: (1) Franchisee's equipment and schedule; and (2) that a reasonable price can be determined by Franchisee, the City and the entity for the Service's undertaking and completion.

SECTION 8: ***Liability.***

A. The privileges herein are granted upon the express condition that Franchisee shall be liable for all damages and injuries to persons and property caused by its neglect or mismanagement, or by the actions of any of its employees while engaged in the Services during the term of this Franchise. Should the City be sued therefrom, Franchisee shall be notified of and have the duty to defend such suit, provided, however, that the City has the sole option (Option III) to defend itself or to hire independent counsel, and thereafter to tax all such defense costs and fees to Franchisee. Franchisee specifically agrees to pay any such judgment rendered against the City in any such case, and to reimburse the City, in full, for all costs and fees on appeal.

B. The attorneys chosen by Franchisee to represent the City in any suit concerning matters included within this section shall be approved by the City unless the City chooses to represent itself as defined above. Franchisee shall indemnify and hold harmless the City, its agents, elected or appointed officials, officers and employees from any and all liability, claims, demands, damages, expenses, fees, penalties, suits, proceedings, actions and costs of actions (including costs and attorney's fees, and costs and attorney's fees on appeal), of any kind or nature, arising out of, resulting from, or in any way connected with Franchisee's activities permitted under this Franchise.

C. Franchisee further agrees to purchase public liability and property damage insurance in the amount of $1,000,000 (per accident, public liability), and $250,000 (property damage), and naming the City as an additional insured under the policy. The policy must provide that the City shall be given thirty (30) days' written notice prior to cancellation or modification, and a copy of the policy (or a certificate of insurance) shall be filed with the City Clerk on or before the effective date of this Franchise and on or before the effective date of each policy renewal period.

SECTION 9: ***Licenses.*** Franchisee shall, at its sole expense, procure from all local, state and federal governmental and agency authorities (having jurisdiction over the operations of Franchisee) all licenses, certificates, permits or other authorizations which may be necessary for the conduct of Franchisee's operations. Franchisee shall pay all taxes, and license, certification, permit and examination fees, and all excises which may be assessed, levied, exacted or imposed upon its property, operations, gross receipts, or all or any combination of these assets, and upon this Franchise and the rights and privileges granted herein, and shall make all applications, reports, and returns required in connection therewith to all respective governmental and agency authorities.

SECTION 10: ***Termination.*** The privileges granted herein to the Franchisee may be terminated by the City prior to the expiration of the term if anyone (1) or more of the following events occur:

A. Franchisee fails: (1) to pay the sums, fees or charges due to the City in a timely manner (Failure I); or (2) Franchisee fails to keep, perform or observe each and every other promise, covenant, and condition designated to it under this ordinance (Failure II). In the event of a Failure II, the Maintenance Operations Director shall notify Franchisee in writing of such failure, and Franchisee shall have thirty (30) days from the receipt of such notice to correct the condition giving rise to such notice. If the correction is not made to the Maintenance Operations Director's satisfaction within the period, the Maintenance Operations Director shall give written notice to Franchisee that the privileges granted herein are terminated as of the date of such notice.

B. If and when Franchisee shall liquidate, dissolve or sell substantially all of its assets.

C. If and when there is a transfer of fifty percent (50%) or more of Franchisee's voting stock which results in a change in Franchisee's control.

D. If and when Franchisee becomes insolvent or makes a general assignment for the benefit of its creditors, or if an action or petition is filed by or against Franchisee under any part of the Federal Bankruptcy Act or other law relating to the alleged insolvency of Franchisee, and such action or petition is not dismissed within thirty (30) days of the date of its filing.

In the event any of the privileges granted herein are terminated pursuant to this Section, any liability of the Franchisee to the City accruing thereby, and any liability of Franchisee to the City arising out of any act or event occurring prior to the termination, shall immediately become due and payable to the City without further notice.

SECTION 11: ***Notices.*** All notices herein required to be given by the City to Franchisee, except where specifically provided otherwise, may be effected either by hand delivery to any Franchisee employee, or by United States mail (postage prepaid), addressed to Franchisee at its last-known business address. All notices required to be given to the City shall be given to both the Maintenance Operations Director and the City Clerk either by hand delivery or by United States mail (postage prepaid), addressed to the Maintenance Operations Director, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168, and the City Clerk, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168.

SECTION 12: ***Remedies, Attorney's Fees and Costs.*** All remedies provided in this Franchise shall be deemed cumulative and additional and not in lieu of or exclusive of each other, or of any other remedy available to the City, at law or in equity. In the event the City shall prevail in any action arising hereunder, Franchisee shall pay the City's costs, and any and all attorney's fees thereafter charged to the City.

SECTION 13: ***Equipment.***

A. Franchisee agrees that it shall procure and maintain sufficient equipment, or that it shall arrange on a contractual basis with other persons owning or leasing equipment in compliance with the requirements of this Franchise, to insure that Franchisee shall at all times be in a position to properly maintain its schedules and to otherwise perform all duties, responsibilities and conditions required under this ordinance.

B. All trucks utilized by Franchisee and all Containers owned or leased by Franchisee shall be prominently identified on both the left and right sides with Franchisee's name in letters not less than six inches (6") in height, and Franchisee's business telephone number in numbers not less than three inches (3") in height, either painted on or attached by signs to such trucks and Containers.

C. All of Franchisee's trucks, containers and equipment shall conform to all City safety and sanitation requirements for refuse-collection vehicles, and the equipment must be approved by the Maintenance Operations Director. Franchisee specifically agrees that the Maintenance Operations Director shall have the right to inspect the trucks or the equipment, or both of these items, at all reasonable times and after having endeavored to give reasonable written or oral notice that such an inspection shall take place.

SECTION 14: ***Nonassignability.*** This Franchise shall not be assignable by Franchisee without the prior written consent of the City Commission as evidenced by an ordinance authorizing and approving such an assignment.

SECTION 15: ***Effective Area.*** This Franchise shall be effective within the City's corporate limits as they may from time to time exist.

SECTION 16: ***Hours of Operation.*** The hours of operation for the Franchise shall be weekdays and Saturdays from 7:00 a.m. to 7:00 p.m. The Franchise shall not provide Service on Sundays.

SECTION 17: ***Headings.*** The paragraph headings of this Franchise are for purposes of convenience only and shall not be deemed to expand or limit the provisions contained in such paragraphs or sections.

SECTION 18: ***Warranty of Franchisee.*** Franchisee represents and warrants to the City that no appointed or elected City official, officer, employee or agent has any interest, either directly or indirectly, in the business of Franchisee to be conducted herein.

SECTION 19: ***Noncompliance.*** If Franchisee shall at any time fail to comply with any of the provisions of this Franchise (unless such failure is beyond Franchisee's control because of matters deemed to be an act of God), the City, after thirty (30) days' written notice to Franchisee, may revoke this Franchise and render it void and of no further effect.

SECTION 20: ***Amendment.*** The City reserves the right to amend this Franchise at any time, and in any manner that the City deems necessary for the health, safety or welfare of the public. The City also reserves the right to prescribe, from time to time, reasonable rules and regulations further governing Franchisee's operations herein, including, but not limited to, hours and frequency of Container pickup. These rules may be issued through the Maintenance Operations Director, the City Manager or his/her designee, and they need not be memorialized in an ordinance revision or other formal action by the City Commission, the City Commission's approval of this ordinance being an approval that the regulations should be so issued.

SECTION 21: ***Public Hearing.*** That a public hearing considering the adoption of this ordinance held July 8, 2025, in the Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published, is found to comply with §166.041(3)(a), Fla. Stat.

SECTION 22: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 23: ***Severability.*** If any section, sentence, clause or phrase of this ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portion of this ordinance.

SECTION 24: ***Conflicting Ordinances.*** Any ordinances that are in conflict with this ordinance are hereby rescinded and repealed.

SECTION 25: ***Effective Date.*** That this ordinance shall take effect immediately upon its final adoption.

COOPERATION AGREEMENT

This Agreement entered into this 8th day of January, 1951, by and between THE HOUSING AUTHORITY OF THE CITY OF NEW SMYRNA BEACH, FLORIDA (herein called the "Local Authority") and CITY OF NEW SMYRNA BEACH, FLORIDA (herein called the "Municipality"), witnesseth:

In consideration of the mutual covenants hereinafter set forth, the parties hereto do agree as follows:

1. Whenever used in this Agreement:

   (a) The term "Project" shall mean any low-rent housing hereafter developed as an entity by the Local Authority with financial assistance of the Public Housing Administration (herein called the "PHA"); excluding, however, any low-rent housing project covered by any contract entered into prior to March 1, 1949 for loans and annual contributions between the Local Authority and the PHA or its predecessor agencies.

   (b) The term "Taxing Body" shall mean the State or any political subdivision or taxing unit thereof in which a Project is situated and which would have authority to assess or levy real or personal property taxes or to certify such taxes to a taxing body or public officer to be levied for its use and benefit with respect to a Project if it were not exempt from taxation.

   (c) The term "Shelter Rent" shall mean the total of all charges to all tenants of a Project for dwelling rents and non-dwelling rents (excluding all other income of such Project), less the cost to the Local Authority of all dwelling and non-dwelling utilities.

   (d) The term "Slum" shall mean any area where dwellings predominate which, by reason of dilapidation, overcrowding, faulty arrangement or design, lack of ventilation, light or sanitation facilities, or any combination of these factors, are detrimental to safety, health or morals.

2. The Local Authority shall endeavor to secure a contract or contracts with the PHA for loans and annual contributions, and shall endeavor to develop and administer one or more Projects. The obligations of the parties hereto shall apply only to Projects

aggregating not more than 300 units of low-rent housing. The Project or Projects shall be located within the corporate limits of the Municipality.

3. (a) Under the constitution and statutes of the State of Florida, all Projects are exempt from all real and personal property taxes and special assessments levied or imposed by any Taxing Body. With respect to any Project, so long as either (i) such Project is owned by a public body or governmental agency and is used for low-rent housing purposes, or (ii) any contract between the Local Authority and the PHA for loans or annual contributions, or both, in connection with such Project remains in force and effect, or (iii) any bonds issued in connection with such Project or any monies due to the PHA in connection with such Project remain unpaid, whichever period is the longest, the Municipality agrees that it will not levy or impose any real or personal property taxes or special assessments upon such Project or upon the Local Authority with respect thereto. During such period, the Local Authority shall make annual payments (herein called "Payments in Lieu of Taxes") in lieu of such taxes and special assessments and in payment for the public services and facilities furnished from time to time without other cost or charge for or with respect to such Project.

(b) Each such annual Payment in Lieu of Taxes shall be made after the end of the fiscal year established for such Project, and shall be in an amount equal to either (i) ten percent (10%) of the aggregate Shelter Rent charged by the Local Authority in respect to such Project during such fiscal year or (ii) the amount permitted to be paid by applicable state law in effect on the date such payment is made, whichever amount is the lower.

(c) No payment for any year shall be made to the Municipality in excess of the amount of the real property taxes which would have been paid to the Municipality for such year if the Project were not exempt from taxation.

(d) Upon failure of the Local Authority to make any Payment in Lieu of Taxes, no lien against any Project or assets of the Local Authority shall attach, nor shall any interest or penalties accrue or attach on account thereof.

4. The Municipality agrees that, subsequent to the date of

initiation (as defined in the United States Housing Act of 1937, as amended) of each Project and within five years after the completion thereof, or such further period as may be approved by the PHA, there has been or will be elimination (as approved by the PHA) by demolition, condemnation, effective closing, or compulsory repair or improvement, of unsafe or insanitary dwelling units situated in the locality or metropolitan area in which such Project is located, substantially equal in number to the number of newly constructed dwelling units provided by such Project; Provided, That, where more than one family is living in an unsafe or insanitary dwelling unit, the elimination of such unit shall count as the elimination of units equal to the number of families accommodated therein; and Provided, further, That this paragraph 4 shall not apply in the case of (i) any Project developed on the site of a Slum cleared subsequent to July 15, 1949, and that the dwelling units eliminated by the clearance of the site of such Project shall not be counted as elimination for any other Project or any other low-rent housing project, or (ii) any Project located in a rural non-farm area.

5. During the period commencing with the date of the acquisition of any part of the site or sites of any Project and continuing so long as either (i) such Project is owned by a public body or governmental agency and is used for low-rent housing purposes, or (ii) any contract between the Local Authority and the PHA for loans or annual contributions, or both, in connection with such Project remains in force and effect, or (iii) any bonds issued in connection with such Project or any monies due to the PHA in connection with such Project remain unpaid, whichever period is the longest, the Municipality without cost or charge to the Local Authority or the tenants of such Project (other than the Payments in Lieu of Taxes) shall:

(a) Furnish or cause to be furnished to the Local Authority and the tenants of such Project public services and facilities of the same character and to the same extent as are furnished from time to time without cost or charge to other dwellings and inhabitants in the Municipality;

(b) Vacate such streets, roads, and alleys within the area of such Project as may be necessary in the development thereof, and convey without charge to the Local Authority such interest as the Munici-

pality may have in such vacated areas; and, insofar as it is lawfully able to do so without cost or expense to the Local Authority or to the Municipality, cause to be removed from such vacated areas, insofar as it may be necessary, all public or private utility lines and equipment;

(c) Insofar as the Municipality may lawfully do so, (i) grant such deviations from the building code of the Municipality as are reasonable and necessary to promote economy and efficiency in the development and administration of such Project, and at the same time safeguard health and safety, and (ii) make such changes in any zoning of the site and surrounding territory of such Project as are reasonable and necessary for the development and protection of such Project and the surrounding territory;

(d) Accept grants of easements necessary for the development of such Project; and

(e) Cooperate with the Local Authority by such other lawful action or ways as the Municipality and the Local Authority may find necessary in connection with the development and administration of such Project.

6. In respect to any Project the Municipality further agrees that within a reasonable time after receipt of a written request therefor from the Local Authority:

(a) It will accept the dedication of all interior streets, roads, alleys, and adjacent sidewalks within the area of such Project, together with all storm and sanitary sewer mains in such dedicated areas, after the Local Authority, at its own expense, has completed the grading, improvement, paving and installation thereof in accordance with specifications acceptable to the Municipality;

(b) It will accept necessary dedications of land for, and will grade, improve, pave, and provide sidewalks for, all streets bounding such Project or necessary to provide adequate access thereto (in consideration whereof the Local Authority shall pay to the Municipality such amount as would be assessed against the Project site for such work if such site were privately owned); and

(c) It will provide, or cause to be provided, water mains, and storm and sanitary sewer mains, leading to such Project and serving the bounding streets thereof (in consideration whereof the Local Authority shall pay to the Municipality such amount as would be assessed against the Project site for such work if such site were privately owned).

7. If by reason of the Municipality's failure or refusal to furnish or cause to be furnished any public services or facilities which it has agreed hereunder to furnish or to cause to be furnished to the Local Authority or to the tenants of any Project, the Local Authority incurs any expense to obtain such services or facilities then the Local Authority may deduct the amount of such expense from any Payments in Lieu of Taxes due or to become due to the Municipality in respect to any Project or any other low-rent housing projects owned or operated by the Local Authority.

8. No Cooperation Agreement heretofore entered into between the Municipality and the Local Authority shall be construed to apply to any Project covered by this Agreement.

9. So long as any contract between the Local Authority and the PHA for loans (including preliminary loans) or annual contributions, or both, in connection with any Project remains in force and effect, or so long as any bonds issued in connection with any Project or any monies due to the PHA in connection with any Project remain unpaid, this Agreement shall not be abrogated, changed, or modified without the consent of the PHA. The privileges and obligations of the Municipality hereunder shall remain in full force and effect with respect to each Project so long as the beneficial title to such Project is held by the Local Authority or by any other public body or governmental agency, including the PHA, authorized by law to engage in the development or administration of low-rent housing projects. If at any time the beneficial title to, or possession of, any Project is held by such other public body or governmental agency, including the PHA, the provisions hereof shall inure to the benefit of and may be enforced by, such other public body or governmental agency, including the PHA.

IN WITNESS WHEREOF the Municipality and the Local Authority have respectively signed this Agreement and caused their seals to be affixed and attested as of the day and year first above written.

_____
City Attorney of the City of New Smyrna Beach, Florida.

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA, ENTITLED

A RESOLUTION DECLARING THE NEED FOR A HOUSING AUTHORITY IN THE CITY OF NEW SMYRNA BEACH FLORIDA

WHEREAS - The City Commission of the City of New Smyrna Beach, Florida, deems it to the best interests of the citizens of New Smyrna Beach, Florida, that the City of New Smyrna Beach, avail itself of the benefits of the Housing Authority Law of the State of Florida;

NOW THEREFORE BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA, IN REGULAR MEETING ASSEMBLED THIS 28TH DAY OF AUGUST, A.D. 1950:

Section 1. That unsanitary and unsafe inhabited dwelling accommodations exist in the City of New Smyrna Beach, Florida.

Section 2. That there is a shortage of safe and sanitary dwelling accommodations in the City of New Smyrna Beach, Florida, available to families of low income at rentals they can afford.

Section 3. That there is a need for a Housing Authority in the City of New Smyrna Beach, Florida, as defined and set forth in the Housing Authority Law of the State of Florida.

Section 4. That this Resolution shall take effect immediately upon its adoption.

s/ E. E. ALTMAN,
Mayor-Commissioner.

s/ Mary M. Hill,
City Clerk

Adopted August 28, 1950.

I, Mary M. Hill, City Clerk of the City of New Smyrna Beach, Florida, DO HEREBY CERTIFY, that the within and foregoing resolution entitled "A RESOLUTION DECLARING THE NEED FOR A HOUSING AUTHORITY IN THE CITY OF NEW SMYRNA BEACH FLORIDA" is a true and correct copy of the original thereof appears from the official records in my office and of which I am the legal custodian. I DO FURTHER CERTIFY, that the abovesaid Resolution was duly adopted by the City Commission of the City of New Smyrna Beach, Florida, at its regular meeting held on August 28th, 1950.

IN WITNESS WHEREOF I hereunto set my hand and affix the corporate seal of the City of New Smyrna Beach, Florida, this 11th day of September, A. D. 1950

Mary M. Hill

CORPORATE SEAL

MARY M. HILL, - City Clerk of the City of New Smyrna Beach, Florida.

CERTIFICATE OF APPOINTMENT OF COMMISSIONERS OF THE HOUSING AUTHORITY OF THE CITY OF NEW SMYRNA BEACH, FLORIDA, AND DESIGNATION OF THE FIRST CHAIRMAN.

KNOW YE, That pursuant to the provisions of the Laws of the State of Florida, popularly known as the "Housing Authorities Law", the same being Section 421 of the Florida Statutes Annotated, and by virtue of my office as Mayor of the City of New Smyrna Beach, Florida, I DO HEREBY APPOINT the five (5) persons hereinafter named to serve as Commissioners of the Housing Authority of the City of New Smyrna Beach, Florida, and to serve for the number of years appearing after their names, respectively, from the 1st day of September, A. D. 1950.

H. E. Donnelly - Four Years
W. K. Sapp - Four Years
Fred Lynch - Three Years
A. L. Pruitt - Two Years
J. E. Lucas - One Year,

AND I DO HEREBY designate Mr. H. E. Donnelly as the first Chairman of the Housing Authority of the City of New Smyrna Beach, Florida.

IN WITNESS WHEREOF, I have hereunto signed my name as Mayor of the City of New Smyrna Beach, Florida, and caused the official Corporate Seal of the said City of New Smyrna Beach, Florida, to be attached hereto this 1st day of September, A. D. 1950.

s/ E. E. ALTMAN,
Mayor.

ATTEST:
CORPORATE SEAL
s/ MARY M. HILL,

I DO FURTHER CERTIFY, that the abovesaid certificate was filed in my office on September 1st, 1950, by the Mayor of the City of New Smyrna Beach, Florida as is required by and pursuant to law.

IN WITNESS WHEREOF I hereunto set my hand and affix the corporate seal of the City of New Smyrna Beach, Florida, this 11th day of September, A. D. 1950.

CORPORATE SEAL

Mary M. Hill
MARY M. HILL, - City Clerk of the City of New Smyrna Beach, Florida.

MINUTES OF THE ORGANIZATION MEETING OF THE HOUSING AUTHORITY OF THE CITY OF NEW SMYRNA BEACH, FLORIDA, HELD AT 8 O'CLOCK P.M. ON FRIDAY, SEPTEMBER 15TH, 1950, AT THE CITY HALL OF THE CITY OF NEW SMYRNA BEACH, FLORIDA.

For the purpose of organizing, a meeting of The Housing Authority of the City of New Smyrna Beach, Florida, was held on the 15th day of September, 1950, at 8 o'clock P.M. at the City Hall of the City of New Smyrna Beach, Florida, located on Sams Avenue in said City. All of the members of the Authority were present, as follows:

Mr. H. E. Donnelly, Chairman,
Mr. J. E. Lucas,
Mr. W. K. Sapp,
Mr. Fred Lynch,
Mr. A. L. Pruitt.

Commissioner Donnelly, Chairman of the Authority, presided and Commissioner Fred Lynch was appointed Secretary of the meeting and kept the minutes.

The Secretary read the call of the meeting, which was ordered spread in full upon the minutes, as follows:

"CALL OF MEETING

New Smyrna Beach, Florida,

September 13th, 1950.

TO: Mr. J. E. Lucas,
Mr. W. K. Sapp,
Mr. Fred Lynch,
Mr. A. L. Pruitt.

You and each of you are hereby notified that I have called a meeting of the Housing Authority of the City of New Smyrna Beach, Florida, to be held at the City Hall of the City of New Smyrna Beach, Florida, on Sams Avenue in said City, at the hour of 8 o'clock P.M., Eastern Standard Time on the 15th day of September, 1950, for the purpose of organizing the said Housing Authority, a-dopting by-laws and a seal therefor, electing officers, and to take such other action concerning the organizing of said Housing Authority as the Members thereof may determine.

(signed) H. E. DONNELLY,
Chairman.

CONSENT TO MEETING

We, the undersigned Commissioners of The Housing Authority of the City of New Smyrna Beach, Florida, do hereby accept service of the foregoing Call of Meeting, waiving any and all irregularities in such service and such call, and consent and agree that the said Commissioners of the Housing Authority of the City of New Smyrna Beach, Florida, shall meet at the time and place therein mentioned, and for

the purposes therein stated.

Signed at New Smyrna Beach, Florida, this 13th day of September, 1950.

(signed) Fred Lynch,
(signed) A.L.Pruitt,
(signed) J. E. Lucas,
(signed) W. K. Sapp."

There were presented to the meeting certified copies of the Resolution of the City of New Smyrna Beach, Florida, creating the Authority and the certified copy of the certificate of appointment by the Mayor of the City of New Smyrna Beach, Florida, of the different members of the Authority, duly verified, showing the names, dates of appointment and the times of the commencement and the end of the terms of office; the said certificate of appointment also shows that H. E. Donnelly was designated to serve for four (4) years as the first Chairman of the Authority. The Chairman directed that these several copies be attached to the minutes of this meeting. It also appeared from the statement of the different Commissioners of the Authority that each Commissioner had taken the oath of office and duly accepted the appointment, and the following Commissioners filed their respective oaths of office, H. E. Donnelly, Fred Lynch, A. L. Pruitt, J. E. Lucas and W. K. Sapp. The Chairman directed that these oaths of office be likewise attached to the minutes of this meeting.

It then appearing that there were present all of the Commissioners of The Housing Authority of the City of New Smyrna Beach, Florida, so appointed, the following resolution was then introduced by Commissioner Lucas, read in full by the Secretary, and considered:

"RESOLUTION NO. 1
RESOLVED, that The Housing Authority of the City of New Smyrna Beach, Florida, be and it hereby is organized pursuant to the provisions of Section 421 Florida Statutes Annotated, and is now authorized to transact business and exercise its functions in its area of operation as defined in said law"

After discussion of Resolution No. 1, Commissioner Lucas moved, seconded by Commissioner Sapp, that Resolution No. 1 be finally adopted as introduced and read. The question being put upon the final adoption of the said Resolution No. 1, the roll-call vote of the Authority resulted as follows: Yeas -Lynch, Pruitt, Lucas, Sapp, Donnelly. Nays: none. The Chairman declared the motion carried and the resolution finally adopted.

The following resolution was then introduced by Commissioner Sapp, read in full by the Secretary, and considered by the Authority:

"RESOLUTION NO. 2
BE IT RESOLVED BY THE HOUSING AUTHORITY OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:
That the following by-laws be and they are hereby adopted and approved as and for the by-laws of The Housing Authority of the City of New Smyrna Beach, Florida:

BY-LAWS OF THE HOUSING AUTHORITY
OF THE
CITY OF NEW SMYRNA BEACH, FLORIDA.

ARTICLE I - THE AUTHORITY.

Section 1. - Name of Authority. The name of the Authority shall be "The Housing Authority of the City of New Smyrna Beach, Florida."

Section 2. - Seal of Authority. The seal of the Authority shall be in the form of a circle and shall bear the name of the Authority and the year of its organization.

Section 3. - Office of Authority. The office of the Authority shall be at the City Hall of the City of New Smyrna Beach, Florida, but the Authority may have offices at such other place or places as the Authority may from time to time designate by resolution.

ARTICLE II - O F F I C E R S.

Section 1. - Officers. The officers of the Authority shall be a Chairman, a Vice Chairman and a Secretary-Treasurer (who shall be Executive Director).

Section 2. - Chairman. The Chairman shall preside at all meetings of the Authority. Except as otherwise authorized by resolution of the Authority, the Chairman shall sign all contracts, deeds and other instruments made by the Authority. At each meeting, the Chairman shall submit such recommendations and information as he may consider proper concerning the business affairs and policies of the Authority.

Section 3. - Vice-Chairman. The Vice Chairman shall perform the duties of the Chairman in the absence or incapacity of the Chairman; and in case of the resignation or death of the Chairman the Vice Chairman shall perform such duties as are imposed on the Chairman until such time as the Authority shall appoint a new Chairman.

Section 4. - Secretary-Treasurer. The Secretary-Treasurer shall keep the records of the Authority, shall act as secretary of the meetings of the Authority, and record all votes and shall keep a record of the proceedings of the Authority in a journal of proceedings to be kept for such purpose, and shall perform all duties incident to his office. He shall keep in safe custody the seal of the Authority and shall have power to affix such seal to all contracts and instruments authorized to be executed by the Authority.

He shall have the care and custody of all funds of the Authority and shall deposit the same in the name of the Authority in such bank or banks as the Authority may select. The Secretary-Treasurer shall sign all orders and checks for the payment of money and shall pay out and disburse such moneys under the direction of the Authority. Except as otherwise authorized by resolution of the Authority, all such orders and checks shall be countersigned by the Chairman. He shall keep regular books of account showing receipts and expenditures and shall render to the Authority, at each regular meeting (or oftener when requested), an account of his transactions

and also of the financial condition of the Authority. He shall give such bond for the faithful performance of his duties as the Authority may determine.

The compensation of the Secretary-Treasurer shall be determined by the Authority, provided that a temporary appointee selected from among the Commissioners of the Authority shall serve without compensation (other than the payment of necessary expenses).

Section 5. Executive Director. The Secretary-Treasurer shall be the Executive Director of the Authority and shall have general supervision over the administration of the business and affairs of the Authority, subject to the direction of the Authority. He shall be charged with the management of the housing projects of the Authority.

Section 6. Additional Duties. The officers of the Authority shall perform such other duties and functions as may from time to time be required by the Authority or the by-laws or rules and regulations of the Authority.

Section 7. Election or Appointment. The Chairman and Vice Chairman shall be elected at the annual meeting of the Authority from among the Commissioners of the Authority, and shall hold office for one year or until their successors are elected and qualified; provided, that the first Chairman of the Authority designated by the Mayor of the City of New Smyrna Beach, Florida, shall hold office as Chairman for the length of his initial term as Commissioner of the Authority unless otherwise indicated by said Mayor in his designation of the First Chairman.

The Secretary-Treasurer shall be appointed by the Authority. Any person appointed to fill the office of Secretary-Treasurer, or any vacancy therein, shall have such term as the Authority fixes, but no Commissioner of the Authority shall be eligible to this office except as a temporary appointee.

Section 8. Vacancies. Should the offices of Chairman or Vice-Chairman become vacant, the Authority shall elect a successor from its membership at the next regular meeting, and such election shall be for the unexpired term of said office. When the office of Secretary-Treasurer becomes vacant the Authority shall appoint a successor, as aforesaid.

Section 9. Additional Personnel. The Authority may from time to time employ such personnel as it deems necessary to exercise its powers, duties and functions as prescribed by Chapter or Section 421 Florida Statutes Annotated, and all other laws of the State of Florida, applicable thereto. The selection and compensation of such personnel (including the Secretary-Treasurer), shall be determined by the Authority subject to the Laws of the State of Florida.

ARTICLE III. MEETINGS

Section 1. Annual Meeting. The annual meeting of the Authority shall be held on the 15th day of September at 8 o'clock P.M. at the regular meeting place of the Authority. In the event such date shall fall on a

Sunday or a legal holiday, the annual meeting shall be held on the next succeeding secular day.

Section 2. Regular Meetings. Regular meetings may be held without notice at such times and places as may from time to time be determined by resolutions of the Authority.

Section 3. Special Meetings. The Chairman of the Authority may, when he deems it expedient, and shall, upon the written request of two members of the Authority, call a special meeting of the Authority for the purpose of transacting any business designated in the call. The call for a special meeting may be delivered to each member of the Authority or may be mailed to the business or home address of each member of the Authority at least two days prior to the date of such special meeting. At such special meeting no business shall be considered other than as designated in the call, but if all of the members of the Authority are present at a special meeting any and all business may be transacted at such special meeting.

Section 4. Quorum. At all meetings of the Authority a majority of the members of the Authority shall constitute a quorum for the purpose of transacting business; provided that a smaller number may meet and adjourn to some other time or until a quorum is obtained.

Section 5. Order of Business. At the regular meeting of the Authority the following shall be the order of business:

1. Roll Call
2. Reading and approval of the minutes of the previous meeting.
3. Bills and communications.
4. Report of the Secretary-Treasurer.
5. Reports of Committees.
6. Unfinished business.
7. New Business.
8. Adjournment.

All resolutions shall be in writing and shall be copied in a journal of the proceedings of the Authority.

Section 6. Manner of Voting. The voting on all questions coming before the Authority shall be by roll call, and the yeas and nays shall be entered upon the minutes of such meeting.

ARTICLE IV. AMENDMENTS.

Section 1. Amendments to By-Laws. The by-laws of the Authority shall be amended only with the approval of at least three of the members of the Authority at a regular or special meeting, but no such amendment shall be adopted unless at least seven days written notice thereof has been previously given to all of the members of the Authority.

* * * * * * * * * * * *

After discussion of Resolution No. 2, Commissioner Sapp moved, seconded by Commissioner Pruitt, that said Resolution No. 2 be finally adopted as introduced and read. The question being put on final adoption a roll call vote was had and resulted as follows:

Yeas: Commissioners Donnelly, Lynch, Pruitt, Lucas and Sapp.

Nays: None.

Whereupon the Chairman declared the motion to adopt Resolution No. 2, carried and the resolution finally adopted.

The form of a corporate seal was then submitted to the meeting and the following resolution was then introduced by Commissioner Sapp, read in full by the Secretary and considered by the Authority:

"RESOLUTION NO. 3,

BE IT RESOLVED BY THE HOUSING AUTHORITY OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

That the form of the corporate seal submitted to this meeting, be and the same is hereby adopted as the seal of this Authority and the acting-Secretary of this Authority be and he is hereby directed and authorized to imprint said seal on the margin of the minutes of this meeting and opposite this resolution.

That the Secretary-Treasurer or acting-Secretary be and is hereby authorized to affix the seal of the authority in and to all appropriate papers and documents."

After discussion of the resolution, Commissioner Sapp moved, seconded by Commissioner Lucas that Resolution No. 3 be finally adopted as introduced and read and the question of such adoption being put, a roll call vote of the Authority resulted as follows:

Yeas Commissioners Donnelly, Lynch, Pruitt, Lucas and Sapp.

Nays - None.

Whereupon the Chairman declared the motion to adopt carried and Resolution No. 3 was adopted as introduced and read.

The Chairman then announced that it was in order to elect the officers of the Authority to serve until the next annual meeting or until their successors are chosen and qualify in their stead.

Commissioner W. K. Sapp having been nominated for the office of Vice-Chairman, and there being no further nominations, it was duly moved by Commissioner Pruitt, seconded by Commissioner Lucas, that the nominations for the office of Vice-Chairman be closed and that the unanimous vote of the Authority be cast for Commissioner W.K.Sapp for the office of Vice-Chairman. A roll call vote being had on said motion, resulted as follows, Yeas - Donnelly, Lynch, Pruitt, Lucas. Nays - none. Not voting - Sapp. The Chairman then declared the motion to be duly carried and Commissioner W.K.Sapp duly elected to the office of Vice Chairman.

It was determined by the Authority, after discussion, that the office of Secretary-Treasurer should not be permanently filled for the present. It was thereupon determined to appoint one of the Commissioners of the Authority to serve as Secretary Treasurer in a temporary capacity, pending the appointment of a permanent Secretary-Treasurer, such temporary Secretary-Treasurer to serve without compensation, other than the payment of his necessary expenses.

Commissioner Fred Lynch having been nominated for the office of tempotary Secretary-Treasurer and there being no further nominations, it was duly moved by Commissioner Lucas, seconded by Commissioner Pruitt, that the nominations for the office of temporary Secretary Treasurer, be closed and that the unanimous vote of the Authority be cast for Commissioner Fred Lynch for the office of temporary Secretary-Treasurer. A roll call vote being had on said motion resulted as follows: Yeas - Donnelly, Lynch, Pruitt, Lucas and Sapp. Nays - none. The Chairman declared the motion to be duly carried and Commissioner Fred Lynch to be duly elected to the office of temporary Secretary Treasurer of the Authority.

It was unanimously agreed by the members of the Authority that the Chairman should cast the unanimous vote of those present for the offices to which they had been nominated, and Chairman Donnelly did then cast the vote of the Authority for W. K. Sapp as Vice-Chairman and for Fred Lynch as temporary Secretary-Treasurer, whereupon the said nominees did officially assume the duties of their respective offices.

A discussion was had by the members of the Authority about the time and place of their regular meeting, and the following Resolution was introduced by Commissioner Pruitt, read by the Secretary in full and considered by the Authority:

"RESOLUTION No. 4
BE IT RESOLVED BY THE HOUSING AUTHORITY OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

That the members of the Housing Authority of the City of New Smyrna Beach, Florida, shall hereafter meet regularly once each month at the hour of 8 o'clock P.M. on the fourth Tuesday of each month"

After discussion of the above Resolution No. 4 by the Authority it was moved by Commissioner Pruitt, seconded by Commissioner Lucas that the said Resolution No. 4, be finally adopted as introduced and read. A roll call vote being had upon the motion to adopt, resulted as follows: Yeas - Donnelly, Lynch, Pruitt, Lucas, Sapp. Nays - None. Whereupon the Chairman declared the said Resolution No. 4 to be finally adopted.

The Chairman announced that the need for housing in the City of New Smyrna Beach, Florida, had been determined by the City Commission of said City and directed the Secretary-Treasurer to forward to the proper Federal Authorities a transcript of the proceedings thus far taken by the City and this Authority and to seek their help and advice in furtherance of low-cost housing for this area.

It was then moved by Commissioner Sapp that the meeting adjourn and said motion being seconded by Commissioner Pruitt, a roll call vote thereon resulted as follows. Yeas - Donnelly, Lynch, Pruitt, Lucas and Sapp. Nays - None.

H. E. Donnelly

H. E. Donnelly - Chairman

A T T E S T:

Fred Lynch

Fred Lynch,
Secretary-Treasurer.

CALL OF MEETING

New Smyrna Beach, Fla.,
September 13th, 1950.

TO: Mr. J. E. Lucas,
Mr. W. K. Sapp,
Mr. Fred Lynch,
Mr. A.L.Pruitt.

You and each of you are hereby notified that I have called a meeting of the Housing Authority of the City of New Smyrna Beach, Florida, to be held at the City Hall of the City of New Smyrna Beach, Florida, on Sams Avenue in said City, at the hour of 8 o'clock P.M., Eastern Standard Time on the 15th day of September, 1950, for the purpose of organizing the said Housing Authority, adopting by-laws and a seal therefor, electing officers, and to take such other action concerning the organizing of said Housing Authority as the Members thereof may determine.

H. E. Donnelly.
H. E. Donnelly,
Chairman.

CONSENT TO MEETING.

We, the undersigned Commissioners of the Housing Authority of the City of New Smyrna Beach, Florida, do hereby accept service of the foregoing Call of Meeting, waiving any and all irregularities in such service and such call, and consent and agree that the said Commissioners of the Housing Authority of the City of New Smyrna Beach, Florida, shall meet at the time and place therein mentioned, and for the purposes therein stated.

Signed at New Smyrna Beach, Florida, this 13th day of September, 1950.

Work Experience

Orlando Regional Healthcare
Employer

Director of Community Health Improvement
Job Title

Please describe your work experience, if any.

Above is one position from a long career in healthcare, social services, county government and journalism. I have printed copies of my resume but unfortunately not one on computer.

Community Involvement

Are you currently serving on another City of New Smyrna Beach Board?

○ Yes ◉ No

If yes, which Board and when were you appointed?

Please describe any community board, groups or events you have been involved with:

Served previously on Neighborhood Council

Do you have any financial interests or business ties that could potentially come before the Board(s) you selected during your term?

○ Yes ◉ No

If yes, please provide amplifying information.

Have you had official business before the Board(s) you selected within the last five (5) years?

○ Yes ◉ No

If yes, please provide amplifying information.

Interests & Experiences

Please tell us about yourself and why are you interested in serving on a board(s)?

I am a longtime New Smryna, having lived here since 2000. I am a native of Jacksonville and previously lived in Orlando, Haines City and Tampa. For a number of years I worked in healthcare, social services and county government. I believe one should take part in the community in which one lives. I know I could make a positive contribution to the Housing Board.

Interests & Experiences

Please tell us about yourself and why are you interested in serving on a board(s)?

I am excited to be living in New Smyrna Beach after 30+ years of visiting my husband's family who own condominiums here. Having moved around a lot, I am glad to finally put down roots and believe a role on a board or committee would be a great start to meet people and for me to serve others and give back. I am interested in any role for which there is a need and seems to be a good fit.

Summary

Licensed attorney in Wisconsin and California. A combat veteran with experience working and volunteering in government, including service as Asylum Officer for Department of Homeland Security. Worked in both large and small law firms and also served as Manager of Human Resources for the distribution center of a multinational corporation. Commitment to volunteerism with background and experience living in a variety of large and small towns inside and outside of the United States, which gives a wide appreciation for understanding and navigating cultural and personal differences. Focused on supporting the City of New Smyrna Beach staff and elected officials through active participation in boards/committees or any other manner which could add value to our beautiful city.

Experience

Associate Attorney

Milwaukee Justice Center, Milwaukee, WI (2019-2021)

Assisted in preparation of legal documents for family and civil matters in conjunction with Marquette Legal Clinic. Represented indigent clients in family matters including providing financial and career counseling.

Bruck Law Offices, Milwaukee, WI (2019-2020)

Traveled throughout Wisconsin representing local hospitals and medical providers.

Grzeca Law Group, Milwaukee, WI (2019)

Upon relocating, Partner gave notice on my first day of work and I was asked to take over all business immigration. After learning of the significant backlog of cases and lack of commitment to staffing, I also departed the firm.

Fragomen, Del Rey, Bernsen & Loewy, Santa Clara, CA (2018-2019)

Prepared petitions and applications on behalf of foreign national employees of leading high technology companies.

Asylum Officer, USCIS, San Francisco, CA (2017-2018)

Conducted interviews and orientations with Asylum seekers at DHS Federal Buildings in SF as well as in detention centers. Conducted background checks and assessed jurisdictional issues prior to interviews. Granted Top Secret Clearance (2018-2023)

Guardian ad Litem, Santa Clara, CA (2015 - 2017)

Independent Contractor for the County of Santa Clara Superior Court, assigned by judge to assist adult clients involved in family and dependency litigation. Participated with case workers, housing advocates, and other agencies to find housing, counseling programs, and other services for clients.

Substitute Teacher, Palo Alto Unified School District (2009–2013)

Sought after elementary and middle school substitute teacher in exemplary Palo Alto public schools.

Substitute Teacher, Southlake Independent School District (2005-2009)

Community and School Leader various locations (1996 - Present)

Served in various non-profit educational, community, and charitable organizations to support my three wonderful children who are now in their 20's and hold successful careers in Healthcare, Science, and Sales. Board positions at Bellarmine College Preparatory School (San Jose, CA), PTA's & PTO's in public schools in CA and TX, UFL and Pop Warner football leadership, USA Swimming, Boy Scouts, Girl Scouts, various debate and robotics Teams, Jr. League of South Brevard, The Cloisters HOA, YMCA, YWCA, Meals on Wheels, Altrusa, various churches, and more.

Human Resources Manager, Nokia Dallas, TX (1993-1996)
Responsible for all aspects of HR function including hiring, training, performance management, benefits, policies and procedures. One of first employees at global manufacturing and distribution center. Responsible for core Headquarters group: handling expatriate issues, relocation, immigration, and setting up U.S. compliance and regulatory procedures.

Human Resources Manager, Aon Dallas, TX (1991-1993)
Administrative and Human Resources support for disability insurance carrier and non-profit self insurance pool, serving clients of public entities throughout Texas. Responsible for hiring process, benefits administration, orientation, member services, proof-reading and approval of official documents, and a variety of office management tasks.

Captain, U.S. Army — Fort Hood, Texas (1989-1997)
Called to active service upon completion of ROTC program at Arizona State University, assigned to duty at Ft. Hood,TX. Served in Military Intelligence Battalion as Personnel and Logistics Officer. Decorated combat service, deployed to Saudi Arabia with the 82nd Airborne.

Work Experience

Plumbline Wealth / Plumbline Real Estate
Employer

Owner
Job Title

Please describe your work experience, if any.

Extensive real estate development of upscale master planned communities as owner, consultant, and employee in a wide variety of capacities from controller, sales and marketing director, project manager, senior VP, and President. I have overseen architectural control boards, property owner associations, builder programs, sales and marketing programs and all amenities for gated and master planned communities.

Community Involvement

Are you currently serving on another City of New Smyrna Beach Board?

○ Yes ◉ No

If yes, which Board and when were you appointed?

Please describe any community board, groups or events you have been involved with:

Rotary club of NSB. NSBBOR Board of Realtors, Home builders association of Atlanta, Scottish Rite Children's hospital, Atlanta GA. E3RC a 501c3 nonprofit as executive director.

Do you have any financial interests or business ties that could potentially come before the Board(s) you selected during your term?

○ Yes ◉ No

If yes, please provide amplifying information.

Have you had official business before the Board(s) you selected within the last five (5) years?

○ Yes ◉ No

If yes, please provide amplifying information.

Interests & Experiences

Please tell us about yourself and why are you interested in serving on a board(s)?

Community service by educated and experienced professionals will enhance the proper development and oversight of New Smyrna Beach as it continues to grow and become a destination resort community. I grew up in Cocoa Beach during the space boom of the 60's and 70's and have seen every kind of real estate development from wonderful to awful. My hobbies and sports include surfing, photography and running.

THE CITY OF NEW SMYRNA BEACH - CITY CLERK'S OFFICE

REAPPOINTMENT - PERSONNEL BOARD: CONSIDER THE REAPPOINTMENT OF FIVE (5) CITIZENS TO SERVE THREE-YEAR TERMS TO EXPIRE ON MAY 1, 2028.

May 27, 2025

Background:

The Personnel Board was established under Chapter 59-1612 of the Personnel Policy of the City of New Smyrna Beach. Its primary function is to conduct hearings and review appeals. The board is composed of five members, all of whom must be registered voters residing within the city. Each member serves a three-year term and may serve no more than two consecutive terms. The City Commission may waive this term limit by a majority vote. The board meets as required.

Findings:

Expectations and Responsibilities: Maintain fairness and impartiality in all appeal hearings. Uphold the integrity and confidentiality of the appeal process. Regularly attend scheduled meetings and hearings. Understand and apply relevant city personnel policies and procedures.

Fiscal Analysis:

N/A

Strategic Plan Item:

No

F. - Personnel Board.

The Personnel Board is hereinafter created as authorized in chapter 59-1612, personnel policy, of the 1959 Related Acts of the City of New Smyrna Beach.

To hold and conduct hearings involving appeals of disciplinary action against employees.

1. *Composition of the personnel board.* The five members of the personnel board shall be selected from the electorate of the city. Each member shall serve for a period of three years. Members shall serve no more than two consecutive terms and the City Commission may waive by the affirmative vote of three commissioners the limitation that no member shall serve more than two consecutive terms when the City Commission feels that it is in the best interest of the citizens of the City of New Smyrna Beach. Members of the board shall select yearly from their own membership a chairman to serve at the pleasure of the board; the Director of Human Resources shall serve as executive secretary to the board; the assistant to the Director of Human Resources shall serve as clerk to the board or as otherwise designated by the City Manager.
2. *Qualification.* Any qualified voter residing in the city is eligible for membership on the personnel board; provided, however, that no person who has been convicted of a crime involving moral turpitude shall be eligible to hold such office.
3. *Removal.* Members of the personnel board shall serve at the pleasure of the City Commission. In the event of resignation or death of a board member or his or her removal from office, the City Commission shall appoint a member to fill the unexpired term of office. A member of the board may be removed from office with respect to any appeal proceeding if sufficient facts are found which would impair the member's impartiality and fairness in an appeal proceeding. Such removal may be limited to the proceeding in which the conflict arises.
4. *Meeting.* The personnel board shall hold meetings at the call of the chairman, Director of Human Resources, and/or City Manager as may be required for the transaction of the business of the board or when deemed necessary and ordered by a majority vote of the City Commission. The Director of Human Resources shall be responsible for scheduling the meeting.

ORDINANCE NO. 14-84

AN ORDINANCE AMENDING THE NEW SMYRNA BEACH CODE OF ORDINANCES SECTION 22-12(3)(c)1. COMPOSITION OF THE PERSONNEL BOARD TO PROVIDE THAT MEMBERS SHALL SERVE NO MORE THAN TWO (2) CONSECUTIVE TERMS AND TO PROVIDE THAT THE CITY COMMISSION MAY WAIVE BY THE AFFIRMATIVE VOTE OF THREE (3) COMMISSIONERS THE LIMITATION THAT NO MEMBERS SHALL SERVE MORE THAN TWO (2) CONSECUTIVE TERMS; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR PUBLICATION; AND PROVIDING AN EFFECTIVE DATE.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: The New Smyrna Beach Code of Ordinances, Section 22-13(3)(c)1. presently reads as follows:

> Composition of the personnel board. The five (5) members of the personnel board shall be selected from the electorate of the city. Each member shall serve for a period of three (3) years except that in the initial setup of membership of the personnel board, one member shall be selected for a term of one year, two (2) members for a term of two (2) years, and two (2) members for a term of three (3) years. On expiration of the term of membership for those initially sellected for one-year or two-year terms, their successors shall be selected for a full term of three (3) years. Members of the board shall select yearly from their own membership a chairman to serve at the pleasure of the board; the personnel officer shall serve as executive secreatary to the board; the secretary to the personnel officer shall serve as clerk to the board.

The New Smyrna Beach Code of Ordinances, Section 22-12(3)(c)1. is hereby amended to read as follows:

> Composition of the personnel board. The five (5) members of the personnel board shall be selected from the electorate of the city. Each member shall serve for a period of three (3) years except that in the initial setup of membership of the personnel board, one member shall be selected for a term of one (1) year, two (2) members for a term of two (2) years, and two (2) members for a term of three (3) years. On the expiration of the term of membership for those initially selected for one-year or two-year terms, their successors shall be selected for a full term of three (3) years. Members shall serve no more than two (2) consecutive terms and the City Commission may waive by the affirmative vote of three commissioners the limitation that no member shall serve more than two (2) consecutive terms when the City Commission feels that it is in the best interest of the citizens of the City of New Smyrna Beach. Members of the board shall select yearly from their own membership a chairman to serve at the pleasure of the board; the personnel officer shall serve as executive secretary to the board; the secretary to the personnel officer shall serve as clerk to the board.

SECTION 2: That all ordinances or parts thereof that are in conflict with this ordinance be and the same are hereby rescinded and repealed.

SECTION 3: That this ordinance shall be published by title only at least one time in a newspaper of general circulation in the City of New Smyrna Beach which said publication shall be at least ten (10) days prior to its final passage.

SECTION 4: That this ordinance shall take effect immediately upon its final passage as provided by law.

APPROVED AS TO FORM AND CORRECTNESS

Margaret T. Brewer

MARGARET T. BREWER, City Attorney

DATE: March 8, 1984

Ordinance No. 14-84 of the City of New Smyrna Beach, Florida was introduced before the City Commission at its Regular Meeting at the City Hall in said City on the 13th day of March A.D., 19 84 and read in full by title only. Motion was made by Commissioner Hill to approve Ordinance No. 14-84, which motion having been seconded by Commissioner Powell; the vote thereon being as follows:

MAYOR GEORGE E. MUSSON	YES
VICE MAYOR MARY C. HILL	YES
COMMISSIONER JAMES D. POWELL	YES
COMMISSIONER DONALD G. WILLIAMS	YES
~~COMMISSIONER CHARLES E. BRICKLEY~~	

Whereupon, the Mayor did then declare the Ordinance No. 14-84 to be approved on first reading and Public Hearing to be held on April 10, 1984.

Ordinance No. 14-84 was read in full by title only for the second time before the City Commission at its Regular Meeting at the City Hall, in the City of New Smyrna Beach, Florida on the 10th day of April A.D., 19 84, and Commissioner Powell moved, seconded by Commissioner Trovato that Ordinance No. 14-84 be adopted as introduced and read. A roll-call vote was ordered upon this motion and resulted as follows:

MAYOR GEORGE E. MUSSON	YES
VICE MAYOR DONALD G. WILLIAMS	NO
COMMISSIONER LOIS J. BRICKLEY	NO
COMMISSIONER RAYMOND R. TROVATO	YES
COMMISSIONER JAMES D. POWELL	YES

The Mayor then did declare the motion to pass Ordinance No. 14-84 was thereby enacted, as introduced and read.

The City Clerk was instructed to note the passage of Ordinanace No. 14-84 in the minutes of this meeting by its title only and to record the same in full, in the Ordinance Records of the City at the City Hall, in the City of New Smyrna Beach, Florida, this 11th day of April A.D., 19 84, and has caused the Official Seal of said City to be here-unto affixed, for the purpose of authenticity and as is required by law.

George E. Musson
As Mayor of the
City of New Smyrna Beach, Florida

(OFFICIAL SEAL)

As City Clerk of the City of
New Smyrna Beach, Florida

Interests & Experiences

Please tell us about yourself and why are you interested in serving on a board(s)?

Now being retired and not working long and intense weeks, I have to time to give back to my community. As a resident for almost 11 years now, I would like to see New Smyrna continue to be the best place to work and live. I was very fortunate to have mentors and leaders who assisted me during my working career. It is time to pay it forward as others have done.

Strayer University, MBA, Human Resources **2010**

THE CITY OF NEW SMYRNA BEACH - CITY CLERK'S OFFICE

BOARD VACANCY ADVERTISEMENT: HISTORIC PRESERVATION COMMISSION

May 27, 2025

Background:

The Historic New Smyrna Beach Preservation Commission is responsible for protecting and preserving the city's historic buildings, landmarks, districts, and archaeological sites. The commission is a part of the local government's broader effort to maintain the cultural heritage of the community. Its establishment is in alignment with national and state preservation goals, including the National Historic Preservation Act, which encourages local governments to engage in preserving historic resources.

Findings:

The Historic Preservation Commission is composed of 7 members, who must be residents of New Smyrna Beach, with up to 3 members allowed from the annexation area. Members are appointed by the city commission for staggered 3-year terms, with vacancies filled within 60 days.

The commission must include a balance of professional and lay members. Professional members should have expertise in fields such as architecture, history, archaeology, urban planning, or cultural studies. Lay members must demonstrate a special interest or experience in historic preservation.

Fiscal Analysis:

THE CITY OF NEW SMYRNA BEACH - CITY ATTORNEY'S OFFICE

PROPOSED LEGISLATIVE BILL SUMMARIES, WEEKS FOUR AND FIVE OF FLORIDA'S LEGISLATIVE SESSION.

May 27, 2025

Background:

Florida's legislative session continued over the past two weeks. The majority of the bills previously reported are making their way through the committees and may be altered in the next few weeks. The Florida legislature is halfway through their term. The City Attorney's report highlights a few new bills that are being considered.

Findings:

1st Report: Several property tax bills have been filed, including the bills listed below. At this time, none of the bills have been heard in a committee. The bills could limit or eliminate property taxes. HB 359 Property Tax Exemptions; SB 852 Study on the Elimination of Property Taxes; HB 775 and SB 1092 Revising How Homestead Property is Assessed; HB 787 and SB 996 Revenues from Ad Valorem Taxes; and SB 1018 Increased Homestead Property Exemptions.

HB 301 - Sovereign Immunity/Suits Against the Government: the proposed bill would increase the statutory limits on liability for tort claims against the State (and City) from $200,000 per person and $300,000 per incident to $1 million per person and $3 million per incident. The bill would also remove the need for a claims bill from insurance companies before paying out claims.
2 April Update: The bill was considered in the House Budget Committee and remains active.

HB 991 and SB 1242: Community Redevelopment Agencies – Neither bill has been heard in a committee. HB 991 has two committee references and SB 1242 has three committee references. The bill would prohibit new CRAs in FL; would stop issuance of new projects or debt as of 1 October 2025; and eliminate all CRAs by 2045.
2 April Update: The bill was considered by the Senate Judiciary Committee and remains active.

2nd Report: SB 582 and HB 717: Unlawful Demolition of Historical Buildings and Structures – The bills seek to address concerns that developers are tearing down historic buildings. Current fines for demolition of historic buildings are low and do not creative a substantial deterrent to builders who are willing to pay the fine, and incorporate the cost into the home sale price. The bills would increase the penalty for tearing down a historic

building without a permit.

SB 1118 and HB 1209: Land Use and Development Regulations are broad growth management bills that reduce local government authority over land use and development regulations, favoring developers. The bills prohibit optional elements of local comprehensive plans from restricting development density or intensity. They also require a supermajority vote for any comprehensive plan amendment that increases development restrictions. Additionally, they allow property owners to sue if a local government fails to adopt a requested comprehensive plan amendment within 180 days, requiring courts to determine compliance with state law without deferring to local government interpretation. The bills further limit local authority over impact fees by narrowing the definition of "extraordinary circumstances." They strictly define such circumstances as events beyond local control that prevent the intended use of impact fee funds, making it harder for cities to justify fee increases beyond statutory limits.
2 April Update: The bill was amended and went to the Senate Community Affairs Committee. The bill remains active.

SB 810: Stormwater Management Systems – This bill would require cities to inspect their stormwater systems every year and sign a Division of Emergency Managment form attesting to the state of those systems.
2 April Update: The bill has been revised and would no longer require an annual inspection.

3rd Report: HB 1183 and SB 1576 exempt cities from liability in connection with a cybersecurity incident if the local entity has substantially complied with current training and cybersecurity standards required by section 282.3185, Florida Statutes.

HB 683 and SB 712 prohibit local governments from regulating synthetic turf installed in single-family residential areas one acre or less in size or enforcing any rules that prevent property owners from installing synthetic turf.
