Pursuant to Federal Rule (I) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term and after the awarded term of an award for all contracts by Participating Public Agency resulting from this procurement process, the offeror certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

(1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding $100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

RECORD RETENTION REQUIREMENTS FOR CONTRACTS INVOLVING FEDERAL FUNDS

When federal funds are expended by Participating Public Agency for any contract resulting from this procurement process,

offeror certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. The offeror further certifies that offeror will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When Participating Public Agency expends federal funds for any contract resulting from this procurement process, offeror certifies that it will comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18).

Does offeror agree? YES _____ Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH BUY AMERICA PROVISIONS

To the extent purchases are made with Federal Highway Administration, Federal Railroad Administration, or Federal Transit Administration funds, offeror certifies that its products comply with all applicable provisions of the Buy America Act and agrees to provide such certification or applicable waiver with respect to specific products to any Participating Public Agency upon request. Purchases made in accordance with the Buy America Act must still follow the applicable procurement rules calling for free and open competition. Additionally:

(1) The Contractor agrees to comply with 49 USC 5323(j) and 49 CFR Part 661, which provide that federal funds may not be obligated unless steel, iron and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR 661.7.A general public interest waiver from the Buy America requirements applies to microprocessors, computers, microcomputers, software or other such devices, which are used solely for the purpose of processing or storing data. This general waiver does not extend to a product or device that merely contains a microprocessor or microcomputer and is not used solely for the purpose of processing or storing data. Separate requirements for rolling stock are set out at 5323(j)(2)(C) and 49 CFR 661.11.

(2) A bidder or offeror must submit to the FTA recipient the appropriate Buy America certification with all bids on FTA-funded contracts, except those subject to a general waiver. Bids or offers that are not accompanied by a completed Buy America certification must be rejected as nonresponsive. This requirement does not apply to lower tier subcontractors.

The following certificates titled FTA and DOT Buy America Certification should be completed and returned with the response as part of FTA and DOT requirements.

FEDERAL TRANSIT ADMINISTRATION (FTA) AND DEPARTMENT OF TRANSPORTATION (DOT) - BUY AMERICA: CERTIFICATION REQUIREMENT FOR PROCUREMENTOF ROLLING STOCK

CERTIFICATE OF COMPLIANCE
(select one of the two options, NOT BOTH)
Certificate of Compliance with 49 USC §5323(j)
The proposer hereby certifies that it will comply with the requirements of 49 U.S.C. 5323(j), and the applicable regulations of 49 CFR 661.11.
Check for YES: ☐

OR

Certificate of <u>Non-Compliance</u> with 49 USC §5323(j)

The proposer hereby certifies that it cannot comply with the requirements of 49 U.S.C. 5323(j), but may qualify for an exception to the requirement consistent with 49 U.S.C. 5323(j)(2)(C), and the applicable regulations in 49 CFR 661.7.

FEMA SPECIAL CONDITIONS

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

“Contract” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the “Master Agreement”.

“Contractor” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as “Supplier” or “Awarded Supplier”.

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a “financial interest” to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an “apparent” conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency (“NFE”) must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE’s may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE’s written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE’s employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security’s regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Notice of Legal Matters Affecting the Federal Government

In the event FTA or DOT funding is used by Participating Public Agency, Contractor agrees to:

1) The Contractor agrees that if a current or prospective legal matter that may affect the Federal Government emerges, the Contractor shall promptly notify the Participating Public Agency of the legal matter in accordance with 2 C.F.R. §§ 180.220 and 1200.220.

2) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

3) The Contractor further agrees to include the above clause in each subcontract, at every tier, financed in whole or in part with Federal assistance provided by the FTA.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

a. Equal opportunity and nondiscrimination laws

b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7

c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Bid Guarantee

For proposals that are to include construction/reconstruction/renovation and related services, bids must be accompanied by Certified or Cashier's Check or an approved Bid Bond in the amount of not less than five percent (5%) of the total bid. Surety shall provide a copy of the Power of Attorney authorizing the Executing Agent the authority to execute the bid bond documents and bind the surety to the bid bond conditions. The bid bond shall have a corporate Surety that is licensed to conduct business in the state of the lead agency and authorized to underwrite bonds in the amount of the bid bond.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. CONTRACT REMEDIES

Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at $250,000 for procurements made on or after June 20, 2018,4 must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability

This contract provision is required for contracts over the SAT, currently set at $250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations

For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than $100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. TERMINATION FOR CAUSE AND CONVENIENCE

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246, *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other

employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the

Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

a. Standard. All prime construction contracts in excess of $2,000 awarded by non- Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.

c. Requirements. If applicable, the non-federal entity must do the following:

i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any

part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of
$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental,

developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with

obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor,_____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. DOMESTIC PREFERENCES FOR PROCUREMENTS

As appropriate, and to the extent consistent with law, CONTRACTOR should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.

Applicability For purchases in support of FEMA declarations and awards issued on or after November 12, 2020, all FEMA recipients and subrecipients are required to include in all contracts and purchase orders for work or products a contract provision encouraging domestic preference for procurements.

Domestic Preference for Procurements As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase,

acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber."

13. **ACCESS TO RECORDS**

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or Comptroller General.

Access to Records. The following access to records requirements apply to this contract:

i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

iv. In compliance with the Disaster Recovery Act of 2018, the Participating Public Agency and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

14. CHANGES

a. Standard. To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes

clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

15. DHS SEAL, LOGO, AND FLAGS

a. Standard. Recipients must obtain permission prior to using the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials. See DHS Standard Terms and Conditions: Version 8.1 (2018).

b. Applicability. FEMA recommends that all non-Federal entities place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

c. "The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

16. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

a. Standard. The recipient and its contractors are required to comply with all Federal laws, regulations, and executive orders.

b. Applicability. FEMA recommends that all non-Federal entities place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable Federal law, regulations, executive orders, and FEMA policies, procedures, and directives.

c. "This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives."

17. NO OBLIGATION BY FEDERAL GOVERNMENT

a. Standard. FEMA is not a party to any transaction between the recipient and its contractor. FEMA is not subject to any obligations or liable to any party for any matter relating to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

18. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

c. "The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract."

Offeror agrees to comply with all terms and conditions outlined in the FEMA Special Conditions section of this solicitation.

FEDERAL TRANSIT ADMINISTRATION (FTA) AND DEPARTMENT OF TRANSPORTATION (DOT) SPECIAL CONDITIONS

Awarded Supplier(s) (also referred to as Contractors) may be asked to provide products and services to agencies following Federal Transit Administration and/or Department of Transportation requirements. By submitting a response, the Supplier is accepting these FTA and DOT Special Conditions.

NO GOVERNMENT OBLIGATION TO THIRD PARTIES

These requirements do not apply to micro-purchases ($10,000 or less, except for construction contracts over $2,000).

(1) The Participating Public Agency and contractor/vendor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the purchaser, contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

(2) The contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

These requirements do not apply to micro-purchases ($10,000 or less, except for construction contracts over $2,000)

(1) The contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies, "49 CFR Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the contractor to the extent the Federal Government deems appropriate.

(2) The contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. 5307, the Government reserves the right to impose the penalties of 18 U.S.C. 1001 and 49 U.S.C. § 5323(l) on the contractor, to the extent the Federal Government deems appropriate.

(3) The contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

ACCESS TO RECORDS AND REPORTS

(1) Record Retention. The Contractor will retain, and will require its subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the contract, including, but not limited to, data, documents, reports, statistics, sub-agreements, leases, subcontracts, arrangements, other third party agreements of any type, and supporting materials related to those records.

(2) Retention Period. The Contractor agrees to comply with the record retention requirements in accordance with 2 C.F.R. § 200.333. The Contractor shall maintain all books, records, accounts and reports required under this Contract for a period of at not less than three (3) years after the date of termination or expiration of this

Contract, except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case records shall be maintained until the disposition of all such litigation, appeals, claims or exceptions related thereto.

(3) Access to Records. The Contractor agrees to provide sufficient access to FTA and its contractors to inspect and audit records and information related to performance of this contract as reasonably may be required.

(4) Access to the Sites of Performance. The Contractor agrees to permit FTA and its contractors access to the sites of performance under this contract as reasonably may be required.

FEDERAL CHANGES

(1) Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this Contract.

Contractor agrees to:

a) Maintain all books, records, accounts and reports required under this Contract for a period of not less than three (3) years after the date of termination or expiration of this Contract or any extensions thereof except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case Contractor agrees to maintain same until Public Agency, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto.

b) Permit any of the foregoing parties to inspect all work, materials, payrolls, and other data and records with regard to the Project, and to audit the books, records, and accounts with regard to the Project and to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed for the purpose of audit and examination.

FTA does not require the inclusion of these requirements of Article 1.01 in subcontracts. Reference 49 CFR 18.39 (i)(11).

CIVIL RIGHTS / TITLE VI REQUIREMENTS

The Participating Public Agency is an Equal Opportunity Employer. As such, the Participating Public Agency agrees to comply with all applicable Federal civil rights laws and implementing regulations. Apart from inconsistent requirements imposed by Federal laws or regulations, the Participating Public Agency agrees to comply with the requirements of 49 U.S.C. § 5323(h) (3) by not using any Federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications.

Under this Agreement, the Contractor shall at all times comply with the following requirements and shall include these requirements in each subcontract entered into as part thereof.

(1) Nondiscrimination – In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. 20000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. 6102, section 202 of the Americans with disabilities Act of 1990, 42 U.S.C. 12132, and Federal transit law at 49 U.S.C. 5332, the contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(2) Equal Employment Opportunity – The following equal employment opportunity requirements apply to the underlying contract:

(a) **Race, Color, Creed, National Origin, Sex**. In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e et seq., and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. chapter 60, and Executive Order No. 11246, "Equal Employment Opportunity in Federal Employment," September 24, 1965, 42 U.S.C. § 2000e note, as

amended by any later Executive Order that amends or supersedes it, referenced in 42 U.S.C. § 2000e note. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, national origin, or sex (including sexual orientation and gender identity). Such action shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(b) **Age** - In accordance with the Age Discrimination in Employment Act, 29 U.S.C. §§ 621-634, U.S. Equal Employment Opportunity Commission (U.S. EEOC) regulations, "Age Discrimination in Employment Act," 29 C.F.R. part 1625, the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6101 et seq., U.S. Health and Human Services regulations, "Nondiscrimination on the Basis of Age in Programs or Activities Receiving Federal Financial Assistance," 45 C.F.R. part 90, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(c) **Disabilities** - In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 et seq., the Architectural Barriers Act of 1968, as amended, 42 U.S.C. §4151 et seq., and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against individuals on the basis of disability. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(3) The contractor also agrees to include these requirements in each subcontract financed whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

INCORPORATION OF FTA 4220.1F TERMS

(1) The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

(2) Flow Down – The incorporation of FTA terms has unlimited flow down.

DISADVANTAGED BUSINESS ENTERPRISE (DBE)

The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

1) Withholding monthly progress payments;

2) Assessing sanctions;

3) Liquidated damages; and/or

4) Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

5) Non-Discrimination Assurances. Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. Contractor shall carry out all applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may

result in the termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).

6) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of Participating Public Agency.

7) DBE Program. In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

ENERGY CONSERVATION REQUIREMENTS

Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plans issued under the Energy Policy and Conservation Act, as amended, 42 U.S.C. Sections 6321 et seq. and 41 CFR Part 301-10.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

1) The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

2) Flow Down – The incorporation of FTA terms has unlimited flow down.

SUSPENSION AND DEBARMENT

The Contractor shall comply and facilitate compliance with U.S. DOT regulations,

"Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Government Wide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of $25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

a) Debarred from participation in any federally assisted Award;

b) Suspended from participation in any federally assisted Award;

c) Proposed for debarment from participation in any federally assisted Award;

d) Declared ineligible to participate in any federally assisted Award;

e) Voluntarily excluded from participation in any federally assisted Award; or

f) Disqualified from participation in ay federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the AGENCY. If it is later determined by the AGENCY that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the AGENCY, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

CARGO PREFERENCE REQUIREMENTS

Use of United States-Flag Vessels. The contractor agrees:

1) To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels.

2) To furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington D.C. 20590 and the FTA recipient (through the contractor in the case of a subcontractor's bill-of lading).

3) To include these requirements in all subcontracts issued pursuant to the contract when the subcontract may involve the transport of equipment, materials, or commodities by ocean vessel.

FLY AMERICA

Fly America Requirements:

1) Definitions. As used in this clause- "International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States. "United States" means the 50 States, the District of Columbia, and outlying areas. "U.S.-flag air carrier" means an air carrier holding a certificate under 49 U.S.C. Chapter 411.

2) When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, recipients,

and others use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

3) If available, the contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

4) In the event that the contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403.

Stated Reason(s):_____
_____
_____

5) The contractor shall include the substance of this clause, including this paragraph, in each subcontract or purchase under this contract that may involve international air transportation.

RECYCLED PRODUCTS

1) The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), “Comprehensive Procurement Guideline for Products Containing Recovered Materials,” 40 C.F.R. part 247.

CONFORMANCE WITH ITS NATIONAL ARCHITECTURE

When applicable:

1) Contractor shall conform, to the extent applicable, to the National Intelligent Transportation Standards architecture as required by SAFETEA-LU Section 5307(c), 23 U.S.C. Section 512 and as amended by MAP-21 23 U.S.C. § 517(d), note and follow the provisions of FTA Notice, “FTA National Architecture Policy on Transit Projects,” 66 Fed. Reg.1455 et seq., January 8, 2001, and any other implementing directives FTA may issue at a later date, except to the extent FTA determines otherwise in writing.

ADA ACCESS

1) In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 et seq., the Architectural Barriers Act of 1968, as amended, 42 U.S.C. § 4151 et seq., and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against individuals on the basis of disability. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

SAFE OPERATION OF MOTOR VEHICLES

1) *Seat Belt Use* - The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-

rented vehicles, or personally operated vehicles. The terms “company-owned” and “company-leased” refer to vehicles owned or leased either by the Contractor or Participating Public Agency.

2) *Distracted Driver* - The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contactor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this agreement.

PROMPT PAYMENT

1) The Prime Contractor shall pay any Subcontractor for work that has been satisfactorily performed no later than thirty (30) days from the date of the Prime Contractor’s receipt of each payment made by the Participating Public Agency. Additionally, within thirty (30) days of satisfactory completion of all work required of the Subcontractor, the Prime Contractor shall release any retainage payments withheld to the Subcontractor.

FTA PROTEST NOTIFICATION

A protestant must exhaust all Participating Public Agency Procurement administrative procedures and remedies before pursuing a protest with the FTA.

1) Any and all protests shall be in writing and shall be filed with the Purchasing Manager with the Participating Public Agency. A protest relating to the process for determining the most responsive and responsible contractor shall be filed within five (5) business days after the protestor knows or should have known the basis of the determination. The Contract Officer shall respond to a protest within fourteen (14) calendar days after the receipt of the protest. The Purchasing Manager may grant the Contract Officer an extension for the response if warranted. A request for reconsideration of any and all determinations by the Contract Officer shall be filed with the Purchasing Manager within seven (7) calendar days after the receipt of the determination.

2) A protest shall include:

    a. The name, address, and telephone number, including FAX number if available, of the protestor;

    b. The signature of the protestor or authorized representative;

    c. Identification of the contract/solicitation;

    d. A detailed statement of the legal and/or factual grounds of protest including copies and/or citations of relevant documents, and;

    e. The form of relief requested.

3) If any of the above information is omitted or incomplete, then the Protestor shall be notified, in writing, within two (2) calendar days after that determination, and the Protestor shall have two (2) calendar days in which to remedy the specified problem.

4) The Participating Public Agency will not make award prior to the resolution of a protest, or open bids prior to resolution of a protest filed before bid opening unless the Purchasing Manager determines in writing that it is in the best interests of the Participating Public Agency or in keeping with Item 7 of this

procedure to do otherwise. Potential contractors will be advised of a pending protest if the protest is filed before award.

5) The Purchasing Manager may allow for an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties include all bidding contractors, and may also include a subcontractor or supplier provided they have a substantial economic interest in a portion of the IFB or RFP.

6) The Purchasing Manager shall respond "in writing", in detail, to each substantial issue raised in the protest. The Purchasing Manager has the sole authority to make determinations for the Participating Public Agency, and a determination shall be considered final when it is labeled as such. A request for reconsideration will be allowed by the Purchasing Manager if he determines that data has become available that was not previously known, or that there has been an error of law or regulation.

7) The Participating Public Agency may proceed with procurement when a protest is pending if the Participating Public Agency determines that:

    a. The items to be procured are urgently required;

    b. Delivery or performance will be unduly delayed by failure to make the award promptly; or

    c. Failure to make award will otherwise cause undue harm to the grantee for the Federal Government.

8) FTA will only entertain a protest that alleges:

    a. The Participating Public Agency failed to have or to adhere to its protest procedures, or failed to review a complaint or protest; or

    b. Violations of Federal law or regulation.

9) A protest to FTA must be filed in accordance with FTA Circular 4220.1F, available from the Contract Officer. Specifically, protestors shall file a protest with FTA Region 9 or FTA Headquarters Office no later than five (5) days after a final decision is rendered under the Participating Public Agency's protest procedure. In instances where the protestor alleges that the Participating Public Agency failed to make a final determination on the protest, protestors shall file a protest with FTA not later than five (5) calendar days after the protester knew or should have known of the grantee's failure to render a final determination on the protest.
A protest filed with FTA shall:

    a. Include the name and address of the protestor.

    b. Identify the grantee, project number, and the number of the contract solicitation.

    c. Contain a statement of the grounds for protest and any supporting documentation. This should detail the alleged failure to have or adhere to protest procedures, failure to review a complaint or protest; or Violation of Federal law or regulation.

    Include a copy of the local protest filed with the grantee and a copy of the grantee's decision, if any.

NEW JERSEY BUSINESS COMPLIANCE

Suppliers intending to do business in the State of New Jersey must comply with policies and procedures required under New Jersey statues. All offerors submitting proposals must complete the following forms specific to the State of New Jersey. Completed forms should be submitted with the offeror's response to the RFP. Failure to complete the New Jersey packet will impact OMNIA Partners' ability to promote the Master Agreement in the State of New Jersey.

DOC #1 Ownership Disclosure Form

DOC #2 Non-Collusion Affidavit

DOC #3 Affirmative Action Affidavit

DOC #4 Political Contribution Disclosure Form

DOC #5 Stockholder Disclosure Certification

DOC #6 Disclosure of Investment Activities in Iran, Russia and Belarus

DOC #7 New Jersey Business Registration Certificate

DOC #8 EEOAA Evidence

DOC #9 MacBride Principals Form

New Jersey suppliers are required to comply with the following New Jersey statutes when applicable:

- all anti-discrimination laws, including those contained in N.J.S.A. 10:2-1 through N.J.S.A. 10:2-14, N.J.S.A. 10:5-1, and N.J.S.A. 10:5-31 through 10:5-38;

- Prevailing Wage Act, N.J.S.A. 34:11-56.26, for all contracts within the contemplation of the Act;

- Public Works Contractor Registration Act, N.J.S.A. 34:11-56.26; and

- Bid and Performance Security, as required by the applicable municipal or state statutes.

STATEMENT OF OWNERSHIP DISCLOSURE

N.J.S.A. 52:25-24.2 (P.L. 1977, c.33, as amended by P.L. 2016, c.43)

This statement shall be completed, certified to, and included with all bid and proposal submissions. Failure to submit the required information is cause for automatic rejection of the bid or proposal.

MANDATORY AFFIRMATIVE ACTION LANGUAGE

PROCUREMENT, PROFESSIONAL AND SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of it testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
    a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
    b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
    c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
    d. The form may be used "as-is", subject to edits as described herein.
    e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
    f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
    - of the public entity awarding the contract
    - of that county in which that public entity is located
    - of another public entity within that county
    - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Required Pursuant to N.J.S.A. 19:44A-20.26

This form or its permitted facsimile must be submitted to the local unit no later than 10 days prior to the award of the contract.

Part I – Vendor Information

Vendor Name:			
Address:			
City:		State:	Zip:

The undersigned being authorized to certify, hereby certifies that the submission provided herein represents compliance with the provisions of N.J.S.A. 19:44A-20.26 and as represented by the Instructions accompanying this form.

Signature	Printed Name	Title

Part II – Contribution Disclosure

Disclosure requirement: Pursuant to N.J.S.A. 19:44A-20.26 this disclosure must include all reportable political contributions (more than $300 per election cycle) over the 12 months prior to submission to the committees of the government entities listed on the form provided by the local unit.

DISCLOSURE OF INVESTMENT ACTIVITIES IN IRAN, RUSSIA AND BELARUS
N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4) and N.J.S.A. 52:32-60.1

Pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4) and N.J.S.A. 52:32-60.1 any person or entity that submits a bid or proposal or otherwise proposes to enter into or renew a contract must certify that neither the person nor entity, nor any of its parents, subsidiaries, or affiliates, is identified on the New Jersey Department of the Treasury's Chapter 25 List as a person or entity engaged in investment activities in Iran, Russia or Belarus. The Chapter 25 list is found on the Division's website at https://www.state.nj.us/treasury/purchase/. Vendors/Bidders must review this list prior to completing the below certification. If the Qualified Purchasing Agent of the Atlantic County Utilities Authority finds a person or entity to be in violation of the law, he shall take action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

CHECK THE APPROPRIATE BOX

☐ I certify, pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4), and N.J.S.A. 52:32-60.1 that neither the Vendor/Bidder listed above nor any of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List of entities determined to be engaged in prohibited activities in Iran, Russia or Belarus.

OR

☐ I am unable to certify as above because the Vendor/Bidder and/or one or more of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List. I will provide a detailed, accurate and precise description of the activities of the Vendor/Bidder, or one of its parents, subsidiaries or affiliates, has engaged in regarding investment activities in Iran by completing the information requested below.

Entity Engaged in Investment Activities _____

Relationship to Vendor/ Bidder _____

Description of Activities _____

_____

_____

Duration of Engagement _____

Anticipated Cessation Date _____

Attach Additional Sheets If Necessary.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the ACUA is relying on the information contained herein, and that the Vendor is under a continuing obligation from the date of this certification through the completion of any contract(s) with the ACUA to notify the Qualified Purchasing Agent in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of my agreement(s) with the ACUA, I am permitting the ACUA to declare any contract(s) resulting from this certification void and unenforceable.

MACBRIDE-PRINCIPLES

STATE OF NEW JERSEY DEPARTMENT OF THE TREASURY
DIVISION OF PURCHASE AND PROPERTY

33 WEST STATE STREET, P.O. BOX 230
TRENTON, NEW JERSEY 08625-0230

MACBRIDE PRINCIPALS FORM

BID SOLICITATION #: _____ **VENDOR/BIDDER:** _____

VENDOR'S/BIDDER'S REQUIREMENT TO PROVIDE A CERTIFICATION IN COMPLIANCE WITH THE MACBRIDE PRINCIPALS AND NORTHERN IRELAND ACT OF 1989

Pursuant to Public Law 1995, c. 134, a responsible Vendor/Bidder selected, after public bidding, by the Director of the Division of Purchase and Property, pursuant to N.J.S.A. 52:34-12, must complete the certification below by checking one of the two options listed below and signing where indicated. If a Vendor/Bidder that would otherwise be awarded a purchase, contract or agreement does not complete the certification, then the Director may determine, in accordance with applicable law and rules, that it is in the best interest of the State to award the purchase, contract or agreement to another Vendor/Bidder that has completed the certification and has submitted a bid within five (5) percent of the most advantageous bid. If the Director finds contractors to be in violation of the principals that are the subject of this law, he/she shall take such action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

I, the undersigned, on behalf the Vendor/Bidder, certify pursuant to N.J.S.A. 52:34-12.2 that:

CHECK THE APPROPRIATE BOX

☐ The Vendor/Bidder has no business operations in Northern Ireland; or

OR

☐ The Vendor/Bidder will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principals of nondiscrimination in employment as set forth in section 2 of P.L. 1987, c. 177 (N.J.S.A. 52:18A-89.5) and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of its compliance with those principals.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor/Bidder, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, and that the Vendor/Bidder is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of **my** agreement(s) with the State, permitting the State to declare any contract(s) resulting from this certification to be void and unenforceable.

COVER LETTER

6/23/2023

RE: Solicitation No. 23-04—Region 4 Education Service Center for Roofing Products, Services, and JOC Services

Weatherproofing Technologies Inc. ("WTI") and its affiliate Tremco CPG, Inc. (Tremco) are pleased to present our Region 4 ESC RFP Response. Our comprehensive response represents our approach and demonstrated success in providing the types of services requested in the RFP. We believe as evidenced from our many years of working under Region 4 ESC, OMNIA Partners contacts it is very clear we can provide the services and products required by OMNIA members. Managing facilities can be complex. Procuring comprehensive and cost effective solutions shouldn't be. Identifying the problem and defining the technical solution only solves part of the problem. OMNIA members want and need to procure high-quality, cost-effective, and comprehensive building envelope solutions without sacrificing transparency, which WTI can provide under the contract.

WTI brings 62 years of experience in delivering superior solutions to both basic and complicated exterior building, roofing, fall protection, parking garage, waterproofing, indoor air quality, HVAC restoration, paving, and flooring projects. While our affiliate company, Tremco, has been providing roofing and building envelope materials and services for more than 95 years.

Coupled with an extensive Tremco CPG portfolio, WTI and Tremco is the industry leader in providing roofing and building enclosure solutions. The Tremco portfolio includes Tremco Roofing and Building Maintenance, WTI, Tremco Commercial Sealants & Waterproofing, Dryvit Systems (insulated exterior finish system), Nudura (insulated concrete wall system), Prebuck LLC, (pre-engineered wall system), and Willseal (durable expansion joint systems). In tandem with WTI's full-service design build GC capabilities, these manufacturing resources, along with WTI Pure Air (HVAC analysis and restoration, disinfecting and sanitizing services), CanAm (building envelope sealing) and sister company, Stonhard (sustainable and high performance flooring) give OMNIA members a unique, single point of contact for all their building envelope, flooring and paving needs. In addition, WTI's National Cooperative Contractor Network provides OMNIA members with another way to compliantly procure solutions through a network of highly qualified, local, best-in-class pre-qualified contractors.

WTI, Tremco and our In-Network Contractors have provided cost-effective solutions to increase performance while reducing costs for numerous public agencies, many of which are OMNIA members, across North America, both large and small. This has resulted in many long term partnerships. This continues to be our goal and has been demonstrated through our long history with successfully performing on Region 4 ESC contracts since 2004.

In an effort to continue to provide the best value to OMNIA's membership, we have increased our material only discount, lowered our RS Means coefficient, and added additional value add line items to further enhance contract usability by OMNIA members nationwide. As part of our bid submission, we have provided bid bonds for the State of Texas and the State of Michigan in hard copy. The State of Texas bond is per the RFP requirements. The State of Michigan bond is provided to meet Michigan's bidding requirements.

Please feel free to contact us with any questions or comments. Thank you for consideration of our proposal submission.

Sincerely,

Craig A. Nelson
VP WTI GC Strategy
Weatherproofing Technologies Inc. and Tremco

PRODUCT CATALOGUE SHEETS

Tremco Construction Products Group (CPG) has made 1000s of product sheets available for our customers. To make it easier for our customers to find information on specific products we have conveniently made them available on-line through our website.

COMPANY GOVERNANCE—THE VALUE OF 168 ONLINE

The Value of 168 is the corporate philosophy set forth by the company's founder Frank C. Sullivan. It is a unique form of corporate governance that signifies RPM's, WTI's parent company, enduring commitment to conduct business by doing the right things, the right way for the right reasons—on behalf of its associates, customers and shareholders.

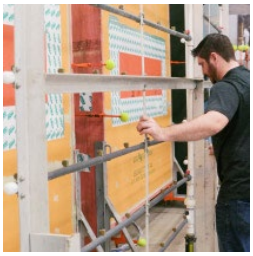
WARRANTY INFORMATION—THE POWER OF ONE

One Building Envelope. One Warranty. One Powerful System Delivering Unmatched Protection for Your Building. Additional information on our Warranty program.

QUALITY CONTROL—ISO 9001:2015

Both Tremco CPG Inc. and WTI (Weatherproofing Technologies, Inc.) are ISO 9001:2015 certified organizations. This is the highest level of quality certification that can be achieved in this class. Press the hyperlink to learn more and get a copy of our certifications.

ISO
9001:2015



TREMCO QUALITY CONTROL CUSTOMER SATISFACTION PROGRAM

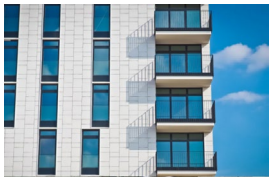
Tremco partnered with ASU to implement a quality control program that assists Tremco to better serve our customers by tracking and documenting the performance information of all the warranted projects. To learn more about the program and see our ***ASU Performance Summary*** press the hyperlink.

BUILDING SCIENCE LIBRARY

Open to the construction and design industry, our Building Science Laboratory in Cleveland, Ohio conducts full wall assembly testing for air and moisture infiltration, thermal conductivity, as well as building material compatibility. With safety and sustainability in mind, we push the limits of building envelope testing beyond industry standards to help ensure buildings withstand real-world environmental conditions.

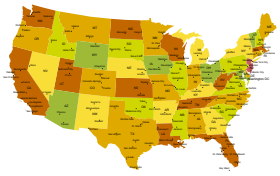
BUILDING DESIGN VISUALIZER

Customize the look of your building or parking garage and explore the products to bring it to life with our on-line building design app. You can choose a preloaded scene or upload your own. Create an account to save and access previous projects.



OFF-SITE CONSTRUCTION

Build better buildings, faster with off-site construction. Tremco CPG offers a complete line of products for your building envelope. Don't Waste Time Sourcing Materials from Multiple Manufacturers. We have everything you need to construct a proven building envelope in a factory setting.



RESTORATION GUIDES FOR COMMON BUILDING EXTERIOR ISSUES

The web-link will take you to our library of guides that help you identify and resolve typical building issues. All our guides are downloadable for easy reference.

NEED TO FIND A REP

To find reps for your next project we offer a on-line find-your-rep app. Once you're on our site, just click on the state you would like to find a rep. Each name is interactive—providing you with contact information and their location.

DRAFT CONTRACT AND OFFER AND CONTRACT SIGNATURE FORM APPENDIX A

TERMS AND CONDITIONS ACCEPTANCE FORM (APPENDIX B)

APPENDIX A

DRAFT CONTRACT

This Contract ("Contract") is made as of _____, 202X by and between _____ _____ ("Contractor") and Region 4 Education Service Center ("Region 4 ESC") for the purchase of _____("the products and services").

RECITALS

WHEREAS, Region 4 ESC issued Request for Proposals Number R_____ for _____ ("RFP"), to which Contractor provided a response ("Proposal"); and

WHEREAS, Region 4 ESC selected Contractor's Proposal and wishes to engage Contractor in providing the services/materials described in the RFP and Proposal;

WHEREAS, both parties agree and understand the following pages will constitute the Contract between the Contractor and Region 4 ESC, having its principal place of business at 7145 West Tidwell Road, Houston, TX 77092.

WHEREAS, Contractor included, in writing, any required exceptions or deviations from these terms, conditions, and specifications; and it is further understood that, if agreed to by Region 4 ESC, said exceptions or deviations are incorporated into the Contract.

WHEREAS, this Contract consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth below shall control.

WHEREAS, the Contract will provide that any state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies") may purchase products and services at prices indicated in the Contract upon the Public Agency's registration with OMNIA Partners.

1) Term of agreement. The term of the Contract is for a period of three (3) years unless terminated, canceled or extended as otherwise provided herein. Region 4 ESC shall have the right to renew the Contract for two (2) additional one-year periods or portions thereof. Region 4 ESC shall review the Contract prior to the renewal date and notify the Contractor of Region 4 ESC's intent renew the Contract. Contractor may elect not to renew by providing three hundred sixty-five days' (365) notice to Region 4 ESC. Notwithstanding the expiration of the initial term or any subsequent term or all renewal options, Region 4 ESC and Contractor may mutually agree to extend the term of this Agreement. Contractor acknowledges and understands Region 4 ESC is under no obligation whatsoever to extend the term of this Agreement.

   The anticipated full term of the contract is five (5) years. The Contractor shall have the right to enter local "service" agreements with Participating Public Agencies accessing the contract through OMNIA Partners, so long as the effective date of such agreement is prior to the expiration of the Contract. All local agreements may have a full potential term (any combination of initial and renewal periods) not to exceed five years.

Any job orders, project agreements or maintenance agreements executed against this Master Agreement during the effective term may survive beyond the expiration of the Master Agreement as established and agreed to by both parties.

2) Scope: Contractor shall perform all duties, responsibilities and obligations, set forth in this agreement, and described in the RFP, incorporated herein by reference as though fully set forth herein.

3) Form of Contract. The form of Contract shall be the RFP, the Offeror's proposal and Best and Final Offer(s).

4) Order of Precedence. In the event of a conflict in the provisions of the Contract as accepted by Region 4 ESC, the following order of precedence shall prevail:

   i. This Contract
   ii. Offeror's Best and Final Offer
   iii. Offeror's proposal
   iv. RFP and any addenda

5) Commencement of Work. The Contractor is cautioned not to commence any billable work or provide any material or service under this Contract until Contractor receives a purchase order for such work or is otherwise directed to do so in writing by Region 4 ESC.

6) Entire Agreement (Parol evidence). The Contract, as specified above, represents the final written expression of agreement. All agreements are contained herein and no other agreements or representations that materially alter it are acceptable.

7) Assignment of Contract. No assignment of Contract may be made without the prior written approval of Region 4 ESC. Contractor is required to notify Region 4 ESC when any material change in operations is made (i.e. bankruptcy, change of ownership, merger, etc.).

8) Novation. If Contractor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor in interest must guarantee to perform all obligations under this Contract. Region 4 ESC reserves the right to accept or reject any new party. A change of name agreement will not change the contractual obligations of Contractor.

9) Contract Alterations. No alterations to the terms of this Contract shall be valid or binding unless authorized and signed by Region 4 ESC.

10) Adding Authorized Distributors/Dealers. Contractor is prohibited from authorizing additional distributors or dealers, other than those identified at the time of submitting their proposal, to sell under the Contract without notification and prior written approval from Region 4 ESC. Contractor must notify Region 4 ESC each time it wishes to add an authorized distributor or dealer. Purchase orders and payment can only be made to the Contractor unless otherwise approved by Region 4 ESC. Pricing provided to members by added distributors or dealers must also be less than or equal to the Contractor's pricing.

11) TERMINATION OF CONTRACT

   a) Cancellation for Non-Performance or Contractor Deficiency. Region 4 ESC may terminate the Contract if purchase volume is determined to be low volume in any 12-month period.

Region 4 ESC reserves the right to cancel the whole or any part of this Contract due to failure by Contractor to carry out any obligation, term or condition of the contract. Region 4 ESC may issue a written deficiency notice to Contractor for acting or failing to act in any of the following:

i. Providing material that does not meet the specifications of the Contract;
ii. Providing work or material was not awarded under the Contract;
iii. Failing to adequately perform the services set forth in the scope of work and specifications;
iv. Failing to complete required work or furnish required materials within a reasonable amount of time;
v. Failing to make progress in performance of the Contract or giving Region 4 ESC reason to believe Contractor will not or cannot perform the requirements of the Contract; or
vi. Performing work or providing services under the Contract prior to receiving an authorized purchase order.

Upon receipt of a written deficiency notice, Contractor shall have ten (10) days to provide a satisfactory response to Region 4 ESC. Failure to adequately address all issues of concern may result in Contract cancellation. Upon cancellation under this paragraph, all goods, materials, work, documents, data and reports prepared by Contractor under the Contract shall immediately become the property of Region 4 ESC.

b) Termination for Cause. If, for any reason, Contractor fails to fulfill its obligation in a timely manner, or Contractor violates any of the covenants, agreements, or stipulations of this Contract Region 4 ESC reserves the right to terminate the Contract immediately and pursue all other applicable remedies afforded by law. Such termination shall be effective by delivery of notice, to the Contractor, specifying the effective date of termination. In such event, all documents, data, studies, surveys, drawings, maps, models and reports prepared by Contractor will become the property of the Region 4 ESC. If such event does occur, Contractor will be entitled to receive just and equitable compensation for the satisfactory work completed on such documents.

c) Delivery/Service Failures. Failure to deliver goods or services within the time specified, or within a reasonable time period as interpreted by the purchasing agent or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the Contract to be terminated. In the event Region 4 ESC must purchase in an open market, Contractor agrees to reimburse Region 4 ESC, within a reasonable time period, for all expenses incurred.

d) Force Majeure. If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having

the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

e) Standard Cancellation. Region 4 ESC may cancel this Contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order.

12) Licenses. Contractor shall maintain in current status all federal, state and local licenses, bonds and permits required for the operation of the business conducted by Contractor. Contractor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of services under the Contract. Region 4 ESC reserves the right to stop work and/or cancel the Contract if Contractor's license(s) expire, lapse, are suspended or terminated.

13) Survival Clause. All applicable software license agreements, warranties or service agreements that are entered into between Contractor and Region 4 ESC under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. All Purchase Orders issued and accepted by Contractor shall survive expiration or termination of the Contract.

14) Delivery. Conforming product shall be shipped within 7 days of receipt of Purchase Order. If delivery is not or cannot be made within this time period, the Contractor must receive authorization for the delayed delivery. The order may be canceled if the estimated shipping time is not acceptable. All deliveries shall be freight prepaid, F.O.B. Destination and shall be included in all pricing offered unless otherwise clearly stated in writing.

15) Inspection & Acceptance. If defective or incorrect material is delivered, Region 4 ESC may make the determination to return the material to the Contractor at no cost to Region 4 ESC. The Contractor agrees to pay all shipping costs for the return shipment. Contractor shall be responsible for arranging the return of the defective or incorrect material.

16) Payments. Payment shall be made after satisfactory performance, in accordance with all provisions thereof, and upon receipt of a properly completed invoice.

17) Price Adjustments. Should it become necessary or proper during the term of this Contract to make any change in design or any alterations that will increase price, Region 4 ESC must be notified immediately. Price increases must be approved by Region 4 ESC and no payment for additional materials or services, beyond the amount stipulated in the Contract shall be paid without prior approval. All price increases must be supported by manufacturer documentation, or a formal cost justification letter. Contractor must honor previous prices for thirty (30) days after approval and written notification from Region 4 ESC. It is the Contractor's responsibility to keep all pricing up to date and on file with Region 4 ESC. All price changes must be provided to Region 4 ESC, using the same format as was provided and accepted in the Contractor's proposal.

Price reductions may be offered at any time during Contract. Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all users equally; 2) reduction is for a specific period, normally not less than thirty (30) days; and 3) original price is not exceeded after the time-limit. Contractor shall offer Region 4 ESC any published price reduction during the Contract term.

18) Audit Rights. Contractor shall, at its sole expense, maintain appropriate due diligence of all purchases made by Region 4 ESC and any entity that utilizes this Contract. Region 4 ESC reserves the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. Region 4 ESC shall have the authority to conduct random audits of Contractor's pricing at Region 4 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing being offered that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Contractor's pricing at Contractor's sole cost and expense. Region 4 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 4 ESC.

19) Discontinued Products. If a product or model is discontinued by the manufacturer, Contractor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.

20) New Products/Services. New products and/or services that meet the scope of work may be added to the Contract. Pricing shall be equivalent to the percentage discount for other products. Contractor may replace or add product lines if the line is replacing or supplementing products, is equal or superior to the original products, is discounted similarly or greater than the original discount, and if the products meet the requirements of the Contract. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.

21) Options. Optional equipment for products under Contract may be added to the Contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.

22) Warranty Conditions. All supplies, equipment and services shall include manufacturer's minimum standard warranty and one (1) year labor warranty unless otherwise agreed to in writing.

23) Site Cleanup. Contractor shall clean up and remove all debris and rubbish resulting from their work as required or directed. Upon completion of the work, the premises shall be left in good repair and an orderly, neat, clean, safe and unobstructed condition.

24) Site Preparation. Contractor shall not begin a project for which the site has not been prepared, unless Contractor does the preparation work at no cost, or until Region 4 ESC includes the cost of site preparation in a purchase order. Site preparation includes, but is not limited to: moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

25) Registered Sex Offender Restrictions. For work to be performed at schools, Contractor agrees no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Contractor agrees a violation of this condition shall be considered a

material breach and may result in the cancellation of the purchase order at Region 4 ESC's discretion. Contractor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

26) Safety measures. Contractor shall take all reasonable precautions for the safety of employees on the worksite and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Contractor shall post warning signs against all hazards created by its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

27) Smoking. Persons working under the Contract shall adhere to local smoking policies. Smoking will only be permitted in posted areas or off premises.

28) Stored materials. Upon prior written agreement between the Contractor and Region 4 ESC, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to Region 4 ESC prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by the Contractor against loss and damage. Contractor agrees to provide proof of coverage and additionally insured upon request. Additionally, if stored offsite, the materials must also be clearly identified as property of Region 4 ESC and be separated from other materials. Region 4 ESC must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Region 4 ESC, it shall be the Contractor's responsibility to protect all materials and equipment. Contractor warrants and guarantees that title for all work, materials and equipment shall pass to Region 4 ESC upon final acceptance.

29) Funding Out Clause. A Contract for the acquisition, including lease, of real or personal property is a commitment of Region 4 ESC's current revenue only. Region 4 ESC retains the right to terminate the Contract at the expiration of each budget period during the term of the Contract and is conditioned on a best effort attempt by Region 4 ESC to obtain appropriate funds for payment of the contract.

30) Indemnity. Contractor shall protect, indemnify, and hold harmless both Region 4 ESC and its administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the Contractor, Contractor employees or subcontractors in the preparation of the solicitation and the later execution of the Contract. Any litigation involving either Region 4 ESC, its administrators and employees and agents will be in Harris County, Texas.

31) Marketing. Contractor agrees to allow Region 4 ESC to use their name and logo within website, marketing materials and advertisement. Any use of Region 4 ESC name and logo or any form of publicity, inclusive of press releases, regarding this Contract by Contractor must have prior approval from Region 4 ESC.

32) Certificates of Insurance. Certificates of insurance shall be delivered to the Region 4 ESC prior to commencement of work. The Contractor shall give Region 4 ESC a minimum of ten (10) days' notice prior to any modifications or cancellation of policies. The Contractor shall require all subcontractors performing any work to maintain coverage as specified.

33) Legal Obligations. It is Contractor's responsibility to be aaware of and comply with all local, state, and federal laws governing the sale of products/services and shall comply with all laws while fulfilling the Contract. Applicable laws and regulation must be followed even if not specifically identified herein.

PRODUCTS/PRICING TAB AND PRICING COEFFICIENTS

i. Discounts proposed shall remain the same throughout the term of the contract and at all renewal options. At a minimum the Awarded Offeror must hold the proposed price list firm for the first 12 months after the contract award. Offerors may elect to limit their proposals to any category or categories. Services such as installation, delivery, technical support, training, and other services must be priced or listed as free in order to be offered on the contract. Unlisted services will not be accepted.

WTI is offering our full line of products and services under this contract. Tremco's current price book is offered with a [redacted] discount. This [redacted] discount will remain firm throughout an awarded contract. However, depending on market conditions as we have seen over the last several years with unexpected supply chain and labor issues, this pricing may need to be adjusted periodically. Any change in pricing will be supported by economic price adjustment justification. WTI is also offering full turnkey solutions with pricing provided in the line-item pricing format along with additional value-added line items and individual state coefficients. In addition, pricing will be supplemented by the most current on line RS Means Construction Cost Data utilizing the coefficient for each state. The proposed coefficients will remain the same for the first 12 months of the contract.

WTI is proposing for all states a discount coefficient for standard hours of [redacted] and for non-standard hours a positive coefficient of [redacted]. The markup percentage on non-pre-priced items is [redacted].

ii. Offerors shall complete and provide pricing and pricing coefficients in the Pricing Tab attached herein.

WTI has completed the line-item pricing and provided a coefficient for each state beginning on the following pages. The proposed coefficients will remain the same for the first 12 months of the contract.

Full copies of the following pricing is available to OMNIA Members upon request.

- Line-item Pricing, including Value-Add Line Items and State Multipliers
- Coefficients with the RS Means Construction Cost Index Catalog for all deliverables and in all markets
- Tremco Material Price Book

Tremco Incorporated - All Rights Reserved

iii. Is pricing available for all products and services?

Yes. Tremco's material price book, the completed line-item pricing and the ability to use RS Means will be used to produce pricing for all roofing, building envelope and JOC projects.

iv. Provide pricing for warranties on all products and services.

Projects performed under the contract, will all receive WTI's standard two-year installation/labor warranty, exceeding the minimum standard one-year labor warranty, with the exception of Stonhard projects which will receive the standard one-year warranty. Standard warranties are included in the cost for each project. In addition, we offer a wide range of additional warranties, samples of which are included in Tab 6—Value Add. Pricing for any additional or optional warranties will be on based on the products and services selected for each specific project and will be provided upon request utilizing the RS Means Construction Cost Data.

v. Describe any additional discounts or rebates available. Additional discounts or rebates may be offered for large projects, single ship to location, growth, annual spend, guaranteed quantity, etc.

WTI is committed to offering and providing the best value at the best site-specific pricing based on any economic benefits obtainable per each site-specific project. Based on this, pricing may be lower than submitted under this contract.

vi. Describe how customers verify they are receiving Contract pricing.

All pricing will be based upon the design and complexity of the individual project scope. The practices used to develop the pricing will be consistently applied for each project and fully transparent to OMNIA members.

WTI will utilize product pricing and line item pricing approved and in effect under the contract at the time of proposal creation. The customer can verify this directly with WTI or contact OMNIA for verification. RS Means pricing will utilize the most recent online version of RS Means Construction Cost Data (including any city cost index adjustments) utilizing the coefficients submitted with this response. All RS Means proposals or line-item proposal containing RS Means, will be provided in the output format available by the online version of RS Means which details the items used to perform the required scope of work.

vii. Describe payment methods offered.

The method of payments that WTI accepts are credit cards, ACH, or check.

viii. Propose the frequency of updates to the Offeror's pricing structure. Describe any proposed indices to guide price adjustments. If offering a catalog contract with discounts by category, while changes in individual pricing may change, the category discounts should not change over the term of the Contract.

[redacted]

Our [redacted] discount on material only orders will remain constant throughout the term of the contract.

ix. Describe how future product introductions will be priced and align with Contract pricing proposed.

All new product introductions will align with Tremco's pricing policies and will match the discount structure as submitted herein. In addition, WTI will also use the current online RS Means Construction Cost Data if necessary to price new products and service offerings. In the rare event that a product is not covered by RS Means, source pricing will be requested from the vendor and the non-pre-priced item mark-up will be applied.

x. Quality Assurance/Quality Control Program - Offeror shall submit a QA/QC plan within with their submittal. This plan shall detail the day-to-day surveillance of work and provide documentation of deficiencies and corrective actions. It should note subcontractor compliance issues and trend analysis and how inspectors will interface and work with both the subcontractors and the Participating Public Agency's staff.

WTI's full Quality Control Management Program is available to OMNIA members upon request.

wti

Quality Management/ Control Program

This document includes data that shall not be disclosed and shall not be duplicated, used, or disclosed—in whole or in part—for any purpose other than to evaluate this response. Copyright © 2020 Weatherproofing Technologies, Inc.

xi. Provide any additional information relevant to this section.

Special Offers/Promotions. In addition to decreasing prices for the balance of the Contract term due to a change in market conditions, Contractor may conduct sales promotions involving price reductions for a specified lesser period. Contractor may offer Participating Agencies competitive pricing which is lower than the not-to-exceed price set forth herein at any time during the Contract term and such lower pricing shall not be applied as a global price reduction under the Contract.

WTI will offer special offers/promotions if available.

Not to Exceed Pricing. Region 4 ESC requests pricing be submitted as not to exceed pricing. Unlike fixed pricing, the Contractor can adjust submitted pricing lower if needed but, cannot exceed original pricing submitted. Contractor must allow for lower pricing to be available for similar product and service purchases. Cost plus pricing as a primary pricing structure is not acceptable.

WTI confirms that our pricing is submitted as not to exceed pricing. The pricing submitted is the guaranteed maximum pricing. Given the many variances and unique conditions presented on each project, WTI is committed to offering and providing the best value at the best site-specific pricing based on any economic benefits obtainable per each site-specific project. Based on this, pricing may be lower than submitted under this contract.

Federal Funding Pricing. Due to products and services potentially being used in response to an emergency or disaster recovery situation in which federal funding may used, provide alternative pricing that does not include cost plus a percentage of cost or pricing based on time and materials; if time and materials is necessary, a ceiling price that the contract exceeds at its own risk will be needed. Products and services provided in a situation where an agency is eligible for federal funding, Offeror is subject to and must comply with all federal requirements applicable to the funding including, but not limited to the FEMA Special Conditions section located in the Federal Funds Certifications Exhibit.

WTI has extensive experience performing on federally funded projects while complying with federal requirements, including FEMA Special Conditions. Our proposed pricing does not include cost plus, a percentage of cost, or pricing based on time and materials for federally funded projects. All pricing is based on the pricing submitted under this contract as well as RS Means Construction Cost Data.

OMNIA PARTNERS DOCUMENTS

INCLUDES ANSWERS TO SECTION 2.b

3735 GREEN ROAD, BEACHWOOD, OH 44122
www.tremcocpg.com

i. **Include a detailed response to Appendix D, Exhibit A, OMNIA Partners Response for National Cooperative Contract. Responses should highlight experience, demonstrate a strong national presence, describe how Offeror will educate its national sales force about the Contract, describe how products and services will be distributed nationwide, include a plan for marketing the products and services nationwide, and describe how volume will be tracked and reported to OMNIA Partners.**

WTI's detailed response to question i. is outlined throughout this section. Regarding volume tracking and reporting, WTI currently tracks all OMNIA projects per contract and will continue to do so in the same manner if awarded a new contract. WTI will provide OMNIA with a separate electronic accounting report for this contract monthly in the format prescribed by OMNIA in the "Contract Sales Report" by the 10th of the following month.

APPENDIX D, EXHIBIT A, SECTION 3.1

A. **Brief history and description of Supplier to include experience providing similar products and services.**

NEARLY A CENTURY OF SERVICE

Weatherproofing Technologies, Inc. (WTI), established in 1962, along with its affiliated company, Tremco, established in 1928, offers a comprehensive inventory of roofing assessment, leak prevention, building envelope services and products, and general contracting (GC) services. WTI and Tremco, part of Tremco Construction Products Group has annual sales of over [redacted] owns and operates [redacted] manufacturing plants with over [redacted] employees worldwide. Our parent company, RPM International, a Fortune 500 company and a world leader in specialty coatings serves both industrial and consumer markets. RPM, founded in 1947, owns over two dozen operating companies manufacturing popular brand products such as Rust-Oleum®, Carboline®, DAP®, Dryvit®, and Zinsser®. RPM International maintains more than 11,000 employees worldwide, generating over $7 billion in annual sales.

PERFORMANCE CAPABILITY

WTI and Tremco represents one of the largest organizations in the building envelope industry with nearly [redacted] field advisors, [redacted] technical personnel, and more than [redacted] certified subcontractors. Domestically, these resources combine to provide industry leading products and services to customers throughout the United States and Canada. WTI and Tremco personnel are amongst the most highly trained and experienced in the nation.

ISO 9001:2015 & 14001:2015 CERTIFIED

WTI, along with its affiliated company Tremco, is ISO 9001:2015 and 14001:2015 certified and was the first building envelope service company in the industry to attain this quality certification. ISO certification helps to continually improve our systems and approach to building envelope concerns and is the standard to which we have committed for our customers.

Specific and Relevant Experience Overview

WTI has an outstanding history of performing on cooperative contracts and JOC projects. We understand the intricacies of managing multiple, simultaneous projects as evidenced by our typical schedule of performing up to [redacted] projects concurrently throughout the United States. In the past five years alone, we have managed anywhere from [redacted] to [redacted] subcontractors throughout the performance of simultaneous projects on many JOC-type contracts. Many of our JOC-type contracts span the entire US, giving us additional experience coordinating large, complex contracts with various end-users.

To that end, we maintain a staff of customer service and marketing professionals who have the experience and relationships to educate participating agencies on the advantages of this contract. We have the knowledge, technical expertise, and personnel necessary to complete simultaneous projects throughout the United States.

Additionally, we offer relevant experience and extensive knowledge on Region 4 ESC contracts, benefiting OMNIA members with competitive pricing, reduced response times, familiarity with local building codes and regulations,

PERFORMANCE CAPABILITY

and familiarity with many current OMNIA members. Further, we have the depth and breadth of resources necessary to effectively market and perform projects for school districts, colleges, universities, cities, counties, and other government entities anywhere in the U.S.

WTI's resources ensure that OMNIA members have the flexibility to select the services that meet their project needs with the assurance that all our products and services are of highest quality and competitively priced. OMNIA members can also be assured, since Tremco is the manufacturer we have the ability to meet OMNIA members required project deadlines. Our experience and resources allow us to be very adept at working around and through any supply chain issues that may crop up through the course of the contract.

WTI has a unique familiarity working with Region 4 ESC that demonstrates our overall ability to provide on-time, quality projects. To date, we have successfully been awarded and/or performed ten contracts for Region 4 ESC. We will capitalize on our experience, resources, and relationships to provide Region 4 ESC and OMNIA members with the same superior level of products and services expected from WTI during the past 18 years.

WTI has a long history of work experience with local architects and engineers who have experience working with participating public agencies, and also understand the expectations and deliverables required of this type of contract. We will always encourage and work with our customers and their existing vendors whenever possible to help continue and grow those local relationships.

Throughout the past 18 years, we have performed a significant amount of work, more than $369 million from 2017-2023 alone, on over 800 projects for Region 4 ESC while estimating with the stipulated cost index guide. WTI is committed to taking a proactive approach to ensure superior performance throughout this contract as we strive to provide the best possible products and services to meet or exceed our clients' expectations.

B. Total number and location of salespersons employed by Supplier.

WTI, along with our affiliate company, Tremco, has more than 700 sales representatives, support specialists and business-development personnel throughout our organization. These individuals are trained and provide services nationwide to meet the needs of our customer base.

C. Number and location of support centers (if applicable) and location of corporate office.

WTI has sales personnel and offices located throughout the nation capable of supporting this contract. The location and key contacts for each of these offices are provided below. Additionally, WTI's centrally-located headquarters in Beachwood, Ohio will support this contract along with site offices located nationwide.

a. Submit FEIN and Dunn & Bradstreet report.

340930570

A full copy of WTI's Dunn & Bradsheet report is available to OMNIA members upon request.

E. Describe any green or environmental initiatives or policies.

DRIVING LASTING CUSTOMER VALUE AND PROMOTING SUSTAINABILITY

Building a Better World means committing to continuous improvement and investing in safer, greener products and processes that benefit our customers, end users and the environment.

Our parent company, RPM, as a global company has set the standard for our commitment to creating lasting value for customers through innovative solutions, while thoughtfully adopting sustainable approaches in the utilization of human and natural resources. Our sustainability commitment springs from our core values and is comprised of a inward focus on our internal footprint and an outward look on our handprint—the actual impact of our products, services, and processes have on our environment.

WTI and Tremco is very proud of our many products, services, and processes that drive sustainability for our customers by helping them to reduce their environmental impact. As we look to shape the future responsibly, we are always integrating new concepts, rethinking business models, and collaborating with leading edge partners to continually improve our products and services.

Transforming the World One Roof at a Time

WTI and Tremco have been partnering with many companies to help them achieve their conservation and sustainability goals through green living roofs. Our goal, to transform the world into a greener place one roof at a time. But green roofs are more than just an environmental benefit. They also provide beautiful and restful places that employees and customers can enjoy to help lower stress levels and provide a better quality of workplace and shopping experience.

In these trying times, that don't seem to be going away, this will become more and more of a factor in hiring quality employees and attracting customers.

PERFORMANCE CAPABILITY

Tremco CPG Corporate Headquarters Case Study

PRESS THE ABOVE HYPERLINK TO GO OUR CORPORATE HEADQUARTERS CASE STUDY

A few years ago we decided to lead by example and completely renovated our corporate headquarters. Like most circa 1970s buildings our headquarters was significantly under-performing and energy inefficient. Through an extensive renovation we transformed it into a sustainable showcase. To read the case study press the hyperlink.

Concern for the environment is a key component to WTI's operating philosophy. Our experienced staff is specially trained in identifying and preventing problems before the start of any project. In addition to our other environmental protection practices, we have actively reduced emissions and controlling waste on our job sites.

We are committed to staying at the forefront of the roofing and building envelope industry through sustainable building, green products, and quality business practices. WTI will deliver added value to participating OMNIA members by working hand-in-hand with them to provide environmentally preferred product and service options within their budgets and schedules.

WTI's philosophy on sustainability starts from the top level of our organization and filters down into everything we do. With corporate focus committed to responsible environmental practices, we strive to incorporate environmentally friendly solutions in our business practices as well as products and construction approaches. Collaborative leadership efforts are driven by our President, J.K. Milliken, who promotes sustainability.

Construction Best Practices

WTI and our subcontractors will abide by the following construction best practices on all projects awarded by OMNIA members.

Tremco Corporate Headquarters Roof

- On-site sorting of materials
- Recycling of non-hazardous material
- Chain-of-custody documentation for off-site recycling
- Reusing materials as applicable
- Verifying that materials are certified for LEED credit on LEED projects

Sustainable Features

Following is a sample of the services and products WTI offers related to sustainable renovations. We will offer OMNIA members the ability to implement these sustainability options for awards under this contract.

Sustainable systems

- Restoration of roofs whenever possible instead of replacement preventing tons of debris going to landfills.
- Vegetated roofs featuring local plants. Low-impact lighting and a water-capture system integrated with the roof, as well as a pathway of recycled materials. Signs describe the roof's features and provide information about the plant palette.
- The ENERGY STAR® qualified Rock-It™ roof-surfacing system, composed of white gravel set in a white adhesive.
- A white, reflective, single-ply system installed beneath a rooftop PV system for roof restorations.
- A thin-film rooftop PV system is used to generate electricity for the building for roof restorations.
- Dryvit Outsulation exterior wall systems. Dryvit wall systems provide energy-efficient, insulated façades that are applied directly to the existing wall surface, eliminating the time and potential waste of removing the façade.
- High-performance, double pane, tinted windows exceeded minimum energy standards. Tremco sealants and gaskets, as well as Tremco's Proglaze® ETA (Engineered Transition Assembly) for an airtight transition from window to the wall.
- New sidewalks with decorative concrete from Increte Systems can be supported by gravel from an existing roof.
- Solar panels for decreased carbon footprint and reduced energy bills.

- HVAC restoration through WTI/PureAir. Heating and cooling represent one of the largest operating expenses as well as one of the largest environmental impacting building systems. Replacing can be extremely cost prohibitive and force a building owner to not address current problems. WTI/PureAir provides an alternative solution that allows the building owner to address current HVAC issues and bring their building into a much better environmentally friendly position.

Additional examples of our commitment to sustainable practices are summarized below.

- Sponsor of Green Roofs and Walls of the World Virtual Summit
- Participation at the USGBC Greenbuild International Conference and Expo
- Donation of sustainable building materials for the University of Maryland's 1st place performance in the Department of Energy's Solar Decathlon 2011
- Crain's Emerald Award Honoree for high-performance building renovation and commitment to sustainability

Solar—Renewable Energy With Financial and Environmental Paybacks

In addition to the environmental benefits associated with renewable energy, there are often financial incentives for installing solar panel/photovoltaic (PV) systems, which may include rebates from the local power provider, as well as state and federal tax credits. We understand the technical, environmental, and financial aspects of a solar installation and can guide you through the process from project inception to completion. Photovoltaic systems are easily adaptable to existing or new structures. WTI can ensure the roofing is constructed to accommodate the many different types of support stations for solar panels today. Solar solutions will be priced utilizing the most current online edition of the Construction Cost Data as well as the Facilities Maintenance & Repair Costs Catalog and Commercial Construction & Renovation Costs Catalog.

F. Describe any diversity programs or partners supplier does business with and how

Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there are any diversity programs, provide a list of diversity alliances and a copy of their certifications.

WTI focuses on developing contractor relationships in public and commercial sectors through fulfillment of economic inclusion mandates with highly skilled certificated contractors. These target specialty contractor opportunities include Minority, Small, Veteran, and Women owned Business Certifications of roofers, masons, architects, general contractors and heating, ventilation and air conditioning (HVAC) as well as High Performance Building System (HPBS) engineering firms.

WTI has a successfully participated in Mentor-Protégé Programs with both the General Services Administration (GSA) and Veterans Administration and continually identify additional opportunities to team with qualified contractors. Our commitment to excellence includes a contractor training program which provides cutting-edge product, service and safety education continuously throughout the year. We are committed to supporting national economic development goals and local economies.

We have an active certified contractor pool that varies in breadth of capabilities. WTI sponsors and participates in outreach events and construction advisory panels on contractor inclusion. Among them, Society of American Military Engineers (SAME), National Defense Industrial Association (NDIA), National Veteran Conferences and other roofing/construction/energy industry seminars. We encourage all our project leaders to provide our customers with technical and procurement solutions that satisfy any of their socio-economic initiatives without compromising the quality of performance, products or services.

Rising Stars Program

Tremco Commercial Product Group received $50,000 from the Massachusetts Clean Energy Center as part of their Minority- and Women-Owned Business Enterprises Support Implementation and Planning Grants and Equity Workforce Training Grants. The 25 organization recipients will "not only address the need to grow Massachusetts' clean energy workforce, but they will also prioritize diversity, equity, and inclusion efforts across the full spectrum of economic opportunity, which will yield both an increasingly diverse bench of highly trained new workers and a wider array of thriving minority and women-owned business enterprises to help lead climate-critical work."

Launched in August of 2020, Our Rising Stars Program aims to cultivate a strong, well-rounded workforce in the construction industry through supporting youth in vocational programs, as well as minority- and women-owned businesses. Our programs offer hands-on education with subject matter experts to develop diverse skillsets, increase access to resources, and ultimately drive success for those emerging in the industry.

The Rising Stars Program empowers the next generation of underrepresented youth to find opportunities for sustainable careers in the construction industry. Our program has now expanded to New York and New Jersey, with near future locations in North Carolina, Connecticut, and Nevada.

G. Indicate if supplier holds any of the below certifications in any classified areas and include proof of such certification in the response:

a. Minority Women Business Enterprise

☐ Yes ☑ No

If yes, list certifying agency:

b. Small Business Enterprise (SBE) or Disadvantaged Business Enterprise (DBE)

☐ Yes ☑ No

If yes, list certifying agency:

c. Historically Underutilized Business (HUB)

☐ Yes ☑ No

If yes, list certifying agency:

d. Historically Underutilized Business Zone Enterprise (HUBZone)

☐ Yes ☑ No

If yes, list certifying agency:

e. Other recognized diversity certificate holder

☐ Yes ☑ No

If yes, list certifying agency:

H. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.

WTI has over [redacted] certified contractors that we work with throughout the United States that include minority-owned standards. We do not maintain this type of information on our subcontractors. WTI works with public agency minority goals on a project-by-project basis.

I. Describe how supplier differentiates itself from its competitors.

Managing facilities can be complex. Procuring comprehensive, cost effective solutions shouldn't be. Identifying the problem and defining the technical solution only solves part of the problem. Members want and need to procure cost effective, comprehensive building envelope solutions without sacrificing quality, performance, or transparency. With decades of experience, WTI understands the unique procurement challenges of public entities charged with meeting not only budget and quality goals, but also state-specific transparency requirements. That's why we offer OMNIA members our comprehensive roofing and building envelope solutions offering. The Tremco Construction Products Group companies together form the industry's only provider of comprehensive systems and services for all six sides of the building enclosure. WTI's whole building approach through the Power of One can provide weatherproofing peace of mind delivered under one warranty. With proven roofing and building envelope capabilities across the country, WTI is uniquely qualified to meet the needs of public market facility managers and business managers charged with improving both building performance and return-on-investment. Among our differentiators are the following.

1	WTI and Tremco have a history of performance with Region 4 ESC. We have to date been awarded ten Region 4 ESC contracts. As a result, we offer Region 4 ESC and OMNIA members refined roofing project policies and procedures along with the ability to simultaneously deliver multiple projects. Our established relationships with Region 4 ESC and participating OMNIA members are evident in a track record of more than [redacted] in products and services to date. The selection of WTI for the Roofing Products, Services and Job-Order-Contracting Services contract will eliminate a learning curve and continue to expand existing relationships with participating Public Agencies.
2	WTI offers exceptional technical expertise, with a track record of over [redacted] of roofing, building envelope, weatherization and rooftop safety system installations for public customers.
3	WTI provides turnkey solutions, from world-class roofing and building envelope diagnostics through comprehensive roof management programs from a single source.
4	All facets of discovery, programming, design, construction and commissioning.
5	Proven and experienced contractors and subcontractors.
6	Guaranteed maximum pricing to eliminate surprises.
7	Performance-based quality construction services.

8	WTI is organized to deliver outstanding service. With more than [redacted] technical personnel deployed across the country, we can effectively manage thousands of roofing and facility projects simultaneously. More than [redacted] construction managers supervise technical staff, along with program managers who ensure contract compliance, consistency, on-time delivery and outstanding customer service. Together, WTI's management team oversees diagnostics, maintenance, repairs, construction, leak response and our OLI® (on-line information system) data department.
9	WTI offers Region 4 ESC and OMNIA Partners and its members world-class experience. We are currently implementing large roof asset management programs throughout the US, Canada, Europe and Asia, with more than [redacted] square feet (SF) of roofing managed with our OLI® system software. Additionally, more than [redacted] SF of roofing falls under the protection of our Tremco ManagedAssets™ (TMA) program, which includes maintenance during the roofs' annual or bi-annual inspections.
10	WTI's three-level service offering allows OMNIA members the opportunity to select the level of service that best meets their needs while capitalizing on the preferential pricing of a nationwide contract. Whether selecting our flagship, turn-key general contracting solution, or our National Cooperative Contractor Network for direct access to qualifying local contractors, or purchasing materials only, participating agencies receive superior products and service.
11	WTI has extensive experience managing regional and national roofing and building envelope contracts within the public sector. We have completed or are currently performing on many JOC type contracts. Further, WTI has proven experience simultaneously managing multiple contracts with multiple subcontractors. Our experience with JOC type contracts and roofing projects is directly transferable to OMNIA members in the form of established policies and procedures based upon our past relationship with OMNIA Partners and its members as well as other cooperative contracts we have.
12	WTI has a [redacted] aggregate bonding capacity.
13	WTI and Tremco both hold a UL ISO 9001:2015 certification demonstrating the implementation of Quality Management Systems.
14	WTI offers one of the most comprehensive warranty packages in the roofing industry. We offer many types of warranties that fit the needs of any project. We also offer long-term warranties on roof restoration projects. Each of our warranties covers installation, details, flashing, materials, workmanship, inspection and preventative maintenance is also an available option.
15	WTI works collaboratively with contractors to ensure the installation meets expectations for quality, safety and efficiency while utilizing best-in-class contractors who have the ability and financial stability to deliver exceptional projects. WTI offers extensive training courses to its certified contractors.

16	Tremco is a leading manufacturer of quality roofing and weatherproofing products with a comprehensive product line covering every roofing environment. Tremco demonstrates a commitment to Research and Development (R&D) and offers a proven history of industry-leading product innovation to solve our customers' biggest problems. For instance, Tremco Roofing's portfolio of unique roof restoration solutions is so comprehensive they provide exceptional value to public customers an alternative sustainable solution to costly roofing replacement.
17	Tremco coast-to-coast sales organization is among the industry's most experienced and highly trained. With more than [redacted] sales personnel across the country, Tremco has been meeting the needs of public market customers since 1928. Today's sales personnel have deep relationships within the public market, which may shorten OMNIA's/Region 4 ESC's new business development sales cycle.
18	As a member of the RPM family of companies, WTI and Tremco provide customers with access to leading, world-class building products, extensive technical expertise and the financial stability of an industry leader. RPM owns more than 50 operating companies that are world leaders in specialty coatings serving both industrial and consumer markets. Among its products are such popular brand names as Carboline®, DAP®, Dryvit®, Rust-Oleum® and Zinsser®. RPM has been in business for 75 years and has more than 14,000 employees worldwide, generating more than $7 billion in sales annually.
19	Safety is job one with WTI and Tremco. Every one of our roofing and building-envelope projects, no matter how large or how small, begins with a thorough understanding of potential job-site hazards, safe work procedures, product characteristics, equipment operation, conditions and specific customer requirements. These are submitted to the owner through a WTI site-specific Safety Plan.
20	WTI and Tremco utilize the Arizona State University Performance Based Studies Research Group for the independent data collection on its products, services, representatives and our customers' overall service experience. Survey results from the past six years, representing [redacted] SF of roofing products and services, show an overall customer satisfaction of 9.1 out of 10. Additionally, our customers awarded a 9.5 out of 10 in satisfaction of their Tremco representative and 9.3 out of 10 in satisfaction of the roofing system. WTI and Tremco are proud of these results and use them to understand what we are doing right, so we can continue to deliver on our strengths. We also use our customer satisfaction results to highlight opportunities to drive continuous improvement in our products, systems delivery and service quality. We aim to maintain our high level of customer satisfaction and loyalty, as the primary focus of every project.

J. Describe any present or past litigation, bankruptcy or reorganization involving supplier.

Weatherproofing Technologies, Inc. (WTI) is a nationwide provider of roofing, building envelope and other construction services. In this role, WTI is sometimes involved in litigation matters, but no pending or anticipated litigation is any way material from a financial standpoint either as to potential liability or requested remedies. No pending litigation, nor any that we anticipate at this time, will in any way interfere with our ability to complete any project in accordance with contractual requirements. In further response, over the last five years, WTI has no litigation resulting in a judgment against the company.

K. Felony Conviction Notice: Indicate if the supplier

a. is a publicly held corporation and this reporting requirement is not applicable;

WTI is not a publicly held corporation but is a subsidiary of RPM International Inc., a publicly held Fortune 500 corporation

b. is not owned or operated by anyone who has been convicted of a felony; or

No officers of WTI have ever been convicted of a felony

c. is owned or operated by and individual(s) who has been convicted of a felony and provide the names and convictions.

N/A

L. Describe any debarment or suspension actions taken against supplier

No debarment or suspension actions have been taken against WTI.

APPENDIX D, EXHIBIT A, SECTION 3.2

A. Describe the full Line of Products and Services Offered by Supplier

Range of Products and Services Offered

WTI provides an extensive range of Tremco CPG roofing and building envelope solutions for all six sides of a building. In fact, we are the only company to offer high-performance total enclosure solutions for all six sides of a building in the marketplace today as well as the services associated with implementing project solutions.

- Water Resistant Roofing
- Roofing and Roof Restoration Systems
- Outsulation Facade Systems
- HVAC Systems Restoration
- Seamless Flooring Solutions
- Roof Tiles and Shingles*

- Masonry*
- Metal Work*
- Standing Seam Metal Roof System*
- Air Barrier Solutions
- Safety Solutions
- Roof Repair and Maintenance Services
- Asset Management
- General Contracting
- Patch and Repair
- Roof Inspections/Diagnostics/Analysis
- Warranties
- Roof Maintenance (QA Premium) customized to meet specific system needs

*WTI offers these services with products provided by other manufacturers.

Architecture and Engineering (A/E) Partners

To ensure the overall success of the contract, WTI will also utilize the services of two highly qualified firms, O&S Associates (O&S). Note: In compliance with state rules and regulations, we are not offering A/E services in the State of Texas or in any other state where they are prohibited.

O&S

Superb architectural and engineering building-systems services including the following.

- Structural analysis and design
- Architectural design
- Mechanical/electrical engineering
- Lighting and security design
- Parking consulting
- Restoration engineering
- Feasibility studies
- Cost estimating
- Design-build projects

O&S also provides a wide scope of renovation consulting services including exterior facade rehabilitation, exterior building plazas, roofing replacement, structural modifications and others. Their firm employs a "Five-Steps to Project Success" process to manage their design requirements. This process begins with condition assessment and concludes with construction administration and closeout documentation. O&S is led by Mr. V.P. Samy, PE, who founded O&S in 1996. Under his guidance, O&S has successfully performed high-profile and complex projects for visible clients throughout the US.

B. Describe How Supplier Proposes to Distribute the Products/Service Nationwide. Include any States Where Products and Services will not be Offered Under the Master Agreement, Including U.S. Territories and Outlying Areas.

As an affiliate company of Tremco, WTI provides national services to all states. WTI has staff and contractor partners located in all states and will provide products and services to all U.S. territories and outlying areas under the Master Agreement. In addition, WTI is a licensed contractor in all states and U.S. territories where required.

C. Describe How Participating Agencies Ensure They Will Receive the Master Agreement Pricing; Include all Distribution Channels such as Direct Ordering, Retail or In-Store Locations, Through Distributors, etc. Describe How Participating Agencies Verify and Audit Pricing to Ensure its Compliance with the Master Agreement.

All estimates/proposals will be based on the approved product and line item pricing in effect and the most current online RS Means Pricing Construction Cost Index (including any cost index adjustments) utilizing the discount coefficients submitted with this response. All pricing will be based upon the design and scope complexity of each individual projects. The practices used to develop the pricing will be consistently applied for each project and fully transparent to OMNIA members. The pricing, in total, will not exceed the product and line item pricing and/or the current RS Means pricing with the coefficients submitted by WTI. As part of this process, all proposals will be provided in the output format available by the online version of RS Means which details the items used to perform the required scope of work. Participating Agencies can verify this directly with WTI or contact OMNIA for verification. Products will be ordered through Tremco directly. Line-item pricing will be delivered through WTI..

D. Identify all other Companies that will be Involved in Processing, Handling or Shipping the Products/Service to the End User.

In addition to WTI's services, Tremco and affiliated companies will be involved in the processing, handling and/or shipping of products and services to end users.

E. Provide the Number, Size and Location of Supplier's Distribution Facilities, Warehouses and Retail Network as applicable.

APPENDIX D, EXHIBIT A, SECTION 3.3

A. Provide a Detailed Ninety-Day Plan Beginning from Award Date of the Master Agreement Describing the Strategy to Immediately Implement the Master Agreement as Supplier's Primary Go to Market Strategy for Public Agencies to Supplier's Teams Nationwide, to Include, but Not Limited to:

OVERVIEW

In addition to a press release to relevant audiences, marketing the contract award will be a continuation of marketing initiatives already underway as a result of our current OMNIA contracts and past OMNIA/National IPA/TCPN contracts. Because we have invested heavily in promoting our current OMNIA contracts to all public markets, we expect to continue to expand our marketing investment and implement additional tactics.

Based on our history with Region 4 ESC, WTI thoroughly understands how to go to market to promote this contract. As both the manufacturer and service provider of roofing and weatherproofing solutions, WTI and Tremco are uniquely positioned to offer a comprehensive approach to meeting the facility needs of participating agencies. Expanding upon a very successful and established cooperative strategy program, WTI will continue to enhance its marketing presence and sales training capabilities through various marketing efforts as outlined below.

Our initiatives within the first 90 days of the contract award will be continuing our successful and highly targeted marketing program. Our program is intended to generate qualified leads from high-potential public customers. We have the ability to customize marketing to meet local opportunities and which will be developed collaboratively with OMNIA's marketing team. Tactics may include advertising, media relations/publicity, trade shows/conferences, customer educational seminars, roadshows, and personalized direct marketing.

TRUST IN EXPERIENCE. STRENGTH

PERFORMANCE CAPABILITY

i. Executive Leadership Endorsement and Sponsorship of the Award as the Public Sector Go-To-Market Strategy Within First Ten Days

If awarded, this contract as well as our other OMNIA contracts will have the full support of our executive leadership as an important go-to-market strategy.

ii. Training and Education of Supplier's National Sales Force with Participation from the Supplier's Executive Leadership, Along with the OMNIA Partners, Public Sector Team Within First 90 Days

Developing all WTI and Tremco employees to be as knowledgeable as possible in servicing all customers is of the upmost importance to our Executive Leadership. Educational sessions and information on the contract will be provided within 90 days of award and continued throughout the duration of the contract.

Given our long history of being awarded Region 4 ESC contracts, our sales force is very well versed in the use of OMNIA contracts. This has been demonstrated through the growth of our past and current contracts. We will continue to conduct refresher training as well as training sessions for new sales representatives and personnel within WTI and Tremco. In addition, we will continue to train In-Network Contractors on the use of the contract and provide guidance and marketing support on how to promote the contract to their public customers.

Continuous outreach and training of WTI and Tremco Sales Representatives remains a top priority for our program. In addition to extensive technical training required of all sales representatives, WTI and Tremco also holds national and regional sales meetings which include sessions on the benefits of Cooperative Purchasing and our OMNIA contracts. By working closely with Sales Representatives who have successfully used past OMNIA contracts, we are able to leverage representative success stories to continually expand awareness and appreciation for our OMNIA contracts.

How does the contract work in my state?
The WTI JOC contract available through OMNIA Partners, Public Sector, is a competitively solicited contract by lead agency Region 4 Education Service Center in Houston, Texas. This contract allows contract holders to extend services offered into all states (excluding AZ). Although most state procurement code allows for the use of cooperative contracts, each state code has its own specific language. OMNIA Partners, Public Sector, can provide the du diligence in soliciting and awarding this contract.

Do I need to be a participant of OMNIA Partners, Public Sector to use t JOC contract?
Yes. If not already a participant, public entities are invited to register to particip OMNIA Partners, Public Sector by calling 866.875.3299 or visiting omniapartners.c publicsector. There is no cost to participate.

What are the benefits of the JOC program through OMNIA Partners, Public Sector?

- Saves time and money because the contract has ALREADY been competitively solicited and publicly awarded.
- All prices have been adjusted for your geographic area and are verifiable through RS Means.
- All costs are determined up front before committing funds.
- The contract functions as an extension of your internal team, freeing you to focus on your core business.
- Enables you to more rapidly respond to your internal customers' facility n
- The contract supports local businesses/subcontractors who have been evaluated on compliance, capability and experience.
- You'll enjoy increased value and quality control over all project facets from materials through installation.
- A large variety of roofing systems and warranties are available from a single source.
- You will significantly reduce or virtually eliminate change orders.

Sales Associates Training

Cooperative Contracts is an standing agenda item on WTI and Tremco sales associates training which is conducted at our corporate headquarters. We use this training to educate newly trained representatives on the value of promoting sales through cooperative contracts.

Sales Representatives Training

We continue to provide training to all sales representatives throughout every region to provide updated information and refresh them on the benefits and value of promoting sales through a cooperative contract.

Contractor Network Training

WTI and Tremco has conducted numerous training sessions for strategic contractors who are members of our Contractor Network. These sessions educate our *in-network contractors* on the benefits of marketing our OMNIA contracts to their existing and prospective public market customers. We will continue to offer training as new strategic contractors enter the Contractor Network.

Design Community

WTI and Tremco engage with the design community on a daily basis with the goal of ensuring they have the technical knowledge required to specify our product and service solutions, and how our solutions may serve the needs of their public customers.

WTI and Tremco AIA Accredited Cooperative Presentation

Our focus on training within the design community includes an AIA-accredited seminar on the value of cooperative purchasing. Hundreds of architects across the country are reached through WTI and Tremco's ongoing seminar program.

Additionally, WTI offers AIA CES seminars which are presented by our sales representatives. These seminars are available in a variety of formats to accommodate both large and small groups. We have more than two hundred Technical Field Advisors to conduct trainings throughout the United States. Their qualifications include roofing experience, OMNIA/Region 4 ESC contract experience, expert knowledge of roofing and waterproofing products, and roofing industry standards and practices, as well as training on contract compliance, legal compliance, product attributes, and sustainability. Technical Field Advisors schedule training as necessary and based on requests.

Webinars

We also provide seminars featuring educational topics which include roof asset management, cooperative contract purchasing, indoor air quality, and sustainability. Our goal is to continue to enhance our seminar programs so that we increase customer attendance, as past seminars have generated significant interest.

B. Provide a Detailed Ninety-Day Plan Beginning from Award Date of the Master Agreement Describing the Strategy to Market the Master Agreement to Current Participating Public Agencies, Existing Public Agency Customers of Supplier, as Well as to Prospective Public Agencies Nationwide Immediately Upon Award, to Include, but not Limited to:

With a wide variety of resources at our disposal, we can tailor each of our marketing plans and schedules as needed. Outlined below is our estimated 90-day plan which will continue throughout the duration of the OMNIA contract. The following marketing plan may be adjusted to meet imminent needs and/or strategic deadlines. We will collaborate with OMNIA to assure that the schedule, materials, and platforms meet the contract needs.

i. Creation and Distribution of a Co-Branded Press Release to Trade Publications

The contract award will be announced through co-branded press releases distributed through various social media and trade outlets such as LinkedIn, Twitter, and Facebook. We will also issue an internal announcement to Tremco/WTI personnel communicating the new OMNIA award, the competitive advantage it offers WTI, and how the agreement benefits our Public Sector Agencies.

ii. Announcement, Master Agreement Details and Contact Information Published on the Supplier's Website Within First 90 Days

We will include the addition of this new contract on our WTI/OMNIA landing page at www.tremcoroofing.com announcing the new contract. The OMNIA page will also contain a summary of all awarded contracts and information on the benefits of utilizing an OMNIA contract and a link to OMNIA. In addition, the contract information will be added to Tremco/WTI's dedicated cooperative contract website at www.yourroofexperts.com/omnia-partners/.

iii. Design, publication and distribution of co-branded marketing materials within first 90 days

- Continuation of marketing initiatives already underway as a result of our current OMNIA contracts.
- Continue to develop/modify existing co-branded literature to promote the contract.
- Equip Sales Representatives with the contract announcement and marketing materials to personally distribute to current and prospective customers within the public sector advising them of WTI's and Tremco's full offering available through the contract.

iv. Commitment to Attendance and Participation with OMNIA Partners, Public Sector at National (i.e. NIGP Annual Forum, NPI Conference, etc.), Regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and Supplier-Specific Trade Shows, Conferences and Meetings Throughout the Term of the Master Agreement

Trade Show/Conferences/Summits/Etc. Support (throughout the contract).

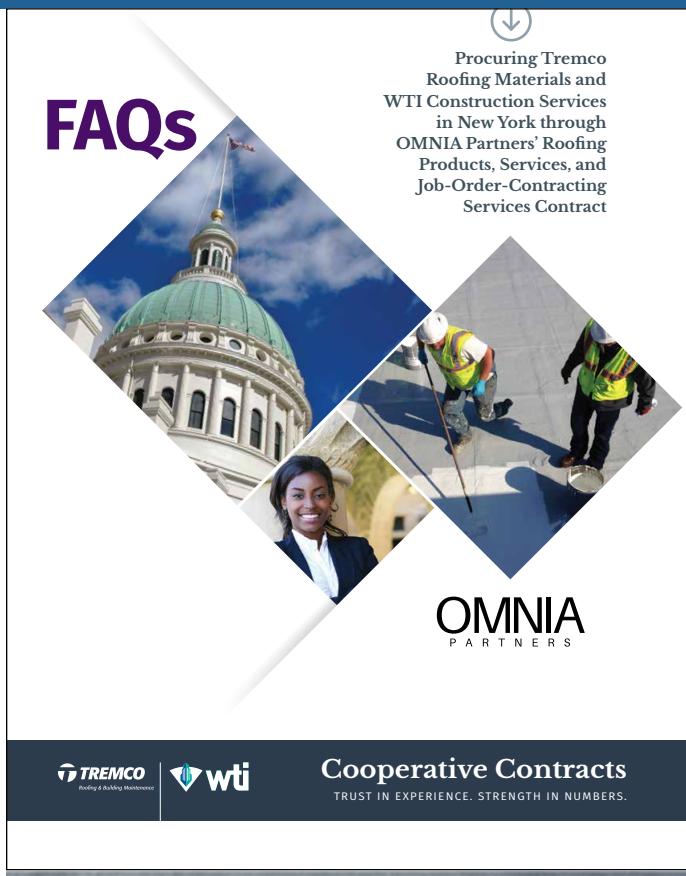
WTI and Tremco participates in a number of national and regional/local trade shows, for example:

- National Institute of Governmental Purchasing (NIGP)
- National Association of Education Procurement (NAEP) and regional events
- National APPA and regional events
- Numerous state and regional events
- OMNIA Regional Summits
- Tremco sponsored regional Education and Training events

Because attendance at these events is critical to building awareness of our OMNIA contracts, we will continue sponsoring events supporting these organizations. In addition, we will continue to pursue speaking engagements at all relevant events to educate attendees on industry best practices and the value of utilizing cooperative contracts in the public market.

PERFORMANCE CAPABILITY

Building upon recent sponsorships, our presentations are customized to meet OMNIA members interest, with a focus on solutions that deliver financial and procurement benefits. We will include product demos as appropriate.



Recent topics have included:

- Achieve Improved and Efficient Facilities While Reducing Capital Outlay
- ROI Asset Management Approach to Drastically Change Roof Funding Priorities and Improve Finances
- Restoration to Extend the Useful Life of Roof Assets
- Facilities Savings Strategies
- ESSER Funding
- Safety and OSHA Compliance
- Financial Benefits to HVAC/Indoor Air Quality Remediation

Participation in OMNIA and supplier specific trade shows, conferences and meetings is an important tactic. Regional trade shows, conferences, and Lunch and Learns are coordinated directly with local sales representatives to ensure our team members that are closest to the customer and market opportunity are engaged. Topics addressed at trade shows and other customer-related engagements are customized to meet local needs and priorities, including those topics of most concern to facility owners. For instance, "Lunch and Learns" feature specific state procurement requirements for contract use, building issues that are typical for the environment, as well as technologies to extend the life of roof assets.

v. Commitment to Attend, Exhibit and Participate at the NIGP Annual Forum in an Area Reserved by OMNIA Partners, Public Sector for Partner Suppliers. Booth Space will be Purchased and Staffed by Supplier. In addition, Supplier Commits to Provide Reasonable Assistance to the Overall Promotion and Marketing Efforts for the NIGP Annual Forum, as Directed by OMNIA Partners, Public Sector

We plan to participate in the NIGP Annual Forum on a yearly basis. Our level of commitment is based on financial resources available to support all initiatives which includes custom

marketing, supporting OMNIA events, Lunch and Learns, and targeted sales representative and Contractor Network training. WTI and Tremco will continue to support outreach efforts such as NIGP as a partner vendor to OMNIA.

vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement

We will strategically advertise in regional trade publications including local association opportunities. This advertising will expand on creative marketing pieces to capture the attention of OMNIA members. Messaging will be consistent and highlight our relationship with OMNIA.

vii. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)

Ongoing Marketing Initiatives (throughout duration of the contract)

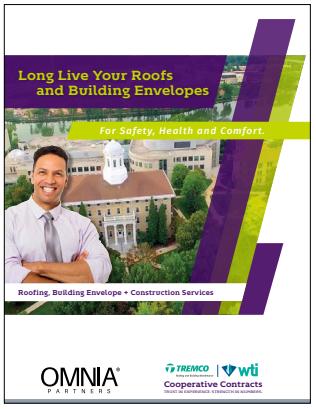
Our marketing efforts will continue to focus on the advantages of procuring under the OMNIA contract. This will be accomplished through:

- Promotional campaigns for lead generation
- Case stories demonstrating WTI customer success through the OMNIA contract (as permitted by public customers)
- Promotion of white papers demonstrating WTI's technical and business expertise
- Develop and release presentation materials and webinars for consistent messaging/branding across the sales team

WTI will implement an ongoing integrated campaign for the contract period to generate qualified leads and support our direct sales teams. Our launch strategy will be designed to ensure our personnel are trained and fully engaged with OMNIA members.

Co-branded Materials

Our co-branded literature has been produced to promote our extensive solutions available through our OMNIA contracts.



PERFORMANCE CAPABILITY

Additional literature and sales tools will be created as needed to continually drive awareness, support our sales representative customer relationships, and generate qualified leads.

- Our Tremco/WTI/OMNA capabilities brochure is a flagship piece that is widely distributed to prospects in print and digital format
- Our OMNIA contract for Comprehensive Exterior Surfacing Products, Services, and Paving Solutions is highlighted in a dedicated brochure.
- The benefits of our Job Order Contracting contract are explained in a JOC-specific marketing brochure.
- State -specific fliers are produced to further support local sales representative initiatives.
- Our National Cooperative Contractor Network flier to owners features the benefits this procurement solution offers to both public procurement and public facility management professionals. In addition to our direct distribution to prospective public agencies, this flier is also made available to In-Network contractors for use with their customers.
- Produced as our initial contractor recruitment tool, an additional National Cooperative Contractor Network flier, geared toward contractors, presents the benefits and competitive advantage the program makes available to qualified contractors who join the Network. This flier will continue to be distributed to targeted contractors.
- Leading In-Network Contractors are further supported with customized co-branded literature promoting their company, WTI and Tremco, and OMNIA,

Case Studies

Tremco has and will continue to produce case stories in a variety of formats depending upon the nature of the customer experience. In keeping with our strategy of both Creative Engagement and Personal Communications, whenever possible these stories put people upfront while promoting the use of the OMNIA contract. However, due to the sensitive nature of the public customer approval

process to be part of focused case stories, we will also create some generic case stories that highlight the OMNIA contract as well as the project executed.

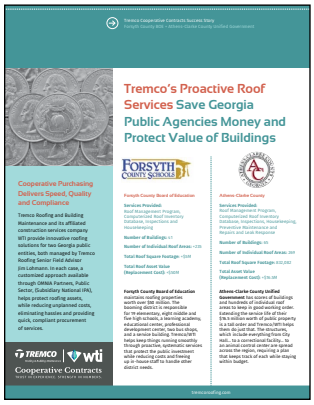
Marketing Roofing and Building Envelope Solutions

WTI and Tremco will continue to produce informational pieces on our extensive capabilities in servicing OMNIA members. We will continue to produce pieces that provide educational value, which is part of our marketing strategy deployed in support of our OMNIA's contracts. We believe this strategy is especially important in sustaining current customer relationships.

Our educational focus includes both technical and business information to help customers manage their roofing and building envelope assets. WTI and Tremco continue to invest in promotional literature featuring our unique solutions, such as our restoration and roof management literature.

Due to the COVID-19 pandemic, we had to postpone implementing some of our unique and creative marketing campaigns such as our pie campaign and animal cracker campaign. These campaigns not only satisfied the appetite of many, it focused attention on Tremco and our offerings under our past OMNIA contract. We will continue to explore such creative opportunities which are personalized to include a message from our local sales representative and will include the OMNIA logo and messaging.

viii. Dedicated OMNIA Partners, Public Sector internet web-based homepage on Supplier's website with:



In support of our cooperative strategy, we will provide a fast and simple online destination for prospects and customers to access all related sales literature. This includes information on our corporate website as well as on our dedicated Cooperative Purchasing microsite at https://yourroofexperts.com/omnia-partners/.

Press the hyperlinked image above to go to our OMNIA Public Sector Home Page

- OMNIA Partners, Public Sector standard logo—As a current awardee of three OMNIA contracts, we already have a landing page for OMNIA containing the logo
- Copy of original Request for Proposal—We provide a link to access our OMNIA contract awards
- Copy of Master Agreement and amendments between Principal Procurement Agency and Supplier—We provide a link to access our OMNIA contract awards
- Summary of Products and Pricing—Although we follow the pricing submitted and approved by Region 4 ESC, based on the fact that each project scope of work is different, we do not post online catalogs which is more conducive to a commodity type of a sale
- Marketing Materials—We provide access to pertinent marketing materials
- Electronic link to OMNIA Partners, Public Sector's website including the online registration page—We provide a link to access OMNIA's website and registration
- A dedicated toll-free number and email address for OMNIA Partners, Public Sector—We have an avenue to receive information requests through YourRoofExperts.com

WTI and Tremco will continually refresh our web pages as we launch new literature, case stories, webinars, and marketing pieces we believe our targeted procurement and facility management personnel will find most helpful, while simultaneously promoting our value proposition and our OMNIA contracts. In addition, OMNIA's section on www.yourroofexperts.com houses important information on our OMNIA contracts and provides an opportunity for public agencies to request a consultation.

Social Media Outreach

WTI and Tremco will announce our OMNIA contract award via Twitter and LinkedIn. Social media will remain in our media mix to promote our solutions throughout the term of the contract. We will focus on seasonal solutions to keep content fresh and timely.

WTI and Tremco promote on YouTube and LinkedIn a variety of videos on various topics intended for OMNIA members and contractors, such as our Cool Roof Video presenting how a roof ages and the financial benefits of restoration versus replacement. Our YouTube channel and LinkedIn postings also feature case stories, product demonstrations, and application tips. In addition, webinar and training events will be promoted through social media outlets.

Marketing Strategy Development

The above marketing tactics support our marketing strategy with the following objectives:

- Focusing on targeted high-worth public sector accounts in collaboration with our sales team and OMNIA resources and other sales personnel
- Promoting how our unique and extensive and single-source capabilities benefit OMNIA members
- Demonstrating WTI and Tremco are leaders in the public sector market through examples of past performance
- Demonstrating OMNIA's benefits and capabilities to build further awareness and help build OMNIA's membership.

WTI's past and current contracts have been successfully implemented because of our commitment to a proactive, highly targeted and integrated approach to new business development. Our senior and key personnel will continue to be responsible for servicing participating agencies under the contract, including performing outreach and timely follow-up to participating agencies.

As demonstrated throughout this section, our direct sales team will continue to leverage a variety of sales and marketing initiatives including, but not limited to, customized sales tools, targeted promotions, Lunch & Learns, trade association public speaking and trade show participation, targeted advertising, social media, one-on-one meetings, etc. In addition, WTI will utilize the expertise of OMNIA's marketing team and logo for marketing materials to clearly identify our association with OMNIA.

C. Describe How Supplier Will Transition any Existing Public Agency Customers' Accounts to the Master Agreement Available Nationally Through OMNIA Partners, Public Sector. Include a List of Current Cooperative Contracts (Regional and National) Supplier Holds and Describe How the Master Agreement will be Positioned Among the Other Cooperative Agreements.

Current list of Cooperative Contracts:

- OMNIA Roofing Products, Services and Job-Order-Contracting
- OMNIA Job Order Contracting
- OMNIA Exterior Surfacing Products, Services, and Paving Solutions
- AEPA Roofing and Building Envelope Services
- E&I Roofing Systems, Exterior Building Maintenance, Products, Supplies and Related Services
- CMAS Roofing and Building Envelope Services
- MHEC Facility Maintenance and Energy: Assessment and Software

WTI and Tremco has been on cooperative contracts and/or JOC IDIQ type contracts since 1995 and have performed on 1,000's of projects utilizing these contracts. Tremco has and will continue to aggressively market our OMNIA contracts which is evident by our sales growth from our 2013 contract through our current contracts. While many public agencies value our OMNIA contracts, certain agencies and jurisdictions require the use of a different contract. We will continue to promote the use of our OMNIA contracts where applicable in compliance with state statutes.

D. Acknowledge Supplier Agrees to Provide its Logo(s) to OMNIA Partners, Public Sector and Agrees to Provide Permission for Reproduction of Such Logo in Marketing Communications and Promotions. Acknowledge that Use of OMNIA Partners, Public Sector Logo Will Require Permission for Reproduction, as Well.

WTI agrees to provide its logo and gives permission for reproduction in marketing communications and promotions. In addition, we will work with OMNIA's marketing resources to obtain approval on all co branded marketing.

E. Confirm Supplier will be Proactive in Direct Sales of Supplier's Goods and Services to Public Agencies Nationwide and the Timely Follow Up to Leads Established by OMNIA Partners, Public Sector. All Sales Materials are to Use the OMNIA Partners, Public Sector Logo. At a Minimum, the Supplier's Sales Initiatives Should Communicate:

i. Master Agreement was Competitively Solicited and Publicly Awarded by a Principal Procurement Agency
ii. Best Government Pricing
iii. No Cost to Participate
iv. Non-Exclusive

WTI agrees to provide proactive direct sales of its goods and services to public agencies and perform timely follow-up to OMNIA and any leads provided. At a minimum we will communicate the Master Agreement was competitively solicited and publicly awarded, that WTI provides market competitive pricing which considers any site-specific savings available to the participating agency, there is no cost to the members to use the contract, and it is non-exclusive.

F. Confirm Supplier Will Train its National Sales Force on the Master Agreement. At a Minimum, Sales Training Should Include:

i. Key Features of Master Agreement
ii. Working Knowledge of the Solicitation Process
iii. Awareness of the Range of Public Agencies that can Utilize the Master Agreement Through OMNIA Partners, Public Sector
iv. Knowledge of Benefits of the Use of Cooperative Contracts

We confirm that our training and educational support of our national sales force with participation from our executive leadership, along with OMNIA, includes the items noted in i. through iv. above. As mentioned previously, our long history with successfully performing on Region 4 ESC/OMNIA/National IPA/TCPN contracts enhances our ability to transition from our current contract to a newly awarded contract.

G. Provide the Name, Title, Email and Phone Number for the Person(s), Who Will Be Responsible for:

i. Executive Support
ii. Marketing
iii. Sales
iv. Sales Support
v. Financial Reporting
vi. Accounts Payable
vii. Contracts

Key Contacts Table

H. Describe in Detail How Supplier's National Sales Force is Structured, Including Contact Information for the Highest-Level Executive in Charge of the Sales Team.

WTI and Tremco's sales force is structured regionally, with Regional Managers operating across nine divisions nationwide. Each region includes several dozen sales team members and business development managers who work collaboratively on projects that include material sales as well as general services and contracting. In addition, our representatives are supported by team members who support other Tremco CPG entities who work collaboratively to provide a robust offering to provide solutions best suited to each participating agency's needs.

The highest-level executive in support of the sales team is JK Milliken, President of Tremco.

Email: [redacted]
Phone: 216-292-5000 800-852-6013

I. Explain in Detail How the Sales Teams Will Work with the OMNIA Partners, Public Sector Team to Implement, Grow and Service the National Program.

Brand Strategy

Tremco continues to refresh its cooperatives brand strategy targeting the public market across the US in promoting our unique portfolio of integrated products and services developed to extend the life of roofs and building envelopes. We engage an outside marketing firm with extensive past experience with both WTI and Tremco as well as the cooperative market segment to create differentiating materials and manage the daily execution of our brand strategy. This firm works closely with both Tremco's corporate management, internal marketing team, and field sales organization to ensure marketing tactics reflect both our national and regional goals.

Differentiation to build greater awareness and appreciation for our truly unique value proposition through OMNIA/ Region 4 ESC serves as the foundation of our continuing brand strategy. WTI and Tremco have a long record of success based upon our ability to create and maintain strong, lasting relationships as we customize product and service solutions that are in the best interest of our public agency customers.

Tremco's cooperative brand strategy reflects not only this proven performance but our continuing commitment to meeting the needs of people and organizations throughout our sales cycle. Our audiences include the management staff with fiscal responsibility for their building assets, managers tasked with maintaining building operations, procurement officials, and the building occupants who depend upon them all to provide safe, comfortable, and affordable facilities.

WTI and Tremco has a dedicated brand strategy for our cooperative contracts market segment.

Marketing Objectives

Developed to reflect this brand strategy, our marketing program goals, which we are actively promote, as listed below, take an integrated approach for consistent branding so we may effectively leverage resources and maximize new business opportunities.

- Position WTI and Tremco as a leading provider of roofing and building envelope solutions to Public Agencies with the distinct ability to simplify and streamline procurement through our OMNIA contract.
- Enable Tremco sales representatives to clearly and consistently articulate our value proposition to ensure all prospects understand the breadth and depth of our total capabilities available through our OMNIA contract.
- Generate qualified leads for targeted states through highly focused marketing activities in collaboration with OMNIA Partners, WTI, and Tremco's field sales organization.
- Assist and enable Members of the National Cooperative Contractors Network to promote the OMNIA contracts to their local public entities.

Marketing Activities

Tremco takes an integrated approach to market our OMNIA contracts by syncing the following tactics to the customer life-cycle.

- Advertising and publicity to build broad market awareness across the country
- Outbound campaigns to generate qualified leads for WTI and National Cooperative Contractor Network solutions available through OMNIA/Region 4 ESC
- Direct sales tools to drive consistent, critical messaging during one-on-one and group presentations and meetings.
- Web and social media marketing to maximize reach and prospect convenience.

I. Explain in Detail How Supplier Will Manage the Overall National Program Throughout the Term of the Master Agreement, Including Ongoing Coordination of Marketing and Sales Efforts, Timely New Participating Public Agency Account Set-Up, Timely Contract Administration, etc.

WTI has successfully implemented and performed similar construction and roofing products and services on multiple contract awards for more than ten different types of cooperatives. We will continue to customize our proven framework to develop a client-specific approach for contract implementation. Our customized approach includes marketing, customer relationship development, specification development, project deliverables, job-order acceptance and performance, emergency response, account management (including invoicing), timely completion and close out of projects, and executive support of our public market strategy. Depending upon individual cooperative needs, we can incorporate other services to best meet participating agency needs. WTI has an established framework and a nationwide presence, so we can easily adapt to individual cooperative and member requirements.

Upon award of a cooperative contract, we implement our proven marketing approach which includes educating our in-house staff on the contract and rolling out our services through co-branded marketing efforts to cooperative

Members. As discussed in our marketing rollout plan, this typically includes a combination of press releases, social media announcements, direct/email mailings, advertisements, participation in trade shows, social media, and website interactions. Beyond marketing, we also mobilize our existing construction-management personnel to make certain we have the availability to respond to cooperative projects. As a result of our nationwide presence, we draw from a large pool of resources to staff cooperative projects depending on location throughout the US.

Our success with cooperative purchasing programs is demonstrated by consecutive contract awards by many cooperatives. These renewals prove our ability to meet agency expectations as well as speak to the effectiveness of our organization to market and perform critical services. OMNIA members can also see evidence of our cooperative successes in our customer satisfaction metrics, where customers awarded us a 9.1 out of 10 overall satisfaction rating and 97% of respondent customers said they would purchase our roofing systems again. To see this in greater detail use the "Tremco Quality Control Customer Satisfaction Program" hyperlink button on the first links page at the beginning of this proposal.

J. State the Amount of Supplier's Public Agency Sales for the Previous Fiscal Year. Provide a List of Supplier's Top Ten Public Agency Customers, the Total Purchases for Each for the Previous Fiscal Year Along with a Key Contact for Each.

WTI and Tremco's Public Agency Sales in FY2022 were approximately [redacted] for both cooperative and traditional sales. WTI has taken an exception to providing the list of top ten public agency customers as this information is considered privileged and we do not have permission from our customers to divulge it.

K. Describe Supplier's Information Systems Capabilities and Limitations Regarding Order Management Through Receipt of Payment, Including Description of Multiple Platforms That May be Used for Any of These Functions.

WTI will make progress payments to subcontractors based upon applications for payment submitted by the subcontractor. Subcontractors are required to submit monthly requisitions for payment for work completed during the preceding month unless the billing requirements of the participating agency contract documents specify otherwise, and those requirements will supersede these provisions. WTI will issue progress payments on properly submitted requisitions relating to work performed in accordance with the contract documents on a net-30 basis from receipt unless different terms are expressly provided in the contract documents. The amount of each progress payment to the subcontractor will be equal to the following:

- The percentage of completion for the work of the subcontractor on a monthly basis and in accordance with the contract
- Plus, the amount allowed for materials (if any)
- Less the aggregate of previous payments to the subcontractor, and less ten percent (10%) or specified retainage

Retainage will be held until the DO has received a final inspection and has been accepted by the participating agency. WTI will not be required to pay subcontractors more than received for our work.

Final payment, constituting the entire unpaid balance of the contract sum, will be made to subcontractors when the work has been completed to the satisfaction of WTI, Region 4 ESC, OMNIA Partners, Public Agencies and the DO is fully

performed (including proper delivery of waivers of lien and other documentation required by the contract documents). A final certificate for payment will be issued by a participating Public Agency for the work and WTI will receive final payment from the participating Public Agency.

L. Provide the Contract Sales (as Defined in Section 10 of the OMNIA Partners, Public Sector Administration Agreement) that Supplier Will Guarantee Each Year Under the Master Agreement for the Initial Three Years of the Master Agreement ("Guaranteed Contract Sales").

YEAR ONE*	YEAR TWO*	YEAR THREE*

*These are projected figures, WTI does not guarantee sales.

Due to the fact the contract start date of November overlaps with our current #R180903 contract which expires February 29, 2024, sales will continue under #R180903 creating a transition year between #R180903 and #R23-04 in year one. There will be residual sales under #R180903 from proposed work but not awarded and from maintenance and warranty contracts that are multi-year agreements.

i. To the extent Supplier guarantees minimum Contract Sales, the administration fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

While many public agencies value our OMNIA contracts there are many factors that go into securing a sale including how a public agency would like to procure our solutions, including agency-specific contract preferences, agency procurement policy, administrative and legislative procurement policy. The intent of our response, and contract, is to continue to provide OMNIA members a vehicle for which they can easily and compliantly procure needed roofing and building envelope solutions. Based on the needs of servicing OMNIA members, WTI will aggressively promote this contract with the intent of producing sales under this contract as we have under our Current Roofing Products, Services and Job-Order-Contracting contract that is reaching its expiration. However, due to the speculative and unique nature of the services we provide, including legislative and administrative code challenges, we do not have the ability to guarantee sales.

M. Even Though it is Anticipated Many Public Agencies will be able to Utilize the Master Agreement Without Further Formal Solicitation, there Maybe Circumstances Where Public Agencies Will Issue their Own Solicitations. The Following Options are Available When Responding to a Solicitation for Products Covered Under the Master Agreement.

i. Respond with Master Agreement Pricing (Contract Sales Reported to OMNIA Partners, Public Sector).

ii. If Competitive Conditions Require Pricing Lower Than the Standard Master Agreement Not-To-Exceed Pricing, Supplier May Respond with Lower Pricing Through the Master Agreement. If Supplier is Awarded the Contract, the Sales are Reported as Contract Sales to OMNIA Partners, Public Sector Under the Master Agreement.

iii. Respond with Pricing Higher Than Master Agreement Only in the Unlikely Event that the Public Agency Refuses to Utilize Master Agreement (Contract Sales are Not Reported to OMNIA Partners, Public Sector).

iv. If Alternative or Multiple Proposals are Permitted, Respond with Pricing Higher than Master Agreement, and Include Master Agreement as the Alternate or Additional Proposal.

Detail Supplier's Strategies Under these Options When Responding to a Solicitation.

As mentioned previously, there are many factors that go into how a public agency would like to procure our solutions which include traditional bidding of products. Tremco/WTI will, if electing to respond to such solicitations, will respond as we do in our normal course of our traditional business outside of our OMNIA contracts.

ii. The Successful Offeror will be Required to Sign Appendix D, Exhibit B, OMNIA Partners Administration Agreement Prior to Contract Award. Offerors Should have Any Reviews Required to Sign the Document Prior to Submitting a Response. Offeror's Response Should Include any Proposed Exceptions to OMNIA Partners Administration Agreement on Appendix B, Terms and Conditions Acceptance Form.

WTI has reviewed Appendix D, Exhibit B, OMNIA Partners Administration Agreement and included exceptions/proposed modifications on Appendix B, Terms and Conditions Acceptance Form, as required.

iii. Include Completed Appendix D, Exhibits F. Federal Funds Certifications and G. New Jersey Business Compliance.

Please see the completed Exhibit B, Exhibit C, Appendix D, Exhibit F, and Exhibit G on the following pages.

Exhibit B
Administration Agreement, Example

ADMINISTRATION AGREEMENT

THIS ADMINISTRATION AGREEMENT (this "**Agreement**") is made this ___ day of _____ 20__, between National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("**OMNIA Partners**"), and _____ ("**Supplier**").

RECITALS

WHEREAS, the _____ (the "**Principal Procurement Agency**") has entered into a Master Agreement effective _____, Agreement No_____, by and between the Principal Procurement Agency and Supplier, (as may be amended from time to time in accordance with the terms thereof, the "**Master Agreement**"), as attached hereto as Exhibit A and incorporated herein by reference as though fully set forth herein, for the purchase of _____ (the "**Product**");

WHEREAS, said Master Agreement provides that any or all public agencies, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (collectively, "**Public Agencies**"), that register (either via registration on the OMNIA Partners website or execution of a Master Intergovernmental Cooperative Purchasing Agreement, attached hereto as Exhibit B) (each, hereinafter referred to as a "**Participating Public Agency**") may purchase Product at prices stated in the Master Agreement;

WHEREAS, Participating Public Agencies may access the Master Agreement which is offered through OMNIA Partners to Public Agencies;

WHEREAS, OMNIA Partners serves as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency;

WHEREAS, Principal Procurement Agency desires OMNIA Partners to proceed with administration of the Master Agreement; and

WHEREAS, OMNIA Partners and Supplier desire to enter into this Agreement to make available the Master Agreement to Participating Public Agencies and to set forth certain terms and conditions governing the relationship between OMNIA Partners and Supplier.

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, OMNIA Partners and Supplier hereby agree as follows:

DEFINITIONS

1. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given to them in the Master Agreement.

TERMS AND CONDITIONS

2. The Master Agreement and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement. Supplier acknowledges and agrees that the covenants and agreements of Supplier set forth in the solicitation and Supplier's response thereto resulting in the Master Agreement are incorporated herein and are an integral part hereof.

3. OMNIA Partners shall be afforded all of the rights, privileges and indemnifications afforded to Principal Procurement Agency by or from Supplier under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to OMNIA Partners, its agents, employees, directors, and representatives under this Agreement including, but not limited to, Supplier's obligation to obtain appropriate insurance.

4. OMNIA Partners shall perform all of its duties, responsibilities and obligations as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency as set forth herein, and Supplier hereby acknowledges and agrees that all duties, responsibilities and obligations will be undertaken by OMNIA Partners solely in its capacity as the cooperative contract administrator under the Master Agreement.

5. With respect to any purchases by Principal Procurement Agency or any Participating Public Agency pursuant to the Master Agreement, OMNIA Partners shall not be: (i) construed as a dealer, re-marketer, representative, partner or agent of any type of the Supplier, Principal Procurement Agency or any Participating Public Agency; (ii) obligated, liable or responsible for any order for Product made by Principal Procurement Agency or any Participating Public Agency or any employee thereof under the Master Agreement or for any payment required to be made with respect to such order for Product; and (iii) obligated, liable or responsible for any failure by Principal Procurement Agency or any Participating Public Agency to comply with procedures or requirements of applicable law or the Master Agreement or to obtain the due authorization and approval necessary to purchase under the Master Agreement. OMNIA Partners makes no representation or guaranty with respect to any minimum purchases by Principal Procurement Agency or any Participating Public Agency or any employee thereof under this Agreement or the Master Agreement.

6. OMNIA Partners shall not be responsible for Supplier's performance under the Master Agreement, and Supplier shall hold OMNIA Partners harmless from any liability that may arise from the acts or omissions of Supplier in connection with the Master Agreement.

7. Supplier acknowledges that, in connection with its access to OMNIA Partners confidential information and/or supply of data to OMNIA Partners, it has complied with and shall continue to comply with all laws, regulations and standards that may apply to Supplier, including, without limitation: (a) United States federal and state information security and privacy statutes, regulations and/or best practices, including, without limitation, the Gramm-Leach-Bliley Act, the Massachusetts Data Security Regulations (201 C.M.R. 17.00 et. seq.), the Nevada encryption statute (N.R.S. § 603A), the California data security law (Cal. Civil Code § 1798.80 et. seq.) and California Consumer Privacy Act (Cal. Civil Code § 1798.100 et. seq.); and (b) applicable industry and regulatory standards and best practices (collectively, "**Data Regulations**").

With regard to Personal Information that Supplier collects, receives, or otherwise processes under the Agreement or otherwise in connection with performance of the Agreement, Supplier agrees that it will not: (i) sell, rent, release, disclose, disseminate, make available, transfer, or otherwise communicate orally, in writing, or by electronic or other means, such Personal Information to another business or third party for monetary or other valuable consideration; or (ii) retain, use, or disclose such Personal Information outside of the direct business relationship between Supplier and OMNIA Partners or for any purpose other than for

the specific purpose of performance of the Agreement, including retaining, using, or disclosing such Personal Information for a commercial purpose other than for performance of the Agreement. By entering into the Agreement, Supplier certifies that it understands the specific restrictions contained in this Section 7 and will comply with them. For purposes hereof, "**Personal Information**" means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household, and includes the specific elements of "personal information" as defined under Data Regulations, as defined herein. Supplier will reasonably assist OMNIA Partners in timely responding to any third party "request to know" or "request to delete" (as defined pursuant to Data Regulations) and will promptly provide OMNIA Partners with information reasonably necessary for OMNIA Partners to respond to such requests. Where Supplier collects Personal Information directly from Public Agencies or others on OMNIA Partners' behalf, Supplier will maintain records and the means necessary to enable OMNIA Partners to respond to such requests to know and requests to delete.

8. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, OMNIA PARTNERS EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING OMNIA PARTNERS' PERFORMANCE AS A COOPERATIVE CONTRACT ADMINISTRATOR OF THE MASTER AGREEMENT. OMNIA PARTNERS SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF OMNIA PARTNERS IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERM OF AGREEMENT; TERMINATION

9. This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the provisions of Sections 3 – 8 and 11 – 22, hereof and the indemnifications afforded by the Supplier to OMNIA Partners in the Master Agreement, to the extent such provisions survive any expiration or termination of the Master Agreement, shall survive the expiration or termination of this Agreement.

NATIONAL PROMOTION

10. OMNIA Partners and Supplier shall publicize and promote the availability of the Master Agreement's products and services to Public Agencies and such agencies' employees. Supplier shall require each Public Agency to register its participation in the OMNIA Partners program by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector) or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency's first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

11. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in development of marketing materials as reasonably requested by Principal Procurement Agency and OMNIA Partners. Supplier shall be responsible for obtaining permission or license of use and payment of any license fees for all content and images Supplier provides to OMNIA Partners or posts on the OMNIA Partners website. Supplier shall indemnify, defend and hold harmless OMNIA Partners for use of all such content and images including copyright infringement claims. Supplier and OMNIA Partners each hereby grant to the other party a limited, revocable, non-transferable, non-sublicensable right to use such party's logo (each, the "**Logo**") solely for use in marketing the Master Agreement. Each party shall provide the other party with the standard terms of use of such party's Logo, and such party shall comply with such terms in all material respects. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the

foregoing, the parties understand and agree that except as provided herein neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

12. An "Administrative Fee" shall be defined and due to OMNIA Partners from Supplier in the amount of three percent (3%) ("**Administrative Fee Percentage**") multiplied by the total purchase amount paid to Supplier, less refunds and credits on returns, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("**Contract Sales**"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.

13. Supplier shall provide OMNIA Partners with an electronic accounting report monthly, in the format prescribed by OMNIA Partners, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("**Contract Sales Report**"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to OMNIA Partners by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion.

14. Administrative Fee payments are to be paid by Supplier to OMNIA Partners at the frequency and on the due date stated in Section 13, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the OMNIA Partners designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting underpayment of Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

GENERAL PROVISIONS

16. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between OMNIA Partners and Supplier, the provisions of this Agreement shall prevail.

17. If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any Administrative Fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

18. This Agreement and OMNIA Partners' rights and obligations hereunder may be assigned at OMNIA Partners' sole discretion to an affiliate of OMNIA Partners, any purchaser of any or all or substantially all of the assets of OMNIA Partners, or the successor entity as a result of a merger, reorganization, consolidation, conversion or change of control, whether by operation of law or otherwise. Supplier may not assign its obligations hereunder without the prior written consent of OMNIA Partners.

19. All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below.

A. OMNIA Partners:

OMNIA Partners
5001 Aspen Grove
Franklin, TN 37067
Attention: Legal Department - Public Sector Contracting

B. Supplier:

~~Weatherproofing Technologies~~
~~3735 Green St.~~
~~Beachwood, OH 44122~~
~~Att.: Jane Krivos~~

20. If any provision of this Agreement shall be deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatever, and this Agreement will be construed by limiting or invalidating such provision to the minimum extent necessary to make such provision valid, legal and enforceable.

21. This Agreement may not be amended, changed, modified, or altered without the prior written consent of the parties hereto, and no provision of this Agreement may be discharged or waived, except by a writing signed by the parties. A waiver of any particular provision will not be deemed a waiver of any other provision, nor will a waiver given on one occasion be deemed to apply to any other occasion.

22. This Agreement shall inure to the benefit of and shall be binding upon OMNIA Partners, the Supplier and any respective successor and assign thereto; subject, however, to the limitations contained herein.

23. This Agreement will be construed under and governed by the laws of the State of Delaware, excluding its conflicts of law provisions and any action arising out of or related to this Agreement shall be commenced solely and exclusively in the state or federal courts in Williamson County Tennessee.

24. This Agreement may be executed in counterparts, each of which is an original but all of which, together, shall constitute but one and the same instrument. The exchange of copies of

this Agreement and of signature pages by facsimile, or by .pdf or similar electronic transmission, will constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes. Signatures of the parties transmitted by facsimile, or by .pdf or similar electronic transmission, will be deemed to be their original signatures for any purpose whatsoever.

MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Master Intergovernmental Cooperative Purchasing Agreement (this "**Agreement**") is entered into by and between those certain government agencies that execute a Principal Procurement Agency Certificate ("**Principal Procurement Agencies**") with National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector, Communities Program Management, LLC, a California limited liability company d/b/a U.S. Communities, and/or NCPA LLC, a Texas limited liability company d/b/a National Cooperative Purchasing Alliance (collectively, "**OMNIA Partners**"), in its capacity as the cooperative administrator, to be appended and made a part hereof and such other public agencies ("**Participating Public Agencies**") who register to participate in the cooperative purchasing programs administered by OMNIA Partners and its affiliates and subsidiaries (collectively, the "**OMNIA Partners Parties**") by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector or any successor website), or by executing a copy of this Agreement.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers have entered into "**Master Agreements**" (herein so called) to provide a variety of goods, products and services ("**Products**") to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the OMNIA Partners Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.

2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency's procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies' participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(j), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable "safe harbor" regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.

3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider; provided that the foregoing shall not prohibit Participating Public Agency from furnishing health care services so long as the furnishing of health care services is not in furtherance of a primary purpose of the Participating Public Agency.

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization ("**GPO**") agreements directly or indirectly by enrolling the Participating Public Agency in another GPO's purchasing program, provided that the purchase of Products through the OMNIA Partners Parties or any other GPO shall be at the Participating Public Agency's sole discretion.

7. The Participating Public Agencies (each a "**Procuring Party**") that procure Products through any Master Agreement or GPO Product supply agreement (each a "**GPO Contract**") will make timely payments to the distributor, manufacturer or other vendor (collectively, "**Supplier**") for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for purchase of similar products or services outside of the Master Agreement. Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE OMNIA PARTNERS PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE OMNIA PARTNERS PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE OMNIA PARTNERS PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE OMNIA PARTNERS PARTIES SHALL HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR OTHER PARTY UNDER A MASTER AGREEMENT OR GPO

CONTRACT.

11. This Agreement shall remain in effect until termination by either party giving thirty (30) days' written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) registration on the OMNIA Partners website or the execution of this Agreement by a Participating Public Agency, as applicable.

Federal Funds Certifications

FEDERAL CERTIFICATIONS

ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

(2) An agreement that provides only:

(i) Direct United States Government cash assistance to an individual;

(ii) A subsidy;

(iii) A loan;

(iv) A loan guarantee; or

(v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non–Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

(a)(1) The Federal financial assistance that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or

(2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.

(b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

(c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).

(d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non–Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

(a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
(b) Is not organized primarily for profit; and
(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non–Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non–Federal entity during the same or a future period.

Pass-through entity means a non–Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non–Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non–Federal entity may purchase property or services using small purchase methods. Non–Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non–Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following provisions may be required and apply when Participating Public Agency expends federal funds for any purchase resulting from this procurement process. Per FAR 52.204-24 and FAR 52.204-25, solicitations and resultant contracts shall contain the following provisions.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Oct 2020)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services—Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications-Commercial Items. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) *Definitions.* As used in this provision—

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition*.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (https://www.sam.gov) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) *Representation.* The Offeror represents that—

(1) It □ will, □ will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that—

It □ does, □ does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) *Disclosures.*

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer.

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

52.204-25 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020).

(a) *Definitions.* As used in this clause—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (*e.g.*, connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (*e.g.*, fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means–

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means–

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (*e.g.*, connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (*e.g.*, voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition*.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

The following certifications and provisions may be required and apply when Participating Public Agency expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the Participating Public Agency and the Participating Public Agency's subcontractors shall contain the procurement provisions of Appendix II to Part 200, as applicable.

APPENDIX II TO 2 CFR PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at $250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Pursuant to Federal Rule (A) above, when a Participating Public Agency expends federal funds, the Participating Public Agency reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(B) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

Pursuant to Federal Rule (B) above, when a Participating Public Agency expends federal funds, the Participating Public Agency reserves the right to immediately terminate any agreement in excess of $10,000 resulting from this procurement process in the event of a breach or default of the agreement by Offeror as detailed in the terms of the contract.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(**C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 CFR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."**

Pursuant to Federal Rule (C) above, when a Participating Public Agency expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

Does offeror agree to abide by the above? YES JKM Initials of Authorized Representative of offeror

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the

acceptance of the wage determination. The non- Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when a Participating Public Agency expends federal funds during the term of an award for all contracts and subgrants for construction or repair, offeror will be in compliance with all applicable Davis-Bacon Act provisions.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when a Participating Public Agency expends federal funds, offeror certifies that offeror will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award for all contracts by Participating Public Agency resulting from this procurement process.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Pursuant to Federal Rule (F) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term of an award for all contracts by Participating Public Agency resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (F) above.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non- Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA)

In the event Federal Transit Administration (FTA) or Department of Transportation (DOT) funding is used by Participating Public Agency, Offeror also agrees to include Clean Air and Clean Water requirements in each subcontract exceeding $100,000 financed in whole or in part with Federal assistance provided by FTA.

Pursuant to Federal Rule (G) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term of an award for all contracts by Participating Public Agency member resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (G) above.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the Executive Office of the President Office of Management and Budget (OMB) guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Pursuant to Federal Rule (H) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term of an award for all contracts by Participating Public Agency resulting from this procurement process, the offeror certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency. If at any time during the term of an award the offeror or its principals becomes debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency, the offeror will notify the Participating Public Agency.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term and after the awarded term of an award for all contracts by Participating Public Agency resulting from this procurement process, the offeror certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

(1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding $100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

RECORD RETENTION REQUIREMENTS FOR CONTRACTS INVOLVING FEDERAL FUNDS

When federal funds are expended by Participating Public Agency for any contract resulting from this procurement process,

offeror certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. The offeror further certifies that offeror will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When Participating Public Agency expends federal funds for any contract resulting from this procurement process, offeror certifies that it will comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18).

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH BUY AMERICA PROVISIONS

To the extent purchases are made with Federal Highway Administration, Federal Railroad Administration, or Federal Transit Administration funds, offeror certifies that its products comply with all applicable provisions of the Buy America Act and agrees to provide such certification or applicable waiver with respect to specific products to any Participating Public Agency upon request. Purchases made in accordance with the Buy America Act must still follow the applicable procurement rules calling for free and open competition. Additionally:

(1) The Contractor agrees to comply with 49 USC 5323(j) and 49 CFR Part 661, which provide that federal funds may not be obligated unless steel, iron and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR 661.7.A general public interest waiver from the Buy America requirements applies to microprocessors, computers, microcomputers, software or other such devices, which are used solely for the purpose of processing or storing data. This general waiver does not extend to a product or device that merely contains a microprocessor or microcomputer and is not used solely for the purpose of processing or storing data. Separate requirements for rolling stock are set out at 5323(j)(2)(C) and 49 CFR 661.11.

(2) A bidder or offeror must submit to the FTA recipient the appropriate Buy America certification with all bids on FTA-funded contracts, except those subject to a general waiver. Bids or offers that are not accompanied by a completed Buy America certification must be rejected as nonresponsive. This requirement does not apply to lower tier subcontractors.

The following certificates titled FTA and DOT Buy America Certification should be completed and returned with the response as part of FTA and DOT requirements.

FEMA SPECIAL CONDITIONS

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

"Contract" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the "Master Agreement".

"Contractor" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Notice of Legal Matters Affecting the Federal Government

In the event FTA or DOT funding is used by Participating Public Agency, Contractor agrees to:

1) The Contractor agrees that if a current or prospective legal matter that may affect the Federal Government emerges, the Contractor shall promptly notify the Participating Public Agency of the legal matter in accordance with 2 C.F.R. §§ 180.220 and 1200.220.

2) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

3) The Contractor further agrees to include the above clause in each subcontract, at every tier, financed in whole or in part with Federal assistance provided by the FTA.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

a. Equal opportunity and nondiscrimination laws

b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7

c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Bid Guarantee

For proposals that are to include construction/reconstruction/renovation and related services, bids must be accompanied by Certified or Cashier's Check or an approved Bid Bond in the amount of not less than five percent (5%) of the total bid. Surety shall provide a copy of the Power of Attorney authorizing the Executing Agent the authority to execute the bid bond documents and bind the surety to the bid bond conditions. The bid bond shall have a corporate Surety that is licensed to conduct business in the state of the lead agency and authorized to underwrite bonds in the amount of the bid bond.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. CONTRACT REMEDIES

Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at $250,000 for procurements made on or after June 20, 2018,4 must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability

This contract provision is required for contracts over the SAT, currently set at $250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations

For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than $100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. TERMINATION FOR CAUSE AND CONVENIENCE

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246, *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other

employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the

Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

a. Standard. All prime construction contracts in excess of $2,000 awarded by non- Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.

c. Requirements. If applicable, the non-federal entity must do the following:

i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any

part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of
$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental,

developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with

obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor, Weatherproofing Technologies Inc., certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. DOMESTIC PREFERENCES FOR PROCUREMENTS

As appropriate, and to the extent consistent with law, CONTRACTOR should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.

Applicability For purchases in support of FEMA declarations and awards issued on or after November 12, 2020, all FEMA recipients and subrecipients are required to include in all contracts and purchase orders for work or products a contract provision encouraging domestic preference for procurements.

Domestic Preference for Procurements As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase,

acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber."

13. **ACCESS TO RECORDS**

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or Comptroller General.

Access to Records. The following access to records requirements apply to this contract:

i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

iv. In compliance with the Disaster Recovery Act of 2018, the Participating Public Agency and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

14. CHANGES

a. Standard. To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes

clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

15. DHS SEAL, LOGO, AND FLAGS

a. Standard. Recipients must obtain permission prior to using the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials. See DHS Standard Terms and Conditions: Version 8.1 (2018).

b. Applicability. FEMA recommends that all non-Federal entities place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

c. "The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

16. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

a. Standard. The recipient and its contractors are required to comply with all Federal laws, regulations, and executive orders.

b. Applicability. FEMA recommends that all non-Federal entities place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable Federal law, regulations, executive orders, and FEMA policies, procedures, and directives.

c. "This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives."

17. NO OBLIGATION BY FEDERAL GOVERNMENT

a. Standard. FEMA is not a party to any transaction between the recipient and its contractor. FEMA is not subject to any obligations or liable to any party for any matter relating to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

18. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

c. "The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract."

Offeror agrees to comply with all terms and conditions outlined in the FEMA Special Conditions section of this solicitation.

FEDERAL TRANSIT ADMINISTRATION (FTA) AND DEPARTMENT OF TRANSPORTATION (DOT) SPECIAL CONDITIONS

Awarded Supplier(s) (also referred to as Contractors) may be asked to provide products and services to agencies following Federal Transit Administration and/or Department of Transportation requirements. By submitting a response, the Supplier is accepting these FTA and DOT Special Conditions.

NO GOVERNMENT OBLIGATION TO THIRD PARTIES

These requirements do not apply to micro-purchases ($10,000 or less, except for construction contracts over $2,000).

(1) The Participating Public Agency and contractor/vendor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the purchaser, contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

(2) The contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

These requirements do not apply to micro-purchases ($10,000 or less, except for construction contracts over $2,000)

(1) The contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies, "49 CFR Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the contractor to the extent the Federal Government deems appropriate.

(2) The contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. 5307, the Government reserves the right to impose the penalties of 18 U.S.C. 1001 and 49 U.S.C. § 5323(l) on the contractor, to the extent the Federal Government deems appropriate.

(3) The contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

ACCESS TO RECORDS AND REPORTS

(1) Record Retention. The Contractor will retain, and will require its subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the contract, including, but not limited to, data, documents, reports, statistics, sub-agreements, leases, subcontracts, arrangements, other third party agreements of any type, and supporting materials related to those records.

(2) Retention Period. The Contractor agrees to comply with the record retention requirements in accordance with 2 C.F.R. § 200.333. The Contractor shall maintain all books, records, accounts and reports required under this Contract for a period of at not less than three (3) years after the date of termination or expiration of this

Contract, except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case records shall be maintained until the disposition of all such litigation, appeals, claims or exceptions related thereto.

(3) Access to Records. The Contractor agrees to provide sufficient access to FTA and its contractors to inspect and audit records and information related to performance of this contract as reasonably may be required.

(4) Access to the Sites of Performance. The Contractor agrees to permit FTA and its contractors access to the sites of performance under this contract as reasonably may be required.

FEDERAL CHANGES

(1) Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this Contract.

Contractor agrees to:

a) Maintain all books, records, accounts and reports required under this Contract for a period of not less than three (3) years after the date of termination or expiration of this Contract or any extensions thereof except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case Contractor agrees to maintain same until Public Agency, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto.

b) Permit any of the foregoing parties to inspect all work, materials, payrolls, and other data and records with regard to the Project, and to audit the books, records, and accounts with regard to the Project and to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed for the purpose of audit and examination.

FTA does not require the inclusion of these requirements of Article 1.01 in subcontracts. Reference 49 CFR 18.39 (i)(11).

CIVIL RIGHTS / TITLE VI REQUIREMENTS

The Participating Public Agency is an Equal Opportunity Employer. As such, the Participating Public Agency agrees to comply with all applicable Federal civil rights laws and implementing regulations. Apart from inconsistent requirements imposed by Federal laws or regulations, the Participating Public Agency agrees to comply with the requirements of 49 U.S.C. § 5323(h) (3) by not using any Federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications.

Under this Agreement, the Contractor shall at all times comply with the following requirements and shall include these requirements in each subcontract entered into as part thereof.

(1) Nondiscrimination – In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. 20000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. 6102, section 202 of the Americans with disabilities Act of 1990, 42 U.S.C. 12132, and Federal transit law at 49 U.S.C. 5332, the contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(2) Equal Employment Opportunity – The following equal employment opportunity requirements apply to the underlying contract:

(a) **Race, Color, Creed, National Origin, Sex**. In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e et seq., and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. chapter 60, and Executive Order No. 11246, "Equal Employment Opportunity in Federal Employment," September 24, 1965, 42 U.S.C. § 2000e note, as

amended by any later Executive Order that amends or supersedes it, referenced in 42 U.S.C. § 2000e note. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, national origin, or sex (including sexual orientation and gender identity). Such action shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(b) **Age** - In accordance with the Age Discrimination in Employment Act, 29 U.S.C. §§ 621-634, U.S. Equal Employment Opportunity Commission (U.S. EEOC) regulations, "Age Discrimination in Employment Act," 29 C.F.R. part 1625, the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6101 et seq., U.S. Health and Human Services regulations, "Nondiscrimination on the Basis of Age in Programs or Activities Receiving Federal Financial Assistance," 45 C.F.R. part 90, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(c) **Disabilities** - In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 et seq., the Architectural Barriers Act of 1968, as amended, 42 U.S.C. §4151 et seq., and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against individuals on the basis of disability. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(3) The contractor also agrees to include these requirements in each subcontract financed whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

INCORPORATION OF FTA 4220.1F TERMS

(1) The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

(2) Flow Down – The incorporation of FTA terms has unlimited flow down.

DISADVANTAGED BUSINESS ENTERPRISE (DBE)

The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

1) Withholding monthly progress payments;

2) Assessing sanctions;

3) Liquidated damages; and/or

4) Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

5) Non-Discrimination Assurances. Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. Contractor shall carry out all applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may

result in the termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).

6) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of Participating Public Agency.

7) DBE Program. In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

ENERGY CONSERVATION REQUIREMENTS

Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plans issued under the Energy Policy and Conservation Act, as amended, 42 U.S.C. Sections 6321 et seq. and 41 CFR Part 301-10.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

1) The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

2) Flow Down – The incorporation of FTA terms has unlimited flow down.

SUSPENSION AND DEBARMENT

The Contractor shall comply and facilitate compliance with U.S. DOT regulations,

"Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Government Wide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of $25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

a) Debarred from participation in any federally assisted Award;

b) Suspended from participation in any federally assisted Award;

c) Proposed for debarment from participation in any federally assisted Award;

d) Declared ineligible to participate in any federally assisted Award;

e) Voluntarily excluded from participation in any federally assisted Award; or

f) Disqualified from participation in ay federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the AGENCY. If it is later determined by the AGENCY that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the AGENCY, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

CARGO PREFERENCE REQUIREMENTS

Use of United States-Flag Vessels. The contractor agrees:

1) To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels.

2) To furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington D.C. 20590 and the FTA recipient (through the contractor in the case of a subcontractor's bill-of lading).

3) To include these requirements in all subcontracts issued pursuant to the contract when the subcontract may involve the transport of equipment, materials, or commodities by ocean vessel.

FLY AMERICA

Fly America Requirements:

1) Definitions. As used in this clause- "International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States. "United States" means the 50 States, the District of Columbia, and outlying areas. "U.S.-flag air carrier" means an air carrier holding a certificate under 49 U.S.C. Chapter 411.

2) When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, recipients,

and others use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

3) If available, the contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

4) In the event that the contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403.

Stated Reason(s):_____
_____
_____

5) The contractor shall include the substance of this clause, including this paragraph, in each subcontract or purchase under this contract that may involve international air transportation.

RECYCLED PRODUCTS

1) The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), "Comprehensive Procurement Guideline for Products Containing Recovered Materials," 40 C.F.R. part 247.

CONFORMANCE WITH ITS NATIONAL ARCHITECTURE

When applicable:

1) Contractor shall conform, to the extent applicable, to the National Intelligent Transportation Standards architecture as required by SAFETEA-LU Section 5307(c), 23 U.S.C. Section 512 and as amended by MAP-21 23 U.S.C. § 517(d), note and follow the provisions of FTA Notice, "FTA National Architecture Policy on Transit Projects," 66 Fed. Reg.1455 et seq., January 8, 2001, and any other implementing directives FTA may issue at a later date, except to the extent FTA determines otherwise in writing.

ADA ACCESS

1) In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 et seq., the Architectural Barriers Act of 1968, as amended, 42 U.S.C. § 4151 et seq., and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against individuals on the basis of disability. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

SAFE OPERATION OF MOTOR VEHICLES

1) *Seat Belt Use* - The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-

rented vehicles, or personally operated vehicles. The terms “company-owned” and “company-leased” refer to vehicles owned or leased either by the Contractor or Participating Public Agency.

2) *Distracted Driver* - The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contactor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this agreement.

PROMPT PAYMENT

1) The Prime Contractor shall pay any Subcontractor for work that has been satisfactorily performed no later than thirty (30) days from the date of the Prime Contractor’s receipt of each payment made by the Participating Public Agency. Additionally, within thirty (30) days of satisfactory completion of all work required of the Subcontractor, the Prime Contractor shall release any retainage payments withheld to the Subcontractor.

FTA PROTEST NOTIFICATION

A protestant must exhaust all Participating Public Agency Procurement administrative procedures and remedies before pursuing a protest with the FTA.

1) Any and all protests shall be in writing and shall be filed with the Purchasing Manager with the Participating Public Agency. A protest relating to the process for determining the most responsive and responsible contractor shall be filed within five (5) business days after the protestor knows or should have known the basis of the determination. The Contract Officer shall respond to a protest within fourteen (14) calendar days after the receipt of the protest. The Purchasing Manager may grant the Contract Officer an extension for the response if warranted. A request for reconsideration of any and all determinations by the Contract Officer shall be filed with the Purchasing Manager within seven (7) calendar days after the receipt of the determination.

2) A protest shall include:

    a. The name, address, and telephone number, including FAX number if available, of the protestor;

    b. The signature of the protestor or authorized representative;

    c. Identification of the contract/solicitation;

    d. A detailed statement of the legal and/or factual grounds of protest including copies and/or citations of relevant documents, and;

    e. The form of relief requested.

3) If any of the above information is omitted or incomplete, then the Protestor shall be notified, in writing, within two (2) calendar days after that determination, and the Protestor shall have two (2) calendar days in which to remedy the specified problem.

4) The Participating Public Agency will not make award prior to the resolution of a protest, or open bids prior to resolution of a protest filed before bid opening unless the Purchasing Manager determines in writing that it is in the best interests of the Participating Public Agency or in keeping with Item 7 of this

procedure to do otherwise. Potential contractors will be advised of a pending protest if the protest is filed before award.

5) The Purchasing Manager may allow for an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties include all bidding contractors, and may also include a subcontractor or supplier provided they have a substantial economic interest in a portion of the IFB or RFP.

6) The Purchasing Manager shall respond "in writing", in detail, to each substantial issue raised in the protest. The Purchasing Manager has the sole authority to make determinations for the Participating Public Agency, and a determination shall be considered final when it is labeled as such. A request for reconsideration will be allowed by the Purchasing Manager if he determines that data has become available that was not previously known, or that there has been an error of law or regulation.

7) The Participating Public Agency may proceed with procurement when a protest is pending if the Participating Public Agency determines that:

    a. The items to be procured are urgently required;

    b. Delivery or performance will be unduly delayed by failure to make the award promptly; or

    c. Failure to make award will otherwise cause undue harm to the grantee for the Federal Government.

8) FTA will only entertain a protest that alleges:

    a. The Participating Public Agency failed to have or to adhere to its protest procedures, or failed to review a complaint or protest; or

    b. Violations of Federal law or regulation.

9) A protest to FTA must be filed in accordance with FTA Circular 4220.1F, available from the Contract Officer. Specifically, protestors shall file a protest with FTA Region 9 or FTA Headquarters Office no later than five (5) days after a final decision is rendered under the Participating Public Agency's protest procedure. In instances where the protestor alleges that the Participating Public Agency failed to make a final determination on the protest, protestors shall file a protest with FTA not later than five (5) calendar days after the protester knew or should have known of the grantee's failure to render a final determination on the protest.
A protest filed with FTA shall:

    a. Include the name and address of the protestor.

    b. Identify the grantee, project number, and the number of the contract solicitation.

    c. Contain a statement of the grounds for protest and any supporting documentation. This should detail the alleged failure to have or adhere to protest procedures, failure to review a complaint or protest; or Violation of Federal law or regulation.

    Include a copy of the local protest filed with the grantee and a copy of the grantee's decision, if any.

NEW JERSEY BUSINESS COMPLIANCE

Suppliers intending to do business in the State of New Jersey must comply with policies and procedures required under New Jersey statues. All offerors submitting proposals must complete the following forms specific to the State of New Jersey. Completed forms should be submitted with the offeror's response to the RFP. Failure to complete the New Jersey packet will impact OMNIA Partners' ability to promote the Master Agreement in the State of New Jersey.

DOC #1	Ownership Disclosure Form
DOC #2	Non-Collusion Affidavit
DOC #3	Affirmative Action Affidavit
DOC #4	Political Contribution Disclosure Form
DOC #5	Stockholder Disclosure Certification
DOC #6	Disclosure of Investment Activities in Iran, Russia and Belarus
DOC #7	New Jersey Business Registration Certificate
DOC #8	EEOAA Evidence
DOC #9	MacBride Principals Form

New Jersey suppliers are required to comply with the following New Jersey statutes when applicable:

- all anti-discrimination laws, including those contained in N.J.S.A. 10:2-1 through N.J.S.A. 10:2-14, N.J.S.A. 10:5-1, and N.J.S.A. 10:5-31 through 10:5-38;

- Prevailing Wage Act, N.J.S.A. 34:11-56.26, for all contracts within the contemplation of the Act;

- Public Works Contractor Registration Act, N.J.S.A. 34:11-56.26; and

- Bid and Performance Security, as required by the applicable municipal or state statutes.

STATEMENT OF OWNERSHIP DISCLOSURE

N.J.S.A. 52:25-24.2 (P.L. 1977, c.33, as amended by P.L. 2016, c.43)

This statement shall be completed, certified to, and included with all bid and proposal submissions. Failure to submit the required information is cause for automatic rejection of the bid or proposal.

P.L. 1995, c. 127 (N.J.A.C. 17:27)
MANDATORY AFFIRMATIVE ACTION LANGUAGE

PROCUREMENT, PROFESSIONAL AND SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of it testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
    a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
    b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
    c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
    d. The form may be used "as-is", subject to edits as described herein.
    e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
    f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
    - of the public entity awarding the contract
    - of that county in which that public entity is located
    - of another public entity within that county
    - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Required Pursuant to N.J.S.A. 19:44A-20.26

This form or its permitted facsimile must be submitted to the local unit no later than 10 days prior to the award of the contract.

DISCLOSURE OF INVESTMENT ACTIVITIES IN IRAN, RUSSIA AND BELARUS
N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4) and N.J.S.A. 52:32-60.1

Pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4) and N.J.S.A. 52:32-60.1 any person or entity that submits a bid or proposal or otherwise proposes to enter into or renew a contract must certify that neither the person nor entity, nor any of its parents, subsidiaries, or affiliates, is identified on the New Jersey Department of the Treasury's Chapter 25 List as a person or entity engaged in investment activities in Iran, Russia or Belarus. The Chapter 25 list is found on the Division's website at https://www.state.nj.us/treasury/purchase/. Vendors/Bidders must review this list prior to completing the below certification. If the Qualified Purchasing Agent of the Atlantic County Utilities Authority finds a person or entity to be in violation of the law, he shall take action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

CHECK THE APPROPRIATE BOX

[X] I certify, pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4), and N.J.S.A. 52:32-60.1 that neither the Vendor/Bidder listed above nor any of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List of entities determined to be engaged in prohibited activities in Iran, Russia or Belarus.

OR

[ ] I am unable to certify as above because the Vendor/Bidder and/or one or more of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List. I will provide a detailed, accurate and precise description of the activities of the Vendor/Bidder, or one of its parents, subsidiaries or affiliates, has engaged in regarding investment activities in Iran by completing the information requested below.

Entity Engaged in Investment Activities _____

Relationship to Vendor/ Bidder _____

Description of Activities _____

_____

_____

Duration of Engagement _____

Anticipated Cessation Date _____

Attach Additional Sheets If Necessary.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the ACUA is relying on the information contained herein, and that the Vendor is under a continuing obligation from the date of this certification through the completion of any contract(s) with the ACUA to notify the Qualified Purchasing Agent in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of my agreement(s) with the ACUA, I am permitting the ACUA to declare any contract(s) resulting from this certification void and unenforceable.

MACBRIDE-PRINCIPLES

STATE OF NEW JERSEY DEPARTMENT OF THE TREASURY
DIVISION OF PURCHASE AND PROPERTY

33 WEST STATE STREET, P.O. BOX 230
TRENTON, NEW JERSEY 08625-0230

MACBRIDE PRINCIPALS FORM

BID SOLICITATION #: _____ **VENDOR/BIDDER:** _____

VENDOR'S/BIDDER'S REQUIREMENT TO PROVIDE A CERTIFICATION IN COMPLIANCE WITH THE MACBRIDE PRINCIPALS AND NORTHERN IRELAND ACT OF 1989

Pursuant to Public Law 1995, c. 134, a responsible Vendor/Bidder selected, after public bidding, by the Director of the Division of Purchase and Property, pursuant to N.J.S.A. 52:34-12, must complete the certification below by checking one of the two options listed below and signing where indicated. If a Vendor/Bidder that would otherwise be awarded a purchase, contract or agreement does not complete the certification, then the Director may determine, in accordance with applicable law and rules, that it is in the best interest of the State to award the purchase, contract or agreement to another Vendor/Bidder that has completed the certification and has submitted a bid within five (5) percent of the most advantageous bid. If the Director finds contractors to be in violation of the principals that are the subject of this law, he/she shall take such action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

I, the undersigned, on behalf the Vendor/Bidder, certify pursuant to N.J.S.A. 52:34-12.2 that:

CHECK THE APPROPRIATE BOX

[X] The Vendor/Bidder has no business operations in Northern Ireland; or

OR

[ ] The Vendor/Bidder will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principals of nondiscrimination in employment as set forth in section 2 of P.L. 1987, c. 177 (N.J.S.A. 52:18A-89.5) and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of its compliance with those principals.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor/Bidder, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, and that the Vendor/Bidder is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of **my** agreement(s) with the State, permitting the State to declare any contract(s) resulting from this certification to be void and unenforceable.

iv. Describe How Offeror Responds to Emergency Service Requests.

WTI understands the importance of providing responsive service. As such, we offer service 24 hours a day, seven days per week, 365 days per year (24/7/365). In the event of an emergency situation, OMNIA members can contact 877-587-3626 with their assigned account number. The call will then be dispatched to our key personnel for response. Response time is established with the account to define emergency (two- to four-hour response), standard (24- to 48-hour response), etc. The dispatch for each location includes up to four points-of-contact (POCs), as shown below, to ensure effective response.

1	WTI Technician 1
2	WTI Technician 2
3	WTI Contractor
4	WTI Technical Advisor

Upon dispatch, the appropriate Technical Advisor will be notified of the issue for follow through. The Technical Advisor ensures that the request was completed and verifies WTI's and Tremco's financial responsibility.

Each member will be provided a process and an account number upon completion of a project or purchase of a warranty. The process will include an 800 number for 24/7 response at no additional cost to the member. As part of the warranty, WTI will provide 24 hours a day/seven days a week Emergency Leak Response at no additional cost. Regardless of whether the leak is related to defective materials, wear and tear or storm-related damage (within the terms of the warranty), the dispatch center logs the call for priority treatment, assuring a fast, efficient response. We will perform all emergency roof system leak repairs required in accordance with our Leak Response Program and warranty terms. The leak will be repaired immediately unless weather or other conditions prevent such work, in which case the repair schedule will be coordinated with the member to be accomplished at the next available time period.

Proposals for standard orders are typically processed in one to three days while proposals for emergency orders are typically provided within 72 hours of notification, depending upon the scope and geographic location of the project. These times may vary depending upon unforeseen conditions and/or remote locations; however, our processes and procedures are designed to accommodate these time frames.

Our key personnel have experience responding to several emergency project situations. In these instances, working with the customer to respond to such conditions is our first priority. We also rely on long-standing relationships with contractors who also respect this level of service and are available on-site 24/7. Through our Construction Managers and Superintendents, we also have the knowledge and software tools to effectively estimate damage-control costs in a matter of hours. OMNIA members can expect no less than 24/7 on-call service from WTI on the service agreement. WTI is also available during natural disasters such as fires, floods and winter storms to assist with disaster response, offering members with priority service. For emergency/disaster response, we use an Emergency Service Agreement/Disaster Response form to expedite typical purchase order procedures. We follow up our emergency-response services with the required documentation for the client.

After hours customer service needs are handled on a case-by-case basis. We make every effort to meet our customers' needs. Often, we staff our Customer Service Representatives to be able to accommodate not only daily needs but also emergency needs.

Our response times, including emergency leak response, will remain constant across all regions, however, adjustments to these response times will be made regarding remote geographical locations. In these instances, response times will be clearly communicated regarding safety, reasonable time frames and availability and mobility of personnel and equipment. Our ability to service all regions at the same level is made possible through our diverse personnel resources located across the United States and is supplemented by our extensive contractor database.

v. Describe Offeror's Ability to Meet Service and Warranty Needs.

WTI and Tremco benefit OMNIA members by offering an all-encompassing service and product portfolio complete with manufacturer warranties from a single source. WTI provides one of the most comprehensive warranty packages in the roofing industry. Each of our warranties covers installation, details, flashing, materials, workmanship, inspection and preventative maintenance. Tremco offers several product and service warranty options to participating Public Sector Agencies to match their roofing needs as detailed below. With each of the Tremco warranties, OMNIA members will receive a 1-800 leak response service. Please note that several of the warranties listed below are available in multi-year terms, based on customer needs and/or requirements.

- Quality Assurance (QA) Warranty
- QA Plus
- QA Premium Warranty
- Vegetative Warranty
- Plain and Simple Warranty
- One-Year Tremco Performance Warranty (TPW)
- Material Warranty
- Warranty extension and renewals are available for OMNIA members.

Sample Warranties

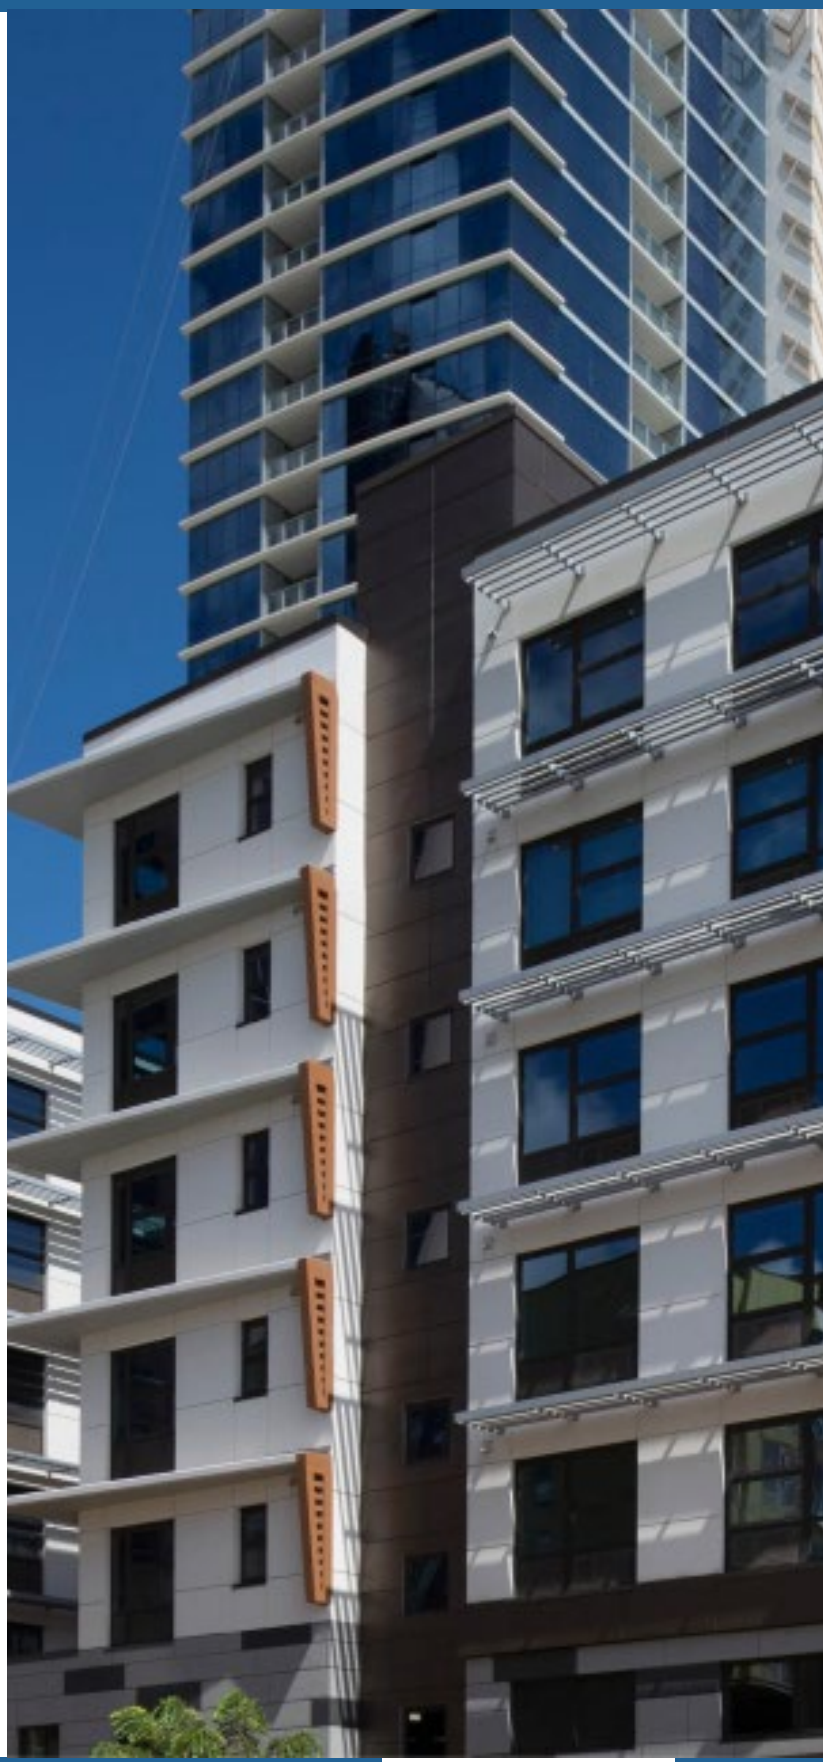
Sample warranties are available to OMNIA Members upon request.

PERFORMANCE CAPABILITY

One Building Envelope. One Warranty. One Powerful System Delivering Unmatched Protection for Your Building

Your property is a major investment, and its building envelope is a critical component. OMNIA members get one chance to get it right—or spend many years and a lot of money trying to fix it.

Made up of hundreds, even thousands, of components, a building's "envelope" protects interior spaces and occupants from the outside world. That includes shielding against the elements, excessive noise, and providing resistance to other external disturbances.



Why cobble together an envelope with materials from dozens of different suppliers when you can choose a Tremco Construction Products Group (CPG) building envelope, designed and tested to work as one continuous system and warranted together in a single document?

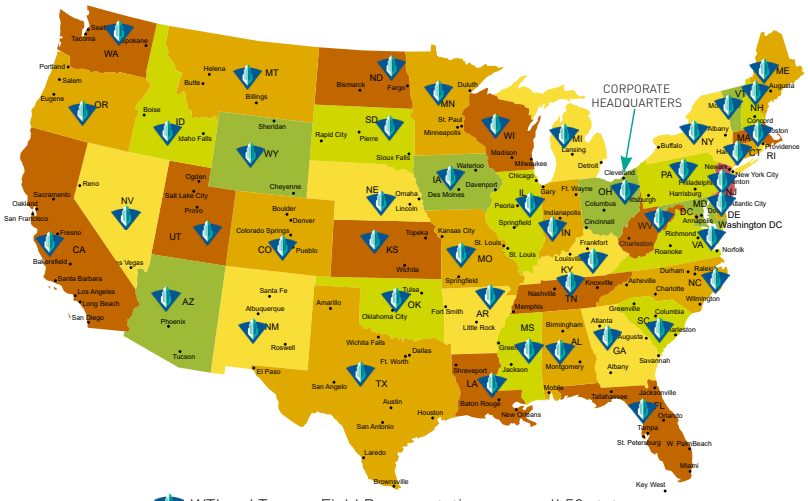
Systems & Services Covered Under a Single Warranty

- Air & Vapor Barriers
- Cladding
- Glazing Systems
- Insulated Concrete Forms
- Sealants & Adhesives
- Traffic Coatings
- Waterproofing

THE MORE TREMCO CPG COMPONENTS, THE MORE PROTECTION

Most individual building component warranties are limited to the dollar value of the material purchased. With a Tremco CPG warranty, the more OMNIA members single-source from the group, the greater the dollar value of coverage available should OMNIA members have an issue. That's because a Tremco CPG warranty is worth the aggregate value of all the components purchased from the group—providing a much larger pool should a member have a warranted issue on any one component.

vi. Describe Offeror's Customer Service/Problem Resolution Process. Include Hours of Operation, Number of Services, etc.



WTI's U.S. Customer Service Department consists of three Customer Service Centers as outlined in the below table.

Customer service centers and hours of operations.

Location	Phone/Fax	Hours of Operation
WTI Corporate Office 3735 Green Road Beachwood, OH 44122	Ph: (216) 292-5000 (800) 852-6013 Fx: (216) 292-5038	8:30 am – 5:00 pm (EDT)
Western Division Office 3060 East 44th Street Vernon, CA 90058	Ph: (213) 587-3014 Fx: (213) 585-6592	8:30 am – 5:00 pm (PDT)
Eastern Division Office 8 Main Street Flemington, NJ 08822	Ph: (800) 628-751 (908) 782-1927 Fx: (908) 782-1898	8:30 am – 5:00 pm (EDT)

Because of the number and location of these service centers, WTI can handle the customer's needs anywhere in the nation. If additional hours of operation are desired, WTI's Corporate Customer Service Manager, will consider accommodating the customer's needs by altering the staffing within the department to provide a superior level of customer service.

After hours customer service needs are handled on a case-by-case basis. We make every effort to meet our customers' needs. Often, we staff our Customer Service Representatives to be able to accommodate not only daily needs but also emergency needs. In the event of an emergency situation, OMNIA members can contact the 800-5-TREMCO phone number 24/7/365 with their assigned account number. The call will then be dispatched for response. As previously mentioned, customer satisfaction is a focus and differentiator for WTI and Tremco. Our talented and focused customer service staff are an important part creating positive customer experiences and satisfaction. Through their caring, ability to problem-solve and bias for action, our representatives have the capability to create a satisfied customer with every call. And, they do it every day!

WTI and Tremco Field Representation covers all 50 states

vii. Describe Offeror's Invoicing Process. Include Payment Terms and Acceptable Methods of Payments.

Payment terms are net 30 days. We can accept Purchase Order, credit cards, ACH or check.

SAP has the ability to track member purchases, products and services, billing, accounts payable and other accounting functions. Through SAP, WTI can provide customized billing and reporting to OMNIA as a whole, as well as to individual participating members. This includes management reports, consolidated billing by location, time and attendance reports for participating Members. WTI currently uses SAP on our existing contracts that integrates manufacturing, finance, planning, implementation and operations to:

- Improve customer relations and response times
- Improve performance without sacrificing quality
- Streamline manufacturing planning and execution
- Increase sales
- Reduce inefficiencies
- Improve customer service and marketing efforts
- Support finance expenditures and resources
- Streamline supply-chain planning and execution
- Monitor compliance
- Improve best business practices

viii. Describe Offeror's Contract Implementation/Customer Transition Plan.

WTI has successfully implemented and performed similar construction and roofing and building envelope products and services on multiple contract awards for more many different types of cooperatives. Prior to award of a cooperative contract, we customize our proven framework to develop a client-specific approach for implementation. Our customized approach includes marketing, project acceptance and performance, emergency response, account management (including invoicing) and executive support. Depending on individual member needs, we can incorporate other services to best meet member needs. WTI has an established framework and a nationwide presence, we can easily adapt to individual cooperative requirements.

Upon award of a cooperative contract, we implement our proven marketing approach which includes educating our in-house staff on the contract and rolling out our services through branded marketing efforts to cooperative Members. As previously discussed, this typically includes a combination of press releases, social-media announcements, direct mailings, advertisements, participation in trade shows and website interactions. Beyond marketing, we also mobilize our existing construction-management personnel to make certain we have the availability to respond to cooperative projects. As a result of our nationwide presence, we draw from a large pool of resources to staff cooperative projects depending on location throughout the US.

Our success with cooperative purchasing programs is demonstrated by consecutive contract awards by many cooperatives. These renewals prove our ability to meet agency expectations as well as speak to the effectiveness of our organization to market and perform critical services. This is evidenced in our customer satisfaction metrics, where customers awarded us a 9.1 out of 10 overall satisfaction rating and 98% of respondent customers said they would purchase our roofing systems again.

ix. Describe the financial condition of Offeror.

WTI is a building envelope industry leader and is in very good financial condition. We are an affiliate member of the Tremco CPG, Inc. line-up of companies that make up the largest division of RPM International, our Fortune 500 parent company. WTI continues to see steady growth in the market and has a very healthy pipe-line of work.

For additional information press here to go to RPM International's 10K & annual report filings

x. Provide a Website Link in Order to Review Website Ease of Use, Availability, and Capabilities Related to Ordering, Returns and Reporting. Describe the Website's Capabilities and Functionality.

Due to the nature of our business, WTI currently does not have an on-line catalog/ordering website. These construction projects are independently specified and built for each building component's current condition and structure. This requires field consulting/engineering services to design and offer the best solutions or multiple solutions for each building component. Online catalogs do not accommodate this type of built construction. WTI will provide representatives to cover and support all projects and does not provide an on-line catalog option.

Our Sales Representatives meet with customers to review and analyze individual facility roofing needs and propose the right solutions and products. This one-on-one sales approach allows our Sale Representatives to gain a full understanding of the needs of each Public Sector Agency and provide on the spot assessments of the areas of work. This approach ultimately saves time and cost in back and forth of online ordering and allows our teams to provide the services and products the customer needs the first time.

Tremco will allow for material only orders sold direct to end user, if needed, to be returned within 30 days of project completion. Depending on the products' condition, the estimated time frame to complete this return process is up to 30 days.

- Returns must be products in good condition and authorized by Tremco prior to return shipment. The following exceptions apply:
  - Exception: Due to warehouse limitations, there are no returns on Tremco Insulation products or TremLock™ Custom Metal Edge.
  - Exception: Fastener supplier does not accept returns on Insulation Fastener Discs and limits fastener returns to 3 months from shipment.
  - Exception: POWERply™ SA Base Sheet and POWERply™ SA FR returns are limited to three months from shipment.
  - Exception: THERMastic®, THERMastic® 50, and POWERply™ Modified Hot Melt Adhesive cannot be remelted or worked off, so returns of these four products are limited to pallets which are determined by a Tremco Representative to be in excellent condition.
- Tremco reserves the right to refuse a return of a product sold and shipped more than one year ago.
- Material must be returned in the account name under which it originally shipped.
- Return freight charges are the responsibility of the customer.

xi. Describe the Offerer's Safety Record.

Safety Record

Our industry can be a very dangerous one, where one wrong move can have long lasting and sometimes devastating effects on a family and our communities. This is why we require every employee to go through our OSHA safety training course. The results of our commitment to people shows as we have one of the best safety records in the industry, especially for a company of our size. The chart below illustrates WTI's commitment to safety as we have one of the best safety records in the industry. This is even more impressive when OMNIA members take into consideration that we are also one of the largest roofing and building envelope companies in the industry.

	wti — Corporate & Field Market Safety Qualifications Metric — TREMCO			
	2020	2021	2022	
EMR (Insurance Experience Modification Rate)	.70	.65	.60	
No. of Employees	1221	1311	1472	
Hours Worked	2,114,385	2,374,237	2,655,983	
No. of Fatalities	0	0	0	
No. of Recordable Incidents	14	18	25	
Total Recordable Incident Rate (per 100 full-time employees)	**1.32**	**1.52**	**2.33**	**Industry Avg.—3.4**
No. of Lost Time Incidents	0	4	0	
Lost Time Incident Rate (per 100 full-time employees)	0	.34	0	Industry Avg.—1.4

PERFORMANCE CAPABILITY

xii. Performance Bond Plan - Offeror shall submit a detailed performance bond plan that will meet the Participating Public Agency's local and state statutory requirements. The Offeror is required to be knowledgeable and current on all statutory requirements for bonding. This should include, but is not limited to, a letter from a surety company that is licensed to do business in the states being proposed in the submittal. Offerors shall also provide a written statement acknowledging that they can provide surety letters for any affiliates to Region 4 ESC or participating agencies upon request. Offerors may need to provide additional capacity as work orders increase. Bonds will not require that a fee be paid to Region 4 ESC. The actual cost of the bond will be a pass-through expense to the Participating Public Agency and added to the purchase order.

WTI has been providing performance bonds on projects for over 30 years in partnership with our insurance provider, Liberty Mutual Insurance. As we provide bonding on projects in all 50 states, WTI is experienced and knowledgeable about providing bonding for members' projects in accordance with all states' laws and statutory bonding requirements. We have enclosed a letter from our surety agent evidencing our bonding capacity of [redacted] aggregate and [redacted] for a single project, which reflect ample capacity for any project awarded under the OMNIA 23-04 resultant contract agreement. Further, we are able to provide surety letters as needed for any affiliates of Region 4 ESC that may request evidence of our ability to bond projects. Our bonding process begins at the estimating level where costs and thresholds are identified based upon project size and location in order to accurately and immediately identify bonding needs before the proposal phase starts. This process provides a quality-auditable process, which is ISO 9001:2015 certified. As project volume dictates, WTI will be able to confidently manage additional capacity to provide quality services to OMNIA members.

xiii. **Safety/Environmental Plan - Offeror shall submit a detailed safety plan with their submittal. It should specifically address how the Offeror will implement this plan with the subcontractors. The safety plan will need to address OSHA compliance, environmental compliance, drug testing, trend analysis and noncompliance corrective action. It should also state whether a safety officer will interact with the Participating Public Agency's staff and management of safety and environmental issues while working in occupied areas.**

It's not a cliché that an organization's greatest obligation is to provide a safe working environment. But that commitment takes on even more importance when a job's responsibilities include the kind of potential risk you can find on a roof.

As the market leader in providing roofing solutions and services, WTI fully recognizes what is at stake in construction and renovation projects. We never leave the safety and security of employees, installation teams and other on-site trades to chance. Job site safety grounded in proper training is without question our highest priority.

That is why every one of our roofing and building envelope projects, no matter the size, begins with a thorough understanding of the job site's potential hazards, safe work procedures, product characteristics, equipment operation, conditions, and specific customer requirements.

That understanding is based on the extraordinary safety training we provide our field advisors and technical personnel. To ensure that every installation is completed safely and efficiently, WTI has developed a comprehensive set of safety resources, with a strong emphasis on field safety training, job site audits, and extensive use of systems and communication tools.

PERFORMANCE CAPABILITY

Each of our field advisors have received safety training, to help them manage the trouble-free delivery of our products and services. All of WTI's technical field and general contracting management personnel have received at least their OSHA 10-hour safety card—a powerful statement when you consider that is the largest field team in our industry.

In addition, WTI ensures we continue providing this knowledge with a core of over 20 Authorized OSHA Outreach Trainers with extensive roofing craft experience. This in-house safety expertise permits consistent and safe installation of our systems focused on customer and site-specific health and safety requirements. A team of safety experts is also available in the field to answer questions or concerns that may arise.

Tremco Roofing and WTI consistently perform better than the industry averages for Roofing and Construction Services as measured by the commonly used Total Recordable Injury Rate (TRIR) and Experience Modification Rate (EMR) standards.

Safety Training and Expertise

- Over [redacted] OSHA Authorized Construction H&S trainers within WTI to provide and
- Extend on-the-job safety knowledge
- Over [redacted] Field Sales Advisors have received six weeks of intensive roofing,
- Technical, project management and field safety training
- Over [redacted] WTI employees with current 10-hour cards – within 3 years of issue
- Ongoing training updates—over [redacted] OSHA 10-hour cards issued since 2007
- Over [redacted] WTI employees with OSHA 30-hour cards
- Over [redacted] WTI employees trained in First Aid/CPR
- Over [redacted] WTI trained as ANSI A92 Aerial Lift Operators

WTI Safety Program

Each of the following components meet or exceed OSHA standards for the construction industry.

POLICIES AND PROCEDURES	• WTI Safety Policies • Hazard Communication Program
FIELD SAFETY	• Start Safe Checklist • Fall Protection • Hazardous Energy Control/Lock Out, Tag Out Program • Confined Space Entry Program • Fire Prevention & Protection • Personnel Protective Equipment (PPE) and Hygiene Requirements • Respiratory Protection • Hot Work (involving flames, sparks or heat) • Hearing Protection/Noise • Scaffolding Safety • Hand & Power Tools
ENVIRONMENTAL CONTROLS	• Environmental Controls (i.e., ventilation, lighting) • Waste Disposal • Vehicle Safety
EMPLOYEE TRAINING/ COMPETENT PERSONS	• OSHA [redacted] trainers • OSHA 10 hour certification • Job site inspections • Alcohol, Drug & Substance Policies and Screenings • Product Related Health Information • Tool Box 5-Minute Safety Talks for On-Site Training • Medical & First Aid Safety Training and Expertise
SAFETY TRAINING AND EXPERTISE	• Over [redacted] OSHA Authorized Construction H&S trainers within WTI to provide and extend on-the-job safety knowledge • Over [redacted] Field Sales Advisors have received six weeks of intensive roofing, technical, project management and field safety training • Over [redacted] WTI employees with current 10 hour cards – within 3 years of issue • Ongoing training updates - over [redacted] OSHA 10 hour cards issued since 2007 • Over [redacted] WTI employees with OSHA 30 hour cards • Over [redacted] WTI employees trained in First Aid/CPR • Over [redacted] WTI trained as ANSI A92 Aerial Lift Operators

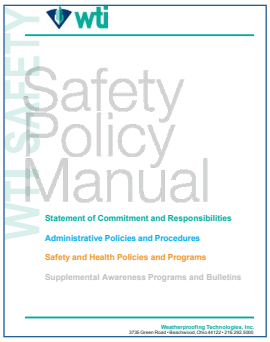
Safety Data Sheets (SDS)

Access to our product Safety Data Sheets is available on each jobsite. Each SDS meets and/or exceeds US – OSHA, European Union and Canadian WHMIS. Safety Data Sheets are also available by product. Just use the product sheet web-link in the front of this proposal.

Site Specific Safety Plans

The WTI staff regularly develops plans that specify the minimum health, safety, and emergency response requirements to be followed by WTI and Tremco personnel and our subcontractors during the construction activities of a particular project. These plans include a detailed Job Hazard Analysis, designation of EHS responsibilities, a description of our products and necessary protective measures, and any additional information that the customer or general contractor may require.

Sub-Contractor Safety Program Guidelines



The NRCA Contractor Safety Program or its equivalent is the template for contractors and subcontractors to develop documents. Each subcontractor/installation team can use this comprehensive industry-wide program developed under an OSHA Harwood Grant to customize the safety program to meet their specific needs.

Environmental Health & Safety (EHS) Department

WTI provides a fully staffed EHS Department committed to safety—from project inception to final walk-through. A complete list of staff contact numbers is available from the corporate office to ensure ready access to all business and emergency numbers at WTI.

Full Safety Plan

A full copy of our Safety Policy Manual is available to OMNIA members upon request..

TAB 4

QUALIFICATIONS AND EXPERIENCE

REFERENCES

INCLUDES ANSWERS TO SECTION 2.c

i. Provide a brief history of the Offeror, including year it was established and corporate office location.

Tremco, originally established in 1928, along with its affiliated company, Weatherproofing Technologies, Inc. (WTI) established in 1962, offers a comprehensive inventory of roofing assessment, leak prevention, building envelope, product sales, and general contracting (GC) services. WTI and Tremco, part of Tremco Construction Products Group, has annual sales of over [redacted], owns and operates [redacted] manufacturing plants with over [redacted] employees worldwide. Our parent company, RPM International Inc., a Fortune 500 company and a world leader in specialty coatings serves both industrial and consumer markets generating nearly $7 billion in annual sales. RPM has been in business for 75 years and employs more than 14,000 people worldwide and operates 139 manufacturing facilities in 27 countries, as well as sells products in approximately 170 countries and territories. RPM is committed to providing the highest quality products and services possible in the field of roofing, sealants and coatings.

WTI, along with its affiliated company Tremco, is ISO 9001:2015 certified and was the first building envelope service company in the industry to attain this quality certification. ISO certification helps to continually improve our systems and approach to building envelope concerns and is the standard to which we have committed for our customers. We constantly look to improve our management process within our strategic planning processes through the input of our leadership, employees, and customers. Tremco is a renowned manufacturer of roofing and weatherproofing products while WTI has performed thousands of roofing projects nationwide. Regardless of the type of roof, we can offer a solution through Tremco-manufactured products or other roofing products. We have a pool of more than [redacted] pre-qualified subcontractors nationwide to assist in roofing project performance. Not only are these subcontractors approved

in the installation of Tremco products, but they are also approved to install products from other manufacturers.

WTI has expanded its service capabilities to become a full-service general contractor to all of our customers. WTI's general-contracting services include HVAC/ mechanical projects, indoor air quality solutions, asphalt paving, concrete, tile and terrazzo rehabilitation/ restoration, exterior building wall cladding systems and restoration, window systems repair and sealants, photovoltaic (PV) systems, insulated concrete forms, masonry, in addition to roofing restoration, maintenance and building envelope services. WTI's general-contracting capabilities are further supplemented by Tremco's vast sales and manufacturing resources.

ii. Describe Offeror's reputation in the marketplace.

UNMATCHED EXPERTISE AND EXPERIENCE

WTI and Tremco service customers across all markets including retail, healthcare, educational, and local, state and federal government as well as complex industrial and manufacturing companies. OMNIA members will have peace of mind knowing that their interests will be managed by a team of experienced professionals. We deliver quality assurance with each product through trained professionals who are qualified to perform roofing and building envelope services.

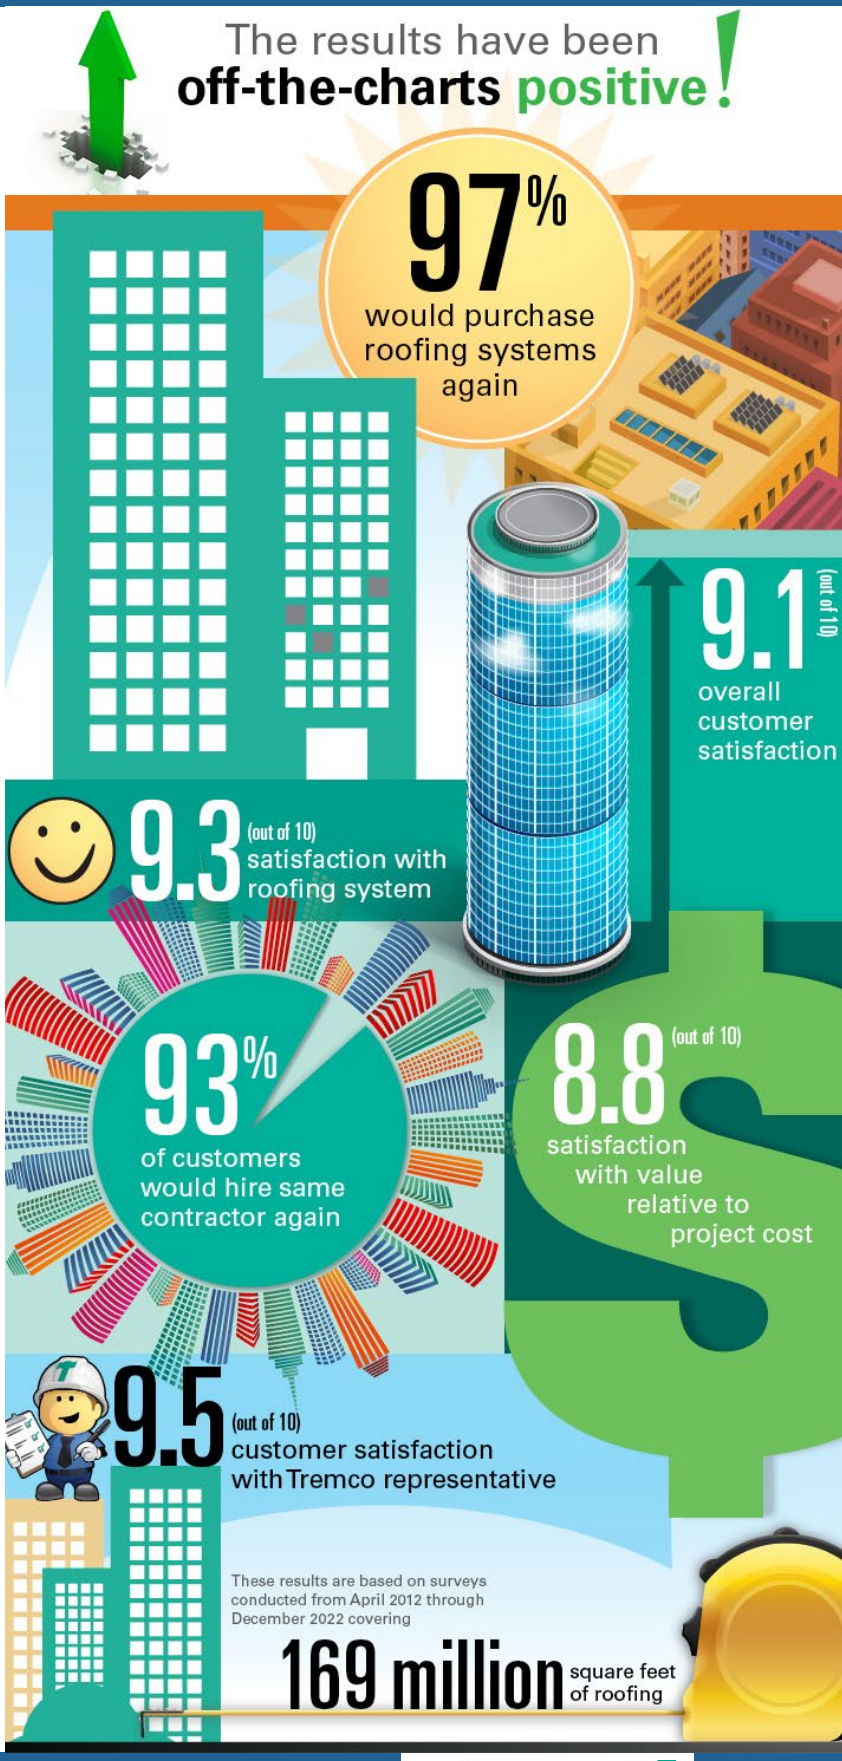
We are the only building envelope services company that helps maintain all six sides of the building. From start to finish we can provide solutions for every building envelope need. From building and safety assessments through complete GC services for boots on the ground work, OMNIA members can have the peace of mind that your building assets are safe and will be well looked after for years to come.

With more than 90 years of building envelope experience, Tremco is North America's foremost supplier of all aspects of roofing and building envelope materials and services. Tremco is uniquely positioned

QUALIFICATIONS AND EXPERIENCE

to provide single-source products, services and solutions for the entire building envelope. All Tremco Incorporated facilities are ISO 9001:2015. A sampling of relevant credentials, memberships and affiliations are provided below.

- Elevation Award for Roof Coatings from Durability + Design Magazine for the renovation of the 340,000-SF roof of Ford Field, home of the Detroit Lions, with AlphaGuard BIO
- NWIR – Tremco is a founding member of NRCA's newly established volunteer-based organization that provides educational and advancement opportunities for women in the roofing industry
- Center for Environmental Information in Roofing (CEIR) – WTI and Tremco are founding members of CEIR, an organization established by the NRCA dedicated to environmental and energy issues
- Contributor to 2016 Edison Award Winner – Silver for the Securock® ExoAir® 430 System
- US Army – Schofield Barracks, HI – Unit Commander's Coin – this is the highest unit citation that can be awarded to a civilian company
- US Army – West Point, NY - Unit Commander's Coin – this is the highest unit citation that can be awarded to a civilian company
- Northern Ohio District Council of Bricklayers and Allied Crafts Certificate of Appreciation for Contributions to the Apprenticeship Contest
- Roof Consultants Institute, 18th Annual Convention, Platinum Sponsor
- WTI and Tremco Sealants/Weatherproofing Division Outstanding Exhibition Award
- Business Marketing Association Silver Tower Award in Advertising
- John T. Fosdick Award for Excellence in Advertising: Highest Reader Interest Score
- Construction Specifications Institute (CSI) 20 Years of Service
- The NC99 Award of Greater Cleveland for one of the 99 Best Places in America to Work



- Roof Political Action Committee (RoofPAC) – WTI and Tremco personnel have actively participated in several forums and seminars where we have presented white-paper lectures and additional industry-related information.
- Sponsor of Green Roofs and Walls of the World Virtual Summit
- Participation at the USGBC Greenbuild International Conference and Expo
- Receipt of Crain's Emerald Award Honoree for high-performance building renovation and commitment to sustainability
- Registered Provider with The American Institute of Architects Continuing Education Systems to deliver AIA training courses

Our products and services have a strong reputation in the marketplace. In fact, they have been used by clients nationwide for nearly 100 years. The infographic to the right shows the results from a recent survey, highlighting that 97 percent of clients would purchase from us again.

iii. Describe Offeror's reputation of products and services in the marketplace.

Tremco has unified the industry's leading building and maintenance products into one total enclosure system that allows our customers to build, restore, and maintain faster, safer, smarter and more efficiently. Our products and services are marketed to distributors, contractors and end-users spanning approximately 130 countries and territories. Tremco is known in the marketplace for offering six-sided solutions that deliver high-quality performance at the lowest possible life-cycle costs, helping to ensure peace-of-mind through long-term warranties and maintenance programs. This is accomplished through the Tremco CPG family consisting of Tremco Roofing and Building Maintenance, Weatherproofing Technologies, Inc., Dryvit Brands, Nudura brands, Willseal, Prebuck LL, Tremco Barrier Solutions, Inc., WTI/Pure Air Services, and Canam Building Envelope Specialists offerings.

OUR BUILDING ENVELOPE SERVICES

TremCare

WTI is presently managing more than [redacted] square feet of roofing across all market sectors throughout the US, Canada and Europe, using our OLI® system software. Over [redacted] square feet of our asset management programs include maintenance during their annual or bi-annual inspections.

OLI®

Our web-based On-Line Information System provides instantly obtain detailed building envelope inspection and maintenance data. OMNIA members can instantly access everything they need to know about their roofs to cost effectively manage their investments including detailed building envelope inspection and maintenance data, photos, repair recommendations, and so much more information that will improve budgeting for future building envelope needs—they decide what they want and how they want it reported. Managing even the most complex building envelope inventories is simplified with 24/7 access to detailed post-inspection information about every roof in their inventory formatted for effective analysis. Expert roof inspectors from WTI thoroughly analyze their roofs and compile historical data as well as construction and condition information to formulate an accurate picture of the state of their roofs. Whatever they need to know about their building envelope investment including a wealth of condition information, including photos; service activity; warranty and contractor information; leak history; roof construction specifics such as the type of surfacing and membrane; and so much more are right at their fingertips.

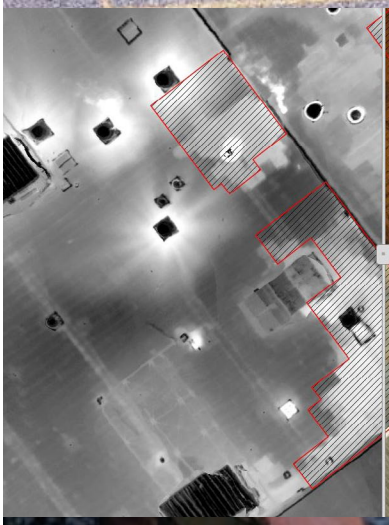
Building envelope repair

WTI can assist with maintenance issues by providing dedicated, professional crews to handle them, at terms that meet budget. Comprehensive up-front estimates, quality assurance of all materials, and dedicated personnel to handle patch and repair work to meet schedule and budget.

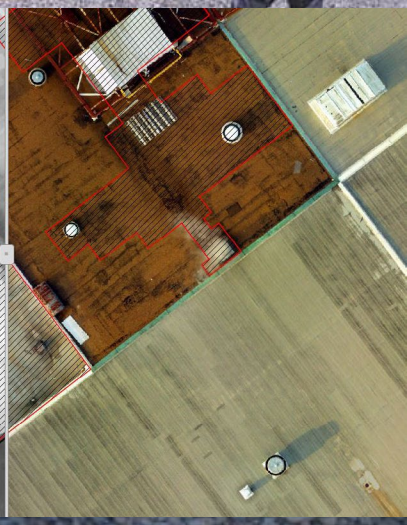
QUALIFICATIONS AND EXPERIENCE

Our crews can perform a variety of building envelope maintenance services and emergency and non-emergency leak repairs. Other services include flashing repair, drain and curb installations, roof cleaning and maintenance, joint sealing and air barrier. In addition, we provide indoor air quality disinfecting and sanitization solutions, as well as vertical and horizontal concrete structure repair solutions, including parking garages, walkways and decks.

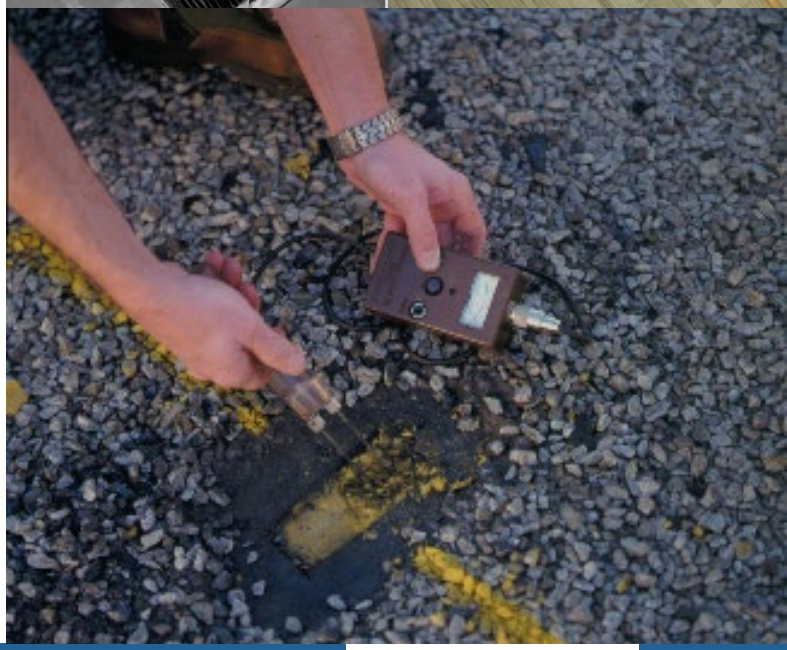
Safety



Every one of our building envelope projects, no matter how large or how small, begins with a thorough understanding of the job site's potential hazards, safe work procedures, product characteristics, equipment operation, conditions, and specific customer requirements. That understanding is based on the extraordinary safety training we provide our field advisors and technical personnel. To ensure that every installation is completed safely and efficiently, WTI and Tremco have developed a comprehensive set of safety resources, with a strong emphasis on field safety training and job site audits.



All of our field advisors receive safety training, so they can manage the trouble-free delivery of our products and services. All WTI employees receive at least their OSHA 10-hour safety card. In addition, WTI ensures we continue providing this knowledge with a core of 24 Authorized OSHA Outreach Trainers with extensive building envelope experience. This in-house safety expertise permits consistent and safe installation of our systems focused on customer and site-specific health and safety requirements.



Roof component laboratory testing

TRACE (Tremco Roof Analysis Core Evaluation) offers building owners a detailed, cost-effective way to determine the composition, construction and condition of any built-up roof system. Using ASTM testing methods, our experienced lab technicians perform tests that reveal important facts about roof composition and condition. All analyses are done at Tremco's state-of-the-

art research center, which is NVLAP (National Voluntary Laboratory Accreditation Program) accredited for bulk asbestos analysis using polarized light microscopy (NVLAP Code 200887-0). TRACE automatically includes a Tremco ACT® (Asbestos Core Testing).

Infrared moisture analysis

A visual inspection, while valuable as a guide, cannot accurately pinpoint moisture below the roof surface. A Thermocore infrared moisture analysis provides detailed thermal map of how and where hidden moisture is located. A sensitive infrared scanner is used at night to detect temperature differentials across the roof; areas over wet insulation appears warmer than surrounding areas. OMNIA members will get the data they need to make the best decisions within budget.

WTI offers a full range of sophisticated analytical, maintenance and information-based services with one simple goal—to maximize the life of the building envelope and protect the value of the building. We understand that before the right roofing decision can be made, it is critical to know what is right for each particular roof. This requires technical information about current conditions—its membrane type and bitumen—because these technicalities can make a drastic difference in the cost of any planned roof work.

Small roofing problems can easily snowball into large, expensive issues. Our TremCare® maintenance program helps prevent premature deterioration and keeps roofing assets in top working order. With WTI's trained roofing technicians performing regularly scheduled inspections, housekeeping and maintenance, problems are uncovered and corrected early to prevent. Available for any kind of roofing system, TremCare® programs are carefully prepared and customized to suit all buildings and budgets.

Protection Under One Roof

TremCare® gives OMNIA members the ability to choose the roofing maintenance and protection program that's right for them. And with OLI®, our On-

Line Information system, we even support businesses that do not want the advantages of a TremCare® maintenance program.

Used either on its own or as the central component of TremCare® Gold and Platinum, OLI® represents the latest in web-based information management systems. OLI® can manage any combination of drawings, photos, service activity reports, budgets, warranties, lifespan projections and much more. Data is available 24/7 in a secure, password-protected area of our website.

Some customers want us only to repair leaks and not to provide other maintenance activities. These customers can take advantage of our 24-hour-a-day leak line through the Tremsource® program.

Asset Management

If OMNIA members want to manage their own roofing assets, WTI will conduct an extensive inventory of the condition of all roofs to establish immediate needs and then enter the data into OLI® for their use.

TremCare® GOLD

Since general rooftop housekeeping and preventive maintenance are equally important, WTI experts will plan and prioritize both after thoroughly inspecting the roofs. Detecting and repairing problems early saves money, reduces downtime and damage to the roof, and prevents premature deterioration. TremCare® Gold offers the following services:

- Housekeeping: WTI will remove incidental debris (leaves, branches, paper, etc.) from the roof, drains and gutters during scheduled, periodic housekeeping operations.
- Preventive Maintenance: WTI will maintain roofs in their present condition by making minor repairs to the membrane and flashing systems. Preventive maintenance is not designed to restore neglected roofs to new condition.

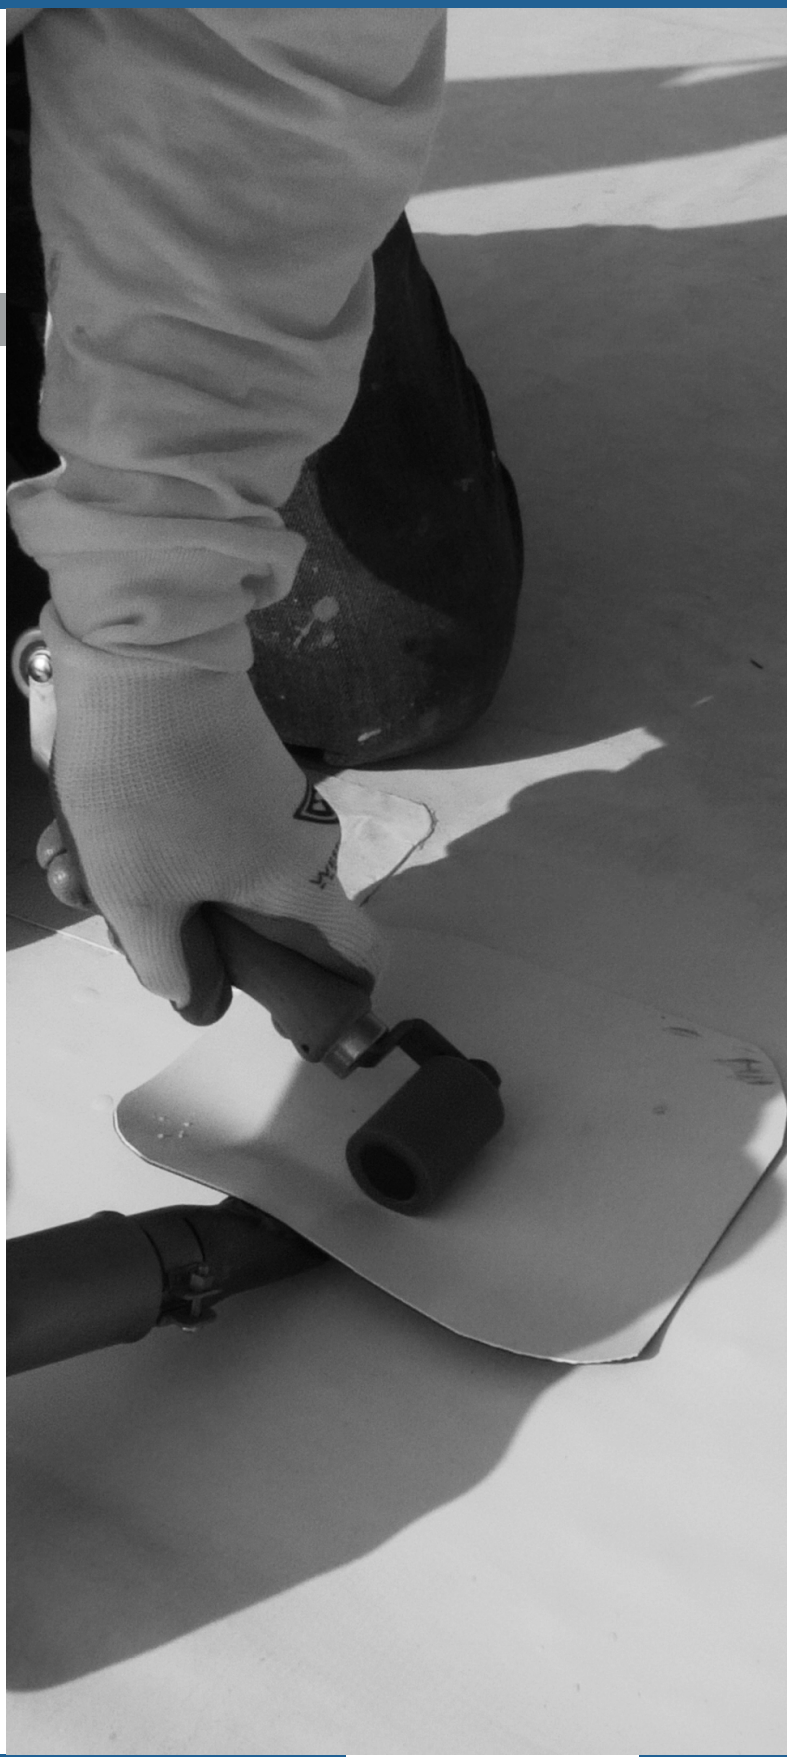
- 24-Hour Emergency Leak Response: OMNIA members can report leaks 24 hours a day, seven days a week, on our dedicated, toll-free hotline. The hotline logs the call for priority treatment, ensuring a fast, efficient response every time.

TremCare® PLATINUM

In addition to the services of TremCare® Gold, TremCare® Platinum takes both the worry and the costs out of leaks. Quite simply, the repairs are on us if the roof leaks.

Previously neglected roofs may require repairs or upgrades before TremCare® Platinum can be instituted. Eliminating additional costs for on-site visits to repair leaks also simplifies maintenance budgets. TremCare® Platinum is intended for non-Tremco roofing systems or Tremco roofs that are out of warranty.

Other Services



Thermocore® Roof Moisture Analysis

Provides a detailed thermal map of hidden moisture. The data can be used to focus repairs on the roof's problem areas, saving money on repair work.

TRACE® and ACT®

Can answer questions about a roof's make-up. The Tremco Roof Analysis Core Evaluation (TRACE) provides rigorous lab data on the construction, composition and condition of any built-up roofing system. ACT (Asbestos Core Testing) helps to accurately determine the exact percentage and type of asbestos found in each ply and the adhesive or mastic. ACT is included as part of a TRACE analysis.

Moisture probes are used to verify wet areas, and the results of the infrared survey are confirmed by taking core samples. Some physical testing is necessary to measure the quantity of moisture at the core site and details of the roof construction. All roof cores and moisture probes are immediately repaired with Tremco materials to ensure waterproofing continuity.

Leak Response

Water leaking into the building is not only a nuisance, it can also cause significant damage to the building and danger to visitors. WTI offers a full range of sophisticated analytical, maintenance and information-based services with one simple goal—to maximize the life of the roof and protect the value of the building.

Roof and building assets experience abuse every day from weather, movement, modifications and traffic. As roofs age, minor problems may occur such as tears and splits in the roof membrane, and cracks and deterioration of the walls. Although these defects may not be severe, if not repaired promptly they can become major problems and lead to a large capital expense.

WTI can provide professional crews to handle these maintenance issues. Offering timely service, superior workmanship and quality materials, our dedicated repair crews are available on either a contract or time-and-materials basis to meet budgetary needs.

- Advantages Of Utilizing WTI's Maintenance Crews
- Comprehensive up-front estimates
- Quality assurance of all materials and labor
- Dedicated personnel to handle patch and repair work
- Timely scheduling of work

Our crews perform a variety of roofing and building maintenance services

Flashing Repairs and Installation

The most common reason for premature roof failure is flashing problems. Our crews will repair or replace failing flashings with reinforcement membranes designed to be compatible with your roof system.

Drain and Curb Installations

Ponding water may also cause roof deterioration. Installation of new drains may alleviate this problem.

Emergency and Non-emergency Leak Repairs

Our crews are available to quickly repair any leaks, minimizing damage to an owner's building and assets.

Annual Roof Cleaning and Maintenance

Since most manufacturers recommend that roof systems receive regular inspections and maintenance, we are available to periodically inspect and clean all roof components.

Joint Sealing

Extreme weather changes, and the daily contraction and expansion associated with them, along with age and other problems can create cracks or open joints in your parapet walls and concrete surfaces. This can allow water to infiltrate your roof and building. Our crews can make these repairs before damage becomes a problem.

The system provides

- 24/7, 365 toll-free phone reporting leaks
- OLI® access for reporting leaks
- Customized call roster for proper dispatching

On-line leak tracking system (within OLI®) that provides

- Time and date of leak call reported
- Repair start date
- Repair completion date
- Cause of leak
- Before and after photos
- Printable report
- Additional scopes of work (if required)

SKYBEAM™

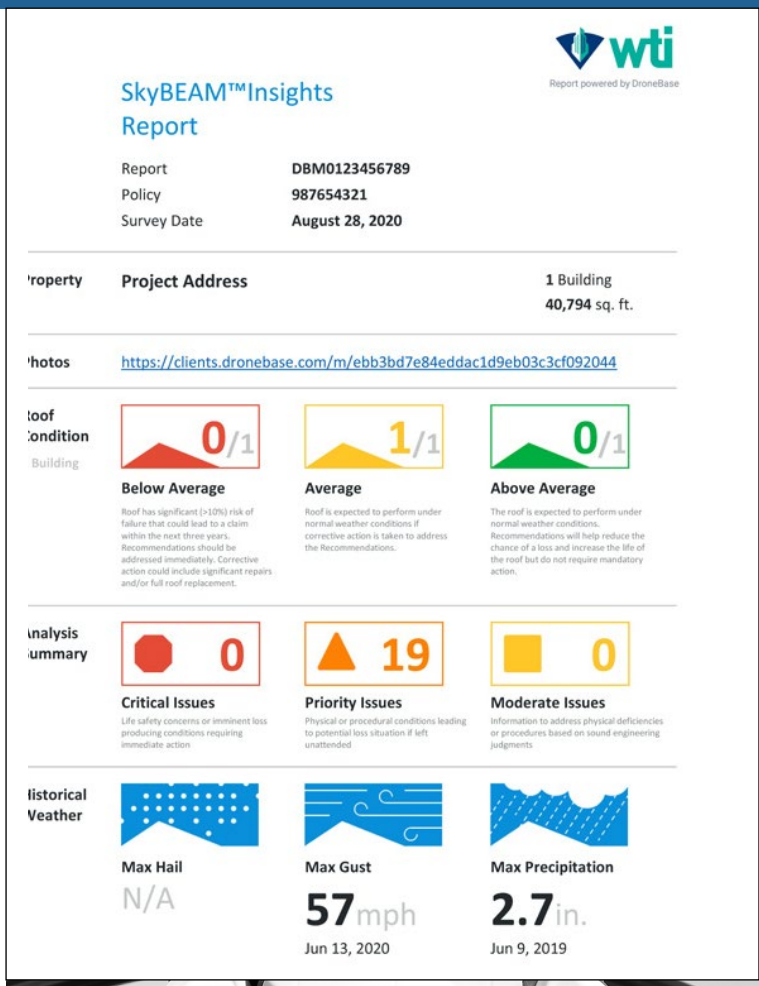
Collect and Analyze Building Data from Your Roofs and Facades Quickly, Thoroughly and Cost Effectively

OMNIA members need to know if their roofs and facades are in good shape, or damaged by problems like ponding water; holes, gaps and cracks; torn membranes; soaked insulation; spalling concrete. Are they airtight, or leaking energy? Are they safe? Building owners need to really know their condition in

order to plan well. But mapping roofs and facades, difficult at best, is prohibitive if buildings are hundreds of feet tall, cover acres or are part of a campus. There was no good way to do this until now. Until SkyBEAM™ from WTI.

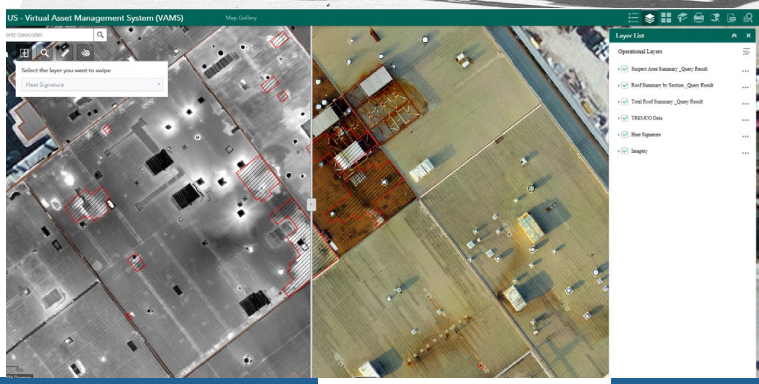
The Future Of Facility Mapping Takes Off

The groundbreaking SkyBEAM™ (Building Envelope Asset Mapping) system is an unmanned aerial vehicle (UAV) with interchangeable, high-resolution still and infrared (IR, or thermal) cameras that help our customers understand the exact condition of their facilities before any work begins, and afterwards to ensure that the project was properly completed.



SkyBEAM™ gathers building data quickly, thoroughly and safely. One of our tens of thousands of licensed* UAV pilots in the US and Canada will program SkyBEAM™ to fly to a specific height, do the mapping and return. SkyBEAM™ can map tall buildings without scaffolding, identifying problems that would have been virtually impossible to find before. It can map buildings with millions of square feet of roofing in a few hours, yet is cost effective enough to use with much smaller facilities.

Pinpointing Building Energy Issues



SkyBEAM™'s infrared camera detects heat variations around the roof, which often result from wet insulation retaining heat longer than dry insulation. These variations usually mean that the building is losing energy. Thermal mapping is most effective at night when the sun is not heating the building. The SkyBEAM™ pilot flies the roof in a programmed pattern, taking numerous thermal photographs that are combined into a single large image (an orthomosaic) showing the location of irregularities that require verification. Technicians can then safely verify these areas during the day for removal, replacement or further analysis. Nobody sets foot on the roof in the dark to map it.

Exceptional Reporting Clearly Shows the Building's Condition

SkyBEAM™'s detailed reporting separates it from other UAV systems and is one of its great benefits, providing actionable data to use in making building decisions.

QUALIFICATIONS AND EXPERIENCE

Report Offerings Include

SkyBEAM™ Birdseye	Detailed high-resolution photos taken from straight above the roof show its condition before and after a project.
SkyBEAM™ Insights	Detailed high-resolution photos and an analysis of any damage or areas of concern, exact roof measurements and an orthomosaic image. Optional 3D modeling can be added.
SkyBEAM™ Exterior	Exterior photographs and an interactive 3D model show the façade's condition.
SkyBEAM™ IR	Roof thermal images are compiled into a comprehensive, interactive, easy to understand report that clearly and accurately shows problem areas.

All data resides in our OLI® OnLine Information system for easy access.

Nothing Else is Like SkyBEAM™

SkyBEAM™ gives accurate visual evidence about your buildings' condition, especially difficult-to-map areas. It helps to improve facility maintenance planning and budgeting, is the safest way to conduct nighttime thermal mapping, and helps technicians maximize their time as they easily locate and repair rooftop damage.

With tens of thousands of licensed pilots, the use of artificial intelligence to capture a wide range of information about facility assets and provide detailed reports, and a history that includes being the first FAA-approved UAV for nighttime commercial use, SkyBEAM™ is one more example of how Tremco Roofing's innovations can help OMNIA members.

QUALIFICATIONS AND EXPERIENCE

GENERAL CONTRACTING

With decades of experience delivering professional construction and construction management services to building owners throughout the United States, WTI understands the complex issues faced by facility managers today. Aged infrastructures, budget and time constraints, rising energy costs and rapidly evolving sustainable solutions combine to challenge high performance building goals. Only a professional construction firm with deep technical expertise and broad project management experience can deliver the breadth of services needed by building owners today.

WE OFFER OUR CUSTOMERS A COMPLETE LINE OF HIGH-PERFORMANCE ENVELOPE SOLUTIONS

- Fluid applied
- Coatings
- Built-Up
- Modified Bitumen
- Metal
- Single Ply
- Vegetated
- Photovoltaic
- Exterior Sealants
- Exterior Wall Solutions for Brick, Block, Concrete, EIFS

WTI specializes in integrated repair, restoration and retrofit services designed to help our customers improve building performance while reducing life-cycle costs. As a subsidiary of Tremco Incorporated, WTI general contracting capabilities have grown over the years from expert roof management programs to whole building solutions.

Integrated Building Repair and Restoration Services

Because buildings are complex systems, WTI's approach to facility repairs and renovation is based upon a thorough understanding of the relationship between building components. Changing one component may have repercussions throughout the building. That's why we take a holistic approach to building restoration and start with a thorough understanding of the owner's long-term goals for the building.

QUALIFICATIONS AND EXPERIENCE

The Key to Time-Saving, Quality, and Cost-Effective Roofing Projects

Maintaining the quality and control of your building envelope projects can be challenging, if not impossible, in the face of your daily responsibilities. Construction Management Services from WTI takes managing roofing projects off your plate, and puts experts in charge of the intensive, time-consuming, daily demands of administration, budgeting, scheduling, quality control and on-site supervision.

When it comes to safeguarding your building envelope investment, relying on warranties is not enough. The best protection is a properly managed project, helping building repairs to last longer and effectively lower costs per square foot per year over their extended life.

Areas of Expertise

- Roof repair, restoration, and replacement
- Facade repair and restoration
- Sustainable technologies & renewable energy solutions
- Whole building retrofits
- HVAC system upgrades
- Parking structure repair and restoration
- Asphalt paving, repair and replacement
- Interior renovation
- Facility asset management programs
- Air barrier solutions

WTI and Tremco have demonstrated their commitment to building envelope excellence by helping thousands of customers in numerous industries, maximizing their investment in their building envelope, and providing peace of mind that their building assets are performing at peak efficiency.

Our products and services have a strong reputation in the marketplace. In fact, they have been used by clients nationwide for nearly 100 years.

MY T.E.A.M.

Cost Controlled Building Life-cycle Management Maximize building durability, property value and aesthetics.

My T.E.A.M. is a flexible data-driven program designed to prioritize owner needs while cost effectively managing all aspects of building ownership.Tremco's TEAM approach will diminish building owner and facility manager risk by helping to prioritize critical repairs, reduce or eliminate accidents and surprises, while staying on schedule and controlling costs.

iv. Describe the experience and qualification of key employees

With more than 60 years of experience, WTI is licensed in virtually every state in the nation to perform as a general contractor as well as provide roofing and building envelope services. The organization chart for the Roofing Products, Services and Job-Order-Contracting (JOC) Services contract below identifies the key positions responsible for contract implementation, marketing, and performing job orders. This organizational structure has performed for Region 4 ESC for more than 19 years and over 11 cooperative contracts, demonstrating our ability to meet the needs of public agencies nationwide.

Copies of resumes for key team members are available to OMNIA members upon request.

v. Describe Offeror's experience working with the government sector.

WTI and Tremco has an extensive and long history working with the government sector at every level: local, state, and federal. WTI and Tremco support our government sector customers with the construction industry's most comprehensive offering of roofing solutions and services, and building envelope expertise, to help keep facilities sound and watertight long into the future.

We have helped thousands of government sector customers achieve their building asset goals, many of them through our long association with OMNIA Partners.

WTI and Tremco has successfully teamed with Region 4 ESC and OMNIA to offer a cooperative contract that meets the diverse needs of public agency facility management, construction managers, maintenance staff and procurement officials.

We recognize that identifying the problem and defining the technical solution for government sector entities only solves part of the problem. WTI understands that government sector customers need to procure products and services as quickly and economically as possible, without sacrificing quality, performance, or transparency. WTI's proven history in the public sector demonstrates our ability to service this important market.

Types of Government Sector Customer

- K-12 Schools
- Higher Education
- State Vocational Schools
- State Agencies
- Cities/Municipalities
- Counties
- Housing Authorities
- Airports
- Water Districts
- Hospitals

We have worked with public agencies across the country for decades and understand their operational needs and budget challenges. And because their goals are our goals, we continually advance our own capabilities to offer a suite of solutions as customizable as they are turnkey.

vi. Describe past litigation, bankruptcy, reorganization, state investigations of entity or current officers and directors.

Weatherproofing Technologies, Inc. (WTI) is a nationwide provider of roofing, building envelope and other construction services. In this role, WTI is sometimes involved in litigation matters, but no pending or anticipated litigation is any way material from a financial standpoint either as to potential liability or requested remedies. No pending litigation, nor any that we anticipate at this time, will in any way interfere with our ability to complete service public agencies in accordance with OMNIA contractual requirements. In further response, over the last five years, WTI has no litigation resulting in a judgment against the company.

vii. References: Provide a minimum of 5 public agency customer references relating to the products and services within this RFP. Two (2) of these customer references should be for projects delivered through the job order contracting (JOC) delivery method. All references should be for services within the past three (3) years. Include entity name, contact name and title, contact phone and email, city, state, years serviced, description of services and annual volume.

References are available to OMNIA members upon request.

viii. Subcontracting Plan and/or Explanation of Applicable Affiliate Relationships -Offeror shall submit a subcontracting plan with their submittal. This plan will explain the subcontracting procedures providing assurances that the subcontractors meet the same high standards as the contractor. This will include a subcontractor's log, subcontractor qualification form, felony conviction notice and child and sex offender notice. This plan will also address how the Offeror will implement this safety plan with subcontractors (may reference the Offeror's safety plan). The subcontractors will be held to the same standards as the Awarded Offeror.

A distinct portion of the subcontracting plan must deal with attracting, utilizing and mentoring small and disadvantaged businesses including how your company will attract these firms. Describe how your company will institute a prompt payment plan upon completion and acceptance of their work and how your company will make progress payments to subcontractors on long term job orders.

The Offeror shall submit a plan detailing the relationship with any applicable affiliates that may do work under this contract. This submittal should include, but is not limited to, work history, credentials, PO processes, and process to maintain upstanding workmanship and service.

WTI and Tremco's Small and Minority Business alliances are designed to meet both roofing and weatherproofing needs as well as socio-economic goals. With a network of 8(a), Service Disabled Veteran-Owned, HUBZone and other roofing and general construction contractors, we provide a full range of services to our customers that meet not only "Best Value" requirements but also mandates regarding disadvantaged and underutilized small businesses.

Drawing on decades of extensive experience providing turnkey roofing, building envelope and facility management solutions to customers in government, education, healthcare and many other industries, we work to enhance business opportunities in those sectors for small and minority businesses. Whenever possible, the small and minority businesses we work with are based near project sites in order to minimize mobilization and demobilization costs. We also leverage our partners' knowledge of local working conditions, regulatory requirements and the availability of local suppliers. The program allows us to share our extensive experience and technical expertise with each small/minority business contractor, thereby ensuring the same quality workmanship that all Tremco Roofing contractors deliver.

WTI and Tremco has the unique ability to integrate quality assurance plans within each contract in order to measure the quantity, quality and timeliness of all products and services delivered. Most importantly, our combined capabilities provide a full array of services to meet the diverse needs of our government and public sector customers.

With 90+ years of experience supporting small business subcontractors, we consistently select subcontractors capable of executing the work to ensure every customer's satisfaction. Regarding this need to exceed our customer's expectations, we monitor the subcontractor's schedule on multiple job orders to eliminate risk of overloading. This initiative allows us to firmly manage subcontractors while maintaining costs and schedule. Tremco's success with women-owned, minority-owned and small business enterprises derives from treating subcontractors fairly and ensuring timely payment for services rendered.

WTI and Tremco clearly demonstrate an unwavering commitment to our entire current and fast-growing list of future subcontractors and small business partners. More specifically, the opportunities presented with this contract would help us grow our strategic small business partner alliances. WTI and Tremco are committed to making a good faith effort to ensure project management and judicious treatment of subcontractors. As such, we will make every attempt—both formally and informally—to establish and maintain an ongoing dialogue with these key contributors. Our intent is to build

strong working relationships, which are invaluable when a particular project requires a special, accelerated time frame or an extraordinary level of teamwork to meet a performance objective.

Tremco's criteria for selection of subcontractors is based on standards established by the NRCA. NRCA suggests that the contractor be a professional roofing contractor which meets or exceeds certain qualifications. Tremco has developed a Certified Contractor Program to exceed NRCA-suggested requirements as outlined below.

NRCA Requirement	Tremco Requirement
A Permanent Place of Business	
Knowledge of Roofing Systems	
Insured and Committed to Safety	
Licensed and Bonded	
Financial Stability	
Application Expertise	
Warranty	
Completed Projects	
Provisions for On-Site Supervision	
Professional Maintenance Program	

Tremco has two levels for subcontractor certification—Approved and Certified.

Approved	Certified

After being qualified as an Approved or Certified subcontractor, at a minimum, final subcontractor selection for a specific project will be based on a best value evaluation considering the following areas:

- Past performance/experience in work scope
- Availability of manpower and resources to meet project schedule
- Schedule commitment on existing projects
- Location of subcontractor in relation to project site
- Rapid response/emergency response capabilities
- Current DUNS and CAGE numbers
- Ability to provide appropriate insurance and bonding

Our subcontracting plans are created on a project by project basis, however, all of our subcontracting plans include the above-referenced information at a minimum to ensure that our customers receive both quality and safety-related essential standards at the forefront of every project. Surveillance and Performance: WTI mandates that work performed by subcontractors is held to the same standards as self-performed tasks. Subcontractor work is monitored for progress, quality and safety. WTI's Superintendent manages subcontractor progress for adherence to the subcontract agreement and the QC Plan. In this role, the Superintendent is monitoring each subcontractor's workload and resources against the upcoming schedule of work they are contracted to perform. The Superintendent also coordinates with the Construction Manager so that the delivery order is being constructed according to subcontract agreements and delivery-order specifications. The Superintendent conducts Weekly Status Meetings with each subcontractor's Project Manager or Foreman to review schedule, quality, safety, cleanliness, on-site professionalism, critical issues and communication. Our commitment to quick and accurate subcontractor payments benefits the subcontractors and participating agencies with improved timeliness and quality.

Scheduling

Once the Construction Manager and Superintendent determine the tasks that will be self-performed and subcontracted, they identify fast-track and long-lead items before putting the subcontracted tasks out to bid. Our bidding process includes a schedule for each scope of work that is discussed with bidders so that any scheduling conflicts are identified during the selection process. Through our subcontractor-selection process, we select quality subcontractors capable of meeting the scheduling requirements of the delivery orders. WTI then develops a preliminary schedule and timelines based on information received from subcontractors during the bidding phase. The subcontractor's final performance period and schedule are included in a signed subcontract agreement.

Subcontractors Log

WTI requires completion of a Subcontractor Log as part of each delivery order. The Superintendent will maintain and update the Subcontractor Log onsite during performance of field activities to reflect the firms involved and the tasks they perform.

Subcontractor Qualification Form

WTI tasks the Construction Manager with overseeing the subcontractor-selection process. Working in conjunction with the Superintendent, the Construction Manager will utilize a best-value selection approach. Based on the scope of work for individual delivery orders, subcontractors are notified of upcoming bids. In addition to requesting cost/price proposals, the Construction Manager evaluates technical expertise and reliability including the specific items below.

- Past performance/experience in work scope
- Past performance/experience for Omnia
- Availability of manpower and resources to meet delivery-order schedule
- Schedule commitment on existing delivery orders
- Location of subcontractor in relation to delivery-order site
- Rapid-response/emergency-response capabilities
- Ability to provide appropriate insurance and bonding

Felony Conviction Notice and Child and Sex Offender Notice

Subcontractors selected to perform on individual delivery orders will be required to complete and submit a Felony Conviction Notice and Child and Sex Offender Notice for personnel. These forms will be submitted to Omnia and/or participating agencies as required by the contract.

Subcontractor Payments

WTI will make progress payments to subcontractors based upon applications for payment submitted by the subcontractors. Subcontractors are required to submit monthly requisitions for payment for work completed during the preceding month unless the billings requirements of the participating agency contract documents specify otherwise, and those requirements supersede these provisions. WTI will issue progress payments on properly submitted requisitions relating to work performed in accordance with the contract documents o a net 30 basis from receipt unless different terms are expressly provided in the contract documents. The amount of each progress payment to the subcontractor will be equal to the following:

- The percentage of completion for the work of the subcontractor on a monthly basis and in accordance with the contract
- Plus, the amount allowed for materials (if any)
- Less the aggregate of previous payments to the subcontractor, and less 10% or specified retainage

Retainage will be held until the DO has received the final inspection and has been accepted by the participating agency. We will not be required to pay subcontractors more than received for our work.

Final payment, constituting the entire unpaid balance of the contract sum, will be made to subcontractors when the work has been completed to the satisfaction of WTI, Region 4 ESC, Omnia members and public agencies.

ix. Provide any additional information relevant to this section.

COOPERATIVE CONTRACT DELIVERY METHOD

In addition to the traditional services we have outlined in this proposal, we are excited to continue to offer the proven Contractor Network delivery model, which is highly desired by participating agencies. The Contractor Network allows participating agencies to capitalize on a network of highly qualified, local, best in-class and pre-qualified contractors to perform Roofing and Job Order Contracting (JOC) services. JOC projects will be limited to roofing, building envelope,

WTI's parent company, Tremco, provides both technical and administrative support throughout the project as well as assumes the responsibilities outlined below.

LOCAL/REGIONAL CONTRACTOR SUPPORT

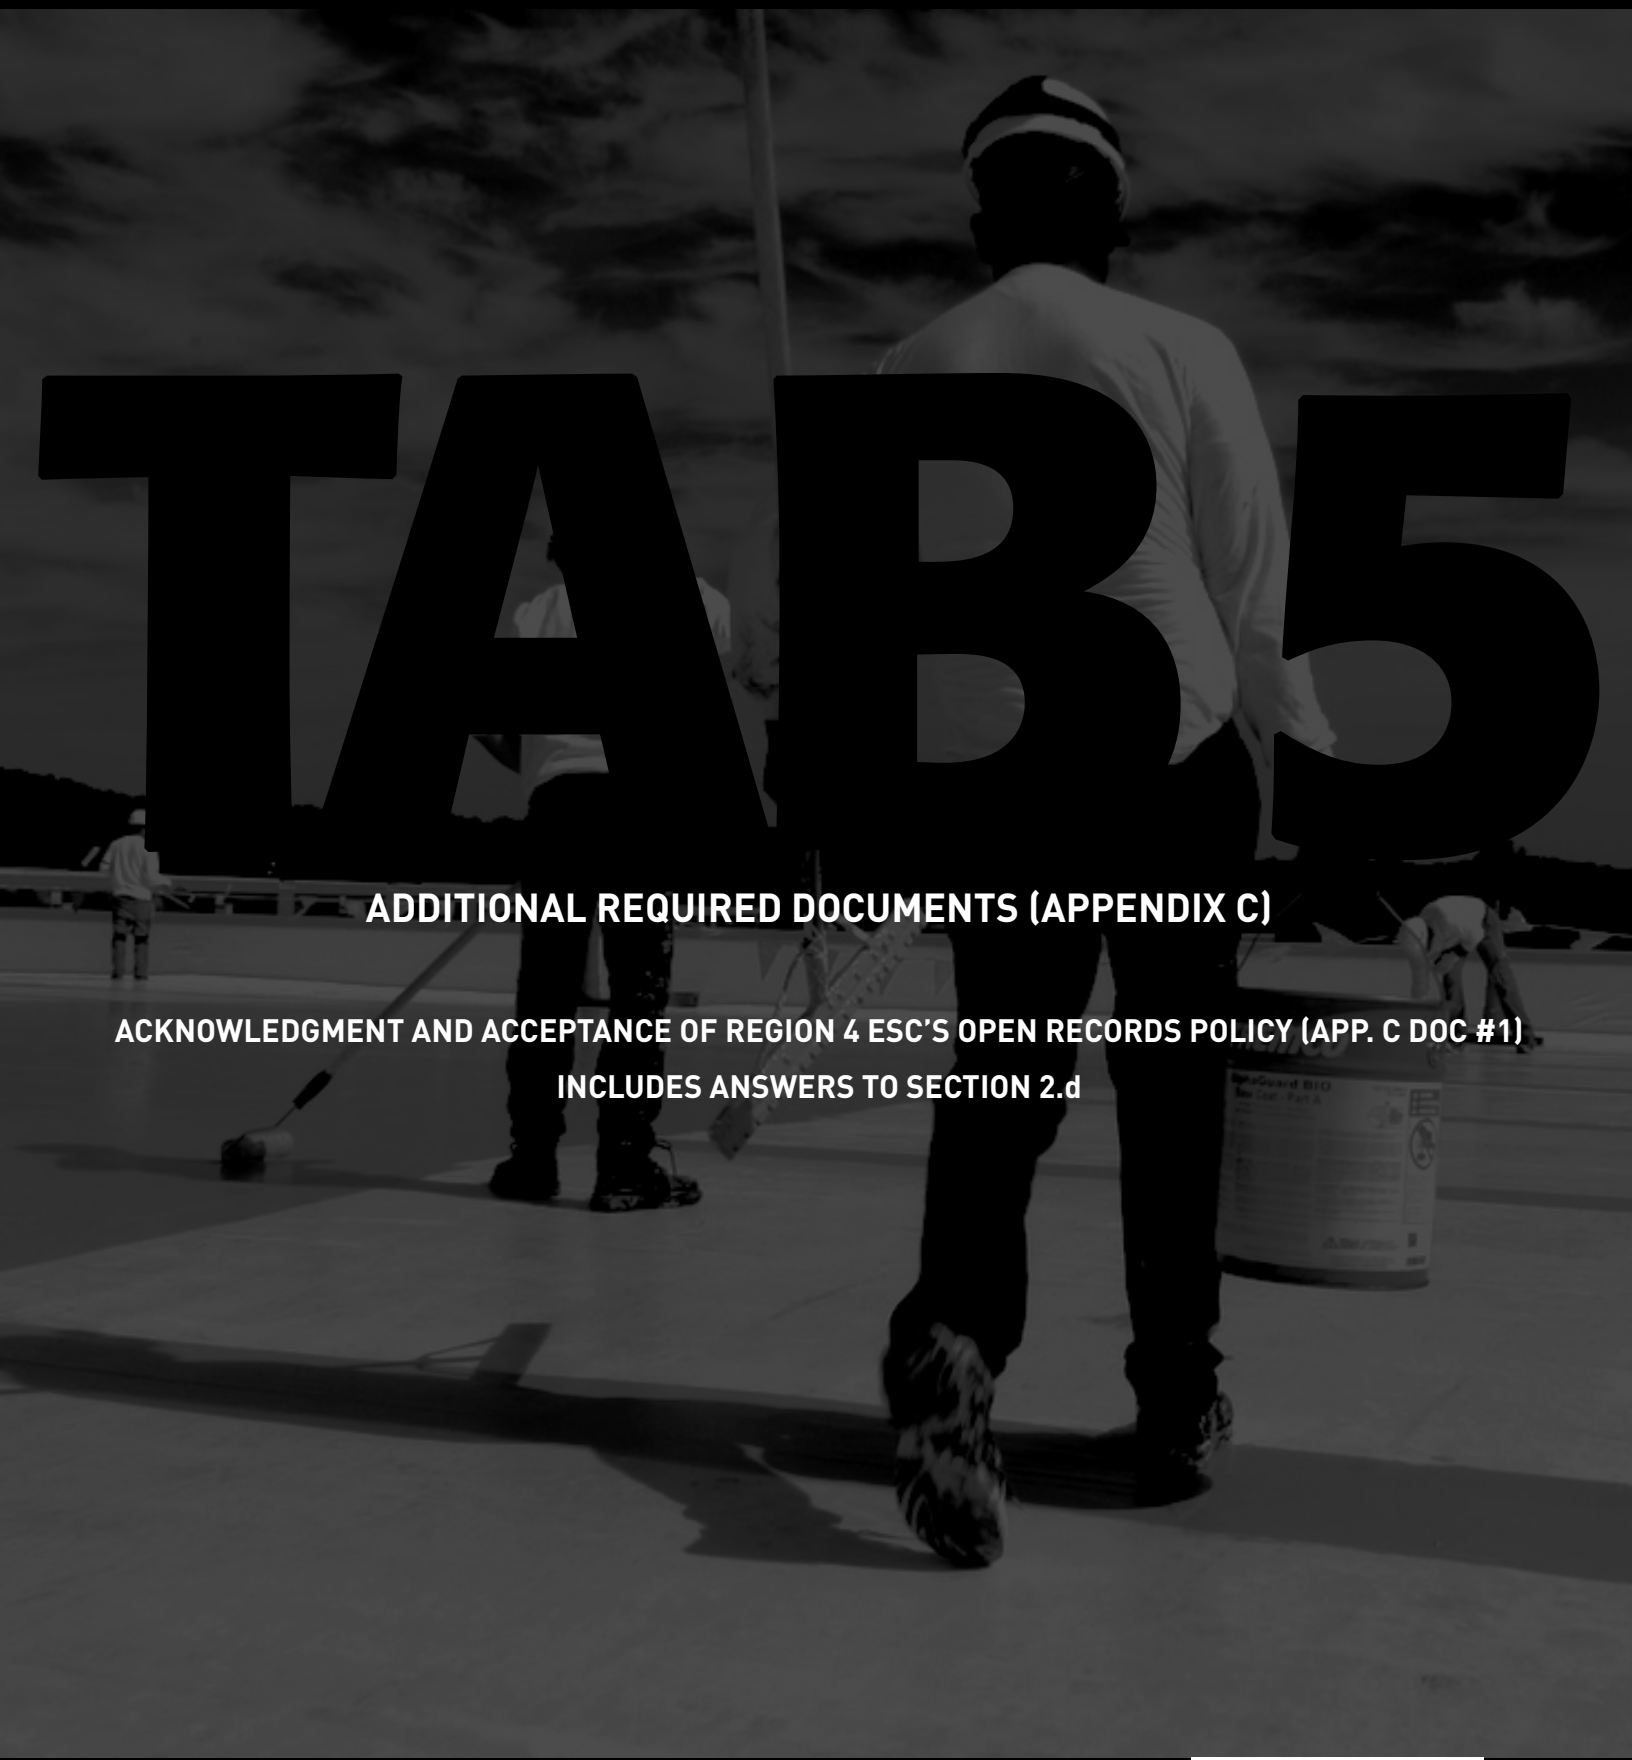
Each company in the Contractor Network included in the Value Add has applied, met the programs stipulated criteria, been fully vetted, and previously accepted into the program by Region 4 Education Service Center. Each has met the following pre-established selection criteria and meets and exceeds standards established by the NRCA. In addition, In-Network Contractors must also meet the additional requirements to become accepted and remain part of the Network.

NRCA Requirements	Additional Network Contractor Requirements
• A Permanent Place of Business • Knowledge of Roofing Systems • Insured and Committed to Safety • Licensed and Bonded • Financial Stability • Application Expertise • Past performance • Provisions for On-Site Supervision • Professional Maintenance Programs	

Adding New Contractors to the Contractor Network

Contractor Network Resources

The National Cooperative Contractor Network roster lists the individual pre-qualified and In-Network contractors that are independently owned and part of this RFP response. This roster was previously accepted into the program by Region 4 Education Service Center under OMNIA Contract #R180903 and will be updated in accordance with the process of adding contractors outlined above.



CONTRACTOR NETWORK METHOD OF DELIVERY PROCESS

Contractor Network Roster as of June 2023

Our complete copy of our contractor network list is available to OMNIA members upon request.

Appendix C, Doc #1

ACKNOWLEDGMENT AND ACCEPTANCE

OF REGION 4 ESC's OPEN RECORDS POLICY

OPEN RECORDS POLICY

All proposals, information and documents submitted are subject to the Public Information Act requirements governed by the State of Texas once a Contract(s) is executed. If an Offeror believes its response, or parts of its response, may be exempted from disclosure, the Offeror must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt and include detailed reasons to substantiate the exemption. Price is not confidential and will not be withheld. Any unmarked information will be considered public information and released, if requested under the Public Information Act.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any Offeror. Offeror is advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

Signature below certifies complete acceptance of Region 4 ESC's Open Records Policy, except as noted below (additional pages may be attached, if necessary).

Check one of the following responses to the Acknowledgment and Acceptance of Region 4 ESC's Open Records Policy below:

☐ We acknowledge Region 4 ESC's Open Records Policy and declare that no information submitted with this proposal, or any part of our proposal, is exempt from disclosure under the Public Information Act.

☒ We declare the following information to be a trade secret or proprietary and exempt from disclosure under the Public Information Act.

(Note: Offeror must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, Offeror must include detailed reasons to substantiate the exemption(s). Price is not confident and will not be withheld. All information believed to be a trade secret or proprietary must be listed. It is further understood that failure to identify such information, in strict accordance with the instructions, will result in that information being considered public information and released, if requested under the Public Information Act.)

Appendix C, DOC # 3

Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least $1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

Staring on January 1, 2016, the commission made available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. This process is known as acknowledging the certificate. The commission will post the acknowledged Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency. The posted acknowledged form does not contain the declaration of signature information provided by the business.

A certificate will stay in the pending state until it is acknowledged by the governmental agency. Only acknowledged certificates are posted to the commission's website.

As a wholly owned subsidiary of a publicly traded business entity Weatherproofing Technologies Inc. is exempt from this form.

Appendix C, DOC # 4

Texas Government Code 2270 Verification Form

House Bill 89 (85R Legislative Session), which adds Chapter 2270 to the Texas Government Code, provides that a governmental entity may not enter into a contract with a company without verification that the contracting vendor does not and will not boycott Israel during the term of the contract.

Furthermore, Senate Bill 252 (85R Legislative Session), which amends Chapter 2252 of the Texas Government Code to add Subchapter F, prohibits contracting with a company engaged in business with Iran, Sudan or a foreign terrorist organization identified on a list prepared by the Texas Comptroller.

I, J.K. Milliken, President, as an authorized representative of

Weatherproofing Technologies Inc., a contractor engaged by

Insert Name of Company

Region 4 Education Service Center, 7145 West Tidwell Road, Houston, TX 77092, verify by this writing that the above-named company affirms that it (1) does not boycott Israel; and (2) will not boycott Israel during the term of this contract, or any contract with the above-named Texas governmental entity in the future.

Also, our company is not listed on and we do not do business with companies that are on the Texas Comptroller of Public Accounts list of Designated Foreign Terrorists Organizations found at https://comptroller.texas.gov/purchasing/docs/foreign-terrorist.pdf.

I further affirm that if our company's position on this issue is reversed and this affirmation is no longer valid, that the above-named Texas governmental entity will be notified in writing within one (1) business day and we understand that our company's failure to affirm and comply with the requirements of Texas Government Code 2270 et seq. shall be grounds for immediate contract termination without penalty to the above-named Texas governmental entity.

I swear and affirm that the above is true and correct.

Appendix C, DOC #5

FELONY CONVICTION NOTIFICATION

Section 44.034, Texas Education Code, Notification of Criminal History, Subsection (a), states "A person or business entity that enters into a contract with a school district must give advance notice to the district if the person or an owner or operator of the business entity has been convicted of a felony. The notice must include a general description of the conduct resulting in the conviction of a felony."

Subsection (b) states "A school district may terminate a contract with a person or business entity if the district determines that the person or business entity failed to give notice as required by Subsection (a) or misrepresented the conduct resulting in the conviction. The district must compensate the person or business entity for services performed before the termination of the contract."

This Notice is Not Required of a Publicly-Held Corporation

CRIMINAL HISTORY REVIEW OF CONTRACTOR EMPLOYEES

Offeror shall review §22.0834, Texas Education Code and 19 Texas Administrative Code §§153.1101 and 153.1117 regarding criminal history checks of school contractor employees. The rules define continuing duties related to contracted services, direct contact with students, covered contract employee and other relevant terms within the statute.

Except as otherwise provided herein, Offeror will obtain and certify in writing, before work begins, that the Offeror has received all criminal history record information that relates to an employee, applicant, agent or Subcontractor of the Offeror/Contractor or Subcontractor, if the person has or will have continuing duties related to the contracted services, and the duties are or will be performed on Region 4 ESC's, or Participating Public Agency as applicable to the Texas Education Code, property where students are regularly present or at another location where students are regularly present. Awarded Offer(s) shall assume all expenses associated with the background checks and shall immediately remove any employee or agency who was convicted of, receive probation for, or received deferred adjudication for any felony as outlined below or any misdemeanor involving moral turpitude, from Region 4 ESC's property or other location where students are regularly present.

Offeror/Contractor or sub-contractors may not work on Region 4 ESC's, or Participating Public Agency where the Texas Education Code may be applicable, property where students are present when they have been convicted, received probation, or deferred adjudication for the following felony offenses:

1. Any offense against a person who was, at the time the offense occurred, under 18 years of age or enrolled at a public school;

2. Any sex offense;

3. Any crimes against persons involving:

   a. Controlled substances; or

   b. Property; or

4. Any other offense Region 4 ESC, or Participating Public Agency where the Texas Education Code may be applicable, believes might compromise the safety of students, employees or property.

I, J.K. Milliken, President, as an authorized representative of Weatherproofing Technologies Inc., the Offeror verify that:

A. My company **is not** owned nor operated by anyone who has been convicted of a felony.

Signature of Company Official: JK Milliken/ss Date: 6/14/2023

B. My company **is owned** or operated by the following individual(s) who has/have been convicted of a felony:

Name of Felon(s): _____

Details of Conviction(s) : _____

Date: _____

C. My company is a **publicly held** corporate, therefore, this reporting requirement is not applicable.

Signature of Company Official: _____ Date: _____

TAB 6

Value Added Services

i. Provide any additional information related to products and services Offeror proposes to enhance and add value to the Contract.

3. Competitive Range: It may be necessary to establish a competitive range. Factors from the predetermined criteria will be used to make this determination. Responses not in the competitive range will not receive further award consideration. Region 4 ESC may determine establishing a competitive range is not necessary.

Acknowledged

4. Past Performance: An Offeror's past performance and actions are relevant in determining whether or not the Offeror is likely to provide quality goods and services; the administrative aspects of performance; the Offeror's history of reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the Offeror's businesslike concern for the interests of the customer may be taken into consideration when evaluating proposals, although not specifically mentioned in the RFP.

WTI has a long and successful working history with OMNIA Partners and it's members. I

5. Additional Investigations: Region 4 ESC reserves the right to make such additional investigations as it deems necessary to establish the capability of any Offeror.

Acknowledged

VALUE ADDED SERVICES

Our subcontracting plans are created on a project by project basis, however, all of our subcontracting plans include the above-referenced information at a minimum to ensure that our customers receive both quality and safety-related essential standards at the forefront of every project.

COOPERATIVE CONTRACT DELIVERY METHOD

In addition to the traditional services we have outlined in this proposal, we are excited to continue to offer the proven Contractor Network delivery model, which is highly desired by participating agencies. The Contractor Network allows participating agencies to capitalize on a network of highly qualified, local, best in-class and pre-qualified contractors to perform Roofing and Job Order Contracting (JOC) services. JOC projects will be limited to roofing, building envelope, restoration, and related services. Within this delivery model, WTI's parent company, Tremco, provides Program Administration to support the Contractor Network Program. This delivery model provides an opportunity to work with a growing number of public agencies that desire to work with their preferred, local, best in-class contractors, in collaboration with WTI and its parent company Tremco. This delivery model is significant in that it satisfies OMNIA's desire for a national contract for roofing products and services and JOC services while providing OMNIA's Members a valuable delivery model to utilize the OMNIA contract.

The Contractor Network allows participating agencies direct access to local, pre-qualified, best-in-class contractors. In this delivery model, Tremco provides Program Administration of the process and provides performance based and warranted technical solutions. The Contractor Network Delivery Model, like other models proposed, provides outstanding roofing performance, which is backed by warranties and maintenance agreements to provide participating agencies comprehensive roofing and building envelope asset management. Further, the Contractor Network Delivery Model will engage the design community due to its transparency and the fact that the services can be competitively proposed locally. This value-added offering along with our general contracting and material only offerings, allows OMNIA participating agencies to select the delivery model option that best suits their needs and requirements.

Key Benefits of The National Cooperative Contractor Network Delivery Model to OMNIA Partners

WTI's parent company, Tremco, provides both technical and administrative support throughout the project as well as assumes the responsibilities outlined below.

TURNKEY FALL PROTECTION SOLUTIONS BY TREMCO

Keeping You and Your Employees Safe When Rooftop Access is Required on Your Building.

At WTI and Tremco safety is the cornerstone of our business—leading with safety every day. Our robust safety culture and practices, as well as our industry-leading safety products and services offering, are designed to make your roof as safe as possible.

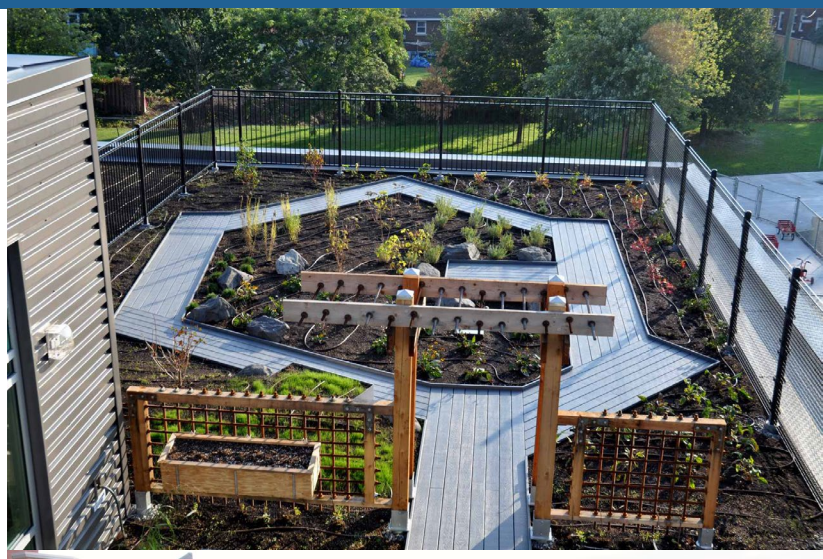
Our commitment to safety stems from our passion to protect a company's most valuable assets, its employees. We're all aware that building envelope services is one of the most dangerous businesses in construction, and serious workplace injuries or death change lives forever—for families, friends, as well as our coworkers.

With our commitment to having the best trained and equipped workforce in the industry, we naturally look to extend this same commitment to helping our customers possess the needed solutions and training to ensure their employees and service vendors are safe when working and accessing their roof.

VALUE ADD
VEGETATIVE ROOFS

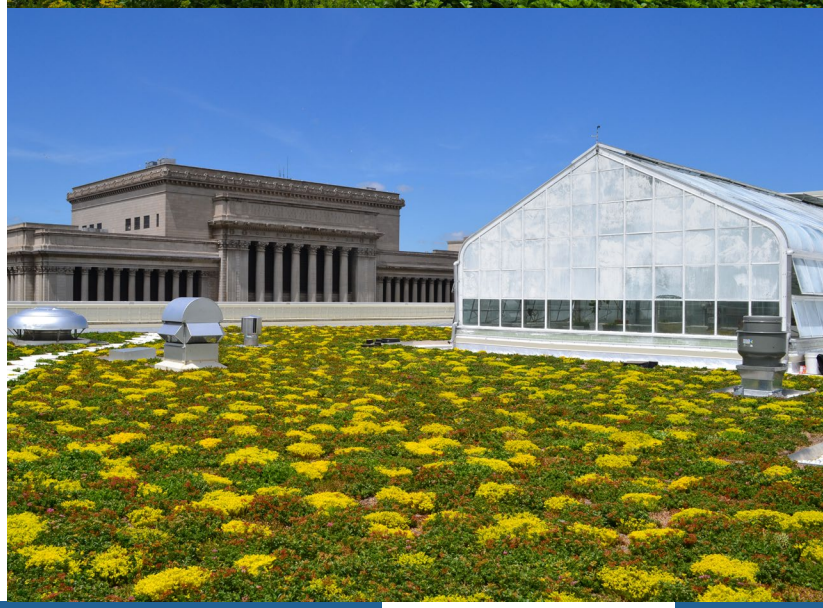
DRIVING LASTING CUSTOMER VALUE AND PROMOTING SUSTAINABILITY

Building a Better World means committing to continuous improvement and investing in safer, greener products and processes that benefit our customers, end users and the environment.



As a global company, RPM is committed to creating lasting value for customers through innovative solutions, while thoughtfully adopting sustainable approaches in the utilization of human and natural resources. Our sustainability journey springs from our core values and comprises a more formal focus on our internal Footprint and an outward look on our Handprint - the impact of our products, services and processes on the environment.

We are particularly proud of the many RPM products, services and processes that drive sustainability by helping customers reduce their environmental impact. As we look to shape the future responsibly, we are integrating Blueprint concepts, rethinking business models, and collaborating with leading edge partners to continually improve our impact.



Transforming the World One Roof at a Time

WTI and Tremco have been partnering with many companies to help them achieve their conservation and sustainability goals through green living roofs. Our goal, to transform the world into a greener place one roof at a time. But green roofs are more than just an environmental benefit. They also provide beautiful and restful places that employees and customers can enjoy to help lower stress levels and provide a better quality of workplace and shopping experience.

In these trying times, that don't seem to be going away, this will become more and more of a factor in hiring quality employees and attracting customers.

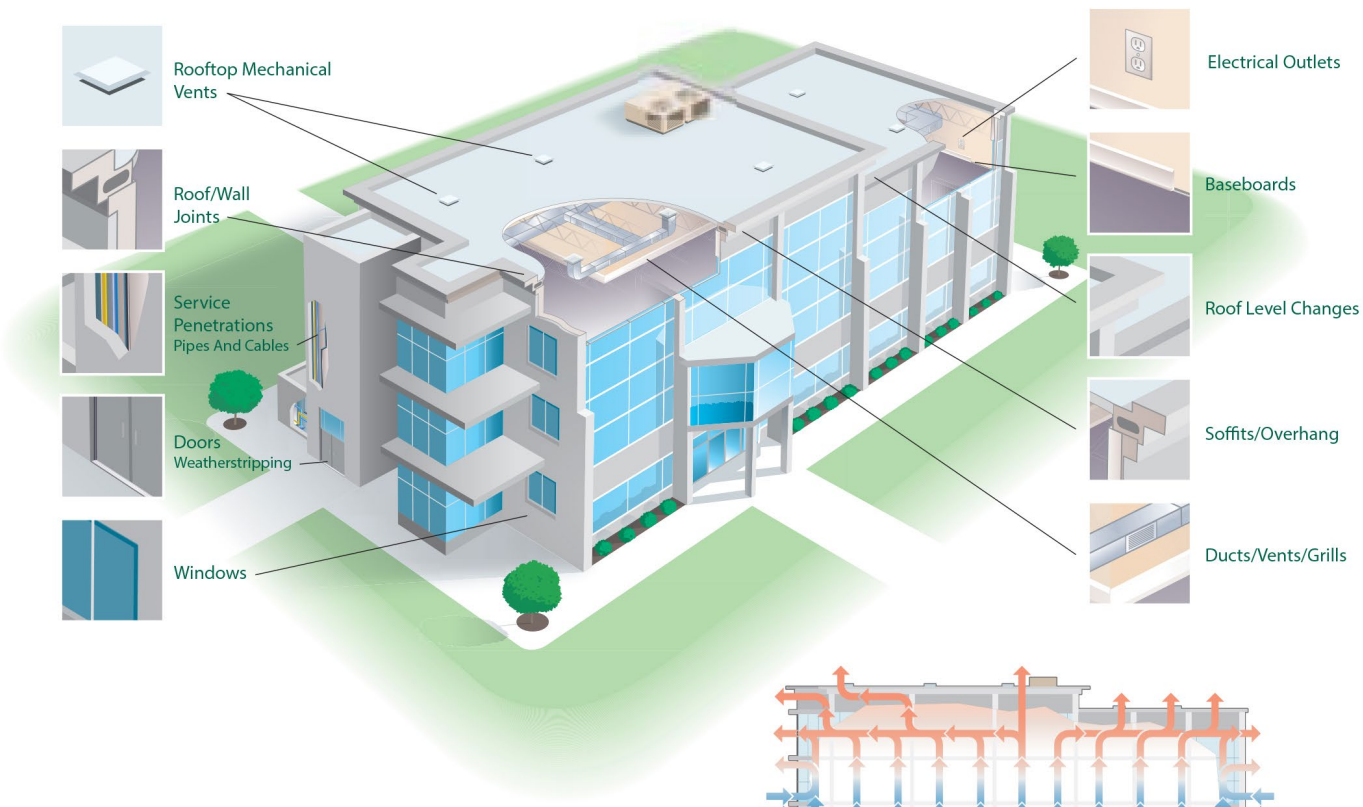
VALUE ADD
CANAM

According to the Department of Energy, more than 10% of all energy use is attributed to the condition of building envelopes. If buildings leak due to faulty original construction, age, or poor envelope construction, unintentional air infiltration can result costing OMNIA members up to 40% more for heating and 15% more for cooling.

The solution is an air barrier audit to identify the leak sources and an air barrier system installation to control air leaks.

Integrated Solutions

Canam Building Envelope Specialists, part of the Tremco Construction Products Group, offers a unique combination of air barrier solutions, from testing through system installation. A leader in building envelope solutions for more than 25 years, Canam provides air barrier audits, retrofit installations and testing.



The Leak Effect

While your building may seem airtight, tiny holes may exist in parts of your building envelope. These openings, coupled with air pressure differentials, result in air leakage and higher utility bills.

Defects in building envelopes can vary dramatically due to building age, the environment, and previous maintenance. Whether it's a crack in the curtain wall or faulty weatherstripping, our experienced technicians deliver customized, proven air barrier solutions.

Reach Your Building Envelope's Full Potential

Air barrier solutions can help OMNIA members find their building's energy efficient potential. Pair energy savings with the likely increase in a building's longevity, and OMNIA members will see why "sealing the envelope" makes such good financial and environmental sense.

Stack Effect

Indoor Air Quality (IAQ) & HVAC System Testing & Restoration

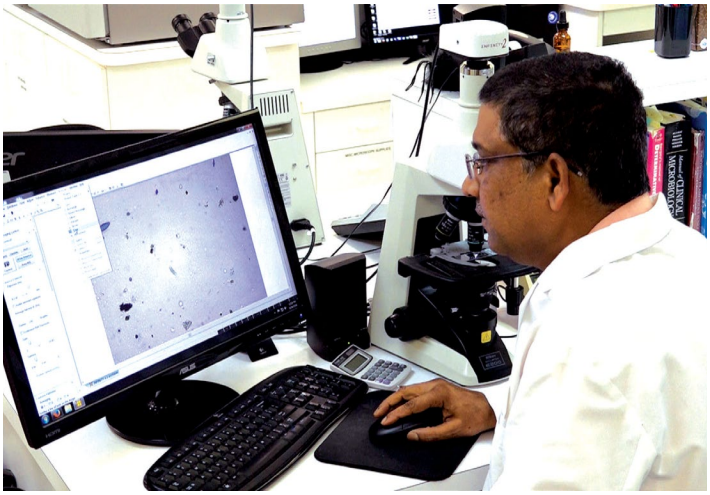
IAQ has become one of the most important components to help providing a safe and healthy environment for building occupants.

Humans spend 90% of our time indoors and breathe around 3,000 gallons of air a day. Serious pollutants can cause certain allergic reactions, respiratory issues and other long-term health complications. The quality of indoor air is critical for good health.

WTI/Pure Air Controls Systems provides indoor environmental testing & evaluations, microbiological testing & analysis, and HVAC, building, and mold remediation to help improve building health and occupant well-being. From diagnostics to repair and remediation, our team of experts can tell you if your indoor air quality is at risk of being compromised and perform the work to safeguard it from the consequences of unwanted air infiltration.

The HVAC system can be viewed as the cardiovascular and respiratory system of a building. The air handler is the heart of the system since this is where outdoor air is drawn in, filtered, conditioned and mixed with return air. This "supply" air is then distributed through a network of ducts to and from areas of the building. Basic components include dampers, fans or blowers, heating and cooling coils, air filters, boilers or furnaces, compressors, and ductwork.

Routine preventive maintenance is the key to avoiding premature wear and tear on components that can lead to costly repair or early replacement. Therefore, it is critical to perform routine cleaning and do minor repairs, extending equipment life and allowing for scheduled major repairs or replacements when it has less impact on disrupting business.



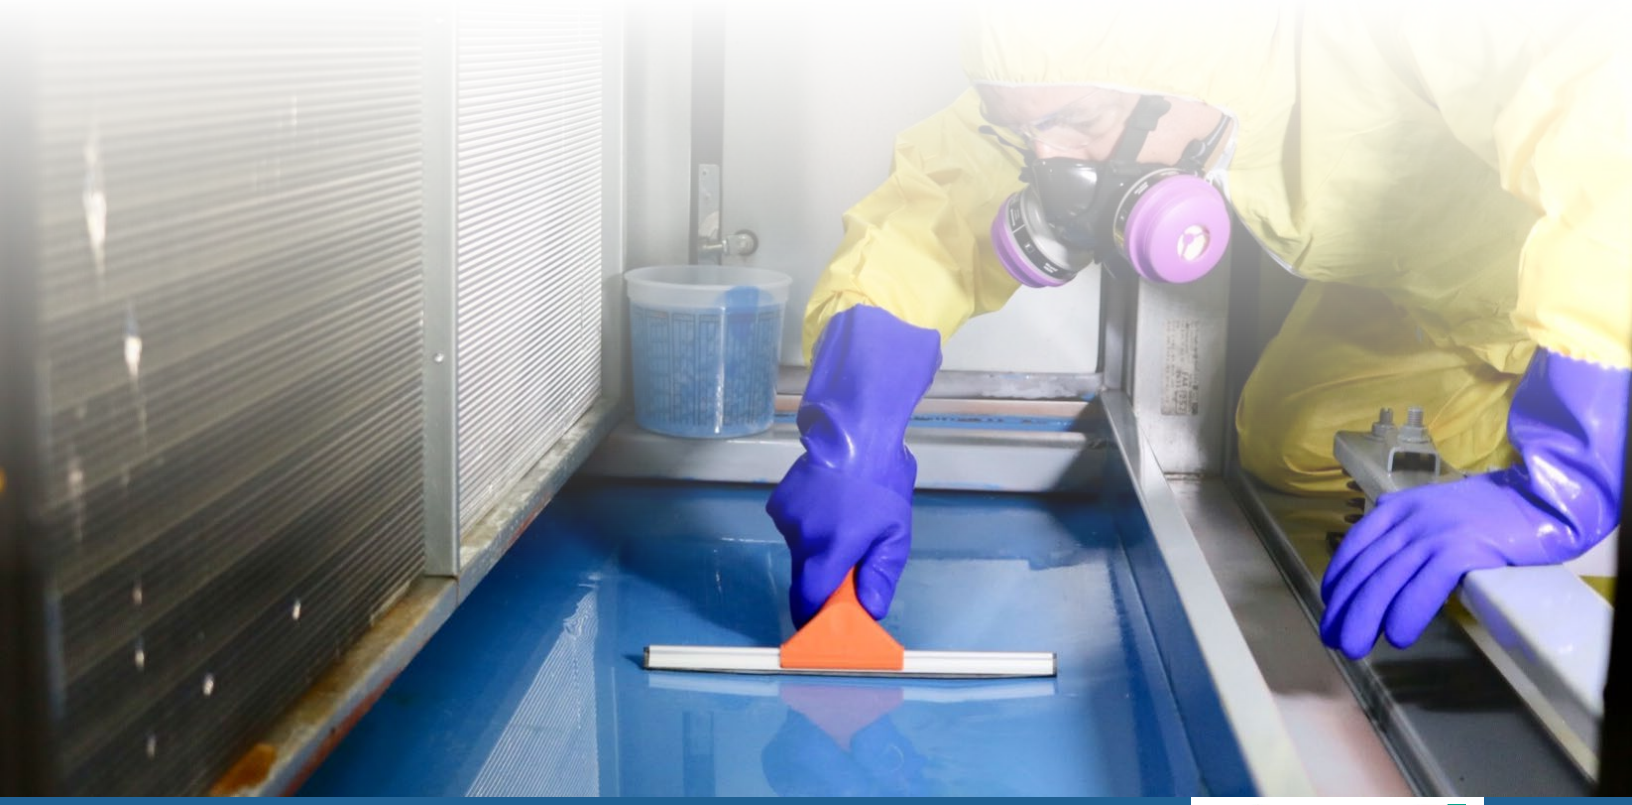
VALUE ADD
WTI/PURE AIR CONTROL SYSTEMS

We will visually evaluate your HVAC System, paying close attention to the condition of the air handler unit (AHU), evaporator coils, pan, rails, and blower. Our primary interest is to detect signs of allergens. We will also have a look at the ducts for microbial growth, dust, debris or other obstructions.

Our team of building scientists can perform tests for differential pressure across the coil, relative humidity, allergens, microbial growth, Legionella and more. Plus, both air and surface samples can be collected from the HVAC system for analysis. We also offer total air handler and system performance evaluations, including electrical usage, fan RPM, cooling output in BTU, chilled water volume usage in GPM, and smoke detector differential testing.

The laboratory at WTI will provide expert analysis. Your samples are analyzed under the supervision of PhD scientists and matched to our in-house library of over 200,000 samples (one of the largest microbial databases in the U.S.) We will qualify and quantify any allergen content found to determine the impact it might have on your facility.

You will receive a detailed yet easy to understand report, complete with photos and even a glossary. The report is photo-documented, and even contains a glossary for reference. It will help us, together, come up with a plan to remedy any issues found. The report can also be used to illustrate the gains made through remediation.



Restore for 1/10th the Cost of Total AHU Replacement

Building owners and operators are often faced with the challenges of aging HVAC equipment. It can be difficult to make the hard choice between an endless stream of maintenance calls or the capital expense of total replacement. This is especially true when there is a large inventory units being managed. Since the basic mechanical design and components of an AHU has remained the same, it can be hygienically restored with HVAC New Life™ instead of a total replacement!

HVAC New Life is an innovative hygienic restoration service that ensures a longer lifespan and optimal performance for aging HVAC system components such as:

- Air Handling Unit Cabinets
- Evaporator Coils
- Blower Motor Assemblies
- Drain Pans
- Structural Rails
- And More!

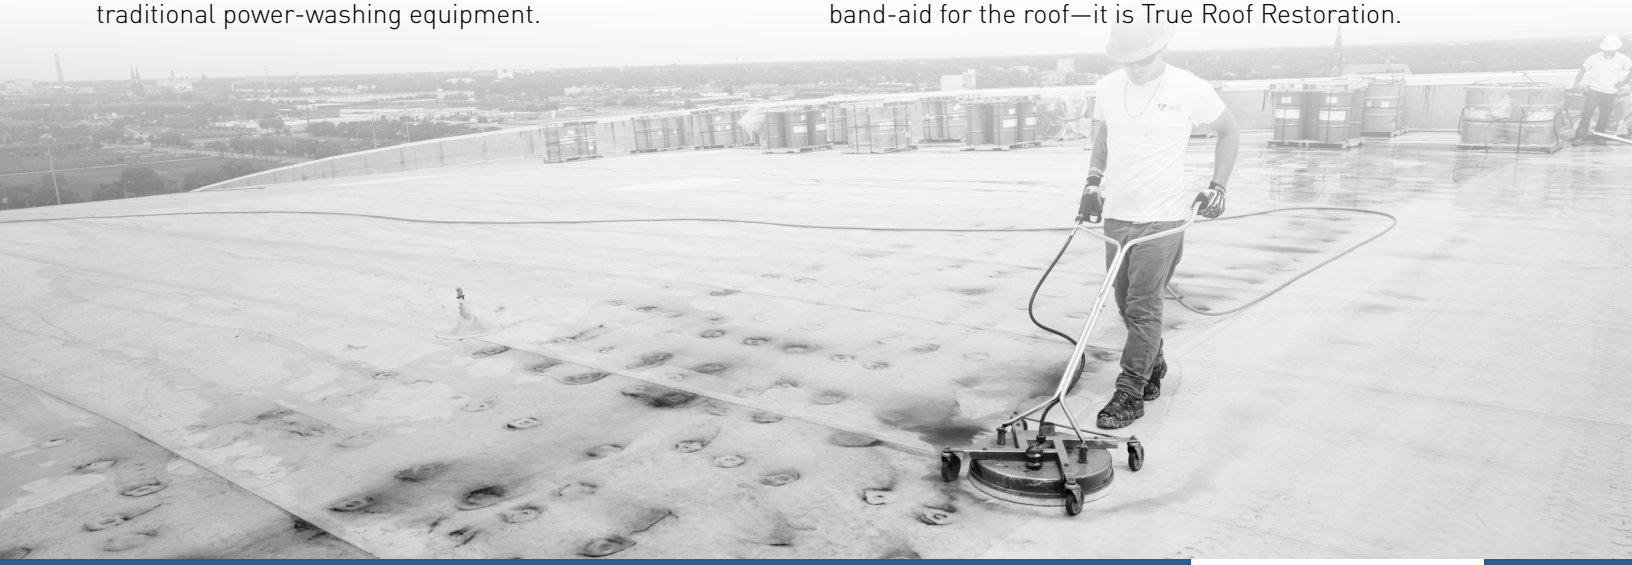
HVAC New Life combines our powerful PURE-Steam™ HVAC Hygienic cleaning with an exceptional coating and liner process to effectively restore an AHU for many years of continued service.

VALUE ADD
ROOFTEC

RoofTec, utilizing a combination of technologies in a system that truly restores commercial roofs, is a fully integrated surface preparation process that addresses the growing challenges building owners face in complying with local and national regulations on wastewater discharge. And, as part of the Tremco Construction Products Group, RoofTec can combine this industry-exclusive roof cleaning and preparation process with industry leading roof coating systems.

The RoofTec System starts with a patent pending cleaning system. Unlike traditional power washing systems, the Rooftec System uses a low emissions engine-powered system to produce heated high pressure solution. This solution is combined with EcoLogo-certified roof cleaning chemistry and delivered to roof surfaces via a rotary cleaning head that dislodges and suspends soils.

The solution is next recaptured through the rotary cleaning head by 870 cubic feet per minute of vacuum airflow created by the RoofTec Truck-mounted System. The recovered solution is then pumped for proper disposal in the facility's sewer system. This process eliminates the discharge of waste water to storm water systems.

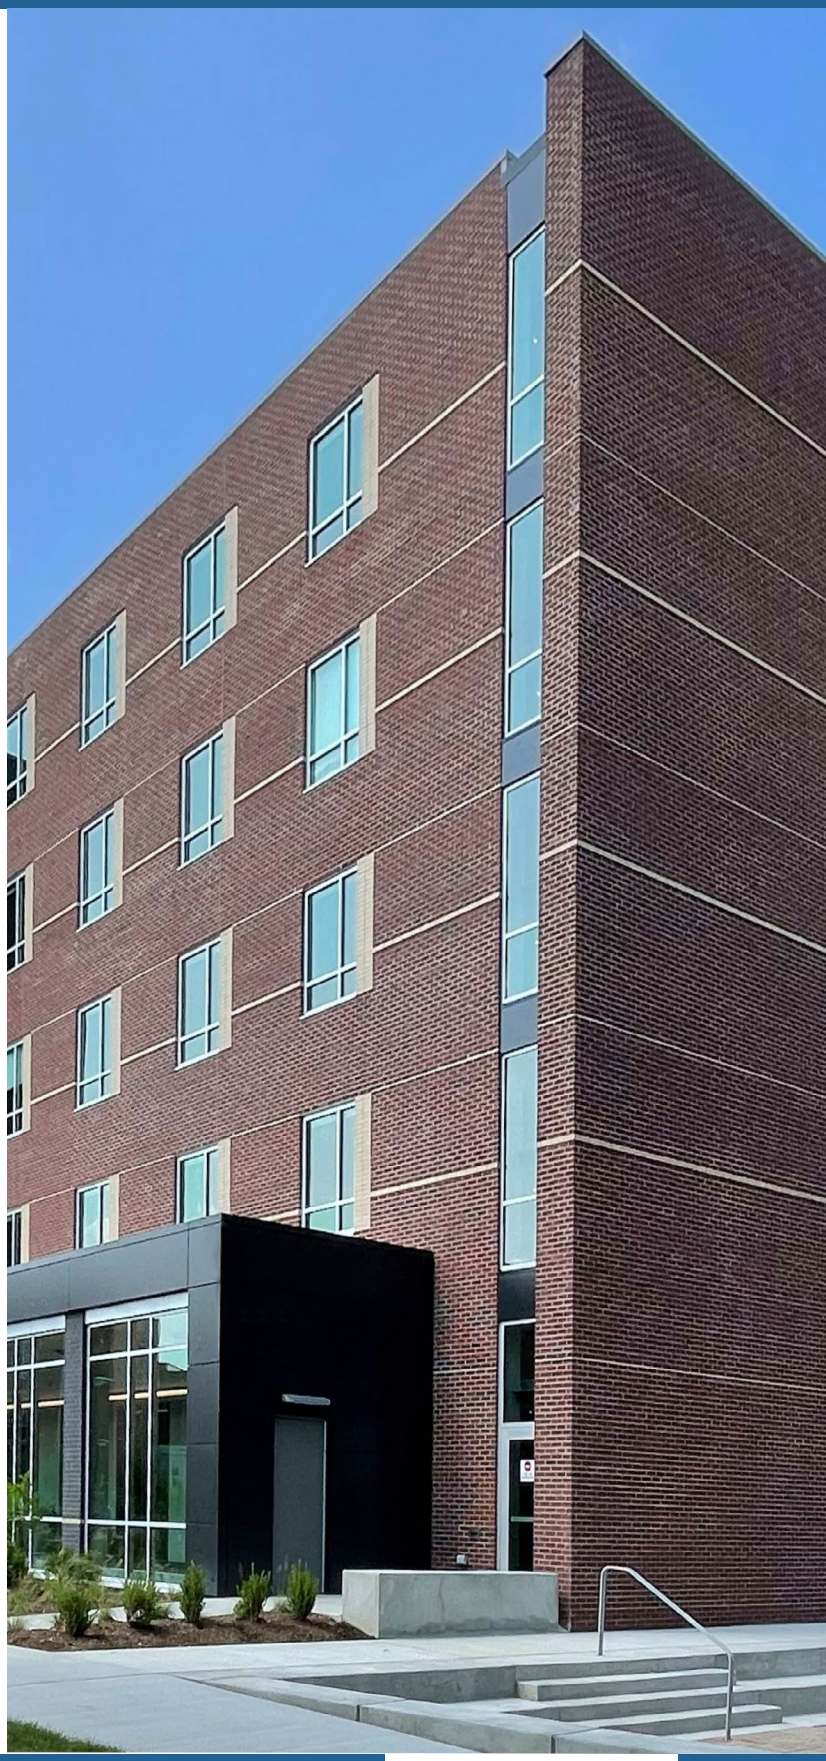


Because its cleaning process is so effective, the RoofTec System cleans up to 70% faster than traditional power washing – that means it takes significantly less water to achieve better cleaning. This time savings also reduces the fuel consumption versus what's required to run traditional power-washing equipment.

RoofTec Systems enclosed rotary head delivers high pressure solution at 2500 RPM while greatly reducing the risk of human error in the cleaning process. Solution is delivered at a continuous, steady rate so that high pressure solution is not stationary. Unlike traditional power washing that can cause damage to roofs, the RoofTec system is safe and non-damaging. Additionally, regular use of the RoofTec cleaning system may help preserve factory warranty requirements for the roofing material.

Dirty roofs cause decreased refraction of light/heat and thus heat is absorbed into roofing materials. This reduces the insulating values engineered into roofing systems. A clean roof is a more energy efficient roof – testing of material temperatures have shown surface temperatures on a clean roof are up to 30°F cooler.

Also, the RoofTec Truck-mounted System utilizes a single power source to economically provide heated water at high pressure and vacuum recovery. Other systems need as many as three engines to accomplish the same results.



Extending the life and performance of a roof is fiscally responsible and environmentally responsible. Every year millions of pounds of roofing materials are dumped in our landfills. Disposal is not only expensive, it is avoidable. RoofTec is True Roof Restoration, a preventive maintenance system which includes a warrantied coating system from industry leader Tremco that can add up to 20 years of warrantied life to a roofing installation. Recoating is not a band-aid for the roof—it is True Roof Restoration.

Nudura® ICFs are a proven method of providing you a better alternative to traditional building methods

Buildings today demand reliable, energy efficient and eco-friendly walls that provide superior performance to minimize energy costs, reduce carbon emissions and maximize property value. Structures made of Nudura® Insulated Concrete Forms (ICFs) offer superior strength, disaster resilience, sound and fire-resistance and energy efficiency. This is why the design community, developers, builders and contractors across the world continue to choose Nudura's ICFs and insulation products as a proven alternative to traditional building methods.

Nudura® products provide the freedom and versatility to design and build projects the way they are envisioned. Designing and building with Nudura gives you the opportunity to build faster with more design flexibility, while offering an eco-friendly structure with substantial benefits that contribute to long-term energy savings. When choosing Nudura ICFs you can rest assured you have chosen the best building solution available today.

High-performance building solutions that fit your business.

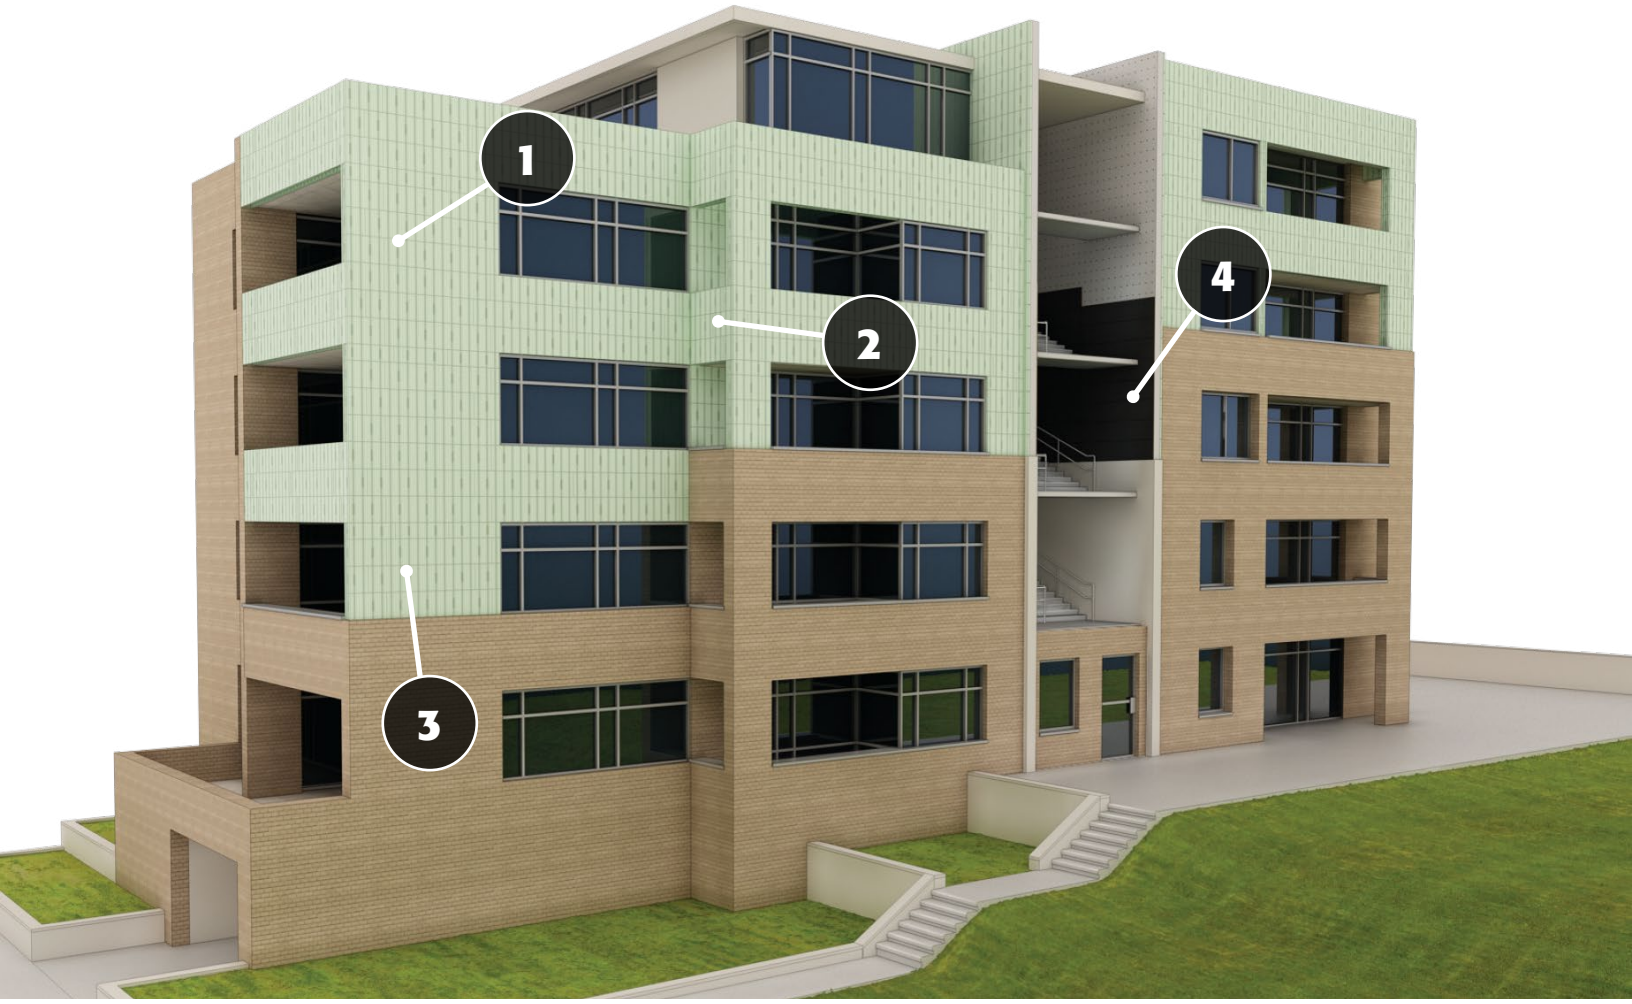
We understand the needs and demands that face builders, architects and developers. Our products provide solutions to match the needs of the professionals who install, design and develop projects from residential to commercial. Our Insulated Concrete Forms and insulation systems combine design flexibility, efficiency and performance to create the ultimate building envelope solutions.

Energy-efficient insulation

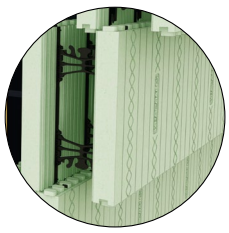
Confidently meet today's building code requirements while delivering an energy-efficient building with a full line of Nudura® insulation products. Make your projects stand out with a quality insulation solution that performs consistently throughout the seasons without compromising on comfort, performance and efficiency for your clients.

Build an energy-efficient structure with insulation that works. Nudura® offers a full range of Insulated Concrete Form products from our ICF Series which are manufactured with our installer in mind. Industry leading innovations get the walls up faster and easier. Our Integrated Series completes the building envelope, giving you the ability to completely insulate from footing to roof.

Most traditional insulation types can deliver only on R-Value. Nudura® takes R-Value to the next level. The ICFMA (Insulated Concrete Form Manufactures Association) Conducted testing with CLEB Laboratories to show that ICF walls can provide up to 58%* better energy savings. The thermal mass of concrete combined with EPS Insulation makes building perform better compared to traditional products. Learn more about the CLEB report at nudura.com/icf-performance.



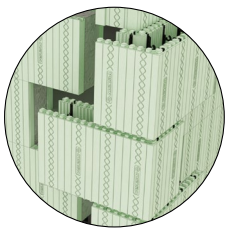
Sustainable Designs



Nudura® helps bring sustainable designs and Insulated Concrete Forms together. Projects specifying Nudura ICFs provide much greater potential for saving valuable environmental resources, reducing energy consumption and $C0^2$ emissions, two major factors facing today's public agency buildings. From foundations to whole structures, Nudura® has a complete library of solutions for your building design needs.

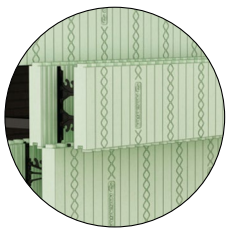
*As proven by third party testing conducted by CLEB laboratories and the Insulating Concrete Forms Manufactures Association (ICFMA).

VALUE ADD
NUDURA—ANATOMY OF A BETTER BUILDING



1

Nudura Standard Form



Nudura Standard Forms are 8' (96") in length, the largest standard block in the industry. Nudura's forms consists of two stay in place panels of Expanded Polystyrene (EPS) connected with our patented innovative hinged folding web.

2

Nudura 90° Form

The 90° form is fully reversible, eliminating the need for different right and left corners. Nudura also offers a 45° form, a radius, a taper top and all of the accessories needed to ensure the envelope of any structure can be built with Nudura.

3

Nudura Optimizer

With the Optimizer form it is easy to optimize the height of any wall. Designed to be used as a height adjuster at the top of the wall, the Optimizer allows the installer the ability to hit 17 different stack heights from 4' (1220 mm) to 12' (3600 mm).

4

Nudura One Series

The One Series is ideal for elevator shafts, stairwells and other areas that require non-combustible material.

VALUE ADD
DRYVIT—NEWBRICK

Dryvit, part of Tremco Construction Products Group, is the manufacturer of Outsulation® systems, a high performance cladding system for commercial and residential construction, which utilizes exterior continuous insulation (CI). It is available in a number of system configurations to meet any climate or building condition and numerous durable textures and colors to complete any architect's vision. More than 1 in every 11 commercial buildings in the United States features Dryvit products on the exterior.

Dryvit has led the EIFS industry for more than four decades because of its commitment to research and development. Dryvit consistently introduces new products and systems that keep it on the leading edge of the building industry. That spirit of innovation, coupled with a rigid adherence to the highest standards in manufacturing quality and consistency, has made the Dryvit brand the unquestioned leader in the EIFS industry.

Dryvit remains the only EIFS manufacturer to have all of its five North America production facilities ISO 9001:2015 and ISO 14001:2015 certified – the Gold standard for worldwide product consistency, quality and environmental stewardship. The proven energy efficiency and green characteristics of the Dryvit Outsulation® system make it ideal in buildings where the owner and architect are seeking LEED certification for the building.

There are three costs to consider when building today; the initial construction costs, the on-going operational costs, and the increasingly important environmental costs. By all three critical measures, Dryvit Outsulation systems represent the optimal cladding solution.

A lightweight insulated brick that matches the size, appearance and texture of clay, NewBrick® from Dryvit® is a higher-performing alternative to traditional clay brick veneers. More durable than traditional brick, NewBrick offers a superior cladding solution that reduces overall wall cost and accelerates the dry-in process.

NewBrick's light weight, strength, customizability, and ease of use make it a particularly appealing way to integrate the beauty and durability of brick into your next project. NewBrick's flexibility and energy efficiency are perfect for a wide range of applications.

A SUPERIOR WALL, FROM FOUNDATION TO FINISH

Air. Water. Vapor. Thermal.

As part of the total wall system, NewBrick can include all 4 barriers when used over a Dryvit® Outsulation® system under a complete single-source warranty.

Look past the per-thousand rate—NewBrick's advantages in labor and freight costs, job duration, tool/equipment requirements and critical path can mean over 25% savings in the true total installed cost.

A Whole Wall System

As part of the whole wall system, NewBrick can include all 4 barriers when used with a Dryvit Outsulation system with a single source install and whole wall warranty.

Faster Shell Dry-In

A quicker whole wall installation means earlier shell dry-in for your building, so interior work can begin up to ten weeks ahead of schedule.

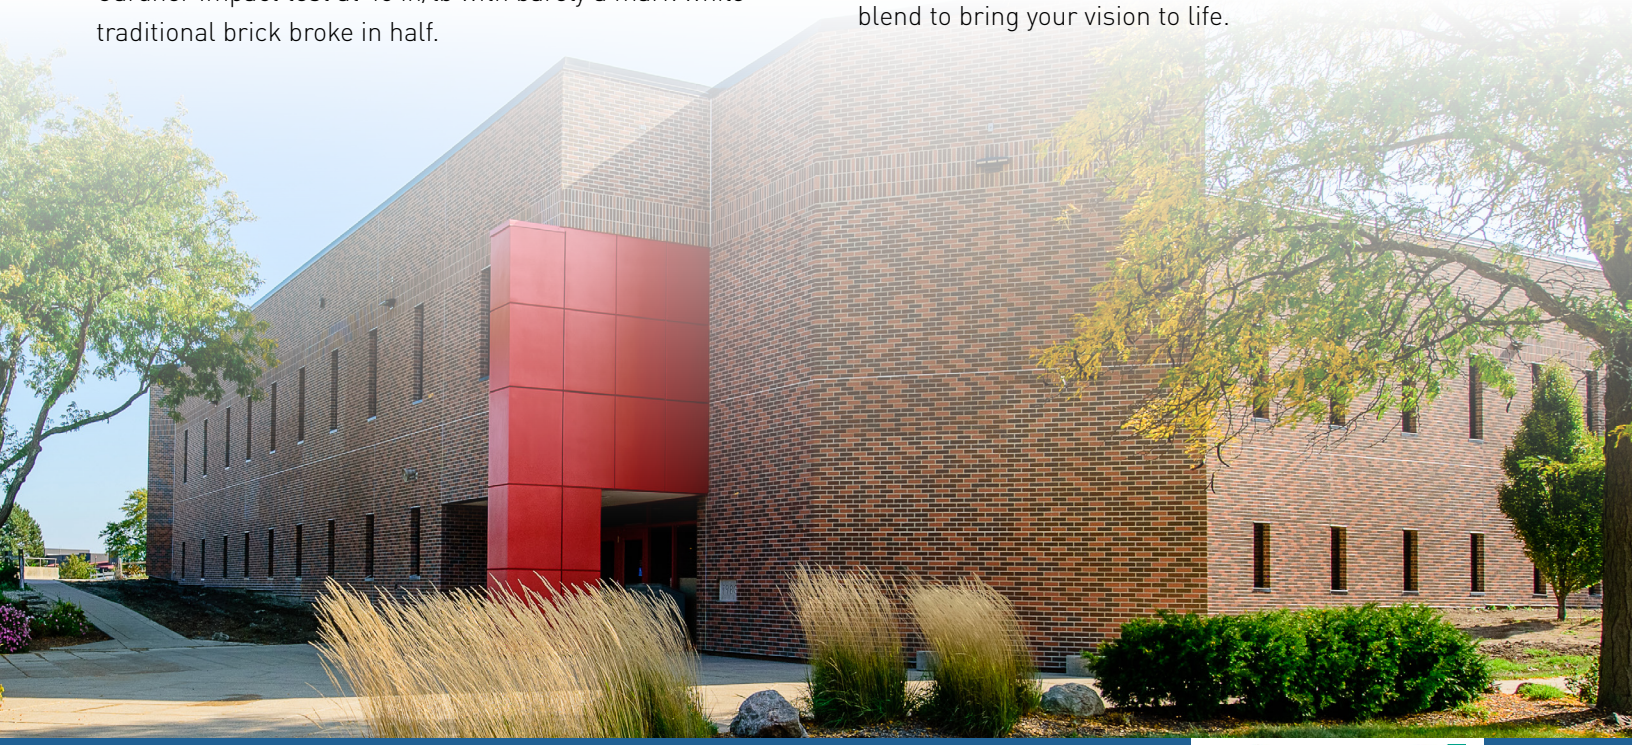
Impact Resistant

NewBrick stands up to every-day impacts—passing a Gardner Impact test at 48 in/lb with barely a mark while traditional brick broke in half.

Eliminates Supports

By eliminating the cost—and labor—for anchors, bearing shelf angles, brick ties, mortar nets and AWRB penetrations, NewBrick's whole wall savings average $15-$17 / ft^2.

Lightweight



At a fraction the weight, NewBrick cuts freight costs significantly—and is easier to handle on site, eliminating the daily need for a telehandler and additional labor to move brick on the scaffold.

Safer Jobsites

NewBrick reduces exertion and the potential for injury to laborers, and also helps minimize jobsite mishaps and material waste.

Versatile Design Capability For Any Project

NewBrick is available in 16 standard colors. Custom colors and blends are available to tailor your project's specifications. Available in four standard blends, four textures, and three effects. Or, create your own custom blend to bring your vision to life.

VALUE ADD
DRYVIT—OUTSULATION, SUSTAINABLE SOLUSTIONS

Outsulation systems have been evaluated by the National Institute for Standards and Technology (NIST) and have less environmental impact than other common claddings. They can also contribute toward achieving LEED credits, depending upon project design and location.

Outsulation systems are more cost-effective throughout their lifecycle because the manufacturing process requires less energy than other common claddings, and the lightweight composition reduces fuel costs associated with transport. After application, Outsulation systems continue to keep heating and cooling costs low for the life of the building. Visit dryvit.com for more information.

Outsulation

- Intended for use in commercial construction or over masonry
- Insulation adhered directly to substrate
- Designed as a barrier system

Outsulation Plus MD System

- Qualifies for all construction types
- Incorporates a liquid applied, air and water resistive barrier
- Vertical adhesive beads facilitate moisture drainage
- Corrugated strip or track is incorporated at the wall base
- Passive drainage

Outsulation MD System

- Qualifies for all construction types
- Incorporates a liquid applied, air and water resistive barrier
- Grooved insulation board facilitates moisture drainage
- Vent track and vent assembly are incorporated at the base of the wall
- Engineered drainage

Outsulation HDCI™

- Provides a 20-year warranty on puncture resistance
- Incorporates a liquid-applied, air-and water-resistive barrier
- Corrugated strip or track is incorporated at the wall base
- Qualifies for commercial construction
- Provides a 20-year warranty on puncture resistance
- Passive drainage

VALUE ADD
DRYVIT—OUTSULATION, SUSTAINABLE SOLUSTIONS

Outsulation X™ System

- Features DOW® XNERGY™ Extruded Polystyrene (XPS) insulation board
- Incorporates a liquid-applied, air- and water-resistive barrier
- Vertical adhesive beads facilitate moisture drainage
- Drainage strip is incorporated at the base of the wall
- Qualifies for commercial construction
- Supplemental fasteners required
- Passive drainage

Outsulation LCMD System

- Qualifies for all construction types
- Mechanically fastened over sheet type water-resistive barriers (by others)
- Corrugated strip or track incorporated at the wall base
- Multiple drainage and attachment options available

Outsulation PE System

- Qualifies for all construction types
- Incorporates a liquid applied, air and water resistive barrier
- Closure blocks are configured to "compartmentalize" the wall for pressure equalization
- Vent track and vent assembly are incorporated at the base of the wall
- Engineered moisture drainage and pressure equalization

Outsulation RMD System

- Intended for residential, wood framed (one and two family) construction
- Can incorporate a liquid applied air- and water-resistive barrier or sheet membrane and drainage mat
- Drainage strips or track incorporated at the base of the wall
- Multiple drainage and attachment options available

Outsulation RMD System

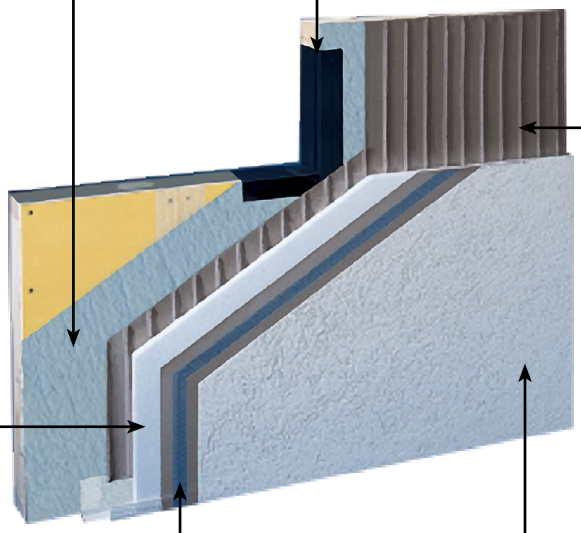
- Outsulation MD Securock ExoAir 430
- Outsulation Plus MD Securock ExoAir 430
- Outsulation HDCI Securock ExoAir 430
- Outsulation PE Securock ExoAir 430
- Outsulation X Securock ExoAir 430

VALUE ADD
DRYVIT—OUTSULATION

HOW IT WORKS

Outsulation systems typically consist of the following components, as determined by code and performance requirements.

DRYVIT/TREMCO APPROVED WATER-RESISTIVE BARRIER



Seamlessly protects sheathing or substrate from incidental moisture and eliminates air infiltration

- Liquid-applied
- Continuous or monolithic
- Includes Backstop NTX®, Backstop NTX-VB, Securock® ExoAir® 430, ExoAir® 230

CONTINUOUS INSULATION

Absorbs expected building movement and enhances energy efficiency

- Eliminates thermal bridging in framed construction
- Meets CI requirements for all zones per ASHRAE 90.1-2010
- Available in both EPS (expanded polystyrene)and XPS (extruded polystyrene)
- Available in various thicknesses and can fully meet wall insulation requirements

BASE COAT AND REINFORCING MESH

Combine to provide the primary weather barrier and impact resistance

- Mesh embedded in base coat
- Various weights of mesh available, depending on impact resistance required

DRYVIT/TREMCO APPROVED FLASHING SYSTEM:

Seamlessly protects openings in the building envelope from moisture

- Includes AquaFlash® or Dymonic® 100

ADHESIVE / DRAINAGE MEDIUM

Vertical notches allow drainage of incidental moisture

- Adheres insulation board to the Air-and Water-Resistive Barrier\

FINISH COAT

Blend of 100 percent acrylic copolymers, natural aggregates and UV resistant pigments

- Easy to maintain
- Available in many textures and limitless color options
- Offer multiple aesthetic options
- Options for increased hydrophobicity, flexibility and mildew and fade resistance

SYSTEM OPTIONS

All Outsulation systems include adhesive, continuous insulation (CI), fiberglass mesh embedded in base coat, and finish, which are installed sequentially by a trained professional contractor as specified by the design team, and as required by code. Some Outsulation systems protect the underlying wall with an air- and water-resistive barrier under the CI, which maximizes the energy efficiency. Outsulation systems can be installed in either "barrier," "moisture drainage" or "pressure equalized" configurations, and these systems are engineered to perform in all climates and on all types of structures. On certain types of construction (high-rise) and in certain job conditions (cold weather), lift-in-place, prefabricated wall sections may provide certain benefits.

VALUE ADD
DRYVIT—MODULITE™ PREFABRICATED PANEL SYSTEMS

Whether you're building new or renovating, Modulite prefabricated panel systems offer unique advantages over traditional field-applied construction.

Since 1970, Dryvit has offered systems and technical support for the prefabrication space using all of the Dryvit products. Modulite panelization systems incorporate all the benefits of a Dryvit Outsulation® system—including continuous insulation (CI) and beautiful aesthetic finish options to meet any design need—all fully-tested to meet existing building codes and provide extraordinary energy efficiency. Modulite panelization systems also offer the most experienced and deepest team of partner fabricators in the industry.

Why build with Modulite Prefabricated Panes?

Faster Construction Time

In-plant fabrication can reduce production time, and speed up field application of exterior cladding systems, to reduce construction schedules.

Stronger and More Resilient

Our systems are designed for maximum durability, many with service lives far surpassing that of competing systems.

Cost-Effective for the Long Term

A broad range of products can fit most project budgets — but our energy-efficiency and maintenance solutions can also help you ensure cost-effective ownership and operation for the long term.

VALUE ADD
DRYVIT—MODULITE™ PREFABRICATED PANEL SYSTEMS

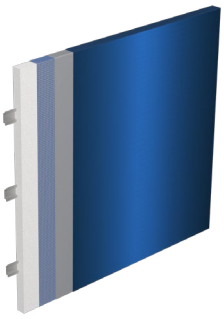
One Point of Contact

Our products and systems are backed by industry-leading warranties — all from a single point of contact. We can also help with everything from asset management to diagnostics to installer training.

Any Look You Want

A wide range of colors and finishes like brick, granite, metals, stucco and more provide maximum flexibility in your façade aesthetic.

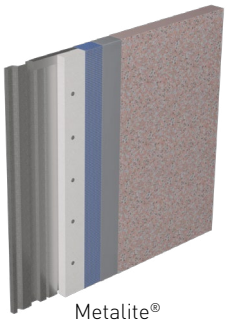
Avoid Labor Shortage Problems



Pre-fabricated Dryvit panels can help address ongoing shortages in the skilled labor force—while simultaneously maximizing quality control.

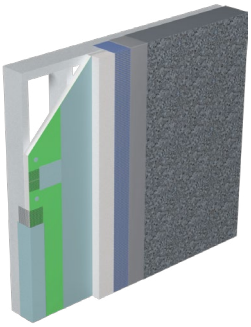
Better Insulated

Industry-leading Outsulation® continuous insulation means efficient construction and operation, and will exceed strict energy codes for insulation.



Leading Edge Sustainability

Our building solutions help you reduce waste, and meet green building standards like Net Zero, Living Building Challenge, Passive House and more.

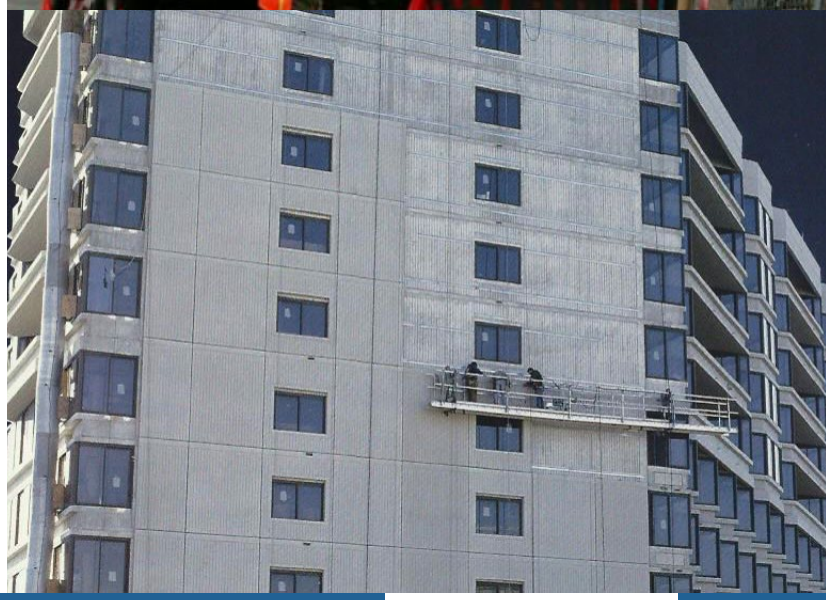


Fedderlite® / Fedderlite® M

Prefabricated Exterior Wall Insulation and Finish Systems for Use over Solid Substrates

Metalite®

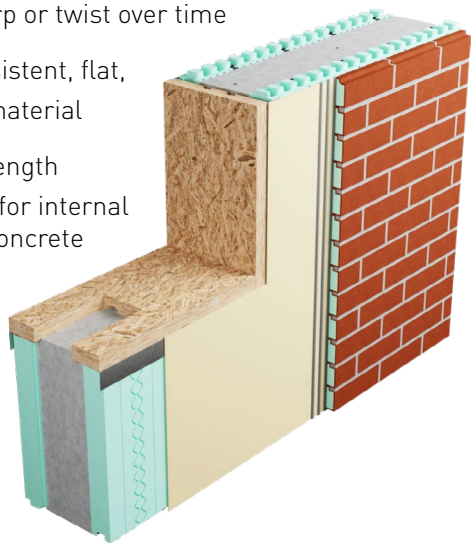
Prefabricated Panelization System Installed over a Proprietary Light-Gauge Metal Pan



Outsulite® / Outsulite® Exoair® 430

Industry-Leading Panel Systems with Dryvit Outsulation and an Air/Water Resistive Barrier

VALUE ADD
PREBUCK—ENGINEERED FRAMING SYSTEMS



A new era has arrived. A construction revolution: strength and quality combined with speed and efficiency. Prebuck technology now offers the strongest, fastest, and smartest construction solutions available. Save time and money while building superior durability into every project.

Specifically designed for direct contact with concrete and non-corrosive to metals, Prebuck products feature TimberStrand Strandguard (LSL) engineered lumber treated with zinc borate for exceptional resistance to insects and decay. Prebuck products also feature MDI resin, the 100% waterproof bonding agent that turns to a durable plastic when cured.

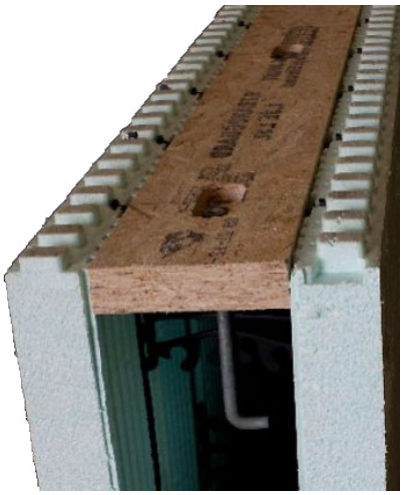
Combine these quality components with Prebuck's advanced engineering and you're guaranteed the most efficient construction technology available today.

BENEFITS FOR RESIDENTIAL AND COMMERCIAL CONSTRUCTION

- Designed for direct contact with concrete
- Non corrosive to metals
- Resistant to insects and decay
- Will not delaminate, become spongy, or lose fastener holding strength when exposed in typical commercial construction.
- Will not cup, warp or twist over time
- Engineered consistent, flat, stable framing material
- LSL bending strength minimizes need for internal bracing before concrete pour

Parapet Cap

Prebuck engineered solutions for your parapet blocking allow the contractor to leverage the speed and efficiency of custom designed components. On new construction or renovations Prebuck solutions provides sustainable and dependable results to extend the life of your structure.



- Laser straight, will not curl, cup, or warp
- Can be installed by fewer employees saving labor costs
- Colored coded for easy placement
- Counter sunk holes to hide fasteners
- Customizable
- Designed for direct contact with concrete
- Insect and fungus resistant
- Environmentally friendly
- Contributes to LEED points

Window & Door Buck

Offers the contractor, owner and design community an engineered solution for punched openings. Produced with 1-½" (38 mm thick, treated Laminated Strand Lumber (LSL), Gives the rough frame of the opening stable support for glazing and finish components. A cast in place version integrates a dual keyway design to assure a secure interface from concrete to finishes.

- Self aligns on the wall for easy installation
- Will not delaminate, become spongy, or loosen fastener strength
- Colored coded for easy placement
- Will not curl, twist, cup, or warp
- Customizable
- Designed for direct contact with concrete
- Insect and fungus resistant
- Environmentally friendly
- Contributes to LEED points and NAHB Green Building Certified

Wet-Set Sill

Produced with 1 ½" (38 mm) thick, treated Laminated Strand Lumber (LSL) our sill solution is produced straight and stays straight. Our sill plate solution is designed to fit ICF wall widths and using our oblong countersunk holes lets the contractor set the sill plate the same day they pour the walls.

- LSL bending strength minimizes need for internal bracing before concrete poor
- Will not delaminate, become spongy, or loosen fastener strength
- Oblong countersunk opening
- Will not curl, twist, cup, or warp
- Designed for direct contact with concrete
- Non-corrosive to metals
- Insect and fungus resistant
- Environmentally friendly
- Contributes to LEED points and NAHB Green Building Certified

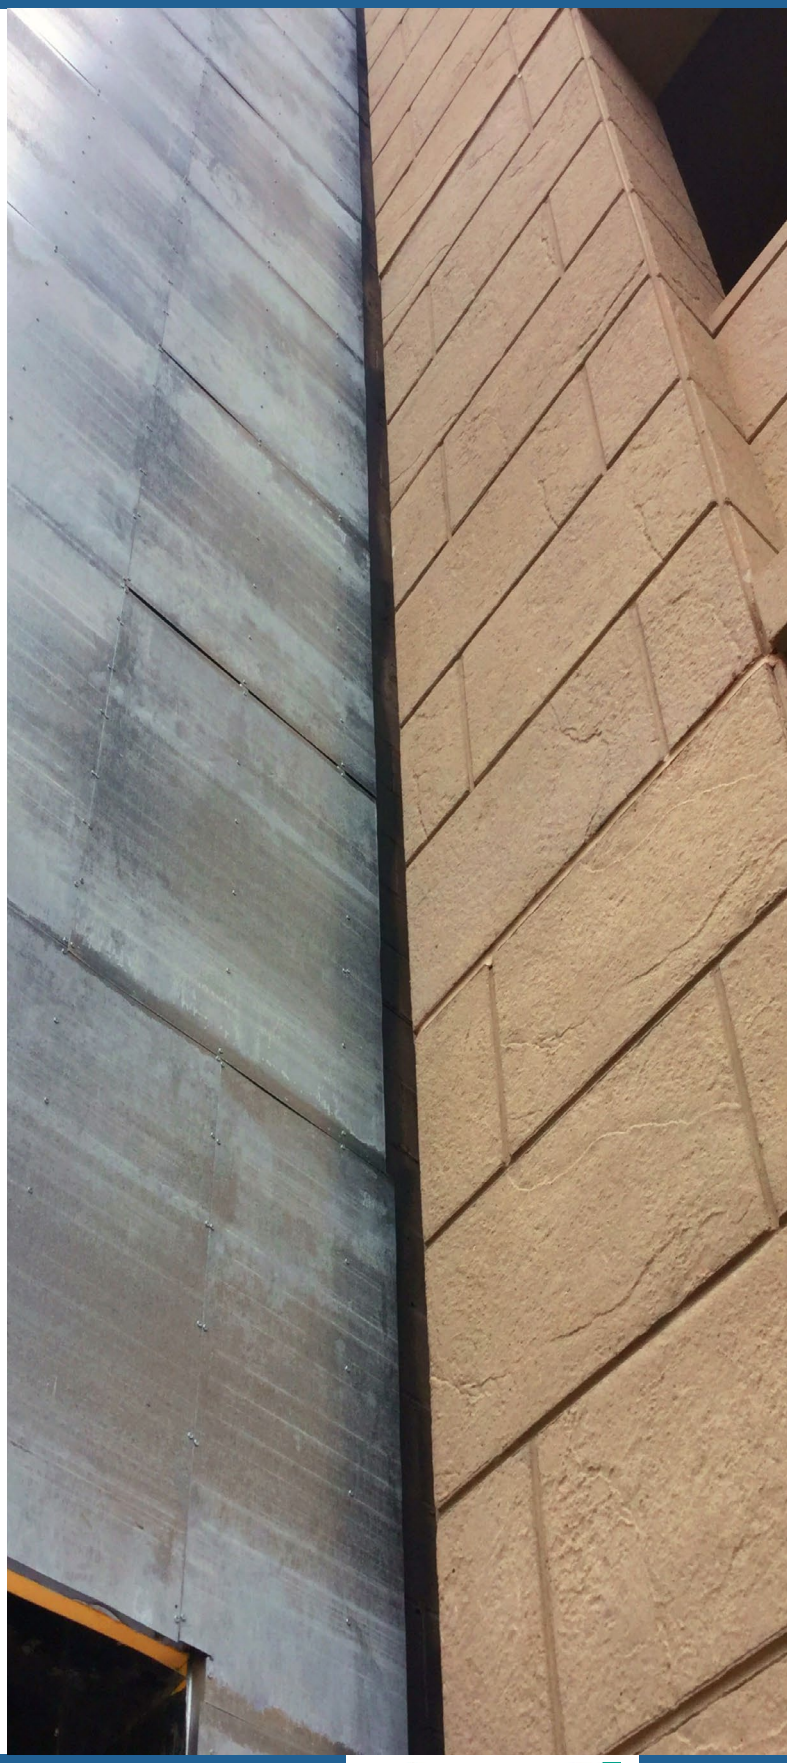
VALUE ADD
WILLSEAL—EXPANSION JOINT SYSTEMS

Willseal offers best-in-class pre-compressed and acrylic-impregnated foam products for horizontal and vertical joint applications. Tremco's industry-leading joint sealants, polyurethane-methacrylate technology, pre-formed extrusions and gun-grade foams.

With a wide variety of pre-compressed, acrylic-impregnated foams, pre-formed extrusions, monolithic Polyurethane Methacrylate and gun-grade foams, Willseal and Tremco have the ideal solution for any expansion joint or transition sealant project.

Whether you require traffic-grade horizontal, color-matched vertical, 2 to 3 hour fire-rated, seismic capabilities, waterproof, soundproof, dust-proof or airtight seals, you'll find a variety of options in the following pages.

All products, however, feature unmatched quality and durability, excellent +/- movement capabilities, and innovative, streamlined installations designed to help create safer, greener, high-performance structures. For over 110 combined years, our products have been continuously specified and installed on thousands of new construction and restoration projects worldwide.



Willseal products are designed for maximum waterproofing, thermal, sound, and air-tightness to meet global passive housing standards and feature superior durability, excellent +/- movement capabilities, and streamlined installation.

MARKETS SERVED

- Commercial construction
- Industrial / manufacturing
- Educational and institutional
- Infrastructure and DOT
- Residential construction
- Stadiums and arenas
- Parking facilities
- Medical facilities
- Fire protection

JOINT APPLICATIONS:

- Traffic-grade horizontal joints
- Primary vertical joints
- Curtain walls, windows, & flashing
- Control, longitudinal and transverse joints
- Dryvit® and exterior panel system joints
- Pre-cast concrete & built-up walls
- Fire-rated joints
- Seismic, large & retrofit joints
- Below-grade applications

Stonhard, a subsidiary of our parent company RPM International, is the unprecedented leader in manufacturing and installing high performance floors. Joining form and function, our floors are the dependable go-to choice for tough manufacturing environments, while still honoring innovative design for commercial environments.

From specifications and design to final walkthrough, you work with us directly. For a century we've been delivering proven, single-source service, covering both your products and installation.

Stonhard is committed to manufacturing and installing quality, seamless products that protect, maintain and enhance industrial and commercial environments.

Quality From Start to Finish

With a century in business, Stonhard is the unprecedented leader in manufacturing and installing high performance epoxy and urethane floor, wall and lining systems.

Manufacture & Install

We work with you directly—formulating and installing long-term floor, wall and lining system solutions.

Perform & Protect

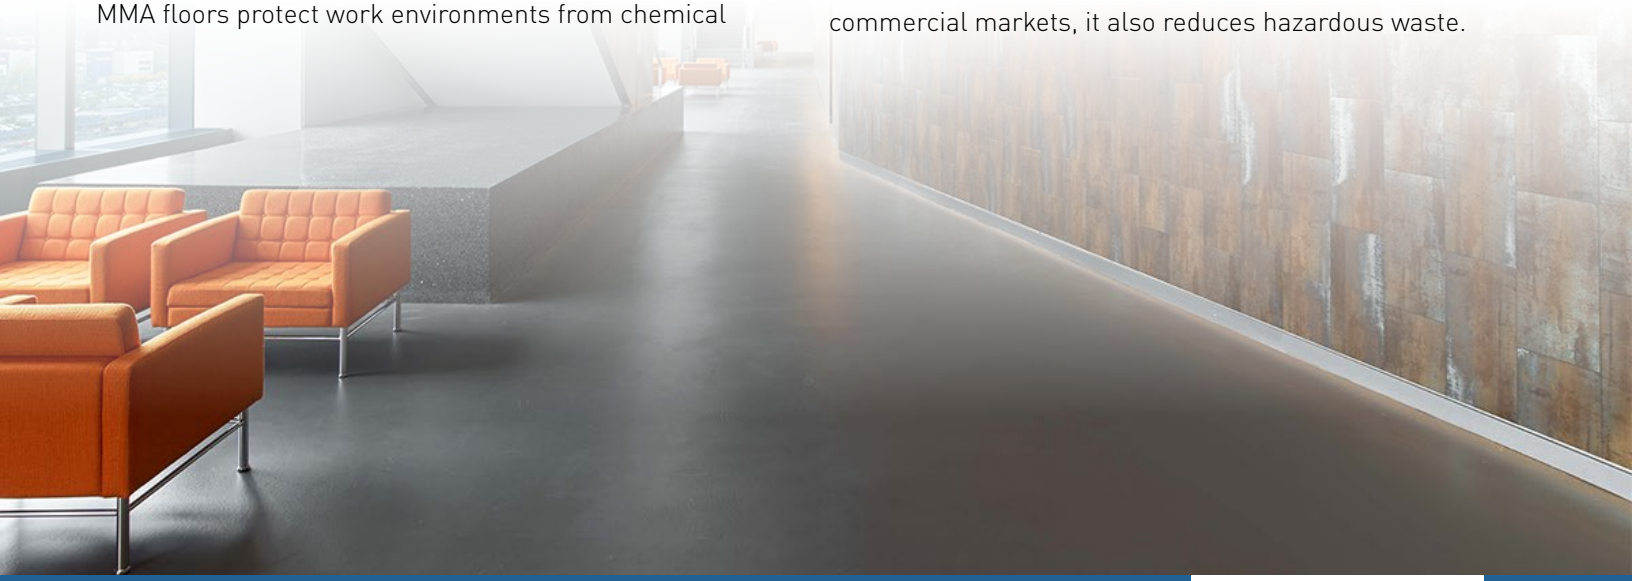
Chemical, slip, and stain resistant epoxy, urethane and MMA floors protect work environments from chemical attack, impact, abrasion, thermal cycling, along with daily wear and tear.

Define & Design

Market specific color collections, tailor-made logos, custom colors and textures that dignify great design.

Sustainability.

Green is nothing new for Stonhard. For over 30 years, Stonhard has been an innovator in sustainable products.



Since June of 2005, through recycling efforts, Stonhard has prevented 92.7% of all returned material, including discontinued and obsolete products from going into the waste stream. Stonhard's unique packaging prevents over 4.8 million one gallon pails and quart cans from being dumped into landfills annually.

OUR FACILITIES ARE GREEN

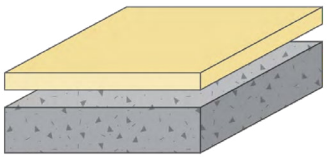
Stonhard has eliminated the use of chromic oxide (a chromium compound) as a green pigment in several Stonhard aggregate products, which has made these products environmentally friendly (non-hazardous).

NEW PRODUCT DEVELOPMENT

Over 90% of new product development and reformulation efforts have been geared to water-based urethanes or 100% solid epoxy-based chemistry. This effort not only provides safer floor and coating products to both industrial and commercial markets, it also reduces hazardous waste.

VALUE ADD
FLOWCRETE TREMFLOOR™ URETHANE CEMENT FLOORING

TREMfloor™ Urethane Cement: Anti-Microbial Cementitious Urethane Flooring



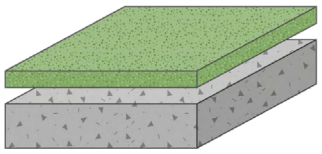
Proving that a building is able to meet a high standard of hygiene is essential in many sectors, especially contamination-sensitive settings such as the food and beverage, pharmaceutical and electronics industries.

TREMfloor™ is a leading line of Hazard Analysis and Critical Control Point (HACCP) International-certified, antimicrobial-treated cementitious urethane flooring systems for use in a wide variety of these, and other, applications.

The key aspects of TREMfloor that make it an ultra-hygienic flooring system include its seamless, impervious, highly durable nature combined with its ability to incorporate coving and stainless steel drainage. TREMfloor even includes the natural silver-ion based antibacterial agent Polygiene®, which has been proven to meet the ISO 22916 standard.

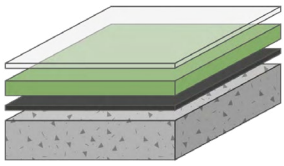
While initially designed for the food and beverage industry, many other sectors such as healthcare are turning to HACCP International-certified building materials, as they need systems that can create a highly-sanitary working environment, able to withstand difficult working conditions.

Products

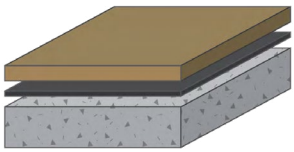


TREMfloor Urethane Cement HF (1/4")

A HACCP International certified urethane cement system with a textured semi-gloss finish, ideal for wet environments prone to spills.

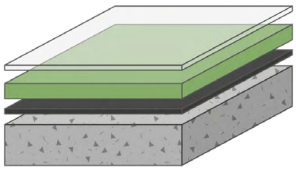


VALUE ADD
FLOWCRETE TREMFLOOR™ URETHANE CEMENT FLOORING



TREMfloor Urethane Cement RT (1/4")

A HACCP certified urethane cement system with a textured matte finish, ideal for areas where high performance is a requirement.



TREMfloor Urethane Cement SR (1/4")

A HACCP certified urethane cement system with a textured matte finish, ideal for wet areas.

TREMfloor Urethane Cement MF (3/16")

A HACCP International certified urethane cement system with a matte finish.

TREMfloor Urethane Cement SL (1/8")

A HACCP International certified urethane cement system with a smooth matte finish. Broadcast and seal for wet areas as well.

TREMfloor Urethane Cement Cove

A HACCP certified urethane cove mortar system, for any TREMfloor™ flooring system. Provides a seamless, hygienic transition between the floor and wall.

VALUE ADD
PUMA TECHNOLOGY SYSTEMS

Vulkem® EWS Traffic Coatings and TREMproof® Below-Grade Waterproofing Membranes with Tremco Polyurethane-Methacrylate (PUMA) Technology

These systems feature superior durability and abrasion resistance, exceptional crack-bridging, tenacious adhesion and fast cure — opening to traffic in as little as one hour after installation. Tremco PUMA technology systems can be applied in temperatures as low as 14°F (-10°C).

- Tremco PUMA Primer - A methyl-methacrylate (MMA), two-component primer for porous and non-porous substrates.
- TREMprime® VB - A two-component, epoxy-based solvent-free vapor barrier primer for concrete surfaces.
- Tremco PUMA Initiator+ - A reactive catalyst in the form of a white powder used to cure all resins of Vulkem® EWS and TREMproof® PUMA.
- Tremco PUMA BC - A polyurethane-methacrylate (PUMA) base coat that bonds firmly to Tremco PUMA Primer and retains its integrity regardless of substrate movement up to 1/16". Available in self-leveling, roller, trowel and low-modulus grade.
- Tremco PUMA Flashing - A polyurethane-methacrylate (PUMA) base coat that bonds firmly to Tremco PUMA Primer, and is compatible with Tremco's TREMproof® 6100.
- Tremco PUMA WC - A polyurethane-methacrylate (PUMA) wear coat, loaded with aggregate to give the system excellent impact, abrasion and chemical resistance.
- Tremco PUMA Filler Powder - A non-reactive, white, filler powder used to thicken Tremco PUMA WC.
- 16 to 20 mesh silica sand, color quartz, aluminum oxide (bauxite) - Used in conjunction with PUMA Primer, PUMA WC and PUMA TC. (Supplied by others.)
- Tremco PUMA TC - A methyl-methacrylate (MMA) top coat that offers excellent abrasion resistance, UV stability and chemical resistance system. Available in variety of colors.

Components of Vulkem® EWS traffic coating systems, and TREMproof® PUMA below-grade waterproofing systems.

HELIPAD SYSTEM

Durable Solution with Custom Color Options

Vulkem EWS is an optimal solution for helipads. Vulkem EWS is a cold-applied, traffic deck coating system designed for waterproofing concrete slabs and protecting occupied areas underneath from water damage.

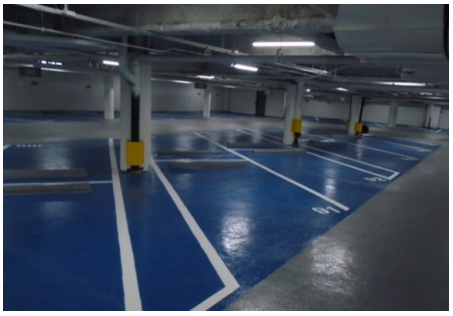
DECORATIVE WATERPROOFING SYSTEM

Aesthetically Appealing Solution with Extreme Durability

Ideal for pedestrian walkways, balconies, deck and plaza common areas—can match any aesthetic with a variety of UV-stable aggregate or chips.

PEDESTRIAN SYSTEM

Stadiums, Balconies and Pool Decks



A cold-applied system ideal for stadiums, balconies and pool decks—protecting concrete below from the damaging effects of chloride, deicing salts, chemicals, gasoline, oils, anti freeze and more.

VEHICULAR SYSTEM

Parking Structures, High-Wear Turn and Drive Lanes, Helical Turns,

The ideal system for parking structures, high-wear turn and drive lanes, helical turns, ramps and ticket spitters. Protects from the damaging effects of chloride, deicing salts, chemicals, gasoline, oils and anti-freeze.

HYBRID SYSTEM: EWS

For Helical Turns, Ramps and Ticket Spitters

Our hybrid system incorporates Vulkem EWS for extreme-wear areas such as helical turns, ramps and ticket spitters — with Vulkem Polyurethane Vehicular Systems for drive lanes and parking stalls.

HYBRID SYSTEM: URETHANE

Vulkem Urethanes for Driving Lanes and Parking Stalls

Our hybrid system incorporates Vulkem EWS for extreme-wear areas such as helical turns, ramps and ticket spitters — with Vulkem Polyurethane Vehicular Systems for drive lanes and parking stalls.

Region 4 Education Service Center (ESC)

Contract # R230404

for

ROOFING PRODUCTS, SERVICES AND JOB-ORDER-CONTRACTING (JOC) SERVICES

with

Weatherproofing Technologies Inc.

Effective: November 1,2023

The following documents comprise the executed contract between the Region 4 Education Service Center and Weatherproofing Technologies Inc effective November 1, 2023:

I. Vendor Contract and Signature Form
II. Supplier’s Response to the RFP, incorporated by reference

CONTRACT

*This Contract ("**Contract**") is made as of November 1, 2023, by and between Weatherproofing Technologies Inc. ("**Contractor**") and Region 4 Education Service Center ("**Region 4 ESC**") for the purchase of Roofing Products, Services, & Job-Order-Contracting (JOC) Services ("the products and services").*

RECITALS

WHEREAS, Region 4 ESC issued Request for Proposals Number 23-04 for Roofing Products, Services, & Job-Order-Contracting (JOC) Services ("the products and services") ("RFP"), to which Contractor provided a response ("**Proposal**"); and

WHEREAS, Region 4 ESC selected Contractor's Proposal and wishes to engage Contractor in providing the services/materials described in the RFP and Proposal;

WHEREAS, both parties agree and understand the following pages will constitute the Contract between the Contractor and Region 4 ESC, having its principal place of business at 7145 West Tidwell Road, Houston, TX 77092.

WHEREAS, Contractor included, in writing, any required exceptions or deviations from these terms, conditions, and specifications; and it is further understood that, if agreed to by Region 4 ESC, said exceptions or deviations are incorporated into the Contract.

WHEREAS, this Contract consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth below shall control.

WHEREAS, the Contract will provide that any state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("**Public Agencies**") may purchase products and services at prices indicated in the Contract upon the Public Agency's registration with OMNIA Partners.

1) Term of agreement. The initial term of the Contract is for a period of three (3) years unless terminated, canceled or extended as otherwise provided herein. Region 4 ESC shall have the right in its sole discretion to renew the Contract for an additional term of up to two (2) years or for a lesser period of time as determined by Region 4 ESC by providing written notice to the Contractor of Region 4 ESC's intent to renew thirty (30) days prior to the expiration of the original term. Contractor acknowledges and understands Region 4 ESC is under no obligation whatsoever to extend the term of this Contract. Notwithstanding the forgoing paragraph, the term of the Contract, including any extension of the original term, shall be further extended until the expiration of any Purchase Order issued under the Contract for a period of up to one year beyond the Contract term.

2) Scope: Contractor shall perform all duties, responsibilities and obligations, set forth in this agreement, and described in the RFP, incorporated herein by reference as though fully set forth herein.

3) Form of Contract. The form of Contract shall be the RFP, the Offeror's proposal and Best and Final Offer(s).

4) Order of Precedence. In the event of a conflict in the provisions of the Contract as accepted by Region 4 ESC, the following order of precedence shall prevail:

   i. This Contract
   ii. Offeror's Best and Final Offer
   iii. Offeror's proposal
   iv. RFP and any addenda

5) Commencement of Work. The Contractor is cautioned not to commence any billable work or provide any material or service under this Contract until Contractor receives a purchase order for such work or is otherwise directed to do so in writing by Region 4 ESC.

6) Entire Agreement (Parol evidence). The Contract, as specified above, represents the final written expression of agreement. All agreements are contained herein and no other agreements or representations that materially alter it are acceptable.

7) Assignment of Contract. No assignment of Contract may be made without the prior written approval of Region 4 ESC. Contractor is required to notify Region 4 ESC when any material change in operations is made (i.e., bankruptcy, change of ownership, merger, etc.).

8) Novation. If Contractor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor in interest must guarantee to perform all obligations under this Contract. Region 4 ESC reserves the right to accept or reject any new party. A change of name agreement will not change the contractual obligations of Contractor.

9) Contract Alterations. No alterations to the terms of this Contract shall be valid or binding unless authorized and signed by Region 4 ESC.

10) Adding Authorized Distributors/Dealers.

The National Cooperative Contractor Network roster lists the individual pre-qualified and In-Network contractors that are independently owned and part of this RFP response. This roster will be updated as new contractors enter the program who demonstrate competency in the stipulated criteria and that agree to the terms and conditions contained in this RFP. Contractors accepted in the Contractor Network Program will be sent to Region 4 ESC for approval prior to performing work for OMNIA Members.

Under the Contractor Network Method of Delivery, which is included in our response, the awarded In-Network contractor is the prime. All POs, invoices, payments, etc. will occur directly between the In-Network Contractor and the Participating Public Agency directly.

11) TERMINATION OF CONTRACT

a) Cancellation for Non-Performance or Contractor Deficiency. Region 4 ESC may terminate the Contract if purchase volume is determined to be low volume in any 12-month period. Region 4 ESC reserves the right to cancel the whole or any part of this Contract due to failure by Contractor to carry out any obligation, term or condition of the contract. Region 4 ESC may issue a written deficiency notice to Contractor for acting or failing to act in any of the following:

i. Providing material that does not meet the specifications of the Contract;
ii. Providing work or material was not awarded under the Contract;
iii. Failing to adequately perform the services set forth in the scope of work and specifications;
iv. Failing to complete required work or furnish required materials within a reasonable amount of time;
v. Failing to make progress in performance of the Contract or giving Region 4 ESC reason to believe Contractor will not or cannot perform the requirements of the Contract; or
vi. Performing work or providing services under the Contract prior to receiving an authorized purchase order.

Upon receipt of a written deficiency notice, Contractor shall have ten (10) days to provide a satisfactory response to Region 4 ESC. Failure to adequately address all issues of concern may result in Contract cancellation. Upon cancellation under this paragraph, all goods, materials, work, documents, data and reports prepared by Contractor under the Contract shall immediately become the property of Region 4 ESC.

b) Termination for Cause. If, for any reason, Contractor fails to fulfill its obligation in a timely manner, or Contractor violates any of the covenants, agreements, or stipulations of this Contract Region 4 ESC reserves the right to terminate the Contract immediately and pursue all other applicable remedies afforded by law. Such termination shall be effective by delivery of notice, to the Contractor, specifying the effective date of termination. In such event, all documents, data, studies, surveys, drawings, maps, models and reports prepared by Contractor will become the property of the Region 4 ESC. If such event does occur, Contractor will be entitled to receive just and equitable compensation for the satisfactory work completed on such documents.

c) Delivery/Service Failures. Failure to deliver goods or services within the time specified, or within a reasonable time period as interpreted by the purchasing agent or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the Contract to be terminated. In the event Region 4 ESC must purchase in an open market, Contractor agrees to reimburse Region 4 ESC, within a reasonable time period, for all expenses incurred.

d) Force Majeure. If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

e) Standard Cancellation. Region 4 ESC may cancel this Contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order.

12) Licenses. Contractor shall maintain in current status all federal, state and local licenses, bonds and permits required for the operation of the business conducted by Contractor. Contractor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of services under the Contract. Region 4 ESC reserves the right to stop work and/or cancel the Contract if Contractor's license(s) expire, lapse, are suspended or terminated.

13) Survival Clause. All applicable software license agreements, warranties or service agreements that are entered into between Contractor and Region 4 ESC under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. Proposals submitted to OMNIA Members prior to expiration or termination of the contract that lead to the issuance of a purchase order will survive the term of the agreement. All Purchase Orders issued and accepted by Contractor shall survive expiration or termination of the Contract for a period of up to one year beyond the term of the Contract.

14) Delivery. Conforming product shall be shipped within 7 days of receipt of Purchase Order. If delivery is not or cannot be made within this time period, the Contractor must receive authorization for the delayed delivery. The order may be canceled if the estimated shipping time is not acceptable. All deliveries shall be freight prepaid, and freight pricing will be provided on each proposal.

15) Inspection & Acceptance. If defective or incorrect material is delivered, Region 4 ESC may make the determination to return the material to the Contractor at no cost to Region 4 ESC. The Contractor agrees to pay all shipping costs for the return shipment. Contractor shall be responsible for arranging the return of the defective or incorrect material.

16) Payments. Payment shall be made after satisfactory performance, in accordance with all provisions thereof, and upon receipt of a properly completed invoice.

17) Price Adjustments. Should it become necessary or proper during the term of this Contract to make any change in design or any alterations that will increase price, Region 4 ESC must be notified immediately. Price increases must be approved by Region 4 ESC and no payment for additional materials or services, beyond the amount stipulated in the Contract shall be paid without prior approval. All price increases must be supported by manufacturer documentation, or a formal cost justification letter. Contractor must honor previous prices for thirty (30) days after approval and written notification from Region 4 ESC. It is the Contractor's responsibility to keep all pricing up to date and on file with Region 4 ESC. All price changes must be provided to Region 4 ESC, using the same format as was provided and accepted in the Contractor's proposal.

Price reductions may be offered at any time during Contract. Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all users equally; 2) reduction is for a specific period, normally not less than thirty (30) days; and 3) original price is not exceeded after the time-limit. Contractor shall offer Region 4 ESC any published price reduction during the Contract term.

18) Audit Rights. Contractor shall, at its sole expense, maintain appropriate due diligence of all purchases made by Region 4 ESC and any entity that utilizes this Contract. Region 4 ESC reserves the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. Region 4 ESC shall have the authority to conduct random audits of Contractor's pricing at Region 4 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing being offered that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Contractor's pricing at Contractor's sole cost and expense. Region 4 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 4 ESC.

19) Discontinued Products. If a product or model is discontinued by the manufacturer, Contractor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.

20) New Products/Services. New products and/or services that meet the scope of work may be added to the Contract. Pricing shall be equivalent to the percentage discount for other products. Contractor may replace or add product lines if the line is replacing or supplementing products, is equal or superior to the original products, is discounted similarly or greater than the original discount, and if the products meet the requirements of the Contract. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.

21) Options. Optional equipment for products under Contract may be added to the Contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.

22) Warranty Conditions. All supplies, equipment and services shall include manufacturer's minimum standard warranty and one (1) year labor warranty unless otherwise agreed to in writing.

23) Site Cleanup. Contractor shall clean up and remove all debris and rubbish resulting from their work as required or directed. Upon completion of the work, the premises shall be left in good repair and an orderly, neat, clean, safe and unobstructed condition.

24) Site Preparation. Contractor shall not begin a project for which the site has not been prepared, unless Contractor does the preparation work at no cost, or until Region 4 ESC includes the cost of site preparation in a purchase order. Site preparation includes, but is not limited to moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

25) Registered Sex Offender Restrictions. For work to be performed at schools, Contractor agrees no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Contractor agrees a violation of this condition shall be considered a

material breach and may result in the cancellation of the purchase order at Region 4 ESC's discretion. Contractor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

26) Safety measures. Contractor shall take all reasonable precautions for the safety of employees on the worksite and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Contractor shall post warning signs against all hazards created by its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

27) Smoking. Persons working under the Contract shall adhere to local smoking policies. Smoking will only be permitted in posted areas or off premises.

28) Stored materials. Upon prior written agreement between the Contractor and Region 4 ESC, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to Region 4 ESC prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by the Contractor against loss and damage. Contractor agrees to provide proof of coverage and additionally insured upon request. Additionally, if stored offsite, the materials must also be clearly identified as property of Region 4 ESC and be separated from other materials. Region 4 ESC must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Region 4 ESC, it shall be the Contractor's responsibility to protect all materials and equipment. Contractor warrants and guarantees that title for all work, materials and equipment shall pass to Region 4 ESC upon final acceptance.

29) Funding Out Clause. A Contract for the acquisition, including lease, of real or personal property is a commitment of Region 4 ESC's current revenue only. Region 4 ESC retains the right to terminate the Contract at the expiration of each budget period during the term of the Contract and is conditioned on a best effort attempt by Region 4 ESC to obtain appropriate funds for payment of the contract.

30) Indemnity. Contractor shall protect, indemnify, and hold harmless both Region 4 ESC and its administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the Contractor, Contractor employees or subcontractors in the preparation of the solicitation and the later execution of the Contract. Any litigation involving either Region 4 ESC, its administrators and employees and agents will be in Harris County, Texas.

31) Marketing. Contractor agrees to allow Region 4 ESC to use their name and logo within website, marketing materials and advertisement. Any use of Region 4 ESC name and logo or any form of publicity, inclusive of press releases, regarding this Contract by Contractor must have prior approval from Region 4 ESC.

32) Certificates of Insurance. Certificates of insurance shall be delivered to the Region 4 ESC prior to commencement of work. The Contractor shall give Region 4 ESC a minimum of ten (10) days' notice prior to any modifications or cancellation of policies. The Contractor shall require all subcontractors performing any work to maintain coverage as specified.

33) Legal Obligations. It is Contractor's responsibility to be aware of and comply with all local, state, and federal laws governing the sale of products/services and shall comply with all laws while fulfilling the Contract. Applicable laws and regulation must be followed even if not specifically identified herein.

OFFER AND CONTRACT SIGNATURE FORM

TERMS & CONDITIONS ACCEPTANCE FORM

Signature on the Offer and Contract Signature form certifies complete acceptance of the terms and conditions in this solicitation and draft Contract except as noted below with proposed substitute language (additional pages may be attached, if necessary). The provisions of the RFP cannot be modified without the express written approval of Region 4 ESC. If a proposal is returned with modifications to the draft Contract provisions that are not expressly approved in writing by Region 4 ESC, the Contract provisions contained in the RFP shall prevail.

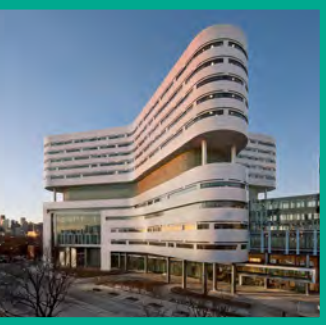
Check one of the following responses:

☐ Offeror takes no exceptions to the terms and conditions of the RFP and draft Contract.

(Note: If none are listed below, it is understood that no exceptions/deviations are taken.)

☒ Offeror takes the following exceptions to the RFP and draft Contract. All exceptions must be clearly explained, reference the corresponding term to which Offeror is taking exception and clearly state any proposed modified language, proposed additional terms to the RFP and draft Contract must be included:

(Note: Unacceptable exceptions may remove Offeror's proposal from consideration for award. Region 4 ESC shall be the sole judge on the acceptance of exceptions and modifications and the decision shall be final.



If an offer is made with modifications to the contract provisions that are not expressly approved in writing, the contract provisions contained in the RFP shall prevail.)

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
APPENDIX A Page 44 Exhibit A PDF Page 60	Adding Authorized Distributors/Dealers	The National Cooperative Contractor Network roster lists the individual pre-qualified and In-Network contractors that are independently owned and part of this RFP response. This roster will be updated as new contractors enter the program who demonstrate competency in the stipulated criteria and that agree to the terms and conditions contained in this RFP. Contractors accepted in the Contractor Network Program will be sent to Region 4 ESC for approval prior to performing work for OMNIA Members. Under the Contractor Network Method of Delivery, which is included in our response, the awarded In-Network contractor is the prime. With this being said, all POs, invoices, payments, etc. will occur directly between the In-Network Contractor and the Participating Agency directly.	Accepted
APPENDIX A Page 43, 46	Term of agreement Survival Clause	Proposals submitted to OMNIA Members prior to expiration of termination of the contract that leads to the issuance of a purchase order will survive the term of the agreement.	Accepted

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
APPENDIX D Exhibit A PDF Page 60	1.1 Requirements	The RFP language states: All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually Under WTI's Contractor Network Method of Delivery, all transactions, purchase orders, invoices, payments etc., will occur directly between the In-Network Contractor and each Participating Public Agency individually.	Accepted
APPENDIX D Exhibit A PDF Page 62, 68	1.2 Marketing, Sales and Administrative Support 3.3 Marketing and Sales	The RFP language states: Suppliers are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. While many public agencies value our OMNIA contracts there are many factors that go into securing a sale including how a public agency would like to procure our solutions, agency-specific contract preferences, agency procurement policy, and administrative and legislative procurement policy. WTI will aggressively promote this contract with the intent of producing sales under this contract; however, due to the speculative and unique nature of the services we provide, we do not have the ability to guarantee sales.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 63, 64	1.5 Objectives of Cooperative Program 2.1 Corporate Commitment 2.3 Sales Commitment	The RFP language states: Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide Tremco corporate is committed to aggressively marketing the OMNIA contract to the public sector based on public agency contract preference and agency procurement policies, and administrative and legislative procurement policies.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 64, 67	2.2 Pricing Commitment 3.3 Marketing and Sales	WTI will provide pricing which is comparable to other valued public sector customers or what is referred to in the marketplace as market competitive pricing. Given the many variances and unique conditions presented on each project, a lowest pricing or best government pricing is not reasonably achievable and we believe is more suited to commodity purchases that are very different from the unique solutions we provide given the many variances and site-specific conditions presented on each project. WTI is committed to offering and providing the best value at the best site-specific pricing available to every OMNIA Member.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 69	3.3 Marketing and Sales	The RFP language states: The following options are available when responding to a solicitation for Products covered under the Master Agreement. There are many factors that go into how a public agency would like to procure our solutions which include traditional bidding of products and services. WTI will, if electing to respond to such solicitations, respond as we do in our normal course of our traditional business outside of our OMNIA contracts.	OMNIA Partners
APPENDIX A Page 46	Delivery	All deliveries shall be freight prepaid and freight pricing will be provided on each proposal.	Accepted

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
EXHIBIT F Page 90	Buy American Requirement	Tremco has maintained its headquarters in the greater Cleveland area since 1928. The vast majority of our roofing products are manufactured in our Cleveland-based roofing plant, although some products are manufactured at our Canadian plant or purchased for resale. We believe we are in an excellent position to fulfill the requirements of Buy American, however, note that deviations may be necessary depending upon the scope and product or system requirements of a particular project or OMNIA Member request.	Supplier will confirm on a case by case basis as required by Participating Public Agency.
Solicitation 23-04	Participating Agencies/ Members referenced throughout Solicitation 23-04	We request Region 4 ESC include other entities contracted to conduct business on behalf of a Participating Agency/Member, provided they follow the Participating Agency/Member's state and local procurement regulations and have authorization by the Participating Public Agency to utilize Region 4 ESC's Roofing Products, Services and Job-Order Contracting Services contract on behalf of Participating Public Agency. The reason we are requesting the inclusion of "other entities" as some public agencies prefer to contract out, or outsource, the oversight of their facilities and/or roofing and building envelope-related projects to third parties such as energy service companies (ESCOs), solar integrators, general contractors, and property-management companies. Adding the ability of these contracted parties to utilize the contract on a Participating Public Agency's behalf will result in the Participating Public Agency still obtaining the benefits of procuring roofing and building envelope solutions, and all value add under this contract.	Accepted
EXHIBT B Page 74	Terms & Conditions	The RFP language states: All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below, along with an electronic copy to the email addresses listed below. WTI proposes that digital means of communication be accepted except for legal notices.	OMNIA Partners
RFP Page 42	Proposed Pricing Coefficient (s)	The RFP language states: Please provide Coefficients for products and services not listed in the provided line items for states that you are proposing to do work in. WTI has provided coefficients with the RS Means Construction Cost Index Catalog for all product and service offerings in all markets.	Accepted
APPENDIX D EHIBIT A Page 68	3.3 Marketing and Sales	The RFP language states: Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each. WTI is unable to provide the list of top ten public agency customers as this information is privileged and confidential and we do not have permission from our customers to divulge it.	OMNIA Partners
RFP Page 40	Pricing tab	The line item descriptor was incorrect on Line Item 50 under Roof Services. It states: Special Rental Equipment (Priced based on 9.11.2 above) We corrected the verbiage to point to the right line item referenced: Special Rental Equipment (Based on RS Means line 48d)	Accepted

COVER LETTER

6/23/2023

RE: Solicitation No. 23-04—Region 4 Education Service Center for Roofing Products, Services, and JOC Services

Weatherproofing Technologies Inc. ("WTI") and its affiliate Tremco CPG, Inc. (Tremco) are pleased to present our Region 4 ESC RFP Response. Our comprehensive response represents our approach and demonstrated success in providing the types of services requested in the RFP. We believe as evidenced from our many years of working under Region 4 ESC, OMNIA Partners contacts it is very clear we can provide the services and products required by OMNIA members. Managing facilities can be complex. Procuring comprehensive and cost effective solutions shouldn't be. Identifying the problem and defining the technical solution only solves part of the problem. OMNIA members want and need to procure high-quality, cost-effective, and comprehensive building envelope solutions without sacrificing transparency, which WTI can provide under the contract.

WTI brings 62 years of experience in delivering superior solutions to both basic and complicated exterior building, roofing, fall protection, parking garage, waterproofing, indoor air quality, HVAC restoration, paving, and flooring projects. While our affiliate company, Tremco, has been providing roofing and building envelope materials and services for more than 95 years.

Coupled with an extensive Tremco CPG portfolio, WTI and Tremco is the industry leader in providing roofing and building enclosure solutions. The Tremco portfolio includes Tremco Roofing and Building Maintenance, WTI, Tremco Commercial Sealants & Waterproofing, Dryvit Systems (insulated exterior finish system), Nudura (insulated concrete wall system), Prebuck LLC, (pre-engineered wall system), and Willseal (durable expansion joint systems). In tandem with WTI's full-service design build GC capabilities, these manufacturing resources, along with WTI Pure Air (HVAC analysis and restoration, disinfecting and sanitizing services), CanAm (building envelope sealing) and sister company, Stonhard (sustainable and high performance flooring) give OMNIA members a unique, single point of contact for all their building envelope, flooring and paving needs. In addition, WTI's National Cooperative Contractor Network provides OMNIA members with another way to compliantly procure solutions through a network of highly qualified, local, best-in-class pre-qualified contractors.

WTI, Tremco and our In-Network Contractors have provided cost-effective solutions to increase performance while reducing costs for numerous public agencies, many of which are OMNIA members, across North America, both large and small. This has resulted in many long term partnerships. This continues to be our goal and has been demonstrated through our long history with successfully performing on Region 4 ESC contracts since 2004.

In an effort to continue to provide the best value to OMNIA's membership, we have increased our material only discount, lowered our RS Means coefficient, and added additional value add line items to further enhance contract usability by OMNIA members nationwide. As part of our bid submission, we have provided bid bonds for the State of Texas and the State of Michigan in hard copy. The State of Texas bond is per the RFP requirements. The State of Michigan bond is provided to meet Michigan's bidding requirements.

Please feel free to contact us with any questions or comments. Thank you for consideration of our proposal submission.

Sincerely,

Craig A. Nelson
VP WTI GC Strategy
Weatherproofing Technologies Inc. and Tremco

DRAFT CONTRACT AND OFFER AND CONTRACT SIGNATURE FORM APPENDIX A

TERMS AND CONDITIONS ACCEPTANCE FORM (APPENDIX B)

APPENDIX A

DRAFT CONTRACT

This Contract ("Contract") is made as of _____, 202X by and between _____ _____ ("Contractor") and Region 4 Education Service Center ("Region 4 ESC") for the purchase of _____("the products and services").

RECITALS

WHEREAS, Region 4 ESC issued Request for Proposals Number R_____ for _____ ("RFP"), to which Contractor provided a response ("Proposal"); and

WHEREAS, Region 4 ESC selected Contractor's Proposal and wishes to engage Contractor in providing the services/materials described in the RFP and Proposal;

WHEREAS, both parties agree and understand the following pages will constitute the Contract between the Contractor and Region 4 ESC, having its principal place of business at 7145 West Tidwell Road, Houston, TX 77092.

WHEREAS, Contractor included, in writing, any required exceptions or deviations from these terms, conditions, and specifications; and it is further understood that, if agreed to by Region 4 ESC, said exceptions or deviations are incorporated into the Contract.

WHEREAS, this Contract consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth below shall control.

WHEREAS, the Contract will provide that any state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies") may purchase products and services at prices indicated in the Contract upon the Public Agency's registration with OMNIA Partners.

1) Term of agreement. The term of the Contract is for a period of three (3) years unless terminated, canceled or extended as otherwise provided herein. Region 4 ESC shall have the right to renew the Contract for two (2) additional one-year periods or portions thereof. Region 4 ESC shall review the Contract prior to the renewal date and notify the Contractor of Region 4 ESC's intent renew the Contract. Contractor may elect not to renew by providing three hundred sixty-five days' (365) notice to Region 4 ESC. Notwithstanding the expiration of the initial term or any subsequent term or all renewal options, Region 4 ESC and Contractor may mutually agree to extend the term of this Agreement. Contractor acknowledges and understands Region 4 ESC is under no obligation whatsoever to extend the term of this Agreement.

   The anticipated full term of the contract is five (5) years. The Contractor shall have the right to enter local "service" agreements with Participating Public Agencies accessing the contract through OMNIA Partners, so long as the effective date of such agreement is prior to the expiration of the Contract. All local agreements may have a full potential term (any combination of initial and renewal periods) not to exceed five years.

Any job orders, project agreements or maintenance agreements executed against this Master Agreement during the effective term may survive beyond the expiration of the Master Agreement as established and agreed to by both parties.

2) Scope: Contractor shall perform all duties, responsibilities and obligations, set forth in this agreement, and described in the RFP, incorporated herein by reference as though fully set forth herein.

3) Form of Contract. The form of Contract shall be the RFP, the Offeror's proposal and Best and Final Offer(s).

4) Order of Precedence. In the event of a conflict in the provisions of the Contract as accepted by Region 4 ESC, the following order of precedence shall prevail:

   i. This Contract
   ii. Offeror's Best and Final Offer
   iii. Offeror's proposal
   iv. RFP and any addenda

5) Commencement of Work. The Contractor is cautioned not to commence any billable work or provide any material or service under this Contract until Contractor receives a purchase order for such work or is otherwise directed to do so in writing by Region 4 ESC.

6) Entire Agreement (Parol evidence). The Contract, as specified above, represents the final written expression of agreement. All agreements are contained herein and no other agreements or representations that materially alter it are acceptable.

7) Assignment of Contract. No assignment of Contract may be made without the prior written approval of Region 4 ESC. Contractor is required to notify Region 4 ESC when any material change in operations is made (i.e. bankruptcy, change of ownership, merger, etc.).

8) Novation. If Contractor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor in interest must guarantee to perform all obligations under this Contract. Region 4 ESC reserves the right to accept or reject any new party. A change of name agreement will not change the contractual obligations of Contractor.

9) Contract Alterations. No alterations to the terms of this Contract shall be valid or binding unless authorized and signed by Region 4 ESC.

10) Adding Authorized Distributors/Dealers. Contractor is prohibited from authorizing additional distributors or dealers, other than those identified at the time of submitting their proposal, to sell under the Contract without notification and prior written approval from Region 4 ESC. Contractor must notify Region 4 ESC each time it wishes to add an authorized distributor or dealer. Purchase orders and payment can only be made to the Contractor unless otherwise approved by Region 4 ESC. Pricing provided to members by added distributors or dealers must also be less than or equal to the Contractor's pricing.

11) TERMINATION OF CONTRACT

   a) Cancellation for Non-Performance or Contractor Deficiency. Region 4 ESC may terminate the Contract if purchase volume is determined to be low volume in any 12-month period.

Region 4 ESC reserves the right to cancel the whole or any part of this Contract due to failure by Contractor to carry out any obligation, term or condition of the contract. Region 4 ESC may issue a written deficiency notice to Contractor for acting or failing to act in any of the following:

i. Providing material that does not meet the specifications of the Contract;
ii. Providing work or material was not awarded under the Contract;
iii. Failing to adequately perform the services set forth in the scope of work and specifications;
iv. Failing to complete required work or furnish required materials within a reasonable amount of time;
v. Failing to make progress in performance of the Contract or giving Region 4 ESC reason to believe Contractor will not or cannot perform the requirements of the Contract; or
vi. Performing work or providing services under the Contract prior to receiving an authorized purchase order.

Upon receipt of a written deficiency notice, Contractor shall have ten (10) days to provide a satisfactory response to Region 4 ESC. Failure to adequately address all issues of concern may result in Contract cancellation. Upon cancellation under this paragraph, all goods, materials, work, documents, data and reports prepared by Contractor under the Contract shall immediately become the property of Region 4 ESC.

b) Termination for Cause. If, for any reason, Contractor fails to fulfill its obligation in a timely manner, or Contractor violates any of the covenants, agreements, or stipulations of this Contract Region 4 ESC reserves the right to terminate the Contract immediately and pursue all other applicable remedies afforded by law. Such termination shall be effective by delivery of notice, to the Contractor, specifying the effective date of termination. In such event, all documents, data, studies, surveys, drawings, maps, models and reports prepared by Contractor will become the property of the Region 4 ESC. If such event does occur, Contractor will be entitled to receive just and equitable compensation for the satisfactory work completed on such documents.

c) Delivery/Service Failures. Failure to deliver goods or services within the time specified, or within a reasonable time period as interpreted by the purchasing agent or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the Contract to be terminated. In the event Region 4 ESC must purchase in an open market, Contractor agrees to reimburse Region 4 ESC, within a reasonable time period, for all expenses incurred.

d) Force Majeure. If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having

the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

e) Standard Cancellation. Region 4 ESC may cancel this Contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order.

12) Licenses. Contractor shall maintain in current status all federal, state and local licenses, bonds and permits required for the operation of the business conducted by Contractor. Contractor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of services under the Contract. Region 4 ESC reserves the right to stop work and/or cancel the Contract if Contractor's license(s) expire, lapse, are suspended or terminated.

13) Survival Clause. All applicable software license agreements, warranties or service agreements that are entered into between Contractor and Region 4 ESC under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. All Purchase Orders issued and accepted by Contractor shall survive expiration or termination of the Contract.

14) Delivery. Conforming product shall be shipped within 7 days of receipt of Purchase Order. If delivery is not or cannot be made within this time period, the Contractor must receive authorization for the delayed delivery. The order may be canceled if the estimated shipping time is not acceptable. All deliveries shall be freight prepaid, F.O.B. Destination and shall be included in all pricing offered unless otherwise clearly stated in writing.

15) Inspection & Acceptance. If defective or incorrect material is delivered, Region 4 ESC may make the determination to return the material to the Contractor at no cost to Region 4 ESC. The Contractor agrees to pay all shipping costs for the return shipment. Contractor shall be responsible for arranging the return of the defective or incorrect material.

16) Payments. Payment shall be made after satisfactory performance, in accordance with all provisions thereof, and upon receipt of a properly completed invoice.

17) Price Adjustments. Should it become necessary or proper during the term of this Contract to make any change in design or any alterations that will increase price, Region 4 ESC must be notified immediately. Price increases must be approved by Region 4 ESC and no payment for additional materials or services, beyond the amount stipulated in the Contract shall be paid without prior approval. All price increases must be supported by manufacturer documentation, or a formal cost justification letter. Contractor must honor previous prices for thirty (30) days after approval and written notification from Region 4 ESC. It is the Contractor's responsibility to keep all pricing up to date and on file with Region 4 ESC. All price changes must be provided to Region 4 ESC, using the same format as was provided and accepted in the Contractor's proposal.

Price reductions may be offered at any time during Contract. Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all users equally; 2) reduction is for a specific period, normally not less than thirty (30) days; and 3) original price is not exceeded after the time-limit. Contractor shall offer Region 4 ESC any published price reduction during the Contract term.

1290

18) Audit Rights. Contractor shall, at its sole expense, maintain appropriate due diligence of all purchases made by Region 4 ESC and any entity that utilizes this Contract. Region 4 ESC reserves the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. Region 4 ESC shall have the authority to conduct random audits of Contractor's pricing at Region 4 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing being offered that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Contractor's pricing at Contractor's sole cost and expense. Region 4 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 4 ESC.

19) Discontinued Products. If a product or model is discontinued by the manufacturer, Contractor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.

20) New Products/Services. New products and/or services that meet the scope of work may be added to the Contract. Pricing shall be equivalent to the percentage discount for other products. Contractor may replace or add product lines if the line is replacing or supplementing products, is equal or superior to the original products, is discounted similarly or greater than the original discount, and if the products meet the requirements of the Contract. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.

21) Options. Optional equipment for products under Contract may be added to the Contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.

22) Warranty Conditions. All supplies, equipment and services shall include manufacturer's minimum standard warranty and one (1) year labor warranty unless otherwise agreed to in writing.

23) Site Cleanup. Contractor shall clean up and remove all debris and rubbish resulting from their work as required or directed. Upon completion of the work, the premises shall be left in good repair and an orderly, neat, clean, safe and unobstructed condition.

24) Site Preparation. Contractor shall not begin a project for which the site has not been prepared, unless Contractor does the preparation work at no cost, or until Region 4 ESC includes the cost of site preparation in a purchase order. Site preparation includes, but is not limited to: moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

25) Registered Sex Offender Restrictions. For work to be performed at schools, Contractor agrees no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Contractor agrees a violation of this condition shall be considered a

material breach and may result in the cancellation of the purchase order at Region 4 ESC's discretion. Contractor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

26) Safety measures. Contractor shall take all reasonable precautions for the safety of employees on the worksite and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Contractor shall post warning signs against all hazards created by its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

27) Smoking. Persons working under the Contract shall adhere to local smoking policies. Smoking will only be permitted in posted areas or off premises.

28) Stored materials. Upon prior written agreement between the Contractor and Region 4 ESC, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to Region 4 ESC prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by the Contractor against loss and damage. Contractor agrees to provide proof of coverage and additionally insured upon request. Additionally, if stored offsite, the materials must also be clearly identified as property of Region 4 ESC and be separated from other materials. Region 4 ESC must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Region 4 ESC, it shall be the Contractor's responsibility to protect all materials and equipment. Contractor warrants and guarantees that title for all work, materials and equipment shall pass to Region 4 ESC upon final acceptance.

29) Funding Out Clause. A Contract for the acquisition, including lease, of real or personal property is a commitment of Region 4 ESC's current revenue only. Region 4 ESC retains the right to terminate the Contract at the expiration of each budget period during the term of the Contract and is conditioned on a best effort attempt by Region 4 ESC to obtain appropriate funds for payment of the contract.

30) Indemnity. Contractor shall protect, indemnify, and hold harmless both Region 4 ESC and its administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the Contractor, Contractor employees or subcontractors in the preparation of the solicitation and the later execution of the Contract. Any litigation involving either Region 4 ESC, its administrators and employees and agents will be in Harris County, Texas.

31) Marketing. Contractor agrees to allow Region 4 ESC to use their name and logo within website, marketing materials and advertisement. Any use of Region 4 ESC name and logo or any form of publicity, inclusive of press releases, regarding this Contract by Contractor must have prior approval from Region 4 ESC.

32) Certificates of Insurance. Certificates of insurance shall be delivered to the Region 4 ESC prior to commencement of work. The Contractor shall give Region 4 ESC a minimum of ten (10) days' notice prior to any modifications or cancellation of policies. The Contractor shall require all subcontractors performing any work to maintain coverage as specified.

33) Legal Obligations. It is Contractor's responsibility to be aware of and comply with all local, state, and federal laws governing the sale of products/services and shall comply with all laws while fulfilling the Contract. Applicable laws and regulation must be followed even if not specifically identified herein.

OFFER AND CONTRACT SIGNATURE FORM

The undersigned hereby offers and, if awarded, agrees to furnish goods and/or services in strict compliance with the terms, specifications and conditions at the prices proposed within response unless noted in writing.

TERMS & CONDITIONS ACCEPTANCE FORM

Signature on the Offer and Contract Signature form certifies complete acceptance of the terms and conditions in this solicitation and draft Contract except as noted below with proposed substitute language (additional pages may be attached, if necessary). The provisions of the RFP cannot be modified without the express written approval of Region 4 ESC. If a proposal is returned with modifications to the draft Contract provisions that are not expressly approved in writing by Region 4 ESC, the Contract provisions contained in the RFP shall prevail.

Check one of the following responses:

☐ Offeror takes no exceptions to the terms and conditions of the RFP and draft Contract.

(Note: If none are listed below, it is understood that no exceptions/deviations are taken.)

☒ Offeror takes the following exceptions to the RFP and draft Contract. All exceptions must be clearly explained, reference the corresponding term to which Offeror is taking exception and clearly state any proposed modified language, proposed additional terms to the RFP and draft Contract must be included:

(Note: Unacceptable exceptions may remove Offeror's proposal from consideration for award. Region 4 ESC shall be the sole judge on the acceptance of exceptions and modifications and the decision shall be final.

If an offer is made with modifications to the contract provisions that are not expressly approved in writing, the contract provisions contained in the RFP shall prevail.)

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
APPENDIX A Page 44 Exhibit A PDF Page 60	Adding Authorized Distributors/Dealers	The National Cooperative Contractor Network roster lists the individual pre-qualified and In-Network contractors that are independently owned and part of this RFP response. This roster will be updated as new contractors enter the program who demonstrate competency in the stipulated criteria and that agree to the terms and conditions contained in this RFP. Contractors accepted in the Contractor Network Program will be sent to Region 4 ESC for approval prior to performing work for OMNIA Members. Under the Contractor Network Method of Delivery, which is included in our response, the awarded In-Network contractor is the prime. With this being said, all POs, invoices, payments, etc. will occur directly between the In-Network Contractor and the Participating Agency directly.	Accepted
APPENDIX A Page 43, 46	Term of agreement Survival Clause	Proposals submitted to OMNIA Members prior to expiration of termination of the contract that leads to the issuance of a purchase order will survive the term of the agreement.	Accepted

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
APPENDIX D Exhibit A PDF Page 60	1.1 Requirements	The RFP language states: All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually Under WTI's Contractor Network Method of Delivery, all transactions, purchase orders, invoices, payments etc., will occur directly between the In-Network Contractor and each Participating Public Agency individually.	Accepted
APPENDIX D Exhibit A PDF Page 62, 68	1.2 Marketing, Sales and Administrative Support 3.3 Marketing and Sales	The RFP language states: Suppliers are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. While many public agencies value our OMNIA contracts there are many factors that go into securing a sale including how a public agency would like to procure our solutions, agency-specific contract preferences, agency procurement policy, and administrative and legislative procurement policy. WTI will aggressively promote this contract with the intent of producing sales under this contract; however, due to the speculative and unique nature of the services we provide, we do not have the ability to guarantee sales.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 63, 64	1.5 Objectives of Cooperative Program 2.1 Corporate Commitment 2.3 Sales Commitment	The RFP language states: Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide Tremco corporate is committed to aggressively marketing the OMNIA contract to the public sector based on public agency contract preference and agency procurement policies, and administrative and legislative procurement policies.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 64, 67	2.2 Pricing Commitment 3.3 Marketing and Sales	WTI will provide pricing which is comparable to other valued public sector customers or what is referred to in the marketplace as market competitive pricing. Given the many variances and unique conditions presented on each project, a lowest pricing or best government pricing is not reasonably achievable and we believe is more suited to commodity purchases that are very different from the unique solutions we provide given the many variances and site-specific conditions presented on each project. WTI is committed to offering and providing the best value at the best site-specific pricing available to every OMNIA Member.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 69	3.3 Marketing and Sales	The RFP language states: The following options are available when responding to a solicitation for Products covered under the Master Agreement. There are many factors that go into how a public agency would like to procure our solutions which include traditional bidding of products and services. WTI will, if electing to respond to such solicitations, respond as we do in our normal course of our traditional business outside of our OMNIA contracts.	OMNIA Partners
APPENDIX A Page 46	Delivery	All deliveries shall be freight prepaid and freight pricing will be provided on each proposal.	Accepted

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
EXHIBIT F Page 90	Buy American Requirement	Tremco has maintained its headquarters in the greater Cleveland area since 1928. The vast majority of our roofing products are manufactured in our Cleveland-based roofing plant, although some products are manufactured at our Canadian plant or purchased for resale. We believe we are in an excellent position to fulfill the requirements of Buy American, however, note that deviations may be necessary depending upon the scope and product or system requirements of a particular project or OMNIA Member request.	Supplier will confirm on a case by case basis as required by Participating Public Agency.
Solicitation 23-04	Participating Agencies/ Members referenced throughout Solicitation 23-04	We request Region 4 ESC include other entities contracted to conduct business on behalf of a Participating Agency/Member, provided they follow the Participating Agency/Member's state and local procurement regulations and have authorization by the Participating Public Agency to utilize Region 4 ESC's Roofing Products, Services and Job-Order Contracting Services contract on behalf of Participating Public Agency. The reason we are requesting the inclusion of "other entities" as some public agencies prefer to contract out, or outsource, the oversight of their facilities and/or roofing and building envelope-related projects to third parties such as energy service companies (ESCOs), solar integrators, general contractors, and property-management companies. Adding the ability of these contracted parties to utilize the contract on a Participating Public Agency's behalf will result in the Participating Public Agency still obtaining the benefits of procuring roofing and building envelope solutions, and all value add under this contract.	Accepted
EXHIBT B Page 74	Terms & Conditions	The RFP language states: All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below, along with an electronic copy to the email addresses listed below. WTI proposes that digital means of communication be accepted except for legal notices.	OMNIA Partners
RFP Page 42	Proposed Pricing Coefficient (s)	The RFP language states: Please provide Coefficients for products and services not listed in the provided line items for states that you are proposing to do work in. WTI has provided coefficients with the RS Means Construction Cost Index Catalog for all product and service offerings in all markets.	Accepted
APPENDIX D EHIBIT A Page 68	3.3 Marketing and Sales	The RFP language states: Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each. WTI is unable to provide the list of top ten public agency customers as this information is privileged and confidential and we do not have permission from our customers to divulge it.	OMNIA Partners
RFP Page 40	Pricing tab	The line item descriptor was incorrect on Line Item 50 under Roof Services. It states: Special Rental Equipment (Priced based on 9.11.2 above) We corrected the verbiage to point to the right line item referenced: Special Rental Equipment (Based on RS Means line 48d)	Accepted

TAB 2

PRODUCTS/PRICING TAB AND PRICING COEFFICIENTS

INCLUDES ANSWERS TO SECTION 2.a

PRODUCTS/PRICING TAB AND PRICING COEFFICIENTS

i. Discounts proposed shall remain the same throughout the term of the contract and at all renewal options. At a minimum the Awarded Offeror must hold the proposed price list firm for the first 12 months after the contract award. Offerors may elect to limit their proposals to any category or categories. Services such as installation, delivery, technical support, training, and other services must be priced or listed as free in order to be offered on the contract. Unlisted services will not be accepted.

WTI is offering our full line of products and services under this contract. Tremco's current price book is offered with a [redacted] discount. This [redacted] discount will remain firm throughout an awarded contract. However, depending on market conditions as we have seen over the last several years with unexpected supply chain and labor issues, this pricing may need to be adjusted periodically. Any change in pricing will be supported by economic price adjustment justification. WTI is also offering full turnkey solutions with pricing provided in the line-item pricing format along with additional value-added line items and individual state coefficients. In addition, pricing will be supplemented by the most current on line RS Means Construction Cost Data utilizing the coefficient for each state. The proposed coefficients will remain the same for the first 12 months of the contract.

WTI is proposing for all states a discount coefficient for standard hours of [redacted] and for non-standard hours a positive coefficient of [redacted]. The markup percentage on non-pre-priced items is [redacted].

ii. Offerors shall complete and provide pricing and pricing coefficients in the Pricing Tab attached herein.

WTI has completed the line-item pricing and provided a coefficient for each state beginning on the following pages. The proposed coefficients will remain the same for the first 12 months of the contract.

Full copies of the following pricing is available to OMNIA Members upon request.

- Line-item Pricing, including Value-Add Line Items and State Multipliers
- Coefficients with the RS Means Construction Cost Index Catalog for all deliverables and in all markets
- Tremco Material Price Book

Tremco Incorporated - All Rights Reserved

iii. Is pricing available for all products and services?

Yes. Tremco's material price book, the completed line-item pricing and the ability to use RS Means will be used to produce pricing for all roofing, building envelope and JOC projects.

iv. Provide pricing for warranties on all products and services.

Projects performed under the contract, will all receive WTI's standard two-year installation/labor warranty, exceeding the minimum standard one-year labor warranty, with the exception of Stonhard projects which will receive the standard one-year warranty. Standard warranties are included in the cost for each project. In addition, we offer a wide range of additional warranties, samples of which are included in Tab 6—Value Add. Pricing for any additional or optional warranties will be on based on the products and services selected for each specific project and will be provided upon request utilizing the RS Means Construction Cost Data.

v. Describe any additional discounts or rebates available. Additional discounts or rebates may be offered for large projects, single ship to location, growth, annual spend, guaranteed quantity, etc.

WTI is committed to offering and providing the best value at the best site-specific pricing based on any economic benefits obtainable per each site-specific project. Based on this, pricing may be lower than submitted under this contract.

vi. Describe how customers verify they are receiving Contract pricing.

All pricing will be based upon the design and complexity of the individual project scope. The practices used to develop the pricing will be consistently applied for each project and fully transparent to OMNIA members.

WTI will utilize product pricing and line item pricing approved and in effect under the contract at the time of proposal creation. The customer can verify this directly with WTI or contact OMNIA for verification. RS Means pricing will utilize the most recent online version of RS Means Construction Cost Data (including any city cost index adjustments) utilizing the coefficients submitted with this response. All RS Means proposals or line-item proposal containing RS Means, will be provided in the output format available by the online version of RS Means which details the items used to perform the required scope of work.

vii. Describe payment methods offered.

The method of payments that WTI accepts are credit cards, ACH, or check.

viii. Propose the frequency of updates to the Offeror's pricing structure. Describe any proposed indices to guide price adjustments. If offering a catalog contract with discounts by category, while changes in individual pricing may change, the category discounts should not change over the term of the Contract.

[redacted]

Our [redacted] discount on material only orders will remain constant throughout the term of the contract.

ix. Describe how future product introductions will be priced and align with Contract pricing proposed.

All new product introductions will align with Tremco's pricing policies and will match the discount structure as submitted herein. In addition, WTI will also use the current online RS Means Construction Cost Data if necessary to price new products and service offerings. In the rare event that a product is not covered by RS Means, source pricing will be requested from the vendor and the non-pre-priced item mark-up will be applied.

x. Quality Assurance/Quality Control Program - Offeror shall submit a QA/QC plan within with their submittal. This plan shall detail the day-to-day surveillance of work and provide documentation of deficiencies and corrective actions. It should note subcontractor compliance issues and trend analysis and how inspectors will interface and work with both the subcontractors and the Participating Public Agency's staff.

WTI's full Quality Control Management Program is available to OMNIA members upon request.

wti

Quality Management/ Control Program

P 1

xi. Provide any additional information relevant to this section.

Special Offers/Promotions. In addition to decreasing prices for the balance of the Contract term due to a change in market conditions, Contractor may conduct sales promotions involving price reductions for a specified lesser period. Contractor may offer Participating Agencies competitive pricing which is lower than the not-to-exceed price set forth herein at any time during the Contract term and such lower pricing shall not be applied as a global price reduction under the Contract.

WTI will offer special offers/promotions if available.

Not to Exceed Pricing. Region 4 ESC requests pricing be submitted as not to exceed pricing. Unlike fixed pricing, the Contractor can adjust submitted pricing lower if needed but, cannot exceed original pricing submitted. Contractor must allow for lower pricing to be available for similar product and service purchases. Cost plus pricing as a primary pricing structure is not acceptable.

WTI confirms that our pricing is submitted as not to exceed pricing. The pricing submitted is the guaranteed maximum pricing. Given the many variances and unique conditions presented on each project, WTI is committed to offering and providing the best value at the best site-specific pricing based on any economic benefits obtainable per each site-specific project. Based on this, pricing may be lower than submitted under this contract.

Federal Funding Pricing. Due to products and services potentially being used in response to an emergency or disaster recovery situation in which federal funding may used, provide alternative pricing that does not include cost plus a percentage of cost or pricing based on time and materials; if time and materials is necessary, a ceiling price that the contract exceeds at its own risk will be needed. Products and services provided in a situation where an agency is eligible for federal funding, Offeror is subject to and must comply with all federal requirements applicable to the funding including, but not limited to the FEMA Special Conditions section located in the Federal Funds Certifications Exhibit.

WTI has extensive experience performing on federally funded projects while complying with federal requirements, including FEMA Special Conditions. Our proposed pricing does not include cost plus, a percentage of cost, or pricing based on time and materials for federally funded projects. All pricing is based on the pricing submitted under this contract as well as RS Means Construction Cost Data.

TAB 3

PERFORMANCE CAPABILITY

OMNIA PARTNERS DOCUMENTS

INCLUDES ANSWERS TO SECTION 2.b

i. **Include a detailed response to Appendix D, Exhibit A, OMNIA Partners Response for National Cooperative Contract. Responses should highlight experience, demonstrate a strong national presence, describe how Offeror will educate its national sales force about the Contract, describe how products and services will be distributed nationwide, include a plan for marketing the products and services nationwide, and describe how volume will be tracked and reported to OMNIA Partners.**

WTI's detailed response to question i. is outlined throughout this section. Regarding volume tracking and reporting, WTI currently tracks all OMNIA projects per contract and will continue to do so in the same manner if awarded a new contract. WTI will provide OMNIA with a separate electronic accounting report for this contract monthly in the format prescribed by OMNIA in the "Contract Sales Report" by the 10th of the following month.

APPENDIX D, EXHIBIT A, SECTION 3.1

A. **Brief history and description of Supplier to include experience providing similar products and services.**

NEARLY A CENTURY OF SERVICE

Weatherproofing Technologies, Inc. (WTI), established in 1962, along with its affiliated company, Tremco, established in 1928, offers a comprehensive inventory of roofing assessment, leak prevention, building envelope services and products, and general contracting (GC) services. WTI and Tremco, part of Tremco Construction Products Group has annual sales of over [redacted] owns and operates [redacted] manufacturing plants with over [redacted] employees worldwide. Our parent company, RPM International, a Fortune 500 company and a world leader in specialty coatings serves both industrial and consumer markets. RPM, founded in 1947, owns over two dozen operating companies manufacturing popular brand products such as Rust-Oleum®, Carboline®, DAP®, Dryvit®, and Zinsser®. RPM International maintains more than 11,000 employees worldwide, generating over $7 billion in annual sales.

PERFORMANCE CAPABILITY

WTI and Tremco represents one of the largest organizations in the building envelope industry with nearly [redacted] field advisors, [redacted] technical personnel, and more than [redacted] certified subcontractors. Domestically, these resources combine to provide industry leading products and services to customers throughout the United States and Canada. WTI and Tremco personnel are amongst the most highly trained and experienced in the nation.

ISO 9001:2015 & 14001:2015 CERTIFIED

WTI, along with its affiliated company Tremco, is ISO 9001:2015 and 14001:2015 certified and was the first building envelope service company in the industry to attain this quality certification. ISO certification helps to continually improve our systems and approach to building envelope concerns and is the standard to which we have committed for our customers.

Specific and Relevant Experience Overview

WTI has an outstanding history of performing on cooperative contracts and JOC projects. We understand the intricacies of managing multiple, simultaneous projects as evidenced by our typical schedule of performing up to [redacted] projects concurrently throughout the United States. In the past five years alone, we have managed anywhere from [redacted] to [redacted] subcontractors throughout the performance of simultaneous projects on many JOC-type contracts. Many of our JOC-type contracts span the entire US, giving us additional experience coordinating large, complex contracts with various end-users.

To that end, we maintain a staff of customer service and marketing professionals who have the experience and relationships to educate participating agencies on the advantages of this contract. We have the knowledge, technical expertise, and personnel necessary to complete simultaneous projects throughout the United States.

Additionally, we offer relevant experience and extensive knowledge on Region 4 ESC contracts, benefiting OMNIA members with competitive pricing, reduced response times, familiarity with local building codes and regulations,

PERFORMANCE CAPABILITY

and familiarity with many current OMNIA members. Further, we have the depth and breadth of resources necessary to effectively market and perform projects for school districts, colleges, universities, cities, counties, and other government entities anywhere in the U.S.

WTI's resources ensure that OMNIA members have the flexibility to select the services that meet their project needs with the assurance that all our products and services are of highest quality and competitively priced. OMNIA members can also be assured, since Tremco is the manufacturer we have the ability to meet OMNIA members required project deadlines. Our experience and resources allow us to be very adept at working around and through any supply chain issues that may crop up through the course of the contract.

WTI has a unique familiarity working with Region 4 ESC that demonstrates our overall ability to provide on-time, quality projects. To date, we have successfully been awarded and/or performed ten contracts for Region 4 ESC. We will capitalize on our experience, resources, and relationships to provide Region 4 ESC and OMNIA members with the same superior level of products and services expected from WTI during the past 18 years.

WTI has a long history of work experience with local architects and engineers who have experience working with participating public agencies, and also understand the expectations and deliverables required of this type of contract. We will always encourage and work with our customers and their existing vendors whenever possible to help continue and grow those local relationships.

Throughout the past 18 years, we have performed a significant amount of work, more than $369 million from 2017-2023 alone, on over 800 projects for Region 4 ESC while estimating with the stipulated cost index guide. WTI is committed to taking a proactive approach to ensure superior performance throughout this contract as we strive to provide the best possible products and services to meet or exceed our clients' expectations.

B. Total number and location of salespersons employed by Supplier.

WTI, along with our affiliate company, Tremco, has more than 700 sales representatives, support specialists and business-development personnel throughout our organization. These individuals are trained and provide services nationwide to meet the needs of our customer base.

C. Number and location of support centers (if applicable) and location of corporate office.

WTI has sales personnel and offices located throughout the nation capable of supporting this contract. The location and key contacts for each of these offices are provided below. Additionally, WTI's centrally-located headquarters in Beachwood, Ohio will support this contract along with site offices located nationwide.

A full copy of WTI's Dunn & Bradsheet report is available to OMNIA members upon request.

E. Describe any green or environmental initiatives or policies.

DRIVING LASTING CUSTOMER VALUE AND PROMOTING SUSTAINABILITY

Building a Better World means committing to continuous improvement and investing in safer, greener products and processes that benefit our customers, end users and the environment.

Our parent company, RPM, as a global company has set the standard for our commitment to creating lasting value for customers through innovative solutions, while thoughtfully adopting sustainable approaches in the utilization of human and natural resources. Our sustainability commitment springs from our core values and is comprised of a inward focus on our internal footprint and an outward look on our handprint—the actual impact of our products, services, and processes have on our environment.

WTI and Tremco is very proud of our many products, services, and processes that drive sustainability for our customers by helping them to reduce their environmental impact. As we look to shape the future responsibly, we are always integrating new concepts, rethinking business models, and collaborating with leading edge partners to continually improve our products and services.

Transforming the World One Roof at a Time

WTI and Tremco have been partnering with many companies to help them achieve their conservation and sustainability goals through green living roofs. Our goal, to transform the world into a greener place one roof at a time. But green roofs are more than just an environmental benefit. They also provide beautiful and restful places that employees and customers can enjoy to help lower stress levels and provide a better quality of workplace and shopping experience.

In these trying times, that don't seem to be going away, this will become more and more of a factor in hiring quality employees and attracting customers.

PERFORMANCE CAPABILITY

Tremco CPG Corporate Headquarters Case Study

PRESS THE ABOVE HYPERLINK TO GO OUR CORPORATE HEADQUARTERS CASE STUDY

A few years ago we decided to lead by example and completely renovated our corporate headquarters. Like most circa 1970s buildings our headquarters was significantly under-performing and energy inefficient. Through an extensive renovation we transformed it into a sustainable showcase. To read the case study press the hyperlink.

Concern for the environment is a key component to WTI's operating philosophy. Our experienced staff is specially trained in identifying and preventing problems before the start of any project. In addition to our other environmental protection practices, we have actively reduced emissions and controlling waste on our job sites.

We are committed to staying at the forefront of the roofing and building envelope industry through sustainable building, green products, and quality business practices. WTI will deliver added value to participating OMNIA members by working hand-in-hand with them to provide environmentally preferred product and service options within their budgets and schedules.

WTI's philosophy on sustainability starts from the top level of our organization and filters down into everything we do. With corporate focus committed to responsible environmental practices, we strive to incorporate environmentally friendly solutions in our business practices as well as products and construction approaches. Collaborative leadership efforts are driven by our President, J.K. Milliken, who promotes sustainability.

Construction Best Practices

WTI and our subcontractors will abide by the following construction best practices on all projects awarded by OMNIA members.

Tremco Corporate Headquarters Roof

- On-site sorting of materials
- Recycling of non-hazardous material
- Chain-of-custody documentation for off-site recycling
- Reusing materials as applicable
- Verifying that materials are certified for LEED credit on LEED projects

Sustainable Features

Following is a sample of the services and products WTI offers related to sustainable renovations. We will offer OMNIA members the ability to implement these sustainability options for awards under this contract.

Sustainable systems

- Restoration of roofs whenever possible instead of replacement preventing tons of debris going to landfills.
- Vegetated roofs featuring local plants. Low-impact lighting and a water-capture system integrated with the roof, as well as a pathway of recycled materials. Signs describe the roof's features and provide information about the plant palette.
- The ENERGY STAR® qualified Rock-It™ roof-surfacing system, composed of white gravel set in a white adhesive.
- A white, reflective, single-ply system installed beneath a rooftop PV system for roof restorations.
- A thin-film rooftop PV system is used to generate electricity for the building for roof restorations.
- Dryvit Outsulation exterior wall systems. Dryvit wall systems provide energy-efficient, insulated façades that are applied directly to the existing wall surface, eliminating the time and potential waste of removing the façade.
- High-performance, double pane, tinted windows exceeded minimum energy standards. Tremco sealants and gaskets, as well as Tremco's Proglaze® ETA (Engineered Transition Assembly) for an airtight transition from window to the wall.
- New sidewalks with decorative concrete from Increte Systems can be supported by gravel from an existing roof.
- Solar panels for decreased carbon footprint and reduced energy bills.

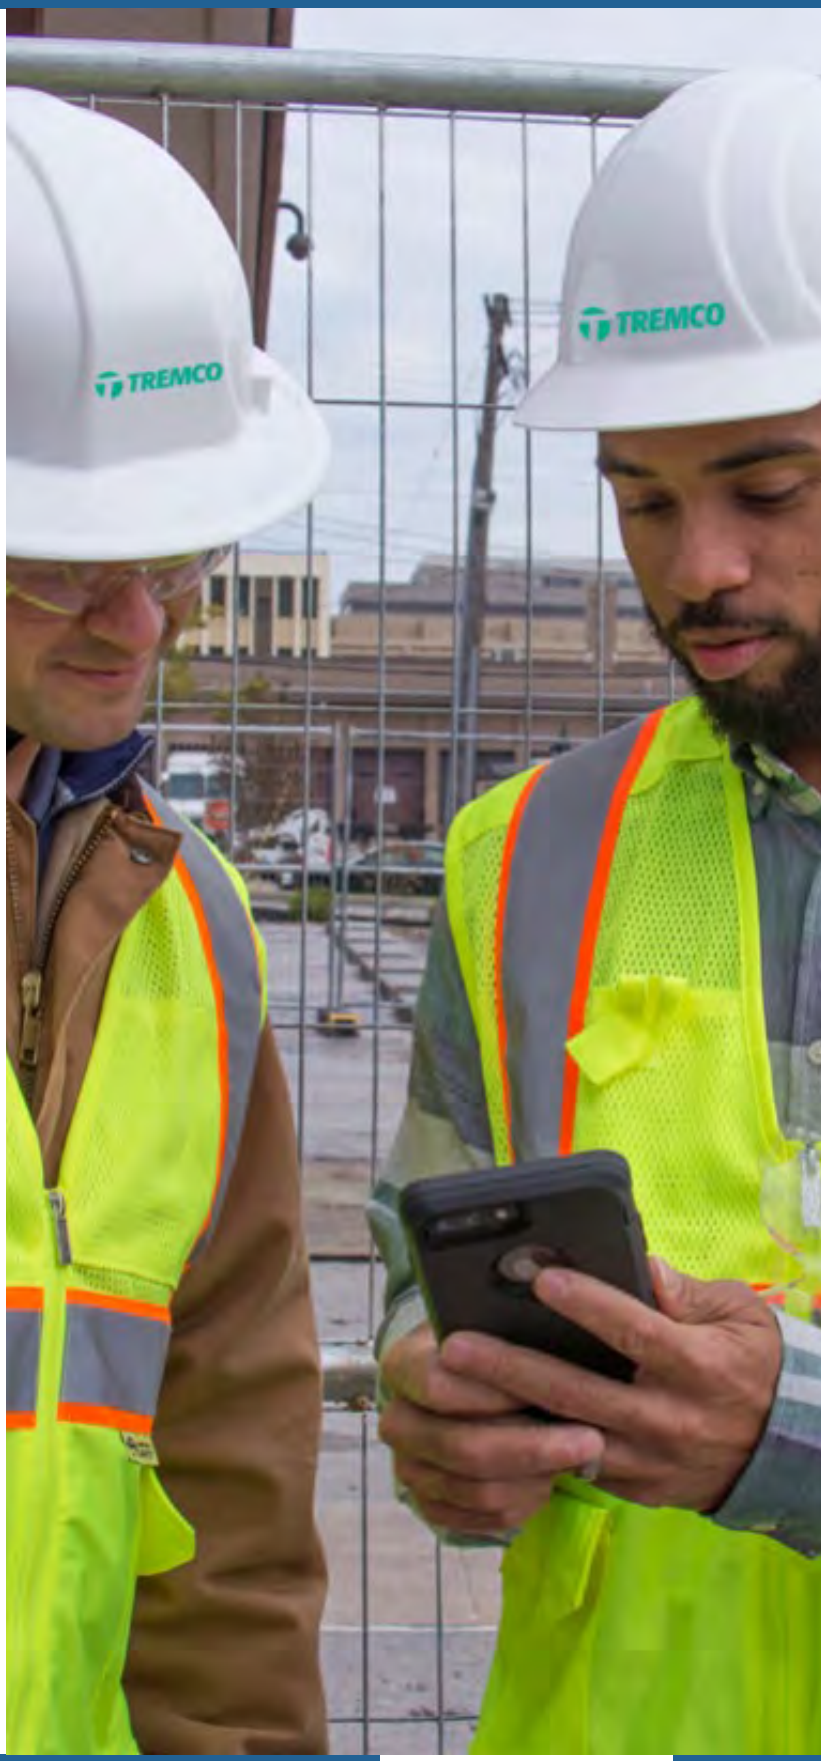
- HVAC restoration through WTI/PureAir. Heating and cooling represent one of the largest operating expenses as well as one of the largest environmental impacting building systems. Replacing can be extremely cost prohibitive and force a building owner to not address current problems. WTI/PureAir provides an alternative solution that allows the building owner to address current HVAC issues and bring their building into a much better environmentally friendly position.

Additional examples of our commitment to sustainable practices are summarized below.

- Sponsor of Green Roofs and Walls of the World Virtual Summit
- Participation at the USGBC Greenbuild International Conference and Expo
- Donation of sustainable building materials for the University of Maryland's 1st place performance in the Department of Energy's Solar Decathlon 2011
- Crain's Emerald Award Honoree for high-performance building renovation and commitment to sustainability

Solar—Renewable Energy With Financial and Environmental Paybacks

In addition to the environmental benefits associated with renewable energy, there are often financial incentives for installing solar panel/photovoltaic (PV) systems, which may include rebates from the local power provider, as well as state and federal tax credits. We understand the technical, environmental, and financial aspects of a solar installation and can guide you through the process from project inception to completion. Photovoltaic systems are easily adaptable to existing or new structures. WTI can ensure the roofing is constructed to accommodate the many different types of support stations for solar panels today. Solar solutions will be priced utilizing the most current online edition of the Construction Cost Data as well as the Facilities Maintenance & Repair Costs Catalog and Commercial Construction & Renovation Costs Catalog.



F. Describe any diversity programs or partners supplier does business with and how

Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there are any diversity programs, provide a list of diversity alliances and a copy of their certifications.

WTI focuses on developing contractor relationships in public and commercial sectors through fulfillment of economic inclusion mandates with highly skilled certificated contractors. These target specialty contractor opportunities include Minority, Small, Veteran, and Women owned Business Certifications of roofers, masons, architects, general contractors and heating, ventilation and air conditioning (HVAC) as well as High Performance Building System (HPBS) engineering firms.

WTI has a successfully participated in Mentor-Protégé Programs with both the General Services Administration (GSA) and Veterans Administration and continually identify additional opportunities to team with qualified contractors. Our commitment to excellence includes a contractor training program which provides cutting-edge product, service and safety education continuously throughout the year. We are committed to supporting national economic development goals and local economies.

We have an active certified contractor pool that varies in breadth of capabilities. WTI sponsors and participates in outreach events and construction advisory panels on contractor inclusion. Among them, Society of American Military Engineers (SAME), National Defense Industrial Association (NDIA), National Veteran Conferences and other roofing/construction/energy industry seminars. We encourage all our project leaders to provide our customers with technical and procurement solutions that satisfy any of their socio-economic initiatives without compromising the quality of performance, products or services.

Rising Stars Program

Tremco Commercial Product Group received $50,000 from the Massachusetts Clean Energy Center as part of their Minority- and Women-Owned Business Enterprises Support Implementation and Planning Grants and Equity Workforce Training Grants. The 25 organization recipients will "not only address the need to grow Massachusetts' clean energy workforce, but they will also prioritize diversity, equity, and inclusion efforts across the full spectrum of economic opportunity, which will yield both an increasingly diverse bench of highly trained new workers and a wider array of thriving minority and women-owned business enterprises to help lead climate-critical work."

Launched in August of 2020, Our Rising Stars Program aims to cultivate a strong, well-rounded workforce in the construction industry through supporting youth in vocational programs, as well as minority- and women-owned businesses. Our programs offer hands-on education with subject matter experts to develop diverse skillsets, increase access to resources, and ultimately drive success for those emerging in the industry.

The Rising Stars Program empowers the next generation of underrepresented youth to find opportunities for sustainable careers in the construction industry. Our program has now expanded to New York and New Jersey, with near future locations in North Carolina, Connecticut, and Nevada.

G. Indicate if supplier holds any of the below certifications in any classified areas and include proof of such certification in the response:

a. Minority Women Business Enterprise

☐ Yes ☑ No

If yes, list certifying agency:

b. Small Business Enterprise (SBE) or Disadvantaged Business Enterprise (DBE)

☐ Yes ☑ No

If yes, list certifying agency:

c. Historically Underutilized Business (HUB)

☐ Yes ☑ No

If yes, list certifying agency:

d. Historically Underutilized Business Zone Enterprise (HUBZone)

☐ Yes ☑ No

If yes, list certifying agency:

e. Other recognized diversity certificate holder

☐ Yes ☑ No

If yes, list certifying agency:

H. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.

WTI has over [redacted] certified contractors that we work with throughout the United States that include minority-owned standards. We do not maintain this type of information on our subcontractors. WTI works with public agency minority goals on a project-by-project basis.

I. Describe how supplier differentiates itself from its competitors.

Managing facilities can be complex. Procuring comprehensive, cost effective solutions shouldn't be. Identifying the problem and defining the technical solution only solves part of the problem. Members want and need to procure cost effective, comprehensive building envelope solutions without sacrificing quality, performance, or transparency. With decades of experience, WTI understands the unique procurement challenges of public entities charged with meeting not only budget and quality goals, but also state-specific transparency requirements. That's why we offer OMNIA members our comprehensive roofing and building envelope solutions offering. The Tremco Construction Products Group companies together form the industry's only provider of comprehensive systems and services for all six sides of the building enclosure. WTI's whole building approach through the Power of One can provide weatherproofing peace of mind delivered under one warranty. With proven roofing and building envelope capabilities across the country, WTI is uniquely qualified to meet the needs of public market facility managers and business managers charged with improving both building performance and return-on-investment. Among our differentiators are the following.

1	WTI and Tremco have a history of performance with Region 4 ESC. We have to date been awarded ten Region 4 ESC contracts. As a result, we offer Region 4 ESC and OMNIA members refined roofing project policies and procedures along with the ability to simultaneously deliver multiple projects. Our established relationships with Region 4 ESC and participating OMNIA members are evident in a track record of more than [redacted] in products and services to date. The selection of WTI for the Roofing Products, Services and Job-Order-Contracting Services contract will eliminate a learning curve and continue to expand existing relationships with participating Public Agencies.
2	WTI offers exceptional technical expertise, with a track record of over [redacted] of roofing, building envelope, weatherization and rooftop safety system installations for public customers.
3	WTI provides turnkey solutions, from world-class roofing and building envelope diagnostics through comprehensive roof management programs from a single source.
4	All facets of discovery, programming, design, construction and commissioning.
5	Proven and experienced contractors and subcontractors.
6	Guaranteed maximum pricing to eliminate surprises.
7	Performance-based quality construction services.

8	WTI is organized to deliver outstanding service. With more than [redacted] technical personnel deployed across the country, we can effectively manage thousands of roofing and facility projects simultaneously. More than [redacted] construction managers supervise technical staff, along with program managers who ensure contract compliance, consistency, on-time delivery and outstanding customer service. Together, WTI's management team oversees diagnostics, maintenance, repairs, construction, leak response and our OLI® (on-line information system) data department.
9	WTI offers Region 4 ESC and OMNIA Partners and its members world-class experience. We are currently implementing large roof asset management programs throughout the US, Canada, Europe and Asia, with more than [redacted] square feet (SF) of roofing managed with our OLI® system software. Additionally, more than [redacted] SF of roofing falls under the protection of our Tremco ManagedAssets™ (TMA) program, which includes maintenance during the roofs' annual or bi-annual inspections.
10	WTI's three-level service offering allows OMNIA members the opportunity to select the level of service that best meets their needs while capitalizing on the preferential pricing of a nationwide contract. Whether selecting our flagship, turn-key general contracting solution, or our National Cooperative Contractor Network for direct access to qualifying local contractors, or purchasing materials only, participating agencies receive superior products and service.
11	WTI has extensive experience managing regional and national roofing and building envelope contracts within the public sector. We have completed or are currently performing on many JOC type contracts. Further, WTI has proven experience simultaneously managing multiple contracts with multiple subcontractors. Our experience with JOC type contracts and roofing projects is directly transferable to OMNIA members in the form of established policies and procedures based upon our past relationship with OMNIA Partners and its members as well as other cooperative contracts we have.
12	WTI has a [redacted] aggregate bonding capacity.
13	WTI and Tremco both hold a UL ISO 9001:2015 certification demonstrating the implementation of Quality Management Systems.
14	WTI offers one of the most comprehensive warranty packages in the roofing industry. We offer many types of warranties that fit the needs of any project. We also offer long-term warranties on roof restoration projects. Each of our warranties covers installation, details, flashing, materials, workmanship, inspection and preventative maintenance is also an available option.
15	WTI works collaboratively with contractors to ensure the installation meets expectations for quality, safety and efficiency while utilizing best-in-class contractors who have the ability and financial stability to deliver exceptional projects. WTI offers extensive training courses to its certified contractors.

16	Tremco is a leading manufacturer of quality roofing and weatherproofing products with a comprehensive product line covering every roofing environment. Tremco demonstrates a commitment to Research and Development (R&D) and offers a proven history of industry-leading product innovation to solve our customers' biggest problems. For instance, Tremco Roofing's portfolio of unique roof restoration solutions is so comprehensive they provide exceptional value to public customers an alternative sustainable solution to costly roofing replacement.
17	Tremco coast-to-coast sales organization is among the industry's most experienced and highly trained. With more than [redacted] sales personnel across the country, Tremco has been meeting the needs of public market customers since 1928. Today's sales personnel have deep relationships within the public market, which may shorten OMNIA's/Region 4 ESC's new business development sales cycle.
18	As a member of the RPM family of companies, WTI and Tremco provide customers with access to leading, world-class building products, extensive technical expertise and the financial stability of an industry leader. RPM owns more than 50 operating companies that are world leaders in specialty coatings serving both industrial and consumer markets. Among its products are such popular brand names as Carboline®, DAP®, Dryvit®, Rust-Oleum® and Zinsser®. RPM has been in business for 75 years and has more than 14,000 employees worldwide, generating more than $7 billion in sales annually.
19	Safety is job one with WTI and Tremco. Every one of our roofing and building-envelope projects, no matter how large or how small, begins with a thorough understanding of potential job-site hazards, safe work procedures, product characteristics, equipment operation, conditions and specific customer requirements. These are submitted to the owner through a WTI site-specific Safety Plan.
20	WTI and Tremco utilize the Arizona State University Performance Based Studies Research Group for the independent data collection on its products, services, representatives and our customers' overall service experience. Survey results from the past six years, representing [redacted] SF of roofing products and services, show an overall customer satisfaction of 9.1 out of 10. Additionally, our customers awarded a 9.5 out of 10 in satisfaction of their Tremco representative and 9.3 out of 10 in satisfaction of the roofing system. WTI and Tremco are proud of these results and use them to understand what we are doing right, so we can continue to deliver on our strengths. We also use our customer satisfaction results to highlight opportunities to drive continuous improvement in our products, systems delivery and service quality. We aim to maintain our high level of customer satisfaction and loyalty, as the primary focus of every project.

J. Describe any present or past litigation, bankruptcy or reorganization involving supplier.

Weatherproofing Technologies, Inc. (WTI) is a nationwide provider of roofing, building envelope and other construction services. In this role, WTI is sometimes involved in litigation matters, but no pending or anticipated litigation is any way material from a financial standpoint either as to potential liability or requested remedies. No pending litigation, nor any that we anticipate at this time, will in any way interfere with our ability to complete any project in accordance with contractual requirements. In further response, over the last five years, WTI has no litigation resulting in a judgment against the company.

K. Felony Conviction Notice: Indicate if the supplier

a. is a publicly held corporation and this reporting requirement is not applicable;

WTI is not a publicly held corporation but is a subsidiary of RPM International Inc., a publicly held Fortune 500 corporation

b. is not owned or operated by anyone who has been convicted of a felony; or

No officers of WTI have ever been convicted of a felony

c. is owned or operated by and individual(s) who has been convicted of a felony and provide the names and convictions.

N/A

L. Describe any debarment or suspension actions taken against supplier

No debarment or suspension actions have been taken against WTI.

APPENDIX D, EXHIBIT A, SECTION 3.2

A. Describe the full Line of Products and Services Offered by Supplier

Range of Products and Services Offered

WTI provides an extensive range of Tremco CPG roofing and building envelope solutions for all six sides of a building. In fact, we are the only company to offer high-performance total enclosure solutions for all six sides of a building in the marketplace today as well as the services associated with implementing project solutions.

- Water Resistant Roofing
- Roofing and Roof Restoration Systems
- Outsulation Facade Systems
- HVAC Systems Restoration
- Seamless Flooring Solutions
- Roof Tiles and Shingles*

- Masonry*
- Metal Work*
- Standing Seam Metal Roof System*
- Air Barrier Solutions
- Safety Solutions
- Roof Repair and Maintenance Services
- Asset Management
- General Contracting
- Patch and Repair
- Roof Inspections/Diagnostics/Analysis
- Warranties
- Roof Maintenance (QA Premium) customized to meet specific system needs

*WTI offers these services with products provided by other manufacturers.

Architecture and Engineering (A/E) Partners

To ensure the overall success of the contract, WTI will also utilize the services of two highly qualified firms, O&S Associates (O&S). Note: In compliance with state rules and regulations, we are not offering A/E services in the State of Texas or in any other state where they are prohibited.

O&S

Superb architectural and engineering building-systems services including the following.

- Structural analysis and design
- Architectural design
- Mechanical/electrical engineering
- Lighting and security design
- Parking consulting
- Restoration engineering
- Feasibility studies
- Cost estimating
- Design-build projects

O&S also provides a wide scope of renovation consulting services including exterior facade rehabilitation, exterior building plazas, roofing replacement, structural modifications and others. Their firm employs a "Five-Steps to Project Success" process to manage their design requirements. This process begins with condition assessment and concludes with construction administration and closeout documentation. O&S is led by Mr. V.P. Samy, PE, who founded O&S in 1996. Under his guidance, O&S has successfully performed high-profile and complex projects for visible clients throughout the US.

B. Describe How Supplier Proposes to Distribute the Products/Service Nationwide. Include any States Where Products and Services will not be Offered Under the Master Agreement, Including U.S. Territories and Outlying Areas.

As an affiliate company of Tremco, WTI provides national services to all states. WTI has staff and contractor partners located in all states and will provide products and services to all U.S. territories and outlying areas under the Master Agreement. In addition, WTI is a licensed contractor in all states and U.S. territories where required.

C. Describe How Participating Agencies Ensure They Will Receive the Master Agreement Pricing; Include all Distribution Channels such as Direct Ordering, Retail or In-Store Locations, Through Distributors, etc. Describe How Participating Agencies Verify and Audit Pricing to Ensure its Compliance with the Master Agreement.

All estimates/proposals will be based on the approved product and line item pricing in effect and the most current online RS Means Pricing Construction Cost Index (including any cost index adjustments) utilizing the discount coefficients submitted with this response. All pricing will be based upon the design and scope complexity of each individual projects. The practices used to develop the pricing will be consistently applied for each project and fully transparent to OMNIA members. The pricing, in total, will not exceed the product and line item pricing and/or the current RS Means pricing with the coefficients submitted by WTI. As part of this process, all proposals will be provided in the output format available by the online version of RS Means which details the items used to perform the required scope of work. Participating Agencies can verify this directly with WTI or contact OMNIA for verification. Products will be ordered through Tremco directly. Line-item pricing will be delivered through WTI..

D. Identify all other Companies that will be Involved in Processing, Handling or Shipping the Products/Service to the End User.

In addition to WTI's services, Tremco and affiliated companies will be involved in the processing, handling and/or shipping of products and services to end users.

E. Provide the Number, Size and Location of Supplier's Distribution Facilities, Warehouses and Retail Network as applicable.

APPENDIX D, EXHIBIT A, SECTION 3.3

A. Provide a Detailed Ninety-Day Plan Beginning from Award Date of the Master Agreement Describing the Strategy to Immediately Implement the Master Agreement as Supplier's Primary Go to Market Strategy for Public Agencies to Supplier's Teams Nationwide, to Include, but Not Limited to:

OVERVIEW

In addition to a press release to relevant audiences, marketing the contract award will be a continuation of marketing initiatives already underway as a result of our current OMNIA contracts and past OMNIA/National IPA/TCPN contracts. Because we have invested heavily in promoting our current OMNIA contracts to all public markets, we expect to continue to expand our marketing investment and implement additional tactics.

Based on our history with Region 4 ESC, WTI thoroughly understands how to go to market to promote this contract. As both the manufacturer and service provider of roofing and weatherproofing solutions, WTI and Tremco are uniquely positioned to offer a comprehensive approach to meeting the facility needs of participating agencies. Expanding upon a very successful and established cooperative strategy program, WTI will continue to enhance its marketing presence and sales training capabilities through various marketing efforts as outlined below.

Our initiatives within the first 90 days of the contract award will be continuing our successful and highly targeted marketing program. Our program is intended to generate qualified leads from high-potential public customers. We have the ability to customize marketing to meet local opportunities and which will be developed collaboratively with OMNIA's marketing team. Tactics may include advertising, media relations/publicity, trade shows/conferences, customer educational seminars, roadshows, and personalized direct marketing.

PERFORMANCE CAPABILITY

i. Executive Leadership Endorsement and Sponsorship of the Award as the Public Sector Go-To-Market Strategy Within First Ten Days

If awarded, this contract as well as our other OMNIA contracts will have the full support of our executive leadership as an important go-to-market strategy.

ii. Training and Education of Supplier's National Sales Force with Participation from the Supplier's Executive Leadership, Along with the OMNIA Partners, Public Sector Team Within First 90 Days

Developing all WTI and Tremco employees to be as knowledgeable as possible in servicing all customers is of the upmost importance to our Executive Leadership. Educational sessions and information on the contract will be provided within 90 days of award and continued throughout the duration of the contract.

Given our long history of being awarded Region 4 ESC contracts, our sales force is very well versed in the use of OMNIA contracts. This has been demonstrated through the growth of our past and current contracts. We will continue to conduct refresher training as well as training sessions for new sales representatives and personnel within WTI and Tremco. In addition, we will continue to train In-Network Contractors on the use of the contract and provide guidance and marketing support on how to promote the contract to their public customers.

Continuous outreach and training of WTI and Tremco Sales Representatives remains a top priority for our program. In addition to extensive technical training required of all sales representatives, WTI and Tremco also holds national and regional sales meetings which include sessions on the benefits of Cooperative Purchasing and our OMNIA contracts. By working closely with Sales Representatives who have successfully used past OMNIA contracts, we are able to leverage representative success stories to continually expand awareness and appreciation for our OMNIA contracts.

How does the contract work in my state?
The WTI JOC contract available through OMNIA Partners, Public Sector, is a competitively solicited contract by lead agency Region 4 Education Service Center in Houston, Texas. This contract allows contract holders to extend services offered into all states (excluding AZ). Although most state procurement code allows for the use of cooperative contracts, each state code has its own specific language. OMNIA Partners, Public Sector, can provide the du diligence in soliciting and awarding this contract.

Do I need to be a participant of OMNIA Partners, Public Sector to use t JOC contract?
Yes. If not already a participant, public entities are invited to register to particip OMNIA Partners, Public Sector by calling 866.875.3299 or visiting omniapartners.c publicsector. There is no cost to participate.

What are the benefits of the JOC program through OMNIA Partners, Public Sector?

- Saves time and money because the contract has ALREADY been competitively solicited and publicly awarded.
- All prices have been adjusted for your geographic area and are verifiable through RS Means.
- All costs are determined up front before committing funds.
- The contract functions as an extension of your internal team, freeing you to focus on your core business.
- Enables you to more rapidly respond to your internal customers' facility n
- The contract supports local businesses/subcontractors who have been evaluated on compliance, capability and experience.
- You'll enjoy increased value and quality control over all project facets from materials through installation.
- A large variety of roofing systems and warranties are available from a single source.
- You will significantly reduce or virtually eliminate change orders.

Sales Associates Training

Cooperative Contracts is an standing agenda item on WTI and Tremco sales associates training which is conducted at our corporate headquarters. We use this training to educate newly trained representatives on the value of promoting sales through cooperative contracts.

Sales Representatives Training

We continue to provide training to all sales representatives throughout every region to provide updated information and refresh them on the benefits and value of promoting sales through a cooperative contract.

Contractor Network Training

WTI and Tremco has conducted numerous training sessions for strategic contractors who are members of our Contractor Network. These sessions educate our *in-network contractors* on the benefits of marketing our OMNIA contracts to their existing and prospective public market customers. We will continue to offer training as new strategic contractors enter the Contractor Network.

Design Community

WTI and Tremco engage with the design community on a daily basis with the goal of ensuring they have the technical knowledge required to specify our product and service solutions, and how our solutions may serve the needs of their public customers.

WTI and Tremco AIA Accredited Cooperative Presentation

Our focus on training within the design community includes an AIA-accredited seminar on the value of cooperative purchasing. Hundreds of architects across the country are reached through WTI and Tremco's ongoing seminar program.

Additionally, WTI offers AIA CES seminars which are presented by our sales representatives. These seminars are available in a variety of formats to accommodate both large and small groups. We have more than two hundred Technical Field Advisors to conduct trainings throughout the United States. Their qualifications include roofing experience, OMNIA/Region 4 ESC contract experience, expert knowledge of roofing and waterproofing products, and roofing industry standards and practices, as well as training on contract compliance, legal compliance, product attributes, and sustainability. Technical Field Advisors schedule training as necessary and based on requests.

Webinars

We also provide seminars featuring educational topics which include roof asset management, cooperative contract purchasing, indoor air quality, and sustainability. Our goal is to continue to enhance our seminar programs so that we increase customer attendance, as past seminars have generated significant interest.

B. Provide a Detailed Ninety-Day Plan Beginning from Award Date of the Master Agreement Describing the Strategy to Market the Master Agreement to Current Participating Public Agencies, Existing Public Agency Customers of Supplier, as Well as to Prospective Public Agencies Nationwide Immediately Upon Award, to Include, but not Limited to:

With a wide variety of resources at our disposal, we can tailor each of our marketing plans and schedules as needed. Outlined below is our estimated 90-day plan which will continue throughout the duration of the OMNIA contract. The following marketing plan may be adjusted to meet imminent needs and/or strategic deadlines. We will collaborate with OMNIA to assure that the schedule, materials, and platforms meet the contract needs.

i. Creation and Distribution of a Co-Branded Press Release to Trade Publications

The contract award will be announced through co-branded press releases distributed through various social media and trade outlets such as LinkedIn, Twitter, and Facebook. We will also issue an internal announcement to Tremco/WTI personnel communicating the new OMNIA award, the competitive advantage it offers WTI, and how the agreement benefits our Public Sector Agencies.

ii. Announcement, Master Agreement Details and Contact Information Published on the Supplier's Website Within First 90 Days

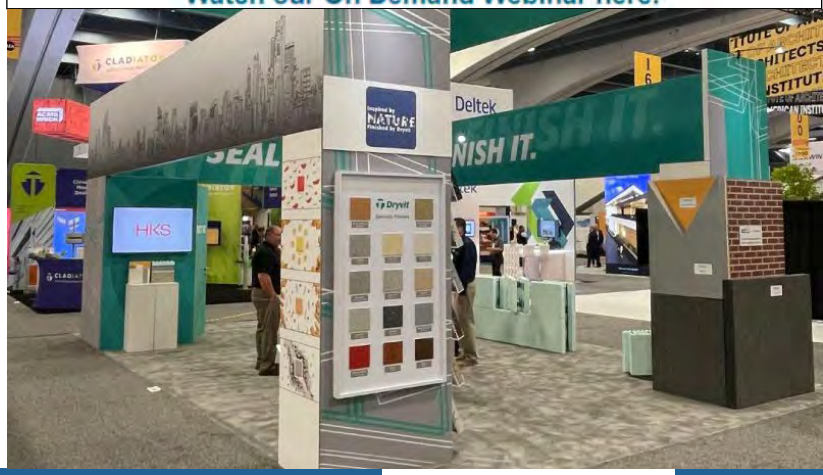
We will include the addition of this new contract on our WTI/OMNIA landing page at www.tremcoroofing.com announcing the new contract. The OMNIA page will also contain a summary of all awarded contracts and information on the benefits of utilizing an OMNIA contract and a link to OMNIA. In addition, the contract information will be added to Tremco/WTI's dedicated cooperative contract website at www.yourroofexperts.com/omnia-partners/.

iii. Design, publication and distribution of co-branded marketing materials within first 90 days

- Continuation of marketing initiatives already underway as a result of our current OMNIA contracts.
- Continue to develop/modify existing co-branded literature to promote the contract.
- Equip Sales Representatives with the contract announcement and marketing materials to personally distribute to current and prospective customers within the public sector advising them of WTI's and Tremco's full offering available through the contract.

iv. Commitment to Attendance and Participation with OMNIA Partners, Public Sector at National (i.e. NIGP Annual Forum, NPI Conference, etc.), Regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and Supplier-Specific Trade Shows, Conferences and Meetings Throughout the Term of the Master Agreement

Trade Show/Conferences/Summits/Etc. Support (throughout the contract).



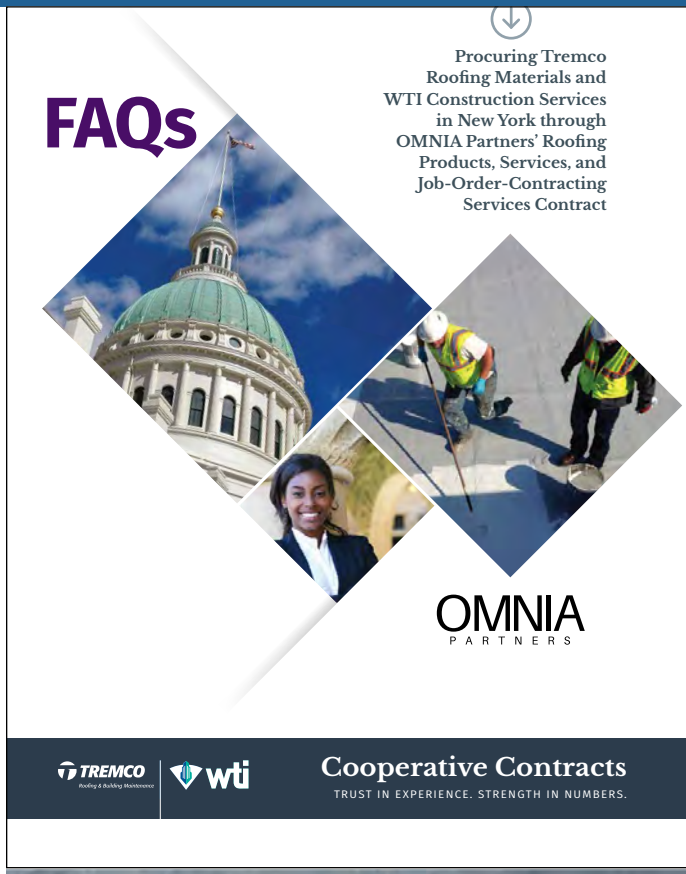
WTI and Tremco participates in a number of national and regional/local trade shows, for example:

- National Institute of Governmental Purchasing (NIGP)
- National Association of Education Procurement (NAEP) and regional events
- National APPA and regional events
- Numerous state and regional events
- OMNIA Regional Summits
- Tremco sponsored regional Education and Training events

Because attendance at these events is critical to building awareness of our OMNIA contracts, we will continue sponsoring events supporting these organizations. In addition, we will continue to pursue speaking engagements at all relevant events to educate attendees on industry best practices and the value of utilizing cooperative contracts in the public market.

PERFORMANCE CAPABILITY

Building upon recent sponsorships, our presentations are customized to meet OMNIA members interest, with a focus on solutions that deliver financial and procurement benefits. We will include product demos as appropriate.



Recent topics have included:

- Achieve Improved and Efficient Facilities While Reducing Capital Outlay
- ROI Asset Management Approach to Drastically Change Roof Funding Priorities and Improve Finances
- Restoration to Extend the Useful Life of Roof Assets
- Facilities Savings Strategies
- ESSER Funding
- Safety and OSHA Compliance
- Financial Benefits to HVAC/Indoor Air Quality Remediation

Participation in OMNIA and supplier specific trade shows, conferences and meetings is an important tactic. Regional trade shows, conferences, and Lunch and Learns are coordinated directly with local sales representatives to ensure our team members that are closest to the customer and market opportunity are engaged. Topics addressed at trade shows and other customer-related engagements are customized to meet local needs and priorities, including those topics of most concern to facility owners. For instance, "Lunch and Learns" feature specific state procurement requirements for contract use, building issues that are typical for the environment, as well as technologies to extend the life of roof assets.

v. Commitment to Attend, Exhibit and Participate at the NIGP Annual Forum in an Area Reserved by OMNIA Partners, Public Sector for Partner Suppliers. Booth Space will be Purchased and Staffed by Supplier. In addition, Supplier Commits to Provide Reasonable Assistance to the Overall Promotion and Marketing Efforts for the NIGP Annual Forum, as Directed by OMNIA Partners, Public Sector

We plan to participate in the NIGP Annual Forum on a yearly basis. Our level of commitment is based on financial resources available to support all initiatives which includes custom

marketing, supporting OMNIA events, Lunch and Learns, and targeted sales representative and Contractor Network training. WTI and Tremco will continue to support outreach efforts such as NIGP as a partner vendor to OMNIA.

vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement

We will strategically advertise in regional trade publications including local association opportunities. This advertising will expand on creative marketing pieces to capture the attention of OMNIA members. Messaging will be consistent and highlight our relationship with OMNIA.

vii. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)

Ongoing Marketing Initiatives (throughout duration of the contract)

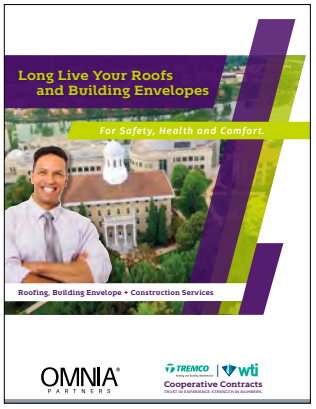
Our marketing efforts will continue to focus on the advantages of procuring under the OMNIA contract. This will be accomplished through:

- Promotional campaigns for lead generation
- Case stories demonstrating WTI customer success through the OMNIA contract (as permitted by public customers)
- Promotion of white papers demonstrating WTI's technical and business expertise
- Develop and release presentation materials and webinars for consistent messaging/branding across the sales team

WTI will implement an ongoing integrated campaign for the contract period to generate qualified leads and support our direct sales teams. Our launch strategy will be designed to ensure our personnel are trained and fully engaged with OMNIA members.

Co-branded Materials

Our co-branded literature has been produced to promote our extensive solutions available through our OMNIA contracts.



PERFORMANCE CAPABILITY

Additional literature and sales tools will be created as needed to continually drive awareness, support our sales representative customer relationships, and generate qualified leads.

- Our Tremco/WTI/OMNA capabilities brochure is a flagship piece that is widely distributed to prospects in print and digital format
- Our OMNIA contract for Comprehensive Exterior Surfacing Products, Services, and Paving Solutions is highlighted in a dedicated brochure.
- The benefits of our Job Order Contracting contract are explained in a JOC-specific marketing brochure.
- State -specific fliers are produced to further support local sales representative initiatives.
- Our National Cooperative Contractor Network flier to owners features the benefits this procurement solution offers to both public procurement and public facility management professionals. In addition to our direct distribution to prospective public agencies, this flier is also made available to In-Network contractors for use with their customers.
- Produced as our initial contractor recruitment tool, an additional National Cooperative Contractor Network flier, geared toward contractors, presents the benefits and competitive advantage the program makes available to qualified contractors who join the Network. This flier will continue to be distributed to targeted contractors.
- Leading In-Network Contractors are further supported with customized co-branded literature promoting their company, WTI and Tremco, and OMNIA,

Case Studies

Tremco has and will continue to produce case stories in a variety of formats depending upon the nature of the customer experience. In keeping with our strategy of both Creative Engagement and Personal Communications, whenever possible these stories put people upfront while promoting the use of the OMNIA contract. However, due to the sensitive nature of the public customer approval

process to be part of focused case stories, we will also create some generic case stories that highlight the OMNIA contract as well as the project executed.

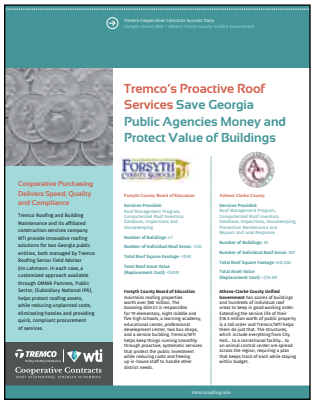
Marketing Roofing and Building Envelope Solutions

WTI and Tremco will continue to produce informational pieces on our extensive capabilities in servicing OMNIA members. We will continue to produce pieces that provide educational value, which is part of our marketing strategy deployed in support of our OMNIA's contracts. We believe this strategy is especially important in sustaining current customer relationships.

Our educational focus includes both technical and business information to help customers manage their roofing and building envelope assets. WTI and Tremco continue to invest in promotional literature featuring our unique solutions, such as our restoration and roof management literature.

Due to the COVID-19 pandemic, we had to postpone implementing some of our unique and creative marketing campaigns such as our pie campaign and animal cracker campaign. These campaigns not only satisfied the appetite of many, it focused attention on Tremco and our offerings under our past OMNIA contract. We will continue to explore such creative opportunities which are personalized to include a message from our local sales representative and will include the OMNIA logo and messaging.

viii. Dedicated OMNIA Partners, Public Sector internet web-based homepage on Supplier's website with:



In support of our cooperative strategy, we will provide a fast and simple online destination for prospects and customers to access all related sales literature. This includes information on our corporate website as well as on our dedicated Cooperative Purchasing microsite at https://yourroofexperts.com/omnia-partners/.

Press the hyperlinked image above to go to our OMNIA Public Sector Home Page

- OMNIA Partners, Public Sector standard logo—As a current awardee of three OMNIA contracts, we already have a landing page for OMNIA containing the logo
- Copy of original Request for Proposal—We provide a link to access our OMNIA contract awards
- Copy of Master Agreement and amendments between Principal Procurement Agency and Supplier—We provide a link to access our OMNIA contract awards
- Summary of Products and Pricing—Although we follow the pricing submitted and approved by Region 4 ESC, based on the fact that each project scope of work is different, we do not post online catalogs which is more conducive to a commodity type of a sale
- Marketing Materials—We provide access to pertinent marketing materials
- Electronic link to OMNIA Partners, Public Sector's website including the online registration page—We provide a link to access OMNIA's website and registration
- A dedicated toll-free number and email address for OMNIA Partners, Public Sector—We have an avenue to receive information requests through YourRoofExperts.com

WTI and Tremco will continually refresh our web pages as we launch new literature, case stories, webinars, and marketing pieces we believe our targeted procurement and facility management personnel will find most helpful, while simultaneously promoting our value proposition and our OMNIA contracts. In addition, OMNIA's section on www.yourroofexperts.com houses important information on our OMNIA contracts and provides an opportunity for public agencies to request a consultation.

Social Media Outreach

WTI and Tremco will announce our OMNIA contract award via Twitter and LinkedIn. Social media will remain in our media mix to promote our solutions throughout the term of the contract. We will focus on seasonal solutions to keep content fresh and timely.

WTI and Tremco promote on YouTube and LinkedIn a variety of videos on various topics intended for OMNIA members and contractors, such as our Cool Roof Video presenting how a roof ages and the financial benefits of restoration versus replacement. Our YouTube channel and LinkedIn postings also feature case stories, product demonstrations, and application tips. In addition, webinar and training events will be promoted through social media outlets.

Marketing Strategy Development

The above marketing tactics support our marketing strategy with the following objectives:

- Focusing on targeted high-worth public sector accounts in collaboration with our sales team and OMNIA resources and other sales personnel
- Promoting how our unique and extensive and single-source capabilities benefit OMNIA members
- Demonstrating WTI and Tremco are leaders in the public sector market through examples of past performance
- Demonstrating OMNIA's benefits and capabilities to build further awareness and help build OMNIA's membership.

WTI's past and current contracts have been successfully implemented because of our commitment to a proactive, highly targeted and integrated approach to new business development. Our senior and key personnel will continue to be responsible for servicing participating agencies under the contract, including performing outreach and timely follow-up to participating agencies.

As demonstrated throughout this section, our direct sales team will continue to leverage a variety of sales and marketing initiatives including, but not limited to, customized sales tools, targeted promotions, Lunch & Learns, trade association public speaking and trade show participation, targeted advertising, social media, one-on-one meetings, etc. In addition, WTI will utilize the expertise of OMNIA's marketing team and logo for marketing materials to clearly identify our association with OMNIA.

C. Describe How Supplier Will Transition any Existing Public Agency Customers' Accounts to the Master Agreement Available Nationally Through OMNIA Partners, Public Sector. Include a List of Current Cooperative Contracts (Regional and National) Supplier Holds and Describe How the Master Agreement will be Positioned Among the Other Cooperative Agreements.

Current list of Cooperative Contracts:

- OMNIA Roofing Products, Services and Job-Order-Contracting
- OMNIA Job Order Contracting
- OMNIA Exterior Surfacing Products, Services, and Paving Solutions
- AEPA Roofing and Building Envelope Services
- E&I Roofing Systems, Exterior Building Maintenance, Products, Supplies and Related Services
- CMAS Roofing and Building Envelope Services
- MHEC Facility Maintenance and Energy: Assessment and Software

WTI and Tremco has been on cooperative contracts and/or JOC IDIQ type contracts since 1995 and have performed on 1,000's of projects utilizing these contracts. Tremco has and will continue to aggressively market our OMNIA contracts which is evident by our sales growth from our 2013 contract through our current contracts. While many public agencies value our OMNIA contracts, certain agencies and jurisdictions require the use of a different contract. We will continue to promote the use of our OMNIA contracts where applicable in compliance with state statutes.

D. Acknowledge Supplier Agrees to Provide its Logo(s) to OMNIA Partners, Public Sector and Agrees to Provide Permission for Reproduction of Such Logo in Marketing Communications and Promotions. Acknowledge that Use of OMNIA Partners, Public Sector Logo Will Require Permission for Reproduction, as Well.

WTI agrees to provide its logo and gives permission for reproduction in marketing communications and promotions. In addition, we will work with OMNIA's marketing resources to obtain approval on all co branded marketing.

E. Confirm Supplier will be Proactive in Direct Sales of Supplier's Goods and Services to Public Agencies Nationwide and the Timely Follow Up to Leads Established by OMNIA Partners, Public Sector. All Sales Materials are to Use the OMNIA Partners, Public Sector Logo. At a Minimum, the Supplier's Sales Initiatives Should Communicate:

i. Master Agreement was Competitively Solicited and Publicly Awarded by a Principal Procurement Agency
ii. Best Government Pricing
iii. No Cost to Participate
iv. Non-Exclusive

WTI agrees to provide proactive direct sales of its goods and services to public agencies and perform timely follow-up to OMNIA and any leads provided. At a minimum we will communicate the Master Agreement was competitively solicited and publicly awarded, that WTI provides market competitive pricing which considers any site-specific savings available to the participating agency, there is no cost to the members to use the contract, and it is non-exclusive.

F. Confirm Supplier Will Train its National Sales Force on the Master Agreement. At a Minimum, Sales Training Should Include:

i. Key Features of Master Agreement
ii. Working Knowledge of the Solicitation Process
iii. Awareness of the Range of Public Agencies that can Utilize the Master Agreement Through OMNIA Partners, Public Sector
iv. Knowledge of Benefits of the Use of Cooperative Contracts

We confirm that our training and educational support of our national sales force with participation from our executive leadership, along with OMNIA, includes the items noted in i. through iv. above. As mentioned previously, our long history with successfully performing on Region 4 ESC/OMNIA/National IPA/TCPN contracts enhances our ability to transition from our current contract to a newly awarded contract.

G. Provide the Name, Title, Email and Phone Number for the Person(s), Who Will Be Responsible for:

i. Executive Support
ii. Marketing
iii. Sales
iv. Sales Support
v. Financial Reporting
vi. Accounts Payable
vii. Contracts

Key Contacts Table

H. Describe in Detail How Supplier's National Sales Force is Structured, Including Contact Information for the Highest-Level Executive in Charge of the Sales Team.

WTI and Tremco's sales force is structured regionally, with Regional Managers operating across nine divisions nationwide. Each region includes several dozen sales team members and business development managers who work collaboratively on projects that include material sales as well as general services and contracting. In addition, our representatives are supported by team members who support other Tremco CPG entities who work collaboratively to provide a robust offering to provide solutions best suited to each participating agency's needs.

The highest-level executive in support of the sales team is JK Milliken, President of Tremco.

Email: [redacted]
Phone: 216-292-5000 800-852-6013

I. Explain in Detail How the Sales Teams Will Work with the OMNIA Partners, Public Sector Team to Implement, Grow and Service the National Program.

Brand Strategy

Tremco continues to refresh its cooperatives brand strategy targeting the public market across the US in promoting our unique portfolio of integrated products and services developed to extend the life of roofs and building envelopes. We engage an outside marketing firm with extensive past experience with both WTI and Tremco as well as the cooperative market segment to create differentiating materials and manage the daily execution of our brand strategy. This firm works closely with both Tremco's corporate management, internal marketing team, and field sales organization to ensure marketing tactics reflect both our national and regional goals.

Differentiation to build greater awareness and appreciation for our truly unique value proposition through OMNIA/ Region 4 ESC serves as the foundation of our continuing brand strategy. WTI and Tremco have a long record of success based upon our ability to create and maintain strong, lasting relationships as we customize product and service solutions that are in the best interest of our public agency customers.

Tremco's cooperative brand strategy reflects not only this proven performance but our continuing commitment to meeting the needs of people and organizations throughout our sales cycle. Our audiences include the management staff with fiscal responsibility for their building assets, managers tasked with maintaining building operations, procurement officials, and the building occupants who depend upon them all to provide safe, comfortable, and affordable facilities.

WTI and Tremco has a dedicated brand strategy for our cooperative contracts market segment.

Marketing Objectives

Developed to reflect this brand strategy, our marketing program goals, which we are actively promote, as listed below, take an integrated approach for consistent branding so we may effectively leverage resources and maximize new business opportunities.

- Position WTI and Tremco as a leading provider of roofing and building envelope solutions to Public Agencies with the distinct ability to simplify and streamline procurement through our OMNIA contract.
- Enable Tremco sales representatives to clearly and consistently articulate our value proposition to ensure all prospects understand the breadth and depth of our total capabilities available through our OMNIA contract.
- Generate qualified leads for targeted states through highly focused marketing activities in collaboration with OMNIA Partners, WTI, and Tremco's field sales organization.
- Assist and enable Members of the National Cooperative Contractors Network to promote the OMNIA contracts to their local public entities.

Marketing Activities

Tremco takes an integrated approach to market our OMNIA contracts by syncing the following tactics to the customer life-cycle.

- Advertising and publicity to build broad market awareness across the country
- Outbound campaigns to generate qualified leads for WTI and National Cooperative Contractor Network solutions available through OMNIA/Region 4 ESC
- Direct sales tools to drive consistent, critical messaging during one-on-one and group presentations and meetings.
- Web and social media marketing to maximize reach and prospect convenience.

I. Explain in Detail How Supplier Will Manage the Overall National Program Throughout the Term of the Master Agreement, Including Ongoing Coordination of Marketing and Sales Efforts, Timely New Participating Public Agency Account Set-Up, Timely Contract Administration, etc.

WTI has successfully implemented and performed similar construction and roofing products and services on multiple contract awards for more than ten different types of cooperatives. We will continue to customize our proven framework to develop a client-specific approach for contract implementation. Our customized approach includes marketing, customer relationship development, specification development, project deliverables, job-order acceptance and performance, emergency response, account management (including invoicing), timely completion and close out of projects, and executive support of our public market strategy. Depending upon individual cooperative needs, we can incorporate other services to best meet participating agency needs. WTI has an established framework and a nationwide presence, so we can easily adapt to individual cooperative and member requirements.

Upon award of a cooperative contract, we implement our proven marketing approach which includes educating our in-house staff on the contract and rolling out our services through co-branded marketing efforts to cooperative

Members. As discussed in our marketing rollout plan, this typically includes a combination of press releases, social media announcements, direct/email mailings, advertisements, participation in trade shows, social media, and website interactions. Beyond marketing, we also mobilize our existing construction-management personnel to make certain we have the availability to respond to cooperative projects. As a result of our nationwide presence, we draw from a large pool of resources to staff cooperative projects depending on location throughout the US.

Our success with cooperative purchasing programs is demonstrated by consecutive contract awards by many cooperatives. These renewals prove our ability to meet agency expectations as well as speak to the effectiveness of our organization to market and perform critical services. OMNIA members can also see evidence of our cooperative successes in our customer satisfaction metrics, where customers awarded us a 9.1 out of 10 overall satisfaction rating and 97% of respondent customers said they would purchase our roofing systems again. To see this in greater detail use the "Tremco Quality Control Customer Satisfaction Program" hyperlink button on the first links page at the beginning of this proposal.

J. State the Amount of Supplier's Public Agency Sales for the Previous Fiscal Year. Provide a List of Supplier's Top Ten Public Agency Customers, the Total Purchases for Each for the Previous Fiscal Year Along with a Key Contact for Each.

WTI and Tremco's Public Agency Sales in FY2022 were approximately [redacted] for both cooperative and traditional sales. WTI has taken an exception to providing the list of top ten public agency customers as this information is considered privileged and we do not have permission from our customers to divulge it.

K. Describe Supplier's Information Systems Capabilities and Limitations Regarding Order Management Through Receipt of Payment, Including Description of Multiple Platforms That May be Used for Any of These Functions.

WTI will make progress payments to subcontractors based upon applications for payment submitted by the subcontractor. Subcontractors are required to submit monthly requisitions for payment for work completed during the preceding month unless the billing requirements of the participating agency contract documents specify otherwise, and those requirements will supersede these provisions. WTI will issue progress payments on properly submitted requisitions relating to work performed in accordance with the contract documents on a net-30 basis from receipt unless different terms are expressly provided in the contract documents. The amount of each progress payment to the subcontractor will be equal to the following:

- The percentage of completion for the work of the subcontractor on a monthly basis and in accordance with the contract
- Plus, the amount allowed for materials (if any)
- Less the aggregate of previous payments to the subcontractor, and less ten percent (10%) or specified retainage

Retainage will be held until the DO has received a final inspection and has been accepted by the participating agency. WTI will not be required to pay subcontractors more than received for our work.

Final payment, constituting the entire unpaid balance of the contract sum, will be made to subcontractors when the work has been completed to the satisfaction of WTI, Region 4 ESC, OMNIA Partners, Public Agencies and the DO is fully

performed (including proper delivery of waivers of lien and other documentation required by the contract documents). A final certificate for payment will be issued by a participating Public Agency for the work and WTI will receive final payment from the participating Public Agency.

L. Provide the Contract Sales (as Defined in Section 10 of the OMNIA Partners, Public Sector Administration Agreement) that Supplier Will Guarantee Each Year Under the Master Agreement for the Initial Three Years of the Master Agreement ("Guaranteed Contract Sales").

YEAR ONE*	YEAR TWO*	YEAR THREE*

*These are projected figures, WTI does not guarantee sales.

Due to the fact the contract start date of November overlaps with our current #R180903 contract which expires February 29, 2024, sales will continue under #R180903 creating a transition year between #R180903 and #R23-04 in year one. There will be residual sales under #R180903 from proposed work but not awarded and from maintenance and warranty contracts that are multi-year agreements.

i. To the extent Supplier guarantees minimum Contract Sales, the administration fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

While many public agencies value our OMNIA contracts there are many factors that go into securing a sale including how a public agency would like to procure our solutions, including agency-specific contract preferences, agency procurement policy, administrative and legislative procurement policy. The intent of our response, and contract, is to continue to provide OMNIA members a vehicle for which they can easily and compliantly procure needed roofing and building envelope solutions. Based on the needs of servicing OMNIA members, WTI will aggressively promote this contract with the intent of producing sales under this contract as we have under our Current Roofing Products, Services and Job-Order-Contracting contract that is reaching its expiration. However, due to the speculative and unique nature of the services we provide, including legislative and administrative code challenges, we do not have the ability to guarantee sales.

M. Even Though it is Anticipated Many Public Agencies will be able to Utilize the Master Agreement Without Further Formal Solicitation, there Maybe Circumstances Where Public Agencies Will Issue their Own Solicitations. The Following Options are Available When Responding to a Solicitation for Products Covered Under the Master Agreement.

i. Respond with Master Agreement Pricing (Contract Sales Reported to OMNIA Partners, Public Sector).

ii. If Competitive Conditions Require Pricing Lower Than the Standard Master Agreement Not-To-Exceed Pricing, Supplier May Respond with Lower Pricing Through the Master Agreement. If Supplier is Awarded the Contract, the Sales are Reported as Contract Sales to OMNIA Partners, Public Sector Under the Master Agreement.

iii. Respond with Pricing Higher Than Master Agreement Only in the Unlikely Event that the Public Agency Refuses to Utilize Master Agreement (Contract Sales are Not Reported to OMNIA Partners, Public Sector).

iv. If Alternative or Multiple Proposals are Permitted, Respond with Pricing Higher than Master Agreement, and Include Master Agreement as the Alternate or Additional Proposal.

Detail Supplier's Strategies Under these Options When Responding to a Solicitation.

As mentioned previously, there are many factors that go into how a public agency would like to procure our solutions which include traditional bidding of products. Tremco/WTI will, if electing to respond to such solicitations, will respond as we do in our normal course of our traditional business outside of our OMNIA contracts.

ii. The Successful Offeror will be Required to Sign Appendix D, Exhibit B, OMNIA Partners Administration Agreement Prior to Contract Award. Offerors Should have Any Reviews Required to Sign the Document Prior to Submitting a Response. Offeror's Response Should Include any Proposed Exceptions to OMNIA Partners Administration Agreement on Appendix B, Terms and Conditions Acceptance Form.

WTI has reviewed Appendix D, Exhibit B, OMNIA Partners Administration Agreement and included exceptions/proposed modifications on Appendix B, Terms and Conditions Acceptance Form, as required.

iii. Include Completed Appendix D, Exhibits F. Federal Funds Certifications and G. New Jersey Business Compliance.

Please see the completed Exhibit B, Exhibit C, Appendix D, Exhibit F, and Exhibit G on the following pages.

Exhibit B
Administration Agreement, Example

ADMINISTRATION AGREEMENT

THIS ADMINISTRATION AGREEMENT (this "**Agreement**") is made this ___ day of _____ 20__, between National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("**OMNIA Partners**"), and _____ ("**Supplier**").

RECITALS

WHEREAS, the _____ (the "**Principal Procurement Agency**") has entered into a Master Agreement effective _____, Agreement No_____, by and between the Principal Procurement Agency and Supplier, (as may be amended from time to time in accordance with the terms thereof, the "**Master Agreement**"), as attached hereto as Exhibit A and incorporated herein by reference as though fully set forth herein, for the purchase of _____ (the "**Product**");

WHEREAS, said Master Agreement provides that any or all public agencies, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (collectively, "**Public Agencies**"), that register (either via registration on the OMNIA Partners website or execution of a Master Intergovernmental Cooperative Purchasing Agreement, attached hereto as Exhibit B) (each, hereinafter referred to as a "**Participating Public Agency**") may purchase Product at prices stated in the Master Agreement;

WHEREAS, Participating Public Agencies may access the Master Agreement which is offered through OMNIA Partners to Public Agencies;

WHEREAS, OMNIA Partners serves as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency;

WHEREAS, Principal Procurement Agency desires OMNIA Partners to proceed with administration of the Master Agreement; and

WHEREAS, OMNIA Partners and Supplier desire to enter into this Agreement to make available the Master Agreement to Participating Public Agencies and to set forth certain terms and conditions governing the relationship between OMNIA Partners and Supplier.

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, OMNIA Partners and Supplier hereby agree as follows:

DEFINITIONS

1. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given to them in the Master Agreement.

TERMS AND CONDITIONS

2. The Master Agreement and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement. Supplier acknowledges and agrees that the covenants and agreements of Supplier set forth in the solicitation and Supplier's response thereto resulting in the Master Agreement are incorporated herein and are an integral part hereof.

3. OMNIA Partners shall be afforded all of the rights, privileges and indemnifications afforded to Principal Procurement Agency by or from Supplier under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to OMNIA Partners, its agents, employees, directors, and representatives under this Agreement including, but not limited to, Supplier's obligation to obtain appropriate insurance.

4. OMNIA Partners shall perform all of its duties, responsibilities and obligations as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency as set forth herein, and Supplier hereby acknowledges and agrees that all duties, responsibilities and obligations will be undertaken by OMNIA Partners solely in its capacity as the cooperative contract administrator under the Master Agreement.

5. With respect to any purchases by Principal Procurement Agency or any Participating Public Agency pursuant to the Master Agreement, OMNIA Partners shall not be: (i) construed as a dealer, re-marketer, representative, partner or agent of any type of the Supplier, Principal Procurement Agency or any Participating Public Agency; (ii) obligated, liable or responsible for any order for Product made by Principal Procurement Agency or any Participating Public Agency or any employee thereof under the Master Agreement or for any payment required to be made with respect to such order for Product; and (iii) obligated, liable or responsible for any failure by Principal Procurement Agency or any Participating Public Agency to comply with procedures or requirements of applicable law or the Master Agreement or to obtain the due authorization and approval necessary to purchase under the Master Agreement. OMNIA Partners makes no representation or guaranty with respect to any minimum purchases by Principal Procurement Agency or any Participating Public Agency or any employee thereof under this Agreement or the Master Agreement.

6. OMNIA Partners shall not be responsible for Supplier's performance under the Master Agreement, and Supplier shall hold OMNIA Partners harmless from any liability that may arise from the acts or omissions of Supplier in connection with the Master Agreement.

7. Supplier acknowledges that, in connection with its access to OMNIA Partners confidential information and/or supply of data to OMNIA Partners, it has complied with and shall continue to comply with all laws, regulations and standards that may apply to Supplier, including, without limitation: (a) United States federal and state information security and privacy statutes, regulations and/or best practices, including, without limitation, the Gramm-Leach-Bliley Act, the Massachusetts Data Security Regulations (201 C.M.R. 17.00 et. seq.), the Nevada encryption statute (N.R.S. § 603A), the California data security law (Cal. Civil Code § 1798.80 et. seq.) and California Consumer Privacy Act (Cal. Civil Code § 1798.100 et. seq.); and (b) applicable industry and regulatory standards and best practices (collectively, "**Data Regulations**").

With regard to Personal Information that Supplier collects, receives, or otherwise processes under the Agreement or otherwise in connection with performance of the Agreement, Supplier agrees that it will not: (i) sell, rent, release, disclose, disseminate, make available, transfer, or otherwise communicate orally, in writing, or by electronic or other means, such Personal Information to another business or third party for monetary or other valuable consideration; or (ii) retain, use, or disclose such Personal Information outside of the direct business relationship between Supplier and OMNIA Partners or for any purpose other than for

the specific purpose of performance of the Agreement, including retaining, using, or disclosing such Personal Information for a commercial purpose other than for performance of the Agreement. By entering into the Agreement, Supplier certifies that it understands the specific restrictions contained in this Section 7 and will comply with them. For purposes hereof, "**Personal Information**" means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household, and includes the specific elements of "personal information" as defined under Data Regulations, as defined herein. Supplier will reasonably assist OMNIA Partners in timely responding to any third party "request to know" or "request to delete" (as defined pursuant to Data Regulations) and will promptly provide OMNIA Partners with information reasonably necessary for OMNIA Partners to respond to such requests. Where Supplier collects Personal Information directly from Public Agencies or others on OMNIA Partners' behalf, Supplier will maintain records and the means necessary to enable OMNIA Partners to respond to such requests to know and requests to delete.

8. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, OMNIA PARTNERS EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING OMNIA PARTNERS' PERFORMANCE AS A COOPERATIVE CONTRACT ADMINISTRATOR OF THE MASTER AGREEMENT. OMNIA PARTNERS SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF OMNIA PARTNERS IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERM OF AGREEMENT; TERMINATION

9. This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the provisions of Sections 3 – 8 and 11 – 22, hereof and the indemnifications afforded by the Supplier to OMNIA Partners in the Master Agreement, to the extent such provisions survive any expiration or termination of the Master Agreement, shall survive the expiration or termination of this Agreement.

NATIONAL PROMOTION

10. OMNIA Partners and Supplier shall publicize and promote the availability of the Master Agreement's products and services to Public Agencies and such agencies' employees. Supplier shall require each Public Agency to register its participation in the OMNIA Partners program by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector) or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency's first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

11. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in development of marketing materials as reasonably requested by Principal Procurement Agency and OMNIA Partners. Supplier shall be responsible for obtaining permission or license of use and payment of any license fees for all content and images Supplier provides to OMNIA Partners or posts on the OMNIA Partners website. Supplier shall indemnify, defend and hold harmless OMNIA Partners for use of all such content and images including copyright infringement claims. Supplier and OMNIA Partners each hereby grant to the other party a limited, revocable, non-transferable, non-sublicensable right to use such party's logo (each, the "**Logo**") solely for use in marketing the Master Agreement. Each party shall provide the other party with the standard terms of use of such party's Logo, and such party shall comply with such terms in all material respects. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the

foregoing, the parties understand and agree that except as provided herein neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

12. An "Administrative Fee" shall be defined and due to OMNIA Partners from Supplier in the amount of three percent (3%) ("**Administrative Fee Percentage**") multiplied by the total purchase amount paid to Supplier, less refunds and credits on returns, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("**Contract Sales**"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.

13. Supplier shall provide OMNIA Partners with an electronic accounting report monthly, in the format prescribed by OMNIA Partners, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("**Contract Sales Report**"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to OMNIA Partners by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion.

14. Administrative Fee payments are to be paid by Supplier to OMNIA Partners at the frequency and on the due date stated in Section 13, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the OMNIA Partners designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting underpayment of Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

GENERAL PROVISIONS

16. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between OMNIA Partners and Supplier, the provisions of this Agreement shall prevail.

17. If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any Administrative Fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

18. This Agreement and OMNIA Partners' rights and obligations hereunder may be assigned at OMNIA Partners' sole discretion to an affiliate of OMNIA Partners, any purchaser of any or all or substantially all of the assets of OMNIA Partners, or the successor entity as a result of a merger, reorganization, consolidation, conversion or change of control, whether by operation of law or otherwise. Supplier may not assign its obligations hereunder without the prior written consent of OMNIA Partners.

19. All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below.

A. OMNIA Partners:

OMNIA Partners

~~Beachwood, OH 44122~~
~~Att.: Jane Krivos~~

20. If any provision of this Agreement shall be deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatever, and this Agreement will be construed by limiting or invalidating such provision to the minimum extent necessary to make such provision valid, legal and enforceable.

21. This Agreement may not be amended, changed, modified, or altered without the prior written consent of the parties hereto, and no provision of this Agreement may be discharged or waived, except by a writing signed by the parties. A waiver of any particular provision will not be deemed a waiver of any other provision, nor will a waiver given on one occasion be deemed to apply to any other occasion.

22. This Agreement shall inure to the benefit of and shall be binding upon OMNIA Partners, the Supplier and any respective successor and assign thereto; subject, however, to the limitations contained herein.

23. This Agreement will be construed under and governed by the laws of the State of Delaware, excluding its conflicts of law provisions and any action arising out of or related to this Agreement shall be commenced solely and exclusively in the state or federal courts in Williamson County Tennessee.

24. This Agreement may be executed in counterparts, each of which is an original but all of which, together, shall constitute but one and the same instrument. The exchange of copies of

this Agreement and of signature pages by facsimile, or by .pdf or similar electronic transmission, will constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes. Signatures of the parties transmitted by facsimile, or by .pdf or similar electronic transmission, will be deemed to be their original signatures for any purpose whatsoever.

MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Master Intergovernmental Cooperative Purchasing Agreement (this "**Agreement**") is entered into by and between those certain government agencies that execute a Principal Procurement Agency Certificate ("**Principal Procurement Agencies**") with National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector, Communities Program Management, LLC, a California limited liability company d/b/a U.S. Communities, and/or NCPA LLC, a Texas limited liability company d/b/a National Cooperative Purchasing Alliance (collectively, "**OMNIA Partners**"), in its capacity as the cooperative administrator, to be appended and made a part hereof and such other public agencies ("**Participating Public Agencies**") who register to participate in the cooperative purchasing programs administered by OMNIA Partners and its affiliates and subsidiaries (collectively, the "**OMNIA Partners Parties**") by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector or any successor website), or by executing a copy of this Agreement.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers have entered into "**Master Agreements**" (herein so called) to provide a variety of goods, products and services ("**Products**") to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the OMNIA Partners Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.

2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency's procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies' participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(j), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable "safe harbor" regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.

3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider; provided that the foregoing shall not prohibit Participating Public Agency from furnishing health care services so long as the furnishing of health care services is not in furtherance of a primary purpose of the Participating Public Agency.

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization ("**GPO**") agreements directly or indirectly by enrolling the Participating Public Agency in another GPO's purchasing program, provided that the purchase of Products through the OMNIA Partners Parties or any other GPO shall be at the Participating Public Agency's sole discretion.

7. The Participating Public Agencies (each a "**Procuring Party**") that procure Products through any Master Agreement or GPO Product supply agreement (each a "**GPO Contract**") will make timely payments to the distributor, manufacturer or other vendor (collectively, "**Supplier**") for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for purchase of similar products or services outside of the Master Agreement. Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE OMNIA PARTNERS PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE OMNIA PARTNERS PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE OMNIA PARTNERS PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE OMNIA PARTNERS PARTIES SHALL HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR OTHER PARTY UNDER A MASTER AGREEMENT OR GPO

CONTRACT.

11. This Agreement shall remain in effect until termination by either party giving thirty (30) days' written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) registration on the OMNIA Partners website or the execution of this Agreement by a Participating Public Agency, as applicable.

Federal Funds Certifications

FEDERAL CERTIFICATIONS

ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

(2) An agreement that provides only:

(i) Direct United States Government cash assistance to an individual;

(ii) A subsidy;

(iii) A loan;

(iv) A loan guarantee; or

(v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non–Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

(a)(1) The Federal financial assistance that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or

(2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.

(b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

(c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).

(d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non–Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

(a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
(b) Is not organized primarily for profit; and
(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non–Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non–Federal entity during the same or a future period.

Pass-through entity means a non–Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non–Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non–Federal entity may purchase property or services using small purchase methods. Non–Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non–Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following provisions may be required and apply when Participating Public Agency expends federal funds for any purchase resulting from this procurement process. Per FAR 52.204-24 and FAR 52.204-25, solicitations and resultant contracts shall contain the following provisions.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Oct 2020)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services—Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications-Commercial Items. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) *Definitions.* As used in this provision—

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition*.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (https://www.sam.gov) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) *Representation.* The Offeror represents that—

(1) It □ will, □ will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that—

It □ does, □ does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) *Disclosures.*

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer.

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

52.204-25 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020).

(a) *Definitions.* As used in this clause—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (*e.g.*, connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (*e.g.*, fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means–

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means–

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (*e.g.*, connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (*e.g.*, voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition*.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

The following certifications and provisions may be required and apply when Participating Public Agency expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the Participating Public Agency and the Participating Public Agency's subcontractors shall contain the procurement provisions of Appendix II to Part 200, as applicable.

APPENDIX II TO 2 CFR PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at $250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Pursuant to Federal Rule (A) above, when a Participating Public Agency expends federal funds, the Participating Public Agency reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(B) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

Pursuant to Federal Rule (B) above, when a Participating Public Agency expends federal funds, the Participating Public Agency reserves the right to immediately terminate any agreement in excess of $10,000 resulting from this procurement process in the event of a breach or default of the agreement by Offeror as detailed in the terms of the contract.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 CFR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Pursuant to Federal Rule (C) above, when a Participating Public Agency expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

Does offeror agree to abide by the above? YES JKM Initials of Authorized Representative of offeror

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the

acceptance of the wage determination. The non- Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when a Participating Public Agency expends federal funds during the term of an award for all contracts and subgrants for construction or repair, offeror will be in compliance with all applicable Davis-Bacon Act provisions.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when a Participating Public Agency expends federal funds, offeror certifies that offeror will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award for all contracts by Participating Public Agency resulting from this procurement process.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Pursuant to Federal Rule (F) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term of an award for all contracts by Participating Public Agency resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (F) above.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non- Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA)

In the event Federal Transit Administration (FTA) or Department of Transportation (DOT) funding is used by Participating Public Agency, Offeror also agrees to include Clean Air and Clean Water requirements in each subcontract exceeding $100,000 financed in whole or in part with Federal assistance provided by FTA.

Pursuant to Federal Rule (G) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term of an award for all contracts by Participating Public Agency member resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (G) above.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the Executive Office of the President Office of Management and Budget (OMB) guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Pursuant to Federal Rule (H) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term of an award for all contracts by Participating Public Agency resulting from this procurement process, the offeror certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency. If at any time during the term of an award the offeror or its principals becomes debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency, the offeror will notify the Participating Public Agency.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term and after the awarded term of an award for all contracts by Participating Public Agency resulting from this procurement process, the offeror certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

(1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding $100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

RECORD RETENTION REQUIREMENTS FOR CONTRACTS INVOLVING FEDERAL FUNDS

When federal funds are expended by Participating Public Agency for any contract resulting from this procurement process,

offeror certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. The offeror further certifies that offeror will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When Participating Public Agency expends federal funds for any contract resulting from this procurement process, offeror certifies that it will comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18).

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH BUY AMERICA PROVISIONS

To the extent purchases are made with Federal Highway Administration, Federal Railroad Administration, or Federal Transit Administration funds, offeror certifies that its products comply with all applicable provisions of the Buy America Act and agrees to provide such certification or applicable waiver with respect to specific products to any Participating Public Agency upon request. Purchases made in accordance with the Buy America Act must still follow the applicable procurement rules calling for free and open competition. Additionally:

(1) The Contractor agrees to comply with 49 USC 5323(j) and 49 CFR Part 661, which provide that federal funds may not be obligated unless steel, iron and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR 661.7.A general public interest waiver from the Buy America requirements applies to microprocessors, computers, microcomputers, software or other such devices, which are used solely for the purpose of processing or storing data. This general waiver does not extend to a product or device that merely contains a microprocessor or microcomputer and is not used solely for the purpose of processing or storing data. Separate requirements for rolling stock are set out at 5323(j)(2)(C) and 49 CFR 661.11.

(2) A bidder or offeror must submit to the FTA recipient the appropriate Buy America certification with all bids on FTA-funded contracts, except those subject to a general waiver. Bids or offers that are not accompanied by a completed Buy America certification must be rejected as nonresponsive. This requirement does not apply to lower tier subcontractors.

The following certificates titled FTA and DOT Buy America Certification should be completed and returned with the response as part of FTA and DOT requirements.

FEMA SPECIAL CONDITIONS

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

"Contract" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the "Master Agreement".

"Contractor" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Notice of Legal Matters Affecting the Federal Government

In the event FTA or DOT funding is used by Participating Public Agency, Contractor agrees to:

1) The Contractor agrees that if a current or prospective legal matter that may affect the Federal Government emerges, the Contractor shall promptly notify the Participating Public Agency of the legal matter in accordance with 2 C.F.R. §§ 180.220 and 1200.220.

2) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

3) The Contractor further agrees to include the above clause in each subcontract, at every tier, financed in whole or in part with Federal assistance provided by the FTA.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

a. Equal opportunity and nondiscrimination laws

b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7

c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Bid Guarantee

For proposals that are to include construction/reconstruction/renovation and related services, bids must be accompanied by Certified or Cashier's Check or an approved Bid Bond in the amount of not less than five percent (5%) of the total bid. Surety shall provide a copy of the Power of Attorney authorizing the Executing Agent the authority to execute the bid bond documents and bind the surety to the bid bond conditions. The bid bond shall have a corporate Surety that is licensed to conduct business in the state of the lead agency and authorized to underwrite bonds in the amount of the bid bond.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. CONTRACT REMEDIES

Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at $250,000 for procurements made on or after June 20, 2018,4 must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability

This contract provision is required for contracts over the SAT, currently set at $250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations

For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than $100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. TERMINATION FOR CAUSE AND CONVENIENCE

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246**,** *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other

employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the

Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

a. Standard. All prime construction contracts in excess of $2,000 awarded by non- Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.

c. Requirements. If applicable, the non-federal entity must do the following:

i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any

part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in suchworkweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of
$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental,

developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with

obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor, Weatherproofing Technologies Inc., certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. **DOMESTIC PREFERENCES FOR PROCUREMENTS**

As appropriate, and to the extent consistent with law, CONTRACTOR should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.

Applicability For purchases in support of FEMA declarations and awards issued on or after November 12, 2020, all FEMA recipients and subrecipients are required to include in all contracts and purchase orders for work or products a contract provision encouraging domestic preference for procurements.

Domestic Preference for Procurements As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase,

acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber."

13. **ACCESS TO RECORDS**

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or Comptroller General.

Access to Records. The following access to records requirements apply to this contract:

i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

iv. In compliance with the Disaster Recovery Act of 2018, the Participating Public Agency and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

14. CHANGES

a. Standard. To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes

clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

15. DHS SEAL, LOGO, AND FLAGS

a. Standard. Recipients must obtain permission prior to using the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials. See DHS Standard Terms and Conditions: Version 8.1 (2018).

b. Applicability. FEMA recommends that all non-Federal entities place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

c. "The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

16. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

a. Standard. The recipient and its contractors are required to comply with all Federal laws, regulations, and executive orders.

b. Applicability. FEMA recommends that all non-Federal entities place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable Federal law, regulations, executive orders, and FEMA policies, procedures, and directives.

c. "This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives."

17. NO OBLIGATION BY FEDERAL GOVERNMENT

a. Standard. FEMA is not a party to any transaction between the recipient and its contractor. FEMA is not subject to any obligations or liable to any party for any matter relating to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

18. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or

fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

c. "The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract."

Offeror agrees to comply with all terms and conditions outlined in the FEMA Special Conditions section of this solicitation.

FEDERAL TRANSIT ADMINISTRATION (FTA) AND DEPARTMENT OF TRANSPORTATION (DOT) SPECIAL CONDITIONS

Awarded Supplier(s) (also referred to as Contractors) may be asked to provide products and services to agencies following Federal Transit Administration and/or Department of Transportation requirements. By submitting a response, the Supplier is accepting these FTA and DOT Special Conditions.

NO GOVERNMENT OBLIGATION TO THIRD PARTIES

These requirements do not apply to micro-purchases ($10,000 or less, except for construction contracts over $2,000).

(1) The Participating Public Agency and contractor/vendor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the purchaser, contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

(2) The contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

These requirements do not apply to micro-purchases ($10,000 or less, except for construction contracts over $2,000)

(1) The contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies, "49 CFR Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the contractor to the extent the Federal Government deems appropriate.

(2) The contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. 5307, the Government reserves the right to impose the penalties of 18 U.S.C. 1001 and 49 U.S.C. § 5323(l) on the contractor, to the extent the Federal Government deems appropriate.

(3) The contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

ACCESS TO RECORDS AND REPORTS

(1) Record Retention. The Contractor will retain, and will require its subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the contract, including, but not limited to, data, documents, reports, statistics, sub-agreements, leases, subcontracts, arrangements, other third party agreements of any type, and supporting materials related to those records.

(2) Retention Period. The Contractor agrees to comply with the record retention requirements in accordance with 2 C.F.R. § 200.333. The Contractor shall maintain all books, records, accounts and reports required under this Contract for a period of at not less than three (3) years after the date of termination or expiration of this

Contract, except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case records shall be maintained until the disposition of all such litigation, appeals, claims or exceptions related thereto.

(3) Access to Records. The Contractor agrees to provide sufficient access to FTA and its contractors to inspect and audit records and information related to performance of this contract as reasonably may be required.

(4) Access to the Sites of Performance. The Contractor agrees to permit FTA and its contractors access to the sites of performance under this contract as reasonably may be required.

FEDERAL CHANGES

(1) Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this Contract.

Contractor agrees to:

a) Maintain all books, records, accounts and reports required under this Contract for a period of not less than three (3) years after the date of termination or expiration of this Contract or any extensions thereof except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case Contractor agrees to maintain same until Public Agency, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto.

b) Permit any of the foregoing parties to inspect all work, materials, payrolls, and other data and records with regard to the Project, and to audit the books, records, and accounts with regard to the Project and to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed for the purpose of audit and examination.

FTA does not require the inclusion of these requirements of Article 1.01 in subcontracts. Reference 49 CFR 18.39 (i)(11).

CIVIL RIGHTS / TITLE VI REQUIREMENTS

The Participating Public Agency is an Equal Opportunity Employer. As such, the Participating Public Agency agrees to comply with all applicable Federal civil rights laws and implementing regulations. Apart from inconsistent requirements imposed by Federal laws or regulations, the Participating Public Agency agrees to comply with the requirements of 49 U.S.C. § 5323(h) (3) by not using any Federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications.

Under this Agreement, the Contractor shall at all times comply with the following requirements and shall include these requirements in each subcontract entered into as part thereof.

(1) Nondiscrimination – In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. 20000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. 6102, section 202 of the Americans with disabilities Act of 1990, 42 U.S.C. 12132, and Federal transit law at 49 U.S.C. 5332, the contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(2) Equal Employment Opportunity – The following equal employment opportunity requirements apply to the underlying contract:

(a) **Race, Color, Creed, National Origin, Sex**. In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e et seq., and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. chapter 60, and Executive Order No. 11246, "Equal Employment Opportunity in Federal Employment," September 24, 1965, 42 U.S.C. § 2000e note, as

amended by any later Executive Order that amends or supersedes it, referenced in 42 U.S.C. § 2000e note. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, national origin, or sex (including sexual orientation and gender identity). Such action shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(b) **Age** - In accordance with the Age Discrimination in Employment Act, 29 U.S.C. §§ 621-634, U.S. Equal Employment Opportunity Commission (U.S. EEOC) regulations, "Age Discrimination in Employment Act," 29 C.F.R. part 1625, the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6101 et seq., U.S. Health and Human Services regulations, "Nondiscrimination on the Basis of Age in Programs or Activities Receiving Federal Financial Assistance," 45 C.F.R. part 90, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(c) **Disabilities** - In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 et seq., the Architectural Barriers Act of 1968, as amended, 42 U.S.C. §4151 et seq., and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against individuals on the basis of disability. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(3) The contractor also agrees to include these requirements in each subcontract financed whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

INCORPORATION OF FTA 4220.1F TERMS

(1) The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

(2) Flow Down – The incorporation of FTA terms has unlimited flow down.

DISADVANTAGED BUSINESS ENTERPRISE (DBE)

The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

1) Withholding monthly progress payments;

2) Assessing sanctions;

3) Liquidated damages; and/or

4) Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

5) Non-Discrimination Assurances. Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. Contractor shall carry out all applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may

result in the termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).

6) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of Participating Public Agency.

7) DBE Program. In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

ENERGY CONSERVATION REQUIREMENTS

Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plans issued under the Energy Policy and Conservation Act, as amended, 42 U.S.C. Sections 6321 et seq. and 41 CFR Part 301-10.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

1) The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

2) Flow Down – The incorporation of FTA terms has unlimited flow down.

SUSPENSION AND DEBARMENT

The Contractor shall comply and facilitate compliance with U.S. DOT regulations,

"Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Government Wide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of $25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

a) Debarred from participation in any federally assisted Award;

b) Suspended from participation in any federally assisted Award;

c) Proposed for debarment from participation in any federally assisted Award;

d) Declared ineligible to participate in any federally assisted Award;

e) Voluntarily excluded from participation in any federally assisted Award; or

f) Disqualified from participation in ay federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the AGENCY. If it is later determined by the AGENCY that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the AGENCY, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

CARGO PREFERENCE REQUIREMENTS

Use of United States-Flag Vessels. The contractor agrees:

1) To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels.

2) To furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington D.C. 20590 and the FTA recipient (through the contractor in the case of a subcontractor's bill-of lading).

3) To include these requirements in all subcontracts issued pursuant to the contract when the subcontract may involve the transport of equipment, materials, or commodities by ocean vessel.

FLY AMERICA

Fly America Requirements:

1) Definitions. As used in this clause- "International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States. "United States" means the 50 States, the District of Columbia, and outlying areas. "U.S.-flag air carrier" means an air carrier holding a certificate under 49 U.S.C. Chapter 411.

2) When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, recipients,

and others use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

3) If available, the contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

4) In the event that the contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403.

Stated Reason(s):_____
_____
_____

5) The contractor shall include the substance of this clause, including this paragraph, in each subcontract or purchase under this contract that may involve international air transportation.

RECYCLED PRODUCTS

1) The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), "Comprehensive Procurement Guideline for Products Containing Recovered Materials," 40 C.F.R. part 247.

CONFORMANCE WITH ITS NATIONAL ARCHITECTURE

When applicable:

1) Contractor shall conform, to the extent applicable, to the National Intelligent Transportation Standards architecture as required by SAFETEA-LU Section 5307(c), 23 U.S.C. Section 512 and as amended by MAP-21 23 U.S.C. § 517(d), note and follow the provisions of FTA Notice, "FTA National Architecture Policy on Transit Projects," 66 Fed. Reg.1455 et seq., January 8, 2001, and any other implementing directives FTA may issue at a later date, except to the extent FTA determines otherwise in writing.

ADA ACCESS

1) In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 et seq., the Architectural Barriers Act of 1968, as amended, 42 U.S.C. § 4151 et seq., and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against individuals on the basis of disability. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

SAFE OPERATION OF MOTOR VEHICLES

1) *Seat Belt Use* - The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-

rented vehicles, or personally operated vehicles. The terms “company-owned” and “company-leased” refer to vehicles owned or leased either by the Contractor or Participating Public Agency.

2) *Distracted Driver* - The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contactor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this agreement.

PROMPT PAYMENT

1) The Prime Contractor shall pay any Subcontractor for work that has been satisfactorily performed no later than thirty (30) days from the date of the Prime Contractor’s receipt of each payment made by the Participating Public Agency. Additionally, within thirty (30) days of satisfactory completion of all work required of the Subcontractor, the Prime Contractor shall release any retainage payments withheld to the Subcontractor.

FTA PROTEST NOTIFICATION

A protestant must exhaust all Participating Public Agency Procurement administrative procedures and remedies before pursuing a protest with the FTA.

1) Any and all protests shall be in writing and shall be filed with the Purchasing Manager with the Participating Public Agency. A protest relating to the process for determining the most responsive and responsible contractor shall be filed within five (5) business days after the protestor knows or should have known the basis of the determination. The Contract Officer shall respond to a protest within fourteen (14) calendar days after the receipt of the protest. The Purchasing Manager may grant the Contract Officer an extension for the response if warranted. A request for reconsideration of any and all determinations by the Contract Officer shall be filed with the Purchasing Manager within seven (7) calendar days after the receipt of the determination.

2) A protest shall include:

    a. The name, address, and telephone number, including FAX number if available, of the protestor;

    b. The signature of the protestor or authorized representative;

    c. Identification of the contract/solicitation;

    d. A detailed statement of the legal and/or factual grounds of protest including copies and/or citations of relevant documents, and;

    e. The form of relief requested.

3) If any of the above information is omitted or incomplete, then the Protestor shall be notified, in writing, within two (2) calendar days after that determination, and the Protestor shall have two (2) calendar days in which to remedy the specified problem.

4) The Participating Public Agency will not make award prior to the resolution of a protest, or open bids prior to resolution of a protest filed before bid opening unless the Purchasing Manager determines in writing that it is in the best interests of the Participating Public Agency or in keeping with Item 7 of this

procedure to do otherwise. Potential contractors will be advised of a pending protest if the protest is filed before award.

5) The Purchasing Manager may allow for an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties include all bidding contractors, and may also include a subcontractor or supplier provided they have a substantial economic interest in a portion of the IFB or RFP.

6) The Purchasing Manager shall respond "in writing", in detail, to each substantial issue raised in the protest. The Purchasing Manager has the sole authority to make determinations for the Participating Public Agency, and a determination shall be considered final when it is labeled as such. A request for reconsideration will be allowed by the Purchasing Manager if he determines that data has become available that was not previously known, or that there has been an error of law or regulation.

7) The Participating Public Agency may proceed with procurement when a protest is pending if the Participating Public Agency determines that:

    a. The items to be procured are urgently required;

    b. Delivery or performance will be unduly delayed by failure to make the award promptly; or

    c. Failure to make award will otherwise cause undue harm to the grantee for the Federal Government.

8) FTA will only entertain a protest that alleges:

    a. The Participating Public Agency failed to have or to adhere to its protest procedures, or failed to review a complaint or protest; or

    b. Violations of Federal law or regulation.

9) A protest to FTA must be filed in accordance with FTA Circular 4220.1F, available from the Contract Officer. Specifically, protestors shall file a protest with FTA Region 9 or FTA Headquarters Office no later than five (5) days after a final decision is rendered under the Participating Public Agency's protest procedure. In instances where the protestor alleges that the Participating Public Agency failed to make a final determination on the protest, protestors shall file a protest with FTA not later than five (5) calendar days after the protester knew or should have known of the grantee's failure to render a final determination on the protest.
A protest filed with FTA shall:

    a. Include the name and address of the protestor.

    b. Identify the grantee, project number, and the number of the contract solicitation.

    c. Contain a statement of the grounds for protest and any supporting documentation. This should detail the alleged failure to have or adhere to protest procedures, failure to review a complaint or protest; or Violation of Federal law or regulation.

    Include a copy of the local protest filed with the grantee and a copy of the grantee's decision, if any.

NEW JERSEY BUSINESS COMPLIANCE

Suppliers intending to do business in the State of New Jersey must comply with policies and procedures required under New Jersey statues. All offerors submitting proposals must complete the following forms specific to the State of New Jersey. Completed forms should be submitted with the offeror's response to the RFP. Failure to complete the New Jersey packet will impact OMNIA Partners' ability to promote the Master Agreement in the State of New Jersey.

DOC #1	Ownership Disclosure Form
DOC #2	Non-Collusion Affidavit
DOC #3	Affirmative Action Affidavit
DOC #4	Political Contribution Disclosure Form
DOC #5	Stockholder Disclosure Certification
DOC #6	Disclosure of Investment Activities in Iran, Russia and Belarus
DOC #7	New Jersey Business Registration Certificate
DOC #8	EEOAA Evidence
DOC #9	MacBride Principals Form

New Jersey suppliers are required to comply with the following New Jersey statutes when applicable:

- all anti-discrimination laws, including those contained in N.J.S.A. 10:2-1 through N.J.S.A. 10:2-14, N.J.S.A. 10:5-1, and N.J.S.A. 10:5-31 through 10:5-38;

- Prevailing Wage Act, N.J.S.A. 34:11-56.26, for all contracts within the contemplation of the Act;

- Public Works Contractor Registration Act, N.J.S.A. 34:11-56.26; and

- Bid and Performance Security, as required by the applicable municipal or state statutes.

STATEMENT OF OWNERSHIP DISCLOSURE

N.J.S.A. 52:25-24.2 (P.L. 1977, c.33, as amended by P.L. 2016, c.43)

This statement shall be completed, certified to, and included with all bid and proposal submissions. Failure to submit the required information is cause for automatic rejection of the bid or proposal.

ELIZABETH MAHER MUOIO
State Treasurer

P.L. 1995, c. 127 (N.J.A.C. 17:27)
MANDATORY AFFIRMATIVE ACTION LANGUAGE

PROCUREMENT, PROFESSIONAL AND SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of it testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
    a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
    b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
    c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
    d. The form may be used "as-is", subject to edits as described herein.
    e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
    f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
    - of the public entity awarding the contract
    - of that county in which that public entity is located
    - of another public entity within that county
    - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Required Pursuant to N.J.S.A. 19:44A-20.26

This form or its permitted facsimile must be submitted to the local unit no later than 10 days prior to the award of the contract.

MACBRIDE-PRINCIPLES

STATE OF NEW JERSEY DEPARTMENT OF THE TREASURY
DIVISION OF PURCHASE AND PROPERTY

33 WEST STATE STREET, P.O. BOX 230
TRENTON, NEW JERSEY 08625-0230

MACBRIDE PRINCIPALS FORM

BID SOLICITATION #: _____ **VENDOR/BIDDER:** _____

VENDOR'S/BIDDER'S REQUIREMENT TO PROVIDE A CERTIFICATION IN COMPLIANCE WITH THE MACBRIDE PRINCIPALS AND NORTHERN IRELAND ACT OF 1989

Pursuant to Public Law 1995, c. 134, a responsible Vendor/Bidder selected, after public bidding, by the Director of the Division of Purchase and Property, pursuant to N.J.S.A. 52:34-12, must complete the certification below by checking one of the two options listed below and signing where indicated. If a Vendor/Bidder that would otherwise be awarded a purchase, contract or agreement does not complete the certification, then the Director may determine, in accordance with applicable law and rules, that it is in the best interest of the State to award the purchase, contract or agreement to another Vendor/Bidder that has completed the certification and has submitted a bid within five (5) percent of the most advantageous bid. If the Director finds contractors to be in violation of the principals that are the subject of this law, he/she shall take such action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

I, the undersigned, on behalf the Vendor/Bidder, certify pursuant to N.J.S.A. 52:34-12.2 that:

CHECK THE APPROPRIATE BOX

[X] The Vendor/Bidder has no business operations in Northern Ireland; or

OR

[ ] The Vendor/Bidder will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principals of nondiscrimination in employment as set forth in section 2 of P.L. 1987, c. 177 (N.J.S.A. 52:18A-89.5) and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of its compliance with those principals.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor/Bidder, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, and that the Vendor/Bidder is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of **my** agreement(s) with the State, permitting the State to declare any contract(s) resulting from this certification to be void and unenforceable.

iv. Describe How Offeror Responds to Emergency Service Requests.

WTI understands the importance of providing responsive service. As such, we offer service 24 hours a day, seven days per week, 365 days per year (24/7/365). In the event of an emergency situation, OMNIA members can contact 877-587-3626 with their assigned account number. The call will then be dispatched to our key personnel for response. Response time is established with the account to define emergency (two- to four-hour response), standard (24- to 48-hour response), etc. The dispatch for each location includes up to four points-of-contact (POCs), as shown below, to ensure effective response.

1	WTI Technician 1
2	WTI Technician 2
3	WTI Contractor
4	WTI Technical Advisor

Upon dispatch, the appropriate Technical Advisor will be notified of the issue for follow through. The Technical Advisor ensures that the request was completed and verifies WTI's and Tremco's financial responsibility.

Each member will be provided a process and an account number upon completion of a project or purchase of a warranty. The process will include an 800 number for 24/7 response at no additional cost to the member. As part of the warranty, WTI will provide 24 hours a day/seven days a week Emergency Leak Response at no additional cost. Regardless of whether the leak is related to defective materials, wear and tear or storm-related damage (within the terms of the warranty), the dispatch center logs the call for priority treatment, assuring a fast, efficient response. We will perform all emergency roof system leak repairs required in accordance with our Leak Response Program and warranty terms. The leak will be repaired immediately unless weather or other conditions prevent such work, in which case the repair schedule will be coordinated with the member to be accomplished at the next available time period.

Proposals for standard orders are typically processed in one to three days while proposals for emergency orders are typically provided within 72 hours of notification, depending upon the scope and geographic location of the project. These times may vary depending upon unforeseen conditions and/or remote locations; however, our processes and procedures are designed to accommodate these time frames.

Our key personnel have experience responding to several emergency project situations. In these instances, working with the customer to respond to such conditions is our first priority. We also rely on long-standing relationships with contractors who also respect this level of service and are available on-site 24/7. Through our Construction Managers and Superintendents, we also have the knowledge and software tools to effectively estimate damage-control costs in a matter of hours. OMNIA members can expect no less than 24/7 on-call service from WTI on the service agreement. WTI is also available during natural disasters such as fires, floods and winter storms to assist with disaster response, offering members with priority service. For emergency/disaster response, we use an Emergency Service Agreement/Disaster Response form to expedite typical purchase order procedures. We follow up our emergency-response services with the required documentation for the client.

After hours customer service needs are handled on a case-by-case basis. We make every effort to meet our customers' needs. Often, we staff our Customer Service Representatives to be able to accommodate not only daily needs but also emergency needs.

Our response times, including emergency leak response, will remain constant across all regions, however, adjustments to these response times will be made regarding remote geographical locations. In these instances, response times will be clearly communicated regarding safety, reasonable time frames and availability and mobility of personnel and equipment. Our ability to service all regions at the same level is made possible through our diverse personnel resources located across the United States and is supplemented by our extensive contractor database.

v. Describe Offeror's Ability to Meet Service and Warranty Needs.

WTI and Tremco benefit OMNIA members by offering an all-encompassing service and product portfolio complete with manufacturer warranties from a single source. WTI provides one of the most comprehensive warranty packages in the roofing industry. Each of our warranties covers installation, details, flashing, materials, workmanship, inspection and preventative maintenance. Tremco offers several product and service warranty options to participating Public Sector Agencies to match their roofing needs as detailed below. With each of the Tremco warranties, OMNIA members will receive a 1-800 leak response service. Please note that several of the warranties listed below are available in multi-year terms, based on customer needs and/or requirements.

- Quality Assurance (QA) Warranty
- QA Plus
- QA Premium Warranty
- Vegetative Warranty
- Plain and Simple Warranty
- One-Year Tremco Performance Warranty (TPW)
- Material Warranty
- Warranty extension and renewals are available for OMNIA members.

Sample Warranties

Sample warranties are available to OMNIA Members upon request.

PERFORMANCE CAPABILITY

One Building Envelope. One Warranty. One Powerful System Delivering Unmatched Protection for Your Building

Your property is a major investment, and its building envelope is a critical component. OMNIA members get one chance to get it right—or spend many years and a lot of money trying to fix it.

Made up of hundreds, even thousands, of components, a building's "envelope" protects interior spaces and occupants from the outside world. That includes shielding against the elements, excessive noise, and providing resistance to other external disturbances.

Why cobble together an envelope with materials from dozens of different suppliers when you can choose a Tremco Construction Products Group (CPG) building envelope, designed and tested to work as one continuous system and warranted together in a single document?

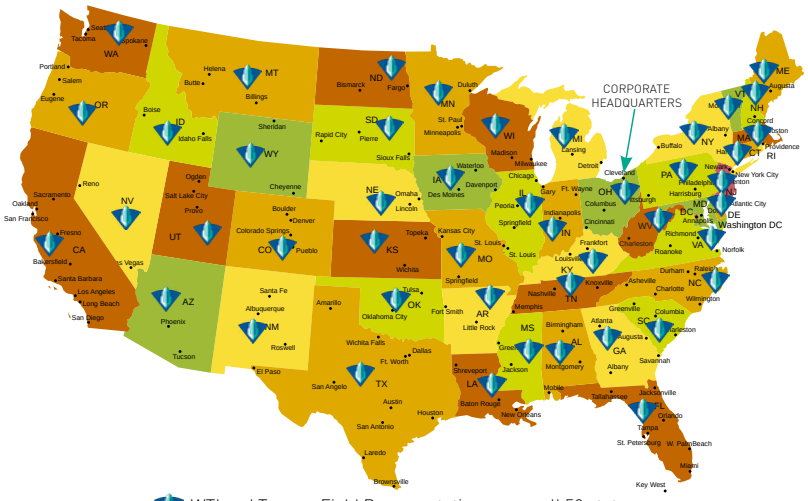
Systems & Services Covered Under a Single Warranty

- Air & Vapor Barriers
- Cladding
- Glazing Systems
- Insulated Concrete Forms
- Sealants & Adhesives
- Traffic Coatings
- Waterproofing

THE MORE TREMCO CPG COMPONENTS, THE MORE PROTECTION

Most individual building component warranties are limited to the dollar value of the material purchased. With a Tremco CPG warranty, the more OMNIA members single-source from the group, the greater the dollar value of coverage available should OMNIA members have an issue. That's because a Tremco CPG warranty is worth the aggregate value of all the components purchased from the group—providing a much larger pool should a member have a warranted issue on any one component.

vi. Describe Offeror's Customer Service/Problem Resolution Process. Include Hours of Operation, Number of Services, etc.



WTI's U.S. Customer Service Department consists of three Customer Service Centers as outlined in the below table.

Customer service centers and hours of operations.

Location	Phone/Fax	Hours of Operation
WTI Corporate Office 3735 Green Road Beachwood, OH 44122	Ph: (216) 292-5000 (800) 852-6013 Fx: (216) 292-5038	8:30 am – 5:00 pm (EDT)
Western Division Office 3060 East 44th Street Vernon, CA 90058	Ph: (213) 587-3014 Fx: (213) 585-6592	8:30 am – 5:00 pm (PDT)
Eastern Division Office 8 Main Street Flemington, NJ 08822	Ph: (800) 628-751 (908) 782-1927 Fx: (908) 782-1898	8:30 am – 5:00 pm (EDT)

Because of the number and location of these service centers, WTI can handle the customer's needs anywhere in the nation. If additional hours of operation are desired, WTI's Corporate Customer Service Manager, will consider accommodating the customer's needs by altering the staffing within the department to provide a superior level of customer service.

After hours customer service needs are handled on a case-by-case basis. We make every effort to meet our customers' needs. Often, we staff our Customer Service Representatives to be able to accommodate not only daily needs but also emergency needs. In the event of an emergency situation, OMNIA members can contact the 800-5-TREMCO phone number 24/7/365 with their assigned account number. The call will then be dispatched for response. As previously mentioned, customer satisfaction is a focus and differentiator for WTI and Tremco. Our talented and focused customer service staff are an important part creating positive customer experiences and satisfaction. Through their caring, ability to problem-solve and bias for action, our representatives have the capability to create a satisfied customer with every call. And, they do it every day!

WTI and Tremco Field Representation covers all 50 states

vii. Describe Offeror's Invoicing Process. Include Payment Terms and Acceptable Methods of Payments.

Payment terms are net 30 days. We can accept Purchase Order, credit cards, ACH or check.

SAP has the ability to track member purchases, products and services, billing, accounts payable and other accounting functions. Through SAP, WTI can provide customized billing and reporting to OMNIA as a whole, as well as to individual participating members. This includes management reports, consolidated billing by location, time and attendance reports for participating Members. WTI currently uses SAP on our existing contracts that integrates manufacturing, finance, planning, implementation and operations to:

- Improve customer relations and response times
- Improve performance without sacrificing quality
- Streamline manufacturing planning and execution
- Increase sales
- Reduce inefficiencies
- Improve customer service and marketing efforts
- Support finance expenditures and resources
- Streamline supply-chain planning and execution
- Monitor compliance
- Improve best business practices

viii. Describe Offeror's Contract Implementation/Customer Transition Plan.

WTI has successfully implemented and performed similar construction and roofing and building envelope products and services on multiple contract awards for more many different types of cooperatives. Prior to award of a cooperative contract, we customize our proven framework to develop a client-specific approach for implementation. Our customized approach includes marketing, project acceptance and performance, emergency response, account management (including invoicing) and executive support. Depending on individual member needs, we can incorporate other services to best meet member needs. WTI has an established framework and a nationwide presence, we can easily adapt to individual cooperative requirements.

Upon award of a cooperative contract, we implement our proven marketing approach which includes educating our in-house staff on the contract and rolling out our services through branded marketing efforts to cooperative Members. As previously discussed, this typically includes a combination of press releases, social-media announcements, direct mailings, advertisements, participation in trade shows and website interactions. Beyond marketing, we also mobilize our existing construction-management personnel to make certain we have the availability to respond to cooperative projects. As a result of our nationwide presence, we draw from a large pool of resources to staff cooperative projects depending on location throughout the US.

Our success with cooperative purchasing programs is demonstrated by consecutive contract awards by many cooperatives. These renewals prove our ability to meet agency expectations as well as speak to the effectiveness of our organization to market and perform critical services. This is evidenced in our customer satisfaction metrics, where customers awarded us a 9.1 out of 10 overall satisfaction rating and 98% of respondent customers said they would purchase our roofing systems again.

ix. Describe the financial condition of Offeror.

WTI is a building envelope industry leader and is in very good financial condition. We are an affiliate member of the Tremco CPG, Inc. line-up of companies that make up the largest division of RPM International, our Fortune 500 parent company. WTI continues to see steady growth in the market and has a very healthy pipe-line of work.

For additional information press here to go to RPM International's 10K & annual report filings

x. Provide a Website Link in Order to Review Website Ease of Use, Availability, and Capabilities Related to Ordering, Returns and Reporting. Describe the Website's Capabilities and Functionality.

Due to the nature of our business, WTI currently does not have an on-line catalog/ordering website. These construction projects are independently specified and built for each building component's current condition and structure. This requires field consulting/engineering services to design and offer the best solutions or multiple solutions for each building component. Online catalogs do not accommodate this type of built construction. WTI will provide representatives to cover and support all projects and does not provide an on-line catalog option.

Our Sales Representatives meet with customers to review and analyze individual facility roofing needs and propose the right solutions and products. This one-on-one sales approach allows our Sale Representatives to gain a full understanding of the needs of each Public Sector Agency and provide on the spot assessments of the areas of work. This approach ultimately saves time and cost in back and forth of online ordering and allows our teams to provide the services and products the customer needs the first time.

Tremco will allow for material only orders sold direct to end user, if needed, to be returned within 30 days of project completion. Depending on the products' condition, the estimated time frame to complete this return process is up to 30 days.

- Returns must be products in good condition and authorized by Tremco prior to return shipment. The following exceptions apply:
  - Exception: Due to warehouse limitations, there are no returns on Tremco Insulation products or TremLock™ Custom Metal Edge.
  - Exception: Fastener supplier does not accept returns on Insulation Fastener Discs and limits fastener returns to 3 months from shipment.
  - Exception: POWERply™ SA Base Sheet and POWERply™ SA FR returns are limited to three months from shipment.
  - Exception: THERMastic®, THERMastic® 50, and POWERply™ Modified Hot Melt Adhesive cannot be remelted or worked off, so returns of these four products are limited to pallets which are determined by a Tremco Representative to be in excellent condition.
- Tremco reserves the right to refuse a return of a product sold and shipped more than one year ago.
- Material must be returned in the account name under which it originally shipped.
- Return freight charges are the responsibility of the customer.

xi. Describe the Offerer's Safety Record.

Safety Record

Our industry can be a very dangerous one, where one wrong move can have long lasting and sometimes devastating effects on a family and our communities. This is why we require every employee to go through our OSHA safety training course. The results of our commitment to people shows as we have one of the best safety records in the industry, especially for a company of our size. The chart below illustrates WTI's commitment to safety as we have one of the best safety records in the industry. This is even more impressive when OMNIA members take into consideration that we are also one of the largest roofing and building envelope companies in the industry.

	wti Corporate & Field Market Safety Qualifications Metric TREMCO		
	2020	**2021**	**2022**
EMR (Insurance Experience Modification Rate)	.70	.65	.60

Lost Time Incident Rate (per 100 full-time employees)	0	.34	0 Industry Avg.—1.4

PERFORMANCE CAPABILITY

xii. Performance Bond Plan - Offeror shall submit a detailed performance bond plan that will meet the Participating Public Agency's local and state statutory requirements. The Offeror is required to be knowledgeable and current on all statutory requirements for bonding. This should include, but is not limited to, a letter from a surety company that is licensed to do business in the states being proposed in the submittal. Offerors shall also provide a written statement acknowledging that they can provide surety letters for any affiliates to Region 4 ESC or participating agencies upon request. Offerors may need to provide additional capacity as work orders increase. Bonds will not require that a fee be paid to Region 4 ESC. The actual cost of the bond will be a pass-through expense to the Participating Public Agency and added to the purchase order.

WTI has been providing performance bonds on projects for over 30 years in partnership with our insurance provider, Liberty Mutual Insurance. As we provide bonding on projects in all 50 states, WTI is experienced and knowledgeable about providing bonding for members' projects in accordance with all states' laws and statutory bonding requirements. We have enclosed a letter from our surety agent evidencing our bonding capacity of [redacted] aggregate and [redacted] for a single project, which reflect ample capacity for any project awarded under the OMNIA 23-04 resultant contract agreement. Further, we are able to provide surety letters as needed for any affiliates of Region 4 ESC that may request evidence of our ability to bond projects. Our bonding process begins at the estimating level where costs and thresholds are identified based upon project size and location in order to accurately and immediately identify bonding needs before the proposal phase starts. This process provides a quality-auditable process, which is ISO 9001:2015 certified. As project volume dictates, WTI will be able to confidently manage additional capacity to provide quality services to OMNIA members.

xiii. **Safety/Environmental Plan - Offeror shall submit a detailed safety plan with their submittal. It should specifically address how the Offeror will implement this plan with the subcontractors. The safety plan will need to address OSHA compliance, environmental compliance, drug testing, trend analysis and noncompliance corrective action. It should also state whether a safety officer will interact with the Participating Public Agency's staff and management of safety and environmental issues while working in occupied areas.**

It's not a cliché that an organization's greatest obligation is to provide a safe working environment. But that commitment takes on even more importance when a job's responsibilities include the kind of potential risk you can find on a roof.

As the market leader in providing roofing solutions and services, WTI fully recognizes what is at stake in construction and renovation projects. We never leave the safety and security of employees, installation teams and other on-site trades to chance. Job site safety grounded in proper training is without question our highest priority.

That is why every one of our roofing and building envelope projects, no matter the size, begins with a thorough understanding of the job site's potential hazards, safe work procedures, product characteristics, equipment operation, conditions, and specific customer requirements.

That understanding is based on the extraordinary safety training we provide our field advisors and technical personnel. To ensure that every installation is completed safely and efficiently, WTI has developed a comprehensive set of safety resources, with a strong emphasis on field safety training, job site audits, and extensive use of systems and communication tools.

PERFORMANCE CAPABILITY

Each of our field advisors have received safety training, to help them manage the trouble-free delivery of our products and services. All of WTI's technical field and general contracting management personnel have received at least their OSHA 10-hour safety card—a powerful statement when you consider that is the largest field team in our industry.

In addition, WTI ensures we continue providing this knowledge with a core of over 20 Authorized OSHA Outreach Trainers with extensive roofing craft experience. This in-house safety expertise permits consistent and safe installation of our systems focused on customer and site-specific health and safety requirements. A team of safety experts is also available in the field to answer questions or concerns that may arise.

Tremco Roofing and WTI consistently perform better than the industry averages for Roofing and Construction Services as measured by the commonly used Total Recordable Injury Rate (TRIR) and Experience Modification Rate (EMR) standards.

Safety Training and Expertise

- Over [redacted] OSHA Authorized Construction H&S trainers within WTI to provide and
- Extend on-the-job safety knowledge
- Over [redacted] Field Sales Advisors have received six weeks of intensive roofing,
- Technical, project management and field safety training
- Over [redacted] WTI employees with current 10-hour cards – within 3 years of issue
- Ongoing training updates—over [redacted] OSHA 10-hour cards issued since 2007
- Over [redacted] WTI employees with OSHA 30-hour cards
- Over [redacted] WTI employees trained in First Aid/CPR
- Over [redacted] WTI trained as ANSI A92 Aerial Lift Operators

WTI Safety Program

Each of the following components meet or exceed OSHA standards for the construction industry.

POLICIES AND PROCEDURES	• WTI Safety Policies • Hazard Communication Program
FIELD SAFETY	• Start Safe Checklist • Fall Protection • Hazardous Energy Control/Lock Out, Tag Out Program • Confined Space Entry Program • Fire Prevention & Protection • Personnel Protective Equipment (PPE) and Hygiene Requirements • Respiratory Protection • Hot Work (involving flames, sparks or heat) • Hearing Protection/Noise • Scaffolding Safety • Hand & Power Tools
ENVIRONMENTAL CONTROLS	• Environmental Controls (i.e., ventilation, lighting) • Waste Disposal • Vehicle Safety
EMPLOYEE TRAINING/ COMPETENT PERSONS	• OSHA [redacted] trainers • OSHA 10 hour certification • Job site inspections • Alcohol, Drug & Substance Policies and Screenings • Product Related Health Information • Tool Box 5-Minute Safety Talks for On-Site Training • Medical & First Aid Safety Training and Expertise
SAFETY TRAINING AND EXPERTISE	• Over [redacted] OSHA Authorized Construction H&S trainers within WTI to provide and extend on-the-job safety knowledge • Over [redacted] Field Sales Advisors have received six weeks of intensive roofing, technical, project management and field safety training • Over [redacted] WTI employees with current 10 hour cards – within 3 years of issue • Ongoing training updates - over [redacted] OSHA 10 hour cards issued since 2007 • Over [redacted] WTI employees with OSHA 30 hour cards • Over [redacted] WTI employees trained in First Aid/CPR • Over [redacted] WTI trained as ANSI A92 Aerial Lift Operators

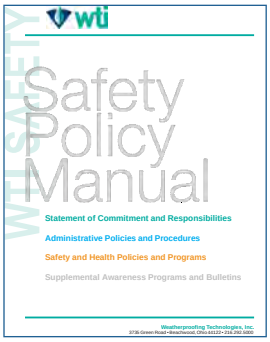
Safety Data Sheets (SDS)

Access to our product Safety Data Sheets is available on each jobsite. Each SDS meets and/or exceeds US – OSHA, European Union and Canadian WHMIS. Safety Data Sheets are also available by product. Just use the product sheet web-link in the front of this proposal.

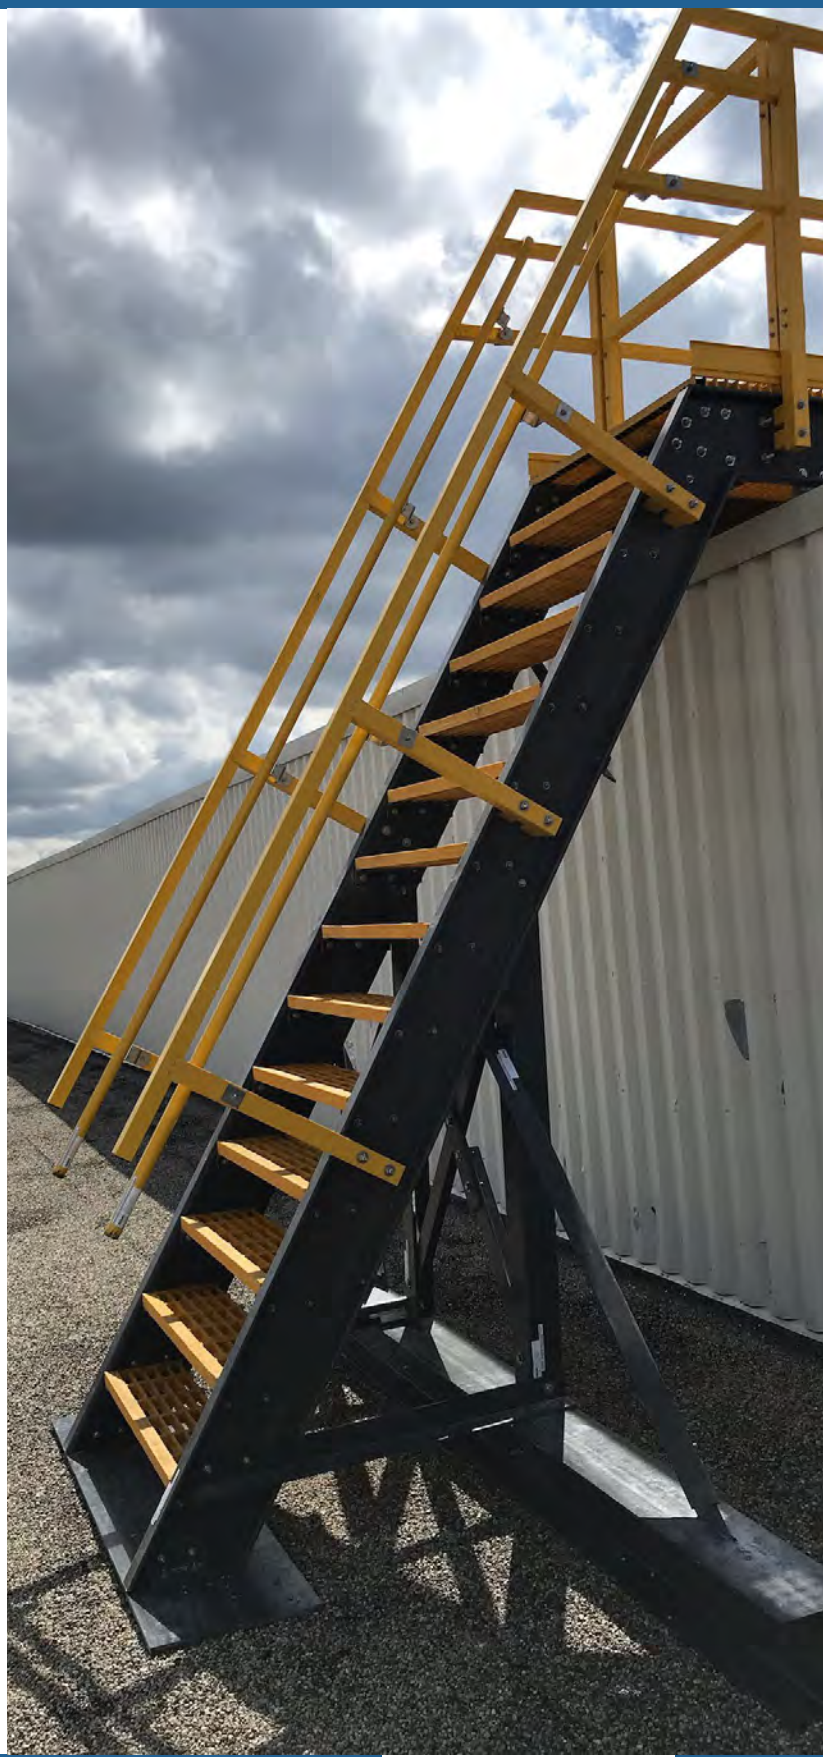
Site Specific Safety Plans

The WTI staff regularly develops plans that specify the minimum health, safety, and emergency response requirements to be followed by WTI and Tremco personnel and our subcontractors during the construction activities of a particular project. These plans include a detailed Job Hazard Analysis, designation of EHS responsibilities, a description of our products and necessary protective measures, and any additional information that the customer or general contractor may require.

Sub-Contractor Safety Program Guidelines



The NRCA Contractor Safety Program or its equivalent is the template for contractors and subcontractors to develop documents. Each subcontractor/installation team can use this comprehensive industry-wide program developed under an OSHA Harwood Grant to customize the safety program to meet their specific needs.



Environmental Health & Safety (EHS) Department

WTI provides a fully staffed EHS Department committed to safety—from project inception to final walk-through. A complete list of staff contact numbers is available from the corporate office to ensure ready access to all business and emergency numbers at WTI.

Full Safety Plan

A full copy of our Safety Policy Manual is available to OMNIA members upon request..

TAB 4

QUALIFICATIONS AND EXPERIENCE

REFERENCES

INCLUDES ANSWERS TO SECTION 2.c

i. Provide a brief history of the Offeror, including year it was established and corporate office location.

Tremco, originally established in 1928, along with its affiliated company, Weatherproofing Technologies, Inc. (WTI) established in 1962, offers a comprehensive inventory of roofing assessment, leak prevention, building envelope, product sales, and general contracting (GC) services. WTI and Tremco, part of Tremco Construction Products Group, has annual sales of over [redacted], owns and operates [redacted] manufacturing plants with over [redacted] employees worldwide. Our parent company, RPM International Inc., a Fortune 500 company and a world leader in specialty coatings serves both industrial and consumer markets generating nearly $7 billion in annual sales. RPM has been in business for 75 years and employs more than 14,000 people worldwide and operates 139 manufacturing facilities in 27 countries, as well as sells products in approximately 170 countries and territories. RPM is committed to providing the highest quality products and services possible in the field of roofing, sealants and coatings.

WTI, along with its affiliated company Tremco, is ISO 9001:2015 certified and was the first building envelope service company in the industry to attain this quality certification. ISO certification helps to continually improve our systems and approach to building envelope concerns and is the standard to which we have committed for our customers. We constantly look to improve our management process within our strategic planning processes through the input of our leadership, employees, and customers. Tremco is a renowned manufacturer of roofing and weatherproofing products while WTI has performed thousands of roofing projects nationwide. Regardless of the type of roof, we can offer a solution through Tremco-manufactured products or other roofing products. We have a pool of more than [redacted] pre-qualified subcontractors nationwide to assist in roofing project performance. Not only are these subcontractors approved

in the installation of Tremco products, but they are also approved to install products from other manufacturers.

WTI has expanded its service capabilities to become a full-service general contractor to all of our customers. WTI's general-contracting services include HVAC/ mechanical projects, indoor air quality solutions, asphalt paving, concrete, tile and terrazzo rehabilitation/ restoration, exterior building wall cladding systems and restoration, window systems repair and sealants, photovoltaic (PV) systems, insulated concrete forms, masonry, in addition to roofing restoration, maintenance and building envelope services. WTI's general-contracting capabilities are further supplemented by Tremco's vast sales and manufacturing resources.

ii. Describe Offeror's reputation in the marketplace.

UNMATCHED EXPERTISE AND EXPERIENCE

WTI and Tremco service customers across all markets including retail, healthcare, educational, and local, state and federal government as well as complex industrial and manufacturing companies. OMNIA members will have peace of mind knowing that their interests will be managed by a team of experienced professionals. We deliver quality assurance with each product through trained professionals who are qualified to perform roofing and building envelope services.

We are the only building envelope services company that helps maintain all six sides of the building. From start to finish we can provide solutions for every building envelope need. From building and safety assessments through complete GC services for boots on the ground work, OMNIA members can have the peace of mind that your building assets are safe and will be well looked after for years to come.

With more than 90 years of building envelope experience, Tremco is North America's foremost supplier of all aspects of roofing and building envelope materials and services. Tremco is uniquely positioned

QUALIFICATIONS AND EXPERIENCE

to provide single-source products, services and solutions for the entire building envelope. All Tremco Incorporated facilities are ISO 9001:2015. A sampling of relevant credentials, memberships and affiliations are provided below.

- Elevation Award for Roof Coatings from Durability + Design Magazine for the renovation of the 340,000-SF roof of Ford Field, home of the Detroit Lions, with AlphaGuard BIO
- NWIR – Tremco is a founding member of NRCA's newly established volunteer-based organization that provides educational and advancement opportunities for women in the roofing industry
- Center for Environmental Information in Roofing (CEIR) – WTI and Tremco are founding members of CEIR, an organization established by the NRCA dedicated to environmental and energy issues
- Contributor to 2016 Edison Award Winner – Silver for the Securock® ExoAir® 430 System
- US Army – Schofield Barracks, HI – Unit Commander's Coin – this is the highest unit citation that can be awarded to a civilian company
- US Army – West Point, NY - Unit Commander's Coin – this is the highest unit citation that can be awarded to a civilian company

- Sponsor of Green Roofs and Walls of the World Virtual Summit
- Participation at the USGBC Greenbuild International Conference and Expo
- Receipt of Crain's Emerald Award Honoree for high-performance building renovation and commitment to sustainability
- Registered Provider with The American Institute of Architects Continuing Education Systems to deliver AIA training courses

Our products and services have a strong reputation in the marketplace. In fact, they have been used by clients nationwide for nearly 100 years. The infographic to the right shows the results from a recent survey, highlighting that 97 percent of clients would purchase from us again.

iii. Describe Offeror's reputation of products and services in the marketplace.

Tremco has unified the industry's leading building and maintenance products into one total enclosure system that allows our customers to build, restore, and maintain faster, safer, smarter and more efficiently. Our products and services are marketed to distributors, contractors and end-users spanning approximately 130 countries and territories. Tremco is known in the marketplace for offering six-sided solutions that deliver high-quality performance at the lowest possible life-cycle costs, helping to ensure peace-of-mind through long-term warranties and maintenance programs. This is accomplished through the Tremco CPG family consisting of Tremco Roofing and Building Maintenance, Weatherproofing Technologies, Inc., Dryvit Brands, Nudura brands, Willseal, Prebuck LL, Tremco Barrier Solutions, Inc., WTI/Pure Air Services, and Canam Building Envelope Specialists offerings.

OUR BUILDING ENVELOPE SERVICES

TremCare

WTI is presently managing more than [redacted] square feet of roofing across all market sectors throughout the US, Canada and Europe, using our OLI® system software. Over [redacted] square feet of our asset management programs include maintenance during their annual or bi-annual inspections.

OLI®

Our web-based On-Line Information System provides instantly obtain detailed building envelope inspection and maintenance data. OMNIA members can instantly access everything they need to know about their roofs to cost effectively manage their investments including detailed building envelope inspection and maintenance data, photos, repair recommendations, and so much more information that will improve budgeting for future building envelope needs—they decide what they want and how they want it reported. Managing even the most complex building envelope inventories is simplified with 24/7 access to detailed post-inspection information about every roof in their inventory formatted for effective analysis. Expert roof inspectors from WTI thoroughly analyze their roofs and compile historical data as well as construction and condition information to formulate an accurate picture of the state of their roofs. Whatever they need to know about their building envelope investment including a wealth of condition information, including photos; service activity; warranty and contractor information; leak history; roof construction specifics such as the type of surfacing and membrane; and so much more are right at their fingertips.

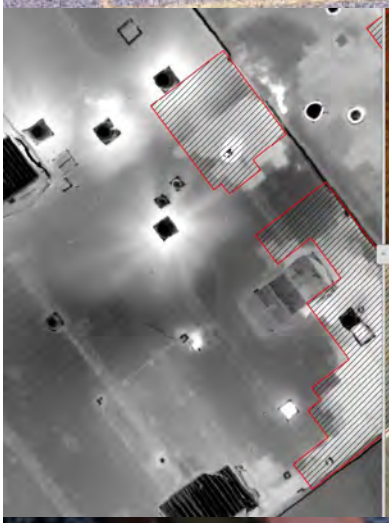
Building envelope repair

WTI can assist with maintenance issues by providing dedicated, professional crews to handle them, at terms that meet budget. Comprehensive up-front estimates, quality assurance of all materials, and dedicated personnel to handle patch and repair work to meet schedule and budget.

QUALIFICATIONS AND EXPERIENCE

Our crews can perform a variety of building envelope maintenance services and emergency and non-emergency leak repairs. Other services include flashing repair, drain and curb installations, roof cleaning and maintenance, joint sealing and air barrier. In addition, we provide indoor air quality disinfecting and sanitization solutions, as well as vertical and horizontal concrete structure repair solutions, including parking garages, walkways and decks.

Safety



Every one of our building envelope projects, no matter how large or how small, begins with a thorough understanding of the job site's potential hazards, safe work procedures, product characteristics, equipment operation, conditions, and specific customer requirements. That understanding is based on the extraordinary safety training we provide our field advisors and technical personnel. To ensure that every installation is completed safely and efficiently, WTI and Tremco have developed a comprehensive set of safety resources, with a strong emphasis on field safety training and job site audits.

All of our field advisors receive safety training, so they can manage the trouble-free delivery of our products and services. All WTI employees receive at least their OSHA 10-hour safety card. In addition, WTI ensures we continue providing this knowledge with a core of 24 Authorized OSHA Outreach Trainers with extensive building envelope experience. This in-house safety expertise permits consistent and safe installation of our systems focused on customer and site-specific health and safety requirements.

Roof component laboratory testing

TRACE (Tremco Roof Analysis Core Evaluation) offers building owners a detailed, cost-effective way to determine the composition, construction and condition of any built-up roof system. Using ASTM testing methods, our experienced lab technicians perform tests that reveal important facts about roof composition and condition. All analyses are done at Tremco's state-of-the-

art research center, which is NVLAP (National Voluntary Laboratory Accreditation Program) accredited for bulk asbestos analysis using polarized light microscopy (NVLAP Code 200887-0). TRACE automatically includes a Tremco ACT® (Asbestos Core Testing).

Infrared moisture analysis

A visual inspection, while valuable as a guide, cannot accurately pinpoint moisture below the roof surface. A Thermocore infrared moisture analysis provides detailed thermal map of how and where hidden moisture is located. A sensitive infrared scanner is used at night to detect temperature differentials across the roof; areas over wet insulation appears warmer than surrounding areas. OMNIA members will get the data they need to make the best decisions within budget.

WTI offers a full range of sophisticated analytical, maintenance and information-based services with one simple goal—to maximize the life of the building envelope and protect the value of the building. We understand that before the right roofing decision can be made, it is critical to know what is right for each particular roof. This requires technical information about current conditions—its membrane type and bitumen—because these technicalities can make a drastic difference in the cost of any planned roof work.

Small roofing problems can easily snowball into large, expensive issues. Our TremCare® maintenance program helps prevent premature deterioration and keeps roofing assets in top working order. With WTI's trained roofing technicians performing regularly scheduled inspections, housekeeping and maintenance, problems are uncovered and corrected early to prevent. Available for any kind of roofing system, TremCare® programs are carefully prepared and customized to suit all buildings and budgets.

Protection Under One Roof

TremCare® gives OMNIA members the ability to choose the roofing maintenance and protection program that's right for them. And with OLI®, our On-

Line Information system, we even support businesses that do not want the advantages of a TremCare® maintenance program.

Used either on its own or as the central component of TremCare® Gold and Platinum, OLI® represents the latest in web-based information management systems. OLI® can manage any combination of drawings, photos, service activity reports, budgets, warranties, lifespan projections and much more. Data is available 24/7 in a secure, password-protected area of our website.

Some customers want us only to repair leaks and not to provide other maintenance activities. These customers can take advantage of our 24-hour-a-day leak line through the Tremsource® program.

Asset Management

If OMNIA members want to manage their own roofing assets, WTI will conduct an extensive inventory of the condition of all roofs to establish immediate needs and then enter the data into OLI® for their use.

TremCare® GOLD

Since general rooftop housekeeping and preventive maintenance are equally important, WTI experts will plan and prioritize both after thoroughly inspecting the roofs. Detecting and repairing problems early saves money, reduces downtime and damage to the roof, and prevents premature deterioration. TremCare® Gold offers the following services:

- Housekeeping: WTI will remove incidental debris (leaves, branches, paper, etc.) from the roof, drains and gutters during scheduled, periodic housekeeping operations.
- Preventive Maintenance: WTI will maintain roofs in their present condition by making minor repairs to the membrane and flashing systems. Preventive maintenance is not designed to restore neglected roofs to new condition.

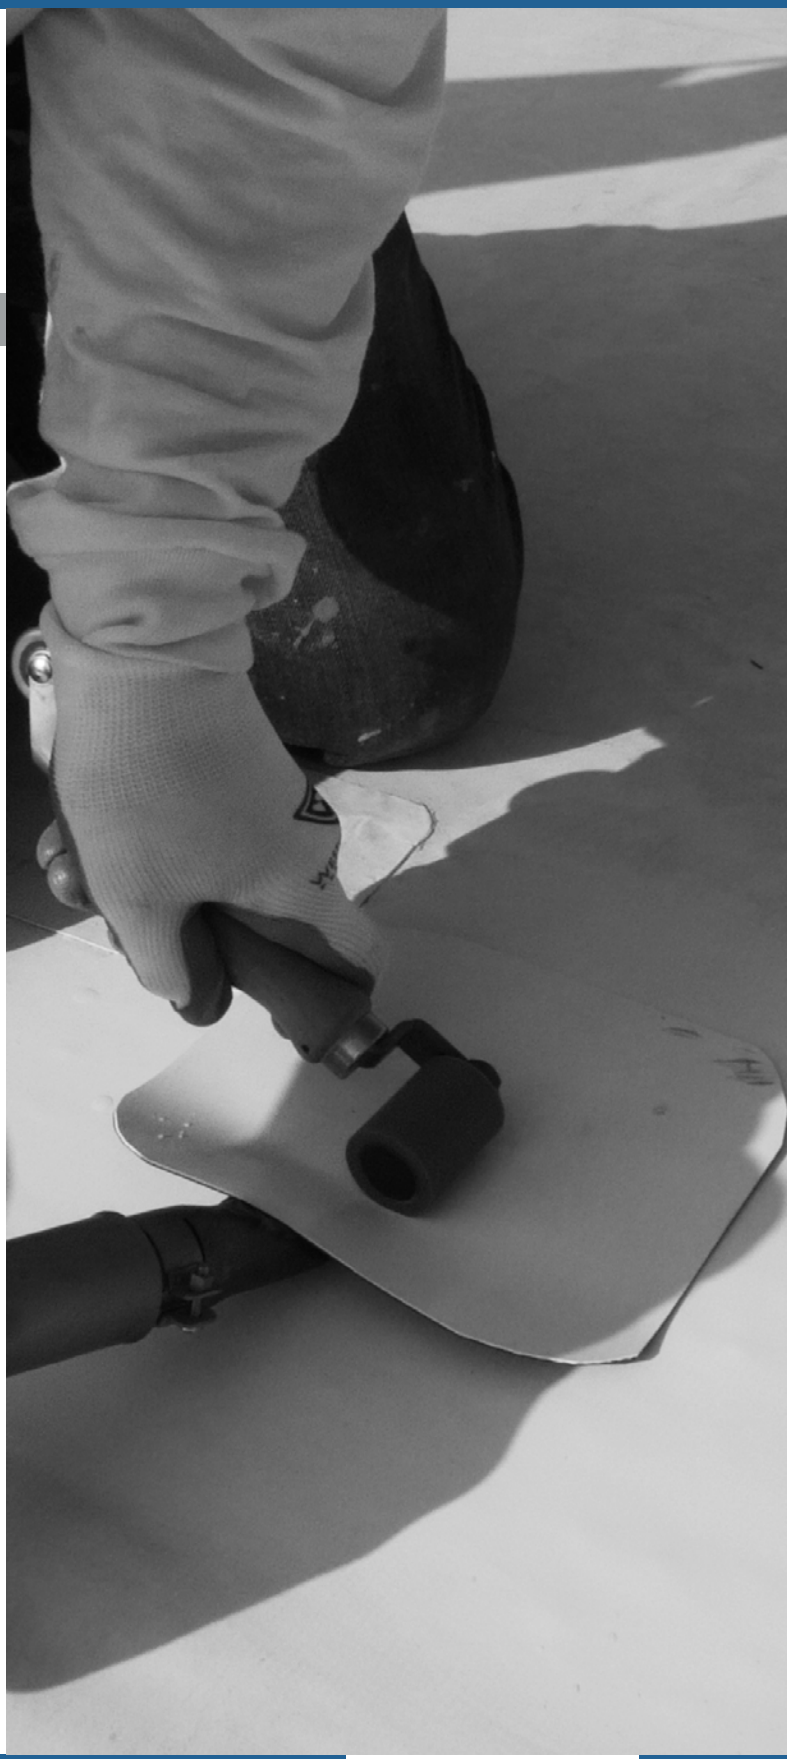
- 24-Hour Emergency Leak Response: OMNIA members can report leaks 24 hours a day, seven days a week, on our dedicated, toll-free hotline. The hotline logs the call for priority treatment, ensuring a fast, efficient response every time.

TremCare® PLATINUM

In addition to the services of TremCare® Gold, TremCare® Platinum takes both the worry and the costs out of leaks. Quite simply, the repairs are on us if the roof leaks.

Previously neglected roofs may require repairs or upgrades before TremCare® Platinum can be instituted. Eliminating additional costs for on-site visits to repair leaks also simplifies maintenance budgets. TremCare® Platinum is intended for non-Tremco roofing systems or Tremco roofs that are out of warranty.

Other Services



Thermocore® Roof Moisture Analysis

Provides a detailed thermal map of hidden moisture. The data can be used to focus repairs on the roof's problem areas, saving money on repair work.

TRACE® and ACT®

Can answer questions about a roof's make-up. The Tremco Roof Analysis Core Evaluation (TRACE) provides rigorous lab data on the construction, composition and condition of any built-up roofing system. ACT (Asbestos Core Testing) helps to accurately determine the exact percentage and type of asbestos found in each ply and the adhesive or mastic. ACT is included as part of a TRACE analysis.

Moisture probes are used to verify wet areas, and the results of the infrared survey are confirmed by taking core samples. Some physical testing is necessary to measure the quantity of moisture at the core site and details of the roof construction. All roof cores and moisture probes are immediately repaired with Tremco materials to ensure waterproofing continuity.

Leak Response

Water leaking into the building is not only a nuisance, it can also cause significant damage to the building and danger to visitors. WTI offers a full range of sophisticated analytical, maintenance and information-based services with one simple goal—to maximize the life of the roof and protect the value of the building.

Roof and building assets experience abuse every day from weather, movement, modifications and traffic. As roofs age, minor problems may occur such as tears and splits in the roof membrane, and cracks and deterioration of the walls. Although these defects may not be severe, if not repaired promptly they can become major problems and lead to a large capital expense.

WTI can provide professional crews to handle these maintenance issues. Offering timely service, superior workmanship and quality materials, our dedicated repair crews are available on either a contract or time-and-materials basis to meet budgetary needs.

- Advantages Of Utilizing WTI's Maintenance Crews
- Comprehensive up-front estimates
- Quality assurance of all materials and labor
- Dedicated personnel to handle patch and repair work
- Timely scheduling of work

Our crews perform a variety of roofing and building maintenance services

Flashing Repairs and Installation

The most common reason for premature roof failure is flashing problems. Our crews will repair or replace failing flashings with reinforcement membranes designed to be compatible with your roof system.

Drain and Curb Installations

Ponding water may also cause roof deterioration. Installation of new drains may alleviate this problem.

Emergency and Non-emergency Leak Repairs

Our crews are available to quickly repair any leaks, minimizing damage to an owner's building and assets.

Annual Roof Cleaning and Maintenance

Since most manufacturers recommend that roof systems receive regular inspections and maintenance, we are available to periodically inspect and clean all roof components.

Joint Sealing

Extreme weather changes, and the daily contraction and expansion associated with them, along with age and other problems can create cracks or open joints in your parapet walls and concrete surfaces. This can allow water to infiltrate your roof and building. Our crews can make these repairs before damage becomes a problem.

The system provides

- 24/7, 365 toll-free phone reporting leaks
- OLI® access for reporting leaks
- Customized call roster for proper dispatching

On-line leak tracking system (within OLI®) that provides

- Time and date of leak call reported
- Repair start date
- Repair completion date
- Cause of leak
- Before and after photos
- Printable report
- Additional scopes of work (if required)

SKYBEAM™

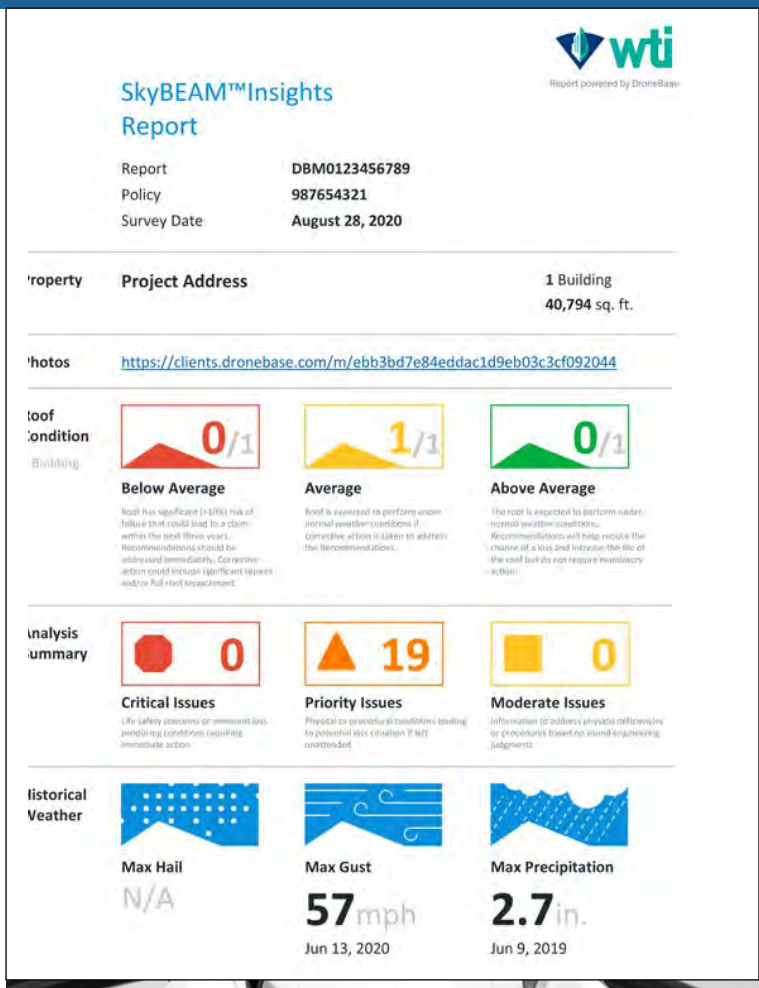
Collect and Analyze Building Data from Your Roofs and Facades Quickly, Thoroughly and Cost Effectively

OMNIA members need to know if their roofs and facades are in good shape, or damaged by problems like ponding water; holes, gaps and cracks; torn membranes; soaked insulation; spalling concrete. Are they airtight, or leaking energy? Are they safe? Building owners need to really know their condition in

order to plan well. But mapping roofs and facades, difficult at best, is prohibitive if buildings are hundreds of feet tall, cover acres or are part of a campus. There was no good way to do this until now. Until SkyBEAM™ from WTI.

The Future Of Facility Mapping Takes Off

The groundbreaking SkyBEAM™ (Building Envelope Asset Mapping) system is an unmanned aerial vehicle (UAV) with interchangeable, high-resolution still and infrared (IR, or thermal) cameras that help our customers understand the exact condition of their facilities before any work begins, and afterwards to ensure that the project was properly completed.



SkyBEAM™ gathers building data quickly, thoroughly and safely. One of our tens of thousands of licensed* UAV pilots in the US and Canada will program SkyBEAM™ to fly to a specific height, do the mapping and return. SkyBEAM™ can map tall buildings without scaffolding, identifying problems that would have been virtually impossible to find before. It can map buildings with millions of square feet of roofing in a few hours, yet is cost effective enough to use with much smaller facilities.

Pinpointing Building Energy Issues

SkyBEAM™'s infrared camera detects heat variations around the roof, which often result from wet insulation retaining heat longer than dry insulation. These variations usually mean that the building is losing energy. Thermal mapping is most effective at night when the sun is not heating the building. The SkyBEAM™ pilot flies the roof in a programmed pattern, taking numerous thermal photographs that are combined into a single large image (an orthomosaic) showing the location of irregularities that require verification. Technicians can then safely verify these areas during the day for removal, replacement or further analysis. Nobody sets foot on the roof in the dark to map it.

Exceptional Reporting Clearly Shows the Building's Condition

SkyBEAM™'s detailed reporting separates it from other UAV systems and is one of its great benefits, providing actionable data to use in making building decisions.

Report Offerings Include

SkyBEAM™ Birdseye	Detailed high-resolution photos taken from straight above the roof show its condition before and after a project.
SkyBEAM™ Insights	Detailed high-resolution photos and an analysis of any damage or areas of concern, exact roof measurements and an orthomosaic image. Optional 3D modeling can be added.
SkyBEAM™ Exterior	Exterior photographs and an interactive 3D model show the façade's condition.
SkyBEAM™ IR	Roof thermal images are compiled into a comprehensive, interactive, easy to understand report that clearly and accurately shows problem areas.

All data resides in our OLI® OnLine Information system for easy access.

Nothing Else is Like SkyBEAM™

SkyBEAM™ gives accurate visual evidence about your buildings' condition, especially difficult-to-map areas. It helps to improve facility maintenance planning and budgeting, is the safest way to conduct nighttime thermal mapping, and helps technicians maximize their time as they easily locate and repair rooftop damage.

With tens of thousands of licensed pilots, the use of artificial intelligence to capture a wide range of information about facility assets and provide detailed reports, and a history that includes being the first FAA-approved UAV for nighttime commercial use, SkyBEAM™ is one more example of how Tremco Roofing's innovations can help OMNIA members.

QUALIFICATIONS AND EXPERIENCE

GENERAL CONTRACTING

With decades of experience delivering professional construction and construction management services to building owners throughout the United States, WTI understands the complex issues faced by facility managers today. Aged infrastructures, budget and time constraints, rising energy costs and rapidly evolving sustainable solutions combine to challenge high performance building goals. Only a professional construction firm with deep technical expertise and broad project management experience can deliver the breadth of services needed by building owners today.

WE OFFER OUR CUSTOMERS A COMPLETE LINE OF HIGH-PERFORMANCE ENVELOPE SOLUTIONS

- Fluid applied
- Coatings
- Built-Up
- Modified Bitumen
- Metal
- Single Ply
- Vegetated
- Photovoltaic
- Exterior Sealants
- Exterior Wall Solutions for Brick, Block, Concrete, EIFS

WTI specializes in integrated repair, restoration and retrofit services designed to help our customers improve building performance while reducing life-cycle costs. As a subsidiary of Tremco Incorporated, WTI general contracting capabilities have grown over the years from expert roof management programs to whole building solutions.

Integrated Building Repair and Restoration Services

Because buildings are complex systems, WTI's approach to facility repairs and renovation is based upon a thorough understanding of the relationship between building components. Changing one component may have repercussions throughout the building. That's why we take a holistic approach to building restoration and start with a thorough understanding of the owner's long-term goals for the building.

QUALIFICATIONS AND EXPERIENCE

The Key to Time-Saving, Quality, and Cost-Effective Roofing Projects

Maintaining the quality and control of your building envelope projects can be challenging, if not impossible, in the face of your daily responsibilities. Construction Management Services from WTI takes managing roofing projects off your plate, and puts experts in charge of the intensive, time-consuming, daily demands of administration, budgeting, scheduling, quality control and on-site supervision.

When it comes to safeguarding your building envelope investment, relying on warranties is not enough. The best protection is a properly managed project, helping building repairs to last longer and effectively lower costs per square foot per year over their extended life.

Areas of Expertise

- Roof repair, restoration, and replacement
- Facade repair and restoration
- Sustainable technologies & renewable energy solutions
- Whole building retrofits
- HVAC system upgrades
- Parking structure repair and restoration
- Asphalt paving, repair and replacement
- Interior renovation
- Facility asset management programs
- Air barrier solutions

WTI and Tremco have demonstrated their commitment to building envelope excellence by helping thousands of customers in numerous industries, maximizing their investment in their building envelope, and providing peace of mind that their building assets are performing at peak efficiency.

Our products and services have a strong reputation in the marketplace. In fact, they have been used by clients nationwide for nearly 100 years.

QUALIFICATIONS AND EXPERIENCE

MY T.E.A.M.

Cost Controlled Building Life-cycle Management Maximize building durability, property value and aesthetics.

My T.E.A.M. is a flexible data-driven program designed to prioritize owner needs while cost effectively managing all aspects of building ownership.Tremco's TEAM approach will diminish building owner and facility manager risk by helping to prioritize critical repairs, reduce or eliminate accidents and surprises, while staying on schedule and controlling costs.

iv. Describe the experience and qualification of key employees

With more than 60 years of experience, WTI is licensed in virtually every state in the nation to perform as a general contractor as well as provide roofing and building envelope services. The organization chart for the Roofing Products, Services and Job-Order-Contracting (JOC) Services contract below identifies the key positions responsible for contract implementation, marketing, and performing job orders. This organizational structure has performed for Region 4 ESC for more than 19 years and over 11 cooperative contracts, demonstrating our ability to meet the needs of public agencies nationwide.

Copies of resumes for key team members are available to OMNIA members upon request.

v. Describe Offeror's experience working with the government sector.

WTI and Tremco has an extensive and long history working with the government sector at every level: local, state, and federal. WTI and Tremco support our government sector customers with the construction industry's most comprehensive offering of roofing solutions and services, and building envelope expertise, to help keep facilities sound and watertight long into the future.

We have helped thousands of government sector customers achieve their building asset goals, many of them through our long association with OMNIA Partners.

WTI and Tremco has successfully teamed with Region 4 ESC and OMNIA to offer a cooperative contract that meets the diverse needs of public agency facility management, construction managers, maintenance staff and procurement officials.

We recognize that identifying the problem and defining the technical solution for government sector entities only solves part of the problem. WTI understands that government sector customers need to procure products and services as quickly and economically as possible, without sacrificing quality, performance, or transparency. WTI's proven history in the public sector demonstrates our ability to service this important market.

Types of Government Sector Customer

- K-12 Schools
- Higher Education
- State Vocational Schools
- State Agencies
- Cities/Municipalities
- Counties
- Housing Authorities
- Airports
- Water Districts
- Hospitals

We have worked with public agencies across the country for decades and understand their operational needs and budget challenges. And because their goals are our goals, we continually advance our own capabilities to offer a suite of solutions as customizable as they are turnkey.

vi. Describe past litigation, bankruptcy, reorganization, state investigations of entity or current officers and directors.

Weatherproofing Technologies, Inc. (WTI) is a nationwide provider of roofing, building envelope and other construction services. In this role, WTI is sometimes involved in litigation matters, but no pending or anticipated litigation is any way material from a financial standpoint either as to potential liability or requested remedies. No pending litigation, nor any that we anticipate at this time, will in any way interfere with our ability to complete service public agencies in accordance with OMNIA contractual requirements. In further response, over the last five years, WTI has no litigation resulting in a judgment against the company.

vii. References: Provide a minimum of 5 public agency customer references relating to the products and services within this RFP. Two (2) of these customer references should be for projects delivered through the job order contracting (JOC) delivery method. All references should be for services within the past three (3) years. Include entity name, contact name and title, contact phone and email, city, state, years serviced, description of services and annual volume.

References are available to OMNIA members upon request.

viii. Subcontracting Plan and/or Explanation of Applicable Affiliate Relationships -Offeror shall submit a subcontracting plan with their submittal. This plan will explain the subcontracting procedures providing assurances that the subcontractors meet the same high standards as the contractor. This will include a subcontractor's log, subcontractor qualification form, felony conviction notice and child and sex offender notice. This plan will also address how the Offeror will implement this safety plan with subcontractors (may reference the Offeror's safety plan). The subcontractors will be held to the same standards as the Awarded Offeror.

A distinct portion of the subcontracting plan must deal with attracting, utilizing and mentoring small and disadvantaged businesses including how your company will attract these firms. Describe how your company will institute a prompt payment plan upon completion and acceptance of their work and how your company will make progress payments to subcontractors on long term job orders.

The Offeror shall submit a plan detailing the relationship with any applicable affiliates that may do work under this contract. This submittal should include, but is not limited to, work history, credentials, PO processes, and process to maintain upstanding workmanship and service.

WTI and Tremco's Small and Minority Business alliances are designed to meet both roofing and weatherproofing needs as well as socio-economic goals. With a network of 8(a), Service Disabled Veteran-Owned, HUBZone and other roofing and general construction contractors, we provide a full range of services to our customers that meet not only "Best Value" requirements but also mandates regarding disadvantaged and underutilized small businesses.

Drawing on decades of extensive experience providing turnkey roofing, building envelope and facility management solutions to customers in government, education, healthcare and many other industries, we work to enhance business opportunities in those sectors for small and minority businesses. Whenever possible, the small and minority businesses we work with are based near project sites in order to minimize mobilization and demobilization costs. We also leverage our partners' knowledge of local working conditions, regulatory requirements and the availability of local suppliers. The program allows us to share our extensive experience and technical expertise with each small/minority business contractor, thereby ensuring the same quality workmanship that all Tremco Roofing contractors deliver.

WTI and Tremco has the unique ability to integrate quality assurance plans within each contract in order to measure the quantity, quality and timeliness of all products and services delivered. Most importantly, our combined capabilities provide a full array of services to meet the diverse needs of our government and public sector customers.

With 90+ years of experience supporting small business subcontractors, we consistently select subcontractors capable of executing the work to ensure every customer's satisfaction. Regarding this need to exceed our customer's expectations, we monitor the subcontractor's schedule on multiple job orders to eliminate risk of overloading. This initiative allows us to firmly manage subcontractors while maintaining costs and schedule. Tremco's success with women-owned, minority-owned and small business enterprises derives from treating subcontractors fairly and ensuring timely payment for services rendered.

WTI and Tremco clearly demonstrate an unwavering commitment to our entire current and fast-growing list of future subcontractors and small business partners. More specifically, the opportunities presented with this contract would help us grow our strategic small business partner alliances. WTI and Tremco are committed to making a good faith effort to ensure project management and judicious treatment of subcontractors. As such, we will make every attempt—both formally and informally—to establish and maintain an ongoing dialogue with these key contributors. Our intent is to build

strong working relationships, which are invaluable when a particular project requires a special, accelerated time frame or an extraordinary level of teamwork to meet a performance objective.

Tremco's criteria for selection of subcontractors is based on standards established by the NRCA. NRCA suggests that the contractor be a professional roofing contractor which meets or exceeds certain qualifications. Tremco has developed a Certified Contractor Program to exceed NRCA-suggested requirements as outlined below.

NRCA Requirement	Tremco Requirement
A Permanent Place of Business	
Knowledge of Roofing Systems	
Insured and Committed to Safety	
Licensed and Bonded	
Financial Stability	
Application Expertise	
Warranty	
Completed Projects	
Provisions for On-Site Supervision	
Professional Maintenance Program	

Tremco has two levels for subcontractor certification—Approved and Certified.

Approved	Certified

After being qualified as an Approved or Certified subcontractor, at a minimum, final subcontractor selection for a specific project will be based on a best value evaluation considering the following areas:

- Past performance/experience in work scope
- Availability of manpower and resources to meet project schedule
- Schedule commitment on existing projects
- Location of subcontractor in relation to project site
- Rapid response/emergency response capabilities
- Current DUNS and CAGE numbers
- Ability to provide appropriate insurance and bonding

Our subcontracting plans are created on a project by project basis, however, all of our subcontracting plans include the above-referenced information at a minimum to ensure that our customers receive both quality and safety-related essential standards at the forefront of every project. Surveillance and Performance: WTI mandates that work performed by subcontractors is held to the same standards as self-performed tasks. Subcontractor work is monitored for progress, quality and safety. WTI's Superintendent manages subcontractor progress for adherence to the subcontract agreement and the QC Plan. In this role, the Superintendent is monitoring each subcontractor's workload and resources against the upcoming schedule of work they are contracted to perform. The Superintendent also coordinates with the Construction Manager so that the delivery order is being constructed according to subcontract agreements and delivery-order specifications. The Superintendent conducts Weekly Status Meetings with each subcontractor's Project Manager or Foreman to review schedule, quality, safety, cleanliness, on-site professionalism, critical issues and communication. Our commitment to quick and accurate subcontractor payments benefits the subcontractors and participating agencies with improved timeliness and quality.

Scheduling

Once the Construction Manager and Superintendent determine the tasks that will be self-performed and subcontracted, they identify fast-track and long-lead items before putting the subcontracted tasks out to bid. Our bidding process includes a schedule for each scope of work that is discussed with bidders so that any scheduling conflicts are identified during the selection process. Through our subcontractor-selection process, we select quality subcontractors capable of meeting the scheduling requirements of the delivery orders. WTI then develops a preliminary schedule and timelines based on information received from subcontractors during the bidding phase. The subcontractor's final performance period and schedule are included in a signed subcontract agreement.

Subcontractors Log

WTI requires completion of a Subcontractor Log as part of each delivery order. The Superintendent will maintain and update the Subcontractor Log onsite during performance of field activities to reflect the firms involved and the tasks they perform.

Subcontractor Qualification Form

WTI tasks the Construction Manager with overseeing the subcontractor-selection process. Working in conjunction with the Superintendent, the Construction Manager will utilize a best-value selection approach. Based on the scope of work for individual delivery orders, subcontractors are notified of upcoming bids. In addition to requesting cost/price proposals, the Construction Manager evaluates technical expertise and reliability including the specific items below.

- Past performance/experience in work scope
- Past performance/experience for Omnia
- Availability of manpower and resources to meet delivery-order schedule
- Schedule commitment on existing delivery orders
- Location of subcontractor in relation to delivery-order site
- Rapid-response/emergency-response capabilities
- Ability to provide appropriate insurance and bonding

Felony Conviction Notice and Child and Sex Offender Notice

Subcontractors selected to perform on individual delivery orders will be required to complete and submit a Felony Conviction Notice and Child and Sex Offender Notice for personnel. These forms will be submitted to Omnia and/or participating agencies as required by the contract.

Subcontractor Payments

WTI will make progress payments to subcontractors based upon applications for payment submitted by the subcontractors. Subcontractors are required to submit monthly requisitions for payment for work completed during the preceding month unless the billings requirements of the participating agency contract documents specify otherwise, and those requirements supersede these provisions. WTI will issue progress payments on properly submitted requisitions relating to work performed in accordance with the contract documents o a net 30 basis from receipt unless different terms are expressly provided in the contract documents. The amount of each progress payment to the subcontractor will be equal to the following:

- The percentage of completion for the work of the subcontractor on a monthly basis and in accordance with the contract
- Plus, the amount allowed for materials (if any)
- Less the aggregate of previous payments to the subcontractor, and less 10% or specified retainage

Retainage will be held until the DO has received the final inspection and has been accepted by the participating agency. We will not be required to pay subcontractors more than received for our work.

Final payment, constituting the entire unpaid balance of the contract sum, will be made to subcontractors when the work has been completed to the satisfaction of WTI, Region 4 ESC, Omnia members and public agencies.

ix. Provide any additional information relevant to this section.

COOPERATIVE CONTRACT DELIVERY METHOD

In addition to the traditional services we have outlined in this proposal, we are excited to continue to offer the proven Contractor Network delivery model, which is highly desired by participating agencies. The Contractor Network allows participating agencies to capitalize on a network of highly qualified, local, best in-class and pre-qualified contractors to perform Roofing and Job Order Contracting (JOC) services. JOC projects will be limited to roofing, building envelope,

WTI's parent company, Tremco, provides both technical and administrative support throughout the project as well as assumes the responsibilities outlined below.

LOCAL/REGIONAL CONTRACTOR SUPPORT

QUALIFICATIONS AND EXPERIENCE

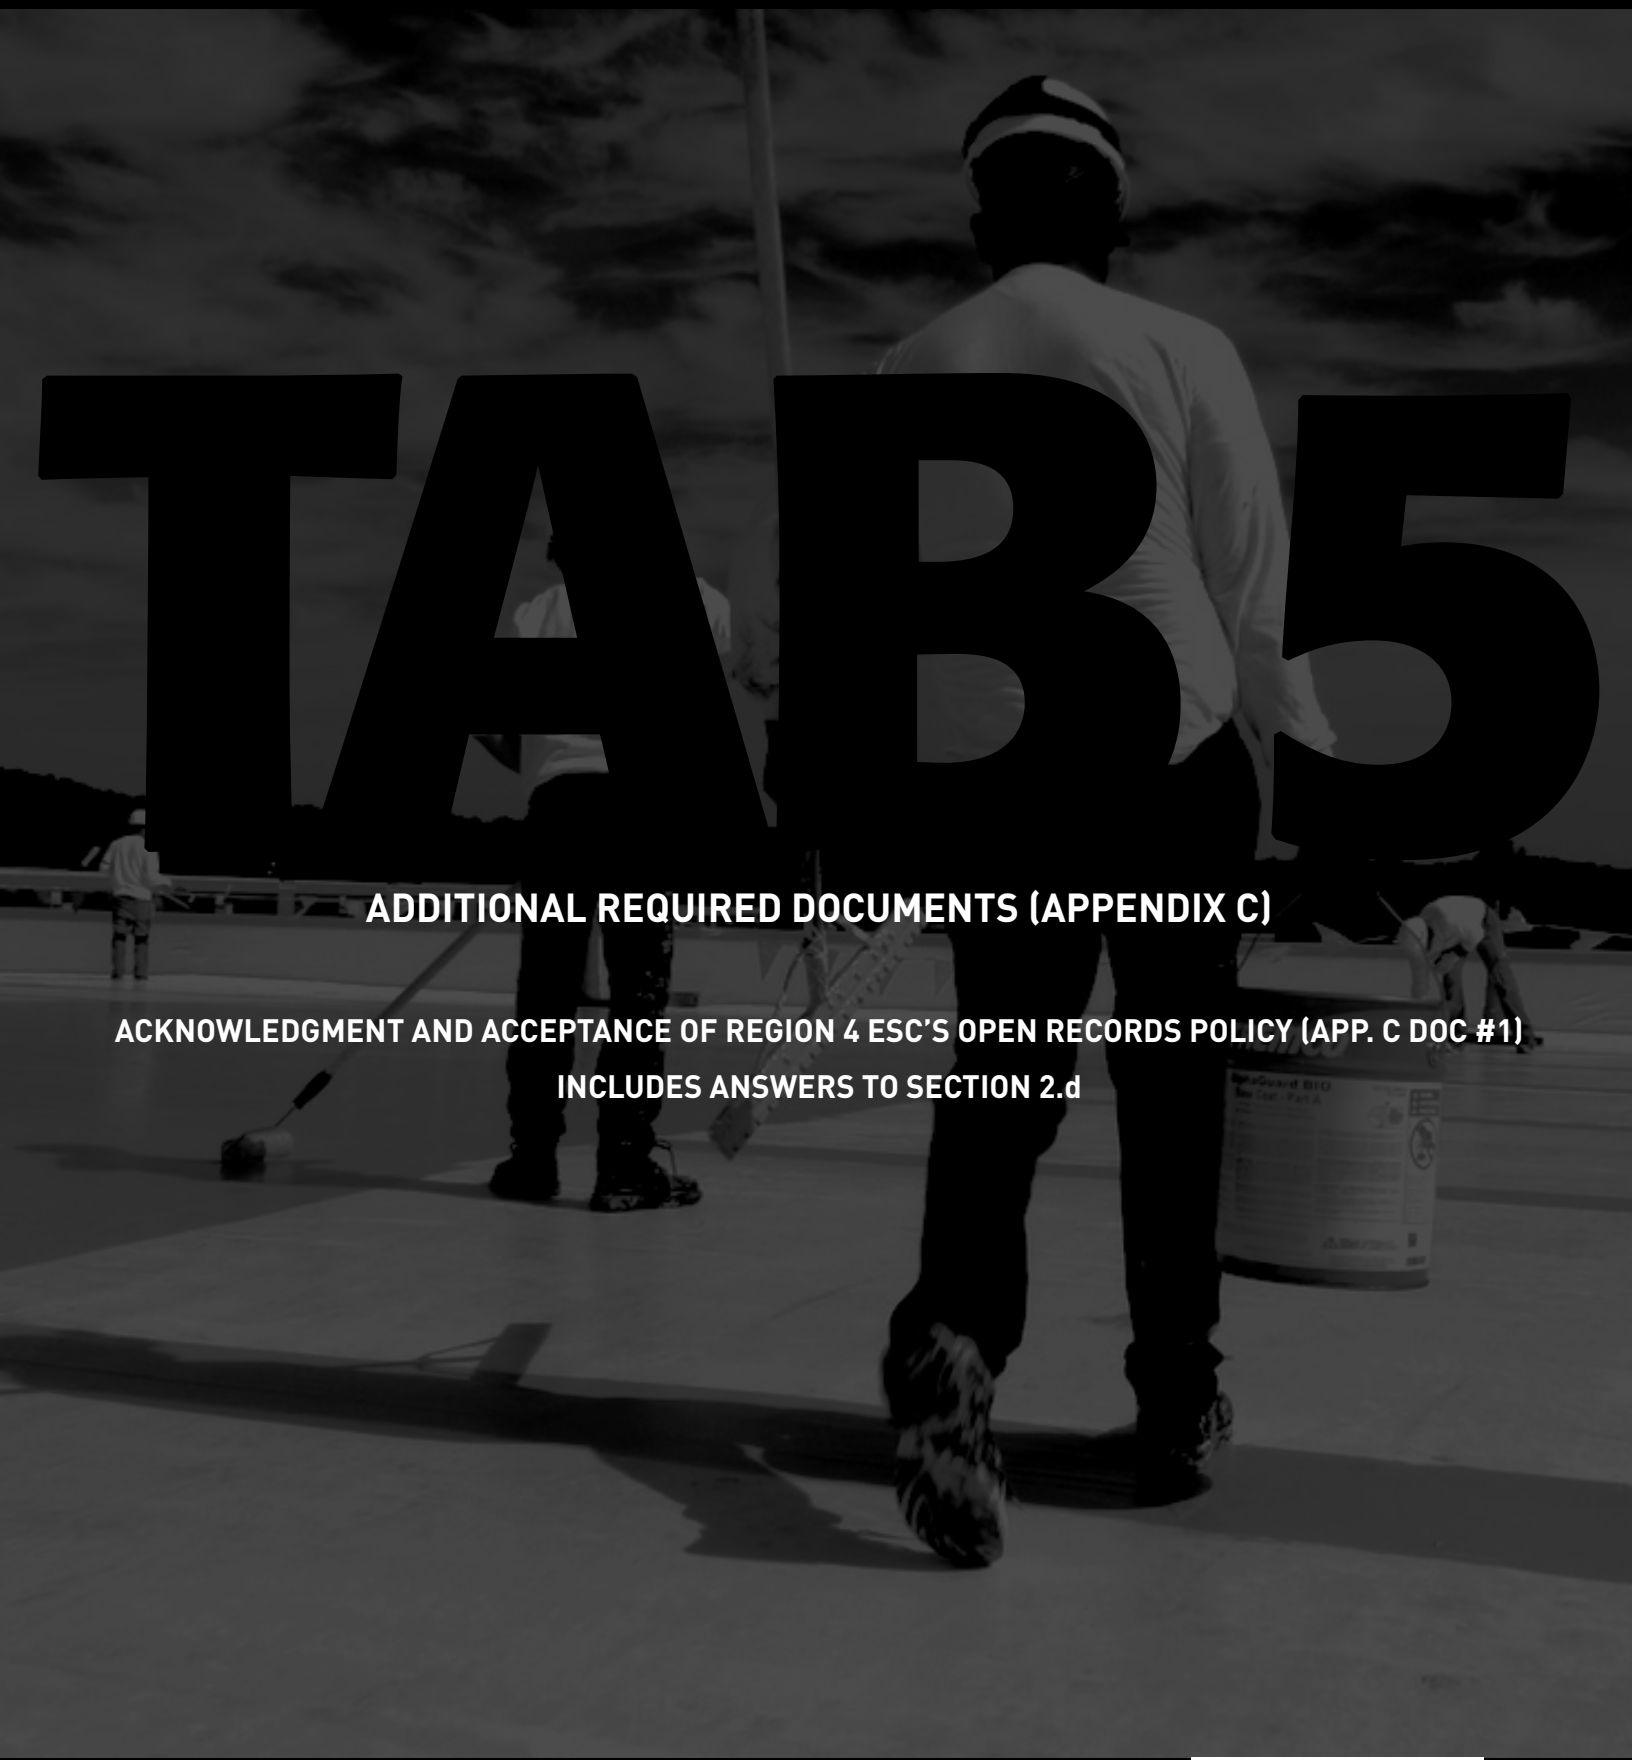
Each company in the Contractor Network included in the Value Add has applied, met the programs stipulated criteria, been fully vetted, and previously accepted into the program by Region 4 Education Service Center. Each has met the following pre-established selection criteria and meets and exceeds standards established by the NRCA. In addition, In-Network Contractors must also meet the additional requirements to become accepted and remain part of the Network.

NRCA Requirements	Additional Network Contractor Requirements
• A Permanent Place of Business • Knowledge of Roofing Systems • Insured and Committed to Safety • Licensed and Bonded • Financial Stability • Application Expertise • Past performance • Provisions for On-Site Supervision • Professional Maintenance Programs	

Adding New Contractors to the Contractor Network

Contractor Network Resources

The National Cooperative Contractor Network roster lists the individual pre-qualified and In-Network contractors that are independently owned and part of this RFP response. This roster was previously accepted into the program by Region 4 Education Service Center under OMNIA Contract #R180903 and will be updated in accordance with the process of adding contractors outlined above.



CONTRACTOR NETWORK METHOD OF DELIVERY PROCESS

Contractor Network Roster as of June 2023

Our complete copy of our contractor network list is available to OMNIA members upon request.

ACKNOWLEDGMENT AND ACCEPTANCE

OF REGION 4 ESC's OPEN RECORDS POLICY

OPEN RECORDS POLICY

All proposals, information and documents submitted are subject to the Public Information Act requirements governed by the State of Texas once a Contract(s) is executed. If an Offeror believes its response, or parts of its response, may be exempted from disclosure, the Offeror must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt and include detailed reasons to substantiate the exemption. Price is not confidential and will not be withheld. Any unmarked information will be considered public information and released, if requested under the Public Information Act.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any Offeror. Offeror is advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

Signature below certifies complete acceptance of Region 4 ESC's Open Records Policy, except as noted below (additional pages may be attached, if necessary).

Check one of the following responses to the Acknowledgment and Acceptance of Region 4 ESC's Open Records Policy below:

☐ We acknowledge Region 4 ESC's Open Records Policy and declare that no information submitted with this proposal, or any part of our proposal, is exempt from disclosure under the Public Information Act.

☒ We declare the following information to be a trade secret or proprietary and exempt from disclosure under the Public Information Act.

(Note: Offeror must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, Offeror must include detailed reasons to substantiate the exemption(s). Price is not confident and will not be withheld. All information believed to be a trade secret or proprietary must be listed. It is further understood that failure to identify such information, in strict accordance with the instructions, will result in that information being considered public information and released, if requested under the Public Information Act.)

Appendix C, DOC # 3

Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least $1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

Staring on January 1, 2016, the commission made available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. This process is known as acknowledging the certificate. The commission will post the acknowledged Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency. The posted acknowledged form does not contain the declaration of signature information provided by the business.

A certificate will stay in the pending state until it is acknowledged by the governmental agency. Only acknowledged certificates are posted to the commission's website.

Texas Government Code 2270 Verification Form

House Bill 89 (85R Legislative Session), which adds Chapter 2270 to the Texas Government Code, provides that a governmental entity may not enter into a contract with a company without verification that the contracting vendor does not and will not boycott Israel during the term of the contract.

Furthermore, Senate Bill 252 (85R Legislative Session), which amends Chapter 2252 of the Texas Government Code to add Subchapter F, prohibits contracting with a company engaged in business with Iran, Sudan or a foreign terrorist organization identified on a list prepared by the Texas Comptroller.

I, J.K. Milliken, President, as an authorized representative of

Weatherproofing Technologies Inc., a contractor engaged by

Insert Name of Company

Region 4 Education Service Center, 7145 West Tidwell Road, Houston, TX 77092, verify by this writing that the above-named company affirms that it (1) does not boycott Israel; and (2) will not boycott Israel during the term of this contract, or any contract with the above-named Texas governmental entity in the future.

Also, our company is not listed on and we do not do business with companies that are on the Texas Comptroller of Public Accounts list of Designated Foreign Terrorists Organizations found at https://comptroller.texas.gov/purchasing/docs/foreign-terrorist.pdf.

I further affirm that if our company's position on this issue is reversed and this affirmation is no longer valid, that the above-named Texas governmental entity will be notified in writing within one (1) business day and we understand that our company's failure to affirm and comply with the requirements of Texas Government Code 2270 et seq. shall be grounds for immediate contract termination without penalty to the above-named Texas governmental entity.

I swear and affirm that the above is true and correct.

Appendix C, DOC #5

FELONY CONVICTION NOTIFICATION

Section 44.034, Texas Education Code, Notification of Criminal History, Subsection (a), states "A person or business entity that enters into a contract with a school district must give advance notice to the district if the person or an owner or operator of the business entity has been convicted of a felony. The notice must include a general description of the conduct resulting in the conviction of a felony."

Subsection (b) states "A school district may terminate a contract with a person or business entity if the district determines that the person or business entity failed to give notice as required by Subsection (a) or misrepresented the conduct resulting in the conviction. The district must compensate the person or business entity for services performed before the termination of the contract."

This Notice is Not Required of a Publicly-Held Corporation

CRIMINAL HISTORY REVIEW OF CONTRACTOR EMPLOYEES

Offeror shall review §22.0834, Texas Education Code and 19 Texas Administrative Code §§153.1101 and 153.1117 regarding criminal history checks of school contractor employees. The rules define continuing duties related to contracted services, direct contact with students, covered contract employee and other relevant terms within the statute.

Except as otherwise provided herein, Offeror will obtain and certify in writing, before work begins, that the Offeror has received all criminal history record information that relates to an employee, applicant, agent or Subcontractor of the Offeror/Contractor or Subcontractor, if the person has or will have continuing duties related to the contracted services, and the duties are or will be performed on Region 4 ESC's, or Participating Public Agency as applicable to the Texas Education Code, property where students are regularly present or at another location where students are regularly present. Awarded Offer(s) shall assume all expenses associated with the background checks and shall immediately remove any employee or agency who was convicted of, receive probation for, or received deferred adjudication for any felony as outlined below or any misdemeanor involving moral turpitude, from Region 4 ESC's property or other location where students are regularly present.

Offeror/Contractor or sub-contractors may not work on Region 4 ESC's, or Participating Public Agency where the Texas Education Code may be applicable, property where students are present when they have been convicted, received probation, or deferred adjudication for the following felony offenses:

1. Any offense against a person who was, at the time the offense occurred, under 18 years of age or enrolled at a public school;

2. Any sex offense;

3. Any crimes against persons involving:

   a. Controlled substances; or

   b. Property; or

4. Any other offense Region 4 ESC, or Participating Public Agency where the Texas Education Code may be applicable, believes might compromise the safety of students, employees or property.

I, J.K. Milliken, President, as an authorized representative of Weatherproofing Technologies Inc., the Offeror verify that:

A. My company **is not** owned nor operated by anyone who has been convicted of a felony.

Signature of Company Official: JK Milliken/ss Date: 6/14/2023

B. My company **is owned** or operated by the following individual(s) who has/have been convicted of a felony:

Name of Felon(s): _____

Details of Conviction(s) : _____

Date: _____

C. My company is a **publicly held** corporate, therefore, this reporting requirement is not applicable.

Signature of Company Official: _____ Date: _____

TAB 6

Value Added Services

i. Provide any additional information related to products and services Offeror proposes to enhance and add value to the Contract.

3. Competitive Range: It may be necessary to establish a competitive range. Factors from the predetermined criteria will be used to make this determination. Responses not in the competitive range will not receive further award consideration. Region 4 ESC may determine establishing a competitive range is not necessary.

Acknowledged

4. Past Performance: An Offeror's past performance and actions are relevant in determining whether or not the Offeror is likely to provide quality goods and services; the administrative aspects of performance; the Offeror's history of reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the Offeror's businesslike concern for the interests of the customer may be taken into consideration when evaluating proposals, although not specifically mentioned in the RFP.

WTI has a long and successful working history with OMNIA Partners and it's members. I

5. Additional Investigations: Region 4 ESC reserves the right to make such additional investigations as it deems necessary to establish the capability of any Offeror.

Acknowledged

VALUE ADDED SERVICES

Our subcontracting plans are created on a project by project basis, however, all of our subcontracting plans include the above-referenced information at a minimum to ensure that our customers receive both quality and safety-related essential standards at the forefront of every project.

COOPERATIVE CONTRACT DELIVERY METHOD

In addition to the traditional services we have outlined in this proposal, we are excited to continue to offer the proven Contractor Network delivery model, which is highly desired by participating agencies. The Contractor Network allows participating agencies to capitalize on a network of highly qualified, local, best in-class and pre-qualified contractors to perform Roofing and Job Order Contracting (JOC) services. JOC projects will be limited to roofing, building envelope, restoration, and related services. Within this delivery model, WTI's parent company, Tremco, provides Program Administration to support the Contractor Network Program. This delivery model provides an opportunity to work with a growing number of public agencies that desire to work with their preferred, local, best in-class contractors, in collaboration with WTI and its parent company Tremco. This delivery model is significant in that it satisfies OMNIA's desire for a national contract for roofing products and services and JOC services while providing OMNIA's Members a valuable delivery model to utilize the OMNIA contract.

The Contractor Network allows participating agencies direct access to local, pre-qualified, best-in-class contractors. In this delivery model, Tremco provides Program Administration of the process and provides performance based and warranted technical solutions. The Contractor Network Delivery Model, like other models proposed, provides outstanding roofing performance, which is backed by warranties and maintenance agreements to provide participating agencies comprehensive roofing and building envelope asset management. Further, the Contractor Network Delivery Model will engage the design community due to its transparency and the fact that the services can be competitively proposed locally. This value-added offering along with our general contracting and material only offerings, allows OMNIA participating agencies to select the delivery model option that best suits their needs and requirements.

Key Benefits of The National Cooperative Contractor Network Delivery Model to OMNIA Partners

WTI's parent company, Tremco, provides both technical and administrative support throughout the project as well as assumes the responsibilities outlined below.

LOCAL/REGIONAL CONTRACTOR SUPPORT

NRCA Requirements	Additional Network Contractor Requirements
• A Permanent Place of Business • Knowledge of Roofing Systems • Insured and Committed to Safety • Licensed and Bonded • Financial Stability • Application Expertise • Past performance • Provisions for On-Site Supervision • Professional Maintenance Programs	

Adding New Contractors to the Contractor Network

At WTI and Tremco safety is the cornerstone of our business—leading with safety every day. Our robust safety culture and practices, as well as our industry-leading safety products and services offering, are designed to make your roof as safe as possible.

Our commitment to safety stems from our passion to protect a company's most valuable assets, its employees. We're all aware that building envelope services is one of the most dangerous businesses in construction, and serious workplace injuries or death change lives forever—for families, friends, as well as our coworkers.

With our commitment to having the best trained and equipped workforce in the industry, we naturally look to extend this same commitment to helping our customers possess the needed solutions and training to ensure their employees and service vendors are safe when working and accessing their roof.

DRIVING LASTING CUSTOMER VALUE AND PROMOTING SUSTAINABILITY

Building a Better World means committing to continuous improvement and investing in safer, greener products and processes that benefit our customers, end users and the environment.

As a global company, RPM is committed to creating lasting value for customers through innovative solutions, while thoughtfully adopting sustainable approaches in the utilization of human and natural resources. Our sustainability journey springs from our core values and comprises a more formal focus on our internal Footprint and an outward look on our Handprint - the impact of our products, services and processes on the environment.

We are particularly proud of the many RPM products, services and processes that drive sustainability by helping customers reduce their environmental impact. As we look to shape the future responsibly, we are integrating Blueprint concepts, rethinking business models, and collaborating with leading edge partners to continually improve our impact.

Transforming the World One Roof at a Time

WTI and Tremco have been partnering with many companies to help them achieve their conservation and sustainability goals through green living roofs. Our goal, to transform the world into a greener place one roof at a time. But green roofs are more than just an environmental benefit. They also provide beautiful and restful places that employees and customers can enjoy to help lower stress levels and provide a better quality of workplace and shopping experience.

In these trying times, that don't seem to be going away, this will become more and more of a factor in hiring quality employees and attracting customers.

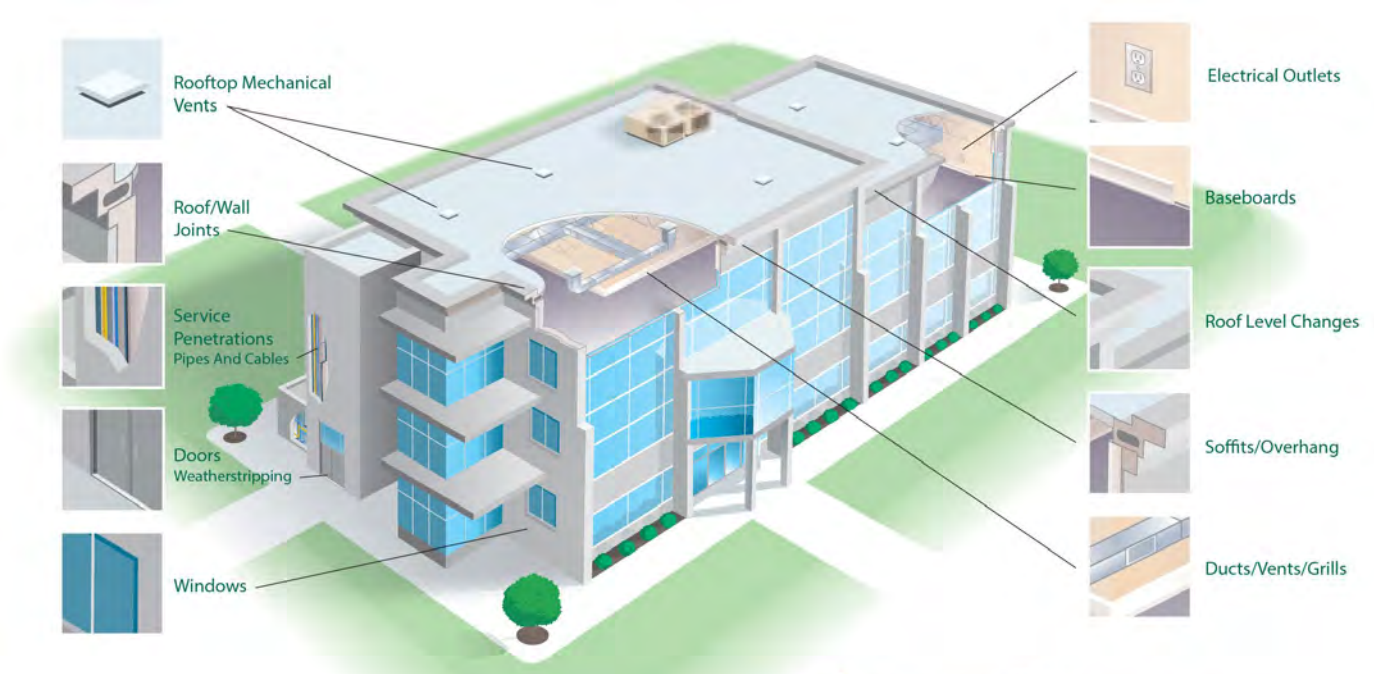
VALUE ADD
CANAM

According to the Department of Energy, more than 10% of all energy use is attributed to the condition of building envelopes. If buildings leak due to faulty original construction, age, or poor envelope construction, unintentional air infiltration can result costing OMNIA members up to 40% more for heating and 15% more for cooling.

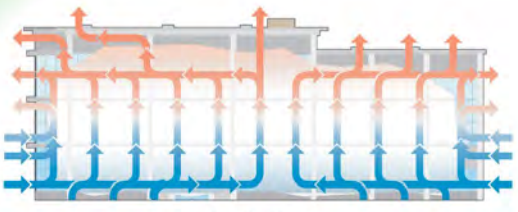
The solution is an air barrier audit to identify the leak sources and an air barrier system installation to control air leaks.

Integrated Solutions

Canam Building Envelope Specialists, part of the Tremco Construction Products Group, offers a unique combination of air barrier solutions, from testing through system installation. A leader in building envelope solutions for more than 25 years, Canam provides air barrier audits, retrofit installations and testing.



The Leak Effect



While your building may seem airtight, tiny holes may exist in parts of your building envelope. These openings, coupled with air pressure differentials, result in air leakage and higher utility bills.

Defects in building envelopes can vary dramatically due to building age, the environment, and previous maintenance. Whether it's a crack in the curtain wall or faulty weatherstripping, our experienced technicians deliver customized, proven air barrier solutions.

Reach Your Building Envelope's Full Potential

Air barrier solutions can help OMNIA members find their building's energy efficient potential. Pair energy savings with the likely increase in a building's longevity, and OMNIA members will see why "sealing the envelope" makes such good financial and environmental sense.

Stack Effect

VALUE ADD
WTI/PURE AIR CONTROL SYSTEMS

Indoor Air Quality (IAQ) & HVAC System Testing & Restoration

IAQ has become one of the most important components to help providing a safe and healthy environment for building occupants.

Humans spend 90% of our time indoors and breathe around 3,000 gallons of air a day. Serious pollutants can cause certain allergic reactions, respiratory issues and other long-term health complications. The quality of indoor air is critical for good health.

WTI/Pure Air Controls Systems provides indoor environmental testing & evaluations, microbiological testing & analysis, and HVAC, building, and mold remediation to help improve building health and occupant well-being. From diagnostics to repair and remediation, our team of experts can tell you if your indoor air quality is at risk of being compromised and perform the work to safeguard it from the consequences of unwanted air infiltration.

The HVAC system can be viewed as the cardiovascular and respiratory system of a building. The air handler is the heart of the system since this is where outdoor air is drawn in, filtered, conditioned and mixed with return air. This "supply" air is then distributed through a network of ducts to and from areas of the building. Basic components include dampers, fans or blowers, heating and cooling coils, air filters, boilers or furnaces, compressors, and ductwork.

Routine preventive maintenance is the key to avoiding premature wear and tear on components that can lead to costly repair or early replacement. Therefore, it is critical to perform routine cleaning and do minor repairs, extending equipment life and allowing for scheduled major repairs or replacements when it has less impact on disrupting business.

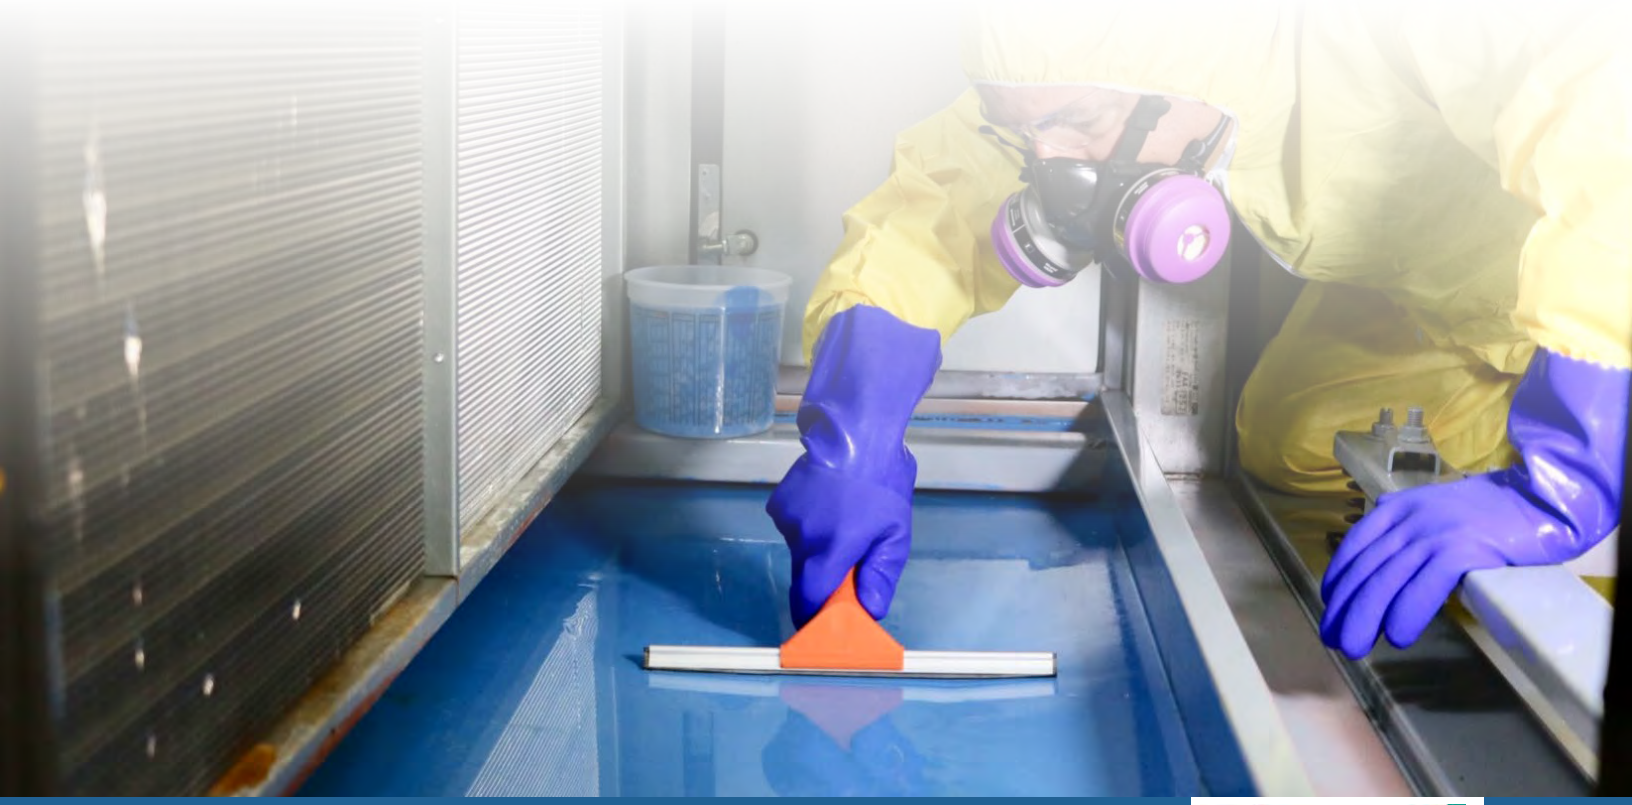
VALUE ADD
WTI/PURE AIR CONTROL SYSTEMS

We will visually evaluate your HVAC System, paying close attention to the condition of the air handler unit (AHU), evaporator coils, pan, rails, and blower. Our primary interest is to detect signs of allergens. We will also have a look at the ducts for microbial growth, dust, debris or other obstructions.

Our team of building scientists can perform tests for differential pressure across the coil, relative humidity, allergens, microbial growth, Legionella and more. Plus, both air and surface samples can be collected from the HVAC system for analysis. We also offer total air handler and system performance evaluations, including electrical usage, fan RPM, cooling output in BTU, chilled water volume usage in GPM, and smoke detector differential testing.

The laboratory at WTI will provide expert analysis. Your samples are analyzed under the supervision of PhD scientists and matched to our in-house library of over 200,000 samples (one of the largest microbial databases in the U.S.) We will qualify and quantify any allergen content found to determine the impact it might have on your facility.

You will receive a detailed yet easy to understand report, complete with photos and even a glossary. The report is photo-documented, and even contains a glossary for reference. It will help us, together, come up with a plan to remedy any issues found. The report can also be used to illustrate the gains made through remediation.



Restore for 1/10th the Cost of Total AHU Replacement

Building owners and operators are often faced with the challenges of aging HVAC equipment. It can be difficult to make the hard choice between an endless stream of maintenance calls or the capital expense of total replacement. This is especially true when there is a large inventory units being managed. Since the basic mechanical design and components of an AHU has remained the same, it can be hygienically restored with HVAC New Life™ instead of a total replacement!

HVAC New Life is an innovative hygienic restoration service that ensures a longer lifespan and optimal performance for aging HVAC system components such as:

- Air Handling Unit Cabinets
- Evaporator Coils
- Blower Motor Assemblies
- Drain Pans
- Structural Rails
- And More!

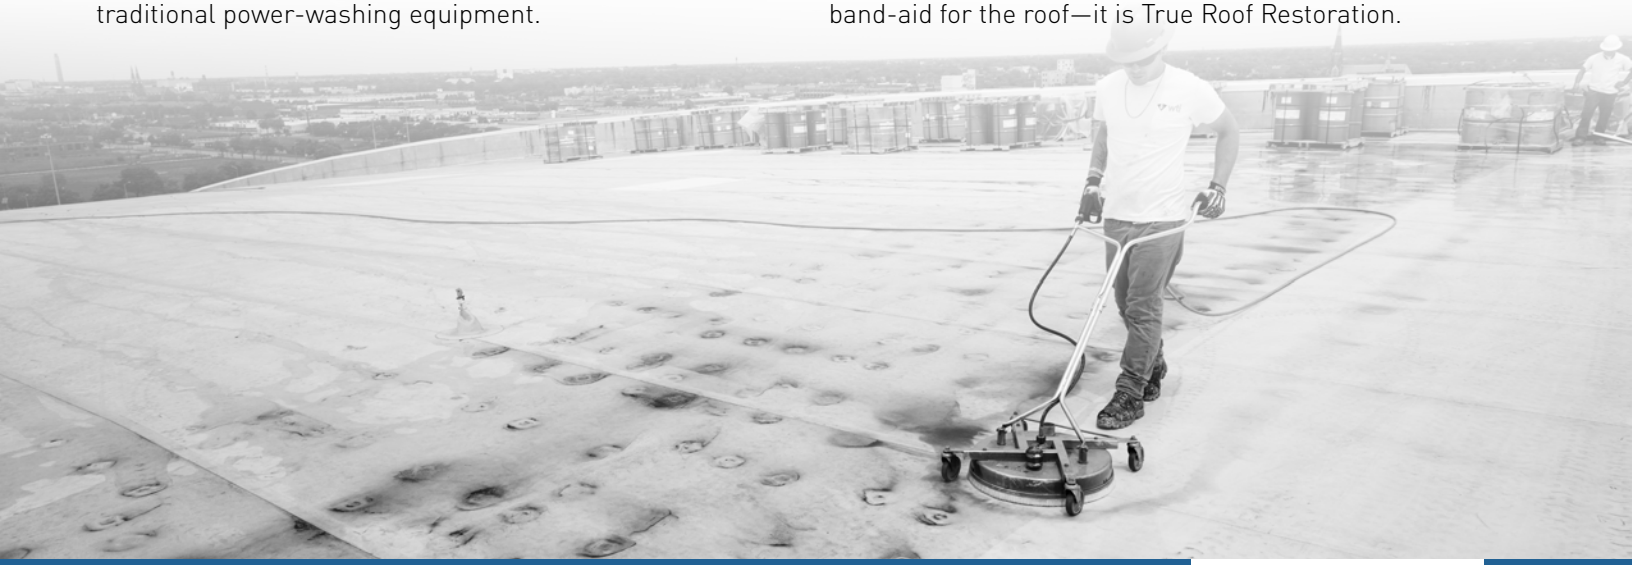
HVAC New Life combines our powerful PURE-Steam™ HVAC Hygienic cleaning with an exceptional coating and liner process to effectively restore an AHU for many years of continued service.

VALUE ADD
ROOFTEC

RoofTec, utilizing a combination of technologies in a system that truly restores commercial roofs, is a fully integrated surface preparation process that addresses the growing challenges building owners face in complying with local and national regulations on wastewater discharge. And, as part of the Tremco Construction Products Group, RoofTec can combine this industry-exclusive roof cleaning and preparation process with industry leading roof coating systems.

The RoofTec System starts with a patent pending cleaning system. Unlike traditional power washing systems, the Rooftec System uses a low emissions engine-powered system to produce heated high pressure solution. This solution is combined with EcoLogo-certified roof cleaning chemistry and delivered to roof surfaces via a rotary cleaning head that dislodges and suspends soils.

The solution is next recaptured through the rotary cleaning head by 870 cubic feet per minute of vacuum airflow created by the RoofTec Truck-mounted System. The recovered solution is then pumped for proper disposal in the facility's sewer system. This process eliminates the discharge of waste water to storm water systems.



Because its cleaning process is so effective, the RoofTec System cleans up to 70% faster than traditional power washing – that means it takes significantly less water to achieve better cleaning. This time savings also reduces the fuel consumption versus what's required to run traditional power-washing equipment.

RoofTec Systems enclosed rotary head delivers high pressure solution at 2500 RPM while greatly reducing the risk of human error in the cleaning process. Solution is delivered at a continuous, steady rate so that high pressure solution is not stationary. Unlike traditional power washing that can cause damage to roofs, the RoofTec system is safe and non-damaging. Additionally, regular use of the RoofTec cleaning system may help preserve factory warranty requirements for the roofing material.

Dirty roofs cause decreased refraction of light/heat and thus heat is absorbed into roofing materials. This reduces the insulating values engineered into roofing systems. A clean roof is a more energy efficient roof – testing of material temperatures have shown surface temperatures on a clean roof are up to 30°F cooler.

Also, the RoofTec Truck-mounted System utilizes a single power source to economically provide heated water at high pressure and vacuum recovery. Other systems need as many as three engines to accomplish the same results.

Extending the life and performance of a roof is fiscally responsible and environmentally responsible. Every year millions of pounds of roofing materials are dumped in our landfills. Disposal is not only expensive, it is avoidable. RoofTec is True Roof Restoration, a preventive maintenance system which includes a warrantied coating system from industry leader Tremco that can add up to 20 years of warrantied life to a roofing installation. Recoating is not a band-aid for the roof—it is True Roof Restoration.

Nudura® ICFs are a proven method of providing you a better alternative to traditional building methods

Buildings today demand reliable, energy efficient and eco-friendly walls that provide superior performance to minimize energy costs, reduce carbon emissions and maximize property value. Structures made of Nudura® Insulated Concrete Forms (ICFs) offer superior strength, disaster resilience, sound and fire-resistance and energy efficiency. This is why the design community, developers, builders and contractors across the world continue to choose Nudura's ICFs and insulation products as a proven alternative to traditional building methods.

Nudura® products provide the freedom and versatility to design and build projects the way they are envisioned. Designing and building with Nudura gives you the opportunity to build faster with more design flexibility, while offering an eco-friendly structure with substantial benefits that contribute to long-term energy savings. When choosing Nudura ICFs you can rest assured you have chosen the best building solution available today.

High-performance building solutions that fit your business.

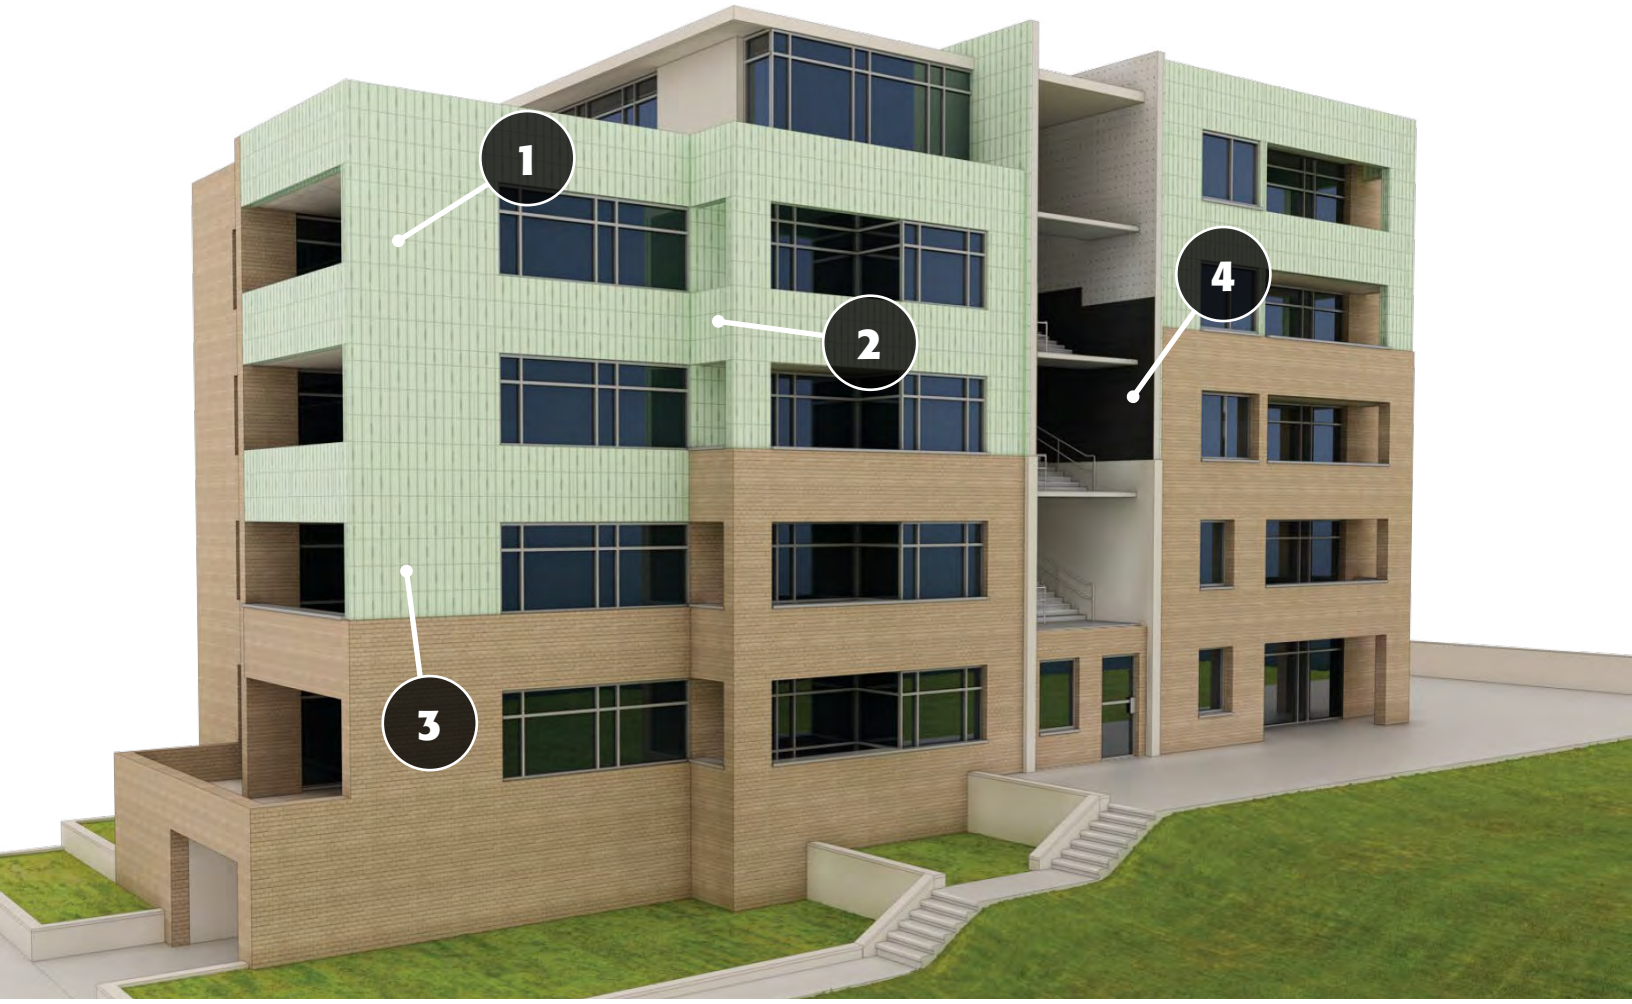
We understand the needs and demands that face builders, architects and developers. Our products provide solutions to match the needs of the professionals who install, design and develop projects from residential to commercial. Our Insulated Concrete Forms and insulation systems combine design flexibility, efficiency and performance to create the ultimate building envelope solutions.

Energy-efficient insulation

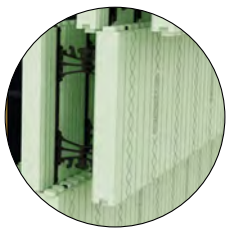
Confidently meet today's building code requirements while delivering an energy-efficient building with a full line of Nudura® insulation products. Make your projects stand out with a quality insulation solution that performs consistently throughout the seasons without compromising on comfort, performance and efficiency for your clients.

Build an energy-efficient structure with insulation that works. Nudura® offers a full range of Insulated Concrete Form products from our ICF Series which are manufactured with our installer in mind. Industry leading innovations get the walls up faster and easier. Our Integrated Series completes the building envelope, giving you the ability to completely insulate from footing to roof.

Most traditional insulation types can deliver only on R-Value. Nudura® takes R-Value to the next level. The ICFMA (Insulated Concrete Form Manufactures Association) Conducted testing with CLEB Laboratories to show that ICF walls can provide up to 58%* better energy savings. The thermal mass of concrete combined with EPS Insulation makes building perform better compared to traditional products. Learn more about the CLEB report at nudura.com/icf-performance.



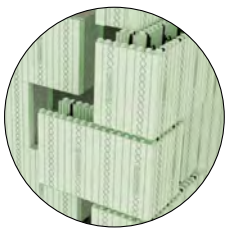
Sustainable Designs



Nudura® helps bring sustainable designs and Insulated Concrete Forms together. Projects specifying Nudura ICFs provide much greater potential for saving valuable environmental resources, reducing energy consumption and $C0^2$ emissions, two major factors facing today's public agency buildings. From foundations to whole structures, Nudura® has a complete library of solutions for your building design needs.

*As proven by third party testing conducted by CLEB laboratories and the Insulating Concrete Forms Manufactures Association (ICFMA).

VALUE ADD
NUDURA—ANATOMY OF A BETTER BUILDING



1

Nudura Standard Form

Nudura Standard Forms are 8' (96") in length, the largest standard block in the industry. Nudura's forms consists of two stay in place panels of Expanded Polystyrene (EPS) connected with our patented innovative hinged folding web.

2

Nudura 90° Form

The 90° form is fully reversible, eliminating the need for different right and left corners. Nudura also offers a 45° form, a radius, a taper top and all of the accessories needed to ensure the envelope of any structure can be built with Nudura.

3

Nudura Optimizer

With the Optimizer form it is easy to optimize the height of any wall. Designed to be used as a height adjuster at the top of the wall, the Optimizer allows the installer the ability to hit 17 different stack heights from 4' (1220 mm) to 12' (3600 mm).

4

Nudura One Series

The One Series is ideal for elevator shafts, stairwells and other areas that require non-combustible material.

VALUE ADD
DRYVIT—NEWBRICK

Dryvit, part of Tremco Construction Products Group, is the manufacturer of Outsulation® systems, a high performance cladding system for commercial and residential construction, which utilizes exterior continuous insulation (CI). It is available in a number of system configurations to meet any climate or building condition and numerous durable textures and colors to complete any architect's vision. More than 1 in every 11 commercial buildings in the United States features Dryvit products on the exterior.

Dryvit has led the EIFS industry for more than four decades because of its commitment to research and development. Dryvit consistently introduces new products and systems that keep it on the leading edge of the building industry. That spirit of innovation, coupled with a rigid adherence to the highest standards in manufacturing quality and consistency, has made the Dryvit brand the unquestioned leader in the EIFS industry.

Dryvit remains the only EIFS manufacturer to have all of its five North America production facilities ISO 9001:2015 and ISO 14001:2015 certified – the Gold standard for worldwide product consistency, quality and environmental stewardship. The proven energy efficiency and green characteristics of the Dryvit Outsulation® system make it ideal in buildings where the owner and architect are seeking LEED certification for the building.

There are three costs to consider when building today; the initial construction costs, the on-going operational costs, and the increasingly important environmental costs. By all three critical measures, Dryvit Outsulation systems represent the optimal cladding solution.

A lightweight insulated brick that matches the size, appearance and texture of clay, NewBrick® from Dryvit® is a higher-performing alternative to traditional clay brick veneers. More durable than traditional brick, NewBrick offers a superior cladding solution that reduces overall wall cost and accelerates the dry-in process.

NewBrick's light weight, strength, customizability, and ease of use make it a particularly appealing way to integrate the beauty and durability of brick into your next project. NewBrick's flexibility and energy efficiency are perfect for a wide range of applications.

A SUPERIOR WALL, FROM FOUNDATION TO FINISH

Air. Water. Vapor. Thermal.

As part of the total wall system, NewBrick can include all 4 barriers when used over a Dryvit® Outsulation® system under a complete single-source warranty.

Look past the per-thousand rate—NewBrick's advantages in labor and freight costs, job duration, tool/equipment requirements and critical path can mean over 25% savings in the true total installed cost.

A Whole Wall System

As part of the whole wall system, NewBrick can include all 4 barriers when used with a Dryvit Outsulation system with a single source install and whole wall warranty.

Faster Shell Dry-In

A quicker whole wall installation means earlier shell dry-in for your building, so interior work can begin up to ten weeks ahead of schedule.

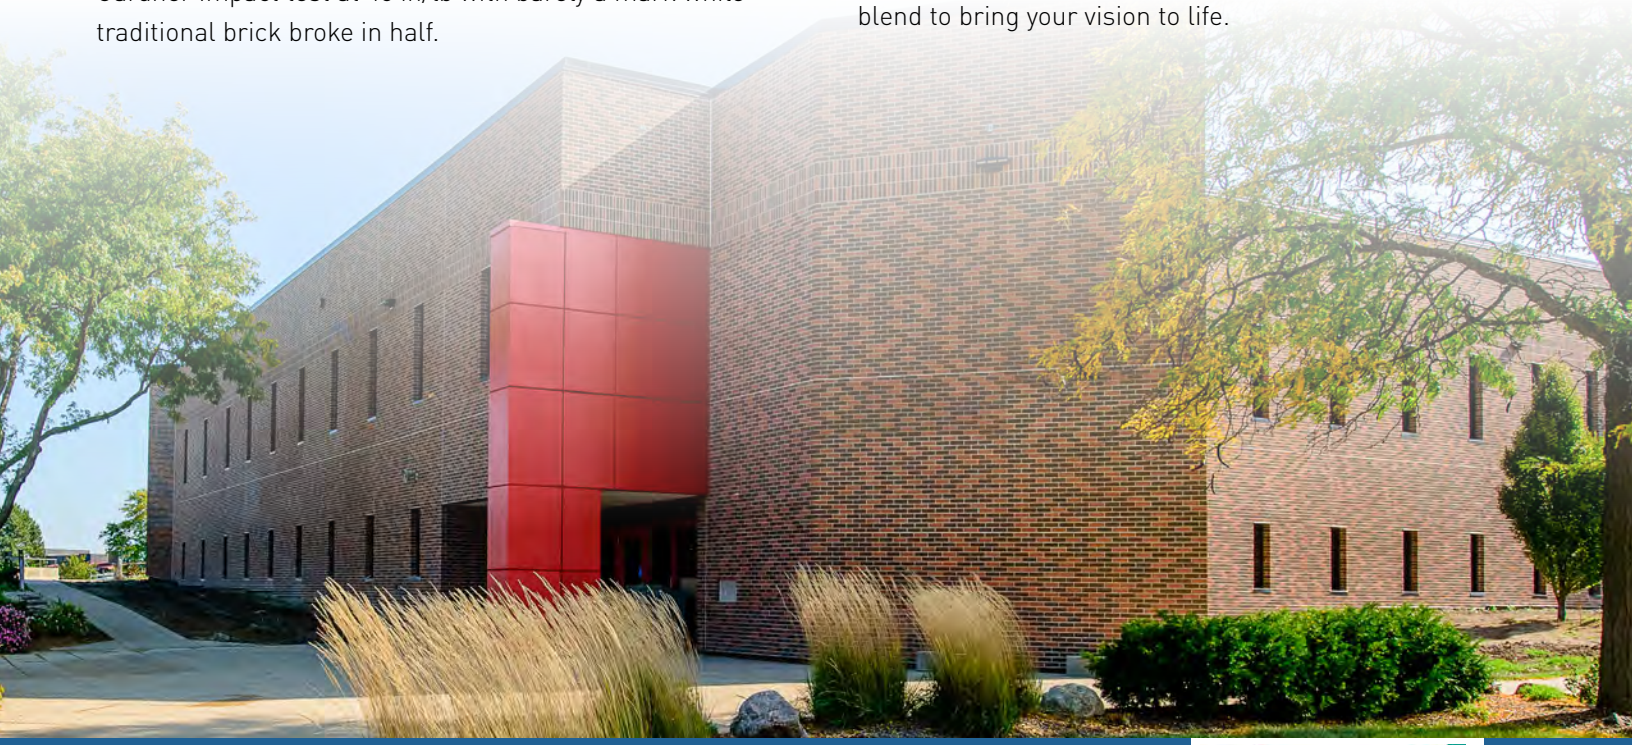
Impact Resistant

NewBrick stands up to every-day impacts—passing a Gardner Impact test at 48 in/lb with barely a mark while traditional brick broke in half.

Eliminates Supports

By eliminating the cost—and labor—for anchors, bearing shelf angles, brick ties, mortar nets and AWRB penetrations, NewBrick's whole wall savings average $15-$17 / ft^2.

Lightweight



At a fraction the weight, NewBrick cuts freight costs significantly—and is easier to handle on site, eliminating the daily need for a telehandler and additional labor to move brick on the scaffold.

Safer Jobsites

NewBrick reduces exertion and the potential for injury to laborers, and also helps minimize jobsite mishaps and material waste.

Versatile Design Capability For Any Project

NewBrick is available in 16 standard colors. Custom colors and blends are available to tailor your project's specifications. Available in four standard blends, four textures, and three effects. Or, create your own custom blend to bring your vision to life.

VALUE ADD
DRYVIT—OUTSULATION, SUSTAINABLE SOLUSTIONS

Outsulation systems have been evaluated by the National Institute for Standards and Technology (NIST) and have less environmental impact than other common claddings. They can also contribute toward achieving LEED credits, depending upon project design and location.

Outsulation systems are more cost-effective throughout their lifecycle because the manufacturing process requires less energy than other common claddings, and the lightweight composition reduces fuel costs associated with transport. After application, Outsulation systems continue to keep heating and cooling costs low for the life of the building. Visit dryvit.com for more information.

Outsulation

- Intended for use in commercial construction or over masonry
- Insulation adhered directly to substrate
- Designed as a barrier system

Outsulation Plus MD System

- Qualifies for all construction types
- Incorporates a liquid applied, air and water resistive barrier
- Vertical adhesive beads facilitate moisture drainage
- Corrugated strip or track is incorporated at the wall base
- Passive drainage

Outsulation MD System

- Qualifies for all construction types
- Incorporates a liquid applied, air and water resistive barrier
- Grooved insulation board facilitates moisture drainage
- Vent track and vent assembly are incorporated at the base of the wall
- Engineered drainage

Outsulation HDCI™

- Provides a 20-year warranty on puncture resistance
- Incorporates a liquid-applied, air-and water-resistive barrier
- Corrugated strip or track is incorporated at the wall base
- Qualifies for commercial construction
- Provides a 20-year warranty on puncture resistance
- Passive drainage

VALUE ADD
DRYVIT—OUTSULATION, SUSTAINABLE SOLUSTIONS

Outsulation X™ System

- Features DOW® XNERGY™ Extruded Polystyrene (XPS) insulation board
- Incorporates a liquid-applied, air- and water-resistive barrier
- Vertical adhesive beads facilitate moisture drainage
- Drainage strip is incorporated at the base of the wall
- Qualifies for commercial construction
- Supplemental fasteners required
- Passive drainage

Outsulation LCMD System

- Qualifies for all construction types
- Mechanically fastened over sheet type water-resistive barriers (by others)
- Corrugated strip or track incorporated at the wall base
- Multiple drainage and attachment options available

Outsulation PE System

- Qualifies for all construction types
- Incorporates a liquid applied, air and water resistive barrier
- Closure blocks are configured to "compartmentalize" the wall for pressure equalization
- Vent track and vent assembly are incorporated at the base of the wall
- Engineered moisture drainage and pressure equalization

Outsulation RMD System

- Intended for residential, wood framed (one and two family) construction
- Can incorporate a liquid applied air- and water-resistive barrier or sheet membrane and drainage mat
- Drainage strips or track incorporated at the base of the wall
- Multiple drainage and attachment options available

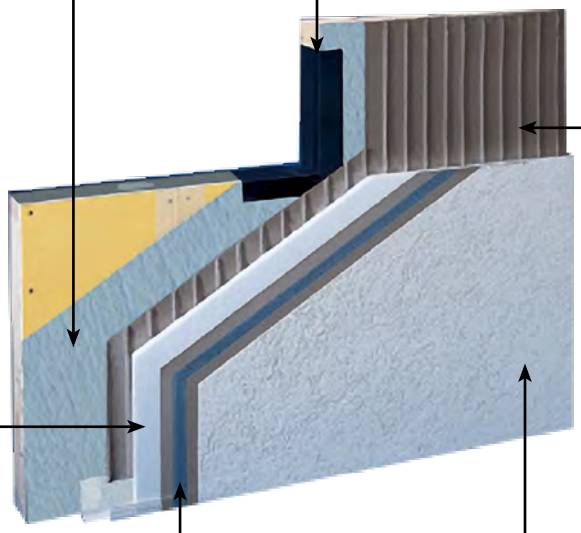
Outsulation RMD System

- Outsulation MD Securock ExoAir 430
- Outsulation Plus MD Securock ExoAir 430
- Outsulation HDCI Securock ExoAir 430
- Outsulation PE Securock ExoAir 430
- Outsulation X Securock ExoAir 430

HOW IT WORKS

Outsulation systems typically consist of the following components, as determined by code and performance requirements.

DRYVIT/TREMCO APPROVED WATER-RESISTIVE BARRIER



Seamlessly protects sheathing or substrate from incidental moisture and eliminates air infiltration

- Liquid-applied
- Continuous or monolithic
- Includes Backstop NTX®, Backstop NTX-VB, Securock® ExoAir® 430, ExoAir® 230

CONTINUOUS INSULATION

Absorbs expected building movement and enhances energy efficiency

- Eliminates thermal bridging in framed construction
- Meets CI requirements for all zones per ASHRAE 90.1-2010
- Available in both EPS (expanded polystyrene)and XPS (extruded polystyrene)
- Available in various thicknesses and can fully meet wall insulation requirements

BASE COAT AND REINFORCING MESH

Combine to provide the primary weather barrier and impact resistance

- Mesh embedded in base coat
- Various weights of mesh available, depending on impact resistance required

DRYVIT/TREMCO APPROVED FLASHING SYSTEM:

Seamlessly protects openings in the building envelope from moisture

- Includes AquaFlash® or Dymonic® 100

ADHESIVE / DRAINAGE MEDIUM

Vertical notches allow drainage of incidental moisture

- Adheres insulation board to the Air-and Water-Resistive Barrier\

FINISH COAT

Blend of 100 percent acrylic copolymers, natural aggregates and UV resistant pigments

- Easy to maintain
- Available in many textures and limitless color options
- Offer multiple aesthetic options
- Options for increased hydrophobicity, flexibility and mildew and fade resistance

SYSTEM OPTIONS

All Outsulation systems include adhesive, continuous insulation (CI), fiberglass mesh embedded in base coat, and finish, which are installed sequentially by a trained professional contractor as specified by the design team, and as required by code. Some Outsulation systems protect the underlying wall with an air- and water-resistive barrier under the CI, which maximizes the energy efficiency. Outsulation systems can be installed in either "barrier," "moisture drainage" or "pressure equalized" configurations, and these systems are engineered to perform in all climates and on all types of structures. On certain types of construction (high-rise) and in certain job conditions (cold weather), lift-in-place, prefabricated wall sections may provide certain benefits.

VALUE ADD
DRYVIT—MODULITE™ PREFABRICATED PANEL SYSTEMS

Whether you're building new or renovating, Modulite prefabricated panel systems offer unique advantages over traditional field-applied construction.

Since 1970, Dryvit has offered systems and technical support for the prefabrication space using all of the Dryvit products. Modulite panelization systems incorporate all the benefits of a Dryvit Outsulation® system—including continuous insulation (CI) and beautiful aesthetic finish options to meet any design need—all fully-tested to meet existing building codes and provide extraordinary energy efficiency. Modulite panelization systems also offer the most experienced and deepest team of partner fabricators in the industry.

Why build with Modulite Prefabricated Panes?

Faster Construction Time

In-plant fabrication can reduce production time, and speed up field application of exterior cladding systems, to reduce construction schedules.

Stronger and More Resilient

Our systems are designed for maximum durability, many with service lives far surpassing that of competing systems.

Cost-Effective for the Long Term

A broad range of products can fit most project budgets — but our energy-efficiency and maintenance solutions can also help you ensure cost-effective ownership and operation for the long term.

VALUE ADD
DRYVIT—MODULITE™ PREFABRICATED PANEL SYSTEMS

One Point of Contact

Our products and systems are backed by industry-leading warranties — all from a single point of contact. We can also help with everything from asset management to diagnostics to installer training.

Any Look You Want

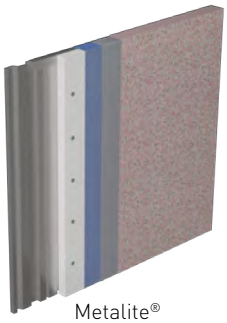
A wide range of colors and finishes like brick, granite, metals, stucco and more provide maximum flexibility in your façade aesthetic.

Avoid Labor Shortage Problems

Pre-fabricated Dryvit panels can help address ongoing shortages in the skilled labor force—while simultaneously maximizing quality control.

Better Insulated

Industry-leading Outsulation® continuous insulation means efficient construction and operation, and will exceed strict energy codes for insulation.

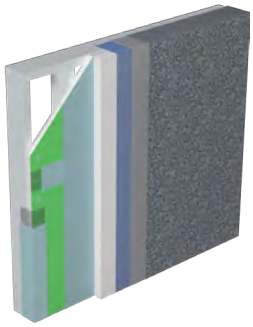


Leading Edge Sustainability

Our building solutions help you reduce waste, and meet green building standards like Net Zero, Living Building Challenge, Passive House and more.

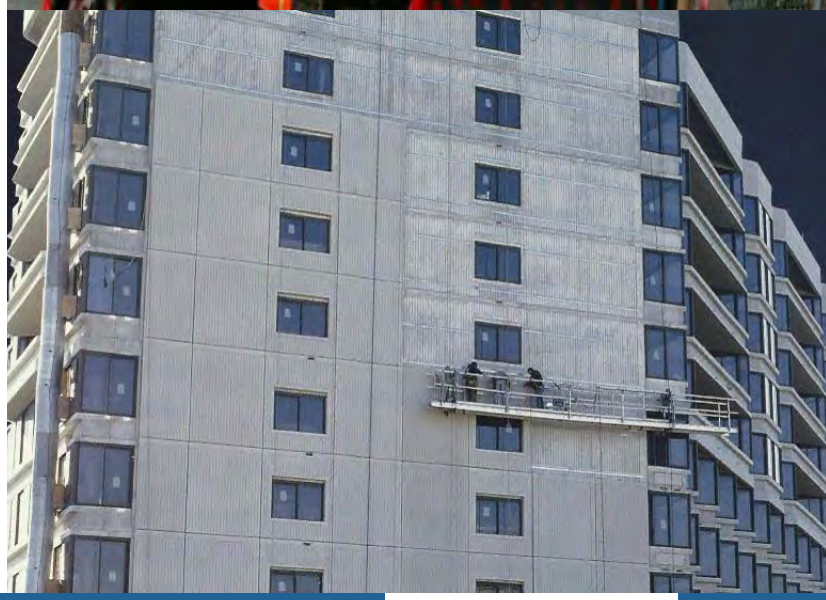
Fedderlite® / Fedderlite® M

Prefabricated Exterior Wall Insulation and Finish Systems for Use over Solid Substrates



Metalite®

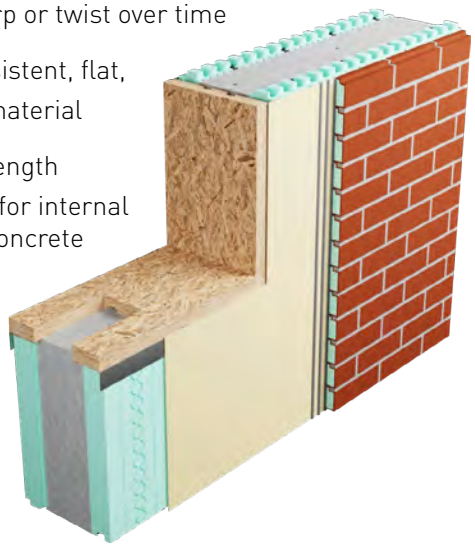
Prefabricated Panelization System Installed over a Proprietary Light-Gauge Metal Pan



Outsulite® / Outsulite® Exoair® 430

Industry-Leading Panel Systems with Dryvit Outsulation and an Air/Water Resistive Barrier

VALUE ADD
PREBUCK—ENGINEERED FRAMING SYSTEMS



A new era has arrived. A construction revolution: strength and quality combined with speed and efficiency. Prebuck technology now offers the strongest, fastest, and smartest construction solutions available. Save time and money while building superior durability into every project.

Specifically designed for direct contact with concrete and non-corrosive to metals, Prebuck products feature TimberStrand Strandguard (LSL) engineered lumber treated with zinc borate for exceptional resistance to insects and decay. Prebuck products also feature MDI resin, the 100% waterproof bonding agent that turns to a durable plastic when cured.

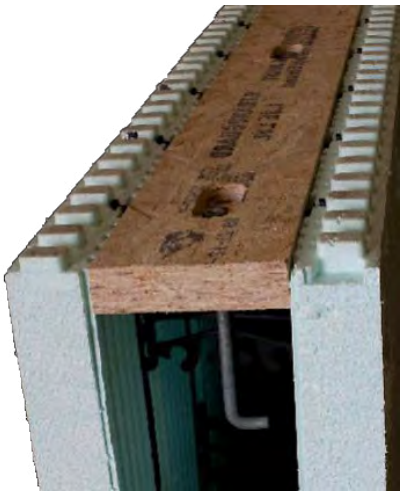
Combine these quality components with Prebuck's advanced engineering and you're guaranteed the most efficient construction technology available today.

BENEFITS FOR RESIDENTIAL AND COMMERCIAL CONSTRUCTION

- Designed for direct contact with concrete
- Non corrosive to metals
- Resistant to insects and decay
- Will not delaminate, become spongy, or lose fastener holding strength when exposed in typical commercial construction.
- Will not cup, warp or twist over time
- Engineered consistent, flat, stable framing material
- LSL bending strength minimizes need for internal bracing before concrete pour

Parapet Cap

Prebuck engineered solutions for your parapet blocking allow the contractor to leverage the speed and efficiency of custom designed components. On new construction or renovations Prebuck solutions provides sustainable and dependable results to extend the life of your structure.



- Laser straight, will not curl, cup, or warp
- Can be installed by fewer employees saving labor costs
- Colored coded for easy placement
- Counter sunk holes to hide fasteners
- Customizable
- Designed for direct contact with concrete
- Insect and fungus resistant
- Environmentally friendly
- Contributes to LEED points

Window & Door Buck

Offers the contractor, owner and design community an engineered solution for punched openings. Produced with 1-½" (38 mm thick, treated Laminated Strand Lumber (LSL), Gives the rough frame of the opening stable support for glazing and finish components. A cast in place version integrates a dual keyway design to assure a secure interface from concrete to finishes.

- Self aligns on the wall for easy installation
- Will not delaminate, become spongy, or loosen fastener strength
- Colored coded for easy placement
- Will not curl, twist, cup, or warp
- Customizable
- Designed for direct contact with concrete
- Insect and fungus resistant
- Environmentally friendly
- Contributes to LEED points and NAHB Green Building Certified

Wet-Set Sill

Produced with 1 ½" (38 mm) thick, treated Laminated Strand Lumber (LSL) our sill solution is produced straight and stays straight. Our sill plate solution is designed to fit ICF wall widths and using our oblong countersunk holes lets the contractor set the sill plate the same day they pour the walls.

- LSL bending strength minimizes need for internal bracing before concrete poor
- Will not delaminate, become spongy, or loosen fastener strength
- Oblong countersunk opening
- Will not curl, twist, cup, or warp
- Designed for direct contact with concrete
- Non-corrosive to metals
- Insect and fungus resistant
- Environmentally friendly
- Contributes to LEED points and NAHB Green Building Certified

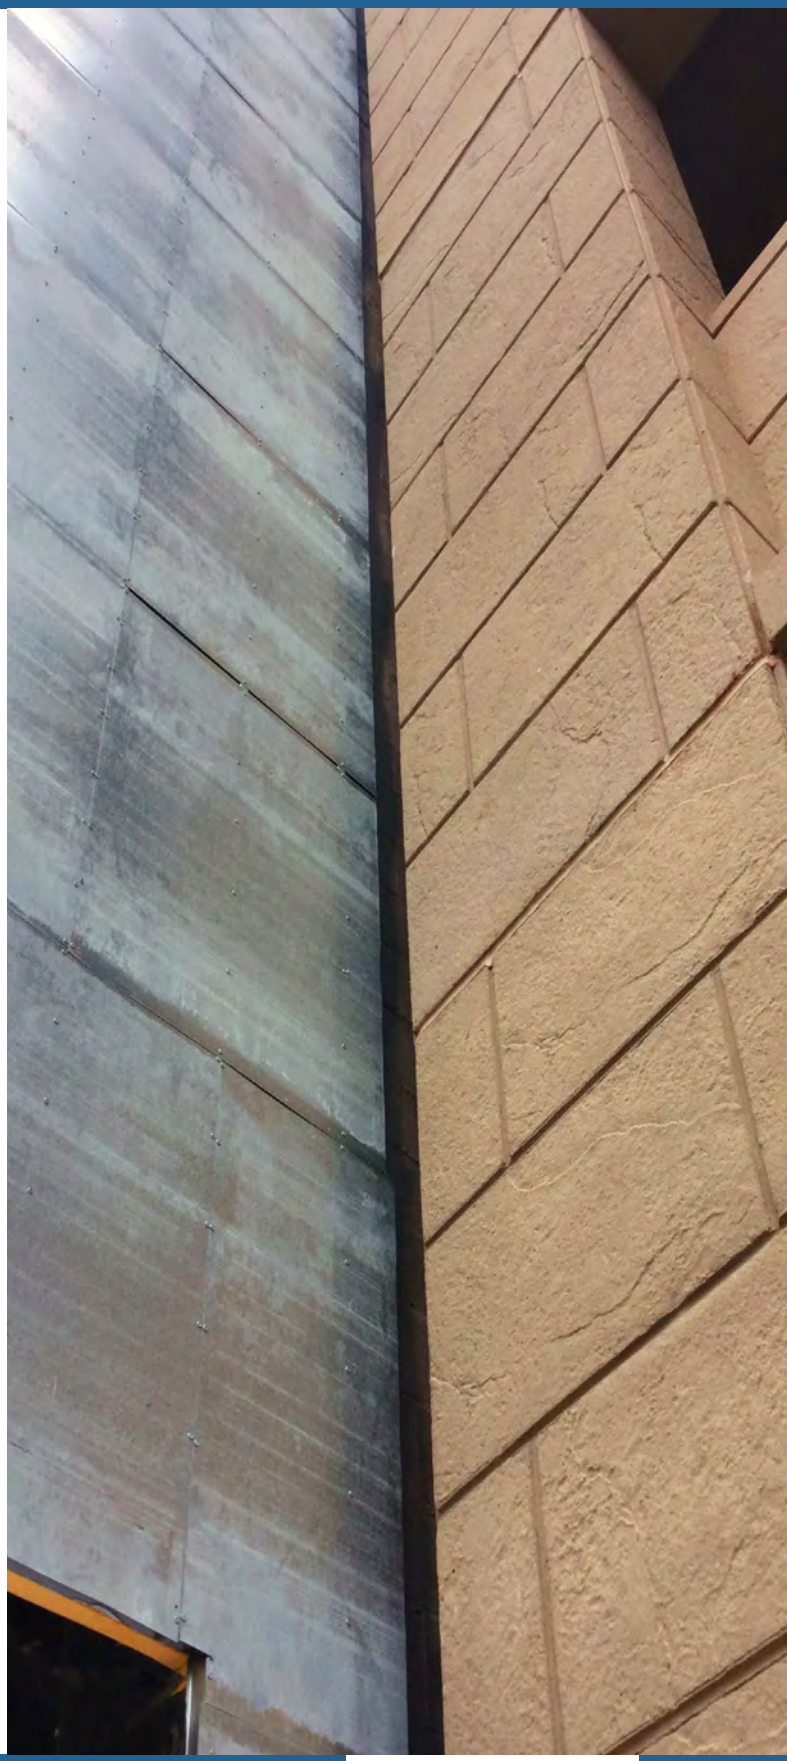
VALUE ADD
WILLSEAL—EXPANSION JOINT SYSTEMS

Willseal offers best-in-class pre-compressed and acrylic-impregnated foam products for horizontal and vertical joint applications. Tremco's industry-leading joint sealants, polyurethane-methacrylate technology, pre-formed extrusions and gun-grade foams.

With a wide variety of pre-compressed, acrylic-impregnated foams, pre-formed extrusions, monolithic Polyurethane Methacrylate and gun-grade foams, Willseal and Tremco have the ideal solution for any expansion joint or transition sealant project.

Whether you require traffic-grade horizontal, color-matched vertical, 2 to 3 hour fire-rated, seismic capabilities, waterproof, soundproof, dust-proof or airtight seals, you'll find a variety of options in the following pages.

All products, however, feature unmatched quality and durability, excellent +/- movement capabilities, and innovative, streamlined installations designed to help create safer, greener, high-performance structures. For over 110 combined years, our products have been continuously specified and installed on thousands of new construction and restoration projects worldwide.



Willseal products are designed for maximum waterproofing, thermal, sound, and air-tightness to meet global passive housing standards and feature superior durability, excellent +/- movement capabilities, and streamlined installation.

MARKETS SERVED

- Commercial construction
- Industrial / manufacturing
- Educational and institutional
- Infrastructure and DOT
- Residential construction
- Stadiums and arenas
- Parking facilities
- Medical facilities
- Fire protection

JOINT APPLICATIONS:

- Traffic-grade horizontal joints
- Primary vertical joints
- Curtain walls, windows, & flashing
- Control, longitudinal and transverse joints
- Dryvit® and exterior panel system joints
- Pre-cast concrete & built-up walls
- Fire-rated joints
- Seismic, large & retrofit joints
- Below-grade applications

Stonhard, a subsidiary of our parent company RPM International, is the unprecedented leader in manufacturing and installing high performance floors. Joining form and function, our floors are the dependable go-to choice for tough manufacturing environments, while still honoring innovative design for commercial environments.

From specifications and design to final walkthrough, you work with us directly. For a century we've been delivering proven, single-source service, covering both your products and installation.

Stonhard is committed to manufacturing and installing quality, seamless products that protect, maintain and enhance industrial and commercial environments.

Quality From Start to Finish

With a century in business, Stonhard is the unprecedented leader in manufacturing and installing high performance epoxy and urethane floor, wall and lining systems.

Manufacture & Install

We work with you directly—formulating and installing long-term floor, wall and lining system solutions.

Perform & Protect

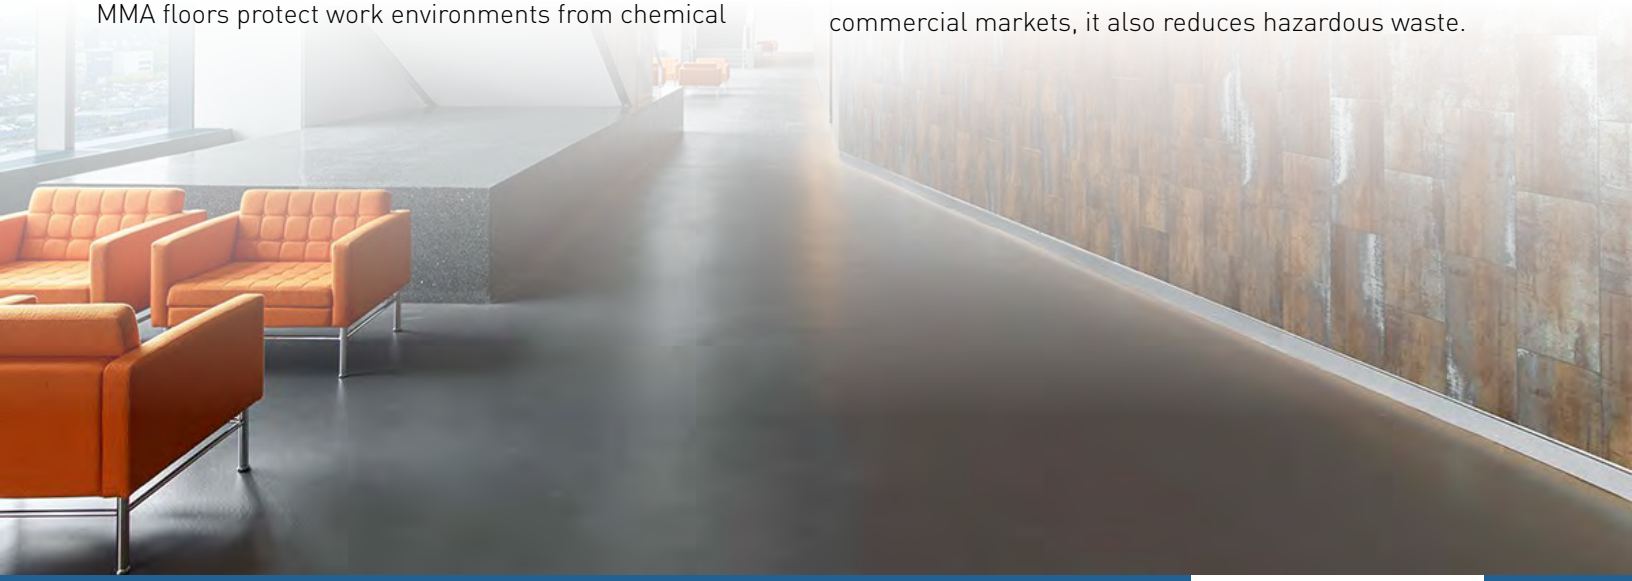
Chemical, slip, and stain resistant epoxy, urethane and MMA floors protect work environments from chemical attack, impact, abrasion, thermal cycling, along with daily wear and tear.

Define & Design

Market specific color collections, tailor-made logos, custom colors and textures that dignify great design.

Sustainability.

Green is nothing new for Stonhard. For over 30 years, Stonhard has been an innovator in sustainable products.



Since June of 2005, through recycling efforts, Stonhard has prevented 92.7% of all returned material, including discontinued and obsolete products from going into the waste stream. Stonhard's unique packaging prevents over 4.8 million one gallon pails and quart cans from being dumped into landfills annually.

OUR FACILITIES ARE GREEN

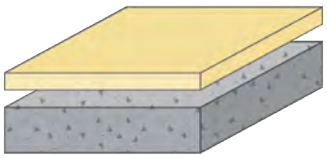
Stonhard has eliminated the use of chromic oxide (a chromium compound) as a green pigment in several Stonhard aggregate products, which has made these products environmentally friendly (non-hazardous).

NEW PRODUCT DEVELOPMENT

Over 90% of new product development and reformulation efforts have been geared to water-based urethanes or 100% solid epoxy-based chemistry. This effort not only provides safer floor and coating products to both industrial and commercial markets, it also reduces hazardous waste.

VALUE ADD
FLOWCRETE TREMFLOOR™ URETHANE CEMENT FLOORING

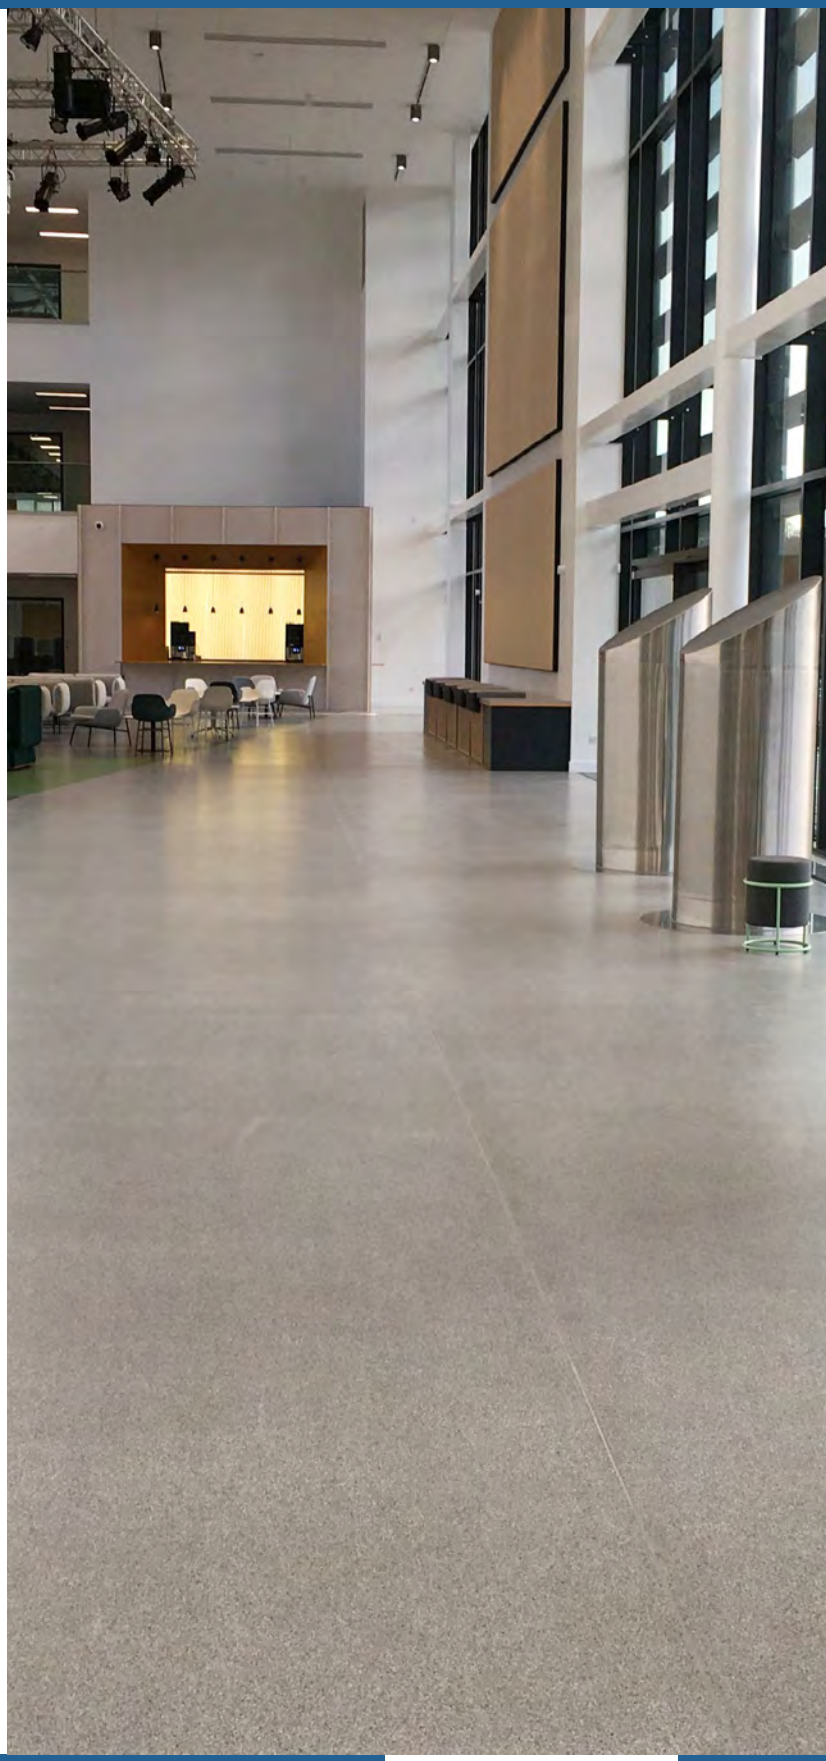
TREMfloor™ Urethane Cement: Anti-Microbial Cementitious Urethane Flooring



Proving that a building is able to meet a high standard of hygiene is essential in many sectors, especially contamination-sensitive settings such as the food and beverage, pharmaceutical and electronics industries.

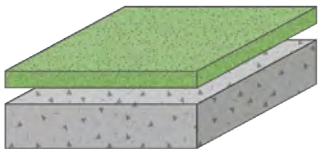
TREMfloor™ is a leading line of Hazard Analysis and Critical Control Point (HACCP) International-certified, antimicrobial-treated cementitious urethane flooring systems for use in a wide variety of these, and other, applications.

The key aspects of TREMfloor that make it an ultra-hygienic flooring system include its seamless, impervious, highly durable nature combined with its ability to incorporate coving and stainless steel drainage. TREMfloor even includes the natural silver-ion based antibacterial agent Polygiene®, which has been proven to meet the ISO 22916 standard.



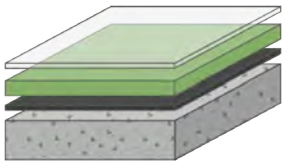
While initially designed for the food and beverage industry, many other sectors such as healthcare are turning to HACCP International-certified building materials, as they need systems that can create a highly-sanitary working environment, able to withstand difficult working conditions.

Products

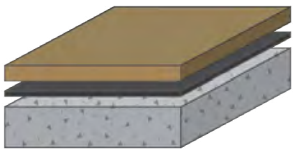


TREMfloor Urethane Cement HF (1/4")

A HACCP International certified urethane cement system with a textured semi-gloss finish, ideal for wet environments prone to spills.

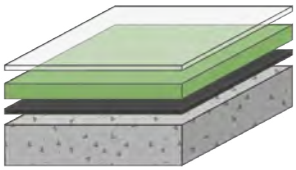


VALUE ADD
FLOWCRETE TREMFLOOR™ URETHANE CEMENT FLOORING



TREMfloor Urethane Cement RT (1/4")

A HACCP certified urethane cement system with a textured matte finish, ideal for areas where high performance is a requirement.



TREMfloor Urethane Cement SR (1/4")

A HACCP certified urethane cement system with a textured matte finish, ideal for wet areas.

TREMfloor Urethane Cement MF (3/16")

A HACCP International certified urethane cement system with a matte finish.

TREMfloor Urethane Cement SL (1/8")

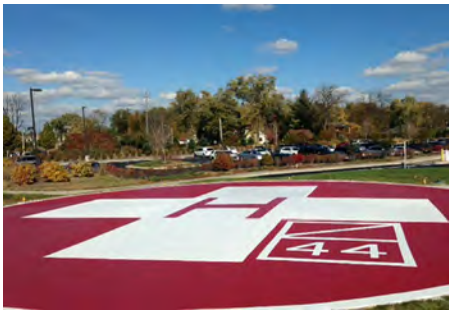
A HACCP International certified urethane cement system with a smooth matte finish. Broadcast and seal for wet areas as well.

TREMfloor Urethane Cement Cove

A HACCP certified urethane cove mortar system, for any TREMfloor™ flooring system. Provides a seamless, hygienic transition between the floor and wall.

VALUE ADD
PUMA TECHNOLOGY SYSTEMS

Vulkem® EWS Traffic Coatings and TREMproof® Below-Grade Waterproofing Membranes with Tremco Polyurethane-Methacrylate (PUMA) Technology



These systems feature superior durability and abrasion resistance, exceptional crack-bridging, tenacious adhesion and fast cure — opening to traffic in as little as one hour after installation. Tremco PUMA technology systems can be applied in temperatures as low as 14°F (-10°C).

- Tremco PUMA Primer - A methyl-methacrylate (MMA), two-component primer for porous and non-porous substrates.
- TREMprime® VB - A two-component, epoxy-based solvent-free vapor barrier primer for concrete surfaces.
- Tremco PUMA Initiator+ - A reactive catalyst in the form of a white powder used to cure all resins of Vulkem® EWS and TREMproof® PUMA.
- Tremco PUMA BC - A polyurethane-methacrylate (PUMA) base coat that bonds firmly to Tremco PUMA Primer and retains its integrity regardless of substrate movement up to 1/16". Available in self-leveling, roller, trowel and low-modulus grade.
- Tremco PUMA Flashing - A polyurethane-methacrylate (PUMA) base coat that bonds firmly to Tremco PUMA Primer, and is compatible with Tremco's TREMproof® 6100.
- Tremco PUMA WC - A polyurethane-methacrylate (PUMA) wear coat, loaded with aggregate to give the system excellent impact, abrasion and chemical resistance.
- Tremco PUMA Filler Powder - A non-reactive, white, filler powder used to thicken Tremco PUMA WC.
- 16 to 20 mesh silica sand, color quartz, aluminum oxide (bauxite) - Used in conjunction with PUMA Primer, PUMA WC and PUMA TC. (Supplied by others.)
- Tremco PUMA TC - A methyl-methacrylate (MMA) top coat that offers excellent abrasion resistance, UV stability and chemical resistance system. Available in variety of colors.

Components of Vulkem® EWS traffic coating systems, and TREMproof® PUMA below-grade waterproofing systems.

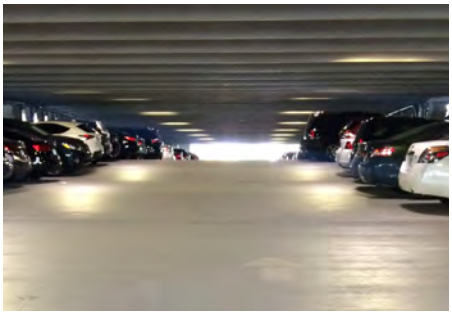
HELIPAD SYSTEM

Durable Solution with Custom Color Options

Vulkem EWS is an optimal solution for helipads. Vulkem EWS is a cold-applied, traffic deck coating system designed for waterproofing concrete slabs and protecting occupied areas underneath from water damage.

DECORATIVE WATERPROOFING SYSTEM

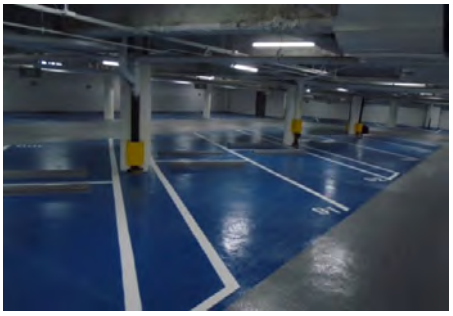
Aesthetically Appealing Solution with Extreme Durability



Ideal for pedestrian walkways, balconies, deck and plaza common areas—can match any aesthetic with a variety of UV-stable aggregate or chips.

PEDESTRIAN SYSTEM

Stadiums, Balconies and Pool Decks



A cold-applied system ideal for stadiums, balconies and pool decks—protecting concrete below from the damaging effects of chloride, deicing salts, chemicals, gasoline, oils, anti freeze and more.

VEHICULAR SYSTEM

Parking Structures, High-Wear Turn and Drive Lanes, Helical Turns,

The ideal system for parking structures, high-wear turn and drive lanes, helical turns, ramps and ticket spitters. Protects from the damaging effects of chloride, deicing salts, chemicals, gasoline, oils and anti-freeze.

HYBRID SYSTEM: EWS

For Helical Turns, Ramps and Ticket Spitters

Our hybrid system incorporates Vulkem EWS for extreme-wear areas such as helical turns, ramps and ticket spitters — with Vulkem Polyurethane Vehicular Systems for drive lanes and parking stalls.

HYBRID SYSTEM: URETHANE

Vulkem Urethanes for Driving Lanes and Parking Stalls

Our hybrid system incorporates Vulkem EWS for extreme-wear areas such as helical turns, ramps and ticket spitters — with Vulkem Polyurethane Vehicular Systems for drive lanes and parking stalls.

Re: Renewal Award of Contract #R230404

Dear Mr. Nelson:

Per official action taken by the Board of Directors of Region 4 Education Service Center on April 28, 2026, Region 4 ESC is pleased to announce that Weatherproofing Technologies Inc. has been awarded an annual contract renewal for the following, based on the sealed proposal submitted to Region 4 on June 27, 2023, and subsequent performance thereafter:

Contract

Roofing Products, Services and Job-Order Contracting (JOC) Services

The contract will expire on October 31, 2027, completing the fourth year of a five-year term contract. The contract is available through OMNIA Partners, Public Sector. Your designated OMNIA Partners, Public Sector contact is Fred Flores, at (713) 554-0494 or fred.flores@omniapartners.com.

The partnership between Weatherproofing Technologies Inc., Region 4 and OMNIA Partners, Public Sector can be of great help to participating agencies. Please provide copies of this letter to your sales representative(s) to assist in their daily course of business.

Sincerely,

Signed by:
Enrique Kladis

Weatherproofing Technologies, Inc.
Contract #R230404, Roofing Products, Services and Job-Order-Contracting (JOC) Services

The City of New Smyrna Beach ("City") enters this "Piggyback" Contract with **Weatherproofing Technologies, Inc.** (hereinafter referred to as the "Vendor"), under the terms and conditions hereinafter provided. The City and the Vendor agree as follows:

1. The Purchasing Policy for the City of New Smyrna Beach allows for "piggybacking" contracts. Pursuant to this procedure, the City is allowed to piggyback an existing government contract, and there is no need to obtain formal or informal quotations, proposals or bids. The parties agree that the Vendor has entered a contract with **Region 4 Education Service Center ("Region 4 ESC"),** said contract being identified as: Contract #R230404, Roofing Products, Services and Job-Order-Contracting (JOC) Services**,** (said original contract being referred to as the "original government contract").

2. The original government contract is incorporated herein by reference and is attached as Exhibit "A" to this contract. All of the terms and conditions set out in the original government contract (Exhibit "A") are fully binding on the parties and said terms and conditions are incorporated herein.

3. Notwithstanding the requirement that the original government contract is fully binding on the parties, the parties have agreed to modify certain technical provisions of the original government contract as applied to this contract between the Vendor and the City of New Smyrna Beach, as follows:

a) Period ("Term") of the Agreement: Coterminous with Contract #R230404, Roofing Products, Services and Job-Order-Contracting (JOC) Services.

b) Insurance Requirements: In addition to the requirements in Exhibit A, Vendor shall provide certificate of insurance naming the City of New Smyrna Beach as an additional insured.

c) Any other provisions that will be modified: The CONTRACTOR agrees to fully comply with all State laws relating to public records. In order to comply with Section 119.0701, Florida Statutes, the CONTRACTOR must: (1). Keep and maintain public records required by the City to perform the service, (2). Upon request from the City 's custodian of public records, provide the public with a copy of the public records requested or allow the records to be inspected or copied within a reasonable time and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law, (3) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the term of this Agreement and following completion of this Agreement if the CONTRACTOR does not transfer the records to the City, (4) Upon completion of this Agreement, transfer, at no cost, to the City all public records in possession of the CONTRACTOR or keep and maintain public records required by the City to perform the service. If the CONTRACTOR transfers all public records to the City upon completion of this Agreement, the CONTRACTOR shall destroy

any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of this Agreement, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City's custodian of public records, in a format that is compatible with the information technology systems of the City, and (5). If the CONTRACTOR does not comply with a public records request, the City shall enforce any and all Agreement provisions in accordance with this Agreement and the CONTRACTOR shall be subject to all rights and remedies of the City and the public under controlling State law.

A request to inspect or copy public records relating to this Agreement must be made directly to the City. If the City does not possess the requested records, the City shall immediately notify the CONTRACTOR of the request, and the CONTRACTOR must provide the records to the City or allow the records to be inspected or copied within a reasonable time. Failure by the CONTRACTOR to grant such public access and comply with public records requests shall be grounds for immediate unilateral cancellation of this Agreement by the City. The CONTRACTOR shall promptly provide the City with a copy of any request to inspect or copy public records in possession of the CONTRACTOR and shall promptly provide the City with a copy of the CONTRACTOR's response to each such request.

The CONTRACTOR agrees that if any litigation, claim, or audit is started before the expiration of the record retention period established above, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S (CONTRACTOR'S) DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT THE OFFICE OF THE CITY CLERK, CITY HALL, CITY OF NEW SMYRNA BEACH, 210 SAMS AVENUE, NEW SMYRNA BEACH, FLORIDA 32168, CLERK@CITYOFNSB.COM, (386) 410-2631.

d) Address change for the City of New Smyrna Beach: Notwithstanding the address and contact information for the government entity as set out in Exhibit "A," the Vendor agrees that he/she/it will send notices, invoices and will conduct all business with the City of New Smyrna Beach, attention of City Manager, at City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168. The designated representative for this contract is David Ray, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168, telephone number 386-424-2202, and email dray@cityofnsb.com.

e) Notwithstanding anything in Exhibit "A" to the contrary, the venue of any dispute will be in Volusia County, Florida. Litigation between the parties arising out of this contract must be in Volusia County, Florida in the Court of appropriate jurisdiction. The law of Florida will control any dispute between the parties arising out of or related to this Piggyback Contract, the performance thereof or any products or services delivered pursuant to such contract.

f) Notwithstanding any other provision in Exhibit "A" to the contrary, there shall be no arbitration with respect to any dispute between the parties arising out of this contract. Dispute resolution shall be through voluntary and non-binding mediation, negotiation or litigation in the Court of appropriate jurisdiction in Volusia County, Florida, with the parties bearing the costs of their own legal fees with respect to any dispute resolution, including litigation.

g) All other provisions in the original government contract (Exhibit "A") are fully binding on the parties and will represent the agreement between the City of New Smyrna Beach and the Vendor.

4. Human Trafficking: This Contract is subject to the terms, conditions, provisions and requirements of Section 787.06 of the Florida Statutes and Contractor hereby represents, warrants, and certifies that Contractor does not use coercion for labor or services as defined in Section 787.06, Florida Statutes and that Contractor has provided the Human Trafficking Affidavit.

Region 4 Education Service Center (ESC)

Contract # R230404

for

ROOFING PRODUCTS, SERVICES AND JOB-ORDER-CONTRACTING (JOC) SERVICES

with

Weatherproofing Technologies Inc.

Effective: November 1,2023

The following documents comprise the executed contract between the Region 4 Education Service Center and Weatherproofing Technologies Inc effective November 1, 2023:

I. Vendor Contract and Signature Form
II. Supplier's Response to the RFP, incorporated by reference

CONTRACT

*This Contract ("**Contract**") is made as of November 1, 2023, by and between Weatherproofing Technologies Inc. ("**Contractor**") and Region 4 Education Service Center ("**Region 4 ESC**") for the purchase of Roofing Products, Services, & Job-Order-Contracting (JOC) Services ("the products and services").*

RECITALS

WHEREAS, Region 4 ESC issued Request for Proposals Number 23-04 for Roofing Products, Services, & Job-Order-Contracting (JOC) Services ("the products and services") ("RFP"), to which Contractor provided a response ("**Proposal**"); and

WHEREAS, Region 4 ESC selected Contractor's Proposal and wishes to engage Contractor in providing the services/materials described in the RFP and Proposal;

WHEREAS, both parties agree and understand the following pages will constitute the Contract between the Contractor and Region 4 ESC, having its principal place of business at 7145 West Tidwell Road, Houston, TX 77092.

WHEREAS, Contractor included, in writing, any required exceptions or deviations from these terms, conditions, and specifications; and it is further understood that, if agreed to by Region 4 ESC, said exceptions or deviations are incorporated into the Contract.

WHEREAS, this Contract consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth below shall control.

WHEREAS, the Contract will provide that any state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("**Public Agencies**") may purchase products and services at prices indicated in the Contract upon the Public Agency's registration with OMNIA Partners.

1) Term of agreement. The initial term of the Contract is for a period of three (3) years unless terminated, canceled or extended as otherwise provided herein. Region 4 ESC shall have the right in its sole discretion to renew the Contract for an additional term of up to two (2) years or for a lesser period of time as determined by Region 4 ESC by providing written notice to the Contractor of Region 4 ESC's intent to renew thirty (30) days prior to the expiration of the original term. Contractor acknowledges and understands Region 4 ESC is under no obligation whatsoever to extend the term of this Contract. Notwithstanding the forgoing paragraph, the term of the Contract, including any extension of the original term, shall be further extended until the expiration of any Purchase Order issued under the Contract for a period of up to one year beyond the Contract term.

2) Scope: Contractor shall perform all duties, responsibilities and obligations, set forth in this agreement, and described in the RFP, incorporated herein by reference as though fully set forth herein.

3) Form of Contract. The form of Contract shall be the RFP, the Offeror's proposal and Best and Final Offer(s).

4) Order of Precedence. In the event of a conflict in the provisions of the Contract as accepted by Region 4 ESC, the following order of precedence shall prevail:

   i. This Contract
   ii. Offeror's Best and Final Offer
   iii. Offeror's proposal
   iv. RFP and any addenda

5) Commencement of Work. The Contractor is cautioned not to commence any billable work or provide any material or service under this Contract until Contractor receives a purchase order for such work or is otherwise directed to do so in writing by Region 4 ESC.

6) Entire Agreement (Parol evidence). The Contract, as specified above, represents the final written expression of agreement. All agreements are contained herein and no other agreements or representations that materially alter it are acceptable.

7) Assignment of Contract. No assignment of Contract may be made without the prior written approval of Region 4 ESC. Contractor is required to notify Region 4 ESC when any material change in operations is made (i.e., bankruptcy, change of ownership, merger, etc.).

8) Novation. If Contractor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor in interest must guarantee to perform all obligations under this Contract. Region 4 ESC reserves the right to accept or reject any new party. A change of name agreement will not change the contractual obligations of Contractor.

9) Contract Alterations. No alterations to the terms of this Contract shall be valid or binding unless authorized and signed by Region 4 ESC.

10) Adding Authorized Distributors/Dealers.

The National Cooperative Contractor Network roster lists the individual pre-qualified and In-Network contractors that are independently owned and part of this RFP response. This roster will be updated as new contractors enter the program who demonstrate competency in the stipulated criteria and that agree to the terms and conditions contained in this RFP. Contractors accepted in the Contractor Network Program will be sent to Region 4 ESC for approval prior to performing work for OMNIA Members.

Under the Contractor Network Method of Delivery, which is included in our response, the awarded In-Network contractor is the prime. All POs, invoices, payments, etc. will occur directly between the In-Network Contractor and the Participating Public Agency directly.

11) TERMINATION OF CONTRACT

a) Cancellation for Non-Performance or Contractor Deficiency. Region 4 ESC may terminate the Contract if purchase volume is determined to be low volume in any 12-month period. Region 4 ESC reserves the right to cancel the whole or any part of this Contract due to failure by Contractor to carry out any obligation, term or condition of the contract. Region 4 ESC may issue a written deficiency notice to Contractor for acting or failing to act in any of the following:

i. Providing material that does not meet the specifications of the Contract;
ii. Providing work or material was not awarded under the Contract;
iii. Failing to adequately perform the services set forth in the scope of work and specifications;
iv. Failing to complete required work or furnish required materials within a reasonable amount of time;
v. Failing to make progress in performance of the Contract or giving Region 4 ESC reason to believe Contractor will not or cannot perform the requirements of the Contract; or
vi. Performing work or providing services under the Contract prior to receiving an authorized purchase order.

Upon receipt of a written deficiency notice, Contractor shall have ten (10) days to provide a satisfactory response to Region 4 ESC. Failure to adequately address all issues of concern may result in Contract cancellation. Upon cancellation under this paragraph, all goods, materials, work, documents, data and reports prepared by Contractor under the Contract shall immediately become the property of Region 4 ESC.

b) Termination for Cause. If, for any reason, Contractor fails to fulfill its obligation in a timely manner, or Contractor violates any of the covenants, agreements, or stipulations of this Contract Region 4 ESC reserves the right to terminate the Contract immediately and pursue all other applicable remedies afforded by law. Such termination shall be effective by delivery of notice, to the Contractor, specifying the effective date of termination. In such event, all documents, data, studies, surveys, drawings, maps, models and reports prepared by Contractor will become the property of the Region 4 ESC. If such event does occur, Contractor will be entitled to receive just and equitable compensation for the satisfactory work completed on such documents.

c) Delivery/Service Failures. Failure to deliver goods or services within the time specified, or within a reasonable time period as interpreted by the purchasing agent or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the Contract to be terminated. In the event Region 4 ESC must purchase in an open market, Contractor agrees to reimburse Region 4 ESC, within a reasonable time period, for all expenses incurred.

d) Force Majeure. If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

e) Standard Cancellation. Region 4 ESC may cancel this Contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order.

12) Licenses. Contractor shall maintain in current status all federal, state and local licenses, bonds and permits required for the operation of the business conducted by Contractor. Contractor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of services under the Contract. Region 4 ESC reserves the right to stop work and/or cancel the Contract if Contractor's license(s) expire, lapse, are suspended or terminated.

13) Survival Clause. All applicable software license agreements, warranties or service agreements that are entered into between Contractor and Region 4 ESC under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. Proposals submitted to OMNIA Members prior to expiration or termination of the contract that lead to the issuance of a purchase order will survive the term of the agreement. All Purchase Orders issued and accepted by Contractor shall survive expiration or termination of the Contract for a period of up to one year beyond the term of the Contract.

14) Delivery. Conforming product shall be shipped within 7 days of receipt of Purchase Order. If delivery is not or cannot be made within this time period, the Contractor must receive authorization for the delayed delivery. The order may be canceled if the estimated shipping time is not acceptable. All deliveries shall be freight prepaid, and freight pricing will be provided on each proposal.

15) Inspection & Acceptance. If defective or incorrect material is delivered, Region 4 ESC may make the determination to return the material to the Contractor at no cost to Region 4 ESC. The Contractor agrees to pay all shipping costs for the return shipment. Contractor shall be responsible for arranging the return of the defective or incorrect material.

16) Payments. Payment shall be made after satisfactory performance, in accordance with all provisions thereof, and upon receipt of a properly completed invoice.

17) Price Adjustments. Should it become necessary or proper during the term of this Contract to make any change in design or any alterations that will increase price, Region 4 ESC must be notified immediately. Price increases must be approved by Region 4 ESC and no payment for additional materials or services, beyond the amount stipulated in the Contract shall be paid without prior approval. All price increases must be supported by manufacturer documentation, or a formal cost justification letter. Contractor must honor previous prices for thirty (30) days after approval and written notification from Region 4 ESC. It is the Contractor's responsibility to keep all pricing up to date and on file with Region 4 ESC. All price changes must be provided to Region 4 ESC, using the same format as was provided and accepted in the Contractor's proposal.

Price reductions may be offered at any time during Contract. Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all users equally; 2) reduction is for a specific period, normally not less than thirty (30) days; and 3) original price is not exceeded after the time-limit. Contractor shall offer Region 4 ESC any published price reduction during the Contract term.

18) Audit Rights. Contractor shall, at its sole expense, maintain appropriate due diligence of all purchases made by Region 4 ESC and any entity that utilizes this Contract. Region 4 ESC reserves the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. Region 4 ESC shall have the authority to conduct random audits of Contractor's pricing at Region 4 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing being offered that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Contractor's pricing at Contractor's sole cost and expense. Region 4 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 4 ESC.

19) Discontinued Products. If a product or model is discontinued by the manufacturer, Contractor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.

20) New Products/Services. New products and/or services that meet the scope of work may be added to the Contract. Pricing shall be equivalent to the percentage discount for other products. Contractor may replace or add product lines if the line is replacing or supplementing products, is equal or superior to the original products, is discounted similarly or greater than the original discount, and if the products meet the requirements of the Contract. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.

21) Options. Optional equipment for products under Contract may be added to the Contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.

22) Warranty Conditions. All supplies, equipment and services shall include manufacturer's minimum standard warranty and one (1) year labor warranty unless otherwise agreed to in writing.

23) Site Cleanup. Contractor shall clean up and remove all debris and rubbish resulting from their work as required or directed. Upon completion of the work, the premises shall be left in good repair and an orderly, neat, clean, safe and unobstructed condition.

24) Site Preparation. Contractor shall not begin a project for which the site has not been prepared, unless Contractor does the preparation work at no cost, or until Region 4 ESC includes the cost of site preparation in a purchase order. Site preparation includes, but is not limited to moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

25) Registered Sex Offender Restrictions. For work to be performed at schools, Contractor agrees no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Contractor agrees a violation of this condition shall be considered a

material breach and may result in the cancellation of the purchase order at Region 4 ESC's discretion. Contractor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

26) Safety measures. Contractor shall take all reasonable precautions for the safety of employees on the worksite and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Contractor shall post warning signs against all hazards created by its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

27) Smoking. Persons working under the Contract shall adhere to local smoking policies. Smoking will only be permitted in posted areas or off premises.

28) Stored materials. Upon prior written agreement between the Contractor and Region 4 ESC, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to Region 4 ESC prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by the Contractor against loss and damage. Contractor agrees to provide proof of coverage and additionally insured upon request. Additionally, if stored offsite, the materials must also be clearly identified as property of Region 4 ESC and be separated from other materials. Region 4 ESC must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Region 4 ESC, it shall be the Contractor's responsibility to protect all materials and equipment. Contractor warrants and guarantees that title for all work, materials and equipment shall pass to Region 4 ESC upon final acceptance.

29) Funding Out Clause. A Contract for the acquisition, including lease, of real or personal property is a commitment of Region 4 ESC's current revenue only. Region 4 ESC retains the right to terminate the Contract at the expiration of each budget period during the term of the Contract and is conditioned on a best effort attempt by Region 4 ESC to obtain appropriate funds for payment of the contract.

30) Indemnity. Contractor shall protect, indemnify, and hold harmless both Region 4 ESC and its administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the Contractor, Contractor employees or subcontractors in the preparation of the solicitation and the later execution of the Contract. Any litigation involving either Region 4 ESC, its administrators and employees and agents will be in Harris County, Texas.

31) Marketing. Contractor agrees to allow Region 4 ESC to use their name and logo within website, marketing materials and advertisement. Any use of Region 4 ESC name and logo or any form of publicity, inclusive of press releases, regarding this Contract by Contractor must have prior approval from Region 4 ESC.

32) Certificates of Insurance. Certificates of insurance shall be delivered to the Region 4 ESC prior to commencement of work. The Contractor shall give Region 4 ESC a minimum of ten (10) days' notice prior to any modifications or cancellation of policies. The Contractor shall require all subcontractors performing any work to maintain coverage as specified.

33) Legal Obligations. It is Contractor's responsibility to be aware of and comply with all local, state, and federal laws governing the sale of products/services and shall comply with all laws while fulfilling the Contract. Applicable laws and regulation must be followed even if not specifically identified herein.

TERMS & CONDITIONS ACCEPTANCE FORM

Signature on the Offer and Contract Signature form certifies complete acceptance of the terms and conditions in this solicitation and draft Contract except as noted below with proposed substitute language (additional pages may be attached, if necessary). The provisions of the RFP cannot be modified without the express written approval of Region 4 ESC. If a proposal is returned with modifications to the draft Contract provisions that are not expressly approved in writing by Region 4 ESC, the Contract provisions contained in the RFP shall prevail.

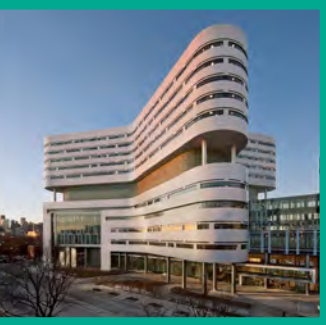
Check one of the following responses:

☐ Offeror takes no exceptions to the terms and conditions of the RFP and draft Contract.

(Note: If none are listed below, it is understood that no exceptions/deviations are taken.)

☒ Offeror takes the following exceptions to the RFP and draft Contract. All exceptions must be clearly explained, reference the corresponding term to which Offeror is taking exception and clearly state any proposed modified language, proposed additional terms to the RFP and draft Contract must be included:

(Note: Unacceptable exceptions may remove Offeror's proposal from consideration for award. Region 4 ESC shall be the sole judge on the acceptance of exceptions and modifications and the decision shall be final.



If an offer is made with modifications to the contract provisions that are not expressly approved in writing, the contract provisions contained in the RFP shall prevail.)

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
APPENDIX A Page 44 Exhibit A PDF Page 60	Adding Authorized Distributors/Dealers	The National Cooperative Contractor Network roster lists the individual pre-qualified and In-Network contractors that are independently owned and part of this RFP response. This roster will be updated as new contractors enter the program who demonstrate competency in the stipulated criteria and that agree to the terms and conditions contained in this RFP. Contractors accepted in the Contractor Network Program will be sent to Region 4 ESC for approval prior to performing work for OMNIA Members. Under the Contractor Network Method of Delivery, which is included in our response, the awarded In-Network contractor is the prime. With this being said, all POs, invoices, payments, etc. will occur directly between the In-Network Contractor and the Participating Agency directly.	Accepted
APPENDIX A Page 43, 46	Term of agreement Survival Clause	Proposals submitted to OMNIA Members prior to expiration of termination of the contract that leads to the issuance of a purchase order will survive the term of the agreement.	Accepted

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
APPENDIX D Exhibit A PDF Page 60	1.1 Requirements	The RFP language states: All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually Under WTI's Contractor Network Method of Delivery, all transactions, purchase orders, invoices, payments etc., will occur directly between the In-Network Contractor and each Participating Public Agency individually.	Accepted
APPENDIX D Exhibit A PDF Page 62, 68	1.2 Marketing, Sales and Administrative Support 3.3 Marketing and Sales	The RFP language states: Suppliers are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. While many public agencies value our OMNIA contracts there are many factors that go into securing a sale including how a public agency would like to procure our solutions, agency-specific contract preferences, agency procurement policy, and administrative and legislative procurement policy. WTI will aggressively promote this contract with the intent of producing sales under this contract; however, due to the speculative and unique nature of the services we provide, we do not have the ability to guarantee sales.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 63, 64	1.5 Objectives of Cooperative Program 2.1 Corporate Commitment 2.3 Sales Commitment	The RFP language states: Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide Tremco corporate is committed to aggressively marketing the OMNIA contract to the public sector based on public agency contract preference and agency procurement policies, and administrative and legislative procurement policies.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 64, 67	2.2 Pricing Commitment 3.3 Marketing and Sales	WTI will provide pricing which is comparable to other valued public sector customers or what is referred to in the marketplace as market competitive pricing. Given the many variances and unique conditions presented on each project, a lowest pricing or best government pricing is not reasonably achievable and we believe is more suited to commodity purchases that are very different from the unique solutions we provide given the many variances and site-specific conditions presented on each project. WTI is committed to offering and providing the best value at the best site-specific pricing available to every OMNIA Member.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 69	3.3 Marketing and Sales	The RFP language states: The following options are available when responding to a solicitation for Products covered under the Master Agreement. There are many factors that go into how a public agency would like to procure our solutions which include traditional bidding of products and services. WTI will, if electing to respond to such solicitations, respond as we do in our normal course of our traditional business outside of our OMNIA contracts.	OMNIA Partners
APPENDIX A Page 46	Delivery	All deliveries shall be freight prepaid and freight pricing will be provided on each proposal.	Accepted

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
EXHIBIT F Page 90	Buy American Requirement	Tremco has maintained its headquarters in the greater Cleveland area since 1928. The vast majority of our roofing products are manufactured in our Cleveland-based roofing plant, although some products are manufactured at our Canadian plant or purchased for resale. We believe we are in an excellent position to fulfill the requirements of Buy American, however, note that deviations may be necessary depending upon the scope and product or system requirements of a particular project or OMNIA Member request.	Supplier will confirm on a case by case basis as required by Participating Public Agency.
Solicitation 23-04	Participating Agencies/ Members referenced throughout Solicitation 23-04	We request Region 4 ESC include other entities contracted to conduct business on behalf of a Participating Agency/Member, provided they follow the Participating Agency/Member's state and local procurement regulations and have authorization by the Participating Public Agency to utilize Region 4 ESC's Roofing Products, Services and Job-Order Contracting Services contract on behalf of Participating Public Agency. The reason we are requesting the inclusion of "other entities" as some public agencies prefer to contract out, or outsource, the oversight of their facilities and/or roofing and building envelope-related projects to third parties such as energy service companies (ESCOs), solar integrators, general contractors, and property-management companies. Adding the ability of these contracted parties to utilize the contract on a Participating Public Agency's behalf will result in the Participating Public Agency still obtaining the benefits of procuring roofing and building envelope solutions, and all value add under this contract.	Accepted
EXHIBT B Page 74	Terms & Conditions	The RFP language states: All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below, along with an electronic copy to the email addresses listed below. WTI proposes that digital means of communication be accepted except for legal notices.	OMNIA Partners
RFP Page 42	Proposed Pricing Coefficient (s)	The RFP language states: Please provide Coefficients for products and services not listed in the provided line items for states that you are proposing to do work in. WTI has provided coefficients with the RS Means Construction Cost Index Catalog for all product and service offerings in all markets.	Accepted
APPENDIX D EHIBIT A Page 68	3.3 Marketing and Sales	The RFP language states: Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each. WTI is unable to provide the list of top ten public agency customers as this information is privileged and confidential and we do not have permission from our customers to divulge it.	OMNIA Partners
RFP Page 40	Pricing tab	The line item descriptor was incorrect on Line Item 50 under Roof Services. It states: Special Rental Equipment (Priced based on 9.11.2 above) We corrected the verbiage to point to the right line item referenced: Special Rental Equipment (Based on RS Means line 48d)	Accepted

COVER LETTER

6/23/2023

RE: Solicitation No. 23-04—Region 4 Education Service Center for Roofing Products, Services, and JOC Services

Weatherproofing Technologies Inc. ("WTI") and its affiliate Tremco CPG, Inc. (Tremco) are pleased to present our Region 4 ESC RFP Response. Our comprehensive response represents our approach and demonstrated success in providing the types of services requested in the RFP. We believe as evidenced from our many years of working under Region 4 ESC, OMNIA Partners contacts it is very clear we can provide the services and products required by OMNIA members. Managing facilities can be complex. Procuring comprehensive and cost effective solutions shouldn't be. Identifying the problem and defining the technical solution only solves part of the problem. OMNIA members want and need to procure high-quality, cost-effective, and comprehensive building envelope solutions without sacrificing transparency, which WTI can provide under the contract.

WTI brings 62 years of experience in delivering superior solutions to both basic and complicated exterior building, roofing, fall protection, parking garage, waterproofing, indoor air quality, HVAC restoration, paving, and flooring projects. While our affiliate company, Tremco, has been providing roofing and building envelope materials and services for more than 95 years.

Coupled with an extensive Tremco CPG portfolio, WTI and Tremco is the industry leader in providing roofing and building enclosure solutions. The Tremco portfolio includes Tremco Roofing and Building Maintenance, WTI, Tremco Commercial Sealants & Waterproofing, Dryvit Systems (insulated exterior finish system), Nudura (insulated concrete wall system), Prebuck LLC, (pre-engineered wall system), and Willseal (durable expansion joint systems). In tandem with WTI's full-service design build GC capabilities, these manufacturing resources, along with WTI Pure Air (HVAC analysis and restoration, disinfecting and sanitizing services), CanAm (building envelope sealing) and sister company, Stonhard (sustainable and high performance flooring) give OMNIA members a unique, single point of contact for all their building envelope, flooring and paving needs. In addition, WTI's National Cooperative Contractor Network provides OMNIA members with another way to compliantly procure solutions through a network of highly qualified, local, best-in-class pre-qualified contractors.

WTI, Tremco and our In-Network Contractors have provided cost-effective solutions to increase performance while reducing costs for numerous public agencies, many of which are OMNIA members, across North America, both large and small. This has resulted in many long term partnerships. This continues to be our goal and has been demonstrated through our long history with successfully performing on Region 4 ESC contracts since 2004.

In an effort to continue to provide the best value to OMNIA's membership, we have increased our material only discount, lowered our RS Means coefficient, and added additional value add line items to further enhance contract usability by OMNIA members nationwide. As part of our bid submission, we have provided bid bonds for the State of Texas and the State of Michigan in hard copy. The State of Texas bond is per the RFP requirements. The State of Michigan bond is provided to meet Michigan's bidding requirements.

Please feel free to contact us with any questions or comments. Thank you for consideration of our proposal submission.

Sincerely,

Craig A. Nelson
VP WTI GC Strategy
Weatherproofing Technologies Inc. and Tremco

PRODUCT CATALOGUE SHEETS

Tremco Construction Products Group (CPG) has made 1000s of product sheets available for our customers. To make it easier for our customers to find information on specific products we have conveniently made them available on-line through our website.

COMPANY GOVERNANCE—THE VALUE OF 168 ONLINE

The Value of 168 is the corporate philosophy set forth by the company's founder Frank C. Sullivan. It is a unique form of corporate governance that signifies RPM's, WTI's parent company, enduring commitment to conduct business by doing the right things, the right way for the right reasons—on behalf of its associates, customers and shareholders.

WARRANTY INFORMATION—THE POWER OF ONE

One Building Envelope. One Warranty. One Powerful System Delivering Unmatched Protection for Your Building. Additional information on our Warranty program.

QUALITY CONTROL—ISO 9001:2015

Both Tremco CPG Inc. and WTI (Weatherproofing Technologies, Inc.) are ISO 9001:2015 certified organizations. This is the highest level of quality certification that can be achieved in this class. Press the hyperlink to learn more and get a copy of our certifications.

TREMCO QUALITY CONTROL CUSTOMER SATISFACTION PROGRAM

Tremco partnered with ASU to implement a quality control program that assists Tremco to better serve our customers by tracking and documenting the performance information of all the warranted projects. To learn more about the program and see our ***ASU Performance Summary*** press the hyperlink.

BUILDING SCIENCE LIBRARY

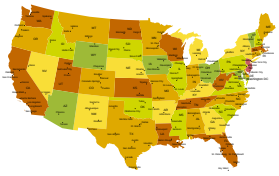
Open to the construction and design industry, our Building Science Laboratory in Cleveland, Ohio conducts full wall assembly testing for air and moisture infiltration, thermal conductivity, as well as building material compatibility. With safety and sustainability in mind, we push the limits of building envelope testing beyond industry standards to help ensure buildings withstand real-world environmental conditions.

BUILDING DESIGN VISUALIZER

Customize the look of your building or parking garage and explore the products to bring it to life with our on-line building design app. You can choose a preloaded scene or upload your own. Create an account to save and access previous projects.

OFF-SITE CONSTRUCTION

Build better buildings, faster with off-site construction. Tremco CPG offers a complete line of products for your building envelope. Don't Waste Time Sourcing Materials from Multiple Manufacturers. We have everything you need to construct a proven building envelope in a factory setting.



RESTORATION GUIDES FOR COMMON BUILDING EXTERIOR ISSUES

The web-link will take you to our library of guides that help you identify and resolve typical building issues. All our guides are downloadable for easy reference.

NEED TO FIND A REP

To find reps for your next project we offer a on-line find-your-rep app. Once you're on our site, just click on the state you would like to find a rep. Each name is interactive—providing you with contact information and their location.

DRAFT CONTRACT AND OFFER AND CONTRACT SIGNATURE FORM APPENDIX A

TERMS AND CONDITIONS ACCEPTANCE FORM (APPENDIX B)

APPENDIX A

DRAFT CONTRACT

This Contract ("Contract") is made as of _____, 202X by and between _____ _____ ("Contractor") and Region 4 Education Service Center ("Region 4 ESC") for the purchase of _____("the products and services").

RECITALS

WHEREAS, Region 4 ESC issued Request for Proposals Number R_____ for _____ ("RFP"), to which Contractor provided a response ("Proposal"); and

WHEREAS, Region 4 ESC selected Contractor's Proposal and wishes to engage Contractor in providing the services/materials described in the RFP and Proposal;

WHEREAS, both parties agree and understand the following pages will constitute the Contract between the Contractor and Region 4 ESC, having its principal place of business at 7145 West Tidwell Road, Houston, TX 77092.

WHEREAS, Contractor included, in writing, any required exceptions or deviations from these terms, conditions, and specifications; and it is further understood that, if agreed to by Region 4 ESC, said exceptions or deviations are incorporated into the Contract.

WHEREAS, this Contract consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth below shall control.

WHEREAS, the Contract will provide that any state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies") may purchase products and services at prices indicated in the Contract upon the Public Agency's registration with OMNIA Partners.

1) Term of agreement. The term of the Contract is for a period of three (3) years unless terminated, canceled or extended as otherwise provided herein. Region 4 ESC shall have the right to renew the Contract for two (2) additional one-year periods or portions thereof. Region 4 ESC shall review the Contract prior to the renewal date and notify the Contractor of Region 4 ESC's intent renew the Contract. Contractor may elect not to renew by providing three hundred sixty-five days' (365) notice to Region 4 ESC. Notwithstanding the expiration of the initial term or any subsequent term or all renewal options, Region 4 ESC and Contractor may mutually agree to extend the term of this Agreement. Contractor acknowledges and understands Region 4 ESC is under no obligation whatsoever to extend the term of this Agreement.

   The anticipated full term of the contract is five (5) years. The Contractor shall have the right to enter local "service" agreements with Participating Public Agencies accessing the contract through OMNIA Partners, so long as the effective date of such agreement is prior to the expiration of the Contract. All local agreements may have a full potential term (any combination of initial and renewal periods) not to exceed five years.

Any job orders, project agreements or maintenance agreements executed against this Master Agreement during the effective term may survive beyond the expiration of the Master Agreement as established and agreed to by both parties.

2) Scope: Contractor shall perform all duties, responsibilities and obligations, set forth in this agreement, and described in the RFP, incorporated herein by reference as though fully set forth herein.

3) Form of Contract. The form of Contract shall be the RFP, the Offeror's proposal and Best and Final Offer(s).

4) Order of Precedence. In the event of a conflict in the provisions of the Contract as accepted by Region 4 ESC, the following order of precedence shall prevail:

   i. This Contract
   ii. Offeror's Best and Final Offer
   iii. Offeror's proposal
   iv. RFP and any addenda

5) Commencement of Work. The Contractor is cautioned not to commence any billable work or provide any material or service under this Contract until Contractor receives a purchase order for such work or is otherwise directed to do so in writing by Region 4 ESC.

6) Entire Agreement (Parol evidence). The Contract, as specified above, represents the final written expression of agreement. All agreements are contained herein and no other agreements or representations that materially alter it are acceptable.

7) Assignment of Contract. No assignment of Contract may be made without the prior written approval of Region 4 ESC. Contractor is required to notify Region 4 ESC when any material change in operations is made (i.e. bankruptcy, change of ownership, merger, etc.).

8) Novation. If Contractor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor in interest must guarantee to perform all obligations under this Contract. Region 4 ESC reserves the right to accept or reject any new party. A change of name agreement will not change the contractual obligations of Contractor.

9) Contract Alterations. No alterations to the terms of this Contract shall be valid or binding unless authorized and signed by Region 4 ESC.

10) Adding Authorized Distributors/Dealers. Contractor is prohibited from authorizing additional distributors or dealers, other than those identified at the time of submitting their proposal, to sell under the Contract without notification and prior written approval from Region 4 ESC. Contractor must notify Region 4 ESC each time it wishes to add an authorized distributor or dealer. Purchase orders and payment can only be made to the Contractor unless otherwise approved by Region 4 ESC. Pricing provided to members by added distributors or dealers must also be less than or equal to the Contractor's pricing.

11) TERMINATION OF CONTRACT

   a) Cancellation for Non-Performance or Contractor Deficiency. Region 4 ESC may terminate the Contract if purchase volume is determined to be low volume in any 12-month period.

1528

Region 4 ESC reserves the right to cancel the whole or any part of this Contract due to failure by Contractor to carry out any obligation, term or condition of the contract. Region 4 ESC may issue a written deficiency notice to Contractor for acting or failing to act in any of the following:

i. Providing material that does not meet the specifications of the Contract;
ii. Providing work or material was not awarded under the Contract;
iii. Failing to adequately perform the services set forth in the scope of work and specifications;
iv. Failing to complete required work or furnish required materials within a reasonable amount of time;
v. Failing to make progress in performance of the Contract or giving Region 4 ESC reason to believe Contractor will not or cannot perform the requirements of the Contract; or
vi. Performing work or providing services under the Contract prior to receiving an authorized purchase order.

Upon receipt of a written deficiency notice, Contractor shall have ten (10) days to provide a satisfactory response to Region 4 ESC. Failure to adequately address all issues of concern may result in Contract cancellation. Upon cancellation under this paragraph, all goods, materials, work, documents, data and reports prepared by Contractor under the Contract shall immediately become the property of Region 4 ESC.

b) Termination for Cause. If, for any reason, Contractor fails to fulfill its obligation in a timely manner, or Contractor violates any of the covenants, agreements, or stipulations of this Contract Region 4 ESC reserves the right to terminate the Contract immediately and pursue all other applicable remedies afforded by law. Such termination shall be effective by delivery of notice, to the Contractor, specifying the effective date of termination. In such event, all documents, data, studies, surveys, drawings, maps, models and reports prepared by Contractor will become the property of the Region 4 ESC. If such event does occur, Contractor will be entitled to receive just and equitable compensation for the satisfactory work completed on such documents.

c) Delivery/Service Failures. Failure to deliver goods or services within the time specified, or within a reasonable time period as interpreted by the purchasing agent or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the Contract to be terminated. In the event Region 4 ESC must purchase in an open market, Contractor agrees to reimburse Region 4 ESC, within a reasonable time period, for all expenses incurred.

d) Force Majeure. If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having

the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

e) Standard Cancellation. Region 4 ESC may cancel this Contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order.

12) Licenses. Contractor shall maintain in current status all federal, state and local licenses, bonds and permits required for the operation of the business conducted by Contractor. Contractor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of services under the Contract. Region 4 ESC reserves the right to stop work and/or cancel the Contract if Contractor's license(s) expire, lapse, are suspended or terminated.

13) Survival Clause. All applicable software license agreements, warranties or service agreements that are entered into between Contractor and Region 4 ESC under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. All Purchase Orders issued and accepted by Contractor shall survive expiration or termination of the Contract.

14) Delivery. Conforming product shall be shipped within 7 days of receipt of Purchase Order. If delivery is not or cannot be made within this time period, the Contractor must receive authorization for the delayed delivery. The order may be canceled if the estimated shipping time is not acceptable. All deliveries shall be freight prepaid, F.O.B. Destination and shall be included in all pricing offered unless otherwise clearly stated in writing.

15) Inspection & Acceptance. If defective or incorrect material is delivered, Region 4 ESC may make the determination to return the material to the Contractor at no cost to Region 4 ESC. The Contractor agrees to pay all shipping costs for the return shipment. Contractor shall be responsible for arranging the return of the defective or incorrect material.

16) Payments. Payment shall be made after satisfactory performance, in accordance with all provisions thereof, and upon receipt of a properly completed invoice.

17) Price Adjustments. Should it become necessary or proper during the term of this Contract to make any change in design or any alterations that will increase price, Region 4 ESC must be notified immediately. Price increases must be approved by Region 4 ESC and no payment for additional materials or services, beyond the amount stipulated in the Contract shall be paid without prior approval. All price increases must be supported by manufacturer documentation, or a formal cost justification letter. Contractor must honor previous prices for thirty (30) days after approval and written notification from Region 4 ESC. It is the Contractor's responsibility to keep all pricing up to date and on file with Region 4 ESC. All price changes must be provided to Region 4 ESC, using the same format as was provided and accepted in the Contractor's proposal.

Price reductions may be offered at any time during Contract. Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all users equally; 2) reduction is for a specific period, normally not less than thirty (30) days; and 3) original price is not exceeded after the time-limit. Contractor shall offer Region 4 ESC any published price reduction during the Contract term.

18) Audit Rights. Contractor shall, at its sole expense, maintain appropriate due diligence of all purchases made by Region 4 ESC and any entity that utilizes this Contract. Region 4 ESC reserves the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. Region 4 ESC shall have the authority to conduct random audits of Contractor's pricing at Region 4 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing being offered that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Contractor's pricing at Contractor's sole cost and expense. Region 4 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 4 ESC.

19) Discontinued Products. If a product or model is discontinued by the manufacturer, Contractor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.

20) New Products/Services. New products and/or services that meet the scope of work may be added to the Contract. Pricing shall be equivalent to the percentage discount for other products. Contractor may replace or add product lines if the line is replacing or supplementing products, is equal or superior to the original products, is discounted similarly or greater than the original discount, and if the products meet the requirements of the Contract. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.

21) Options. Optional equipment for products under Contract may be added to the Contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.

22) Warranty Conditions. All supplies, equipment and services shall include manufacturer's minimum standard warranty and one (1) year labor warranty unless otherwise agreed to in writing.

23) Site Cleanup. Contractor shall clean up and remove all debris and rubbish resulting from their work as required or directed. Upon completion of the work, the premises shall be left in good repair and an orderly, neat, clean, safe and unobstructed condition.

24) Site Preparation. Contractor shall not begin a project for which the site has not been prepared, unless Contractor does the preparation work at no cost, or until Region 4 ESC includes the cost of site preparation in a purchase order. Site preparation includes, but is not limited to: moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

25) Registered Sex Offender Restrictions. For work to be performed at schools, Contractor agrees no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Contractor agrees a violation of this condition shall be considered a

material breach and may result in the cancellation of the purchase order at Region 4 ESC's discretion. Contractor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

26) Safety measures. Contractor shall take all reasonable precautions for the safety of employees on the worksite and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Contractor shall post warning signs against all hazards created by its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

27) Smoking. Persons working under the Contract shall adhere to local smoking policies. Smoking will only be permitted in posted areas or off premises.

28) Stored materials. Upon prior written agreement between the Contractor and Region 4 ESC, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to Region 4 ESC prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by the Contractor against loss and damage. Contractor agrees to provide proof of coverage and additionally insured upon request. Additionally, if stored offsite, the materials must also be clearly identified as property of Region 4 ESC and be separated from other materials. Region 4 ESC must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Region 4 ESC, it shall be the Contractor's responsibility to protect all materials and equipment. Contractor warrants and guarantees that title for all work, materials and equipment shall pass to Region 4 ESC upon final acceptance.

29) Funding Out Clause. A Contract for the acquisition, including lease, of real or personal property is a commitment of Region 4 ESC's current revenue only. Region 4 ESC retains the right to terminate the Contract at the expiration of each budget period during the term of the Contract and is conditioned on a best effort attempt by Region 4 ESC to obtain appropriate funds for payment of the contract.

30) Indemnity. Contractor shall protect, indemnify, and hold harmless both Region 4 ESC and its administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the Contractor, Contractor employees or subcontractors in the preparation of the solicitation and the later execution of the Contract. Any litigation involving either Region 4 ESC, its administrators and employees and agents will be in Harris County, Texas.

31) Marketing. Contractor agrees to allow Region 4 ESC to use their name and logo within website, marketing materials and advertisement. Any use of Region 4 ESC name and logo or any form of publicity, inclusive of press releases, regarding this Contract by Contractor must have prior approval from Region 4 ESC.

32) Certificates of Insurance. Certificates of insurance shall be delivered to the Region 4 ESC prior to commencement of work. The Contractor shall give Region 4 ESC a minimum of ten (10) days' notice prior to any modifications or cancellation of policies. The Contractor shall require all subcontractors performing any work to maintain coverage as specified.

33) Legal Obligations. It is Contractor's responsibility to be aware of and comply with all local, state, and federal laws governing the sale of products/services and shall comply with all laws while fulfilling the Contract. Applicable laws and regulation must be followed even if not specifically identified herein.

TERMS & CONDITIONS ACCEPTANCE FORM

Signature on the Offer and Contract Signature form certifies complete acceptance of the terms and conditions in this solicitation and draft Contract except as noted below with proposed substitute language (additional pages may be attached, if necessary). The provisions of the RFP cannot be modified without the express written approval of Region 4 ESC. If a proposal is returned with modifications to the draft Contract provisions that are not expressly approved in writing by Region 4 ESC, the Contract provisions contained in the RFP shall prevail.

Check one of the following responses:

☐ Offeror takes no exceptions to the terms and conditions of the RFP and draft Contract.

(Note: If none are listed below, it is understood that no exceptions/deviations are taken.)

☒ Offeror takes the following exceptions to the RFP and draft Contract. All exceptions must be clearly explained, reference the corresponding term to which Offeror is taking exception and clearly state any proposed modified language, proposed additional terms to the RFP and draft Contract must be included:

(Note: Unacceptable exceptions may remove Offeror's proposal from consideration for award. Region 4 ESC shall be the sole judge on the acceptance of exceptions and modifications and the decision shall be final.

If an offer is made with modifications to the contract provisions that are not expressly approved in writing, the contract provisions contained in the RFP shall prevail.)

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
APPENDIX A Page 44 Exhibit A PDF Page 60	Adding Authorized Distributors/Dealers	The National Cooperative Contractor Network roster lists the individual pre-qualified and In-Network contractors that are independently owned and part of this RFP response. This roster will be updated as new contractors enter the program who demonstrate competency in the stipulated criteria and that agree to the terms and conditions contained in this RFP. Contractors accepted in the Contractor Network Program will be sent to Region 4 ESC for approval prior to performing work for OMNIA Members. Under the Contractor Network Method of Delivery, which is included in our response, the awarded In-Network contractor is the prime. With this being said, all POs, invoices, payments, etc. will occur directly between the In-Network Contractor and the Participating Agency directly.	Accepted
APPENDIX A Page 43, 46	Term of agreement Survival Clause	Proposals submitted to OMNIA Members prior to expiration of termination of the contract that leads to the issuance of a purchase order will survive the term of the agreement.	Accepted

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
APPENDIX D Exhibit A PDF Page 60	1.1 Requirements	The RFP language states: All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually Under WTI's Contractor Network Method of Delivery, all transactions, purchase orders, invoices, payments etc., will occur directly between the In-Network Contractor and each Participating Public Agency individually.	Accepted
APPENDIX D Exhibit A PDF Page 62, 68	1.2 Marketing, Sales and Administrative Support 3.3 Marketing and Sales	The RFP language states: Suppliers are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. While many public agencies value our OMNIA contracts there are many factors that go into securing a sale including how a public agency would like to procure our solutions, agency-specific contract preferences, agency procurement policy, and administrative and legislative procurement policy. WTI will aggressively promote this contract with the intent of producing sales under this contract; however, due to the speculative and unique nature of the services we provide, we do not have the ability to guarantee sales.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 63, 64	1.5 Objectives of Cooperative Program 2.1 Corporate Commitment 2.3 Sales Commitment	The RFP language states: Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide Tremco corporate is committed to aggressively marketing the OMNIA contract to the public sector based on public agency contract preference and agency procurement policies, and administrative and legislative procurement policies.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 64, 67	2.2 Pricing Commitment 3.3 Marketing and Sales	WTI will provide pricing which is comparable to other valued public sector customers or what is referred to in the marketplace as market competitive pricing. Given the many variances and unique conditions presented on each project, a lowest pricing or best government pricing is not reasonably achievable and we believe is more suited to commodity purchases that are very different from the unique solutions we provide given the many variances and site-specific conditions presented on each project. WTI is committed to offering and providing the best value at the best site-specific pricing available to every OMNIA Member.	OMNIA Partners
APPENDIX D Exhibit A PDF Page 69	3.3 Marketing and Sales	The RFP language states: The following options are available when responding to a solicitation for Products covered under the Master Agreement. There are many factors that go into how a public agency would like to procure our solutions which include traditional bidding of products and services. WTI will, if electing to respond to such solicitations, respond as we do in our normal course of our traditional business outside of our OMNIA contracts.	OMNIA Partners
APPENDIX A Page 46	Delivery	All deliveries shall be freight prepaid and freight pricing will be provided on each proposal.	Accepted

Section/Page	Term, Condition, or Specification	Exception/Proposed Modification	Accepted (For Region 4 ESC's use)
EXHIBIT F Page 90	Buy American Requirement	Tremco has maintained its headquarters in the greater Cleveland area since 1928. The vast majority of our roofing products are manufactured in our Cleveland-based roofing plant, although some products are manufactured at our Canadian plant or purchased for resale. We believe we are in an excellent position to fulfill the requirements of Buy American, however, note that deviations may be necessary depending upon the scope and product or system requirements of a particular project or OMNIA Member request.	Supplier will confirm on a case by case basis as required by Participating Public Agency.
Solicitation 23-04	Participating Agencies/ Members referenced throughout Solicitation 23-04	We request Region 4 ESC include other entities contracted to conduct business on behalf of a Participating Agency/Member, provided they follow the Participating Agency/Member's state and local procurement regulations and have authorization by the Participating Public Agency to utilize Region 4 ESC's Roofing Products, Services and Job-Order Contracting Services contract on behalf of Participating Public Agency. The reason we are requesting the inclusion of "other entities" as some public agencies prefer to contract out, or outsource, the oversight of their facilities and/or roofing and building envelope-related projects to third parties such as energy service companies (ESCOs), solar integrators, general contractors, and property-management companies. Adding the ability of these contracted parties to utilize the contract on a Participating Public Agency's behalf will result in the Participating Public Agency still obtaining the benefits of procuring roofing and building envelope solutions, and all value add under this contract.	Accepted
EXHIBT B Page 74	Terms & Conditions	The RFP language states: All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below, along with an electronic copy to the email addresses listed below. WTI proposes that digital means of communication be accepted except for legal notices.	OMNIA Partners
RFP Page 42	Proposed Pricing Coefficient (s)	The RFP language states: Please provide Coefficients for products and services not listed in the provided line items for states that you are proposing to do work in. WTI has provided coefficients with the RS Means Construction Cost Index Catalog for all product and service offerings in all markets.	Accepted
APPENDIX D EHIBIT A Page 68	3.3 Marketing and Sales	The RFP language states: Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each. WTI is unable to provide the list of top ten public agency customers as this information is privileged and confidential and we do not have permission from our customers to divulge it.	OMNIA Partners
RFP Page 40	Pricing tab	The line item descriptor was incorrect on Line Item 50 under Roof Services. It states: Special Rental Equipment (Priced based on 9.11.2 above) We corrected the verbiage to point to the right line item referenced: Special Rental Equipment (Based on RS Means line 48d)	Accepted

TAB 2

PRODUCTS/PRICING TAB AND PRICING COEFFICIENTS

INCLUDES ANSWERS TO SECTION 2.a

PRODUCTS/PRICING TAB AND PRICING COEFFICIENTS

i. Discounts proposed shall remain the same throughout the term of the contract and at all renewal options. At a minimum the Awarded Offeror must hold the proposed price list firm for the first 12 months after the contract award. Offerors may elect to limit their proposals to any category or categories. Services such as installation, delivery, technical support, training, and other services must be priced or listed as free in order to be offered on the contract. Unlisted services will not be accepted.

WTI is offering our full line of products and services under this contract. Tremco's current price book is offered with a [redacted] discount. This [redacted] discount will remain firm throughout an awarded contract. However, depending on market conditions as we have seen over the last several years with unexpected supply chain and labor issues, this pricing may need to be adjusted periodically. Any change in pricing will be supported by economic price adjustment justification. WTI is also offering full turnkey solutions with pricing provided in the line-item pricing format along with additional value-added line items and individual state coefficients. In addition, pricing will be supplemented by the most current on line RS Means Construction Cost Data utilizing the coefficient for each state. The proposed coefficients will remain the same for the first 12 months of the contract.

WTI is proposing for all states a discount coefficient for standard hours of [redacted] and for non-standard hours a positive coefficient of [redacted]. The markup percentage on non-pre-priced items is [redacted].

ii. Offerors shall complete and provide pricing and pricing coefficients in the Pricing Tab attached herein.

WTI has completed the line-item pricing and provided a coefficient for each state beginning on the following pages. The proposed coefficients will remain the same for the first 12 months of the contract.

Full copies of the following pricing is available to OMNIA Members upon request.

- Line-item Pricing, including Value-Add Line Items and State Multipliers
- Coefficients with the RS Means Construction Cost Index Catalog for all deliverables and in all markets
- Tremco Material Price Book

Tremco Incorporated - All Rights Reserved

iii. Is pricing available for all products and services?

Yes. Tremco's material price book, the completed line-item pricing and the ability to use RS Means will be used to produce pricing for all roofing, building envelope and JOC projects.

iv. Provide pricing for warranties on all products and services.

Projects performed under the contract, will all receive WTI's standard two-year installation/labor warranty, exceeding the minimum standard one-year labor warranty, with the exception of Stonhard projects which will receive the standard one-year warranty. Standard warranties are included in the cost for each project. In addition, we offer a wide range of additional warranties, samples of which are included in Tab 6—Value Add. Pricing for any additional or optional warranties will be on based on the products and services selected for each specific project and will be provided upon request utilizing the RS Means Construction Cost Data.

v. Describe any additional discounts or rebates available. Additional discounts or rebates may be offered for large projects, single ship to location, growth, annual spend, guaranteed quantity, etc.

WTI is committed to offering and providing the best value at the best site-specific pricing based on any economic benefits obtainable per each site-specific project. Based on this, pricing may be lower than submitted under this contract.

vi. Describe how customers verify they are receiving Contract pricing.

All pricing will be based upon the design and complexity of the individual project scope. The practices used to develop the pricing will be consistently applied for each project and fully transparent to OMNIA members.

WTI will utilize product pricing and line item pricing approved and in effect under the contract at the time of proposal creation. The customer can verify this directly with WTI or contact OMNIA for verification. RS Means pricing will utilize the most recent online version of RS Means Construction Cost Data (including any city cost index adjustments) utilizing the coefficients submitted with this response. All RS Means proposals or line-item proposal containing RS Means, will be provided in the output format available by the online version of RS Means which details the items used to perform the required scope of work.

vii. Describe payment methods offered.

The method of payments that WTI accepts are credit cards, ACH, or check.

viii. Propose the frequency of updates to the Offeror's pricing structure. Describe any proposed indices to guide price adjustments. If offering a catalog contract with discounts by category, while changes in individual pricing may change, the category discounts should not change over the term of the Contract.

Our [redacted] discount on material only orders will remain constant throughout the term of the contract.

ix. Describe how future product introductions will be priced and align with Contract pricing proposed.

All new product introductions will align with Tremco's pricing policies and will match the discount structure as submitted herein. In addition, WTI will also use the current online RS Means Construction Cost Data if necessary to price new products and service offerings. In the rare event that a product is not covered by RS Means, source pricing will be requested from the vendor and the non-pre-priced item mark-up will be applied.

x. Quality Assurance/Quality Control Program - Offeror shall submit a QA/QC plan within with their submittal. This plan shall detail the day-to-day surveillance of work and provide documentation of deficiencies and corrective actions. It should note subcontractor compliance issues and trend analysis and how inspectors will interface and work with both the subcontractors and the Participating Public Agency's staff.

WTI's full Quality Control Management Program is available to OMNIA members upon request.

wti

Quality Management/ Control Program

This document includes data that shall not be disclosed and shall not be duplicated, used, or disclosed—in whole or in part—for any purpose other than to evaluate this response. Copyright © 2020 Weatherproofing Technologies, Inc.

xi. Provide any additional information relevant to this section.

Special Offers/Promotions. In addition to decreasing prices for the balance of the Contract term due to a change in market conditions, Contractor may conduct sales promotions involving price reductions for a specified lesser period. Contractor may offer Participating Agencies competitive pricing which is lower than the not-to-exceed price set forth herein at any time during the Contract term and such lower pricing shall not be applied as a global price reduction under the Contract.

WTI will offer special offers/promotions if available.

Not to Exceed Pricing. Region 4 ESC requests pricing be submitted as not to exceed pricing. Unlike fixed pricing, the Contractor can adjust submitted pricing lower if needed but, cannot exceed original pricing submitted. Contractor must allow for lower pricing to be available for similar product and service purchases. Cost plus pricing as a primary pricing structure is not acceptable.

WTI confirms that our pricing is submitted as not to exceed pricing. The pricing submitted is the guaranteed maximum pricing. Given the many variances and unique conditions presented on each project, WTI is committed to offering and providing the best value at the best site-specific pricing based on any economic benefits obtainable per each site-specific project. Based on this, pricing may be lower than submitted under this contract.

Federal Funding Pricing. Due to products and services potentially being used in response to an emergency or disaster recovery situation in which federal funding may used, provide alternative pricing that does not include cost plus a percentage of cost or pricing based on time and materials; if time and materials is necessary, a ceiling price that the contract exceeds at its own risk will be needed. Products and services provided in a situation where an agency is eligible for federal funding, Offeror is subject to and must comply with all federal requirements applicable to the funding including, but not limited to the FEMA Special Conditions section located in the Federal Funds Certifications Exhibit.

WTI has extensive experience performing on federally funded projects while complying with federal requirements, including FEMA Special Conditions. Our proposed pricing does not include cost plus, a percentage of cost, or pricing based on time and materials for federally funded projects. All pricing is based on the pricing submitted under this contract as well as RS Means Construction Cost Data.

TAB 3

PERFORMANCE CAPABILITY

OMNIA PARTNERS DOCUMENTS

INCLUDES ANSWERS TO SECTION 2.b

i. **Include a detailed response to Appendix D, Exhibit A, OMNIA Partners Response for National Cooperative Contract. Responses should highlight experience, demonstrate a strong national presence, describe how Offeror will educate its national sales force about the Contract, describe how products and services will be distributed nationwide, include a plan for marketing the products and services nationwide, and describe how volume will be tracked and reported to OMNIA Partners.**

WTI's detailed response to question i. is outlined throughout this section. Regarding volume tracking and reporting, WTI currently tracks all OMNIA projects per contract and will continue to do so in the same manner if awarded a new contract. WTI will provide OMNIA with a separate electronic accounting report for this contract monthly in the format prescribed by OMNIA in the "Contract Sales Report" by the 10th of the following month.

APPENDIX D, EXHIBIT A, SECTION 3.1

A. **Brief history and description of Supplier to include experience providing similar products and services.**

NEARLY A CENTURY OF SERVICE

Weatherproofing Technologies, Inc. (WTI), established in 1962, along with its affiliated company, Tremco, established in 1928, offers a comprehensive inventory of roofing assessment, leak prevention, building envelope services and products, and general contracting (GC) services. WTI and Tremco, part of Tremco Construction Products Group has annual sales of over [redacted] owns and operates [redacted] manufacturing plants with over [redacted] employees worldwide. Our parent company, RPM International, a Fortune 500 company and a world leader in specialty coatings serves both industrial and consumer markets. RPM, founded in 1947, owns over two dozen operating companies manufacturing popular brand products such as Rust-Oleum®, Carboline®, DAP®, Dryvit®, and Zinsser®. RPM International maintains more than 11,000 employees worldwide, generating over $7 billion in annual sales.

PERFORMANCE CAPABILITY

WTI and Tremco represents one of the largest organizations in the building envelope industry with nearly [redacted] field advisors, [redacted] technical personnel, and more than [redacted] certified subcontractors. Domestically, these resources combine to provide industry leading products and services to customers throughout the United States and Canada. WTI and Tremco personnel are amongst the most highly trained and experienced in the nation.

ISO 9001:2015 & 14001:2015 CERTIFIED

WTI, along with its affiliated company Tremco, is ISO 9001:2015 and 14001:2015 certified and was the first building envelope service company in the industry to attain this quality certification. ISO certification helps to continually improve our systems and approach to building envelope concerns and is the standard to which we have committed for our customers.

Specific and Relevant Experience Overview

WTI has an outstanding history of performing on cooperative contracts and JOC projects. We understand the intricacies of managing multiple, simultaneous projects as evidenced by our typical schedule of performing up to [redacted] projects concurrently throughout the United States. In the past five years alone, we have managed anywhere from [redacted] to [redacted] subcontractors throughout the performance of simultaneous projects on many JOC-type contracts. Many of our JOC-type contracts span the entire US, giving us additional experience coordinating large, complex contracts with various end-users.

To that end, we maintain a staff of customer service and marketing professionals who have the experience and relationships to educate participating agencies on the advantages of this contract. We have the knowledge, technical expertise, and personnel necessary to complete simultaneous projects throughout the United States.

Additionally, we offer relevant experience and extensive knowledge on Region 4 ESC contracts, benefiting OMNIA members with competitive pricing, reduced response times, familiarity with local building codes and regulations,

PERFORMANCE CAPABILITY

and familiarity with many current OMNIA members. Further, we have the depth and breadth of resources necessary to effectively market and perform projects for school districts, colleges, universities, cities, counties, and other government entities anywhere in the U.S.

WTI's resources ensure that OMNIA members have the flexibility to select the services that meet their project needs with the assurance that all our products and services are of highest quality and competitively priced. OMNIA members can also be assured, since Tremco is the manufacturer we have the ability to meet OMNIA members required project deadlines. Our experience and resources allow us to be very adept at working around and through any supply chain issues that may crop up through the course of the contract.

WTI has a unique familiarity working with Region 4 ESC that demonstrates our overall ability to provide on-time, quality projects. To date, we have successfully been awarded and/or performed ten contracts for Region 4 ESC. We will capitalize on our experience, resources, and relationships to provide Region 4 ESC and OMNIA members with the same superior level of products and services expected from WTI during the past 18 years.

WTI has a long history of work experience with local architects and engineers who have experience working with participating public agencies, and also understand the expectations and deliverables required of this type of contract. We will always encourage and work with our customers and their existing vendors whenever possible to help continue and grow those local relationships.

Throughout the past 18 years, we have performed a significant amount of work, more than $369 million from 2017-2023 alone, on over 800 projects for Region 4 ESC while estimating with the stipulated cost index guide. WTI is committed to taking a proactive approach to ensure superior performance throughout this contract as we strive to provide the best possible products and services to meet or exceed our clients' expectations.

B. Total number and location of salespersons employed by Supplier.

WTI, along with our affiliate company, Tremco, has more than 700 sales representatives, support specialists and business-development personnel throughout our organization. These individuals are trained and provide services nationwide to meet the needs of our customer base.

C. Number and location of support centers (if applicable) and location of corporate office.

WTI has sales personnel and offices located throughout the nation capable of supporting this contract. The location and key contacts for each of these offices are provided below. Additionally, WTI's centrally-located headquarters in Beachwood, Ohio will support this contract along with site offices located nationwide.

E. Describe any green or environmental initiatives or policies.

DRIVING LASTING CUSTOMER VALUE AND PROMOTING SUSTAINABILITY

Building a Better World means committing to continuous improvement and investing in safer, greener products and processes that benefit our customers, end users and the environment.

Our parent company, RPM, as a global company has set the standard for our commitment to creating lasting value for customers through innovative solutions, while thoughtfully adopting sustainable approaches in the utilization of human and natural resources. Our sustainability commitment springs from our core values and is comprised of a inward focus on our internal footprint and an outward look on our handprint—the actual impact of our products, services, and processes have on our environment.

WTI and Tremco is very proud of our many products, services, and processes that drive sustainability for our customers by helping them to reduce their environmental impact. As we look to shape the future responsibly, we are always integrating new concepts, rethinking business models, and collaborating with leading edge partners to continually improve our products and services.

Transforming the World One Roof at a Time

WTI and Tremco have been partnering with many companies to help them achieve their conservation and sustainability goals through green living roofs. Our goal, to transform the world into a greener place one roof at a time. But green roofs are more than just an environmental benefit. They also provide beautiful and restful places that employees and customers can enjoy to help lower stress levels and provide a better quality of workplace and shopping experience.

In these trying times, that don't seem to be going away, this will become more and more of a factor in hiring quality employees and attracting customers.

PERFORMANCE CAPABILITY

Tremco CPG Corporate Headquarters Case Study

PRESS THE ABOVE HYPERLINK TO GO OUR CORPORATE HEADQUARTERS CASE STUDY

A few years ago we decided to lead by example and completely renovated our corporate headquarters. Like most circa 1970s buildings our headquarters was significantly under-performing and energy inefficient. Through an extensive renovation we transformed it into a sustainable showcase. To read the case study press the hyperlink.

Concern for the environment is a key component to WTI's operating philosophy. Our experienced staff is specially trained in identifying and preventing problems before the start of any project. In addition to our other environmental protection practices, we have actively reduced emissions and controlling waste on our job sites.

We are committed to staying at the forefront of the roofing and building envelope industry through sustainable building, green products, and quality business practices. WTI will deliver added value to participating OMNIA members by working hand-in-hand with them to provide environmentally preferred product and service options within their budgets and schedules.

WTI's philosophy on sustainability starts from the top level of our organization and filters down into everything we do. With corporate focus committed to responsible environmental practices, we strive to incorporate environmentally friendly solutions in our business practices as well as products and construction approaches. Collaborative leadership efforts are driven by our President, J.K. Milliken, who promotes sustainability.

Construction Best Practices

WTI and our subcontractors will abide by the following construction best practices on all projects awarded by OMNIA members.

Tremco Corporate Headquarters Roof

- On-site sorting of materials
- Recycling of non-hazardous material
- Chain-of-custody documentation for off-site recycling
- Reusing materials as applicable
- Verifying that materials are certified for LEED credit on LEED projects

Sustainable Features

Following is a sample of the services and products WTI offers related to sustainable renovations. We will offer OMNIA members the ability to implement these sustainability options for awards under this contract.

Sustainable systems

- Restoration of roofs whenever possible instead of replacement preventing tons of debris going to landfills.
- Vegetated roofs featuring local plants. Low-impact lighting and a water-capture system integrated with the roof, as well as a pathway of recycled materials. Signs describe the roof's features and provide information about the plant palette.
- The ENERGY STAR® qualified Rock-It™ roof-surfacing system, composed of white gravel set in a white adhesive.
- A white, reflective, single-ply system installed beneath a rooftop PV system for roof restorations.
- A thin-film rooftop PV system is used to generate electricity for the building for roof restorations.
- Dryvit Outsulation exterior wall systems. Dryvit wall systems provide energy-efficient, insulated façades that are applied directly to the existing wall surface, eliminating the time and potential waste of removing the façade.
- High-performance, double pane, tinted windows exceeded minimum energy standards. Tremco sealants and gaskets, as well as Tremco's Proglaze® ETA (Engineered Transition Assembly) for an airtight transition from window to the wall.
- New sidewalks with decorative concrete from Increte Systems can be supported by gravel from an existing roof.
- Solar panels for decreased carbon footprint and reduced energy bills.

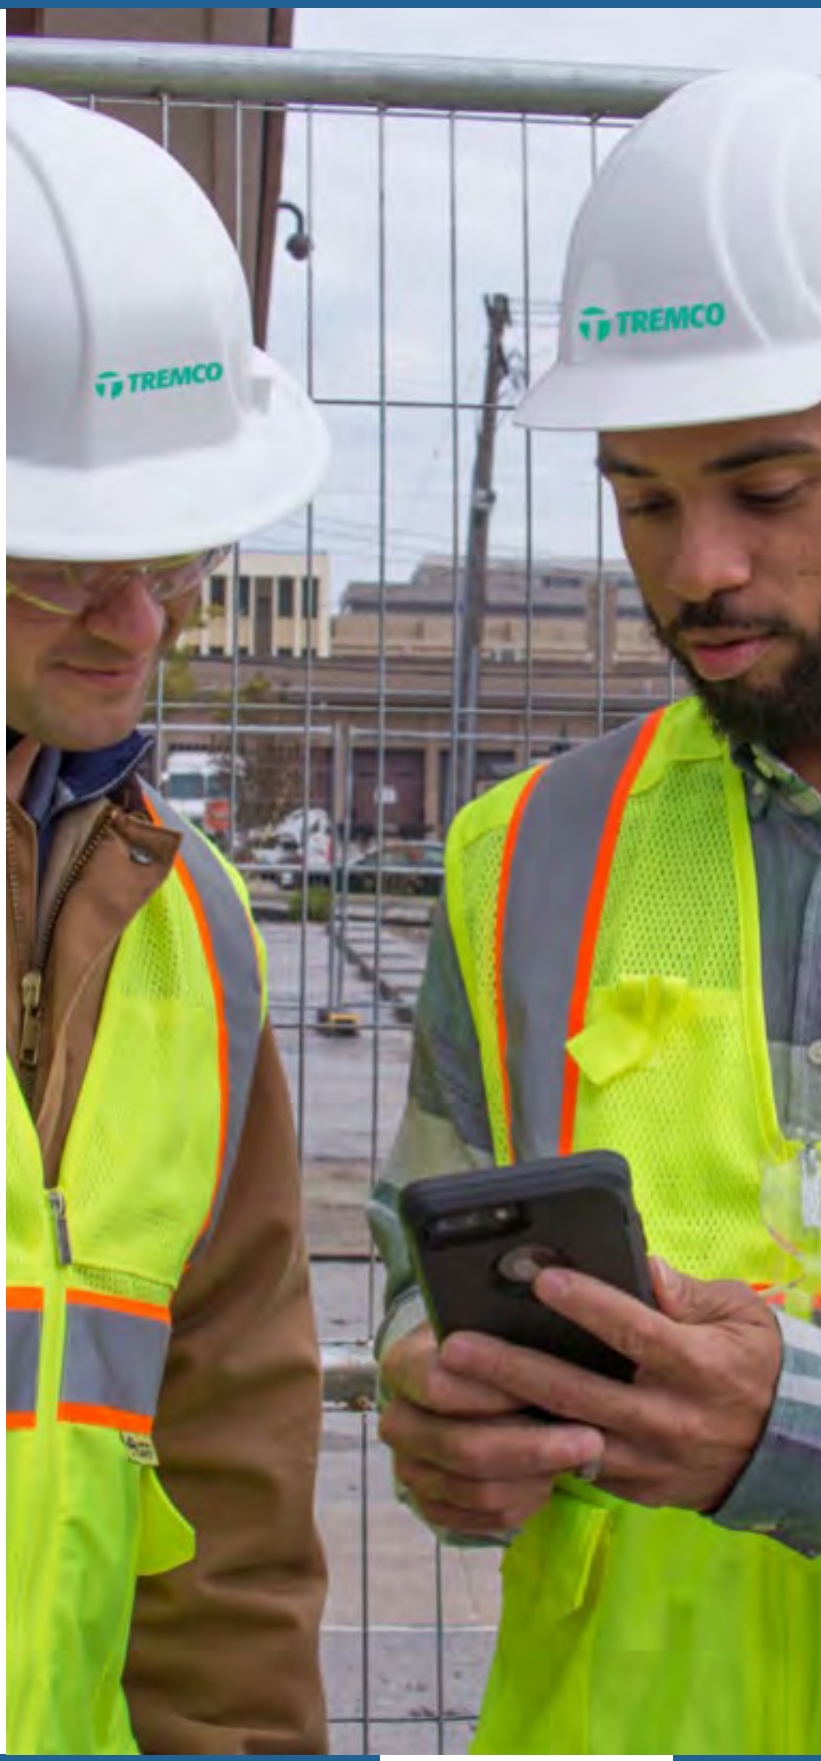
- HVAC restoration through WTI/PureAir. Heating and cooling represent one of the largest operating expenses as well as one of the largest environmental impacting building systems. Replacing can be extremely cost prohibitive and force a building owner to not address current problems. WTI/PureAir provides an alternative solution that allows the building owner to address current HVAC issues and bring their building into a much better environmentally friendly position.

Additional examples of our commitment to sustainable practices are summarized below.

- Sponsor of Green Roofs and Walls of the World Virtual Summit
- Participation at the USGBC Greenbuild International Conference and Expo
- Donation of sustainable building materials for the University of Maryland's 1st place performance in the Department of Energy's Solar Decathlon 2011
- Crain's Emerald Award Honoree for high-performance building renovation and commitment to sustainability

Solar—Renewable Energy With Financial and Environmental Paybacks

In addition to the environmental benefits associated with renewable energy, there are often financial incentives for installing solar panel/photovoltaic (PV) systems, which may include rebates from the local power provider, as well as state and federal tax credits. We understand the technical, environmental, and financial aspects of a solar installation and can guide you through the process from project inception to completion. Photovoltaic systems are easily adaptable to existing or new structures. WTI can ensure the roofing is constructed to accommodate the many different types of support stations for solar panels today. Solar solutions will be priced utilizing the most current online edition of the Construction Cost Data as well as the Facilities Maintenance & Repair Costs Catalog and Commercial Construction & Renovation Costs Catalog.



F. Describe any diversity programs or partners supplier does business with and how

Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there are any diversity programs, provide a list of diversity alliances and a copy of their certifications.

WTI focuses on developing contractor relationships in public and commercial sectors through fulfillment of economic inclusion mandates with highly skilled certificated contractors. These target specialty contractor opportunities include Minority, Small, Veteran, and Women owned Business Certifications of roofers, masons, architects, general contractors and heating, ventilation and air conditioning (HVAC) as well as High Performance Building System (HPBS) engineering firms.

WTI has a successfully participated in Mentor-Protégé Programs with both the General Services Administration (GSA) and Veterans Administration and continually identify additional opportunities to team with qualified contractors. Our commitment to excellence includes a contractor training program which provides cutting-edge product, service and safety education continuously throughout the year. We are committed to supporting national economic development goals and local economies.

We have an active certified contractor pool that varies in breadth of capabilities. WTI sponsors and participates in outreach events and construction advisory panels on contractor inclusion. Among them, Society of American Military Engineers (SAME), National Defense Industrial Association (NDIA), National Veteran Conferences and other roofing/construction/energy industry seminars. We encourage all our project leaders to provide our customers with technical and procurement solutions that satisfy any of their socio-economic initiatives without compromising the quality of performance, products or services.

Rising Stars Program

Tremco Commercial Product Group received $50,000 from the Massachusetts Clean Energy Center as part of their Minority- and Women-Owned Business Enterprises Support Implementation and Planning Grants and Equity Workforce Training Grants. The 25 organization recipients will "not only address the need to grow Massachusetts' clean energy workforce, but they will also prioritize diversity, equity, and inclusion efforts across the full spectrum of economic opportunity, which will yield both an increasingly diverse bench of highly trained new workers and a wider array of thriving minority and women-owned business enterprises to help lead climate-critical work."

Launched in August of 2020, Our Rising Stars Program aims to cultivate a strong, well-rounded workforce in the construction industry through supporting youth in vocational programs, as well as minority- and women-owned businesses. Our programs offer hands-on education with subject matter experts to develop diverse skillsets, increase access to resources, and ultimately drive success for those emerging in the industry.

The Rising Stars Program empowers the next generation of underrepresented youth to find opportunities for sustainable careers in the construction industry. Our program has now expanded to New York and New Jersey, with near future locations in North Carolina, Connecticut, and Nevada.

G. Indicate if supplier holds any of the below certifications in any classified areas and include proof of such certification in the response:

a. Minority Women Business Enterprise

☐ Yes ☑ No

If yes, list certifying agency:

b. Small Business Enterprise (SBE) or Disadvantaged Business Enterprise (DBE)

☐ Yes ☑ No

If yes, list certifying agency:

c. Historically Underutilized Business (HUB)

☐ Yes ☑ No

If yes, list certifying agency:

d. Historically Underutilized Business Zone Enterprise (HUBZone)

☐ Yes ☑ No

If yes, list certifying agency:

e. Other recognized diversity certificate holder

☐ Yes ☑ No

If yes, list certifying agency:

H. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.

WTI has over [redacted] certified contractors that we work with throughout the United States that include minority-owned standards. We do not maintain this type of information on our subcontractors. WTI works with public agency minority goals on a project-by-project basis.

I. Describe how supplier differentiates itself from its competitors.

Managing facilities can be complex. Procuring comprehensive, cost effective solutions shouldn't be. Identifying the problem and defining the technical solution only solves part of the problem. Members want and need to procure cost effective, comprehensive building envelope solutions without sacrificing quality, performance, or transparency. With decades of experience, WTI understands the unique procurement challenges of public entities charged with meeting not only budget and quality goals, but also state-specific transparency requirements. That's why we offer OMNIA members our comprehensive roofing and building envelope solutions offering. The Tremco Construction Products Group companies together form the industry's only provider of comprehensive systems and services for all six sides of the building enclosure. WTI's whole building approach through the Power of One can provide weatherproofing peace of mind delivered under one warranty. With proven roofing and building envelope capabilities across the country, WTI is uniquely qualified to meet the needs of public market facility managers and business managers charged with improving both building performance and return-on-investment. Among our differentiators are the following.

1	WTI and Tremco have a history of performance with Region 4 ESC. We have to date been awarded ten Region 4 ESC contracts. As a result, we offer Region 4 ESC and OMNIA members refined roofing project policies and procedures along with the ability to simultaneously deliver multiple projects. Our established relationships with Region 4 ESC and participating OMNIA members are evident in a track record of more than [redacted] in products and services to date. The selection of WTI for the Roofing Products, Services and Job-Order-Contracting Services contract will eliminate a learning curve and continue to expand existing relationships with participating Public Agencies.
2	WTI offers exceptional technical expertise, with a track record of over [redacted] of roofing, building envelope, weatherization and rooftop safety system installations for public customers.
3	WTI provides turnkey solutions, from world-class roofing and building envelope diagnostics through comprehensive roof management programs from a single source.
4	All facets of discovery, programming, design, construction and commissioning.
5	Proven and experienced contractors and subcontractors.
6	Guaranteed maximum pricing to eliminate surprises.
7	Performance-based quality construction services.

8	WTI is organized to deliver outstanding service. With more than [redacted] technical personnel deployed across the country, we can effectively manage thousands of roofing and facility projects simultaneously. More than [redacted] construction managers supervise technical staff, along with program managers who ensure contract compliance, consistency, on-time delivery and outstanding customer service. Together, WTI's management team oversees diagnostics, maintenance, repairs, construction, leak response and our OLI® (on-line information system) data department.
9	WTI offers Region 4 ESC and OMNIA Partners and its members world-class experience. We are currently implementing large roof asset management programs throughout the US, Canada, Europe and Asia, with more than [redacted] square feet (SF) of roofing managed with our OLI® system software. Additionally, more than [redacted] SF of roofing falls under the protection of our Tremco ManagedAssets™ (TMA) program, which includes maintenance during the roofs' annual or bi-annual inspections.
10	WTI's three-level service offering allows OMNIA members the opportunity to select the level of service that best meets their needs while capitalizing on the preferential pricing of a nationwide contract. Whether selecting our flagship, turn-key general contracting solution, or our National Cooperative Contractor Network for direct access to qualifying local contractors, or purchasing materials only, participating agencies receive superior products and service.
11	WTI has extensive experience managing regional and national roofing and building envelope contracts within the public sector. We have completed or are currently performing on many JOC type contracts. Further, WTI has proven experience simultaneously managing multiple contracts with multiple subcontractors. Our experience with JOC type contracts and roofing projects is directly transferable to OMNIA members in the form of established policies and procedures based upon our past relationship with OMNIA Partners and its members as well as other cooperative contracts we have.
12	WTI has a [redacted] aggregate bonding capacity.
13	WTI and Tremco both hold a UL ISO 9001:2015 certification demonstrating the implementation of Quality Management Systems.
14	WTI offers one of the most comprehensive warranty packages in the roofing industry. We offer many types of warranties that fit the needs of any project. We also offer long-term warranties on roof restoration projects. Each of our warranties covers installation, details, flashing, materials, workmanship, inspection and preventative maintenance is also an available option.
15	WTI works collaboratively with contractors to ensure the installation meets expectations for quality, safety and efficiency while utilizing best-in-class contractors who have the ability and financial stability to deliver exceptional projects. WTI offers extensive training courses to its certified contractors.

16	Tremco is a leading manufacturer of quality roofing and weatherproofing products with a comprehensive product line covering every roofing environment. Tremco demonstrates a commitment to Research and Development (R&D) and offers a proven history of industry-leading product innovation to solve our customers' biggest problems. For instance, Tremco Roofing's portfolio of unique roof restoration solutions is so comprehensive they provide exceptional value to public customers an alternative sustainable solution to costly roofing replacement.
17	Tremco coast-to-coast sales organization is among the industry's most experienced and highly trained. With more than [redacted] sales personnel across the country, Tremco has been meeting the needs of public market customers since 1928. Today's sales personnel have deep relationships within the public market, which may shorten OMNIA's/Region 4 ESC's new business development sales cycle.
18	As a member of the RPM family of companies, WTI and Tremco provide customers with access to leading, world-class building products, extensive technical expertise and the financial stability of an industry leader. RPM owns more than 50 operating companies that are world leaders in specialty coatings serving both industrial and consumer markets. Among its products are such popular brand names as Carboline®, DAP®, Dryvit®, Rust-Oleum® and Zinsser®. RPM has been in business for 75 years and has more than 14,000 employees worldwide, generating more than $7 billion in sales annually.
19	Safety is job one with WTI and Tremco. Every one of our roofing and building-envelope projects, no matter how large or how small, begins with a thorough understanding of potential job-site hazards, safe work procedures, product characteristics, equipment operation, conditions and specific customer requirements. These are submitted to the owner through a WTI site-specific Safety Plan.
20	WTI and Tremco utilize the Arizona State University Performance Based Studies Research Group for the independent data collection on its products, services, representatives and our customers' overall service experience. Survey results from the past six years, representing [redacted] SF of roofing products and services, show an overall customer satisfaction of 9.1 out of 10. Additionally, our customers awarded a 9.5 out of 10 in satisfaction of their Tremco representative and 9.3 out of 10 in satisfaction of the roofing system. WTI and Tremco are proud of these results and use them to understand what we are doing right, so we can continue to deliver on our strengths. We also use our customer satisfaction results to highlight opportunities to drive continuous improvement in our products, systems delivery and service quality. We aim to maintain our high level of customer satisfaction and loyalty, as the primary focus of every project.

J. Describe any present or past litigation, bankruptcy or reorganization involving supplier.

Weatherproofing Technologies, Inc. (WTI) is a nationwide provider of roofing, building envelope and other construction services. In this role, WTI is sometimes involved in litigation matters, but no pending or anticipated litigation is any way material from a financial standpoint either as to potential liability or requested remedies. No pending litigation, nor any that we anticipate at this time, will in any way interfere with our ability to complete any project in accordance with contractual requirements. In further response, over the last five years, WTI has no litigation resulting in a judgment against the company.

K. Felony Conviction Notice: Indicate if the supplier

a. is a publicly held corporation and this reporting requirement is not applicable;

WTI is not a publicly held corporation but is a subsidiary of RPM International Inc., a publicly held Fortune 500 corporation

b. is not owned or operated by anyone who has been convicted of a felony; or

No officers of WTI have ever been convicted of a felony

c. is owned or operated by and individual(s) who has been convicted of a felony and provide the names and convictions.

N/A

L. Describe any debarment or suspension actions taken against supplier

No debarment or suspension actions have been taken against WTI.

APPENDIX D, EXHIBIT A, SECTION 3.2

A. Describe the full Line of Products and Services Offered by Supplier

Range of Products and Services Offered

WTI provides an extensive range of Tremco CPG roofing and building envelope solutions for all six sides of a building. In fact, we are the only company to offer high-performance total enclosure solutions for all six sides of a building in the marketplace today as well as the services associated with implementing project solutions.

- Water Resistant Roofing
- Roofing and Roof Restoration Systems
- Outsulation Facade Systems
- HVAC Systems Restoration
- Seamless Flooring Solutions
- Roof Tiles and Shingles*

- Masonry*
- Metal Work*
- Standing Seam Metal Roof System*
- Air Barrier Solutions
- Safety Solutions
- Roof Repair and Maintenance Services
- Asset Management
- General Contracting
- Patch and Repair
- Roof Inspections/Diagnostics/Analysis
- Warranties
- Roof Maintenance (QA Premium) customized to meet specific system needs

*WTI offers these services with products provided by other manufacturers.

Architecture and Engineering (A/E) Partners

To ensure the overall success of the contract, WTI will also utilize the services of two highly qualified firms, O&S Associates (O&S). Note: In compliance with state rules and regulations, we are not offering A/E services in the State of Texas or in any other state where they are prohibited.

O&S

Superb architectural and engineering building-systems services including the following.

- Structural analysis and design
- Architectural design
- Mechanical/electrical engineering
- Lighting and security design
- Parking consulting
- Restoration engineering
- Feasibility studies
- Cost estimating
- Design-build projects

O&S also provides a wide scope of renovation consulting services including exterior facade rehabilitation, exterior building plazas, roofing replacement, structural modifications and others. Their firm employs a "Five-Steps to Project Success" process to manage their design requirements. This process begins with condition assessment and concludes with construction administration and closeout documentation. O&S is led by Mr. V.P. Samy, PE, who founded O&S in 1996. Under his guidance, O&S has successfully performed high-profile and complex projects for visible clients throughout the US.

B. Describe How Supplier Proposes to Distribute the Products/Service Nationwide. Include any States Where Products and Services will not be Offered Under the Master Agreement, Including U.S. Territories and Outlying Areas.

As an affiliate company of Tremco, WTI provides national services to all states. WTI has staff and contractor partners located in all states and will provide products and services to all U.S. territories and outlying areas under the Master Agreement. In addition, WTI is a licensed contractor in all states and U.S. territories where required.

C. Describe How Participating Agencies Ensure They Will Receive the Master Agreement Pricing; Include all Distribution Channels such as Direct Ordering, Retail or In-Store Locations, Through Distributors, etc. Describe How Participating Agencies Verify and Audit Pricing to Ensure its Compliance with the Master Agreement.

All estimates/proposals will be based on the approved product and line item pricing in effect and the most current online RS Means Pricing Construction Cost Index (including any cost index adjustments) utilizing the discount coefficients submitted with this response. All pricing will be based upon the design and scope complexity of each individual projects. The practices used to develop the pricing will be consistently applied for each project and fully transparent to OMNIA members. The pricing, in total, will not exceed the product and line item pricing and/or the current RS Means pricing with the coefficients submitted by WTI. As part of this process, all proposals will be provided in the output format available by the online version of RS Means which details the items used to perform the required scope of work. Participating Agencies can verify this directly with WTI or contact OMNIA for verification. Products will be ordered through Tremco directly. Line-item pricing will be delivered through WTI..

D. Identify all other Companies that will be Involved in Processing, Handling or Shipping the Products/Service to the End User.

In addition to WTI's services, Tremco and affiliated companies will be involved in the processing, handling and/or shipping of products and services to end users.

E. Provide the Number, Size and Location of Supplier's Distribution Facilities, Warehouses and Retail Network as applicable.

APPENDIX D, EXHIBIT A, SECTION 3.3

A. Provide a Detailed Ninety-Day Plan Beginning from Award Date of the Master Agreement Describing the Strategy to Immediately Implement the Master Agreement as Supplier's Primary Go to Market Strategy for Public Agencies to Supplier's Teams Nationwide, to Include, but Not Limited to:

OVERVIEW

In addition to a press release to relevant audiences, marketing the contract award will be a continuation of marketing initiatives already underway as a result of our current OMNIA contracts and past OMNIA/National IPA/TCPN contracts. Because we have invested heavily in promoting our current OMNIA contracts to all public markets, we expect to continue to expand our marketing investment and implement additional tactics.

Based on our history with Region 4 ESC, WTI thoroughly understands how to go to market to promote this contract. As both the manufacturer and service provider of roofing and weatherproofing solutions, WTI and Tremco are uniquely positioned to offer a comprehensive approach to meeting the facility needs of participating agencies. Expanding upon a very successful and established cooperative strategy program, WTI will continue to enhance its marketing presence and sales training capabilities through various marketing efforts as outlined below.

Our initiatives within the first 90 days of the contract award will be continuing our successful and highly targeted marketing program. Our program is intended to generate qualified leads from high-potential public customers. We have the ability to customize marketing to meet local opportunities and which will be developed collaboratively with OMNIA's marketing team. Tactics may include advertising, media relations/publicity, trade shows/conferences, customer educational seminars, roadshows, and personalized direct marketing.

TRUST IN EXPERIENCE. STRENGTH

PERFORMANCE CAPABILITY

i. Executive Leadership Endorsement and Sponsorship of the Award as the Public Sector Go-To-Market Strategy Within First Ten Days

If awarded, this contract as well as our other OMNIA contracts will have the full support of our executive leadership as an important go-to-market strategy.

ii. Training and Education of Supplier's National Sales Force with Participation from the Supplier's Executive Leadership, Along with the OMNIA Partners, Public Sector Team Within First 90 Days

Developing all WTI and Tremco employees to be as knowledgeable as possible in servicing all customers is of the upmost importance to our Executive Leadership. Educational sessions and information on the contract will be provided within 90 days of award and continued throughout the duration of the contract.

Given our long history of being awarded Region 4 ESC contracts, our sales force is very well versed in the use of OMNIA contracts. This has been demonstrated through the growth of our past and current contracts. We will continue to conduct refresher training as well as training sessions for new sales representatives and personnel within WTI and Tremco. In addition, we will continue to train In-Network Contractors on the use of the contract and provide guidance and marketing support on how to promote the contract to their public customers.

Continuous outreach and training of WTI and Tremco Sales Representatives remains a top priority for our program. In addition to extensive technical training required of all sales representatives, WTI and Tremco also holds national and regional sales meetings which include sessions on the benefits of Cooperative Purchasing and our OMNIA contracts. By working closely with Sales Representatives who have successfully used past OMNIA contracts, we are able to leverage representative success stories to continually expand awareness and appreciation for our OMNIA contracts.

How does the contract work in my state?
The WTI JOC contract available through OMNIA Partners, Public Sector, is a competitively solicited contract by lead agency Region 4 Education Service Center in Houston, Texas. This contract allows contract holders to extend services offered into all states (excluding AZ). Although most state procurement code allows for the use of cooperative contracts, each state code has its own specific language. OMNIA Partners, Public Sector, can provide the du diligence in soliciting and awarding this contract.

Do I need to be a participant of OMNIA Partners, Public Sector to use t JOC contract?
Yes. If not already a participant, public entities are invited to register to particip OMNIA Partners, Public Sector by calling 866.875.3299 or visiting omniapartners.c publicsector. There is no cost to participate.

What are the benefits of the JOC program through OMNIA Partners, Public Sector?

- Saves time and money because the contract has ALREADY been competitively solicited and publicly awarded.
- All prices have been adjusted for your geographic area and are verifiable through RS Means.
- All costs are determined up front before committing funds.
- The contract functions as an extension of your internal team, freeing you to focus on your core business.
- Enables you to more rapidly respond to your internal customers' facility n
- The contract supports local businesses/subcontractors who have been evaluated on compliance, capability and experience.
- You'll enjoy increased value and quality control over all project facets from materials through installation.
- A large variety of roofing systems and warranties are available from a single source.
- You will significantly reduce or virtually eliminate change orders.

Sales Associates Training

Cooperative Contracts is an standing agenda item on WTI and Tremco sales associates training which is conducted at our corporate headquarters. We use this training to educate newly trained representatives on the value of promoting sales through cooperative contracts.

Sales Representatives Training

We continue to provide training to all sales representatives throughout every region to provide updated information and refresh them on the benefits and value of promoting sales through a cooperative contract.

Contractor Network Training

WTI and Tremco has conducted numerous training sessions for strategic contractors who are members of our Contractor Network. These sessions educate our *in-network contractors* on the benefits of marketing our OMNIA contracts to their existing and prospective public market customers. We will continue to offer training as new strategic contractors enter the Contractor Network.

Design Community

WTI and Tremco engage with the design community on a daily basis with the goal of ensuring they have the technical knowledge required to specify our product and service solutions, and how our solutions may serve the needs of their public customers.

WTI and Tremco AIA Accredited Cooperative Presentation

Our focus on training within the design community includes an AIA-accredited seminar on the value of cooperative purchasing. Hundreds of architects across the country are reached through WTI and Tremco's ongoing seminar program.

Additionally, WTI offers AIA CES seminars which are presented by our sales representatives. These seminars are available in a variety of formats to accommodate both large and small groups. We have more than two hundred Technical Field Advisors to conduct trainings throughout the United States. Their qualifications include roofing experience, OMNIA/Region 4 ESC contract experience, expert knowledge of roofing and waterproofing products, and roofing industry standards and practices, as well as training on contract compliance, legal compliance, product attributes, and sustainability. Technical Field Advisors schedule training as necessary and based on requests.

Webinars

We also provide seminars featuring educational topics which include roof asset management, cooperative contract purchasing, indoor air quality, and sustainability. Our goal is to continue to enhance our seminar programs so that we increase customer attendance, as past seminars have generated significant interest.

B. Provide a Detailed Ninety-Day Plan Beginning from Award Date of the Master Agreement Describing the Strategy to Market the Master Agreement to Current Participating Public Agencies, Existing Public Agency Customers of Supplier, as Well as to Prospective Public Agencies Nationwide Immediately Upon Award, to Include, but not Limited to:

With a wide variety of resources at our disposal, we can tailor each of our marketing plans and schedules as needed. Outlined below is our estimated 90-day plan which will continue throughout the duration of the OMNIA contract. The following marketing plan may be adjusted to meet imminent needs and/or strategic deadlines. We will collaborate with OMNIA to assure that the schedule, materials, and platforms meet the contract needs.

i. Creation and Distribution of a Co-Branded Press Release to Trade Publications

The contract award will be announced through co-branded press releases distributed through various social media and trade outlets such as LinkedIn, Twitter, and Facebook. We will also issue an internal announcement to Tremco/WTI personnel communicating the new OMNIA award, the competitive advantage it offers WTI, and how the agreement benefits our Public Sector Agencies.

ii. Announcement, Master Agreement Details and Contact Information Published on the Supplier's Website Within First 90 Days

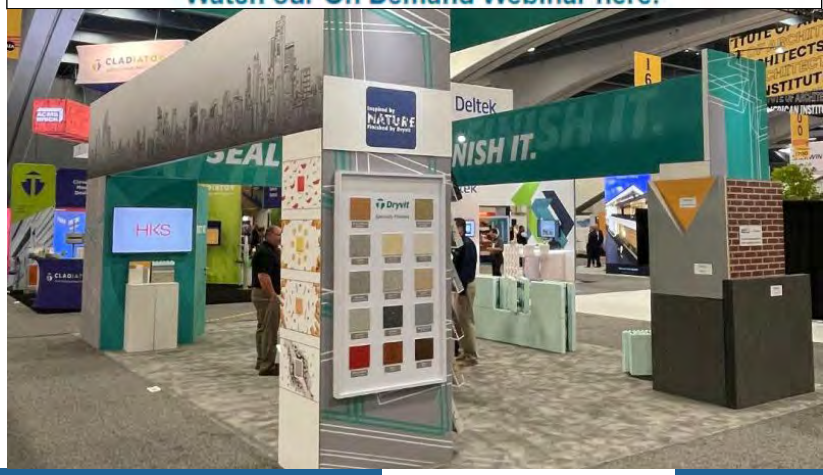
We will include the addition of this new contract on our WTI/OMNIA landing page at www.tremcoroofing.com announcing the new contract. The OMNIA page will also contain a summary of all awarded contracts and information on the benefits of utilizing an OMNIA contract and a link to OMNIA. In addition, the contract information will be added to Tremco/WTI's dedicated cooperative contract website at www.yourroofexperts.com/omnia-partners/.

iii. Design, publication and distribution of co-branded marketing materials within first 90 days

- Continuation of marketing initiatives already underway as a result of our current OMNIA contracts.
- Continue to develop/modify existing co-branded literature to promote the contract.
- Equip Sales Representatives with the contract announcement and marketing materials to personally distribute to current and prospective customers within the public sector advising them of WTI's and Tremco's full offering available through the contract.

iv. Commitment to Attendance and Participation with OMNIA Partners, Public Sector at National (i.e. NIGP Annual Forum, NPI Conference, etc.), Regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and Supplier-Specific Trade Shows, Conferences and Meetings Throughout the Term of the Master Agreement

Trade Show/Conferences/Summits/Etc. Support (throughout the contract).

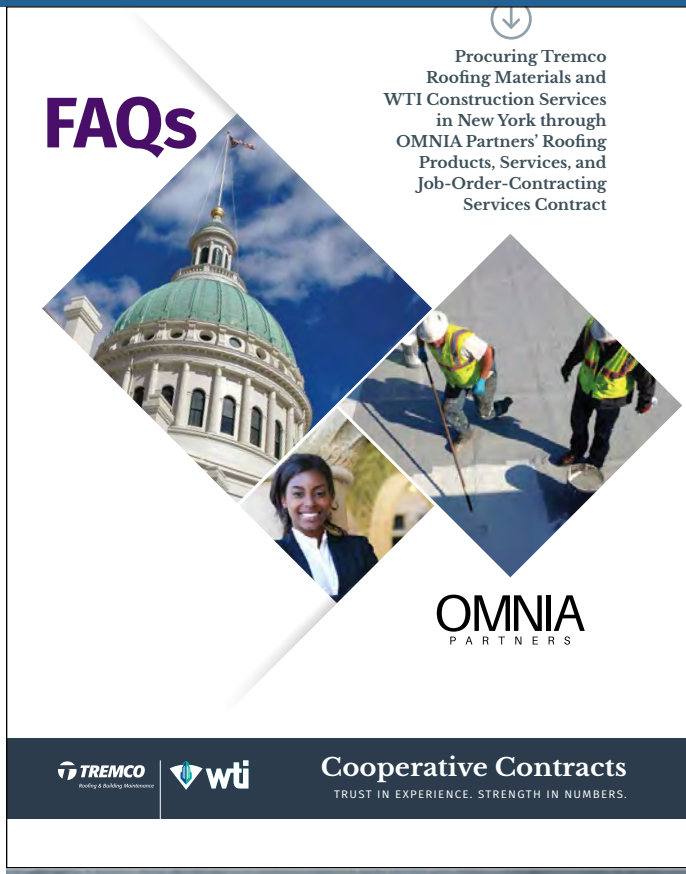


WTI and Tremco participates in a number of national and regional/local trade shows, for example:

- National Institute of Governmental Purchasing (NIGP)
- National Association of Education Procurement (NAEP) and regional events
- National APPA and regional events
- Numerous state and regional events
- OMNIA Regional Summits
- Tremco sponsored regional Education and Training events

Because attendance at these events is critical to building awareness of our OMNIA contracts, we will continue sponsoring events supporting these organizations. In addition, we will continue to pursue speaking engagements at all relevant events to educate attendees on industry best practices and the value of utilizing cooperative contracts in the public market.

Building upon recent sponsorships, our presentations are customized to meet OMNIA members interest, with a focus on solutions that deliver financial and procurement benefits. We will include product demos as appropriate.



Recent topics have included:

- Achieve Improved and Efficient Facilities While Reducing Capital Outlay
- ROI Asset Management Approach to Drastically Change Roof Funding Priorities and Improve Finances
- Restoration to Extend the Useful Life of Roof Assets
- Facilities Savings Strategies
- ESSER Funding
- Safety and OSHA Compliance
- Financial Benefits to HVAC/Indoor Air Quality Remediation

Participation in OMNIA and supplier specific trade shows, conferences and meetings is an important tactic. Regional trade shows, conferences, and Lunch and Learns are coordinated directly with local sales representatives to ensure our team members that are closest to the customer and market opportunity are engaged. Topics addressed at trade shows and other customer-related engagements are customized to meet local needs and priorities, including those topics of most concern to facility owners. For instance, "Lunch and Learns" feature specific state procurement requirements for contract use, building issues that are typical for the environment, as well as technologies to extend the life of roof assets.

v. Commitment to Attend, Exhibit and Participate at the NIGP Annual Forum in an Area Reserved by OMNIA Partners, Public Sector for Partner Suppliers. Booth Space will be Purchased and Staffed by Supplier. In addition, Supplier Commits to Provide Reasonable Assistance to the Overall Promotion and Marketing Efforts for the NIGP Annual Forum, as Directed by OMNIA Partners, Public Sector

We plan to participate in the NIGP Annual Forum on a yearly basis. Our level of commitment is based on financial resources available to support all initiatives which includes custom

marketing, supporting OMNIA events, Lunch and Learns, and targeted sales representative and Contractor Network training. WTI and Tremco will continue to support outreach efforts such as NIGP as a partner vendor to OMNIA.

vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement

We will strategically advertise in regional trade publications including local association opportunities. This advertising will expand on creative marketing pieces to capture the attention of OMNIA members. Messaging will be consistent and highlight our relationship with OMNIA.

vii. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)

Ongoing Marketing Initiatives (throughout duration of the contract)

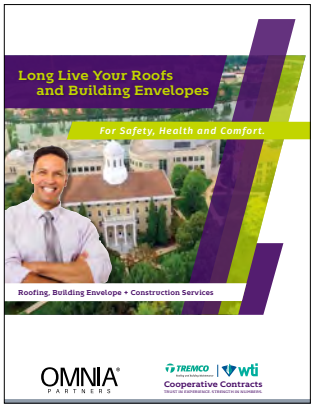
Our marketing efforts will continue to focus on the advantages of procuring under the OMNIA contract. This will be accomplished through:

- Promotional campaigns for lead generation
- Case stories demonstrating WTI customer success through the OMNIA contract (as permitted by public customers)
- Promotion of white papers demonstrating WTI's technical and business expertise
- Develop and release presentation materials and webinars for consistent messaging/branding across the sales team

WTI will implement an ongoing integrated campaign for the contract period to generate qualified leads and support our direct sales teams. Our launch strategy will be designed to ensure our personnel are trained and fully engaged with OMNIA members.

Co-branded Materials

Our co-branded literature has been produced to promote our extensive solutions available through our OMNIA contracts.



PERFORMANCE CAPABILITY

Additional literature and sales tools will be created as needed to continually drive awareness, support our sales representative customer relationships, and generate qualified leads.

- Our Tremco/WTI/OMNA capabilities brochure is a flagship piece that is widely distributed to prospects in print and digital format
- Our OMNIA contract for Comprehensive Exterior Surfacing Products, Services, and Paving Solutions is highlighted in a dedicated brochure.
- The benefits of our Job Order Contracting contract are explained in a JOC-specific marketing brochure.
- State -specific fliers are produced to further support local sales representative initiatives.
- Our National Cooperative Contractor Network flier to owners features the benefits this procurement solution offers to both public procurement and public facility management professionals. In addition to our direct distribution to prospective public agencies, this flier is also made available to In-Network contractors for use with their customers.
- Produced as our initial contractor recruitment tool, an additional National Cooperative Contractor Network flier, geared toward contractors, presents the benefits and competitive advantage the program makes available to qualified contractors who join the Network. This flier will continue to be distributed to targeted contractors.
- Leading In-Network Contractors are further supported with customized co-branded literature promoting their company, WTI and Tremco, and OMNIA,

Case Studies

Tremco has and will continue to produce case stories in a variety of formats depending upon the nature of the customer experience. In keeping with our strategy of both Creative Engagement and Personal Communications, whenever possible these stories put people upfront while promoting the use of the OMNIA contract. However, due to the sensitive nature of the public customer approval

process to be part of focused case stories, we will also create some generic case stories that highlight the OMNIA contract as well as the project executed.

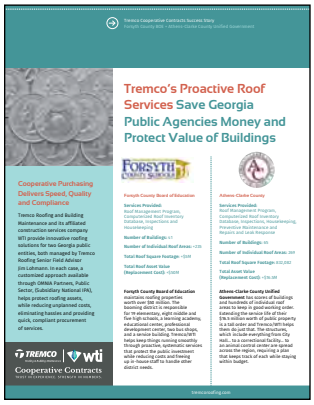
Marketing Roofing and Building Envelope Solutions

WTI and Tremco will continue to produce informational pieces on our extensive capabilities in servicing OMNIA members. We will continue to produce pieces that provide educational value, which is part of our marketing strategy deployed in support of our OMNIA's contracts. We believe this strategy is especially important in sustaining current customer relationships.

Our educational focus includes both technical and business information to help customers manage their roofing and building envelope assets. WTI and Tremco continue to invest in promotional literature featuring our unique solutions, such as our restoration and roof management literature.

Due to the COVID-19 pandemic, we had to postpone implementing some of our unique and creative marketing campaigns such as our pie campaign and animal cracker campaign. These campaigns not only satisfied the appetite of many, it focused attention on Tremco and our offerings under our past OMNIA contract. We will continue to explore such creative opportunities which are personalized to include a message from our local sales representative and will include the OMNIA logo and messaging.

viii. Dedicated OMNIA Partners, Public Sector internet web-based homepage on Supplier's website with:



In support of our cooperative strategy, we will provide a fast and simple online destination for prospects and customers to access all related sales literature. This includes information on our corporate website as well as on our dedicated Cooperative Purchasing microsite at https://yourroofexperts.com/omnia-partners/.

Press the hyperlinked image above to go to our OMNIA Public Sector Home Page

- OMNIA Partners, Public Sector standard logo—As a current awardee of three OMNIA contracts, we already have a landing page for OMNIA containing the logo
- Copy of original Request for Proposal—We provide a link to access our OMNIA contract awards
- Copy of Master Agreement and amendments between Principal Procurement Agency and Supplier—We provide a link to access our OMNIA contract awards
- Summary of Products and Pricing—Although we follow the pricing submitted and approved by Region 4 ESC, based on the fact that each project scope of work is different, we do not post online catalogs which is more conducive to a commodity type of a sale
- Marketing Materials—We provide access to pertinent marketing materials
- Electronic link to OMNIA Partners, Public Sector's website including the online registration page—We provide a link to access OMNIA's website and registration
- A dedicated toll-free number and email address for OMNIA Partners, Public Sector—We have an avenue to receive information requests through YourRoofExperts.com

WTI and Tremco will continually refresh our web pages as we launch new literature, case stories, webinars, and marketing pieces we believe our targeted procurement and facility management personnel will find most helpful, while simultaneously promoting our value proposition and our OMNIA contracts. In addition, OMNIA's section on www.yourroofexperts.com houses important information on our OMNIA contracts and provides an opportunity for public agencies to request a consultation.

Social Media Outreach

WTI and Tremco will announce our OMNIA contract award via Twitter and LinkedIn. Social media will remain in our media mix to promote our solutions throughout the term of the contract. We will focus on seasonal solutions to keep content fresh and timely.

WTI and Tremco promote on YouTube and LinkedIn a variety of videos on various topics intended for OMNIA members and contractors, such as our Cool Roof Video presenting how a roof ages and the financial benefits of restoration versus replacement. Our YouTube channel and LinkedIn postings also feature case stories, product demonstrations, and application tips. In addition, webinar and training events will be promoted through social media outlets.

Marketing Strategy Development

The above marketing tactics support our marketing strategy with the following objectives:

- Focusing on targeted high-worth public sector accounts in collaboration with our sales team and OMNIA resources and other sales personnel
- Promoting how our unique and extensive and single-source capabilities benefit OMNIA members
- Demonstrating WTI and Tremco are leaders in the public sector market through examples of past performance
- Demonstrating OMNIA's benefits and capabilities to build further awareness and help build OMNIA's membership.

WTI's past and current contracts have been successfully implemented because of our commitment to a proactive, highly targeted and integrated approach to new business development. Our senior and key personnel will continue to be responsible for servicing participating agencies under the contract, including performing outreach and timely follow-up to participating agencies.

As demonstrated throughout this section, our direct sales team will continue to leverage a variety of sales and marketing initiatives including, but not limited to, customized sales tools, targeted promotions, Lunch & Learns, trade association public speaking and trade show participation, targeted advertising, social media, one-on-one meetings, etc. In addition, WTI will utilize the expertise of OMNIA's marketing team and logo for marketing materials to clearly identify our association with OMNIA.

C. Describe How Supplier Will Transition any Existing Public Agency Customers' Accounts to the Master Agreement Available Nationally Through OMNIA Partners, Public Sector. Include a List of Current Cooperative Contracts (Regional and National) Supplier Holds and Describe How the Master Agreement will be Positioned Among the Other Cooperative Agreements.

Current list of Cooperative Contracts:

- OMNIA Roofing Products, Services and Job-Order-Contracting
- OMNIA Job Order Contracting
- OMNIA Exterior Surfacing Products, Services, and Paving Solutions
- AEPA Roofing and Building Envelope Services
- E&I Roofing Systems, Exterior Building Maintenance, Products, Supplies and Related Services
- CMAS Roofing and Building Envelope Services
- MHEC Facility Maintenance and Energy: Assessment and Software

WTI and Tremco has been on cooperative contracts and/or JOC IDIQ type contracts since 1995 and have performed on 1,000's of projects utilizing these contracts. Tremco has and will continue to aggressively market our OMNIA contracts which is evident by our sales growth from our 2013 contract through our current contracts. While many public agencies value our OMNIA contracts, certain agencies and jurisdictions require the use of a different contract. We will continue to promote the use of our OMNIA contracts where applicable in compliance with state statutes.

D. Acknowledge Supplier Agrees to Provide its Logo(s) to OMNIA Partners, Public Sector and Agrees to Provide Permission for Reproduction of Such Logo in Marketing Communications and Promotions. Acknowledge that Use of OMNIA Partners, Public Sector Logo Will Require Permission for Reproduction, as Well.

WTI agrees to provide its logo and gives permission for reproduction in marketing communications and promotions. In addition, we will work with OMNIA's marketing resources to obtain approval on all co branded marketing.

E. Confirm Supplier will be Proactive in Direct Sales of Supplier's Goods and Services to Public Agencies Nationwide and the Timely Follow Up to Leads Established by OMNIA Partners, Public Sector. All Sales Materials are to Use the OMNIA Partners, Public Sector Logo. At a Minimum, the Supplier's Sales Initiatives Should Communicate:

i. Master Agreement was Competitively Solicited and Publicly Awarded by a Principal Procurement Agency
ii. Best Government Pricing
iii. No Cost to Participate
iv. Non-Exclusive

WTI agrees to provide proactive direct sales of its goods and services to public agencies and perform timely follow-up to OMNIA and any leads provided. At a minimum we will communicate the Master Agreement was competitively solicited and publicly awarded, that WTI provides market competitive pricing which considers any site-specific savings available to the participating agency, there is no cost to the members to use the contract, and it is non-exclusive.

F. Confirm Supplier Will Train its National Sales Force on the Master Agreement. At a Minimum, Sales Training Should Include:

i. Key Features of Master Agreement
ii. Working Knowledge of the Solicitation Process
iii. Awareness of the Range of Public Agencies that can Utilize the Master Agreement Through OMNIA Partners, Public Sector
iv. Knowledge of Benefits of the Use of Cooperative Contracts

We confirm that our training and educational support of our national sales force with participation from our executive leadership, along with OMNIA, includes the items noted in i. through iv. above. As mentioned previously, our long history with successfully performing on Region 4 ESC/OMNIA/National IPA/TCPN contracts enhances our ability to transition from our current contract to a newly awarded contract.

G. Provide the Name, Title, Email and Phone Number for the Person(s), Who Will Be Responsible for:

i. Executive Support
ii. Marketing
iii. Sales
iv. Sales Support
v. Financial Reporting
vi. Accounts Payable
vii. Contracts

Key Contacts Table

H. Describe in Detail How Supplier's National Sales Force is Structured, Including Contact Information for the Highest-Level Executive in Charge of the Sales Team.

WTI and Tremco's sales force is structured regionally, with Regional Managers operating across nine divisions nationwide. Each region includes several dozen sales team members and business development managers who work collaboratively on projects that include material sales as well as general services and contracting. In addition, our representatives are supported by team members who support other Tremco CPG entities who work collaboratively to provide a robust offering to provide solutions best suited to each participating agency's needs.

The highest-level executive in support of the sales team is JK Milliken, President of Tremco.

Email: [redacted]
Phone: 216-292-5000 800-852-6013

I. Explain in Detail How the Sales Teams Will Work with the OMNIA Partners, Public Sector Team to Implement, Grow and Service the National Program.

Brand Strategy

Tremco continues to refresh its cooperatives brand strategy targeting the public market across the US in promoting our unique portfolio of integrated products and services developed to extend the life of roofs and building envelopes. We engage an outside marketing firm with extensive past experience with both WTI and Tremco as well as the cooperative market segment to create differentiating materials and manage the daily execution of our brand strategy. This firm works closely with both Tremco's corporate management, internal marketing team, and field sales organization to ensure marketing tactics reflect both our national and regional goals.

Differentiation to build greater awareness and appreciation for our truly unique value proposition through OMNIA/ Region 4 ESC serves as the foundation of our continuing brand strategy. WTI and Tremco have a long record of success based upon our ability to create and maintain strong, lasting relationships as we customize product and service solutions that are in the best interest of our public agency customers.

Tremco's cooperative brand strategy reflects not only this proven performance but our continuing commitment to meeting the needs of people and organizations throughout our sales cycle. Our audiences include the management staff with fiscal responsibility for their building assets, managers tasked with maintaining building operations, procurement officials, and the building occupants who depend upon them all to provide safe, comfortable, and affordable facilities.

WTI and Tremco has a dedicated brand strategy for our cooperative contracts market segment.

Marketing Objectives

Developed to reflect this brand strategy, our marketing program goals, which we are actively promote, as listed below, take an integrated approach for consistent branding so we may effectively leverage resources and maximize new business opportunities.

- Position WTI and Tremco as a leading provider of roofing and building envelope solutions to Public Agencies with the distinct ability to simplify and streamline procurement through our OMNIA contract.
- Enable Tremco sales representatives to clearly and consistently articulate our value proposition to ensure all prospects understand the breadth and depth of our total capabilities available through our OMNIA contract.
- Generate qualified leads for targeted states through highly focused marketing activities in collaboration with OMNIA Partners, WTI, and Tremco's field sales organization.
- Assist and enable Members of the National Cooperative Contractors Network to promote the OMNIA contracts to their local public entities.

Marketing Activities

Tremco takes an integrated approach to market our OMNIA contracts by syncing the following tactics to the customer life-cycle.

- Advertising and publicity to build broad market awareness across the country
- Outbound campaigns to generate qualified leads for WTI and National Cooperative Contractor Network solutions available through OMNIA/Region 4 ESC
- Direct sales tools to drive consistent, critical messaging during one-on-one and group presentations and meetings.
- Web and social media marketing to maximize reach and prospect convenience.

I. Explain in Detail How Supplier Will Manage the Overall National Program Throughout the Term of the Master Agreement, Including Ongoing Coordination of Marketing and Sales Efforts, Timely New Participating Public Agency Account Set-Up, Timely Contract Administration, etc.

WTI has successfully implemented and performed similar construction and roofing products and services on multiple contract awards for more than ten different types of cooperatives. We will continue to customize our proven framework to develop a client-specific approach for contract implementation. Our customized approach includes marketing, customer relationship development, specification development, project deliverables, job-order acceptance and performance, emergency response, account management (including invoicing), timely completion and close out of projects, and executive support of our public market strategy. Depending upon individual cooperative needs, we can incorporate other services to best meet participating agency needs. WTI has an established framework and a nationwide presence, so we can easily adapt to individual cooperative and member requirements.

Upon award of a cooperative contract, we implement our proven marketing approach which includes educating our in-house staff on the contract and rolling out our services through co-branded marketing efforts to cooperative

Members. As discussed in our marketing rollout plan, this typically includes a combination of press releases, social media announcements, direct/email mailings, advertisements, participation in trade shows, social media, and website interactions. Beyond marketing, we also mobilize our existing construction-management personnel to make certain we have the availability to respond to cooperative projects. As a result of our nationwide presence, we draw from a large pool of resources to staff cooperative projects depending on location throughout the US.

Our success with cooperative purchasing programs is demonstrated by consecutive contract awards by many cooperatives. These renewals prove our ability to meet agency expectations as well as speak to the effectiveness of our organization to market and perform critical services. OMNIA members can also see evidence of our cooperative successes in our customer satisfaction metrics, where customers awarded us a 9.1 out of 10 overall satisfaction rating and 97% of respondent customers said they would purchase our roofing systems again. To see this in greater detail use the "Tremco Quality Control Customer Satisfaction Program" hyperlink button on the first links page at the beginning of this proposal.

J. State the Amount of Supplier's Public Agency Sales for the Previous Fiscal Year. Provide a List of Supplier's Top Ten Public Agency Customers, the Total Purchases for Each for the Previous Fiscal Year Along with a Key Contact for Each.

WTI and Tremco's Public Agency Sales in FY2022 were approximately [redacted] for both cooperative and traditional sales. WTI has taken an exception to providing the list of top ten public agency customers as this information is considered privileged and we do not have permission from our customers to divulge it.

K. Describe Supplier's Information Systems Capabilities and Limitations Regarding Order Management Through Receipt of Payment, Including Description of Multiple Platforms That May be Used for Any of These Functions.

WTI will make progress payments to subcontractors based upon applications for payment submitted by the subcontractor. Subcontractors are required to submit monthly requisitions for payment for work completed during the preceding month unless the billing requirements of the participating agency contract documents specify otherwise, and those requirements will supersede these provisions. WTI will issue progress payments on properly submitted requisitions relating to work performed in accordance with the contract documents on a net-30 basis from receipt unless different terms are expressly provided in the contract documents. The amount of each progress payment to the subcontractor will be equal to the following:

- The percentage of completion for the work of the subcontractor on a monthly basis and in accordance with the contract
- Plus, the amount allowed for materials (if any)
- Less the aggregate of previous payments to the subcontractor, and less ten percent (10%) or specified retainage

Retainage will be held until the DO has received a final inspection and has been accepted by the participating agency. WTI will not be required to pay subcontractors more than received for our work.

Final payment, constituting the entire unpaid balance of the contract sum, will be made to subcontractors when the work has been completed to the satisfaction of WTI, Region 4 ESC, OMNIA Partners, Public Agencies and the DO is fully

performed (including proper delivery of waivers of lien and other documentation required by the contract documents). A final certificate for payment will be issued by a participating Public Agency for the work and WTI will receive final payment from the participating Public Agency.

L. Provide the Contract Sales (as Defined in Section 10 of the OMNIA Partners, Public Sector Administration Agreement) that Supplier Will Guarantee Each Year Under the Master Agreement for the Initial Three Years of the Master Agreement ("Guaranteed Contract Sales").

YEAR ONE*	YEAR TWO*	YEAR THREE*

*These are projected figures, WTI does not guarantee sales.

Due to the fact the contract start date of November overlaps with our current #R180903 contract which expires February 29, 2024, sales will continue under #R180903 creating a transition year between #R180903 and #R23-04 in year one. There will be residual sales under #R180903 from proposed work but not awarded and from maintenance and warranty contracts that are multi-year agreements.

i. To the extent Supplier guarantees minimum Contract Sales, the administration fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

While many public agencies value our OMNIA contracts there are many factors that go into securing a sale including how a public agency would like to procure our solutions, including agency-specific contract preferences, agency procurement policy, administrative and legislative procurement policy. The intent of our response, and contract, is to continue to provide OMNIA members a vehicle for which they can easily and compliantly procure needed roofing and building envelope solutions. Based on the needs of servicing OMNIA members, WTI will aggressively promote this contract with the intent of producing sales under this contract as we have under our Current Roofing Products, Services and Job-Order-Contracting contract that is reaching its expiration. However, due to the speculative and unique nature of the services we provide, including legislative and administrative code challenges, we do not have the ability to guarantee sales.

M. Even Though it is Anticipated Many Public Agencies will be able to Utilize the Master Agreement Without Further Formal Solicitation, there Maybe Circumstances Where Public Agencies Will Issue their Own Solicitations. The Following Options are Available When Responding to a Solicitation for Products Covered Under the Master Agreement.

i. Respond with Master Agreement Pricing (Contract Sales Reported to OMNIA Partners, Public Sector).

ii. If Competitive Conditions Require Pricing Lower Than the Standard Master Agreement Not-To-Exceed Pricing, Supplier May Respond with Lower Pricing Through the Master Agreement. If Supplier is Awarded the Contract, the Sales are Reported as Contract Sales to OMNIA Partners, Public Sector Under the Master Agreement.

iii. Respond with Pricing Higher Than Master Agreement Only in the Unlikely Event that the Public Agency Refuses to Utilize Master Agreement (Contract Sales are Not Reported to OMNIA Partners, Public Sector).

iv. If Alternative or Multiple Proposals are Permitted, Respond with Pricing Higher than Master Agreement, and Include Master Agreement as the Alternate or Additional Proposal.

Detail Supplier's Strategies Under these Options When Responding to a Solicitation.

As mentioned previously, there are many factors that go into how a public agency would like to procure our solutions which include traditional bidding of products. Tremco/WTI will, if electing to respond to such solicitations, will respond as we do in our normal course of our traditional business outside of our OMNIA contracts.

ii. The Successful Offeror will be Required to Sign Appendix D, Exhibit B, OMNIA Partners Administration Agreement Prior to Contract Award. Offerors Should have Any Reviews Required to Sign the Document Prior to Submitting a Response. Offeror's Response Should Include any Proposed Exceptions to OMNIA Partners Administration Agreement on Appendix B, Terms and Conditions Acceptance Form.

WTI has reviewed Appendix D, Exhibit B, OMNIA Partners Administration Agreement and included exceptions/proposed modifications on Appendix B, Terms and Conditions Acceptance Form, as required.

iii. Include Completed Appendix D, Exhibits F. Federal Funds Certifications and G. New Jersey Business Compliance.

Please see the completed Exhibit B, Exhibit C, Appendix D, Exhibit F, and Exhibit G on the following pages.

Exhibit B
Administration Agreement, Example

ADMINISTRATION AGREEMENT

THIS ADMINISTRATION AGREEMENT (this "**Agreement**") is made this ___ day of _____ 20__, between National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("**OMNIA Partners**"), and _____ ("**Supplier**").

RECITALS

WHEREAS, the _____ (the "**Principal Procurement Agency**") has entered into a Master Agreement effective _____, Agreement No_____, by and between the Principal Procurement Agency and Supplier, (as may be amended from time to time in accordance with the terms thereof, the "**Master Agreement**"), as attached hereto as Exhibit A and incorporated herein by reference as though fully set forth herein, for the purchase of _____ (the "**Product**");

WHEREAS, said Master Agreement provides that any or all public agencies, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (collectively, "**Public Agencies**"), that register (either via registration on the OMNIA Partners website or execution of a Master Intergovernmental Cooperative Purchasing Agreement, attached hereto as Exhibit B) (each, hereinafter referred to as a "**Participating Public Agency**") may purchase Product at prices stated in the Master Agreement;

WHEREAS, Participating Public Agencies may access the Master Agreement which is offered through OMNIA Partners to Public Agencies;

WHEREAS, OMNIA Partners serves as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency;

WHEREAS, Principal Procurement Agency desires OMNIA Partners to proceed with administration of the Master Agreement; and

WHEREAS, OMNIA Partners and Supplier desire to enter into this Agreement to make available the Master Agreement to Participating Public Agencies and to set forth certain terms and conditions governing the relationship between OMNIA Partners and Supplier.

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, OMNIA Partners and Supplier hereby agree as follows:

DEFINITIONS

1. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given to them in the Master Agreement.

TERMS AND CONDITIONS

2. The Master Agreement and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement. Supplier acknowledges and agrees that the covenants and agreements of Supplier set forth in the solicitation and Supplier's response thereto resulting in the Master Agreement are incorporated herein and are an integral part hereof.

3. OMNIA Partners shall be afforded all of the rights, privileges and indemnifications afforded to Principal Procurement Agency by or from Supplier under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to OMNIA Partners, its agents, employees, directors, and representatives under this Agreement including, but not limited to, Supplier's obligation to obtain appropriate insurance.

4. OMNIA Partners shall perform all of its duties, responsibilities and obligations as the cooperative contract administrator of the Master Agreement on behalf of Principal Procurement Agency as set forth herein, and Supplier hereby acknowledges and agrees that all duties, responsibilities and obligations will be undertaken by OMNIA Partners solely in its capacity as the cooperative contract administrator under the Master Agreement.

5. With respect to any purchases by Principal Procurement Agency or any Participating Public Agency pursuant to the Master Agreement, OMNIA Partners shall not be: (i) construed as a dealer, re-marketer, representative, partner or agent of any type of the Supplier, Principal Procurement Agency or any Participating Public Agency; (ii) obligated, liable or responsible for any order for Product made by Principal Procurement Agency or any Participating Public Agency or any employee thereof under the Master Agreement or for any payment required to be made with respect to such order for Product; and (iii) obligated, liable or responsible for any failure by Principal Procurement Agency or any Participating Public Agency to comply with procedures or requirements of applicable law or the Master Agreement or to obtain the due authorization and approval necessary to purchase under the Master Agreement. OMNIA Partners makes no representation or guaranty with respect to any minimum purchases by Principal Procurement Agency or any Participating Public Agency or any employee thereof under this Agreement or the Master Agreement.

6. OMNIA Partners shall not be responsible for Supplier's performance under the Master Agreement, and Supplier shall hold OMNIA Partners harmless from any liability that may arise from the acts or omissions of Supplier in connection with the Master Agreement.

7. Supplier acknowledges that, in connection with its access to OMNIA Partners confidential information and/or supply of data to OMNIA Partners, it has complied with and shall continue to comply with all laws, regulations and standards that may apply to Supplier, including, without limitation: (a) United States federal and state information security and privacy statutes, regulations and/or best practices, including, without limitation, the Gramm-Leach-Bliley Act, the Massachusetts Data Security Regulations (201 C.M.R. 17.00 et. seq.), the Nevada encryption statute (N.R.S. § 603A), the California data security law (Cal. Civil Code § 1798.80 et. seq.) and California Consumer Privacy Act (Cal. Civil Code § 1798.100 et. seq.); and (b) applicable industry and regulatory standards and best practices (collectively, "**Data Regulations**").

With regard to Personal Information that Supplier collects, receives, or otherwise processes under the Agreement or otherwise in connection with performance of the Agreement, Supplier agrees that it will not: (i) sell, rent, release, disclose, disseminate, make available, transfer, or otherwise communicate orally, in writing, or by electronic or other means, such Personal Information to another business or third party for monetary or other valuable consideration; or (ii) retain, use, or disclose such Personal Information outside of the direct business relationship between Supplier and OMNIA Partners or for any purpose other than for

the specific purpose of performance of the Agreement, including retaining, using, or disclosing such Personal Information for a commercial purpose other than for performance of the Agreement. By entering into the Agreement, Supplier certifies that it understands the specific restrictions contained in this Section 7 and will comply with them. For purposes hereof, "**Personal Information**" means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household, and includes the specific elements of "personal information" as defined under Data Regulations, as defined herein. Supplier will reasonably assist OMNIA Partners in timely responding to any third party "request to know" or "request to delete" (as defined pursuant to Data Regulations) and will promptly provide OMNIA Partners with information reasonably necessary for OMNIA Partners to respond to such requests. Where Supplier collects Personal Information directly from Public Agencies or others on OMNIA Partners' behalf, Supplier will maintain records and the means necessary to enable OMNIA Partners to respond to such requests to know and requests to delete.

8. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, OMNIA PARTNERS EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING OMNIA PARTNERS' PERFORMANCE AS A COOPERATIVE CONTRACT ADMINISTRATOR OF THE MASTER AGREEMENT. OMNIA PARTNERS SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF OMNIA PARTNERS IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERM OF AGREEMENT; TERMINATION

9. This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the provisions of Sections 3 – 8 and 11 – 22, hereof and the indemnifications afforded by the Supplier to OMNIA Partners in the Master Agreement, to the extent such provisions survive any expiration or termination of the Master Agreement, shall survive the expiration or termination of this Agreement.

NATIONAL PROMOTION

10. OMNIA Partners and Supplier shall publicize and promote the availability of the Master Agreement's products and services to Public Agencies and such agencies' employees. Supplier shall require each Public Agency to register its participation in the OMNIA Partners program by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector) or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency's first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

11. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in development of marketing materials as reasonably requested by Principal Procurement Agency and OMNIA Partners. Supplier shall be responsible for obtaining permission or license of use and payment of any license fees for all content and images Supplier provides to OMNIA Partners or posts on the OMNIA Partners website. Supplier shall indemnify, defend and hold harmless OMNIA Partners for use of all such content and images including copyright infringement claims. Supplier and OMNIA Partners each hereby grant to the other party a limited, revocable, non-transferable, non-sublicensable right to use such party's logo (each, the "**Logo**") solely for use in marketing the Master Agreement. Each party shall provide the other party with the standard terms of use of such party's Logo, and such party shall comply with such terms in all material respects. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the

foregoing, the parties understand and agree that except as provided herein neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

12. An "Administrative Fee" shall be defined and due to OMNIA Partners from Supplier in the amount of three percent (3%) ("**Administrative Fee Percentage**") multiplied by the total purchase amount paid to Supplier, less refunds and credits on returns, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("**Contract Sales**"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.

13. Supplier shall provide OMNIA Partners with an electronic accounting report monthly, in the format prescribed by OMNIA Partners, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("**Contract Sales Report**"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to OMNIA Partners by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion.

14. Administrative Fee payments are to be paid by Supplier to OMNIA Partners at the frequency and on the due date stated in Section 13, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the OMNIA Partners designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting underpayment of Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

GENERAL PROVISIONS

16. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between OMNIA Partners and Supplier, the provisions of this Agreement shall prevail.

17. If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any Administrative Fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

18. This Agreement and OMNIA Partners' rights and obligations hereunder may be assigned at OMNIA Partners' sole discretion to an affiliate of OMNIA Partners, any purchaser of any or all or substantially all of the assets of OMNIA Partners, or the successor entity as a result of a merger, reorganization, consolidation, conversion or change of control, whether by operation of law or otherwise. Supplier may not assign its obligations hereunder without the prior written consent of OMNIA Partners.

19. All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below.

A. OMNIA Partners:

OMNIA Partners
5001 Aspen Grove
Franklin, TN 37067
Attention: Legal Department - Public Sector Contracting

B. Supplier:

~~3735 Green St.~~
~~Beachwood, OH 44122~~
~~Att.: Jane Krivos~~

20. If any provision of this Agreement shall be deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatever, and this Agreement will be construed by limiting or invalidating such provision to the minimum extent necessary to make such provision valid, legal and enforceable.

21. This Agreement may not be amended, changed, modified, or altered without the prior written consent of the parties hereto, and no provision of this Agreement may be discharged or waived, except by a writing signed by the parties. A waiver of any particular provision will not be deemed a waiver of any other provision, nor will a waiver given on one occasion be deemed to apply to any other occasion.

22. This Agreement shall inure to the benefit of and shall be binding upon OMNIA Partners, the Supplier and any respective successor and assign thereto; subject, however, to the limitations contained herein.

23. This Agreement will be construed under and governed by the laws of the State of Delaware, excluding its conflicts of law provisions and any action arising out of or related to this Agreement shall be commenced solely and exclusively in the state or federal courts in Williamson County Tennessee.

24. This Agreement may be executed in counterparts, each of which is an original but all of which, together, shall constitute but one and the same instrument. The exchange of copies of

this Agreement and of signature pages by facsimile, or by .pdf or similar electronic transmission, will constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes. Signatures of the parties transmitted by facsimile, or by .pdf or similar electronic transmission, will be deemed to be their original signatures for any purpose whatsoever.

Exhibit C
Master Intergovernmental Cooperative Purchasing Agreement, Example

---

MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Master Intergovernmental Cooperative Purchasing Agreement (this "**Agreement**") is entered into by and between those certain government agencies that execute a Principal Procurement Agency Certificate ("**Principal Procurement Agencies**") with National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector, Communities Program Management, LLC, a California limited liability company d/b/a U.S. Communities, and/or NCPA LLC, a Texas limited liability company d/b/a National Cooperative Purchasing Alliance (collectively, "**OMNIA Partners**"), in its capacity as the cooperative administrator, to be appended and made a part hereof and such other public agencies ("**Participating Public Agencies**") who register to participate in the cooperative purchasing programs administered by OMNIA Partners and its affiliates and subsidiaries (collectively, the "**OMNIA Partners Parties**") by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector or any successor website), or by executing a copy of this Agreement.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers have entered into "**Master Agreements**" (herein so called) to provide a variety of goods, products and services ("**Products**") to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the OMNIA Partners Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.

2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency's procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies' participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(j), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable "safe harbor" regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.

3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider; provided that the foregoing shall not prohibit Participating Public Agency from furnishing health care services so long as the furnishing of health care services is not in furtherance of a primary purpose of the Participating Public Agency.

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization ("**GPO**") agreements directly or indirectly by enrolling the Participating Public Agency in another GPO's purchasing program, provided that the purchase of Products through the OMNIA Partners Parties or any other GPO shall be at the Participating Public Agency's sole discretion.

7. The Participating Public Agencies (each a "**Procuring Party**") that procure Products through any Master Agreement or GPO Product supply agreement (each a "**GPO Contract**") will make timely payments to the distributor, manufacturer or other vendor (collectively, "**Supplier**") for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for purchase of similar products or services outside of the Master Agreement. Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE OMNIA PARTNERS PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE OMNIA PARTNERS PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE OMNIA PARTNERS PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE OMNIA PARTNERS PARTIES SHALL HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR OTHER PARTY UNDER A MASTER AGREEMENT OR GPO

CONTRACT.

11. This Agreement shall remain in effect until termination by either party giving thirty (30) days' written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) registration on the OMNIA Partners website or the execution of this Agreement by a Participating Public Agency, as applicable.

PRINCIPAL PROCUREMENT AGENCY CERTIFICATE

In its capacity as a Principal Procurement Agency (as defined below) for National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("**OMNIA Partners**"), [PPA Name] agrees to pursue Master Agreements for Products as specified in the attached Exhibits to this Principal Procurement Agency Certificate.

I hereby acknowledge, in my capacity as _____ of and on behalf of **[PPA Name]** ("**Principal Procurement Agency**"), that I have read and hereby agree to the general terms and conditions set forth in the attached Master Intergovernmental Cooperative Purchasing Agreement regulating the use of the Master Agreements and purchase of Products that from time to time are made available by Principal Procurement Agencies to Participating Public Agencies nationwide through OMNIA Partners.

I understand that the purchase of one or more Products under the provisions of the Master Intergovernmental Cooperative Purchasing Agreement is at the sole and complete discretion of the Participating Public Agency.

Federal Funds Certifications

FEDERAL CERTIFICATIONS

ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

(2) An agreement that provides only:

(i) Direct United States Government cash assistance to an individual;

(ii) A subsidy;

(iii) A loan;

(iv) A loan guarantee; or

(v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non–Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

(a)(1) The Federal financial assistance that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or

(2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.

(b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

(c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).

(d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non–Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

(a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
(b) Is not organized primarily for profit; and
(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non–Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non–Federal entity during the same or a future period.

Pass-through entity means a non–Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non–Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non–Federal entity may purchase property or services using small purchase methods. Non–Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non–Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following provisions may be required and apply when Participating Public Agency expends federal funds for any purchase resulting from this procurement process. Per FAR 52.204-24 and FAR 52.204-25, solicitations and resultant contracts shall contain the following provisions.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Oct 2020)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services—Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications-Commercial Items. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) *Definitions.* As used in this provision—

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition*.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (https://www.sam.gov) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) *Representation.* The Offeror represents that—

(1) It □ will, □ will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that—

It □ does, □ does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) *Disclosures.*

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer.

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

52.204-25 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020).

(a) *Definitions.* As used in this clause—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (*e.g.*, connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (*e.g.*, fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means–

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means–

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (*e.g.*, connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (*e.g.*, voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition*.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at https://dibnet.dod.mil. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at https://dibnet.dod.mil.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

The following certifications and provisions may be required and apply when Participating Public Agency expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the Participating Public Agency and the Participating Public Agency's subcontractors shall contain the procurement provisions of Appendix II to Part 200, as applicable.

APPENDIX II TO 2 CFR PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at $250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Pursuant to Federal Rule (A) above, when a Participating Public Agency expends federal funds, the Participating Public Agency reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(B) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

Pursuant to Federal Rule (B) above, when a Participating Public Agency expends federal funds, the Participating Public Agency reserves the right to immediately terminate any agreement in excess of $10,000 resulting from this procurement process in the event of a breach or default of the agreement by Offeror as detailed in the terms of the contract.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 CFR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Pursuant to Federal Rule (C) above, when a Participating Public Agency expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

Does offeror agree to abide by the above? YES JKM Initials of Authorized Representative of offeror

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the

acceptance of the wage determination. The non- Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when a Participating Public Agency expends federal funds during the term of an award for all contracts and subgrants for construction or repair, offeror will be in compliance with all applicable Davis-Bacon Act provisions.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when a Participating Public Agency expends federal funds, offeror certifies that offeror will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award for all contracts by Participating Public Agency resulting from this procurement process.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Pursuant to Federal Rule (F) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term of an award for all contracts by Participating Public Agency resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (F) above.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non- Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA)

In the event Federal Transit Administration (FTA) or Department of Transportation (DOT) funding is used by Participating Public Agency, Offeror also agrees to include Clean Air and Clean Water requirements in each subcontract exceeding $100,000 financed in whole or in part with Federal assistance provided by FTA.

Pursuant to Federal Rule (G) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term of an award for all contracts by Participating Public Agency member resulting from this procurement process, the offeror agrees to comply with all applicable requirements as referenced in Federal Rule (G) above.

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the Executive Office of the President Office of Management and Budget (OMB) guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Pursuant to Federal Rule (H) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term of an award for all contracts by Participating Public Agency resulting from this procurement process, the offeror certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency. If at any time during the term of an award the offeror or its principals becomes debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency, the offeror will notify the Participating Public Agency.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by Participating Public Agency, the offeror certifies that during the term and after the awarded term of an award for all contracts by Participating Public Agency resulting from this procurement process, the offeror certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

(1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding $100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

RECORD RETENTION REQUIREMENTS FOR CONTRACTS INVOLVING FEDERAL FUNDS

When federal funds are expended by Participating Public Agency for any contract resulting from this procurement process,

offeror certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. The offeror further certifies that offeror will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When Participating Public Agency expends federal funds for any contract resulting from this procurement process, offeror certifies that it will comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18).

Does offeror agree? YES JKM Initials of Authorized Representative of offeror

CERTIFICATION OF COMPLIANCE WITH BUY AMERICA PROVISIONS

To the extent purchases are made with Federal Highway Administration, Federal Railroad Administration, or Federal Transit Administration funds, offeror certifies that its products comply with all applicable provisions of the Buy America Act and agrees to provide such certification or applicable waiver with respect to specific products to any Participating Public Agency upon request. Purchases made in accordance with the Buy America Act must still follow the applicable procurement rules calling for free and open competition. Additionally:

(1) The Contractor agrees to comply with 49 USC 5323(j) and 49 CFR Part 661, which provide that federal funds may not be obligated unless steel, iron and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR 661.7.A general public interest waiver from the Buy America requirements applies to microprocessors, computers, microcomputers, software or other such devices, which are used solely for the purpose of processing or storing data. This general waiver does not extend to a product or device that merely contains a microprocessor or microcomputer and is not used solely for the purpose of processing or storing data. Separate requirements for rolling stock are set out at 5323(j)(2)(C) and 49 CFR 661.11.

(2) A bidder or offeror must submit to the FTA recipient the appropriate Buy America certification with all bids on FTA-funded contracts, except those subject to a general waiver. Bids or offers that are not accompanied by a completed Buy America certification must be rejected as nonresponsive. This requirement does not apply to lower tier subcontractors.

The following certificates titled FTA and DOT Buy America Certification should be completed and returned with the response as part of FTA and DOT requirements.

FEMA SPECIAL CONDITIONS

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

"Contract" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the "Master Agreement".

"Contractor" in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Notice of Legal Matters Affecting the Federal Government

In the event FTA or DOT funding is used by Participating Public Agency, Contractor agrees to:

1) The Contractor agrees that if a current or prospective legal matter that may affect the Federal Government emerges, the Contractor shall promptly notify the Participating Public Agency of the legal matter in accordance with 2 C.F.R. §§ 180.220 and 1200.220.

2) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

3) The Contractor further agrees to include the above clause in each subcontract, at every tier, financed in whole or in part with Federal assistance provided by the FTA.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

a. Equal opportunity and nondiscrimination laws

b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7

c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Bid Guarantee

For proposals that are to include construction/reconstruction/renovation and related services, bids must be accompanied by Certified or Cashier's Check or an approved Bid Bond in the amount of not less than five percent (5%) of the total bid. Surety shall provide a copy of the Power of Attorney authorizing the Executing Agent the authority to execute the bid bond documents and bind the surety to the bid bond conditions. The bid bond shall have a corporate Surety that is licensed to conduct business in the state of the lead agency and authorized to underwrite bonds in the amount of the bid bond.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. CONTRACT REMEDIES

Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at $250,000 for procurements made on or after June 20, 2018,4 must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability

This contract provision is required for contracts over the SAT, currently set at $250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations

For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than $100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. TERMINATION FOR CAUSE AND CONVENIENCE

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246**,** *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other

employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the

Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

a. Standard. All prime construction contracts in excess of $2,000 awarded by non- Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.

c. Requirements. If applicable, the non-federal entity must do the following:

i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any

part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in suchworkweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of
$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental,

developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with

obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor, Weatherproofing Technologies Inc., certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. **DOMESTIC PREFERENCES FOR PROCUREMENTS**

As appropriate, and to the extent consistent with law, CONTRACTOR should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.

Applicability For purchases in support of FEMA declarations and awards issued on or after November 12, 2020, all FEMA recipients and subrecipients are required to include in all contracts and purchase orders for work or products a contract provision encouraging domestic preference for procurements.

Domestic Preference for Procurements As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase,

acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber."

13. **ACCESS TO RECORDS**

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or Comptroller General.

Access to Records. The following access to records requirements apply to this contract:

i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

iv. In compliance with the Disaster Recovery Act of 2018, the Participating Public Agency and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

14. CHANGES

a. Standard. To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes

clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

15. DHS SEAL, LOGO, AND FLAGS

a. Standard. Recipients must obtain permission prior to using the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials. See DHS Standard Terms and Conditions: Version 8.1 (2018).

b. Applicability. FEMA recommends that all non-Federal entities place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

c. "The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

16. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

a. Standard. The recipient and its contractors are required to comply with all Federal laws, regulations, and executive orders.

b. Applicability. FEMA recommends that all non-Federal entities place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable Federal law, regulations, executive orders, and FEMA policies, procedures, and directives.

c. "This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives."

17. NO OBLIGATION BY FEDERAL GOVERNMENT

a. Standard. FEMA is not a party to any transaction between the recipient and its contractor. FEMA is not subject to any obligations or liable to any party for any matter relating to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

18. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or

fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

c. "The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract."

Offeror agrees to comply with all terms and conditions outlined in the FEMA Special Conditions section of this solicitation.

Offeror's Name: Weatherproofing Technologies Inc.

Address, City, State, and Zip Code:

FEDERAL TRANSIT ADMINISTRATION (FTA) AND DEPARTMENT OF TRANSPORTATION (DOT) SPECIAL CONDITIONS

Awarded Supplier(s) (also referred to as Contractors) may be asked to provide products and services to agencies following Federal Transit Administration and/or Department of Transportation requirements. By submitting a response, the Supplier is accepting these FTA and DOT Special Conditions.

NO GOVERNMENT OBLIGATION TO THIRD PARTIES

These requirements do not apply to micro-purchases ($10,000 or less, except for construction contracts over $2,000).

(1) The Participating Public Agency and contractor/vendor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the purchaser, contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

(2) The contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

These requirements do not apply to micro-purchases ($10,000 or less, except for construction contracts over $2,000)

(1) The contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies, "49 CFR Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the contractor to the extent the Federal Government deems appropriate.

(2) The contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. 5307, the Government reserves the right to impose the penalties of 18 U.S.C. 1001 and 49 U.S.C. § 5323(l) on the contractor, to the extent the Federal Government deems appropriate.

(3) The contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

ACCESS TO RECORDS AND REPORTS

(1) Record Retention. The Contractor will retain, and will require its subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the contract, including, but not limited to, data, documents, reports, statistics, sub-agreements, leases, subcontracts, arrangements, other third party agreements of any type, and supporting materials related to those records.

(2) Retention Period. The Contractor agrees to comply with the record retention requirements in accordance with 2 C.F.R. § 200.333. The Contractor shall maintain all books, records, accounts and reports required under this Contract for a period of at not less than three (3) years after the date of termination or expiration of this

Contract, except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case records shall be maintained until the disposition of all such litigation, appeals, claims or exceptions related thereto.

(3) Access to Records. The Contractor agrees to provide sufficient access to FTA and its contractors to inspect and audit records and information related to performance of this contract as reasonably may be required.

(4) Access to the Sites of Performance. The Contractor agrees to permit FTA and its contractors access to the sites of performance under this contract as reasonably may be required.

FEDERAL CHANGES

(1) Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this Contract.

Contractor agrees to:

a) Maintain all books, records, accounts and reports required under this Contract for a period of not less than three (3) years after the date of termination or expiration of this Contract or any extensions thereof except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case Contractor agrees to maintain same until Public Agency, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto.

b) Permit any of the foregoing parties to inspect all work, materials, payrolls, and other data and records with regard to the Project, and to audit the books, records, and accounts with regard to the Project and to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed for the purpose of audit and examination.

FTA does not require the inclusion of these requirements of Article 1.01 in subcontracts. Reference 49 CFR 18.39 (i)(11).

CIVIL RIGHTS / TITLE VI REQUIREMENTS

The Participating Public Agency is an Equal Opportunity Employer. As such, the Participating Public Agency agrees to comply with all applicable Federal civil rights laws and implementing regulations. Apart from inconsistent requirements imposed by Federal laws or regulations, the Participating Public Agency agrees to comply with the requirements of 49 U.S.C. § 5323(h) (3) by not using any Federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications.

Under this Agreement, the Contractor shall at all times comply with the following requirements and shall include these requirements in each subcontract entered into as part thereof.

(1) Nondiscrimination – In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. 20000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. 6102, section 202 of the Americans with disabilities Act of 1990, 42 U.S.C. 12132, and Federal transit law at 49 U.S.C. 5332, the contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(2) Equal Employment Opportunity – The following equal employment opportunity requirements apply to the underlying contract:

(a) **Race, Color, Creed, National Origin, Sex**. In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e et seq., and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. chapter 60, and Executive Order No. 11246, "Equal Employment Opportunity in Federal Employment," September 24, 1965, 42 U.S.C. § 2000e note, as

amended by any later Executive Order that amends or supersedes it, referenced in 42 U.S.C. § 2000e note. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, national origin, or sex (including sexual orientation and gender identity). Such action shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(b) **Age** - In accordance with the Age Discrimination in Employment Act, 29 U.S.C. §§ 621-634, U.S. Equal Employment Opportunity Commission (U.S. EEOC) regulations, "Age Discrimination in Employment Act," 29 C.F.R. part 1625, the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6101 et seq., U.S. Health and Human Services regulations, "Nondiscrimination on the Basis of Age in Programs or Activities Receiving Federal Financial Assistance," 45 C.F.R. part 90, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(c) **Disabilities** - In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 et seq., the Architectural Barriers Act of 1968, as amended, 42 U.S.C. §4151 et seq., and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against individuals on the basis of disability. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(3) The contractor also agrees to include these requirements in each subcontract financed whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

INCORPORATION OF FTA 4220.1F TERMS

(1) The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

(2) Flow Down – The incorporation of FTA terms has unlimited flow down.

DISADVANTAGED BUSINESS ENTERPRISE (DBE)

The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

1) Withholding monthly progress payments;

2) Assessing sanctions;

3) Liquidated damages; and/or

4) Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

5) Non-Discrimination Assurances. Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. Contractor shall carry out all applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may

result in the termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).

6) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of Participating Public Agency.

7) DBE Program. In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

ENERGY CONSERVATION REQUIREMENTS

Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plans issued under the Energy Policy and Conservation Act, as amended, 42 U.S.C. Sections 6321 et seq. and 41 CFR Part 301-10.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

1) The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

2) Flow Down – The incorporation of FTA terms has unlimited flow down.

SUSPENSION AND DEBARMENT

The Contractor shall comply and facilitate compliance with U.S. DOT regulations,

"Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Government Wide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of $25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

a) Debarred from participation in any federally assisted Award;

b) Suspended from participation in any federally assisted Award;

c) Proposed for debarment from participation in any federally assisted Award;

d) Declared ineligible to participate in any federally assisted Award;

e) Voluntarily excluded from participation in any federally assisted Award; or

f) Disqualified from participation in ay federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the AGENCY. If it is later determined by the AGENCY that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the AGENCY, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

CARGO PREFERENCE REQUIREMENTS

Use of United States-Flag Vessels. The contractor agrees:

1) To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels.

2) To furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington D.C. 20590 and the FTA recipient (through the contractor in the case of a subcontractor's bill-of lading).

3) To include these requirements in all subcontracts issued pursuant to the contract when the subcontract may involve the transport of equipment, materials, or commodities by ocean vessel.

FLY AMERICA

Fly America Requirements:

1) Definitions. As used in this clause- "International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States. "United States" means the 50 States, the District of Columbia, and outlying areas. "U.S.-flag air carrier" means an air carrier holding a certificate under 49 U.S.C. Chapter 411.

2) When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, recipients,

and others use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

3) If available, the contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

4) In the event that the contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403.

Stated Reason(s):_____
_____
_____

5) The contractor shall include the substance of this clause, including this paragraph, in each subcontract or purchase under this contract that may involve international air transportation.

RECYCLED PRODUCTS

1) The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), "Comprehensive Procurement Guideline for Products Containing Recovered Materials," 40 C.F.R. part 247.

CONFORMANCE WITH ITS NATIONAL ARCHITECTURE

When applicable:

1) Contractor shall conform, to the extent applicable, to the National Intelligent Transportation Standards architecture as required by SAFETEA-LU Section 5307(c), 23 U.S.C. Section 512 and as amended by MAP-21 23 U.S.C. § 517(d), note and follow the provisions of FTA Notice, "FTA National Architecture Policy on Transit Projects," 66 Fed. Reg.1455 et seq., January 8, 2001, and any other implementing directives FTA may issue at a later date, except to the extent FTA determines otherwise in writing.

ADA ACCESS

1) In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 et seq., the Architectural Barriers Act of 1968, as amended, 42 U.S.C. § 4151 et seq., and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against individuals on the basis of disability. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

SAFE OPERATION OF MOTOR VEHICLES

1) *Seat Belt Use* - The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-

rented vehicles, or personally operated vehicles. The terms “company-owned” and “company-leased” refer to vehicles owned or leased either by the Contractor or Participating Public Agency.

2) *Distracted Driver* - The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contactor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this agreement.

PROMPT PAYMENT

1) The Prime Contractor shall pay any Subcontractor for work that has been satisfactorily performed no later than thirty (30) days from the date of the Prime Contractor’s receipt of each payment made by the Participating Public Agency. Additionally, within thirty (30) days of satisfactory completion of all work required of the Subcontractor, the Prime Contractor shall release any retainage payments withheld to the Subcontractor.

FTA PROTEST NOTIFICATION

A protestant must exhaust all Participating Public Agency Procurement administrative procedures and remedies before pursuing a protest with the FTA.

1) Any and all protests shall be in writing and shall be filed with the Purchasing Manager with the Participating Public Agency. A protest relating to the process for determining the most responsive and responsible contractor shall be filed within five (5) business days after the protestor knows or should have known the basis of the determination. The Contract Officer shall respond to a protest within fourteen (14) calendar days after the receipt of the protest. The Purchasing Manager may grant the Contract Officer an extension for the response if warranted. A request for reconsideration of any and all determinations by the Contract Officer shall be filed with the Purchasing Manager within seven (7) calendar days after the receipt of the determination.

2) A protest shall include:

    a. The name, address, and telephone number, including FAX number if available, of the protestor;

    b. The signature of the protestor or authorized representative;

    c. Identification of the contract/solicitation;

    d. A detailed statement of the legal and/or factual grounds of protest including copies and/or citations of relevant documents, and;

    e. The form of relief requested.

3) If any of the above information is omitted or incomplete, then the Protestor shall be notified, in writing, within two (2) calendar days after that determination, and the Protestor shall have two (2) calendar days in which to remedy the specified problem.

4) The Participating Public Agency will not make award prior to the resolution of a protest, or open bids prior to resolution of a protest filed before bid opening unless the Purchasing Manager determines in writing that it is in the best interests of the Participating Public Agency or in keeping with Item 7 of this

procedure to do otherwise. Potential contractors will be advised of a pending protest if the protest is filed before award.

5) The Purchasing Manager may allow for an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties include all bidding contractors, and may also include a subcontractor or supplier provided they have a substantial economic interest in a portion of the IFB or RFP.

6) The Purchasing Manager shall respond "in writing", in detail, to each substantial issue raised in the protest. The Purchasing Manager has the sole authority to make determinations for the Participating Public Agency, and a determination shall be considered final when it is labeled as such. A request for reconsideration will be allowed by the Purchasing Manager if he determines that data has become available that was not previously known, or that there has been an error of law or regulation.

7) The Participating Public Agency may proceed with procurement when a protest is pending if the Participating Public Agency determines that:

    a. The items to be procured are urgently required;

    b. Delivery or performance will be unduly delayed by failure to make the award promptly; or

    c. Failure to make award will otherwise cause undue harm to the grantee for the Federal Government.

8) FTA will only entertain a protest that alleges:

    a. The Participating Public Agency failed to have or to adhere to its protest procedures, or failed to review a complaint or protest; or

    b. Violations of Federal law or regulation.

9) A protest to FTA must be filed in accordance with FTA Circular 4220.1F, available from the Contract Officer. Specifically, protestors shall file a protest with FTA Region 9 or FTA Headquarters Office no later than five (5) days after a final decision is rendered under the Participating Public Agency's protest procedure. In instances where the protestor alleges that the Participating Public Agency failed to make a final determination on the protest, protestors shall file a protest with FTA not later than five (5) calendar days after the protester knew or should have known of the grantee's failure to render a final determination on the protest.
A protest filed with FTA shall:

    a. Include the name and address of the protestor.

    b. Identify the grantee, project number, and the number of the contract solicitation.

    c. Contain a statement of the grounds for protest and any supporting documentation. This should detail the alleged failure to have or adhere to protest procedures, failure to review a complaint or protest; or Violation of Federal law or regulation.

    Include a copy of the local protest filed with the grantee and a copy of the grantee's decision, if any.

NEW JERSEY BUSINESS COMPLIANCE

Suppliers intending to do business in the State of New Jersey must comply with policies and procedures required under New Jersey statues. All offerors submitting proposals must complete the following forms specific to the State of New Jersey. Completed forms should be submitted with the offeror's response to the RFP. Failure to complete the New Jersey packet will impact OMNIA Partners' ability to promote the Master Agreement in the State of New Jersey.

DOC #1	Ownership Disclosure Form
DOC #2	Non-Collusion Affidavit
DOC #3	Affirmative Action Affidavit
DOC #4	Political Contribution Disclosure Form
DOC #5	Stockholder Disclosure Certification
DOC #6	Disclosure of Investment Activities in Iran, Russia and Belarus
DOC #7	New Jersey Business Registration Certificate
DOC #8	EEOAA Evidence
DOC #9	MacBride Principals Form

New Jersey suppliers are required to comply with the following New Jersey statutes when applicable:

- all anti-discrimination laws, including those contained in N.J.S.A. 10:2-1 through N.J.S.A. 10:2-14, N.J.S.A. 10:5-1, and N.J.S.A. 10:5-31 through 10:5-38;

- Prevailing Wage Act, N.J.S.A. 34:11-56.26, for all contracts within the contemplation of the Act;

- Public Works Contractor Registration Act, N.J.S.A. 34:11-56.26; and

- Bid and Performance Security, as required by the applicable municipal or state statutes.

STATEMENT OF OWNERSHIP DISCLOSURE

N.J.S.A. 52:25-24.2 (P.L. 1977, c.33, as amended by P.L. 2016, c.43)

This statement shall be completed, certified to, and included with all bid and proposal submissions. Failure to submit the required information is cause for automatic rejection of the bid or proposal.

Name of Organization: Weatherproofing Technologies Inc.

Organization Address: 3735 Green Rd., Beachwood, OH 44122

Part I Check the box that represents the type of business organization:

☐ Sole Proprietorship (skip Parts II and III, execute certification in Part IV)

☐ Non-Profit Corporation (skip Parts II and III, execute certification in Part IV)

☒ For-Profit Corporation (any type) ☐ Limited Liability Company (LLC)

☐ Partnership ☐ Limited Partnership ☐ Limited Liability Partnership (LLP)

☐ Other (be specific): _____

Part II

☐ The list below contains the names and addresses of all stockholders in the corporation who own 10 percent or more of its stock, of any class, or of all individual partners in the partnership who own a 10 percent or greater interest therein, or of all members in the limited liability company who own a 10 percent or greater interest therein, as the case may be. (**COMPLETE THE LIST BELOW IN THIS SECTION**)

OR

☒ No one stockholder in the corporation owns 10 percent or more of its stock, of any class, or no individual partner in the partnership owns a 10 percent or greater interest therein, or no member in the limited liability company owns a 10 percent or greater interest therein, as the case may be. AFFIRMATIVE ACTION AFFIDAVIT
(P.L. 1975, C.127)

Company Name: Weatherproofing Technologies Inc.

Street: 3735 Green Rd

City, State, Zip Code: Beachwood, OH 44122

Proposal Certification:

Indicate below company's compliance with New Jersey Affirmative Action regulations. Company's proposal will be accepted even if company is not in compliance at this time. No contract and/or purchase order may be issued, however, until all Affirmative Action requirements are met.

Required Affirmative Action Evidence:

Procurement, Professional & Service Contracts (Exhibit A)

Vendors must submit with proposal:

1. A photocopy of a valid letter that the contractor is operating under an existing Federally approved or sanctioned affirmative action program (good for one year from the date of the letter);

   OR

2. A photocopy of a Certificate of Employee Information Report approval, issued in accordance with N.J.A.C. 17:27-4;

   OR

3. A photocopy of an Employee Information Report (Form AA302) provided by the Division of Contract Compliance and Equal Employment Opportunity in Public Contracts and distributed to the public agency to be completed by the contractor in accordance with N.J.A.C. 17:27-4.

Public Work – Over $50,000 Total Project Cost:

A. No approved Federal or New Jersey Affirmative Action Plan. We will complete Report Form AA201. A project contract ID number will be assigned to your firm upon receipt of the completed Initial Project Workforce Report (AA201) for this contract.

B. Approved Federal or New Jersey Plan – certificate enclosed

I further certify that the statements and information contained herein, are complete and correct to the best of my knowledge and belief.

ELIZABETH MAHER MUOIO
State Treasurer

P.L. 1995, c. 127 (N.J.A.C. 17:27)
MANDATORY AFFIRMATIVE ACTION LANGUAGE

PROCUREMENT, PROFESSIONAL AND SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of it testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
    a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
    b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
    c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
    d. The form may be used "as-is", subject to edits as described herein.
    e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
    f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
  - of the public entity awarding the contract
  - of that county in which that public entity is located
  - of another public entity within that county
  - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Required Pursuant to N.J.S.A. 19:44A-20.26

This form or its permitted facsimile must be submitted to the local unit no later than 10 days prior to the award of the contract.

MACBRIDE-PRINCIPLES

STATE OF NEW JERSEY DEPARTMENT OF THE TREASURY
DIVISION OF PURCHASE AND PROPERTY

33 WEST STATE STREET, P.O. BOX 230
TRENTON, NEW JERSEY 08625-0230

MACBRIDE PRINCIPALS FORM

BID SOLICITATION #: _____ **VENDOR/BIDDER:** _____

VENDOR'S/BIDDER'S REQUIREMENT TO PROVIDE A CERTIFICATION IN COMPLIANCE WITH THE MACBRIDE PRINCIPALS AND NORTHERN IRELAND ACT OF 1989

Pursuant to Public Law 1995, c. 134, a responsible Vendor/Bidder selected, after public bidding, by the Director of the Division of Purchase and Property, pursuant to N.J.S.A. 52:34-12, must complete the certification below by checking one of the two options listed below and signing where indicated. If a Vendor/Bidder that would otherwise be awarded a purchase, contract or agreement does not complete the certification, then the Director may determine, in accordance with applicable law and rules, that it is in the best interest of the State to award the purchase, contract or agreement to another Vendor/Bidder that has completed the certification and has submitted a bid within five (5) percent of the most advantageous bid. If the Director finds contractors to be in violation of the principals that are the subject of this law, he/she shall take such action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

I, the undersigned, on behalf the Vendor/Bidder, certify pursuant to N.J.S.A. 52:34-12.2 that:

CHECK THE APPROPRIATE BOX

[X] The Vendor/Bidder has no business operations in Northern Ireland; or

OR

[ ] The Vendor/Bidder will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principals of nondiscrimination in employment as set forth in section 2 of P.L. 1987, c. 177 (N.J.S.A. 52:18A-89.5) and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of its compliance with those principals.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor/Bidder, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, and that the Vendor/Bidder is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of **my** agreement(s) with the State, permitting the State to declare any contract(s) resulting from this certification to be void and unenforceable.

iv. Describe How Offeror Responds to Emergency Service Requests.

WTI understands the importance of providing responsive service. As such, we offer service 24 hours a day, seven days per week, 365 days per year (24/7/365). In the event of an emergency situation, OMNIA members can contact 877-587-3626 with their assigned account number. The call will then be dispatched to our key personnel for response. Response time is established with the account to define emergency (two- to four-hour response), standard (24- to 48-hour response), etc. The dispatch for each location includes up to four points-of-contact (POCs), as shown below, to ensure effective response.

1	WTI Technician 1
2	WTI Technician 2
3	WTI Contractor
4	WTI Technical Advisor

Upon dispatch, the appropriate Technical Advisor will be notified of the issue for follow through. The Technical Advisor ensures that the request was completed and verifies WTI's and Tremco's financial responsibility.

Each member will be provided a process and an account number upon completion of a project or purchase of a warranty. The process will include an 800 number for 24/7 response at no additional cost to the member. As part of the warranty, WTI will provide 24 hours a day/seven days a week Emergency Leak Response at no additional cost. Regardless of whether the leak is related to defective materials, wear and tear or storm-related damage (within the terms of the warranty), the dispatch center logs the call for priority treatment, assuring a fast, efficient response. We will perform all emergency roof system leak repairs required in accordance with our Leak Response Program and warranty terms. The leak will be repaired immediately unless weather or other conditions prevent such work, in which case the repair schedule will be coordinated with the member to be accomplished at the next available time period.

Proposals for standard orders are typically processed in one to three days while proposals for emergency orders are typically provided within 72 hours of notification, depending upon the scope and geographic location of the project. These times may vary depending upon unforeseen conditions and/or remote locations; however, our processes and procedures are designed to accommodate these time frames.

Our key personnel have experience responding to several emergency project situations. In these instances, working with the customer to respond to such conditions is our first priority. We also rely on long-standing relationships with contractors who also respect this level of service and are available on-site 24/7. Through our Construction Managers and Superintendents, we also have the knowledge and software tools to effectively estimate damage-control costs in a matter of hours. OMNIA members can expect no less than 24/7 on-call service from WTI on the service agreement. WTI is also available during natural disasters such as fires, floods and winter storms to assist with disaster response, offering members with priority service. For emergency/disaster response, we use an Emergency Service Agreement/Disaster Response form to expedite typical purchase order procedures. We follow up our emergency-response services with the required documentation for the client.

After hours customer service needs are handled on a case-by-case basis. We make every effort to meet our customers' needs. Often, we staff our Customer Service Representatives to be able to accommodate not only daily needs but also emergency needs.

Our response times, including emergency leak response, will remain constant across all regions, however, adjustments to these response times will be made regarding remote geographical locations. In these instances, response times will be clearly communicated regarding safety, reasonable time frames and availability and mobility of personnel and equipment. Our ability to service all regions at the same level is made possible through our diverse personnel resources located across the United States and is supplemented by our extensive contractor database.

v. Describe Offeror's Ability to Meet Service and Warranty Needs.

WTI and Tremco benefit OMNIA members by offering an all-encompassing service and product portfolio complete with manufacturer warranties from a single source. WTI provides one of the most comprehensive warranty packages in the roofing industry. Each of our warranties covers installation, details, flashing, materials, workmanship, inspection and preventative maintenance. Tremco offers several product and service warranty options to participating Public Sector Agencies to match their roofing needs as detailed below. With each of the Tremco warranties, OMNIA members will receive a 1-800 leak response service. Please note that several of the warranties listed below are available in multi-year terms, based on customer needs and/or requirements.

- Quality Assurance (QA) Warranty
- QA Plus
- QA Premium Warranty
- Vegetative Warranty
- Plain and Simple Warranty
- One-Year Tremco Performance Warranty (TPW)
- Material Warranty
- Warranty extension and renewals are available for OMNIA members.

Sample Warranties

Sample warranties are available to OMNIA Members upon request.

PERFORMANCE CAPABILITY

One Building Envelope. One Warranty. One Powerful System Delivering Unmatched Protection for Your Building

Your property is a major investment, and its building envelope is a critical component. OMNIA members get one chance to get it right—or spend many years and a lot of money trying to fix it.

Made up of hundreds, even thousands, of components, a building's "envelope" protects interior spaces and occupants from the outside world. That includes shielding against the elements, excessive noise, and providing resistance to other external disturbances.

Why cobble together an envelope with materials from dozens of different suppliers when you can choose a Tremco Construction Products Group (CPG) building envelope, designed and tested to work as one continuous system and warranted together in a single document?

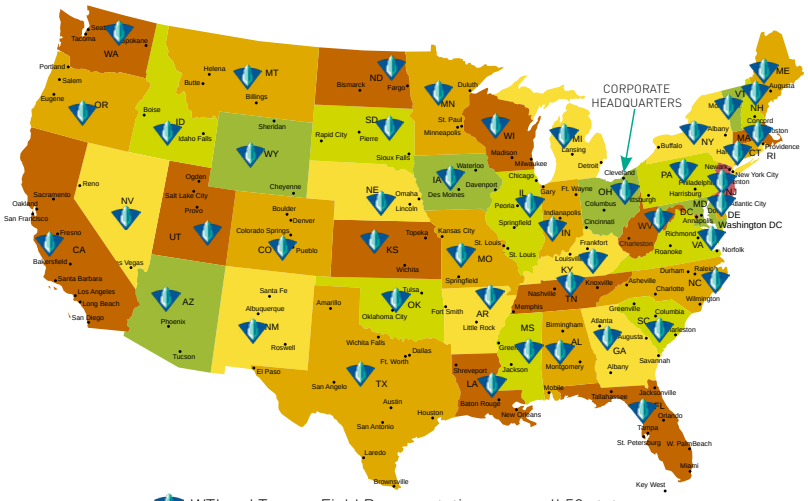
Systems & Services Covered Under a Single Warranty

- Air & Vapor Barriers
- Cladding
- Glazing Systems
- Insulated Concrete Forms
- Sealants & Adhesives
- Traffic Coatings
- Waterproofing

THE MORE TREMCO CPG COMPONENTS, THE MORE PROTECTION

Most individual building component warranties are limited to the dollar value of the material purchased. With a Tremco CPG warranty, the more OMNIA members single-source from the group, the greater the dollar value of coverage available should OMNIA members have an issue. That's because a Tremco CPG warranty is worth the aggregate value of all the components purchased from the group—providing a much larger pool should a member have a warranted issue on any one component.

vi. Describe Offeror's Customer Service/Problem Resolution Process. Include Hours of Operation, Number of Services, etc.



WTI's U.S. Customer Service Department consists of three Customer Service Centers as outlined in the below table.

Customer service centers and hours of operations.

Location	Phone/Fax	Hours of Operation
WTI Corporate Office 3735 Green Road Beachwood, OH 44122	Ph: (216) 292-5000 (800) 852-6013 Fx: (216) 292-5038	8:30 am – 5:00 pm (EDT)
Western Division Office 3060 East 44th Street Vernon, CA 90058	Ph: (213) 587-3014 Fx: (213) 585-6592	8:30 am – 5:00 pm (PDT)
Eastern Division Office 8 Main Street Flemington, NJ 08822	Ph: (800) 628-751 (908) 782-1927 Fx: (908) 782-1898	8:30 am – 5:00 pm (EDT)

Because of the number and location of these service centers, WTI can handle the customer's needs anywhere in the nation. If additional hours of operation are desired, WTI's Corporate Customer Service Manager, will consider accommodating the customer's needs by altering the staffing within the department to provide a superior level of customer service.

After hours customer service needs are handled on a case-by-case basis. We make every effort to meet our customers' needs. Often, we staff our Customer Service Representatives to be able to accommodate not only daily needs but also emergency needs. In the event of an emergency situation, OMNIA members can contact the 800-5-TREMCO phone number 24/7/365 with their assigned account number. The call will then be dispatched for response. As previously mentioned, customer satisfaction is a focus and differentiator for WTI and Tremco. Our talented and focused customer service staff are an important part creating positive customer experiences and satisfaction. Through their caring, ability to problem-solve and bias for action, our representatives have the capability to create a satisfied customer with every call. And, they do it every day!

WTI and Tremco Field Representation covers all 50 states

vii. Describe Offeror's Invoicing Process. Include Payment Terms and Acceptable Methods of Payments.

Payment terms are net 30 days. We can accept Purchase Order, credit cards, ACH or check.

SAP has the ability to track member purchases, products and services, billing, accounts payable and other accounting functions. Through SAP, WTI can provide customized billing and reporting to OMNIA as a whole, as well as to individual participating members. This includes management reports, consolidated billing by location, time and attendance reports for participating Members. WTI currently uses SAP on our existing contracts that integrates manufacturing, finance, planning, implementation and operations to:

- Improve customer relations and response times
- Improve performance without sacrificing quality
- Streamline manufacturing planning and execution
- Increase sales
- Reduce inefficiencies
- Improve customer service and marketing efforts
- Support finance expenditures and resources
- Streamline supply-chain planning and execution
- Monitor compliance
- Improve best business practices

viii. Describe Offeror's Contract Implementation/Customer Transition Plan.

WTI has successfully implemented and performed similar construction and roofing and building envelope products and services on multiple contract awards for more many different types of cooperatives. Prior to award of a cooperative contract, we customize our proven framework to develop a client-specific approach for implementation. Our customized approach includes marketing, project acceptance and performance, emergency response, account management (including invoicing) and executive support. Depending on individual member needs, we can incorporate other services to best meet member needs. WTI has an established framework and a nationwide presence, we can easily adapt to individual cooperative requirements.

Upon award of a cooperative contract, we implement our proven marketing approach which includes educating our in-house staff on the contract and rolling out our services through branded marketing efforts to cooperative Members. As previously discussed, this typically includes a combination of press releases, social-media announcements, direct mailings, advertisements, participation in trade shows and website interactions. Beyond marketing, we also mobilize our existing construction-management personnel to make certain we have the availability to respond to cooperative projects. As a result of our nationwide presence, we draw from a large pool of resources to staff cooperative projects depending on location throughout the US.

Our success with cooperative purchasing programs is demonstrated by consecutive contract awards by many cooperatives. These renewals prove our ability to meet agency expectations as well as speak to the effectiveness of our organization to market and perform critical services. This is evidenced in our customer satisfaction metrics, where customers awarded us a 9.1 out of 10 overall satisfaction rating and 98% of respondent customers said they would purchase our roofing systems again.

ix. Describe the financial condition of Offeror.

WTI is a building envelope industry leader and is in very good financial condition. We are an affiliate member of the Tremco CPG, Inc. line-up of companies that make up the largest division of RPM International, our Fortune 500 parent company. WTI continues to see steady growth in the market and has a very healthy pipe-line of work.

For additional information press here to go to RPM International's 10K & annual report filings

x. Provide a Website Link in Order to Review Website Ease of Use, Availability, and Capabilities Related to Ordering, Returns and Reporting. Describe the Website's Capabilities and Functionality.

Due to the nature of our business, WTI currently does not have an on-line catalog/ordering website. These construction projects are independently specified and built for each building component's current condition and structure. This requires field consulting/engineering services to design and offer the best solutions or multiple solutions for each building component. Online catalogs do not accommodate this type of built construction. WTI will provide representatives to cover and support all projects and does not provide an on-line catalog option.

Our Sales Representatives meet with customers to review and analyze individual facility roofing needs and propose the right solutions and products. This one-on-one sales approach allows our Sale Representatives to gain a full understanding of the needs of each Public Sector Agency and provide on the spot assessments of the areas of work. This approach ultimately saves time and cost in back and forth of online ordering and allows our teams to provide the services and products the customer needs the first time.

Tremco will allow for material only orders sold direct to end user, if needed, to be returned within 30 days of project completion. Depending on the products' condition, the estimated time frame to complete this return process is up to 30 days.

- Returns must be products in good condition and authorized by Tremco prior to return shipment. The following exceptions apply:
  - Exception: Due to warehouse limitations, there are no returns on Tremco Insulation products or TremLock™ Custom Metal Edge.
  - Exception: Fastener supplier does not accept returns on Insulation Fastener Discs and limits fastener returns to 3 months from shipment.
  - Exception: POWERply™ SA Base Sheet and POWERply™ SA FR returns are limited to three months from shipment.
  - Exception: THERMastic®, THERMastic® 50, and POWERply™ Modified Hot Melt Adhesive cannot be remelted or worked off, so returns of these four products are limited to pallets which are determined by a Tremco Representative to be in excellent condition.
- Tremco reserves the right to refuse a return of a product sold and shipped more than one year ago.
- Material must be returned in the account name under which it originally shipped.
- Return freight charges are the responsibility of the customer.

xi. Describe the Offerer's Safety Record.

Safety Record

Our industry can be a very dangerous one, where one wrong move can have long lasting and sometimes devastating effects on a family and our communities. This is why we require every employee to go through our OSHA safety training course. The results of our commitment to people shows as we have one of the best safety records in the industry, especially for a company of our size. The chart below illustrates WTI's commitment to safety as we have one of the best safety records in the industry. This is even more impressive when OMNIA members take into consideration that we are also one of the largest roofing and building envelope companies in the industry.

	wti — Corporate & Field Market Safety Qualifications Metric — TREMCO			
	2020	**2021**	**2022**	
EMR (Insurance Experience Modification Rate)	.70	.65	.60	
No. of Employees	1221	1311	1472	
Hours Worked	2,114,385	2,374,237	2,655,983	
No. of Fatalities	0	0	0	
No. of Recordable Incidents	14	18	25	
Total Recordable Incident Rate (per 100 full-time employees)	**1.32**	**1.52**	**2.33**	**Industry Avg.—3.4**
No. of Lost Time Incidents	0	4	0	
Lost Time Incident Rate (per 100 full-time employees)	0	.34	0	Industry Avg.—1.4

PERFORMANCE CAPABILITY

xii. Performance Bond Plan - Offeror shall submit a detailed performance bond plan that will meet the Participating Public Agency's local and state statutory requirements. The Offeror is required to be knowledgeable and current on all statutory requirements for bonding. This should include, but is not limited to, a letter from a surety company that is licensed to do business in the states being proposed in the submittal. Offerors shall also provide a written statement acknowledging that they can provide surety letters for any affiliates to Region 4 ESC or participating agencies upon request. Offerors may need to provide additional capacity as work orders increase. Bonds will not require that a fee be paid to Region 4 ESC. The actual cost of the bond will be a pass-through expense to the Participating Public Agency and added to the purchase order.

WTI has been providing performance bonds on projects for over 30 years in partnership with our insurance provider, Liberty Mutual Insurance. As we provide bonding on projects in all 50 states, WTI is experienced and knowledgeable about providing bonding for members' projects in accordance with all states' laws and statutory bonding requirements. We have enclosed a letter from our surety agent evidencing our bonding capacity of [redacted] aggregate and [redacted] for a single project, which reflect ample capacity for any project awarded under the OMNIA 23-04 resultant contract agreement. Further, we are able to provide surety letters as needed for any affiliates of Region 4 ESC that may request evidence of our ability to bond projects. Our bonding process begins at the estimating level where costs and thresholds are identified based upon project size and location in order to accurately and immediately identify bonding needs before the proposal phase starts. This process provides a quality-auditable process, which is ISO 9001:2015 certified. As project volume dictates, WTI will be able to confidently manage additional capacity to provide quality services to OMNIA members.

xiii. **Safety/Environmental Plan - Offeror shall submit a detailed safety plan with their submittal. It should specifically address how the Offeror will implement this plan with the subcontractors. The safety plan will need to address OSHA compliance, environmental compliance, drug testing, trend analysis and noncompliance corrective action. It should also state whether a safety officer will interact with the Participating Public Agency's staff and management of safety and environmental issues while working in occupied areas.**

It's not a cliché that an organization's greatest obligation is to provide a safe working environment. But that commitment takes on even more importance when a job's responsibilities include the kind of potential risk you can find on a roof.

As the market leader in providing roofing solutions and services, WTI fully recognizes what is at stake in construction and renovation projects. We never leave the safety and security of employees, installation teams and other on-site trades to chance. Job site safety grounded in proper training is without question our highest priority.

That is why every one of our roofing and building envelope projects, no matter the size, begins with a thorough understanding of the job site's potential hazards, safe work procedures, product characteristics, equipment operation, conditions, and specific customer requirements.

That understanding is based on the extraordinary safety training we provide our field advisors and technical personnel. To ensure that every installation is completed safely and efficiently, WTI has developed a comprehensive set of safety resources, with a strong emphasis on field safety training, job site audits, and extensive use of systems and communication tools.

PERFORMANCE CAPABILITY

Each of our field advisors have received safety training, to help them manage the trouble-free delivery of our products and services. All of WTI's technical field and general contracting management personnel have received at least their OSHA 10-hour safety card—a powerful statement when you consider that is the largest field team in our industry.

In addition, WTI ensures we continue providing this knowledge with a core of over 20 Authorized OSHA Outreach Trainers with extensive roofing craft experience. This in-house safety expertise permits consistent and safe installation of our systems focused on customer and site-specific health and safety requirements. A team of safety experts is also available in the field to answer questions or concerns that may arise.

Tremco Roofing and WTI consistently perform better than the industry averages for Roofing and Construction Services as measured by the commonly used Total Recordable Injury Rate (TRIR) and Experience Modification Rate (EMR) standards.

Safety Training and Expertise

- Over [redacted] OSHA Authorized Construction H&S trainers within WTI to provide and
- Extend on-the-job safety knowledge
- Over [redacted] Field Sales Advisors have received six weeks of intensive roofing,
- Technical, project management and field safety training
- Over [redacted] WTI employees with current 10-hour cards – within 3 years of issue
- Ongoing training updates—over [redacted] OSHA 10-hour cards issued since 2007
- Over [redacted] WTI employees with OSHA 30-hour cards
- Over [redacted] WTI employees trained in First Aid/CPR
- Over [redacted] WTI trained as ANSI A92 Aerial Lift Operators

WTI Safety Program

Each of the following components meet or exceed OSHA standards for the construction industry.

POLICIES AND PROCEDURES	• WTI Safety Policies • Hazard Communication Program
FIELD SAFETY	• Start Safe Checklist • Fall Protection • Hazardous Energy Control/Lock Out, Tag Out Program • Confined Space Entry Program • Fire Prevention & Protection • Personnel Protective Equipment (PPE) and Hygiene Requirements • Respiratory Protection • Hot Work (involving flames, sparks or heat) • Hearing Protection/Noise • Scaffolding Safety • Hand & Power Tools
ENVIRONMENTAL CONTROLS	• Environmental Controls (i.e., ventilation, lighting) • Waste Disposal • Vehicle Safety
EMPLOYEE TRAINING/ COMPETENT PERSONS	• OSHA [redacted] trainers • OSHA 10 hour certification • Job site inspections • Alcohol, Drug & Substance Policies and Screenings • Product Related Health Information • Tool Box 5-Minute Safety Talks for On-Site Training • Medical & First Aid Safety Training and Expertise
SAFETY TRAINING AND EXPERTISE	• Over [redacted] OSHA Authorized Construction H&S trainers within WTI to provide and extend on-the-job safety knowledge • Over [redacted] Field Sales Advisors have received six weeks of intensive roofing, technical, project management and field safety training • Over [redacted] WTI employees with current 10 hour cards – within 3 years of issue • Ongoing training updates - over [redacted] OSHA 10 hour cards issued since 2007 • Over [redacted] WTI employees with OSHA 30 hour cards • Over [redacted] WTI employees trained in First Aid/CPR • Over [redacted] WTI trained as ANSI A92 Aerial Lift Operators

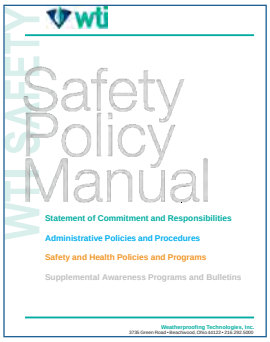
Safety Data Sheets (SDS)

Access to our product Safety Data Sheets is available on each jobsite. Each SDS meets and/or exceeds US – OSHA, European Union and Canadian WHMIS. Safety Data Sheets are also available by product. Just use the product sheet web-link in the front of this proposal.

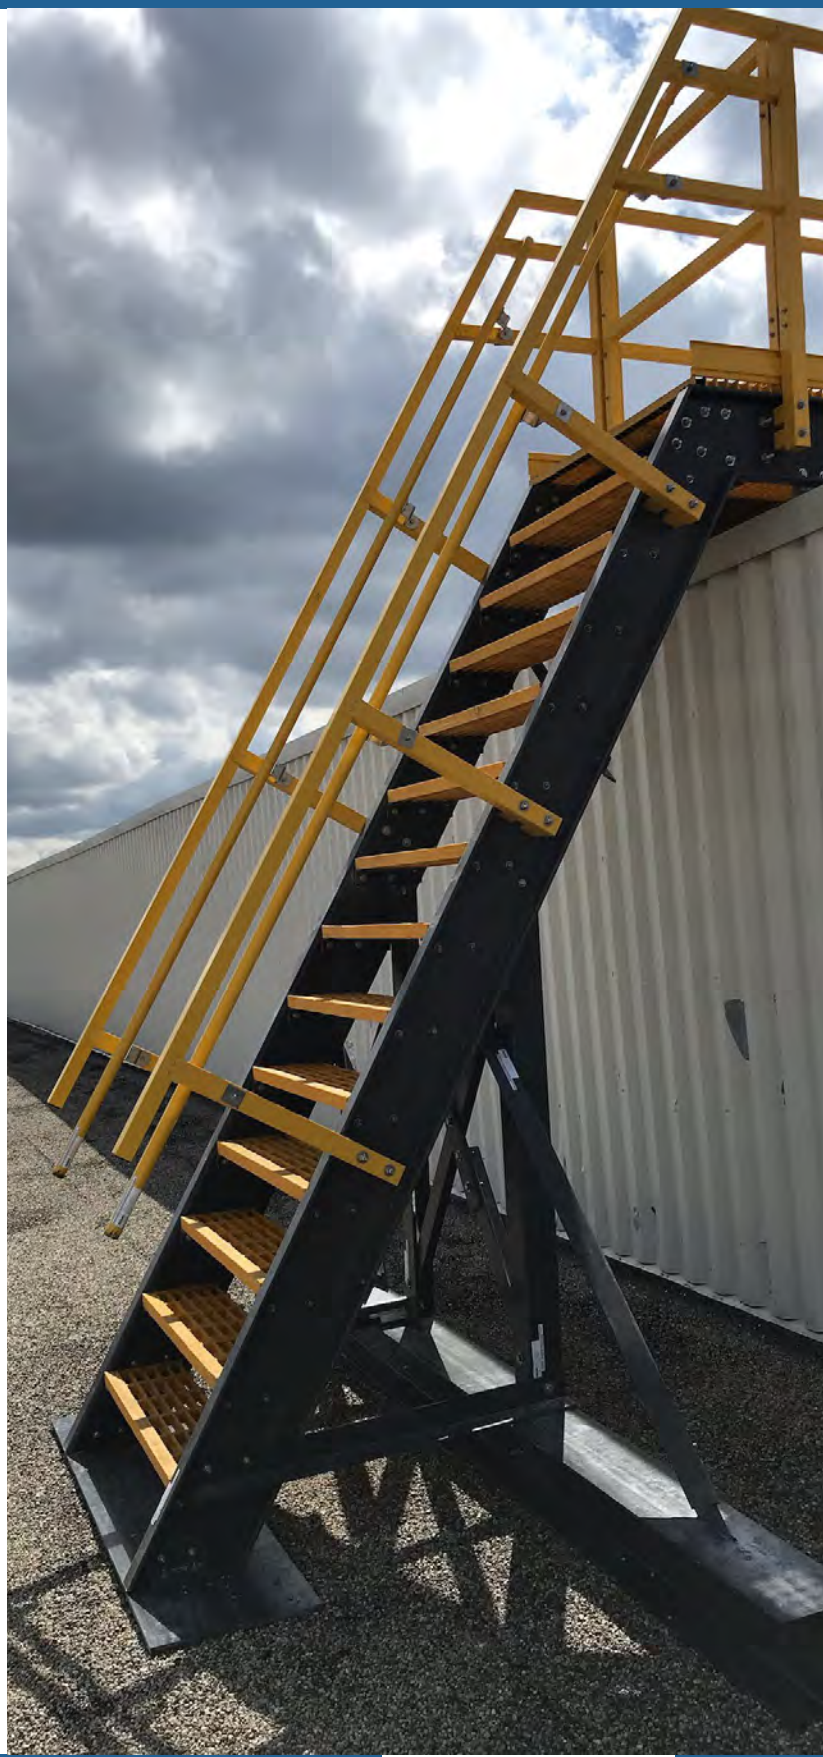
Site Specific Safety Plans

The WTI staff regularly develops plans that specify the minimum health, safety, and emergency response requirements to be followed by WTI and Tremco personnel and our subcontractors during the construction activities of a particular project. These plans include a detailed Job Hazard Analysis, designation of EHS responsibilities, a description of our products and necessary protective measures, and any additional information that the customer or general contractor may require.

Sub-Contractor Safety Program Guidelines



The NRCA Contractor Safety Program or its equivalent is the template for contractors and subcontractors to develop documents. Each subcontractor/installation team can use this comprehensive industry-wide program developed under an OSHA Harwood Grant to customize the safety program to meet their specific needs.



Environmental Health & Safety (EHS) Department

WTI provides a fully staffed EHS Department committed to safety—from project inception to final walk-through. A complete list of staff contact numbers is available from the corporate office to ensure ready access to all business and emergency numbers at WTI.

Full Safety Plan

A full copy of our Safety Policy Manual is available to OMNIA members upon request..

TAB 4

QUALIFICATIONS AND EXPERIENCE

REFERENCES

INCLUDES ANSWERS TO SECTION 2.c

i. Provide a brief history of the Offeror, including year it was established and corporate office location.

Tremco, originally established in 1928, along with its affiliated company, Weatherproofing Technologies, Inc. (WTI) established in 1962, offers a comprehensive inventory of roofing assessment, leak prevention, building envelope, product sales, and general contracting (GC) services. WTI and Tremco, part of Tremco Construction Products Group, has annual sales of over [redacted], owns and operates [redacted] manufacturing plants with over [redacted] employees worldwide. Our parent company, RPM International Inc., a Fortune 500 company and a world leader in specialty coatings serves both industrial and consumer markets generating nearly $7 billion in annual sales. RPM has been in business for 75 years and employs more than 14,000 people worldwide and operates 139 manufacturing facilities in 27 countries, as well as sells products in approximately 170 countries and territories. RPM is committed to providing the highest quality products and services possible in the field of roofing, sealants and coatings.

WTI, along with its affiliated company Tremco, is ISO 9001:2015 certified and was the first building envelope service company in the industry to attain this quality certification. ISO certification helps to continually improve our systems and approach to building envelope concerns and is the standard to which we have committed for our customers. We constantly look to improve our management process within our strategic planning processes through the input of our leadership, employees, and customers. Tremco is a renowned manufacturer of roofing and weatherproofing products while WTI has performed thousands of roofing projects nationwide. Regardless of the type of roof, we can offer a solution through Tremco-manufactured products or other roofing products. We have a pool of more than [redacted] pre-qualified subcontractors nationwide to assist in roofing project performance. Not only are these subcontractors approved

in the installation of Tremco products, but they are also approved to install products from other manufacturers.

WTI has expanded its service capabilities to become a full-service general contractor to all of our customers. WTI's general-contracting services include HVAC/ mechanical projects, indoor air quality solutions, asphalt paving, concrete, tile and terrazzo rehabilitation/ restoration, exterior building wall cladding systems and restoration, window systems repair and sealants, photovoltaic (PV) systems, insulated concrete forms, masonry, in addition to roofing restoration, maintenance and building envelope services. WTI's general-contracting capabilities are further supplemented by Tremco's vast sales and manufacturing resources.

ii. Describe Offeror's reputation in the marketplace.

UNMATCHED EXPERTISE AND EXPERIENCE

WTI and Tremco service customers across all markets including retail, healthcare, educational, and local, state and federal government as well as complex industrial and manufacturing companies. OMNIA members will have peace of mind knowing that their interests will be managed by a team of experienced professionals. We deliver quality assurance with each product through trained professionals who are qualified to perform roofing and building envelope services.

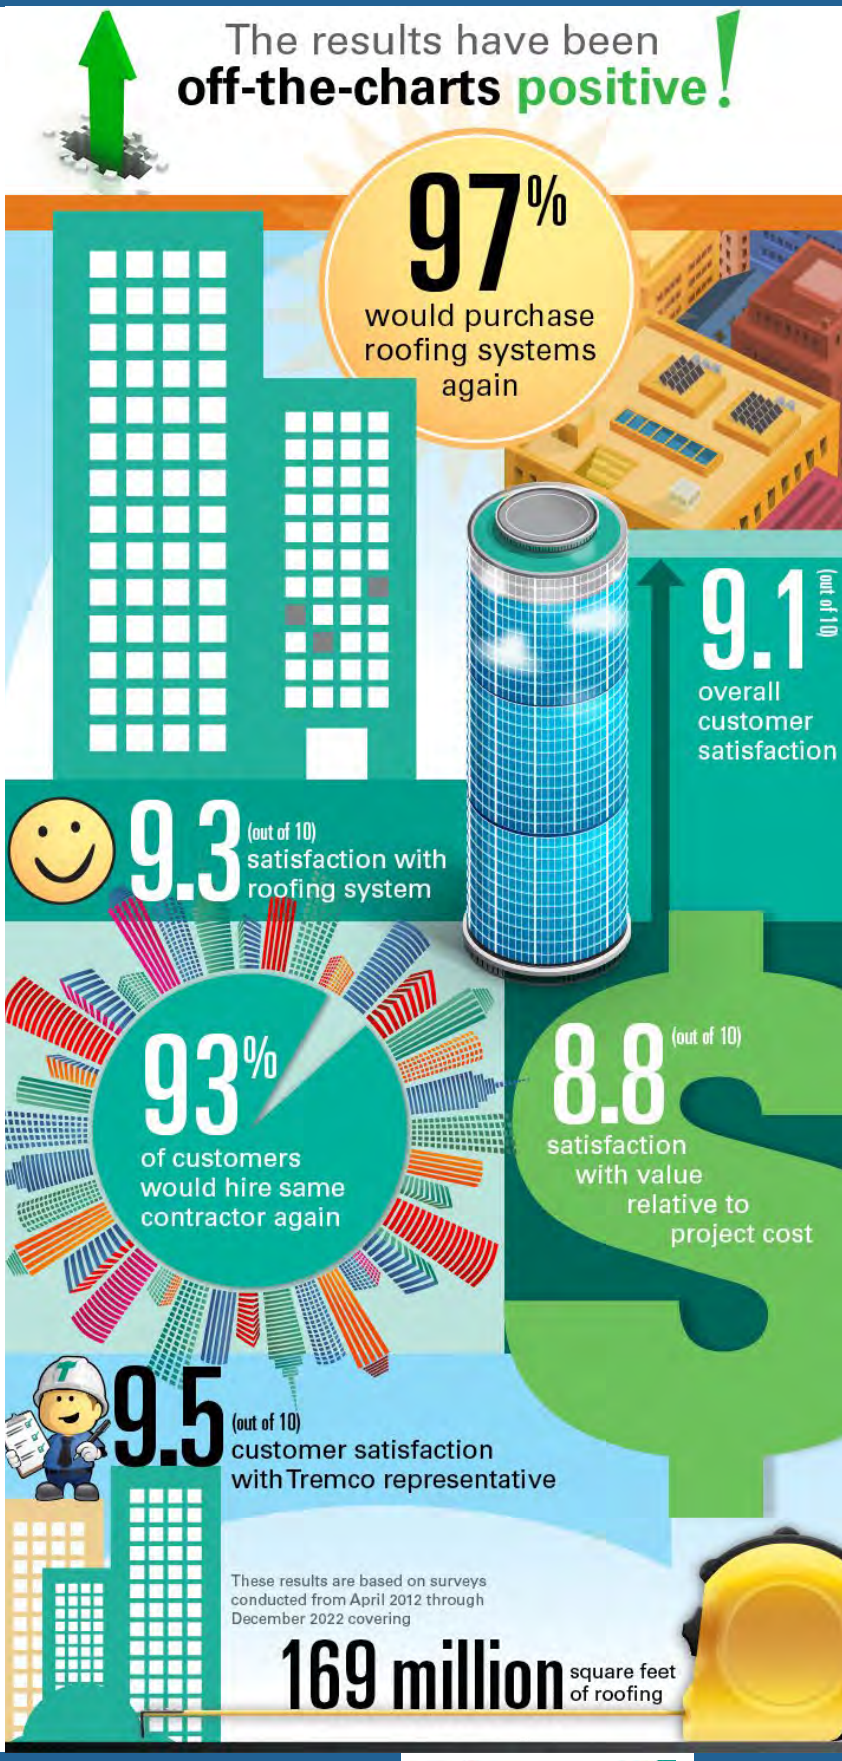
We are the only building envelope services company that helps maintain all six sides of the building. From start to finish we can provide solutions for every building envelope need. From building and safety assessments through complete GC services for boots on the ground work, OMNIA members can have the peace of mind that your building assets are safe and will be well looked after for years to come.

With more than 90 years of building envelope experience, Tremco is North America's foremost supplier of all aspects of roofing and building envelope materials and services. Tremco is uniquely positioned

QUALIFICATIONS AND EXPERIENCE

to provide single-source products, services and solutions for the entire building envelope. All Tremco Incorporated facilities are ISO 9001:2015. A sampling of relevant credentials, memberships and affiliations are provided below.

- Elevation Award for Roof Coatings from Durability + Design Magazine for the renovation of the 340,000-SF roof of Ford Field, home of the Detroit Lions, with AlphaGuard BIO
- NWIR – Tremco is a founding member of NRCA's newly established volunteer-based organization that provides educational and advancement opportunities for women in the roofing industry
- Center for Environmental Information in Roofing (CEIR) – WTI and Tremco are founding members of CEIR, an organization established by the NRCA dedicated to environmental and energy issues
- Contributor to 2016 Edison Award Winner – Silver for the Securock® ExoAir® 430 System
- US Army – Schofield Barracks, HI – Unit Commander's Coin – this is the highest unit citation that can be awarded to a civilian company
- US Army – West Point, NY - Unit Commander's Coin – this is the highest unit citation that can be awarded to a civilian company
- Northern Ohio District Council of Bricklayers and Allied Crafts Certificate of Appreciation for Contributions to the Apprenticeship Contest
- Roof Consultants Institute, 18th Annual Convention, Platinum Sponsor
- WTI and Tremco Sealants/Weatherproofing Division Outstanding Exhibition Award
- Business Marketing Association Silver Tower Award in Advertising
- John T. Fosdick Award for Excellence in Advertising: Highest Reader Interest Score
- Construction Specifications Institute (CSI) 20 Years of Service
- The NC99 Award of Greater Cleveland for one of the 99 Best Places in America to Work



- Roof Political Action Committee (RoofPAC) – WTI and Tremco personnel have actively participated in several forums and seminars where we have presented white-paper lectures and additional industry-related information.
- Sponsor of Green Roofs and Walls of the World Virtual Summit
- Participation at the USGBC Greenbuild International Conference and Expo
- Receipt of Crain's Emerald Award Honoree for high-performance building renovation and commitment to sustainability
- Registered Provider with The American Institute of Architects Continuing Education Systems to deliver AIA training courses

Our products and services have a strong reputation in the marketplace. In fact, they have been used by clients nationwide for nearly 100 years. The infographic to the right shows the results from a recent survey, highlighting that 97 percent of clients would purchase from us again.

iii. Describe Offeror's reputation of products and services in the marketplace.

Tremco has unified the industry's leading building and maintenance products into one total enclosure system that allows our customers to build, restore, and maintain faster, safer, smarter and more efficiently. Our products and services are marketed to distributors, contractors and end-users spanning approximately 130 countries and territories. Tremco is known in the marketplace for offering six-sided solutions that deliver high-quality performance at the lowest possible life-cycle costs, helping to ensure peace-of-mind through long-term warranties and maintenance programs. This is accomplished through the Tremco CPG family consisting of Tremco Roofing and Building Maintenance, Weatherproofing Technologies, Inc., Dryvit Brands, Nudura brands, Willseal, Prebuck LL, Tremco Barrier Solutions, Inc., WTI/Pure Air Services, and Canam Building Envelope Specialists offerings.

OUR BUILDING ENVELOPE SERVICES

TremCare

WTI is presently managing more than [redacted] square feet of roofing across all market sectors throughout the US, Canada and Europe, using our OLI® system software. Over [redacted] square feet of our asset management programs include maintenance during their annual or bi-annual inspections.

OLI®

Our web-based On-Line Information System provides instantly obtain detailed building envelope inspection and maintenance data. OMNIA members can instantly access everything they need to know about their roofs to cost effectively manage their investments including detailed building envelope inspection and maintenance data, photos, repair recommendations, and so much more information that will improve budgeting for future building envelope needs—they decide what they want and how they want it reported. Managing even the most complex building envelope inventories is simplified with 24/7 access to detailed post-inspection information about every roof in their inventory formatted for effective analysis. Expert roof inspectors from WTI thoroughly analyze their roofs and compile historical data as well as construction and condition information to formulate an accurate picture of the state of their roofs. Whatever they need to know about their building envelope investment including a wealth of condition information, including photos; service activity; warranty and contractor information; leak history; roof construction specifics such as the type of surfacing and membrane; and so much more are right at their fingertips.

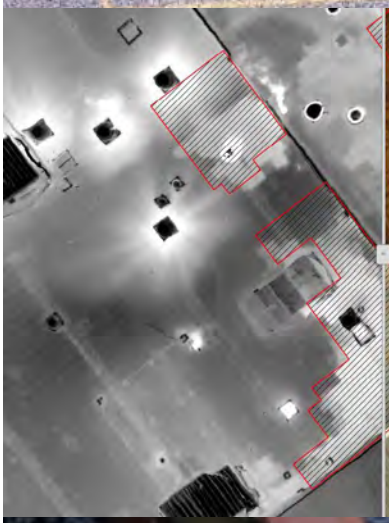
Building envelope repair

WTI can assist with maintenance issues by providing dedicated, professional crews to handle them, at terms that meet budget. Comprehensive up-front estimates, quality assurance of all materials, and dedicated personnel to handle patch and repair work to meet schedule and budget.

QUALIFICATIONS AND EXPERIENCE

Our crews can perform a variety of building envelope maintenance services and emergency and non-emergency leak repairs. Other services include flashing repair, drain and curb installations, roof cleaning and maintenance, joint sealing and air barrier. In addition, we provide indoor air quality disinfecting and sanitization solutions, as well as vertical and horizontal concrete structure repair solutions, including parking garages, walkways and decks.

Safety



Every one of our building envelope projects, no matter how large or how small, begins with a thorough understanding of the job site's potential hazards, safe work procedures, product characteristics, equipment operation, conditions, and specific customer requirements. That understanding is based on the extraordinary safety training we provide our field advisors and technical personnel. To ensure that every installation is completed safely and efficiently, WTI and Tremco have developed a comprehensive set of safety resources, with a strong emphasis on field safety training and job site audits.

All of our field advisors receive safety training, so they can manage the trouble-free delivery of our products and services. All WTI employees receive at least their OSHA 10-hour safety card. In addition, WTI ensures we continue providing this knowledge with a core of 24 Authorized OSHA Outreach Trainers with extensive building envelope experience. This in-house safety expertise permits consistent and safe installation of our systems focused on customer and site-specific health and safety requirements.

Roof component laboratory testing

TRACE (Tremco Roof Analysis Core Evaluation) offers building owners a detailed, cost-effective way to determine the composition, construction and condition of any built-up roof system. Using ASTM testing methods, our experienced lab technicians perform tests that reveal important facts about roof composition and condition. All analyses are done at Tremco's state-of-the-

art research center, which is NVLAP (National Voluntary Laboratory Accreditation Program) accredited for bulk asbestos analysis using polarized light microscopy (NVLAP Code 200887-0). TRACE automatically includes a Tremco ACT® (Asbestos Core Testing).

Infrared moisture analysis

A visual inspection, while valuable as a guide, cannot accurately pinpoint moisture below the roof surface. A Thermocore infrared moisture analysis provides detailed thermal map of how and where hidden moisture is located. A sensitive infrared scanner is used at night to detect temperature differentials across the roof; areas over wet insulation appears warmer than surrounding areas. OMNIA members will get the data they need to make the best decisions within budget.

WTI offers a full range of sophisticated analytical, maintenance and information-based services with one simple goal—to maximize the life of the building envelope and protect the value of the building. We understand that before the right roofing decision can be made, it is critical to know what is right for each particular roof. This requires technical information about current conditions—its membrane type and bitumen—because these technicalities can make a drastic difference in the cost of any planned roof work.

Small roofing problems can easily snowball into large, expensive issues. Our TremCare® maintenance program helps prevent premature deterioration and keeps roofing assets in top working order. With WTI's trained roofing technicians performing regularly scheduled inspections, housekeeping and maintenance, problems are uncovered and corrected early to prevent. Available for any kind of roofing system, TremCare® programs are carefully prepared and customized to suit all buildings and budgets.

Protection Under One Roof

TremCare® gives OMNIA members the ability to choose the roofing maintenance and protection program that's right for them. And with OLI®, our On-

Line Information system, we even support businesses that do not want the advantages of a TremCare® maintenance program.

Used either on its own or as the central component of TremCare® Gold and Platinum, OLI® represents the latest in web-based information management systems. OLI® can manage any combination of drawings, photos, service activity reports, budgets, warranties, lifespan projections and much more. Data is available 24/7 in a secure, password-protected area of our website.

Some customers want us only to repair leaks and not to provide other maintenance activities. These customers can take advantage of our 24-hour-a-day leak line through the Tremsource® program.

Asset Management

If OMNIA members want to manage their own roofing assets, WTI will conduct an extensive inventory of the condition of all roofs to establish immediate needs and then enter the data into OLI® for their use.

TremCare® GOLD

Since general rooftop housekeeping and preventive maintenance are equally important, WTI experts will plan and prioritize both after thoroughly inspecting the roofs. Detecting and repairing problems early saves money, reduces downtime and damage to the roof, and prevents premature deterioration. TremCare® Gold offers the following services:

- Housekeeping: WTI will remove incidental debris (leaves, branches, paper, etc.) from the roof, drains and gutters during scheduled, periodic housekeeping operations.
- Preventive Maintenance: WTI will maintain roofs in their present condition by making minor repairs to the membrane and flashing systems. Preventive maintenance is not designed to restore neglected roofs to new condition.

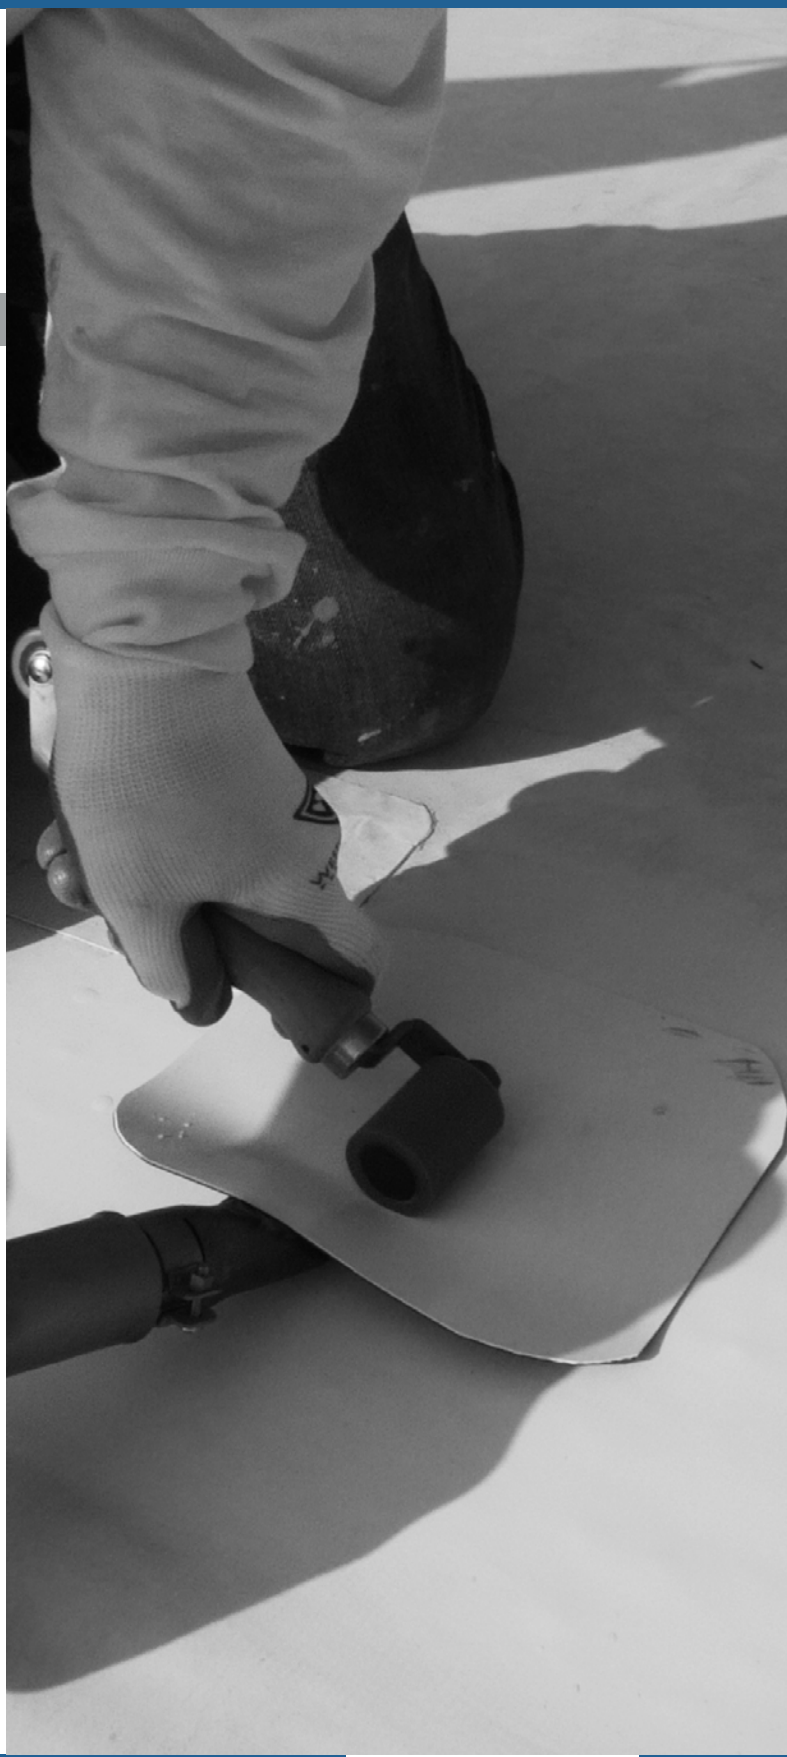
- 24-Hour Emergency Leak Response: OMNIA members can report leaks 24 hours a day, seven days a week, on our dedicated, toll-free hotline. The hotline logs the call for priority treatment, ensuring a fast, efficient response every time.

TremCare® PLATINUM

In addition to the services of TremCare® Gold, TremCare® Platinum takes both the worry and the costs out of leaks. Quite simply, the repairs are on us if the roof leaks.

Previously neglected roofs may require repairs or upgrades before TremCare® Platinum can be instituted. Eliminating additional costs for on-site visits to repair leaks also simplifies maintenance budgets. TremCare® Platinum is intended for non-Tremco roofing systems or Tremco roofs that are out of warranty.

Other Services



Thermocore® Roof Moisture Analysis

Provides a detailed thermal map of hidden moisture. The data can be used to focus repairs on the roof's problem areas, saving money on repair work.

TRACE® and ACT®

Can answer questions about a roof's make-up. The Tremco Roof Analysis Core Evaluation (TRACE) provides rigorous lab data on the construction, composition and condition of any built-up roofing system. ACT (Asbestos Core Testing) helps to accurately determine the exact percentage and type of asbestos found in each ply and the adhesive or mastic. ACT is included as part of a TRACE analysis.

Moisture probes are used to verify wet areas, and the results of the infrared survey are confirmed by taking core samples. Some physical testing is necessary to measure the quantity of moisture at the core site and details of the roof construction. All roof cores and moisture probes are immediately repaired with Tremco materials to ensure waterproofing continuity.

Leak Response

Water leaking into the building is not only a nuisance, it can also cause significant damage to the building and danger to visitors. WTI offers a full range of sophisticated analytical, maintenance and information-based services with one simple goal—to maximize the life of the roof and protect the value of the building.

Roof and building assets experience abuse every day from weather, movement, modifications and traffic. As roofs age, minor problems may occur such as tears and splits in the roof membrane, and cracks and deterioration of the walls. Although these defects may not be severe, if not repaired promptly they can become major problems and lead to a large capital expense.

WTI can provide professional crews to handle these maintenance issues. Offering timely service, superior workmanship and quality materials, our dedicated repair crews are available on either a contract or time-and-materials basis to meet budgetary needs.

- Advantages Of Utilizing WTI's Maintenance Crews
- Comprehensive up-front estimates
- Quality assurance of all materials and labor
- Dedicated personnel to handle patch and repair work
- Timely scheduling of work

Our crews perform a variety of roofing and building maintenance services

Flashing Repairs and Installation

The most common reason for premature roof failure is flashing problems. Our crews will repair or replace failing flashings with reinforcement membranes designed to be compatible with your roof system.

Drain and Curb Installations

Ponding water may also cause roof deterioration. Installation of new drains may alleviate this problem.

Emergency and Non-emergency Leak Repairs

Our crews are available to quickly repair any leaks, minimizing damage to an owner's building and assets.

Annual Roof Cleaning and Maintenance

Since most manufacturers recommend that roof systems receive regular inspections and maintenance, we are available to periodically inspect and clean all roof components.

Joint Sealing

Extreme weather changes, and the daily contraction and expansion associated with them, along with age and other problems can create cracks or open joints in your parapet walls and concrete surfaces. This can allow water to infiltrate your roof and building. Our crews can make these repairs before damage becomes a problem.

The system provides

- 24/7, 365 toll-free phone reporting leaks
- OLI® access for reporting leaks
- Customized call roster for proper dispatching

On-line leak tracking system (within OLI®) that provides

- Time and date of leak call reported
- Repair start date
- Repair completion date
- Cause of leak
- Before and after photos
- Printable report
- Additional scopes of work (if required)

SKYBEAM™

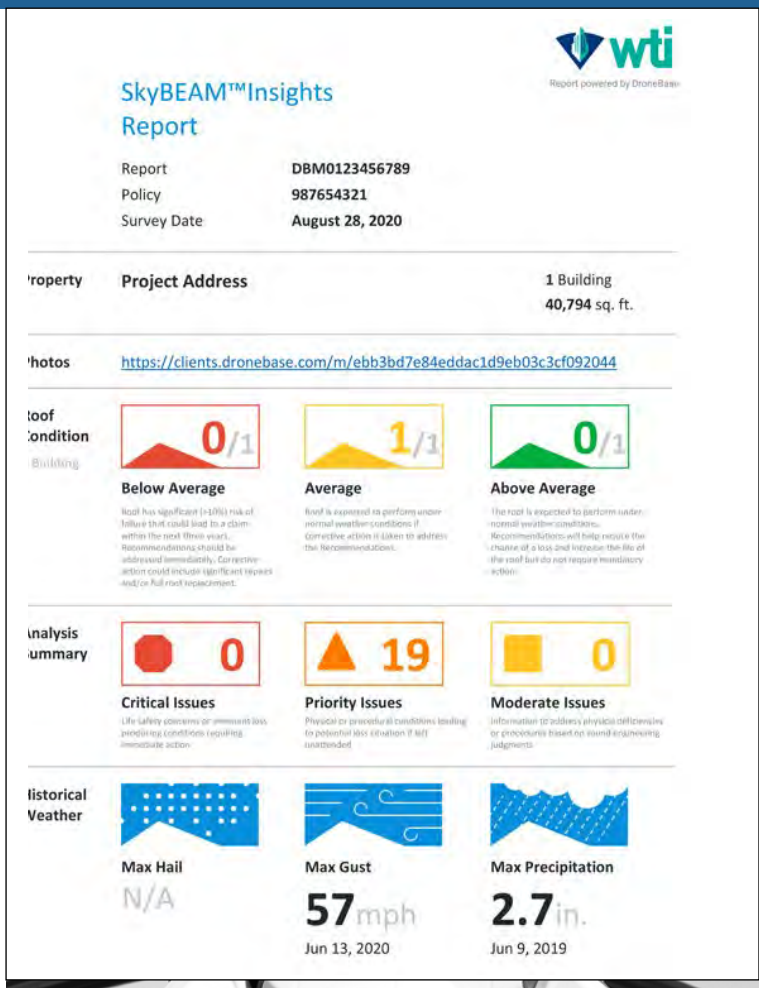
Collect and Analyze Building Data from Your Roofs and Facades Quickly, Thoroughly and Cost Effectively

OMNIA members need to know if their roofs and facades are in good shape, or damaged by problems like ponding water; holes, gaps and cracks; torn membranes; soaked insulation; spalling concrete. Are they airtight, or leaking energy? Are they safe? Building owners need to really know their condition in

order to plan well. But mapping roofs and facades, difficult at best, is prohibitive if buildings are hundreds of feet tall, cover acres or are part of a campus. There was no good way to do this until now. Until SkyBEAM™ from WTI.

The Future Of Facility Mapping Takes Off

The groundbreaking SkyBEAM™ (Building Envelope Asset Mapping) system is an unmanned aerial vehicle (UAV) with interchangeable, high-resolution still and infrared (IR, or thermal) cameras that help our customers understand the exact condition of their facilities before any work begins, and afterwards to ensure that the project was properly completed.



SkyBEAM™ gathers building data quickly, thoroughly and safely. One of our tens of thousands of licensed* UAV pilots in the US and Canada will program SkyBEAM™ to fly to a specific height, do the mapping and return. SkyBEAM™ can map tall buildings without scaffolding, identifying problems that would have been virtually impossible to find before. It can map buildings with millions of square feet of roofing in a few hours, yet is cost effective enough to use with much smaller facilities.

Pinpointing Building Energy Issues

SkyBEAM™'s infrared camera detects heat variations around the roof, which often result from wet insulation retaining heat longer than dry insulation. These variations usually mean that the building is losing energy. Thermal mapping is most effective at night when the sun is not heating the building. The SkyBEAM™ pilot flies the roof in a programmed pattern, taking numerous thermal photographs that are combined into a single large image (an orthomosaic) showing the location of irregularities that require verification. Technicians can then safely verify these areas during the day for removal, replacement or further analysis. Nobody sets foot on the roof in the dark to map it.

Exceptional Reporting Clearly Shows the Building's Condition

SkyBEAM™'s detailed reporting separates it from other UAV systems and is one of its great benefits, providing actionable data to use in making building decisions.

QUALIFICATIONS AND EXPERIENCE

Report Offerings Include

SkyBEAM™ Birdseye	Detailed high-resolution photos taken from straight above the roof show its condition before and after a project.
SkyBEAM™ Insights	Detailed high-resolution photos and an analysis of any damage or areas of concern, exact roof measurements and an orthomosaic image. Optional 3D modeling can be added.
SkyBEAM™ Exterior	Exterior photographs and an interactive 3D model show the façade's condition.
SkyBEAM™ IR	Roof thermal images are compiled into a comprehensive, interactive, easy to understand report that clearly and accurately shows problem areas.

All data resides in our OLI® OnLine Information system for easy access.

Nothing Else is Like SkyBEAM™

SkyBEAM™ gives accurate visual evidence about your buildings' condition, especially difficult-to-map areas. It helps to improve facility maintenance planning and budgeting, is the safest way to conduct nighttime thermal mapping, and helps technicians maximize their time as they easily locate and repair rooftop damage.

With tens of thousands of licensed pilots, the use of artificial intelligence to capture a wide range of information about facility assets and provide detailed reports, and a history that includes being the first FAA-approved UAV for nighttime commercial use, SkyBEAM™ is one more example of how Tremco Roofing's innovations can help OMNIA members.

QUALIFICATIONS AND EXPERIENCE

GENERAL CONTRACTING

With decades of experience delivering professional construction and construction management services to building owners throughout the United States, WTI understands the complex issues faced by facility managers today. Aged infrastructures, budget and time constraints, rising energy costs and rapidly evolving sustainable solutions combine to challenge high performance building goals. Only a professional construction firm with deep technical expertise and broad project management experience can deliver the breadth of services needed by building owners today.

WE OFFER OUR CUSTOMERS A COMPLETE LINE OF HIGH-PERFORMANCE ENVELOPE SOLUTIONS

- Fluid applied
- Coatings
- Built-Up
- Modified Bitumen
- Metal
- Single Ply
- Vegetated
- Photovoltaic
- Exterior Sealants
- Exterior Wall Solutions for Brick, Block, Concrete, EIFS

WTI specializes in integrated repair, restoration and retrofit services designed to help our customers improve building performance while reducing life-cycle costs. As a subsidiary of Tremco Incorporated, WTI general contracting capabilities have grown over the years from expert roof management programs to whole building solutions.

Integrated Building Repair and Restoration Services

Because buildings are complex systems, WTI's approach to facility repairs and renovation is based upon a thorough understanding of the relationship between building components. Changing one component may have repercussions throughout the building. That's why we take a holistic approach to building restoration and start with a thorough understanding of the owner's long-term goals for the building.

QUALIFICATIONS AND EXPERIENCE

The Key to Time-Saving, Quality, and Cost-Effective Roofing Projects

Maintaining the quality and control of your building envelope projects can be challenging, if not impossible, in the face of your daily responsibilities. Construction Management Services from WTI takes managing roofing projects off your plate, and puts experts in charge of the intensive, time-consuming, daily demands of administration, budgeting, scheduling, quality control and on-site supervision.

When it comes to safeguarding your building envelope investment, relying on warranties is not enough. The best protection is a properly managed project, helping building repairs to last longer and effectively lower costs per square foot per year over their extended life.

Areas of Expertise

- Roof repair, restoration, and replacement
- Facade repair and restoration
- Sustainable technologies & renewable energy solutions
- Whole building retrofits
- HVAC system upgrades
- Parking structure repair and restoration
- Asphalt paving, repair and replacement
- Interior renovation
- Facility asset management programs
- Air barrier solutions

WTI and Tremco have demonstrated their commitment to building envelope excellence by helping thousands of customers in numerous industries, maximizing their investment in their building envelope, and providing peace of mind that their building assets are performing at peak efficiency.

Our products and services have a strong reputation in the marketplace. In fact, they have been used by clients nationwide for nearly 100 years.

MY T.E.A.M.

Cost Controlled Building Life-cycle Management Maximize building durability, property value and aesthetics.

My T.E.A.M. is a flexible data-driven program designed to prioritize owner needs while cost effectively managing all aspects of building ownership.Tremco's TEAM approach will diminish building owner and facility manager risk by helping to prioritize critical repairs, reduce or eliminate accidents and surprises, while staying on schedule and controlling costs.

iv. Describe the experience and qualification of key employees

With more than 60 years of experience, WTI is licensed in virtually every state in the nation to perform as a general contractor as well as provide roofing and building envelope services. The organization chart for the Roofing Products, Services and Job-Order-Contracting (JOC) Services contract below identifies the key positions responsible for contract implementation, marketing, and performing job orders. This organizational structure has performed for Region 4 ESC for more than 19 years and over 11 cooperative contracts, demonstrating our ability to meet the needs of public agencies nationwide.

Copies of resumes for key team members are available to OMNIA members upon request.

v. Describe Offeror's experience working with the government sector.

WTI and Tremco has an extensive and long history working with the government sector at every level: local, state, and federal. WTI and Tremco support our government sector customers with the construction industry's most comprehensive offering of roofing solutions and services, and building envelope expertise, to help keep facilities sound and watertight long into the future.

We have helped thousands of government sector customers achieve their building asset goals, many of them through our long association with OMNIA Partners.

WTI and Tremco has successfully teamed with Region 4 ESC and OMNIA to offer a cooperative contract that meets the diverse needs of public agency facility management, construction managers, maintenance staff and procurement officials.

We recognize that identifying the problem and defining the technical solution for government sector entities only solves part of the problem. WTI understands that government sector customers need to procure products and services as quickly and economically as possible, without sacrificing quality, performance, or transparency. WTI's proven history in the public sector demonstrates our ability to service this important market.

Types of Government Sector Customer

- K-12 Schools
- Higher Education
- State Vocational Schools
- State Agencies
- Cities/Municipalities
- Counties
- Housing Authorities
- Airports
- Water Districts
- Hospitals

We have worked with public agencies across the country for decades and understand their operational needs and budget challenges. And because their goals are our goals, we continually advance our own capabilities to offer a suite of solutions as customizable as they are turnkey.

vi. Describe past litigation, bankruptcy, reorganization, state investigations of entity or current officers and directors.

Weatherproofing Technologies, Inc. (WTI) is a nationwide provider of roofing, building envelope and other construction services. In this role, WTI is sometimes involved in litigation matters, but no pending or anticipated litigation is any way material from a financial standpoint either as to potential liability or requested remedies. No pending litigation, nor any that we anticipate at this time, will in any way interfere with our ability to complete service public agencies in accordance with OMNIA contractual requirements. In further response, over the last five years, WTI has no litigation resulting in a judgment against the company.

vii. References: Provide a minimum of 5 public agency customer references relating to the products and services within this RFP. Two (2) of these customer references should be for projects delivered through the job order contracting (JOC) delivery method. All references should be for services within the past three (3) years. Include entity name, contact name and title, contact phone and email, city, state, years serviced, description of services and annual volume.

References are available to OMNIA members upon request.

viii. Subcontracting Plan and/or Explanation of Applicable Affiliate Relationships -Offeror shall submit a subcontracting plan with their submittal. This plan will explain the subcontracting procedures providing assurances that the subcontractors meet the same high standards as the contractor. This will include a subcontractor's log, subcontractor qualification form, felony conviction notice and child and sex offender notice. This plan will also address how the Offeror will implement this safety plan with subcontractors (may reference the Offeror's safety plan). The subcontractors will be held to the same standards as the Awarded Offeror.

A distinct portion of the subcontracting plan must deal with attracting, utilizing and mentoring small and disadvantaged businesses including how your company will attract these firms. Describe how your company will institute a prompt payment plan upon completion and acceptance of their work and how your company will make progress payments to subcontractors on long term job orders.

The Offeror shall submit a plan detailing the relationship with any applicable affiliates that may do work under this contract. This submittal should include, but is not limited to, work history, credentials, PO processes, and process to maintain upstanding workmanship and service.

WTI and Tremco's Small and Minority Business alliances are designed to meet both roofing and weatherproofing needs as well as socio-economic goals. With a network of 8(a), Service Disabled Veteran-Owned, HUBZone and other roofing and general construction contractors, we provide a full range of services to our customers that meet not only "Best Value" requirements but also mandates regarding disadvantaged and underutilized small businesses.

Drawing on decades of extensive experience providing turnkey roofing, building envelope and facility management solutions to customers in government, education, healthcare and many other industries, we work to enhance business opportunities in those sectors for small and minority businesses. Whenever possible, the small and minority businesses we work with are based near project sites in order to minimize mobilization and demobilization costs. We also leverage our partners' knowledge of local working conditions, regulatory requirements and the availability of local suppliers. The program allows us to share our extensive experience and technical expertise with each small/minority business contractor, thereby ensuring the same quality workmanship that all Tremco Roofing contractors deliver.

WTI and Tremco has the unique ability to integrate quality assurance plans within each contract in order to measure the quantity, quality and timeliness of all products and services delivered. Most importantly, our combined capabilities provide a full array of services to meet the diverse needs of our government and public sector customers.

With 90+ years of experience supporting small business subcontractors, we consistently select subcontractors capable of executing the work to ensure every customer's satisfaction. Regarding this need to exceed our customer's expectations, we monitor the subcontractor's schedule on multiple job orders to eliminate risk of overloading. This initiative allows us to firmly manage subcontractors while maintaining costs and schedule. Tremco's success with women-owned, minority-owned and small business enterprises derives from treating subcontractors fairly and ensuring timely payment for services rendered.

WTI and Tremco clearly demonstrate an unwavering commitment to our entire current and fast-growing list of future subcontractors and small business partners. More specifically, the opportunities presented with this contract would help us grow our strategic small business partner alliances. WTI and Tremco are committed to making a good faith effort to ensure project management and judicious treatment of subcontractors. As such, we will make every attempt—both formally and informally—to establish and maintain an ongoing dialogue with these key contributors. Our intent is to build

strong working relationships, which are invaluable when a particular project requires a special, accelerated time frame or an extraordinary level of teamwork to meet a performance objective.

Tremco's criteria for selection of subcontractors is based on standards established by the NRCA. NRCA suggests that the contractor be a professional roofing contractor which meets or exceeds certain qualifications. Tremco has developed a Certified Contractor Program to exceed NRCA-suggested requirements as outlined below.

NRCA Requirement	Tremco Requirement
A Permanent Place of Business	
Knowledge of Roofing Systems	
Insured and Committed to Safety	
Licensed and Bonded	
Financial Stability	
Application Expertise	
Warranty	
Completed Projects	
Provisions for On-Site Supervision	
Professional Maintenance Program	

Tremco has two levels for subcontractor certification—Approved and Certified.

Approved	Certified

After being qualified as an Approved or Certified subcontractor, at a minimum, final subcontractor selection for a specific project will be based on a best value evaluation considering the following areas:

- Past performance/experience in work scope
- Availability of manpower and resources to meet project schedule
- Schedule commitment on existing projects
- Location of subcontractor in relation to project site
- Rapid response/emergency response capabilities
- Current DUNS and CAGE numbers
- Ability to provide appropriate insurance and bonding

Our subcontracting plans are created on a project by project basis, however, all of our subcontracting plans include the above-referenced information at a minimum to ensure that our customers receive both quality and safety-related essential standards at the forefront of every project. Surveillance and Performance: WTI mandates that work performed by subcontractors is held to the same standards as self-performed tasks. Subcontractor work is monitored for progress, quality and safety. WTI's Superintendent manages subcontractor progress for adherence to the subcontract agreement and the QC Plan. In this role, the Superintendent is monitoring each subcontractor's workload and resources against the upcoming schedule of work they are contracted to perform. The Superintendent also coordinates with the Construction Manager so that the delivery order is being constructed according to subcontract agreements and delivery-order specifications. The Superintendent conducts Weekly Status Meetings with each subcontractor's Project Manager or Foreman to review schedule, quality, safety, cleanliness, on-site professionalism, critical issues and communication. Our commitment to quick and accurate subcontractor payments benefits the subcontractors and participating agencies with improved timeliness and quality.

Scheduling

Once the Construction Manager and Superintendent determine the tasks that will be self-performed and subcontracted, they identify fast-track and long-lead items before putting the subcontracted tasks out to bid. Our bidding process includes a schedule for each scope of work that is discussed with bidders so that any scheduling conflicts are identified during the selection process. Through our subcontractor-selection process, we select quality subcontractors capable of meeting the scheduling requirements of the delivery orders. WTI then develops a preliminary schedule and timelines based on information received from subcontractors during the bidding phase. The subcontractor's final performance period and schedule are included in a signed subcontract agreement.

Subcontractors Log

WTI requires completion of a Subcontractor Log as part of each delivery order. The Superintendent will maintain and update the Subcontractor Log onsite during performance of field activities to reflect the firms involved and the tasks they perform.

Subcontractor Qualification Form

WTI tasks the Construction Manager with overseeing the subcontractor-selection process. Working in conjunction with the Superintendent, the Construction Manager will utilize a best-value selection approach. Based on the scope of work for individual delivery orders, subcontractors are notified of upcoming bids. In addition to requesting cost/price proposals, the Construction Manager evaluates technical expertise and reliability including the specific items below.

- Past performance/experience in work scope
- Past performance/experience for Omnia
- Availability of manpower and resources to meet delivery-order schedule
- Schedule commitment on existing delivery orders
- Location of subcontractor in relation to delivery-order site
- Rapid-response/emergency-response capabilities
- Ability to provide appropriate insurance and bonding

Felony Conviction Notice and Child and Sex Offender Notice

Subcontractors selected to perform on individual delivery orders will be required to complete and submit a Felony Conviction Notice and Child and Sex Offender Notice for personnel. These forms will be submitted to Omnia and/or participating agencies as required by the contract.

Subcontractor Payments

WTI will make progress payments to subcontractors based upon applications for payment submitted by the subcontractors. Subcontractors are required to submit monthly requisitions for payment for work completed during the preceding month unless the billings requirements of the participating agency contract documents specify otherwise, and those requirements supersede these provisions. WTI will issue progress payments on properly submitted requisitions relating to work performed in accordance with the contract documents o a net 30 basis from receipt unless different terms are expressly provided in the contract documents. The amount of each progress payment to the subcontractor will be equal to the following:

- The percentage of completion for the work of the subcontractor on a monthly basis and in accordance with the contract
- Plus, the amount allowed for materials (if any)
- Less the aggregate of previous payments to the subcontractor, and less 10% or specified retainage

Retainage will be held until the DO has received the final inspection and has been accepted by the participating agency. We will not be required to pay subcontractors more than received for our work.

Final payment, constituting the entire unpaid balance of the contract sum, will be made to subcontractors when the work has been completed to the satisfaction of WTI, Region 4 ESC, Omnia members and public agencies.

ix. Provide any additional information relevant to this section.

COOPERATIVE CONTRACT DELIVERY METHOD

In addition to the traditional services we have outlined in this proposal, we are excited to continue to offer the proven Contractor Network delivery model, which is highly desired by participating agencies. The Contractor Network allows participating agencies to capitalize on a network of highly qualified, local, best in-class and pre-qualified contractors to perform Roofing and Job Order Contracting (JOC) services. JOC projects will be limited to roofing, building envelope,

WTI's parent company, Tremco, provides both technical and administrative support throughout the project as well as assumes the responsibilities outlined below.

LOCAL/REGIONAL CONTRACTOR SUPPORT

QUALIFICATIONS AND EXPERIENCE

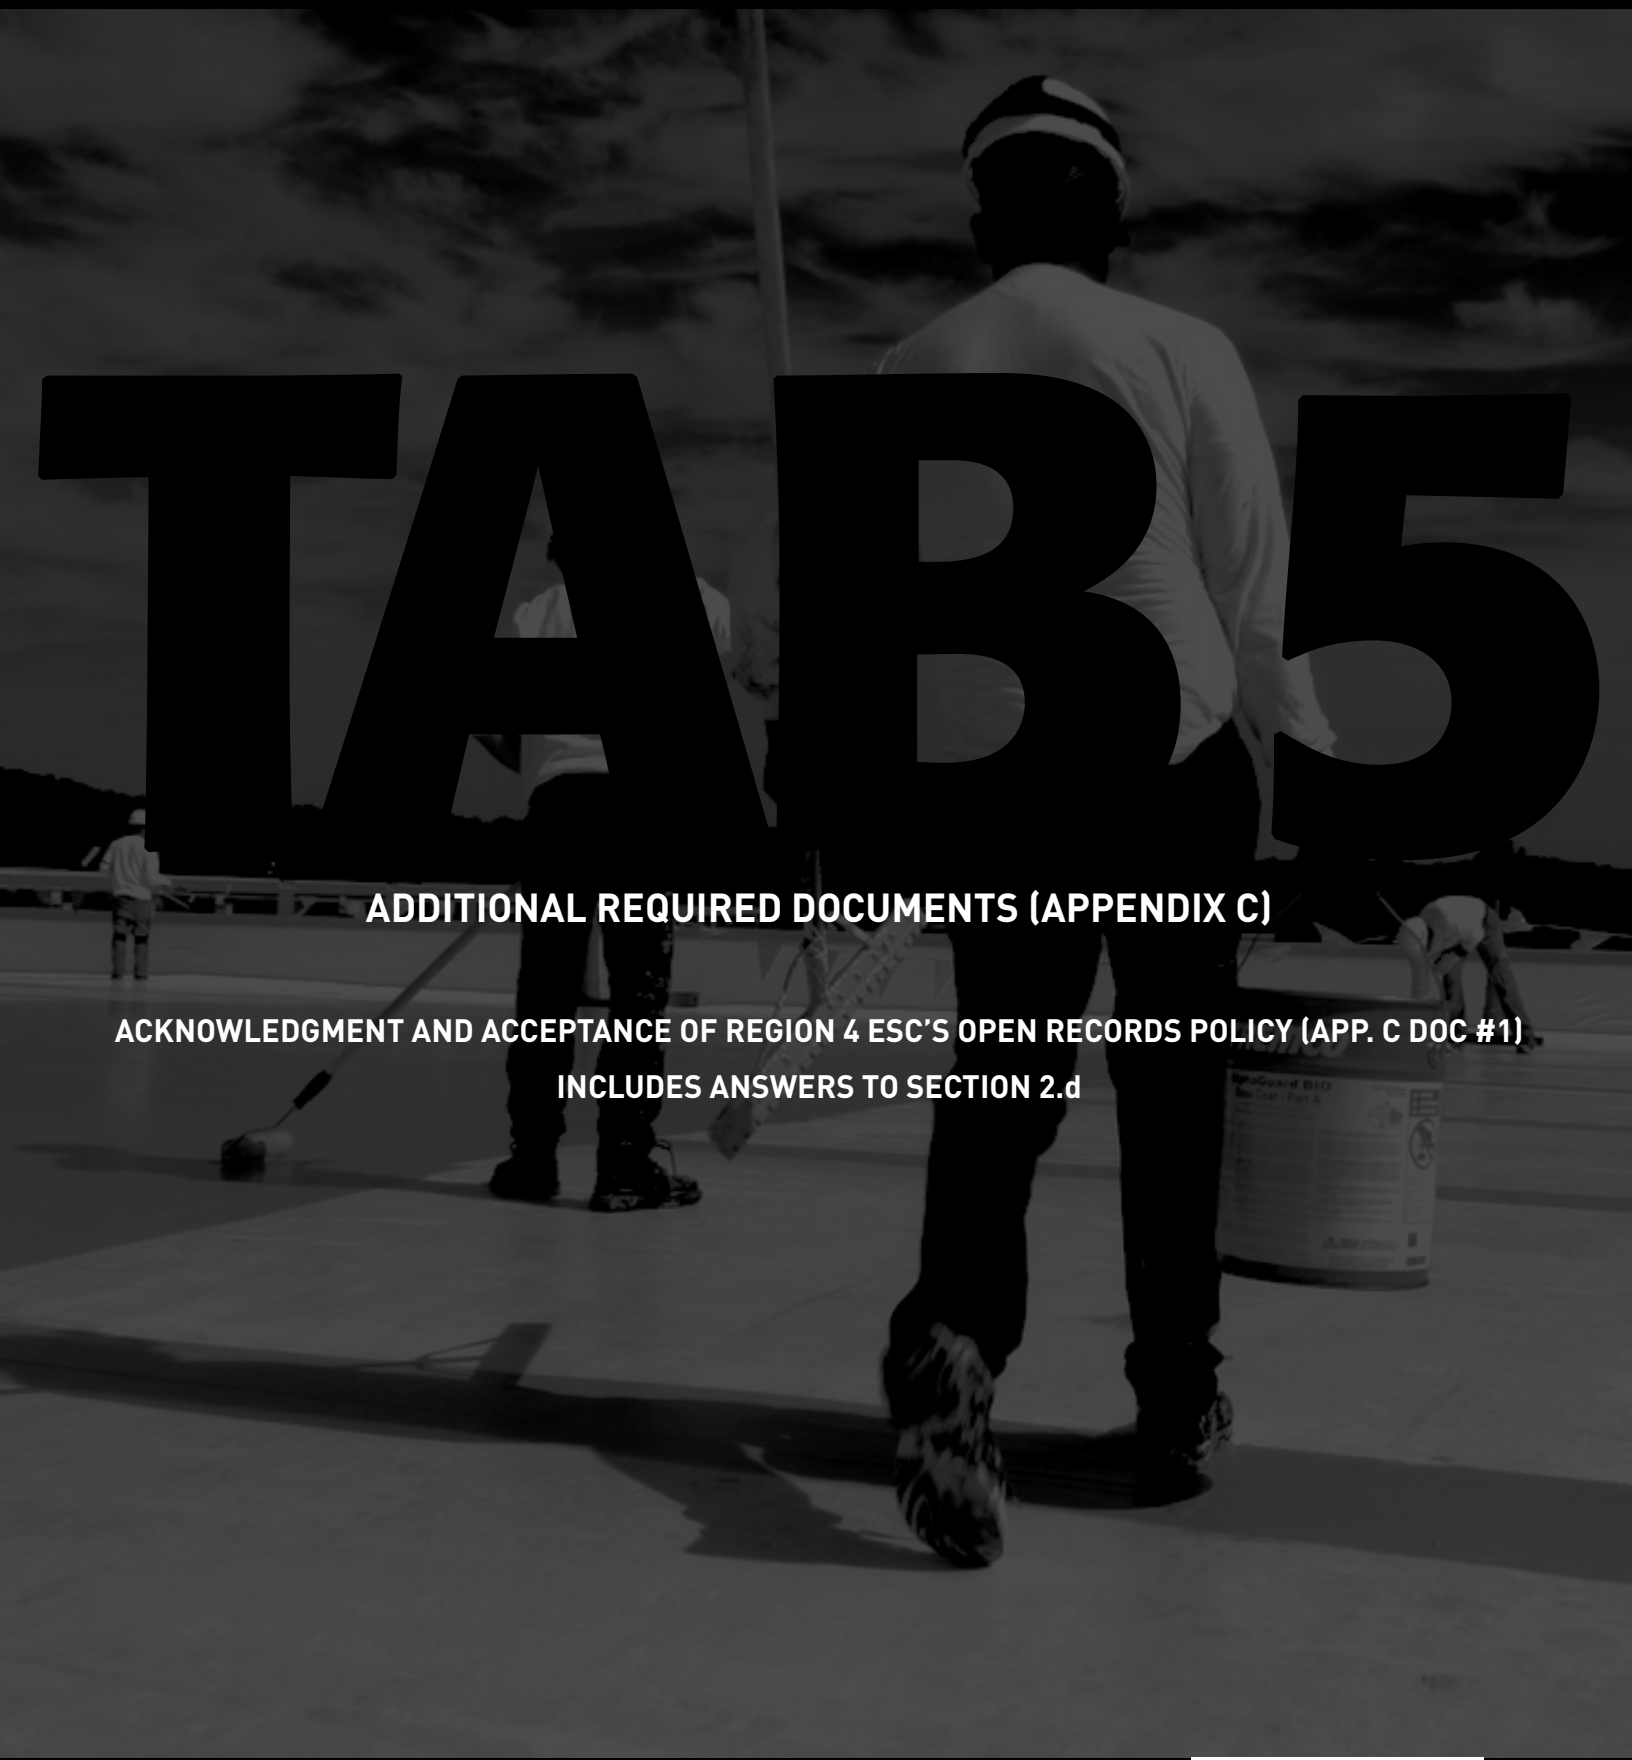
Each company in the Contractor Network included in the Value Add has applied, met the programs stipulated criteria, been fully vetted, and previously accepted into the program by Region 4 Education Service Center. Each has met the following pre-established selection criteria and meets and exceeds standards established by the NRCA. In addition, In-Network Contractors must also meet the additional requirements to become accepted and remain part of the Network.

NRCA Requirements	Additional Network Contractor Requirements
• A Permanent Place of Business • Knowledge of Roofing Systems • Insured and Committed to Safety • Licensed and Bonded • Financial Stability • Application Expertise • Past performance • Provisions for On-Site Supervision • Professional Maintenance Programs	

Adding New Contractors to the Contractor Network

Contractor Network Resources

The National Cooperative Contractor Network roster lists the individual pre-qualified and In-Network contractors that are independently owned and part of this RFP response. This roster was previously accepted into the program by Region 4 Education Service Center under OMNIA Contract #R180903 and will be updated in accordance with the process of adding contractors outlined above.



CONTRACTOR NETWORK METHOD OF DELIVERY PROCESS

Contractor Network Roster as of June 2023

Our complete copy of our contractor network list is available to OMNIA members upon request.

ACKNOWLEDGMENT AND ACCEPTANCE

OF REGION 4 ESC's OPEN RECORDS POLICY

OPEN RECORDS POLICY

All proposals, information and documents submitted are subject to the Public Information Act requirements governed by the State of Texas once a Contract(s) is executed. If an Offeror believes its response, or parts of its response, may be exempted from disclosure, the Offeror must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt and include detailed reasons to substantiate the exemption. Price is not confidential and will not be withheld. Any unmarked information will be considered public information and released, if requested under the Public Information Act.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any Offeror. Offeror is advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

Signature below certifies complete acceptance of Region 4 ESC's Open Records Policy, except as noted below (additional pages may be attached, if necessary).

Check one of the following responses to the Acknowledgment and Acceptance of Region 4 ESC's Open Records Policy below:

☐ We acknowledge Region 4 ESC's Open Records Policy and declare that no information submitted with this proposal, or any part of our proposal, is exempt from disclosure under the Public Information Act.

☒ We declare the following information to be a trade secret or proprietary and exempt from disclosure under the Public Information Act.

(Note: Offeror must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, Offeror must include detailed reasons to substantiate the exemption(s). Price is not confident and will not be withheld. All information believed to be a trade secret or proprietary must be listed. It is further understood that failure to identify such information, in strict accordance with the instructions, will result in that information being considered public information and released, if requested under the Public Information Act.)

Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least $1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

Staring on January 1, 2016, the commission made available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. This process is known as acknowledging the certificate. The commission will post the acknowledged Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency. The posted acknowledged form does not contain the declaration of signature information provided by the business.

A certificate will stay in the pending state until it is acknowledged by the governmental agency. Only acknowledged certificates are posted to the commission's website.

Texas Government Code 2270 Verification Form

House Bill 89 (85R Legislative Session), which adds Chapter 2270 to the Texas Government Code, provides that a governmental entity may not enter into a contract with a company without verification that the contracting vendor does not and will not boycott Israel during the term of the contract.

Furthermore, Senate Bill 252 (85R Legislative Session), which amends Chapter 2252 of the Texas Government Code to add Subchapter F, prohibits contracting with a company engaged in business with Iran, Sudan or a foreign terrorist organization identified on a list prepared by the Texas Comptroller.

I, J.K. Milliken, President, as an authorized representative of

Weatherproofing Technologies Inc., a contractor engaged by

Insert Name of Company

Region 4 Education Service Center, 7145 West Tidwell Road, Houston, TX 77092, verify by this writing that the above-named company affirms that it (1) does not boycott Israel; and (2) will not boycott Israel during the term of this contract, or any contract with the above-named Texas governmental entity in the future.

Also, our company is not listed on and we do not do business with companies that are on the Texas Comptroller of Public Accounts list of Designated Foreign Terrorists Organizations found at https://comptroller.texas.gov/purchasing/docs/foreign-terrorist.pdf.

I further affirm that if our company's position on this issue is reversed and this affirmation is no longer valid, that the above-named Texas governmental entity will be notified in writing within one (1) business day and we understand that our company's failure to affirm and comply with the requirements of Texas Government Code 2270 et seq. shall be grounds for immediate contract termination without penalty to the above-named Texas governmental entity.

I swear and affirm that the above is true and correct.

Appendix C, DOC #5

FELONY CONVICTION NOTIFICATION

Section 44.034, Texas Education Code, Notification of Criminal History, Subsection (a), states "A person or business entity that enters into a contract with a school district must give advance notice to the district if the person or an owner or operator of the business entity has been convicted of a felony. The notice must include a general description of the conduct resulting in the conviction of a felony."

Subsection (b) states "A school district may terminate a contract with a person or business entity if the district determines that the person or business entity failed to give notice as required by Subsection (a) or misrepresented the conduct resulting in the conviction. The district must compensate the person or business entity for services performed before the termination of the contract."

This Notice is Not Required of a Publicly-Held Corporation

CRIMINAL HISTORY REVIEW OF CONTRACTOR EMPLOYEES

Offeror shall review §22.0834, Texas Education Code and 19 Texas Administrative Code §§153.1101 and 153.1117 regarding criminal history checks of school contractor employees. The rules define continuing duties related to contracted services, direct contact with students, covered contract employee and other relevant terms within the statute.

Except as otherwise provided herein, Offeror will obtain and certify in writing, before work begins, that the Offeror has received all criminal history record information that relates to an employee, applicant, agent or Subcontractor of the Offeror/Contractor or Subcontractor, if the person has or will have continuing duties related to the contracted services, and the duties are or will be performed on Region 4 ESC's, or Participating Public Agency as applicable to the Texas Education Code, property where students are regularly present or at another location where students are regularly present. Awarded Offer(s) shall assume all expenses associated with the background checks and shall immediately remove any employee or agency who was convicted of, receive probation for, or received deferred adjudication for any felony as outlined below or any misdemeanor involving moral turpitude, from Region 4 ESC's property or other location where students are regularly present.

Offeror/Contractor or sub-contractors may not work on Region 4 ESC's, or Participating Public Agency where the Texas Education Code may be applicable, property where students are present when they have been convicted, received probation, or deferred adjudication for the following felony offenses:

1. Any offense against a person who was, at the time the offense occurred, under 18 years of age or enrolled at a public school;

2. Any sex offense;

3. Any crimes against persons involving:

   a. Controlled substances; or

   b. Property; or

4. Any other offense Region 4 ESC, or Participating Public Agency where the Texas Education Code may be applicable, believes might compromise the safety of students, employees or property.

I, J.K. Milliken, President, as an authorized representative of Weatherproofing Technologies Inc., the Offeror verify that:

A. My company **is not** owned nor operated by anyone who has been convicted of a felony.

Signature of Company Official: JK Milliken/ss Date: 6/14/2023

3. Competitive Range: It may be necessary to establish a competitive range. Factors from the predetermined criteria will be used to make this determination. Responses not in the competitive range will not receive further award consideration. Region 4 ESC may determine establishing a competitive range is not necessary.

Acknowledged

4. Past Performance: An Offeror's past performance and actions are relevant in determining whether or not the Offeror is likely to provide quality goods and services; the administrative aspects of performance; the Offeror's history of reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the Offeror's businesslike concern for the interests of the customer may be taken into consideration when evaluating proposals, although not specifically mentioned in the RFP.

WTI has a long and successful working history with OMNIA Partners and it's members. I

5. Additional Investigations: Region 4 ESC reserves the right to make such additional investigations as it deems necessary to establish the capability of any Offeror.

Acknowledged

VALUE ADDED SERVICES

Our subcontracting plans are created on a project by project basis, however, all of our subcontracting plans include the above-referenced information at a minimum to ensure that our customers receive both quality and safety-related essential standards at the forefront of every project.

COOPERATIVE CONTRACT DELIVERY METHOD

In addition to the traditional services we have outlined in this proposal, we are excited to continue to offer the proven Contractor Network delivery model, which is highly desired by participating agencies. The Contractor Network allows participating agencies to capitalize on a network of highly qualified, local, best in-class and pre-qualified contractors to perform Roofing and Job Order Contracting (JOC) services. JOC projects will be limited to roofing, building envelope, restoration, and related services. Within this delivery model, WTI's parent company, Tremco, provides Program Administration to support the Contractor Network Program. This delivery model provides an opportunity to work with a growing number of public agencies that desire to work with their preferred, local, best in-class contractors, in collaboration with WTI and its parent company Tremco. This delivery model is significant in that it satisfies OMNIA's desire for a national contract for roofing products and services and JOC services while providing OMNIA's Members a valuable delivery model to utilize the OMNIA contract.

The Contractor Network allows participating agencies direct access to local, pre-qualified, best-in-class contractors. In this delivery model, Tremco provides Program Administration of the process and provides performance based and warranted technical solutions. The Contractor Network Delivery Model, like other models proposed, provides outstanding roofing performance, which is backed by warranties and maintenance agreements to provide participating agencies comprehensive roofing and building envelope asset management. Further, the Contractor Network Delivery Model will engage the design community due to its transparency and the fact that the services can be competitively proposed locally. This value-added offering along with our general contracting and material only offerings, allows OMNIA participating agencies to select the delivery model option that best suits their needs and requirements.

Key Benefits of The National Cooperative Contractor Network Delivery Model to OMNIA Partners

WTI's parent company, Tremco, provides both technical and administrative support throughout the project as well as assumes the responsibilities outlined below.

LOCAL/REGIONAL CONTRACTOR SUPPORT

NRCA Requirements	Additional Network Contractor Requirements
• A Permanent Place of Business • Knowledge of Roofing Systems • Insured and Committed to Safety • Licensed and Bonded • Financial Stability • Application Expertise • Past performance • Provisions for On-Site Supervision • Professional Maintenance Programs

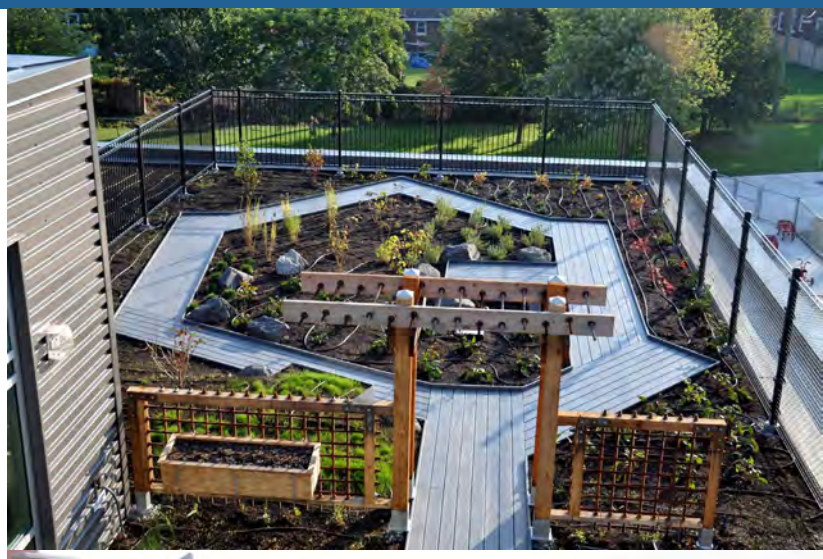
VALUE ADD
FALL PROTECTION SOLUTIONS



At WTI and Tremco safety is the cornerstone of our business—leading with safety every day. Our robust safety culture and practices, as well as our industry-leading safety products and services offering, are designed to make your roof as safe as possible.

Our commitment to safety stems from our passion to protect a company's most valuable assets, its employees. We're all aware that building envelope services is one of the most dangerous businesses in construction, and serious workplace injuries or death change lives forever—for families, friends, as well as our coworkers.

With our commitment to having the best trained and equipped workforce in the industry, we naturally look to extend this same commitment to helping our customers possess the needed solutions and training to ensure their employees and service vendors are safe when working and accessing their roof.

VALUE ADD
VEGETATIVE ROOFS

DRIVING LASTING CUSTOMER VALUE AND PROMOTING SUSTAINABILITY

Building a Better World means committing to continuous improvement and investing in safer, greener products and processes that benefit our customers, end users and the environment.

As a global company, RPM is committed to creating lasting value for customers through innovative solutions, while thoughtfully adopting sustainable approaches in the utilization of human and natural resources. Our sustainability journey springs from our core values and comprises a more formal focus on our internal Footprint and an outward look on our Handprint - the impact of our products, services and processes on the environment.

We are particularly proud of the many RPM products, services and processes that drive sustainability by helping customers reduce their environmental impact. As we look to shape the future responsibly, we are integrating Blueprint concepts, rethinking business models, and collaborating with leading edge partners to continually improve our impact.

Transforming the World One Roof at a Time

WTI and Tremco have been partnering with many companies to help them achieve their conservation and sustainability goals through green living roofs. Our goal, to transform the world into a greener place one roof at a time. But green roofs are more than just an environmental benefit. They also provide beautiful and restful places that employees and customers can enjoy to help lower stress levels and provide a better quality of workplace and shopping experience.

In these trying times, that don't seem to be going away, this will become more and more of a factor in hiring quality employees and attracting customers.

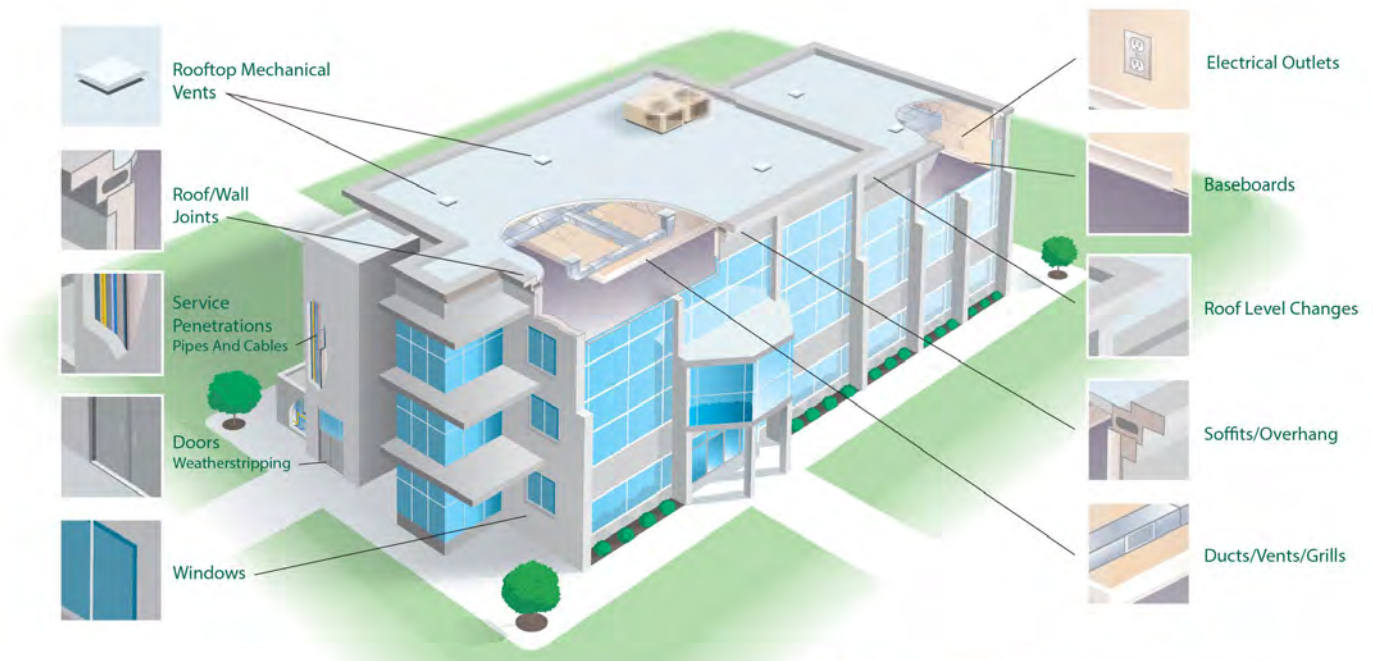
VALUE ADD
CANAM

According to the Department of Energy, more than 10% of all energy use is attributed to the condition of building envelopes. If buildings leak due to faulty original construction, age, or poor envelope construction, unintentional air infiltration can result costing OMNIA members up to 40% more for heating and 15% more for cooling.

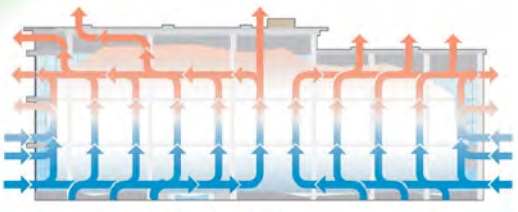
The solution is an air barrier audit to identify the leak sources and an air barrier system installation to control air leaks.

Integrated Solutions

Canam Building Envelope Specialists, part of the Tremco Construction Products Group, offers a unique combination of air barrier solutions, from testing through system installation. A leader in building envelope solutions for more than 25 years, Canam provides air barrier audits, retrofit installations and testing.



The Leak Effect



While your building may seem airtight, tiny holes may exist in parts of your building envelope. These openings, coupled with air pressure differentials, result in air leakage and higher utility bills.

Defects in building envelopes can vary dramatically due to building age, the environment, and previous maintenance. Whether it's a crack in the curtain wall or faulty weatherstripping, our experienced technicians deliver customized, proven air barrier solutions.

Reach Your Building Envelope's Full Potential

Air barrier solutions can help OMNIA members find their building's energy efficient potential. Pair energy savings with the likely increase in a building's longevity, and OMNIA members will see why "sealing the envelope" makes such good financial and environmental sense.

Stack Effect

Indoor Air Quality (IAQ) & HVAC System Testing & Restoration

IAQ has become one of the most important components to help providing a safe and healthy environment for building occupants.

Humans spend 90% of our time indoors and breathe around 3,000 gallons of air a day. Serious pollutants can cause certain allergic reactions, respiratory issues and other long-term health complications. The quality of indoor air is critical for good health.

WTI/Pure Air Controls Systems provides indoor environmental testing & evaluations, microbiological testing & analysis, and HVAC, building, and mold remediation to help improve building health and occupant well-being. From diagnostics to repair and remediation, our team of experts can tell you if your indoor air quality is at risk of being compromised and perform the work to safeguard it from the consequences of unwanted air infiltration.

The HVAC system can be viewed as the cardiovascular and respiratory system of a building. The air handler is the heart of the system since this is where outdoor air is drawn in, filtered, conditioned and mixed with return air. This "supply" air is then distributed through a network of ducts to and from areas of the building. Basic components include dampers, fans or blowers, heating and cooling coils, air filters, boilers or furnaces, compressors, and ductwork.

Routine preventive maintenance is the key to avoiding premature wear and tear on components that can lead to costly repair or early replacement. Therefore, it is critical to perform routine cleaning and do minor repairs, extending equipment life and allowing for scheduled major repairs or replacements when it has less impact on disrupting business.

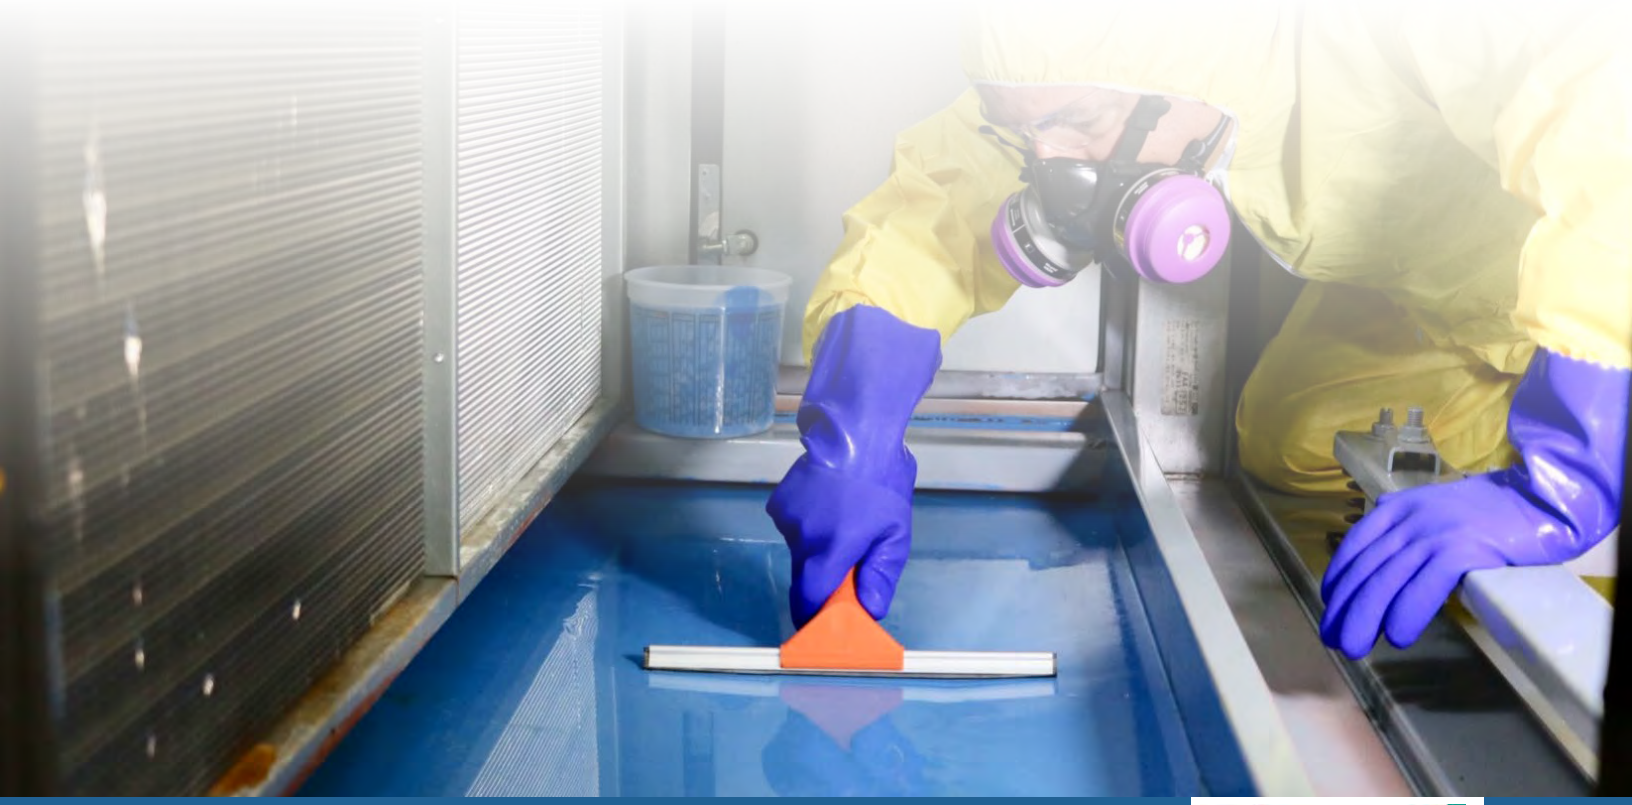
VALUE ADD
WTI/PURE AIR CONTROL SYSTEMS

We will visually evaluate your HVAC System, paying close attention to the condition of the air handler unit (AHU), evaporator coils, pan, rails, and blower. Our primary interest is to detect signs of allergens. We will also have a look at the ducts for microbial growth, dust, debris or other obstructions.

Our team of building scientists can perform tests for differential pressure across the coil, relative humidity, allergens, microbial growth, Legionella and more. Plus, both air and surface samples can be collected from the HVAC system for analysis. We also offer total air handler and system performance evaluations, including electrical usage, fan RPM, cooling output in BTU, chilled water volume usage in GPM, and smoke detector differential testing.

The laboratory at WTI will provide expert analysis. Your samples are analyzed under the supervision of PhD scientists and matched to our in-house library of over 200,000 samples (one of the largest microbial databases in the U.S.) We will qualify and quantify any allergen content found to determine the impact it might have on your facility.

You will receive a detailed yet easy to understand report, complete with photos and even a glossary. The report is photo-documented, and even contains a glossary for reference. It will help us, together, come up with a plan to remedy any issues found. The report can also be used to illustrate the gains made through remediation.



Restore for 1/10th the Cost of Total AHU Replacement

Building owners and operators are often faced with the challenges of aging HVAC equipment. It can be difficult to make the hard choice between an endless stream of maintenance calls or the capital expense of total replacement. This is especially true when there is a large inventory units being managed. Since the basic mechanical design and components of an AHU has remained the same, it can be hygienically restored with HVAC New Life™ instead of a total replacement!

HVAC New Life is an innovative hygienic restoration service that ensures a longer lifespan and optimal performance for aging HVAC system components such as:

- Air Handling Unit Cabinets
- Evaporator Coils
- Blower Motor Assemblies
- Drain Pans
- Structural Rails
- And More!

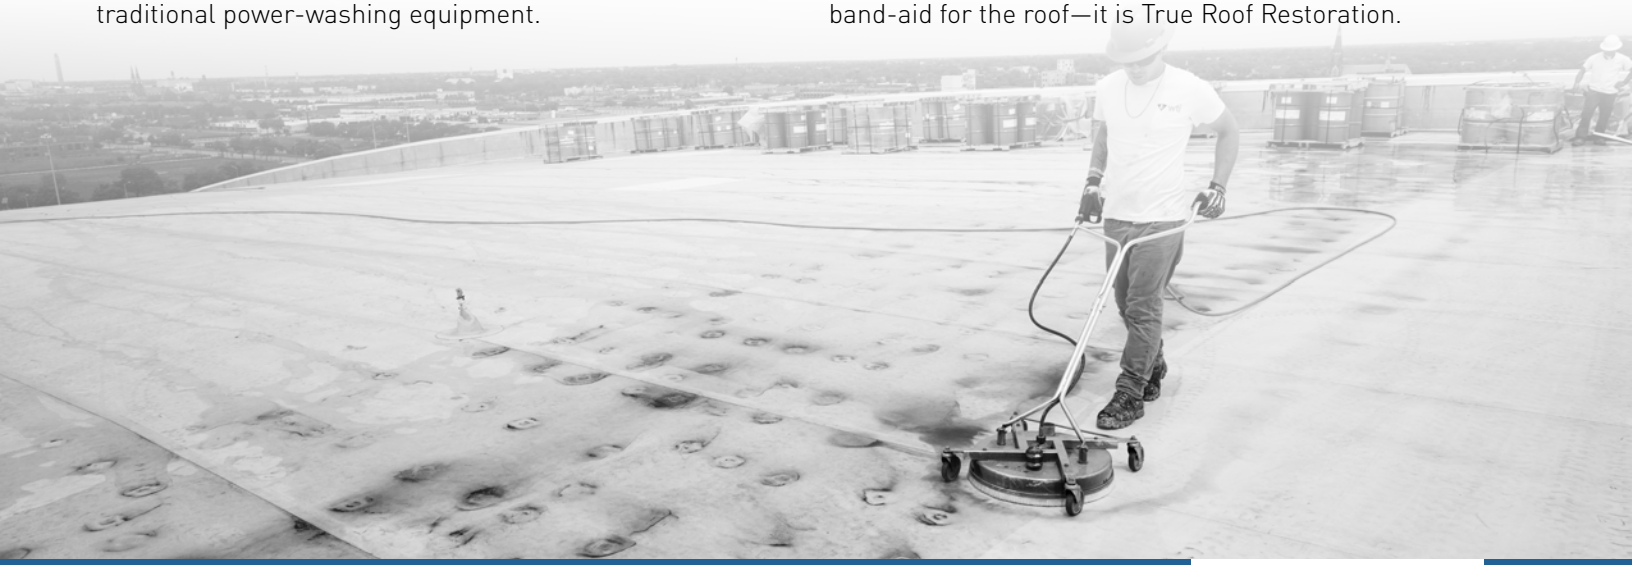
HVAC New Life combines our powerful PURE-Steam™ HVAC Hygienic cleaning with an exceptional coating and liner process to effectively restore an AHU for many years of continued service.

VALUE ADD
ROOFTEC

RoofTec, utilizing a combination of technologies in a system that truly restores commercial roofs, is a fully integrated surface preparation process that addresses the growing challenges building owners face in complying with local and national regulations on wastewater discharge. And, as part of the Tremco Construction Products Group, RoofTec can combine this industry-exclusive roof cleaning and preparation process with industry leading roof coating systems.

The RoofTec System starts with a patent pending cleaning system. Unlike traditional power washing systems, the Rooftec System uses a low emissions engine-powered system to produce heated high pressure solution. This solution is combined with EcoLogo-certified roof cleaning chemistry and delivered to roof surfaces via a rotary cleaning head that dislodges and suspends soils.

The solution is next recaptured through the rotary cleaning head by 870 cubic feet per minute of vacuum airflow created by the RoofTec Truck-mounted System. The recovered solution is then pumped for proper disposal in the facility's sewer system. This process eliminates the discharge of waste water to storm water systems.



Because its cleaning process is so effective, the RoofTec System cleans up to 70% faster than traditional power washing – that means it takes significantly less water to achieve better cleaning. This time savings also reduces the fuel consumption versus what's required to run traditional power-washing equipment.

RoofTec Systems enclosed rotary head delivers high pressure solution at 2500 RPM while greatly reducing the risk of human error in the cleaning process. Solution is delivered at a continuous, steady rate so that high pressure solution is not stationary. Unlike traditional power washing that can cause damage to roofs, the RoofTec system is safe and non-damaging. Additionally, regular use of the RoofTec cleaning system may help preserve factory warranty requirements for the roofing material.

Dirty roofs cause decreased refraction of light/heat and thus heat is absorbed into roofing materials. This reduces the insulating values engineered into roofing systems. A clean roof is a more energy efficient roof – testing of material temperatures have shown surface temperatures on a clean roof are up to 30°F cooler.

Also, the RoofTec Truck-mounted System utilizes a single power source to economically provide heated water at high pressure and vacuum recovery. Other systems need as many as three engines to accomplish the same results.

Extending the life and performance of a roof is fiscally responsible and environmentally responsible. Every year millions of pounds of roofing materials are dumped in our landfills. Disposal is not only expensive, it is avoidable. RoofTec is True Roof Restoration, a preventive maintenance system which includes a warrantied coating system from industry leader Tremco that can add up to 20 years of warrantied life to a roofing installation. Recoating is not a band-aid for the roof—it is True Roof Restoration.

Nudura® ICFs are a proven method of providing you a better alternative to traditional building methods

Buildings today demand reliable, energy efficient and eco-friendly walls that provide superior performance to minimize energy costs, reduce carbon emissions and maximize property value. Structures made of Nudura® Insulated Concrete Forms (ICFs) offer superior strength, disaster resilience, sound and fire-resistance and energy efficiency. This is why the design community, developers, builders and contractors across the world continue to choose Nudura's ICFs and insulation products as a proven alternative to traditional building methods.

Nudura® products provide the freedom and versatility to design and build projects the way they are envisioned. Designing and building with Nudura gives you the opportunity to build faster with more design flexibility, while offering an eco-friendly structure with substantial benefits that contribute to long-term energy savings. When choosing Nudura ICFs you can rest assured you have chosen the best building solution available today.

High-performance building solutions that fit your business.

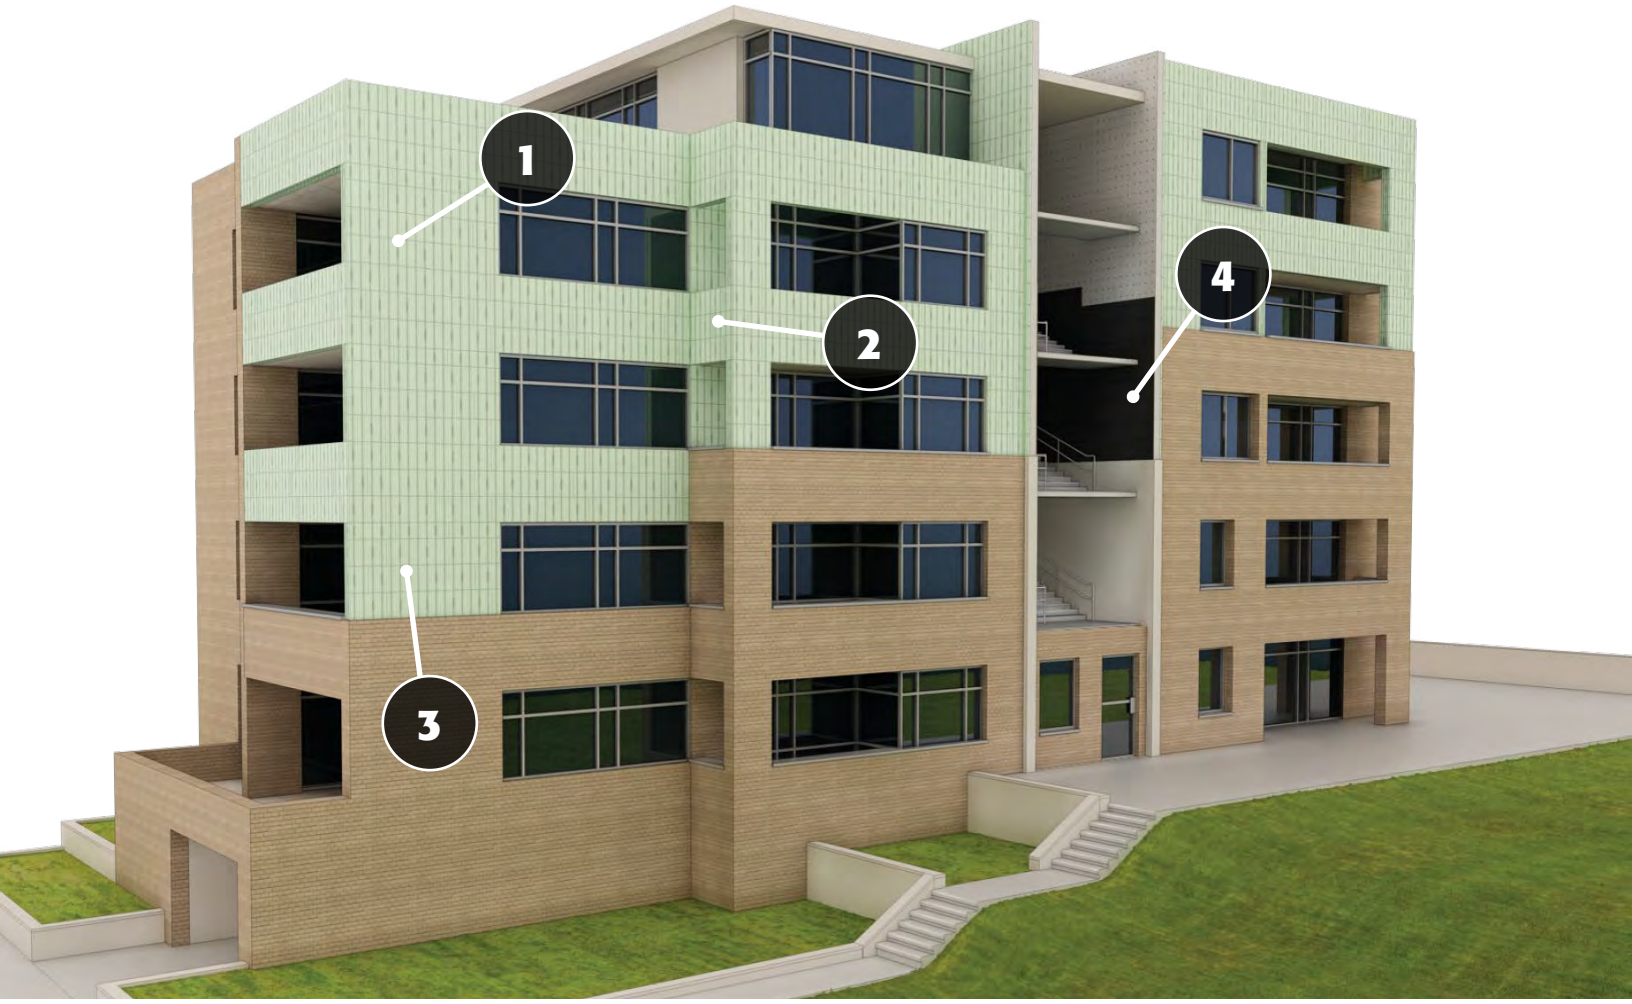
We understand the needs and demands that face builders, architects and developers. Our products provide solutions to match the needs of the professionals who install, design and develop projects from residential to commercial. Our Insulated Concrete Forms and insulation systems combine design flexibility, efficiency and performance to create the ultimate building envelope solutions.

Energy-efficient insulation

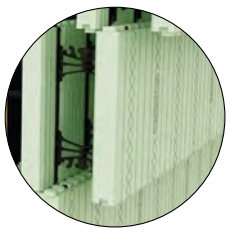
Confidently meet today's building code requirements while delivering an energy-efficient building with a full line of Nudura® insulation products. Make your projects stand out with a quality insulation solution that performs consistently throughout the seasons without compromising on comfort, performance and efficiency for your clients.

Build an energy-efficient structure with insulation that works. Nudura® offers a full range of Insulated Concrete Form products from our ICF Series which are manufactured with our installer in mind. Industry leading innovations get the walls up faster and easier. Our Integrated Series completes the building envelope, giving you the ability to completely insulate from footing to roof.

Most traditional insulation types can deliver only on R-Value. Nudura® takes R-Value to the next level. The ICFMA (Insulated Concrete Form Manufactures Association) Conducted testing with CLEB Laboratories to show that ICF walls can provide up to 58%* better energy savings. The thermal mass of concrete combined with EPS Insulation makes building perform better compared to traditional products. Learn more about the CLEB report at nudura.com/icf-performance.



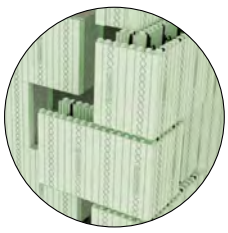
Sustainable Designs



Nudura® helps bring sustainable designs and Insulated Concrete Forms together. Projects specifying Nudura ICFs provide much greater potential for saving valuable environmental resources, reducing energy consumption and $C0^2$ emissions, two major factors facing today's public agency buildings. From foundations to whole structures, Nudura® has a complete library of solutions for your building design needs.

*As proven by third party testing conducted by CLEB laboratories and the Insulating Concrete Forms Manufactures Association (ICFMA).

VALUE ADD
NUDURA—ANATOMY OF A BETTER BUILDING



1

Nudura Standard Form

Nudura Standard Forms are 8' (96") in length, the largest standard block in the industry. Nudura's forms consists of two stay in place panels of Expanded Polystyrene (EPS) connected with our patented innovative hinged folding web.

2

Nudura 90° Form

The 90° form is fully reversible, eliminating the need for different right and left corners. Nudura also offers a 45° form, a radius, a taper top and all of the accessories needed to ensure the envelope of any structure can be built with Nudura.

3

Nudura Optimizer

With the Optimizer form it is easy to optimize the height of any wall. Designed to be used as a height adjuster at the top of the wall, the Optimizer allows the installer the ability to hit 17 different stack heights from 4' (1220 mm) to 12' (3600 mm).

4

Nudura One Series

The One Series is ideal for elevator shafts, stairwells and other areas that require non-combustible material.

VALUE ADD
DRYVIT—NEWBRICK

Dryvit, part of Tremco Construction Products Group, is the manufacturer of Outsulation® systems, a high performance cladding system for commercial and residential construction, which utilizes exterior continuous insulation (CI). It is available in a number of system configurations to meet any climate or building condition and numerous durable textures and colors to complete any architect's vision. More than 1 in every 11 commercial buildings in the United States features Dryvit products on the exterior.

Dryvit has led the EIFS industry for more than four decades because of its commitment to research and development. Dryvit consistently introduces new products and systems that keep it on the leading edge of the building industry. That spirit of innovation, coupled with a rigid adherence to the highest standards in manufacturing quality and consistency, has made the Dryvit brand the unquestioned leader in the EIFS industry.

Dryvit remains the only EIFS manufacturer to have all of its five North America production facilities ISO 9001:2015 and ISO 14001:2015 certified – the Gold standard for worldwide product consistency, quality and environmental stewardship. The proven energy efficiency and green characteristics of the Dryvit Outsulation® system make it ideal in buildings where the owner and architect are seeking LEED certification for the building.

There are three costs to consider when building today; the initial construction costs, the on-going operational costs, and the increasingly important environmental costs. By all three critical measures, Dryvit Outsulation systems represent the optimal cladding solution.

A lightweight insulated brick that matches the size, appearance and texture of clay, NewBrick® from Dryvit® is a higher-performing alternative to traditional clay brick veneers. More durable than traditional brick, NewBrick offers a superior cladding solution that reduces overall wall cost and accelerates the dry-in process.

NewBrick's light weight, strength, customizability, and ease of use make it a particularly appealing way to integrate the beauty and durability of brick into your next project. NewBrick's flexibility and energy efficiency are perfect for a wide range of applications.

A SUPERIOR WALL, FROM FOUNDATION TO FINISH

Air. Water. Vapor. Thermal.

As part of the total wall system, NewBrick can include all 4 barriers when used over a Dryvit® Outsulation® system under a complete single-source warranty.

Look past the per-thousand rate—NewBrick's advantages in labor and freight costs, job duration, tool/equipment requirements and critical path can mean over 25% savings in the true total installed cost.

A Whole Wall System

As part of the whole wall system, NewBrick can include all 4 barriers when used with a Dryvit Outsulation system with a single source install and whole wall warranty.

Faster Shell Dry-In

A quicker whole wall installation means earlier shell dry-in for your building, so interior work can begin up to ten weeks ahead of schedule.

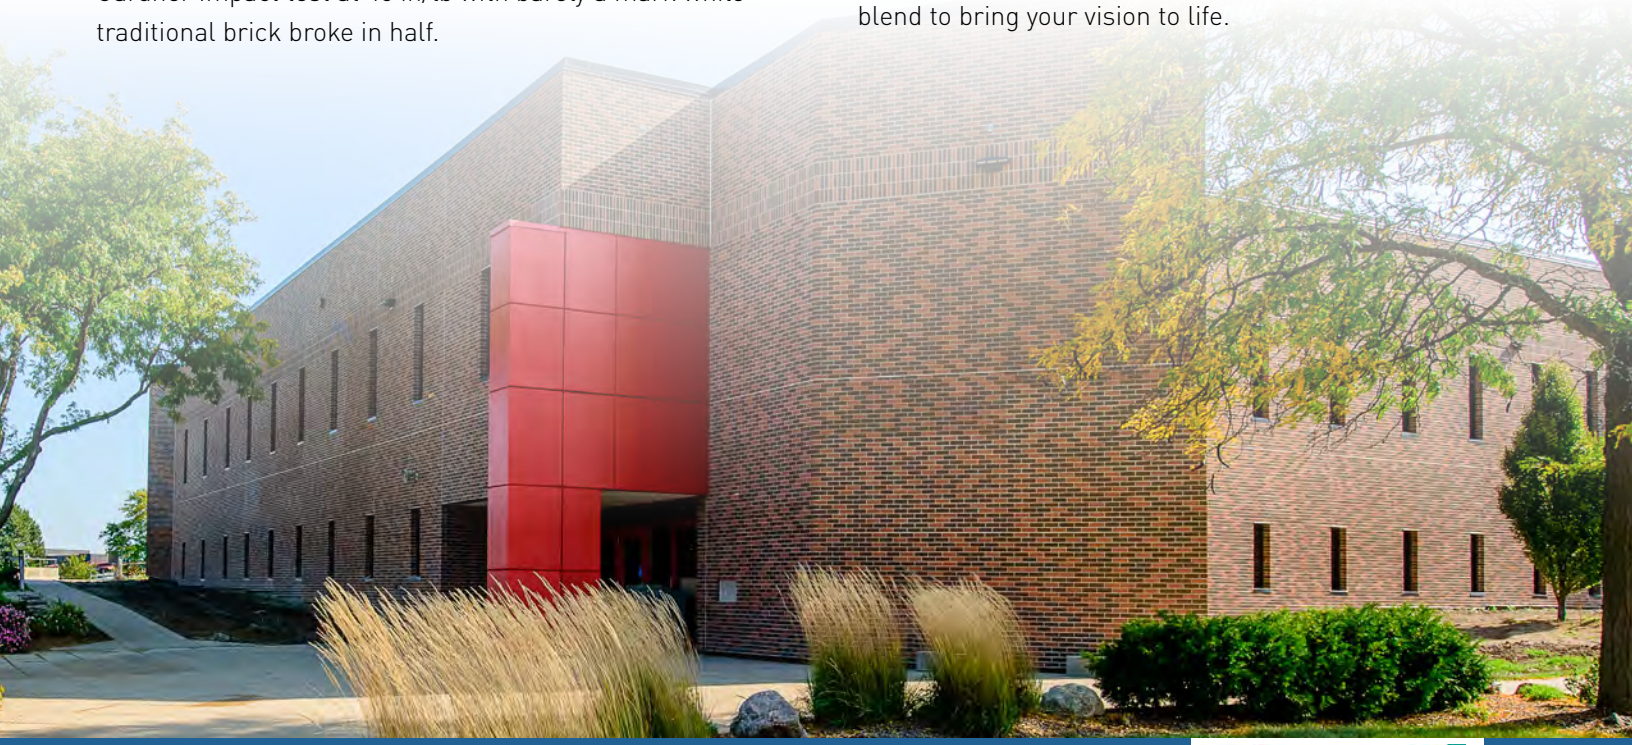
Impact Resistant

NewBrick stands up to every-day impacts—passing a Gardner Impact test at 48 in/lb with barely a mark while traditional brick broke in half.

Eliminates Supports

By eliminating the cost—and labor—for anchors, bearing shelf angles, brick ties, mortar nets and AWRB penetrations, NewBrick's whole wall savings average $15-$17 / ft^2.

Lightweight



At a fraction the weight, NewBrick cuts freight costs significantly—and is easier to handle on site, eliminating the daily need for a telehandler and additional labor to move brick on the scaffold.

Safer Jobsites

NewBrick reduces exertion and the potential for injury to laborers, and also helps minimize jobsite mishaps and material waste.

Versatile Design Capability For Any Project

NewBrick is available in 16 standard colors. Custom colors and blends are available to tailor your project's specifications. Available in four standard blends, four textures, and three effects. Or, create your own custom blend to bring your vision to life.

VALUE ADD
DRYVIT—OUTSULATION, SUSTAINABLE SOLUSTIONS

Outsulation systems have been evaluated by the National Institute for Standards and Technology (NIST) and have less environmental impact than other common claddings. They can also contribute toward achieving LEED credits, depending upon project design and location.

Outsulation systems are more cost-effective throughout their lifecycle because the manufacturing process requires less energy than other common claddings, and the lightweight composition reduces fuel costs associated with transport. After application, Outsulation systems continue to keep heating and cooling costs low for the life of the building. Visit dryvit.com for more information.

Outsulation

- Intended for use in commercial construction or over masonry
- Insulation adhered directly to substrate
- Designed as a barrier system

Outsulation Plus MD System

- Qualifies for all construction types
- Incorporates a liquid applied, air and water resistive barrier
- Vertical adhesive beads facilitate moisture drainage
- Corrugated strip or track is incorporated at the wall base
- Passive drainage

Outsulation MD System

- Qualifies for all construction types
- Incorporates a liquid applied, air and water resistive barrier
- Grooved insulation board facilitates moisture drainage
- Vent track and vent assembly are incorporated at the base of the wall
- Engineered drainage

Outsulation HDCI™

- Provides a 20-year warranty on puncture resistance
- Incorporates a liquid-applied, air-and water-resistive barrier
- Corrugated strip or track is incorporated at the wall base
- Qualifies for commercial construction
- Provides a 20-year warranty on puncture resistance
- Passive drainage

VALUE ADD
DRYVIT—OUTSULATION, SUSTAINABLE SOLUSTIONS

Outsulation X™ System

- Features DOW® XNERGY™ Extruded Polystyrene (XPS) insulation board
- Incorporates a liquid-applied, air- and water-resistive barrier
- Vertical adhesive beads facilitate moisture drainage
- Drainage strip is incorporated at the base of the wall
- Qualifies for commercial construction
- Supplemental fasteners required
- Passive drainage

Outsulation LCMD System

- Qualifies for all construction types
- Mechanically fastened over sheet type water-resistive barriers (by others)
- Corrugated strip or track incorporated at the wall base
- Multiple drainage and attachment options available

Outsulation PE System

- Qualifies for all construction types
- Incorporates a liquid applied, air and water resistive barrier
- Closure blocks are configured to "compartmentalize" the wall for pressure equalization
- Vent track and vent assembly are incorporated at the base of the wall
- Engineered moisture drainage and pressure equalization

Outsulation RMD System

- Intended for residential, wood framed (one and two family) construction
- Can incorporate a liquid applied air- and water-resistive barrier or sheet membrane and drainage mat
- Drainage strips or track incorporated at the base of the wall
- Multiple drainage and attachment options available

Outsulation RMD System

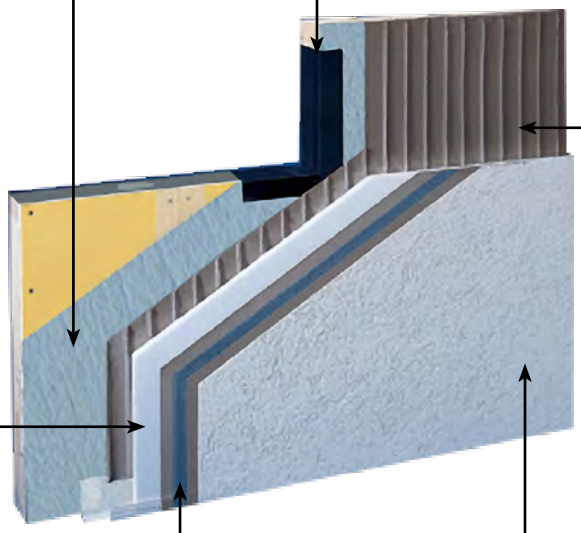
- Outsulation MD Securock ExoAir 430
- Outsulation Plus MD Securock ExoAir 430
- Outsulation HDCI Securock ExoAir 430
- Outsulation PE Securock ExoAir 430
- Outsulation X Securock ExoAir 430

VALUE ADD
DRYVIT—OUTSULATION

HOW IT WORKS

Outsulation systems typically consist of the following components, as determined by code and performance requirements.

DRYVIT/TREMCO APPROVED WATER-RESISTIVE BARRIER



Seamlessly protects sheathing or substrate from incidental moisture and eliminates air infiltration

- Liquid-applied
- Continuous or monolithic
- Includes Backstop NTX®, Backstop NTX-VB, Securock® ExoAir® 430, ExoAir® 230

CONTINUOUS INSULATION

Absorbs expected building movement and enhances energy efficiency

- Eliminates thermal bridging in framed construction
- Meets CI requirements for all zones per ASHRAE 90.1-2010
- Available in both EPS (expanded polystyrene)and XPS (extruded polystyrene)
- Available in various thicknesses and can fully meet wall insulation requirements

BASE COAT AND REINFORCING MESH

Combine to provide the primary weather barrier and impact resistance

- Mesh embedded in base coat
- Various weights of mesh available, depending on impact resistance required

DRYVIT/TREMCO APPROVED FLASHING SYSTEM:

Seamlessly protects openings in the building envelope from moisture

- Includes AquaFlash® or Dymonic® 100

ADHESIVE / DRAINAGE MEDIUM

Vertical notches allow drainage of incidental moisture

- Adheres insulation board to the Air-and Water-Resistive Barrier\

FINISH COAT

Blend of 100 percent acrylic copolymers, natural aggregates and UV resistant pigments

- Easy to maintain
- Available in many textures and limitless color options
- Offer multiple aesthetic options
- Options for increased hydrophobicity, flexibility and mildew and fade resistance

SYSTEM OPTIONS

All Outsulation systems include adhesive, continuous insulation (CI), fiberglass mesh embedded in base coat, and finish, which are installed sequentially by a trained professional contractor as specified by the design team, and as required by code. Some Outsulation systems protect the underlying wall with an air- and water-resistive barrier under the CI, which maximizes the energy efficiency. Outsulation systems can be installed in either "barrier," "moisture drainage" or "pressure equalized" configurations, and these systems are engineered to perform in all climates and on all types of structures. On certain types of construction (high-rise) and in certain job conditions (cold weather), lift-in-place, prefabricated wall sections may provide certain benefits.

VALUE ADD
DRYVIT—MODULITE™ PREFABRICATED PANEL SYSTEMS

Whether you're building new or renovating, Modulite prefabricated panel systems offer unique advantages over traditional field-applied construction.

Since 1970, Dryvit has offered systems and technical support for the prefabrication space using all of the Dryvit products. Modulite panelization systems incorporate all the benefits of a Dryvit Outsulation® system—including continuous insulation (CI) and beautiful aesthetic finish options to meet any design need—all fully-tested to meet existing building codes and provide extraordinary energy efficiency. Modulite panelization systems also offer the most experienced and deepest team of partner fabricators in the industry.

Why build with Modulite Prefabricated Panes?

Faster Construction Time

In-plant fabrication can reduce production time, and speed up field application of exterior cladding systems, to reduce construction schedules.

Stronger and More Resilient

Our systems are designed for maximum durability, many with service lives far surpassing that of competing systems.

Cost-Effective for the Long Term

A broad range of products can fit most project budgets — but our energy-efficiency and maintenance solutions can also help you ensure cost-effective ownership and operation for the long term.

VALUE ADD
DRYVIT—MODULITE™ PREFABRICATED PANEL SYSTEMS

One Point of Contact

Our products and systems are backed by industry-leading warranties — all from a single point of contact. We can also help with everything from asset management to diagnostics to installer training.

Any Look You Want

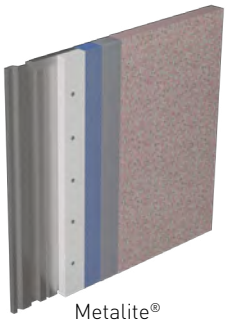
A wide range of colors and finishes like brick, granite, metals, stucco and more provide maximum flexibility in your façade aesthetic.

Avoid Labor Shortage Problems

Pre-fabricated Dryvit panels can help address ongoing shortages in the skilled labor force—while simultaneously maximizing quality control.

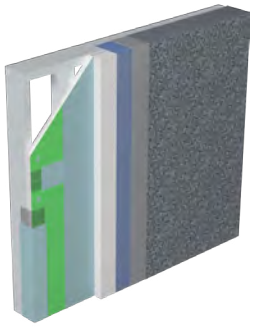
Better Insulated

Industry-leading Outsulation® continuous insulation means efficient construction and operation, and will exceed strict energy codes for insulation.



Leading Edge Sustainability

Our building solutions help you reduce waste, and meet green building standards like Net Zero, Living Building Challenge, Passive House and more.

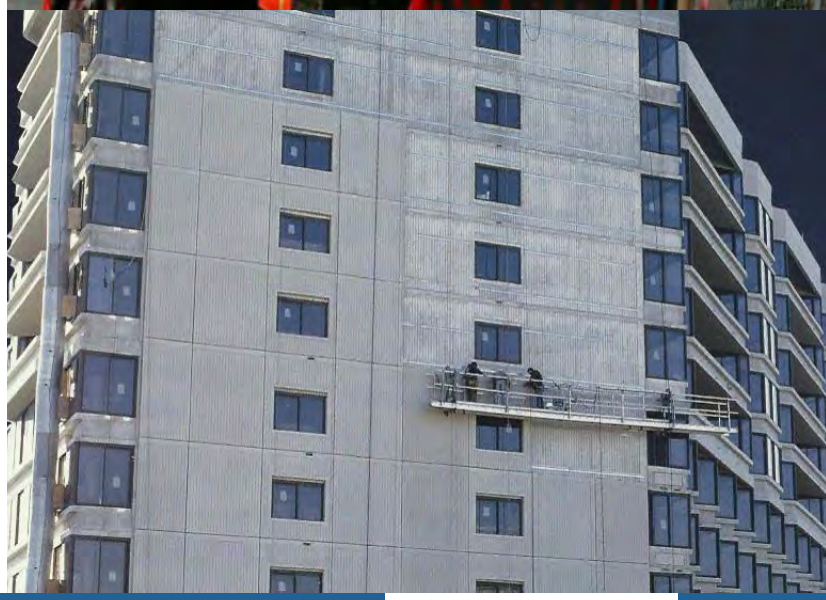


Fedderlite® / Fedderlite® M

Prefabricated Exterior Wall Insulation and Finish Systems for Use over Solid Substrates

Metalite®

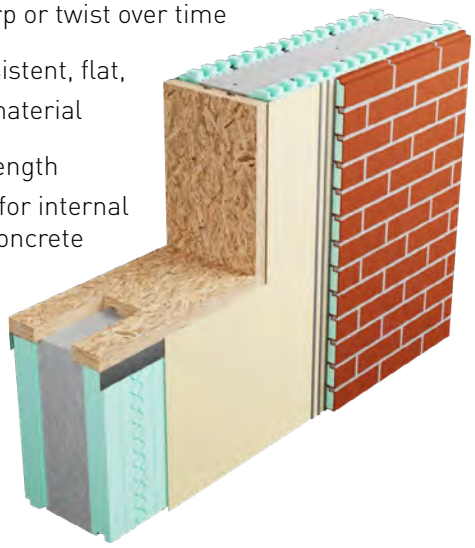
Prefabricated Panelization System Installed over a Proprietary Light-Gauge Metal Pan



Outsulite® / Outsulite® Exoair® 430

Industry-Leading Panel Systems with Dryvit Outsulation and an Air/Water Resistive Barrier

VALUE ADD
PREBUCK—ENGINEERED FRAMING SYSTEMS



A new era has arrived. A construction revolution: strength and quality combined with speed and efficiency. Prebuck technology now offers the strongest, fastest, and smartest construction solutions available. Save time and money while building superior durability into every project.

Specifically designed for direct contact with concrete and non-corrosive to metals, Prebuck products feature TimberStrand Strandguard (LSL) engineered lumber treated with zinc borate for exceptional resistance to insects and decay. Prebuck products also feature MDI resin, the 100% waterproof bonding agent that turns to a durable plastic when cured.

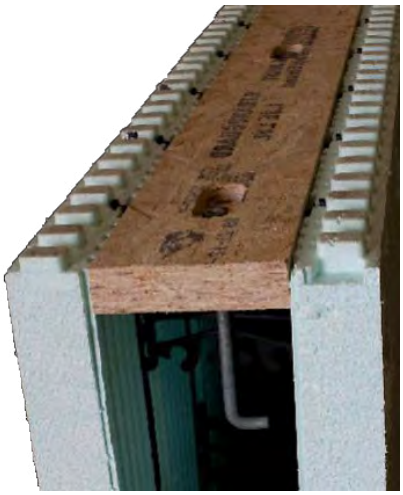
Combine these quality components with Prebuck's advanced engineering and you're guaranteed the most efficient construction technology available today.

BENEFITS FOR RESIDENTIAL AND COMMERCIAL CONSTRUCTION

- Designed for direct contact with concrete
- Non corrosive to metals
- Resistant to insects and decay
- Will not delaminate, become spongy, or lose fastener holding strength when exposed in typical commercial construction.
- Will not cup, warp or twist over time
- Engineered consistent, flat, stable framing material
- LSL bending strength minimizes need for internal bracing before concrete pour

Parapet Cap

Prebuck engineered solutions for your parapet blocking allow the contractor to leverage the speed and efficiency of custom designed components. On new construction or renovations Prebuck solutions provides sustainable and dependable results to extend the life of your structure.



- Laser straight, will not curl, cup, or warp
- Can be installed by fewer employees saving labor costs
- Colored coded for easy placement
- Counter sunk holes to hide fasteners
- Customizable
- Designed for direct contact with concrete
- Insect and fungus resistant
- Environmentally friendly
- Contributes to LEED points

Window & Door Buck

Offers the contractor, owner and design community an engineered solution for punched openings. Produced with 1-½" (38 mm thick, treated Laminated Strand Lumber (LSL), Gives the rough frame of the opening stable support for glazing and finish components. A cast in place version integrates a dual keyway design to assure a secure interface from concrete to finishes.

- Self aligns on the wall for easy installation
- Will not delaminate, become spongy, or loosen fastener strength
- Colored coded for easy placement
- Will not curl, twist, cup, or warp
- Customizable
- Designed for direct contact with concrete
- Insect and fungus resistant
- Environmentally friendly
- Contributes to LEED points and NAHB Green Building Certified

Wet-Set Sill

Produced with 1 ½" (38 mm) thick, treated Laminated Strand Lumber (LSL) our sill solution is produced straight and stays straight. Our sill plate solution is designed to fit ICF wall widths and using our oblong countersunk holes lets the contractor set the sill plate the same day they pour the walls.

- LSL bending strength minimizes need for internal bracing before concrete poor
- Will not delaminate, become spongy, or loosen fastener strength
- Oblong countersunk opening
- Will not curl, twist, cup, or warp
- Designed for direct contact with concrete
- Non-corrosive to metals
- Insect and fungus resistant
- Environmentally friendly
- Contributes to LEED points and NAHB Green Building Certified

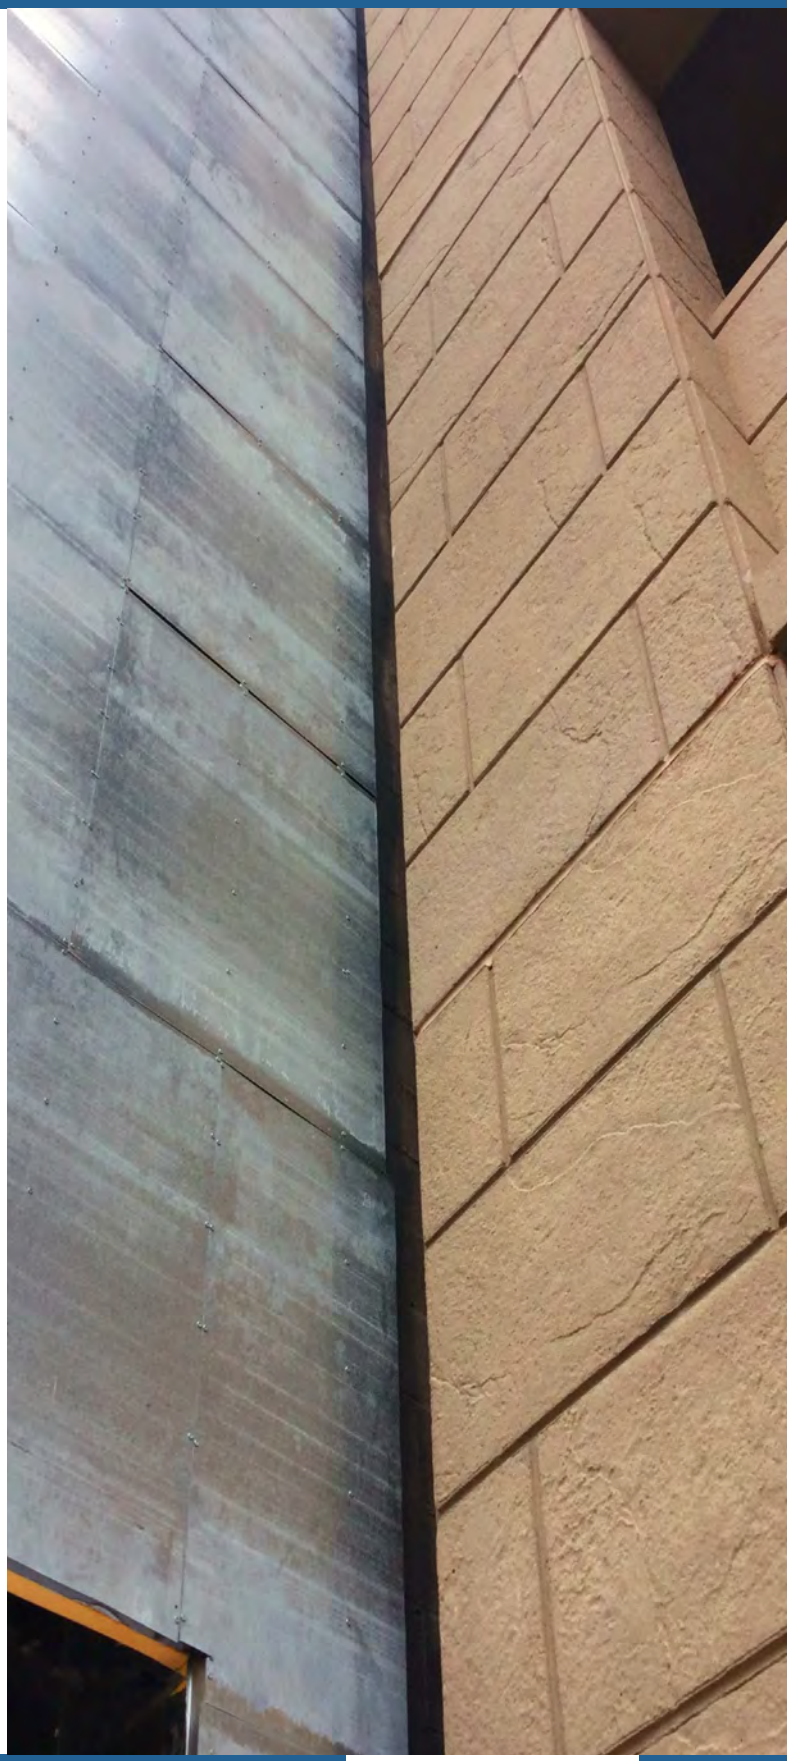
VALUE ADD
WILLSEAL—EXPANSION JOINT SYSTEMS

Willseal offers best-in-class pre-compressed and acrylic-impregnated foam products for horizontal and vertical joint applications. Tremco's industry-leading joint sealants, polyurethane-methacrylate technology, pre-formed extrusions and gun-grade foams.

With a wide variety of pre-compressed, acrylic-impregnated foams, pre-formed extrusions, monolithic Polyurethane Methacrylate and gun-grade foams, Willseal and Tremco have the ideal solution for any expansion joint or transition sealant project.

Whether you require traffic-grade horizontal, color-matched vertical, 2 to 3 hour fire-rated, seismic capabilities, waterproof, soundproof, dust-proof or airtight seals, you'll find a variety of options in the following pages.

All products, however, feature unmatched quality and durability, excellent +/- movement capabilities, and innovative, streamlined installations designed to help create safer, greener, high-performance structures. For over 110 combined years, our products have been continuously specified and installed on thousands of new construction and restoration projects worldwide.



Willseal products are designed for maximum waterproofing, thermal, sound, and air-tightness to meet global passive housing standards and feature superior durability, excellent +/- movement capabilities, and streamlined installation.

MARKETS SERVED

- Commercial construction
- Industrial / manufacturing
- Educational and institutional
- Infrastructure and DOT
- Residential construction
- Stadiums and arenas
- Parking facilities
- Medical facilities
- Fire protection

JOINT APPLICATIONS:

- Traffic-grade horizontal joints
- Primary vertical joints
- Curtain walls, windows, & flashing
- Control, longitudinal and transverse joints
- Dryvit® and exterior panel system joints
- Pre-cast concrete & built-up walls
- Fire-rated joints
- Seismic, large & retrofit joints
- Below-grade applications

Stonhard, a subsidiary of our parent company RPM International, is the unprecedented leader in manufacturing and installing high performance floors. Joining form and function, our floors are the dependable go-to choice for tough manufacturing environments, while still honoring innovative design for commercial environments.

From specifications and design to final walkthrough, you work with us directly. For a century we've been delivering proven, single-source service, covering both your products and installation.

Stonhard is committed to manufacturing and installing quality, seamless products that protect, maintain and enhance industrial and commercial environments.

Quality From Start to Finish

With a century in business, Stonhard is the unprecedented leader in manufacturing and installing high performance epoxy and urethane floor, wall and lining systems.

Manufacture & Install

We work with you directly—formulating and installing long-term floor, wall and lining system solutions.

Perform & Protect

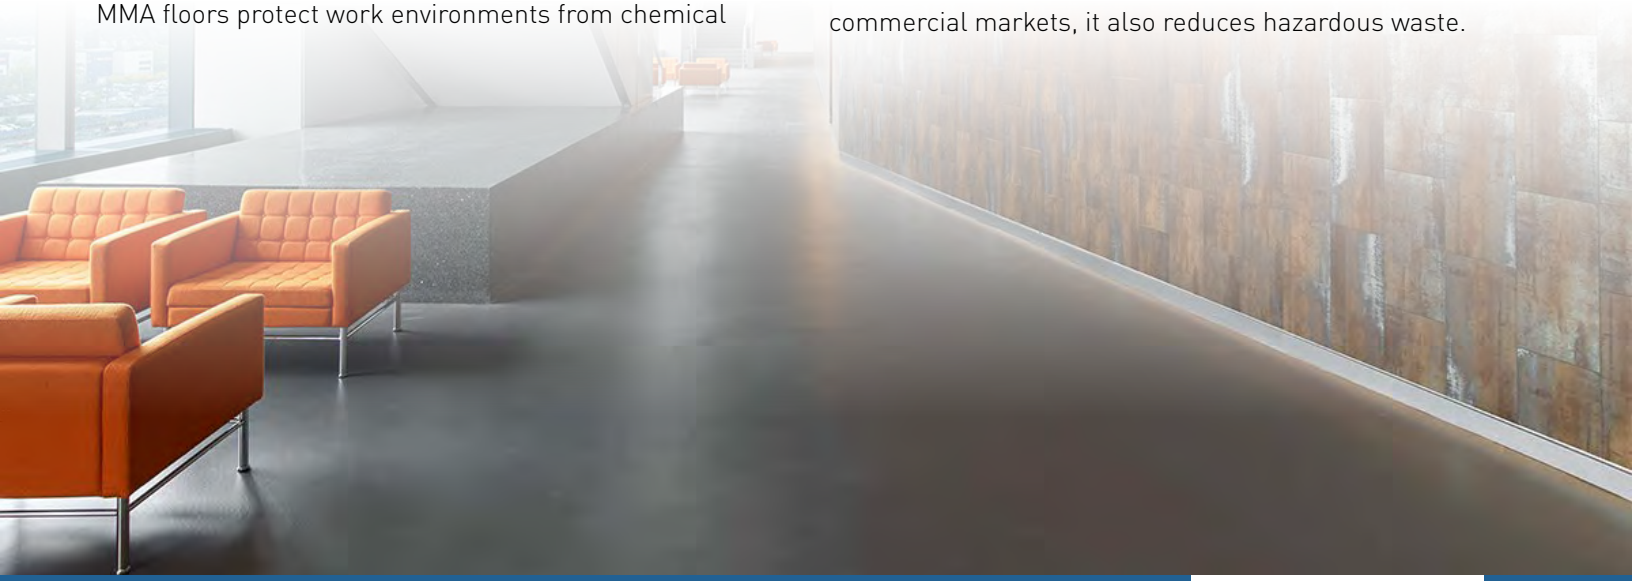
Chemical, slip, and stain resistant epoxy, urethane and MMA floors protect work environments from chemical attack, impact, abrasion, thermal cycling, along with daily wear and tear.

Define & Design

Market specific color collections, tailor-made logos, custom colors and textures that dignify great design.

Sustainability.

Green is nothing new for Stonhard. For over 30 years, Stonhard has been an innovator in sustainable products.



Since June of 2005, through recycling efforts, Stonhard has prevented 92.7% of all returned material, including discontinued and obsolete products from going into the waste stream. Stonhard's unique packaging prevents over 4.8 million one gallon pails and quart cans from being dumped into landfills annually.

OUR FACILITIES ARE GREEN

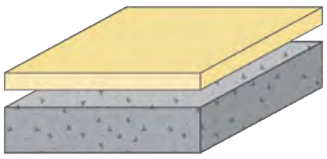
Stonhard has eliminated the use of chromic oxide (a chromium compound) as a green pigment in several Stonhard aggregate products, which has made these products environmentally friendly (non-hazardous).

NEW PRODUCT DEVELOPMENT

Over 90% of new product development and reformulation efforts have been geared to water-based urethanes or 100% solid epoxy-based chemistry. This effort not only provides safer floor and coating products to both industrial and commercial markets, it also reduces hazardous waste.

VALUE ADD
FLOWCRETE TREMFLOOR™ URETHANE CEMENT FLOORING

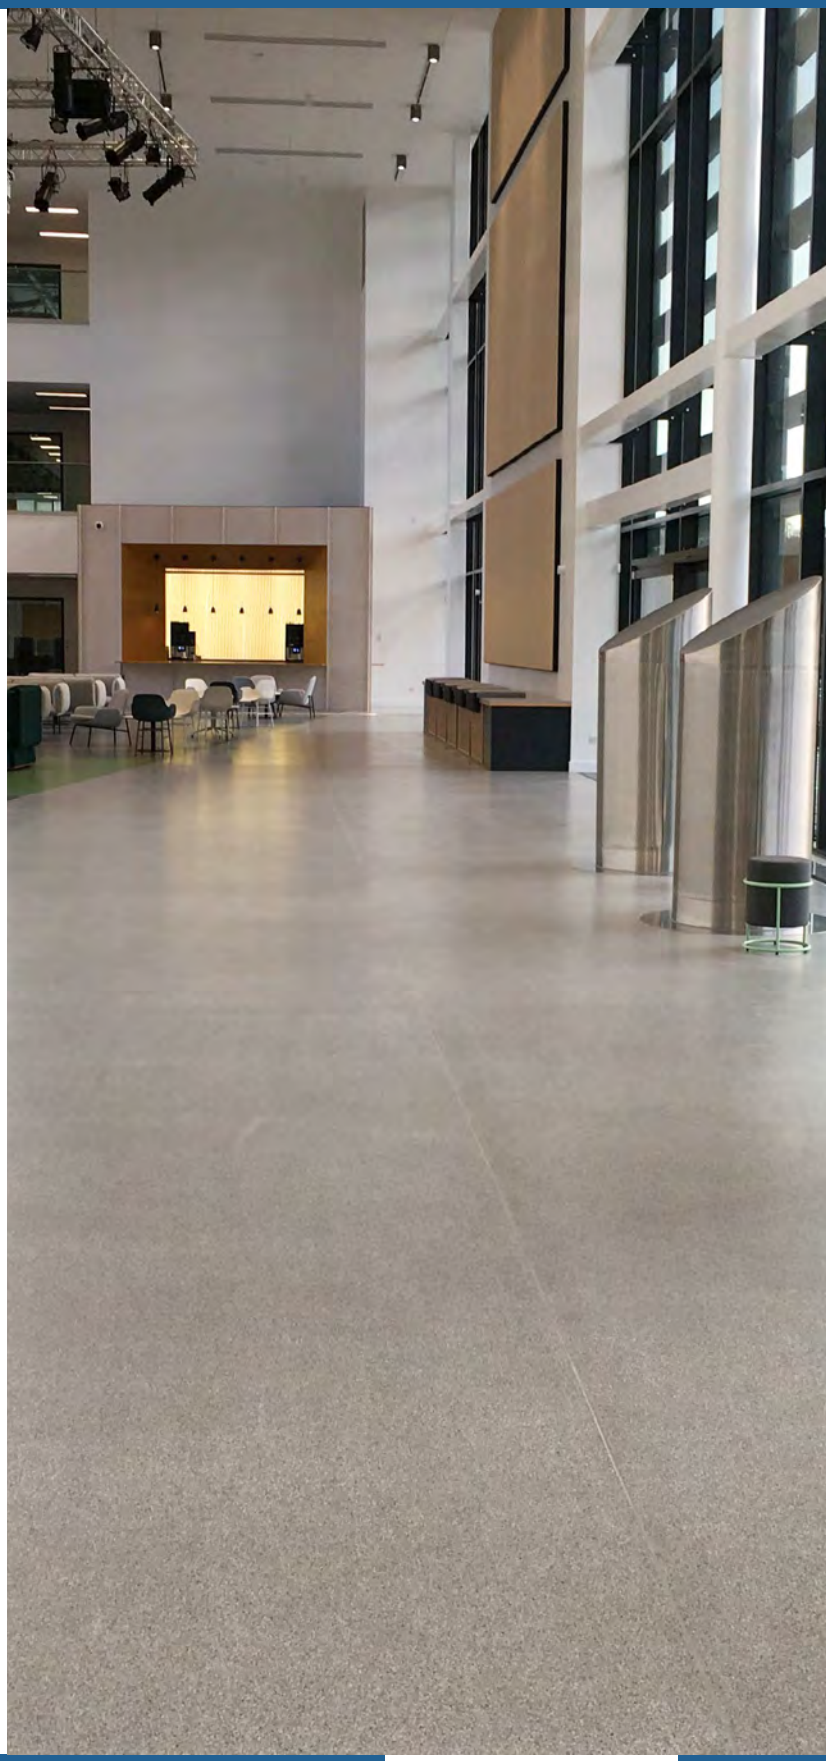
TREMfloor™ Urethane Cement: Anti-Microbial Cementitious Urethane Flooring



Proving that a building is able to meet a high standard of hygiene is essential in many sectors, especially contamination-sensitive settings such as the food and beverage, pharmaceutical and electronics industries.

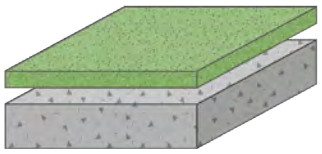
TREMfloor™ is a leading line of Hazard Analysis and Critical Control Point (HACCP) International-certified, antimicrobial-treated cementitious urethane flooring systems for use in a wide variety of these, and other, applications.

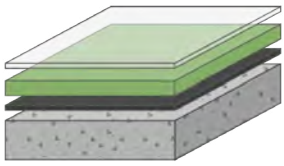
The key aspects of TREMfloor that make it an ultra-hygienic flooring system include its seamless, impervious, highly durable nature combined with its ability to incorporate coving and stainless steel drainage. TREMfloor even includes the natural silver-ion based antibacterial agent Polygiene®, which has been proven to meet the ISO 22916 standard.

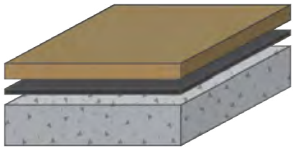


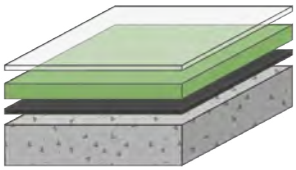
While initially designed for the food and beverage industry, many other sectors such as healthcare are turning to HACCP International-certified building materials, as they need systems that can create a highly-sanitary working environment, able to withstand difficult working conditions.

Products









TREMfloor Urethane Cement HF (1/4")

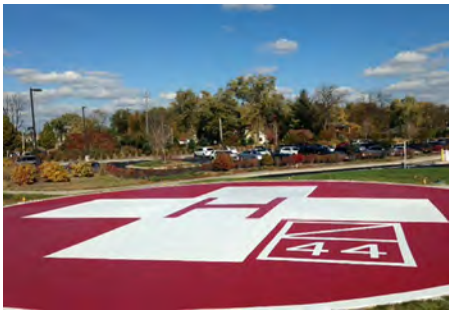
A HACCP International certified urethane cement system with a textured semi-gloss finish, ideal for wet environments prone to spills.

VALUE ADD
FLOWCRETE TREMFLOOR™ URETHANE CEMENT FLOORING

	***TREMfloor Urethane Cement RT (1/4")*** A HACCP certified urethane cement system with a textured matte finish, ideal for areas where high performance is a requirement.
	***TREMfloor Urethane Cement SR (1/4")*** A HACCP certified urethane cement system with a textured matte finish, ideal for wet areas.
	***TREMfloor Urethane Cement MF (3/16")*** A HACCP International certified urethane cement system with a matte finish.
	***TREMfloor Urethane Cement SL (1/8")*** A HACCP International certified urethane cement system with a smooth matte finish. Broadcast and seal for wet areas as well.
	TREMfloor Urethane Cement Cove A HACCP certified urethane cove mortar system, for any TREMfloor™ flooring system. Provides a seamless, hygienic transition between the floor and wall.

VALUE ADD
PUMA TECHNOLOGY SYSTEMS

Vulkem® EWS Traffic Coatings and TREMproof® Below-Grade Waterproofing Membranes with Tremco Polyurethane-Methacrylate (PUMA) Technology



These systems feature superior durability and abrasion resistance, exceptional crack-bridging, tenacious adhesion and fast cure — opening to traffic in as little as one hour after installation. Tremco PUMA technology systems can be applied in temperatures as low as 14°F (-10°C).

- Tremco PUMA Primer - A methyl-methacrylate (MMA), two-component primer for porous and non-porous substrates.
- TREMprime® VB - A two-component, epoxy-based solvent-free vapor barrier primer for concrete surfaces.
- Tremco PUMA Initiator+ - A reactive catalyst in the form of a white powder used to cure all resins of Vulkem® EWS and TREMproof® PUMA.
- Tremco PUMA BC - A polyurethane-methacrylate (PUMA) base coat that bonds firmly to Tremco PUMA Primer and retains its integrity regardless of substrate movement up to 1/16". Available in self-leveling, roller, trowel and low-modulus grade.
- Tremco PUMA Flashing - A polyurethane-methacrylate (PUMA) base coat that bonds firmly to Tremco PUMA Primer, and is compatible with Tremco's TREMproof® 6100.
- Tremco PUMA WC - A polyurethane-methacrylate (PUMA) wear coat, loaded with aggregate to give the system excellent impact, abrasion and chemical resistance.
- Tremco PUMA Filler Powder - A non-reactive, white, filler powder used to thicken Tremco PUMA WC.
- 16 to 20 mesh silica sand, color quartz, aluminum oxide (bauxite) - Used in conjunction with PUMA Primer, PUMA WC and PUMA TC. (Supplied by others.)
- Tremco PUMA TC - A methyl-methacrylate (MMA) top coat that offers excellent abrasion resistance, UV stability and chemical resistance system. Available in variety of colors.

Components of Vulkem® EWS traffic coating systems, and TREMproof® PUMA below-grade waterproofing systems.

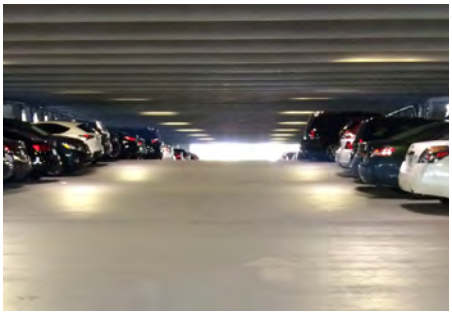
HELIPAD SYSTEM

Durable Solution with Custom Color Options

Vulkem EWS is an optimal solution for helipads. Vulkem EWS is a cold-applied, traffic deck coating system designed for waterproofing concrete slabs and protecting occupied areas underneath from water damage.

DECORATIVE WATERPROOFING SYSTEM

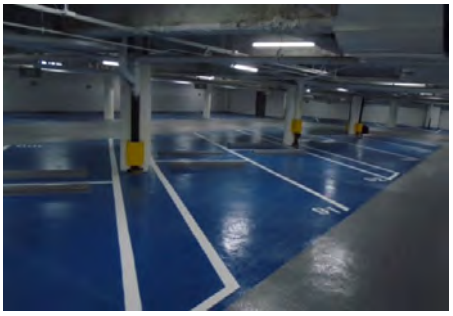
Aesthetically Appealing Solution with Extreme Durability



Ideal for pedestrian walkways, balconies, deck and plaza common areas—can match any aesthetic with a variety of UV-stable aggregate or chips.

PEDESTRIAN SYSTEM

Stadiums, Balconies and Pool Decks



A cold-applied system ideal for stadiums, balconies and pool decks—protecting concrete below from the damaging effects of chloride, deicing salts, chemicals, gasoline, oils, anti freeze and more.

VEHICULAR SYSTEM

Parking Structures, High-Wear Turn and Drive Lanes, Helical Turns,

The ideal system for parking structures, high-wear turn and drive lanes, helical turns, ramps and ticket spitters. Protects from the damaging effects of chloride, deicing salts, chemicals, gasoline, oils and anti-freeze.

HYBRID SYSTEM: EWS

For Helical Turns, Ramps and Ticket Spitters

Our hybrid system incorporates Vulkem EWS for extreme-wear areas such as helical turns, ramps and ticket spitters — with Vulkem Polyurethane Vehicular Systems for drive lanes and parking stalls.

HYBRID SYSTEM: URETHANE

Vulkem Urethanes for Driving Lanes and Parking Stalls

Our hybrid system incorporates Vulkem EWS for extreme-wear areas such as helical turns, ramps and ticket spitters — with Vulkem Polyurethane Vehicular Systems for drive lanes and parking stalls.

Re: Renewal Award of Contract #R230404

Dear Mr. Nelson:

Per official action taken by the Board of Directors of Region 4 Education Service Center on April 28, 2026, Region 4 ESC is pleased to announce that Weatherproofing Technologies Inc. has been awarded an annual contract renewal for the following, based on the sealed proposal submitted to Region 4 on June 27, 2023, and subsequent performance thereafter:

Contract

Roofing Products, Services and Job-Order Contracting (JOC) Services

The contract will expire on October 31, 2027, completing the fourth year of a five-year term contract. The contract is available through OMNIA Partners, Public Sector. Your designated OMNIA Partners, Public Sector contact is Fred Flores, at (713) 554-0494 or fred.flores@omniapartners.com.

The partnership between Weatherproofing Technologies Inc., Region 4 and OMNIA Partners, Public Sector can be of great help to participating agencies. Please provide copies of this letter to your sales representative(s) to assist in their daily course of business.

Sincerely,

Signed by:
Enrique Kladis

Request for Vendor Contract Update

Pursuant to the terms of your awarded vendor contract, all vendors must notify and receive approval from Region 4/OMNIA Partners, Public Sector when there is an update in the contract. No request will be officially approved without the prior authorization of Region 4. Region 4 reserves the right to accept or reject any request.

Weatherproofing Technologies, Inc. hereby provides notice of the following update to
(Vendor Name)

Contract number: R180903, R200108, R220904 & R230404 for Roofing, Job Order Contracting, and Exterior Services
Contract Title
on this date, November 06, 2023

Instructions: Vendors must check all that may apply and shall provide supporting documentation. Place your initials next to each item to confirm that documents are indeed included. Request received without supporting documentation will be returned. Be sure to sign prior to submitting your update for approval. **This form is not intended for use if there is a material change in operations, which may adversely affect members, i.e. assignment, bankruptcy, change of ownership, merger, etc. Please contact a member of the OMNIA Partners Contracting Team to request a "*Notice of Material Change to Vendor Contract*" form.**

☐ **Authorized Distributors/ Dealers** X Addition –

X – Supporting Documentation

☐ **Products/Services**

☐ **States/Territories**

☐ **Price Update**
___ Supporting Documentation

☐ **Discontinued Products/Services**

☐ **Other**

Notes: Vendor may include other notes regarding the contract update here: (attach another page if necessary).

Attached please find the list of contractors we are requesting be added to The National Cooperative Contractor roster.

THE CITY OF NEW SMYRNA BEACH - PUBLIC WORKS

CONSIDER THE APPROVAL OF A CONTRACT AGREEMENT WITH ACME ASBESTOS, ABATEMENT AND REMEDIATION FOR ENVIRONMENTAL REMEDIATION ACTIVITIES AT THE CITY GYM.

July 14, 2026

Background:

An environmental evaluation of the City Gym located at 1000 Live Oak Street identified the presence of asbestos-containing materials (ACM), potential lead-based paint hazards, and other environmental concerns requiring corrective action. These conditions present potential health, safety, and regulatory concerns if not addressed. The presence of ACM and possible lead hazards creates a risk of exposure and potential liability.

The City Gym is closed pending completion of the necessary remediation. The remediation work is underway, and staff is seeking retroactive authorization to execute a contract agreement with ACME Asbestos, Abatement and Remediation in the amount of $138,000.

Fiscal Analysis:
A do not exceed cost of $138,000. Funds are available in 00151904-546201.

Strategic Plan Item:
No

May 18th, 2026
ENVIRONMENTAL RECCOMENDATIONS
FOR THE NSB CITY GYM

To whom it may concern,

Based upon visual observations, ACME Asbestos Abatement recommends the following:

#1) Seal ALL penetrations in floor leading to the crawlspace.
(PHOTO REF 1A & 1B).

#2) Abate additional asbestos from other areas throughout the building.
(ABATEMENT PROPOSAL & PHOTO REF ATTACHED SEPERATELY).

#3) Test painted floors, walls, door jams, & all other painted friction surfaces for Lead Containing Paint. Areas with chipping paint may require further action if found to contain Lead. In the meantime, replace ALL floor brooms and store them in an area with NO visible paint chips and dust. Hazardous lead dust can easily be spread from its source to people's hands. (PHOTO REF 3A-3D).

#4) Cracks in the block bathroom walls may be a sign of foundation issues in this area. (PHOTO REF 4A).

***We highly recommend testing ALL NSB municipal facilities for asbestos, lead paint, and other hazards**.

PROJECT SITE: 1000 Live Oak Street, New Smyrna Beach FL 32168

SCOPE OF WORK MAIN GYM FLOOR: ACME Asbestos Abatement will remove and dispose of all visible white ACM pipe insulation located underneath the 8,080 SF gym floor. Includes removal and disposal of approximately 1050 SF of multi-layered wood subfloor along the North & South interior perimeter walls. (See below exhibit for reference). Additionally, ACME will remove and dispose of approximately 4,400 cubic feet of contaminated soil and debris at a depth of 6 in. All floor joists, foundational supports, electrical conduit and pipes will be cleaned, encapsulated and remain in place.

SCOPE OF WORK NORTH RECEPTION/OFFICES: ACME Asbestos Abatement will remove and dispose of all visible white ACM pipe insulation located underneath the 1,384 SF North reception & office area. Includes removal and disposal of up to 1,384 SF of multi-layered wood subfloor as necessary to access the materials being abated. (See below exhibit for reference). Additionally, ACME will remove and dispose of approximately 700 cubic feet of contaminated soil and debris at a depth of 6 in. All floor joists, foundational supports, electrical conduit and pipes will be cleaned, encapsulated and remain in place. Includes removal and disposal of AACM pipe insulation from the vertical pipe-run pictured in the exhibit below.

SCOPE OF WORK WEST STORAGE & RESTROOMS: ACME Asbestos Abatement will remove and dispose of all visible white ACM pipe insulation located underneath the 1,533 SF West storage & restroom area. Includes removal and disposal of up to 1,533 SF of multi-layered wood & ceramic tiled subfloor as necessary to access the materials being abated. (See below exhibit for reference). Additionally, ACME will remove and dispose of approximately 770 cubic feet of contaminated soil and debris at a depth of 6 in. All floor joists, foundational supports, electrical conduit and pipes will be cleaned, encapsulated and remain in place.

* ALL contents MUST be removed from the immediate abatement areas prior to ACME's arrival onsite. Pricing below includes the cost of Asbestos Project Monitoring by a certified & licensed consultant.

ACME ASBESTOS ABATEMENT WILL PERFORM THE ABOVE SCOPE OF WORK FOR $ 138,000.00

CLARIFICATIONS

1. Our proposal includes one-million-dollar liability insurance coverage.
2. Work to be completed under current Federal and State agency regulations, which include filing of notifications, fees, if any, are an additional charge unless otherwise stated in writing.
3. Asbestos Containing materials removed from job site will be disposed of at an EPA authorized Class 1 landfill and the disposal receipt provided to the customer upon request.
4. Customer to provide access for contractor's vehicles and equipment near the immediate work area.
5. The facility owner must provide electricity and access to clean running water onsite.
6. Any utility disconnects necessary to complete the work are the Owner's responsibility and are to be completed before ACME arrives on site.
7. This proposal is based upon one mobilization to the project site.
8. In the event of a dispute concerning the terms or enforcement of this contract, the venue shall be in Volusia County, Florida. ACME shall be entitled to all reasonable costs and attorney fees incurred in any collection effort on its behalf, whether or not suit is instituted.
9. If payment is not made according to the schedule stated herein, ACME shall be entitled to the maximum allowable interest under the law for the entire period of non-payment.
10. Late payments are subject to a one-time 5% late fee. Interest on past due amounts accrues interest at a rate of 18% per annum.
11. No release shall be granted to any owner or General Contractor until and unless full payment according to the stated schedule has been received. A) Projects under $250,000 require a 40% down payment. Remaining balance due within 30 days of ACME's completion. B) Projects greater than $250,000 require an agreed upon progress payment schedule. DOWN PAYMENT MUST BE RECEIVED PRIOR TO SCHEDULING SERVICE.
12. **This proposal includes filing of the DEP NOTIFICATION OF ASBESTOS REMOVAL as well as filing fee.**

This proposal is valid for thirty days, and we request a Letter of Intent, prior to the elapsed thirty (30) days, if our proposal is accepted. Upon receipt of Your Letter of Intent, the proposal is valid ninety days from the date thereof and is negotiable thereafter.

We appreciate the opportunity to present this proposal and look forward to a favorable reply.

Sincerely,
Adam Bowling
President

THE CITY OF NEW SMYRNA BEACH - AIRPORT

CONSIDER THE APPROVAL TO WRITE OFF $36,000 IN DEBT OWED TO THE MUNICIPAL AIRPORT BY FORMER TENANT TIGER COMPOSITES.

July 14, 2026

Background:

Tiger Composites was a commercial manufacturing tenant of the New Smyrna Beach Municipal Airport until late 2024. At the time the company vacated the premises, it had an outstanding balance of $36,000 (before tax) for unpaid monthly lease payments. Staff made several attempts to collect the debt before and after the tenant vacated the property; however, those efforts were unsuccessful. The company has now filed bankruptcy which prevents further collection efforts. Based on these circumstances, staff recommends writing off the outstanding debt.

Findings:

Staff recommends writing off the uncollectible debt amount of $36,000 owed to the Municipal Airport by Tiger Composites.

Fiscal Analysis:

Tenant vacated the building 8/31/2024 with an outstanding balance of $37,710.00 The revenue before sales tax is $36,000 which was budgeted to 10430000.36110 for both FY23 and FY24.

Strategic Plan Item:

No

Staff Report Created By: Arvin Weese - Airport Director

For the debtor listed above, a case has been filed under chapter 7 of the Bankruptcy Code. An order for relief has been entered.

This notice has important information about the case for creditors, debtors, and trustees, including information about the meeting of creditors and deadlines. Read both pages carefully.

The filing of the case imposed an automatic stay against most collection activities. This means that creditors generally may not take action to collect debts from the debtor or the debtor's property. For example, while the stay is in effect, creditors cannot sue, assert a deficiency, repossess property, or otherwise try to collect from the debtor. Creditors cannot demand repayment from debtors by mail, phone, or otherwise. Creditors who violate the stay can be required to pay actual and punitive damages and attorney's fees.

To protect your rights, consult an attorney. All documents filed in the case may be inspected at the bankruptcy clerk's office at the address listed below or through PACER (Public Access to Court Electronic Records at https://pacer.uscourts.gov.

The staff of the bankruptcy clerk's office cannot give legal advice.

Do not file this notice with any proof of claim or other filing in the case.

THE CITY OF NEW SMYRNA BEACH - POLICE DEPARTMENT

CONSIDER THE APPROVAL OF A RENEWAL OF THE CONTRACT WITH THE VOLUSIA COUNTY SCHOOL BOARD FOR A FULL-TIME POLICE OFFICER AT THE NEW SMYRNA BEACH MIDDLE SCHOOL AND NEW SMYRNA BEACH HIGH SCHOOL FOR FY26-27.

July 14, 2026

Background:

The City has contracted with the Volusia County School Board for a full time officer at the New Smyrna Beach Middle School and New Smyrna Beach High School since June of 2023 and July of 2024 respectively. The terms of the original contracts allow for yearly extensions through 2028.

Findings:

The Police Department seeks to renew the contract between the City of New Smyrna Beach and the Volusia County School Board for a full-time School Resource Officer at both the middle school and high school for FY27.

Fiscal Analysis:

The cost of the time the School Resource Officer spends at the school during the school year (181 days, or 1,448 hrs.) is split with Volusia County per the contract. This contract pays 50% of the officers' salary for the amount of time they spend at the school. This amount paid by the Volusia County School Board is currently $38,835.36 per contract. Should officers get a pay increase moving forward this change will be reflected in an amended MOU with the Volusia County School Board.

Strategic Plan Item:
No

NEW SMYRNA BEACH – MIDDLE SCHOOL
SRO CONTRACT RENEWAL

This Agreement is made this 20th day of June 2025, between the **CITY OF NEW SMYRNA BEACH**, a Florida municipal corporation with a mailing address of 210 Sams Avenue, New Smyrna Beach, Florida 32168 (hereinafter the "City") and the **SCHOOL BOARD OF VOLUSIA COUNTY, FLORIDA** with a mailing address of Post Office Box 2118, DeLand, Florida 32721- 2118 (hereinafter the "School Board").

WHEREAS, the City and the School Board entered into that certain SCHOOL RESOURCE OFFICER AGREEMENT (FY 2023-2028), executed by both parties on August 23, 2023; and Amended on July 15, 2024 (hereinafter the "SRO Contract"); and

WHEREAS, Section 1 of the SRO Contract stated the term would be one (1) base year with four (4), one (1) year renewal options, upon mutual agreement; and

WHEREAS, the City and the School Board desire to renew the SRO Contract for one (1) additional year (FY 2025-2026), with all other provisions of the SRO Agreement remaining unchanged;

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained, the parties agree as follows:

1. **Section 1, Term** of Agreement shall be amended to: The term of this Agreement is five (5) years with one (1) base year and four (4), one (1) year renewal options starting on July 1, 2023, and ending June 30, 2028, for a total of five (5) years. The second year of the five (5) year term has been completed, and the parties have agreed to renew the contract for one (1) year which leaves two (2) additional renewal options remaining. Automatic renewals are not part of this Agreement, and any renewal must be mutually agreed upon by both parties in writing.

2. Except as herein expressly modified, the Agreement for SRO Contract approved August 23, 2023; and Amended on July 15, 2024 shall otherwise remain in full force and effect, subject to all terms and conditions therein.

SIGNATURES ON NEXT PAGE

Meeting	Jun 25, 2024 - Agenda - 4:30 PM Regular Session - The School Board of Volusia County, Florida
Category	13. Consent-Financial Services-Procurement
Subject	13.10 Renewal and Amended School Resource Officer (SRO) Agreement with the City of New Smyrna Beach for Middle School
Type	Action (Consent)
Preferred Date	Jun 25, 2024
Absolute Date	Jun 25, 2024
Fiscal Impact	Yes
Dollar Amount	38,835.36
Budgeted	Yes
Budget Source	Safe Schools Allocation - Project 10860 and FTE Distributions
Recommended Action	The superintendent recommends approval of the renewal and amended School Resource Officer (SRO) Agreement with the City of New Smyrna Beach for New Smyrna Beach Middle School.

BACKGROUND:
The purpose of this Agreement is to comply with legislation (SB 7026and SB 7030), mandating armed safe-school officers at district schools; to foster better relations between students and law enforcement personnel; to deter crime on or about school premises by the presence of a law enforcement officer; to enforce local, state, and federal laws, and to have a School Resource Officer available for presentations to the students, faculty, and parents concerning law enforcement and various subjects related to the law. The School Resource Officer will at all times maintain a highly visible uniformed presence while on duty school sites.

The City of New Smyrna Beach agrees to provide a School Officer from the City of New Smyrna Beach Police Department. The term of the Agreement is five (5) years total with one (1) base year and four (4) one (1) year renewal options starting July 01, 2024. The district will pay 50% of the cost for one (1) officer, with the remaining 50% paid by the City of New Smyrna Beach. The School Resource Officer will be assigned to New Smyrna Beach Middle School and will support ongoing efforts for a safe school environment.

TERM:
July 01, 2024 through June 30, 2025 (year 2 of 5, with three renewal periods remaining).

VOLUSIA COUNTY SCHOOL BOARD & CITY OF NEW SMYRNA BEACH
AMENDED AND RESTATED
NEW SMYRNA BEACH MIDDLE SCHOOL RESOURCE OFFICER AGREEMENT

THIS AMENDED AND RESTATED AGREEMENT is made and entered into on this 15th day of July 2024, between the School Board of Volusia County, hereinafter referred to as "**School Board**" and the City of New Smyrna Beach, hereinafter referred to as "**City.**"

RECITALS

WHEREAS, the City and the School Board entered into that certain SCHOOL RESOURCE OFFICER AGREEMENT (FY 2023-2028) which was executed by the parties in August 2023 (hereinafter the "SRO Contract"); and

WHEREAS, Section 1 of the SRO Contract stated the term of the agreement would be one base year with four renewal options of one-year each, upon mutual agreement; and

WHEREAS, the City and the School Board desire to renew the SRO Contract for one additional year (FY 2024-2025), with amendments to include increasing the hourly rate of the SRO to $53.64 until July 1, 2025, where such rate will increase to $54.95, and to insert new language regarding FERPA, training, safeguarding of student records, indemnification, notice of arrests and citations, and other general conditions; and

WHEREAS, the parties want to enter into the Amended and Restated Agreement for the performance of law enforcement functions provided by a School Resource Officer hereinafter described; and

WHEREAS, the City is agreeable to provide personnel to perform the duties and responsibilities of a School Resource Officer, as described herein; and

WHEREAS, the School Board agrees to compensate the City for School Resource Officer (SRO) Program costs; and

WHEREAS, the City agrees to receive monies from the School Board and to budget such monies to the City Police Department for services rendered to the School Board; and to budget one (1) School Resource Officer to be jointly funded by the School Board at fifty percent (50%) and the City at fifty percent (50%); and

WHEREAS, the parties have approved the School Resource Officer Program as a viable program and their approval is not construed as a permanent obligation; and

WHEREAS, Florida Statute Sections 1002.22(2) and 1002.221, provide that education records created, maintained or used by public educational institutions and agencies shall be protected in accordance with the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C.

§ 1232g, and the implementing regulations issues pursuant thereto, and § 1002.221 permits a public school, center, institution, or other entity that is part of Florida's education system to release a student's education records without written consent of the student or parent to parties to an interagency agreement; and

WHEREAS, the Uninterrupted Scholars Act (USA), 20 USC 1221, amending FERPA, permits access to a student's records by an agency caseworker or other representative of a child, who has the right to access a student's case plan, when such agency is legally responsible in accordance with state law for the care and protection of the student, provided that the student records or information will not be disclosed by such agency except to address the student's education needs in accordance with the law; and

WHEREAS, Title 34 CFR §99.31(a)(5)(i)(B) and §99.38(a) and (b) permit an educational agency or institution to disclose personally identifiable information from an education record of a student without written consent of the parent or eligible student if the disclosure is to state and local officials or authorities to whom this information is specifically allowed to be reported or disclosed pursuant to a state statute adopted after November 19, 1974, and concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released; and

WHEREAS, Florida Statute §985.04(1) requires the sheriff, chiefs of police and district school superintendent in each county to enter into an interagency agreement for the purpose of sharing information about juvenile offenders among all parties, to specify the conditions under which summary criminal history information is to be made available to appropriate school personnel, to specify the conditions under which school records are to be made available to appropriate departmental personnel, and to provide for notification to any classroom teacher of assignment to the teacher's classroom of a juvenile who has been placed in a probation or commitment program for a felony offense; and

WHEREAS, Florida Statute §1003.53(6) addresses the exchange of information and/or coordination of services between school districts, and with social service, law enforcement, prosecutorial and juvenile justice agencies and juvenile assessment centers in the school district; and

WHEREAS, Florida Statute §1006.13 (4)(a), (b) and (c), Florida Statutes, requires each district school board to enter into agreements with the county sheriff's office and local police departments specifying guidelines for ensuring that acts that pose a serious threat to school safety, whether committed by a student or adult, are reported to a law enforcement agency, and addressing the role of school resource officers, if applicable, in handling reported incidents, circumstances in which school officials may handle incidents without filing a report with a law enforcement agency, and a procedure for ensuring that school personnel properly report appropriate delinquent acts and crimes; while creating zero tolerance policies that do not require the reporting of petty acts of misconduct and misdemeanors to law enforcement agencies; and

WHEREAS, pursuant to §768.28, Florida Statutes, neither the School Board nor the City waive any defense of sovereign immunity or increase of the limits of its liability upon entering into this Agreement; and

NOW THEREFORE, in consideration of the foregoing recitals which are incorporated herein by reference, the mutual understandings and covenants set forth herein, and other specific considerations, the parties agree as follows:

1. **Term.** The term of this Agreement is from **July 1, 2023 through June 30, 2028,** a total of five years, with one base year and four one-year renewal options. The Performance Base Year starts on July 1, 2023, and ends June 30, 2024, the date of signature by the parties notwithstanding, unless earlier terminated as provided herein. The parties have agreed to the first of of the four renewal options, beginning July 1, 2024 through June 30, 2025.

2. **Purpose.** The purpose of this Agreement is to foster better relations between students and law enforcement personnel, to deter crime on or about school premises by the presence of a law enforcement officer, to enforce local, state and federal laws, and to have a School Safety Officer available for presentations to the students, faculty and parents concerning law enforcement and various subjects related to the law. The School Safety Officer shall, at all times, maintain a highly visible uniformed presence while on duty at school sites.

3. **Termination.** This Agreement may be terminated by either party at any time, with or without cause, upon not less than sixty (60) days written notice delivered by Certified Mail, Return Receipt Requested, or in person to the other party; or, otherwise terminated upon any other manner approved in writing by both parties to this Agreement.

4. **Services.**

(a) The City agrees to provide to the School Board a total of one full-time School Resource Officer, eight hours per day for 181 school contract days, excluding summer school for the compensation described in Paragraph 9 herein. Daily hours for the School Resource Officer will primarily be 8:45 a.m. to 4:45 p.m. for New Smyrna Beach Middle School. The City will make every effort to have a School Resource Officer position filled at the beginning of each school year and throughout the term of this Agreement.

(b) It is agreed that there are occasions when it is not possible to staff the school with a School Resource Officer. This may be due to medical reasons, extended training assignments or termination resulting in a position vacancy. It is also agreed that, whereupon it is determined that filling a temporary School Resource Officer vacancy is critical to maintaining the safe and orderly environment of the School, a School Safety Officer from New Smyrna Beach, Florida may be reassigned by the City in part or in total to fill the vacancy until a replacement can be found.

(c) It is agreed that there are occasions when it is necessary for the School Resource Officer to work hours in excess of his/her normal duty assignment. It is agreed by the City that inclusive of this Agreement will be a maximum of twenty (20) hours of overtime hours authorized per School Resource Officer during each year of the term of the Agreement. The decision regarding the accumulation of this overtime allocation will be at the discretion of the School Board representative, the principal of the effected school and the City's Police Chief's representative. Advanced approval from the School Board representative will be required for a School Resource Officer to earn overtime. The overtime allocation described herein shall be applicable and consistent with the School Resource Officer's daily responsibilities and/or for after school activities which by mutual agreement may be outside the scope of the School Resource Officer's daily activities performed at his/her assigned school. Such outside detail activities and any hours in excess of the twenty (20) hours prescribed herein will be billed at the rate of $55.00 per hour for services provided by the School Resource Officer assigned to New Smyrna Beach Middle School and shall be funded one hundred percent (100%) by the school.

(d) The administration of student discipline, including student code of conduct violations and student misbehavior, is the responsibility of the school administrators, unless the violation or misbehavior involves criminal conduct. The School Board encourages the use of Civil Citations for eligible students. The School Board utilizes the Incident Command structure with established Emergency Operations Plans when responding to an all-hazards approach to emergency management.

(e) The City shall develop and expand crime prevention efforts for students and shall serve as a liaison between the School and other first responders, investigative units and/or juvenile justice authorities when necessary and consistent with applicable civil rights and privacy laws. The School Resource Officer shall be part of the School Multidiscipline School Safety and Security team and shall assist in School responses to emergency issues to include referring students to professional services both within and outside the School Board.

(f) The School Board will share information on an as needed basis to the School Resource Officer to ensure resolution on open investigations being conducted by the School Resource Officer. All Federal privacy laws, including Family Educational Rights and Privacy laws, HIPAA and FERPA, will be followed.

(g) The School Safety Officer will follow the City's Police Department's Chain of Command structure or command staff as designated by the City's Chief of Police.

(h) The City agrees to ensure that all School Resource Officer(s) assigned under the terms of this Agreement will be available for, and participate in, VCS trainings related to the role of law enforcement on campus and working with students with disabilities. VCS required School Safety Officer trainings applicable to School Resource Officer(s) include: "Understanding Autism: SRO/SRD/Guardians" and "Serving Students with Disabilities: SRO/SRD/Guardians" and "Threat Management Training: SROs/SRDs". VCS shall provide as its expense all school-based trainings for serving students with disabilities. School Resource Officers shall participate in said school-based trainings before interacting with students on campus, or in extreme circumstances within 30-days of appointment."

5. **Other Considerations.** The City Commission, its Police Chief, and the School Board recognize that opportunities may materialize whereby it is in the best interest of City and County taxpayers to modify this Agreement for considerations outside the scope of the School Safety Officer Program.

6. **Cooperation.**

(a) It is agreed that the City shall have all reasonable and necessary cooperation and assistance from the School Board, its officers, agents, and employees so as to facilitate the performance of this Agreement.

(b) Although the School Safety Officer has an assigned school site, he/she is subject to temporary relocation on an as-needed basis with the concurrence of the Board Superintendent or his designee, and the City's Police Chief.

7. **Personnel/Equipment.** It is understood that the personnel assigned to perform duties under the terms and conditions of this Agreement is functioning at all times as a member of the City of New Smyrna Beach Police Department and is subject to City's department supervision and regulation in addition to employment regulations governed by the Volusia County Merit System of Rules and Regulations. In addition, all equipment purchased and utilized by the City in performance of this Agreement is and shall remain the property of City of New Smyrna Beach unless otherwise specified within this Agreement. The School Board shall provide the School Safety Officer with office space to include a desk, phone, computer, and two-way radio utilized by the on-site safety and security team members. Access to programs utilized by the School Board shall be provided to ensure

the sharing of critical information and comply with all laws, rules, and regulations to include HIPAA and FERPA.

8. **Off Campus Activities.** It is recognized that during the course of the school year, the School Safety Officer may be required to attend meetings and training that support his/her professional certification and/or the School Safety Officer Program. Where possible, training will take place when school is not in session. A School Safety Officer may not elect to participate in additional training activities or other non-mandatory events that take them away from the campus without the approval of the school principal and City's Police Chief's representative. In these cases, the time away from the school will be deducted from the monthly billing.

9. **Compensations and Payment.** As of July 1, 2024, the School Board hereby agrees to compensate the City at a rate of fifty percent (50%) for all services provided herein at the established rate of $53.64 per billable hour for the School Safety Officer primarily at New Smyrna Beach Middle School, as identified by the City. The School Board's total cost for the first renewal shall be $38,835.36 numerated as follows:

School Safety Officer	
Hourly Rate:	$53.64
Billable Hours:	1,448
One SSO at 8 hours, 181 days	$38,835.36 (50% of 77,670.72)
Total Agreement Price	**$38,835.36**

For the second renewal option beginning July 1, 2025, the parties agree that the hourly rate shall be increased to $54.95 per hour. All payments from the School Board to the City provided herein, for the third renewal option and beyond shall be subject to adjustment, upon written agreement by the parties, dependent upon changes to City's expenses to provide the services herein. Additional payment terms include:

(a) Payment shall be made in ten (10) monthly payments by the School Board upon receipt of the City billing invoice.

(b) Upon the completion of the Agreement year, the City shall reconcile actual costs and remit to the School Board any monies due (i.e. vacancies,) or request an Agreement modification to increase compensation if final costs exceed the amount budgeted. Monthly

City employee time records will be submitted to the School Board Representative for payment processing. If the School Safety Officer is absent, the monthly billing will reflect the absence and the monthly billing will reflect a deduction of the hours not worked prior to the billing being sent to the School Board Representative for payment.

10. **Management Reports.** Any reports required under this Agreement shall be discussed and mutually agreed upon by both parties prior to implementation. The City of New Smyrna Beach shall be responsible for maintaining records related to training in accordance with HB 1473.

11. **Reporting Crimes and Delinquent Acts.** The School Board and the City shall adhere to §1006.12 F.S. titled, School Resource officer and School Safety Officers, and §1006.13 F.S. titled, Policy of Zero Tolerance for Crime and Victimization. Accordingly, it is agreed by the parties that school personnel will report to the School Safety Officer all delinquent acts and crimes occurring whenever students are under the jurisdiction of the school. Where a School Safety Officer is not present or available, a report shall be provided to the appropriate law enforcement agency and a copy of such report shall be provided to the School Safety Officer.

12. **Safeguarding The Confidentiality of Shared Student Records.** The parties acknowledge that Sections 1002.022, 1002.221 and 1002.222, Fla. Stat. and the Family Educational Rights and Privacy Act (FERPA, 20 U.S.C. § 1232g) and its implementing regulations (34 C.F.R. Part 99), protect the privacy rights of students and their parents with respect to information and records created and/or maintained by public schools. The parties further acknowledge that the federal Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the Health Information Technology for Economic and Clinical Health Act of 2009 ("HITECH Act") (H1PAA and HITECH Act are collectively referred to herein as "HIPAA") protect the privacy of students' individually identifiable health information ("PHI") and may be applicable to student records in certain circumstances. The student personally identifiable information ("PII") may be disclosed only in compliance with FERPA as it applies to the Parties and PHI may be disclosed only in compliance with HIPAA, where required by law. Pursuant to FERPA, the information provided by VCS shall be limited to that which is necessary to effectively serve the student.

Each party participating in this Agreement agrees to:

(a) Hold the student records and information in strict confidence and not use or disclose except as required by this Agreement, or required by law, or when the parent of a student provides prior written consent for its release. All shared student records will be disclosed only

to employees of the agency who have a need to access the information in order to perform their official duties as authorized by law. Absent consent from the parent or eligible student, student records and information will not be disclosed except as allowed by the aforementioned laws.

(b) Safeguard the student records through administrative, physical and technological safety standards to ensure adequate controls are in place to protect the student information in accordance with FERPA's privacy requirements and the students' PHI in accordance with HIPAA's privacy requirements.

(c) Continually monitor its operations and take all actions necessary to assure that the student information and records are safeguarded in accordance with the terms of this Interagency Agreement.

(d) To use the shared information to facilitate the collection and analysis of the data in order to track shared clients, better coordinate individual care, and address barriers and needs across systems to better serve the student. Specifically, by sharing data the parties can identify barriers, leverage existing resources, and coordinate overall care to better serve the student.

(e) Ensure that all employees, appointees or agents of any party who are granted access to shared student records will have successfully completed (1) background screening requirements under Section 435.04, Florida Statutes, under Level 2 screening standards; and (2) A FERPA training webinar, which is available at the U.S. Department of Education, Privacy Technical Assistance Center website: http://www2.ed.gov/policy/gen/guid/ptac/index.html, http://ptac.ed.gov/ including, http://www2.ed.gov/policy/gen/guid/ptac/pdf/slides.pdf or any other requirements.

(f) Each party agrees to notify the other party immediately upon discovery of a breach of confidentiality of student information and to take all necessary notification steps as may be required by federal and Florida law. A breach of the confidentiality requirements shall constitute grounds for immediate termination of this Agreement without advance notice.

This Section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such student records are returned to VCS or disposed of in compliance with HIPAA and the applicable Florida Statutes.

13. **Indemnification.** Subject to the limitations contained in Fla. Stat. § 768.28, each party agrees to be responsible, to the extent permitted by law, for its own acts of negligence, or its agents' acts of negligence when acting within the scope of their employment and agrees to be liable for any damages resulting from said negligence. Nothing contained herein shall be construed to extend

liability to the other party for any incidental, consequential, special, exemplary, or punitive damages, however caused under any theory of liability, whether in contract, strict liability, or tort including negligence or otherwise for any matter arising from or relating to the Agreement or the service terms provided herein. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

14. **Notice of Arrests and Citations.**

A. Arrest or Citation of Students or School Employees on School Grounds During Hours of School Operation

When a student or school employee is arrested or receives a citation on school grounds during the time of normal school operation, notification of the arrest or citation will be provided to the building principal or designee on a confidential basis.

B. Arrest or Citation on Non-Students on School Grounds

When a person other than an enrolled student or school employee is arrested or receives a citation on school property, the building principal or designee will be advised of the circumstances of the offense and the identity of the offender.

C. Arrests or Citations of Students or School Employees off School Grounds During School Operation

Where a student or school employee is arrested off of school property during times of normal school operation or under circumstances which would lead the arresting or citing officer to believe that the person arrested is a student or a school employee, and that a school official is responsible for the care or custody of the student at the time of the incident or that the school employee is on duty, the officer shall, as soon as is practicable, provide notification of the incident to the building principal or designee of the school to which the student is enrolled or the school employee is employed.

D. Confidentiality of Information Provided to Building Principal

In all instances of building principal notifications described in the Sections above, the principal or designee shall not disseminate the information received from the arresting or citing officer.

15. **General Conditions.**

A. **No Waiver of Sovereign Immunity.** Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability subject to the limited waiver as codified in Section 768.28, Florida Statutes. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

B. **Statement of Non-Discrimination.** The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

C. **Compliance with Laws.** Each party shall comply with all applicable federal and state laws, School Board policies, codes, rules and regulations in performing its duties, responsibilities and obligations pursuant to this Agreement.

D. **Governing Law and Venue.** This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any controversies or legal matters arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted to the jurisdiction of the State courts of the Seventh Judicial Circuit of Volusia County, Florida.

E **Binding Effect.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

F. **Assignment.** Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignments of this Agreement.

G. **Captions.** The captions, section designations, section numbers, article numbers, titles and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way, define, limit, construe or describe the scope or intent of such articles or sections of this Agreement, nor in any way effect this Agreement and shall not be construed to create a conflict

with the provisions of this Agreement.

H. **Severability.** In the event that any one or more of the sections, paragraphs, sentences, clauses or provisions contained in this Agreement is held by a court of competent jurisdiction to be invalid, illegal, unlawful, unenforceable or void in any respect, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect as if such invalid, illegal, unlawful, unenforceable or void sections, paragraphs, sentences, clauses or provisions had never been included herein.

I. **Preparation of Agreement.** The parties acknowledge that they have sought and obtained whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

J. **Amendments.** No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

K. **Waiver.** The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver shall only be effective as to the specific instance for which it is obtained and shall not be deemed a continuing or future waiver.

16. **Entire Agreement.**

(a) It is understood and agreed that the entire Agreement of the parties is contained herein and that this Agreement supersedes all oral agreements and negotiations between the parties relating to the subject matter hereof, as well as any previous agreements presently in effect between the parties, relating to the subject matter hereof.

(b) Any alterations, amendments, deletions, or waivers of the provision of the Agreement shall be valid only when expressed in writing and duly signed by the parties.

17. **Notices.** Whenever any party desires to give notice unto the other, notice may be sent to:

For the School Board	**With Copy To**
School Board of Volusia County Office of the Superintendent Post Office Box 2118 DeLand, FL 32721-2118	The General Counsel School Board of Volusia County Post Office Box 2118 DeLand, FL 32721-2118
For the City of New Smyrna Beach	**With Copy To**
The City Manager 210 Sams Avenue New Smyrna Beach, FL 32168	The Police Chief 246 Industrial Park Avenue New Smyrna Beach, FL 32168

Any of the parties may change by written notice the addresses or persons for receipt of notice.

18. **Appropriation Contingency**. Notwithstanding any other term or provision of this Agreement, the continuation of this Agreement beyond a single fiscal year is subject to the appropriation and availability of funds in accordance with Chapter 129, Florida Statutes. If at any time funds are not appropriated for the services provided or to be provided under this Agreement, this Agreement shall be caused to automatically terminate as of the first day following the last month so funded.

19. **Agreements With Other Agencies:** If the School Board executes an Agreement between the School Board and another municipality within the school district for the provision of the same or substantially the same services, terms and conditions provided in this Agreement and that Agreement provides more favorable cost share split than that which is set forth in paragraph 9 (a) above, the School Board shall increase the City's percentage split so as to be equal to that which is provided to the other municipality.

Agenda Item Details

Meeting	Aug 08, 2023 - Agenda - 4:30 PM Regular Session - The School Board of Volusia County, Florida
Category	13. Consent-Operations Services-Purchasing
Subject	13.06 School Safety Officer Agreement Between Volusia County School Board and the City of New Smyrna Beach for Fiscal Years 2023 - 2028
Type	Action (Consent)
Preferred Date	Aug 08, 2023
Absolute Date	Aug 08, 2023
Fiscal Impact	Yes
Dollar Amount	24,442.24
Budgeted	Yes
Budget Source	FEFP Safe Schools Allocation
Recommended Action	The superintendent recommends approval of the School Safety Officer Agreement between Volusia County Schools and the City of New Smyrna Beach for fiscal years 2023 - 2028.

BACKGROUND:
The purpose of this Agreement is to comply with legislation (SB 7026 and SB 7030) mandating armed safe-school officers at District schools; to foster better relations between students and law enforcement personnel; to deter crime on or about school premises by the presence of a law enforcement officer; to enforce local, state, and federal laws, and to have a School Safety Officer available for presentations to the students, faculty, and parents concerning law enforcement and various subjects related to the law. The School Safety Officer will, at all times, maintain a highly visible uniformed presence while on duty a school sites.

The City of New Smyrna Beach agrees to provide one (1) full-time School Safety Officer, eight (8) hours per day for when school is in session. Daily hours for the School Safety Officer will primarily be 8:45 am to 4:45 pm for New Smyrna Beach Middle School. The City will make every effort to have a School Safety Officer position filled at the beginning of the 2023-2024 school year and throughout the term of the Agreement: July 1, 2023 - June 30, 2028. The District will pay fifty percent (50%) for the cost of the officer, with the remaining paid by the City.

VOLUSIA COUNTY SCHOOL BOARD AND CITY OF NEW SMYRNA BEACH SCHOOL SAFETY OFFICER AGREEMENT

THIS AGREEMENT is made and entered into between the School Board of Volusia County, hereinafter referred to as "**School Board**" and the City of New Smyrna Beach, hereinafter referred to as "**City**".

RECITALS

WHEREAS, the parties are desirous of entering into an Agreement for the performance of law enforcement functions provided by a School Safety Officer (or "Officer" or "Officers") hereinafter described; and

WHEREAS, the City is agreeable to provide personnel to perform the duties and responsibilities of a School Safety Officer; and (e.g. the School Safety Officer Program), as described herein; and

WHEREAS, the School Board is agreeable to compensate the City for School Safety Officer Program costs; and

WHEREAS, the City is agreeable to receive monies from the School Board and to budget such monies to the City Police Department for services rendered to the School Board; and to budget one (1) School Safety Officer to be split funded by the School Board at fifty percent (50%) and the City at fifty percent (50%); and

WHEREAS, the parties have approved the School Safety Officer Program as a viable program and their approval is not construed as a permanent obligation;

WHEREAS, pursuant to §768.28, F.S., neither the School Board nor the City waive any defense of sovereign immunity or increase of the limits of its liability upon entering into this Agreement;

NOW THEREFORE, in consideration of the foregoing recitals which are incorporated herein by reference, the mutual understandings and covenants set forth herein, and other specific considerations, the parties agree as follows:

1. **Term.** The term of this Agreement is from **July 1, 2023 through June 30, 2028,** a total of five (5) years, with one (1) Base Year and four (4) one (1) year renewal options. The Performance Base Year starts on July 1, 2023, and ends June 30, 2024, the date of signature by the parties notwithstanding, unless earlier terminated as provided herein.

2. **Purpose.** The purpose of this Agreement is to foster better relations between students and law enforcement personnel; to deter crime on or about school premises by the presence of a law enforcement officer; to enforce local, state and federal laws, and to have a School Safety Officer available for presentations to the students, faculty and parents concerning law enforcement and various subjects related to the law. The School Safety Officer shall at all times maintain a highly visible uniformed presence while on duty at school sites.

3. **Termination.** This Agreement may be terminated by either party at any time, with or without cause, upon not less than sixty (60) days written notice delivered by Certified Mail, Return Receipt Requested, or in person to the other party; or, otherwise terminated upon any other manner approved in writing by both parties to this Agreement.

4. **Services.**

(a) The City agrees to provide to the School Board a total of one (1) full-time School Safety Officer, eight (8) hours per day for when school is in session. Daily hours for the School Safety Officer will primarily be 8:45 a.m. to 4:45 p.m. for New Smyrna Beach Middle School. The City will make every effort to have a School Safety Officer position filled at the beginning of the 2023 - 2024 school year and throughout the term of this Agreement.

(b) It is agreed that there are occasions when it is not possible to staff the school with a School Safety Officer. This may be due to medical reasons, extended training assignments or termination resulting in a position vacancy. It is also agreed that, whereupon it is determined that filling a temporary School Safety Officer vacancy is critical to maintaining the safe and orderly environment of the School, a School Safety Officer from New Smyrna Beach, Florida may be reassigned by the City in part or in total to fill the vacancy until a replacement can be found.

(c) It is agreed that there are occasions when it is necessary for the School Safety Officer to work hours in excess of his/her normal duty assignment. It is agreed by the City that inclusive of this Agreement will be a maximum of twenty (20) hours of overtime hours authorized per School Safety Officer during each year of the term of the Agreement. The decision regarding the accumulation of this overtime allocation will be at the discretion of the School Board representative, the principal of the effected school and the City's Police Chief's representative. Advanced approval from the School Board representative will be required for a School Safety Officer to earn overtime. The overtime allocation described

herein shall be applicable and consistent with the School Safety Officer's daily responsibilities and/or for after school activities which by mutual agreement may be outside the scope of the School Safety Officer's daily activities performed at his/her assigned school. Such outside detail activities and any hours in excess of the twenty (20) hours prescribed herein will be billed at the rate of $48.00 per hour for services provided by the School Safety Officer assigned to New Smyrna Beach Middle School and shall be funded one hundred percent (100%) by the school.

(d) The administration of student discipline, including student code of conduct violations and student misbehavior, is the responsibility of the school administrators, unless the violation or misbehavior involves criminal conduct. The School Board encourages the use of Civil Citations for eligible students. The School Board utilizes the Incident Command structure with established Emergency Operations Plans when responding to an all hazards approach to emergency management.

(e) The City shall develop and expand crime prevention efforts for students and shall serve as a liaison between the School and other first responders, investigative units and/or juvenile justice authorities when necessary and consistent with applicable civil rights and privacy laws. The School Safety Officer shall be part of the School Multidiscipline School Safety and Security team and shall assist in School responses to emergency issues to include referring students to professional services both within and outside the School Board.

(f) The School Board will share information on an as needed basis to the School Safety Officer to ensure resolution on open investigations being conducted by the School Safety Officer. All Federal privacy laws, including Family Educational Rights and Privacy laws, HIPAA and FERPA, will be followed.

(g) A School Safety Officer will be assigned to all School Board meetings and/or special sessions as published or requested by the School Board. As such, the rate of $40.00 per hour for services provided by the School Safety Officer shall be funded one hundred percent (100%) by the School Board requesting this service. A separate billing will be sent

(h) The School Safety Officer will follow the City's Police Department's Chain of Command structure or command staff as designated by the City's Chief of Police.

(i) The City agrees to ensure that all School Safety Officer(s) assigned under the terms of this Agreement will be available for, and participate in VCS trainings related to the role of law enforcement on campus and working with students with disabilities. VCS required School Safety Officer trainings applicable to School Safety Officer(s) include: "Understanding Autism: SRO/SRD/Guardians" and "Serving Students with Disabilities". VCS shall provide at its expense all school-based trainings for serving students with disabilities. School Safety Officers shall participate in said school-based trainings before interacting with students on campus, or in extreme circumstances within 30-days of appointment."

5. **Other Considerations.** The City Commission, it's Police Chief, and the School Board recognize that opportunities may materialize whereby it is in the best interest of City and County taxpayers to modify this Agreement for considerations outside the scope of the School Safety Officer Program.

6. **Cooperation.**

(a) It is agreed that the City shall have all reasonable and necessary cooperation and assistance from the School Board, its officers, agents, and employees so as to facilitate the performance of this Agreement.

(b) Although the School Safety Officer has an assigned school site, he/she is subject to temporary relocation on an as-needed basis with the concurrence of the Board Superintendent or his designee, and the City's Police Chief.

7. **Personnel/Equipment.** It is understood that the personnel assigned to perform duties under the terms and conditions of this Agreement is functioning at all times as a member of the City of New Smyrna Beach Police Department and is subject to City's department supervision and regulation in addition to employment regulations governed by the Volusia County Merit System of Rules and Regulations. In addition, all equipment purchased and utilized by the City in performance of this Agreement is and shall remain the property of City of New Smyrna Beach unless otherwise specified within this Agreement. The School Board shall provide the School Safety Officer with office space to include a desk, phone, computer, and two-way radio utilized by the on-site safety and security team members. Access to

programs utilized by the School Board shall be provided to ensure the sharing of critical information and comply with all laws, rules, and regulations to include HIPAA and FERPA.

8. **Campus Activities.** It is recognized that during the course of the school year, the School Safety Officer may be required to attend meetings and training that support his/her professional certification and/or the School Safety Officer Program. Where possible, training will take place when school is not in session. A School Safety Officer may not elect to participate in additional training activities or other non-mandatory events that take them away from the campus without the approval of the school principal and City's Police Chief's representative. In these cases, the time away from the school will be deducted from the monthly billing.

9. **Compensations and Payment.** The School Board hereby agrees to compensate the City at a rate of fifty percent (50%) for all services provided herein at the established rate of $33.76 per billable hour for the School Safety Officer primarily at New Smyrna Beach Middle School, as identified by the City. The total Agreement price for the Base Year (the Performance base Period) shall be $24,442.24 numerated as follows:

School Safety Officer	
Hourly Rate:	$33.76
Billable Hours:	1,448
One (1) SSO at 8 hours, 181 days	$24,442.24 (50% of $48,884.48)
Total Agreement Price	**$24,442.24**

All payments from the School Board to the City provided herein, for the Base Year, and each renewal option year thereafter shall be subject to adjustment, upon written agreement by the parties, dependent upon changes to City's expenses to provide the services herein.

(j) Payment shall be made in ten (10) monthly payments by the School Board upon receipt of the City billing invoice.

(k) The monthly rate shall be **$2,444.22** for the term of this Agreement. Upon the completion of the Agreement year, the City shall reconcile actual costs and remit to the School Board

any monies due (i.e. vacancies,) or request an Agreement modification to increase compensation if final costs exceed the amount budgeted. Monthly City employee time records will be submitted to the School Board Representative for payment processing. If the School Safety Officer is absent, the monthly billing will reflect the absence and the monthly billing will reflect a deduction of the hours not worked prior to the billing being sent to the School Board Representative for payment.

10. **Management Reports.** Any reports required under this Agreement shall be discussed and mutually agreed upon by both parties prior to implementation.

11. **Reporting Crimes and Delinquent Acts.** The School Board and the City shall adhere to §1006.12 F.S. titled, Safe-school officers at each public school, and §1006.13 F.S. titled, Policy of zero tolerance for crime and victimization. Accordingly, it is agreed by the parties that school personnel will report to the School Safety Officer all delinquent acts and crimes occurring whenever students are under the jurisdiction of the school. Where a School Safety Officer is not present or available, a report shall be provided to the appropriate law enforcement agency and a copy of such report shall be provided to the School Safety Officer.

12. **Entire Agreement.**

(a) It is understood and agreed that the entire Agreement of the parties is contained herein and that this Agreement supersedes all oral agreements and negotiations between the parties relating to the subject matter hereof, as well as any previous agreements presently in effect between the parties, relating to the subject matter hereof.

(b) Any alterations, amendments, deletions, or waivers of the provision of the Agreement shall be valid only when expressed in writing and duly signed by the parties.

13. **Notices.** Whenever any party desires to give notice unto the other, notice may be sent to:

Any of the parties may change by written notice the addresses or persons for receipt of notice.

14. **Appropriation Contingency**. Notwithstanding any other term or provision of this Agreement, the continuation of this Agreement beyond a single fiscal year is subject to the appropriation and availability of funds in accordance with Chapter 129, Florida Statutes. If at any time funds are not appropriated for the services provided or to be provided under this Agreement, this Agreement shall be caused to automatically terminate as of the first day following the last month so funded.

NEW SMYRNA BEACH – MIDDLE SCHOOL
SRO CONTRACT RENEWAL

This Agreement is made this 20th day of June 2025, between the **CITY OF NEW SMYRNA BEACH**, a Florida municipal corporation with a mailing address of 210 Sams Avenue, New Smyrna Beach, Florida 32168 (hereinafter the "City") and the **SCHOOL BOARD OF VOLUSIA COUNTY, FLORIDA** with a mailing address of Post Office Box 2118, DeLand, Florida 32721- 2118 (hereinafter the "School Board").

WHEREAS, the City and the School Board entered into that certain SCHOOL RESOURCE OFFICER AGREEMENT (FY 2023-2028), executed by both parties on August 23, 2023; and Amended on July 15, 2024 (hereinafter the "SRO Contract"); and

WHEREAS, Section 1 of the SRO Contract stated the term would be one (1) base year with four (4), one (1) year renewal options, upon mutual agreement; and

WHEREAS, the City and the School Board desire to renew the SRO Contract for one (1) additional year (FY 2025-2026), with all other provisions of the SRO Agreement remaining unchanged;

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained, the parties agree as follows:

1. **Section 1, Term** of Agreement shall be amended to: The term of this Agreement is five (5) years with one (1) base year and four (4), one (1) year renewal options starting on July 1, 2023, and ending June 30, 2028, for a total of five (5) years. The second year of the five (5) year term has been completed, and the parties have agreed to renew the contract for one (1) year which leaves two (2) additional renewal options remaining. Automatic renewals are not part of this Agreement, and any renewal must be mutually agreed upon by both parties in writing.

2. Except as herein expressly modified, the Agreement for SRO Contract approved August 23, 2023; and Amended on July 15, 2024 shall otherwise remain in full force and effect, subject to all terms and conditions therein.

NEW SMYRNA BEACH – HIGH SCHOOL
SRO CONTRACT RENEWAL

This Agreement is made this 20th day of June 2025, between the **CITY OF NEW SMYRNA BEACH**, a Florida municipal corporation with a mailing address of 210 Sams Avenue, New Smyrna Beach, Florida 32168 (hereinafter the "City") and the **SCHOOL BOARD OF VOLUSIA COUNTY, FLORIDA** with a mailing address of Post Office Box 2118, DeLand, Florida 32721- 2118 (hereinafter the "School Board").

WHEREAS, the City and the School Board entered into that certain SCHOOL RESOURCE OFFICER AGREEMENT (FY 2024-2028), executed by both parties on June 25, 2024 (hereinafter the "SRO Contract"); and

WHEREAS, Section 1 of the SRO Contract stated the term would be one (1) base year with three (3), one (1) year renewal options, upon mutual agreement; and

WHEREAS, the City and the School Board desire to renew the SRO Contract for one (1) additional year (FY 2025-2026), with all other provisions of the SRO Agreement remaining unchanged;

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained, the parties agree as follows:

1. **Section 1, Term** of Agreement shall be amended to: The term of this Agreement is four (4) years with one (1) base year and three (3), one (1) year renewal options starting on July 1, 2024, and ending June 30, 2028, for a total of four (4) years. The first year of the four (4) year term has been completed, and the parties have agreed to renew the contract for one (1) year which leaves two (2) additional renewal options remaining. Automatic renewals are not part of this Agreement, and any renewal must be mutually agreed upon by both parties in writing,

2. Except as herein expressly modified, the Agreement for SRO Contract approved June 25, 2024, shall otherwise remain in full force and effect, subject to all terms and conditions therein.

NEW SMYRNA BEACH – MIDDLE SCHOOL RESOURCE OFFICER (SRO) RENEWAL

This Agreement is made this _____day of _____2026, between the **CITY OF NEW SMYRNA BEACH**, a Florida municipal corporation with a mailing address of 210 Sams Avenue, New Smyrna Beach, Florida 32168 (hereinafter the "City") and the **SCHOOL BOARD OF VOLUSIA COUNTY, FLORIDA** with a mailing address of Post Office Box 2118, DeLand, Florida 32721- 2118 (hereinafter the "School Board").

WHEREAS, the City and the School Board entered into that certain SCHOOL RESOURCE OFFICER AGREEMENT (2023-2028), executed by both parties on August 23, 2023; and amended on July 15, 2024, (hereinafter the "SRO Contract"); and

WHEREAS, Section 1 of the SRO Contract stated the term would be one (1) base year with four (4), one (1) year renewal options, upon mutual agreement; and

WHEREAS, the City and the School Board desire to renew the SRO Contract for one (1) additional year (2026-2027), with all other provisions of the SRO Agreement remaining unchanged;

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained, the parties agree as follows:

1. **Section 1, Term** of Agreement shall be amended to: The term of this Agreement is five (5) years with one (1) base year and four (4), one (1) year renewal options starting on July 1, 2023, and ending June 30, 2028, for a total of five (5) years. The third year of the five (5) year term has been completed, and the parties have agreed to renew the contract for one (1) year, 2026-2027, which leaves one (1) additional renewal option remaining. Automatic renewals are not part of this Agreement, and any renewal must be mutually agreed upon by both parties in writing.

2. Except as herein expressly modified, the Agreement for SRO Contract approved on August 23, 2023, and amended on July 15, 2024, shall otherwise remain unchanged and subject to the terms and conditions of the original agreement.

CONTRACT AGREEMENT				
NAME OF AGREEMENT	**EST. ANNUAL EXPENDITURE**	**CONTRACT PERIOD**	**AWARDED VENDOR(S)**	**ADDITIONAL INFORMATION**
Volusia County School Board and City of New Smyrna Beach High School Resource Agreement	$38,835.36	07/01/2024-06/30/2025	CITY OF NEW SMYRNA BEACH	The proposed contract will be utilized for the School Resource Officer in the District for FY 2024 - 2025 to foster better relations between students and law enforcement personnel. In addition, this contract will provide as a means to deter crime, provide safety and security to students, faculty, and parents on or about school premises by the presence of a Law Enforcement Officer. This is the base year performance period of the four (4)-year contract term.

VOLUSIA COUNTY SCHOOL BOARD & CITY OF NEW SMYRNA BEACH
HIGH SCHOOL
SCHOOL RESOURCE OFFICER AGREEMENT

THIS AGREEMENT is made and entered into on this 15th day of July 2024, between the School Board of Volusia County, hereinafter referred to as "**School Board**" and the City of New Smyrna Beach, hereinafter referred to as "**City.**"

RECITALS

WHEREAS, the City and the School Board are desirous of entering into an Agreement hereinafter the ("SRO High School Contract") for the performance of law enforcement functions provided by a School Resource Officer; (or "Officer" or "Officers") hereinafter described; and

WHEREAS, the City is agreeable to provide personnel to perform the duties and responsibilities of a School Resource Officer; and (e.g. the School Resource Officer Program), as described herein; and

WHEREAS, the parties want to enter into the Agreement for the performance of law enforcement functions at New Smyrna Beach High School provided by a School Resource Officer hereinafter described; and

WHEREAS, the City is agreeable to provide personnel to perform the duties and responsibilities of a School Resource Officer, as described herein; and

WHEREAS, the School Board agrees to compensate the City for School Resource Officer (SRO) Program costs; and

WHEREAS, the City agrees to receive monies from the School Board and to budget such monies to the City Police Department for services rendered to the School Board; and to budget one (1) School Resource Officer to be jointly funded by the School Board at fifty percent (50%) and the City at fifty percent (50%); and

WHEREAS, the parties have approved the School Resource Officer Program as a viable program and their approval is not construed as a permanent obligation; and

WHEREAS, Florida Statute Sections 1002.22(2) and 1002.221, provide that education records created, maintained or used by public educational institutions and agencies shall be protected in accordance with the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, and the implementing regulations issues pursuant thereto, and § 1002.221 permits a public school, center, institution, or other entity that is part of Florida's education system to release a student's education records without written consent of the student or parent to parties to an interagency agreement; and

WHEREAS, the Uninterrupted Scholars Act (USA), 20 USC 1221, amending FERPA,

permits access to a student's records by an agency caseworker or other representative of a child, who has the right to access a student's case plan, when such agency is legally responsible in accordance with state law for the care and protection of the student, provided that the student records or information will not be disclosed by such agency except to address the student's education needs in accordance with the law; and

WHEREAS, Title 34 CFR §99.31(a)(5)(i)(B) and §99.38(a) and (b) permit an educational agency or institution to disclose personally identifiable information from an education record of a student without written consent of the parent or eligible student if the disclosure is to state and local officials or authorities to whom this information is specifically allowed to be reported or disclosed pursuant to a state statute adopted after November 19, 1974, and concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released; and

WHEREAS, Florida Statute §985.04(1) requires the sheriff, chiefs of police and district school superintendent in each county to enter into an interagency agreement for the purpose of sharing information about juvenile offenders among all parties, to specify the conditions under which summary criminal history information is to be made available to appropriate school personnel, to specify the conditions under which school records are to be made available to appropriate departmental personnel, and to provide for notification to any classroom teacher of assignment to the teacher's classroom of a juvenile who has been placed in a probation or commitment program for a felony offense; and

WHEREAS, Florida Statute §1003.53(6) addresses the exchange of information and/or coordination of services between school districts, and with social service, law enforcement, prosecutorial and juvenile justice agencies and juvenile assessment centers in the school district; and

WHEREAS, Florida Statute §1006.13 (4)(a), (b) and (c), Florida Statutes, requires each district school board to enter into agreements with the county sheriff's office and local police departments specifying guidelines for ensuring that acts that pose a serious threat to school Resource, whether committed by a student or adult, are reported to a law enforcement agency, and addressing the role of school Resource officers, if applicable, in handling reported incidents, circumstances in which school officials may handle incidents without filing a report with a law enforcement agency, and a procedure for ensuring that school personnel properly report appropriate delinquent acts and crimes; while creating zero tolerance policies that do not require the reporting of petty acts of misconduct and misdemeanors to law enforcement agencies; and

WHEREAS, pursuant to §768.28, Florida Statutes, neither the School Board nor the City waive any defense of sovereign immunity or increase of the limits of its liability upon entering into this Agreement; and

NOW THEREFORE, in consideration of the foregoing recitals which are incorporated herein by reference, the mutual understandings and covenants set forth herein, and other specific considerations, the parties agree as follows:

1. **Term.** The term of this Agreement is from **July 1, 2024 through June 30, 2028,** a total of four years, with one base year and three one-year renewal options. The Performance Base

Year starts on July 1, 2024, and ends June 30, 2025, the date of signature by the parties notwithstanding, unless earlier terminated as provided herein.

2. **Purpose.** The purpose of this Agreement is to foster better relations between students and law enforcement personnel, to deter crime on or about school premises by the presence of a law enforcement officer, to enforce local, state and federal laws, and to have a School Resource Officer available for presentations to the students, faculty and parents concerning law enforcement and various subjects related to the law. The School Resource Officer shall, at all times, maintain a highly visible uniformed presence while on duty at school sites.

3. **Termination.** This Agreement may be terminated by either party at any time, with or without cause, upon not less than sixty (60) days written notice delivered by Certified Mail, Return Receipt Requested, or in person to the other party; or, otherwise terminated upon any other manner approved in writing by both parties to this Agreement.

4. **Services.**

(a) The City agrees to provide to the School Board a total of one full-time School Resource Officer, eight hours per day for 181 school contract days, excluding summer school for the compensation described in Paragraph 9 herein. Daily hours for the School Resource Officer will primarily be 8:00 a.m. to 4:00 p.m. for New Smyrna Beach High School. The City will make every effort to have a School Resource Officer position filled at the beginning of each school year and throughout the term of this Agreement.

(b) It is agreed that there are occasions when it is not possible to staff the school with a School Resource Officer. This may be due to medical reasons, extended training assignments or termination resulting in a position vacancy. It is also agreed that, whereupon it is determined that filling a temporary School Resource Officer vacancy is critical to maintaining the safe and orderly environment of the School, a School Resource Officer from New Smyrna Beach, Florida may be reassigned by the City in part or in total to fill the vacancy until a replacement can be found.

(c) It is agreed that there are occasions when it is necessary for the School Resource Officer to work hours in excess of his/her normal duty assignment. It is agreed by the City that inclusive of this Agreement will be a maximum of twenty (20) hours of overtime hours authorized per School Resource Officer during each year of the term of the Agreement. The decision regarding the accumulation of this overtime allocation will be at

the discretion of the School Board representative, the principal of the effected school and the City's Police Chief's representative. Advanced approval from the School Board representative will be required for a School Resource Officer to earn overtime. The overtime allocation described herein shall be applicable and consistent with the School Resource Officer's daily responsibilities and/or for after school activities which by mutual agreement may be outside the scope of the School Resource Officer's daily activities performed at his/her assigned school. Such outside detail activities and any hours in excess of the twenty (20) hours prescribed herein will be billed at the rate of $55.00 per hour for services provided by the School Resource Officer assigned to New Smyrna Beach High School and shall be funded one hundred percent (100%) by the school.

(d) The administration of student discipline, including student code of conduct violations and student misbehavior, is the responsibility of the school administrators, unless the violation or misbehavior involves criminal conduct. The School Board encourages the use of Civil Citations for eligible students. The School Board utilizes the Incident Command structure with established Emergency Operations Plans when responding to an all-hazards approach to emergency management.

(e) The City shall develop and expand crime prevention efforts for students and shall serve as a liaison between the School and other first responders, investigative units and/or juvenile justice authorities when necessary and consistent with applicable civil rights and privacy laws. The School Resource Officer shall be part of the School Multidiscipline School Resource and Security team and shall assist in School responses to emergency issues to include referring students to professional services both within and outside the School Board.

(f) The School Board will share information on an as needed basis to the School Resource Officer to ensure resolution on open investigations being conducted by the School Resource Officer. All Federal privacy laws, including Family Educational Rights and Privacy laws, HIPAA and FERPA, will be followed.

(g) The School Resource Officer will follow the City's Police Department's Chain of Command structure or command staff as designated by the City's Chief of Police.

(h) The City agrees to ensure that all School Resource Officer(s) assigned under the terms of this Agreement will be available for, and participate in, VCS trainings related

to the role of law enforcement on campus and working with students with disabilities. VCS required School Resource Officer trainings applicable to School Resource Officer(s) include: "Understanding Autism: SRO/SRD/Guardians" and "Serving Students with Disabilities: SRO/SRD/Guardians" and "Threat Management Training: SROs/SRDs". VCS shall provide as its expense all school-based trainings for serving students with disabilities. School Resource Officers shall participate in said school-based trainings before interacting with students on campus, or in extreme circumstances within 30-days of appointment."

5. **Other Considerations.** The City Commission, its Police Chief, and the School Board recognize that opportunities may materialize whereby it is in the best interest of City and County taxpayers to modify this Agreement for considerations outside the scope of the School Resource Officer Program.

6. **Cooperation.**

(a) It is agreed that the City shall have all reasonable and necessary cooperation and assistance from the School Board, its officers, agents, and employees so as to facilitate the performance of this Agreement.

(b) Although the School Resource Officer has an assigned school site, he/she is subject to temporary relocation on an as-needed basis with the concurrence of the Board Superintendent or his designee, and the City's Police Chief.

7. **Personnel/Equipment.** It is understood that the personnel assigned to perform duties under the terms and conditions of this Agreement is functioning at all times as a member of the City of New Smyrna Beach Police Department and is subject to City's department supervision and regulation in addition to employment regulations governed by the Volusia County Merit System of Rules and Regulations. In addition, all equipment purchased and utilized by the City in performance of this Agreement is and shall remain the property of City of New Smyrna Beach unless otherwise specified within this Agreement. The School Board shall provide the School Resource Officer with office space to include a desk, phone, computer, and two-way radio utilized by the on-site Resource and security team members. Access to programs utilized by the School Board shall be provided to ensure the sharing of critical information and comply with all laws, rules, and regulations to include HIPAA and FERPA.

8. **Off Campus Activities.** It is recognized that during the course of the school year, the School Resource Officer may be required to attend meetings and training that support his/her

professional certification and/or the School Resource Officer Program. Where possible, training will take place when school is not in session. A School Resource Officer may not elect to participate in additional training activities or other non-mandatory events that take them away from the campus without the approval of the school principal and City's Police Chief's representative. In these cases, the time away from the school will be deducted from the monthly billing.

9. **Compensations and Payment.** As of July 1, 2024, the School Board hereby agrees to compensate the City at a rate of fifty percent (50%) for all services provided herein at the established rate of $53.64 per billable hour for the School Resource Officer primarily at New Smyrna Beach High School, as identified by the City. The School Board's total cost for the base year shall be $38,835.36 numerated as follows:

School Resource Officer	
Hourly Rate:	$53.64
Billable Hours:	1,448
One SSO at 8 hours, 181 days	$38,835.36 (50% of 77,670.72)
Total Agreement Price	**$38,835.36**

For the first renewal option beginning July 1, 2025, the parties agree that the hourly rate shall be increased to $54.95 per hour. All payments from the School Board to the City provided herein, for the second renewal option and beyond shall be subject to adjustment, upon written agreement by the parties, dependent upon changes to City's expenses to provide the services herein. Additional payment terms include:

(a) Payment shall be made in ten (10) monthly payments by the School Board upon receipt of the City billing invoice.

(b) Upon the completion of the Agreement year, the City shall reconcile actual costs and remit to the School Board any monies due (i.e. vacancies,) or request an Agreement modification to increase compensation if final costs exceed the amount budgeted. Monthly City employee time records will be submitted to the School Board Representative for payment processing. If the School Resource Officer is absent, the monthly billing will reflect the absence and the monthly billing will reflect a deduction of the hours not worked prior to the billing being sent to the School Board Representative for payment.

10. **Management Reports.** Any reports required under this Agreement shall be discussed

and mutually agreed upon by both parties prior to implementation. The City of New Smyrna Beach shall be responsible for maintaining records related to training in accordance with HB 1473.

11. **Reporting Crimes and Delinquent Acts.** The School Board and the City shall adhere to §1006.12 F.S. titled, School Resource officer and School Resource Officers, and §1006.13 F.S. titled, Policy of Zero Tolerance for Crime and Victimization. Accordingly, it is agreed by the parties that school personnel will report to the School Resource Officer all delinquent acts and crimes occurring whenever students are under the jurisdiction of the school. Where a School Resource Officer is not present or available, a report shall be provided to the appropriate law enforcement agency and a copy of such report shall be provided to the School Resource Officer.

12. **Safeguarding The Confidentiality of Shared Student Records.** The parties acknowledge that Sections 1002.022, 1002.221 and 1002.222, Fla. Stat. and the Family Educational Rights and Privacy Act (FERPA, 20 U.S.C. § 1232g) and its implementing regulations (34 C.F.R. Part 99), protect the privacy rights of students and their parents with respect to information and records created and/or maintained by public schools. The parties further acknowledge that the federal Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the Health Information Technology for Economic and Clinical Health Act of 2009 ("HITECH Act") (H1PAA and HITECH Act are collectively referred to herein as "HIPAA") protect the privacy of students' individually identifiable health information ("PHI") and may be applicable to student records in certain circumstances. The student personally identifiable information ("PII") may be disclosed only in compliance with FERPA as it applies to the Parties and PHI may be disclosed only in compliance with HIPAA, where required by law. Pursuant to FERPA, the information provided by VCS shall be limited to that which is necessary to effectively serve the student.

Each party participating in this Agreement agrees to:

(a) Hold the student records and information in strict confidence and not use or disclose except as required by this Agreement, or required by law, or when the parent of a student provides prior written consent for its release. All shared student records will be disclosed only to employees of the agency who have a need to access the information in order to perform their official duties as authorized by law. Absent consent from the parent or eligible student, student records and information will not be disclosed except as allowed by the aforementioned laws.

(b) Safeguard the student records through administrative, physical and technological safety standards to ensure adequate controls are in place to protect the student information in

accordance with FERPA's privacy requirements and the students' PHI in accordance with HIPAA's privacy requirements.

(c) Continually monitor its operations and take all actions necessary to assure that the student information and records are safeguarded in accordance with the terms of this Interagency Agreement.

(d) To use the shared information to facilitate the collection and analysis of the data in order to track shared clients, better coordinate individual care, and address barriers and needs across systems to better serve the student. Specifically, by sharing data the parties can identify barriers, leverage existing resources, and coordinate overall care to better serve the student.

(e) Ensure that all employees, appointees or agents of any party who are granted access to shared student records will have successfully completed (1) background screening requirements under Section 435.04, Florida Statutes, under Level 2 screening standards; and (2) A FERPA training webinar, which is available at the U.S. Department of Education, Privacy Technical Assistance Center website: http://www2.ed.gov/policy/gen/guid/ptac/index.html, http://ptac.ed.gov/ including, http://www2.ed.gov/policy/gen/guid/ptac/pdf/slides.pdf or any other requirements.

(f) Each party agrees to notify the other party immediately upon discovery of a breach of confidentiality of student information and to take all necessary notification steps as may be required by federal and Florida law. A breach of the confidentiality requirements shall constitute grounds for immediate termination of this Agreement without advance notice.

This Section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such student records are returned to VCS or disposed of in compliance with HIPAA and the applicable Florida Statutes.

13. **Indemnification.** Subject to the limitations contained in Fla. Stat. § 768.28, each party agrees to be responsible, to the extent permitted by law, for its own acts of negligence, or its agents' acts of negligence when acting within the scope of their employment and agrees to be liable for any damages resulting from said negligence. Nothing contained herein shall be construed to extend liability to the other party for any incidental, consequential, special, exemplary, or punitive damages, however caused under any theory of liability, whether in contract, strict liability, or tort including negligence or otherwise for any matter arising from or relating to the Agreement or the service terms provided herein. This section shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this

Agreement is barred by any applicable statute of limitations.

14. **Notice of Arrests and Citations.**

A. Arrest or Citation of Students or School Employees on School Grounds During Hours of School Operation

When a student or school employee is arrested or receives a citation on school grounds during the time of normal school operation, notification of the arrest or citation will be provided to the building principal or designee on a confidential basis.

B. Arrest or Citation on Non-Students on School Grounds

When a person other than an enrolled student or school employee is arrested or receives a citation on school property, the building principal or designee will be advised of the circumstances of the offense and the identity of the offender.

C. Arrests or Citations of Students or School Employees off School Grounds During School Operation

Where a student or school employee is arrested off of school property during times of normal school operation or under circumstances which would lead the arresting or citing officer to believe that the person arrested is a student or a school employee, and that a school official is responsible for the care or custody of the student at the time of the incident or that the school employee is on duty, the officer shall, as soon as is practicable, provide notification of the incident to the building principal or designee of the school to which the student is enrolled or the school employee is employed.

D. Confidentiality of Information Provided to Building Principal

In all instances of building principal notifications described in the Sections above, the principal or designee shall not disseminate the information received from the arresting or citing officer.

15. **General Conditions.**

A. No Waiver of Sovereign Immunity. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability subject to the limited waiver as codified in Section 768.28, Florida Statutes. This section

shall survive the termination of all performance or obligations under this Agreement and shall be fully binding until such time as any proceeding brought on account of this Agreement is barred by any applicable statute of limitations.

B. **Statement of Non-Discrimination.** The parties agree that no person shall be subjected to discrimination because of age, race, color, disability, gender identity, gender expression marital status, national origin, religion, sex or sexual orientation in the performance of the parties' respective duties, responsibilities and obligations under this Agreement.

C. **Compliance with Laws.** Each party shall comply with all applicable federal and state laws, School Board policies, codes, rules and regulations in performing its duties, responsibilities and obligations pursuant to this Agreement.

D. **Governing Law and Venue.** This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any controversies or legal matters arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted to the jurisdiction of the State courts of the Seventh Judicial Circuit of Volusia County, Florida.

E **Binding Effect.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

F. **Assignment.** Neither this Agreement nor any interest herein may be assigned, transferred, or encumbered by any party without the prior written consent of the other party. There shall be no partial assignments of this Agreement.

G. **Captions.** The captions, section designations, section numbers, article numbers, titles and headings appearing in this Agreement are inserted only as a matter of convenience, have no substantive meaning, and in no way, define, limit, construe or describe the scope or intent of such articles or sections of this Agreement, nor in any way effect this Agreement and shall not be construed to create a conflict with the provisions of this Agreement.

H. **Severability.** In the event that any one or more of the sections, paragraphs, sentences, clauses or provisions contained in this Agreement is held by a court of

competent jurisdiction to be invalid, illegal, unlawful, unenforceable or void in any respect, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect as if such invalid, illegal, unlawful, unenforceable or void sections, paragraphs, sentences, clauses or provisions had never been included herein.

I. **Preparation of Agreement.** The parties acknowledge that they have sought and obtained whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to herein expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.

J. **Amendments.** No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by each party hereto.

K. **Waiver.** The parties agree that each requirement, duty and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. Any party's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement unless the waiver is in writing and signed by the party waiving such provision. A written waiver shall only be effective as to the specific instance for which it is obtained and shall not be deemed a continuing or future waiver.

16. **Entire Agreement.**

(a) It is understood and agreed that the entire Agreement of the parties is contained herein and that this Agreement supersedes all oral agreements and negotiations between the parties relating to the subject matter hereof, as well as any previous agreements presently in effect between the parties, relating to the subject matter hereof.

(b) Any alterations, amendments, deletions, or waivers of the provision of the Agreement shall be valid only when expressed in writing and duly signed by the parties.

17. **Notices.** Whenever any party desires to give notice unto the other, notice may be sent to:

For the School Board	**With Copy To**
School Board of Volusia County	The General Counsel
Office of the Superintendent	School Board of Volusia
Post Office Box 2118	County Post Office Box 2118
DeLand, FL 32721-2118	DeLand, FL 32721-2118
For the City of New Smyrna Beach	**With Copy To**
The City Manager	The Police Chief
210 Sams Avenue	246 Industrial Park Avenue
New Smyrna Beach,	New Smyrna Beach, FL
FL 32168	32168

Any of the parties may change by written notice the addresses or persons for receipt of notice.

18. **Appropriation Contingency**. Notwithstanding any other term or provision of this Agreement, the continuation of this Agreement beyond a single fiscal year is subject to the appropriation and availability of funds in accordance with Chapter 129, Florida Statutes. If at any time funds are not appropriated for the services provided or to be provided under this Agreement, this Agreement shall be caused to automatically terminate as of the first day following the last month so funded.

19. **Agreements With Other Agencies:** If the School Board executes an Agreement between the School Board and another municipality within the school district for the provision of the same or substantially the same services, terms and conditions provided in this Agreement and that Agreement provides more favorable cost share split than that which is set forth in paragraph 9 (a) above, the School Board shall increase the City's percentage split so as to be equal to that which is provided to the other municipality.

THE CITY OF NEW SMYRNA BEACH - POLICE DEPARTMENT

CONSIDER THE APPROVAL OF A RENEWAL OF THE CONTRACT WITH SACRED HEART CATHOLIC SCHOOL FOR A FULL-TIME POLICE OFFICER AT SACRED HEART CATHOLIC SCHOOL FOR FY27.

July 14, 2026

Background:

The City has contracted with Sacred Heart Catholic School for a full time officer since June of 2023. The base term beginning from the effective date of this Agreement through June 15, 2025, followed by four (4) one (1) year annual renewal options to begin on June 16, 2026. Terms of the original contracts allow for yearly extensions through 2028.

Findings:

The Police Department seeks to renew the contract between the city of New Smyrna Beach and Sacred Heart Catholic School for a full-time School Resource Officer for FY27.

Fiscal Analysis:

The cost of the time the School Resource Officer spends at the school during the school year (181 days, or 1,448 hrs.) is split with Volusia County per the contract. This contract pays 45% of the officers' salary for the amount of time they spend at the school. This amount paid by Sacred Heart Catholic School is currently $26,886.46 per contract. Should a pay increase be needed moving forward this change will be reflected in an amended MOU with Sacred Heart Catholic School.

Strategic Plan Item:

No

Memorandum of Understanding - Sacred Heart.pdf
Sacred_heart_2027.pdf

MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING (this "MOU"), is entered into and made effective the 4 day of JANUARY, 2024, by and between **SACRED HEART CATHOLIC SCHOOL**, a not-for-profit corporation organized and existing under the laws of the state of Florida, (hereinafter referred to as the "**School**"), and **CITY OF NEW SMYRNA BEACH**, a municipal corporation existing under the laws of the State of Florida, (hereinafter referred to as the "**City**"). The School and the City are herein collectively referred to as the "Parties" and individually referred to as a "Party."

WHEREAS, the School finds and determines that a Safe School Security Program provided and coordinated by the City, through the New Smyrna Beach Police Department is in the best interest of the School; and

WHEREAS, the School believes that this MOU with the City will provide a safe and secure environment for the School while fostering a better relationship between citizens, students and law enforcement, and will result in a diminution of crime and delinquency; and

WHEREAS, the School requests and the City desires to establish a partnership to provide experienced law enforcement leadership and services for the School, where the New Smyrna Beach Police Department shall work in coordination with the School to direct and provide consistent law enforcement direction, guidance and leadership; and

WHEREAS, in accordance with the provisions of Section 1006.12 Florida Statutes, enacted as part of Chapters 2018-3 and 2019-22, Laws of Florida as the Marjory Stoneman Douglas High School Public Safety Act and its subsequent amendments, the School shall partner with the City to assign a certified law enforcement officer assigned as a School Safety Officer at the Sacred Heart Catholic School, facilities; and

WHEREAS, in accordance with the Marjory Stoneman Douglas High School Public Safety Act, the School and the City believe that this partnership will improve communication among local law enforcement entities, the Florida Department of Juvenile Justice, the Florida Department of Children and Families, the Florida Department of Law Enforcement, community behavioral health providers and the Volusia Public School District, to increase school and district security efforts and services, provide prevention/intervention strategies and provide/expand

opportunities for safety and security training and awareness for the School's staff members, as well as the faculty and students attending the schools under the jurisdiction of the School and the parents of such students.

NOW, THEREFORE, in consideration of the covenants and promises made below, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **Recitals.** The recitals set forth above are true and correct and are hereby incorporated into this MOU.

2. **Term.** The term of this Agreement is for a base term beginning from the effective date of this Agreement through June 15, 2025, followed by four (4) one (1) year annual renewal options to begin on June 16, 2025. The renewals are subject to the agreement of the Parties. The performance periods of the Agreement shall begin and end on dates separately outlined by the Parties, unless earlier terminated as provided herein.

3. **Performance Period.** The performance period outline for the remainder of the 2023/2024 (January 4th-May 31st, 2024)school year and beginning of the 2024/2025 (August 7th – October 31st, 2024 school year, prior to the City of New Smyrna Beach enacting their fiscal year (for a total of 150 school contract days) and November 1st, 2024 through May 31st, 2025 (for a total of 125 school contract days) shall be provided to the City by the School and finalized by the Parties in conjunction with the effective date of this Agreement. The performance period outline for each of the subsequent school years (for a total of 181 school contract days per year) shall be finalized by the Parties no later than 60 days prior to the beginning of each school year.

4. **Services.**

   (a) The City shall assign to the School one (1) Full- time School Safety Officer (the "SSO"), a sworn and certified law enforcement officer, to work full-time at the School, through the last day of the 2023/2024 school year and August 7th- October 31st, 2024, eight (8) hours per day, for a total of 150 school contract days, the performance of which shall be set forth by the parties in the performance period outline.

   (b) Thereafter, the City shall assign one (1) Full- time School Safety Officer (the "SSO"), a sworn and certified law enforcement officer, to work full-

time at the School for eight (8) hours per day, beginning on the first day of City's fiscal year and ending on the last day of the school year for a total of 125 school contract days, the performance of which will be set forth by the parties in the annual performance period outline.

(c) Thereafter, the City shall assign one (1) Full- time School Safety Officer (the "SSO"), a sworn and certified law enforcement officer, to work full-time at the School for eight (8) hours per day, beginning on the first day of school and ending on the last day of the school year for a total of 181 school contract days, the performance of which will be set forth by the parties in the annual performance period outline.

(d) The SSO is assigned to provide security, preparation drills, safety training and safety awareness related programs to the school campus, students, employees, volunteers and visitors. The City shall notify the School of the name and contact information of the SSO assigned to the Sacred Heart Catholic School.

(e) The City, through the City's Chief of Police, shall be responsible for providing law enforcement services as outlined in this MOU, and Appendix "A" to this MOU.

(f) The School and the City shall renegotiate the Consideration Clause of this MOU each renewal term of this MOU.

(g) At all material times, the SSO shall be an employee and agent of the City, subject exclusively to the supervision and control of the City of New Smyrna Beach Police Department Commend Staff as designated by the City's Chief of Police. The Chief of Police or designee will consult with the School President or designee, who is employed by the School relative to the selection of the SSO to be assigned to provide the services set forth in this MOU and as further described in Appendix A, Job Description, attached to this MOU as Appendix A and by this reference incorporated herein. A request of the School to remove a selection by the Chief of Police for the positions of SSO shall not be arbitrary or capricious, and may not be based upon any motivation that relates to the candidate's race, sex, religion or the existence of any physical handicap, it being the express intent that the rejection of any candidate proposed by the City shall not constitute a violation of any state or federal law. The SSO is to consider

the input he or she receives from the School or designee and the City, but in no event shall the SSO take any action or refrain from taking any action that is contrary to the policies and procedures of the New Smyrna Beach Police Department or any provision of Florida or Federal law.

(h) The School shall be provided with an opportunity for input in the evaluation of the SSO, which may cause the City to reassign the SSO if the School reasonably believes that the retention of an SSO is not in the best interest of the School; provided, however, that no such reassignment may be predicated upon any arbitrary, capricious, or discriminatory reason, nor may such reassignment violate any state or federal law.

5. **Consideration Clause:**

(a) The School agrees to reimburse the City a flat rate of $25,387.52, rate of $270.08 per day ($33.76 per hour x 8 hours) per SSO for services to be rendered, which includes the salary, benefits and associated costs of the City for the 150 school contract days remaining in the 2023/2024 school year of January 4th, 2024 - May 31st, 2024 and the start of the 2024/2025 school calendar year until the City has started a new fiscal year; August 7th- October 31st, 2024 to be payable to the City in monthly installments.

School Safety Officer	
Hourly Rate:	$33.76
Billable Hours:	1,200
One (1) SSO at 8 hours, 150 days	$40,512
Total Agreement Flat Rate	$40,512

(b) The School agrees to reimburse the City a discounted rate of $148.54 per day ($18.56 per hour x 8 hours) per SSO for services to be rendered, which includes the salary, benefits and associated costs of the City starting on November 1, 2024 through the remainder of the 2024/2025 school year (125 school contract days), to be payable to the City in monthly installments for service days provided with the City contributing $148.54 per day for agreed upon shared cost for such services.

School Safety Officer	
Hourly Rate:	$33.76

Billable Hours:	1,000
One (1) SSO at 8 hours, 125 days	$33,760
School flat rate reimbursement to City (55% of $33,760)	$18,568
Flat Rate City shared cost contribution (45% of $33,760)	$15,192
Total cost to School	$18,568

(c) Thereafter, the School agrees to reimburse the City a discounted flat rate of $26,886.46 of $26,886.46 per school year with the City contributing $21,998.02, per year, per SSO, for services to be rendered for 181 school contract days, which includes the salary, benefits, and associated costs of the City for, each subsequent school year, as follows:

School Safety Officer	
Hourly Rate:	$33.76
Billable Hours:	1,448
One (1) SSO at 8 hours, 181 days	$48,884.48
School flat rate reimbursement to City (55% of $48,884.48)	$26,886.46
City shared cost contribution (45% of $48,884.48)	$21,998.02
Total annual cost to School	$26,886.46

(d) The City shall be responsible for making salary payments and providing benefits to the SSO as an employee of the City.

(e) The School shall reimburse the City on the last day of each month.

(f) The School shall provide the SSO with appropriate work space, as needed and as-available, clerical support and supplies necessary to perform the assigned duties to support the Safe School Program in accordance with the Marjory Stoneman Douglas High School Public Safety Act, to included programs utilized by the School Board shall be provided to ensure the sharing of critical information and comply with all laws, rules, regulations to include HIPAA and FERPA.

6. **City Responsibilities.**

(a) The City shall provide the SSOs with all law enforcement equipment and training related to the services to be provided. All equipment issued to the SSO shall be the sole property of the City.

(b) The SSO shall be responsible for the duties as approved by the Chief and the School as referenced within this MOU.

(c) The SSO shall comply with the provisions specified in Section 1006.12, Florida Statutes (the School Safety Officer Program).

7. **Reporting Crimes and Delinquent Acts.** The School and the City shall adhere to § 1006.12 F.S. titled, School Safety Officer, and § 1006.13 F.S. titled Policy of Zero Tolerance for Crime and Victimization. Accordingly, it is agreed by the parties that school personnel will report to the School Safety Officer all delinquent acts and crimes occurring whenever students are under the jurisdiction of the school. Where a SSO is not present or available, a report shall be provided to the appropriate law enforcement agency and a copy of such report shall be provided to the School Safety Officer.

8. **Discipline:** School members or any employee under the jurisdiction of the School shall not conduct an internal or administrative investigation, inquiry of alleged improper conduct or maintain a database of any such concerns or allegations regarding any employee of the City. Any performance complaints, concerns or allegations of improper conduct shall be forwarded immediately upon receipt by the School or designee to the City's Chief of Police. At no time shall the School delay such conduct allegation notification for more than five (5) days.

9. **Schedule.** After consultation and approval of the City, the School Principal, may request an SSO to adjust their respective schedule as appropriate and may assign an SSO to duties outside of regular school hours, such as participating in extracurricular school events, chaperoning school field trips, project graduation, Student Council, graduation ceremonies or other after school activities, collectively referred to as the "School Activities." Any such request shall not conflict with City of New Smyrna Beach Policies, the SSO's respective Collective Bargaining Agreement, or result in overtime expenses to either the City or the School other than those contemplated in the Consideration clause of this MOU. Such requests require authorization by the City or designee prior to implementation. The School will not compensate an SSO in any capacity outside of the Consideration Clause as otherwise referenced within this MOU. School Activities will be under the supervision of School personnel. School Activities do not include "Additional Events" such as, but

not limited to: basketball games, soccer games, baseball games, softball games, track events, band competitions, dances, Parent Teacher Organization meetings, or Faculty meetings, etc. Additional Events shall be considered outside of the scope of this MOU. If security services are desired at any Additional Event, a separate Off-Duty detail agreement for specific security services is required unless otherwise authorized by the City or designee.

Outside detail activates such as after-hours sporting events or extracurricular activities will be billed as the rate of $48.00 per hour for services provided by Officers and shall be funded one hundred (100%) by the school, for a minimum. of three (3) hours.

It is agreed that during a natural disaster or anytime the State Governor or the Office of the Superintendent of School declares an emergency for public safety and the suspension of the schools for the duration of time and the school chooses to close, The SSO services shall deduct the days from the billable hours to the school.

10. **Emergency Circumstances.** During critical incidents, such as, but not limited to, natural disasters or declared emergencies by the federal government, Governor of Florida, Volusia County Commission, Volusia County Emergency Operations Center Policy Group, or City of New Smyrna Beach City Commission; the Parties shall discuss the specific role and activities of the SSO to accomplish the needs of the School and the City throughout the time period of the critical incident, but at no time can either Party fail to fulfill the respective obligations by each Party as contained in this MOU and Appendix "A" to include funding, without a mutually agreed written agreement.

11. **Alternative assignments.** At any time during the school year when students are not in school, or at the conclusion of the regular school year, the SSO may be assigned other law enforcement duties by the Chief of Police or designee. The Chief shall direct that such School Safety Officer works a full-time schedule on all days that school is in session, subject to illness, training, court appearances, and vacation entitlements of such SSO. The City reserves the right to direct school safety officer to perform emergency functions off of the campus of the School, but the City shall not exercise said right unless an emergency exists wherein there is imminent danger of bodily injury or death, necessitating the intervention of the SSO. To ensure student safety and uninterrupted coverage, the Chief of Police shall assign a replacement law enforcement officer, on a temporary, as-needed basis, in the event of any absence of the SSO, for the duration of the period of absence. The Chief of Police or Designee shall advise the School President of the name of any replacement SSO assigned to provide services under this Agreement.

12. **Uniform.** At all material times, the SSO shall wear the City of New Smyrna Beach Officer uniform and assigned equipment as designated by the New Smyrna Beach Police Department. No other clothing is permitted while performing the duties as approved by the City and the School and referenced in this MOU or the appendices attached to this MOU unless specifically authorized by the Chief of Police or designee.

13. **Liability.** The Parties agree that each Party shall be responsible for any economic damages that result from the negligence or intentional acts of such Party or such Party's employees, officers, agents or attorneys. Each party agrees to be fully responsible for its own acts or omissions and its own agents, contractors, servants, employees, licensees, or invitees, and any acts of negligence, or its agents' acts of negligence when acting within the scope of their employment and agrees to be liable for any damages resulting from said negligence. Each Party shall indemnify and save the other Party harmless from and against, and shall reimburse the indemnified Party for, all liabilities, obligations, damages, fines, penalties, claims, demands, costs, charges, judgments and expenses, whether founded in tort, contract, or otherwise, including attorney's fees and costs for any act or neglect of the indemnifying Party in connection with the respective Party's obligation under this Agreement.

14. **Sovereign Immunity.** The provisions of this MOU are in no event intended to constitute a waiver of, or in any way affect or impinge, the rights, privileges and immunities of any Party provided or arising pursuant to the provisions of Section 768.28, Florida Statutes, as amended from time to time, or any corresponding provisions of law.

15. **Entire Agreement.** This MOU and respective Appendix "A" constitute the entire agreement between the Parties and contains all of the agreements described herein between the Parties with respect to the subject matter contained herein. This MOU supersedes all other agreements, either oral or in writing, between the Parties hereto with respect to the subject matter of this MOU and respective Appendix "A".

16. **Modification of Agreement**. No provision of this MOU may be changed or modified except by written agreement signed by the Parties.

17. **Authority to enter into Agreement.** The Parties acknowledge that, by the signing of this MOU, they have the right, power, legal capacity, and authority to enter into, and perform their respective obligations under this MOU, and no

approvals or consents of any persons other than the Parties are necessary in connection with this MOU.

18. **Assignment.** The Parties shall not assign nor transfer their respective obligations under this MOU, but this MOU shall continue in full force and effect notwithstanding the appointment of who may succeed the Chief of Police in office. This MOU shall be binding on the Parties' respective successors.

19. **Severability.** To the extent that any provision of this MOU shall be determined by a court of competent jurisdiction to be invalid or unenforceable, such provision shall be deleted from this MOU, and the validity and enforceability of the remainder of such provision, if any, and of this MOU shall be unaffected.

20. **Venue.** This MOU shall be subject to and governed by the laws of the State of Florida, without regard to that state's conflict of laws principles. Venue for any action to interpret or enforce this MOU or that otherwise arises out of this MOU, shall lie exclusively in the appropriate state court in and for Volusia County, Florida.

21. **Execution in Counterparts.** This MOU may be executed simultaneously in two or more counterparts, each of which shall be an original, but all of which together shall constitute one and the same instrument.

22. **Failure to deliver funds.** Notwithstanding any provisions in this MOU to the contrary, if the School does not provide funding to the City to provide services pursuant to this MOU or any appendix contained or referenced, the City may terminate this MOU without incurring any further liability or obligations of the City to the School.

23. **Termination.** Either Party may terminate this MOU, with or without cause, upon sixty (60) days' written notice to the other Party of its desire to terminate this MOU. Any termination of this MOU that results in overpayment to the City will result in the return of funds to the School equal to the proportionate amount of time remaining in the MOU. Any termination of this MOU that results in an underpayment to the City will result in the payment of funds to the City equal to the proportionate amount of time remaining in the MOU.

24. **Notice.** Any notice, request, demand, consent, approval or other communication required or permitted under this Agreement (collectively a "notice") shall be (a) in writing; and (b) personally delivered or mailed by certified or registered U.S. Mail, postage prepaid, return receipt requested, or by a nationally

recognized overnight delivery service, such as Federal Express, DHL or UPS, addressed by the sender to the other party at address in the manner set forth below:

If to CITY:
City Manager
210 Sams Avenue
New Smyrna Beach, Florida 32168

With a copy to:
Carrie Avallone, Esq.
City Attorney
210 Sams Avenue.
New Smyrna Beach, FL 32118

If to SCHOOL:
Sacred Heart Catholic School
Attn: Principal, Elizabeth Labreche

25. **Public Record.** The Parties acknowledge that many of their communications and documentation pertaining to this MOU may contain sensitive security information that is confidential and exempt from public records disclosure requirements in accordance with Section 281.301, Florida Statutes, and Section 119.071(3), Florida Statutes. Each Party acknowledges and agrees that it will comply with all aspects of Florida law relative to this MOU, including, but not limited to, the provisions of Chapters 119 and 281, Florida Statutes, pertaining to security systems / features, personnel schedules, duties, assignments, security personnel numbers, plans, records, and meetings that may be exempt from public access or disclosure.

If the School has questions regarding the application of Chapter 119 and 281, Florida Statutes, to the School's duty to provide public records relating to this MOU, the School shall contact the City Clerk Custodian of Records Kelly McQuillen) at 386-410-2630, kmcquillen@cityofnsb.com. City Clerk Office, Attention: Records, 210 Sams, New Smyrna, Florida 32168.

If the City has questions regarding the application of Chapter 119 and 281, Florida Statutes, to the City's duty to provide public records relating to this MOU, the City shall contact the School's Custodian of Records.

IN WITNESS WHEREOF, the authorized representatives of the each of the Parties hereto sign this MOU below on the date specified below, but in all events effective on the date of the last signature.

School Safety Officer (SSO)

ESSENTIAL JOB FUNCTIONS:

Below are examples and are intended only as illustration of the various types of work performed in positions allocated to this class. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or logical assignment to the position.

- Serve as a law enforcement officer of the State of Florida as authorized by F.S. 943.13, to include the pursuit, apprehension, and arrest of law violators or suspected law violators.
- To enhance the security, protection, and safety of school personnel, property, students, and visitors at the School and improve the security of school campuses.
- Maintain a presence, and monitor traffic control, during the mornings for student arrival and during the afternoons for student dismissal, assisting as needed.
- To develop and promote positive relationships between students and law enforcement officers.
- To foster a better understanding of law enforcement officers in the community.
- To develop positive concepts of law enforcement.
- To identify and prevent delinquent behavior through counseling and referral.
- To aid and support for victims of crime identified within the school setting, including abused children.
- To develop a better appreciation of citizenship, citizens' rights, obligations, and responsibilities.
- To provide information about crime prevention.
- To enhance knowledge of the fundamental concepts and structure of the law.
- To provide materials and consultative assistance to teachers and parents on various law education topics.
- Perform the assigned law enforcement duties to support the Safe School Program in accordance with the Marjory Stoneman Douglas High School Public Safety Act including aiding in the prevention or abatement of active assailant incidents on school premises.
- SSO shall participate as a Behavioral Threat Assessment Team Member at all threat assessment meetings located at the school. As a Behavioral Threat Assessment Team member, the SSO may assist the school in gathering

information, evaluating facts, and helping to make institutional determinations, such as whether a health or safety emergency exists, and how the school should respond.

- Shall report to the School President or designee immediately, any acts which pose a threat to school safety or any crime which the SSO has direct knowledge of, or later becomes aware of.
- School President or designee and SSO shall work cooperatively to promote a safe and supportive learning environment in the School by protecting students and staff from conduct that poses a threat to school safety.
- The SSO will engage with students in the following ways: before school during student arrival, between class breaks and during lunch periods, after school during student dismissal.
- The SSO shall report to the School President daily. The SSO shall be assigned specifically to the school during all regular school days. If the SSO is called away from the school for a substantial portion of the school day, the SSO shall notify the School President and provide the School President or designee with a means of contacting the SSO or the appropriate law enforcement agency.
- If the SSO witnesses inappropriate or unacceptable activity on campus, they will report the incident to the school administration and as appropriate, take law enforcement action. Both Police Department and school administrative procedures shall be followed. In the event of a policy conflict, Police Department's policy and procedure shall prevail. If arrest is necessary, the SSO will be called to execute proper law enforcement procedure. If possible, the SSO should coordinate arrest and other operational strategies with the School President.
- Should it become necessary for the SSO to conduct a formal law enforcement interview with a student, the School President and parents shall be notified and Florida State Statutes and Police Department policy shall be followed.
- The SSO will attend parent, faculty, and staff meetings, as a part of the school administrative team, and to develop support and cultivate an understanding of the SSO program and to provide education and awareness of the safety and security measures available.
- As determined by the Chief of Police, the SSO shall submit activity reports to be reviewed by the School President and the Chief of Police.
- If, in the opinion of the School President, the SSO is no longer effective in his or her role as an SSO, the School President may request the reassignment of the school resource officer from their duties at school. In such cases, the following procedure should be followed:

A. The School President shall notify the Chief or designee of the concerns and meet with the SSO, and the SSO's direct law enforcement supervisor (Sergeant) and express the concerns and needs of the school. The School President will work collaboratively with the SSO and SSO's law enforcement supervisor to clearly identify in writing the expectations, as well as the SSO's related duties and responsibilities. As appropriate, the SSO's law enforcement supervisor (Sergeant) may implement a written improvement action plan.

B. If, after reasonable review and discussion between the SSO, the SSO's law enforcement supervisor, the Chief of Police and the School President has occurred, and in the opinion of the School President the SSO's effectiveness remains questionable, the School President shall notify the Chief of Police or designee to request the SSO be reassigned from their position at their assigned school.

MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING (this "MOU"), is entered into and made effective the 10 day of August, 2026 6, by and between **SCARED HEART CATHOLIC SCHOOL, a** not-for-profit corporation organized and existing under the laws of the state of Florida, (hereinafter referred to as the "School"), and **CITY OF NEW SMYRNA BEACH, a** municipal corporation existing under the laws of the State of Florida, (hereinafter referred to as the **"City").** The School and the City are herein collectively referred to as the "Parties" and individually referred to as a "Party."

WHEREAS, the School finds and determines that a Safe School Security Program provided and coordinated by the City, through the New Smyrna Beach Police Department is in the best interest of the School; and

WHEREAS, the School believes that this MOU with the City will provide a safe and secure environment for the School while fostering a better relationship between citizens, students and law enforcement, and will result in a diminution of crime and delinquency; and

WHEREAS, the School requests and the City desires to establish a partnership to provide experienced law enforcement leadership and services for the School, where the New Smyrna Beach Police Department shall work in coordination with the School to direct and provide consistent law enforcement direction, guidance and leadership; and

WHEREAS, in accordance with the provisions of Section 1006.12 Florida Statutes, enacted as part of Chapters 2018-3 and 2019-22, Laws of Florida as the Marjory Stoneman Douglas High School Public Safety Act and its subsequent amendments, the School shall partner with the City to assign a certified law enforcement officer assigned as a School Safety Officer at the Sacred Heart Catholic School, facilities; and

WHEREAS, in accordance with the Marjory Stoneman Douglas High School Public Safety Act, the School and the City believe that this partnership will improve communication among local law enforcement entities, the Florida Department of Juvenile Justice, the Florida Department of Children and Families, the Florida Department of Law Enforcement, community behavioral health providers and the Volusia Public School District, to increase school and district security efforts and services, provide prevention/intervention strategies and provide/expand

opportunities for safety and security training and awareness for the School's staff members, as well as the faculty and students attending the schools under the jurisdiction of the School and the parents of such students.

NOW, THEREFORE, in consideration of the covenants and promises made below, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **Recitals.** The recitals set forth above are true and correct and are hereby incorporated into this MOU.

2. **Term.** The term of this Agreement is for a base term beginning from the effective date of this Agreement through June 15, 2025, followed by four (4) one (1) year annual renewal options to begin on June 16, 2026. The renewals are subject to the agreement ofthe Parties. The performance periods of the Agreement shall begin and end on dates separately outlined by the Parties, unless earlier terminated as provided herein.

3. **Performance Period.** The performance period the school year and beginning of the 2026/2027 (August 10th – May 30, 2027 school year). The performance period outline for each of the subsequent school years (for a total of 181 school contract days per year) shall be finalized by the Parties no later than 60 days prior to the beginning of each school year.

4. **Services.**

(a) The City shall assign to the School one (1) Full- time School Safety Officer (the "SSO"), a sworn and certified law enforcement officer, to work full time at the School, through the school year and August 10th- May 30th 2027, eight (8) hours per day, for a total of 181 school contract days, the performance of which shall be set forth by the parties in the performance period outline.

(b) Thereafter, the City shall assign one (1) Full- time School Safety Officer (the "SSO"), a sworn and certified law enforcement officer, to work full-time at the School for eight (8) hours per day, beginning on the first day of City's fiscal year and ending on the last day of the school year for a total of 181 school contract days, the performance of which will be set forth by the parties in the annual performance period outline.

(c) Thereafter, the City shall assign one (1) Full- time School Safety Officer (the "SSO"), a sworn and certified law enforcement officer, to work full-time at the School for eight (8) hours per day, beginning on the first day of school and ending on the last day of the school year for a total of 181 school contract days, the performance of which will be set forth by the parties in the annual performance period outline with the principal approval and coordination.

(d) The SSO is assigned to provide security, preparation drills, safety training and safety awareness related programs to the school campus, students, employees, volunteers and visitors. The City shall notify the School of the name and contact information of the SSO assigned to the Sacred Heart Catholic School.

(e) The City, through the City's Chief of Police, shall be responsible for providing law enforcement services as outlined in this MOU, and Appendix "A" to this MOU.

(f) The School and the City shall renegotiate the Consideration Clause of this MOU each renewal term of this MOU.

(g) At all material times, the SSO shall be an employee and agent of the City, subject exclusively to the supervision and control of the City of New Smyma Beach Police Department Commend Staff as designated by the City's Chief of Police. The Chief of Police or designee will consult with the School President or designee, who is employed by the School relative to the selection of the SSO to be assigned to provide the services set forth in this MOU and as further described in Appendix A, Job Description, attached to this MOU as Appendix A and by this reference incorporated herein. A request of the School to remove a selection by the Chief of Police for the positions of SSO shall not be arbitrary or capricious, and may not be based upon any motivation that relates to the candidate's race, sex, religion or the existence of any physical handicap, it being the express intent that the rejection of any candidate proposed by the City shall not constitute a violation of any state or federal law. The SSO is to consider the input he or she receives from the School or designee and the City, but in no event shall the SSO take any action or refrain from taking any action that is contrary to the policies and procedures of the New Smyrna Beach Police Department or any provision of Florida or Federal law.

(h) The School shall be provided with an opportunity for input in the evaluation of the SSO, which may cause the City to reassign the SSO if the School reasonably believes that the retention of an SSO is not in the best interest of the School; provided, however, that no such reassignment may be predicated upon any arbitrary, capricious, or discriminatory reason, nor may such reassignment violate any state or federal law.

5. <u>Consideration Clause:</u>

(a) the School agrees to reimburse the City a discounted flat rate of $26,886.46 of $26,886.46 per school year with the City contributing $21,998.02, per year, per SSO, for services to be rendered for 181 school contract days, which includes the salary, benefits, and associated costs of the City for, each subsequent school year, as follows:

School Safety Officer	
Hourly Rate:	$33.76
Billable Hours:	1,448
One (1) SSO at 8 hours, 181 days	$48,884.48
School flat rate reimbursement to City (55% of $48,884.48)	$26,886.46
City shared cost contribution (45% of $48.884.48)	$21,998.02
Total annual cost to School	$26,886.46

(b) The City shall be responsible for making salary payments and providing benefits to the SSO as an employee of the City.

(c) The City shall be responsible for payment request on the last day of each month.

(d) The School shall provide the SSO with appropriate work space, as needed and as-available, clerical support and supplies necessary to perform the assigned duties to support the Safe School Program in accordance with the Marjory Stoneman Douglas High School Public Safety Act, to included programs utilized by the School Board shall be provided to ensure the

sharing of critical information and comply with all laws, rules, regulations to include HIPAA.

6. **City Responsibilities.**

(a) The City shall provide the SSOs with all law enforcement equipment and training related to the services to be provided. All equipment issued to the SSO shall be the sole property of the City.

(b) The SSO shall be responsible for the duties as approved by the Chief and the School as referenced within this MOU.

(c) The SSO shall comply with the provisions specified in Section 1006.12, Florida Statutes (the School Safety Officer Program).

7. **Reporting Crimes and Delinquent Acts.** The School and the City shall adhere to § 1006.12 F.S. titled, School Safety Officer, and§ 1006.13 F.S. titled Policy of Zero Tolerance for Crime and Victimization. Accordingly, it is agreed by the parties that school personnel will report to the School Safety Officer all delinquent acts and crimes occurring whenever students are under the jurisdiction of the school. Where a SSO is not present or available, a report shall be provided to the appropriate law enforcement agency and a copy of such report shall be provided to the School Safety Officer.

8. **Discipline:** School members or any employee under the jurisdiction of the School shall not conduct an internal or administrative investigation, inquiry of alleged improper conduct or maintain a database of any such concerns or allegations regarding any employee of the City except the School may fulfill its obligation to investigate improper conduct of the SRO in relation to students or staff of the School. Any performance complaints, concerns or allegations of improper conduct shall be forwarded immediately upon receipt by the School or designee to the City's Chief of Police. At no time shall the School delay such conduct allegation notification for more than five (5) days.

9. **Schedule.** After consultation and approval of the City, the School Principal, may request an SSO to adjust their respective schedule as appropriate and may assign an SSO to duties outside of regular school hours, such as participating in extracurricular school events, chaperoning school field trips, project graduation, Student Council, graduation ceremonies or other after school activities, collectively referred to as the "School Activities." Any such request shall not conflict with City of New Smyrna Beach Policies, the SSO's respective Collective Bargaining Agreement, or result in overtime expenses to either the City or the School other than those contemplated in the Consideration clause of this MOU. Such requests require

authorization by the City or designee prior to implementation. The School will not compensate an SSO in any capacity outside of the Consideration Clause as otherwise referenced within this MOU. School Activities will be under the supervision of School personnel. School Activities do not include "Additional Events" such as, but not limited to: basketball games, soccer games, baseball games, softball games, track events, band competitions, dances, Parent Teacher Organization meetings, or Faculty meetings, etc. Additional Events shall be considered outside of the scope of this MOU. If security services are desired at any Additional Event, a separate Off-Duty detail agreement for specific security services is required unless otherwise authorized by the City or designee.

Outside detail activates such as after-hours sporting events or extracurricular activities will be billed as the rate of $48.00 per hour for services provided by Officers and shall be funded one hundred (100%) by the school, for a minimum. of three (3) hours.

It is agreed that during a natural disaster or anytime the State Governor or the Office of the Superintendent of School declares an emergency for public safety and the suspension of the schools for the duration of time and the school chooses to close, The SSO services shall deduct the days from the billable hours to the school.

10. **Emergence' Circumstances.** During critical incidents, such as, but not limited to, natural disasters or declared emergencies by the federal government, Governor of Florida, Volusia County Commission, Volusia County Emergency Operations Center Policy Group, or City of New Smyrna Beach City Commission; the Parties shall discuss the specific role and activities of the SSO to accomplish the needs of the School and the City throughout the time period of the critical incident, but at no time can either Party fail to fulfill the respective obligations by each Party as contained in this MOU and Appendix "A" to include funding, without a mutually agreed written agreement.

11. **Alternative assignments.** At any time during the school year when students are not in school, or at the conclusion of the regular school year, the SSO may be assigned other law enforcement duties by the Chief of Police or designee. The Chief shall direct that such School Safety Officer works a full-time schedule on all days that school is in session, subject to illness, training, court appearances, and vacation entitlements of such SSO. The City reserves the right to direct school safety officer to perform emergency functions off of the campus of the School, but the City shall not exercise said right unless an emergency exists wherein there is imminent danger of bodily injury or death, necessitating the intervention of the SSO. To ensure student safety and uninterrupted coverage, the Chief of Police shall assign a replacement law enforcement officer, on a temporary, as-needed basis, in the event

of any absence of the SSO, for the duration of the period of absence. The Chief of Police or Designee shall advise the School President of the name of any replacement SSO assigned to provide services under this Agreement.

12. **Uniform.** At all material times, the SSO shall wear the City of New Smyrna Beach Officer uniform and assigned equipment as designated by the New Smyrna Beach Police Department. No other clothing is permitted while performing the duties as approved by the City and the School and referenced in this MOU or the appendices attached to this MOU unless specifically authorized by the Chief of Police or designee.

13. **Liability.** The Parties agree that each Party shall be responsible for any economic damages that result from the negligence or intentional acts of such Party or such Party's employees, officers, agents or attorneys. Each party agrees to be fully responsible for its own acts or omissions and its own agents, contractors, servants, employees, licensees, or invitees, and any acts of negligence, or its agents' acts of negligence when acting within the scope of their employment and agrees to be liable for any damages resulting from said negligence with the exception that the SCHOOL will not be responsible for any injury suffered by SRO or any other employee, agent, contractor, servant, employee, licensee, or invitee acting on behalf of CITY resulting from aiding in the prevention or abatement of active assailant incidents on or immediately surrounding school premises. Each Party shall indemnify and save the other Party harmless from and against, and shall reimburse the indemnified Party for, all liabilities, obligations, damages, fines, penalties, claims, demands, costs, charges, judgments and expenses, whether founded in tort, contract, or otherwise, including attorney's fees and costs for any act or neglect of the indemnifying Party in connection with the respective Party's obligation under this Agreement with the exception that the SCHOOL will not be responsible for any injury suffered by SRO or any other employee, agent, contractor, servant, employee, licensee, or invitee acting on behalf of CITY resulting from aiding in the prevention or abatement of active assailant incidents on or immediately surrounding school premises.

14. **Sovereign Immunity.** The provisions of this MOU are in no event intended to constitute a waiver of, or in any way effect or impinge the rights, privilages and immunities of any party provided or arisiing pursuant to the provision of Section 768.28, Florida Statutes, as amednded, from time to time, or any corresponding provisions of law.

15. This MOU supersedes all other agreements, either oral or in writing, between the Parties hereto with respect to the subject matter of this MOU and respective Appendix "A".

16. **Modification of Agreement.** No provision of this MOU may be changed or modified except by written agreement signed by the Parties.

17. **Authority to enter into Agreement.** The Parties acknowledge that, by the signing of this MOU, they have the right, power, legal capacity, and authority to enter into, and perform their respective obligations under this MOU, and no approvals or consents of any persons other than the Parties are necessary in connection with this MOU.

18. **Assitinment.** The Parties shall not assign nor transfer their respective obligations under this MOU, but this MOU shall continue in full force and effect notwithstanding the appointment of who may succeed the Chief of Police in office. This MOU shall be binding on the Parties' respective successors.

19. **Severabilit›'.** To the extent that any provision of this MOU shall be determined by a court of competent jurisdiction to be invalid or unenforceable, such provision shall be deleted from this MOU, and the validity and enforceability of the remainder of such provision, if any, and of this MOU shall be unaffected.

20. **Venue.** This MOU shall be subject to and governed by the laws of the State of Florida, without regard to that state's conflict of laws principles. Venue for any action to interpret or enforce this MOU or that otherwise arises out of this MOU, shall lie exclusively in the appropriate state court in and for Volusia County, Florida.

21. **Execution in Counterparts.** This MOU may be executed simultaneously in two or more counterparts, each of which shall be an original, but all of which together shall constitute one and the same instrument.

22. **Failure to deliver funds.** Notwithstanding any provisions in this MOU to the contrary, if the School does not provide funding to the City to provide services pursuant to this MOU or any appendix contained or referenced, the City may terminate this MOU without incurring any further liability or obligations of the City to the School.

23. **Termination.** Either Party may terminate this MOU, with or without cause, upon sixty (60) days' written notice to the other Party of its desire to terminate this MOU. Any termination of this MOU that results in overpayment to the City will result in the return of funds to the School equal to the proportionate amount of time remaining in the MOU. Any termination of this MOU that results in an underpayment to the City will result in the payment of funds to the City equal to the proportionate amount of time remaining in the MOU.

24. **Notice.** Any notice, request, demand, consent, approval or other communication required or permitted under this Agreement (collectively a "notice") shall be (a) in writing; and (b) personally delivered or mailed by certified or registered U.S. Mail, postage prepaid, return receipt requested, or by a nationally recognized overnight delivery service, such as Federal Express, DHL or UPS, addressed by the sender to the other party at address in the manner set forth below:

25. Public Record. The Parties acknowledge that many of their communications and documentation pertaining to this MOU may contain sensitive security information that is confidential and exempt from public records disclosure requirements in accordance with Section 281.301, Florida Statutes, and Section 119.071(3), Florida Statutes. Each Party acknowledges and agrees that it will comply with all aspects of Florida law relative to this MOU, including, but not limited to, the provisions of Chapters 119 and 281, Florida Statutes, pertaining to security systems / features, personnel schedules, duties, assignments, security personnel numbers, plans, records, and meetings that may be exempt from public access or disclosure.

If the School has questions regarding the application of Chapter 119 and 281, Florida Statutes, to the School's duty to provide public records relating to this MOU, the School shall contact the City Clerk Custodian of Records Sharon Taylor-Harding at 386- 410-2630, staylor-harding@cityofnsb.com. City Clerk Office, Attention: Records, 210 Sams, New Smyrna, Florida 32168.

If the City has questions regarding the application of Chapter 119 and 281, Florida Statutes, to the City's duty to provide public records relating to this MOU, the City shall contact the School's Custodian of Records.

IN WITNESS WHEREOF, the authorized representatives of the each ofthe Parties hereto sign this MOU below on the date specified below, but in all events effective on the date of the last signature.

ESSENTIAL JOB FUNCTIONS:

Below are examples and are intended only as illustration of the various types of work performed in positions allocated to this class. The omission of specific statements of duties does not exclude them from the position ifthe work is similar, related or logical assignment to the position.

- Serve as a law enforcement officer of the State of Florida as authorized by F.S. 943.13, to include the pursuit, apprehension, and arrest of law violators or suspected law violators.
- To enhance the security, protection, and safety of school personnel, property, students, and visitors at the School and improve the security of school campuses.
- Maintain a presence, and monitor traffic control, during the mornings for student arrival and during the afternoons for student dismissal, assisting as needed.
- To develop and promote positive relationships between students and law enforcement officers.
- To foster a better understanding of law enforcement officers in the community.
- To develop positive concepts of law enforcement.
- To identify and prevent delinquent behavior through counseling and referral in coordination with the Principal.
- To aid and support for victims of crime identified within the school setting, including abused children.
- To develop a better appreciation of citizenship, citizens' rights, obligations, and responsibilities.
- To provide information about crime prevention.
- To enhance knowledge of the fundamental concepts and structure of the law.
- To provide materials and consultative assistance to teachers and parents on various law education topics.
- Perform the assigned law enforcement duties to support the Safe School Program in accordance with the Marjory Stoneman Douglas High School Public Safety

Act including aiding in the prevention or abatement of active assailant incidents on school premises.

- SSO shall participate as a Behavioral Threat Assessment Team Member at all threat assessment meetings located at the school. As a Behavioral Threat Assessment Team member, the SSO may assist the school in gathering information, evaluating facts, and helping to make institutional determinations, such as whether a health or safety emergency exists, and how the school should respond.
- Shall report to the School President or designee immediately, any acts which pose a threat to school safety or any crime which the SSO has direct knowledge of, or later becomes aware of.
- School President or designee and SSO shall work cooperatively to promote a safe and supportive learning environment in the School by protecting students and staff from conduct that poses a threat to school safety.
- The SSO will engage with students in the following ways: before school during student arrival, between class breaks and during lunch periods, after school during student dismissal.
- The SSO shall report to the School President daily. The SSO shall be assigned specifically to the school during all regular school days. If the SSO is called away from the school for a substantial portion of the school day, the SSO shall notify the School President and provide the School President or designee with a means of contacting the SSO or the appropriate law enforcement agency.
- If the SSO witnesses inappropriate or unacceptable activity on campus, they will report the incident to the school administration and as appropriate, take law enforcement action. Both Police Department and school administrative procedures shall be followed. If arrest is necessary, the SSO will be called to execute proper law enforcement procedure. If possible, the SSO should coordinate arrest and other operational strategies with the School President.
- Should it become necessary for the SSO to conduct a formal law enforcement interview with a student, the School President and parents shall be notified and Florida State Statutes and Police Department policy shall be followed.
- The SSO may attend parent, faculty, and staff meetings, as a part of the school administrative team, and to develop support and cultivate an understanding of the SSO program and to provide education and awareness of the safety and security measures available.
- As determined by the Chief of Police, the SSO shall submit activity reports to be reviewed by the School Principal and the Chief of Police.
- If, in the opinion of the School President, the SSO is no longer effective in his or her role as an SSO, the School President may request the reassignment of the

school resource officr from their duties at school. In such cases, the following procedure should be followed:

A. The School President shall notify the Chief or designee of the concerns and meet with the SSO, and the SSO's direct law enforcement supervisor (Sergeant) and express the concerns and needs of the school. The School President will work collaboratively with the SSO and SSO's law enforcement supervisor to clearly identify in writing the expectations, as well as the SSO's related duties and responsibilities. As appropriate, the SSO's law enforcement supervisor (Sergeant) may implement a written improvement action plan.

B. If, after reasonable review and discussion between the SSO, the SSO's law enforcement supervisor, the Chief of Police and the School President has occurred, and in the opinion of the School President the SSO's effectiveness remains questionable, the School President shall notify the Chief of Police or designee to request the SSO be reasslgned from their position at their assigned school.

<b> SIGNS; </B>

Will you be using signs at your event?

Yes

How many signs and what dimensions?

a frame signs, 5

Will you use temporary structures?

Yes

How many tents exceeding 120 square feet or greater?

0

Tent locations and sizes must be included on the site plan.

List the state-certified electrical contractor that will accept responsibility for the quality and code compliance of electrical work performed on behalf of the applicant?

<b> TRAFFIC AND PARKING: </B>

Will normal traffic patterns be altered by the event?

Yes

Will there be any road closures?

Yes

If yes, City Commission approval will be required.

If yes, list road name(s):

Canal Street , Faulkner to Riverside Drive and Magnolia up to Janes Art Center

Will public parking areas, streets, sidewalks, etc., be restricted or obstructed?

Yes

Special Event Application

PORT-O-LETS & SANITATION:

How many Port-O-Lets will be on-site?

0

The location of the Port-O-Lets must be included on the site plan.RECOMMENDATION: One toilet is recommended for every 300 people attending an event. If public toilets are not available at the event site, one ADA accessible toilet is required for the first 300 people, and a minimum of 5% of the restrooms must be ADA accessible. If there is a beer/ alcohol being served at the event, the recommended ratio for toilets per is 1:150 people. Existing park toilets count towards the toilet per anticipated attendee ratio. If dumpster service is needed it is required that refuse service be provided through the Cityâ€™s Public Works Department. The dumpster service, fee schedule, and information pertaining to recycling can be obtained by contacting the Public Works Department at 386-424-2212. Payment arrangements should be made prior to the event though the Public Works Department. Trash receptacles and recycling containers are to be provided by the applicant and must be located not only on event grounds, but in parking areas as well. Event grounds must be completely cleared of trash and all receptacles removed by the end of the event and is the sole responsibility of the applicant.

I acknowledge the above Port-O-Lets & Sanitation requirements:

yes

SECURITY/EMERGENCY FIRE/MEDICAL SERVICES:

What are your plans for providing security at the event?

NSB police

The New Smyrna Beach Police and Fire Department will evaluate the events security measures to determine if the measures are sufficient to run a safe event. The New Smyrna Beach Police and Fire Department reserve the right to require additional security measures.There will be a minimum requirement of five (5) business days to evaluate the event requirements.NOTE: All events held on City/Public property require the use of City Police and Fire personnel if additional security measures are required.

CONFIRMATION:

Event Contact Information: Please provide the name of the contact person who will be available on-site at all times. Depending on the length of the event, this may require several people. Please list the contact person for each period of time.

THE CITY OF NEW SMYRNA BEACH - PARKING MOBILITY

CONSIDER THE APPROVAL OF AN INTERLOCAL AGREEMENT FOR RECIPROCAL PARKING AND PARKING DATABASE INFORMATION SHARING WITH VOLUSIA COUNTY AND PARK VOLUSIA.

July 14, 2026

Background:

Paid beach parking and annual resident parking passes were introduced in the City in 2013. Since then, residents wishing to park in beach parking areas have been required to pay a fee because those parking facilities are owned and operated by Volusia County.

In October 2024, Volusia County launched the Park Volusia program, which allows county residents to register for a free parking pass for beach and county-owned off-beach parking lots. While this program provided an additional benefit for residents, it also created confusion because parking passes were not reciprocal between City and County parking facilities.

In the final report from the New Smyrna Beach Parking Task Force, it was recommended that the City work with partner agencies to improve the overall parking experience for both residents and visitors. This new agreement is intended to accomplish that goal.

Highlights of the Agreement

County Permit Additions – To ensure a smooth transition, existing City parking pass holders who do not already have a Park Volusia permit will be grandfathered into the Park Volusia system through December 31, 2026.

Park Volusia Registration – Individuals who do not already have a Park Volusia account will be required to register with the County.

Reciprocal Parking Access – City parking passes will be valid in County parking areas, and County parking passes will be valid in City parking areas. (Note: The County Parks Pass will remain a separate program.)

Unified Pass Issuance – All new parking passes (excluding FIND Boat Ramp passes) will be issued through the Park Volusia system and will be valid in both City and County parking areas.

County Renewal Policy – The County's renewal policy will apply, allowing for two automatic renewals before a pass must be re-registered.

Findings:
Staff recommends the approval of a Interlocal Agreement for Reciprocal Parking and Parking Database Information Sharing with Volusia County and Park Volusia.

Agreement will also need to be approved by Volusia County Commission.

Fiscal Analysis:

There are no direct costs to the City associated with entering into this agreement. There may be a slight reduction in parking citation revenue, as individuals with a County parking pass occasionally receive citations because they are unaware that a separate New Smyrna Beach parking pass is required to park in City-owned lots. By combining the permit databases and creating reciprocal parking privileges, these citations would largely be eliminated.

In addition, the City would discontinue the sale of non-resident annual parking passes. Non-residents wishing to purchase an annual parking pass would instead be directed to the Park Volusia program. So far in FY26, the City sold 170 non-resident annual passes, generating approximately $17,000 in revenue. While this would result in a loss of revenue, the amount is relatively small when weighed against the benefits of providing residents and visitors with a single, unified parking pass system and eliminating confusion regarding where parking is permitted.

There will be no changes to the Boat Ramp Permit program. The City will continue to sell annual boat ramp permits and collect applicable daily fees. Individuals with the new combined City and County parking pass will be able to access the boat ramps at no additional cost.

There will also be no changes to the collection of daily parking fees. The City will continue to manage its parking facilities and retain all revenue generated from daily parking fees and fines.

Strategic Plan Item:
Yes

Interlocal Agreement for Reciprocal Parking

Between New Smyrna Beach and Volusia County

A streamlined permit process to reduce confusion and improve reciprocal access.

Prepared for presentation

Background

Residents are currently navigating two separate parking systems.

- Since the rollout of paid parking, residents have been required to obtain separate permits for City and County locations.
- This has created confusion and frustration as users navigate different systems, rules, and policies.
- The Parking Task Force recommended that the City and County work more closely together to simplify the process.

Objective: create a more seamless parking experience for residents and visitors.

Partnership

Representatives from both the City and County met to determine a better, unified process.

New Smyrna Beach + **Volusia County**

Key point

- The agreement is intended to align parking access between the City and County.
- Key implementation details are outlined in the following slides.

Agreement: reciprocal access

The City and County will share parking databases to support reciprocal parking access.

- Individuals with a City parking permit may park in County-owned lots and on-beach parking locations.
- Individuals with a County parking permit may park in City-owned lots and Boat Ramps.
- This eliminates the need for two separate passes for covered locations.
- Through December 31, 2026, City accounts will be manually added to the Park Volusia system.
- Individuals without a County parking account will need to create one before or by January 1, 2027.

Exclusions: Smyrna Dunes Park and Lighthouse Point Park are not included.

Agreement: permit issuance

Both resident and non-resident permit issuance will shift toward Park Volusia while minimizing action for current County permit holders.

City-only annual permits

City-only annual parking permits will be phased out

Current County permits

No action is needed for those who already have a County parking permit. Current renewal dates will stand.

Park Volusia

All annual parking permits will be issued through Park Volusia.

Daily parking passes and FIND Boat Permits issuance are excluded.

Agreement: responsibilities and public information

The agreement keeps operational responsibilities clear while updating public-facing information.

Each entity remains responsible for:

- Enforcement
- Collection of fines
- Daily parking fees

Public information will be updated:

- Signage
- Websites
- Public communications

Intent: keep the new process clear and easy to follow.

Benefits

The agreement is intended to simplify the process and reduce avoidable issues for permit holders.

- A single, unified process for local parking permit needs.
- City permit holders will no longer need to renew at the end of each calendar year.
- Users will receive two automatic renewals, consistent with current County policy.
- Fewer citations for County pass holders who were unaware that a separate City parking pass was required.

Bottom line: a clearer path from permit to parking space.

Rollout

Pending final approvals, the rollout is planned for late Summer / early Fall

- Public communication will be handled by both the City and County.
  - Emails will be sent out to all City Permit holders alerting them of the change.
- Signage, websites, and related public information will be updated to reflect the new process.
- Launch target: late Summer / early Fall 2026

Thank you

INTERLOCAL AGREEMENT FOR
RECIPROCAL PARKING AND
PARKING DATABASE INFORMATION SHARING

THIS INTERLOCAL AGREEMENT FOR RECIPROCAL PARKING AND PARKING DATABASE INFORMATION SHARING (hereinafter "Agreement") is entered into between the COUNTY OF VOLUSIA, (hereinafter "COUNTY"), a body corporate and political subdivision of the State of Florida, whose address is 123 W. Indiana Ave., DeLand, FL 32720 and the CITY OF NEW SMYRNA BEACH, (hereinafter "CITY"), a municipal corporation whose address is 210 Sams Avenue, New Smyrna Beach, FL 32168.

RECITALS

COUNTY has entered into an agreement with Park Volusia for Park Volusia to operate a paid parking system on County-owned or operated properties in the Coastal Areas of Volusia County consisting of vehicle registries and automatic license plate readers (the "Park Volusia System"); and

COUNTY possesses a data base (the "County data base") of users who have registered for either a residential annual pass or a nonresidential annual pass for use on County properties using the Park Volusia system; and

CITY possesses a data base (the "City data base) of users who have registered with the CITY for either a residential annual pass or a nonresidential annual pass for parking on City properties; and

It is the intent of this interlocal agreement for shared application/renewal license plate information and documentation provided by persons to proof of residency, between the CITY and the COUNTY, such that a person who is currently registered for an annual pass with the COUNTY may use the CITY parking areas and a person who is currently registered for an annual pass with the CITY may use COUNTY parking areas; and

The COUNTY's annual pass program provides two automatic renewals before the pass must be re-registered; and

It is the intent of this Agreement that persons, whether resident or non-resident, that wish to receive an annual pass to park in either a CITY parking area or COUNTY parking area register with the COUNTY's parking program; and

This Agreement does not apply to the City of New Smyrna Beach boat ramp passes or allow annual passes or daily parking fees to count towards boat ramp passes; and

This Agreement allows for a more efficient method of providing services to CITY and COUNTY residents.

NOW THEREFORE, the CITY and COUNTY agree as follows:

1. RECITALS. The above recitals are hereby adopted by both parties as statements of purpose and intent.

2. DEFINITIONS. The following terms as used in this Agreement, regardless of how they are described in the CITY's or COUNTY's parking program:
    a. 'Annual pass' means those vehicles, whether owned by a resident or non-resident of the CITY or COUNTY, that are validly registered with either the CITY or COUNTY's parking program for a period of at least one year.
    b. 'Daily parking fee' means the required payment for a vehicle to park in a parking area
    c. 'Parking areas' means those public parking lots and beach approaches designated by the CITY or COUNTY that requires either payment of a daily parking fee or annual pass.
    d. 'Parking permit data' means real time access to query the validity of a parking permit, including necessary license plate information. This definition does not include access the Park Volusia parking permit software, customer personal data, or access to various payment, permit and enforcement software systems.
    e. Park Volusia means the COUNTY's current selected contractor providing the COUNTY with automated paid parking services for off-beach parking, including providing automatic license plate reader technology, as well as managing the COUNTY's paid parking program.

3. CITY Responsibilities:
    a. CITY shall provide COUNTY access to the parking permit data information from for each vehicle that has an annual pass with the CITY.CITY shall allow, or amend CITY's parking program to allow, those vehicles that have an annual pass with the COUNTY's parking program to park in all CITY parking areas during the normal hours of operation where parking is permitted.
    b. CITY shall update language on CITY's websites regarding registration of Annual passes.
    c. CITY shall update existing CITY parking signage to provide that Park Volusia permits are accepted in CITY lots.
    d. CITY will address and be responsible for all citations for parking violations within CITY parking areas.
    e. CITY shall be responsible for selecting the parking payment solution for its parking program. CITY agrees to inform COUNTY of any changes, or additions, to its parking payment solution ensuring that any new payment

solution provider can provide an efficient API for payment validation using license plate data.

4. COUNTY Responsibilities:
    a. COUNTY shall provide CITY with access to parking permit data information from each vehicle that has an annual pass with the COUNTY
    b. COUNTY shall allow, or amend COUNTY's parking program to allow, those vehicles that have an annual pass with the CITY's parking program to park in all COUNTY parking areas during the normal hours of operation where parking is permitted.
    c. COUNTY shall ensure Park Volusia notifies unregistered CITY Annual Pass Holder of the need to create online Park Volusia accounts prior to January 1, 2027. Through December 31, 2026, individual license plates of CITY Annual Pass Holder will be manually added to the Park Volusia system based on a manual review of the CITY records.
    d. COUNTY shall update language on Volusia.org, parkvolusia.org, and permits.parkvolusia.org websites regarding Annual Pass Holders.
    e. COUNTY shall address and be responsible for all citations of parking violations within COUNTY parking areas.
    f. COUNTY shall be responsible for selecting the parking payment solution for its parking program. COUNTY agrees to inform CITY of any changes, or additions, to its parking payment solution ensuring that any new payment solution provider can provide an efficient API for payment validation using license plate data.

5. PROTECTION OF CONFIDENTIAL INFORMATION
    a. Access to parking permit and payment data shall be used solely for the purpose of parking enforcement by current ordinance. Access to the data shall not be shared with any other entity without prior written permission.
    b. CITY and COUNTY shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.

6. TERM AND EFFECTIVE DATE
    a. The effective date of this Agreement is upon the execution of this agreement by the last party.
    b. The Agreement shall remain in effect until terminated pursuant to Section 7 of this Agreement.

7. TERMINATION
    a. This Agreement may be terminated by a party providing one-hundred and eighty (180) days' written notice of termination to the other party.
    b. Those vehicles registered with an annual pass may continue to use the annual pass until the expiration of the pass; provided no renewals or automatic renewals are permitted. This sub-section survives termination of the Agreement.

8. NON-EMPLOYMENT
    a. Nothing in this agreement creates an employment or agency relationship between the COUNTY or the CITY.

9. SOVEREIGN IMMUNITY AND LIABILITY.
    a. NO WAIVER OF IMMUNITY. Pursuant to Section 768.28(19), Florida Statutes, neither the COUNTY nor CITY waives any defense of sovereign immunity, or increase of the limits of their liability, upon entering into this Agreement. This Agreement does not contain any provision that requires one party to indemnify or insure the other party for the other party's negligence or to assume any liability for the other party's negligence. Each party to the Agreement expressly retains all rights, benefits, and immunities of the State of Florida, and particular with respect to Chapter 768, Florida Statutes.
    b. LIMITATION OF LIABILITY. Notwithstanding anything set forth in any article of this Agreement to the contrary, nothing in this Agreement shall be deemed a waiver of immunity or limits of liability of either party beyond any statutory limited wavier of immunity or limits of liability which may have been adopted by the Florida Legislature and any liability of either party for damages shall not exceed the statutory limits of liability regardless of the number or nature of any claim which may arise, including but not limited to, a claim sounding in tort, equity, or contract.
    c. NON-GUARANTEE OF UNINTERRUPTED ACCESS. Neither party can guarantee real time uninterrupted access to parking permit and payment data. The technology systems may experience periodic downtime where systems will be off-line or disruption of internet service will impact the ability to access data from time to time. Neither party shall be liable for any resulting loss of income as a result thereof.

10. INTERLOCAL AGREEMENT.
    a. STATUTE. Pursuant to Section 163.01, Florida Statutes, units of local government have the authority to enter interlocal agreements and exercise

jointly with any other public agency of the state any power, privilege, or authority which they share in common and which each might exercise separately.

b. INTERLOCAL AGREEMENT. This Agreement is deemed an interlocal agreement for purposes of section 163.01, Florida Statutes.

11. MULTIPLE-PARTS.
    a. This Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one in the same instrument.

12. MISCELLANEOUS.
    a. GOVERNING LAW AND VENUE. The Laws of the State of Florida shall govern this Agreement, and venue for any action to enforce the provision of this Agreement shall only be in the Circuit Court in and for Volusia County, Florida. Federal jurisdiction and venue, if applicable, shall only be in the Middle District of Florida, Orlando Division.
    b. NON-WAIVER. Nothing herein shall be construed as waiving any liability limits or other protections or immunities provided by common law or Florida law.
    c. MODIFICATIONS. No provision in this Agreement may be changed, altered, modified, or waived except in writing signed by both parties, which writing shall specifically reference this Agreement and the specific provision which the parties intend to modify or waive.
    d. COMPLETE AGREEMENT. This Agreement sets forth the entire understanding related to the matters set forth herein between the parties and supersedes any and all prior oral or written agreements, understanding, representations, or warranties between the parties, except as specified herein.
    e. SEVERABILITY AND ENFORCEABILITY. Should any provision of this Agreement be declared illegal or unenforceable by any court of competent jurisdiction, such that it cannot be modified to be enforceable, such provision shall immediately become null and void, leaving the remainder of this Agreement in full force and effect.
    f. TERMS. Common nouns and pronouns refer to the singular and plural, identity of the person or persons, firm, or corporation as the context requires. Any reference to statutes or laws will include all amendments, modifications, or replacements of the specific sections and provisions concerned.

g. HEADINGS. All headings herein are inserted only for convenience and ease of reference and are not to be considered in the construction or interpretation of any provision of this Agreement.

h. RECITALS. The paragraphs outlined in the Recitals are true and correct and made a part of this Agreement.

i. NOTICES. Notices, consents, and approvals, which any party shall be required or shall desire to make or give under this Agreement shall be in writing and shall be sufficient only when mailed by certified mail, first class postage affixed addressed as follows:

THE CITY OF NEW SMYRNA BEACH - CITY MANAGER'S OFFICE

CONSIDER THE APPROVAL OF A REAL ESTATE PURCHASE AGREEMENT FOR TURNBULL CREEK CONSERVATION LANDS OWNED BY JAMES E. STEWART REVOCABLE TRUST.

July 14, 2026

Background:

As part of the Turnbull Creek Master Plan and in an effort to meet the objectives of the 2018 $15 million Bond Referendum to acquire conservation properties within the Turnbull Creek Study area, Staff has negotiated and is presenting the attached purchase agreement for consideration. The property, owned by the James E. Stewart Revocable Trust, James E. Stewart, trustee, is located on the north side of Jungle Road, approximately 770 feet east of Turnbull Creek. The property consists of a single, 1.65-acre parcel that is an outparcel to the Turnbull Trace properties that were the first properties purchased through the Turnbull Creek Conservation Program in August 2019. A 2006 phasing plan for Turnbull Trace included this parcel, but it was excluded from later development plans. This parcel remained under separate ownership during the City's acquisition of the Turnbull Trace properties. See attached Exhibits 1 and 2.

The property was identified as Property #68 in the 2019 Turnbull Creek Parcel Evaluation and Prioritization Memo from S&ME, where it was ranked 19 out of 112 for Environmental Significance and 31/112 for Economic Development Potential. It was identified as a Priority 1 for acquisition by the Turnbull Creek Land Preservation Committee at their January 2026 special meeting.

The City had two independent appraisers appraise the property, Heffington & Associates of Daytona Beach, Florida, and Ronald Crouse of Edgewater, Florida. Heffington & Associates initially appraised the property at $6,930, based on the National Wetland Inventory map, which indicated that approximately 79% of the property is wetlands with the uplands behind the wetland, requiring crossing the wetland to develop the uplands (see attached Exhibit 3). Ronald Crouse appraised the property at $236,000, based on the approved Formal Wetland Determination for the adjacent Turnbull Trace Properties, which indicated that the National Wetland Inventory overestimated the wetlands on these properties (again, please refer to attached Exhibit 3). The City's Natural Resource Manager reviewed the property and found it indistinguishable from the adjacent properties, supporting the assumption that the National Wetland Inventory does not accurately map the wetlands on this property. Because of the discrepancy between appraised values and appraisal assumptions, a re-appraisal was requested from Heffington & Associates using the assumption that there are no wetlands on the parcel. The re-appraised value is$200,000, giving an average appraised value of $147,643

between the three appraisals and an average of $218,000 for the two appraisals that assumed no wetlands.

Mr. Stewart has agreed to a purchase price of $150,000.00.

The City's Natural Resource Manager conducted an environmental assessment of the site and observed no indications that there is more than a low probability that Recognized Environmental Conditions are present. The agreement contains provisions that the sellers will pay for the required Title Insurance. The City has the ability to terminate the agreement should the title be unsatisfactory.

Findings:

The property is located within the Turnbull Creek Study area. The agreed upon purchase price ($150,000.00) is 2% above the average of all three appraised value of ($147,643) and 31% below the average of the two appraisals that assumed no wetlands. Acquisition of this property will bring the total acreage of lands acquired through the Turnbull Acquisition program to 233.12 acres. Staff recommends approval of the agreement and authorization for the City Manager to execute all documents necessary to effectuate the acquisition of the properties.

Approve purchase of Turnbull Creek Property #68 (PID 7343-04-19-0130).

Fiscal Analysis:

The $150,000.00 purchase price will be paid from Turnbull Land Acquisition Bond Reserves. After this purchase there will be approximately $3.78 million in cash reserves.

Strategic Plan Item:

Yes

Staff Report Created By: Ralph Miller - Natural Resource Manager

Email: staylor-harding@cityofnsb.com

B. The property is more particularly described in Exhibit "A" attached hereto and incorporation herein by this reference (hereinafter referred to as the "Property"). The Property includes any and all improvements, fixtures, timber, water and minerals located thereon, and any and all appurtenant rights, including but not limited to, riparian rights, timber rights access rights and mineral rights.

C. Seller wishes to sell the Property to Buyer and Buyer wishes to purchase the property from Seller on the terms and conditions set forth in this Agreement.

THE PARTIES AGREE AS FOLLOWS:

1. **Purchase and Sale**. In consideration of an earnest money deposit by Buyer to Seller in the amount of One Hundred and 00/100 Dollars ($100.00) (the "Deposit") and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller agrees to sell and Buyer agrees to buy the Property on the terms and conditions set

forth in this Agreement. The Deposit paid above shall be credit toward the Purchase Price (as defined below). Seller shall return the Deposit to Buyer if the sale of the Property is not completed under this Agreement because of Seller's failure, refusal or inability to perform any of Seller's obligations under this Agreement.

2. **Inspection Period**. The period of time from the effective date of this Agreement through 11th day of August, 2026, shall constitute Buyer's inspection period (the "Inspection Period"). During the Inspection Period, Buyer, through its employees, agents and contractors may enter upon the Property for the purpose of making any inspections and investigations, as Buyer deems appropriate in order to assess the condition of the Property. During the Inspection Period, Buyer may, in its sole discretion, terminate this Agreement by delivering written notice to Seller, prior to the end of the Inspection Period if it deems the survey, status of title, or physical or environmental condition to be unacceptable to Buyer.

3. **Purchase Terms**.

   a. Price. The purchase price for the Property shall be One Hundred and Fifty Thousand and 00/100 Dollars ($150,000.00) (the "Purchase Price") minus any offset applied to surveys and/or environmental inspection completed by buyer.

   b. Method of Payment. The Purchase Price shall be paid at closing by cashier's or bank check or by wire transfer of immediately available funds, subject to credits, prorations and adjustments as provided in this Agreement.

4. **Closing**. In the event Buyer does not terminate this Agreement as permitted herein, the Closing shall take place on or before 28th of August, 2026, at a time and place mutually agreeable to the parties. The closing agent shall be Professional Title Agency, 313 Julia Street, New Smyrna Beach, Florida 32168.

The parties may arrange to close by mail.

Seller shall deliver to Buyer at closing the following documents prepared by Seller's counsel:

a. A special warranty deed to the Property meeting the requirements as to title of Section 6 below, together with a bill of sale for the personal property appurtenant to the Property, if any; and

b. An owner's affidavit attesting to the absence of mechanic's or materialmen's liens, boundary line disputes, proceedings involving Seller which might affect title to the Property, or parties in possession other than the Seller and such lessees or licensees as may be in possession pursuant to ground leases or licenses and meeting the requirements of Section 6, below; and

c. Such other instruments and documents as Buyer's counsel may reasonably request for the purpose of confirming proper and lawful execution and delivery of closing documents and conveyance of the Property to Buyer in accordance with this Agreement, and any of the requirements of the title insurer, including, without limitation, assignments of surviving leases and contracts affecting the Property; and

d. The closing statement.

Possession of the Property shall pass to Buyer at time of closing.

5. **Closing Expenses and Prorations**:

a. Buyer's expenses:

i. Buyer's attorney's fees;

ii. If Buyer obtains financing for this transaction, including financing by the Seller, Buyer shall pay any documentary or other taxes which may be payable on the promissory note, the mortgage or deed of trust, and the recording costs of UCC statements and other security instruments, if any.

b. Seller's expenses:

i. the cost of title examination, preparation of the title insurance commitment, the owner's title insurance premium, and all other costs associated with the preparation and delivery of the owner's title insurance policy, including the costs or fees of the title insurance agency or attorney;

ii. transfer or documentary taxes, if any, on the deed of conveyance;

iii. recording fees, and the cost of preparing all documents necessary to satisfy the requirements of the title insurance commitment or remove encumbrances on Seller's title; and

iv. Seller shall, in accordance with Section 196.295, Florida Statutes, place in escrow with the county tax collector an amount equal to the current taxes prorated to the date of closing, based upon the current assessment and millage rates on the Property.

c. All other expenses, including, without limitation, attorneys' fees, shall be paid by the party incurring the same.

6. **Condition of Title**.

a. Within five (5) days of the effective date of this Agreement, Seller shall provide Buyer a commitment for an ALTA Owner's Title Insurance Policy insuring the marketable title of the Property from James E. Stewart Revocable Trust 2-19-25 and James E. Stewart, Trustee in the amount of the Purchase Price. At closing, the premium for the title insurance policy shall be paid by Seller.

b. Buyer may object to any matter of title that, in the opinion of Buyer, would constitute a title defect or render title unmarketable or uninsurable. Such objections to title shall be specified in writing and deliver to Seller with ten (10) days from the date of receipt of the title commitment by Buyer.

c. In the event Buyer timely notifies Seller of objections to title, Seller shall cure such title defects within thirty (30) days from receipt of notice.

d. If after the exercise of reasonable due diligence Seller is unable to make title to the Property such as is required by Buyer by the closing date, then Buyer shall have the right to:

i. terminate this Agreement, in which case all monies paid by Buyer in accordance with this Agreement shall be returned immediately to Buyer and the parties shall be relieved of any further obligations hereunder;

ii. extend the closing date for up to thirty (30) days to allow Seller additional time to make title to the Property such as is required by the terms of this Agreement; or

iii. elect to accept title to the Property in its existing condition.

7. **Buyer's Right of Entry and Survey**. Buyer may survey the property as it deems necessary, at its sole expense. The legal description in Exhibit "A" shall be changed, if necessary, to conform to the survey and to the requirements of the title commitment. If an accurate boundary survey by Buyer's surveyor discloses any state of facts which materially or adversely affect the insurability of marketability of the title to the Property, same shall be treated in the same manner as a title defect under Section 6 above.

8. **Hazardous Materials and Audit Remediation.** Buyer may conduct any environmental and hazardous materials surveys as it deems necessary, at its sole expense. In the event that a Phase 1 Audit final report states that there is more than a low probability that Recognized Environmental Conditions are present on or beneath the surface of the Property, or further investigation are necessary to determine whether Recognized Environmental Conditions are present ("Unsatisfactory Report"), Buyer may elect to terminate this Agreement by giving notice as required herein, in which event the Seller agrees to return to Buyer the Deposit, and thereafter the parties shall have no further obligations under this Agreement.

   Notwithstanding the foregoing, such notice of termination may be suspended by Buyer if Seller gives notice with ten (10) days of receipt of Buyer's notice of termination, that Seller agrees to promptly carry out, at Seller's sole expense, and with contractors selected or approved by Buyer, all further investigations and remediation of the Property as is necessary to make the Property acceptable to Buyer within a time period acceptable to Buyer. If Seller elects to carry out such further investigation or remediation, the inspection period shall be automatically extended until fifteen (15) days following Buyer's receipt of information from contractors that is satisfactory to Buyer, or letters of "no further action required" from the applicable regulatory agencies, indicating that either there is no more than a low probability that Recognized Environmental Conditions are present on or beneath the surface of the Property, or that the Property has been remediated to Buyer's satisfaction and complies with all governmental regulations.

9. **Representations and Warranties of Seller**. Seller represents and warrants to Buyer that Seller shall have good and marketable fee simple title to the Property by the time of closing. Seller has full power and authority to enter into this Agreement and to convey title to the Property in accordance with this Agreement. No one other than Seller will be in possession of, nor have any right of possession of, any portion of the Property at the time of conveyance to Buyer. If, before the conveyance to Buyer, Seller discovers any information or facts that would materially change the foregoing warranties and representations, Seller shall immediately give notice to Buyer of those facts and information. If the facts which cause any warranty or representation to be inaccurate are not remedied before the date of conveyance to Buyer, Buyer may elect to either:

   a. Terminate this Agreement, in which case Buyer shall have no obligation to accept title to the Property, or

   b. Defer the closing date for a period of up to Thirty (30) days to permit Seller to remedy the problem.

10. **Seller's Promise to Remove Personal Property**. Prior to closing Seller promises to remove or cause to be removed from the Property, at Seller's sole cost and expense, any and all personal property and/or trash, rubbish or any other unsightly or offensive materials thereon, including, but not limited to, any tanks and hazardous substance in tanks, barrels, equipment, pipelines or other containers on the Property, provided that the cost of such removal does not exceed $1,000.

11. **Notices**. All notices pertaining to this Agreement shall be in writing delivered to the parties hereto by hand, email, first class mail, or courier service, in accordance with the information set forth in Recital "A."

12. **Binding on Successors**. This Agreement shall be binding not only upon the parties but also upon their respective heirs, personal representatives, assigns and other successors in interest.

13. **Remedies upon Default**. In the event that Seller defaults in the performance of any of Seller's obligations under this Agreement, Seller shall pay to Buyer the sum of One Thousand and 00/100 Dollars ($1,000.00) as full liquidated damages for Seller's default. In the event that Buyer defaults in the performance of any of Buyer's obligations under this Agreement, Buyer shall pay to Seller the sum of One Thousand and 00/100 Dollars ($1,000.00) as full liquidated damages for Buyer's default.

14. **Entire Agreement/Modification**. This Agreement shall not be modified or amended except by an instrument in writing, signed by or on behalf of both parties.

15. **Counterparts**. The Agreement may be executed in counterparts, each of which shall be deemed an original and which together shall be deemed an original and which, together, shall constitute one and the same agreement.

16. **Effective Date**. As used herein, the terms "date of this Agreement," "date hereof," and "effective date of this Agreement" shall mean the date on which the last of the parties signs this Agreement.

IN WITNESS WHEREOF, each of the parties hereto has caused this Agreement to be executed and sealed by its duly authorized signatory(ies) on he dates set forth below.

THE CITY OF NEW SMYRNA BEACH - CITY MANAGER'S OFFICE

CONSIDER THE APPROVAL OF A REAL ESTATE PURCHASE AGREEMENT FOR TURNBULL CREEK CONSERVATION LANDS OWNED BY MICHAEL POLCZYNSKI AND ANN LISK [POLCYNSKI].

July 14, 2026

Background:

As part of the Turnbull Creek Master Plan and in an effort to meet the objectives of the 2018 $15 million Bond Referendum to acquire conservation properties within the Turnbull Creek Study area, Staff has negotiated and is presenting the attached purchase agreement for consideration. The property, owned by Michael Polczynski and Ann Lisk [Polcynski], is located at 835 Bay Drive, between Bay Drive and Turnbull Creek on the west side of Turnbull Creek. The property consists of a single, 2.59-acre parcel with approximately 2.00 acres landward of the creek, measuring approximately 444 feet (east/west) by approximately 188 feet (north/south) with an additional approximately 0.58 acres within the river. The property has approximately 222 linear feet of Turnbull Creek shoreline and 235 linear feet of Bay Drive Frontage. This parcel represents the first parcel to be purchased north of Pioneer Trail. See attached Exhibits 1 and 2.

The property was identified as Property #37 in the 2019 Turnbull Creek Parcel Evaluation and Prioritization Memo from S&ME, where it was ranked 28 out of 112 for Environmental Significance and 63/112 for Economic Development Potential. It was identified as a Priority 2 for acquisition by the Turnbull Creek Land Preservation Committee at their January 2026 special meeting. Because of its location along the creek with a relatively clean edge along the creek, this property is being prioritized as a site for potential kayak/canoe/paddleboard launch for public access to the braided reach of the Turnbull Creek. Because the property historically was used as a mobile home site, it is largely sodded with little biodiversity. In conjunction with construction of a kayak/canoe/paddleboard launch, it is anticipated that much of the property will be restored as wetlands and reforested as uplands, please refer to the conceptual plan attached as Exhibit 3.

The City had two independent appraisers appraise the property, Heffington & Associates of Daytona Beach, Florida, and Ronald Crouse of Edgewater, Florida. Heffington & Associates appraised the property at $400,000 and Ronald Crouse assessed it at $539,000, for an average appraised value of $469,500.

Mr. Polczynski and Ms. Lisk have agreed to a purchase price of $450,000.

The City's Natural Resource Manager conducted an environmental assessment of the site and observed no indications that there is more than a low probability that Recognized Environmental Conditions are present. The agreement contains provisions that the sellers will pay for the required Title Insurance. The City has the ability to terminate the agreement should the title be unsatisfactory.

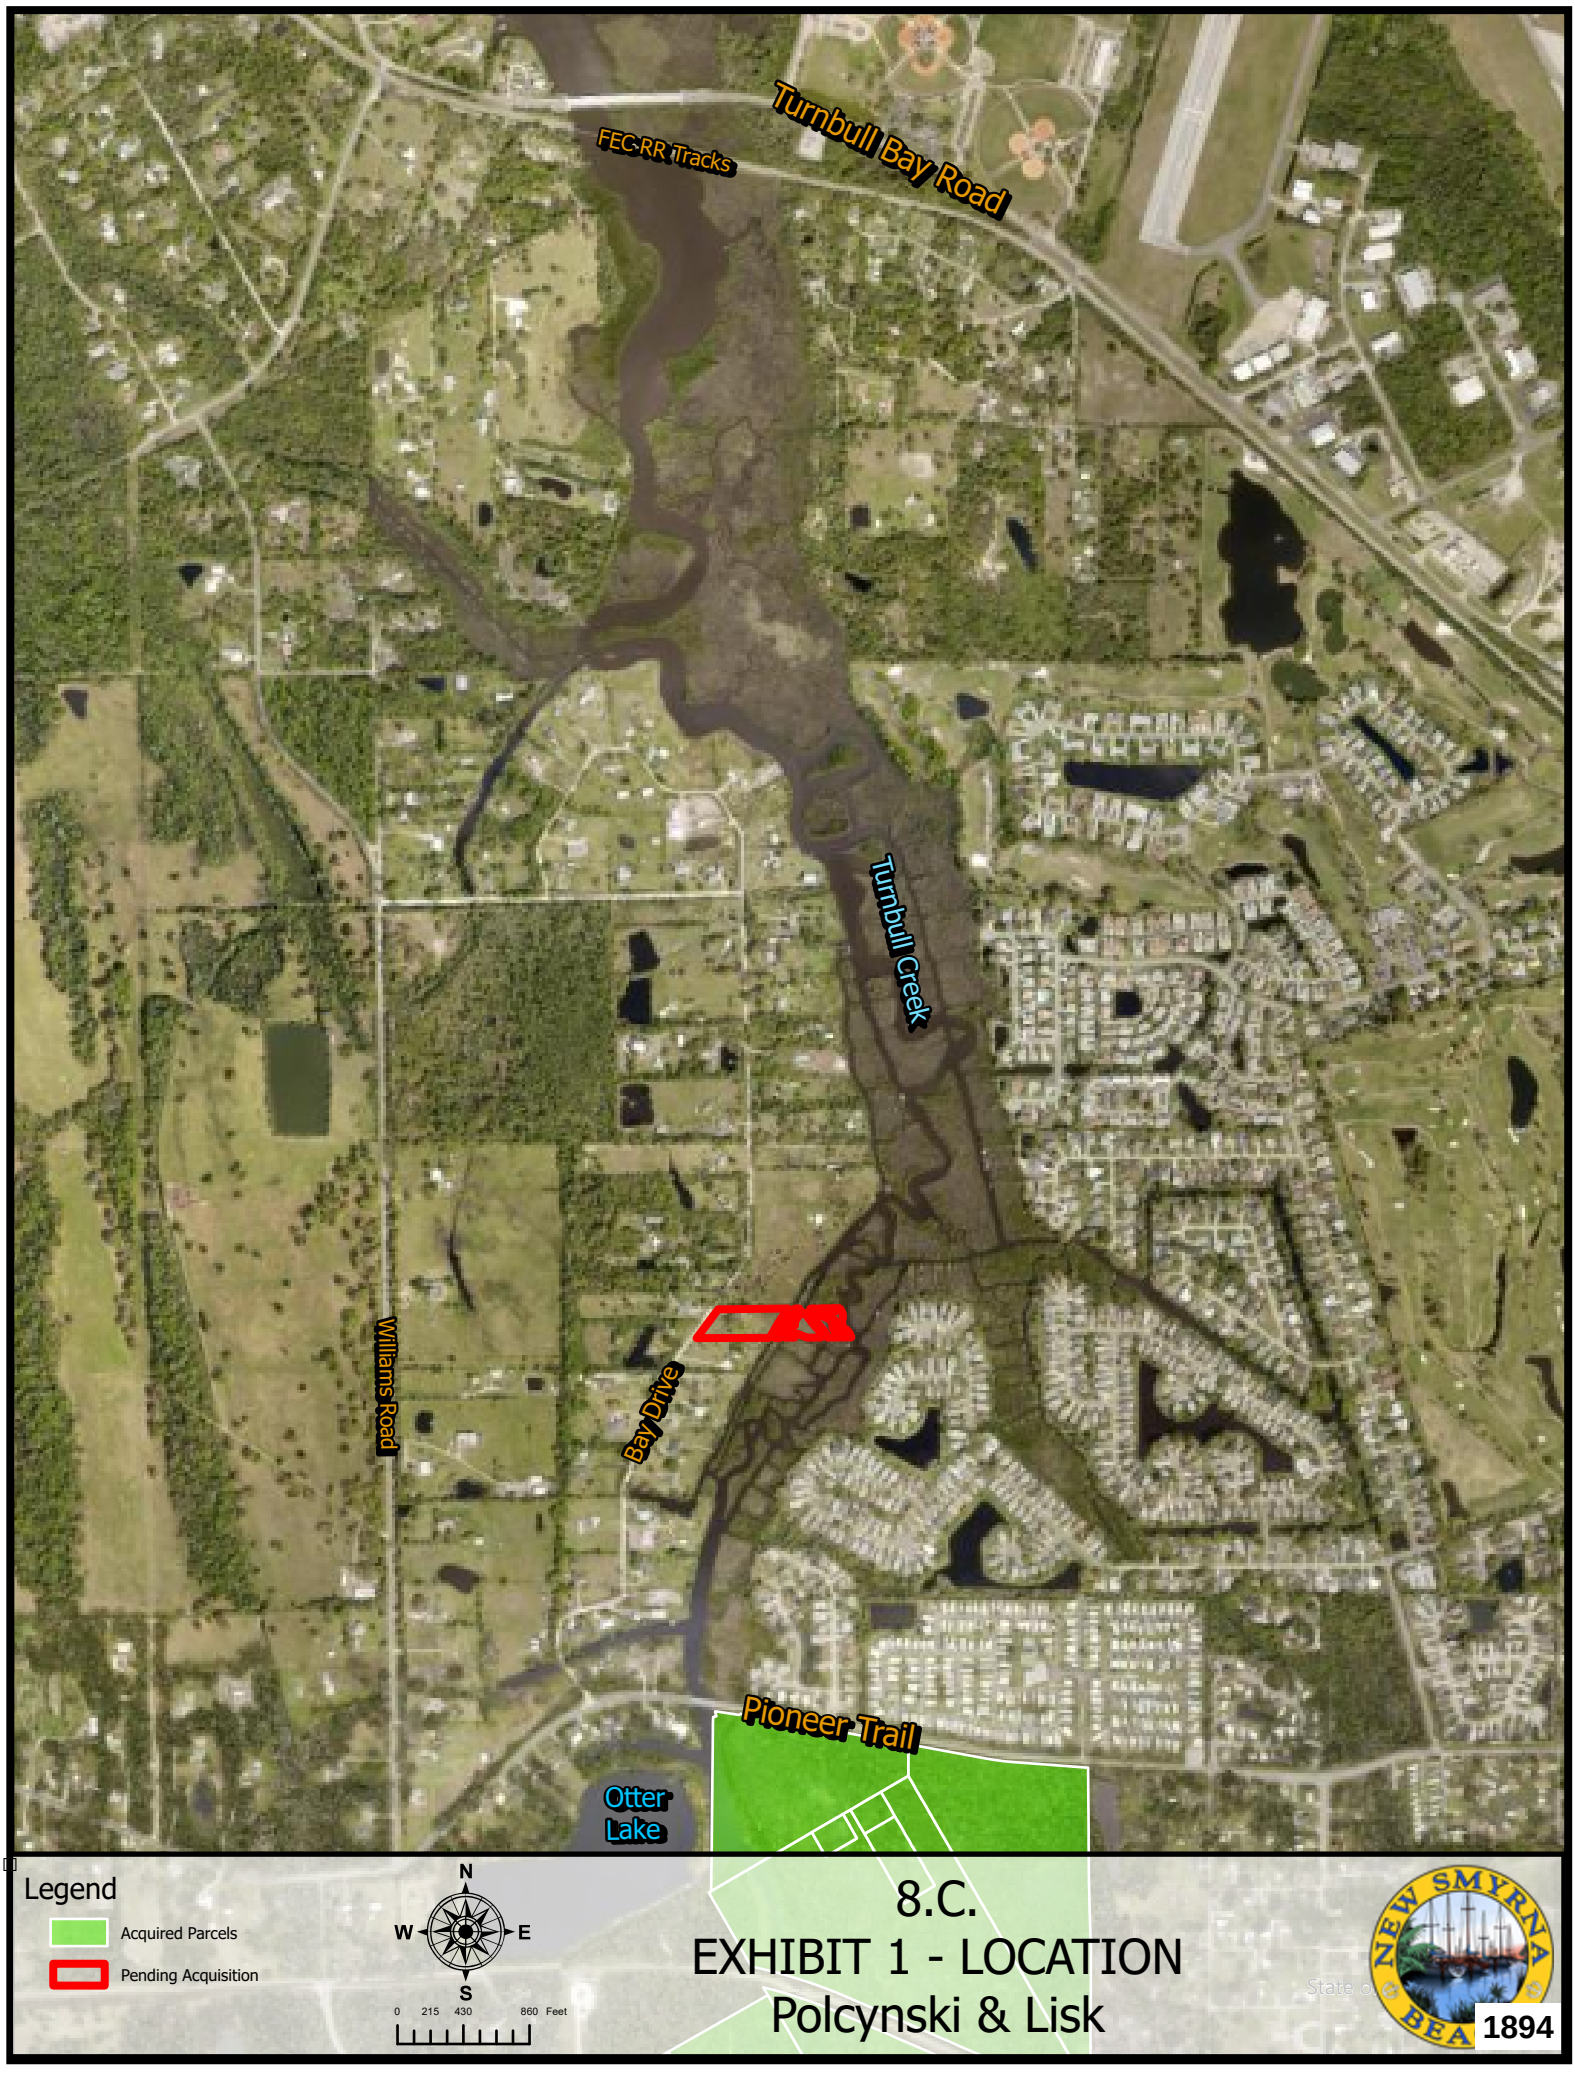
There is an existing mobile home on the property. The Public Works Director and Leasure Services Director have evaluated the mobile home for possible relocation for use on another city property.

Findings:

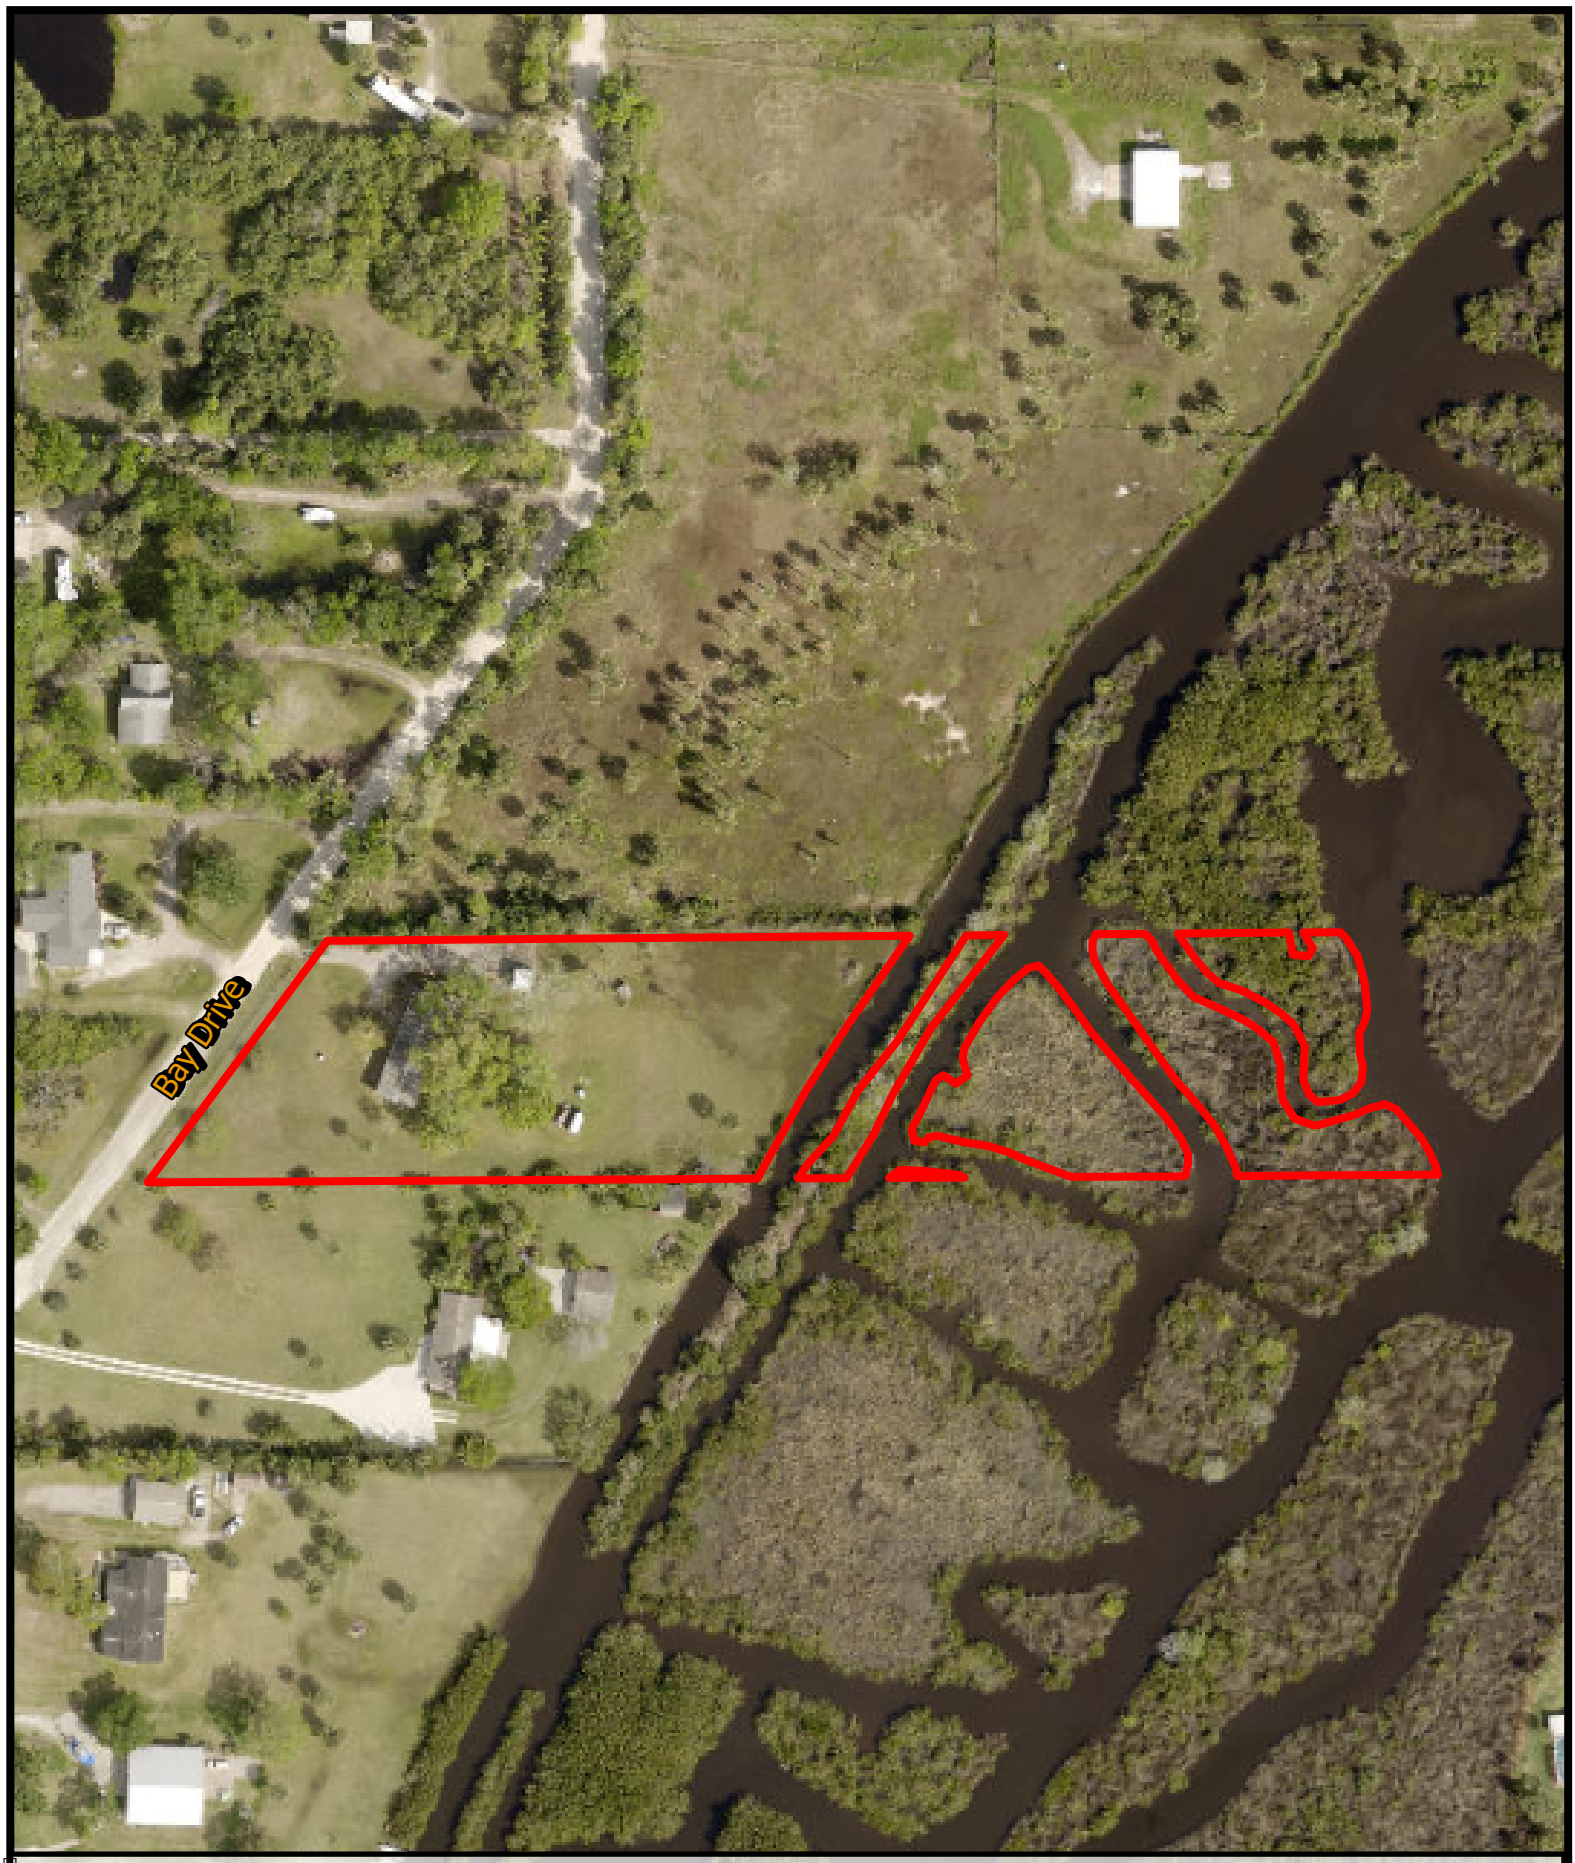
The property is located within the Turnbull Creek Study Area. The proposed purchase price ($450,000) is 4.2% below the average value of the appraisals ($469,500). Acquisition of this property will bring the total acreage of lands acquired through the Turnbull Acquisition program to 235.71 acres. Staff recommends approval of the agreement and authorization for the City Manager to execute all documents necessary to effectuate the acquisition of the properties.

Fiscal Analysis:
The $450,000.00 purchase price will be paid from Turnbull Land Acquisition Bond Reserves. After the acquisition of this property, there will be approximately $3.33 million in cash reserves.

There are state and federal grants available to construct the kayak/canoe/paddleboard launch/chute and tree mitigation funds along with potential Soil and Water Conservation District funding in conjunction with their Urban Reforestation Initiative to restore the wetland and to reforest the uplands.



Approve purchase of Turnbull Creek Property #37 (PID 7313-00-00-0195).



Strategic Plan Item:
Yes

B. The property is more particularly described in Exhibit "A" attached hereto and incorporation herein by this reference (hereinafter referred to as the "Property"). The Property includes any and all improvements, fixtures, timber, water and minerals located thereon, and any and all appurtenant rights, including but not limited to, riparian rights, timber rights access rights and mineral rights.

C. Seller wishes to sell the Property to Buyer and Buyer wishes to purchase the property from Seller on the terms and conditions set forth in this Agreement.

THE PARTIES AGREE AS FOLLOWS:

1. **Purchase and Sale**. In consideration of an earnest money deposit by Buyer to Seller in the amount of One Hundred and 00/100 Dollars ($100.00) (the "Deposit") and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller agrees to sell and Buyer agrees to buy the Property on the terms and conditions set

forth in this Agreement. The Deposit paid above shall be credit toward the Purchase Price (as defined below). Seller shall return the Deposit to Buyer if the sale of the Property is not completed under this Agreement because of Seller's failure, refusal or inability to perform any of Seller's obligations under this Agreement.

2. **Inspection Period**. The period of time from the effective date of this Agreement through 11th day of August, 2026, shall constitute Buyer's inspection period (the "Inspection Period"). During the Inspection Period, Buyer, through its employees, agents and contractors may enter upon the Property for the purpose of making any inspections and investigations, as Buyer deems appropriate in order to assess the condition of the Property. During the Inspection Period, Buyer may, in its sole discretion, terminate this Agreement by delivering written notice to Seller, prior to the end of the Inspection Period if it deems the survey, status of title, or physical or environmental condition to be unacceptable to Buyer.

3. **Purchase Terms**.

   a. Price. The purchase price for the Property shall be Four Hundred and Fifty Thousand and 00/100 Dollars ($450,000.00) (the "Purchase Price") minus any offset applied to surveys and/or environmental inspection completed by buyer.

   b. Method of Payment. The Purchase Price shall be paid at closing by cashier's or bank check or by wire transfer of immediately available funds, subject to credits, prorations and adjustments as provided in this Agreement.

4. **Closing**. In the event Buyer does not terminate this Agreement as permitted herein, the Closing shall take place on or before 28th of August, 2026, at a time and place mutually agreeable to the parties. The closing agent shall be Coronado Law Group, PLLC, 221 N. Causeway, Ste. A, New Smyrna Beach, Florida 32169.

The parties may arrange to close by mail.

Seller shall deliver to Buyer at closing the following documents prepared by Seller's counsel:

a. A special warranty deed to the Property meeting the requirements as to title of Section 6 below, together with a bill of sale for the personal property appurtenant to the Property, if any; and

b. An owner's affidavit attesting to the absence of mechanic's or materialmen's liens, boundary line disputes, proceedings involving Seller which might affect title to the Property, or parties in possession other than the Seller and such lessees or licensees as may be in possession pursuant to ground leases or licenses and meeting the requirements of Section 6, below; and

c. Such other instruments and documents as Buyer's counsel may reasonably request for the purpose of confirming proper and lawful execution and delivery of closing documents and conveyance of the Property to Buyer in accordance with this Agreement, and any of the requirements of the title insurer, including, without limitation, assignments of surviving leases and contracts affecting the Property; and

d. The closing statement.

Possession of the Property shall pass to Buyer at time of closing.

5. **Closing Expenses and Prorations**:

a. Buyer's expenses:

i. Buyer's attorney's fees;

ii. If Buyer obtains financing for this transaction, including financing by the Seller, Buyer shall pay any documentary or other taxes which may be payable on the promissory note, the mortgage or deed of trust, and the recording costs of UCC statements and other security instruments, if any.

b. Seller's expenses:

i. the cost of title examination, preparation of the title insurance commitment, the owner's title insurance premium, and all other costs associated with the preparation and delivery of the owner's title insurance policy, including the costs or fees of the title insurance agency or attorney;

ii. transfer or documentary taxes, if any, on the deed of conveyance**;**

iii. recording fees, and the cost of preparing all documents necessary to satisfy the requirements of the title insurance commitment or remove encumbrances on Seller's title; and

iv. Seller shall, in accordance with Section 196.295, Florida Statutes, place in escrow with the county tax collector an amount equal to the current taxes prorated to the date of closing, based upon the current assessment and millage rates on the Property.

c. All other expenses, including, without limitation, attorneys' fees, shall be paid by the party incurring the same.

6. **Condition of Title**.

a. Within five (5) days of the effective date of this Agreement, Seller shall provide Buyer a commitment for an ALTA Owner's Title Insurance Policy insuring the marketable title of the Property from Michael Polczynski and Ann Lisk Polczynski in the amount of the Purchase Price. At closing, the premium for the title insurance policy shall be paid by Seller.

b. Buyer may object to any matter of title that, in the opinion of Buyer, would constitute a title defect or render title unmarketable or uninsurable. Such objections to title shall be specified in writing and deliver to Seller with ten (10) days from the date of receipt of the title commitment by Buyer.

c. In the event Buyer timely notifies Seller of objections to title, Seller shall cure such title defects within thirty (30) days from receipt of notice.

d. If after the exercise of reasonable due diligence Seller is unable to make title to the Property such as is required by Buyer by the closing date, then Buyer shall have the right to:

i. terminate this Agreement, in which case all monies paid by Buyer in accordance with this Agreement shall be returned immediately to Buyer and the parties shall be relieved of any further obligations hereunder;

ii. extend the closing date for up to thirty (30) days to allow Seller additional time to make title to the Property such as is required by the terms of this Agreement; or

iii. elect to accept title to the Property in its existing condition.

7. **Buyer's Right of Entry and Survey**. Buyer may survey the property as it deems necessary, at its sole expense. The legal description in Exhibit "A" shall be changed, if necessary, to conform to the survey and to the requirements of the title commitment. If an accurate boundary survey by Buyer's surveyor discloses any state of facts which materially or adversely affect the insurability of marketability of the title to the Property, same shall be treated in the same manner as a title defect under Section 6 above.

8. **Hazardous Materials and Audit Remediation.** Buyer may conduct any environmental and hazardous materials surveys as it deems necessary, at its sole expense. In the event that a Phase 1 Audit final report states that there is more than a low probability that Recognized Environmental Conditions are present on or beneath the surface of the Property, or further investigation are necessary to determine whether Recognized Environmental Conditions are present ("Unsatisfactory Report"), Buyer may elect to terminate this Agreement by giving notice as required herein, in which event the Seller agrees to return to Buyer the Deposit, and thereafter the parties shall have no further obligations under this Agreement.

   Notwithstanding the foregoing, such notice of termination may be suspended by Buyer if Seller gives notice with ten (10) days of receipt of Buyer's notice of termination, that Seller agrees to promptly carry out, at Seller's sole expense, and with contractors selected or approved by Buyer, all further investigations and remediation of the Property as is necessary to make the Property acceptable to Buyer within a time period acceptable to Buyer. If Seller elects to carry out such further investigation or remediation, the inspection period shall be automatically extended until fifteen (15) days following Buyer's receipt of information from contractors that is satisfactory to Buyer, or letters of "no further action required" from the applicable regulatory agencies, indicating that either there is no more than a low probability that Recognized Environmental Conditions are present on or beneath the surface of the Property, or that the Property has been remediated to Buyer's satisfaction and complies with all governmental regulations.

9. **Representations and Warranties of Seller**. Seller represents and warrants to Buyer that Seller shall have good and marketable fee simple title to the Property by the time of closing. Seller has full power and authority to enter into this Agreement and to convey title to the Property in accordance with this Agreement. No one other than Seller will be in possession of, nor have any right of possession of, any portion of the Property at the time of conveyance to Buyer. If, before the conveyance to Buyer, Seller discovers any information or facts that would materially change the foregoing warranties and representations, Seller shall immediately give notice to Buyer of those facts and information. If the facts which cause any warranty or representation to be inaccurate are not remedied before the date of conveyance to Buyer, Buyer may elect to either:

   a. Terminate this Agreement, in which case Buyer shall have no obligation to accept title to the Property, or

   b. Defer the closing date for a period of up to Thirty (30) days to permit Seller to remedy the problem.

10. **Seller's Promise to Remove Personal Property**. Prior to closing Seller promises to remove or cause to be removed from the Property, at Seller's sole cost and expense, any and all personal property and/or trash, rubbish or any other unsightly or offensive materials thereon, including, but not limited to, any tanks and hazardous substance in tanks, barrels, equipment, pipelines or other containers on the Property, provided that the cost of such removal does not exceed $1,000.

11. **Notices**. All notices pertaining to this Agreement shall be in writing delivered to the parties hereto by hand, email, first class mail, or courier service, in accordance with the information set forth in Recital "A."

12. **Binding on Successors**. This Agreement shall be binding not only upon the parties but also upon their respective heirs, personal representatives, assigns and other successors in interest.

13. **Remedies upon Default**. In the event that Seller defaults in the performance of any of Seller's obligations under this Agreement, Seller shall pay to Buyer the sum of One Thousand and 00/100 Dollars ($1,000.00) as full liquidated damages for Seller's default. In the event that Buyer defaults in the performance of any of Buyer's obligations under this Agreement, Buyer shall pay to Seller the sum of One Thousand and 00/100 Dollars ($1,000.00) as full liquidated damages for Buyer's default.

14. **Entire Agreement/Modification**. This Agreement shall not be modified or amended except by an instrument in writing, signed by or on behalf of both parties.

15. **Counterparts**. The Agreement may be executed in counterparts, each of which shall be deemed an original and which together shall be deemed an original and which, together, shall constitute one and the same agreement.

16. **Effective Date**. As used herein, the terms "date of this Agreement," "date hereof," and "effective date of this Agreement" shall mean the date on which the last of the parties signs this Agreement.

IN WITNESS WHEREOF, each of the parties hereto has caused this Agreement to be executed and sealed by its duly authorized signatory(ies) on he dates set forth below.

Exhibit D:Arbor Report
Exhibit E:Applicant Request Letter
Exhibit F: Insurance Letter
Exhibit G:Photos

Findings:

Pursuant to Section 604.051, *Tree Preservation*, of the City's Land Development Regulations (LDR), any tree measuring 36 inches diameter at breast height (DBH) or greater is classified as a Historic Tree. Historic Trees in all zoning districts may be removed only upon issuance of a tree removal permit granted by the City Commission at a quasi-judicial public hearing, following a finding that the evidence presented is more compelling for removal than for preservation of the tree. Petitioners wishing to obtain a permit for Historic Tree removal must show the following:

i. The tree is currently damaging or is posing an imminent danger to an existing structure; or
ii. The tree is damaging and/or interfering with the installation, operation, and/or maintenance of existing or proposed public infrastructure; or

iii. The tree is dead, diseased, structurally unsound, or severely injured such that the tree is likely to die within two years; or
iv. Other extraordinary circumstance or hardship where the applicant has demonstrated that no other feasible option exists to preserve the tree.

The subject request involves a 38.5-inch DBH Live Oak (*Quercus virginiana*) located in close proximity to the existing single-family residence and leaning over the structure. The applicant recently purchased the property with the intent to renovate and occupy the home. Due to the tree's location and lean over the residence, the applicant retained an arborist to evaluate the tree's condition and associated risk. The arborist report, included as Exhibit D, identifies the tree as presenting an overall moderate risk and provides three potential risk mitigation options.

Arborist Risk Assessment

The arborist report identifies the following risk factors for the subject tree:

Likelihood of Failure: Possible

Likelihood of Impact: High

Consequences of Failure: Significant

Potential Target: Home

Overall Risk Rating: Moderate for the home

Risk Mitigation Options

1. Prune the tree to reduce the length of lateral branches and overall tree height by 30 percent. Reducing the height and lateral branch length over target areas could reduce the risk rating from **Moderate** to **Low**.
2. Take no immediate action and continue to monitor the tree through regular inspections.
3. Remove the tree, which would eliminate the identified risk associated with the tree.

The property owner also provided correspondence from an insurance provider, Exhibit

F, indicating that the current condition of the tree, as documented in the arborist report, would hinder the insurability of the home. Staff contacted the provider to determine whether mitigation option #1, which involves pruning the tree, would create a more favorable circumstance for the property owner. The provider indicated that, due to the tree's amount of lean over the structure and proximity of the tree trunk and root system to the structure, it could not guarantee that pruning would change the determination regarding insurability.

Recommendation:

Based on the arborist's assessment, the tree presents a moderate overall risk to the residence, with a high likelihood of impact and significant consequences of failure. While pruning may reduce the risk rating from moderate to low, the information provided by the insurance provider indicates that pruning may not resolve the owner's insurability concerns. For these reasons, staff determines that criteria number four, other extraordinary circumstance or hardship where the applicant has demonstrated that no other feasible option exists to preserve the tree, has been met.

Staff recommends the the City Commission approve the requested historic tree removal at 1206 S. Riverside Dr.

Re: Tree Health and Risk Assessment for one (1) live oak (*Quercus virginiana*).

Scope:

Services were retained to assess the health and risk for one (1) tree located at 1206 S. Riverside Dr., New Smyrna Beach, Fl. (Figure 1).

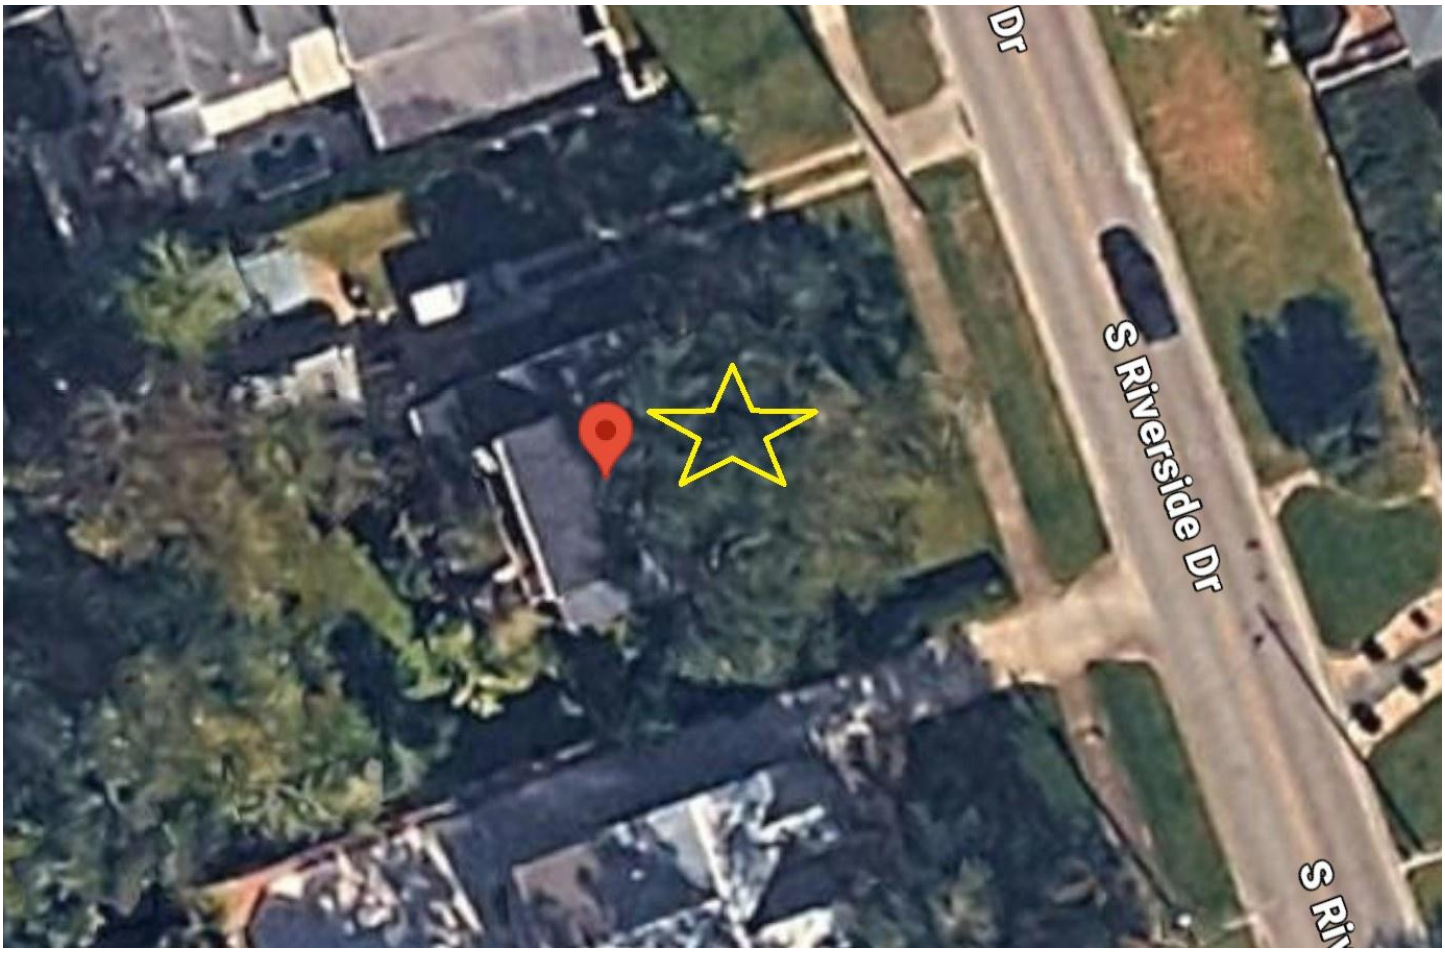

Figure 1. Aerial view and tree location.

This tree was identified to species and visually inspected using a **Level 2, Tree Risk Assessment (Ground Based Visual Inspection)** as defined by the **International Society of Arboriculture (ISA)**. A **Level 2, Tree Risk Assessment** type of evaluation includes an on-site, 360-degree view of the tree from the ground to inspect the trunk, root crown and above-ground roots. This type of assessment looks for visual signs of decay, pests, disease and structural defects.

This tree was measured for Diameter at Breast Height (DBH) using a standard forestry DBH tape or field calipers. Tree height was estimated using a clinometer and / or tangent height gauge. **Live Crown Ratio** (LCR) was estimated using aerial imagery, ground observation and / or a convex spherical densiometer. LCR is a

useful measurement to indicate tree vigor using a ratio of crown length to total tree height or the percentage of a tree's total height that has foliage.

Risk and liability determinations include location to potential targets such as building structures, automobiles, streets, sidewalks, and nearby utilities. The **Level 2 Inspection** is used to help determine three main categories of risk: **Likelihood of Failure** (Imminent, Probable, Possible, and Improbable), **Likelihood of Impact** (High, Medium, Low, Very Low), and **Consequences of Failure** (Severe, Significant, Minor, Negligible). Together, these three risk categories can be used to help the property owners in making decisions for pruning and / or removal.

Observations / Discussion:

This tree is approximately 45' tall with a DBH of 38.5" and a LCR of around 50%. This tree grows directly in front of the home, and the main stem is almost touching the front concrete porch. The tree is heaved over at about 30 degrees. This tree is considered a Historic Tree as defined by the City of New Smyrna Beach code:

> *Historic tree.* Any tree, exclusive of those found on the Florida Exotic Pest Plan Council list, 36 inches DBH or greater or tree in the city selected and duly designated a Florida State Champion, United States Champion or a World Champion by the American Forestry Association shall likewise be considered an historic tree, or any other tree designated by the city commission to be of such unique and intrinsic value to the general public because of its size, age, historic association, or ecological value as to justify classification as a historic tree.

Heaving is the result of a tree being pushed by extreme forces such as wind or by heavy equipment. When the soil becomes over-saturated during heavy rains or tropical storm events, tree roots lose their holding capacity. The root mat and soil around the main stem, opposite of the heaving angle, will have an elevated appearance or is completely separated out of the ground. **Windthrow** are trees that have been completely uprooted.

The new property owner of this home plans to remodel the home and make repairs to the front of the home and wishes to remove this tree to eliminate the risk of it failing and impacting the home during a tropical storm or high wind event. This tree poses an unacceptable risk for the homeowner. Height reduction pruning is not a practical solution for this tree. Reducing the height and lateral limbs to lower the overall risk rating would remove most of the living canopy of the tree. Pruning would not alleviate issues being caused by the roots to the front foundation of the home. The property owner is seeking a permit and / or variance to remove this tree.

Tree risk assessment does not consider root impacts to infrastructure in the ratings and only documents these impacts in this report. Cutting away lateral roots, grinding, and excavating beside this tree could cause it to be poorly anchored and unstable, increasing the overall risk rating. Removing these trees is the only practical solution for the homeowner.

Any tree can fail under extreme weather events such as hurricanes and tornadoes. The following risk categories are standardized ratings that follow the **International Society of Arboriculture, Tree Risk Assessment Guidelines**. These ratings are based on available targets in which the tree could impact if it were to fail. The **Likelihood of Failure** rating in this report is for a 2-year time frame from the date of inspection.

Conclusion / Risk Ratings:
The categories of risk for this tree:
Likelihood of Failure – Possible
Likelihood of Impact – High
Consequences of Failure – Significant
Potential Targets – Home
Overall Risk Rating – Moderate for home

Tree Risk Assessment Evaluation Matrices and Definitions provided by the International Society of Arboriculture, Tree Risk Assessment Qualification Training:

Matrix 1 . **Likelihood Matrix.**

Likelihood of Failure	Likelihood of Impact			
	Very Low	Low	Medium	High
Imminent	Unlikely	Somewhat Likely	Likely	Very Likely
Probable	Unlikely	Unlikely	Somewhat Likely	Likely
Possible	Unlikely	Unlikely	Unlikely	Somewhat Likely
Improbable	Unlikely	Unlikely	Unlikely	Unlikely

Matrix 2 . **Risk Rating Matrix.**

Likelihood of Failure & Impact	Consequences of Failure			
	Negligible	Minor	Significant	Severe
Very Likely	Low	Moderate	High	Extreme
Likely	Low	Moderate	High	High
Somewhat Likely	Low	Low	Moderate	Moderate
Unlikely	Low	Low	Low	Low

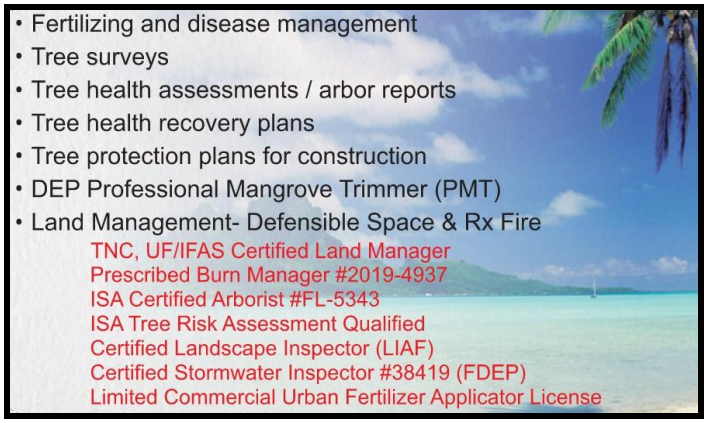
Likelihood of Failure	Likelihood of Impact	Consequences of Failure
Imminent: Failure has started or is most likely to occur in the near future, even if there is no significant wind or increased load.	**High:** The failed tree or tree part is likely to impact the target.	**Severe:** Serious personal injury or death, high-value property damage, or major disruption of important activities.
Probable: Failure may be expected under normal weather conditions.	**Medium:** The failed tree or tree part could impact the target but is not expected to do so.	**Significant:** Substantial personal injury, moderate to high-value property damage, or considerable disruption of activities.
Possible: Failure may be expected in extreme weather conditions, but it is unlikely during normal weather	**Low:** There is a slight chance that the failed tree or tree part will impact the target.	**Minor:** Minor personal injury, low to moderate - value property damage, or small disruption of activities.
Improbable: The tree or tree part is not likely to fail during normal weather conditions and may not fail in extreme weather conditions.	**Very Low:** The chance of the failed tree or tree part impacting the specified target is remote.	**Negligible:** No personal injury, low - value property damage, or disruptions that can be replaced or repaired.

Risk Tolerance

Risk tolerance is the amount of risk you are willing to accept. Different people have varying amounts of risk they will tolerate. You will have to decide your own risk tolerance and decide on a course of action for this tree.

Risk Mitigation Options

There are a few options that can be considered for mitigation to lower your risk for this tree.



1. Prune to reduce the length of lateral branches and tree height by 30%. Reducing the height and length of lateral branches that cover targets could reduce the risk from **Moderate** to **Low**.
2. Do nothing and continue to monitor the tree with regular inspections.
3. Remove the tree. This would eliminate all risk.

SINCERELY,

Ray Jarrett

Ray Jarrett
Biologist / Arborist
ISA Certified Arborist FL-5343A (Nov 2005)
ISA Tree Risk Assessment Qualified (TRAQ)

ASSUMPTIONS, LIMITING CONDITIONS and DISCLAIMER

My inspection was a ground based visual inspection that sometimes includes a sounding test with a mallet to detect decay. The inspection was limited to defects that can be seen while standing on the ground. There may be defects below ground or in the canopy that were not visible from this perspective. These hidden defects may result in the failure of branches, trunks, or roots. No other trees on this property were inspected other than those specifically addressed in this report. Trees and plants are living things and are subject to an array of potential health problems, abiotic factors and unpredictable weather that can cause healthy trees and plants to fail. Information provided in this report is for consideration; and is based on my professional experience, formal education, and methodologies of the International Society of Arboriculture (ISA). Ultimately the client must make their own judgment and decisions but may consider these recommendations.

Request for Expedited Review – Hazard Tree at 1206 S. Riverside Dr.

To Whom It May Concern,

I am submitting a permit request for the removal of a protected tree located at my property, 1206 S. Riverside Drive, in New Smyrna Beach.

I am writing to respectfully request an expedited staff-level review of this application due to the tree's current condition and the risk it poses to my home. The tree is leaning approximately 30 degrees toward the residence, with the main stem nearly contacting the front porch, and there is visible ground heaving at the base causing foundation damage and indicating potential instability. I have also been denied homeowners insurance due to the risk that this tree represents.

While the arborist report classifies the overall risk as "moderate," it also identifies a high likelihood of impact to the primary structure and significant consequences in the event of failure. Given the tree's proximity to an occupied structure and the observed structural movement, I am concerned about the potential for failure and resulting damage or injury. The arborist stated in his report that the only practical solution is to remove the tree.

Based on these conditions, I would like to request:

- Consideration for administrative (staff-level) approval as a hazard tree, rather than waiting for a board hearing
- Or, alternatively, a site visit by a city arborist or inspector to evaluate whether the tree qualifies for expedited removal due to safety and insurability concerns

I have attached supporting documentation, including the homeowners insurance denial and the arborist report with photographs clearly showing the tree's lean and proximity to the structure.

Given the potential risk to an occupied residence, I would greatly appreciate your guidance on any available options to accelerate review of this request. Please let me know if any additional documentation is needed.

Thank you for your time and consideration.

Sincerely,

Paul O'Donnell

Pgodonnell68@gmail.com

To whom it may concern,

Due to the Arbor report that was completed on May 1st 2026 in regard to the Historic live oak tree and its proximity to the dwelling it would not be possible to get homeowners/Hazard insurance on this property based on the tree location and canopy overhanging the house due to these reasons from the report:

Conclusion / Risk Ratings:

The categories of risk for this tree:

Likelihood of Failure – Possible

Likelihood of Impact – High

Consequences of Failure – Significant

Potential Targets – Home

Overall Risk Rating – Moderate for home

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 26-26: CONDUCT A SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH, IF ADOPTED, WOULD AMEND SECTION 504.02 OF THE LAND DEVELOPMENT REGULATIONS ADDING PARKING LOTS AS A PERMITTED USE.

July 14, 2026

Background:

Applicant: City of New Smyrna Beach, Development Services, 214 Sams Avenue, New Smyrna Beach, Florida 32168.

Request: The following amendment to the City Land Development Regulations:

1. Update Section 504.02, I-1, Light Industrial District. To add parking lots as a permitted use.

Exhibits used in the Report:

Exhibit A: Proposed regulations

Findings:

The purpose of the proposed update is to request the City Commission to approve the minor amendments to the Land Development Regulations, (LDR) to add parking lots as a permitted use.

The Planning Department has proposed to amend Section 504.02, I-1, Light Industrial District to add parking lots as a permitted use. By adding parking lots to the I-1, Light Industrial District, this would allow property owners to construct parking lots in area of the city that have a deficiency in parking.

Recommendations:

At its regular scheduled meeting on April 6, 2026, the Planning and Zoning Board voted, 5-0, to give a positive recommendation the City Commission, to approve the requested amendments.

The Planning Department has outlined the reasons to support the proposed amendment to the City's Land Development Regulations. The department would recommend the City Commission, to approve the requested amendments.

Fiscal Analysis:

N/A

Strategic Plan Item:

No

Staff Report Created By: Shane Corbin - Developmental Services Director

504.00. District regulations and requirements.

504.02. *Specific regulations by district.* The regulations for each zoning district are set forth in the following schedule. No lot shall be developed except to conform to the respective district requirements unless a variance has been granted in conformance with this LDR.

I-1, LIGHT INDUSTRIAL DISTRICT

Intent. This district is intended for light manufacturing, assembly, processing raw materials, repairing, research, storage, wholesaling and distribution, retail associated with a principal manufacturing use, and closely related light industrial uses in which all operations other than transportation are performed entirely within enclosed buildings, and are not obnoxious because of dirt, smoke, odor, vibration, radio-activity, or explosive capability. Light manufacturing and light industrial uses are compatible one to another and industrially compatible with nearby residential districts. This district also includes uses that are not compatible with residential or commercial uses.

Permitted uses.

Adult entertainment establishment (subject to restrictions herein)

Animal hospitals, kennels, provided that no hospitals, structures, pens or kennels are located closer than 50 feet to any residential property line.

Automobile leasing and rentals

Automobile repair (indoors only)

Banks or related banking facilities

Boat building, repair and sales

Building material sales for buildings and yards

Cabinet, woodworking shops

Ceramic shops

Cold storage and freezer locker plants

Contractor and construction offices and equipment storage

Farm machinery sales and services

Food and beverage processing and distribution, except the slaughter of animals

Heating, air-conditioning, plumbing equipment

Hydroponic gardening

Industry, light

Machine shops

Medical or dental laboratories

Mobile food dispensing vehicles, located on private property

Mobile homes for security and/or office purposes

Municipal or governmental buildings

Paint and body shops

Parking Lots

Printing, photoengraving, photostating, blueprinting, bookbinding, and publishing establishments

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 26-26, Sec. 504.02, adding parking lots as permitted use in the I-1 Light Industrial Zoning District.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

This ordinance amends the LDR to add parking lots as a permitted use to the I-1, Light Industrial Zoning District. Based on the recent planning and parking discussions citywide, this proposed ordinance will allow for more parking flexibility in the city's redevelopment areas including in industrial and fringe areas as well as adds an additional allowable use to industrial areas.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

Estimated costs for planning, engineering, survey, permit and construction will remain the same for businesses wishing to construct a parking lot; estimated to be between $17,000 and $43,000 depending on the number of acres. This proposed change does not create new fees or charges. There will be no new revenues to the City of New Smyrna Beach as there are no new charges or fees.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:
The proposed ordinance is expected to directly impact a limited subset of businesses- approximately up to 30 businesses citywide, with no mandatory impact on I-1 businesses.

4. Additional information the governing body deems useful (if any):

None

ORDINANCE NO. 26-26

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH AMENDING THE LAND DEVELOPMENT REGULATIONS; AMENDING ARTICLE V, ZONING DISTRICTS, SECTION 504.02, SPECIFIC REGULATIONS BY DISTRICT, TO ADD PARKING LOTS AS A PERMITTED USE IN THE I-1, LIGHT INDUSTRIAL DISTRICT; PROVIDING FOR CODIFICATION; PROVIDING FOR PUBLIC HEARING; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida, has requested administrative text amendments to the Land Development Regulations to add parking lots as a permitted use in the I-1, Light Industrial District; and

WHEREAS, the Planning and Zoning Board, at its regular meeting on April 6, 2026, by a vote of 5-0, recommended that the City Commission approve the text amendments; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to amend the Land Development Regulations as more particularly set forth hereinafter.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1. ***Amendment.*** That New Smyrna Beach Land Development Regulations, Article V, Zoning Districts, Section 504.02, Specific regulations by district, is hereby amended to read as follows: **(Note: Deletions from text are indicated by ~~strikeout~~, additions to text are indicated by underline, and omissions in text are indicated by [...].)**

ARTICLE V. ZONING DISTRICTS

504.02. *Specific regulations by district.* The regulations for each zoning district are set forth in the following schedule. No lot shall be developed except to conform to the respective district requirements unless a variance has been granted in conformance with this LDR.

...

I-1, LIGHT INDUSTRIAL DISTRICT

Intent. This district is intended for light manufacturing, assembly, processing raw materials, repairing, research, storage, wholesaling and distribution, retail associated with a principal manufacturing use, and closely related light industrial uses in which all operations other than

transportation are performed entirely within enclosed buildings, and are not obnoxious because of dirt, smoke, odor, vibration, radio-activity, or explosive capability. Light manufacturing and light industrial uses are compatible one to another and industrially compatible with nearby residential districts. This district also includes uses that are not compatible with residential or commercial uses.

Permitted uses.

Adult entertainment establishment (subject to restrictions herein)

SECTION 2: ***Codification.*** Following adoption of this ordinance, the City Clerk shall transmit a copy of this ordinance to Municipal Code Corporation of Tallahassee, Florida, to be codified into the City's Land Development Regulations. Municipal Code Corporation's usual and customary fee for said codification service is hereby approved. The provisions of this ordinance are intended to be incorporated into the Code of Ordinances of the City of New Smyrna Beach, Florida, and the sections of this ordinance may be renumbered, relettered, and the word "ordinance" may be changed to "section," "article," or such other word or phrase in order to accomplish such intention.

SECTION 3: ***Public Hearings***. That public hearings considering the adoption of this ordinance were held May 12, 2026, continued to May 26, 2026, and July 14, 2026, at 5:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida after notice is found to comply with §166.041(3)(c), F.S.

SECTION 4: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 5: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 6: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 7: ***Effective Date.*** That this ordinance shall take effect immediately upon its final adoption.

THE CITY OF NEW SMYRNA BEACH - DEVELOPMENTAL SERVICES

ORDINANCE NO. 29-26: CONDUCT A SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH, IF ADOPTED, WOULD AMEND SECTION 604.051 OF THE LAND DEVELOPMENT REGULATIONS.

July 14, 2026

Background:

Applicant: City of New Smyrna Beach, Development Services, 214 Sams Avenue, New Smyrna Beach, Florida 32168.

Request: The following amendment to the City Land Development Regulations:

1. Update Section 604.051, Tree Preservation. Update language to the Tree Mitigation Fund and modify the requirement to remove a dead trees.
2. Update Section 604.051, Appeals, Violations and Penalties to revise the appeals process for tree related violations and to revise the payments into the tree fund for consistency with federal law.

Exhibits used in the Report:

Exhibit A: Proposed regulations

Findings:

The purpose of the proposed update is to request the City Commission to approve the minor amendments to the Land Development Regulations, (LDR) to improve clarity, consistency with federal, state, and local law, and administrative efficiency.

Over time, the Planning Department has identified small inconsistencies and unclear provisions within the LDR that create operational inefficiencies or uncertainty for applicants, developers, or the department reviewing permit applications. These updates are consistent with best practices for maintaining user friendly development regulations.

The Planning Department has proposed to amend Section 604.051, Tree Preservation. This amendment is intended to enhance the City's ability to responsibly manage and preserve its tree canopy by focusing retention of healthy trees. The proposed changes also establish standards for the removal of dead trees and revises mitigation options applicable to tree removal violations along with the appeals process.

Recommendations:

At its regular scheduled meeting on April 6, 2026, the Planning and Zoning Board voted, 5-0, to give a positive recommendation the City Commission, to approve the requested amendments.

Since the item went to Planning and Zoning, pending litigation prompted additional changes to the replacement costs and fines for consistency with federal law and additional language was added for consistence with state law.

The Planning Department has outlined the reasons to support the proposed amendment to the City's Land Development Regulations. The department would recommend the City Commission, to approve the requested amendment.

Business Impact Estimate - Ord 29-26 LDR Sec 604.051 Tree Preservation.pdf
Ord 29-26 LDR Amend - Tree Preservation.pdf

Exhibit A

604.051. *Tree preservation.*

. . .

B. *Replacement trees.*

. . .

(10) Except as exempted in [sub]section 604.051(B)(9), above, tree replacement shall occur on-site, if there is adequate space to plant the replacement trees. If there is not sufficient space on-site, the developer of any commercial, industrial, or PUD zoned property shall then plant replacement trees within public rights-of-way immediately adjacent to the property owner's property, or on the publicly-owned neighborhood park or recreation area servicing the property owner's property, provided such park is within the incorporated boundaries of the city. If replacement trees cannot be placed within public rights-of-way or parks, the developer shall provide a payment in accordance with the amounts set forth in subsection 604.051(G)(1)(a)-(c) to the city for the cost of the remaining replacement trees. The developer shall pay these fees into the city Tree Mitigation Fund.

~~The cost of replacement trees shall be $500.00 per 2.5-inch caliper hardwood tree, measured six inches above grade level or 8-inch caliper palm tree measured four feet above grade. The cost per tree shall be reviewed beginning January 1st of each calendar year. Costs shall be based upon average costs per tree as established by local nurseries selling trees that meet the minimum size requirements outlined in this section. If needed, an amendment to the Code will be brought to the planning and zoning board in February of each calendar year.~~

Funds deposited into the Tree Mitigation Fund shall be appropriated in accordance with the annual adopted budget of the city for, but not limited to, the following projects:

- Planting native trees, shrubs and plants on city-owned property.
- Purchasing and management of environmentally sensitive land for permanent preservation.
- Land management staffing and equipment cost associated with the management of city-owned property in preservation.
- Purchasing a vacant parcel that could be planted with replacement trees.
- Removing invasive species from city-owned property.
- Raising community awareness about the care of the natural environment.
- Funding of matching grants for projects involving vegetative plantings.
- Designing and planting right-of-way beautification projects.

. . .

E. *Exemptions.* The following exemptions shall apply to this section. Exemptions shall be reviewed and approved by the development services director or his designee.

(1) Trees, on residential property that is actively used for single-family residential purposes and is a conforming use or a legally recognized nonconforming use per the City's regulations, that pose an unacceptable risk to persons or property may be removed without a permit, so long as the property owner possesses documentation from an arborist certified by the ISA or a Florida licensed landscape architect, based on an onsite assessment performed and reviewed in accordance with the procedures set forth Best Management Practices – Tree Risk Assessment, Second Edition (2017) that the tree poses such risk that removal is the only means of practically mitigating its risk below moderate. No replacement trees shall be required if removed in accordance with the provisions of this section. ~~Storm threat to a residential structure. Residential structure exemption from tree protection.~~

~~Notwithstanding any provision to the contrary in this section, any tree that could fall on a residential structure is exempt from all city tree preservation requirements and may be removed at any time with the permission of the owner. To qualify for this exemption, the residential structure subject to being hit by the tree must be located on a lot zoned and used for single-family dwellings. The removal of a tree under this provision requires the tree owner's written authorization and a tree removal permit issued by the city. Trees removed under this provision are exempt from all tree replacement requirements.~~

(2) Public safety and sanitary exemptions. Trees may be removed without replacement for the following purposes:

a. Trees threatening air safety.

b. Trees in public rights-of-way for either construction or maintenance. (Note: Specimen trees on the public rights-of-way must be replaced with a replacement tree at the closest location on public right-of-way available. See section 50-169(4) of the Volusia Code of Ordinances.)

c. Trees interfering with the construction of utilities, so long as the removal of the trees does not reduce landscape buffer plantings below the minimum requirements. If the placement of utilities results in a reduction of plantings below the minimum buffer requirements, the plantings must be replaced by the person granted the tree removal permit for new development, or by the utility responsible for the removal of the trees for utility construction, reconstruction or maintenance on all other properties. The replacement rate shall be ten percent of the cross-sectional area of the trees to be removed.

d. Trees and vegetation posing a fire hazard which threaten life or property may be removed by written authorization of the fire chief or his designee.

F. *Permitting.* The tree removal application shall be made in the following manner:

(1) Sites requiring plan review committee (class II or class III site plans) approval shall be required to provide a survey of the property prepared by a surveyor registered with the State of Florida showing existing features of the property including elevations, buildings, structures, trees over six inches in trunk diameter at 4.5 feet above ground level, all specimen and historic trees, streets, utility easement rights-of-way, and land use. For properties east of the Indian River the survey must show trees over four inches in diameter at 4.5 feet above ground level. In lieu of a tree survey an applicant may submit any generally accepted method of calculating the number of trees.

Class I site plans may submit a sketch in place of a tree survey.

No permit to clear or grade shall be issued until either the required survey or sketch is filed.

(2) The location of all trees on the site, designating the trees to be retained, removed, relocated or replaced. Groups of trees in close proximity may be designated as "clumps" of trees with the estimated number shown. Historic trees, specimen trees, and those trees to be removed, relocated or replanted must be named (botanical) on the site plan.

(3) In the case of partial development, show only those areas and items affected.

(4) Upon receipt of the application and fee for tree removal permit, the city manager or his designee shall review the plans and may inspect the site.

(5) If the work described is not begun within one year from the date of issuance of the permit for tree removal, said permit shall be void. The city manager or his designee reserves the right to extend or rescind the tree removal permit if conditions warrant.

(6) Live h~~H~~istoric trees in all zoning districts shall be removed only upon the granting of a tree removal permit ~~granted~~ by the city commission at a quasi-judicial public hearing, after a finding that the evidence presented is more compelling for the removal of the historic tree than for it to remain.

a. Petitioners wishing to obtain a permit must show:

i. The tree is currently damaging or is posing an imminent danger to an existing structure; or

ii. The tree is damaging and/or interfering with the installation. operation, and/or maintenance of existing or proposed public infrastructure; or

iii. The tree is ~~dead,~~ diseased, structurally unsound, or severely injured such that the tree is likely to die within two years; or

iv. Other extraordinary circumstance or hardship where the applicant has demonstrated that no other feasible option exists to preserve the tree.

b. Applications for historic tree removals shall be accompanied by a written tree evaluation report prepared by an ISA certified arborist which identifies the tree's location, size, species, condition, and basis for meeting one or more of the listed removal conditions.

c. A tree that has been evaluated by an International Society of Arboriculture (ISA) certified arborist using tree risk assessment evaluation and best management practices and has been deemed a dead tree does not require a tree removal permit.

(7) Specimen trees 24-inches DBH or greater shall be removed only upon a tree removal permit approved by the Development Services Director, based on the proposed tree removal meeting one of the four conditions listed in Section 604.051(F)(6)(a). Appeals of the Director's decision may be made to the City Commission as a quasi-judicial matter.

G. *Violations and penalties.* Any person, organization, society, association, or corporation or any agent or representative thereof, who shall violate the provisions of this section shall, upon a finding of violation by the Development Services Director or his/her designee, be required to replace all removed trees with the number of trees that in total DBH equal the total DBH inches of the tree(s) removed. The violator may, at the discretion of the Development Services Director or their designee, pay into the Tree Mitigation Fund at the rates described below, after demonstrating that minimum onsite planting requirements have been met, in lieu of meeting the requirements for replacement of damaged or removed trees, in whole, or in part. The replacement of trees under this section shall not preclude the imposition of any other penalties provided by law or ordinance for the violation. Replacement trees shall be maintained and guaranteed survival for one year.

(1) Payments into the Tree Mitigation Fund for violations to this code shall be made at the following rates:

(a) The replacement cost of one hundred thirty-five dollars ($135.00) per DBH inch if verified on-site; or

(b) The replacement cost of three hundred twenty-five dollars ($325.00) per DBH inch for impacts to specimen trees if verified on-site; or

(c) The replacement cost of seven hundred fifty dollars ($750.00) per DBH inch for impacts to historic trees if verified on-site; and

(d) Four hundred dollars ($400.00) per DBH inch for impacts to any tree identified as to be preserved in permits or landscape plans in addition to the rates above; additionally

(e) If no evidence exists on site to calculate the DBH of the tree(s) removed, then each tree shall be presumed to be a minimum of a 24-inch preserved specimen tree. It is the property owner's responsibility to prove otherwise.

(2) No certificate of occupancy or certificate of completion shall be issued for any development until all applicable administrative fines or civil penalties, and permits have been paid, accepted, approved, and verified by the Development Services Director or his/her designee.

~~G~~H. *Appeal.* Within 30 days after any decision made by the Development Services Director~~city manager or his designee~~ in the administration and interpretation of this section, but not thereafter, the applicant may appeal to the Planning and Zoning Board~~city commission~~, who by majority vote may affirm, reverse or modify the decision of the Development Services Director~~city manager or his designee~~. The Planning and Zoning Board~~city commission's~~ review of the of the Development Service Director's~~city manager's~~ decision shall be de novo with notice to all interested parties at least ten days prior to the hearing on the appeal. Notice shall be made by the city clerk by U.S. mail and by publication in a newspaper of general circulation in the city of the time and place of the hearing. Any decision by the Planning and Zoning Board~~city commission~~ shall constitute final administrative action, and appeals must be filed within 30 days of the written order of rendition to ~~be subject to review by~~ the circuit court of appeal.

~~H. *Violations and penalties.* Any person, organization, society, association, or corporation or any agent or representative thereof, who shall violate the provisions of this section shall, upon a finding of violation by the code enforcement board, be required to replace all trees with trees chosen from the "Large and Medium Trees" section of the "New Smyrna Beach Tree List" provided as Exhibit A, necessary to provide the total cross-sectional area of the tree(s) removed, provided that no individual replacement tree shall have a diameter of less than six inches when measured four feet above ground level, a height of no less than 15 feet and a crownspread of not less than ten feet. The replacement of trees under this section shall not preclude the imposition of any other penalties provided by law or ordinance for the violation. Replacement trees shall be maintained and guaranteed survival for one year.~~

I. *Stop work orders.* The city shall issue a stop work order to any person found in the act of cutting down, destroying, damaging or removing trees in violation of this section. ~~(See, section 50-165 of the Volusia Code of Ordinances.)~~

. . .

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference: ORD 29-26, LDR Amendments - Sec 604.051 Tree Preservation

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☑ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

This ordinance amends the LDR Amendments to Sec 604.051, to revise tree preservation requirements for consistency with federal, state, and local laws.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

This ordinance revises costs and fees for consistency and should not unduly burden private for-profit business.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

Tree removal is not an activity that affects the daily operation of private for-profit business.

4. Additional information the governing body deems useful (if any):

N/A

ORDINANCE NO. 29-26

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH AMENDING THE LAND DEVELOPMENT REGULATIONS; AMENDING ARTICLE VI, DEVELOPMENT DESIGN AND IMPROVEMENT STANDARDS, SECTION 604.051, TREE PRESERVATION, TO REVISE THE TREE PRESERVATION STANDARDS; PROVIDING FOR CODIFICATION; PROVIDING FOR PUBLIC HEARINGS; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida, has requested administrative text amendments to the Land Development Regulations Article VI, Development Design and Improvement Standards, Section 604.51, Tree Preservation to clarify the amounts required for payment into the tree mitigation funds, to expand the use of the tree mitigation funds, to update the regulations for consistency with state law, to remove the requirement to obtain a permit to remove a dead historic tree, to clarify the violations and penalties, and to revise the appeals process for consistency within the code; and

WHEREAS, the Planning and Zoning Board, at its regular meeting on April 6, 2026, by a vote of 5-0, recommended that the City Commission approve the text amendments; and

WHEREAS, litigation has prompted the revisions to the cost of replacement trees and penalties in order to comply with the Eighth Amendment of the U.S. Constitution, as existing regulations are excessive and not proportionate to the gravity of the violation; and

WHEREAS, City staff has consulted with landscape professionals to determine proportionate and fair costs for replacement trees and penalties based on average market costs and actual costs of replacement; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to amend the Land Development Regulations as more particularly set forth hereinafter.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Amendment.*** That New Smyrna Beach Land Development Regulations, Article VI, Development Design and Improvement Standards, Section 604.051, Tree Preservation, is hereby amended to read as follows: **(Note: Omissions from text are indicated by [...], deletions from text are indicated by ~~strikethrough~~ and additions to text are indicated by underline.)**

ARTICLE VI. DEVELOPMENT DESIGN AND IMPROVEMENT STANDARDS

604.051 Tree preservation.

. . .

B. *Replacement trees.*

. . .

(10) Except as exempted in [sub]section 604.051(B)(9), above, tree replacement shall occur on-site, if there is adequate space to plant the replacement trees. If there is not sufficient space on-site, the developer of any commercial, industrial, or PUD zoned property shall then plant replacement trees within public rights-of-way immediately adjacent to the property owner's property, or on the publicly-owned neighborhood park or recreation area servicing the property owner's property, provided such park is within the incorporated boundaries of the city. If replacement trees cannot be placed within public rights-of-way or parks, the developer shall provide a payment in accordance with the amounts set forth in subsection 604.051(G)(1)(a)-(c) to the city for the cost of the remaining replacement trees. The developer shall pay these fees into the city Tree Mitigation Fund.

~~The cost of replacement trees shall be $500.00 per 2.5-inch caliper hardwood tree, measured six inches above grade level or 8-inch caliper palm tree measured four feet above grade. The cost per tree shall be reviewed beginning January 1st of each calendar year. Costs shall be based upon average costs per tree as established by local nurseries selling trees that meet the minimum size requirements outlined in this section. If needed, an amendment to the Code will be brought to the planning and zoning board in February of each calendar year.~~

Funds deposited into the Tree Mitigation Fund shall be appropriated in accordance with the annual adopted budget of the city for, but not limited to, the following projects:

- Planting native trees, shrubs and plants on city-owned property.
- Purchasing and management of environmentally sensitive land for permanent preservation.
- Land management staffing and equipment cost associated with the management of city-owned property in preservation.
- Purchasing a vacant parcel that could be planted with replacement trees.
- Removing invasive species from city-owned property.
- Raising community awareness about the care of the natural environment.
- Funding of matching grants for projects involving vegetative plantings.
- Designing and planting right-of-way beautification projects.

. . .

E. *Exemptions.* The following exemptions shall apply to this section. Exemptions shall be reviewed and approved by the development services director or ~~his~~ designee.

(1) Trees, on residential property that is actively used for single-family residential purposes and is a conforming use or a legally recognized nonconforming use per the City's regulations, that pose an unacceptable risk to persons or property may be removed without a permit, so long as the property owner possesses documentation from an arborist certified by the ISA or a Florida licensed landscape architect, based on an onsite assessment performed and reviewed in accordance with the procedures set forth in the most recent version of Best Management Practices – Tree Risk Assessment, that the tree poses such risk that removal is the only means of practically mitigating its risk below moderate. No replacement trees shall be required if removed in accordance with the provisions of this section. ~~Storm threat to a residential structure. Residential structure exemption from tree protection.~~

~~Notwithstanding any provision to the contrary in this section, any tree that could fall on a residential structure is exempt from all city tree preservation requirements and may be removed at any time with the permission of the owner. To qualify for this exemption, the residential structure subject to being hit by the tree must be located on a lot zoned and used for single-family dwellings. The removal of a tree under this provision requires the tree owner's written authorization and a tree removal permit issued by the city. Trees removed under this provision are exempt from all tree replacement requirements.~~

. . .

F. *Permitting.* The tree removal application shall be made in the following manner:

. . .

(6) Live h~~H~~istoric trees in all zoning districts shall be removed only upon the granting of a tree removal permit ~~granted~~ by the city commission at a quasi-judicial public hearing, after a finding that the evidence presented is more compelling for the removal of the historic tree than for it to remain.

a. Petitioners wishing to obtain a permit must show:

i. The tree is currently damaging or is posing an imminent danger to an existing structure; or

ii. The tree is damaging and/or interfering with the installation. operation, and/or maintenance of existing or proposed public infrastructure; or

iii. The tree is ~~dead,~~ diseased, structurally unsound, or severely injured such that the tree is likely to die within two years; or

iv. Other extraordinary circumstance or hardship where the applicant has demonstrated that no other feasible option exists to preserve the tree.

b. Applications for historic tree removals shall be accompanied by a written tree evaluation report prepared by an ISA certified arborist which identifies the tree's location, size, species, condition, and basis for meeting one or more of the listed removal conditions.

A tree that has been evaluated by an International Society of Arboriculture (ISA) certified arborist using tree risk assessment evaluation and best management practices and has been deemed a dead tree does not require a tree removal permit.

. . .

G. *Violations and penalties.* Any person, organization, society, association, or corporation or any agent or representative thereof, who shall violate the provisions of this section shall, upon a finding of violation by the Development Services Director or designee, be required to replace all removed trees with the number of trees that in total DBH equal the total DBH inches of the tree(s) removed. The violator may, at the discretion of the Development Services Director or designee, pay into the Tree Mitigation Fund at the rates described below, after demonstrating that minimum on-site planting requirements have been met, in lieu of meeting the requirements for replacement of damaged or removed trees, in whole, or in part. The replacement of trees under this section shall not preclude the imposition of any other penalties provided by law or ordinance for the violation. Replacement trees shall be maintained and guaranteed survival for one year.

(1) Payments into the Tree Mitigation Fund for violations to this code shall be made at the following rates:

(a) The replacement cost of one hundred thirty-five dollars ($135.00) per DBH inch if verified on-site; or

(b) The replacement cost of three hundred twenty-five dollars ($325.00) per DBH inch for impacts to specimen trees if verified on-site; or

(c) The replacement cost of seven hundred fifty dollars ($750.00) per DBH inch for impacts to historic trees if verified on-site; and

(d) Four hundred dollars ($400.00) per DBH inch for impacts to any tree identified as to be preserved in permits or landscape plans in addition to the rates above; additionally

(e) If no evidence exists on site to calculate the DBH of the tree(s) removed, then each tree shall be presumed to be a minimum of a 24-inch preserved specimen tree. It is the property owner's responsibility to prove otherwise.

(2) No certificate of occupancy or certificate of completion shall be issued for any development until all applicable administrative fines or civil penalties, and permits have been paid, accepted, approved, and verified by the Development Services Director or designee.

~~G~~H. *Appeal.* Within 30 days after any decision made by the Development Services Director~~city manager or his designee~~ in the administration and interpretation of this section, ~~but not thereafter,~~ the applicant may appeal to the Planning and Zoning Board~~city commission~~, who by majority vote may affirm, reverse or modify the decision of the

Development Services Director~~city manager or his designee~~. The Planning and Zoning Board~~city commission~~'s review of the of the Development Service Director'~~seity manager's~~ decision shall be de novo with notice to all interested parties at least ten days prior to the hearing on appeal. Notice shall be made by the city clerk by U.S. mail and by publication in a newspaper of general circulation in the city of the time and place of the hearing. Any decision by the Planning and Zoning Board or Ceity Ceommission shall constitute final administrative action, and appeals must be filed within 30 days of the written order of rendition to ~~be subject to review by~~ the circuit court of appeal.

~~H. *Violations and penalties.* Any person, organization, society, association, or corporation or any agent or representative thereof, who shall violate the provisions of this section shall, upon a finding of violation by the code enforcement board, be required to replace all trees with trees chosen from the "Large and Medium Trees" section of the "New Smyrna Beach Tree List" provided as Exhibit A, necessary to provide the total cross-sectional area of the tree(s) removed, provided that no individual replacement tree shall have a diameter of less than six inches when measured four feet above ground level, a height of no less than 15 feet and a crownspread of not less than ten feet. The replacement of trees under this section shall not preclude the imposition of any other penalties provided by law or ordinance for the violation. Replacement trees shall be maintained and guaranteed survival for one year.~~

I. *Stop work orders.* The city shall issue a stop work order to any person found in the act of cutting down, destroying, damaging or removing trees in violation of this section. ~~(See, section 50-165 of the Volusia Code of Ordinances.)~~

. . .

SECTION 2: ***Codification.*** Following adoption of this ordinance, the City Clerk shall transmit a copy of this ordinance to Municipal Code Corporation of Tallahassee, Florida, to be codified into the City's Code of Ordinances. Municipal Code Corporation's usual and customary fee for said codification service is hereby approved.

SECTION 3: ***Public Hearing.*** That the public hearing considering the adoption of this ordinance shall be held at 5:30 p.m. on July 14, 2026, in the City Commission Chamber, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published pursuant to §166.041(3)(a), F.S.

SECTION 4: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 5: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 6: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 7: ***Effective Date.*** That this ordinance shall take effect immediately upon its final adoption.

DATE: 5/20/2026

THE CITY OF NEW SMYRNA BEACH - PARKING MOBILITY

ORDINANCE NO. 30-26: CONDUCT A SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH , IF ADOPTED, WOULD AMEND SECTIONS CHAPTER 78, TRAFFIC AND PARKING, ARTICLE II PARKING.

July 14, 2026

Background:

The City of New Smyrna Beach Parking and Mobility Department is requesting changes to Chapter 78, Article II, parking ordinances. The purpose of the requested changes is to expand the available methods of collecting parking fees to include payment via a mobile application. In addition, the requested changes remove the requirement to place a parking receipt on one's dashboard, as this will no longer be needed with the enhanced technology. Other changes include adding Grayce Barck Park–Peninsula as a new paid parking area and updating the language regarding who is responsible for reporting violations to the state and recording vehicle immobilizations.

Findings:

The purpose of the proposed changes is to expand the options the Parking and Mobility Department has for collecting fees. By allowing payment through a mobile application, we not only make it more convenient for visitors to pay parking fees, but we also reduce the maintenance and labor costs associated with parking kiosks. In addition, adding Barck Park North Beach Lot–Peninsula as the city's newest paid parking area completes the transformation of the North Beach parking area. Both of these action items were identified by the City's Parking Task Force as ways to improve parking within the city.

Fiscal Analysis:

By expanding payment options to include a mobile application, the Parking and Mobility Department expects to reduce expenses associated with the current parking kiosks. These expenses include the $12,000 annual warranty, transaction fees ($8,500 in FY 2025), and labor costs to manually collect revenue from the kiosks. Adding Grayce Barck Park–Peninsula as a paid parking location will add 12 spaces to the city's inventory of paid parking spaces.

Strategic Plan Item:
Yes

ARTICLE II. PARKING

Sec. 78-5. Regulation of off-street parking areas; imposition of ~~metered~~ paid parking.

The city manager, subject to the approval of the city commission, may, from time to time, establish ~~metered~~ paid off-street parking areas and establish time limits, times, and rates for the parking of vehicles in those areas.

(Ord. No. 18-11, § 1, 3-8-2011; Ord. No. 23-23, § 1, 6-13-2023)

Editor's note(s)—Ord. No 23-23, § 1, adopted June, 13, 2023, repealed the former § 78-5, and renumbered §§ 78-6—78-11 as §§ 78-5—78-10. The former 78-5 pertained to definitions and was derived from Ord. No. 18-11 adopted March 3, 2023.

Sec. 78-6. Installation, regulation, control and operation.

The city manager shall provide for the installation, regulation, control, operation, and use of a meter or meters authorized under section 78-5. Or other mobile payment method

(Ord. No. 18-11, § 1, 3-8-2011; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-7. See editors note for § 78-5.

Sec. 78-7. Signage; location of meters.

Off-street ~~metered~~ paid parking area boundaries shall be plainly marked and signage shall be placed at all entrances indicating the area is regulated as a ~~metered~~ paid parking area. The signage shall also provide directions to operators of vehicles for payment of parking fees at a meter or ~~meters~~ or other mobile payment option which shall be located in a convenient location.

(Ord. No. 18-11, § 1, 3-8-2011; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-8. See editors note for § 78-5.

Sec. 78-8. Installation of parking meter or machine.

Each meter or ~~machine~~ mobile payment sign installed within a ~~metered~~ paid parking area for collection of parking fees shall indicate by proper legend the legal parking time and rates and charges, the proper method of payment, ~~and shall issue a receipt upon payment showing an expiration time and date.~~ Mobile payment options should indicate legal parking time, rates and charges and issue a confirmation upon completion of payment

(Ord. No. 18-11, § 1, 3-8-2011; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-9. See editors note for § 78-5.

~~Sec. 78-9. Placement of receipts in vehicle.~~ Remove

~~Each receipt issued to the operator of a vehicle by the meter or machine shall be placed upon the dash of the operator's motor vehicle with the printed information face-up and in a manner that the printed information is~~

~~clearly visible from the outside of the vehicle. The vehicle shall be locked to prevent theft or loss of the parking receipt. A violation of this section shall be punished as provided in section 78-48.~~

(Ord. No. 18-11, § 1, 3-8-2011; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-10. See editors note for § 78-5.

Sec. 78-10. Illegal parking in the city.

(a) If any vehicle shall remain parked in any parking area beyond the parking time limit, or beyond the parking time limit paid for at the rates and charges provided therefore, the vehicle shall be considered as parked overtime and the person committing the infraction shall be punished as provided in section 78-48. In addition to the penalties as provided in section 78-48, the vehicle may be impounded or towed by the police department or designated individual

(b) ~~If any vehicle shall be parked within the designated metered parking area without a receipt, or without a receipt properly displayed as provided in section 78-9, the vehicle shall be considered as parked overtime and a parking fine shall be assessed as provided in section 78-48.~~ Remove

(c) No person shall park or leave unattended any trailer not attached to a towing motor vehicle within any parking area of the city. Any such trailer may be impounded or towed at the direction of a police officer or designated employee by the chief of police, and the owner thereof shall be assessed a parking fine as provided in section 78-48, and all towing fees associated with removal of the trailer.

(d) A vehicle displaying a disabled parking permit or license plate in accordance with Florida Statutes is exempt from subsection (a) ~~and (b)~~ of this section.

(Ord. No. 18-11, § 1, 3-8-2011; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-11. See editors note for § 78-5.

Sec. 78-11. Parking of vehicles without affixed current and valid registration license plate and validation sticker; removal, impoundment, and immobilization of such vehicles.

(a) No person shall stop, stand, or park a vehicle upon any street or in any off-street parking facility in the city unless such vehicle has affixed to it a current and valid license plate and validation sticker.

(b) Any motor vehicle without a current and valid license plate and validation sticker affixed to it found parked at any time upon any street or in any off-street parking facility in the city is subject to the issuance of a parking violation and to the penalties outlined in section 78-48, and shall be immediately immobilized by or at the direction of a parking enforcement specialist or designee of the chief of police. No such vehicle shall be immobilized by any means other than by the use of a device or other mechanism which will not cause damage to such vehicle unless it is moved while such device or mechanism is in place.

(c) It shall be the duty of the parking enforcement specialist immobilizing such motor vehicle, or under whose direction such vehicle is immobilized, to post on such vehicle, in a conspicuous place, notice sufficient to inform the owner or operator of the vehicle that:

(1) The vehicle has been immobilized pursuant to and by the authority of section 78-11 of this Code; and

(2) The owner of such immobilized vehicle, or other duly authorized person, shall be permitted to repossess or to secure the release of the vehicle upon compliance with either of the following procedures:

a. Payment to the parking division of the city police department of the fine prescribed in section 78-48, as amended, of this Code for the offense of parking a vehicle without a current and valid registration license plate and validation sticker affixed to it; or

b. Request a hearing before a designated official, designated by the chief of police to hear such matters, concerning the validity of the issuance of the parking violation for the offense of parking a vehicle without a current and valid license plate and validation sticker affixed to it, and provide the parking division of the city with the vehicle owner's current home address.

(d) It shall be unlawful for anyone, except those persons authorized by the chief of police, to remove or attempt to remove, tamper with, or in any way damage or alter the immobilization device. A violation of this section is punishable pursuit to section 1-14 of this Code, and any cost associated with damage to the immobilization device due to the person actions.

(e) If the owner of the immobilized vehicle, or other duly authorized person, does not make arrangements for removal of the immobilization device in accordance with the foregoing provisions within 24 hours of the time such motor vehicle was immobilized, a police officer is hereby authorized to impound such vehicle.

(Ord. No. 23-23, § 1, 6-13-2023)

Editor's note(s)—Ord. No 23-23, § 1, adopted June, 13, 2023, renumbered the former § 78-11 as § 78-10 and enacted a new § 78-11 as set out herein.

Sec. 78-12. Unattended motor vehicles.

(a) No person driving or in charge of a motor vehicle, shall permit it to stand unattended without first stopping the engine, locking the ignition, and removing the key.

(b) Violations of this section are subject to the penalties outlined in section 78-48, and may be subject to impoundment as set forth in section 78-50.

(Ord. No. 23-23, § 1, 6-13-2023)

Editor's note(s)—Ord. No. 23-23, § 1, adopted June 13, 2023, repealed the former § 78-12, and enacted a new § 78-12 as set out herein. The former § 78-12 pertained to enforcement penalties and was derived from Ord. No. 18-11 adopted on March 8, 2011.

Sec. 78-13. Reserved.

Editor's note(s)—Ord. No. 23-23, § 1, adopted June 13, 2023, repealed § 78-13, which pertained to the prohibition of heavy trucks on Myrtle Avenue and was derived from Ord. No. 42-15 which was adopted on May 12, 2015.

Secs. 78-14—78-39. Reserved.

Sec. 78-40. Delivery vehicles on Flagler Avenue.

(a) Delivery vehicles servicing businesses along Flagler Avenue shall use the designated loading and unloading zones located on Flagler Avenue daily between the posted hours. No delivery vehicles may stop along Flagler Avenue during any other time or in any other public right-of-way.

(b) The exemptions contained in provisions of sections 78-42(e) and 78-43 shall not apply to delivery vehicles servicing businesses along Flagler Avenue.

(c) Any motor vehicle parked in a designated delivery zone, during designated hours, that is not a delivery vehicle, will be towed at owner's expense.

(d) A violation of this section shall be subject to the penalties set forth in section 78-48.

(Ord. No. 51-20, § 1, 6-9-2020; Ord. No. 23-23, § 1, 6-13-2023)

Sec. 78-41. Parking restrictions generally.

(a) The chief of police may request the traffic engineer to erect signs within the city that shall be plainly marked permitting, restricting or prohibiting stopping, standing or parking of vehicles upon streets or portions of streets during certain hours of certain days.

(b) No person shall stop, stand or park a vehicle in any restricted parking zone other than for the purpose indicated on a restricted parking zone sign, except as necessary for delivery vehicles or to pick up or discharge a passenger or passengers.

(c) Whenever any motor vehicle without a driver is parked, stopped or standing in a restricted parking area, a police officer or parking enforcement specialist may mark the vehicle and shall note the time, so that if the vehicle remains parked, stopped or standing in violation of this article, the police officer shall take its registration number and shall take any other information displayed on the vehicle that may identify its user. The police officer or parking enforcement specialist shall then conspicuously affix to such vehicle a parking ticket on a form provided by the city.

(d) When official signs are erected designating a parking space, area or lot for restricted parking or permit parking for authorized vehicles only, no person shall park an unauthorized vehicle in violation of such sign. This provision shall not apply to disabled and handicapped parking. A violation of this section will result in penalties as outlined in sections 78-49 and 78-50.

(Code 1975, § 18-6; Ord. No. 23-23, § 1, 6-13-2023)

Sec. 78-42. Stopping, standing or parking prohibited in specified places.

(a) Police officers or employees designated by the chief of police are hereby authorized to remove any vehicle from any street or other public property within the city by impoundment, under the circumstances hereinafter enumerated:

(1) Alongside any yellow curb.

(2) In front of a public or private driveway.

(3) Within 15 feet of a fire hydrant.

(4) Within 20 feet of crosswalk at an intersection.

(5) Within 30 feet upon the approach to any flashing signal, stop sign or traffic control signal located within or along a roadway.

(6) Within 20 feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of said entrance (when properly signposted), or in a designated fire lane.

(7) At any place where official signs prohibit standing or parking.

(8) Within the view obstruction zone located 25 feet from an intersection on the road, swale, or right-of-way, as measured below, unless the space is officially marked or designated by the city:

a. Commence at the point of intersection of street right-of-way lines of a corner lot and measure 25 feet along each street right-of-way line and connect the points with a line;

b. Commence at the point of intersection of street and alley right-of-way lines, and measure 25 feet along the street right-of-way line and the alley right-of-way line, and connect these points with a line. See illustration 78-42.

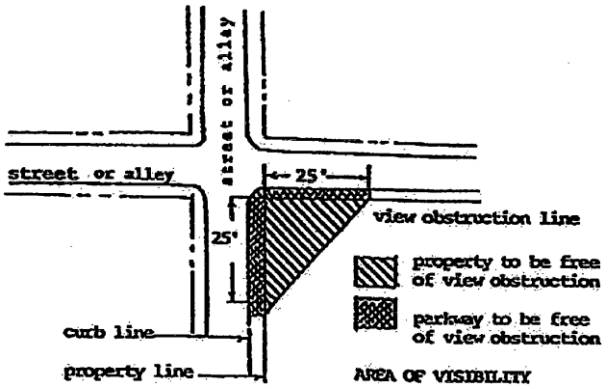

Illustration 78-42

(b) No person shall park a vehicle, whether occupied or not, except temporarily for the purpose of, and while actually engaged in, loading or unloading merchandise or passengers:

(1) Within 50 feet of the nearest rail or a railroad crossing, or bridge.

(2) At any place where official signs prohibit parking.

(c) No person shall move a vehicle not lawfully under such person's control into any such prohibited area.

(d) No person shall drive a vehicle across a raised curb for the purpose of parking, stopping or standing.

(e) No person shall stand or park a vehicle, whether occupied or not, on any sidewalk within a public right-of-way maintained by the city except temporarily for the purpose of and while actually engaged in the delivery of goods and services to an adjoining property, or while performing work authorized by a construction permit.

(f) No person shall park or leave unattended for a period of longer than 24 hours any boat trailer, enclosed trailer, or open trailers of any kind along the city right-of-way. A boat trailer, enclosed trailer, or open trailer in violation of this subsection shall be towed at owner's expense.

(Code 1975, § 18-4; Ord. No. 34-19, § 1, 6-25-2019; Ord. No. 23-23, § 1, 6-13-2023)

Sec. 78-43. Obstruction of traffic by parking and hindering vehicle of another being parked.

(a) No person shall park any vehicle upon a street, except as necessary for delivery vehicles, in such a manner or under such conditions as to leave available less than eight feet of the width for each direction of travel of the travel lane for free movement of vehicular traffic. To determine if a person has violated this section, the distance shall be measured from the outside edge of the vehicle violating this section to the crown of the road.

(b) When the driver of a vehicle has lawfully stopped with the obvious intent of backing or proceeding into a legally designated parking space, it shall be unlawful for any other person to stop a vehicle so as to obstruct

or prevent the driver from completing movement into the parking space. This will constitute an obstruction of a public street.

(Code 1975, § 18-5; Ord. No. 23-23, § 1, 6-13-2023)

Sec. 78-44. Parallel parking.

Except when otherwise provided, every vehicle stopped or parked upon a highway, roadway, street, avenue or alley shall be stopped or parked parallel to the curb or edge of the roadway in the direction of authorized traffic movement.

(Code 1975, § 18-5.5)

Sec. 78-45. Owner of car presumed to be violator.

In the prosecution charging a violation of any ordinance or provision of this Code governing the stopping, standing or parking or operating of a vehicle, proof that the particular vehicle described in the complaint was parked or operated in violation of any such ordinance or regulation, together with proof that the violator named in the complaint was at the time of such parking or operating the registered owner of such vehicle, shall constitute in evidence presumption that the registered owner of such vehicle or a person using the vehicle with the owner's permission was the person who stopped, parked or operated such vehicle at the point where and for the time during which such violation occurred. The owner of a vehicle is not responsible for a parking ticket violation if the vehicle involved was, at the time, stolen or in the care, custody or control of some person who did not have permission of the owner to use the vehicle.

(Code 1975, § 18-8; Ord. No. 23-23, § 1, 6-13-2023)

Editor's note(s)—Ord. No 23-23, § 1, adopted June, 13, 2023, repealed the former § 78-45, and renumbered §§ 78-46—78-49 as §§ 78-45—78-48. The former § 78-45 pertained to the erasure of chalk marks on tires of parked cars and was derived from the 1975 Code § 18-7 adopted March 3, 2023.

Sec. 78-46. Notification to individual charged with a traffic infraction.

(a) The chief of police or employee designated by the chief of police shall issue a parking violation citation or ticket for a violation of this article. The fine schedule, delinquent fee, and instructions for payment of the fine or request for an appeal shall be set forth on the ticket. An individual charged with a traffic parking violation must elect one of the following options within 15 days of the date the ticket is issued. The person charged must:

(1) Pay the fine to the police chief or person designated by the police chief to collect fines; or

(2) Contact the police chief or person designated by the police chief to process matters relating to traffic infractions and request a court hearing.

(b) The person charged may either pay the fine or request an appeal. However, the fine or request for appeal must be received within 15 days from the date the ticket is issued. An appeal may be requested through the city's website. If the person charged chooses to request an appeal, the time to pay the fine shall be stayed to allow for such actions to be heard. The police chief or person designated by the police chief to process matters relating to traffic infractions at the direction of the clerk of the county court, shall issue a summons for each person charged who has requested a court hearing. Any person who fails to satisfy the court's directive and any person who elects to appear in court to present evidence shall be deemed to have waived his right to the civil penalty provisions of the ticket.

(c) If an appeal is requested, the chief of police or employee designated by the chief of police will evaluate the appeal and render a decision as to the violation. If the citation is not dismissed, the violator may choose to pay the citation within ten days of notification of the decision or the violator may choose to request a court hearing. If the violator does not contact the police department to either pay the fine or request a court hearing within ten days of the decision, the fine will double and the violator will be subject to the processes outlined in section 78-47. If the violator requests a court hearing, the clerk of the county court will send a notice to the violator to appear before the county court on a date certain. Any person who fails to satisfy the court's directive and any person who elects to appear in court to present evidence shall be deemed to have waived the right to the civil penalty provisions of the ticket.

(Code 1975, § 18-9; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-47. See editors note for § 78-45.

Sec. 78-47. Failure to comply with citation; warning letter and collection.

(a) *Letter generation phase.* A warning letter, in a form approved by the county court, shall be mailed to the registered owner of a vehicle when a citation has been unpaid or a court hearing has not been requested for a period of ten days. The original fine due shall be doubled upon the mailing of the warning letter. If the fine due is not paid within the ~~ten-day~~ 14 day period specified in the warning letter, a second warning letter will be sent to the violator requesting payment be made immediately, the police chief, at the direction of the clerk of county court, shall issue a summons to the registered owner of the vehicle to appear in court for arraignment unless the fine and delinquent fee are paid within the ten-day period specified in the warning letter. If the fine, delinquent fee and a process charge of $10.00 per summons are paid prior to the court date and hour set forth on the summons, the case will be considered closed. This summons shall be mailed by certified mail with return receipt requested. These summons shall be issued on a weekly basis.

(b) *Submission to collection agency.* If any parking citation remains unpaid ~~30~~ 90 days after the date of the second warning letter, the violator's information will be submitted to a collection agency. If the defendant fails to appear for the arraignment, and the court file reflects the owner has received the certified letter as to the arraignment, the court may issue a warrant for the arrest of the defendant.

(Code 1975, § 18-10; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-48. See editors note for § 78-45.

Sec. 78-48. Fines and penalties for violation of article.

(a) Fines. For a violation of this article, the following applicable fines shall be imposed:

(1) Any overtime parking or any other parking violation not specified below $30.00

(2) Any overtime or parking violation of a vehicle in the following parking lots, including any city-owned parking lots or facilities not listed $50.00

a. 27th Avenue Lot

b. Maryanne Clancy Lot

c. Flagler Avenue Lot

d. ~~Ester~~ Esther Street Lot

e. ~~Grace~~ Grayce Barck North Beach Lot - Atlantic

f. East Boat Ramp

g. West Boat Ramp

h. Swoope Boat Ramp

i. Manatee Park

Grayce Barck North Beach Lot-Peninsula

(3) Handicapped parking violation $250.00

(4) Any parking in the right-of-way along the following boat launch parking lots $100.00

a. East Boat Ramp

b. West Boat Ramp

c. Swoope Boat Ramp

(5) Unauthorized parking in fire lane $30.00

(b) Penalties. Failure to pay any outstanding parking fines will result in suspension of any city issued parking permit to said violator. Further, no new city parking permits will be issued to any person who has outstanding fines owed to the city for any violations contained within this chapter.

(c) For the purpose of this section a handicapped parking violation shall be parking in violation of F.S. § 316.1955. See F.S. §§ 316.008(4), 316.1955 and 553.5041.

(Code 1975, § 18-11(a); Ord. No. 20-04, § 1, 5-25-2004; Ord. No. 34-19, § 2, 6-25-2019; Ord. No. 52-20, § 2, 6-9-2020; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-49. See editors note for § 78-45.

Sec. 78-49. Parking violation information to be furnished to state department of highway safety and motor vehicles.

The police department is hereby authorized and directed to supply the State of Florida Department of Highway Safety and Motor Vehicles with a listing of persons, in a state department of highway safety and motor vehicles approved communications format, who have three or more outstanding parking violations or one or more parking violation(s) of F.S. §§ 316.1955 or 316.1957, or any city ordinances which regulate parking in spaces for persons with disabilities.

(Ord. No. 23-23, § 1, 6-13-2023)

Editor's note(s)—Ord. No 23-23, § 1, adopted June, 13, 2023, renumbered the former § 78-49 as § 78-48 and enacted a new § 78-49 as set out herein.

Sec. 78-50. Immobilization or towing of vehicles.

(a) Any police officer or employee designated by the chief of police is hereby authorized to attach a wheel clamp, parking boot, or other nondestructive device that is capable of immobilizing a motor vehicle under the following conditions:

(1) The registered owner of any motor vehicle which has, on at least three occasions, been found stopped, standing, or parked on any street, alley, thoroughfare, or other public property in violation of state law or city ordinance, and has failed to pay the penalties indicated upon the citations or summons issued by a police officer or parking enforcement specialist of the city, or imposed by order of court; and

(2) The registered owner of a motor vehicle has been given notice by mail or otherwise that the provisions of this section will be enforced against any motor vehicle registered to that owner within ten days of the notice; and

(3) The registered owner of the motor vehicle has failed or refused to respond to the notice described in subsection (2) by paying all such civil penalties. Partial payments shall not prevent immobilization or towing of the vehicle; and

(4) Certification of an attempt to notify the registered owner shall satisfy the requirements of subsection (2).

(b) The ~~police department~~ city shall maintain a current list of all motor vehicles to which an immobilization device may be attached pursuant to this section.

(c) The immobilization device shall be attached to the motor vehicle if located on public right-of-way, public property, or any other place where the public is invited. No motor vehicle shall be immobilized within the traveled portion of any street when immobilization at such place would create a hazard to the public or to traffic.

(d) When an immobilization device is attached to a motor vehicle, a notice shall also be affixed to the left front window stating that the immobilizing device has been attached and cautioning the operator not to attempt to operate the motor vehicle or to attempt to remove the immobilization device. The notice shall inform the owner or operator of the motor vehicle the total amount of penalties assessed under the citations for which the motor vehicle is immobilized, including any late fees or additional penalties, plus the charge for removal of the immobilization device, and the location and manner by which the owner or operator must pay the civil penalties and removal charge in order remove immobilization device from the motor vehicle.

(e) The immobilization device shall be removed from the motor vehicle upon payment of the civil penalties assessed under the citations for which the motor vehicle has been immobilized, plus the removal charge.

(f) The removal charge for the authorized removal of an immobilization device is hereby established in the amount of $50.00.

(g) In the alternative, or as an additional remedy, if an immobilization device remains on a motor vehicle for more than 24 hours, any motor vehicle described in subsection (a) may be towed from any location where it may be found within the city, if the location is in a right-of-way, public property, or place where the public is invited to travel, and shall be impounded until the registered owner pays all outstanding civil penalties, the removal charge, and the costs of towing and impoundment.

(h) This section shall be applied retrospectively, such that an outstanding citation or summons issued prior to the effective date hereof shall be includable in determining whether the requirements of subsection (a)(1) have been met.

(i) It shall be unlawful for the owner or operator of a motor vehicle to remove, damage or otherwise tamper with an immobilization device placed on his/her vehicle without first satisfying all monies owed to the city for any outstanding parking citations. any person who shall remove, damage or otherwise tamper with an immobilization device shall be punished as provided in section 1-14 of this Code.

(Ord. No. 23-23, § 1, 6-13-2023)

Editor's note(s)—Ord. No 23-23, § 1, adopted June, 13, 2023, renumbered the former §§ 78-50—78-63 as § 78-51—78-64 and enacted a new § 78-50 as set out herein.

Sec. 78-51. Civil traffic infraction hearing officer program.

Cases involving the violation of the city's parking ordinances that have been appealed to the county court shall be referred to a hearing officer designated to preside over civil traffic infractions in the county pursuant to F.S. § 318.325, as amended, and rule 6.630, of the Florida Traffic Court Rules, as amended.

(Ord. No. 18-99, § 1, 3-23-1999; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-50. See editors note for § 78-50.

Sec. 78-52. Parking of trucks in residential zones regulated.

(a) It shall be unlawful for any person to park a truck in excess of one ton in capacity for more than one hour in any residential zone or on any street abutting lots so zoned unless the truck shall be parked in an enclosed garage, provided the truck is not making deliveries or providing a service.

(b) For the purpose of this section, the term "residential zone" means any single-family zoning district as set forth in the city's land development regulations.

(Code 1975, § 18-12; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-51. See editors note for § 78-50.

Sec. 78-53. Parking limit imposed in certain areas.

It shall be unlawful for any vehicle to be parked for more than four hours during any 24-hour period within any portion of the following designated areas:

(1) On Canal Street east of U.S. Hwy. No. 1 to Riverside Drive.

(2) On Flagler Avenue from the east end of the North Causeway to Buenos Aires Street.

(Code 1975, § 18-13; Ord. No. 99-15, § 1, 10-27-2015; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-52. See editors note for § 78-50.

Sec. 78-54. Parking vehicles with curtained or obscured windows restricted.

(a) No van, bus, camper or other motor vehicle with curtained or obscured windows shall park upon the beach or on any city park, or within one block of a connecting street to the beach or a city park, after the hour of sundown and before the hour of sunup in any 24-hour period.

(b) No van, bus, camper or other motor vehicle with curtained or obscured windows may be parked and occupied on any street within the city between the hours of sundown and sunup in any 24-hour period.

(c) Any person found within any vehicle as described in subsection (a) and (b) will be given a trespass warning and be asked to remove the vehicle from the location. Failure to remove the vehicle from the area will result in a trespass violation being issued to the occupant(s) of the vehicle and the vehicle being towed. If the vehicle is unoccupied and the owner cannot be located then the vehicle shall be towed from the area.

(d) Any violation of this section shall be subject to the penalties provided in section 1-14.

(Code 1975, § 18-14; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-53. See editors note for § 78-50.

Sec. 78-55. Parking in city facilities.

(a) Motor vehicles, including passenger cars, trucks with a net weight of 9,999 pounds or less, and motorcycles are required to obtain ~~and display~~ a daily or annual permit to park in the following city facilities:

(1) 27th Street Oceanfront Park.

(2) Flagler Avenue Oceanfront Park.

(3) Esther Street Oceanfront Park.

(4) Grayce Barck North Beach ~~Community Park~~ Lot-Atlantic

Grayce Barck North Beach Lot-Peninsula

North Beach Street Parking

(5) Marianne Clancey Park.

(6) Swoope Boat Launch.

(7) East North Causeway Boat Launch.

(8) West North Causeway Boat Launch.

(b) It shall be unlawful for a motor vehicle to remain parked overnight in any city-owned and city-operated park or recreational, sports, leisure or other facility during the hours such facility is closed, unless 24-hour parking at the facility is specifically permitted. A violation of this section shall subject the owner or operator of the motor vehicle to parking fines as outlined in section 78-48, and towing at owner's expense.

(c) No vehicle shall remain in any city-owned and city-operated park or recreational, sports, leisure or other facility regardless of park hours, for the purpose of sleeping in one's vehicle. Residing in one's vehicle and remaining parked in any city-owned or city-operated facility, including but not limited to those listed in subsection (a)(1)—(8), is strictly prohibited. Any violation of this subsection shall subject the violator to a trespass warning. Continued violation after trespass warning shall subject the violator to arrest. If owner or occupier of a vehicle is arrested, the vehicle shall be towed at owner's expense.

(d) No person shall park any vehicle in any of the city facilities identified in section 78-55(a)(1)—(5), without a permit or during closed hours of the facility.

(e) No person shall park any vehicle in any of the city facilities identified in section 78-55(a)(6)—(8), without a permit or for more than 24 continuous hours whether having a daily or annual permit.

(f) Motor homes, recreational vehicle-type vehicles, trailers, trucks with a net vehicle weight of more than 9,999 pounds, truck tractors and buses are prohibited from parking in the city facilities identified in section 78-55(a) at all times, except boat trailers are permitted to park in accordance with section 78-56 at city boat launch facilities.

(g) A vehicle displaying a disabled parking permit or license plate in accordance with Florida Statutes, is exempt from the permit requirement of this section.

(h) Any violation of this section shall be punished as provided in section 78-48 of this chapter.

(Ord. No. 34-19, § 3, 6-25-2019; Ord. No. 52-20, § 3, 6-9-2020; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-54. See editors note for § 78-50.

Sec. 78-56. Boat launch parking.

(a) Except momentarily to pick up or discharge a passenger or passengers, no person shall stop, stand or park any motor vehicle or trailer within or around any city boat launch facility:

(1) At any place where official traffic control signage prohibits parking.

(2) On a sidewalk or a crosswalk or in the adjacent rights-of-way.

(3) Within a travel lane in a manner as to obstruct the free movement of traffic.

(b) No person shall stop, stand or park a vehicle without a trailer in a parking space designated solely for vehicles towing trailers.

(c) All city boat launch facilities, surrounding entryways, and other areas posted within the city, are designated tow-away zones. Any vehicles parked in violation of this section may be removed by a licensed towing contractor at the owner's expense.

(Ord. No. 52-20, § 4, 6-9-2020; Ord. No. 23-23, § 1, 6-13-2023)

Note(s)—Formerly § 78-55. See editors note for § 78-50.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
Ord. No. 30-26 Amending Chapter 78, Traffic and Vehicles, Article II, Parking, to update provisions related to paid off-street parking, mobile payment methods, signage and related enforcement.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

Transitioning from metered parking and 30 kiosks to mobile payment methods will provide a more reliable and convenient means for the 31 public to pay parking fees, reduce equipment downtime, and support efficient enforcement of 32 paid parking regulations;

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

None

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

None

4. Additional information the governing body deems useful (if any):

The ordinance is expected to result in operational efficiencies and cost reductions, including:

- Reduced maintenance and servicing costs for physical parking kiosks
- Lower labor costs associated with enforcement and collections
- Improved revenue tracking through digital payment systems
- Overall Business Impact Conclusion
- Positive Impact

The proposed ordinance is expected to have a net positive economic effect on the local business environment:

- Improves customer convenience and usability of parking
- Supports tourism and visitor access (critical to NSB economy)
- Enhances parking turnover and availability in high-demand areas
- Reduces outdated administrative requirements (receipt display)
- Introduces technology aligned with current user expectations

ORDINANCE NO. 30-26

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH AMENDING THE CODE OF ORDINANCES; AMENDING CHAPTER 78, TRAFFIC AND VEHICLES, ARTICLE II, PARKING, TO UPDATE PROVISIONS RELATED TO PAID OFF-STREET PARKING, MOBILE PAYMENT METHODS, SIGNAGE, AND RELATED ENFORCEMENT; PROVIDING FOR CODIFICATION; PROVIDING FOR PUBLIC HEARING; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, section 316.008(1)(a), Florida Statutes, delegates to local governmental units the authority to reasonably regulate parking with respect to streets and highways under their jurisdiction; and

WHEREAS, the City of New Smyrna Beach experiences significant increases in traffic and parking demand on weekends, holidays, and during the spring and summer seasons, resulting in recurring parking violations and traffic congestion; and

WHEREAS, the City has historically utilized metered parking and/or pay stations (kiosks) within certain paid parking areas; and

WHEREAS, the City Commission finds that parking kiosks and similar equipment located in coastal environments are difficult and costly to maintain due to frequent upkeep requirements and saltwater exposure and corrosion; and

WHEREAS, the City Commission finds that transitioning from metered parking and kiosks to mobile payment methods will provide a more reliable and convenient means for the public to pay parking fees, reduce equipment downtime, and support efficient enforcement of paid parking regulations; and

WHEREAS, in order to accomplish the foregoing objectives, the City Commission finds it is in the best interests of the residents and visitors of the City of New Smyrna Beach to amend Chapter 78 of the City Code of Ordinances as set forth herein, including updates that transition certain paid parking areas from metered parking and kiosks to mobile payment methods.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Amendment.*** That New Smyrna Beach Code of Ordinances, Chapter 78, Traffic and Vehicles, is hereby amended to read as follows: **(Note: Omissions from text are indicated by [...], deletions from text are indicated by ~~strikethrough~~ and additions to text are indicated by underline.)**

Chapter 78 TRAFFIC AND VEHICLES

ARTICLE II. PARKING

Sec. 78-5. Regulation of off-street parking areas; imposition of ~~metered~~ paid parking.

The city manager, ~~subject to the approval of the city commission,~~ may, from time to time, establish ~~metered~~ paid off-street parking areas and establish time limits, times, and rates for the parking of vehicles in those areas.

Sec. 78-6. Installation, regulation, control and operation.

. The city manager shall provide for the installation, regulation, control, operation, and use of paid parking or other mobile payment methods. ~~a meter or meters authorized under section 78-56~~.

Sec. 78-7. Signage; location of paid parking areas.~~meters.~~

Off-street ~~metered~~paid parking area boundaries shall be plainly marked and signage shall be placed at all entrances indicating the area is regulated as a ~~metered~~paid parking area. The signage shall also provide directions to operators of vehicles for payment of parking fees ~~at a meter or meters~~ which shall be located in a convenient location.

Sec. 78-8. Installation of parking mobile payment signs.~~meter or machine~~.

Each ~~meter or machine~~ installation~~ed~~ of a mobile payment sign within a ~~metered~~paid parking area for collection of parking fees shall indicate by proper legend the legal parking time and rates and charges, and the proper method of payment.~~, and shall issue a receipt upon payment showing an expiration time and date.~~ Mobile payment options should indicate legal parking time, rates and charges and issue a confirmation upon completion of payment.

~~**Sec. 78-9. Placement of receipts in vehicle.**~~

~~Each receipt issued to the operator of a vehicle by the meter or machine shall be placed upon the dash of the operator's towing motor vehicle with the printed information face up and in a manner that the printed information is clearly visible from the outside of the vehicle. The vehicle shall be locked to prevent theft or loss of the parking receipt. A violation of this section shall be punished as provided in section 78-48.~~

Sec. 78-~~10~~9. Illegal parking in city.

(a) If any vehicle shall remain parked in any parking area beyond the parking time limit, or beyond the parking time limit paid for at the rates and charges provided therefore, the vehicle shall be considered as parked overtime and the person committing the infraction shall be punished as provided in section 78-48. In addition to the penalties as provided in Section 78-48, the vehicle may be impounded or towed by the police department or designated individual.

~~(b) If any vehicle shall be parked within the designated metered parking area without a receipt, or without a receipt properly displayed as provided in section 78-9, the vehicle shall be considered as parked overtime and a parking fine as provided in section 78-48.~~

(be) No person shall park or leave unattended any trailer not attached to a towing motor vehicle within any parking area of the city. Any such trailer may be impounded or towed at the direction of a police officer or designated employee by the Chief of Police, and the owner thereof shall be assessed a parking fine as provided in section 78-48, and all towing fees associated with removal of the trailer.

(dc) A vehicle displaying a disabled parking permit or license plate in accordance with Florida Statutes is exempt from section (a) ~~and (b)~~ of this section.

Sec. 78-101. Parking of vehicles without affixed current and valid registration license plate and validation sticker; removal, impoundment, and immobilization of such vehicles.

(a) No person shall stop, stand, or park a vehicle upon any street or in any off-street parking facility in the City unless such vehicle has affixed to it a current and valid license plate and validation sticker.

(b) Any motor vehicle without a current and valid license plate and validation sticker affixed to it found parked at any time upon any street or in any off-street parking facility in the city is subject to the issuance of a parking violation and to the penalties outlined in section 78-48, and shall be immediately immobilized by or at the direction of a parking enforcement specialist or designee of the chief of police. No such vehicle shall be immobilized by any means other than by the use of a device or other mechanism which will not cause damage to such vehicle unless it is moved while such device or mechanism is in place.

(c) It shall be the duty of the parking enforcement specialist immobilizing such motor vehicle, or under whose direction such vehicle is immobilized, to post on such vehicle, in a conspicuous place, notice sufficient to inform the owner or operator of the vehicle that:

(1) The vehicle has been immobilized pursuant to and by the authority of Section 78-11 of the City of New Smyrna Beach's Code of Ordinance; and

(2) The owner of such immobilized vehicle, or other duly authorized person, shall be permitted to repossess or to secure the release of the vehicle upon compliance with either of the following procedures:

a. Payment to the Parking Division of the City of New Smyrna Beach Police Department of the fine prescribed in Section 78-48, as amended, of this Code for the offense of parking a vehicle without a current and valid registration license plate and validation sticker affixed to it; or
b. Request a hearing before a designated official, designated by the chief of police to hear such matters, concerning the validity of the issuance of the parking violation for the offense of parking a vehicle without a current and valid license plate and validation sticker affixed to it, and provide the Parking

Division of the City of New Smyrna Beach with the vehicle owner's current home address.

(d) It shall be unlawful for anyone, except those persons authorized by the chief of police, to remove or attempt to remove, tamper with, or in any way damage or alter the immobilization device. A violation of this section is punishable pursuit to section 1-14 of this Code, and any cost associated with damage to the immobilization device due to the person actions.

(e) If the owner of the immobilized vehicle, or other duly authorized person, does not make arrangements for removal of the immobilization device in accordance with the foregoing provisions within twenty-four (24) hours of the time such motor vehicle was immobilized, a police officer is hereby authorized to impound such vehicle.

Sec. 78-11~~2~~. Unattended Motor Vehicles.

(a) No person driving or in charge of a motor vehicle, shall permit it to stand unattended without first stopping the engine, locking the ignition, and removing the key.

(b) Violations of this section are subject to the penalties outlined in section 78-48 and may be subject to impoundment as set forth in section 78-50.

~~**Sec. 78-13. Reserved.**~~

Sec. 78-12~~3~~ 78-39. – Reserved.

...

Sec. 78-47. - Failure to comply with citation; warning letter and collection.

(a) *Letter generation phase.* A warning letter, in a form approved by the county court, shall be mailed to the registered owner of a vehicle when a citation has been unpaid or a court hearing has not been requested for a period of ten days. The original fine due shall be doubled upon the mailing of the warning letter. If the fine due is not paid within the ~~ten~~14-day-period specified in the warning letter, a second warning letter will be sent to the violator requesting payment be made immediately, the police chief, at the direction of the clerk of county court, shall issue a summons to the registered owner of the vehicle to appear in court for arraignment unless the fine and delinquent fee are paid within the ten-day period specified in the warning letter. If the fine, delinquent fee and a process charge of $10.00 per summons are paid prior to the court date and hour set forth on the summons, the case will be considered closed. This summons shall be mailed by certified mail with return receipt requested. These summons shall be issued on a weekly basis.

(b) *Submission to collection agency.* If any parking citation remains unpaid ~~30~~ 90 days after the date of the second warning letter, the violator's information will be submitted to a collection agency. If the defendant fails to appear for the arraignment, and the court file reflects the

owner has received the certified letter as to the arraignment, the court may issue a warrant for the arrest of the defendant.

Sec. 78-48. - Fines and penalties for violation of article.

(a) Fines. For a violation of this article, the following applicable fines shall be imposed:

(1) Any overtime parking or any other parking violation not specified below $30.00

(2) Any overtime or parking violation of a vehicle in the following parking lots, including any city-owned parking lots or facilities not listed $50.00

a. 27th Avenue Lot
b. Maryanne Clancy Lot
c. Flagler Avenue Lot
d. ~~Ester~~ Esther Street Lot
e. ~~Grace~~ Grayce Barck North Beach Lot - Atlantic
f. East Boat Ramp
g. West Boat Ramp
h. Swoope Boat Ramp
i. Manatee Park
j. Grayce Barck North Beach Lot- Peninsula

(3) Handicapped parking violation $250.00

(4) Any parking in the right-of-way along the following boat launch parking lots $100.00
a. East Boat Ramp
b. West Boat Ramp
c. Swoope Boat Ramp

(5) Unauthorized parking in fire lane $30.00

(b) Penalties. Failure to pay any outstanding parking fines will result in suspension of any city issued parking permit to said violator. Further, no new city parking permits will be issued to any person who has outstanding fines owed to the city for any violations contained within this chapter.

(c) For the purpose of this section a handicapped parking violation shall be parking in violation of F.S. § 316.1955. See F.S. §§ 316.008(4), 316.1955 and 553.5041.

Sec. 78-49. - Parking violation information to be furnished to state department of highway safety and motor vehicles.

The city ~~police department~~ is hereby authorized and directed to supply the State of Florida Department of Highway Safety and Motor Vehicles with a listing of persons, in a state department of highway safety and motor vehicles approved communications format, who have three or more outstanding parking violations or one or more parking violation(s) of F.S. §§

316.1955 or 316.1957, or any city ordinances which regulate parking in spaces for persons with disabilities.

Sec. 78-50. - Immobilization or towing of vehicles.

(a) Any police officer or employee designated by the chief of police is hereby authorized to attach a wheel clamp, parking boot, or other nondestructive device that is capable of immobilizing a motor vehicle under the following conditions:

(1) The registered owner of any motor vehicle which has, on at least three occasions, been found stopped, standing, or parked on any street, alley, thoroughfare, or other public property in violation of state law or city ordinance, and has failed to pay the penalties indicated upon the citations or summons issued by a police officer or parking enforcement specialist of the city, or imposed by order of court; and

(2) The registered owner of a motor vehicle has been given notice by mail or otherwise that the provisions of this section will be enforced against any motor vehicle registered to that owner within ten days of the notice; and

(3) The registered owner of the motor vehicle has failed or refused to respond to the notice described in subsection (2) by paying all such civil penalties. Partial payments shall not prevent immobilization or towing of the vehicle; and

(4) Certification of an attempt to notify the registered owner shall satisfy the requirements of subsection (2).

(b) The ~~police department~~ city shall maintain a current list of all motor vehicles to which an immobilization device may be attached pursuant to this section.

(c) The immobilization device shall be attached to the motor vehicle if located on public right-of-way, public property, or any other place where the public is invited. No motor vehicle shall be immobilized within the traveled portion of any street when immobilization at such place would create a hazard to the public or to traffic.

(d) When an immobilization device is attached to a motor vehicle, a notice shall also be affixed to the left front window stating that the immobilizing device has been attached and cautioning the operator not to attempt to operate the motor vehicle or to attempt to remove the immobilization device. The notice shall inform the owner or operator of the motor vehicle the total amount of penalties assessed under the citations for which the motor vehicle is immobilized, including any late fees or additional penalties, plus the charge for removal of the immobilization device, and the location and manner by which the owner or operator must pay the civil penalties and removal charge in order remove immobilization device from the motor vehicle.

(e) The immobilization device shall be removed from the motor vehicle upon payment of the civil penalties assessed under the citations for which the motor vehicle has been immobilized, plus the removal charge.

(f) The removal charge for the authorized removal of an immobilization device is hereby established in the amount of $50.00

(g) In the alternative, or as an additional remedy, if an immobilization device remains on a motor vehicle for more than 24 hours, any motor vehicle described in subsection (a) may be towed from any location where it may be found within the city, if the location is in a right-of-way, public property, or place where the public is invited to travel, and shall be impounded until the registered owner pays all outstanding civil penalties, the removal charge, and the costs of towing and impoundment.

(h) This section shall be applied retrospectively, such that an outstanding citation or summons issued prior to the effective date hereof shall be includable in determining whether the requirements of subsection (a)(1) have been met.

(i) It shall be unlawful for the owner or operator of a motor vehicle to remove, damage or otherwise tamper with an immobilization device placed on his/her vehicle without first satisfying all monies owed to the city for any outstanding parking citations. any person who shall remove, damage or otherwise tamper with an immobilization device shall be punished as provided in section 1-14 of this Code.

...

Sec. 78-55. - Parking in city facilities.

(a) Motor vehicles, including passenger cars, trucks with a net weight of 9,999 pounds or less, and motorcycles are required to obtain ~~and display~~ a daily or annual permit to park in the following city facilities:

(1) 27th Street Oceanfront Park.

(2) Flagler Avenue Oceanfront Park.

(3) Esther Street Oceanfront Park.

(4) Grayce Barck North Beach ~~Community Park~~ Lot- Atlantic.

(5) Grayce Barck North Beach Lot- Peninsula.

(6) North Beach Street Parking.

(~~5~~7) Marianne Clancey Park.

(~~6~~8) Swoope Boat Launch.

(~~7~~9) East North Causeway Boat Launch.

(~~8~~10) West North Causeway Boat Launch.

...

SECTION 2: ***Codification.*** Following adoption of this ordinance, the city clerk shall transmit a copy of this ordinance to Municipal Code Corporation of Tallahassee, Florida, to be codified into the City's Code of Ordinance. Municipal Code Corporation's usual and customary fee for said codification service is hereby approved. The provisions of this ordinance are intended to be incorporated into the code of Ordnance of the City of New Smyrna Beach, Florida, and the sections of this ordinance may be renumber, re-lettered, and the word "ordinance" may be

changed to "sections, "article," or such other word or phrase in order to accomplish such intention.

SECTION 3: ***Public Hearing.*** That the public hearing considering the adoption of this ordinance shall be held at 5:30 p.m. on July 14, 2026, in the City Commission Chambers at City Hall, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published pursuant to §166.041(3)(a), F.S.

SECTION 4: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 5: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 6: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 7: ***Effective Date.*** That this ordinance shall take effect immediately upon its final adoption.

Parking Ordinance Updates

Proposed amendments to modernize parking operations

Steve Mendygral
Director of Mobility and Parking

City of New Smyrna Beach

1971

Why Update the Ordinance?

The update aligns parking rules with future operational improvements and Parking Task Force recommendations.

RECENT UPDATE

Chapter 78, Article II was last updated in June 2023.

MODERNIZATION NEED

The Parking Task Force identified opportunities to modernize the City's parking regulations.

OPERATIONAL BENEFIT

Proposed amendments implement key recommendations and improve parking operations.

Allow payments by mobile app, text-to-pay, or call center.

WHAT CHANGES

- Expand payment options for visitors.
- Improve convenience while reducing City operating costs.
- Remove the current paper receipt requirement.

Annual permit holders are unaffected by this change.

ESTIMATED ANNUAL SAVINGS

Lower operating costs

$12,000	Kiosk warranty
$8,500	Transaction fees
Staff time	Reduced collection effort

The next step is to expand the North Beach paid parking area

IMPROVEMENTS COMPLETED OVER THE PAST YEAR

- Sidewalk expansion
- Parallel parking on Sapphire Road
- Vegetation cleanup
- New no-parking areas

PAID PARKING INVENTORY

20 to 98

paid spaces

Annual permit holders may continue parking in the area at no charge.

Questions?

Thank you.

THE CITY OF NEW SMYRNA BEACH - DEVELOPMENTAL SERVICES

ORDINANCE NO. 31-26: CONDUCT A FIRST READING OF AN ORDINANCE, WHICH, IF ADOPTED, AT A SECOND READING AND PUBLIC HEARING WILL ANNEX APPROXIMATELY 0.34 ± ACRES OF LAND LOCATED AT 2264 DOSTER DRIVE.

July 14, 2026

Background:

Applicant and Property Owners: Brian P. and Raquel Heath, 2264 Doster Drive, New Smyrna Beach, Florida 32168.

Request: Voluntary annexation:

- **From:** Unincorporated Volusia County.
- **To:** City of New Smyrna Beach.

Site Information:

- **Size:** 0.34 ± acres.
- **Location:** Southeast corner of Doster Drive and Bolton Road.

Tax I.D. Number: 7344-03-00-0110

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City of New Smyrna Beach, was also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property addressed as 2264 Doster Drive is developed with a single-family house. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**. Existing land uses are shown on the map attached as **Exhibit C**.

The established City Commission policy is that when properties are annexed into the City,

the City will assign future land use, (FLU), categories and zoning designations that would be as similar as possible to existing County categories and designations. The existing County FLU category is Urban Low Intensity. The existing County zoning designation is R-4, Urban Single Family Residential. The proposed City FLU category is Low Density Residential. The proposed City zoning designation is R-2, Single Family Residential.

This annexation request is within the City's annexation area and within the City's water and sewer service area **(Exhibit D).** The parcel located at 2264 Doster Drive has a 6-inch PVC water line in the Doster Drive right-of-way, but central sewer and reclaim services are not available. A map of the soil limitations for septic systems is attached as **Exhibit E**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property addressed as 2264 Doster Drive is developed with a single-family house with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

A map showing the subject properties incorporated into Commission Zone 4 is attached as **Exhibit F**. The ISBA map is attached as **Exhibit G**. The legal description and Warranty Deed are attached as **Exhibits H** and **I**.

Recommendations:

At its regular scheduled meeting on June 1, 2026, the Planning and Zoning Board voted, 7-0, to give a positive recommendation to the City Commission to **approve** the requested annexation application.

The Planning Department also recommends the City Commission to **approve** the requested annexation application.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 31-26 Annexing 2264 Doster Dr.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☑ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

N/A

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

N/A

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

N/A

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 31-26

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH ANNEXING 0.34± ACRES OF PROPERTY GENERALLY LOCATED ON THE SOUTHEAST CORNER OF DOSTER DRIVE AND BOLTON ROAD, ADDRESSED AS 2264 DOSTER DRIVE; PROVIDING FOR REDEFINING BOUNDARIES OF THE CITY; DESIGNATING THE PROPERTY WITHIN COMMISSION ZONE 4; PROVIDING FOR PUBLIC HEARING; PROVIDING FOR REQUIRED FILINGS; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Brian P. Heath and Raquel Heath, 2264 Doster Drive, New Smyrna Beach, Florida 32168, applicants and property owners, have requested the annexation of 0.34± acres of property generally located on the southeast corner of Doster Drive and Bolton Road, addressed as 2264 Doster Drive; and

WHEREAS, the Planning and Zoning Board, at its regularly scheduled meeting on June 1, 2026, by a vote of 7-0, recommended that the City Commission approve the requested annexation; and

WHEREAS, the City Commission of the City of New Smyrna Beach is desirous of annexing the real property described in the first paragraph above, and the City Commission hereby finds and determines that the petition for annexation bears the signature of the owner of the property in the area proposed to be annexed, and the property is within the Interlocal Service Boundary Agreement area.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Annexation.*** That the real property is located in Volusia County, State of Florida, legally described as:

SEE EXHIBIT "A" LEGAL DESCRIPTION AND LOCATION MAP ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

and to the centerline of all surrounding rights-of-way shall be and the same is hereby annexed into the City of New Smyrna Beach and made a part hereof pursuant to §171.044(1)-(2) and §171.204, F.S.

SECTION 2: ***Boundary Adjustment.*** That the boundary lines of the City of New Smyrna Beach shall be and the same are hereby redefined and shall hereinafter read as follows:

SEE EXHIBIT "B" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 3: ***Commission Zone.*** That the real properties annexed shall become a part of Zone 4. New Smyrna Beach Charter, §3.07.

SEE EXHIBIT "C" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 4: ***Public Hearing.*** It is hereby found that a public hearing held by the City Commission to consider adoption of this ordinance on July 28, 2026, at 5:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published once a week for two consecutive weeks and provided to the County Council by certified mail is deemed to comply with Section 171.044, F.S.

SECTION 5: ***Filing.*** That within SEVEN (7) days after adoption, this ordinance shall be filed by the City Clerk with the Clerk of the Circuit Court, the County Manager and the Florida Department of State. The City Clerk shall file with this ordinance a map which clearly shows the annexed area and a complete legal description of that area by metes and bounds. §171.044(3), F.S.

SECTION 6: ***Charter Revisions to the Department of State.*** The Charter Boundary Article shall be revised to reflect the changes in the municipal boundaries resulting from this annexation and shall be filed as a revision of the City Charter with the Florida Department of State within THIRTY (30) days. A copy of such revision must be submitted to the Office of Economic and Demographic Research along with a statement specifying the population census effect and the affected land area. §171.091, F.S.

SECTION 7: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 8: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 9: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 10: ***Effective Date.*** That this ordinance shall become effective 60 days after its final adoption.

THE CITY OF NEW SMYRNA BEACH - DEVELOPMENTAL SERVICES

ORDINANCE NO. 32-26: CONDUCT A FIRST READING OF AN ORDINANCE, WHICH, IF ADOPTED AT A SECOND READING AND PUBLIC HEARING, WOULD APPROVE A SMALL-SCALE *COMPREHENSIVE PLAN* AMENDMENT CHANGING THE FUTURE LAND USE MAP ON A PROPERTY LOCATED AT 2264 DOSTER DRIVE AS PART OF AN OVERALL ANNEXATION APPLICATION.

July 14, 2026

Background:

Applicant and Property Owners: Brian P. and Raquel Heath, 2264 Doster Drive, New Smyrna Beach, Florida 32168.

Request: Small-Scale *Comprehensive Plan* amendment:

- **From:** Volusia County Future Land Use (FLU) category of Urban Low Intensity.
- **To:** City Future Land Use category of Low Density Residential.

Site Information:

- **Size:** 0.34 ± acres.
- **Location:** Southeast corner of Doster Drive and Bolton Road.

Tax I.D. Number: 7344-03-00-0110

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City of New Smyrna Beach, was also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property addressed as 2264 Doster Drive is developed with a single-family house. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**.

The existing Volusia County Future Land Use (FLU) category of the subject property is shown on the following map as **Exhibit C**. The text description of the existing Future Land Use category for the subject property is attached as **Exhibit D**. Existing land uses are shown on the map attached as **Exhibit E**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use, (FLU), categories and zoning designations that would be as similar as possible to existing County categories and designations. As discussed above, the existing County FLU category is Urban Low Intensity. The proposed City FLU category is Low Density Residential. A text description of the proposed City Low Density Residential Future Land Use category is attached as **Exhibit F**, with a map of this proposed change also attached as **Exhibit G**.

This annexation request is within the City's annexation area and within the City's water and sewer service area **(Exhibit H).** The parcel located at 2264 Doster Drive has a 6-inch PVC water line in the Doster Drive right-of-way, but central sewer and reclaim services are not available. A map of the soil limitations for septic systems is attached as **Exhibit I**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property addressed as 2264 Doster Drive is developed with a single-family house with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

There are numerous *Comprehensive Plan* maps that must be amended to incorporate the subject property into the *Comprehensive Plan* (see **Exhibits J through V)**. A map showing the subject properties incorporated into Commission Zone 4 is attached as **Exhibit W**. The ISBA map is attached as **Exhibit X**. The legal description and Warranty Deed are attached as **Exhibits Y** and **Z**.

Recommendations:

At its regular scheduled meeting on June 1, 2026, the Planning and Zoning Board voted, 7-0, to give a positive recommendation to the City Commission to **approve** the requested Small-Scale *Comprehensive Plan* amendment amending the Future Land Use map to City Low Density Residential as part of an overall annexation application.

The Planning Department also recommends the City Commission to **approve** the requested Small-Scale *Comprehensive Plan* amendment amending the Future Land Use to City Low Density Residential as part of an overall annexation application.

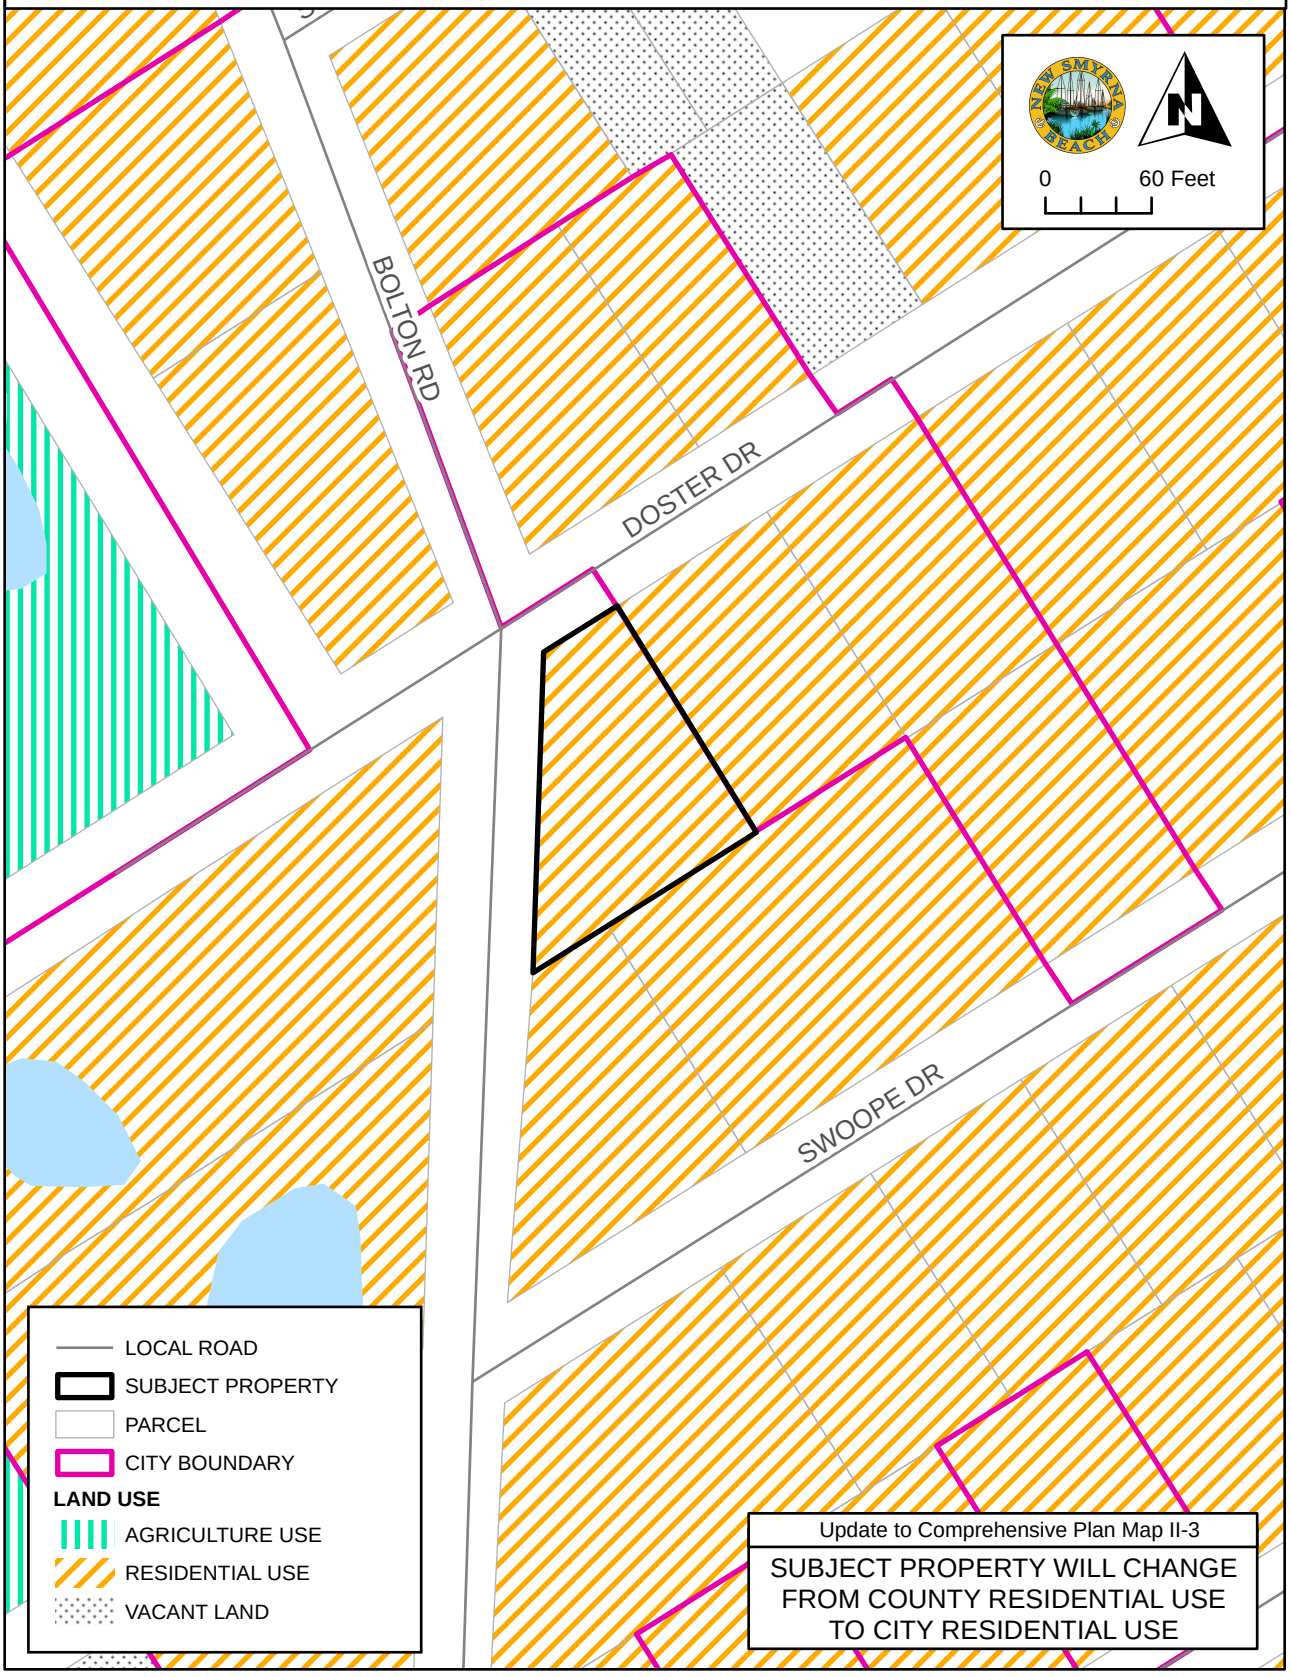
EXISTING FUTURE LAND USE DESIGNATIONS

A-1-26



Urban Low Intensity (ULI) – Areas for low density residential dwelling units of up to four (4) dwelling units per acre. In reviewing rezoning requests, the specific density will depend on locational factors, particularly compatibility with adjacent uses and availability of public facilities. This residential designation is generally characterized by single family type housing, e.g., single family detached and attached, cluster and zero lot line. This designation will allow existing agricultural zoning and uses to continue.

The ULI designation is primarily a residential designation but may also allow neighborhood convenience uses (see Shopping Center definition in Chapter 20) and individual office buildings as transitional uses that meet the Comprehensive Plan's location criteria. The commercial intensity shall be limited to no more than a fifty percent Floor Area Ratio (0.50 FAR) and in a manner to be compatible with the allowable residential density. In order to be considered compatible, the commercial development should be oriented to serve adjacent neighborhoods, reflect comparable traffic generation, similar traffic patterns, building scale, landscaping and open space and buffers. Due to the nature of some of the commercial uses, additional landscaping and visual screening shall be provided through the BPUD process when adjacent to low density residential in order to preserve the character of the neighborhood. More intensive neighborhood commercial use shall be reserved to areas designated for Commercial.

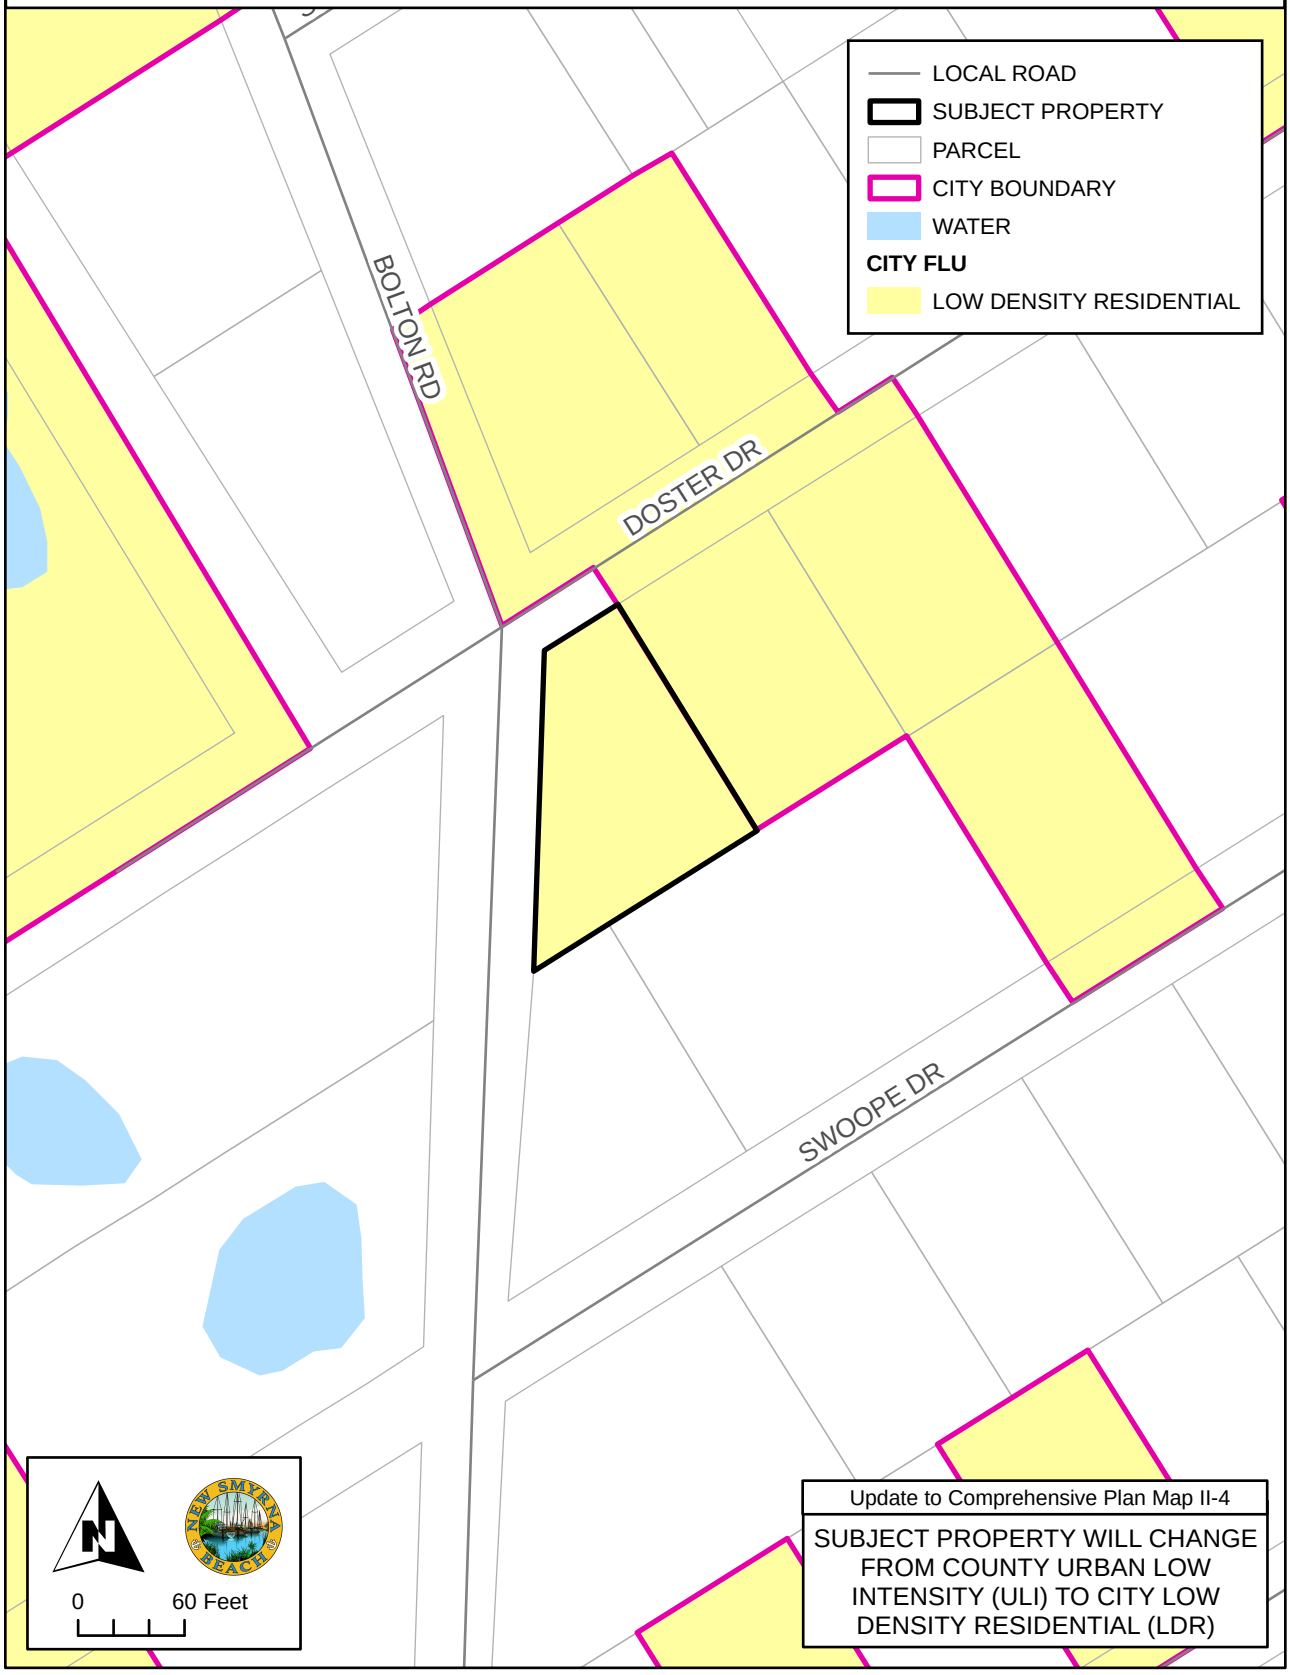
All requests for nonresidential uses within one-quarter (¼) mile of another jurisdiction shall require notification to that jurisdiction.

EXISTING LAND USE DESIGNATIONS

A-1-26

FUTURE LAND USE

LOW-DENSITY RESIDENTIAL



Maximum allowed density: Up to five [5] dwelling units per acre

Non-residential development permitted by special exception shall be at a maximum Floor Area Ratio (FAR) of 0.5.

Intent:
This use is appropriate where a more suburban development pattern exists or is desired and where urban services are to be kept to a minimum.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:

ORD 32-26 Small Scale 2264 Doster Dr.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☑ The proposed ordinance is enacted to implement the following:
  a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
  b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
  c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
  d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

N/A

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

N/A

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

N/A

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

ORDINANCE NO. 32-26

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH AMENDING THE COMPREHENSIVE PLAN; CHANGING THE FUTURE LAND USE DESIGNATION OF 0.34± ACRES OF PROPERTY GENERALLY LOCATED ON THE SOUTHEAST CORNER OF DOSTER DRIVE AND BOLTON ROAD, ADDRESSED AS 2264 DOSTER DRIVE, FROM VOLUSIA COUNTY *URBAN LOW INTENSITY* TO CITY *LOW DENSITY RESIDENTIAL*; PROVIDING FOR AMENDMENT OF THE ASSOCIATED COMPREHENSIVE PLAN MAPS TO SHOW THE AREA INCORPORATED INTO THE CITY; PROVIDING FOR PUBLIC HEARING; PROVIDING FOR CONFLICTING ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Brian P. Heath and Raquel Heath, 2264 Doster Drive, New Smyrna Beach, Florida 32168, applicants and property owners, have requested the City of New Smyrna Beach amend its Comprehensive Plan, Future Land Use Map II-4 to change the land use designation of 0.34± acres of property generally located on the southeast corner of Doster Drive and Bolton Road, addressed as 2264 Doster Drive, from Volusia County *Urban Low Intensity* to City *Low Density Residential*; to amend City Neighborhood Map II-1 to show the subject property is located within the Lake Waterford Estates Neighborhood; to amend Flood Prone Areas Map II-2 to show the subject property is within the FEMA Flood Zone X Unshaded; to amend Existing Land Use Designations Map II-3 to show the subject property will change from Volusia County *Residential Use* to City *Residential Use*; to amend Existing Level of Service-2009 Map III-1 to show the subject property is served by a Class B level of service roadway to the north and a local road to the north; to amend Existing Traffic Lanes-2009 Map III-2 to show the subject property is served by a 4-lane roadway to the north and a local road to the north; to amend Public Transit Routes Map III-3 to show the subject property is served by public transit routes located throughout the City; to amend Bicycle and Pedestrian Facilities Map III-4 to show the subject property is served by bicycle and pedestrian facilities located throughout the City; to amend Airport Runway Protection Zones Map III-5 to show the subject property is within the height notification zone, and is not within the noise impact zone, the building restriction zone, or the runway protection zone; to amend Evacuation Routes Map III-6 to show the subject property is served by evacuation routes located throughout the City; to amend Level of Service-2025 Map III-7 to show the subject property is served by Class D level of service roadway to the north and a local road to the north; to amend Number of Traffic Lanes-2025 Map III-8 to show the subject property is served by a 4-lane roadway to the north and a local road to the north; amend Water & Sewer Service Area Map VII-1 to show the subject property is within the City and inside the New Smyrna Beach water and sewer service area; to amend Soil Limitation for Septic Systems Map VII-2 to show the subject property is within the soils with serve limitations; to amend Coastal High Hazard Area Map VII-4 to show the subject property is not within the Coastal High Hazard Area; to amend Boat Slip Siting Map VIII-2 to show the subject property is not located within a boat slip siting restricted zone; to amend City Parks Map X-1 to show the subject

property is within the City and served by neighborhood and community parks; to amend Commission Zones Map Z-1 to show the subject property is located in City Commission Zone 4; and

WHEREAS, the Planning and Zoning Board, sitting as the City's Local Planning Agency, held an advertised public hearing pursuant to §163.3174(4), Fla. Stat., on June 1, 2026, and by a vote of 7-0 recommended that the City Commission approve the proposed Plan Amendment; and

WHEREAS, the proposed Amendment is from Volusia County *Urban Low Intensity* to City *Low Density Residential* land use of FIFTY (50) acres or fewer. §163.3187(1)(a), Fla. Stat.; and

WHEREAS, the proposed Amendment does not involve a text change to the goals, policies, and objectives of the City's Comprehensive Plan, but only propose a land use change to the future land use map for a site-specific small-scale development activity. §163.3187(1)(c), Fla. Stat.; and

WHEREAS, the proposed Amendment is not located within an area of critical state concern. §163.3187(1)(d), Fla. Stat.; and

WHEREAS, the City Commission finds that the proposed Amendment qualifies as a Plan Amendment directly related to small-scale development activities within the meaning of §163.3187(1), Fla. Stat.; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to amend its Comprehensive Plan as more particularly set forth hereinafter.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Land Use Amendment.*** That the Comprehensive Plan, **Future Land Use Map II-4**, is hereby amended by changing the land use designations for real property located in Volusia County, Florida, described as:

SEE EXHIBIT "A" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

from Volusia County *Urban Low Intensity* to City *Low Density Residential.*

SECTION 2: ***Map Amendment.*** That the Comprehensive Plan, **Neighborhoods Map II-1**, is hereby amended to show the subject property is within the Lake Waterford Estates Neighborhood.

SEE EXHIBIT "B" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 3: ***Map Amendment.*** That the Comprehensive Plan, **Flood Prone Area Map II-2**, is hereby amended to show the subject property is within FEMA Flood Zone X Unshaded.

SEE EXHIBIT "C" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 4: ***Map Amendment.*** That the Comprehensive Plan, **Existing Land Use Designations Map II-3**, is hereby amended to show the subject property will change from County *Residential Use* to City *Residential Use.*

SEE EXHIBIT "D" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 5: ***Map Amendment.*** That the Comprehensive Plan, **Existing Level of Service-2009 Map III-1**, is hereby amended to show the subject property is served by a Class B level of service roadway to the north and a local road to the north.

SEE EXHIBIT "E" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 6: ***Map Amendment.*** That the Comprehensive Plan, **Existing Traffic Lanes-2009 Map III-2,** is hereby amended to show the subject property is served by a 4-lane roadway to the north and a local road to the north.

SEE EXHIBIT "F" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 7: ***Map Amendment.*** That the Comprehensive Plan, **Public Transit Routes Map III-3,** is hereby amended to show the subject property is served by public transit routes located throughout the City.

SEE EXHIBIT "G" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 8: ***Map Amendment.*** That the Comprehensive Plan, **Bicycle and Pedestrian Facilities Map III-4**, is hereby amended to show the subject property is served by bicycle and pedestrian facilities located throughout the City.

SEE EXHIBIT "H" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 9: ***Map Amendment.*** That the Comprehensive Plan, **Airport Runway Protection Zones Map III-5**, is hereby amended to show the subject property is within the height notification zone, and is not within the noise impact zone, the building restriction zone, or the runway protection zone.

SEE EXHIBIT "I" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 10: ***Map Amendment.*** That the Comprehensive Plan, **Evacuation Routes Map III-6**, is hereby amended to show the subject property is served by evacuation routes located throughout the City.

SEE EXHIBIT "J" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 11: ***Map Amendment.*** That the Comprehensive Plan, **Level of Service-2025 Map III-7**, is hereby amended to show the subject property is served by a Class D level of service roadway to the north and a local road to the north.

SEE EXHIBIT "K" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 12: ***Map Amendment.*** That the Comprehensive Plan, **Number of Traffic Lanes-2025 Map III-8**, is hereby amended to show the subject property is served by a 4-lane roadway to the north and a local road to the north.

SEE EXHIBIT "L" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 13: ***Map Amendment.*** That the Comprehensive Plan, **Water and Sewer Service Area Map VII-1** is hereby amended to show the subject property is within the City and inside the New Smyrna Beach Water and Sewer Service Area.

SEE EXHIBIT "M" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 14: ***Map Amendment.*** That the Comprehensive Plan, **Soil Limitation for Septic Systems Map VII-2** is hereby amended to show the subject property is within the soils with serve limitations.

SEE EXHIBIT "N" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 15: ***Map Amendment.*** That the Comprehensive Plan, **Coastal High Hazard Areas Map VII-4** is hereby amended to show the subject property is not within the Coastal High Hazard Area.

SEE EXHIBIT "O" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 16: ***Map Amendment.*** That the Comprehensive Plan, **Boat Slip Siting Map VIII-2** is hereby amended to show the subject property is not located within a boat slip siting restricted zone.

SEE EXHIBIT "P" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 17: ***Map Amendment.*** That the Comprehensive Plan, **City Parks Map X-1** is hereby amended to show the subject property is within the City and served by neighborhood and community parks.

SEE EXHIBIT "Q" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 18: ***Map Amendment.*** That the Comprehensive Plan, **Commission Zones Map Z-1** is hereby amended to show the subject property is located in City Commission Zone 4.

SEE EXHIBIT "R" ATTACHED HERETO AND BY REFERENCE MADE A PART HEREOF.

SECTION 19: ***Public Hearing.*** It is hereby found that a public hearing held by the City Commission to consider adoption of this ordinance on July 28, 2026, at 5:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published at least 10 days prior to hearing is deemed to comply with §§163.3187(2) and 166.041(3)(a), Fla. Stat.

SECTION 20: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 21: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 22: ***Effective Date.*** That this ordinance shall become effective THIRTY ONE (31) days following adoption by the City Commission unless a challenge is filed under §163.3187(5), Fla. Stat. In the event that the ordinance is challenged within THIRTY (30) days after adoption,

it shall not become effective until the state land planning agency or the Administration Commission, respectively, issues a final order determining the adopted small scale development amendment is in compliance. §163.3187(5), Fla. Stat. In addition, this ordinance shall not become effective until Volusia Growth Management Commission has issued a Certificate of Consistency. No development orders, development permits, or land uses dependent on these amendments may be issued or commence before they have become effective.

APPROVED AS TO FORM AND CORRECTNESS:

THE CITY OF NEW SMYRNA BEACH - DEVELOPMENTAL SERVICES

ORDINANCE NO. 33-26: CONDUCT A FIRST READING OF AN ORDINANCE, WHICH, IF ADOPTED, AT A SECOND READING AND PUBLIC HEARING, WOULD REZONE APPROXIMATELY 0.34 + ACRES OF LAND AS PART OF AN OVERALL ANNEXATION APPLICATION FOR PROPERTY ADDRESSED AS 2264 DOSTER DRIVE.

July 14, 2026

Background:

Applicant and Property Owners: Brian P. and Raquel Heath, 2264 Doster Drive, New Smyrna Beach, Florida 32168.

Request: Rezoning:

- **From:** Volusia County zoning designation of R-4, Urban Single Family Residential with an "A" attached for Airport Height Notification Zone.
- **To:** City zoning designation of R-2, Single Family Residential with an "A" attached for Airport Height Notification Zone.

Site Information:

- **Size:** 0.34 ± acres.
- **Location:** Southeast corner of Doster Drive and Bolton Road.

Tax I.D. Number: 7344-03-00-0110

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City of New Smyrna Beach, was also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property addressed as 2264 Doster Drive is developed with a single-family house. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**.

The existing Volusia zoning designation of the subject property is shown on the following map as **Exhibit C**. The associated current zoning text description for the subject property is attached as **Exhibit D**. Existing land uses are shown on the map attached as **Exhibit E**.

The established City Commission policy is that when properties are annexed into the City, the City will assign zoning designations that would be as similar as possible to existing County designations. As discussed above, the existing County the existing County zoning designation is R-4, Urban Single Family Residential. The proposed City zoning designation is R-2, Single Family Residential. A text description of the proposed City R-2, Single Family Residential zoning designation, and a map of the proposed changes are attached as **Exhibits F** and **G**.

The ISBA map is attached as **Exhibit H**. The legal description and Warranty Deed are attached as **Exhibits I** and **J**.

Recommendations:

At its regular scheduled meeting on June 1, 2026, the Planning and Zoning Board voted, 7-0, to give a positive recommendation to the City Commission to **approve** the requested rezoning to City R-2, Single Family Residential with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

The Planning Department also recommends the City Commission to **approve** the requested rezoning to City R-2, Single Family Residential with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

R-4 URBAN SINGLE-FAMILY RESIDENTIAL CLASSIFICATION

Purpose and intent: The purpose and intent of the R-4 Urban Single-Family Residential Classification is to provide medium-density residential developments, preserving the character of existing or proposed residential neighborhoods.

Permitted principal uses and structures: In the R-4 Urban Single-Family Residential Classification, no premises shall be used except for the following uses and their customary accessory uses or structures:

Cluster and zero lot line subdivisions (refer to subsection 72-304).

Communication towers not exceeding 70 feet in height above ground level.

Essential utility services.

Exempt excavations (refer to subsection 72-293(15)) and/or those which comply with division 8 of the Land Development Code of Volusia County [article III] and/or final site plan review procedures of this article.

Exempt landfills (refer to subsection 72-293(16)).

Fire stations.

Home-based business (refer to section 72-283).

Houses of worship.

Parks and recreational areas accessory to residential developments.

Public schools.

Publicly owned parks and recreational areas.

Publicly owned or regulated water supply wells.

Single-family standard or modular dwelling.

Permitted special exceptions: Additional regulations/requirements governing permitted special exceptions are located in sections 72-293 and 72-415 of this article.

Bed and breakfast (refer to subsection 72-293(19)).

Cemeteries (refer to subsection 72-293(4)).

Communication towers exceeding 70 feet in height above ground level.

Day care centers (refer to subsection 72-293(6)).

Dogs and cats boarded as personal pets exceeding the number permitted in subsection 72-306(a).

Excavations only for stormwater retention ponds for which a permit is required by this article.

Off-street parking areas (refer to subsection 72-293(14)).

Public uses not listed as a permitted principal use.

Public utility uses and structures (refer to subsection 72-293(1)).

Recreational areas (refer to subsection 72-293(3)).

Schools, parochial or private (refer to subsection 72-293(4)).

Dimensional requirements:

Minimum lot size:

Area: 7,500 square feet.

Width: 75 feet.

Minimum yard size:

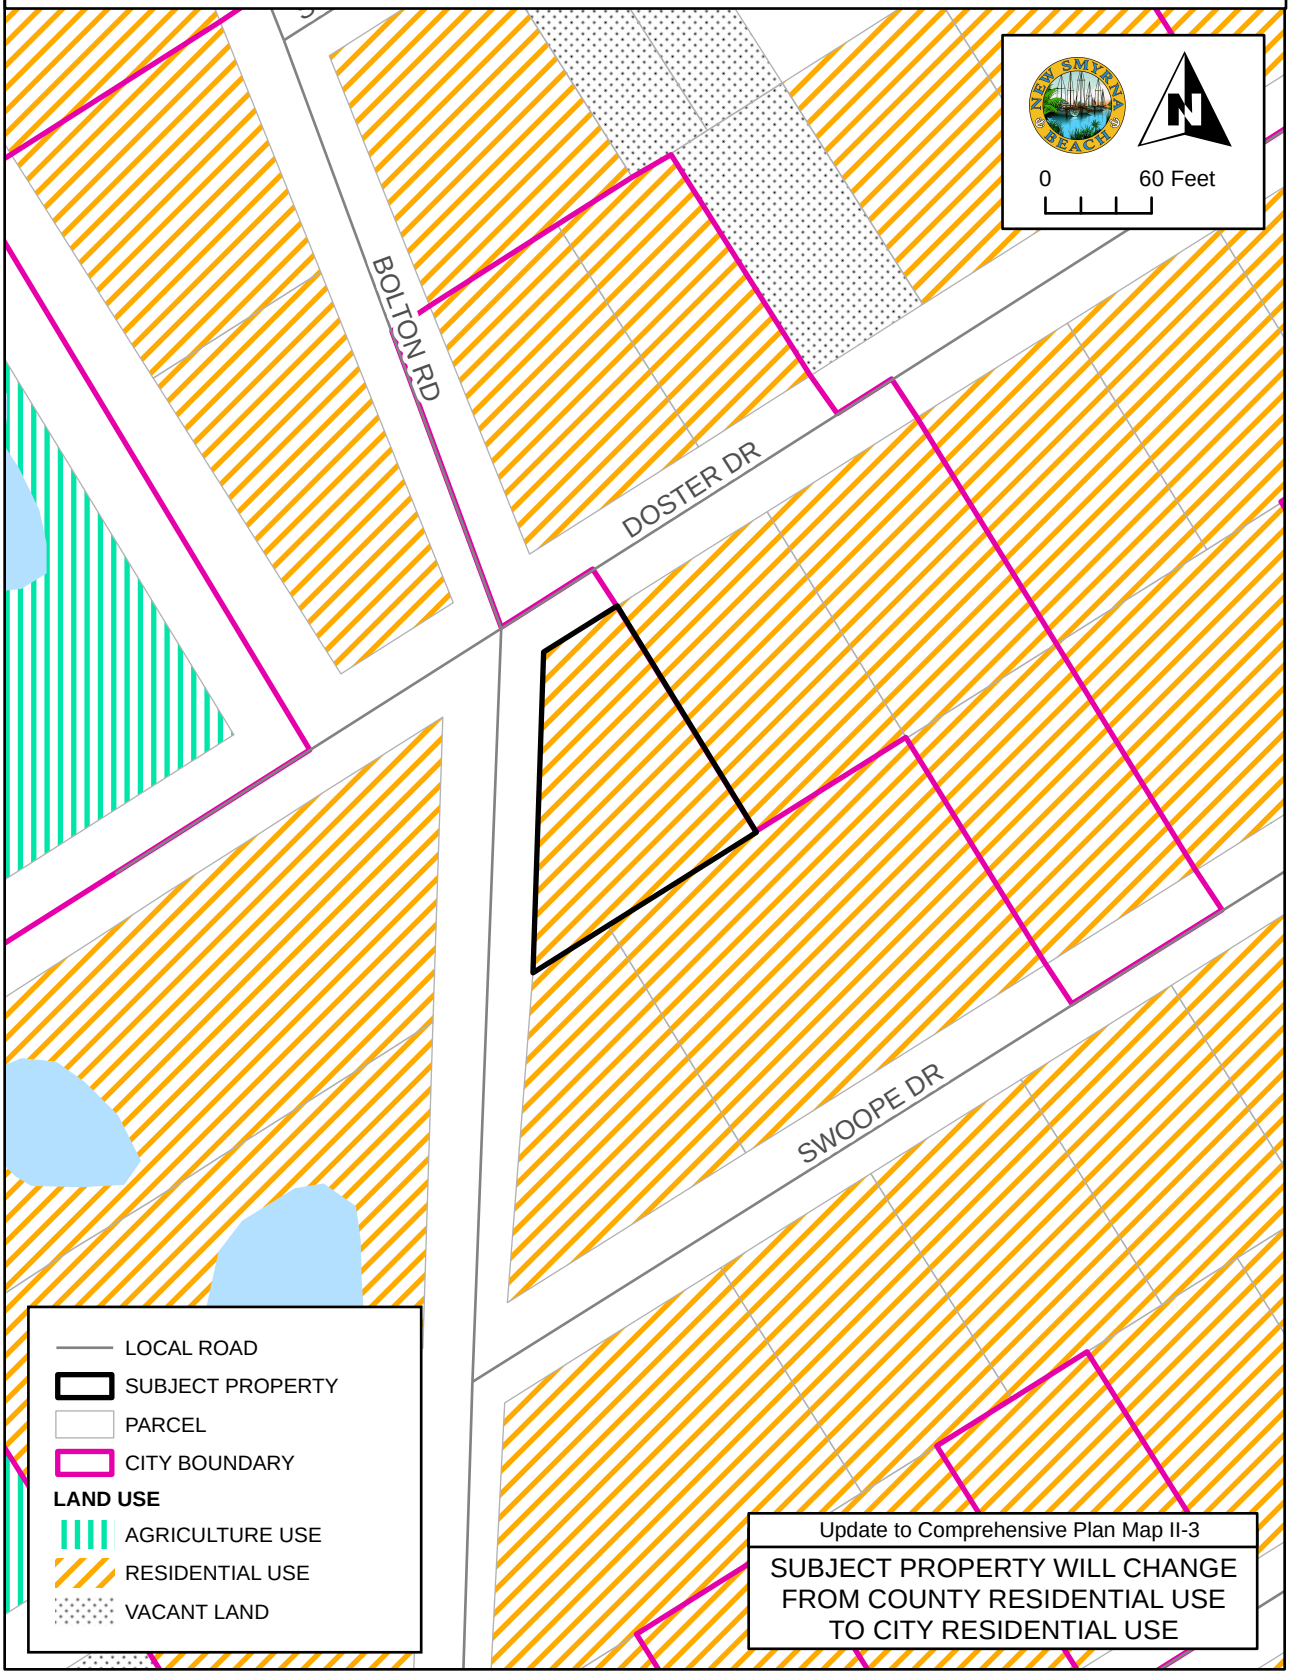
Front yard: 25 feet.

Rear yard: 20 feet.

Side yard: 20 feet combined, minimum of eight feet on any one side.

Waterfront yard: 25 feet.

Maximum building height: 35 feet.



Maximum lot coverage: The total lot area covered with principal and accessory buildings shall not exceed 35 percent.

Minimum floor area: 850 square feet.

Off-street parking and loading requirements: Off-street parking and loading areas meeting the requirements of sections 72-286 and 72-287 shall be constructed.

EXISTING LAND USE DESIGNATIONS

A-1-26

R-2 SINGLE FAMILY RESIDENTIAL DISTRICT

Intent:

The R-2 district is intended to be a single-family residential district for low population densities. Existing development and usage has resulted which is being preserved in order to stabilize the neighborhood. The nature of the residential use of the property throughout the district will enhance the prospects for orderly future residential development.

Permitted Uses:

Playfields
Playgrounds
Public Parks
Recreation Buildings and Complexes for exclusive use by residents and guests in a residential development
Single Family Dwelling Units

Permitted Accessory Uses:

Garages
Gazebos
Incidental Uses
Permitted Home Occupations
Storage Sheds
Swimming pools, private, provided a principal structure exists and the pool is located behind the front plane of the principal structure. Corner lots will be considered to have two front planes, one on each street. If a structure is not constructed squarely on a parcel, the swimming pool must be located at or behind the most restrictive front plane of the principal structure. **Ord. #30-10**
Open Front Porches, up to 10 feet into the front yard setback, subject to the following conditions:
Open Front Porch shall not be enclosed in any manner,
Open Front Porch must be open wall construction without screen,
Open Front Porch shall have a similar roofing material as the primary structure,
Open Front Porch front building line shall be measured from the vertical support column. **Ord. #75-16**

Uses customarily associated with the permitted principal uses

Special Exceptions:

Child day care on a house of worship property, subject to the following additional conditions:

1. The house of worship property shall be located on and be accessible by an arterial or collector roadway.

2. Play areas shall be fenced and landscaped. The landscaping shall have a vegetative hedge that will reach six feet in height within two years that is planted a minimum of three feet on center.

3. Play areas shall be located within all applicable setback dimensions.

4. The house of worship property shall have a vehicular drop off and pickup area with a minimum 100 feet of drive lane outside of the public right-of-way, or sufficient parking area to provide enough space to fit the required parking and provided space for drop off and pick up. **Ord. #04-00**

Facilities owned and/or operated by federal, state, county or municipal government except country clubs and golf courses

Schools and or a house of worship provided all structures are located at least thirty-five (35) feet from all side or rear property lines and off-street parking areas abutting residential property are screened by a buffer meeting the requirements of this LDR. **[Revised 3/27/00]**

Dimensional Requirements:

Minimum Lot Size:

Area	8,625 square feet
Depth	115 feet
Width	75 feet

Minimum Yard Size:

Front yard	30 feet or as required per Section 504.01(M) of this LDR
Rear yard	7.5 feet
Side yard	7.5 feet

Maximum Building Coverage:

The total area covered with buildings on any lot shall not exceed 40% of the total lot area. **Ord. #78-98**

Screen Enclosures:

As an exception to the maximum building coverage provision any parcel may be allowed an additional ten percent (10%) building coverage for only a screen pool enclosure if the following conditions are met:

1. A screen pool enclosure shall only cover the swimming pool and surrounding pool deck and shall have a roof and walls consisting entirely of screening; and
2. There shall be no variances granted to exceed the maximum building coverage or additional coverage allowed for screen enclosures.

Ord. #05-09

Maximum Impervious Lot Coverage:

The total area of the lot that may be covered with impervious material is sixty (60) percent.

Maximum Principal Building Height:

Thirty-five (35) feet.
Three (3) stories.

Minimum Floor Area Requirements:

750 square feet of livable area for one and two-bedroom dwelling units; 1200 square feet of livable area for a three-bedroom dwelling unit; and 1300 square feet livable area for a four-bedroom dwelling unit. **[Revised 7-1-03]**

Corner Lots:

(1) Parcels which front on two streets shall provide a thirty (30) foot front yard on one street frontage and a 15 foot half depth front yard on the other street, or as required per Section 504.01(M) of this LDR.

(2) Parcels fronting on three streets shall provide two thirty (30) foot front yards and a 15 foot half depth front yard on the remaining street or as required per Section 504.01(M) of this LDR. **Ord. #23-00**

Driveway Access

The minimum driveway length shall be 20 feet (excluding portion of a driveway within the public right-of-way). **Ord. #23-00**

Through Lots:

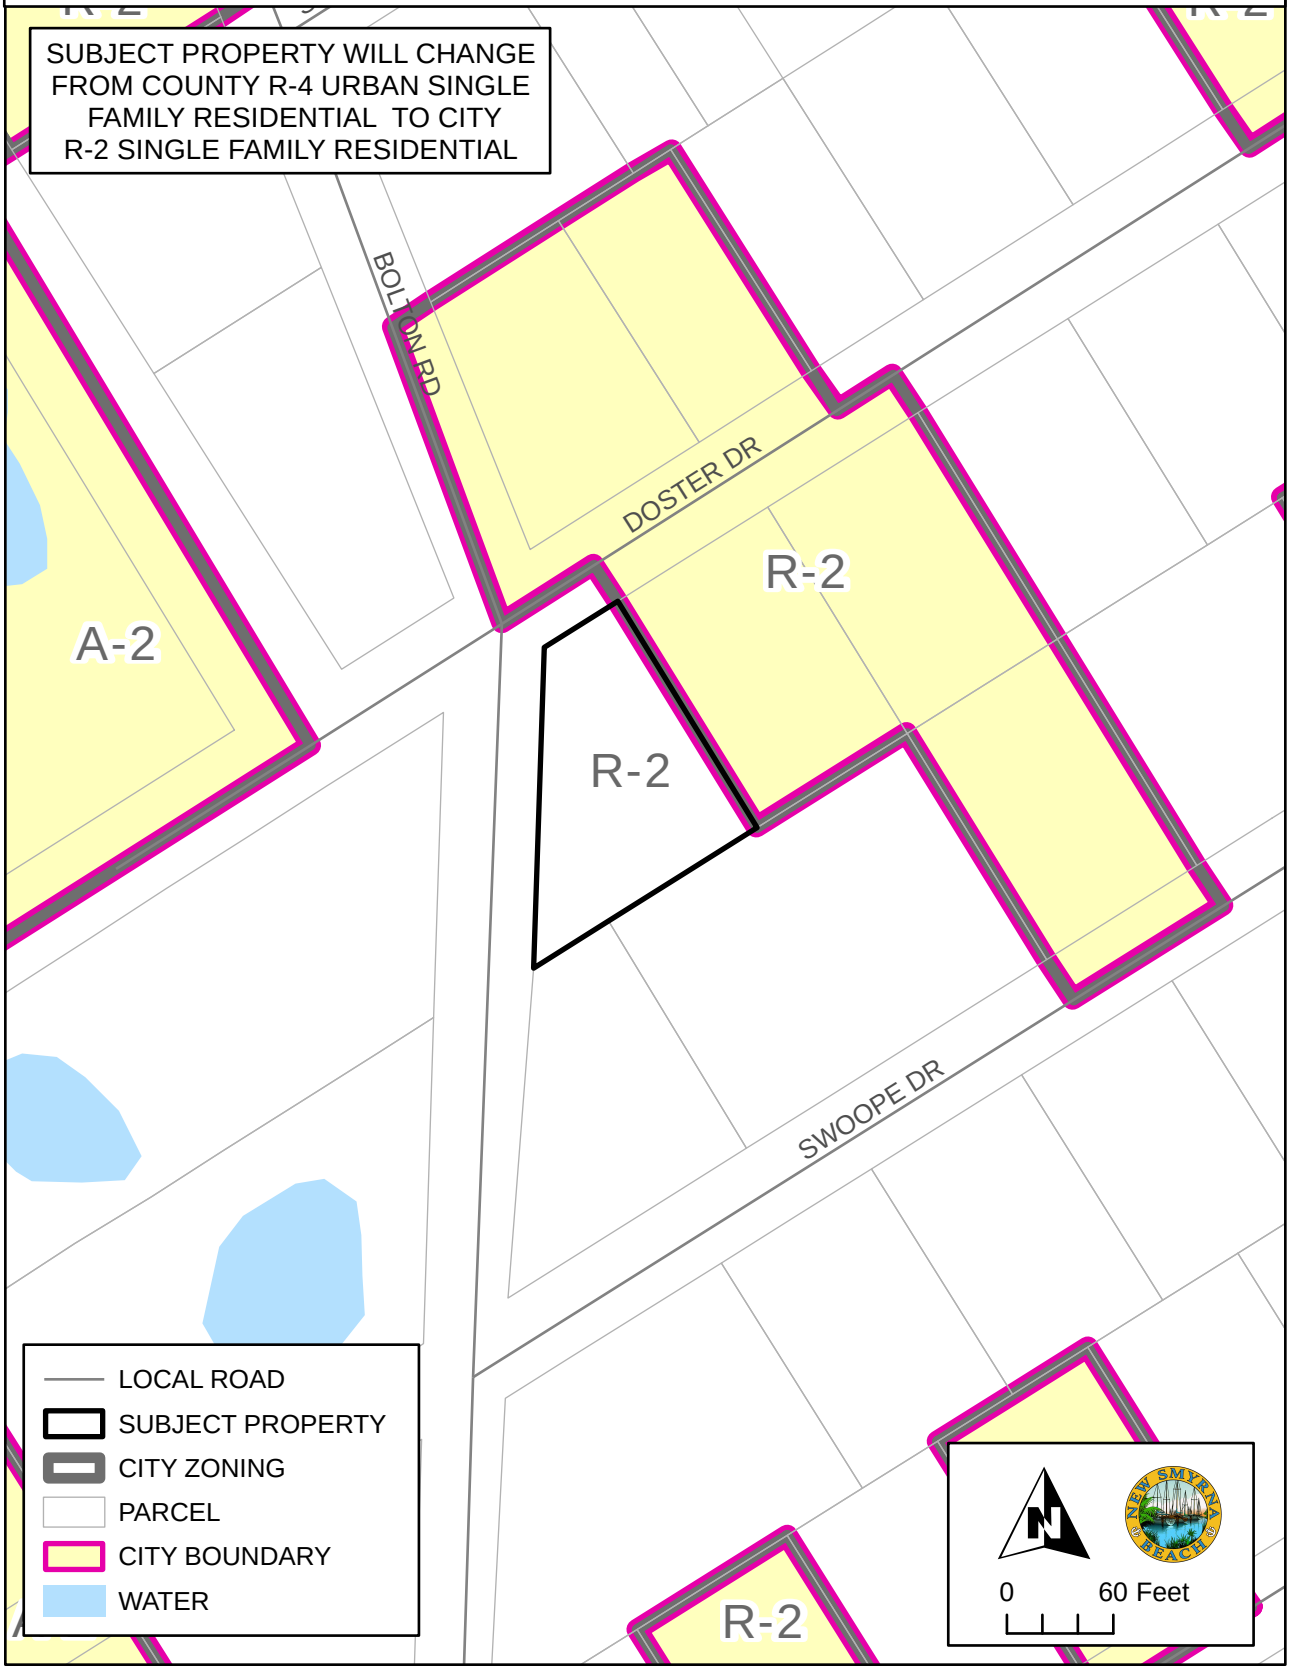
Through lots shall provide a 30-foot front yard on each street, or as required per Section 504.01(M) of this LDR.

Atypical Lots:

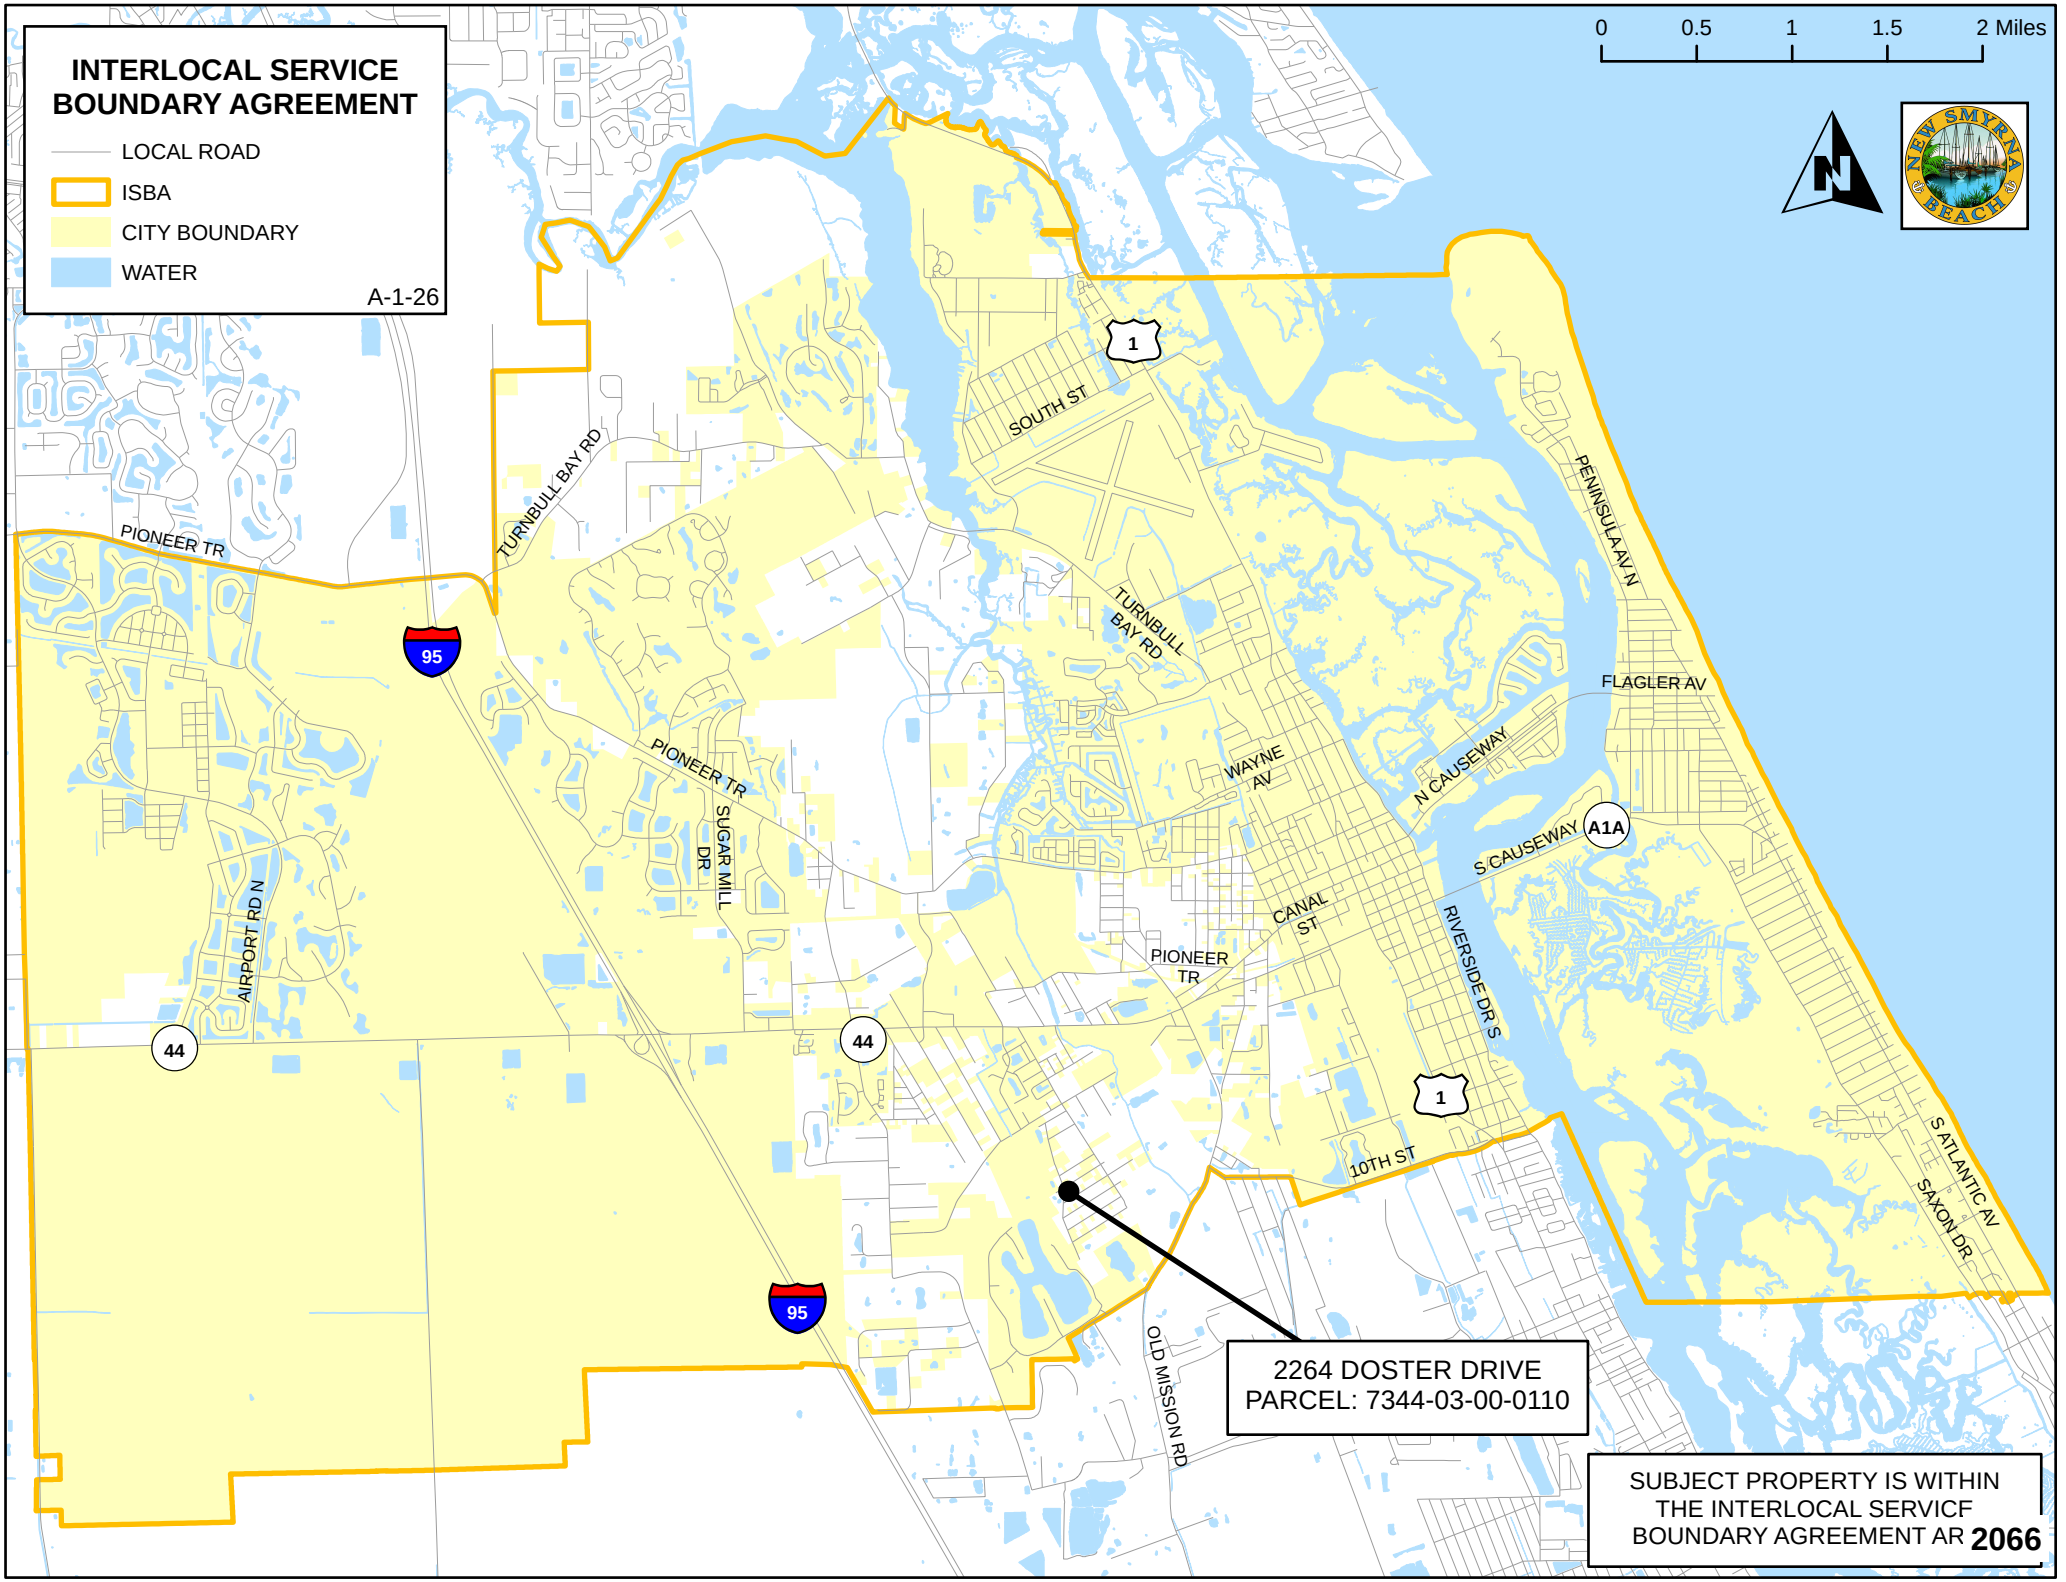
Visibility triangles shall be established at the rear corners of an atypical lot. The visibility triangles shall be those areas formed by a line connecting the points 30 feet from the intersection of the side and rear lot line along the side lot line and 30 feet from the intersection of the side and rear lot line along the rear lot line; no principal or accessory

structure having a height over 4 feet, except for incidental uses, shall protrude into the area of a visibility triangle.

Building Projections:



There shall be no building projections into any required yard except for eaves with a maximum projection of 42 inches, but no closer than 5 feet to a property line; and those structures allowed in Section 804.03.



Visibility at Intersections:

Visibility at intersections shall be provided as required in this LDR. **[Revised 12-18-92]**

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 33-26 Rezoning 2264 Doster Dr.

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☑ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

N/A

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

N/A

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

N/A

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. For example: City of New Smyrna Beach staff solicited comments from businesses in the City of New Smyrna Beach as to the potential impact of the proposed ordinance by contacting the chamber of commerce, social media posting, direct mail or direct email, posting on City of New Smyrna Beach website, public workshop, etc. You may also wish to include efforts made to reduce the potential fiscal impact on businesses. You may also wish to state here that the proposed ordinance is a generally applicable ordinance that applies to all persons similarly situated (individuals as well as businesses) and, therefore, the proposed ordinance does not affect only businesses.*).

N/A

ORDINANCE NO. 33-26

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH REZONING 0.34± ACRES OF PROPERTY GENERALLY LOCATED ON THE SOUTHEAST CORNER OF DOSTER DRIVE AND BOLTON ROAD, ADDRESSED AS 2264 DOSTER DRIVE, FROM VOLUSIA COUNTY *R-4 A, URBAN SINGLE FAMILY RESIDENTIAL AIRPORT OVERLAY* TO CITY *R-2 A, SINGLE FAMILY RESIDENTIAL AIRPORT OVERLAY* ZONING DISTRICT; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Brian P. Heath and Raquel Heath, 2264 Doster Drive, New Smyrna Beach, Florida 32168, applicants and property owners, have requested the rezoning of 0.34± acres of property generally located on the southeast corner of Doster Drive and Bolton Road, addressed as 2264 Doster Drive, from Volusia County *R-4 A, Urban Single Family Residential Airport Overlay* to City *R-2 A, Single Family Residential Airport Overlay* zoning district; and

WHEREAS, the Planning and Zoning Board, at its regular scheduled meeting on June 1, 2026, by a vote of 7-0, recommended that the City Commission approve the requested rezoning; and

WHEREAS, the City Commission finds that the requested rezoning is consistent with the City Comprehensive Plan; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to rezone said property as more particularly described hereinafter.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Rezoning.*** That the 0.34± acres of property generally located on the southeast corner of Doster Drive and Bolton Road, in the City of New Smyrna Beach, Florida, said properties more particularly described as follows:

7344-03-00-0110
2264 Doster Drive

LOTS 11 AND 12 CORBIN PARK SUBDIVISION NUMBER 3, ACCORDING TO THE PLAT THEREOF AS RECORDED IN MAP BOOK 23, PAGE 146, OF THE PUBLIC RECORDS OF VOLUSIA COUNTY, FLORIDA.

shall be and the same is hereby rezoned from Volusia *R-4 A, Urban Single Family Residential Airport Overlay* to City *R-2 A, Single Family Residential Airport Overlay* zoning district.

SECTION 2: ***Quasi-Judicial Public Hearing.*** It is hereby found that a quasi-judicial public hearing held by the City Commission to consider adoption of this ordinance on July 28, 2026, at 5:30 p.m. in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, to consider the rezoning request in accordance with *Bd. of Cty. Com'rs of Brevard v. Snyder*, 627 So.2d 469 (Fla. 1993) in a manner to insure that all parties are provided an opportunity to be heard, present evidence and cross-examine witnesses, and to be informed of all the facts upon which the Commission's decision on the rezoning is based, after notice published at least 10 days prior to hearing, is deemed to comply with §166.041(3)(a), Fla.Stat.

SECTION 3: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 4: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 5: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 6: ***Effective Date***. That this ordinance shall become effective THIRTY ONE (31) days following adoption of Ordinance No. 32-26, the Small Scale Comprehensive Plan Amendment for the subject property, by the City Commission unless a challenge is filed to said ordinance under §163.3187, F.S. In the event that Ordinance No. 32-26, the Small Scale Comprehensive Plan Amendment, is challenged this ordinance shall become effective upon the state land planning agency or the Administration Commission, respectively, issuing a final order determining that the adopted small scale development amendment is in compliance.

THE CITY OF NEW SMYRNA BEACH - DEVELOPMENTAL SERVICES

ORDINANCE NO. 34-26: CONDUCT A FIRST READING OF AN ORDINANCE, WHICH, IF ADOPTED, AT A SECOND READING AND PUBLIC HEARING WOULD ASSIGN A LOCAL LANDMARK DESIGNATION TO THE CLINCH STREET RAILROAD SPUR SECTION, LOCATED EAST OF SOUTH RIVERSIDE DRIVE.

July 14, 2026

Background:

Applicant: Kevin Cowper, City Manager, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168.

Property Owner: City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida, 32168.

Request: Approval of a Local Landmark designation for the Clinch Street Railroad Spur.

Subject Area: The subject area contains approximately 0.10 ± acres, zoned R-2, Single-Family Residential, and is generally located on the east end of Clinch Street, between South Riverside Drive and the Indian River. See **Exhibits A** & **B** for location.

Tax ID #: 7441-38-07-0421

Exhibits used in this report:

Exhibit A: Location Map
Exhibit B: Aerial Map
Exhibit C: 1888 City Map
Exhibit D: 1903 City Map
Exhibit E: Blue Goose Packing Company Photo
Exhibit F: Grand ole Barn
Exhibit G: Current Local Landmark Map
Exhibit H: Legal Description

Findings:

This historic riverfront property, located along Clinch Street from Magnolia Street to the Indian River, once had a railroad spur, marked the southern end of the Old Kings Highway, as well as the route to the Old Stone Wharf.

This site marks the eastern terminus of a railway spur built around 1900 by Henry Flagler's Florida East Coast Railroad. The spur connected the main north–south rail line to the Intracoastal Waterway, where citrus and other local produce were loaded onto barges. See **Exhibit C**.

The site lies just south of the Turnbull Settlements wharf (circa 1770), the community's primary port, and the southern end of the Old Kings Road—the first roadway between New Smyrna Beach and St. Augustine. See **Exhibit D**.

In 1914, the Blue Goose Packing House was constructed along the spur to support the area's thriving citrus industry. As citrus production declined and transportation shifted from waterways to highways, the rail spur and packing house fell out of use. See **Exhibit E**.

The Blue Goose Packing House was later restored and redeveloped. See **Exhibit F**. Today, it serves the community as a meeting venue, made possible by the generosity of Randy and Sherri McHenry, who also donated the subject property as a place to reflect on the rich history of New Smyrna Beach.

Under Section 50-7, Criteria for designation of property. The Historic New Smyrna Beach Preservation Commission shall recommend the designation of property as a landmark and landmark site after the public hearing based upon one or more of the following criteria:

1. Its value is a significant reminder of the cultural or archeological heritage of the city, state or nation;
2. Its location is a site of a significant local, state or national event;
3. It is identified with a person who significantly contributed to the development of the city, state or nation;
4. It is identified as the work of a master builder, designer or architect whose individual work has influenced the development of the city, state or nation;
5. Its value as a building is recognized for the quality of its architecture, and it retains sufficient elements showing its architectural significance;
6. It has distinguishing characteristics of an architectural style valuable for the study of a period, method of construction, or use of indigenous materials;
7. Its character is a geographically definable area possessing a significant concentration, or continuity of sites, buildings, objects or structures united in past events or aesthetically by plan or physical development;
8. Its character is an established and geographically definable neighborhood, united in culture, architectural style or physical plan and development.

Recommendations:

At its regular scheduled meeting on June 10, 2026, the Historic New Smyrna Beach Preservation Commission found that the application met at least criteria 1, 2 and 7, and voted, 6-0, to give a positive recommendation to the City Commission to assign the site with a local landmark designation.

The Planning staff also recommends the City Commission to designate the Clinch Street Railroad Spur site, donated by Randy and Sherri McHenry, as a local Landmark due to the value of history and archaeology to the City of New Smyrna Beach.

East Coast of
Florida.

ALL THE LOTS NOT MARKED SOLD WILL BE OFFERED AT PUBLIC AUCTION, AT OR NEAR THE HOTEL ON TUESDAY, FEBRUARY 3rd 1903.

HENRY T. DOUGLAS,
CHARLES U. WILLIAMS,
TRUSTEES.

PUBLIC SALE.

TUESDAY, FEBRUARY 3rd 1903.

TOWN LOTS.

IN THE CITY OF NEW SMYRNA.

Under and by virtue of a decree of the Circuit Court No. 2, of Baltimore City, Maryland; the undersigned trustees will offer for sale at or near the Hotel in the City of NEW SMYRNA, on Tuesday, February, 3rd 1903, all the lots indicated in the accompanying plat that are not marked as already sold.

TERMS OF SALE.

One-fourth cash, balance in equal instalments in 3, 6, 9, 12 and 18 months after day of sale.

ALL TAXES PAID BY TRUSTEES TO THE DAY OF SALE.

THE TOWN OF NEW SMYRNA

The Town of NEW SMYRNA, is on the line of the Florida East Coast Railway, beautifully situated on the Hillsborough River, two and one half miles south of Mosquito Inlet, and about one and three quarters miles from the Atlantic Ocean, in the great Orange Belt of Southern Florida.

Mosquito Inlet, which connects the ocean with the great inland sea of Florida, affords the deepest water and best harbor between St. Augustine and Jupiter Inlet, a distance of two hundred and eighteen miles.

NEW SMYRNA is only twenty two miles north of the Haul-over Canal which connects the Indian with the Hillsborough River, and the fertility of the soil adjoining the town and salubrity of the climate is a part of the history of Florida.

The Indian River with a width of ten miles and a length of about two hundred, which connects with the Hillsborough River through the Haul-over Canal, twenty-two miles south of NEW SMYRNA, finds its inlet to the Ocean practically at NEW SMYRNA through the Mosquito Inlet. There is a depth of water at NEW SMYRNA of from twelve to fifteen feet, with a width of nearly a mile in the Hillsborough River.

On the north of and adjoining NEW SMYRNA there has already been established a settlement of from three to four hundred people with hotels, churches, etc.

This property has been owned by the late General R. Sneaden Andrews, and family of Baltimore, Maryland for over fifty years, and has been withheld from the market pending the completion of railway lines communicating it with the interior and Northern and Western country. In order to close up General Andrews' estate, the undersigned trustees have been authorized to sell all of the remaining lots in said town on the day above indicated.

Any further information may be had of the undersigned trustees or their attorneys.

Business Impact Estimate

This form should be included in agenda packet for the item under which the proposed ordinance is to be considered, and must be posted on the City of New Smyrna Beach website by the time notice of the proposed ordinance is published.

Proposed ordinance's title/reference:
ORD 34-26 Designating Clinch Street Railroad Spur as a Local Landmark

This Business Impact Estimate is provided in accordance with section 166.041(4), *Florida Statutes*. If one or more boxes are checked below, this means the City of New Smyrna Beach is of the view that a business impact estimate is not required by state law[1] for the proposed ordinance, but the City of New Smyrna Beach is, nevertheless providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed ordinance. This Business Impact Estimate may be revised following its initial posting.

- ☐ The proposed ordinance is required for compliance with Federal or State law or regulation;
- ☐ The proposed ordinance relates to the issuance or refinancing of debt;
- ☐ The proposed ordinance relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ The proposed ordinance is required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the municipal government.
- ☐ The proposed ordinance is an emergency ordinance;
- ☐ The ordinance relates to procurement; or
- ☐ The proposed ordinance is enacted to implement the following:
    a. A development order or development permit, as defined in s. 163.3164, F.S.; a development agreement as authorized by ss. 163.3220-163.3243, F.S.; or a comprehensive plan amendment or land development regulation amendment initiated by an application by a private party other than the municipality;
    b. Sections 190.005 and 190.046, *Florida Statutes*, regarding community development districts;
    c. Section 553.73, *Florida Statutes*, relating to the *Florida Building Code*; or
    d. Section 633.202, *Florida Statutes*, relating to the *Florida Fire Prevention Code*.

In accordance with the provisions of controlling law, even notwithstanding the fact that, an exemption noted above may apply, the City of New Smyrna Beach hereby publishes the following information:

[1] *See* Section 166.041(4)(c), *Florida Statutes*.

1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

N/A

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of New Smyrna Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance, or for which businesses will be financially responsible; and
(c) An estimate of the City of New Smyrna Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

N/A

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

N/A

4. Additional information the governing body deems useful (if any):
[*You may wish to include in this section the methodology or data used to prepare the Business Impact Estimate. ORDINANCE NO. 34-26

AN ORDINANCE OF THE CITY OF NEW SMYRNA BEACH DESIGNATING THE CLINCH STREET RAILROAD SPUR AS A HISTORIC LANDMARK IN THE CITY OF NEW SMYRNA BEACH; PROVIDING FOR PUBLIC HEARING; PROVIDING FOR CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of New Smyrna Beach Historic Preservation Commission has submitted a recommendation to the City Commission that the Clinch Street Railroad Spur located east of South Riverside Drive be designated as a historic landmark in the City of New Smyrna Beach; and

WHEREAS, this historic riverfront property once had a railroad spur and marked the southern end of Old Kings Highway, as well as the route to the Old Stone Wharf; and

WHEREAS, this site marks the eastern terminus of a railway spur built around 1900 by Henry Flagler's Florida East Coast Railroad; and

WHEREAS, the site lies just south of the Turnbull Settlements wharf (circa 1770), the community's primary port, and the southern end of the Old Kings Road, the first roadway between New Smyrna Beach and St. Augustine; and

WHEREAS, City staff finds that this site is a significant reminder of the cultural or archeological heritage of the city, its location is a site of a significant local event, and its character is a geographically definable area possessing a significant concentration, or continuity of sites, buildings, objects or structures united in past events or aesthetically by plan or physical development; and

WHEREAS, the City Commission deems it is in the best interests of the citizens of the City of New Smyrna Beach to designate the Clinch Street Railroad Spur as a historic landmark in the City of New Smyrna Beach.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

SECTION 1: ***Findings.*** The City Commission hereby finds that the Clinch Street Railroad Spur meets the criteria for designation as a historic landmark in the City because it is a significant reminder of the cultural or archeological heritage of the city, its location is a site of a significant local event, and its character is a geographically definable area possessing a significant concen-

tration, or continuity of sites, buildings, objects or structures united in past events or aesthetically by plan or physical development, as established in Section 50-7, City Code.

SECTION 2: ***Designation.*** In accordance with the New Smyrna Beach Code of Ordinances, Chapter 50, Historic Preservation, Section 50-7, Designation of Landmarks, Landmark Sites and Historic Districts, the City of New Smyrna Beach hereby designates the Clinch Street Railroad Spur as a historic landmark in the City of New Smyrna Beach, said landmark being more particularly described as shown in **Exhibit "A"**, attached.

SECTION 3: ***Public Hearing.*** That the public hearing considering the adoption of this ordinance shall be held at 5:30 p.m. on July 28, 2026, in the City Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published pursuant to §166.041(3)(a), F.S.

SECTION 4: ***Conflicting Ordinances.*** That all ordinances or parts thereof that are in conflict with this ordinance shall be and the same are hereby rescinded and repealed.

SECTION 5: ***Administrative Correction of Scrivener's Errors.*** The administrative correction of typographical and/or scrivener's errors in this Ordinance which do not affect the intent may be authorized by the City Manager or designee, without need of public hearing, by filing a corrected or recodified copy of same with the City Clerk.

SECTION 6: ***Severability.*** That if any section, sentence, clause or phrase of this ordinance is held invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of this ordinance.

SECTION 7: ***Effective Date.*** That this ordinance shall take effect immediately upon its final adoption.

APPROVED AS TO FORM AND CORRECTNESS:

Carrie Avallone

CARRIE AVALLONE
City Attorney

A parcel of land being part of the land lying between Front Street and the Indian River as shown on the plat of Andrews Subdivision, originally recorded in Plat Book 2 at Page 68 and refiled in Plat Book 17 at Page 79, located in Section 41, Township 17 South, Range 34 East, Volusia County, State of Florida.

THE CITY OF NEW SMYRNA BEACH - CITY CLERK'S OFFICE

BOARD VACANCY NOTICE: AIRPORT ADVISORY BOARD

THE AIRPORT ADVISORY BOARD HAS TWO VACANCIES. ONE REGULAR MEMBER AND ONE ALTERNATE MEMBER.

July 14, 2026

Background:

The Airport Advisory Board has two vacancies. One regular member, due to the resignation of a sitting member and an alternate member.

The Airport Advisory Board is established pursuant to Resolution No. 32-77 and consists of five (5) members appointed by the City Commission, serving staggered three-year terms. Any vacancy occurring prior to the expiration of a term is filled by appointment of the City Commission for the remainder of the unexpired term.

Per Resolution No. 32-77, the Board is intended to include individuals with relevant expertise and community involvement to advise on matters related to the development, use, and operation of the municipal airport.

In evaluating applicants, the City Commission may consider the following criteria consistent with Resolution No. 32-77:

- Residency within the City of New Smyrna Beach
- Experience directly related to aviation (with a preference that at least three members possess such experience
- Background in business management (at least one member should possess demonstrated experience in this area)
- Active involvement in the local business community (minimum of three members)
- Ability to provide informed, objective advice on airport operations, development, and policy matters

- Willingness to attend regular and special meetings and actively participate in board activities

Fiscal Analysis:
N/A

Strategic Plan Item:
No

ROBERT TRUGLIA, MBA, PMP

2026 Caldwell Street, New Smyrna Beach, Florida, 32168
(321) 274-6243 / rtruglia@gmail.com

CAREER SUMMARY

Over twenty years of broad based experience in the aerospace/defense industry, with major emphasis in program management, engineering, and business development. Qualifications include the training, development, experience, and skills to support and lead programs up to and in excess of $25M involving all aircraft types from single engine reciprocating engine aircraft to large jet aircraft avionics services for general aviation, military, and special mission aircraft which include new & retrofit applications, advanced testing & evaluation, expert repair expertise, and avionics systems integration. Solely maintained a full motion flight simulator for a partnering flight school to include delivery, placement, implementation, and maintenance. Possess advanced knowledge of FAA regulations. Expert in the preparation and negotiation of Firm Fixed Price (FFP) and Cost-Plus contracts. Proven experience with developing strategies and contingent planning while working with ITAR / EAR regulatory licenses and approvals.

PROGRAM MANAGEMENT

- Have prepared, analyzed and presented technical, project and proposal status reports to senior management and customers. Adept in risk assessment, Earned Value Management, management of concurrent projects, project resource management, and adherence to PMI protocols.
- Planned, tracked and monitored all project and proposal-related man-hours, costs and charges using internal financial tools; estimated times, costs and projected requirements for personnel and materials in order to bid on and plan for upcoming projects. Effectively communicate with all stakeholders through daily interface and coordination with internal and external project stakeholders, to include internal functional areas, technical customer and Contracting Officer's Representative (COR) to manage expectations and convey project status, successes, challenges and resolution of issues.
- Monitor program status and use technical knowledge to leverage vendors in an effort to increase profits.
- Mentored and trained junior Project Managers and Program Managers to increase the awareness of protocols and procedures to proper planning and risk analysis.

BUSINESS DEVELOPMENT

- Oversight of department-level business development, capture and proposal management efforts to include opportunity identification/vetting, gating of federal contracting opportunities and presenting opportunity reviews to senior management to receive bid and proposal (B&P) backing. Consistent high performer involving the direct sales of high end avionics special mission equipment.
- Yearly average of over $20M in revenue
- Lead capture management of several awarded Department of Defense contracts valued at over $26B.
- Designed and executed standards and processes within the department that have been adopted by other large companies.
- Built Basis of Estimates (BOE) to be within 5% of actuals.

AVIONICS ENGINEERING

- Advanced Skills with Integrated Components
- Testing & Feedback / Prototype Development
- Liaison with Manufacturers on Advanced Fault Diagnosis
- Analog & Digital Communication Systems
- Installing, Repairing & Troubleshooting LRUs
- Diagnoses/Fault Isolation of Subsystems

WORK HISTORY

Persistent Systems, New York, New York 11/2021-Present
Program Manager
Responsible for all manned aviation programs within the company.

Becker Avionics, Miramar, FL 03/2019-11/2021
Business Development Manager, Fixed Wing
Responsible to maintain customer relationships and increase company sales. I sell avionics equipment to civil and government entities to upgrade the aircraft in its fleet. Manage complex Supplemental Type Certificate (STC) projects for the advancement of clear communications.

MAG Aerospace, Titusville, FL 06/2018-01/2019
Manager, Business Development
MAG Aerospace acquired North American Surveillance Systems in June 2018. All roles and responsibilities remained unchanged.

NORTH AMERICAN SURVEILLANCE SYSTEMS, Titusville, FL 04/2015-06/2018
Director of Business Development
Responsible to perform the duties and actions of multiple roles within the organization. Transition seamlessly throughout the varying roles of Business Development to Capture Management, into Proposal Management and Program Management. All roles and responsibilities are achieved effortlessly and with great success to bring about awareness and furthering the business models that are set in place by executive management. The main focus of business is domestic and foreign governments that are looking to expand and advance their special mission aircraft with ISR, SIGINT, weapons, and countermeasure modifications. By leveraging strong Program Management skills and knowledge, I am able to develop the relationships and proposals in a manner that will mitigate future risks during the program.

TECHNETICS GROUP, DeLand, FL 08/2014-3/2015
Aerospace Program Manager
Responsible to design, develop, and implement a newly formed Program Management Office (PMO). Prior to joining, the company did not have formal Program Management. PMO was developed to be a scalable department that would be utilized across all companies included in the group to sustaining military, space, and commercial aerospace programs.
Managed all aspects of new and current order dynamic metal seals and burst disc/relief valve programs. Acted as a Subject Matter Expert (SME) for all FAA correspondence and some ITAR / EAR regulatory issues.

SOUTHEAST AEROSPACE, Melbourne, FL 06/2010-07/2014

Program Manager (04/11-07/14)
Responsible for the oversight of all aircraft modifications/installation projects assigned. Work as a communications liaison between the customers and the company. Work with foreign military, domestic military, special missions operators, and private companies specifying the custom modifications to be completed. Manage to stakeholder expectations to deliver projects within or under budget at the highest quality attainable, on (or ahead) of schedule completion dates. Designed, developed and deployed the Project Management Office (PMO) Infrastructure to standardize our project management approach and baseline client project documents and deliverables.

Aircraft Modification Sales Manager (06/10-04/11)
Responsible for quoting all aircraft modifications and installation kits for the entire department. Read schematics and engineered systems to prepare proposals accurately to account for all parts and labor being utilized in order to provide the largest profit margin achievable while providing the customer fair market pricing. Built strong customer loyalty and consistently high satisfaction ratings through delivery of quality, on time projects, with high attention to detail and communication with the customer from project start to completion. Kept current with all FAA mandates and requirements to acquire new customers and to ensure current customers are aware of possible safety of flight discrepancies. Interacted with foreign agencies and foreign customers effectively as to respect all I.T.A.R. restrictions.

SOUTHERN JET CENTER/SOUTHERN EXECUTIVE JET, Sanford, FL 08/2005-6/2010
Avionics Manager/Engineering/Program Manager

ORLANDO CESSNA CITATION SERVICE CENTER, Orlando, FL 04/2003-08/2005
Senior Avionics Technician/Engineering/System Integrator

PALM BEACH AVIONICS, West Palm Beach, FL 01/2003-04/2003
Avionics Technician/Engineering/System Integrator

CTI CORUS TECHNOLOGIES, INC., Daytona Beach, FL 08/2002-12/2002
Electronics Technician/QC Inspector/Engineering

AIRCRAFT SPECIALTIES, INC., New Smyrna Beach, FL 03/2001-08/2002
Senior Avionics Technician/Engineering/Systems Integrator

ELECTRONICS TECHNOLOGY, INC., Daytona Beach, FL 11/1998-07/2000

RESOLUTION NO. 32-77

A RESOLUTION ESTABLISHING AN AIRPORT ADVISORY BOARD FOR THE NEW SMYRNA BEACH MUNICIPAL AIRPORT; DESIGNATING THE SIZE, COMPOSITION AND TERMS FOR THE MEMBERSHIP OF THE BOARD; SETTING FORTH THE DUTIES AND RESPONSIBILITIES OF THE BOARD; SETTING FORTH MINIMUM MEETING REQUIREMENTS; REPEALING ALL RESOLUTIONS IN CONFLICT AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of New Smyrna Beach owns and operates a Municipal Airport, and

WHEREAS, the administration of municipal airport matters is a responsibility of the City Manager and is carried out under the direction of an Airport Manager.

WHEREAS, it is appropriate that an advisory body be created consisting of individuals from the community to advise the City Commission and City Manager on policy matters relating to the development, use and operation of the airport facility.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH, FLORIDA:

Section 1: There is hereby created an Airport Advisory Board for the City of New Smyrna Beach Municipal Airport consisting of five (5) members at least three (3) of whom possess experience directly related to or involving aviation. One member of the Board must possess proven experience in some area of business management. At least three (3) members must be active in the business community. All members must be residents of the City of New Smyrna Beach. The Chairman of the Industrial Board shall serve as a member, ex-officio, of the Board.

Section 2: The members of the Airport Advisory Board shall be appointed for a term of three (3) years. The terms shall be staggered. No individual shall serve more than two consecutive terms. All members shall serve without compensation. Any appointment made to replace a member who does not complete his term for any reason shall be for the unexpired term, said replaments to be made by the City Commission. Should a member move his place of residence outside the corporate limits of the City of New Smyrna Beach, he shall automatically be disqualified from futher service on the Airport Advisory Board. All members of the Board shall serve at the pleasure of the City Commission.

Section 3: The members of the Airport Advisory Board shall hold at least one meeting every three months and may hold such additional meetings as may be required by the work of the Board. The Board may be called into special session by the Chairman, by a majority of the members of the Board, or by the City Manager.

Section 4: All decisions of the Airport Advisory Board shall be by not less than three concurring votes. A quorum shall be three members throughout a meeting.

Section 5: The members of the Airport Advisory Board shall select a Chairman, a Vice-Chairman and a Secretary.

Section 6: Any member who fails to attend three (3) unexcused successive, regular or special meetings of the Board shall be automatically eliminated from the Board. The City Commission shall thereafter appoint a replacement without undue delay.

Section 7: It shall be the duty and responsibility of the Airport Advisory Board to advise and consult with the City Commission and City Manager on matters of policy concerning and relating to the development, use and operation of the Airport.

Section 8: All proceedings and meetings of the Airport Advisory Board shall be public and subject to Chapter 286, Florida Statutes, the Sunshine Law of the State of Florida.

Section 9: That all Resolutions or parts thereof that are directly in conflict with this Resolution be and the same are hereby repealed and rescinded.

Section 10: This Resolution shall take effect upon second reading and final passage of Ordinance No. 45-77.

The Within and Foregoing Resolution was introduced and read before the City Commission of The City of New Smyrna Beach, Florida at its Regular Meeting held at the City Hall in said City on the 25th day of October, 1977. It was moved by Commissioner Rhodes and seconded by Commissioner Cochran that said Resolution be adopted.

A roll-call vote of the Commission being had on said motion to adopt the Resolution resulted as follows:

~~MAYOR JOHN C. PLEDGER~~	
VICE-MAYOR LILLIAN A. BENT	Yes
COMMISSIONER MARLIN V. ROBERTS	Yes
COMMISSIONER CARL W. COCHRAN	Yes
COMMISSIONER HENRY A. RHODES	Yes

Whereupon, the Mayor of the City of New Smyrna Beach, Florida has hereunto set his official signature duly attested by the City Clerk and has caused the Official Seal of said City to be hereunto affixed, all at the City Hall in the City of New Smyrna Beach, Florida, this 1st day of November, A.D., 1977, for the purpose of authenticity and as is required by law.

Lillian Bent
~~MAYOR~~ Vice Mayor
City of New Smyrna Beach, Florida

OFFICIAL SEAL

E. Irene Beckham
As City Clerk of the City of
New Smyrna Beach, Florida

THE CITY OF NEW SMYRNA BEACH - CITY CLERK'S OFFICE

BOARD VACANCY NOTICE: BUILDING TRADES EXAMINING BOARD

July 14, 2026

Background:

The Building Trades Examining Board serves as a vital regulatory body for the City of New Smyrna Beach, ensuring the integrity, professionalism, and technical competence of individuals working within the building trades. Established under Section 26-326 of the city code, the board is composed of experienced professionals from the construction and design industries, along with public representation, to provide balanced oversight. Its primary responsibilities include evaluating qualifications for registration, maintaining standards of character and competency, and recommending updates to city codes that impact the building industry. Through its structured organization and commitment to public service, the board plays a key role in safeguarding the quality and safety of construction practices throughout the city.

Findings:

Establishment & Composition

- The board is composed of seven regular members with expertise in technical codes (e.g., design professionals, contractors, building industry reps).
- Additionally, there are two alternate members:
  - One at-large member from the building industry.
  - One at-large member from the public.

Terms & Appointments

- Regular members serve three-year terms.
- Alternates serve one-year terms.
- Terms are staggered to ensure no more than one-third of the board is replaced annually.
- Members may serve no more than two consecutive terms, unless waived by a 4-vote majority of the city commission.
- All members must be county residents, with preference for city residents.

Organization & Operations

- The board selects a chairman and secretary annually.
- Four members constitute a quorum.
- Actions require a majority vote of those present (assuming quorum).
- Members serve without compensation.

Attendance & Qualifications

- Members must maintain qualifications; failure may result in suspension or removal.
- Missing three unexcused regular meetings results in automatic removal.
- The city commission holds authority to remove any member at any time.

Duties, Powers & Responsibilities

- Review and approve applicants for certificates of registration based on qualifications.
- Assess character and integrity of applicants and request necessary information.
- Recommend amendments to city codes and standards affecting the construction and building trades.

Fiscal Analysis:

None.

Strategic Plan Item:

No

THE CITY OF NEW SMYRNA BEACH - CITY CLERK'S OFFICE

BOARD VACANCY NOTICE: THE HOUSING AUTHORITY CURRENTLY HAS TWO (2) VACANCIES DUE TO REAPPOINTMENT.

July 14, 2026

Background:
The Housing Authority, as defined in the Florida Statutes, is to provide affordable, safe, and decent housing for the state's low-income residents and manage these efforts in a sustainable and effective way.

Creation and Authority: The **Housing Authority** was created under *FSS 421.01,* where public agencies are responsible for addressing housing needs. These authorities are given the power to manage, operate, and finance housing programs and projects.
Duties: The Housing Authority has the power to acquire, construct, and manage public housing projects. They can also issue bonds to finance these projects and receive federal or state assistance for housing programs.
Financials: The Housing Authority can charge rent for the housing it provides, manage finances, and use various funding mechanisms to support its operations.

Findings:
The board meets the second Monday of each month. This is a five (5) member board with term length of four (4) years.
Member Qualifications:

- Must be citizen of New Smyrna Beach
- One (1) member must be a recipient (in good standing) of a rent subsidy administered by the Housing Authority.

Both opening are due to reappointments. Regis Sloan has served two (4) terms and Wilda Bennett has served one (1) term.

Fiscal Analysis:
N/A

Strategic Plan Item:
No

Wilda Bennet - Housing Authority Application.pdf

421.05 Appointment, qualifications, and tenure of commissioners; hiring of employees.—

(1) When the governing body of a city adopts a resolution as aforesaid, the mayor, with the approval of the governing body, shall promptly appoint no fewer than five persons, and no more than seven persons, as commissioners of the authority created for such city. Three of the commissioners who are first appointed shall be designated to serve for terms of 1, 2, and 3 years respectively; the remaining commissioners shall be designated to serve for terms of 4 years each, from the date of their appointment. Thereafter, each commissioner shall be appointed as aforesaid for a term of office of 4 years, except that a vacancy shall be filled for the unexpired term by an appointment by the mayor with the approval of the governing body within 60 days after such vacancy occurs. Each housing authority created pursuant to this chapter shall have at least one commissioner who shall be a resident who is current in rent in a housing project or a person of low or very low income who resides within the housing authority's jurisdiction and is receiving rent subsidy through a program administered by the authority or public housing agency that has jurisdiction for the same locality served by the housing authority, which commissioner shall be appointed at the time a vacancy exists. In the case of an authority which has no completed project, no tenant-commissioner shall be appointed until 10 percent of the units in the first project of the authority have been occupied. The cessation of a tenant-commissioner's tenancy in a housing project or the cessation of rent subsidy shall remove such tenant-commissioner from office, and another person meeting the qualifications required for the office shall be appointed for the unexpired portion of the term. After all reasonable efforts have been made and documented, if the commissioners find that no housing project resident or rent subsidy recipient is available to serve as a tenant-commissioner, the existing vacancy shall then be filled through the normal appointment procedures set forth in this subsection. However, such normal appointment shall not preclude the requirement to exercise diligence in all succeeding vacancies to attempt to first appoint a tenant-commissioner until at least one tenant-commissioner has been appointed. No commissioner of an authority may be an officer or employee of the city for which the authority is created. A commissioner shall hold office until a successor has been appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk, and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his or her services but shall be entitled to the necessary expenses, including travel expenses, incurred in the discharge of his or her duties. The requirements of this subsection with respect to the number of commissioners of a housing authority apply without regard to the date on which the housing authority was created.

(2) The powers of each authority shall be vested in the commissioners thereof in office from time to time. A majority of the commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority require a larger number. The mayor with the concurrence of the governing body shall designate the first chair from among the appointed commissioners, but when the office of the chair of the authority thereafter becomes vacant, the authority shall select a chair from among the commissioners. An authority shall also select from among the commissioners a vice chair, and it may employ a secretary, who shall be the executive director, technical experts, and such other officers, agents, and employees, permanent and temporary, as it may require and shall determine their qualifications, duties, and compensation. Accordingly, authorities are exempt from s. 215.425. An authority may call upon the chief law officer of the city or may employ its own counsel and legal staff for legal services. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

(3) Notwithstanding the limitation contained in subsection (1) on the number of commissioners of a housing authority, any housing authority that has more than seven commissioners on March 28, 1991, may maintain the

same number of commissioners it had on March 28, 1991.

THE CITY OF NEW SMYRNA BEACH - CITY ATTORNEY'S OFFICE

SETTLEMENT PROPOSAL EMAJIN V. NEW SMYRNA BEACH

July 14, 2026

Background:

In 2024, the owner of property at 4393 and 4395 S. Sea Mist Drive in New Smyrna Beach demolished an existing single-family residence, subdivided the property into two lots, and removed 38 trees without first obtaining a tree-removal permit. The City opened code compliance cases for both lots and alleged violations of the City's tree-preservation regulations, LDR section 604.051. A code compliance hearing was held on May 28, 2025, after which the Special Magistrate entered orders requiring the planting of a minimum of 20 four-to-six-inch caliper trees on each lot and the submission of landscape plans demonstrating compliance with tree-mitigation requirements before any building permit or site plan could be approved. The orders further provided for donation of the 38 trees removed without a permit, with a stated valuation of $110,759.00.

The property owner appealed, arguing that the proceedings and resulting orders were unlawful.

Emajin appealed, arguing that the proceedings violated procedural due process because the Special Magistrate failed to remain a neutral decisionmaker, that the penalties imposed were excessive in light of what the Code would have permitted had a tree-removal permit been obtained in advance, and that the orders were ambiguous as to what was required for compliance on each individual lot. In particular, Emajin contended that, under the applicable LDR provisions, most of the trees could have been lawfully removed with a permit so long as the lots retained the minimum required tree coverage. Based on that premise, Emajin argued that the penalty improperly treated all 38 removed trees as subject to full mitigation and therefore constituted an excessive fine under the Eighth Amendment. In reviewing the arguments and consulting with insurance counsel, City staff recommends that the adopted tree fine amounts should be revised and that the City should look to resolve the outstanding matter.

The Settlement Agreement provides for a full resolution of the pending appeal litigation

arising from the code compliance case. In exchange for dismissal of the case with prejudice, Emajin agrees to pay $13,100 into the City's tree mitigation fund (allocated $6,550 per lot) and to implement approved landscaping plans. The agreement is expressly contingent upon City Commission approval, after which it becomes effective, and includes a broad mutual release of all claims related to the dispute while preserving obligations under the agreement itself.

Findings:

City staff recommends approval of the agreement.

Fiscal Analysis:

No negative fiscal impact to the City's budget.

Strategic Plan Item:

No

Staff Report Created By: Carrie Avallone - City Attorney

Settlement Agreement with Exhs34.pdf

SETTLEMENT AGREEMENT AND GENERAL RELEASE

This Settlement Agreement (the "Agreement") is hereby entered into by and between **Emajin Operations LLC TR, S Sea Mist 4393 Land Trust 4-26-24**, on behalf of itself and its past and present members, managers, trustees, beneficiaries, officers, agents, representatives, successors, predecessors, affiliates, and assigns ("Emajin"), and the **City of New Smyrna Beach, Florida,** a Municipal Corporation, on behalf of itself, and its past and present elected officials, commissioners, council members, officers, employees, departments, boards, agencies, representatives, insurers, successors, and assigns ("NSB"). Hereinafter, Emajin and NSB may be referred to individually as a "Party," or collectively as the "Parties."

WHEREAS, the Parties are involved in a dispute currently pending before the Circuit Court, Seventh Judicial Circuit, in and for Volusia County, Florida, Case No. 2025-12202-CIDL, which is an appeal arising from two lower tribunal proceedings before the Special Magistrate, Jessica Gow, of Code Compliance for the City of New Smyrna Beach, Case Nos. CCSM-0016-2025 and CCSM-0715-2024, pertaining to the property located at 4395 S. Sea Mist Dr., New Smyrna Beach, Florida 32169, Parcel No.: 74260110010, owned by Emajin ("Lot 1") and 4393 S. Sea Mist Dr., New Smyrna Beach, Florida 32169, Parcel No.: 742601160020, also owned by Emajin ("Lot 2") (collectively the "Litigation"); and

WHEREAS, the Parties desire to fully and finally resolve all claims, disputes, and issues arising out of or related to the foregoing matters, without further litigation, expense, or delay;

NOW THEREFORE, in consideration of the mutual promises contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **Payment.** Emajin agrees to pay NSB, into its tree mitigation fund, the gross amount of Thirteen Thousand One Hundred Dollars and 00/100 Cents ($13,100.00) (the "Settlement Payment"), allocated equally between Lot 1 and Lot 2 in the amount of Six Thousand Five Hundred Fifty Dollars and 00/100 Cents ($6,550.00) per lot, within ten (10) days after the effective date of this Agreement as set forth below.

2. **Dismissal.** Upon confirmation that the condition precedent set forth in paragraph 4 below has been satisfied, Emajin shall file a Notice of Voluntary Dismissal with Prejudice.

3. **Landscape Plans.** In further consideration of this Agreement, Emajin agrees to implement and complete the landscaping plans for Lot 1 and Lot 2, which NSB finds acceptable, copies of which are attached hereto as Exhibit A, or such alternative landscaping plans as may be mutually agreed upon by the Parties. Emajin also agrees to obtain the necessary permits for removal of additional trees, if any.

4. **Condition Precedent.** As a condition precedent to the obligations and requirements set forth in paragraphs 1-3 above, this Agreement shall be approved by the City Commission. The date upon which such approval is obtained shall constitute the Effective Date of this Agreement.

5. **Mutual Release.** Contingent upon the full performance of the obligations and requirements set forth in paragraph 1-4 above, each Party, on behalf of themselves and their respective, agents, legal representatives, trustees, beneficiaries, predecessors, successors, and assigns, hereby knowingly and voluntarily releases and forever discharges the other Party and its respective, agents, legal representatives, trustees, beneficiaries, predecessors, successors, and assigns, from any and all past, present and future losses, claims, demands, causes of action, interest, rights, judgments, damages, liens, expenses (including attorney's fees and costs), and liabilities of any kind, whether known or unknown, whether discovered or undiscovered, accrued or unaccrued, suspected or unsuspected, fixed or contingent, in law or in equity, which such Party ever had, now has, or may hereafter have against any other Party, whether arising out of or relating to the Litigation, including, without limitation, the Order Finding Violation and Imposing a Fine entered in Case No.: CCSM-0715-2024, the Order Finding Violation and Imposing a Fine entered in Case No.: CCSM-0016-2025, and any related orders or findings. Notwithstanding the foregoing, this paragraph 5 does not release any obligations created by or arising out of this Agreement, including any breach hereof, or

any claims that cannot be waived or released as a matter of applicable law. Each Party represents and warrants that it has not assigned or otherwise transferred any claim related herein and agrees to indemnify and hold harmless the other Party from any claim brought by any third party claiming by, through, or under such Party in violation of this representation.

6. **Binding Effect.** This Agreement shall be binding upon and inure to the benefit of the Parties and their respective, agents, legal representatives, trustees, beneficiaries, predecessors, successors, assigns.

7. **Entire Agreement.** This Agreement constitutes the entire agreement among the Parties with respect to the subject matter hereof and supersedes all prior and contemporaneous agreements, understandings, negotiations, and discussions, whether oral or written, among the Parties with respect to such subject matter.

8. **Authority to Enter Agreement.** The Parties represent and warrant that they are authorized to enter into and that they have the authority to perform the terms of this Agreement, and that no Party has sold, assigned, transferred, conveyed, or otherwise disposed of all or any portion of the claims released in paragraph 5 above.

9. **Reliance.** Unless expressly provided herein, the Parties represent and warrant that in executing this Agreement, they do not rely upon and have not relied upon, any oral or written representation, promise, warranty, or understanding made by any of

the Parties or their representatives with regard to the subject matter, basis, or effect, of this Agreement.

10. **Additional Facts.** The Parties acknowledge and assume the risk that additional or different facts which they believe to exist may now exist or may be discovered after this Agreement has been entered into. The Parties agree that any such additional, different, or contrary facts shall in no way limit, waive, effect, or alter, this Agreement.

11. **Amendment and Waiver.** This Agreement may be amended, modified, or supplemented only by a written instrument executed by all the Parties. No waiver of any provision of this Agreement shall be deemed or shall constitute a waiver of any other provision hereof, whether or not similar, nor shall any waiver constitute a continuing waiver unless expressly provided in the written waiver.

12. **Severability**. If any provision of this Agreement is held to be illegal, invalid, or unenforceable under present or future laws, such provision shall be fully severable and this Agreement shall be construed and enforced as if such illegal, invalid, or unenforceable provision had never comprised a part of this Agreement, and the remaining provisions of this Agreement shall remain in full force and effect and shall not be affected by the illegal, invalid, or unenforceable provision or by its severance from this Agreement.

13. **Survival.** The Parties agree that all provisions of this Agreement which by their nature are intended to survive the execution, delivery, and performance of this Agreement shall so survive, including, without limitation, any provisions relating to releases, indemnification, attorneys' fees and costs, non-disparagement, enforcement, and any obligations intended to be ongoing or that by their terms extend beyond the execution or performance of this Agreement. The provisions of this Agreement shall remain binding and enforceable notwithstanding the completion of the actions contemplated herein and shall inure to the benefit of and be binding upon the Parties as set forth further in paragraph 6 above.

14. **Governing Law and Jurisdiction.** This Agreement shall be governed by and construed in accordance with the laws of the State of Florida, without giving effect to any choice of law provision or rule that would cause the application of the laws of any other jurisdiction. The courts of Volusia County, Florida, if in state court, and Orange County, Florida, if in federal court, shall have exclusive jurisdiction over the Parties with respect to any dispute or controversy between them arising under, relating to, or in connection with this Agreement, and the Parties consent to such jurisdiction in such courts and waive any objections to jurisdiction.

15. **Counterparts.** This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, but all of which together shall

constitute one and the same instrument. Facsimile, PDF, and other electronic signatures shall have the same force and effect as original signatures.

16. **Construction.** The headings and captions in this Agreement are for convenience of reference only and shall not control or affect the meaning or construction of any provisions hereof. The words "include," "includes," and "including" shall be deemed to be followed by the phrase "without limitation." The word "will" shall be construed to have the same meaning and effect as the word "shall." Unless the context requires otherwise, (a) any definition of or reference to any agreement, instrument, or other document herein shall be construed as referring to such agreement, instrument, or other document as from time to time amended, supplemented, or otherwise modified, (b) any reference herein to any person shall be construed to include such person's successors and assigns, (c) the words "herein," "hereof," and "hereunder," and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof, and (d) all references herein to paragraphs shall be construed to refer to paragraphs of this Agreement.

[INTENTIONALLY LEFT BLANK]
