OWNER'S AFFIDAVIT
OWNER/BUILDER USE ONLY

I CERTIFY THAT ALL THE FOREGOING INFORMATION IS ACCURATE AND THAT ALL WORK WILL BE DONE IN COMPLIANCE WITH LL APPLICABLE LAWS REGULATING CONSTRUCTION AND ZONING.

Florida Statutes, 489.103(7):
State law requires construction to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own contractor with certain restrictions even though you do not lane a license. You must provide direct, onsite supervision of the construction yourself. You may build or improve a one-family or two-family residence or a farm building. You may also build or improve a commercial building, provided your costs do not exceed $25,000. The building or residence must be for your own use or occupancy. It may not be built or substantially improved for sale or lease. If you sell or lease a building you have built or substantially improved yourself within 1 year after construction is complete, the law will presume that you built or substantially improved it for sale or lease, which is a violation of this exemption. You may not hire an unlicensed person to act as your contractor or to supervise people working on your building. It is your responsibility to make sure that people employed by you have licensed required by state law and by county or municipal licensing ordinances. You may not delegate the responsibility for supervising work to a licensed contractor who is not licensed to perform the work being done. Any person working on your building who is not licensed must work under your direct supervision and must be employed by you, which means that you must deduct F.I.C.A. and withholding tax and provide workers' compensation for that employee, all as prescribed by law. Your construction must comply with all applicable laws, ordinances, building codes, and zoning regulations.

The property is comprised of a total of 2.75 acres. Mr. and Mrs. Johnston are requesting a purchase price of $150,000.00. The City had 2 appraisals completed on the property. The first was from Heffington Appraisal of Daytona Beach whose total appraisal is $149,000.00. The second appraisal was provided by Ronald Crouse of Edgewater, Florida whose total appraised value is $120,000.00. The average of the two appraisals is $134,500.00. RESTRICTED APPRAISAL REPORT

This is a Restricted Use Appraisal Report, which is intended to comply with the reporting requirements set forth under Standards Rule 2-2 of the Uniform Standards of Professional Appraisal Practice for a Restricted Appraisal Report. As such, it does not present discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's file. The depth of discussion contained in this report is specific to the needs of the client and for the intended use stated below. The appraiser is not responsible for unauthorized use of this report.

CLIENT: City of New Smyrna Beach

APPRAISER: Ronald S. Crouse, ASA, CRA, IFAS
State Certified General Real Estate Appraiser RZ670

SUBJECT: East Side of Doster Dr, New Smyrna Beach, Volusia County, Florida, 32168.Tax ID Account # 7344-03-00-0440

PURPOSE OF APPRAISAL: To estimate the market value as defined by the Office of the Comptroller of the Currency under F 12, Part 34, Subpart C.

INTENDED USE OF REPORT: For the sole purpose of assisting the client in establishing a market value for the subject property for internal matters of the client.

INTEREST VALUED: Market value of the subject property in Fee Simple Estate.

EFFECTIVE DATE OF VALUE: December 25, 2023

DATE OF INSPECTION: December 25, 2023

DATE OF REPORT: January 19, 2024

MARKETABILITY: The subject site is compatible with the neighborhood, and demand for this type property is average in this location.

Marketing Period – Exposure Time

"Marketing Period" is defined as follows:

The most probable amount of time necessary to expose a property, in its entirety, to the open market in order to achieve a sale. Implicit in this definition are the following characteristics.

- The property will be actively exposed and aggressively marketed to potential purchasers through marketing channels commonly used by sellers of similar type properties.

- The property will be offered at a price reflecting the most probable mark-up over the market value used by sellers of similar type properties.

- A sale will be consummated under the terms and conditions of the definition of market value.

"Exposure Time" is defined as follows:

Exposure time is a "retrospective" opinion, looking back (from the effective date) to the beginning of the "hypothetical" process of selling the asset, so that the sale would have been consummated on the "effective date" of appraisal.

We estimate the subject property should sell after a marketing effort of approximately 12 to 24 months at or near the appraised value. It is our opinion that a 12-to-24-month exposure time is adequate for the subject property.

REAL ESTATE APPRAISED: Tax identification Account Number 7344-03-00-0440.

OWNERSHIP AND SALES HISTORY: According to the tax records, the subject property is under the ownership of JOHNSTON TAD D & JOHNSTON CRYSTAL G. There has been one recorded arm's length transaction in the last five years. 05/29/2020 price $70,000.

ZONING: REFER TO SUMMARY OF SIGNIFICANT CONCLUSIONS

IMMEDIATE NEIGHBORHOOD DATA: The neighborhood is growing, especially in the residential areas; the interior residential areas are around 70-80% built out although land is still available to the west. Westward expansion of the city, including west of I-95, has brought increasing demand for conveniently located commercial support services. Land along State Road 44 is well situated to meet this need. We expect the neighborhood; especially its residential, commercial and service uses will continue to be in demand.

SITE DESCRIPTION

Location: The subject is located East side of Doster Road which intersects with Corbin Park Road with access to State Road. No improved access is provided to the site except for a dirt path drive. This road links with a paved section of this same road around 500± feet to the west which leads to an existing subdivision. It is our assumption the site would be accessible for residential development.

Size/Shape: The topography generally level to rolling and 100% wooded. The site is a rectangular parcel and contains 2.75 ± acres Per Volusia County Property Appraiser. No survey was supplied to the appraiser. All figures were estimated by on line sources.

Utilities: There are currently no utilities connected to the site. All available services would need to be run to the site. On site utilizes are typical in the area and this is not believed to impact the sites marketability.

Access: It appears that the section of Doster Road where the subject is located is an undeveloped road.

Wetlands: The National Wetlands Inventory Map indicates that around 1.5 acres of the site is within wetland classification PSS3Ad (see addendum for details).

IMPROVEMENTS: None

HIGHEST AND BEST USE: The Highest and Best Use as vacant would be for some type of residential use as allowed by zoning, planning regulations, any environmental constraints and demand by the market. (Report makes the general assumption that the site can be improved)

APPRAISAL SCOPE, DEVELOPMENT AND REPORTING PROCESS: This Restricted Appraisal Report is based on market data that has been used in estimating a value conclusion for the subject property.

In conducting the appraisal assignment, the appraiser first collected preliminary public record search data and made an initial search of available market sales, trends, and

influences. A physical inspection of the subject property was made. The appraiser is not an expert in matters of pest control, structural engineering, hazardous waste, survey, or title matters, and no expertise or warranty is implied in these or other areas.

The appraiser has also relied upon secondary data sources such as public records, real estate brokers, etc., and primary data collected by the appraiser. To the extent possible, this data has been confirmed by the participants in the market or public records information. The most applicable and/or comparable information has been used in our analysis as deemed essential to support our value conclusions. The elements considered in our analysis were the market value of the Fee Simple Estate.

In developing this appraisal an attempt was made to locate properties that are similar in appeal, size, with similar development potential thereby reflecting the least amount of variances. The appraiser narrowed his search to the sales that best reflect the elements of the subject property. Sometimes, in the research process, it becomes necessary to expand the search parameters. We searched for sales of similar type parcels in the city of New Smyrna Beach and surrounding area. We identified several sales and the most reliable were used in our analysis to estimate of value for the overall subject property as vacant.

The sales utilized in this report are considered the most similar and the most reliable value indicators at time of appraisal.

The approach used in estimating the market value of the subject property was the Sales Comparison Approach. This restricted Appraisal Report sets forth only the appraiser's conclusions. Supporting documentation is retained in the appraiser's file.

To estimate the market value of the subject property as vacant

RELATIVE COMPARISON METHOD OF ANALYSIS:

A qualitative technique for analyzing comparable sales; used to estimate whether the characteristics of a comparable property are inferior, superior, or equal to those of the subject property. Relative comparison analysis is similar to paired data analysis, but quantitative adjustments are not derived. This was the method used for the analysis of the subject property.

RELATIVE COMPARISON:

Property Rights

The subject property was appraised according to property rights known as fee simple estate. The exact definition is included in this report. Fee simple estate infers absolute ownership unencumbered by any other interest of estate; subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat. All of the comparable properties were sold in fee simple, and so no adjustments were required for this

aspect of ownership.

Financing Terms

Sale prices for identical properties can differ due to influences of different financing arrangements. Below market interest rates tend to increase sale prices, while interest rates above market can result in decreased sale prices. The subject property was appraised on a cash equivalent basis; so, all comparables should reflect cash equivalent sales prices. All of the comparable properties that were verified were sold for cash, or were considered cash equivalent, and no adjustments were necessary.

Conditions of Sale

Conditions of sale refer to the motivations of the buyer and seller, and whether the sale was an "arm's-length transaction" or not. Sale prices can be influenced because the parties are related to one another through business or family. Also, prices can be lower than market because the seller needs cash in a hurry, or prices can be higher because a developer may need a site as an assemblage. The motivations of the buyers and sellers of the comparable properties used in this analysis were questioned during the verification process for each sale.

Market Conditions

The market conditions adjustment relates to the economic conditions of the market at the time of the comparable sale compared to market conditions at the effective date of the appraisal. Changes in market conditions may be caused by fluctuation in supply and demand, interest rates, inflation or deflation, and overall economic factors. The real estate market for this type property appears to be stabilizing. However, sales that closed prior to the date of 6/23 will receive an adjustment for time as warranted.

Other Elements

All other differences that are considered to impact value in comparison with the sales to the subject will be addressed in a short narrative format to help the reader understand the process and need for the adjustments.

ADJUSTMENTS

SALE 1 - $1.80 per square foot. This is the sale of a generally similar vacant parcel of land. It is located in the same neighborhood as the subject lot. This sale is generally similar to the subject in all respects, except for:

Access: The subject is located on an undeveloped platted road which would require the owner to pay for at least the minimum level of access requirements allowed by planning and zoning.

All sales are located along existing roads. This factor required all sales to receive a minus adjustment.

Wetlands: The National Wetlands Inventory Map indicates that around 1.5 acres of the site is within wetland classification PSS3Ad (see addendum for details).

Sale 1 has some wetlands (smaller percentage than subject) and an adjustment was made.

Overall, this sale's index price is felt to be higher than what the subject should expect.

SALE 2 - $1.21 per square foot. This is the sale of a generally similar vacant parcel of land. This sale is generally similar to the subject in all respects, except for:

Access: The subject is located on an undeveloped platted road which would require the owner to pay for at least the minimum level of access allowed by planning and zoning.
All sales are located along existing roads. This factor required all sales to receive a minus adjustment.

Wetlands: The National Wetlands Inventory Map indicates that around 1.5 acres of the site is within wetland classification PSS3Ad (see addendum for details).

Sale 2 has no waste or wetlands and warranted a minus adjustment.

Topography: The subject is partially cleared. Sale 3 is almost entirely cleared and would require minimal if any additional clearing prior to development.

Overall, this sale's index price is felt to be lower than what the subject should expect.

SALE 3 - $1.32 per square foot. This is the sale of a generally similar vacant parcel of land. This sale is generally similar to the subject in all respects, except for:

Access: The subject is located on an undeveloped platted road which would require the owner to pay for at least the minimum level of access allowed by planning and zoning.
All sales are located along existing roads. This factor required all sales to receive a minus adjustment.

Topography: Sale 3 is almost entirely wooded.

Wetlands: The National Wetlands Inventory Map indicates that around 1.5 acres of the site is within wetland classification PSS3Ad (see addendum for details).

Sale 3 has no waste or wetlands and warranted a minus adjustment.

Overall, this sale's index price would be near to what the subject should expect.

INDICATED LAND VALUE BY THE SALES COMPARISON APPROACH

Varying degrees of emphasis were placed on all sales. Based on our analysis we conclude that the estimated value of the subject as vacant land is $1.00 per square foot. Resulting in the following valuation for the subject property:

119,790 s.f. @ $1.00 / s.f. = **$120,000 (R)**

RECONCILIATION OF VALUE INDICATIONS AND FINAL VALUE ESTIMATE

The Sales Comparison Approach was utilized in valuing the land. Therefore, based on the foregoing facts, the fair market value of the subject property, land only, as of the date of valuation, is estimated to be **$120,000.**

National Wetlands Inventory (NWI)
This page was produced by the NWI mapper

Subject Wetlands Classification code: PXX3Ad

Classification code: PSS3Ad

System Palustrine (P) : The Palustrine System includes all nontidal wetlands dominated by trees, shrubs, persistent emergents, emergent mosses or lichens, and all such wetlands that occur in tidal areas where salinity due to ocean-derived salts is below 0.5 ppt. It also includes wetlands lacking such vegetation, but with all of the following four characteristics: (1) area less than 8 ha (20 acres); (2) active wave-formed or bedrock shoreline features lacking; (3) water depth in the deepest part of basin less than 2.5 m (8.2 ft) at low water; and (4) salinity due to ocean-derived salts less than 0.5 ppt.

Class Scrub-Shrub (SS) : Includes areas dominated by woody vegetation less than 6 m (20 feet) tall. The species include true shrubs, young trees (saplings), and trees or shrubs that are small or stunted because of environmental conditions.

Subclass Broad-Leaved Evergreen (3) : Woody angiosperms (trees or shrubs) with relatively wide, flat leaves that generally remain green and are usually persistent for a year or more; e.g. red mangrove (Rhizophora mangle).

Water Regime Temporary Flooded (A) : Surface water is present for brief periods (from a few days to a few weeks) during the growing season, but the water table usually lies well below the ground surface for the most of the season.

Special Modifier Partially Drained/Ditched (d) : A partly drained wetland has been altered hydrologically, but soil moisture is still sufficient to support hydrophytes. Drained areas that can no longer support hydrophytes are not considered wetland. This Modifier is also used to identify wetlands containing, or connected to, ditches. The Partly Drained/Ditched Modifier can be applied even if the ditches are too small to delineate. The Excavated Modifier should be used to identify ditches that are large enough to delineate as separate features; however, the Partly Drained/Ditched. Modifier also should be applied to the wetland area affected by the ditching.

ASSUMPTIONS AND LIMITING CONDITIONS

Type of Report:
This is a Restricted Appraisal Report, which is intended to comply with the reporting requirements set forth under Standard Rule 2-2 of the Uniform Standards of Professional Appraisal Practice for a Restricted Appraisal Report. As such, it does not include discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraiser's file. The information contained in this report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.

Legal Matters:
The legal description used in this report is assumed to be correct, but it may not necessarily have been confirmed by survey. No responsibility is assumed in connection with a survey or for encroachments or overlapping or other discrepancies that might be revealed thereby. Any sketches included in the report are only for the purpose of aiding the reader in visualizing the property and are not necessarily a result of a survey.

Any sketch in this report may show approximate dimensions and is included to assist the reader in visualizing the property. Maps and exhibits found in this report are provided for reader reference purposes only. No guarantee as to accuracy is expressed or implied unless otherwise stated in this report. No survey has been made for the purpose of this report.

It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described, and that there is no encroachment or trespass unless otherwise stated in this report.

No responsibility is assumed for an opinion of legal nature, such as to ownership of the property or condition of title.

The appraisers assume the title to the property to be marketable; that, unless stated to the contrary, the property is appraised as an unencumbered fee, which is not used in violation of acceptable ordinances, statutes or other governmental regulations.

Unapparent Conditions:
The appraisers assume that there are no hidden or unapparent conditions of the property, subsoil or structures, which would render it more or less valuable than otherwise comparable property. The appraisers are not experts in determining the presence or absence of hazardous substance, defined as all hazardous or toxic materials, waste, pollutants or contaminants (including, but not limited to, asbestos, PCB, UFFI, or other raw materials or chemicals) used in construction or otherwise present on the property.

The appraisers assume no responsibility for the studies or analysis, which would be required to conclude the presence or absence of such substances or for loss as a result of the presence of such substances. The client is urged to retain an expert in this field, if desired. The value estimate is based on the assumption that the subject property is not so affected.

Information and Data:
Information and opinions furnished to the appraisers and contained in the report were obtained from sources considered reliable and believed to be true and correct. However, no responsibility for accuracy of such items furnished the appraisers can be assumed by the appraisers.

Any engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.

All mortgages, liens, encumbrances, and servitudes have been disregarded unless so specified within the appraisal report. The subject property is appraised as though under responsible ownership and competent management.

Zoning and Licenses:
It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconforming use has been stated, defined, and considered in the valuation.

It is assumed that the subject property complies with all applicable federal, state, and local environmental regulations and laws unless noncompliance is stated, defined, and considered in the valuation.

It is assumed that the information relating to the location of or existence of public utilities, which has been obtained through a verbal inquiry from the appropriate utility authority, or has been ascertained from visual evidence, is correct. No warranty has been made regarding the exact location or capacities of public utility systems.

It is assumed that all licenses, consents, or other legislative or administrative authority from local, state, or national governmental or private entity or organization have been, or can be,

obtained or renewed for any use on which the value estimate contained in the valuation report is based.

The appraisers will not be required to give testimony or appear in court due to preparing the appraisal with reference to the subject property in question, unless prior arrangements have been made.

Possession of the report does not carry with it the right of publication. Out-of-context quoting from or partial reprinting of this appraisal report is not authorized. Further, neither all nor any part of this appraisal report shall be disseminated to the general public by the use of media for public communication without the prior written consent of the appraisers signing this appraisal report.

The authentic copies of this report are bound with a clear cover, which reveals the company name, Pomeroy Appraisal Associates of Florida, Inc. Any copy that does not have this cover or original signatures of the appraisers is unauthorized and may have been altered and is considered invalid.

Disclosure of the contents of this report is governed by the By-Laws and Regulations of the Appraisal Institute and the American Society of Appraisers. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraisers or the firm with which they are connected, or any reference to the Appraisal Institute or to the ASA) shall be disseminated to the public through advertising media, public relations media, news media, sales media, or any other public means of communication without the prior written consent and approval of the author.

The distribution of the total valuation in this report, between land and improvements, is applicable only as a part of the whole property. The land value, or the separate value of the improvements, must not be used in conjunction with any other appraisal or estimate and is invalid if so used.

No environmental or concurrency impact studies were either requested or made in conjunction with this appraisal report. The appraisers, thereby, reserve the right to alter, amend, revise, or rescind any of the value opinions based upon any subsequent environmental or concurrency impact studies, research, or investigation.

The American with Disabilities Act (ADA) became effective January 26, 1992. The appraisers have not made a specific compliance survey and analysis of this property to determine whether or not it is in conformity with the various detailed requirements of the ADA. It is possible that a compliance survey of the property, together with a detailed analysis of the requirements of the ADA, could reveal that the property is not in compliance with one or more of the requirements of the Act.

If so, this fact could have a negative effect upon the value of the property. Since the appraisers have no direct evidence relating to this issue, possible noncompliance with the requirements of ADA in estimating the value of the property has not been considered.

An appraisal related to an estate in land that is less than the whole fee simple estate applies only to the fractional interest involved. The value of this fractional interest plus the value of all other fractional interests may or may not equal the value of the entire fee simple estate considered as a whole.

The appraisal report related to a geographical portion of a larger parcel is applied only to such geographical portion and should not be considered as applying with equal validity to other portions of the larger parcel or tract. The value for such geographical portions plus the value of all other geographical portions may or may not equal the value of the entire parcel or tract considered as an entity.

The appraisal is subject to any proposed improvements or additions being completed as set forth in the plans, specifications, and representations referred to in the report, and all work being performed in a good and workmanlike manner. The appraisal is further subject to the proposed improvements or additions being constructed in accordance with the regulations of the local, county, and state authorities. The plans, specifications, and representations referred to are an integral part of the appraisal report when new construction or new additions, renovations, refurbishing, or remodeling applies.

If this appraisal is used for mortgage loan purposes, the appraisers invite attention to the fact that (1) the equity cash requirements of the sponsor have not been analyzed, (2) the loan ratio has not been suggested, and (3) the amortization method and term have not been suggested.

The function of this report is <u>not</u> for use in conjunction with a syndication of real property. This report cannot be used for said purposes and, therefore, any use of this report relating to syndication activities is strictly prohibited and unauthorized. If such an unauthorized use of this report takes place, it is understood and agreed that Pomeroy Appraisal Associates of Florida, Inc. has no liability to the client and/or third parties.

Acceptance of and/or use of this appraisal report constitutes acceptance of the foregoing General Underlying Assumptions and General Limiting Conditions. The appraisers' duties, pursuant to the employment to make the appraisal, are complete upon delivery and acceptance of the appraisal report. However, any corrections or errors should be called to the attention of the appraisers within 60 days of the delivery of the report.

This report is intended for use only by the identified client and identified other known intended users stated within the cover letter. Use of this report by others is not intended by the appraiser.

IMPORTANT DEFINITIONS

Definition of Market Value:
The most probable price which a property should bring in a competitive and open market under all condition's requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. buyer and seller are typically motivated;
2. both parties are well-informed or well-advised and acting in what they consider their own best interests;
3. a reasonable time is allowed for exposure in the open market;
4. payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

Market Value Comments: The factors of utility, scarcity, desire and effective purchasing power are apparent in the definition. The implication that buyer and seller are working under equal pressure is seldom completely true, although typical motivation for each does imply a reasonable balance for a market value transaction.

Market prices do not necessarily follow all of these concepts and are often affected by salesmanship and the urgency and need of the buyer and/or seller. The central difference between market price and market value lies in the premise of knowledge and willingness both of which are contemplated in market value, but maybe not in market price. Stated differently, at any given moment of time, market value denotes what a property is actually worth under certain specified conditions, while market price denotes what it actually sold for.

Probability of Value Change: The market value of the property appraised in the report is estimated as of the aforementioned date. Constantly changing economic, social, political and physical conditions have varying effects upon real property values. Even after the passage of a relatively short period of time, property values may change substantially and require a review of the appraisal and recertification.

Definition of Fee Simple Estate or Interest:
Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat. (The Dictionary of Real Estate Appraisal, Sixth Edition, by Appraisal Institute, 2015)

Definition of Highest and Best Use:
The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum profitability. (The Dictionary of Real Estate Appraisal, Sixth Edition, by Appraisal Institute, 2015)

The definition immediately preceding applies specifically to the highest and best use of land and/or property. It is to be recognized that in cases where a site has existing improvements on it, the highest and best use may very well be concluded to be different from the existing use. The existing use will continue, however, unless and until land value in its highest and best use exceeds the total value of the property in its existing use.

Also implied is that the estimation of highest and best use results from judgment and analytical skill, i.e., that the use concluded from analysis represents an opinion, not a fact to be found. In appraisal practice, the concept of highest and best use represents the foundation on which market value rests. In the context of most probable selling price (market value), another appropriate term to reflect highest and best use would be most probable use. In the context of investment value, an alternative term would be most profitable use.

The highest and best use of both, land as though vacant and property as improved, must meet four criteria. The highest and best use must be (1) physically possible, (2) legally permissible, (3) financially feasible, and (4) maximally productive. These criteria are usually considered sequentially; a use may be physically possible, but this is irrelevant if it is feasiblely impossible or legally prohibited. Only when there is a reasonable possibility that one of the prior, unacceptable conditions can be changed is it appropriate to proceed with the analysis. If, for example, current zoning does not permit a potential highest and best use, but there is a possibility that the zoning can be changed, the proposed use can be considered on that basis. A full analysis may be included in the report when the conclusions are based on techniques applied to identify the highest and best use among two or more potential uses. (The Appraisal of Real Estate, 14th Edition by Appraisal Institute, 2013)

VALUE AS IS: The value of specific ownership rights to an identified parcel of real estate as of the effective date of the appraisal; relates to what physically exists and is legally permissible and excludes all assumptions concerning hypothetical market conditions or possible rezoning.

New Smyrna Beach, FL 32168

Dear Mr. Neibert:

In accordance with your request, we hereby submit a ***Restricted Appraisal Report*** on the following property:

2.75± ACRES OF UNIMPROVED LAND

TAX PARCEL #7344-03-00-0440
S/S DOSTER DRIVE
NEW SMYRNA BEACH, FL 32168

The purpose of the Restricted Appraisal Report is to form an opinion of *Market Value* for the above referenced property *"As Is",* to a single purchaser on a cash equivalent basis, assuming a reasonable marketing period. This property is appraised as a Fee Simple Estate, subject to typical mortgage loan encumbrances and utility easements. The intended use of the Restricted Appraisal Report is to assist the client in purchase negotiations. The intended user is *The City of New Smyrna Beach, c/o Mr. Ron Neibert.*

After careful investigation, it is our opinion the subject's estimated "*As Is*" **Market Value** of the Fee Simple Estate, as of December 30, 2024, was:

ESTIMATED "AS IS" MARKET VALUE

ONE HUNDRED FORTY- NINE THOUSAND DOLLARS

($149,000)

Note: The subject is located on Doster Drive, a platted, unopened right-of-way. The value estimate provided in this report assumes the platted right-of-way could be opened to the subject site. This is an extraordinary assumption that may have affected the assignment results.

As requested, we have prepared a Restricted Appraisal Report. Therefore, a significant portion of the appraisal report has been abbreviated, specifically regarding the communication, presentation, and analysis of data. It should also be noted that there is a sufficiency of additional property information and market data retained within the appraiser's files which has been analyzed and serves to support the values and conclusions contained within the attached report. *The value contained within this letter is not valid unless it is attached to the accompanying Restricted Appraisal Report.*

It should be noted that this appraisal assignment was not made, nor was the appraisal rendered on the basis of a requested minimum valuation, specific valuation, or an amount which would result in the approval of a loan. Furthermore, our compensation is not contingent upon the reporting of a predetermined value, or direction in value, that favors the cause of the client, the amount of the value estimate, the attainment of a stipulated result, or the occurrence of a subsequent event.

The Appraisal Institute conducts a voluntary program of continuing education for its designated members. Designated members who meet the minimum standards of this program are awarded periodic educational certification. I am currently certified under this program.*

Respectfully submitted,

EXTRAORDINARY ASSUMPTIONS AND LIMITING CONDITIONS

1. **Note:** The subject is located on Doster Drive, a platted, a platted, unopened right-of-way. The value estimate provided in this report assumes the platted right-of-way could be opened to the subject site. This is an extraordinary assumption that may have affected the assignment results.

ASSUMPTIONS AND LIMITING CONDITIONS

1. This appraisal is intended to comply with the Scope of Work requirements enacted July 1, 2006 by the Uniform Standards of Professional Appraisal Practice.

2. This is a Restricted Use Report Format, which is intended to comply with the reporting requirements set forth under Standard Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice. As such, it does not include discussions of the data, reasoning, and analyses that were used in the appraisal process to develop the appraiser's opinion of value. The opinions and conclusions set forth in this report may not be understood properly without additional information in the appraiser's work file. The information contained in this report is specific to the needs of the client and for the intended use stated in this report. The appraiser is not responsible for unauthorized use of this report.

3. No responsibility is assumed for legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated in this report.

4. The property is appraised free and clear of any or all liens and encumbrances unless otherwise stated in this report.

5. Responsible ownership and competent property management are assumed unless otherwise stated in this report.

6. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.

7. All engineering is assumed to be correct. Any plot plans and illustrative material in this report are included only to assist the reader in visualizing the property. The appraisers are not experts in engineering or construction and are not licensed constructions contractors.

8. It is assumed that there are no hidden or unapparent conditions on the property, subsoil, or structures that render it more or less valuable but are not apparent. This appraiser can assume no responsibility for such conditions or for arranging for engineering studies that may be required to discover them.

9. It is assumed that there is full compliance with all federal, state and local environmental regulations and laws unless otherwise stated in this report.

10. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined, and considered in this appraisal report.

11. It is assumed that all required licenses, certificates of occupancy, or other legislative or administrative authority from any local, state, or national governmental, or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report are based.

14. The appraiser is not qualified to detect hazardous waste and/or toxic materials. Any comment by the appraiser that might suggest the possibility of the presence of such substances should not be taken as confirmation of the presence of hazardous waste and/or toxic materials. Such determination would require investigation by a qualified expert in the field of environmental assessment. The presence of substances such as asbestos, urea-formaldehyde foam insulation or other potentially hazardous materials may affect the value of the property. The appraiser's value estimate is predicated on the assumptions that there is no such material on or in the property that would cause a loss in value unless otherwise stated in this report. No responsibility is assumed for any environmental conditions, or for any expertise or engineering knowledge required to discover them. The appraiser's descriptions and resulting comments are the result of the routine observations made during the appraisal process.

15. Unless otherwise stated in this report, the subject property is appraised without a specific compliance survey having been conducted to determine if the property is or is not in conformance with requirements of the Americans with Disabilities Act ("ADA") which became effective January 26, 1992. The presence of architectural and communications barriers that are structural in nature that would restrict access by disabled individuals may adversely affect the property's value, marketability, or utility.

16. Any proposed improvements are assumed to be completed in a professional manner in accordance with the submitted plans and specifications.

17. The distribution, if any, of the total valuation in this report between land and improvements, applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.

18. Possession of this report, or a copy thereof, does not carry with it the right of publication. 19. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news sales, or other media without prior written consent and approval of the appraiser.

20. The appraiser, by reason of this report, is not required to give testimony or attend court or any governmental hearing with reference to the property in question, unless arrangements have been previously made therefore.

PURPOSE OF THE APPRAISAL

The *purpose* of the appraisal is to form an opinion of Market Value of the subject property ***"As Is"***. The property is appraised as a Fee Simple Estate, subject to typical mortgage loan encumbrances and utility easements.

MARKET VALUE DEFINITION

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus." Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. Buyer and seller are typically motivated;
2. Both parties are well informed or well advised and each acting in what they consider their own best interests;
3. A reasonable time is allowed for exposure in the open market;
4. Payment is made in terms of cash in U.S. Dollars or in terms of financial arrangements comparable thereto; and
5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale." [1]

EFFECTIVE DATE OF VALUE/ DATE OF THE APPRAISAL

The *effective date* of the appraisal is December 30, 2024. The *date* of the report is January 6, 2025.

INTENDED USE AND INTENDED USER OF THE APPRAISAL

The intended use of the Restricted Appraisal Report is to assist the client in purchase negotiations. The intended user is *The City of New Smyrna Beach, c/o Mr. Ron Neibert.*

INTEREST VALUED

The subject property is appraised as a Fee Simple Estate. As defined in the Dictionary of Real Estate Appraisal published by the American Institute of Real Estate Appraisers, a Fee Simple Estate is the *"Absolute ownership unencumbered by any other interest or estate; subject only to the limitations of eminent domain, escheat, police power, and taxation."*

LEGAL DESCRIPTION

LOTS 44 TO 47 INC CORBIN PARK SUB NO 3 MB 23 PG 146, PRVCF

[1] FDIC Interagency Appraisal and Evaluation Guidelines, December 2, 2010

THREE YEAR SALES HISTORY

Based on a review of the public records, it does not appear as if the subject has transferred within the last three years. The subject property is not listed for sale at this time. The subject last sold for $70,000 on May 29, 2020. A copy of the deed is presented in the Addenda of this report.

REAL PROPERTY ASSESSMENT

The subject property is currently assessed by the Volusia County Tax Assessor for ad valorem taxes for the year 2024. The Volusia County Council of Governments determines the millage rate used in calculating the tax bill in October of each year. The tax collector issues the tax bill providing for a 4 percent discount of the bill if paid in November, a 3 percent discount for payment in December, a 2 percent discount if paid in January, and a 1 percent discount for payment in February. All taxes be come delinquent after March 31st of each year.

Tax Parcel No.	Assessed Value	Taxable Value	Total Gross Taxes
7344-03-00-0440	$2,288	$2,288	$257.11

Taxes for this area are based on a millage rate of 17.60360 for 2024. Based on our analysis of the subject property and the final estimate of value, the assessment appears to be very favorable in the local market in terms of value as previously defined within this report. It should be noted the Volusia County Property Appraiser's assessment has *not* been relied upon in valuing the subject property and the assessment is included herein for informational purposes only.

IDENTIFICATION OF THE SUBJECT PROPERTY

The subject site consists of 2.75± acres of unimproved residential land located on the south side of Doster Drive, just east of Corbin Park Road, in New Smyrna Beach, Voluisa County, Florida.

LAND USE PLANNING, ZONING, CONCURRENCY

The subject site is zoned R-4, Urban Single Family and RC, Resource Corridor by the County of Volusia. The subject's zoning is consistent with the adopted Comprehensive Land Use Plan designation which is ULI, Urban Low Intensity and RC, Resource Corridor. There are no known pending public developments or regulations likely to have an affect on the future zoning of the subject property. Based on an analysis of various parcels in this area, concurrency is not a limiting factor with respect to new development. The R-4 zoning classification requires a minimum site size of 7,500 square feet for development. That portion of the subject site zoned RC would require additional environmental impact studies conducted before any development could take place. A copy of the R-4, Urban Single Family and the RC, Resource Corridor zoning ordinances are presented in the Addenda of this report.

SCOPE OF WORK

Scope of Work is defined as the type and extent of research and analyses in an appraisal or appraisal review assignment. In order to produce a credible assignment, the appraisal work and analysis included:

* physically inspecting the subject property as well as the surrounding market area;
* an analysis of regional and market area trends, including social, economic, governmental and environmental influences;
* an analysis of general value influences in the subject's competitive market;
* research of applicable tax data and physical characteristics;
* an analysis of the building improvements;
* an analysis of the highest and best use of the subject property, which considered pertinent variables, such as property characteristics, zoning, future land use, and support facilities, as well as exposure time; and,
* application of the Direct Sales Comparison Approach to arrive at an indication of value for the subject property "As Is".

Careful consideration was given to the applicability of each of the three approaches to value in this report. The subject of this appraisal assignment comprises the valuation of an unimproved parcel of residential land. In this case, only the Direct Sales Comparison Approach will be processed to form an opinion of Market Value, which is considered most credible when appraising this type of property (vacant residential land). Sufficient data was available in order to be reconciled into a final valuation estimate for the subject property.

In this case, the Cost and Income Approaches were not processed. The absence of these approaches are not intended to mislead the client.

The process of collecting data involved a search of the market area for comparable sales and listings. The search was made using data from the Volusia County Property Appraiser's Offices, the Clerk of the Circuit Court Official Record Books, the Multiple Listing Services, CoStar Research, conversations with local Realtors, LoopNet, etc.

Martin J. Concannon, Cert Gen RZ 907, provided significant professional assistance in the preparation of this appraisal report. The assistance included sales research, valuation analyses, property inspection, and assistance in the writing of the appraisal report. The analyses, valuations, and conclusions were a joint effort between R. Todd Heffington, MAI, and Martin J. Concannon. This is a Restricted Appraisal Report and further supporting documentation is retained in the appraiser's file.

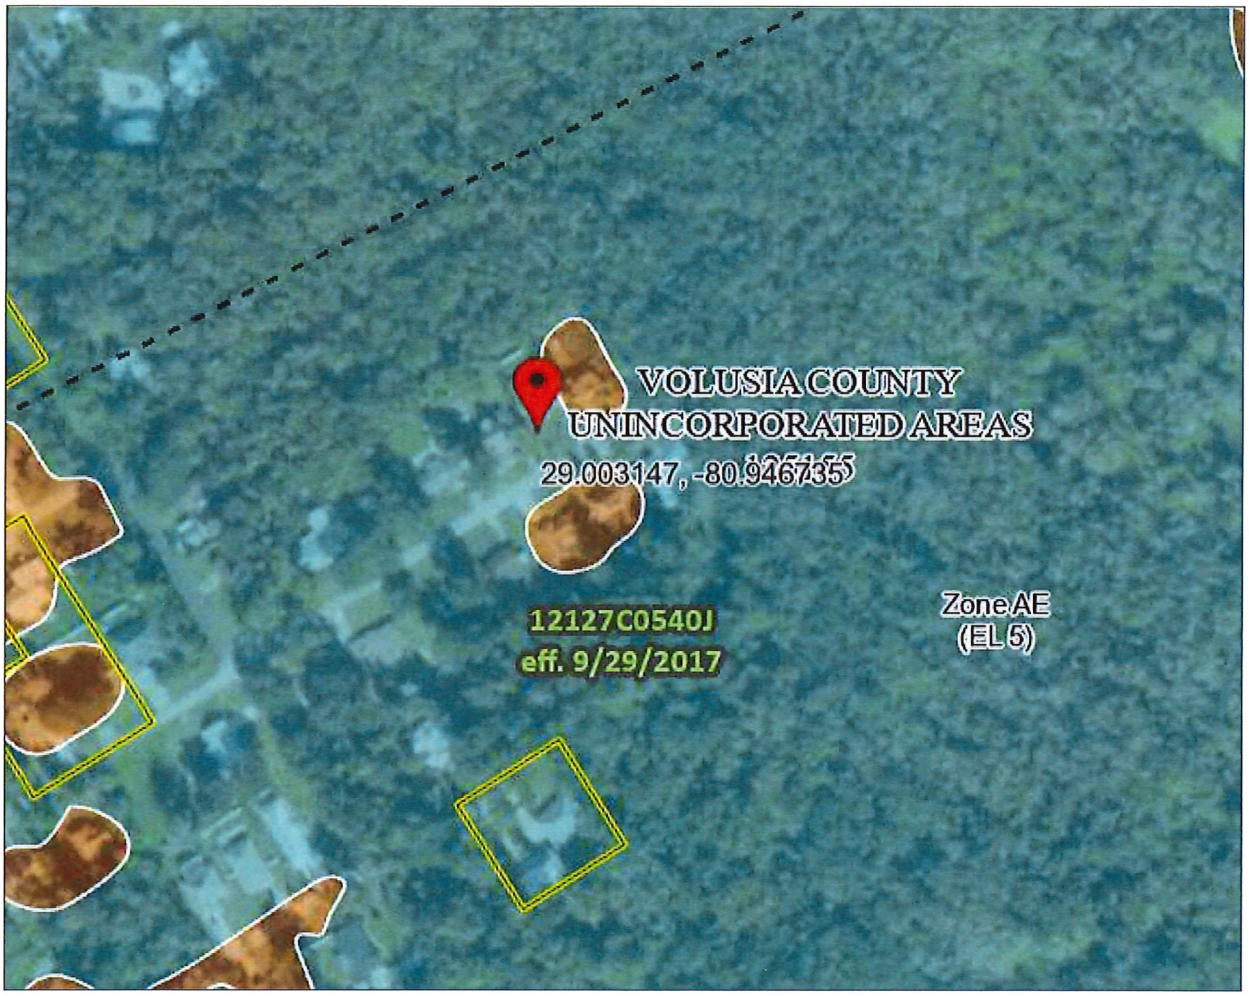

ESTIMATED EXPOSURE TIME

The Dictionary of Real Estate Appraisal, 3rd Edition, defines *Exposure* on page 126 as: The time a property remains on the market, or the estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective estimate based upon an analysis of past events assuming a competitive and open market. Exposure time is always considered to occur prior to the effective date of the appraisal.

The overall concept of reasonable exposure encompasses not only adequate, sufficient and reasonable time but also adequate, sufficient and reasonable effort. Exposure time is different for various types of real estate and value ranges and under various market conditions.

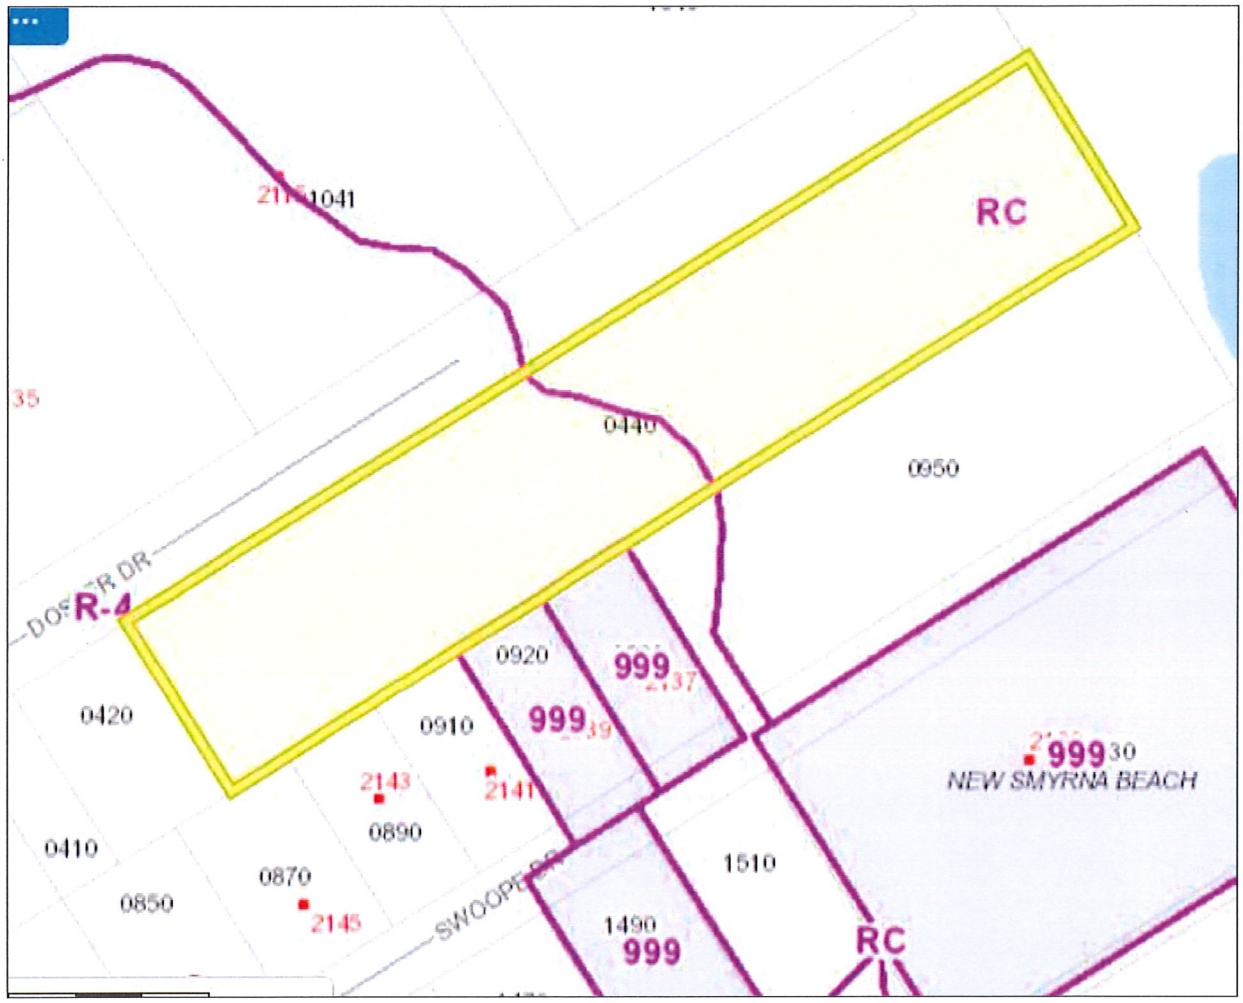

The Steller Multiple Listing Service indicated that from January 1, 2024 until December 31, 2024, (one year), the average days on the market for unimproved residential land was approximately 2 months to closing and these properties sold at a list to sell ratio of 91.0 percent. Therefore, we feel that with effective marketing and exposure, it may be possible for the subject to transfer within approximately 2 to 6 months at or near the appraised value estimate provided herein. This opinion also considers the subject property being placed on the market with a concentrated marketing effort by a knowledgeable and competent professional.

DESCRIPTION OF THE SITE

Location, Size, and Shape: The subject site is located on the south side of Doster Drive, just east of Corbin Park Road, in New Smyrna Beach, Volusia County, Florida. The subject site is actually in unincorporated Volusia County. The site is rectangular and contains **2.75± acres** of land area. The site has approximately 800 feet of frontage on Doster Drive (unopened) and a depth of 150± feet. We were not provided with an up-to-date survey or legal description. In the event a current survey indicates a significant difference from the site estimate shown herein, we reserve the right to adjust this report accordingly. Please refer to the previous page for visual orientation.

Access: The subject site is located on the south side of Doster Drive, a platted, unopened right-of-way. Doster Drive intersects with Corbin Park Drive just to the west of the subject. Corbin Park Drive provides direct access to State Road 44. It is our assumption that Doster Drive could be opened to the subject site for vehicular access.

Topography And Drainage: The site is generally level and is heavily wooded. The National Wetlands Inventory Map indicates that almost the entire site (90 percent) is classified as wetlands PSS3AD (see Addenda for details). There is no indication of wetlands on the Volusia County Property Appraiser's record card. The appraisers were not provided with wetland survey or topographical survey. At the time of our inspection, there were no apparent unfavorable soil conditions found which might adversely affect the subject site. In the event soil tests or other sources should indicate detrimental soil conditions, the appraisers reserve the right to modify the value conclusions accordingly.

Utilities/Services Available: There are currently no public utilities are available to the subject site. All utilities would have to be extended to the site for development. On-site utilities are typical for this area and this factor is not considered to negatively impact the site's marketability. Police and fire protection are provided by the County of Volusia and the City of New Smyrna Beach. Telephone service is supplied by publicly regulated companies. Trash and garbage pick-up is contracted by a private company.

Flood Plain Data: Based on the FEMA issued flood maps, the majority of the subject site is in a Flood Zone "AE", Community Panel No. 12127C0540J, dated September 9, 2017. The exact determination should be made by a surveyor. Flood Zone "AE" is an area designated as a high-risk flood zone by FEMA because of its proximity to floodplains, rivers, lakes, and other bodies of water.

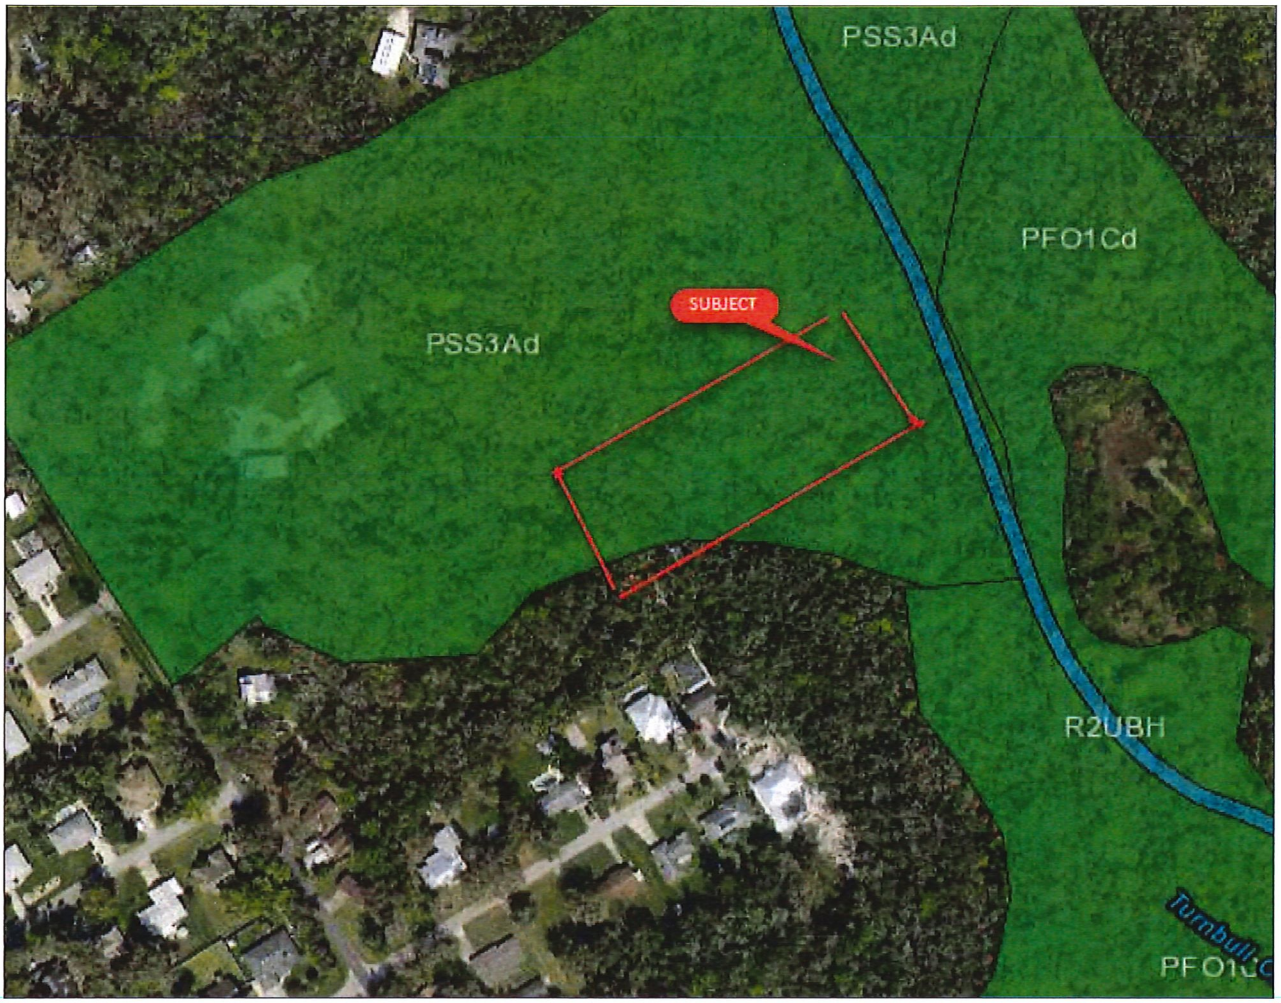

Easements, Encroachments, or Restrictions: Typical utility easements may apply. An up-to-date title search and survey is recommended.

Nearby Land Uses: Single family dwellings, small acreage tracts of undeveloped land.

DIRECT SALES COMPARISON APPROACH

The Direct Sales Comparison Approach, or Market Data Approach as it is sometimes referred to, is an appraisal technique which utilizes recent transactions of similar comparable properties to derive an indication of value for the subject. These comparable properties are adjusted for variables to enhance their degree of comparability to the subject. Based upon those adjustments supported by market evidence, the appraisers are then able to develop a clear indication of value for the subject. This technique is particularly accurate when there is an active and normal sales market of similar properties and when the details of the transactions can be verified by reliable sources involved in the sale.

The Direct Sales Comparison Approach is based upon the principle of substitution, in that a knowledgeable buyer will not pay any more for a particular property than what it would cost to purchase a duplicate property with equal utility.

The *unit of comparison* utilized in this section of the report is based on the *selling price per acre of land area,* which is generally recognized as the best means of relating small acreage tracts of residential land similar to the subject property.

The sales represent transactions which are considered comparable properties that represent valid indications of market activity and demand for this type of property in this locale. Though these transactions demonstrate a wide range in selling price per acre of land area, they bracket the subject's features and help narrow the value range.

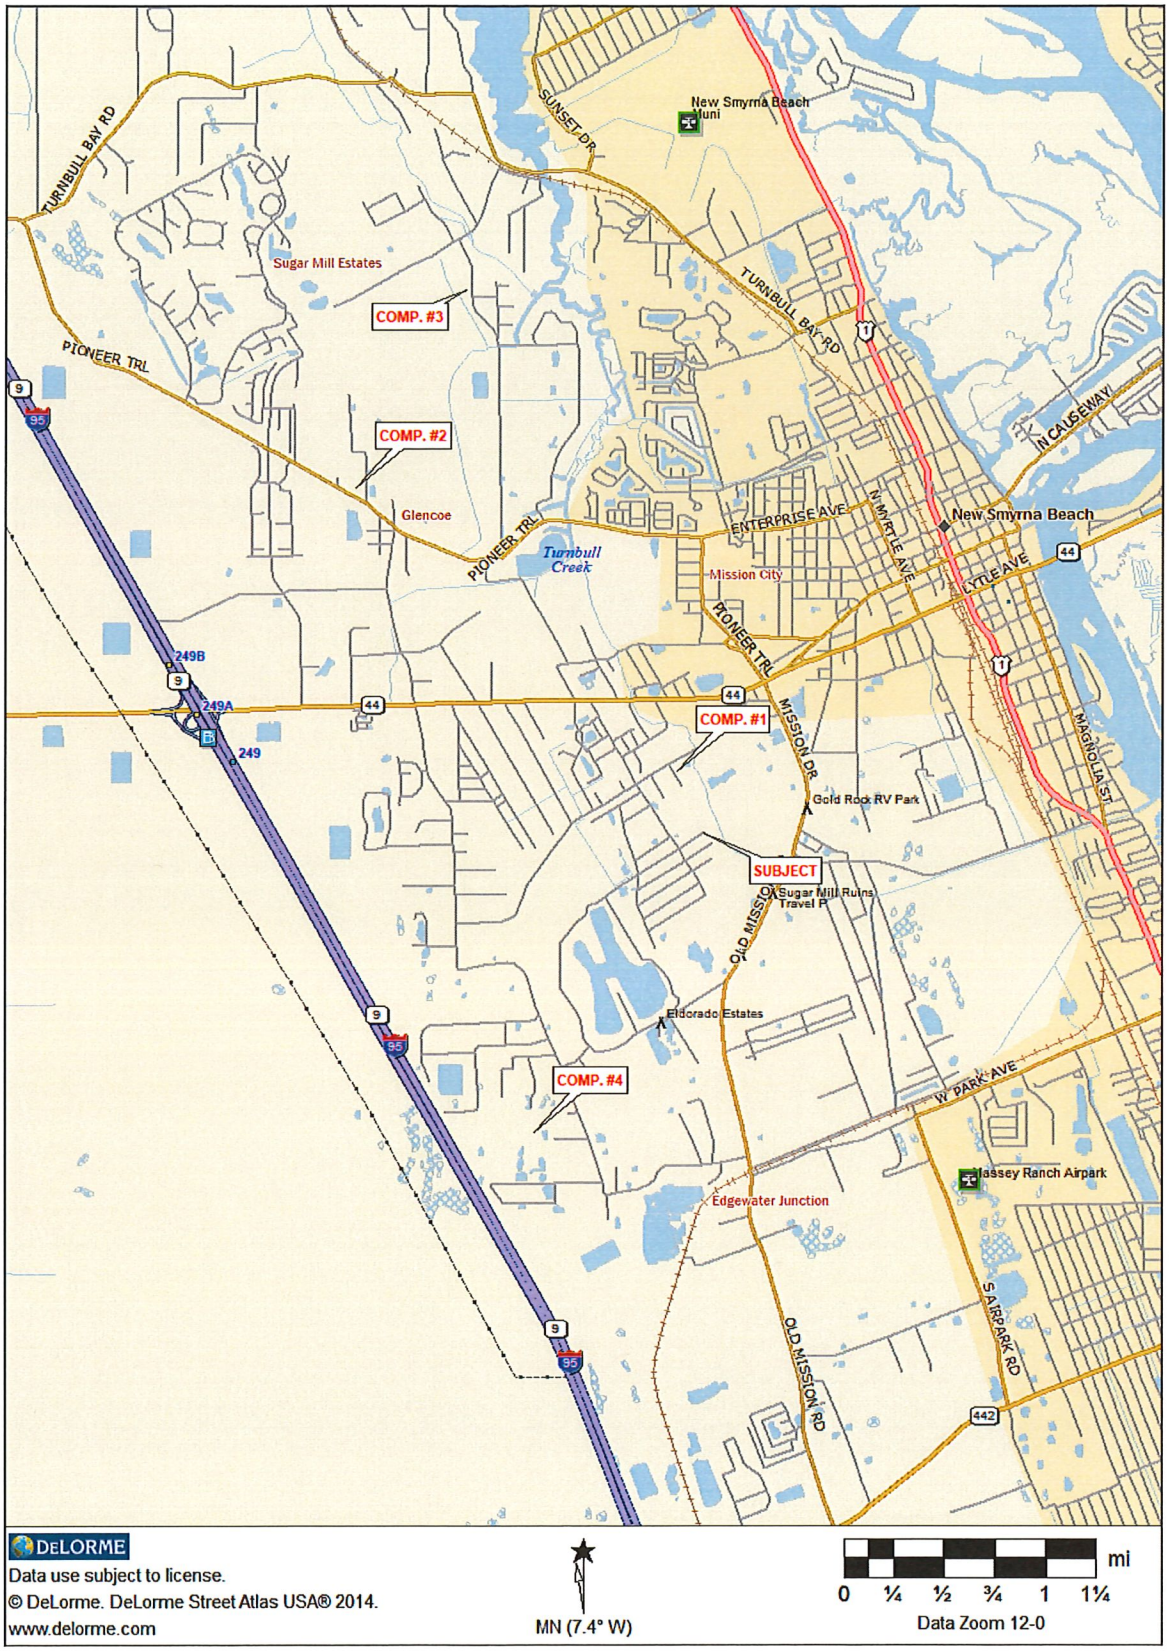

A grid sheet analysis depicting adjustments to each comparable for its differences with the subject is presented on the following page followed by a location map and final analysis.

ANALYSIS OF THE COMPARABLE LAND SALES/LISTINGS

Percentage adjustments to the comparable sales have been made to reflect the differing characteristics. These adjustments are not supported by an exact quantitative analysis, but were based on what we believe would be the market's perception of the inferior, or superior qualities of the comparables as they relate to the subject. After listing and analyzing the comparable sales/listings the appraisers logically interpolated these transactions into a value estimate for the subject based upon the pertinent factors highlighted in the ensuing discussion.

The comparables represent recent land sales that are all zoned for single family residential use and are located in New Smyrna Beach. The sales ranged in size from 1.09 acres up to 3.10 acres. The subject contains a total of 2.75 acres.

Comparable No. 1 sold in May, 2024 for $240,000 or $96,000 per acre. This is a 2.50 acre tract of land located on Trophy Hunter Trail just north of the subject. We adjusted this comparable downward for its superior ingress/egress, topography, and availability of utilities.

Comparable No. 2 sold in February, 2024 for $150,000 or $137,741 per acre. This is a 1.089 acre tract of land located on Pioneer Trail just west of Glencoe Road. We adjusted this comparable downward for its superior ingress/egress, smaller site size, topography, availability of utilities, and a superior flood zone rating.

Comparable No. 3 sold in August, 2024 for $299,999 or $96,277 per acre. This is a 3.116 acre tract of land located on Williams Road just south of Mooneyham Drive. We adjusted this comparable downward for its superior ingress/egress, topography, and availability of utilities.

Comparable No. 4 sold in August, 2024 for $226,800 or $90,720 per acre. This is a 2.50 acre tract of land located on Glenhaven Street just west of South Glencoe Road. We adjusted this comparable downward for its superior ingress/egress, topography, and availability of utilities.

The four comparables indicated a range in selling price from $90,720 to $137,741 per acre. After adjustments, the comparables provided a range of value from $41,322 to $62,400 per acre. The adjusted mean value was $53,980 per acre.

The four comparables have been considered equally, more or less, in this analysis. Based on the above information, we consider an estimate of $54,000 per acre of land area to be reasonable and appropriate. Calculations are provided below.

2.75± Acres @ $54,000 Per Acre = $148,500

R/T = $149,000

FINAL OPINION OF VALUE

As discussed in the Appraisal Process, only the Direct Sales Comparison Approach was processed; therefore, the final reconciliation is limited to this approach. There were an adequate number of comparable sales that indicated a reasonable final estimate of Market Value by judging the quantity and quality of the data.

Thus, after considering all of the above information, it is our opinion the estimated Market Value of the subject site **"As Is"**, as of December 30, 2024, was:

NATIONAL WETLAND INVENTORY MAP CLASSIFICATION - SUBJECT PROPERTY

Classification Code: PSS3AD

System Palustrine (P) : The Palustrine System includes all nontidal wetlands dominated by trees, shrubs, persistent emergents, emergent mosses or lichens, and all such wetlands that occur in tidal areas where salinity due to ocean-derived salts is below 0.5 ppt. It also includes wetlands lacking such vegetation, but with all of the following four characteristics: (1) area less than 8 ha (20 acres); (2) active wave-formed or bedrock shoreline features lacking; (3) water depth in the deepest part of basin less than 2.5 m (8.2 ft) at low water; and (4) salinity due to ocean-derived salts less than 0.5 ppt.

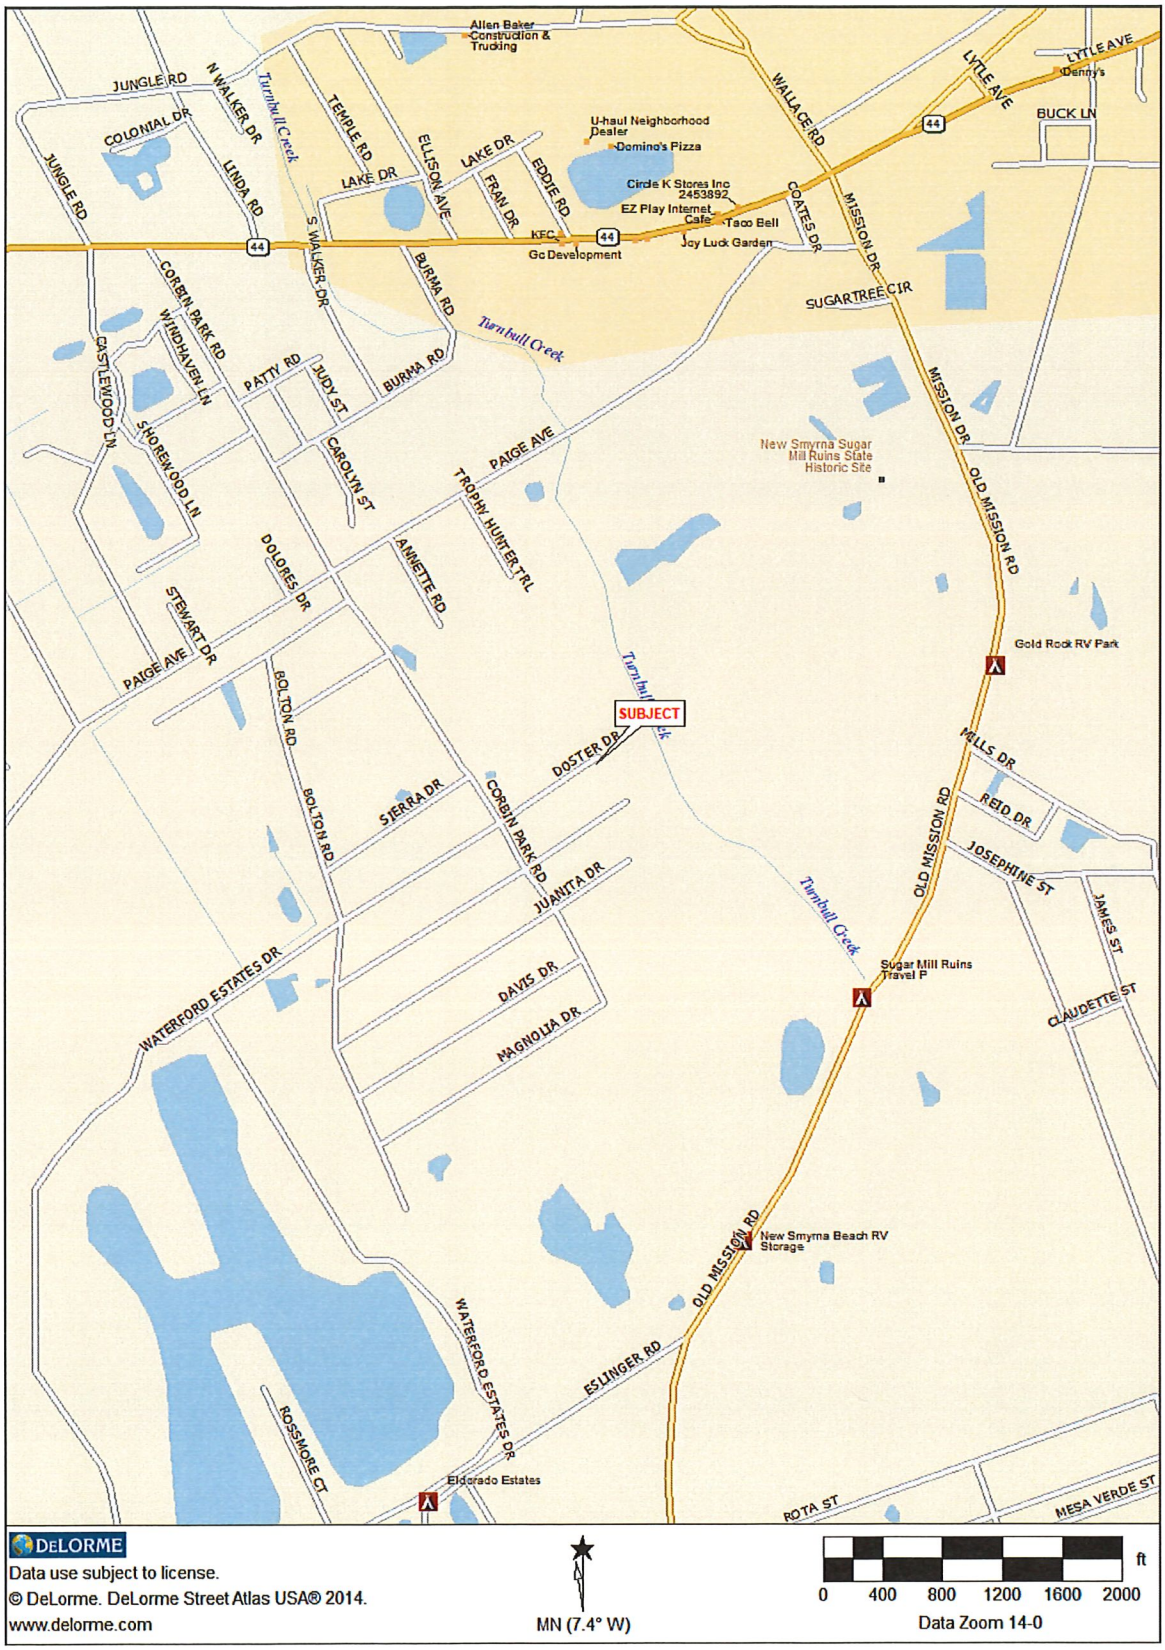

Class Scrub-Shrub (SS) : Includes areas dominated by woody vegetation less than 6 m (20 feet) tall. The species include true shrubs, young trees (saplings), and trees or shrubs that are small or stunted because of environmental conditions.

Subclass Broad-Leaved Evergreen (3) : Woody angiosperms (trees or shrubs) with relatively wide, flat leaves that generally remain green and are usually persistent for a year or more; e.g. red mangrove (Rhizophora mangle).

Water Regime Temporary Flooded (A) : Surface water is present for brief periods (from a few days to a few weeks) during the growing season, but the water table usually lies well below the ground surface for the most of the season.

Special Modifier Partially Drained/Ditched (d) : A partly drained wetland has been altered hydrologically, but soil moisture is still sufficient to support hydrophytes. Drained areas that can no longer support hydrophytes are not considered wetland. This Modifier is also used to identify wetlands containing, or connected to, ditches. The Partly Drained/Ditched Modifier can be applied even if the ditches are too small to delineate. The Excavated Modifier should be used to identify ditches that are large enough to delineate as separate features; however, the Partly Drained/Ditched Modifier also should be applied to the wetland area affected by the ditching.

ORDINANCE NO. 08-25: CONDUCT THE SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD ANNEX APPROXIMATELY 0.47 ACRES OF LAND LOCATED AT 707 CORBIN PARK ROAD.

March 11, 2025

Background:

Applicant and Property Owners: Clifford K. and Suzette M. Gagnon, 707 Corbin Park Road, New Smyrna Beach, Florida 32168

Request: Voluntary annexation:

- **From:** Un-incorporated Volusia County.
- **To:** City of New Smyrna Beach.

Site Information:

- **Size:** 0.47 ± acres
- **Location:** Southeast corner of Paige Avenue and Corbin Park Road.

Tax I.D. Number: 7344-01-00-0010

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property on Corbin Park Road is developed with a single-family house and accessory structures. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**. Existing land uses are shown on the map attached as **Exhibit C**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use categories and zoning designations that would be as similar as possible to existing County categories and designations. The existing County FLU category is Urban Low Intensity. The existing County zoning designation is R-4, Urban Single Family Residential. The proposed City FLU category is Low Density Residential. The proposed City zoning designation is R-2, Single Family Residential.

This annexation request is within the City's annexation area and within the New Smyrna Beach Utility's water and sewer service area **(Exhibit D).** The parcel on Corbin Park Road has an 8-inch PVC water line in the Corbin Park Road right-of-way and a 12-inch PVC water line in the Paige Avenue right-of-way. There is a 4-inch dedicated PVC sewer force main, and an 8-inch dedicated sewer force main in the Paige Avenue right-of-way and a 4-inch dedicated sewer force main in the Corbin Park Road right-of-way, but local sewer and reclaim services are not available. A map of the soil limitations for septic systems is attached as **Exhibit E**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on Corbin Park Road is developed with a single-family house and accessory structures with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

A map showing the subject properties incorporated into Commission Zone 1 is attached as **Exhibit F**. The ISBA map is attached as **Exhibit G**. The legal description and Warranty Deed are attached as **Exhibits H** and **I**.

Recommendations:

At its regular scheduled meeting on February 3,2025 the Planning and Zoning Board voted, 6-0, to give a positive recommendation to the City Commission to **approve** the annexation request.

The Planning Department recommends the City Commission to **approve** the requested annexation request.

ORDINANCE NO. 09-25: CONDUCT THE SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD APPROVE A SMALL-SCALE *COMPREHENSIVE PLAN* AMENDMENT CHANGING THE FUTURE LAND USE CATEGORY TO LOW DENSITY RESIDENTIAL FOR PROPERTY LOCATED AT 707 CORBIN PARK ROAD AS PART OF AN OVERALL ANNEXATION APPLICATION.

March 11, 2025

Background:

Applicant and Property Owners: Clifford K. and Suzette M. Gagnon, 707 Corbin Park Road, New Smyrna Beach, Florida 32168

Request: Small-Scale *Comprehensive Plan* amendment:

- **From:** Volusia County Future Land Use (FLU) category of Urban Low Intensity.
- **To:** City FLU category of Low Density Residential.

Site Information:

- **Size:** 0.47 ± acres
- **Location:** Southeast corner of Paige Avenue and Corbin Park Road.

Tax I.D. Number: 7344-01-00-0010

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property on Corbin Park Road is developed with a single-family house and accessory structures. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**.

The existing Volusia County Future Land Use (FLU) category of the subject property is shown on the following map as **Exhibit C**. The text description of the existing Future Land Use category for the subject property is attached as **Exhibit D**. Existing land uses are shown on the map attached as **Exhibit E.**

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use categories and zoning designations that would be as similar as possible to existing County categories and designations. As discussed above, the existing County FLU category is Urban Low Intensity. The existing County zoning designation is R-4, Urban Single Family Residential. The proposed City FLU category is Low Density Residential. The proposed City zoning designation is R-2, Single Family Residential. A text description of the proposed City Low Density Residential Future Land Use category is attached as **Exhibit F,** with a map of this proposed change also attached as **Exhibit G**.

This annexation request is within the City's annexation area and within the New Smyrna Beach Utility's water and sewer service area **(Exhibit H).** The parcel on Corbin Park Road has an 8-inch PVC water line in the Corbin Park Road right-of-way and a 12-inch PVC water line in the Paige Avenue right-of-way. There is a 4-inch dedicated PVC sewer force main, and an 8-inch dedicated sewer force main in the Paige Avenue right-of-way and a 4-inch dedicated sewer force main in the Corbin Park Road right-of-way, but local sewer and reclaim services are not available.

A map of the soil limitations for septic systems is attached as **Exhibit I**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation,

potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on Corbin Park Road is developed with a single-family house and accessory structures with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

There are numerous *Comprehensive Plan* maps that must be amended to incorporate the subject property into the *Comprehensive Plan* (see **Exhibits J through V)**. A map showing the subject properties incorporated into Commission Zone 1 is attached as **Exhibit W**. The ISBA map is attached as **Exhibit X**. The legal description and Warranty Deed are attached as **Exhibits Y** and **Z**.

Recommendations:

At its regular scheduled meeting on February 3, 2025, the Planning and Zoning Board voted, 6-0, to give a positive recommendation to the City Commission to **approve** the requested Small-Scale *Comprehensive Plan* amendment changing the Future Land Use category to City Low Density Residential as part of an overall annexation application.

The Planning Department recommends the City Commission to **approve** the requested Small-Scale *Comprehensive Plan* amendment changing the Future Land Use category to City Low Density Residential as part of an overall annexation application.

EXISTING FUTURE LAND USE DESIGNATIONS

A-13-24

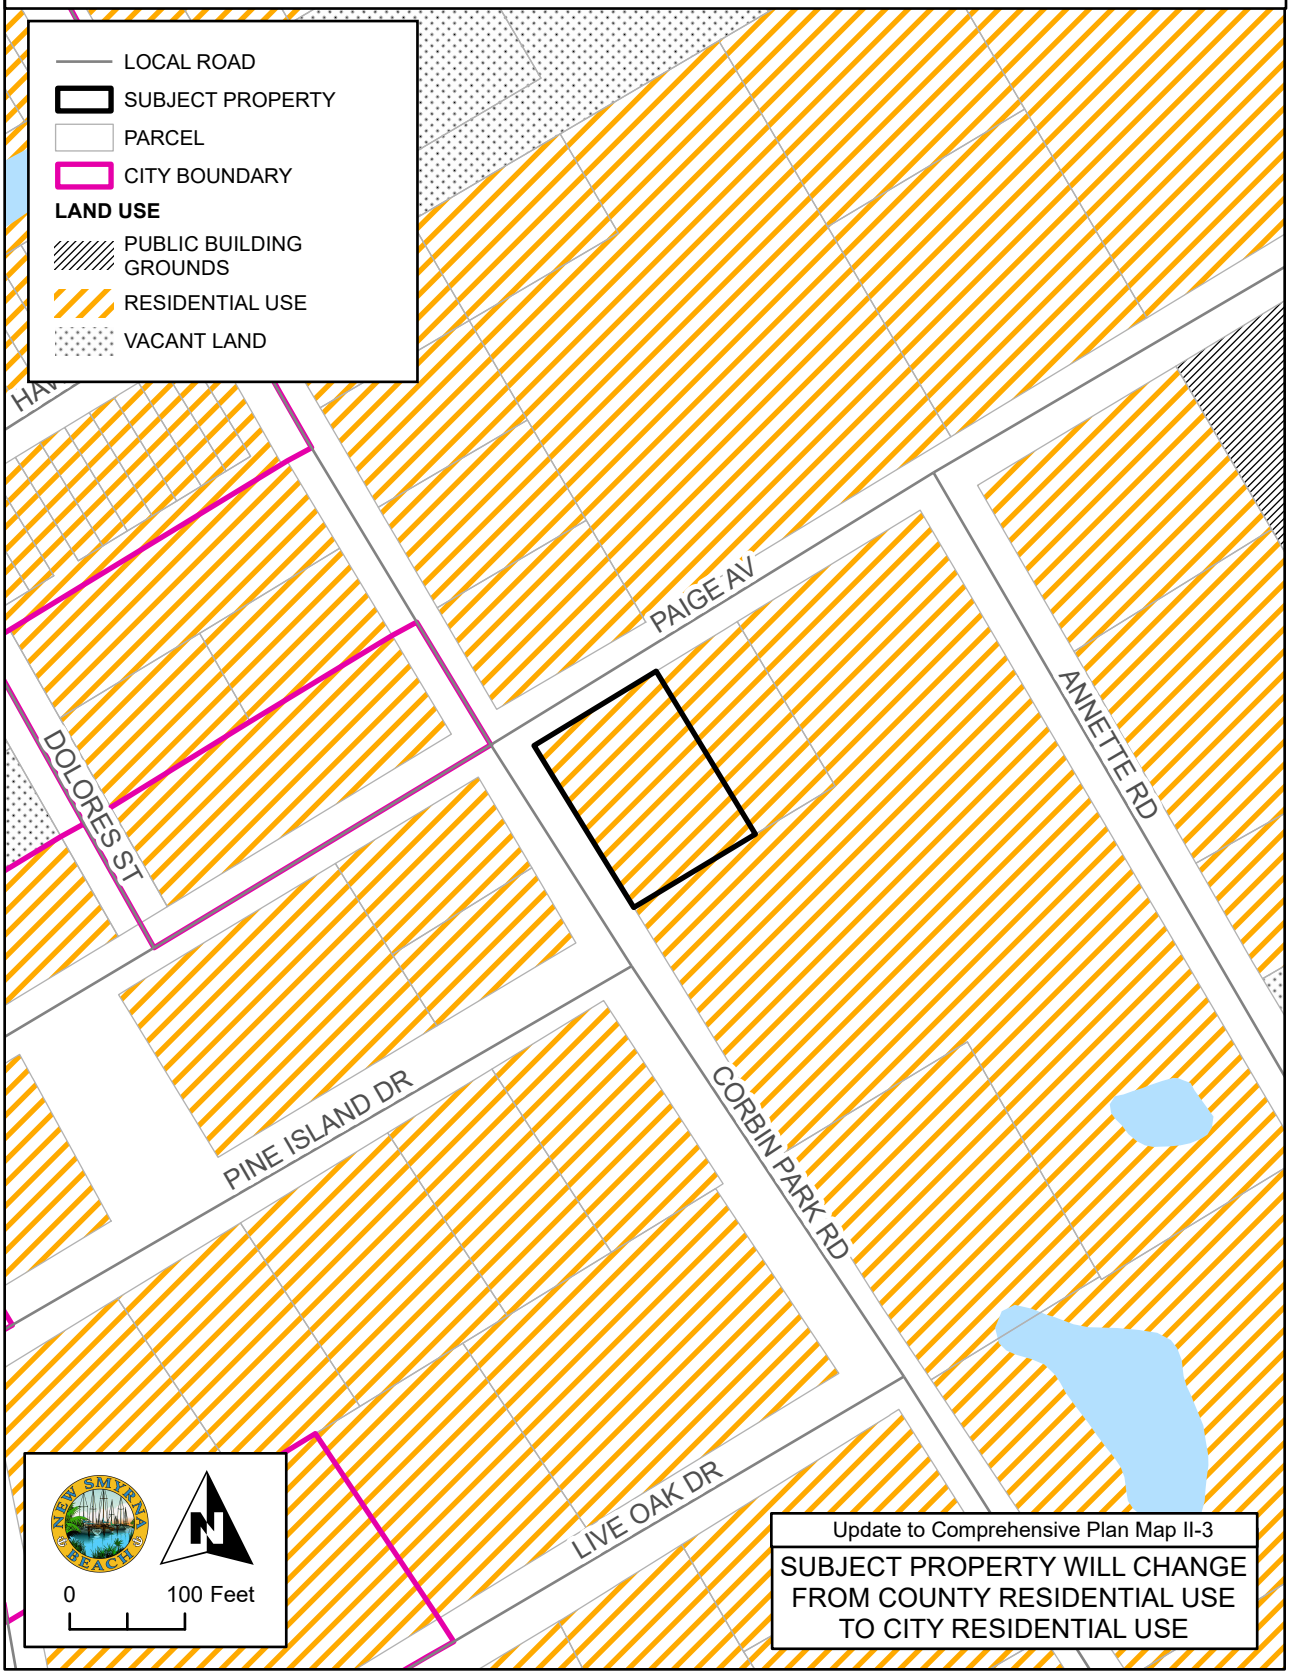

Urban Low Intensity (ULI) – Areas for low density residential dwelling units with a range of two-tenths (0.2) to four (4) dwelling units per acre. In reviewing rezoning requests, the specific density will depend on locational factors, particularly compatibility with adjacent uses and availability of public facilities. This residential designation is generally characterized by single family type housing, e.g., single family detached and attached, cluster and zero lot line. This designation will allow existing agricultural zoning and uses to continue.

The ULI designation is primarily a residential designation but may also allow neighborhood convenience uses (see Shopping Center definition in Chapter 20) and individual office buildings as transitional uses that meet the Comprehensive Plan's location criteria. The commercial intensity shall be limited to no more than a fifty percent Floor Area Ratio (0.50 FAR) and in a manner to be compatible with the allowable residential density. In order to be considered compatible, the commercial development should be oriented to serve adjacent neighborhoods, reflect comparable traffic generation, similar traffic patterns, building scale, landscaping and open space and buffers. Due to the nature of some of the commercial uses, additional landscaping and visual screening shall be provided through the BPUD process when adjacent to low density residential in order to preserve the character of the neighborhood. More intensive neighborhood commercial use shall be reserved to areas designated for Commercial.

All requests for nonresidential uses within one-quarter (¼) mile of another jurisdiction shall require notification to that jurisdiction.

EXISTING LAND USE DESIGNATIONS

A-13-24

FUTURE LAND USE

LOW-DENSITY RESIDENTIAL

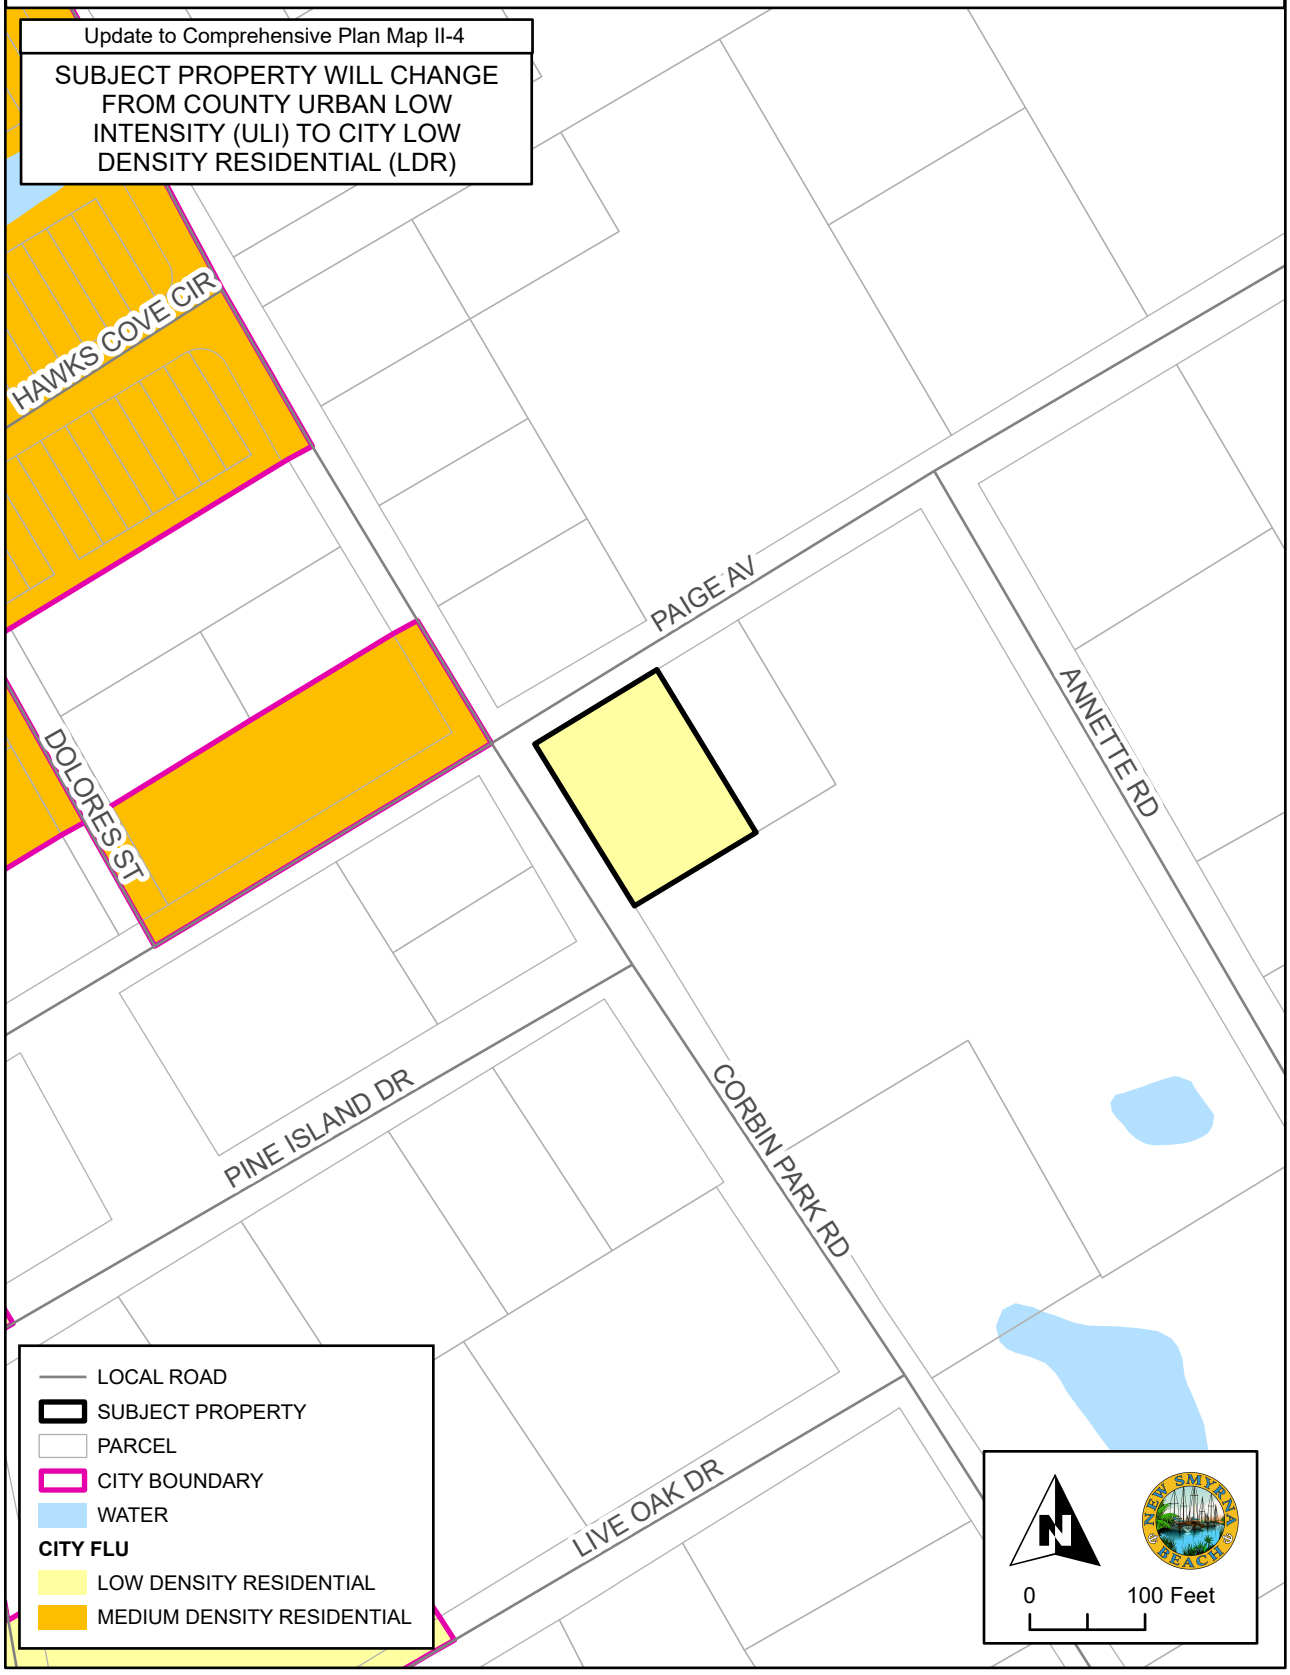

Maximum allowed density: Up to five [5] dwelling units per acre

Non-residential development permitted by special exception shall be at a maximum Floor Area Ratio (FAR) of 0.5.

Intent:
This use is appropriate where a more suburban development pattern exists or is desired and where urban services are to be kept to a minimum.

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 10-25: CONDUCT THE SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD REZONE APPROXIMATELY 0.47 ACRES OF LAND FROM VOLUSIA COUNTY R-4, URBAN SINGLE-FAMILY RESIDENTIAL TO CITY R-2, SINGLE-FAMILY RESIDENTIAL FOR PROPERTY LOCATED AT 707 CORBIN PARK ROAD AS PART OF AN OVERALL ANNEXATION APPLICATION.

March 11, 2025

Background:

Applicant and Property Owners: Clifford K. and Suzette M. Gagnon, 707 Corbin Park Road, New Smyrna Beach, Florida 32168

Request: Rezoning:

- **From:** Volusia County zoning designation of R-4, Urban Single Family Residential with an "A" attached for Airport Height Notification Zone.
- **To:** City zoning designation of R-2, Single Family Residential with an "A" attached for Airport Height Notification Zone.

Site Information:

- **Size:** 0.47 ± acres
- **Location:** Southeast corner of Paige Avenue and Corbin Park Road.

Tax I.D. Number: 7344-01-00-0010

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property on Corbin Park Road is developed with a single-family house and accessory structures. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**.

The existing Volusia County zoning designation of the subject property is shown on the following map as **Exhibit C**. The associated current zoning text description for the subject property is attached as **Exhibit D**. Existing land uses are shown on the map attached as **Exhibit E.**

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use categories and zoning designations that would be as similar as possible to existing County categories and designations. As discussed above, the existing County zoning designation is R-4, Urban Single Family Residential. The proposed City zoning designation is R-2, Single Family Residential. A text description of the proposed City R-2, Single Family Residential zoning, and a map of the proposed changes are attached as **Exhibits F** and **G**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property on Corbin Park Road is developed with a single-family house and accessory structures with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

The ISBA map is attached as **Exhibit H**. The legal description and Warranty Deed are attached as **Exhibits I** and **J**.

Recommendations:

At its regular scheduled meeting on February 3, 2025 the Planning and Zoning Board voted, 6-0, to give the City Commission a positive recommendation to approve the rezoning request from Volusia County zoning designation of R-4, Urban Single-family Residential to City zoning designation of R-2, Single-Family Residential with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

The Planning Department recommends the City Commission to **approve** the requested rezoning from County R-4, Urban Single-Family Residential designation to City R-2, Single-Family Residential designation with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

ORDINANCE NO. 11-25: CONDUCT THE SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD ANNEX APPROXIMATELY 0.41 ± ACRES OF PROPERTY LOCATED AT 731 OLD MISSION ROAD.

March 11, 2025

Background:

Applicant: Travous Dever, 731 Old Mission Road, New Smyrna Beach, Florida 32168

Property Owners: Travous Dever Revocable Trust, 731 Old Mission Road, New Smyrna Beach, Florida 32168

Request: Voluntary annexation:

- **From:** Un-Incorporated Volusia County.
- **To:** City of New Smyrna Beach.

Site Information:

- **Size:** 0.41 ± acres
- **Location:** East side of Old Mission Road, between Mission Drive and Mills Drive.

Tax I.D. Number: 7419-23-00-0731

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City of New Smyrna Beach, was also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property at 731 Old Mission Road is developed with a single-family house and accessory structures. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**. Existing land uses are shown on the map attached as **Exhibit C**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use categories and zoning designations that would be as similar as possible to existing County categories and designations. The existing County FLU category is Urban Low Intensity. The existing County zoning designation is R-3, Urban Single Family Residential. The proposed City FLU category is Low Density Residential. The proposed City zoning designation is R-3CO, Urban Single Family Residential.

This annexation request is within the City's annexation area and within the New Smyrna Beach Utility's water and sewer service area **(Exhibit D).** The parcel on Old Mission Road has an 8-inch PVC water line in the Old Mission Road right-of-way but sewer and reclaimed services are not available. A map of the soil limitations for septic systems is attached as **Exhibit E**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property at 731 Old Mission Road is developed with a single-family house and accessory structures with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

A map showing the subject properties incorporated into Commission Zone 1 is attached as **Exhibit F**. The ISBA map is attached as **Exhibit G**. The legal description and Warranty Deed are attached as **Exhibits H** and **I**.

Recommendations:

At its regular scheduled meeting on February 3, 2025, the Planning and Zoning Board voted, 6-0, to give the City Commission a positive recommendation to **approve** the requested annexation request.

The Planning Department recommends the City Commission **approve** the requested annexation request.

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 12-25: CONDUCT THE SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD APPROVE A SMALL-SCALE *COMPREHENSIVE PLAN* AMENDMENT, CHANGING THE FUTURE LAND USE CATEGORY TO LOW DENSITY RESIDENTIAL FOR PROPERTY LOCATED AT 731 OLD MISSION ROAD AS PART OF AN OVERALL ANNEXATION APPLICATION.

March 11, 2025

Background:

Applicant: Travous Dever, 731 Old Mission Road, New Smyrna Beach, Florida 32168

Property Owners: Travous Dever Revocable Trust, 731 Old Mission Road, New Smyrna Beach, Florida 32168

Request: Small-Scale *Comprehensive Plan* amendment:

- **From:** Volusia County Future Land Use (FLU) designation of Urban Low Intensity.
- **To:** City FLU designation of Low Density Residential.

Site Information:

- **Size:** 0.41 ± acres
- **Location:** East side of Old Mission Road, between Mission Drive and Mills Drive.

Tax I.D. Number: 7419-23-00-0731

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal boundaries. The agreement, which is between the County of Volusia and the City, was also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property at 731 Old Mission Road is developed with a single-family house and accessory structures. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**.

The existing Volusia County Future Land Use (FLU) category of the subject property is shown on the following map as **Exhibit C**. The text description of the existing Future Land Use designation for the subject property is attached as **Exhibit D**. Existing land uses are shown on the map attached as **Exhibit E**.

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use categories and zoning designations that would be as similar as possible to existing County categories and designations. As discussed above, the existing County FLU designation is Urban Low Intensity. The existing County zoning designation is R-3, Urban Single Family Residential. The proposed City FLU designation is Low Density Residential. The proposed City zoning designation is R-3CO, Urban Single Family Residential. A text description of the proposed City Low Density Residential Future Land Use category is attached as **Exhibit F**, with a map of this proposed change also attached as **Exhibit G**.

This annexation request is within the City's annexation area and within the New Smyrna Beach Utility's water and sewer service area **(Exhibit H)**. The parcel at 731 Old Mission Road has an 8-inch PVC water line in the Old Mission Road right-of-way but sewer and reclaimed services are not available. A map of the soil limitations for septic systems is attached as **Exhibit I**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property at 731 Old Mission Road is developed with a single-family house and accessory structures with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this

case.

There are numerous *Comprehensive Plan* maps that must be amended to incorporate the subject property into the *Comprehensive Plan* (see **Exhibits J through V)**. A map showing the subject properties incorporated into Commission Zone 1 is attached as **Exhibit W**. The ISBA map is attached as **Exhibit X**. The legal description and Warranty Deed are attached as **Exhibits Y** and **Z**.

Recommendations:

At its regular scheduled meeting on February 3, 2025, the Planning and Zoning Board voted, 6-0, to give a positive recommendation to the City Commission to **approve** the proposed Small-Scale *Comprehensive Plan* amendment changing the Future Land Use category to City Low Density Residential on property located at 731 Old Mission Road as part of an overall annexation application.

The Planning Department recommends the City Commission to **approve** the requested Small-Scale *Comprehensive Plan* amendment changing the Future Land Use category to City Low Density Residential for property located at 731 Old Mission Road as part of an overall annexation application.

EXISTING FUTURE LAND USE DESIGNATIONS

A-1-25

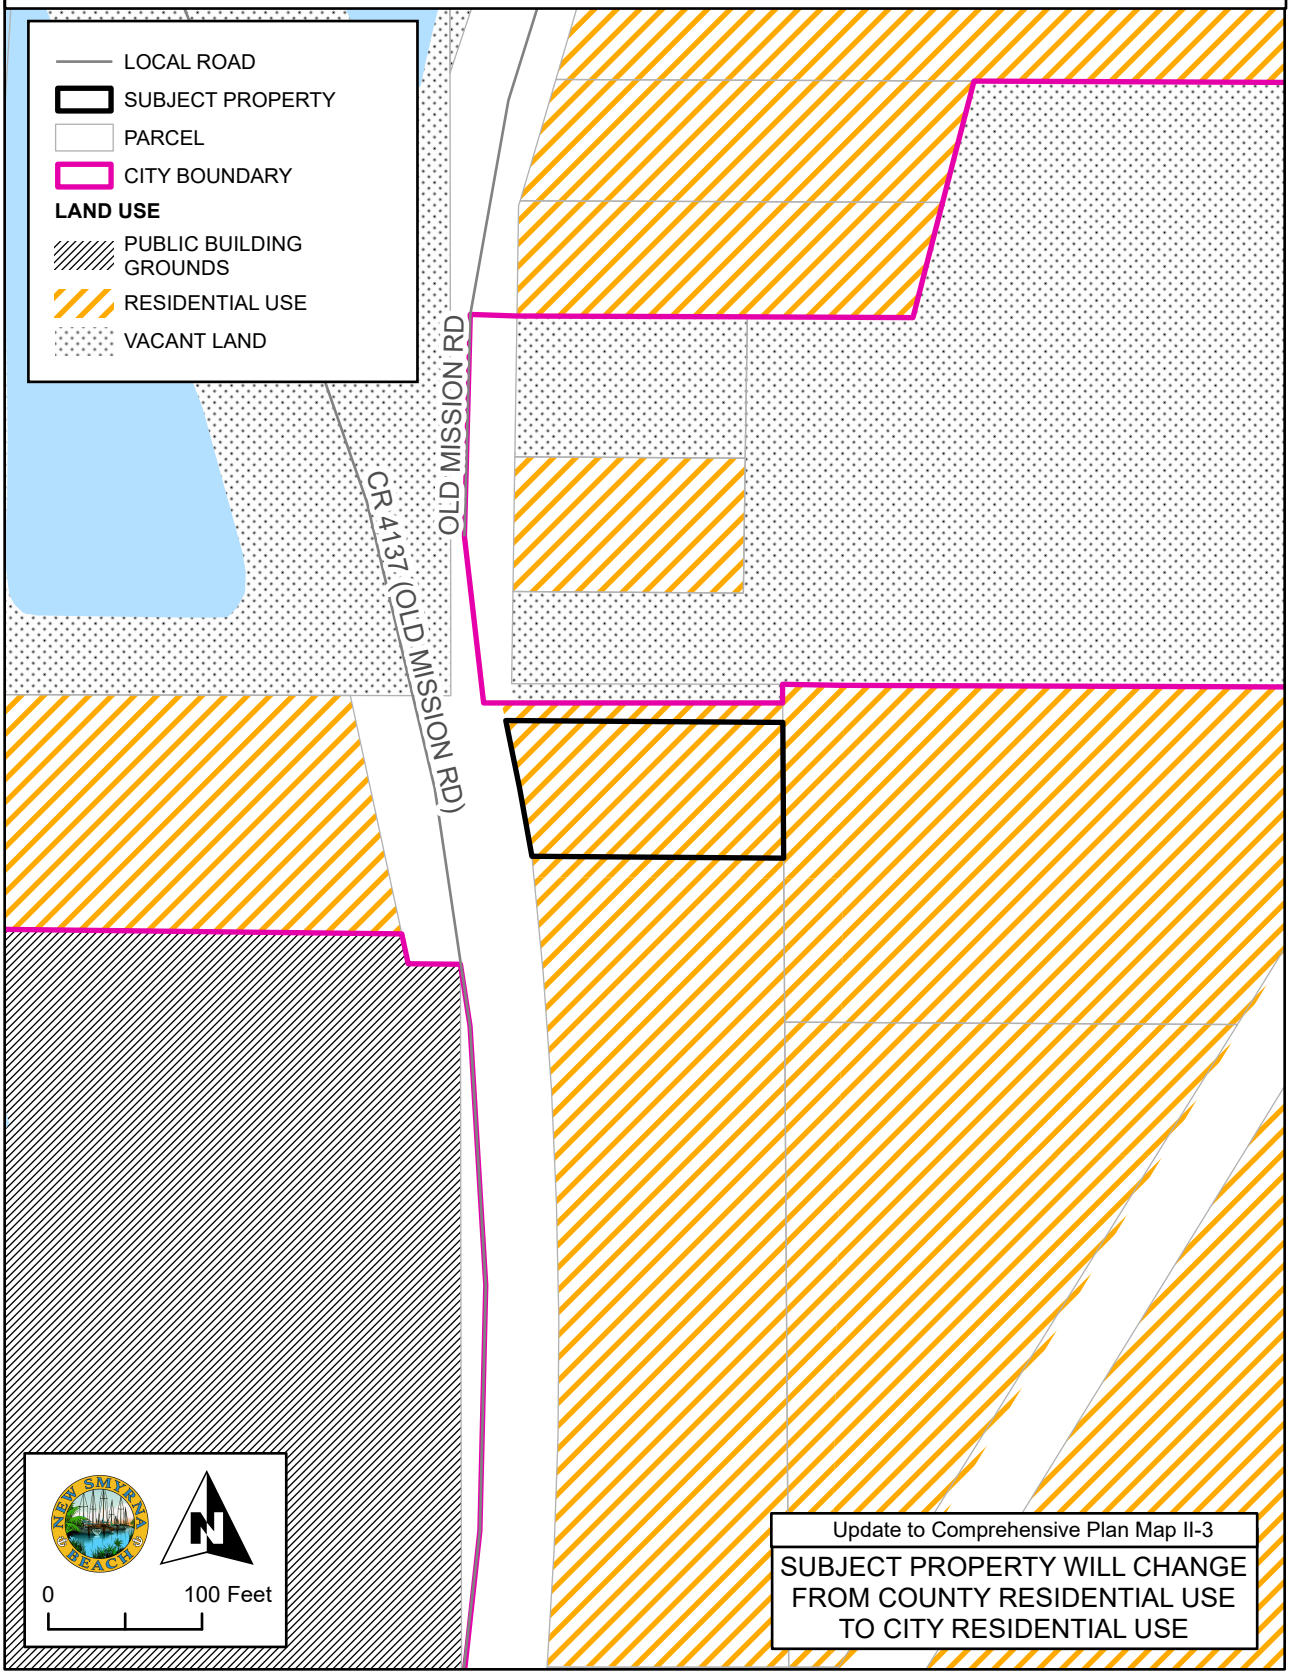

Urban Low Intensity (ULI) – Areas for low density residential dwelling units of up to four (4) dwelling units per acre. In reviewing rezoning requests, the specific density will depend on locational factors, particularly compatibility with adjacent uses and availability of public facilities. This residential designation is generally characterized by single family type housing, e.g., single family detached and attached, cluster and zero lot line. This designation will allow existing agricultural zoning and uses to continue.

The ULI designation is primarily a residential designation but may also allow neighborhood convenience uses (see Shopping Center definition in Chapter 20) and individual office buildings as transitional uses that meet the Comprehensive Plan's location criteria. The commercial intensity shall be limited to no more than a fifty percent Floor Area Ratio (0.50 FAR) and in a manner to be compatible with the allowable residential density. In order to be considered compatible, the commercial development should be oriented to serve adjacent neighborhoods, reflect comparable traffic generation, similar traffic patterns, building scale, landscaping and open space and buffers. Due to the nature of some of the commercial uses, additional landscaping and visual screening shall be provided through the BPUD process when adjacent to low density residential in order to preserve the character of the neighborhood. More intensive neighborhood commercial use shall be reserved to areas designated for Commercial.

All requests for nonresidential uses within one-quarter (¼) mile of another jurisdiction shall require notification to that jurisdiction.

EXISTING LAND USE DESIGNATIONS

A-1-25

FUTURE LAND USE

LOW-DENSITY RESIDENTIAL

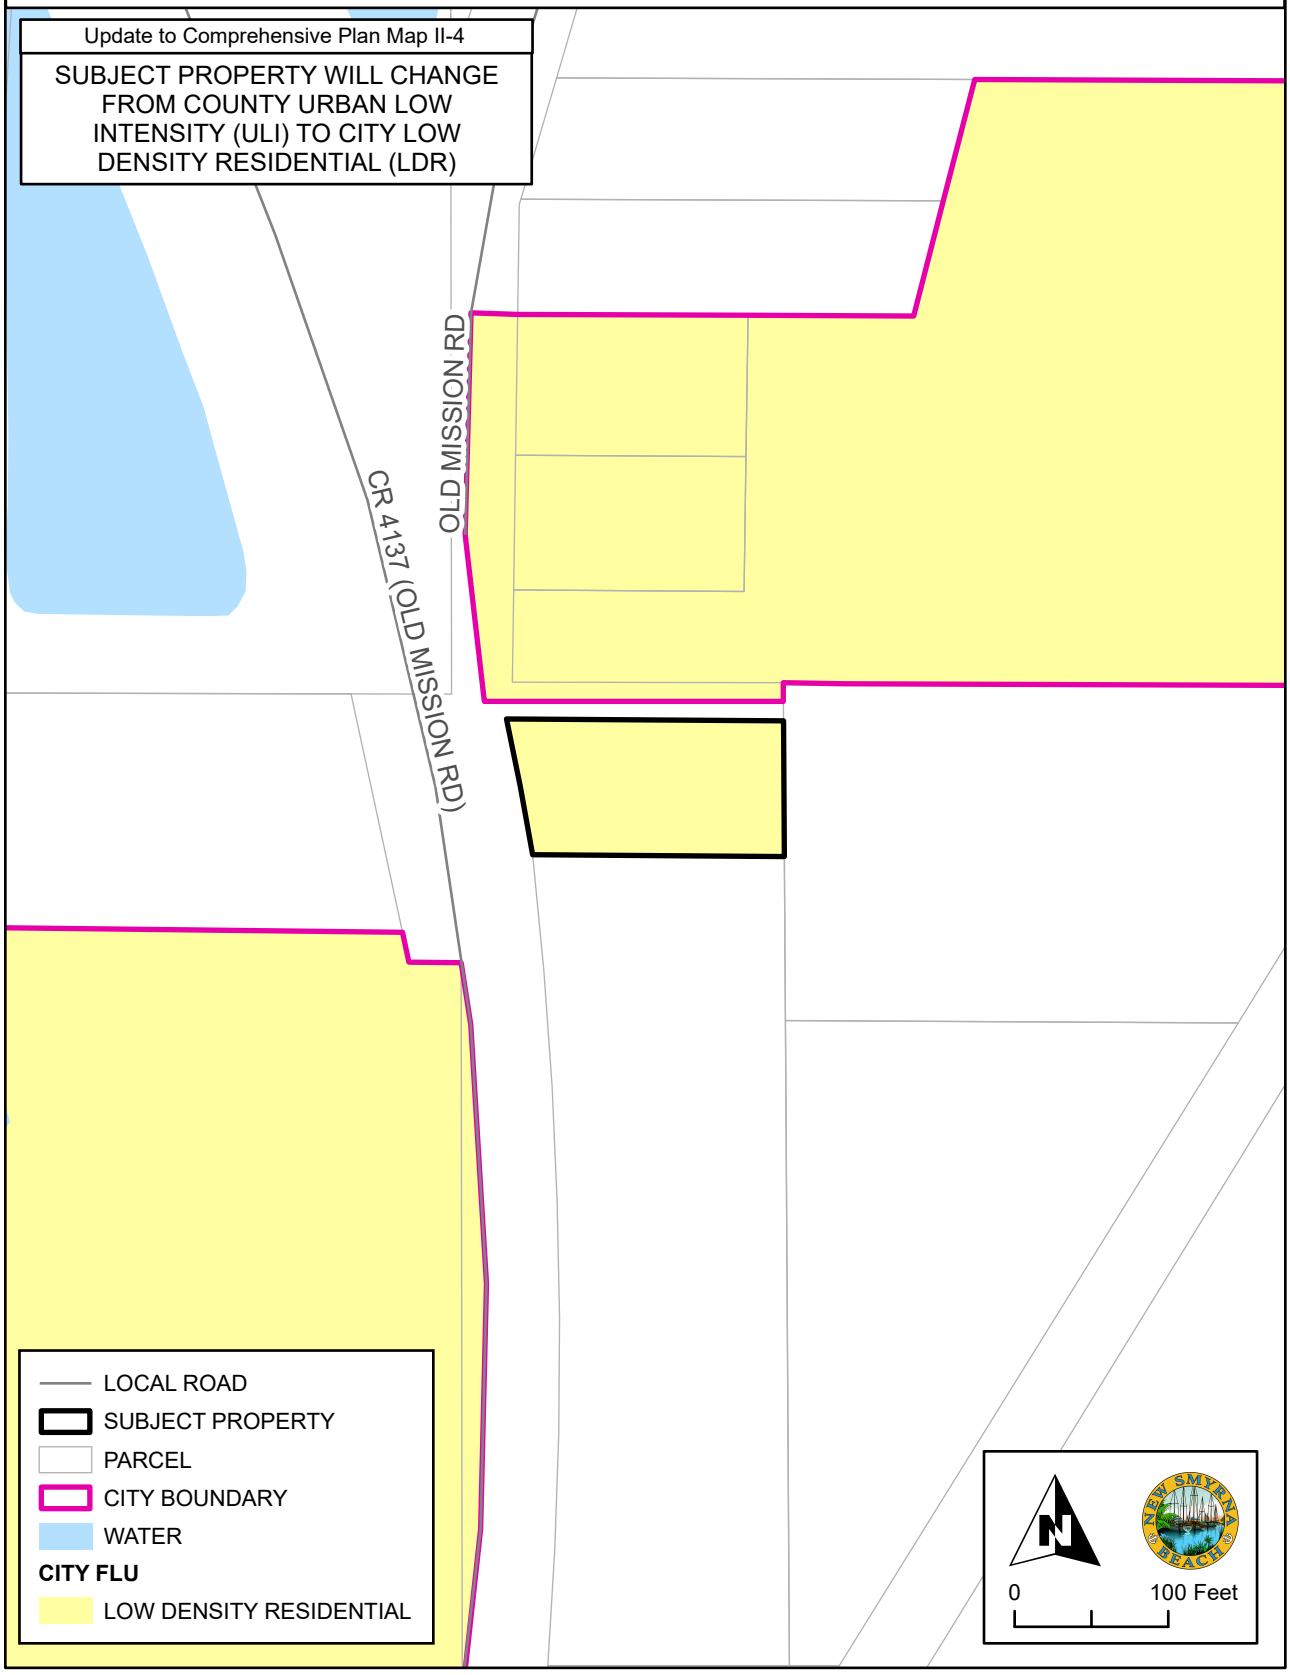

Maximum allowed density: Up to five [5] dwelling units per acre

Non-residential development permitted by special exception shall be at a maximum Floor Area Ratio (FAR) of 0.5.

Intent:
This use is appropriate where a more suburban development pattern exists or is desired and where urban services are to be kept to a minimum.

THE CITY OF NEW SMYRNA BEACH - PLANNING DEPARTMENT

ORDINANCE NO. 13-25: CONDUCT THE SECOND READING AND PUBLIC HEARING OF AN ORDINANCE, WHICH IF ADOPTED, WOULD REZONE APPROXIMATELY 0.41 ± ACRES OF LAND FROM VOLUSIA COUNTY ZONING OF R-3, URBAN SINGLE-FAMILY RESIDENTIAL TO A CITY ZONING DESIGNATION OF R-3CO, URBAN SINGLE-FAMILY RESIDENTIAL FOR PROPERTY LOCATED AT 731 OLD MISSION ROAD AS PART OF AN OVERALL ANNEXATION APPLICATION.

March 11, 2025

Background:

Applicant: Travous Dever, 731 Old Mission Road, New Smyrna Beach, Florida 32168

Property Owners: Travous Dever Revocable Trust, 731 Old Mission Road, New Smyrna Beach, Florida 32168

Request: Rezoning:

- **From:** Volusia County zoning designation of R-3, Urban Single Family Residential with an "A" attached for Airport Height Notification Zone.
- **To:** City zoning designation of R-3CO, Urban Single Family Residential with an "A" attached for Airport Height Notification Zone.

Site Information:

- **Size:** 0.41 ± acres
- **Location:** East side of Old Mission Road, between Mission Drive and Mills Drive.

Tax I.D. Number: 7419-23-00-0731

Findings:

On April 23, 2013, the City Commission adopted an Interlocal Service Boundary Agreement (ISBA). The ISBA, which is permitted under Chapter 171, Part II, Florida Statutes, allows the City of New Smyrna Beach to annex any parcels that are within the designated annexation area, even if they are not contiguous to the current municipal

boundaries. The agreement, which is between the County of Volusia and the City, was also approved by the County on May 2, 2013. A new agreement was approved on May 2, 2022.

The subject property is within the annexation area designated in the ISBA. The subject property at 731 Old Mission Road is developed with a single-family house and accessory structures. A location map is attached as **Exhibit A** and an aerial map is attached as **Exhibit B**. Existing land uses are shown on the map attached as **Exhibit C.**

The established City Commission policy is that when properties are annexed into the City, the City will assign future land use categories and zoning designations that would be as similar as possible to existing County categories and designations. The existing County FLU category is Urban Low Intensity. The existing County zoning designation is R-3, Urban Single Family Residential. The proposed City FLU category is Low Density Residential. The proposed City zoning designation is R-3CO, Urban Single Family Residential. A text description of the existing Volusia County zoning designation of R-3, Urban Single-Family Residential and a map of the existing zoning is attached as **Exhibits D** and **E**. A text description of the proposed City R-3CO, Urban Single Family Residential zoning, and a map of the proposed changes are similarly attached as **Exhibits F** and **G**.

The *Land Development Regulations* requires any proposed development to conform to the Concurrency Management System. That system includes traffic, parks and recreation, potable water, wastewater treatment, solid waste collection, storm-water management, and public-school facilities. The subject property at 731 Old Mission Road is developed with a single-family house and accessory structures with no increased density proposed for this property. Therefore, staff did not prepare a concurrency analysis table for this case.

The ISBA map is attached as **Exhibit H**. The legal description and Warranty Deed are attached as **Exhibits I** and **J**.

Recommendations:

At its regular scheduled meeting on February 3, 2025, the planning and Zoning Board voted, 6-0, to give the City Commission a positive recommendation to **approve** the rezoning to R-3CO, Urban Single-Family Residential for property located at 731 Old Mission Road with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

The Planning Department recommends the City Commission to **approve** the requested rezoning to City R-3CO, Urban Single Family Residential with an "A" attached for Airport Height Notification Zone as part of an overall annexation application.

THE CITY OF NEW SMYRNA BEACH - MAINTENANCE OPERATIONS

ORDINANCE NO. 14-25: CONDUCT THE FIRST READING OF AN ORDINANCE, WHICH IF ADOPTED UPON THE SECOND READING AND PUBLIC HEARING, WOULD GRANT A NON-EXCLUSIVE FRANCHISE AGREEMENT TO SJP ENTERPRISES LLC., DBA PRINCE CONTAINERS.

March 11, 2025

Background:

Section 66-111, Franchise Requirement, of the City's Code of Ordinances provides that: "No person shall provide construction and demolition debris-removal services, as defined by F.S. 403.703(6), in the City without being awarded a non-exclusive franchise agreement with the City if they wish to continue to provide construction & demolition (C & D) debris removal services within our City limits." Attached is SJP Enterprise's Non-Exclusive Franchise Ordinance application form and applicable attachments. SJP Enterprises LLC DBA Prince Containers meets all the requirements and staff is proposing that such a franchise agreement be issued to SJP Enterprises LLC DBA Prince Containers.

Fiscal Analysis:

This is a revenue generating item as the franchise agreement requires the hauler to pay the City $20.00 per roll off container haul to the County's landfill. No business impact statement is required under SB 170 because this ordinance relates to procurement of collection and disposal of construction and demolition debris services.

WHEREAS, there is an immediate and continuing need for the collection and disposal of construction and demolition debris from organizations, firms or entities (Service) within the City of New Smyrna Beach (City) with the use of "roll-off" containers; and

WHEREAS, SJP Enterprises LLC, D/B/A Prince Containers, a Florida Limited Liability Company (Franchisee), represents that it has the necessary equipment, personnel and experience to properly perform the Service; and

WHEREAS, the City Commission deems that it is in the best interest of the citizens of New Smyrna Beach to award SJP Enterprises LLC, D/B/A Prince Containers, a nonexclusive right and franchise to provide the service within the City limits upon the terms and conditions recited below.

NOW, THEREFORE, BE IT ENACTED BY THE CITY COMMISSION OF THE CITY OF NEW SMYRNA BEACH:

SECTION 1: ***Award of Non-Exclusive Franchise.*** The City of New Smyrna Beach hereby awards SJP Enterprises LLC, D/B/A Prince Containers a nonexclusive right and franchise to provide roll-off service within the City limits upon the terms and conditions recited below. ***This Franchise shall not become effective until this ordinance and franchise agreement is accepted in writing by, SJP Enterprises LLC, D/B/A Prince Containers.***

SECTION 2: ***Definitions.***

A. *Construction and demolition debris* shall have the same definition and meaning as defined in §403.703, Florida Statute.

B. *Service* encompasses the use of "roll-on" and "roll-off" containers (Containers) as used with mechanical pickup or compaction devices, or both of these devices.

C. *Containers* means either open-top/scow-type used only for non-putrescible materials, or enclosed containers such as the kind typically used with compaction devices, of ten (10) cubic yards capacity or larger.

SECTION 3: ***Franchisee's Authority.***

A. Franchisee is hereby empowered and authorized to provide roll-off service. Franchisee will either furnish all necessary trucks and other equipment to perform such services or will contract with other persons or companies duly licensed or franchised by the City for the furnishing of trucks and equipment, provided, however, that at all times the trucks and equipment shall comply with the requirements provided herein for equipment owned and operated by Franchisee.

B. Franchisee may contract to provide the Service (Contract) with any person, organization, firm or entity (Entities) within the City, if such Entities have first requested the Service. Such contracts where containers are placed on public property must be approved by the Maintenance Operations Director or his designee prior to or within one (1) week (7 calendar days) of the placement of the Container for Service. For each Container placed on public property for service without a contract having been submitted to the Maintenance Operations Director by Franchisee, a thirty dollar ($30.00) inspection and administration late fee shall be paid by Franchisee to the City. The Contract shall not exceed the term of the Franchise.

Franchisee agrees to provide the Maintenance Operations Director with the location of its Containers and the name and address of and number of pickups to be made for each of the Entities. Franchisee also recognizes that any contract between Franchisee and the Entities has no effect whatsoever upon the City's decision to grant the Franchise, or any renewal decision made thereafter. If the Maintenance Operations Director disapproves a contract for containers placed on public property and the subject Container remains in service more than forty-eight (48) hours after telephone or written notice by the City to Franchisee to remove the Container, or if any Container should remain in service at any location more than forty-eight (48) hours after telephone or written notice from the City to Franchisee to remove the Container, then, in either or both cases, Franchisee shall pay the City fifty dollars ($50.00) per day until the Container is removed.

C. Franchisee shall provide the equipment and frequency of service as needed by the Entities and as approved by the Maintenance Operations Director.

D. All lease or purchase arrangements for compaction equipment and for maintenance or service charges for the Containers agreed upon between Franchisee and the Entities shall be set forth in the Contract between Franchisee and the Entities and approved by the Maintenance Operations Director pursuant to this section.

SECTION 4: ***Payments.***

A. Franchisee shall pay the City twenty dollars ($20.00) for each Container pickup. The charge shall be paid monthly and shall be based upon the number of Container pickups by Franchisee from the Entities during the preceding month.

B. Franchisee shall furnish the Maintenance Operations Director with an original and one (1) copy of an annual report on or before the forty-fifth (45th) day following Franchisee's fiscal year end. The report date shall be submitted to the Maintenance Operations Director on the date of Franchisee's acceptance of this Franchise, and the report shall be prepared in accordance with generally accepted auditing standards. The report shall reflect the accuracy of Franchisee's payments to the City as defined in this ordinance, and shall ensure and include, but not be limited to, the following:

(1) all City accounts are properly coded to reflect charges accrued to the City;
(2) the number of City-related Container pickups are correctly reported to the City;
(3) all City payments are correctly computed and remitted to the City on a timely basis, or the interest-payment provision of Subsection C, below, shall apply.

During the term of this Franchise and its renewal, Franchisee shall make its records available to the City at all reasonable times. Failure to furnish the City with the report shall be considered a material breach of this Franchise, and the City shall be entitled to terminate this Franchise and to collect any damages resulting therefrom.

C. Franchisee shall have the sole responsibility for the billing and collection of all charges described herein. Billings shall be monthly and payable on or before the fifteenth (15th) day of the succeeding month. In the event bills are not paid within this time, Franchisee shall have the right (provided that Franchisee may otherwise legally do so) to discontinue all Services for nonpayment.

All statements of fees and charges by Franchisee, and the remittance thereof, shall be submitted to the City Finance Director on or before the fifteenth (15th) day following Franchisee's fiscal month end. These statements shall specify the previous month's account activities as specified herein, and shall include account names, account numbers, the number of Container pickups during the month, and all discontinued accounts. Failure to submit any remittance specified or referred to in this section on or before the fifteenth (15th) day of each month as required shall result in a liability for interest at the rate of one percent (1%) per month. Failure to submit any statement shall be considered a breach of this Franchise and shall allow the City to terminate the Franchise as may be further provided in Section 10 below.

SECTION 5: ***Term.***

A. The term of this Franchise shall commence on the date of adoption of this ordinance and end three (3) years upon approval of both parties after adoption of this ordinance. An

acceptance of the provisions, conditions and stipulations of this Franchise shall: (1) be in writing; (2) contain Franchisee's local address; and (3) be filed with the City Clerk within fifteen (15) days of the adoption of this Franchise.

B. The term may be extended for an additional one (1) year, upon approval of both parties, by written notice not less than thirty (30) days prior to the expiration of the current term.

SECTION 6: ***Default.*** In the event Franchisee fails to provide adequate Services to the Entities by reason of any (1) unknown emergency, catastrophe, natural disaster, war, labor strike, act of God, or similar event; (2) breach of contract; or (3) negligent failure to adequately perform the duties and obligations of this ordinance (as determined solely by the City), the City may, at its sole option, terminate this Franchise (Option I), or take over the roll-off services (Option II), or both of these options. In the event the City chooses Option II, it shall receive all charge amounts regardless of the amounts normally retained by Franchisee.

SECTION 7: ***Default by Other Franchisees.*** In the event that other Franchisees default or otherwise fail to provide adequate Services (in the sole determination of the City), and the City chooses Option II as provided in Section 6 above, Franchisee agrees, if requested by the City, to provide the Services or temporary Services, or both of these types of Service, if Franchisee may reasonably do so, given: (1) Franchisee's equipment and schedule; and (2) that a reasonable price can be determined by Franchisee, the City and the entity for the Service's undertaking and completion.

SECTION 8: ***Liability.***

A. The privileges herein are granted upon the express condition that Franchisee shall be liable for all damages and injuries to persons and property caused by its neglect or mismanagement, or by the actions of any of its employees while engaged in the Services during the term of this Franchise. Should the City be sued therefrom, Franchisee shall be notified of and have the duty to defend such suit, provided, however, that the City has the sole option (Option III) to defend itself or to hire independent counsel, and thereafter to tax all such defense costs and fees to Franchisee. Franchisee specifically agrees to pay any such judgment rendered against the City in any such case, and to reimburse the City, in full, for all costs and fees on appeal.

B. The attorneys chosen by Franchisee to represent the City in any suit concerning matters included within this section shall be approved by the City unless the City chooses to represent itself as defined above. Franchisee shall indemnify and hold harmless the City, its agents, elected or appointed officials, officers and employees from any and all liability, claims, demands, damages, expenses, fees, penalties, suits, proceedings, actions and costs of actions (including costs and attorney's fees, and costs and attorney's fees on appeal), of any kind or nature, arising out of, resulting from, or in any way connected with Franchisee's activities permitted under this Franchise.

C. Franchisee further agrees to purchase public liability and property damage insurance in the amount of $1,000,000 (per accident, public liability), and $250,000 (property damage), and naming the City as an additional insured under the policy. The policy must provide that the City shall be given thirty (30) days' written notice prior to cancellation or modification, and a copy of the policy (or a certificate of insurance) shall be filed with the City Clerk on or before the effective date of this Franchise and on or before the effective date of each policy renewal period.

SECTION 9: ***Licenses.*** Franchisee shall, at its sole expense, procure from all local, state and federal governmental and agency authorities (having jurisdiction over the operations of Franchisee) all licenses, certificates, permits or other authorizations which may be necessary for the conduct of Franchisee's operations. Franchisee shall pay all taxes, and license, certification, permit and examination fees, and all excises which may be assessed, levied, exacted or imposed upon its property, operations, gross receipts, or all or any combination of these assets, and upon this Franchise and the rights and privileges granted herein, and shall make all applications, reports, and returns required in connection therewith to all respective governmental and agency authorities.

SECTION 10: ***Termination.*** The privileges granted herein to the Franchisee may be terminated by the City prior to the expiration of the term if anyone (1) or more of the following events occur:

A. Franchisee fails: (1) to pay the sums, fees or charges due to the City in a timely manner (Failure I); or (2) Franchisee fails to keep, perform or observe each and every other promise, covenant, and condition designated to it under this ordinance (Failure II). In the event of a Failure II, the Maintenance Operations Director shall notify Franchisee in writing of such failure, and Franchisee shall have thirty (30) days from the receipt of such notice to correct the condition giving rise to such notice. If the correction is not made to the Maintenance Operations Director's satisfaction within the period, the Maintenance Operations Director shall give written notice to Franchisee that the privileges granted herein are terminated as of the date of such notice.

B. If and when Franchisee shall liquidate, dissolve or sell substantially all of its assets.

C. If and when there is a transfer of fifty percent (50%) or more of Franchisee's voting stock which results in a change in Franchisee's control.

D. If and when Franchisee becomes insolvent or makes a general assignment for the benefit of its creditors, or if an action or petition is filed by or against Franchisee under any part of the Federal Bankruptcy Act or other law relating to the alleged insolvency of Franchisee, and such action or petition is not dismissed within thirty (30) days of the date of its filing.

In the event any of the privileges granted herein are terminated pursuant to this Section, any liability of the Franchisee to the City accruing thereby, and any liability of Franchisee to the City arising out of any act or event occurring prior to the termination, shall immediately become due and payable to the City without further notice.

SECTION 11: ***Notices.*** All notices herein required to be given by the City to Franchisee, except where specifically provided otherwise, may be effected either by hand delivery to any Franchisee employee, or by United States mail (postage prepaid), addressed to Franchisee at its last-known business address. All notices required to be given to the City shall be given to both the Maintenance Operations Director and the City Clerk either by hand delivery or by United States mail (postage prepaid), addressed to the Maintenance Operations Director, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168, and the City Clerk, City of New Smyrna Beach, 210 Sams Avenue, New Smyrna Beach, Florida 32168.

SECTION 12: ***Remedies, Attorney's Fees and Costs.*** All remedies provided in this Franchise shall be deemed cumulative and additional and not in lieu of or exclusive of each other, or of any other remedy available to the City, at law or in equity. In the event the City shall prevail in any action arising hereunder, Franchisee shall pay the City's costs, and any and all attorney's fees thereafter charged to the City.

SECTION 13: ***Equipment.***

A. Franchisee agrees that it shall procure and maintain sufficient equipment, or that it shall arrange on a contractual basis with other persons owning or leasing equipment in compliance with the requirements of this Franchise, to insure that Franchisee shall at all times be in a position to properly maintain its schedules and to otherwise perform all duties, responsibilities and conditions required under this ordinance.

B. All trucks utilized by Franchisee and all Containers owned or leased by Franchisee shall be prominently identified on both the left and right sides with Franchisee's name in letters not less than six inches (6") in height, and Franchisee's business telephone number in numbers not less than three inches (3") in height, either painted on or attached by signs to such trucks and Containers.

C. All of Franchisee's trucks, containers and equipment shall conform to all City safety and sanitation requirements for refuse-collection vehicles, and the equipment must be approved by the Maintenance Operations Director. Franchisee specifically agrees that the Maintenance Operations Director shall have the right to inspect the trucks or the equipment, or both of these items, at all reasonable times and after having endeavored to give reasonable written or oral notice that such an inspection shall take place.

SECTION 14: ***Nonassignability.*** This Franchise shall not be assignable by Franchisee without the prior written consent of the City Commission as evidenced by an ordinance authorizing and approving such an assignment.

SECTION 15: ***Effective Area.*** This Franchise shall be effective within the City's corporate limits as they may from time to time exist.

SECTION 16: ***Hours of Operation***. The hours of operation for the Franchise shall be weekdays and Saturdays from 7:00 a.m. to 7:00 p.m. The Franchise shall not provide Service on Sundays.

SECTION 17: ***Headings.*** The paragraph headings of this Franchise are for purposes of convenience only and shall not be deemed to expand or limit the provisions contained in such paragraphs or sections.

SECTION 18: ***Warranty of Franchisee.*** Franchisee represents and warrants to the City that no appointed or elected City official, officer, employee or agent has any interest, either directly or indirectly, in the business of Franchisee to be conducted herein.

SECTION 19: ***Noncompliance.*** If Franchisee shall at any time fail to comply with any of the provisions of this Franchise (unless such failure is beyond Franchisee's control because of matters deemed to be an act of God), the City, after thirty (30) days' written notice to Franchisee, may revoke this Franchise and render it void and of no further effect.

SECTION 20: ***Amendment.*** The City reserves the right to amend this Franchise at any time, and in any manner that the City deems necessary for the health, safety or welfare of the public. The City also reserves the right to prescribe, from time to time, reasonable rules and regulations further governing Franchisee's operations herein, including, but not limited to, hours and frequency of Container pickup. These rules may be issued through the Maintenance Operations Director, the City Manager or his/her designee, and they need not be memorialized in an ordinance revision or other formal action by the City Commission, the City Commission's approval of this ordinance being an approval that the regulations should be so issued.

SECTION 21: ***Public Hearing.*** That a public hearing considering the adoption of this ordinance held March 25, 2025, in the Commission Chambers, 214 Sams Avenue, New Smyrna Beach, Florida, after notice published, is found to comply with §166.041(3)(a), Fla. Stat.

THE CITY OF NEW SMYRNA BEACH - CITY ATTORNEY'S OFFICE

PROPOSED LEGISLATIVE BILL SUMMARIES.

March 11, 2025

Background:

Florida State's legislative session for both the House and Senate are underway. Over 1,800 draft bills have been proposed and some of the bills will undergo review by the end of session on May 2, 2025. The City Attorney's office will work with the League of Cities and other resources to monitor any bills that may become law and which could have a significant impact on the City.

Findings:

Several developer friendly bills have been filed, as well as notable bills such as the following:

Several property tax bills have been filed, including the bills listed below. At this time, none of the bills have been heard in a committee. The bills could limit or eliminate property taxes. HB 359 **Property Tax Exemptions**; SB 852 **Study on the Elimination of Property Taxes**; HB 775 and SB 1092 **Revising How Homestead Property is Assessed**; HB 787 and SB 996 **Revenues from Ad Valorem Taxes**; and SB 1018 **Increased Homestead Property Exemptions**.

HB 301 - **Sovereign Immunity/Suits Against the Government**: the proposed bill would increase the statutory limits on liability for tort claims against the State (and City) from $200,000 per person and $300,000 per incident to $1 million per person and $3 million per incident. The bill would also remove the need for a claims bill from insurance companies before paying out claims.

HB 991 and SB 1242: **Community Redevelopment Agencies** – Neither bill has been heard in a committee. HB 991 has two committee references and SB 1242 has three committee references. The bill would prohibit new CRAs in FL; would stop issuance of new projects or debt as of 1 October 2025; and eliminate all CRAs by 2045.

As of the date of publication of this agenda, session has been in for two days. Additional bills and summaries will be included and briefed as the session progresses.
