Charles Town Utility Board
Regular Board Meeting
April 26, 2023

The Charles Town Utility Board held a regular meeting on April 26, 2023 at 4:00 P.M. Members of the Board present were Robert Trainor, Chairman; Duke Pierson, Vice Chairman; Tommy Stocks, Treasurer; Jeff Whitten, Board Member and Heidi Parker, Board Member. Also present were Kristen Stolipher, Utility Manager; April Shultz, Assistant Utility Manager; Ashley Stottlemyer, Secretary; and Robert Rodecker, Legal Counsel.

CALL TO ORDER

The Chairman called the meeting to order at 4:00 P.M.

APPROVAL OF MINUTES

Approval of April 12, 2023 Regular Meeting Minutes

The Chairman called for changes or corrections to the April 12, 2023 regular meeting minutes. Mrs. Parker suggested the following corrections:

> "Mrs. Parker asked for Capital Projects to be included in the 2024 budget during Ms. Shultz' overview of the 2024 Budget, which she said she would include."
>
> "Mrs. Parker asked for an update on rate equalization, which the Manager requested be on the agenda for 4/26/2023."

Action: **Due to a lack of a motion to include Mrs. Parker's corrections in the minutes, the Board approved the minutes as presented 3-1. Mrs. Parker opposed.**

PUBLIC COMMENT

The Board received a public comment from Jacqueline Milliron.

OLD BUSINESS

Resolution 2023-04 – Approval of Fiscal Year 2024 Budget

Mrs. Shultz highlighted the changes and projections for the FY 2024 water and sewer budgets. The Board provided discussions. Mrs. Shultz also mentioned the class cost of service study for water and the second phase for sewer should be available for Board review soon.

Action: **Motion made by Mr. Pierson, second by Mr. Whitten, the Board unanimously approved the Fiscal Year 2024 Budget as submitted.**

NEW BUSINESS

Property Fencing at 842 South George Street

Mrs. Stolipher briefed the Board on the installation of a chain link fence around a portion of the property at the lower end of the wastewater treatment plant to replace a hedge row with an old wire fence. The low bid of $10,535.00 from Long Fence was included for the Board to review. Another bid was received for $11,700.00. Mrs. Stolipher will confirm if CTUB needs to proceed with the City's permitting process to install the fence. The Board provided discussions.

Action: **Motion made by Mr. Pierson, second by Mr. Stocks, to approve the Long Fence quote as submitted with the caveat of quoting the addition of a double gate. Motion was amended by Mr. Whitten, second by Mr. Pierson, the Board unanimously approved the Long Fence quote as presented and pursue the addition of a gate as long as it is under $3,000.00.**

Sewer Vehicle Update and Purchase

Mrs. Stolipher provided an update on the dump truck purchase for hauling sludge from the wastewater plant the Board recently approved not to exceed $115,000.00. Rather than purchasing a new one, they are using one from the maintenance department to haul the sludge and converted the 2018 Dodge maintenance truck into a dump truck for maintenance to utilize. This cost roughly $22,000.00 and was a significant cost savings for the utility. Mrs. Stolipher would like to purchase a new sewer truck for the new chief operator not to exceed $60,000.00. The Board provided discussions.

Action: **Motion made by Mr. Pierson, second by Mr. Whitten, the Board unanimously approved the purchase of a truck not to exceed $60,000.00.**

Mower Purchase

Mrs. Stolipher included mower quotes in the packet to purchase a new mower for staff. The new mower would replace one that needs a new motor. The Board provided discussions.

Action: **Motion made by Mr. Pierson, second by Mr. Whitten, to approve the purchase of a mower of staff's choice not to exceed $14,410.00. After board discussions, Mr. Pierson withdrew his original motion. Motion made by Mr. Pierson to purchase a mower not to exceed $13,250.00 with the best warranty. Motion was amended by Mrs. Parker, second by Mr. Pierson, to approve the purchase of option #4, the John Deere mower for $12,450.00. The amended motion was approved unanimously. Mr. Pierson requested the Board review the warranty at the next meeting.**

MANAGER REPORTS

Utility Manager Report

Mrs. Stolipher briefed the Board on this month's sewer and water efforts including an update on rate equalization and the cost savings on the digester tank re-conditioning.

Action: **No action required by the Board.**

Chairman Report

The Chairman had no updates to report.

Action: **No action required by the Board.**

APPROVAL OF BILLS

April 26, 2023

Action: **Motion by Mr. Pierson, second by Mr. Stocks, the Board unanimously approved the payment of the bills.**

INFORMATION ONLY

Mrs. Stolipher included the Board approved contract with Dewberry for the valve assessment program totaling $29,700.00 in the packet.

The next regular meeting is scheduled for Wednesday, May 10, 2023 at 4:00 P.M. at 661 S. George Street.

There being no further business at this time, the Board adjourned the meeting at 4:58 P.M.

Revised May 10, 2023

Exempt Meter Policy

The Charles Town Utility Board (CTUB) does not allow adjustments to sewer charges on customer bills for lawn and garden watering, or filling swimming pools, hot tubs or saunas.

Customers may apply for a second exempt water meter to measure water used for lawn watering or pool/hot tub filling. For CTUB sewer customers that receive water service from Jefferson Utilities, Inc. (JUI) must call JUI regarding their policy on exempt meters.

"Exempt Meter" shall mean a second potable water meter installed by a water utility to serve a single customer which is exclusively connected to water facilities which do not return the potable water passing through such meter to the sanitary sewer system. The installation of an Exempt Meter for a residential customer is permitted provided:

(1) The Exempt Meter and all appurtenant facilities are subject to CTUB's initial and subsequent inspection to confirm that potable water is not returned to the sanitary sewer system.

(2) To the extent practical, all Exempt Meters may be installed via a single service line or a dedicated service line in accordance with Exhibit A to this policy.

(3) All exempt meters shall have a backflow prevention device immediately following the irrigation meter. Customer is responsible for ensuring annual inspection of the backflow prevention device.

(4) CTUB will not impose sanitary sewer charges on potable water passing through an Exempt Meter.

(5) The Charles Town Utility Board shall consider on a case-by-case basis requests for deduct or Exempt Meters for commercial or industrial customers.

(6) A security deposit fee of fifty dollars ($50.00) and the associated costs for Exempt Meter of nine hundred and fifty dollars ($950.00) must be paid at the time of application. This cost includes the tap, radio, meter box and meter and inspection of exempt meter line installation (by customer).

(7) Installation of all water lines or devices at the meter connection point shall be the sole responsibility and expense of the customer per CTUB's specifications.

(8) CTUB will inspect the installation of water lines and devices once complete (by customer) and install the Exempt Meter.

DRAFT

Exempt Meter Policy

Exhibit A

Pursuant to the CTUB exempt meter policy there are two options for Exempt meter installation:

Option 1: SINGLE SERVICE LINE

For new construction with irrigation, one service line will be tapped onto the main, and two meters will be set from the reduced ¾" line.

On an existing domestic service adding irrigation, a tee will be installed just before the domestic meter on the domestic line.

Backflow prevention assembly shall be installed immediately following the irrigation meter.

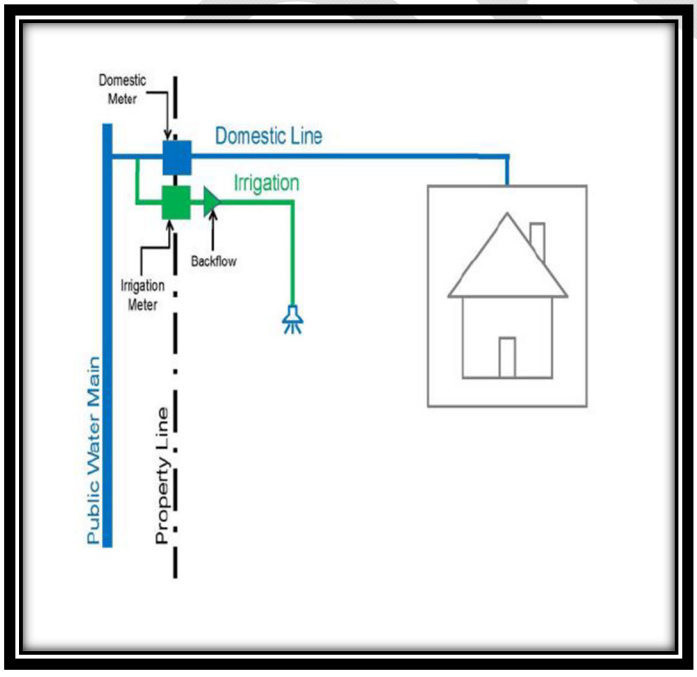

Option 2: DEDICATED SERVICE LINE

In some cases, CTUB can elect to have a separate tap and a separate line run to each meter box. In this case, the standard connection charges and tap fees will be assessed. This option may be necessary if the existing domestic meter is in a driveway or there is some other circumstance that prevents splitting off the single service line.

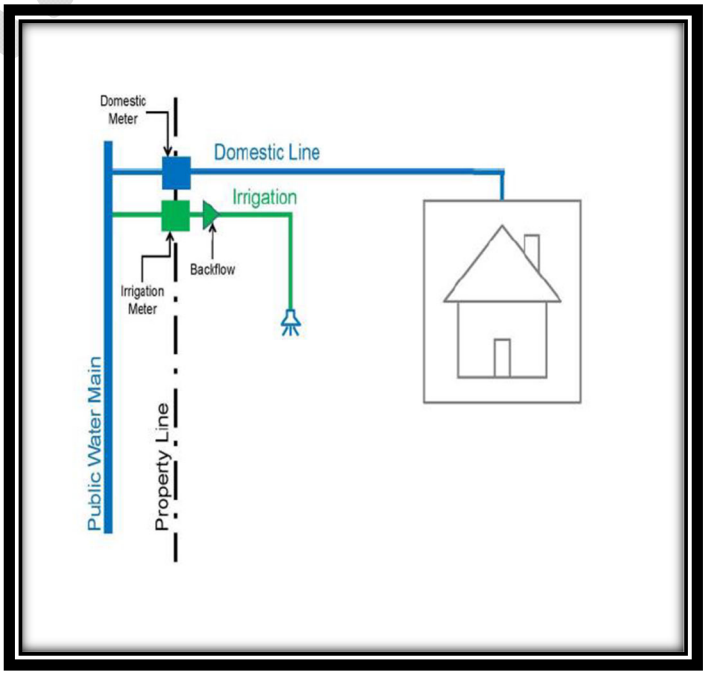

If customers need more than a ¾" irrigation service, they may purchase larger services for added capacity.

Services larger than ¾" will be tapped on the main with standard connection and tap fees.

Backflow prevention shall be installed immediately following the irrigation meter.

Option 1: Single Service line

Option 2: Dedicated Service line

CHARLES TOWN UTILITY BOARD
GD&F ENGINEER'S REPORT
APRIL 28, 2023

Charles Town Wastewater Treatment Plant Improvements (R&R Project)

- The Contractor (Alvarez) has completed all piping installation within the concrete pile cap of the new Centrifuge Building. They also added stone backfill to bottom of pile cap. All demolition work in existing Digester Blower Building is complete. All underslab conduit has been placed for the new Electrical Building and foundation formwork has begun. S&S has begun ductbank installation to the SBR basins and UV area. S&S has installed panels, disconnects, conduit and wire at the Headworks Building. All temporary headworks bypass piping is in place. Mid-Atlantic Storage replaced the digester tank interior joint sealant and cathodic bars (note that this work was performed outside of ACI contract).
- The Contractor plans to pour the Electrical Building concrete foundation and floor slab and the Centrifuge Building pile cap next month.
- The current contract times for final completion is September of 2024. Alvarez reported that they are currently about 1-2 months behind schedule due to equipment lead times.
- There have been several credits and minor change order additions this past month. No formal change order has been prepared at this time.
- GD&F RPR, Dave Gustkey, continues to be present on site full time and coordinate efforts between Alvarez, CTUB, Specialized and City building inspector personnel.
- GD&F has received 112 submittals to date, 6 are currently outstanding. 31 requests for information (RFI's) have been submitted to date and 1 is currently under review.
- The next Progress Meeting is scheduled for May 4.
- Alvarez submitted Application for Payment No. 7 in the amount of $1,068,229.84, which included payment for several major stored equipment items. This Application has been reviewed and approved by GD&F. This Application is presented in Resolution No. 007
- See below for construction progress photos.

Charles Town Water Plant Intake VFD Project

- S&S has mounted the new VFDs and begun to install both conduit and wire. They ordered the materials for the project and submitted the first Application for Payment in the amount of $82,412.30.
- Based upon actual field measurements and wire layouts, additional wire is needed for an estimated cost of $7,645.95.
