Important Disclosures

Important Disclosures

This statement is for general information purposes only and is not intended to provide specific advice or recommendations. PFM Asset Management LLC ("PFMAM") is an investment adviser registered with the U.S. Securities and Exchange Commission and a subsidiary of U.S. Bancorp Asset Management, Inc. ("USBAM"). USBAM is a subsidiary of U.S. Bank National Association ("U.S. Bank"). U.S. Bank is a separate entity and subsidiary of U.S. Bancorp. U.S. Bank is not responsible for and does not guarantee the products, services or performance of PFMAM. PFMAM maintains a written disclosure statement of our background and business experience. If you would like to receive a copy of our current disclosure statement, please contact Service Operations at the address below.

Proxy Voting PFMAM does not normally receive proxies to vote on behalf of its clients. However, it does on occasion receive consent requests. In the event a consent request is received the portfolio manager contacts the client and then proceeds according to their instructions. PFMAM's Proxy Voting Policy is available upon request by contacting Service Operations at the address below.

Questions About an Account PFMAM's monthly statement is intended to detail our investment advisory activity as well as the activity of any accounts held by clients in pools that are managed by PFMAM. The custodian bank maintains the control of assets and executes (i.e., settles) all investment transactions. The custodian statement is the official record of security and cash holdings and transactions. PFMAM recognizes that clients may use these reports to facilitate record keeping and that the custodian bank statement and the PFMAM statement should be reconciled and differences resolved. Many custodians use a settlement date basis which may result in the need to reconcile due to a timing difference.

Account Control PFMAM does not have the authority to withdraw funds from or deposit funds to the custodian outside the scope of services provided by PFMAM. Our clients retain responsibility for their internal accounting policies; implementing and enforcing internal controls and generating ledger entries or otherwise recording transactions.

Market Value Generally, PFMAM's market prices are derived from closing bid prices as of the last business day of the month as supplied by Refinitiv or Bloomberg. For certain short-term investments or where prices are not available from generally recognized sources the securities are priced using a yield-based matrix system to arrive at an estimated market value. Prices that fall between data points are interpolated. Non-negotiable FDIC-insured bank certificates of deposit are priced at par. Although PFMAM believes the prices to be reliable, the values of the securities may not represent the prices at which the securities could have been bought or sold. Explanation of the valuation methods for a registered investment company or local government investment program is contained in the appropriate fund offering documentation or information statement.

Amortized Cost The original cost of the principal of the security is adjusted for the amount of the periodic reduction of any discount or premium from the purchase date until the date of the report. Discount or premium with respect to short term securities (those with less than one year to maturity at time of issuance) is amortized on a straightline basis. Such discount or premium with respect to longer term securities is amortized using the constant yield basis.

Tax Reporting Cost data and realized gains / losses are provided for informational purposes only. Please review for accuracy and consult your tax advisor to determine the tax consequences of your security transactions. PFMAM does not report such information to the IRS or other taxing authorities and is not responsible for the accuracy of such information that may be required to be reported to federal, state or other taxing authorities.

Financial Situation In order to better serve you, PFMAM should be promptly notified of any material change in your investment objective or financial situation.

Callable Securities Securities subject to redemption prior to maturity may be redeemed in whole or in part before maturity, which could affect the yield represented.

Portfolio The securities in this portfolio, including shares of mutual funds, are not guaranteed or otherwise protected by PFMAM, the FDIC (except for certain non-negotiable certificates of deposit) or any government agency. Investment in securities involves risks, including the possible loss of the amount invested. Actual settlement values, accrued interest, and amortized cost amounts may vary for securities subject to an adjustable interest rate or subject to principal paydowns. Any changes to the values shown may be reflected within the next monthly statement's beginning values.

Rating Information provided for ratings is based upon a good faith inquiry of selected sources, but its accuracy and completeness cannot be guaranteed.

Shares of some local government investment programs and TERM funds are marketed through representatives of PFMAM's affiliate, PFM Fund Distributors, Inc. which is registered with the SEC as a broker/dealer and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Municipal Securities Rulemaking Board ("MSRB"). You may reach the FINRA by calling the FINRA Hotline at 1-800-289-9999 or at the FINRA website address https://www.finra.org/investors/investor-contacts. A brochure describing the FINRA Regulation Public Disclosure Program is also available from FINRA upon request.

Key Terms and Definitions

Dividends on local government investment program funds consist of interest earned, plus any discount ratably amortized to the date of maturity, plus all realized gains and losses on the sale of securities prior to maturity, less ratable amortization of any premium and all accrued expenses to the fund. Dividends are accrued daily and may be paid either monthly or quarterly. The monthly earnings on this statement represent the estimated dividend accrued for the month for any program that distributes earnings on a quarterly basis. There is no guarantee that the estimated amount will be paid on the actual distribution date.

Current Yield is the net change, exclusive of capital changes and income other than investment income, in the value of a hypothetical fund account with a balance of one share over the seven-day base period including the statement date, expressed as a percentage of the value of one share (normally $1.00 per share) at the beginning of the seven-day period. This resulting net change in account value is then annualized by multiplying it by 365 and dividing the result by 7. The yields quoted should not be considered a representation of the yield of the fund in the future, since the yield is not fixed.

Average maturity represents the average maturity of all securities and investments of a portfolio, determined by multiplying the par or principal value of each security or investment by its maturity (days or years), summing the products, and dividing the sum by the total principal value of the portfolio. The stated maturity date of mortgage backed or callable securities are used in this statement. However the actual maturity of these securities could vary depending on the level or prepayments on the underlying mortgages or whether a callable security has or is still able to be called.

Monthly distribution yield represents the net change in the value of one share (normally $1.00 per share) resulting from all dividends declared during the month by a fund expressed as a percentage of the value of one share at the beginning of the month. This resulting net change is then annualized by multiplying it by 365 and dividing it by the number of calendar days in the month.

YTM at Cost The yield to maturity at cost is the expected rate of return, based on the original cost, the annual interest receipts, maturity value and the time period from purchase date to maturity, stated as a percentage, on an annualized basis.

YTM at Market The yield to maturity at market is the rate of return, based on the current market value, the annual interest receipts, maturity value and the time period remaining until maturity, stated as a percentage, on an annualized basis.

Managed Account A portfolio of investments managed discretely by PFMAM according to the client's specific investment policy and requirements. The investments are directly owned by the client and held by the client's custodian.

Unsettled Trade A trade which has been executed however the final consummation of the security transaction and payment has not yet taken place.

Please review the detail pages of this statement carefully. If you think your statement is wrong, missing account information, or if you need more information about a transaction, please contact PFMAM within 60 days of receipt. If you have other concerns or questions regarding your account, or to request an updated copy of PFMAM's current disclosure statement, please contact a member of your client management team at PFMAM Service Operations at the address below.

City of Eastvale Crime Statistics – April 2022

Prepared By:

Eva Terekhova, Emergency Management Specialist

Recommended Action(s)

Staff recommends that the City Council receive and file the Eastvale Crime Statistics for April 2022.

Summary

The City Council requested staff to collaborate with the Riverside County Sheriff's Department to develop a crime statistics document that would reflect selected Part I and Part II crime data for the City of Eastvale. Intended to show month-to-month crime statistics, the document will assist in determining appropriate staffing levels for law enforcement services.

Background

In May 2017, City Council directed staff to coordinate with the Riverside County Sheriff's Department to request and obtain monthly crime statistics for the City of Eastvale. The primary intent of the request was to determine appropriate staffing levels during the City's contract negotiations with the Sheriff's Department. Over several weeks, the city manager and staff worked collaboratively with Riverside County Sheriff's Department administration and management to obtain crime statistics that could be shared with the public on a regular basis.

Upon receiving the data, the Riverside County Sheriff's Department advised staff that the data provided would be reflective of the previous month, or thirty days behind the current month; and that the report would need to include a disclaimer identifying the data as preliminary and raw.

At the July 26, 2017 meeting, City Council recommended that staff add columns reflective of felony and misdemeanor arrests. During the September 26, 2017 meeting, City Council recommended staff add traffic violations/citations data and the total calls for service broken down per month. Crime statistics that were released in the time that passed since the last meeting of the City Council are

attached.

Environmental

Crime statistics are not a project pursuant to the California Environmental Quality Act (CEQA) and no environmental review is required.

The Road Repair and Accountability Act of 2017 SB 1 – Project List for FY 22/23

Prepared By:

Jimmy Chung, City Engineer

Recommended Action(s)

Staff recommends that the City Council adopt Resolution No. 22-XX adopting a list of projects for fiscal year 2022-23 funded by SB1.

Summary

In order to receive designated apportionment of Senate Bill 1 (SB1) funds, cities are required to submit a resolution adopting the list of project(s) proposed to be funded by SB1. The main objective of SB1 funds is to address deferred maintenance on the local streets and delivery of basic road maintenance and rehabilitation projects. It is recommended that the City Council allocate FY22/23 SB1 funds to the Annual Overlay Project. The streets included in the Annual Overlay Project are shown on the location map (Attachment 3). The Annual Overlay Project consists of completing asphalt overlay and preventative maintenance work on residential streets, collector streets and arterial streets.

Background

On April 28, 2017, the Governor signed Senate Bill 1 (SB1) into law, which is known as the Road Repair an Accountability Act of 2017, to address basic road maintenance, rehabilitation and critical safety needs on both the state highway and local streets and road system. The revenue amount for FY 22/23 for Eastvale was estimated to be $1,497,519.00.

Staff recommends that the City Council designate all of the FY22/23 SB1 allocation to be used on the 2022 Annual Overlay Project. The streets that are part of the project are shown on the attached

location map. The Annual Overlay Project is considered as road maintenance and rehabilitation, and therefore is eligible to be funded by SB1.

Environmental

Approval of the agreement is categorically exempt from California Environment Quality Act (CEQA) review under CEQA Guidelines Section 15301 - Existing Facilities.

Strategic Plan Action - Priority Level: N/A | Target #: 5 | Goal #: 3

Plan for landscape, roads, and street maintenance.

Fiscal Impact

The Annual Overlay project is listed in the Capital Improvement section of the Budget. The entire FY22/23 allocation of $1,497,519.00 will be used for the next Annual Overlay Project. The funds have been allocated as part of the FY22/23 budget process, and no further action is necessary.

Prior City Council/Commission Action

Approval of Springbrook Enterprise Resource Planning Software Additional Subscription

Prepared By:

Amanda Wells, Finance Director/City Treasurer

Recommended Action(s)

Staff recommends the City Council approve a three-year subscription contract amendment with Springbrook for OpenGov integration subscription service for an total not-to-exceed amount of $15,608; and authorize the City Manager to execute all necessary documents.

Summary

The city recently upgraded its financial enterprise resource planning (ERP) software with Springbrook in 2020. Additionally, the city is in the process of implementing advanced budgeting software with OpenGov. In order to have daily updated Springbrook data embedded in the OpenGov solution, integration services from Springbrook is required. Integration subscription services provided by Springbrook allows the OpenGov solution to pull data from Springbrook and refresh balances nightly within OpenGov. The subscription with Springbrook will provide integration subscription services for $6,000 annually.

Background

The City entered into a contract for cloud based ERP software with Springbrook in 2020. The city entered into a contract with OpenGov, Inc. for web-based advanced budgeting software on January 26, 2022. Implementation of the OpenGov software has reached a stage in which integration with the Springbrook database is necessary. Integration subscription services will provide a direct and automatic upload of accounting data to the OpenGov solution on a daily basis. Staff intends to utilize OpenGov for department budget monitoring, quarterly interim financial reporting, mid-year, and the annual budget process. Without the integration services the data will stagnate and require

manual downloads from the Springbrook software, data manipulation, upload to OpenGov, and account mapping each time the data is refreshed. Springbrook integration services removes the need for manual staff work and provides a data refresh every night. OpenGov also offers a transparency portal, which is scheduled to be configured towards the end of the implementation period in Spring 2023. The data offered to the public via the transparency portal will not be accurate or up to date without the integration services; data would only be accurate as of the date staff last manually updated the database.

The attached quote and order form is only a sample and does not include the final negotiated price amount, which is incorrect on the attachment. At the time of the agenda publication, Springbrook had not submitted the final order form. The final pricing for the three year contract for integration subscription services are below:

Year of Springbrook Contract	Springbrook Cloud (approved 8/20/2020)	Springbrook to OpenGov Integration Services
Year 3	42,496	5,000
Year 4	44,408	5,200
Year 5	46,407	5,408
Total 3 Year Cost	**133,311**	**15,608**

Staff recommends entering into a contract with Springbrook for integration subscription services for OpenGov budgeting software. The pricing is locked in for three years, however the contract for services is authorized annually and can be canceled at the end of each service year.

Environmental

Government fiscal software contracts are not considered a Project as defined by the California Environmental Quality Act (CEQA) and no environmental review is required.

Strategic Plan Action - Priority Level: 3 | Target #: 3 | Goal #: 6

Ensure that City revenues align with expenditures
Target 7, Goal 4: Empower staff to innovate for efficiencies; create a culture of innovation
Target 7, Goal 7: Invest internally in software/technology improvements to enhance customer service

Fiscal Impact

The services will not commence until the next 2022-23 fiscal year. Adequate budget is proposed for the fiscal year 2022-23 budget in account 100-210-6615. The price is locked for three years and the contract can be canceled at the end of any service year.

Prior City Council/Commission Action

City Council approved the Springbrook contract on August 26, 2020 and the OpenGov contract on January 26, 2022.

Approval of Task Order No. 1 with Onward Engineering for Inspection Services for Various Public Works and Development Projects

Prepared By:
Jimmy Chung, City Engineer

Recommended Action(s)
Staff recommends that the City Council approve Task Order No. 1 in the amount of $150,000 to the On-call Contract with Onward Engineering for the Inspection Services for Various Public Works Related Tasks

Summary
The Public Works Department is committed to the maintenance and operation of the City of Eastvale's infrastructure. This includes ensuring the safety and quality of: streets, sidewalks, traffic signals, street lights, traffic signs, and storm drain inlets. Through initiatives such as the Capital Improvement Program, we actively improve the City's infrastructure. Our mission is to keep the amenities that make Eastvale a premiere location to live and raise a family and we work hard to make sure the needs of Eastvale residents are met and exceeded every single day.

The Engineering Division is responsible for the design and construction of private development and capital/public projects. The division collects development fees, processes permits, and provides inspections for a variety of construction and non-construction activities within the public right-of-way. The services we provide ensure compliance with City Codes and design standards. Public Works Inspection provides a broad spectrum of services related to Public Works activities. These services include the inspection of all improvements above ground (street improvements, curbs, gutters, sidewalks, street lights, traffic signals, pavement striping, etc.) and underground (sewer,

water and storm drain) for private development and Capital Improvement Projects. The purpose of inspection is to ensure the compliance with plans, specifications, local, state and federal laws, regulations and ordinances.

Historically, inspection services for Public Works related work was provided by a consultant. In 2018, CalPERS conducted a compliance review of the City's use of independent contractors and determined that several individuals were misclassified as independent contractors and were actually common law employees of the City. As a precaution to prevent potential CalPERS liability, the City endeavors to limit the hours any one individual may provide services to the City under contract to no more than 1,000 hours per fiscal year. As the hours of the current Public Works Inspectors are nearing the 1,000 hour threshold, there is an urgent need to transition and rotate them with individuals of equal or better skills. Since the current consultant can not provide inspection services without exceeding the threshold, the City must utilize the services of another consultant to maintain service levels.

Background

On April 13, 2022, the City Council awarded a Professional On-call services contract to Onward Engineering for multiple disciplines, including inspection services. The approval included awarding on-call inspection services contract to 7 consultants. The approved on-call agreement with Onward Engineering is not to exceed $150,000 per fiscal year per discipline. There has not yet been a task order approved for Onward Engineering. Onward demonstrated both the experience and qualifications that meet Eastvale's needs and expectations during the competitive procurement process. They are able to provide the necessary inspection services immediately and the goal is for this contract to provide one inspector for 6 months (1,000 hours).

Environmental

The proposed contract is not a project as defined by the California environmental Quality Act (CEQA) and as such, no environmental review is required.

Strategic Plan Action - Priority Level: N/A | Target #: 1 | Goal #: 1

Right-size the organization and staffing consistent with City services, needs, expectations, and strategic plan priorities.

Fiscal Impact

There are sufficient funds budgeted in fiscal year 2022-23 for the recommended action as shown below:

Fund	Account	Department	Account Description	Budget
General	100-320-6433	Engineering	Private Development	$1,087,000
General	100-320-6490	Engineering	Engineering Services	$60,000

The contract is based on a hourly rate schedule with a total not-to-exceed amount of $150,000.

Prior City Council/Commission Action

On April 13, 2022, the City Council awarded an On-Call Engineering and Professional Consulting Services to Onward Engineering.

City and Contractor are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by request for qualifications the performance of the services defined and described particularly in Section 2 of this Agreement.

B. Contractor, following submission of its qualifications for the performance of the services defined and described particularly in Section 2 of this Agreement, was selected by the City to be eligible to perform those services as needed and requested by the City.

C. The Parties desire to formalize the selection of Contractor for performance of those services defined and described particularly in Section 2 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. TERM OF AGREEMENT.

Subject to the provisions of Section 20 "Termination of Agreement" of this Agreement, the Term of this Agreement is for three years commencing on the date first ascribed above.

SECTION 2. SCOPE OF SERVICES & SCHEDULE OF PERFORMANCE.

(a) Scope of Services. Contractor agrees to perform General Civil Project Planning and Engineering, Construction Management and Support, and Construction Inspection services (hereinafter, the "Services") as requested and authorized by the City. [The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein.] When the City desires to utilize Contractor for Services, the City will issue a Task Order that includes a Scope of Services to be performed and the compensation to be paid for the Services within the Task Order. Each Task Order shall be attached to this Agreement as part of Exhibit "A" (e.g., the first Task Order will be Exhibit "A-1", the second Exhibit "A-2," etc.). Each Task Order is made a part of this Agreement by this reference.

(b) Schedule of Performance. The Services authorized by each Task Order shall be completed pursuant to the schedule stated in the Task Order. Should the Services not be completed pursuant to that schedule, the Contractor shall be deemed to be in Default of this Agreement. The City, in its sole discretion, may choose not to enforce the Default provisions of this Agreement and may instead allow Contractor to continue performing the Services.

SECTION 3. ADDITIONAL SERVICES.

Contractor shall not be compensated for any work rendered that are in addition to or outside of the Services authorized by a Task Order unless such additional services are authorized in advance and in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement. If and when such additional work is authorized, such additional work shall be deemed to be part of the Services.

SECTION 4. COMPENSATION AND METHOD OF PAYMENT.

(a) The City has entered or will enter into a maximum of three (3) non-exclusive contracts for performance of the Scope of Services identified in Exhibit A, including this Agreement ("On-Call Contracts"). The total aggregate amount payable by the City pursuant to the Task Orders issued under the On-Call Contracts shall not exceed a cumulative maximum total value of One Million Three Hundred Fifty Thousand Dollars ($1,350,000) ("NTE Sum"). One Hundred Fifty Thousand Dollars ($150,000) per fiscal year, for a total of Four Hundred Fifty Thousand Dollars ($450,000) for the Term of the Agreement, shall be available for each of the three categories of services in Section 2(a): (1) General Civil Project Planning and Engineering; (2) Construction Management and Support; and (3) Construction Inspection Services. Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts specified in each Task Order for the Services identified in the Task Order. The City Manager shall have the authority to approve Task Orders for Services that do not exceed the City Manager's then-current signing authority for purchases of professional services as set forth in Section 4.06.050, as that section may be amended from time to time. All other Task Orders shall be approved by the City Council prior to the commencement of the Services. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under the On-Call Contracts through Task Orders. Each time a Task Order is awarded under any of the On-Call Contracts, the City will send written notification to Contractor and each of the other consultants entering into the On-Call Contracts. The notice will identify the total funds allocated under issued Task Orders, and the remaining unencumbered amount of the NTE Sum. Contractor acknowledges and agrees that the City will not pay any amount under this Agreement that would exceed the NTE Sum, and Contractor shall not enter into a Task Order that exceeds the NTE Sum.

(b) Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontractor contracts. Subcontractor charges shall be

detailed by the following categories: labor, travel, materials, equipment and supplies. If the compensation set forth in subsection (a) and the applicable Task Order include payment of labor on an hourly basis (as opposed to labor and materials being paid as a lump sum), the labor category in each invoice shall include detailed descriptions of task performed and the amount of time incurred for or allocated to that task. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

(c) Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice.

(d) Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

SECTION 5. INSPECTION AND FINAL ACCEPTANCE.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within sixty (60) days after submitted to City. City shall reject work by a timely written explanation, otherwise Contractor's work shall be deemed to have been accepted. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any of Contractor's work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Section 16 "Indemnification" and Section 17 "Insurance."

SECTION 6. OWNERSHIP OF DOCUMENTS.

All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents.

If and to the extent that City utilizes for any purpose not related to this Agreement any maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement, Contractor's guarantees and warranties in Section 9 "Standard of Performance" of this

Agreement shall not extend to such use of the maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents.

All final work product developed by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such final work product if paid for by the City. This provision specifically excludes Contractors' work notes and drafts, which are owned by Contractor, not City.

SECTION 7. CONTRACTOR'S BOOKS AND RECORDS.

(a) Contractor shall maintain any and all documents and records demonstrating or relating to Contractor's performance of the Services. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to work, services, expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the services provided by Contractor pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to audits of public agencies and their expenditures. In accordance with California Government Code Section 8546.7, if the total compensation in Section 4 exceeds ten thousand dollars ($10,000.00), this Agreement and the Contractor's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

(b) Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

(c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or discarded due to dissolution or termination of Contractor's business, City may, by written request, require that custody of such documents or records be given to the City. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

SECTION 8. INDEPENDENT CONTRACTOR.

(a) Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City.

(b) The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Contractor or any of Contractor's officers, employees, or agents except as set forth in this Agreement. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's officers, employees, or agents are in any manner officials, officers, employees or agents of City.

(c) Neither Contractor, nor any of Contractor's officers, employees, agents or subcontractors shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor, its officers, employees, agents or subcontractors, may have to any such rights. Contractor's indemnity obligations in Section 16 "Indemnification" of this Agreement include the obligation to indemnify the City from and against any liability that may arise related to claims that Contractor, or its officers, employees, agents or subcontractors, are entitled to retirement, health care or any other benefits that accrue to City employees. This provision shall survive the expiration or earlier termination of this Agreement.

SECTION 9. STANDARD OF PERFORMANCE.

Contractor represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent and professional manner. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all Services. In meeting its obligations under this Agreement, Contractor shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to the Services required of Contractor under this Agreement. In addition to the general standards of performance set forth this section, additional specific standards of performance and performance criteria may be set forth in Task Orders attached hereto in Exhibit "A" that shall also be applicable to Contractor's work under this Agreement. Where there is a conflict between a general and a specific standard of performance or performance criteria, the specific standard or criteria shall prevail over the general.

SECTION 10. COMPLIANCE WITH APPLICABLE LAWS; PERMITS AND LICENSES.

Contractor shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules in effect during the term of this Agreement. Contractor shall obtain any and all licenses, permits and

authorizations necessary to perform the Services set forth in this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable, at law or in equity, as a result of any failure of Contractor to comply with this section.

SECTION 11. PREVAILING WAGE LAWS

It is the understanding of City and Contractor that California prevailing wage laws do not apply to this Agreement because the Agreement does not involve any of the following services subject to prevailing wage rates pursuant to the California Labor Code or regulations promulgated thereunder: Construction, alteration, demolition, installation, or repair work performed on public buildings, facilities, streets or sewers done under contract and paid for in whole or in part out of public funds. In this context, "construction" includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

SECTION 12. NONDISCRIMINATION.

Contractor shall not discriminate, in any way, against any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status in connection with or related to the performance of this Agreement.

SECTION 13. UNAUTHORIZED ALIENS.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of the Services, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

SECTION 14. CONFLICTS OF INTEREST.

(a) Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor's performance of the Services. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

(b) City understands and acknowledges that Contractor is, as of the date of execution of this Agreement, independently involved in the performance of non-related

services for other governmental agencies and private parties. Contractor is unaware of any stated position of City relative to such projects. Any future position of City on such projects shall not be considered a conflict of interest for purposes of this section.

(c) City understands and acknowledges that Contractor will perform non-related services for other governmental agencies and private Parties following the completion of the Services under this Agreement. Any such future service shall not be considered a conflict of interest for purposes of this section.

SECTION 15. CONFIDENTIAL INFORMATION; RELEASE OF INFORMATION.

(a) All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the City Manager, except as may be required by law.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors, be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response. Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in confidence to a Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law or for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

SECTION 16. INDEMNIFICATION.

(a) Indemnification for Professional Liability. Where the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees) arise out of, are a consequence of, or are in any way attributable to, in whole or in part, any negligent or wrongful act, error or omission of Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor, in the performance of professional services under this Agreement.

(b) Indemnification for Other than Professional Liability. Other than in the performance of professional services and to the full extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor.

(c) Indemnification from Subcontractors. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement naming the Indemnified Parties as additional indemnitees. In the event Contractor fails to obtain such indemnity obligations from others as required herein, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth herein is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

(d) City's Negligence. The provisions of this section do not apply to claims occurring as a result of City's sole negligence. The provisions of this section shall not release City from liability arising from gross negligence or willful acts or omissions of City or any and all of its officials, employees and agents.

SECTION 17. INSURANCE.

Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Exhibit "B" "Insurance" and made a

part of this Agreement. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

SECTION 18. ASSIGNMENT.

The expertise and experience of Contractor are material considerations for this Agreement. City has an interest in the qualifications and capability of the persons and entities who will fulfill the duties and obligations imposed upon Contractor under this Agreement. In recognition of that interest, Contractor shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Contractor's duties or obligations under this Agreement without the prior written consent of the City. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling City to any and all remedies at law or in equity, including termination of this Agreement pursuant to Section 20 "Termination of Agreement." City acknowledges, however, that Contractor, in the performance of its duties pursuant to this Agreement, may utilize subcontractors.

SECTION 19. CONTINUITY OF PERSONNEL.

Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the Services. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the Services prior to and during any such performance.

SECTION 20. TERMINATION OF AGREEMENT.

(a) City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Contractor. In the event such notice is given, Contractor shall cease immediately all work in progress.

(b) Contractor may terminate this Agreement for cause at any time upon thirty (30) days written notice of termination to City.

(c) If either Contractor or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Contractor, or City may terminate this Agreement immediately upon written notice.

(d) Upon termination of this Agreement by either Contractor or City, all property belonging exclusively to City which is in Contractor's possession shall be returned to City. Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 "Compensation and Method of Payment" of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 "Compensation and Method of Payment" of this Agreement.

SECTION 21. DEFAULT.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under Section 20 "Termination of Agreement." Any failure on the part of the City to give notice of the Contractor's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

SECTION 22. EXCUSABLE DELAYS.

Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

SECTION 23. COOPERATION BY CITY.

All public information, data, reports, records, and maps as are existing and available to City as public records, and which are necessary for carrying out the Services shall be furnished to Contractor in every reasonable way to facilitate, without undue delay, the Services to be performed under this Agreement.

SECTION 24. NOTICES.

SECTION 32. ENTIRE AGREEMENT.

This Agreement, including the attached Exhibits "A" (including all subparts of Exhibit "A") and "B", is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid and binding.

SECTION 33. SEVERABILITY.

If any term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

SECTION 34. NONEXCLUSIVITY.

This Agreement shall not preclude the City from contracting with other persons for work that could be performed by Contractor under this Agreement or utilizing City employees to perform such work.

BUSINESS LIABILITY COVERAGE FORM

Various provisions in this policy restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

Throughout this policy the words "you" and "your" refer to the Named Insured shown in the Declarations. The words "we", "us" and "our" refer to the stock insurance company member of The Hartford providing this insurance.

The word "insured" means any person or organization qualifying as such under Section **C.** - Who Is An Insured.

Other words and phrases that appear in quotation marks have special meaning. Refer to Section **G.** - Liability And Medical Expenses Definitions.

A. COVERAGES

1. **BUSINESS LIABILITY COVERAGE (BODILY INJURY, PROPERTY DAMAGE, PERSONAL AND ADVERTISING INJURY)**

   Insuring Agreement

   a. We will pay those sums that the insured becomes legally obligated to pay as damages because of "bodily injury", "property damage" or "personal and advertising injury" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages. However, we will have no duty to defend the insured against any "suit" seeking damages for "bodily injury", "property damage" or "personal and advertising injury" to which this insurance does not apply.

      We may, at our discretion, investigate any "occurrence" or offense and settle any claim or "suit" that may result. But:

      (1) The amount we will pay for damages is limited as described in Section **D.** - Liability And Medical Expenses Limits Of Insurance; and

      (2) Our right and duty to defend ends when we have used up the applicable limit of insurance in the payment of judgments, settlements or medical expenses to which this insurance applies.

      No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under Coverage Extension - Supplementary Payments.

   b. This insurance applies:

      (1) To "bodily injury" and "property damage" only if:

         (a) The "bodily injury" or "property damage" is caused by an "occurrence" that takes place in the "coverage territory";

         (b) The "bodily injury" or "property damage" occurs during the policy period; and

         (c) Prior to the policy period, no insured listed under Paragraph **1.** of Section **C.** – Who Is An Insured and no "employee" authorized by you to give or receive notice of an "occurrence" or claim, knew that the "bodily injury" or "property damage" had occurred, in whole or in part. If such a listed insured or authorized "employee" knew, prior to the policy period, that the "bodily injury" or "property damage" occurred, then any continuation, change or resumption of such "bodily injury" or "property damage" during or after the policy period will be deemed to have been known prior to the policy period.

      (2) To "personal and advertising injury" caused by an offense arising out of your business, but only if the offense was committed in the "coverage territory" during the policy period.

   c. "Bodily injury" or "property damage" will be deemed to have been known to have occurred at the earliest time when any insured listed under Paragraph **1.** of Section **C.** – Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim:

      (1) Reports all, or any part, of the "bodily injury" or "property damage" to us or any other insurer;

© 2005, The Hartford

(2) Receives a written or verbal demand or claim for damages because of the "bodily injury" or "property damage"; or

(3) Becomes aware by any other means that "bodily injury" or "property damage" has occurred or has begun to occur.

d. Damages because of "bodily injury" include damages claimed by any person or organization for care, loss of services or death resulting at any time from the "bodily injury".

e. **Incidental Medical Malpractice**

(1) "Bodily injury" arising out of the rendering of or failure to render professional health care services as a physician, dentist, nurse, emergency medical technician or paramedic shall be deemed to be caused by an "occurrence", but only if:

(a) The physician, dentist, nurse, emergency medical technician or paramedic is employed by you to provide such services; and

(b) You are not engaged in the business or occupation of providing such services.

(2) For the purpose of determining the limits of insurance for incidental medical malpractice, any act or omission together with all related acts or omissions in the furnishing of these services to any one person will be considered one "occurrence".

2. **MEDICAL EXPENSES**

Insuring Agreement

a. We will pay medical expenses as described below for "bodily injury" caused by an accident:

(1) On premises you own or rent;

(2) On ways next to premises you own or rent; or

(3) Because of your operations;

provided that:

(1) The accident takes place in the "coverage territory" and during the policy period;

(2) The expenses are incurred and reported to us within three years of the date of the accident; and

(3) The injured person submits to examination, at our expense, by physicians of our choice as often as we reasonably require.

b. We will make these payments regardless of fault. These payments will not exceed the applicable limit of insurance. We will pay reasonable expenses for:

(1) First aid administered at the time of an accident;

(2) Necessary medical, surgical, x-ray and dental services, including prosthetic devices; and

(3) Necessary ambulance, hospital, professional nursing and funeral services.

3. **COVERAGE EXTENSION - SUPPLEMENTARY PAYMENTS**

a. We will pay, with respect to any claim or "suit" we investigate or settle, or any "suit" against an insured we defend:

(1) All expenses we incur.

(2) Up to $1,000 for the cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which Business Liability Coverage for "bodily injury" applies. We do not have to furnish these bonds.

(3) The cost of appeal bonds or bonds to release attachments, but only for bond amounts within the applicable limit of insurance. We do not have to furnish these bonds.

(4) All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to $500 a day because of time off from work.

(5) All costs taxed against the insured in the "suit".

(6) Prejudgment interest awarded against the insured on that part of the judgment we pay. If we make an offer to pay the applicable limit of insurance, we will not pay any prejudgment interest based on that period of time after the offer.

(7) All interest on the full amount of any judgment that accrues after entry of the judgment and before we have paid, offered to pay, or deposited in court the part of the judgment that is within the applicable limit of insurance.

Any amounts paid under (1) through (7) above will not reduce the limits of insurance.

b. If we defend an insured against a "suit" and an indemnitee of the insured is also named as a party to the "suit", we will defend that indemnitee if all of the following conditions are met:

(1) The "suit" against the indemnitee seeks damages for which the insured has assumed the liability of the indemnitee in a contract or agreement that is an "insured contract";

(2) This insurance applies to such liability assumed by the insured;

(3) The obligation to defend, or the cost of the defense of, that indemnitee, has also been assumed by the insured in the same "insured contract";

(4) The allegations in the "suit" and the information we know about the "occurrence" are such that no conflict appears to exist between the interests of the insured and the interest of the indemnitee;

(5) The indemnitee and the insured ask us to conduct and control the defense of that indemnitee against such "suit" and agree that we can assign the same counsel to defend the insured and the indemnitee; and

(6) The indemnitee:

(a) Agrees in writing to:

(i) Cooperate with us in the investigation, settlement or defense of the "suit";

(ii) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the "suit";

(iii) Notify any other insurer whose coverage is available to the indemnitee; and

(iv) Cooperate with us with respect to coordinating other applicable insurance available to the indemnitee; and

(b) Provides us with written authorization to:

(i) Obtain records and other information related to the "suit"; and

(ii) Conduct and control the defense of the indemnitee in such "suit".

So long as the above conditions are met, attorneys' fees incurred by us in the defense of that indemnitee, necessary litigation expenses incurred by us and necessary litigation expenses incurred by the indemnitee at our request will be paid as Supplementary Payments.

Notwithstanding the provisions of Paragraph **1.b.(b)** of Section **B.** – Exclusions, such payments will not be deemed to be damages for "bodily injury" and "property damage" and will not reduce the Limits of Insurance.

Our obligation to defend an insured's indemnitee and to pay for attorneys' fees and necessary litigation expenses as Supplementary Payments ends when:

(1) We have used up the applicable limit of insurance in the payment of judgments or settlements; or

(2) The conditions set forth above, or the terms of the agreement described in Paragraph **(6)** above, are no longer met.

B. EXCLUSIONS

1. Applicable To Business Liability Coverage

Solely for the purpose of liability assumed in an "insured contract", reasonable attorneys' fees and necessary litigation expenses incurred by or for a party other than an insured are deemed to be damages because of "bodily injury" or "property damage" provided:

(i) Liability to such party for, or for the cost of, that party's defense has also been assumed in the same "insured contract", and

(ii) Such attorneys' fees and litigation expenses are for defense of that party against a civil or alternative dispute resolution proceeding in which damages to which this insurance applies are alleged.

This exclusion applies:

(1) Whether the insured may be liable as an employer or in any other capacity; and

(2) To any obligation to share damages with or repay someone else who must pay damages because of the injury.

This exclusion does not apply to liability assumed by the insured under an "insured contract".

(a) At or from any premises, site or location which is or was at any time owned or occupied by, or rented or loaned to any insured. However, this subparagraph does not apply to:

(i) "Bodily injury" if sustained within a building and caused by smoke, fumes, vapor or soot produced by or originating from equipment that is used to heat, cool or dehumidify the building, or equipment that is used to heat water for personal use, by the building's occupants or their guests;

(ii) "Bodily injury" or "property damage" for which you may be held liable, if you are a contractor and the owner or lessee of such premises, site or location has been added to your policy as an additional insured with respect to your ongoing operations performed for that additional insured at that premises, site or location and such premises, site or location is not and never was owned or occupied by, or rented or loaned to, any insured, other than that additional insured; or

However, this subparagraph does not apply to:

(i) "Bodily injury" or "property damage" arising out of the escape of fuels, lubricants or other operating fluids which are needed to perform the normal electrical, hydraulic or mechanical functions necessary for the operation of "mobile equipment" or its parts, if such fuels, lubricants or other operating fluids escape from a vehicle part designed to hold, store or receive them. This exception does not apply if the "bodily injury" or "property damage" arises out of the intentional discharge, dispersal or release of the fuels, lubricants or other operating fluids, or if such fuels, lubricants or other operating fluids are brought on or to the premises, site or location with the intent that they be discharged, dispersed or released as part of the operations being performed by such insured, contractor or subcontractor;

a. Insureds;

b. Claims made or "suits" brought; or

c. Persons or organizations making claims or bringing "suits".

This General Aggregate limit does not apply to "property damage" to premises while rented to you or temporarily occupied by you with permission of the owner, arising out of fire, lightning or explosion.

3. Each Occurrence Limit

Subject to **2.a.** or **2.b** above, whichever applies, the most we will pay for the sum of all damages because of all "bodily injury", "property damage" and medical expenses arising out of any one "occurrence" is the Liability and Medical Expenses Limit shown in the Declarations.

6. How Limits Apply To Additional Insureds

b. The Limits of Insurance shown in the Declarations.

Such amount shall be a part of and not in addition to the Limits of Insurance shown in the Declarations and described in this Section.

The Limits of Insurance of this Coverage Part apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits of Insurance.

E. LIABILITY AND MEDICAL EXPENSES GENERAL CONDITIONS

1. Bankruptcy

Bankruptcy or insolvency of the insured or of the insured's estate will not relieve us of our obligations under this Coverage Part.

2. Duties In The Event Of Occurrence, Offense, Claim Or Suit

a. Notice Of Occurrence Or Offense

You or any additional insured must see to it that we are notified as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, notice should include:

(1) How, when and where the "occurrence" or offense took place;

(2) The names and addresses of any injured persons and witnesses; and

(3) The nature and location of any injury or damage arising out of the "occurrence" or offense.

b. Notice Of Claim

If a claim is made or "suit" is brought against any insured, you or any additional insured must:

(1) Immediately record the specifics of the claim or "suit" and the date received; and

(2) Notify us as soon as practicable.

You or any additional insured must see to it that we receive a written notice of the claim or "suit" as soon as practicable.

c. Assistance And Cooperation Of The Insured

You and any other involved insured must:

(1) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the claim or "suit";

(2) Authorize us to obtain records and other information;

(3) Cooperate with us in the investigation, settlement of the claim or defense against the "suit"; and

(4) Assist us, upon our request, in the enforcement of any right against any person or organization that may be liable to the insured because of injury or damage to which this insurance may also apply.

d. Obligations At The Insured's Own Cost

No insured will, except at that insured's own cost, voluntarily make a payment, assume any obligation, or incur any expense, other than for first aid, without our consent.

e. Additional Insured's Other Insurance

If we cover a claim or "suit" under this Coverage Part that may also be covered by other insurance available to an additional insured, such additional insured must submit such claim or "suit" to the other insurer for defense and indemnity.

However, this provision does not apply to the extent that you have agreed in a written contract, written agreement or permit that this insurance is primary and non-contributory with the additional insured's own insurance.

f. Knowledge Of An Occurrence, Offense, Claim Or Suit

Paragraphs **a.** and **b.** apply to you or to any additional insured only when such "occurrence", offense, claim or "suit" is known to:

(1) You or any additional insured that is an individual;

(2) Any partner, if you or an additional insured is a partnership;

(3) Any manager, if you or an additional insured is a limited liability company;

(4) Any "executive officer" or insurance manager, if you or an additional insured is a corporation;

(5) Any trustee, if you or an additional insured is a trust; or

(6) Any elected or appointed official, if you or an additional insured is a political subdivision or public entity.

This Paragraph **f.** applies separately to you and any additional insured.

3. **Financial Responsibility Laws**

   a. When this policy is certified as proof of financial responsibility for the future under the provisions of any motor vehicle financial responsibility law, the insurance provided by the policy for "bodily injury" liability and "property damage" liability will comply with the provisions of the law to the extent of the coverage and limits of insurance required by that law.

   b. With respect to "mobile equipment" to which this insurance applies, we will provide any liability, uninsured motorists, underinsured motorists, no-fault or other coverage required by any motor vehicle law. We will provide the required limits for those coverages.

4. **Legal Action Against Us**

   No person or organization has a right under this Coverage Form:

   a. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or

   b. To sue us on this Coverage Form unless all of its terms have been fully complied with.

   A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured; but we will not be liable for damages that are not payable under the terms of this insurance or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

5. **Separation Of Insureds**

   Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this policy to the first Named Insured, this insurance applies:

   a. As if each Named Insured were the only Named Insured; and

   b. Separately to each insured against whom a claim is made or "suit" is brought.

6. **Representations**

   a. When You Accept This Policy

   By accepting this policy, you agree:

   (1) The statements in the Declarations are accurate and complete;

   (2) Those statements are based upon representations you made to us; and

   (3) We have issued this policy in reliance upon your representations.

   b. Unintentional Failure To Disclose Hazards

   If unintentionally you should fail to disclose all hazards relating to the conduct of your business at the inception date of this Coverage Part, we shall not deny any coverage under this Coverage Part because of such failure.

7. **Other Insurance**

   If other valid and collectible insurance is available for a loss we cover under this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance

   This insurance is primary except when **b.** below applies. If other insurance is also primary, we will share with all that other insurance by the method described in **c.** below.

   b. Excess Insurance

   This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis:

   (1) Your Work

   That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

   (2) Premises Rented To You

   That is fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

   (3) Tenant Liability

   That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner;

   (4) Aircraft, Auto Or Watercraft

   If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion **g.** of Section **A.** – Coverages.

   (5) Property Damage To Borrowed Equipment Or Use Of Elevators

   If the loss arises out of "property damage" to borrowed equipment or the use of elevators to the extent not subject to Exclusion **k.** of Section **A.** – Coverages.

(6) When You Are Added As An Additional Insured To Other Insurance

That is other insurance available to you covering liability for damages arising out of the premises or operations, or products and completed operations, for which you have been added as an additional insured by that insurance; or

(7) When You Add Others As An Additional Insured To This Insurance

That is other insurance available to an additional insured.

However, the following provisions apply to other insurance available to any person or organization who is an additional insured under this Coverage Part:

(a) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract, written agreement or permit that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in **c.** below.

(b) Primary And Non-Contributory To Other Insurance When Required By Contract

If you have agreed in a written contract, written agreement or permit that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs **(a)** and **(b)** do not apply to other insurance to which the additional insured has been added as an additional insured.

When this insurance is excess, we will have no duty under this Coverage Part to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and

(2) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach, each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

8. Transfer Of Rights Of Recovery Against Others To Us

a. Transfer Of Rights Of Recovery

If the insured has rights to recover all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them. This condition does not apply to Medical Expenses Coverage.

b. Waiver Of Rights Of Recovery (Waiver Of Subrogation)

If the insured has waived any rights of recovery against any person or organization for all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, we also waive that right, provided the insured waived their rights of recovery against such person or organization in a contract, agreement or permit that was executed prior to the injury or damage.

F. OPTIONAL ADDITIONAL INSURED COVERAGES

If listed or shown as applicable in the Declarations, one or more of the following Optional Additional Insured Coverages also apply. COMMERCIAL AUTOMOBILE BROAD FORM ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

To the extent that the provisions of this endorsement provide broader benefits to the "insured" than other provisions of the Coverage Form, the provisions of this endorsement apply.

1. BROAD FORM INSURED

A. Subsidiaries and Newly Acquired or Formed Organizations

The Named Insured shown in the Declarations is amended to include:

(1) Any legal business entity other than a partnership or joint venture, formed as a subsidiary in which you have an ownership interest of more than 50% on the effective date of the Coverage Form. However, the Named Insured does not include any subsidiary that is an "insured" under any other automobile policy or would be an "insured" under such a policy but for its termination or the exhaustion of its Limit of Insurance.

(2) Any organization that is acquired or formed by you and over which you maintain majority ownership. However, the Named Insured does not include any newly formed or acquired organization:

(a) That is a partnership or joint venture,

(b) That is an "insured" under any other policy,

(c) That has exhausted its Limit of Insurance under any other policy, or

(d) 180 days or more after its acquisition or formation by you, unless you have given us notice of the acquisition or formation.

Coverage does not apply to "bodily injury" or "property damage" that results from an "accident" that occurred before you formed or acquired the organization.

B. Employees as Insureds

Paragraph A.1. - WHO IS AN INSURED - of SECTION II - LIABILITY COVERAGE is amended to add:

d. Any "employee" of yours while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

C. Lessors as Insureds

Paragraph A.1. - WHO IS AN INSURED - of Section II - Liability Coverage is amended to add:

e. The lessor of a covered "auto" while the "auto" is leased to you under a written agreement if:

(1) The agreement requires you to provide direct primary insurance for the lessor and

(2) The "auto" is leased without a driver.

Such a leased "auto" will be considered a covered "auto" you own and not a covered "auto" you hire.

D. Additional Insured if Required by Contract

(1) Paragraph A.1. - WHO IS AN INSURED - of Section II - Liability Coverage is amended to add:

f. When you have agreed, in a written contract or written agreement, that a person or organization be added as an additional insured on your business auto policy, such person or organization is an "insured", but only to the extent such person or organization is liable for "bodily injury" or "property damage" caused by the conduct of an "insured" under paragraphs a. or b. of Who Is An Insured with regard to the ownership, maintenance or use of a covered "auto."

© 2011, The Hartford (Includes copyrighted material of ISO Properties, Inc., with its permission.)

The insurance afforded to any such additional insured applies only if the "bodily injury" or "property damage" occurs:

(1) During the policy period, and

(2) Subsequent to the execution of such written contract, and

(3) Prior to the expiration of the period of time that the written contract requires such insurance be provided to the additional insured.

(2) How Limits Apply

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the most we will pay on behalf of such additional insured is the lesser of:

(a) The limits of insurance specified in the written contract or written agreement; or

(b) The Limits of Insurance shown in the Declarations.

Such amount shall be a part of and not in addition to Limits of Insurance shown in the Declarations and described in this Section.

(3) Additional Insureds Other Insurance

If we cover a claim or "suit" under this Coverage Part that may also be covered by other insurance available to an additional insured, such additional insured must submit such claim or "suit" to the other insurer for defense and indemnity.

However, this provision does not apply to the extent that you have agreed in a written contract or written agreement that this insurance is primary and non-contributory with the additional insured's own insurance.

(4) Duties in The Event Of Accident, Claim, Suit or Loss

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the additional insured shall be required to comply with the provisions in LOSS CONDITIONS 2. - DUTIES IN THE EVENT OF ACCIDENT, CLAIM , SUIT OR LOSS – OF SECTION IV – BUSINESS AUTO CONDITIONS, in the same manner as the Named Insured.

E. Primary and Non-Contributory if Required by Contract

Only with respect to insurance provided to an additional insured in 1.D. - Additional Insured If Required by Contract, the following provisions apply:

(3) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract or written agreement that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in Other Insurance 5.d.

(4) Primary And Non-Contributory To Other Insurance When Required By Contract

If you have agreed in a written contract or written agreement that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs **(3)** and **(4)** do not apply to other insurance to which the additional insured has been added as an additional insured.

When this insurance is excess, we will have no duty to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and

(2) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, by the method described in Other Insurance 5.d.

2. AUTOS RENTED BY EMPLOYEES

Any "auto" hired or rented by your "employee" on your behalf and at your direction will be considered an "auto" you hire.

The OTHER INSURANCE Condition is amended by adding the following:

© 2011, The Hartford (Includes copyrighted material of ISO Properties, Inc., with its permission.)

If an "employee's" personal insurance also applies on an excess basis to a covered "auto" hired or rented by your "employee" on your behalf and at your direction, this insurance will be primary to the "employee's" personal insurance.

3. **AMENDED FELLOW EMPLOYEE EXCLUSION**

   EXCLUSION 5. - FELLOW EMPLOYEE - of SECTION II - LIABILITY COVERAGE does not apply if you have workers' compensation insurance in-force covering all of your "employees".

   Coverage is excess over any other collectible insurance.

4. **HIRED AUTO PHYSICAL DAMAGE COVERAGE**

   If hired "autos" are covered "autos" for Liability Coverage and if Comprehensive, Specified Causes of Loss, or Collision coverages are provided under this Coverage Form for any "auto" you own, then the Physical Damage Coverages provided are extended to "autos" you hire or borrow, subject to the following limit.

   The most we will pay for "loss" to any hired "auto" is:

   (1) $100,000;

   (2) The actual cash value of the damaged or stolen property at the time of the "loss"; or

   (3) The cost of repairing or replacing the damaged or stolen property,

   whichever is smallest, minus a deductible. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage. No deductible applies to "loss" caused by fire or lightning. Hired Auto Physical Damage coverage is excess over any other collectible insurance. Subject to the above limit, deductible and excess provisions, we will provide coverage equal to the broadest coverage applicable to any covered "auto" you own.

   We will also cover loss of use of the hired "auto" if it results from an "accident", you are legally liable and the lessor incurs an actual financial loss, subject to a maximum of $1000 per "accident".

   This extension of coverage does not apply to any "auto" you hire or borrow from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company), or members of their households.

5. **PHYSICAL DAMAGE - ADDITIONAL TEMPORARY TRANSPORTATION EXPENSE COVERAGE**

   Paragraph A.4.a. of SECTION III - PHYSICAL DAMAGE COVERAGE is amended to provide a limit of $50 per day and a maximum limit of $1,000.

6. **LOAN/LEASE GAP COVERAGE**

   Under SECTION III - PHYSICAL DAMAGE COVERAGE, in the event of a total "loss" to a covered "auto", we will pay your additional legal obligation for any difference between the actual cash value of the "auto" at the time of the "loss" and the "outstanding balance" of the loan/lease.

   "Outstanding balance" means the amount you owe on the loan/lease at the time of "loss" less any amounts representing taxes; overdue payments; penalties, interest or charges resulting from overdue payments; additional mileage charges; excess wear and tear charges; lease termination fees; security deposits not returned by the lessor; costs for extended warranties, credit life Insurance, health, accident or disability insurance purchased with the loan or lease; and carry-over balances from previous loans or leases.

7. **AIRBAG COVERAGE**

   Under Paragraph B. EXCLUSIONS - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

   The exclusion relating to mechanical breakdown does not apply to the accidental discharge of an airbag.

8. **ELECTRONIC EQUIPMENT - BROADENED COVERAGE**

   a. The exceptions to Paragraphs B.4 - EXCLUSIONS - of SECTION III - PHYSICAL DAMAGE COVERAGE are replaced by the following:

      Exclusions **4.c.** and **4.d.** do not apply to equipment designed to be operated solely by use of the power from the "auto's" electrical system that, at the time of "loss", is:

      (1) Permanently installed in or upon the covered "auto";

      (2) Removable from a housing unit which is permanently installed in or upon the covered "auto";

      (3) An integral part of the same unit housing any electronic equipment described in Paragraphs (1) and (2) above; or

© 2011, The Hartford (Includes copyrighted material of ISO Properties, Inc., with its permission.)

(4) Necessary for the normal operation of the covered "auto" or the monitoring of the covered "auto's" operating system.

(1) Permanently installed in or upon the covered "auto" in a housing, opening or other location that is not normally used by the "auto" manufacturer for the installation of such equipment;

(2) Removable from a permanently installed housing unit as described in Paragraph 2.a. above or is an integral part of that equipment; or

(3) An integral part of such equipment.

c. For each covered "auto", should loss be limited to electronic equipment only, our obligation to pay for, repair, return or replace damaged or stolen electronic equipment will be reduced by the applicable deductible shown in the Declarations, or $250, whichever deductible is less.

9. EXTRA EXPENSE - BROADENED COVERAGE

Under Paragraph A. - COVERAGE - of SECTION III - PHYSICAL DAMAGE COVERAGE, we will pay for the expense of returning a stolen covered "auto" to you.

10. GLASS REPAIR - WAIVER OF DEDUCTIBLE

Under Paragraph D. - DEDUCTIBLE - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

No deductible applies to glass damage if the glass is repaired rather than replaced.

11. TWO OR MORE DEDUCTIBLES

Under Paragraph D. - DEDUCTIBLE - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

If another Hartford Financial Services Group, Inc. company policy or coverage form that is not an automobile policy or coverage form applies to the same "accident", the following applies:

(1) If the deductible under this Business Auto Coverage Form is the smaller (or smallest) deductible, it will be waived;

(2) If the deductible under this Business Auto Coverage Form is not the smaller (or smallest) deductible, it will be reduced by the amount of the smaller (or smallest) deductible.

The requirement in LOSS CONDITIONS 2.a. - DUTIES IN THE EVENT OF ACCIDENT,CLAIM, SUIT OR LOSS - of SECTION IV - BUSINESS AUTO CONDITIONS that you must notify us of an "accident" applies only when the "accident" is known to:

(1) You, if you are an individual;

(4) An executive officer or insurance manager, if you are a corporation.

13. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

If you unintentionally fail to disclose any hazards existing at the inception date of your policy, we will not deny coverage under this Coverage Form because of such failure.

14. HIRED AUTO - COVERAGE TERRITORY

Paragraph e. of GENERAL CONDITIONS 7. - POLICY PERIOD, COVERAGE TERRITORY - of SECTION IV - BUSINESS AUTO CONDITIONS is replaced by the following:

e. For short-term hired "autos", the coverage territory with respect to Liability Coverage is anywhere in the world provided that if the "insured's" responsibility to pay damages for "bodily injury" or "property damage" is determined in a "suit," the "suit" is brought in the United States of America, the territories and possessions of the United States of America, Puerto Rico or Canada or in a settlement we agree to.

b. The auto must be replaced and a copy of a bill of sale or new lease agreement received by us within 60 calendar days of the date of "loss,"

c. Regardless of the number of autos deemed a total loss, the most we will pay under this Hybrid, Electric, or Natural Gas Vehicle Payment Coverage provision for any one "loss" is $10,000.

For the purposes of the coverage provision,

BACKGROUND

Charles "Chuck" Stagner is a long-time experienced construction inspector with over 42 years of experience that also includes his work in serving as a foreman and a superintendent when required. His strong leadership skills as developed through his work history and past experiences has made him accustomed to handling diverse responsibilities and resourcefully implementing his job tasks while on any given project. As part of his experience, Chuck has obtained in-depth knowledge of California State and County Public Works regulations and procedures, including knowledge in the California Manual on Uniform Traffic Control Devices (MUTCD), California Stormwater Pollution Protection Plans (SWPPP) and Occupational Safety and Health Administration (OSHA) guidelines. Chuck has also overseen the everyday activities of public works and private projects, including all aspects of project cost controls, estimating and bidding, scheduling of equipment, and employees and business activities on as high as $1 million dollar pojects. He has the ability to work independently, or as a team player working with individuals at all levels. Chuck ambitiously desires to utilize his skills and experience in the construction field and help provide leadership to others.

EXPERIENCE

CALTRANS, PRIVATE & PERMIT PROJECTS

The City of **HUNTINGTON BEACH**

Chuck provided construction management services in implementing construction improvements and rehabilitation on civil roadways and streets within the City of Huntington Beach. The work was conducted on behalf of Caltrans on public permitting and private projects that consisted of maintaining budget controls, responding to and making recommendations on RFIs and RFQs, and conducting weekly and monthly meetings. On these civil road improvement projects, Chuck was tasked with verifying that each project accurately followed the California Manual on Uniform Traffic Control Devices (MUTCD), California Stormwater Pollution Protection Plans (SWPPP) and Occupational Safety and Health Administration (OSHA) guide lines throughout the construction process. Chuck also coordinated and consolidated between stakeholder agencies and the contractor, effected residences and local businesses as the main contact liason.

EAST 19TH ST. SAFE ROUTE TO SCHOOL PROJECT- FROM CHURCH ST. TO IRVINE AVE.

The City of **COSTA MESA**

Chuck provided construction management services on the East 19th Safe Route to School Project for the City of Costa Mesa. This was a federal project requiring continuous documentation and strict compliance with the Caltrans Local Assistance Program Guidelines Manual. The project scope called for 4,700 lineal foot street traffic calming with a total of 7 intersections. Each intersection had bulb-outs at all corners, reducing the street widths to one lane in each direction, which effectively reduced

the traffic speed for the entire segment - thus providing traffic calming. Each of the bulb-outs included landscaping and irrigation to support the plant palette. Each intersection was also repaved after grinding to create acceptable grades. Monuments and supporting lighting were also provided for this segment as well as improved traffic striping to accommodate the sharing of the street with bicycles. Tasks performed by Chuck included finalizing the plans and specifications for bidding purposes, advertising for bids, accepting the bids, and administratively presenting the project to the City Council for award of project to the successful bidder. Chuck provided continuous inspections from the beginning of work through project completion and audit. Other tasks also included the review and approval of project submittals, providing information and updates to the public, preparation of progress payments to the contractor, and continuous coordination with the funding agency. This project cost $1.6M. Construction began in April 2017 and was completed February 2018.

UNDERGROUND UTILITY INSTALLATION AND PS&E

The City of **ANAHEIM**

Chuck served as the Construction Foreman as well as providing construction inspection services within the City of Anaheim where he oversaw Public Works projects. In this capacity, Chuck worked closely alongside the Project Manager on establishing, verifying and implementing project quantities and billings. Additional responsibilities included monitoring project scheduling, oversight of wet and dry underground utility installation, monitoring and coordinating with the subcontractors alongside up to 25 employees. These projects required a complete understanding of the job specifications, RFI's, and OSHA requirements. A highlight project included the $11 million dollar Cathedral City Project,

GRADING, PAVING & UTILITY RELOCATION PROJECTS

The City of **CHATSWORTH**

Chuck provided his skills and abilities in construction inspection services to the Los Angeles County Public Works Department within the City of Chatsworth, where he also would serve in the capacity of both a foreman and superintendent. For these projects, the work consisted of roadway grading and paving, as well as underground utility relocations and retaining structure work. Part of the work Chuck was tasked with required schedule drafting and adjustments, reviewing and making recommendations on as-built plans, verifying billing, coordinating with sub-contractors and coordinating with utility agencies. Chuck also held Business Management Professional certification through the course of his services.

MOULTON NIGUEL WATER & IRVINE RANCH WATER PROJECTS

The City of **LAKE FOREST**

Chuck provided construction management services on the Moulton Niguel Water Project and the Irvine Ranch Water Project in the City of Lake Forest. The $1.5 million dollar Moulton Niguel Water Project saw the installation of two 20,000 gallon overflow tanks, and the installation of pipes to the Wood Canyon pump house, along with hot taps on an 8 inch inlet and discharge pipe. For the Irvine Ranch Water Project, the work involved the installation of new Solids Systems to an existing pump house on a budget of $200,000.

ARLINGTON DRIVE IMPROVEMENTS, MEASURE M OCTA & STORM CHANNEL IMPROVEMENT

The City of **COSTA MESA**

Chuck provided construction management services to the City of Costa Mesa on the $4.3 million Arlington Drive Improvements, Measure M OCTA and Storm Channel Improvement Project. This was a project funded by multiple sources including OCTA and Drainage Improvement funds, which required continuous documentation and adherence with OCTA procedures. This project consisted of reducing the potential for major storm damage within the areas west of Newport Boulevard and Arlington Drive behind the Orange County Fairgrounds. Construction included a complete increase in storm drain sizing followed by the construction of a bioswale for low flows and the reduction of pavement through Arlington Drive to a length of 4,800 lineal feet. Additionally, a multi-purpose, bike/pedestrian and skating recreational trail was constructed meandering along the bio-swale south of Arlington Drive, and safety-lit crossings were added to protect pedestrian traffic between the existing schools and a park north of the street crossing to the fairgrounds on the south side. Aesthetically pleasing landscaping along the project length was another positive addition to the affected area. Further tasks included finalizing the plans and specifications for bidding purposes, advertising for bids, and administratively presenting the project to the City Council for award. Chuck provided continuous inspections throughout the project duration. Chuck also reviewed and approved project submittals, interfaced with the public, prepared progress payments to the contractor, and coordinated with the funding agencies.

June 22, 2022

Resolutions Associated with the November 8, 2022 General Municipal Election (Districts 1, 3, and 4) and Special Election (District 5)

Prepared By:

Marc A. Donohue, City Clerk/Communications Director

Recommended Action(s)

Staff recommends that the City Council:

1. Adopt Resolution No. 22-XX, A Resolution of the City Council of the City of Eastvale, California, Calling and Giving Notice of a General Municipal Election and a Special Election to be held on Tuesday, November 8, 2022, and requesting the Board of Supervisors of the County of Riverside to Consolidate the General Municipal Election and the Special Election with the State Wide Election to held on Tuesday, November 8, 2022, for the election of certain officers as required by the provisions of the laws of the State of California related to General Law cities pursuant to Section 10403 of the Elections Code; and
2. Adopt Resolution 22-XX, A Resolution of the City Council of the City of Eastvale, California, Adopting a Regulations for Candidates for Elective Office Pertaining to Candidate's Statements Submitted to the Voters at a General Municipal Election and Special Election to be held Tuesday, November 8, 2022.

Summary

By law, the City is required to hold a General Municipal Election in November of every even numbered year. As with previous elections, this election will be consolidated with the state-wide election with the Riverside County Registrar of Voters. In June 2016, the City transitioned from an at-

large voting system to district based and held its first district election in November 2016. Due to the district based system, the following districts will be up for election this November: District 1 (Mayor Pro Tem Rigby), District 3 (Mayor Lorimore), and District 4 (Councilmember Yow).

Due to the unfortunate passing of Councilmember Ike Bootsma, on June 23, 2021, Councilmember Plott was appointed to fill the District 5 seat until a person is elected to fill the seat at the November 8, 2022 General Municipal Election. The term of this City Council seat will expire in November 2024. A special election is necessary to fill out the remaining term of the vacancy for District 5.

It is important to note that residents in District 2 will not be voting for a City Councilmember in November 2022.

Background

The 2022 General Municipal Election will be held on November 8, 2022. Pursuant to Eastvale Municipal Code Section 2.04.090, the voters in Districts 1, 3, 4, and 5 will commence electing one City Councilmember from each district at the 2022 General Municipal Election and the Special Election. The adoption of the attached resolution calling and giving notice of the election and attached resolution establishing regulations for candidates for elective office is required pursuant to the Elections
Code of the State of California.

The resolution listed as attachment 1, calls and gives notice of the elections and requests the County of Riverside Board of Supervisors to consolidate the general municipal election and special election with the statewide general election. The resolution establishes November 8, 2022 as the date for the election of Councilmembers from District 1, 3, and 4 for the full term of four years and a Councilmember from District 5 for a partial term of two-years. The resolution listed as attachment 2, provides for candidates to pay the full printing costs of the candidate's statement and further includes the general provisions for preparing said statement pursuant to Section 13307 of the Elections Code.

The City transitioned to districts in 2016 and it is important to note that not all registered voters in the City of Eastvale will have a City Council election on their ballot. Only those registered voters in Districts 1, 3, 4, and 5 will have a City Council election on their ballot.

The nomination period will commence on Monday, July 18, 2022 and will conclude on Friday, August 12, 2022. This period is only for those registered voters in either District 1, 3, 4, or 5. Should an incumbent not file and qualify by August 12th, the deadline will extend to Wednesday, August 17, 2022 for everyone in the district affected, except for the incumbent. Prospective candidates are requested to make an appointment with the City Clerk's Office when pulling or filing papers. This will ensure that the City Clerk is available for issuing or filing of papers

Prior City Council/Commission Action

On June 23, 2021, Councilmember Plott was appointed to fill the District 5 seat until a person is elected to fill the remaining term at the November 8, 2022 General Municipal Election. The term of this City Council seat will expire in November 2024.

Contract Amendment for Professional Consulting Services with Michael Baker International

Prepared By:

Gustavo N. Gonzalez, Planning Manager

Recommended Action(s)

Staff recommends that:

1. The City Council approve the fourth and final amendment to the agreement with Michael Baker International; and
2. Authorize the Interim City Manager to execute the contract amendment

Summary

A request to amend the professional services agreement with Michael Baker International for professional consulting services including, but not limited to, comprehensive current and advance planning, environmental review, public outreach and other related services as needed. The request also includes a Consumer Price Index (CPI) increase of up to two and one-half percent (2.5%) for all classification titles.

Background

This is the fourth and final amendment (**Attachment 1**) to the contract. The contract had an initial term of one year with four possible additional one-year extensions of time. The City has exercised three of the possible extensions thus far. The City has no obligation to request any services under this Contract. Actual work performed will be determined and approved by the Interim City Manager or his designee.

Compensation

The proposed fourth amendment to the agreement includes a Consumer Price Index (CPI) increase of up to two and one-half percent (2.5%) for all classification titles. Last year Michael Baker International requested a five percent (5%) rate increase. The only other CPI increase the firm has previously received under this contract went into effect on July 1, 2019, which included a reorganization of classification titles and an overall average hourly rate increase of five percent (5%).

Attachment 2 provides the new hourly rates in comparison to the previous rates. The proposed amendment will not have an overall fiscal impact to the City as the Eastvale 2022-2023 budget anticipates a decrease in the contract amount from the previous year (FY 2021-22). This reduction is attributed in part on the continual development of the Planning Division team, which includes the following in-house positions: Planning Manager, Senior Planner (hired October 2022), Associate Planner, and Planning Technician. Eliminating contract staff in favor of in-house staff results in significant savings to the City. Planning projects previously performed by contract staff will be performed by City staff, resulting in lower contract staff costs. Additional costs saving will be realized through normal attrition.

Disclosure of Prior Service Credit in the California Public Employees Retirement System

As with the third amendment, the fourth amendment includes language to require disclosure of previous employment with a California Public Employee Retirement System (PERS) agency or an agency that has reciprocity with PERS.

Environmental

The proposed contract amendment is not a project as defined by the California environmental Quality Act (CEQA) and as such, no environmental review is required.

Strategic Plan Action - Priority Level: 3 | Target #: 3 | Goal #: 6

Ensure that City revenues align with expenditures.

Fiscal Impact

The 2022-2023 Budget reflects contract costs savings to be realized by continuing to bring positions in-house and eliminating the need to use contract staff to perform planning-related tasks and projects that serve our residents and applicants. The recent hiring of a Senior Planner represents a direct cost savings of $129,729.60 when compared to using contract staff for this position. The remaining contract positions will be reduced to part time service (1,040 hours per year per person or 3,120 hours total) in the area of environmental services pursuant to the California Environmental Quality Act (CEQA) and technical expertise as needed for peer review or grant assistance. Budget is available in fiscal year 2022-23 in the following accounts: 100-300-6431 Planning Services, $51,500; 100-300-6433 Private Land Development, $155,000.

Prior City Council/Commission Action

On June 27, 2018 the City Council entered into an agreement with Michael Baker International for comprehensive planning services for a one-year term with the ability to renew up to four times for a one-year term administratively.

On June 26, 2019, the City Council executed the first amendment to the contract and renewed the contract for one-year, which included a reorganization of classification titles and slight hourly rate increases.

On June 24, 2020, the City Council executed a second amendment to the contract and renewed the contract for one-year, which did not include any changes of classification titles or hourly rates.

On June 9, 2021, the City Council executed a third amendment to the contract and renewed the contract for one-year, which included a Consumer Price Index (CPI) increase of up to five percent (5%) for all classification titles as well as the addition of a Technical Director/Principal title classification.

Additional compensation above the amounts in Exhibit "B" must be approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement.

(b) Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontractor contracts. Subcontractor charges shall be detailed by the following categories: labor, travel, materials, equipment and supplies. If the compensation set forth in subsection (a) and Exhibit "B" include payment of labor on an hourly basis (as opposed to labor and materials being paid as a lump sum), the labor category in each invoice shall include detailed descriptions of task performed and the amount of time incurred for or allocated to that task. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

(c) Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice.

(d) Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

SECTION 5. INSPECTION AND FINAL ACCEPTANCE.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within sixty (60) days after submitted to City. City shall reject work by a timely written explanation, otherwise Contractor's work shall be deemed to have been accepted. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any of Contractor's work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Section 16 "Indemnification" and Section 17 "Insurance."

SECTION 6. OWNERSHIP OF DOCUMENTS.

All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents.

If and to the extent that City utilizes for any purpose not related to this Agreement any maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement, Contractor's guarantees and warranties in Section 9 "Standard of Performance" of this Agreement shall not extend to such use of the maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents, nor shall Contractor be held liable for any utilization by City of work product for purposes outside their original intent.

All final work product developed by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such final work product if paid for by the City. This provision specifically excludes Contractors' work notes and drafts, which are owned by Contractor, not City.

SECTION 7. CONTRACTOR'S BOOKS AND RECORDS.

(a) Contractor shall maintain any and all documents and records demonstrating or relating to Contractor's performance of the Services. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to work, services, expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the services provided by Contractor pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to audits of public agencies and their expenditures. In accordance with California Government Code Section 8546.7, if the total compensation in Section 4 exceeds ten thousand dollars ($10,000.00), this Agreement and the Contractor's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

(b) Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, at any time during regular business hours, upon written request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

(c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or discarded due to dissolution or termination of Contractor's business, City may, by written request, require that custody of such documents or records be given to the City. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

SECTION 8. INDEPENDENT CONTRACTOR.

(a) Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City.

(b) The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Contractor or any of Contractor's officers, employees, or agents except as set forth in this Agreement. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's officers, employees, or agents are in any manner officials, officers, employees or agents of City.

(c) Neither Contractor , nor any of Contractor's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor may have to any such rights.

SECTION 9. STANDARD OF PERFORMANCE.

Contractor represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent and professional manner. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all Services. In meeting its obligations under this Agreement, Contractor shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to the Services required of Contractor under this Agreement. In addition to the general standards of performance set forth this section, additional specific standards of performance and performance criteria may be set forth in Exhibit

"A" "Scope of Work" that shall also be applicable to Contractor's work under this Agreement. Where there is a conflict between a general and a specific standard of performance or performance criteria, the specific standard or criteria shall prevail over the general.

SECTION 10. COMPLIANCE WITH APPLICABLE LAWS; PERMITS AND LICENSES.

Contractor shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules in effect during the term of this Agreement. Contractor shall obtain any and all licenses, permits and authorizations necessary to perform the Services set forth in this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable, at law or in equity, as a result of any failure of Contractor to comply with this section.

SECTION 11. PREVAILING WAGE LAWS

It is the understanding of City and Contractor that California prevailing wage laws do not apply to this Agreement because the Agreement does not involve any of the following services subject to prevailing wage rates pursuant to the California Labor Code or regulations promulgated thereunder: Construction, alteration, demolition, installation, or repair work performed on public buildings, facilities, streets or sewers done under contract and paid for in whole or in part out of public funds. In this context, "construction" includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

SECTION 12. NONDISCRIMINATION.

Contractor shall not discriminate, in any way, against any person on the basis of race, color, religious creed, national origin, ancestry, sex, age, physical handicap, medical condition or marital status in connection with or related to the performance of this Agreement.

SECTION 13. UNAUTHORIZED ALIENS.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of the Services, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

SECTION 14. CONFLICTS OF INTEREST.

(a) Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any

manner with the interests of City or which would in any way hinder Contractor's performance of the Services. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

(b) City understands and acknowledges that Contractor is, as of the date of execution of this Agreement, independently involved in the performance of non-related services for other governmental agencies and private parties. Contractor is unaware of any stated position of City relative to such projects. Any future position of City on such projects shall not be considered a conflict of interest for purposes of this section.

(c) City understands and acknowledges that Contractor will perform non-related services for other governmental agencies and private Parties following the completion of the Services under this Agreement. Any such future service shall not be considered a conflict of interest for purposes of this section.

SECTION 15. CONFIDENTIAL INFORMATION; RELEASE OF INFORMATION.

(a) All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the City Manager, except as may be required by law.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors, be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding.

Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response. Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in confidence to a Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law or for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

SECTION 16. INDEMNIFICATION.

(a) Indemnification for Professional Liability. Where the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys fees and costs, court costs, interest, defense costs, and expert witness fees) where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, any negligent or wrongful act, error or omission of Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor, in the performance of professional services under this Agreement.

(b) Indemnification for Other than Professional Liability. Other than in the performance of professional services and to the full extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor.

(c) Indemnification from Subcontractors. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement naming the Indemnified Parties as additional indemnitees. In the event Contractor fails to obtain such indemnity obligations from others as required herein, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set

forth herein is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

(d) City's Negligence. The provisions of this section do not apply to claims occurring as a result of City's sole negligence. The provisions of this section shall not release City from liability arising from gross negligence or willful acts or omissions of City or any and all of its officials, employees and agents.

SECTION 17. INSURANCE.

Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Exhibit "C" "Insurance" and made a part of this Agreement. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

SECTION 18. ASSIGNMENT.

The expertise and experience of Contractor are material considerations for this Agreement. City has an interest in the qualifications and capability of the persons and entities who will fulfill the duties and obligations imposed upon Contractor under this Agreement. In recognition of that interest, Contractor shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Contractor's duties or obligations under this Agreement without the prior written consent of the City. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling City to any and all remedies at law or in equity, including termination of this Agreement pursuant to Section 20 "Termination of Agreement." City acknowledges, however, that Contractor, in the performance of its duties pursuant to this Agreement, may utilize subcontractors.

SECTION 19. CONTINUITY OF PERSONNEL.

Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the Services. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the Services prior to and during any such performance.

SECTION 20. TERMINATION OF AGREEMENT.

(a) City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Contractor. In the event such notice is given, Contractor shall cease immediately all work in progress.

(b) Contractor may terminate this Agreement for cause at any time upon thirty (30) days written notice of termination to City.

(c) If either Contractor or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Contractor, or City may terminate this Agreement immediately upon written notice.

(d) Upon termination of this Agreement by either Contractor or City, all property belonging exclusively to City which is in Contractor's possession shall be returned to City. Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 "Compensation and Method of Payment" of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 "Compensation and Method of Payment" of this Agreement.

SECTION 21. DEFAULT.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under Section 20 "Termination of Agreement." Any failure on the part of the City to give notice of the Contractor's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

SECTION 22. EXCUSABLE DELAYS.

Contractor shall not be liable for damages, , caused by delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

SECTION 23. COOPERATION BY CITY.

All public information, data, reports, records, and maps as are existing and available to City as public records, and which are necessary for carrying out the Services shall be furnished to Contractor in every reasonable way to facilitate, without undue delay, the Services to be performed under this Agreement.

SECTION 24. NOTICES.

Each Party hereto agrees to defend, indemnify, and hold harmless the other Parties hereto against all claims, suits, actions, and demands, including necessary expenses of investigation and reasonable attorneys' fees and costs, arising out of claims that its signatory was not competent or so authorized to execute this Agreement.

SECTION 26. ADMINISTRATION AND IMPLEMENTATION.

This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with Section 28 "Amendment" and the City Manager's contracting authority under the Eastvale Municipal Code.

SECTION 27. BINDING EFFECT.

This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

SECTION 28. AMENDMENT.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City. The City Manager shall have the authority to approve any amendment to this Agreement if the total compensation under this Agreement, as amended, would not exceed the City Manager's contracting authority under the Eastvale Municipal Code. The Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void.

The City's City Manager may, but is not required to, make minor amendments not affecting substantive terms without further authorization from the City Council. The City Council hereby authorizes the City Manager to execute any such amendments as required by this Agreement or that do not otherwise reduce City's rights under this Agreement. All other amendments shall be approved by the City Council.

SECTION 29. WAIVER.

Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision nor a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

SECTION 30. LAW TO GOVERN; VENUE.

This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the Parties, venue in state trial courts shall lie exclusively in the County of Riverside, California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Riverside.

SECTION 31. ATTORNEYS FEES, COSTS AND EXPENSES.

In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing Party in such litigation or other proceeding shall be entitled to an award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

SECTION 32. ENTIRE AGREEMENT.

This Agreement, including the attached Exhibits "A" through "C", is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid and binding.

SECTION 33. SEVERABILITY.

If any term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

SECTION 34. CONFLICTING TERMS.

Except as otherwise stated herein, if the terms of this Agreement conflict with the terms of any Exhibit hereto, or with the terms of any document incorporated by reference into this Agreement, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

Staff recommends that the City Council approve a Resolution Amending the 2022-23 Fiscal Year Budget by $96,334 to accommodate Senate Bill (SB) 1383 Local Assistance Grant Funding.

Summary

The Department of Resources Recycling and Recovery (CalRecycle) awarded the City $96,334.00 through the SB 1383 Local Assistance Grant Program. Staff requests that Council approve a budget resolution amending the 2022-23 fiscal year expenditure budget by $96,334.00 to accommodate the grant funds.

Background

In September 2016, Governor Brown signed into law Senate Bill 1383 (Chapter 395, Statutes of 2016) establishing methane emissions reduction targets in a statewide effort to reduce emissions of short-lived climate pollutant in various sectors of California's economy. SB 1383 establishes targets to achieve a 50 percent reduction in the level of the statewide disposal of organic waste from the 2014 level by 2020 and a 75 percent reduction by 2025.

CalRecycle is administering a one-time non-competitive grant program to assist jurisdictions with the implementation of regulation requirements associated with SB 1383. Regulation requirements include, but are not limited to the following: capacity planning and collection, edible food recovery, education, enforcement and inspection, program evaluation, procurement, and record keeping.

The City of Eastvale was awarded $96,334.00 based on CalRecycle per capita calculations; the award was receipted during the 2021-22 fiscal year.

Prepared By:
Maricela Mejia, Human Resources & Risk Manager

Recommended Action(s)
Staff recommends that the City Council adopt a Resolution to update the City of Eastvale's Injury and Illness Prevention Program (IIPP).

Summary
The City of Eastvale is committed to creating a safe and healthful work environment by providing the highest level of protection to employees and the public at all City of Eastvale worksites. The City has developed an Injury and Illness Prevention Program (IIPP) in accordance with the California Occupational Safety and Health Act (Cal/OSHA) of 1973. The IIPP aims to minimize the exposure of our employees to health and safety risks including injuries, accidents, illnesses, property damage, and releases of hazardous substances.

The Injury and Illness Prevention Program helps achieve a safe and healthy work environment through the following eight (8) elements:

1. Safety Responsibilities
2. Safety Communication
3. Employee Compliance with Safe Work Practices
4. Hazard Assessment and Inspection
5. Accident/Exposure Investigation
6. Hazard Correction
7. Training and Instruction

The Safety Coordinator, (Human Resources & Risk Manager), has the authority and responsibility for implementing the program; however, employees at all levels of the organization are responsible for adhering to the elements of the program, maintaining safe working conditions and practices, and complying with safety rules and procedures outlined in the IIPP. The IIPP has been approved and vetted by the Public Employers Risk Management Authority (PERMA).

Background

The City Council originally adopted an Injury and Illness Prevention Program on October 1, 2010, through Resolution No. 10-23. Changes in state law and requirements of the Injury and Illness Prevention Program required the City to adopt a revised program to remain in compliance on December 11, 2013 through Resolution 13-42 and on September 23, 2021 through Resolution 20-67. The newly revised IIPP will provide a more condensed and direct program that maintains a safe and healthful workplace for the City's employees to better serve our community.

ACCIDENT/INJURY INVESTIGATION FORMS

Accident/Injury investigation forms/statements consist of the Employee's Report of Injury, Accident Witness Statement, and Supervisor Accident Investigation forms. The Supervisor should notify the Safety Coordinator of any accident or near-miss incident that could have resulted in an accident. The Safety Coordinator will then provide the Accident Investigation forms to the appropriate individuals for completion.

IMPORTANT - Obtaining signed statements as soon as possible following an accident ensures that the employer has an accurate account of how the accident/injury occurred, helps correct hazards to prevent the accident/injury from recurring, and assures the employee's claim is documented.

After I have these forms completed, what do I do with them?

1. **For all accidents, injuries, or near-miss incidents** (regardless of the outcome): The Supervisor should complete any corrective actions identified during the investigation to prevent recurrence of the incident, and document this on the Supervisor's Accident Investigation form. The Supervisor should keep copies of all the forms for future reference. The original should be submitted to the Safety Coordinator.

2. **For all near-miss incidents**
   In addition to step 1 above:
   - Notify and submit the original Accident/Injury Investigation forms to the Safety Coordinator.

3. **For all accidents that result in the employee filing a workers' compensation claim**
   In addition to step 1 above:
   - Notify and submit the original Accident Investigation forms to the Safety Coordinator. The Safety Coordinator will supply the Supervisor with the Employer's Report of Occupational Injury or Illness (Form 5020) and the Workers' Compensation Claim Form (DWC 1). These forms must be completed within one business day and submitted to the Safety Coordinator.
   - The Safety Coordinator will open a claim with the City's workers compensation provider and will keep the Supervisor apprised of the status of the claim.

4. **For accidents that result in a fatality or a serious injury** (i.e. any injury or illness occurring in the place of employment or in connection with any employment that requires inpatient hospitalization for other than medical observation or diagnostic testing, or in which an employee suffers an amputation, the loss of an eye, or any serious degree of permanent disfigurement, but does not include any injury or illness caused by an accident on a public street or highway, unless the accident occurred in a construction zone.): in addition to steps 1 and 2 above, the Safety Coordinator or City Manager must notify the nearest Cal/OSHA District office within eight (8) hours. The Cal/OSHA District for the City of Eastvale is:

   Cal/OSHA – San Bernardino
   464 W. 4th Street, Suite 232
   San Bernardino, CA 92401

What if the injured employee is physically unable to fill out the Employee's Report of Injury?
Use common sense and good judgment. If the injury is severe, remember the employee's health and care is first and foremost. If possible, have the form filled out at a later, more appropriate time when the employee is physically able to document the accident.

What if the employee refuses to fill out or sign an Employee's Report of Injury?
Of course, you cannot make an employee fill out the document. You can, however, stress the importance of getting their account of the accident to help prevent the injury from happening again. Also, obtain the Supervisor's report as well as any witness statements.

5. **For all accidents involving a City Vehicle.**
   In addition to step 1 above:
   - Stop immediately, avoid obstructing traffic if possible. Set out emergency flares and other warning devices to oncoming traffic unless personal safety is jeopardized.
   - Offer to get aid - do not move an injured party unless it is for their protection.
   - ALWAYS notify law enforcement and obtain a police report, no matter how minor you believe the incident to be.
   - Notify your supervisor and the Safety Coordinator immediately.
   - Get witnesses. Pass out Witness Information Cards and collect upon completion.
   - Do not discuss the accident with anyone except law enforcement, representatives from the City of Eastvale, or PERMA, and only after each has presented proper identification. Sign no papers except from one of the aforementioned.
   - NEVER admit liability or agree to pay for damages.
   - Be courteous at scene of accident, do not argue. Show your driver's license willingly.
   - Submit a completed Vehicle Accident Report to your supervisor and Safety Coordinator immediately after you return to the office, or place of work.
   - Take photos of vehicles, damaged property, drivers, and passengers

Summary

The Districts fund annual maintenance activities at various sites including maintenance servicing and operation of streetlights, maintenance and servicing of catch basin filtration system improvements and operation and maintenance of traffic signals.

Background

Landscaping and Lighting Maintenance Districts No. 89-1 Consolidated, No. 2014-1, No. 2014-3, No. 2014-4, Illumination District No. 2 (Subareas: 35, 42, 46, 49, and 55), Lighting Maintenance District No. 98-2, Lighting Maintenance District No. 2001-1 (Zones: G, S, and W), Lighting Maintenance District No. 2001-2 (Zones: A-H, J-K, and M), and Lighting Maintenance District No. 2001-3 (Zones: A-MMM), and Benefit Assessment District No. 2014-2 (the "Districts") are special financing districts established to fund specific maintenance activities. Properties within the Districts receive special benefit from the maintenance activities and are assessed annually to fund those maintenance activities. The annual budget and assessment calculation are prepared and presented in the form of annual reports. Following a Public Hearing, the adoption of these resolutions orders the levy of the annual assessments for Fiscal Year 2022-23.

Illumination District No. 2 (Subareas: 35, 42, 46, 49, and 55), Lighting Maintenance District No. 98-2, Lighting Maintenance District No. 2001-1 (Zones: G, S, and W), Lighting Maintenance District No. 2001-2 (Zones: A-H, J-K, and M), and Lighting Maintenance District No. 2001-3 (Zones: A-MMM) were recently transferred from Jurupa Community Services District to the City during the current fiscal year. These districts support operations and maintenance relating to the city's streetlights. This is the first year the city will assess for these particular districts.

Environmental

Government fiscal activities related to special assessment districts are not considered a Project as defined by the California Environmental Quality Act (CEQA) and environmental review is not required.

Strategic Plan Action - Priority Level: 3 | Target #: 3 | Goal #: 6

Ensure that City revenues align with expenditures

Fiscal Impact

Costs associated with the preparation of the annual reports and the annual levy and collection of assessments is charged to the Districts. Failure to approve the accompanying resolutions would result in an inability to collect the annual assessment which totals approximately $922,140.

Prior City Council/Commission Action

City Council approved resolutions for the Districts declaring the intent to levy, setting the Public Hearing for June 22, 2022 and preliminarily approving the Annual Reports on June 8, 2022.

1. ASSESSMENT SUMMARY

On March 23, 2022, the City Council of the City of Eastvale (the "City"), under the Landscaping and Lighting Act of 1972 (the "1972 Act") adopted its Resolution No. 22-15, a Resolution Initiating Proceedings for the Annual Levy and Collection of Assessments and Ordering the Preparation of an Annual Report for the following districts: Landscaping and Lighting Maintenance District No. 89-1 Consolidated ("LLMD 89-1C"), Landscape and Lighting Maintenance District No. 2014-1 (Tract 36382) ("LLMD 2014-1"), Landscape and Lighting Maintenance District No. 2014-3 (Tract 36423) ("LLMD 2014-3") and Landscape and Lighting Maintenance District No. 2014-4 (Parcel Map 35865) ("LLMD 2014-1") (collectively the "Districts") for Fiscal Year 2022/23.

The Resolution Initiating Proceedings directed NBS to prepare and file an Annual Report for Fiscal Year 2022/23 pursuant to the requirements of the 1972 Act. The Annual Report presents the plans and specifications describing the general nature, location and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operations and servicing of the improvements for the Districts for the referenced fiscal year, diagrams for the Districts, showing the area and properties proposed to be assessed, and an assessment of the estimated costs of the maintenance, operations, and servicing the improvements, assessing the net amount upon all assessable lots and/or parcels in the Districts in proportion to the special benefit received.

The following assessment is proposed to be authorized in order to pay the estimated costs of administration, maintenance, operation, and servicing of the improvements to be paid by the assessable real property in the Districts in proportion to the special benefit received. The table on the following page summarizes the proposed assessment for the Districts.

2. INTRODUCTION

2.1 Reason for Assessment

Approval of the assessment covered by this Annual Report will generate the revenue necessary to provide for the maintenance and servicing of the improvements described in this Annual Report.

Maintenance may include, but is not limited to, all of the following: the repair, removal, or replacement of all or any part of any improvement; providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury; the removal of trimming, rubbish, debris, and other solid waste; the cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Servicing means the furnishing of: electric current or energy, gas, or other illuminating agent for any lighting facilities or for the lighting or operation of any other improvements; water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.

Incidental expenses includes all of the following: the costs of preparation of the report, including plans, specifications, estimates, diagram, and assessment; the costs of printing, advertising, and the giving of published, posted, and mailed notices; compensation payable to the County for collection of assessments; compensation of any engineer or attorney employed to render services in proceedings pursuant to the 1972 Act; any other expenses incidental to the maintenance and servicing of the improvements; costs associated with any proceedings held for the approval of a new or increased assessment. Incidental expenses also include costs related to project management as well as costs of the City related to the administration of the Districts including legal fees, accounting, finance, and insurance costs.

2.2 Process for Annual Assessment

The City cannot levy and collect annual assessments in the Districts without complying with the procedures specified in the 1972 Act. On an annual basis, a Report must be prepared which contains plans and specifications for the improvements, an estimate of the costs of maintenance and servicing the improvements, a diagram for the assessment district, the proposed assessments upon assessable lots and parcels of land within the district, and an assessment of the estimated costs of improvements.

The City Council must also adopt a Resolution of Intention which:

- Declares the intention of the City Council to levy and collect assessments within the assessment district for the fiscal year stated therein.
- Generally describes the existing and proposed improvements and any substantial changes proposed to be made in existing improvements.
- Refers to the assessment district by its distinctive designation and indicates the general location of the district.

- Refers to the annual report, on file with the clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- Gives notice of the time and place for public hearing by the City Council on the levy of the proposed assessment.
- States whether the assessment is proposed to increase from the previous year.

2.3 Same or Lesser Assessment

If the assessments are to be levied in the same or lesser amounts than the maximum assessment amount approved, the City Clerk shall give notice by causing the resolution of intention to be published. Any interested person may, prior to the conclusion of the public hearing, file a written protest which shall state all grounds of objection. The protest shall contain a description sufficient to identify the property owned by the property owner filing the protest. During the course or upon conclusion of the hearing, the City Council may order changes in any of the matters provided in the report, including changes in the improvements, any zones within the assessment district, and the proposed diagram or the proposed assessment.

The City Council, upon conclusion of the public hearing, must then adopt a resolution confirming the diagram and assessment, either as originally proposed or as changed by it. The adoption of the resolution shall constitute the levy of an assessment for the fiscal year referred to in the assessment.

2.4 Fiscal Year 2022/23 Assessment

The Fiscal Year 2022/23 assessments described in this Annual Report for the Districts are not proposed to exceed the previously approved maximum assessment range formula that was approved at the time each District was formed. No land is proposed to be annexed to any District. There are no proposed new improvements or any substantial changes in existing improvements.

The net amount to be assessed in the Districts upon all assessable lots or parcels, as shown on the latest equalized roll at the Riverside County Assessor's Office, is shown on the Assessment Roll in Appendix C of this report.

4.1.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 10 is as follows:

Estimated Fiscal Year Ending 6/30/21 Operating Reserve Cash Balance [1]	($10,508.70)
Operating Reserve Contribution – Fiscal Year 2022/23	0.00
Operating Reserve Collection – Fiscal Year 2022/23	3,877.70
Estimated Fiscal Year Ending 6/30/22 Operating Reserve Cash Balance	**($6,631.00)**

(1) The City will be undergoing an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/22 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.1.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per acre listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 10, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for "electricity" for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2004." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per acre will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.12.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 2014-1 is as follows:

Estimated Fiscal Year Ending 6/30/21 Operating Reserve Cash Balance (1)	$6,119.00
Operating Reserve Contribution – Fiscal Year 2022/23	0.00
Operating Reserve Collection – Fiscal Year 2022/23	0.00
Estimated Fiscal Year Ending 6/30/22 Operating Reserve Cash Balance	**$6,119.00**

(1) The City will be undergoing an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/22 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.12.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per benefit point listed in the annual budget, is the amount which was approved at the time of formation of LLMD 2014-1, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as follows: “The Maximum Allowable Annual Benefit Assessment Rate per Benefit Point shall be adjusted annually by the greater of 2% or the percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U) for the "Electricity" expenditure category of the Los Angeles-Riverside-Orange County area, published by U.S. Department of Labor Bureau of Labor Statistics, as of March of each year over the base index for March 2015.” In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per benefit point will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.14.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per benefit point listed in the annual budget, is the amount which was approved at the time of formation of LLMD 2014-4, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as follows: "The Maximum Allowable Annual Benefit Assessment Rate per Benefit Point shall be adjusted annually by the greater of 2% or the percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U) for the "Electricity" expenditure category of the Los Angeles-Riverside-Orange County area, published by U.S. Department of Labor Bureau of Labor Statistics, as of March of each year over the base index for March 2015." The actual assessment per benefit point will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.15 Definitions of Budget Items

The following definitions describe the costs and expenses included in the cost estimate for each of the Districts:

Field Inspection/Management: This item includes the cost of inspecting fossil filters, reporting, and compliance with applicable regulations.

Repair/Replacement: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of the fossil filters and appurtenances, including repair and replacement.

Traffic Signals: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of traffic signals and appurtenances, including repair and replacement.

4.15.2 INCIDENTAL EXPENSES

Annual Administration (City): This item includes the cost to departments and staff of the City for providing the administration, coordination and management of District services, operations, and expenses. This item also includes management of the annual process including reports, resolutions, and public inquiries.

Annual Administration (Consultant): This item includes the contract fees and allowable expenses for annual administration of the District, including preparation of the Annual Report, preparation of resolutions, submittal of the levy to the County, responding to public inquiries, attendance at various meetings, and delinquency management. The contract fee is subject to a cost of living increase annually.

Operating Reserve Collection: This item includes the amount to be collected to maintain reserves to enable the City to pay for the maintenance and servicing of the improvements prior to December 10 of the fiscal year, or whenever the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The Operating Reserve collection may continue until such a time the Reserve Fund balance is approximately one half of the annual costs.

Contributions From Other Sources: This item includes any amount contributed to the District from any source of funds other than the annual assessments.

Rounding Adjustment: This item includes any amount necessary to round the actual assessment amount for each parcel to an even cent as the County requires that the total levy amount submitted be even so that the amount can be divided into two equal installments on the tax roll.

5. METHOD OF ASSESSMENT

5.1 Legal Considerations

5.1.1 PROPOSITION 218

Proposition 218, the "Right to Vote on Taxes Act" was approved by California voters in 1996, which added Articles XIIIC and XIIID to the California State Constitution. The primary results of Proposition 218 were stricter definitions of assessments, special taxes, fees, and charges, and a general mandate for some type of voter approval for any new or increased tax, assessment, or property-related fee. The Proposition 218 Omnibus Implementation Act (the "Implementation Act") was approved July 1, 1997. The Implementation Act provided for procedures throughout the notice, protest and hearing process. It should be noted that this report has been prepared to be consistent with current practices and the California State Constitution.

Article XIII D, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property. Article XIII D also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment.

The net amount to be assessed may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels. Proposition 218 requires the Engineer to separate general benefit from special benefit, where only special benefit is assessed.

5.1.2 1972 ACT

Pursuant to the 1972 Act and Article XIII D, all parcels that have a special benefit conferred upon them as a result of the maintenance and operation of improvements and services shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire costs of the maintenance and operation of improvements. The 1972 Act, permits the establishment of assessment districts for the purpose of providing certain improvements which include the operation, maintenance and servicing of landscaping improvements.

Section 22573 of the 1972 Act requires that maintenance assessments must be levied according to benefit rather than according to assessed value. This Section states:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefit to be received by each such lot or parcel from the improvements."*
>
> *The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000) [of the Streets and Highways Code, State of California])."*

The 1972 Act also permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement" (Sec. 22547).

5.2 Special Benefit

Pursuant to Article XIII D of the California Constitution, Section 2(i), “Special benefit means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute special benefit.”

All parcels that have special benefit conferred upon them as a result of the services and activities provided shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the services and activities.

In accordance with Article XIII D Section 4(a) “No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel.”

The maintenance and servicing of the Districts’ improvements (which are described in the Plans and Specifications Section of this report) are for the benefit of the properties in the Districts, and as such confer a special and direct benefit to parcels in the Districts, respectively. A description of the special benefit conferred to property in the Districts has been excerpted from the formation or annexation Engineer’s Report and provided below:

- LLMD 89-1C, Zone 10 – The funding of energized streetlights enhances properties, improves neighborhood property protection, increases traffic safety by improving visibility, provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 33 – The funding of energized streetlights enhances properties, improves neighborhood property protection, increases traffic safety by improving visibility, provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 41 – The maintenance of catch basin filtration systems enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 79 – The maintenance of catch basin filtration systems enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 85 – The maintenance of catch basin filtration systems enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 111 – The maintenance of fossil filters and traffic signals enhances the properties, improves water quality control, increases public safety, improves neighborhood

aesthetics, allows traffic into and out of the development, and provides an enhanced quality of life and sense of well-being.

- LLMD 89-1C, Zone 115 – The maintenance of fossil filters and traffic signals enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics, allows traffic into and out of the development, and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 116 – The maintenance of fossil filters and traffic signals enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics, allows traffic into and out of the development, and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 147 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being for properties.
- LLMD 89-1C, Zone 151 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 156 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 2014-1 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 2014-3 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 2014-4 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.

The above-mentioned items affect the assessed property in a way that is particular and distinct from their effect on other parcels and that real property in general and the public at large do not share. They contribute to a specific enhancement of the properties in the Districts. Since these improvements were installed and are maintained specifically for the properties in the Districts, only properties in the Districts receive a special benefit and are assessed for said maintenance.

5.3 General Benefit

Article XIII D of the California Constitution requires any local agency proposing to increase or impose a special assessment to "separate the general benefits from the special benefits conferred on a parcel." General benefits are defined as those services or improvements which provide a general increase in property values to all property or provides benefits to the health, safety, or education of the public. The rationale for separating special and general benefits is to ensure that the property owners are not charged with an assessment that pays for general benefits. Thus, a local agency carrying out projects or services that provide both special and general benefits may levy an assessment to pay for the special benefits but must acquire separate funding to pay for those general benefits.

5.4 General and Special Benefit Separated

The amount of general benefit that is conferred from the improvements and activities cannot be funded via benefit assessments. In order to separate only that portion of the budget which is related to special benefits conferred by the improvements and activities, thereby excluding those costs which are associated with general benefits related to the improvements and activities, pass through traffic data has been reviewed.

General benefit conferred from the improvements cannot be funded by assessments. In order to separate only that portion of the cost of operating, maintaining and servicing the improvements which is related to special benefits conferred, thereby excluding those costs which are related to general benefits, pass through traffic data has been analyzed.

The City's General Plan, adopted on June 13, 2012, indicates that streets within the City generally consist of local roads, secondary and major collectors, arterials and urban arterials. There is a general benefit component associated with traffic signals and fossil filter management along arterial/collector streets roughly equal to the percentage of pass-through trips using those streets (typically 15-25% based on the amount of traffic volume placed on each type of roadway). The following table summarizes the special and general benefit for the various types of roadways based on general industry practice standards:

Roadway Type	Special Benefit	General Benefit	Comments
Local	98%	2%	Nearly all traffic is generated by local properties; the exception would be school busses, delivery and service vans/trucks, meter readers, and turn around traffic which is generally less than 2%.
Collector	50%	50%	Some General Benefit related to thru traffic and overall traffic safety benefits from traffic signals.
Arterial	25%	75%	Some General Benefit related to thru traffic and overall traffic safety benefits from traffic signals.

- LMD 2014-1 – The three traffic signals to be operated, maintained, and serviced are located along Citrus Street which is an Arterial according to the City of Eastvale General Plan. The two intersecting roadways, Sumner Avenue and Scholar Way are also Arterials with the third intersection being the entrance to a high school. Generally, Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic, but because the high school is a large traffic generator, the pass-through traffic in Citrus Street is estimated to be 85% with local traffic accounting for 15% of trips. Further, the District is located on the south side of Citrus Street and the southeast side of Sumner Avenue. Local traffic originates from District property, but also from surrounding property as well, making the total portion of pass-through traffic not related to District property 90%. Therefore, the general benefit conferred as a result of the improvements and activities is estimated at 90%.
- LMD 2014-3 – The traffic signals to be operated, maintained, and serviced are located along Archibald Avenue which is an Arterial according to the City of Eastvale General Plan. The intersecting roadway, 65th Street is also an Arterial. Generally, Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic. Further, the District is located on the northwest corner of the Archibald Avenue and 65th Street intersection. Local traffic originates from District property, but also from surrounding property as well, making the total portion of pass-through traffic not related to District property 81.25%. Therefore, the general benefit conferred as a result of the improvements and activities is estimated at 81.25%.
- LMD 2014-4 – The traffic signals to be operated, maintained, and serviced are located along Archibald Avenue which is an Arterial according to the City of Eastvale General Plan. The intersecting roadway, Providence Way is a Local. Generally, Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic. The District is located on the southwest corner of the Archibald Avenue and Providence Way intersection. Local traffic originates from District property, but also from surrounding property as well, making the total portion of pass-through traffic not related to District property 81.25%. Therefore, the general benefit conferred as a result of the improvements and activities is estimated at 81.25%.

5.5 Method of Assessment Spread

Each of the parcels in the Districts is deemed to receive special benefit from the improvements. Each parcel that has a special benefit conferred upon it as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the maintenance and operation of the improvements.

A description of the method of assessment spread for the Districts has been excerpted from the formation or annexation Engineer's Report and provided below:

- LLMD 89-1C, Zone 10 – The costs and expenses are apportioned on a per acre basis.
- LLMD 89-1C, Zone 33 – The costs and expenses are apportioned on a per acre basis.
- LLMD 89-1C, Zone 41 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 79 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 85 – The costs and expenses are apportioned on a per acre basis.
- LLMD 89-1C, Zone 111 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 115 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 116 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 147 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 151 – The costs and expenses are apportioned on a per acre basis.
- LLMD 89-1C, Zone 156 – The costs and expenses are apportioned on a per acre basis.
- LLMD 2014-1 – The costs and expenses are apportioned on a per Benefit Point basis.
- LLMD 2014-3 – The costs and expenses are apportioned on a per Benefit Point basis.
- LLMD 2014-4 – The costs and expenses are apportioned on a per Benefit Point basis.

Each of the parcels within LLMD 2014-1, LLMD 2014-3, and LLMD 2014-4 receive special benefit from the operation, maintenance, and services of the improvements. Each parcel that has a special benefit conferred upon it is identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the operation, maintenance, and services of the improvements.

Special benefit points are proportionally assigned to all parcels within the assessment district for each of the following special benefits conferred:

- Increased Safety to Motorists
- Increased Safety to Pedestrians
- Increased Traffic Capacity and Efficiency

Each parcel with a residential county land use code, for which traffic must pass through a signalized intersection, may be assigned one Benefit Point per dwelling unit per benefit. Likewise, each non-

residential parcel, for which traffic must pass through a signalized intersection may be assigned one Benefit Point per acre, or portion thereof, per benefit. (e.g. If the parcel acreage is 1.38, the parcel receives 1.38 Benefit Points per benefit.)

The maximum allowable assessment per parcel is the amount which was approved at the time of formation of the Districts, with the allowable annual increase also approved at the time of formation. A description of the allowable annual increase for the Districts has been excerpted from the formation or annexation Engineer's Report and provided below:

- LLMD 89-1C, Zone 10 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for "electricity", if any, as it stands as of March of each year over the base index for March of 2004.
- LLMD 89-1C, Zone 33 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for "electricity", if any, as it stands as of March of each year over the base index for March of 2006.
- LLMD 89-1C, Zone 41 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2005.
- LLMD 89-1C, Zone 79 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- LLMD 89-1C, Zone 85 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- LLMD 89-1C, Zone 111 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- LLMD 89-1C, Zone 115 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2008.
- LLMD 89-1C, Zone 116 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2008.
- LLMD 89-1C, Zone 147 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2009.
- LLMD 89-1C, Zone 151 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for "electricity", if any, as it stands as of March of each year over the base index for March of 2008.

APPENDIX C – ASSESSMENT ROLL

The assessment roll is a listing of the assessment for Fiscal Year 2022/23 apportioned to each lot or parcel, as shown on the last equalized roll of the Assessor of the County of Riverside.

Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

The assessment roll for Fiscal Year 2022/23 is listed on the following pages.

1. ASSESSMENT SUMMARY

On March 23, 2022, the City Council of the City of Eastvale (the "City"), under the Benefit Assessment Act of 1982 (the "1982 Act") adopted its Resolution No. 22-16, a Resolution Initiating Proceedings for the Annual Levy and Collection of Assessments and Ordering the Preparation of an Annual Report for Benefit Assessment District No. 2014-2 (Tracts 32821 & 32821-1) ("BAD 2014-2") for Fiscal Year 2022/23.

The Resolution Initiating Proceedings directed NBS to prepare and file an Annual Report for Fiscal Year 2022/23 pursuant to the requirements of the 1982 Act. The Annual Report presents the plans and specifications for the maintenance and operation of authorized services, an estimate of the costs of the maintenance and operation of the authorized services, an assessment diagram, and an assessment of the estimated costs of the maintenance and operation of the authorized services for the referenced fiscal year, assessing the net amount upon all assessable lots and/or parcels in BAD 2014-2 in proportion to the special benefit received.

The following assessment is proposed to be authorized in order to pay the estimated costs of administration, maintenance, operation, and servicing of the improvements to be paid by the assessable real property in BAD 2014-2 in proportion to the special benefit received. The following table summarizes the proposed assessment for BAD 2014-2.

2. INTRODUCTION

2.1 Reason for Assessment

Approval of the assessment covered by this Annual Report will generate the revenue necessary to provide for the maintenance and servicing of the improvements described in this Annual Report.

2.2 Process for Annual Assessment

On an annual basis, a report is prepared which contains a description of the services proposed to be financed, a description of each lot or parcel subject to the assessment, the amount of the proposed assessment for each parcel, and the basis and schedule of assessment.

2.3 Same or Lesser Assessment

If the assessments are to be levied in the same or lesser amounts than the maximum assessment amount approved, the City Clerk will give notice by causing the Resolution of Intention to be published. Any interested person may, prior to the conclusion of the public hearing, file a written protest which shall state all grounds of objection. The protest will contain a description sufficient to identify the property owned by the property owner filing the protest. During the course of, or upon conclusion of the hearing, the City Council may order changes in any of the matters provided in the report, including changes in the improvements, any zones within the assessment district, and the proposed diagram or the proposed assessment.

2.4 Fiscal Year 2022/23 Assessment

The Fiscal Year 2022/23 assessments described in this Annual Report are not proposed to exceed the previously approved maximum assessment range formula that was approved at the time BAD 2014-2 was formed. No land is proposed to be annexed to BAD 2014-2. There are no proposed new improvements or any substantial changes in existing improvements.

The net amount to be assessed in the Districts upon all assessable lots or parcels, as shown on the latest equalized roll at the Riverside County Assessor's Office, is shown on the Assessment Roll in Appendix B of this report.

The maximum allowable assessment per Benefit Point listed in the annual budget is the amount which was approved at the time of formation of BAD 2014-2, with the allowable annual increase over the maximum assessment for the previous year. The allowable annual increase is defined as: “the greater of two percent (2.0%) or the percentage increase, if any, in the Consumer Price Index for all Urban Consumers (“CPI-U”) for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area (“Index”) published by the Bureau of Labor Statistics of the United States Department of Labor. The annual CPI-U adjustment will be based on the increase, if any, in the Index as it stands on March of each year over the base Index for March of 2015.” Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per Benefit Point will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.2 Definition of Budget Items

The following definitions describe the costs and expenses included in the cost estimate for BAD 2014-2:

4.2.1 MAINTENANCE, OPERATION AND SERVICING COSTS

Energy Costs for Streetlights: This item includes the cost of energy provided by the electric utility provider.

Fossil Filters: This item includes the cost of cleaning and furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of the fossil filters and appurtenances, including repair, replacement, removal of trimmings, rubbish, debris, and other solid waste.

Field Inspection/Management: This item includes the cost of inspecting fossil filters, reporting, and compliance with applicable regulations.

Repair/Replacement: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of the fossil filters and appurtenances, including repair and replacement.

Traffic Signals: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of traffic signals and appurtenances, including repair and replacement.

4.2.2 INCIDENTAL EXPENSES

Annual Administration (City): This item includes the cost to departments and staff of the City for providing the administration, coordination and management of District services, operation and expenses. This item also includes management of the annual process including reports, resolutions and public inquiries.

Annual Administration (Consultant): This item includes the contract fees and allowable expenses for annual administration of the District, including preparation of the Annual Report, preparation of resolutions, submittal of the levy to the County, responding to public inquiries, attendance at various meetings and delinquency management. The contract fee is subject to a cost of living increase annually.

County Collection Fees: This item includes the fees charged by the County of Riverside to process the levy submittal and collect and distribute funds on behalf of the City.

4.2.3 OPERATING RESERVE AND OTHER SOURCES

Operating Reserve Contribution: This item includes the amount to be credited to the annual assessment. When the Operating Reserve balance is greater than approximately one half of the annual costs, an Operating Reserve Contribution may be credited to the total costs.

Operating Reserve Collection: This item includes the amount to be collected to maintain reserves to enable the City to pay for the maintenance and servicing of the improvements prior to December 10 of the fiscal year, or whenever the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The Operating Reserve collection may continue until such a time the Reserve Fund balance is approximately one half of the annual costs.

Contributions From Other Sources: This item includes any amount contributed to the District from any source of funds other than the annual assessments.

Rounding Adjustment: This item includes any amount necessary to round the actual assessment amount for each parcel to an even cent, as the County requires that the total levy amount submitted be even, so that the amount can be divided into two equal installments on the tax roll.

5. METHOD OF ASSESSMENT

5.1 Legal Considerations

5.1.1 PROPOSITION 218

Proposition 218, the "Right to Vote on Taxes Act" was approved by California voters in 1996, which added Articles XIIIC and XIIID to the California State Constitution. The primary results of Proposition 218 were stricter definitions of assessments, special taxes, fees, and charges, and a general mandate for some type of voter approval for any new or increased tax, assessment, or property-related fee. The Proposition 218 Omnibus Implementation Act (the "Implementation Act") was approved July 1, 1997.

The Implementation Act provided direction for procedures throughout the notice, protest and hearing process. It should be noted that this report has been prepared to be consistent with current practices and the California State Constitution.

Article XIII D, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property. Article XIII D also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment.

The net amount to be assessed may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels. Proposition 218 requires the Engineer to separate general benefit from special benefit, where only special benefit is assessed.

5.1.2 1982 ACT

Pursuant to the 1982 Act and Article XIII D, all parcels that have a special benefit conferred upon them as a result of the maintenance and operation of improvements and services shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire costs of the maintenance and operation of improvements. The 1982 Act, permits the establishment of assessment districts for the purpose of providing certain public services which include the maintenance and operation costs of drainage, flood control street lighting and streets.

Section 54711 of the 1982 Act requires that benefit assessments must be related to the benefit to the parcel. This Section states:

> *"The amount of the assessment imposed on any parcel of property shall be related to the benefit to the parcel which will be derived from the provision of the service."*
>
> *"The annual aggregate amount of the assessment shall not exceed the estimated annual cost of providing the service…"*
>
> *"The revenue derived from the assessment shall not be used to pay the cost of any service other than the service for which the assessment was levied."*

5.2 Special Benefit

Pursuant to Article XIII D of the California Constitution, Section 2(i) "Special benefit means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute special benefit."

All parcels that have special benefit conferred upon them as a result of the services and activities provided shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the services and activities.

In accordance with Article XIII D §4(a), "No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel."

The maintenance and servicing of BAD 2014-2 improvements (which are described in the Plans and Specifications Section of this report) are for the benefit of the properties in BAD 2014-2, and as such confer a special and direct benefit to parcels in BAD 2014-2, respectively. A description of the special benefit conferred to property in BAD 2014-2 has been excerpted from the formation Engineer's Report and provided below:

5.2.1 TRAFFIC SIGNAL OPERATION AND MAINTENANCE

Traffic signals allow for the orderly flow of traffic for all roadway users and provide for increased safety of vehicles, their passengers and pedestrians. Conversely, a lack of traffic signalization can lead to roadway congestion and decreased safety. When evaluating safety of an intersection, one must look holistically at all system users to evaluate the benefit conveyed. Further, the task of traveling on the roadway system, whether by vehicle, by foot or by bicycle, involves searching for, finding, understanding, and applying the information, as well as reacting to unanticipated information. Once found and understood, the relevance of this information must be evaluated, decisions made and actions taken in response. This activity is cyclical, often occurring many times per second in complex, demanding environments. Traffic signals are one of the many pieces of information that must be processed as a traveler approaches an intersection in the roadway system.

- **Increased Safety to Motorists:** Traffic signals provide for the orderly movement of vehicular and pedestrian traffic at roadway intersections. While traffic signals cannot eliminate collisions, their installation has been shown to reduce the frequency of right-angle vehicle collisions, left-turn collisions, pedestrian collisions, and head-on collisions. Heavy traffic is interrupted to allow other vehicular traffic to pass through in a safe manner.
- **Increased Safety to Pedestrians:** Traffic signals prioritize movement across and through an intersection. By allowing pedestrians the right-of-way to enter and cross the roadway, traffic signals increase the safety to pedestrians.
- **Increased Traffic Capacity and Efficiency:** Use of properly timed traffic signals that smooth the traffic flow allow for increased vehicle traffic and reduce congestion. Ingress and egress from developments is more timely and efficient when traffic signals are installed.

5.2.2 FOSSIL FILTER MANAGEMENT, INSPECTION AND MAINTENANCE

Fossil filters are designed to remove petroleum hydrocarbons from stormwater runoff that enters catch basins. Petroleum hydrocarbons are a primary energy source, utilized as combustible fuel. Petroleum hydrocarbons are also found in their solid form in asphalt used in roadway construction. Petroleum hydrocarbons are pollutants which are required to be removed from stormwater and runoff before they can be released into the environment. Properly operating fossil filtration systems provide the following special benefits to property:

- **Pretreatment of Local Drainage Stormwater:** Fossil filters pretreat stormwater by removing pollutants as the water flows through the filter into the storm sewer system. Vehicles and asphalt are the primary source of pollutants that enter the storm sewer system. In particular, localized vehicular traffic produces the majority of the pollutants that enter each catch basin which are removed by the fossil filters. Since the localized vehicular traffic, associated with local property, produces most of the pollution, the local property receives special benefit from the fossil filtration system by having the pollutants it produces removed from the stormwater runoff near the source of pollution.
- **Cleaner Local Drainage Catch Basins:** By managing, maintaining and servicing the fossil filters, the catch basins are cleared of debris that might cause localized flooding. Catch basins are designed to collect storm water runoff that results from the large amount of impervious area on developed land. Without clear, functioning catch basins, the stormwater runoff pools and floods local streets and property. Fossil filtration system maintenance confers a special benefit to property by ensuring they are clear of debris so that stormwater runoff can flow freely in to the catch basin and not flood local property.

The above mentioned items affect the assessed property in a way that is particular and distinct from their effect on other parcels and that real property in general and the public at large do not share. They contribute to a specific enhancement of the properties in BAD 2014-2. Since these improvements were installed and are maintained specifically for the properties in BAD 2014-2; only properties in BAD 2014-2 receive a special benefit and are assessed for said maintenance.

5.3 General Benefit

Article XIII D of the California Constitution requires any local agency proposing to increase or impose a special assessment to “separate the general benefits from the special benefits conferred on a parcel.” General benefits are defined as those services or improvements which provide a general increase in property values to all property or provides benefits to the health, safety or education of the public. The rationale for separating special and general benefits is to ensure that the property owners are not charged with an assessment that pays for general benefits. Thus, a local agency carrying out projects or services that provide both special and general benefits may levy an assessment to pay for the special benefits, but must acquire separate funding to pay for those general benefits.

5.4 General and Special Benefits Separated

The amount of general benefit that is conferred from the improvements and activities cannot be funded via benefit assessments. In order to separate only that portion of the budget which is related to special benefits conferred by the improvements and activities, thereby excluding those costs which are associated

with general benefits related to the improvements and activities, pass through traffic data has been reviewed.

General benefit conferred from the improvements cannot be funded by assessments. In order to separate only that portion of the cost of operating, maintaining and servicing the improvements which is related to special benefits conferred, thereby excluding those costs which are related to general benefits, pass through traffic data has been analyzed.

The City's General Plan, adopted on June 13, 2012, indicates that streets within the City generally consist of local roads, secondary and major collectors, arterials and urban arterials. There is a general benefit component associated with traffic signals and fossil filter management along arterial/collector streets roughly equal to the percentage of pass-through trips using those streets (typically 15-25% based on the amount of traffic volume placed on each type of roadway). The following table summarizes the special and general benefit for the various types of roadways based on general industry practice standards:

In order to assess the parcels within the District for the special benefits received from the improvements and activities described in Section 3.1, the general and special benefits must be separated. The general benefit conferred by the improvements and activities is 81.25%. Accordingly, 18.75% of the benefits from the improvements and activities are considered to provide special benefits to the properties within the District and thus could be subject to assessment therein.

Roadway Type	Special Benefit	General Benefit	Comments
Local	98%	2%	Nearly all traffic is generated by local properties; the exception would be school busses, delivery and service vans/trucks, meter readers, and turn around traffic which is generally less than 2%.
Collector	50%	50%	Some General Benefit related to thru traffic and overall traffic safety benefits from traffic signals.
Arterial	25%	75%	Some General Benefit related to thru traffic and overall traffic safety benefits from traffic signals.

5.4.1 TRAFFIC SIGNAL OPERATION AND MAINTENANCE

The one traffic signal to be operated, maintained and serviced is located along Limonite Avenue which is an Arterial according to the City of Eastvale General Plan. The intersecting roadway, Scholar Way is also an Arterial. Generally Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic. The District is located on the west side of Scholar Way north of Limonite Avenue. Local traffic originates from District property, as well as from surrounding property. The additional local traffic from surrounding property not in the District results in a total portion of pass through traffic not related to District property of 81.25%.

5.4.2 FOSSIL FILTER MANAGEMENT, INSPECTION AND MAINTENANCE

Seven of the fossil filters to be managed, inspected and maintained are located along Scholar Way which is an Arterial according to the City of Eastvale General Plan. There is also one fossil filter on 58th Street which is a Collector. Generally Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic. The District is located on the west side of Scholar Way north of Limonite Avenue

and south of 58th Street. Local traffic originates from District property, as well as from surrounding property. The additional local traffic from surrounding property not in the District results in a total portion of pass through traffic not related to District property of 81.25%.

5.4.3 GENERAL BENEFIT PORTION

The total general benefit conferred as a result of the improvements and activities is 81.25% which is based on the share of pass through traffic related to traffic signal operation and maintenance and fossil filter management, inspection and maintenance.

5.5 Method of Assessment Spread

Each of the parcels in BAD 2014-2 are deemed to receive special benefit from the improvements. Each parcel that has a special benefit conferred upon it as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the maintenance and operation of the improvements.

As outlined above, each of the parcels within BAD 2014-2 receive special benefit from the operation maintenance, and services of the improvements. Each parcel that has a special benefit conferred upon it is identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the operation maintenance and services of the improvements. In order to facilitate this analysis, Benefit Points will be assigned based on the following factors:

5.5.1 TRAFFIC SIGNAL OPERATION AND MAINTENANCE AND FOSSIL FILTER MANAGEMENT, INSPECTION AND MAINTENANCE

Special benefit points are proportionally assigned to all parcels within BAD 2014-2 for each of the following special benefits conferred:

- Increased Safety to Motorists
- Increased Safety to Pedestrians
- Increased Traffic Capacity and Efficiency
- Pretreatment of Local Drainage Stormwater
- Cleaner Local Drainage Catch Basins

Each parcel with a residential county land use code is expected to generate traffic, which must pass through the signalized intersection and by the fossil filters, therefore, each parcel may be assigned one Benefit Point per dwelling unit per benefit. Likewise, each non-residential parcel is expected to generate traffic, which must pass through the signalized intersection and by the fossil filters, therefore each parcel may be assigned one Benefit Point per acre, or portion thereof, per benefit. (e.g. If the parcel acreage is 1.38, the parcel receives 1.38 Benefit Points per benefit.)

The maximum allowable assessment per parcel is the amount which was approved at the time of formation of BAD 2014-2, with the allowable annual increase also approved at the time of formation. A description of the allowable annual increase for BAD 2014-2 has been excerpted from the formation Engineer's Report and provided below:

BAD 2014-2 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2015.

The total amount of maintenance, servicing, and incidental costs for maintaining and operating the Improvements is assessed to the individual parcels of real property in BAD 2014-2 in proportion to the special benefit received by such parcels of real property. The proposed individual assessments are shown on the Assessment Roll in this report.

APPENDIX B – ASSESSMENT ROLL

The assessment roll is a listing of the assessment for Fiscal Year 2022/23 apportioned to each lot or parcel, as shown on the last equalized roll of the Assessor of the County of Riverside.

Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

The assessment roll for Fiscal Year 2022/23 is listed on the following pages.

APPENDIX C – FISCAL YEAR 2021/22 ENGINEER'S REPORTS

1. ASSESSMENT SUMMARY

In 2019, the City of Eastvale (the "City") purchased a portion of the streetlights located within the boundaries of the City. In January of 2022, the Lighting Maintenance Districts that were previously under the jurisdiction of the Jurupa Community Services District (the "Jurupa CSD") but within the City boundaries were transferred to the City as provided for under the Landscaping and Lighting Act of 1972 (the "1972 Act") and in accordance with the joint Resolution No. 3200 of the Jurupa CSD and the City Council of the City.

On March 23, 2022, the City Council of the City, under the 1972 Act adopted its Resolution No. 22-15, a Resolution Initiating Proceedings for the Annual Levy and Collection of Assessments and Ordering the Preparation of an Annual Report for the Lighting Maintenance Districts and the specified Zones within (the "Districts") for Fiscal Year 2022/23. The following page includes a complete listing of the Districts.

The Resolution Initiating Proceedings directed NBS to prepare and file an Annual Report for Fiscal Year 2022/23 pursuant to the requirements of the 1972 Act. This Annual Report includes Appendix C which incorporates the Fiscal Year 2021/22 Engineer's Reports prepared by Webb Associates for the Jurupa CSD. These Engineer's Reports are incorporated herein and presents the plans and specifications describing the general nature, location and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operations and servicing of the improvements for the Districts for the referenced fiscal year, diagrams for the Districts, showing the area and properties proposed to be assessed, and an assessment of the estimated costs of the maintenance, operations, and servicing the improvements, assessing the net amount upon all assessable lots and/or parcels in the Districts in proportion to the special benefit received.

2. INTRODUCTION

2.1 Reason for Assessment

Approval of the assessment covered by this Annual Report will generate the revenue necessary to provide for the maintenance, operation and servicing of the improvements described in this Annual Report.

Maintenance may include, but is not limited to, the following: repair, acquisition, and replacement of streetlight poles and fixtures and of the energy charges, operation, maintenance, and administrative costs of the local and major streets street lighting within the Districts

Servicing means the furnishing of: electric current or energy, gas, or other illuminating agent for any lighting facilities or for the lighting or operation of any other improvements.

Incidental expenses includes all of the following: the costs of preparation of the report, including plans, specifications, estimates, diagram, and assessment; the costs of printing, advertising, and the giving of published, posted, and mailed notices; compensation payable to the County for collection of assessments; compensation of any engineer or attorney employed to render services in proceedings pursuant to the 1972 Act; any other expenses incidental to the operation, maintenance, and servicing of the improvements; costs associated with any proceedings held for the approval of a new or increased assessment. Incidental expenses also include costs related to project management as well as costs of the City related to the administration of the Districts including legal fees, accounting, finance, and insurance costs.

2.2 Process for Annual Assessment

The City cannot levy and collect annual assessments in the Districts without complying with the procedures specified in the 1972 Act. On an annual basis, a Report must be prepared which contains plans and specifications for the improvements, an estimate of the costs of operation, maintenance, and servicing the improvements, a diagram for the assessment districts, the proposed assessments upon assessable lots and parcels of land within the Districts, and an assessment of the estimated costs of improvements.

The City Council must also adopt a Resolution of Intention which:

- Declares the intention of the City Council to levy and collect assessments within the assessment districts for the fiscal year stated therein.
- Generally describes the existing and proposed improvements and any substantial changes proposed to be made in existing improvements.
- Refers to the assessment district by its distinctive designation and indicates the general location of the district.
- Refers to the annual report, on file with the clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the districts.
- Gives notice of the time and place for public hearing by the City Council on the levy of the proposed assessments.
- States whether the assessments are proposed to increase from the previous year.

2.3 Same or Lesser Assessment

If the assessments are to be levied in the same or lesser amounts than the maximum assessment amount approved, the City Clerk shall give notice by causing the Resolution of Intention to be published. Any interested person may, prior to the conclusion of the public hearing, file a written protest which shall state all grounds of objection. The protest shall contain a description sufficient to identify the property owned by the property owner filing the protest. During the course or upon conclusion of the hearing, the City Council may order changes in any of the matters provided in the report, including changes in the improvements, any zones within the assessment districts, and the proposed diagram or the proposed assessments.

The City Council, upon conclusion of the public hearing, must then adopt a resolution confirming the diagrams and assessments, either as originally proposed or as changed by it. The adoption of the resolution shall constitute the levy of an assessment for the fiscal year referred to in the report.

2.4 Fiscal Year 2022/23 Assessment

The Fiscal Year 2022/23 assessments described in this Annual Report for the Districts are not proposed to exceed the previously approved maximum assessment range formula that was approved at the time the Districts were formed. No land is proposed to be annexed to the Districts. There are no proposed new improvements or any substantial changes in existing improvements.

3. PLANS AND SPECIFICATIONS

Generally, the work to be performed consists of the maintenance, repair, acquisition, and replacement of streetlight poles and fixtures and of the energy charges, operation, maintenance, and administrative costs of the local and major streets streetlighting within the Districts.

3.1 Description of Improvements

Reference is made to Appendix C for a description of the improvements in the Districts.

3.2 Map of Improvements

The existing streetlight improvements as shown in the Streetlight Maps were purchased in March 2019 from Southern California Edison (SCE), except for a few streetlights that were not available for purchase. The Streetlight Maps are on file with the City and are made part of this report to the same extent as if attached hereto.

4. ESTIMATE OF COSTS

The estimated costs of administration, maintenance, operations, and servicing of the improvements, as described in the Plans and Specifications for the Districts, are summarized in the following pages. The City has paid in full for the acquisition of the City's streetlights and has therefor removed the cost of the scheduled annual payments previously assessed to the Districts. The City has decided to not charge above the Maximum Rates for the Districts as approved in the Fiscal Year 2021/22 Engineer's Reports shown in Appendix C of this Report and incorporated herein with the exception of three Districts which the Jurupa CSD showed as being underfunded. The three referenced Districts are LMD No. 98-2 Original Area, Annexation Area No. 1, and Annexation No. 3. These Districts were inflated by the previously approved Consumer Price Index formula as shown in the referenced Engineer's Reports in Appendix C.

APPENDIX B – ASSESSMENT ROLL

Assessor's parcel identification, for each lot or parcel within the Districts, shall be based on the County Assessor's secured roll data for the applicable year in which this Report is prepared and is incorporated herein by reference.

A listing of assessor's parcels assessed within the Districts for Fiscal Year 2022/23, along with the assessment amounts, is on file in the office of the City Clerk and incorporated herein by reference. Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

Non-assessable lots or parcels include areas of public streets and other roadways (typically not assigned an APN by the County), dedicated public easements, open space areas and rights-of-way including public greenbelts and parkways, utility rights-of-way, common areas, landlocked parcels, small parcels vacated by the County, bifurcated lots and any other property that cannot be developed or has specific development restrictions. These types of parcels are considered to receive little or no benefit from the improvements and are therefore, exempted from assessment.

1. Description of Improvements

Generally, the work to be performed consists of the maintenance, repair, acquisition, and replacement of street light poles and fixtures and of the energy charges, operation, maintenance, and administrative costs of the local and major streets streetlighting within the Assessment District (Figures 3-1 through 3-25).

Zone 1 Local Lighting streetlights are located within the boundaries of Tract Numbers 28520, 28520-1, 28369, 28387, 28388, 28621 to 28624, 28641 to 28644, 28680 to 28687, 28945, 28910, and 28933-1 (Figures 3-2 through 3-25), and consists mainly of 22 watt light-emitting diodes (LEDs), and also a few 39 watt LEDs.

Zone 2 Major Streets streetlights are located along 65th Street, 68th Street, Hamner Avenue, Chandler Street, Archibald Avenue, Sumner Avenue, Citrus Street, Harrison Avenue, Schleisman Road, Bellegrave Avenue, Cleveland Avenue, 58th Street, and Jamestown Avenue (Figures 3-2 through 3-21 and 3-23 through 3-25, and consists of 84 watt LEDs.

The existing streetlight improvements as shown in the Services District Streetlight Maps were purchased in March 2019 from Southern California Edison (SCE), with the exception of a few streetlights that were not available for purchase. The Streetlight Maps are on file in the office of the Director of Finance and Administration of the Services District and are made part of this report to the same extent as if attached hereto.

Annual costs per year provide for:

- Energy costs for street lighting.
- Operation and maintenance of the facilities.
- Maintenance, repair, acquisition, replacement, and retrofit of street light poles and fixtures.
- Incidental costs, including noticing, legal and report preparation expenses, finance department and administration expenses for the processing of revenues and Edison payments, and administration expenses for the maintenance of streetlight maps and monitoring of facilities.

The class, type, and number of streetlights currently designed and installed are listed by benefit zone as follows:

Table 1-1
Streetlight Counts by Benefit Zone and Type

	ZONE 1: LOCAL LIGHTING		ZONE 2: MAJOR STREETS
Benefit Zone	22 Watt Light-Emitting Diode	39 Watt Light-Emitting Diode	84 Watt Light-Emitting Diode

Annexation Area No. 1	21	0	2
Annexation Area No. 2	430	4	58
Annexation Area No. 3	36	0	12

Annexation Area No. 6	38	1	15

2. Engineer's Estimate of Costs and Expenses

Cost estimates have been prepared for each Zone in the Assessment District.

In 2019, the City of Eastvale purchased a portion of the streetlights located within the boundaries of the District and retrofitted the lamps with energy-efficient LEDs. In 2020, the City entered into a contract with Western Community Energy (WCE) in order to have Direct Access to purchasing energy. As a result of these changes, the cost estimate tables have been updated. Energy costs for District-owned streetlights are now calculated using the SCE LS-2 Rate Schedule for LEDs for delivery charges and regulatory fees and the WCE Rate Schedule for generation charges; an Operations and Maintenance line item on cost estimate tables shows the cost of servicing the District-owned streetlights. Additionally, until the purchase of the streetlights has been fully paid (which is anticipated to occur in 2034), the streetlight acquisition costs have been added to each Zone.

For the few streetlights that were not available for purchase, they are owned and maintained by SCE and have also been retrofitted with LEDs. As a result, these few lights are still subject to the LS-1 E Rate Schedule and are not included in the Operations and Maintenance line item nor the streetlight acquisition calculations.

The updates to the cost estimate tables will not cause the assessment rate for any Zone to exceed the Maximum Assessment Rate for that Zone.

The payment for FY 2021-22 for the acquisition of the streetlights is $468,699.44, which is $113.24 per streetlight.

The estimates of the annual energy, maintenance and acquisition costs are shown in Tables 2-1 through 2-6.

4. Assessment

Proposition 218 Compliance

On November 5, 1996, California voters approved Proposition 218, entitled "Right to Vote on Taxes Act," which added Article XIIID to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new procedural requirements for the formation and administration of assessment districts.

Proposition 218 does not define the term "streets," however, based on the opinions of the public agency officials, attorneys, assessment engineers, and Senate Bill 919, it has been determined that streets include all public improvements located within the street rights-of-way. This would include median and parkway landscaping, traffic signals, safety lighting, and street lighting.

Proposition 218 defines "assessment" as "any levy or charge upon real property by an agency for a special benefit conferred upon the real property." Cal. Const., art. XIIID, §2(b). A special assessment, sometimes called a "benefit assessment," is a charge generally levied upon parcels of real property to pay for benefits the parcels receive from local improvements. Special assessments are levied according to statutory authority granted by the Legislature or, in some instances, local charters. Distinguishing among taxes, fees, and assessments can be difficult and often depends on the context in which the distinction is made. For example, taxes, assessments, and property-related fees all may be imposed on property. The key feature that distinguishes an assessment from a tax, fee, or charge is the existence of a special benefit to real property. Without identifying a special benefit, there can be no assessment.

Distinguishing General and Special Benefit

Proposition 218 added a set of procedures and requirements, which a local government must follow to levy an assessment. In addition to notice, hearing, and assessment ballot proceedings, Proposition 218 provides that "only special benefits are assessable" and requires a local government to "separate the general benefits from the special benefits conferred on a parcel."

By its nature, most public improvements financed through an assessment district contain an element of public benefit. The test is: does there exist, with relation to the improvement, a special benefit to the property assessed? The law requires that portion of the cost of the improvement, which benefits the public generally to be separated from that portion of the cost of the improvement, which specially benefits assessed properties. Proposition 218 provides the following definition of "special benefit": "Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Method of Assessment Apportionment

The "Landscaping and Lighting Act of 1972" and provisions of Article XIIID of the California Constitution require that the assessment be apportioned by a formula or method which fairly distributes the net amount among all assessable lots and parcels in proportion to the estimated special benefits to be received by each lot or parcel from the improvements. The act does not specify the method or formula that should be used to apportion the assessment in any special assessment district proceedings. The Services District has retained the firm of Albert A. Webb Associates for the purpose of assisting the Services District in analyzing the facts in this Assessment District and recommending to the Services District the correct apportionment of the assessment obligation.

In performing the analysis, it was necessary to identify the benefits that the improvements being financed render to the properties within the boundaries of this Assessment District and to determine the extent to which such properties receive a direct and special benefit as distinguished from benefits received by the general public. Due to the variation in the nature, location, and extent of the improvements being maintained, the Assessment District consists of two (2) Assessment Zones which will be inclusive of all lots within the Assessment District and combined into one total charge per lot.

4. Assessment

Special Benefits

Zone 1 Local Lighting consists of all parcels that have street lighting on the street fronting their lots or parcels. This local lighting is of benefit as it provides increased property protection, personal safety, visibility, traffic safety, and directly enhances the appearance of those lots or parcels fronting upon illuminated streets.

Zone 2 Major Streets consists of the major streets encompassing the Zone 1 parcels. These lights are much brighter than the local streetlights described in Zone 1 and provide both traffic and pedestrian safety on those major streets and intersections that carry the traffic generated by the Zone 1 parcels. These higher intensity streetlights will additionally benefit the Zone 1 parcels as this lighting will discourage illegal activity at night and will directly enhance the property values.

General Benefits

The streetlights described within the two Assessment Zones are required as a condition of the development of the area encompassed by the Assessment District. The lighting is for the direct benefit and enjoyment of those parcels within the Assessment District; therefore, the improvements do not result in any general benefits.

Public Lands

This Assessment District contains two park sites; one school site, and one sewer lift station site, which will receive no special benefit from the improvements, so will not be assessed.

Allocation of Special Benefit Assessment

The allocation of special benefit assessments for the Original Area and Annexation Area Nos. 1, 2, 3, 4, and 6 are as outlined below. Annexation Area Nos. 5 and 7 were originally in the Assessment District but have been detached. Annexation Area No. 5 has been annexed to Lighting Maintenance District No. 2001-3, effective Fiscal Year 2002-03, and Annexation Area No. 7 has been annexed to Lighting Maintenance District No. 2001-2, effective Fiscal Year 2002-03.

Additionally, the original assessor parcel numbers within each area that have not been subdivided will be assessed at 1 UOB. The subdivided lots with assessor's parcel numbers will also be assessed at 1 UOB. All of the original assessor's parcel numbers have subdivided since the 2005-06 Fiscal Year special benefit assessment enrollment. Subsequently, each lot as shown on the assessment diagrams will receive an assessment.

Original Area (Tract 28520-1): The maximum assessment rate for Fiscal Year 2021-22 is $61.31 per UOB, which reflects a 67.10% Consumer Price Index Cumulative Increase over the base year's costs. The estimated total cost for Fiscal Year 2021-22, which includes acquisition costs for the purchase of the streetlights, is $6,690.32. However, only the total maximum allowable assessment of $6,130.95 will be assessed, and the remainder of the costs will be contributed from the Reserve Fund. The special benefit assessment will be allocated to parcels within the Zone on a unit of benefit (UOB) basis. The applied assessment rate for Fiscal Year 2021-22, with the addition of Riverside County enrollment fees, will be $62.57 per UOB. This amount was established by dividing the total assessment of $6,257.00 (the actual assessment plus enrollment fees) by the number of UOBs (100) within the Zone (TABLE 2-1). The total assessment applicable to each parcel for Fiscal Year 2021-22 is shown on the assessment roll (TABLE 4-1) on file in the office of the Services District Secretary and made a part hereof.

Annexation Area No. 1 (Tract 28520): The maximum assessment rate for Fiscal Year 2021-22 is $40.59 per UOB, which reflects a 67.10% Consumer Price Index Cumulative Increase over the base year's costs. The estimated total cost for Fiscal Year 2021-22, which includes acquisition costs for the purchase of the streetlights, is $5,071.36. However, only the total maximum allowable assessment of $4,261.89 will be assessed, and the remainder of the costs will be contributed from the Reserve Fund. The special benefit assessment will be allocated to parcels within the Zone on a unit of benefit (UOB) basis. The applied assessment rate for Fiscal Year 2021-22, with the addition of Riverside County enrollment fees, will be $41.81 per UOB. This amount was established by dividing the total assessment of $4,390.05 (the actual assessment plus enrollment fees) by the number of UOBs (105) within the Zone (TABLE 2-2). The total assessment applicable to each parcel for Fiscal Year 2021-22 is shown on the assessment roll (TABLE 4-2) on file in the office of the Services District Secretary and made a part hereof.

Annexation Area No. 2 (Tracts 28369, 28387, 28388, 28621 to 28624, 28641 to 28644, and 28680 to 28687): The maximum assessment rate for Fiscal Year 2021-22 is $54.89 per UOB, which is a 34.73% increase over the prior year's maximum assessment rate of $40.74. The estimated total cost for Fiscal Year 2021-22, which includes acquisition costs for the purchase of the streetlights, is $87,446.62. The special benefit assessment will be allocated to parcels within the Zone on a unit of benefit (UOB) basis. The applied assessment rate for Fiscal Year 2021-22, with the addition of Riverside County enrollment fees, will be $45.10 per UOB. This amount was established by dividing the total assessment of $91,372.60 (the actual assessment plus enrollment fees) by the number of UOBs (2,026) within the Zone (TABLE 2-3). The total assessment applicable to each parcel for Fiscal Year 2021-22 is shown on the assessment roll (TABLE 4-3) on file in the office of the Services District Secretary and made a part hereof.

Annexation Area No. 3 (Tract 28945): The maximum assessment rate for Fiscal Year 2021-22 is $60.92 per UOB, which reflects a 67.10% Consumer Price Index Cumulative Increase over the base year's costs. The estimated total cost for Fiscal Year 2021-22, which includes acquisition costs for the purchase of the streetlights, is $9,762.06. However, only the total maximum allowable assessment of $9,198.51 will be assessed, and the remainder of the costs will be contributed from the Reserve Fund. The special benefit assessment will be allocated to parcels within the Zone on a unit of benefit (UOB) basis. The applied assessment rate for Fiscal Year 2021-22, with the addition of Riverside County enrollment fees, will be $61.87 per UOB. This amount was established by dividing the total assessment of $9,342.37 (the actual assessment plus enrollment fees) by the number of UOBs (151) within the Zone (TABLE 2-4). The total assessment applicable to each parcel for Fiscal Year 2021-22 is shown on the assessment roll (TABLE 4-4) on file in the office of the Services District Secretary and made a part hereof.

Annexation Area No. 4 (Tract 28910): The maximum assessment rate for Fiscal Year 2021-22 is $81.13 per UOB, which is a 34.73% increase over the prior year's maximum assessment rate of $60.22. The estimated total cost for Fiscal Year 2021-22, which includes acquisition costs for the purchase of the streetlights, is $12,960.16. The special benefit assessment will be allocated to parcels within the Zone on a unit of benefit (UOB) basis. The applied assessment rate for Fiscal Year 2021-22, with the addition of Riverside County enrollment fees, will be $82.02 per UOB. This amount was established by dividing the total assessment of $13,779.36 (the actual assessment plus enrollment fees) by the number of UOBs (168) within the Zone (TABLE 2-5). The total assessment applicable to each parcel for Fiscal Year 2021-22 is shown on the assessment roll (TABLE 4-5) on file in the office of the Services District Secretary and made a part hereof.

Annexation Area No. 6 (Tract 28933-1): The maximum assessment rate for Fiscal Year 2021-22 is $81.36 per UOB, which is a 34.73% increase over the prior year's maximum assessment rate of $60.39. The estimated total cost for Fiscal Year 2021-22, which includes acquisition costs for the purchase of the streetlights, is $10,893.28.

4. Assessment

The special benefit assessment will be allocated to parcels within the Zone on a unit of benefit (UOB) basis. The applied assessment rate for Fiscal Year 2021-22, with the addition of Riverside County enrollment fees, will be $66.44 per UOB. This amount was established by dividing the total assessment of $11,427.68 (the actual assessment plus enrollment fees) by the number of UOBs (172) within the Zone (TABLE 2-6). The total assessment applicable to each parcel for Fiscal Year 2021-22 is shown on the assessment roll (TABLE 4-6) on file in the office of the Services District Secretary and made a part hereof.

The current Assessment District boundary does not include any Commercial or Industrial property at this time. However, should any property change its zoning classification to a Commercial or Industrial Zone and/or annex additional commercial or industrial property, the assessment for such property will be based upon the cost of the special benefit received by the property.
