CITY OF EASTVALE

REGULAR CITY COUNCIL/EASTVALE PUBLIC FINANCING AUTHORITY AGENDA

Eastvale City Hall Council Chambers
12363 Limonite Avenue, Suite 900, Eastvale, CA 91752
Regular City Council/Eastvale Public Financing Authority: 6:30 PM
Wednesday, June 25, 2025

City Councilmembers

Michael McMinn, Mayor/Chair
Jocelyn Yow, Mayor Pro Tem/Vice Chair
Christian Dinco, Councilmember/Board Member
Clint Lorimore, Councilmember/Board Member
Todd Rigby, Councilmember/Board Member
Mark Orme, City Manager/Executive Director
Erica Vega, City Attorney/General Counsel
Marc Donohue, Government Services Director/City Clerk/Secretary

This Agenda contains a brief general description of each item to be considered. Except as otherwise provided by law, no action or direction shall be taken on any item not appearing on the following Agenda. Unless legally privileged, all supporting documents, including staff reports, and any writings or documents provided to a majority of the City Council after the posting of this agenda are available for review at Eastvale City Hall, 12363 Limonite Avenue, Eastvale, CA 91752 or you may contact the City Clerk's Office, at (951) 361-0900 Monday through Thursday from 7:30 a.m. to 5:30 p.m. and available online at www.eastvaleca.gov.

Members of the public can observe the meeting by viewing the live-stream at www.eastvaleca.gov and may provide public comment by sending comments to the City Clerk's Office by email at cityclerk@eastvaleca.gov. Staff will monitor emails to the extent possible during the meeting and provide comments as possible. All comments will be made part of the record. Comments will then be read into the record, with a maximum allowance of 3 minutes per individual comment, subject to the Mayor's discretion to reduce time on public comment. All comments should be a maximum of 500 words, which corresponds to approximately 3 minutes of speaking time. If a comment is received before the agenda item is heard but before the close of the meeting, the comment will all be included as a part of the record of the meeting but will not be read into the record.

If you are a person with a disability and need an accommodation to participate in the City of Eastvale programs, services, activities, and meetings, contact Maricela Mejia at mmejia@eastvaleca.gov or (951)703-4433 at least 72 business hours in advance to request an auxiliary aid or accommodation.

Regular meetings are recorded and made available on the City's website at www.eastvaleca.gov. Meeting recordings are uploaded to the City's website within 24 hours (unless otherwise noted) after the completion of the meeting.

1. **CALL TO ORDER**

2. **ROLL CALL**

3. **CLOSED SESSION PUBLIC COMMENT**

Any member of the public may address the Council on items within the Council's subject matter jurisdiction, but which are not listed on this agenda during PUBLIC COMMENTS. However, no action may be taken on matters that are not part of the posted agenda. We request comments made on the agenda be made at the time the item is considered and that comments be limited to three minutes per person with a maximum of six minutes (time may be donated by one person). Please address your comments to the Council and do not engaged in dialogue with individual Council Members, City staff, or members of the audience. Blue speaker forms are available at the front table to the entrance of Council Chambers.

4. **CLOSED SESSION ITEM(S)**

5. **INVOCATION**

6. **PLEDGE OF ALLEGIANCE**

7. **ADDITIONS/REVISIONS**

The City Council may only add an item to the Agenda after making a finding that there is a need to take immediate action on the item and that the item came to the attention of the agency subsequent to the posting of the agenda. An action adding an item to the agenda requires 2/3 vote of the Council. If there is less than 2/3 of the Council members present, adding an item to the agenda requires a unanimous vote. Added items will be placed for discussion at the end of each section unless otherwise noted.

8. **PRESENTATIONS/ANNOUNCEMENTS**

- **8.1. Eastvale Volunteer Recognitions**
- **8.2. Parks & Recreation Month Proclamation**
- **8.3. Introduction of Brandon Pong - Landscape & Facilities Maintenance Worker**
- **8.4. Introduction of Amani Mahmoud – Management Assistant**

9. **AGENCY PARTNER UPDATES**

- **9.1. Eastvale Library Update**
- **9.2. YMCA Update**

10. PUBLIC COMMENT

Any member of the public may address the Council on items within the Council's subject matter jurisdiction, but which are not listed on this agenda during PUBLIC COMMENTS. However, no action may be taken on matters that are not part of the posted agenda. We request comments made on the agenda be made at the time the item is considered and that comments be limited to three minutes per person with a maximum of six minutes (time may be donated by one person). Please address your comments to the Council and do not engaged in dialogue with individual Councilmembers, City staff, or members of the audience. Blue speaker forms are available at the front table to the entrance of Council Chambers.

11. CONSENT CALENDAR

Consent Calendar items are normally enacted in one motion. The Mayor or City Council may remove a Consent Calendar item for separate action. If a member of the public would like to speak on a Consent Calendar item, please complete a blue "Public Comment Form" and submit to the City Clerk prior to the item.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
CONSENT CALENDAR
Agenda Item No. 11.2
June 25, 2025

Treasurer's Report: May 2025

Prepared By:

Amanda Wells, Finance Director/City Treasurer

Recommended Action(s)

Staff recommends that the City Council receive and file the City Treasurer's Report.

Summary

In accordance with the City of Eastvale's Investment Policy, adopted July 24, 2024, the City Treasurer is required to submit a quarterly treasurer's report to the City Council. The report shall include types of investments, credit ratings, institutions involved, dates of purchases, dates of maturity, amount of deposits or cost of the security, current market value of the securities, interest rates, investment fund balances, and a statement as to whether investments are in compliance with the Investment Policy and whether there are sufficient funds to meet the City's cash obligations for the next six months.

Background

The Schedule of Investments includes a breakdown of the City's investments by "Active" or "Inactive" Deposits. "Active Deposits" are those accounts which receive revenues, whereas "Inactive Deposits" are available for use but are not earning revenues. Detail reports for the PFM Managed Investment Portfolio, with all supplemental information required by the City's investment policy, are included in the report.

The Dash Board Report Card, consists of two sections:

I. Portfolio Diversification – This section reflects the diversification of the City of Eastvale's portfolio by both type of instrument and length of maturity.

II. Portfolio Performance Measures – This section compares budget to actuals in for interest earnings. Also included is a cash breakdown report per the City's fund balance reserve policy showing funds restricted, committed, designated, and unassigned in addition to investment income received as of May 31, 2025, broken down by investment type. The City of Eastvale's Schedule of Investments complies with the City's Investment Policy. The City has sufficient funds to meet its expenditure requirements for the next six months. Total cash and investments as of the end of May are $270,370,015 (book value). Active deposits total $262,369,797; inactive deposits total $8,000,218. Net investment income received for fiscal year 2024-25 through the end of May (eleven months of the fiscal year) is $7,870,995. The net annualized yield on investments is 4.266%.

Environmental

Government investment reports are not considered a Project as defined by the California Environmental Quality Act (CEQA) and no environmental review is required.

Strategic Plan Action - Priority Level: N/A | Target #: N/A | Goal #: N/A

The Treasurer's Report is an activity required by the city's investment policy.

CITY OF EASTVALE
Treasurer's Report
Fiscal Year 2024-25 as of May 31, 2025

Introduction

In accordance with the City Investment Policy, a quarterly investment report shall be filed with the City Council which provides a clear picture of the status of the current investments. The report for the month ending May 31, 2025 has been prepared by City Staff. We hereby certify that this report accurately reflects all pooled investments and is in compliance with the City's Investment Policy. Combined with anticipated revenues, the portfolio contains sufficient investment liquidity to meet budgeted expenditures for the next six months.

Grand Total Cash - May 31, 2025			**$ 270,370,015**

*Restricted, committed, and assigned figures based on estimated fund balances at the end of the fiscal year, 06/30/2025. However cash estimates in this report are based on the current month. As a result, it is typical that a variance exists between projected unassigned cash balance and current unassigned cash balances. The variance will not be resolved until the end of the fiscal year. A negative unassigned cash balance in the current period does not indicate a cash flow issue for the city.

Important Disclosures

Important Disclosures

This statement is for general information purposes only and is not intended to provide specific advice or recommendations. PFM Asset Management ("PFMAM") is a division of U.S. Bancorp Asset Management, Inc. ("USBAM"), a SEC-registered investment adviser. USBAM is direct subsidiary of U.S. Bank National Association ("U.S. Bank") and an indirect subsidiary of U.S. Bancorp. U.S. Bank is not responsible for and does not guarantee the products, services or performance of PFMAM. PFMAM maintains a written disclosure statement of our background and business experience. If you would like to receive a copy of our current disclosure statement, please contact Service Operations at the address below.

Proxy Voting PFMAM does not normally receive proxies to vote on behalf of its clients. However, it does on occasion receive consent requests. In the event a consent request is received the portfolio manager contacts the client and then proceeds according to their instructions. PFMAM's Proxy Voting Policy is available upon request by contacting Service Operations at the address below.

Questions About an Account PFMAM's monthly statement is intended to detail our investment advisory activity as well as the activity of any accounts held by clients in pools that are managed by PFMAM. The custodian bank maintains the control of assets and executes (i.e., settles) all investment transactions. The custodian statement is the official record of security and cash holdings and transactions. PFMAM recognizes that clients may use these reports to facilitate record keeping and that the custodian bank statement and the PFMAM statement should be reconciled and differences resolved. Many custodians use a settlement date basis which may result in the need to reconcile due to a timing difference.

Account Control PFMAM does not have the authority to withdraw funds from or deposit funds to the custodian outside the scope of services provided by PFMAM. Our clients retain responsibility for their internal accounting policies; implementing and enforcing internal controls and generating ledger entries or otherwise recording transactions.

Market Value Generally, PFMAM's market prices are derived from closing bid prices as of the last business day of the month as supplied by ICE Data Services. There may be differences in the values shown for investments due to accrued but uncollected income and the use of differing valuation sources and methods. Non-negotiable FDIC-insured bank certificates of deposit are priced at par. Although PFMAM believes the prices to be reliable, the values of the securities may not represent the prices at which the securities could have been bought or sold. Explanation of the valuation methods for a registered investment company or local government investment program is contained in the appropriate fund offering documentation or information statement.

Amortized Cost The original cost of the principal of the security is adjusted for the amount of the periodic reduction of any discount or premium from the purchase date until the date of the report. Discount or premium with respect to short term securities (those with less than one year to maturity at time of issuance) is amortized on a straightline basis. Such discount or premium with respect to longer term securities is amortized using the constant yield basis.

Tax Reporting Cost data and realized gains / losses are provided for informational purposes only. Please review for accuracy and consult your tax advisor to determine the tax consequences of your security transactions. PFMAM does not report such information to the IRS or other taxing authorities and is not responsible for the accuracy of such information that may be required to be reported to federal, state or other taxing authorities.

Financial Situation In order to better serve you, PFMAM should be promptly notified of any material change in your investment objective or financial situation.

Callable Securities Securities subject to redemption prior to maturity may be redeemed in whole or in part before maturity, which could affect the yield represented.

Portfolio The securities in this portfolio, including shares of mutual funds, are not guaranteed or otherwise protected by PFMAM, the FDIC (except for certain non-negotiable certificates of deposit) or any government agency. Investment in securities involves risks, including the possible loss of the amount invested. Actual settlement values, accrued interest, and amortized cost amounts may vary for securities subject to an adjustable interest rate or subject to principal paydowns. Any changes to the values shown may be reflected within the next monthly statement's beginning values.

Rating Information provided for ratings is based upon a good faith inquiry of selected sources, but its accuracy and completeness cannot be guaranteed.

Shares of some local government investment programs and TERM funds are distributed by representatives of USBAM's affiliate, U.S. Bancorp Investments, Inc. which is registered with the SEC as a broker/dealer and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Municipal Securities Rulemaking Board ("MSRB"). You may reach the FINRA by calling the FINRA Hotline at 1-800-289-9999 or at the FINRA website address https://www.finra.org/investors/investor-contacts. A brochure describing the FINRA Regulation Public Disclosure Program is also available from FINRA upon request.

Key Terms and Definitions

Dividends on local government investment program funds consist of interest earned, plus any discount ratably amortized to the date of maturity, plus all realized gains and losses on the sale of securities prior to maturity, less ratable amortization of any premium and all accrued expenses to the fund. Dividends are accrued daily and may be paid either monthly or quarterly. The monthly earnings on this statement represent the estimated dividend accrued for the month for any program that distributes earnings on a quarterly basis. There is no guarantee that the estimated amount will be paid on the actual distribution date.

Current Yield is the net change, exclusive of capital changes and income other than investment income, in the value of a hypothetical fund account with a balance of one share over the seven-day base period including the statement date, expressed as a percentage of the value of one share (normally $1.00 per share) at the beginning of the seven-day period. This resulting net change in account value is then annualized by multiplying it by 365 and dividing the result by 7. The yields quoted should not be considered a representation of the yield of the fund in the future, since the yield is not fixed.

Average maturity represents the average maturity of all securities and investments of a portfolio, determined by multiplying the par or principal value of each security or investment by its maturity (days or years), summing the products, and dividing the sum by the total principal value of the portfolio. The stated maturity date of mortgage backed or callable securities are used in this statement. However the actual maturity of these securities could vary depending on the level or prepayments on the underlying mortgages or whether a callable security has or is still able to be called.

Monthly distribution yield represents the net change in the value of one share (normally $1.00 per share) resulting from all dividends declared during the month by a fund expressed as a percentage of the value of one share at the beginning of the month. This resulting net change is then annualized by multiplying it by 365 and dividing it by the number of calendar days in the month.

YTM at Cost The yield to maturity at cost is the expected rate of return, based on the original cost, the annual interest receipts, maturity value and the time period from purchase date to maturity, stated as a percentage, on an annualized basis.

YTM at Market The yield to maturity at market is the rate of return, based on the current market value, the annual interest receipts, maturity value and the time period remaining until maturity, stated as a percentage, on an annualized basis.

Managed Account A portfolio of investments managed discretely by PFMAM according to the client's specific investment policy and requirements. The investments are directly owned by the client and held by the client's custodian.

Unsettled Trade A trade which has been executed however the final consummation of the security transaction and payment has not yet taken place.

Please review the detail pages of this statement carefully. If you think your statement is wrong, missing account information, or if you need more information about a transaction, please contact PFMAM within 60 days of receipt. If you have other concerns or questions regarding your account, or to request an updated copy of PFMAM's current disclosure statement, please contact a member of your client management team at PFMAM Service Operations at the address below.

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
CONSENT CALENDAR
Agenda Item No. 11.3
June 25, 2025

Planning Division Update

Prepared By:
David Murray, City Planner

Recommended Action(s)
Staff recommends that the City Council receive and file the Planning Division Update.

Summary
Planning projects are provided in the attached Planning Project Status list. The list provides a brief summary and status of each project. New information is highlighted in yellow. A map identifying the locations of each project is also included.

Background
The purpose of the Planning Division Update is to provide a list of the current status of major projects in the City of Eastvale.

Environmental
The following update requires no environmental review as it is not considered a "project" under the California Environmental Quality Act (CEQA).

Strategic Plan Action - Priority Level: N/A | Target #: N/A | Goal #: N/A
Not Applicable.

Fiscal Impact
The following update has no applicable fiscal impacts.

Prior City Council/Commission Action

Not Applicable.

EASTVALE PUBLIC WORKS PROJECT UPDATES

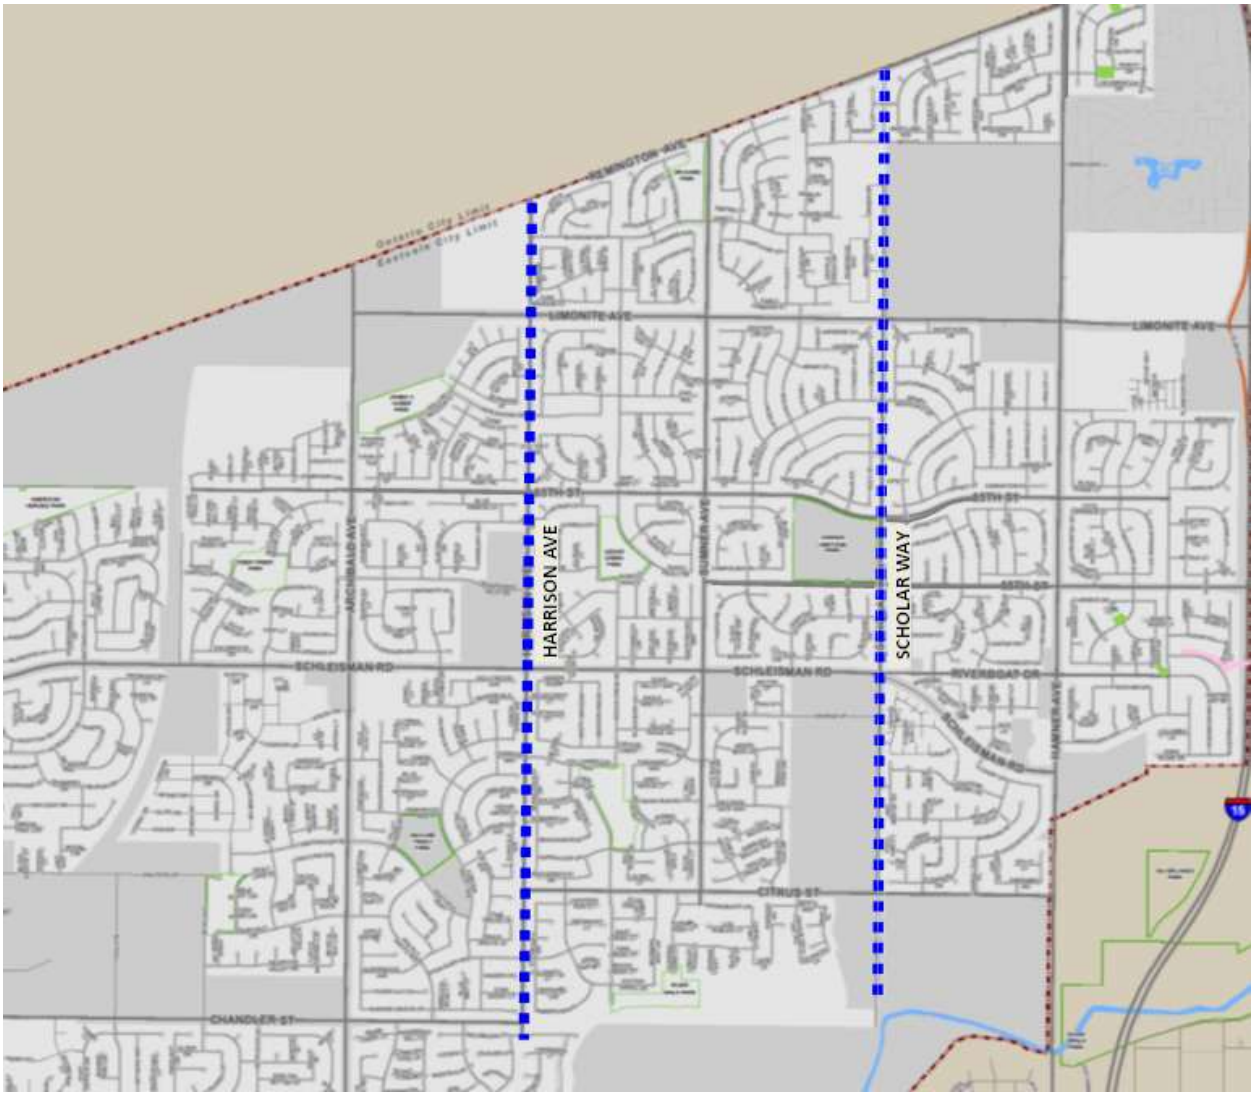
PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Civic Center Project (Phase 1)
PROJECT DESCRIPTION:	A design build project to construct a Phase 1 of the Civic Center Project, which includes approximately 52,000 square foot City Hall, a 25,000 square foot library, a 20,000 square foot police station with a park and a civic plaza.
PROJECT STATUS:	**Bidding:** project was advertised for bid to prequalified General Contractors on 4/10/2025.
PROJECT SCHEDULE:	Bid Opening: May 2025. Construction Award: June 2025.

PROJECT RENDERING:

EASTVALE PUBLIC WORKS PROJECT UPDATES

PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Improvement of Bike Network Connectivity/ATP Trails
PROJECT DESCRIPTION:	Project will design and construct nearly 5 miles of multipurpose trails running along Scholar Way and Harrison Avenue. The project will provide dedicated space for people to bike and walk from northern City limit to the Santa Ana River Trail on the south.
PROJECT STATUS:	**In Design – Engineering:** Design contract was awarded to Mark Thomas. 75% PS&E (phase 3) was delivered on February 5, 2025 and is being reviewed, and non-infrastructure component of the project (phase 2) which includes public education and engagement is on going.
PROJECT SCHEDULE:	100% PS&E is anticipated to be delivered by June 30, 2025.

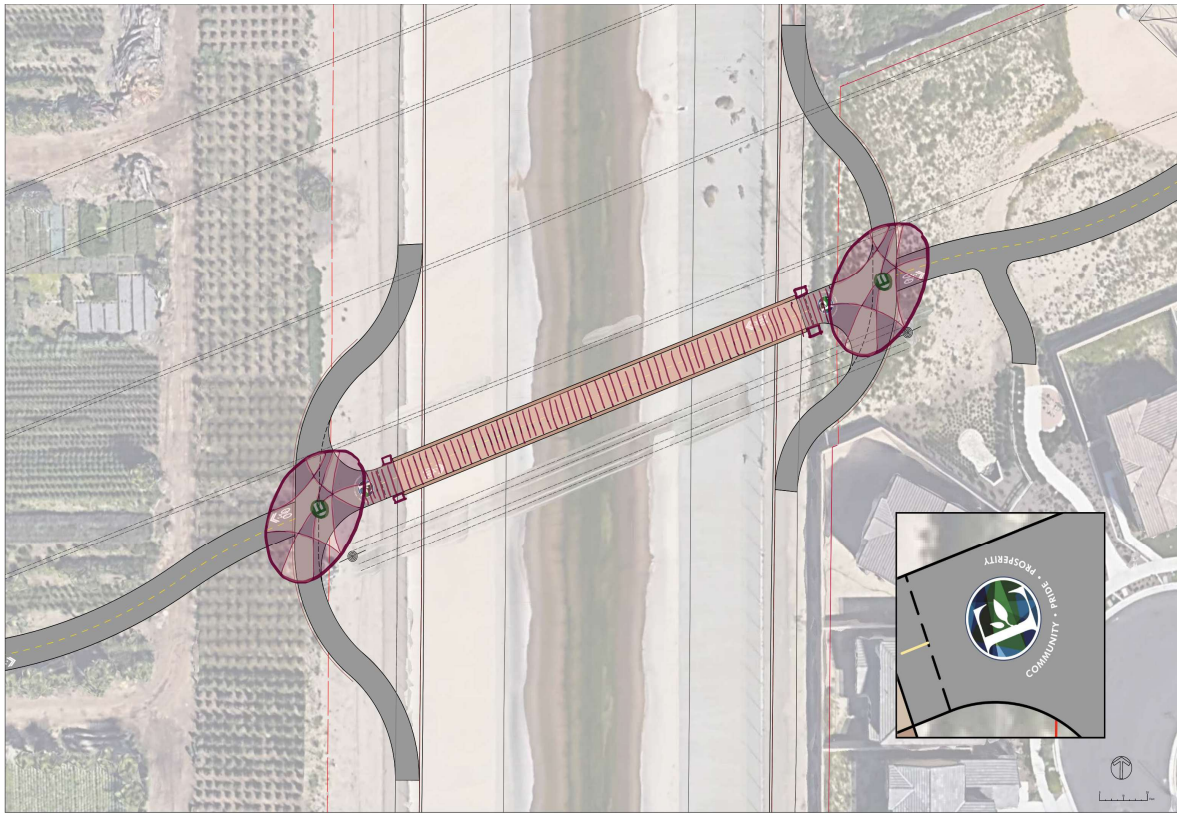
PROJECT MAP:



EASTVALE PUBLIC WORKS
PROJECT UPDATES

PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Limonite Gap Pedestrian Bridge
PROJECT DESCRIPTION:	Project will design and install a prefabricated steel fabricated bridge over Cucamonga Creek Channel to close the gap of pedestrian path within the SCE easement.
PROJECT STATUS: :	**In Design – Engineering:** Design contract was awarded to TYLin on April 10, 2024. 65% PS&E was delivered on February 17, 2025 and is being reviewed. Technical studies are being prepared to submit to Caltrans for NEPA EA.
PROJECT SCHEDULE:	100% PS&E is anticipated to be delivered by December 2025.

PROJECT MAP:



EASTVALE PUBLIC WORKS PROJECT UPDATES

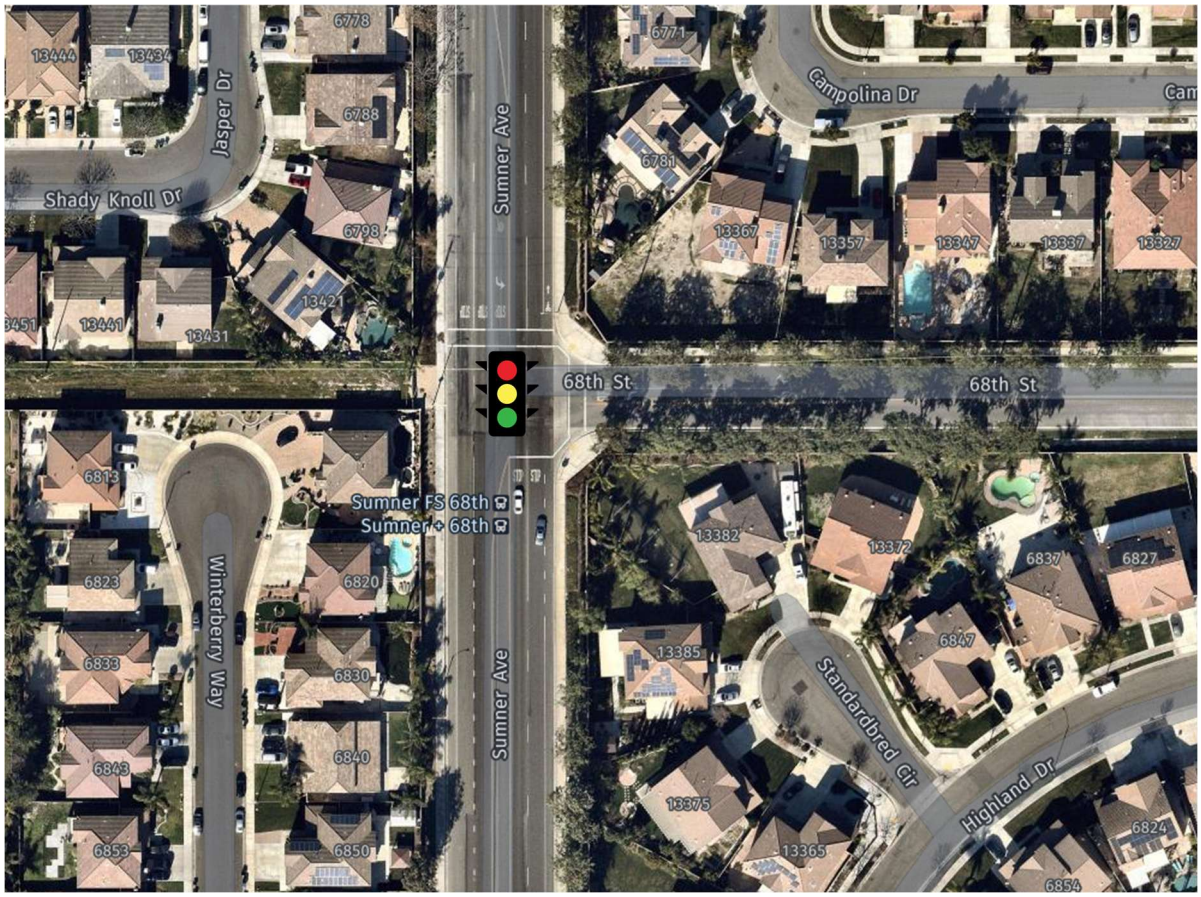
PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Median Improvement Projects at River Rd, Cantu Galleano Rd, and Archibald Ave
PROJECT DESCRIPTION:	Project will Install landscaped raised medians at River Rd, Cantu Galleano Rd, and Archibald Ave to physically separate opposing traffic streams and help stop vehicles traveling into opposing traffic lanes. The project will be constructed in two phases: Phase 1 will involve the construction of hardscape including curb, gutter, and sleeve for future utilities, and Phase 2 will include the installation of landscaping, monument, and lighting.
PROJECT STATUS:	**In Construction:** The punchlist for Phase 1 has been issued. Phase 2 was advertised on 3/19/2025, with a due date of 4/10/2025.
PROJECT SCHEDULE:	The construction contract for Phase 2 will be awarded in May 2025.

PROJECT IMAGE:

EASTVALE PUBLIC WORKS
PROJECT UPDATES

PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Traffic Signal Improvement at Sumner Ave and 68th St
PROJECT DESCRIPTION:	Project will design and install traffic signals at the intersection of Sumner Ave and 68th Street.
PROJECT STATUS:	**In Design – Engineering:** This project has been selected for HSIP Cycle 12 funding. A funding allocation request will be submitted for the PE phase to begin the RFP process for selecting a design consultant.
PROJECT SCHEDULE:	The PE phase must be allocated by 12/31/2025.

PROJECT IMAGE:



EASTVALE PUBLIC WORKS PROJECT UPDATES

PROJECT TYPE:	Capital Improvements Project
PROJECT NAME:	Hellman Avenue Street Widening and Walters Pedestrian Bridge
PROJECT DESCRIPTION:	The project involves widening Hellman Avenue from Walters Street to River Road to eliminate bottlenecks and improve traffic flow. The scope includes conducting a feasibility study, preparing environmental documents, right-of-way easement documents, and PS&E. The project will be completed in two phases: 1) Widening of Hellman Avenue north of Chandler Avenue, including lot grading south of Rondo Elementary School and bridge widening. 2) Widening of Hellman Avenue from Shortham Street to River Road. The feasibility study will determine the most efficient approach for phasing the project.
PROJECT STATUS:	**In Feasibility Study:** This project is receiving TUMF funding.
PROJECT SCHEDULE:	Construction for Phase 1 is tentatively scheduled for FY 2026-27, with Phase 2 planned for FY 2027-2028.

City of Eastvale Crime Statistics – April 2025

Prepared By:

Johnny Terfehr, Community Safety Director

Recommended Action(s)

Staff recommends that the City Council receive and file the Eastvale Crime Statistics for April 2025.

Summary

The City Council requested staff collaborate with the Riverside County Sheriff's Department to develop a crime statistics document that would reflect selected Part I and Part II crime data for the City of Eastvale. Intended to show month-to-month crime statistics, the document will assist in determining appropriate staffing levels for law enforcement services.

Background

In May 2017, City Council directed staff to coordinate with the Riverside County Sheriff's Department to request and obtain monthly crime statistics for the City of Eastvale. The primary intent of the request was to determine appropriate staffing levels during the City's contract negotiations with the Sheriff's Department. Over several weeks, the city manager and staff worked collaboratively with Riverside County Sheriff's Department administration and management to obtain crime statistics that could be shared with the public on a regular basis.

Upon receiving the data, the Riverside County Sheriff's Department advised staff that the data provided would be reflective of the previous month, or thirty days behind the current month; and that the report would need to include a disclaimer identifying the data as preliminary and raw. At the July 26, 2017 meeting, City Council recommended that staff add columns reflective of felony and misdemeanor arrests. During the September 26, 2017 meeting, City Council recommended staff add traffic violations/citations data and the total calls for service broken down per month. Crime

statistics that were released in the time that passed since the last meeting of the City Council are attached.

Environmental

Crime statistics are not a project pursuant to the California Environmental Quality Act (CEQA) and no environmental review is required.

Strategic Plan Action - Priority Level: N/A | Target #: N/A | Goal #: N/A

Not applicable

Fiscal Impact

Not applicable.

Prior City Council/Commission Action

On July 25, 2017, the Public Safety Commission approved the receival of a monthly crime statistics report.

On July 26, 2017, the City Council approved the receival of a monthly crime statistics report and requested columns reflective of felony and misdemeanor arrests.

On September 26, 2017, the City Council recommended that the report include traffic violations and citations data.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
CONSENT CALENDAR
Agenda Item No. 11.6
June 25, 2025

Approval of Renewal of Cartegraph for Public Works Asset Management Software

Prepared By:

Jimmy Chung, Public Works Director/ City Engineer

Recommended Action(s)

Staff recommends that the City Council approve the renewal of Cartegraph, Public Works Asset Management Software, in the amount of $48,058.32 for FY25-26 annual subscription.

Summary

Cartegraph is an asset management software that helps municipalities efficiently inventory, manage, and maintain infrastructure assets. These include streets, traffic signals, sidewalks, street lights, curb ramps, gutters, landscaped areas, trees, irrigation systems, traffic and street signs, fleet vehicles, machinery, and equipment.

The City of Eastvale Public Works currently oversees approximately 415 miles of streets, 350 miles of sidewalks, 55 signalized intersections, 1,200 catch basins, 8,212 traffic signs, and 4,418 street lights. Staff recommends the renewal of Cartegraph to continue supporting the City's efforts to effectively manage and maintain these assets. Cartegraph streamlines workflows and supports both infrastructure planning and real-time field operations. It enables field crews to document work instantaneously, improving communication and tracking. By using Cartegraph, the City can enhance overall performance, reduce labor and repair costs, and minimize the volume of service requests from residents.

Background

The City's Strategic Plan identified the rapid aging of infrastructure and the ongoing maintenance of roadway and street assets as significant challenges. While Eastvale's infrastructure is relatively new,

the City must transition to a more data-driven asset management system to ensure efficient investment and to extend the lifespan of its infrastructure.

Cartegraph offers several key benefits, including:

- Real-time asset tracking via GIS mapping
- Detailed records of asset condition, value, and maintenance history
- Lifecycle-based budgeting and planning tools to support proactive maintenance

Since its initial deployment in 2023, Public Works has been using Cartegraph to manage an accurate inventory of City-owned infrastructure and to create and assign work orders efficiently. Staff recommends that the City Council approve the renewal of Cartegraph's annual subscription to continue supporting effective asset management and service delivery.

Cartegraph is a product provided by OpenGov. The City has an existing agreement with OpenGov. This is a new and separate purchase, but the proposal for Cartegraph incorporates the terms and conditions of the existing agreement with OpenGov by reference. A copy of that agreement is attached.

Environmental

No environmental review pursuant to CEQA is required.

Strategic Plan Action - Priority Level: N/A | Target #: 5 | Goal #: 3

Plan for landscape, roads, and street maintenance.

Fiscal Impact

The fiscal year 2025-26 operating budget includes $145,000 for Computer Hardware and Software in General Fund account number 100-320-6615.

Prior City Council/Commission Action

On June 28, 2023, the City Council approved procurement of Cartegraph for implementation and annual subscription.

OPENGOV SOFTWARE SERVICES AGREEMENT

This Software Services Agreement (this "**Agreement**") is entered into by OpenGov, Inc., a Delaware corporation with a principal place of business at 6525 Crown Blvd #41340, San Jose, CA 95160 ("**OpenGov**") and the customer listed on the signature block below ("**Customer**"), as of the date of last signature below (the "**Effective Date**"). This Agreement sets forth the terms under which Customer will be permitted to use OpenGov's hosted software services.

1. DEFINITIONS

"Customer Data" means data that is provided by Customer to OpenGov pursuant to this Agreement (for example, by email or through Customer's software systems of record). Customer Data shall not include any confidential personally identifiable information.

"Documentation" means the documentation for the Software Services at the Customer Resource Center page found at https://opengov.zendesk.com.

"Feedback" means suggestions, comments, improvements, ideas, or other feedback or materials regarding the Software Services provided by Customer to OpenGov, including feedback provided through online developer community forums.

"Initial Term" means the initial license term specified in number of years on the Order Form, commencing on the Effective Date.

"Intellectual Property Rights" means all intellectual property rights including all past, present, and future rights associated with works of authorship, including exclusive exploitation rights, copyrights, and moral rights, trademark and trade name rights and similar rights, trade secret rights, patent rights, and any other proprietary rights in intellectual property of every kind and nature.

"Order Form" means OpenGov's Software Services order form that: (a) specifies the Software Services provided by OpenGov; (b) references this Agreement; and (c) is signed by authorized representatives of both parties.

"Renewal Term" means each additional renewal period, which shall be for a period of equal duration as the Initial Term, for which this Agreement is extended pursuant to Section 7.2.

2. SOFTWARE SERVICES, SUPPORT AND PROFESSIONAL SERVICES

2.1 Software Services. Subject to the terms and conditions of this Agreement, OpenGov will use commercially reasonable efforts to perform the software services identified in the applicable Order Form entered into by OpenGov and Customer ("**Software Services**").

2.2 Support & Service Levels. Customer support is available by email to support@opengov.com or by using the chat messaging functionality of the Software Services, both of which are available during OpenGov's standard business hours. Customer may report issues any time. However, OpenGov will address issues during business hours. OpenGov will provide support for the Software Services in accordance with the Support and Software Service Levels found at https://opengov.com/service-sla, as long as Customer is entitled to receive support under the applicable Order Form and this Agreement.

2.3 Professional Services.

(a) If OpenGov or its authorized independent contractors provides professional services to Customer, such as implementation services, then these professional services will be described in a statement of work ("**SOW**") agreed to by the parties (the "**Professional Services**"). Unless otherwise specified in the SOW, any pre-paid Professional Services Fees must be utilized within one (1) year from the Effective Date. Any unused pre-paid Professional Services Fees shall be forfeited.

(b) Unless the SOW provides otherwise, all reasonable travel expenses, pre-approved by Customer and incurred by OpenGov in performing the professional services will be reimbursed by Customer. Travel expenses

include cost of coach airfare travel round trip from the individual's location to Customer's location, reasonable hotel accommodations, ground transportation and meals.

3. RESTRICTIONS AND RESPONSIBILITIES

3.1 Restrictions. Customer may not use the Software Services in any manner or for any purpose other than as expressly permitted by the Agreement. Customer shall not, and shall not permit or enable any third party to: (a) use or access any of the Software Services to build a competitive product or service; (b) modify, disassemble, decompile, reverse engineer or otherwise make any derivative use of the Software Services (except to the extent applicable laws specifically prohibit such restriction); (c) sell, license, rent, lease, assign, distribute, display, host, disclose, outsource, copy or otherwise commercially exploit the Software Services; (d) perform or disclose any benchmarking or performance testing of the Software Services; (e) remove any proprietary notices included with the Software Services; (f) use the Software Services in violation of applicable law; or (g) transfer any confidential personally identifiable information to OpenGov or the Software Services platform.

3.2 Responsibilities. Customer shall be responsible for obtaining and maintaining computers and third party software systems of record (such as Customer's ERP systems) needed to connect to, access or otherwise use the Software Services. Customer also shall be responsible for: (a) ensuring that such equipment is compatible with the Software Services, (b) maintaining the security of such equipment, user accounts, passwords and files, and (c) all uses of Customer user accounts by any party other than OpenGov.

4. INTELLECTUAL PROPERTY RIGHTS; LICENSE GRANTS; ACCESS TO CUSTOMER DATA

4.1 Software Services. OpenGov retains all right, title, and interest in the Software Services and all Intellectual Property Rights in the Software Services. The look and feel of the Software Services, including any custom fonts, graphics and button icons, are the property of OpenGov and Customer may not copy, imitate, or use them, in whole or in part, without OpenGov's prior written consent. Subject to Customer's obligations under this Agreement, OpenGov hereby grants to Customer a non-exclusive, royalty-free license during the Term to use the Software Services.

4.2 Customer Data. Customer retains all right, title, and interest in the Customer Data and all Intellectual Property Rights therein. Customer hereby grants to OpenGov a non-exclusive, royalty-free license to, and permit its partners (which include, without limitation the hosting providers of the Software Services) to, use, store, edit and reformat the Customer Data, and to use Customer Data for purposes of sales, marketing, business development, product enhancement, customer service, or for analyzing such data and publicly disclosing such analysis ("**Insights**"), provided that in all such uses Customer Data is rendered anonymous such that Customer is no longer identifiable.

4.3 Access to Customer Data. Customer may download the Customer Data from the Software Services at any time during the Term, other than during routine software maintenance periods. OpenGov has no obligation to return Customer Data to Customer.

4.4 Feedback. Customer hereby grants to OpenGov a non-exclusive, royalty-free, irrevocable, perpetual, worldwide license to use and incorporate into the Software Services and Documentation Customer's Feedback. OpenGov will exclusively own any improvements or modifications to the Software Services and Documentation based on or derived from any of Customer's Feedback including all Intellectual Property Rights in and to the improvements and modifications.

5. CONFIDENTIALITY

5.1 Each party (the "**Receiving Party**") agrees not to disclose any Confidential Information of the other party (the "**Disclosing Party**") without the Disclosing Party's prior written consent, except as provided below. The Receiving Party further agrees: (a) to use and disclose the Confidential Information only in connection with this Agreement; and (b) to protect such Confidential Information using the measures that Receiving Party employs with respect to its own Confidential Information of a similar nature, but in no event with less than reasonable care. Notwithstanding the above, the Receiving Party may disclose Confidential Information to the extent required by law or court order, provided that prior written notice of such required disclosure and an opportunity to oppose or limit disclosure is given to the Disclosing Party.

5.2 "**Confidential Information**" means all confidential business, technical, and financial information of the disclosing party that is marked as "Confidential" or an equivalent designation or that should reasonably be understood to be confidential given the nature of the information and/or the circumstances surrounding the disclosure (including the terms of the applicable Software Agreement). OpenGov's Confidential Information includes, without limitation, the software underlying the Software Services and all Documentation.

5.3 Notwithstanding the foregoing, "Confidential Information" does not include: (a) "**Public Data,**" which is data that the Customer has previously released to the public, would be required to release to the public, upon request, according to applicable federal, state, or local public records laws, or Customer requests OpenGov make available to the public in conjunction with the Software Services. Confidential Information does not include (b) information that has become publicly known through no breach by the receiving party; (c) information that was rightfully received by the Receiving Party from a third party without restriction on use or disclosure; or (d) information independently developed by the Receiving Party without access to the Disclosing Party's Confidential Information.

6. PAYMENT OF FEES

6.1 Fees; Invoicing; Payment; Expenses.

(a) Fees. The fees for the Software Services for the Initial Term and any Renewal Term ("**Software Services Fees**") and the fees for Professional Services ("**Professional Services Fees**") are set forth in the applicable Order Form. Software Services Fees and Professional Services Fees shall hereafter be referred to as "**Fees**". Except to the extent otherwise expressly stated in this Agreement or in an Order Form, (i) all obligations to pay Fees are non-cancelable and all payments are non-refundable, (ii) Customer must pay all Fees due under all Order Forms and SOW within thirty (30) days after Customer receives each invoice (invoices are deemed received when OpenGov emails them to Customer's designated billing contact); (iii) the Software Service Fee shall be due annually in advance, and (iv) Customer must make all payments without setoffs, withholdings or deductions of any kind.

(b) Annual Software Maintenance Price Adjustment. OpenGov shall increase the Fees payable for the Software Services during any Renewal Term by 5% each year of the Renewal Term.

(c) Invoicing and Payment. OpenGov will invoice the Customer according to the Billing Frequency listed on the Order Form. Customer shall pay all invoices according to the Payment Terms listed on the Order Form.

(d) Travel Expenses. Unless the SOW provides otherwise, OpenGov will invoice Customer for travel expenses, pre-approved by the Customer, incurred in connection with each SOW as they are incurred. Customer shall pay all such valid invoices within thirty (30) days of receipt of invoice. Each invoice shall include receipts for the travel expenses listed on the invoice.

(e) Customer Delays; On Hold Fee.

I. On Hold Notice. Excluding delays caused by Force Majeure as described in Section 10.5, if OpenGov determines that Customer's personnel or contractors are not completing Customer's responsibilities described in the applicable SOW timely or accurately, OpenGov shall promptly, but in no event more than thirty (30) days from the date of such determination deliver to Customer a notice (an "**On Hold Notice**") that (A) designates the Professional Services to be provided to the Customer as "**On Hold**", (B) detail Customer's obligations and responsibilities necessary for OpenGov to continue performing the Professional Services, and (C) specify the Customer shall be invoiced for lost time in production (e.g. delayed or lost revenue resulting from rescheduling work on other projects, delay in receiving milestone payments from Customer, equipment, hosting providers and human resources idle) for a fee equal to 10% of the first year Software Service Fee (the "**On Hold Fee**").

II. Effects of On Hold Notice. Upon issuing an On Hold Notice, OpenGov shall be entitled, without penalty, to (A) reallocate resources otherwise reserved for the performance of the Professional Services, and (B) stop or caused to be stopped the Professional Services to be provided to the Customer until the Customer has fulfilled its obligations as set forth in the On Hold Notice. OpenGov shall remove the "On Hold" status, only upon Customer's fulfillment of its obligations set out in the On Hold Notice, including payment of the On Hold

Fee. Upon Customer's fulfillment of its obligations in the On Hold Notice, OpenGov may, in its sole discretion, extend the timeline to complete certain Professional Services up to six (6) weeks, depending on the availability of qualified team resources (OpenGov cannot guarantee that these team resources will be the same as those who were working on the project prior to it being placed On Hold). OpenGov shall bear no liability or otherwise be responsible for delays in the provision of the Professional Services occasioned by Customer's failure to complete Customer's responsibilities or adhere to a Customer schedule which were brought to the attention of the Customer on a timely basis, unless such delays result, directly or indirectly from the failure of OpenGov or its authorized independent contractors to perform the Professional Services in accordance with this Agreement or applicable SOW.

6.2 Consequences of Non-Payment. If Customer fails to make any payments required under any Order Form or SOW, then in addition to any other rights OpenGov may have under this Agreement or applicable law, (a) Customer will owe late interest penalty of 1.5% of the outstanding balance per month, or the maximum rate permitted by law, whichever is lower and (b) If Customer's account remains delinquent (with respect to payment of a valid invoice) for thirty (30) days after receipt of a delinquency notice from OpenGov, which may be provided via email to Customer's designated billing contact, OpenGov may temporarily suspend Customer's access to the Software Service for up to ninety (90) days to pursue good faith negotiations before pursuing termination in accordance with Section 7. Customer will continue to incur and owe all applicable Fees irrespective of any such Service suspension based on such Customer delinquency.

6.3 Taxes. All Fees under this Agreement are exclusive of any applicable sales, value-added, use or other taxes (**"Sales Taxes"**). Customer is solely responsible for any and all Sales Taxes, not including taxes based solely on OpenGov's net income. If any Sales Taxes related to the Fees under this Agreement are found at any time to be payable, the amount may be billed by OpenGov to, and shall be paid by, Customer. If Customer fails to pay any Sales Taxes, then Customer will be liable for any related penalties or interest, and will indemnify OpenGov for any liability or expense incurred in connection with such Sales Taxes. In the event Customer or the transactions contemplated by the Agreement are exempt from Sales Taxes, Customer agrees to provide OpenGov, as evidence of such tax exempt status, proper exemption certificates or other documentation acceptable to OpenGov.

7. TERM & TERMINATION

7.1 Term. Subject to compliance with all terms and conditions, the term of this Agreement shall commence on the Effective Date and shall continue until the Subscription End Date specified on the Order Form (the **"Initial Term"**) unless sooner terminated pursuant to Section 7.3 below.

7.2 Renewal. This Agreement shall automatically renew for another period of the same duration as the Initial Term (the **"Renewal Term"** and together with the Initial Term, the **"Term"**), unless either party notifies the other party of its intent not to renew this Agreement in writing no less than thirty (30) days before the end of the Initial Term.

7.3 Termination. Neither party shall have the right to terminate this Agreement without a legally valid cause. If either party materially breaches any term of this Agreement and fails to cure such breach within thirty (30) days after notice by the non-breaching party (ten (10) days in the case of non-payment), the non-breaching party may terminate this Agreement. Additionally, Customer may terminate this Agreement, upon providing at least ninety (90) days notice prior to the annual anniversary date of the Agreement (**"Anniversary Date"**) upon the occurrence of an Event of Nonappropriation as defined below. An **"Event of Nonappropriation"** occurs when prior to each Anniversary Date: a) Customer uses all efforts that are lawful and within Customer's official power, to secure the appropriate funds for the next year's Fees, including indicating the Software Services serve an essential purpose to Customer; and b) Customer has not acquired, used or issued a proposal for similar products or services during this period or has not hired any third party or allowed its own employees to use other services in place of the Software Services. Customer shall permit OpenGov to assist with the efforts in a) above, including providing OpenGov with direct access to Customer's applicable appropriations team.

7.4 Effect of Termination.

(a) In General. Upon termination pursuant to Section 7.3 or expiration of this Agreement pursuant to Section 7.1: (a) Customer shall pay in full for all Software Services and Professional Services performed up to and including the effective date of termination or expiration, (b) all Software Services provided to Customer hereunder shall

immediately terminate; and (c) each party shall return to the other party or, at the other party's option, destroy all Confidential Information of the other party in its possession.

(b) Deletion of Customer Data. Unless otherwise requested pursuant to this Section 7.4(b), upon the expiration or termination of this Agreement the Customer Data, excluding any Insights, shall be deleted pursuant to OpenGov's standard data deletion and retention practices. Upon written request, Customer may request deletion of Customer Data, excluding any Insights, prior to the date of termination or expiration of this Agreement. Such request must be addressed to "OpenGov Vice President, Customer Success" at OpenGov's address for notice described at Section 10.

7.5 Survival. The following sections of this Agreement shall survive termination: Section 5 (Confidentiality), Section 6 (Payment of Fees), Section 7.4(b) (Deletion of Customer Data), Section 8.3 (Warranty Disclaimer), Section 9 (Limitation of Liability) and Section 10 (Miscellaneous).

8. REPRESENTATIONS AND WARRANTIES; DISCLAIMER

8.1 By OpenGov.

(a) General Warranty. OpenGov represents and warrants that: (i) it has all right and authority necessary to enter into and perform this Agreement; and (ii) the Professional Services, if any, will be performed in a professional and workmanlike manner in accordance with the related statement of work and generally prevailing industry standards. For any breach of the Professional Services warranty, Customer's exclusive remedy and OpenGov's entire liability will be the re-performance of the applicable services. If OpenGov is unable to re-perform all such work as warranted, Customer will be entitled to recover all fees paid to OpenGov for the deficient work. Customer must make any claim under the foregoing warranty to OpenGov in writing within ninety (90) days of performance of such work in order to receive such warranty remedies.

(b) Software Services Warranty. OpenGov further represents and warrants that for a period of ninety (90) days, the Software Services will perform in all material respects in accordance with the Documentation. The foregoing warranty does not apply to any Software Services that have been used in a manner other than as set forth in the Documentation and authorized under this Agreement. OpenGov does not warrant that the Software Services will be uninterrupted or error-free. Any claim submitted under this Section 8.1(b) must be submitted in writing to OpenGov during the Term. OpenGov's entire liability for any breach of the foregoing warranty is to repair or replace any nonconforming Software Services so that the affected portion of the Software Services operates as warranted or, if OpenGov is unable to do so, terminate the license for such Software Services and refund the pre-paid, unused portion of the Fee for such Software Services.

8.2 By Customer. Customer represents and warrants that (i) it has all right and authority necessary to enter into and perform this Agreement; and (ii) OpenGov's use of the Customer Data pursuant to this Agreement will not infringe, violate or misappropriate the Intellectual Property Rights of any third party.

8.3 Disclaimer. OPENGOV DOES NOT WARRANT THAT THE SOFTWARE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE; NOR DOES IT MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM USE OF THE SOFTWARE SERVICES. EXCEPT AS SET FORTH IN THIS SECTION 8, THE SOFTWARE SERVICES ARE PROVIDED "AS IS" AND OPENGOV DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT.

9. LIMITATION OF LIABILITY

9.1 By Type. NEITHER PARTY, NOR ITS SUPPLIERS, OFFICERS, AFFILIATES, REPRESENTATIVES, CONTRACTORS OR EMPLOYEES, SHALL BE RESPONSIBLE OR LIABLE WITH RESPECT TO ANY SUBJECT MATTER OF THIS AGREEMENT UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY, OR OTHER THEORY: (A) FOR ERROR OR INTERRUPTION OF USE OR FOR LOSS OR INACCURACY OF DATA OR COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES OR LOSS OF BUSINESS; (B) FOR ANY INDIRECT, EXEMPLARY, PUNITIVE, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES; OR (C) FOR ANY MATTER BEYOND SUCH PARTY'S REASONABLE CONTROL, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSS OR DAMAGE.

9.2 By Amount. IN NO EVENT SHALL EITHER PARTY'S AGGREGATE, CUMULATIVE LIABILITY FOR ANY CLAIMS ARISING OUT OF OR IN ANY WAY RELATED TO THIS AGREEMENT EXCEED THE FEES PAID BY CUSTOMER TO OPENGOV (OR, IN THE CASE OF CUSTOMER, PAYABLE) FOR THE SOFTWARE SERVICES UNDER THIS AGREEMENT IN THE 12 MONTHS PRIOR TO THE ACT THAT GAVE RISE TO THE LIABILITY.

9.3 Limitation of Liability Exclusions. The limitations of liability set forth in Sections 9.1 and 9.2 above do not apply to, and each party accepts liability to the other for: (a) claims based on either party's intentional breach of its obligations set forth in Section 5 (Confidentiality), (b) claims arising out of fraud or willful misconduct by either party and (c) either party's unauthorized use, distribution, or disclosure of the other party's intellectual property.

9.4 No Limitation of Liability by Law. Because some jurisdictions do not allow liability or damages to be limited to the extent set forth above, some of the above limitations may not apply to Customer.

10. MISCELLANEOUS

10.1 Logo Use. OpenGov shall have the right to use and display Customer's logos and trade names for marketing and promotional purposes in connection with OpenGov's website and marketing materials, subject to Customer's trademark usage guidelines provided to OpenGov.

10.2 Notice. Ordinary day-to-day operational communications may be conducted by email, live chat or telephone communications. However, for notices, including legal notices, required by the Agreement (in Sections where the word "notice" appears) the parties must communicate more formally in a writing given by personal delivery, by pre-paid first-class mail or by overnight courier to the address specified in the most recent Order Form (or such other address as may be specified in writing in accordance with this Section).

10.3 Anti-corruption. OpenGov has not offered or provided any bribe, kickback, illegal or improper payment, gift, or thing of value to any Customer personnel in connection with the Agreement, other than reasonable gifts and entertainment provided Customer in the ordinary course of business. If OpenGov become aware of any violation of the above restriction then OpenGov shall promptly notify Customer.

10.4 Injunctive Relief. The parties acknowledge that any breach of the confidentiality provisions or the unauthorized use of a party's intellectual property may result in serious and irreparable injury to the aggrieved party for which damages may not adequately compensate the aggrieved party. The parties agree, therefore, that, in addition to any other remedy that the aggrieved party may have, it shall be entitled to seek equitable injunctive relief without being required to post a bond or other surety or to prove either actual damages or that damages would be an inadequate remedy.

10.5 Force Majeure. Neither party shall be held responsible or liable for any losses arising out of any delay or failure in performance of any part of this Agreement, other than payment obligations, due to any act of god, act of governmental authority, or due to war, riot, labor difficulty, failure of performance by any third-party service, utilities, or equipment provider, or any other cause beyond the reasonable control of the party delayed or prevented from performing.

10.6 Severability; Waiver. If any provision of this Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect and enforceable. Any express waiver or failure to exercise promptly any right under this Agreement will not create a continuing waiver or any expectation of non-enforcement. There are no third-party beneficiaries to this Agreement.

10.7 Assignment. Except as set forth in this Section, neither party shall assign, delegate, or otherwise transfer this Agreement or any of its rights or obligations to a third party without the other party's prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed. Either party may assign, without such consent but upon written notice, its rights and obligations under this Agreement to: (i) its corporate affiliate; or (ii) any entity that acquires all or substantially all of its capital stock or its assets related to this Agreement, through purchase, merger, consolidation, or otherwise. Any other attempted assignment shall be void. This Agreement shall inure to the benefit of and bind each party's permitted assigns and successors.

10.8 Independent Contractors. No agency, partnership, joint venture, or employment is created as a result of this Agreement and neither party has any authority of any kind to bind the other party in any respect.

10.9 Attorneys' Fees. In any action or proceeding to enforce rights under this Agreement, the prevailing party will be entitled to recover costs and attorneys' fees.

10.10 Governing Law and Jurisdiction. This Agreement shall be governed by the laws of the State of California without regard to its conflict of laws provisions. Exclusive jurisdiction for litigation of any dispute, controversy or claim arising out of or in connection with this Agreement shall be only in the Federal or State court with competent jurisdiction located in San Mateo County, California, and the parties hereby submit to the personal jurisdiction and venue therein.

10.11 Complete Agreement. This Agreement is the complete and exclusive statement of the mutual understanding of the parties and supersedes and cancels all previous written and oral agreements, communications, and other understandings relating to the subject matter of this Agreement. No modification of this Agreement will be binding, unless in writing and signed by an authorized representative of each party.

1. Overview

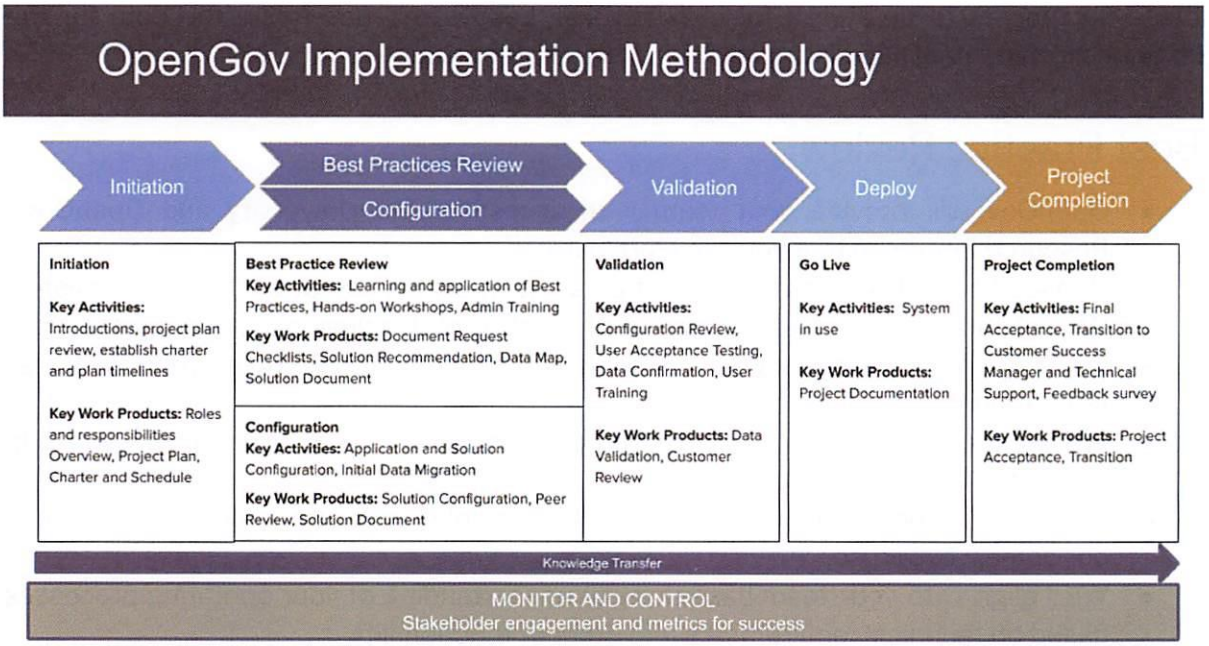
1.1. Preamble

This Statement of Work ("SOW") identifies services that OpenGov, Inc. ("OpenGov" or "we") will perform for City of Eastvale, CA ("Customer" or "you") pursuant to that order for Professional Services entered into between OpenGov and the Customer ("Order Form") which references the Software Services Agreement or other applicable agreement entered into by the parties (the "Agreement").

- Customer's use of the Professional Services are governed by the Agreement and not this SOW.
- Upon execution of the Order Form or other documentation referencing the SOW, this

SOW shall be incorporated by reference into the Agreement.

- In the event of any inconsistency or conflict between the terms and conditions of this SOW and the Agreement, the terms and conditions of this SOW shall govern with respect to the subject matter of this SOW only. Unless otherwise defined herein, capitalized terms used in this SOW shall have the meaning defined in the Agreement.
- This SOW may not be modified or amended except in a written agreement signed by a duly authorized representative of each party.
- openGov will be deployed as is, Customer has access to all functionality available in the current release.



2. Methodology

OpenGov's deployment methodology, often referred to as the OpenGov Way ("OG Way"), delivers on OpenGov's mission to power more effective and accountable governments. 'It is an innovative, modern, and iterative approach that leads our customers to successfully deploy our products and help them successfully achieve their vision. The OG Way differentiates itself in the market by its foundation of customer empowerment. We rely on our years of experience working with governments, leading in governments, and leveraging best practices from the public and private sector in order to coach our customers through the change management needed to leverage our best practices and quality software. This methodology requires a degree of focus and engagement to ensure collaboration between both parties to produce the desired results in a timely manner. We look forward to our partnership and can't wait to show you how The OG Way will improve the way you do business and the services you're able to provide to your citizens!

Project Initiation

During project initiation, we will introduce project resources, review the products and services purchased, finalize project timelines, and conduct the kickoff meeting. Both OpenGov and Customer are responsible for assigning their Project Managers for the project. We will hold a planning meeting to review all project documents OpenGov has received to date. We'll also provide additional worksheets that need to be included. We'll set-up meetings to finalize the project plan and ensure there is a centralized location for these documents to be stored for collaboration. Lastly, we'll determine the date for the larger kickoff meeting and discuss the agenda for this critical meeting.

Best Practice Review

- OpenGov will provide your team with access to OG University and OpenGov's Resource Center so that you can start learning.
- Provided checklists with samples of data and information that we'll need completed. We will obtain all data and integration information at this time in our standard format.
- We will review your agency-specific documents to validate your business requirements.
- We will then coach you on our best practices by showing you how our tool works in the most effective manner.
- Based on our best practices review, we'll make solution recommendations based on our domain expertise.
- We'll align with your team based on our understanding of your operating processes based on technical requirements and product functionality.
- We'll review all data and integration requirements. A data map will be mutually agreed upon and signed off on by Customer.
- We'll present a solution document to be mutually agreed upon prior to starting the configuration.

Configuration

- We will set-up the base configuration based on the mutually agreed upon solution document.
- We will mutually configure the use cases based on the mutually agreed upon solution document.
- We will migrate your data based on our mutually agreed upon data map.

Validation

- Review the completed work performed during configuration.

- The appropriate members of the Customer project team will confirm that the solution has been configured correctly based on the solution and data mapping documents by testing the use of the solution.
- Training will be provided based on the selected package, or as set forth herein.
- Any items that were configured or migrated incorrectly based on the data map and solution document will be tracked via an issue log. We will work with your team to identify deployment critical issues that will be worked out prior to launch. If the item is not included in the mutually agreed upon data map and solution document, a mutually agreed upon change order will be discussed as defined in Section 10 Change Management of this SOW.
- The exit criteria for this phase is the sign off by the Customer's Project Manager of the configuration based on the mutually agreed upon solution and data map as defined in Section 9 Acceptance of this SOW.

Deploy

- The solution is usable by Customer.

Project Completion

- Customer is sent a project acceptance form to sign as defined in Section 9 Acceptance of this SOW.
- Customer will be asked to respond to a brief survey to provide feedback about the experience.
- Customer is introduced to Customer Support and educated on how to engage with customer support based on Customer's procured package.

3. Project Schedule

OpenGov will schedule resources for this project upon signature of the order form. Unless specifically noted, the OpenGov assigned project manager (as identified below or such alternate designated by OpenGov, the "OpenGov Project Manager") will work with Customer Project Manager to develop the project schedule for all requested deliverables under this SOW. OpenGov reserves the right to adjust the schedule based on the availability of OpenGov resources and/or Customer resources, and the timeliness of deliverables provided by the Customer.

4. Roles and Responsibilities

4.1. Roles and Responsibilities Matrix

OpenGov	
Role	**Role Description**
Executive Sponsor ("ES")	Responsible for ensuring alignment on project value proposition and vision. Escalation point for Customer Executive Sponsor to mitigate any risks that the project team cannot resolve. Executive Sponsor attends monthly (or other frequency) executive meetings to review deployment status, documented issue list, status and closure summary.
Project Manager ("PM")	Responsible for the delivery of the professional services based upon the agreed upon contract and SOW within the budgeted hours and timeframe. Ensures the project is properly forecasted, assigns tasks/resources, and tracks toward project completion. Holds executive steering committee meetings and/or quarterly business reviews as appropriate to ensure project issues are properly escalated and success is achieved. Facilitates the transition to support.
Analyst ("IA")	Responsible for helping Customer configure OpenGov's product suites as assigned. The Analyst is the primary consultant, guiding Customer through configuration working sessions to put together successful workflows.
Subject Matter Expert ("SME")	OpenGov Subject Matter Experts ("SMEs") will engage in strategy, design, and execution discussions internally and with Customer during the deployment. The SME has a specific area of expertise, and depending on the scope of the project more than one SME may engage. The SME will not be on all working sessions, but will be involved per the direction of the OpenGov Project Manager.
Integration Engineer ("IE")	Responsible for migrations, conversions, and integrations as assigned. Responsible for providing clear direction on specifications to ensure proper delivery of migration, conversions, and integrations. Clear data mapping and data validation to be provided with customer sign-offs obtained by the OpenGov Project Manager.
Account Executive	The Account Executive is responsible for the sales cycle. Aligning

("AE")	on program vision, value proposition, and contract terms. The Account Executive will facilitate project kickoff along with the OpenGov Project Manager. The Account Executive will be engaged with the customer throughout their journey with OpenGov, post-deployment and beyond.
Customer Manager ("CM")	The Customer Manager ("CM") is the primary customer relationship holder post-Deploy. The "Air Traffic Controller" or "Quarterback" of OpenGov resources with focus on long term success of Customer's partnership with OpenGov. The CM will engage with Customer to discuss adoption strategy and conduct periodic reviews to ensure Customer's key stakeholders understand all OpenGov offerings and how they align to key Customer priorities. The CM will be introduced at deployment kick-off, but will not be an active participant in deployment working sessions. As the deployment approaches closure, the CM's engagement will ramp-up, and the OpenGov Project Manager to CM meeting with Customer will occur prior to Project Completion.

Customer

Role	Role Description
Budget Owner ("BO")	The Customer Budget Owner commits the funds to the project deployment, assesses the value to the cost (ROI), and approves changes orders. In some cases, the Budget Owner and Executive Sponsor are the same person.
Executive Sponsor ("ES")	Responsible for ensuring Customer team is aligned to core project value proposition and goals. Able to intervene if the project goes off track, and has ability to make decisions on timeline and budget when decisions are stalled. The Executive Sponsor is not expected to regularly attend deployment working sessions. Executive Sponsors, attend monthly (or other frequency) executive meetings to review deployment status, documented issue list, status and closure summary.
Project Manager ("PM")	Serves as the primary contact for OpenGov Project Initiation, Best Practice Review, Configuration, Validation, Deploy, Project Completion. Coordinates meetings and schedules. Controls communication between the Customer and OpenGov project teams.
Project Lead ("PL")	Is an internal SME in the functional area of deployment. Attends working sessions, trainings, and responsible for reviewing

	configurations. Primary OpenGov counterpart will be the Analyst.
Data and SystemsLead ("DSL")	Responsible for mapping out data infrastructure and validating migration, conversion, integration requirements. Someone who is able to connect OpenGov team with any of Customer's third-party data sources and vendors as needed to fulfill SOW requirements.

5. Governance

Project Governance provides the foundation and framework to manage deployments by assessing progress and addressing questions and challenges during the course of deployment. OpenGov follows three guiding principles for governance to maximize the deployment value with our customers:

- **Regular communication** aligned to the agreed upon project plan and timing will occur. OpenGov expects our customers to raise questions or concerns as soon as they arise. OpenGov will do the same, as we can only address items when known.
- **Executive involvement** is expected from both OpenGov and Customer. Not only may Executives be called upon to clarify expectations and/or confusion, but also to steer strategic items to maximize the value through the deployment.
- **Commitment to the direction** outlined in this SOW and critical assessment change orders to ensure they drive value.

5.1. Regular Communication Components

Meeting		Frequency	Purpose	Participants	
				OpenGov	Customer
Quarterly Management Review ("QMR")	Engagement Review	Quarterly	Overview of Program Status, Value Realization, trends, savings reports, program improvement, technology, and discuss program adjustments	PM, ES, others as necessary	PM, PL, ES, others as necessary

	Statement Committee	Bi-Annually	Review of milestones per commercial agreement, review budget and fiscal matters. Discuss strategic direction from deployment, alignment of OpenGov with Customer's 3-year roadmap, evaluate potential shift in strategy and impact to relationship	PM, ES, AE, CM	PM, BO. ES
Executive Sponsor Meeting		Monthly / Bi-Monthly	Discuss deployment: - Strategic impacts: timing, scope, process - Value prop changes, confusion - Project specific: items that need guidance, support and/or clarity	PM, ES, plus others as necessary	PM, ES, plus others as necessary
Weekly Deployment Updates		Weekly	Summary of project actions against project plan. Risks and achievements highlighted in addition to asks of leadership.	Project Team + ES(s)	Project Team + ES(s)

5.2. Commitment to Project Direction and Goals

This SOW is the direction agreed upon by Customer and OpenGov. Transparency of the plan is paramount for our Customers to attain the value the SOW or any subsequent change order outlines.

Should direction of the deployment become disconnected, OpenGov and Customer Project Managers will outline the gaps as they understand them and communicate the gaps to their respective Executive Sponsor(s) (or Project Teams) for discussion and resolution.

The communication path for this engagement will be outlined in the kick off meeting, documenting both phone numbers and email. The general path is:

OpenGov Project Manager → Professional Services Sr. Manager / SVP → Executive Sponsor

6. Escalation Process

The purpose of this section is to define the escalation process, should it be needed, to support closing issues that are raised, discussed to move forward with the deployment. OpenGov and Customer agree to raise concerns and follow the escalation process, resource responsibility, and documentation.

6.1. Process

- Identification of an issue impeding deployment progress, outcome or capturing the value proposition, that is not acceptable.
- Customer or OpenGov Project Manager summarizes the problem statement and impasse.
- Customer and OpenGov Project Managers will outline solution, acceptance or schedule Executive review in accordance with SLA as defined in Section 7 General Project Assumptions.
- Resolution will be documented and signed off following Executive review in accordance with SLA as defined in Section 7 General Project Assumptions.

6.2. Escalation Requirements

- OpenGov and Customer Project Managers will summarize the impasse and recommendation to present at scheduled or ad hoc executive meetings. Unless otherwise noted in this SOW, Customer Project Manager can approve how hours are used, but not where funding is required.

- Executive Sponsors attend monthly (or other frequency) executive meetings to review deployment status, documented issue list, status, and closure summary.
- Steering Committees, where applicable, will be the arbitrator to direction and issue closure. Unless otherwise noted in this SOW, the Customer Executive Sponsor must approve change orders that result in additional cost.
- Customer or OpenGov Subject Matter Experts may be requested to provide input to the issue and assist in closure. Both Customer and OpenGov will make best effort to enable those Subject Matter Experts to be available and participate.

6.3. Documentation

- Issue Escalation: Problem Statement with clear impact to the deployment and/or engagement.
- Acceptance Document: Which will include any change order(s) or other process adjustments required and summary of the resolution.
- Notes from Project Meetings, Executive Reviews, and Steering Committee meetings, as appropriate.

7. General Project Commitments

OpenGov is excited to work with Customer on the implementation of our OpenGov ERP Cloud. In order to ensure we are able to meet the project timeline and ensure Customer is successful in this implementation, OpenGov asks that Customer abide by the General Assumptions detailed in this SOW.

- This SOW is limited to the Implementation of the OpenGov Cloud as defined in the Project Scope. Any additional services or support will be considered out of scope.
- Customer will commit and provide access to all necessary stakeholders and subject matter experts, and other key parties whose roles are defined in Section 4.1, necessary to the successful implementation of the OpenGov ERP Cloud as defined in this SOW.
- Customer is responsible for internal change management associated with the purchase of new software.
- Response Protocol
    - OpenGov and Customer commit to responding to inquiries, updates, or any other project-related matters in no more than 10 business days throughout the course of this project. If Customer is delayed in its response, Customer acknowledges that: a) the delay may impact the project schedule; and b) any fees for Professional Services due to OpenGov after such delay shall become due and OpenGov may invoice Customer for such prepayment.

- As set forth in Section 6.1(e) of the Agreement, if extended delays in Customer responsiveness are encountered, OpenGov may opt to put the project into an "On Hold" status, which includes causing OpenGov to stop or cause to be stopped the Professional Services to be provided to the Customer, until the Customer has fulfilled its obligations set forth in the On Hold Notice as described in the Agreement.
- The Professional Services will be provided during regular business hours (8am to 6pm Pacific Time) Monday through Friday (holidays excluded).

- SOW Expiration:
  - This SOW is valid for up to 90 days from the Creation Date, or as agreed to in writing by OpenGov and Customer.

8. Project Scope

8.1. OpenGov Reporting & Transparency Platform

8.1.1. OpenGov Reporting & Transparency Platform Project Deliverables

Deliverable	Description
OpenGov Reporting & Transparency Platform	Cloud based Reporting & Transparency Platform that includes: • Stories • Open Town Hall • Reporting • Dashboards • Transparency Portal

8.1.2. Project Tasks

The tasks listed below are required for OpenGov and Customer to successfully complete the OpenGov Reporting & Transparency Platform implementation.

8.1.2.1. Initiate

Functionality	Description
Provisioning R&T Platform	OpenGov will provision Customer's OpenGov entity and verify Customer has access to all purchased modules.

OpenGov University Platform Training	OpenGov will provide access to OpenGov University online training courses intended to teach users on the basics of the Reporting & Transparency Platform.
Stories and Open Town Hall Examples	OpenGov will build out an example of a Story: • One standard story based on available templates in OpenGov. OpenGov will build out an example of a topic in Open Town Hall.
Initial Data Migration	OpenGov will upload any applicable datasets to the OpenGov Platform. • Base Budget File • Historical Budget and Transactions Files, including beginning balances • Budget Reference Year data files OpenGov will accept flat files such as CSV, Text, and/or Excel

8.1.2.2. Best Practices

Functionality	Description
Overview of Best Practice	OpenGov assesses and identifies how best to configure and map data to ensure success based on materials provided by Customer.
Stories and Open Town Hall Review	The Implementation Analyst will conduct a review of the examples created.
Solution Document	OpenGov will present a solution document to be mutually agreed upon prior to beginning configuration.

8.1.2.3. Configuration

Functionality	Description
Chart of Accounts	OpenGov will review and give feedback on Customer's general ledger chart of accounts OpenGov will provide a functional build of the proposed OpenGov Chart of Accounts, and gain sign off on acceptance from Customer. OpenGov will configure OpenGov Chart of Accounts in OpenGov system
OpenGov Reports	OpenGov will: • Set up 3 OpenGov reports (Annual, Budget to Actuals, and

	Transactions)

8.1.2.4. Validation

Functionality	Description
Chart of Accounts	Once built in OpenGov system, Customer will validate and sign off of transformed Chart of Accounts
Data	Customer will validate and sign off on the datasets uploaded as part of the implementation.

8.1.2.5. Deploy

Functionality	Description
Training Stories	OpenGov will review configured story and train Customer on how to: • Create new stories • Update/Maintain current stories • Publish internally and externally
Training Open Town Hall	OpenGov will present configured Open Town Hall site and theme. OpenGov will train Customer on Open Town Hall functionality
Training OpenGov Reports	OpenGov will review configured OpenGov reports. OpenGov will train Customer on report: • Configuration • Update/Maintenance • Publishing internally and externally
Training Dashboards	OpenGov will review configured Dashboards OpenGov will train Customer on Dashboard: • Configuration • Update/Maintenance • Publishing internally and externally
Platform Training	OpenGov will review configured COA and uploaded data. OpenGov will train Customer on Platform maintenance:: • Users • Uploading data • Maintaining COA

Sign Off	Customer will sign off that they have: • Configured Story • Configured Open Town Hall • Configured OpenGov reports • Been trained on Stories, Open Town Hall, OpenGov reports

8.2. OpenGov Budgeting & Planning

8.2.1. Budget & Planning Project Deliverables

Functionality	Description
OpenGov Budgeting & Planning Suite	Budgeting & Planning Suite, includes: • Operating Budget • Workforce Planning • Capital Improvement Project Budgeting • Online Budget Book • Budget Reporting

8.2.2. Project Tasks - Budgeting and Planning

The tasks and responsibilities listed below are required for OpenGov and Customer to successfully complete the OpenGov Budgeting and Planning Suite implementation.

8.2.2.1. Initiate

Functionality	Description
Documentation Receipt	Customer to provide OpenGov: • Budget export • Examples of the documentation currently provided to department, • Budget schedule, • Management budget reports example
OpenGov University Budget Training	During the initial phase, OpenGov will provide system training to administrators. Training will include: • How to create ○ a budget

	○ a proposal ○ a worksheet ○ add a line item ○ reselect line items ○ submit a budget • Reporting overview • Stories overview • Open Town Hall overview • Workforce Planning Overview
Budget and Workforce Solution Examples	OpenGov will build out examples of best practices for budgeting solutions: *Operating* • 2 budget instances in OpenGov • 2 proposals for each budget instance (Traditional and OpenGov) • 3 budget reports ○ Operating Budget Development ○ Operating Budget Details ○ Operating Budget Categories • 1 budget story for review *Capital* • 1 budget instances in OpenGov • 2 proposals • 3 budget reports ○ Capital Budget Development ○ Capital Budget Details ○ Capital Budget Categories • 1 capital story for review Workforce Planning Shell • 4 Standard cost elements ○ Wages ○ Insurance ○ Retirement ○ Taxes
Online Budget Book Examples	OpenGov will build out: • Look and feel of Online Budget Book • Best practice templates for: ○ Table of Contents ○ Budget message ○ Introduction ○ Revenue and Expenditure Assumptions ○ Budget Summary

	○ Departmental Information ○ Debt

8.2.2.2. Best Practices

Functionality	Description
Overview of Best Practice	OpenGov assesses and identifies how best to configure and map data to ensure success based on materials provided by Customer.
Budget and Workforce Solution	The Implementation Analyst will conduct a review of the examples created and work with the customer to confirm a budget format on which to move forward.
Online Budget Book Solution	The Implementation Analyst will conduct review of Online Budget Book templates and work with Customer to confirm format and approach.
Solution Document	OpenGov will present a solution document to be mutually agreed upon prior to beginning configuration.

8.2.2.3. Configure

Functionality	Description
Base Budget File	OpenGov will configure and upload Customer's base budget file into OpenGov.
Budget Configuration	Based on the Review and Confirmation phase OpenGov OpenGov will set up Customer's preferred budget format: *Operating* • 1 Budget instance • 2 Proposals (Department) • Corresponding worksheets (single, fund, division, or function) • 1 standard budget Story template *Capital* • 1 Budget instance • 2 Proposals (Department or Project) • Corresponding worksheets (single, fund, division, or function) • 1 standard capital Story template Based on the review of the Workforce Planning Shell and with the

	guidance of the Implementation Analyst, Customer will: • Buildout remaining cost elements • Populate position template • Validate Workforce calculation
Budget Configuration Working Sessions	OpenGov will hold working sessions between the Implementation Analyst and Customer for the purpose of validating, reviewing, and iterating upon draft budget instances. Session will focus on: • Set up • Structure • Workflow • User access
Administrator Budget Management Training	OpenGov will provide 1, 60-Minute training sessions to enable Customer's Budget Administrators to manage and maintain their OpenGov budgets including: • User access • Approval workflow • Cloning • Phases • Proposal status
Dataset and View Configuration	OpenGov will set up 1 export and dataset view to enable budget reports
Budget Report(s)	OpenGov will set up 8 budget reports to include: *Operating* • Operating Budget Milestones • Operating Budget Development • Operating Budget Details • Operating Budget Categories *Capital* • Capital Budget Development • Capital Budget Details • Capital Budget Categories • Capital Plan Report
Budget Exports and Reporting Training	OpenGov will provide 1, 60-Minute training sessions to enable Customer to own, manage and maintain their OpenGov Budget Data and Reports including: • Exports • Dataset views

	• Reports
Online Budget Book Configuration and Training Session	OpenGov will setup 3 OpenGov standard Online Budget Book templates chosen from examples defined above, including 1 completed story from 1 template • Administrator training ○ One 60-Minute session for training: ■ Using and Copying Templates ■ How Datasets and Reports work in Stories ■ How the Online Budget Book works with Transparency Portal ■ Preparing for updating and ongoing use • OpenGov will provide working sessions for OpenGov to consult with Customer on Online Budget Book, scheduled as needed. *(Not to exceed more than 10 sessions unless agreed upon by openGov Project Manager and Customer.)* Customer administrators will set up additional project story shells and corresponding project users, and admins/users will add content

8.2.2.4. Validation

Functionality	Description
Validation of Configured Budgets	The OpenGov Project Manager and Analyst will confirm with Customer's Project Lead that all budget proposals are configured properly based on the agreed upon format.

8.2.2.5. Deploy

Functionality	Description
Internal Budget User Training	OpenGov will provide 1, 60-Minute training sessions to enable Customer's internal users to understand budgeting requirements.
Sign Off	Customer will provide written sign off that all Budgets and reports have been configured based on agreed upon formats.

8.3. Financial Integration

8.3.1. Financial Integration Deliverables

Functionality	Description
Financial Integration	OpenGov will work with Customer's IT Staff and Project Team to setup a one way data integration from Springbrook to OpenGov

8.3.2. Financial Integration Tasks

The tasks listed below are required for OpenGov and Customer to successfully complete the Financial Integrations with OpenGov.

8.3.2.1. Initiate

Functionality	Description

Solution Review	OpenGov will review the proposed solution with Customer
	• Functionalities to be Integrated
	  ○ Actuals (Revenue and Expenses)
	  ○ Budget
	• Integration Approach
	  ○ Database Connect / Agent Install
	  ○ SFTP (File Transfer)
	• OpenGov Assumes:
	  ○ The data will be linked to the Customer's COA.
	  ○ Integration is unidirectional from the Customer's accounting software into OpenGov.

Data Files [SFTP]	Customer will provide the data in the required format associated with the functionalities • Data Files for Historical Years • Data Files for Current Year • Automate the file transfers into the OpenGov SFTP location
Data Analysis	OpenGov will perform the data analysis • To align with the required functionalities • To align with the COA

8.3.2.2. Configuration

Functionality	Description

Integration Setup	OpenGov will perform the following
	• Installation of Agent (Database Integrations)
	• Database View Deployment (Database Integrations)
	• SFTP Setup (SFTP Data Migrations)
	• Sample File Format (SFTP Data Migrations)
	• OpenGov Assumes:
	  ○ OpenGov will require assistance from Customer to understand source system specific customizations and configurations when building the data extract. When OpenGov is not able to access or extract data as per requirements, Customer should provide the data files in CSV format into OpenGov FTP Location.
	  ○ When the source accounting software is hosted by a third party vendor on behalf of Customer, Customer is responsible for brokering OpenGov's access to Customer's data residing at the vendor's premises in accordance with OpenGov's data formatting requirements.

Configuration and Testing	OpenGov will perform the Configuration to • Extract, Transform (when required) and load the data • Build Reports for the required functionalities • Initial validation of data

8.3.2.3. Validation

Functionality	Description
Data Validation	OpenGov team to work with Customer to • Validate the historical data • Validate the current year data • OpenGov Assumes: ○ Customer will provide data to validate against (PDF Export). Data should be received prior to the start of the integration.

	○ OpenGov will perform the validation for data accuracy for the Integration, working jointly with Customer team to approve the Financial Integration data.

8.3.2.4. Deploy

Functionality	Description
Deployment and Wrap Up	OpenGov will perform the Configuration to • Schedule the current year data load • Train the administrators • Monitor the data load
Sign Off	Customer will complete OpenGov-provided sign off document acknowledging • Accuracy of the data for historical years and current year associated with the functionalities • Accuracy Reports associated with the functionalities • Adequately trained on the Integration Functionalities

9. Acceptance

9.1. Acceptance Process

All Deliverables require acceptance from the Customer Project Manager(s) following the completion of Deliverables and upon Project Closure. Customer is responsible for conducting any additional review or testing of such Deliverable pursuant to any applicable mutually agreed upon acceptance criteria agreed upon by the parties for such Deliverable. Upon completion of these phases, the OpenGov Project Manager shall notify the Customer Project Manager(s) and provide the necessary documents for review and sign off.

The following process will be used for accepting or acknowledging Deliverables and Project Closure:

- OpenGov shall submit the completed Deliverables to Customer to review or test against the applicable acceptance criteria. Customer shall notify OpenGov promptly of its acceptance or rejection in accordance with the agreed upon acceptance criteria.

- Customer must accept all Deliverables that meet the applicable acceptance criteria. OpenGov Project Manager will provide the Customer Project Manager with the OpenGov Acceptance form to sign off on the Deliverable and project. Once all Deliverables required to meet a particular phase have been accepted or are deemed accepted, the phase shall be deemed complete.
- Upon completion of the phase or project, OpenGov allows Customer 10 business days to communicate that the particular Deliverable(s) does not meet Customer's requirements. Failure to communicate that the particular Deliverable(s) does not meet Customer's requirements will be deemed as acceptance and any further work provided to remedy Customer's complaint might incur additional cost.
- Customer shall provide to OpenGov a written notice detailing the reasons for rejection and the nature of the failure to meet the acceptance criteria. OpenGov shall make best effort to revise the non-conforming Deliverable(s) to meet the acceptance criteria and re-submit it to Customer for further review and testing.
- If the acceptance form is not received in accordance with Section 7 General Project Assumptions, the project phase and/or project will be considered accepted and automatically closed.

9.2. Acceptance Requirements

- All acceptance milestones and associated review periods will be tracked on the project plan.
- The Customer Project Manager will have decision authority to approve/reject all project Deliverables, Phase Acceptance and Project Acceptance.
- Any open issues shall receive a response in accordance with Section 7 General Assumptions of this SOW following the Validation Acceptance review, or as mutually agreed upon between the parties, for resolution prior to advancing on in the project.
- Both OpenGov and Customer recognize that failure to complete tasks and respond to open issues may have a negative impact on the project.
- For any tasks not yet complete, OpenGov and/or Customer will provide sufficient resources to expedite completion of tasks to prevent negatively impacting the project.

10. Change Management

This SOW and related efforts are based on the information provided and gathered by OpenGov. Customer acknowledges that changes to the scope may require additional effort or time, resulting in additional cost. Any change to scope must be agreed to in writing or

email, by both Customer and OpenGov, and documented as such via a:

- *Change Order* - Work that is added to or deleted from the original scope of this SOW. Depending on the magnitude of the change, it may or may not alter the original contract amount or completion date and be paid for by Customer. Changes might include:
    - Timeline for completion
    - Sign off process
    - Cost of change and Invoice timing
    - Signed by OpenGov and Customer Executives approving funds.

Change documentation will be mutually agreed upon as defined in Section 7 General Assumptions of this SOW. Should that not occur, the change will be added to the next Executive Sponsor agenda for closure.

Example of changes that might arise during a deployment:

- Amending the SOW to correct an error.
- Extension of work as the complexity identified exceeds what was expected by Customer or OpenGov.
- Change in type of OpenGov resources to support the SOW.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
CONSENT CALENDAR
Agenda Item No. 11.7
June 25, 2025

Purchase of One Skid Steer Loader for Use by City of Eastvale

Prepared By:

Jimmy Chung, Public Works Director/City Engineer

Recommended Action(s)

Staff recommends that the City Council:

1. Approve the purchase of one (1) Caterpillar (CAT) 262D3 Skid Steer Loader in Fiscal Year 2025-26 and attachments in an amount not to exceed $124,807.99; and
2. Authorize the City Manager to execute all necessary documents including a purchase order to complete the purchase.

Summary

The proposed fiscal year (FY) 2025-26 budget includes Air Quality Management District (AQMD) funding for the purchase of a CAT 262D3 skid steer loader to support Public Works operations and strengthen the City's emergency response capabilities. This purchase aligns with the Public Works Department long-term strategy to reduce reliance on contracted services by bringing roadway repair and related maintenance activities in-house.

The skid steer loader is a versatile, multipurpose machine essential for maintaining roadways, sidewalks, gutters, curbs, storm drains, and other public right-of-way (ROW) areas. With a variety of compatible attachments, it enables the City to perform essential tasks such as asphalt and concrete grinding, debris sweeping, vegetation removal, and site preparation to be completed efficiently with a single piece of equipment.

This investment will greatly improve the City's responsiveness to community needs—such as

addressing tripping hazards, clearing debris, and mitigating wildfire risks by removing brush and weeds from public areas. As the City's infrastructure continues to age, bringing more services in-house will allow the Public Works Department to address maintenance needs more cost-effectively and better prepared for long-term growth by internalizing these operations. In addition to supporting core Public Works functions, this machine will also support other departments, such as the City's Community Services & Recreation Department in preparing for annual events. Overall, the addition of this equipment will increase operational flexibility, improve service delivery, and reduce long-term contracting costs across multiple service areas.

Background

As part of the proposed FY 2025-26 Budget, the Public Works Department is recommending the purchase of a new CAT 262D3 skid steer loaded to support roadway maintenance, emergency response, and general ROW operations. The equipment would be procured through a Sourcewell approved vendor, in an amount not to exceed $124,807.99 (Attachment 1).

The CAT 262D3 skid steer loader is powered by a Tier 4 Final diesel engine—the cleanest available technology in its class. This purchase complies with AB 2766 funding criteria, which allow for the acquisition of new, higher-emission off-road diesel equipment with cleaner technology, in alignment with the programs guidelines.

The equipment will be procured using Sourcewell, a cooperative purchasing program. In accordance with Eastvale Municipal Code Section 4.06.080(d), purchases made through an approved cooperative purchasing agreement are exempt from the City's competitive bidding requirements.

Environmental

The purchase of this equipment is not defined as a Project under the California Environmental Quality Act (CEQA); therefore, no environmental review is required.

Strategic Plan Action - Priority Level: N/A | Target #: A | Goal #: N/A

This purchase supports the City's strategic goals related to infrastructure maintenance and public safety by expanding the Public Works Department's ability to perform in-house maintenance, respond to hazards, and improve service delivery.

Fiscal Impact

The total fiscal impact for the proposed purchase of the CAT 262D3 skid steer loaded is not to exceed $124,807.99. Staff has received confirmation of approval for use of AQMD annual funding for the clean diesel equipment purchase. Funding for the purchase is included in the proposed FY 2025-26 budget; assuming approval of the fiscal year 2025-26 budget, sufficient funds will be available in the AQMD Fund other capital outlay account 220-500-6695. Ongoing operational costs will be covered by the General Fund under the Vehicle Operations/Gas Account 100-510-6330.

Prior City Council/Commission Action

Not applicable.

Attachment 1 - CAT 262D3 Quote (New).pdf

185253-01

Apr 15, 2025

Caterpillar Sourcewell Contract Number: 011723-CAT Eastvale
Sourcewell Account Number: City of Eastvale (69733)

Hello

We would like to thank you for your interest in our company and our products, and are pleased to quote the following for your consideration.

One (1) New Caterpillar Inc. Model: 262D3 Skid Steer Loader including standard and optional equipment as listed below.

STOCK NUMBER: NS0024665 **SERIAL NUMBER:** 0TP404684 **YEAR:** 2025 **SMU:** 3

We wish to thank you for the opportunity of quoting on your equipment needs. This quotation is valid for 30 days, after which time we reserve the right to re-quote. If there are any questions, please do not hesitate to contact me.

Sincerely,

Joseph Munoz
Machine Sales Representative

One (1) New Caterpillar Inc. Model: 262D3 Skid Steer Loader including standard and optional equipment as listed below.

Standard Equipment

POWERTRAIN

Cat C3.3B diesel engine
-Gross horsepower per SAE J1349
74.3 hp (55.4 kW) @ 2400 RPM
-Electric fuel priming pump
-Glow plugs starting aid
-Liquid cooled, direct injection
Air cleaner, dual element, radial seal
S-O-S sampling valve, hydraulic oil
Filter, cartridge type, hydraulic
Filters, canister type, fuel and water separator
Radiator / hydraulic oil cooler (side-by-side)
Spring applied, hydraulically released, parking brakes
Hydrostatic transmission
Four wheel chain drive

HYDRAULICS

ISO or H pattern controls:
Electro/hydraulic implement control
Electro/hydraulic hydrostatic transmission control

ELECTRICAL

12 volt electrical system
80 ampere alternator
Ignition key start/stop/aux switch
Lights:
-LED work lights (2 front, 2 rear)
-Gauge backlighting
-Two rear tail lights
-Dome light
Backup alarm
Electrical outlet, beacon

OPERATOR ENVIRONMENT

Operator warning system indicators:
-Air filter restriction
-Alternator output
-Armrest raised/operator out of seat
-Engine coolant temperature
-Engine oil pressure
-Glow plug activation
-Hydraulic filter restriction
-Hydraulic oil temperature
-Park brake engages
-Engine emission system
Gauges: fuel level and hour meter
Storage compartment with netting
Ergonomic contoured armrest
Control interlock system, when operator leaves seat or armrest raised:
-Hydraulic system disables
-Hydrostatic transmission disables
-Parking brake engages
ROPS cab, open, tilt up
Anti-theft security system w/6-button keypad
FOPS, level I
Top and rear windows
Floormat
Interior rear view mirror
USB charging port
Horn
Hand (dial) throttle, electronic

FRAMES

Lift linkage, vertical path
Chassis, one piece welded
Machine tie down points (6)
Belly pan cleanout
Support, lift arm
Rear bumper, welded

OTHER STANDARD EQUIPMENT

Engine enclosure - lockable
Extended life antifreeze (-37C, -34F)
Work tool coupler
Hydraulic oil level sight gauge
Radiator coolant level sight gauge
Radiator expansion bottle
Cat ToughGuard TM hose
Heavy duty flat faced quick disconnects with integrated pressure release
Split D-ring to route work tool hoses along side of left lift arm
Variable speed hydraulic cooling fan
Per SAE J818-2007 and EN 474-3:2006 and ISO 14397-1:2007

June 25, 2025

Adoption of an Ordinance Establishing the Speed Limits on Certain Streets

Prepared By:

Jimmy Chung, Public Works Director/ City Engineer

Recommended Action(s)

Staff recommends that the City Council approve the second reading and adopt the Ordinance, entitled: AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, AMEN IN ITS ENTIRETY CHAPTER 10.02 OF TITLE 10 OF THE EASTVALE MUNICIPAL CODE ESTABLISI SPEED LIMITS ON CERTAIN STREETS

Summary

On July 24, 2013, City Council approved the establishment and update of speed limits on street segments in Eastvale, followed by amendments approved on February 12, 2014; June 24, 2015; July 11, 2018; January 26, 2022; and January 11, 2023. Since the January 11, 2023 approval of the speed surveys, the following six (6) street segments have been studied:

- Segment 2: 65th Street between Archibald Avenue and Sumner Avenue
- Segment 23: Hamner Avenue between Bellegrave Avenue and Cantu Galleano Ranch Road
- Segment 28: Harrison Avenue between Limonite Avenue and Blossom Way
- Segment 32: Limonite Avenue between Hellman Avenue and Cucamonga Creek Channel
- Segment 33: Limonite Avenue between Cucamonga Creek Channel and Archibald Avenue
- Segment 46: Scholar Way between Citrus Street and Schleisman Road

Background

Posted speed limits are established to inform drivers of appropriate and safe travel speeds, and to protect the general public from the risks posed by reckless or unpredictable driving behavior.

Research has shown that most drivers travel at speeds that are safe and reasonable, therefore, speed limits are established primarily on the consensus of the majority of those who use the roads. Speed limits are not based on the actions of few. In California, the California Vehicle Code (CVC) requires that speed limits be set using an Engineering and Traffic Survey (ETS), rather than through arbitrary methods. This approach ensures that speed limits are defensible and appropriate for the roadway conditions. The CVC also includes the Basic Speed Law (Section 22350), which states:

"No person shall drive a vehicle on a highway at a speed greater than is reasonable or prudent having due regard for weather, visibility, the traffic on, and the surface and width of the highway, and in no event at a speed which endangers the safety of persons or property."

Properly posted speed limits assist law enforcement in citing drivers who violate the Basic Speed Law and give drivers a clear warning of the maximum speed that is reasonable and prudent under typical driving conditions.

The engineering and traffic survey study involves the three major elements of data collection and analysis, as required by California Vehicle Code (CVC) Section 627 and as outlined in the California Manual on Uniform Traffic Control Devices (CA MUTCD), 2014 Edition, rev 9. The three elements of an Engineering and Traffic Survey, as described in the CVC, are:

1. Prevailing speed as determined by a spot speed survey
2. Collision records
3. Highway, traffic, and roadside conditions not readily apparent to the driver

Other factors that may also be considered include:

- Residential Density (as defined in CVC Section 627)
- Safety of bicyclists and pedestrians, with increased consideration for vulnerable pedestrian groups including children, seniors, persons with disabilities, users of personal assistive mobility devices, and the unhoused.

The City Council last adopted an Engineering and Traffic Survey on July 24, 2013, followed by amendments approved on February 12, 2014, June 24, 2015, July 11, 2018, January 26, 2022 and January 11, 2023. Since the January 11, 2023 approval of the speed surveys, the following six (6) street segments have been studied:

- Segment 2: 65th Street between Archibald Avenue and Sumner Avenue
- Segment 23: Hamner Avenue between Bellegrave Avenue and Cantu Galleano Ranch Road
- Segment 28: Harrison Avenue between Limonite Avenue and Blossom Way
- Segment 32: Limonite Avenue between Hellman Avenue and Cucamonga Creek Channel
- Segment 33: Limonite Avenue between Cucamonga Creek Channel and Archibald Avenue
- Segment 46: Scholar Way between Citrus Street and Schleisman Road

These segments were studied for the following reasons:
1. Establish the speed limit for a new segment:

- Harrison Avenue between Limonite Avenue and Blossom Way - Segment 28

- Limonite Avenue between Hellman Avenue and Cucamonga Creek Channel - Segment 32
- Limonite Avenue between Cucamonga Creek Channel and Archibald Avenue - Segment 33

2. Segment that required a resurvey in order to ensure speed limits are appropriate and enforceable by radar/lidar:

- 65th Street between Archibald Avenue and Sumner Avenue - Segment 2
- Hamner Avenue between Bellegrave Avenue and Cantu Galleano Ranch Road - Segment 23
- Scholar Way between Citrus Street and Schleisman Road - Segment 46

Segment No	Street	Between	Current Speed Limit (mph)	Recommended Speed Limit (mph)
2	65th Street	Archibald Avenue and Sumner Avenue	40	40
23	Hamner Ave	Bellegrave Avenue and Cantu Galleano Ranch Rd	50	45
28	Harrison Avenue	Limonite Avenue and Blossom Way	45	35
32	Limonite Avenue	Hellman Avenue to Cucamonga Creek Channel (New)	None	45
33	Limonite Avenue	Cucamonga Creek Channel to Archibald Avenue (New)	None	45
46	Scholar Way	Citrus Street & Schleisman Road	35	35

The recommended speed limits were reviewed and found acceptable by the Riverside County Sheriff's Office, which provides contract law enforcement services to the City of Eastvale.
To ensure enforceability, each speed limit recommendation must be supported by an ETS that can withstand legal scrutiny. This survey includes all required documentation under State law. Once the ordinance is adopted, updates to posted speed limits will be implemented accordingly.

Environmental

Approval of the agreement is categorically exempt from California Environment Quality Act (CEQA) review under CEQA Guidelines Section 15301 - Existing Facilities.

Strategic Plan Action - Priority Level: 2 | Target #: 5 | Goal #: 7

Improve traffic mobility and management

Fiscal Impact

Several additional speed limit signs need to be installed at various locations throughout the City. The total cost to install these speed limit signs is estimated to be $3,000. Funds are available in the Measure A fund, Capital Improvement Project number 92001, Account Number 210-510-6695.

Prior City Council/Commission Action

On July 24, 2013, City Council approved the establishment of speed limits on street segments in Eastvale. Subsequent amendments were approved on February 12, 2014, June 24, 2015, July 11, 2018, and January 26, 2022.

SECTION 1.0

INTRODUCTION

The purpose of this report is to document the results of an engineering and traffic survey conducted to update and to establish the speed limits for six (6) segments of the City of Eastvale arterial street network. The overall study was conducted to comply with existing State regulations concerning the increasing or decreasing of speed limits within City boundaries.

Posted speed limits are established to inform drivers of the safe speed limit and to protect the general public from reckless and unpredictable behavior of irresponsible drivers. Research has shown that most drivers travel at speeds that are safe and reasonable, therefore, speed limits are established primarily on the consensus of the majority of those who use the roads. Speed limits are not based on the actions of few. The California Vehicle Code requires the limits to be established on the basis of an engineering and traffic survey rather than by arbitrary methods.

Posted speed limits also provide law enforcement with a clearly understood method of identifying and apprehending violators of the Basic Speed Law (CVC Section 22350), which states: No person shall drive a vehicle on a highway at a speed greater than is reasonable or prudent having due regard for weather, visibility, the traffic on, and the surface and width of the highway, and in no event at a speed which endangers the safety of persons or property. The posted speed limit gives drivers a clear warning of the maximum speed that is reasonable and prudent under typical driving conditions.

It is generally accepted that speed limits cannot be successfully enforced without voluntary compliance by a majority of drivers. Consequently, only the driver whose behavior is clearly out of line with the normal flow of traffic is usually targeted for enforcement.

This report contains sufficient information to document that the conditions of the latest edition of the California Vehicle Code (CVC) Section 627 have been satisfied, that other conditions not readily apparent to a motorist are properly identified, and that the provisions of AB 43 have been incorporated in the analysis. To legally use radar for speed enforcement, Section 40802(b)of the CVC requires that limits be established per Sections 22357 and 22358 of the CVC, the limits mustbe justified by an Engineering and Traffic Survey conducted within five years prior to the date of the alleged violation. Section 40802(c) of the CVC allows cities to extend the survey period up to seven or 14years depending on specific criteria. California Assembly Bill (AB) 43, related to traffic safety, was signed into law on October 8, 2021. AB 43 modifies certain sections and adds new sections to the CVC pertaining to speed limits. Certain sections of AB 43 took effect on January 1, 2022, while other sections went into effect on January 1, 2023. All sections are currently in effect. Details of these CVC criteria and modifications are provided in Appendix A. CVC Section 627 also requires that the Engineering and Traffic Survey be conducted in accordance with thelatest edition of the California *Manual on Uniform Traffic Control Devices* (CA MUTCD). Details of these CA MUTCD criteria are provided in Appendix B. AB 43 also modified sections of the CA MUTCD, which took effect on January 1, 2023, when Revision 8 of the CA MUTCD was approved, and on April 1, 2025, when Revision 9 of the CA MUTCD was approved.

On July 24, 2013, City Council approved the establishment and update of speed limits on street segments in Eastvale, followed by amendments approved on February 12, 2014, June 24, 2015, July 11, 2018 January 26, 2022 and January 11, 2023. Since the January 11, 2023 City Council approval of the speed surveys, the following six (6) street segments have been studied:

2 65th Street between Archibald Avenue and Sumner Avenue
23 Hamner Avenue between Bellegrave Avenue and Cantu Galleano Ranch Road
28 Harrison Avenue between Limonite Avenue and Blossom Way
32 Limonite Avenue between Hellman Avenue and Cucamonga Creek Channel33 Limonite Avenue between Cucamonga Creek Channel and Archibald Avenue
46 Scholar Way between Citrus Street and Schleisman Road

The segments below were studied for the following reasons:

1. Establish the speed limit for a new segment:
    - Harrison Avenue between Limonite Avenue and Blossom Way – Segment 28
    - Limonite Avenue between Hellman Avenue and Cucamonga Creek Channel – Segment 32
    - Limonite Avenue between Cucamonga Creek Channel and Archibald Avenue – Segment 33
2. Segment that required a resurvey in order to ensure speed limits are appropriate and enforceable by radar/lidar:
    - 65th Street between Archibald Avenue and Sumner Avenue – Segment 2
    - Hamner Avenue between Bellegrave Avenue and Cantu Galleano Ranch Road – Segment 23
    - Scholar Way between Citrus Street and Schleisman Road – Segment 46

This survey will either verify, increase, or decrease the existing speed limits for the six (6) selected roadway segments within the City of Eastvale, based on the data and results obtained.

At six (6) locations on the City's network, spot speed surveys were taken in conformance with the State law for conducting engineering and traffic surveys for the purpose of establishing/updating prima facie speed limits. The data was collected in accordance with the latest edition of the 2025 CA MUTCD 2014, rev 9. Sections of the CA MUTCD that contain the regulations for conducting the required "Engineering and Traffic Survey" are presented in Appendix B. Also in Appendix B are definitions of terms used in speed zone surveys. As previously noted, excerpts from the CVC regarding regulations governing speed limits are presented in Appendix A. The speed zone radar surveys were conducted by Counts Unlimited, Inc. Certifications for their staff and equipment are provided in Appendix E.

SECTION 2.0

STUDY METHODOLOGY

The basic fundamentals for establishing speed limits recognize that the majority of drivers behave in a safe and reasonable manner, and, therefore, the normally careful and competent actions of a reasonable driver should be considered legal. Speed limits established on the fundamentals conform to the consensus that those who drive the highway determine what speed is reasonable and safe, not on the judgement of one or a few individuals. A radar spot speed survey is usually used to record the prevailing speed of reasonable drivers.

Speed zones are established to inform drivers of the safe speed limit and to protect the general public from unreasonable and reckless drivers. Research has shown that most drivers travel at speeds that are safe and reasonable, therefore, speed limits are established primarily on the consensus of the majority of those who use the roads. Speed limits are not based on the actions of few. The California Vehicle Code requires the limits to be established on the basis of an engineering and traffic survey rather than by arbitrary methods.

Speed limits are also established to advise drivers of conditions which may not be readily apparent to a reasonable driver. For this reason, collision history, roadway conditions, traffic characteristics and land use must also be analyzed before determining speed limits.

The engineering and traffic survey study involved the three major elements of data collection and analysis, as required by California Vehicle Code (CVC) Section 627 and as outlined in the California *Manual on Uniform Traffic Control Devices* (CA MUTCD), 2014 Edition, rev 9. The three elements of an Engineering and Traffic Survey, as described in the CVC, are:

1. Prevailing speed as determined by a spot speed survey
2. Collision records
3. Highway, traffic, and roadside conditions not readily apparent to the driver

Other factors that may also be considered include:

- Residential Density (as defined in CVC Section 627)
- Safety of bicyclists and pedestrians, with increased consideration for vulnerable pedestrian groups including children, seniors, persons with disabilities, users of personal assistive mobility devices, and the unhoused.

California Assembly Bill (AB) 43, passed in 2021, introduced concepts from Vision Zero into the determination of speed limits. AB 1938, passed in 2022, made further modifications. The goal of Vision Zero is to reduce traffic-related deaths and serious injuries to zero, based on the Safe System Approach. The basic tenet of Vision Zero is that human beings are vulnerable to traffic collisions, the severity of injuries and death are directly affected by speed, and roadway speeds should be reduced wherever possible, using the Safe System Approach, to achieve Vision Zero. AB 43 maintains the use of the 85th percentile speed as the base for setting speed limits, but makes it easier to reduce speed limits. The effects of AB 43 are discussed below, under Analysis.

Spot Speed Survey. Spot speed surveys, performed by a certified radar technician utilizing a calibrated radar gun, were conducted for six (6) roadway segments to determine existing vehicular travel speeds. A minimum of 100 observations were recorded, 50 for each direction of travel, on all the surveyed street segments. This data was used to calculate statistical information such as the 85th percentile speed, 10 mile per hour pace speed, percent of vehicles within the 10 mile per hour pace, median speed and other pertinent data for analysis. The 85th percentile speed is the speed at or below which 85 percent of the traffic is traveling. This threshold represents what is historically found to be a safe and reasonable speed for most drivers based on common roadway conditions.

Collision Rate. Mid-block traffic collision data for the six (6) roadway segments was tabulated from the City's and County's collision records as reported to the California Crash Reporting System (CCRS) for the period from January 1, 2023 through December 31, 2024 (two years). The collision rate was calculated and considered in recommending the speed limit.

Field Review. The streets were field reviewed to determine/confirm the existing roadway characteristics, condition and placement of signs and markings, adjacent land uses, pedestrian and bicycle activity (with increased consideration of vulnerable pedestrian groups),and to identify roadway characteristics that are not readily apparent to vehicle drivers.

Analysis. The three elements and two other factors described above were used to determine the recommended speed limit. The analysis began with the 85th percentile speed from the spot speed survey and was modified, as appropriate, by the collision rate, pedestrian and bicycle activity, and existing conditions not readily apparent to the driver.

The speed limit is initially established at the nearest 5 mph increment to the 85th percentile speed. It can then be reduced by 5 mph if it meets one of the following two options:

Option 1. CVC Sections 627 and 22358.5 allow the speed limit to be reduced by 5 mph from the nearest 5 mph increment of the 85th percentile speed under certain circumstances.

Option 2. For cases where the nearest 5 mph increment would require rounding up, CVC Section 21400(b) allows the speed limit to be rounded down to the nearest 5 mph increment below the 85th percentile speed, however, no further reduction is allowed.

The following examples explain the use of these speed limit criteria:

A. Using Option 1, when the 85th percentile speed is rounded down (i.e. the 85th percentile speed is 37 mph, so the speed limit would be established at 35 mph), the speed limit could be reduced another 5 mph, to 30 mph, if the special conditions are met and justification for using the lower speed limit are documented in the engineering and traffic survey.

B. Using Option 1, when the 85th percentile speed is rounded up (i.e. the 85th percentile speed is 38 mph, so the speed limit would be established at 40 mph), the speed limit could be reduced by 5 mph, to 35 mph, if the special conditions are met and justification for using the lower speed limit are documented in the engineering and traffic survey.

C. Using Option 2, when the 85th percentile speed is rounded up (i.e. the 85th percentile speed is 38 mph and would normally be rounded up to 40 mph), instead of rounding up, the speed limit can be reduced by 5 mph (established at 35 mph), but no further reduction can be applied.

AB 43 also allows the speed limits as determined above, to be reduced an additional 5 mph or the existing speed limits to be maintained under certain conditions. If a local authority, after

completing an engineering and traffic survey, finds that the speed limit is still more than is reasonable or safe, the local authority may, by ordinance:

- Reduce the speed limit by an additional five miles per hour on a section of highway designated as a Safety Corridor or if the highway is adjacent to any land or facility that generates high concentrations of bicyclists or pedestrians, especially those from vulnerable groups such as children, seniors, persons with disabilities, and the unhoused.
- Retain the currently adopted speed limit or restore the immediately prior speed limit if that speed limit was established with an engineering and traffic survey and if a registered engineer has evaluated the section of highway and determined that no additional general purpose lanes have been added to the roadway since the completion of the traffic survey that established that speed limit.
- Determine and declare a 25 or 20 miles per hour prima facie speed limit on a highway contiguous to a business activity district when posted with a sign that indicates a speed limit of 25 or 20 miles per hour.

A greater-than-expected collision rate is one of the special conditions under Option 1, allowing the speed limit to be established 5 mph lower than the rounded speed limit. The collision rate is based on mid-block collisions only. It is determined using the equation shown below and is then compared to the statewide average collision rate for similar roadways, found in *Crash Data on California State Highways (Road Miles, Travel, Crashes, Crash Rates)* published by Caltrans. The latest edition, 2022, was used for this 2025 analysis.

The collision rates are calculated using the following equation:

$$\text{Collision Rate} = \frac{\text{Number of Midblock collisions} \times 10^6}{\text{24-hour volume} \times 365 \times \text{segment length} \times \text{number of years}}$$

Where: Number of midblock collisions based on 2 years (January 1, 2023 through December 31, 2024), 24-hour traffic volume (both directions) in the survey segment and segment length in miles. Rates are shown in Collisions per Million Vehicle Miles (per year) or Col/MVM.

SECTION 3.0

SURVEY RESULTS

3.1 Spot Speed Radar Survey

Spot speed radar surveys were conducted at each street segment to establish a reasonable and effective speed limit based on the premise that the speed limit thus established conforms to the actual behavior of the majority of motorists. The speed limit should normally be established at the five mile per hour increment nearest the 85th percentile speed, as recorded for the surveyed segment. However, engineering judgment and other factors such as collision rates (Section 3.2) and Roadway Segment Field Review (Section 3.3) may indicate the need for further reduction in establishing reasonable and effective speed limits. Table 1 shows the existing speed limit and the 85th percentile speed for each studied segment.

The criteria used to conduct the radar survey are listed in Appendices A and B.

Appendix C contains the Engineering and Speed Survey Summary sheets for each of the six (6) segments surveyed as well as those for segments previously studied. The data collected and information calculated for the radar speed survey are as follows:

- Posted speed limit
- Direction of survey
- Date and time of speed survey
- Weather conditions
- Number of vehicles observed in each direction
- Speed of each surveyed vehicle
- 15th percentile speed
- 50th Percentile speed
- 85th Percentile speed
- 10 mph pace speed
- Percent over pace speed
- Percent in pace speed
- Percent under pace speed
- Average speed

The summary contains information about vehicular speed data observed, collision data, street classification, and any unusual conditions at the location.

Table 1: Segment Spot Speed Summary[1]

(Amended April 2025)

No	Street	Between	Dir	Existing Speed Limit[3] (mph)	85th%ile Speed (mph)	Recommended Speed Limit (mph)	Comments
1	58th Street	Scholar Way and Hamner Avenue	E/W	35	40	35	No Change - 85th%ile, Option 2
2	65th Street	Archibald Avenue and Sumner Avenue	E/W	40	40	40	No Change - 85th%ile
3		Sumner Avenue and Hamner Avenue	E/W	40	47	40	No Change - 85th%ile, Option 1 – Pedestrian & bicyclist safety, particularly for vulnerable pedestrian groups
4		Hamner Avenue and Wells Spring Street / East City Limit	E/W	35	42	35	No Change - 85th%ile, Option 1 – Pedestrian & bicyclist safety, particularly for vulnerable pedestrian groups
5	68th Street	Sumner Avenue and Hamner Avenue	E/W	45	49	45	No Change - 85th%ile, Option 2
6		Hamner Avenue and East City Limit	E/W	45	47	45	No Change - 85th%ile
7	Archibald Avenue	Bluff Street and Wind River/Grapewin Street	N/S	55	57	55	No Change - 85th%ile
8		Wind River/Grapewin Street and Schleisman Road	N/S	50	57	50	No Change - 85th%ile, Option 1 – Pedestrian & bicyclist safety, particularly for vulnerable pedestrian groups
9		Schleisman Road and Bellegrave Avenue / North City Limit	N/S	50	55	50	No Change - 85th%ile, Option 1
10	Baron Road	Archibald Avenue and Northernly Terminus	E/W	35	40	35	No Change - 85th%ile, Option 1
11	Bellegrave Avenue	Sumner Avenue and Hamner Avenue	E/W	50	53	50	No Change - 85th%ile, Option 2
12		Hamner Avenue and East City Limit	E/W	50	48	50	No Change - 85th%ile
13	Blossom Way	Harrison Avenue and Sumner Avenue	E/W	30	37	30	No Change - 85th%ile, Option 1 – Pedestrian & bicyclist safety, particularly for vulnerable pedestrian groups
14	Cantu-Galleano Ranch Road	Hamner Ave and I-15 Freeway	E/W	None	51	50	Established Speed Limit – 85th%ile
15	Chandler Street	Hellman Avenue and Harrison Avenue	E/W	45	52	45	No Change - 85th%ile, Option 1 – Pedestrian & bicyclist safety, particularly for vulnerable pedestrian groups
16	Citrus Street	Harrison Avenue and Scholar Way	E/W	45	47	45	No Change - 85th%ile
17		Scholar Way to Hamner Avenue	E/W	45	47	45	No Change - 85th%ile
18	Fieldmaster Street	Hall Road and Archibald Avenue	E/W	40	43	40	No Change - 85th%ile, Option 2
19	Goodman Way	Cantu-Galleano Ranch Road and Hamner Avenue	N/S & E/W	None	41	35	Establishing Speed Limit – 85%ile, Option 1, Very heavy truck traffic, many peds, no bike lanes
20	Hamner Avenue	South City Limit and Schleisman Road	N/S	50	52	45	Decreased - 85th%ile, Option 1
21		Schleisman Road and Limonite Avenue	N/S	45	51	45	No Change, - 85th%ile, Option 1 - Reduction of speed due to crash history
22		Limonite Avenue and Bellegrave Avenue	N/S	45	51	45	No Change - 85th%ile, Option 1
23		Bellegrave Avenue and Cantu-Galleano Ranch Road	N/S	50	48	45	Decrease – 85th%ile, Option 2. Matches segments to the north.
24		Cantu-Galleano Ranch Road and Riverside Drive	N/S	None	55	50	Established Speed Limit - 85th%ile, Option 2
25		Riverside Drive & Philadelphia Street	N/S	None	55	50	Established Speed Limit - 85th%ile, Option 2
26	Harrison Avenue	Chandler Street and Schleisman Road	N/S	45	50	45	No Change - 85th%ile, Option 1
27		Schleisman Road and Limonite Avenue[2]	N/S	45	47	45	No Change - 85th%ile, Option 1 – Pedestrian & bicyclist safety, particularly for vulnerable pedestrian groups
28		Limonite Avenue and Blossom Way[2]	N/S	45	40	35	Decrease - 85th%ile, Option 1, CVC 22358.6(b)
29	Hellman Avenue	River Road and Chandler Street	N/S	50	56	50	No Change - 85th%ile, Option 1
30		Chandler Street and Limonite Avenue	N/S	50	55	50	No Change - 85th%ile, Option 1
31		Limonite Avenue to North City Limit	N/S	None	42	35	Established Speed Limit – 85th%ile, Option 1 – Pedestrian & bicyclist safety; very heavy truck traffic
32	Limonite Avenue	Hellman Avenue to Cucamonga Creek Ch.	NE/SW	None[3]	52	45	Establishing speed limit - 85th%ile, Option 1, Ped & bike safety, CVC 22358.6(b)
33		Cucamonga Creek Ch to Archibald Avenue	NE/SW	None[3]	52	45	Establishing speed limit - 85th%ile, Option 1, Ped & bike safety, CVC 22358.6(b)
34		Archibald Avenue and Sumner Avenue	E/W	45	53	50	Increased - 85th%ile, Option 2
35		Sumner Avenue and East City Limit	E/W	45	52	45	No Change - 85th%ile, Option 1 - Segments of missing sidewalk, heavy pedestrian usage, no bike lanes

(Continued on Next Page)

No	Street	Between	Dir	Existing Speed Limit[3] (mph)	85th%ile Speed (mph)	Recommended Speed Limit (mph)	Comments
36	Mission Boulevard	S. Milliken Avenue and Ontario Freeway (I-15)	E/W	None	59	55	Established Speed Limit - 85th%ile, Option 2
37	Orange Street	Sumner Avenue and Scholar Way	E/W	30	45	30	No Change – AB 43 - New CVC Section 22358.8
38	Prairie Smoke Road	Hellman Avenue and Whitewell Road	E/W	35	42	35	No Change - 85th%ile, Option 1
39	River Road	Hellman Avenue and Archibald Avenue	E/W	40	49	40	No Change – AB 43 – New CVC Section 22358.8
40	Riverboat Drive	Massy Harris Way and Wells Springs Street	E/W	40	44	40	No Change - 85th%ile, Option 2
41	Riverside Drive	Hamner Avenue & East City Limit	E/W	50	47	45	Reduced - 85th%ile, Continuity with adjacent segment
42	Schleisman Road	Hellman Avenue and Archibald Avenue	E/W	50	57	50	No Change - 85th%ile, Option 1
43		Archibald Avenue and Sumner Avenue	E/W	45	49	45	No Change - 85th%ile, Option 2
44		Sumner Avenue and Scholar Way	E/W	45	48	45	No Change - 85th%ile, Option 2
45		Scholar Way and Hamner Avenue	E/W	45	51	45	No Change - 85th%ile, Option 1
46	Scholar Way	Citrus Street and Schleisman Road	N/S	35	43	35	No Change - 85th%ile, Option 2, CVC 22358.7.
47		Schleisman Road and Limonite Avenue	N/S	35	43	40	Increased - 85th%ile, Option 2
48		Limonite Avenue and Bellegrave Avenue	N/S	None	43	40	Established Speed Limit - 85th%ile, Option 2
49	Sumner Avenue	Citrus Street and 65th Street	N/S	45	51	45	No Change - 85th%ile, Option 1
50		65th Street and Bellegrave Avenue	N/S	45	51	45	No Change - 85th%ile, Option 1
51	Whitewell Road	Schleisman Road and Prairie Smoke Road	N/S	35	40	35	No Change - 85th%ile, Option 1 - Reduction of speed due to crash history

[1]Roadway segments studied for 2025 E&TS are highlighted in gray.

[2] Segment of Harrison Avenue between Schleisman Rd & Blossom Way was split into two segments at Limonite Ave since the character of the road north of Limonite Ave is different from south of Limonite Ave.

[3]Two segments, currently studied (Nos. 32 & 33), did not previously have a speed limit set by an Engineering and Traffic Survey.

[4]See Appendix A for modifications to CVC by new CA laws, AB 43 & AB 1938. See Appendix B, Line 12a, for explanations of Option 1 and Option 2.

3.2 Collision Rate Analysis

The mid-block collision rate for each roadway segment was determined by using the most recent collision records as required by CVC Section 627. Traffic collision data for the six (6) roadway segments being studied was collected from the Statewide Integrated Traffic Records System (SWITRS) collision records for the City of Eastvale from January 1, 2023 to December 31, 2024. Based on this data, the mid-blockcollision rates were calculated for each roadway segment in terms of "collisions per 1,000,000 vehiclemiles of travel."

It was then determined if any of the collision rates warranted a 5 mph reduction in the rounded 85th percentile speed per Option 1. The collision rates were compared to the statewide average collision rates for similar roadways. If the collision rate is greater than the statewide rate, a 5 mph reduction may be considered. Both of the calculated roadway segment collision rates were less than the statewide average, so neither roadway segment qualified for the 5 mph reduction based on the collision rate.

The results of the collision rate calculations are shown in Table 2 and in the Engineering and Traffic Survey Summary sheets (Appendix C). A sample collision rate calculation is shown below.

Example:

$$\text{Collision Rate} = \frac{\text{Number of Collisions} \times 10^6}{\text{Vehicles/Day} \times 365 \text{ Days/Year} \times \text{Miles} \times \text{Years of Collision Data}}$$

Collision rate on: Hamner Avenue between Bellegrave Avenue and Cantu-Galleano Ranch Road:

$$\text{Collision Rate} = \frac{3 \times 10^6}{25{,}139 \times 365 \times 0.83 \times 2}$$

$$= \textbf{0.20 collisions per million vehicle miles (Col/MVM)}$$

The comparison collision rates vary from year to year. The 2022 Statewide average rates, which are the most recent rates available, were used for the six (6) segments studied in the 2025 analysis, and are shown in the table below.

No.	Street	Between	Lane Type	Statewide Collision Rate[1]
2	65th Street	Archibald Avenue and Sumner Avenue	4 lanes, undivided	1.24
20	Hamner Avenue	Bellegrave Avenue & Cantu-Galleano Ranch Road	6 lanes, divided	1.17
26	Harrison Avenue	Limonite Avenue and Blossom Way	2 lanes, undivided	1.24
32	Limonite Avenue	Hellman Avenue to Cucamonga Creek Channel	4 lanes, divided	1.17
33	Limonite Avenue	Cucamonga Creek Channel to Archibald Avenue	4 lanes, divided	1.17
46	Scholar Way	Citrus Street & Schleisman Road	4 lanes, undivided	1.24

[1] *Statewide Collision Rates listed are averages for Suburban (Rural Inside City + Urban Outside City) roads.*

Table 2: Collision Analysis

(Amended April 2025)

No.	Street	Between	Segment Length (miles)	Segment Length (feet)	Average Daily Traffic (ADT) (vehs/day)	Midblock Collisions[2]	Collision Rate (Col/MVM) [3]	Statewide Collision Rate	Segment Rate More Than Statewide Rate?
1	58th Street	Scholar Way and Hamner Avenue	0.49	2,568	1,522	0	0.00	1.60	No

51	Whitewell Road	Schleisman Road and Prairie Smoke Road	0.29	1,542	2,056	2	3.06	1.60	Yes

[1] Newly-surveyed roadway segments are highlighted in gray.
[2] Number of speed-related mid-block traffic collisions during most recently available 2-year period for newly surveyed segments and 3-year period for prior segments.
[3] Col/MVM = Collisions per Million Vehicle Miles per year; An actual rate greater than state average rate indicates condition that may allow a lower speed limit.
[4] The previous survey on Harrison Avenue (Segment 27) included the segment of Harrison Avenue between Schleisman Road and Blossom Way was split into two segments at Limonite Avenue. The latest surveyed segment (Segment 28) includes Harrison Avenue between Limonite Avenue and Blossom Way since, the portion of the road north of Limonite Ave is different from south of Limonite Ave, the previously-surveyed segment, in width and traffic volume..

3.3 Roadway Segment Field Review

Section 2B.13 of the CA MUTCD 2014, "Speed Limit Signs" states that the speed limit should be established at the nearest five mile per hour increment to the 85th percentile speed recorded during the spot speed survey. However, in matching existing conditions with the traffic safety needs of the community, engineering judgment may indicate the need for a further reduction in speed, as allowed under Option 1. Whenever such factors are considered to establish the speed limit, they should be documented on the speed survey or in the accompanying engineering report.

The roadway segments were driven and videorecorded by Mr. Alan Perkins, Senior Engineering Technician, and reviewed by Ruth Smith, Senior Traffic Engineer (contracted through Ardurra Group). The roadway characteristics, location of speed limit signs, conditions not readily apparent to the driver (lack ofsidewalks/bike lanes, driveways with limited sight distance, clustered driveways, heavy truck activity,etc.), type of land use adjoining the street (commercial, residential, school zone, parks, etc.) and type of roadway (divided, undivided, number of lanes, on-street parking etc.) were noted in the study on the Strip Maps, found in Appendix D. The roadway characteristics recorded were used to determine if any physical conditions warranted consideration of an *additional* five mile per hour reduction of the recommended speed in accordance with CVC Section 627 and Section 22358.6(b).

The results of the roadway segment field review for each segment are indicated on the Engineering and Speed Survey Summary sheets in Appendix C.

- Collision History
- Collision Rate
- Average Daily Traffic Volume
- Road Description, including on-street parking and unusual lane configurations
- Factors Indicating Land or Facility that generates high concentrations of bicyclists or pedestrians, including the presence of sidewalks, bikeways, crosswalks, schools, parks, employment centers, retail, senior centers, cultural areas, religious facilities, health/medical facilities and transit stops
- Pedestrian, Bicycle and Truck activity
- Driveways with limited sight distance or clustered driveways
- Adjacent Land Uses

SECTION 4.0

SURVEY FINDINGS AND RECOMMENDATIONS

4.1 Factors That May Be Considered

In accordance with the State-imposed speed limit establishment regulation, as defined by CVC Section 627 described in Appendix A, there are several factors that may be considered to justify setting the prima facie speed limit five mph below the rounded 85th percentile speed under Option 1.

The factors to be considered are highway, traffic, and roadside conditions, specifically including those listed below, however, factors that are readily apparent to motorists are not to be considered.

- Most recent collision record (mid-block)
- Roadway characteristics
- Shoulder condition
- Grade
- Alignment
- Sight Distance
- Roadside development and environment
- Parking practices and pedestrian activity
- Commercial driveway characteristics (land use)
- Pedestrian traffic with and without sidewalks
- Safety of bicyclists and pedestrians, with increased consideration for vulnerable pedestrian groups including children, seniors, persons with disabilities, users of personal assistive mobility devices, and the unhoused.
- Residential density

The above factors for each roadway segment surveyed are listed in the Engineering and Traffic Survey Summary sheets in Appendix C.

4.2 Recommended Speed Limits

The 85th percentile speed and the above factors were considered in verifying existing speed limits and recommending speed limit changes (increase or decrease). Additionally, discussions were held with City staff in making decisions with respect to changing existing speed limits. This allowed for consideration of any special knowledge of the segment. Table 1 shows the surveyed road segments with posted and recommended speed limits. Table 2, the amended Collision Survey Analysis, lists the street traffic volumes, total number of collisions and calculated collision rate.

4.3 Speed Limit Signing

All California motorists are required to know the basic 15, 25, and 55 MPH speed laws and are tested on the subject when applying for a driver's license. Consequently, speed limit signs covering these conditions need not be posted on City streets. However, although not required by law, speed limit signs for these situations may be posted on streets that have significant daily vehicular traffic volumes, a by-pass traffic situation, the continued violation of a residential 25 MPH speed zone, or with other applicable warrants.

It is normal policy to recommend the posting of speed limit signs only of streets that have been covered by the City speed limit ordinance or by warranted situations covered above.

Speed limit signs should be installed at about one-half mile intervals on the City streets which have been speed zoned. Signs are normally installed on the exit side of traffic signal controlled intersections and the more important intersections where there is high side street vehicle entry. It is important that motorists be given adequate information while not over signing, which tends to confuse the motorist.

Enforcement issues can occur when, (a) the highway is posted with inappropriate speed limit signs, (b)the highway is improperly or inadequately posted; or, (c) the highway is not posted nor covered by ordinance and therefore falls under the basic speed law. In any of these events, the result is a debatable validity that may be questioned in court cases where citations are issued and contested.

SECTION 5.0

SUMMARY AND CONCLUSIONS

5.1 Summary and Conclusions

1. The radar survey and the raw data collection were conducted per CVC Section 627 and California Manual on Uniform Traffic Control Devices, 2014, rev 9, Section 2B.13.
2. Daily traffic counts for six (6) of the selected roadway segments on the City's arterial roadway network were collected in 2025 on March 25.
3. Bicycle and Pedestrian mid-block collision frequency was low.
4. A summary of recommended speed limits is provided in Table 1.
5. It was concluded that the existing speed limits on four (4) of the six (6) studied roadway segments in the City of Eastvale should be changed or established, as listed below.

Roadway Segments with Recommended Changes to Speed Limit

No.	Street	Between	Existing Speed Limit (mph)	Recommended Speed Limit (mph)	Comments
23	Hamner Avenue	Bellegrave Avenue & Cantu-Galleano Ranch Road	50	45	Reducing speed limit by 5 mph – 85th percentile, Option 2
28	Harrison Avenue	Limonite Avenue & Blossom Way	45	35	Reducing speed limit by 10 mph – 85th percentile, Option 2
32	Limonite Avenue	Hellman Avenue & Cucamonga Creek Channel (new street segment)	None	45	Establishing Speed Limit – 85th percentile, CVC 22358.6(b)
33	Limonite Avenue	Cucamonga Creek Channel & Archibald Avenue (new street segment)	None	45	Establishing Speed Limit – 85th percentile, CVC 22358.6(b)

5.2 Speed Limit Ordinance

Based on the recommended speed zone changes, the revised "Speed Zone Ordinances" are as provided on the following pages.

APPENDIX A

Regulations Governing Speed Limits
(Excerpts from the California Vehicle Code)
(Updated April 2025)

RADAR SPEED ZONE SURVEYS

INTRODUCTION

This report presents the results of an Engineering and Traffic Survey for establishment of speed limits on city streets as required by Sections 22357 and 22358 of the California Vehicle Code. The review included radar surveys of prevailing vehicle speeds for each roadway segment, recent traffic counts, an analysis of reported traffic collisions recorded during the specific two-year interval of January 1, 2023 through December 31, 2024, and a field review of each roadway segment regarding roadway characteristics.

In order to enforce speed limits by radar or other electronic devices, a study must be conducted every five years. Section 40802 of the California Vehicle Code defines a speed limit enforced by radar and "….which speed limit is not justified by an engineering and traffic survey conducted within five years prior to the date of the alleged violation…" constitutes a speed trap, unless the following criteria are met:

> If officers have completed specialized training courses that are approved by the Commission on Peace Officer Standards Training, the time span between studies can be extended to seven years.
>
> If after seven years, " …a registered engineer evaluates the section of the highway and determines that no significant changes in roadway or traffic conditions have occurred, including, but not limited to, changes in adjoining property or land use, roadway width, or traffic volume…" the time span between studies can be extended to 14 years.

Since speed traps are illegal, the lack of an adequate study effectively precludes the police from using radar enforcement. Through adoption of this Engineering and Traffic Survey, the police department will be able to enforce posted speed limits with radar equipment.

REGULATIONS GOVERNING SPEED LIMITS

Under California law, the maximum speed limit for any passenger vehicle is 65 miles per hour (mph). All other speed limits are called prima facie limits which "on the face of it", are safe and prudent under normal conditions. Certain prima facie limits are established by law and include the 25 mph limit in business and residential districts; the 15 mph limit in alleys, at blindintersections and blind railroad grade crossings; and a part-time 25 mph limit in school zones whenchildren are going to and from school.

Intermediate speed limits between 25 and 65 mph may be established by local authorities based on engineering and traffic surveys. Such surveys include the analysis of roadway conditions, collisionrecords, and the prevailing speed of prudent drivers using the highway under study. If speed limitsare established below what the majority of drivers consider reasonable, they are often not obeyedand consequently, are difficult to enforce. Those drivers who do not comply with postedreasonable speed limits are, conversely, subject to equitable enforcement action.

The California Vehicle Code provides that the use of radar to enforce speed limits, which have not been based on an engineering and traffic survey within the preceding five years, constitutes a "speed trap". Since speed traps are also prohibited by the code, lack of the required study effectively prohibits local agencies from using radar or lidar enforcement.

APPLICABLE CALIFORNIA VEHICLE CODE SECTIONS

Increase of Local Limits

22357. Whenever a local authority determines upon the basis of an engineering and traffic survey that a speed greater than 25 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any street other than a state highway otherwise subject to a prima facie limit of 25 miles per hour, the local authority may by ordinance determine and declare a prima facie limit of 25 miles per hours, the local authority may by ordinance determine and declare a prima facie speed limit of 30, 35, 40, 45, 50, 55, 60 miles per hour or a maximum speed limit of 65 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe. The declared prima facie or maximum speed limit shall be effective when appropriate signs giving notice thereof are erected upon the street and shall not thereafter be revised except upon the basis of an engineering and traffic survey. The provisions of this section shall not apply in respect to any 25-mile-per-hour prima facie limit, which is applicable when passing a school building or the grounds thereof.

Decrease of Local Limits

22358. Whenever a local authority determines upon the basis of an engineering and traffic survey that the limit of 65 miles per hour is more than is reasonable or safe upon any portion of any street other than a state highway where the limit of 65 miles per hour is applicable, the local authority may by ordinance determine and declare a prima facie speed limit of 60, 55, 50, 45,

40, 35, 30, 25, 20 or 15 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie limit shall be effective when appropriate signs giving notice thereof are erected upon the street. *(This section was modified by Assembly Bill 43 to include "20 or 15" and became effective on January 1, 2022.)*

Downward Speed Zoning Exceptions

22358.5 It is the intent of the Legislature that physical conditions such as width, curvature, grade and surface conditions or any other condition readily apparent to a driver, in the absence of other factors, would not require special downward speed zoning, as the basic rule of Section 22350 is sufficient regulation as to such conditions.

Initial Rounding to Nearest Five MPH

22358.6 (a) The Department of Transportation shall, in the next scheduled revision, revise and thereafter maintain the California Manual on Uniform Traffic Control Devices to require the Department of Transportation or a local authority to round speed limits to the nearest five miles per hour of the 85th percentile of the free-flowing traffic.

(b) In cases in which the speed limit needs to be rounded down to the nearest five miles per hour increment of the 85th-percentile speed, the Department of Transportation or a local authority may lower the speed limit by five miles per hour from the nearest five mile per hour increment of the 85th-percentile speed, in compliance with Sections 627 and 22358.5 and the California Manual on Uniform Traffic Control Devices, as it read on March 30, 2021, if the reasons for the lower speed limit are documented in an engineering and traffic survey. The Department of Transportation or a local authority may also take into consideration Sections 22353, 22353.2, 22353.3, 22353.4, and 22353.5, if applicable.

(c) In cases in which the speed limit needs to be rounded up to the nearest five miles per hour increment of the 85th-percentile speed, the Department of Transportation or a local authority may decide to instead round down the speed limit to the lower five miles per hour increment. If the speed limit is rounded down pursuant to this subdivision, the speed limit shall not be reduced any further pursuant to subdivision (b).

(d) In addition to subdivisions (b) and (c), a local authority may additionally lower the speed limit as provided in Section 22358.7.

(e) The total reduction in the speed limit pursuant to subdivisions (a) to (d), inclusive, shall not exceed 12.4 miles per hour from the 85th percentile speed.

(f) Notwithstanding subdivisions (a) to (e), inclusive, a local authority may retain the currently adopted speed limit as provided in Section 22358.8 without further reduction, or restore the immediately prior adopted speed limit as provided in Section 22358.8 without further reduction.

Note: Section 22358.6 was modified by Assembly Bill 1938, and the modifications became effective on January 1, 2023.

Additional Five MPH Reduction

22358.7 (a) If a local authority, after completing an engineering and traffic survey, finds that the speed limit is still more than is reasonable or safe, the local authority may, by ordinance, determine

and declare a prima facie speed limit that has been reduced an additional five miles per hour for either of the following reasons:

(1) The portion of highway has been designated as a safety corridor. A local authority shall not deem more than one-fifth of their streets as safety corridors.

(2) The portion of highway is adjacent to any land or facility that generates high concentrations of bicyclists or pedestrians, especially those from vulnerable groups such as children, seniors, persons with disabilities, and the unhoused.

(b) (1) As used in this section, "safety corridor" shall be defined by the Department of Transportation in the next revision of the California Manual on Uniform Traffic Control Devices. In making this determination, the department shall consider highways that have the highest number of serious injuries and fatalities based on collision data that may be derived from, but not limited to, the Statewide Integrated Traffic Records System.

(2) The Department of Transportation shall, in the next revision of the California Manual on Uniform Traffic Control Devices, determine what constitutes land or facilities that generate high concentrations of bicyclists and pedestrians, as used in paragraph (2) of subdivision (a). In making this determination, the department shall consider density, road use type, and bicycle and pedestrian infrastructure present on a section of highway.

(c) A local authority may not lower a speed limit as authorized by this section until June 30, 2024, or until the Judicial Council has developed an online tool for adjudicating infraction violations statewide as specified in Article 7 (commencing with Section 68645) of Chapter 2 of Title 8 of the Government Code, whichever is sooner. *Note: Revision 8 of the California Manual on Uniform Traffic Control Devices 2014 Edition, effective on January 26, 2023, includes the provisions of this section, making them currently effective.*

(d) A local authority shall issue only warning citations for violations of exceeding the speed limit by 10 miles per hour or less for the first 30 days that a lower speed limit is in effect as authorized by this section.

Note: Section 22358.7 was added to the CVC by Assembly Bill 43, and became effective on January 1, 2022.

Maintaining Existing Speed Limit

22358.8. (a) If a local authority, after completing an engineering and traffic survey, finds that the speed limit is still more than is reasonable or safe, the local authority may, by ordinance, retain the currently adopted speed limit or restore the immediately prior speed limit if that speed limit was established with an engineering and traffic survey and if a registered engineer has evaluated the section of highway and determined that no additional general purpose lanes have been added to the roadway since the completion of the traffic survey that established that speed limit.

(b) This section does not authorize a speed limit to be reduced by any more than 5 mph from the currently adopted speed limit nor below the immediately prior speed limit.

(c) A local authority shall issue only warning citations for violations of exceeding the speed limit by 10 miles per hour or less for the first 30 days that a lower speed limit is in effect as authorized by this section.

Note: Section 22358.8 was added to the CVC by Assembly Bill 43 and became effective on January

1, 2022, then was amended by Assembly Bill 1938, which became effective on January 1, 2023.

Business Activity District Prima Facie Speed Limit

22358.9. (a) (1) Notwithstanding any other law, a local authority may, by ordinance, determine and declare a 25 or 20 miles per hour prima facie speed limit on a highway contiguous to a business activity district when posted with a sign that indicates a speed limit of 25 or 20 miles per hour.

(2) The prima facie limits established under paragraph (1) apply only to highways that meet all of the following conditions:
  (A) A maximum of four traffic lanes.
  (B) A maximum posted 30 miles per hour prima facie speed limit immediately prior to and after the business activity district, if establishing a 25 miles per hour speed limit.
  (C) A maximum posted 25 miles per hour prima facie speed limit immediately prior to and after the business activity district, if establishing a 20 miles per hour speed limit.

(b) As used in this section, a "business activity district" is that portion of a highway and the property contiguous thereto that includes central or neighborhood downtowns, urban villages, or zoning designations that prioritize commercial land uses at the downtown or neighborhood scale and meets at least three of the following requirements in paragraphs (1) to (4), inclusive:

(1) No less than 50 percent of the contiguous property fronting the highway consists of retail or dining commercial uses, including outdoor dining, that open directly onto sidewalks adjacent to the highway.

(2) Parking, including parallel, diagonal, or perpendicular spaces alongside the highway.

(3) Traffic control signals or stop signs regulating traffic flow on the highway, located at intervals of no more than 600 feet.

(4) Marked crosswalks not controlled by a traffic control device.

(c) A local authority shall not declare a prima facie speed limit under this section on a portion of highway where the local authority has already lowered the speed limit as permitted under Section 22358.7, has retained the currently adopted speed limit under Section 22358.8, or has restored the immediately prior adopted speed limit under Section 22358.8.

(d) A local authority shall issue only warning citations for violations of exceeding the speed limit by 10 miles per hour or less for the first 30 days that a lower speed limit is in effect as authorized by this section.

Note: Section 22358.9 was added to the CVC by Assembly Bill 43 and became effective on January 1, 2022, and was then amended by Assembly Bill 1938, which became effective on January 1, 2023.

Speed Trap 40801. No peace officer or other person shall use a speed trap in arresting, or participating or assisting in the arrest of, any person for any alleged violation of this code nor shall any speed trapbe used in securing evidence as to the speed of any vehicle for the purpose of an arrest or prosecution under this code.

40802. (a) A "speed trap" is either of the following:

(1) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.

(2) A particular section of a highway with a prima facie speed limit provided by this code or by local ordinance under paragraph (1) of subdivision (b) of Section 22352, or established under Section 22354, 22357, 22358, or 22358.3, if that prima facie speed limit is not justified by an engineering and traffic survey conducted within five years prior to the date of the alleged violation, and enforcement of the speed limit involves the use of radar or any other electronic device that measures the speed of moving objects. This paragraph does not apply to a local street, road, school zone, senior zone, or business activity district, or speed limit adopted under Section 22358.7 or 22358.8. *(This section was modified by Assembly Bill 43 to add "senior zone, or business activity district" and became effective on January 1, 2022, and was then amended by Assembly Bill 1938, which became effective on January 1, 2023.)*

(b) (1) For purposes of this section, a local street or road is one that is functionally classified as "local" on the "California Road System Maps," that are approved by the Federal Highway Administration and maintained by the Department of Transportation. It may also be defined as a "local street or road" if it primarily provides access to abutting residential property and meets the following three conditions *(This section was modified by Assembly Bill 43 regarding "local street or road" with no change to the meaning and became effective on January 1, 2022.)*:

(D) Roadway width of not more than 40 feet.

(E) Not more than one-half mile of uninterrupted length. Interruptions shall include officialtraffic control devices as defined in Section 445.

(F) Not more than one traffic lane in each direction.

(2) For purposes of this section, "school zone" means that area approaching or passing a school building or the grounds thereof that is contiguous to a highway and on which is posted a standard "SCHOOL" warning sign, while children are going to or leaving the school either during school hours or during the noon recess period. "School zone" also includes the area approaching or passing any schoolgrounds that are not separated from the highway by a fence, gate, or other physical barrier while the grounds are in used by children if that highway is posted with a standard "SCHOOL" warning sign.

(3) For purposes of this section, "senior zone" means that area approaching or passing a senior center building or other facility primarily used by senior citizens, or the grounds thereof that is contiguous to a highway and on which is posted a standard "SENIOR" warning sign, pursuant to Section 22352. *(This section was added by CA AB 43 and became effective on January 1, 2022.)*

(4) For purposes of this section, "business activity center" means a section of highway described in subdivision (b) of Section 22358.9 in which a standard 25 miles per hour or 20 miles per hour speed limit has been posted pursuant to paragraph (1) of subdivision (a) of that section. *(This section was added by CA AB 43 and became effective on January 1, 2022.)*

(c) (1) When all of the following criteria are met, paragraph (2) of this subdivision shall be applicable and subdivision (a) shall not be applicable:

(A) When radar is used, the arresting officer has successfully completed a radar operator course of not less than 24 hours on the use of police traffic radar, and the course was approved and certified by the Commission on Peace Officer Standards and Training.

(B) When laser or any other electronic device is used to measure the speed of moving objects, the arresting officer has successfully completed the training required in subparagraph (A) and an additional training course of not less than two hours approved and certified by the Commission on Peace Officer Standards and Training.

(C) (i) The prosecution proved that the arresting officer complied with subparagraphs (A) and (B) and that an engineering and traffic survey has been conducted in accordance with subparagraph (B) of paragraph (2). The prosecution proved that, prior to issuing the notice to appear, the arresting officer established that the radar, laser, or other electronic device conformed to the requirements of subparagraph (D).

(ii) The prosecution proved the speed of the accused was unsafe for the conditions present at the time of alleged violation unless the citation was for a violation of Section 22349, 22356 or 22406.

(D) The radar, laser, or other electronic device used to measure the speed of the accused meets or exceeds the minimal operational standards of the National Highway Traffic Safety Administration, and has been calibrated within the three years prior to the date of the alleged violation by an independent certified laser or radar repair and testing or calibration facility.

(2) A "speed trap" is either of the following:

(A) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.

(B) (i) A particular section of highway or state highway with a prima facie speed limit that is provided by this code or by local ordinance under paragraph (1) of subdivision (b) of Section 22352, or established under Section 22354, 22357, or 22358.3, if that prima facie speed limit is not justified by an engineering and traffic survey conducted within one of the following time periods, prior to the date of the alleged violation, and enforcement of the speed limit involves the use of radar or any other electronic device that measures the speed of moving objects:

(I) Except as specified in subclause (II), seven years.

(II) If an engineering and traffic survey was conducted more than seven years prior to the date of the alleged violation, and a registered engineer evaluates the section of the highway and determines that no significant changes in roadway or traffic conditions have occurred, including, but not limited to, changes in adjoining property or land use, roadway width, or traffic volume, 14 years.

(ii) This subparagraph does not apply to local street, road or school zone, senior zone, business activity district or speed limit adopted under Section 22358.7 or 22358.8. *(This section was modified by Assembly Bill 43 to add "senior zone, or business*

activity district" and became effective on January 1, 2022, and was then modified by Assembly Bill 1938, which became effective on January 1, 2023.)

Speed Trap Evidence

40803. (a) No evidence as to the speed of a vehicle upon a highway shall be admitted in any court upon the trial of any person in any prosecution under this code upon a charge involvingthe speed of a vehicle when the evidence is based upon or obtained from or by the maintenance or use of a speed trap

(b) In any prosecution under this code of a charge involving the speed of a vehicle, where enforcement involves the use of radar or other electronic devices which measure the speed of moving objects, the prosecution shall establish, as part of its prima facie case, that the evidence or testimony presented is not based upon a speed trap as defined in subdivision (b) of Section 40802.

(c)When a traffic and engineering survey is required pursuant to subdivision (b) of Section 40802, evidence that a traffic and engineering survey has been conducted within five years of the date of the alleged violation or evidence that the offense was committed on a local street or road as defined in subdivision (b) of Section 40802 shall constitute a prima facie case that the evidence or testimony is not based upon a speed trap as defined in subdivision (b) 40802.

Engineering and Traffic Survey

627. (a) "Engineering and traffic survey" as used in this Code, means a survey of highway and traffic conditions in accordance with methods determined by the Department of Transportation for use by the state and local authorities.

(b) An engineering and traffic survey shall include, among other requirements deemed necessary by the department, consideration of all the following

(1) Prevailing speeds as determined by traffic engineering measurements.

(2) Collision records.

(3) Highway, traffic, and roadside conditions not readily apparent to the driver.

(c) When conducting an engineering and traffic survey, local authorities, in addition to the factors set forth in paragraphs (1) to (3), inclusive, of subdivision (b) may consider all of the following:

(1) Residential density, if any of the following conditions exist on the particular portionof highway and the property contiguous thereto, other than a business district:

(A) Upon one side of the highway, within a distance of a quarter of a mile, the contiguous property fronting thereon is occupied by 13 or more separate dwelling houses or business structures.

(B) Upon both sides of the highway, collectively, within a distance of a quarter of a mile, the contiguous property fronting thereon is occupied by 16 or more separate dwelling houses or business structures.

(C) The portion of highway is longer than one-quarter of a mile but has the ratio of

separate dwelling houses or business structures to the length of the highway described in either subparagraph (A) or (B).

(2) Safety of bicyclists and pedestrians, with increased consideration for vulnerable pedestrian groups including children, seniors, persons with disabilities, users of personal assistive mobility devices, and the unhoused. *(This section was modified by Assembly Bill 43 to add the increased consideration for vulnerable pedestrian groups, and became effective on January 1, 2022.)*

Business District

235. A "business district: is that portion of a highway and the property contiguous thereto (a) upon one side of which highway, for a distance of 600 feet, 50 percent of more of the contiguous property fronting thereon is occupied by buildings in use for business, or (b) upon both sided of which highway, collectively, for a distance of 300 feet, 50 percent or more of the contiguous property fronting thereon is so occupied. A business district may be longer than the distance specified in this section if the above ratio of buildings in use for business to the length of the highway exists.

Residence District

515. A "residence district" is that portion of a highway and the property contiguous thereto, other than a business district, (a) upon one side of which highway, within a distance of a quarter of a mile, the contiguous property fronting thereon is occupied by 13 or more separate dwelling houses or business structures, or (b) upon both sided of which highway, collectively, within a distance of a quarter of a mile, the contiguous property fronting thereonis occupied by 16 or more separate dwelling housed or business structures. A residence district may be longer than one quarter of a mile if the above ratio of separate dwelling houses or business structures to the length of the highway exists.

Business and Residence District: Determination

240. In determining whether a highway is within a business or residence district, the following limitations shall apply and shall qualify the definitions Section 235 and 515:

(a) No building shall be counted unless its entrance faces the highway and the front of the building is within 75 feet of the roadway.

(b) Where a highway is physically divided into two or more roadways, only those buildingsfacing each roadway separately shall be counted for the purpose of determining whetherthe roadway is within a district.

(c) All churches, apartments, hotels, multiple dwelling houses, clubs and public buildings, other than schools, shall be deemed to be business structures.

(d) A highway or portion of a highway shall not be deemed to be within a district regardlessof the number of buildings upon the contiguous property if there is no right of access tothe highway by vehicles from the contiguous property.

Maximum Speed Limit

22349. Except as provided in Section 22356, no person shall drive a vehicle upon a highway at a speed greater than 65 miles per hour.

Basic Speed Law

22350. No person shall drive a vehicle upon a highway at a speed greater than is reasonable or prudent having due regard for weather, visibility, the traffic on, and surface and width of, the highway, and in no event at a speed which endangers the safety of persons or property.

Speed Law Violations

22351. (a) The speed of any vehicle upon a highway not in excess of the limits specified in Section 22352 or established as authorized in this code is lawful unless clearly proved to be in violation of the basic speed law.

(b) The speed of any vehicle upon a highway in excess of the prima facie speed limits in Section 22352 or established as authorized in this code is prima facie unlawful unless the defendant establishes by competent evidence that the speed in excess of said limits did not constitute a violation of the basic speed law at the time, place and under the conditions then existing.

Prima Facie Speed Limits

22352. The prima facie limits are as follows and shall be applicable unless changed asauthorized in this code and, if so changed, only when signs have been erected giving notice thereof:

(a) Fifteen miles per hour:

1) When traversing a railway grade crossing, if during the last 100 feet of the approach to the crossing the driver does not have a clear and unobstructed view of the crossing and of any traffic on the railway for a distance of 400 feet in both directions along such railway. This subdivision does not apply in the case of any railway grade crossing where a human flagperson is on duty or a clearly visible electrical or mechanical railway crossing signal device is installed but does not then indicate the immediate approach of a railway train or car.

2) When traversing any intersection of highways if during the last 100 feet of the driver's approach to the intersection the driver does not have a clear and unobstructed viewof the intersection and of any traffic upon all of the highways entering the intersection for a distance of 100 feet along all those highways, except at an intersection protected by stop signs or yield right-of-way signs or controlled by official traffic control signals.

3) On any alley.

(b) Twenty-five miles per hour:

1) On any highway, in any business or residence district unless a different speed is determined by local authority or the Department of Transportation under procedures set forthin this code.

2) When approaching or passing a school building or the grounds thereof, contiguous to a highway and posted with a standard "SCHOOL" warning sign, while children are going to or leaving the school either during school hours or during the noon recess period. The prima facie limit shall also apply when approaching or passing any school grounds which arenot separated from the highway by a fence, gate, or other physical barrier while thegrounds are in use by children and the highway is posted with a standard "SCHOOL" warning sign. For the purposes of this subparagraph, standard "SCHOOL" warning signs may be placed at any distance up to 500 feet away from school grounds.

3) When passing a senior center or other facility primarily used by senior citizens, contiguous to a street other than a state highway and posted with a standard "SENIOR" warning sign. A local authority may erect a sign pursuant to this paragraph when the local agency makes a determination that the proposed signing should be implemented. A local authority may request grant funding from the Active Transporatation Program pursuant to Chapter 8 (commencing with Section 2380) of Division 3 of the Streets and Highways Code, or any other grant funding available to it, and use that grant funding to pay for the erection of those signs, or may utilize any other funds available to it to pay for the erection of those signs, including, but not limited to, donations from private sources.

(This section was modified by Assembly Bill 43 to add the grant funding, and became effective on January 1, 2022.)

State Highways within Local Jurisdictions

22354. (a) Whenever the Department of Transportation determines upon the basis of an engineering and traffic survey that the limit of 65 miles per hour is more than is reasonable or safe upon any portion of a state highway where the limit of 65 miles is applicable, the department may determine and declare a prima facie speed limit of 60, 55, 50, 45, 40, 35, 30, 25, 20, or 15 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon the highway.

(b) This section shall become operative on the date specified in subdivision (c) of Section 22366.

(This section was modified by Assembly Bill 43 and became effective on January 1, 2022.)

22354.5 (a) Whenever the Department of Transportation determines, upon the basis of an engineering and traffic survey, to increase or decrease the existing speed limit on a particular

portion of a state highway pursuant to Section 22354, it shall, prior to increasing or decreasing that speed limit, consult with, and take into consideration the recommendations of, the Department of the California Highway Patrol.

(b) The city council or board of supervisors of a city or county through which any portion of a state highway subject to subdivision (a) extends may conduct a public hearing on the proposed increase or decrease at a convenient location as near as possible to that portion of state highway. The Department of Transportation shall take into consideration the results of the public hearing in determining whether to increase or decrease the speed limit.

Boundary Line Streets

22359. With respect to boundary line streets and highways where portions thereof are within different jurisdictions, no ordinance adopted under Sections 22357 and 22358 shall be effective as to any such portion until all authorities having jurisdiction of the portions of the street concerned have approved the same. This section shall not apply in the case of boundary line streets consisting of separate roadways within different jurisdictions.

Multiple-Lane Highways

22361. On multiple-lane highways with two or more separate roadways, different prima facie speed limits may be established for different roadways under any of the procedures specified in Sections 22354 to 22359, inclusive.

APPENDIX B

Speed Zoning Regulations from
Caltrans California *Manual on Uniform Traffic Control Devices*
And Definitions of Terms
(Updated April 2025)

California Manual on Uniform Traffic Control Devices[1]
(Regarding Speed Limits)
(Updated April 2025)

Section 2B.13 Speed Limit Sign (R2-1)

Support:

00 The setting of speed limits can be controversial and requires a rational and defensible determination to maintain public confidence. Speed limits are normally set near the 85th-percentile speed that statistically represents one standard deviation above the average speed and establishes the upper limit of what is considered reasonable and prudent. As with most laws, speed limits need to depend on the voluntary compliance of the greater majority of motorists. Speed limits cannot be set arbitrarily low, as this would create violators of the majority of drivers and would not command the respect of the public. Artificially low speed limits can lead to poor compliance as well as large variations in speed within the traffic stream. Increased speed variance can also create more conflicts and passing maneuvers.

00a The most effective way to reduce speeds is through a combination of strategies using traffic control devices related to speed management, roadway design and engineering solutions, traffic calming techniques and measures, public education, and enforcement efforts. Effectively managing road user speed relies on numerous factors, which include enforcement, roadway characteristics, surrounding environment, adjacent land use, and traffic control devices. Many studies find that engineering changes, such as change a road's infrastructure, are one of the most important factors in reducing vehicle operating speeds. Engineering changes are also one of the most effective interventions at reducing pedestrian injury and fatality rates. Potential street engineering changes, such as curb extensions, median islands, raised crosswalks, roundabouts, and speed bumps or speed humps, naturally result in lower speeds. It is realized that these engineering changes can be costly and time-consuming to implement.

Standard:

01 Speed zones (other than statutory speed limits) shall only be established on the basis of an engineering and traffic survey (E&TS) ~~study~~ that has been performed in accordance with traffic engineering practices. The engineering study shall include an analysis of the current speed distribution of free-flowing vehicles.

02 The Speed Limit (R2-1) sign (see Figure 2B-3) shall display the limit established by law, ordinance, regulation, or as adopted by the authorized agency based on the engineering study. The speed limits displayed shall be in multiples of 5 mph.

03 Speed Limit (R2-1) signs, indicating speed limits for which posting is required by law, shall be located at the points of change from one speed limit to another.

04 At the downstream end of the section to which a speed limit applies, a Speed Limit sign showing the next speed limit shall be installed. Additional Speed Limit signs shall be installed beyond major intersections and at other locations where it is necessary to remind road users of the speed limit that is applicable.

05 Speed Limit signs indicating the statutory speed limits shall be installed at entrances to the State and, where appropriate, at jurisdictional boundaries in urban areas.

Support:

06 In general, the maximum speed limits applicable to rural and urban roads are established:

A. Statutorily – a maximum speed limit applicable to a particular class of road, such as freeways or city streets, that is established by State law; or

B. As altered speed zones – based on engineering studies.

07 State statutory limits might restrict the maximum speed limit that can be established on a

particular road, notwithstanding what an engineering study might indicate.

Option:

08 ~~If a jurisdiction has a policy of installing Speed Limit signs in accordance with statutory requirements only on the streets that enter a city, neighborhood, or residential area to indicate the speed limit that is applicable to the entire city, neighborhood, or residential area unless otherwise posted, a CITYWIDE (R2-5aP), NEIGHBORHOOD (R2-5bP), or RESIDENTIAL (R2-5cP) plaque may be mounted above the Speed Limit sign and an UNLESS OTHERWISE POSTED (R2-5P) plaque may be mounted below the Speed Limit sign (see Figure 2B-3).~~

Guidance:

09 A Reduced Speed Limit Ahead (W3-5 or W3-5a) sign (see Section 2C.38) should be used to inform road users of a reduced speed zone where the speed limit is being reduced by more than 10 mph, or where engineering judgment indicates the need for advance notice to comply with the posted speed limit ahead.

10 States and local agencies should conduct engineering studies at least once every 5, 7 or 14 years, in compliance with CVC Section 40802 to reevaluate non-statutory speed limits on segments of their roadways that have undergone significant changes since the last review, such as the addition or elimination of parking or driveways, changes in the number of travel lanes, changes in the configuration of bicycle lanes, changes in traffic control signal coordination, or significant changes in traffic volumes.

11 No more than three speed limits should be displayed on any one Speed Limit sign or assembly.

~~*12 When a speed limit within a speed zone is posted, it should be within 5 mph of the 85th- percentile speed of free-flowing traffic.*~~

CVC Section 22358.6 – 85th-Percentile, Rounding, 5 mph Increment, 5 mph speed reduction and Maximum Speed Reduction

Standard:

12a **When a speed limit is to be posted, it shall be established at the nearest 5 mph increment of the 85th-percentile speed of free-flowing traffic, except as shown in the two Options below for rounding down and using 5 mph speed reduction (CVC Section 22358.6(b)), or rounding up (CVC Section 22358.6(c)), or if using additional 5 mph speed reduction on local agency roadways for safety corridor designation (CVC Section 22358.7(a)(1)) or adjacent to land or facility generating high concentrations of bicyclists and pedestrians (CVC Section 22358.7(a)(2)).**

Option:

1. For cases in which the nearest 5 mph increment of the 85th-percentile speed would require a rounding down, the posted speed may be reduced by 5 mph from the nearest 5 mph increment of the 85th-percentile speed, in compliance with CVC Sections 627 and 22358.5. CVC Sections 22353, 22353.2, 22353.3, 22353.4, and 22353.5, may also be considered, if applicable. See Standard below for documentation requirements. Refer to CVC Section 22358.6(b).
2. For cases in which the nearest 5 mph increment of the 85th-percentile speed would require a rounding up, then the speed limit may be rounded down to the nearest 5 mph increment below the 85th percentile speed, if no further reduction is used. Refer to CVC Section 21400(f). Refer to CVC Section 22358.6(c).
3.

Standard:

12b **If the speed limit to be posted has had the 5 mph reduction applied, then an E&TS shall document in writing the conditions and justification for the lower speed limit and be approved by a registered Civil or Traffic Engineer. The reasons for the lower speed limit shall be in compliance with CVC Sections 627 and 22358.5. Refer to Section 22358.6(b).**

12c **The total reduction in the speed limit using the nearest 5 mph increment (CVC Section 22358.6(a)), rounding up (CVC Section 22358.6(c)), rounding down and using 5 mph speed reduction (CVC**

Section22358.6(b)), additional 5 mph speed reduction for safety corridor designation (CVC Section 22358.7(a)(1)) or adjacent to land or facility generating high concentrations of bicyclists and pedestrians (CVC Section 22358.7(a)(2)), this speed reduction shall not exceed 12.4 mph from the 85th-percentile speed. Refer to CVC Section 22358.6(e).

Support:

12d Refer to Tables 2B-103(CA) and 2B-104(CA), which provides examples of 85th-percentile speed values and the application of the speed limit policies and criteria applicable per CVC 22358.6 and 22358.7.

~~12c The following examples are provided to explain the application of these speed limit criteria:~~

~~Example 1. Using Option 1 above and first step is to round down: If the 85th percentile speed in a speed survey for a location was 37 mph, then the speed limit would be established at 35 mph since it is the closest 5 mph increment to the 37 mph speed. As indicated by the option, this 35 mph established speed limit could be reduced by 5 mph to 30 mph if the conditions and justification for using this lower speed limit are documented in the E&TS and approved by a registered Civil or Traffic Engineer.~~

~~Example 2. Using Option 1 above and first step is to round up: If the 85th percentile speed in a speed survey for a location was 33 mph, then the speed limit would be established at 35 mph since it is the closest 5 mph increment to the 33 mph speed. As indicated by the option, this 35 mph speed limit could be reduced by 5 mph to 30 mph if the conditions and justification for using this lower speed limit are documented in the E&TS and approved by a registered Civil or Traffic Engineer.~~

~~Example 3. Using Option 2 above and first step is to round up: If the 85th percentile speed in a speed survey for a location was 33 mph, instead of rounding up to 35mph, the speed limit can be established at 30mph, but no further reductions can be applied (which is allowed in the two examples above).~~

~~**Standard:**~~

~~12d **Examples 1 and 2 for establishing posted speed limits shall apply to engineering and traffic surveys (E&TS) performed on or after July 1, 2009 in accordance with the Department's Traffic Operations Policy Directive Number 09-04 dated June 29, 2009.**~~

~~Option:~~

~~12e After January 1, 2012, Example 3 may be used to establish speed limits. Refer to CVC 21400(f).~~

~~Support:~~

12e Any existing E&TS that was performed before January 1, 2022 in accordance with previous traffic control device standards is not required to be updated until it is due for reevaluation per the 5, 7 or 14 year criteria.

CVC Sections 22358.7, 22358.8 and 22358.9 – Applicability on State Highway System & Local Agency Roadways

Standard:

12f CVC Sections 22358.7, 22358.8 and 22358.9 and their related policies shall not be applicable to roadways on the State Highway System.

Support:

12g CVC Sections 22358.7, 22358.8 and 22358.9 and their related policies are applicable on local agency roadways.

12h CVC Sections 22358.7, 22358.8 and 22358.9 and their related policies are also applicable on any privately owned and maintained roads or commercial establishments, if the private road or private property has been subjected to the CVC application by the private property owner or a particular city or county enacts an ordinance or resolution to this effect. Refer to CVC Sections 21100, 21100.1, 21107, 21107.5, 21107.6, and 21107.7.

Standard:

12i **The additional 5 mph speed reduction allowed by CVC Section 22358.7 on designated safety corridors or on portions of highway adjacent to any land or facility that generates high concentrations of bicyclists or pedestrians, shall not be applicable on any roadway segment that is on the State**

Highway System

12j **The option allowed by CVC Section 22358.8 to retain the currently adopted speed limit or restore the immediately prior adopted speed limit, shall not be applicable on any roadway segment that is on the State Highway System.**

12k **Declaring prima facie speed limits of 25 mph or 20 mph on a highway contiguous to a business activity district allowed by CVC Section 22358.9 shall not be applicable on any roadway segment that is on the State Highway System.**

CVC Section 22358.7 – Safety corridor and Land or Facilities Generating High Concentrations of Bicyclists and Pedestrians

Standard:

12l **Additional lowering of the speed limits from those calculated using rounding (up or down) per CVC Section 22358.6(b) and 22358.6(c) and 5 mph speed reduction using CVC Section 22358.6(b), as included in paragraph 12a, and Options #1 and #2 processes, is prohibited, except for the local agency roadway segments designated as "safety corridor" or "land or facilities that generate high concentrations of bicyclists and pedestrians" in compliance with CVC Sections 22358.6(d) and 22358.7.**

Option:

12m Local agencies may additionally lower the speed limits by 5 mph from those calculated using rounding (up or down) per CVC Section 22358.6(b) and 22358.6(c) and 5 mph speed reduction using CVC Section 22358.6(b) if, after completing an E&TS, find that the speed limit is still more than is reasonable or safe, for either of the following reasons:

1. The portion of a highway has been designated as a safety corridor.
2. The portion of highway is adjacent to any land or facility that generates high concentrations of bicyclists or pedestrians, especially those from vulnerable groups such as children, seniors, persons with disabilities, and the unhoused.

CVC Section 22358.7(a)(1) – "Safety Corridor" Definition

Standard:

12n A safety corridor shall be defined as a roadway segment within an overall roadway network where the highest number of serious injury and fatality crashes occur.

12o One or more of the required crash weighting factors listed in the Table 2B-105(CA) shall be used to prioritize the locations of fatal and serious injury crashes in developing the "Safety Corridor".

Option:

12p Data used to determine a safety corridor may be from the most recent Engineering and Traffic Survey (E&TS) performed. The crash data source may include, but is not limited to, California Highway Patrol's (CHP) Statewide Integrated Traffic Records System (SWITRS).

Standard:

12q **The prioritized subset of safety corridors shall:**

1. **Identify specific locations with high crash occurrences.**
2. **Identify corridor-level segments with a pattern of crash reoccurrence.**
3. **Be able to be stratified by mode.**

12r **Safety corridors shall represent a prioritized subset of the overall roadway network within an authority's responsibilities and shall not exceed one-fifth of the overall roadway network.**

Guidance:

12s *A jurisdiction should use three to five years of the most recent crash data to determine a safety corridor based on Fatal and Serious Injury data.*

Option:

12t For crash coverage, safety corridors may identify the subset of the overall roadway network where a minimum of 25% of the Fatal + Serious Injury (F+SI) crashes occur. 12u To identify logical termini, the geographic extent of a safety corridor may be determined by non-engineering staff.

Standard:

12v **A licensed professional engineer shall sign off on logical termini identified for a safety corridor using existing E&TS.**

Option:

12w Crash/Volume rate may be used to provide additional locations to be included in the safety corridor. Local agencies may use proactive measures as indicators.

CVC Section 22358.7(a)(2) – "Land or facility that generates high concentrations of bicyclists or pedestrians" definition Standard:

12x **Except for the Option in first paragraph below, a land or facility that generates high concentrations of bicyclists or pedestrians shall be defined as the portion of the highway where one or more of any of the generators listed in Table 2B-106(CA) are present within a distance of 1320 feet.**

Option:

12y Crash data that demonstrates a highway segment is within the top twenty percent of pedestrian and/or bicyclist fatalities or serious injuries over a three-to-five-year period may be used in lieu of one of the generators listed in Table 2B-106(CA).

Option:

12z Crash data that demonstrates a highway segment is within the top twenty percent of pedestrian and/or bicyclist fatalities or serious injuries over a three-to-five-year period may be used in lieu of one of the generators listed in Table 2B-106(CA).

Standard:

12aa A highway segment shall be defined as the portion of the highway where a location that meets the aforementioned criteria is present within a distance of 1320 feet. Option:

12ab A highway segment may be longer than 1320 feet provided that a minimum of one location within the top twenty percent of fatal and serious injury pedestrian and/or bicyclist crashes within a three-to-five-year period is present for every 1320 feet. Standard:

12ac The top twenty percent of pedestrian and/or bicyclist fatalities or serious injury crashes within a three to five year period shall be based on the geographic area within the jurisdiction of the Engineer performing the E&TS.

Option:

12ad A high concentration of pedestrians and bicyclists may be longer than 1320 feet provided that a minimum of one generator is present for every 1320 feet.

12ae Data used to determine high concentration locations may be obtained from the most recently performed Engineering and Traffic Survey (E&TS). Standard:

12af The provisions of CVC Section 22358.7 to additionally lower the speed limit (by designating safety corridor or on portion of highway is adjacent to any land or facility that generates high concentrations of bicyclists or pedestrians), shall not be applicable until actions required per CVC Section 22358.7 by Department of Transportation and Judicial Council are completed or June 30, 2024, whichever is sooner.

CVC Section 22358.8 (Retain currently adopted or restore immediately prior speed limit)

Option:

12ag Local agency may retain the currently adopted speed limit without further reduction or restore the immediately prior adopted speed limit without further reduction as provided in CVC Section 22358.8.

Standard:

12ah Currently adopted speed limit or immediately prior adopted speed limit shall only be retained, by ordinance, if after completing an E&TS, local agency finds that the speed limit is still more than reasonable or safe, and that speed limit was established with an E&TS and if a registered engineer has evaluated the section of highway and determined that no additional general purpose lanes have been added to the roadway since completion of the traffic survey that established the prior speed limit.

12ai If local agency decides to use lower speed limit based on CVC Section 22358.8, after completing an E&TS and finding that the speed limit is still more than is reasonable or safe, it shall not be reduced by any more than 5 mph from the currently adopted speed limit nor below the immediately prior speed limit. Refer to CVC Section 22358.8(b).

CVC Section 22358.9 – Business Activity District

Option:

12aj A local authority may, by ordinance, determine and declare a 25 or 20 mph prima facie speed limit on a highway contiguous to a business activity district when posted with a sign that indicates a speed limit of 25 or 20 mph if the highway segment meets all of the following conditions:

1. A maximum of four traffic lanes.
2. A maximum posted 30 mph prima facie speed limit immediately prior to and after the business activity district, if establishing a 25 mph speed limit.
3. A maximum posted 25 mph prima facie speed limit immediately prior to and after the business activity district, if establishing a 20 mph speed limit.

12ak A "business activity district" is that portion of a highway and the property contiguous thereto that includes central or neighborhood downtowns, urban villages, or zoning designations that prioritize commercial land uses at the downtown or neighborhood scale and meets a least three of the following four requirements:

4. No less than 50 percent of the contiguous property fronting the highway consists of retail or dining commercial uses, including outdoor dining, that open directly onto sidewalks adjacent to the highway.
5. Parking, including parallel, diagonal, or perpendicular spaces located alongside the highway.
6. Traffic control signals or stop signs regulating traffic flow on the highway, located at intervals of no more than 600 feet. 7. Marked crosswalks not controlled by a traffic control device.

Standard:

12al A local authority shall not declare a prima facie speed limit on a portion of a highway where the local authority has already lowered the speed limit as permitted for designated safety corridors (CV Section 22358.7) or using the land or facility adjacent to high concentration of pedestrians and bicyclists (CVC Section 22358.7) or retained the currently adopted speed limit (CVC Section 22358.8) or have restored the immediately prior adopted speed limit (CVC Section 22358.8). Refer to CVC Section 22358.9(c).

13 Speed studies for signalized intersection approaches should be taken outside the influence areaof the traffic control signal, which is generally considered to be approximately 1/2 mile, to avoid obtaining skewed results for the 85th-percentile speed.

Support:

14 Advance warning signs and other traffic control devices to attract the motorist's attention to asignalized intersection are usually more effective than a reduced speed limit zone.

Guidance:

15 An advisory speed plaque (see Section 2C.08) mounted below a warning sign should be used to warn road users of an advisory speed for a roadway condition. A Speed Limit sign should not be used for this situation.

Option:

16 Other factors that may be considered when establishing or reevaluating speed limits are the following:

A. Road characteristics, shoulder condition, grade, alignment, and sight distance;
B. The pace;
C. Roadside development and environment;
D. Parking practices and pedestrian activity; and
E. Reported crash experience for at least a 12-month period.

17 Two types of Speed Limit signs may be used: one to designate passenger car speeds, including any nighttime information or minimum speed limit that might apply; and the other to show any special speed limits for trucks and other vehicles.

18 A changeable message sign that changes the speed limit for traffic and ambient conditions may be installed provided that the appropriate speed limit is displayed at the proper times.

19 A changeable message sign that displays to approaching drivers the speed at which they are

traveling may be installed in conjunction with a Speed Limit sign.

Guidance:

20 If a changeable message sign displaying approach speeds is installed, the legend YOUR SPEED XX MPH or such similar legend should be displayed. The color of the changeable message legend should be a yellow legend on a black background or the reverse of these colors.

Support:

21 Advisory Speed signs and plaques are discussed in Sections 2C.08 and 2C.14. Temporary TrafficControl Zone Speed signs are discussed in Part 6. The WORK ZONE (G20-5aP) plaque intended for installation above a Speed Limit sign is discussed in Section 6F.12. School Speed Limit signs are discussed in Section 7B.15.

22 Speed limits in California are governed by the California Vehicle Code (CVC), Sections 22348 through 22413; also, pertinent sections are found in Sections 627 and 40802 and others referenced in this section. See Section 1A.11 for information regarding this publication.

23 Refer to Part 6, Section 6C.01 for speed limit signs in temporary traffic control zones. Refer to Part 7 for speed limit signs in school areas.

Engineering and Traffic Survey (E&TS)

Support:

24 CVC Section 627 defines the term "Engineering and traffic survey" and lists its requirements.

Standard:

25 An engineering and traffic survey (E&TS) shall include, among other requirements deemed necessary by the department, consideration of all of the following:

A. Prevailing speeds as determined by traffic engineering measurements.

B. Collision records.

C. Highway, traffic, and roadside conditions not readily apparent to the driver.

Guidance:

26 The E&TS should contain sufficient information to document that the required three items of CVC Section 627 are provided and that other conditions not readily apparent to a driver are properly identified.

27 Prevailing speeds are determined by a speed zone survey. A speed zone survey should include:

A. The intent of the speed measurements is to determine the actual speed of unimpeded traffic. The speed of traffic should not be altered by concentrated law enforcement, or other means, just prior to, or while taking the speed measurements.

B. Only one person is required for the field work. Speeds should be read directly from a radar or other electronic speed measuring devices; or,

C. Devices, other than radar, capable of accurately distinguishing and measuring the unimpeded speed of free flowing vehicles may be used.

D. A location should be selected where prevailing speeds are representative of the entire speed zone section. If speeds vary on a given route, more than one speed zone section may be required, with separate measurements for each section. Locations for measurements should be chosen so as to minimize the effects of traffic signals or stop signs.

E. Speed measurements should be taken during off-peak hours between peak traffic periods on weekdays. If there is difficulty in obtaining the desired quantity, speed measurements may be taken during any period with free flowing traffic.

F. The weather should be fair (dry pavement) with no unusual conditions prevailing.

G. The surveyor and equipment should not affect the traffic speeds. For this reason, an unmarked car is recommended, and the radar speed meter located as inconspicuously as possible.

H. In order for the sample to be representative of the actual traffic flow, the minimum sample should be 100

vehicles in each survey. In no case should the sample contain less than 50 vehicles.

I. Short speed zones of less than 0.5 mile should be avoided, except in transition areas.

J. Speed zone changes should be coordinated with changes in roadway conditions or roadside development.

K. Speed zoning should be in 10 mph increments except in urban areas where 5 mph increments are preferable.

L. Speed zoning should be coordinated with adjacent jurisdictions.

Support:

28 Physical conditions such as width, curvature, grade and surface conditions, or any other condition readily apparent to the driver, in the absence of other factors, would not require special downward speed zoning. Refer to CVC 22358.5.

Option:

29 When qualifying an appropriate speed limit, local authorities may also consider all of the following findings:

A. Residential density, if any of the following conditions exist on the particular portion of highway and the property contiguous thereto, other than a business district:

1. Upon one side of the highway, within 0.25 mile, the contiguous property fronting thereon is occupied by 13 or more separate dwelling houses or business structures.
2. Upon both sides of the highway, collectively, within a distance of 0.25 mile the contiguous property fronting thereon is occupied by 16 or more separate dwelling houses or business structures.
3. The portion of highway is larger than 0.25 mile but has the ratio of separate dwelling houses or business structures to the length of the highway described in either subparagraph a or b.

B. Safety of bicyclists and pedestrians, with increased consideration for vulnerable pedestrian groups including children, seniors, persons with disabilities, users of personal assistive mobility devices, and the unhoused.

30 The following two methods of conducting E&TS may be used to establish speed limits:

1. State Highways - The E&TS for State highways is made under the direction of the Department of Transportation's District Traffic Engineer. The data includes:
   a. One copy of the Example of Speed Zone Survey Sheet (See Figure 2B-101(CA)) showing:
      - A north arrow
      - Engineer's station or post mileage
      - Limits of the proposed zones
      - Appropriate notations showing type of roadside development, such as "scattered business," "solid residential," etc. Schools adjacent to the highway are shown, but other buildings need not be plotted unless they are a factor in the speed recommendation or the point of termination of a speed zone.
      - Collision rates for the zones involved
      - Average daily traffic volume
      - Location of traffic signals, signs and markings
      - If the highway is divided, the limits of zones for each direction of travel
      - Plotted 85th percentile and pace speeds at location taken showing speed profile
   b. A report to the District Director that includes:
      - The reason for the initiation of speed zone survey.
      - Recommendations and supporting reasons.
      - The enforcement jurisdictions involved and the recommendations and opinions of those officials.
      - The stationing or reference post in mileage at the beginning and ending of each proposed zone and any intermediate equations. Location ties must be given to readily identifiable physical features.
2. City and County Through Highways, Arterials, Collector Roads and Local Streets.
   a. The short method of speed zoning is based on the premise that a reasonable speed limit is one that

conforms to the actual behavior of the majority of motorists, and that by measuring motorists' speeds, one will be able to select a speed limit that is both reasonable and effective. Other factors that need to be considered include but are not limited to: the most recent two-year collision record, roadway design speed, safe stopping sight distance, superelevation, shoulder conditions, profile conditions, intersection spacing and offsets, commercial driveway characteristics, and pedestrian traffic in the roadway without sidewalks.

b. Determination of Existing Speed Limits - Figures 2B-103(CA) & 2B-104(CA) show examples of data sheets which may be used to record speed observations. Specific types of vehicles may be tallied by use of letter symbols in appropriate squares.

31 In most situations, the short form for local streets and roads will be adequate; however, the procedure used on State highways may be used at the option of the local agency.

32 Any agency may lower the speed limit below the prima facie speed limit after performing, and based on the results of an E&TS.

Guidance:

33 The establishment of a speed limit of more than 5 mph below the 85th percentile speed should be done with great care as studies have shown that establishing a speed limit at less than the 85th percentile generally results in an increase in collision rates; in addition, this may make violators of a disproportionate number of the reasonable majority of drivers.

Support:

34 Generally, the most decisive evidence of conditions not readily apparent to the driver surface in collision histories.

35 Speed limits are established at or near the 85th percentile speed, which is defined as that speed at or below which 85th percent of the traffic is moving. The 85th percentile speed is often referred to as the critical speed. Pace speed is defined as the 10 mph increment of speed containing the largest number of vehicles (See Figure 2B-102(CA)). The lower limit of the pace is plotted on the Speed Zone Survey Sheets as an aid in determining the proper zone limits. Speed limits higher than the 85th percentile are not generally considered reasonable and prudent. Speed limits below the 85th percentile do not ordinarily facilitate the orderly movement of traffic and require constant enforcement to maintain compliance. Speed limits established on the basis of the 85th percentile conform to the consensus of those who drive highways as to what speed is reasonable and prudent, and are not dependent on the judgment of one or a few individuals.

36 The majority of drivers comply with the basic speed law. Speed limits set at or near the 85th percentile speed provide law enforcement officers with a limit to cite drivers who will not conform to what the majority considers reasonable and prudent.

Further studies show that establishing a speed limit at less than the 85th percentile (Critical Speed) generally results in an increase in collision rates.

Option:

37 When roadside development results in traffic conflicts and unusual conditions which are not readily apparent to drivers, as indicated in collision records, speed limits somewhat below the 85th percentile may be justified. Concurrence and support of enforcement officials are necessary for the successful operation of a restricted speed zone.

Guidance:

38 Speed zones of less than 0.5 mile and short transition zones should be avoided.

Signs

Standard:

39 The Speed Limit (R2-1) sign shall be used to give notice of a prima facie or maximum speed limit except as provided under Prima Facie Speed Limits in CVC 22352.

40 When used, the TRUCKS, 3 AXLES OR MORE 55 MAXIMUM (R6-3(CA)) sign shall be installed

approximately 750 feet following each R2-1 sign.

41 **The ALL VEHICLES WHEN TOWING 55 MAXIMUM (R6-4(CA)) sign shall be installed approximately 750 feet following the R6-3(CA) sign.**

Guidance:

42 *The R6-3(CA) and R6-4(CA) signs should be placed on highway segments where speeds in excess of 55 mph are permitted.*

Option:

43 The existing AUTOS WITH TRAILERS, TRUCKS 55 MAXIMUM (R6-1(CA)) sign may remain in place until it is knocked down, damaged, stolen, vandalized, or otherwise reaches the end of its useful life.

44 The local California Highway Patrol office may be consulted to identify highway segments where enforcement is an issue.

On these segments early replacement of existing R6-1(CA) signs may be necessary.

Support:

45 Refer to CVC Section 22406 for types of vehicles subject to the 55 mph maximum speed limit.

Option:

46 The Speed Zone Ahead (R2-4(CA)) sign (see Figure 2B-3(CA)) may be used to inform the motorist of a reduced speed zone.

47 **The R2-4(CA) sign shall always be followed by a Speed Limit (R2-1) sign installed at the beginning of the zone where the reduced speed limit applies.**

48 **The End Speed Limit (R3(CA)) sign shall only be used to mark the end of a speed zone.**

49 **The R3(CA) sign shall not be used at a transition into a change in speed limits within a reduced zone.**

Option:

50 The R3(CA) sign (see Figure 2B-3(CA)) may be used with the TRUCK (M4-4) plaque to mark the end of truck speed zones on descending grades.

Standard:

51 **Speed limit signs shall be placed at the beginning of all restricted speed zones.**

Option:

52 Where speed zones are longer than 1 mile, intermediate signs may be placed at approximate 1 mile intervals. For three or more lanes in each direction, dual installation may be used.

Standard:

53 **The Speed Limit (R2-1) and End Speed Limit (R3(CA)) signs, as appropriate shall be placed at the end of all restricted speed zones**.

54 **Freeways with 65 mph and those segments where a speed limit of 70 mph has been approved by the Department of Transportation, with approval by the California Highway Patrol, shall be posted as follows:**

- **At the segment entrance, R2-1 signs shall be installed right of traffic off of the right shoulder.**
- **R2-1 signs shall also be installed off of the right shoulder only, throughout the segment, at a maximum of 25 mile intervals.**

Option:

- The 25 mile interval may be modified to include locations following entrance ramps.

Standard:

- **The R6-3(CA) sign (see Figure 2B-3(CA)) shall be installed approximately 750 feet following each R2-1 sign, both at the beginning and throughout each 60, 65 or 70 mph segment.**
- **The R6-4(CA) sign (see Figure 2B-3(CA)) shall be installed approximately 750 feet following each R6-3(CA) sign.**

Option:

- The SLOWER TRAFFIC KEEP RIGHT (R4-3) signs may be installed at locations where there is a tendency of the motorists to drive in the left-hand lane(s) below the normal speed of traffic.

Standard:

- **Signs shall be placed in protected locations.**
- **At the end of the 70/65 mph segment, R2-1 signs shall be installed off of the right shoulder.**

55 **Freeway segments where a 55 mph speed limit has been approved by the Department of Transportation, with the approval of the California Highway Patrol, shall be posted as follows:**

- **The beginning of the segment shall be posted with an R2-1 sign installed on the right shoulder and left shoulder where the median is of sufficient width to permit sign maintenance without lane closures.**

Guidance:

- *Subsequent signs should then be posted on the right shoulder, on approximate 3 mile intervals, with no more than 3 interchanges between signs.*
- *At the end of the segment, an R2-1 sign with the appropriate number for the next speed limit should be posted on the right shoulder.*

56 Conventional highways with 55 mph speed limits should be posted as follows:

- The beginning of the segment shall be posted with an R2-1 sign installed on the right shoulder.

Guidance:

- *Subsequent signs should then be posted on approximate 5 to 10 mile intervals and immediately after locations where significant volumes of traffic enter the segment.*
- *At the end of the segment, an R2-1 sign with the appropriate number for the next speed limit should be posted on the right shoulder.*

Conventional highways with 65 mph speed limits should be posted as follows:

- *The beginning of the segment should be posted with an R2-1 sign installed on the right shoulder.*
- *Subsequent signs should then be posted at 5 to 10 mile intervals and after locations where significant volumes of traffic enter the segment.*
- *At the end of the segment, an R2-1 sign with the appropriate number for the next speed limit should be posted on the right shoulder.*

Option:

57 Pavement markings with appropriate numerals (see Section 3B.21) may be used to supplement speed limit signs.

Standard:

58 **The R2-1 and R6-3(CA) and R6-4(CA) signs giving maximum statewide speed limits for various types of vehicles shall be installed on all State highways near the points of entrance into California.**

Guidance:

59 *The R2-1 and R6-3(CA) and R6-4(CA) signs should be placed in a location to be most effectively viewed by the approaching motorists.*

Standard:

60 **Speed Limit (R2-1) signs shall be installed throughout segments of freeway with posted speed limits of 65 mph or 70 mph at a maximum of 25 mile intervals.**

Option:

61 The 25 mile interval may be modified to include locations following entrance ramps.

Standard:

62 **Speed Limit (R2-1) signs shall be installed throughout segments of conventional highways with a posted speed limit of 65 mph at 5 mile to 10 mile intervals.**

63 **Speed Limit (R2-1) signs shall be installed throughout segments of freeway with a posted speed**

limit of 55 mph at approximately 3 mile intervals with no more than 3 interchanges between signs.

64 **Speed Limit (R2-1) signs shall be installed throughout segments of conventional highways with a posted speed limit of 55 mph at 5 mile to 10 mile intervals.**

Speed Enforced Signs

Option:

65 The SPEED ENFORCED BY RADAR (R48(CA)) sign (see Figure 2B-3(CA)) may be used where the California Highway Patrol has received authority to use radar and requests such signs.

Guidance:

66 *One sign should be used in each direction at the beginning of the segment of roadway, and at intervening major route intersections, where radar enforcement is in effect.*

Support:

67 The R48(CA) sign is a stand-alone sign intended to alert motorists that speed is enforced by radar on a particular segment of roadway.

Option:

68 The RADAR ENFORCED (R48-1(CA)) sign (see Figure 2B-3(CA)) may be used in combination with the Speed Limit (R2-1) sign on any roadway where law enforcement has the authority to use radar.

Guidance:

69 *When used, the R48-1(CA) sign should be placed below the R2-1 sign, at the beginning of the segment of roadway and at intervening major intersections, where radar enforcement is in effect.*

Option:

70 The SPEED ENFORCED BY AIRCRAFT (R48-2(CA)) sign (see Figure 2B-3(CA)) may be placed, when requested by the California Highway Patrol, on sections of highway regularly patrolled by aircraft.

Standard:

71 **The R48-2(CA) sign shall be used for both directions of travel.**

Guidance:

72 *The R48-2(CA) sign should be placed at the beginning of the section and spaced at 25 mile intervals. See Figure 3B-105(CA).*

Vehicle Speed Feedback Signs

Option:

73 A Vehicle Speed Feedback sign that displays to approaching drivers the speed at which they are traveling may be installed in conjunction with a Speed Limit (R2-1) sign.

Standard:

74 **If a Vehicle Speed Feedback sign displaying approach speeds is installed, the legend shall be YOUR SPEED XX. The numerals displaying the speed shall be white, yellow, yellow-green or amber color on black background. When activated, lights shall be steady-burn conforming to the provisions of CVC Sections 21466 and 21466.5. Vehicle Speed Feedback signs shall not alternatively be operated as variable speed limit signs.**

Guidance:

75 *To the degree practical, numerals for displaying approach speeds should be similar font and size as numerals on the corresponding Speed Limit (R2-1) sign.*

Option:

76 When used, the Vehicle Speed Feedback sign may be mounted on either a separate support or on the same support as the Speed Limit (R2-1) sign.

77 In lieu of lights, legend may be retroreflective film for flip-disk systems.

78 The legend YOUR SPEED may be white on black plaque located above the changeable speed display.

Support:

79 Driver comprehension may improve when the Vehicle Speed Feedback Sign is mounted on the same support below the Speed Limit (R2-1) sign.

80 Vehicle Speed Feedback Signs are appropriate for use with advisory speed signs and with temporary signs in temporary traffic control zones.

Basic Speed Law and Prima Facie Speed Limits – See CVC 22350 & 22352

Support:

81 The basic speed law states "No person shall drive a vehicle upon a highway at a speed greater than is reasonable or prudent having due regard for weather, visibility, the traffic on, and the surface and width of, the highway, and in no event at a speed which endangers the safety of persons or property."

Standard:

82 Prima facie speed limits are specific limits and shall apply unless changed based upon an engineering and traffic survey (E&TS) and signs are posted that display the new speed limit.

Option:

83 Prima facie speed limits may be preempted by the basic speed law, when roadway, traffic or weather conditions warrant a lower speed.

Use of Metric System Designations – See CVC 21351.3

Option:

84 Dual units for speed limits on signs may be placed on local streets and roads in both Metric and English units.

Guidance:

85 If used, dual unit speed limits should be rounded to the nearest 10 km/h for Metric and 5 mph for English units for posting on signs on local streets and roads.

Support:

86 Refer to AASHTO's Traffic Engineering Metric Conversion Factors. See Section 1A.11 for information regarding this publication.

Standard:

87 Metric speed limits shall not be placed on State highways. For use in this California MUTCD, 70 mph shall be shown as a metric equivalent of 110 km/h, neither of which shall be used on any local street or road.

Legal Authority for Establishing Speed Limits

Support:

88 Delegation of legal authority to set speed limits on State highways is given to Department of Transportation's District Directors. The District Director of each transportation district is authorized to issue orders regulating the speed of traffic, up to 65 mph on State highways. The Director of the Department of Transportation retains the authority to approve variable, minimum, and maximum speeds up to 70 mph on State freeways.

Standard:

89 The speed limits shown in Table 2B-101(CA) shall apply, unless changed upon the basis of an engineering and traffic survey (E&TS).

Option:

90 The speed limits shown in Table 2B-102(CA) may apply, unless changed upon E&TS.

Variable Speed Limits on Freeways - See CVC 22355

Option:

91 The following speed limits may apply:

a. Whenever the Department of Transportation determines based upon an engineering and traffic survey (E&TS) that the safe and orderly movement of traffic upon any freeway segment will be facilitated by the establishment of variable speed limits.

b. The Department may erect, regulate, and control signs upon the state highway which is a freeway, or any portion thereof, which, if used, signs shall be designed to permit display of different speeds at various times of the day or night.
c. Such signs need not conform to the standards & specifications per CVC 21400, but if used, shall be of sufficient size and clarity to give adequate notice of the applicable speed limit.

Minimum Speed Limits on State Highways - See CVC 22400

Option:

92 The following speed limits may apply:

a. Whenever the Department of Transportation determines based upon an engineering and traffic survey (E&TS) that slow speeds on any part of a state highway consistently impede the normal and reasonable movement of traffic, the Department may determine and declare a minimum speed limit. Appropriate signs giving notice shall then be installed on that segment.
b. A motorist can be cited for stopping or impeding the normal and reasonable movement of traffic unless the stop is necessary for safe operation and in compliance with the law.

Speed Traps

Support:

93 Refer to CVC 40802 for Speed Traps.

Standard:

94 A speed trap shall not apply to a local street, road, or school zone.

Support:

95 Senior zone is an area approaching or passing a senior center building or other facility primarily used by senior citizens, or the grounds thereof that is contiguous to a highway and on which is posted a standard "SENIOR" warning sign pursuant to CVC Section 22352.

96 Business activity district is a section of highway described in CVC Section 22358.9(b) in which a standard 25 mph or 20 mph speed limit sign has been posted pursuant to CVC Section 22358.9(a)(1).

Standard:

97 A section of highway shall be defined as a speed trap if the prima facie speed limit is not justified by an engineering and traffic survey (E&TS) within five years, and the enforcement of the speed limit involves the use of radar or any other electronic device that measures the speed of moving objects.

98 This time provision shall be extended to seven years when using radar and all of the following criteria are met:

- **The arresting officer has successfully completed a minimum of 24 hours of certified radar operator course training.**
- **The radar used to measure the speed meets or exceeds the minimal operational standards of the National Traffic Highway Safety Administration, and has been calibrated within three years of thealleged violation.**

99 This time provision shall be extended to seven years when using laser or other electronic device (other than radar) and all of the following criteria are met:

- **The arresting officer has successfully completed a minimum of 24 hours of certified radar operator course training.**
- **The arresting officer has successfully completed a minimum of 2 hours of additional approvedcertified training.**
- **The radar used to measure the speed meets or exceeds the minimal operational standards of theNational Traffic Highway Safety Administration, and has been calibrated within three years of thealleged violation.**

Option:

100 This time provision for an E&TS may be extended to ten years when all of the above conditions are

met and no significant changes in roadway or traffic conditions have occurred, including changes in adjoining property or land use, roadway width, or traffic volume as determined by a registered engineer.

Truck Speed Zone on Descending Grades

Guidance:

101 Highway descending grades, if used for posting TRUCK Speed Limit signs (R2-1 and M4-4) for trucks travelling downhill, should have recorded incident history of runaway commercial vehicles. Descending grades shorter than 1 mile should be avoided for posting signs because deceleration of vehicles due to braking actioncan generally provide sufficient control on descending grades of less than 1 mile.

Support:

102 To establish a downhill truck speed limit, a physical profile showing length and gradient and a downhill speed profile for three or more axle commercial vehicles with a gross rating of 10,000 lbs. or more will be provided.

Standard:

103 Speed profiles for truck speed limits shall be prepared on the same form as other speed surveys. An analysis of collisions involving trucks shall be prepared.

Guidance:

104 Posted speeds should be on the low side of the scale, generally within the pace of loaded commercial vehicles.

Standard:

105 If warranted, the Department of Transportation's District Director shall issue a standard speed zone order.

Support:

106 Posting of the regulation will be by placement of a standard 36 x 45 inch Speed Limit (R2-1) sign with a TRUCK (M4-4) plate above.

Standard:

107 A standard End Speed Limit (R3(CA)) sign with TRUCK (M4-4) plate shall be posted at the end of the truck zone when appropriate.

Speed Zones in Temporary Traffic Control Areas

Support:

108 For signing and establishing speed zones in temporary traffic control areas, refer to Section 6C.01 in Part

Speed Zones and Traffic Signals

Standard:

109 An agency changing the speed limits within its jurisdiction shall report the speed limit change to the agency operating and maintaining traffic signals within the speed zone no later than 30 days before changing the posted speed limit.

Support:

110 Changing the signal timing and adjusting the advance detector loops based on the revised speed limits can enhance the operations of the traffic signal.

[1] *Black text is consistent with the federal MUTCD, blue text is where the CA MUTCD differs from the federal MUTCD, green text was added to the CA MUTCD in compliance with AB 43 & AB 1938.*

Table 2B-101(CA). Standard Application of Speed Limits per California Vehicle Code

Speed	Determined by	Roadway Facility	CVC Section
15 mph	State or local authority	▪ Railroad grade crossing with obstructed view ▪ Uncontrolled highway intersection with obstructed view ▪ An alley	22352.a.1
15 & 20 mph	State or local authority	Where the prima facie speed of 25 mph is more than is reasonable or safe ▪ Narrow street not exceeding 25 feet other than a State Highway in a business or residential area or in a public park ▪ Road near a school or senior center facility	22358.3 & 22358.4
25 mph	State or local authority	▪ Any highway in any business or residential district ▪ A street contiguous to senior citizen facility other than a State highway ▪ Adjacent to a children's playground in a public park, but only during particular hours or days when children are expected to use facilities	22352.b & 22357.1

[1] *Black text is consistent with the federal MUTCD, blue text is where the CA MUTCD differs from the federal MUTCD, green text was added to the CA MUTCD in compliance with AB 43 & AB 1938.*

Table 2B-102(CA). Standard Application of Speed Limits per California Vehicle Code

Speed	Determined by	Roadway Facility	CVC Section
15 to 60 mph	Caltrans	State highway, based on an E&TS where ethe limit of 65 mph is more than reasonable or safe	22354
15 to 60 mph	Local city council or county board of supervisors for Caltrans	State highway, local entities may conduct a public hearing on proposed increases or decreases and the State Department of Transportation shall take into consideration the results of the public hearing	22354.5
30 to 65 mph	Local authority	Any street other than a State highway, by ordinance, may post a prima facie speed limit based on an E&TS where a speed > 25 mph would facilitate the orderly movement of vehicular traffic and would be reasonable and safe	22357
15 to 60 mph	Local authority	Any street other than a State highway, by ordinance, may post a prima facie speed limit based on an E&TS where the limit of 65 mph is more than is reasonable and safe	22358.8(a)
20 to 50 mph for Trucks	State or local authority	Highways under their respective jurisdiction where 55 mph is more than is reasonable or safe for vehicles mentioned in CVC 22406 (Trucks and other large vehicles)	22407
Maximum Speed 55 mph	State or local authority	▪ Two-lane, undivided highway ▪ Any highway if driving any of the following vehicles: a. Motortruck or truck tractor with > 3 axles b. Passenger vehicle or bus towing any other vehicle c. School bus transporting any school pupil d. A farm labor vehicle when transporting passengers e. A vehicle transporting explosives f. A trailer bus	22349.b & .c and 22406
Maximum Speed Limit of 65 mph	State or local authority	Any highway, posted at 65 mph based upon an E&TS, for vehicles not subject to CVC 22406	22349(a) & 22349
Maximum Freeway Speed Limit 70 mph	Caltrans	Freeways, after consultation with the California Highway Patrol, based upon an E&TS, or upon the basis of appropriate designs standards and projected traffic volumes in the case of newly constructed freeway segments, for vehicles not subject to CVC 22406	22356

[1] *Black text is consistent with the federal MUTCD, blue text is where the CA MUTCD differs from the federal MUTCD, green text was added to the CA MUTCD in compliance with AB 43 & AB 1938.*

Table 2B-103(CA). Examples showing applicability of rounding and additional speed reduction on State Highway System

85th-Percentile Speed (mph)	Rounding to nearest 5 mph increment (CVC 22358.6(a))	If rounding to nearest is up, may round down (CVC 22358.6(c))	If rounding to nearest is down, may additionally lower by 5 mph (CVC 22358.6(b))
47.5-50.0	50	45	N/A
45.1-47.4	45	N/A	40
42.5-45.0	45	40	N/A
40.1-42.4	40	N/A	35

Note – CVC Sections 22358.7, 22358.8 & 22358.9 are applicable to local agency roadways and public properties subjected to CVC, they are not applicable to the State Highway System. Refer to Section 2B.13 for more details.

Table 2B-104(CA). Examples showing applicability of rounding and additional speed reduction on Local Agency's Roadways & Private Property Subjected to CVC

85th-Percentile Speed (mph)	Rounding to nearest 5 mph increment (CVC 22358.6(a))	If rounding to nearest is up, may round down (CVC 22358.6(c))	If rounding to nearest is down, may additionally lower by 5 mph (CVC 22358.6(b))	If safety corridor or adjacent to high concentration of bicyclists & pedestrians, may additionally lower by 5 mph (CVC 22358.7)*
47.5-50.0	50	45	N/A	40
45.1-47.4	45	N/A	40	35
42.5-45.0	45	40	N/A	35
40.1-42.4	40	N/A	35	30

* Note – CVC Sections 22358.7, 22358.8 & 22358.9 are applicable to local agency roadways and private properties subjected to CVC, they are not applicable to the State Highway System. Refer to Section 2B.13 for more details.

[1] *Black text is consistent with the federal MUTCD, blue text is where the CA MUTCD differs from the federal MUTCD, green text was added to the CA MUTCD in compliance with AB 43 & AB 1938.*

Table 2B-105(CA). Safety Corridor Factors

Category	Factors
Crash Weighting Factors to Develop One Serious/Fatal Injury Safety Corridor	▪ Crash severity: Fatal Crashes, Serious Injury Crashes ▪ Mode: Pedestrian-bicycle related crashes, vehicle/other ▪ Disadvantaged Community Status: MPO/RTPA or locally defined disadvantaged community status based on most current version of CalEnviroScreen ▪ Vulnerable Populations: Seniors (age 65 and older) and Youth (under age 15) based on the American Community Survey ▪ School proximity (within 0.25 miles) based on the California School Campus Database ▪ Systemic or Predicted Crashes
Crash Density	Each roadway segment block may be converted into ~ 0.25 mile overlapping or contiguous "corridor" segments to create a consistent unit of measurement and assess the concentration of linear patterns of crashes within a defined distance. The highest scoring (i.e. most fatal and serious injury crashes per mile) "corridor" segments within a street needs to be identified and an appropriate threshold set to determine safety corridor eligibility.
Maintenance	The jurisdiction may establish a review and re-evaluation frequency for safety corridors. However, such frequency need not exceed seven years.

[1] *Black text is consistent with the federal MUTCD, blue text is where the CA MUTCD differs from the federal MUTCD, green text was added to the CA MUTCD in compliance with AB 43 & AB 1938.*

Table 2B-106(CA). Requirements to determine Land or Facility that Generates High Concentrations of Bicyclists or Pedestrians

Category	Generator
Land Use	Employment centers
	Presence of retail
	Parks, multi-use trails, and recreational destinations
	Schools/universities
	Senior Centers
	Cultural areas, entertainment space areas, or areas of community significance
	Religious facilities
	Health/medical facilities
Transit Factors	Transit stops
	Transit Oriented Developments/Transit Priority Areas
Presence of Pedestrian/Bicyclist Infrastructure	Sidewalk presence
	Crosswalk presence
	Bikeway presence
	Nearby signalized intersections on four-way intersections
	Presence of micromobility devices such as bicycles or scooters
Demographic Factors	Presence of vulnerable groups including children, seniors, persons with disabilities, users of personal assistive mobility devices, and the unhoused
	MPO/RTPA or locally defined disadvantaged community status
	Presence of students (all levels)
Local Data	Need identified in a safety analysis such as a road safety audit or formalized planning document such as a local road safety plan

[1] *Black text is consistent with the federal MUTCD, blue text is where the CA MUTCD differs from the federal MUTCD, green text was added to the CA MUTCD in compliance with AB 43 & AB 1938.*

Definitions of Selected Terms Used in the CA MUTCD

Text Headings

Standard—a statement of required, mandatory, or specifically prohibitive practice regarding a traffic control device. All Standard statements are labeled, and the text appears in bold type. The verb “shall” is typically used. The verbs “should” and “may” are not used in Standard statements. Standard statements are sometimes modified by Options.

Guidance—a statement of recommended, but not mandatory, practice in typical situations, with deviations allowed if engineering judgment or engineering study indicates the deviation tobe appropriate. All Guidance statements are labeled, and the text appears in non-bolded type.The verb “should” is typically used. The verbs “shall” and “may” are not used in Guidance statements. Guidance statements are sometimes modified by Options.

Option—a statement of practice that is a permissive condition and carries no requirement or recommendation. Option statements sometime contain allowable modifications to a Standard or Guidance statement. All Option statements are labeled, and the text appears in non-bolded type. The verb “may” is typically used. The verbs “shall” and “should” are not used in Option statements.

Support—an informational statement that does not convey any degree of mandate, recommendation, authorization, prohibition, or enforceable condition. Support statements are labeled, and the text appears in non-bolded type. The verbs “shall,” “should,” and “may” are not used in Support statements.

Words and Phrases

Speed—speed is defined based on the following classifications:

(a) ***Average Speed***—the summation of the instantaneous or spot-measured speeds at a specific location of vehicles divided by the number of vehicles observed.

(b) ***Design Speed***—a selected speed used to determine the various geometric designfeatures of a roadway.

(c) ***85th-Percentile Speed***—the speed at or below which 85 percent of the motor vehicles travel.

(d) ***Operating Speed***—a speed at which a typical vehicle or the overall traffic operates. Operating speed might be defined with speed values such as the average, pace, or 85th-percentile speeds.

(e) ***Pace***—the 10 mph speed range representing the speeds of the largest percentage of vehicles in the traffic stream.

Speed Limit—the maximum (or minimum) speed applicable to a section of highway as established by law or regulation.

Posted Speed Limit—a speed limit determined by law or regulation and displayed on SpeedLimit signs.

Speed Zone—a section of highway with a speed limit that is established by law or regulation,but which might be different from a legislatively specified statutory speed limit.

Statutory Speed Limit—a speed limit established by legislative action that typically is applicable for a particular class of highways with specified design, functional, jurisdictionaland/or location characteristics and that is not necessarily displayed on Speed Limit signs.

Average Daily Traffic (ADT)—the average 24 hour volume, being the total volume during a stated period divided by the number of days in that period. Normally, this would be periodic daily traffic volumes over several days, not adjusted for days of the week or seasons of the year.

Bicycle Lane—a portion of a roadway that has been designated for preferential or exclusiveuse by bicyclists by pavement markings and, if used, signs. See Class II Bikeway.

Business District - A "business district" is that portion of a highway and the property contiguous thereto (a) upon one side of which highway, for a distance of 600 feet, 50 percent or more of the contiguous property fronting thereon is occupied by buildings in use for business, or (b) upon both sides of which highway, collectively, for a distance of 300 feet, 50 percent or more of the contiguous property fronting thereon is so occupied. A business districtmay be longer than the distances specified in this section if the above ratio of buildings in usefor business to the length of the highway exists. Refer to CVC 235.
CVC – California Vehicle Code.

Class II Bikeway (such as a Bike Lane) – Provides a restricted right-of-way designated forthe exclusive or semi-exclusive use of bicycles with through travel by motor vehicles or pedestrians prohibited, but with vehicle parking and crossflows by pedestrians and motoristspermitted. Refer to California Streets and Highways Code Section 890.4. Refer to Caltrans' Highway Design Manual Index 1003.2 for design criteria.

Divided Highway – A highway with separated roadbeds for traffic in opposing directions.

Engineer – a person registered under California Professional Engineers Act as a professional engineer, including any of the branches thereof. Refer to California Business and Professions Code Section 6706. 63b. Engineering and Traffic Survey – Refer to CVC 627.

Engineering Judgment—the evaluation of available pertinent information, and the applicationof appropriate principles, experience, education, discretion, provisions, and practices as contained in this Manual and other sources, for the purpose of deciding upon the applicability, design, operation, or installation of a traffic control device. Engineering judgment shall be

exercised by an engineer, or by an individual working under the supervision of an engineer, through the application of procedures and criteria established by the engineer. Documentationof engineering judgment is not required.

Engineering Study—the comprehensive analysis and evaluation of available pertinent information, and the application of appropriate principles, engineering judgment, experience, education, discretion, provisions, and practices as contained in this Manual and other sources, for the purpose of deciding upon the applicability, design, operation, or installation of a traffic control device. An engineering study shall be performed by an engineer, or by an individual working under the supervision of an engineer, through the application of procedures and criteria established by the engineer. An engineering study shall be documented.

Median—the area between two roadways of a divided highway measured from edge of traveled way to edge of traveled way. The median excludes turn lanes. The median widthmight be different between intersections, interchanges, and at opposite approaches of the same intersection.

Multi-Lane—more than one lane moving in the same direction. A multi-lane street, highway, or roadway has a basic cross-section comprised of two or more through lanes in one or both directions. A multi-lane approach has two or more lanes moving toward the intersection, including turning lanes.

Pedestrian—a person on foot, in a wheelchair, on skates, or on a skateboard. As per CVC 467, (a) A "pedestrian" is a person who is afoot or who is using any of the following: (1) A means of conveyance propelled by human power other than a bicycle. (2) An electric personal assistive mobility device. (b) "Pedestrian" includes a person who is operating a self-propelled wheelchair, motorized tricycle, or motorized quadricycle and, by reason of physical disability, isotherwise unable to move about as a pedestrian, as specified in subdivision(a).

Pedestrian Facilities—a general term denoting improvements and provisions made to accommodate or encourage walking.

Roadway—that portion of a highway improved, designed, or ordinarily used for vehicular travel and parking lanes, but exclusive of the sidewalk, berm, or shoulder even though such sidewalk, berm, or shoulder is used by persons riding bicycles or other human-powered vehicles. In the event a highway includes two or more separate roadways, the term roadway as used in this Manual shall refer to any such roadway separately, but not to all such roadwayscollectively. Refer to CVC 527.

Shared-Use Path (Class I Bikeway) —a bikeway outside the traveled way and physically separated from motorized vehicular traffic by an open space or barrier and either within the highway right-of-way or within an independent alignment. Shared-use paths are also used by pedestrians (including skaters, users of manual and motorized wheelchairs, and joggers) and other authorized motorized and non-motorized users. Refer to the Caltrans' Highway Design Manual Index 1003.1 for design criteria.

Shoulder – The portion of the highway contiguous with the roadway for accommodations of pedestrians, bicyclists, stopped vehicles, for emergency use, and for lateral support of baseand surface courses.

Sidewalk—that portion of a street between the curb line, or the lateral line of a roadway, andthe adjacent property line or on easements of private property that is paved or improved andintended for use by pedestrians. As per CVC 555, "Sidewalk" is that portion of a highway, other than the roadway, set apart by curbs, barriers, markings or other delineation for pedestrian travel.

Traffic Control Device—a sign, signal, marking, or other device used to regulate, warn, or guide traffic, placed on, over, or adjacent to a street, highway, private road open to public travel (see definition of private road open to public travel), pedestrian facility, or shared-use path by authority of a public agency or official having jurisdiction, or, in the case of a private road open to public travel (see definition of private road open to public travel), by authority ofthe private owner or private official having jurisdiction.

APPENDIX C

Engineering and Traffic Survey Summary Sheets

(Updated April 2025)

City of Eastvale

Engineering & Traffic Survey Summary

Location:	58th Street	Survey Date:	July 29, 2021
Between:	Scholar Way & Hamner Avenue	Segment No.:	1
Direction of Travel:	East/West		

Traffic Data	
Average Daily Traffic:	1,522
Length of Segment (feet):	2,586
Length of Segment (miles):	0.49
Lane Configuration:	Single Lane Each Direction
Street Classification:	Collector
Speed Survey Data	
85th Percentile:	40 mph
10 mph Pace:	31-40 mph
Posted Speed Limit:	35 mph
Collision History	
Date Range:	July 1, 2018 - June 30, 2021
Total Collisions:	0
Collision Rate (Accidents/MVM):	0.00, less than statewide collision rate
Statewide Collision Rate:	1.60
Conditions Not Readily Apparent	
Conditions: Sidewalk on north side only at Scholar Way.	
Roadway Geometrics:	
Comments: Ped/bike safety	
Adjacent Land Use:	Residential
Recommendation	
Recommended Speed:	35 mph
Speed Limit Change:	No
Recommendation based on:	85th percentile speed, Option 2 (rounded to 40 mph, then reduced 5mph)

Approved and Authorized for release by City Traffic Engineer*:

Ruth Smith, TE, PTP TE 1650

CITY OF EASTVALE

Engineering and Traffic Survey Summary

Location:	**65th Street**	Survey Date:	3/19/2025
Between:	**Archibald Avenue & Sumner Avenue**	Segment No.:	2
Direction of Travel:	East/West		

Traffic Data	
Average Daily Traffic:	6,155
Length of Segment (feet):	5,300
Length of Segment (miles):	1.00
Lane Configuration:	2 Lanes Each Direction w/ painted median
Street Classification:	Secondary Collector
Speed Survey Data	
85th Percentile Speed (mph):	46
10 mph Pace:	38 - 47 mph
Posted Speed Limit (mph):	40
Collision History	
Date Range:	January 1, 2023 - December 31, 2024
Total Collisions:	0
Collision Rate (crashes / MVM):	0.00
Statewide Collision Rate:	1.24
Conditions Not Readily Apparent	
Conditions: Heavy pedestrian & vehicular traffic during school. Sidewalk located next to curb, so vehicular traffic is in close proximity to pedestrians and bike traffic.	
Roadway Geometrics: 4-Lane, Divided. Straight alignment. bike lanes, but substandard.	
Comments: Near Cedar Creek Park at Cedar Creek Rd. Rosa Parks Elementary at Harrison Ave. Residences do not front on 65th St. - no direct access.	
Adjacent Land Use:	Residential
Speed Limit Recommendation	
Recommended Speed Limit:	**40 mph**
Speed Limit Change:	No Change, same as existing
Recommendation Based On:	85th percentile speed

Approved and Authorized for release by City Traffic Engineer*:

(to be provided)

ORDINANCE NO. 25-06

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, AMENDING IN ITS ENTIRETY CHAPTER 10.02 OF TITLE 10 OF THE EASTVALE MUNICIPAL CODE ESTABLISHING SPEED LIMITS ON CERTAIN STREETS

WHEREAS, California Vehicle Code Sections 22357 and 22358 provide that local entities may declare prima facie speed limits greater than 25 miles per hour on City streets on the basis of an engineering and traffic survey; and

WHEREAS, California Vehicle Code Section 40802 provides for the enforcement of the posted speed limit by the use of radar or other electronic devices which measures the speed of moving vehicles; and

WHEREAS, California Vehicle Code Section 627(b) defines an engineering and traffic survey to include consideration of all of the following:

1) Prevailing speeds as determined by traffic engineering measurements;
2) Collision Records;
3) Highway, traffic, and roadside conditions not readily apparent to the driver; and

WHEREAS, the City of Eastvale has completed a new engineering and traffic survey required under California Vehicle Code Sections 22357 and 22358.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EASTVALE, DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. Chapter 10.02 of Title10 to the Eastvale Municipal Code is amended in its entirety to read as follows:

"Sec. 10.02.010. - Findings.

(a) The City Council of the City of Eastvale finds that an engineering and traffic survey has been completed in full compliance with the requirements of the California Vehicle Code and the recommendations in the survey should be implemented. Based upon the review of the survey and related information, the City Council finds the prevailing or 85th percentile speeds of the vehicles are:

No.	Street	Between	85th %ile Speed (mph)
1	58th Street	Scholar Way and Hamner Avenue	40
2	65th Street	Archibald Avenue and Sumner Avenue	40
3		Sumner Avenue and Hamner Avenue	47
4		Hamner Avenue and Wells Spring Street / East City Limit	42
5	68th Street	Sumner Avenue and Hamner Avenue	49
6		Hamner Avenue and East City Limit	47

No.	Street	Between	85th %ile Speed (mph)
7	Archibald Avenue	Bluff Street and Wind River/Grapewin Street	57
8		Wind River/Grapewin Street and Schleisman Road	57

Sec. 10.02.030 - Direction to City Engineer. On or after the effective date of the Ordinance of which this Chapter is derived, the City Engineer is directed to clearly post speed limit signs effectuating Section 10.02.020 above, to give notice that this Chapter is in effect."

SECTION 2. If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have adopted this Ordinance, and each section, subsection, subdivision, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses, phrases or portions thereof be declared invalid or unconstitutional.

SECTION 3. The City Clerk shall certify to the adoption of this ordinance and shall cause the same to be published in accordance with the law.

PASSED, APPROVED AND ORDAINED this 25th day of June, 2025.

June 25, 2025

Adoption of Fiscal Year 2025-2026 Annual Operating and Capital Improvement Budget

Prepared By:

Mark Orme, City Manager & Amanda Wells, Finance Director/City Treasurer

Recommended Action(s)

Staff recommends that the City Council approve and adopt the following:

1. Fiscal Year 2025-2026 Annual Operating and Capital Improvement Budget; and
2. A Resolution of the City Council of the City of Eastvale, California, Approving and Adopting the Annual Appropriations Limit Pursuant to Article XIII (B) of the California Constitution for Fiscal Year 2025-2026; and
3. A Resolution of the City Council of the City of Eastvale, California, Adopting An Operating Budget and Capital Improvement Budget for the Fiscal Year Commencing July 1, 2025 and Ending June 30, 2026, and Appropriating Funds for Purposes Therein Set Forth; and
4. A Resolution of the City Council of the City of Eastvale, California, Approving the Commitment of Fund Balance Pursuant to GASB 54; and
5. A Resolution of the City Council of the City of Eastvale, California, Establishing Revised Salary Schedules and Range Tables Effective July 1, 2025; and
6. A Resolution of the City of Council of the City of Eastvale, California, Establishing the Authorized Positions for the Fiscal Year 2025-2026, Effective July 1, 2025.

Summary

Proposed Fiscal Year 2024-25 Operating and Capital Improvement Budget Book Link

The goal of the Annual Operating and Capital Improvement Budget serves to establish both long-

term and short-term financial planning for the City while adhering to regulations set by the Governmental Accounting Standards Board (GASB) and criteria for the Government Finance Officers Association (GFOA) budget award. The comprehensive budget illustrates City Council's commitment to providing cost effective municipal services. City Council adopts an operating and capital improvement budget every year, which commits resources for the accomplishment of the City's Strategic Plan, provision of services to the public, regulatory and statutory requirements, and adherence to policies. The budget report identifies target areas while measuring achievements to ensure departments remain effective, efficient, and perform. An abundant amount of time, analysis, and data from various resources helps establish projections to forecast proper revenue and expenditure budgets. Early financial planning by the City Manager's Office and the Finance Department is followed with the identification of key goals identified by City Council, City departments, stakeholders, and members of the community supporting the determination of how the City should manage its assets and liabilities. The city's budget development timeline can be found at this link.

The budget is a dynamic document that is amended throughout the year for various reasons, including City Council actions on department requests, actions by third parties which impact the budget plan, or changes in the economy.

This proposed Fiscal-Year 2025-26 Annual Operating and Capital Improvement Budget document represents the City of Eastvale's conservative estimate of the City's financial performance in the coming year. The proposed budget plan includes $210,344,246 in total revenues and $198,702,740 in total expenditures (includes transfers of $31,580,803). The proposed budget projects General Fund revenues at $77,283,971, including transfers-in of $507.811, and expenditures at $74,966,564, including transfers-out of $31,072,992. In total the General Fund budget surplus is $2,287,407. After compiling budget projections and presenting a budget workshop to City Council in April, the proposed fiscal-year budget is brought to the full City Council for consideration and adoption. Although the primary emphasis is on the General Fund, the comprehensive budget document includes special revenue funds, capital improvement projects, capital reserves, underlying rationale, long-term forecasts, and investment strategy necessary to meet the projects and policies set forth by the City Council.

Citywide Total Budget				
Category	**FY 2024-25 Amended Budget**	**FY 2025-26 Proposed Budget**	**Change**	**Change %**

Background

FISCAL YEAR 2025-2026 BUDGET ANALYSIS

The city's Draft Fiscal Year 2025-2026 Operating and Capital Improvement Budget Book can be found at this link.

GENERAL FUND – REVENUES, EXPENDITURES & AVAILABLE RESOURCES: General Fund Overview Link

Overall, General Fund revenue projections are $77,283,971 and expenditures are $74,996,564 (inclusive of transfers). General fund revenues exceed expenditures by $2,287,407, creating a budget surplus. Of the $77.3 million in revenues, $56.8 million are attributable to operating revenues and $20.5 million are non-operating revenues. Of the $75.0 million in expenditures, $43.2 million are attributable to operating expenditures and $31.8 million are non-operating expenditures. As a result, the city is expected to end the 2025-26 fiscal year with a $13.5 million operating surplus, and a ($11.2) million non-operating surplus due to expenditure appropriations from reserves. Staff utilized a 40/60 ratio of non-operating versus operating sales tax as a conservative approach to ensure stable revenue sources are identified, considering the risks to the city's largest single source of revenue. The fiscal year 2025-26 budget includes $31,072,992 in transfers out to the General Capital Projects Fund, Capital Replacement Funds, Development Impact Fee Funds, and a general contribution for special assessment districts.

General Fund Budget				
Category	**FY 2024-25 Amended Budget**	**FY 2025-26 Proposed Budget**	**Change**	**Change %**
Total Revenues	76,092,610	$76,776,160	683,550	101%
Transfers In	*510,406*	*507,811*	*(2,595)*	*99%*
Total Resources	**76,603,016**	**77,283,971**	**680,955**	**101%**
Expenditures	39,097,014	43,923,572	4,826,558	112%
Transfers Out	*12,231,499*	*31,072,992*	*18,841,493*	*254%*
Total Appropriations	**51,328,513**	**74,996,564**	**23,668,051**	**146%**
Total Surplus	**25,274,503**	**2,287,407**		
Surplus net of Transfers	*36,995,596*	*32,852,588*		

General Fund Revenue Forecast: General Fund Revenue Summary Link

All General Fund revenues total $77,283,971; operating revenues total $56,756,371 and non-operating revenues total $20,527,600 for the fiscal year 2025-26. Net of transfers, revenues total $76,776,160.

General Fund Revenue highlights include the following:

- *Sales and Use Tax* – Staff recommends budget for sales tax revenues for fiscal year 2025-26 at $49.2 million, based on HdL's projections (City's vendor for sales tax projections). Of the sales tax revenues, $36.1 million is considered operating revenue and $13.1 million is considered non-operating revenue. Staff continues to utilize the non-operating sales tax for one-time non-operating expenditures, such as funding future capital maintenance and replacement projects, future capital projects, and current capital projects. It is unknown how long the non-operating sales tax revenues will last, point of sale location for any business could change at any time for a multitude of reasons, as such it is a conservative approach to only use these revenues sparingly for operating costs and utilize a majority of the funding for non-operating capital equipment and infrastructure projects. It is likely that at least a portion of the revenues will become a long term revenue source.
- *Property Tax* – A wave of commercial parcel assessment valuation appeals has been occurring throughout the county for several years and still continues. Although home prices have remained steady and the city experienced development of new commercial property, the influx of assessment appeals will keep the city's overall assessed property valuation from growing at the same pace as the housing market. However, staff expects property tax revenues to still increase, almost 5% over the prior year based on projections provided by HdL Coren and Cone.
- *Franchise Fees* – The city expects to see an $170,000 increase in franchise fees. Although the trend for natural gas and electricity franchise fees has increased, fees for cable has slowly declined over the last several years. Electricity fees have increased mainly due to the price of natural gas, which drives the rates charged for electricity. Refuse fees are expected to increase $150,000 and electric fees are expected to increase $25,000.
- *Licenses, Fees, and Permits* - Permitting activity remained steady over the past few fiscal years and saw a heavy increase in permits during the pandemic. However, normal development activity has slowed in the past two fiscal years and is expected to slightly increase only due to large developments in the city. Staff recommends budgeting building permits, development revenue, and encroachment fees with a 4% increase over the 2024-25 fiscal year projections at $5.6 million.
- *Fines, Penalties, and Forfeitures* - Staff recommends decreasing this revenue category to $1,005,000 for fiscal year 2025-26, a decrease of 1% from the previous year based on trend. This category is dependent upon Riverside Sheriff and Code Enforcement activity and fluctuates with staffing levels and programming priorities.
- *Intergovernmental* – Intergovernmental revenue consists primarily of Vehicle License Fee Adjustment Account (VLFAA) revenue, resulting from the passing of SB130 in April 2017. VLFAA revenues are based on property valuations, which have continued to steadily increase in the city over the last few years. Intergovernmental revenue is expected to increase from $6,460,000 in fiscal year 2024-25 to $7,075,000 in fiscal year 2025-26, an increase of 10%.

General Fund Expenditures

Overall, the total expenditures for the General Fund total $74,996,564 in fiscal year 2025-26; operating expenditures total $43,241,182 and non-operating expenditures total $31,755,382.

Personnel Highlights: **General Fund Personnel Summary Link**

- *Salaries and Benefits* costs are projected at $12,906,497 for fiscal year 2025-26. The personnel projections were prepared based on current pay rates plus 5% merit for all current employees. Budget estimates include full benefits, including health and retirement contributions. Vacant positions are budgeted at top step with full benefits. The proposed full-time equivalent (FTE) of City employees is 82.75 for fiscal year 2025-26, an increase of 6.75 positions over the amended 2024-25 budget. In total, personnel costs increased $1,303,251 over the prior year. Total proposed staffing includes 73 full-time staff, 4.25 part-time staff equivalents, 0.5 part time temporary, and 5 elected positions.
    - *Position Changes* for the 2025-26 budget plan include adding five new full-time positions, four promotions, and one reclassified positions. In total the changes will equate to a $1,022,869 impact to the personnel category, which is a portion of the total $1,303,251 personnel category increase.

Operations Highlights: **General Fund Department Summary Link**

- *Law Enforcement* updated costs are $17,652,000 as compared to $15,111,083 for fiscal year 2024-25. The proposed budget includes an increase of 12 daily patrol hours ($1.1 million) and a new Dedicated Sergeant ($330,000). Additionally, the city continues to fund a $136,000 line item for special overtime operations within the city. Finally, the Riverside Sheriff Office announced a 7.0% contract increase for the new fiscal year.
- *Non Departmental* includes city wide costs such as copier maintenance, revenue neutrality with Riverside County, transfers out to other funds, and building leases. Riverside County revenue neutrality will continue until 2040; budget projections are $300,000 for the new year. Total expenditures for the non departmental category are $33,675,454 for fiscal year 2025-26, an increase of $19,150,465 from the prior fiscal year. Transfers-out to other funds represent the largest expenditure in this category at $31,072,992. Transfers-out include funding the five capital replacement and maintenance funds for information technology, vehicles, street maintenance, facility maintenance, and storm drain maintenance for a total of $1,140,000. Capital projects transfers total $29,915,742 and include the City Hall, Library, and Police Station. Finally, $17,250 of transfers are for general benefit contribution to four special assessment districts.
- *Community Development* expenditures are forecasted at $3.693.998, an increase of 7% or $255.784 from the prior fiscal year. The increase is mainly due to two organizational changes. The first moved Economic Development out of Community Development and into the City Manager's Office. This change resulted in an increase in the Administration division as some economic development activities will stay with the Community Development department. The second moved Building Safety out of Community Safety and into Community Development. Building Safety is a larger division than Economic Development and as a result, the department saw an increase in expenditure budget. Additionally, this department funds the Business Incentive Loan Program, which is funded at $68,000 for the 2025-26 fiscal year.
- *Community Safety and Technology* expenditures are forecasted at $2,549,393 an increase of 7% or $166,593 over the prior year. As part of an organizational change, the Building Safety division was moved out of this department into the Community Development Department and the Information Technology division was moved into the department from the Government Services Department. The Code Enforcement Division added two positions, a part time Code Enforcement Officer for proactive enforcement activities and a temporary part time Code Enforcement Officer to backfill for employee leave of absences. Additionally, Information Technology is increasing due to consulting services for the new Civic Center

project and GIS services.

- *Public Works* expenditures are forecasted at $6,865,549, an increase of $590,260 over the 2024-25 fiscal year. The increase is caused by several budget proposals, including the addition of a GIS Analyst position and an intern, additional contracts related to citywide private land development, and citywide maintenance.
- Finance expenditures are proposed at $2,224,127, an 8% increase of $170,411 over the prior fiscal year. The increase is caused by two items, the addition of a new Finance Analyst to support budget and special projects within the department and budget related to bonding for the Civic Center project.

General Fund Available Resources: Fund Balance Link

The beginning balance for the fiscal year 2025-26 budget reflects the projected General Fund audited ending balances for fiscal year 2024-25. The General Fund is anticipated to end the 2024-25 fiscal year with an estimated total fund balance of $191,757,981 and the proposed fiscal year 2025-26 budget includes anticipated fund balance of $194,045,388 as of June 30, 2026.

- Assigned reserves: $51,992,000
    - The General Fund Emergency Contingency (based upon 50% of operating expenditure appropriations) is fully funded at $21,620,591 and is classified as an assigned reserve.
    - Additionally, $17,241,409 is held in assigned reserve to cover known and expected negative cash flow. A total of $16,854,090 is held to cover reimbursable grants until specific projects are complete and the granting agency has reimbursed the city for expenditures. A total of $387,319 is required to cover negative cash flow in 13 special assessment districts. Staff has also set aside $12.0 million for possible land purchases related to the Civic Center project and other City Council strategic initiatives. Finally, $130,000 for the city's Business Incentive Loan Program and $1.0 million for a future financial system implementation is held as assigned reserves.
- Committed reserves: $91,468,754
    - The City continues to also hold a committed reserve of $23.4 million for City Hall construction, $24.5 million for Library construction, $19.7 million for police substation construction, $9.5 million for Civic Center Parking Structure, $2.5 million committed reserve for pension liabilities, $1.7 million for a fire truck purchase, and $3.0 million for public safety rate increase stabilization.
    - The city is also holding a $7.0 million debt service reserve for the anticipated Civic Center lease revenue bonds. Staff expects the maximum annual debt service payment to be $7.0 million; a specific reserve for the bond issuance should help the city obtain better bond ratings and possibly lower interest rates. Once debt is issued and the city owes an annual debt service payment, 50% of this reserve will be moved into the city's operating reserve and should only hold $3.5 million in this reserve.
- Committed Appropriations Limit: Qualified Capital Outlay reserves: $43,353,147
    - In the 2020-21 through 2024-25 fiscal years the city had an appropriations limit surplus. The surpluses may be set aside for qualified capital outlay that exceed $100,000 and have at least 10 years of useful life. The city has set aside the following surplus amounts for qualified capital outlay projects in addition to the amounts stated above: $5.8 million City Hall construction, $7.7 million Library construction, $8.7 Police Station construction, and $20.2 million Civic Center/Parking Structure construction, and $965,502 for a fire truck purchase. As the city appropriates reserves for design and construction, these reserves are utilized first.
- Unassigned reserves:

- Total projected unassigned general fund reserves are projected at approximately $2.8 million.

Changes Since Budget Workshop: Budget Development Link

Only a handful of changes that total to a savings of $43,830 have occurred since the Budget Workshop on April 24, 2025. Personnel increased $307,720 with the addition of two Building Safety positions and one additional promotional opportunity. Operations decreased $67,500; a decrease of $70,000 related to adjusted General Liability premiums and an increase of $2,500 for vehicle maintenance. Contract services decreased $284,050; an increase of $45,000 fir Animal Control contract service increases and a decrease of $329,050 for Building Safety inspection and permitting contract savings.

SUMMARY OF OTHER GENERAL PURPOSE FUNDS: FIRE FUND

Fire Fund Link

The *Fire Fund* houses general purpose property taxes levied specifically for the purpose of fire protection services. Although a General Fund revenue source, these funds are restricted through the City's incorporation procedures and revenue neutrality agreement by the County of Riverside for fire protection services and operations. For audit purposes this fund is collapsed into the General Fund. Revenues are projected at $10.8 million and expenditures total $9.8 million; the fund is projected to end the fiscal year with a $932,025 budget surplus, which will go towards the future third fire station construction. The total budget reflects 100% operating sources and uses, as such there is no operating/non-operating analysis. The main revenue source for the fund is property tax, which makes up $9.7 million or 90% of the fund's revenue. Main expenditures in the fund are contract fire services at $9.1 million, building maintenance and operations for the two City owned fire stations at $418,850, and revenue neutrality with Riverside County at $300,000. Contract fire services is increasing by 14% over the prior year due to an estimated 8% increase to contract rates, an additional 0.5 full time equivalent dedicated Deputy Fire Marshall, and an additional 0.5 full time equivalent dedicated Fire Safety Specialist to support private development activity within the city. The City contracts for 2 medic engines and one medic squad at the two fire stations and dedicated fire marshal support including business inspection services.

Fire Fund Available Resources

The Fire Fund is anticipated to end the 2025-26 fiscal year with an estimated total fund balance of $19.4 million. Fire Fund fund-balance is restricted by the County of Riverside, however City Council has assigned and committed the following fund balances in order to ensure the ability to continue operations in down economic situations and ensure resources are available to purchase apparatus and build vital infrastructure, such as the City's third fire station:

- Assigned reserves:
  - The Fire Fund Emergency Contingency (based upon 75% of expenditure appropriations) is fully funded at $7.4 million and is classified as an assigned reserve.
- Committed reserves:
  - The City continues to also maintain a committed reserve of $11.5 million for a third fire station construction, and $400,000 for apparatus replacement.
- Restricted fund balance:
  - Total projected remaining restricted Fire Fund fund-balance are approximately $149,718.

SUMMARY OF SPECIAL REVENUE FUNDS

- *Gas Tax Fund* revenues are forecasted at $2.1 million and expenditures are projected at $2.4 million. Although expenditures exceed revenues, the Gas Tax fund has available fund balance, projected to end the fiscal year with $825,235 in fund balance. Gas tax revenues are lower than originally anticipated; the Governor's final budget included less Gas Tax allocations for local agencies. The gas tax revenues in this fund are solely utilized to fund vital street infrastructure and maintenance projects.
- *Measure A Fund* revenues are projected at $3.6 million and expenditures are projected at $3.5 million. The fund is projected to complete fiscal year 2025-26 with $739,129 in total fund balance. Similar to Gas Tax, these funds are solely utilized for street related projects. Riverside County allocates the funding from a 1/2 cent sales tax measure to local agencies.
- *Miscellaneous Grant Fund* revenues are projected at $986,914 and expenditures are projected at $310,132. The Grants Fund does not have available fund balance and is projected to end the fiscal year at negative $4.7 million. This is primarily due to the reimbursement nature of the fund and the Limonite Gap Bridge project which will likely be reimbursed in the before the end of the current fiscal year. Public Works has not yet reconciled the balances and requested reimbursement.

Special Revenue Funds Available Resources

A large majority of the special revenue funds are forecasted to finish the 2025-26 fiscal year with a positive fund balance. Funds with an expected negative fund balance are the TDA fund, miscellaneous grants fund, the TUMF reimbursement fund, a few of the City's landscape and lighting maintenance districts (LLMD), several of the JCSD transferred lighting maintenance districts (LMD), and one community facility district (CFD). The TDA fund, miscellaneous grants fund, and TUMF fund are reimbursed after projects are completed. The special districts (LLMD, LMD, and CFD) do not generate adequate revenues to offset district expenditures. Any funds with negative fund balances will utilize General Fund assigned fund balances to bring the funds to zero on the city's Annual Comprehensive Financial Report. As a result, staff maintains an assigned reserve totaling $387,319 to cover these negative balances within the General Fund.

SUMMARY OF CAPITAL PROJECT FUND

General Capital Project Fund Link

The *Capital Project Fund* is used to track capital projects funded solely by the General Fund. Funds are transferred into the Capital Projects Fund from the General Fund. For the 2025-26 budget, revenues are projected at $1.3 million and expenditures are projected at $5.0 million. The fund is expected to end the 2025-26 fiscal year with $0 in fund balance. Expenditures for 2025-26 include the Civic Center Phase 2 Parking Structure.

SUMMARY OF DEVELOPMENT IMPACT FEE FUNDS

Development Impact Fee Funds Link

The *Development Impact Fee Funds* are used to track development impact fees assessed on development projects throughout the city. These funds must be utilized on projects identified within nexus studies. The city will adopt a new nexus study in late June for Park Improvements, Community and Recreation Centers, Fire Facilities, Public Facilities, and Police Facilities. Per the nexus study the fees collected for Public Facilities and Police Facilities may be used towards Civic Center buildings including City Hall, Library, and Police Station. Staff has budgeted for a General Fund loan to those DIF funds to fund a portion of the project with future DIF receivables. Staff is still working on the

General Fund to Development Impact Fee funds loan resolutions. The Public Facilities loan for fiscal year 2025-26 totals $24,551,953 and a total of $25,112,147 is budgeted for the project, leaving the fund with zero fund balance as of June 30, 2026. Similarly, the Police Facilities loan for fiscal year 2025-26 totals $4,195,000 and the same amount is budgeted for the project; the fund will have zero fund balance as of June 30, 2026.

SUMMARY OF CAPITAL REPLACEMENT FUNDS

Capital Replacement Funds Link

Staff established five capital replacement and maintenance funds in the prior fiscal year. Each was seeded by the General Fund with an estimated amount of fund balance to start fund balance accumulation in the funds. Finance staff is creating replacement schedules and will calculate annual contribution amounts for each of the funds, depending on the type of future maintenance and replacement the fund will supply. The expectation is to build adequate fund balance to prepare the city to replace and maintain public equipment and infrastructure as a means to support the General Fund during lean economic periods.

CAPITAL IMPROVEMENT BUDGET

Capital Improvement Budget Link

The five-year capital improvement budget identifies the highest priority capital needs that can be addressed with available and forecasted revenues. These capital needs are matched with the previous year's continuing appropriations and five-year revenue projections identified by the Finance department. Additionally, capital needs are delineated to eligible funding sources and programs available to the City's capital improvements.

Over the next five-years of this capital improvement budget, Eastvale will program over $365.8 million in funding for City Street Improvements, Maintenance, Roadway and Traffic Safety Improvements, and future Civic Center plans. For the fiscal year 2025-26 the City will commit $110.4 million to fund projects within the categories listed above.

Major capital projects for fiscal year 2025-26 include the Annual Overlay and Slurry Seal, Civic Center Project (City Hall, Library, Police Station, Plaza, and Public Park), Citywide Traffic Signal Synchronization, and Hellman Avenue Widening.

GFOA AWARD

The city has been awarded the Government Finance Officer's Association (GFOA) Distinguished Budget Award for three consecutive years. Over the past several years GFOA has made changes to the award criteria. As a result, the city's budget document continues to be adjusted. Long range operational financial plans must now incorporate all appropriated funds, of which the city has 142 funds. In an effort to expand long-range planning, staff will prepare plans for all of the city's funds, but provide narrative for the city's two major funds and several additional funds. At the time of the publication of this agenda, staff is still compiling information for the long range planning section of the budget document. Staff will submit the 2025-26 budget document for the GFOA distinguished budget award.

BUDGET DOCUMENT

Since 2022, staff has been utilizing OpenGov for budget management. The software provides a budgeting platform for departments to submit budget proposals, personnel budgeting tools, reporting, and online portals. Staff has utilized the online portal to create an online budget book, which appears similar to a website. The online budget book allows for a more interactive experience for the public, as reports and graphics can be drilled down to line item detail. This is the third online budget book for the city and is still a draft version. For the 2025-26 budget book, staff is still working through updates and the book may reflect some errors such as broken links or graphs that do not return data. As of the date of the agenda posting, staff has not yet updated all sections of the book. Staff is working diligently to update the online book in time for budget adoption. The landing page for the book can be found here: Online Budget Book. Typically, a PDF of the website has been attached to agenda reports, however because the book is in a rough draft form, staff has attached budget reports that mirror the quarterly interim reports. These reports provide all of the budget figures sans narrative.

Environmental

Government fiscal activities and budget adoption are not considered a Project as defined by the California Environmental Quality Act (CEQA) and no environmental review is required.

Strategic Plan Action - Priority Level: 3 | Target #: C | Goal #: H

Target: Financial Planning; Goal: Ensure that city revenues align with expenditures.

Fiscal Impact

Overall, the proposed resolutions and reports are technical in nature and will enable the City Council to direct staff in making necessary budget adjustments to the accounts to reflect the adopted City of Eastvale Fiscal Year 2024-25.

Prior City Council/Commission Action

City Council conducted a budget workshop on April 23, 2025 and capital improvement plan workshop on May 14, 2025. Since the draft budget workshop, no major program changes have been incorporated into the budget plan. All changes between the workshop and the proposed budget are listed above in the background section. On June 11, the City Council conducted a study session for the proposed fiscal year 2025-26 budget. At that time, City Council made no adjustments to the proposed budget. As such, it was staff's recommendation to bring the budget adoption back to the City Council at the June 25 City Council meeting as a consent item.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE APPROVING AND ADOPTING THE ANNUAL APPROPRIATIONS LIMIT PURSUANT TO ARTICLE XIII (B) OF THE CALIFORNIA CONSTITUTION FOR FISCAL YEAR 2025-2026

WHEREAS, Article XIII (B), Section 1 of the California Constitution provides that the total annual appropriations subject to limitation of the State and of each local government entity shall not exceed the appropriations limit of the entity for the prior year adjusted for the changes in the cost of living and population, and Government Code Section 7900 et seq. provides for the implementation of Article XIII B; and

WHEREAS, the City Council of the City of Eastvale adopted Resolution 10-16 on October 1, 2010 establishing a provisional appropriations limit of $13,938,809 as determined by the Riverside Local Agency Formation Commission; and

WHEREAS, the voters of the City at the first municipal election held on November 6, 2012 established a permanent appropriations limit for Fiscal Year 2012-2013 of $15,518,412 under the provisions of Government Code Section 56812; and

WHEREAS, the voters of the City at the municipal election held on March 2, 2021 established a temporary appropriations limit for Fiscal Year 2020-2021 of $33,000,000 pursuant to Article XIII (B), Section 4 of the California Constitution; and

WHEREAS, Assembly Bills 137 and 163, passed in the 2021-2022 legislative regular session, added Government Code Section 7902.2.2; and

WHEREAS, Government Code Section 7902.2.2 provides a calculation to be performed if an agency's proceeds of taxes exceed its appropriations limit determined pursuant to Section 7902 for that fiscal year, and if the calculation results in a positive value, the governing body of the City may increase its appropriations limit for the applicable fiscal year by that amount; and

WHEREAS, the City Council of the City deems it to be in the best interest of the City of Eastvale to establish an appropriations limit for Fiscal Year 2025-2026 in the manner provided for in Government Code Section 7900 et seq. and Article XIII (B) of the California Constitution.

NOW, THEREFORE, the City Council of the City of Eastvale, California, does hereby resolve, declare, determine and order that said appropriations limit for Fiscal Year 2025-2026 be in the amount of $35,881,828; $35,320,505, calculated pursuant to Government Code Section 7902 using the growth factor in the California Per Capita Income of 6.44% and change in population for the County of Riverside, of 0.27% as reported by the California Department of Finance, plus $561,323 calculated pursuant to 7902.2.2 for a total of $35,881,828.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, ADOPTING AN OPERATING BUDGET AND CAPITAL BUDGET FOR THE FISCAL YEAR COMMENCING JULY 1, 2025 AND ENDING JUNE 30, 2026, AND APPROPRIATING FUNDS FOR PURPOSES THEREIN SET FORTH

WHEREAS, the City Manager has heretofore presented to this Council the "Proposed Budget" for the Fiscal Year July 1, 2025 through June 30, 2026; and

WHEREAS, the City Council has reviewed and recommended budget and directed certain changes which have been incorporated therein; and

WHEREAS, incorporated within the recommended budget is the proposed expenditure limitation on revenues derived from "proceeds of taxes" as established by Article XIIIB of the State Constitution, which was adopted by Resolution No. 25-XX.

NOW, THEREFORE, **THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:**

SECTION 1. There are appropriated for obligation and expenditure by the City Manager the amounts shown for the various accounts separately set forth in the Fiscal Year 2025-2026 Annual Operations and Capital Improvement Budget;

SECTION 2. All obligations and expenditures shall be incurred and made in the manner provided by the provisions of State Law and City Ordinances and Resolutions;

SECTION 3. The City Manager is authorized to proceed with the implementation of the work program as incorporated in the approved and adopted budget and is authorized to transfer appropriations between accounts, departments, programs, and funds provided that no change is made in the total amount of the total appropriations within the adopted budget.

SECTION 4. The approved budgets for the individual capital outlay projects and capital improvement projects remain as authorized until these projects are completed. Any unexpended authorized appropriation for each capital project is automatically carried over from fiscal year to fiscal year until the funds of the individual capital project are expended or the capital project is canceled by the City Manager. Following the completion of the individual capital projects, the unexpended appropriation of each completed capital project shall be canceled, and the capital projects' funding sources shall be released from their unexpended funding commitment.

SECTION 5. At the end of Fiscal Year 2024-2025, certain purchase orders exist as outstanding encumbrances representing contractual obligations of previously budgeted funds. In addition, certain amounts have been included in the Fiscal Year 2024-2025 budget that related to one-time allocations for specific projects and services but remain unspent. Outstanding encumbrances

and unspent one-time allocations may be carried forward to Fiscal Year 2025-2026 upon review and recommendation by the Finance Director and approval of the City Manager.

SECTION 6. The approved budgets for individual grants remain as authorized appropriations for the individual grants until the grant is completed or expires. Any unexpended authorized appropriation for each grant and the corresponding revenue budget is automatically carried over from fiscal year to fiscal year until the funds of the individual grant are expended, the grant expires, or the grant is canceled by the City Manager.

PASSED, APPROVED AND ADOPTED this 25th day of June, 2025.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, APPROVING THE COMMITMENT OF FUND BALANCE PURSUANT TO GASB 54

WHEREAS, the Governmental Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Type Definitions, with the intent of improving financial reporting by providing fund balance categories that will be more easily understood; and

WHEREAS, the City Council may commit fund balance amounts for specific purposes by taking formal action, and the committed amounts cannot be used for any other purpose unless the City Council removes and changes the specific use through the same formal action taken to establish the commitment; and

WHEREAS, the City Council deems it appropriate that the current and prior years' commitments of fund balance be released; and

WHEREAS, the City Council deems appropriate that a commitment of $97,219,593 of the General Fund unassigned fund balance be established for Reserve for the following projects in the following amounts: Facility Construction: City Hall $29,123,785; Facility Construction: Library $24,499,987; Facility Construction: Police Station $19,861,323; Facility Construction: Parking Structure/Civic Center $9,500,000; Equipment Purchase: Fire Truck, $1,734,498; Pension Liability $2,500,000; Public Safety Rate Increase Stabilization $3,000,000; Debt Service Reserve: Civic Center, $7,000,000; and

WHEREAS, the City Council wishes to commit certain amounts of fund balance surplus attributed to the City's Gann Appropriation Limit for qualified capital outlay reserves; and

WHEREAS, the City Council deems appropriate that a commitment of $37,602,308 of the General Fund unassigned fund balance be established for Appropriations Limit Qualified Capital Outlay Reserve for the following projects in the following amounts: Facility Construction: Library – Appropriations Limit $7,705,015; Facility Construction: Police Station - Appropriations Limit $8,700,000; Facility Construction: Parking Structure/Civic Center $20,231,791; Equipment Purchase: Fire Truck – Appropriations Limit $965,502; and

WHEREAS, the General Fund balance will be adjusted to final fund balance at the end of the fiscal year; and

WHEREAS, the City Council deems appropriate that a commitment of $12,700,000 of the Fire Fund unassigned fund balance be established for Reserve for the following projects in the following amounts: Third Fire Station Construction $12,300,000; Apparatus Replacement $400,000; and

WHEREAS, the Fire Fund balance will be adjusted to final fund balance at the end of the fiscal year.

NOW, THEREFORE, **THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:**

SECTION 1. the City Council establishes and approves the release of all prior years' commitments of unassigned fund balance of the General Fund and the Fire Fund to the unassigned category of fund balance as specified in the approved budget for fiscal year 2025-2026.

SECTION 2. The City Council establishes and approves the commitment of $97,219,593 of the unassigned fund balance of the General Fund to the committed category of fund balance.

SECTION 3. The City Council establishes and approves the commitment of $37,602,308 of the unassigned fund balance of the General Fund to the committed category of fund balance for appropriations limit qualified capital outlay reserve.

SECTION 4. The City Council establishes and approves the commitment of $12,700,000 of the unassigned fund balance of the Fire Fund to the committed category of fund balance.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, ESTABLISHING THE AUTHORIZED POSITIONS FOR THE FISCAL-YEAR 2025-2026, EFFECTIVE, JULY 1, 2025

WHEREAS, the City of Eastvale's Personnel Policies and Procedures ("Personnel Rules") require that the City classification titles, salary schedule and range table be adopted by resolution by the City Council for providing adequate and appropriate staffing levels to provide efficient and effective public services for fiscal year 2025-2026; and

WHEREAS, City Departments may not hire in excess of the approved number of positions as indicated in the authorized position list without the approval of City Council; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Human Resources Analyst position and authorize one (1) Full-Time Equivalent Human Resources Technician position at Range 18 within the Human Resources and Risk Management Division; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Payroll Coordinator position and authorize one (1) Full-Time Equivalent Senior Payroll Coordinator position at Range 30 within the Human Resources and Risk Management Division; and

WHEREAS, the City of Eastvale seeks to authorize one (1) Full-Time Equivalent Community Services and Recreation Supervisor position at Range 26 within the Community Services and Recreation Division; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Administrative Specialist position and authorize one (1) Full-Time Equivalent Senior Administrative Specialist position at Range 16 within the Government Services Department; and

WHEREAS, the City of Eastvale seeks to authorize one (1) Full-Time Equivalent Finance Analyst position at Range 33 within the Finance Department; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Assistant Planner position and authorize one (1) Full-Time Equivalent Associate Planner position at Range 30 within the Community Development Department; and

WHEREAS, the City of Eastvale seeks to authorize one (1) Full-Time Equivalent Lead Building Inspector position at Range 34 and one (1) Full-Time Equivalent Senior Permit Technician position at Range 19 within the Community Development Department; and

WHEREAS, the City of Eastvale seeks to authorize a one half (0.5) Part-Time Equivalent Intern position at Range 1 and one (1) Full-Time Equivalent GIS Analyst position at Range 32 within the Public Works Department; and

WHEREAS, the City of Eastvale seeks to eliminate one (1) Full-Time Equivalent Code Enforcement Officer position and authorize one (1) Full-Time Equivalent Senior Code Enforcement Officer position at Range 24 within the Community Safety and Technology Department; and

WHEREAS, the City of Eastvale seeks to authorize a three quarters (0.75) Full-Time Equivalent Code Enforcement Officer position at Range 19 within the Community Safety and Technology Department; and

WHEREAS, the City of Eastvale seeks to authorize a one half (0.5) Part-Time Equivalent Temporary Code Enforcement Officer position at Range 19 to backfill for leave of absences within the Community Safety and Technology Department; and

WHEREAS, the City of Eastvale desires to adopt the authorized positions in the Council adopted budget for the fiscal year 2025-2026.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:

SECTION 1. The City Council of the City of Eastvale orders that the proposed Authorized Position list in the City of Eastvale proposed budget for fiscal year 2025-2026 shall be adopted, effective July 1, 2025, as shown in Exhibit "B";

SECTION 2. The City Manager is authorized to proceed with backfilling vacant authorized positions with temporary employees for the duration of said vacancy.

PASSED, APPROVED AND ADOPTED this 25th day of June, 2025.

Restricted by the County of Riverside (Per 06/30/2024 ACFR):								
Restricted Fund Balance							19,543,967	
Total Restricted Fund Balance								*19,543,967*

**For the purpose of this schedule, budgetary fund balance is estimated. Estimated fund balance in the far right column is defined as revenues minus expenditures. For the city's two major funds, fund balance is further broken down by the five categories of fund balance, nonspendable, restricted, assigned, committed, and unassigned located in the bottom portion of the schedule. Adequate fund balance is available in the General Fund to cover any negative fund balances in the city's reimbursable grant funds and special financing district funds.

Assigned Reserve: Contingency Calculation

City of Eastvale Cost Allocation Plan

A Cost Allocation Plan allows an organization to fairly and completely allocate its administrative costs. This plan allows the General fund to recover costs from non-General Funds and will also determine the overhead costs on the hourly rates of staff providing fee services. Local governments have overhead and administrative costs essential to operating the government and providing services to the public. Examples include costs incurred for a city council, a board of commissioners, a city manager, human resources, financial management, government facilities, insurance, purchasing, records management, and information technology. These costs are funded by Eastvale's general fund and the City has many other types of funds that provide a variety of services that use these administrative and overhead resources. These indirect services are provided to the City's operating departments such as police, fire, development services, public works, and other non-general funds

Cost Allocation Plan

Fund Name & Type	Audited Actuals 2022-23	Audited Actuals 2023-24	Amended Budget 2024-25	Proposed Budget 2025-26

which recognize the need for these services and permit the allocation.

The total cost plan which Eastvale uses is able to allocate all indirect costs like the private sector routinely does. This type of plan is preferred whenever the goal is to fully allocate indirect costs for inter-fund transfers and fee calculations. Specifically, the City of Eastvale's cost allocation plan model develops an indirect cost rate representing the ratio between the total indirect costs and the benefiting direct costs. This enables each program, activity or fund to assume its fair share of support costs when the indirect cost rate is applied.

Annually, the model is prepared based on budgeted costs and estimated overhead ratios. At year end and after the costs are audited by the external auditors, the model is updated for actual experiences and previous inter-fund transfers are reconciled and the "true-up" adjustments are made in the current year's inter- fund transfers.

The cost allocation plan for non-General Funds are transferred to the General Fund. For all transfers, please refer to the city's transfer schedule.

CITY OF EASTVALE

City Manager's Budget Message

Introduction: Budget Overview
Fiscal Year 2025-26 Operating and Capital Improvement Budget

Welcome to the Budget Message

June 11, 2025

Honorable Mayor McMinn, Mayor Pro Tem Yow, and Members of the City Council:

In accordance with Eastvale Municipal Code Section 2.08.060(7), it is my pleasure to present the proposed Fiscal Year 2025-2026 Operating and Capital Improvement Budget for the City of Eastvale. This proposal represents the city's 16th annual budget and reflects the city's continued commitment to residents through the provision of quality public services, keeping with City Council's high standards, with a focus on financial sustainability and efficiently achieving strategic objectives. As a city, we are proud of our Government Finance Officer's Association (GFOA) award winning budget. The city continues to be one of the least financially at risk cities in the state, due to City Council's fiscally prudent policy priorities and steadfast conservative financial management.

Equipped with the City Council's strategic goals and objectives, staff developed the fiscal year 2025-26 budget plan with a focus on delivering quality and fiscally sound services to the Eastvale community with an emphasis on ensuring the city is prepared to deliver the construction of the city's Civic Center campus at the intersection of Limonite and Hamner Avenues. Throughout the budget process, staff ensured department budget proposals reflected an investment in the Eastvale community and ensured the city's high standards are maintained and enhanced, where possible. These investments will create incredible community experiences focused on ensuring a safe, vibrant, and clean environment for current and future residents. The most important document the City Council approves annually is the city's budget; the budget proposals contained within the fiscal year 2025-26 budget provide resources in the form of revenue appropriations and the deployment of services in the form of expenditure appropriations. To ensure department budget proposals match the City Council's desires and strategic objectives from a policy perspective, City Council and staff conducted a budget workshop on April 23, 2025. The combined budget, inclusive of transfers, consists of $210.3 million in total revenues and $198.7 million in total expenditures. Total combined estimated fund balance at June 30, 2026 is projected at $242.3 million.

Strategic Plan

The budget plan incorporates the City Council's strategic plan adopted on March 24, 2021 and updated on June 25, 2025. Top priorities from the plan include public safety, economic development, financial planning, inclusion, infrastructure, innovation and technology, and organizational development. A list of strategic plan initiatives within the budget plan can be found at this link.

General Fund Budget Status

The General Fund supports the main services of the city including, but not limited to, law enforcement, building safety, communications, code enforcement, engineering, planning, community services and recreation, and internal services such as finance and human resources. These services are supported primarily through general taxes and fees. The proposed budget includes $77.3 million in revenues and $75.0 million in expenditures, inclusive of transfers and reserve appropriations. Furthermore, because of Civic Center reserve appropriations the General Fund has a lower than normal overall surplus of $2.3 million, however the General Fund is projected to complete the 2025-26 fiscal year with a $13.5 million operating budget surplus. Operating revenues total $56.8 million and operating expenditures total $43.2 million.

Fire Fund Budget Status

The Fire Fund supports the city's fire protection efforts and comprises property tax revenues and Riverside County Fire/CalFIRE contract expenditures. The Fire Fund budget is proposed with a grand total of $10.8 million in revenue and $9.8 million in expenditures. All of the revenues and expenditures represent

operating resources and uses. The Fire Fund is projected to complete the 2025-26 fiscal year with a $932,025 budget surplus. Staff projects contract costs relating to fire protection services will increase 8.0% over fiscal year 2024-25. Overall, contract costs are increasing 14% as City Council has opted to increase Fire Marshall services to better serve the development community.

Factors Affecting the Budget, Current and Future

Current and Future Revenues

The budget was created with knowledge that threats to resources and strains on service provision exist at the local government level. As a result, the budget was structured in such a way to create a defensive position to protect the integrity of Eastvale's future interests. Delivering quality and fiscally sound services to the Eastvale community is dependent upon strong revenue sources.

Economic Impacts

With federal policy changes and international tariffs compounding economic uncertainties, staff took a relatively conservative approach to revenue budgeting this year, estimating only a 1% overall increase in General Fund revenues. Economists have been issuing recession warnings for the last ten years or so, however federal data has consistently shown gross domestic product (GDP) and job growth. Even with GDP and job growth remaining steady, staff has noticed a slight downtick in sales tax receipts in discretionary spending business categories such as goods and restaurants, which mirrors to a lesser degree the trends for the state and county. Furthermore, while federal data still indicates a healthy economy, spending habits might be beginning to shift. Often spending habits are tied to narratives and beliefs surrounding the economy, rather than facts and data. The question is whether spending habit changes will continue into the future. For these reasons, staff took a conservative approach to revenue forecasting. If revenues trend higher or lower than forecasted, revenues will be adjusted at mid-year.

Sales Tax

In early 2020 a change in business activities by some companies within the city boundaries resulted in sales tax re-allocations from the County Pools directly to the City of Eastvale. The resulting increase in regular sales tax receipts and county pool allocations increased the sales tax revenue category by 475% from fiscal year 2019-2020 to present. However, there remains no absolute guarantee that this new sales tax revenue source will continue into the future. As such, staff has recommended using 40% of the new sales tax revenue to plan for future infrastructure investments and only allocating 60% towards operating uses. Due to economic uncertainties mentioned above the 2025-26 budget includes an overall 2% reduction in sales tax revenues as compared to the prior fiscal year. The projection includes a new Walmart facility opening in 2026 and a full year of operation for Rivian, the city's first automobile point of sale location.

Transient Occupancy Tax

The city's first hotel opened in the prior fiscal year and brought with it Transient Occupancy Tax (TOT). When incorporated, the city adopted Riverside County's TOT rate of 10%; staff estimates the hotel will generate roughly $430,000 in the 2025-26 fiscal year.

Current and Future Expenditures

Future Downtown | The Civic Center Campus

The city is nearing construction on the city's first Civic Center Campus, and the budget plan includes $87.6 million in budget for the project. The General Fund specifically contributed $33.3 million towards the capital improvement project for construction relating to the development of the city's portion of the site at Hamner and Limonite Avenues. The contribution is a combination of General Fund reserve appropriations and loans to the city's Development Impact Fee funds. The Civic Center will consist of City Hall, Library, Police Station, a park, open space, and parking facilities. The third fire station is located at a different site on the property will commence with a separate phase of the overall Eastvale Square project. As of publication of this report, the bids for the Civic Center are open and five bidders have been pre-qualified. The bid should be awarded in June 2025. In order to prepare for debt issuance, staff has recommended a $7.0 million debt service reserve to ensure the city can pay at least 12 months of debt service in lean economic times.

Police Services, Strategic Plan Target A

The budget plan again invests in the city's law enforcement services. The proposed budget includes the addition of a dedicated Sergeant position and 12 additional hours of daily patrol services. This increase to law enforcement services is an extension of previous enhancements to service provision, beginning with fiscal year 2020-21. Since 2020-21, the city has added a total of six community service officer positions, two additional special enforcement deputies, two additional motor deputies, a commercial enforcement deputy, and a dedicated sergeant. In addition, the city has continued to fund over $130,000 annually for quality of life operations. Finally, the proposed budget plan includes the continuation of the Flock Safety Camera program throughout the city.

Fire Services, Strategic Plan Target A

The city contracts for fire services with Riverside County; Riverside County then contracts for county fire services from the state via CalFIRE. Due to state cuts during the COVID-19 pandemic, subsequent staffing restructuring by Riverside County Fire, and CalFIRE negotiations, costs related to the city's contract with Riverside County for fire services have increased significantly year over year with no additional service provision. In the current year, staff expects contract costs to increase by 8.0%. Additionally, staff recommends adding an additional 0.5 full time equivalent dedicated Deputy Fire Marshall and an additional 0.5 full time equivalent dedicated Fire Safety Specialist to better serve the development community. Currently, fire services are fully funded by property tax collected solely for fire protection within the fire fund and the fund built a strong reserve over the years. However, staff project that the cost of fire service provision will outpace the fire specific property tax revenues and the fire fund will require a General Fund subsidy or a change in service levels in

the coming years. This will present a challenge as the City Council continues to contemplate expanding fire services by staffing a ladder truck either swapping an existing engine apparatus or fully adding a new truck. The purchase of the ladder truck is currently marked as a General Fund reserve, as the Fire Fund cannot support the purchase. The General Fund will very likely be required to contribute resources towards both operational and capital uses in the future.

Current and Future Challenges

Appropriations Limit

The State of California imposed Gann Appropriations Limit continues to have an impact on the operational effectiveness of both the General and Fire Funds. The limit applies to tax revenue and provides an operating threshold which the city cannot cross, effectively limiting the city's ability to appropriate revenues towards operating expenditures. In March 2021 the voters passed Measure A, which provided a temporary higher limit for the city to operate under. The temporary limit expired in March 2025. In the summer of 2020, the California Legislature approved Assembly Bill 137, which allows a city receiving revenues from the Local Revenue Fund that cause the city to exceed the city's appropriations limit to request a transfer of state appropriations limit to the local agency. The city will request the state's assistance again for the 2025-26 fiscal year. In order to manage the city's future ability to provide operating services, such as police and fire, the city's appropriation limit in addition to any state legislation regarding the appropriations limit, will be closely monitored. For reference, the permanent limit is $35.3 million and the city will request $561,323 from the state to fulfill current operating service levels.

Funding Services

The financial stability of Eastvale will depend upon its ability to withstand both positive and negative economic uncertainties. The pandemic caused an inflationary surge in tandem with an increase in local spending, which helped the city weather the storm. However, as inflation caused an increase in city revenues it also caused an increase in city costs. The city spends the largest amount of budget appropriations on public safety, for both law enforcement and fire services. These services are contracted through the County of Riverside and the city has little control over rising costs. As a result, the city maintains a public safety rate stabilization reserve, which totals $3 million. As any service, public safety costs are not immune from economic impacts and inflationary fluctuations to the cost to provide public safety services. Additionally, unlike many cities located along the I-15 corridor, the City of Eastvale does not receive a large portion of property tax revenues nor has it requested voters to pass a local sales tax measure. As a result, the city relies heavily upon Bradley Burns sales tax revenues to provide services for the community. Staff has continued to ensure, through the budget process, that reserve levels set by City Council policy are met and additional funds are set aside to help offset future economic impacts and allow the city to continue to provide excellent services and maintain critical infrastructure that the community depends upon.

Infrastructure for the Future: Five Year Capital Improvement Budget

The city's five year capital improvement budget includes 20 budgeted projects for a total of $94.6 million in 2025-26. The City Council provided direction regarding the priority of the projects and identified all projects as either critical, essential, or desirable at the May 14, 2025 Capital Improvement Plan workshop. The major projects budgeted for 2025-26 are discussed below.

Civic Center Campus: $90.1 Million

Funding Source General Fund, DIF, Lease Revenue Bonds

Staff estimates the Civic Center Campus project will cost from $200 to $220 million, depending on final construction bids received in June. The budget plan includes $90.1 million in budget across the General Fund, Development Impact Fees (DIF), and Lease Revenue Bond Proceeds. The project consists of a City Hall, Library, Police Station, Plaza, and a Park. A second phase Parking Structure is also included in the CIP budget; $4.5 million is budgeted for design, engineering, and property acquisition.

Hellman Avenue Widening $5.0 Million

Funding Source: Transportation Uniform Mitigation Fees, General Fund

Hellman Avenue widening from Walters Street to River Road is a critical project in the city and has received almost 100% funding from Western Riverside Council of Governments (WRCOG) Transportation Uniform Mitigation Fees (TUMF). The project totals $25.8 million and the city is required to fund $550,000, which will consist of General Fund and Gas Tax contributions. Staff will kick-off the project with design, engineering, and property acquisition in fiscal year 2025-26.

Citywide Traffic Signal Synchronization Phase 1 $4.6 Million

Funding Source: Transportation Uniform Mitigation Fees, Measure A

The second project for Traffic Signal Synchronization is scheduled to continue into Fiscal Year 2025-26. The project totals $6.6 million and $4.6 million in budgeted in the new fiscal year. The project consists of installation of synchronization components and fiber optic lines to relay signalization patterns by the city's traffic signal synchronization master plan. The project includes four major corridors in phase one, Hamner Avenue, Archibald Avenue, and Schleisman Road, and Scholar Way. The project is primarily funded by TUMF with a portion of design engineering funded by Measure A.

Reserves

Assigned Reserves: Operating Reserve

The city continues to fully fund the General Fund 50% operating reserve. This reserve ensures that in times of economic strife or other emergency situations impacting the city's ability to collect revenue, the city can continue to operate. The proposed budget includes funding the reserve at $21,620,591. Additionally, the city is fully funding the Fire Fund 75% operating reserve totaling $7,373,231. To allow for adequate cash flow for Capital Improvement Grants, cover special assessment district negative fund balances, land purchases, and the city's Business Incentive Loan Program, $16.8 million is held in assigned reserves.

Committed Reserves: Capital Infrastructure

With the 2025-26 fiscal year budget plan, the city continues to maintain capital reserves. Total committed reserves for the Civic Center Project total over $89.8 million. This figure is lower than previous years, but budget has been appropriated from this reserve to fund construction in 2025-26. An additional $29.7 million for the Civic Center Parking Structure is also held in reserve.

Other Committed Reserves

The city holds a myriad of other committed reserves, including a fire truck purchase, pension obligation, public safety rate increase stabilization, Civic Center debt service reserve and several capital replacement reserves. These reserves total $15.2 million.

Unassigned Reserves

Staff projects the city will end the fiscal year with $2.7 million in unassigned reserves.

Conclusion

The focus of the 2025-26 Operating and Capital Improvement Budget is to ensure the city's capability to successfully maintain operations and strategically plan for the Civic Center Campus while maintaining the highest level of efficiency of service provision for residents and businesses. The budget plan provides the City Council an opportunity to accomplish strategic goals and objectives for the benefit of the Eastvale community for the next fiscal year and offers the added benefit of growing the city's assigned and committed reserves.

I would like to take this opportunity to thank the Mayor, Mayor Pro Tem, and City Council for their outstanding leadership, strategic direction, and priority setting. I would also like to acknowledge the dedication, expertise, and time commitment of each department in helping to develop this budget. Finally, a special thanks goes to Finance Director Wells, Finance Manager De La Hoya, and the Finance Department for their continued dedication and unwavering commitment to transparent and financial excellence.

Respectfully Submitted,

Mark Orme
City Manager

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
CONSENT CALENDAR
Agenda Item No. 11.10
June 25, 2025

Approval of Maintenance Services Agreement with MCE Corporation

Prepared By:

Jimmy Chung, Public Works Director/City Engineer

Recommended Action(s)

Recommended Action(s):

1. Approve the Agreement with MCE Corporation for maintenance services in an amount not to exceed $200,000 per fiscal year for the initial three-year term, with the option to renew for up to two (2) one-year extensions; and
2. Approve an exemption from the requirement for formal bidding pursuant to Eastvale Municipal Code Section 4.06.080(i); and
3. Authorize the City Manager to execute all necessary documents.

Summary

After conducting a competitive Request for Proposals (RFP) process, the City entered into a Professional Services Agreement (PSA) with MCE Corporation on June 23, 2021, for Miscellaneous Maintenance Services. The agreement included a three-year term, with the option for two (2) additional one-year extensions. The City exercised the first one-year extension, extending the current term to June 30, 2025.

Rather than exercise the second and final one-year extension, staff recommends entering into a new Maintenance Services Agreement with MCE Corporation. This new agreement will have an initial term of three years, commencing July 1, 2025, and expire June 30, 2028. The agreement will include an option for two (2) additional one-year extensions upon mutual written consent of both

parties. This approach ensures continued service delivery, operational efficiency, and cost savings over annual extensions. MCE has consistently provided high-quality services at competitive rates, proving to be a valuable partner for the City. Because of this, and the fact that a prior RFP was conducted, City staff is recommending that the Council waive the requirement for formal bidding as being not in the City's best interests.

The new agreement establishes updated compensation, as detailed in Exhibit C, reflecting labor and equipment rate increases for FY 2025-26. These adjustments, ranging from 2.25% to 2.64%, are in line with the regional Consumer Price Index (CPI) and ensure fair market compensation while maintaining fiscal responsibility.

The agreement also revises the billing classification of one full-time employee from Laborer to Crew Leader to reflect expanded duties, ensuring accurate billing for services rendered. Additionally, the new agreement includes a mutually agreed-upon cap on prevailing wage hours to support fiscal responsibility and align with the overall contract scope.

Background

MCE Corporation has extensive experience providing contract maintenance services across a range of public works functions, including streets, landscaping, drainage, and parks. The firm currently holds annual maintenance contracts with several public agencies, including the cities of Diamond Bar, Laguna Niguel, and Jurupa Valley, and has consistently delivered reliable and high-quality service to the City of Eastvale throughout the current contract term.

Under the existing agreement, MCE performs a wide range of services such as temporary street patching, sign repair, street markings, weed abatement, traffic control support, storm drain cleaning, tree trimming and removal, and emergency response efforts. The proposed agreement includes updated labor and equipment rates for FY 2025-26, with increases ranging from 2.25% to 2.64%, consistent with the regional CPI. For instance, the Crew Leader’s regular hourly rate will increase from $31.29 to $32.91 (2.30%), and the prevailing wage rate for striping/markings will increase from $96.73 to $98.95 (2.30%).

To support cost control, the agreement incorporates specific annual caps for prevailing wage work, as detailed in Exhibit C of the agreement. The proposed adjustments reflect rising labor costs and vary by trade and service type. All increases are within CPI limits for the Riverside–San Bernardino–Ontario region. Future annual rate adjustments may be made, provided they remain within CPI parameters.

Environmental

The miscellaneous maintenance work is not considered a project under California Environmental Quality Act (CEQA) due to activity not resulting in a direct or reasonably foreseeable indirect physical change in the environment.

Strategic Plan Action - Priority Level: N/A | Target #: E | Goal #: C

Plan for landscape, roads, and street maintenance.

Fiscal Impact

Funding for routine street maintenance services, including pothole repairs, pavement striping, sign

replacement, and illegal dumping cleanup, is included in the FY 2025-26 Public Works Department budget. The majority of expenditures will be charged to Budget Account No. 100-500-6490 and Budget Account No. 200-510-6434. The total compensation paid under this Agreement shall not exceed $200,000 per fiscal year during the initial three-year term. Any renewals beyond the initial term will be subject to future budget approvals.

Prior City Council/Commission Action

On June 23, 2021, City Council awarded a professional services contract to MCE Corporation to provide annual on-call miscellaneous maintenance services.

AGREEMENT FOR MAINTENANCE SERVICES
BETWEEN
THE CITY OF EASTVALE, CALIFORNIA
AND
MCE CORPORATION

This Agreement for Maintenance Services ("**Agreement**") is entered into as of July 1, 2025 ("**Effective Date**") between the City of Eastvale, a municipal corporation ("**City**") and MCE Corporation, a California corporation ("**Contractor**") (collectively the "**Parties**"). In consideration of the mutual promises and covenants made by the parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

SECTION 1. SCOPE OF SERVICES

1.1 **Term**. Subject to the provisions of Section 8 [Termination] of this Agreement, the term of this Agreement is for 3 years commencing on the Effective Date and expiring June 30, 2028 ("**Term**"). The Term may be extended with the mutual, wirtten consent of the Parties for two (2) additional one (1) year periods. The Parties acknowledge that as of the Effective Date this Agreement supersedes the prior agreement between the Parties for the Services dated June 23, 2021.

1.2 **Contractor Services**. Subject to the terms and conditions of this Agreement, Contractor agrees to perform for City those services specified in the Scope of Services attached hereto and incorporated herein by reference as Exhibit "A" [Scope of Services] ("**Services**"). Contractor agrees to furnish, for the compensation provided for herein, all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately perform and complete the Services. The Services shall be subject to inspection and approval by City. Contractor agrees to work closely with City staff in the performance of the Services and shall be available to City's staff and consultants at all reasonable times.

1.3 **Extra Work**. Contractor shall not be compensated for any work or services rendered in connection with its performance of this Agreement, which are in addition to or outside of the Services ("**Extra Work**"), except as expressly provided for herein. It shall be Contractor's responsibility to ensure that the scope and price of any Extra Work to be performed by Contractor is approved by City in writing in advance of Contractor's commencement of the Extra Work in accordance with Section 9.10 [Amendments] and Section 9.19 [Administration and Implementation]. City shall not be obligated to pay for or otherwise be liable for unauthorized Extra Work performed by Contractor.

1.4 **Schedule of Performance**. Contractor agrees to diligently perform and complete the Services in accordance with the schedule of performance attached hereto and incorporated herein by reference as Exhibit "B" [Schedule of Performance]

("**Schedule of Performance**"). Modifications to the Schedule of Performance must be agreed upon in writing in advance by the City Manager pursuant to Section 9.19 [Administration and Implementation] and Contractor.

1.5 **General Warranty**. Contractor warrants all Services under this Agreement (which for purposes of this Section shall be deemed to include unauthorized Extra Work which has not been removed and any non-conforming materials incorporated into the Services) to be of good quality and free from any defective or faulty material and workmanship. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the Services, whether express or implied, are deemed to be obtained by Contractor for the benefit of City, regardless of whether or not such warranties and guarantees have been transferred or assigned to City by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of City.

1.6 **Repair of Defects**. Contractor agrees that for a period of one (1) year from and after final acceptance of the Services, or in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the Services, whichever is later, Contractor shall within ten (10) days after being notified in writing by City of any defect in the Services or non-conformance of the Services, commence and prosecute with due diligence all work and services necessary to fulfill the terms of the warranty at its sole cost and expense. In addition, Contractor shall, at its sole cost and expense, repair and replace any portions of the work, facilities, fixtures, or materials damaged by its defective Services or which becomes damaged in the course of repairing or replacing defective Services. For any Services so corrected, Contractor's obligation hereunder to correct defective Services shall be reinstated for an additional one year period, commencing with the date of acceptance of such corrected Services. Contractor shall perform such tests as City may require to verify that any corrective actions are adequate to remedy the defective condition. In the event that Contractor fails to perform its obligations under this Section to the reasonable satisfaction of City, then City shall have the right to correct and replace any defective, non-conforming, or damaged Services at Contractor's sole expense. Contractor shall be obligated to fully reimburse City for any expenses incurred hereunder upon demand.

1.7 **Contractor's Representative**. Contractor hereby designates the representative named in Exhibit "D" [Representatives], or his or her designee, to act as its representative for the performance of this Agreement ("**Contractor's Representative**"). Contractor's Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Agreement. Contractor's Representative shall supervise and direct the Services, using his or her best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

1.8 **Contract Documents**. The following documents shall be referred to collectively as the "Contract Documents," each of which is incorporated into and made

part of this Agreement by reference:

Approved and fully executed change orders (if any)
Addenda (if any)
This Agreement
All exhibits to this Agreement
Notice Inviting Bids (if any)
Instructions to Bidders, and any documents referenced therein (if any)
Bid Forms (including Contractor's Bid Schedule) (if any)
Payment and Performance Bonds, if required

The Contract Documents are intended to be complementary, and a requirement in one document is as effective as if it appeared in all of the Contract Documents. In the event of a conflict between any of the Contract Documents, the documents shall be given effect in the order set forth above (from top to bottom).

SECTION 2. COMPENSATION AND METHOD OF PAYMENT

2.1 **Compensation**. City shall pay to Contractor for non-disputed Services rendered the compensation set forth in Exhibit "C" [Compensation] attached hereto and incorporated herein by reference. Total compensation to Contractor for the Services shall not exceed the total price or "not to exceed" amount set forth in Exhibit "C," without the prior written approval of City in accordance with Section 9.10 [Amendments] and Section 9.19 [Administration and Implementation].

2.2 **Payment of Compensation**. Contractor shall submit periodic (monthly or quarterly as specified in Exhibit "C") invoices together with an itemized statement of Services provided. The statement shall describe the Services provided, the percent of work completed by item, together with such other reasonable detail and supporting documentation as may be required by the City Manager, or his/her designee. City will review the statement and pay, with the exception of any charges for work performed or expenses incurred by Contractor which are disputed by City, within 30 days of receiving such statement, all approved charges thereon. Payment by City shall release City from any further obligation for payment to Contractor, for Services performed or expenses incurred as of the date of the invoice. Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defect in work performed by Contractor.

SECTION 3. RESPONSIBILITIES OF CONTRACTOR

3.1 **Control and Payment of Subordinates; Independent Contractor**. Contractor agrees that all Services shall be performed by Contractor or under its supervision. The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under the Contractor's exclusive direction and control. Contractor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City.

Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City. Neither Contractor, nor any of Contractor's officers, employees or agents, shall obtain any rights to retirement, healthcare or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor may have to any such rights. Contractor shall make payments promptly, as due, to all persons supplying labor or materials for the Services. Contractor shall not permit any lien or claim to be filed or prosecuted against the City on any account of any labor or material furnished for the Services. If Contractor fails, neglects or refuses to make prompt payment of any claim for labor or services furnished to Contractor or a subcontractor by any person as such claim becomes due, City may pay such claim and charge the amount of the payment against funds due or to become due the Contractor. The payment of the claim in this manner shall not relieve Contractor or their surety from obligation with respect to any unpaid claims.

3.2 **Standard of Care and Licenses**. Contractor agrees that all Services shall be performed in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and warrants that it, its employees and subcontractors shall have sufficient skill and experience to perform the Services and that it, its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City Business License, and that such licenses and approvals shall be maintained in good standing throughout the term of this Agreement.

3.3 **Required Corrections**. Contractor shall perform, at its own expense and without reimbursement from the City, any work necessary to correct errors or omissions that are caused by the Contractor's failure to comply with the standard of care provided for herein.

3.4 **Law and Regulations**. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Services.

3.5 **Safety**. Contractor shall perform the Services, and maintain its work area, so as to avoid injury or damage to any person or property and shall otherwise exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.6 **Labor Code and Prevailing Wage Requirements**.

3.6.1 Apprenticeable Crafts. To the extent applicable, Contractor shall comply with the provisions of Section 1777.5 of the Labor Code with respect to the employment of properly registered apprentices upon public works.

3.6.2 Hours of Work. Contractor shall comply with the legal days work and overtime requirements of Section 1813 of the Labor Code.

3.6.3 Payroll Records. In accordance with the requirements of Labor Code Section 1776, Contractor shall keep accurate payroll records which are either on forms provided by the Division of Labor Standards Enforcement or which contain the same information required by such forms. Contractor shall make all such records available for inspection at all reasonable hours.

3.6.4 Prevailing Wage Laws. Contractor represents and warrants that it is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 1600, et seq., ("**Prevailing Wage Laws**"), which require the payment of prevailing wage rates and the performance of other requirements on "Public Works" and "Maintenance" projects. Contractor acknowledges that some of the Services are being performed as part of an applicable "Public Works" or "Maintenance" project, as defined by the Prevailing Wage Laws, and Contractor agrees to fully comply with such Prevailing Wage Laws. City shall provide Contractor with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and any location where the Services are performed.

3.7 **Equal Opportunity Employment**. Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subcontractor, employee or applicant, in any way, in the employment of persons to perform the Services in violation of any federal or state law prohibiting discrimination in employment, including based on the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, of any person, except as provided under California Government Code section 12940.

SECTION 4. INDEMNIFICATION

4.1 **Indemnity**. Except as to the sole negligence or willful misconduct of City, Contractor expressly agrees to, and shall, indemnify, defend, release, and hold City, and its respective officials, officers, employees, agents, and contractors harmless from and against any Action, liability, loss, damage, entry, judgment, order, lien, and Costs and Expenses which arises out of, or are in any way related to, any act or omission of Contractor, or its officers, directors, employees, agents, or contractors, connected with the performance or failure to perform under this Agreement, notwithstanding that City may have benefited therefrom, or any challenge to this Agreement. This Section shall

apply to any acts or omissions, willful misconduct or negligent conduct, whether active or passive, on the part of Contractor's officers, directors, employees, agents and contractors, including but not limited to acts or omissions in any way related to, the release, treatment, use, generation, transportation, storage, or disposal in, on, under, to, or from the location at which work under this Agreement is performed of any Hazardous Substances by Contractor or its officers, directors, employees, agents, and subcontractors. The Parties expressly agree that any payment, or Costs and Expenses City incurs or makes to, or on behalf of, an injured employee under City's workers' compensation or other insurance, is included as a loss or Costs and Expenses for the purpose of this Section. City shall not be responsible for any acts, errors or omissions of any person or entity except City and its officers, agents, servants, employees or contractors. The Parties expressly agree that the obligations of Contractor under this Section shall survive the expiration or early termination of the Agreement.

4.2 **Action**. For purposes of this Agreement, "Action" shall mean any suit (whether legal, equitable, or declaratory in nature), proceeding or hearing (whether administrative or judicial), arbitration or mediation (whether voluntary, court-ordered, binding, or non-binding), or other alternative dispute resolution process, and the filing, recording, or service of any process, notice, claim, demand, lien, or other instrument which is a prerequisite or prelude to commencement of the Action.

4.3 **Costs and Expenses**. For purposes of this Agreement, "Costs and Expenses" shall mean all costs and expenses, to the extent reasonable in amount, actually and necessarily incurred by a Party in good faith in the investigation, prosecution or defense of an Action, including, but not limited to, court costs, filing, recording, and service fees, copying costs, exhibit production costs, special media rental costs, attorney's fees, consultant fees, fees for investigators, witness fees (both lay and expert), travel expenses, deposition and transcript costs, and any other costs or expenses, the award of which a court of competent jurisdiction may determine to be just and reasonable.

4.4 **Hazardous Substances**. For purposes of this Agreement, "Hazardous Substances" shall mean any and all of the following:

a. any substance, product, waste or other material of any nature whatsoever which is or becomes listed, regulated, or for which liability arises for misuse, pursuant to the Comprehensive Environmental Response Compensation and Liability Act ("CERCLA"), 42 U.S.C. §9601, *et seq*.; the Hazardous Materials Transportation Act, 49 U.S.C. §1801, *et seq*.; the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. §6901, *et seq*.; the Toxic Substances Control Act, 15 U.S.C.S. §2601, *et seq.*; the Clean Water Act, 33 U.S.C. §1251, *et seq*.; the Insecticide, Fungicide, Rodenticide Act, 7 U.S.C. §136, *et seq*.; the Superfund Amendments and Reauthorization Act, 42 U.S.C. §6901, *et seq*.; the Clean Air Act, 42 U.S.C. §7401, *et seq*.; the Safe Drinking Water Act, 42 U.S.C. §300f, *et seq*.; the Solid Waste Disposal Act, 42 U.S.C. §6901, *et seq*.; the Surface Mining Control and Reclamation Act, 30 U.S.C. §1201, *et seq*.; the Emergency Planning and Community Right to Know Act, 42

U.S.C. §11001, *et seq*.; the Occupational Safety and Health Act, 29 U.S.C. §§655 and 657; the Hazardous Waste Control Act, California Health and Safety Code ("H.&S.C.") §25100, *et seq*.; the Hazardous Substance Account Act, H.&S.C.§25330, *et seq*.; the California Safe Drinking Water and Toxic Enforcement Act, H.&S.C. §25249.5, *et seq*.; the Underground Storage of Hazardous Substances, H.&S.C. §25280, *et seq.*; the Carpenter-Presley-Tanner Hazardous Substance Account Act, H.&S.C. §25300, *et seq*.; the Hazardous Waste Management Act, H.&S.C. §25170.1, *et seq*.; the Hazardous Materials Response Plans and Inventory, H.&S.C. §25001, *et seq*.; the Porter-Cologne Water Quality Control Act, Water Code §13000, *et seq*., all as they may from time to time be amended; and

b. any substance, product, waste or other material of any nature whatsoever which is or becomes listed, regulated, or for which liability for misuse arises pursuant to any other federal, state or local statute, law, ordinance, resolution, code, rule, regulation, order or decree due to its hazardous, toxic or dangerous nature.

SECTION 5. RECORDS AND DOCUMENTS

5.1 **Accounting Records**.

5.1.1 Maintenance and Inspection. Contractor shall maintain complete and accurate records with respect to all expenses incurred under this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the Services provided by Contractor pursuant to this Agreement. All such records shall be clearly identifiable.

5.1.2 Inspection and Copying. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Contractor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement. At no cost to City, Contractor shall provide copies of such documents or records directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

5.2 **Ownership of Documents**. All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Contractor in the course of providing the Services shall become the sole property of City and may be used, reused or otherwise disposed of by the City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents

SECTION 6. INSURANCE

6.1 **Maintenance of Insurance**. Prior to the beginning of and throughout the term of this Agreement, Contractor will maintain insurance in conformance with requirements established by City for the type of Services being performed. Contractor acknowledges that prior to the Effective Date of this Agreement, City provided to Contractor the applicable insurance requirements, a copy of which are attached hereto as Exhibit "F" [Insurance]. Contractor acknowledges that the insurance coverage and policy limits provided by City constitute the minimum amount of coverage required. Any insurance proceeds in excess of the limits and coverage required in this Agreement and which are applicable to a given loss, will be available to the City.

6.2 **Subcontractors Insurance**. Contractor agrees to ensure that subcontractors, and any other party involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Contractor agrees that upon request, all agreements with subcontractors and others engaged in the project will be submitted to City for review.

6.3 **Modification of Insurance Provisions**. The City Manager may make reasonable amendments to the insurance requirements of this section, with the written concurrence of the Finance Director or Risk Manager, in accordance with Section 9.19 [Administration and Implementation] after considering the Scope of Services, potential liabilities, and the required level of insurance to adequately protect the City.

SECTION 7. BONDS

7.1 **Performance and Payment Bonds**. If required by law or specifically required by City as set forth in Exhibit "E" [Bonds Required], attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with Contractor's execution of this Agreement, but in no event later than the Effective Date of this Agreement, a Performance Bond and/or a Payment Bond in the amount of the total, not-to-exceed compensation indicated in Exhibit C, and in a form provided or approved by the City.

7.2 **Bond Provisions**. Should, in City's sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this section are accepted by the City. To the extent, if any, that the total compensation is increased in accordance with the Agreement, the Contractor shall, without further notice from City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase

to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the total compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety.

7.3 **Surety Qualifications**. Only bonds executed by an admitted surety insurer, as defined in Code of Civil Procedure Section 995.120, shall be accepted. The surety must be a California-admitted surety with a current A.M. Best's rating no less than A:VIII and satisfactory to the City. If a California-admitted surety insurer issuing bonds does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the City.

SECTION 8. TERMINATION.

8.1 **Termination by City**. City may, by written notice to Contractor, terminate with or without cause, and without any prior notice of default or right to cure by Contractor, the whole or any part of this Agreement at any time and by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least five (5) days before the effective date of such termination. Upon termination, Contractor shall be compensated only for those non-disputed Services that have been adequately rendered to City, and Contractor shall be entitled to no further compensation.

8.2 **Termination by Contractor**. Contractor may, by written notice to City, terminate this Agreement based upon City's failure to timely cure a default under this Agreement as provided herein. At least forty-five (45) days prior to termination, Contractor shall provide City with a written notice specifying City's alleged default and providing City with a forty-five (45) day period to cure the default. Should City timely cure such default, the Agreement shall continue. Should City fail to timely or adequately cure such default, Contractor may terminate this Agreement by issuance of written notice to City.

SECTION 9. GENERAL PROVISIONS

9.1 **Assignment or Transfer**. Contractor shall not assign, hypothecate, or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. Any attempt to do so shall be null and void, and any assignees, hypothecates or transferees shall acquire no right or interest by reason of such attempted assignment, hypothecation or transfer.

9.2 **Loss and Damage**. Contractor shall be responsible for all loss and damage which may arise out of the nature of the Services agreed to herein, or from the action of the elements, or from any unforeseen difficulties which may arise or be encountered in the prosecution of the Services until the same is fully completed and accepted by City.

9.3 **Liquidated Damages**. The Parties agree that City has a legitimate interest in ensuring that Contractor provides the Services (including performance of all duties and responsibilities) required under this Agreement in a consistent and reliable manner, and that Contractor's failure to timely provide such Services or to provide them in an inadequate manner will cause City to suffer damages and that it is, and will be, impractical and extremely difficult to ascertain and determine the exact amount of damages or to calculate actual damages. Therefore, in addition to City's right to treat such non-performance as a material breach of, and to terminate, this Agreement, the Parties agree that liquidated damages, as provided herein, represent a reasonable estimate of the monetary damages that reasonably could be anticipated and that proof of actual damages would be costly or impractical. The Parties specifically confirm the accuracy of the statements made above and the fact that each Party has had ample opportunity to consult with legal counsel and obtain an explanation of the liquidated damage provisions at the time that the Agreement was made. Therefore, in lieu of actual damages, Contractor is subject to payment of $500 per failure to perform, per day. City may, at its election, deduct any assessed liquidated damages from payment due, or that will become due, to Contractor from City.

9.4 **Excusable Delays**. Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance of failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

9.5 **Cooperation; Further Acts.** The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of the Agreement.

9.6 **Governing Law.** This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the parties, venue in state trial courts shall lie exclusively in the County of Riverside. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Eastern Division of the Central District of California, located in Riverside, California.

9.7 **Integration**. This Agreement, including the attached Exhibits "A" through "F" and other Contract Documents, is the entire, complete, final and exclusive expression of the parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any party which are not embodied herein shall be valid and binding.

9.8 **Severability.** If a term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or

unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

9.9 **Prohibited Interests**. Contractor represents and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement.

9.10 **Amendments**. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by Contractor and City. The City Manager shall have the authority to approve any amendment to this Agreement if the total compensation under this Agreement, as amended, would not exceed the City Manager's contracting authority under the Eastvale Municipal Code. All other amendments shall be approved by the City Council. The Parties agree that the requirement for amendments or modifications to be in writing cannot be waived and that any attempted waiver shall be void.

9.11 **No Third Party Beneficiaries**. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

9.12 **Delivery of Notices**. All notices required or permitted to be given under this Agreement shall be in writing and shall be given to the respective parties at the email addresses or physical addresses listed in Exhibit "D", or at such other address as the respective parties may provide in writing for this purpose. Such notice shall be deemed made when emailed or personally delivered or forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

9.13 **Binding Effect**. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

9.14 **Waiver**. Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party or any breach of the provisions of this Agreement shall not constitute a waiver of any other provision, nor a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any Services by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

9.15 **Attorney's Fees, Costs and Expenses**. In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing party in such litigation or other proceeding shall be entitled to an award of

reasonable attorney's fees and Costs and Expenses, in addition to any other relief to which it may be entitled.

9.16 **Subcontracting.** Contractor shall not subcontract any portion of the Services, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions of this Agreement.

9.17 **Counterparts.** This Agreement may be signed in counterparts, each of which shall constitute an original.

9.18 **Authority to Execute.** The person or persons executing this Agreement on behalf of Contractor represents and warrants that he/she/they has/have the authority to so execute this Agreement and to bind Contractor to the performance of its obligations hereunder.

9.19 **Administration and Implementation.** This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with the City Manager's contracting authority under the Eastvale Municipal Code.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year first above written.

INSURANCE REQUIREMENTS FOR CITY OF EASTVALE

The City requires a certificate of insurance, including an underwriter's endorsement, prior to commencement of the Services.

The insurance policies are to include additional endorsements that contain the following provisions:

1. That the City of Eastvale and its respective elected officials, officers, employees, agents and representatives are additional insureds under the policy;

2. The policies are primary and non-contributory to any insurance that may be carried by City;

3. The City is entitled to thirty (30) days' prior written notice of cancellation, material reduction, or non-renewal of the policy or policies.

4. The insurance shall be carried only by responsible insurance companies that have rated "A-" and "V" or better by the A.M. Best Key Rating Guide, that are licensed to do business in the State of California. City will accept insurance provided by non-admitted "surplus lines" carriers only if the carrier is authorized to do business in the State of California.

Only the following "marked" requirements are applicable:

__X__ **Commercial General Liability (CGL):** Insurance written on an occurrence basis to protect Contractor and City against liability or claims of liability which may arise out of this Agreement in the amount of one million dollars ($1,000,000) per occurrence and subject to an annual aggregate of two million dollars ($2,000,000). There shall be no endorsement or modification of the CGL limiting the scope of coverage for either insured vs. additional insured claims or contractual liability. All defense costs shall be outside the limits of the policy.

__X__ **Vehicle Liability Insurance:** Contractor shall also procure and shall maintain during the term of this Agreement vehicle liability insurance in an amount not less than $1,000,000 for injuries, including accidental death, to any one person, and subject to the same minimum for each person, in an amount not less than one million dollars ($1,000,000) for each accident, and property damage insurance in an amount of not less than one million dollars ($1,000,000).

__X__ **Workers' Compensation Insurance:** For all of Contractor's employees who will provide Services under this Agreement and to the extent required by applicable state or federal law, Contractor shall keep in full force and effect a Workers' Compensation policy that includes a minimum of one million dollars ($1,000,000) of employers' liability coverage. Contractor shall provide an endorsement that the insurer waives the right of subrogation against the City and its respective elected officials, officers, employees, agents and representatives. In the event a claim under the provisions of the California Workers' Compensation Act is filed against City by a bona fide employee of Contractor participating under this Agreement, Contractor is to defend and indemnify the City from such claim.

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
CONSENT CALENDAR
Agenda Item No. 11.11
June 25, 2025

Approval of Professional Services Agreement with Robb R. Steel for FY 2025-2026 Economic Development and Community Development Consultation Services

Prepared By:

Caleb Zaldana, Management Assistant

Recommended Action(s)

Staff recommends that the City Council authorize the City Manager to execute a Professional Services Agreement with Robb R. Steel in an amount not-to-exceed $56,500 for economic and community development consultation services from July 1, 2025 to June 30, 2026.

Summary

Since 2021, staff from the City's Community Development, Economic Development, Finance, and Public Works teams have utilized Robb R. Steel's services to support local development and economic development projects such as Downtown Eastvale, Hamner Place, and the Rivian Economic Development Incentive Agreement.

The current contract with Robb R. Steel, which only covers implementation and preparation assistance for Development Agreements, is set to expire on June 30, 2025. Upon approval and execution of the FY 2025-2026 Professional Services Agreement, the new Agreement will be terminating on June 30, 2026.

Background

Robb R. Steel is a professional based in San Clemente, CA that provides economic development, community development, land use, and real estate consultation services. As well as assistance with development agreement and option agreement negotiations, preparing demographic and economic

analyses, and facilitating formations of Community Facilities Districts (CFDs).

The proposed Scope of Work for FY 2025-2026 includes support for the negotiations and reviewing of any development agreements, option agreements, and due diligence documents related to Downtown Eastvale, facilitation of CFD formations, reviewing/revising/updating the City's enabling documents, and assistance for engaging master developers, drafting term sheets, evaluating land economics, and preparing special demographic and economic analyses. These services will be provided in an amount not-to-exceed $56,500.00 for FY 2025-2026.

City staff has deemed that Robb R. Steel is highly qualified to provide economic development and community development services for the City, as Mr. Steel had previously served as a Redevelopment Director, Economic Development Director, Development Services Director, and Assistant City Administrator for various municipalities in a public service career spanning 40 years. In addition, Mr. Steel negotiated Development Agreements for the Cities of Azusa, Colton, and Rialto.

Environmental

Pursuant to Section 15378 of the California Environmental Quality Act (CEQA) Guidelines, organizational or administrative activities of governments that do not result in direct or indirect physical changes in the environment are not considered as CEQA projects.

Strategic Plan Action - Priority Level: 1 | Target #: E | Goal #: A

The services that can be provided under the proposed contract support and contribute to the development of Downtown Eastvale and the new Civic Center, which can significantly attract new businesses and retailers to establish their presence in the City and create a "Destination Eastvale" with high-quality and unique businesses.

Fiscal Impact

There are sufficient funds in the proposed FY 2025-2026 budget for the recommended action as shown below:

Fund	Account	Division	Account Description	Budget
General	100-301-6490	CD/Admin	Other Contract Services	56,500.00

Prior City Council/Commission Action

On September 28, 2022, the City Council approved a FY 2022-2023 Professional Services Agreement with Robb R. Steel in an amount not-to-exceed $24,000 for implementation assistance with the Development Agreement between the City and the New Home Company.

On June 14, 2023, the City Council approved a FY 2023-2024 Professional Services Agreement with Robb R. Steel in an amount not-to-exceed $48,000.00 for economic development and community development consultation services from July 1, 2023 to June 30, 2024. Specifically, this agreement also requested implementation assistance with the Development Agreement between the City and the New Home Company.

On May 8, 2024, the City Council approved a FY 2024-2025 Professional Services Agreement in an

amount not-to-exceed $49,000 for economic development and community development consultation services from July 1, 2024 to June 30, 2025. Similarly, this agreement requested implementation assistance with the Development Agreement between the City and the New Home Company.

Attachment(s)

Attachment 1 - FY 2025-2026 Robb R. Steel Agreement

AGREEMENT FOR ECONOMIC DEVELOPMENT PROFESSIONAL SERVICES SUPPORT

This Agreement for Services ("Agreement") is entered into as of this 1st day of July, 2025 by and between the City of Eastvale, a municipal corporation ("City") and Robb R. Steel, a sole proprietor ("Contractor"). City and Contractor are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by direct negotiation, the performance of the services defined and described particularly in Section 2 of this Agreement.

B. Contractor, following submission of a proposal for the performance of the services defined and described particularly in Section 2 of this Agreement, was selected by the City to perform those services.

C. The Parties desire to formalize the selection of Contractor for performance of those services defined and described particularly in Section 2 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. TERM OF AGREEMENT.

Subject to the provisions of Section 20 "Termination of Agreement" of this Agreement, the Term of this Agreement is for one (1) year commencing on the date first ascribed above.

SECTION 2. SCOPE OF SERVICES

(a) Scope of Services. Contractor agrees to perform the services set forth in Exhibit "A" "Scope of Services" (hereinafter, the "Services") and made a part of this Agreement by this reference.

SECTION 3. ADDITIONAL SERVICES.

Contractor shall not be compensated for any work rendered in connection with its performance of this Agreement that are in addition to or outside of the Services unless such additional services are authorized in advance and in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement. If and when such additional work is authorized, such additional work shall be deemed to be part of the Services.

SECTION 4. COMPENSATION AND METHOD OF PAYMENT.

(a) Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts specified in Exhibit "B" "Compensation" and made a part of this Agreement by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed Fifty-Six Thousand Five Hundred Dollars ($56,500), unless additional compensation is approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement.

(b) The Contractor shall prepare two (2) invoices in equal installments for City in December 2025 and June 2026. The Contractor shall ensure that each original invoice includes a list of all work performed during the billing period. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontractor contracts. Subcontractor charges shall be detailed by the following categories: labor, travel, materials, equipment and supplies. If the compensation set forth in subsection (a) and Exhibit "B" include payment of labor on an hourly basis (as opposed to labor and materials being paid as a lump sum), the labor category in each invoice shall include detailed descriptions of task performed and the amount of time incurred for or allocated to that task. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

(c) Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice.

(d) Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

SECTION 5. INSPECTION AND FINAL ACCEPTANCE.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within sixty (60) days after submitted to City. City shall reject work by a timely written explanation, otherwise Contractor's work shall be deemed to have been accepted. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any of Contractor's work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Section 16 "Indemnification" and Section 17 "Insurance."

SECTION 6. OWNERSHIP OF DOCUMENTS.

All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or

discovered by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents.

If and to the extent that City utilizes for any purpose not related to this Agreement any maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement, Contractor's guarantees and warranties in Section 9 "Standard of Performance" of this Agreement shall not extend to such use of the maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents.

All final work product developed by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such final work product if paid for by the City. This provision specifically excludes Contractors' work notes and drafts, which are owned by Contractor, not City.

SECTION 7. CONTRACTOR'S BOOKS AND RECORDS.

(a) Contractor shall maintain any and all documents and records demonstrating or relating to Contractor's performance of the Services. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to the Services, including expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the services provided by Contractor pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to audits of public agencies and their expenditures. In accordance with California Government Code Section 8546.7, if the total compensation in Section 4 exceeds ten thousand dollars ($10,000.00), this Agreement and the Contractor's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

(b) Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed

upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

(c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or discarded due to dissolution or termination of Contractor's business, City may, by written request, require that custody of such documents or records be given to the City. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

SECTION 8. INDEPENDENT CONTRACTOR.

(a) Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise.

(b) The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Contractor or any of Contractor's personnel. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's personnel are in any manner officials, officers, or employees of City.

(c) Neither Contractor, nor any of Contractor's personnel shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor, its officers, employees, agents or subcontractors, may have to any such rights. Contractor's indemnity obligations in Section 16 "Indemnification" of this Agreement include the obligation to indemnify the City from and against any liability that may arise related to claims that Contractor, its officers, employees, agents or subcontractors, are entitled to retirement, health care or any other benefits that accrue to City employees. This provision shall survive the expiration or earlier termination of this Agreement.

SECTION 9. STANDARD OF PERFORMANCE.

Contractor represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent and professional manner. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all Services. In meeting its obligations under this Agreement, Contractor shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to the Services required of Contractor under this Agreement. In addition to the general standards of performance set forth this section, additional specific standards of performance and performance criteria may be set forth in Exhibit "A" "Scope of Work" that shall also be applicable to Contractor's work under this Agreement. Where there is a conflict between a general and a specific standard of performance or performance criteria, the specific standard or criteria shall prevail over the general.

SECTION 10. COMPLIANCE WITH APPLICABLE LAWS; PERMITS AND LICENSES.

Contractor shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules in effect during the term of this Agreement. Contractor shall obtain any and all licenses, permits and authorizations necessary to perform the Services set forth in this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable, at law or in equity, as a result of any failure of Contractor to comply with this section.

SECTION 11. PREVAILING WAGE LAWS

It is the understanding of City and Contractor that California prevailing wage laws do not apply to this Agreement because the Agreement does not involve any of the following services subject to prevailing wage rates pursuant to the California Labor Code or regulations promulgated thereunder: Construction, alteration, demolition, installation, or repair work performed on public buildings, facilities, streets or sewers done under contract and paid for in whole or in part out of public funds. In this context, “construction" includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

SECTION 12. NONDISCRIMINATION.

Contractor shall not discriminate, in any way, against any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status in connection with or related to the performance of this Agreement.

SECTION 13. UNAUTHORIZED ALIENS.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of the Services, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

SECTION 14. CONFLICTS OF INTEREST.

(a) Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor’s performance of the Services. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor

agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

(b) City understands and acknowledges that Contractor is, as of the date of execution of this Agreement, independently involved in the performance of non-related services for other governmental agencies and private parties. Contractor is unaware of any stated position of City relative to such projects. Any future position of City on such projects shall not be considered a conflict of interest for purposes of this section.

(c) City understands and acknowledges that Contractor will perform non-related services for other governmental agencies and private Parties following the completion of the Services under this Agreement. Any such future service shall not be considered a conflict of interest for purposes of this section.

SECTION 15. CONFIDENTIAL INFORMATION; RELEASE OF INFORMATION.

(a) All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the City Manager, except as may be required by law.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors, be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response. Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in confidence to a

Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law or for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

SECTION 16. INDEMNIFICATION.

(a) Indemnification for Professional Liability. Where the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees) arise out of, are a consequence of, or are in any way attributable to, in whole or in part, any negligent or wrongful act, error or omission of Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor, in the performance of professional services under this Agreement.

(b) Indemnification for Other than Professional Liability. Other than in the performance of professional services and to the full extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor.

(c) Indemnification from Subcontractors. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement naming the Indemnified Parties as additional indemnitees. In the event Contractor fails to obtain such indemnity obligations from others as required herein, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth herein is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

(d) City's Negligence. The provisions of this section do not apply to claims occurring as a result of City's sole negligence. The provisions of this section shall not release City from liability arising from gross negligence or willful acts or omissions of City or any and all of its officials, employees and agents.

SECTION 17. INSURANCE.

Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Exhibit "C" "Insurance" and made a part of this Agreement. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

SECTION 18. ASSIGNMENT.

The expertise and experience of Contractor are material considerations for this Agreement. City has an interest in the qualifications and capability of the persons and entities who will fulfill the duties and obligations imposed upon Contractor under this Agreement. In recognition of that interest, Contractor shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Contractor's duties or obligations under this Agreement without the prior written consent of the City. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling City to any and all remedies at law or in equity, including termination of this Agreement pursuant to Section 20 "Termination of Agreement." City acknowledges, however, that Contractor, in the performance of its duties pursuant to this Agreement, may utilize subcontractors.

SECTION 19. CONTINUITY OF PERSONNEL.

Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the Services. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the Services prior to and during any such performance.

SECTION 20. TERMINATION OF AGREEMENT.

(a) City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Contractor. In the event such notice is given, Contractor shall cease immediately all work in progress.

(b) Contractor may terminate this Agreement for cause at any time upon thirty (30) days written notice of termination to City.

(c) If either Contractor or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Contractor, or City may terminate this Agreement immediately upon written notice.

(d) Upon termination of this Agreement by either Contractor or City, all property belonging exclusively to City which is in Contractor's possession shall be returned to City. Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 "Compensation and Method of Payment"

of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 "Compensation and Method of Payment" of this Agreement.

SECTION 21. DEFAULT.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under Section 20 "Termination of Agreement." Any failure on the part of the City to give notice of the Contractor's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

SECTION 22. EXCUSABLE DELAYS.

Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

SECTION 23. COOPERATION BY CITY.

All public information, data, reports, records, and maps as are existing and available to City as public records, and which are necessary for carrying out the Services shall be furnished to Contractor in every reasonable way to facilitate, without undue delay, the Services to be performed under this Agreement.

SECTION 24. NOTICES.

All notices required or permitted to be given under this Agreement shall be in writing and shall be personally delivered, or sent by certified mail, postage prepaid and return receipt requested, addressed as follows:

To City: City of Eastvale
Attn: Community Development Director
12363 Limonite Ave., Suite 910
Eastvale, CA 91752

To Contractor: Robb R. Steel
1102 Las Posas
San Clemente, CA 92673

Notice shall be deemed effective on the date personally delivered or, if mailed, three (3) days after deposit of the same in the custody of the United States Postal Service.

SECTION 25. AUTHORITY TO EXECUTE.

Each of the signatories hereto represents and warrants that he or she is competent and authorized to enter into this Agreement on behalf of the Party for whom he or she purports to sign. Each Party hereto agrees to defend, indemnify, and hold harmless the other Parties hereto against all claims, suits, actions, and demands, including necessary expenses of investigation and reasonable attorneys' fees and costs, arising out of claims that its signatory was not competent or so authorized to execute this Agreement.

SECTION 26. ADMINISTRATION AND IMPLEMENTATION.

This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with Section 28 “Amendment” and the City Manager’s contracting authority under the Eastvale Municipal Code.

SECTION 27. BINDING EFFECT.

This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

SECTION 28. AMENDMENT.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City. The City Manager shall have the authority to approve any amendment to this Agreement if the total compensation under this Agreement, as amended, would not exceed the City Manager’s contracting authority under the Eastvale Municipal Code. The Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void. The City’s City Manager may, but is not required to, make minor amendments not affecting substantive terms without further authorization from the City Council. The City Council hereby authorizes the City Manager to execute any such amendments as required by this Agreement or that do not otherwise reduce City’s rights under this Agreement. All other amendments shall be approved by the City Council.

SECTION 29. WAIVER.

Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision nor a waiver of any subsequent breach or violation of any

provision of this Agreement. Acceptance by City of any work by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

SECTION 30. LAW TO GOVERN; VENUE.

This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the Parties, venue in state trial courts shall lie exclusively in the County of Riverside, California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Riverside.

SECTION 31. ATTORNEYS FEES, COSTS AND EXPENSES.

In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing Party in such litigation or other proceeding shall be entitled to an award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

SECTION 32. ENTIRE AGREEMENT.

This Agreement, including the attached Exhibits "A" through "C", is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid and binding.

SECTION 33. SEVERABILITY.

If any term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

SECTION 34. CONFLICTING TERMS.

Except as otherwise stated herein, if the terms of this Agreement conflict with the terms of any Exhibit hereto, or with the terms of any document incorporated by reference into this Agreement, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

EXHIBIT "A"
SCOPE OF SERVICES

Consultant shall provide services as set forth below and in accordance with "Year 5 Proposal for Economic Development Consulting Services" prepared by Robb R. Steel, Principal, on March 11, 2025.

1. **New Homes Development Agreement**. The City Council approved the Development Agreement in May 2022. The Development Agreement requires the City to take various implementation actions, including the following:
    a. **Negotiate Subsequent Development Agreement and Due Diligence Documents**. The City and New Homes continue to negotiate the terms for acquisition and conveyance of various parcels for civic center development and economic development, addressing prevailing wage and Surplus Land Act implications. Assist with negotiations to finalize Amendments to the Development Agreement or Operating Memorandums implementing the original intent of the Development Agreement. As required, review the Special Land Use Restrictions, Purchase and Sale Agreement(s), Rights-of-Entry, and related secondary implementation agreements. Review due diligence documentation for land transactions. Participate in joint conferences with the development team and legal counsel to finalize terms of implementation agreements. If requested, prepare staff report documentation for City Council consideration.
    b. **Review Developer Submittals under the Development Agreement**. The Development Agreement requires the Community Development Director to review proposed park plans, determine credit eligibility, and approve credit amounts. Continue to support staff review of documentation submitted by the Developer to calculate parkland dedication and improvement obligations, the proper granting of fee credits, and if necessary, the determination of in-lieu fee amounts due for each phase of the Project.
    c. S**upport Downtown Eastvale Planning and Development.** The DA contemplates development of approximately ten acres (Lot 3) for a mixed use urban commercial center. The City may acquire the site and seek developer proposals, or it may partner with New Homes to develop the site in accordance with the City's vision. Coordinate with planners and real estate economists engaged to optimize development potential of the site and attract desired tenants. Help negotiate terms for acquisition of additional parking to support civic and commercial center.
    d. **Facilitate Formation of a Community Facilities District.** The Developer formed a Community Facilities District for payment of operating fiscal impact mitigations. Assist the City team during formation of subsequent annexations and the issuance of any debt if necessary.
    e. **Annual Development Agreement Review.** The Development Agreement requires completion of an Annual Review at least once during every 12-month period. Prepare or assist with preparation of annual review documentation and delivery to City Council.

f. **Team Meetings.** Participate as requested in team meetings with the developer and City staff to resolve land use entitlement or Development Agreement issues.

2. **Other Development Agreements.** Participate in negotiations for new development agreements, including the proposed Vernola development and Hamner Place. Draft term sheets, review draft development agreements, evaluate land economics, prepare necessary Planning Commission and City Council reports. Facilitate compliance with the Surplus Land Act, Section 65402 (General Plan Conformance), Section 52201 (Sales/Leases), and Section 53083 (economic development subsidy) of the Government Code as required.
3. **Special Studies.** Prepare special demographic and economic analysis to support City development, including forecasts of property taxes, sales taxes, and other economic returns to development.

This scope assumes close coordination with City staff and consultants, with the City representatives responsible for final decisions on all substantive matters related to implementation.

Contractor shall not be required to provide more than 370 hours of service to the City during the Term.

EXHIBIT "B"
COMPENSATION

City shall compensate Contractor a fixed fee of Fifty-Six Thousand Five Hundred Dollars ($56,500) payable in two equal installments in December 2025 and June 2026, per Section 4 of this Agreement.

EXHIBIT "C"
INSURANCE

A. Insurance Requirements. Contractor shall provide and maintain insurance, acceptable to the City, in full force and effect throughout the term of this Agreement, against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Services by Contractor, its agents, representatives or employees. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII.

Contractor shall provide the following scope and limits of insurance:

1. Minimum Scope of Insurance. Coverage shall be at least as broad as:

(1) Commercial General Liability. Insurance Services Office form Commercial General Liability coverage (Occurrence Form CG 0001).

(2) Automobile. Insurance Services Office form number CA 0001 (Ed. 1/87) covering Automobile Liability, including code 1 "any auto" and endorsement CA 0025, or equivalent forms subject to the written approval of the City.

(3) Workers' Compensation. Workers' Compensation insurance as required by the Labor Code of State of California covering all persons providing Services on behalf of the Contractor and all risks to such persons under this Agreement.

(4) Professional Liability. Professional liability insurance appropriate to the Contractor's profession. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to Services performed under this Agreement. The insurance must be maintained for at least three (3) consecutive years following the completion of Contractor's services or the termination of this Agreement. During this additional three (3) year period, Contractor shall annually and upon request of the City submit written evidence of this continuous coverage.

2. Minimum Limits of Insurance. Contractor shall maintain limits of insurance no less than:

(1) Commercial General Liability. $2,000,000 per occurrence for bodily injury, personal injury, and property damage.

(2) Automobile. $1,000,000 per accident for bodily injury and property damage. A combined single limit policy with aggregate limits in an amount of

not less than $2,000,000 shall be considered equivalent to the said required minimum limits set forth above.

(3) Workers' Compensation. Workers' Compensation as required by the Labor Code of the State of California, with Statutory Limits.

(4) Professional Liability. $2,000,000 per occurrence.

B. Other Provisions. Insurance policies required by this Agreement shall contain the following provisions:

1. All Policies. Each insurance policy required by this Agreement shall be endorsed and state the coverage shall not be suspended, voided, cancelled by the insurer or either Party to this Agreement, reduced in coverage or in limits except after 30 days' prior written notice by certified mail, return receipt requested, has been given to City.

2. Commercial General Liability and Automobile Liability Coverages.

(1) City, and its respective elected and appointed officers, officials, and employees and volunteers are to be covered as additional insureds as respects: liability arising out of activities Contractor performs; products and completed operations of Contractor; premises owned, occupied or used by Contractor; or automobiles owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, or employees.

(2) Contractor’s insurance coverage shall be primary insurance with respect to City, and its respective elected and appointed, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by City, and its respective elected and appointed officers, officials, employees or volunteers, shall apply in excess of, and not contribute with, Contractor’s insurance.

(3) Contractor’s insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

(4) Any failure to comply with the reporting or other provisions of the insurance policies, including breaches of warranties, shall not affect coverage provided to City, and its respective elected and appointed officers, officials, employees or volunteers.

3. Workers' Compensation Coverage. Unless the City Manager otherwise agrees in writing, the insurer shall agree to waive all rights of subrogation

against City, and its respective elected and appointed officers, officials, employees and agents for losses arising from work performed by Contractor.

C. Other Requirements. Contractor agrees to deposit with City, at or before the effective date of this Agreement, certificates of insurance necessary to satisfy City that the insurance provisions of this contract have been complied with. The City may require that Contractor furnish City with copies of original endorsements effecting coverage required by this Exhibit "C". The certificates and endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. City reserves the right to inspect complete, certified copies of all required insurance policies, at any time.

1. Contractor shall furnish certificates and endorsements from each subcontractor identical to those Contractor provides.

2. Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers, or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims.

3. The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Agreement.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
CONSENT CALENDAR
Agenda Item No. 11.12
June 25, 2025

Approval of Agreement with Priority Building Services, LLC for Citywide Janitorial Services

Prepared By:

Jimmy Chung, Director of Public Works/City Engineer

Recommended Action(s)

Staff recommends that the City Council:

1. Approve an Agreement with Priority Building Services, LLC for Citywide Janitorial Services in a not-to-exceed amount of $75,000 per fiscal year; and
2. Authorize the City Manager to execute the necessary documents for an initial three-year term, with the option to renew for up to two (2) one-year extensions in the amount not-to-exceed $75,000 per fiscal year, contingent upon satisfactory performance.

Summary

The Public Works Department's Maintenance Division is committed to providing clean, safe, and well-maintained public facilities for residents, visitors, and staff. To support this effort, the City solicited bids for routine janitorial services at its primary facilities, which include City Hall and the Altfillisch Property ("Citrus House"), as well as for special events held throughout the year. These services include general cleaning, sanitation, supply restocking, and occasional deep cleaning such as floorcare, window washing, and carpet cleaning.

Contracted janitorial services play an important role in helping the City maintain the cleanliness and overall appearance of its public spaces. Utilizing professional cleaning crews ensures that the City can meet both ongoing maintenance needs and respond promptly to special or unforeseen cleaning requirements.

On April 23, 2025, the City issued Invitation for Bids (IFB) No. 25-104BF through the City's website and online bidding system, PlanetBids, to solicit proposals from qualified contractors. The IFB was also advertised in a local newspaper on May 1 and May 5, 2025. By the bid closing date of June 3, 2025, the City received seven bids. After a thorough responsiveness review, three of the seven bids received were deemed non-responsive due to not meeting IFB specifications and/or requirements. Of the responsive bidders, Priority Building Services, LLC was determined to be the lowest responsive and responsible bidder, offering the best value to the City, and staff recommends award of an agreement to this contractor.

Bid results are as follows:

Name of Bidder	**City**	**Base Bid Amount**
Priority Building Services, LLC	Anaheim, CA	$7,832.30
JJ Property Maintenance Network Inc.	Pasadena, CA	$9,208.58
Executive Facilities Services, Inc.	Riverside, CA	$9,854.24
Vocational Improvement Program, Inc. (VIP)	Rancho Cucamonga, CA	$10,548.51

Background

The Public Works Department's Maintenance Division relies on contracted janitorial services to ensure the cleanliness and upkeep of City facilities. Clean and well-maintained public buildings are essential to providing clean, safe, and welcoming environments for City staff, residents, and visitors. Contracted janitorial professionals are necessary to perform routine and specialized cleaning tasks across multiple City-owned buildings and community event spaces.

The scope of services includes, but is not limited to:

- Routine cleaning and sanitation of offices, restrooms, lobbies, and shared spaces.
- Restocking of restroom and kitchen supplies using City-approved, bio-based materials.
- Day porter services for urgent cleaning needs during operating hours.
- Specialized services such as carpet extraction, floor waxing, and exterior window cleaning.
- Janitorial support for City-hosted special events, including setup, on-site cleaning, and post-event teardown.

The Public Works Department's Maintenance Division relies on contracted janitorial services to ensure the cleanliness and upkeep of City facilities. Clean and well-maintained public buildings are essential to providing clean, safe, and welcoming environments for City staff, residents, and visitors. Contracted janitorial professionals are necessary to perform routine and specialized cleaning tasks across multiple City-owned buildings and community event spaces.

Environmental

Per the California Environmental Quality Act (CEQA) Guidelines Section 15378, the award of this Professional Services Agreement does not qualify as a "project" under CEQA, as it involves routine maintenance activities with no significant environmental impact.

Strategic Plan Action - Priority Level: N/A | Target #: E | Goal #: E

This initiative supports the City's commitment to improving facility cleanliness, safety, and longevity.

Fiscal Impact

The total cost of the contract is not to exceed $75,000 per fiscal year for the initial three-year term, with pricing remaining firm for the initial contract period. Funding for this contract is included in the FY 2025-26 Public Works Department budget under General Fund Account No. 100-295-6460. Sufficient funds are budgeted to cover the cost of the initial term, and any renewals will be subject to future budget approvals.

Prior City Council/Commission Action

None.

AND
PRIORITY BUILDING SERVICES, LLC

This Agreement for Janitorial Services ("**Agreement**") is entered into as of July 1, 2025 ("**Effective Date**") between the City of Eastvale, a municipal corporation ("**City**") and Priority Building Services, LLC, a California Limited Liability Company ("**Contractor**") (collectively the "**Parties**"). In consideration of the mutual promises and covenants made by the parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

SECTION 1. SCOPE OF SERVICES

1.1 **Term**. Subject to the provisions of Section 7 [Termination] of this Agreement, the term of this Agreement is for three years commencing on July 1, 2025 The Parties may, by mutual, written consent, extend the term of this Agreement for up to two (2) additional one (1) year periods. Such extensions may include increased compensation for an increase in labor or supply costs, with said increase not to exceed the Bureau of Labor Statistics Consumer Price Index (CPI) data as follows: Riverside-San Bernardino-Ontario, CA; All Urban Consumers; Not Seasonally Adjusted; annualized change comparing the most recent month's reported data to the same month of the prior year.

1.2 **Contractor Services**. Subject to the terms and conditions of this Agreement and in accordance with Invitation for Bids (IFB) No. 25-104BF, Contractor agrees to perform for City those services specified in the Scope of Services attached hereto and incorporated herein by reference as Exhibit "A" [Scope of Services] ("**Services**"). Contractor agrees to furnish, for the compensation provided for herein, all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately perform and complete the Services. The Services shall be subject to inspection and approval by City. Contractor agrees to work closely with City staff in the performance of the Services and shall be available to City's staff and consultants at all reasonable times.

1.3 **Extra Work**. Contractor shall not be compensated for any work or services rendered in connection with its performance of this Agreement, which are in addition to or outside of the Services ("**Extra Work**"), except as expressly provided for herein. It shall be Contractor's responsibility to ensure that the scope and price of any Extra Work to be performed by Contractor is approved by City in writing in advance of Contractor's commencement of the Extra Work in accordance with Section 8.10 [Amendments] and Section 8.19 [Administration and Implementation]. City shall not be obligated to pay for or otherwise be liable for unauthorized Extra Work performed by Contractor.

1.4 **Schedule of Performance**. Contractor agrees to diligently perform and complete the Services in accordance with the schedule of performance attached hereto and incorporated herein by reference as Exhibit "B" [Schedule of Performance] ("**Schedule of Performance**"). Modifications to the Schedule of Performance must be agreed upon in writing in advance by the City Manager pursuant to Section 8.19 [Administration and Implementation] and Contractor.

1.5 **Contractor's Representative**. Contractor hereby designates the representative named in Exhibit "D" [Representatives], or his or her designee, to act as its representative for the performance of this Agreement ("**Contractor's Representative**"). Contractor's Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Agreement. Contractor's Representative shall supervise and direct the Services, using his or her best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

1.8 **Contract Documents**. The following documents shall be referred to collectively as the "Contract Documents," each of which is incorporated into and made part of this Agreement by reference:

Approved and fully executed change orders (if any)
Addenda
This Agreement
All exhibits to this Agreement
Notice Inviting Bids
Instructions to Bidders, and any documents referenced therein
Bid Forms (including Contractor's Bid Schedule) (if any)
Payment and Performance Bonds, if required

The Contract Documents are intended to be complementary, and a requirement in one document is as effective as if it appeared in all of the Contract Documents. In the event of a conflict between any of the Contract Documents, the documents shall be given effect in the order set forth above (from top to bottom).

SECTION 2. COMPENSATION AND METHOD OF PAYMENT

2.1 **Compensation**. City shall pay to Contractor for non-disputed Services rendered the compensation set forth in Exhibit "C" [Compensation] attached hereto and incorporated herein by reference. Total compensation to Contractor for the Services shall not exceed the total price or "not to exceed" amount set forth in Exhibit "C," without the prior written approval of City in accordance with Section 8.10 [Amendments] and Section 8.19 [Administration and Implementation].

2.2 **Payment of Compensation**. Contractor shall submit periodic (monthly or quarterly as specified in Exhibit "C") invoices together with an itemized statement of Services provided. The statement shall describe the Services provided, the percent of

work completed by item, together with such other reasonable detail and supporting documentation as may be required by the City Manager, or his/her designee. City will review the statement and pay, with the exception of any charges for work performed or expenses incurred by Contractor which are disputed by City, within 30 days of receiving such statement, all approved charges thereon. Payment by City shall release City from any further obligation for payment to Contractor, for Services performed or expenses incurred as of the date of the invoice. Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defect in work performed by Contractor.

SECTION 3. RESPONSIBILITIES OF CONTRACTOR

3.1 **Control and Payment of Subordinates; Independent Contractor**. Contractor agrees that all Services shall be performed by Contractor or under its supervision. The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under the Contractor's exclusive direction and control. Contractor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City. Neither Contractor, nor any of Contractor's officers, employees or agents, shall obtain any rights to retirement, healthcare or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor may have to any such rights. Contractor shall make payments promptly, as due, to all persons supplying labor or materials for the Services. Contractor shall not permit any lien or claim to be filed or prosecuted against the City on any account of any labor or material furnished for the Services. If Contractor fails, neglects or refuses to make prompt payment of any claim for labor or services furnished to Contractor or a subcontractor by any person as such claim becomes due, City may pay such claim and charge the amount of the payment against funds due or to become due the Contractor. The payment of the claim in this manner shall not relieve Contractor or their surety from obligation with respect to any unpaid claims.

3.2 **Standard of Care and Licenses**. Contractor agrees that all Services shall be performed in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and warrants that it, its employees and subcontractors shall have sufficient skill and experience to perform the Services and that it, its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City Business License, and that such licenses and approvals shall be maintained in good standing throughout the term of this Agreement.

3.3 **Required Corrections**. Contractor shall perform, at its own expense and without reimbursement from the City, any work necessary to correct errors or omissions that are caused by the Contractor's failure to comply with the standard of care provided for herein.

3.4 **Law and Regulations**. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Services.

3.5 **Safety**. Contractor shall perform the Services, and maintain its work area, so as to avoid injury or damage to any person or property and shall otherwise exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.6 **Equal Opportunity Employment**. Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subcontractor, employee or applicant, in any way, in the employment of persons to perform the Services in violation of any federal or state law prohibiting discrimination in employment, including based on the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, of any person, except as provided under California Government Code section 12940.

SECTION 4. INDEMNIFICATION

4.1 **Indemnity**. Except as to the sole negligence or willful misconduct of City, Contractor expressly agrees to, and shall, indemnify, defend, release, and hold City, and its respective officials, officers, employees, agents, and contractors harmless from and against any Action, liability, loss, damage, entry, judgment, order, lien, and Costs and Expenses which arises out of, or are in any way related to, any act or omission of Contractor, or its officers, directors, employees, agents, or contractors, connected with the performance or failure to perform under this Agreement, notwithstanding that City may have benefited therefrom, or any challenge to this Agreement. This Section shall apply to any acts or omissions, willful misconduct or negligent conduct, whether active or passive, on the part of Contractor's officers, directors, employees, agents and contractors, including but not limited to acts or omissions in any way related to, the release, treatment, use, generation, transportation, storage, or disposal in, on, under, to, or from the location at which work under this Agreement is performed of any Hazardous Substances by Contractor or its officers, directors, employees, agents, and subcontractors. The Parties expressly agree that any payment, or Costs and Expenses City incurs or makes to, or on behalf of, an injured employee under City's workers' compensation or other insurance, is included as a loss or Costs and Expenses for the purpose of this Section. City shall not be responsible for any acts, errors or omissions of any person or entity except City and its officers, agents, servants, employees or

contractors. The Parties expressly agree that the obligations of Contractor under this Section shall survive the expiration or early termination of the Agreement.

4.2 **Action**. For purposes of this Agreement, "Action" shall mean any suit (whether legal, equitable, or declaratory in nature), proceeding or hearing (whether administrative or judicial), arbitration or mediation (whether voluntary, court-ordered, binding, or non-binding), or other alternative dispute resolution process, and the filing, recording, or service of any process, notice, claim, demand, lien, or other instrument which is a prerequisite or prelude to commencement of the Action.

4.3 **Costs and Expenses**. For purposes of this Agreement, "Costs and Expenses" shall mean all costs and expenses, to the extent reasonable in amount, actually and necessarily incurred by a Party in good faith in the investigation, prosecution or defense of an Action, including, but not limited to, court costs, filing, recording, and service fees, copying costs, exhibit production costs, special media rental costs, attorney's fees, consultant fees, fees for investigators, witness fees (both lay and expert), travel expenses, deposition and transcript costs, and any other costs or expenses, the award of which a court of competent jurisdiction may determine to be just and reasonable.

4.4 **Hazardous Substances**. For purposes of this Agreement, "Hazardous Substances" shall mean any and all of the following:

a. any substance, product, waste or other material of any nature whatsoever which is or becomes listed, regulated, or for which liability arises for misuse, pursuant to the Comprehensive Environmental Response Compensation and Liability Act ("CERCLA"), 42 U.S.C. §9601, *et seq*.; the Hazardous Materials Transportation Act, 49 U.S.C. §1801, *et seq*.; the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. §6901, *et seq*.; the Toxic Substances Control Act, 15 U.S.C.S. §2601, *et seq.*; the Clean Water Act, 33 U.S.C. §1251, *et seq*.; the Insecticide, Fungicide, Rodenticide Act, 7 U.S.C. §136, *et seq*.; the Superfund Amendments and Reauthorization Act, 42 U.S.C. §6901, *et seq*.; the Clean Air Act, 42 U.S.C. §7401, *et seq*.; the Safe Drinking Water Act, 42 U.S.C. §300f, *et seq*.; the Solid Waste Disposal Act, 42 U.S.C. §6901, *et seq*.; the Surface Mining Control and Reclamation Act, 30 U.S.C. §1201, *et seq*.; the Emergency Planning and Community Right to Know Act, 42 U.S.C. §11001, *et seq*.; the Occupational Safety and Health Act, 29 U.S.C. §§655 and 657; the Hazardous Waste Control Act, California Health and Safety Code ("H.&S.C.") §25100, *et seq*.; the Hazardous Substance Account Act, H.&S.C.§25330, *et seq*.; the California Safe Drinking Water and Toxic Enforcement Act, H.&S.C. §25249.5, *et seq*.; the Underground Storage of Hazardous Substances, H.&S.C. §25280, *et seq.*; the Carpenter-Presley-Tanner Hazardous Substance Account Act, H.&S.C. §25300, *et seq*.; the Hazardous Waste Management Act, H.&S.C. §25170.1, *et seq*.; the Hazardous Materials Response Plans and Inventory, H.&S.C. §25001, *et seq*.; the Porter-Cologne Water Quality Control Act, Water Code §13000, *et seq*., all as they may from time to time be amended; and

b. any substance, product, waste or other material of any nature whatsoever which is or becomes listed, regulated, or for which liability for misuse arises pursuant to any other federal, state or local statute, law, ordinance, resolution, code, rule, regulation, order or decree due to its hazardous, toxic or dangerous nature.

SECTION 5. RECORDS AND DOCUMENTS

5.1 **Accounting Records**.

5.1.1 Maintenance and Inspection. Contractor shall maintain complete and accurate records with respect to all expenses incurred under this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the Services provided by Contractor pursuant to this Agreement. All such records shall be clearly identifiable.

5.1.2 Inspection and Copying. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Contractor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement. At no cost to City, Contractor shall provide copies of such documents or records directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

5.2 **Ownership of Documents**. All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Contractor in the course of providing the Services shall become the sole property of City and may be used, reused or otherwise disposed of by the City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents

SECTION 6. INSURANCE

6.1 **Maintenance of Insurance**. Prior to the beginning of and throughout the term of this Agreement, Contractor will maintain insurance in conformance with requirements established by City for the type of Services being performed. Contractor acknowledges that prior to the Effective Date of this Agreement, City provided to Contractor the applicable insurance requirements, a copy of which are attached hereto as Exhibit "E" [Insurance]. Contractor acknowledges that the insurance coverage and policy limits provided by City constitute the minimum amount of coverage required. Any insurance proceeds in excess of the limits and coverage required in this Agreement and which are applicable to a given loss, will be available to the City.

6.2 **Subcontractors Insurance**. Contractor agrees to ensure that subcontractors, and any other party involved in the performance of the Services by Contractor, provide the same minimum insurance coverage required of Contractor. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Contractor agrees that upon request, all agreements with subcontractors and others engaged in the project will be submitted to City for review.

6.3 **Modification of Insurance Provisions**. The City Manager may make reasonable amendments to the insurance requirements of this section, with the written concurrence of the Finance Director or Risk Manager, in accordance with Section 8.19 [Administration and Implementation] after considering the Scope of Services, potential liabilities, and the required level of insurance to adequately protect the City.

SECTION 7. TERMINATION.

7.1 **Termination by City**. City may, by written notice to Contractor, terminate with or without cause, and without any prior notice of default or right to cure by Contractor, the whole or any part of this Agreement at any time and by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least five (5) days before the effective date of such termination. Upon termination, Contractor shall be compensated only for those non-disputed Services that have been adequately rendered to City, and Contractor shall be entitled to no further compensation.

7.2 **Termination by Contractor**. Contractor may, by written notice to City, terminate this Agreement based upon City's failure to timely cure a default under this Agreement as provided herein. At least forty-five (45) days prior to termination, Contractor shall provide City with a written notice specifying City's alleged default and providing City with a forty-five (45) day period to cure the default. Should City timely cure such default, the Agreement shall continue. Should City fail to timely or adequately cure such default, Contractor may terminate this Agreement by issuance of written notice to City.

SECTION 8. GENERAL PROVISIONS

8.1 **Assignment or Transfer**. Contractor shall not assign, hypothecate, or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. Any attempt to do so shall be null and void, and any assignees, hypothecates or transferees shall acquire no right or interest by reason of such attempted assignment, hypothecation or transfer.

8.2 **Loss and Damage**. Contractor shall be responsible for all loss and damage which may arise out of the nature of the Services agreed to herein, or from the action of the elements, or from any unforeseen difficulties which may arise or be encountered in the prosecution of the Services until the same is fully completed and accepted by City.

8.3 **Liquidated Damages**. The Parties agree that City has a legitimate interest in ensuring that Contractor provides the Services (including performance of all duties and responsibilities) required under this Agreement in a consistent and reliable manner, and that Contractor's failure to timely provide such Services or to provide them in an inadequate manner will cause City to suffer damages and that it is, and will be, impractical and extremely difficult to ascertain and determine the exact amount of damages or to calculate actual damages. Therefore, in addition to City's right to treat such non-performance as a material breach of, and to terminate, this Agreement, the Parties agree that liquidated damages, as provided herein, represent a reasonable estimate of the monetary damages that reasonably could be anticipated and that proof of actual damages would be costly or impractical. The Parties specifically confirm the accuracy of the statements made above and the fact that each Party has had ample opportunity to consult with legal counsel and obtain an explanation of the liquidated damage provisions at the time that the Agreement was made. Therefore, in lieu of actual damages, Contractor is subject to payment of $500 per failure to perform, per day. City may, at its election, deduct any assessed liquidated damages from payment due, or that will become due, to Contractor from City.

8.4 **Excusable Delays**. Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance of failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

8.5 **Cooperation; Further Acts.** The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of the Agreement.

8.6 **Governing Law.** This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the parties, venue in state trial courts shall lie exclusively in the County of Riverside. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Eastern Division of the Central District of California, located in Riverside, California.

8.7 **Integration**. This Agreement, including the attached Exhibits "A" through "E" and other Contract Documents, is the entire, complete, final and exclusive expression of the parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any party which are not embodied herein shall be valid and binding.

8.8 **Severability.** If a term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or

unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

8.9 **Prohibited Interests**. Contractor represents and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement.

8.10 **Amendments**. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by Contractor and City. The City Manager shall have the authority to approve any amendment to this Agreement if the total compensation under this Agreement, as amended, would not exceed the City Manager's contracting authority under the Eastvale Municipal Code. All other amendments shall be approved by the City Council. The Parties agree that the requirement for amendments or modifications to be in writing cannot be waived and that any attempted waiver shall be void.

8.11 **No Third Party Beneficiaries**. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

8.12 **Delivery of Notices**. All notices required or permitted to be given under this Agreement shall be in writing and shall be given to the respective parties at the email addresses or physical addresses listed in Exhibit "D", or at such other address as the respective parties may provide in writing for this purpose. Such notice shall be deemed made when emailed or personally delivered or forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

8.13 **Binding Effect**. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

8.14 **Waiver**. Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party or any breach of the provisions of this Agreement shall not constitute a waiver of any other provision, nor a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any Services by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

8.15 **Attorney's Fees, Costs and Expenses**. In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing party in such litigation or other proceeding shall be entitled to an award of

reasonable attorney's fees and Costs and Expenses, in addition to any other relief to which it may be entitled.

8.16 **Subcontracting**. Contractor shall not subcontract any portion of the Services, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions of this Agreement.

8.17 **Counterparts**. This Agreement may be signed in counterparts, each of which shall constitute an original.

8.18 **Authority to Execute.** The person or persons executing this Agreement on behalf of Contractor represents and warrants that he/she/they has/have the authority to so execute this Agreement and to bind Contractor to the performance of its obligations hereunder.

8.19 **Administration and Implementation.** This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with the City Manager's contracting authority under the Eastvale Municipal Code.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year first above written.

EXHIBIT "A"

SCOPE OF SERVICES

Contractor shall perform scope of work and provide specified bid items as set forth below and in accordance with IFB requirements.

A. CITY FACILITIES/SERVICE DELIVERY

Contractor is required to provide services to any location City requests, including those not listed herein. Facility locations may be added or deleted, service hours may be modified, and services may be increased or decreased at any given time according to City's needs during the term of the contract.

Contractor must be able to perform work Monday through Thursday for regular services performed at the locations listed below, between the hours specified for each location. Special Event service days and hours may vary depending on event scheduling and City needs. Most regular work will be performed at the locations listed below. However, work may also occasionally be required at other nearby City facility locations as needed. Work requested at any additional locations will be quoted per project at contract pricing when applicable.

1) City Hall
   12363 Limonite Avenue, Suite 910
   Eastvale, CA 91752

   Hours: 7:00 PM – 11:00 PM, except on City Council meeting dates to be provided to Contractor upon award. For City Council meeting dates, Contractor shall perform services after City Council meetings end.

2) Altfillisch Property (Citrus House)
   c/o City of Eastvale
   13200 Citrus Street
   Eastvale, CA 91752

   Hours: 6:00 PM – 10:00 PM

Scheduled Janitorial Services include regular services to be performed as described herein. Special event, one-time cleaning services include regular services to be performed as described herein for events hosted by the City at various locations in Eastvale.

Contractor must dispatch a day porter to provide cleaning services as needed within one hour of the City's request for urgent requests.

B. GENERAL CONTRACTOR REQUIREMENTS

1. Contractor must be able to communicate by email and phone and reachable by phone twenty four (24) hours per day, seven days per week for the purpose of contracting and dispatching service personnel.

2. A response time of two (2) hours is required. Contractor shall provide current contact information (name, phone number, and email address) of the contractor's designated point of contact for 24-hour emergency response and maintain this information current at all times.

3. Contractor must comply with all applicable laws including, but not limited to, the Displaced Janitor Opportunity Act, California Labor Code Section 1070-1065, and the Property Service Workers Protection Act, California Labor Code Section 1420-1434.

4. Contractor must notify City within one day, via email by Contractor's assigned supervisor, for any non-emergency abnormal conditions or occurrences, including vandalized, damaged, or inoperable property. Emergency and urgent issues such as mainline breaks, water leaks, security issues and such shall be reported to the City's Project Manager or designee (CPM) immediately.

5. Should any City property be damaged or destroyed by the Contractor, the Contractor shall bear full responsibility for repair and/or replacement, as coordinated and approved by the City.

6. Contractor shall bear full responsibility for theft or loss of keys in their possession and shall pay cost of re-keying all locks operated by these keys. Keys must not be duplicated.

   The City will issue up to five (5) key cards at the beginning of the contract. Lost key cards will be billed at a fee of $100.00, payable to the City.

7. Use of City telephones and radios is prohibited, except under emergency circumstances for medical aid, fire or safety, etc. Unauthorized use of City office equipment such as copy machines, computers, laptops, coffee machines, etc.is prohibited.

8. Contractor personnel shall not open drawers, cabinets, or locked doors, except to access approved supplies with express permission of the City. Items left on desks or other surfaces shall not be disturbed.

9. For removal of blood, fecal matter, urine, and other potentially infectious materials as outlined in OSHA Regulation 29 CFR 1910.1030, Contractor shall use the Hillyard Bodily Fluid Disposal Kit (Item No. HIL0018204).

C. PERSONNEL

1. Contractor shall provide personnel that has been trained for performance of the specified services.

2. Contractor must provide proper supervision of its personnel. Supervisors must speak English.

3. Contractor personnel shall not be assisted nor accompanied by any individual that is not an employee of the Contractor while performing duties related to the contract.

4. Contractor must not allow its personnel to enter the City premises while under the influence of drugs, alcohol, nor use or possess drugs or alcohol while on City premises and performing services under this contract. Should any Contractor employee be deemed unacceptable to the City for any reason, City may notify Contractor and request the removal of the personnel involved an replacement must be provided. The City shall have the right to require the removal and replacement of Contractor's personnel under the awarded contract. The City is not required to provide any reason, rationale, or additional factual information if it elects to request any specific employee be removed from performing services under the awarded contract.

5. The Contractor shall ensure sufficient staffing levels to provide the services described herein. Should Contractor personnel fail to report for their shift, the Contractor must provide a replacement within two hours.

6. Employees terminated by the Contractor shall be reported the same day to the CPM. If a Contractor's employee is terminated after normal business hours, the next business morning is acceptable.

7. Contractor certifies that all employees working under this contract have had a criminal background check at Contractor's cost and that said employees are clear of any sexual, theft, and drug-related convictions. Contractor further certifies that all employees hired by Contractor or Subcontractor shall be free from any felony convictions. City reserves the right to require Contractor to pay fingerprinting fees for personnel assigned to work in sensitive areas.

8. Contractor shall report accidents and injuries to their immediate supervisor and City representative immediately.

D. UNIFORMS

1. Contractor personnel must wear uniforms supplied by the Contractor while on City premises. The uniform will be subject to approval by the City and must consist of a long or short-sleeved shirt, full-length pants, and have the Contractor's name and/or logo permanently affixed.

2. Uniforms must include a name tag identifying the Contractor's personnel.

3. Contractor personnel must wear protective gear appropriate to the task(s) being performed, as required by applicable Cal/OSHA regulations.

E. SUPPLIES

1. Supplies, equipment and tools which Contractor must provide and maintain at designated City facilities include, but are not limited to:
   a. Liquid hand soap;
   b. 2-Ply toilet paper;
   c. Toilet seat covers;
   d. Trash liners;
   e. Sanitary receptacles for feminine hygiene products
   f. Multi-fold hand towels;
   g. Cleaning agents for flooring, tile, glass, counters, etc.
   h. Surface sanitizers;
   i. Metal polishes
   j. Wet and dry vacuum cleaners;
   k. Floor buffers;
   l. Mops;
   m. Sponges;
   n. Wet floor signs;
   o. Utility carts;
   p. Buckets
   q. Carpet pile lifters;
   r. Rags;
   s. Floor washers;
   t. Brooms;
   u. Sweeping tools;
   v. Squeegee;
   w. Mop bucket with wringer function;
   x. Clean rayon mop head with handle;
   y. Auto floor scrubber;

2. Material Specifications
   All materials and supplies shall be new, high quality, free of defects, and designed for the intended use and shall be subject to the City's designated inspector's approval. Specifications for materials may change upon request of the City. Specifications included herein are for the materials currently used by the City and for which fitness and quality of items provided/bid by Contractor must be met or exceeded. Any specifications provided are for bidders' reference only.

3. Bio-Based Products
   Contractor must only utilize bio-based products approved by the United States Department of Agriculture (USDA). Visit the product catalog at: https://www.biopreferred.gov/BioPreferred/

4. Material Safety Data Sheets
   Material Safety Data Sheets must be on-site and available for all chemicals stored and used within a service area prior to beginning work.

5. Recovered organic material product and recycled-content paper procurement
   Contractor must procure recovered organic material and paper products in accordance with Eastvale Municipal Code Section 4.06.130. Contractor shall create and maintain a record of all products procured under this requirement for the duration of the contract term and must furnish a copy of the report on an annual basis, upon request of the City. Reports shall be provided in an Excel formal to the City. The City's Municipal Code is available here: https://www.eastvaleca.gov/government/city-clerk-s-office/municipal-code

F. QUALITY ASSURANCE

Contractor must comply with the minimum Cleaning Quality Standards **(Exhibit III)**. The CPM shall monitor the Contractor's performance regularly. City staff shall conduct facility inspections and cleaning deficiencies will be noted. Upon award, Contractor shall submit a Quality Assurance Plan, which shall be signed by the Contractor's assigned Project manager and approved by the CPM. Contractor shall coordinate a monthly site walk with CPM during the last week of every month.

G. HOURS OF OPERATION

1. City-observed holidays for all facilities are as follows:
   a. New Year's Day
   b. Martin Luther King Jr. Day
   c. President's Day
   d. Memorial Day
   e. Independence Day
   f. Labor Day
   g. Veteran's Day
   h. Thanksgiving Day
   i. Day After Thanksgiving
   j. Christmas Eve Day
   k. Christmas Day

2. City Hall Closures:
   City Hall is closed to the general public on several days during the calendar year. However, City staff may continue to work during City Hall closure days and Contractor must perform services as scheduled unless otherwise

instructed by the City's Project Manager. The following includes days when City Hall is closed. These dates may be updated at any time during the term of the Contract.

a. Every Friday.
b. If a holiday falls on a Friday or Saturday, City Hall is closed the previous Thursday.
c. If a holiday falls on a Sunday, City Hall is closed the following Monday.
d. The week of Christmas (Monday through Friday).

H. DAILY MAINTENANCE TASKS

1. General Cleaning: Contractor shall remove all litter found and clean unsightly soil and dust from building, fixtures, walls, door frames, doors, furniture, appliances, and other surfaces; remove any spilled liquids or solids; remove carpet stains.

   Contractor must ensure general cleanliness and maintenance of areas with minimal hand contact (Low-Touch), including free-standing furniture and appliances, lockers, floors, walls, ceilings, mirrors, ceiling fans, baseboards, trim, shelves, etc. and take special care to eliminate the appearance of smudges, fingerprints, dust, and other markings and debris. The interior of enclosed free-standing furniture, lockers, and appliances will not be required to be cleaned and sanitized. However, the external surfaces of these items must be regularly cleaned as needed. Contractor must also clean and disinfect high-touch areas (e.g., door handles and surrounding areas, cabinet handles, light switches, restrooms, kitchen areas, etc.) on a daily basis consistent with the contracted working days.

2. Dusting Building Surfaces: Contractor shall remove all dust, lint, cobwebs, debris, dry soil, etc. from surface of ledges window sills, surface tops which are not considered as workstation desk surfaces.

3. Spot Cleaning of Building Surfaces, Furniture, and Fixtures: Contractor shall clean to remove smudges, fingerprints, marks, streaks, tape, etc. from the surface of ledges, windows and sills, fire extinguishers, counter tops walls, light fixture holders, ceiling vents, doors, door frames and sills, pictures, partitions, rails and other types of fixtures and surfaces. This includes all items from the floor surface up to 12 feet in height. Special care is to be taken to not permanently mar, scratch, or discolor any surface.
4. Emptying of All Recycling Food Scraps and Trash Receptacles
   Contractor shall comply with the City's requirement to implement a program to promote cost-effective waste reduction in all operations and facilities covered by this contract. The Contractor's programs shall comply with applicable Federal, State, and local requirements, including the following regulations:

a. Assembly Bill (AB) 341 – requires entities that generate four or more cubic yards of waste per week to arrange for recycling services.
b. AB 1826 – requires entities that generate four or more cubic yards of waste per week to arrange for recycling of organic waste.
c. Senate Bill (SB) 1383 – shall require municipalities to procure recycled content paper products for at least 75% of annual paper buy and to retain records of all recycled content paper procurement. This requirement includes custodial paper products.

5. Spot Cleaning Trash Receptacles
   Contractor shall remove non-permanent stains and soil from the interior and exterior surfaces of trash receptacles.

6. Entrance Glass, Mirrors, Workstation Glass, and Sneeze Guards
   Contractor shall thoroughly clean both sides of all surrounding building entry door glass and office and entry doors and windows for a uniform appearance free of all smudges, fingerprints, stains, streaks, lint, cobwebs, etc.; remove any paper and/or tape; clean all mirrors in restrooms, locker rooms and any other rooms where mirrors may be placed in the same manner as noted above; and spot-clean workstation and/or partition/sneeze guard glass daily as needed.

7. Sinks, Wash Basins, Toilets, Urinals and Showers
   Contractor shall apply a germicidal detergent solution to all surfaces of wash basin, toilets, toilet seat hinges, pipes, urinals, showers, and adjacent surfaces; remove soil and all surfaces of these fixtures and adjacent surfaces; dry all metal surfaces of faucets, handles, valves, etc. Shower wall, floor and door soap scum, mold and mildew shall be removed daily and drain screens cleaned of hair and lint. Contractor shall de-scale toilets and urinals to remove scum, mineral deposits, rust stains, etc. All metal fixtures shall be polished, inside and out, including but not limited to toilets, drinking fountains, urinals, plumbing, sinks, flush valves, kitchen vent hoods, mounting plates, dispensers, nuts, screws, traps, hose bibs, water connections, handrails, mirrors, etc. using approved products. Oil is not to be used to polish metal fixtures.

   Toilets and urinals shall be flushed prior to finishing and approved products to be added. Waterless urinals filters shall be replaced with approved urinal manufacturer's cartridges as often as necessary to prevent foul odors and urine back-up. Waterless urinal manufacturer's specified cartridge.
   Contractor shall check toilets and stoppages and use plunger and/or hand auger to unplug. Should Contractor be unsuccessful in unclogging toilet or urinal, they must immediately notify the City's Project Manager.

8. Refilling of Dispensers
   Contractor shall inspect, refill, and provide toilet paper, soap, paper towels, approved deodorants, seat covers, and other items required by the City. Supplies shall be placed in the dispensers in accordance with the supplies and dispenser manufacturers' instructions. Soap dispensers and adjacent surfaces shall be wiped to remove spillage. Care shall be taken so as not to damage dispensers.

9. Floor Drains
   Contractor must clean all floor drains and remove corrosion and tarnish.

10. Vacuuming Carpeted Floors
    Remove all dust, debris, lint, hair, litter, and dry soil from all fabric surfaces of chairs, couches, workstation partitions, and other fabric coverings.

11. Stain Removal on Carpet, Upholstery, Partition Panels and Walls
    Contractor must clean and remove all stains as quickly as they are discovered so as not to allow them to set into the fabric. If the stain is due to a coffee spill, a contractor-supplied product similar to Interface Coffee Breaker must be used, following the manufacturer's recommended procedures. Spot clean as necessary.

12. Mopping of Non-Carpeted Floors
    Contractor must remove soil, dust, hair, and debris from non-carpeted floors. Trash receptacles and other such small items shall be moved as necessary and returned to their appropriate location. All accessible areas of the floor shall be swept, mopped using approved germicidal cleaners, and buffed/polished to a non-streaked consistent in appearance luster. Care shall be taken to prevent splash and mop streaks from being visible on furniture legs, doors, etc. "Caution Wet Floor" safety warning signs shall be placed so as to provide sufficient safety measures and removed when floor is sufficiently dry.

13. Cleaning of Wood Furniture and Surfaces
    Contractor shall thoroughly clean to remove dust, smudges, fingerprints, marks and streaks from wood surfaces while ensuring to not scratch or mar surfaces.

14. Locker Rooms
    Lockers shall be cleaned and disinfected (outside and tops) using approved germicidal cleanser. Contractor to clean, sanitize, and polish benches and hardware.

15. Special Notices
    All furniture moved by the Contractor or any Subcontractor during the performance of any services shall be returned to its appropriate location. All

items such as receptacles or desk chairs, that are moved to enable cleaning underneath or around them shall be returned to their appropriate locations.

The proper quantity and type of safety warning signs, such as “Caution – Wet Floor”, shall be placed by the Contractor’s employees each time such conditions exist that would warrant placement of such signs. Signs are to be picked up and stored at facilities designated by the CPM and once the condition no longer exists to warrant such signs.

I. OTHER TASKS REQUIRED

1. Day Porter Services: The City may require day porter services or urgent call-out requests on an as-needed basis.

2. Contractor may also be required to provide other related cleaning services not specified herein. Cleaning services for tasks not specified in this IFB, may be included under this contract but quoted by the Contractor on an individual basis.

3. Window Cleaning – interior and exterior cleaning of windows must be performed on a monthly basis

4. Floorcare: Strip and wax of all VCT and scrubbing of tile – typically performed on an annual basis

5. Carpet cleaning (extraction) – carpet deep cleaning with pre-treatment cleaning solution shall be typically performed on an annual basis but may be requested by the City on an as-needed basis.

J. SPECIAL EVENTS

1. Contractor shall provide the appropriate number of personnel and supervisors for each event according to City needs in order to perform work in a manner satisfactory to the City. City staff to indicate initial levels of staff support based on prior attendance.

2. Provide City’s Special Events Project Manager or designee accessible telephone numbers, cellular telephones and email addresses for Contractor staff assigned to special events.

3. Perform all work in accordance with specifications and instructions to ensure that all operations are being accomplished in the best interest of the City. Contractor will designate an on-site supervisor who shall serve as the primary point of contact for City event staff and who will ensure that all work has been completed. Any issues or concerns related to waste management or site cleanliness shall be reported immediately to City staff.

4. Place and maintain cardboard trash receptacles and trash bags to be provided by City. Contractor to teardown and stack trash receptacles after event if they can be re-used; damaged or unusable trash receptacles are to be discarded responsibly by Contractor.

5. City will notify Contractor of need for services 2-3 months prior to first date of event, with meetings to be held as needed leading up to event. Meetings are to be held in person at a designated City facility or virtually at City's discretion.

6. Provide porters to maintain and clean restrooms and areas surrounding restrooms *during* the event.

7. Regularly monitor and patrol the event area to identify and address any waste or cleanliness issues.

8. Empty trash boxes as needed and replace with fresh bags provided by the City.

9. The Contractor shall provide any additional cleanup tools or equipment needed, such as gloves, brooms, dustpans, and waste carts.

10. Ensure high-traffic areas, restrooms, and food service areas remain clean and sanitary.

11. Respond promptly to any cleanup requests made by City event staff.

12. Begin event site cleanup immediately following the end of the event.

13. Dispose of all trash in the disposal bins provided by the City.

14. Provide transportation equipment for event cleanup, set up, and tear down as appropriate to facilitate the most efficient performance of services.

15. Pricing: Pricing shall be a lump sum price quoted per event. This sum may be extended by a rate per labor hour for additional services outside the originally specified scope of the cleanup area on a special call out basis after the event or for another event in which the City determines this service contract is necessary.

16. Current Annual City Events:
    A list of events hosted by the City that required janitorial services during 2024-2025 (for reference only) and their respective locations is included herein. These events are typically held on an annual basis. The City may add, delete, or relocate any event at its discretion.

CITY OF EASTVALE CLEANING QUALITY STANDARDS

Purpose

To define the minimum acceptable level of cleanliness and condition for janitorial services at all City facilities. These standards will be used by City staff and the janitorial contractor to ensure consistency, performance accountability, and satisfaction across all serviced locations.

---

1. General Facility Cleanliness

Area	Task	Quality Standard
All Areas	Trash/Recycle Removal	Trash and recycle bins shall be emptied, relined, and cleaned as needed. No overflow. Lids wiped clean. No spills or residue at base.
High-Touch Surfaces	Wipe-down/Disinfection	Door handles, push bars, light switches, handrails, and other high-contact points shall be disinfected and free of smudges, prints, or sticky residue.
Horizontal Surfaces	Dusting	Ledges, sills, baseboards, counters, furniture tops, and vents shall be free of visible dust, cobwebs, and lint. Dust shall not be redistributed onto floors.
Floors	Debris Removal	All visible litter, debris, paper, and spills removed. Floors appear clean and safe for walking.
Floors	Sweeping/Mopping	Hard floors must be uniformly clean and streak-free with no visible mop trails, residues, or water spots. No dirt buildup at corners or baseboards.
Floors	Carpet Vacuuming	Carpeted floors shall be vacuumed and visibly free of debris, hair, paper, or dust buildup. Vacuum patterns are preferred. No crumbs or lint in corners.
Glass	Spot Cleaning	Entry doors, sneeze guards, mirrors, and interior glass shall be clean and free of fingerprints, smudges, and streaks. Corners and edges should not hold dirt.
Furniture	Spot Cleaning	Arms, backs, and seats of chairs and sofas shall be wiped clean and free of stains or soil buildup. No sticky residue or dust.

---

2. Restrooms

Area	Task	Quality Standard
Toilets/Urinals	Cleaning & Sanitizing	Clean inside and out, including under rims, hinges, and bases. No stains, rings, or odor. Seats dry and free of debris. No water spotting.
Sinks/Counters	Cleaning	Sinks, faucets, and counters shall be sanitized and wiped dry. No water stains, soap buildup, or splashes. Faucets polished.
Mirrors	Cleaning	Mirrors must be streak-free, with no spots, smudges, or residue. Corners and edges clean.
Floors	Mopping	Restroom floors must be cleaned with a germicidal solution and appear clean, dry, and streak-free. Corners and grout lines must not accumulate grime.
Partitions/Doors	Spot Cleaning	Free from graffiti, fingerprints, stains, and dust. Hinges and locks function properly.
Trash/Sanitary Disposal	Emptied & Relined	Trash and feminine hygiene bins emptied daily. All bins wiped clean as needed. No odor or overflow.
Dispensing Units	Restocking	Toilet paper, paper towels, soap, and seat covers are fully stocked. No empty dispensers. Spills or drips under dispensers wiped clean.

3. Break Rooms / Kitchens

Area	Task	Quality Standard
Sinks & Counters	Wipe Down	Sinks and counters must be disinfected and free of food residue, coffee stains, and crumbs. Faucets clean and polished.
Tables & Chairs	Cleaning	Wiped clean of spills, smudges, and crumbs. Underside checked for gum or stuck debris.
Cabinets & Appliances (Exterior)	Spot Clean	Exterior of microwaves, fridges, and cabinets shall be wiped and free of fingerprints, drips, or smudges.
Floors	Swept & Mopped	Floors must be clean of food, trash, and spills. No sticky residue or odor.

4. Specialty Tasks

Area	Task	Quality Standard
Carpet Extraction	Annual Deep Clean	All traffic areas and spots treated and extracted. No visible stains or odor post-cleaning. Even appearance and minimal residual moisture.
VCT Floor	Annual	Uniform shine and no visible streaks or buildup.

Area	Task	Quality Standard
Stripping/Waxing	Deep Clean	Corners clean and wax-free. No slippery residue.
Exterior Windows	Monthly Cleaning	All glass surfaces free of water spots, streaks, and dust. Sills wiped. No cobwebs or debris.
Special Event Cleanup	Pre/Post Event	Trash removed, floors clean, and restrooms sanitized before and after events. No leftover debris or spillage in common areas.

5. General Expectations

Standard	Description
Odor Control	All areas should be free of offensive or lingering odors. Deodorizers used sparingly and safely.
Safety	“Wet Floor” signs must be used during mopping or spills. No trip hazards left behind (cords, buckets, supplies).
Discretion & Conduct	Cleaners shall be professional, courteous, and avoid disturbing meetings or workspaces. No tampering with personal belongings or opening drawers.
Security	All doors locked after work. No unauthorized persons allowed in facilities.
Supplies	City restrooms and kitchens must be stocked with supplies from the contractor’s approved inventory. No substitute brands unless pre-approved.

6. Inspection & Evaluation Criteria

Score	Description
☑ Pass	Area meets or exceeds standard. No corrective action needed.
⚠ Minor Deficiency	Area needs minor correction. Contractor must resolve within 24 hours.
✕ Major Deficiency	Area not cleaned, unsafe, or complaint received. Contractor must resolve same-day and may face fee deduction.
🔁 Repeated Deficiency	Recurring issues in same location/task. May trigger warning, meeting, or corrective action plan.

7. Corrective Action Requirements

- Minor issues must be corrected **within 24 hours** of notification.
- Major deficiencies (e.g., biohazard left uncleaned, overflowing trash, foul odors) must be addressed **immediately**.
- If three or more major deficiencies occur in a 30-day period, a **formal corrective action plan** will be required.
- Continued non-compliance may result in deductions, withholding of payment, or contract termination.

EXHIBIT “B”

SCHEDULE OF PERFORMANCE

Contractor shall perform services daily, monthly, annually, and as needed in accordance with Exhibit “A” of this agreement.

EXHIBIT "C"

COMPENSATION

Total compensation to Contractor for the Services shall not exceed $75,000 per fiscal year (July 1 through June 30).

No.	DESCRIPTION	BID PRICE
1	Janitorial Services, City Hall, 4 x per week, price per month	$1,831.00
2	Janitorial Services, Altfillisch Property (Citrus House), 4 x per week, price per month	$1,458.00
3	Outside Window Cleaning, once per month, price per month	$367.00
4	Interior Window Cleaning, once per month, price per month	$367.00
5	Floorcare – Strip and Wax of all VCT and scrubbing of tile, approx. once per year, price per request for service	$691.00
6	Carpet Cleaning (extraction), approx. once per year, price per request for service	$1,070.00
7	Carpet Cleaning (extraction), as needed, price per square foot	$0.15
8	Tile and Grout Deep Cleaning (hot water extraction), as needed, price per square foot	$0.65
9	Special Event, Eeekvale Halloween & Cultural Event, one day –Saturday (assuming 4,000 attendance; and 3 porters for six hours from 4:00 PM through 10:00 PM)	$585.00
10	Special Event, Miracle on Citrus, two days – Saturday and Sunday (assuming 6,000 attendance; and 3 porters for six hours from 4:00 PM through 10:00 PM)	$1,170.00
	ADDITIONAL: AS NEEDED	
11	Day Porter Services, hourly rate	$32.50
12	Day Porter Services, daily rate (based on an 8-hour day)	$260.00

EXHIBIT "E"

INSURANCE REQUIREMENTS FOR CITY OF EASTVALE

The City requires a certificate of insurance, including an underwriter's endorsement, prior to commencement of the Services.

The insurance policies are to include additional endorsements that contain the following provisions:

1. That the City of Eastvale and its respective elected officials, officers, employees, agents and representatives are additional insureds under the policy;

2. The policies are primary and non-contributory to any insurance that may be carried by City;

3. The City is entitled to thirty (30) days' prior written notice of cancellation, material reduction, or non-renewal of the policy or policies.

4. The insurance shall be carried only by responsible insurance companies that have rated "A-" and "V" or better by the A.M. Best Key Rating Guide, that are licensed to do business in the State of California. City will accept insurance provided by non-admitted "surplus lines" carriers only if the carrier is authorized to do business in the State of California.

Only the following "marked" requirements are applicable:

__X__ **Commercial General Liability (CGL):** Insurance written on an occurrence basis to protect Contractor and City against liability or claims of liability which may arise out of this Agreement in the amount of one million dollars ($1,000,000) per occurrence and subject to an annual aggregate of two million dollars ($2,000,000). There shall be no endorsement or modification of the CGL limiting the scope of coverage for either insured vs. additional insured claims or contractual liability. All defense costs shall be outside the limits of the policy.

__X__ **Vehicle Liability Insurance:** Contractor shall also procure and shall maintain during the term of this Agreement vehicle liability insurance in an amount not less than $1,000,000 for injuries, including accidental death, to any one person, and subject to the same minimum for each person, in an amount not less than one million dollars ($1,000,000) for each accident, and property damage insurance in an amount of not less than one million dollars ($1,000,000).

__X__ **Workers' Compensation Insurance:** For all of Contractor's employees who will provide Services under this Agreement and to the extent required by applicable state or federal law, Contractor shall keep in full force and effect a Workers' Compensation policy that

includes a minimum of one million dollars ($1,000,000) of employers' liability coverage. Contractor shall provide an endorsement that the insurer waives the right of subrogation against the City and its respective elected officials, officers, employees, agents and representatives. In the event a claim under the provisions of the California Workers' Compensation Act is filed against City by a bona fide employee of Contractor participating under this Agreement, Contractor is to defend and indemnify the City from such claim.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
CONSENT CALENDAR
Agenda Item No. 11.13
June 25, 2025

Approval of Nearmap Geographical Information System Software Contract Renewal

Prepared By:

Alexander Fung, Economic Development Manager

Recommended Action(s)

Staff recommends that the City Council approve the renewal of the City's contract with Nearmap US, Inc. for a period of two additional years from July 1, 2025 to June 30, 2027.

Summary

Nearmap is an aerial and geospatial mapping platform that provides users with current and historic location updates, accurate depth and height measurements, and side-by-side image change detection analyses. Since 2020, staff from the City's Community Safety, Economic Development, Planning, and Public Works teams utilize Nearmap to support code enforcement, business attraction, infrastructure planning, and advanced planning efforts. The current contract with Nearmap US, Inc. is set to expire on June 30, 2025.

Acknowledging that Nearmap's services significantly support staff's ability to implement projects and initiatives that support the City Council's Strategic Plan, staff recommends that the City Council approve the renewal of the City's contract with Nearmap US, Inc. for a period of two additional years. The Agreement allows for up to 3 one-year renewals by mutual written agreement of the parties. If renewal is sought at the end of the two-year term City staff will seek additional authorization for any such renewal terms.

Background

Nearmap's platform provides various functions for jurisdictions to track residential and commercial development and construction activities. The platform's functionalities allow users to receive up-to-

date and high-resolution imagery that can drive informed and smart decision-making. Without accurate aerial maps, the City faces challenges in sharing accurate development and construction information. Additionally, code enforcement staff can utilize the platform to evaluate and analyze code violation complaints filed by residents and stakeholders.

Given the information provided by Nearmap, staff can perform extensive analysis during the development planning process to attract desired businesses. Potential tenants and developers can also inspect sites and visualize projects remotely. This information can be utilized to provide Eastvale with a competitive advantage when recruiting for new businesses and retailers.

Analysis

The current contract with Nearmap US, Inc., which expires on June 30, 2025, was set at $17,239.19/year. The subscription cost is anticipated to increase due to inflationary factors. Staff recently negotiated with Nearmap's representatives and obtained an agreement from Nearmap in which the company will increase the cost by 7% in FY 2025-2026 and agree to not increase the cost in FY 2026-2027, in exchange for a two-year agreement with the City. As a result, the proposed contract renewal will abide by the following cost schedule:

Item	**Duration**	**Amount**
Year 1	July 1, 2025 - June 30, 2026	$18,446.00
Year 2	July 1, 2026 - June 30, 2027	$18,446.00
TOTAL		**$36,892.00**

In the event that the City no longer requires services from Nearmap, staff reserves the right and ability to immediately terminate the contract with Nearmap without fulfilling the entire two-year contract term.

Environmental

Pursuant to Section 15378 of the California Environmental Quality Act (CEQA) Guidelines, organizational or administrative activities of governments that do not result in direct or indirect physical changes in the environment are not considered as CEQA projects.

Strategic Plan Action - Priority Level: 1 | Target #: B | Goal #: A

Utilizing Nearmap's platform can allow staff to perform extensive analysis to evaluate Eastvale's development opportunities, which greatly supports the City's business attraction and retention efforts.

Fiscal Impact

The total impact to the General Fund of $36,892.00 spans over two fiscal years from July 1, 2025 to June 30, 2027. These funds are and will be budgeted in the Economic Development Division's "Other Contract Services" account 100-302-6490. Annual costs are listed as follows:

Item	**Duration**	**Amount**

Year 1	July 1, 2025 - June 30, 2026	$18,446.00
Year 2	July 1, 2026 - June 30, 2027	$18,446.00
TOTAL		**$36,892.00**

Prior City Council/Commission Action

The City began using Nearmap's services on June 1, 2020, with a one-year contract costing $13,400.00. Since this amount was within the City Manager's signing authority, the contract was approved by the City Manager for the period from June 1, 2020, to May 30, 2021.

On July 28, 2021, the City Council approved a 13-month renewal of the contract with Nearmap for an amount not-to-exceed $16,124.66, covering the period from June 1, 2021, to June 30, 2022. Although this amount was within the City Manager's authority, it was treated as an amendment to the original contract that was executed in 2020. Since the total cost for the two contracts exceeded the City Manager's signing authority, the City Council's approval was required, in accordance with the City's Purchasing Policy.

On June 9, 2022, staff entered into a new one-year contract with Nearmap for an amount not-to-exceed $15,344.26, covering July 1, 2022, to June 30, 2023. This contract was considered separate from the previous agreements. As a result, it was approved under the City Manager's authority.

Recognizing the cost benefits of multi-year agreements, staff sought City Council approval for a two-year contract with Nearmap for the period from July 1, 2023, to June 30, 2025. On May 24, 2023, the City Council approved the two-year agreement for a total of $34,140.34.

Additional Terms and Conditions

LEGAL: PRODUCT-SPECIFIC TERMS

17 MARCH 2019 | HALF MOON BAY, CA

ODUCT-SPECIFIC TERMS

Types of Products:

- 3D Export V1 (applicable if purchased before 8 July 2020)
- 3D Export V2 (applicable if purchased from 8 July 2020 onwards)
- 3D Export Pro
- 3D Viewer V1 (applicable if purchased before 1 Apr 2020)
- 3D Viewer V2 (applicable if purchased from 1 Apr 2020 onwards)
- ACE Special
- Advantage Starter
- Annual Allowance
- ArcGIS Integration
- Area Based Bundles and Parcel Based Bundles
- DSM and True Ortho API
- Nearmap AI and AI Parcel Export (Offline Delivery)
- Nearmap Now
- Nearmap Oblique for ArcGIS
- Nearmap On OpenSolar
- Offline DSM and Offline Textured Mesh V1 (applicable if purchased before 4 Oct 2018)
- Offline DSM and Offline Textured Mesh V2 (applicable if purchased between 4 Oct 2018 to 18 Dec 2018)
- Offline DEM, Offline DSM, Offline Textured Mesh, Offline Point Cloud, and Offline True Ortho V3 (applicable if purchased from 18 Dec 2018 onwards)
- Offline Copy Add-on for Government
- Public Display License for Government V1 (applicable if purchased before 31 Jan 2020)
- Public Display License for Government V2 (applicable if purchased from 31 Jan 2020 onwards)
- Nearmap for Government
  - Nearmap Vertical for Government
  - Nearmap Panorama for Government
  - Nearmap Obliques for Government

TERMS AND CONDITIONS APPLICABLE TO 3D EXPORT [V2] FROM 8 JULY 2020 ONWARDS

1. **No Periodic Data Allowance** –Periodic Data Allowance will not apply to the use of the 3D Export Product.

2. **Export Allowance** –

(a) The 3D Export Product includes an allocated Export Allowance that may be used by the Licensee to select an area within the Coverage Area to export from the Website into available 3D format.

(b) Each time the Licensee exports an area into 3D format, the area will count towards reducing the Licensee's Export Allowance.

(c) The types of 3D format available for export will be at Nearmap's sole discretion.

(d) Unused Export Allowance will not be rolled over to the next Period.

(e) The Licensee will not be able to export an area into 3D format where its' Export Allowance remaining at the time of executing an export is less than the area for exporting.

3. **Export Restrictions** – The Licensee acknowledges that certain export restrictions apply to the 3D Export Product, such as a minimum export area size and a maximum export area size, which are specified in the relevant Nearmap documentation from time to time.

4. **Retaining 3D data** – Notwithstanding any other sections in the Agreement, the Licensee may store 3D data exported from the Website to be used for the Permitted Purposes, and the Licensee may continue to retain any such exported 3D data until the Agreement expires or is terminated, at which point the sections in the Agreement requiring the Licensee to delete, destroy or return to Nearmap all Products and section 5 of these Product-Specific Terms apply.

5. **Top Up Blocks** – If the Licensee is about to exceed its Export Allowance, the Licensee may purchase additional Top Up Blocks. The Top Up Blocks purchased will only be added to the Licensee's usage account once payment has been made within the payment term specified on the invoice.

6. **Additional Audit Requirements** – In addition to the audit requirements in the agreement, upon expiry or termination of the Agreement, the Licensee shall, within seven (7) days from the expiry or termination of the Agreement, provide Nearmap certification declaring that it has deleted and destroyed all 3D Export Products provided under this Agreement.

7. **Third Party Access** – The Licensee is permitted to make the exported 3D data available to third party contractors that are providing visualization services, including but limited to animation, presentation and static imagery creation ("Visualization Work") to the Licensee strictly to the extent necessary for the third party to provide Visualization Work to the Licensee only. At all times, the Licensee remains responsible and liable for all acts and omissions of any such third parties in connection with the use of the exported 3D data.

8. **Renewal**

(a) Where the Agreement is further renewed (regardless if it is automatically or manually renewed), subject to the payment of the Fees, the Licensee may continue to use the 3D Export Products, which were exported by the Licensee under the initial Agreement, for the Permitted Purpose for the Renewal Term.

(b) If a Top Up Block has been purchased during the Term in addition to the existing 3D Export Product, the Top Up Block will not be included in any auto-renewal of the Agreement.

9. **Definition**: For the purposes of these 3D Export Product-Specific Terms,

(a) **Derivative Works**, specifically in relation to the Licenses's use of the 3D Export Product, means any new work created by or for the Licensee that incorporates the 3D data where the 3D data cannot be separated and used on its own. For the avoidance of doubt, when the file format or file type of a Product has been amended, it remains a Product, and is not considered a Derivative Work.

(b) **Export Allowance** means the area allowance specified in the "Allowance" or "Annualized Estimated Usage" column of the Quote, unless otherwise agreed in writing between Nearmap and the Licensee.

(c) **Top Up Block** means any additional data blocks as specified on the Quote for the purchase of additional allowance at the then current price.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO 3D EXPORT PRO

This bundled product includes 3D Export and 3D Viewer. Nearmap Product-Specific Terms shall apply to 3D Export and 3D Viewer. The 3D Export Pro (including all of the bundled Products) will automatically renew for further periods in accordance with the terms of the Agreement, unless otherwise agreed in writing between the parties.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO 3D VIEWER [V2] FROM 1 APR 2020 ONWARDS

1. **No Periodic Data Allowance** – Periodic Data Allowance will not apply to the use of the 3D Viewer Product.

2. **Additional Uses –** The Licensee is permitted to capture static images or video snapshots of 3D Viewer Product using any available print screen or video capture function and use the static images or video snapshots for purposes of creating Derivative Works. Derivative Works specifically in relation to the Licensee's use of the 3D Viewer Product means any new work created by or for the Licensee that incorporates or embeds static images or video snapshots of the 3D data.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO ACE SPECIAL

1. Notwithstanding the terms in the agreement, Nearmap will not charge the Licensee any additional fees for any use by the Licensee of the Products resulting in data consumption in excess of the Periodic Data Allowance.

2. **Renewal** This Agreement will not auto-renew, and may only be renewed by mutual written agreement between the parties. If the Agreement is renewed by mutual agreement between the parties, the parties will in good faith discuss the appropriate Periodic Data Allowance of the Renewal Term based on the Licensee's usage pattern and total data usage calculated at the end of the current Period.

3. For the purposes of this Product-Specific Terms,

(a) **Renewal Term** means the renewal term as mutually agreed between Nearmap and the Licensee.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO ANNUAL ALLOWANCE

1. Renewal - If a Top Up Block has been purchased during the Term in addition to the existing Annual Allowance Product, the Top Up Block will not be included in any auto-renewal of the Agreement.

2. **Periodic Data Allowance.** If the amount of data consumed by the Licensee in any given Period is less than the Periodic Data Allowance, including any applicable Top Up Blocks, the balance will not be rolled over to a following Period.

3. **Top Up Blocks.** If the Licensee is about to exceed its Periodic Data Allowance, the Licensee may purchase additional Top Up Blocks. The Top Up Blocks purchased will only be added to the Licensee's usage account once payment has been made within the payment term specified on the invoice.

4. Section 1.6(d) of the Agreement is deleted in its entirety.

5. The definition of "Excess Data Rate" is deleted in its entirety.

6. For the purposes of this Product-Specific Terms,

(a) **Annual Allowance Product** means "Nearmap Vertical - Annual Allowance" and "Nearmap Oblique - Annual Allowance" Products, as specified on the Quote. For the avoidance of any doubt, any references to “Products” in the Agreement also refers to the Annual Allowance Product;

(b) **Periodic Data Allowance** also means the data allowance specified in the “Allowance” or “Annualized Estimated Usage” column of the Quote, unless otherwise agreed in writing between Nearmap and the Licensee;

(c) **Top Up Block** means any additional data blocks as specified on the Quote for the purchase of additional data allowance at the then current price.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO ADVANTAGE STARTER

1. Section 1.6 of the Products Agreement does not apply to this introductory offer. The Licensee acknowledges that its use of the Product is subject to Nearmap's Fair Use Policy). The Product is only available through Nearmap's MapBrowser and compatible GIS/CAD integration with no API/TMS access. The licensee is not permitted to pre-fetch, cache, index or store any content through its use of the Product to be used outside of the License, except the Licensee may store limited amounts of content solely for the purpose of improving its use of the Products, and only if such storage (a) is temporary (and in no event more than 30 calendar days), (b) secure, (c) does not manipulate or aggregate any part of the content or License and (d) does not modify attribution in any way. The Licensee is not permitted to use the Product in a manner that gives the Licensee or a third party access to mass downloads or bulk feeds of any content

Back to Top

TERMS AND CONDITIONS APPLICABLE TO ARCGIS INTEGRATION

1. The Licensee's usage of the ArcGIS Integration will be counted towards the Licensee's total Periodic Data Allowance. Please ensure that you have sufficient Periodic Data Allowance to meet your requirements with ArcGIS Integration to avoid restrictions being placed with your subscription

Back to Top

TERMS AND CONDITIONS APPLICABLE TO AREA BASED BUNDLES

TERMS AND CONDITIONS APPLICABLE TO AREA BASED BUNDLES AND PARCEL BASED BUNDLES

These terms and conditions are applicable if you have purchased an Area Based Bundle or a Parcel Based Bundle (Note: Nearmap Product-Specific Terms shall apply to 3D Export), which include the following Products:

- Nearmap Vertical;
- Nearmap Oblique (which includes Vertical, Panorama and Oblique imagery);
- Nearmap Pro (which includes Vertical imagery and 3D Viewer); and
- Nearmap Oblique Pro (which includes Vertical, Panorama and Oblique imagery and 3D Viewer).

1. Definitions:

(a) "**2D Content**" means, to the extent provided in the Quote, either Vertical, Panorama and/or Oblique imagery accessed within the AOI;

(b) "**3D Content**" means, to the extent provided in the Quote, in particular 3D Viewer (as part of the Area Based Bundles or Parcel Based Bundles) or 3D Export accessed within the AOI;

(c) "**AOI**" means the Area of Interest as attached to the Quote;

(d) "**Annual Allowance**" means:

(i) in relation to Area Based Bundles, the square mileage area allowance of 2D Content and/or 3D Content specified in the Quote for the Term; and

(ii) in relation to Parcel Based Bundles, the Land Parcel allowance of 2D Content and/or 3D Content specified in the Quote for the Term;

(e) "**Content**" means 2D Content and/or 3D Content;

(f) "**Land Parcel**" means, in relation to Parcel Based Bundles, a specific parcel of land in the AOI with a specific address, regardless of whether that parcel of land is for commercial or residential use;

(g) "**Top Up Blocks**" means:

(i) in relation to Area Based Bundles, additional area allowance as measured by additional square mileage area requested to be used by the Licensee during the Term; and

(ii) in relation to Parcel Based Bundles, additional parcel allowance as measured by additional Land Parcels requested to be used by the Licensee during the Term; and

(h) "**User Based Fees**" means the fees provided in the Quote.

2. **No Periodic Data Allowance** – Periodic Data Allowance will not apply to the use of the Area Based Bundles or the Parcel Based Bundles.

3. **Annual Allowance** –

(a) The Licensee is permitted to use up to the Annual Allowance of the Products specified on the Quote in accordance with section 1.1 of the Agreement for its internal purposes for the Term. For the avoidance of doubt, this Agreement does not grant the Licensee the right to use any Nearmap Products not provided on the Quote.

(b)Area Based Bundles: In relation to Area Based Bundles, the following conditions apply to the Licensee's Annual Allowance:

(i) in counting the number of square miles of Content accessed by the Licensee during the Term (including by its Authorized Users), Nearmap will not double count where the Licensee accesses a particular square mile of 2D Content more than once;

(ii) if the number of square miles of Content accessed by the Licensee during any Term is less than the Annual Allowance, the balance will not be rolled over to a following Term; and

(iii) Nearmap will provide notice to the Licensee if it becomes aware the Licensee has exceeded the Annual Allowance for the Term.

(c) Parcel Based Bundles: In relation to Parcel Based Bundles, the following conditions apply to the Licensee's Annual Allowance:

(i) in counting the number of Land Parcels accessed by the Licensee during the Term (including by its Authorized Users), Nearmap will not double count where the Licensee accesses a particular Land Parcel of 2D Content more than once;

(ii) if the number of Land Parcels of Content accessed by the Licensee during any Term is less than the Annual Allowance, the balance will not be rolled over to a following Term; and

(iii) Nearmap will provide notice to the Licensee if it becomes aware the Licensee has exceeded the Annual Allowance for the Term.

4. **Top Up Blocks** –The Licensee may purchase additional Top Up Blocks at any time. The Top Up Blocks purchased will only be added to the Licensee's account once payment has been made within the payment term specified on the invoice.

5. **Exceeding Allowances** – If the Licensee exceeds or is about to exceed its Annual Allowance:

(a) Nearmap may, in its absolute discretion, elect to:

(i) restrict the Licensee's access to the Products until the Annual Allowance is reset or until additional fees are paid as agreed between the parties; or

(ii) immediately cease the Licensee's access to the Products for the remainder of the Term; and

(b) Area Based Bundles: In relation to Area Based Bundles, Nearmap and the Licensee will negotiate the purchase by the Licensee of additional square mileage area allowance for the Content, on terms mutually agreeable to Nearmap and the Licensee; and

(c) Parcel Based Bundles: In relation to Parcel Based Bundles, Nearmap and the Licensee will negotiate the purchase by the Licensee of additional Land Parcel allowance for the Content, on terms mutually agreeable to Nearmap and the Licensee.

6. **User-Based Fees** – Where the Quote provides for Authorized Users, User-Based Fees shall apply in addition to other Fees.

7. **Fair Use** – The Licensee acknowledges and agrees that its use of the Products must be reasonable, comply with the terms of the Agreement, and must not adversely affect other Nearmap customers' use of or access to the Products. In particular, the Licensee agrees that it must not:

(a) permit any person, other than Authorized Users, to access or use the Products; or

(b) use the Product in a manner (including with regard to the volume of data usage) that is disproportionate when compared to other Nearmap customers, as determined by Nearmap acting reasonably.

8. **Exceeding Fair Use** – Where the Licensee's use of the Products contravenes section 7 of these Area Based and Parcel Based Bundle-Specific Terms, Nearmap may request the Licensee to change its behavior and usage pattern so that it conforms with section 7, or to upgrade to a more suitable Product (if applicable). Where the Licensee's use of the Products continues to contravene section 7 in the month after Nearmap provides the request to the Licensee, Nearmap may, without further notice:

(a) restrict the Licensee's access to low resolution imagery for the remainder of the Term;

(b) restrict the Licensee's access in another manner determined by Nearmap in its discretion for the remainder of the Term;

(c) immediately cease the Licensee's access to the Products; or

(d) exercise any other right available to Nearmap under the terms of the Agreement.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO DSM AND TRUE ORTHO API

1. No Periodic Data Allowance – Periodic Data Allowance will not apply to the use of the 3D API Product.

2. Transaction –

(a) The Licensee may not carry out Transactions exceeding the Transaction Allowance each Period.

(b) Unused Transaction Allowance will not be rolled over to the next Period.

(c) The types of 3D format available through the 3D API will be at Nearmap's sole discretion.

(d) A Transaction ID will remain active for thirty (30) days ("Active Transaction ID"). Any requests made by the Licensee using an Active Transaction ID will be considered as a single Transaction. Where a new Transaction ID is generated and used to request 3D data for the same Location as an Active Transaction ID, it will be considered as a separate Transaction.

3. Permitted Caching – Notwithstanding the terms of the Agreement, the Licensee is permitted to cache 3D data requested through the 3D API for Permitted Purposes during the Term only.

4. 3D Data Delete and Destroy – Upon expiry or termination of the Agreement, the Licensee must delete and destroy all 3D data made available by Nearmap during the Term.

5. Definition – For the purposes of this Product-Specific Terms:

(a) **API** means application programming interface.

(b) **3D API** means DSM and True Ortho API, and any future releases of APIs released by Nearmap as a Product to deliver its 3D data, in different formats, on a transaction-basis.

(c) **Derivative Works**, specifically in relation to the Licensee's use of the 3D data through the 3D API, means any new work created by or for the Licensee that incorporates the 3D data where the 3D data cannot be separated and used on its own. For the avoidance of doubt, when the file format or file type of the 3D data, it is not considered a Derivative Work.

(d) **Location** is determined by the latitude, longitude and radius specified by the Licensee.

(e) **Transaction** means each time the Licensee uses a Transaction ID to request 3D data (regardless of vintage and format) of a Location through the 3D API.

(f) **Transaction Allowance** means the number of Transactions the Licensee is permitted to carry out in a Period, as specified in the "Allowance" column of the Quote, unless otherwise agreed in writing between Nearmap and the Licensee.

(g) **Transaction ID** means a transaction identifier provided through the API for a Location

Back to Top

TERMS AND CONDITIONS APPLICABLE TO NEARMAP AI AND AI PARCEL EXPORT (OFFLINE DELIVERY)

AI Attributes: General Provisions

1. AI Attributes have been computed across Land Parcel(s) under the following parameters:

(a) an approximate area greater than 1076 sq. feet and less than 2.7 million sq. feet;

(b) identified by third party parcel datasets that are currently available in Nearmap's source cadastral data systems;

(c) only parcels where polygons have been made available are computed (point parcels are excluded); and

(d) features extracted from multi-dwelling parcels may be aggregated into a single result in the supplied dataset.

2. The Licensee must not use AI Attributes as training datasets on its machine learning models or automated processes, or to create such models or processes, which enables the Licensee to run such models or processes independently without the use of Nearmap's AI Attributes, after termination or expiry of the Agreement.

3. Subject to the delete and destroy obligations under this Agreement, including clause 4 of these Product Specific Terms, the Licensee may store AI Attributes exported from the Website or provided by Nearmap to be used for the Permitted Purposes.

4. The Licensee shall, within seven (7) days from the expiry or termination of the Agreement, provide Nearmap a certification declaring that it has deleted and destroyed all AI Attributes

Provisions applicable to Nearmap AI

5. Nearmap will provide to the Licensee access to AI Attributes across parcels of land within the Coverage Area, processed from the most current set of imagery published on the Website as at 31 October 2019.

6. The AI Attributes will be delivered to the Licensee in formats as made available by Nearmap (which may include geospatial file format and flat file format), only through the Website.

7. Nearmap measures the use of Nearmap AI each time the Licensee exports AI Attributes for specified Land Parcel(s), The Licensee is not permitted to exceeds its allocated Usage Allowance for a Period. Unused Usage Allowance will not be rolled over to the next Period.

8. The Licensee will not be able to export AI Attributes where its Usage Allowance remaining at the time of executing an export is less than the number of the Land Parcel(s) selected for exporting.

9. If the Licensee exceeds the Usage Allowance, Nearmap may in its absolute discretion, elect to:

(a) restrict the Licensee's ability to export AI Attributes until the Usage Allowance is reset, additional Top Up Blocks are purchased, or any other additional fees are paid as mutually agreed between the parties; or

(b) immediately cease the Licensee's access to AI Export for the remainder of the Period.

10. Nearmap will process an updated set of AI Attributes from the imagery published by Nearmap on the Website at least once every twelve (12) months from the Commencement Date.

Provisions applicable to AI Parcel Export (Offline Delivery)

11. For the first year of the initial Term, Nearmap will deliver to the Licensee, within the specified timing of delivery from the Commencement Date, the AI Attributes, up to the Usage Allowance. The AI Attributes will be processed from the most current set of imagery published on the Website as at the Published Date.

12. After the first year of the initial Term, the Licensee may request once during each year of the Term (including any renewal Term), that Nearmap delivers an updated set of AI Attributes in accordance with clause 10 of these Product Specific Terms, up to the Usage Allowance. Nearmap will deliver the updated AI Attributes within the specified timing of delivery from the date Nearmap receives such request.

13. The area of interest, and timing, format and method of delivery of AI Attributes will be set out in the Order Summary.

Definitions

14. For the purposes of these Product-Specific Terms,

(a) **AI Attributes** for:

(i) Nearmap AI means the “AI Layers” made available from the Website (which are not exportable) and the exportable “AI Parcel” data; or
(ii) AI Parcel Export (Offline Delivery) means the “AI Parcel” data.
provided by Nearmap to the Licensee as specified in the Quote or in the Additional Terms and Conditions.

(b) **Land Parcel** means a specific parcel of land in the Coverage Area.

(c) **Order Summary** means the “Order Summary” document provided by Nearmap to the Licensee.

(d) **Published Date** means the “published date” specified in the Order Summary.

(e) **Top Up Block** means additional Usage Allowance as measured by additional Land Parcels purchased by the Licensee during the Term.

(f) **Usage Allowance** for:

(i) Nearmap AI means the Land Parcel allowance as specified in the Quote, plus the aggregate Land Parcel allowance in respect of Top Up Blocks purchased by the Licensee for that Period; and
(ii) AI Parcel Export (Offline Delivery) means the Land Parcel allowance as specified in the Quote that Nearmap will deliver to the Licensee pursuant to clauses 11 to 13 of these Product-Specific Terms.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO NEARMAP NOW

(1) **Survey -** During the Term, the Licensee may request a survey of an area which is not covered (in its entirety or in part) by the Coverage Area ("**Survey"**). The Licensee must provide a detailed description of the area which is to be covered by the Survey. Upon receipt of such a request in writing, Nearmap may, in its absolute discretion, agree to provide the Survey to the Licensee.

(2) **AOI** - The Survey will only be carried out for the area of interest ("**AOI"**) as attached to the relevant Quote issued for the Nearmap Now Product.

(3) **Delivery of Survey -** Subject to section 1 of these Product-Specific Terms and section 12 (Force Majeure section) of the agreement, Nearmap will deliver the Survey to the Licensee by uploading the Survey to the Website within six (6) months of the date on which Nearmap receives payment of the Survey Fee in full from the Licensee. Nearmap will notify the Licensee in writing once the Survey has been uploaded to the Website.

(4) **Availability to other Nearmap customers -** Nearmap may, at its absolute discretion, allow other customers of Nearmap to access the Survey on the Website.

(5) **Refund of Survey Fee -** If the Licensee is not in breach of the Agreement and Nearmap elects to terminate the Agreement under section 6.3 (Termination by Nearmap section) prior to delivery of the Survey, Nearmap will refund the Survey Fee to the Licensee.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO NEARMAP OBLIQUES FOR ARCGIS

1. The Licensee agrees that it will only access and use the Nearmap Oblique for ArcGIS product through the “Oblique Viewer for Nearmap” Web AppBuilder for ArcGIS widget, using only methods authorised and documented by Nearmap at https://docs.nearmap.com/display/ND/Nearmap+Oblique+for+ArcGIS (which may be updated by Nearmap from time to time in its absolute discretion).

2. The Licensee's usage of the Nearmap Oblique for ArcGIS will be counted towards the Licensee's total Periodic Data Allowance.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO NEARMAP ON OPENSOLAR

1. In accessing and using the Nearmap on OpenSolar Product, the Licensee agrees to comply with the OpenSolar User Terms and Conditions available at https://www.opensolar.com/content/legal.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO OFFLINE DEM, OFFLINE DSM, OFFLINE TEXTURED MESH, OFFLINE POINT CLOUD AND/OR OFFLINE TRUE ORTHO [V3] FROM 18 DEC 2018 ONWARDS

These terms and conditions are only applicable to you if you have purchased the Offline DEM, Offline DSM, Offline Textured Mesh, Offline Point

DocuSign Envelope ID: E8BF003C-B602-47C7-94D3-339144277FE3

Cloud and/or Offline True Ortho Product from 18 Dec 2018 onwards.

1. **AOI -** Nearmap will provide the Licensee the Offline Products for the area of interests ("**AOI"**) as attached to this Quote.

2. **Delivery –** The Offline Products will be delivered to the Licensee (in whole or in part) on a date or dates, or within a time frame that is mutually agreed between Nearmap and the Licensee. The Offline Products will be delivered to the Licensee via a delivery method as determined by Nearmap in its sole discretion having regard to the size of the AOI ("**Delivery Method**"), which includes but is not limited to secure cloud download link, HDD, FTP (when and as made available by Nearmap) or through a Nearmap portal (when and as made available by Nearmap).

3. **Cancellation of Offline Products -** If the Licensee is not in breach of the Agreement, and Nearmap has not completed the delivery of the Offline Products in accordance with clause 2 of this Product-Specific Terms, the Licensee may cancel its purchase of the undelivered Offline Products via written notice, effective immediately. Where the Quote only sets out the Licensee's purchase of the undelivered Offline Products, the cancellation of the undelivered Offline Products will automatically terminate the Agreement.

4. **Commencement -** The term of the Agreement commences on the day the Licensee first receives the Offline Products (whether in whole or in part) from Nearmap ("**Commencement Date**"). Nearmap will invoice the Licensee on the Commencement Date and on the Anniversary Date for the Offline Products .

5. **Updated Products** - Throughout the Term (and any Renewal Term), Nearmap will use commercially reasonable endeavors to inform the Licensee if any update of the Offline Products is available. Nearmap and the Licensee will mutually agree on the timing for delivery and the Delivery Method for providing the updated Offline Product to the Licensee. The Licensee may continue accessing the previous Offline Products, or may choose to access the updated Offline Products via the selected Delivery Method.

6. **No Website Access -** The Licensee will not be provided access to the Offline Products via the Website.

7. **Non-Applicable Terms -** All terms in the Agreement relating to Seats, the Website, Periodic Data Allowance, Third Party Providers, Nearmap Property and Nearmap Now do not apply to the Offline Products.

8. **Additional Audit Requirements –** In addition to the audit requirements in the agreement, upon expiry or termination of the Agreement, (a) the Licensee shall permit Nearmap (or its auditors) access to the business location(s), books and records, employees and/or contractors pertaining to the Licensee's use of the Offline Products to confirm that the Licensee has deleted and destroyed all Offline Products provided under this Agreement (except the Offline Products incorporated in Derivative Works, as permitted under the Agreement), or (b) the Licensee shall, within seven (7) days from the expiry or termination of the Agreement, provide Nearmap certification declaring that it has deleted and destroyed all Offline Products provided under this Agreement.

9. **No Machine Learning -** For the avoidance of doubt, the Licensee is not permitted to perform machine learning or any activity that could be considered to be machine learning on the Offline Product without Nearmap's prior written consent.

10. **Renewal -** Notwithstanding the terms in the agreement, this Agreement may be renewed by mutual agreement between Nearmap and the Licensee, by written notice at least thirty (30) days prior to the expiry of the Term, for a period agreed between the parties ("**Renewal Term**").

11. **Renewed Agreement -** If the Agreement is further renewed, subject to the payment of the Fees, the Licensee may continue to use the Offline Products, which was delivered to the Licensee under the initial Agreement with the same AOI, for the Permitted Purpose for the Renewal Term.

12. **Definitions** - For the purposes of this Product-Specific Terms:

(a) **Anniversary Date** means the date which is twelve months from the Commencement Date, and twelve months from any subsequent start date of a Renewal Term;

(b) **FTP** means file transfer protocol;

(c) **HDD** means hard disk drive;

(d) **Offline Products** means Offline DEM, Offline DSM, Offline Textured Mesh, Offline Point Cloud, and/or Offline True Ortho as specified on the Quote. For any avoidance of doubt, any references to "Products" in the Agreement also refers to the Offline Products.

TERMS AND CONDITIONS APPLICABLE TO OFFLINE COPY ADD-ON FOR GOVERNMENT

1. Nearmap will provide to the Licensee one single local "on-premises" copy for the Offline Copy Add-on for Government of a mutually agreed area of interest ("AOI") as further described in the shape file ("AOI") attached to the New Subscription Quote.

2. The Offline Copy Add-on for Government will be delivered to the Licensee on a mutually agreed date and where there is no agreement, Nearmap will deliver no later than two (2) months from the Commencement Date.

3. The copy of the imagery contained in the Offline Copy Add-on for Government will be provided according to technical specifications detailed in the attached AOI.

4. Licensee may only use the Offline Copy Add-on for Government for Permitted Purposes.

5. Unless otherwise detailed in the attached AOI, the vintage of the imagery to be provided for the Offline Copy Add-on for Government is to be mutually agreed between the parties.

6. The Offline Copy Add-on for Government may be retained by Licensee after expiry or termination of this Agreement which may only be used for any purposes related to emergency services in connection with the Licensee's ordinary business.

7. The single Offline Copy Add-on for Government will only be provided for the current Term (or Renewal Term) (whichever is applicable) but does not apply to any successive Renewal Term unless expressly set out in the Agreement.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO PUBLIC DISPLAY LICENSE FOR GOVERNMENT V2 (APPLICABLE IF PURCHASED FROM 31 JANUARY 2020 ONWARDS)

1. During the Term of the Agreement, the Licensee is permitted to publish extracts of static imagery contained within the Product ("Static Imagery") on the Licensee's public facing website subject to the following:

(a) on a single domain ("Licensee Website");

(b) web map view only which includes but is not limited to ArcGIS Online ("WebMap");

(c) the extract of the Static Imagery that may be published must be in some way connected to the Licensee and its ordinary course of business. For the avoidance of doubt, the Licensee is expressly prohibited from publishing all imagery that may be accessible through the Product on the Licensee Website and the Webmap;

(d) no export tools for the Static Imagery is to be made available through the WebMap and/or the Licensee Website;

(e) the Static Imagery displayed must not be accompanied by drawing or measuring tools;

(f) the Licensee must use online solutions for integrating the Static Imagery into the WebMap and/or to the Licensee Website which are made available by Nearmap from time to time, which at the Commencement Date is through an application programming interface for ArcGIS Online;

(g) the Licensee must acknowledge Nearmap in accordance the Agreement where the Static Imagery are displayed on the Licensee Website and WebMap;

(h) the Licensee is not restricted on the vintage of the Static Imagery which may be displayed on the Licensee Website and Webmap;

(i) the extracts of the Static Imagery displayed on the WebMap and/or the Licensee Website should not be degraded. But the zoom level of the Static Imagery is restricted to Level 20 (6 inch imagery resolution) or 1:564 Map Scale; and

(j) it is the Licensee's responsibility to implement the zoom restriction set out in section 1(9) of these terms.

2. The Licensee must use commercially reasonable efforts to prevent unauthorized use of, access to and exporting of any Static Imagery through the Licensee's Website by any of its users.

Back to Top

TERMS AND CONDITIONS APPLICABLE TO NEARMAP FOR GOVERNMENT PRODUCTS

1. Section 1.3 of the agreement does not apply to this License, and any auto-renewal of the Agreement will be by mutual agreement between the parties.

2. Section 1.6 of the agreement does not apply to this License.

3. Definitions of "Periodic Data Allowance" and "Excess Data Rate" in the agreement do not apply to this License.

4. The Licensee agrees that the right to use the Product is only to be used, solely by the Licensee and at all times excludes making the Product available in any medium or manner (including but not limited to sharing or using the License (as defined in the Products Agreement)) with:

(a) any lower tier government, including but not limited to cities and township;

(b) any neighboring local governments, including but not limited to county, parish, city, or town governments; and/or

(c) any higher tier government, including but not limited to county, parish, state or provincial agency.

5. **Annual Actual Usage** Nearmap measures data usage by the Licensee under this License as follows:

(a) the data allowance used by the Licensee will be calculated at the end of the Term (or Renewal Term), based on the total data usage of all users who access and use the Licensee's Nearmap account during the Term (or Renewal Term) (**Annual Actual Usage**); and

(b) if the Licensee elects to download Products available to the Licensee on the Website or accesses the Product through other delivery methods made available by Nearmap from time to time, this will be applied to the Annual Actual Usage. The Licensee may have the option to

elect to download high resolution images. Downloading these images will lead to a higher Annual Actual Usage than downloading a lower resolution image.

6. **Renewal** If the Agreement is renewed by mutual agreement between the parties, the parties will in good faith discuss the appropriate Annualized Estimated Usage of the Renewal Term based on the Licensee's usage pattern and/or the Annual Actual Usage during the current Term.

7. The Licensee is not permitted to

(a) use its access to the Website or the Products under this Agreement for the purposes of creating a database of images for resale, distribution, sub-license or other commercial purposes (unless expressly permitted under the Agreement) and mass downloads or bulk feeds of any imagery;

(b) pre-fetch, retrieve, cache, index, or store any Content, or portion of the Products with the exception being that the Licensee may store limited amounts of Content solely to improve the performance of the access to the Products due to network latency, and only if the Licensee does so temporarily, securely, and in a manner that does not permit use of the Content outside of the License, does not manipulate or aggregate any Content or portion of the Products and does not prevent Nearmap from accurately tracking usage and does not modify attribution in any way; and

(c) review, analyze and process the Products through use of machine learning tools, this includes creation of any new products by the Licensee.

8. For the purposes of this Nearmap for Government Product-Specific Terms,

(a) **Content** means any content made available to the Licensee in connection with the License and the Website; and

(b) **Annualized Estimated Usage** means the permitted use of data specified in the New Subscription Quote (or Renewal Quote and Amendment Quote) by the Licensee for the period of one (1) year from the Commencement Date.

Schedule 1

Additional Payment Terms

Amounts payable each year (Excluding GST)

Year 1: $16,901.15 Year 2: $17,239.19

Additional Terms and Conditions

nearmap

PLEASE READ THIS PRODUCTS AGREEMENT CAREFULLY. BY ACCEPTING THIS AGREEMENT BY EXECUTING A QUOTE, YOU AGREE TO BE BOUND BY THIS PRODUCTS AGREEMENT, THE QUOTE AND ALL TERMS INCORPORATED BY REFERENCE. IF YOU DO NOT AGREE TO ALL OF THESE TERMS, DO NOT ACCESS OR USE, YOU MUST NOT ACCEPT THIS PRODUCTS AGREEMENT AND NOT USE ANY NEARMAP PRODUCTS AND SERVICES.

PRODUCTS AGREEMENT

Recitals

A. Nearmap is a provider of aerial imagery and location data and associated products and services.
B. Nearmap agrees to supply the Licensee with the Products described in the Quote, subject to the terms of this agreement, the Additional Terms and Conditions, Product-Specific Terms, any Schedules and the Quote which together constitute the legal agreement between the Licensee and Nearmap (the "**Agreement**").

Definitions of capitalized words are set out in section B.1717 of the Agreement.

1. GRANT OF LICENSE TO USE PRODUCTS

1.1 **Grant** Subject to the terms of this Agreement and payment by the Licensee of the Fees, Nearmap grants to the Licensee a limited, non-exclusive, non- transferrable license for the Term to use the Products only for the Permitted Purpose (the "**License**").

1.2 **Authorized Users** The Products available under this License are only to be used by the total number of Authorized Users. The Licensee shall implement reasonable controls to ensure that it does not exceed the number of Authorized Users. If the number of users exceeds the total number of Authorized Users, the Licensee will be in breach of this Agreement.

1.3 **Renewal** Unless otherwise notified by the Licensee in writing at least thirty (30) days prior to the expiry of the Term of its intention not to renew this Agreement and subject to any amendments to this Agreement required by Nearmap, the Term will automatically be renewed for successive renewal terms of twelve (12) months each (each a "**Renewal Term**").

1.4 **Product Updates** Nearmap may from time to time supply the Licensee with a Product of no lesser quality than the previously supplied Product at its absolute discretion. If requested by Nearmap, the Licensee must stop using any previously supplied Product and use the new Product from the date of delivery from Nearmap.

1.5 **Acknowledge Nearmap source** The Licensee must expressly acknowledge Nearmap, in a reasonably prominent manner (by displaying the Nearmap logo or other appropriate attribution), as the source of any Product or Derivative Works that the Licensee uses, copies, modifies, or distributes. Unless otherwise permitted in writing, the Licensee must not remove or cause to be removed any Nearmap logo, watermark, or other Nearmap attribution in any Product or Derivative Works.

1.6 **Data Use for Government Products** Nearmap measures data usage by the Licensee under this License for Government Products. When using Government Products, Nearmap's Fair Use Policy regulates the Licensee's consumption of data during the Term (or Renewal Term). The following conditions also apply to the Licensee's use of Government Products:

(a) the amount of data used by the Licensee on the Government Products will be monitored and then calculated at the end of every Term or Renewal Term based on the total data of all users who access and use the Licensee's Nearmap account during that Period; and

(b) if the Licensee elects to download and/or export Government Products available to the Licensee on the Website, this will be applied to the calculation of the Licensee's use of the Government Products.

1.7 **Allowance for Non-Government Products** Non-Government Products licensed to the Licensee may be subject to additional Allowance, Periodic Allowance, or Periodic Data Allowance terms that are published in the Product-Specific Terms, and if applicable, the Periodic Allowance Section.

1.8 **Unavailability** Subject to section 12, if a Product is not available for a period of three (3) consecutive days, the Term will be extended by the period of such unavailability.

2. RESTRICTIONS ON RIGHT TO USE PRODUCTS

2.1 **No right to distribute, transfer, resell, assign or sublicense** This License is granted only to the Licensee. The Licensee must not distribute, transfer, resell, assign, rent, lease, or sublicense any Product or any of the Licensee's rights under this License without Nearmap's prior written consent.

2.2 **No third party access** Unless otherwise provided in this Agreement, the Licensee must not make any Product available in any medium or manner to any third party (including but not limited to the Licensee's subsidiaries, affiliates, any lower or higher tiered governments and any neighboring local government).

2.3 **Employees** Subject to sections 1.1 and 1.2, the Licensee may make Products available to any employee of the Licensee, subject to that person complying with the terms of the Agreement as if they were a party to it and the total number of Authorized Users has not been exceeded. These employees are deemed to be Authorized Users. The Licensee is responsible and liable for all Authorized Users who use the Licensee's account access details or use Products made available to the Licensee in breach of this Agreement, including, without limitation, for any additional fees that become payable if the Licensee exceeds the number of Authorized Users.

2.4 **No machine learning** The Licensee must not conduct machine learning work in connection with this Agreement on any Products, which includes but is not limited to running any:

(a) machine learning models (including the model form and model parameters);
(b) outputs of machine learning models;
(c) software that processes or transforms input data for training a machine learning model or getting a prediction from a machine learning model into a format suitable for training or making such prediction; or
(d) software used to train a machine learning model or compute outputs of a machine learning model for a given set of input data.

2.5 **No caching and creation of database** Except as expressly permitted under this Agreement, the Licensee is not permitted to:

(a) use its access to the Products under this Agreement for the purposes of creating a database of imageries for resale, distribution, sublicense, or other commercial purposes, or for mass downloads or bulk feeds of any imagery; and
(b) pre-fetch, retrieve, cache, index, or store any Content or portion of the Products.

2.6 **Restriction on integration methods** The Licensee is only permitted to use API integration methods, or other integration methods, as authorized by Nearmap in writing, including but not limited to integration with the Licensee's or other third party platforms or software.

2.7 **Limits on use of Website** In the Licensee's use of the Website, the Licensee must not (without the prior written consent of Nearmap):

(a) provide a link to another URL;
(b) upload content or other information to the Website (except as necessary to use the Products);
(c) do anything to damage, interfere or disrupt access to the Website or do anything which might impair its functionality;
(d) use the Website in any way to send any unsolicited email (commercial or otherwise) or any other material for marketing or publicity purposes;
(e) publish, post, distribute, disseminate, or otherwise transmit, defamatory, offensive, infringing, obscene, indecent, or other unlawful or objectionable confidential material or information;
(f) make available, upload, or distribute by any means any material or files that contain any viruses, bugs, corrupt data, "trojan horses", "worms", or any other harmful software;
(g) remove any content or information from the Website, other than that permitted under the terms of this License;
(h) falsify the true ownership of a Product or other material or information made available via the Website;
(i) obtain or attempt to obtain unauthorized access, through whatever means, to the Website;
(j) use the Website other than in accordance with this Agreement;
(k) attempt any of the above acts or engage, encourage or permit another person to do any of the above acts; or
(l) provide or allow access to the Website which exceeds the total number of Authorized Users in connection with use of the Product.

2.8 **Breach** If the Licensee breaches any of sections 2.1 to 2.7 inclusive, Nearmap reserves its rights to terminate the Agreement in accordance with section 6.2, restrict the Licensee's access to the Products, and take any other steps available to it at law.

3. THE LICENSEE'S ACCESS TO PRODUCTS AND SERVICES

3.1 **Authorized Users** Any password issued by Nearmap to an Authorized User is personal and confidential to that Authorized User. If Nearmap suspects that any password/ID is being used by an unauthorized person, by a different Authorized User who is not the person to whom it was issued, or the number of Authorized Users has been exceeded, Nearmap may:

(a) cancel that user's access;
(b) immediately cease the Licensee's access to the Product;
(c) require the Licensee to pay for any additional fees due based on the standard Nearmap Fees for the applicable Product, in respect of any such unauthorized use; and/or
(d) exercise any other right available to Nearmap under the terms of this Agreement or at law.

3.2 **Downtime** Nearmap will use reasonable efforts to ensure that the Website and APIs remain available but cannot guarantee that this will be the case at all times. Nearmap agrees that, wherever possible, all planned maintenance will be done out of normal Operational Hours to ensure optimal uptime of the Website. The Licensee may elect to subscribe to the Nearmap status page at https://status.nearmap.com/ to receive notifications and updates relating to planned maintenance and uptime/downtime of the Website and APIs. When Nearmap becomes aware of any Fault, Nearmap will use reasonable efforts to:

(a) allocate such resources as may be necessary to remedy the Fault; and

(b) otherwise take all reasonable steps to remedy the Fault so as to minimize any disruption to the Licensee's use of the Products.

3.3 **Expiry** The Licensee's License will expire at the end of the Term unless renewed in accordance with section 1.3 and may be suspended or terminated, in accordance with section 6.2, if the Licensee is in breach of this Agreement.

3.4 **Unauthorized Use** Licensee shall take reasonable steps to prevent unauthorized access to the Products, including without limitation, protecting its passwords and other log-in information. The Licensee shall notify Nearmap immediately of any known or suspected unauthorized use of the Products, or breach of its security, and shall use best efforts to stop said breach and minimize the adverse impact of said breach on Nearmap.

3.5 **Audit** During the Term of this Agreement, and for two (2) years after termination or expiry of this Agreement, the Licensee shall maintain records regarding its use of the Products according to its usual record keeping policies and procedures. The Licensee shall permit Nearmap (or its auditors) access to the Licensee's records pertaining to the Licensee's use of the Products. Nearmap will give at least thirty (30) days prior written notice of an audit and will not conduct an audit more than once per calendar year unless non-compliance findings are noted, in which case the audit period may be extended.

3.6 **Audit Findings** If an audit results in findings of non-compliance, Nearmap may, at its discretion:

(a) invoice any additional license fees due based on the standard Nearmap Fees in place at the time of the original license grant;

(b) recover the reasonable cost of the audit if additional Fees exceed 5% of the Fees paid during the audit period; and

(c) terminate this Agreement in accordance with section 6.1. Licensee must pay all invoices issued under this section within thirty (30) days following the date of invoice or such other period agreed between the parties.

4. FEES

4.1 **Fees** The Fees payable by the Licensee are set out in the Quote.

4.2 **Payment** The Fees are payable by the Licensee to Nearmap in the manner and by the due date, as set out in the Quote, at the beginning of each Term unless otherwise agreed by Nearmap. Where the Fees are payable by credit card, the Licensee authorizes Nearmap to charge the Licensee's credit card for all purchased Products listed in the Quote for the initial Term and any Renewal Term.

4.3 **No cancellation** Subject to section 4.4, all Fees are non-cancellable and non-refundable, except as expressly set out in this Agreement.

4.4 **Refund of Fees** If the Licensee is not in breach of this Agreement, and Nearmap elects to terminate this Agreement under section 6.3, Nearmap will refund the Licensee any pre-paid fees relating to the portion of Term remaining as at the date of termination.

4.5 **Taxes** Unless otherwise stated, Fees and Late Payment Fee do not include any direct or indirect local, state, provincial, federal, or foreign taxes, levies, duties, or similar governmental assessments of any nature, including value-added, excise, use or withholding taxes (collectively, "**Taxes**"). Licensee is responsible for paying all Taxes, except those assessable against Nearmap based on its income. Nearmap will invoice Licensee for such Taxes if Nearmap believes it has a legal obligation to do so and Licensee agrees to pay such Taxes if so invoiced.

4.6 **Late Payment** If a scheduled Fee payment is still overdue after seven (7) days' notice from Nearmap, to remedy the payment default, the Licensee agrees that Nearmap may immediately limit or terminate access to the Products provided under this License.

4.7 **Amendments** Subject to section 1.3, Nearmap may, at its absolute discretion, increase the price, for the Products at the end of the Term by an amount which reflects up to the current rate of inflation plus 2.5%.

5. THE LICENSEE'S WARRANTIES

5.1 **Warranty** The Licensee warrants that:

(a) any information the Licensee supplies to Nearmap in respect of the Agreement is complete and correct. The Licensee must keep Nearmap informed of any change to the Licensee's information provided to Nearmap, including any change to the Licensee's contact details, or the details of a credit card used for payment;

(b) the Licensee will immediately notify Nearmap of any usage of any Product outside the Permitted Purpose, and provide any other information reasonably requested by Nearmap;

(c) the Licensee has the power to enter into this Agreement and to perform the obligations under it; and

(d) the Licensee has and will comply with all relevant laws relating to the Licensee's use of the:

(i) License;

(ii) Products; and

(iii) Website.

6. TERMINATION AND EXPIRY

6.1 **Initial Term** This Agreement commences on the Commencement Date and continues until expiry of the Term unless terminated earlier in accordance with the terms of this Agreement or renewed under section 1.3.

6.2 **Termination by Either Party** Either party may terminate this Agreement with immediate effect by giving notice to the other party if:

(a) the other party breaches any of its obligation under this Agreement capable of remedy and fails to remedy that breach within fourteen (14) days after receiving notice requiring it to do so;

(b) the other party breaches any of its obligations under this Agreement incapable of remedy and Content; or

(c) the other party files for protection under bankruptcy laws, makes an assignment for the benefit of creditors, appoints, or suffers appointment of a receiver or trustee over its property, files a petition under any bankruptcy or insolvency act, or has any such petition filed against it which is not discharged within sixty (60) days of the filing thereof, or admits in writing its inability to pay its debt generally as they become due.

6.3 **Termination by Nearmap** Notwithstanding anything else in this Agreement, but subject to section 4.4, Nearmap has the right, in its absolute discretion and upon giving the Licensee ten (10) Business Days' notice, to terminate this Agreement.

6.4 **Consequences** If the Agreement is terminated under sections 6.2 or 6.3 or expires at the end of the Term:

(a) the License immediately terminates and the Products will no longer be available to the Licensee;

(b) the Licensee must immediately destroy, delete, or return to Nearmap all Products; and

(c) subject to section 7.3, the Licensee and the Authorized Users are not permitted to use any Products for any purpose.

6.5 **Costs** Nearmap reserves all rights following termination of this Agreement, including any rights available to Nearmap to collect any outstanding Fees which may be owed by the Licensee. The Licensee will be liable for any reasonable legal costs incurred by Nearmap in enforcing its rights following termination of this Agreement.

6.6 **Continuing obligations** After expiry or termination of this Agreement, sections 1.5, 2, 4, 6.5, 7, 8, 9, 10, 13, 14, 15, and 17 will still be binding on the Licensee in relation to Products licensed or obtained during the Term.

7. INTELLECTUAL PROPERTY

7.1 **Ownership** Unless otherwise indicated, the Website, the Products, the Content, and all associated Intellectual Property Rights, data, information, and software are owned by Nearmap and are protected by copyright, moral rights, trademark, and other laws relating to the protection of intellectual property. Nearmap reserves all of its Intellectual Property Rights. Except for the limited License granted to the Licensee in section 1.1, no ownership or Intellectual Property Rights in the Website, APIs, any Product, or Content will pass or be licensed to the Licensee.

7.2 **Trademarks** The Nearmap trademarks and all associated Intellectual Property Rights are owned by Nearmap. Nothing in this Agreement confers upon the Licensee any rights to use or modify any of Nearmap's trademarks, except that Nearmap grants the Licensee a royalty free, limited, non-exclusive, non-transferrable, non-sublicensable license to reproduce and display Nearmap trademarks only to the extent necessary to comply with the Licensee's obligations under this Agreement. Any such reproduction and display of those marks must comply with the policies and rules Nearmap makes available to the Licensee from time to time.

7.3 **Derivative Works** Subject to compliance with all other terms of this Agreement, the Licensee is granted a non-exclusive right to produce and use Derivative Works for the Permitted Purpose. Unless otherwise notified to the Licensee by Nearmap, the Licensee may continue using Derivative Works following termination or expiry of this Agreement. For the avoidance of doubt, Nearmap will continue to own all rights in and to any Products and Content embedded in a Derivative Work, but all other rights in and to the Derivative Work will belong to the Licensee.

8. THIRD PARTY PROVIDERS

8.1 The Licensee acknowledges and accepts that Nearmap engages with Third Party Providers in order to provide the Products under this Agreement. The provision of the Products is contingent upon adequate delivery of products and services by those Third Party Providers and are subject to those Third Party Provider terms and conditions (as updated from time to time). By entering into this Agreement, the Licensee agrees that where applicable they must comply with those terms and conditions which are applicable to the use of those Third Party Providers products, where incorporated into Nearmap's Products. Nearmap have set out the type of Third Party product or services incorporated into Nearmap's Products and the relevant Third Party Providers terms and conditions below for reference.

(a) **Google** – https://maps.google.com/help/terms_maps.html in connection with the use of Google Street Maps;

(b) **NASA/NCAS** – https://www.nearmap.com/au/en/legal/copyright in connection with viewing satellite imagery on the Website; and

(c) **Precisely** – https://www.precisely.com/legal/licensing/software-and-data-end-user-license-agreement in connection with viewing property datasets on the Website and/or through an API.

9. WARRANTY AND LIABILITY

9.1 **Warranty** Nearmap agrees to use industry standard GPS to ensure captured imagery has accurate geographical positioning.

9.2 **DISCLAIMER OF WARRANTIES** OTHER THAN AS SET FORTH IN SECTION 9.1, THE WEBSITE AND THE PRODUCTS ARE PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS, WITHOUT ANY WARRANTIES OF ANY KIND, TO THE FULLEST EXTENT PERMITTED BY LAW. NEARMAP AND ITS CONTENT PROVIDERS, THIRD PARTY PROVIDERS, AGENTS, MANDATARIES, AND AFFILIATES EXPRESSLY DISCLAIM ANY AND ALL REPRESENTATIONS, WARRANTIES, CONDITIONS, AND GUARANTEES, WHETHER EXPRESS, STATUTORY OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED REPRESENTATIONS, WARRANTIES, CONDITIONS, OR GUARANTEES OF MERCHANTABILITY, TITLE, FITNESS

FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, AND COURSE OF DEALING OR PERFORMANCE.

9.3 **NO REPRESENTATIONS** WHILE NEARMAP USES REASONABLE EFFORTS TO ENSURE THE ACCURACY, CORRECTNESS AND RELIABILITY OF THE CONTENT, THE PRODUCTS, AND THE WEBSITE, NEARMAP AND ITS THIRD PARTY PROVIDERS MAKE NO REPRESENTATIONS, WARRANTIES, CONDITIONS, OR GUARANTEES AS TO THE ACCURACY, CORRECTNESS, OR RELIABILITY OF ANY PRODUCT OR CONTENT CONTAINED ON THE WEBSITE AND/OR OBTAINED THROUGH AN API. THE PRODUCTS, THE WEBSITE AND APIs MAY BE SUBJECT TO ERRORS, OMISSIONS, INACCURACIES, AND DISTORTIONS, AND NEARMAP WILL NOT BE RESPONSIBLE FOR, OR LIABLE FOR ANY CLAIMS MADE BY OR ARISING OUT OF, ANY PERSON OR ENTITY SEEKING TO RELY ON ANY OF THE PRODUCTS, THE WEBSITE OR APIS.

9.4 **LIMIT OF LIABILITY** NEARMAP'S LIABILITY FOR: (A) A BREACH OF A WARRANTY UNDER SECTION 9.1; OR (B) A BREACH OF A REPRESENTATION, WARRANTY, CONDITION, OR GUARANTEE WHICH IS IMPLIED OR IMPOSED IN RELATION TO THIS LICENSE UNDER LEGISLATION AND CANNOT BE EXCLUDED, WILL BE LIMITED TO, AT NEARMAP'S OPTION, REPLACING OR REPAIRING THE PRODUCTS OR SUPPLYING PRODUCTS EQUIVALENT TO THE RELEVANT PRODUCTS, OR PAYING THE COST OF REPLACING OR REPAIRING THEPRODUCTS.

9.5 **NO LIABILITY FOR CLAIMS** TO THE EXTENT PERMITTED BY LAW, IN NO EVENT WILL NEARMAP, ITS CONTENT PROVIDERS, AGENTS, MANDATARIES, OR AFFILIATES BE LIABLE FOR ANY CLAIMS OF ANY KIND ARISING FROM OR CONNECTED WITH THE USE OF THE WEBSITE OR APIS, THE CONTENT OR THE PRODUCTS, OR THE UNAVAILABILITY OF THE SAME, INCLUDING BUT NOT LIMITED TO, LOSS OF USE, LOSS OF PROFITS, OR LOSS OF DATA, AND DIRECT, INDIRECT, INCIDENTAL, PUNITIVE, AND CONSEQUENTIAL DAMAGES, WHETHER IN CONTRACT, TORT (INCLUDING BUT NOT LIMITED TO NEGLIGENCE), EXTRACONTRACTUAL LIABILITY, OR OTHERWISE. THE LICENSEE IS RESPONSIBLE FOR THE ENTIRE COST OF ALL SERVICING, REPAIR, OR CORRECTION REQUIRED DUE TO THE LICENSEE'S USE OF THIS WEBSITE, THE CONTENT OR THE PRODUCTS. THIS EXCLUSION APPLIES, WITHOUT LIMITATION, TO ANY CLAIMS CAUSED BY OR RESULTING FROM RELIANCE BY A USER ON ANY INFORMATION OBTAINED FROM NEARMAP.

9.6 **AGGREGATE LIMIT** IN NO EVENT WILL THE AGGREGATE LIABILITY OF NEARMAP, WHETHER IN CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE, WHETHER ACTIVE, PASSIVE OR IMPUTED), EXTRACONTRACTUAL LIABILITY, PRODUCT LIABILITY, STRICT LIABILITY OR OTHER THEORY, ARISING OUT OF OR RELATING TO THE USE OF THE PRODUCTS, THE CONTENT, THE WEBSITE OR THE APIS, EXCEED ANY COMPENSATION OR FEE THE LICENSEE HAS PAID, IF ANY, TO NEARMAP FOR ACCESS TO OR USE OF THE PRODUCTS OVER THE TWELVE (12) MONTH PERIOD PRIOR TO THE ALLEGED DEFAULT, BREACH, OR EVENT GIVING RISE TO THE LIABILITY.

9.7 **Third Party Providers** The Licensee acknowledges that Nearmap relies on the services of Third Party Providers in order to supply the Products and related services. Without limiting any of the above, to the fullest extent permitted by applicable law, Nearmap will not be liable for any loss, damage, or cost of any kind, which is caused, or contributed to, by a third party service provider except to the extent it was caused or contributed by the acts, defaults or omissions of Nearmap.

9.8 **Indemnity** To the extent permitted by law, the Licensee agrees to indemnify Nearmap and its directors, officers, employees, agents, mandataries, and subcontractors, from and against any and all direct or indirect claims, damages, losses, liabilities, expenses, and costs (including reasonable attorney's fees and costs) arising from or out of:

(a) the Licensee's actual or alleged breach of any provisions of this Agreement;
(b) the Licensee's use of the Product for any purpose; and
(c) the Licensee's use of, or any third party's use of, or inability to use, any Derivative Works, including without limitation, any output from the Derivative Works.

9.9 **Notice of claim** Nearmap will provide the Licensee with notice of any claim or allegation, under section 9.8, and Nearmap has the right to participate in the defense of any such claim at its expense.

10. COPYRIGHT COMPLAINTS

10.1 If any third party brings a Claim against the Licensee alleging that the Licensee's use of the Products, in accordance with this License, infringes their copyright (**"Infringement Claim"**), Nearmap will defend the Licensee against the Claim and pay any settlement to which Nearmap consents or final court-awarded damages for which the Licensee is liable.

10.2 The Licensee must:

(a) promptly notify Nearmap of any such Infringement Claim;
(b) not make any admissions in relation to the Infringement Claim without Nearmap's prior written consent;
(c) permit Nearmap to conduct the defense of the Infringement Claim including all negotiations for settlement; and
(d) provide Nearmap with any assistance reasonably requested to allow Nearmap to defend the Infringement Claim.

10.3 Nearmap will have no liability for any Infringement Claim:

(a) that arises from any:
  (i) use of the Product in violation of this Agreement;
  (ii) modification of the Product by anyone other than Nearmap, or a party authorized by Nearmap, in writing to modify the portion of the Product applicable to the Infringement Claim; or
  (iii) third-party products, services, hardware, software, or other materials, or a combination of these with the Products, which would not be infringing without this combination; or
(b) if the Licensee fails to comply with section 10.2.

10.4 To the maximum extent permitted by law, this section 10 sets out Nearmap's sole and exclusive liability, and the Licensee's sole and exclusive remedy, for any third party Infringement Claims brought against the Licensee in relation to an infringement of Intellectual Property Rights.

11. PRIVACY POLICY

11.1 Nearmap will collect, use, and disclose any personal information supplied by the Licensee as set out in Nearmap's Privacy Policy, as amended from time to time, and currently available at https://www.nearmap.com/us/en/legal/privacy-policy. The Licensee hereby consents to those collections, uses, and disclosures.

11.2 To the maximum extent permitted by law, by entering into this Agreement, the Licensee expressly consents to receiving general emails relating to product updates, new products, or anything related to the usage of the product from Nearmap, but prior written consent is required to receive by email direct marketing communications from Nearmap.

11.3 By entering into this Agreement, the Licensee acknowledges that personal information provided by the Licensee in the course of accessing Products (including, without limitation, credit or debit card details provided by the Licensee for the purpose of paying Nearmap) may be disclosed to and held by one or more of Nearmap's third party suppliers and partners (including, without limitation, providers of payment processing services), and used by those third parties in connection with the supply of Products.

12. FORCE MAJEURE

12.1 **Force Majeure Event** If a party is unable to perform or is delayed in performing an obligation under this Agreement (except for any obligation to pay money, including Fees) because of an act of war, terrorism, hurricane, earthquake, other act of God or of nature, strike or other labor dispute, riot or other act of civil disorder, embargo, or other cause beyond the performing party's reasonable control (**"Force Majeure Event"**):

(a) that obligation is suspended but only so far and for so long as that party is affected by the Force Majeure Event; and
(b) the affected party will not be responsible for any loss or expense suffered or incurred by the other party, as a result of, and to the extent that, the affected party is unable to perform, or is delayed in performing, its obligations under this Agreement because of the Force Majeure Event.

12.2 **Notice of Force Majeure Event** If a Force Majeure Event occurs, the party affected by the Force Majeure Event must:

(a) Promptly (when reasonably possible to do so) give the other party notice of the Force Majeure Event and an estimate of the non-performance and delay;
(b) take all reasonable steps to overcome the effects of the Force Majeure Event; and
(c) resume compliance as soon as practicable after the Force Majeure Event no longer affects it.

13. CONFIDENTIALITY

13.1 Subject to any other written agreements between the parties in connection with this Agreement, any information provided in writing or orally or data provided by either party under this Agreement (**"Discloser"**) to the other party (**"Recipient"**) and marked or identified as proprietary or Confidential Information shall not be disclosed for a period of three (3) years from termination or expiry of this Agreement, unless mutually agreed in writing by the parties. The parties will disclose Confidential Information only to their employees who have a need to know for the purposes of this Agreement and who are under a duty of confidentiality no less restrictive than the Licensee's duty hereunder. The Recipient will protect Confidential Information from unauthorized use, access, or disclosure in the same manner as it would protect their own confidential or proprietary information of similar nature and with no less than reasonable care.

13.2 The confidentiality obligations do not apply to the Recipient if:

(a) the Discloser has first agreed in writing to the particular disclosure, use, or copying;
(b) the Confidential Information was generally known by or available to the public through no wrongful act of the Recipient or otherwise than as a consequence of a breach of this Agreement;
(c) the Confidential Information was received by the Recipient without breach of this Agreement from a third party without restriction as to the use and disclosure of the Confidential Information; or
(d) the disclosure of Confidential Information is legally compelled due to compliance with federal and state laws or an order by a court.

13.3 Immediately upon termination or expiry of this Agreement, the Recipient must (at its expense):

(a) cease all use of the materials and Confidential Information;
(b) destroy or return (at the Discloser's discretion) the Confidential Information to the Discloser together with all copies, reproductions and summaries of the same;
(c) destroy all of its notes, memoranda and records (in whatever form) containing, referring to or based on the Confidential Information;
(d) ensure that any person who receives the Confidential Information by the Recipient's authority returns the Confidential Information to the Discloser in any form in which it is held or destroys it and gives evidence of its destruction to the Discloser; and
(e) provide to the Discloser a written certificate confirming compliance with the requirements under this section.

14. NOTICES

14.1 All notices and consents will be in writing and will be considered delivered and

effective upon receipt (or when delivery is refused) when:

(a) personally delivered;
(b) sent by registered or certified mail (postage prepaid, return receipt requested);
(c) sent by nationally recognized private courier (with signature required and all fees prepaid); or
(d) sent by email with confirmation of transmission.

14.2 Notices must be sent to the Licensee at the address set forth in the Quote (or if none is specified, the address to which Nearmap sends invoices) and for Nearmap to 10897 South River Front Parkway, Suite 150, South Jordan, UT 84095, USA, or at another address as a party may designate in writing.

15. TECHNOLOGY EXPORT

The Licensee shall not: (a) permit any third party to access or use the Product in violation of any U.S. or Canadian law or regulation; or (b) export any software provided by Nearmap, or otherwise remove it from the United States or Canada, except in compliance with all applicable U.S. and Canadian laws and regulations. Without limiting the generality of the foregoing, the Licensee shall not permit any third party to access or use the Product in, or export such software to, a country subject to a United States embargo (as of the Effective Date, Cuba, Iran, North Korea, Sudan, and Syria) or a Canadian embargo.

16. MISCELLANEOUS TERMS

16.1 **Nearmap customer** Licensee grants Nearmap the right to use Licensee's name and logo to identify as a Nearmap customer for marketing or promotional purposes in public or private communications with Nearmap's existing or potential customers, subject to Licensee's standard trademark usage guidelines as provided to Nearmap from time to time.

16.2 **Additional Terms and Conditions** The Additional Terms and Conditions form part of, and should be read in conjunction with, this Agreement.

16.3 **Precedence of Documents** This Agreement is comprised of:

(a) the Additional Terms and Conditions under Schedule 1;
(b) the Quote and attached Schedules;
(c) any Product-Specific Terms; and
(d) this products agreement.

If there is any ambiguity or inconsistency between the documents comprising the Agreement, the document appearing higher in the list will have precedence. If the Licensee purchases the Products through a reseller, the terms and conditions under this Agreement will apply. This Agreement between Nearmap and the Licensee supersedes all terms and conditions attached to the Licensee's and/or reseller's purchase order.

16.4 **Independent Contractors** The parties are independent contractors and will so represent themselves in all regards. Neither party is the agent of the other, and neither may make commitments on the other's behalf. The parties agree that neither party's employee or contractor is an employee of the other party.

16.5 **Construction** The parties agree that the terms of this Agreement result from negotiations between them. This Agreement will not be construed in favor of or against either party by reason for authorship.

16.6 **Waiver** Neither party will be deemed to have waived any of its rights under this Agreement by lapse of time or by any statement or representation other than by an authorized representative in an explicit written waiver. No waiver of a breach of this Agreement will constitute a waiver of any other breach of this Agreement.

16.7 **Severability** If one or more of the terms of this Agreement are found to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining terms will not be affected.

16.8 **Amendments** Other than as expressly specified in this Agreement, this Agreement may only be varied with the written consent of Nearmap and the Licensee.

16.9 **Assignment** This Agreement shall not be assigned by either party without the prior written consent of the other party which shall not be unreasonably withheld; provided, however, that Nearmap may, upon written notice to the Licensee, assign all of its rights under this Agreement to (i) a parent, subsidiary or Affiliate of Nearmap, (ii) a purchaser of all or substantially all assets related to this Agreement, or (iii) a third party participating in a merger, acquisition, sale of assets or other corporate reorganization in which Nearmap is participating. Any attempt to assign this Agreement in violation of this provision shall be void and of no effect. This Agreement shall bind and inure to the benefit of the parties and their respective successors and permitted assigns.

16.10 **Entire Agreement** This Agreement:

(a) comprises the entire agreement and understanding between the parties on everything connected with the subject matter of this Agreement; and
(b) supersedes any prior agreement or understanding on anything connected with that subject matter.

16.11 **Counterparts** This Agreement may consist of a number of counterparts and, if so, the counterparts taken together constitute one and the same instrument. This Agreement is not binding on any party unless one or more counterparts have been duly executed by, or on behalf of, Nearmap and the Licensee.

16.12 **Language** The parties have expressly agreed that this Agreement, and all ancillary agreements, documents, or notices relating to the Agreement, be drafted solely in the English language. Les parties aux présentes ont expressément convenu que cet accord et toute autre convention, document ou avis y afférent soient rédigés en anglais seulement.

16.13 **Governing Law** This Agreement will be governed by and construed in accordance with the laws of the State where the Licensee conducts business (without giving effect to the conflicts of laws provisions thereof).

17. DEFINITIONS

In this Agreement:

Additional Terms and Conditions means the additional terms and conditions (if any) set out in the Quote.

Affiliate means, with respect to Nearmap, any entity that controls or is controlled by Nearmap, or is under common control with Nearmap. For purposes of this definition, an entity shall be deemed to control another entity if it owns or controls, directly or indirectly, at least 50% of the voting equity of another entity (or other comparable interest for an entity other than a corporation).

Allowance means any usage allowance the Licensee is permitted to use and/or drawn down against for any Licensed Non-Government Products as specified the Quote.

API means application programming interface.

Authorized User means the number of persons specified in the "Seats" section of the Quote, who have been granted access to the Product by the Licensee pursuant to the term and conditions of this Agreement, and who either has been assigned a unique Nearmap user login credential or whom the Licensee has assigned a user login credential that enables access to the Product through the Website or API.

Business Days means any day other than a Saturday, a Sunday or a recognized public holiday in the State of Utah, USA.

Claim means any claim, cost (including legal costs on a solicitor and client basis), damages, debt, expense, tax, liability, loss, obligation, allegation, suit, action, demand, cause of action, proceeding, or judgment of any kind, however calculated or caused, and whether direct or indirect, consequential, incidental or economic.

Commencement Date means (a) for New Subscription Quotes, the date as specified in the "Contract Commencement" section or the "Subscription Start Date" section of the Quote, whichever is later, or (b) for Renewal Quotes or Amendment Quotes, the date as specified in the "Subscription Start Date" section of the Quote.

Commercial Purpose means to distribute, transfer, sell, sublicense, or pass possession of any Products (in whole or in part) for the purpose of direct commercial benefit or gain by the Licensee.

Confidential Information means the terms of this Agreement, the pricing, and any other information relating to the business, finances, strategy, methods, processes, products, metadata, services or other affairs of a party or its representatives or related bodies corporate which is disclosed to, learnt by or accessed by the Licensee in connection with the Agreement, whether before or after the Licensee entered into the Agreement, whether orally, electronically, in writing or otherwise.

Content means any content made available by or on behalf of Nearmap to the Licensee in connection with the License, whether or not through the Website or an API.

Coverage Area means the area specified in the "Coverage" section of the Quote for which Nearmap has available Products, which may cover part or all of that area and which may cover part (but not all) of the area covered by the Survey.

Derivative Work means any new work created by or for the Licensee that incorporates, embeds, or includes all or part of a Nearmap Product or Content.

Discloser has the meaning given in section 13.1.

Fair Use Policy means the policy as attached to the Quote.

Fault means any fault, failure, error, or defect which prevents the Licensee from accessing the Products, other than where access is prevented due to a planned outage, because of an unforeseeable event beyond Nearmap's reasonable control or any conduct or activity undertaken by the Licensee, the Licensee's employees, agents, or mandataries.

Fees means the fees specified in the Quote, payable by the Licensee for the License, or as otherwise agreed in writing between Nearmap and the Licensee.

Force Majeure Event has the meaning given in section 12.1.

Government Products means any Products specified in the Quote that are described as "Nearmap Vertical for Government" and "Nearmap Oblique for Government" and includes any other Products offered by Nearmap for government customers only where use of its License is connected to the Fair Use policy.

Infringement Claim has the same meaning given in section 10.1.

Intellectual Property Rights includes all industrial and intellectual property rights throughout the world, including copyright, moral rights, trademarks, patents, rights to protect confidential information, and any other similar rights.

License means the license granted in section 1.1.

Licensee means the person or entity specified in the "Customer Name" section of the Quote.

Nearmap means Nearmap US, Inc.

Non-Government Products means all Products specified in the Quote that do not fall under the definition of Government Products.

Operational Hours means 9am to 5pm MT.

Periodic Allowance or **Periodic Data Allowance** means the data allowance specified in the "Allowance" section of the Quote unless otherwise agreed in writing between Nearmap and the Licensee.

Periodic Allowance Section means section 1.6 (or its equivalent) in the most current version of the products agreement currently located at here.

Permitted Purpose means the use of Products by the Licensee for internal purposes in the Licensee's ordinary business, and at all times excludes any:

(a) Commercial Purpose;
(b) Unlawful Purpose;
(c) Integration, or attempt to integrate, the Products in an internal system of the Licensee or of a third party; and
(d) Redistribution or copying of files, images, or photographs, or making such files, images, or photographs available in any medium or manner that is contained in the Products to any third party (except as expressly permitted under this Agreement).

Products means any Nearmap products specified in the Quote (and further described on the Website) and, if applicable, the Survey. For the avoidance of doubt, Products include Content.

Product-Specific Terms means additional terms and conditions that apply to certain Products, currently located here.

Quote the document produced after the Licensee places an initial order for the Product(s), requests any changes to its License, or renews its License, which may be titled "New Subscription Quote", "Renewal Quote" or "Amendment Quote".

Recipient has the meaning given in section 13.1.
Renewal Term has the meaning given in section 1.3.
Schedule means a schedule to this Agreement, where such schedule has been incorporated by reference to form part of this Agreement.
Subscription Period means the period stated in the "Subscription Period" column of the Quote.
Subscription Start Date means the date specified in the "Subscription Start Date" section of the Quote.
Term means the term specified in the "Subscription Term" section of the Quote, commencing on the Commencement Date. Where a Subscription Period is stated on the Quote, "Term" means the Subscription Period.
Third Party Providers means third party providers of products and services to Nearmap.
Unlawful Purpose means any unlawful purpose, including but not limited to stalking, harassing or intimidating any person or engaging in misleading or deceptive conduct.
URL means a Uniform Resource Locator.
Website means all pages and sub-sites available within the nearmap.com domain.

FAIR USE POLICY

General

1. It is important to Nearmap that all customers are able to access the Products and Services. Accordingly, we have devised a Fair Use Policy that applies to the data usage of the Products and Services.

2. In this Fair Use Policy:
   a. **Excessive Use** has the meaning given to that term in section 7 of this Fair Use Policy;
   b. **Fair Use Policy** means this policy;
   c. **Nearmap, we, us** or **our** means Nearmap US, Inc.;
   d. **Products** has the meaning given to that term in Your Nearmap Agreement;
   e. **Services** has the meaning given to that term in Your Nearmap Agreement;
   f. **You** or **Your** means any customer of Nearmap;
   g. **Your Nearmap Agreement** means the agreement pursuant to which Nearmap provides You with various products and services; and
   h. **Unreasonable Use** has the meaning given to that term in section 5 of this Fair Use Policy.

3. We reserve the right to vary the terms of this Fair Use Policy from time to time.

4. This Fair Use Policy is in addition to Your Nearmap Agreement and in the event of any inconsistency between the terms of this Fair Use Policy and the terms and conditions of Your Nearmap Agreement, Your Nearmap Agreement prevails.

Unreasonable Use

5. We consider Your use of the Products and Services unreasonable where You use it in a manner which is reasonably considered by Nearmap to be fraudulent use, to be contrary to Your Nearmap Agreement or to adversely affect other Nearmap customers' use of or access to the Products and Services.

6. Among other things, "fraudulent use" includes resupply of the Products and Services without Nearmap's consent so that someone else may access or use the Products and Services or take advantage of the Products and Services.

Excessive Use

7. Excessive Use is a continuing and unreasonably disproportionate use of the Products and Services when compared to other average individual named users.

Nearmap's Rights

8. Where Your use of the Products and Services constitutes Unreasonable Use and/or Excessive Use, Nearmap may contact You to discuss changing Your usage pattern so that it conforms with this Fair Use Policy, or to upgrade to a more suitable Product or Service (ifapplicable).

9. If, after Nearmap has contacted You, Your Unreasonable Use and/or Excessive Use continues, Nearmap may, without further notice to You:
   a. restrict Your access to low resolution imagery for the remainder of the month; and/or
   b. restrict Your access to low resolution imagery for the remainder of the month until Your data allowance is reset at the beginning of the next month (if applicable); and/or
   c. restrict Your access for the remainder of the month; and/or
   d. restrict Your access to Nearmap until Your data allowance is reset at the beginning of the next month (if applicable); and/or
   e. immediately cease Your access to Nearmap; and/or
   f. exercise any other right available to Nearmap under the terms of Your Nearmap Agreement.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
CONSENT CALENDAR
Agenda Item No. 11.14
June 25, 2025

Approval of the Credit Agreement for the Road and Bridge Benefit District (RBBD) for Zone D – Hamner and Limonite Avenues Median and Limonite Street related to Tract Map 38920, The New Home Company, LLC.

Prepared By:

Jimmy Chung, Public Works Director/City Engineer

Recommended Action(s)

Staff recommends that the City Council approve the Credit Agreement for the Road and Bridge Benefit District (RBBD) for Zone D – Hamner and Limonite Avenues Median and Limonite Streets related to Tract Map 38920 and authorize the City Manager and the City Clerk to sign said agreement.

Summary

The developer, The New Home Company, LLC has requested to enter into a credit agreement with the City by the term of which the developer's eligible costs for construction of certain public improvements can be reimbursed or receive credit against the Mira Loma Road and Bridge District (RBBD) Program.

Pursuant to the established RBBD Program; the developer, owns property that is located within Zone D of the District. As a condition of development, the developer is required to construct improvements to Limonite Avenue realignment/widening and landscaped median improvements on Limonite and Hamner Avenues.

Background

On April 25, 2022, the Planning Commission approved entitlements related to Tentative Tract Map 38290 to create 14 developable lots, 19 lots for infrastructure, trails and open space within a 158.6 acre site located at the northwest corner of Hamner Avenue and Limonite Avenue commonly known as the Leal Property.

The conditions of approval included landscaped median improvements along Limonite and Hamner Avenues. These improvements are listed on the RBBD improvement list and staff has determined are eligible for credit in the amount of $364,350.00. Please see breakdown below:

Estimated Developer Fee Obligation	Eligible Credit Amount	Estimated Amount Owed to City
$1,385,784.00	$364,350.00 (see below)	$1,021,434.00

Street	RBBD Eligible Improvements	Amount of Median per LF	Reimbursement per LF	Credit Amount
Hamner Avenue	Landscape Median	1,400	$186	$260,400.00
Limonite Avenue	Landscape Median	1,350	$77	$103,950.00
			Total:	$364,350.00

The agreement is on file in the City Clerk's Office.

Environmental

Project is consistent with the Addendum to the Certified Program Environmental Impact Report prepared for the Leal Master Plan, and all impacts were adequately analyzed pursuant to applicable legal standards in the previously adopted Certified Program Environmental Impact Report and subsequent addenda, in accordance with State CEQA Guidelines Section 15162.

Strategic Plan Action - Priority Level: 2 | Target #: B | Goal #: C

This approval will continue to develop branding and identity for Eastvale.

Fiscal Impact

Approval of the RBBD agreement will have no impact on the city's operating budget. The developer has not met their RBBD obligation total and will take a credit against the obligation, as a result, the city will not directly reimburse the developer for the improvements. As such, the city does not need to budget for a reimbursement. The impact is solely to the revenues received in the RBBD fund and will lower the amount available to the city for future road improvements and/or reduce the amount available to future road improvements completed by other developers within the district.

Prior City Council/Commission Action

On April 25, 2022, Planning Commission approved Tentative Tract Map 38290.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, APPROVING A ROAD AND BRIDGE BENEFIT DISTRICT (RBBD) AGREEMENT FOR TRACT 38594.

WHEREAS, the Tentative Map for Tract No. 38594 was approved by the Planning Commission on October 18, 2023; and

WHEREAS, the Developer has requested the City approve a Road and Bridge Benefit (RBBD) Improvement and Credit/Reimbursement Agreement for the construction of certain RBBD Improvements associated with the project.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED, that the City Council of the City of Eastvale hereby approves the Credit/Reimbursement Agreement Road and Bridge Benefit (RBBD) Program Agreement for Tract No. 38594 with The New Home Company, LLC a Delaware Limited Liability Company, a copy of which is attached hereto and incorporated by reference, and authorizes the City Manager to sign said agreement.

PROJECT AGREEMENT
ROAD AND BRIDGE BENEFIT DISTRICT
(ZONE D - HAMNER AVENUE AND LIMONITE AVENUE MEDIAN AND LIMONITE STREET)

This PROJECT AGREEMENT ("Agreement") is entered into by and between the City of Eastvale, a California municipal corporation, hereinafter referred to as "City", and The New Home Company, LLC., a Delaware Limited Liability Company ("Developer"). City and Developer are sometimes hereinafter referred to individually as "Party" and collectively as "Parties".

RECITALS

WHEREAS, the County of Riverside ("County"), pursuant to Section 66484 of the California Government Code, Chapter 16.28 of the Riverside County Code and Resolution No. 94-378, adopted on December 6, 1994, established the Mira Loma Road and Bridge Benefit District (the "District"), which consisted of five zones, designated construction costs for certain road and bridge improvements to be funded by the District, and established a road and bridge improvement fee schedule that apportioned said construction costs to all properties within the District to be paid upon recordation of a final map or the issuance of a building permit; and

WHEREAS, the County, by Resolution No. 97-002 adopted on February 4, 1997, and by Resolution No. 99-025 adopted on January 5, 1999, has amended the list of designated road and bridge improvements whose construction costs are to be funded by the District and the road and bridge improvement fee schedule; the current applicable fee schedule for properties within the District is established by County Resolution No. 2005-482; and

WHEREAS, Developer owns property that is located within Zone D of the District, and this property has received development approval from the City as Project No. PLN21-20039 and/or Tract Map 38920 as shown on Exhibit A which is attached hereto (the "Property" or the "Tracts"); and

WHEREAS, as a condition of development of the Property, the Developer is required to construct improvements to Limonite Avenue realignment/widening and the Hamner Avenue and Limonite Avenue landscaped median that are identified on Exhibit B and C, which is attached hereto (the "Improvements"); and

WHEREAS, the design and construction cost reimbursement of the Improvements will be based on actual costs in an amount not to exceed $364,350 as shown on Exhibit C, which is attached hereto and made a part hereof; and

WHEREAS, the Improvements are identified in the District program and the construction costs of which are to be funded by the fees collected under the District consistent with Resolution No. 2005-482; and

WHEREAS, the City of Eastvale incorporated on October 1, 2010 and assumed administrative responsibilities for Mira Loma RBBD Zones within City boundaries including all or portions of Zones A, B, D, and E; and

WHEREAS, the City estimates that as of the date of this Agreement, the amount of District fees the Developer is obligated to pay to City, pursuant to Resolution No. 2005-482, is $1,385,784.00; and

WHEREAS, the Developer has requested to enter into this Agreement with the City by the terms of which the Developer's actual eligible costs for construction of the Improvements can be reimbursed or receive credit from fees that the District has collected or will collect in the future for actual construction costs not to exceed the amount specified herein; and

WHEREAS, the City estimates the total amount of District fees that can be collected from the Property consistent with Resolution No. 2005-482 and the development rights that have been approved by City to be $1,385,784.00.

AGREEMENT

NOW, THEREFORE, for the purposes set forth herein, and for good and valuable consideration, the adequacy of which is hereby acknowledged, Developer and City hereby agree as follows:

Section 1. **Purpose of the Agreement:** Following execution of this Agreement, the Developer shall cause, consistent with Sections 3 through 12, below, the Improvements to be designed, engineered and constructed as if it had been constructed under the direction and supervision or under the authority of the City, and the City shall pay or credit the Developer the Reimbursement Amount consistent with Exhibit D in conformance with Section 6, below.

Section 2. **Definitions:** Unless otherwise specifically defined in this Agreement, all terms will have the meaning ascribed to them by the Rules and Regulations for the Administration of Road and Bridge Benefit Districts of the County of Riverside and City of Eastvale, where applicable.

Section 3. **Preparation and Approval of Plans and Specifications:** To the extent that it has not already done so, the Developer shall cause plans (the "Plans") to be prepared for the Improvements. The Developer shall obtain the written approval of the Plans from City. The Developer shall provide a copy of the Plans and specifications to the City Engineer, or his/her designee.

Section 4. **Duty of Developer to Construct:** To the extent authorized by law, City will grant the Developer any license and/or permit required from it to allow for the construction of the Improvements as approved by City. The Developer shall perform all of its obligations hereunder and shall conduct all operations with respect to the construction of the Improvements in a good, workmanlike and commercially reasonable manner, with the standard of diligence and care normally employed by duly qualified persons utilizing commercially reasonable efforts in the performance of comparable work and in accordance with generally accepted practices appropriate to the activities undertaken. The Developer shall not be relieved of its obligation to construct the Improvements and cause title to the Improvements to be conveyed to the City even if the Reimbursement Amount is less than the actual cost of the Improvements. Notwithstanding the foregoing, nothing set forth in this Agreement shall be construed to require the Developer to perform any work requiring a

contractor's license, nor shall the Developer be deemed to be performing construction services pursuant to this Agreement.

Section 5. **Acquisition of City Facilities:** The Developer hereby agrees to convey to the City and the City hereby agrees to pay to the Developer the Reimbursement Amount for the Improvements, subject to the terms and conditions hereof.

The Reimbursement Amount is to be paid solely from fees collected or to be collected by the District and designated for the cost of construction of the Improvements and the City shall not be obligated to pay the Reimbursement Amount except from amounts held by the District for such purposes.

Section 6. **Payment of the Reimbursement Amount:** The Developer accepts that this Agreement does not serve to stop the City from making further adjustments to the District Fee, by amending the District, consistent with State law. The Developer acknowledges that the City Council will annually consider adjustments to the District Fee. The parties agree that the dollar amount of any fee credit to be earned by the Developer pursuant to this Agreement will be determined by the actual cost of construction incurred not to exceed the amount shown in Exhibit D. The maximum allowable reimbursement amount will be based on the reimbursement schedule established by the District at the time the Developer pays District Fees. Additionally, cash reimbursement is subject to availability of funds received by the District. Reimbursement is subject to the availability of funds, which may include reimbursement over a period of time.

(a) Upon recordation of a Notice of Completion for the Improvements and acceptance of the Improvements by the City Engineer, the Developer shall submit a billing to the City Engineer requesting determination of the actual cost of the Improvements and the District Fee credit. The reimbursement amount of the earned fee credit is to equal the actual cost incurred in an amount not to exceed what is set forth in Exhibit D in constructing the Improvements. The Developer is to supply all documentation requested by the City Engineer in determining the actual construction cost of the Improvements. The City Engineer is to use his/her best efforts to determine the amount of the earned fee credit within thirty (30) calendar days of receipt of the bill submitted by the Developer.

(b) The City Engineer will provide the Developer written notice, in the form of Exhibit E attached hereto (the "Credit Notice"), of the dollar amount of the earned credit. If the dollar amount of the earned fee credit exceeds the dollar amount of the District Fee that would otherwise be due from the Developer (the "Fee Credit Excess"), the City Engineer will identify in the Notice that the Fee Credit Excess will generate either: (i) a cash reimbursement to the Developer or (ii) an earned fee credit to offset the District Fee required on another approved tract or parcel map to be developed by the Developer within the District. Once completed, the Credit Notice is to be executed and dated by the City Engineer and the Developer. Developer shall have the option to select reimbursement or credit transfer at any time after validation of eligible expenses in consultation with City.

(c) If the dollar amount of the earned fee credit is less than the District Fee that would be due from the Developer, the Credit Notice will so note. The amount of credit to be applied with each District Fee payment on either a per unit or per acre basis will be identified, and

shall be based on prorating the earned fee credit over those units which have not previously paid the District Fee.

Upon acceptance of the Improvements by the City Engineer, the City Engineer will note on the Notice of Credit the full District fee paid to date of acceptance and make the appropriate adjustment for the application of the earned fee credit consistent with the subsections (b) or (c) above.

Section 7. Bid and Construction Requirements:

(a) In order to ensure that the Improvements are constructed as if it had been constructed under the direction and supervision, or under the authority of, the City, the Developer shall comply with all of the requirements set forth in this Section.

(b) Prior to soliciting bids, the Developer shall submit a bid packet for review and approval to the City Engineer. The contract for the construction of the Improvements shall be awarded to the responsible bidder submitting the lowest responsive bid for the Improvements after notice inviting sealed bids is given as required for public works projects pursuant to any applicable provisions of the California Public Contracts Code and the rules, regulations and policies of the City. Upon opening of bids and prior to awarding the construction contract, the Developer shall submit the lowest responsible bidder's bid to the City Engineer for review and approval, which approval shall not be unreasonably withheld or delayed.

(c) The Developer shall require, and the specifications, bid and contract documents shall require all contractors, subcontractors, vendors, equipment operators and owner operators, in each such case to the extent such individuals or entities are engaged to perform work on the Improvements, to pay at least general prevailing wage rates to all workers employed in the execution of the contract, to post a copy of the general prevailing wage rates at the job-site in a conspicuous place available to all employees and applicants for employment, and to otherwise comply with applicable provisions of the California Labor Code, the California Government Code and the California Public Contracts Code relating to general prevailing wage rates as required by the specifications approved by the City Engineer. The City has provided the Developer with copies of tables setting forth the general prevailing wage rates, and the Developer hereby acknowledges receipt thereof.

(d) The Developer shall require each contractor, subcontractor, vendor, equipment operator and owner operator, in each such case to the extent such individual or entity is engaged to perform work on the Improvements, to provide proof of insurance coverage satisfying the requirements of Section 12(g) hereof throughout the term of the construction of the Improvements. Rather than requiring its contractors to provide such insurance, the Developer may elect to provide the same for the benefit of its contractors.

(e) Each contractor engaged to perform work on the Improvements shall be required to furnish (i) labor and material payment bonds, and (ii) contract performance bonds, each in an amount equal to 100% of the contract price naming the Developer and the City as obligees and issued by a California admitted surety subject to the provisions of Section 995.660 of the California Code of Civil Procedure. All such bonds shall be in a form as shown in Exhibit F. Rather than requiring its

contractors to provide such bonds, the Developer may elect to provide the same for the benefit of its contractors.

(f) The Developer shall comply, and shall cause each contractor, subcontractor, vendor, equipment operator and owner operator, in each such case to the extent such individual or entity is engaged to perform work on the Improvements, to comply, with such other requirements relating to the construction of the Improvements as the City may impose by written notification delivered to the Developer, to the extent legally required as a result of changes in applicable Federal, State or City laws, rules or procedures.

(g) The Developer shall require, and the specifications and bid and contract documents shall require, all contractors, subcontractors, vendors, equipment operators and owner operators, in each such case to the extent such individuals or entities are engaged to perform work on the Improvements, to submit certified weekly payroll records to the Developer for inspection by the City Engineer, and to furnish certified payroll records to the City Engineer promptly upon request.

(h) The Developer shall provide proof to the City Engineer, at such intervals and in such form as the City Engineer may require that the foregoing requirements have been satisfied as to the Improvements.

Section 8. **Licenses and Permits:** To the extent authorized by law, City will grant the Developer any license and/or permit required from it to allow for the construction of the Improvements as approved by City. The form and content of said license and/or permit shall be in form mutually acceptable to both the City and the Developer.

Section 9. **Modifications to the Estimated Cost:** The lowest responsible bid for the Improvements shall not exceed the amounts shown in Exhibit D without a formal amendment to this Agreement. If during the course of construction of the Improvements, the Developer is presented with a change order or set of change orders that would increase the construction cost, the Developer must receive the approval of the City Engineer before approving the change order(s). In no instance shall the total construction costs, including any change orders, exceed the estimated costs shown in Exhibit D without a formal amendment to this Agreement. Upon approving the change order, the City Engineer will cause a formal amendment to this Agreement to be prepared, if necessary. Failure to comply with this provision will result in the City not reimbursing or crediting the Developer for any change orders.

Section 10. **Inspection; Completion of Construction:** The City Engineer shall have responsibility for providing inspection of the work of construction of the Improvements to ensure that the work of construction is accomplished in accordance with the Plans and the specifications approved by the City Engineer. City personnel shall have access to the site of the work of construction at all reasonable times for the purpose of accomplishing such inspection.

No later than thirty (30) calendar days after receiving notification from the City that the Improvements have been constructed in accordance with the Plans, the Developer shall forthwith file with the Riverside County Recorder a Notice of Completion pursuant to the provisions of Section 3093 of the California Civil Code. The Developer shall furnish to the City a duplicate copy of each such Notice of Completion showing thereon the date of filing with said County Recorder.

Section 11. **Maintenance of Facilities; Warranties:** The Developer shall maintain the Improvements in good and safe condition until their acceptance by the City. Prior to the acceptance of the Improvements, the Developer shall be responsible for maintaining the Improvements in proper operating condition, and shall perform such maintenance as the City Engineer reasonably determines to be necessary. As of the date of acceptance, the performance bond provided by the Developer for the Improvements pursuant to Section 7(e) hereof shall be reduced to an amount equal to 10% of the original amount thereof and shall serve as a warranty bond to guarantee that the Improvements will be free from defects due to faulty workmanship or materials for a period of 12 months from the date of acceptance, or the Developer may elect to provide a new warranty bond or cash in such an amount. As of the date of acceptance of the Improvements, the Developer shall assign to the City all of the Developer's rights in any warranties, guarantees, maintenance obligations or other evidence of contingent obligations of third persons with respect to the Improvements.

Section 12. **Insurance Requirements:** Without limiting or diminishing the Developer's obligation to indemnify or hold the City harmless, the Developer shall procure and maintain or cause to be maintained, at its sole cost and expense the following insurance coverages during the term of this Agreement

(i) *Commercial General Liability:* Commercial General Liability insurance coverage, including but not limited to, premises liability, contractual liability, products and completed operations, explosion, collapse, use of cranes, and other heavy equipment and underground hazards, personal and advertising injury covering claims which may arise from or out of Developer's performance of its obligations hereunder. Policy shall name by endorsement the City and its special districts, respective directors, officers, elected officials, employees, agents or representatives as Additional Insured's. Policy's limit of liability shall not be less than $2,000,000 per occurrence combined single limit. If such insurance contains a general aggregate limit, it shall apply separately to this Agreement or be no less than two (2) times the occurrence limit.

(ii) *Vehicle Liability:* Developer shall maintain liability insurance for all owned, non-owned or hired vehicles in an amount not less than $1,000,000 per occurrence combined single limit. If such insurance contains a general aggregate limit, it shall apply separately to this Agreement or be no less than two (2) times the occurrence limit. Policy shall name by endorsement the City, its special districts, their respective directors, officers, elected officials, employees, agents or representatives as Additional Insureds.

(iii) *Worker's Compensation Insurance:* Developer shall maintain Workers' Compensation Insurance (Coverage A) as prescribed by the laws of the State of California. Policy shall include Employers' Liability (Coverage B) including Occupation Disease with limits not less than $1,000,000 per person per accident. Policy shall be endorsed to waive subrogation in favor of the City, and if applicable, to provide a Borrowed Servant/Alternate Employer Endorsement.

General Insurance Provisions - all lines:

(a) Any insurance carrier providing insurance coverage hereunder shall be admitted to the State of California and have an A.M. Best rating of not less than an A:VIII (A:8) unless such requirements are waived, in writing, by the City Risk Manager.

(b) The Developer's insurance carrier(s) must declare its insurance deductibles or self-insured retentions. If such deductibles or self-insured retentions exceed $500,000 per occurrence such deductibles and/or retentions shall have the prior written consent of the City Risk Manager before the commencement of operations under this Agreement. Upon notification of deductibles or self-insured retentions which are deemed unacceptable to the City, at the election of the City's Risk Manager, the Developer's carriers shall either: (i) reduce or eliminate such deductibles or self-insured retentions as respects this Agreement with the City, or (ii) procure a bond which guarantees payment of losses and related investigations, claims administration, defense costs and expenses.

(c) The Developer shall cause their insurance carrier(s) to furnish the City with (i) a properly executed original Certificate(s) of Insurance and certified original copies of Endorsements effecting coverage as required herein; or (ii) if requested to do so orally or in writing by the City Risk Manager, provide original certified copies of policies including all Endorsements and all attachments thereto, showing such insurance is in full force and effect.

(d) Further, said Certificate(s) and Endorsements to policies of insurance shall contain the covenant of the insurance carrier(s) that it shall provide no less than thirty (30) days written notice be given to the City prior to any material modification or cancellation of such insurance. In the event of a material modification or cancellation of coverage, this Agreement shall terminate forthwith, unless the City receives, prior to such effective date, another properly executed original Certificate of Insurance and original copies of Endorsements or certified original policies, including all endorsements and attachments thereto evidencing coverages and the insurance required herein are in full force and effect. Individual(s) authorized by the insurance carrier to do so on its behalf shall sign the original endorsements for each policy and the Certificate of Insurance.

(e) ***The Developer shall not commence construction of the Improvements until the City has been furnished original Certificate(s) of Insurance and certified original copies of Endorsements or policies of insurance including all endorsements and any and all other attachments as required in this Section.***

(f) It is understood and agreed by the parties hereto and the Developer's insurance company(s) that the Certificate(s) of Insurance and policies shall so covenant and shall be construed as primary insurance, and the City's insurance and/or deductibles and/or self-insured retentions or self-insured programs shall not be construed as contributory.

(g) The Developer and contractors shall pass down the insurance obligations contained herein to all tiers of subcontractors working under this Agreement and will require all such subcontractors to name on their insurance policies by endorsement the City, its special districts, their respective directors, officers, elected officials employees, agents or representatives as Additional Insureds. Copies of such certificates and endorsements shall be provided to the City. The minimum limits of liability required of all tiers of subcontractors

are $1,000,000 Combined Single Limit for Commercial General Liability and $1,000,000 Combined Single Limit for Vehicle Liability Insurance.

Section 13. Ownership of Facilities: Notwithstanding the fact that a portion or all of the Improvements may be constructed in dedicated street rights-of-way or on property that has been or will be dedicated to the City, the Improvements shall be and remain the property of the Developer until acceptable title thereto is conveyed to the City as provided herein. Acceptable title means title to land, or an easement therein, delivered free and clear of all liens, taxes assessments, leases, easements, and encumbrances, whether any such item is recorded or unrecorded, except those non-monetary items which are reasonably determined by the City not to interfere with the intended use of the land and the Improvements. Such ownership by the Developer shall likewise not be affected by any agreement that the Developer may have entered into or may enter into with the City pursuant to the provisions of the Subdivision Map Act, Section 66410 *et seq.* of the Code, and the provisions of this Section shall control.

Section 14. Representations, Warranties and Covenants of the Developer: The Developer makes the following representations, warranties and covenants for the benefit of the City, as of the date hereof and as of the date of the Payment Request is delivered to the City hereunder:

(a) Organization. The Developer represents and warrants that the Developer is a California corporation duly organized and validly existing under the laws of the State of California, is in good standing under the laws of the State of California, and has the power and authority to own its properties and assets and to carry on its business as now being conducted and as now contemplated.

(b) Authority. The Developer represents and warrants that the Developer has the power and authority to enter into this Agreement, and has taken all action necessary to cause this Agreement to be executed and delivered, and this Agreement has been duly and validly executed and delivered on behalf of the Developer.

(c) Binding Obligation. The Developer represents and warrants that this Agreement is a valid and binding obligation of the Developer and is enforceable against the Developer in accordance with its terms, subject to bankruptcy, insolvency, reorganization or other similar laws affecting the enforcement of creditors' rights in general and by general equity principles.

(d) Completion of Improvements. The Developer covenants that it will use its reasonable and diligent efforts to do all things that may be lawfully required of it in order to cause the Improvements to be completed in accordance with this Agreement.

(e) Compliance with Laws. The Developer covenants that, while the Improvements are owned by the Developer or required pursuant to this Agreement to be maintained by the Developer, it will not commit, suffer or permit any of its agents, employees or contractors to commit any act to be done in, upon or to the Improvements in violation in any material respect of any law, ordinance, rule, regulation or order of any governmental authority or any covenant, condition or restriction now or hereafter affecting the Property or the Improvements.

(f) Payment Requests. The Developer represents and warrants that it will diligently follow all procedures set forth in this Agreement with respect to Payment Requests.

(g) Financial Records. Until the final acceptance of the Improvements, the Developer covenants to maintain proper books of record and account for the Improvements and all costs related thereto. The Developer covenants that such accounting books will be maintained in accordance with generally accepted accounting principles, and will be available for inspection by the City and the City Engineer, at any reasonable time during regular business hours on two business days' prior written notice, subject to mutually acceptable arrangements regarding the confidentiality of proprietary data.

(h) Permits. The Developer covenants that it will obtain all governmental or other permits required to proceed with the construction of the Improvements and that it will pay all fees relating thereto.

(i) Environmental Matters. The Developer represents and warrants that it has complied with, has caused compliance with, or will cause compliance with, the California Environmental Quality Act as required for the construction of the Improvements and its conveyance to the City.

Section 15. Representations, Warranties and Covenants of City: City makes the following representations, warranties and covenants for the benefit of the Developer:

(a) Authority. City represents and warrants that City has the power and authority to enter into this Agreement, and has taken all action necessary to cause this Agreement to be executed and delivered, and this Agreement has been duly and validly executed and delivered on behalf of City.

(b) Binding Obligation. City represents and warrants that this Agreement is a valid and binding obligation of City and is enforceable against City in accordance with its terms, subject to bankruptcy, insolvency, reorganization or other similar laws affecting the enforcement of creditors' rights in general and by general equity principles.

(c) Completion of the Improvements. The City covenants that it will use its reasonable and diligent efforts to take expeditiously all actions that may be lawfully required of it in issuing permits, processing and approving plans and specifications and inspecting and accepting the Improvements in accordance with this Agreement.

(d) Payment Requests. City represents and warrants that it will diligently follow all procedures set forth in this Agreement with respect to each payment request and payment of the Reimbursement Amount.

Section 16. Indemnification: The Developer agrees to protect, indemnify, defend and hold the City, its elected officials, officers, employees, agents, and representatives (the "Indemnified Parties") and each of them, harmless from and against any and all claims, liabilities, losses,

expenses, suits, actions, decrees, judgments, awards, attorney's fees, and court costs which the Indemnified Parties, or any combination thereof, may suffer or which may be sought against or recovered or obtained from the Indemnified Parties, or any combination thereof, as a result of, or by reason of, or in consequence of, or arising out of

(a) this Agreement,

(b) the acquisition, construction, or installation of the Improvements,

(c) the design, construction, or failure of the Improvements,

(d) the untruth or inaccuracy of any representation or warranty made by the Developer in this Agreement or in any certifications delivered by or on behalf of the Developer hereunder, or

(e) any act or omission of the Developer or any of its subcontractors, or their respective directors, officers, employees, agents, and representatives in connection with the Improvements. If the Developer fails to do so, the Indemnified Parties, or each of them, shall have the right, but not the obligation, to defend the same and charge all of the direct or incidental costs of such defense, including reasonable attorneys' fees and court costs to, and recover the same from, the Developer.

No indemnification is required to be paid by the Developer for any claim, liability, loss, expense, suit, action, decree, judgment, award of attorneys' fees and court costs

(f) as a result of, or by reason of, or in consequence of, or arising out of the willful misconduct or sole or active negligence of the Indemnified Parties or

(g) as a result of, or by reason of, or in consequence of, or arising out of the use or operation of the Improvements after acceptance by the City, unless such claim, liability, loss, expense, suit, action, decree, judgment, award of attorneys' fees or court costs results from the defective or improper design, defective or improper construction, or defective or improper installation of the Improvements by Developer, its agents, or representatives.

The Provisions of this Section shall survive the termination of this Agreement. Developer shall be released from the indemnity obligations set forth herein upon expiration of all applicable statute of limitations periods.

Section 17. **Developer as a Private Developer:** In performing under this Agreement, it is mutually understood that the Developer is acting as an independent contractor, and not as an agent of the City. The City shall have no responsibility for payment to any contractor, subcontractor or supplier of the Developer.

Section 18. **Other Agreements:** Nothing contained herein shall be construed as affecting the City's or the Developer's respective duty to perform its respective obligations under other agreements, land use regulations or subdivision requirements relating to the development of the Property, which obligations are and shall remain independent of the Developer's rights and obligations, and the City's rights and obligations, under this Agreement; provided, however, that the Developer shall use its reasonable and diligent efforts to perform each and every covenant to be performed by it under any lien or encumbrance, instrument, declaration, covenant, condition, restriction, license, order, or other agreement, the nonperformance of which could reasonably be expected to materially and adversely affect the acquisition, construction and installation of the Improvements.

Section 19. **Binding on Successors and Assigns:** Neither this Agreement nor the duties and obligations of the Developer hereunder may be assigned to any person or legal entity other than an affiliate of the Developer without the written consent of the City, which consent shall not be unreasonably withheld or delayed. Neither this Agreement nor the duties and obligations of the City hereunder may be assigned to any person or legal entity, without the written consent of the Developer, which consent shall not be unreasonably withheld or delayed. The agreements and covenants included herein shall be binding on and inure to the benefit of any partners, permitted assigns, and successors-in-interest of the parties hereto.

Section 20. **Amendments:** This Agreement can only be amended by an instrument in writing executed and delivered by the City and the Developer.

Section 21. **Waivers:** No waiver of, or consent with respect to, any provision of this Agreement by a party hereto shall in any event be effective unless the same shall be in writing and signed by such party, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which it was given.

Section 22. **No Third Party Beneficiaries:** No person or entity shall be deemed to be a third party beneficiary hereof, and nothing in this Agreement (either express or implied) is intended to confer upon any person or entity, other than the City and the Developer (and their respective successors and assigns), any rights, remedies, obligations or liabilities under or by reason of this Agreement.

Section 23. **Notices:** All notices, statements, demands, consent, approvals, authorizations, designations, invoices, or other communications shall be in writing and delivered to the following addresses or such other addresses as the Parties may designate by written notice:

To City: City of Eastvale
12363 Limonite Avenue, Ste. 910
Eastvale, CA 91752
Attn: Jimmy Chung
City Engineer
Phone No. (951) 703-4473

To Developer: The New Home Company of Southern California, LLC, a Delaware Limited Liability Company
15231 Laguna Canyon Rd, Suite 250
Irvine, CA 92618
Attn: _____
Phone No. (949) 783-9986

Notice shall be deemed delivered (a) if served or delivered by messenger, as of the date delivered, (b) if by electronic facsimile, upon the sender's receipt of an appropriate answerback or other written acknowledgment, (c) if transmitted by United States mail first class, registered or certified mail, return receipt requested, deposited with the United States mail postage prepaid, 72

hours after such notice is deposited with the United States mail, (d) if delivered by overnight courier, with courier charges prepaid, 24 hours after delivery to said overnight courier, or (e) if delivered by any other means, upon delivery at the address specified in this Section.

Section 24. Default; Notice; Remedies:

(a) If Developer neglects, refuses, or fails to fulfill or timely complete any obligation, term, or condition of this Agreement, or if City determines there is a violation of any federal, state, or local law, ordinance, regulation, code, standard, or other requirement, City may at any time thereafter declare Developer to be in default or violation of this Agreement and make written demand upon Developer or its surety, or both, to immediately remedy the default or violation ("Notice"). Developer shall substantially commence the work required to remedy the default or violation within five (5) days of the Notice. If the default or violation constitutes an immediate threat to the public health, safety, or welfare, City may provide the Notice verbally, and Developer shall substantially commence the required work within twenty-four (24) hours thereof. Immediately upon City's issuance of the Notice, Developer and its surety shall be liable to City for all costs of construction and installation of the Improvements and all other administrative costs or expenses as provided for in this Section 24 of this Agreement.

(b) If the work required to remedy the noticed default or violation is not diligently prosecuted to a completion acceptable to City within the time frame contained in the Notice, City may complete all remaining work, arrange for the completion of all remaining work, and/or conduct such remedial activity as in its sole and absolute discretion it believes is required to remedy the default or violation. All such work or remedial activity shall be at the sole and absolute cost, expense, and liability of Developer and its surety, without the necessity of giving any further notice to Developer or surety. City's right to take such actions shall in no way be limited by the fact that Developer or its surety may have constructed any of the Improvements at the time of City's demand for performance. In the event City elects to complete or arrange for completion of the remaining work and the Improvements, City may require all work by Developer or its surety to cease in order to allow adequate coordination by City.

(c) No action by City pursuant to this Section 24 shall prohibit City from exercising any other right or pursuing any other legal or equitable remedy available under this Agreement or any federal, state, or local law. City may exercise its rights and remedies independently or cumulatively, and City may pursue inconsistent remedies. City may institute an action for damages, injunctive relief, or specific performance.

Section 25. Jurisdiction and Venue: Each of the City and the Developer (a) agrees that any suit action or other legal proceeding arising out of or relating to this Agreement shall be brought in the Courts of the United States of America in the district in which said City is located, (b) consents to the jurisdiction of each such court in any suit, action or proceeding, and (c) waives any objection that it may have to the laying of venue or any suit, action or proceeding in any of such courts and any claim that any such suit, action or proceeding has been brought in an inconvenient forum. Each of the City and the Developer agrees that a final and non-appealable judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

Section 26. **Attorneys' Fees:** If any action is instituted to interpret or enforce any of the provisions of this Agreement, the party prevailing in such action shall be entitled to recover from the other party thereto reasonable attorney's fees and costs of such suit (including both prejudgment and post judgment fees and costs) as determined by the court as part of the judgment.

Section 27. **Governing Law:** This Agreement and any dispute arising hereunder shall be governed by and interpreted in accordance with the laws of the State of California.

Section 28. **Usage of Words:** As used herein, the singular of any word includes the plural, and terms in the masculine gender shall include the feminine.

Section 29. **Counterparts:** This Agreement may be executed in counterparts, each of which shall be deemed an original.

Section 30. **Severability:** If any term, provision, condition or covenant of this Agreement or the application thereof to any party or circumstances shall, to any extent, be held invalid or unenforceable, the remainder of this instrument, or the application of such term, provision, condition or covenant to persons or circumstances other than those as to whom or which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement and will be made effective on the day and year signed by the City of Eastvale Mayor.

EXHIBIT D

I. CREDIT/REIMBURSEMENT:

The final settlement shall be based on the actual allowable cost of design, engineering, and construction costs for the completion and acceptance of the Improvements described in this Agreement, and shall not exceed the maximum obligation of the CITY herein. The Mira Loma Road and Bridge Benefit District will not provide reimbursement for:

- Tapers that will not be part of ultimate improvements;
- Frontage improvements including but not limited to curb, gutter, and sidewalks; and
- Right-of-Way Costs.

II. MAXIMUM OBLIGATION:

Eligible Reimbursement for:	Landscaped median Hamner Ave	$260,400
	Landscaped median Limonite Ave	$103,950
Maximum Eligible credit/reimbursement:		**$364,350**

III. DOCUMENTATION TO BE PROVIDED BY DEVELOPER:

Developer shall provide the following documents to City:

1. Plans, specifications and Developer's Civil Engineer's cost estimate;
2. List of bidders from whom bids were requested;
3. Construction schedules and progress reports;
4. Contracts, insurance certificates and change orders with each contractor or vendor;
5. Invoices received from all vendors;
6. Canceled checks from payments made to contractors and vendors (copy both front and back of canceled checks);
7. Spreadsheet showing total costs incurred in and related to the construction of each Improvement and the check number for each item of cost and invoice;
8. Final lien releases form each contractor and vendor;
9. Copy of recorded Notice of Completion; and
10. Such further documentation as may be reasonably required by City to evidence the completion of construction and the payment of each item of cost and invoice.

FORMS FOR SECURITY

[ATTACHED BEHIND THIS PAGE]

BOND NO. ES000163000
INITIAL PREMIUM: $64,885.00/Annual
SUBJECT TO RENEWAL

CITY OF EASTVALE

PROJECT NO. Tr 38594 SUBDIVISION IMPROVEMENT BOND

(Faithful Performance)

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS the City of Eastvale, California ("City") and The New Home Company Southern California LLC, a Delaware limited liability company ("Principal"), have executed an agreement for work consisting of, but not limited to, the furnishing all labor, materials, tools, equipment, services, and incidentals for specified improvements, survey monuments and required facilities for Tract Map No. 38594 ("Public Improvements");

WHEREAS, the Public Improvements to be performed by Principal are more particularly set forth in that certain Subdivision Improvement Agreement dated _____, 2023 ("Improvement Agreement");

WHEREAS, the Improvement Agreement is hereby referred to and incorporated herein by reference; and

WHEREAS, Principal is required by the Improvement Agreement to provide a good and sufficient bond for performance of the Improvement Agreement, and to guarantee and warranty the Public Improvements constructed thereunder.

NOW, THEREFORE, Principal and Everest National Insurance Company ("Surety"), a corporation organized and existing under the laws of the State of Delaware, and duly authorized to transact surety business under the laws of the State of California, are held and firmly bound unto City in the sum of Twelve Million Nine Hundred Seventy Seven Thousand Dollars ($12,977,000.00),said sum being one hundred percent (100%) of the total cost of the Public Improvements as set forth in the Improvement Agreement, we bind ourselves, our heirs, executors and administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION is such, that if Principal, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions, agreements, guarantees, and warranties in the Improvement Agreement and any alteration thereof made as therein provided, to be kept and performed at the time and in the manner therein specified and in all respects according to their intent and meaning, and to indemnify and save harmless City, its officers, employees, and agents, as stipulated in the Improvement Agreement, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As part of the obligation secured hereby, and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorney's fees, incurred by City in successfully enforcing such obligation, all to be taxed as costs and included in any judgment rendered.

Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration, or addition to the terms of the Improvement Agreement, or to any plans, profiles, and specifications related thereto, or to the Public Improvements to be constructed thereunder, shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration, or addition.

This bond is executed and filed to comply with Section 66499 et seq. of the Government Code of California as security for performance of the Improvement Agreement and security for the one-year guarantee and warranty of the Public Improvements.

IN WITNESS WHEREOF, the seal and signature of the Principal is hereto affixed, and the corporate seal and the name of the Surety is hereto affixed and attested by its duly authorized Attorney-in-Fact at Orange, CA, this 11th day of December, 2023.

INSTRUCTIONS

1. **The above bond must be executed by both the Principal and the Surety.**
2. **If the Principal is a corporation, the bond must be executed in the corporate name and signed by the President or a Vice-President and the Secretary or Assistant Secretary, and the corporate seal affixed. If the Principal is a partnership, it must be signed by all partners. If the Principal is an Individual doing business under a fictitious name, it must be signed by all persons having an interest in the business and the fictitious name must be signed also. The bond must be notarized by both the Principal and the Surety.**
3. **The bond, after approval, must be filed with the Assistant City Clerk of the City of Eastvale.**

INSTRUCTIONS FOR COMPLETING THIS FORM

This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknowledgments from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary law.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. he/she/they, is/are) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
  - Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
  - Indicate title or type of attached document, number of pages and date.
  - Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document with a staple.

CALIFORNIA ACKNOWLEDGMENT **CIVIL CODE § 1189**

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

POWER OF ATTORNEY
EVEREST REINSURANCE COMPANY and EVEREST NATIONAL INSURANCE COMPANY

KNOW ALL PERSONS BY THESE PRESENTS: That Everest Reinsurance Company and Everest National Insurance Company, corporations of the State of Delaware ("Company") having their principal offices located at Warren Corporate Center, 100 Everest Way, Warren, New Jersey, 07059, do hereby nominate, constitute, and appoint:

Shane Wolf, Cathy S. Kennedy, Beata A. Sensi, Cheryl L. Thomas, Todd M. Rohm, Wrenetta Walker

its true and lawful Attorney(s)-in-fact to make, execute, attest, seal and deliver for and on its behalf, as surety, and as its act and deed, where required, any and all bonds and undertakings in the nature thereof, for the penal sum of no one of which is in any event to exceed UNLIMITED, reserving for itself the full power of substitution and revocation.

Such bonds and undertakings, when duly executed by the aforesaid Attorney(s)-in-fact shall be binding upon the Company as fully and to the same extent as if such bonds and undertakings were signed by the President and Secretary of the Company and sealed with its corporate seal.

This Power of Attorney is granted and is signed by facsimile under and by the authority of the following Resolutions adopted by the Board of Directors of Company ("Board") on April 21, 2016:

RESOLVED, that the President, any Executive Vice President, and any Senior Vice President are hereby appointed by the Board as authorized to make, execute, seal and deliver for and on behalf of the Company, any and all bonds, undertakings, contracts or obligations in surety or co-surety with others and that the Secretary or any Assistant Secretary of the Company be and that each of them hereby is authorized to attest to the execution of any such bonds, undertakings, contracts or obligations in surety or co-surety and attach thereto the corporate seal of the Company.

RESOLVED, FURTHER, that the President, any Executive Vice President, and any Senior Vice President are hereby authorized to execute powers of attorney qualifying the attorney named in the given power of attorney to execute, on behalf of the Company, bonds and undertakings in surety or co-surety with others, and that the Secretary or any Assistant Secretary of the Company be, and that each of them is hereby authorized to attest the execution of any such power of attorney, and to attach thereto the corporate seal of the Company.

RESOLVED, FURTHER, that the signature of such officers named in the preceding resolutions and the corporate seal of the Company may be affixed to such powers of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be thereafter valid and binding upon the Company with respect to any bond, undertaking, contract or obligation in surety or co-surety with others to which it is attached.

IN WITNESS WHEREOF, Everest Reinsurance Company and Everest National Insurance Company have caused their corporate seals to be affixed hereto, and these presents to be signed by their duly authorized officers this 10th day of October 2023.

Everest Reinsurance Company and Everest National Insurance Company

By: Anthony Romano, Senior Vice President

On the 22nd of March 2023, before me personally came Anthony Romano, known to me, who, being duly sworn, did execute the above instrument, that he knows the seal of said Company; that the seal affixed to the aforesaid instrument is such corporate seal and was affixed thereto, and that he executed said instrument by like order.

LINDA ROBINS
Notary Public, State of New York
No 01R06239736
Qualified in Queens County
Term Expires April 25, 2027

Linda Robins, Notary Public

I, Sylvia Semerdjian, Assistant Secretary of Everest Reinsurance Company and Everest National Insurance Company do hereby certify that I have compared the foregoing copy of the Power of Attorney and affidavit, and the copy of the Section of the bylaws and resolutions of said Corporation as set forth in said Power of Attorney, with the ORIGINALS ON FILE IN THE HOME OFFICE OF SAID CORPORATION, and that the same are correct transcripts thereof, and of the whole of the said originals, and that the said Power of Attorney has not been revoked and is now in full force and effect.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said Company, this 11th day of December 2023.

By: Sylvia Semerdjian, Assistant Secretary

SUBJECT TO RENEWAL

CITY OF EASTVALE

PROJECT NO. Tr 38594 SUBDIVISION IMPROVEMENT BOND

(Labor and Materials)

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS the City of Eastvale California ("City") and The New Home Company Southern California LLC, a Delaware limited liability company ("Principal"), have executed an agreement for work consisting of, but not limited to, the furnishing all labor, materials, tools, equipment, services, and incidentals for specified improvements, survey monuments, and required facilities for Tract Map No. 38594 ("Public Improvements");

WHEREAS, the Public Improvements to be performed by Principal are more particularly set forth in that certain Subdivision Improvement Agreement dated _____, 2023 ("Improvement Agreement");

WHEREAS, the Improvement Agreement is hereby referred to and incorporated herein by reference; and

WHEREAS, Principal is required to furnish a bond in connection with the Improvement Agreement providing that if Principal or any of its subcontractors shall fail to pay for any materials, provisions, or other supplies, or terms used in, upon, for, or about the performance of the Public Improvements, or for any work or labor done thereon of any kind, or for amounts due under the provisions of Title 15 (commencing with section 3082) of Part 4 of Division 3 of the California Civil Code, with respect to such work or labor, that the Surety on this bond will pay the same together with a reasonable attorney's fee in case suit is brought on the bond.

NOW, THEREFORE, Principal and Everest National Insurance Company ("Surety"), a corporation organized and existing under the laws of the State of Delaware, and duly authorized to transact business under the laws of the State of California, are held and firmly bound unto City and to any and all material men, persons, companies or corporations furnishing materials, provisions, and other supplies used in, upon, for or about the performance of the Public Improvements, and all persons, companies or corporations renting or hiring teams, or implements or machinery, for or contributing to the Public Improvements to be done, and all persons performing work or labor upon the same and all persons supplying both work and materials as aforesaid excepting the Principal, the sum of Six Million Four Hundred Eighty-Eight Thousand Five Hundred Dollars ($6,488,500.00),said sum being 50% of the total cost of the Public Improvements under the terms of the Improvement Agreement, we bind ourselves, our heirs, executors and administrators, successors and assigns jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if the Principal, his or its subcontractors, heirs, executors, administrators, successors, or assigns, shall fail to pay for any materials, provisions, or other supplies or machinery used in, upon, for or about the performance of the Public Improvements, or for work or labor thereon of any kind, or fail to pay any of the persons named in California Civil Code Section 3181, or amounts due under the Unemployment Insurance Code with respect to work or labor performed by any such claimant, or for any amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of the contractor and his subcontractors pursuant to Section 13020 of the Unemployment Insurance Code with respect to such work and labor, and all other applicable laws of the State of California and rules and regulations of its agencies, then said Surety will pay the same in or to an amount not exceeding the sum specified herein.

As part of the obligation secured hereby, and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorney's fees, incurred by City in successfully enforcing such obligation, all to be taxed as costs and included in any judgment rendered.

This bond is executed and filed to comply with Section 66499 et seq. of the California Government Code as security for payment to contractors, subcontractors, and persons furnishing labor, materials, or equipment for construction of the Public Improvements or performance of the Improvement Agreement. It is hereby expressly stipulated and agreed that this bond shall inure to the benefit of any and all persons, companies, and corporations entitled to file claims under Title 15 (commencing with Section 3082) of Part 4 of Division 3 of the California Civil Code, so as to give a right of action to them or their assigns in any suit brought upon this bond.

Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration, or addition to the terms of the Improvement Agreement, or to any plans, profiles, and specifications related thereto, or to the Public Improvements to be constructed thereunder, shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration, or addition.

IN WITNESS WHEREOF, the seal and signature of the Principal is hereto affixed, and the corporate seal and the name of the Surety is hereto affixed and attested by its duly authorized Attorney-in-Fact at Orange, CA, this 11th day of December, 2023.

INSTRUCTIONS FOR COMPLETING THIS FORM

This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknowledgments from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary law.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. he/she/~~they~~, ~~is~~/are) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
  - Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
  - Indicate title or type of attached document, number of pages and date.
  - Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document with a staple.

POWER OF ATTORNEY
EVEREST REINSURANCE COMPANY and EVEREST NATIONAL INSURANCE COMPANY

KNOW ALL PERSONS BY THESE PRESENTS. That Everest Reinsurance Company and Everest National Insurance Company, corporations of the State of Delaware ("Company") having their principal offices located at Warren Corporate Center, 100 Everest Way, Warren, New Jersey, 07059, do hereby nominate, constitute, and appoint

Shane Wolf, Cathy S. Kennedy, Beata A. Sensi, Cheryl L. Thomas, Todd M. Rohm, Wrenetta Walker

its true and lawful Attorney(s)-in-fact to make, execute, attest, seal and deliver for and on its behalf, as surety, and as its act and deed, where required, any and all bonds and undertakings in the nature thereof, for the penal sum of no one of which is in any event to exceed UNLIMITED, reserving for itself the full power of substitution and revocation.

Such bonds and undertakings, when duly executed by the aforesaid Attorney(s)-in-fact shall be binding upon the Company as fully and to the same extent as if such bonds and undertakings were signed by the President and Secretary of the Company and sealed with its corporate seal.

This Power of Attorney is granted and is signed by facsimile under and by the authority of the following Resolutions adopted by the Board of Directors of Company ("Board") on April 21, 2016:

RESOLVED, that the President, any Executive Vice President, and any Senior Vice President are hereby appointed by the Board as authorized to make, execute, seal and deliver for and on behalf of the Company, any and all bonds, undertakings, contracts or obligations in surety or co-surety with others and that the Secretary or any Assistant Secretary of the Company be and that each of them hereby is authorized to attest to the execution of any such bonds, undertakings, contracts or obligations in surety or co-surety and attach thereto the corporate seal of the Company.

RESOLVED, FURTHER, that the President, any Executive Vice President, and any Senior Vice President are hereby authorized to execute powers of attorney qualifying the attorney named in the given power of attorney to execute, on behalf of the Company, bonds and undertakings in surety or co-surety with others, and that the Secretary or any Assistant Secretary of the Company be, and that each of them is hereby authorized to attest the execution of any such power of attorney, and to attach thereto the corporate seal of the Company.

RESOLVED, FURTHER, that the signature of such officers named in the preceding resolutions and the corporate seal of the Company may be affixed to such powers of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be thereafter valid and binding upon the Company with respect to any bond, undertaking, contract or obligation in surety or co-surety with others to which it is attached.

IN WITNESS WHEREOF, Everest Reinsurance Company and Everest National Insurance Company have caused their corporate seals to be affixed hereto, and these presents to be signed by their duly authorized officers this 10th day of October 2023.

Everest Reinsurance Company and Everest National Insurance Company

By: Anthony Romano, Senior Vice President

On the 22nd of March 2023, before me personally came Anthony Romano, known to me, who, being duly sworn, did execute the above instrument, that he knows the seal of said Company; that the seal affixed to the aforesaid instrument is such corporate seal and was affixed thereto; and that he executed said instrument by like order.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
CONSENT CALENDAR
Agenda Item No. 11.15
June 25, 2025

Approval of Professional Services Agreement with Breaking the Chains Consulting for FY 2025-2026 Organizational Development Services

Prepared By:

Maricela Mejia, Assistant HR/Risk Management Director

Recommended Action(s)

Staff recommends that the City Council authorize the City Manager to execute a Professional Services Agreement with Breaking the Chains Consulting in the amount of $40,000.00 for organizational development consulting services from July 1, 2025, to June 30, 2026. and any other documents necessary to effectuate the purchase of services.

Summary

Breaking the Chains Consulting is a firm based in Fernandina Beach, FL that provides professional organizational development, leadership, and consulting services aimed to enhance team performance & organizational health. Obtaining a consultant for this purpose is in direct alignment with Strategic Target G-Organizational Development within the Strategic Plan. These services will be provided for a fee of $40,000.00 for FY 2025-2026.

Background

The City has contracted Breaking the Chains Consulting for organizational consulting services since 2020 and has been instrumental in developing an engaged, strengths-based, and purpose-driven organization. The proposed Scope of Work for FY 2025-26 includes up to ten (10), one-hour strengths coaching sessions per month with personnel at all levels of the organization, organizational consulting sessions, an option for a coaching–training exchange in which we can trade in a month of coaching sessions for customized leadership and team training courses, and a

leadership academy exchange in which the City can trade in 5 months of coaching for a customized leadership academy. These services will be provided for a fee of $40,000.00 for FY 2025-2026.

City staff has deemed that Breaking the Chain Consulting is highly qualified to provide organizational development services for the City and has worked with various local government agencies throughout the United States to improve organizational health and create a strong, healthy, and purpose-driven work environment.

Environmental

Not Applicable.

Strategic Plan Action - Priority Level: N/A | Target #: G | Goal #: N/A

Organizational Development

Fiscal Impact

These services will be provided for a fee of $40,000.00 for FY 2025-2026. There are sufficient funds in the General Fund Human Resources Contract services account 100-220-6490 in the proposed FY 2025-2026 budget for the recommended action.

Prior City Council/Commission Action

On February 9, 2023, the City hosted a Strategic Plan Review Workshop to reaffirm and make changes to the Strategic Plan adopted on March 24, 2021.

Attachment(s)

Attachment 1 - Agreement for Services-Breaking the Chain Consulting

AGREEMENT FOR SERVICES
ORGANIZATIONAL DEVELOPMENT-STRENGTHS PLUS PACKAGE

This Agreement for Services ("Agreement") is entered into as of this 26th day of June, 2024 by and between the City of Eastvale, a municipal corporation ("City") and Breaking the Chain Consulting ("Contractor"). City and Contractor are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by direct negotiation, the performance of the services defined and described particularly in Section 2 of this Agreement.

B. Contractor, following submission of a proposal for the performance of the services defined and described particularly in Section 2 of this Agreement, was selected by the City to perform those services.

C. The Parties desire to formalize the selection of Contractor for performance of those services defined and described particularly in Section 2 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. TERM OF AGREEMENT.

Subject to the provisions of Section 20 "Termination of Agreement" of this Agreement, the Term of this Agreement is from July 1, 2024 through June 30, 2025.

SECTION 2. SCOPE OF SERVICES

(a) Scope of Services. Contractor agrees to perform the services set forth in Exhibit "A" "Scope of Services" (hereinafter, the "Services") and made a part of this Agreement by this reference.

SECTION 3. ADDITIONAL SERVICES.

Contractor shall not be compensated for any work rendered in connection with its performance of this Agreement that are in addition to or outside of the Services unless such additional services are authorized in advance and in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement. If and when such additional work is authorized, such additional work shall be deemed to be part of the Services.

SECTION 4. COMPENSATION AND METHOD OF PAYMENT.

(a) Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts specified in Exhibit "B" "Compensation" and made a part of this Agreement by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed forty thousand dollars ($40,000.00) unless additional compensation is approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement.

(b) Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontractor contracts. Subcontractor charges shall be detailed by the following categories: labor, travel, materials, equipment and supplies. If the compensation set forth in subsection (a) and Exhibit "B" include payment of labor on an hourly basis (as opposed to labor and materials being paid as a lump sum), the labor category in each invoice shall include detailed descriptions of task performed and the amount of time incurred for or allocated to that task. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

(c) Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice.

(d) Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

SECTION 5. INSPECTION AND FINAL ACCEPTANCE.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within sixty (60) days after submitted to City. City shall reject work by a timely written explanation, otherwise Contractor's work shall be deemed to have been accepted. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any of Contractor's work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Section 16 "Indemnification" and Section 17 "Insurance."

SECTION 6. OWNERSHIP OF DOCUMENTS.

All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise

disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents.

If and to the extent that City utilizes for any purpose not related to this Agreement any maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement, Contractor's guarantees and warranties in Section 9 "Standard of Performance" of this Agreement shall not extend to such use of the maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents.

All final work product developed by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such final work product if paid for by the City. This provision specifically excludes Contractors' work notes and drafts, which are owned by Contractor, not City.

SECTION 7. CONTRACTOR'S BOOKS AND RECORDS.

(a) Contractor shall maintain any and all documents and records demonstrating or relating to Contractor's performance of the Services. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to the Services, including expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the services provided by Contractor pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to audits of public agencies and their expenditures. In accordance with California Government Code Section 8546.7, if the total compensation in Section 4 exceeds ten thousand dollars ($10,000.00), this Agreement and the Contractor's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

(b) Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

(c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or discarded due to dissolution or termination of Contractor's business, City may, by written request, require that custody of such documents or records be given to the City. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

SECTION 8. INDEPENDENT CONTRACTOR.

(a) Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise.

(b) The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Contractor or any of Contractor's personnel. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's personnel are in any manner officials, officers, or employees of City.

(c) Neither Contractor, nor any of Contractor's personnel shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor, its officers, employees, agents or subcontractors, may have to any such rights. Contractor's indemnity obligations in Section 16 "Indemnification" of this Agreement include the obligation to indemnify the City from and against any liability that may arise related to claims that Contractor, its officers, employees, agents or subcontractors, are entitled to retirement, health care or any other benefits that accrue to City employees. This provision shall survive the expiration or earlier termination of this Agreement.

SECTION 9. STANDARD OF PERFORMANCE.

Contractor represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent and professional manner. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all Services. In meeting its obligations under this Agreement, Contractor shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to the Services required of Contractor under this Agreement. In addition to the general standards of performance set forth this section, additional specific standards of performance and performance criteria may be set forth in Exhibit "A" "Scope of Work" that shall also be applicable to Contractor's work under this Agreement. Where there is a conflict between a general and a specific standard of performance or performance criteria, the specific standard or criteria shall prevail over the general.

SECTION 10. COMPLIANCE WITH APPLICABLE LAWS; PERMITS AND LICENSES.

Contractor shall keep itself informed of and comply with all applicable federal, state

and local laws, statutes, codes, ordinances, regulations and rules in effect during the term of this Agreement. Contractor shall obtain any and all licenses, permits and authorizations necessary to perform the Services set forth in this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable, at law or in equity, as a result of any failure of Contractor to comply with this section.

SECTION 11. PREVAILING WAGE LAWS

It is the understanding of City and Contractor that California prevailing wage laws do not apply to this Agreement because the Agreement does not involve any of the following services subject to prevailing wage rates pursuant to the California Labor Code or regulations promulgated thereunder: Construction, alteration, demolition, installation, or repair work performed on public buildings, facilities, streets or sewers done under contract and paid for in whole or in part out of public funds. In this context, "construction" includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

SECTION 12. NONDISCRIMINATION.

Contractor shall not discriminate, in any way, against any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status in connection with or related to the performance of this Agreement.

SECTION 13. UNAUTHORIZED ALIENS.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of the Services, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

SECTION 14. CONFLICTS OF INTEREST.

(a) Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor's performance of the Services. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

(b) City understands and acknowledges that Contractor is, as of the date of execution of this Agreement, independently involved in the performance of non-related services for other governmental agencies and private parties. Contractor is unaware of any stated position of City relative to such projects. Any future position of City on such projects shall not be considered a conflict of interest for purposes of this section.

(c) City understands and acknowledges that Contractor will perform non-related services for other governmental agencies and private Parties following the completion of the Services under this Agreement. Any such future service shall not be considered a conflict of interest for purposes of this section.

SECTION 15. CONFIDENTIAL INFORMATION; RELEASE OF INFORMATION.

(a) All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the City Manager, except as may be required by law.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors, be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response. Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in confidence to a Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law or for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if

such filing is made under seal.

SECTION 16. INDEMNIFICATION.

(a) Indemnification for Professional Liability. Where the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees) arise out of, are a consequence of, or are in any way attributable to, in whole or in part, any negligent or wrongful act, error or omission of Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor, in the performance of professional services under this Agreement.

(b) Indemnification for Other than Professional Liability. Other than in the performance of professional services and to the full extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor.

(c) Indemnification from Subcontractors. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement naming the Indemnified Parties as additional indemnitees. In the event Contractor fails to obtain such indemnity obligations from others as required herein, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth herein is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

(d) City's Negligence. The provisions of this section do not apply to claims occurring as a result of City's sole negligence. The provisions of this section shall not release City from liability arising from gross negligence or willful acts or omissions of City or any and all of its officials, employees and agents.

SECTION 17. INSURANCE.

Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Exhibit "C" "Insurance" and made a part of this Agreement. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

SECTION 18. ASSIGNMENT.

The expertise and experience of Contractor are material considerations for this Agreement. City has an interest in the qualifications and capability of the persons and entities who will fulfill the duties and obligations imposed upon Contractor under this Agreement. In recognition of that interest, Contractor shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Contractor's duties or obligations under this Agreement without the prior written consent of the City. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling City to any and all remedies at law or in equity, including termination of this Agreement pursuant to Section 20 "Termination of Agreement." City acknowledges, however, that Contractor, in the performance of its duties pursuant to this Agreement, may utilize subcontractors.

SECTION 19. CONTINUITY OF PERSONNEL.

Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the Services. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the Services prior to and during any such performance.

SECTION 20. TERMINATION OF AGREEMENT.

(a) City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Contractor. In the event such notice is given, Contractor shall cease immediately all work in progress.

(b) Contractor may terminate this Agreement for cause at any time upon thirty (30) days written notice of termination to City.

(c) If either Contractor or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Contractor, or City may terminate this Agreement immediately upon written notice.

(d) Upon termination of this Agreement by either Contractor or City, all property belonging exclusively to City which is in Contractor's possession shall be returned to City. Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 "Compensation and Method of Payment" of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 "Compensation and Method of Payment" of this Agreement.

SECTION 21. DEFAULT.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under Section 20 "Termination of Agreement." Any failure on the part of the City to give notice of the Contractor's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

SECTION 22. EXCUSABLE DELAYS.

Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

SECTION 23. COOPERATION BY CITY.

All public information, data, reports, records, and maps as are existing and available to City as public records, and which are necessary for carrying out the Services shall be furnished to Contractor in every reasonable way to facilitate, without undue delay, the Services to be performed under this Agreement.

SECTION 24. NOTICES.

All notices required or permitted to be given under this Agreement shall be in writing and shall be personally delivered, or sent by certified mail, postage prepaid and return receipt requested, addressed as follows:

To City:
City of Eastvale
Attn: Mark Orme
12363 Limonite Ave., Suite 910
Eastvale, CA 91752

To Contractor:
Breaking the Chain Consulting
Attn: Jim Uhl
96716 Grande Oaks Lane
Fernandina Beach, FL 32034

Notice shall be deemed effective on the date personally delivered or, if mailed, three (3) days after deposit of the same in the custody of the United States Postal Service.

SECTION 25. AUTHORITY TO EXECUTE.

Each of the signatories hereto represents and warrants that he or she is competent and authorized to enter into this Agreement on behalf of the Party for whom he or she purports to sign. Each Party hereto agrees to defend, indemnify, and hold harmless the other Parties hereto against all claims, suits, actions, and demands, including necessary expenses of investigation and reasonable attorneys' fees and costs, arising out of claims that its signatory was not competent or so authorized to execute this Agreement.

SECTION 26. ADMINISTRATION AND IMPLEMENTATION.

This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with Section 28 “Amendment” and the City Manager’s contracting authority under the Eastvale Municipal Code.

SECTION 27. BINDING EFFECT.

This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

SECTION 28. AMENDMENT.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City. The City Manager shall have the authority to approve any amendment to this Agreement if the total compensation under this Agreement, as amended, would not exceed the City Manager’s contracting authority under the Eastvale Municipal Code. The Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void. The City’s City Manager may, but is not required to, make minor amendments not affecting substantive terms without further authorization from the City Council. The City Council hereby authorizes the City Manager to execute any such amendments as required by this Agreement or that do not otherwise reduce City’s rights under this Agreement. All other amendments shall be approved by the City Council.

SECTION 29. WAIVER.

Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision nor a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

SECTION 30. LAW TO GOVERN; VENUE.

This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the Parties, venue in state trial courts shall lie exclusively in the County of Riverside, California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Riverside.

SECTION 31. ATTORNEYS FEES, COSTS AND EXPENSES.

In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing Party in such litigation or other proceeding shall be entitled to an award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

SECTION 32. ENTIRE AGREEMENT.

This Agreement, including the attached Exhibits "A" through "C", is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid and binding.

SECTION 33. SEVERABILITY.

If any term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

SECTION 34. CONFLICTING TERMS.

Except as otherwise stated herein, if the terms of this Agreement conflict with the terms of any Exhibit hereto, or with the terms of any document incorporated by reference into this Agreement, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

EXHIBIT "B"
COMPENSATION

I. Contractor shall use the following rates of pay in the performance of the Services:

A.	Strengths Plus Package	$40,000

All compensation shall be provided upon execution of the service agreement. Should the agreement be terminated early by the City for cause, or by Contractor for convenience, the City shall receive a pro-rated refund of $3,333.33 per month for the remaining full months of the contract term, payable in one lump sum.

EXHIBIT "C"
INSURANCE

A. Insurance Requirements. Contractor shall provide and maintain insurance, acceptable to the City, in full force and effect throughout the term of this Agreement, against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Services by Contractor, its agents, representatives or employees. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII.

Contractor shall provide the following scope and limits of insurance:

1. Minimum Scope of Insurance. Coverage shall be at least as broad as:

(1) Commercial General Liability. Insurance Services Office form Commercial General Liability coverage (Occurrence Form CG 0001).

(2) Automobile. Insurance Services Office form number CA 0001 (Ed. 1/87) covering Automobile Liability, including code 1 "any auto" and endorsement CA 0025, or equivalent forms subject to the written approval of the City.

(3) Workers' Compensation. Workers' Compensation insurance as required by the Labor Code of State of California covering all persons providing Services on behalf of the Contractor and all risks to such persons under this Agreement.

(4) Professional Liability. Professional liability insurance appropriate to the Contractor's profession. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to Services performed under this Agreement. The insurance must be maintained for at least three (3) consecutive years following the completion of Contractor's services or the termination of this Agreement. During this additional three (3) year period, Contractor shall annually and upon request of the City submit written evidence of this continuous coverage.

2. Minimum Limits of Insurance. Contractor shall maintain limits of insurance no less than:

(1) Commercial General Liability. $1,000,000 general aggregate for bodily injury, personal injury and property damage.

(2) Automobile. $1,000,000 per accident for bodily injury and property damage. A combined single limit policy with aggregate limits in an amount of

not less than $2,000,000 shall be considered equivalent to the said required minimum limits set forth above.

(3) Workers' Compensation. Workers' Compensation as required by the Labor Code of the State of California of not less than $1,000,000 per occurrence.

(4) Professional Liability. $1,000,000 per occurrence.

B. Other Provisions. Insurance policies required by this Agreement shall contain the following provisions:

1. All Policies. Each insurance policy required by this Agreement shall be endorsed and state the coverage shall not be suspended, voided, cancelled by the insurer or either Party to this Agreement, reduced in coverage or in limits except after 30 days' prior written notice by certified mail, return receipt requested, has been given to City.

2. Commercial General Liability and Automobile Liability Coverages.

(1) City, and its respective elected and appointed officers, officials, and employees and volunteers are to be covered as additional insureds as respects: liability arising out of activities Contractor performs; products and completed operations of Contractor; premises owned, occupied or used by Contractor; or automobiles owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, or employees.

(2) Contractor’s insurance coverage shall be primary insurance with respect to City, and its respective elected and appointed, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by City, and its respective elected and appointed officers, officials, employees or volunteers, shall apply in excess of, and not contribute with, Contractor’s insurance.

(3) Contractor’s insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

(4) Any failure to comply with the reporting or other provisions of the insurance policies, including breaches of warranties, shall not affect coverage provided to City, and its respective elected and appointed officers, officials, employees or volunteers.

3. Workers' Compensation Coverage. Unless the City Manager otherwise agrees in writing, the insurer shall agree to waive all rights of subrogation

against City, and its respective elected and appointed officers, officials, employees and agents for losses arising from work performed by Contractor.

C. Other Requirements. Contractor agrees to deposit with City, at or before the effective date of this Agreement, certificates of insurance necessary to satisfy City that the insurance provisions of this contract have been complied with. The City may require that Contractor furnish City with copies of original endorsements effecting coverage required by this Exhibit "C". The certificates and endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. City reserves the right to inspect complete, certified copies of all required insurance policies, at any time.

1. Contractor shall furnish certificates and endorsements from each subcontractor identical to those Contractor provides.

2. Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers, or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims.

3. The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Agreement.

Agenda Item No. 11.16
June 25, 2025

First Amendment to Professional Services Agreement with Stradling Yocca Carlson & Rauth LLP for Bond and Disclosure Services

Prepared By:

Amanda Wells, Finance Director/City Treasurer

Recommended Action(s)

Staff recommends that the City Council:

1. Approve First Amendment to the Professional Services Agreement Amendment with Stradling Yocca Carlson & Rauth, LLP with a revised scope and total not-to-exceed amount of $110,500; and
2. Authorize the City Manager to execute all necessary documents.

Summary

The city entered into a two year professional services agreement with Stradling, Yocca, Carlson, & Rauth LLP on July 24, 2024 for bond counsel and disclosure services with a not-to-exceed amount of $97,500. The scope of work included two phases. Phase one included assistance with preliminary financial analysis for the city's Civic Center Project. Phase two included management of bond issuance and related advisory services. The city is now nearing the start of phase two, however before phase two began the city requested that Stradling assist in the resolution of certain land use restrictions applicable to a portion of the property on which the Civic Center Project will be constructed. As a result, other Partners at the Firm were brought on board to provide services beyond the original scope of the contract. The scope and total compensation must be amended to reflect the changes. The amendment revises the scope and adds additional compensation to the

agreement.

Background

The scope of the agreement originally included bond counsel and disclosure services specific to the Civic Center Project. In connection with the review of title to the property on which the Civic Center Project will be constructed, the City discovered a land use restriction applicable to a portion of the property that limited the use of the property to park and open space purposes. The City requested that Stradling assist in the removal of the restriction, which involved discussions with the title company, the seller of the property, and the seller's legal counsel, as well as preparation of documentation to release the land use restriction. As a result, the scope and compensation must be amended.

The compensation will be adjusted to adequately compensate the firm for time and materials spent on the title review. Compensation will be adjusted by $13,000 for a total not-to-exceed amount of $110,500.

Environmental

Government financial planning activities are not considered a Project as defined by the California Environmental Quality Act (CEQA) and no environmental review is required.

Strategic Plan Action - Priority Level: 3 | Target #: 3 | Goal #: 10

Conduct financial planning for newly proposed infrastructure

Fiscal Impact

The total fiscal impact of the approval of the professional services amendment is $13,000. Adequate budget was appropriated during the fiscal year 2024-25 budget process in General Fund account number 100-210-6490.

Prior City Council/Commission Action

The Professional Services Agreement with Stradling was approved by City Council on July 24, 2025.

Attachment(s)

Attachment 1 - Signed First Amendment
Attachment 2 - PSA

First Amendment to Agreement

This First Amendment to Agreement ("First Amendment") is entered into this 25th day of June, 2025 by and between the City of Eastvale, a California general law city ("City"), and Stradling Yocca Carlson & Rauth LLP, a California limited liability partnership ("Contractor"), as follows:

RECITALS

A. City and Contractor entered into an agreement for Bond Counsel and Disclosure Services on or about July 24, 2024 ("Agreement") with a term limit of 5 years and compensation not-to-exceed $97,500.

B. City and Contractor desire to amend the total compensation and add Additional Services described in Section 1.a. below to the Scope of Services.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the promises made and recited herein, the parties do hereby enter into this First Amendment which modifies and amends the Agreement as follows:

1. **AMENDMENTS.**

   a. **SCOPE OF SERVICES.** Section 2, paragraph (a) and Exhibit "A" of the Agreement are amended to add the services identified in in Exhibit "A" "Additional Scope of Services" to this First Amendment to the Services.

   b. **COMPENSATION AND METHOD OF PAYMENT.** Section 4, paragraph (a) and Exhibit "B" of the Agreement are amended to increase the total compensation of the agreement by an additional thirteen thousand dollars ($13,000) for the Additional Scope of Services for a total not to exceed amount of one hundred and ten thousand five hundred dollars ($110,500).

2. **GENERAL PROVISIONS.**

a. **Remainder Unchanged**. Except as specifically modified and amended in this First Amendment, the Agreement remains in full force and effect and binding upon the parties.

b. **Integration**. This First Amendment constitutes the entire understanding and agreement of the parties and supersedes all negotiations or previous agreements between the parties with respect to all or any part of the transaction discussed in this First Amendment.

c. **Effective Date**. This First Amendment shall not become effective until the date it has been formally approved and executed by the appropriate authorities of the City and Consultant.

d. **Applicable Law**. The laws of the State of California shall govern the interpretation and enforcement of this First Amendment.

e. **References**. All references to the Agreement include all their respective terms and provisions. All defined terms utilized in this First Amendment have the same meaning as provided in the Agreement, unless expressly stated to the contrary in this First Amendment.

IN WITNESS WHEREOF, the parties hereto have executed this First Amendment to the Agreement on the date and year first written above.

Exhibit "A"
ADDITIONAL SCOPE OF SERVICES

Legal Services in connection with the review and evaluation of title matters, recorded land use restrictions, and amendment to final map relating to the real property acquired by the City of Eastvale for the proposed new Civic Center development, and other related matters (the "Subject Matter"). Such work includes review of existing documentation, conducting legal research, drafting real estate deeds and other materials, and attendance at meetings and other communications with City staff and City consultants regarding the Subject Matter.

AGREEMENT FOR SERVICES
STRADLING YOCCA CARLSON & RAUTH LLP

July This Agreement for Services ("Agreement") is entered into as of this 24th day of April, 2024 by and between the City of Eastvale, a municipal corporation ("City") and Stradling Yocca Carlson & Rauth LLP, a California limited liability partnership ("Contractor"). City and Contractor are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by direct negotiation the performance of the services defined and described particularly in Section 2 of this Agreement.

B. Contractor, following submission of a proposal for the performance of the services defined and described particularly in Section 2 of this Agreement, was selected by the City to perform those services.

C. The Parties desire to formalize the selection of Contractor for performance of those services defined and described particularly in Section 2 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. TERM OF AGREEMENT.

Subject to the provisions of Section 20 "Termination of Agreement" of this Agreement, the Term of this Agreement is for five (5) years, commencing on the date first ascribed above.

SECTION 2. SCOPE OF SERVICES.

Contractor agrees to perform the services set forth in Exhibit "A" "Scope of Services" (hereinafter, the "Services") and made a part of this Agreement by this reference. The Services to be provided by Contractor generally consist of bond and disclosure counsel legal services with respect to the City's proposed lease revenue bond financing of certain civic center improvements (the "Bond Financing").

Firm Not Providing Financial Advice. Contractor is not a registered municipal advisor and does not provide financial advisory services or otherwise provide financial advice to Contractor's clients. We understand that your registered municipal advisor, Urban Futures, Inc., will be providing financial advisory services to you on the proposed Bond Financing.

SECTION 3. ADDITIONAL SERVICES.

Contractor shall not be compensated for any work rendered in connection with its performance of this Agreement that are in addition to or outside of the Services unless such additional services are authorized in advance and in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement. If and when such additional work is authorized, such additional work shall be deemed to be part of the Services.

SECTION 4. COMPENSATION AND METHOD OF PAYMENT.

(a) Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts specified in Exhibit "B" "Compensation" and made a part of this Agreement by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed Ninety-Seven Thousand, Five Hundred Dollars ($97,500), unless additional compensation is approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement.

(b) For each month in which Contractor performed Services for which Contractor will be paid on an hourly or periodic basis (as opposed to a flat fee upon the closing of the Bond Financing), Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, and supplies. If the compensation set forth in subsection (a) and Exhibit "B" include payment of labor on an hourly basis (as opposed to labor and materials being paid as a lump sum), the labor category in each invoice shall include detailed descriptions of task performed and the amount of time incurred for or allocated to that task. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission.

(c) Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice.

(d) Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

SECTION 5. INSPECTION AND FINAL ACCEPTANCE.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within sixty (60) days after submitted to City. City shall reject work by a timely written explanation, otherwise Contractor's work shall be deemed to have been accepted. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any

of Contractor's work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Section 16 "Indemnification" and Section 17 "Insurance."

SECTION 6. OWNERSHIP OF DOCUMENTS.

All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents.

If and to the extent that City utilizes for any purpose not related to this Agreement any maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement, Contractor's guarantees and warranties in Section 9 "Standard of Performance" of this Agreement shall not extend to such use of the maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents.

All final work product developed by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such final work product if paid for by the City. This provision specifically excludes Contractors' work notes and drafts, which are owned by Contractor, not City.

SECTION 7. CONTRACTOR'S BOOKS AND RECORDS.

(a) Contractor shall maintain any and all documents and records demonstrating or relating to Contractor's performance of the Services. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to the Services, including expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the services provided by Contractor pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to audits of public agencies and their expenditures. In accordance with California Government Code Section 8546.7, if the total compensation in Section 4 exceeds ten thousand dollars ($10,000.00), this Agreement and the Contractor's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the

request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

(b) Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

(c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or discarded due to dissolution or termination of Contractor's business, City may, by written request, require that custody of such documents or records be given to the City. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

SECTION 8. INDEPENDENT CONTRACTOR.

(a) Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise.

(b) The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Contractor or any of Contractor's personnel. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's personnel are in any manner officials, officers, or employees of City.

(c) Neither Contractor, nor any of Contractor's personnel shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor, its officers, employees, agents or subcontractors, may have to any such rights. Contractor's indemnity obligations in Section 16 "Indemnification" of this Agreement include the obligation to indemnify the City from and against any liability that may arise related to claims that Contractor, its officers, employees, agents or subcontractors, are entitled to retirement, health care or any other benefits that accrue to City employees. This provision shall survive the expiration or earlier termination of this Agreement.

(d) Contractor agrees not to engage subcontractors to perform any of the Services under this Agreement.

SECTION 9. STANDARD OF PERFORMANCE.

Contractor represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the Services required under this Agreement in a

thorough, competent and professional manner. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all Services. In meeting its obligations under this Agreement, Contractor shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to the Services required of Contractor under this Agreement. In addition to the general standards of performance set forth this section, additional specific standards of performance and performance criteria may be set forth in Exhibit "A" "Scope of Work" that shall also be applicable to Contractor's work under this Agreement. Where there is a conflict between a general and a specific standard of performance or performance criteria, the specific standard or criteria shall prevail over the general.

SECTION 10. COMPLIANCE WITH APPLICABLE LAWS; PERMITS AND LICENSES.

Contractor shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules in effect during the term of this Agreement. Contractor shall obtain any and all licenses, permits and authorizations necessary to perform the Services set forth in this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable, at law or in equity, as a result of any failure of Contractor to comply with this section.

SECTION 11. PREVAILING WAGE LAWS

It is the understanding of City and Contractor that California prevailing wage laws do not apply to this Agreement because the Agreement does not involve any of the following services subject to prevailing wage rates pursuant to the California Labor Code or regulations promulgated thereunder: Construction, alteration, demolition, installation, or repair work performed on public buildings, facilities, streets or sewers done under contract and paid for in whole or in part out of public funds. In this context, "construction" includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

SECTION 12. NONDISCRIMINATION.

Contractor shall not discriminate, in any way, against any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status in connection with or related to the performance of this Agreement.

SECTION 13. UNAUTHORIZED ALIENS.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of the Services, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees,

incurred by City.

SECTION 14. CONFLICTS OF INTEREST.

(a) Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor's performance of the Services. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

(b) City understands and acknowledges that Contractor is, as of the date of execution of this Agreement, independently involved in the performance of non-related services for other governmental agencies and private parties. Contractor is unaware of any stated position of City relative to such projects. Any future position of City on such projects shall not be considered a conflict of interest for purposes of this section.

(c) City understands and acknowledges that Contractor will perform non-related services for other governmental agencies and private Parties following the completion of the Services under this Agreement. Any such future service shall not be considered a conflict of interest for purposes of this section.

(d) Specifically:

(i) Contractor represents various investment banks and underwriters, including Bank of America, N.A., from time-to-time on transactions for public agencies other than you. In the event that you determine to issue bonds, notes or other obligations, Contractor will not represent any investment bank or underwriter on any such financing in connection with which Contractor represents you.

(ii) Contractor represents various public agencies, including the County of Riverside and the Chino Basin Desalter Authority and other agencies throughout California, as bond and/or disclosure counsel and on other financing matters. In the event that you determine to issue bonds, notes or other obligations, Contractor does not expect to represent any such agencies in connection with any such financing undertaken by you.

(iii) Contractor is governed by Rule 1.7 of the California Rules of Professional Conduct, a copy of which is attached to this Agreement as Exhibit D, which governs law firm conflicts of interest.

SECTION 15. CONFIDENTIAL INFORMATION; RELEASE OF INFORMATION.

(a) All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City

without prior written authorization from the City Manager, except as may be required by law.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors, be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response. Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in confidence to a Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law or for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

SECTION 16. INDEMNIFICATION.

(a) Indemnification for Professional Liability. Subject to subsection (e) below, where the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees) arise out of, are a consequence of, or are in any way attributable to, in whole or in part, any finally adjudicated negligent or wrongful act, error or omission of Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor, in the performance of professional services under this Agreement.

(b) Indemnification for Other than Professional Liability. Subject to subsection (e) below, other than in the performance of professional services and to the full extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the finally-adjudicated negligent performance of this Agreement by Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor.

(c) Reserved.

(d) City's Negligence. The provisions of this section do not apply to claims occurring as a result of City's sole negligence. The provisions of this section shall not release City from liability arising from gross negligence or willful acts or omissions of City or any and all of its officials, employees and agents.

SECTION 17. INSURANCE.

Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Exhibit "C" "Insurance" and made a part of this Agreement. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

SECTION 18. ASSIGNMENT.

The expertise and experience of Contractor are material considerations for this Agreement. City has an interest in the qualifications and capability of the persons and entities who will fulfill the duties and obligations imposed upon Contractor under this Agreement. In recognition of that interest, Contractor shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Contractor's duties or obligations under this Agreement without the prior written consent of the City. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling City to any and all remedies at law or in equity, including termination of this Agreement pursuant to Section 20 "Termination of Agreement."

SECTION 19. CONTINUITY OF PERSONNEL.

Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff, if any, assigned to perform the Services. Contractor shall notify City of any changes in Contractor's staff , assigned to perform the Services prior to and during any such performance.

SECTION 20. TERMINATION OF AGREEMENT.

(a) City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Contractor. In the event such notice is given, Contractor shall cease immediately all work in progress.

(b) Contractor may terminate this Agreement for cause at any time by giving thirty (30) days written notice of termination to City.

(c) If either Contractor or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Contractor or City may terminate this Agreement immediately upon written notice.

(d) Upon termination of this Agreement by either Contractor or City, all property belonging exclusively to City which is in Contractor's possession shall be returned to City. Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 "Compensation and Method of Payment" of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 "Compensation and Method of Payment" of this Agreement.

SECTION 21. DEFAULT.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under Section 20 "Termination of Agreement." Any failure on the part of the City to give notice of the Contractor's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

SECTION 22. EXCUSABLE DELAYS.

Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

SECTION 23. COOPERATION BY CITY.

All public information, data, reports, records, and maps as are existing and

available to City as public records, and which are necessary for carrying out the Services shall be furnished to Contractor in every reasonable way to facilitate, without undue delay, the Services to be performed under this Agreement.

SECTION 24. NOTICES.

All notices required or permitted to be given under this Agreement shall be in writing and shall be personally delivered, or sent by certified mail, postage prepaid and return receipt requested, addressed as follows:

To City:	City of Eastvale Attn: Community Development Director 12363 Limonite Ave., Suite 910 Eastvale, CA 91752
To Contractor:	Stradling Yocca Carlson & Rauth 660 Newport Center Drive, Suite 1600 Newport Beach, CA 92660 Attention: Vanessa S. Legbandt

Notice shall be deemed effective on the date personally delivered or, if mailed, three (3) days after deposit of the same in the custody of the United States Postal Service.

SECTION 25. AUTHORITY TO EXECUTE.

Each of the signatories hereto represents and warrants that he or she is competent and authorized to enter into this Agreement on behalf of the Party for whom he or she purports to sign. Each Party hereto agrees to defend, indemnify, and hold harmless the other Parties hereto against all claims, suits, actions, and demands, including necessary expenses of investigation and reasonable attorneys' fees and costs, arising out of claims that its signatory was not competent or so authorized to execute this Agreement.

SECTION 26. ADMINISTRATION AND IMPLEMENTATION.

This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with Section 28 "Amendment" and the City Manager's contracting authority under the Eastvale Municipal Code.

SECTION 27. BINDING EFFECT.

This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

SECTION 28. AMENDMENT.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City. The City Manager shall have the authority to approve any amendment to this Agreement if it does not exceed the amount that may be approved administratively pursuant to the Eastvale Municipal Code. The Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void. The City's City Manager may, but is not required to, make minor amendments not affecting substantive terms without further authorization from the City Council. The City Council hereby authorizes the City Manager to execute any such amendments as required by this Agreement or that do not otherwise reduce City's rights under this Agreement. All other amendments shall be approved by the City Council.

SECTION 29. WAIVER.

Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision nor a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

SECTION 30. LAW TO GOVERN; VENUE.

This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the Parties, venue in state trial courts shall lie exclusively in the County of Riverside, California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Riverside.

SECTION 31. ATTORNEYS FEES, COSTS AND EXPENSES.

In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing Party in such litigation or other proceeding shall be entitled to an award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

SECTION 32. ENTIRE AGREEMENT.

This Agreement, including the attached Exhibits "A" through "D", is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid and binding.

SECTION 33. SEVERABILITY.

If any term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining

provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

SECTION 34. CONFLICTING TERMS.

Except as otherwise stated herein, if the terms of this Agreement conflict with the terms of any Exhibit hereto, or with the terms of any document incorporated by reference into this Agreement, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

STRADLING YOCCA CARLSON & RAUTH LLP

Vanessa S. Legbandt, Partner
Stradling Yocca Carlson & Rauth LLP

EXHIBIT "A"
SCOPE OF SERVICES

1. Stradling Yocca Carlson & Rauth LLP (the "Contractor"), will undertake the following Services with respect to bond counsel services:

(a) advice and consultation with the City Manager, City Attorney, Finance Director, other staff of the City and the City Council regarding the financing process;

(b) prepare all legal proceedings in connection with the proposed financing, including, but not limited to drafting various resolutions, documents and agreements for consideration by the City Council;

(c) participation in meetings, hearings or negotiations with the City staff, City Council, municipal advisors, underwriters and other financing team members as the circumstances require;

(d) render a validity opinion with respect to the proposed debt obligation and, with respect to transactions expected to be tax exempt, deliver a tax opinion that interest earned with respect to the City's debt obligation is exempt from State and Federal income taxes, if applicable;

(e) review and prepare summaries of the principal legal documents for inclusion in the Official Statement; and

(f) prepare final closing documents to be executed by the City to effect delivery of any financing (including the tax certificate).

For purposes of Paragraph 1, if the City elects to incur indebtedness through a joint exercise of powers financing authority, all references to the City shall be deemed to include the financing authority.

2. The Contractor will undertake the following Services with respect to disclosure counsel services:

(a) Prepare the Preliminary and Final Official Statements for the Bond Financing to comply with federal disclosure regulations;

(b) Obtain information to prepare the Preliminary and Final Official Statements from developers/property owners and their counsel, municipal advisors, special tax consultants, underwriters, underwriters' counsel and the City and City Attorney, as appropriate;

(c) Provide the "10b-5 Negative Assurance Letter" with respect to the Official Statement to the underwriter, as well as prepare the 15c2-12 Certificate to be signed by the City and owners of property in the Community Facilities District, as appropriate, with respect to the Preliminary Official Statement

(d) Prepare the Continuing Disclosure Certificate;

(e) Keep the City informed of all rulings and findings by Federal and State regulatory agencies, including but not limited to, the Internal Revenue Service, the U.S. Securities and Exchange Commission, the Municipal Securities Rulemaking Board, and the California Legislature, which impact the City's issuance compliance and ongoing disclosure obligations;

(f) Participate in due diligence and other meetings relating to the City's disclosure obligations relating to the Bond Financing, as requested;

(g) Review rating agency presentations and investor presentations for consistency with Official Statement and compliance with federal securities laws;

(h) Participate in rating agency meetings for the Bond Financing; and

(i) Provide training on disclosure practices and law as requested by the City.

3. If requested by the City and approved as Additional Services, Contractor will assist the City to comply with ongoing continuing disclosure requirements including:

(a) Assist with the determination of whether an action, activity or event constitutes a "material event", as defined in SEC Rule 15c2-12, and prepare the appropriate disclosure of such material event;

(b) Assist with the review of the compilation of the "annual financial information" needed to comply with the City's continuing disclosure requirements under SEC Rule 15c2-12 and any current continuing disclosure statement; and

(c) Review the audited financial statements for purposes of confirming compliance with current continuing disclosure agreements.

EXHIBIT "B"
COMPENSATION

For the Services to be rendered, the City agrees to pay to Contractor a flat fee of $95,000. Said fee shall be paid upon the successful closing of the Bond Financing.

The foregoing fees would apply to any Bonds issued within two years from the date of this Agreement for Services. Contractor may propose an adjustment to the fees for the Services to be provided under this Agreement for Bonds issued more than two years following the date of this Agreement, if justified by reason of increased cost to Contractor and the then prevailing fees for Bond and/or Disclosure Counsel services.

In addition to the fees set forth above, Contractor shall be reimbursed for the actual cost of any out of-pocket expenses reasonably incurred by Contractor in connection with the provision of Services, such as document delivery and messenger fees, photocopying, electronic research and travel at your direction (at the then current IRS rate), and similar items of expense. Contractor agrees to cap such expense reimbursement at $2,500 per series of Bonds, exclusive of publication costs, title and escrow fees, and other costs typically paid as a separate cost of issuance.

For Additional Services, we would propose to be compensated at the hourly rate of $600 for shareholders, $380 for associates, $175 for paralegals and $150 for law clerks. Hourly rates are adjusted annually by the increase in CPI, up to 3% per year. Time is charged in increments of one-tenth of an hour. Such fees would be billed monthly.

Disclosure Regarding Contingent Fees. Contractor's compensation for the Services described in Exhibit A above is contingent on the closing of the proposed transaction. While this form of compensation is customary for bond and disclosure counsel services to public entities such as you, this may present a potential conflict of interest as Contractor could have an incentive to recommend to undertake the proposed transaction even if it is unnecessary or provides insufficient benefit. Typically your registered municipal advisor will provide advice with respect the economic benefits of undertaking a proposed transaction and, as detailed in Section 2 of the Agreement for Services, Contractor is not providing such financial advice with respect to the proposed transaction. This potential conflict is also mitigated by Contractor's ethical duties to you.

EXHIBIT "C"
INSURANCE

A. Insurance Requirements. Contractor shall provide and maintain insurance, acceptable to the City, in full force and effect throughout the term of this Agreement, against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Services by Contractor, its agents, representatives or employees. Except for Contractor's Professional Liability Insurance provider, the insurance policies required by this Exhibit C are to be placed with insurers with a current A.M. Best's rating of no less than A:VII.

Contractor shall provide the following scope and limits of insurance:

1. Minimum Scope of Insurance. Coverage shall be at least as broad as:

(1) Commercial General Liability. Insurance Services Office form Commercial General Liability coverage (Occurrence Form CG 0001).

(2) Automobile. Insurance Services Office form number CA 0001 (Ed. 1/87) covering Automobile Liability, including code 1 "any auto" and endorsement CA 0025, or equivalent forms subject to the written approval of the City. City acknowledges that Contractor does not own any automobiles but will provide coverage for "non-owned" or "leased" automobiles.

(3) Workers' Compensation. Workers' Compensation insurance as required by the Labor Code of State of California covering all persons providing Services on behalf of the Contractor and all risks to such persons under this Agreement.

(4) Professional Liability. Professional liability insurance appropriate to the Contractor's profession. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to Services performed under this Agreement. The insurance must be maintained for at least three (3) consecutive years following the completion of Contractor's services or the termination of this Agreement. During this additional three (3) year period, Contractor shall annually and upon request of the City submit written evidence of this continuous coverage.

2. Minimum Limits of Insurance. Contractor shall maintain limits of insurance no less than:

(1) Commercial General Liability. $1,000,000 general aggregate for bodily injury, personal injury and property damage.

(2) Automobile. $1,000,000 per accident for bodily injury and property damage. A combined single limit policy with aggregate limits in an amount of not less than $2,000,000 shall be considered equivalent to the said required minimum limits set forth above.

(3) Workers' Compensation. Workers' Compensation as required by the Labor Code of the State of California of not less than $1,000,000 per occurrence.

(4) Professional Liability. $1,000,000 per occurrence.

B. Other Provisions. Insurance policies required by this Agreement shall contain the following provisions:

1. All Policies. Each insurance policy required by this Agreement shall be endorsed and state the coverage shall not be suspended, voided, cancelled by the insurer or either Party to this Agreement, reduced in coverage or in limits except after 30 days' prior written notice by certified mail, return receipt requested, has been given to City.

2. Commercial General Liability and Automobile Liability Coverages.

(1) City, and its respective elected and appointed officers, officials, and employees and volunteers are to be covered as additional insureds as respects: liability arising out of activities Contractor performs; products and completed operations of Contractor; premises owned, occupied or used by Contractor; or automobiles owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, or employees.

(2) Contractor's insurance coverage shall be primary insurance with respect to City, and its respective elected and appointed, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by City, and its respective elected and appointed officers, officials, employees or volunteers, shall apply in excess of, and not contribute with, Contractor's insurance.

(3) Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

(4) Any failure to comply with the reporting or other provisions of the insurance policies, including breaches of warranties, shall not affect coverage provided to City, and its respective elected and appointed officers, officials, employees or volunteers.

3. Workers' Compensation Coverage. Unless the City Manager otherwise agrees in writing, the insurer shall agree to waive all rights of subrogation against City, and its respective elected and appointed officers, officials, employees and agents for losses arising from work performed by Contractor.

C. Other Requirements. Contractor agrees to deposit with City, at or before the effective date of this Agreement, certificates of insurance necessary to satisfy City that the insurance provisions of this contract have been complied with. The City may require that Contractor furnish City with copies of original endorsements effecting coverage required by this Exhibit "C". The certificates and endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. City reserves the right to inspect complete, certified copies of all required insurance policies, at any time.

1. Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers, or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims.

2. The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Agreement.

EXHIBIT "D"

Rule 1.7 Conflict of Interest: Current Clients
(Rule Approved by the Supreme Court, Effective November 1, 2018)

(a) A lawyer shall not, without informed written consent* from each client and compliance with paragraph (d), represent a client if the representation is directly adverse to another client in the same or a separate matter.

(b) A lawyer shall not, without informed written consent* from each affected client and compliance with paragraph (d), represent a client if there is a significant risk the lawyer's representation of the client will be materially limited by the lawyer's responsibilities to or relationships with another client, a former client or a third person,* or by the lawyer's own interests.

(c) Even when a significant risk requiring a lawyer to comply with paragraph (b) is not present, a lawyer shall not represent a client without written* disclosure of the relationship to the client and compliance with paragraph (d) where:

(1) the lawyer has, or knows* that another lawyer in the lawyer's firm* has, a legal, business, financial, professional, or personal relationship with or responsibility to a party or witness in the same matter; or

(2) the lawyer knows* or reasonably should know* that another party's lawyer is a spouse, parent, child, or sibling of the lawyer, lives with the lawyer, is a client of the lawyer or another lawyer in the lawyer's firm,* or has an intimate personal relationship with the lawyer.

(d) Representation is permitted under this rule only if the lawyer complies with paragraphs (a), (b), and (c), and:

(1) the lawyer reasonably believes* that the lawyer will be able to provide competent and diligent representation to each affected client;

(2) the representation is not prohibited by law; and

(3) the representation does not involve the assertion of a claim by one client against another client represented by the lawyer in the same litigation or other proceeding before a tribunal.

(e) For purposes of this rule, "matter" includes any judicial or other proceeding, application, request for a ruling or other determination, contract, transaction, claim, controversy, investigation, charge, accusation, arrest, or other deliberation, decision, or action that is focused on the interests of specific persons,* or a discrete and identifiable class of persons.*

* Terms in the California Rules of Professional Conduct identified by an "*" are defined elsewhere in the California Rules of Professional Conduct. Rule 1.7 also incorporates interpretive comments that are helpful in assessing conflicts of interest.

CERTIFICATE OF INSURANCE

Number 5885

This certificate is issued as a matter of information only and confers no rights upon the certificate holder. This certificate does not amend or alter the coverage afforded by the policy described below.

This Endorsement applies to the following forms:

GENERAL LIABILITY

Who Is An Insured

Under Who Is An Insured, the following provision is added.

Additional Insured - Scheduled Person Or Organization

Persons or organizations shown in the Schedule are **insureds**; but they are **insureds** only if you are obligated pursuant to a contract or agreement to provide them with such insurance as is afforded by this policy.

However, the person or organization is an **insured** only:

- if and then only to the extent the person or organization is described in the Schedule;
- to the extent such contract or agreement requires the person or organization to be afforded status as an **insured**;
- for activities that did not occur, in whole or in part, before the execution of the contract or agreement; and
- with respect to damages, loss, cost or expense for injury or damage to which this insurance applies.

No person or organization is an **insured** under this provision:

- that is more specifically identified under any other provision of the Who Is An Insured section (regardless of any limitation applicable thereto).

Who Is An Insured

Additional Insured - Scheduled Person Or Organization (continued)

- with respect to any assumption of liability (of another person or organization) by them in a contract or agreement. This limitation does not apply to the liability for damages, loss, cost or expense for injury or damage, to which this insurance applies, that the person or organization would have in the absence of such contract or agreement.

Under Conditions, the following provision is added to the condition titled Other Insurance.

Conditions

Other Insurance – Primary, Noncontributory Insurance – Scheduled Person Or Organization

If you are obligated, pursuant to a contract or agreement, to provide the person or organization shown in the Schedule with primary insurance such as is afforded by this policy, then in such case this insurance is primary and we will not seek contribution from insurance available to such person or organization.

Schedule

Persons or organizations that you are obligated, pursuant to a contract or agreement, to provide with such insurance as is afforded by this policy.

All other terms and conditions remain unchanged.

Authorized Representative

Conditions
(continued)

Transfer Or Waiver Of Rights Of Recovery Against Others

We will waive the right of recovery we would otherwise have had against another person or organization, for loss to which this insurance applies, provided the **insured** has waived their rights of recovery against such person or organization in a contract or agreement that is executed before such loss.

To the extent that the **insured**'s rights to recover all or part of any payment made under this insurance have not been waived, those rights are transferred to us. The **insured** must do nothing after loss to impair them. At our request, the **insured** will bring **suit** or transfer those rights to us and help us enforce them.

This condition does not apply to **medical expenses**.

This page has been left blank intentionally.

Conditions

Duties In The Event Of Occurrence, Offense, Claim Or Suit (continued)

F. Knowledge of an **occurrence** or offense by an agent or **employee** of the **insured** will not constitute knowledge by the **insured**, unless an **officer** (whether or not an **employee**) of any **insured** or an **officer's** designee knows about such **occurrence** or offense.

G. Failure of an agent or **employee** of the **insured**, other than an **officer** (whether or not an **employee**) of any **insured** or an **officer's** designee, to notify us of an **occurrence** or offense that such person knows about will not affect the insurance afforded to you.

H. If a claim or loss does not reasonably appear to involve this insurance, but it later develops into a claim or loss to which this insurance applies, the failure to report it to us will not violate this condition, provided the **insured** gives us immediate notice as soon as the **insured** is aware that this insurance may apply to such claim or loss.

Legal Action Against Us

No person or organization has a right under this insurance to:

- join us as a party or otherwise bring us into a **suit** seeking damages from an **insured**; or
- sue us on this insurance unless all of the terms and conditions of this insurance have been fully complied with.

A person or organization may sue us to recover on an **agreed settlement** or on a final judgment against an **insured** obtained after an actual:

- trial in a civil proceeding; or
- arbitration or other alternative dispute resolution proceeding;

but we will not be liable for damages that are not payable under the terms and conditions of this insurance or that are in excess of the applicable Limits Of Insurance.

Other Insurance

If other valid and collectible insurance is available to the **insured** for loss we would otherwise cover under this insurance, our obligations are limited as follows.

Primary Insurance

This insurance is primary except when the Excess Insurance provision described below applies.

If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in the Method of Sharing provision described below.

Excess Insurance

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

A. that is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar insurance for **your work**;

B. that is insurance that applies to **property damage** to premises rented to you or temporarily occupied by you with permission of the owner;

C. if the loss arises out of aircraft, **autos** or watercraft (to the extent not subject to the Aircraft, Autos Or Watercraft exclusion);

Conditions

Other Insurance (continued)

D. that is insurance:

1. provided to you by any person or organization working under contract or agreement for you; or
2. under which you are included as an insured; or

E. that is insurance under any Property section of this policy.

When this insurance is excess, we will have no duty to defend the **insured** against any **suit** if any other insurer has a duty to defend such **insured** against such **suit**. If no other insurer defends, we will undertake to do so, but we will be entitled to the **insured's** rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of loss, if any, that exceeds the sum of the total:

- amount that all other insurance would pay for loss in the absence of this insurance; and
- of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not negotiated specifically to apply in excess of the Limits Of Insurance shown in the Declarations of this insurance.

Method of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this method each insurer contributes equal amounts until it has paid its applicable limits of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limits of insurance to the total applicable limits of insurance of all insurers.

Premium Audit

We will compute all premiums for this insurance in accordance with our rules and rates.

In accordance with the Estimated Premiums section of the Premium Summary, premiums shown with an asterisk (*) are estimated premiums and are subject to audit.

In addition to or in lieu of such designation in the Premium Summary, premiums may be designated as estimated premiums elsewhere in this policy. In that case, these premiums will also be subject to audit, and the second paragraph of the Estimated Premiums section of the Premium Summary will apply.

Separation Of Insureds

Except with respect to the Limits Of Insurance, and any rights or duties specifically assigned in this insurance to the first named **insured**, this insurance applies:

- as if each named **insured** were the only named **insured**; and
- separately to each **insured** against whom claim is made or **suit** is brought.

CHUBB®

Common Policy Conditions

Contract

Conditions

The following Conditions are included under each part of the policy, unless stated otherwise.

Audit Of Books And Records

We may audit your books and records as they relate to this insurance at any time during the term of this policy and up to three years afterwards.

Cancellation

The first named insured may cancel this policy or any of its individual coverages at any time by sending us a written request or by returning the policy and stating when thereafter cancellation is to take effect.

We may cancel this policy or any of its individual coverages at any time by sending to the first named insured a notice 60 days (20 days in the event of non-payment of premium) in advance of the cancellation date. Our notice of cancellation will be mailed to the first named insured's last known address, and will indicate the date on which coverage is terminated. If notice of cancellation is mailed, proof of mailing will be sufficient proof of notice.

The earned premium will be computed on a pro rata basis. Any unearned premium will be returned as soon as practicable.

Changes

This policy can only be changed by a written endorsement that becomes part of this policy. The endorsement must be signed by one of our authorized representatives.

Compliance By Insureds

We have no duty to provide coverage under this policy unless you and any other involved insured have fully complied with all of the terms and conditions of the policy.

Compliance With Applicable Trade Sanctions

This insurance does not apply to the extent that trade or economic sanctions or other laws or regulations prohibit us from providing insurance.

Conformance

Any terms of this insurance which are in conflict with the applicable statutes of the State in which this policy is issued are amended to conform to such statutes.

First Named Insured

The person or organization first named in the Declarations is primarily responsible for payment of all premiums. The first named insured will act on behalf of all other named insureds for the giving and receiving of notice of cancellation or nonrenewal and the receiving of any return premiums that become payable under this policy.

Inspections And Surveys

We may:

- make inspections and surveys at any time;
- give you reports on the conditions we find; and
- recommend changes.

Conditions

Inspections And Surveys (continued)

Any inspections, surveys, reports or recommendations relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. And we do not warrant that conditions:

- are safe or healthful; or
- comply with laws, regulations, codes or standards.

This condition applies not only to us, but also to any rating, advisory, rate service or similar organization which makes insurance inspections, surveys, reports or recommendations for us.

Titles Of Paragraphs

The titles of the various paragraphs of this policy and endorsements, if any, attached to this policy are inserted solely for convenience or reference and are not to be deemed in any way to limit or affect the provisions to which they relate.

Transfer Of Rights And Duties

Your rights and duties under this insurance may not be transferred without our written consent. However, if you die, then your rights and duties will be transferred to your legal representative, but only while acting within the scope of duties as your legal representative, or to anyone having temporary custody of your property until your legal representative has been appointed.

When We Do Not Renew

If we decide not to renew this policy, we will mail or deliver to the first named insured's last known address, written notice of the nonrenewal not less than 60 days before the expiration date. If notice of nonrenewal is mailed, proof of mailing will be sufficient proof of notice.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

DESIGNATED INSURED FOR COVERED AUTOS LIABILITY COVERAGE

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement.

This endorsement identifies person(s) or organization(s) who are "insureds" for Covered Autos Liability Coverage under the Who Is An Insured provision of the Coverage Form. This endorsement does not alter coverage provided in the Coverage Form.

This endorsement changes the policy effective on the inception date of the policy unless another date is indicated below.

Named Insured: Stradling Yocca Carlson & Rauth LLP

Endorsement Effective Date: 05/01/2024

SCHEDULE

Name Of Person(s) Or Organization(s):

Persons or organizations that you are obligated, pursuant to a contract or agreement between you and such person or organization, to provide with such insurance as is afforded by this policy. However, no such person or organization is an insured under this provision who is more specifically described under any other provision of the "Who Is An Insured" section of this policy (regardless of any limitation applicable thereto) or who is a branch, department, agency, corporation or other governmental authority of the Federal Government of the United States of America.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

Each person or organization shown in the Schedule is an "insured" for Covered Autos Liability Coverage, but only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Paragraph **A.1.** of Section **II** – Covered Autos Liability Coverage in the Business Auto and Motor Carrier Coverage Forms and Paragraph **D.2.** of Section **I** – Covered Autos Coverages of the Auto Dealers Coverage Form.

CALIFORNIA WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS ENDORSEMENT

This endorsement applies only to the insurance provided by the policy because California is shown in Item 3.A. of the Information Page.

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule, but this waiver applies only with respect to bodily injury arising out of the operations described in the Schedule, where you are required by a written contract to obtain this waiver from us.

You must maintain payroll records accurately segregating the remuneration of your employees while engaged in the work described in the Schedule.

Schedule

1. (☐) Specific Waiver
   Name of person or organization
   Any person or organization where you are required pursuant to a written contract or agreement to waive rights of subrogation against such person or organization.

   (☒) Blanket Waiver
   Any person or organization for whom the Named Insured has agreed by written contract to furnish this waiver.

2. Operations:

3. Premium:
   The premium charge for this endorsement shall be 1% percent of the premium developed on payroll in connection with work performed for the above person(s) or organization(s) arising out of the operations described.

4. Advance Premium:

Adoption of the 2025 Strategic Plan

Prepared By:

Stephanie Vasquez, Assistant to the City Manager

Recommended Action(s)

Staff recommends that the City Council adopt the updated 2025 Strategic Plan.

Summary

Following the February 26, 2025 Strategic Plan Workshop, the updated 2025 Strategic Plan has been prepared for council consideration. The update reflects continued alignment with the City Council's long-term priorities, with minor refinements to existing goals and targets to better reflect emerging needs and opportunities in the community. The Strategic Plan remains centered on seven key target areas Public Safety, Economic Development, Financial Planning, Inclusion, Infrastructure, Innovation & Technology, and Organizational Development.

The Strategic Plan serves as a vital roadmap to guide City operations, budget alignment, and decision-making processes. Progress on goals will be monitored regularly and reported to the City Council to ensure accountability and responsiveness.

Background

The City of Eastvale entered into an agreement with Jacob Green & Associates (JGA) on October 22, 2024, to facilitate the strategic planning process. In preparation for the workshop, interviews were conducted with all City Council Members and Executive Team members. These discussions helped to frame the priorities that were reaffirmed and refined during the public workshop on February 26, 2025.

Environmental

The adoption of the Strategic Plan is not a project under CEQA and does not have environmental impacts.

Strategic Plan Action - Priority Level: N/A | Target #: N/A | Goal #: N/A

Not applicable.

Fiscal Impact

There is no immediate fiscal impact associated with adoption of the Strategic Plan. It will guide future budget development, resource allocation, and departmental action plans in fiscal years 2025-26.

CITY OF EASTVALE

2025 UPDATE

STRATEGIC PLAN

INTRODUCTION

The City of Eastvale operates under a Council-Manager form of government. The City Council - comprised of five elected members - sets policy based on community needs and priorities. The City Manager, appointed by the Council, is responsible for implementing its vision by directing the City's departments and leveraging the professional expertise of the Executive Team and City Staff.

To promote organizational alignment and ensure that services reflect the evolving needs of the community, the City of Eastvale conducts an annual strategic planning process. As part of this effort, interviews were held with each Council Member and all Executive Team members in January and February of 2025. On February 26, 2025, the City Council, staff, and community members gathered at Eastvale City Hall for a facilitated, participatory Strategic Planning Workshop. This collaborative session reaffirmed the Council's long-standing priorities and introduced thoughtful refinements to better address current challenges and emerging opportunities.

The resulting Strategic Plan serves as both a compass and a roadmap—clarifying priorities, aligning efforts across departments, and guiding resource allocation. Progress updates will be provided throughout the year, allowing the City Council to recalibrate as needed while staying true to Eastvale's core mission.

This plan is more than a document; it is a commitment to purposeful action, accountable leadership, and a thriving future for all who live and work in Eastvale.

ACTION PLAN TARGETS

PRIORITY LEVEL 1 GOALS

- Develop and Construct Civic Center (Target E, Goal A)
- Attract and retain Business (Target B, Goal A)
- Conduct financial planning for newly proposed infrastructure (Target C, Goal A)
- Construct a Police Substation building (Target A, Goal A)
- Create "Destination Eastvale" (Target B, Goal B)
- Broaden Eastvale Parks and Recreation Services (Target E, Goal B)

PRIORITY LEVEL 2 GOALS

- Develop branding for Eastvale (Target B, Goal C)
- Improve traffic mobility and management around the schools (Target E, Goal F)

PRIORITY LEVEL 3 GOALS

- Continue to provide cultural and diverse events and celebration (Target D, Goal A)
- Develop and Implement a Smart City (Target F, Goal B)
- Develop City-wide WIFI (Target F, Goal A)
- Develop long-term financial model (Target C, Goal C)
- Ensure that City revenues align with expenditures (Target C, Goal G)

TARGETS

Target A
Public Safety

Target B
Economic Development

Target C
Financial Planning

Target D
Inclusion

Target E
Infrastructure

Target F
Innovation & Technology

Target G
Organizational Development

TARGET A
PUBLIC SAFETY

PRIORITY LEVEL	GOAL	DESCRIPTION
1	A	Construct a Police Substation building
	B	Implement a K-9 program
	C	Increase community involvement with law enforcement (e.g. volunteerism)
	D	Increase law enforcement involvement within the community
	E	Enhance Fire Response and Preparedness
	F	Use innovation and technology to enhance public safety with consideration and balance of privacy and public trust

TARGET B
ECONOMIC DEVELOPMENT

PRIORITY LEVEL	GOAL	DESCRIPTION
1	A	Attract and retain business
1	B	Create “Destination Eastvale”
2	C	Develop branding for Eastvale
	D	Develop strategies for business retention, business support, and business reward
	E	Implement strategies to retain local talent
	F	Re-invest in and revitalize existing shopping centers
	G	Streamline the development process
	H	Prioritize City beautification in order to increase business attraction

TARGET C
FINANCIAL PLANNING

PRIORITY LEVEL	GOAL	DESCRIPTION
1	A	Conduct financial planning for newly proposed infrastructure
	B	Be intentional about how we spend our money – do it once, and do it right
3	C	Develop long-term financial model
	D	Develop ongoing strategies for investing
	E	Develop strategies to manage/control the public safety contract
	F	Ensure that the City's infrastructure keeps pace with development, and that developers pay their share
3	G	Ensure that City revenues align with expenditures
	H	Evaluate connection between economic development and financial planning
	I	Leverage grant funding

TARGET D
INCLUSION

PRIORITY LEVEL	GOAL	DESCRIPTION
3	A	Continue to provide cultural and diverse events and celebration
	B	Develop strategies for the arts in public places
	C	Expand modes of communication beyond social media
	D	Identify and/or develop venues for inclusion; including events and gathering places

TARGET E
INFRASTRUCTURE

PRIORITY LEVEL	GOAL	DESCRIPTION
1	A	Develop and construct Civic Center (City Hall, Library, Police Substation, Civic Park and Plaza, and 3rd Fire Station)
1	B	Broaden Eastvale Parks and Recreation Services
	C	Plan for landscape, roads, and street maintenance
	D	Plan for synchronized traffic signals
	E	Improve connectivity through the trails system
2	F	Improve traffic mobility and management around the schools

TARGET F
INNOVATION & TECHNOLOGY

PRIORITY LEVEL	GOAL	DESCRIPTION
3	A	Develop City-wide WIFI
3	B	Develop and Implement a Smart City
	C	Empower staff to innovate for efficiencies; create a culture of innovation
	D	Engage with developers to implement technology
	E	Explore and evaluate alternative modes of transportation technology
	F	Implement a Global GIS Component to digitize all City records and plans
	G	Invest internally in software/technology improvements to enhance customer service

TARGET G
ORGANIZATIONAL DEVELOPMENT

PRIORITY LEVEL	GOAL	GOAL
	A	Identify and recommend tools necessary for optimal employee performance
	B	Continue to be competitive in the market place
	C	Right-size the organization and staffing consistent with City services, needs, expectations, and strategic plan priorities

Agenda Item No. 11.18
June 25, 2025

Update to the Claims Procedure Policy

Prepared By:
Maricela Mejia, Assistant Human Resources & Risk Management Director

Recommended Action(s)
Staff recommends that the City Council adopt a Resolution amending the Claims Procedure Policy.

Summary
Staff recommends updating the City's Claims Procedure Policy to reflect best practices in municipal risk management. The proposed revision designates the City's Risk Manager, rather than the external Claims Administrator, as the official responsible for reviewing claims and making recommendations on whether to accept, deny, return, or settle claims. This change ensures that claim decisions are made with a better understanding of internal operations, risk exposure, and legal context.

Background
The current Claims Procedures policy, originally adopted in 2013, assigns the review and recommendation responsibility for claims to the Public Entity Risk Management Authority (PERMA), the City's external Claims Administrator. While this process has functioned adequately, evolving organizational needs and an internal capacity for managing risk now allow for more direct oversight by the City's Risk Manager.

Analysis
The updated policy requires that all accidents, incidents, and claims be reported to the Risk Management division and maintains compliance with Government Code requirements for processing claims. The significant change is that claims and related documentation are now forwarded to the Risk Manager instead of the Claims Administrator.

Upon review, the Risk Manager will provide a formal recommendation to the City Manager, who retains authority for approving settlements up to $10,000. This modification enhances internal control, facilitates a more coordinated evaluation of potential liabilities, and aligns with the City's ongoing efforts to improve operational efficiency and reduce risk exposure.

Environmental
Not applicable.

Prior City Council/Commission Action
City Council originally approved the Claims Procedures Policy on January 9, 2013.

Attachment(s)
Attachment 1- City of Eastvale Risk Management Policy - Claims Procedures

CITY OF EASTVALE Risk Management Policy	Policy No: XX-XX
Subject **Claims Procedures**	Effective Date: 07/01/2025
	Page 1 of 1

Purpose:

To establish a uniform policy for the efficient handling of all types of liability claims.

Policy:

All accidents or incidents involving property damage, bodily injury, or potential City liability shall be reported immediately to the supervisor and City Clerk department. The incident report is to be retained on file in the City Clerk department.

The City Clerk shall be the recipient of all Claims and Applications for Leave to Present Late Claim (Ref. Gov. Code Section 916).

Procedures:

Claimant has six months from the date of incident to file a claim for death, injury to person, or injury to personal property and one year for claims for damages for other types of occurrence against the City (Ref. Gov. Code Section 910, et seq.). The following procedure shall apply to all Claims and Applications for Leave to Present Late Claim.

1. Affix date stamp on upper right corner of claim document.

2. Set up a claim file with the City Claim number.

3. Check to see if an incident report was prepared.

4. Contact the department involved for any background reports and information.

5. Forward a copy of the claim and incident report with original transmittal letter to the City's Risk Manager.

6. Copies to City Attorney.

7. The original Claim, incident report, and transmittal letter is retained in City Clerk files. Applications for Leave to Present a Late Claim shall also be retained in the City Clerk files.

8. After recommendation is received from the City's Risk Manager, either send a claim rejection letter (City Manager signature), process a settlement check, send a denial of application for leave present late claim letter (City Manager signature), or return the claim as insufficient. City Manager has $10,000.00 settlement authority.

City has 45 days after the claim has been presented to accept or reject a claim or application to present a late claim.

Resolution of the City Council of the City of Eastvale, California, Adopting the Efficiency and Innovation Partnership Program and Authorizing Management Incentive Pay for Executive Team Members While Overseeing An Assignment Under The Program

Prepared By:

Maricela Mejia, Assistant Human Resources & Risk Management Director

Recommended Action(s)

That the City Council adopt the "Resolution of The City Council of The City of Eastvale, California, Adopting The Efficiency And Innovation Partnership Program and Authorizing Management Incentive Pay For Executive Team Members While Overseeing an Assignment Under the Program."

Summary

The City Manager is proposing to adopt an Efficiency and Innovation Partnership Program ("Program"). The Program outlines a phased approach to achieve these goals, focusing on embracing new technology, continuous improvement, and enhanced customer service. The Program seeks to improve organizational efficiency and effectiveness by leveraging modern technology and streamlining internal operations, with the ultimate goal of enhancing how the City engages with the community.

Background

The City Manager will designate members of the Executive Team to oversee an assignment under the Program that vary from as little as two weeks to no more than six months. The City Manager has witnessed other agencies deploy a specific designee as a "Director of Innovation" or some other similarly titled position to work to find efficiencies in staff's daily efforts. However, the City Manager

sees a weakness in the typical model, as there is only one individual looking through a single lens in the evaluation to find such efficiencies. Whereas this proposed model will allow for various individuals with unique talents to lend their skills to the task of looking for efficiencies within operations This dynamic approach will be leveraged at a lower cost, as compared to hiring a full time position, and will allow for a multifaceted view on how to create efficiencies to both serve the public and serve internal departments.

The individual engaged in an assignment under the Program will receive a temporary management incentive pay of up to 10% increase to their base salary for the duration of their assignment. There will only be one position designated at a time. The maximum duration a member can serve under an assignment according to the Program is six months per fiscal year. This Program will be implemented on an ongoing basis and the Resolution provides the City manager the authority to end this Program at any time.

Environmental

Not applicable.

Strategic Plan Action - Priority Level: N/A | Target #: N/A | Goal #: N/A

Organizational Development

Fiscal Impact

Long term fiscal impact is unclear, but may result in cost savings associated with eliminating redundancies and increased operational efficiencies. Short term impact may include savings associated with the same. There is a short term cost increase associated with the salary incentive provided to the executive team members while working on an assigned project as provided in the Program. The 2025-26 Fiscal Year proposed budget includes adequate budget within the personnel category to fund the Management Incentive Pay.

Prior City Council/Commission Action

Not applicable.

Attachment(s)

Attachment 1 - Efficiency and Innovation Partnership Program
Attachment 2 - Resolution Adopting the Efficiency and Innovation Partnership Program

CITY OF EASTVALE
EFFICIENCY AND INNOVATION PARTNERSHIP PROGRAM

I. INTRODUCTION

The City of Eastvale ("City"), seeks to improve organizational efficiency, eliminate non-value-added tasks, and leverage modern technology to better serve the community. This Efficiency and Innovation Partnership Program ("Program") outlines a phased approach to achieve these goals, focusing on embracing new technology, continuous improvement, and enhanced customer service.

II. MISSION STATEMENT

This Program seeks to improve organizational efficiency and effectiveness by leveraging modern technology and streamlining internal operations, with the ultimate goal of enhancing how the City engages with the community. The City Manager, at his or her sole discretion, will select, based on the City Manager's determination for such need, members from the Executive Team to oversee this Program for periods between two weeks up to six months. The City Manager will determine the scope of each assignment under this Program, including the duration of such assignments, at his or her sole discretion.

III. PROGRAM PHASES

A. Phase 1: Initial Rollout to Staff

Objective:

Introduce the principles of process improvement to all staff members, fostering awareness and encouraging participation in the initiative.

Steps:

- Kickoff Meeting: Host a city-wide meeting to introduce the objectives, goals, and benefits of process improvement initiatives.
- Training: Provide introductory training sessions focusing on waste elimination, process mapping, and structured problem-solving frameworks.
- Educational Materials: Distribute easy-to-understand guides and resources that highlight key concepts and their application to daily workflows.
- Communication Channels: Set up communication platforms, such as Teams chats, newsletters, and the intranet portal, to keep staff informed about progress and updates.

B. Phase 2: Identifying Early Adopters

Objective:

Identify staff members who are enthusiastic about adopting new technologies and process improvement practices and can serve as champions for change.

Steps:

- Call for Volunteers: Invite staff to express interest in participating as early adopters of technology and workflow improvements.
- Selection Criteria: Evaluate volunteers based on their willingness to learn, openness to change, and ability to influence their peers positively.
- Recognition: Acknowledge early adopters publicly and provide them with additional support and resources to encourage their engagement.

C. Phase 3: Workflow Evaluation

Objective:

Collaborate with individual staff members to evaluate their workflows, identify inefficiencies, and propose improvements using proven principles of efficiency.

Steps:

- One-on-One Meetings: Schedule meetings with employees to review their daily tasks and identify areas of inefficiency.
- Process Mapping: Work with staff to create process maps that visually represent their workflows, highlighting bottlenecks and non-value-added activities.
- Data Collection: Gather quantitative and qualitative data to understand the impact of current inefficiencies, such as time spent on repetitive tasks or customer complaints.
- Solution Development: Develop tailored solutions that standardize processes, automate tasks, or reallocate resources effectively.

D. Phase 4: Technology Integration

Objective:

Leverage modern technology to streamline operations and enhance customer service, with a focus on digital self-service options.

Steps:

- Technology Assessment: Evaluate existing tools and systems to identify gaps and opportunities for improvement.
- Digital Self-Service Options: Improve and expand online platforms that allow residents to complete routine tasks such as permit applications, licensing payments, and reporting issues with minimal staff intervention.
- Automation: Improve workflow automation software and customer relationship management (CRM) systems to reduce manual work and improve accuracy.
- Training and Support: Provide staff with the necessary training to use new technologies effectively while offering ongoing technical support.

E. Phase 5: Continuous Improvement

Objective:

Establish a culture of ongoing evaluation and improvement to ensure long-term sustainability and effectiveness of process improvement practices.

Steps:

- Feedback Loop: Create mechanisms for staff and residents to provide feedback on processes and services.
- Regular Reviews: Conduct periodic reviews of workflows and technologies to identify new areas for improvement.
- Metrics and Key Performance Indicators ("KPIs"): Define KPIs to measure progress and success in terms of efficiency, customer satisfaction, and service delivery times.
- Recognition and Rewards: Celebrate achievements and recognize employees who contribute significantly to continuous improvement efforts.

IV. EXPECTED OUTCOMES

By implementing this Program, the City aims to achieve the following outcomes:

- Improved Efficiency: Eliminate redundancies and non-value-added tasks, enabling staff to focus on high-impact activities.
- Reduce turnaround time for City approval processes
- Enhanced Customer Service: Provide residents with faster, more accessible services through digital self-service options and streamlined processes.
- Employee Engagement: Foster a motivated workforce that actively participates in improving workflows and adopting technology.
- Cost Savings: Reduce operational costs by optimizing resources and minimizing waste.

VI. CLOSING STATEMENT

The City stands at the forefront of innovation by embracing principles of efficiency and continuous improvement. This initiative promises to transform the City's operations, making them more efficient and technology-driven, ultimately enhancing the quality of life for the community it serves. Through collaboration, training, and ongoing refinement, the City will set a benchmark for exceptional organizational efficiency and customer service.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, ADOPTING THE EFFICIENCY AND INNOVATION PARTNERSHIP PROGRAM AND AUTHORIZING MANAGEMENT INCENTIVE PAY FOR EXECUTIVE TEAM MEMBERS WHILE OVERSEEING AN ASSIGNMENT UNDER THE PROGRAM

WHEREAS, the City of Eastvale ("City") seeks to improve organizational efficiency, eliminate non-value-added tasks, and leverage modern technology to better serve the community;

WHEREAS, to further this goal, the City developed the Efficiency and Innovation Partnership Program ("Program"). A copy of the Program is attached to this resolution as exhibit "A;"

WHEREAS, the Program aims to eliminate redundancies, improve the City's response time to resident requests, enhance customer service and employee engagement, while reducing long term operational costs;

NOW, THEREFORE, the City Council of the City of Eastvale does hereby resolve, determine, and order as follows:

SECTION 1. The above recitals are true and correct and are incorporated as a material part of this resolution.

SECTION 2. the City Council adopts the Program as attached, as exhibit "A," to this resolution .

SECTION 3. The City Manager is authorized to provide members of the Executive Team; Assistant City Manager, Assistant to the City Manager, Assistant Community Services & Recreation Director, Assistant Finance Director, Assistant Human Resources & Risk management Director, Community Development Director, Community Safety & Technology Director, Community Services & Recreation Director, Deputy City Manager, Economic Development Manager, Finance Director/City Treasurer, Government Services Director/City Clerk, Human Resources & Risk Management Director, Public Works Director/City Engineer, up to 10% incentive pay for the duration of their Program assignment. The maximum duration a member of the Executive Team may receive an incentive during his or her assignment, during any fiscal year, under the Program is six months

SECTION 4. The City Manager is authorized to end this Program at any time at his or her sole discretion.

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
PUBLIC HEARINGS
Agenda Item No. 12.1
June 25, 2025

Approving the Annual Reports; Confirming the Diagram and Assessment; Ordering the Levy for Landscape and Lighting Maintenance Districts and Benefit Assessment Districts for Fiscal Year 2025-2026; and Ordering the Dissolution of Landscape and Lighting Maintenance Districts No. 89-1C Zone 10, No. 89-1C Zone 33, and Lighting Maintenance District No. 2001-1 Zone W

Prepared By:

Amanda Wells, Finance Director/City Treasurer

Recommended Action(s)

Staff recommends that the City Council hold the public hearing and:

1. Adopt a Resolution Approving the Annual Reports, Confirming the Diagram and Assessment, and Ordering the Levy for the Following Districts: Landscaping and Lighting Maintenance Districts No. 89-1 Consolidated, No. 2014-1, No. 2014-3, No. 2014-4, Illumination District No. 2 (Subareas: 35, 42, 46, 49, And 55), Lighting Maintenance District No. 98-2, Lighting Maintenance District No. 2001-1 (Zones: G and S), Lighting Maintenance District No. 2001-2 (Zones: A-H, J-K, And M), and Lighting Maintenance District No. 2001-3 (Zones: A-MMM); and
2. Adopt a Resolution Approving the Annual Report, Confirming the Diagram and Assessment, and Ordering the Levy for Benefit Assessment District No. 2014-2 for Fiscal Year 2025-2026.

Summary

The Districts fund annual maintenance activities at various sites including maintenance servicing and operation of streetlights, maintenance and servicing of catch basin filtration system improvements

and operation and maintenance of traffic signals.

Background

Landscaping and Lighting Maintenance Districts No. 89-1 Consolidated, No. 2014-1, No. 2014-3, No. 2014-4, Illumination District No. 2 (Subareas: 35, 42, 46, 49, and 55), Lighting Maintenance District No. 98-2, Lighting Maintenance District No. 2001-1 (Zones: G and S), Lighting Maintenance District No. 2001-2 (Zones: A-H, J-K, and M), and Lighting Maintenance District No. 2001-3 (Zones: A-MMM), and Benefit Assessment District No. 2014-2 (the "Districts") are special financing districts established to fund specific maintenance activities. Properties within the Districts receive special benefit from the maintenance activities and are assessed annually to fund those maintenance activities. The annual budget and assessment calculation are prepared and presented in the form of annual reports. Following a Public Hearing, the adoption of these resolutions orders the levy of the annual assessments for Fiscal Year 2025-26.

Environmental

Government fiscal activities are not considered a Project as defined by the California Environmental Quality Act (CEQA) and environmental review is not required.

Strategic Plan Action - Priority Level: N/A | Target #: N/A | Goal #: N/A

Collecting special district levies is not a strategic plan activity and relates to the daily operations of the city.

Fiscal Impact

Costs associated with the preparation of the annual reports and the annual levy and collection of assessments is charged to the Districts. Failure to approve the accompanying resolutions would result in an inability to collect the annual assessment which totals approximately $193,367.

Prior City Council/Commission Action

City Council approved resolutions for the Districts declaring the intent to levy, setting the Public Hearing for June 25, 2025 and preliminarily approving the Annual Reports on May 28, 2025.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, APPROVING THE ANNUAL REPORTS, CONFIRMING THE DIAGRAM AND ASSESSMENT AND ORDERING THE LEVY FOR FISCAL YEAR 2025/26 FOR THE FOLLOWING DISTRICTS:

LANDSCAPING AND LIGHTING MAINTENANCE DISTRICT NO. 89-1 CONSOLIDATED
LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT NO. 2014-1 (TRACT 36382)
LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT NO. 2014-3 (TRACT 36423)
LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT NO. 2014-4 (PARCEL MAP 35865)
ILLUMINATION DISTRICT NO. 2 (SUBAREAS: 35, 42, 46, 49, and 55)
LIGHTING MAINTENANCE DISTRICT NO. 98-2
LIGHTING MAINTENANCE DISTRICT NO. 2001-1 (ZONES: G and S)
LIGHTING MAINTENANCE DISTRICT NO. 2001-2 (ZONES: A-H, J-K, and M)
LIGHTING MAINTENANCE DISTRICT NO. 2001-3 (ZONES: A-MMM)

WHEREAS, the City Council (the "Council") of the City of Eastvale (the "City") previously completed the proceedings in accordance with and pursuant to the Landscape and Lighting Act of 1972, Part 2, Division 15 of the California Streets and Highways Code (commencing with Section 22500) (the "Act") to establish the following, hereafter referred to collectively as the "Districts":

Landscaping and Lighting Maintenance District No. 89-1 Consolidated
Landscape and Lighting Maintenance District No. 2014-1 (Tract 36382)
Landscape and Lighting Maintenance District No. 2014-3 (Tract 36423)
Landscape and Lighting Maintenance District No. 2014-4 (Parcel Map 35865)
Illumination District No. 2 (Subareas: 35, 42, 46, 49, and 55)
Lighting Maintenance District No. 98-2
Lighting Maintenance District No. 2001-1 (Zones: G and S)
Lighting Maintenance District No. 2001-2 (Zones: A-H, J-K, and M)
Lighting Maintenance District No. 2001-3 (Zones: A-MMM); and

WHEREAS, the City has retained NBS for the purpose of assisting with the annual levy of the Districts, and to prepare and file Annual Reports; and

WHEREAS, the City Council has, by previous resolution, declared their intention to hold a public hearing concerning the levy and collection of assessments within the Districts; and

WHEREAS, a public hearing has been held and concluded and notice thereof was duly given in accordance with Section 22626 of the Act; and

WHEREAS, at the time and place specified in the Resolution of Intention the City Council conducted such public hearing and considered all objections to the diagram and assessment.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:

SECTION 1. RECITALS: The above recitals are true and correct.

SECTION 2. ANNUAL REPORTS: The council hereby approves the Annual Reports concerning the levy of assessments for the Districts as submitted by NBS for the fiscal year commencing July 1, 2025 and ending June 30, 2026.

SECTION 3. CONFIRMATION OF ASSESSMENTS AND DIAGRAM: The City Council hereby confirms the diagram and assessment for the Districts as described in full detail in the Annual Reports on file with the City Clerk.

SECTION 4. LEVY OF ASSESSMENT: Pursuant to section 22631 of the Act, the adoption of this resolution shall constitute the levy of an assessment for the Districts for the fiscal year commencing July 1, 2025 and ending June 30, 2026. The assessments are levied without regard to property valuation.

SECTION 5. PURPOSE OF ASSESSMENT: The assessments ordered by this resolution will be for the purpose of meeting operating expenses and purchasing supplies, equipment, or materials necessary to maintain improvements within the Districts.

SECTION 6. ORDERING THE LEVY: The City Council hereby orders the City Clerk, or their designee, to file the diagram and levy of assessments for the Districts with the Riverside County Auditor for placement on the Fiscal Year 2025/26 County of Riverside Tax Roll as prescribed by the Act.

SECTION 7. SEVERABILITY: If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Resolution is, for any reason, held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Resolution. The City Council hereby declares that it would have adopted this Resolution and each and every section, subsection, subdivision, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses, phrases, or portions thereof be declared unconstitutional.

PASSED, APPROVED AND ADOPTED this 25th day of June 2025.

1. ASSESSMENT SUMMARY

On March 26, 2025, the City Council of the City of Eastvale (the "City"), under the Landscaping and Lighting Act of 1972 (the "1972 Act") adopted its Resolution No. 25-12, a Resolution Initiating Proceedings for the Annual Levy and Collection of Assessments and Ordering the Preparation of an Annual Report for the following districts: Landscaping and Lighting Maintenance District No. 89-1 Consolidated ("LLMD 89-1C"), Landscape and Lighting Maintenance District No. 2014-1 (Tract 36382) ("LLMD 2014-1"), Landscape and Lighting Maintenance District No. 2014-3 (Tract 36423) ("LLMD 2014-3") and Landscape and Lighting Maintenance District No. 2014-4 (Parcel Map 35865) ("LLMD 2014-1") (collectively the "Districts") for Fiscal Year 2025/26.

The Resolution Initiating Proceedings directed NBS to prepare and file an Annual Report for Fiscal Year 2025/26 pursuant to the requirements of the 1972 Act. The Annual Report presents the plans and specifications describing the general nature, location and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operation, and servicing of the improvements for the Districts for the referenced fiscal year, diagrams for the Districts, showing the area and properties proposed to be assessed, and an assessment of the estimated costs of the maintenance, operation, and servicing the improvements, assessing the net amount upon all assessable lots and/or parcels in the Districts in proportion to the special benefit received.

The following assessment is proposed to be authorized in order to pay the estimated costs of administration, maintenance, operation, and servicing of the improvements to be paid by the assessable real property in the Districts in proportion to the special benefit received. The table on the following page summarizes the proposed assessment for the Districts.

Actual Assessment per [2][3][4][5]	**$10.99**	**$805.67**	**$782.41**	**$6.20**	**$0.86**	**$2.96**
Maximum Allowable Assessment per [2][3][4][5]	$10.99	$805.67	$782.41	$11.42	$8.61	$29.58

(1) Amount may differ from final assessment roll due to rounding
(2) Assessment is per Acre
(3) Assessment is per Parcel
(4) Assessment is per Unit
(5) Assessment is per Benefit Point

2. INTRODUCTION

2.1 Reason for Assessment

Approval of the assessment covered by this Annual Report will generate the revenue necessary to provide for the maintenance and servicing of the improvements described in this Annual Report.

Maintenance may include, but is not limited to, all of the following: the repair, removal, or replacement of all or any part of any improvement; providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury; the removal of trimming, rubbish, debris, and other solid waste; the cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Servicing means the furnishing of: electric current or energy, gas, or other illuminating agent for any lighting facilities or for the lighting or operation of any other improvements; water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.

Incidental expenses includes all of the following: the costs of preparation of the report, including plans, specifications, estimates, diagram, and assessment; the costs of printing, advertising, and the giving of published, posted, and mailed notices; compensation payable to the County of Riverside (the "County") for collection of assessments; compensation of any engineer or attorney employed to render services in proceedings pursuant to the 1972 Act; any other expenses incidental to the maintenance and servicing of the improvements; costs associated with any proceedings held for the approval of a new or increased assessment. Incidental expenses also include costs related to project management as well as costs of the City related to the administration of the Districts including legal fees, accounting, finance, and insurance costs.

2.2 Process for Annual Assessment

The City cannot levy and collect annual assessments in the Districts without complying with the procedures specified in the 1972 Act. On an annual basis, a report must be prepared which contains plans and specifications for the improvements, an estimate of the costs of maintenance and servicing the improvements, a diagram for the assessment district, the proposed assessments upon assessable lots and parcels of land within the district, and an assessment of the estimated costs of improvements.

The City Council must also adopt a Resolution of Intention which:

- Declares the intention of the City Council to levy and collect assessments within the assessment district for the fiscal year stated therein.
- Generally describes the existing and proposed improvements and any substantial changes proposed to be made in existing improvements.
- Refers to the assessment district by its distinctive designation and indicates the general location of the district.

- Refers to the annual report, on file with the clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- Gives notice of the time and place for public hearing by the City Council on the levy of the proposed assessment.
- States whether the assessment is proposed to increase from the previous year.

2.3 Same or Lesser Assessment

If the assessments are to be levied in the same or lesser amounts than the maximum assessment amount approved, the City Clerk shall give notice by causing the resolution of intention to be published. Any interested person may, prior to the conclusion of the public hearing, file a written protest which shall state all grounds of objection. The protest shall contain a description sufficient to identify the property owned by the property owner filing the protest. During the course or upon conclusion of the hearing, the City Council may order changes in any of the matters provided in the report, including changes in the improvements, any zones within the assessment district, and the proposed diagram or the proposed assessment.

The City Council, upon conclusion of the public hearing, must then adopt a resolution confirming the diagram and assessment, either as originally proposed or as changed by it. The adoption of the resolution shall constitute the levy of an assessment for the fiscal year referred to in the assessment.

2.4 Fiscal Year 2025/26 Assessment

The Fiscal Year 2025/26 assessments described in this Annual Report for the Districts are not proposed to exceed the previously approved maximum assessment range formula that was approved at the time each District was formed. No land is proposed to be annexed to any District. There are no proposed new improvements or any substantial changes in existing improvements.

The net amount to be assessed in the Districts upon the assessable lots or parcels, as shown on the latest equalized roll at the County, is shown on the Assessment Roll in Appendix C of this Annual Report.

3. PLANS AND SPECIFICATIONS

The Districts provide the administration, maintenance, operation, and servicing of various improvements located in the Districts.

3.1 Description of Improvements

3.1.1 LLMD 89-1C

Zone 116 – Maintenance and servicing of fossil filters and traffic signals within the public right-of-way: Aldergate Dr, Tiburon Dr, Schleisman Rd, Whimbrel Dr.

Zone 147 – Maintenance and servicing of fossil filters and traffic signals within the public right-of-way: Schleisman Rd, Whitewell Rd.

Zone 151 – Maintenance and servicing of, and provision of electricity for, traffic signals within the public right-of-way at the intersections of: Limonite Ave & Eastvale Gateway, Limonite Ave & Hamner Ave, Hamner Ave & Eastvale Gateway, Hamner Ave & Oakdale St.

Zone 156 – Maintenance and servicing of, and provision of electricity for, traffic signals within the public right-of-way at the intersections of: Archibald Ave & Schleisman Rd, Archibald Ave & Soleil Dr, Schleisman Rd & Enclave Dr.

LMD 2014-1 – Maintenance and servicing of, and provision of electricity for, traffic signals within the public right-of-way at the intersections of: Sumner Avenue & Citrus Street, Citrus Street & Scholar Way, Citrus Street & Roosevelt High School/Granja Vista Del Rio.

LMD 2014-3 – Maintenance and servicing of, and provision of electricity for, traffic signals within the public right-of-way at the intersections of: Archibald Avenue & 65th Street.

LMD 2014-4 – Maintenance and servicing of, and provision of electricity for, traffic signals within the public right-of-way at the intersections of: Archibald Avenue & Providence Way.

3.2 Map of Improvements

Please refer to Appendix A for the maps of improvements for the Districts.

4. ESTIMATE OF COSTS

The estimated costs of administration, maintenance, operation, and servicing of the improvements, as described in the Plans and Specifications for the Districts, are summarized below.

4.1 LLMD 89-1C, Zone 41

4.1.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 41 are shown below:

LLMD 89-1C, Zone 41 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Fossil Filters	$15,000.00
Field Inspection/Management	15,000.00
Repair/Replacement	15,000.00
Subtotal Maintenance, Operation, and Servicing Costs	**$45,000.00**
Incidental Expenses	
Annual Administration (City)	$1,533.00
Annual Administration (Consultant)	12,035.79
County Collection Fees	1,353.71
Subtotal Incidental Expenses	**$14,922.50**
Total LLMD 89-1C, Zone 41 Costs	**$59,922.50**
Operating Reserve Contribution	(42,332.50)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	0.00
Total Costs to be Assessed	**$17,590.00**
Total Net LLMD 89-1C, Zone 41 Assessment	**$17,590.00**
Total LLMD 89-1C, Zone 41 Parcels to be Assessed	3,518
Actual Assessment per Parcel – Fiscal Year 2025/26	**$5.00**
Maximum Allowable Assessment per Parcel – Fiscal Year 2025/26	**$82.80**

4.1.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 41 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance [1]	$1,879,869.76
Operating Reserve Contribution – Fiscal Year 2025/26	(42,332.50)
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**$1,837,537.26**

(1) The City will be conducting an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.1.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget above, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 41, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2005." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.2 LLMD 89-1C, Zone 79

4.2.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 79 are shown below:

LLMD 89-1C, Zone 79 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Fossil Filters	$150.00
Field Inspection/Management	150.00
Repair/Replacement	150.00
Subtotal Maintenance, Operation, and Servicing Costs	**$ 450.00**
Incidental Expenses	
Annual Administration (City)	$113.00
Annual Administration (Consultant)	1,074.26
County Collection Fees	200.27
Subtotal Incidental Expenses	**$1,387.53**
Total LLMD 89-1C, Zone 79 Costs	**$1,837.53**
Operating Reserve Contribution	(1,428.77)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(0.56)
Total Costs to be Assessed	**$ 408.20**
Total Net LLMD 89-1C, Zone 79 Assessment	**$ 408.20**
Total LLMD 89-1C, Zone 79 Parcels to be Assessed	314
Actual Assessment per Parcel – Fiscal Year 2025/26	**$1.30**
Maximum Allowable Assessment per Parcel – Fiscal Year 2025/26	**$13.01**

4.2.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 79 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance (1)	$16,682.23
Operating Reserve Contribution – Fiscal Year 2025/26	(1,428.77)
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**$15,253.46**

(1) The City will be conducting an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.2.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 79, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2007." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.3 LLMD 89-1C, Zone 85

4.3.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 85 are shown below:

LLMD 89-1C, Zone 85 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Fossil Filters	$150.00
Field Inspection/Management	150.00
Repair/Replacement	150.00
Subtotal Maintenance, Operation, and Servicing Costs	**$450.00**
Incidental Expenses	
Annual Administration (City)	$11.00
Annual Administration (Consultant)	3.42
County Collection Fees	87.59
Subtotal Incidental Expenses	**$102.01**
Total LLMD 89-1C, Zone 85 Costs	**$552.01**
Operating Reserve Contribution	(546.86)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(0.01)
Total Costs to be Assessed	**$5.14**
Total Net LLMD 89-1C, Zone 85 Assessment	**$5.14**
Total LLMD 89-1C, Zone 85 Acres to be Assessed	1.03
Actual Assessment per Acre – Fiscal Year 2025/26	**$5.00**
Maximum Allowable Assessment per Acre – Fiscal Year 2025/26	**$5,336.60**

4.3.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 85 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance (1)	$31,831.54
Operating Reserve Contribution – Fiscal Year 2025/26	(546.86)
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**$31,284.68**

(1) The City will be conducting an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.3.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per acre listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 85, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2007." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario. Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per acre will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.4 LLMD 89-1C, Zone 111

4.4.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 111 are shown below:

LLMD 89-1C, Zone 111 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$14,350.40
Fossil Filters	5,000.00
Field Inspection/Management	5,000.00
Repair/Replacement	5,000.00
Subtotal Maintenance, Operation, and Servicing Costs	**$29,350.40**
Incidental Expenses	
Annual Administration (City)	$1,111.00
Annual Administration (Consultant)	1,204.26
County Collection Fees	213.95
Subtotal Incidental Expenses	**$2,529.21**
Total LLMD 89-1C, Zone 111 Costs	**$31,879.61**
Operating Reserve Contribution	(30,119.61)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	0.00
Total Costs to be Assessed	**$1,760.00**
Total Net LLMD 89-1C, Zone 111 Assessment	**$1,760.00**
Total LLMD 89-1C, Zone 111 Parcels to be Assessed	352
Actual Assessment per Parcel – Fiscal Year 2025/26	**$5.00**
Maximum Allowable Assessment per Parcel – Fiscal Year 2025/26	**$114.85**

4.4.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 111 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance [(1)]	$173,130.59
Operating Reserve Contribution – Fiscal Year 2025/26	(30,119.61)
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**$143,010.98**

(1) The City will be conducting an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.4.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 111, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2007." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.5 LLMD 89-1C, Zone 115

4.5.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 115 are shown below:

LLMD 89-1C, Zone 115 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$11,556.65
Fossil Filters	150.00
Field Inspection/Management	150.00
Repair/Replacement	150.00
Subtotal Maintenance, Operation, and Servicing Costs	**$12,006.65**
Incidental Expenses	
Annual Administration (City)	$1,069.00
Annual Administration (Consultant)	766.35
County Collection Fees	167.87
Subtotal Incidental Expenses	**$2,003.22**
Total LLMD 89-1C, Zone 115 Costs	**$14,009.87**
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	(9,431.31)
Rounding Adjustment	0.00
Total Costs to be Assessed	**$4,578.56**
Total Net LLMD 89-1C, Zone 115 Assessment	**$4,578.56**
Total LLMD 89-1C, Zone 115 Parcels to be Assessed	224
Actual Assessment per Parcel – Fiscal Year 2025/26	**$20.44**
Maximum Allowable Assessment per Parcel – Fiscal Year 2025/26	**$20.44**

4.5.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 115 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance [(1)]	($53,007.72)
Operating Reserve Contribution – Fiscal Year 2025/26	(9,431.31)
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**($62,439.03)**

(1) The City will be conducting an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.5.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 115, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2008." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.6 LLMD 89-1C, Zone 116

4.6.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 116 are shown below:

LLMD 89-1C, Zone 116 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$3,981.85
Fossil Filters	450.00
Field Inspection/Management	450.00
Repair/Replacement	450.00
Subtotal Maintenance, Operation, and Servicing Costs	**$5,331.85**
Incidental Expenses	
Annual Administration (City)	$541.00
Annual Administration (Consultant)	1,187.16
County Collection Fees	212.15
Subtotal Incidental Expenses	**$1,940.31**
Total LLMD 89-1C, Zone 116 Costs	**$7,272.16**
Operating Reserve Contribution	(6,162.94)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(5.76)
Total Costs to be Assessed	**$1,103.46**
Total Net LLMD 89-1C, Zone 116 Assessment	**$1,103.46**
Total LLMD 89-1C, Zone 116 Parcels to be Assessed	347
Actual Assessment per Parcel – Fiscal Year 2025/26	**$3.19**
Maximum Allowable Assessment per Parcel – Fiscal Year 2025/26	**$31.96**

4.6.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 116 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance (1)	$61,218.38
Operating Reserve Contribution – Fiscal Year 2025/26	(6,162.94)
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**$55,055.44**

(1) The City will be conducting an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.6.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 116, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2008." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.7 LLMD 89-1C, Zone 147

4.7.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 147 are shown below:

LLMD 89-1C, Zone 147 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$3,789.62
Subtotal Maintenance, Operation, and Servicing Costs	**$3,789.62**
Incidental Expenses	
Annual Administration (City)	$450.00
Annual Administration (Consultant)	595.29
County Collection Fees	149.87
Subtotal Incidental Expenses	**$1,195.16**
Total LLMD 89-1C, Zone 147 Costs	**$4,984.78**
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	(3,072.52)
Rounding Adjustment	(1.74)
Total Costs to be Assessed	**$1,910.52**
Total Net LLMD 89-1C, Zone 147 Assessment	**$1,910.52**
Total LLMD 89-1C, Zone 147 Parcels to be Assessed	174
Actual Assessment per Parcel – Fiscal Year 2025/26	**$10.99**
Maximum Allowable Assessment per Parcel – Fiscal Year 2025/26	**$10.99**

4.7.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 147 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance [(1)]	($18,097.00)
Operating Reserve Contribution – Fiscal Year 2025/26	(3,072.52)
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**($21,169.52)**

(1) The City will be conducting an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.7.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per parcel listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 147, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2009." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.8 LLMD 89-1C, Zone 151

4.8.1 ANNUAL BUDGET

The estimated costs associated with LLMD 89-1C, Zone 151 are shown below:

LLMD 89-1C, Zone 151 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$24,670.22
Subtotal Maintenance, Operation, and Servicing Costs	**$24,670.22**
Incidental Expenses	
Annual Administration (City)	$2,948.00
Annual Administration (Consultant)	34.21
County Collection Fees	90.83
Subtotal Incidental Expenses	**$3,073.04**
Total LLMD 89-1C, Zone 151 Costs	**$27,743.26**
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	(16,391.37)
Rounding Adjustment	(0.09)
Total Costs to be Assessed	**$11,351.80**
Total Net LLMD 89-1C, Zone 151 Assessment	**$11,351.80**
Total LLMD 89-1C, Zone 151 Acres to be Assessed	14.09
Actual Assessment per Acre – Fiscal Year 2025/26	**$805.67**
Maximum Allowable Assessment per Acre – Fiscal Year 2025/26	**$805.67**

4.8.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 151 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance [(1)]	($95,823.14)
Operating Reserve Contribution – Fiscal Year 2025/26	(16,391.37)
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**($112,214.51)**

(1) The City will be conducting an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.8.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per acre listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 151, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers for "electricity" ("CPI-U" "electricity") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual "CPI-U" "electricity" adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2010." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per acre will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.9 LLMD 89-1C, Zone 156

4.9.1 ANNUAL BUDGET

The estimated costs associated with LLMD89-1C, Zone 156 are shown below:

LLMD 89-1C, Zone 156 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$13,731.75
Subtotal Maintenance, Operation, and Servicing Costs	**$13,731.75**
Incidental Expenses	
Annual Administration (City)	$1,222.00
Annual Administration (Consultant)	30.79
County Collection Fees	90.47
Subtotal Incidental Expenses	**$1,343.26**
Total LLMD 89-1C, Zone 156 Costs	**$15,075.01**
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	(6,554.57)
Rounding Adjustment	(0.10)
Total Costs to be Assessed	**$8,520.34**
Total Net LLMD 89-1C, Zone 156 Assessment	**$8,520.34**
Total LLMD 89-1C, Zone 156 Acres to be Assessed	10.89
Actual Assessment per Acre – Fiscal Year 2025/26	**$782.41**
Maximum Allowable Assessment per Acre – Fiscal Year 2025/26	**$782.41**

4.9.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 89-1C, Zone 156 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance [(1)]	($45,259.41)
Operating Reserve Contribution – Fiscal Year 2025/26	(6,554.57)
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**($51,813.98)**

(1) The City will be conducting an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.9.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per acre listed in the annual budget, is the amount which was approved at the time of formation of LLMD 89-1C, Zone 156, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers for "electricity" ("CPI-U" "electricity") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United Stated Department of Labor. The annual "CPI-U" "electricity" adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2010." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario. Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per acre will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.10 LLMD 2014-1

4.10.1 ANNUAL BUDGET

The estimated costs associated with LLMD 2014-1 are shown below:

LLMD 2014-1 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$8,676.48
Subtotal Maintenance, Operation, and Servicing Costs	**$8,676.48**
Incidental Expenses	
Annual Administration (City)	$705.00
Annual Administration (Consultant)	1,934.17
County Collection Fees	158.15
Subtotal Incidental Expenses	**$2,797.32**
Total LLMD 2014-1 Costs	**$11,473.80**
General Benefit Contribution	(7,808.83)
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(0.77)
Total Costs to be Assessed	**$3,664.20**
Total Net LLMD 2014-1 Assessment	**$3,664.20**
Total LLMD 2014-1 Benefit Points to be Assessed	591
Actual Assessment per Benefit Point – Fiscal Year 2025/26	**$6.20**
Maximum Allowable Assessment per Benefit Point – Fiscal Year 2025/26	**$11.42**

4.10.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 2014-1 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance (1)	$30,993.94
Operating Reserve Contribution – Fiscal Year 2025/26	0.00
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**$30,993.94**

(1) The City will be conducting an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.10.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per benefit point listed in the annual budget, is the amount which was approved at the time of formation of LLMD 2014-1, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as follows: “The Maximum Allowable Annual Benefit Assessment Rate per Benefit Point shall be adjusted annually by the greater of 2% or the percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U) for the "Electricity" expenditure category of the Los Angeles-Riverside-Orange County area, published by U.S. Department of Labor Bureau of Labor Statistics, as of March of each year over the base index for March 2015.” In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per benefit point will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.11 LLMD 2014-3

4.11.1 ANNUAL BUDGET

The estimated costs associated with LLMD 2014-3 are shown below:

LLMD 2014-3 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$2,170.18
Subtotal Maintenance, Operation, and Servicing Costs	**$2,170.18**
Incidental Expenses	
Annual Administration (City)	$431.00
Annual Administration (Consultant)	1,936.17
County Collection Fees	167.87
Subtotal Incidental Expenses	**$2,535.04**
Total LLMD 2014-3 Costs	**$4,705.22**
General Benefit Contribution	(1,763.27)
Operating Reserve Contribution	(2,363.28)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(0.75)
Total Costs to be Assessed	**$577.92**
Total Net LLMD 2014-3 Assessment	**$577.92**
Total LLMD 2014-3 Benefit Points to be Assessed	672
Actual Assessment per Benefit Point – Fiscal Year 2025/26	**$0.86**
Maximum Allowable Assessment per Benefit Point – Fiscal Year 2025/26	**$8.61**

4.11.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 2014-3 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance [(1)]	$11,731.75
Operating Reserve Contribution – Fiscal Year 2025/26	(2,363.28)
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**$9,368.47**

(1) The City will be undergoing an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.11.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per benefit point listed in the annual budget, is the amount which was approved at the time of formation of LLMD 2014-3, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as follows: “The Maximum Allowable Annual Benefit Assessment Rate per Benefit Point shall be adjusted annually by the greater of 2% or the percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U) for the "Electricity" expenditure category of the Los Angeles-Riverside-Orange County area, published by U.S. Department of Labor Bureau of Labor Statistics, as of March of each year over the base index for March 2015.” In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per benefit point will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.12 LLMD 2014-4

4.12.1 ANNUAL BUDGET

The estimated costs associated with LLMD 2014-4 are shown below:

LLMD 2014-4 Costs	Estimated 2025/26 Costs
Maintenance, Operation, and Servicing Costs	
Traffic Signals	$2,000.00
Subtotal Maintenance, Operation, and Servicing Costs	**$2,000.00**
Incidental Expenses	
Annual Administration (City)	$122.00
Annual Administration (Consultant)	771.30
County Collection Fees	91.19
Subtotal Incidental Expenses	**$ 984.49**
Total LLMD 2014-4 Costs	**$2,984.49**
General Benefit Contribution	(1,625.00)
Operating Reserve Contribution	(1,009.05)
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(0.12)
Total Costs to be Assessed	**$ 350.32**
Total Net LLMD 2014-4 Assessment	**$ 350.32**
Total LLMD 2014-4 Benefit Points to be Assessed	118.44
Actual Assessment per Benefit Point – Fiscal Year 2025/26	**$2.96**
Maximum Allowable Assessment per Benefit Point – Fiscal Year 2025/26	**$29.58**

4.12.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for LLMD 2014-4 is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash Balance [(1)]	$15,108.96
Operating Reserve Contribution – Fiscal Year 2025/26	(1,009.05)
Operating Reserve Collection – Fiscal Year 2025/26	0.00
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash Balance	**$14,099.91**

(1) The City will be undergoing an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/26 Operating Reserve cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.12.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per benefit point listed in the annual budget, is the amount which was approved at the time of formation of LLMD 2014-4, with the allowable annual increase over the maximum assessment for the previous year. The original allowable annual increase is defined as follows: "The Maximum Allowable Annual Benefit Assessment Rate per Benefit Point shall be adjusted annually by the greater of 2% or the percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U) for the "Electricity" expenditure category of the Los Angeles-Riverside-Orange County area, published by U.S. Department of Labor Bureau of Labor Statistics, as of March of each year over the base index for March 2015." In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per benefit point will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.13 Definitions of Budget Items

The following definitions describe the costs and expenses included in the cost estimate for each of the Districts:

4.13.1 MAINTENANCE, OPERATION AND SERVICING COSTS

Energy Costs for Streetlights: This item includes the cost of energy provided by the electric utility provider.

Fossil Filters: This item includes the cost of cleaning and furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of the fossil filters and appurtenances, including repair, replacement, removal of trimmings, rubbish, debris and other solid waste.

Field Inspection/Management: This item includes the cost of inspecting fossil filters, reporting, and compliance with applicable regulations.

Repair/Replacement: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of the fossil filters and appurtenances, including repair and replacement.

Traffic Signals: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of traffic signals and appurtenances, including repair and replacement.

4.13.2 INCIDENTAL EXPENSES

Annual Administration (City): This item includes the cost to departments and staff of the City for providing the administration, coordination and management of District services, operations, and expenses. This item also includes management of the annual process including reports, resolutions, and public inquiries.

Annual Administration (Consultant): This item includes the contract fees and allowable expenses for annual administration of the District, including preparation of the Annual Report, preparation of resolutions, submittal of the levy to the County, responding to public inquiries, attendance at various meetings, and delinquency management. The contract fee is subject to a cost of living increase annually.

County Collection Fees: This item includes the fees charged by the County to process the levy submittal and collect and distribute funds on behalf of the City.

4.13.3 OPERATING RESERVE AND OTHER SOURCES

Operating Reserve Contribution: This item includes the amount to be credited to the annual assessment. When the Operating Reserve balance is greater than approximately one half of the annual costs, an Operating Reserve Contribution may be credited to the total costs.

Operating Reserve Collection: This item includes the amount to be collected to maintain reserves to enable the City to pay for the maintenance and servicing of the improvements prior to December 10 of the fiscal year, or whenever the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The Operating Reserve collection may continue until such a time the Reserve Fund balance is approximately one half of the annual costs.

Contributions From Other Sources: This item includes any amount contributed to the District from any source of funds other than the annual assessments.

Rounding Adjustment: This item includes any amount necessary to round the actual assessment amount for each parcel to an even cent as the County requires that the total levy amount submitted be even so that the amount can be divided into two equal installments on the tax roll.

5. METHOD OF ASSESSMENT

5.1 Legal Considerations

5.1.1 PROPOSITION 218

Proposition 218, the "Right to Vote on Taxes Act" was approved by California voters in 1996, which added Articles XIIIC and XIIID to the California State Constitution. The primary results of Proposition 218 were stricter definitions of assessments, special taxes, fees, and charges, and a general mandate for some type of voter approval for any new or increased tax, assessment, or property-related fee. The Proposition 218 Omnibus Implementation Act (the "Implementation Act") was approved July 1, 1997. The Implementation Act provided for procedures throughout the notice, protest and hearing process. It should be noted that this report has been prepared to be consistent with current practices and the California State Constitution.

Article XIII D, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property. Article XIII D also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment.

The net amount to be assessed may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels. Proposition 218 requires the Engineer to separate general benefit from special benefit, where only special benefit is assessed.

5.1.2 1972 ACT

Pursuant to the 1972 Act and Article XIII D, all parcels that have a special benefit conferred upon them as a result of the maintenance and operation of improvements and services shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire costs of the maintenance and operation of improvements. The 1972 Act, permits the establishment of assessment districts for the purpose of providing certain improvements which include the operation, maintenance and servicing of landscaping improvements.

Section 22573 of the 1972 Act requires that maintenance assessments must be levied according to benefit rather than according to assessed value. This Section states:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefit to be received by each such lot or parcel from the improvements."*
>
> *The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000) [of the Streets and Highways Code, State of California])."*

The 1972 Act also permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement" (Sec. 22547).

5.2 Special Benefit

Pursuant to Article XIII D of the California Constitution, Section 2(i), “Special benefit means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute special benefit.”

All parcels that have special benefit conferred upon them as a result of the services and activities provided shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the services and activities.

In accordance with Article XIII D Section 4(a) “No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel.”

The maintenance and servicing of the Districts’ improvements (which are described in the Plans and Specifications Section of this report) are for the benefit of the properties in the Districts, and as such confer a special and direct benefit to parcels in the Districts, respectively. A description of the special benefit conferred to property in the Districts has been excerpted from the formation or annexation Engineer’s Report and provided below:

- LLMD 89-1C, Zone 41 – The maintenance of catch basin filtration systems enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 79 – The maintenance of catch basin filtration systems enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 85 – The maintenance of catch basin filtration systems enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 111 – The maintenance of fossil filters and traffic signals enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics, allows traffic into and out of the development, and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 115 – The maintenance of fossil filters and traffic signals enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics, allows traffic into and out of the development, and provides an enhanced quality of life and sense of well-being.

- LLMD 89-1C, Zone 116 – The maintenance of fossil filters and traffic signals enhances the properties, improves water quality control, increases public safety, improves neighborhood aesthetics, allows traffic into and out of the development, and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 147 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being for properties.
- LLMD 89-1C, Zone 151 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 89-1C, Zone 156 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 2014-1 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 2014-3 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.
- LLMD 2014-4 – The maintenance of traffic signals enhances the properties, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well-being.

The above-mentioned items affect the assessed property in a way that is particular and distinct from their effect on other parcels and that real property in general and the public at large do not share. They contribute to a specific enhancement of the properties in the Districts. Since these improvements were installed and are maintained specifically for the properties in the Districts, only properties in the Districts receive a special benefit and are assessed for said maintenance.

5.3 General Benefit

Article XIII D of the California Constitution requires any local agency proposing to increase or impose a special assessment to "separate the general benefits from the special benefits conferred on a parcel." General benefits are defined as those services or improvements which provide a general increase in property values to all property or provides benefits to the health, safety, or education of the public. The rationale for separating special and general benefits is to ensure that the property owners are not charged with an assessment that pays for general benefits. Thus, a local agency carrying out projects or services that provide both special and general benefits may levy an assessment to pay for the special benefits but must acquire separate funding to pay for those general benefits.

5.4 General and Special Benefit Separated

The amount of general benefit that is conferred from the improvements and activities cannot be funded via benefit assessments. In order to separate only that portion of the budget which is related to special benefits conferred by the improvements and activities, thereby excluding those costs which are associated with general benefits related to the improvements and activities, pass through traffic data has been reviewed.

General benefit conferred from the improvements cannot be funded by assessments. In order to separate only that portion of the cost of operating, maintaining and servicing the improvements which is related to special benefits conferred, thereby excluding those costs which are related to general benefits, pass through traffic data has been analyzed.

The City's General Plan, adopted on June 13, 2012, indicates that streets within the City generally consist of local roads, secondary and major collectors, arterials and urban arterials. There is a general benefit component associated with traffic signals and fossil filter management along arterial/collector streets roughly equal to the percentage of pass-through trips using those streets (typically 15-25% based on the amount of traffic volume placed on each type of roadway). The following table summarizes the special and general benefit for the various types of roadways based on general industry practice standards:

Roadway Type	Special Benefit	General Benefit	Comments
Local	98%	2%	Nearly all traffic is generated by local properties; the exception would be school busses, delivery and service vans/trucks, meter readers, and turn around traffic which is generally less than 2%.
Collector	50%	50%	Some General Benefit related to thru traffic and overall traffic safety benefits from traffic signals.
Arterial	25%	75%	Some General Benefit related to thru traffic and overall traffic safety benefits from traffic signals.

- LMD 2014-1 – The three traffic signals to be operated, maintained, and serviced are located along Citrus Street which is an Arterial according to the City of Eastvale General Plan. The two intersecting roadways, Sumner Avenue and Scholar Way are also Arterials with the third intersection being the entrance to a high school. Generally, Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic, but because the high school is a large traffic generator, the pass-through traffic in Citrus Street is estimated to be 85% with local traffic accounting for 15% of trips. Further, the District is located on the south side of Citrus Street and the southeast side of Sumner Avenue. Local traffic originates from District property, but also from surrounding property as well, making the total portion of pass-through traffic not related to District property 90%. Therefore, the general benefit conferred as a result of the improvements and activities is estimated at 90%.
- LMD 2014-3 – The traffic signals to be operated, maintained, and serviced are located along Archibald Avenue which is an Arterial according to the City of Eastvale General Plan. The intersecting roadway, 65th Street is also an Arterial. Generally, Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic. Further, the District is located on the northwest corner of the Archibald Avenue and 65th Street intersection. Local traffic originates from District property, but also from surrounding property as well, making the total portion of pass-through traffic not related to District property 81.25%. Therefore, the general benefit conferred as a result of the improvements and activities is estimated at 81.25%.
- LMD 2014-4 – The traffic signals to be operated, maintained, and serviced are located along Archibald Avenue which is an Arterial according to the City of Eastvale General Plan. The intersecting roadway, Providence Way is a Local. Generally, Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic. The District is located on the southwest corner of the Archibald Avenue and Providence Way intersection. Local traffic originates from District property, but also from surrounding property as well, making the total portion of pass-through traffic not related to District property 81.25%. Therefore, the general benefit conferred as a result of the improvements and activities is estimated at 81.25%.

5.5 Method of Assessment Spread

Each of the parcels in the Districts is deemed to receive special benefit from the improvements. Each parcel that has a special benefit conferred upon it as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the maintenance and operation of the improvements.

A description of the method of assessment spread for the Districts has been excerpted from the formation or annexation Engineer's Report and provided below:

- LLMD 89-1C, Zone 41 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 79 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 85 – The costs and expenses are apportioned on a per acre basis.
- LLMD 89-1C, Zone 111 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 115 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 116 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 147 – The costs and expenses are apportioned on a per parcel basis.
- LLMD 89-1C, Zone 151 – The costs and expenses are apportioned on a per acre basis.
- LLMD 89-1C, Zone 156 – The costs and expenses are apportioned on a per acre basis.
- LLMD 2014-1 – The costs and expenses are apportioned on a per Benefit Point basis.
- LLMD 2014-3 – The costs and expenses are apportioned on a per Benefit Point basis.
- LLMD 2014-4 – The costs and expenses are apportioned on a per Benefit Point basis.

Each of the parcels within LLMD 2014-1, LLMD 2014-3, and LLMD 2014-4 receive special benefit from the operation, maintenance, and services of the improvements. Each parcel that has a special benefit conferred upon it is identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the operation, maintenance, and services of the improvements.

Special benefit points are proportionally assigned to all parcels within the assessment district for each of the following special benefits conferred:

- Increased Safety to Motorists
- Increased Safety to Pedestrians
- Increased Traffic Capacity and Efficiency

Each parcel with a residential county land use code, for which traffic must pass through a signalized intersection, may be assigned one Benefit Point per dwelling unit per benefit. Likewise, each non-residential parcel, for which traffic must pass through a signalized intersection may be assigned one

Benefit Point per acre, or portion thereof, per benefit. (e.g. If the parcel acreage is 1.38, the parcel receives 1.38 Benefit Points per benefit.)

The maximum allowable assessment per parcel is the amount which was approved at the time of formation of the Districts, with the allowable annual increase also approved at the time of formation. A description of the allowable annual increase for the Districts has been excerpted from the formation or annexation Engineer's Report and provided below:

- LLMD 89-1C, Zone 41 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2005.
- LLMD 89-1C, Zone 79 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- LLMD 89-1C, Zone 85 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- LLMD 89-1C, Zone 111 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- LLMD 89-1C, Zone 115 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2008.
- LLMD 89-1C, Zone 116 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2008.
- LLMD 89-1C, Zone 147 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2009.
- LLMD 89-1C, Zone 151 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for "electricity", if any, as it stands as of March of each year over the base index for March of 2008.
- LLMD 89-1C, Zone 156 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for "electricity", if any, as it stands as of March of each year over the base index for March of 2008.
- LLMD 2014-1 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for "electricity", if any, as it stands as of March of each year over the base index for March of 2015.

- LLMD 2014-3 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for “electricity”, if any, as it stands as of March of each year over the base index for March of 2015.
- LLMD 2014-4 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for “electricity”, if any, as it stands as of March of each year over the base index for March of 2015.

The total amount of maintenance, servicing, and incidental costs for maintaining and operating the Improvements is assessed to the individual parcels of real property in the Districts in proportion to the special benefit received by such parcels of real property. The proposed individual assessments are shown on the assessment roll in this report.

6. APPENDICES

The following Appendices contain Appendix A – Maps of Improvements, Appendix B – Assessment Diagrams, and Appendix C – Assessment Roll.

APPENDIX A – MAPS OF IMPROVEMENTS

Maps of Improvements for the Districts are shown on the following pages.

APPENDIX C – ASSESSMENT ROLL

The assessment roll is a listing of the assessment for Fiscal Year 2025/26 apportioned to each lot or parcel, as shown on the last equalized roll of the Assessor of the County.

Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Annual Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

The assessment roll for Fiscal Year 2025/26 is listed on the following pages.

City of Eastvale

APPENDIX B – ASSESSMENT DIAGRAMS ..... B

APPENDIX C – ASSESSMENT ROLL C

1. ASSESSMENT SUMMARY

In 2019, the City of Eastvale (the "City") purchased a portion of the streetlights located within the boundaries of the City. In January of 2022, the Lighting Maintenance Districts that were previously under the jurisdiction of the Jurupa Community Services District (the "Jurupa CSD") but within the City boundaries were transferred to the City as provided for under the Landscaping and Lighting Act of 1972 (the "1972 Act") and in accordance with the joint Resolution No. 3200 of the Jurupa CSD and the City Council of the City.

On March 26, 2025, the City Council of the City, under the 1972 Act adopted its Resolution No. 25-12, a Resolution Initiating Proceedings for the Annual Levy and Collection of Assessments and Ordering the Preparation of an Annual Report for the Lighting Maintenance Districts and the specified Zones within, (the "Districts") for Fiscal Year 2025/26. The following page includes a complete listing of the Districts.

The Resolution Initiating Proceedings directed NBS to prepare and file an Annual Report for Fiscal Year 2025/26 pursuant to the requirements of the 1972 Act. This Annual Report presents the plans and specifications describing the general nature, location, and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operations, and servicing of the improvements for the Districts for the referenced fiscal year, diagrams for the Districts, showing the area and properties proposed to be assessed, and an assessment of the estimated costs of the maintenance, operations, and servicing the improvements, assessing the net amount upon all assessable lots and/or parcels in the Districts in proportion to the special benefit received.

(1) May vary slightly due to even-penny rounding required for placement on the Riverside County tax bills.

2. INTRODUCTION

2.1 Reason for Assessment

Approval of the assessment covered by this Annual Report will generate the revenue necessary to provide for the maintenance, operation, and servicing of the improvements described in this Annual Report.

Maintenance may include, but is not limited to, the following: repair, acquisition, and replacement of streetlight poles and fixtures and of the energy charges, operation, maintenance, and administrative costs of the local and major streets street lighting within the Districts

Servicing means the furnishing of: electric current or energy, gas, or other illuminating agent for any lighting facilities or for the lighting or operation of any other improvements.

Incidental expenses includes all of the following: the costs of preparation of the report, including plans, specifications, estimates, diagram, and assessment; the costs of printing, advertising, and the giving of published, posted, and mailed notices; compensation payable to the County of Riverside (the "County") for collection of assessments; compensation of any engineer or attorney employed to render services in proceedings pursuant to the 1972 Act; any other expenses incidental to the operation, maintenance, and servicing of the improvements; costs associated with any proceedings held for the approval of a new or increased assessment. Incidental expenses also include costs related to project management as well as costs of the City related to the administration of the Districts including legal fees, accounting, finance, and insurance costs.

2.2 Process for Annual Assessment

The City cannot levy and collect annual assessments in the Districts without complying with the procedures specified in the 1972 Act. On an annual basis, a report must be prepared which contains plans and specifications for the improvements, an estimate of the costs of operation, maintenance, and servicing the improvements, a diagram for the assessment districts, the proposed assessments upon assessable lots and parcels of land within the Districts, and an assessment of the estimated costs of improvements.

The City Council must also adopt a Resolution of Intention which:

- Declares the intention of the City Council to levy and collect assessments within the assessment districts for the fiscal year stated therein.
- Generally describes the existing and proposed improvements and any substantial changes proposed to be made in existing improvements.
- Refers to the assessment district by its distinctive designation and indicates the general location of the district.
- Refers to the annual report, on file with the clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the districts.
- Gives notice of the time and place for public hearing by the City Council on the levy of the proposed assessments.
- States whether the assessments are proposed to increase from the previous year.

2.3 Same or Lesser Assessment

If the assessments are to be levied in the same or lesser amounts than the maximum assessment amount approved, the City Clerk shall give notice by causing the Resolution of Intention to be published. Any interested person may, prior to the conclusion of the public hearing, file a written protest which shall state all grounds of objection. The protest shall contain a description sufficient to identify the property owned by the property owner filing the protest. During the course or upon conclusion of the hearing, the City Council may order changes in any of the matters provided in the report, including changes in the improvements, any zones within the assessment districts, and the proposed diagram or the proposed assessments.

The City Council, upon conclusion of the public hearing, must then adopt a resolution confirming the diagrams and assessments, either as originally proposed or as changed by it. The adoption of the resolution shall constitute the levy of an assessment for the fiscal year referred to in the report.

2.4 Fiscal Year 2025/26 Assessment

The Fiscal Year 2025/26 assessments described in this Annual Report for the Districts are not proposed to exceed the previously approved maximum assessment range formula that was approved at the time the Districts were formed. No land is proposed to be annexed to the Districts. There are no proposed new improvements or any substantial changes in existing improvements.

The net amount to be assessed in the Districts upon the assessable lots or parcels, as shown on the latest equalized roll at the County Assessor's Office, is shown on the Assessment Roll in Appendix C of this report.

3. PLANS AND SPECIFICATIONS

Generally, the work to be performed consists of the maintenance, repair, acquisition, and replacement of streetlight poles and fixtures and of the energy charges, operation, maintenance, and administrative costs of the local and major streets streetlighting within the Districts. The Boundary Maps of the Districts are located in Appendix B of this report.

3.1 Description of Improvements

The Districts improvements consist of streetlights within each District and Zone thereof. The Streetlight Maps are on file with the City and are made part of this report to the same extent as if attached hereto.

3.2 Map of Improvements

The existing streetlight improvements as shown in the Streetlight Maps were purchased in March 2019 from Southern California Edison (SCE), except for a few streetlights that were not available for purchase. The Streetlight Maps are on file with the City and are made part of this report to the same extent as if attached hereto.

4. ESTIMATE OF COSTS

4.1 Annual Budget

The estimated costs of administration, maintenance, operations, and servicing of the improvements, as described in the Plans and Specifications for the Districts, are summarized in Appendix A. The City has paid in full for the acquisition of the City's streetlights and has therefore removed the cost of the scheduled annual payments previously assessed to the Districts.

4.2 Operating Reserve

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information is provided in Appendix A.

4.3 Annual Assessment Increase

The maximum allowable assessment per Assessable Benefit Unit for each District listed in the annual budget, is the amount which was approved at the time of formation of the Districts, with the allowable annual increase over the maximum assessment for the previous year.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per Assessable Benefit Unit for each District will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

The following inflation formulas apply to maximum allowable assessments within the Districts.

4.3.1 ILLUMINATION DISTRICT NO. 2

The assessments for Illumination District No. 2 Subareas 35, 42, 46, 49, and 55 do not include an annual inflation formula.

4.3.2 LIGHTING MAINTENANCE DISTRICT NO. 98-2

Original Area, Annexation Area 1, and Annexation Area 3

The assessments for Lighting Maintenance District No. 98-2 will be levied on an annual basis for a duration of 30 years. Commencing with the 1999-2000 annual assessments, the maximum annual assessment per Assessable Benefit Unit will be adjusted by the cumulative percentage increase, if any, in the Consumer Price Index for All Urban Consumers (CPI-U) for the Los Angeles-Anaheim-Riverside Standard Metropolitan Statistical Area ("Index") published by the Bureau of Labor Statistics of the United States Department of Labor. The annual maximum assessment per Assessable Benefit Unit for each District shall be adjusted every year based upon the cumulative increase, if any, in the Index as it stands on December of each year

over the base Index of December 1997; provided, however, that the amount of assessment for each UOB in any fiscal year shall not be increased by more than four (4) percent from that of the previous fiscal year.

In January 2018, the Bureau of Labor Statistics (BLS) updated their geographic areas for computing CPI. Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the Districts.

Annexation Area 2, Annexation Area 4, and Annexation Area 6

Annexation Areas 2, 4, and 6 received favorable majority votes pursuant to Proposition 218 ballot proceedings conducted in July of 2001. The assessments will be levied on an annual basis for as long as the services are rendered and the amount of the assessment to be levied on each such parcel in each subsequent fiscal year shall be increased by the percentage increase, if any, in the cost of electric power which the Districts will pay to Southern California Edison Company, or any successor thereto, for the electric power for the operation and maintenance of the streetlights for each such fiscal year, so that the total amount of the assessments on all such lots and parcels will not be less than the District's costs, including the cost of electric power, for the operation and maintenance of streetlights in each such fiscal year. For Fiscal Year 2025/26, the annual increase in the Maximum Assessment Rate for each District was calculated based upon the average increase in LS-2 rates 22w LED lamps and 84w LED lamps over the prior Fiscal Year.

4.3.3 LIGHTING MAINTENANCE DISTRICT NOS. 2001-1, 2001-2, AND 2001-3

The assessments will be levied on an annual basis for as long as the services are rendered and the amount of the assessment to be levied on each such parcel in each subsequent fiscal year shall be increased by the percentage increase, if any, in the cost of electric power which the Districts will pay to Southern California Edison Company, or any successor thereto, for the electric power for the operation and maintenance of the streetlights for each such fiscal year, so that the total amount of the assessments on all such lots and parcels will not be less than the District's costs, including the cost of electric power, for the operation and maintenance of streetlights in each such fiscal year. For Fiscal Year 2025/26, the annual increase in the Maximum Assessment Rate for each District was calculated based upon the average increase in LS-2 rates 22w LED lamps and 84w LED lamps over the prior Fiscal Year.

5. METHOD OF ASSESSMENT

The total amount of maintenance, servicing, and incidental costs for maintaining and operating the Improvements is assessed to the individual parcels of real property in the Districts in proportion to the special benefit received by such parcels of real property. The proposed individual assessments are shown on the assessment roll in Appendix C of this report.

5.1 Legal Considerations

5.1.1 PROPOSITION 218

Proposition 218, the "Right to Vote on Taxes Act" was approved by California voters in 1996, which added Articles XIIIC and XIIID to the California State Constitution. The primary results of Proposition 218 were stricter definitions of assessments, special taxes, fees, and charges, and a general mandate for some type of voter approval for any new or increased tax, assessment, or property-related fee. The Proposition 218 Omnibus Implementation Act (the "Implementation Act") was approved July 1, 1997. The Implementation Act provided for procedures throughout the notice, protest and hearing process. It should be noted that this report has been prepared to be consistent with current practices and the California State Constitution.

Article XIII D, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property. Article XIII D also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment.

The net amount to be assessed may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels. Proposition 218 requires the Engineer to separate general benefit from special benefit, where only special benefit is assessed.

5.1.2 1972 ACT

Pursuant to the 1972 Act and Article XIII D, all parcels that have a special benefit conferred upon them as a result of the maintenance and operation of improvements and services shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire costs of the maintenance and operation of improvements. The 1972 Act, permits the establishment of assessment districts for the purpose of providing certain improvements which include the operation, maintenance and servicing of landscaping improvements.

Section 22573 of the 1972 Act requires that maintenance assessments must be levied according to benefit rather than according to assessed value. This Section states:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefit to be received by each such lot or parcel from the improvements."*
>
> *The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with*

Section 5000) [of the Streets and Highways Code, State of California])."

The 1972 Act also permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement" (Sec. 22547).

5.2 Special Benefit

Pursuant to Article XIII D of the California Constitution, Section 2(i), “Special benefit means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute special benefit.”

All parcels that have special benefit conferred upon them as a result of the services and activities provided shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the services and activities.

In accordance with Article XIII D Section 4(a) “No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel.”

The maintenance and servicing of the Districts’ improvements (described in the Plans and Specifications Section of this report) are for the benefit of the properties in the Districts, and as such confer special benefit to parcels in the Districts, respectively. According to the formation or annexation reports prepared for the Districts, the special benefits that streetlight improvements provide are: increased property protection, personal safety, visibility, traffic safety, and directly enhances the appearance of those lots or parcels fronting illuminated streets. Additional special benefits provided by the higher intensity lights include both traffic and pedestrian safety and will discourage illegal activity at night compared to non-illuminated streets.

The above-mentioned items affect the assessed property in a way that is particular and distinct from their effect on other parcels and that real property in general and the public at large do not share. They contribute to a specific enhancement of the properties in the Districts. Since these improvements were installed and are maintained specifically for the properties in the Districts, only properties in the Districts receive a special benefit and are assessed for said maintenance.

5.3 Method of Assessment Spread

Each parcel in the Districts is deemed to receive special benefit from the improvements. Each parcel that has a special benefit conferred upon it as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the maintenance and operation of the improvements. Within each of the Districts, an Assessable Benefit Unit is given to each residential lot and 3.7 units per acre for each commercial parcel.

6. APPENDICES

The following Appendices contain Appendix A –Fiscal Year 2025/26 Annual Budgets, Appendix B – Assessment Diagrams, and Appendix C – Assessment Roll

FIGURE 3-65

APPENDIX C – ASSESSMENT ROLL

Assessor's parcel identification, for each lot or parcel within the Districts, shall be based on the County Assessor's secured roll data for the applicable year in which this Report is prepared and is incorporated herein by reference.

A listing of Assessor's parcels assessed within the Districts for Fiscal Year 2025/26, along with the assessment amounts, is on file in the office of the City Clerk and incorporated herein by reference. Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

Non-assessable lots or parcels include areas of public streets and other roadways (typically not assigned an APN by the County), dedicated public easements, open space areas and rights-of-way including public greenbelts and parkways, utility rights-of-way, common areas, landlocked parcels, small parcels vacated by the County, bifurcated lots and any other property that cannot be developed or has specific development restrictions. These types of parcels are considered to receive little or no benefit from the improvements and are therefore, exempted from assessment.
