APPENDIX B – ASSESSMENT ROLL ..... B

1. ASSESSMENT SUMMARY

On March 26, 2025, the City Council of the City of Eastvale (the "City"), under the Benefit Assessment Act of 1982 (the "1982 Act") adopted its Resolution No. 25-13, a Resolution Initiating Proceedings for the Annual Levy and Collection of Assessments and Ordering the Preparation of an Annual Report for Benefit Assessment District No. 2014-2 (the "District") (Tracts 32821 & 32821-1) for Fiscal Year 2025/26.

The Resolution Initiating Proceedings directed NBS to prepare and file an Annual Report for Fiscal Year 2025/26 pursuant to the requirements of the 1982 Act. The Annual Report presents the plans and specifications for the maintenance and operation of authorized services, an estimate of the costs of the maintenance and operation of the authorized services, an assessment diagram, and an assessment of the estimated costs of the maintenance and operation of the authorized services for the referenced fiscal year, assessing the net amount upon all assessable lots and/or parcels in the District in proportion to the special benefit received.

The following assessment is proposed to be authorized in order to pay the estimated costs of administration, maintenance, operation, and servicing of the improvements to be paid by the assessable real property in the District in proportion to the special benefit received. The following table summarizes the proposed assessment for the District.

Benefit Assessment District 2014-2

	Fiscal Year 2025/26
Maintenance, Operation, and Servicing Costs	$7,451.66
Incidental Expenses	3,640.30
Other Costs/Contributions	(6,054.47)
Total Net Amount to be Assessed	**$5,037.49**
Total Number of Benefit Points to be Assessed	1,750
Actual Assessment per Benefit Point (1)	**$2.87**
Maximum Allowable Assessment per Benefit	$3.46

(1) The unrounded assessment per benefit point is $2.87856.

2. INTRODUCTION

2.1 Reason for Assessment

Approval of the assessment covered by this Annual Report will generate the revenue necessary to provide for the maintenance and servicing of the improvements described in this Annual Report.

2.2 Process for Annual Assessment

On an annual basis, a report is prepared which contains a description of the services proposed to be financed, a description of each lot or parcel subject to the assessment, the amount of the proposed assessment for each parcel, and the basis and schedule of assessment.

2.3 Same or Lesser Assessment

If the assessments are to be levied in the same or lesser amounts than the maximum assessment amount approved, the City Clerk will give notice by causing the Resolution of Intention to be published. Any interested person may, prior to the conclusion of the public hearing, file a written protest which shall state all grounds of objection. The protest will contain a description sufficient to identify the property owned by the property owner filing the protest. During the course of, or upon conclusion of the hearing, the City Council may order changes in any of the matters provided in the report, including changes in the improvements, any zones within the District, and the proposed diagram for the proposed assessment.

2.4 Fiscal Year 2025/26 Assessment

The Fiscal Year 2025/26 assessments described in this Annual Report are not proposed to exceed the previously approved maximum assessment range formula that was approved at the time the District was formed. No land is proposed to be annexed to the District. There are no proposed new improvements or any substantial changes in existing improvements.

The net amount to be assessed in the District upon all assessable lots or parcels, as shown on the latest equalized roll at the County of Riverside (the "County") Assessor's Office, is shown on the Assessment Roll in Appendix B of this report.

3. PLANS AND SPECIFICATIONS

The District provides funding for the administration, maintenance, operation, and servicing of various improvements located in District.

3.1 Description of Improvements

The traffic signal to be operated and maintained is at the following location:

- Limonite Avenue & Scholar Way

The fossil filters to be managed and maintained are at the following locations:

- Seven along Scholar Way between Limonite Avenue and Primrose Road
- One on 58th Street west of Scholar Way

4. ESTIMATE OF COSTS

The estimated costs of administration, maintenance, operation, and servicing the improvements, as described in the Plans and Specifications for the District, are summarized below:

4.1 Benefit Assessment District 2014-2

4.1.1 ANNUAL BUDGET

The estimated costs associated with the District are shown below:

BAD 2014-2 Costs	Estimated 2025/26 Costs
Maintenance, Operation and Servicing Costs	
Traffic Signal	$5,651.66
Fossil Filters	1,800.00
Subtotal Maintenance, Operation and Servicing Costs	**$7,451.66**
Incidental Expenses	
Annual Administration (City)	$558.00
Annual Administration (Consultant)	2,869.07
County Collection Fees	213.23
Subtotal Incidental Expenses	**$3,640.30**
Total BAD 2014-2 Costs	**$11,091.96**
General Benefit Contribution	($6,054.47)
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Total Costs to be Assessed	**$5,037.49**
Total Net BAD 2014-2 Assessment [(1)]	**$5,037.49**
Total BAD 2014-2 Benefit Points to be Assessed	1,750
Actual Assessment per Benefit Point – Fiscal Year 2025/26 [(2)]	**$2.87**
Maximum Allowable Assessment per Benefit Point – Fiscal Year 2025/26	**$3.46**

(1) Actual assessments may be rounded to the nearest even cent in accordance with the requirements of the County for placement on the tax rolls.

(2) The unrounded assessment per benefit point is $2.87856.

4.1.2 OPERATING RESERVE

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for the District is as follows:

Estimated Fiscal Year Ending 6/30/25 Operating Reserve Cash	$16,504.93
Estimated Operating Expenses – Fiscal Year 2025/26	
Estimated Operating Collection – Fiscal Year 2025/26	5,037.49
Estimated Fiscal Year Ending 6/30/26 Operating Reserve Cash	**$10,450.45**

(1) The City will be conducting an internal audit; fund balances will be updated when the reconciliation takes place.

The estimated Fiscal Year ending 6/30/25 Operating Reserve Cash balance is estimated based on the available cash balance, less actual expenses to date, and less estimated expenses through the end of the Fiscal Year.

4.1.3 ANNUAL ASSESSMENT INCREASE

The maximum allowable assessment per Benefit Point listed in the annual budget is the amount which was approved at the time of formation of the District, with the allowable annual increase over the maximum assessment for the previous year. The allowable annual increase is defined as: “the greater of two percent (2.0%) or the percentage increase, if any, in the Consumer Price Index for all Urban Consumers (“CPI-U”) for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area (“Index”) published by the Bureau of Labor Statistics of the United States Department of Labor. The annual CPI-U adjustment will be based on the increase, if any, in the Index as it stands on March of each year over the base Index for March of 2015.” Previously, the Los Angeles-Riverside-Orange County index was made up of Los Angeles, Orange, Riverside, San Bernardino, and Ventura counties. The BLS split this index into two areas; one that represents Los Angeles and Orange counties (Los Angeles-Long Beach-Anaheim) and another that represents Riverside and San Bernardino counties (Riverside-San Bernardino-Ontario). Beginning with the 2018/19 calculation, the City began using the Riverside-San Bernardino-Ontario CPI as of March for the purposes of computing annual changes in the assessment rates for the District.

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per Benefit Point will be based on the estimated costs, available fund balance, and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however, it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

4.2 Definition of Budget Items

The following definitions describe the costs and expenses included in the cost estimate for the District:

4.2.1 MAINTENANCE, OPERATION AND SERVICING COSTS

Energy Costs for Streetlights: This item includes the cost of energy provided by the electric utility provider.

Fossil Filters: This item includes the cost of cleaning and furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of the fossil filters and appurtenances, including repair, replacement, removal of trimmings, rubbish, debris, and other solid waste.

Field Inspection/Management: This item includes the cost of inspecting fossil filters, reporting, and compliance with applicable regulations.

Repair/Replacement: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of the fossil filters and appurtenances, including repair and replacement.

Traffic Signals: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation, and servicing of traffic signals and appurtenances, including repair and replacement.

4.2.2 INCIDENTAL EXPENSES

Annual Administration (City): This item includes the cost to departments and staff of the City for providing the administration, coordination, and management of District services, operation, and expenses. This item also includes management of the annual process including reports, resolutions, and public inquiries.

Annual Administration (Consultant): This item includes the contract fees and allowable expenses for annual administration of the District, including preparation of the Annual Report, preparation of resolutions, submittal of the levy to the County, responding to public inquiries, attendance at various meetings, and delinquency management. The contract fee is subject to a cost-of-living increase annually.

County Collection Fees: This item includes the fees charged by the County to process the levy submittal and collect and distribute funds on behalf of the City.

4.2.3 OPERATING RESERVE AND OTHER SOURCES

Operating Reserve Contribution: This item includes the amount to be credited to the annual assessment. When the Operating Reserve balance is greater than approximately one half of the annual costs, an Operating Reserve Contribution may be credited to the total costs.

Operating Reserve Collection: This item includes the amount to be collected to maintain reserves to enable the City to pay for the maintenance and servicing of the improvements prior to December 10

of the fiscal year, or whenever the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The Operating Reserve collection may continue until such a time the Reserve Fund balance is approximately one half of the annual costs.

Contributions From Other Sources: This item includes any amount contributed to the District from any source of funds other than the annual assessments.

Rounding Adjustment: This item includes any amount necessary to round the actual assessment amount for each parcel to an even cent, as the County requires that the total levy amount submitted be even, so that the amount can be divided into two equal installments on the tax roll.

5. METHOD OF ASSESSMENT

5.1 Legal Considerations

5.1.1 PROPOSITION 218

Proposition 218, the "Right to Vote on Taxes Act" was approved by California voters in 1996, which added Articles XIIIC and XIIID to the California State Constitution. The primary results of Proposition 218 were stricter definitions of assessments, special taxes, fees, and charges, and a general mandate for some type of voter approval for any new or increased tax, assessment, or property-related fee. The Proposition 218 Omnibus Implementation Act (the "Implementation Act") was approved July 1, 1997.

The Implementation Act provided direction for procedures throughout the notice, protest, and hearing process. It should be noted that this report has been prepared to be consistent with current practices and the California State Constitution.

Article XIII D, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property. Article XIII D also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment.

The net amount to be assessed may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels. Proposition 218 requires the Engineer to separate general benefit from special benefit, where only special benefit is assessed.

5.1.2 1982 ACT

Pursuant to the 1982 Act and Article XIII D, all parcels that have a special benefit conferred upon them as a result of the maintenance and operation of improvements and services shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire costs of the maintenance and operation of improvements. The 1982 Act, permits the establishment of assessment districts for the purpose of providing certain public services which include the maintenance and operation costs of drainage, flood control street lighting, and streets.

Section 54711 of the 1982 Act requires that benefit assessments must be related to the benefit to the parcel. This Section states:

> *"The amount of the assessment imposed on any parcel of property shall be related to the benefit to the parcel which will be derived from the provision of the service."*
>
> *"The annual aggregate amount of the assessment shall not exceed the estimated annual cost of providing the service…"*
>
> *"The revenue derived from the assessment shall not be used to pay the cost of any service other than the service for which the assessment was levied."*

5.2 Special Benefit

Pursuant to Article XIII D of the California Constitution, Section 2(i) "Special benefit means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute special benefit."

All parcels that have special benefit conferred upon them as a result of the services and activities provided shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the services and activities.

In accordance with Article XIII D §4(a), "No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel."

The maintenance and servicing of the District improvements (which are described in the Plans and Specifications Section of this report) are for the benefit of the properties in the District, and as such confer a special and direct benefit to parcels in the District, respectively. A description of the special benefit conferred to property in the District has been excerpted from the formation Engineer's Report and provided below:

5.2.1 TRAFFIC SIGNAL OPERATION AND MAINTENANCE

Traffic signals allow for the orderly flow of traffic for all roadway users and provide for increased safety of vehicles, their passengers and pedestrians. Conversely, a lack of traffic signalization can lead to roadway congestion and decreased safety. When evaluating safety of an intersection, one must look holistically at all system users to evaluate the benefit conveyed. Further, the task of traveling on the roadway system, whether by vehicle, by foot or by bicycle, involves searching for, finding, understanding, and applying the information, as well as reacting to unanticipated information. Once found and understood, the relevance of this information must be evaluated, decisions made and actions taken in response. This activity is cyclical, often occurring many times per second in complex, demanding environments. Traffic signals are one of the many pieces of information that must be processed as a traveler approaches an intersection in the roadway system.

- **Increased Safety to Motorists:** Traffic signals provide for the orderly movement of vehicular and pedestrian traffic at roadway intersections. While traffic signals cannot eliminate collisions, their installation has been shown to reduce the frequency of right-angle vehicle collisions, left-turn collisions, pedestrian collisions, and head-on collisions. Heavy traffic is interrupted to allow other vehicular traffic to pass through in a safe manner.
- **Increased Safety to Pedestrians:** Traffic signals prioritize movement across and through an intersection. By allowing pedestrians the right-of-way to enter and cross the roadway, traffic signals increase the safety to pedestrians.
- **Increased Traffic Capacity and Efficiency:** Use of properly timed traffic signals that smooth the traffic flow allow for increased vehicle traffic and reduce congestion. Ingress and egress from developments is more timely and efficient when traffic signals are installed.

5.2.2 FOSSIL FILTER MANAGEMENT, INSPECTION, AND MAINTENANCE

Fossil filters are designed to remove petroleum hydrocarbons from stormwater runoff that enters catch basins. Petroleum hydrocarbons are a primary energy source, utilized as combustible fuel. Petroleum hydrocarbons are also found in their solid form in asphalt used in roadway construction. Petroleum hydrocarbons are pollutants which are required to be removed from stormwater and runoff before they can be released into the environment. Properly operating fossil filtration systems provide the following special benefits to property:

- **Pretreatment of Local Drainage Stormwater:** Fossil filters pretreat stormwater by removing pollutants as the water flows through the filter into the storm sewer system. Vehicles and asphalt are the primary source of pollutants that enter the storm sewer system. In particular, localized vehicular traffic produces the majority of the pollutants that enter each catch basin which are removed by the fossil filters. Since the localized vehicular traffic, associated with local property, produces most of the pollution, the local property receives special benefit from the fossil filtration system by having the pollutants it produces removed from the stormwater runoff near the source of pollution.
- **Cleaner Local Drainage Catch Basins:** By managing, maintaining, and servicing the fossil filters, the catch basins are cleared of debris that might cause localized flooding. Catch basins are designed to collect storm water runoff that results from the large amount of impervious area on developed land. Without clear, functioning catch basins, the stormwater runoff pools and floods local streets and property. Fossil filtration system maintenance confers a special benefit to property by ensuring they are clear of debris so that stormwater runoff can flow freely into the catch basin and not flood local property.

The above-mentioned items affect the assessed property in a way that is particular and distinct from their effect on other parcels and that real property in general and the public at large do not share. They contribute to a specific enhancement of the properties in the District. Since these improvements were installed and are maintained specifically for the properties in the District; only properties in the District receive a special benefit and are assessed for said maintenance.

5.3 General Benefit

Article XIII D of the California Constitution requires any local agency proposing to increase or impose a special assessment to "separate the general benefits from the special benefits conferred on a parcel." General benefits are defined as those services or improvements which provide a general increase in property values to all property or provide benefits to the health, safety or education of the public. The rationale for separating special and general benefits is to ensure that the property owners are not charged with an assessment that pays for general benefits. Thus, a local agency carrying out projects or services that provide both special and general benefits may levy an assessment to pay for the special benefits but must acquire separate funding to pay for those general benefits.

5.4 General and Special Benefits Separated

The amount of general benefit that is conferred from the improvements and activities cannot be funded via benefit assessments. In order to separate only that portion of the budget which is related to special benefits conferred by the improvements and activities, thereby excluding those costs which are associated

with general benefits related to the improvements and activities, pass through traffic data has been reviewed.

General benefit conferred from the improvements cannot be funded by assessments. In order to separate only that portion of the cost of operating, maintaining, and servicing the improvements which is related to special benefits conferred, thereby excluding those costs which are related to general benefits, pass through traffic data has been analyzed.

The City's General Plan, adopted on June 13, 2012, indicates that streets within the City generally consist of local roads, secondary and major collectors, arterials and urban arterials. There is a general benefit component associated with traffic signals and fossil filter management along arterial/collector streets roughly equal to the percentage of pass-through trips using those streets (typically 15-25% based on the amount of traffic volume placed on each type of roadway). The following table summarizes the special and general benefit for the various types of roadways based on general industry practice standards:

In order to assess the parcels within the District for the special benefits received from the improvements and activities described in Section 3.1, the general and special benefits must be separated. The general benefit conferred by the improvements and activities is 81.25%. Accordingly, 18.75% of the benefits from the improvements and activities are considered to provide special benefits to the properties within the District and thus could be subject to assessment therein.

Roadway Type	Special Benefit	General Benefit	Comments
Local	98%	2%	Nearly all traffic is generated by local properties; the exception would be school busses, delivery and service vans/trucks, meter readers, and turn around traffic which is generally less than 2%.
Collector	50%	50%	Some General Benefit related to thru traffic and overall traffic safety benefits from traffic signals.
Arterial	25%	75%	Some General Benefit related to thru traffic and overall traffic safety benefits from traffic signals.

5.4.1 TRAFFIC SIGNAL OPERATION AND MAINTENANCE

The one traffic signal to be operated, maintained, and serviced is located along Limonite Avenue which is an Arterial according to the City of Eastvale General Plan. The intersecting roadway, Scholar Way is also an Arterial. Generally, Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic. The District is located on the west side of Scholar Way north of Limonite Avenue. Local traffic originates from District property, as well as from surrounding property. The additional local traffic from surrounding property not in the District results in a total portion of pass through traffic not related to District property of 81.25%.

5.4.2 FOSSIL FILTER MANAGEMENT, INSPECTION AND MAINTENANCE

Seven of the fossil filters to be managed, inspected, and maintained are located along Scholar Way which is an Arterial according to the City's General Plan. There is also one fossil filter on 58th Street which is a Collector. Generally, Arterials would see an estimated 75% of trips attributed to pass through traffic rather than local traffic. The District is located on the west side of Scholar Way north of Limonite Avenue and south

of 58th Street. Local traffic originates from District property, as well as from surrounding property. The additional local traffic from surrounding property not in the District results in a total portion of pass-through traffic not related to District property of 81.25%.

5.4.3 GENERAL BENEFIT PORTION

The total general benefit conferred as a result of the improvements and activities is 81.25% which is based on the share of pass-through traffic related to traffic signal operation and maintenance and fossil filter management, inspection and maintenance.

5.5 Method of Assessment Spread

Each of the parcels in District are deemed to receive special benefit from the improvements. Each parcel that has a special benefit conferred upon it as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the maintenance and operation of the improvements.

As outlined above, each of the parcels within the District receives special benefit from the operation, maintenance, and services of the improvements. Each parcel that has a special benefit conferred upon it is identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the operation, maintenance, and services of the improvements. In order to facilitate this analysis, Benefit Points will be assigned based on the following factors:

5.5.1 TRAFFIC SIGNAL OPERATION AND MAINTENANCE AND FOSSIL FILTER MANAGEMENT, INSPECTION AND MAINTENANCE

Special benefit points are proportionally assigned to all parcels within the District for each of the following special benefits conferred:

- Increased Safety to Motorists
- Increased Safety to Pedestrians
- Increased Traffic Capacity and Efficiency
- Pretreatment of Local Drainage Stormwater
- Cleaner Local Drainage Catch Basins

Each parcel with a residential county land use code is expected to generate traffic, which must pass through the signalized intersection and by the fossil filters, therefore, each parcel may be assigned one Benefit Point per dwelling unit per benefit. Likewise, each non-residential parcel is expected to generate traffic, which must pass through the signalized intersection and by the fossil filters, therefore each parcel may be assigned one Benefit Point per acre, or portion thereof, per benefit. (e.g. If the parcel acreage is 1.38, the parcel receives 1.38 Benefit Points per benefit.)

The maximum allowable assessment per parcel is the amount which was approved at the time of formation of the District, with the allowable annual increase also approved at the time of formation. A description of the allowable annual increase for the District has been excerpted from the formation Engineer's Report and provided below:

Benefit Assessment District 2014-2 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2015.

The total amount of maintenance, servicing, and incidental costs for maintaining and operating the Improvements is assessed to the individual parcels of real property in the District in proportion to the special benefit received by such parcels of real property. The proposed individual assessments are shown on the Assessment Roll in this report.

6. APPENDICES

The following Appendices contain Appendix A – Assessment Diagram and Appendix B – Assessment Roll for the District.

APPENDIX A – ASSESSMENT DIAGRAM

The Assessment Diagram for the District is shown on the following pages. The lines and dimensions of each lot or parcel within the District are those lines and dimensions shown on the maps of the County Assessor of the County of Riverside, at the time this report was prepared, and are incorporated by reference herein and made part of this Annual Report.

APPENDIX B – ASSESSMENT ROLL

The assessment roll is a listing of the assessments for Fiscal Year 2025/26 apportioned to each lot or parcel, as shown on the last equalized roll of the Assessor of the County of Riverside.

Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Annual Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

The assessment roll for Fiscal Year 2025/26 is listed on the following pages.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
PUBLIC HEARINGS
Agenda Item No. 12.2
June 25, 2025

Adoption of the Five-Year Capital Improvement Plan (CIP) for Fiscal Years 2025/2026 - 2029/2030

Prepared By:

Jimmy Chung, Public Works Director/ City Engineer

Recommended Action(s)

Staff recommends that the City Council hold the public hearing and adopt a resolution approving the Five-Year Capital Improvement Plan (CIP) for Fiscal Years 2025/2026 - 2029/2030.

Summary

The City of Eastvale's Five-Year Capital Improvement Program (CIP) plan outlines a strategic framework for infrastructure development, including project cost overview, project descriptions, categories, project status, and project priority, all aimed at enhancing the community's quality of life and addressing its long-term needs. This comprehensive plan ensures transparency, accountability, and effective resource allocation, contributing to the successful execution of the city's capital projects over the specified planning period.

The CIP focuses on addressing critical, essential, and desirable projects across various project categories. These categories encompass a wide range of sectors, including transportation, parks and recreation, public safety, City maintenance, utilities, accessibility improvements and public facilities. Each project has been carefully evaluated and categorized based on its significance and impact on the community. Pursuant to the California Government Code, adoption of the Five-Year Capital Improvement Plan (CIP) requires the Planning Commission and City Council to hold public hearings to allow public input and pass a resolution to adopt the CIP. Staff has noticed for public hearing regarding this item pursuant to California Government Code Section 65090 and provided a resolution for consideration which adopts the Five-Year CIP pursuant to California Government Code Section 66002.

Background

Attached is the CIP for City Council consideration on projects proposed for fiscal years 2025/2026 - 2029/2030. Proposed is a list based on the priorities of the City Council of citywide projects including accessibility improvements, roadway safety/traffic improvements, street improvements, citywide maintenance: land, building, facilities, and equipment . Projects are then further categorized into three priorities: Critical, Essential, and Desirable, which was established at the May 14, 2025 City Council meeting.

Accessibility Improvement Projects

This program is dedicated to improving Americans with Disability Act (ADA) accessibility through various types of repairs to curbs, gutters, and sidewalks throughout the City. The program includes costs to prepare and implement a plan for ADA compliance.

Roadway Safety/Traffic Improvements

This program improves roadway safety and traffic through upgrades and improvements to existing and/or adding new high-visibility traffic signs, pavement markings, and other geometric improvements (i.e. site distance) or traffic circulation improvements.

Street Improvement

This program is dedicated to improving various streets. Improvements may include widening or capital pavement maintenance.

Citywide Maintenance

This program is dedicated to right-of-way maintenance and repair, including, but not limited to striping, stenciling, repairs to streets and culvert/drainage facilities, storm damage/flood control projects, widening/pavement maintenance of streets (slurry seals/crack seals/pot holes/deep patch), and various assets in the public right of way.

Land, Buildings, Facilities, & Equipment

This program aims to provide safe, clean, well-maintained and functional facilities in order to allow City departments to effectively provide services to the community. This program details construction and capital improvements of City-owned buildings and facilities and offsite improvements to include sidewalk, curb and gutter and pavement.

Environmental

Adoption of the CIP is an administrative activity and is exempt from the California Environmental Quality Act (CEQA) pursuant to Sections 15060(c)(2) and 15060(c)(3) of the State CEQA Guidelines because adoption of the CIP does not commit the City to construct any of the projects included in the CIP and therefore will not result in direct or indirect physical changes in the environment. Any California Environmental Quality Act (CEQA) requirements will be determined on a project-by-project basis prior to final approval and construction of each project.

Strategic Plan Action - Priority Level: 1 | Target #: E | Goal #: A

The adoption of the City's 5-Year CIP for the 2025-2026 budget cycle will support the development of a Civic Center and support financial planning efforts for newly proposed infrastructure projects.

Fiscal Impact

The City's infrastructure projects are financed through various funding sources, including SB 1, Gas Tax, SB 132 Road Maintenance and Rehabilitation Account, Measure A, Community Development Block Grant, federal grants, state grants, developer contribution, fire structural funds, County Flood Control funds, development impact fees, and General Fund.

The budgetary summary for the Five-Year Capital Improvement Plan is part of 2025-2026 Annual Operations and Capital Improvement Budget, which will be presented to Council for adoption at the June 25, 2025 City Council meeting.

Prior City Council/Commission Action

On June 18, 2025, the Planning Commission conducted a duly noticed public hearing, at which time it received public testimony, made findings of General Plan consistency, and recommend City Council approval.

On May 14, 2025, the City Council reviewed and approved a project priority list for the 2025-2026 budget cycle to be included in the City's Five-Year Capital Improvement Plan (CIP).

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, ADOPTING THE FIVE-YEAR CAPITAL IMPROVEMENT PLAN (CIP) FOR FISCAL YEARS 2025/2026 – 2029/2030

WHEREAS, the City Council of the City of Eastvale desires to adopt the City's Five-Year Capital Improvement Plan for Fiscal Years 2025/2026 through 2029/2030 ("CIP"), as defined below;

WHEREAS, the City Council received a presentation on the proposed CIP at a public meeting held on June 25, 2026 where members of the public had the opportunity to commend on the proposed CIP;

WHEREAS, the proposed CIP is attached hereto as Exhibit "A";

WHEREAS, pursuant to Government Code, section 66002, the City duly gave public notice of the public hearing of the proposed CIP, a copy of which has been on file with the City Clerk at least 10 calendar days prior to the City Council's commencement of such public hearing; and

WHEREAS, the City Council desires to adopt the CIP as set forth herein;

NOW, THEREFORE BE IT RESOLVED BY THE EASEMENT CITY COUNCIL AS FOLLOWS:

SECTION 1. The City Council hereby approves and adopts the Capital Improvement Plan for fiscal years 2025/2026 through 2029/2030, a copy of which is attached hereto as exhibit "A" and made a part hereof by this reference.

SECTION 2. The Capital Improvement Plan may be updated by the City Council from time to time pursuant to California Government Code, section 66002, or as otherwise provided by law.

SECTION 3. This Resolution shall take effect immediately upon its passage and adoption.

PASSED, APPROVED AND ADOPTED this 25 day of June, 2025.

INTRODUCTION AND SUMMARY

The City of Eastvale's Five-year Capital Improvement Plan (CIP) serves as a strategic blueprint for infrastructure planning and investment. It includes detailed project descriptions, cost estimates, project status, prioritization, and categorization — all with the goal of improving quality of life and addressing the City's long-term infrastructure needs. This comprehensive planning tool ensures transparency, fiscal responsibility, and efficient allocation of resources, thereby supporting the successful delivery of capital projects throughout the five-year planning period.

The Capital Improvement Plan (CIP) is overseen by the Public Works Department and serves as a strategic framework for the planning, design, and construction of various infrastructure projects throughout the City. These include improvements in transportation, drainage, public facilities, and parks. Public Works staff are responsible for managing all phases of CIP projects—from initial planning and design to final construction and project closeout.

CIP addresses a broad range of project types, including critical, essential, and desirable improvements across categories such as transportation, parks and recreation, public safety, maintenance, utilities, accessibility enhancements, and public facilities. Each project is assessed and categorized based on its urgency and anticipated community benefit.

Five-Year Capital improvement Plan (CIP) Annual Update

Each year, as part of the City's budget process, the City Council reviews and adopts a Five-Year Capital Improvement Plan (CIP) in accordance with California Government Code Section 65403.

Pursuant to California Government Code Section 65090, the adoption of the Five-Year CIP requires public hearings by both the Planning Commission and City Council, providing opportunities for community input prior to formal adoption through resolution. At their meeting on June 18, 2025, the Planning Commission reviewed the Five-Year Capital Improvement Plan and determined that the plan conforms to the goals, objectives, and policies of the elements of the General Plan.

Annual Capital Improvement Budget Process

The Annual Capital Improvement Budget (Annual CIP) process usually starts in January or February with the development of the overall City budget. This process identifies all priority

operational needs, as well as capital improvement needs. Once the budget is completed, it is recommended for adoption by the City Council prior to the beginning of the fiscal year, which begins in July. City management and the City Council are updated monthly on the status of CIP projects through status reporting and meetings.

FY 2025/2026 Annual Operations and Capital Improvement Budget was adopted by the City Council on June 25, 2025. The budget document provides detailed insights into the financial aspects and funding sources allocated for each project within the Capital Improvement Program. It serves as a valuable resource, outlining the financial considerations and allocations for the specified planning period.

PROGRAM SUMMARY

This document presents the City of Eastvale Capital Improvement Plan (CIP) for Fiscal Years 2025/2026 through 2029/2030. The City of Eastvale's Five-Year Capital Improvement Plan (CIP) is comprised of thirty-seven (37) projects divided into five categories: Accessibility Improvements Program, Roadway Safety/Traffic Improvements, Street Improvements, Citywide Maintenance Program, and Land, Building, Facilities & Equipment. The projects are further categorized into three priorities based on the following order of precedence:

1. Safety Projects
2. Annual projects
3. Funding deadlines
4. Projects with significant progress (more than 50% in design)
5. New projects from Strategic Goal
6. All others

The three priorities are:

Critical Projects:

Critical projects are those that require immediate attention due to safety concerns, regulatory compliance, or their potential to adversely affect the City's infrastructure or services if left unaddressed. These projects are given the highest priority and are crucial for maintaining the integrity and functionality of City of Eastvale's public systems.

Essential Projects:

Essential projects are deemed necessary to meet the growing demands of the community and improve the overall quality of life for its residents. These projects aim to enhance existing infrastructure, expand services, and create a more sustainable environment. They play a vital role in ensuring City of Eastvale remains a vibrant and desirable place to live, work, and engage in recreational activities.

Desirable Projects:

Desirable projects, while not as critical or essential, are still significant in enhancing the community's well-being and supporting its long-term vision. These projects focus on various aspects such as aesthetic improvements, public safety improvements, infrastructure maintenance, and transportation advancements. They contribute to the unique identity and character of City of Eastvale, creating a more appealing and engaging environment for residents and visitors.

The Five-Year CIP is summarized as follows:

Priority Category	Total number of Projects
Critical	18
Essential	15
Desirable	4

A summary of proposed projects by category for the entire Five-Year Capital Improvement Plan is included in Table 1 through Table 3. A program summary by category that includes each project cost estimates is presented in Appendices A through C.

Table 1 -Critical Projects Category Summary

Project No.	Project Title	Project Category
95024	Parking Structure	Critical
95023	Civic Center Site Improvement	Critical
95017	Public Works Yard Facility Project	Critical
95014	Police Station	Critical
95012	Library	Critical
95011	City Hall	Critical
94014	Beautification Project at Sumner Ave and Bellegrave Ave	Critical
94010	Citywide Branding: Entryway and Median Improvements	Critical
94006	Citywide Traffic Signal Synchronization – Phase 1 Arterials	Critical
94005	Miscellaneous Traffic/Pedestrian Safety	Critical
94001	Pavement Slurry Seal and Resurfacing Project	Critical
93040	Hamner Utility Trench Repair	Critical
93039	Median Improvement Project at River Rd, Cantu Galleano Rd, and Archibald Ave	Critical
93037	Limonite Gap Pedestrian Bridge	Critical
93034	Hellman Avenue Street Widening	Critical
93018	Annual Overlay	Critical
92021	Traffic Signal Improvement at Sumner and 68th	Critical
92001	Traffic Sign Inventory and Replacement	Critical

Table 2 - Essential Projects Category Summary

Project No.	Project Title	Project Category
95022	Citrus Reimagined Project	Essential
95020	OCPW Land Use – Passive Park	Essential
95019	Santa Ana River Area Passive Park	Essential
95016	Fire Medic Squad Replacement	Essential
95015	Fire Aerial Ladder Truck Purchase	Essential
95013	Fire Station	Essential
94011	Smart City Masterplan	Essential
94007	Citywide Traffic Signal Synchronization – Phase 2 Collectors	Essential
94004	Street Maintenance: Pot Holes, Deep Patch, and Crack Seal	Essential
93036	Streetlight Installation Project	Essential
93027	Schleisman Road Mobility, Safety, and Connectivity Project	Essential
92020	Hamner Avenue Beautification Project	Essential
92013	Limonite Interchange Gateway Feature	Essential
92012	Improvement of Bike Network Connectivity	Essential
91010	Citywide Americans with Disabilities Act Improvement Project	Essential

Table 3– Desirable Project Category Summary

Project No.	Project Title	Project Category
92019	SCE Easement Trail Improvement along 68th Street	Desirable
92018	Orchard Park to American Heroes Park Trail	Desirable
92014	Roadway Vision	Desirable
92011	Traffic Signal Battery Backup Systems	Desirable

PROGRAM PROJECT DETAIL SHEETS

For each proposed project in the Five-Year Capital Improvement Plan (CIP), a Project Detail Sheet has been prepared that presents the various project details including:

- **Project Title and Location**
- **Project/CIP No. and Category**
- **Project Priority Category**
- **Project Justification**
- **City Council Goal & Objectives**
- **Description of Project**
- **Project Cost Overview**
- **Review and Comments**

APPENDIX A

CAPITAL IMPROVEMENT PLAN BY PROJECT DETAILS

CRITICAL PROJECTS

(appendix continues on next page)

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Parking Structure			
Project Number:	95024			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☒	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Southeast commerical quadrant of the Leal Master Plan				
Description of Improvements: This project will utilize a design-build approach, and the scope includes the construction of a multi-story parking structure that will serve the Civic Center and the future Downtown area.				
Justification or Significance of Improvement: The new parking structure will support the anticipated increase in parking demand associated with the new Civic Center.				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)		
Project Status:	☐	Feasibility Study	☐	In Progress
	☐	Design – Conceptual	☐	Under Construction/Implementation
	☒	Design – Engineering	☐	Annual Projects
Special Funding Milestones/ Deadlines:	N/A			
City Council Goals & Objectives:	Priority 1, Target E, Goal A			
Funding Information:	☐	Fully Funded	☐	Partially Funded ☒ No Funding

Project Cost Overview

Project Phases/Task	Total Project Cost Estimates	
Architect & Eng Serv.	$	2,500,000
Property Acquisition[1]	$	2,000,000
Construction Contracts	$	29,700,000
Other Professional Serv.		
Other Misc Expenses		
Total Cost	**$**	**34,200,000**
Annual O&M		

Review and Comments:
[1]Based on $1,109,639 per acre (from the appraisal done for Lot 14 from DA; but the actual cost will be determined when an appraisal is done)

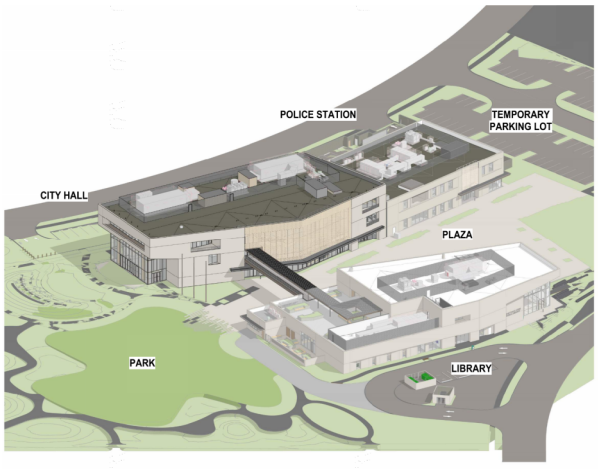
Tentative Schedule:
Design-Build Start: Q3 2025
Estimated Completion: Q2 2028

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Civic Center Site Improvement			
Project Number:	95023			
Project Category:	☐ Accessibility Improvements Program		☐	Citywide Maintenance Program
	☐ Roadway Safety/Traffic Improvements		☒	Land, Buildings, Facilities & Equipment
	☐ Street Improvements			
Location: Southeast commerical quadrant of the Leal Master Plan				
Description of Improvements: An approximately 2.8 acre City Park with an amphitheater and a central hardscape Civic Plaza and associated site work around the three buildings: City Hall, library, and police station.				
Justification or Significance of Improvement: Phase I of the Downtown Eastvale Project includes a City Hall, a library, a police station, arts and cultural spaces, a park and an amphitheater, and an open plaza. The Civic Center will be a community serving and welcoming place, space and destination where people can connect and prosper.				
Project Priority within CIP Category:	☒ Critical (Start within a year)			
	☐ Essential (Start within 1 to 3 years)			
	☐ Desirable (Start within 3 to 5 years)			
Project Status:	☐ Feasibility Study		☐	In Progress
	☐ Design – Conceptual		☒	Under Construction/Implementation
	☐ Design – Engineering		☐	Annual Projects
Special Funding Milestones/ Deadlines:	N/A			
City Council Goals & Objectives:	Priority 1, Target E, Goal A			
Funding Information:	☐ Fully Funded	☒ Partially Funded	☐	No Funding

Project Cost Overview

Project Phases/Task		Total Project Cost Estimates[5]
Architect & Eng Serv.	$	1,843,624
Property Acquisition[1]	$	1,109,808
Construction Contracts[2]	$	26,653,021
Other Professional Serv.[3]	$	785,404
Other Misc Expenses[4]	$	654,843
Total Cost	**$**	**31,046,700**
Annual O&M		



Review and Comments:

[1]Based on a development agreement appraisal of $1,109,074 per acre
[2]includes estimated building construction cost and 10% contingency
[3]Includes project/consulant management, plan check, geotech,,,
[4]Includes FF&E, AV System, and Alternatives
[5]Includes project cost estimates for Site Improvements including Park and Plaza

Tentative Schedule:

Construction Start: Q3 2025
Estimated Completion: Q2 2028

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Public Works Yard Facility Project			
Project Number:	95017			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☒	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: 14821 & 14835 Chandler St				
Description of Improvements: This project will utilize a design-build approach. The project scope includes the construction of maintenance yard buildings with vehicle/equipment storage area, office spaces, washing bays, and rest areas and the site work.				
Justification or Significance of Improvement : The City is lacking appropriate space for storage of equipment, supplies, fleet garage, workshop space, crew break room. The City also needs to be prepared for the increased demand for services once the Civic Center, Civic Park, and Civic Plaza construction begins.				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)		
Project Status:	☒	Feasibility Study	☐	In Progress
	☐	Design – Conceptual	☐	Under Construction/Implementation
	☐	Design – Engineering	☐	Annual Projects
Special Funding Milestones/ Deadlines:	N/A			
City Council Goals & Objectives:	Target E, Goal A			
Funding Information:	☐	Fully Funded	☒	Partially Funded ☐ No Funding

Project Cost Overview		
Project Phases/Task	**Total Project Cost Estimates**	
Architect & Eng Serv.	$	500,000
Property Acquisition	$	1,250,000
Construction Contracts	$	7,730,272
Other Professional Serv.		
Other Misc Expenses		
Total Cost	**$**	**9,480,272**
Annual O&M		

Review and Comments: None
Tentative Schedule:
Construction Start: Q4 2026
Estimated Completion: Q4 2028

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Police Station			
Project Number:	95014			
Project Category:	☐ Accessibility Improvements Program		☐	Citywide Maintenance Program
	☐ Roadway Safety/Traffic Improvements		☒	Land, Buildings, Facilities & Equipment
	☐ Street Improvements			
Location: Southeast commerical quadrant of the Leal Master Plan				
Description of Improvements: A design-bid-build project to construct a new Police Station, approximately 22,021 SF in size, located in the southeast commerical quadrant of the Leal Master Plan. The Police Station a two-story building with one level below grade secured parking.				
Justification or Significance of Improvement : The new police station would serve as the City's law enforcement headquarters and will enhance the provision of law enforcement services for the City's current residents as well as or new development and population as the City continues to grow over future decades..The new police station would also house the City's Emergency Operations Center (EOC), which would serve as a central command-and-control facility for coordinating emergency response and recovery efforts during disasters and major emergencies.				
Project Priority within CIP Category:	☒ Critical (Start within a year)			
	☐ Essential (Start within 1 to 3 years)			
	☐ Desirable (Start within 3 to 5 years)			
Project Status:	☐ Feasibility Study		☐	In Progress
	☐ Design – Conceptual		☒	Under Construction/Implementation
	☐ Design – Engineering		☐	Annual Projects
Special Funding Milestones/ Deadlines:				
City Council Goals & Objectives:	Priority 1, Target A, Goal A			
Funding Information:	☐ Fully Funded	☒ Partially Funded	☐	No Funding

Project Cost Overview

Project Phases/Task	Total Project Cost Estimates	
Architect & Eng Serv.	$	3,101,867
Property Acquisition[1]	$	1,867,234
Construction Contracts[2]	$	44,843,263
Other Professional Serv.[3]	$	2,291,090
Other Misc Expenses[4]	$	1,912,753
Total Cost	**$**	**54,016,207**
Annual O&M		

Review and Comments:

[1]Based on a development agreement appraisal of $1,109,074 per acre
[2]includes estimated building construction cost and 10% contingency
[3]Includes project/consulant management, plan check, geotech,,,
[4]Includes FF&E, AV System, and Alternatives

Tentative Schedule:
Construction Start: Q3 2025
Estimated Completion: Q2 2028

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Library			
Project Number:	95012			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☒	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Southeast commerical quadrant of the Leal Master Plan.				
Description of Improvements: A design-bid-build project to construct an approximately 25,599 SF Library located in the southeast commercial quadrant of the Leal Master Plan. The Library is a two-story building featuring book collection areas for all ages, group study rooms, acitivity spaces, offices, and an occupiable terrace.				
Justification or Significance of Improvement : The City's existing library is operated by a facility that is shared with a high school. The new facility would be the first true library in the City, which is currently underserved by its existing library facilities. The construction of a new Library is vital to fostering education, equality, community cohesion, and personal development. The library would accommodate a range of public programs and offer expanded access to equipment to increase public access to literacy and digital programs.				
Project Priority within CIP Category:	☒	Critical (Start within a year)

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	City Hall			
Project Number:	95011			
Project Category:	☐ Accessibility Improvements Program		☐	Citywide Maintenance Program
	☐ Roadway Safety/Traffic Improvements		☒	Land, Buildings, Facilities & Equipment
	☐ Street Improvements			
Location: Southeast commerical quadrant of the Leal Master Plan				
Description of Improvements: A design-bid-build project to construct an approximately 52,340 SF City Hall located in the southeast commercial quadrant of the Leal Master Plan. The City Hall is a three-story building that includes public counter spaces, an outdoor amphitheater, a council chamber that could be converted into a stage for performances, conference rooms, and office spaces.				
Justification or Significance of Improvement: Eastvale was incorporated in 2010, making it a relatively new city. Before incorporation, there was no City Hall in Eastvale. The construction of a new City Hall is essential to support government operations, offer services to the public, encourage civic engagement, and serve as a symbol of local governance.				
Project Priority within CIP Category:	☒ Critical (Start within a year)

CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Beautification Project at Sumner Ave and Bellegrave Ave			
Project Number:	94014			
Project Category:	☐ Accessibility Improvements Program		☒ Citywide Maintenance Program	
	☐ Roadway Safety/Traffic Improvements		☐ Land, Buildings, Facilities & Equipment	
	☐ Street Improvements			
Location: Southwest corner of Bellegrave Ave/Merrill Ave and Sumner Ave				
Description of Improvements: This project will include installation of landscaping and hardscape to beautify the gap that exists at the southwest corner of Bellegrave Ave/Merrill Ave and Sumner Ave.				
Justification or Significance of Improvement : Sumner Ave at Bellegrave Ave/Merrill Ave serves as a key entry point into the city, making it essential to enhance its appearance and create a welcoming atmosphere for both residents and visitors. This improvement will not only elevate the aesthetic appeal but also set a positive tone for all who enter our community.				
Project Priority within CIP Category:	☒ Critical (Start within a year)

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Citywide Branding: Entryway and Median Improvements			
Project Number:	94010			
Project Category:	☐ Accessibility Improvements Program		☒ Citywide Maintenance Program	
	☐ Roadway Safety/Traffic Improvements		☐ Land, Buildings, Facilities & Equipment	
	☐ Street Improvements			
Location: Citywide				
Description of Improvements: Citywide Branding efforts including entryway median improvement, monument installation at various locations within the City, and various street beautification projects.				
Justification or Significance of Improvement : Although this project has been categorized as Essential in previous Five-Year CIP's, staff has been actively seeking opportunities to implement it in coordination with other improvement efforts, such as the median project at Cantu and River Road. With the acceptance of the Right-of-Way dedication at the corner of Sumner Avenue and Bellegrave Avenue, we are now ready to move forward with the design and installation of the Entryway City Branding Monument, in conjunction with the Beautification Project (Project No. 94014).				
Project Priority within CIP Category:	☒ Critical (Start within a year)			
	☐ Essential (Start within 1 to 3 years)			
	☐ Desirable (Start within 3 to 5 years)			
Project Status:	☐ Feasibility Study		☐ In Progress

Estimated Completion: Q3 2026

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Citywide Traffic Signal Synchronization - Phase 1 Arterials			
Project Number:	94006			
Project Category:	☐	Accessibility Improvements Program	☒	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: This project will implement traffic signal synchronization along major arterials including Hamner Ave, Archibald Ave, and Schleiman Ave.				
Description of Improvements: Install traffic synchronization components and fiber optic line and/or wireless antenna to relay signal per the traffic signal synchronization master plan. Traffic signal synchronization of major corridors will be completed in two phases. Phase 1 includes Hamner Avenue, Archibald Avenue, Schleisman Road and Scholar Way. Phase 2 includes collectors streets including Harrision Ave, Sumner Ave, 65th St, and Citrus St (CIP 94007). This project is for Phase 1, and sycnrhonization on Schleisman Rd will be completed after the intersection of Schleisman Rd and Sumner is improved by a developer.				
Justification or Significance of Improvement : Synchronizing major corridors throughout the City has remained a high priority. WRCOG's recent Nexus Study highlighted and included the ITS improvements along these key corridors. Implementing this initiative will significantly enhance traffic flow and reduce travel times, delivering clear benefits to the public.				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)

Review and Comments:
This is an ongoing annual project.

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Pavement Slurry Seal and Resurfacing Project			
Project Number:	94001			
Project Category:	☐	Accessibility Improvements Program	☒	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Citywide				
Description of Improvements: Annual program to treat pavement on various residential streets throughout the City with slurry seal. This is an ongoing project and will be reappropriated each year as needed.				
Justification or Significance of Improvement : Preventative maintenance is a proactive strategy that helps City manage infrastructure responsibly, ensuring roads remain safe, functional, and cost-effective over time.				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)

FY 2025/2026 to FY 2029/2030

Project Title:	Hamner Utility Trench Repair			
Project Number:	93040			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☒	Street Improvements		
Location: Hamner Ave north of Schleisman Rd in front of Dollar Tree store				
Description of Improvements: This project will excavate and property backfill the existing trench line over the storm drain line along Hamner Ave in front of Dollar Tree store.				
Justification or Significance of Improvement : It is critical to address the settlement issues observed at the project location to ensure roadway safety and structural integrity of the roadway and to ensure its long-term performance.				
Project Priority within CIP Category:	☒	Critical (Start within a year)

CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Limonite Gap Pedestrian Bridge			
Project Number:	93037			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☒	Street Improvements		
Location: Over Cucamonga Creek Channel, approximately 0.1 mil south of Limonite Ave.				
Description of Improvements: Design and construct a pedestrian bridge that is roughly 300 ft in length over Cucamonga Creek Channel to close the gap of pedestrian path that will ultimately extend to a 2.5-mile multiuse trail and connect with four parks through a non-motorized corridor.				
Justification or Significance of Improvement :				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Hellman Avenue Street Widening and Walters Pedestrian Bridge			
Project Number:	93034			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☒	Street Improvements		
Location: Hellman Ave between Chandler St. to Walters St.				
Description of Improvements: The project involves widening Hellman Avenue from Walters Street to River Road to eliminate bottlenecks and improve traffic flow. The scope includes conducting a feasibility study, preparing environmental documents, right-of-way easement documents, and PS&E. The project will be completed in two phases: 1) Widening of Hellman Avenue north of Chandler Avenue, including lot grading south of Rondo Elementary School and bridge widening. 2) Widening of Hellman Avenue from Shortham Street to River Road.The feasibility study will determine the most efficient approach for phasing the project.				
Justification or Significance of Improvement :

Project Title:	Traffic Signal Improvement at Sumner Ave and 68th St			
Project Number:	92021			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☒	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: At the intersection of Sumner Ave and 68th St				
Description of Improvements: Design and install traffic signals at the intersection of Sumner Ave and 68th Street				
Justification or Significance of Improvement: This project will improve vehicular and pedestrian safety and also allow for future opportunity to synchronize the Sumner Ave corridor. City Council directed the staff to commence the process for signalizing this intersection at April 10, 2024, meeting.				
Project Priority within CIP Category:	☒	Critical (Start within a year)

FY 2025/2026 to FY 2029/2030

Project Title:	Traffic Sign Inventory and Replacement			
Project Number:	92001			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☒	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		

Location: Citywide

Description of Improvements: The City of Eastvale owns and maintains approximately 8,210 traffic signs throughout the city. Signs that are missing, weathered, faded, or non-compliant will be replaced. One key compliance measure is retroreflectivity, a standard established to enhance nighttime driving safety. Approximately 2,160 signs have been scanned, with 821 failing to meet retroreflectivity standards. The remaining signs will be scanned while the failed ones are replaced. Additionally, the typical lifecycle of traffic signs is 10 years. This is an ongoing project and will be reappropriated annually as needed.

Justification or Significance of Improvement : Traffic signs are vital sources of infomration that communicate traffic control rules, warnings, and provide the necessary guidance that roadway users need to safetly and efficiently navigate.

(appendix continues on next page)

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Citrus Reimagined Project			
Project Number:	95022			
Project Category:	☐ Accessibility Improvements Program		☐ Citywide Maintenance Program	
	☐ Roadway Safety/Traffic Improvements		☒ Land, Buildings, Facilities & Equipment	
	☐ Street Improvements			
Location: 13200 Citrus St., Eastvale CA				
Description of Improvements: In consistence with 2040 Eastvale General Plan, this project is envisioning to transform the 22-acre City owned lot into a community gathering hub that include a 15,000 sf indoor aquatic center, a 20,000 sf to 25,000 sf community center, an event center repurposed from an old residential property, an outdoor amphitheater, park spaces, pickleball courts, dog parks, a skate park, picnic areas, and a Sana Ana River education pond and pier.				
Justification or Significance of Improvement : This project is consistent with the adopted 2040 Eastvale General Plan. This project will directly benefit the health and wellbeing of the residents and its visitors.				
Project Priority within CIP Category:	☐ Critical (Start within a year)			
	☒ Essential (Start within 1 to 3 years)			
	☐ Desirable (Start within 3 to 5 years)			
Project Status:	☒ Feasibility Study		☐ In Progress	
	☐ Design – Conceptual		☐ Under Construction/Implementation	
	☐ Design – Engineering		☐ Annual Projects	
Special Funding Milestones/ Deadlines:

FY 2025/2026 to FY 2029/2030

Project Title:	OCPW Land Use - Grand Park			
Project Number:	95020			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☒	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Area near Hellman Avenue south of Walters St.				
Description of Improvements: OCPW owns a floodplain area near Hellman Avenue, south of Walters Street. The city is requesting land use approval from OCPW to develop a passive park on approximately 200-acre lot. The Grand Park will exhibit Conservation Areas, Picnic Areas, Recreation Areas, and a Visitor Center.				
Justification or Significance of Improvement : Encompassing a variety of restored ecosystems, community spaces and recreation opportunities Eastvale Grand Park will play a role in transforming quality of life for Eastvale residents.				
Project Priority within CIP Category:	☐	Critical (Start within a year)		
	☒	Essential (Start within 1 to 3 years)

CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Improvement of Bike Network Connectivity			
Project Number:	92012			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☒	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Scholar Way and Harrison Avenue				
Description of Improvements: Design and construction of nearly 5 miles of Class I trails running along Scholar Way and Harrison Avenue, utilizing excess right-of-way rather than impacting vehicle circulation/travel lanes. The project will provide dedicated space for people to bike and walk from northern City limit to the Santa Ana River trail connecting to schools, parks, retail and neighborhoods. The project construction documents have been developed with a budget that is partially funded by ATP. Funding/grant opportunities are to be identified to fund the construction and successfully deliver the project.

CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Traffic Signal Battery Backup Systems			
Project Number:	92011			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☒	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Citywide				
Description of Improvements: Eastvale has approximately 77 traffic signals throughout the City, 56 solely maintained by the City and 21 shared by other jurisdictions. Each Battery cell cost roughly about $250, and depending on the type of the battery backup system, some intersections use 4 battiers, and some use 6 batteries. A complete new system is approximately $7,000. A backup system for signals greatly improve traffic safety during power outages. This is an ongoing project.				
Justification or Significance of Improvement : A backup system for signals greatly improve traffic safety during power outages.

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
PUBLIC HEARINGS
Agenda Item No. 12.3
June 25, 2025

Adoption of Development Impact Fee Nexus Study and Development Impact Fee Schedule

Prepared By:

Amanda Wells, Finance Director/City Treasurer

Recommended Action(s)

Staff recommends that the City Council:

1. Conduct Public Hearing and Adopt a Resolution Adopting Development Impact Fees for Park Improvements, Community and Recreation Centers, Library, City Hall, Police Station, and Fire Department Facilities; and Adopting a Nexus Study and Capital Improvement Plan to Support the Development Impact Fees; and
2. Introduce the Ordinance entitled: AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, AMENDING CHAPTER 110.28 (DEVELOPMENT IMPACT FEE PROGRAM) AND SECTION 130.20.020 (PARK AND RECREATION FEES AND DEDICATIONS) OF THE EASTVALE MUNICIPAL CODE.

Summary

A development impact fee (DIF) is a monetary exaction imposed by a local agency on a developer as a condition of approval for new development projects within the agency's borders. The primary policy objective of an impact fee program is to ensure new development pays a fair share toward capital infrastructure associated with growth within the city. The city first established a development impact fee program on April 25, 2012 with the adoption of Ordinance 2012-02. The development impact fees were adopted after a development impact fee nexus study was completed, which calculated and presented fees that enabled the city to expand its inventory of public facilities, as new development creates increases in service demands. The 2012 study and

subsequent fee adoption allowed the city to collect development impact fees for Transportation, Fire Facilities, and Public Facilities under authority granted by the Mitigation Fee Act (the Act), contained in the California Government Code section 66000. As the study is 13 years old, the city entered into an agreement in September 2023 with NBS Government Finance Group (NBS) to conduct a new nexus study for the city's development impact fee program. The new study ensures that a viable nexus exists between future development and its proportionate impact on city infrastructure while considering city growth and infrastructure costs in establishing appropriate fee amounts. Staff from Community Development and Engineering worked in coordination with the Finance Department and the City Attorney to provide information to NBS who completed the study. The study relies on the city's Capital Improvement Plan for information regarding city projects and expected capital costs.

The methods used to calculate impact fees and in-lieu fees in this study are intended to satisfy all legal requirements governing such fees, including provisions of the U. S. Constitution, the California Constitution and the California Mitigation Fee Act (Government Code Sections 66000-66025).

Background

The Mitigation Fee Act contains requirements for establishing, increasing and imposing impact fees. They are summarized below. It also contains provisions that govern the collection and expenditure of fees and requires annual reports and periodic re-evaluation of impact fee programs. Those administrative requirements are discussed in the implementation chapter of the attached report. The city has annually compiled the required reports and those reports can be found on the city's website.

Facilities Addressed & Major Changes

Existing impact fees consist of Transportation, Fire, and General Public Buildings. Additional information on services associated with these fees are listed below in Table 1.

Table 1: Existing Impact Fee Services Reviewed

Impact Fees	Service Area/Description
Transportation	Road improvements at Hellman Cucamonga Creek Bridge, traffic signals citywide
Fire	Additional Eastvale Fire Station
General Public Buildings	Civic Center and Police Services

The new nexus study considered additional infrastructure and services in addition to the items listed in Table 1. Additional information regarding services associated with the proposed fees are listed below in Table 2.

Table 2: Final Impact Fee Services

Impact Fees	Service Area/Description
Park Improvements	Civic Center Park, Grand Park
Recreation Facilities	Community Center, Aquatic Center, Citrus Reimagined
City Hall	City Hall @ Civic Center

Library	Library @ Civic Center
Police	Police Station @ Civic Center
Fire	Third Fire Station

The major changes incorporated into the fee update include the following:

- Including new facilities and cost estimates for each facility
    - New facilities include Civic Center Park, Grand Park, and Citrus Reimagined (community center and aquatic center)
- Updating facilities included in previous study with current plans and updated project estimates
    - Updated facilities include Library, City Hall, Police Station, and Fire Station
- The update to facilities triggered a change in fee structure, two new fees are proposed (Park Improvement and Community and Recreation Centers), Public Facilities was extended to include libraries and was separated into two fees: Library and City Hall, and Police was also separated from Public Facilities into a separate category
- Current reserve amounts and DIF balances were utilized to offset project costs
- Updated service demand for both fire and police services

Impact Fee Analysis & Methodology

The study utilized future development forecasts based on the Eastvale General Plan through 2040. The analysis for each type of facility addressed in the study is presented in separate chapters. Within each chapter the relationship (nexus) between development and the need for a particular type of facility is defined in a way that allows the impact of additional development on facility needs to be quantified. The impact fees are based on capital costs for facilities and other capital assets needed to mitigate the impacts of additional development. Impact fees may only be used to expand city infrastructure and assets and may not be used for maintenance or operating costs.

Any one of several legitimate methods may be used to calculate impact fees. The choice of a particular method depends primarily on the service characteristics of, and planning requirements for, and the type of facility being addressed. To some extent those methods are interchangeable, because they all allocate facility costs in proportion to the needs created by development. Of the calculation methods, this study employed the existing inventory and system plan methods, depending on the particular fee being calculated. The existing inventory method calculates fees so that new development will fund expansion of facilities at the same standard currently used to serve existing development. This method was utilized for both Park Improvements and Recreation Facilities fees. The system plan method calculates fees so that new development pays for its share of the cost of an integrated system of facilities at the future standard attributable to new development. This method was utilized for Library, City Hall, Police Station, and Fire Department Facilities.

The Mitigation Fee Act requires that findings for the purpose and use of fees and reasonable relationships are established between the use of fees and the subsequent need for facilities and the development on which the fees are imposed. In order to satisfy those requirements, the study must ensure that the “rational nexus” and “rough proportionality” standards are met. For each fee proposed herein, those findings were made. The findings can be found in the attached report within each chapter dedicated to specific facilities and fees.

Results of Study

Based upon the results of the study, calculations were completed for updated or new impact fees for Park Improvements, Community and Recreation Centers, City Hall, Library, Police Station, and Fire Department Facilities. Based on the analysis, fees associated with Transportation were eliminated, as no unfunded major transportation projects expected to be impacted by future development were identified. Proportional costs associated with future infrastructure impacts and current funding levels were used to calculate the full cost of the impact fees presented.

The following tables (Table 3, Table 4, & Table 5) show the results of the updated impact fee calculations:

Table 3: Existing DIF Fees (Adopted 2012)

Impact Fee Type	Residential Single Family	Residential Multi-Family	Commercial	Office	Industrial
Development Units	DU	DU	KSF	KSF	KSF
Public Buildings	$942	$650	$150	$149	$156
Fire	481	332	132	132	137
Transportation	693	487	1,685	373	352
Total Fees	**$2,116**	**$1,469**	**$1,967**	**$654**	**$645**

Table 4: Proposed DIF Fees, Non Residential

Impact Fee Type	Hotel/Motel	Commercial Retail	Business-Professional	Industrial/ Industrial Flex
Development Units	Room	KSF	KSF	KSF
City Hall Impact Fee	$1,497.99	$2,032.71	$1,359.72	$542.52
Police Station Impact Fee	774.94	5,231.64	750.23	115.34
Fire Department Facilities Impact Fee	517.95	1,294.87	362.56	155.38
Total Fees	**$2,790.88**	**$8,559.22**	**$2,472.51**	**$813.24**

Table 5: Proposed DIF Fees, Residential

Impact Fee Type	Residential: <600 Sq Ft	Residential: 600-800 Sq Ft	Residential: >800 - 1,200 Sq Ft	Residential: >1,200 - 1,900 Sq Ft	Residential: >1,900 - 2,300 Sq Ft	Residential: >2,300 Sq Ft
Development Units	DU	DU	DU	DU	DU	DU
Park Improvement Impact Fee	$2,557.50	$3,720.00	$5,115.00	$7,207.50	$9,532.50	$12,322.50
Community & Recreation Centers Impact Fee	532.36	774.34	1,064.72	1,500.29	1,984.25	2,565.01
City Hall Impact Fee	755.40	1,098.76	1,510.80	2,128.86	2,815.58	3,639.66
Library Impact Fee	639.97	930.87	1,279.95	1,803.56	2,385.36	3,083.51
Police Station Impact Fee	800.77	891.18	981.59	1,097.83	1,188.24	1,278.65

Fire Department Facilities Impact Fee	612.96	674.25	735.55	796.84	858.14	919.43
Total Fees	**$5,898.96**	**$8,089.40**	**$10,687.61**	**$14,534.88**	**$18,764.07**	**$23,808.76**

An additional table comparing current fees to proposed fees can be found as attachment 2.

Implementation and Updating Fees

The nexus study must be updated every 8 years, per the Act. However, NBS recommends reviewing the fees annually and adjusted as needed for each category of fees. Staff proposes utilizing the criteria in the Engineering News Record (ENR) Building Cost Index (BCI) and Construction Cost Index (CCI), Los Angeles area for Park Improvements and Community and Recreation Centers fees. This will allow the fees to be updated to reflect the most current cost estimates. The fees may only be adjusted once per fiscal year beginning July 1, 2026. No such adjustment shall be made after July 1, 2033 without first obtaining City Council approval.

Table 6: Update Schedule

Impact Fee Type	Review Period	Proposed Adjustment
Park Improvement	Annual	ENR Building Cost Index & Construction Cost Index
Community and Recreation Centers	Annual	ENR Building Cost Index & Construction Cost Index

Transportation Fees

The previous nexus study for Transportation Fees will be applied to the revenues collected for Transportation. Staff will apply the funding to projects identified in the previous nexus study, the Hellman Avenue Cucamonga Creek Bridge and traffic signalization throughout the city. No current or planned DIF eligible transportation projects were identified as part of the new nexus study nor within the Capital Improvement Budget, as a result the transportation fee was removed from the nexus study and will no longer be assessed.

Final Report

The final report has been modified to incorporate non-substantive changes. The changes ensured that the fee naming convention is consistent throughout the report and reflects the intent of the fees. Primarily "Park Land and Improvement" was changed to reflect "Park Improvement" because during the study it was determined that park land assessments are unnecessary. This change did not change any calculation of the fees, only the naming of the fees. The report was also changed to reflect the new date of June 19, 2025. A clean version of the report is attached as Exhibit A to the resolution under Attachment 1.2. A redline version of the report that shows all the changes made is attached to this staff report as Attachment 1.3.

Quimby Fees

The City's Quimby Ordinance (Section 130.20.020 of the Eastvale Municipal Code) currently provides that when Quimby Fees are to be paid in-lieu of dedication of land for park purposes the fee shall be based on either the fair market value of the land or a fixed fee may be established by the city council. The City does not currently have an adopted fixed fee. Through the course of the nexus study the option of establishing a fixed fee was considered but ultimately was decided against. Quimby Fees will continue to be determined based on fair market value. The proposed Ordinance amends the City's Quimby Ordinance, which has not been comprehensively updated since

incorporation, to remove obsolete provisions and conform to current State law.

Environmental

Government fiscal activities and fee studies are not considered a Project as defined by the California Environmental Quality Act (CEQA) and no environmental review is required.

Strategic Plan Action - Priority Level: 3 | Target #: C | Goal #: H

Ensure revenues align with expenditures.

Ensure that City's infrastructure keeps pace with development and that developers pay their share.

Fiscal Impact

The recommended update of the Development Impact Fees and the city's Quimby ordinance continues to reflect the City Council's strategic direction that new development pays its fair share of the costs for infrastructure and that costs of development in the city do not impact existing residents. Adopting the DIF update does not cause a General Fund impact .

The city has a need of approximately $465 million in infrastructure needs. If impact fees are adopted at full cost, new development would contribute $96 million to projects identified in the nexus study as land is developed throughout the city. The remaining $350 million funding gap will be funded through a combination of reserves, existing DIF balances, General Fund, grants and regional funding, and debt service. The proposed development impact fee schedule will increase projected revenues within the DIF funds, which will be utilized towards the projects mentioned in the report. It should be noted that only Park Improvements and Community and Recreation Centers will be unfunded after the Civic Center construction bid is awarded later this year.

Table 7: Funding Gap

Impact Fee	Total Infrastructure Cost	New Development Contribution via Impact Fee	Funding Gap
Park Improvement	$223,000,000	$39,052,444	$183,947,556
Community & Recreation Centers	40,000,000	7,916,683	32,083,317
City Hall & Library	129,157,757	30,425,047	98,732,710
Police Station	54,016,207	19,020,334	34,995,873
Fire Department Facilities	18,843,368	7,994,717	10,484,651
Total	**$465,017,332**	**$96,414,508**	**$349,759,456**

Prior City Council/Commission Action

City Council adopted Ordinance 2012-02 establishing a development impact fee program on April 25, 2012, with a first reading on April 11, 2012. City Council adopted Resolution 12-15 adopting and levying development impact fees on April 11, 2012. The established DIF program was based on the 2012 nexus study completed by NBS. Development impact fees have not been updated since 2012. City Council approved the professional services contract with NBS for Development Impact Fee Study Services on September 13, 2023.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, ADOPTING DEVELOPMENT IMPACT FEES FOR PARK IMPROVEMENTS, COMMUNITY AND RECREATION CENTERS, LIBRARY, CITY HALL, POLICE STATION, AND FIRE DEPARTMENT FACILITIES; AND ADOPTING A NEXUS STUDY AND CAPITAL IMPROVEMENT PLAN TO SUPPORT THE DEVELOPMENT IMPACT FEES

WHEREAS, the City is authorized to establish development impact fees to offset the proportionate cost of providing public facilities to serve development projects, and to impose those fees on the owners of those development projects, in accordance the City's authority under California Constitution Article 11, Section 7, and in accordance with the requirements of the "Mitigation Fee Act" (California Government Code Sections 66000 -66025); and

WHEREAS, the City engaged a consultant, NBS Government Finance Group, to prepare a nexus study to evaluate the sufficiency of development impact fees to cover the proportionate cost of impacts from development projects on the City's public facilities, as well as the proportionate benefit received by development projects from the City's public facilities, and that nexus study is entitled "City of Eastvale Development Impact Fee Study Final Report" dated June 19, 2025 (hereinafter "Nexus Study," attached hereto as Exhibit "A," and incorporated herein by reference); and

WHEREAS, the Nexus Study identifies the bases upon which the City has calculated development impact fees identified as Park Improvements Impact Fee, Community and Recreation Centers Impact Fee, Library Impact Fee, City Hall Impact Fee, Police Station Impact Fee, and Fire Department Facilities Impact Fee (collectively "Development Impact Fees" or "DIF"), in compliance with the Mitigation Fee Act, particularly Government Code Section 66016.5; and

WHEREAS, concurrently with the preparation of the Nexus Study, the City prepared the Capital Improvement Plan (attached hereto as Exhibit "B," and incorporated herein by reference) to identify the approximate location, size, time of availability, and estimated costs for the public facilities to be financed with Development Impact Fees, in compliance with Government Code Section 66002 and 66016.5(a)(6); and

WHEREAS, concurrently with the preparation of the Nexus Study, the City undertook a review of the underlying procedures for implementing development impact fees, and there is a separate staff recommendation for City Council to adopt an ordinance to amend Eastvale Municipal Code Chapter 110.28 and 130.20.020 to establish update procedures for implementing, and upon approval by the City Council, the implementation of the Development Impact Fees will be subject to those procedures ; and

WHEREAS, the findings set forth in the Nexus Study for each of the Development Impact Fees

identify the bases for concluding that the proposed Development Impact Fees satisfy the requirements of the Mitigation Fee Act; those findings are incorporated herein by reference; and, for each Development Impact Fee, those findings: (1) identify the purpose of the fee; (2) identify the use of the fee; (3) determine that there is a reasonable relationship between: (a) the use of the fee and the development type on which it is imposed, (b) the need for the public facility and the type of development on which the fee is imposed, and (c) the amount of the fee and the public facility cost attributable to the development type; and (4) identify and explain any differences between existing levels of services provided by public facilities compared to new levels of service supported by Development Impact Fees (in compliance with Government Code Sections 66001(a) and 66016.5; and

WHEREAS, the City has provided required notices of the public hearing at which this Resolution will be considered for adoption by the City Council, in accordance with Government Code Sections 6062a, 66004, 66015, 66016.5(a)(7), and 66018.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EASTVALE DOES HEREBY FIND, DETERMINE, AND RESOLVE AS FOLLOWS:

SECTION 1. RECITALS. The above recitals are true and correct, are material to the adoption of this Resolution, and are incorporated herein by reference.

SECTION 2. NEXUS STUDY AND CAPITAL IMPROVEMENT PLAN. The City Council hereby adopts: (a) the Nexus Study, and (b) the Capital Improvement Plan.

SECTION 3. DEVELOPMENT IMPACT FEES. The City Council hereby adopts the Development Impact Fees in the amounts for each Development Type as set forth on Exhibit "C," attached hereto and incorporated herein by reference. The attached Development Impact Fees include:

(a) Park Improvement Impact Fee;
(b) Community and Recreation Centers Impact Fee;
(c) Library Impact Fee;
(d) City Hall Impact Fee;
(e) Police Station Impact Fee; and
(f) Fire Department Facilities Impact Fee.

SECTION 4. INFLATIONARY ADJUSTMENTS TO DEVELOPMENT IMPACT FEES. The City Council hereby authorizes the City Manager, or authorized designee, to make adjustments to the amount of Park Improvement Development Impact Fee and Community and Recreation Centers Impact Fee to account for inflationary impacts, provided that: (a) the amount of the adjustment shall be in accordance with the criteria set forth in the Engineering News Record ("ENR") building cost index ("BCI") and construction cost index ("CCI"), Los Angeles area; (b) there shall be no more than one adjustment per fiscal year, beginning July 1, 2026; (c) there shall be no such adjustment after July 1, 2033, without obtaining Council approval in

accordance with Government Code Section 66016.5(a)(8); (d) each such adjustment shall be approved in writing with an identification and calculation of the particular dollar amounts of each updated fee, and an identification of the effective date of the adjustment; and (e) the updated fees shall be posted on the City's website.

SECTION 5. EFFECTIVE DATE OF DEVELOPMENT IMPACT FEES. The Development Impact Fees shall be effective on October 13, 2025, in accordance with Government Code Section 66017.

SECTION 6. ENVIRONMENTAL REVIEW. The City Council finds that this Resolution is not subject to the California Environmental Quality Act ("CEQA"). This Resolution is not a project within the meaning of the CEQA Guidelines Section 15378 and 15061(b)(3) as it has no potential for physical effects on the environment because it involves an adoption of Development Impact Fees imposed by the City, does not commit the City to any specific project, and said fees are applicable to future development projects and/or activities, each of which future projects and/or activities will be fully evaluated in full compliance with CEQA when sufficient physical details regarding said projects and/or activities are available to permit meaningful CEQA review (see CEQA Guidelines, Section 15004(b)(1)). Pursuant to CEQA Guidelines section 15378(b)(4), the creation of government funding mechanisms which do not involve any commitment to any specific project which may cause significant effect on the environment, is not defined as a "project" under CEQA. Therefore, approval of the Development Impact Fees is not a "project" for purposes of CEQA, pursuant to CEQA Guidelines, Section 15378(b)(4); and, even if considered a "project" under CEQA, is exempt from CEQA review pursuant to CEQA Guidelines Section 15061(b)(3) because it can be seen with certainty that there is no possibility that approval of the Development Impact Fees may have a significant effect on the environment.

PASSED, APPROVED AND ADOPTED this 25th day of June, 2025.

Fee Comparison Appendix A

Executive Summary

The City of Eastvale retained NBS Government Finance Group to prepare this study to analyze the impacts of new development on several types of City capital facilities and to calculate impact fees based on that analysis. The methods used in this study are intended to satisfy all legal requirements of the U. S. Constitution, the California Constitution and the California Mitigation Fee Act (Government Code Sections 66000 *et seq*.). In particular, this study is intended to address the requirements of an "impact fee nexus study" as set forth in Government Code Section 66016.5.

Organization of the Report

Chapter 1 of this report provides an overview of the legal requirements for establishing and imposing such fees, and methods that can be used to calculate impact fees.

Chapter 2 contains data on existing and future development used in this report.

Chapters 3 through 8 analyze the impacts of development on specific types of facilities and calculate impact fees for those facilities. The facilities addressed in this report are listed by chapter below:

Chapter 3. Park Improvements
Chapter 4. Community and Recreation Centers
Chapter 5. Libraries
Chapter 6. City Hall
Chapter 7. Police Station
Chapter 8. Fire Station

Chapter 9 contains recommendations for adopting and implementing impact fees, including suggested findings to satisfy the requirements of the Mitigation Fee Act.

Appendix A to this report provides a comparison of Eastvale's existing and proposed impact fees to the cities of Chino, Corona, Jurupa Valley, Norco, and Ontario. The purpose of the comparison is to provide a sense of the regional and/or comparable pricing for impact fees, and to use that information to gauge the impact of recommendations for fee adjustments. It should be noted that comparison to other agencies does not provide information about the cost recovery policies or procedures followed in relation to their impact fees. A "market based" decision to price services below the maximum impact fee calculation, is the same as deciding to subsidize that service. Survey efforts are sometimes also non-conclusive for certain fee categories and development types because of varied terminology and approaches to calculating impact fees.

Development Data

Chapter 2 of this report presents estimates of existing development in Eastvale and a forecast of future development through 2040. Chapter 2 also establishes values for factors such as population per unit, service population per unit, and police and fire calls per unit that are used in the impact fee calculations.

It is important to note that because of provisions of AB 602 that were incorporated into California law effective in 2022, impact fee categories for residential development in this study are defined in terms of unit-size categories, broken down by square footage ranges. Prior to the adoption of AB 602 it was common practice to base residential impact fees on unit type categories (e.g., single-family or multi-family units).

Impact Fee Analysis

The impact fee analysis for each type of facility addressed in this report is presented in a separate chapter. In each case, the relationship, or nexus, between development and the need for a particular type of facility is defined in a way that allows the impact of additional development on facility needs to be quantified.

The impact fees are based on capital costs for facilities and other capital assets needed to mitigate the impacts of additional development. Impact fees may not be used for maintenance or operating costs. Impact fees calculated in this study are intended to recover only new development's proportionate share of the cost of facilities. Costs attributable to existing development must be funded by non-impact fee funds. The City has set aside substantial reserves from the General Fund and, for the new fire station, the Fire Fund to cover those costs.

The following paragraphs briefly discuss the methods used to calculate impact fees for each of the facility types addressed in this study.

Parks Improvements. Impact fees for park improvements in Chapter 3 are calculated using the existing inventory method discussed in Chapter 1, which means that impact fees for park improvements are based on the existing level of service for those facilities in the City. The impact fees calculated in Chapter 3 are based on the City's existing level of service in terms of improved park acres per capita of population. The estimated cost per acre for park improvements is used to determine a cost per capita which is then converted into fees per unit of residential development based on the estimated average population per unit for each type of residential development defined in this report. Because added population is associated with new residential development, the park improvement impact fees apply only to residential development.

Community and Recreation Centers. Impact fees for community and recreation centers in Chapter 4 are calculated using the existing inventory method discussed in Chapter 1, which means that impact fees for community and recreation centers are based on the existing level of service for those facilities in the City. The impact of development on the need for those facilities is represented by the added population associated with new residential development. The

existing level of service is defined as the replacement cost of existing facilities per capita of existing population.

The cost per capita is converted into fees per unit of development based on the estimated average population per unit for each type of residential development defined in this report. Because added population is associated with residential development, impact fees for community and recreation centers apply only to new residential development in the City.

Library. The Library impact fees in Chapter 5 are calculated using the system plan method. That method bases the impact fees on future conditions, so the cost of the planned new library is allocated to both existing and future development in the City. In this case, future development is projected out to 2040. The library impact fees are based on new development's proportionate share of the cost of the planned new library at the Civic Center, based on new development's share of the City's 2040 population. The relationship between the estimated cost of the library and the forecasted 2040 population is stated as a cost per capita. The impact fees are calculated as the cost per capita multiplied by the population per unit for each type of residential development defined in this study. Because added population is associated with residential development, the impact fees for the Library apply only to new residential development in the City.

City Hall. The City Hall impact fees in Chapter 6 are calculated using the system plan method. That method bases the impact fees on future conditions, so the cost of the planned new City Hall is allocated to both existing and future development in the City. In this case, future development is projected out to 2040. The impact of new development on the need for City Hall is represented by service population, a weighted composite of resident population and employees of businesses in the City. See Chapter 2 for a more detailed discussion of service population.

The City Hall impact fees are based on new development's proportionate share of the cost of the planned new City Hall based on new development's share of the City's 2040 service population. The relationship between the estimated cost of the new City Hall and the forecasted 2040 service population is stated as a cost per capita of service population. The impact fees are calculated as the cost per capita of service population multiplied by the service population per unit for each type of development defined in this study. The City Hall impact fees apply to all types of new development in the City.

Police Station. The police impact fees in Chapter 7 are calculated using the system plan method. That method bases the impact fees on future conditions, so the cost of the planned police station is allocated to both existing and future development in the City. In this case, future development is projected out to 2040. The impact of new development on the need for the police station is represented by calls for service per year to the Police Department. Police station impact fees are based on new development's proportionate share of the projected number of calls for service per year, which is stated as a cost per call for service.

As part of this study, NBS analyzed the distribution of Police Department calls for service for a full year to determine the average number of calls per unit per year generated by different types

of development. The impact fees are calculated as the cost per call for service multiplied by the calls per unit per year associated with each type of development defined in this study. The police station impact fees apply to all types of new development in the City.

Fire Station. The fire impact fees in Chapter 8 are calculated using the system plan method. That method bases the impact fees on future conditions, so the cost of both existing and future Fire Department assets serving the City are allocated to both existing and future development in the City. In this case, future development is projected out to 2040.

The impact of development Fire Department facilities, apparatus and equipment is represented in this study by the number of Fire Department calls for service per year generated by development in the City. As part of this study, NBS analyzed the distribution of fire calls for service for a full year to determine the average number of calls per unit per year generated by different types of development.

A cost per call for service per year is calculated by dividing estimated 2040 Fire Department asset costs, in current dollars, by the projected number of calls for service per year generated by development in the City in 2040. Then, an impact fee per unit is calculated by multiplying that cost per call by the number of calls for service per year generated by each category of development defined in this study.

Impact Fee Summary

Table S.1 shows the impact fees calculated in this report. Blank areas in the table indicate that some impact fees are not calculated for non-residential development.

Table S.1: Summary of Development Impact Fees per Unit Calculated in This Study

Development Type	Units [1]	Park Imprvmts	Comm/Rec Centers	Library	City Hall	Police	Fire	**Total**
Residential: <600 Sq. Ft.	DU	2,558	532	640	755	801	613	**$ 5,899**
Residential: 600-800 Sq. Ft.	DU	3,720	774	931	1,099	891	674	**$ 8,089**
Residential: >800-1,200 Sq. Ft.	DU	5,115	1,065	1,280	1,511	982	736	**$ 10,688**
Residential: >1,200-1,900 Sq. Ft.	DU	7,208	1,500	1,804	2,129	1,098	797	**$ 14,535**
Residential: >1,900-2,300 Sq. Ft.	DU	9,533	1,984	2,385	2,816	1,188	858	**$ 18,764**
Residential: >2,300 Sq. Ft.	DU	12,323	2,565	3,084	3,640	1,279	919	**$ 23,809**
Hotel/Motel	Room				1,498	775	518	**$ 2,791**
Commercial Retail	KSF				2,033	5,232	1,295	**$ 8,559**
Business-Professional	KSF				1,360	750	363	**$ 2,473**
Industrial/Industrial Flex	KSF				543	115	155	**$ 813**

[1] DU = dwelling unit; KSF = 1,000 gross square feet of building area; Room = each separately rentable room with a key

Table S.2 shows the City's existing impact fees. Currently, the City charges impact fees for transportation, fire, and general facilities. This study does not address transportation impact

fees. Specific impact fees are calculated in this study for parks, community and recreation centers, City Hall, the library, the police station and the fire station.

Table S.2: Existing Impact Fees From City of Eastvale Fee Schedule

Development Type	Units [1]	General [2]	Fire	**Total**
Residential, Multi-Family	DU	650	332	**$ 982**
Residential, Single-Family	DU	942	481	**$ 1,423**
Commercial Retail	KSF	150	132	**$ 282**
Office/Business Park	KSF	149	132	**$ 281**
Industrial/Industrial Flex	KSF	156	137	**$ 293**

[1] DU = dwelling unit; KSF = 1,000 gross square feet of building area; Room = each separately rentable room with a key

[2] Existing "General" Impact Fee charged by City includes City Hall and Library

Because there are so many differences between the existing and proposed impact fees, in terms of facility types and development types, it is not practical to provide a table comparing the existing and proposed impact fees.

Chapter 1. Introduction

Purpose

The purpose of this study is to analyze the impacts of development on the need for certain capital facilities and other capital assets provided by the City of Eastvale and to calculate impact fees based on that analysis. This report documents the approach, data and methodology used in this study to calculate impact fees.

The methods used to calculate impact fees and in-lieu fees in this report are intended to satisfy all legal requirements governing such fees, including provisions of the U. S. Constitution, the California Constitution and the California Mitigation Fee Act (Government Code Sections 66000-66025) and the Quimby Act (Government Code Section 66477), where applicable.

Legal Framework for Impact Fees

This brief summary of the legal framework for development fees is intended as a general overview. It was not prepared by an attorney and should not be treated as legal advice.

U. S. Constitution. Like all land use regulations, development exactions, including impact fees, are subject to the 5th Amendment prohibition on taking of private property for public use without just compensation. Both state and federal courts have recognized the imposition of impact fees on development as a legitimate form of land use regulation, provided the fees meet standards intended to protect against "regulatory takings." Generally, a regulatory taking occurs when regulations unreasonably deprive landowners of property rights protected by the Constitution.

In two landmark cases dealing with exactions, the U. S. Supreme Court identified the legal standard applied to a government agency when requiring the dedication of land or an interest in land as a condition of development approval or imposing ad hoc exactions as a condition of approval on a single development project. To meet that standard, the agency must demonstrate an "essential nexus" between such exactions and the interest being protected (See Nollan v. California Coastal Commission, 1987) and make an "individualized determination" that the exaction imposed is "roughly proportional" to the burden created by development (See Dolan v. City of Tigard, 1994).

In April 2024, the U. S. Supreme Court ruled in Sheetz v. County of El Dorado, that legislatively adopted impact fees must also consider the 5th Amendment limitations to avoid a "taking" of private property. The Court in Sheetz recognized that the "degree of specificity" for a legislatively enacted impact fee on a class of properties may differ from the site-specific individualized determination that is needed when imposing a fee on a particular project.

In this study, the methods used to calculate impact fees quantify the impacts of different types of development on various types of facilities based on demand variables that represent the service demand generated by each type of development.

Defining "Nexus." The nexus required to justify exactions and impact fees can be thought of as having the three elements discussed below. We think proportionality is logically included as one element of that nexus, even though it was discussed separately in Dolan v. Tigard. The elements of the nexus discussed below mirror the three "reasonable relationship" findings required by the Mitigation Fee Act for establishment and imposition of impact fees.

Need or Impact. Development must create a need for the public facilities to be funded by impact fees. All new development in a community creates additional demands on some or all public facilities provided by local government. If the capacity of facilities is not increased to satisfy the additional demand, the quality or availability of public services for the entire community will deteriorate. Impact fees may be used to recover the cost of development-related facilities, but only to the extent that the need for facilities is related to the development project subject to the fees.

The Nollan decision reinforced the principle that development exactions may be used only to mitigate impacts created by the development projects upon which they are imposed. In this study, the impact of development on facility needs is analyzed in terms of quantifiable relationships between various types of development and the demand for public facilities based on applicable level-of-service standards. This report contains all of the information needed to demonstrate compliance with this element of the nexus.

Benefit. Development must benefit from facilities funded by impact fees. With respect to the benefit relationship, the most basic requirement is that facilities funded by impact fees be available to serve the development paying the fees. A sufficient benefit relationship also requires that impact fee revenues be segregated from other funds and expended in a timely manner on the facilities for which the fees were charged. Nothing in the U.S. Constitution or California law requires that facilities paid for with impact fee revenues be available exclusively to development projects paying the fees.

Procedures for earmarking and expenditure of fee revenues are mandated by the Mitigation Fee Act, as are procedures to ensure that the fees are either expended in a timely manner or refunded. Those requirements are intended to ensure that developments benefit from the impact fees they are required to pay. Thus, over time, procedural issues as well as substantive issues can come into play with respect to the benefit element of the nexus.

Proportionality. Impact fees must be proportional to the impact created by a particular development project. Proportionality in impact fees depends on properly identifying development-related facility costs and calculating the fees in such a way that those costs are allocated in proportion to the facility needs created by different types and amounts of development. The section on impact fee methodology, below, describes methods used to allocate facility costs and calculate impact fees that meet the proportionality standard.

California Constitution. The California Constitution grants broad police power to local governments, including the authority to regulate land use and development. The police power is an important source of authority for local governments in California to impose impact fees on development. Some impact fees have been challenged on grounds that they are special taxes imposed without voter approval in violation of Article XIIIA. However, that objection is valid only if the fees charged to a project exceed the cost of providing facilities needed to serve the project. In that case, the fees would also run afoul of the U. S. Constitution and the Mitigation Fee Act.

Articles XIIIC and XIIID, added to the California Constitution by Proposition 218 in 1996, establish procedures public agencies are required to follow for some "property-related fees," but exempt "the imposition of fees or charges, as a condition of property development." Thus, impact fees that comply with the requirements of the Mitigation Fee Act are exempt from those requirements.

The Mitigation Fee Act. California's impact fee statute originated in Assembly Bill 1600 during the 1987 session of the Legislature and took effect in January 1989. AB 1600 added several sections to the Government Code, beginning with Section 66000. Since that time, the impact fee statute has been amended from time to time, and in 1997 was officially titled the "Mitigation Fee Act." Unless otherwise noted, code sections referenced in this report are from the Government Code.

The Mitigation Fee Act does not limit the types of capital improvements for which impact fees may be charged. It defines public facilities very broadly to include "public improvements, public services and community amenities." Although the issue is not specifically addressed in the Mitigation Fee Act, it is clear both in case law and statute (see Government Code Section 65913.8) that impact fees may not be used to pay for ongoing maintenance or operating costs. Consequently, the fees calculated in this report are based on the cost of capital assets only.

The Mitigation Fee Act does not use the term "mitigation fee" except in its official title. Nor does it use the common term "impact fee." The Act simply uses the word "fee," which is defined as "a monetary exaction, other than a tax or special assessment…that is charged by a local agency to the applicant in connection with approval of a development project for the purpose of defraying all or a portion of the cost of public facilities related to the development project …."

To avoid confusion with other types of fees, this report uses the widely accepted term "impact fee" which should be understood to mean "fee" as defined in the Mitigation Fee Act.

The Mitigation Fee Act contains requirements for establishing, increasing and imposing impact fees. They are summarized below. It also contains provisions that govern the collection and expenditure of fees and requires annual reports and periodic re-evaluation of impact fee programs. Those administrative requirements are discussed in the implementation chapter of this report.

Required Findings. Section 66001 (a) requires that an agency establishing, increasing or imposing impact fees, must make findings to:

1. Identify the purpose of the fee
2. Identify the use of the fee; and
3. Determine that there is a reasonable relationship between the use of the fee and the development type on which it is imposed
4. Determine that there is a reasonable relationship between the need for the facility and the type of development on which the fee is imposed

In addition, Section 66001 (b) requires that in any action imposing a fee as a condition of approval of a development project by a local agency, the local agency shall determine how there is a reasonable relationship between the amount of the fee and the cost of the public facility or portion of the public facility attributable to the development on which the fee is imposed. The requirements outlined above are discussed in more detail below.

Identifying the Purpose of the Fees. The broad purpose of impact fees is to protect public health, safety and general welfare by providing for adequate public facilities. The specific purpose of the fees calculated in this study is to fund acquisition or construction of certain capital assets that will be needed to mitigate the impacts of planned new development on City facilities, and to maintain an acceptable level of public services as the City grows.

This report recommends that findings regarding the purpose of an impact fee should define the purpose broadly, as providing for the funding of adequate public facilities to serve additional development.

Identifying the Use of the Fees. According to Section 66001(a)(2), if a fee is used to finance public facilities, those facilities must be identified. A capital improvement plan may be used for that purpose but is not mandatory if the facilities are identified in a General Plan, a Specific Plan, or in other public documents. Section 66002 (b) requires that if a capital improvement plan is used to identify the facilities, it must be updated annually.

However, a new provision in Section 66016.5, which was added by AB 602 in 2021, requires that large jurisdictions adopt a capital improvement plan as part of an impact fee study. That requirement applies to impact fee studies adopted after January 1, 2022. “Large jurisdiction” means a county of 250,000 or more or any city within that county. The statute does not provide any detail about what must be included in the capital improvement plan or how it should relate to the impact fee study.

That new requirement of Section 66016.5 is in addition to the existing provisions of Section 66001(a)(2) (which allows a public agency to use a capital improvement plan to identify the use of a fee) and Section 66002(b) (which requires a public agency that relies on a capital improvement plan as a part of a fee justification to update the plan annually).

Reasonable Relationship Requirement. As discussed above, Section 66001 requires that, for fees subject to its provisions, a "reasonable relationship" must be demonstrated between:

1. the use of the fee and the type of development on which it is imposed;
2. the need for a public facility and the type of development on which a fee is imposed; and,
3. the amount of the fee and the facility cost attributable to the development on which the fee is imposed.

For the third requirement in that list, there are open legal questions regarding the level of detail required for a legislatively adopted fee schedule as compared to an "ad hoc" imposition of a fee on a development project. However, it is reasonable to assume that all three are part of a complete "nexus" or "reasonable relationship" framework. Impact fees calculated in this report are based on a proportional allocation of eligible costs to various types of development.

Development Agreements and Reimbursement Agreements. The requirements of the Mitigation Fee Act do not apply to fees collected under development agreements (see Govt. Code Section 66000) or reimbursement agreements (see Govt. Code Section 66003). The same is true of fees in lieu of park land dedication imposed under the Quimby Act (see Govt. Code Section 66477).

Existing Deficiencies. In 2006, Section 66001(g) was added to the Mitigation Fee Act (by AB 2751) to clarify that impact fees "shall not include costs attributable to existing deficiencies in public facilities,…" The legislature's intent in adopting this amendment, as stated in the bill, was to codify the holdings of Bixel v. City of Los Angeles (1989), Rohn v. City of Visalia (1989), and Shapell Industries Inc. v. Governing Board (1991).

That amendment does not appear to be a substantive change. It is widely understood that other provisions of law make it improper for impact fees to include costs for correcting existing deficiencies.

However, Section 66001(g) also states that impact fees "may include the costs attributable to the increased demand for public facilities reasonably related to the development project in order to (1) refurbish existing facilities to maintain the existing level of service or (2) achieve an adopted level of service that is consistent with the general plan." (Emphasis added.)

Impact Fees for Existing Facilities. Impact fees may be used to recover costs for existing facilities to the extent that those facilities are needed to serve additional development and have the capacity to do so. In other words, it must be possible to show that fees used to pay for existing facilities meet the need and benefit elements of the nexus. As a practical matter, such fees are difficult to implement unless the fees can be used to repay outstanding debt related to the facilities in question.

Recent Legislation

Several new laws enacted by the State of California since 2019 to facilitate development of affordable housing bear on the implementation of impact fees calculated in this study. Below are brief overviews of some key bills passed since 2019.

SB 330 – The Housing Crisis Act of 2019. Amendments to existing law contained in SB 330 prohibit the imposition of new approval requirements on a housing development project once a preliminary application has been submitted. That provision applies to increases in impact fees and in-lieu fees, except when the resolution or ordinance establishing the fee authorizes automatic, inflationary adjustments to the fee or exaction.

AB 1483 – Housing Data: Collection and Reporting. AB 1483 requires that a city, county or special district must post on its website a current schedule of its fees and exactions, as well as associated nexus studies and annual reports. Updates must be posted within 30 days.

SB 13 – Accessory Dwelling Units. SB 13 prohibits the imposition of impact fees on accessory dwelling units (ADUs) smaller than 750 square feet and provides that impact fees for ADUs of 750 square feet or more must be proportional to the square footage of the primary dwelling unit. The proportionality requirement means that impact fees for ADUs of 750 square feet or more must be calculated on a case-by-case basis during the approval process.

Existing law requires a water or sewer connection fee or capacity charge for an accessory dwelling unit requiring a new or separate utility connection to be based on either the accessory dwelling unit's size or the number of its plumbing fixtures. SB 13 revises the basis for calculating the connection fee or capacity charge to either the accessory dwelling unit's square feet or the number of its drainage fixture units.

AB 602 – Amendments to the Planning and Land Use Law and the Mitigation Fee Act. AB 602, which was passed and signed in 2021, adds section 65940.1 to the Planning and Land Use Law requiring cities, counties and special districts that have internet websites to post schedules of fees, exactions and affordability requirements, annual fee reports, and an archive of nexus studies on that website, and to update that information within 30 days after any changes.

AB 602 also adds Section 66016.5 to the Mitigation Fee Act imposing several new requirements for impact fees that went into effect in 2022, including:

- A nexus study must identify the existing level of service for each facility, identify the proposed new level of service (if any), and explain why the new level of service is appropriate.
- If a nexus study supports an increase in an existing fee the local agency shall review the assumptions of the nexus study supporting the original fee and evaluate the amount of the fees collected under the original fee.
- Large jurisdictions (counties over 250,000 and cities within those counties) must adopt a capital improvement plan as part of the nexus study.

- All impact fee nexus studies shall be adopted at a public hearing with at least 30 days' notice, and the local agency shall notify any member of the public that requests notice of intent to begin and impact fee nexus study of the date of the hearing.
- Nexus studies shall be updated at least every eight years, from the period beginning on January 1, 2022.
- A nexus study adopted after July 1, 2022, shall calculate a fee imposed on a housing development project proportionately to the square footage of proposed units in the development. A nexus study is not required to comply with this requirement if the local agency makes certain findings specified in the law. A local agency that imposes a fee proportionately to the square footage of units in the development shall be deemed to have used a valid method to establish a reasonable relationship between the fee charged and the burden posed by the development.
- Authorizes any member of the public, including an applicant for a development project, to submit evidence that impact fees proposed by an agency fail to comply with the Mitigation Fee Act, and requires the legislative body of the agency to consider such evidence and adjust the proposed fee if deemed necessary.

AB 516 – Amendments to the Mitigation Fee Act. AB 516, which took effect on January 1, 2024, amends Government Code Section 66006 to add certain requirements to the annual reports mandated by that section. Specifically, Section 66006 now requires that:

- Annual reports indicate whether construction on public improvements identified in previous annual reports began on the approximate date shown in the previous annual report; and,
- If a project failed to start construction on schedule, the annual report must explain the reason for the delay and provide a revised approximate date when construction will begin.

AB 516 also amends Section 66023 to provide that when a person requests an audit of a fee or charge levied by a local agency, that audit may address when revenue generated by that fee or charge is scheduled to be expended, and when the public improvement to be funded by that fee or charge is scheduled to be completed. Prior to this amendment, the only stated purpose of such an audit was to determine whether such a fee or charge exceeds the amount reasonably necessary to cover the cost of any product, public facility or service provided by the local agency.

Impact Fee Calculation Methodology

The methods used to calculate impact fees in this study are designed to comply with all of the legal requirements discussed earlier in this chapter. Any one of several legitimate methods may be used to calculate impact fees. The choice of a particular method depends primarily on the service characteristics of, and planning requirements for, the type of facility being addressed. To

some extent those methods are interchangeable, because they all allocate facility costs in proportion to the needs created by development.

Allocating facility costs to various types and amounts of development is central to all methods of impact fee calculation. Costs are allocated by means of formulas that quantify the relationship between development and the need for facilities. In a cost allocation formula, the impact of development is represented by some attribute of development such as added population or added vehicle trips that represent the impacts created by different types and amounts of development.

Although it is not mandatory, this study adopts the nomenclature used in the Impact Fee Nexus Study Templates prepared by the Terner Center for Housing Innovation at UC Berkeley to describe impact fee calculation methods. Those templates were prepared for The California Department of Housing and Community Development pursuant to Section 50466.5 of the Health and Safety Code and are cited in AB 602.

Planned Facility Method. With this method, impact fees are calculated so that new development will pay for the planned expansion of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the cost of planned facilities is divided by the amount of demand that will be created by new development. The impact fees depend on the cost of planned future facilities and a plan for future development, so the fees should be recalculated if facility plans or development plans change.

Existing Inventory Method. With this method, impact fees are calculated so that new development will fund expansion of facilities at the same standard currently used to serve existing development. To calculate the cost per unit of demand, the value of existing facilities is divided by the amount of demand associated with existing development. This method allows impact fees to be calculated without a list of planned facilities, but such a list is required by AB 602 as part of a Capital Improvement Plan that must be adopted with any new impact fee nexus study. This approach can be used to calculate impact fees for many types of public facilities but is usually not appropriate for facilities such as transportation improvements or water, wastewater or drainage systems where improvement needs must be determined by engineering analysis.

System Plan Method. With this method, impact fees are calculated so that new development pays for its share of the cost of an integrated system of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the value of existing facilities plus the cost of planned facilities is divided by the combined demand associated with both existing development and planned development. This approach is especially appropriate for impact fees for fire protection and EMS facilities because new facilities must be planned to integrate geographically with existing facilities.

Impact Fees for Accessory Dwelling Units (ADUs)

SB 477, enacted in 2024, relocated and consolidated California's ADU laws into a new Government Code Chapter (Chapter 13, Division 1, Title 7). As mentioned earlier, recent amendments to ADU law provide that impact fees may not be imposed on ADUs smaller than 750 square feet and establish the following requirement for impact fees imposed on ADUs of 750 square feet or more:

> "Any impact fees charged for an accessory dwelling unit of 750 square feet or more shall be charged proportionately in relation to the square footage of the primary dwelling unit."

Since the impact fees described in this report will be imposed on all residential development projects based on unit size in square feet (using tiered ranges of square footage), the fee imposed on an ADU will be proportionate to the size of any primary unit.

Facilities Addressed in this Study

Impact/in-lieu fees for the following types of facilities are addressed in this report:

- Park Improvements
- Recreation Facilities
- Library
- General Government Facilities
- Police Facilities
- Fire Facilities

Each of those facilities is addressed in a separate chapter of this report, beginning with Chapter 3. Chapter 2 contains data on existing and future development used in the impact fee analysis.

Chapter 2. Development Data

This chapter presents data on existing and future development that will be used to calculate impact fees in subsequent chapters of this report.

The information in this chapter may be used to establish levels of service, analyze facility needs, and allocate the cost of capital facilities among various types of development.

Development data presented in this chapter are based on information from the City of Eastvale Community Development Department, the U.S. Census Bureau and the American Community Survey (ACS), and the California Department of Finance (DOF) Demographic Research Unit.

Study Area and Time Frame

The study area for this study is the City of Eastvale. The timeframe for this study extends from the present time to 2040. Although the future development projected in this chapter is expected to occur by 2040, the actual timing of development cannot be predicted with certainty. The impact fee calculations in this report do not depend on when development occurs.

Development Types

The development types for which impact fees are calculated in this study are listed below. Impact fees calculated in this report are intended to be applied based on actual land uses rather than zoning or general plan land use designations. For mixed use development projects, impact fees should be applied to each type of development within the project, consistent with the number of units of development of each type within the project.

Residential Development. Traditionally, impact fees for residential development are based on unit types such as single-family, multi-family and mobile home units. However, Government Code Section 66016.5(a)(5)(A) which was added to the Mitigation Fee Act by AB 602 in 2021 contains the following requirement:

> "A nexus study adopted after July 1, 2022, shall calculate a fee imposed on a housing development project proportionately to the square footage of proposed units of the development. A local agency that imposes a fee proportionately to the square footage of the proposed units of the development shall be deemed to have used a valid method to establish a reasonable relationship between the fee charged and the burden posed by the development"

But that requirement is not absolute. Section 66016.5(a)(5)(B) provides that a nexus study is not required to comply with Section 66016.5(a)(5)(A) if the local agency makes a finding that includes all of the following:

1. An explanation as to why square footage is not the appropriate metric to calculate fees imposed on a housing development project.

2. An explanation that an alternative basis of calculating the fee bears a reasonable relationship between the fee charged and the burden imposed by the development.
3. That other policies in the fee structure support smaller developments or otherwise ensure that smaller developments are not charged disproportionate fees

The proportionality requirement in Section 66016.5(a)(5)(A) is commonly interpreted to mean that impact fees must have a linear relationship to unit square footage. That means the fees must increase by the same amount for every added square foot of unit size. Such a fee structure results in impact fees that are necessarily five times as high for a 3,000 square-foot single-family unit as for a 600 square apartment. That type of fee structure is justified only if the actual impact of a 3,000 square-foot unit is five times greater than the impact of a 600 square-foot unit.

Otherwise, the impact fees could violate the "rough proportionality" requirement set forth in the U. S. Supreme Court in Dolan v. Tigard [512 U. S. 374 (1994)]. The recent U. S. Supreme Court decision in Sheetz v. County of El Dorado [601 U. S. 267--- (2024)] made clear that Dolan applies to all impact fees, whether they are applied ad hoc or legislatively adopted.

This study uses several attributes of development, including added population, added police calls for service per year and added fire calls for service per year, to represent the impact of new development on different types of City facilities. We use those attributes to represent the demand created by various types of development for public services and the capital facilities and other capital assets needed to support those services.

What we see in analyzing patterns of service demand is that the relationship between unit size and service demand doesn't conform to a linear model. While the potential for added population may be five times as great for the largest residential units compared with the smallest units, that increase is not linear. In the real world, population per unit does not increase in a tiny increment for each added square foot. It increases in a stairstep fashion, jumping from one person to two persons to three persons per unit and so on.

It is not feasible to get specific data on police and fire calls by unit size, but in our experience, there is typically not a large difference in the average number of police and fire calls-per-unit-per-year generated by single-family as opposed to multi-family residential units. So, a fee structure that results in large units paying five times as much as small units would appear disproportionate to the actual demand created by units of different sizes.

This study breaks down residential development into tiered square-feet-per-unit ranges and calculates an impact fee for each range or category. That approach allows impact fees to be graduated by unit size while avoiding the distortions that result from a rigid, fixed fee per square foot approach, and while respecting the need for rough proportionality between the fees and the impact of development as set forth in Dolan v. Tigard.

Based on the foregoing discussion, we propose that the Eastvale City Council adopt the following findings pursuant to Government Code Section 66016.5(a)(5)(B) to justify the use of tiered square

footage ranges for residential development in this study rather than a fixed fee-per-square-foot approach:

1. A fixed fee-per-square-foot approach is not the appropriate metric to calculate the fees analyzed in this study since it would not reflect the actual impact of different-sized residential units on the facilities addressed in this study and would not meet the rough proportionality standard set forth in Dolan v. Tigard.
2. An alternative basis of calculating the fees, using tiered square footage ranges rather than a fixed fee per square foot approach, better reflects the reasonable relationship between the fees charged and the actual burden imposed by the development.
3. Calculating impact fees for tiered square footage ranges rather than a fixed fee per square foot still ensures that smaller developments are not charged disproportionate fees because that approach allows the impact fees to be tailored to the actual impacts created by smaller developments, while protecting larger units from excessive fees.

As discussed above, residential development categories are defined in this study by ranges of unit sizes rather than by unit types (e.g., single-family or multi-family) as is the case for the City's existing impact fees. Unit-size ranges used to define residential development in this study are listed below.

- Residential <600 Square Feet per Unit
- Residential >600-800 Square Feet per Unit
- Residential >800-1,200 Square Feet per Unit
- Residential <1,200-1,900 Square Feet per Unit
- Residential >1,900-2,300 Square Feet per Unit
- Residential >2,300 Square Feet per Unit

Each of these unit-size ranges is typical of units with a certain number of bedrooms, ranging from studio apartments up to single-family units with five or more bedrooms. The residential development categories used in this study are based on unit size and do not distinguish by unit type (e.g., single-family or multi-family).

Non-Residential Development. Non-residential development types used in this study are:

- **Hotel/Motel.** This category encompasses hotels, motels and similar lodging uses.
- **Commercial-Retail.** This category includes retail commercial and commercial services including restaurants and commercial recreation, but excludes hotels, motels and lodging uses which are included in a separate category.
- **Business-Professional.** This category includes general office uses and research and development facilities.

- **Industrial-Industrial Flex.** This category includes development designed to accommodate a range of light industrial uses, including warehouses and distribution facilities with office space, light manufacturing and processing and some limited commercial uses.
- **Public Facilities.** This category includes government buildings and other public or quasi-public facilities, but excluding public schools which are addressed in a separate category below.
- **K-12 Schools.** This category includes public schools from kindergarten through high school.
- **Parks.** This category includes public parks and other public recreational facilities.

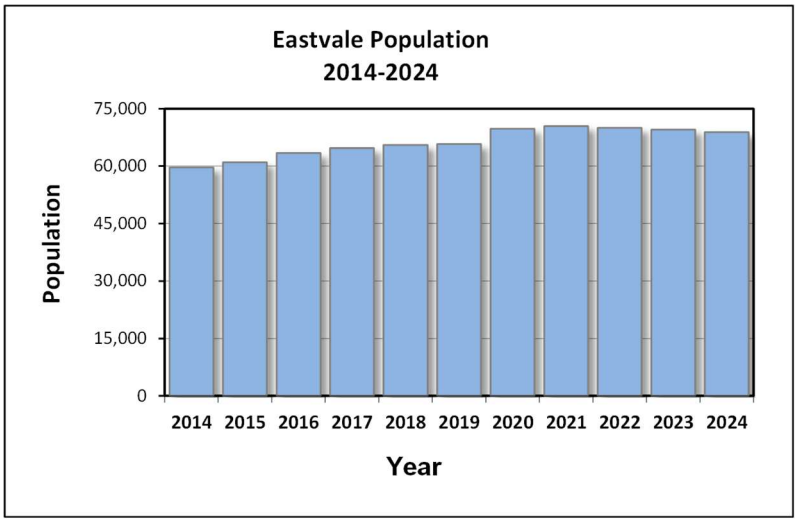
It should be noted that the Public Facilities, K-12 Schools and Parks categories are included in this study to account for the impacts they create on certain types of facilities. However, this study does not actually calculate impact fees for those categories because, in most cases, the City either lacks the authority to impose those fees, or in the case of City facilities, the City would be charging itself. Therefore, the City will be required to rely on general purpose funding sources other than impact fees to fund the costs of those impacts.

Other Development Types. Certain types of development, such as churches, hospitals and private schools, do not fit neatly into any of the categories listed above. Those developments are not legally exempt from impact fees, but no fee is calculated in this study for such uses. Fees for such projects can be calculated on an individual basis by considering factors such as service population or police and fire calls that will be generated by a proposed project and applying those factors to the cost per capita or cost per call shown in each impact fee chapter in this report.

Population Growth

The chart at right shows the California Department of Finance (DOF) official January 1 population estimates for the City of Eastvale for the years from 2014 through 2024, except for the 2020 population which is based on the 2020 Census count.

This chart shows a steady increase in Eastvale's population from 2014 to 2021, averaging about 2% per year. Since 2021, estimated population growth has been slightly negative.



Units of Development

In this study, quantities of existing and planned development are measured in terms of certain units of development. Those units are discussed below.

Dwelling Units. Residential development is measured in terms of dwelling units (DUs) and are grouped into unit-size ranges. Residential impact fees vary by unit size.

Building Area. Several types of non-residential development in this study are measured in terms of building area, in thousands of square feet, denoted as KSF.

Rooms. Development in the Hotel/Motel category is measured in terms of rooms, meaning the number of guest rooms or suites. A room is defined as each separately rentable room with a key"

Students. For the K-12 Public Schools category, development is measured in terms of the number of students.

Acres. Public parks and other public recreation facilities are measured in terms of acres.

Demand Variables

In calculating impact fees, the relationship between facility needs and development must be quantified in cost allocation formulas. Certain measurable attributes of development such as population or police and fire department calls for service are used in those formulas to reflect the impact of different types and amounts of development on the demand for specific public services and the facilities that support those services.

Those attributes are referred to in this study as "demand variables." Demand variables are selected either because they directly measure service demand created by various types of development, or because they are reasonably correlated with that demand.

For example, the service standard for parks in a community is typically defined as a ratio of park acreage to population. As population grows, more parks are needed to maintain the desired standard. Logically, then, population is an appropriate yardstick, or demand variable, for measuring the impacts of development on the need for additional parks.

Each demand variable has a specific value for each type of development. Those values are referred to in this report as "demand factors." For example, whereas the demand variable is "population," the demand factor for each residential unit size category used in this study is the estimated population per unit for that category.

Specific demand variables used in this study are discussed below. The values of demand factors used in this report are shown in Table 2.1 on page 2-8.

Population. Population, which refers to residents of the City, is used as a demand variable to calculate impact fees for facilities like parks that are intended to serve residents of the City. Resident population is tied to residential development, so this variable reflects no demand from non-residential development.

Service Population. Some types of City facilities are impacted by both residential and non-residential development so population alone does not represent all of the impacts of development on those facilities. Where the impact of development cannot be measured by specific demand variables such as vehicles trips or police or fire calls for service, a variable called service population is commonly used to represent the impact of development. An example would be general government facilities like City Hall.

Service population is a composite variable that includes both residents of the City and employees of businesses in the City. Resident population is included to represent the impacts of residential development. Employees are included to represent the impacts of non-residential uses, such as commercial, office and industrial development.

Because the impact of one new resident is not necessarily the same as the impact of one new employee, various components of the service population are weighted to reflect their relative impacts on demand for certain types of facilities.

Service population is intended to approximate the number of people creating the demand for service on an average day. It is difficult to estimate that number precisely for several reasons. Some residents work in the City, some residents commute to work outside the City, and some residents don't work at paid jobs. In addition, non-residents may be present in the City for work, shopping, recreation, or any number of other reasons.

In this study, residents are assigned a weight of 1.0. Our estimate of the average number of hours per week that residents spend in the City is based in part on an analysis of Census Bureau data

on how many residents work in the city and how many commute to work outside the City. In addition, we assume the average resident spends eight hours a week outside the City for activities like shopping and recreation.

Census Bureau American Community Survey (ACS) data for 2022 show that about 60% of Eastvale residents between ages 16 and 64 are employed and that about 77% of employed residents work outside the City.

Assuming that out-commuters spend 47.5 hours a week (9.5 hours per day) outside the City for work and commuting, and that all residents spend an average of eight hours a week outside the City for shopping and recreation leads us to the conclusion that out-commuters spend an average of 112.5 (168 - 47.5 - 8 = 112.5) hours per week in the City. Assuming other residents spend 160 (168 - 8 = 160) hours per week in the City, the weighted average for all residents is 142.2 hours per week in the City. Dividing that number by 168 hours per week gives us a weight of 0.846 for all residents (population) of the City.

Service population weights for employees associated with different types of development are based on estimates of the number of hours per week businesses of a certain type are in operation. This study assumes that retail and service commercial businesses operate 12 hours a day, 7 days a week (84 hours). For professional offices, industrial uses and public facilities, that number is estimated to be 45 hours (9 hours a day, 5 days a week). The weights assigned to employees of businesses associated with various types of non-residential development are based on the hours per week of operation divided by 168 total hours per week. The hours per week for each development as well as the weighting factor for each type of development are shown in Exhibit 2A, below. It should be noted that since all students in the K-12 Schools category are assumed to be residents of the City, the non-residential service population weight for that category is zero.

The service population weights shown in Exhibit 2A are intended to allow a balanced allocation of costs among non-residential development types. However, a comparison of the residential and non-residential shares of service population resulting from that allocation indicates that it likely underrepresents the demand created by non-residential development, so a factor of 2.5 is applied to all non-residential service population weights, which brings the non-residential share of service population to 18.9% of total service population.

Finally, for simplicity, all of the service population base weights are normalized by dividing them by residential base weight of 0.846 so that the normalized weight for population equals 1.0 and weight for each of the non-residential components is increased proportionately. The resulting service population weights are shown in Exhibit 2A. Service population per unit factors based on the normalized service population weights and population or employees per unit are shown in Table 2.1.

Exhibit 2A: Service Population Weights

Development Type	Avg Hrs per Wk	Total Hrs per Week	Base Svc Pop Weight [1]	Scaling Factor [2]	Scaled Svc Pop Weight [3]	Normalized Svc Pop Wt [4]
Residential	142.0	168.0	0.845	1.00	0.845	1.000
Commercial Retail	84.0	168.0	0.500	2.50	1.250	1.479
Business-Professional	45.0	168.0	0.268	2.50	0.670	0.792
Industrial/Industrial Flex	45.0	168.0	0.268	2.50	0.670	0.792
Public Facilities	45.0	168.0	0.268	2.50	0.670	0.792

[1] Base service population weight = average hours per week / total hours per week

[2] Scaling factor is used to bring non-residential service population into alignment with non-residential demand for City services; see text for further discussion

[3] Scaled service population weight = base service population weight X scaling factor

[4] Service population weight normalized to residential service population weight = scaled scaled population weight / residential service population weight

Police and Fire Calls for Service. The impact of development on the City's police and fire facilities is measured by the number of calls for service per unit per year by development type. Those calls-for-service-per-unit factors are calculated using a random sample of calls for service for a one-year period to determine the distribution of calls by development type. Then the number of calls per year for each type of development is divided by the number of existing units for that type of development to arrive at calls-per-unit-per-year factors. In this study, data for police and fire calls for service were for calendar year 2023. The police and fire calls-for-service factors for each type of development defined in this study are shown in Table 2.1.

Demand Factors

Exhibit 2B shows how population per unit factors were estimated for residential unit size categories used in this study. The Census Bureau and California Department of Finance collect data on population per unit, by unit type (single-family, multi-family, mobile home) rather than by unit size. Based on the City's documentation of findings (summarized above), in response to the California Mitigation Fee Act default standard of calculating fees based on square footage of units in a development, we must estimate the population per unit for each of the unit size categories used in this study.

The population-per-unit factors for the unit size categories used in this study are shown in Exhibit 2B. Those factors were estimated by NBS using data on the distribution of units by number of bedrooms from American Community Survey (ACS) Table B25041. The estimated population per unit for each unit-size category is adjusted so that the total population and average population per unit approximately equal the total population and average population per unit from the known data. The results are cross-checked with data on the distribution of household population from ACS Table 25009.

Exhibit 2B: Population per Unit by Unit Size

Unit Size in Sq Ft [1]	No. of Bedrms	No. of Units [2]	% of Units	Est Pop per Unit [3]	Adjusted Pop [4]
<600	0	0	0.0%	1.10	0
600-800	1	0	0.0%	1.60	0
>800 - 1,200	2	2,498	14.1%	2.20	5,495
>1,200 - 1,900	3	3,957	22.3%	3.10	12,268
>1,900 - 2,300	4	7,015	39.5%	4.10	28,760
>2,300	5+	4,273	24.1%	5.30	22,648
Total/Average		17,743	100.0%	3.90	69,170

[1] Estimated square-feet-per-unit ranges based on number of bedrooms

[2] Distribution of units by number of bedrooms from American Community Survey Table B25041, 2022 1-Year Estimate

[3] Estimated population per unit by NBS

[4] Adjusted population = number of units X estimated population per unit

Note that in Exhibit 2B, no units are shown for the two smallest unit size categories. That is because the source data showed no existing units in those unit-size categories. However, a population per unit is estimated for those categories because units in those categories may be constructed in the future.

Factors shown in Table 2.1 are population per unit for residential unit-size categories and employees per unit for various types of non-residential development, as well as service population per unit, and police and fire calls per unit per year for all types of development defined in this study.

Table 2.1: Demand Factors

Development Type [1]	Unit Type [2]	Pop per Unit [3]	Empl per Unit [4]	Svc Pop per Unit [5]	Police Calls per Unit [6]	Fire Calls per Unit [7]
Residential: <600 Sq. Ft.	DU	1.10		1.10	0.620	0.100
Residential: 600-800 Sq. Ft.	DU	1.60		1.60	0.690	0.110
Residential: >800-1,200 Sq. Ft.	DU	2.20		2.20	0.760	0.120
Residential: >1,200-1,900 Sq. Ft.	DU	3.10		3.10	0.850	0.130
Residential: >1,900-2,300 Sq. Ft.	DU	4.10		4.10	0.920	0.140
Residential: >2,300 Sq. Ft.	DU	5.30		5.30	0.990	0.150
Hotel/Motel	Room	0.98	0.50	2.18	0.600	0.085
Commercial Retail	KSF		2.00	2.96	4.051	0.211
Business-Professional	KSF		2.50	1.98	0.581	0.059
Industrial/Industrial Flex	KSF		1.00	0.79	0.089	0.025
Public Facilities	KSF		2.50	1.98	0.000	0.079
Parks	Acres		0.00	0.00	1.933	0.150
Schools	Students		0.00	0.00	0.038	0.004

[1] The square-feet-per-unit ranges shown in this table for residential development include all types of residential development including single-family, multi-family and mobile homes

[2] DU = dwelling unit; KSF = 1,000 sq feet of gross leasable area (GLA);
Room = each separately rentable room with a key

[3] See Exhibit 2B for residential population per unit; the Hotel/Motel category assumes an average of 1.5 guests per room and 65% occupancy

[4] Employees per unit estimated by NBS using data from the ESRI Business Summary and data on existing non-residential development from the City of Eastvale

[5] Service population per unit; see Exhibit 2A

[6] Police Department calls for service per unit per year based on analysis of a random sample of all 2023 calls for service; see discussion in text and in Chapter 7

[7] Fire Department calls for service per unit per year based on analysis of a random sample of all 2023 calls for service; see discussion in text and in Chapter 8

Existing and Future Development

Tables 2.2 through 2.4 on the following pages present data on existing and future development in Eastvale. Data from those tables will be used throughout this report. Table 2.2 shows estimated existing development as of January 2024.

It is important to note that in Tables 2.2 through 2.4, all residential development is grouped into a single category because it is not possible to estimate the mix of existing or future residential units by unit size.

Table 2.2: Existing Development January 1, 2024 - City of Eastvale

Development Type	Unit Type [1]	No. of Units [2]	Popu-lation [3]	Emplo-yees [4]	Service Pop [5]	PD Calls per Year [6]	Fire Calls per Year [7]
All Residential	DU	18,413	68,814		68,814	17,095	2,725
Hotel/Motel	Room	0	0	0	0	0	0
Commercial Retail	KSF	1,600.0		3,200	4,736	6,481	338

[1] DU = dwelling unit; KSF = 1,000 gross sq ft of building area

[2] Added units based on Table 2.0-2 of the Eastvale General Plan Environmental Impact Report and additional data from the Draft 2040 General Plan

[3] Added population based on Table 2.0-2 of the Eastvale General Plan Environmental Impact Report

[4] Added employees = added non-residential units X employees per unit from Table 2.1

[5] Added service population = added units X service population per unit from Table 2.1

[6] Added police calls per year for residential development = added units X the average residential rate of 0.8 police calls per unit per year; added police calls for non=residential development = added units X calls per unit per year from Table 2.1

[7] Added fire calls per year = added units X fire calls per unit per year from Table 2.1

Table 2.4 shows forecasted total development in the City in 2040.

Table 2.4: Total 2040 Development - City of Eastvale

Development Type	Unit Type [1]	No. of Units [2]	Popu-lation [3]	Emplo-yees [4]	Service Pop [5]	PD Calls per Year [6]	Fire Calls per Year [7]
All Residential	DU	22,586	85,172		85,172	20,433	3,301
Hotel/Motel	Room	450	439	225	982	270	38
Commercial Retail	KSF	4,259		8,519	12,608	17,253	900
Business-Professional	KSF	2,140		5,349	4,237	1,243	244
Industrial/Industrial Flex	KSF	15,884		15,884	12,548	1,418	207
Public Facilities	KSF	189		411	374	0	15
Parks	Acres	262		0	0	507	39
Schools	Students	18,166		0	0	698	72
Totals			**85,611**	**30,387**	**115,919**	**41,822**	**4,816**

Note: The figures shown in Table 2.4 represent the sum of the corresponding figures from Tables 2.2 and 2.3

Growth Potential

The numbers in Table 2.4 represent an increase of approximately 24% in population and 69% in employment between 2024 and 2040. Police and Fire Department calls are projected to increase 62% to 39%, respectively.

The fees calculated in subsequent chapters of this report are intended to pay for the capital facilities needed to serve the additional demand created by future development forecasted in this chapter.

Chapter 3. Park Improvements

Background

Since the City of Eastvale was incorporated in 2010, two special districts have been responsible for constructing and maintaining parks in the City. Parks in the portion of the City west of Hamner Avenue are provided by the Jurupa Community Services District (JCSD). In the area east of Hamner Avenue, parks are provided by the Jurupa Area Recreation and Parks District (JARPD).

Eastvale's Municipal Code requires new residential development projects to dedicate land for parks or pay fees in lieu of park land dedication. Until recently, those assets were transferred to the responsible special district, and, since there is no remaining residential development potential in the area served by JARPD, dedicated park land or in-lieu fees were going to JCSD. However, in May 2022, Eastvale adopted a resolution to designate the City of Eastvale as the public agency eligible to receive park land dedications and in-lieu fees under the Quimby Act and revoke JCSD's previous designation as a public agency eligible to receive Quimby Act dedications and in-lieu fees. That means the City will be collecting and retaining Quimby Act fees and will be responsible for expending those fees in accordance with the law.

This chapter calculates impact fees for park improvements, which apply only to residential development. Any proposed updates to the park land dedication and in-lieu fees will be made in a separate action brought forward by City staff separate from this report.

Methodology

The method used to calculate park improvement impact fees in this chapter is the existing inventory method discussed in Chapter 1. Using this method, impact fees are calculated so that new development will fund expansion of facilities at the same standard currently used to serve existing development. For parks, that standard is defined in terms of acres of parks per 1,000 population. See the Level of Service Standard section below for a discussion of the actual standards used to calculate in-lieu fees and impact fees in this chapter.

Service Area

Eastvale's parks serve all residents of the City and the impact fees calculated in this chapter are intended to apply to all residential development in the City unless the fees for a project are limited by statute or by a development agreement.

Demand Variable

A "demand variable" is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate park in-lieu fees and impact fees in this chapter is population.

Population is used for that purpose because the need for parks is typically defined in terms of the relationship between park acreage and population. Since added population is associated with new residential development, the in-lieu fees and impact fees calculated in this chapter apply only to residential development.

Population per dwelling unit is estimated for each residential unit size category defined in this study. Those population-per-unit factors are shown in Table 2.1 in Chapter 2 and in Table 3.4, below.

Level-of-Service Standard

The Parks, Recreation and Open Space Element of the Eastvale General Plan (page 11-6) adopts a standard of 5.0 acres per 1,000 population for park land dedication and in-lieu fees to be collected from new residential development. However, that standard exceeds the level that can be justified under the Mitigation Fee Act because it exceeds the existing level of service shown in Table 3.2, below.

In this study, the impact fees for park improvements are based on the existing ratio of 3.1 acres of parks per 1,000 population as shown in Table 3.2.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires that, after January 1, 2022, the level of service used in an impact fee study must be compared with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required. The impact fees calculated in this chapter are based on a level of service that equals the existing level, so there is no conflict with that provision of Section 66016.5.

Existing Level of Service

Table 3.1 on the next page lists the City's existing parks and the improved acres for each park. In keeping with the 2019 California Court of Appeal decision in *Boatworks LLC v. City of Alameda*, only improved park acres are used to determine the existing ratio of park acres to population in this study.

All of the City's existing parks are owned by either JCSD or JARPD. However, since those parks were constructed for the benefit of City residents, it is reasonable to treat them as City parks for purposes of calculating the existing level of service.

Table 3.1: Existing Parks

Park Name	Agency	Improved Park Acres
American Heroes Park	JCSD	18.95
Cedar Creek Park	JCSD	9.54
Dairyland Park	JCSD	9.22
Deer Creek Park	JCSD	9.30
Eastvale Community Park	JCSD	46.53
Half Moon Park	JCSD	5.00
Harada Heritage Park	JCSD	30.72
James C. Huber Park	JCSD	12.56
McCune Family Park	JCSD	11.85
Mountainview Park	JCSD	7.87
Orchard Park	JCSD	9.84
Providence Ranch Park	JCSD	12.79
Riverwalk Park	JCSD	13.00
Sendero Park	JCSD	11.75
Symphony Park	JCSD	2.54
Harmony Park	JARPD	0.59
Cambria Park	JARPD	0.48
Deleware Greenbelt	JARPD	0.29
Moon River Park	JARPD	0.35
Total		**213.17**

Source: Jurupa Community Services District (JCSD) and Jurupa Area Recreation and Park District (JARPD)

Table 3.2 calculates the existing level of service for Eastvale's parks. The existing level of service is shown both per capita, and per 1,000 population.

Table 3.2: Existing Level of Service

Existing Improved Park Acres [1]	Existing Population [2]	Improved Acres per Capita [3]	Improved Acres per 1,000 [4]
213.17	68,814	0.00310	3.10

[1] See Table 3.1

[2] See Table 2.2

[3] Acres per capita = existing acres / existing population

[4] Acres per 1,000 population = acres per capita X 1,000

Table 3.3 shows the cost per capita used to calculate park improvement impact fees in this chapter.

Table 3.3: Cost per Capita - Park Improvements

Fee Type	Acres per Capita [1]	Cost per Acre[2]	Cost per Capita[3]
Park Improvements	0.0031	$750,000	$2,325.00

[1] See Table 3.2

[2] Park improvement cost per acre from the Capital Improvement Plan

[3] Cost per capita = acres per capita X cost per acre

Park Improvement Impact Fees per Unit

Table 3.4 shows the calculation of park improvement impact fees per dwelling unit by unit-size category. Those fees are calculated using per-capita costs from Table 3.3 and population per dwelling unit factors from Table 2.1. These fees are intended to apply to all residential development in the City.

Table 3.4: Park Improvement Impact Fees per Unit

Development Type	Units [1]	Cost per Capita [2]	Population per DU [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$2,325.00	1.10	$ 2,557.50
Residential: 600-800 Sq. Ft.	DU	$2,325.00	1.60	$ 3,720.00
Residential: >800-1,200 Sq. Ft.	DU	$2,325.00	2.20	$ 5,115.00
Residential: >1,200-1,900 Sq. Ft.	DU	$2,325.00	3.10	$ 7,207.50
Residential: >1,900-2,300 Sq. Ft.	DU	$2,325.00	4.10	$ 9,532.50
Residential: >2,300 Sq. Ft.	DU	$2,325.00	5.30	$ 12,322.50

[1] Units of development: DU = dwelling unit

[2] See Table 3.3

[3] See Table 2.1

[4] Impact fee per unit = cost per capita X population per dwelling unit

Projected Revenue

Table 3.5 shows projected revenue from park improvement impact fees. Those revenue projections assume that future development in the City will occur as forecasted in Chapter 2. These revenue projections are in current dollars.

Table 3.5: Projected Revenue from Park Improvement Impact Fees

Development Type	Impact Fee per Capita [1]	Added Population [2]	Projected Revenue [3]
All Residential	$2,325.00	16,797	**$39,052,444**

[1] See Table 3.3

[2] See Table 2.3

[3] Projected revenue = impact fee per capita X added population

Updating the Fees

The impact fees calculated in this chapter are based on the current estimated cost of park improvements. We recommend that the fees be reviewed annually and adjusted as needed using local cost data or an index such as the *Engineering News Record* Construction Cost Index (CCI). See the Implementation Chapter for more on indexing of fees. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Planned Facilities

Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Plan. The City of Eastvale will develop its first City-owned park as part of the planned Civic Center complex. That park is located in the Downtown West policy area where more than half of all new residential units in Eastvale will be constructed. A substantial number of new residential units are also planned for the nearby Downtown East policy area. The CIP estimates the cost of the Civic Center Park at over $31 million, including the cost of improvements to the Civic Center Plaza.

The City's CIP also includes Grand Park, a passive park in the southern part of the City planned for approximately 200 acres of flood plan owned by OCPW. That park will include conservation areas, picnic areas, recreation areas and a visitor center. The CIP estimates the cost of Grand Park at $192 million.

To the extent that projects with development agreements, or public facilities and schools, do not pay a fee to offset their impacts on park facilities, those impacts are required to be funded from sources other than impact fees.

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to mitigate the impact of new development on the need for parks in Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to provide additional parks to mitigate the impacts of new development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Program.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to provide additional parks to serve the needs of added population associated with new residential development in Eastvale.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. New residential development increases the need for parks to maintain the existing level of service, as described earlier in this chapter. Without additional parks, the increase in population associated with new residential development would result in a reduction in the level of service provided to all residents of the City.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the park improvement impact fees charged to a residential development project will depend on the increase in population associated with that project. The impact fees per unit of development calculated in this chapter for each type of residential development are based on the estimated average population per unit for that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for parks in the City.

Chapter 4. Community and Recreation Centers

This chapter calculates impact fees for community and recreation centers needed to maintain the existing level of service in Eastvale as the City grows. Since the City's incorporation in 2010, parks and community and recreation centers in most of Eastvale have been provided by the Jurupa Community Services District (JCSD), which has constructed many parks and several community and recreation centers in the City. The part of the City east of Hamner Avenue is served by the Jurupa Area Recreation and Parks District (JARPD) which has constructed only four small pocket parks and no community or recreation centers in Eastvale.

JARPD's service area within the City is essentially built out with respect to new residential development. All future residential development in the City will occur in the JCSD service area and Eastvale's City Council has chosen to take over responsibility from JCSD for developing future parks as well as future community and recreation centers in the City.

Methodology

The method used to calculate impact fees in this chapter is the existing inventory method discussed in Chapter 1. Using this method, impact fees are calculated so that new development will fund expansion of facilities at the same standard currently used to serve existing development. In this case, the standard used to calculate impact fees for community and recreation centers is the existing level of service, which is discussed below in the Level-of-Service Standard section.

Service Area

Eastvale's community and recreation centers serve all residents of the City and the impact fees calculated in this chapter are intended to apply to all residential development in the City unless the fees for a project are limited by statute or established by a development agreement.

Demand Variable

A "demand variable" is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate impact fees for community and recreation centers in this chapter is population.

Population is used for that purpose because the need for community and recreation centers is typically defined in terms of the population to be served. Because added population is associated with new residential development, the impact fees calculated in this chapter apply only to residential development.

Population per dwelling unit is estimated for each residential unit size category defined in this study. Those population-per-unit factors are shown in Table 2.1 in Chapter 2 and in Table 4.3, below.

Level-of-Service Standard

Eastvale has not adopted a formal level of service standard for community and recreation centers. The standard used to calculate impact fees in this chapter is the existing level of service, defined as the replacement cost of existing community and recreation centers per capita of existing population. Replacement cost is used to represent the current dollar cost of additional facilities that will be needed to maintain the existing level of service as the City grows. Although Eastvale's existing community and recreation centers (see Table 4.1) are owned by JCSD, they were constructed for the benefit of residents of the City using development fees paid by development in Eastvale, so it is reasonable to treat those facilities as existing City assets for purposes of determining the existing level of service in this chapter.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires, after January 1, 2022, that the level of service used in an impact fee study must be compared with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required. The impact fees calculated in this chapter are based on a level of service which equals the existing level, so there is no conflict with that provision of Section 66016.5.

Existing Level of Service

Table 4.1 lists Eastvale's existing community and recreation centers with their estimated replacement cost.

Table 4.1: Existing Community and Recreation Centers

Facility Name	Agency	Building Sq Feet [1]	Building Repl Cost [2]	Site Area [1]	Site Value [3]	Impact Fee Cost Basis [4]
Eastvale Community Ctr	JCSD	34,647	$17,323,500	4.6	$5,060,000	$ 22,383,500
Harada Neighborhood Ctr	JCSD	5,040	$ 2,520,000	In Park	$ 0	$ 2,520,000
The Desi House	JCSD	7,700	$ 8,400,000	2.3	Included	$ 8,400,000
Total						**$ 33,303,500**

[1] Data from Jurupa Community Services District (JCSD) and the City of Eastvale

[2] Building replacement cost for Eastvale Community Center and Harada Neighborhood Center assumes a cost of $500 per square foot; building replacement cost for the Desi House based on best available costs for acquisition and improvement of the facility

[3] Site value for Eastvale Community Center assumes a cost of $1.1 million per acre based on recent appraisals of land at the Civic Center site and a proposed fire station site.

[4] Impact fee cost basis = building replacement cost + site value

Table 4.2 calculates the existing level of service in terms of the cost per capita of existing population for the existing community and recreation centers.

Table 4.2: Existing Level of Service

Impact Fee Cost Basis [1]	Existing Population [2]	Cost per Capita [3]
$33,303,500	68,814	$483.96

[1] See Table 4.1

[2] See Table 2.2

[3] Cost per capita = existing facilities cost basis / existing population

In the next section, the cost per capita from Table 4.2 is used to calculate impact fees per dwelling unit for community and recreation centers.

Impact Fees per Unit

Table 4.3 shows the calculation of community and recreation center impact fees per unit of development by residential unit size category. Those fees are calculated using per-capita costs from Table 4.2 and population per unit factors from Table 2.1.

Table 4.3: Community and Recreation Center Impact Fees per Unit

Development Type	Units [1]	Cost per Capita [2]	Population per DU [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$483.96	1.10	$ 532.36
Residential: 600-800 Sq. Ft.	DU	$483.96	1.60	$ 774.34
Residential: >800-1,200 Sq. Ft.	DU	$483.96	2.20	$ 1,064.72
Residential: >1,200-1,900 Sq. Ft.	DU	$483.96	3.10	$ 1,500.29
Residential: >1,900-2,300 Sq. Ft.	DU	$483.96	4.10	$ 1,984.25
Residential: >2,300 Sq. Ft.	DU	$483.96	5.30	$ 2,565.01

[1] Units of development: DU = dwelling unit

[2] See Table 4.2

[3] See Table 2.1

[4] Impact fee per unit = cost per capita X population per dwelling unit

Projected Revenue

Table 4.4 projects potential revenue from the community and recreation center impact fees. That projection is based on the cost per capita from Table 4.2 and the added population from Table 2.3. These revenue projections assume that future development in the City will occur as forecasted in Chapter 2. It is also worth noting that the projected revenue shown in Table 4.4 is in current dollars. As discussed below, we recommend that the fees be adjusted periodically to keep pace with construction costs.

Table 4.4: Projected Revenue from Comm/Rec Center Impact Fee

Development Type	Impact Fee per Capita [1]	Added Population [2]	Projected Revenue [3]
All Residential	$483.96	16,358	$7,916,683
Total			**$7,916,683**

[1] See Table 4.3

[2] See Table 2.3

[3] Projected revenue = impact fee per capita X added population

The projected revenue shown in Table 4.4 assumes that future development in the City will occur as forecasted in Chapter 2. It does not account for limits on impact fees set by development agreements for some future projects.

To the extent that projects with development agreements, or public facilities and schools, do not pay a fee to offset their impacts on the fire facilities, those impacts are required to be funded from sources other than impact fees.

Updating the Fees

The impact fees calculated in this chapter are based on estimated current construction costs for community and recreation centers. We recommend that the fees be reviewed annually and adjusted as needed using local cost data or an index such as the *Engineering News Record* Building Cost Index (BCI). See the Implementation Chapter for more on indexing of fees. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Planned Improvements

Future community and recreation center projects, including a community center and an aquatic center, are shown as part of the Citrus Reimagined project in the City's Capital Improvement Plan. Although costs for the aquatic center and the community center are not broken out in detail in the CIP, the combined cost of the two facilities is expected to be $35-$40 million. Those costs would far exceed the impact fee revenue shown in Table 4.4.

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to mitigate the impact of new development on the need for additional community and recreation center facilities in Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to provide additional community and recreation center facilities to mitigate the impacts of new residential development in the City. Impact fees calculated in this chapter will be used to provide additional parks to mitigate the impacts of new development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Plan.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to provide additional community and recreation centers to serve the needs of added population associated with new residential development in Eastvale.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. Added population associated with new residential development will increase the need for community and recreation centers to maintain the existing level of service as described earlier in this chapter. Without additional community and recreation center facilities, that added population would result in a reduction in the level of service provided to all residents of the City.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the community and recreation center impact fees charged to a development project will depend on the increase in population associated with that project. The fees per unit of development calculated in this chapter for each type of residential development are based on the estimated average population per unit for that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for community and recreation centers in the City.

Chapter 5. Library

This chapter calculates impact fees for a new library for the City of Eastvale. The City's existing library is located on the campus of Eleanor Roosevelt High School and is open to the public after 4 p.m. on weekdays and from 10:00 a.m. to 5 p.m. on Saturdays. The City is planning a new main library as part of the planned Civic Center development in the Downtown West Specific Plan area.

Methodology

This chapter calculates impact fees using the system plan method discussed in Chapter 1. With this method, impact fees are calculated so that new development pays for its share of the cost of an integrated system of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the value of existing facilities plus the cost of planned facilities is divided by the combined demand associated with both existing development and planned development.

Service Area

Eastvale's library will serve all residents of the City and the impact fees calculated in this chapter are intended to apply to all residential development in the City unless the fees for a project are limited by statute or established by a development agreement.

Demand Variable

A "demand variable" is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate impact fees for the library in this chapter is population.

Population is used for that purpose because the need for libraries is almost universally defined in terms of the population to be served. Because added population is associated with new residential development, the impact fees calculated in this chapter apply only to residential development.

Population per dwelling unit varies by development type, so the average population per unit is estimated for each residential unit size category defined in this study. Those individual population-per-unit factors are shown in Table 2.1 in Chapter 2.

Level-of-Service Standard

Eastvale has not adopted a formal level of service standard for libraries, but the City has prepared a plan for a new main library which would serve both existing and future development in Eastvale.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires, after January 1, 2022, that the level of service used in an impact fee study must be compared

with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required.

The library impact fees calculated in this chapter are necessarily based on a level of service higher than the existing level of service. Eastvale was incorporated fairly recently, in 2010, and is still in the process of developing a full complement of public facilities to serve the City. Eastvale has set aside substantial financial reserves for the purpose of constructing the new library (see Table 5.1) and the impact fees calculated in this chapter will recover only future development's proportionate share of the cost of the new library.

Planned Library Facility

Table 5.1 summarizes the estimated construction costs for the planned library facility. Details regarding the planned library project and project costs are included in the City's Capital Improvement Plan. Table 5.1 also shows the amount of reserves the City has currently set aside to fund the project. Costs shown in Table 5.1 are from the City's current Capital Improvement Plan.

Table 5.1: Planned Library

Cost Component		Estimated Cost [1]
Building Construction	$	47,880,093
Land Cost	$	1,672,560
Total	**$**	**49,552,653**
Library Capital Reserves on Hand	$	(39,889,986)
Unfunded Cost	**$**	**9,662,667**

[1] Estimated costs from the Eastvale Capital Improvement Plan project detail sheet; library capital reserves provided by the Eastvale Finance Department

Table 5.2 allocates the estimated cost of the new library to the forecasted 2040 population of the City to arrive at an average cost per capita for the entire 2040 population. That approach ensures that costs are allocated equitably to existing and future development on a per-capita basis.

Table 5.2: 2040 Level of Service

Estimated Facility Cost [1]	2040 Population [2]	Cost per Capita [3]
49,552,653	85,172	581.80

[1] See Table 5.1

[2] Residential population only, not including hotel/motel guests; see Table 2.4

[3] Square feet per capita = library square footage / 2040 population

In the next section, the cost per capita from Table 5.2 is used to calculate library impact fees per dwelling unit for each unit size range.

Impact Fees per Unit

Table 5.3 shows the calculation of library impact fees per unit of residential development by unit size category. Those fees are calculated using the per-capita cost from Table 5.2 and population per unit factors from Table 2.1.

Table 5.3: Library Impact Fees per Unit

Development Type	Dev Units [1]	Cost per Capita [2]	Population per Unit [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$581.80	1.10	$ 639.97
Residential: 600-800 Sq. Ft.	DU	$581.80	1.60	$ 930.87
Residential: >800-1,200 Sq. Ft.	DU	$581.80	2.20	$ 1,279.95
Residential: >1,200-1,900 Sq. Ft.	DU	$581.80	3.10	$ 1,803.56
Residential: >1,900-2,300 Sq. Ft.	DU	$581.80	4.10	$ 2,385.36
Residential: >2,300 Sq. Ft.	DU	$581.80	5.30	$ 3,083.51

[1] Units of development: DU = dwelling unit

[2] See Table 5.2

[3] See Table 2.1

[4] Impact fee per unit = cost per capita X population per dwelling unit

Projected Revenue

Table 5.4 projects potential revenue from the library impact fees. That projection is based on the cost per capita from Table 5.2 and the added population from Table 2.3.

Table 5.4: Projected Revenue from Library Impact Fees

Impact Fee per Capita [1]	Added Population [2]	Projected Revenue [3]
$581.80	16,358	$9,517,004

[1] See Table 5.2

[2] See Table 2.3

[3] Projected revenue = impact fee per capita X added population

New development's total share of the cost of the new library, to be funded by impact fees calculated in this report, is 19.2% of the facility's total cost. The projected impact fee revenue shown in Table 5.4 is slightly less than the unfunded balance of $9,662,667 shown in Table 5.1, leaving $145,663 to be funded from the General Fund or other non-impact fee sources.

The projected revenue shown in Table 5.4 assumes that future development in the City will occur as forecasted in Chapter 2. It does not account for limits on impact fees set by development agreements for some future projects.

To the extent that projects with development agreements do not pay a fee to offset their impacts on the fire facilities, those impacts are required to be funded from sources other than impact fees.

Updating the Fees

The impact fees calculated in this chapter are based on estimated current construction costs for the library. We recommend that the fees be reviewed annually and adjusted as needed using the most current estimates. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Planned Improvements

Details regarding the planned library facility and project costs can be found in the City's Capital Improvement Plan. The new main library is being planned as part of the City's Civic Center development project.

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to recover new development's proportionate share of the cost of the main library being planned to serve the City Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to pay part of the cost of library facilities planned serve new residential development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Plan.

As provided by the Mitigation Fee Act, revenue from impact fees may also be used for temporary loans from one impact fee fund or account to another.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to pay new development's proportionate share of the cost of library facilities planned to serve Eastvale out to 2040.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. Added population associated with new residential development will increase the need for library facilities Eastvale, and the new library is being planned to accommodate the needs of both existing and future residents. The impact fees calculated in this chapter will cover only new development's proportionate share of the cost of the library.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the library impact fees charged to a development project will depend on the increase in population associated with that project. The fees per unit of development calculated in this chapter for each type of residential development are based on the estimated average population per unit for that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for library facilities in the City.

Chapter 6. City Hall

This chapter calculates impact fees for a new City Hall for the City of Eastvale. Eastvale's existing City Hall is located in leased space in a commercial development on Limonite Avenue. The City also houses some departments in a City-owned building on Citrus Street. A new City Hall will be constructed as part of the planned Civic Center complex in the Downtown West Specific Plan area.

Methodology

This chapter calculates impact fees using the system plan method discussed in Chapter 1. With this method, impact fees are calculated so that new development pays for its share of the cost of an integrated system of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the value of existing facilities plus the cost of planned facilities is divided by the combined demand associated with both existing development and planned development.

Service Area

Eastvale's new City Hall will serve all development in the City, and the impact fees calculated in this chapter are intended to apply to all new development in the City unless the fees for a project are limited by statute or established by a development agreement.

Demand Variable

A "demand variable" is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate impact fees for the City Hall in this chapter is service population.

Service population is used to represent the impact of development on the need for City Hall facilities because that impact is created by both residential development and non-residential development. As explained in Chapter 2, service population is a weighted composite variable that includes both resident population (representing residential development) and employees of businesses in the City (representing non-residential development). Chapter 2 presents a detailed explanation of how the components of service population are weighted.

The service population-per-unit factors used in this analysis are shown in Table 2.1 in Chapter 2.

Level-of-Service Standard

Eastvale has not adopted a formal level of service standard for City Hall facilities, but the City has prepared a plan for a new City Hall as part of the planned Civic Center complex. That facility will serve both existing and future development in Eastvale. The new City Hall facility is shown in the City's Capital Improvement Plan.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires, after January 1, 2022, that the level of service used in an impact fee study must be compared with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required.

Eastvale was incorporated fairly recently, in 2010. For obvious reasons, prior to incorporation, there was no City Hall in Eastvale. The City has no choice but to establish an acceptable level of service for the City Hall facility over time. At present, City staff are housed in a combination of leased and City-owned buildings. The City has already set aside substantial financial reserves for the purpose of constructing a new City Hall (see Table 6.1). The impact fees calculated in this chapter will recover only future development's proportionate share of the cost of the new City Hall.

Planned City Hall

Table 6.1 summarizes the estimated costs for the planned City Hall facility, as shown in the City's Capital Improvement Plan. That table also shows the amount of reserves the City has currently set aside to fund the project, as well as the balance in the Public Facilities impact fee fund. Costs shown in Table 6.1 are from the City's current Capital Improvement Plan.

Table 6.1: Planned City Hall

Cost Component		Estimated Cost [1]
Building Construction	$	76,923,727
Land Cost	$	2,681,377
Total	**$**	**79,605,104**
City Hall Capital Reserves on Hand	$	(57,915,015)
Public Facilities Impact Fee Fund Balance (2/27/25)	$	(552,727)
Unfunded Cost	**$**	**21,137,362**

[1] Estimated costs from the Eastvale Capital Improvement Plan project detail sheet; City Hall capital reserves and Public Facilities impact fee fund balance provided by the Eastvale Finance Department

Table 6.2 allocates the estimated cost of the new City Hall to the forecasted 2040 service population of the City to arrive at an average cost per capita for the entire 2040 service population. That approach ensures that costs are allocated equitably to existing and future development on a per-capita basis.

Table 6.2: Buildout Level of Service

Estimated Facility Cost [1]	Buildout Service Population [2]	Cost per Capita [3]
$79,605,104	115,919	$686.73

[1] See Table 6.1

[2] See Table 2.4

[3] Cost per capita = impact fee cost basis / buildout service population

In the next section, the cost per capita from Table 6.2 is used to calculate impact fees per unit of development for the City Hall facility.

Impact Fees per Unit

Table 6.3 shows the calculation of City Hall impact fees per unit of development, by development type. Those fees are calculated using the per-capita cost from Table 6.2 and service population per unit factors from Table 2.1.

Table 6.3: City Hall Impact Fees per Unit

Development Type	Dev Units [1]	Cost per Capita [2]	Service Pop per Unit [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$686.73	1.10	$ 755.40
Residential: 600-800 Sq. Ft.	DU	$686.73	1.60	$ 1,098.76
Residential: >800-1,200 Sq. Ft.	DU	$686.73	2.20	$ 1,510.80
Residential: >1,200-1,900 Sq. Ft.	DU	$686.73	3.10	$ 2,128.86
Residential: >1,900-2,300 Sq. Ft.	DU	$686.73	4.10	$ 2,815.58
Residential: >2,300 Sq. Ft.	DU	$686.73	5.30	$ 3,639.66
Hotel/Motel	Room	$686.73	2.18	$ 1,497.99
Commercial Retail	KSF	$686.73	2.96	$ 2,032.71
Business-Professional	KSF	$686.73	1.98	$ 1,359.72
Industrial/Industrial Flex	KSF	$686.73	0.79	$ 542.52

[1] DU = dwelling unit; KSF = 1,000 sq feet of gross leasable area (GLA); Room = each separately rentable room with a key

[2] See Table 6.2

[3] See Table 2.1

[4] Impact fee per unit = cost per capita X service population per unit

Projected Revenue

Table 6.4 projects potential revenue from the City Hall impact fees. That projection is based on the impact fees per capita from Table 6.2 and the added service population from Table 2.3.

Table 6.4: Projected Revenue from City Hall Impact Fee

Impact Fee per Capita [1]	Added Service Population [2]	Projected Revenue [3]
$686.73	30,446	$20,908,042

[1] See Table 6.2

[2] See Table 2.3; excludes added service population associated with public facilities

[3] Projected revenue = impact fee per capita X added service population

New development's total share of the cost of the new City Hall, to be funded by impact fees calculated in this report, is 26.5% of the facility's total cost. The projected revenue shown in Table 6.4 is less than the unfunded balance of $21,137,362 shown in Table 6.1, leaving $229,320 to be funded by the General Fund or other non-impact fee sources.

The projected revenue shown in Table 6.4 assumes that future development in the City will occur as forecasted in Chapter 2. It does not account for limits on impact fees that may be set by statute or development agreements for some future projects.

To the extent that projects with development agreements, or public facilities and schools, do not pay a fee to offset their impacts on the fire facilities, those impacts are required to be funded from sources other than impact fees.

Updating the Fees

The impact fees calculated in this chapter are based on estimated current construction costs for the City Hall. We recommend that the fees be reviewed annually and adjusted as needed using the most current estimates. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Planned Improvements

More details about the proposed City Hall project and projected costs can be found in the City's Capital Improvement Plan. The new City Hall is a one-of-a-kind facility being planned as part of the City's Civic Center complex.

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to recover new development's proportionate share of the cost of the new City Hall being planned to serve the City Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to pay part of the cost of a new City Hall being planned serve new development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Program.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to pay new development's proportionate share of the cost of the new City Hall planned to serve Eastvale out to 2040.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. Added service population associated with new development will increase the need for City Hall facilities in Eastvale, and the new City Hall is being planned to accommodate the needs of both existing and future development. The impact fees calculated in this chapter will cover only new development's proportionate share of the cost of the City Hall facility.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the City Hall impact fees charged to a development project will depend on the increase in service population associated with that project. The fees per unit of development calculated in this chapter for each type of development are based on

the estimated average service population per unit for that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for City Hall facilities in the City.

Chapter 7. Police Station

This chapter calculates impact fees for a police station for the City of Eastvale. The police station will be constructed as part of the planned Civic Center complex in the Downtown West Specific Plan area. Eastvale contracts with the Riverside County Sheriff's Department for law enforcement services and is currently served from a Sheriff's station in the adjacent city of Jurupa Valley.

Methodology

This chapter calculates impact fees using the system plan method discussed in Chapter 1. With this method, impact fees are calculated so that new development pays for its share of the cost of an integrated system of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the value of existing facilities plus the cost of planned facilities is divided by the combined demand associated with both existing development and planned development.

Service Area

Eastvale's new police station will serve all development in the City, and the impact fees calculated in this chapter are intended to apply to all new development in the City unless the fees for a project are limited by statute or established by a development agreement.

Demand Variable

A "demand variable" is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate impact fees for the police station in this chapter is Police Department calls for service per year.

Calls for service per year is used to represent the impact of development on the need for police station facilities because it represents a clear relationship between development and the demand for law enforcement services in the City. Calls-for-service-per-unit-per-year factors are shown by development type in Table 2.1 in Chapter 2.

Level-of-Service Standard

Eastvale has not adopted a formal level of service standard for police station facilities, but the City has prepared a plan for a new police station as part of the planned Civic Center complex. That facility would serve both existing and future development in Eastvale. The new police station is shown in the City's Capital Improvement Plan.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires, after January 1, 2022, that the level of service used in an impact fee study must be compared

with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required.

As noted above, the City is currently served from a Sheriff's Department station in Jurupa Valley. Eastvale was incorporated in 2010 and has not yet constructed its own police station. The City has determined that Eastvale needs its own police facility and has already set aside substantial financial reserves to be used in constructing such a facility.

The impact fees calculated in this chapter are necessarily based on a level of service higher than the existing level of service. That is a consequence of the fact that the City is still in the process of developing a full complement of public facilities since its incorporation in 2010. The impact fees calculated in this chapter will recover only future development's proportionate share of the cost of the new police station.

Planned Police Station

Table 7.1 summarizes the estimated costs for the planned new police station. Details of the planned police station and project costs can be found in the City's Capital Improvement Plan. Table 7.1 and also shows the amount of reserves the City has currently set aside to fund the project. Costs shown in Table 7.1 are from the City's current Capital Improvement Plan.

Table 7.1: Planned Police Station

Cost Component		Estimated Cost [1]
Building Construction	$	52,148,973
Land Cost	$	1,867,234
Total	**$**	**54,016,207**
Police Station Capital Reserves on Hand	$	(32,195,000)
Unfunded Cost	**$**	**21,821,207**

[1] Estimated costs from the Eastvale Capital Improvement Plan project detail sheet; police station capital reserves provided by the Eastvale Finance Department

Table 7.2 allocates the estimated cost of the new police station over the forecasted 2040 police calls for service per year in the City to arrive at an average cost per call. That approach ensures that costs are allocated equitably to existing and future development on a per-call basis.

Table 7.2: Buildout Level of Service

Estimated Facility Cost [1]	Buildout Calls for Service [2]	Cost per Call [3]
$54,016,207	41,822	$1,291.56

[1] See Table 7.1

[2] See Table 2.4

[3] Cost per capita = estimated facility cost / 2040 police calls for service per year

In the next section, the cost per call from Table 7.2 is used to calculate impact fees per unit for the police station.

Impact Fees per Unit

Table 7.3 shows the calculation of police station impact fees per unit of development, by development type. Those fees are calculated using the cost per call from Table 7.2 and police call per unit per year factors from Table 2.1.

Table 7.3: Police Impact Fees per Unit

Development Type	Dev Units [1]	Cost per Capita [2]	Calls for Svc per Unit [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$1,291.56	0.62	$ 800.77
Residential: 600-800 Sq. Ft.	DU	$1,291.56	0.69	$ 891.18
Residential: >800-1,200 Sq. Ft.	DU	$1,291.56	0.76	$ 981.59
Residential: >1,200-1,900 Sq. Ft.	DU	$1,291.56	0.85	$ 1,097.83
Residential: >1,900-2,300 Sq. Ft.	DU	$1,291.56	0.92	$ 1,188.24
Residential: >2,300 Sq. Ft.	DU	$1,291.56	0.99	$ 1,278.65
Hotel/Motel	Room	$1,291.56	0.60	$ 774.94
Commercial Retail	KSF	$1,291.56	4.05	$ 5,231.64
Business-Professional	KSF	$1,291.56	0.58	$ 750.23
Industrial/Industrial Flex	KSF	$1,291.56	0.09	$ 115.34

[1] DU = dwelling unit; KSF = 1,000 sq feet of gross leasable area (GLA); Room = each separately rentable room with a key

[2] See Table 7.2

[3] See Table 2.1

[4] Impact fee per unit = cost per capita X population per dwelling unit

Projected Revenue

Table 7.4 projects potential revenue from the police station impact fees. That projection is based on the impact fees per call from Table 7.2 and the added calls for service per year from Table 2.3.

Table 7.4: Projected Revenue from Police Impact Fees

Impact Fee per Call for Service [1]	Added Calls for Service [2]	Projected Revenue [3]
$1,291.56	14,727	$19,020,334

[1] See Table 7.2

[2] See Table 2.3; excludes calls for service from public facilities, parks and public schools

[3] Projected revenue = impact fee per call for service X added calls for service

New development's total share of the cost of the new City, to be funded by impact fees calculated in this report, is 35.2% of the facility's total cost. The projected revenue shown in Table 7.4 is less than the unfunded balance of $21,821,207 shown in Table 7.1, leaving $2,800,873 to be funded by the General Fund or other non-impact fee sources.

The projected revenue shown in Table 7.4 assumes that future development in the City will occur as forecasted in Chapter 2. It does not account for limits on impact fees that may be set by statute or development agreements for some future projects.

To the extent that projects with development agreements, or public facilities and schools, do not pay a fee to offset their impacts on the fire facilities, those impacts are required to be funded from sources other than impact fees.

Updating the Fees

The impact fees calculated in this chapter are based on estimated current construction costs for the police station. We recommend that the fees be reviewed annually and adjusted as needed using the most current estimates. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to recover new development's proportionate share of the cost of the new police station being planned to serve the City Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to pay part of the cost of a new police station being planned to serve all development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Plan.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to pay new development's proportionate share of the cost of the new police station planned to serve Eastvale out to 2040.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. Added calls for service associated with new development will increase the need for police facilities in Eastvale, and the new police station is being planned to accommodate the needs of both existing and future development. The impact fees calculated in this chapter will cover only new development's proportionate share of the cost of the police station.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the police station impact fees charged to a development project will depend on the increase in calls for service associated with that project. The fees per unit of development calculated in this chapter for each type of development are based on the estimated average police calls per unit per year generated by that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for police station facilities in the City.

.

Chapter 8. Fire Department Facilties

This chapter calculates impact fees for Fire Department facilities and vehicles for the City of Eastvale. Eastvale contracts with CAL FIRE through the Riverside County Fire Department for fire protection and emergency medical services. CAL FIRE provides staffing and firefighting apparatus while the City is responsible for providing fire stations and some vehicles. There are two existing fire stations in Eastvale, and the City is planning for a third fire station which is expected to start construction within three years.

Methodology

This chapter calculates impact fees using the system plan method discussed in Chapter 1. With this method, impact fees are calculated so that new development pays for its share of the cost of an integrated system of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the value of existing facilities plus the cost of planned facilities is divided by the combined demand associated with both existing development and planned development.

Service Area

The Fire Department facilities and vehicles addressed in this chapter will serve all development in the City, and the impact fees calculated in this chapter are intended to apply to all new development in the City unless the fees for a project are limited by statute or established by a development agreement.

Demand Variable

A “demand variable” is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate impact fees in this chapter is Fire Department calls for service per year.

Calls for service per year is used to represent the impact of development on the need for Fire Department facilities because it represents the best measure of the demand for fire protection and emergency response services in the City. Calls-for-service-per-unit-per-year factors are shown by development type in Table 2.1 in Chapter 2.

Level-of-Service Standard

The Eastvale Fire Department has not adopted a formal level of service standard for fire stations, but the City has determined that one additional fire station will be needed to serve the City at buildout. The City is setting aside money from the Fire Fund to help pay for construction of that station.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires, after January 1, 2022, that the level of service used in an impact fee study must be compared with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required.

Defining a level of service for fire protection and emergency response facilities is more complicated than for other types of facilities. Ultimately, that level of service must be measured primarily in terms of response time to emergency calls for service. And while the number and location of fire stations plays a role in determining response time performance, operational considerations also play a large part. So, for purposes of this study, response time itself cannot be used to establish a level-of-service standard for Fire Department facilities.

In this study, we use Fire Department calls for service as a measure of the service demand created by development. Calls-per-unit-per-year factors are established through analysis of recent call records and those factors vary by development type. The overall level of service is calculated as the cost of Fire Department facilities and vehicles per call for service per year.

However, that level of service changes over time as new development occurs and new facilities are constructed. Planning for an acceptable response time needs to be considered from a long-range perspective. Once a fire station is constructed, it is likely to remain in the same location for decades. Consequently, planners must look toward the ultimate demand pattern in order to locate fire stations efficiently.

It is important to view the fire protection and emergency response resources of a fire department as a whole. Individual fire stations with their apparatus and staff don't simply serve a designated area. In fact, all the elements of the fire service operate as an integrated system. Many calls for service are handled by the nearest fire station, but it is not uncommon that the resources of the nearest fire station may already be committed when a new call is received. In that case, resources from a different fire station must be deployed.

Furthermore, a single fire station, typically housing one engine company, is not capable of responding effectively to many fire calls. A fire in a single-family house fire may require several engines and other apparatus and at least 15 firefighters. That means a single, relatively small fire in Eastvale could require all available resources of the City's Fire Department as well as automatic aid or mutual aid from multiple fire stations in nearby communities.

This study takes the view that the fairest way to evaluate the level of service for a Fire Department, when calculating impact fees, is to consider conditions at buildout of the City when the overall plan has been realized. Since the Fire Department's level of service changes over time, focusing on the level of service at a single point in time prior to buildout can be misleading.

The buildout level of service used to calculate impact fees in this study is higher than the existing level of service, based on the average cost per call for existing development and existing facilities. However, all development at buildout will benefit from an increased level of service with the addition of a new fire station and the impact fees will cover only new development's

proportionate share of the overall cost. The City has already set aside enough money to pay for the existing community's share of fire station costs that exceed new development's proportionate share as reflected by projected calls for service in 2040. For those reasons, we believe the buildout level of service is the most appropriate for use in the impact fee calculations.

The total value of existing and planned fire department assets, as shown in Table 8.4 later in this chapter, is roughly $29.5 million. Based on development projections used in this study, at buildout, new development between 2024 and 2040 will generate about 28% of all 2040 Fire Department calls for service. The projected revenue from the impact fees calculated in this chapter is approximately $8 million, which is about 27% of the $29.5 million value of the Fire Department's existing and future assets (valued in current dollars).

Existing and Planned Fire Department Facilities

Table 8.1 lists the City's existing Fire Department facilities with their estimated replacement costs, including land.

Table 8.1: Existing Fire Stations

Facility	Constr Date	Building Sq Ft [1]	Site Acres [2]	Bldg Repl Cost [3]	Est Land Value [4]	Total Repl Cost [5]
Fire Station #27	2011	10,025	1.57	$ 3,602,900	$ 1,727,000	$ 5,329,900
FS #27 Storage Bldg	2011	576	Included	$ 68,300	$ 0	$ 68,300
Fire Station #31	2017	6,500	1.75	$ 3,029,773	$ 1,925,000	$ 4,954,773
Total						**$ 10,352,973**

[1] Existing fire station building area from City insured property schedule

[2] Site acreage provided by City staff

[3] Replacement cost for existing buildings sourced from City insured property schedule

[4] Estimated land value of $1,100,000 per acre is consistent with the land value used in the Capital Improvement Plan for the proposed new fire station

[5] Total replacement cost = sum of building replacement cost and land value

Table 8.2 summarizes the estimated construction costs for the planned third fire station and also shows the amount of reserves the City has currently set aside to fund the project. The new fire station will be located near the intersection of 58th Street and Scholar Way in the City's Downtown West policy area.

Table 8.2: Planned Fire Station

Cost Component	Estimated Cost [1]
Building Construction	$ 17,490,718
Land Cost (1.2 acres)	$ 1,352,650
Total	**$ 18,843,368**
Fire Fund Reserves on Hand	$ (10,000,000)
Fire Impact Fee Fund Balance (2/27/25)	$ (848,507)
Unfunded Cost	**$ 7,994,861**

[1] Estimated building construction cost and land cost from the Capital Improvement Plan

Table 8.3 lists the Eastvale Fire Department's existing vehicles with their current replacement cost.

Table 8.3: Existing Fire Department Vehicles

Model Year	Make	Description	Replacement Cost [1]
2015	Dodge	RAM Paramedic Squad	$ 265,300
2022	Ford	Maverick Pickup	$ 28,000
2022	Ford	Ranger Pickup	$ 28,000
Total			**$ 321,300**

Source: City of Eastvale vehicle schedule

Table 8.4 summarizes the Fire Department facility and vehicle costs from Tables 8.1, 8.2 and 8.3.

Table 8.4 Existing and Planned Fire Dept. Assets

Cost Component	Total Cost Basis [1]
Existing Fire Stations	$ 10,352,973
Planned Fire Station	$ 18,843,368
Existing Fire Department Vehicles	$ 321,300
Total Cost	**$ 29,517,641**

[1] See Tables 8.1, 8.2 and 8.3

Table 8.5 allocates the estimated cost of the existing and planned Fire Department assets to the forecasted 2040 fire calls for service per year in the City to arrive at an average 2040 cost per call.

That approach ensures that costs are allocated equitably to existing and future development on a per-call basis.

Table 8.5: Cost per Call for Service

Total Cost Basis[1]	2040 Calls for Service [2]	Cost per Call for Service [3]
$29,517,641	4,816	$6,129.55

[1] Total cost basis; see Table 8.4

[2] 2040 Fire calls for service per year; see Table 2.4

[3] Cost per call for service = total cost basis / 2040 calls for service per year

In the next section, the cost per call from Table 8.5 is used to calculate impact fees per unit for Fire Department facilities and vehicles.

Impact Fees per Unit

Table 8.6 shows the calculation of fire impact fees per unit of development, by development type. Those fees are calculated using the cost per call from Table 8.5 and calls-per-unit-per-year factors from Table 2.1. The impact fees shown in Table 8.6 would recover only new development's proportionate share of the cost of all Fire Department facilities and vehicles.

Table 8.6: Impact Fees per Unit

Development Type	Units [1]	Cost per Call [2]	Calls per Unit [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$6,129.55	0.100	$ 612.96
Residential: 600-800 Sq. Ft.	DU	$6,129.55	0.110	$ 674.25
Residential: >800-1,200 Sq. Ft.	DU	$6,129.55	0.120	$ 735.55
Residential: >1,200-1,900 Sq. Ft.	DU	$6,129.55	0.130	$ 796.84
Residential: >1,900-2,300 Sq. Ft.	DU	$6,129.55	0.140	$ 858.14
Residential: >2,300 Sq. Ft.	DU	$6,129.55	0.150	$ 919.43
Hotel/Motel	Room	$6,129.55	0.085	$ 517.95
Commercial Retail	KSF	$6,129.55	0.211	$ 1,294.87
Business-Professional	KSF	$6,129.55	0.059	$ 362.56
Industrial/Industrial Flex	KSF	$6,129.55	0.025	$ 155.38

[1] DU = dwelling unit; KSF = 1,000 sq feet of gross leasable area (GLA); Room = each separately rentable room with a key

[2] Cost per call for service; see Table 8.5

[3] Calls for service per unit; see Table 2.1

[4] Impact fee per unit = cost per call for service X calls for service per unit

Projected Revenue

Table 8.7 projects potential revenue from the fire impact fees. That projection is based on the impact fee per call from Table 8.5 and the added calls from Table 2.3.

Table 8.7: Projected Revenue from Fire Impact Fees

Impact Fee per Call for Service [1]	Added Calls for Service [2]	Projected Revenue [3]
$6,129.55	1,335	$8,180,825

[1] See Table 8.5

[2] See Table 2.3; excludes calls for service from public facilities, parks and public schools

[3] Projected revenue = impact fee per call for service X added calls for service

The unfunded cost of the planned new fire station, as shown in Table 8.2, is $7,994,861. That cost is slightly lower than the amount of projected revenue shown in Table 8.7, meaning if the impact fees are adopted as shown in Table 8.6, the projected revenue could exceed the unfunded cost of the planned new fire station by $185,964. To bring the impact fees in line with the unfunded

cost of the fire station, Table 8.8 recalculates the impact fees using a reduced cost per call so that the projected revenue from impact fees approximately equals the unfunded cost of the facility.

Table 8.8: Adjusted Impact Fees per Unit

Development Type	Units [1]	Cost per Call [2]	Calls per Unit [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$5,990.11	0.100	$ 599.01
Residential: 600-800 Sq. Ft.	DU	$5,990.11	0.110	$ 658.91
Residential: >800-1,200 Sq. Ft.	DU	$5,990.11	0.120	$ 718.81
Residential: >1,200-1,900 Sq. Ft.	DU	$5,990.11	0.130	$ 778.71
Residential: >1,900-2,300 Sq. Ft.	DU	$5,990.11	0.140	$ 838.62
Residential: >2,300 Sq. Ft.	DU	$5,990.11	0.150	$ 898.52
Hotel/Motel	Room	$5,990.11	0.085	$ 506.16
Commercial Retail	KSF	$5,990.11	0.211	$ 1,265.41
Business-Professional	KSF	$5,990.11	0.059	$ 354.32
Industrial/Industrial Flex	KSF	$5,990.11	0.025	$ 151.85

[1] DU = dwelling unit; KSF = 1,000 sq feet of gross leasable area (GLA); Room = each separately rentable room with a key

[2] Cost per call for service reduced by 2.275% so that projected revenue will approximately equal the unfunded cost of the fire station as shown in Table 8.2

[3] Calls for service per unit; see Table 2.1

[4] Impact fee per unit = cost per call for service X calls for service per unit

Table 8.9 shows the projected revenue from the fire impact fees using the adjusted cost per call from Table 8.8 and the added calls for service from Table 2.3, with calls for public facilities, public schools, and parks excluded.

Table 8.9: Projected Revenue from Adjusted Fire Impact Fees

Adj Impact Fee per Call for Service [1]	Added Calls for Service [2]	Projected Revenue [3]
$5,990.11	1,335	$7,994,717

[1] Adjusted impact fee per call for service reduced by 2.275% from the amount shown in Table 8.7

[2] See Table 2.3; excludes calls for service from public facilities, parks and public schools

[3] Projected revenue = impact fee per call for service X added calls for service

The projected revenue shown in Table 8.9 assumes that future development in the City will occur as forecasted in Chapter 2. It does not account for limits on impact fees set by development agreements for some future projects. It should also be noted that the total projected revenue is less than the total cost allocated to future development in this analysis based on the number of forecasted fire calls because some of those costs are associated with development such as public facilities and schools that are exempt from impact fees.

To the extent that projects with development agreements, or public facilities and schools, do not pay a fee to offset their impacts on the fire facilities, those impacts are required to be funded from sources other than impact fees.

Updating the Fees

The impact fees calculated in this chapter are based on estimated current construction costs for the Fire Department facilities and vehicles. We recommend that the fees be reviewed annually and adjusted as needed using the most current estimates. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Planned Improvements

Details regarding Eastvale's planned third fire station project and the estimated cost of the project can be found in the City's Capital Improvement Plan.

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to recover new development's proportionate share of the cost of the new Fire Department facilities being planned to serve the City Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to pay part of the cost of Fire Department facilities being planned to serve new development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Plan. As provided by the Mitigation Fee Act, revenue from impact fees may also be used for temporary loans from one impact fee fund or account to another.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to pay new development's proportionate share of the cost of additional Fire Department facilities planned to serve Eastvale out to 2040.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. Added calls for service associated with new development will increase the need for Fire Department facilities in Eastvale. The impact fees calculated in this chapter will cover only new development's proportionate share of the cost of the additional Fire Department facilities.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the fire impact fees charged to a development project will depend on the increase in calls for service associated with that project. The fees per unit of development calculated in this chapter for each type of development are based on the estimated average fire calls per unit per year for that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for Fire Department facilities in the City.

Chapter 9. Implementation

This chapter of the report summarizes requirements for adoption and administration of impact fees, calculated in this study. It was not prepared by an attorney and is not intended as legal advice.

Statutory requirements for the adoption and administration of fees imposed as a condition of development approval (impact fees) are found in the Mitigation Fee Act (Government Code Sections 66000 *et seq.*).

Adoption

NBS recommends that the City obtain legal advice from the City Attorney regarding the form by which development impact fees are enacted. Procedures for adoption of fees subject to the Mitigation Fee Act, including notice and public-hearing requirements, are specified in Government Code Sections 66016 and 66018. It should be noted that Section 66018 refers to Government Code Section 6062a, which requires that the public hearing notice be published at least twice during the 10-day notice period. However, Section 66016.5 added by AB 602 in 2021 requires that impact fee nexus studies be adopted at a public hearing with at least a 30-day notice.

Government Code Section 66017 provides that fees subject to the Mitigation Fee Act do not become effective until 60 days after final action by the governing body.

Actions establishing or increasing fees subject to the Mitigation Act require certain findings, as set forth in Government Code Section 66001 and discussed in Chapter 1 of this report.

NBS recommends that the City obtain legal advice from the City Attorney as to the specific language of those findings. A nexus summary for each impact fee calculated in this report can be found in individual chapters of this report and those nexus summaries may be used to support the findings required by Section 66001.

Administration

The California Mitigation Fee Act (Government Code Sections 66000 et seq.) mandates procedures for administration of impact fee programs, including collection and accounting, reporting, and refunds. References to code sections in the following paragraphs pertain to the California Government Code.

Notices and Statute of Limitations. Section 66006 (f) provides that a local agency, at the time it imposes a fee for public improvements on a specific development project, "... shall identify the public improvement that the fee will be used to finance." The required notification could refer to the capital improvement plan that must now be adopted with each new impact fee nexus study.

Section 66020 (d) (1) requires that the agency, at the time it imposes an impact fee, provide a written statement of the amount of the fee and written notice of a 90-day period during which the imposition of the fee can be protested. Failure to protest imposition of the fee during that period may deprive the fee payer of the right to subsequent legal challenge.

Section 66022 (a) provides a separate procedure for challenging the establishment of an impact fee. Such challenges must be filed within 120 days of enactment.

Collection of Fees. Section 66007, as amended by SB 937 in 2024, provides that, with some exceptions, a local agency shall not require payment of impact fees by developers of residential development projects prior to the issuance of the first certificate of occupancy, or first temporary certificate of occupancy, whichever occurs first. That provision does not apply if construction of the residential development does not begin within five years of the date upon which the building permit is issued.

An exception that allows utility service fees to be collected when an application for service

is received, is now limited to the cost of "connection activities."

Local agencies may require payment of fees prior to issuance of a certificate of occupancy under certain conditions, including if the fees are to reimburse the agency for expenditures previously made (or to fund projects with an adopted construction schedule or plan with appropriated funds), unless the project reserves at least 49% of residential units for occupancy by lower income households. For such projects, the local agency may require posting of a performance bond or letter of credit from a federally insured depository institution to guarantee payment when the fees are eligible for collection.

In cases where the fees are not collected upon issuance of building permits, Sections 66007 (d) (1) and (2) provide that the City may require the property owner to execute a contract to pay the fee, and to record that contract as a lien against the property until the fees are paid. The local agency may not charge interest or other fees on any amounts deferred pursuant to Section 66007.

If a residential development contains more than one dwelling, the local agency may determine whether the fees or charges described shall be paid on a pro rata basis for each dwelling when it receives its certificate of occupancy, on a pro rata basis when a certain percentage of the dwellings have received their certificate of occupancy, or on a lump-sum basis when all the dwellings in the development receive their certificate of occupancy.

Statutory restrictions on the time at which fees may be collected do not apply to non-residential development.

Earmarking and Expenditure of Fee Revenue. Section 66006 (a) mandates that fees be deposited "with other fees for the improvement in a separate capital facilities account or fund in a manner to avoid any commingling of the fees with other revenues and funds of the local agency, except for temporary investments, and expend those fees solely for the purpose for

which the fee was collected." Section 66006 (a) also requires that interest earned on impact fee revenues be placed in the capital account and used for the same purpose.

Common practice is to maintain separate funds or accounts for impact fee revenues by facility category (i.e., streets, park improvements), but not for individual projects.

Impact Fee Exemptions, Reductions, and Waivers. In the event that a development project is found to have no impact on facilities for which impact fees are charged, such project must be exempted from the fees.

If a project has characteristics that will make its impacts on a particular public facility or infrastructure system significantly and permanently smaller than the average impact used to calculate impact fees in this study, the fees should be reduced accordingly to meet the requirement that there must be a reasonable relationship between the amount of the fee and the cost of the public facility attributable to the development on which the fee is imposed. The fee reduction is required if the fee is not proportional to the impact of the development on relevant public facilities.

In some cases, an agency may desire to voluntarily waive or reduce impact fees that would otherwise apply to a project as a way of promoting goals such as affordable housing or economic development. Such a waiver or reduction is within the discretion of the governing body but may not result in increased costs to other development projects. So, the effect of such policies is that the lost revenue must be made up from sources other than impact fees.

Credit for Improvements Provided by Developers. If the City requires a developer, as a condition of project approval, to dedicate land or construct facilities or improvements for which impact fees are charged, the City should ensure that the impact fees are adjusted so that the overall contribution by the developer does not exceed the impact created by the development.

In the event that a developer voluntarily offers to dedicate land, or construct facilities or improvements in lieu of paying impact fees, the City may accept or reject such offers and may negotiate the terms under which such an offer would be accepted. Excess contributions by a developer may be offset by reimbursement agreements.

Credit for Existing Development. If a project involves replacement, redevelopment or intensification of previously existing development, impact fees should be applied only to the portion of the project that represents a net increase in demand for relevant City facilities, applying the measure of demand used in this study to calculate that impact fee.

Annual Report. Section 66006 (b) (1) requires that once each year, within 180 days of the close of the fiscal year, the local agency must make available to the public the following information for each separate account established to receive impact fee revenues:

1. A brief description of the type of fee in the account or fund;
2. The amount of the fee;

3. The beginning and ending balance of the account or fund;
4. The amount of the fees collected and interest earned;
5. Identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the percentage of the cost of the public improvement that was funded with fees;
6. Identification of the approximate date by which the construction of a public improvement will commence, if the City determines sufficient funds have been collected to complete financing of an incomplete public improvement; An identification of each public improvement identified in a previous report and whether construction began on the approximate date noted in the previous report. For a project identified for which construction did not commence by the approximate date provided in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction;
7. A description of each inter-fund transfer or loan made from the account or fund, including interest rates, repayment dates, and a description of the improvement on which the transfer or loan will be expended;
8. The amount of any refunds or allocations made pursuant to Section 66001, paragraphs (e) and (f).

The annual report must be reviewed by the City Council at its next regularly scheduled public meeting, but not less than 15 days after the statements are made public, per Section 66006 (b) (2).

Five-Year Findings and Refunds under the Mitigation Fee Act. Prior to 1996, The Mitigation Fee Act required that a local agency collecting impact fees was required to expend or commit impact fee revenue within five years or make findings to justify a continued need for the money. Otherwise, those funds had to be refunded. SB 1693, adopted in 1996 as an amendment to the Mitigation Fee Act, changed that requirement in material ways.

Now, Section 66001 (d) requires that, for the fifth fiscal year following the first deposit of any impact fee revenue into an account or fund as required by Section 66006 (b), and every five years thereafter, the local agency shall make all of the following findings for any fee revenue that remains unexpended, whether committed or uncommitted:

1. Identify the purpose to which the fee will be put;
2. Demonstrate the reasonable relationship between the fee and the purpose for which it is charged;
3. Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements for which impact fees are to be used;
4. Designate the approximate dates on which the funding necessary to complete

financing of those improvements will be deposited into the appropriate account or fund.

Those findings are to be made in conjunction with the annual reports discussed above. If such findings are not made as required by Section 66001, the local agency could be required to refund the moneys in the account or fund, per Section 66001 (d).

Once the agency determines that sufficient funds have been collected to complete financing on incomplete improvements for which impact fee revenue is to be used, it must, within 180 days of that determination, identify an approximate date by which construction of the public improvement will be commenced (Section 66001 (e)). If the agency fails to comply with that requirement, it must refund impact fee revenue in the account according to procedures specified in Section 66001 (d).

For a useful discussion of the foregoing requirements, see "The Mitigation Fee Act's Five-Year Findings Requirement: Beware Costly Pitfalls" by Glen Hansen, Senior Counsel, Abbott and Kindermann, and Rick Jarvis, Managing Partner, Jarvis, Fay and Gibson, presented at the 2022 League of California Cities City Attorneys Spring Conference.

Audit Requests. Section 66023 provides that any person may request an audit to determine whether any fee or charge levied by a local agency exceeds the amount reasonably necessary to cover the cost of any product, public facility, as defined in Section 66000, or service provided by the local agency. The legislative body of the local agency may retain an independent auditor to conduct the audit but is not required to conduct an audit if an audit has been performed for the same fee within the previous 12 months.

The agency shall retain an independent auditor to conduct an audit only if the person who requests the audit deposits with the local agency the amount of the local agency's reasonable estimate of the cost of the independent audit. At the conclusion of the audit, the local agency shall reimburse unused sums, if any, or the requesting person shall pay the local agency the excess of the actual cost of the audit over the amount that was deposited.

However, if the local agency fails to comply with the annual report requirement of Section 66006 following the establishment, increase or imposition of a fee, but requires payment of that fee in connection with the approval of a development project for three consecutive years, the agency shall not require a deposit for the independent audit and shall pay the cost of the audit.

Indexing of Impact Fees. Impact fees calculated in this report are based on current costs and should be adjusted periodically to account for changes in the cost of facilities or other capital assets that will be funded by those fees. That adjustment is intended to account for escalation in costs for land, construction, vehicles and other relevant capital assets. The *Engineering News Record* Building Cost Index (BCI) and Construction Cost Index (CCI), as well as the General Services Department's California Construction Cost Index, are useful for indexing construction costs. Where land costs are covered by an impact fee or in-lieu fee, land costs should be adjusted

based on changes in local land prices. Costs for vehicles and equipment should be updated based on vendors' quotes.

Requirements Imposed by AB 602

As noted in Chapter 1, AB 602, which took effect in 2022, creates some new requirements for impact fees. The new law amends Government Code Section 65940.1 and adds Section 66016.5 to impose the following requirements:

1) A city, county or special district that has an internet website shall post on its website:
    a) A current written schedule of fees, exactions and affordability requirements applicable to a proposed housing development project, and shall present that information in a manner that identifies the fees, exactions and affordability requirements that apply to each parcel and the fees that apply to each new water and sewer utility connection
    b) All zoning ordinances and development standards and specifying the zoning, design and development standards that apply to each parcel
    c) A list of the information that will be required from any applicant for a development project, as specified in Government Code Section 69540
    d) The current and five previous annual fee reports required by Government Code Section 66006 and Subsection 66013 (d).
    e) An archive of impact fee nexus studies, cost of service studies or equivalent conducted on or after January 1, 2018.
2) The above information shall be updated within 30 days of any changes
3) A City or County shall request from a development proponent, upon issuance of a certificate of occupancy or final inspection, the total amount of fees and exactions associated with the project for which the certificate is issued. That information must be posted on the website and updated at least twice a year.
4) Before adoption of an impact fee, an impact fee nexus study shall be adopted.
5) When applicable, the nexus study shall identify the existing level of service for each public facility, identify the proposed new level of service and explain why the new level of service is appropriate
6) If a nexus study supports the increase of an existing fee, the local agency shall review the assumptions of the nexus study supporting the original fee and evaluate the amount of the fees collected under the original fee.
7) A nexus study adopted after July 1, 2022, shall calculate a fee imposed on a housing development project proportionately to the square footage of the proposed units of the development. A local agency that imposes a fee proportionately to the square footage if the proposed units of the development shall be deemed to have used a valid method to

establish a reasonable relationship between the fee charged and the burden posed by the development. A nexus study is not required to comply with this requirement if the agency makes certain findings outlined in the statute.

8) Large jurisdictions as defined in Section 53559.1 (d) of the Health and Safety Code (counties of 250,000 or more and cities in those counties) shall adopt a capital improvement plan as part of a nexus study.
9) All studies shall be adopted at a public hearing with at least 30-day's notice, and the local agency shall notify any member of the public that requests notice of intent to begin an impact fee nexus study of the date of the hearing.
10) Impact fee nexus studies shall be updated at least every eight years, beginning on January 1, 2022.

Training and Public Information

Effective administration of an impact fee program requires considerable preparation and training. It is important that those responsible for collecting the fees, and for explaining them to the public, understand both the details of the fee program and its supporting rationale.

It is also useful to pay close attention to handouts that provide information to the public regarding impact fees. Impact fees should be clearly distinguished from other fees, such as user fees for application processing, and the purpose and use of particular impact fees should be made clear.

Finally, anyone responsible for accounting, capital budgeting, or project management for projects involving impact fees must be fully aware of the restrictions placed on the expenditure of impact fee revenues. Fees must be expended for the purposes identified in the impact fee nexus study in which they were calculated, and the City must be able to show that funds have been properly expended.

Fee Comparison Appendix A

Executive Summary

The City of Eastvale retained NBS Government Finance Group to prepare this study to analyze the impacts of new development on several types of City capital facilities and to calculate impact fees based on that analysis. The methods used in this study are intended to satisfy all legal requirements of the U. S. Constitution, the California Constitution and the California Mitigation Fee Act (Government Code Sections 66000 *et seq*.). In particular, this study is intended to address the requirements of an "impact fee nexus study" as set forth in Government Code Section 66016.5.

Organization of the Report

Chapter 1 of this report provides an overview of the legal requirements for establishing and imposing such fees, and methods that can be used to calculate impact fees.

Chapter 2 contains data on existing and future development used in this report.

Chapters 3 through 8 analyze the impacts of development on specific types of facilities and calculate impact fees for those facilities. The facilities addressed in this report are listed by chapter below:

Chapter 3. ~~Park Land and~~ Park Improvements
Chapter 4. Community and Recreation Centers
Chapter 5. Libraries
Chapter 6. City Hall
Chapter 7. Police Station
Chapter 8. Fire Station

Chapter 9 contains recommendations for adopting and implementing impact fees, including suggested findings to satisfy the requirements of the Mitigation Fee Act.

Appendix A to this report provides a comparison of Eastvale's existing and proposed impact fees to the cities of Chino, Corona, Jurupa Valley, Norco, and Ontario. The purpose of the comparison is to provide a sense of the regional and/or comparable pricing for impact fees, and to use that information to gauge the impact of recommendations for fee adjustments. It should be noted that comparison to other agencies does not provide information about the cost recovery policies or procedures followed in relation to their impact fees. A "market based" decision to price services below the maximum impact fee calculation, is the same as deciding to subsidize that service. Survey efforts are sometimes also non-conclusive for certain fee categories and development types because of varied terminology and approaches to calculating impact fees.

Development Data

Chapter 2 of this report presents estimates of existing development in Eastvale and a forecast of future development through 2040. Chapter 2 also establishes values for factors such as population per unit, service population per unit, and police and fire calls per unit that are used in the impact fee calculations.

It is important to note that because of provisions of AB 602 that were incorporated into California law effective in 2022, impact fee categories for residential development in this study are defined in terms of unit-size categories, broken down by square footage ranges. Prior to the adoption of AB 602 it was common practice to base residential impact fees on unit type categories (e.g., single-family or multi-family units).

Impact Fee Analysis

The impact fee analysis for each type of facility addressed in this report is presented in a separate chapter. In each case, the relationship, or nexus, between development and the need for a particular type of facility is defined in a way that allows the impact of additional development on facility needs to be quantified.

The impact fees are based on capital costs for facilities and other capital assets needed to mitigate the impacts of additional development. Impact fees may not be used for maintenance or operating costs. Impact fees calculated in this study are intended to recover only new development's proportionate share of the cost of facilities. Costs attributable to existing development must be funded by non-impact fee funds. The City has set aside substantial reserves from the General Fund and, for the new fire station, the Fire Fund to cover those costs.

The following paragraphs briefly discuss the methods used to calculate impact fees for each of the facility types addressed in this study.

Parks Improvements. Impact fees for park improvements in Chapter 3 are calculated using the existing inventory method discussed in Chapter 1, which means that impact fees for park improvements are based on the existing level of service for those facilities in the City. The impact fees calculated in Chapter 3 are based on the City's existing level of service in terms of improved park acres per capita of population. The estimated cost per acre for park improvements is used to determine a cost per capita which is then converted into fees per unit of residential development based on the estimated average population per unit for each type of residential development defined in this report. Because added population is associated with new residential development, the park improvement impact fees apply only to residential development.

Community and Recreation Centers. Impact fees for community and recreation centers in Chapter 4 are calculated using the existing inventory method discussed in Chapter 1, which means that impact fees for community and recreation centers are based on the existing level of service for those facilities in the City. The impact of development on the need for those facilities is represented by the added population associated with new residential development. The

existing level of service is defined as the replacement cost of existing facilities per capita of existing population.

The cost per capita is converted into fees per unit of development based on the estimated average population per unit for each type of residential development defined in this report. Because added population is associated with residential development, impact fees for community and recreation centers apply only to new residential development in the City.

Library. The Library impact fees in Chapter 5 are calculated using the system plan method. That method bases the impact fees on future conditions, so the cost of the planned new library is allocated to both existing and future development in the City. In this case, future development is projected out to 2040. The library impact fees are based on new development's proportionate share of the cost of the planned new library at the Civic Center, based on new development's share of the City's 2040 population. The relationship between the estimated cost of the library and the forecasted 2040 population is stated as a cost per capita. The impact fees are calculated as the cost per capita multiplied by the population per unit for each type of residential development defined in this study. Because added population is associated with residential development, the impact fees for the Library apply only to new residential development in the City.

City Hall. The City Hall impact fees in Chapter 6 are calculated using the system plan method. That method bases the impact fees on future conditions, so the cost of the planned new City Hall is allocated to both existing and future development in the City. In this case, future development is projected out to 2040. The impact of new development on the need for City Hall is represented by service population, a weighted composite of resident population and employees of businesses in the City. See Chapter 2 for a more detailed discussion of service population.

The City Hall impact fees are based on new development's proportionate share of the cost of the planned new City Hall based on new development's share of the City's 2040 service population. The relationship between the estimated cost of the new City Hall and the forecasted 2040 service population is stated as a cost per capita of service population. The impact fees are calculated as the cost per capita of service population multiplied by the service population per unit for each type of development defined in this study. The City Hall impact fees apply to all types of new development in the City.

Police Station. The police impact fees in Chapter 7 are calculated using the system plan method. That method bases the impact fees on future conditions, so the cost of the planned police station is allocated to both existing and future development in the City. In this case, future development is projected out to 2040. The impact of new development on the need for the police station is represented by calls for service per year to the Police Department. Police station impact fees are based on new development's proportionate share of the projected number of calls for service per year, which is stated as a cost per call for service.

As part of this study, NBS analyzed the distribution of Police Department calls for service for a full year to determine the average number of calls per unit per year generated by different types

of development. The impact fees are calculated as the cost per call for service multiplied by the calls per unit per year associated with each type of development defined in this study. The police station impact fees apply to all types of new development in the City.

Fire Station. The fire impact fees in Chapter 8 are calculated using the system plan method. That method bases the impact fees on future conditions, so the cost of both existing and future Fire Department assets serving the City are allocated to both existing and future development in the City. In this case, future development is projected out to 2040.

The impact of development Fire Department facilities, apparatus and equipment is represented in this study by the number of Fire Department calls for service per year generated by development in the City. As part of this study, NBS analyzed the distribution of fire calls for service for a full year to determine the average number of calls per unit per year generated by different types of development.

A cost per call for service per year is calculated by dividing estimated 2040 Fire Department asset costs, in current dollars, by the projected number of calls for service per year generated by development in the City in 2040. Then, an impact fee per unit is calculated by multiplying that cost per call by the number of calls for service per year generated by each category of development defined in this study.

Impact Fee Summary

Table S.1 shows the impact fees calculated in this report. Blank areas in the table indicate that some impact fees are not calculated for non-residential development.

Table S.1: Summary of Development Impact Fees per Unit Calculated in This Study

Development Type	Units [1]	Park Imprvmts	Comm/Rec Centers	Library	City Hall	Police	Fire	Total
Residential: <600 Sq. Ft.	DU	2,558	532	640	755	801	613	**$ 5,899**
Residential: 600-800 Sq. Ft.	DU	3,720	774	931	1,099	891	674	**$ 8,089**
Residential: >800-1,200 Sq. Ft.	DU	5,115	1,065	1,280	1,511	982	736	**$ 10,688**
Residential: >1,200-1,900 Sq. Ft.	DU	7,208	1,500	1,804	2,129	1,098	797	**$ 14,535**
Residential: >1,900-2,300 Sq. Ft.	DU	9,533	1,984	2,385	2,816	1,188	858	**$ 18,764**
Residential: >2,300 Sq. Ft.	DU	12,323	2,565	3,084	3,640	1,279	919	**$ 23,809**
Hotel/Motel	Room				1,498	775	518	**$ 2,791**
Commercial Retail	KSF				2,033	5,232	1,295	**$ 8,559**
Business-Professional	KSF				1,360	750	363	**$ 2,473**
Industrial/Industrial Flex	KSF				543	115	155	**$ 813**

[1] DU = dwelling unit; KSF = 1,000 gross square feet of building area; Room = each separately rentable room with a key

Table S.2 shows the City's existing impact fees. Currently, the City charges impact fees for transportation, fire, and general facilities. This study does not address transportation impact

fees. Specific impact fees are calculated in this study for parks, community and recreation centers, City Hall, the library, the police station and the fire station.

Table S.2: Existing Impact Fees From City of Eastvale Fee Schedule

Development Type	Units [1]	General [2]	Fire	**Total**
Residential, Multi-Family	DU	650	332	**$ 982**
Residential, Single-Family	DU	942	481	**$ 1,423**
Commercial Retail	KSF	150	132	**$ 282**
Office/Business Park	KSF	149	132	**$ 281**
Industrial/Industrial Flex	KSF	156	137	**$ 293**

[1] DU = dwelling unit; KSF = 1,000 gross square feet of building area; Room = each separately rentable room with a key

[2] Existing "General" Impact Fee charged by City includes City Hall and Library

Because there are so many differences between the existing and proposed impact fees, in terms of facility types and development types, it is not practical to provide a table comparing the existing and proposed impact fees.

Chapter 1. Introduction

Purpose

The purpose of this study is to analyze the impacts of development on the need for certain capital facilities and other capital assets provided by the City of Eastvale and to calculate impact fees based on that analysis. This report documents the approach, data and methodology used in this study to calculate impact fees.

The methods used to calculate impact fees and in-lieu fees in this report are intended to satisfy all legal requirements governing such fees, including provisions of the U. S. Constitution, the California Constitution and the California Mitigation Fee Act (Government Code Sections 66000-66025) and the Quimby Act (Government Code Section 66477), where applicable.

Legal Framework for Impact Fees

This brief summary of the legal framework for development fees is intended as a general overview. It was not prepared by an attorney and should not be treated as legal advice.

U. S. Constitution. Like all land use regulations, development exactions, including impact fees, are subject to the 5th Amendment prohibition on taking of private property for public use without just compensation. Both state and federal courts have recognized the imposition of impact fees on development as a legitimate form of land use regulation, provided the fees meet standards intended to protect against "regulatory takings." Generally, a regulatory taking occurs when regulations unreasonably deprive landowners of property rights protected by the Constitution.

In two landmark cases dealing with exactions, the U. S. Supreme Court identified the legal standard applied to a government agency when requiring the dedication of land or an interest in land as a condition of development approval or imposing ad hoc exactions as a condition of approval on a single development project. To meet that standard, the agency must demonstrate an "essential nexus" between such exactions and the interest being protected (See Nollan v. California Coastal Commission, 1987) and make an "individualized determination" that the exaction imposed is "roughly proportional" to the burden created by development (See Dolan v. City of Tigard, 1994).

In April 2024, the U. S. Supreme Court ruled in Sheetz v. County of El Dorado, that legislatively adopted impact fees must also consider the 5th Amendment limitations to avoid a "taking" of private property. The Court in Sheetz recognized that the "degree of specificity" for a legislatively enacted impact fee on a class of properties may differ from the site-specific individualized determination that is needed when imposing a fee on a particular project.

In this study, the methods used to calculate impact fees quantify the impacts of different types of development on various types of facilities based on demand variables that represent the service demand generated by each type of development.

Defining "Nexus." The nexus required to justify exactions and impact fees can be thought of as having the three elements discussed below. We think proportionality is logically included as one element of that nexus, even though it was discussed separately in Dolan v. Tigard. The elements of the nexus discussed below mirror the three "reasonable relationship" findings required by the Mitigation Fee Act for establishment and imposition of impact fees.

Need or Impact. Development must create a need for the public facilities to be funded by impact fees. All new development in a community creates additional demands on some or all public facilities provided by local government. If the capacity of facilities is not increased to satisfy the additional demand, the quality or availability of public services for the entire community will deteriorate. Impact fees may be used to recover the cost of development-related facilities, but only to the extent that the need for facilities is related to the development project subject to the fees.

The Nollan decision reinforced the principle that development exactions may be used only to mitigate impacts created by the development projects upon which they are imposed. In this study, the impact of development on facility needs is analyzed in terms of quantifiable relationships between various types of development and the demand for public facilities based on applicable level-of-service standards. This report contains all of the information needed to demonstrate compliance with this element of the nexus.

Benefit. Development must benefit from facilities funded by impact fees. With respect to the benefit relationship, the most basic requirement is that facilities funded by impact fees be available to serve the development paying the fees. A sufficient benefit relationship also requires that impact fee revenues be segregated from other funds and expended in a timely manner on the facilities for which the fees were charged. Nothing in the U.S. Constitution or California law requires that facilities paid for with impact fee revenues be available exclusively to development projects paying the fees.

Procedures for earmarking and expenditure of fee revenues are mandated by the Mitigation Fee Act, as are procedures to ensure that the fees are either expended in a timely manner or refunded. Those requirements are intended to ensure that developments benefit from the impact fees they are required to pay. Thus, over time, procedural issues as well as substantive issues can come into play with respect to the benefit element of the nexus.

Proportionality. Impact fees must be proportional to the impact created by a particular development project. Proportionality in impact fees depends on properly identifying development-related facility costs and calculating the fees in such a way that those costs are allocated in proportion to the facility needs created by different types and amounts of development. The section on impact fee methodology, below, describes methods used to allocate facility costs and calculate impact fees that meet the proportionality standard.

California Constitution. The California Constitution grants broad police power to local governments, including the authority to regulate land use and development. The police power is an important source of authority for local governments in California to impose impact fees on development. Some impact fees have been challenged on grounds that they are special taxes imposed without voter approval in violation of Article XIIIA. However, that objection is valid only if the fees charged to a project exceed the cost of providing facilities needed to serve the project. In that case, the fees would also run afoul of the U. S. Constitution and the Mitigation Fee Act.

Articles XIIIC and XIIID, added to the California Constitution by Proposition 218 in 1996, establish procedures public agencies are required to follow for some "property-related fees," but exempt "the imposition of fees or charges, as a condition of property development." Thus, impact fees that comply with the requirements of the Mitigation Fee Act are exempt from those requirements.

The Mitigation Fee Act. California's impact fee statute originated in Assembly Bill 1600 during the 1987 session of the Legislature and took effect in January 1989. AB 1600 added several sections to the Government Code, beginning with Section 66000. Since that time, the impact fee statute has been amended from time to time, and in 1997 was officially titled the "Mitigation Fee Act." Unless otherwise noted, code sections referenced in this report are from the Government Code.

The Mitigation Fee Act does not limit the types of capital improvements for which impact fees may be charged. It defines public facilities very broadly to include "public improvements, public services and community amenities." Although the issue is not specifically addressed in the Mitigation Fee Act, it is clear both in case law and statute (see Government Code Section 65913.8) that impact fees may not be used to pay for ongoing maintenance or operating costs. Consequently, the fees calculated in this report are based on the cost of capital assets only.

The Mitigation Fee Act does not use the term "mitigation fee" except in its official title. Nor does it use the common term "impact fee." The Act simply uses the word "fee," which is defined as "a monetary exaction, other than a tax or special assessment…that is charged by a local agency to the applicant in connection with approval of a development project for the purpose of defraying all or a portion of the cost of public facilities related to the development project …."

To avoid confusion with other types of fees, this report uses the widely accepted term "impact fee" which should be understood to mean "fee" as defined in the Mitigation Fee Act.

The Mitigation Fee Act contains requirements for establishing, increasing and imposing impact fees. They are summarized below. It also contains provisions that govern the collection and expenditure of fees and requires annual reports and periodic re-evaluation of impact fee programs. Those administrative requirements are discussed in the implementation chapter of this report.

Required Findings. Section 66001 (a) requires that an agency establishing, increasing or imposing impact fees, must make findings to:

1. Identify the purpose of the fee
2. Identify the use of the fee; and
3. Determine that there is a reasonable relationship between the use of the fee and the development type on which it is imposed
4. Determine that there is a reasonable relationship between the need for the facility and the type of development on which the fee is imposed

In addition, Section 66001 (b) requires that in any action imposing a fee as a condition of approval of a development project by a local agency, the local agency shall determine how there is a reasonable relationship between the amount of the fee and the cost of the public facility or portion of the public facility attributable to the development on which the fee is imposed. The requirements outlined above are discussed in more detail below.

Identifying the Purpose of the Fees. The broad purpose of impact fees is to protect public health, safety and general welfare by providing for adequate public facilities. The specific purpose of the fees calculated in this study is to fund acquisition or construction of certain capital assets that will be needed to mitigate the impacts of planned new development on City facilities, and to maintain an acceptable level of public services as the City grows.

This report recommends that findings regarding the purpose of an impact fee should define the purpose broadly, as providing for the funding of adequate public facilities to serve additional development.

Identifying the Use of the Fees. According to Section 66001(a)(2), if a fee is used to finance public facilities, those facilities must be identified. A capital improvement plan may be used for that purpose but is not mandatory if the facilities are identified in a General Plan, a Specific Plan, or in other public documents. Section 66002 (b) requires that if a capital improvement plan is used to identify the facilities, it must be updated annually.

However, a new provision in Section 66016.5, which was added by AB 602 in 2021, requires that large jurisdictions adopt a capital improvement plan as part of an impact fee study. That requirement applies to impact fee studies adopted after January 1, 2022. “Large jurisdiction” means a county of 250,000 or more or any city within that county. The statute does not provide any detail about what must be included in the capital improvement plan or how it should relate to the impact fee study.

That new requirement of Section 66016.5 is in addition to the existing provisions of Section 66001(a)(2) (which allows a public agency to use a capital improvement plan to identify the use of a fee) and Section 66002(b) (which requires a public agency that relies on a capital improvement plan as a part of a fee justification to update the plan annually).

Reasonable Relationship Requirement. As discussed above, Section 66001 requires that, for fees subject to its provisions, a "reasonable relationship" must be demonstrated between:

1. the use of the fee and the type of development on which it is imposed;
2. the need for a public facility and the type of development on which a fee is imposed; and,
3. the amount of the fee and the facility cost attributable to the development on which the fee is imposed.

For the third requirement in that list, there are open legal questions regarding the level of detail required for a legislatively adopted fee schedule as compared to an "ad hoc" imposition of a fee on a development project. However, it is reasonable to assume that all three are part of a complete "nexus" or "reasonable relationship" framework. Impact fees calculated in this report are based on a proportional allocation of eligible costs to various types of development.

Development Agreements and Reimbursement Agreements. The requirements of the Mitigation Fee Act do not apply to fees collected under development agreements (see Govt. Code Section 66000) or reimbursement agreements (see Govt. Code Section 66003). The same is true of fees in lieu of park land dedication imposed under the Quimby Act (see Govt. Code Section 66477).

Existing Deficiencies. In 2006, Section 66001(g) was added to the Mitigation Fee Act (by AB 2751) to clarify that impact fees "shall not include costs attributable to existing deficiencies in public facilities,…" The legislature's intent in adopting this amendment, as stated in the bill, was to codify the holdings of Bixel v. City of Los Angeles (1989), Rohn v. City of Visalia (1989), and Shapell Industries Inc. v. Governing Board (1991).

That amendment does not appear to be a substantive change. It is widely understood that other provisions of law make it improper for impact fees to include costs for correcting existing deficiencies.

However, Section 66001(g) also states that impact fees "may include the costs attributable to the increased demand for public facilities reasonably related to the development project in order to (1) refurbish existing facilities to maintain the existing level of service or (2) achieve an adopted level of service that is consistent with the general plan." (Emphasis added.)

Impact Fees for Existing Facilities. Impact fees may be used to recover costs for existing facilities to the extent that those facilities are needed to serve additional development and have the capacity to do so. In other words, it must be possible to show that fees used to pay for existing facilities meet the need and benefit elements of the nexus. As a practical matter, such fees are difficult to implement unless the fees can be used to repay outstanding debt related to the facilities in question.

Recent Legislation

Several new laws enacted by the State of California since 2019 to facilitate development of affordable housing bear on the implementation of impact fees calculated in this study. Below are brief overviews of some key bills passed since 2019.

SB 330 – The Housing Crisis Act of 2019. Amendments to existing law contained in SB 330 prohibit the imposition of new approval requirements on a housing development project once a preliminary application has been submitted. That provision applies to increases in impact fees and in-lieu fees, except when the resolution or ordinance establishing the fee authorizes automatic, inflationary adjustments to the fee or exaction.

AB 1483 – Housing Data: Collection and Reporting. AB 1483 requires that a city, county or special district must post on its website a current schedule of its fees and exactions, as well as associated nexus studies and annual reports. Updates must be posted within 30 days.

SB 13 – Accessory Dwelling Units. SB 13 prohibits the imposition of impact fees on accessory dwelling units (ADUs) smaller than 750 square feet and provides that impact fees for ADUs of 750 square feet or more must be proportional to the square footage of the primary dwelling unit. The proportionality requirement means that impact fees for ADUs of 750 square feet or more must be calculated on a case-by-case basis during the approval process.

Existing law requires a water or sewer connection fee or capacity charge for an accessory dwelling unit requiring a new or separate utility connection to be based on either the accessory dwelling unit's size or the number of its plumbing fixtures. SB 13 revises the basis for calculating the connection fee or capacity charge to either the accessory dwelling unit's square feet or the number of its drainage fixture units.

AB 602 – Amendments to the Planning and Land Use Law and the Mitigation Fee Act. AB 602, which was passed and signed in 2021, adds section 65940.1 to the Planning and Land Use Law requiring cities, counties and special districts that have internet websites to post schedules of fees, exactions and affordability requirements, annual fee reports, and an archive of nexus studies on that website, and to update that information within 30 days after any changes.

AB 602 also adds Section 66016.5 to the Mitigation Fee Act imposing several new requirements for impact fees that went into effect in 2022, including:

- A nexus study must identify the existing level of service for each facility, identify the proposed new level of service (if any), and explain why the new level of service is appropriate.
- If a nexus study supports an increase in an existing fee the local agency shall review the assumptions of the nexus study supporting the original fee and evaluate the amount of the fees collected under the original fee.
- Large jurisdictions (counties over 250,000 and cities within those counties) must adopt a capital improvement plan as part of the nexus study.

- All impact fee nexus studies shall be adopted at a public hearing with at least 30 days' notice, and the local agency shall notify any member of the public that requests notice of intent to begin and impact fee nexus study of the date of the hearing.
- Nexus studies shall be updated at least every eight years, from the period beginning on January 1, 2022.
- A nexus study adopted after July 1, 2022, shall calculate a fee imposed on a housing development project proportionately to the square footage of proposed units in the development. A nexus study is not required to comply with this requirement if the local agency makes certain findings specified in the law. A local agency that imposes a fee proportionately to the square footage of units in the development shall be deemed to have used a valid method to establish a reasonable relationship between the fee charged and the burden posed by the development.
- Authorizes any member of the public, including an applicant for a development project, to submit evidence that impact fees proposed by an agency fail to comply with the Mitigation Fee Act, and requires the legislative body of the agency to consider such evidence and adjust the proposed fee if deemed necessary.

AB 516 – Amendments to the Mitigation Fee Act. AB 516, which took effect on January 1, 2024, amends Government Code Section 66006 to add certain requirements to the annual reports mandated by that section. Specifically, Section 66006 now requires that:

- Annual reports indicate whether construction on public improvements identified in previous annual reports began on the approximate date shown in the previous annual report; and,
- If a project failed to start construction on schedule, the annual report must explain the reason for the delay and provide a revised approximate date when construction will begin.

AB 516 also amends Section 66023 to provide that when a person requests an audit of a fee or charge levied by a local agency, that audit may address when revenue generated by that fee or charge is scheduled to be expended, and when the public improvement to be funded by that fee or charge is scheduled to be completed. Prior to this amendment, the only stated purpose of such an audit was to determine whether such a fee or charge exceeds the amount reasonably necessary to cover the cost of any product, public facility or service provided by the local agency.

Impact Fee Calculation Methodology

The methods used to calculate impact fees in this study are designed to comply with all of the legal requirements discussed earlier in this chapter. Any one of several legitimate methods may be used to calculate impact fees. The choice of a particular method depends primarily on the service characteristics of, and planning requirements for, the type of facility being addressed. To

some extent those methods are interchangeable, because they all allocate facility costs in proportion to the needs created by development.

Allocating facility costs to various types and amounts of development is central to all methods of impact fee calculation. Costs are allocated by means of formulas that quantify the relationship between development and the need for facilities. In a cost allocation formula, the impact of development is represented by some attribute of development such as added population or added vehicle trips that represent the impacts created by different types and amounts of development.

Although it is not mandatory, this study adopts the nomenclature used in the Impact Fee Nexus Study Templates prepared by the Terner Center for Housing Innovation at UC Berkeley to describe impact fee calculation methods. Those templates were prepared for The California Department of Housing and Community Development pursuant to Section 50466.5 of the Health and Safety Code and are cited in AB 602.

Planned Facility Method. With this method, impact fees are calculated so that new development will pay for the planned expansion of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the cost of planned facilities is divided by the amount of demand that will be created by new development. The impact fees depend on the cost of planned future facilities and a plan for future development, so the fees should be recalculated if facility plans or development plans change.

Existing Inventory Method. With this method, impact fees are calculated so that new development will fund expansion of facilities at the same standard currently used to serve existing development. To calculate the cost per unit of demand, the value of existing facilities is divided by the amount of demand associated with existing development. This method allows impact fees to be calculated without a list of planned facilities, but such a list is required by AB 602 as part of a Capital Improvement Plan that must be adopted with any new impact fee nexus study. This approach can be used to calculate impact fees for many types of public facilities but is usually not appropriate for facilities such as transportation improvements or water, wastewater or drainage systems where improvement needs must be determined by engineering analysis.

System Plan Method. With this method, impact fees are calculated so that new development pays for its share of the cost of an integrated system of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the value of existing facilities plus the cost of planned facilities is divided by the combined demand associated with both existing development and planned development. This approach is especially appropriate for impact fees for fire protection and EMS facilities because new facilities must be planned to integrate geographically with existing facilities.

Impact Fees for Accessory Dwelling Units (ADUs)

SB 477, enacted in 2024, relocated and consolidated California's ADU laws into a new Government Code Chapter (Chapter 13, Division 1, Title 7). As mentioned earlier, recent amendments to ADU law provide that impact fees may not be imposed on ADUs smaller than 750 square feet and establish the following requirement for impact fees imposed on ADUs of 750 square feet or more:

> "Any impact fees charged for an accessory dwelling unit of 750 square feet or more shall be charged proportionately in relation to the square footage of the primary dwelling unit."

Since the impact fees described in this report will be imposed on all residential development projects based on unit size in square feet (using tiered ranges of square footage), the fee imposed on an ADU will be proportionate to the size of any primary unit.

Facilities Addressed in this Study

Impact/in-lieu fees for the following types of facilities are addressed in this report:

- ~~Park Land and~~ Park Improvements
- Recreation Facilities
- Library
- General Government Facilities
- Police Facilities
- Fire Facilities

Each of those facilities is addressed in a separate chapter of this report, beginning with Chapter 3. Chapter 2 contains data on existing and future development used in the impact fee analysis.

Chapter 2. Development Data

This chapter presents data on existing and future development that will be used to calculate impact fees in subsequent chapters of this report.

The information in this chapter may be used to establish levels of service, analyze facility needs, and allocate the cost of capital facilities among various types of development.

Development data presented in this chapter are based on information from the City of Eastvale Community Development Department, the U.S. Census Bureau and the American Community Survey (ACS), and the California Department of Finance (DOF) Demographic Research Unit.

Study Area and Time Frame

The study area for this study is the City of Eastvale. The timeframe for this study extends from the present time to 2040. Although the future development projected in this chapter is expected to occur by 2040, the actual timing of development cannot be predicted with certainty. The impact fee calculations in this report do not depend on when development occurs.

Development Types

The development types for which impact fees are calculated in this study are listed below. Impact fees calculated in this report are intended to be applied based on actual land uses rather than zoning or general plan land use designations. For mixed use development projects, impact fees should be applied to each type of development within the project, consistent with the number of units of development of each type within the project.

Residential Development. Traditionally, impact fees for residential development are based on unit types such as single-family, multi-family and mobile home units. However, Government Code Section 66016.5(a)(5)(A) which was added to the Mitigation Fee Act by AB 602 in 2021 contains the following requirement:

> "A nexus study adopted after July 1, 2022, shall calculate a fee imposed on a housing development project proportionately to the square footage of proposed units of the development. A local agency that imposes a fee proportionately to the square footage of the proposed units of the development shall be deemed to have used a valid method to establish a reasonable relationship between the fee charged and the burden posed by the development"

But that requirement is not absolute. Section 66016.5(a)(5)(B) provides that a nexus study is not required to comply with Section 66016.5(a)(5)(A) if the local agency makes a finding that includes all of the following:

1. An explanation as to why square footage is not the appropriate metric to calculate fees imposed on a housing development project.

2. An explanation that an alternative basis of calculating the fee bears a reasonable relationship between the fee charged and the burden imposed by the development.
3. That other policies in the fee structure support smaller developments or otherwise ensure that smaller developments are not charged disproportionate fees

The proportionality requirement in Section 66016.5(a)(5)(A) is commonly interpreted to mean that impact fees must have a linear relationship to unit square footage. That means the fees must increase by the same amount for every added square foot of unit size. Such a fee structure results in impact fees that are necessarily five times as high for a 3,000 square-foot single-family unit as for a 600 square apartment. That type of fee structure is justified only if the actual impact of a 3,000 square-foot unit is five times greater than the impact of a 600 square-foot unit.

Otherwise, the impact fees could violate the "rough proportionality" requirement set forth in the U. S. Supreme Court in Dolan v. Tigard [512 U. S. 374 (1994)]. The recent U. S. Supreme Court decision in Sheetz v. County of El Dorado [601 U. S. 267--- (2024)] made clear that Dolan applies to all impact fees, whether they are applied ad hoc or legislatively adopted.

This study uses several attributes of development, including added population, added police calls for service per year and added fire calls for service per year, to represent the impact of new development on different types of City facilities. We use those attributes to represent the demand created by various types of development for public services and the capital facilities and other capital assets needed to support those services.

What we see in analyzing patterns of service demand is that the relationship between unit size and service demand doesn't conform to a linear model. While the potential for added population may be five times as great for the largest residential units compared with the smallest units, that increase is not linear. In the real world, population per unit does not increase in a tiny increment for each added square foot. It increases in a stairstep fashion, jumping from one person to two persons to three persons per unit and so on.

It is not feasible to get specific data on police and fire calls by unit size, but in our experience, there is typically not a large difference in the average number of police and fire calls-per-unit-per-year generated by single-family as opposed to multi-family residential units. So, a fee structure that results in large units paying five times as much as small units would appear disproportionate to the actual demand created by units of different sizes.

This study breaks down residential development into tiered square-feet-per-unit ranges and calculates an impact fee for each range or category. That approach allows impact fees to be graduated by unit size while avoiding the distortions that result from a rigid, fixed fee per square foot approach, and while respecting the need for rough proportionality between the fees and the impact of development as set forth in Dolan v. Tigard.

Based on the foregoing discussion, we propose that the Eastvale City Council adopt the following findings pursuant to Government Code Section 66016.5(a)(5)(B) to justify the use of tiered square

footage ranges for residential development in this study rather than a fixed fee-per-square-foot approach:

1. A fixed fee-per-square-foot approach is not the appropriate metric to calculate the fees analyzed in this study since it would not reflect the actual impact of different-sized residential units on the facilities addressed in this study and would not meet the rough proportionality standard set forth in Dolan v. Tigard.
2. An alternative basis of calculating the fees, using tiered square footage ranges rather than a fixed fee per square foot approach, better reflects the reasonable relationship between the fees charged and the actual burden imposed by the development.
3. Calculating impact fees for tiered square footage ranges rather than a fixed fee per square foot still ensures that smaller developments are not charged disproportionate fees because that approach allows the impact fees to be tailored to the actual impacts created by smaller developments, while protecting larger units from excessive fees.

As discussed above, residential development categories are defined in this study by ranges of unit sizes rather than by unit types (e.g., single-family or multi-family) as is the case for the City's existing impact fees. Unit-size ranges used to define residential development in this study are listed below.

- Residential <600 Square Feet per Unit
- Residential >600-800 Square Feet per Unit
- Residential >800-1,200 Square Feet per Unit
- Residential <1,200-1,900 Square Feet per Unit
- Residential >1,900-2,300 Square Feet per Unit
- Residential >2,300 Square Feet per Unit

Each of these unit-size ranges is typical of units with a certain number of bedrooms, ranging from studio apartments up to single-family units with five or more bedrooms. The residential development categories used in this study are based on unit size and do not distinguish by unit type (e.g., single-family or multi-family).

Non-Residential Development. Non-residential development types used in this study are:

- **Hotel/Motel.** This category encompasses hotels, motels and similar lodging uses.
- **Commercial-Retail.** This category includes retail commercial and commercial services including restaurants and commercial recreation, but excludes hotels, motels and lodging uses which are included in a separate category.
- **Business-Professional.** This category includes general office uses and research and development facilities.

- **Industrial-Industrial Flex.** This category includes development designed to accommodate a range of light industrial uses, including warehouses and distribution facilities with office space, light manufacturing and processing and some limited commercial uses.
- **Public Facilities.** This category includes government buildings and other public or quasi-public facilities, but excluding public schools which are addressed in a separate category below.
- **K-12 Schools.** This category includes public schools from kindergarten through high school.
- **Parks.** This category includes public parks and other public recreational facilities.

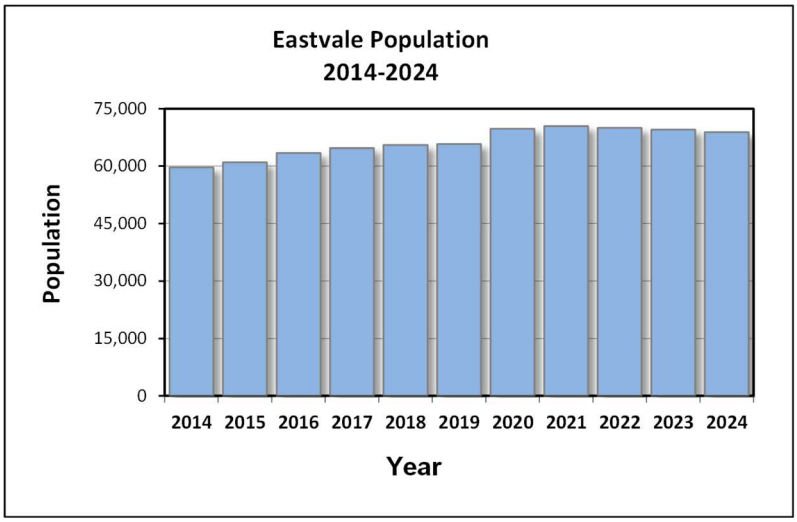
It should be noted that the Public Facilities, K-12 Schools and Parks categories are included in this study to account for the impacts they create on certain types of facilities. However, this study does not actually calculate impact fees for those categories because, in most cases, the City either lacks the authority to impose those fees, or in the case of City facilities, the City would be charging itself. Therefore, the City will be required to rely on general purpose funding sources other than impact fees to fund the costs of those impacts.

Other Development Types. Certain types of development, such as churches, hospitals and private schools, do not fit neatly into any of the categories listed above. Those developments are not legally exempt from impact fees, but no fee is calculated in this study for such uses. Fees for such projects can be calculated on an individual basis by considering factors such as service population or police and fire calls that will be generated by a proposed project and applying those factors to the cost per capita or cost per call shown in each impact fee chapter in this report.

Population Growth

The chart at right shows the California Department of Finance (DOF) official January 1 population estimates for the City of Eastvale for the years from 2014 through 2024, except for the 2020 population which is based on the 2020 Census count.

This chart shows a steady increase in Eastvale's population from 2014 to 2021, averaging about 2% per year. Since 2021, estimated population growth has been slightly negative.



Units of Development

In this study, quantities of existing and planned development are measured in terms of certain units of development. Those units are discussed below.

Dwelling Units. Residential development is measured in terms of dwelling units (DUs) and are grouped into unit-size ranges. Residential impact fees vary by unit size.

Building Area. Several types of non-residential development in this study are measured in terms of building area, in thousands of square feet, denoted as KSF.

Rooms. Development in the Hotel/Motel category is measured in terms of rooms, meaning the number of guest rooms or suites. A room is defined as each separately rentable room with a key"

Students. For the K-12 Public Schools category, development is measured in terms of the number of students.

Acres. Public parks and other public recreation facilities are measured in terms of acres.

Demand Variables

In calculating impact fees, the relationship between facility needs and development must be quantified in cost allocation formulas. Certain measurable attributes of development such as population or police and fire department calls for service are used in those formulas to reflect the impact of different types and amounts of development on the demand for specific public services and the facilities that support those services.

Those attributes are referred to in this study as "demand variables." Demand variables are selected either because they directly measure service demand created by various types of development, or because they are reasonably correlated with that demand.

For example, the service standard for parks in a community is typically defined as a ratio of park acreage to population. As population grows, more parks are needed to maintain the desired standard. Logically, then, population is an appropriate yardstick, or demand variable, for measuring the impacts of development on the need for additional parks.

Each demand variable has a specific value for each type of development. Those values are referred to in this report as "demand factors." For example, whereas the demand variable is "population," the demand factor for each residential unit size category used in this study is the estimated population per unit for that category.

Specific demand variables used in this study are discussed below. The values of demand factors used in this report are shown in Table 2.1 on page 2-8.

Population. Population, which refers to residents of the City, is used as a demand variable to calculate impact fees for facilities like parks that are intended to serve residents of the City. Resident population is tied to residential development, so this variable reflects no demand from non-residential development.

Service Population. Some types of City facilities are impacted by both residential and non-residential development so population alone does not represent all of the impacts of development on those facilities. Where the impact of development cannot be measured by specific demand variables such as vehicles trips or police or fire calls for service, a variable called service population is commonly used to represent the impact of development. An example would be general government facilities like City Hall.

Service population is a composite variable that includes both residents of the City and employees of businesses in the City. Resident population is included to represent the impacts of residential development. Employees are included to represent the impacts of non-residential uses, such as commercial, office and industrial development.

Because the impact of one new resident is not necessarily the same as the impact of one new employee, various components of the service population are weighted to reflect their relative impacts on demand for certain types of facilities.

Service population is intended to approximate the number of people creating the demand for service on an average day. It is difficult to estimate that number precisely for several reasons. Some residents work in the City, some residents commute to work outside the City, and some residents don't work at paid jobs. In addition, non-residents may be present in the City for work, shopping, recreation, or any number of other reasons.

In this study, residents are assigned a weight of 1.0. Our estimate of the average number of hours per week that residents spend in the City is based in part on an analysis of Census Bureau data

on how many residents work in the city and how many commute to work outside the City. In addition, we assume the average resident spends eight hours a week outside the City for activities like shopping and recreation.

Census Bureau American Community Survey (ACS) data for 2022 show that about 60% of Eastvale residents between ages 16 and 64 are employed and that about 77% of employed residents work outside the City.

Assuming that out-commuters spend 47.5 hours a week (9.5 hours per day) outside the City for work and commuting, and that all residents spend an average of eight hours a week outside the City for shopping and recreation leads us to the conclusion that out-commuters spend an average of 112.5 (168 - 47.5 - 8 = 112.5) hours per week in the City. Assuming other residents spend 160 (168 - 8 = 160) hours per week in the City, the weighted average for all residents is 142.2 hours per week in the City. Dividing that number by 168 hours per week gives us a weight of 0.846 for all residents (population) of the City.

Service population weights for employees associated with different types of development are based on estimates of the number of hours per week businesses of a certain type are in operation. This study assumes that retail and service commercial businesses operate 12 hours a day, 7 days a week (84 hours). For professional offices, industrial uses and public facilities, that number is estimated to be 45 hours (9 hours a day, 5 days a week). The weights assigned to employees of businesses associated with various types of non-residential development are based on the hours per week of operation divided by 168 total hours per week. The hours per week for each development as well as the weighting factor for each type of development are shown in Exhibit 2A, below. It should be noted that since all students in the K-12 Schools category are assumed to be residents of the City, the non-residential service population weight for that category is zero.

The service population weights shown in Exhibit 2A are intended to allow a balanced allocation of costs among non-residential development types. However, a comparison of the residential and non-residential shares of service population resulting from that allocation indicates that it likely underrepresents the demand created by non-residential development, so a factor of 2.5 is applied to all non-residential service population weights, which brings the non-residential share of service population to 18.9% of total service population.

Finally, for simplicity, all of the service population base weights are normalized by dividing them by residential base weight of 0.846 so that the normalized weight for population equals 1.0 and weight for each of the non-residential components is increased proportionately. The resulting service population weights are shown in Exhibit 2A. Service population per unit factors based on the normalized service population weights and population or employees per unit are shown in Table 2.1.

Exhibit 2A: Service Population Weights

Development Type	Avg Hrs per Wk	Total Hrs per Week	Base Svc Pop Weight [1]	Scaling Factor [2]	Scaled Svc Pop Weight [3]	Normalized Svc Pop Wt [4]
Residential	142.0	168.0	0.845	1.00	0.845	1.000
Commercial Retail	84.0	168.0	0.500	2.50	1.250	1.479
Business-Professional	45.0	168.0	0.268	2.50	0.670	0.792
Industrial/Industrial Flex	45.0	168.0	0.268	2.50	0.670	0.792
Public Facilities	45.0	168.0	0.268	2.50	0.670	0.792

[1] Base service population weight = average hours per week / total hours per week

[2] Scaling factor is used to bring non-residential service population into alignment with non-residential demand for City services; see text for further discussion

[3] Scaled service population weight = base service population weight X scaling factor

[4] Service population weight normalized to residential service population weight = scaled scaled population weight / residential service population weight

Police and Fire Calls for Service. The impact of development on the City's police and fire facilities is measured by the number of calls for service per unit per year by development type. Those calls-for-service-per-unit factors are calculated using a random sample of calls for service for a one-year period to determine the distribution of calls by development type. Then the number of calls per year for each type of development is divided by the number of existing units for that type of development to arrive at calls-per-unit-per-year factors. In this study, data for police and fire calls for service were for calendar year 2023. The police and fire calls-for-service factors for each type of development defined in this study are shown in Table 2.1.

Demand Factors

Exhibit 2B shows how population per unit factors were estimated for residential unit size categories used in this study. The Census Bureau and California Department of Finance collect data on population per unit, by unit type (single-family, multi-family, mobile home) rather than by unit size. Based on the City's documentation of findings (summarized above), in response to the California Mitigation Fee Act default standard of calculating fees based on square footage of units in a development, we must estimate the population per unit for each of the unit size categories used in this study.

The population-per-unit factors for the unit size categories used in this study are shown in Exhibit 2B. Those factors were estimated by NBS using data on the distribution of units by number of bedrooms from American Community Survey (ACS) Table B25041. The estimated population per unit for each unit-size category is adjusted so that the total population and average population per unit approximately equal the total population and average population per unit from the known data. The results are cross-checked with data on the distribution of household population from ACS Table 25009.

Exhibit 2B: Population per Unit by Unit Size

Unit Size in Sq Ft [1]	No. of Bedrms	No. of Units [2]	% of Units	Est Pop per Unit [3]	Adjusted Pop [4]
<600	0	0	0.0%	1.10	0
600-800	1	0	0.0%	1.60	0
>800 - 1,200	2	2,498	14.1%	2.20	5,495
>1,200 - 1,900	3	3,957	22.3%	3.10	12,268
>1,900 - 2,300	4	7,015	39.5%	4.10	28,760
>2,300	5+	4,273	24.1%	5.30	22,648
Total/Average		17,743	100.0%	3.90	69,170

[1] Estimated square-feet-per-unit ranges based on number of bedrooms

[2] Distribution of units by number of bedrooms from American Community Survey Table B25041, 2022 1-Year Estimate

[3] Estimated population per unit by NBS

[4] Adjusted population = number of units X estimated population per unit

Note that in Exhibit 2B, no units are shown for the two smallest unit size categories. That is because the source data showed no existing units in those unit-size categories. However, a population per unit is estimated for those categories because units in those categories may be constructed in the future.

Factors shown in Table 2.1 are population per unit for residential unit-size categories and employees per unit for various types of non-residential development, as well as service population per unit, and police and fire calls per unit per year for all types of development defined in this study.

Table 2.1: Demand Factors

Development Type [1]	Unit Type [2]	Pop per Unit [3]	Empl per Unit [4]	Svc Pop per Unit [5]	Police Calls per Unit [6]	Fire Calls per Unit [7]
Residential: <600 Sq. Ft.	DU	1.10		1.10	0.620	0.100
Residential: 600-800 Sq. Ft.	DU	1.60		1.60	0.690	0.110
Residential: >800-1,200 Sq. Ft.	DU	2.20		2.20	0.760	0.120
Residential: >1,200-1,900 Sq. Ft.	DU	3.10		3.10	0.850	0.130
Residential: >1,900-2,300 Sq. Ft.	DU	4.10		4.10	0.920	0.140
Residential: >2,300 Sq. Ft.	DU	5.30		5.30	0.990	0.150
Hotel/Motel	Room	0.98	0.50	2.18	0.600	0.085
Commercial Retail	KSF		2.00	2.96	4.051	0.211
Business-Professional	KSF		2.50	1.98	0.581	0.059
Industrial/Industrial Flex	KSF		1.00	0.79	0.089	0.025
Public Facilities	KSF		2.50	1.98	0.000	0.079
Parks	Acres		0.00	0.00	1.933	0.150
Schools	Students		0.00	0.00	0.038	0.004

[1] The square-feet-per-unit ranges shown in this table for residential development include all types of residential development including single-family, multi-family and mobile homes

[2] DU = dwelling unit; KSF = 1,000 sq feet of gross leasable area (GLA);
Room = each separately rentable room with a key

[3] See Exhibit 2B for residential population per unit; the Hotel/Motel category assumes an average of 1.5 guests per room and 65% occupancy

[4] Employees per unit estimated by NBS using data from the ESRI Business Summary and data on existing non-residential development from the City of Eastvale

[5] Service population per unit; see Exhibit 2A

[6] Police Department calls for service per unit per year based on analysis of a random sample of all 2023 calls for service; see discussion in text and in Chapter 7

[7] Fire Department calls for service per unit per year based on analysis of a random sample of all 2023 calls for service; see discussion in text and in Chapter 8

Existing and Future Development

Tables 2.2 through 2.4 on the following pages present data on existing and future development in Eastvale. Data from those tables will be used throughout this report. Table 2.2 shows estimated existing development as of January 2024.

It is important to note that in Tables 2.2 through 2.4, all residential development is grouped into a single category because it is not possible to estimate the mix of existing or future residential units by unit size.

Table 2.2: Existing Development January 1, 2024 - City of Eastvale

Development Type	Unit Type [1]	No. of Units [2]	Popu-lation [3]	Emplo-yees [4]	Service Pop [5]	PD Calls per Year [6]	Fire Calls per Year [7]
All Residential	DU	18,413	68,814		68,814	17,095	2,725
Hotel/Motel	Room	0	0	0	0	0	0
Commercial Retail	KSF	1,600.0		3,200	4,736	6,481	338
Business-Professional	KSF	87.8		220	174	51	123
Industrial/Industrial Flex	KSF	14,400.0		14,400	11,376	1,286	169
Public Facilities	KSF	75.6		128	150	0	6
Parks	Acres	213.2			0	412	32
Schools	Students	14,733			0	566	58
Totals			**68,814**	**17,948**	**85,250**	**25,891**	**3,451**

[1] DU = dwelling unit; KSF = 1,000 gross sq ft of building area; Room = each separately rentable room with a ke

[2] Number of existing residential units based on the January 2024 CA Department of Finance E-5 report; non-residential units based on City of Eastvale data

[3] Existing household population from 2024 CA Department of Finance E-5 report

[4] Existing employees = existing units X employees per unit from Table 2.1

[5] Existing service population = existing units X service population per unit from Table 2.1

[7] Police Department calls for service per year based on analysis of a random sample of all 2023 calls for service; see discussion in text and in Chapter 7

[8] Fire Department calls for service per year based on analysis of a random sample of all 2023 calls for service; discussion in text and in Chapter 8

Table 2.3 on the next page presents a forecast of future development in the City to 2040 based on the Eastvale General Plan Environmental Impact Fee Report and additional information from the Draft 2040 General Plan.

Table 2.3: Projected Future Development to 2040 - City of Eastvale

Development Type	Unit Type [1]	No. of Units [2]	Popu-lation [3]	Emplo-yees [4]	Service Pop [5]	PD Calls per Year [6]	Fire Calls per Year [7]
All Residential	DU	4,173	16,358		16,358	3,338	576
Hotel/Motel	Room	450	439	225	982	270	38
Commercial Retail	KSF	2,659.3		5,319	7,872	10,772	562
Business-Professional	KSF	2,051.9		5,130	4,063	1,192	121
Industrial/Industrial Flex	KSF	1,483.5		1,484	1,172	132	38
Public Facilities	KSF	113.0		283	224	0	9
Parks	Acres	49.1		0	0	95	7
Schools	Students	3,433		0	0	132	14
Totals			**16,797**	**12,440**	**30,670**	**15,931**	**1,365**

[1] DU = dwelling unit; KSF = 1,000 gross sq ft of building area

[2] Added units based on Table 2.0-2 of the Eastvale General Plan Environmental Impact Report and additional data from the Draft 2040 General Plan

[3] Added population based on Table 2.0-2 of the Eastvale General Plan Environmental Impact Report

[4] Added employees = added non-residential units X employees per unit from Table 2.1

[5] Added service population = added units X service population per unit from Table 2.1

[6] Added police calls per year for residential development = added units X the average residential rate of 0.8 police calls per unit per year; added police calls for non=residential development = added units X calls per unit per year from Table 2.1

[7] Added fire calls per year = added units X fire calls per unit per year from Table 2.1

Table 2.4 shows forecasted total development in the City in 2040.

Table 2.4: Total 2040 Development - City of Eastvale

Development Type	Unit Type [1]	No. of Units [2]	Popu-lation [3]	Emplo-yees [4]	Service Pop [5]	PD Calls per Year [6]	Fire Calls per Year [7]
All Residential	DU	22,586	85,172		85,172	20,433	3,301
Hotel/Motel	Room	450	439	225	982	270	38
Commercial Retail	KSF	4,259		8,519	12,608	17,253	900
Business-Professional	KSF	2,140		5,349	4,237	1,243	244
Industrial/Industrial Flex	KSF	15,884		15,884	12,548	1,418	207
Public Facilities	KSF	189		411	374	0	15
Parks	Acres	262		0	0	507	39
Schools	Students	18,166		0	0	698	72
Totals			**85,611**	**30,387**	**115,919**	**41,822**	**4,816**

Note: The figures shown in Table 2.4 represent the sum of the corresponding figures from Tables 2.2 and 2.3

Growth Potential

The numbers in Table 2.4 represent an increase of approximately 24% in population and 69% in employment between 2024 and 2040. Police and Fire Department calls are projected to increase 62% to 39%, respectively.

The fees calculated in subsequent chapters of this report are intended to pay for the capital facilities needed to serve the additional demand created by future development forecasted in this chapter.

Chapter 3. ~~Park Land and~~ Park Improvements

Background

Since the City of Eastvale was incorporated in 2010, two special districts have been responsible for constructing and maintaining parks in the City. Parks in the portion of the City west of Hamner Avenue are provided by the Jurupa Community Services District (JCSD). In the area east of Hamner Avenue, parks are provided by the Jurupa Area Recreation and Parks District (JARPD).

Eastvale's Municipal Code requires new residential development projects to dedicate land for parks or pay fees in lieu of park land dedication. Until recently, those assets were transferred to the responsible special district, and, since there is no remaining residential development potential in the area served by JARPD, dedicated park land or in-lieu fees were going to JCSD. However, in May 2022, Eastvale adopted a resolution to designate the City of Eastvale as the public agency eligible to receive park land dedications and in-lieu fees under the Quimby Act and revoke JCSD's previous designation as a public agency eligible to receive Quimby Act dedications and in-lieu fees. That means the City will be collecting and retaining Quimby Act fees and will be responsible for expending those fees in accordance with the law.

This chapter calculates impact fees for park improvements, which apply only to residential development. Any proposed updates to the park land dedication and in-lieu fees will be made in a separate action brought forward by City staff separate from this report.

Methodology

The method used to calculate park improvement impact fees in this chapter is the existing inventory method discussed in Chapter 1. Using this method, impact fees are calculated so that new development will fund expansion of facilities at the same standard currently used to serve existing development. For parks, that standard is defined in terms of acres of parks per 1,000 population. See the Level of Service Standard section below for a discussion of the actual standards used to calculate in-lieu fees and impact fees in this chapter.

Service Area

Eastvale's parks serve all residents of the City and the impact fees calculated in this chapter are intended to apply to all residential development in the City unless the fees for a project are limited by statute or by a development agreement.

Demand Variable

A "demand variable" is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate park in-lieu fees and impact fees in this chapter is population.

Population is used for that purpose because the need for parks is typically defined in terms of the relationship between park acreage and population. Since added population is associated with new residential development, the in-lieu fees and impact fees calculated in this chapter apply only to residential development.

Population per dwelling unit is estimated for each residential unit size category defined in this study. Those population-per-unit factors are shown in Table 2.1 in Chapter 2 and in Table 3.4, below.

Level-of-Service Standard

The Parks, Recreation and Open Space Element of the Eastvale General Plan (page 11-6) adopts a standard of 5.0 acres per 1,000 population for park land dedication and in-lieu fees to be collected from new residential development. However, that standard exceeds the level that can be justified under the Mitigation Fee Act because it exceeds the existing level of service shown in Table 3.2, below.

In this study, the impact fees for park improvements are based on the existing ratio of 3.1 acres of parks per 1,000 population as shown in Table 3.2.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires that, after January 1, 2022, the level of service used in an impact fee study must be compared with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required. The impact fees calculated in this chapter are based on a level of service that equals the existing level, so there is no conflict with that provision of Section 66016.5.

Existing Level of Service

Table 3.1 on the next page lists the City's existing parks and the improved acres for each park. In keeping with the 2019 California Court of Appeal decision in *Boatworks LLC v. City of Alameda*, only improved park acres are used to determine the existing ratio of park acres to population in this study.

All of the City's existing parks are owned by either JCSD or JARPD. However, since those parks were constructed for the benefit of City residents, it is reasonable to treat them as City parks for purposes of calculating the existing level of service.

Table 3.1: Existing Parks

Park Name	Agency	Improved Park Acres
American Heroes Park	JCSD	18.95
Cedar Creek Park	JCSD	9.54
Dairyland Park	JCSD	9.22
Deer Creek Park	JCSD	9.30
Eastvale Community Park	JCSD	46.53
Half Moon Park	JCSD	5.00
Harada Heritage Park	JCSD	30.72
James C. Huber Park	JCSD	12.56
McCune Family Park	JCSD	11.85
Mountainview Park	JCSD	7.87
Orchard Park	JCSD	9.84
Providence Ranch Park	JCSD	12.79
Riverwalk Park	JCSD	13.00
Sendero Park	JCSD	11.75
Symphony Park	JCSD	2.54
Harmony Park	JARPD	0.59
Cambria Park	JARPD	0.48
Deleware Greenbelt	JARPD	0.29
Moon River Park	JARPD	0.35
Total		**213.17**

Source: Jurupa Community Services District (JCSD) and Jurupa Area Recreation and Park District (JARPD)

Table 3.2 calculates the existing level of service for Eastvale's parks. The existing level of service is shown both per capita, and per 1,000 population.

Table 3.2: Existing Level of Service

Existing Improved Park Acres [1]	Existing Population [2]	Improved Acres per Capita [3]	Improved Acres per 1,000 [4]
213.17	68,814	0.00310	3.10

[1] See Table 3.1

[2] See Table 2.2

[3] Acres per capita = existing acres / existing population

[4] Acres per 1,000 population = acres per capita X 1,000

Table 3.3 shows the cost per capita used to calculate park improvement impact fees in this chapter.

Table 3.3: Cost per Capita - Park Improvements

Fee Type	Acres per Capita [1]	Cost per Acre[2]	Cost per Capita[3]
Park Improvements	0.0031	$750,000	$2,325.00

[1] See Table 3.2

[2] Park improvement cost per acre from the Capital Improvement Plan

[3] Cost per capita = acres per capita X cost per acre

Park Improvement Impact Fees per Unit

Table 3.4 shows the calculation of park improvement impact fees per dwelling unit by unit-size category. Those fees are calculated using per-capita costs from Table 3.3 and population per dwelling unit factors from Table 2.1. These fees are intended to apply to all residential development in the City.

Table 3.4: Park Improvement Impact Fees per Unit

Development Type	Units [1]	Cost per Capita [2]	Population per DU [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$2,325.00	1.10	$ 2,557.50
Residential: 600-800 Sq. Ft.	DU	$2,325.00	1.60	$ 3,720.00
Residential: >800-1,200 Sq. Ft.	DU	$2,325.00	2.20	$ 5,115.00
Residential: >1,200-1,900 Sq. Ft.	DU	$2,325.00	3.10	$ 7,207.50
Residential: >1,900-2,300 Sq. Ft.	DU	$2,325.00	4.10	$ 9,532.50
Residential: >2,300 Sq. Ft.	DU	$2,325.00	5.30	$ 12,322.50

[1] Units of development: DU = dwelling unit

[2] See Table 3.3

[3] See Table 2.1

[4] Impact fee per unit = cost per capita X population per dwelling unit

Projected Revenue

Table 3.5 shows projected revenue from park improvement impact fees. Those revenue projections assume that future development in the City will occur as forecasted in Chapter 2. These revenue projections are in current dollars.

Table 3.5: Projected Revenue from Park Improvement Impact Fees

Development Type	Impact Fee per Capita [1]	Added Population [2]	Projected Revenue [3]
All Residential	$2,325.00	16,797	**$39,052,444**

[1] See Table 3.3

[2] See Table 2.3

[3] Projected revenue = impact fee per capita X added population

Updating the Fees

The ~~in-lieu fees and~~ impact fees calculated in this chapter are based on the current estimated cost of ~~park land and~~ park improvements. We recommend that the fees be reviewed annually and adjusted as needed using local cost data or an index such as the *Engineering News Record* Construction Cost Index (CCI). See the Implementation Chapter for more on indexing of fees. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Planned Facilities

Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Plan. The City of Eastvale will develop its first City-owned park as part of the planned Civic Center complex. That park is located in the Downtown West policy area where more than half of all new residential units in Eastvale will be constructed. A substantial number of new residential units are also planned for the nearby Downtown East policy area. The CIP estimates the cost of the Civic Center Park at over $31 million, including the cost of improvements to the Civic Center Plaza.

The City's CIP also includes Grand Park, a passive park in the southern part of the City planned for approximately 200 acres of flood plan owned by OCPW. That park will include conservation areas, picnic areas, recreation areas and a visitor center. The CIP estimates the cost of Grand Park at $192 million.

To the extent that projects with development agreements, or public facilities and schools, do not pay a fee to offset their impacts on ~~the fire~~park facilities, those impacts are required to be funded from sources other than impact fees.

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to mitigate the impact of new development on the need for parks in Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to provide additional parks to mitigate the impacts of new development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Program.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to provide additional parks to serve the needs of added population associated with new residential development in Eastvale.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. New residential development increases the need for parks to maintain the existing level of service, as described earlier in this chapter. Without additional parks, the increase in population associated with new residential development would result in a reduction in the level of service provided to all residents of the City.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the park improvement impact fees charged to a residential development project will depend on the increase in population associated with that project. The impact fees per unit of development calculated in this chapter for each type of residential development are based on the estimated average population per unit for that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for parks in the City.

Chapter 4. Community and Recreation Centers

This chapter calculates impact fees for community and recreation centers needed to maintain the existing level of service in Eastvale as the City grows. Since the City's incorporation in 2010, parks and community and recreation centers in most of Eastvale have been provided by the Jurupa Community Services District (JCSD), which has constructed many parks and several community and recreation centers in the City. The part of the City east of Hamner Avenue is served by the Jurupa Area Recreation and Parks District (JARPD) which has constructed only four small pocket parks and no community or recreation centers in Eastvale.

JARPD's service area within the City is essentially built out with respect to new residential development. All future residential development in the City will occur in the JCSD service area and Eastvale's City Council has chosen to take over responsibility from JCSD for developing future parks as well as future community and recreation centers in the City.

Methodology

The method used to calculate impact fees in this chapter is the existing inventory method discussed in Chapter 1. Using this method, impact fees are calculated so that new development will fund expansion of facilities at the same standard currently used to serve existing development. In this case, the standard used to calculate impact fees for community and recreation centers is the existing level of service, which is discussed below in the Level-of-Service Standard section.

Service Area

Eastvale's community and recreation centers serve all residents of the City and the impact fees calculated in this chapter are intended to apply to all residential development in the City unless the fees for a project are limited by statute or established by a development agreement.

Demand Variable

A "demand variable" is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate impact fees for community and recreation centers in this chapter is population.

Population is used for that purpose because the need for community and recreation centers is typically defined in terms of the population to be served. Because added population is associated with new residential development, the impact fees calculated in this chapter apply only to residential development.

Population per dwelling unit is estimated for each residential unit size category defined in this study. Those population-per-unit factors are shown in Table 2.1 in Chapter 2 and in Table 4.3, below.

Level-of-Service Standard

Eastvale has not adopted a formal level of service standard for community and recreation centers. The standard used to calculate impact fees in this chapter is the existing level of service, defined as the replacement cost of existing community and recreation centers per capita of existing population. Replacement cost is used to represent the current dollar cost of additional facilities that will be needed to maintain the existing level of service as the City grows. Although Eastvale's existing community and recreation centers (see Table 4.1) are owned by JCSD, they were constructed for the benefit of residents of the City using development fees paid by development in Eastvale, so it is reasonable to treat those facilities as existing City assets for purposes of determining the existing level of service in this chapter.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires, after January 1, 2022, that the level of service used in an impact fee study must be compared with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required. The impact fees calculated in this chapter are based on a level of service which equals the existing level, so there is no conflict with that provision of Section 66016.5.

Existing Level of Service

Table 4.1 lists Eastvale's existing community and recreation centers with their estimated replacement cost.

Table 4.1: Existing Community and Recreation Centers

Facility Name	Agency	Building Sq Feet [1]	Building Repl Cost [2]	Site Area [1]	Site Value [3]	Impact Fee Cost Basis [4]
Eastvale Community Ctr	JCSD	34,647	$17,323,500	4.6	$5,060,000	$ 22,383,500
Harada Neighborhood Ctr	JCSD	5,040	$ 2,520,000	In Park	$ 0	$ 2,520,000
The Desi House	JCSD	7,700	$ 8,400,000	2.3	Included	$ 8,400,000
Total						**$ 33,303,500**

[1] Data from Jurupa Community Services District (JCSD) and the City of Eastvale

[2] Building replacement cost for Eastvale Community Center and Harada Neighborhood Center assumes a cost of $500 per square foot; building replacement cost for the Desi House based on best available costs for acquisition and improvement of the facility

[3] Site value for Eastvale Community Center assumes a cost of $1.1 million per acre based on recent appraisals of land at the Civic Center site and a proposed fire station site.

[4] Impact fee cost basis = building replacement cost + site value

Table 4.2 calculates the existing level of service in terms of the cost per capita of existing population for the existing community and recreation centers.

Table 4.2: Existing Level of Service

Impact Fee Cost Basis [1]	Existing Population [2]	Cost per Capita [3]
$33,303,500	68,814	$483.96

[1] See Table 4.1

[2] See Table 2.2

[3] Cost per capita = existing facilities cost basis / existing population

In the next section, the cost per capita from Table 4.2 is used to calculate impact fees per dwelling unit for community and recreation centers.

Impact Fees per Unit

Table 4.3 shows the calculation of community and recreation center impact fees per unit of development by residential unit size category. Those fees are calculated using per-capita costs from Table 4.2 and population per unit factors from Table 2.1.

Table 4.3: Community and Recreation Center Impact Fees per Unit

Development Type	Units [1]	Cost per Capita [2]	Population per DU [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$483.96	1.10	$ 532.36
Residential: 600-800 Sq. Ft.	DU	$483.96	1.60	$ 774.34
Residential: >800-1,200 Sq. Ft.	DU	$483.96	2.20	$ 1,064.72
Residential: >1,200-1,900 Sq. Ft.	DU	$483.96	3.10	$ 1,500.29
Residential: >1,900-2,300 Sq. Ft.	DU	$483.96	4.10	$ 1,984.25
Residential: >2,300 Sq. Ft.	DU	$483.96	5.30	$ 2,565.01

[1] Units of development: DU = dwelling unit

[2] See Table 4.2

[3] See Table 2.1

[4] Impact fee per unit = cost per capita X population per dwelling unit

Projected Revenue

Table 4.4 projects potential revenue from the community and recreation center impact fees. That projection is based on the cost per capita from Table 4.2 and the added population from Table 2.3. These revenue projections assume that future development in the City will occur as forecasted in Chapter 2. It is also worth noting that the projected revenue shown in Table 4.4 is in current dollars. As discussed below, we recommend that the fees be adjusted periodically to keep pace with construction costs.

Table 4.4: Projected Revenue from Comm/Rec Center Impact Fee

Development Type	Impact Fee per Capita [1]	Added Population [2]	Projected Revenue [3]
All Residential	$483.96	16,358	$7,916,683
Total			**$7,916,683**

[1] See Table 4.3

[2] See Table 2.3

[3] Projected revenue = impact fee per capita X added population

The projected revenue shown in Table 4.4 assumes that future development in the City will occur as forecasted in Chapter 2. It does not account for limits on impact fees set by development agreements for some future projects.

To the extent that projects with development agreements, or public facilities and schools, do not pay a fee to offset their impacts on the fire facilities, those impacts are required to be funded from sources other than impact fees.

Updating the Fees

The impact fees calculated in this chapter are based on estimated current construction costs for community and recreation centers. We recommend that the fees be reviewed annually and adjusted as needed using local cost data or an index such as the *Engineering News Record* Building Cost Index (BCI). See the Implementation Chapter for more on indexing of fees. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Planned Improvements

Future community and recreation center projects, including a community center and an aquatic center, are shown as part of the Citrus Reimagined project in the City's Capital Improvement Plan. Although costs for the aquatic center and the community center are not broken out in detail in the CIP, the combined cost of the two facilities is expected to be $35-$40 million. Those costs would far exceed the impact fee revenue shown in Table 4.4.

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to mitigate the impact of new development on the need for additional community and recreation center facilities in Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to provide additional community and recreation center facilities to mitigate the impacts of new residential development in the City. Impact fees calculated in this chapter will be used to provide additional parks to mitigate the impacts of new development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Plan.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to provide additional community and recreation centers to serve the needs of added population associated with new residential development in Eastvale.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. Added population associated with new residential development will increase the need for community and recreation centers to maintain the existing level of service as described earlier in this chapter. Without additional community and recreation center facilities, that added population would result in a reduction in the level of service provided to all residents of the City.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the community and recreation center impact fees charged to a development project will depend on the increase in population associated with that project. The fees per unit of development calculated in this chapter for each type of residential development are based on the estimated average population per unit for that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for community and recreation centers in the City.

Chapter 5. Library

This chapter calculates impact fees for a new library for the City of Eastvale. The City's existing library is located on the campus of Eleanor Roosevelt High School and is open to the public after 4 p.m. on weekdays and from 10:00 a.m. to 5 p.m. on Saturdays. The City is planning a new main library as part of the planned Civic Center development in the Downtown West Specific Plan area.

Methodology

This chapter calculates impact fees using the system plan method discussed in Chapter 1. With this method, impact fees are calculated so that new development pays for its share of the cost of an integrated system of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the value of existing facilities plus the cost of planned facilities is divided by the combined demand associated with both existing development and planned development.

Service Area

Eastvale's library will serve all residents of the City and the impact fees calculated in this chapter are intended to apply to all residential development in the City unless the fees for a project are limited by statute or established by a development agreement.

Demand Variable

A "demand variable" is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate impact fees for the library in this chapter is population.

Population is used for that purpose because the need for libraries is almost universally defined in terms of the population to be served. Because added population is associated with new residential development, the impact fees calculated in this chapter apply only to residential development.

Population per dwelling unit varies by development type, so the average population per unit is estimated for each residential unit size category defined in this study. Those individual population-per-unit factors are shown in Table 2.1 in Chapter 2.

Level-of-Service Standard

Eastvale has not adopted a formal level of service standard for libraries, but the City has prepared a plan for a new main library which would serve both existing and future development in Eastvale.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires, after January 1, 2022, that the level of service used in an impact fee study must be compared

with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required.

The library impact fees calculated in this chapter are necessarily based on a level of service higher than the existing level of service. Eastvale was incorporated fairly recently, in 2010, and is still in the process of developing a full complement of public facilities to serve the City. Eastvale has set aside substantial financial reserves for the purpose of constructing the new library (see Table 5.1) and the impact fees calculated in this chapter will recover only future development's proportionate share of the cost of the new library.

Planned Library Facility

Table 5.1 summarizes the estimated construction costs for the planned library facility. Details regarding the planned library project and project costs are included in the City's Capital Improvement Plan. Table 5.1 also shows the amount of reserves the City has currently set aside to fund the project. Costs shown in Table 5.1 are from the City's current Capital Improvement Plan.

Table 5.1: Planned Library

Cost Component		Estimated Cost [1]
Building Construction	$	47,880,093
Land Cost	$	1,672,560
Total	**$**	**49,552,653**
Library Capital Reserves on Hand	$	(39,889,986)
Unfunded Cost	**$**	**9,662,667**

[1] Estimated costs from the Eastvale Capital Improvement Plan project detail sheet; library capital reserves provided by the Eastvale Finance Department

Table 5.2 allocates the estimated cost of the new library to the forecasted 2040 population of the City to arrive at an average cost per capita for the entire 2040 population. That approach ensures that costs are allocated equitably to existing and future development on a per-capita basis.

Table 5.2: 2040 Level of Service

Estimated Facility Cost [1]	2040 Population [2]	Cost per Capita [3]
49,552,653	85,172	581.80

[1] See Table 5.1

[2] Residential population only, not including hotel/motel guests; see Table 2.4

[3] Square feet per capita = library square footage / 2040 population

In the next section, the cost per capita from Table 5.2 is used to calculate library impact fees per dwelling unit for each unit size range.

Impact Fees per Unit

Table 5.3 shows the calculation of library impact fees per unit of residential development by unit size category. Those fees are calculated using the per-capita cost from Table 5.2 and population per unit factors from Table 2.1.

Table 5.3: Library Impact Fees per Unit

Development Type	Dev Units [1]	Cost per Capita [2]	Population per Unit [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$581.80	1.10	$ 639.97
Residential: 600-800 Sq. Ft.	DU	$581.80	1.60	$ 930.87
Residential: >800-1,200 Sq. Ft.	DU	$581.80	2.20	$ 1,279.95
Residential: >1,200-1,900 Sq. Ft.	DU	$581.80	3.10	$ 1,803.56
Residential: >1,900-2,300 Sq. Ft.	DU	$581.80	4.10	$ 2,385.36
Residential: >2,300 Sq. Ft.	DU	$581.80	5.30	$ 3,083.51

[1] Units of development: DU = dwelling unit

[2] See Table 5.2

[3] See Table 2.1

[4] Impact fee per unit = cost per capita X population per dwelling unit

Projected Revenue

Table 5.4 projects potential revenue from the library impact fees. That projection is based on the cost per capita from Table 5.2 and the added population from Table 2.3.

Table 5.4: Projected Revenue from Library Impact Fees

Impact Fee per Capita [1]	Added Population [2]	Projected Revenue [3]
$581.80	16,358	$9,517,004

[1] See Table 5.2

[2] See Table 2.3

[3] Projected revenue = impact fee per capita X added population

New development's total share of the cost of the new library, to be funded by impact fees calculated in this report, is 19.2% of the facility's total cost. The projected impact fee revenue shown in Table 5.4 is slightly less than the unfunded balance of $9,662,667 shown in Table 5.1, leaving $145,663 to be funded from the General Fund or other non-impact fee sources.

The projected revenue shown in Table 5.4 assumes that future development in the City will occur as forecasted in Chapter 2. It does not account for limits on impact fees set by development agreements for some future projects.

To the extent that projects with development agreements do not pay a fee to offset their impacts on the fire facilities, those impacts are required to be funded from sources other than impact fees.

Updating the Fees

The impact fees calculated in this chapter are based on estimated current construction costs for the library. We recommend that the fees be reviewed annually and adjusted as needed using the most current estimates. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Planned Improvements

Details regarding the planned library facility and project costs can be found in the City's Capital Improvement Plan. The new main library is being planned as part of the City's Civic Center development project.

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to recover new development's proportionate share of the cost of the main library being planned to serve the City Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to pay part of the cost of library facilities planned serve new residential development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Plan.

As provided by the Mitigation Fee Act, revenue from impact fees may also be used for temporary loans from one impact fee fund or account to another.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to pay new development's proportionate share of the cost of library facilities planned to serve Eastvale out to 2040.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. Added population associated with new residential development will increase the need for library facilities Eastvale, and the new library is being planned to accommodate the needs of both existing and future residents. The impact fees calculated in this chapter will cover only new development's proportionate share of the cost of the library.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the library impact fees charged to a development project will depend on the increase in population associated with that project. The fees per unit of development calculated in this chapter for each type of residential development are based on the estimated average population per unit for that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for library facilities in the City.

Chapter 6. City Hall

This chapter calculates impact fees for a new City Hall for the City of Eastvale. Eastvale's existing City Hall is located in leased space in a commercial development on Limonite Avenue. The City also houses some departments in a City-owned building on Citrus Street. A new City Hall will be constructed as part of the planned Civic Center complex in the Downtown West Specific Plan area.

Methodology

This chapter calculates impact fees using the system plan method discussed in Chapter 1. With this method, impact fees are calculated so that new development pays for its share of the cost of an integrated system of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the value of existing facilities plus the cost of planned facilities is divided by the combined demand associated with both existing development and planned development.

Service Area

Eastvale's new City Hall will serve all development in the City, and the impact fees calculated in this chapter are intended to apply to all new development in the City unless the fees for a project are limited by statute or established by a development agreement.

Demand Variable

A "demand variable" is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate impact fees for the City Hall in this chapter is service population.

Service population is used to represent the impact of development on the need for City Hall facilities because that impact is created by both residential development and non-residential development. As explained in Chapter 2, service population is a weighted composite variable that includes both resident population (representing residential development) and employees of businesses in the City (representing non-residential development). Chapter 2 presents a detailed explanation of how the components of service population are weighted.

The service population-per-unit factors used in this analysis are shown in Table 2.1 in Chapter 2.

Level-of-Service Standard

Eastvale has not adopted a formal level of service standard for City Hall facilities, but the City has prepared a plan for a new City Hall as part of the planned Civic Center complex. That facility will serve both existing and future development in Eastvale. The new City Hall facility is shown in the City's Capital Improvement Plan.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires, after January 1, 2022, that the level of service used in an impact fee study must be compared with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required.

Eastvale was incorporated fairly recently, in 2010. For obvious reasons, prior to incorporation, there was no City Hall in Eastvale. The City has no choice but to establish an acceptable level of service for the City Hall facility over time. At present, City staff are housed in a combination of leased and City-owned buildings. The City has already set aside substantial financial reserves for the purpose of constructing a new City Hall (see Table 6.1). The impact fees calculated in this chapter will recover only future development's proportionate share of the cost of the new City Hall.

Planned City Hall

Table 6.1 summarizes the estimated costs for the planned City Hall facility, as shown in the City's Capital Improvement Plan. That table also shows the amount of reserves the City has currently set aside to fund the project, as well as the balance in the Public Facilities impact fee fund. Costs shown in Table 6.1 are from the City's current Capital Improvement Plan.

Table 6.1: Planned City Hall

Cost Component		Estimated Cost [1]
Building Construction	$	76,923,727
Land Cost	$	2,681,377
Total	**$**	**79,605,104**
City Hall Capital Reserves on Hand	$	(57,915,015)
Public Facilities Impact Fee Fund Balance (2/27/25)	$	(552,727)
Unfunded Cost	**$**	**21,137,362**

[1] Estimated costs from the Eastvale Capital Improvement Plan project detail sheet; City Hall capital reserves and Public Facilities impact fee fund balance provided by the Eastvale Finance Department

Table 6.2 allocates the estimated cost of the new City Hall to the forecasted 2040 service population of the City to arrive at an average cost per capita for the entire 2040 service population. That approach ensures that costs are allocated equitably to existing and future development on a per-capita basis.

Table 6.2: Buildout Level of Service

Estimated Facility Cost [1]	Buildout Service Population [2]	Cost per Capita [3]
$79,605,104	115,919	$686.73

[1] See Table 6.1

[2] See Table 2.4

[3] Cost per capita = impact fee cost basis / buildout service population

In the next section, the cost per capita from Table 6.2 is used to calculate impact fees per unit of development for the City Hall facility.

Impact Fees per Unit

Table 6.3 shows the calculation of City Hall impact fees per unit of development, by development type. Those fees are calculated using the per-capita cost from Table 6.2 and service population per unit factors from Table 2.1.

Table 6.3: City Hall Impact Fees per Unit

Development Type	Dev Units [1]	Cost per Capita [2]	Service Pop per Unit [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$686.73	1.10	$ 755.40
Residential: 600-800 Sq. Ft.	DU	$686.73	1.60	$ 1,098.76
Residential: >800-1,200 Sq. Ft.	DU	$686.73	2.20	$ 1,510.80
Residential: >1,200-1,900 Sq. Ft.	DU	$686.73	3.10	$ 2,128.86
Residential: >1,900-2,300 Sq. Ft.	DU	$686.73	4.10	$ 2,815.58
Residential: >2,300 Sq. Ft.	DU	$686.73	5.30	$ 3,639.66
Hotel/Motel	Room	$686.73	2.18	$ 1,497.99
Commercial Retail	KSF	$686.73	2.96	$ 2,032.71
Business-Professional	KSF	$686.73	1.98	$ 1,359.72
Industrial/Industrial Flex	KSF	$686.73	0.79	$ 542.52

[1] DU = dwelling unit; KSF = 1,000 sq feet of gross leasable area (GLA); Room = each separately rentable room with a key

[2] See Table 6.2

[3] See Table 2.1

[4] Impact fee per unit = cost per capita X service population per unit

Projected Revenue

Table 6.4 projects potential revenue from the City Hall impact fees. That projection is based on the impact fees per capita from Table 6.2 and the added service population from Table 2.3.

Table 6.4: Projected Revenue from City Hall Impact Fee

Impact Fee per Capita [1]	Added Service Population [2]	Projected Revenue [3]
$686.73	30,446	$20,908,042

[1] See Table 6.2

[2] See Table 2.3; excludes added service population associated with public facilities

[3] Projected revenue = impact fee per capita X added service population

New development's total share of the cost of the new City Hall, to be funded by impact fees calculated in this report, is 26.5% of the facility's total cost. The projected revenue shown in Table 6.4 is less than the unfunded balance of $21,137,362 shown in Table 6.1, leaving $229,320 to be funded by the General Fund or other non-impact fee sources.

The projected revenue shown in Table 6.4 assumes that future development in the City will occur as forecasted in Chapter 2. It does not account for limits on impact fees that may be set by statute or development agreements for some future projects.

To the extent that projects with development agreements, or public facilities and schools, do not pay a fee to offset their impacts on the fire facilities, those impacts are required to be funded from sources other than impact fees.

Updating the Fees

The impact fees calculated in this chapter are based on estimated current construction costs for the City Hall. We recommend that the fees be reviewed annually and adjusted as needed using the most current estimates. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Planned Improvements

More details about the proposed City Hall project and projected costs can be found in the City's Capital Improvement Plan. The new City Hall is a one-of-a-kind facility being planned as part of the City's Civic Center complex.

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to recover new development's proportionate share of the cost of the new City Hall being planned to serve the City Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to pay part of the cost of a new City Hall being planned serve new development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Program.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to pay new development's proportionate share of the cost of the new City Hall planned to serve Eastvale out to 2040.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. Added service population associated with new development will increase the need for City Hall facilities in Eastvale, and the new City Hall is being planned to accommodate the needs of both existing and future development. The impact fees calculated in this chapter will cover only new development's proportionate share of the cost of the City Hall facility.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the City Hall impact fees charged to a development project will depend on the increase in service population associated with that project. The fees per unit of development calculated in this chapter for each type of development are based on

the estimated average service population per unit for that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for City Hall facilities in the City.

Chapter 7. Police Station

This chapter calculates impact fees for a police station for the City of Eastvale. The police station will be constructed as part of the planned Civic Center complex in the Downtown West Specific Plan area. Eastvale contracts with the Riverside County Sheriff's Department for law enforcement services and is currently served from a Sheriff's station in the adjacent city of Jurupa Valley.

Methodology

This chapter calculates impact fees using the system plan method discussed in Chapter 1. With this method, impact fees are calculated so that new development pays for its share of the cost of an integrated system of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the value of existing facilities plus the cost of planned facilities is divided by the combined demand associated with both existing development and planned development.

Service Area

Eastvale's new police station will serve all development in the City, and the impact fees calculated in this chapter are intended to apply to all new development in the City unless the fees for a project are limited by statute or established by a development agreement.

Demand Variable

A "demand variable" is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate impact fees for the police station in this chapter is Police Department calls for service per year.

Calls for service per year is used to represent the impact of development on the need for police station facilities because it represents a clear relationship between development and the demand for law enforcement services in the City. Calls-for-service-per-unit-per-year factors are shown by development type in Table 2.1 in Chapter 2.

Level-of-Service Standard

Eastvale has not adopted a formal level of service standard for police station facilities, but the City has prepared a plan for a new police station as part of the planned Civic Center complex. That facility would serve both existing and future development in Eastvale. The new police station is shown in the City's Capital Improvement Plan.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires, after January 1, 2022, that the level of service used in an impact fee study must be compared

with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required.

As noted above, the City is currently served from a Sheriff's Department station in Jurupa Valley. Eastvale was incorporated in 2010 and has not yet constructed its own police station. The City has determined that Eastvale needs its own police facility and has already set aside substantial financial reserves to be used in constructing such a facility.

The impact fees calculated in this chapter are necessarily based on a level of service higher than the existing level of service. That is a consequence of the fact that the City is still in the process of developing a full complement of public facilities since its incorporation in 2010. The impact fees calculated in this chapter will recover only future development's proportionate share of the cost of the new police station.

Planned Police Station

Table 7.1 summarizes the estimated costs for the planned new police station. Details of the planned police station and project costs can be found in the City's Capital Improvement Plan. Table 7.1 and also shows the amount of reserves the City has currently set aside to fund the project. Costs shown in Table 7.1 are from the City's current Capital Improvement Plan.

Table 7.1: Planned Police Station

Cost Component		Estimated Cost [1]
Building Construction	$	52,148,973
Land Cost	$	1,867,234
Total	**$**	**54,016,207**
Police Station Capital Reserves on Hand	$	(32,195,000)
Unfunded Cost	**$**	**21,821,207**

[1] Estimated costs from the Eastvale Capital Improvement Plan project detail sheet; police station capital reserves provided by the Eastvale Finance Department

Table 7.2 allocates the estimated cost of the new police station over the forecasted 2040 police calls for service per year in the City to arrive at an average cost per call. That approach ensures that costs are allocated equitably to existing and future development on a per-call basis.

Table 7.2: Buildout Level of Service

Estimated Facility Cost [1]	Buildout Calls for Service [2]	Cost per Call [3]
$54,016,207	41,822	$1,291.56

[1] See Table 7.1

[2] See Table 2.4

[3] Cost per capita = estimated facility cost / 2040 police calls for service per year

In the next section, the cost per call from Table 7.2 is used to calculate impact fees per unit for the police station.

Impact Fees per Unit

Table 7.3 shows the calculation of police station impact fees per unit of development, by development type. Those fees are calculated using the cost per call from Table 7.2 and police call per unit per year factors from Table 2.1.

Table 7.3: Police Impact Fees per Unit

Development Type	Dev Units [1]	Cost per Capita [2]	Calls for Svc per Unit [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$1,291.56	0.62	$ 800.77
Residential: 600-800 Sq. Ft.	DU	$1,291.56	0.69	$ 891.18
Residential: >800-1,200 Sq. Ft.	DU	$1,291.56	0.76	$ 981.59
Residential: >1,200-1,900 Sq. Ft.	DU	$1,291.56	0.85	$ 1,097.83
Residential: >1,900-2,300 Sq. Ft.	DU	$1,291.56	0.92	$ 1,188.24
Residential: >2,300 Sq. Ft.	DU	$1,291.56	0.99	$ 1,278.65
Hotel/Motel	Room	$1,291.56	0.60	$ 774.94
Commercial Retail	KSF	$1,291.56	4.05	$ 5,231.64
Business-Professional	KSF	$1,291.56	0.58	$ 750.23
Industrial/Industrial Flex	KSF	$1,291.56	0.09	$ 115.34

[1] DU = dwelling unit; KSF = 1,000 sq feet of gross leasable area (GLA); Room = each separately rentable room with a key

[2] See Table 7.2

[3] See Table 2.1

[4] Impact fee per unit = cost per capita X population per dwelling unit

Projected Revenue

Table 7.4 projects potential revenue from the police station impact fees. That projection is based on the impact fees per call from Table 7.2 and the added calls for service per year from Table 2.3.

Table 7.4: Projected Revenue from Police Impact Fees

Impact Fee per Call for Service [1]	Added Calls for Service [2]	Projected Revenue [3]
$1,291.56	14,727	$19,020,334

[1] See Table 7.2

[2] See Table 2.3; excludes calls for service from public facilities, parks and public schools

[3] Projected revenue = impact fee per call for service X added calls for service

New development's total share of the cost of the new City, to be funded by impact fees calculated in this report, is 35.2% of the facility's total cost. The projected revenue shown in Table 7.4 is less than the unfunded balance of $21,821,207 shown in Table 7.1, leaving $2,800,873 to be funded by the General Fund or other non-impact fee sources.

The projected revenue shown in Table 7.4 assumes that future development in the City will occur as forecasted in Chapter 2. It does not account for limits on impact fees that may be set by statute or development agreements for some future projects.

To the extent that projects with development agreements, or public facilities and schools, do not pay a fee to offset their impacts on the fire facilities, those impacts are required to be funded from sources other than impact fees.

Updating the Fees

The impact fees calculated in this chapter are based on estimated current construction costs for the police station. We recommend that the fees be reviewed annually and adjusted as needed using the most current estimates. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to recover new development's proportionate share of the cost of the new police station being planned to serve the City Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to pay part of the cost of a new police station being planned to serve all development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Plan.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to pay new development's proportionate share of the cost of the new police station planned to serve Eastvale out to 2040.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. Added calls for service associated with new development will increase the need for police facilities in Eastvale, and the new police station is being planned to accommodate the needs of both existing and future development. The impact fees calculated in this chapter will cover only new development's proportionate share of the cost of the police station.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the police station impact fees charged to a development project will depend on the increase in calls for service associated with that project. The fees per unit of development calculated in this chapter for each type of development are based on the estimated average police calls per unit per year generated by that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for police station facilities in the City.

.

Chapter 8. Fire Department Facilties

This chapter calculates impact fees for Fire Department facilities and vehicles for the City of Eastvale. Eastvale contracts with CAL FIRE through the Riverside County Fire Department for fire protection and emergency medical services. CAL FIRE provides staffing and firefighting apparatus while the City is responsible for providing fire stations and some vehicles. There are two existing fire stations in Eastvale, and the City is planning for a third fire station which is expected to start construction within three years.

Methodology

This chapter calculates impact fees using the system plan method discussed in Chapter 1. With this method, impact fees are calculated so that new development pays for its share of the cost of an integrated system of facilities at the future standard attributable to new development. To calculate the cost per unit of demand, the value of existing facilities plus the cost of planned facilities is divided by the combined demand associated with both existing development and planned development.

Service Area

The Fire Department facilities and vehicles addressed in this chapter will serve all development in the City, and the impact fees calculated in this chapter are intended to apply to all new development in the City unless the fees for a project are limited by statute or established by a development agreement.

Demand Variable

A “demand variable” is a quantifiable attribute of development that is used in impact fee calculation formulas to represent the impact of development. The demand variable used to calculate impact fees in this chapter is Fire Department calls for service per year.

Calls for service per year is used to represent the impact of development on the need for Fire Department facilities because it represents the best measure of the demand for fire protection and emergency response services in the City. Calls-for-service-per-unit-per-year factors are shown by development type in Table 2.1 in Chapter 2.

Level-of-Service Standard

The Eastvale Fire Department has not adopted a formal level of service standard for fire stations, but the City has determined that one additional fire station will be needed to serve the City at buildout. The City is setting aside money from the Fire Fund to help pay for construction of that station.

In 2021, Section 66016.5 was added to the Mitigation Fee by Act AB 602. That section requires, after January 1, 2022, that the level of service used in an impact fee study must be compared with the existing level of service. If the level used in the impact fee study differs from the existing level of service, an explanation is required.

Defining a level of service for fire protection and emergency response facilities is more complicated than for other types of facilities. Ultimately, that level of service must be measured primarily in terms of response time to emergency calls for service. And while the number and location of fire stations plays a role in determining response time performance, operational considerations also play a large part. So, for purposes of this study, response time itself cannot be used to establish a level-of-service standard for Fire Department facilities.

In this study, we use Fire Department calls for service as a measure of the service demand created by development. Calls-per-unit-per-year factors are established through analysis of recent call records and those factors vary by development type. The overall level of service is calculated as the cost of Fire Department facilities and vehicles per call for service per year.

However, that level of service changes over time as new development occurs and new facilities are constructed. Planning for an acceptable response time needs to be considered from a long-range perspective. Once a fire station is constructed, it is likely to remain in the same location for decades. Consequently, planners must look toward the ultimate demand pattern in order to locate fire stations efficiently.

It is important to view the fire protection and emergency response resources of a fire department as a whole. Individual fire stations with their apparatus and staff don't simply serve a designated area. In fact, all the elements of the fire service operate as an integrated system. Many calls for service are handled by the nearest fire station, but it is not uncommon that the resources of the nearest fire station may already be committed when a new call is received. In that case, resources from a different fire station must be deployed.

Furthermore, a single fire station, typically housing one engine company, is not capable of responding effectively to many fire calls. A fire in a single-family house fire may require several engines and other apparatus and at least 15 firefighters. That means a single, relatively small fire in Eastvale could require all available resources of the City's Fire Department as well as automatic aid or mutual aid from multiple fire stations in nearby communities.

This study takes the view that the fairest way to evaluate the level of service for a Fire Department, when calculating impact fees, is to consider conditions at buildout of the City when the overall plan has been realized. Since the Fire Department's level of service changes over time, focusing on the level of service at a single point in time prior to buildout can be misleading.

The buildout level of service used to calculate impact fees in this study is higher than the existing level of service, based on the average cost per call for existing development and existing facilities. However, all development at buildout will benefit from an increased level of service with the addition of a new fire station and the impact fees will cover only new development's

proportionate share of the overall cost. The City has already set aside enough money to pay for the existing community's share of fire station costs that exceed new development's proportionate share as reflected by projected calls for service in 2040. For those reasons, we believe the buildout level of service is the most appropriate for use in the impact fee calculations.

The total value of existing and planned fire department assets, as shown in Table 8.4 later in this chapter, is roughly $29.5 million. Based on development projections used in this study, at buildout, new development between 2024 and 2040 will generate about 28% of all 2040 Fire Department calls for service. The projected revenue from the impact fees calculated in this chapter is approximately $8 million, which is about 27% of the $29.5 million value of the Fire Department's existing and future assets (valued in current dollars).

Existing and Planned Fire Department Facilities

Table 8.1 lists the City's existing Fire Department facilities with their estimated replacement costs, including land.

Table 8.1: Existing Fire Stations

Facility	Constr Date	Building Sq Ft [1]	Site Acres [2]	Bldg Repl Cost [3]	Est Land Value [4]	Total Repl Cost [5]
Fire Station #27	2011	10,025	1.57	$ 3,602,900	$ 1,727,000	$ 5,329,900
FS #27 Storage Bldg	2011	576	Included	$ 68,300	$ 0	$ 68,300
Fire Station #31	2017	6,500	1.75	$ 3,029,773	$ 1,925,000	$ 4,954,773
Total						**$ 10,352,973**

[1] Existing fire station building area from City insured property schedule

[2] Site acreage provided by City staff

[3] Replacement cost for existing buildings sourced from City insured property schedule

[4] Estimated land value of $1,100,000 per acre is consistent with the land value used in the Capital Improvement Plan for the proposed new fire station

[5] Total replacement cost = sum of building replacement cost and land value

Table 8.2 summarizes the estimated construction costs for the planned third fire station and also shows the amount of reserves the City has currently set aside to fund the project. The new fire station will be located near the intersection of 58th Street and Scholar Way in the City's Downtown West policy area.

Table 8.2: Planned Fire Station

Cost Component	Estimated Cost [1]
Building Construction	$ 17,490,718
Land Cost (1.2 acres)	$ 1,352,650
Total	**$ 18,843,368**
Fire Fund Reserves on Hand	$ (10,000,000)
Fire Impact Fee Fund Balance (2/27/25)	$ (848,507)
Unfunded Cost	**$ 7,994,861**

[1] Estimated building construction cost and land cost from the Capital Improvement Plan

Table 8.3 lists the Eastvale Fire Department's existing vehicles with their current replacement cost.

Table 8.3: Existing Fire Department Vehicles

Model Year	Make	Description	Replacement Cost [1]
2015	Dodge	RAM Paramedic Squad	$ 265,300
2022	Ford	Maverick Pickup	$ 28,000
2022	Ford	Ranger Pickup	$ 28,000
Total			**$ 321,300**

Source: City of Eastvale vehicle schedule

Table 8.4 summarizes the Fire Department facility and vehicle costs from Tables 8.1, 8.2 and 8.3.

Table 8.4 Existing and Planned Fire Dept. Assets

Cost Component	Total Cost Basis [1]
Existing Fire Stations	$ 10,352,973
Planned Fire Station	$ 18,843,368
Existing Fire Department Vehicles	$ 321,300
Total Cost	**$ 29,517,641**

[1] See Tables 8.1, 8.2 and 8.3

Table 8.5 allocates the estimated cost of the existing and planned Fire Department assets to the forecasted 2040 fire calls for service per year in the City to arrive at an average 2040 cost per call.

That approach ensures that costs are allocated equitably to existing and future development on a per-call basis.

Table 8.5: Cost per Call for Service

Total Cost Basis[1]	2040 Calls for Service [2]	Cost per Call for Service [3]
$29,517,641	4,816	$6,129.55

[1] Total cost basis; see Table 8.4

[2] 2040 Fire calls for service per year; see Table 2.4

[3] Cost per call for service = total cost basis / 2040 calls for service per year

In the next section, the cost per call from Table 8.5 is used to calculate impact fees per unit for Fire Department facilities and vehicles.

Impact Fees per Unit

Table 8.6 shows the calculation of fire impact fees per unit of development, by development type. Those fees are calculated using the cost per call from Table 8.5 and calls-per-unit-per-year factors from Table 2.1. The impact fees shown in Table 8.6 would recover only new development's proportionate share of the cost of all Fire Department facilities and vehicles.

Table 8.6: Impact Fees per Unit

Development Type	Units [1]	Cost per Call [2]	Calls per Unit [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$6,129.55	0.100	$ 612.96
Residential: 600-800 Sq. Ft.	DU	$6,129.55	0.110	$ 674.25
Residential: >800-1,200 Sq. Ft.	DU	$6,129.55	0.120	$ 735.55
Residential: >1,200-1,900 Sq. Ft.	DU	$6,129.55	0.130	$ 796.84
Residential: >1,900-2,300 Sq. Ft.	DU	$6,129.55	0.140	$ 858.14
Residential: >2,300 Sq. Ft.	DU	$6,129.55	0.150	$ 919.43
Hotel/Motel	Room	$6,129.55	0.085	$ 517.95
Commercial Retail	KSF	$6,129.55	0.211	$ 1,294.87
Business-Professional	KSF	$6,129.55	0.059	$ 362.56
Industrial/Industrial Flex	KSF	$6,129.55	0.025	$ 155.38

[1] DU = dwelling unit; KSF = 1,000 sq feet of gross leasable area (GLA); Room = each separately rentable room with a key

[2] Cost per call for service; see Table 8.5

[3] Calls for service per unit; see Table 2.1

[4] Impact fee per unit = cost per call for service X calls for service per unit

Projected Revenue

Table 8.7 projects potential revenue from the fire impact fees. That projection is based on the impact fee per call from Table 8.5 and the added calls from Table 2.3.

Table 8.7: Projected Revenue from Fire Impact Fees

Impact Fee per Call for Service [1]	Added Calls for Service [2]	Projected Revenue [3]
$6,129.55	1,335	$8,180,825

[1] See Table 8.5

[2] See Table 2.3; excludes calls for service from public facilities, parks and public schools

[3] Projected revenue = impact fee per call for service X added calls for service

The unfunded cost of the planned new fire station, as shown in Table 8.2, is $7,994,861. That cost is slightly lower than the amount of projected revenue shown in Table 8.7, meaning if the impact fees are adopted as shown in Table 8.6, the projected revenue could exceed the unfunded cost of the planned new fire station by $185,964. To bring the impact fees in line with the unfunded

cost of the fire station, Table 8.8 recalculates the impact fees using a reduced cost per call so that the projected revenue from impact fees approximately equals the unfunded cost of the facility.

Table 8.8: Adjusted Impact Fees per Unit

Development Type	Units [1]	Cost per Call [2]	Calls per Unit [3]	Impact Fee per Unit [4]
Residential: <600 Sq. Ft.	DU	$5,990.11	0.100	$ 599.01
Residential: 600-800 Sq. Ft.	DU	$5,990.11	0.110	$ 658.91
Residential: >800-1,200 Sq. Ft.	DU	$5,990.11	0.120	$ 718.81
Residential: >1,200-1,900 Sq. Ft.	DU	$5,990.11	0.130	$ 778.71
Residential: >1,900-2,300 Sq. Ft.	DU	$5,990.11	0.140	$ 838.62
Residential: >2,300 Sq. Ft.	DU	$5,990.11	0.150	$ 898.52
Hotel/Motel	Room	$5,990.11	0.085	$ 506.16
Commercial Retail	KSF	$5,990.11	0.211	$ 1,265.41
Business-Professional	KSF	$5,990.11	0.059	$ 354.32
Industrial/Industrial Flex	KSF	$5,990.11	0.025	$ 151.85

[1] DU = dwelling unit; KSF = 1,000 sq feet of gross leasable area (GLA); Room = each separately rentable room with a key

[2] Cost per call for service reduced by 2.275% so that projected revenue will approximately equal the unfunded cost of the fire station as shown in Table 8.2

[3] Calls for service per unit; see Table 2.1

[4] Impact fee per unit = cost per call for service X calls for service per unit

Table 8.9 shows the projected revenue from the fire impact fees using the adjusted cost per call from Table 8.8 and the added calls for service from Table 2.3, with calls for public facilities, public schools, and parks excluded.

Table 8.9: Projected Revenue from Adjusted Fire Impact Fees

Adj Impact Fee per Call for Service [1]	Added Calls for Service [2]	Projected Revenue [3]
$5,990.11	1,335	$7,994,717

[1] Adjusted impact fee per call for service reduced by 2.275% from the amount shown in Table 8.7

[2] See Table 2.3; excludes calls for service from public facilities, parks and public schools

[3] Projected revenue = impact fee per call for service X added calls for service

The projected revenue shown in Table 8.9 assumes that future development in the City will occur as forecasted in Chapter 2. It does not account for limits on impact fees set by development agreements for some future projects. It should also be noted that the total projected revenue is less than the total cost allocated to future development in this analysis based on the number of forecasted fire calls because some of those costs are associated with development such as public facilities and schools that are exempt from impact fees.

To the extent that projects with development agreements, or public facilities and schools, do not pay a fee to offset their impacts on the fire facilities, those impacts are required to be funded from sources other than impact fees.

Updating the Fees

The impact fees calculated in this chapter are based on estimated current construction costs for the Fire Department facilities and vehicles. We recommend that the fees be reviewed annually and adjusted as needed using the most current estimates. The City will be required to update the nexus study at least every eight years, per Government Code Section 66016.5(a)(8).

Planned Improvements

Details regarding Eastvale's planned third fire station project and the estimated cost of the project can be found in the City's Capital Improvement Plan.

Nexus Summary

As discussed in Chapter 1 of this report, Section 66001 of the Mitigation Fee Act requires that an agency establishing, increasing or imposing impact fees, must make findings to:

Identify the purpose of the fee;

Identify the use of the fee; and,

Determine that there is a reasonable relationship between:

a. The use of the fee and the development type on which it is imposed;

b. The need for the facility and the type of development on which the fee is imposed; and

c. The amount of the fee and the facility cost attributable to the development project.

Satisfying those requirements also ensures that the fees meet the "rational nexus" and "rough proportionality" standards enunciated in leading court decisions bearing on impact fees and other exactions. (For more detail, see "Legal Framework for Impact Fees" in Chapter 1.) The following paragraphs explain how the impact fees calculated in this chapter satisfy those requirements.

Purpose of the Fee: The purpose of the impact fees calculated in this chapter is to recover new development's proportionate share of the cost of the new Fire Department facilities being planned to serve the City Eastvale.

Use of the Fee. Impact fees calculated in this chapter will be used to pay part of the cost of Fire Department facilities being planned to serve new development in the City. Specific projects and costs to be funded by these impact fees can be found in the City's Capital Improvement Plan. As provided by the Mitigation Fee Act, revenue from impact fees may also be used for temporary loans from one impact fee fund or account to another.

Reasonable Relationship between the Use of the Fee and the Development Type on Which It Is Imposed. The impact fees calculated in this chapter will be used to pay new development's proportionate share of the cost of additional Fire Department facilities planned to serve Eastvale out to 2040.

Reasonable Relationship between the Need for the Facilities and the Type of Development on Which the Fee Is Imposed. Added calls for service associated with new development will increase the need for Fire Department facilities in Eastvale. The impact fees calculated in this chapter will cover only new development's proportionate share of the cost of the additional Fire Department facilities.

Reasonable Relationship between the Amount of the Fee and the Facility Cost Attributable to the Development Project. The amount of the fire impact fees charged to a development project will depend on the increase in calls for service associated with that project. The fees per unit of development calculated in this chapter for each type of development are based on the estimated average fire calls per unit per year for that type of development in Eastvale. Thus, the fee charged to a development project reflects the impact of that project on the need for Fire Department facilities in the City.

Chapter 9. Implementation

This chapter of the report summarizes requirements for adoption and administration of impact fees, calculated in this study. It was not prepared by an attorney and is not intended as legal advice.

Statutory requirements for the adoption and administration of fees imposed as a condition of development approval (impact fees) are found in the Mitigation Fee Act (Government Code Sections 66000 *et seq.*).

Adoption

NBS recommends that the City obtain legal advice from the City Attorney regarding the form by which development impact fees are enacted. Procedures for adoption of fees subject to the Mitigation Fee Act, including notice and public-hearing requirements, are specified in Government Code Sections 66016 and 66018. It should be noted that Section 66018 refers to Government Code Section 6062a, which requires that the public hearing notice be published at least twice during the 10-day notice period. However, Section 66016.5 added by AB 602 in 2021 requires that impact fee nexus studies be adopted at a public hearing with at least a 30-day notice.

Government Code Section 66017 provides that fees subject to the Mitigation Fee Act do not become effective until 60 days after final action by the governing body.

Actions establishing or increasing fees subject to the Mitigation Act require certain findings, as set forth in Government Code Section 66001 and discussed in Chapter 1 of this report.

NBS recommends that the City obtain legal advice from the City Attorney as to the specific language of those findings. A nexus summary for each impact fee calculated in this report can be found in individual chapters of this report and those nexus summaries may be used to support the findings required by Section 66001.

Administration

The California Mitigation Fee Act (Government Code Sections 66000 et seq.) mandates procedures for administration of impact fee programs, including collection and accounting, reporting, and refunds. References to code sections in the following paragraphs pertain to the California Government Code.

Notices and Statute of Limitations. Section 66006 (f) provides that a local agency, at the time it imposes a fee for public improvements on a specific development project, "... shall identify the public improvement that the fee will be used to finance." The required notification could refer to the capital improvement plan that must now be adopted with each new impact fee nexus study.

Section 66020 (d) (1) requires that the agency, at the time it imposes an impact fee, provide a written statement of the amount of the fee and written notice of a 90-day period during which the imposition of the fee can be protested. Failure to protest imposition of the fee during that period may deprive the fee payer of the right to subsequent legal challenge.

Section 66022 (a) provides a separate procedure for challenging the establishment of an impact fee. Such challenges must be filed within 120 days of enactment.

Collection of Fees. Section 66007, as amended by SB 937 in 2024, provides that, with some exceptions, a local agency shall not require payment of impact fees by developers of residential development projects prior to the issuance of the first certificate of occupancy, or first temporary certificate of occupancy, whichever occurs first. That provision does not apply if construction of the residential development does not begin within five years of the date upon which the building permit is issued.

An exception that allows utility service fees to be collected when an application for service

is received, is now limited to the cost of "connection activities."

Local agencies may require payment of fees prior to issuance of a certificate of occupancy under certain conditions, including if the fees are to reimburse the agency for expenditures previously made (or to fund projects with an adopted construction schedule or plan with appropriated funds), unless the project reserves at least 49% of residential units for occupancy by lower income households. For such projects, the local agency may require posting of a performance bond or letter of credit from a federally insured depository institution to guarantee payment when the fees are eligible for collection.

In cases where the fees are not collected upon issuance of building permits, Sections 66007 (d) (1) and (2) provide that the City may require the property owner to execute a contract to pay the fee, and to record that contract as a lien against the property until the fees are paid. The local agency may not charge interest or other fees on any amounts deferred pursuant to Section 66007.

If a residential development contains more than one dwelling, the local agency may determine whether the fees or charges described shall be paid on a pro rata basis for each dwelling when it receives its certificate of occupancy, on a pro rata basis when a certain percentage of the dwellings have received their certificate of occupancy, or on a lump-sum basis when all the dwellings in the development receive their certificate of occupancy.

Statutory restrictions on the time at which fees may be collected do not apply to non-residential development.

Earmarking and Expenditure of Fee Revenue. Section 66006 (a) mandates that fees be deposited "with other fees for the improvement in a separate capital facilities account or fund in a manner to avoid any commingling of the fees with other revenues and funds of the local agency, except for temporary investments, and expend those fees solely for the purpose for

which the fee was collected." Section 66006 (a) also requires that interest earned on impact fee revenues be placed in the capital account and used for the same purpose.

Common practice is to maintain separate funds or accounts for impact fee revenues by facility category (i.e., streets, park improvements), but not for individual projects.

Impact Fee Exemptions, Reductions, and Waivers. In the event that a development project is found to have no impact on facilities for which impact fees are charged, such project must be exempted from the fees.

If a project has characteristics that will make its impacts on a particular public facility or infrastructure system significantly and permanently smaller than the average impact used to calculate impact fees in this study, the fees should be reduced accordingly to meet the requirement that there must be a reasonable relationship between the amount of the fee and the cost of the public facility attributable to the development on which the fee is imposed. The fee reduction is required if the fee is not proportional to the impact of the development on relevant public facilities.

In some cases, an agency may desire to voluntarily waive or reduce impact fees that would otherwise apply to a project as a way of promoting goals such as affordable housing or economic development. Such a waiver or reduction is within the discretion of the governing body but may not result in increased costs to other development projects. So, the effect of such policies is that the lost revenue must be made up from sources other than impact fees.

Credit for Improvements Provided by Developers. If the City requires a developer, as a condition of project approval, to dedicate land or construct facilities or improvements for which impact fees are charged, the City should ensure that the impact fees are adjusted so that the overall contribution by the developer does not exceed the impact created by the development.

In the event that a developer voluntarily offers to dedicate land, or construct facilities or improvements in lieu of paying impact fees, the City may accept or reject such offers and may negotiate the terms under which such an offer would be accepted. Excess contributions by a developer may be offset by reimbursement agreements.

Credit for Existing Development. If a project involves replacement, redevelopment or intensification of previously existing development, impact fees should be applied only to the portion of the project that represents a net increase in demand for relevant City facilities, applying the measure of demand used in this study to calculate that impact fee.

Annual Report. Section 66006 (b) (1) requires that once each year, within 180 days of the close of the fiscal year, the local agency must make available to the public the following information for each separate account established to receive impact fee revenues:

1. A brief description of the type of fee in the account or fund;
2. The amount of the fee;

3. The beginning and ending balance of the account or fund;
4. The amount of the fees collected and interest earned;
5. Identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the percentage of the cost of the public improvement that was funded with fees;
6. Identification of the approximate date by which the construction of a public improvement will commence, if the City determines sufficient funds have been collected to complete financing of an incomplete public improvement; An identification of each public improvement identified in a previous report and whether construction began on the approximate date noted in the previous report. For a project identified for which construction did not commence by the approximate date provided in the previous report, the reason for the delay and a revised approximate date that the local agency will commence construction;
7. A description of each inter-fund transfer or loan made from the account or fund, including interest rates, repayment dates, and a description of the improvement on which the transfer or loan will be expended;
8. The amount of any refunds or allocations made pursuant to Section 66001, paragraphs (e) and (f).

The annual report must be reviewed by the City Council at its next regularly scheduled public meeting, but not less than 15 days after the statements are made public, per Section 66006 (b) (2).

Five-Year Findings and Refunds under the Mitigation Fee Act. Prior to 1996, The Mitigation Fee Act required that a local agency collecting impact fees was required to expend or commit impact fee revenue within five years or make findings to justify a continued need for the money. Otherwise, those funds had to be refunded. SB 1693, adopted in 1996 as an amendment to the Mitigation Fee Act, changed that requirement in material ways.

Now, Section 66001 (d) requires that, for the fifth fiscal year following the first deposit of any impact fee revenue into an account or fund as required by Section 66006 (b), and every five years thereafter, the local agency shall make all of the following findings for any fee revenue that remains unexpended, whether committed or uncommitted:

1. Identify the purpose to which the fee will be put;
2. Demonstrate the reasonable relationship between the fee and the purpose for which it is charged;
3. Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements for which impact fees are to be used;
4. Designate the approximate dates on which the funding necessary to complete

financing of those improvements will be deposited into the appropriate account or fund.

Those findings are to be made in conjunction with the annual reports discussed above. If such findings are not made as required by Section 66001, the local agency could be required to refund the moneys in the account or fund, per Section 66001 (d).

Once the agency determines that sufficient funds have been collected to complete financing on incomplete improvements for which impact fee revenue is to be used, it must, within 180 days of that determination, identify an approximate date by which construction of the public improvement will be commenced (Section 66001 (e)). If the agency fails to comply with that requirement, it must refund impact fee revenue in the account according to procedures specified in Section 66001 (d).

For a useful discussion of the foregoing requirements, see "The Mitigation Fee Act's Five-Year Findings Requirement: Beware Costly Pitfalls" by Glen Hansen, Senior Counsel, Abbott and Kindermann, and Rick Jarvis, Managing Partner, Jarvis, Fay and Gibson, presented at the 2022 League of California Cities City Attorneys Spring Conference.

Audit Requests. Section 66023 provides that any person may request an audit to determine whether any fee or charge levied by a local agency exceeds the amount reasonably necessary to cover the cost of any product, public facility, as defined in Section 66000, or service provided by the local agency. The legislative body of the local agency may retain an independent auditor to conduct the audit but is not required to conduct an audit if an audit has been performed for the same fee within the previous 12 months.

The agency shall retain an independent auditor to conduct an audit only if the person who requests the audit deposits with the local agency the amount of the local agency's reasonable estimate of the cost of the independent audit. At the conclusion of the audit, the local agency shall reimburse unused sums, if any, or the requesting person shall pay the local agency the excess of the actual cost of the audit over the amount that was deposited.

However, if the local agency fails to comply with the annual report requirement of Section 66006 following the establishment, increase or imposition of a fee, but requires payment of that fee in connection with the approval of a development project for three consecutive years, the agency shall not require a deposit for the independent audit and shall pay the cost of the audit.

Indexing of Impact Fees. Impact fees calculated in this report are based on current costs and should be adjusted periodically to account for changes in the cost of facilities or other capital assets that will be funded by those fees. That adjustment is intended to account for escalation in costs for land, construction, vehicles and other relevant capital assets. The *Engineering News Record* Building Cost Index (BCI) and Construction Cost Index (CCI), as well as the General Services Department's California Construction Cost Index, are useful for indexing construction costs. Where land costs are covered by an impact fee or in-lieu fee, land costs should be adjusted

based on changes in local land prices. Costs for vehicles and equipment should be updated based on vendors' quotes.

Requirements Imposed by AB 602

As noted in Chapter 1, AB 602, which took effect in 2022, creates some new requirements for impact fees. The new law amends Government Code Section 65940.1 and adds Section 66016.5 to impose the following requirements:

1) A city, county or special district that has an internet website shall post on its website:
    a) A current written schedule of fees, exactions and affordability requirements applicable to a proposed housing development project, and shall present that information in a manner that identifies the fees, exactions and affordability requirements that apply to each parcel and the fees that apply to each new water and sewer utility connection
    b) All zoning ordinances and development standards and specifying the zoning, design and development standards that apply to each parcel
    c) A list of the information that will be required from any applicant for a development project, as specified in Government Code Section 69540
    d) The current and five previous annual fee reports required by Government Code Section 66006 and Subsection 66013 (d).
    e) An archive of impact fee nexus studies, cost of service studies or equivalent conducted on or after January 1, 2018.
2) The above information shall be updated within 30 days of any changes
3) A City or County shall request from a development proponent, upon issuance of a certificate of occupancy or final inspection, the total amount of fees and exactions associated with the project for which the certificate is issued. That information must be posted on the website and updated at least twice a year.
4) Before adoption of an impact fee, an impact fee nexus study shall be adopted.
5) When applicable, the nexus study shall identify the existing level of service for each public facility, identify the proposed new level of service and explain why the new level of service is appropriate
6) If a nexus study supports the increase of an existing fee, the local agency shall review the assumptions of the nexus study supporting the original fee and evaluate the amount of the fees collected under the original fee.
7) A nexus study adopted after July 1, 2022, shall calculate a fee imposed on a housing development project proportionately to the square footage of the proposed units of the development. A local agency that imposes a fee proportionately to the square footage if the proposed units of the development shall be deemed to have used a valid method to

establish a reasonable relationship between the fee charged and the burden posed by the development. A nexus study is not required to comply with this requirement if the agency makes certain findings outlined in the statute.

8) Large jurisdictions as defined in Section 53559.1 (d) of the Health and Safety Code (counties of 250,000 or more and cities in those counties) shall adopt a capital improvement plan as part of a nexus study.
9) All studies shall be adopted at a public hearing with at least 30-day's notice, and the local agency shall notify any member of the public that requests notice of intent to begin an impact fee nexus study of the date of the hearing.
10) Impact fee nexus studies shall be updated at least every eight years, beginning on January 1, 2022.

Training and Public Information

Effective administration of an impact fee program requires considerable preparation and training. It is important that those responsible for collecting the fees, and for explaining them to the public, understand both the details of the fee program and its supporting rationale.

It is also useful to pay close attention to handouts that provide information to the public regarding impact fees. Impact fees should be clearly distinguished from other fees, such as user fees for application processing, and the purpose and use of particular impact fees should be made clear.

Finally, anyone responsible for accounting, capital budgeting, or project management for projects involving impact fees must be fully aware of the restrictions placed on the expenditure of impact fee revenues. Fees must be expended for the purposes identified in the impact fee nexus study in which they were calculated, and the City must be able to show that funds have been properly expended.

INTRODUCTION AND SUMMARY

The City of Eastvale's Five-year Capital Improvement Plan (CIP) serves as a strategic blueprint for infrastructure planning and investment. It includes detailed project descriptions, cost estimates, project status, prioritization, and categorization — all with the goal of improving quality of life and addressing the City's long-term infrastructure needs. This comprehensive planning tool ensures transparency, fiscal responsibility, and efficient allocation of resources, thereby supporting the successful delivery of capital projects throughout the five-year planning period.

The Capital Improvement Plan (CIP) is overseen by the Public Works Department and serves as a strategic framework for the planning, design, and construction of various infrastructure projects throughout the City. These include improvements in transportation, drainage, public facilities, and parks. Public Works staff are responsible for managing all phases of CIP projects—from initial planning and design to final construction and project closeout.

CIP addresses a broad range of project types, including critical, essential, and desirable improvements across categories such as transportation, parks and recreation, public safety, maintenance, utilities, accessibility enhancements, and public facilities. Each project is assessed and categorized based on its urgency and anticipated community benefit.

Five-Year Capital improvement Plan (CIP) Annual Update

Each year, as part of the City's budget process, the City Council reviews and adopts a Five-Year Capital Improvement Plan (CIP) in accordance with California Government Code Section 65403.

Pursuant to California Government Code Section 65090, the adoption of the Five-Year CIP requires public hearings by both the Planning Commission and City Council, providing opportunities for community input prior to formal adoption through resolution. At their meeting on June 18, 2025, the Planning Commission reviewed the Five-Year Capital Improvement Plan and determined that the plan conforms to the goals, objectives, and policies of the elements of the General Plan.

Annual Capital Improvement Budget Process

The Annual Capital Improvement Budget (Annual CIP) process usually starts in January or February with the development of the overall City budget. This process identifies all priority

operational needs, as well as capital improvement needs. Once the budget is completed, it is recommended for adoption by the City Council prior to the beginning of the fiscal year, which begins in July. City management and the City Council are updated monthly on the status of CIP projects through status reporting and meetings.

FY 2025/2026 Annual Operations and Capital Improvement Budget was adopted by the City Council on June 25, 2025. The budget document provides detailed insights into the financial aspects and funding sources allocated for each project within the Capital Improvement Program. It serves as a valuable resource, outlining the financial considerations and allocations for the specified planning period.

PROGRAM SUMMARY

This document presents the City of Eastvale Capital Improvement Plan (CIP) for Fiscal Years 2025/2026 through 2029/2030. The City of Eastvale's Five-Year Capital Improvement Plan (CIP) is comprised of thirty-seven (37) projects divided into five categories: Accessibility Improvements Program, Roadway Safety/Traffic Improvements, Street Improvements, Citywide Maintenance Program, and Land, Building, Facilities & Equipment. The projects are further categorized into three priorities based on the following order of precedence:

1. Safety Projects
2. Annual projects
3. Funding deadlines
4. Projects with significant progress (more than 50% in design)
5. New projects from Strategic Goal
6. All others

The three priorities are:

Critical Projects:

Critical projects are those that require immediate attention due to safety concerns, regulatory compliance, or their potential to adversely affect the City's infrastructure or services if left unaddressed. These projects are given the highest priority and are crucial for maintaining the integrity and functionality of City of Eastvale's public systems.

Essential Projects:

Essential projects are deemed necessary to meet the growing demands of the community and improve the overall quality of life for its residents. These projects aim to enhance existing infrastructure, expand services, and create a more sustainable environment. They play a vital role in ensuring City of Eastvale remains a vibrant and desirable place to live, work, and engage in recreational activities.

Desirable Projects:

Desirable projects, while not as critical or essential, are still significant in enhancing the community's well-being and supporting its long-term vision. These projects focus on various aspects such as aesthetic improvements, public safety improvements, infrastructure maintenance, and transportation advancements. They contribute to the unique identity and character of City of Eastvale, creating a more appealing and engaging environment for residents and visitors.

The Five-Year CIP is summarized as follows:

Priority Category	Total number of Projects
Critical	18
Essential	15
Desirable	4

A summary of proposed projects by category for the entire Five-Year Capital Improvement Plan is included in Table 1 through Table 3. A program summary by category that includes each project cost estimates is presented in Appendices A through C.

Table 1 -Critical Projects Category Summary

Project No.	Project Title	Project Category
95024	Parking Structure	Critical
95023	Civic Center Site Improvement	Critical
95017	Public Works Yard Facility Project	Critical
95014	Police Station	Critical
95012	Library	Critical
95011	City Hall	Critical
94014	Beautification Project at Sumner Ave and Bellegrave Ave	Critical
94010	Citywide Branding: Entryway and Median Improvements	Critical
94006	Citywide Traffic Signal Synchronization – Phase 1 Arterials	Critical
94005	Miscellaneous Traffic/Pedestrian Safety	Critical
94001	Pavement Slurry Seal and Resurfacing Project	Critical
93040	Hamner Utility Trench Repair	Critical
93039	Median Improvement Project at River Rd, Cantu Galleano Rd, and Archibald Ave	Critical
93037	Limonite Gap Pedestrian Bridge	Critical
93034	Hellman Avenue Street Widening	Critical
93018	Annual Overlay	Critical
92021	Traffic Signal Improvement at Sumner and 68th	Critical
92001	Traffic Sign Inventory and Replacement	Critical

Table 2 - Essential Projects Category Summary

Project No.	Project Title	Project Category
95022	Citrus Reimagined Project	Essential
95020	OCPW Land Use – Passive Park	Essential
95019	Santa Ana River Area Passive Park	Essential
95016	Fire Medic Squad Replacement	Essential
95015	Fire Aerial Ladder Truck Purchase	Essential
95013	Fire Station	Essential
94011	Smart City Masterplan	Essential
94007	Citywide Traffic Signal Synchronization – Phase 2 Collectors	Essential
94004	Street Maintenance: Pot Holes, Deep Patch, and Crack Seal	Essential
93036	Streetlight Installation Project	Essential
93027	Schleisman Road Mobility, Safety, and Connectivity Project	Essential
92020	Hamner Avenue Beautification Project	Essential
92013	Limonite Interchange Gateway Feature	Essential
92012	Improvement of Bike Network Connectivity	Essential
91010	Citywide Americans with Disabilities Act Improvement Project	Essential

Table 3– Desirable Project Category Summary

Project No.	Project Title	Project Category
92019	SCE Easement Trail Improvement along 68th Street	Desirable
92018	Orchard Park to American Heroes Park Trail	Desirable
92014	Roadway Vision	Desirable
92011	Traffic Signal Battery Backup Systems	Desirable

PROGRAM PROJECT DETAIL SHEETS

For each proposed project in the Five-Year Capital Improvement Plan (CIP), a Project Detail Sheet has been prepared that presents the various project details including:

- **Project Title and Location**
- **Project/CIP No. and Category**
- **Project Priority Category**
- **Project Justification**
- **City Council Goal & Objectives**
- **Description of Project**
- **Project Cost Overview**
- **Review and Comments**

APPENDIX A

CAPITAL IMPROVEMENT PLAN BY PROJECT DETAILS

CRITICAL PROJECTS

(appendix continues on next page)

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Parking Structure			
Project Number:	95024			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☒	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Southeast commerical quadrant of the Leal Master Plan				
Description of Improvements: This project will utilize a design-build approach, and the scope includes the construction of a multi-story parking structure that will serve the Civic Center and the future Downtown area.				
Justification or Significance of Improvement: The new parking structure will support the anticipated increase in parking demand associated with the new Civic Center.				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)		
Project Status:	☐	Feasibility Study	☐	In Progress
	☐	Design – Conceptual	☐	Under Construction/Implementation
	☒	Design – Engineering	☐	Annual Projects
Special Funding Milestones/ Deadlines:	N/A			
City Council Goals & Objectives:	Priority 1, Target E, Goal A			
Funding Information:	☐	Fully Funded	☐	Partially Funded ☒ No Funding

Project Cost Overview

Project Phases/Task	Total Project Cost Estimates
Architect & Eng Serv.	$ 2,500,000
Property Acquisition[1]	$ 2,000,000
Construction Contracts	$ 29,700,000
Other Professional Serv.	
Other Misc Expenses	
Total Cost	**$ 34,200,000**
Annual O&M	

Review and Comments:
[1]Based on $1,109,639 per acre (from the appraisal done for Lot 14 from DA; but the actual cost will be determined when an appraisal is done)

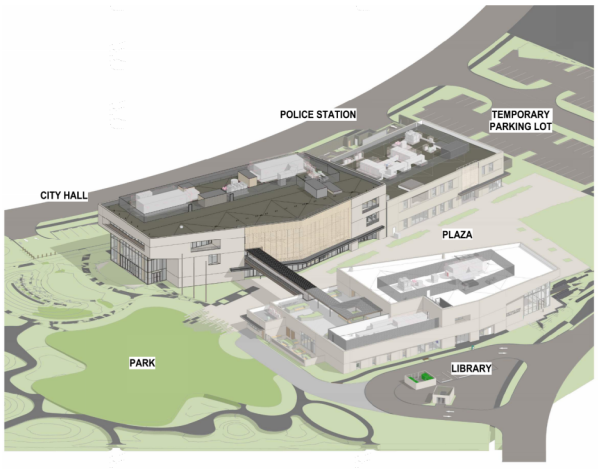
Tentative Schedule:
Design-Build Start: Q3 2025
Estimated Completion: Q2 2028

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Civic Center Site Improvement			
Project Number:	95023			
Project Category:	☐ Accessibility Improvements Program		☐	Citywide Maintenance Program
	☐ Roadway Safety/Traffic Improvements		☒	Land, Buildings, Facilities & Equipment
	☐ Street Improvements			
Location: Southeast commerical quadrant of the Leal Master Plan				
Description of Improvements: An approximately 2.8 acre City Park with an amphitheater and a central hardscape Civic Plaza and associated site work around the three buildings: City Hall, library, and police station.				
Justification or Significance of Improvement: Phase I of the Downtown Eastvale Project includes a City Hall, a library, a police station, arts and cultural spaces, a park and an amphitheater, and an open plaza. The Civic Center will be a community serving and welcoming place, space and destination where people can connect and prosper.				
Project Priority within CIP Category:	☒ Critical (Start within a year)			
	☐ Essential (Start within 1 to 3 years)			
	☐ Desirable (Start within 3 to 5 years)			
Project Status:	☐ Feasibility Study		☐	In Progress
	☐ Design – Conceptual		☒	Under Construction/Implementation
	☐ Design – Engineering		☐	Annual Projects
Special Funding Milestones/ Deadlines:	N/A			
City Council Goals & Objectives:	Priority 1, Target E, Goal A			
Funding Information:	☐ Fully Funded	☒ Partially Funded	☐	No Funding

Project Cost Overview

Project Phases/Task	Total Project Cost Estimates[5]	
Architect & Eng Serv.	$	1,843,624
Property Acquisition[1]	$	1,109,808
Construction Contracts[2]	$	26,653,021
Other Professional Serv.[3]	$	785,404
Other Misc Expenses[4]	$	654,843
Total Cost	**$**	**31,046,700**
Annual O&M		



Review and Comments:

[1]Based on a development agreement appraisal of $1,109,074 per acre
[2]includes estimated building construction cost and 10% contingency
[3]Includes project/consulant management, plan check, geotech,,,
[4]Includes FF&E, AV System, and Alternatives
[5]Includes project cost estimates for Site Improvements including Park and Plaza

Tentative Schedule:

Construction Start: Q3 2025
Estimated Completion: Q2 2028

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Public Works Yard Facility Project			
Project Number:	95017			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☒	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: 14821 & 14835 Chandler St				
Description of Improvements: This project will utilize a design-build approach. The project scope includes the construction of maintenance yard buildings with vehicle/equipment storage area, office spaces, washing bays, and rest areas and the site work.				
Justification or Significance of Improvement : The City is lacking appropriate space for storage of equipment, supplies, fleet garage, workshop space, crew break room. The City also needs to be prepared for the increased demand for services once the Civic Center, Civic Park, and Civic Plaza construction begins.				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)		
Project Status:	☒	Feasibility Study	☐	In Progress
	☐	Design – Conceptual	☐	Under Construction/Implementation
	☐	Design – Engineering	☐	Annual Projects
Special Funding Milestones/ Deadlines:	N/A			
City Council Goals & Objectives:	Target E, Goal A			
Funding Information:	☐	Fully Funded	☒	Partially Funded ☐ No Funding

Project Cost Overview		
Project Phases/Task	**Total Project Cost Estimates**	
Architect & Eng Serv.	$	500,000
Property Acquisition	$	1,250,000
Construction Contracts	$	7,730,272
Other Professional Serv.		
Other Misc Expenses		
Total Cost	**$**	**9,480,272**
Annual O&M		

Review and Comments: None
Tentative Schedule:
Construction Start: Q4 2026
Estimated Completion: Q4 2028

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Police Station			
Project Number:	95014			
Project Category:	☐ Accessibility Improvements Program		☐	Citywide Maintenance Program
	☐ Roadway Safety/Traffic Improvements		☒	Land, Buildings, Facilities & Equipment
	☐ Street Improvements			
Location: Southeast commerical quadrant of the Leal Master Plan				
Description of Improvements: A design-bid-build project to construct a new Police Station, approximately 22,021 SF in size, located in the southeast commerical quadrant of the Leal Master Plan. The Police Station a two-story building with one level below grade secured parking.				
Justification or Significance of Improvement : The new police station would serve as the City's law enforcement headquarters and will enhance the provision of law enforcement services for the City's current residents as well as or new development and population as the City continues to grow over future decades..The new police station would also house the City's Emergency Operations Center (EOC), which would serve as a central command-and-control facility for coordinating emergency response and recovery efforts during disasters and major emergencies.				
Project Priority within CIP Category:	☒ Critical (Start within a year)			
	☐ Essential (Start within 1 to 3 years)			
	☐ Desirable (Start within 3 to 5 years)			
Project Status:	☐ Feasibility Study		☐	In Progress
	☐ Design – Conceptual		☒	Under Construction/Implementation
	☐ Design – Engineering		☐	Annual Projects
Special Funding Milestones/ Deadlines:				
City Council Goals & Objectives:	Priority 1, Target A, Goal A			
Funding Information:	☐ Fully Funded	☒ Partially Funded	☐	No Funding

Project Cost Overview

Project Phases/Task	Total Project Cost Estimates	
Architect & Eng Serv.	$	3,101,867
Property Acquisition[1]	$	1,867,234
Construction Contracts[2]	$	44,843,263
Other Professional Serv.[3]	$	2,291,090
Other Misc Expenses[4]	$	1,912,753
Total Cost	**$**	**54,016,207**
Annual O&M		

Review and Comments:

[1]Based on a development agreement appraisal of $1,109,074 per acre
[2]includes estimated building construction cost and 10% contingency
[3]Includes project/consulant management, plan check, geotech,,,
[4]Includes FF&E, AV System, and Alternatives

Tentative Schedule:
Construction Start: Q3 2025
Estimated Completion: Q2 2028

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Library			
Project Number:	95012			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☒	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Southeast commerical quadrant of the Leal Master Plan.				
Description of Improvements: A design-bid-build project to construct an approximately 25,599 SF Library located in the southeast commercial quadrant of the Leal Master Plan. The Library is a two-story building featuring book collection areas for all ages, group study rooms, acitivity spaces, offices, and an occupiable terrace.				
Justification or Significance of Improvement : The City's existing library is operated by a facility that is shared with a high school. The new facility would be the first true library in the City, which is currently underserved by its existing library facilities. The construction of a new Library is vital to fostering education, equality, community cohesion, and personal development. The library would accommodate a range of public programs and offer expanded access to equipment to increase public access to literacy and digital programs.				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)

Construction Start: Q3 2025
Estimated Completion: Q2 2028

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	City Hall			
Project Number:	95011			
Project Category:	☐ Accessibility Improvements Program		☐	Citywide Maintenance Program
	☐ Roadway Safety/Traffic Improvements		☒	Land, Buildings, Facilities & Equipment
	☐ Street Improvements			
Location: Southeast commerical quadrant of the Leal Master Plan				
Description of Improvements: A design-bid-build project to construct an approximately 52,340 SF City Hall located in the southeast commercial quadrant of the Leal Master Plan. The City Hall is a three-story building that includes public counter spaces, an outdoor amphitheater, a council chamber that could be converted into a stage for performances, conference rooms, and office spaces.				
Justification or Significance of Improvement: Eastvale was incorporated in 2010, making it a relatively new city. Before incorporation, there was no City Hall in Eastvale. The construction of a new City Hall is essential to support government operations, offer services to the public, encourage civic engagement, and serve as a symbol of local governance.				
Project Priority within CIP Category:	☒ Critical (Start within a year)			
	☐ Essential (Start within 1 to 3 years)			
	☐ Desirable (Start within 3 to 5 years)

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Beautification Project at Sumner Ave and Bellegrave Ave			
Project Number:	94014			
Project Category:	☐	Accessibility Improvements Program	☒	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Southwest corner of Bellegrave Ave/Merrill Ave and Sumner Ave				
Description of Improvements: This project will include installation of landscaping and hardscape to beautify the gap that exists at the southwest corner of Bellegrave Ave/Merrill Ave and Sumner Ave.				
Justification or Significance of Improvement : Sumner Ave at Bellegrave Ave/Merrill Ave serves as a key entry point into the city, making it essential to enhance its appearance and create a welcoming atmosphere for both residents and visitors. This improvement will not only elevate the aesthetic appeal but also set a positive tone for all who enter our community.				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Citywide Branding: Entryway and Median Improvements			
Project Number:	94010			
Project Category:	☐ Accessibility Improvements Program		☒ Citywide Maintenance Program	
	☐ Roadway Safety/Traffic Improvements		☐ Land, Buildings, Facilities & Equipment	
	☐ Street Improvements			
Location: Citywide				
Description of Improvements: Citywide Branding efforts including entryway median improvement, monument installation at various locations within the City, and various street beautification projects.				
Justification or Significance of Improvement : Although this project has been categorized as Essential in previous Five-Year CIP's, staff has been actively seeking opportunities to implement it in coordination with other improvement efforts, such as the median project at Cantu and River Road. With the acceptance of the Right-of-Way dedication at the corner of Sumner Avenue and Bellegrave Avenue, we are now ready to move forward with the design and installation of the Entryway City Branding Monument, in conjunction with the Beautification Project (Project No. 94014).				
Project Priority within CIP Category:	☒ Critical (Start within a year)			
	☐ Essential (Start within 1 to 3 years)			
	☐ Desirable (Start within 3 to 5 years)

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Citywide Traffic Signal Synchronization - Phase 1 Arterials
Project Number:	94006
Project Category:	☐ Accessibility Improvements Program ☒ Citywide Maintenance Program ☐ Roadway Safety/Traffic Improvements ☐ Land, Buildings, Facilities & Equipment ☐ Street Improvements
Location:	This project will implement traffic signal synchronization along major arterials including Hamner Ave, Archibald Ave, and Schleiman Ave.
Description of Improvements:	Install traffic synchronization components and fiber optic line and/or wireless antenna to relay signal per the traffic signal synchronization master plan. Traffic signal synchronization of major corridors will be completed in two phases. Phase 1 includes Hamner Avenue, Archibald Avenue, Schleisman Road and Scholar Way. Phase 2 includes collectors streets including Harrision Ave, Sumner Ave, 65th St, and Citrus St (CIP 94007). This project is for Phase 1, and sycnrhonization on Schleisman Rd will be completed after the intersection of Schleisman Rd and Sumner is improved by a developer.
Justification or Significance of Improvement :	Synchronizing major corridors throughout the City has remained a high priority. WRCOG's recent Nexus Study highlighted and included the ITS improvements along these key corridors. Implementing this initiative will significantly enhance traffic flow and reduce travel times, delivering clear benefits to the public.
Project Priority within CIP Category:	☒ Critical (Start within a year) ☐ Essential (Start within 1 to 3 years) ☐ Desirable (Start within 3 to 5 years)
Project Status:	☐ Feasibility Study ☐ In Progress ☐ Design – Conceptual ☐ Under Construction/Implementation ☒ Design – Engineering ☐ Annual Projects
Special Funding Milestones/ Deadlines:	Transportation Uniform Mitigation Fee (TUMF)
City Council Goals & Objectives:	Target E, Goal D
Funding Information:	☒ Fully Funded ☐ Partially Funded ☐ No Funding

Review and Comments:
This is an ongoing annual project.

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Pavement Slurry Seal and Resurfacing Project			
Project Number:	94001			
Project Category:	☐	Accessibility Improvements Program	☒	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Citywide				
Description of Improvements: Annual program to treat pavement on various residential streets throughout the City with slurry seal. This is an ongoing project and will be reappropriated each year as needed.				
Justification or Significance of Improvement : Preventative maintenance is a proactive strategy that helps City manage infrastructure responsibly, ensuring roads remain safe, functional, and cost-effective over time.				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)		
Project Status:	☐	Feasibility Study	☐	In Progress

Review and Comments:
This is an annual project.

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Hamner Utility Trench Repair			
Project Number:	93040			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☒	Street Improvements		
Location: Hamner Ave north of Schleisman Rd in front of Dollar Tree store				
Description of Improvements: This project will excavate and property backfill the existing trench line over the storm drain line along Hamner Ave in front of Dollar Tree store.				
Justification or Significance of Improvement : It is critical to address the settlement issues observed at the project location to ensure roadway safety and structural integrity of the roadway and to ensure its long-term performance.				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)

CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Median Improvement Projects at River Rd, Cantu Galleano Rd, and Archibald Ave			
Project Number:	93039			
Project Category:	☐ Accessibility Improvements Program		☐ Citywide Maintenance Program	
	☐ Roadway Safety/Traffic Improvements		☐ Land, Buildings, Facilities & Equipment	
	☒ Street Improvements			
Location: River Rd at Baron Dr, Cantu Galleano Rd between Hamner Ave and Goodman Way, and Archibald Ave between Corbin Dr and existing raised median to the north				
Description of Improvements: Install landscaped raised median to physically separate opposing traffic streams and help stop vehicles traveling into opposing traffic lanes.				
Justification or Significance of Improvement : Public Safety Needs to prevent illegal left turns and dangerous driving pattern.				
Project Priority within CIP Category:	☒ Critical (Start within a year)			
	☐ Essential (Start within 1 to 3 years)			
	☐ Desirable (Start within 3 to 5 years)

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Limonite Gap Pedestrian Bridge			
Project Number:	93037			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☒	Street Improvements		
Location: Over Cucamonga Creek Channel, approximately 0.1 mil south of Limonite Ave.				
Description of Improvements: Design and construct a pedestrian bridge that is roughly 300 ft in length over Cucamonga Creek Channel to close the gap of pedestrian path that will ultimately extend to a 2.5-mile multiuse trail and connect with four parks through a non-motorized corridor.				
Justification or Significance of Improvement :				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)		
Project Status:	☐	Feasibility Study	☐	In Progress
	☐	Design – Conceptual	☐	Under Construction/Implementation
	☒	Design – Engineering	☐	Annual Projects
Special Funding Milestones/ Deadlines:	Construction of this project was approved for CPFCDS (Community Project Funding/Congressionally Directed Spending) funding through the FY22-23 earmark process. Funding obligation deadline is September 30, 2026.			
City Council Goals & Objectives:	Target E, Goal E

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Hellman Avenue Street Widening and Walters Pedestrian Bridge			
Project Number:	93034			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☒	Street Improvements		
Location: Hellman Ave between Chandler St. to Walters St.				
Description of Improvements: The project involves widening Hellman Avenue from Walters Street to River Road to eliminate bottlenecks and improve traffic flow. The scope includes conducting a feasibility study, preparing environmental documents, right-of-way easement documents, and PS&E. The project will be completed in two phases: 1) Widening of Hellman Avenue north of Chandler Avenue, including lot grading south of Rondo Elementary School and bridge widening. 2) Widening of Hellman Avenue from Shortham Street to River Road.The feasibility study will determine the most efficient approach for phasing the project.				
Justification or Significance of Improvement :

FY 2025/2026 to FY 2029/2030

Project Title:	Traffic Signal Improvement at Sumner Ave and 68th St			
Project Number:	92021			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☒	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: At the intersection of Sumner Ave and 68th St				
Description of Improvements: Design and install traffic signals at the intersection of Sumner Ave and 68th Street				
Justification or Significance of Improvement: This project will improve vehicular and pedestrian safety and also allow for future opportunity to synchronize the Sumner Ave corridor. City Council directed the staff to commence the process for signalizing this intersection at April 10, 2024, meeting.				
Project Priority within CIP Category:	☒	Critical (Start within a year)		
	☐	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)

CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Traffic Sign Inventory and Replacement			
Project Number:	92001			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☒	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		

Location: Citywide

Description of Improvements: The City of Eastvale owns and maintains approximately 8,210 traffic signs throughout the city. Signs that are missing, weathered, faded, or non-compliant will be replaced. One key compliance measure is retroreflectivity, a standard established to enhance nighttime driving safety. Approximately 2,160 signs have been scanned, with 821 failing to meet retroreflectivity standards. The remaining signs will be scanned while the failed ones are replaced. Additionally, the typical lifecycle of traffic signs is 10 years. This is an ongoing project and will be reappropriated annually as needed.

Justification or Significance of Improvement : Traffic signs are vital sources of infomration that communicate traffic control rules, warnings, and provide the necessary guidance that roadway users need to safetly and efficiently navigate.

ESSENTIAL PROJECTS

(appendix continues on next page)

CITY OF EASTVALE
CAPITAL IMPROVEMENT PROGRAM PROJECT DETAIL SHEET
FY 2025/2026 to FY 2029/2030

Project Title:	Citrus Reimagined Project			
Project Number:	95022			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☐	Roadway Safety/Traffic Improvements	☒	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: 13200 Citrus St., Eastvale CA				
Description of Improvements: In consistence with 2040 Eastvale General Plan, this project is envisioning to transform the 22-acre City owned lot into a community gathering hub that include a 15,000 sf indoor aquatic center, a 20,000 sf to 25,000 sf community center, an event center repurposed from an old residential property, an outdoor amphitheater, park spaces, pickleball courts, dog parks, a skate park, picnic areas, and a Sana Ana River education pond and pier.				
Justification or Significance of Improvement : This project is consistent with the adopted 2040 Eastvale General Plan. This project will directly benefit the health and wellbeing of the residents and its visitors.				
Project Priority within CIP Category:	☐	Critical (Start within a year)		
	☒	Essential (Start within 1 to 3 years)		
	☐	Desirable (Start within 3 to 5 years)		
Project Status:	☒	Feasibility Study	☐	In Progress

FY 2025/2026 to FY 2029/2030

Project Title:	Improvement of Bike Network Connectivity			
Project Number:	92012			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☒	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Scholar Way and Harrison Avenue				
Description of Improvements: Design and construction of nearly 5 miles of Class I trails running along Scholar Way and Harrison Avenue, utilizing excess right-of-way rather than impacting vehicle circulation/travel lanes. The project will provide dedicated space for people to bike and walk from northern City limit to the Santa Ana River trail connecting to schools, parks, retail and neighborhoods. The project construction documents have been developed with a budget that is partially funded by ATP. Funding/grant opportunities are to be identified to fund the construction and successfully deliver the project.				
Justification or Significance of Improvement :				
Project Priority within CIP Category:	☐	Critical (Start within a year)

FY 2025/2026 to FY 2029/2030

Project Title:	Roadway Vision			
Project Number:	92014			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☒	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Citywide				
Description of Improvements: Conceptual design of trails and/or linear parks within the existing City roadways where there are more than sufficient space to provide safe drive lanes and dedicated space for people to bike and walk. This project includes landscape architectural trail design on all major arterials and collectors. This project will recommence after City completes the design of Improvement of Trail Network Connectivity (Project #92012), Schleisman Trail (Project# 93027), Alternate Drainage Water Quality (Project #93031) and General Plan (Project #94008) to define the City's vision and goal of trails and/or linear parks.

FY 2025/2026 to FY 2029/2030

Project Title:	Traffic Signal Battery Backup Systems			
Project Number:	92011			
Project Category:	☐	Accessibility Improvements Program	☐	Citywide Maintenance Program
	☒	Roadway Safety/Traffic Improvements	☐	Land, Buildings, Facilities & Equipment
	☐	Street Improvements		
Location: Citywide				
Description of Improvements: Eastvale has approximately 77 traffic signals throughout the City, 56 solely maintained by the City and 21 shared by other jurisdictions. Each Battery cell cost roughly about $250, and depending on the type of the battery backup system, some intersections use 4 battiers, and some use 6 batteries. A complete new system is approximately $7,000. A backup system for signals greatly improve traffic safety during power outages. This is an ongoing project.				
Justification or Significance of Improvement : A backup system for signals greatly improve traffic safety during power outages.				
Project Priority within CIP Category:	☐	Critical (Start within a year)

ORDINANCE NO. 2025-__

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, AMENDING CHAPTER 110.28 (DEVELOPMENT IMPACT FEE PROGRAM) AND SECTION 130.20.020 (PARK AND RECREATION FEES AND DEDICATIONS) OF THE EASTVALE MUNICIPAL CODE

WHEREAS, the City is authorized to establish development impact fees to offset the proportionate cost of providing public facilities to serve development projects, and to impose those fees on the owners of those development projects, in accordance the City's authority under California Constitution Article 11, Section 7, and in accordance with the requirements of the "Mitigation Fee Act" (California Government Code Sections 66000 -66025); and

WHEREAS, the City is authorized to require the dedication of land or the payment of fees in lieu of dedication, or a combination of both, for park or recreational purposes as a condition of approval of a tentative map or parcel map for a development project, in accordance with the City's authority under California Constitution Article 11, Section 7, and in accordance with the requirements of the "Quimby Act" (California Government Code Section 66477); and

WHEREAS, the City previously established procedures for establishing and imposing development impact fees on development projects, as codified at Eastvale Municipal Code Chapter 110.28 (last amended in 2012), and consistent with the requirements of the Mitigation Fee Act; and

WHEREAS, the City previously established procedures for establishing and imposing park land dedication requirements on tentative maps and parcel maps, and fees in lieu thereof ("Quimby Fees"), as codified at Eastvale Municipal Code Section 130.20.020, which was last amended when the City incorporated in 2010; and

WHEREAS, the provisions of this ordinance are intended to establish the procedural framework for the City's establishment and imposition of development impact fees and Quimby Act Fees; however, the actual calculation of development impact fees are analyzed in accordance with a nexus study prepared as required by the Mitigation Fee Act (Government Code Section 66016.5); and

WHEREAS, in the course of reviewing the sufficiency of previous development impact fees, the City engaged a consultant, NBS, to prepare a nexus study to update the analysis of the proportionate impacts from development projects on the City's public facilities, as well as the proportionate benefit received by development projects from the City's public facilities; and the City correspondingly undertook a review of the underlying procedures codified in the Eastvale Municipal Cod; and

WHEREAS, at its _____, 2025 meeting, and as required by Sections 66016.5, 66018 and 66019 of the Mitigation Fee Act, the City Council held a duly noticed public hearing and

adopted a development impact fee nexus study prepared by NBS on behalf of the City, and adopted new and increased development impact fees for the City, including Quimby Fees; and

WHEREAS, the City Council desires to amend Chapter 110.28 and Section 130.20.020 to be consistent with the newly adopted development impact fees, which go into effect on _____, 2025, and to make other clarifying and streamlining edits, as well as to ensure consistency with current legal requirements.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EASTVALE DOES ORDAIN AS FOLLOWS:

SECTION 1. Amendment of Chapter 110.28. Chapter 110.28 is amended in its entirety to read as shown in Exhibit A attached hereto and incorporated by reference.

SECTION 2. Amendment of Section 130.20.020. Section 130.20.020 is amended in its entirety to read as shown in Exhibit A attached hereto and incorporated by reference.

SECTION 3. CEQA Findings. The City Council hereby finds that the adoption of this Ordinance is not subject to CEQA review pursuant to CEQA Guideline 15378(b)(4), which provides that the creation of government funding mechanisms or other government fiscal activities that do not involve any commitment to any specific project are not projects subject to CEQA review.

SECTION 4. Severability. If any chapter, subsection, subdivision, sentence, clause, phrase, or portion of this ordinance, is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision will not affect the validity of the remaining portions of this ordinance. The City Council hereby declares that it would have adopted this ordinance, and each Chapter, subsection, subdivision, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more Sections, subsections, subdivisions, sentences, clauses, phrases, or portions thereof be declared invalid or unconstitutional.

SECTION 5. Effective Date. This ordinance shall take effect thirty (30) days after its passage by the City Council.

SECTION 6. City Clerk Action. The City Clerk is authorized and directed to cause this Ordinance to be published within fifteen (15) days after its passage in a newspaper of general circulation and circulated within the City in accordance with Government Code Chapter 36933(a) or, to cause this Ordinance to be published in the manner required by law using the alternative summary and pasting procedure authorized under Government Code Chapter 39633(c).

PASSED, APPROVED AND ORDAINED this __ day of _____, 2025.

City Clerk

EXHIBIT "A"

Chapter 110.28 Development Impact Fee Program

110.28.010 Authority

The ordinance codified in this chapter is enacted under the authority of Article 11, Section 7 of the California Constitution and the Mitigation Fee Act (California Government Code Title 7, Division 1, Chapters 5 through 9, Sections 66000 through 66025).

110.28.020 Purpose and intent

A. Development Projects impose increased demands on public facilities. It is intended that every person who undertakes a Development Project in the City pay Development Impact Fees established pursuant to this chapter to ensure that the Owners of Development Projects contribute to the proportionate share of the cost of public facilities needed as a result of Development Projects. The purpose of this chapter is to provide the parameters by which the City shall administer those Development Impact Fees established by the City Council.

B. Except as specifically provided herein, the development impact fees established under this chapter are in addition to (and do not replace) any separate obligations imposed as subdivision map exactions or other measures and exactions required to mitigate site-specific impacts of a development project; other regulatory, development and processing fees; school impact fees; utility demand fees and connection charges; funding required pursuant to a development agreement; funds collected pursuant to a reimbursement agreement for amounts that may separately benefit the development project; assessment district proceedings; benefit assessments; or other required property taxes or fees.

110.28.030 Definitions

"Development Impact Fee" means a monetary exaction other than a tax or special assessment that is charged to an Owner in connection with approval of a Development Project for the purpose of defraying all or a portion of the proportionate cost of the public facilities related to the development project. Provided, however, a "Development Impact Fee" shall not include any City charge that is outside the definition of "fee" under Government Code Section 66000(a).

"Development Project" means any project undertaken for the purpose of development of property that increases demands or impacts on any Public Facilities, including a project involving the issuance of a permit for new construction or reconstruction of an existing structure that increases demands or impacts on Public Facilities.

"Mitigation Fee Act" means California Government Code Title 7, Division 1, Chapters 5 through 9, including Sections 66000 through 66025.

"Owner" means the legal owner(s) of real property upon which a Development Project is proposed. An owner may provide to the City a written delegation of authority for an authorized representative(s) to act on the Owner's behalf in accordance with the requirements of this chapter. To the extent an Owner delegates authority to a "representative" or "developer" or "applicant" to pay fees on behalf of the Owner, the Owner shall be jointly and severally liable for payment of required fees.

"Public Facilities" means any public improvement, public services, or community amenities (as defined by Government Code Section 66000(d)) to the extent those facilities are funded by Development Impact Fees in accordance with this chapter. Public Facilities shall specifically include any "Capital Improvement" identified in a capital improvement plan adopted in accordance with Government Code Section 66016.5, and the costs of Public Facilities funded in all or in part by Development Impact Fees shall include acquisition of land, design, construction management, construction, equipping and installing, and related costs such as administration, financing, and legal services .

110.28.040 Establishment of Development Impact Fees

The City Council may establish Development Impact Fees by resolution conforming to the requirements of the Mitigation Fee Act and this chapter.

110.28.050 Payment of Development Impact Fees

A. Amount. The amount of Development Impact Fees to be paid for each Development Project shall be the amount of the fee in effect at the time a building permit is issued, unless otherwise required by State law, including limitations imposed by Government Code Section 66007.

B. Timing. The fee for each lot within a Development Project shall be paid in-full prior to issuance of a building permit, unless otherwise required by State law, including limitations imposed by Government Code Section 66007. If the Development Impact Fees for a Development Project are not paid in full prior to the issuance of a building permit for any portion of the project, the City may require the Owner to execute a contract to pay the Development Impact Fees as a condition of issuance of the building permit. Any such contract shall require the Development Impact Fees to be paid no later than the final inspection, or the date the certificate of occupancy is issued, whichever occurs first, and the contract may include payment on a pro rata or lump-sum basis, in accordance with Government Code Section 66007. The City Manager or their designee is authorized execute such contracts. For any Owner that owes a Development Impact Fee for a Development Project, if the fee is not paid prior to the final inspection, or the date the certificate of occupancy is issued, whichever occurs first, the Owner shall pay the required fee no later than thirty days after written demand from the City.

C. Exceptions. The following types of Development Projects are not subject to Development Impact Fees (in whole or in part):

1. Reconstruction of a structure damaged or destroyed by fire or other natural causes; provided that this exception is limited to the portion of the reconstructed structure that does not increase the demand or impacts on public facilities, as compared to the demand or impacts from the structure on the property as it existed prior to being damaged or destroyed .

2. Rehabilitation or remodeling of an existing residential structure; provided that this exception is limited to the portion of the rehabilitated or remodeled structure that does not increase the demand or impacts on public facilities, as compared to the demand or impacts from the structure on the property as it existed (prior to being rehabilitated or remodeled) at the time the City last updated a nexus study for the relevant public facilities.

3. Rehabilitation or remodeling of an existing non-residential structure; provided that this exception is limited to the portion of the rehabilitated or remodeled structure that does not increase the demand or impacts on public facilities, as compared to the demand or impacts from the structure on the property as it existed (prior to being rehabilitated or remodeled) at the time the City last updated a nexus study for the relevant public facilities.

D. Fee Protest. The Owner may protest the imposition of Development Impact Fees on the Development Project in compliance with the procedure provided in Government Code Section 66020. The city shall promptly schedule the protest for consideration by the city council, with a goal of considering the protest within 60 days after the filing of the protest, unless the City and Owner agree to a longer amount of time. The decision of the city council shall be final.

E. Refund. To the extent an Owner pays a Development Impact Fee for a development project prior to issuance of a building permit, and if the building permit expires without commencement of construction of the permitted building, the Owner may submit a written request for a refund in accordance with this paragraph. Any Owner who submits a timely written request for refund in accordance with this paragraph shall be entitled to a refund, without interest, of the Development Impact Fees paid, if any, for the Development Project, except that the city may retain an administrative fee, in an amount established by resolution of the city council, to offset the City's costs of processing the requested refund. The Owner must submit a written request for a refund to the City Manager within 30 calendar days of the expiration of the building permit. Failure to timely submit the required application for refund shall constitute a waiver of any right to the refund.

110.28.060 Accounting and Use of Development Impact Fees

The City shall establish separate accounts for each category of Development Impact Fee established by the City Council and deposit Development Impact Fees collected into the appropriate account. The money deposited into these accounts, and any interest earnings thereon, shall be used solely for the public facilities for which the Development Impact Fees were imposed. Development Impact Fees may be used to pay the principal, interest and other costs of bonds, notes and other obligations issued or undertaken by or on behalf of the City to finance such public facilities.

110.28.070 Credits and Reimbursements

A. Credits. An Owner who constructs Public Facilities may receive a credit against the corresponding Development Impact Fee otherwise owed for the Development Project only if the Owner submits a timely written request and obtains approval from the City through a credit agreement. The Owner shall submit a written request for any such credit concurrently with submitting improvement plans for the Public Facilities. The Owner and the City must enter into a credit agreement prior to the issuance of a building permit for the Development Project for the Owner to receive a credit against the applicable Development Impact Fees. Failure to enter into a credit agreement prior to the issuance of a building permit shall be deemed a waiver of any request or claim for credit. The agreement must estimate the cost of constructing the Public Facilities, the schedule for the completion of the Public Facilities, a requirement that the Public Facilities be constructed to City standards, and such other terms and conditions as deemed necessary by the City.

B. Reimbursements. If an Owner constructs a Public Facility the City may reimburse the Owner for the costs of the Public Facility in excess of what is needed to provide services to or mitigate the impacts of the Development Project only if the Owner submits a timely written request and obtains approval from the City through a reimbursement agreement. The Owner shall submit a written request for any such reimbursement concurrently with submitting improvement plans for the Public Facilities. The Owner and the City must enter into a reimbursement agreement prior to the issuance of a building permit for the Development Project for the Owner to receive a reimbursement. Reimbursement will be made only after the city has accepted the Public Facilities as complete. The City shall not reimburse an Owner out of the City's General Fund or any other City funds other than the subject Development Impact Fee fund.

C. Maximum Credit and Reimbursement. Any credit agreement or reimbursement agreement that implements this section shall document the maximum amount of credit and/or reimbursement available to the Owner which shall not exceed the City's reasonable estimate of the City's cost of providing the Public Facilities.

D. Credit and Reimbursement Policy. The City Council may, from time to time, adopt by resolution a Development Impact Fee Credit and Reimbursement Policy implementing the provisions of this section.

E. Execution of Agreements. The City Manager may approve and sign any agreements authorized by paragraphs A through C of this section, provided the agreement is consistent with this section any policy adopted by the City Council pursuant to paragraph D of this section.

EXHIBIT "B"

130.20.020 Park and recreation fees and dedications.

A. Authority. This section is adopted pursuant to California Government Code Section 66477, which authorizes a city council to require, by ordinance, the dedication of land or the payment of fees in lieu thereof, or a combination of both, for park and recreational facilities as a condition of approval of a tentative map or parcel map.

B. Dedication or Fee Required. Whenever land is proposed to be subdivided for residential use, the property owner shall be required, as a condition of approval of the subdivision, to dedicate to the City for park purposes three acres of land for every 1,000 residents of the subdivision, or pay an equivalent fee, or a combination of both, consistent with this section.

1. For subdivisions containing 50 parcels or less, only the payment of fees shall be required; provided, however, that when a condominium project, stock cooperative or community apartment project exceeds 50 dwelling units, the dedication of land may be required even though the number of parcels may be less than 50.

2. Nothing in this section shall prevent the City from accepting the voluntary dedication of land by a developer for a subdivision containing less than 50 parcels if the dedication meets the other requirements of this section.

C. Exemptions. This section shall not apply to the following land divisions:

1. Commercial or industrial.

2. Condominium projects or stock cooperatives which consist of the subdivision airspace in an existing apartment building which is more than five years old and no new dwelling units area added.

3. Subdivisions containing less than five parcels and not used for residential purposes, provided, however, that a condition of approval shall be placed on those maps that if a building permit is requested for the construction of a residential structure or structures on one or more of the parcels within four years of the approval of the final map, the owner of each parcel on which construction of a residential structure is proposed must pay a fee in lieu of park land dedication as a condition to the issuance of a building permit. The City may require a developer to implement this condition by recording an agreement to document the obligation to pay the fee as a condition of issuance of a building permit.

D. Dedications of Land. Whenever land is dedicated pursuant to this section the following provisions apply.

1. The amount and location of property to be dedicated shall be as approved by the City. In determining whether to require a dedication of land, the City may consider the natural features of the area, available access, the location, size and shape of the subdivision, the land

available for dedication, the feasibility of dedication, the location of existing and proposed park sites and trailways and the compatibility of dedication with the City's General Plan.

2. All dedications of land shall be in accordance with the Subdivision Map Act. Land shall be conveyed in fee simple to the City free and clear of all encumbrances except those which will not interfere with the use of the property for its intended purposes and which the City agrees to accept. The City may require the dedication from the developer by irrevocable offer of dedication on the map or by grant deed delivered to the City before the approval of the final map. If the final map is disapproved, or if it is withdrawn by the developer, any deeds shall be returned to the developer. If the final map is approved, the deeds shall be recorded by the City at the time the final map is recorded. No deed for dedication of land shall be accepted unless it is accompanied by a policy of title insurance, secured by the developer, in an amount equal to the value of the land dedicated.

3. The amount of land to be dedicated shall be based on the residential density of the subdivision, and shall be determined by multiplying the number of dwelling units in the subdivision by the estimated number of persons per household, and multiplying that product by 0.003 (based on the ratio of the City standard of 3 acres of park land per 1,000 people). The estimated number of persons per household by dwelling unit type shall be determined by the Community Development Director based on data from the most recent available federal census or census taken pursuant to California Government Code Section 40200 et seq.

4. To the extent that the amount of land required to be dedicated by a developer (under paragraph D.3 of this section) exceeds the actual amount of land to be dedicated by the developer (as approved by the City under paragraph D.1 of this section), the developer shall pay in-lieu fees for the value of that net amount of land that otherwise would have been required to be dedicated. The amount of the in-lieu fee shall be as determined by paragraph E of this section.

5. The land dedicated shall bear a reasonable relationship to the use of the park and recreational facilities by the future inhabitants of the subdivision.

6. Whenever land is dedicated, the developer shall provide the following improvements for the benefit of the land dedicated. Prior to approval of a final map on which a dedication of park land is required in accordance with this section, the developer shall submit improvement plans, subject to approval by the Public Works Director in accordance with chapter 130.24 of this code:

a. Full street improvements and utility connections including, but not limited to, curbs, gutters, relocation of existing public utility facilities, street paving, traffic control devices, street trees, and sidewalks to the dedicated land;

b. Fencing along the property lines of the subdivision which are contiguous to the park;

c. Improve the drainage through the park site;

d. Provide minimal physical improvements, not including recreational facilities, building, or equipment, which the City determines are necessary for acceptance of the land for park and recreational purposes, including, but not limited to, grading, drainage, irrigation and planting improvements;

e. Provide access from the park and recreational facilities to an existing or proposed public street, unless the City determines that such access is unnecessary for maintenance of the park area or use of the park by the residents of the subdivision.

E. Payment of Fees. Whenever fees are imposed pursuant to this section, the following provisions apply.

1. The fee shall be paid prior to the recording of the final map, or such later time as may be stated in the conditions of approval for the subdivision. No Certificate of Occupancy shall be issued by the City for a dwelling unit within subdivision conditioned to pay fees pursuant to this section unless and until the fee for that dwelling unit has been paid.

2. The fees to be paid shall bear a reasonable relationship to the use of the park and recreational facilities by the future inhabitants of the subdivision. The fee shall be calculated by the Community Development Director based on the fair market value of land within the subdivision of a size equal to that which the developer would otherwise be required to dedicate in accordance with this section. Provided, however, as an alternative method of estimating the fair market value of land to be used when calculating the amount of fees, the City Council may, by resolution, determine the estimated fair market value per acre of acquiring park land within the City. The fee amount for a subdivision shall equal the fair market value of land multiplied by the size of land that would have been required to be dedicated for the subdivision under this section.

3. Whenever fees are paid pursuant to this section, the City shall deposit them into a separate fund.

F. Credits. A developer may receive a credit against dedication or fee requirements as follows.

1. A credit may be given against the requirement for the payment of fees or the dedication of land required by this section for the reasonable value of park and recreation improvements provided by the developer. The amount of the credit shall be determined prior to the approval or conditional approval of the tentative map, and the amount shall be documented in a credit agreement between the City and the developer. The granting of a credit shall be at the discretion of the City Council and shall be based on an approved set of improvement plans.

2. A credit may be given where private areas for park and recreational purposes are provided in a subdivision and such areas are for active recreational uses, and will be privately owned and maintained in common by the future owner(s) of the development. Such areas may be credited against up to 50% of the requirement of land dedication or fees at the discretion of

the City Council; provided that the City Council determines that it is in the public interest to grant such credits and that all of the following standards either have been or will be met prior to approval of the final map or development permit:

a. That yards, court areas, setbacks, and other open space areas, required to be maintained by Title 120 of this Code, the building code and other regulations, shall not be included in the computation of such private areas;

b. Evidence is provided that the private ownership and maintenance of the area will be adequately provided for by recorded written agreement, covenants or restrictions; and that the use of the private area is restricted for park and recreational purposes by an open space easement or other instrument; and

c. That the proposed private area is reasonably adaptable for use of park or recreational purposes, taking into consideration such factors as size, shape, topography, geology, access and location.

3. "Active recreational uses" means, for the purposes of this paragraph F, recreation facilities occurring on usable level land (five percent maximum slope) in a planned development which are designed to provide individual or group activities of an active nature including, but not limited to, open lawn, sports fields, court games, swimming pools, children's play areas, picnic areas, golf courses, and recreational community gardening. Active recreational uses do not include natural open space, nature study areas, open space for buffer areas, steep slopes, or scenic overlooks.

G. Use of Land and Fees.

1. The City shall develop a schedule specifying how, when, and where it will use the land or fees, or both, to develop park or recreational facilities.

2. All fees collected by the City may be used only for the purpose of developing new or rehabilitating existing park and recreational facilities to serve the subdivision. Notwithstanding the foregoing, fees may be used for the purpose of developing new or rehabilitating existing park or recreational facilities in a neighborhood other than the neighborhood in which the subdivision is located, if all of the following requirements are met:

a. The neighborhood in which the fees are to be expended has fewer than three acres of park area per 1,000 members of the neighborhood population.

b. The neighborhood in which the subdivision for which the fees were paid has a park area per 1,000 members of the neighborhood population ratio that meets or exceeds three acres per 1,000 persons.

c. The City Council holds a public hearing before using the fees pursuant to this paragraph.

d. The City Council makes a finding supported by substantial evidence that it is reasonably foreseeable that future inhabitants of the subdivision for which the fee is imposed will use the proposed park and recreational facilities in the neighborhood where the fees are used.

e. The fees are used within a specified radius that complies with the city's ordinance adopted pursuant to this section, and are consistent with the adopted general plan or specific plan of the city. For purposes of this paragraph, "specified radius" includes a planning area, zone of influence, or other geographic region designated by the city, that otherwise meets the requirements of this section.

3. All fees collected pursuant to this section shall be committed by the City for a specific project within five years of receipt of the fees or five years after the issuance of building permits on one-half of the lots created by the subdivision, whichever occurs later. If the fees are not so committed, the fees received shall be distributed to the then record owners of the subdivision in the same proportion that the size of their lot bears to the total area of all lots in the subdivision.

H. Subsequent Development. Whenever subsequent development occurs on property for which fees have been paid or land dedicated in accordance with this section, no additional fees or dedications shall be required under this Section except as to any additional lots or dwelling units which were not subject to a prior fee or dedication requirement.

City of Eastvale
Development Impact Fee Nexus Study

City Council Presentation
May 20, 2025

Presented by:

NBS
helping communities fund tomorrow

Agenda

1. About Impact Fees
2. Impact Fee Calculations
3. Summary of Results

About Impact Fees

About Impact Fees

- Impact Fees Are Imposed as **A Condition of Development Approval**…
- To Pay for **Capital Facilities** Needed to Serve New Development
- They May Be Used for **New Facilities**, or **Existing Facilities** That Have Capacity to Serve New Development
- They May **Not** Be Used to Pay for Maintenance or Operations

Required Nexus

Legally, Impact Fees Require A **"Nexus"** (Case Law) or **"Reasonable Relationship"** (Mitigation Fee Act)

- Development Must Create A **Need** for Facilities Funded by Impact Fees
- Development Must **Benefit** from Facilities Funded by Impact Fees
- Impact Fees Must Be **Proportional** to the Impact of Development

Mitigation Fee Act Findings

- Identify the **Purpose** of the Fee
- Identify the **Use** of the Fee (List Specific Facilities)
- Determine How There is a **Reasonable Relationship** between:
  - Use of the Fee and the Project Type on which the fee is imposed (**Benefit**)
  - Need for the Public Facility and the Project Type on which the fee is imposed (**Need**)
  - Amount of the Fee and the Cost Attributable to the Project on which the fee is imposed (**Proportionality**)

AB 602 Requirements (New Since 2022)

- Impact Fees Should Be Based on the **Existing Level of Service (LOS)**
- Residential Impact Fees Must Be **Proportional to Square Footage** of Units.
- Most Cities **Must Adopt a CIP** as Part of the Impact Fee Study
- Impact Fee Nexus Studies **Must Be Updated Every 8 Years** Beginning on January 1, 2022

Impact Fees for ADUs

- Recent Changes to State Law Place New Restrictions on Impact Fees for **Accessory Dwelling Units** (**ADUs**):
    - ADUs of **750 Square Feet or Less** are Exempt from Impact Fees
    - Impact Fees for ADUs Larger Than 750 Square Feet **Must be Proportional** to the Relationship Between the Size of the ADU and the Size of the Primary Unit

Calculating Impact Fees

Impact Fees Calculated in This Study

- Park **Improvements** *
- **Recreation** Centers *
- **Library** *
- **City Hall**
- **Police** Facilities & Vehicles
- **Fire** Facilities & Vehicles
- **Traffic and Streets** Facilities (fee removed)

*** Impact Fees Apply Only to Residential Development**

Calculation Methods & Standards

Terner Center for Housing Innovation at UC Berkeley:

- **Existing Inventory Method –** *new development funds expansion of facilities at same standard used to serve existing development*
- **Planned Facility Method –** *new development pays for planned expansion of facilities attributable to new development*
- **System Plan Method –** *new development pays for its share of the cost of an integrated system of facilities*

Calculation Approach

Development Data

Projected Growth to 2040

- **Population**
  - Existing Population = 68,814
  - 2040 Population = 85,611 **(+24%)**

- **Employees**
  - Existing Employment = 17,948
  - 2040 Employment = 38,387 **(+69%)**

Development Types & Demand Factors

Table 2.1: Demand Factors

Development Type [1]	Unit Type [2]	Pop per Unit [3]	Empl per Unit [4]	Svc Pop per Unit [5]	Police Calls per Unit [6]	Fire Calls per Unit [7]
Residential: <600 Sq. Ft.	DU	1.10		1.10	0.620	0.100
Residential: 600-800 Sq. Ft.	DU	1.60		1.60	0.690	0.110
Residential: >800-1,200 Sq. Ft.	DU	2.20		2.20	0.760	0.120
Residential: >1,200-1,900 Sq. Ft.	DU	3.10		3.10	0.850	0.130
Residential: >1,900-2,300 Sq. Ft.	DU	4.10		4.10	0.920	0.140
Residential: >2,300 Sq. Ft.	DU	5.30		5.30	0.990	0.150
Hotel/Motel	Room	0.98	0.50	2.18	0.600	0.085
Commercial Retail	KSF		2.00	2.96	4.051	0.211
Business-Professional	KSF		2.50	1.98	0.581	0.059
Industrial/Industrial Flex	KSF		1.00	0.79	0.089	0.025
Public Facilities	KSF		2.50	1.98	0.000	0.079
Parks	Acres		0.00	0.00	1.933	0.150
Schools	Students		0.00	0.00	0.038	0.004

Level of Service

- AB 602 Requires Impact Fees to Be Based on the **Existing Level of Service (LOS),** Unless Otherwise Justified
- In This Study, Impact Fees for **Park Improvements** and **Recreation Centers** Are Based on the Existing LOS (e.g., the Existing Ratio of Improved Park Acres to Population)
- Impact Fees for **Library, City Hall, Police, and Fire** Are Based on the Planned LOS (e.g. total facility Needs to Serve Buildout)

Park Land Acquisition Fees

- NBS did not calculate fees for park land acquisition
- Eastvale MC 130.20.020 implements Quimby Act (QA) locally
- Fees for requiring dedication of land for parks or fees in lieu of land dedication are set on a case by case basis according to MC

Park Improvement Impact Fees

- For improvements to park land needed to serve new development
- Existing Inventory Method
- Impact Fees Based on **Existing Level of Service** (LOS)
- Impact Fees Based on the **Existing Ratio** of Improved Park Acres to Population (**3.10 Acres** per 1,000 Residents)
- Park **Improvement Cost** = $750,000 per Acre
- Park Improvement **Cost per Capita** = **$2,325**
- **Impact Fee per Unit =** $2,325 x Population per Unit

Community & Recreation Center Impact Fees

- Existing Inventory Method
- Impact Fees Based on **Existing Level of Service** (LOS)
- **Existing LOS =** Replacement Cost of Existing Community Center / Existing **Population**
- Total **Asset Replacement Cost** = $33.3M
- Existing **Population** = 68,814
- Replacement **Cost per Capita** = **$483.96**
- **Impact Fee per Unit** = $483.96 X Population per Unit

Library Impact Fees

- System Plan Method
- Impact Fees Based on **Planned Level of Service** (LOS) needed to serve total 2040 Population
- Total **Planned Improvement Cost** = $49M
  - *New Development's share = $9.7M*
- **2040 Population** = 85,172
- **Cost per Capita = $581.80**
- **Impact Fee per Unit** = $581.80 X Population per Unit

City Hall Impact Fees

- System Plan Method
- Impact Fees Based on **Planned Level of Service** (LOS) needed to serve total 2040 Population
- Total **Planned Improvement Cost** = $79.6M
  - *New Development's share = $21.1M*
- **2040 Buildout Service Population** = 115,919
- **Cost per Capita = $686.73**
- **Impact Fee per Unit** = $686.73 X Service Population per Unit

Police Impact Fees

- System Plan Method
- Impact Fees Based on **Planned Level of Service** (LOS) needed to serve total 2040 Population
- Total **Planned Improvement Cost** = $54M
  - *New Development's share = $21.8M*
- **2040 Buildout Calls for Service** = 41,822
- **Cost per Call for Service = $1,291.56**
- **Impact Fee per Unit** = $1,291.56 X Calls for Service per Unit

Fire Impact Fees

- System Plan Method
- Impact Fees Based on **Planned Level of Service** (LOS) needed to serve total 2040 Population
- Cost Basis $29.5M = Replacement Cost of Existing Assets + Planned Assets
- **2040 Buildout Calls for Service** = 4,816
- **Cost per Call for Service = $6,129.55**
- **Impact Fee per Unit** = $6,129.55 X Calls for Service per Unit

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
PUBLIC HEARINGS
Agenda Item No. 12.4
June 25, 2025

Issuance of Eastvale Public Financing Authority Lease Revenue Bonds Series 2025A

Prepared By:

Amanda Wells, Finance Director/City Treasurer

Recommended Action(s)

Staff recommends that the:

1. City Council hold a public hearing with respect to the issuance of the 2025A Bonds;
2. City Council Approve and Adopt a Resolution authorizing the issuance of Eastvale Public Financing Authority Lease Revenue Bonds, authorizing the execution and delivery of a Ground Lease, Lease Agreement, Indenture, Continuing Disclosure Agreement and Bond Purchase Agreement in connection with the issuance of such bonds, authorizing the distribution of an Official Statement in connection with the offering and sale of such bonds and authorizing the execution of necessary documents and certificates and related actions; and
3. Eastvale Public Financing Authority approve and adopt a Resolution authorizing the issuance of Eastvale Financing Authority Lease Revenue Bonds, authorizing the execution and delivery of a Ground Lease, Lease Agreement, Indenture, Assignment Agreement and Bond Purchase Agreement in connection with the issuance of such bonds, authorizing the distribution of an Official Statement in connection with the offering and sale of such bonds and authorizing the execution of necessary documents and certificates and related actions.

Summary

This item relates to the issuance of lease revenue bonds by the Eastvale Public Financing Authority (the “Authority”). The Lease Revenue Bonds, Series 2025A (the “2025A Bonds”) are being issued to finance a portion of the costs of the acquisition, construction and/or installation of the design and

development of the Civic Center Project, which includes the City Hall, Library, and Police Station buildings, as well as a Civic Plaza, Park, Amphitheater, and parking, associated facilities and equipment (collectively, the "Project"). Of the total cost of the Project, approximately $50 million will be funded from the net proceeds of the Series 2025A Bonds.

Background

The Project is located at the northwestern corner of Hamner Avenue and Limonite Avenue in the City, and consists of the design, construction and furnishing of three buildings (City Hall, Police Department, and Library), an approximately 4.3 acre open space area including a Civic Plaza, Park, and Amphitheater, and approximately 23 surface parking spaces.

The total cost of the Project (including furniture, fixtures and equipment) is expected to be approximately $187.3 million, of which $50 million is expected to be funded with net proceeds of the 2025A Bonds.

In order to facilitate the issuance of the Series 2025A Bonds, the City and the Authority will enter into a Ground Lease pursuant to which the City will lease certain real property consisting generally of the City Hall building (the "Leased Property"), to the Authority, as well as a Lease Agreement pursuant to which the City will lease the Leased Assets back from the Authority. The 2025A Bonds will be payable and secured from base rental payments made by the City pursuant to the Lease Agreement.

Based on market conditions as of June 12, 2025 and assuming an "AA" category credit rating, the 2025A Bonds are estimated to have a par amount of $56.0 million and will be issued at an estimated premium of approximately $2.5 million for total proceeds of approximately $58.4 million. Such proceeds will be used to fund $50.0 million in project costs, approximately $7.9 million of capitalized interest through May 1, 2028, and approximately $512,000 of issuance costs. The first principal payment is expected to be May 1, 2029 with a final maturity of May 1, 2055 (30-year term). The annual payments are estimated to be $3.9 million with an approximate true interest cost of 4.82%.

As required under Section 5852.1 of the California Government Code (Code), good faith estimates as provided by the Municipal Advisor and Underwriter are provided as an attachment to the authorizing Resolutions. Such figures are estimates and the final principal amount and interest cost for the 2025A Bonds will be determined on the actual sale date of the 2025A Bonds, which is currently expected to occur during the week of July 14.

The proposed Resolutions of the Council and the Authority approve all documents and actions needed to authorize the issuance of the 2025A Bonds, including appointment of the financing team, and approval of the following substantially final form financing documents together with any changes or additions deemed advisable and approved by Authorized Officers:

- Indenture of Trust - Agreement between the Authority and the Trustee (U.S. Bank National Association), which sets forth the material terms and provisions relating to the 2025A Bonds, including payment for the 2025A Bonds from Base Rental Payments.
- Ground Lease – Agreement between the City and the Authority pursuant to which the City will lease the Leased Assets to the Authority.
- Lease Agreement – This is an agreement between the City and the Authority providing the

mechanism from which the City will lease the Leased Assets back from the Authority in exchange for the lease payments sufficient to pay debt service on the 2025A Bonds.

- Preliminary Official Statement– The document circulated to potential purchasers of the 2025A Bonds; explains the financial condition of the City and the terms of the 2025A Bonds.
- Continuing Disclosure Agreement – The Continuing Disclosure Agreement provides for the City to provide ongoing disclosure filings and notice of certain events. The form of the Continuing Disclosure Agreement is attached to the Preliminary Official Statement.
- Assignment Agreement - Agreement between the Authority and the Trustee whereby the Authority assigns certain of its rights under the Lease Agreement, including its right to receive Lease Payments, to the Trustee for the benefit of the 2025A Bond owners.
- Bond Purchase Agreement – The Agreement will set forth the terms and conditions under which the Underwriter (BofA Securities) will purchase the 2025A Bonds.

Should the Resolutions and financing documents be approved by the City Council and Authority, sale of the 2025A Bonds is expected to be completed on or about the week of July 14 with a delivery/closing date on or about the week of July 28.

Environmental

Issuance of municipal revenue lease bonds are not considered a Project as defined by the California Environmental Quality Act (CEQA) and no environmental review is required.

Strategic Plan Action - Priority Level: 1 | Target #: E | Goal #: A

- Develop and Construct Civic Center
- Conduct financial planning for newly proposed infrastructure

Fiscal Impact

Based on preliminary market conditions as of June 12, 2025, the issuance of 2025A Bonds to fund $50 million in net proceeds would result in estimated average debt service payments, which include principal and interest, of approximately $3.9 million per year over a 30-year period with an approximate true interest cost of 4.82%. Interest rates remain volatile and the final true interest cost and annual payments will be determined when the bonds are priced, which is scheduled to occur during the week of July 14. The estimated issuance costs will be paid from the proceeds of the new bond issue and have been included in the calculation of the debt service.

Prior City Council/Commission Action

City staff has been working diligently to prepare for the Civic Center project. Over 25 staff reports for City Council consideration have been presented since the inception of the project, dating back to July 28, 2021 when the first contract was awarded to Griffin Structures for construction management services. Staff reports have included action on awarding design and engineering services, financial services and legal agreements, and a myriad of updates on the projects including design and schedules. On July 26, 2023 City Council participated in a Civic Center financing plan workshop. On January 22, 2025, the City Council formed the Eastvale Public Financing Authority and adopted a Debt Management Policy for the City, that complies with Government Code Section 8855(i). The City Council is considering the construction contract award for the project on the same agenda this item appears on, June 25, 2025.

RESOLUTION NO. 25-__

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, AUTHORIZING THE ISSUANCE OF EASTVALE PUBLIC FINANCING AUTHORITY LEASE REVENUE BONDS, AUTHORIZING THE EXECUTION AND DELIVERY OF A GROUND LEASE, LEASE AGREEMENT, INDENTURE, CONTINUING DISCLOSURE AGREEMENT AND BOND PURCHASE AGREEMENT IN CONNECTION WITH THE ISSUANCE OF SUCH BONDS, AUTHORIZING THE DISTRIBUTION OF AN OFFICIAL STATEMENT IN CONNECTION WITH THE OFFERING AND SALE OF SUCH BONDS AND AUTHORIZING THE EXECUTION OF NECESSARY DOCUMENTS AND CERTIFICATES AND RELATED ACTIONS

WHEREAS, the City of Eastvale (the "City") is a municipal corporation and general law city duly organized and existing under and pursuant to the Constitution and laws of the State of California (the "State");

WHEREAS, the City and the Eastvale Public Financing Authority (the "Authority") desire to finance the costs of the acquisition, construction and installation of certain capital improvements, including but not limited to the design and development of the Civic Center Project, which includes the City Hall, Library, and Police Station buildings, as well as a Civic Plaza, Park, Amphitheater, and parking, associated facilities and equipment (collectively, the "Project");

WHEREAS, the Authority and the City have determined that it would be in the best interests of the City and residents of the City to authorize the preparation, sale and delivery by the Authority of the "Eastvale Public Financing Authority Lease Revenue Bonds Series 2025A (Civic Center Project)" (the "Series 2025 Bonds") to finance the Project;

WHEREAS, in order to facilitate the issuance of the Series 2025 Bonds, the City and the Authority desire to enter into a Ground Lease between the City and the Authority (the "Ground Lease"), pursuant to which the City will lease certain real property generally consisting of the land and improvements constituting a portion of the Project consisting of the site of the City Hall building, Civic Plaza, Park, Amphitheater, and a parking area (collectively, the "Leased Assets") to the Authority, and a Lease Agreement between the City and the Authority (the "Lease Agreement"), pursuant to which the City will lease the Leased Assets back from the Authority, and pay certain Base Rental Payments (as defined in the Lease Agreement), which are pledged to the owners of the Series 2025 Bonds by the Authority pursuant to an Indenture by and among U.S. Bank Trust Company, National Association (the "Trustee"), the City and the Authority (the "Indenture");

WHEREAS, the Series 2025 Bonds will be issued pursuant to the Marks-Roos Local Bond Pooling Act of 1985, commencing with Section 6584 of the California Government Code (the "Act");

WHEREAS, on January 22, 2025, the City Council of the City adopted a Debt Management Policy for the City, that complies with Government Code Section 8855(i) (the "Debt Management Policy"), and the obligations under the Indenture and the Lease Agreement as contemplated by this Resolution comply with the Debt Management Policy;

WHEREAS, the City and the Authority desire to provide for the negotiated sale of the Series 2025 Bonds;

WHEREAS, the City and the Authority have selected BofA Securities, Inc., to act as underwriter (the "Underwriter") of the Series 2025 Bonds and, in connection therewith, to purchase the Series 2025 Bonds from the Authority pursuant to a Bond Purchase Agreement (the "Bond Purchase Agreement");

WHEREAS, Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended ("Rule 15c2-12"), requires that, in order to be able to purchase or sell the Series 2025 Bonds, the Underwriter must have reasonably determined that the City has undertaken in a written agreement or contract for the benefit of the owners of the 2025 Bonds to provide disclosure of certain financial information and certain events on an ongoing basis;

WHEREAS, in order to cause such requirement to be satisfied, the City desires to execute and deliver a Continuing Disclosure Agreement (the "Continuing Disclosure Agreement");

WHEREAS, a form of the Preliminary Official Statement with respect to the Series 2025 Bonds (the "Preliminary Official Statement") has been prepared;

WHEREAS, the City is a member of the Authority and the Project is located within the boundaries of the City;

WHEREAS, the City has, prior to the consideration of this Resolution, held a public hearing on the financing of the Project with the proceeds of the Series 2025 Bonds in accordance with Section 6586.5 of the Act;

WHEREAS, notice of such hearing was published once in The Press-Enterprise, a newspaper of general circulation in the City, at least five days prior to the hearing (in accordance with Section 6586.5 of the Act);

WHEREAS, the City Council has been presented with the form of each document referred to herein relating to the financing contemplated hereby, and the City Council desires to authorize and direct the execution of such documents and the consummation of such financing; and

WHEREAS, all acts, conditions and things required by the laws of the State to exist, to have happened and to have been performed precedent to and in connection with the consummation of such financing authorized hereby do exist, have happened and have been performed in regular and due time, form and manner as required by law, and the City is now duly authorized and empowered, pursuant to each and every requirement of law, to consummate such financing for the purpose, in the manner and upon the terms herein provided;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EASTVALE, AS FOLLOWS:

Section 1. Each of the above recitals is true and correct. Following a duly noticed and conducted public hearing, the City Council hereby finds and determines that there are significant public benefits to the citizens of the City through the use of the Act to assist the City with respect

to the subject matter hereof through the approval of the issuance of the Series 2025 Bonds and otherwise hereunder within the meaning of Section 6586(a)-(d), inclusive, of the Act, in that the issuance of the Series 2025 Bonds and related transactions will result in more efficient delivery of local agency services to residential and commercial development and demonstrable savings in effective interest rates to the City.

Section 2. The forms of the Ground Lease and Lease Agreement, on file with the City Clerk, are hereby approved, and the Mayor, or such other member of the City Council as the Mayor may designate, the Vice Mayor, the City Manager, the Assistant City Manager, the Finance Director and the City Clerk, and any designee thereof (the "Authorized Officers"), are each hereby authorized and directed, for and in the name and on behalf of the City, to execute and deliver the Ground Lease and Lease Agreement in substantially said forms, with such changes, insertions and omissions therein as the Authorized Officer executing the same may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof; provided, however, that the term of the Ground Lease and Lease Agreement shall terminate no later than May 1, 2056 (provided that such term may be extended as provided therein) and the true interest cost applicable to the interest components of the Base Rental Payments shall not exceed 5.50%.

Section 3. The form of Indenture, on file with the City Clerk, is hereby approved, and the Authorized Officers are each hereby authorized and directed, for and in the name and on behalf of the City, to execute and deliver the Indenture in substantially said form, with such changes, insertions and omissions therein as the Authorized Officer executing the same may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof; provided, however, that the aggregate principal amount of the Series 2025 Bonds shall not exceed $65,000,000, the final maturity date of the Series 2025 Bonds shall be no later than May 1, 2056, the true interest cost applicable to the Series 2025 Bonds shall not exceed 5.50% and, provided, further, that such changes, insertions and omissions shall be consistent with the terms of the Series 2025 Bonds established at negotiated sale pursuant to the Bond Purchase Agreement.

Section 4. The Bond Purchase Agreement, on file with the City Clerk, is hereby approved and the Authorized Officers are, and each of them is, hereby authorized and directed, for and in the name of the City, to execute and deliver the Bond Purchase Agreement indicating the City's acceptance thereof, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such requirement or approval to be conclusively evidenced by the execution of the Bond Purchase Agreement by such Authorized Officer; provided, however, that such changes, insertions and omissions shall not result in an aggregate underwriter's discount (not including any original issue discount paid by the Underwriter) in excess of 0.35% of the aggregate principal amount of the Series 2025 Bonds.

Section 5. The issuance of not to exceed $65,000,000 aggregate principal amount of the Series 2025 Bonds in one or more series of taxable or tax-exempt bonds, in the principal amounts, bearing interest at the rates and maturing on the dates as specified in the Indenture as finally executed, is hereby authorized and approved.

Section 6. The form of Preliminary Official Statement, on file with the City Clerk, with such changes, insertions and omissions therein as may be approved by an Authorized Officer, is

hereby approved, and the use of the Preliminary Official Statement in connection with the offering and sale of the Series 2025 Bonds is hereby authorized and approved. The Authorized Officers are each hereby authorized to certify on behalf of the City that the Preliminary Official Statement is deemed final as of its date, within the meaning of Rule 15c2-12 (except for the omission of certain final pricing, rating and related information as permitted by Rule 15c2-12).

Section 7. The preparation and delivery of an Official Statement, and its use in connection with the offering and sale of the Series 2025 Bonds, is hereby authorized and approved. The Official Statement shall be in substantially the form of the Preliminary Official Statement with such changes, insertions and omissions as may be approved by an Authorized Officer, such approval to be conclusively evidenced by the execution and delivery thereof. The Authorized Officers are each hereby authorized and directed, for and in the name of and on behalf of the City, to execute the final Official Statement and any amendment or supplement thereto for and in the name and on behalf of the City.

Section 8. The form of Continuing Disclosure Agreement, on file with the City Clerk, is hereby approved, and the Authorized Officers are each hereby authorized and directed, for and in the name and on behalf of the City, to execute and deliver the Continuing Disclosure Agreement, in substantially said form, with such changes, insertions and omissions therein as the Authorized Officer executing the same may require or approve, such approval to be conclusively evidenced to the execution and delivery thereof.

Section 9. That the City Council hereby approves and appoints Stradling Yocca Carlson & Rauth LLP, as Bond and Disclosure Counsel, Urban Futures, Inc., as Municipal Advisor, and U.S. Bank Trust Company, National Association, as Trustee, each to provide such services to the City as may be required to issue the Series 2025 Bonds. The City Manager and his designees are hereby authorized to enter into contracts or to sign such other documentation as is necessary or appropriate to evidence such engagements and retain such services in connection with the 2025 Bonds.

Section 10. With the passage of this Resolution, the City hereby confirms that it has adopted the Debt Management Policy and certifies that such Debt Management Policy complies with Government Code Section 8855(i), and that the City's financing described in this Resolution and its obligations under the Indenture and the Lease Agreement as contemplated by this Resolution are in compliance with the Debt Management Policy, and to the extent the sale and issuance of the Series 2025 Bonds and the execution and delivery of the Indenture and the Lease Agreement are not in compliance with the City's Debt Management Policy, such noncompliance is waived in accordance with the terms of the City's Debt Management Policy, and instructs Stradling Yocca Carlson & Rauth LLP, as Bond Counsel, on behalf of the City, with respect to the Series 2025 Bonds described in this Resolution, (a) to cause notices of the proposed sale and final sale of the Series 2025 Bonds to be filed in a timely manner with the California Debt and Investment Advisory Commission pursuant to Government Code Section 8855, and (b) to check, on behalf of the City, the "Yes" box relating to such certifications in the notice of proposed sale filed pursuant to Government Code Section 8855.

Section 11. The Authorized Officers are hereby authorized and directed, jointly and severally, to do any and all things which they may deem necessary or advisable in order to

consummate the transactions herein authorized and otherwise to carry out, give effect to and comply with the terms and intent of this Resolution, including, but not limited to, adding property to, substituting property for or removing property from the Leased Assets identified in the Lease Agreement, and taking any and all actions, and executing and delivering any and all documents, in order to clear any title exceptions to the Leased Assets. Additionally, any Authorized Officer is authorized and directed to solicit and accept bids for bond insurance and, if applicable, a reserve account insurance policy, for the Series 2025 Bonds, provided such officer determines acceptance of the best bid will result in debt service savings or other benefits to the City, and appropriate changes to each of the documents referenced herein to evidence such bond insurance and the terms thereof, are hereby authorized and approved. Anything to the contrary herein notwithstanding, in the event an Authorized Officer determines in consultation with Urban Futures, Inc., the City's municipal advisor, that the cost efficient marketing of the Series 2025 Bonds requires creation of a funded reserve under the Indenture, each of the Indenture, Lease Agreement and other documents approved herein may be revised to reflect the funding of such a reserve. All actions heretofore taken by the officers, employees and agents of the City with respect to the transactions set forth above are hereby approved, confirmed and ratified.

Section 12. In accordance with Government Code Section 5852.1, certain good faith estimates are set forth in Exhibit A to this Resolution. Such estimates have been provided to the City by its municipal advisor with respect to the Series 2025 Bonds and the City Council hereby finds that the requirements of Section 5852.1 have been satisfied.

Section 13. This Resolution shall be effective upon its adoption.

City Clerk/Government Services Director

EXHIBIT A

GOOD FAITH ESTIMATES

The good faith estimates set forth herein are provided with respect to the Series 2025 Bonds in accordance with California Government Code Section 5852.1. Such good faith estimates have been provided to the City by the City's Municipal Advisor, Urban Futures, Inc., in consultation with BofA Securities, Inc., the Underwriter of the 2025 Bonds.

Principal Amount. The Municipal Advisor has informed the City that, based on the City's financing plan and current market conditions, its good faith estimate of the aggregate principal amount of the 2025 Bonds to be issued and sold is $55,950,000 (the "Estimated Principal Amount"), which excludes approximately $2,466,887 of net premium estimated to be generated based on current market conditions. Net premium is generated when, on a net aggregate basis for a single issuance of bonds, the price paid for such bonds is higher than the face value of such bonds. The Estimated Principal Amount plus the net premium represent the total estimated proceeds available in the aggregate amount of $58,416,887.

True Interest Cost of the 2025 Bonds. The Municipal Advisor has informed the City that, assuming that the Estimated Principal Amount of the 2025 Bonds is issued and sold, and based on market interest rates prevailing at the time of preparation of such estimate, its good faith estimate of the true interest cost of the 2025 Bonds, which means the rate necessary to discount the amounts payable on the respective principal and interest payment dates to the purchase price received for the 2025 Bonds, is 4.82%.

Finance Charge of the 2025 Bonds. The Municipal Advisor has informed the City that, assuming that the Estimated Principal Amount of the 2025 Bonds is issued and sold, and based on market interest rates prevailing at the time of preparation of such estimate and expectation to purchase bond insurance at a net beneficial cost to the City (meaning the cost of the insurance premium will be less than the reduced interest cost to the City), its good faith estimate of the finance charge for the 2025 Bonds, which means the sum of all fees and charges paid to third parties (or costs associated with the 2025 Bonds), is $511,730.

Amount of Proceeds to be Received. The Municipal Advisor has informed the City that, assuming that the Estimated Principal Amount of the 2025 Bonds is issued and sold, and based on market interest rates prevailing at the time of preparation of such estimate, its good faith estimate of the amount of proceeds expected to be received by the Authority for sale of the 2025 Bonds, less the finance charge of the 2025 Bonds, as estimated above, and any reserves or capitalized interest paid or funded with proceeds of the 2025 Bonds, is $50,000,000.

Total Payment Amount. The Municipal Advisor has informed the City that, assuming that the Estimated Principal Amount of the 2025 Bonds is issued and sold, and based on market interest rates prevailing at the time of preparation of such estimate, its good faith estimate of the total payment amount, which means the sum total of all payments the City will make to pay debt service on the 2025 Bonds, plus the finance charge for the 2025 Bonds, as described above, not paid with the proceeds of the 2025 Bonds, calculated to the final maturity of the 2025 Bonds,

is $112,902,886, which excludes any reserves or capitalized interest paid or funded with proceeds of the 2025 Bonds (which may offset such total payment amount).

The foregoing estimates constitute good faith estimates only and are based on market conditions prevailing at the time of preparation of such estimates. The actual principal amount of the 2025 Bonds issued and sold, the true interest cost thereof, the finance charges thereof, the amount of proceeds received therefrom and total payment amount with respect thereto may differ from such good faith estimates due to (a) the actual date of the sale of the 2025 Bonds being different than the date assumed for purposes of such estimates, (b) the actual principal amount of Bonds issued and sold being different from the Estimated Principal Amount, (c) the actual amortization of the 2025 Bonds being different than the amortization assumed for purposes of such estimates, (d) the actual market interest rates at the time of sale of the 2025 Bonds being different than those estimated for purposes of such estimates, (e) other market conditions, (f) alterations to the City's financing plan, or a combination of such factors.

RESOLUTION NO. 25-__

A RESOLUTION OF THE EASTVALE PUBLIC FINANCING AUTHORITY AUTHORIZING THE ISSUANCE OF EASTVALE FINANCING AUTHORITY LEASE REVENUE BONDS, AUTHORIZING THE EXECUTION AND DELIVERY OF A GROUND LEASE, LEASE AGREEMENT, INDENTURE, ASSIGNMENT AGREEMENT AND BOND PURCHASE AGREEMENT IN CONNECTION WITH THE ISSUANCE OF SUCH BONDS, AUTHORIZING THE DISTRIBUTION OF AN OFFICIAL STATEMENT IN CONNECTION WITH THE OFFERING AND SALE OF SUCH BONDS AND AUTHORIZING THE EXECUTION OF NECESSARY DOCUMENTS AND CERTIFICATES AND RELATED ACTIONS

WHEREAS, the City of Eastvale (the "City") and the Eastvale Public Financing Authority (the "Authority") desire to finance the costs of the acquisition, construction and installation of certain capital improvements, including but not limited to the design and development of the Civic Center Project, which includes the City Hall, Library, and Police Station buildings, as well as a Civic Plaza, Park, Amphitheater, and parking, associated facilities and equipment (collectively, the "Project");

WHEREAS, the Authority and the City have determined that it would be in the best interests of the Authority, the City and residents of the City to authorize the preparation, sale and delivery by the Authority of the "Eastvale Public Financing Authority Lease Revenue Bonds Series 2025A (Civic Center Project)" (the "Series 2025 Bonds") to finance the Project;

WHEREAS, in order to facilitate the issuance of the Series 2025 Bonds, the City and the Authority desire to enter into a Ground Lease between the City and the Authority (the "Ground Lease"), pursuant to which the City will lease certain real property generally consisting of the land and improvements constituting a portion of the Project consisting of the site of the City Hall building, Civic Plaza, Park, Amphitheater, and a parking area (collectively, the "Leased Assets") to the Authority, and a Lease Agreement between the City and the Authority (the "Lease Agreement"), pursuant to which the City will lease the Leased Assets back from the Authority and pay certain Base Rental Payments (as defined in the Lease Agreement), which are pledged to the owners of the Series 2025 Bonds by the Authority pursuant to an Indenture by and among U.S. Bank Trust Company, National Association (the "Trustee"), the City and the Authority (the "Indenture");

WHEREAS, the Authority and the Trustee desire to enter into an Assignment Agreement (the "Assignment Agreement") in order to provide, among other things, that all rights to receive the Base Rental Payments have been assigned without recourse by the Authority to the Trustee for the purpose of providing moneys to pay debt service on the Series 2025 Bonds;

WHEREAS, the Series 2025 Bonds will be issued pursuant to the Marks-Roos Local Bond Pooling Act of 1985, commencing with Section 6584 of the California Government Code (the "Act");

WHEREAS, on January 22, 2025, the City Council of the City adopted a Debt Management Policy for the City, that complies with Government Code Section 8855(i) (the "Debt Management

Policy"), which Debt Management Policy is by this Resolution hereby adopted by the Authority, and the sale and issuance of the Series 2025 Bonds as contemplated by this Resolution comply with the Debt Management Policy;

WHEREAS, the City and the Authority desire to provide for the negotiated sale of the Series 2025 Bonds;

WHEREAS, the City and the Authority have selected BofA Securities, Inc., to act as underwriter (the "Underwriter") of the Series 2025 Bonds and, in connection therewith, to purchase the Series 2025 Bonds from the Authority pursuant to a Bond Purchase Agreement (the "Bond Purchase Agreement");

WHEREAS, a form of the Preliminary Official Statement with respect to the Series 2025 Bonds (the "Preliminary Official Statement") has been prepared;

WHEREAS, the City is a member of the Authority and the Project is located within the boundaries of the City;

WHEREAS, the City has, prior to the consideration of this Resolution, held a public hearing on the financing of the Project with the proceeds of the issuance of the Series 2025 Bonds in accordance with Section 6586.5 of the Act;

WHEREAS, notice of such hearing was published once in The Press-Enterprise, a newspaper of general circulation in the City, at least five days prior to the hearing (in accordance with Section 6586.5 of the Act);

WHEREAS, the Board of Directors of the Authority (the "Board of Directors") has been presented with the form of each document referred to herein, and the Board of Directors desires to authorize and direct the execution of such documents and the consummation of such financing; and

WHEREAS, all acts, conditions and things required by the laws of the State to exist, to have happened and to have been performed precedent to and in connection with the consummation of such refinancing authorized hereby do exist, have happened and have been performed in regular and due time, form and manner as required by law, and the Authority is now duly authorized and empowered, pursuant to each and every requirement of law, to consummate such financing for the purpose, in the manner and upon the terms herein provided;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE EASTVALE PUBLIC FINANCING AUTHORITY, AS FOLLOWS:

Section 1. All of the recitals herein contained are true and correct and the Board of Directors so finds. The Board of Directors has determined and hereby finds that the Authority's assistance in financing the Projects by the issuance of the Series 2025 Bonds will result in significant public benefits within the meaning of Section 6586(a)-(d), inclusive, of the Act.

Section 2. The forms of the Lease Agreement and the Ground Lease, on file with the Secretary of the Authority, are hereby approved, and the Chair of the Authority, or such other

member of the Board of Directors as the Chair may designate, the Vice Chair, the Executive Director, the Treasurer, and the Secretary of the Authority, and any designee thereof (the "Authorized Officers"), are each hereby authorized and directed, for and in the name and on behalf of the Authority, to execute and deliver the Lease Agreement and the Ground Lease, respectively, in substantially said forms, with such changes, insertions and omissions therein as the Authorized Officer executing the same may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof; provided, however, that the term of the Lease Agreement and the Ground Lease shall terminate no later than May 1, 2056 (provided that such term may be extended as provided therein) and the true interest cost applicable to the interest components of the Base Rental Payments shall not exceed 5.50%.

Section 3. The form of Indenture, on file with the Secretary of the Authority, is hereby approved, and the Authorized Officers are each hereby authorized and directed, for and in the name and on behalf of the Authority, to execute and deliver the Indenture in substantially said form, with such changes, insertions and omissions therein as the Authorized Officer executing the same may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof; provided, however, that the aggregate principal amount of the Series 2025 Bonds shall not exceed $65,000,000, the final maturity date of the Series 2025 Bonds shall be no later than May 1, 2056, the true interest cost applicable to the Series 2025 Bonds shall not exceed 5.50% and, provided, further, that such changes, insertions and omissions shall be consistent with the terms of the Series 2025 Bonds established at negotiated sale pursuant to the Bond Purchase Agreement. The Authorized Officers are further authorized to change the series designation of the Series 2025 Bonds to reflect the year in which the Series 2025 Bonds are issued.

Section 4. The issuance of not to exceed $65,000,000 aggregate principal amount of the Series 2025 Bonds in one or more series of taxable or tax-exempt bonds, in the principal amounts, bearing interest at the rates and maturing on the dates as specified in the Indenture as finally executed, is hereby authorized and approved.

Section 5. The form of Assignment Agreement, on file with the Secretary of the Authority, is hereby approved, and the Authorized Officers are each hereby authorized and directed, for and in the name and on behalf of the Authority, to execute and deliver the Assignment Agreement in substantially said form, with such changes, insertions and omissions therein as the Authorized Officer executing the same may require or approve, such approval to be conclusively evidenced by the execution and delivery thereof.

Section 6. The Bond Purchase Agreement on file with the Secretary of the Authority is hereby approved. The Authorized Officers are, and each of them is, hereby authorized and directed, for and in the name of the Authority to execute and deliver the Bond Purchase Agreement in substantially said form, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such approval to be conclusively evidenced by the execution of the Bond Purchase Agreement by such Authorized Officer; provided, however, that such changes, insertions and omissions shall not result in an aggregate underwriter's discount (not including any original issue discount paid by the Underwriter) in excess of 0.35% of the aggregate principal amount of the Series 2025 Bonds.

Section 7. The form of Preliminary Official Statement, on file with the Secretary of the Authority, with such changes, insertions and omissions therein as may be approved by an Authorized Officer, is hereby approved, and the use of the Preliminary Official Statement in connection with the offering and sale of the Series 2025 Bonds is hereby authorized and approved. The Authorized Officers are each hereby authorized to certify on behalf of the Authority that the Preliminary Official Statement is deemed final as of its date, within the meaning of Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended (except for the omission of certain final pricing, rating and related information as permitted by such Rule 15c2-12).

The Authorized Officers are each hereby authorized and directed to furnish, or cause to be furnished, to Underwriter a reasonable number of copies of the Preliminary Official Statement.

Section 8. The preparation and delivery of an Official Statement, and its use in connection with the offering and sale of the Series 2025 Bonds, is hereby authorized and approved. The Official Statement shall be in substantially the form of the Preliminary Official Statement with such changes, insertions and omissions as may be approved by an Authorized Officer, such approval to be conclusively evidenced by the execution and delivery thereof. The Authorized Officers are each hereby authorized and directed, for and in the name of and on behalf of the Authority, to execute the final Official Statement and any amendment or supplement thereto for and in the name and on behalf of the Authority.

Section 9. With the passage of this Resolution, the Authority hereby confirms that it has adopted the Debt Management Policy and certifies that such Debt Management Policy complies with Government Code Section 8855(i), and that the Authority's financing described in this Resolution and its obligations under the Series 2025 Bonds and the Indenture as contemplated by this Resolution is in compliance with the Debt Management Policy, and to the extent the sale and issuance of the Series 2025 Bonds and the execution and delivery of the Indenture is not in compliance with the Debt Management Policy, such noncompliance is waived in accordance with the terms of the Debt Management Policy, and instructs Stradling Yocca Carlson & Rauth LLP, as Bond Counsel, on behalf of the Authority, with respect to the Series 2025 Bonds described in this Resolution, (a) to cause notices of the proposed sale and final sale of the Series 2025 Bonds to be filed in a timely manner with the California Debt and Investment Advisory Commission pursuant to Government Code Section 8855, and (b) to check, on behalf of the Authority, the "Yes" box relating to such certifications in the notice of proposed sale filed pursuant to Government Code Section 8855.

Section 10. The Authorized Officers are hereby authorized and directed, jointly and severally, to do any and all things which they may deem necessary or advisable in order to consummate the transactions herein authorized and otherwise to carry out, give effect to and comply with the terms and intent of this Resolution, including, but not limited to, adding property to, substituting property for or removing property from the Leased Assets identified in the Lease Agreement, and taking any and all actions, and executing and delivering any and all documents, in order to clear any title exceptions to the Leased Assets. Additionally, any Authorized Officer is authorized and directed to solicit and accept bids for bond insurance and, if applicable, a reserve

account insurance policy, for the Series 2025 Bonds, provided such officer determines acceptance of the best bid will result in debt service savings or other benefits to the City, and appropriate changes to each of the documents referenced herein to evidence such bond insurance and the terms thereof, are hereby authorized and approved. Anything to the contrary herein notwithstanding, in the event the Executive Director determines in consultation with Urban Futures, Inc., the Authority's municipal advisor, that the cost efficient marketing of the Series 2025 Bonds requires creation of a funded reserve under the Indenture, each of the Indenture, Lease Agreement and other documents approved herein may be revised to reflect the funding of such a reserve. All actions heretofore taken by the officers and agents of the Authority with respect to the transactions set forth above are hereby approved, confirmed and ratified.

Section 11. In accordance with Government Code Section 5852.1, certain good faith estimates are set forth in Exhibit A to this Resolution. Such estimates have been provided to the Authority by its municipal advisor with respect to the Series 2025 Bonds and the Board of Directors hereby finds that the requirements of Section 5852.1 have been satisfied.

Section 12. This Resolution shall be effective upon its adoption.

PASSED, APPROVED and ADOPTED this _____ day of _____, 2025.

EXHIBIT A

GOOD FAITH ESTIMATES

The good faith estimates set forth herein are provided with respect to the Series 2025 Bonds in accordance with California Government Code Section 5852.1. Such good faith estimates have been provided to the Authority by the Authority's Municipal Advisor, Urban Futures, Inc., in consultation with BofA Securities, Inc., the Underwriter of the 2025 Bonds.

Principal Amount. The Municipal Advisor has informed the Authority that, based on the Authority's financing plan and current market conditions, its good faith estimate of the aggregate principal amount of the 2025 Bonds to be issued and sold is $55,950,000 (the "Estimated Principal Amount"), which excludes approximately $2,466,887 of net premium estimated to be generated based on current market conditions. Net premium is generated when, on a net aggregate basis for a single issuance of bonds, the price paid for such bonds is higher than the face value of such bonds. The Estimated Principal Amount plus the net premium represent the total estimated proceeds available in the aggregate amount of $58,416,887.

True Interest Cost of the 2025 Bonds. The Municipal Advisor has informed the Authority that, assuming that the Estimated Principal Amount of the 2025 Bonds is issued and sold, and based on market interest rates prevailing at the time of preparation of such estimate, its good faith estimate of the true interest cost of the 2025 Bonds, which means the rate necessary to discount the amounts payable on the respective principal and interest payment dates to the purchase price received for the 2025 Bonds, is 4.82%.

Finance Charge of the 2025 Bonds. The Municipal Advisor has informed the Authority that, assuming that the Estimated Principal Amount of the 2025 Bonds is issued and sold, and based on market interest rates prevailing at the time of preparation of such estimate and expectation to purchase bond insurance at a net beneficial cost to the Authority (meaning the cost of the insurance premium will be less than the reduced interest cost to the Authority), its good faith estimate of the finance charge for the 2025 Bonds, which means the sum of all fees and charges paid to third parties (or costs associated with the 2025 Bonds), is $511,730.

Amount of Proceeds to be Received. The Municipal Advisor has informed the Authority that, assuming that the Estimated Principal Amount of the 2025 Bonds is issued and sold, and based on market interest rates prevailing at the time of preparation of such estimate, its good faith estimate of the amount of proceeds expected to be received by the Authority for sale of the 2025 Bonds, less the finance charge of the 2025 Bonds, as estimated above, and any reserves or capitalized interest paid or funded with proceeds of the 2025 Bonds, is $50,000,000.

Total Payment Amount. The Municipal Advisor has informed the Authority that, assuming that the Estimated Principal Amount of the 2025 Bonds is issued and sold, and based on market interest rates prevailing at the time of preparation of such estimate, its good faith estimate of the total payment amount, which means the sum total of all payments the Authority will make to pay debt service on the 2025 Bonds, plus the finance charge for the 2025 Bonds, as described above, not paid with the proceeds of the 2025 Bonds, calculated to the final maturity of the 2025 Bonds, is $112,902,886, which excludes any reserves or capitalized interest paid or funded with proceeds of the 2025 Bonds (which may offset such total payment amount).

The foregoing estimates constitute good faith estimates only and are based on market conditions prevailing at the time of preparation of such estimates. The actual principal amount of the 2025 Bonds issued and sold, the true interest cost thereof, the finance charges thereof, the amount of proceeds received therefrom and total payment amount with respect thereto may differ from such good faith estimates due to (a) the actual date of the sale of the 2025 Bonds being different than the date assumed for purposes of such estimates, (b) the actual principal amount of Bonds issued and sold being different from the Estimated Principal Amount, (c) the actual amortization of the 2025 Bonds being different than the amortization assumed for purposes of such estimates, (d) the actual market interest rates at the time of sale of the 2025 Bonds being different than those estimated for purposes of such estimates, (e) other market conditions, (f) alterations to the Authority's financing plan, or a combination of such factors.

INDENTURE

THIS INDENTURE (this "Indenture"), executed and entered into as of July 1, 2025, is by and among the EASTVALE PUBLIC FINANCING AUTHORITY, a joint exercise of powers entity duly organized and existing under the laws of the State of California (the "Authority"), the CITY OF EASTVALE, a municipal corporation and general law city duly organized and existing under and by virtue of the Constitution and laws of the State of California (the "City"), and U.S. BANK TRUST COMPANY, NATIONAL ASSOCIATION, a national banking association duly organized and existing under and by virtue of the laws of the United States, as Trustee (the "Trustee");

WITNESSETH:

WHEREAS, the City and the Authority desire to finance the costs of the acquisition, construction and/or installation of certain capital improvement projects within the City, including but not limited to, the design and development of the Civic Center Project, which includes the City Hall, Library, and Police Station buildings, as well as a Civic Plaza, Park Amphitheater, and parking, associated facilities and equipment (collectively, the "Project"), and as more particularly described in Exhibit C attached hereto;

WHEREAS, in order to finance the Project, the City will lease certain real property and the improvements located thereon (the "Property") to the Authority pursuant to a Ground Lease, dated as of the date hereof, and the City will sublease the Property back from the Authority;

WHEREAS, the City and the Authority have determined that it would be in the best interests of the City and the Authority to provide the funds necessary to finance the Project through the issuance by the Authority of bonds payable from the Base Rental Payments (defined below) to be made by the City under the Lease Agreement (defined below);

WHEREAS, all rights to receive the Base Rental Payments will be assigned without recourse by the Authority to the Trustee pursuant to an Assignment Agreement, dated as of the date hereof;

WHEREAS, the Authority and the City desire to provide for the issuance by the Authority of Eastvale Public Financing Authority Lease Revenue Bonds, Series 2025A (the "Series 2025A Bonds"), in the aggregate principal amount of $_____, in order to finance the Project;

WHEREAS, the Series 2025A Bonds will be payable equally and ratably from the Base Rental Payments;

WHEREAS, the Authority and the City desire to provide for the issuance of Additional Bonds (defined below) payable from the Base Rental Payments on a parity with the Series 2025A Bonds (the Series 2025A Bonds and any such Additional Bonds being collectively referred to herein as the "Bonds");

WHEREAS, in order to provide for the authentication and delivery of the Bonds, to establish and declare the terms and conditions upon which the Bonds are to be issued and secured and to secure the payment of the principal thereof, premium, if any, and interest thereon, the Authority and the City have authorized the execution and delivery of this Indenture; and

WHEREAS, the Authority and the City have determined that all acts and proceedings required by law necessary to make the Bonds, when executed by the Authority, authenticated and delivered by the Trustee and duly issued, the valid, binding and legal special obligations of the Authority, and to constitute this Indenture a valid and binding agreement for the uses and purposes herein set forth in accordance with its terms, have been done and taken, and the execution and delivery of the Indenture has been in all respects duly authorized;

NOW THEREFORE, in consideration of the premises and of the mutual agreements and covenants contained herein and for other valuable consideration, the parties do hereby agree as follows:

ARTICLE I

DEFINITIONS; EQUAL SECURITY

Section 1.01 Definitions. Unless the context otherwise requires, the terms defined in this Section shall for all purposes hereof and of any amendment hereof or supplement hereto and of the Bonds and of any certificate, opinion, request or other document mentioned herein or therein have the meanings defined herein, the following definitions to be equally applicable to both the singular and plural forms of any of the terms defined herein. Capitalized terms not otherwise defined herein shall have the meanings assigned to such terms in the Lease Agreement.

"**Act**" means the Marks-Roos Local Bond Pooling Act of 1985, commencing with Section 6584 of the California Government Code.

"**Additional Bonds**" means Bonds other than the Series 2025A Bonds issued hereunder in accordance with the provisions of Sections 3.05 and 3.06 hereof.

"**Additional Rental Payments**" means all amounts payable by the City as Additional Rental Payments pursuant to Section 3.02 of the Lease Agreement.

"**Assignment Agreement**" means the Assignment Agreement, dated as of the date hereof, by and between the Authority and the Trustee.

"**Authority**" means the Eastvale Public Financing Authority, a joint exercise of powers entity organized and existing under and by virtue of the laws of the State of California.

"**Authorized Authority Representative**" means the Chair, the Vice Chair, the Executive Director or the Treasurer of the Authority, or any other person authorized by the Board of Directors of the Authority to act on behalf of the Authority under or with respect to this Indenture.

"**Authorized City Representative**" means the Mayor, the Mayor Pro Tem, the City Manager, or the Finance Director of the City, or any other person authorized by the City Council of the City to act on behalf of the City under or with respect to this Indenture.

"**Authorized Denominations**" means $5,000 or any integral multiple thereof.

"**Base Rental Payment Fund**" means the fund by that name established in accordance with Section 5.02 hereof.

"**Base Rental Payments**" means all amounts payable to the Authority by the City as Base Rental Payments pursuant to Section 3.01 of the Lease Agreement.

"**Beneficial Owner**" means, whenever used with respect to a Book-Entry Bond, the Person whose name is recorded as the beneficial owner of such Book-Entry Bond or a portion of such Book-Entry Bond by a Participant on the records of such Participant or such Person's subrogee.

"**Bonds**" means the Series 2025A Bonds and any Additional Bonds issued hereunder.

"**Book-Entry Bonds**" means the Bonds of a Series registered in the name of the nominee of DTC, or any successor securities depository for such Series of Bonds, as the registered owner thereof pursuant to the terms and provisions of Section 2.10 hereof.

"**Business Day**" means a day which is not (a) a Saturday, Sunday or legal holiday, (b) a day on which banking institutions in the State of California, or in any state in which the Office of the Trustee is located, are required or authorized by law (including executive order) to close, or (c) a day on which the New York Stock Exchange is closed.

"**Capitalized Interest Fund**" means the fund by that name established in accordance with Section 5.02 hereof.

"**Cede & Co.**" means Cede & Co., the nominee of DTC, and any successor nominee of DTC with respect to a Series of Book-Entry Bonds.

"**City**" means the City of Eastvale, a municipal corporation and general law city duly organized and existing under and by virtue of the Constitution and laws of the State of California.

"**Closing Date**" means July [____], 2025.

"**Code**" means the Internal Revenue Code of 1986, as amended.

"**Continuing Disclosure Agreement**" means each Continuing Disclosure Agreement executed by the City in connection with the issuance of a Series of Bonds, as originally executed and as it may from time to time be amended in accordance with the provisions thereof.

"**Costs of Issuance**" means all the costs of issuing and delivering the Bonds, including, but not limited to, all printing and document preparation expenses in connection with this Indenture, the Lease Agreement, the Ground Lease, the Assignment Agreement, the Bonds, and any preliminary official statement and final official statement pertaining to the Bonds, rating agency fees, CUSIP Service Bureau charges, market study fees, legal fees and expenses of counsel, fees and expenses of the municipal advisor, the initial fees and expenses of the Trustee and its counsel and other fees and expenses incurred in connection with the issuance and delivery of the Bonds, to the extent such fees and expenses are approved by the City.

"**Costs of Issuance Fund**" means the fund by that name established in accordance with Section 3.03 hereof.

"**Credit Facility**" shall have the meaning given to such term in Section 5.05(b)(v) hereof.

"**DTC**" means The Depository Trust Company, a limited-purpose trust company organized under the laws of the State of New York, and its successors as securities depository for any Series of Book-Entry Bonds, including any such successor appointed pursuant to Section 2.10 hereof.

"**Federal Securities**" means (1) cash, (2) non-callable direct obligations of the United States of America, (3) securities fully and unconditionally guaranteed as to the timely payment of principal and interest by the United States of America, or (4) such securities as otherwise maybe authorized under State law and approved by the Insurer.

"**Fitch**" means Fitch Ratings, Inc., New York, New York, or its successors and assigns, except that if such corporation shall no longer perform the function of a securities rating agency for any reason, the term "Fitch" shall be deemed to refer to any other nationally recognized securities rating agency selected by the Authority.

"**Ground Lease**" means the Ground Lease, dated as of the date hereof, by and between the City and the Authority, as originally executed and as it may from time to time be amended in accordance with the provisions thereof and of the Lease Agreement.

"**Indenture**" means this Indenture, as originally executed and as it may be amended or supplemented from time to time by any Supplemental Indenture.

"**Information Services**" means Municipal Securities Rulemaking Board through the Electronic Municipal Marketplace Access (EMMA) website; and, in accordance with then current guidelines of the Securities and Exchange Commission, such other services providing information with respect to called bonds as the Authority may designate in a Written Certificate of the Authority delivered to the Trustee.

["**Insurance Policy**" means the insurance policy issued by the Insurer guaranteeing the scheduled payment of principal of and interest on the Insured Series 2025A Bonds when due.]

["**Insured 2025A Bonds**" means the Series 2025A Bonds maturing on and after May 1, 20___.]

["**Insurer**" means _____, or any successor thereto or assignee thereof.]

"**Interest Fund**" means the fund by that name established in accordance with Section 5.02 hereof.

"**Interest Payment Date**" means May 1 and November 1 of each year, commencing on [November] 1, 2025.

"**Lease Agreement**" means the Lease Agreement, dated as of the date hereof, by and between the City and the Authority, as originally executed and as it may be from time to time amended in accordance with the provisions thereof.

"**Moody's**" means Moody's Investors Service, Inc., a corporation organized and existing under the laws of the State of Delaware, or its successors and assigns, except that if such corporation shall no longer perform the function of a securities rating agency for any reason, the term "Moody's" shall be deemed to refer to any other nationally recognized securities rating agency selected by the Authority.

"**Office of the Trustee**" means the principal corporate trust office of the Trustee in Los Angeles, California, or such other office as may be specified to the Authority and the City by the Trustee in writing, except that with respect to presentation of Bonds for payment or for registration of transfer and exchange such term shall mean the office or the agency of the Trustee at which, at any particular time, its corporate trust agency shall be conducted as specified to the Authority and the City by the Trustee in writing.

"**Opinion of Counsel**" means a written opinion of counsel of Stradling Yocca Carlson & Rauth LLP, or other recognized national standing in the field of law relating to municipal bonds, appointed and paid by the Authority or the City and which written opinion is satisfactory to the Trustee.

"**Outstanding**," when used as of any particular time with reference to Bonds, means (subject to the provisions of Section 11.09 hereof) all Bonds theretofore, or thereupon being, authenticated and delivered by the Trustee under this Indenture except:

(a) Bonds theretofore canceled by the Trustee or surrendered to the Trustee for cancellation;

(b) Bonds with respect to which all liability of the Authority shall have been discharged in accordance with Section 10.01 hereof; and

(c) Bonds for the transfer or exchange of or in lieu of or in substitution for which other Bonds shall have been authenticated and delivered by the Trustee pursuant to this Indenture.

"**Owner**" means, with respect to a Bond, the Person in whose name such Bond is registered on the Registration Books.

"**Participant**" means any entity which is recognized as a participant by DTC in DTC's book-entry system of maintaining records with respect to Book-Entry Bonds.

"**Participating Underwriter**" means the original underwriter or underwriters of a Series of Bonds required to comply with Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, in connection with the offering of such Series of Bonds.

"**Permitted Investments**" means any of the following to the extent then permitted by the general laws of the State of California:

(1) (a) Direct obligations (other than an obligation subject to variation in principal repayment) of the United States of America ("United States Treasury Obligations"), (b) obligations fully and unconditionally guaranteed as to timely payment of principal and interest by the United States of America, (c) obligations fully and unconditionally guaranteed as to timely payment of principal and interest by any agency or instrumentality of the United States of America when such obligations are backed by the full faith and credit of the United States of America, or (d) evidences of ownership of proportionate interests in future interest and principal payments on obligations described above held by a bank or trust company as custodian, under which the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor and the underlying government obligations are not available to any person

claiming through the custodian or to whom the custodian may be obligated (collectively "United States Obligations"). These include, but are not necessarily limited to:

-U.S. Treasury obligations
All direct or fully guaranteed obligations
-Farmers Home Administration
Certificates of beneficial ownership
-General Services Administration
Participation certificates
-U.S. Maritime Administration
Guaranteed Title XI financing
-Small Business Administration
Guaranteed participation certificates
Guaranteed pool certificates
-Government National Mortgage Association (GNMA)
GNMA-guaranteed mortgage-backed securities
GNMA-guaranteed participation certificates
-U.S. Department of Housing & Urban Development
Local authority bonds

(2) Federal Housing Administration debentures.

(3) The listed obligations of government-sponsored agencies which are not backed by the full faith and credit of the United States of America:

-Federal Home Loan Mortgage Corporation (FHLMC)
Participation certificates (excluded are stripped mortgage securities which are purchased at prices exceeding their principal amounts)
Senior debt obligations
-Farm Credit Banks (formerly: Federal Land Banks, Federal intermediate Credit Banks and Banks for Cooperatives)
Consolidated systemwide bonds and notes
-Federal Home Loan Banks (FHL Banks)
Consolidated debt obligations
-Federal National Mortgage Association (FNMA)
Senior debt obligations
Mortgage-backed securities (excluded are stripped mortgages securities which are purchased at prices exceeding their principal amounts)
-Financing Corporation (FICO)
Debt obligations
-Resolution Funding Corporation (REFCORP)
Debt obligations
- Federal Agricultural Mortgage Corporation (Farmer Mac)
Debt obligations

(4) Bank deposit products, unsecured certificates of deposit (including those placed by a third party pursuant to an agreement between the City and the Trustee), trust funds, trust accounts, overnight banking deposits, interest bearing deposits, interest bearing money market accounts, time deposits, demand deposits, and bankers' acceptances (having maturities of not more

than 30 days) of any bank (including the Trustee and any affiliate) the short-term obligations of which are rated "A-1" or "A-2" without regard to qualifier by a nationally recognized rating agency service.

(5) Deposits the aggregate amount of which are fully insured by the Federal Deposit Insurance Corporation (FDIC), in banks, including the Trustee and its affiliates, which have capital and surplus of at least $5 million.

(6) Commercial paper (having original maturities of not more than 270 days) rated, at the time of purchase, "A-1" or better by S&P or "Prime-1" by Moody's.

(7) Money market mutual funds rated "AAm" or "AAm-G" by a nationally recognized rating agency service, or better (including those for which the Trustee or its affiliates receives and retains a fee for services provided to the fund, whether as a custodian, transfer agent, investment advisor or otherwise) but excluding such funds with a floating net asset value.

(8) Investments in repurchase agreements which comply with the requirements of California Government Code Section 53601(j) pursuant to which the seller will repurchase the securities on or before a specified date and for a specified amount and will deliver the underlying securities to the Trustee by book entry, physical delivery, or by third party custodial agreement. The term "securities," for the purpose of repurchase agreements, means securities of the same issuer, description, issue date and maturity.

Repurchase agreements are required to be collateralized by securities or cash authorized under California Government Code Section 53601(j)(2) as described below:

(a) To anticipate market changes and provide a level of security for all repurchase agreement transactions, the market value of securities that underlie a repurchase agreement shall be valued at 102% or greater for U.S. securities listed in paragraph (1) above and 105% for U.S. Government Agency securities listed in paragraph (3) above, of the funds borrowed against those securities and the value shall be adjusted no less frequently than weekly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102% or 105%, as applicable, no later than the next business day.

(b) Collateral will be limited to U.S. Treasury securities listed in paragraph (1) above and U.S. Government Agency securities listed in paragraph (3) above. Collateral will be held by an independent third party with whom the Trustee has a current custodial agreement. A clearly marked evidence of ownership (safekeeping/custody receipt) must be supplied to the Trustee and retained. The Trustee retains the right to substitute or grant substitutions of collateral.

(9) State Obligations:

(a) Direct general obligations of any state of the United States or any subdivision or agency thereof to which is pledged the full faith and credit of a state the unsecured general obligation debt of which is rated "A2" by Moody's or "A" by

S&P or Fitch, or better, or any obligation fully and unconditionally guaranteed by any state, subdivision or agency whose unsecured general obligation debt is so rated.

(b) Direct, general short-term obligations of any state agency or subdivision described in (a) above and rated "A-1+" by S&P or "F1+" by Fitch or "Prime-1" by Moody's.

(c) Special Revenue Bonds (as defined in the United States Bankruptcy Code) of any state, state agency or subdivision described in (a) above and rated "AA" or better by S&P or Fitch or "Aa" or better by Moody's.

(10) Local Agency Investment Fund of the State of California.

(11) Investment agreements, including guaranteed investment contracts, repurchase agreements and forward delivery agreements, that are obligations of an entity rated, or whose obligations are rated, or guaranteed by an entity which is rated or whose obligations are rated, (at the time the investment is entered into) not lower than "A-" by S&P or Fitch, or "A3" by Moody's.

(12) Pre-refunded municipal obligations rated "AAA" by S&P or Fitch or "Aaa" by Moody's meeting the following requirements:

(a) the municipal obligations are (1) not subject to redemption prior to maturity or (2) the trustee for the municipal obligations has been given irrevocable instructions concerning their call and redemption and the issuer of the municipal obligations has covenanted not to redeem such municipal obligations other than as set forth in such instructions;

(b) the municipal obligations are secured by cash or United States Treasury Obligations which may be applied only to payment of the principal of, interest and premium on such municipal obligations;

(c) the principal of and interest on the United States Treasury Obligations (plus any cash in the escrow) has been verified by the report of independent certified public accountants to be sufficient to pay in full all principal of, interest, and premium, if any, due and to become due on the municipal obligations ("Verification");

(d) the cash or United States Treasury Obligations serving as security for the municipal obligations are held by an escrow agent or trustee in trust for owners of the municipal obligations;

(e) no substitution of a United States Treasury Obligation shall be permitted except with another United States Treasury Obligation and upon delivery of a new Verification; and

(f) the cash or United States Treasury Obligations are not available to satisfy any other claims, including those by or against the trustee or escrow agent.

The Trustee shall have no responsibility to monitor the ratings of Permitted Investments after the initial purchase of such Permitted Investments.

"**Person**" means an individual, corporation, firm, association, partnership, trust, or other legal entity or group of entities, including a governmental entity or any agency or political subdivision thereof.

"**Principal Fund**" means the fund by that name established in accordance with Section 5.02 hereof.

"**Project**" means the design and development of certain capital improvement projects within the City referred to as the Civic Center Project, as more fully set forth on Exhibit C attached hereto, and such other capital facilities that may be financed from proceeds of Additional Bonds as set forth in a Supplemental Indenture.

"**Project Fund**" means the fund of that name established pursuant to Section 3.04 hereof.

"**Property**" has the meaning ascribed thereto in the Lease Agreement.

"**Rating Agency**" means Fitch, Moody's and S&P, or any one of such entities, as the context requires.

"**Rebate Fund**" means the fund by that name established in accordance with Section 5.06 hereof.

"**Rebate Requirement**" has the meaning ascribed thereto in the Tax Certificate.

"**Record Date**" means the fifteenth day of the month next preceding an Interest Payment Date, whether or not such day is a Business Day.

"**Redemption Fund**" means the fund by that name established in accordance with Section 5.02 hereof.

"**Redemption Price**" means the aggregate amount of principal of and premium, if any, on the Bonds upon the redemption thereof pursuant hereto.

"**Registration Books**" means the records maintained by the Trustee for the registration of ownership and registration of transfer of the Bonds pursuant to Section 2.05 hereof.

"**Rental Payments**" means, collectively, the Base Rental Payments and the Additional Rental Payments.

"**Rental Period**" means the period from the Closing Date through May 1, 2026 and, thereafter, the twelve-month period commencing on May 2 of each year during the term of the Lease Agreement.

"**Representation Letter**" means the Letter of Representations from the Authority to DTC, or any successor securities depository for any Series of Book-Entry Bonds, in which the Authority makes certain representations with respect to issues of its securities for deposit by DTC or such successor depository.

"**Reserve Fund Requirement**" means, with respect to any Additional Bonds, such amount, if any, as shall be determined in accordance with the Supplemental Indenture providing for issuance of such Additional Bonds.

"**S&P**" means S&P Global Ratings, a Standard & Poor's Financial Services LLC business, or its successors and assigns, except that if such entity shall no longer perform the functions of a securities rating agency for any reason, the term "S&P" shall be deemed to refer to any other nationally recognized securities rating agency selected by the Authority.

"**Securities Depositories**" means The Depository Trust Company, New York, New York 10041-0099, Fax-(212) 855-7232; and, in accordance with then current guidelines of the Securities and Exchange Commission, such other addresses and/or such other securities depositories as the Authority may designate in a Written Certificate of the Authority delivered to the Trustee.

"**Series**" means all of the Series 2025A Bonds or the Additional Bonds issued and designated under a Supplemental Indenture as being of the same series, authenticated and delivered in a simultaneous transaction, regardless of variations in maturity, interest rate, redemption and other provisions, and any bonds thereafter authenticated and delivered upon transfer or exchange of or in lieu of or in substitution for (but not to refund) such bonds as herein provided.

"**Series 2025A Bonds**" means the Eastvale Public Financing Authority Lease Revenue Bonds, Series 2025A (Civic Center Project) issued hereunder.

"**Supplemental Indenture**" means any supplemental indenture amendatory of or supplemental to this Indenture, but only if and to the extent that such Supplemental Indenture is specifically authorized hereunder.

"**Tax Certificate**" means the Tax Certificate executed by the Authority and the City at the time of issuance of a Series of Bonds relating to the requirements of Section 148 of the Code, as originally executed and as it may from time to time be amended in accordance with the provisions thereof.

"**Term Bonds**" means the Bonds maturing on May 1, 20___, May 1, 20___, May 1, 20___, and May 1, 20__, and any term maturities of an issue of Additional Bonds as specified in a Supplemental Indenture.

"**Trustee**" means U.S. Bank Trust Company, National Association, a national banking association duly organized and existing under and by virtue of the laws of the United States, or any successor thereto as Trustee hereunder, appointed as provided herein.

"**Written Certificate of the Authority**" and "**Written Request of the Authority**" mean, respectively, a written certificate or written request signed in the name of the Authority by an Authorized Authority Representative. Any such certificate or request may, but need not, be combined in a single instrument with any other instrument, opinion or representation, and the two or more so combined shall be read and construed as a single instrument.

"**Written Certificate of the City**" and "**Written Request of the City**" mean, respectively, a written certificate or written request signed in the name of the City by an Authorized City Representative. Any such certificate or request may, but need, not, be combined in a single

instrument with any other instrument, opinion or representation, and the two or more so combined shall be read and construed as a single instrument.

Section 1.02 Equal Security. In consideration of the acceptance of the Bonds by the Owners thereof, this Indenture shall be deemed to be and shall constitute a contract among the Authority, the City, the Trustee and the Owners from time to time of all Bonds authorized, executed, issued and delivered hereunder and then Outstanding to secure the full and final payment of the principal of, premium, if any, and interest on all Bonds which may from time to time be authorized, executed, issued and delivered hereunder, subject to the agreements, conditions, covenants and provisions contained herein; and all agreements and covenants set forth herein to be performed by or on behalf of the Authority or the City shall be for the equal and proportionate benefit, protection and security of all Owners of the Bonds without distinction, preference or priority as to security or otherwise of any Bonds over any other Bonds by reason of the number or date thereof or the time of authorization, sale, execution, issuance or delivery thereof or for any cause whatsoever, except as expressly provided herein or therein.

ARTICLE II

THE BONDS

Section 2.01 Authorization of Bonds. The Authority hereby authorizes the issuance of the Bonds under and subject to the terms of this Indenture and applicable laws of the State of California for the purpose of financing the Project. The Bonds may consist of one or more Series of Bonds of varying denominations, dates, maturities, interest rates and other provisions, subject to the provisions and conditions contained herein.

Section 2.02 Terms of Series 2025A Bonds.

(a) The Series 2025A Bonds shall be designated the "Eastvale Public Financing Authority Lease Revenue Bonds, Series 2025A (Civic Center Project)." Each Series of Additional Bonds shall bear such additional designation as may be necessary or appropriate to distinguish such Series from every other Series, of Bonds.

(b) The Series 2025A Bonds shall be issued in fully registered form without coupons in Authorized Denominations, so long as no Series 2025A Bond shall have more than one maturity date. The Series 2025A Bonds shall be dated as of the Closing Date, shall be issued in the aggregate principal amount of $_____, shall mature on May 1 of each year and shall bear interest (calculated on the basis of a 360-day year comprised of twelve 30-day months) at the rates per annum as follows:

Maturity Date (May 1)	*Principal Amount*	*Interest Rate*

[T] Term Bond

(c) Interest on the Series 2025A Bonds shall be payable from the Interest Payment Date next preceding the date of authentication thereof unless (i) a Series 2025A Bond is authenticated on or before an Interest Payment Date and after the close of business on the preceding Record Date, in which event it shall bear interest from such Interest Payment Date, (ii) a Series 2025A Bond is authenticated on or before the first Record Date, in which event interest thereon shall be payable from the dated date thereof, or (iii) interest on any Series 2025A Bond is in default as of the date of authentication thereof, in which event interest thereon shall be payable from the date to which interest has been paid in full, payable on each Interest Payment Date. Interest shall be paid in lawful money of the United States on each Interest Payment Date to the Persons in whose names the ownership of the Series 2025A Bonds is registered on the Registration Books at the close of business on the immediately preceding Record Date, except as provided below. Except as otherwise provided in Section 2.10(a), interest shall be paid by check of the Trustee mailed by first class mail, postage prepaid, on each Interest Payment Date to the Series 2025A Bond Owners at their respective addresses shown on the Registration Books as of the close of business on the preceding Record Date or by wire transfer to Owners of more than $1,000,000 in principal amount of Series 2025A Bonds who have provided account information and wiring instructions satisfactory to the Trustee.

(d) The principal and premium, if any, of the Series 2025A Bonds shall be payable in lawful money of the United States of America upon presentation and surrender thereof upon maturity or earlier redemption at the Office of the Trustee.

(e) The Series 2025A Bonds shall be subject to redemption as provided in Article IV.

Section 2.03 Form of Series 2025A Bonds. The Series 2025A Bonds shall be in substantially the form set forth in Exhibit A hereto, with appropriate or necessary insertions, omissions and variations as permitted or required hereby.

Section 2.04 Transfer and Exchange of Bonds. Any Bond may, in accordance with its terms, be transferred upon the Registration Books by the Person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer, duly executed in a form acceptable to the Trustee. Whenever any Bond or Bonds shall be surrendered for transfer, the Authority shall execute and the Trustee shall authenticate and shall deliver a new Bond or Bonds of the same Series in a like aggregate principal amount, in any Authorized Denomination. The Trustee shall require the Bond Owner requesting such transfer to pay any tax or other governmental charge required to be paid with respect to such transfer.

Prior to any transfer of Bonds outside the book-entry system (including, but not limited to, the initial transfer outside the book-entry system) the transferor shall provide or cause to be provided to the Trustee all information necessary to allow the Trustee to comply with any applicable tax reporting obligations, including without limitation any cost basis reporting obligations under Section 6045 of the Code. The Trustee shall conclusively rely on the information provided to it and shall have no responsibility to verify or ensure the accuracy of such information.

The Bonds may be exchanged at the Office of the Trustee for a like aggregate principal amount of Bonds of the same Series of other authorized denominations. The Trustee shall require the payment by the Bond Owner requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange.

The Trustee shall not be obligated to make any transfer or exchange of Bonds of a Series pursuant to this Section during the period established by the Trustee for the selection of Bonds of such Series for redemption, or with respect to any Bonds of such Series selected for redemption.

Section 2.05 Registration Books. The Trustee will keep or cause to be kept, at the Office of the Trustee, sufficient records for the registration and transfer of ownership of the Bonds, which shall be open to inspection during regular business hours and upon reasonable notice by the City; and, upon presentation for such purpose, the Trustee shall, under such reasonable regulations as it may prescribe, register or transfer or cause to be registered or transferred, on such records, the ownership of the Bonds as hereinbefore provided.

Section 2.06 Execution of Bonds. The Bonds shall be executed in the name and on behalf of the Authority with the manual or facsimile signature of an Authorized Officer of the Authority attested by the manual or facsimile signature of the Secretary of the Authority. The Bonds shall then be delivered to the Trustee for authentication by it. In case any of such officers of the Authority who shall have signed or attested any of the Bonds shall cease to be such officers of the Authority before the Bonds so signed or attested shall have been authenticated or delivered by the Trustee, or issued by the Authority, such Bonds may nevertheless be authenticated, delivered and issued and, upon such authentication, delivery and issue, shall be as binding upon the Authority as though those who signed and attested the same had continued to be such officers of the Authority, and also any Bonds may be signed and attested on behalf of the Authority by such Persons as at the actual date of execution of such Bonds shall be the proper officers of the Authority although at the nominal date of such Bonds any such Person shall not have been such officer of the Authority.

Section 2.07 Authentication of Bonds. Only such of the Bonds as shall bear thereon a certificate of authentication substantially in the form as that set forth in Exhibit A hereto, manually executed by the Trustee, shall be valid or obligatory for any purpose or entitled to the benefits of this Indenture, and such certificate of or on behalf of the Trustee shall be conclusive evidence that the Bonds so authenticated have been duly executed, authenticated and delivered hereunder and are entitled to the benefits of this Indenture.

Section 2.08 Temporary Bonds. The Bonds of a Series may be issued in temporary form exchangeable for definitive Bonds of such Series when ready for delivery. Any temporary Bonds may be printed, lithographed or typewritten, shall be of such Authorized Denominations as may be determined by the Authority, shall be in fully registered form without coupons and may contain such reference to any of the provisions of this Indenture as may be appropriate. Every temporary Bond shall be executed by the Authority and authenticated by the Trustee upon the same conditions and in substantially the same manner as the definitive Bonds. If the Authority issues temporary Bonds of a Series it will execute and deliver definitive Bonds of such Series as promptly thereafter as practicable, and thereupon the temporary Bonds of such Series, may be surrendered, for cancellation, at the Office of the Trustee and the Trustee shall authenticate and deliver in exchange for such temporary Bonds an equal aggregate principal amount of definitive Bonds of such Series in Authorized Denominations. Until so exchanged, the temporary Bonds of such Series shall be entitled to the same benefits under this Indenture as definitive Bonds of such Series authenticated and delivered hereunder.

Section 2.09 Bonds Mutilated, Lost, Destroyed or Stolen. If any Bond shall become mutilated, the Authority, at the expense of the Owner of said Bond, shall execute, and the Trustee shall thereupon authenticate and deliver, a new Bond of like tenor and Series in exchange and substitution for the Bond so mutilated, but only upon surrender to the Trustee of the Bond so mutilated. Every mutilated Bond so surrendered to the Trustee shall be canceled by it and delivered to, or in accordance with the order of, the Authority. If any Bond shall be lost, destroyed or stolen, evidence of such loss, destruction or theft may be submitted to the Trustee and, if such evidence and indemnity satisfactory to the Trustee shall be given, the Authority, at the expense of the Owner, shall execute, and the Trustee shall thereupon authenticate and deliver, a new Bond of like tenor and Series in lieu of and in replacement for the Bond so lost, destroyed or stolen (or if any such Bond shall have matured or shall have been selected for redemption, instead of issuing a replacement Bond, the Trustee may pay the same without surrender thereof). The Authority may require payment by the Owner of a sum not exceeding the actual cost of preparing each replacement Bond issued under this Section and of the expenses which may be incurred by the Authority and the Trustee. Any Bond issued under the provisions of this Section in lieu of any Bond alleged to be lost, destroyed or stolen shall constitute an original additional contractual obligation on the part of the Authority whether or not the Bond so alleged to be lost, destroyed or stolen be at any time enforceable by anyone, and shall be entitled to the benefits of this Indenture with all other Bonds of such Series secured by this Indenture.

Section 2.10 Book-Entry Bonds.

(a) Prior to the issuance of a Series of Bonds, the Authority may provide that such Series of Bonds shall initially be issued as Book-Entry Bonds and, in such event, the Bonds of such Series for each maturity shall be in the form of a separate single fully registered Bond (which may be typewritten). The Series 2025A Bonds shall initially be issued as Book-Entry Bonds.

Except as provided in subsection (c) of this Section, the registered Owner of all of the Book-Entry Bonds shall be Cede & Co., as nominee of DTC. Notwithstanding anything to the contrary contained in this Indenture, payment of interest with respect to any Book-Entry Bond registered as of each Record Date in the name of Cede & Co. shall be made by wire transfer of same-day funds to the account of Cede & Co. on the Interest Payment Date at the address indicated on the Record Date for Cede & Co. in the Registration Books or as otherwise provided in the Representation Letter.

(b) The Trustee and the Authority may treat DTC (or its nominee) as the sole and exclusive Owner of Book-Entry Bonds registered in its name for the purposes of payment of the principal, premium, if any, or interest with respect to Book-Entry Bonds, selecting Book-Entry Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Owners of Book-Entry Bonds under this Indenture, registering the transfer of Book-Entry Bonds, obtaining any consent or other action to be taken by Owners of Book-Entry Bonds and for all other purposes whatsoever, and neither the Trustee nor the Authority shall be affected by any notice to the contrary. Neither the Trustee nor the Authority shall have any responsibility or obligation to any Participant, any person claiming a beneficial ownership interest in Book-Entry Bonds under or through DTC or any Participant, or any other person which is not shown on the Registration Books as being an Owner, with respect to the accuracy of any records maintained by DTC or any Participant, the payment by DTC or any Participant of any amount in respect of the principal, premium, if any, or interest with respect to Book-Entry Bonds, any notice which is permitted or required to be given to Owners of Book-Entry Bonds under this Indenture, the selection by DTC or any Participant of any person to receive payment in the event of a partial redemption of Book-Entry Bonds, or any consent given or other action taken by DTC as Owner of Book-Entry Bonds. The Trustee shall pay all principal, premium, if any and interest with respect to Book-Entry Bonds, only to DTC, and all such payments shall be valid and effective to fully satisfy and discharge the Authority's obligations with respect to the principal, premium, if any, and interest with respect to the Book-Entry Bonds to the extent of the sum or sums so paid. Except under the conditions of subsection (c) of this Section, no person other than DTC shall receive an executed Book-Entry Bond for each separate stated maturity. Upon delivery by DTC to the Trustee of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions herein with respect to record dates, the term "Cede & Co." in this Indenture shall refer to such new nominee of DTC.

(c) In the event (i) DTC, including any successor as securities depository for a Series of Bonds, determines not to continue to act as securities depository for such Series of Bonds, or (ii) the Authority determines that the incumbent securities depository shall no longer so act, and delivers a written certificate to the Trustee to that effect, then the Authority will discontinue the book-entry system with the incumbent securities depository for such Series of Bonds. If the Authority determines to replace the incumbent securities depository for such Series of Bonds with another qualified securities depository, the Authority shall prepare or direct the preparation of a new single, separate fully registered Bond of such Series for the aggregate outstanding principal amount of Bonds of such Series of each maturity, registered in the name of such successor or substitute qualified securities depository, or its nominee, or make such other arrangement acceptable to the Authority, the Trustee and the successor securities depository for the Bonds of such Series as are not inconsistent with the terms of this Indenture. If the Authority fails to identify another qualified successor securities depository for such Series of Bonds to replace the incumbent securities depository, then the Bonds of such Series shall no longer be restricted to being registered in the Registration Books in the name of the incumbent securities depository or its nominee, but shall be

registered in whatever name or names the incumbent securities depository for such Series of Bonds, or its nominee, shall designate. In such event the Authority shall execute, and deliver to the Trustee, a sufficient quantity of Bonds of such Series to carry out the transfers and exchanges provided in Sections 2.04, 2.08 and 2.09 hereof. All such Bonds of such Series shall be in fully registered form in Authorized Denominations.

(d) Notwithstanding any other provision of this Indenture to the contrary, so long as any Book-Entry Bond is registered in the name of DTC, or its nominee, all payments with respect to the principal, premium, if any, and interest with respect to such Book-Entry Bond and all notices with respect to such Book-Entry Bond shall be made and given, respectively, as provided in the Representation Letter.

(e) In connection with any notice or other communication to be provided to Owners of Book-Entry Bonds pursuant to this Indenture by the Authority, the City or the Trustee with respect to any consent or other action to be taken by Owners, the Authority, the City or the Trustee, as the case may be, shall establish a record date for such consent or other action and give DTC notice of such record date not less than 15 calendar days in advance of such record date to the extent possible.

ARTICLE III

ISSUANCE OF BONDS; APPLICATION OF PROCEEDS

Section 3.01 Issuance of Series 2025A Bonds. The Authority may, at any time, execute the Series 2025A Bonds for issuance hereunder and deliver the same to the Trustee. The Trustee shall authenticate the Series 2025A Bonds and deliver the Series 2025A Bonds to the original purchaser thereof upon receipt of a Written Request of the Authority and upon receipt of the purchase price therefor.

Section 3.02 Application of Proceeds of the Series 2025A Bonds. On the Closing Date, the proceeds of the sale of the Series 2025A Bonds received by the Trustee, $_____ (being the principal amount of $_____, plus net original issue premium of $_____, less an underwriter's discount of $_____, and less $_____ paid by the Participating Underwriter of the Series 2025A Bonds on behalf of the Authority directly to the Insurer), shall be deposited by the Trustee as follows:

(a) The Trustee shall deposit the amount of $_____ to the Costs of Issuance Fund,

(b) The Trustee shall deposit the amount of $_____ to the 2025A Bonds Capitalized Interest Fund; and

(c) The Trustee shall deposit the amount of $_____ to the Project Fund.

Section 3.03 Costs of Issuance Fund. The Trustee shall establish and maintain a separate fund designated the "Costs of Issuance Fund." On the Closing Date, there shall be deposited in the Costs of Issuance Fund the amount specified in Section 3.02 hereof. There shall be additionally be deposited in the Cost of Issuance Fund the portion, if any, of the proceeds of the sale of any

Additional Bonds required to be deposited therein under the Supplemental Indenture pursuant to which such Additional Bonds are issued.

The moneys in the Costs of Issuance Fund shall be used and withdrawn by the Trustee from time to time to pay the Costs of Issuance upon submission of a Written Request of the Authority stating (a) the Person to whom payment is to be made, (b) the amount to be paid, (c) the purpose for which the obligation was incurred, (d) that such payment is a proper charge against the Costs of Issuance Fund, and (e) that such amounts have not been the subject of a prior disbursement from the Costs of Issuance Fund, in each case together with a statement or invoice for each amount requested thereunder. Each such Written Request of the Authority shall be sufficient evidence to the Trustee of the facts stated therein and the Trustee shall have no duty to confirm the accuracy of such facts. On the date that is six months after the Closing Date, all amounts, if any, remaining in the Costs of Issuance Fund shall be withdrawn therefrom by the Trustee and transferred to the Project Fund.

Section 3.04 Project Fund. The Trustee shall establish, maintain and hold in trust a separate fund designated as the "Project Fund." The moneys in the Project Fund or the accounts therein shall be disbursed by the Trustee on behalf of the City as specified in a Written Request of the City in the form attached hereto as Exhibit B. Each Written Request of the City shall be sufficient evidence to the Trustee of the facts stated therein and the Trustee shall have no duty to confirm the accuracy of such facts. On the date on which the City determines that amounts in the Project Fund are no longer necessary for payment of the cost of the Project, the City shall submit a Written Request to the Trustee to transfer any remaining balance in the Project Fund not needed for Project Fund purposes, at the City's sole discretion, either (a) to the Base Rental Payment Fund for application in accordance with Section 5.02 hereof, or (b) to the City for use on eligible capital facilities or other lawful use of such moneys in compliance with this Indenture and the Tax Certificate, and the Project Fund shall be closed.

Investment earnings on amounts on deposit in the Project Fund shall remain on deposit in the Project Fund for application in accordance with this Section.

Section 3.05 Conditions for the Issuance of Additional Bonds. The Authority may at any time issue one or more Series of Additional Bonds (in addition to the Series 2025A Bonds) payable from Base Rental Payments as provided herein on a parity with all other Bonds theretofore issued hereunder, but only subject to the following conditions, which are hereby made conditions precedent to the issuance of such Additional Bonds:

(a) The issuance of such Additional Bonds shall have been authorized under and pursuant hereto and shall have been provided for by a Supplemental Indenture which shall specify the following:

(1) The application of the proceeds of the sale of such Additional Bonds;

(2) The principal amount and designation of such Series of Additional Bonds and the denomination or denominations of the Additional Bonds;

(3) The date, the maturity date or dates, the interest payment dates and the dates on which mandatory sinking fund redemptions, if any, are to be made for such Additional Bonds; provided, however, that (i) the serial Bonds of such Series of Additional Bonds shall be payable as to principal annually on May 1 of each year in which principal falls due, and the Term

Bonds of such Series of Additional Bonds shall have annual mandatory sinking fund redemptions on May 1, (ii) the Additional Bonds shall be payable as to interest semiannually on May 1 and November 1 of each year, except that the first installment of interest may be payable on either May 1 or November 1 and shall be for a period of not longer than twelve months and the interest shall be payable thereafter semiannually on May 1 and November 1, (iii) all Additional Bonds of a Series of like maturity shall be identical in all respects, except as to number or denomination (and provided that such Bonds may accrue interest at different rates), and (iv) serial maturities of serial Bonds or mandatory sinking fund redemptions for term Bonds, or any combination thereof, shall be established as appropriate to provide for the redemption or payment of such Additional Bonds on or before their respective maturity dates;

(4) The redemption premiums and terms, if any, for such Additional Bonds;

(5) The form of such Additional Bonds;

(6) If necessary; that from such proceeds or other sources an amount shall be deposited in a reserve fund or account so that following such deposit there shall be on deposit in a reserve fund or account an amount at least equal to the Reserve Fund Requirement for such Series of Additional Bonds, if any, after issuance of the Additional Bonds; and

(7) Such other provisions that are appropriate or necessary and are not inconsistent with the provisions hereof;

(b) The Authority shall be in compliance with all agreements, conditions, covenants and terms contained herein, in the Lease Agreement and in the Ground Lease required to be observed or performed by it;

(c) The City shall be in compliance with all agreements, conditions, covenants and terms contained herein, in the Lease Agreement and in the Ground Lease required to be observed or performed by it;

(d) The Ground Lease and the Lease Agreement shall have been amended, to the extent necessary, (i) so as to increase the Base Rental Payments payable by the City thereunder by an aggregate amount equal to the principal of and interest on such Additional Bonds, payable at such times and in such manner as may be necessary to provide for the payment of the principal of and interest on such Additional Bonds; provided, however, that no such amendment shall be made such that the sum of Base Rental Payments, including any increase in the Base Rental Payments as a result of such amendment, plus Additional Rental Payments, in any Rental Period shall be in excess of the annual fair rental value of the Property after taking into account the use of the proceeds of any Additional Bonds issued in connection therewith (evidence of the satisfaction of such condition shall be made by a Written Certificate of the City); and (ii) to include provisions for the prepayment of Base Rental Payments attributable to such Additional Bonds; and

Notwithstanding satisfaction of the other conditions to the issuance of Additional Bonds set forth in this Section 3.05, no such issuance may occur if an event of default (within the meaning of Article VII of the Lease Agreement) (or any event which, once all notice or grace periods have passed, would constitute such event of default) exists unless such event of default shall be cured upon such execution or issuance.

Nothing contained herein shall limit the issuance of any bonds or other obligations payable from Base Rental Payments if, after the issuance and delivery of such bonds or other obligations, none of the Bonds theretofore issued hereunder will be Outstanding.

Section 3.06 Procedure for the Issuance of Additional Bonds. At any time after the sale of any Additional Bonds in accordance with the Act, such Additional Bonds shall be executed by the Authority for issuance hereunder and shall be delivered to the Trustee and thereupon shall be authenticated and delivered by the Trustee, but only upon receipt by the Trustee of the following:

(a) Certified copies of the Supplemental Indenture authorizing the issuance of such Additional Bonds, the amendment to the Lease Agreement required by Section 3.05 hereof and the amendment to the Ground Lease, if any, required by Section 3.05 hereof, together with satisfactory evidence that provision has been made for such amendment to the Lease Agreement and such amendment to the Ground Lease, if any, to be recorded in the official records of the appropriate county;

(b) A Written Request of the Authority as to the delivery of such Additional Bonds;

(c) An opinion of Bond Counsel substantially to the effect that (i) the Indenture (including all Supplemental Indentures), the Lease Agreement (including the amendment thereto required by Section 3.05 hereof) and the Ground Lease (including any amendment thereto required by Section 3.05 hereof) have been duly authorized, executed and delivered by, and constitute the valid and binding obligations of, the Authority and the City, enforceable in accordance with their terms (except as enforcement may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors rights and by the application of equitable principles and by the exercise of judicial discretion in appropriate cases and subject to the limitations on legal remedies against political subdivisions in the State of California), (ii) such Additional Bonds constitute valid and binding special obligations of the Authority payable solely from Base Rental Payments as provided herein and are enforceable in accordance with their terms (except as enforcement may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors rights and by the application of equitable principles and by the exercise of judicial discretion in appropriate cases and subject to the limitations on legal remedies against political subdivisions in the State of California), and (iii) the issuance of such Additional Bonds, in and of itself, will not adversely affect the exclusion of interest on any tax-exempt Bonds Outstanding prior to the issuance of such Additional Bonds from gross income for federal income tax purposes;

(d) A Written Certificate of the Authority that the requirements of Section 3.05 hereof have been met;

(e) A Written Certificate of the City that the requirements of Section 3.05 hereof and Sections 6.01 and 6.02 of the Lease Agreement have been met, and a Written Certificate of the City directing application of the proceeds of such Additional Bonds; and

(f) Such further documents as are required by the provisions hereof or by the provisions of the Supplemental Indenture authorizing the issuance of such Additional Bonds.

Section 3.07 Additional Bonds. So long as any of the Bonds remain Outstanding, the Authority shall not issue any Additional Bonds or obligations payable from the Base Rental Payments, except pursuant to Sections 3.05 and 3.06 hereof.

ARTICLE IV

REDEMPTION OF BONDS

Section 4.01 Redemption of Series 2025A Bonds.

(a) Extraordinary Redemption. The Series 2025A Bonds shall be subject to redemption, in whole or in part, on any date, in Authorized Denominations, from and to the extent of: (i) Net Insurance Proceeds received with respect to all or a portion of the Property, deposited by the Trustee in the Redemption Fund pursuant to Sections 5.03 and 5.04 hereof, and (ii) eminent domain proceeds received pursuant to Section 8.01 of the Lease Agreement, at a Redemption Price equal to the principal amount of the Series 2025A Bonds to be redeemed, plus accrued interest thereon to the date of redemption, without premium.

(b) Optional Redemption. The Series 2025A Bonds maturing on or after May 1, 20___, shall be subject to optional redemption, in whole or in part, on any date on or after May 1, 20___, in Authorized Denominations, from and to the extent of prepaid Base Rental Payments paid pursuant to subsection (a) of Section 8.02 of the Lease Agreement, at a Redemption Price equal to the principal amount of the Series 2025A Bonds to be redeemed, plus accrued interest thereon to the date of redemption, without premium.

(c) Mandatory Sinking Fund Redemption. The Series 2025A Bonds with stated maturities on May 1, 20___ are subject to mandatory sinking fund redemption in part (by lot) on each May 1 on and after May 1, 20___, in integral multiples of $5,000 at a Redemption Price equal to the principal amount thereof plus accrued interest to the date fixed for redemption, without premium, in accordance with the following schedule:

Redemption Date (May 1)	***Principal Amount***
*	

* Final Maturity.

The Series 2025A Bonds with stated maturities on May 1, 20___ are subject to mandatory sinking fund redemption in part (by lot) on each May 1 on and after May 1, 20___, in integral multiples of $5,000 at a Redemption Price equal to the principal amount thereof plus accrued interest to the date fixed for redemption, without premium, in accordance with the following schedule:

Redemption Date (May 1)	*Principal Amount*
*	

* Final Maturity.

The Series 2025A Bonds with stated maturities on May 1, 20___ and bearing interest at _____% are subject to mandatory sinking fund redemption in part (by lot) on each May 1 on and after May 1, 20___, in integral multiples of $5,000 at a Redemption Price equal to the principal amount thereof plus accrued interest to the date fixed for redemption, without premium, in accordance with the following schedule:

Redemption Date (May 1)	*Principal Amount*

In the event of a redemption pursuant to Section 4.01(a) or (b), the City shall provide the Trustee with a revised mandatory sinking fund schedule giving effect to the redemption so completed.

Section 4.02 Notice of Redemption. Unless otherwise provided in a Supplemental Indenture, notice of redemption shall be given by the Trustee, not less than 20 nor more than 60 days prior to the redemption date (i) as to Bonds not registered in the name of a Securities Depository or its nominee, to the respective Owners of the Bonds designated for redemption at their addresses appearing on the Registration Books, (ii) as to Bonds registered in the name of a Securities Depository or its nominee, to such Securities Depository for such Bonds, and (iii) the Information Services. Notice of redemption to the Owners pursuant to (i) above shall be given by mail at their addresses appearing on the Registration Books, or any other method agreed upon by such Owner and the Trustee. Notice of redemption to the Securities Depositories pursuant to (ii) above and the Information Services pursuant to (iii) above shall be given by electronically secure means, or any other method agreed upon by such entities and the Trustee. Such notice shall state the date of the notice, the redemption date, the redemption place and the Redemption Price and shall designate the CUSIP numbers, the Bond numbers and the maturity or maturities (except in the event of redemption of all of the Bonds of such maturity or maturities in whole) of the Bonds to be redeemed, and shall require that such Bonds be then surrendered at the Office of the Trustee for redemption at the Redemption Price, giving notice also that further interest on such Bonds will not accrue from and after the date fixed for redemption. Such notice of redemption may state that no representation is made as to the accuracy or correctness of the CUSIP numbers printed therein or on the Bonds. Neither the failure to receive any notice so given, nor any defect in such notice, shall affect the

validity of the proceedings for the redemption of the Bonds or the cessation of accrual of interest thereon from and after the date fixed for redemption.

With respect to any notice of optional redemption of Bonds, such notice may state that such redemption shall be conditional upon the receipt by the Trustee, on or prior to the date fixed for such redemption, of moneys sufficient to pay the principal of, premium if any, and interest on the Bonds to be redeemed and upon other conditions set forth therein and that, if such money shall not have been so received or such other conditions shall not have been satisfied, said notice shall be of no force and effect and the Trustee shall not be required to redeem such Bonds. If any condition stated in the redemption notice for an optional redemption shall not have been satisfied on or prior to the redemption date: (i) the redemption notice shall be of no force and effect, (ii) the Authority shall not be required to redeem such Bonds, (iii) the redemption shall not be made, and (iv) the Trustee shall within a reasonable time thereafter give notice to the persons in the manner in which the conditional redemption notice was given that such condition or conditions were not met and that the redemption was canceled.

Section 4.03 Selection of Bonds for Redemption. Whenever provision is made in this Indenture for the redemption of less than all of the Bonds of a Series, the Trustee shall select the Bonds of a Series to be redeemed by lot from all Bonds not previously called for redemption (a) with respect to any optional redemption of Bonds of a Series, among maturities of Bonds of such Series as directed in a Written Request of the Authority provided to the Trustee at least 30 but no more than 60 days prior to the date of such redemption, (b) with respect to any redemption pursuant to Section 4.01(a) hereof and the corresponding provision of any Supplemental Indenture pursuant to which Additional Bonds are issued, among maturities of all Series of Bonds on a pro rata basis as nearly as practicable, as directed in a Written Request of the Authority provided to the Trustee at least 30 but no more than 60 days prior to the date of such redemption, and (c) with respect to any other redemption of Additional Bonds, among maturities as provided in the Supplemental Indenture pursuant to which such Additional Bonds are issued, and by lot among Bonds of the same Series with the same maturity in any manner which the Trustee in its sole discretion shall deem appropriate and fair. For purposes of such selection, all Bonds shall be deemed to be comprised of separate $5,000 denominations and such separate denominations shall be treated as separate Bonds which may be separately redeemed.

Section 4.04 Partial Redemption of Bonds. Upon surrender of any Bonds redeemed in part only, the Authority shall execute and the Trustee shall authenticate and deliver to the Owner thereof, at the expense of the Authority, a new Bond or Bonds of the same Series in authorized denominations equal in aggregate principal amount representing the unredeemed portion of the Bonds surrendered.

Section 4.05 Effect of Notice of Redemption. Notice having been given as aforesaid, and moneys for the Redemption Price, and the interest to the applicable date fixed for redemption, having been set aside in the Redemption Fund, the Bonds shall become due and payable on said date, and, upon presentation and surrender thereof at the Office of the Trustee, said Bonds shall be paid at the Redemption Price thereof, together with interest accrued and unpaid to said date.

If, on said date fixed for redemption, moneys for the Redemption Price of all the Bonds to be redeemed, together with interest to said date, shall be held by the Trustee so as to be available therefor on such date, and, if notice of redemption thereof shall have been given as aforesaid and not canceled, then, from and after said date, interest on said Bonds shall cease to accrue and become

payable. All moneys held by or on behalf of the Trustee for the redemption of Bonds shall be held in trust for the account of the Owners of the Bonds so to be redeemed without liability to such Owners for interest thereon.

All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions hereof shall be canceled upon surrender thereof and destroyed.

ARTICLE V

SECURITY FOR BONDS; FLOW OF FUNDS; INVESTMENTS

Section 5.01 Pledge; Special Obligations. Subject only to the provisions of this Indenture permitting the application thereof for the purposes and on the terms and conditions set forth herein, all of the Base Rental Payments and any other amounts (including proceeds of the sale of the Bonds) held in the Base Rental Payment Fund, the Interest Fund, the Capitalized Interest Fund, the Principal Fund, and the Redemption Fund are hereby pledged to secure the payment of the principal of, premium, if any, and interest on the Bonds in accordance with their terms, the provisions of this Indenture and the Act. Said pledge shall constitute a first lien on such assets.

All obligations of the Authority under this Indenture shall be special obligations of the Authority, payable solely from Base Rental Payments and the other assets pledged therefor hereunder; provided, however, that all obligations of the Authority under the Bonds shall be special obligations of the Authority, payable solely from Base Rental Payments and the other assets pledged therefor hereunder. Neither the faith and credit nor the taxing power of the City or the State of California, or any political subdivision thereof, is pledged to the payment of the Bonds. The Authority has no taxing power.

Section 5.02 Flow of Funds.

(a) The Trustee shall establish and maintain separate funds designated the "Base Rental Payment Fund," the "Interest Fund," the "Principal Fund," the "Redemption Fund," and the "Capitalized Interest Fund."

All Base Rental Payments shall be paid directly by the City to the Trustee, and if received by the Authority at any time shall be transferred by the Authority to the Trustee within one Business Day after the receipt thereof. All Base Rental Payments received by the Trustee shall be deposited by the Trustee in the Base Rental Payment Fund.

(b) The Trustee shall transfer the amounts on deposit in the Base Rental Payment Fund, at the times and in the manner hereinafter provided, to the following respective funds in the following order of priority:

(i) Interest Fund. On the Business Day immediately preceding each Interest Payment Date, the Trustee shall transfer from the Base Rental Payment Fund to the Interest Fund the amount, if any, necessary to cause the amount on deposit in the Interest Fund to be equal to the interest due on the Bonds on such Interest Payment Date.

(ii) Principal Fund. On the Business Day immediately preceding each May 1, commencing May 1, [2026], the Trustee shall transfer from the Base Rental Payment Fund to

the Principal Fund the amount, if any, necessary to cause the amount on deposit in the Principal Fund to be equal to the principal amount of the Bonds due on such May 1, either as a result of the maturity thereof or mandatory sinking fund redemption payments required to be made with respect thereto. Moneys in the Principal Fund shall be used by the Trustee for the purpose of paying the principal of the Bonds when due and payable at their maturity dates or upon earlier mandatory sinking fund redemption.

(iii) Redemption Fund. The Trustee, on the redemption date specified in the Written Request of the City filed with the Trustee at the time that any prepaid Base Rental Payment is paid to the Trustee pursuant to the Lease Agreement, shall deposit in the Redemption Fund that amount of moneys representing the portion of the Base Rental Payments designated as prepaid Base Rental Payments. Additionally, the Trustee shall deposit in the Redemption Fund any amounts required to be deposited therein pursuant to Sections 5.03 and 5.04 hereof and Section 8.01 of the Lease Agreement. Moneys in the Redemption Fund shall be used by the Trustee for the purpose of paying the principal of and interest and premium, if any, on Series 2025A Bonds redeemed pursuant to the provisions of subsections (a) and (b) of Section 4.01 hereof and Additional Bonds redeemed pursuant to the corresponding provisions of the Supplemental Indenture pursuant to which such Additional Bonds are issued.

(iv) Capitalized Interest Fund. On the second Business Day immediately preceding each Interest Payment Date, the Trustee shall transfer from the Capitalized Interest Fund to the Interest Fund, the following amounts on the dates set forth below. All amounts remaining in the Capitalized Interest Fund following May 1, 2028 shall be transferred to the Interest Fund.

Date	***Amount***
November 1, 2025	$_____
May 1, 2026	
November 1, 2026	
May 1, 2027	
November 1, 2027	
May 1, 2028	

Section 5.03 Application of Net Insurance Proceeds. If the Property or any portion thereof shall be damaged or destroyed, subject to the further requirements of this Section, the City shall, as expeditiously as possible, continuously and diligently prosecute or cause to be prosecuted the repair or replacement thereof, unless the City elects not to repair or replace the Property or the affected portion thereof in accordance with the provisions hereof.

The Net Insurance Proceeds (other than Net Insurance Proceeds of rental interruption insurance), including the proceeds of any self-insurance, received on account of any damage or destruction of the Property or a portion thereof shall as soon as possible be deposited with the Trustee and be held by the Trustee in a special account and made available for and, to the extent necessary, shall be applied to the cost of repair or replacement of the Property or the affected portion thereof upon receipt of a Written Request of the City, together with invoices therefor. Each such Written Request of the City shall be sufficient evidence to the Trustee of the facts stated therein and the Trustee shall have no duty to confirm the accuracy of such facts. Pending such application, such proceeds may be invested by the Trustee as directed by the City in Permitted Investments that mature not later than such times moneys are expected to be needed to pay such costs of repair or replacement.

Notwithstanding the foregoing, the City shall, within 60 days of the occurrence of the event of damage or destruction, notify the Trustee in writing as to whether the City intends to replace or repair the Property or the portions of the Property which were damaged or destroyed. If the City does intend to replace or repair the Property or portions thereof, the City shall deposit with the Trustee the full amount of any insurance deductible to be credited to the special account.

If the damage, destruction or loss was such that there resulted in a substantial interference with the City's right to the use or occupancy of the Property and an abatement of Rental Payments results from such damage or destruction pursuant to Section 3.06 of the Lease Agreement, then the City shall be required either to (a) apply sufficient funds from the insurance proceeds and other legally available funds to the replacement or repair of the Property or the portions thereof which have been damaged to the condition which existed prior to such damage or destruction, or (b) apply sufficient funds from the insurance proceeds and other legally available funds to the redemption, as set forth in subsection (a) of Section 4.01 hereof and the corresponding provisions of any Supplemental Indenture pursuant to which Additional Bonds are issued, in full of all the Outstanding Bonds or all of those Outstanding Bonds which would have been payable from that portion of the Base Rental Payments which are abated as a result of the damage or destruction. Funds to be applied to the redemption of Bonds in accordance with clause (b) above shall be deposited in the Redemption Fund. If the City is not required to replace or repair the Property, or the affected portion thereof, as set forth in clause (a) above or to use such amounts to redeem Bonds as set forth in clause (b) above, then such proceeds shall, if there is first delivered to the Trustee a Written Certificate of the City to the effect that the annual fair rental value of the Property after such damage or destruction, and after any repairs or replacements made as a result of such damage or destruction, is at least equal to 100% of the maximum amount of Base Rental Payments becoming due under the Lease Agreement in the then current Rental Period or any subsequent Rental Period and the fair replacement value of the Property after such damage or destruction is at least equal to the principal amount of the Outstanding Bonds, be paid to the City to be used for any lawful purpose.

Proceeds of rental interruption insurance shall be deposited to the Base Rental Payment Fund and applied to the payment of Base Rental Payments to the extent of any abatement thereof pursuant to the Lease Agreement, and otherwise as directed in writing by the City.

The proceeds of any award in eminent domain received in respect to the Property shall be deposited by the Trustee in the Redemption Fund and applied to the redemption of Bonds pursuant to subsection (a) of Section 4.01 hereof and the corresponding provisions of any Supplemental Indenture pursuant to which Additional Bonds are issued.

Section 5.04 Title Insurance. Proceeds of any policy of title insurance received by the Trustee in respect of the Property shall be applied and disbursed by the Trustee as follows:

(a) if the City determines that the title defect giving rise to such proceeds has not substantially interfered with its use and occupancy of the Property and will not result in an abatement of Rental Payments payable by the City under the Lease Agreement, upon Written Request of the City, such proceeds shall be remitted to the City and used for any lawful purpose thereof; or

(b) if the City determines that the title defect giving rise to such proceeds has substantially interfered with its use and occupancy of the Property and will result in an abatement of Rental Payments payable by the City under the Lease Agreement, then, upon Written Request of the City, the Trustee shall immediately deposit such proceeds in the Redemption Fund and such proceeds

shall be applied to the redemption of Bonds in the manner provided in subsection (a) of Section 4.01 hereof and the corresponding provisions of any Supplemental Indenture pursuant to which Additional Bonds are issued.

Section 5.05 Reserved.

Section 5.06 Rebate Fund.

(a) Establishment. The Trustee shall establish a fund for the Bonds designated the "Rebate Fund" when required in accordance herewith. Absent an Opinion of Counsel that the exclusion from gross income for federal income tax purposes of interest on the Series 2025A Bonds will not be adversely affected, the Authority shall cause to be deposited in the Rebate Fund such amounts as are required to be deposited therein pursuant to this Section and the Tax Certificate. All money at any time deposited in the Rebate Fund shall be held by the Trustee in trust for payment to the United States Treasury. All amounts on deposit in the Rebate Fund for the Series 2025A Bonds shall be governed by this Section and the Tax Certificate, unless and to the extent that the Authority delivers to the Trustee an opinion of Bond Counsel that the exclusion from gross income for federal income tax purposes of interest on the Bonds will not be adversely affected if such requirements are not satisfied. Notwithstanding anything to the contrary contained herein or in the Tax Certificate, the Trustee: (1) shall be deemed conclusively to have complied with the provisions thereof if it follows all Written Requests of the Authority or Written Requests of the City; (2) shall have no liability or responsibility to enforce compliance by the Authority or the City with the terms of the Tax Certificate and shall not be deemed to have knowledge of the terms thereof; (3) may rely conclusively on the Authority's or the City's calculations and determinations and certifications relating to rebate matters; and (4) shall have no responsibility to independently make any calculations or determinations or to review the Authority's or the City's calculations or determinations thereunder.

(i) Computation. Within 55 days of the end of each fifth Bond Year (as such term is defined in the Tax Certificate), the Authority shall calculate or cause to be calculated the amount of rebatable arbitrage, in accordance with Section 148(f)(2) of the Code and Section 1.148 3 of the Treasury Regulations (taking into account any applicable exceptions with respect to the computation of the rebatable arbitrage, described, if applicable, in the Tax Certificate (e.g., the temporary investments exceptions of Section 148(f)(4)(B) and the construction expenditures exception of Section 148(f)(4)(C) of the Code), and taking into account whether the election pursuant to Section 148(f)(4)(C)(vii) of the Code (the "1½% Penalty") has been made), for this purpose treating the last day of the applicable Bond Year as a computation date, within the meaning of Section 1.148 1(b) of the Treasury Regulations (the "Rebatable Arbitrage"). The Authority shall obtain expert advice as to the amount of the Rebatable Arbitrage to comply with this Section.

(ii) Transfer. Within 55 days of the end of each fifth Bond Year, upon the Written Request of the Authority or Written Request of the City, an amount shall be deposited to the Rebate Fund by the Trustee from any Rental Payments legally available for such purpose (as specified by the Authority or the City in the aforesaid Written Request), if and to the extent required, so that the balance in the Rebate Fund shall equal the amount of Rebatable Arbitrage so calculated in accordance with clause (i) of this subsection (a). In the event that immediately following the transfer required by the previous sentence, the amount then on deposit to the credit of the Rebate Fund exceeds the amount required to be on deposit therein, upon Written Request of the Authority or

Written Request of the City, the Trustee shall withdraw the excess from the Rebate Fund and then credit the excess to the Base Rental Payment Fund.

(iii) Payment to the Treasury. The Trustee shall pay, as directed by Written Request of the Authority, to the United States Treasury, out of amounts in the Rebate Fund:

(1) Not later than 60 days after the end of: (X) the fifth Bond Year; and (Y) each applicable fifth Bond Year thereafter, an amount equal to at least 90% of the Rebatable Arbitrage calculated as of the end of such Bond Year; and

(2) Not later than 60 days after the payment of all of the Bonds, an amount equal to 100% of the Rebatable Arbitrage calculated as of the end of such applicable Bond Year, and any income attributable to the Rebatable Arbitrage, computed in accordance with Section 148(f) of the Code and Section 1.148-3 of the Treasury Regulations.

In the event that, prior to the time of any payment required to be made from the Rebate Fund, the amount in the Rebate Fund is not sufficient to make such payment when such payment is due, the Authority shall calculate or cause to be calculated the amount of such deficiency and deposit an amount received from any legally available source equal to such deficiency prior to the time such payment is due. Each payment required to be made pursuant to this subsection (a) shall be made to the Internal Revenue Service Center, Ogden, Utah 84201 on or before the date on which such payment is due, and shall be accompanied by Internal Revenue Service Form 8038-T (prepared by the Authority), or shall be made in such other manner as provided under the Code.

(b) Disposition of Unexpended Funds. Any funds remaining in the Rebate Fund after redemption and payment of the Series 2025A Bonds and the payments described in subsection (a) above being made may be withdrawn by the Authority and utilized in any manner by the Authority.

(c) Survival of Defeasance. Notwithstanding anything in this Section to the contrary, the obligation to comply with the requirements of this Section shall survive the defeasance or payment in full of the Series 2025A Bonds.

Section 5.07 Investment of Moneys. Except as otherwise provided herein, all moneys in any of the funds or accounts established pursuant to this Indenture and held by the Trustee shall be invested by the Trustee solely in Permitted Investments, as directed in writing by the Authority filed with the Trustee at least two Business Days in advance of the making of such investments. Moneys in all funds and accounts held by the Trustee shall be invested in Permitted Investments maturing not later than the date on which it is estimated that such moneys will be required for the purposes specified in this Indenture. Absent timely written direction from the Authority, the Trustee shall hold any funds held by it uninvested. The Trustee may conclusively rely upon the Authority's written instructions as to both the suitability and legality of the directed investments and such written direction shall be deemed to be a certification that such directed investments constitute Permitted Investments.

Subject to the provisions of Section 5.06 hereof, all interest, profits and other income received from the investment of moneys in any fund or account established pursuant to this Indenture shall be retained therein.

Permitted Investments acquired as an investment of moneys in any fund established under this Indenture shall be credited to such fund. For the purpose of determining the amount in any fund, all Permitted Investments credited to such fund shall be valued by the Trustee at the fair market value thereof, such valuation to be performed not less frequently than semiannually on or before each April 15 and October 15. In determining fair market value, the Trustee may use and rely conclusively on any generally recognized securities pricing service available to it (including brokers and dealers in securities).

The Trustee may act as principal or agent in the making or disposing of any investment. Upon the Written Request of the Authority, the Trustee shall sell or present for redemption any Permitted Investments so purchased whenever it shall be necessary to provide moneys to meet any required payment, transfer, withdrawal or disbursement from the fund to which such Permitted Investments is credited, and the Trustee shall not be liable or responsible for any loss resulting from any investment made or sold pursuant to this Section. For purposes of investment, the Trustee may commingle moneys in any of the funds and accounts established hereunder.

The Trustee may make any investments hereunder through the bond or investment department or trust investment department of the entity acting as Trustee hereunder, or those of such entity's parent or any affiliate, and such entity, or its parent or affiliate, as applicable, shall be entitled to its normal, customary and reasonable compensation for such services.

The entity acting as Trustee hereunder, or any of its affiliates, may act as sponsor, advisor or manager in connection with any investments made by the Trustee hereunder and such entity, or its affiliate, as applicable, shall be entitled to its normal, customary and reasonable compensation for such services.

The Authority and the City acknowledge that, to the extent regulations of the Comptroller of the Currency or other applicable regulatory entity grant the Authority and the City the right to receive brokerage confirmations of security transactions as they occur, at no additional cost, the Authority and the City specifically waive receipt of such confirmations to the extent permitted by law.

The Trustee shall furnish the City periodic cash transaction statements which include detail for all investment transactions effected by the Trustee or brokers selected by the City. Upon the City's election, such statements will be delivered via the Trustee's online service and upon electing such service, paper statements will be provided only upon request. The City waives the right to receive brokerage confirmations of security transactions effected by the Trustee as they occur, which brokerage confirmations are at no additional cost, to the extent permitted by law. The City and the Authority further understand that trade confirmations for securities transactions effected by the Trustee will be available upon request and at no additional cost and other trade confirmations may be obtained from the applicable broker.

Section 5.08 Payment Procedure Under the Insurance Policy. **[To Come]**

ARTICLE VI

COVENANTS

Section 6.01 Compliance with Agreements. The Trustee will not authenticate or deliver any Bonds in any manner other than in accordance with the provisions hereof, and the Authority and

the City will not suffer or permit any default by them to occur hereunder, but will faithfully comply with, keep, observe and perform all the agreements, conditions, covenants and terms hereof required to be complied with, kept, observed and performed by them.

Section 6.02 Compliance with Ground Lease and Lease Agreement. The Authority and the City will faithfully comply with, keep, observe and perform all the agreements, conditions, covenants and terms contained in the Ground Lease and the Lease Agreement required to be complied with, kept, observed and performed by them and, together with the Trustee, will enforce the Ground Lease and the Lease Agreement against the other party thereto in accordance with their respective terms.

Section 6.03 Observance of Laws and Regulations. The Authority, the City and the Trustee will faithfully comply with, keep, observe and perform all valid and lawful obligations or regulations now or hereafter imposed on them by contract, or prescribed by any law of the United States of America or of the State of California, or by any officer, board or commission having jurisdiction or control, as a condition of the continued enjoyment of each and every franchise, right or privilege now owned or hereafter acquired by them, including their right to exist and carry on their respective businesses, to the end that such franchises, rights and privileges shall be maintained and preserved and shall not become abandoned, forfeited or in any manner impaired.

Section 6.04 Other Liens. The City will keep the Property and all parts thereof free from judgments and materialmen's and mechanics' liens and free from all claims, demands, encumbrances and other liens of whatever nature or character, and free from any claim or liability which materially impairs the City in conducting its business or utilizing the Property, and the Trustee at its option (after first giving the City ten days' written notice to comply therewith and failure of the City to so comply within such ten-day period) may, but is in no event obligated to, defend against any and all actions or proceedings, or may pay or compromise any claim or demand asserted in any such actions or proceedings; provided, however, that, in defending against any such actions or proceedings or in paying or compromising any such claims or demands, the Trustee shall not in any event be deemed to have waived or released the City from liability for or on account of any of its agreements and covenants contained herein, or from its liability hereunder and to perform such agreements and covenants.

So long as any Bonds are Outstanding, none of the Trustee, the Authority or the City shall create or suffer to be created any pledge of or lien the amounts on deposit in any of the funds or accounts created hereunder, other than the pledge and lien hereof.

The Authority, the City and the Trustee shall not encumber the Property other than in accordance with the Ground Lease, the Lease Agreement, the Indenture and the Assignment Agreement.

Section 6.05 Prosecution and Defense of Suits. The City will promptly, upon request of the Trustee (which request the Trustee is not required to make), take such action from time to time as may be necessary or proper to remedy or cure any cloud upon or defect in the title to the Property or any part thereof, whether now existing or hereafter developing, will prosecute all actions, suits or other proceedings as may be appropriate for such purpose and will indemnify and save the Trustee harmless from all cost, damage, expense or loss, including attorneys' fees and expenses, which it or the Owners may incur by reason of any such cloud, defect, action, suit or other proceeding.

Section 6.06 Accounting Records and Statements. The Trustee will keep proper accounting records in which complete and correct entries shall be made of all transactions made by the Trustee relating to the receipt, deposit and disbursement of the Base Rental Payments, and such accounting records shall be available for inspection by the Authority and the City at reasonable hours and under reasonable conditions upon reasonable prior notice.

Section 6.07 Recordation and Filing. The City will record, or cause to be recorded, with the appropriate county recorder, the Lease Agreement, the Ground Lease and the Assignment Agreement, or memoranda thereof.

Section 6.08 Tax Covenants. Notwithstanding any other provision of the Indenture, absent an Opinion of Counsel that the exclusion from gross income of the interest on the Series 2025A Bonds will not be adversely affected for federal income tax purposes, the City and the Authority covenant to comply with all applicable requirements of the Code necessary to preserve such exclusion from gross income with respect to the Series 2025A Bonds and specifically covenant, without limiting the generality of the foregoing, as follows:

(a) Private Activity. The City and the Authority will not take any action or refrain from taking any action or make any use of the proceeds of the Series 2025A Bonds or of any other moneys or property which would cause the Series 2025A Bonds to be "private activity bonds" within the meaning of Section 141 of the Code;

(b) Arbitrage. The City and the Authority will make no use of the proceeds of the Series 2025A Bonds or of any other amounts or property, regardless of the source, and will not take any action or refrain from taking any action which would cause the Series 2025A Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code;

(c) Federal Guarantee. The City and the Authority will make no use of the proceeds of the Series 2025A Bonds and will not take or omit to take any action that would cause the Series 2025A Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code;

(d) Information Reporting. The City and the Authority will take or cause to be taken all necessary action to comply with the informational reporting requirement of Section 149(e) of the Code necessary to preserve the exclusion of interest on the Series 2025A Bonds pursuant to Section 103(a) of the Code;

(e) Hedge Bonds. The City and the Authority will make no use of the proceeds of the Series 2025A Bonds or any other amounts or property, regardless of the source, and will not take any action or refrain from taking any action that would cause the Series 2025A Bonds to be considered "hedge bonds" within the meaning of Section 149(g) of the Code unless the City and the Authority take all necessary action to assure compliance with the requirements of Section 149(g) of the Code to maintain the exclusion from gross income of interest on the Series 2025A Bonds for federal income tax purposes; and

(f) Miscellaneous. The City and the Authority will not take any action or refrain from taking any action inconsistent with its expectations stated in the Tax Certificate and will comply with the covenants and requirements stated therein and incorporated by reference herein.

This Section and the covenants set forth herein shall not be applicable to, and nothing contained herein shall be deemed to prevent the City and the Authority from causing the Trustee to issue revenue bonds or to execute and deliver contracts payable on a parity with the Series 2025A Bonds, the interest with respect to which has been determined by an Opinion of Counsel to be subject to federal income taxation.

Section 6.09 Continuing Disclosure. The City will comply with and carry out all of the provisions of the Continuing Disclosure Agreement. Notwithstanding any other provision of this Indenture, failure of the City to comply with the Continuing Disclosure Agreement shall not constitute an event of default hereunder; provided, however, that the Trustee may (and, at the written direction of any Participating Underwriter or the holders of at least 25% of the aggregate principal amount of Outstanding Bonds, and upon being indemnified to its reasonable satisfaction therefor, shall) or any Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate to compel performance, including seeking mandate or specific performance by court order.

Section 6.10 Further Assurances. Whenever and so often as requested to do so by the Trustee, the Authority and the City will promptly execute and deliver or cause to be executed and delivered all such other and further assurances, documents or instruments and promptly do or cause to be done all such other and further things as may be necessary or reasonably required in order to further and more fully vest in the Trustee all advantages, benefits, interests, powers, privileges and rights conferred or intended to be conferred upon it hereby or by the Assignment Agreement, the Ground Lease or the Lease Agreement.

ARTICLE VII

DEFAULT AND LIMITATIONS OF LIABILITY

Section 7.01 Action on Default. If an event of default (within the meaning of Article VII of the Lease Agreement) shall happen, then such event of default shall constitute an event of default hereunder. The Trustee, as assignee of the Authority, shall give notice of an event of default under the Lease Agreement to the City. In each and every case during the continuance of an event of default, the Trustee may and, at the direction of the Owners of not less than a majority of the aggregate principal amount of Bonds then Outstanding, and upon being indemnified to its reasonable satisfaction therefor, shall, upon notice in writing to the City and the Authority, exercise any of the remedies granted to the Authority under the Lease Agreement and, in addition, take whatever action at law or in equity may appear necessary or desirable to enforce its rights as assignee pursuant to the Assignment Agreement or to protect and enforce any of the rights vested in the Trustee or the Owners by this Indenture or by the Bonds, either at law or in equity or in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreement or for the enforcement of any other legal or equitable right, including any one or more of the remedies set forth in Section 7.02 hereof.

Section 7.02 Other Remedies of the Trustee. Subject to the provisions of Section 7.01 hereof, the Trustee shall have the right:

(a) by mandamus or other action or proceeding or suit at law or in equity to enforce its rights against the Authority or the City or any member, director, officer or employee thereof, and to compel the Authority or the City or any such member, director, officer or employee to

perform or carry out its or his or her duties under law and the agreements and covenants required to be performed by it or him or her contained herein;

(b) by suit in equity to enjoin any acts or things which are unlawful or violate the rights of the Trustee; or

(c) by suit in equity upon the happening of any event of default hereunder to require the Authority and the City to account as the trustee of an express trust.

Nothing herein shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Owner any plan of reorganization, arrangement, adjustment or composition affecting the Bonds or the rights of any Owner thereof, or to authorize the Trustee to vote in respect of the claim of any Owner in any such proceeding without the approval of the Owners so affected.

Notwithstanding any provision of this Indenture to the contrary, no event of default hereunder or under the Lease Agreement by the Authority or the City shall result in the acceleration of debt service on the Bonds hereunder.

Section 7.03 Non-Waiver. A waiver of any default or breach of duty or contract by the Trustee shall not affect any subsequent default or breach of duty or contract or impair any rights or remedies on any such subsequent default or breach of duty or contract. No delay or omission by the Trustee to exercise any right or remedy accruing upon any default or breach of duty or contract shall impair any such right or remedy or shall be construed to be a waiver of any such default or breach of duty or contract or an acquiescence therein, and every right or remedy conferred upon the Trustee by law or by this Article may be enforced and exercised from time to time and as often the Trustee shall deem expedient.

If any action, proceeding or suit to enforce any right or to exercise any remedy is abandoned or determined adversely to the Trustee or any Owner, then subject to any adverse determination, the Trustee, such Owner, the Authority and the City shall be restored to their former positions, rights and remedies as if such action, proceeding or suit had not been brought or taken.

Section 7.04 Remedies Not Exclusive. Subject to the provisions of Section 7.01 hereof, no remedy herein conferred upon or reserved to the Trustee is intended to be exclusive of any other remedy, and each such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing in law or in equity or by statute or otherwise and may be exercised without exhausting and without regard to any other remedy conferred by any law. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 7.05 No Liability by the Authority to the Owners. Except as expressly provided herein, the Authority shall not have any obligation or liability to the Owners with respect to the payment when due of the Base Rental Payments by the City, or with respect to the performance by the City of the other agreements and covenants required to be performed by it contained in the Lease Agreement or herein, or with respect to the performance by the Trustee of any right or obligation required to be performed by it contained herein.

Section 7.06 No Liability by the City to the Owners. Except for the payment when due of the Base Rental Payments and the performance of the other agreements and covenants required to

be performed by it contained in the Lease Agreement, the Ground Lease or herein, the City shall not have any obligation or liability to the Owners with respect to this Indenture or the preparation, execution, delivery or transfer of the Bonds or the disbursement of the Base Rental Payments by the Trustee to the Owners, or with respect to the performance by the Trustee of any right or obligation required to be performed by it contained herein.

Section 7.07 No Liability of the Trustee to the Owners. Except as expressly provided herein, the Trustee shall not have any obligation or liability to the Owners with respect to the payment when due of the Base Rental Payments by the City, or with respect to the performance by the Authority or the City of the other agreements and covenants required to be performed by them contained in the Lease Agreement, the Ground Lease or herein.

Section 7.08 Application of Amounts After Default. All payments received by the Trustee with respect to the rental of the Property after a default by the City pursuant to Article VII of the Lease Agreement (including, without limitation, any proceeds received in connection with the sale, assignment or sublease of the Authority's right, title and interest in the Ground Lease), and all damages or other payments received by the Trustee for the enforcement of any rights and powers of the Trustee under Article VII of the Lease Agreement, shall be deposited into the Base Rental Payment Fund and as soon as practicable thereafter applied, together with all other funds held hereunder (except funds in the Rebate Fund):

(a) to the payment of all amounts due the Trustee under Article VIII hereof;

(b) to the payment of all amounts then due for interest on the Bonds, in respect of which, or for the benefit of which, money has been collected (other than Bonds which have become payable-prior to such event of default and money for the payment of which is held by the Trustee), ratably without preference or priority of any kind, according to the amounts of interest on such Bonds due and payable;

(c) to the payment of all amounts then due for principal of the Bonds, in respect of which, or for the benefit of which, money has been collected (other than Bonds which have become payable prior to such event of default and money for the payment of which is held by the Trustee), ratably without preference or priority of any kind, according to the amounts of principal of such Bonds due and payable; and

(d) to the extent Policy Costs or Insurer Reimbursement Amounts are due and payable to the Insurer, to the payment of such amounts.

Section 7.09 Trustee May Enforce Claims Without Possession of Bonds. All rights of action and claims under this Indenture or the Bonds may be prosecuted and enforced by the Trustee without the possession of any of the Bonds or the production thereof in any proceeding relating thereto, and any such proceeding instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment shall, after provision for the payment of the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, be for the ratable benefit of the Owners in respect of which such judgment has been recovered.

Section 7.10 Limitation on Suits. No Owner of any Bond shall have any right to institute any proceeding, judicial or otherwise, with respect to this Indenture, or for the appointment of a

receiver or Trustee, or for any other remedy hereunder, unless (a) such Owner shall have previously given written notice to the Trustee of a continuing event of default, (b) the Owners of not less than 25% of the aggregate principal amount of Bonds then Outstanding shall have made written request to the Trustee to institute proceedings in respect of such event of default in its own name as Trustee hereunder, (c) such Owner or Owners shall have afforded to the Trustee indemnity reasonably satisfactory to the Trustee against the costs, expenses and liabilities to be incurred in compliance with such request, (d) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity shall have failed to institute any such proceedings, and (e) no direction inconsistent with such written request shall have been given to the Trustee during such 60 day period by the Owners of a majority of the aggregate principal amount of Bonds then Outstanding; it being understood and intended that no one or more Owners shall have any right in any manner whatever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other Owner, or to obtain or seek to obtain priority or preference over any other Owner or to enforce any right under this Indenture, except in the manner herein provided and for the equal and ratable benefit of all the Owners.

Section 7.11 [Insurer Rights.] [To Come]

ARTICLE VIII

THE TRUSTEE

Section 8.01 Employment of the Trustee. The Authority hereby appoints and employs the Trustee to receive, deposit and disburse the Base Rental Payments, to authenticate, deliver and transfer the Bonds and to perform the other functions contained herein, all in the manner provided herein and subject to the conditions and terms hereof. By executing and delivering this Indenture, the Trustee accepts the appointment and employment hereinabove referred to and accepts the rights and obligations of the Trustee provided herein, subject to the conditions and terms hereof. Other than when an event of default has occurred and is continuing, the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Trustee. In case an event of default has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of his own affairs. The Trustee hereby covenants and agrees that it will not encumber the Property other than in accordance with this Indenture or the Assignment Agreement.

Section 8.02 Duties, Removal and Resignation of the Trustee. The Authority may, by an instrument in writing, remove the Trustee initially a party hereto and any successor thereto unless an event of default shall have occurred and then be continuing, and shall remove the Trustee initially a party hereto and any successor thereto if at any time (a) requested to do so by an instrument or concurrent instruments in writing signed by the Owners of a majority of the aggregate principal amount of Bonds at the time Outstanding (or their attorneys duly authorized in writing), or (b) the Trustee shall cease to be eligible in accordance with the following sentence, and shall appoint a successor Trustee. The Trustee and any successor Trustee shall be (A) a national banking association that is supervised by the Office of the Comptroller of the Currency and has at least $250 million of assets, (B) a state-chartered commercial bank that is a member of the Federal Reserve System and has at least $1 billion of assets, or (C) otherwise approved by the Insurer in writing. If such national banking association or state-chartered commercial bank publishes a report of condition at least

annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then for the purposes of this Section the combined capital and surplus of such national banking association or state-chartered commercial bank shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published.

The Trustee may at any time resign and be discharged from its duties and obligations hereunder at any time by giving written notice of such resignation to the Authority and the City and by giving notice, by first class mail, postage prepaid, of such resignation to the Owners at their addresses appearing on the Registration Books. Upon receiving such notice of resignation, the Authority shall promptly appoint a successor Trustee by an instrument in writing; provided, however, that in the event the Authority does not appoint a successor Trustee within 30 days following receipt of such notice of resignation, the resigning Trustee may, at the expense of the Authority, petition the appropriate court having jurisdiction to appoint a successor Trustee. Any resignation or removal of a Trustee and appointment of a successor Trustee shall become effective only upon acceptance of appointment by the successor Trustee and the Insurer shall receive prior written notice of any name change of the Trustee.

Notwithstanding the foregoing, no removal, resignation or termination of the Trustee shall take effect until a successor, meeting the requirements above or acceptable to the Insurer, shall be qualified and appointed.

Any corporation, association or agency into which the Trustee may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its corporate trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party, provided that such entity meets the combined capital and surplus requirements of this Section, ipso facto, shall be and become successor trustee under this Indenture and vested with all the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

Section 8.03 Compensation of the Trustee. The City shall from time to time, subject to any written agreement then in effect with the Trustee, pay the Trustee reasonable compensation for all its services rendered hereunder and reimburse the Trustee for all its reasonable advances and expenditures (which shall not include "overhead expenses" except as such expenses are included as a component of the Trustee's stated annual fees) hereunder, including but not limited to advances to and reasonable fees and reasonable expenses of accountants, agents, appraisers, consultants or other experts, and counsel not directly employed by the Trustee but an attorney or firm of attorneys retained by the Trustee, employed by it in the exercise and performance of its rights and obligations hereunder. The Trustee may take whatever legal actions are lawfully available to it directly against the Authority or the City.

The City shall, to the extent permitted by law, indemnify and save the Trustee harmless against any liabilities, costs, claims or expenses, including those of its attorneys, which it may incur in the exercise and performance of its powers and duties hereunder, under the Lease Agreement, or in connection with any document or transaction contemplated hereunder or thereunder, including the enforcement of any remedies and the defense of any suit, and which are not due to its negligence or its willful misconduct, as finally adjudicated by a court of competent jurisdiction. The duty of the

City to compensate and indemnify the Trustee shall survive the termination and discharge of this Indenture and the earlier removal or resignation of the Trustee.

No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers hereunder.

Upon an event of default hereunder, and only upon an event of default, the Trustee shall have a first lien with right of payment prior to payment on account of principal of and premium, if any, and interest on any Bond, upon the trust estate for the foregoing fees, charges and expenses incurred by it. When the Trustee incurs expenses or renders services after the occurrence of an event of default, such expenses and the compensation for such services are intended to constitute expenses of administration under any federal or state bankruptcy, insolvency, arrangement, moratorium, reorganization or other debtor relief law.

Section 8.04 Protection of the Trustee. The Trustee shall be protected and shall incur no liability in acting or proceeding in good faith upon any affidavit, bond, certificate, consent, notice, request, requisition, resolution, statement, telegram, voucher, waiver or other paper or document which it shall in good faith believe to be genuine and to have been adopted, executed or delivered by the proper party or pursuant to any of the provisions hereof, and the Trustee shall be under no duty to make any investigation or inquiry as to any statements contained or matters referred to in any such instrument, but may accept and rely upon the same as conclusive evidence of the truth and accuracy of such statements. The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Owners of the Bonds pursuant to this Indenture, unless such Owners shall have offered to the Trustee security or indemnity, reasonably satisfactory to the Trustee, against the reasonable costs, expenses and liabilities which might be incurred by it in compliance with such request or direction. The Trustee may consult with counsel, who may be counsel to the Authority or the City, with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect to any action taken or suffered by it hereunder in good faith in accordance therewith.

The Trustee shall not be responsible for the sufficiency of the Bonds or the Lease Agreement, or of the assignment made to it by the Assignment Agreement, or for statements made in any preliminary or final official statement relating to the Bonds, or of the title to the Property.

Whenever in the administration of its rights and obligations hereunder the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a Written Certificate of the City or a Written Certificate of the Authority, and such certificate shall be full warrant to the Trustee for any action taken or suffered under the provisions hereof upon the faith thereof, but in its discretion the Trustee may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as it deems reasonable.

The Trustee may buy, sell, own, hold and deal in any of the Bonds and may join in any action which any Owner may be entitled to take with like effect as if the Trustee were not a party hereto, The Trustee, either as principal or agent, may also engage in or be interested in any financial or other transaction with the Authority or the City, and may act as agent, depository or trustee for any

committee or body of Owners or of owners of obligations of the Authority or the City as freely as if it were not the Trustee hereunder.

The Trustee may, to the extent reasonably necessary, execute any of the trusts or powers hereof and perform any rights and obligations required of it hereunder by or through agents, attorneys or receivers, and shall be entitled to advice of counsel concerning all matters of trust and its rights and obligations hereunder, and the Trustee shall not be answerable for the negligence or misconduct of any such agent, attorney or receiver selected by it with reasonable care; provided, however, that in the event of any negligence or misconduct of any such attorney, agent or receiver, the Trustee shall in a commercially reasonable manner pursue all remedies of the Trustee against such agent, attorney or receiver. The Trustee shall not be liable for any error of judgment made by it in good faith unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts.

The Trustee shall not be answerable for the exercise of any trusts or powers hereunder or for anything whatsoever in connection with the funds established hereunder, except only for its own willful misconduct, negligence or breach of an obligation hereunder.

The Trustee shall not be deemed to have knowledge of an event of default unless it has actual knowledge thereof.

The Trustee may, on behalf of the Owners, intervene in any judicial proceeding to which the Authority or the City is a party and which, in the opinion of the Trustee and its counsel, affects the Bonds or the security therefor, and shall do so if requested in writing by the Owners of at least 5% of the aggregate principal amount of Bonds then Outstanding, provided the Trustee shall have no duty to take such action unless it has been indemnified to its reasonable satisfaction against all risk or liability arising from such action.

The Trustee's rights to immunities and protection from liability hereunder and its rights to payment of its fees and expenses shall survive its resignation or removal and final payment or defeasance of the Bonds.

All indemnifications and releases from liability granted herein to the Trustee shall extend to the directors, officers, employees and agents of the Trustee.

The permissive right of the Trustee to do things enumerated in this Indenture shall not be construed as a duty, and the Trustee shall not be answerable for other than its negligence or willful default. The Trustee shall have no responsibility or liability with respect to any information, statements or recitals in any offering memorandum or other disclosure material prepared or distributed with respect to the issuance of these Bonds. The Trustee shall not be accountable for the use or application by the City or the Authority of any of the Bonds or the proceeds thereof or for the use or application of any money paid over by the Trustee in accordance with the provisions of this Indenture or for the use and application of money received by any paying agent.

In no event shall the Trustee be responsible or liable for special, indirect, consequential, punitive or incidental loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action.

In no event shall the Trustee be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, pandemics, epidemics, recognized public emergencies, quarantine restrictions, nuclear or natural catastrophes or acts of God, interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services, and hacking, cyber-attacks, or other use or infiltration of the Trustee's technological infrastructure exceeding authorized access; it being understood that the Trustee shall use reasonable efforts that are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

The Trustee shall have the right to accept and act upon instructions, including funds transfer instructions ("Instructions") given pursuant to this Indenture and delivered using Electronic Means ("Electronic Means" shall mean the following communications methods: e-mail, facsimile transmission, secure electronic transmission containing applicable authorization codes, passwords and/or authentication keys issued by the Trustee, or another method or system specified by the Trustee as available for use in connection with its services hereunder); provided, however, that the Authority and City shall provide to the Trustee an incumbency certificate listing officers with the authority to provide such Instructions ("Authorized Officers") and containing specimen signatures of such Authorized Officers, which incumbency certificate shall be amended by the Authority and City whenever a person is to be added or deleted from the listing. If the Authority and City elect to give the Trustee Instructions using Electronic Means and the Trustee in its discretion elects to act upon such Instructions, the Trustee's understanding of such Instructions shall be deemed controlling. The Authority and City understand and agree that the Trustee cannot determine the identity of the actual sender of such Instructions and that the Trustee shall conclusively presume that directions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Trustee have been sent by such Authorized Officer. The Authority and City shall be responsible for ensuring that only Authorized Officers transmit such Instructions to the Trustee and that the Authority and City and all Authorized Officers are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the Authority and City. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee's reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction. The Authority and City agree: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Trustee, including without limitation the risk of the Trustee acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Trustee and that there may be more secure methods of transmitting Instructions than the method(s) selected by the Authority and City; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Trustee immediately upon learning of any compromise or unauthorized use of the security procedures.

The Trustee shall not be liable to the parties hereto or deemed in breach or default hereunder if and to the extent its performance hereunder is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the Trustee and could not have been avoided by exercising due care. Force majeure shall include but not be limited to acts of God, terrorism, war, riots, strikes, fire, floods, earthquakes, epidemics or other similar occurrences.

In acting or omitting to act pursuant to the Lease Agreement or Ground Lease, the Trustee shall be entitled to all of the rights, immunities and indemnities accorded to it under this Indenture and the Lease Agreement, including, but not limited to, this Article VIII.

Section 8.05 Notice to Insurer by Trustee. The Trustee shall notify the Insurer of any failure of the Authority to provide notices, certificates and other information under the transaction documents of which the Trustee has actual or deemed knowledge pursuant to Section 8.04 hereof.

ARTICLE IX

MODIFICATION OR AMENDMENTS

Section 9.01 Modifications and Amendments Permitted.

(a) This Indenture and the rights and obligations of the Authority, the City, the Owners of the Bonds and the Trustee may be modified or amended from time to time and at any time by a Supplemental Indenture, which the Authority, the City and the Trustee may enter into with the written consent of the Owners of a majority in aggregate principal amount of Bonds then Outstanding and the written consent of the Insurer, so long as the Insurer is not in default on any obligation under the Insurance Policy, which shall have been filed with the Trustee. No such modification or amendment shall (i) extend the fixed maturity of any Bonds, or reduce the amount of principal thereof or the rate of interest thereon, or extend the time of payment, without the consent of the Owner of each Bond so affected, or (ii) eliminate the aforesaid consent of the Insurer or reduce the aforesaid percentage of Bonds the consent of the Owners of which is required to effect any such modification or amendment, or (iii) permit the creation of any lien on the Base Rental Payments and other assets pledged under this Indenture prior to or on a parity with the lien created by this Indenture or deprive the Owners of the Bonds of the lien created by this Indenture on such Base Rental Payments and other assets (except as expressly provided in this Indenture), without the consent of the Owners of all of the Bonds then Outstanding, or (iv) amend this subsection (a). It shall not be necessary for the consent of the Bond Owners to approve the particular form of any Supplemental Indenture, but it shall be sufficient if such consent shall approve the substance thereof.

(b) This Indenture and the rights and obligations of the Authority, the City, the Trustee, and the Owners of the Bonds may also be modified or amended from time to time and at any time by a Supplemental Indenture, which the Authority, the City and the Trustee may enter into without the consent of any Bond Owners or the Insurer for any one or more of the following purposes:

(i) to add to the covenants and agreements of the Authority or the City in this Indenture contained other covenants and agreements thereafter to be observed, to pledge or assign additional security for the Bonds (or any portion thereof), or to surrender any right or power herein reserved to or conferred upon the Authority or the City;

(ii) to make such provisions for the purpose of curing any ambiguity, inconsistency or omission, or of curing or correcting any defective provision contained in this Indenture;

(iii) to provide for the issuance of one or more Series of Additional Bonds, and to provide the terms and conditions under which such Series of Additional Bonds may be issued, subject to and in accordance with the provisions of Article III hereof;

(iv) to modify, amend or supplement this Indenture in such manner as to permit the qualification hereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute;

(v) to modify, amend or supplement this Indenture in such manner as to cause interest on the Series 2025A Bonds and Additional Bonds issued on a tax-exempt basis to be excludable from gross income for purposes of federal income taxation by the United States of America;

(vi) to grant or confer upon the Owners of the Bonds any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Owners of the Bonds;

(vii) to add to the conditions, limitations and restrictions on the issuance of Bonds under the provisions of this Indenture other conditions, limitations and restrictions thereafter to be observed; and

(viii) in any other respect whatsoever as the Authority and the City may deem necessary or desirable, provided that such modification or amendment does not materially adversely affect the interests of the Bond Owners hereunder.

(c) Promptly after the execution by the Authority, the City and the Trustee of any Supplemental Indenture, the Trustee shall mail a notice (the form of which shall be furnished to the Trustee by the Authority), by first class mail postage prepaid, setting forth in general terms the substance of such Supplemental Indenture, to the Owners of the Bonds at the respective addresses shown on the Registration Books. Any failure to give such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such Supplemental Indenture.

(d) No Supplemental Indenture shall modify any of the rights or obligations of the Trustee without its prior written consent.

Section 9.02 Effect of Supplemental Indenture. Upon the execution of any Supplemental Indenture pursuant to this Article, this Indenture shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under this Indenture of the Authority, the City, the Trustee and all Owners of Bonds Outstanding shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modification and amendment, and all the terms and conditions of any such Supplemental Indenture shall be deemed to be part of the terms and conditions of this Indenture for any and all purposes.

Section 9.03 Endorsement of Bonds; Preparation of New Bonds. Bonds delivered after the execution of any Supplemental Indenture pursuant to this Article may, and if the Authority so determines shall, bear a notation by endorsement or otherwise in form approved by the Authority as to any modification or amendment provided for in such Supplemental Indenture, and, in that case, upon demand of the Owner of any Bonds Outstanding at the time of such execution and presentation

of his Bonds for the purpose at the Office of the Trustee a suitable notation shall be made on such Bonds. If the Supplemental Indenture shall so provide, new Bonds so modified as to conform, in the opinion of the Authority, to any modification or amendment contained in such Supplemental Indenture, shall be prepared and executed by the Authority and authenticated by the Trustee, and upon demand of the Owners of any Bonds then Outstanding shall be exchanged at the Office of the Trustee, without cost to any Bond Owner, for Bonds then Outstanding, upon surrender for cancellation of such Bonds, in equal aggregate principal amount of the same interest rate and maturity.

Section 9.04 Amendment of Particular Bonds. The provisions of this Article shall not prevent any Bond Owner from accepting any amendment as to the particular Bonds held by such Owner.

Section 9.05 Execution of Supplemental Indentures. In executing, or accepting the additional trusts created by, any supplemental indenture permitted by this Article or the modification thereby of the trusts created by this Indenture, the Trustee shall be provided, and shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental indenture is authorized or permitted by this Indenture and complies with the terms hereof. The Trustee may, but shall not be obligated to, enter into any such supplemental indenture which affects the Trustee's own rights, duties or immunities under this Indenture or otherwise.

ARTICLE X

DEFEASANCE

Section 10.01 Discharge of Indenture. If the Authority shall pay or cause to be paid or there shall otherwise be paid to the Owners of all Outstanding Bonds the principal thereof and the interest and premium, if any, thereon at the times and in the manner stipulated herein and therein, then the Owners of such Bonds shall cease to be entitled to the pledge of the Base Rental Payments and the other assets as provided herein, and all agreements, covenants and other obligations of the Authority and the City to the Owners of such Bonds hereunder shall thereupon cease, terminate and become void and be discharged and satisfied. In such event, the Trustee shall execute and deliver to the Authority and the City all such instruments as may be necessary or desirable to evidence such discharge and satisfaction, and the Trustee shall pay over or deliver to the City all money or securities held by it pursuant hereto which are not required for the payment of the principal of and interest and premium, if any, on such Bonds.

Subject to the provisions of the above paragraph, when any of the Bonds shall have been paid and if, at the time of such payment, the Authority and the City shall have kept, performed and observed all of the covenants and promises in such Bonds and in this Indenture required or contemplated to be kept, performed and observed by them on or prior to that time, then this Indenture shall be considered to have been discharged in respect of such Bonds and such Bonds shall cease to be entitled to the lien of this Indenture and such lien and all covenants, agreements and other obligations of the Authority and the City hereunder shall cease, terminate become void and be completely discharged as to such Bonds.

Notwithstanding the satisfaction and discharge of this Indenture or the discharge of this Indenture in respect of any Bonds, those provisions of this Indenture relating to the maturity of the Bonds, interest payments and dates thereof, exchange and transfer of Bonds, replacement of

mutilated, destroyed, lost or stolen Bonds, the safekeeping and cancellation of Bonds, non-presentment of Bonds, and the duties of the Trustee in connection with all of the foregoing, shall remain in effect and shall be binding upon the Trustee and the Owners of the Bonds and the Trustee shall continue to be obligated to hold in trust any moneys or investments then held by the Trustee for the payment of the principal of and interest and premium, if any, on the Bonds, to pay to the Owners of Bonds the funds so held by the Trustee as and when such payment becomes due. Notwithstanding the satisfaction and discharge of this Indenture or the discharge of this Indenture in respect of any Bonds, those provisions of this Indenture relating to the compensation and indemnity of the Trustee shall remain in effect and shall be binding upon the Trustee, the City and the Authority.

Section 10.02 Bonds Deemed To Have Been Paid. If moneys shall have been set aside and held by the Trustee for the payment or redemption of any Bonds and the interest thereon at the maturity or redemption date thereof, such Bonds shall be deemed to have been paid within the meaning and with the effect provided in Section 10.01 hereof. Any Outstanding Bonds shall prior to the maturity date or redemption date thereof be deemed to have been paid within the meaning of and with the effect expressed in Section 10.01 hereof if (a) in case any of such Bonds are to be redeemed on any date prior to their maturity date, the Authority shall have given to the Trustee in form satisfactory to it irrevocable instructions to give, on a date in accordance with the provisions of Section 4.02 hereof, notice of redemption of such Bonds on said redemption date, said notice to be given in accordance with Section 4.02 hereof, (b) there shall have been deposited with the Trustee either (i) money in an amount which shall be sufficient, or (ii) Federal Securities that are not subject to redemption other than at the option of the holder thereof, the interest on and principal of which when paid will provide money which, together with the money, if any deposited with the Trustee at the same time, shall, as verified by an independent certified public accountant in a report (the "Verification Report") (acceptable to the Insurer) filed with the Authority, the City, the Insurer and the Trustee, be sufficient to pay when due the interest to become due on such Bonds on and prior to the maturity date or redemption date thereof, as the case may be, and the principal of and premium, if any, on such Bonds, and (c) in the event such Bonds are not by their terms subject to redemption within the next succeeding 60 days, the Authority shall have given the Trustee in form satisfactory to it irrevocable instructions to mail as soon as practicable, a notice to the owners of such Bonds that the deposit required by clause (b) above has been made with the Trustee and that such Bonds, are deemed to have been paid in accordance with this Section and stating the maturity date or redemption date upon which money is to be available for the payment of the principal of and premium, if any, on such Bonds.

[At least three (3) Business Days prior to any defeasance with respect to the Insured Series 2025A Bonds, the Authority shall deliver to the Insurer draft copies of an escrow agreement, an opinion of Bond Counsel regarding the validity and enforceability of the escrow agreement and the defeasance of the Insured Series 2025A Bonds and a Verification Report regarding the sufficiency of the escrow fund. Such opinion and Verification Report shall be addressed to the Insurer and shall be in form and substance satisfactory to the Insurer. In addition, the escrow agreement shall provide that any substitution of securities following the execution and delivery of the escrow agreement shall require the delivery of: (I) a Verification Report; (II) an opinion of Bond Counsel that such substitution will not adversely affect the exclusion from gross income of the holders of the Insured Series 2025A Bonds of the interest on the Insured Series 2025A Bonds for federal income tax purposes; and (III) the prior written consent of the Insurer, which consent will not be unreasonably withheld.]

[This Indenture shall not be discharged with respect to the Insured Series 2025A Bonds until all Policy Costs and Insurer Reimbursement Amounts and any other amounts due to the Insurer payable pursuant to Sections 5.05(b) and 11.21 hereof have been paid. The obligation to pay such amounts shall expressly survive the payment in full of the Insured Series 2025A Bonds.]

The Series 2025A Bonds shall be deemed Outstanding under this Indenture unless and until they are in fact paid and retired or the above criteria are met.

Section 10.03 Payment of Bonds After Discharge of Indenture. Notwithstanding any provisions of this Indenture, to the extent permitted by law, any moneys held by the Trustee in trust for the payment of the principal of, or premium or interest on, any Bonds and remaining unclaimed for two years after the date of deposit of such moneys, shall be repaid to the Authority (without liability for interest) free from the trusts created by this Indenture, and all liability of the Trustee with respect to such moneys shall thereupon cease; provided, however, that before the repayment of such moneys to the Authority as aforesaid, the Trustee may (at the cost of the Authority) first mail, by first class mail postage prepaid, to the Owners of Bonds which have not yet been paid, at the respective addresses shown on the Registration Books, a notice, in such form as may be deemed appropriate by the Trustee with respect to the Bonds so payable and not presented and with respect to the provisions relating to the repayment to the Authority of the moneys held for the payment thereof.

ARTICLE XI

MISCELLANEOUS

Section 11.01 Benefits of Indenture Limited to Parties. Nothing contained herein, expressed or implied, is intended to give to any person other than the Authority, the City, the Trustee, the Insurer and the Owners any claim, remedy or right under or pursuant hereto, and any agreement, condition, covenant or term required herein to be observed or performed by or on behalf of the Authority or the City shall be for the sole and exclusive benefit of the Trustee, the Insurer and the Owners.

Section 11.02 Successor Deemed Included in all References to Predecessor. Whenever the Authority, the City or the Trustee, or any officer thereof, is named or referred to herein, such reference shall be deemed to include the successor to the powers, duties and functions that are presently vested in the Authority, the City or the Trustee, or such officer, and all agreements, conditions, covenants and terms required hereby to be observed or performed by or on behalf of the Authority, the City or the Trustee, or any officer thereof, shall bind and inure to the benefit of the respective successors thereof whether so expressed or not.

Section 11.03 Execution of Documents by Owners. Any declaration, request or other instrument which is permitted or required herein to be executed by Owners may be in one or more instruments of similar tenor and may be executed by Owners in person or by their attorneys appointed in writing. The fact and date of the execution by any Owner or his or her attorney of any declaration, request or other instrument or of any writing appointing such attorney may be proved by the certificate of any notary public or other officer authorized to take acknowledgments of deeds to be recorded in the state or territory in which he or she purports to act that the person signing such declaration, request or other instrument or writing acknowledged to him or her the execution thereof, or by an affidavit of a witness of such execution duly sworn to before such notary public or other officer, or by such other proof as the Trustee may accept which it may deem sufficient.

The ownership of any Bonds and the amount, payment date, number and date of owning the same may be proved by the Registration Books.

Any declaration, request or other instrument in writing of the Owner of any Bond shall bind all future Owners of such Bond with respect to anything done or suffered to be done by the Authority, the City or the Trustee in good faith and in accordance therewith.

Section 11.04 Waiver of Personal Liability. Notwithstanding anything contained herein to the contrary, no member, officer or employee of the Authority or the City shall be individually or personally liable for the payment of any moneys, including without limitation, the principal of or interest on the Bonds, but nothing contained herein shall relieve any member, officer or employee of the City or the Authority from the performance of any official duty provided by any applicable provisions of law, by the Lease Agreement or hereby.

Section 11.05 Destruction of Bonds. Whenever in this Indenture provision is made for the cancellation by the Trustee and the delivery to the Authority of any Bonds, the Trustee may, in lieu of such cancellation and delivery, destroy such Bonds.

Section 11.06 Funds and Accounts. Any fund or account required to be established and maintained herein by the Trustee may be established and maintained in the accounting records of the Trustee either as an account or a fund, and may, for the purposes of such accounting records, any audits thereof and any reports or statements with respect thereto, be treated either as an account or a fund, but all such records with respect to all such funds and accounts shall at all times be maintained in accordance with sound accounting practice and with due regard for the protection of the security of the Bonds and the rights of the Owners.

The Trustee may commingle any of the moneys held by it hereunder for investment purposes only; provided, however, that the Trustee shall account separately for the moneys in each fund or account established pursuant to this Indenture. The Trustee may establish such funds and accounts as it deems necessary or appropriate to perform its obligations hereunder.

Section 11.07 Article and Section Headings Gender and References. The singular form of any word used herein, including the terms defined in Section 1.01 hereof, shall include the plural, and vice versa, unless the context otherwise requires. The use herein of a pronoun of any gender shall include correlative words of the other gender. The headings or titles of the several Articles and Sections hereof and the table of contents appended hereto shall be solely for convenience of reference and shall not affect the meaning, construction or effect hereof. All references herein to "Articles," "Sections," subsections or clauses are to the corresponding Articles, Sections, subsections or clauses hereof, and the words "hereby," "herein," "hereof," "hereto," "herewith," "hereunder" and other words of similar import refer to this Indenture as a whole and not to any particular Article, Section, subsection or clause thereof.

Section 11.08 Partial Invalidity. If any one or more of the agreements, conditions, covenants or terms required herein to be observed or performed by or on the part of the Authority, the City or the Trustee shall be contrary to law, then such agreement or agreements, such condition or conditions, such covenant or covenants or such term or terms shall be null and void to the extent contrary to law and shall be deemed separable from the remaining agreements, conditions, covenants and terms hereof and shall in no way affect the validity hereof or of the Bonds, and the Owners shall retain all the benefit, protection and security afforded to them under any applicable provisions of law.

The Authority, the City and the Trustee hereby declare that they would have executed this Indenture, and each and every Article, Section, paragraph, subsection, sentence, clause and phrase hereof and would have authorized the execution and delivery of the Bonds pursuant hereto irrespective of the fact that any one or more Articles, Sections, paragraphs, subsections, sentences, clauses or phrases hereof or the application thereof to any person or circumstance may be held to be unconstitutional, unenforceable or invalid.

Section 11.09 Disqualified Bonds. In determining whether the Owners of the requisite aggregate principal amount of Bonds have concurred in any demand, request, direction, consent or waiver under this Indenture, Bonds which are actually known by the Trustee to be owned or held by or for the account of the Authority or the City, or by any Person directly or indirectly controlling or controlled by, or under direct or indirect common control with, the Authority or the City, shall be disregarded and deemed not to be Outstanding for the purpose of any such determination; except that, in determining whether the Trustee shall be protected in relying upon any such demand, request, direction, consent or waiver of an Owner, only Bonds which the Trustee actually knows to be owned or held by or for the account of the Authority or the City, or by any Person directly or indirectly controlling or controlled by, or under direct or indirect common control with, the Authority or the City, shall be disregarded unless all Bonds are so owned or held, in which case such Bonds shall be considered Outstanding for the purpose of such determination. Bonds so owned which have been pledged in good faith may be regarded as Outstanding for the purposes of this Section if the pledgee shall establish to the satisfaction of the Trustee the pledgee's right to vote such Bonds and that the pledgee is not a Person directly or indirectly controlling or controlled by, or under direct or indirect common control with, the Authority or the City. In case of a dispute as to such right, any decision by the Trustee taken upon the advice of counsel shall be full protection to the Trustee. Upon request of the Trustee, the Authority and the City shall specify in a certificate to the Trustee those Bonds disqualified pursuant to this Section and the Trustee may conclusively rely on such certificate.

Section 11.10 Money Held for Particular Bonds. The money held by the Trustee for the payment of the interest, principal or premium due on any date with respect to particular Bonds (or portions of Bonds in the case of Bonds redeemed in part only) shall, on and after such date and pending such payment, be set aside on its books and held in trust by it for the Owners of the Bonds entitled thereto, subject, however, to the provisions of Section 10.03 hereof but without any liability for interest thereon.

Section 11.11 Payment on Non-Business Days. In the event any payment is required to be made hereunder on a day which is not a Business Day, such payment shall be made on the next succeeding Business Day with the same effect as if made on such non-Business Day.

Section 11.12 California Law. This Indenture shall be construed and governed in accordance with the laws of the State of California.

Section 11.13 Notices. All written notices to be given hereunder shall be given by mail to the party entitled thereto at its address set forth below, or at such other address as such party may provide to the other parties in writing from time to time, namely:

If to the City: City of Eastvale
12363 Limonite Avenue
Eastvale, California 91752
Attention: City Manager

If to the Authority:	Eastvale Public Financing Authority c/o City of Eastvale 12363 Limonite Avenue Eastvale, California 91752 Attention: Executive Director
If to the Trustee:	U.S. Bank Trust Company, National Association 633 West Fifth Street, 24th Floor Los Angeles, CA 90071 Attention: Global Corporate Trust

Notices to the Insurer shall be provided to: [**To Come**].

Each such notice, statement, demand, consent, approval, authorization, offer, designation, request or other communication hereunder shall be deemed delivered to the party to whom it is addressed (a) if personally served or delivered, upon delivery, (b) if given by electronic communication, whether by telex, telegram or telecopier, upon the sender's receipt of an appropriate answer back or other written acknowledgment, (c) if given by registered or certified mail, return receipt requested, deposited with the United States mail postage prepaid, 72 hours after such notice is deposited with the United States mail, (d) if given by overnight courier, with courier charges prepaid, 24 hours after delivery to said overnight courier, or (d) if given by any other means, upon delivery at the address specified in this Section.

Section 11.14 Notice to Rating Agencies. The Trustee shall provide S&P, if the Bonds are then rated by S&P, and Moody's, if the Bonds are then rated by Moody's, with prompt notice of any substitution or release of property pursuant to Section 10.03 of the Lease Agreement or the execution of any Supplemental Indenture pursuant to Section 9.02 hereof.

Section 11.15 Execution in Counterparts. This Indenture may be executed in several counterparts, each of which shall be deemed an original, and all of which shall constitute but one and the same instrument.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

IN WITNESS WHEREOF, the Authority and the City have caused this Indenture to be signed in their respective names by their representative thereunto duly authorized, and the Trustee, in token of its acceptance of the trusts created hereunder, has caused this Indenture to be signed in its corporate name by its officer thereunto duly authorized, all as of the day and year first above written.

UNLESS THIS BOND IS PRESENTED BY AN AUTHORIZED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY TO THE TRUSTEE FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND ANY BOND ISSUED IS REGISTERED IN THE NAME OF CEDE & CO. OR SUCH OTHER NAME AS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY AND ANY PAYMENT IS MADE TO CEDE & CO., ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL SINCE THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

EASTVALE PUBLIC FINANCING AUTHORITY
LEASE REVENUE BONDS, SERIES 2025A

INTEREST RATE	MATURITY DATE	DATED DATE	CUSIP
_____%	May 1, 20__	July ____, 2025	

REGISTERED OWNER: CEDE & CO.

PRINCIPAL AMOUNT: _____ DOLLARS

The Eastvale Public Financing Authority (the "Authority"), for value received, hereby promises to pay, solely from the Base Rental Payments (as hereinafter defined) and amounts in certain funds and accounts held under the Indenture (as hereinafter defined), to the Registered Owner identified above or registered assigns (the "Registered Owner"); on the Maturity Date identified above or on any earlier redemption date, the Principal Amount identified above in lawful money of the United States of America; and to pay interest thereon at the Interest Rate identified above in like lawful money from the date hereof payable semiannually on May 1 and November 1 in each year, commencing [November] 1, 2025 (the "Interest Payment Dates"), until payment of such Principal Amount in full. This Bond shall bear interest from the Interest Payment Date next preceding the date of authentication of this Bond (unless this Bond is authenticated on or before an Interest Payment Date and after the close of business on the fifteenth calendar day of the month next preceding such Interest Payment Date, whether or not such day is a Business Day, in which event it shall bear interest from such Interest Payment Date, or unless this Bond is authenticated on or prior to [October] 15, 2025, in which event it shall bear interest from the Dated Date identified above; provided, however, that if, at the time of authentication of this Bond, interest is in default on this Bond, interest on this Bond shall be payable from the date to which interest hereon has been paid in full, payable on each Interest Payment Date). The Principal Amount hereof is payable upon surrender hereof upon maturity or earlier redemption at the Office of the Trustee (as hereinafter defined). Interest hereon is payable by wire or check of U.S. Bank Trust Company, National Association, as Trustee (the "Trustee"), mailed by first class mail, postage prepaid, on each Interest Payment Date to the Registered Owner hereof at the address of the Registered Owner shown on the

Registration Books at the close of business on the fifteenth calendar day of the month next preceding such Interest Payment Date; or by wire transfer to Owners of more than $1,000,000 in principal amount of Series 2025A Bonds (as defined below) who have provided account information and wiring instructions satisfactory to the Trustee. "Office of the Trustee" means the principal corporate trust office of the Trustee in Los Angeles, California, or such other office as may be specified to the Authority and the City of Eastvale (the "City") by the Trustee in writing, except that with respect to presentation of Bonds for payment or for registration of transfer and exchange such term shall mean the office or the agency of the Trustee at which, at any particular time, its corporate trust agency shall be conducted as specified to the Authority and the City by the Trustee in writing.

This Bond is one of a series of a duly authorized issue of bonds issued for the purpose of financing the acquisition, construction and/or installation of the Project (as defined in the Indenture), and is one of the series of bonds designated "Eastvale Public Financing Authority Lease Revenue Bonds, Series 2025A (Civic Center Project)" (the "Series 2025A Bonds") in the aggregate principal amount of $_____. The Series 2025A Bonds are issued pursuant to the Indenture, dated as of July 1, 2025 (the "Indenture"), by and among the Authority, the City and the Trustee. This reference incorporates the Indenture herein and by acceptance hereof the owner of this Bond assents to said terms and conditions of the Indenture. Pursuant to and as more particularly provided in the Indenture, additional bonds ("Additional Bonds"), may be issued by the Authority secured by a lien on the Base Rental Payments and certain funds and accounts described below on a parity with the lien securing the Series 2025A Bonds. The Series 2025A Bonds and any Additional Bonds are collectively referred to as the "Bonds." The Indenture is entered into, and this Bond is issued under, the Marks-Roos Local Bond Pooling Act of 1985 (the "Act") and the laws of the State of California.

Pursuant to the Indenture, the principal of and interest on the Bonds are payable solely from certain base rental payments (the "Base Rental Payments") under and pursuant to that certain Lease Agreement, dated as of July 1, 2025 (the "Lease Agreement"), by and between the City, as lessee, and the Authority, as lessor, all of which rights to receive such Base Rental Payments have been assigned without recourse by the Authority to the Trustee. Subject only to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth therein, all of the Base Rental Payments and any other amounts (including proceeds of the sale of the Bonds) held in the Base Rental Payment Fund, the Interest Fund, the Capitalized Interest Fund, the Principal Fund and the Redemption Fund established under the Indenture are pledged to secure the payment of the principal of, premium, if any, and interest on the Bonds in accordance with their terms, the provisions of the Indenture and the Act. Said pledge constitutes a first lien on such assets.

The Series 2025A Bonds are authorized to be issued in the form of fully registered bonds without coupons in denominations of $5,000 or any integral multiple thereof ("Authorized Denominations").

The Series 2025A Bonds shall be subject to redemption, in whole or in part, on any date, in Authorized Denominations, from and to the extent of any: (i) Net Insurance Proceeds received with respect to all or a portion of the property leased under the Lease Agreement, to the extent such moneys are not used by the City for repair or replacement purposes as permitted by the Indenture, remaining after payment therefrom of all reasonable expenses incurred in the collection thereof and (ii) eminent domain proceeds received under the Lease Agreement, that have been deposited by the Trustee in the Redemption Fund established under the Indenture, at a Redemption Price equal to the principal amount of the Series 2025A Bonds to be redeemed, plus accrued interest thereon to the date of redemption, without premium.

The Series 2025A Bonds maturing on or after May 1, 20___, shall be subject to optional redemption, in whole or in part, on any date on or after May 1, 20___, in Authorized Denominations, from and to the extent of prepaid Base Rental Payments paid pursuant to the Lease, at a Redemption Price equal to the principal amount of the Series 2025A Bonds to be redeemed, plus accrued interest thereon to the date of redemption, without premium.

The Series 2025A Bonds with stated maturities on May 1, 20___ are subject to mandatory sinking fund redemption in part (by lot) on each May 1 on and after May 1, 20___, in integral multiples of $5,000 at a Redemption Price equal to the principal amount thereof plus accrued interest to the date fixed for redemption, without premium, in accordance with the following schedule:

Redemption Date ***(May 1)***	***Principal*** ***Amount***
*	

* Final Maturity.

The Series 2025A Bonds with stated maturities on May 1, 20___ are subject to mandatory sinking fund redemption in part (by lot) on each May 1 on and after May 1, 20___, in integral multiples of $5,000 at a Redemption Price equal to the principal amount thereof plus accrued interest to the date fixed for redemption, without premium, in accordance with the following schedule:

Redemption Date ***(May 1)***	***Principal*** ***Amount***
*	

* Final Maturity.

The Series 2025A Bonds with stated maturities on May 1, 20___ and bearing interest at _____% are subject to mandatory sinking fund redemption in part (by lot) on each May 1 on and after May 1, 20___, in integral multiples of $5,000 at a Redemption Price equal to the principal amount thereof plus accrued interest to the date fixed for redemption, without premium, in accordance with the following schedule:

Redemption Date ***(May 1)***	***Principal*** ***Amount***
*	

* Final Maturity.

Notice of redemption shall be given by the Trustee, not less than 20 nor more than 60 days prior to the redemption date (i) as to Bonds not registered in the name of a Securities Depository or its nominee, to the respective Owners of the Bonds designated for redemption at their addresses appearing on the Registration Books, (ii) as to Bonds registered in the name of a Securities Depository or its nominee, to such Securities Depository for such Bonds, and (iii) the Information Services. Notice of redemption to the Owners pursuant to (i) above shall be given by mail at their addresses appearing on the Registration Books, or any other method agreed upon by such Owner and the Trustee. Notice of redemption to the Securities Depositories pursuant to (ii) above and the Information Services pursuant to (iii) above shall be given by electronically secure means, or any other method agreed upon by such entities and the Trustee.

Neither failure to receive any such notice so given, nor any defect therein, shall affect the validity of the proceedings for the redemption of such Series 2025A Bonds or the cessation of accrual of interest thereon from and after the date fixed for redemption. The Redemption Price of the Series 2025A Bonds to be redeemed shall be paid only upon presentation and surrender thereof at the Office of the Trustee. From and after the date fixed for redemption of any Series 2025A Bonds, interest on such Series 2025A Bonds will cease to accrue and become payable.

Subject to the limitations and upon payment of the charges, if any, provided in the Indenture, fully registered Series 2025A Bonds may be exchanged at the Office of the Trustee for a like aggregate principal amount and maturity of fully registered Series 2025A Bonds of other authorized denominations.

This Bond is transferable by the Registered Owner hereof, in person or by his duly authorized attorney, but only in the manner, subject to the limitations and upon payment of the charges provided in the Indenture, and upon surrender and cancellation of this Bond. Upon such transfer a new fully registered Series 2025A Bond or Series 2025A Bonds, in Authorized Denominations, for the same aggregate principal amount will be issued to the transferee in exchange herefor. The Authority, the City and the Trustee may treat the Registered Owner hereof as the absolute owner hereof for all purposes, and the Authority, the City and the Trustee shall not be affected by any notice to the contrary.

The Indenture and the rights and obligations of the Authority, the City, the owners of the Bonds, the Insurer and the Trustee may be modified or amended from time to time and at any time in the manner, to the extent, and upon the terms provided in the Indenture; provided that no such modification or amendment shall (a) extend the fixed maturity of any Bonds, or reduce the principal thereof or the rate of interest thereon, or extend the time of payment, without the consent of the owner of each Bond so affected, or, (b) eliminate the consent of the Insurer as set forth in the Indenture or reduce the aforesaid percentage of Bonds the consent of the Owners of which is required

to effect any such modification or amendment, or (c) permit the creation of any lien on the Base Rental Payments and other assets pledged under the Indenture prior to or on a parity with the lien created by the Indenture or deprive the owners of the Bonds of the lien created by the Indenture on such the Base Rental Payments and such other assets (except as expressly provided in the Indenture), without the consent of the Owners of all Bonds then outstanding.

The Indenture permits the Authority to make provision for the payment of interest on, and the principal and premium, if any, of any of the Bond so that such Bonds shall no longer be deemed to be outstanding under the terms of the Indenture.

All obligations of the Authority under the Indenture shall be special obligations of the Authority, payable solely from Rental Payments and the other assets pledged therefor under the Indenture; provided, however, that all obligations of the Authority under the Bonds shall be special obligations of the Authority, payable solely from Base Rental Payments and the other assets pledged therefor under the Indenture. Neither the faith and credit nor the taxing power of the Authority, the City or the State of California, or any political subdivision thereof, is pledged to the payment of the Bonds.

IN WITNESS WHEREOF, the Authority has caused this Bond to be signed in its name and on its behalf by the facsimile signatures of its Executive Director and Secretary, all as of the Dated Date identified above.

FORM OF PROJECT FUND REQUISITION

REQUISITION NO. _____ FOR
DISBURSEMENT FROM PROJECT FUND

The undersigned hereby states and certifies:

(i) that he/she is the duly appointed, qualified and acting _____ of the City of Eastvale, a municipal corporation and general law city duly organized and existing under and by virtue of the Constitution and laws of the State of California (the "City"), and as such, is familiar with the facts herein certified and is authorized to certify the same;

(ii) that, pursuant to Section 3.04 of the Indenture, dated as of July 1, 2025 (the "Indenture"), by and among the Eastvale Public Financing Authority (the "Authority"), the City and U.S. Bank Trust Company, National Association, as trustee (the "Trustee"), related to the Authority's Lease Revenue Bonds, Series 2025A (Civic Center Project), the undersigned hereby requests the Trustee to disburse this date the following amounts from the Project Fund established under the Indenture, to the payees designated on the attached Exhibit 1;

(iii) that each obligation mentioned herein has been incurred by the City and is a proper charge against the Project Fund; and

(iv) that there has not been filed with or served upon the City notice of any lien, right to lien or attachment upon, or claim affecting the right to receive payment of, any of the moneys payable to any of the payees named on the attached Exhibit 1, which has not been released or will not be released simultaneously with the payment of such obligation, other than materialmen's or mechanics' liens accruing by mere operation of law.

All capitalized terms used herein and not defined herein shall have the meanings ascribed thereto in the Indenture.

LEASE AGREEMENT

THIS LEASE AGREEMENT (this "Lease Agreement") executed and entered into as of July 1, 2025, is by and between the CITY OF EASTVALE (the "City"), a municipal corporation and general law city duly organized and existing under and by virtue of the Constitution and laws of the State of California, as lessee, and the EASTVALE PUBLIC FINANCING AUTHORITY (the "Authority"), a joint exercise of powers entity duly organized and existing under and by virtue of the laws of the State of California, as lessor.

RECITALS

WHEREAS, the City and the Authority desire to finance the costs of the acquisition, construction and/or installation of certain capital improvement projects within the City, including but not limited to, the design and development of the Civic Center Project, which includes the City Hall, Library, and Police Station buildings, as well as a Civic Plaza, Park, Amphitheater, and parking, associated facilities and equipment (collectively, the "Project"), and is more particularly described in Exhibit C attached hereto;

WHEREAS, in order to finance the Project, the City will lease the Property (defined below) to the Authority pursuant to a Ground Lease, dated as of the date hereof (defined below), and the City will sublease the Property back from the Authority pursuant to this Lease Agreement;

WHEREAS, the City and the Authority have determined that it would be in the best interests of the City and the Authority to provide the funds necessary to finance the Project through the issuance by the Authority of bonds payable from the Base Rental Payments (defined below) to be made by the City under this Lease Agreement;

WHEREAS, the City and the Authority have determined that it would be in the best interests of the City and the Authority to provide for the issuance of such bonds payable from the Base Rental Payments pursuant to an Indenture, dated as of the date hereof, by and among the Authority, the City and the Trustee (defined below);

WHEREAS, all rights to receive the Base Rental Payments have been assigned without recourse by the Authority to the Trustee pursuant to an Assignment Agreement, dated as of the date hereof; and

WHEREAS, all acts, conditions and things required by law to exist, to have happened and to have been performed precedent to and in connection with the execution and entering into of this Lease Agreement do exist, have happened and have been performed in regular and due time, form and manner as required by law, and the parties hereto are now duly authorized to execute and enter into this Lease Agreement;

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained, the parties hereto agree as follows:

ARTICLE I

DEFINITIONS

Section 1.01 Definitions. Unless the context otherwise requires, the terms defined in this Section shall, for all purposes of this Lease Agreement, have the meanings herein specified, which meanings shall be equally applicable to both the singular and plural forms of any of the terms herein defined. Capitalized terms not otherwise defined herein shall have the meanings assigned to such terms in the Indenture.

"**Additional Bonds**" means bonds other than the Series 2025A Bonds issued under the Indenture in accordance with the provisions thereof.

"**Additional Rental Payments**" means all amounts payable by the City as Additional Rental Payments pursuant to Section 3.02 hereof.

"**Authority**" means the Eastvale Public Financing Authority, a joint exercise of powers authority organized and existing under the laws of the State of California.

"**Base Rental Deposit Date**" means the 25th day of the month next preceding each Interest Payment Date.

"**Base Rental Payments**" means all amounts payable to the Authority from the City as Base Rental Payments pursuant to Section 3.01 hereof.

"**Base Rental Payment Schedule**" means the schedule of Total Base Rental Payments payable to the Authority from the City pursuant to Section 3.01 hereof and set forth in Section II of Exhibit B hereto.

"**Bonds**" means the Series 2025A Bonds issued under the Indenture, and any Additional Bonds.

"**City**" means the City of Eastvale, a municipal corporation and general law city duly organized and existing under and by virtue of the Constitution and laws of the State of California.

"Costs" means, with respect to the Project, together with any other proper item of cost not specifically mentioned herein, (a) costs of payment of, or reimbursement for, acquisition, design, construction, rehabilitation, installation, delivery and financing of the Project, including, but not limited to, the payment of real property rental, administrative costs and capital expenditures relating to acquisition, construction, installation, and demolition, inspection costs, filing and recording costs, printing costs, reproduction and binding costs, fees and charges of the Trustee pursuant to the Indenture and other financing documents, legal fees and charges, financial, accounting and other professional consultant fees, costs of rating agencies or credit ratings, fees for the printing, execution, transportation and safekeeping of the Series 2025A Bonds; (b) all other costs which the City shall be required to pay under the terms of any contract or contracts for the acquisition, construction, delivery and installation of the Project, and demolition work required for the Project, including, but not limited to, the cost of insurance; (c) any sums required to reimburse the City for advances made for any of the above items, or for any other costs incurred and for work done, which is properly chargeable to the Project; (d) any costs paid from the Net Insurance Proceeds to repair, restore or

replace the Project; and (e) such other expenses not specified herein as may be necessary or incidental to the acquisition, construction, delivery and installation of the Project, the financing thereof and the placing of the same in use and operation. Costs, as defined herein, shall be deemed to include the cost and expenses incurred by any agent of the City for any of the above mentioned items.

"**Delivery Date**" means July ____, 2025.

"**Ground Lease**" means the Ground Lease, dated as of the date hereof, by and between the City and the Authority, as originally executed and as it may from time to time be amended in accordance with the provisions thereof and hereof.

"**Indenture**" means the Indenture, dated as of the date hereof, by and among the Authority, the City and the Trustee, as originally executed and as it may from time to time be amended or supplemented in accordance with the provisions thereof.

"**Joint Powers Agreement**" means the Joint Exercise of Powers Agreement, dated as of January 8, 2025, by and between the City and the Eastvale Parking Authority, as originally executed and as it may from time to time amended in accordance with the provisions thereof.

"**Lease Agreement**" means this Lease Agreement, as originally executed and as it may from time to time be amended in accordance with the provisions hereof.

"**Net Insurance Proceeds**" means any insurance proceeds or condemnation award in excess of $50,000, paid with respect to any of the Property, remaining after payment therefrom of all reasonable expenses incurred in the collection thereof.

"**Permitted Encumbrances**" means, with respect to the Property, as of any particular time, (a) liens for general *ad valorem* taxes and assessments, if any, not then delinquent, or which the City may, pursuant to provisions of Article V hereof, permit to remain unpaid, (b) the Assignment Agreement, (c) this Lease Agreement, (d) the Ground Lease, (e) any right or claim of any mechanic, laborer, materialman, supplier or vendor not filed or perfected in the manner prescribed by law as normally exist with respect to properties similar to the Property for the purposes for which it was acquired or is held by the City, (f) easements, rights of way, mineral rights, drilling rights and other rights, reservations, covenants, conditions or restrictions which exist of record as of the Delivery Date which the City certifies in writing will not affect the intended use of the Property or impair the security granted to the Trustee for the benefit of the Owners of the Bonds by the Indenture and the Assignment Agreement and to which the Authority and the City consent in writing, (g) easements, rights of way, mineral rights, drilling rights and other rights, reservations, covenants, conditions or restrictions established following the Delivery Date which the City certifies in writing do not affect the intended use of the Property or impair the security granted to the Trustee for the benefit of the Owners of the Bonds by the Indenture and the Assignment Agreement and to which the Authority and the City consent in writing, and (h) all of the exceptions to title listed in the title insurance policy relating to the Series 2025A Bonds and dated the Delivery Date.

"Project" is defined in the recitals above.

"**Property**" means the real property described in Exhibit A hereto and the improvements located thereon as such real property description may be amended or modified (including the

addition, release or substitution of property as part of the Property), in accordance with Section 10.03 of this Lease Agreement.

"**Rental Payments**" means, collectively, the Base Rental Payments and the Additional Rental Payments.

"**Rental Period**" means the period from the Delivery Date through May 1, 2026, and, thereafter, the twelve-month period commencing on May 2 of each year during the term of this Lease Agreement.

"**Series 2025A Bonds**" means the Eastvale Public Financing Authority Lease Revenue Bonds, Series 2025A (Civic Center Project) issued under the Indenture.

"**Trustee**" means the trustee appointed under the Indenture and referred to therein as the Trustee.

ARTICLE II

LEASE OF PROPERTY; TERM

Section 2.01 Lease of Property.

(a) The Authority hereby leases to the City and the City hereby leases from the Authority the Property, and all rights appurtenant thereto, including, but not limited to, rights of access, on the terms and conditions hereinafter set forth, subject to all Permitted Encumbrances.

(b) The leasing of the Property by the City to the Authority pursuant to the Ground Lease shall not effect or result in a merger of the City's leasehold estate pursuant to this Lease Agreement and the City's fee estate as lessor under the Ground Lease, and the Authority shall continue to have a leasehold estate in the Property pursuant to the Ground Lease throughout the term thereof and hereof. The leasehold interest granted by the City to the Authority pursuant to the Ground Lease is and shall be independent of this Lease Agreement; this Lease Agreement shall not be an assignment or surrender of the leasehold interest granted to the Authority under the Ground Lease.

Section 2.02 Term; Occupancy. The term of this Lease Agreement shall commence on the Delivery Date and shall end on May 1, 20[55], unless such term is extended or sooner terminated as hereinafter provided. If on May 1, 20[55] the Bonds shall not be fully paid, or provision therefor made in accordance with Article X of the Indenture, or the Indenture shall not be discharged by its terms, or if the Rental Payments shall remain due and payable or shall have been abated at any time and for any reason, or amounts are owed to the Insurer pursuant to the terms of the Insurance Policy, the Reserve Surety Policy, this Lease Agreement or the Indenture, then the term of this Lease Agreement shall be extended until the date upon which (i) all Bonds shall be fully paid, or provision therefor made in accordance with Article X of the Indenture, or (ii) the Indenture shall be discharged by its terms and all Rental Payments shall have been paid in full. Notwithstanding the foregoing, the term of this Lease Agreement shall in no event be extended beyond May 1, 20[65]. If prior to May 1, 20[55], all Bonds shall be fully paid, or provision therefor made in accordance with Article X of the Indenture, the Indenture shall be discharged by its terms and all Rental Payments shall have been paid in full, the term of this Lease Agreement shall end simultaneously therewith.

ARTICLE III

RENTAL PAYMENTS

Section 3.01 Base Rental Payments.

(a) Subject to the provisions hereof relating to a revision of the Base Rental Payment Schedule pursuant to subsection (b) of this Section, the City shall pay to the Authority, as Base Rental Payments (subject to the provisions of Section 3.06 and Article VIII hereof), (i) the amount at the times specified in the Base Rental Payment Schedule, a portion of which Base Rental Payments shall constitute principal, and a portion of which shall constitute interest, (ii) all amounts payable to the Insurer pursuant to [Section ____] of the Indenture which constitute Insurer Reimbursement Amounts; and (iii) and all amounts required to repay draws and policy costs under or related to the Reserve Surety Policy. Rental Payments, including Base Rental Payments, shall be paid by the City to the Authority for and in consideration of the right to use and occupy the Property and in consideration of the continued right to the quiet use and enjoyment thereof during each Rental Period for which such Rental Payments are to be paid.

The obligation of the City to make the Base Rental Payments does not constitute a debt of the City or of the State of California, or of any political subdivision thereof, within the meaning of any constitutional or statutory debt limit or restriction, and does not constitute an obligation for which the City or the State of California is obligated to levy or pledge any form of taxation or for which the City or the State of California has levied or pledged any form of taxation.

(b) If the term of this Lease Agreement shall have been extended pursuant to Section 2.02 hereof, the obligation of the City to pay Rental Payments shall continue to and including the Base Rental Deposit Date preceding the date of termination of this Lease Agreement (as so extended pursuant to Section 2.02 hereof). Upon such extension, the Base Rental Payments shall be established so that they will be sufficient to pay all extended and unpaid Base Rental Payments; provided, however, that the Rental Payments payable in any Rental Period subsequent to such extension shall not exceed the annual fair rental value of the Property.

Section 3.02 Additional Rental Payments. The City shall also pay, as Additional Rental Payments, such amounts as shall be required for the payment of the following:

(a) all taxes and assessments of any type or nature charged to the Authority or the City or affecting the Property or the respective interests or estates of the Authority or the City therein;

(b) all reasonable administrative costs of the Authority relating to the Property including, but without limiting the generality of the foregoing, salaries, wages, fees and expenses, compensation and indemnification of the Trustee payable by the Authority under the Indenture, fees of auditors, accountants, attorneys or engineers, and all other necessary and reasonable administrative costs of the Authority or charges required to be paid by it in order to maintain its existence or to comply with the terms of the Indenture or this Lease Agreement or to defend the Authority and its members, officers, agents and employees;

(c) insurance premiums for all insurance required pursuant to Article VI hereof;

(d) any amounts with respect to this Lease Agreement or the Bonds required to be rebated to the federal government in accordance with Section 148(f) of the Code;

(e) all amounts payable to the Insurer pursuant to [Section ___] of the Indenture that are not payable from Base Rental Payments; and

(f) all other payments required to be paid by the City under the provisions of this Lease Agreement or the Indenture.

Amounts constituting Additional Rental Payments payable hereunder shall be paid by the City directly to the person or persons to whom such amounts shall be payable. The City shall pay all such amounts when due or at such later time as such amounts may be paid without penalty or, in any other case, within 60 days after notice in writing from the Trustee to the City stating the amount of Additional Rental Payments then due and payable and the purpose thereof.

Section 3.03 Fair Rental Value. The parties hereto have agreed and determined that the annual fair rental value of the Property is not less than the maximum annual Rental Payments due in any year. In making such determination of fair rental value, consideration has been given to the uses and purposes that may be served by the Property and the benefits therefrom which will accrue to the City and the general public. Payments of the Rental Payments for the Property during each Rental Period shall constitute the total rental for said Rental Period.

Section 3.04 Payment Provisions. Each installment of Base Rental Payments payable hereunder shall be paid in lawful money of the United States of America to or upon the order of the Authority at the principal office of the Trustee in Los Angeles, California, or such other place or entity as the Trustee shall designate. Each Base Rental Payment shall be deposited with the Trustee no later than the Base Rental Deposit Date preceding the Interest Payment Date on which such Base Rental Payment is due. Any Base Rental Payment which shall not be paid by the City when due and payable under the terms of this Lease Agreement shall bear interest from the date when the same is due hereunder until the same shall be paid at the rate equal to the highest rate of interest on any of the Outstanding Bonds. Notwithstanding any dispute between the Authority and the City, the City shall make all Rental Payments when due without deduction or offset of any kind and shall not withhold any Rental Payments pending the final resolution of such dispute. In the event of a determination that the City was not liable for said Rental Payments or any portion thereof, said payments or excess of payments, as the case may be, shall be credited against subsequent Rental Payments due hereunder or refunded at the time of such determination. Amounts required to be deposited by the City with the Trustee pursuant to this Section on any date shall be reduced to the extent of available amounts on deposit in the Base Rental Payment Fund, the Interest Fund or the Principal Fund.

Section 3.05 Appropriations Covenant. The City covenants to take such action as may be necessary to include all Rental Payments due hereunder as a separate line item in its annual budgets and to make necessary annual appropriations for all such Rental Payments. The covenants on the part of the City herein contained shall be deemed to be and shall be construed to be duties imposed by law and it shall be the duty of each and every public official of the City to take such action and do such things as are required by law in the performance of the official duty of such officials to enable the City to carry out and perform the covenants and agreements in this Lease Agreement agreed to be carried out and performed by the City.

Section 3.06 Rental Abatement.

(a) In the Event of Non-Delivery of the Project. To the extent described below, the amount of Rental Payments due hereunder shall be abated during any period in which by reason of delay in the completion of the portions of the Project being constructed on the Property there is substantial interference with the City's use and occupancy of the Project; provided, however, that the Rental Payments due for any Rental Period shall not exceed the annual fair rental value of that portion of the Property available for use and occupancy by the City during such Rental Period. The City and the Authority shall calculate such abatement and shall provide the Trustee with a certificate setting forth such calculation and the basis therefor. Such abatement shall continue until the substantial completion of the portions of the Project being constructed on the Property, and the term of this Lease Agreement shall be extended as provided in Section 2.02 hereof, except that the term shall in no event be extended beyond May 1, 20[65]. Notwithstanding the foregoing, the City shall remain obligated to make Rental Payments hereunder, as an obligation of the City payable from a special fund, (i) to the extent there are proceeds of any completion or performance bonds or moneys paid to the City by the contractors or any other person as liquidated damages as a result of any defect or delay in completion of the portion of the Project being constructed on the Property, or (ii) to the extent that amounts in the Reserve Fund or the Capitalized Interest Fund are available to pay Lease Payments which would otherwise be abated under this Section 3.06(a). Any amounts received by the City as liquidated damages shall be deposited by the City immediately upon receipt in the Base Rental Payment Fund.

(b) In the Event of Damage, Destruction, Condemnation or Title Defect. Except as otherwise specifically provided in this Section, during any period in which, by reason of material damage to, or destruction or condemnation of, the Property, or any defect in title to the Property, there is substantial interference with the City's right to use and occupy any portion of the Property, Rental Payments shall be abated proportionately, and the City waives the benefits of Civil Code Sections 1932(1), 1932(2) and 1933(4) and any and all other rights to terminate this Lease Agreement by virtue of any such interference, and this Lease Agreement shall continue in full force and effect. The amount of such abatement shall be agreed upon by the City and the Authority; provided, however, that the Rental Payments due for any Rental Period shall not exceed the annual fair rental value of that portion of the Property available for use and occupancy by the City during such Rental Period. The City and the Authority shall calculate such abatement and shall provide the Trustee with a certificate setting forth such calculation and the basis therefor. Such abatement shall continue for the period commencing with the date of interference resulting from such damage, destruction, condemnation or title defect and, with respect to damage to or destruction of the Property, ending when such use and occupancy are restored; and the term of this Lease Agreement shall be extended as provided in Section 2.02 hereof, except that the term shall in no event be extended beyond May 1, 20[65].

Notwithstanding the foregoing, to the extent that moneys are available for the payment of Rental Payments in any of the funds and accounts established under the Indenture, Rental Payments shall not be abated as provided above but, rather, shall be payable by the City as a special obligation payable solely from said funds and accounts.

ARTICLE IV

ACQUISITION, CONSTRUCTION AND IMPROVEMENT OF THE PROJECT

Section 4.01 Deposit of Bond Proceeds. Upon the issuance of the Series 2025A Bonds, the Authority agrees that all proceeds of the Series 2025A Bonds shall be paid to the Trustee and that such moneys shall be deposited with the Trustee and be applied as provided in Section 3.02 of the Indenture.

Section 4.02 Acquisition, Construction and Improvement of the Project. The City agrees to acquire, construct, deliver and install any portion of the Project to be financed with the proceeds of the Series 2025A Bonds, or to cause such portion to be acquired, constructed, delivered and installed, with the proceeds of Series 2025A Bonds paid to the City by the Authority pursuant to Section 4.01 above and the Authority shall have no responsibility with respect thereto.

Section 4.03 Compliance with Law. The City shall comply with all applicable provisions for bids and contracts prescribed by law with respect to the Project, including, without limitation, any applicable environmental review and approvals, Sections 20110 et seq. of the Public Contracts Code and Article 42 (commencing with Section 20670) of Part 3 of Division 2 of the Public Contracts Code. The City acknowledges and agrees that specific expenditures for all or any portion of the Project, as now or hereafter designated, are expressly subject to compliance with such requirements.

Section 4.04 Payment of Costs. Payment of Costs of the Project shall be made from the moneys deposited with the Trustee in the Project Fund as provided in Section 4.01 hereof and Section 3.04 of the Indenture, which shall be disbursed from the Project Fund in accordance and upon compliance with Section 3.04 of the Indenture.

Section 4.05 Time of Completion and Liquidated Damages. The construction and equipping of the portion of the Project located at the Property shall be substantially completed on or prior to [July 1, 2028], subject to excused delays pursuant to standard City procedures. It is agreed that, if the City does not cause the substantial completion of the acquisition, construction, equipping and installation of such portion of the Project by its completion date specified above by construction contractors or a construction manager, whichever the City deems appropriate, liquidated damages will be assessed against the construction contractor for each day of unexcused delay in completion (in accordance with standard City procedure). Until the portion of the Project located at the Property is substantially completed, the City shall cause to be paid to the Trustee all amounts received as liquidated damages for application toward the Base Rental Payments. As used herein, "substantially complete" shall mean that the City has determined in its sole and absolute discretion that it has beneficial use and occupancy of the Property.

Each construction contractor hired by the City shall be required to provide payment and performance bonds in amounts equal to the maximum price under its contract.

Section 4.06 Construction and Acquisition of the Project. The City agrees to oversee the construction, acquisition, delivery and installation of the Project in accordance with the following terms:

(a) Construction and Completion. The City agrees to proceed with all due diligence to complete the construction, acquisition, delivery and installation of the Project, all in

accordance with the plans and specifications for the Project (the "Plans and Specifications") approved by the City Engineer. The City shall comply with all statutes and laws applicable to the performance of its obligations hereunder, including all public laws applicable thereto and all laws regarding the approval, acquisition and construction of public projects by cities in the State of California. The City shall make certain that each contract relating to the Project is awarded in accordance with applicable law and contains a scheduled completion date which requires completion on or before the scheduled Completion Date referred to in Section 4.05 above;

(b) Change Orders. Subject to any other restrictions imposed upon the City, the City may approve any changes to the Plans and Specifications so long as any change does not, and all such changes as a whole do not, (i) substantially alter the nature of the Project, (ii) delay the completion of the portion of the Project located at the Property beyond [July 1, 2028] or (iii) reduce the fair rental value of the Property. If changes to the Plans and Specifications increase the total Costs of the Project to an amount in excess of the sum of the amount in the Project Fund and other amounts set aside by the City to pay Costs of the Project, the City shall have received a certificate of an Authorized Representative of the City and together with a revised construction budget demonstrating that the total amount on deposit to pay for the Project is adequate to allow the completion of the Project as planned;

(c) Payment of Costs of the Project. Payment of the portion of the Costs of the Project being financed by the City shall be made from moneys deposited in the Project Fund, and shall be disbursed for such purpose in accordance and upon compliance with the Indenture. Neither the Authority nor the City shall be liable for the payment of Costs of the Project other than from amounts on deposit in the Project Fund; and

(d) Unexpended Monies. The City agrees that unexpended moneys remaining in the Project Fund shall, upon payment in full of all Costs of the Project, be applied solely in accordance with the provisions of the Indenture.

Section 4.07 Completion Date; Certification. Upon the completion of acquisition, construction, delivery and installation of the portion of the Project to be financed with the proceeds of the Series 2025A Bonds, the City shall deliver to the Trustee a Completion Certificate with respect thereto. On the date of filing a Completion Certificate concerning that portion of the Project financed with proceeds of Series 2025A Bonds, all excess moneys remaining in the Project Fund for the Series 2025A Bonds for which such Completion Certificate is delivered shall be applied in accordance with the provisions of Section 3.04 of the Indenture.

ARTICLE V

MAINTENANCE, ALTERATIONS AND ADDITIONS

Section 5.01 Modification of the Property.

(a) Subject to Section 9.02 hereof, the City and any sublessee shall, at its own expense, or with the proceeds of Additional Bonds, have the right to make additions, modifications, and improvements to any portion of the Property if such improvements are necessary or beneficial for the use of such portion of the Property. All such additions, modifications and improvements shall thereafter comprise part of the Property and be subject to the provisions of this Lease Agreement. Such additions, modifications and improvements shall not in any way cause an abatement of Rental

Payments with respect to the Property or cause it to be used for purposes other than those authorized under the provisions of State and federal law or in any way which would impair the State tax-exempt status or the exclusion from gross income for federal income tax purposes of the interest on the Bonds and Additional Bonds (to the extent such Additional Bonds were issued as tax exempt Bonds); and the Property, upon completion of any additions, modifications and improvements made pursuant to this Section, shall have an annual fair rental value which is not less than the annual Rental Payments.

(b) Subject to Section 9.02 hereof, the City and any sublessee shall, at its own expense, or with the proceeds of Additional Bonds, have the right to make replacements, redevelopment or renovation of all or a portion of the Property if the following conditions precedent are satisfied:

(i) The City receives an opinion of Bond Counsel, a copy of which the City shall furnish to the Authority and the Trustee, that (1) such replacement does not adversely affect the federal income tax exclusion or the State tax-exempt status of the interest on the Bonds and Additional Bonds (to the extent such Additional Bonds were issued as tax exempt Bonds), and (2) this Lease will remain the legal, valid, binding and enforceable obligation of the City;

(ii) In the event such replacement, redevelopment or renovation would result in the temporary abatement of Rental Payments as provided in Section 3.06 hereof the City shall have notified any rating agency then providing a rating on the Bonds and shall deposit moneys with the Trustee in advance for payment of Rental Payments from the proceeds of Additional Bonds or from special funds of the City or other moneys, the application of which would not, in the opinion of Bond Counsel (a copy of which shall have been delivered to the Trustee), result in such Rental Payments constituting indebtedness of the City in contravention of the Constitution and laws of the State; and

(iii) The City shall certify to the Trustee that it has sufficient funds to complete such replacement, redevelopment or renovation.

Section 5.02 Maintenance and Utilities. Throughout the term of this Lease Agreement, as part of the consideration for rental of the Property, all improvement, repair and maintenance of the Property shall be the responsibility of the City, and the City shall pay for or otherwise arrange for the payment of all utility services supplied to the Property, which may include, without limitation, janitor service, security, power gas, telephone, light, heating, ventilation, air conditioning, water and all other utility services, and shall pay for or otherwise arrange for payment of the cost of the repair and replacement of the Property resulting from ordinary wear and tear or want of care on the part of the City or any assignee or sublessee thereof. In exchange for the Rental Payments, the Authority agrees to provide only the Property.

Section 5.03 Installation of City's Equipment. The City and any sublessee may at any time and from time to time, in its sole discretion and at its own expense, install or permit to be installed items of equipment or other personal property in or upon the Property. All such items shall remain the sole property of the City or such sublessee, and neither the Authority nor the Trustee shall have any interest therein. The City or such sublessee may remove or modify such equipment or other personal property at any time, provided that such party shall repair and restore any and all damage to the Property resulting from the installation, modification or removal of any such items. Nothing in this Lease Agreement shall prevent the City or any sublessee from purchasing items to be installed

pursuant to this Section under a conditional sale or lease purchase contract, or subject to a vendor's lien or security agreement as security for the unpaid portion of the purchase price thereof, provided that no such lien or security interest shall attach to any part of the Property.

ARTICLE VI

INSURANCE

Section 6.01 Commercial General Liability and Property Damage Insurance; Workers' Compensation Insurance.

(a) The City shall maintain or cause to be maintained, throughout the term of this Lease Agreement, a standard commercial general liability insurance policy or policies in protection of the City, the Authority and their respective members, officers, agents and employees. Said policy or policies shall provide for indemnification of said parties against direct or contingent loss or liability for damages for bodily and personal injury, death or property damage occasioned by reason of the use or ownership of the Property. Said policy or policies shall provide coverage in the minimum liability limits of $1,000,000 for personal injury or death of each person and $3,000,000 for personal injury or deaths of two or more persons in a single accident or event, and in a minimum amount of $500,000 for damage to property (subject to a deductible clause of not to exceed $100,000) resulting from a single accident or event. Such commercial general liability and property damage insurance may, however, be in the form of a single limit policy in the amount of $3,000,000 covering all such risks. Such liability insurance may be maintained as part of or in conjunction with any other liability insurance coverage carried or required to be carried by the City, and may be maintained in whole or in part in the form of self-insurance by the City provided such self-insurance complies with the provisions of Section 6.04 hereof. The Net Insurance Proceeds of such liability insurance shall be applied toward extinguishment or satisfaction of the liability with respect to which the Net Insurance Proceeds of such insurance shall have been paid.

(b) The City shall maintain or cause to be maintained, throughout the term of this Lease Agreement, workers' compensation insurance issued by a responsible carrier authorized under the laws of the State of California to insure employers against liability for compensation under the California Labor Code, or any act enacted as an amendment or supplement thereto or in lieu thereof, such workers' compensation insurance to cover all persons employed by the City in connection with the Property and to cover full liability for compensation under any such act; provided, however, that the City's obligations under this subsection may be satisfied by self-insurance, provided such self-insurance complies with the provisions of Section 6.04 hereof.

(c) The City shall maintain or cause to be maintained, fire, lightning and special extended coverage insurance (which shall include coverage for vandalism and malicious mischief, but need not include coverage for earthquake damage) on all improvements constituting any part of the Property, which with respect to any portion of the Property for which initial construction of improvements thereon has not been completed, initially may be in the form of a builder's risk policy providing coverage in an amount not less than the construction costs expended for such projects and, if no builder's risk policy is in effect, in an amount not less than 100% of the replacement cost of such improvements. All insurance required to be maintained pursuant to this subsection may be subject to a deductible in an amount not to exceed $500,000. The City's obligations under this subsection may be satisfied by self-insurance, provided such self-insurance complies with the provisions of Section 6.04 hereof.

(d) The City shall maintain rental interruption insurance to cover the Authority's loss, total or partial, of Base Rental Payments resulting from the loss, total or partial, of the use of any part of the Property as a result of any of the hazards required to be covered pursuant to subsection (c) of this Section in an amount sufficient at all times to pay an amount not less than the product of two times the maximum amount of Base Rental Payments scheduled to be paid during any Rental Period. The City's obligations under this subsection may be satisfied by self-insurance provided such self-insurance complies with the provisions of Section 6.04 hereof. Notwithstanding the foregoing, the City shall not be required to obtain rental interruption insurance with respect to the Property until the City has received a certificate of occupancy for the Project.

(e) The insurance required by this Section shall be provided by reputable insurance companies with claims paying abilities determined, in the reasonable opinion of a professionally certified risk manager or an independent insurance consultant person (who may be an employee of the City), to be adequate for the purposes hereof.

Section 6.02 Title Insurance. The City shall provide, at its own expense, one or more CLTA or ALTA title insurance policies for the Property, in the aggregate amount of not less than the initial aggregate principal amount of the Bonds. Said policy or policies shall insure (a) the fee interest of the City in the Property, (b) the Authority's ground leasehold estate in the Property under the Ground Lease, and (c) the City's leasehold estate hereunder in the Property, subject only to Permitted Encumbrances. All Net Insurance Proceeds received under said policy or policies shall be deposited with the Trustee and applied as provided in Section 5.04 of the Indenture.

Section 6.03 Additional Insurance Provision; Form of Policies. The City shall pay or cause to be paid when due the premiums for all insurance policies required by Section 6.01 hereof. All such policies shall provide that the Trustee shall be given 30 days' notice of the expiration thereof or any intended cancellation thereof. The Trustee shall be fully protected in accepting payment on account of such insurance or any adjustment, compromise or settlement of any loss agreed to by the Trustee.

The City shall cause to be delivered to the Trustee on or before August 15 each year, commencing August 15, 2026, a Written Certificate of the City, which may be in the form set forth in Exhibit D attached hereto, stating that such policies are in full force and effect and that the City is in full compliance with the requirements of this Article. The Trustee shall be entitled to rely upon said Written Certificate of the City as to the City's compliance with this Article. The Trustee shall not be responsible for the sufficiency of coverage or amounts of such policies.

Section 6.04 Self-Insurance. Insurance provided through a California joint powers authority of which the City is a member or with which the City contracts for insurance shall be deemed to be self-insurance for purposes hereof. Any self-insurance maintained by the City pursuant to this Article shall comply with the following terms:

(a) the self-insurance program shall be approved in writing by the City's Risk Manager, a professionally certified risk manager, or an independent insurance consultant;

(b) the self-insurance program shall include an actuarially sound claims reserve fund out of which each self-insured claim shall be paid, the adequacy of each such fund shall be evaluated on an annual basis by the City's Risk Management Department, a professionally certified risk manager or an independent insurance consultant and any deficiencies in any self-insured claims

reserve fund shall be remedied in accordance with the recommendation of the City's Risk Management Department, a professionally certified risk manager or an independent insurance consultant, as applicable; and

(c) in the event that the self-insurance program shall be discontinued, the actuarial soundness of its claims reserve fund, as determined by a professionally certified risk manager or by an independent insurance consultant, shall be maintained.

ARTICLE VII

DEFAULTS AND REMEDIES

Section 7.01 Defaults and Remedies.

(a) (i) If the City shall fail (A) to pay any Base Rental Payment payable hereunder when the same becomes due and payable, time being expressly declared to be of the essence in this Lease Agreement, or (B) to keep, observe or perform any other term, covenant or condition contained herein or in the Indenture to be kept or performed by the City, or (ii) upon the happening of any of the events specified in this subsection or in subsection (b) of this Section, the City shall be deemed to be in default hereunder and it shall be lawful for the Authority to exercise any and all remedies available pursuant to law or granted pursuant to this Lease Agreement. The City shall in no event be in default in the observance or performance of any covenant, condition or agreement in this Lease Agreement on its part to be observed or performed, other than as referred to in clause (i)(B) or (ii) of the preceding sentence, unless the City shall have failed, for a period of 30 days or such additional time as is reasonably required, with the written approval of the Insurer (so long as the Insurer is not in default on any obligation under the Insurance Policy), to correct any such default after notice by the Authority to the City properly specifying wherein the City has failed to perform any such covenant, condition or agreement. Upon any such default, the Authority, in addition to all other rights and remedies it may have at law, shall have the option to do any of the following:

(1) To terminate this Lease Agreement in the manner hereinafter provided on account of default by the City, notwithstanding any re-entry or re-letting of the Property as hereinafter provided for in subparagraph (2) hereof, and to re-enter the Property and remove all persons in possession thereof and all personal property whatsoever situated upon the Property and place such personal property in storage in any warehouse or other suitable place, for the account of and at the expense of the City. In the event of such termination, the City agrees to surrender immediately possession of the Property, without let or hindrance, and to pay the Authority all damages recoverable at law that the Authority may incur by reason of default by the City, including, without limitation, any costs, loss or damage whatsoever arising out of, in connection with, or incident to any such re-entry upon the Property and removal and storage of such property by the Authority or its duly authorized agents in accordance with the provisions herein contained. Neither notice to pay Rental Payments or to deliver up possession of the Property given pursuant to law nor any entry or re-entry by the Authority nor any proceeding in unlawful detainer, or otherwise, brought by the Authority for the purpose of effecting such re-entry or obtaining possession of the Property nor the appointment of a receiver upon initiative of the Authority to protect the Authority's interest under this Lease Agreement shall of itself operate to terminate this Lease Agreement, and no

termination of this Lease Agreement on account of default by the City shall be or become effective by operation of law or acts of the parties hereto, or otherwise, unless and until the Authority shall have given written notice to the City of the election on the part of the Authority to terminate this Lease Agreement. The City covenants and agrees that no surrender of the Property or of the remainder of the term hereof or any termination of this Lease Agreement shall be valid in any manner or for any purpose whatsoever unless stated by the Authority by such written notice.

(2) Without terminating this Lease Agreement, (x) to collect each installment of Rental Payments as the same become due and enforce any other terms or provisions hereof to be kept or performed by the City, regardless of whether or not the City has abandoned the Property, or (y) to exercise any and all rights of entry and re-entry upon the Property. In the event the Authority does not elect to terminate this Lease Agreement in the manner provided for in subparagraph (1) hereof, the City shall remain liable and agrees to keep or perform all covenants and conditions herein contained to be kept or performed by the City and, if the Property is not re-let, to pay the full amount of the Rental Payments to the end of the term of this Lease Agreement or, in the event that the Property is re-let, to pay any deficiency in Rental Payments that results therefrom; and further agrees to pay said Rental Payments and/or Rental Payment deficiency punctually at the same time and in the same manner as hereinabove provided for the payment of Rental Payments hereunder, notwithstanding the fact that the Authority may have received in previous years or may receive thereafter in subsequent years Rental Payments in excess of the Rental Payments herein specified, and notwithstanding any entry or re-entry by the Authority or suit in unlawful detainer, or otherwise, brought by the Authority for the purpose of effecting such re-entry or obtaining possession of the Property. Should the Authority elect to re-enter as herein provided, the City hereby irrevocably appoints the Authority as the agent and attorney-in-fact of the City to re-let the Property, or any part thereof, from time to time, either in the Authority's name or otherwise, upon such terms and conditions and for such use and period as the Authority may deem advisable and to remove all persons in possession thereof and all personal property whatsoever situated upon the Property and to place such personal property in storage in any warehouse or other suitable place, for the account of and at the expense of the City, and the City hereby indemnifies and agrees to save harmless the Authority from any costs, loss or damage whatsoever arising out of, in connection with, or incident to any such re-entry upon and re-letting of the Property and removal and storage of such property by the Authority or its duly authorized agents in accordance with the provisions herein contained. The City agrees that the terms of this Lease Agreement constitute full and sufficient notice of the right of the Authority to re-let the Property in the event of such re-entry without effecting a surrender of this Lease Agreement, and further agrees that no acts of the Authority in effecting such re-letting shall constitute a surrender or termination of this Lease Agreement irrespective of the use or the term for which such re-letting is made or the terms and conditions of such re-letting, or otherwise, but that, on the contrary, in the event of such default by the City the right to terminate this Lease Agreement shall vest in the Authority to be effected in the sole and exclusive manner provided for in subparagraph (1) hereof. The City further agrees to pay the Authority the cost of any alterations or additions to the Property necessary to place the Property in condition for re-letting immediately upon notice to the City of the completion and installation of such additions or alterations.

The City hereby waives any and all claims for damages caused or which may be caused by the Authority in re-entering and taking possession of the Property as herein provided and all claims for damages that may result from the destruction of or injury to the Property and all claims for damages to or loss of any property belonging to the City, or any other person, that may be in or upon the Property.

(b) If (i) the City's interest in this Lease Agreement or any part thereof shall be assigned or transferred, either voluntarily or by operation of law or otherwise, without the written consent of the Authority and, as hereinafter provided for, or (ii) the City or any assignee shall file any petition or institute any proceeding under any act or acts, state or federal, dealing with or relating to the subject or subjects of bankruptcy or insolvency, or under any amendment of such act or acts, either as a bankrupt or as an insolvent, or as a debtor, or in any similar capacity, wherein or whereby the City asks or seeks or prays to be adjudicated a bankrupt, or is to be discharged from any or all of the City's debts or obligations, or offers to the City's creditors to elect a composition or extension of time to pay the City's debts or asks, seeks or prays for reorganization or to effect a plan of reorganization, or for a readjustment of the City's debts, or for any other similar relief, or if any such petition or any such proceedings of the same or similar kind or character be filed or be instituted or taken against the City, or if a receiver of the business or of the property or assets of the City shall be appointed by any court, except a receiver appointed at the instance or request of the Authority, or if the City shall make a general assignment for the benefit of the City's creditors, or (iii) the City shall abandon or vacate the Property, then the City shall be deemed to be in default hereunder.

(c) In addition to the other remedies set forth in this Section, upon the occurrence of an event of default, the Authority and its assignee shall be entitled to proceed to protect and enforce the rights vested in the Authority and its assignee by this Lease Agreement or by law. The provisions of this Lease Agreement and the duties of the City and of its city council, officers or employees shall be enforceable by the Authority or its assignee by mandamus or other appropriate suit, action or proceeding in any court of competent jurisdiction. Without limiting the generality of the foregoing, the Authority and its assignee shall have the right to bring the following actions:

(i) Accounting. By action or suit in equity to require the City and its city council, officers and employees and its assigns to account as the trustee of an express trust.

(ii) Injunction. By action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the Authority or its assignee.

(iii) Mandamus. By mandamus or other suit, action or proceeding at law or in equity to enforce the Authority's or its assignee's rights against the City (and its city council, officers and employees) and to compel the City to perform and carry out its duties and obligations under the law and its covenants and agreements with the City as provided herein.

Each and all of the remedies given to the Authority hereunder or by any law now or hereafter enacted are cumulative and the single or partial exercise of any right, power or privilege hereunder shall not impair the right of the Authority to the further exercise thereof or the exercise of any or all other rights, powers or privileges. The term "re-let" or "re-letting" as used in this Section shall include, but not be limited to, re-letting by means of the operation by the Authority of the Property. If any statute or rule of law validly shall limit the remedies given to the Authority hereunder, the Authority nevertheless shall be entitled to whatever remedies are allowable under any statute or rule of law.

In the event the Authority shall prevail in any action brought to enforce any of the terms and provisions of this Lease Agreement, the City agrees to pay a reasonable amount as and for attorney's fees incurred by the Authority in attempting to enforce any of the remedies available to the Authority hereunder.

Notwithstanding anything to the contrary contained in this Lease Agreement, the Authority shall have no right upon a default hereunder by the City to accelerate Rental Payments.

(d) Notwithstanding anything to the contrary contained in this Lease Agreement, the termination of this Lease Agreement by the Authority and its assignees on account of a default by the City under this Section shall not effect or result in a termination of the Ground Lease.

Section 7.02 Waiver. Failure of the Authority to take advantage of any default on the part of the City shall not be, or be construed as, a waiver thereof, nor shall any custom or practice which may grow up between the parties in the course of administering this instrument be construed to waive or to lessen the right of the Authority to insist upon performance by the City of any term, covenant or condition hereof, or to exercise any rights given the Authority on account of such default. A waiver of a particular default shall not be deemed to be a waiver of any other default or of the same default subsequently occurring. The acceptance of Rental Payments hereunder shall not be, or be construed to be, a waiver of any term, covenant or condition of this Lease Agreement.

ARTICLE VIII

EMINENT DOMAIN; PREPAYMENT

Section 8.01 Eminent Domain. If all of the Property (or portions thereof such that the remainder is not usable for public purposes by the City) shall be taken under the power of eminent domain, the term hereof shall cease as of the day that possession shall be so taken. If less than all of the Property shall be taken under the power of eminent domain and the remainder is usable for public purposes by the City at the time of such taking, then this Lease Agreement shall continue in full force and effect as to such remainder, and the parties waive the benefits of any law to the contrary, and in such event there shall be a partial abatement of the Rental Payments in accordance with the provisions of Section 3.06 hereof. So long as any Bonds shall be Outstanding, any award made in eminent domain proceedings for the taking of the Property, or any portion thereof, shall be paid to the Trustee and applied to the redemption of Bonds as provided in subsection (a) of Section 4.01 of the Indenture, in the corresponding provisions of any Supplemental Indenture pursuant to which Additional Bonds are issued and in Section 5.03 of the Indenture. Any such award made after all of the Bonds, and all other amounts due under the Indenture and hereunder, have been fully paid, shall be paid to the Authority and to the City as their respective interests may appear.

Section 8.02 Prepayment.

(a) The City may prepay all or a portion of the Base Rental Payments attributable to the Series 2025A Bonds which are payable on or after May 1, 20___, from any source of available funds, on any date on or after May 1, 20___, by paying (i) all or a portion, as selected by the City, of the principal components of such Base Rental Payments, and (ii) the accrued but unpaid interest component of such Base Rental Payments to be prepaid to the date of such prepayment.

(b) The City may prepay, from any source of available funds, all or any portion of the Base Rental Payments attributable to the Series 2025A Bonds by depositing with the Trustee moneys or securities as provided, and subject to the terms and conditions set forth in Article X of the Indenture, sufficient to make such Base Rental Payments when due or to make such Base Rental Payments through a specified date on which the City has a right to prepay such Base Rental Payments pursuant to subsection (a) of this Section, and to prepay such Base Rental Payments on

such prepayment date, at a prepayment price determined in accordance with subsection (a) of this Section.

(c) If less than all of the Base Rental Payments attributable to the Series 2025A Bonds are prepaid pursuant to this Section then, as of the date of such prepayment pursuant to subsection (a) of this Section, or the date of a deposit pursuant to subsection (b) of this Section, the principal and interest components of such Base Rental Payments shall be recalculated in order to take such prepayment into account. The City agrees that if, following a partial prepayment of such Base Rental Payments, the Property is damaged or destroyed or taken by eminent domain, or a defect in title to the Property is discovered, the City shall not be entitled to, and by such prepayment waives the right of, abatement of such prepaid Base Rental Payments and the City shall not be entitled to any reimbursement of such Base Rental Payments.

(d) If all of the Base Rental Payments are prepaid in accordance with the provisions of this Lease Agreement then, as of the date of such prepayment pursuant to subsection (a) of this Section and, if applicable, the corresponding provisions hereof relating to the prepayment of Base Rental Payments attributable to Additional Bonds, or deposit pursuant to subsection (b) of this Section and, if applicable, such corresponding provisions, and payment of all other amounts owed under this Lease Agreement have been made, the term of this Lease Agreement shall be terminated.

(e) Prepayments of Base Rental Payments attributable to the Series 2025A Bonds made pursuant to this Section shall be applied to the redemption of Series 2025A Bonds as directed by the City and as provided in Section 4.01(b) of the Indenture.

(f) Before making any prepayment pursuant to this Article, the City shall give written notice to the Authority and the Trustee specifying the date on which the prepayment will be made, which date shall be not less than 30 nor more than 60 days from the date such notice is given to the Authority.

(g) Net Insurance Proceeds shall be used in accordance with Section 5.03 or Section 5.04 of the Indenture, as applicable.

ARTICLE IX

COVENANTS

Section 9.01 Right of Entry. The Authority and its assignees shall have the right to enter upon and to examine and inspect the Property during reasonable business hours (and in emergencies at all times) for any purpose connected with the Authority's rights or obligations under this Lease Agreement, and for all other lawful purposes.

Section 9.02 Liens. In the event the City shall at any time during the term of this Lease Agreement cause any changes, alterations, additions, improvements, or other work to be done or performed or materials to be supplied, in or upon the Property, the City shall pay, when due, all sums of money that may become due for, or purporting to be for, any labor, services, materials, supplies or equipment furnished or alleged to have been furnished to or for the City in, upon or about the Property and which may be secured by a mechanics', materialmen's or other lien against the Property or the Authority's interest therein, and will cause each such lien to be fully discharged and released at the time the performance of any obligation secured by any such lien matures or becomes due, except

that, if the City desires to contest any such lien, it may do so as long as such contestment is in good faith. If any such lien shall be reduced to final judgment and such judgment or such process as may be issued for the enforcement thereof is not promptly stayed, or if so stayed and said stay thereafter expires, the City shall forthwith pay and discharge said judgment.

Section 9.03 Quiet Enjoyment. The parties hereto mutually covenant that the City, by keeping and performing the covenants and agreements herein contained, shall at all times during the term of this Lease Agreement peaceably and quietly have, hold and enjoy the Property without suit, trouble or hindrance from the Authority.

Section 9.04 Authority Not Liable. The Authority and its directors, officers, agents and employees, shall not be liable to the City or to any other party whomsoever for any death, injury or damage that may result to any person or property by or from any cause whatsoever in, on or about the Property. To the extent permitted by law, the City shall, at its expense, indemnify and hold the Authority and the Trustee and all directors, members, officers and employees thereof harmless against and from any and all claims by or on behalf of any person, firm, corporation or governmental authority arising from the acquisition, construction, occupation, use, operation, maintenance, possession, conduct or management of or from any work done in or about the Property or from the subletting of any part thereof, including any liability for violation of conditions, agreements, restrictions, laws, ordinances, or regulations affecting the Property or the occupancy or use thereof, but excepting the negligence or willful misconduct of the persons or entity seeking indemnity. The City also covenants and agrees, at its expense, to pay and indemnify and save the Authority and the Trustee and all directors, officers and employees thereof harmless against and from any and all claims arising from (a) any condition of the Property and the adjoining sidewalks and passageways, (b) any breach or default on the part of the City in the performance of any covenant or agreement to be performed by the City pursuant to this Lease Agreement, (c) any act or negligence of licensees in connection with their use, occupancy or operation of the Property, or (d) any accident, injury or damage whatsoever caused to any person, firm or corporation in or about the Property or upon or under the sidewalks and from and against all costs, reasonable counsel fees, expenses and liabilities incurred in any action or proceeding brought by reason of any claim referred to in this Section, but excepting the negligence or willful misconduct of the person or entity seeking indemnity. In the event that any action or proceeding is brought against the Authority or the Trustee or any director, member, officer or employee thereof, by reason of any such claim, the City, upon notice from the Authority or the Trustee or such director, member, officer employee thereof, covenants to resist or defend such action or proceeding by counsel reasonably satisfactory to the Authority or the Trustee or such director, member, officer or employee thereof.

To the extent this Lease Agreement confers upon or gives or grants the Trustee any right, remedy or claim under or by reason of this Lease Agreement, the Trustee is hereby explicitly recognized as being a third-party beneficiary hereunder and may enforce any such right, remedy or claim conferred, given or granted hereunder.

Section 9.05 Assignment and Subleasing. Neither this Lease Agreement nor any interest of the City hereunder shall be sold, mortgaged, pledged, assigned, or transferred by the City by voluntary act or by operation of law or otherwise. The Property may not be subleased in whole or in part by the City without the prior written consent of the Authority [and the Insurer]. Any such sublease shall be subject to all of the following conditions:

(a) this Lease Agreement and the obligation of the City to make all Rental Payments hereunder shall remain the primary obligation of the City;

(b) the City shall, within 30 days after the delivery thereof, furnish or cause to be furnished to the Authority, the Insurer and the Trustee a true and complete copy of such sublease;

(c) any sublease of the Property by the City shall explicitly provide that such sublease is subject to all rights of the Authority under this Lease Agreement, including, the right to re-enter and re-let the Property or terminate this Lease Agreement upon a default by the City; and

(d) the City shall furnish the Authority and the Trustee with an Opinion of Counsel to the effect that such sublease will not, in and of itself, cause the interest on the Bonds to be included in gross income for federal income tax purposes.

Section 9.06 Title to Property. Upon the termination or expiration of this Lease Agreement (other than as provided in Section 7.01 and Section 8.01 hereof), and the first date upon which the Bonds are no longer Outstanding, all right, title and interest in and to the Property shall vest in the City. Upon any such termination or expiration, the Authority shall execute such conveyances, deeds and other documents as may be necessary to effect such vesting of record.

Section 9.07 Authority's Purpose. The Authority covenants that, prior to the discharge of this Lease Agreement and the Bonds, it will not engage in any activities inconsistent with the purposes for which the Authority is organized, as set forth in the Joint Powers Agreement.

Section 9.08 Representations of the City. The City represents and warrants to the Authority that (a) the City has the full power and authority to enter into, to execute and to deliver this Lease Agreement and the Indenture, and to perform all of its duties and obligations hereunder and thereunder, and has duly authorized the execution and delivery of this Lease Agreement and the Indenture, and (b) the Property will be used in the performance of essential governmental functions.

Section 9.09 Representation of the Authority. The Authority represents and warrants to the City that the Authority has the full power and authority to enter into, to execute and to deliver this Lease Agreement, the Assignment Agreement and the Indenture, and to perform all of its duties and obligations hereunder and thereunder, and has duly authorized the execution and delivery of this Lease Agreement, the Assignment Agreement and the Indenture.

Section 9.10 Hazardous Substances. The City covenants and agrees to comply in all material respects with all laws applicable to the Property or any portion thereof, including without limitation all local, State and federal environmental and Hazardous Substances laws, rules and regulations, and with any order of any jurisdiction over the Property. For purposes of this paragraph, "Hazardous Substances" means any substances, pollutants, wastes and contaminants now or hereafter included in such (or any similar) term under any federal, state or local ordinance, code or regulation now existing or hereafter enacted or amended.

ARTICLE X

NO CONSEQUENTIAL DAMAGES; USE OF THE PROPERTY; SUBSTITUTION OR RELEASE

Section 10.01 No Consequential Damages. In no event shall the Authority or the Trustee be liable for any incidental, indirect, special or consequential damage in connection with or arising out of this Lease Agreement or the City's use of the Property.

Section 10.02 Use of the Property. The City will not use, operate or maintain the Property improperly, carelessly, in violation of any applicable law or in a manner contrary to that contemplated by this Lease Agreement. In addition, the City agrees to comply in all respects (including, without limitation, with respect to the use, maintenance and operation of the Property) with all laws of the jurisdictions in which its operations may extend and any legislative, executive, administrative or judicial body exercising any power or jurisdiction over the Property; provided, however, that the City may contest in good faith the validity or application of any such law or rule in any reasonable manner which does not, in the opinion of the Authority, adversely affect the estate of the Authority in and to any of the Property or its interest or rights under this Lease Agreement.

Section 10.03 Substitution or Release of, or Addition to, the Property. The City shall have the right, [with the written consent of the Insurer (so long as the Insurer is not in default on any obligation under the Insurance Policy and subject to this Section)] to substitute alternate real property for any portion of the Property or to release a portion of the Property from this Lease Agreement or to add additional property to the encumbrance of this Lease Agreement. All costs and expenses incurred in connection with such substitution, release or addition shall be borne by the City. Notwithstanding any substitution or release of, or addition to, Property pursuant to this subsection, there shall be no reduction in or abatement of the Base Rental Payments due from the City hereunder as a result of such substitution, release or addition. Any such substitution or release of any portion of the Property, or addition to the Property, shall be subject to the following specific conditions, which are hereby made conditions precedent to such substitution, release or addition:

(a) a Written Certificate of the City to the effect that the Property, as constituted after such substitution, release or addition, (i) has an annual fair rental value at least equal to the maximum Base Rental Payments payable by the City in any Rental Period, and (ii) has a useful life in excess of the final maturity of any Outstanding Bonds;

(b) with respect to any substituted or added property, the City shall have obtained or caused to be obtained a CLTA or ALTA title insurance policy or policies with respect to the Property (as such term will be defined after such substitution or addition) that when taken together with other title insurance policies covering portions of the Property other than such substituted or added property, will be in the amount at least equal to the aggregate principal amount of all Outstanding Bonds, of the type and with the endorsements described in Section 6.02 hereof; and

(c) the City, the Authority and the Trustee shall have executed, and the City shall have caused to be recorded with the Riverside County Recorder, any document necessary to reconvey to the City the portion of the Property being released and to include any substituted or added real property in the description of the Property contained herein and in the Ground Lease.

ARTICLE XI

MISCELLANEOUS

Section 11.01 Law Governing. THIS LEASE AGREEMENT SHALL BE GOVERNED EXCLUSIVELY BY THE PROVISIONS HEREOF AND BY THE LAWS OF THE STATE OF CALIFORNIA AS THE SAME FROM TIME TO TIME EXIST.

Section 11.02 Notices. All written notices, statements, demands, consents, approvals, authorizations, offers, designations, requests or other communications hereunder shall be given to the party entitled thereto at its address set forth below, or at such other address as such party may provide to the other parties in writing from time to time, namely:

If to the City:	City of Eastvale 12363 Limonite Avenue Suite 910 Eastvale, California 91752 Attention: City Manager
If to the Authority:	Eastvale Public Financing Authority c/o City of Eastvale 12363 Limonite Avenue Suite 910 Eastvale, California 91752 Attention: Executive Director

Each such notice, statement, demand, consent, approval, authorization, offer, designation, request or other communication hereunder shall be deemed delivered to the party to whom it is addressed (a) if personally served or delivered, upon delivery, (b) if given by electronic communication, whether by telex, telegram or telecopier, upon the sender's receipt of an appropriate answerback or other written acknowledgment, (c) if given by registered or certified mail, return receipt requested, deposited with the United States mail postage prepaid, 72 hours after such notice is deposited with the United States mail, (d) if given by overnight courier, with courier charges prepaid, 24 hours after delivery to said overnight courier, or (e) if given by any other means, upon delivery at the address specified in this Section.

Section 11.03 Validity and Severability. If for any reason this Lease Agreement shall be held by a court of competent jurisdiction to be void, voidable or unenforceable by the Authority or by the City, or if for any reason it is held by such a court that any of the covenants and conditions of the City hereunder, including the covenant to pay Rental Payments, is unenforceable for the full term hereof; then and in such event this Lease Agreement is and shall be deemed to be a Lease Agreement under which the Rental Payments are to be paid by the City annually in consideration of the right of the City to possess, occupy and use the Property, and all of the terms, provisions and conditions of this Lease Agreement, except to the extent that such terms, provisions and conditions are contrary to or inconsistent with such holding, shall remain in full force and effect.

Section 11.04 Net-Net-Net Lease. This Lease Agreement shall be deemed and construed to be a "net-net-net lease" and the City hereby agrees that the Rental Payments shall be an absolute net

return to the Authority, free and clear of any expenses, charges or set-offs whatsoever and notwithstanding any dispute between the City and the Authority.

Section 11.05 Taxes. The City shall pay or cause to be paid all taxes and assessments of any type or nature charged to the Authority or affecting the Property or the respective interests or estates therein; provided, however, that with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, the City shall be obligated to pay only such installments as are required to be paid during the term of this Lease Agreement as and when the same become due.

The City or any sublessee may, at the City's or such sublessee's expense and in its name, with notice to the Insurer, in good faith contest any such taxes, assessments, utility and other charges and, in the event of any such contest, may permit the taxes, assessments or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom unless the Authority or the Trustee shall notify the City or such sublessee that, in the opinion of independent counsel, by nonpayment of any such items, the interest of the Authority in the Property will be materially endangered or the Property, or any part thereof, will be subject to loss or forfeiture, in which event the City or such sublessee shall promptly pay such taxes, assessments or charges or provide the Authority with full security against any loss which may result from nonpayment, in form satisfactory to the Authority, the Insurer and the Trustee.

Section 11.06 Section Headings. All section headings contained herein are for convenience of reference only and are not intended to define or limit the scope of any provision of this Lease Agreement.

Section 11.07 Amendments.

(a) This Lease Agreement and the Ground Lease may be amended and the rights and obligations of the Authority and the City hereunder and thereunder may be amended at any time by an amendment hereto or thereto which shall become binding upon execution and delivery by the Authority and the City, but only with the prior written consent of the Owners of a majority of the principal amount of the Bonds then Outstanding pursuant to the Indenture and the Insurer (so long as the Insurer has not defaulted on any obligation under the Insurance Policy), provided that no such amendment shall (i) extend the payment date of any Base Rental Payments, reduce the interest component or principal component of any Base Rental Payments or change the prepayment terms and provisions, without the prior written consent of the Owner of each Bond so affected, or (ii) reduce the percentage of the principal amount of the Bonds the consent of the Owners of which is required for the execution of any amendment of this Lease Agreement or the Ground Lease, or (iii) amend this Section without the prior written consent of the Owners of the Bonds then Outstanding and the Insurer.

(b) This Lease Agreement and the Ground Lease and the rights and obligations of the Authority and the City hereunder and thereunder may also be amended at any time by an amendment hereto or thereto which shall become binding upon execution by the Authority and the City, without the written consents of the Insurer or any Owners, but only to the extent permitted by law and only for any one or more of the following purposes:

(i) to add to the agreements, conditions, covenants and terms required by the Authority or the City to be observed or performed herein or therein other agreements, conditions,

covenants and terms thereafter to be observed or performed by the Authority or the City, or to surrender any right or power reserved herein or therein to or conferred herein or therein on the Authority or the City, and which in either case shall not materially adversely affect the interests of the Owners;

(ii) to make such provisions for the purpose of curing any ambiguity or of correcting, curing or supplementing any defective provision contained herein or therein or in regard to questions arising hereunder or thereunder which the Authority or the City may deem desirable or necessary and not inconsistent herewith or therewith, and which shall not materially adversely affect the interests of the Owners;

(iii) to make such additions, deletions or modifications as may be necessary or appropriate to assure the exclusion from gross income for federal income tax purposes of the interest on the Bonds;

(iv) to provide for the substitution or release of a portion of the Property in accordance with the provisions of Section 10.03 hereof;

(v) to provide for the issuance of Additional Bonds in accordance with Article III of the Indenture; or

(vi) to make such other changes herein or therein or modifications hereto or thereto as the Authority or the City may deem desirable or necessary, and which shall not materially adversely affect the interests of the Owners, as evidenced by an Opinion of Bond Counsel.

Section 11.08 Assignment. The City and the Authority hereby acknowledge the assignment of this Lease Agreement (except for the Authority's obligations and its rights to give consents or approvals hereunder), and the Base Rental Payments payable hereunder, to the Trustee pursuant to the Assignment Agreement.

Section 11.09 Execution. This Lease Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all together shall constitute but one and the same Lease Agreement.

Section 11.10 Insurer as Third Party Beneficiary. [The Insurer is a third-party beneficiary under this Lease Agreement and may enforce any right, remedy or claim conferred upon, given or granted hereunder.]

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

IN WITNESS WHEREOF, the Authority and the City have caused this Lease Agreement to be executed by their respective officers thereunto duly authorized, all as of the day and year first above written.

CITY OF EASTVALE

and

EASTVALE PUBLIC FINANCING AUTHORITY

Dated as of July 1, 2025

Relating to

$_____
EASTVALE PUBLIC FINANCING AUTHORITY
LEASE REVENUE BONDS, SERIES 2025A
(CIVIC CENTER PROJECT)

GROUND LEASE

THIS GROUND LEASE (this "Ground Lease"), executed and entered into as of July 1, 2025, is by and between the CITY OF EASTVALE (the "City"), a municipal corporation and general law city duly organized and existing under and by virtue of the Constitution and laws of the State of California, as lessor, and the EASTVALE PUBLIC FINANCING AUTHORITY (the "Authority"), a joint exercise of powers entity duly organized and existing under the laws of the State of California, as lessee.

WITNESSETH:

WHEREAS, the City and the Authority desire to finance the costs of the acquisition, construction and/or installation of certain capital improvement projects within the City, including but not limited to, the design and development of Civic Center Project, which includes the City Hall, Library, and Police Station buildings, as well as a Civic Plaza, Park, Amphitheater, and parking, associated facilities and equipment (collectively, the "Project");

WHEREAS, in order to finance the Project, the City will lease certain real property and the improvements located thereon (the "Property") to the Authority pursuant to this Ground Lease, and the City will sublease the Property back from the Authority pursuant to a Lease Agreement, dated as of July 1, 2025 (the "Lease Agreement");

WHEREAS, the Property is more particularly described in Exhibit A hereto;

WHEREAS, the City and the Authority have determined that it would be in the best interests of the City and the Authority to provide the funds necessary to finance the Project through the issuance by the Authority of bonds payable from the Base Rental Payments (as defined in the Lease Agreement) to be made by the City under the Lease Agreement;

WHEREAS, the City and the Authority have determined that it would be in the best interests of the City and the Authority to provide for the issuance of such bonds payable from the Base Rental Payments pursuant to an Indenture, dated as of July 1, 2025 (the "Indenture"), by and among the Authority, the City and U.S. Bank Trust Company, National Association, as trustee (the "Trustee");

WHEREAS, all rights to receive the Base Rental Payments have been assigned without recourse by the Authority to the Trustee pursuant to an Assignment Agreement, dated as of July 1, 2025 (the "Assignment Agreement") by and between the Authority and the Trustee; and

WHEREAS, all acts, conditions and things required by law to exist, to have happened and to have been performed precedent to and in connection with the execution and entering into of this Ground Lease do exist, have happened and have been performed in regular and due time, form and manner as required by law, and the parties hereto are now duly authorized to execute and enter into this Ground Lease;

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained, the parties hereto agree as follows:

ARTICLE I

DEFINITIONS

Except as otherwise defined herein, or unless the context clearly otherwise requires, words and phrases defined in the Lease Agreement or the Indenture shall have the same meaning in this Ground Lease.

ARTICLE II

LEASE OF THE PROPERTY; RENTAL

Section 2.01 Lease of Property. The City hereby leases to the Authority, and the Authority hereby leases from the City, for the benefit of the Owners of the Bonds, the Property and all rights appurtenant thereto, including, but not limited to, rights of access, subject only to Permitted Encumbrances, to have and to hold for the term of this Ground Lease.

Section 2.02 Rental. The Authority shall pay to the City as and for rental of the Property hereunder, the sum of $1.00, the receipt of which is hereby acknowledged, and shall enter into the Lease Agreement.

ARTICLE III

QUIET ENJOYMENT

The parties intend that the Property will be leased back to the City pursuant to the Lease Agreement for the term thereof. It is further intended that, to the extent provided herein and in the Lease Agreement, if an event of default occurs under the Lease Agreement, the Authority, or its assignee, will have the right, for the then remaining term of this Ground Lease to (a) take possession of the Property, (b) if it deems it appropriate, cause an appraisal of the Property and a study of the then reasonable use thereof to be undertaken, and (c) relet the Property. Subject to any rights the City may have under the Lease Agreement (in the absence of an event of default) to possession and enjoyment of the Property, the City hereby covenants and agrees that it will not take any action to prevent the Authority from having quiet and peaceable possession and enjoyment of the Property during the term hereof and will, at the request of the Authority and at the City's cost, to the extent that it may lawfully do so, join in any legal action in which the Authority asserts its right to such possession and enjoyment.

ARTICLE IV

SPECIAL COVENANTS AND PROVISIONS

Section 4.01 Waste. The Authority agrees that at all times that it is in possession of the Property, it will not commit, suffer or permit any waste on the Property, and that it will not willfully or knowingly use or permit the use of the Property for any illegal purpose or act.

Section 4.02 Further Assurances and Corrective Instruments. The City and the Authority agree that they will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may

reasonably be required for correcting any inadequate or incorrect description of the Property hereby leased or intended so to be or for carrying out the expressed intention of this Ground Lease, the Indenture and the Lease Agreement.

Section 4.03 Waiver of Personal Liability. All liabilities under this Ground Lease on the part of the Authority shall be solely liabilities of the Authority as a joint exercise of powers entity, and the City hereby releases each and every director, officer and employee of the Authority of and from any personal or individual liability under this Ground Lease. No director, officer or employee of the Authority shall at any time or under any circumstances be individually or personally liable under this Ground Lease to the City or to any other party whomsoever for anything done or omitted to be done by the Authority hereunder.

All liabilities under this Ground Lease on the part of the City shall be solely liabilities of the City as a public corporation, and the Authority hereby releases each and every member, officer and employee of the City of and from any personal or individual liability under this Ground Lease. No member, officer or employee of the City shall at any time or under any circumstances be individually or personally liable under this Ground Lease to the Authority or to any other party whomsoever for anything done or omitted to be done by the City hereunder.

Section 4.04 Taxes. The City covenants and agrees to pay any and all assessments of any kind or character and also all taxes, including possessory interest taxes, levied or assessed upon the Property.

Section 4.05 Right of Entry. The City reserves the right for any of its duly authorized representatives to enter upon the Property at any reasonable time to inspect the same.

Section 4.06 Representations of the City. The City represents and warrants to the Authority and the Trustee as follows:

(a) the City has the full power and authority to enter into, to execute and to deliver this Ground Lease, and to perform all of its duties and obligations hereunder, and has duly authorized the execution of this Ground Lease;

(b) except for Permitted Encumbrances, the Property is not subject to any dedication, easement, right of way, reservation in patent, covenant, condition, restriction, lien or encumbrance which would prohibit or materially interfere with the use of the Property for governmental purposes as contemplated by the City;

(c) all taxes, assessments or impositions of any kind with respect to the Property, except current taxes, have been paid in full; and

(d) the Property is necessary to the City in order for the City to perform its governmental functions.

Section 4.07 Representations of the Authority. The Authority represents and warrants to the City and the Trustee that the Authority has the full power and authority to enter into, to execute and to deliver this Ground Lease, and to perform all of its duties and obligations hereunder, and has duly authorized the execution and delivery of this Ground Lease.

ARTICLE V

ASSIGNMENT, SUBLEASING, MORTGAGING AND SELLING

Section 5.01 Assignment and Subleasing. This Ground Lease may be sold or assigned and the Property subleased, as a whole or in part, by the Authority without the necessity of obtaining the consent of the City, if an event of default occurs under the Lease Agreement. The Authority shall, within 30 days after such an assignment, sale or sublease, furnish or cause to be furnished to the City a true and correct copy of such assignment, sale or sublease, as the case may be.

Section 5.02 Restrictions on City. The City agrees that, except with respect to Permitted Encumbrances, it will not mortgage, sell, encumber, assign, transfer or convey the Property or any portion thereof during the term of this Ground Lease.

ARTICLE VI

TERM; TERMINATION

Section 6.01 Term. The term of this Ground Lease shall commence as of the date of issuance of the Series 2025A Bonds and shall remain in full force and effect from such date to and including May 1, 20[55], unless such term is extended or sooner terminated as hereinafter provided.

Section 6.02 Extension; Early Termination. If, on May 1, 20[55], the Bonds shall not be fully paid, or provision therefor made in accordance with Article X of the Indenture, or the Indenture shall not be discharged by its terms, or if the Rental Payments payable under the Lease Agreement shall have been abated at any time, or amounts that are owed to the Insurer pursuant to the Terms of the Insurance Policy, the Lease Agreement or the Indenture, then the term of this Ground Lease shall be automatically extended until the date upon which all Bonds shall be fully paid, or provision therefor made in accordance with Article X of the Indenture, and the Indenture shall be discharged by its terms, except that the term of this Ground Lease shall in no event be extended beyond May 1, 20[65]. If, prior to May 1, 20[55], all Bonds shall be fully paid, or provisions therefor made in accordance with Article X of the Indenture, and the Indenture shall be discharged by its terms, the term of this Ground Lease shall end simultaneously therewith. Subject to Section 9.05 of the Lease Agreement, no termination, assignment (other than to the Trustee in accordance with the Indenture and the Assignment Agreement), transfer, release, disposition or sublease of the Ground Lease, the Property or any portion thereof shall be permitted without the prior written consent of the Insurer.

ARTICLE VII

MISCELLANEOUS

Section 7.01 Binding Effect. This Ground Lease shall inure to the benefit of and shall be binding upon the City, the Authority and their respective successors and assigns.

Section 7.02 Severability. In the event any provision of this Ground Lease shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

Section 7.03 Amendments, Changes and Modifications. This Ground Lease may be amended, changed, modified, altered or terminated only in accordance with the provisions of the Lease Agreement.

Section 7.04 Assignment to Trustee. The Authority and City acknowledge that the Authority has assigned its right, title and interest in and to this Ground Lease (but none of its obligations and none of its rights to provide consents or approvals hereunder) to the Trustee pursuant to certain provisions of the Assignment Agreement. The City consents to such assignment.

Section 7.05 Execution In Counterparts. This Ground Lease may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Section 7.06 Applicable Law. This Ground Lease shall be governed by and construed in accordance with the laws of the State of California.

Section 7.07 Insurer as Third Party Beneficiary. The Insurer is a third-party beneficiary under this Ground Lease and may enforce any right, remedy or claim conferred upon, given or granted hereunder.

Section 7.08 Captions. The captions or headings in this Ground Lease are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Ground Lease.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

IN WITNESS WHEREOF, the Authority and the City have caused this Ground Lease to be executed by their respective officers hereunto duly authorized, all as of the day and year first above written.

EASTVALE PUBLIC FINANCING AUTHORITY
LEASE REVENUE BONDS, SERIES 2025A
(CIVIC CENTER PROJECT)

ASSIGNMENT AGREEMENT

THIS ASSIGNMENT AGREEMENT (this "Assignment Agreement"), executed and entered into as of July 1, 2025, is by and between the EASTVALE PUBLIC FINANCING AUTHORITY, a joint exercise of powers entity organized and existing under and by virtue of the laws of the State of California (the "Authority"), and U.S. BANK TRUST COMPANY, NATIONAL ASSOCIATION, a national banking association organized and existing under the laws of the United States, as Trustee (the "Trustee").

WITNESSETH:

WHEREAS, the City and the Authority desire to finance the costs of the acquisition, construction and/or installation of certain capital improvement projects within the City, including but not limited to, the design and development of the Civic Center Project, which includes the City Hall, Library, and Police Station buildings, as well as a Civic Plaza, Park, Amphitheater, and parking, associated facilities and equipment (collectively, the "Project");

WHEREAS, in order to finance the Project, the City will lease certain real property and the improvements located thereon (the "Property") to the Authority pursuant to a Ground Lease, dated as of July 1, 2025, and recording concurrently herewith (the "Ground Lease"), and the City will sublease the Property back from the Authority pursuant to a Lease Agreement, dated as of July 1, 2025, as disclosed by a Memorandum of Lease Agreement recording concurrently herewith (the "Lease Agreement");

WHEREAS, the Property is more particularly described in Exhibit A hereto;

WHEREAS, under the Lease Agreement, the City is obligated to make Base Rental Payments (as defined in the Lease Agreement) to the Authority;

WHEREAS, the Authority desires to assign without recourse certain of its rights in the Ground Lease and the Lease Agreement, including its right to receive the Base Rental Payments, to the Trustee for the benefit of the owners of bonds (the "Bonds") to be issued pursuant to the Indenture, dated as of the date hereof (as supplemented from time to time in accordance with the terms thereof, the "Indenture"), by and among the Authority, the City and the Trustee;

WHEREAS, all acts, conditions and things required by law to exist, to have happened and to have been performed precedent to and in connection with the execution and entering into of this Assignment Agreement do exist, have happened and have been performed in regular and due time, form and manner as required by law, and the parties hereto are now duly authorized to execute and enter into this Assignment Agreement;

NOW, THEREFORE, in consideration of the premises and of the mutual agreements and covenants contained herein and for other valuable consideration, the parties hereto do hereby agree as follows:

Section 1. Assignment. The Authority, for good and valuable consideration, the receipt of which is hereby acknowledged, does hereby sell, assign and transfer to the Trustee, irrevocably and absolutely, without recourse, for the benefit of the owners of the Bonds, all of its right, title and interest in and to the Ground Lease and the Lease Agreement including, without limitation, its right

to receive the Base Rental Payments to be paid by the City under and pursuant to the Lease Agreement; provided, however, that the Authority shall retain its obligations under the Lease Agreement and Ground Lease, the rights to indemnification, to give approvals and consents under the Lease Agreement and the Ground Lease and to payment or reimbursement of its reasonable costs and expenses under the Lease Agreement.

Section 2. Acceptance. The Trustee hereby accepts the foregoing assignment, subject to the terms and provisions of the Indenture, and all such Base Rental Payments shall be applied and the rights so assigned shall be exercised by the Trustee as provided in the Lease Agreement and the Indenture.

Section 3. Conditions. This Assignment Agreement shall impose no obligations upon the Trustee beyond those expressly provided in the Indenture.

Section 4. Further Assurances. The Authority shall make, execute and deliver any and all such further resolutions, instruments and assurances as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of this Assignment Agreement, and for the better assuring and confirming to the Trustee, for the benefit of the owners of the Bonds, the rights intended to be conveyed pursuant hereto.

Section 5. Governing Law. THIS ASSIGNMENT AGREEMENT SHALL BE GOVERNED EXCLUSIVELY BY THE PROVISIONS HEREOF AND BY THE LAWS OF THE STATE OF CALIFORNIA AS THE SAME FROM TIME TO TIME EXIST.

Section 6. Execution. This Assignment Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all together shall constitute but one and the same Assignment Agreement.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

IN WITNESS WHEREOF, the Authority and the Trustee have caused this Assignment Agreement to be executed by their respective officers thereunto duly authorized, all as of the day and year first above-written.

Eastvale Public Financing Authority
12363 Limonite Avenue, Suite 910
Eastvale, California 91752

Ladies and Gentlemen:

BofA Securities, Inc. (the "Underwriter") hereby offers to enter into this Bond Purchase Agreement (the "Purchase Agreement") with the City of Eastvale, an incorporated city duly organized and validly existing under and pursuant to the laws of the State of California (the "City"), and the Eastvale Public Financing Authority, a joint exercise of powers authority duly organized and validly existing under and pursuant to the laws of the State of California (the "Authority"), whereby the Underwriter will purchase and the City and the Authority will sell the Bonds (as defined and described below). The Underwriter is making this offer subject to the acceptance by the City and the Authority at or before 5:00 P.M., Pacific Daylight Time, on the date hereof. If the City and the Authority accept this Purchase Agreement, this Purchase Agreement shall be in full force and effect in accordance with its terms and shall bind the City, the Authority and the Underwriter. The Underwriter may withdraw this Purchase Agreement upon written notice delivered by the Underwriter to the City Manager of the City and the Executive Director of the Authority at any time before the City and the Authority accept this Purchase Agreement. Terms used but not defined in this Purchase Agreement are defined in the Indenture (as defined below).

1. PURCHASE AND SALE.

Upon the terms and conditions and in reliance upon the representations, warranties and agreements herein set forth, the Underwriter hereby agrees to purchase from the Authority, and the Authority hereby agrees to sell and deliver to the Underwriter, all (but not less than all) of the following bonds: Eastvale Public Financing Authority Lease Revenue Bonds, Series 2025A (Civic Center Project) (the "Bonds"), at the purchase price of $_____, representing the aggregate principal amount of the Bonds of $[Par Amount], less an Underwriter's discount of $_____ plus [net] original issue premium of $_____. The Underwriter agrees to make an initial public offering of the Bonds at a price or prices described in Schedule I hereto; provided, however, the Underwriter reserves the right to change such initial public offering prices

as the Underwriter deems necessary or desirable, in its sole discretion, in connection with the marketing of the Bonds (but in all cases subject to the requirements of Section 4 hereof), and may offer and sell the Bonds to certain dealers, unit investment trusts and money market funds, certain of which may be sponsored or managed by the Underwriter at prices lower than the public offering prices or yields greater than the yields set forth therein (but in all cases subject to the requirements of Section 4 hereof).

The City and the Authority acknowledge and agree that: (i) the Underwriter is not acting as a municipal advisor within the meaning of Section 15B of the Securities Exchange Act, as amended, (ii) the primary role of the Underwriter, as an Underwriter, is to purchase securities, for resale to investors, in an arm's length commercial transaction among the City, the Authority and the Underwriter and the Underwriter has financial and other interests that differ from those of the City and the Authority; (iii) the Underwriter is acting solely as a principal and is not acting as a municipal advisor, financial advisor or fiduciary to the City or the Authority and has not assumed any advisory or fiduciary responsibility to the City or the Authority with respect to the transaction contemplated hereby and the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriter has provided other services or is currently providing other services to the City or the Authority on other matters); (iv) the only obligations the Underwriter has to the City and the Authority with respect to the transaction contemplated hereby expressly are set forth in this Purchase Agreement; and (v) the City and the Authority have consulted their own financial and/or municipal, legal, accounting, tax and other advisors, as applicable, to the extent they have deemed appropriate.

2. DESCRIPTION AND PURPOSE OF THE BONDS.

The Bonds are being issued pursuant to the provisions of Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code (the "Act") of the State of California (the "State"), an Indenture, dated as of [As of Date] (the "Indenture"), by and among the Authority, the City and U.S. Bank Trust Company, National Association, as Trustee (the "Trustee"), a resolution of the City Council of the City with respect to the Bonds (the "City Resolution") and a resolution of the governing board of the Authority with respect to the Bonds (the "Authority Resolution" and, together with the City Resolution, the "Resolutions"). The Bonds will be principally secured by base rental payments to be made by the City pursuant to a Lease Agreement, dated as of [As of Date] (the "Lease"), by and between the Authority, as lessor, and the City, as lessee, in consideration for the use of certain real property and improvements thereon (the "Property") described in the Lease. The Authority will have obtained its interest in the Property pursuant to a Ground Lease, dated as of [As of Date] (the "Ground Lease"), by and between the City, as lessor, and the Authority, as lessee. Substantially all of the Authority's right, title and interest in and to the Ground Lease and the Lease, including its rights to receive the base rental payments due under the Lease Agreement and to enforce any remedies in the event of a default under the Lease Agreement by the City will be assigned by the Authority to the Trustee for the benefit of the owners of the Bonds pursuant to an Assignment Agreement, dated as of [As of Date] (the "Assignment Agreement"), by and between the Authority and the Trustee. The Indenture, the Ground Lease, the Lease and the Assignment Agreement are referred to herein as the "Legal Documents."

The proceeds of the sale of the Bonds will be used to (i) finance the costs of the acquisition, construction and installation of certain capital improvements of the City, generally consisting of the Civic Center Project, (ii) fund capitalized interest on a portion of the Bonds, (iii) [purchase a municipal bond insurance policy to guarantee payment of the principal of and interest on the Insured Bonds (as defined below) when due], and (iv) pay the costs incurred in connection with the issuance of the Bonds.

The Bonds will be secured under the provisions of the Act and the Indenture. The Bonds shall mature in the years, bear interest, be purchased at the prices and be subject to optional and mandatory redemption at the times and in the amounts, all as set forth in Schedule I attached hereto. The scheduled payment of principal of and interest on a portion of the Bonds, as set forth in Schedule I hereto (the "Insured Bonds"), when due will be guaranteed under an insurance policy (the "Bond Insurance Policy") to be issued concurrently with the delivery of the Insured Bonds by [Insurer] (the "Bond Insurer"). The Authorized Denominations, Record Dates, Interest Payment Dates, Sinking Fund Payment Dates, and other details and particulars of the Bonds shall be as described in the Indenture and the Official Statement (as defined below) of the City and the Authority.

3. DELIVERY OF THE OFFICIAL STATEMENT AND OTHER DOCUMENTS.

(a) The City and the Authority have approved and delivered or caused to be delivered to the Underwriter the Preliminary Official Statement dated [POS Date], which, including the cover page and all appendices thereto, is herein referred to as the "Preliminary Official Statement." It is acknowledged by the City and the Authority that the Underwriter may deliver the Preliminary Official Statement and a final Official Statement (as hereinafter defined) electronically over the internet. The City and the Authority have deemed the Preliminary Official Statement final as of its date and as of the date hereof for purposes of Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended ("Rule 15c2-12"), except for any information which is permitted to be omitted therefrom in accordance with paragraph (b)(1) of Rule 15c2-12.

(b) Within seven (7) business days from the date hereof, and in any event not later than two (2) business days before the Closing Date, the City and the Authority shall deliver to the Underwriter a final Official Statement relating to the Bonds dated the date hereof (such Official Statement, including the cover page, and all appendices attached thereto, together with all information previously permitted to have been omitted by Rule 15c2-12 and any amendments or supplements and statements incorporated by reference therein or attached thereto, as have been approved by the City, the Authority, Bond Counsel, and the Underwriter, is referred to herein as the "Official Statement") in the "designated electronic format" (as defined in Rule G-32 of the Municipal Securities Rulemaking Board (the "MSRB")), to enable the Underwriter to comply with the rules of the Securities and Exchange Commission (the "SEC") and the MSRB. The Underwriter agrees to file a copy of the Official Statement, including any amendments or supplements thereto prepared by the City and the Authority, with the MSRB on its Electronic Municipal Markets Access ("EMMA") system. The Official Statement shall be executed by and on behalf of the Authority and the City by the respective authorized officer thereof. The Official Statement shall be in substantially the same form as the Preliminary Official Statement and, other than information previously permitted to have been omitted by Rule 15c2-12, the City and the Authority shall only

make such other additions, deletions and revisions in the Official Statement which are approved by the Underwriter. The City and the Authority hereby agree to deliver to the Underwriter an electronic copy of the Official Statement in a form that permits the Underwriter to satisfy its obligations under the rules and regulations of the MSRB and the SEC including in a word-searchable pdf format including any amendments thereto. The City and the Authority hereby ratify, confirm and consent to and approve the use and distribution by the Underwriter before the date hereof of the Preliminary Official Statement and hereby authorize and consent to the use by the Underwriter of the Official Statement and the Legal Documents in connection with the public offering and sale of the Bonds.

(c) In order to assist the Underwriter in complying with Rule 15c2-12, the City will undertake, pursuant to the Continuing Disclosure Agreement, dated [Closing Date] (the "Disclosure Agreement"), by and between the City and Urban Futures, Inc., to provide annual financial information and notices of the occurrence of specified events. A description of the Disclosure Agreement is set forth in, and a form of such agreement is attached as an appendix to, the Preliminary Official Statement and the Official Statement.

4. ESTABLISHMENT OF ISSUE PRICE.

(a) The Underwriter agrees to assist the Authority in establishing the issue price of the Bonds and shall execute and deliver to the Authority at Closing an "issue price" or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit A, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Underwriter, the Authority and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. [All actions to be taken by the Authority under this section to establish the issue price of the Bonds may be taken on behalf of the Authority by the Authority's Municipal Advisor identified herein and any notice or report to be provided to the Authority may be provided to the Authority's Municipal Advisor.]

(b) [Except as otherwise set forth in Schedule I attached hereto,] the Authority will treat the first price at which 10% of each maturity of the Bonds (the "10% test") is sold to the public as the issue price of that maturity. At or promptly after the execution of this Purchase Agreement, the Underwriter shall report to the Authority the price or prices at which it has sold to the public each maturity of Bonds. If at that time the 10% test has not been satisfied as to any maturity of the Bonds, the Underwriter agrees to promptly report to the Authority the prices at which it sells the unsold Bonds of that maturity to the public. That reporting obligation shall continue until the earlier of the date upon which (i) the 10% test has been satisfied as to the Bonds of that maturity or maturities, or (ii) the Closing Date. For purposes of this Section, if Bonds mature on the same date but have different interest rates, each separate CUSIP number within that maturity will be treated as a separate maturity of the Bonds.

(c) The Underwriter confirms that it has offered the Bonds to the public on or before the date of this Purchase Agreement at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in Schedule I attached hereto, except as otherwise set forth therein. Schedule I also sets forth, as of the date of this Purchase Agreement, the maturities, if any, of the Bonds for which the 10% test has not been satisfied and for which the

Authority and the Underwriter agree that the restrictions set forth in the next sentence shall apply, which will allow the Authority to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the Underwriter will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

(1) the close of the fifth (5th) business day after the sale date; or

(2) the date on which the Underwriter has sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Underwriter will advise the Authority promptly after the close of the fifth (5th) business day after the sale date whether it has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

(d) The Underwriter confirms that:

(i) any selling group agreement and any third-party distribution agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A)(i) to report the prices at which it sells to the public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the Underwriter that the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Underwriter, and (ii) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter, and

(B) to promptly notify the Underwriter of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below), and

(C) to acknowledge that, unless otherwise advised by the dealer or broker-dealer, the Underwriter shall assume that each order submitted by the dealer or broker-dealer is a sale to the public.

(ii) any selling group agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Bonds

of that maturity allocated to it have been sold or it is notified by the Underwriter or the dealer that the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Underwriter or the dealer, and (B) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter or the dealer and as set forth in the related pricing wires.

(e) The Authority acknowledges that, in making the representations set forth in this section, the Underwriter will rely on (i) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in a selling group agreement and the related pricing wires, and (ii) in the event that a third-party distribution agreement was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The Authority further acknowledges that the Underwriter shall not be liable for the failure of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds.

(f) The Underwriter acknowledges that sales of any Bonds to any person that is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below) shall not constitute sales to the public for purposes of this section. Further, for purposes of this section:

(i) "public" means any person other than an underwriter or a related party,

(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the Authority (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Bonds to the public),

(iii) a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a

corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) "sale date" means the date of execution of this Purchase Agreement by all parties.

5. REPRESENTATIONS.

(a) The City represents to and agrees with the Underwriter that:

(i) The City is duly organized and validly existing, with full legal right, power and authority to cause the issuance, sale and delivery of the Bonds to the Underwriter pursuant to the Indenture, and execute, deliver and perform its obligations, as the case may be, under this Purchase Agreement, the Legal Documents to which it is a party (the "City Legal Documents"), and to perform and consummate all obligations and transactions required or contemplated by each of the City Legal Documents and the Official Statement.

(ii) The City Resolution approving and authorizing the execution and delivery by the City of the City Legal Documents and the offering, issuance and sale of the Bonds upon the terms set forth herein and in the Official Statement, was duly adopted at a meeting of the City Council of the City called and held pursuant to law and with all public notice required by law and at which a quorum was present and acting throughout, and is in full force and effect and has not been amended or repealed.

(iii) The Indenture and the Bonds conform to the descriptions thereof contained in the Preliminary Official Statement and the Official Statement and the Bonds, when duly issued and authenticated in accordance with the Indenture and delivered to the Underwriter as provided herein, will be validly issued and outstanding obligations of the City, entitled to the benefits of the Indenture and payable from the sources therein specified.

(iv) The City has executed and delivered, or will execute and deliver on or before the Closing Date, each of the City Legal Documents. Each of the City Legal Documents constitutes, or will, as of the Closing Date, constitute, a legal, valid and binding obligation of the City enforceable in accordance with its terms, subject to any applicable bankruptcy, insolvency or other laws affecting creditors' rights or remedies heretofore or hereafter enacted. Each of the City Legal Documents has been executed and delivered, or will be executed and delivered on or before the Closing Date, by each respective signatory and is currently in full force and effect or, as of the Closing Date, will be in full force and effect.

(v) The City is not in any material respect in breach of or default under any constitutional provision, law or administrative regulation of the State or of the United States or any agency or instrumentality of either, or of any other governmental agency, or any Material Judgment or Agreement (as defined below), and no event has occurred and is continuing which with the passage of time or the giving of notice, or both, would constitute a default or event of default under any Material Judgment or Agreement; and the adoption

of the City Resolution, the issuance, delivery and sale of the Bonds and the execution and delivery of the City Legal Documents and compliance with and performance of the City's obligations therein and herein will not in any material respect conflict with, violate or result in a breach of or constitute a default under, any such constitutional provision, law, administrative regulation or any Material Judgment or Agreement, nor will any such execution, delivery, adoption or compliance result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the City (except as described in or contemplated by the City Legal Documents and the Preliminary Official Statement and the Official Statement) or under the terms of any such law, administrative regulation or Material Judgment or Agreement. As used in this paragraph, the term "Material Judgment or Agreement" means any judgment or decree or any loan agreement, indenture, bond, note or resolution or any material agreement or other instrument to which the City is a party or to which the City or any of its property or assets is otherwise subject (including, without limitation, the Act, the City Resolution and the City Legal Documents).

(vi) All approvals, consents and orders of any governmental authority, board, agency, council, commission or other body having jurisdiction which would constitute a condition precedent to the performance by the City of its obligations hereunder and under the City Legal Documents have been obtained; provided, that the City makes no representations as to any approvals, consents or other actions which may be necessary to qualify the Bonds for offer and sale under Blue Sky or other state securities laws or regulations.

(vii) Any certificates executed by any officer of the City and delivered to the Underwriter pursuant hereto or in connection herewith shall be deemed a representation and warranty of the City as to the accuracy of the statements therein made.

(viii) Between the date hereof and the time of the Closing, the City shall not, without the prior written consent of the Underwriter, offer or issue in any material amount any bonds, notes or other obligations for borrowed money, or incur any material liabilities, direct or contingent, except in the course of normal business operations of the City or except for such borrowings as may be described in or contemplated by the Preliminary Official Statement and the Official Statement.

(ix) The financial statements of the City as of June 30, 2024 fairly represent the receipts, expenditures, assets, liabilities and cash balances of such amounts and, insofar as presented, other funds of the City as of the dates and for the periods therein set forth. Except as disclosed in the Preliminary Official Statement and the Official Statement or otherwise disclosed in writing to the Underwriter, there has not been any materially adverse change in the financial condition of the City or in its operations since June 30, 2024 and there has been no occurrence, circumstance or combination thereof which is reasonably expected to result in any such materially adverse change.

(x) Except for information which is permitted to be omitted pursuant to Rule 15c2-12(b)(1), the Preliminary Official Statement (excluding therefrom the information under the captions "UNDERWRITING" and "BOND INSURANCE," and in

Appendix F – "BOOK ENTRY ONLY SYSTEM" and Appendix G – "SPECIMEN MUNICIPAL BOND INSURANCE POLICY", as to which no representations or warranties are made), as of its date and as of the date hereof was and is true and correct in all material respects and did not and does not contain any untrue or misleading statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(xi) The Official Statement is, as of its date and at all times after the date of the Official Statement (excluding therefrom the information under the captions "UNDERWRITING" and "BOND INSURANCE," and in Appendix F – "BOOK ENTRY ONLY SYSTEM" and Appendix G – "SPECIMEN MUNICIPAL BOND INSURANCE POLICY", as to which no representations or warranties are made) up to and including the Closing Date will be, true and correct in all material respects and will not contain any untrue or misleading statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(xii) If the Official Statement is supplemented or amended, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended) at all times subsequent thereto up to and including that date that is 25 days from the "end of the underwriting period" (as defined in Rule 15c2-12), the Official Statement as so supplemented or amended will be true and correct in all material respects and will not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(xiii) If between the date hereof and the end of the underwriting period, any event shall occur which might or would cause the Official Statement, as then supplemented or amended, to contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the City shall notify the Underwriter thereof, and if, in the opinion of the Underwriter, such event requires the preparation and publication of a supplement or amendment to the Official Statement, the City shall promptly (and in any event before the Closing) prepare and furnish (at the expense of the City) a reasonable number of copies of an amendment of or supplement to the Official Statement in form and substance satisfactory to the Underwriter.

(xiv) Except as described in the Preliminary Official Statement and Official Statement, no litigation, proceeding or official investigation of any governmental or judicial body is pending against the City or against any other party of which the City has notice or, to the knowledge of the City, threatened against the City: (i) seeking to restrain or enjoin the issuance, sale or delivery of any of the Bonds, or the payment or collection of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, (ii) in any way contesting or affecting any authority for the issuance of the Bonds or the validity or binding effect of any of the City Legal Documents, (iii) which is in any way contesting the creation, existence, powers or jurisdiction of the City or the validity or effect of the Indenture or the Act or any provision thereof or the application of the proceeds of

the Bonds, (iv) contesting in any way the completeness or accuracy of the Preliminary Official Statement or the Official Statement or any supplement or amendment thereto or (v) which, if adversely determined, could materially adversely affect the financial position or operating condition of the City or the transactions contemplated by the Preliminary Official Statement and Official Statement or any of the City Legal Documents. The City shall advise the Underwriter promptly of the institution of any proceedings known to it by any governmental agency prohibiting or otherwise affecting the use of the Preliminary Official Statement or the Official Statement in connection with the offering, sale or distribution of the Bonds.

(xv) [During the last five years, the City has not failed to materially comply with any previous undertaking relating to continuing disclosure of information pursuant to Rule 15c2-12.] [Confirm not applicable because no outstanding CDAs.]

(xvi) The City, to the best of its knowledge, has never been and is not in default in the payment of principal of, premium, if any, or interest on, or otherwise is not nor has it been in default with respect to, any bonds, notes, or other obligations which it has issued, assumed or guaranteed as to payment of principal, premium, if any, or interest.

(b) The Authority represents to and agrees with the Underwriter that:

(i) The Authority is duly organized and validly existing, with full legal right, power and authority to issue, sell and deliver the Bonds to the Underwriter pursuant to the Indenture, and execute, deliver and perform its obligations, as the case may be, under this Purchase Agreement, the Legal Documents to which it is a party (the "Authority Legal Documents"), and to perform and consummate all obligations and transactions required or contemplated by each of the Authority Legal Documents and the Official Statement.

(ii) The Authority Resolution approving and authorizing the execution and delivery by the Authority of the Authority Legal Documents and the offering, issuance and sale of the Bonds upon the terms set forth herein and in the Official Statement, was duly adopted at a meeting of the Board of Directors of the Authority called and held pursuant to law and with all public notice required by law and at which a quorum was present and acting throughout, and is in full force and effect and has not been amended or repealed.

(iii) The Indenture and the Bonds conform to the descriptions thereof contained in the Preliminary Official Statement and the Official Statement and the Bonds, when duly issued and authenticated in accordance with the Indenture and delivered to the Underwriter as provided herein, will be validly issued and outstanding obligations of the Authority, entitled to the benefits of the Indenture and payable from the sources therein specified.

(iv) The Authority has executed and delivered, or will execute and deliver on or before the Closing Date, each of the Authority Legal Documents. Each of the Authority Legal Documents constitutes, or will, as of the Closing Date, constitute, a legal, valid and binding obligation of the Authority enforceable in accordance with its

terms, subject to any applicable bankruptcy, insolvency or other laws affecting creditors' rights or remedies heretofore or hereafter enacted. Each of the Authority Legal Documents has been executed and delivered, or will be executed and delivered on or before the Closing Date, by each respective signatory and is currently in full force and effect or, as of the Closing Date, will be in full force and effect.

(v) The Authority is not in any material respect in breach of or default under any constitutional provision, law or administrative regulation of the State or of the United States or any agency or instrumentality of either, or of any other governmental agency, or any Material Judgment or Agreement (as defined below), and no event has occurred and is continuing which with the passage of time or the giving of notice, or both, would constitute a default or event of default under any Material Judgment or Agreement; and the adoption of the Authority Resolution, the issuance, delivery and sale of the Bonds and the execution and delivery of the Authority Legal Documents and compliance with and performance of the Authority's obligations therein and herein will not in any material respect conflict with, violate or result in a breach of or constitute a default under, any such constitutional provision, law, administrative regulation or any Material Judgment or Agreement, nor will any such execution, delivery, adoption or compliance result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the Authority (except as described in or contemplated by the Authority Legal Documents and the Preliminary Official Statement and the Official Statement) or under the terms of any such law, administrative regulation or Material Judgment or Agreement. As used in this paragraph, the term "Material Judgment or Agreement" means any judgment or decree or any loan agreement, indenture, bond, note or resolution or any material agreement or other instrument to which the Authority is a party or to which the Authority or any of its property or assets is otherwise subject (including, without limitation, the Act, the Authority Resolution and the Authority Legal Documents).

(vi) All approvals, consents and orders of any governmental authority, board, agency, council, commission or other body having jurisdiction which would constitute a condition precedent to the performance by the Authority of its obligations hereunder and under the Authority Legal Documents have been obtained; provided, that the Authority makes no representations as to any approvals, consents or other actions which may be necessary to qualify the Bonds for offer and sale under Blue Sky or other state securities laws or regulations.

(vii) Any certificates executed by any officer of the Authority and delivered to the Underwriter pursuant hereto or in connection herewith shall be deemed a representation and warranty of the Authority as to the accuracy of the statements therein made.

(viii) Between the date hereof and the time of the Closing, the Authority shall not, without the prior written consent of the Underwriter, offer or issue in any material amount any bonds, notes or other obligations for borrowed money, or incur any material liabilities, direct or contingent, except in the course of normal business operations of the

Authority or except for such borrowings as may be described in or contemplated by the Preliminary Official Statement and the Official Statement.

(ix) Except for information which is permitted to be omitted pursuant to Rule 15c2-12(b)(1), the statements with respect to the Authority in the Preliminary Official Statement (excluding therefrom the information under the captions "UNDERWRITING" and "BOND INSURANCE," and in Appendix F – "BOOK ENTRY ONLY SYSTEM" and Appendix G – "SPECIMEN MUNICIPAL BOND INSURANCE POLICY", as to which no representations or warranties are made), as of the date of the Preliminary Official Statement and as of the date hereof were and are true and correct in all material respects and did not and do not contain any untrue or misleading statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(x) The statements with respect to the Authority in the Official Statement are, as of the date of the Official Statement and at all times after the date of the Official Statement (excluding therefrom the information under the captions "UNDERWRITING" and "BOND INSURANCE," and in Appendix F – "BOOK ENTRY ONLY SYSTEM" and Appendix G – "SPECIMEN MUNICIPAL BOND INSURANCE POLICY" , as to which no representations or warranties are made) up to and including the Closing Date will be, true and correct in all material respects and will not contain any untrue or misleading statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(xi) If the Official Statement is supplemented or amended, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended) at all times subsequent thereto up to and including that date that is 25 days from the "end of the underwriting period" (as defined in Rule 15c2-12), the statements with respect to the Authority in the Official Statement as so supplemented or amended will be true and correct in all material respects and will not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(xii) If between the date hereof and the end of the underwriting period, any event shall occur which might or would cause the statements with respect to the Authority in the Official Statement, as then supplemented or amended, to contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the Authority shall notify the Underwriter thereof, and if, in the opinion of the Underwriter, such event requires the preparation and publication of a supplement or amendment to the Official Statement, the Authority shall promptly (and in any event before the Closing) prepare and furnish (at the expense of the Authority) a reasonable number of copies of an amendment of or supplement to the Official Statement in form and substance satisfactory to the Underwriter.

(xiii) Except as described in the Preliminary Official Statement and Official Statement, no litigation, proceeding or official investigation of any governmental or judicial body is pending against the Authority or against any other party of which the Authority has notice or, to the knowledge of the Authority, threatened against the Authority: (i) seeking to restrain or enjoin the issuance, sale or delivery of any of the Bonds, or the payment or collection of any amounts pledged or to be pledged to pay the principal of and interest on the Bonds, (ii) in any way contesting or affecting any authority for the issuance of the Bonds or the validity or binding effect of any of the Authority Legal Documents, (iii) which is in any way contesting the creation, existence, powers or jurisdiction of the Authority or the validity or effect of the Indenture or the Act or any provision thereof or the application of the proceeds of the Bonds, (iv) contesting in any way the completeness or accuracy of the Preliminary Official Statement or the Official Statement or any supplement or amendment thereto or (v) which, if adversely determined, could materially adversely affect the financial position or operating condition of the Authority or the transactions contemplated by the Preliminary Official Statement and Official Statement or any of the Authority Legal Documents. The Authority shall advise the Underwriter promptly of the institution of any proceedings known to it by any governmental agency prohibiting or otherwise affecting the use of the Preliminary Official Statement or the Official Statement in connection with the offering, sale or distribution of the Bonds.

(xiv) The Authority, to the best of its knowledge, has never been and is not in default in the payment of principal of, premium, if any, or interest on, or otherwise is not nor has it been in default with respect to, any bonds, notes, or other obligations which it has issued, assumed or guaranteed as to payment of principal, premium, if any, or interest.

All representations, warranties and agreements of the City and the Authority shall remain operative and in full force and effect, regardless of any investigations made by the Underwriter or on the Underwriter's behalf, and shall survive the delivery of the Bonds.

6. CLOSING.

At [8:00] A.M., Pacific Daylight Time, on [Closing Date], or at such other time or date as the Underwriter, the City and the Authority may mutually agree upon as the date and time of the Closing (the "Closing Date"), the City and the Authority will deliver or cause to be delivered to the Underwriter, at the offices of Stradling Yocca Carlson & Rauth LLP ("Bond Counsel"), 660 Newport Center Drive, Suite 1600, Newport Beach, California 92660, or at such other place as the Underwriter, the City and the Authority may mutually agree upon, the Bonds, through the facilities of The Depository Trust Company ("DTC"), duly executed and authenticated, and the other documents specified in Section 7. At the Closing, (a) upon satisfaction of the conditions herein specified, the Underwriter shall accept the delivery of the Bonds, and pay the purchase price therefor in federal funds payable to the order of the Trustee for the account of the Authority and (b) the Authority shall deliver or cause to be delivered the Bonds to the Underwriter through the facilities of DTC in definitive or temporary form, duly executed by the Authority and in the authorized denominations as specified by the Underwriter at the Closing and the City and the Authority shall deliver the other documents hereinafter mentioned. The Bonds shall be made

available to the Underwriter at least one (1) business day before the Closing Date for purposes of inspection.

7. CONDITIONS PRECEDENT.

The Underwriter has entered into this Purchase Agreement in reliance upon the representations and agreements of the City and the Authority contained herein and the performance by the City and the Authority of its obligations hereunder, both as of the date hereof and as of the Closing Date. The Underwriter's obligations under this Purchase Agreement are and shall be subject to the following further conditions:

(a) The representations of the City and the Authority contained herein shall be true, complete and correct in all material respects on the date of acceptance hereof and on and as of the Closing Date.

(b) At the time of the Closing, the Official Statement, the Resolutions and the Legal Documents shall be in full force and effect and shall not have been amended, modified or supplemented except as may have been agreed to in writing by the Underwriter.

(c) The City and the Authority shall perform or have performed all of its obligations required under or specified in the Resolutions, the Legal Documents and the Official Statement to be performed at or prior to the Closing.

(d) The City and the Authority shall have delivered to the Underwriter final Official Statement by the time required by Section 3 of this Purchase Agreement.

(e) As of the date hereof and at the time of Closing, all necessary official action of the City and the Authority relating to the Legal Documents and the Official Statement shall have been taken and shall be in full force and effect and shall not have been amended, modified or supplemented in any material respect.

(f) After the date hereof, up to and including the time of the Closing, there shall not have occurred any change in or particularly affecting the City and the Authority, the Act, the Resolutions, the Legal Documents, the base rental payments payable under the Lease or the Property securing the Bonds, as the foregoing matters are described in the Preliminary Official Statement and the Official Statement, which in the reasonable professional judgment of the Underwriter materially impairs the investment quality of the Bonds.

(g) At or prior to the Closing, the Underwriter shall receive the following documents (in each case with only such changes as the Underwriter shall approve):

i. The approving opinion of Bond Counsel relating to the Bonds, dated the Closing Date, substantially in the form attached as Appendix D to the Official Statement, and, if not otherwise directly addressed to the Underwriter, a reliance letter with respect thereto addressed to the Underwriter;

ii. The supplemental opinion of Bond Counsel, addressed to the Underwriter, dated the Closing Date, to the effect that:

1. This Purchase Agreement has been duly executed and delivered by the Authority and is a legal, valid and binding obligation of the Authority enforceable in accordance with its terms, subject to laws relating to bankruptcy, insolvency, reorganization or creditors' rights generally, to the application of equitable principles, the exercise of judicial discretion and the limitations on legal remedies against public entities in the State of California;

2. The statements contained in the Preliminary Official Statement and the Official Statement on the cover page and in the sections entitled "INTRODUCTION," "THE SERIES 2025A BONDS," (other than the information concerning DTC and the book-entry system) "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025A BONDS," "TAX MATTERS," and Appendix B – "SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS" insofar as such statements expressly summarize certain provisions of the Indenture, the Bonds, and the form and content of such counsel's opinion attached as Appendix D to the Preliminary Official Statement and the Official Statement, are accurate in all material respects; and

3. The Bonds are not subject to the registration requirements of the Securities Act of 1933, as amended (the "1933 Act") and the Indenture is exempt from qualification pursuant to the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act");

iii. A letter, dated the Closing Date and addressed to the Underwriter, from Stradling Yocca Carlson & Rauth LLP, Disclosure Counsel, to the effect that:

1. The Bonds are exempt from the registration requirements of the 1933 Act and the Indenture is exempt from qualification under the Trust Indenture Act; and

2. Based upon the information made available to them in the course of their participation in the preparation of the Preliminary Official Statement and the Official Statement and without passing on and without assuming any responsibility for the accuracy, completeness and fairness of the statements in the Preliminary Official Statement and the Official Statement, and having made no independent investigation or verification thereof, nothing has come to their attention which would lead them to believe that the Preliminary Official Statement, as of its date and as of the date hereof, did not and does not, and the Official Statement as of its date and all times subsequent thereto during the period up to and including the Closing

Date, does not and will not, contain an untrue statement of a material fact or omits to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading in any material respect;

iv. The opinion of the City Attorney, as Counsel to the City, dated the date of the Closing and addressed to the Underwriter, to the effect that:

1. The City has been duly organized and is validly existing under the Constitution and laws of the State of California, and has all requisite power and authority thereunder: (a) to adopt the City Resolution, and to enter into, execute, deliver and perform its covenants and agreements under the City Legal Documents; (b) to approve and authorize the use, execution and distribution of the Preliminary Official Statement and the Official Statement; (c) to cause the issuance, sale, execution and delivery of the Bonds; (d) to pledge the Property and cause the payment of base rental payments as contemplated by the City Legal Documents; and (e) to carry on its activities as currently conducted;

2. The City has taken all actions required to be taken by it before the Closing Date material to the transactions contemplated by the documents mentioned in paragraph (1) above, and the City has duly authorized the execution and delivery of, and the due performance of its obligations under, the City Legal Documents;

3. The City Resolution was duly adopted by the City Council of the City at a meeting of the governing body of the City which was called and held pursuant to law and with all required notices and in accordance with all applicable open meetings laws and at which a quorum was present and acting at the time of the adoption of the City Resolution;

4. The adoption of the City Resolution, the execution and delivery by the City of the City Legal Documents and the compliance with the provisions of the City Legal Documents, do not and will not conflict with or violate in any material respect any California constitutional, statutory or regulatory provision, or, to the best of such counsel's knowledge after due inquiry, conflict with or constitute on the part of the City a material breach of or default under any agreement or instrument to which the City is a party or by which it is bound;

5. The City Legal Documents constitute legal, valid and binding obligations of the City and are enforceable according to the terms thereof, except as enforcement thereof may be limited by bankruptcy, insolvency or other laws affecting enforcement of creditors' rights generally, and by the application of equitable

principles if equitable remedies are sought, by the exercise of judicial discretion and the limitations on legal remedies against public entities in the State;

6. No litigation is pending or, to the best of such counsel's knowledge after due inquiry, threatened against the City in any court in any way affecting the titles of the officials of the City to their respective positions, or seeking to restrain or to enjoin the issuance, sale or delivery of the Bonds, or the pledge of the Property, or the payment of base rental payments, or the payment of the principal of and interest on the Bonds, or in any way contesting or affecting the validity or enforceability of the City Resolution or the City Legal Documents, or contesting in any way the completeness or accuracy of the Preliminary Official Statement and the Official Statement, or contesting the powers of the City or its authority with respect to the City Resolution or the City Legal Documents;

7. The information contained in the Preliminary Official Statement, as of its date and as of the date hereof and the Official Statement as of its date and as of the Closing Date does not contain any untrue statement of a material fact and does not omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

8. To the best of such counsel's knowledge after due inquiry, no authorization, approval, consent or other order of the State or any local agency of the State, other than such authorizations, approvals and consents which have been obtained, is required for the valid authorization, execution and delivery by the City of the City Legal Documents and the authorization and distribution of the Preliminary Official Statement and the Official Statement (provided that no opinion need be expressed as to any action required under state securities or Blue Sky laws in connection with the purchase of the Bonds by the Underwriter); and

9. To the best of such counsel's knowledge after due inquiry, the City is not in breach of or default under any applicable law or administrative regulation of the State or any applicable judgment or decree or any loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the City is a party or is otherwise subject, which breach or default would materially adversely affect the City's ability to enter into or perform its obligations under the City Legal Documents, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute a default or an event of default under any such instrument and which would materially

adversely affect the City's ability to enter into or perform its obligations under the City Legal Documents;

v. The opinion of the Stradling Yocca Carlson & Rauth LLP, as Counsel to the Authority, dated the date of the Closing and addressed to the Underwriter, to the effect that:

1. The Authority has been duly organized and is validly existing under the Constitution and laws of the State of California, and has all requisite power and authority thereunder: (a) to adopt the Authority Resolution, and to enter into, execute, deliver and perform its covenants and agreements under the Authority Legal Documents; (b) to approve and authorize the use, execution and distribution of the Preliminary Official Statement and the Official Statement; (c) to issue, sell, execute and deliver the Bonds; (d) to facilitate the pledging of the Property and assign the base rental payments as contemplated by the Authority Legal Documents; and (e) to carry on its activities as currently conducted;

2. The Authority has taken all actions required to be taken by it before the Closing Date material to the transactions contemplated by the documents mentioned in paragraph (a) above, and the Authority has duly authorized the execution and delivery of, and the due performance of its obligations under, the Authority Legal Documents;

3. The Authority Resolution was duly adopted by the Board of Directors of the Authority at a meeting of the governing body of the Authority which was called and held pursuant to law and with all required notices and in accordance with all applicable open meetings laws and at which a quorum was present and acting at the time of the adoption of the Authority Resolution;

4. The adoption of the Authority Resolution, the execution and delivery by the Authority of the Authority Legal Documents and the compliance with the provisions of the Authority Legal Documents, do not and will not conflict with or violate in any material respect any California constitutional, statutory or regulatory provision, or, to the best of such counsel's knowledge after due inquiry, conflict with or constitute on the part of the Authority a material breach of or default under any agreement or instrument to which the Authority is a party or by which it is bound;

5. The Authority Legal Documents constitute legal, valid and binding obligations of the Authority and are enforceable according to the terms thereof, except as enforcement thereof may be limited by bankruptcy, insolvency or other laws affecting enforcement of

creditors' rights generally, and by the application of equitable principles if equitable remedies are sought, by the exercise of judicial discretion and the limitations on legal remedies against public entities in the State;

6. No litigation is pending or, to the best of such counsel's knowledge after due inquiry, threatened against the Authority in any court in any way affecting the titles of the officials of the Authority to their respective positions, or seeking to restrain or to enjoin the issuance, sale or delivery of the Bonds, or the pledging of the Property, or the assignment of base rental payments, or the payment of the principal of and interest on the Bonds, or in any way contesting or affecting the validity or enforceability of the Authority Resolution or the Authority Legal Documents, or contesting in any way the completeness or accuracy of the Preliminary Official Statement and the Official Statement, or contesting the powers of the Authority or its authority with respect to the Authority Resolution or the Authority Legal Documents;

7. The information contained in the Preliminary Official Statement, as of its date and as of the date hereof and the Official Statement as of its date and as of the Closing Date does not contain any untrue statement of a material fact and does not omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

8. To the best of such counsel's knowledge after due inquiry, no authorization, approval, consent or other order of the State or any local agency of the State, other than such authorizations, approvals and consents which have been obtained, is required for the valid authorization, execution and delivery by the Authority of the Authority Legal Documents and the authorization and distribution of the Preliminary Official Statement and the Official Statement (provided that no opinion need be expressed as to any action required under state securities or Blue Sky laws in connection with the purchase of the Bonds by the Underwriter); and

9. To the best of such counsel's knowledge after due inquiry, the Authority is not in breach of or default under any applicable law or administrative regulation of the State or any applicable judgment or decree or any loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Authority is a party or is otherwise subject, which breach or default would materially adversely affect the Authority's ability to enter into or perform its obligations under the Authority Legal Documents, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute a default or an event of

default under any such instrument and which would materially adversely affect the Authority's ability to enter into or perform its obligations under the Authority Legal Documents;

vi. The opinion of Dorsey & Whitney LLP, counsel to the Trustee, dated the date of the Closing and addressed to the Underwriter, to the effect that:

1. The Trustee is a national banking association duly organized, validly existing and in good standing under the laws of the United States having full power and authority and being qualified to enter into, accept and administer the trust created under the Indenture and the other Legal Documents to which it is a party and to enter into such Indenture and other Legal Documents;

2. The Legal Documents to which it is a party have been duly authorized, executed and delivered by the Trustee and constitute the legal, valid and binding obligations of the Trustee enforceable against the Trustee in accordance with their respective terms, except as enforcement thereof may be limited by bankruptcy, insolvency or other laws affecting enforcement of creditors' rights generally and by the application of equitable principles if equitable remedies are sought;

3. The execution, delivery and performance of the Indenture and the other Legal Documents to which the Trustee is a party will not conflict with or cause a default under any law, ruling, agreement, administrative regulation or other instrument by which the Trustee is bound;

4. All authorizations and approvals required by law and the articles of association and bylaws of the Trustee in order for the Trustee to execute and deliver and perform its obligations under the Indenture and the other Legal Documents to which it is a party have been obtained; and

5. No action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, regulatory agency, public board or body, is pending or threatened in any way affecting the existence of the Trustee or the titles of its directors or officers to their respective offices, or seeking to restrain or enjoin the issuance, sale or delivery of the Bonds or the application of proceeds thereof in accordance with the Indenture, or in any way contesting or affecting the Bonds or the Indenture or the other Legal Documents to which the Trustee is a party;

vii. The opinion of Hawkins Delafield & Wood LLP, counsel to the Underwriter, dated the date of the Closing and addressed to the Underwriter, and covering such matters as the Underwriter may reasonably request;

viii. A certificate, dated the Closing Date, signed by the City Manager of the City to the effect that: (a) the representations and agreements of the City contained herein are true and correct in all material respects as of the date of the Closing; (b) the Legal Documents have been duly authorized and executed and are in full force and effect; (c) except as described in the Preliminary Official Statement as of its date and as of the date hereof and the Official Statement, no litigation is pending or, to his or her knowledge, threatened (i) seeking to restrain or enjoin the issuance or delivery of any of the Bonds, (ii) in any way contesting or affecting any authority for the issuance of the Bonds or the validity of the Bonds, the City Resolution or any Legal Document, (iii) in any way contesting the creation, existence or powers of the City or the validity or effect of the Act or any provision thereof or the application of the proceeds of the Bonds, or (iv) which, if adversely determined, could materially adversely affect the financial position or operating condition of the City or the transactions contemplated by the Preliminary Official Statement as of its date and as of the date hereof and the Official Statement as of its date and as of the Closing Date or any Legal Document; and (d) the Official Statement is true and correct in all material respects and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, except no review has been made of information in the Official Statement under the captions "UNDERWRITING" and "BOND INSURANCE," and in Appendix F – "BOOK ENTRY ONLY SYSTEM" and Appendix G – "SPECIMEN MUNICIPAL BOND INSURANCE POLICY";

ix. A certificate, dated the Closing Date, signed by the Executive Director of the Authority to the effect that: (a) the representations and agreements of the Authority contained herein are true and correct in all material respects as of the date of the Closing; (b) the Legal Documents have been duly authorized and executed and are in full force and effect; (c) except as described in the Preliminary Official Statement as of its date and as of the date hereof and the Official Statement, no litigation is pending or, to his or her knowledge, threatened (i) seeking to restrain or enjoin the issuance or delivery of any of the Bonds, (ii) in any way contesting or affecting any authority for the issuance of the Bonds or the validity of the Bonds, the Authority Resolution or any Legal Document, (iii) in any way contesting the creation, existence or powers of the Authority or the validity or effect of the Act or any provision thereof or the application of the proceeds of the Bonds, or (iv) which, if adversely determined, could materially adversely affect the financial position or operating condition of the Authority or the transactions contemplated by the Preliminary Official Statement as of its date and as of the date hereof and the Official Statement as of its date and as of the Closing Date or any Legal Document; and (d) the Official Statement is true and correct in all material respects and does not contain any untrue statement of a material fact or omit to state a material fact

necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, except no review has been made of information in the Official Statement under the captions "UNDERWRITING" and "BOND INSURANCE," and in Appendix F – "BOOK ENTRY ONLY SYSTEM" and Appendix G – "SPECIMEN MUNICIPAL BOND INSURANCE POLICY";

x. A certificate, dated the Closing Date, signed by the City Manager of the City, in form and substance satisfactory to the Underwriter, to the effect that (i) the financial statements of the City as of June 30, 2024 fairly represents the receipts, expenditures, assets, liabilities and cash balances of such amounts and, insofar as presented, other funds of the City as of the dates and for the periods therein set forth and (ii) except as disclosed in the Preliminary Official Statement and the Official Statement, since June 30, 2024, no materially adverse change has occurred, or any development involving a prospective material change, in the financial position or results of operations of the City and the City has not incurred since June 30, 2024, any material liabilities other than in the ordinary course of business or as set forth in or contemplated by the Preliminary Official Statement and the Official Statement;

xi. Executed or certified copies of the Indenture;

xii. Executed or certified copies of each other Legal Document;

xiii. A Tax Certificate of the City and the Authority, in form satisfactory to Bond Counsel, executed by such officials of the City and the Authority as shall be satisfactory to the Underwriter;

xiv. A certified copies of the Resolutions;

xv. Evidence satisfactory to the Underwriter that the Bonds have received an underlying rating of [____] from S&P Global Ratings ("S&P") [and the Insured Bonds have received an insured rating of [____] from S&P];

xvi. [An opinion of Counsel to the Bond Insurer to the effect that the information in the Official Statement under the caption "BOND INSURANCE" was as of the date of the Official Statement and is as of the date of Closing Date true and correct in all material respects and such information did not and does not contain any untrue or misleading statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;]

xvii. [A certified copy of the Bond Insurance Policy issued by the Bond Insurer;]

xviii. Evidence of required filings with the California Debt and Investment Advisory Commission ("CDIAC");

xix. A certificate of an authorized officer of the Trustee, dated as of the Closing Date, to the effect that: (a) the Trustee is a national banking association organized and existing under and by virtue of the laws of the United States, having the full power and being qualified to enter into and perform its duties under the Legal Documents to which it is a party (the "Trustee Legal Documents") and to authenticate and deliver the Bonds to the Underwriter; (b) the Trustee is duly authorized to enter into the Trustee Legal Documents and to authenticate and deliver the Bonds to the Underwriter pursuant to the Indenture; (c) when delivered to and paid for by the Underwriter at the Closing, the Bonds will have been duly authenticated and delivered by the Trustee; (d) the execution and delivery of the Trustee Legal Documents and compliance with the provisions on the Trustee's part contained therein, will not conflict with or constitute a breach of or default under any law, administrative regulation, judgment, decree, loan agreement, indenture, note, resolution, agreement or other instrument to which the Trustee is a party or is otherwise subject (except that no representation, warranty or agreement is made with respect to any federal or state securities or blue sky laws or regulations), which conflict, breach or default would materially impair the ability of the Trustee to perform its obligations under any Trustee Legal Document, nor will any such execution, delivery, adoption or compliance result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the properties or assets held by the Trustee pursuant to the lien created by the Indenture under the terms of any such law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument, except as provided by the Indenture; and (e) to the best of the knowledge of the Trustee, it has not been served with any action, suit, proceeding, inquiry or investigation in law or in equity, before or by any court, governmental agency, public board or body, nor is any such action or other proceeding threatened against the Trustee, affecting the existence of the Trustee, or the titles of its officers to their respective offices or seeking to prohibit, restrain, or enjoining the execution and delivery of the Bonds or the collection of revenues to be applied to pay the principal, premium, if any, and interest with respect to the Bonds, or the pledge thereof, or in any way contesting or affecting the validity or enforceability of any Trustee Legal Document, or contesting the powers of the Trustee or its authority to enter into, adopt or perform its obligations under any of the foregoing to which it is a party, wherein an unfavorable decision, ruling or funding would materially adversely affect the validity or enforceability of the Indenture or the power and authority of the Trustee to enter into and perform its duties under any Trustee Legal Document and to authenticate and deliver the Bonds to or upon the order of the Underwriter;

xx. Evidence that a Form 8038-G relating to the Bonds has been executed by the Authority and will be filed with the Internal Revenue Service (the "IRS") within the applicable time limit:

xxi. A copy of the Blue Sky Survey with respect to the Bonds;

xxii. A copy of the Authority's executed Blanket Letter of Representations to The Depository Trust Company; and

xxiii. Such additional legal opinions, certificates, proceedings, instruments and other documents as the Underwriter, counsel for the Underwriter or Bond Counsel may reasonably request to evidence compliance by the City and the Authority with legal requirements, the truth and accuracy, as of the time of Closing, of the representations of the City and the Authority herein contained and the due performance or satisfaction by the City and the Authority at or prior to such time of all agreements then to be performed and all conditions then to be satisfied by the City and the Authority and all conditions precedent to the issuance of the Bonds pursuant to the Indenture shall have been fulfilled.

8. TERMINATION.

If the City and the Authority shall be unable to satisfy the conditions of the Underwriter's obligations contained in this Purchase Agreement or if the Underwriter's obligations shall be terminated for any reason permitted by this Purchase Agreement, this Purchase Agreement may be cancelled by the Underwriter at, or at any time before, the time of the Closing. Notice of such cancellation shall be given by the Underwriter to the City and the Authority in writing, or by telephone confirmed in writing. The performance by the City and the Authority of any and all conditions contained in this Purchase Agreement for the benefit of the Underwriter may be waived by the Underwriter.

(a) The Underwriter shall also have the right, before the time of Closing, to cancel its obligations to purchase the Bonds, by written notice by the Underwriter to the City and the Authority, if between the date hereof and the time of Closing:

(i) Any event or circumstance occurs or information becomes known, which, in the professional judgment of the Underwriter, makes untrue any statement of a material fact set forth in the Preliminary Official Statement or the Official Statement or results in an omission to state a material fact necessary to make the statements made therein, in the light of the circumstances under which they were made, not misleading; or

(ii) The market for the Bonds or the market prices of the Bonds or the ability of the Underwriter to enforce contracts for the sale of the Bonds shall have been materially and adversely affected, in the professional judgment of the Underwriter, by:

(1) An amendment to the Constitution of the United States or the State of California shall have been passed or legislation shall have been introduced in or enacted by the Congress of the United States or the legislature of any state having jurisdiction of the subject matter or legislation pending in the Congress of the United States shall have been amended or legislation (whether or not then introduced) shall have been recommended to the Congress of the United States or to any state having jurisdiction of the subject matter or otherwise endorsed for passage (by press release, other form of notice or otherwise) by the President of the United States, the Treasury Department of the United States, the Internal Revenue

Service or the Chairman or ranking minority member of the Committee on Finance of the United States Senate or the Committee on Ways and Means of the United States House of Representatives, or legislation shall have been proposed (whether or not then introduced) for consideration by either such Committee by any member thereof or presented as an option for consideration (whether or not then introduced) by either such Committee by the staff of such Committee or by the staff of the joint Committee on Taxation of the Congress of the United States, or legislation shall have been favorably reported for passage to either House of the Congress of the United States by a Committee of such House to which such legislation has been referred for consideration, or a decision shall have been rendered by a court of the United States or of the State of California or the Tax Court of the United States, or a ruling shall have been made or a regulation or temporary regulation shall have been proposed or made or any other release or announcement shall have been made by the Treasury Department of the United States, the Internal Revenue Service or other federal or State of California authority, with respect to federal or State of California taxation upon revenues or other income of the general character to be derived by the Authority or upon interest received on obligations of the general character of the Bonds which, in the judgment of the Underwriter, may have the purpose or effect, directly or, indirectly, of affecting the tax status of the Authority, its property or income, its securities (including the Bonds) or the interest thereon, or any tax exemption granted or authorized by State of California legislation; or

(2) The declaration of war or engagement in or escalation of military hostilities by the United States or the occurrence of any other national emergency or calamity or terrorism affecting the operation of the government of, or the financial community in, the United States; or

(3) The declaration of a general banking moratorium by federal, New York or California authorities; or

(4) The occurrence of a major financial crisis, a material disruption in commercial banking or securities settlement or clearance services, or a material disruption or deterioration in the fixed income or municipal securities market; or

(5) Additional material restrictions not in force or being enforced as of the date hereof shall have been imposed upon trading in securities generally by any governmental authority or by any national securities exchange; or

(6) The general suspension of trading on any national securities exchange; or

(iii) Legislation enacted, introduced in the Congress or recommended for passage (whether or not then introduced) by the President of the United States, or a decision rendered by a court established under Article III of the Constitution of the United States or by the Tax Court of the United States, or an order, ruling, regulation (final, temporary or proposed) or official statement issued or made by or on behalf of the Securities and Exchange Commission, or any other governmental agency having jurisdiction of the subject matter shall have been made or

issued to the effect that the Bonds, other securities of the City or obligations of the general character of the Bonds are not exempt from registration under the 1933 Act, or that the Indenture is not exempt from qualification under the Trust Indenture Act; or

(iv) Any change in or particularly affecting the City, the Authority, the Act, the Resolutions, the Legal Documents or the Property as the foregoing matters are described in the Preliminary Official Statement or the Official Statement, which in the professional judgment of the Underwriter materially impairs the investment quality of the Bonds; or

(v) An order, decree or injunction of any court of competent jurisdiction, issued or made to the effect that the issuance, offering or sale of obligations of the general character of the Bonds, or the issuance, offering or sale of the Bonds, including any or all underlying obligations, as contemplated hereby or by the Preliminary Official Statement or the Official Statement, is or would be in violation of any applicable law, rule or regulation, including (without limitation) any provision of applicable federal securities laws as amended and then in effect; or

(vi) A stop order, ruling, regulation or official statement by the SEC or any other governmental agency having jurisdiction of the subject matter shall have been issued or made or any other event occurs, the effect of which is that the issuance, offering or sale of the Bonds, or the execution and delivery of any Legal Documents, as contemplated hereby or by the Preliminary Official Statement or the Official Statement, is or would be in violation of any applicable law, rule or regulation, including (without limitation) any provision of applicable federal securities laws, including the 1933 Act, the Securities Exchange Act of 1934 or the Trust Indenture Act, each as amended and as then in effect; or

(vii) Any change or any development involving a prospective change in or affecting the business, properties or financial condition of the City, except for changes which the Preliminary Official Statement and Official Statement discloses are expected to occur.

(viii) Any litigation shall be instituted or be pending at the time of the Closing to restrain or enjoin the issuance, sale or delivery of the Bonds, or in any way contesting or affecting any authority for or the validity of the proceedings authorizing and approving the Act, the Resolutions, the Legal Documents or the existence or powers of the City or the Authority with respect to its obligations under the Legal Documents; or

(ix) A reduction or withdrawal by S&P of its assigned underlying rating on the Bonds [or insured rating on the Insured Bonds], or, as of the Closing Date, the failure by S&P to assign the rating of [____] to the Bonds [and [____] to the Insured Bonds].

9. AMENDMENTS TO OFFICIAL STATEMENT.

During the period commencing on the Closing Date and ending twenty-five (25) days from the end of the underwriting period, the City or the Authority, as applicable, shall advise the Underwriter if any event relating to or affecting the Official Statement shall occur as a result of which it may be necessary or appropriate to amend or supplement the Official Statement in order to make the Official Statement not misleading in light of the circumstances existing at the time it is delivered to a purchaser or "potential customer" (as defined for purposes of Rule 15c2-12). If the Official Statement is supplemented or amended, at the time of each supplement or amendment

thereto and at all times subsequent thereto up to and including that date that is 25 days from the end of the "underwriting period" (as defined in Rule 15c2-12), the Official Statement as supplemented or amended will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading and shall amend or supplement the Official Statement (in form and substance satisfactory to counsel for the Underwriter) so that the Official Statement will not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

10. EXPENSES.

All expenses and costs of the City and the Authority incident to the performance of their obligations in connection with the authorization, issuance and sale of the Bonds to the Underwriter, including the costs of printing or reproduction of the Bonds, the Legal Documents and the Official Statement in reasonable quantities, fees of consultants, fees of rating agencies, advertising expenses, fees and expenses of the Trustee and its counsel and fees and expenses of the City Attorney, Counsel to the Authority, Bond Counsel and Disclosure Counsel, shall be paid by the Authority or the City, as applicable, from the proceeds of the Bonds or other revenues of the Authority or the City. The City shall be solely responsible for and shall pay for any expenses incurred by the Underwriter on behalf of the City's employees and representatives which are incidental to implementing this Purchase Agreement, including, but not limited to, meals, transportation, lodging, and entertainment of those employees and representatives. All other expenses and costs of the Underwriter incurred under or pursuant to this Purchase Agreement, including, without limitation, the cost of preparing this Purchase Agreement and other Underwriter documents, travel expenses and the fees and expenses of counsel to the Underwriter, shall be paid by the Underwriter (which may be included as an expense component of the Underwriter's discount).

11. USE OF DOCUMENTS.

The City and the Authority hereby authorizes the Underwriter to use, in connection with the public offering and sale of the Bonds, this Purchase Agreement, the Preliminary Official Statement, the Official Statement and the Legal Documents, and the information contained herein and therein.

12. QUALIFICATION OF SECURITIES.

The Authority will furnish such information, execute such instruments and take such other action in cooperation with the Underwriter as the Underwriter may reasonably request to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriter may designate and to provide for the continuance of such qualification; *provided*, *however*, that the Authority will not be required to qualify as a foreign corporation or to file any general or special consents to service of process under the laws of any state.

13. NOTICES.

Any notice or other communication to be given to the City under this Purchase Agreement may be given by delivering the same in writing to the City Manager at the address set forth above, and to the Authority under this Purchase Agreement may be given by delivering the same in writing to the Authority's Executive Director at the address set forth above, and any such notice or other communication to be given to the Underwriter may be given by delivering the same in writing to BofA Securities, Inc., 555 California Street, Suite 610, San Francisco, California 94104, Attention: Holly Vocal.

14. BENEFIT.

This Purchase Agreement is made solely for the benefit of the City, the Authority and the Underwriter (including their successors or assigns) and no other person, partnership, association or corporation shall acquire or have any right hereunder or by virtue hereof. Except as otherwise expressly provided herein, all of the agreements and representations of the City and the Authority contained in this Purchase Agreement and in any certificates delivered pursuant hereto shall remain operative and in full force and effect regardless of: (i) any investigation made by or on behalf of the Underwriter; (ii) delivery of and payment for the Bonds hereunder; or (iii) any termination of this Purchase Agreement, other than pursuant to Section 8 (and in all events the agreements of the City and the Authority pursuant to Section 10 hereof shall remain in full force and effect notwithstanding the termination of this Purchase Agreement under Section 8 hereof).

15. GOVERNING LAW. This Purchase Agreement shall be deemed to be a contract under, and for all purposes shall be governed by, and construed and interpreted in accordance with, the laws of the State of New York without regard to choice of law rules (other than New York General Obligation Laws Section 5-1401 and 5-1402); provided, however, that the obligations of the Authority shall be governed by, and construed and interpreted in accordance with, the laws of the State of California.

16. MISCELLANEOUS.

(a) This Purchase Agreement contains the entire agreement between the parties relating to the subject matter hereof and supersedes all oral statements, prior writings and representations with respect thereto.

(b) This Purchase Agreement may be executed in several counterparts, each of which shall be deemed an original hereof.

Very truly yours,

BOFA SECURITIES, INC.,
as Underwriter

ISSUE PRICE CERTIFICATE

The undersigned, on behalf of BofA Securities, Inc. ("BofA Securities"), hereby certifies as set forth below with respect to the sale and issuance of the above-captioned obligations (the "Bonds").

[Select appropriate provisions below]

1. [Alternative 1[1] – All Maturities Use General Rule: ***Sale of the Bonds***. As of the date of this certificate, for each Maturity of the Bonds, the first price at which at least 10% of such Maturity of the Bonds was sold to the Public is the respective price listed in Schedule A.][Alternative 2[2] – Select Maturities Use General Rule: ***Sale of the General Rule Maturities***. As of the date of this certificate, for each Maturity of the General Rule Maturities, the first price at which at least 10% of such Maturity of the Bonds was sold to the Public is the respective price listed in Schedule A.]

2. ***Initial Offering Price of the [Bonds] [Hold-the-Offering-Price Maturities]***.

a) [Alternative 1[3] – All Maturities Use Hold-the-Offering-Price Rule: BofA Securities offered the Bonds to the Public for purchase at the respective initial offering prices listed in Schedule A (the "Initial Offering Prices") on or before the Sale Date. A copy of the pricing wire or equivalent communication for the Bonds is attached to this certificate as Schedule B.] [Alternative 2[4] – Select Maturities Use Hold-the-Offering-Price Rule: BofA Securities offered the Hold-the-Offering-Price Maturities to the Public for purchase at the respective initial offering prices listed in Schedule A (the "Initial Offering Prices") on or before the Sale Date. A copy of the pricing wire or equivalent communication for the Bonds is attached to this certificate as Schedule B.]

b) [Alternative 1 – All Maturities use Hold-the-Offering-Price Rule: As set forth in the Bond Purchase Agreement, BofA Securities has agreed in writing that, (i) for each Maturity of the Bonds, it would neither offer nor sell any of the unsold Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such Maturity during the Holding Period for such Maturity (the "hold-the offering-price rule"), and (ii) any selling group agreement shall contain the agreement

[1] If Alternative 1 is used, delete the remainder of paragraph 1 and all of paragraph 2 and renumber paragraphs accordingly.

[2] If Alternative 2 is used, delete Alternative 1 of paragraph 1 and use each Alternative 2 in paragraphs 2(a) and (b).

[3] If Alternative 1 is used, delete all of paragraph 1 and renumber paragraphs accordingly.

[4] Alternative 2(a) of paragraph 2 should be used in conjunction with Alternative 2 in paragraphs 1 and 2(b).

of each dealer who is a member of the selling group, and any retail distribution agreement shall contain the agreement of each broker-dealer who is a party to the retail distribution agreement, to comply with the hold-the-offering-price rule. BofA Securities has not offered or sold any Maturity of the unsold Bonds at a price that is higher than the respective Initial Offering Price for that Maturity of the Bonds during the Holding Period.] [Alternative 2 - Select Maturities Use Hold-the-Offering-Price Rule: As set forth in the Bond Purchase Agreement, BofA Securities has agreed in writing that, (i) for each Maturity of the Hold-the-Offering-Price Maturities, it would neither offer nor sell any of the unsold Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such Maturity during the Holding Period for such Maturity (the "hold-the-offering-price rule"), and (ii) any selling group agreement shall contain the agreement of each dealer who is a member of the selling group, and any retail distribution agreement shall contain the agreement of each broker-dealer who is a party to the retail distribution agreement, to comply with the hold-the-offering-price rule. BofA Securities has not offered or sold any unsold Bonds of any Maturity of the Hold-the-Offering-Price Maturities at a price that is higher than the respective Initial Offering Price for that Maturity of the Bonds during the Holding Period.]

3. ***Defined Terms***.

[(a) *General Rule Maturities* means those Maturities of the Bonds listed in Schedule A hereto as the "General Rule Maturities."]

[(b) *Hold-the-Offering-Price Maturities* means those Maturities of the Bonds listed in Schedule A hereto as the "Hold-the-Offering-Price Maturities."]

[(c) *Holding Period* means, with respect to a Hold-the-Offering-Price Maturity, the period starting on the Sale Date and ending on the earlier of (i) the close of the fifth business day after the Sale Date ([Pricing Date]), or (ii) the date on which the BofA Securities has sold at least 10% of such Hold-the-Offering-Price Maturity to the Public at prices that are no higher than the Initial Offering Price for such Hold-the-Offering-Price Maturity.]

(d) *Authority* means the Eastvale Public Financing Authority.

(e) *Maturity* means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate maturities.

(f) *Public* means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this certificate means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(g) *Sale Date* means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is [Pricing Date].

(h) *Underwriter* means (i) any person that agrees pursuant to a written contract with the Authority (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph

to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents BofA Securities' interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Authority with respect to certain of the representations set forth in the Tax Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by Stradling Yocca Carlson & Rauth LLP in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of Internal Revenue Service Form 8038[-G][-GC][-TC], and other federal income tax advice it may give to the Authority from time to time relating to the Bonds. The representations set forth herein are not necessarily based on personal knowledge and, in certain cases, the undersigned is relying on representations made by the other members of the Underwriting Group.

PRELIMINARY OFFICIAL STATEMENT DATED JUNE ___, 2025

NEW ISSUE—BOOK-ENTRY ONLY

RATINGS:
S&P: "___" (INSURED 2025A BONDS)
S&P: "____" (UNDERLYING/UNINSURED 2025A BONDS)
(See "RATINGS" herein)

In the opinion of Stradling Yocca Carlson & Rauth LLP, Bond Counsel ("Bond Counsel"), under existing statutes, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and compliance with certain covenants and requirements described in this Official Statement, interest (and original issue discount) on the Series 2025A Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals. In the further opinion of Bond Counsel, interest (and original issue discount) on the Series 2025A Bonds is exempt from State of California personal income tax. See the caption "TAX MATTERS" herein with respect to tax consequences relating to the Series 2025A Bonds, including with respect to the alternative minimum tax imposed on certain large corporations.

$_____*
EASTVALE PUBLIC FINANCING AUTHORITY
LEASE REVENUE BONDS, SERIES 2025A
(CIVIC CENTER PROJECT)

Dated: Date of Delivery **Due: May 1, as shown on inside cover**

The Eastvale Public Financing Authority Lease Revenue Bonds, Series 2025A (Civic Center Project) are being issued to provide funds to (i) finance the costs of the acquisition, construction and installation of certain capital improvements of the City, generally consisting of the Civic Center Project, (ii) fund capitalized interest on a portion of the Series 2025A Bonds through [May 1, 2028], (iii) [purchase a municipal bond insurance policy to guarantee payment of the principal of and interest on the Insured Series 2025A Bonds when due], and (iv) pay the costs incurred in connection with the issuance of the Series 2025A Bonds. The Series 2025A Bonds are payable from Base Rental Payments to be made by the City of Eastvale for the right to use certain City-owned Property as described herein pursuant to a Lease Agreement, dated as of July 1, 2025, by and between the City, as lessee, and the Eastvale Public Financing Authority, as lessor.

The City has covenanted under the Lease Agreement to make all Base Rental Payments provided for therein, to include all such payments in its annual budgets, and to make all the necessary annual appropriations for such Base Rental Payments. The City's obligation to make Base Rental Payments is subject to abatement during any period in which, by reason of non-delivery of the Project (as defined herein) or by reason of material damage to, or destruction or condemnation of, the Property, or any defects in title to the Property, there is substantial interference with the City's right to use and occupy any portion of the Property.

The Series 2025A Bonds are being issued in fully registered book-entry only form, initially registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). Interest on the Series 2025A Bonds is payable semiannually on May 1 and November 1 of each year, commencing November 1, 2025. Purchasers will not receive certificates representing their interest in the Series 2025A Bonds. Individual purchases of the Series 2025A Bonds may be made in principal amounts of $5,000 or integral multiples thereof. Principal of and interest and premium, if any, on the Series 2025A Bonds will be paid by U.S. Bank Trust Company, National Association, as trustee (the "Trustee") to DTC for subsequent disbursement to DTC Participants who are obligated to remit such payments to the Beneficial Owners of the Series 2025A Bonds.

The Series 2025A Bonds will be issued pursuant to an Indenture, dated as of July 1, 2025, (the "Indenture"), by and among the City, the Authority and the Trustee. The Indenture permits the Authority to issue Additional Bonds secured by Base Rental Payments, subject to certain conditions.

The Series 2025A Bonds are subject to optional, extraordinary and mandatory sinking fund redemption prior to maturity.

[The scheduled payment of principal of and interest on the Series 2025A Bonds maturing on and after May 1, 20___, when due will be guaranteed under a municipal bond insurance policy to be issued concurrently with the delivery of the Insured Series 2025A Bonds by [INSURER].]

[INSURER LOGO]

The Bonds are special obligations of the Authority, payable solely from Base Rental Payments and the other assets pledged therefor under the Indenture. Neither the faith and credit or the Authority, the City, or the State of California, or any political subdivision thereof, nor the taxing power of the City or the State of California, or any political subdivision thereof, is pledged to the payment of the Bonds. The Authority has no power to tax.

The obligation of the City to make the Base Rental Payments does not constitute a debt of the City or the State of California or of any political subdivision thereof within the meaning of any constitutional or statutory debt limit or restriction, and does not constitute an obligation for which the City or the State of California is obligated to levy or pledge any form of taxation or for which the City or the State of California has levied or pledged any form of taxation.

THIS COVER PAGE CONTAINS CERTAIN INFORMATION FOR QUICK REFERENCE ONLY. IT IS NOT A SUMMARY OF THIS ISSUE. INVESTORS MUST READ THE ENTIRE OFFICIAL STATEMENT TO OBTAIN INFORMATION ESSENTIAL TO THE MAKING OF AN INFORMED INVESTMENT DECISION.

The Series 2025A Bonds will be offered when, as and if issued and received by the Underwriter, subject to the approval as to their validity by Stradling Yocca Carlson & Rauth LLP, Newport Beach, California, Bond Counsel. Stradling Yocca Carlson & Rauth LLP, Newport Beach, California, is also acting as Disclosure Counsel to the City. Certain legal matters will be passed upon for the City and the Authority by the City Attorney of the City, for the Underwriter by Hawkins Delafield & Wood LLP, Los Angeles, California, for the Trustee by its counsel, and for the Insurer by its counsel. It is anticipated that the Series 2025A Bonds will be available in book-entry form through the facilities of DTC in New York, New York on or about July __, *2025.*

BofA Securities, Inc.

Dated: July __, 2025

*Preliminary, subject to change.

This Preliminary Official Statement and the information contained herein are subject to completion or amendment. These securities may not be sold, nor may offers to buy them be accepted, prior to the time the Official Statement is delivered in final form. Under no circumstances shall this Preliminary Official Statement constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of, these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

No dealer, broker, salesperson or other person has been authorized by the City or the Authority to give any information or to make any representations in connection with the offer or sale of the Series 2025A Bonds other than those contained herein and, if given or made, such other information or representations must not be relied upon as having been authorized by the City or the Authority. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Series 2025A Bonds by a person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

This Official Statement is not to be construed as a contract with the purchasers or Owners of the Series 2025A Bonds. Statements contained in this Official Statement which involve estimates, forecasts or matters of opinion, whether or not expressly so described herein, are intended solely as such and are not to be construed as representations of fact.

The Underwriter has provided the following sentence for inclusion in this Official Statement. The Underwriter has reviewed the information in this Official Statement in accordance with, and as a part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

This Official Statement and the information contained herein are subject to completion or amendment without notice and neither delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City or the Authority or any other parties described herein since the date hereof. The Series 2025A Bonds may not be sold nor may an offer to buy be accepted prior to the time this Official Statement is delivered in final form. This Official Statement is being submitted in connection with the sale of the Series 2025A Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose, unless authorized in writing by the City. All summaries of documents and laws are made subject to the provisions thereof and do not purport to be complete statements of any or all such provisions.

Certain statements included or incorporated by reference in this Official Statement constitute "forward-looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 21E of the United States Securities Exchange Act of 1934, as amended, and Section 27A of the United States Securities Act of 1933, as amended. Such statements are generally identifiable by the terminology used such as "plan," "expect," "estimate," "project," "budget," "intend" or similar words. Such forward-looking statements include, but are not limited to, certain statements contained in the information under the caption "RISK FACTORS" and in APPENDIX A – "THE CITY OF EASTVALE."

THE ACHIEVEMENT OF CERTAIN RESULTS OR OTHER EXPECTATIONS CONTAINED IN SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS DESCRIBED TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. THE CITY DOES NOT PLAN TO ISSUE ANY UPDATES OR REVISIONS TO THE FORWARD-LOOKING STATEMENTS SET FORTH IN THIS OFFICIAL STATEMENT. IN EVALUATING SUCH STATEMENTS, POTENTIAL INVESTORS SHOULD SPECIFICALLY CONSIDER THE VARIOUS FACTORS WHICH COULD CAUSE ACTUAL EVENTS OR RESULTS TO DIFFER MATERIALLY FROM THOSE INDICATED BY SUCH FORWARD-LOOKING STATEMENTS.

THE UNDERWRITER MAY OFFER AND SELL THE SERIES 2025A BONDS TO CERTAIN DEALERS AND DEALER BANKS AND BANKS ACTING AS AGENT AND OTHERS AT PRICES LOWER THAN THE PUBLIC OFFERING PRICES STATED ON THE INSIDE COVER PAGE HEREOF AND SAID PUBLIC OFFERING PRICES MAY BE CHANGED FROM TIME TO TIME BY THE UNDERWRITER.

THE SERIES 2025A BONDS HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, IN RELIANCE UPON AN EXEMPTION CONTAINED IN SUCH ACT AND HAVE NOT BEEN REGISTERED OR QUALIFIED UNDER THE SECURITIES LAWS OF ANY STATE.

[INSURER] (the "Insurer") makes no representation regarding the Insured Series 2025A Bonds or the advisability of investing in the Insured Series 2025A Bonds. In addition, the Insurer has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding the Insurer, supplied by the Insurer and presented under the heading "BOND INSURANCE" and "Appendix G - SPECIMEN MUNICIPAL BOND INSURANCE POLICY."

A wide variety of other information, including financial information, concerning the City is available from publications and website of City. Any such information that is inconsistent with the information set forth in this Official Statement should be disregarded. No such information is a part of or incorporated into this Official Statement, except as expressly noted.

OFFICIAL STATEMENT

$_____*
EASTVALE PUBLIC FINANCING AUTHORITY
LEASE REVENUE BONDS, SERIES 2025A
(CIVIC CENTER PROJECT)

INTRODUCTION

General

This Official Statement (which includes the cover page, inside cover page and the appendices hereto) (the "Official Statement"), provides certain information concerning the sale and delivery of $_____* aggregate principal amount of Eastvale Public Financing Authority Lease Revenue Bonds, Series 2025A (Civic Center Project) (the "Series 2025A Bonds").

The net proceeds of the sale of the Series 2025A Bonds will be used to (i) finance the costs of the acquisition, construction and installation of certain capital improvements of the City of Eastvale (the "City"), as described herein, (ii) fund capitalized interest on a portion of the Series 2025A Bonds through [May 1, 2028], (iii) [purchase a municipal bond insurance policy to guarantee payment of the principal of and interest on the Insured Series 2025A Bonds (as defined herein) when due, as described under the caption "BOND INSURANCE,"] and (iv) pay the costs incurred in connection with the issuance of the Series 2025A Bonds. See "SOURCES AND USES OF FUNDS" herein.

The Series 2025A Bonds are equally and ratably payable from base rental payments (the "Base Rental Payments") to be made by the City for the right to use certain real property (as further described under the caption "THE PROPERTY") (the "Property") pursuant to a Lease Agreement, dated as of July 1, 2025 (the "Lease Agreement"), between the City, as lessee, and the Eastvale Public Financing Authority (the "Authority"), as lessor.

The Series 2025A Bonds will be issued pursuant to an Indenture, dated as of July 1, 2025 (the "Indenture"), by and among the Authority, the City and U.S. Bank Trust Company, National Association, as trustee (the "Trustee"). Pursuant to the Indenture, the Authority may issue additional bonds (the "Additional Bonds") payable from the Base Rental Payments on a parity with the Series 2025A Bonds (the Series 2025A Bonds and any such Additional Bonds being collectively referred to as the "Bonds"), subject to certain conditions.

Pursuant to a Ground Lease, dated as of July 1, 2025 (the "Ground Lease"), by and between the City and the Authority, the City has leased the Property to the Authority. The Authority has subleased the Property to the City under the Lease Agreement. The Lease Agreement obligates the City to make Base Rental Payments to the Authority.

The Trustee and the Authority have entered into an Assignment Agreement, dated as of July 1, 2025, pursuant to which the Authority has assigned to the Trustee for the benefit of the Bond Owners substantially all of the Authority's right, title and interest in and to the Ground Lease and the Lease Agreement, including its rights to receive the Base Rental Payments due under the Lease Agreement and to enforce any remedies in the event of a default under the Lease Agreement by the City.

The City will covenant under the Lease Agreement to take such action as may be necessary to include all Rental Payments, which are comprised of Base Rental Payments and Additional Rental Payments (which

* *Preliminary, subject to change.*

include taxes and assessments affecting the Property, administrative costs of the Authority relating to the Property, fees and expenses of the Trustee, amounts payable to the Insurer (as defined herein) pursuant to the Indenture that are not payable from Base Rental Payments, and other amounts payable under the Lease Agreement), due under the Lease Agreement as a separate line item in its annual budgets and to make the necessary annual appropriations therefor, subject to abatement as described herein.

Base Rental Payments are subject to complete or partial abatement in the event and to the extent that there is substantial interference with the City's right to use and occupy the Property or any portion thereof, including but not limited to non-delivery of the Project (as defined herein). See "RISK FACTORS—Abatement." Abatement of Base Rental Payments under the Lease Agreement, to the extent that payment is not made from alternative sources as set forth below, would result in all Bond Owners receiving less than the full amount of principal of and interest on the Bonds. To the extent that proceeds of insurance are available, Base Rental Payments (or a portion thereof) may be made from such proceeds of insurance during periods of abatement.

[Payment of the principal of and interest on the Series 2025A Bonds maturing on and after May 1, 20___ (the "Insured 2025A Bonds"), will be insured by a municipal bond insurance policy (the "Policy") to be issued by [INSURER] ("[INSURER]" or the "Insurer") concurrently with the issuance of the Insured Series 2025A Bonds. See the caption "BOND INSURANCE." A specimen of the Policy is set forth in Appendix G.]

In the opinion of Bond Counsel under existing statutes, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and compliance with certain covenants and requirements described herein, interest (and original issue discount) on the Series 2025A Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals. In the further opinion of Bond Counsel, interest (and original issue discount) on the Series 2025A Bonds is exempt from State of California ("State") personal income tax. See "TAX MATTERS" with respect to tax consequences relating to the Series 2025A Bonds, including with respect to the alternative minimum tax imposed on certain large corporations.

The Series 2025A Bonds are special obligations of the Authority, payable solely from Base Rental Payments and the other assets pledged therefor under the Indenture. Neither the faith and credit or the Authority, the City, or the State, or any political subdivision thereof, nor the taxing power of the City or the State, or any political subdivision thereof, is pledged to the payment of the Bonds. The Authority has no power to tax.

The obligation of the City to make the Base Rental Payments does not constitute a debt of the City, the State or of any political subdivision thereof within the meaning of any constitutional or statutory debt limit or restriction, and does not constitute an obligation for which the City or the State is obligated to levy or pledge any form of taxation or for which the City or the State has levied or pledged any form of taxation.

The City has agreed to provide, or cause to be provided, to the Municipal Securities Rulemaking Board for purposes of Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission ("SEC Rule 15c2-12(b)(5)") certain annual financial information and operating data and notice of certain listed events within ten business days of their occurrence. These covenants have been made in order to assist the Underwriter in complying with SEC Rule 15c2-12(b)(5). See "CONTINUING DISCLOSURE" herein for a description of the specific nature of the annual report and notices of listed events and a summary description of the terms of the disclosure agreement pursuant to which such reports are to be made. And see APPENDIX E—"FORM OF CONTINUING DISCLOSURE AGREEMENT."

The U.S. Bank Trust Company, National Association, Los Angeles, California, will act as Trustee with respect to the Series 2025A Bonds. The Series 2025A Bonds will be issued subject to the approval as to their legality by Stradling Yocca Carlson & Rauth LLP, Newport Beach, California, Bond Counsel. Certain

legal matters will be passed upon for the City and the Authority by the City Attorney of the City and by Stradling Yocca Carlson & Rauth LLP, Newport Beach, California, Disclosure Counsel. Certain legal matters will be passed upon for the Underwriter by Hawkins Delafield & Wood LLP, Los Angeles, California.

The City's financial statements for the fiscal year ended June 30, 2024 included as Appendix C hereto have been audited by Rogers, Anderson, Malody & Scott, LLP (the "Auditor"). See APPENDIX C—"ANNUAL COMPREHENSIVE FINANCIAL REPORT OF THE CITY FOR THE FISCAL YEAR ENDED JUNE 30, 2024" herein. The Auditor has not undertaken to update the audited financial statements of the City or its report or to take any action intended or likely to elicit information concerning the accuracy, completeness or fairness of the statements made in this Official Statement.

Certain events could affect the ability of the City to make the Base Rental Payments when due. See "RISK FACTORS" for a discussion of certain factors that should be considered, in addition to other matters set forth herein, in evaluating an investment in the Series 2025A Bonds.

The presentation of information, including tables of receipt of revenues, is intended to show recent historical information and, except for a budget discussion for Fiscal Year 2025-26, is not intended to indicate future or continuing trends in the financial position or other affairs of the City. No representation is made that past experience, as it might be shown by such financial and other information, will necessarily continue or be repeated in the future. See Appendix A for financial and operating information related to the City.

Other Information in this Official Statement

The summaries or references to the Indenture, the Lease Agreement, the Ground Lease, the Assignment Agreement and other documents, agreements and statutes referred to herein, and the description of the Series 2025A Bonds included in this Official Statement, do not purport to be comprehensive or definitive, and such summaries, references and descriptions are qualified in their entireties by reference to each such document or statute. All capitalized terms used in this Official Statement (unless otherwise defined herein) which are defined in the Indenture or the Lease Agreement shall have the meanings set forth therein, some of which are summarized in APPENDIX B—"SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS."

THE SERIES 2025A BONDS

General

The Series 2025A Bonds will be issued in fully registered form without coupons in denominations of $5,000 or any integral multiple thereof. The Series 2025A Bonds will be dated as of and bear interest (calculated on the basis of a 360-day year comprised of twelve 30-day months) from the dated date thereof at the rates set forth on the inside cover page hereof. Interest on the Series 2025A Bonds will be paid semiannually on May 1 and November 1 (each, an "Interest Payment Date") of each year, commencing November 1, 2025.

Interest on the Series 2025A Bonds will be payable from the Interest Payment Date next preceding the date of authentication thereof unless (i) a Series 2025A Bond is authenticated on or before an Interest Payment Date and after the close of business on the fifteenth day of the month next preceding such Interest Payment Date, whether or not such day is a Business Day (the "Record Date"), in which event it will bear interest from such Interest Payment Date, (ii) a Series 2025A Bond is authenticated on or before the first Record Date, in which event interest thereon will be payable from the dated date thereof, or (iii) interest on any Series 2025A Bond is in default as of the date of authentication thereof, in which event interest thereon will be payable from the date to which interest has been paid in full, payable on each Interest Payment Date. Interest will be paid in lawful money of the United States on each Interest Payment Date to the Persons in whose names the ownership of the Series 2025A Bonds is registered on the Registration Books at the close of business on the immediately preceding Record Date, except as provided below. Interest will be paid by check of the Trustee mailed by first

class mail, postage prepaid, on each Interest Payment Date to the Owners at their respective addresses shown on the Registration Books as of the close of business on the preceding Record Date or by wire transfer to Owners of more than $1,000,000 in principal amount of Series 2025A Bonds who have provided account information and wiring instructions satisfactory to the Trustee.

The principal of the Series 2025A Bonds will be payable in lawful money of the United States of America upon presentation and surrender thereof upon maturity or earlier redemption at the Office of the Trustee. The Series 2025A Bonds will be subject to redemption as set forth herein.

Registration, Transfers and Exchanges

The Series 2025A Bonds will be issued as fully registered bonds, registered in the name of Cede & Co. as nominee of DTC, and will be available to actual purchasers of the Series 2025A Bonds (the "Beneficial Owners") in the denominations set forth above, under the book-entry system maintained by DTC, only through brokers and dealers who are or act through DTC Participants (as defined in Appendix F) as described herein. Beneficial Owners will not be entitled to receive physical delivery of the Series 2025A Bonds. See "THE SERIES 2025A BONDS—Book-Entry Only System."

Redemption[*]

Extraordinary Redemption from Condemnation Award or Insurance Proceeds. The Series 2025A Bonds shall be subject to redemption, in whole or in part, on any date, in denominations of $5,000 or any integral multiple thereof, from and to the extent of: (i) Net Insurance Proceeds received with respect to all or a portion of the Property, deposited by the Trustee in the Redemption Fund pursuant to the Indenture, and (ii) eminent domain proceeds received pursuant to the Lease Agreement, at a Redemption Price equal to the principal amount of the Series 2025A Bonds to be redeemed, plus accrued interest thereon to the date of redemption, without premium.

Optional Redemption. The Series 2025A Bonds maturing on or after May 1, 20___, are subject to optional redemption, in whole or in part, on any date on or after May 1, 20___, in denominations of $5,000 or any integral multiple thereof, from and to the extent of prepaid Base Rental Payments paid pursuant to the Lease Agreement, at a Redemption Price equal to the principal amount of the Series 2025A Bonds to be redeemed, plus accrued interest thereon to the date of redemption, without premium.

Mandatory Sinking Fund Redemption. The Series 2025A Bonds with a stated maturity on May 1, 20___ are subject to mandatory sinking fund redemption in part (by lot) on each May 1 on and after May 1, 20___, in integral multiples of $5,000 at a Redemption Price equal to the principal amount thereof plus accrued interest to the date fixed for redemption, without premium, in accordance with the following schedule:

Redemption Date (May 1)	***Principal Amount***
	$

[*]

[*] Final Maturity.

The Series 2025A Bonds with a stated maturity on May 1, 20___ are subject to mandatory sinking fund redemption in part (by lot) on each May 1 on and after May 1, 20___, in integral multiples of $5,000 at a

[*] *Preliminary, subject to change.*

Redemption Price equal to the principal amount thereof plus accrued interest to the date fixed for redemption, without premium, in accordance with the following schedule:

Redemption Date (May 1)	***Principal Amount***
	$
*	

* Final Maturity.

In the event of a redemption pursuant to extraordinary or optional redemption, the City shall provide the Trustee with a revised mandatory sinking fund schedule giving effect to the redemption so completed.

Selection of Bonds for Redemption. Whenever provision is made in the Indenture for the redemption of less than all of the Bonds, the Trustee shall select the Bonds to be redeemed from all Bonds of a Series not previously called for redemption (a) with respect to any optional redemption of Bonds of a Series, among maturities of Bonds of such Series as directed in a Written Request of the Authority provided to the Trustee at least 30 but no more than 60 days prior to the date of such redemption, (b) with respect to any redemption from and to the extent of any insurance proceeds or condemnation award received with respect to all or a portion of the Property and the corresponding provision of any Supplemental Indenture pursuant to which Additional Bonds are issued, among maturities of all Series of Bonds on a pro rata basis as nearly as practicable, as directed in a Written Request of the Authority provided to the Trustee at least 30 but no more than 60 days prior to the date of such redemption, and (c) with respect to any other redemption of Additional Bonds, among maturities as provided in the Supplemental Indenture pursuant to which such Additional Bonds are issued, and by lot among Bonds of the same Series with the same maturity in any manner which the Trustee in its sole discretion deems appropriate and fair. For purposes of such selection, all Bonds will be deemed to be comprised of separate $5,000 denominations and such separate denominations will be treated as separate Bonds which may be separately redeemed.

Notice of Redemption. Notice of redemption shall be given by the Trustee, not less than 20 nor more than 60 days prior to the redemption date (i) as to Series 2025A Bonds not registered in the name of a Securities Depository or its nominee, to the respective Owners of the Series 2025A Bonds designated for redemption at their addresses appearing on the Registration Books, (ii) as to Series 2025A Bonds registered in the name of a Securities Depository or its nominee, to such Securities Depository for such Series 2025A Bonds, and (iii) the Information Services. Notice of redemption to the Owners pursuant to (i) above shall be given by mail at their addresses appearing on the Registration Books, or any other method agreed upon by such Owner and the Trustee. Notice of redemption to the Securities Depositories pursuant to (ii) above and the Information Services pursuant to (iii) above shall be given by electronically secure means, or any other method agreed upon by such entities and the Trustee.

Such notice will state the date of the notice, the redemption date, the redemption place and the Redemption Price and shall designate the CUSIP numbers, the Series 2025A Bond numbers and the maturity or maturities (except in the event of redemption of all of the Series 2025A Bonds of such maturity or maturities in whole) of the Series 2025A Bonds to be redeemed, and will require that such Series 2025A Bonds be then surrendered at the principal corporate trust office of the Trustee for redemption at the Redemption Price, giving notice also that further interest on such Series 2025A Bonds will not accrue from and after the date fixed for redemption. Neither the failure to receive any notice so given, nor any defect in such notice, will affect the validity of the proceedings for the redemption of the Series 2025A Bonds or the cessation of accrual of interest thereon from and after the date fixed for redemption.

With respect to any notice of optional redemption of the Series 2025A Bonds, such notice may state that such redemption is conditional upon the receipt by the Trustee, on or prior to the date fixed for such redemption, of moneys sufficient to pay the principal of, premium if any, and interest on the Series 2025A Bonds to be redeemed and upon other conditions set forth therein and that, if such money has not been so received or such other conditions have not been satisfied, said notice is of no force and effect and the Trustee is not required to redeem such Series 2025A Bonds. If any condition stated in the redemption notice for an optional redemption have not been satisfied on or prior to the redemption date: (i) the redemption notice will be of no force and effect, (ii) the Authority will not be required to redeem such Series 2025A Bonds, (iii) the redemption will not be made, and (iv) the Trustee will within a reasonable time thereafter give notice to the persons in the manner in which the conditional redemption notice was given that such condition or conditions were not met and that the redemption was canceled.

Partial Redemption of Bonds. Upon surrender of any Bonds redeemed in part only, the Authority will execute and the Trustee will authenticate and deliver to the Owner thereof, at the expense of the Authority, a new Bond or Bonds of the same Series in authorized denominations equal in aggregate principal amount representing the unredeemed portion of the Bonds surrendered.

Effect of Notice of Redemption. Notice having been given as aforesaid, and moneys for the Redemption Price, and the interest to the applicable date fixed for redemption, having been set aside in the Redemption Fund, the Bonds will become due and payable on said date, and, upon presentation and surrender thereof at the principal corporate trust office of the Trustee, said Bonds will be paid at the Redemption Price thereof, together with interest accrued and unpaid to said date.

If, on said date fixed for redemption, moneys for the Redemption Price of all the Bonds to be redeemed, together with interest to said date, will be held by the Trustee so as to be available therefor on such date, and, if notice of redemption thereof has been given as aforesaid and not canceled, then, from and after said date, interest on said Bonds will cease to accrue and become payable. All moneys held by or on behalf of the Trustee for the redemption of Bonds will be held in trust for the account of the Owners of the Bonds so to be redeemed without liability to such Owners for interest thereon. All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions of the Indenture will be canceled upon surrender thereof and destroyed.

Book-Entry Only System

DTC will act as securities depository for the Series 2025A Bonds. The Series 2025A Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered Series 2025A Bond will be issued for each maturity of the Series 2025A Bonds, each in the initial aggregate principal amount of such maturity, and will be deposited with DTC. See APPENDIX F—"BOOK-ENTRY ONLY SYSTEM."

SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025A BONDS

Pledge of Revenues

The Series 2025A Bonds are equally and ratably payable from and secured by Base Rental Payments and certain amounts on deposit in the Base Rental Payment Fund, the Interest Fund, the Capitalized Interest Fund, the Principal Fund, and the Redemption Fund established under the Indenture. Base Rental Payments will be payable by the City from any and all legally available funds, however, the City expects that its General Fund will be the primary source of funds to make Base Rental Payments. See "RISK FACTORS" and APPENDIX A—"THE CITY OF EASTVALE" for a description of such available funds and the potential risks associated with the availability of such funds to make Base Rental Payments. The City covenants in the Lease Agreement to take such action as may be necessary to include all Base Rental Payments and Additional

Rental Payments due under the Lease Agreement in its annual budgets and to make the necessary annual appropriations therefor.

The Authority, pursuant to the Assignment Agreement, has assigned to the Trustee for the benefit of the Bond Owners all of the Authority's right, title and interest in and to the Ground Lease and the Lease Agreement, including, without limitation, its right to receive Base Rental Payments to be paid by the City under and pursuant to the Lease Agreement; provided that, the Authority will retain the rights to indemnification, to give approvals and consents under the Lease Agreement and the Ground Lease and to payment or reimbursement of its reasonable costs and expenses under the Lease Agreement. The City will pay Base Rental Payments directly to the Trustee, as assignee of the Authority. See "—Base Rental Payments" below. Pursuant to the Indenture, the Authority may issue Additional Bonds payable from the Base Rental Payments on a parity with the Series 2025A Bonds. See the caption "—Additional Bonds," below, and APPENDIX B—"SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS—THE INDENTURE—ISSUANCE OF BONDS; APPLICATION OF PROCEEDS—Conditions for the Issuance of Additional Bonds" and "—Procedure for the Issuance of Additional Bonds."

Subject only to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture, all of the Base Rental Payments and any other amounts (including proceeds of the sale of the Bonds) held in the Base Rental Payment Fund, the Interest Fund, the Capitalized Interest Fund, the Principal Fund, and the Redemption Fund are pledged by the Authority pursuant to the Indenture to secure the payment of the principal of and interest on the Bonds in accordance with their terms, the provisions of the Indenture and the Act. Said pledge constitutes a first lien on such assets.

The Series 2025A Bonds are special obligations of the Authority, payable solely from Base Rental Payments and the other assets pledged therefor under the Indenture. Neither the faith and credit or the Authority, the City, or the State, or any political subdivision thereof, nor the taxing power of the City or the State, or any political subdivision thereof, is pledged to the payment of the Bonds. The Authority has no power to tax.

Base Rental Payments

Rental Payments (defined in the Lease Agreement as collectively, the Base Rental Payments and the Additional Rental Payments) will be paid by the City to the Authority for and in consideration of the right to use and occupy the Property and in consideration of the continued right to the quiet use and enjoyment thereof during each Rental Period for which such Rental Payments are to be paid. Each Base Rental Payment will be deposited with the Trustee no later than the 25th day of the month next preceding each Interest Payment Date (the "Base Rental Deposit Date") on which such Base Rental Payment is due. All Base Rental Payments will be paid directly by the City to the Trustee, and if received by the Authority at any time will be transferred by the Authority to the Trustee within one Business Day after the receipt thereof. All Base Rental Payments received by the Trustee will be deposited by the Trustee in the Base Rental Payment Fund.

Pursuant to the Indenture, on the Business Day immediately preceding each Interest Payment Date and on the Business Day immediately preceding each Principal Payment Date, the Trustee will transfer amounts in the Base Rental Payment Fund as are necessary to the Interest Fund and the Principal Fund to provide for the payment of the interest on and principal of the Series 2025A Bonds.

The Base Rental Payments due under the Lease Agreement are calculated to be sufficient to pay the scheduled principal of and interest on the Series 2025A Bonds when due. The debt service schedules for the Series 2025A Bonds are set forth below under the heading "DEBT SERVICE SCHEDULE."

The obligation of the City to make the Base Rental Payments does not constitute a debt of the City, the State or of any political subdivision thereof within the meaning of any constitutional or statutory debt limit or restriction, and does not constitute an obligation for which the City or the State is

obligated to levy or pledge any form of taxation or for which the City or the State has levied or pledged any form of taxation.

Additional Rental Payments

For the right to use and occupy the Property, the Lease Agreement requires the City to pay, as Additional Rental payments thereunder, in addition to the Base Rental Payments, such amounts as shall be required for the payment of the following:

(i) All taxes and assessments of any type or nature charged to the Authority or the City or affecting the Property or the respective interests or estates of the Authority or the City therein.

(ii) All reasonable administrative costs of the Authority relating to the Property including, but without limiting the generality of the foregoing, salaries, wages, fees and expenses, compensation and indemnification of the Trustee payable by the Authority under the Indenture, fees of auditors, accountants, attorneys or engineers, and all other necessary and reasonable administrative costs of the Authority or charges required to be paid by it in order to maintain its existence or to comply with the terms of the Indenture or the Lease Agreement or to defend the Authority and its members, officers, agents and employees.

(iii) Insurance premiums for all insurance required pursuant to the Lease Agreement.

(iv) Any amounts with respect to the Lease Agreement or the Bonds required to be rebated to the federal government in accordance with section 148(f) of the Internal Revenue Code of 1986;

(v) All amounts payable to the Insurer pursuant to the Indenture not payable from Base Rental Payments; and

(vi) All other payments required to be paid by the City under the provisions of the Lease Agreement or the Indenture.

Amounts constituting Additional Rental Payments payable under the Lease Agreement will be paid by the City directly to the person or persons to whom such amounts are payable. The City will pay all such amounts when due or at such later time as such amounts may be paid without penalty or, in any other case, within 60 days after notice in writing from the Trustee to the City stating the amount of Additional Rental Payments then due and payable and the purpose thereof.

Abatement

Base Rental Payments and Additional Rental Payments are paid by the City in each Rental Period for and in consideration of the right to use and occupy the Property. Base Rental Payments and Additional Rental Payments may be abated in the event of non-delivery of the Project or in the event of damage, destruction, condemnation or title defect affecting the Property, each as described further below. The Trustee cannot terminate the Lease Agreement in the event of such substantial interference. Abatement of Base Rental Payments and Additional Rental Payments is not an event of default under the Lease Agreement and does not permit the Trustee to take any action or avail itself of any remedy against the City. See APPENDIX B—"SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS—THE LEASE AGREEMENT—RENTAL PAYMENTS—Rental Abatement."

In the Event of Non-Delivery of the Project. To the extent described below, the amount of Rental Payments due under the Lease Agreement will be abated during any period in which by reason of delay in the completion of the portions of the Project being constructed on the Property there is substantial interference with the City's use and occupancy of the Project; provided, however, that the Rental Payments due for any

Rental Period may not exceed the annual fair rental value of that portion of the Property available for use and occupancy by the City during such Rental Period. The City and the Authority will calculate such abatement and provide the Trustee with a certificate setting forth such calculation and the basis therefor. Such abatement will continue until the substantial completion of the portions of the Project being constructed on the Property, and the term of the Lease Agreement will be extended until the date upon which (i) all Bonds shall be fully paid, or provision therefor made in accordance with the Indenture, or (ii) the Indenture shall be discharged by its terms and all Rental Payments shall have been paid in full. Notwithstanding the foregoing, the term of the Lease Agreement will in no event be extended beyond May 1, [2065]. Notwithstanding the foregoing, the City will remain obligated to make Rental Payments under the Lease Agreement, as an obligation of the City payable from a special fund, (i) to the extent there are proceeds of any completion or performance bonds or moneys paid to the City by the contractors or any other person as liquidated damages as a result of any defect or delay in completion of the portion of the Project being constructed on the Property, or (ii) to the extent that amounts in the Capitalized Interest Fund are available to pay Rental Payments which would otherwise be abated under the Lease Agreement in the event of non-delivery of the Project. Any amounts received by the City as liquidated damages will be deposited by the City immediately upon receipt in the Base Rental Payment Fund.

In the Event of Damage, Destruction, Condemnation or Title Defect. Except as otherwise specifically provided in the Lease Agreement, during any period in which, by reason of material damage to, or destruction or condemnation of, the Property, or any defect in title to the Property, there is substantial interference with the City's right to use and occupy any portion of the Property, Rental Payments are subject to abatement proportionately, and the City waives the benefits of Civil Code Sections 1932(1), 1932(2) and 1933(4) and any and all other rights to terminate the Lease Agreement by virtue of any such interference, and the Lease Agreement will continue in full force and effect. The amount of such abatement will be agreed upon by the City and the Authority; provided, however, that the Rental Payments due for any Rental Period may not exceed the annual fair rental value of that portion of the Property available for use and occupancy by the City during such Rental Period. Any such abatement will continue for the period commencing with the date of interference resulting from such damage, destruction, condemnation or title defect and, with respect to damage to or destruction of the Property, ending when such use and occupancy is restored. In the event of abatement, the term of the Lease Agreement will be extended until the date upon which (i) all Bonds shall be fully paid, or provision therefor made in accordance with the Indenture, or (ii) the Indenture shall be discharged by its terms and all Rental Payments shall have been paid in full. Notwithstanding the foregoing, the term of the Lease Agreement will in no event be extended beyond May 1, [2065].

Notwithstanding the foregoing, to the extent that moneys are available for the payment of Rental Payments due under the Lease Agreement in any of the funds and accounts established under the Indenture (including as a result of the availability of insurance proceeds), such Rental Payments will not be abated as provided above but, rather, will be payable by the City as a special obligation payable solely from said funds and accounts.

Substitution, Addition and Removal of Property

General. The Authority and the City may amend the Lease Agreement to substitute alternate property for any portion of the Property, to release a portion of the Property from the Lease Agreement or to add additional property to the encumbrance of the Lease Agreement, with the written consent of the Insurer (so long as the Insurer is not in default on any obligation under the Policy) and upon compliance with all of the conditions set forth in the Lease Agreement and described below. After a substitution or release, the portion of the Property for which the substitution or release has been effected will be released from the leasehold encumbrance of the Lease Agreement.

The Lease Agreement provides that there will be no reduction in or abatement of the Base Rental Payments due from the City thereunder as a result of such substitution, release or addition. Any such

substitution, release or addition is subject to the following specific conditions precedent to such substitution, release or addition:

(a) a Written Certificate of the City to the effect that the Property, as constituted after such substitution, release or addition: (i) has an annual fair rental value at least equal to the maximum Base Rental Payments payable by the City in any Rental Period, and (ii) has a useful life in excess of the final maturity of any Outstanding Bonds.

(b) with respect to any substituted or added property, the City obtains or causes to be obtained a CLTA or ALTA title insurance policy or policies with respect to the Property (as such term will be defined after such substitution or addition) that when taken together with other title insurance policies covering portions of the Property other than such substituted or added property, will be in an amount at least equal to the aggregate principal amount of any Outstanding Bonds, of the type and with the endorsements described in the Lease Agreement; and

(c) the City, the Authority and the Trustee execute, and the City causes to be recorded with the County of Riverside Recorder, any document necessary to reconvey to the City the portion of the Property being released and to include any substituted or added real property in the description of the Property contained in the Lease Agreement and in the Ground Lease.

See the captions "THE PROJECT" and "THE PROPERTY," as well as APPENDIX B—"SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS—THE LEASE AGREEMENT—NO CONSEQUENTIAL DAMAGES; USE OF THE PROPERTY; SUBSTITUTION OR RELEASE—Substitution or Release of, or Addition to, the Property."

Action on Default

Should the City default under the Lease Agreement, the Trustee, as assignee of the Authority under the Lease Agreement, may terminate the Lease Agreement and recover certain damages from the City, or may retain the Lease Agreement and hold the City liable for all Base Rental Payments thereunder on an annual basis, and will have the right to re-enter and re-let the Property. In the event such re-letting occurs, the City would be liable for any resulting deficiency in Base Rental Payments. See "RISK FACTORS—Limited Recourse on Default; No Acceleration of Base Rental."

For purposes of certain actions of Bond Owners under the Indenture and the Lease Agreement, such as certain consents and amendments and the direction of remedies following default, Bond Owners do not act alone and may not control such matters to the extent such matters are not supported by the requisite number of the Owners of all Bonds.

In the event of a default under the Lease Agreement, there is no right under any circumstances to accelerate the Base Rental Payments or otherwise declare any Base Rental Payments not then in default to be immediately due and payable. There is no right under the Indenture to accelerate debt service payments on the Bonds in the event of a default under the Indenture or the Lease Agreement.

For a description of the events of default and permitted remedies of the Trustee (as assignee of the Authority) contained in the Lease Agreement and the Indenture, see APPENDIX B—"SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS—THE LEASE AGREEMENT—DEFAULTS AND REMEDIES" and "—THE INDENTURE—DEFAULT AND LIMITATIONS OF LIABILITY."

No Reserve Fund

The Authority has not funded a debt service reserve fund for the Series 2025A Bonds.

Capitalized Interest Fund

Debt service on the Series 2025A Bonds through [May 1, 2028] will be paid from capitalized interest. On the second Business Day immediately preceding each Interest Payment Date, the Trustee will transfer from the Capitalized Interest Fund to the Interest Fund, the following amounts on the dates set forth below. All amounts remaining in the Capitalized Interest Fund following [May 1, 2028] will be transferred to the Interest Fund.

Date	*Amount*
November 1, 2025	$
May 1, 2026	
November 1, 2026	
May 1, 2027	
November 1, 2027

See the captions "SOURCES AND USES OF FUNDS," "DEBT SERVICE SCHEDULE" and "THE PROJECT—The Project," as well as APPENDIX B—"SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS—THE INDENTURE—SECURITY FOR THE BONDS; FLOW OF FUNDS—Flow of Funds."

Additional Bonds

Pursuant to the Indenture, the Authority may issue Additional Bonds payable from the Base Rental Payments on a parity with the outstanding Bonds upon satisfaction of certain conditions, including, but not limited to, the following:

(a) The issuance of such Additional Bonds has been authorized under and pursuant to the Indenture and provided for by a Supplemental Indenture, which shall specify, among other things, the following:

(1) the application of the proceeds of the sale of such Additional Bonds;

(2) the principal amount, designation, and denominations of such Series of Additional Bonds;

(3) the date, the maturity date or dates, the interest payment dates and the dates on which mandatory sinking fund redemptions, if any, are to be made for such Additional Bonds; provided, however, that (i) the serial Bonds of such Series of Additional Bonds must be payable as to principal annually on May 1 of each year in which principal falls due, and the Term Bonds of such Series of Additional Bonds must have annual mandatory sinking fund redemptions on May 1, (ii) the Additional Bonds must be payable as to interest semiannually on May 1 and November 1 of each year, except that the first installment of interest may be payable on either May 1 or November 1 and shall be for a period of not longer than twelve months and the interest must be payable thereafter semiannually on May 1 and November 1, (iii) all Additional Bonds of a Series of like maturity must be identical in all respects, except as to number or denomination (and provided that such Bonds may accrue interest at different rates), and (iv) serial maturities of serial Bonds or mandatory sinking fund redemptions for term Bonds, or any combination thereof, will be established as appropriate to provide for the redemption or payment of such Additional Bonds on or before their respective maturity dates;

(4) the redemption premiums and terms, if any, for such Additional Bonds; and

(5) if necessary; that from such proceeds or other sources an amount shall be deposited in a reserve fund or account so that following such deposit there will be on deposit in a reserve fund or

account an amount at least equal to the Reserve Fund Requirement for such Series of Additional Bonds, if any, after issuance of the Additional Bonds;

(b) The Authority and the City shall be in compliance with all agreements, conditions, covenants and terms contained in the Indenture, in the Lease Agreement and in the Ground Lease required to be observed or performed by it;

(c) The Ground Lease and the Lease Agreement shall have been amended, to the extent necessary, (i) so as to increase the Base Rental Payments payable by the City thereunder by an aggregate amount equal to the principal of and interest on such Additional Bonds, payable at such times and in such manner as may be necessary to provide for the payment of the principal of and interest on such Additional Bonds; provided, however, that no such amendment shall be made such that the sum of Base Rental Payments, including any increase in the Base Rental Payments as a result of such amendment, plus Additional Rental Payments, in any Rental Period shall be in excess of the annual fair rental value of the Property after taking into account the use of the proceeds of any Additional Bonds issued in connection therewith (evidence of the satisfaction of such condition shall be made by a Written Certificate of the City); and (ii) to include provisions for the prepayment of Base Rental Payments attributable to such Additional Bonds; and

Notwithstanding satisfaction of the other conditions to the issuance of Additional Bonds set forth in the Indenture, no such issuance may occur if an event of default (within the meaning of the Lease Agreement) (or any event which, once all notice or grace periods have passed, would constitute such event of default) exists unless such event of default shall be cured upon such execution or issuance.

See APPENDIX B—"SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS—THE INDENTURE—ISSUANCE OF BONDS; APPLICATION OF PROCEEDS—Conditions for the Issuance of Additional Bonds" and "—Procedure for the Issuance of Additional Bonds."

Insurance

General. The Lease Agreement requires that the City maintain certain insurance coverages on the Property for loss due to property damage, title defect, loss of use and other liability as described below. Under the Lease Agreement, the City may self-insure for the coverages required under the captions "*Property Insurance*," "*General Liability Insurance*," and "*Workers' Compensation Insurance*." The City self-insures up to certain amounts and purchases additional coverage from commercial carriers as described in Appendix A hereto under "INFORMATION REGARDING THE CITY OF EASTVALE — Risk Management."

Property Insurance. The Lease Agreement requires the City to maintain or cause to be maintained fire, lightning and special extended coverage insurance (which includes coverage for vandalism and malicious mischief, but need not include coverage for earthquake damage) on all improvements constituting any part of the Property, which with respect to any portion of the Property for which initial construction of improvements thereon has not been completed, initially may be in the form of a builder's risk policy providing coverage in an amount not less than the construction costs expended for such projects and, if no builder's risk policy is in effect in an amount not less than 100% of the replacement cost of such improvements. Such property insurance required to be maintained pursuant to the Lease Agreement may be subject to a deductible in an amount not to exceed $500,000.

General Liability Insurance. The Lease Agreement requires the City to maintain or cause to be maintained a standard commercial general liability insurance policy or policies in protection of the City, the Authority and their respective members, officers, agents and employees. Said policy or policies shall provide for indemnification of said parties against direct or contingent loss or liability for damages for bodily and personal injury, death or property damage occasioned by reason of the use or ownership of the Property. Said policy or policies shall provide coverage in the minimum liability limits of $1,000,000 for personal injury or death of each person and $3,000,000 for personal injury or deaths of two or more persons in a single accident

or event, and in a minimum amount of $500,000 for damage to property (subject to a deductible clause of not to exceed $100,000) resulting from a single accident or event. Such commercial general liability and property damage insurance may, however, be in the form of a single limit policy in the amount of $3,000,000 covering all such risks.

Rental Interruption Insurance. The Lease Agreement requires the City to maintain rental interruption insurance to cover the Authority's loss, total or partial, of Base Rental Payments resulting from the loss, total or partial, of the use of any part of the Property as a result of any of the hazards covered by the casualty insurance described above under "— *Property Insurance*," in an amount sufficient at all times to pay an amount not less than the product of two times the maximum amount of Base Rental Payments scheduled to be paid during any Rental Period. The City's obligations in the Lease Agreement may be satisfied by self-insurance, provided such self-insurance complies with the provisions thereof. Notwithstanding the foregoing, the City will not be required to obtain rental interruption insurance with respect to Property until the City has received a certificate of occupancy for Project.

Workers' Compensation Insurance. The City is also required to maintain or cause to be maintained workers' compensation insurance issued by a responsible carrier authorized under the laws of the State to insure employers against liability for compensation under the California Labor Code, or any act enacted as an amendment or supplement thereto or in lieu thereof, such workers' compensation insurance to cover all persons employed by the City in connection with the Property and to cover full liability for compensation under any such act.

Title Insurance. The City shall provide, at its own expense, one or more CLTA or ALTA title insurance policies for the Property, in the aggregate amount of not less than the initial aggregate principal amount of the Bonds. Said policy or policies shall insure (a) the fee interest of the City in the Property, (b) the Authority's ground leasehold estate in the Property under the Ground Lease, and (c) the City's leasehold estate under the Lease in the Property, subject only to Permitted Encumbrances. All Net Insurance Proceeds received under said policy or policies shall be deposited with the Trustee and applied as provided in the Indenture.

See APPENDIX B—"SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS—THE LEASE AGREEMENT—INSURANCE."

[1]	$	$	$
Total	$	$	$

[1] Debt service on the Series 2025A Bonds through [May 1, 2028] will be paid from capitalized interest. See the caption "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025A BONDS—Capitalized Interest Fund."

Source: The Underwriter.

THE FINANCING PLAN

A portion of the proceeds of the Series 2025A Bonds will be used to finance the costs of the acquisition, construction and/or installation of certain capital improvement projects within the City, including but not limited to, the design and development of the Civic Center Project, which includes the City Hall, Library, and Police Station buildings, as well as a Civic Plaza, Park, Amphitheater, and associated subterranean and surface parking, associated facilities and equipment (collectively, the "Civic Center Project" or the "Project"). A breakdown of the estimated cost of the Civic Center Project by component is set forth in the following table. Of the total cost of the Project, approximately $137.3 million will be funded from cash and approximately $50 will be funded from the net proceeds of the Series 2025A Bonds. See the caption "THE PROJECT."

Project Component	***Component Cost***
City Hall[(1)]	$ 62,292,353
Library[(2)]	38,223,604
Police Station[(3)]	43,226,835
Civic Plaza and Park[(4)]	24,663,050
Contingency[(5)]	18,880,615
Total	$ 187,286,456

(1) The City Hall building and approximately 12 surface parking spaces constitute the Property subject to the Lease Agreement.
(2) Includes approximately 5 surface parking spaces.
(3) Includes approximately 6 surface parking spaces and an approximately 28,810 square foot single level subterranean parking garage.
(4) Includes the Amphitheater and other site improvements.
(5) Contingency is allocated among the Project components as follows: $6.9 million to City Hall, $4.2 million to the Library, $4.9 to the Police Station, and $2.8 million to Civic Plaza, Park, Amphitheater, and other site improvements.

Source: The City.

THE CIVIC CENTER PROJECT

Description of the Project. The Civic Center Project is located at the northwestern corner of Hamner Avenue and Limonite Avenue in the City, and consists of the design, construction and furnishing of three buildings (City Hall, Police Department, and Library), an approximately 4.3 acre open space area including a Civic Plaza, Park, and Amphitheater, and approximately 23 surface parking spaces.

The City Hall building is planned to be an approximately 52,340 square foot, three story building which will house the City Council chambers and various City departments including the City Manager's office, City Clerk, finance, and development services. The City Hall building and approximately 12 surface parking spaces located adjacent to the building constitute the Property subject to the Lease Agreement.

The City Hall building will be located directly adjacent to the new Police Department building, which is also part of the Project but which will not be part of the leased Property. The Police Department building will be an approximately 22,021 square foot, two story building plus one level of subterranean parking which will serve as the Police Department headquarters in the City, and will be operated by the Riverside County Sheriff. Approximately six surface parking spaces will be located adjacent to the Police Department building and will be fenced off and restricted to use by the County Sheriff in connection with operation of the Police Department facility.

The Library building will also be two stories and approximately 25,599 square feet, and will be operated by the County under agreement with the City. Approximately five surface parking spaces will be located adjacent to the Library building. The Library building is not a part of the leased Property.

The Civic Plaza will consist of approximately 46,771 square feet of open space located between the City Hall, Library, and Police Station buildings. The Park will consist of approximately 101,703 (drive lane exclude) square of open space located to the west of the City Hall and Library buildings and will include walking paths, seating and eating areas, open area grass, and trees. The Park also includes an 5,380 square foot outdoor amphitheater with seating for approximately 406 people, located directly adjacent to the northwest corner of the City Hall building.

Design and Construction of the Project. The City has retained M. Arthur Gensler, Jr. and Associates ("Gensler") to provide architectural, planning and pre-design services for the Project and Griffin Structures as the owner representative/program manager for the Project.

The total cost of the Project (including furniture, fixtures and equipment) is expected to be approximately $187.3 million, which is expected to be financed with the proceeds of the Series 2025A Bonds and other funds of the City as described under the caption "THE FINANCING PLAN."

The design phase of the Project was completed in March 2025, and requests for bids were sent to pre-qualified contractors in April, 2025. Bids were opened in June 2025 and the general construction contract (the "Construction Contract") was awarded to [Clark Construction] (the "Contractor") on [June 25], 2025. Construction of the Project is scheduled to begin in August, 2025. The construction contract currently identifies a 25-month construction schedule, with completion of the Project currently expected in September 2027. As of June 16, 2025, the City had expended approximately $9.8 million on design, engineering and related soft costs, all of which the City expects to seek reimbursement for from the proceeds of the Series 2025A Bonds.

The Property leased under the Ground Lease and the Lease Agreement includes the City Hall building, approximately 23 surface parking spaces and 66 subterranean parking spaces (sometimes referred to herein as the "Leased Portion of the Project"). See "THE PROPERTY," below.

The City has funded a portion of the capitalized interest on the Series 2025A Bonds through [May 1, 2028], which is calculated to equal the Base Rental Payments through the estimated completion of the Project. Should the Project not be timely completed and if the City does not have beneficial use and occupancy of the Leased Portion of the Project prior to the date through which capitalized interest has been funded, the City's Base Rental Payments under the Lease Agreement may be subject to abatement.

The Construction Contract entered into by the City for the Project provides that the Contractor will be required to pay liquidated damages of $22,260 per day to the City in the event the Project is not substantially completed within 730 calendar days of the commencement of construction, or in the event final completion does not occur within 760 days of commencement of construction. The City currently expects construction to begin in August, 2025. However, certain force majeure and other provisions of the Construction Contract may prohibit or reduce the collection of liquated damages. In the event of abatement of all or a portion of the Rental Payments due to non-delivery of the Leased Portion of the Project, the City is required under the Lease Agreement to continue to make Rental Payments from such liquidated damages or any proceeds of any completion or performance bonds or other moneys paid to the City by the various contractors. The City can make no assurances regarding the availability, amounts or timing of funds that could be collected as liquidated damages or from the proceeds of any completion or performance bonds. See the captions "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025A BONDS—Abatement" and "RISK FACTORS—Abatement."

THE PROPERTY

The Property leased under the Ground Lease and the Lease Agreement consists of the City Hall building, approximately 23 surface parking spaces and 66 subterranean parking spaces (defined above as the "Leased Portion of the Project"). As described further under the caption "THE CIVIC CENTER PROJECT," construction on the Civic Center Project is expected to begin in August, 2025 and is expected to be completed in September 2027. The real property on which the Civic Center Project will be constructed is currently vacant land located at the northwestern corner of Hamner Avenue and Limonite Avenue in the City.

The City Hall building will house the City Council chambers and various City departments including the City Manager's office, City Clerk, finance, and development services. The City currently operates the majority of its City departments, including the City Council chambers, at space leased by the City in a retail shopping center located at 12363 Limonite Avenue in the City.

THE AUTHORITY

The Authority was established pursuant to Article 1 (commencing with Section 6500) of Chapter 5, Division 7, Title 1 of the California Government Code and a Joint Exercise of Powers Agreement, dated as of January 8, 2025, by and between the City and the Eastvale Parking Authority (the "Parking Authority"). The governing board of the Authority is comprised of all of the individuals who currently are members of the City Council of the City. The Authority is qualified to assist in the financing of certain public improvements and to issue the Series 2025A Bonds pursuant to the provisions of Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the California Government Code (the "Bond Law"). The Authority has no taxing power. The Authority and the City are each separate and distinct legal entities, and the debts and obligations of each such entity are not debts or obligations of the other entity.

THE CITY

The City of Eastvale (the "City") was incorporated on October 1, 2010 and is one of the newest cities in the State. The City is located in northwestern Riverside County in the Inland Empire region of Southern California. The City is surrounded by the cities of Chino and Ontario within San Bernardino County to the north and west and the cities of Corona, Norco, and Jurupa Valley in Riverside County to the south and east. The City has a total area of 13.1 square miles, of which 12.5 square miles is land and 0.6 square miles is water (the Santa Ana River).

The City provides a wide range of services including City Clerk, Communications, Planning, Economic Development, Public Works, Engineering, Building, Code Enforcement, Community Services and Recreation, and internal administrative services including Finance, Human Resources, and Risk Management. Animal control, library, and public safety (fire and police) services are provided to the City and its residents through contracts with the County of Riverside (the "County"). Other services are provided directly through other agencies, including water and sewer service through the Jurupa Community Services District, parks and recreation through the Jurupa Community Services District and Jurupa Area Recreation and Parks District and public transit through the Riverside Transit Agency. The City has franchise agreements for electricity service through Southern California Edison, natural gas through SoCalGas, refuse collection through Waste Management and cable service through state franchise agreements with Charter Communications, DirecTV, and Frontier.

As of January 1, 2025, the City had a population of 69,799. The proximity of three heavily commercialized counties (two of the City's borders are adjacent to San Bernardino County, and the city is within 8 miles of the Los Angeles County and Orange County borders), and the fact that the City is roughly squared between Interstate 15 and California State Routes 91, 60, and 71, has made the City popular with commuters to these three counties for employment.

For more detailed operational, financial and demographic information regarding the City, see APPENDIX A—"THE CITY OF EASTVALE." A copy of the financial statements of the City for the fiscal year ended June 30, 2024 is attached hereto as Appendix C which should be read in its entirety. See APPENDIX C—"ANNUAL COMPREHENSIVE FINANCIAL REPORT OF THE CITY FOR THE FISCAL YEAR ENDED JUNE 30, 2024."

RISK FACTORS

The following factors, along with the other information in this Official Statement, should be considered by potential investors in evaluating the purchase of the Series 2025A Bonds. However, they do not purport to be an exhaustive listing of risks and other considerations which may be relevant to an investment in the Series 2025A Bonds. In addition, the order in which the following factors are presented is not intended to reflect the relative importance of any such risks.

General Considerations – Security for the Series 2025A Bonds

The Series 2025A Bonds are special obligations of the Authority, payable solely from Base Rental Payments and the other assets pledged under the Indenture. Neither the faith and credit or the Authority, the City, or the State, or any political subdivision thereof, nor the taxing power of the City or the State, or any political subdivision thereof, is pledged to the payment of the Bonds. The Authority has no taxing power.

The obligation of the City to make the Base Rental Payments does not constitute a debt of the City or the State or of any political subdivision thereof within the meaning of any constitutional or statutory debt limit or restriction, and does not constitute an obligation for which the City or the State is obligated to levy or pledge any form of taxation or for which the City or the State has levied or pledged any form of taxation.

Although the Lease Agreement does not create a pledge, lien or encumbrance upon the funds of the City, the City is obligated under the Lease Agreement to pay the Base Rental Payments and Additional Rental Payments from any source of legally available funds and the City has covenanted in the Lease Agreement that it will take such action as may be necessary to include all Base Rental Payments and Additional Rental Payments due under the Lease Agreement in its annual budgets and to make necessary annual appropriations for all such Rental Payments, subject to abatement. The City is currently liable and may become liable on other obligations payable from its general revenues. See APPENDIX A—"CITY OF EASTVALE—CITY FINANCIAL INFORMATION—Indebtedness."

The City has the capacity to enter into other obligations which may constitute additional charges against its revenues. To the extent that additional obligations are incurred by the City, the funds available to make Base Rental Payments may be decreased. In the event the City's revenue sources are less than its total obligations, the City could choose to fund other activities before making Base Rental Payments and other payments due under the Lease Agreement. The same result could occur if, because of California Constitutional limits on expenditures, the City is not permitted to appropriate and spend all of its available revenues. The City has exceeded its annual limitation on appropriations under Article XIIIB of the State Constitution each year since 2021, because of the City's high sales tax revenues. See APPENDIX A—"CITY OF EASTVALE—CITY FINANCIAL INFORMATION—Constitutional Appropriations Limit." Also see "CONSTITUTIONAL AND STATUTORY LIMITATIONS ON TAXES AND APPROPRIATIONS—Article XIIIB of the State Constitution."

Abatement

In the event of substantial interference with the City's right to use and occupy any portion of the Property by reason of non-delivery of the Project or by reason of damage to, or destruction or condemnation of the Property, or any defects in title to the Property, Rental Payments will be subject to abatement. See "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025A BONDS—Abatement." In the

event of non-delivery of the Leased Portion of the Project or if the Leased Portion of the Project cannot be completed during the period of time in which proceeds of the City's rental interruption insurance and any liquidated damages received by the City are available in lieu of Rental Payments, plus the period for which funds are available from the funds and account established under the Indenture, there could be insufficient funds to make payments to Owners in full. Furthermore, in the event that all or a portion of the Property, if damaged or destroyed by an insured casualty, could not be replaced during the period of time in which proceeds of the City's rental interruption insurance will be available in lieu of Rental Payments, plus the period for which funds are available from the funds and accounts established under the Indenture, or in the event that casualty insurance proceeds are insufficient to provide for complete repair or replacement of such portion of the Property or redemption of the Series 2025A Bonds, there could be insufficient funds to make payments to Owners in full.

It is not always possible to predict the circumstances under which abatement of rental may occur. In addition, there is no statute, case or other law specifying how such an abatement of rental should be measured. For example, it is not clear whether fair rental value is established as of commencement of the Lease Agreement or at the time of the abatement. If the latter, it may be that the value of the Property is substantially higher or lower than its value at the time of issuance of the Series 2025A Bonds. Abatement, therefore, could have an uncertain and material adverse effect on the security for and payment of the Series 2025A Bonds.

If damage, destruction, title defect or eminent domain proceedings with respect to the Property results in abatement of the Rental Payments related to such Property and if such abated Rental Payments, if any, together with moneys from rental interruption or use and occupancy insurance (in the event of any insured loss due to damage or destruction), and eminent domain proceeds, if any, are insufficient to make all payments of principal and interest with respect to the Series 2025A Bonds during the period that the Property is being replaced, repaired or reconstructed, then all or a portion of such payments of principal and interest may not be made. Under the Lease Agreement and the Indenture, no remedy is available to the Series 2025A Bond Owners for nonpayment under such circumstances.

As described above under "THE PROJECT" and "THE PROPERTY," the Property leased under the Ground Lease and the Lease Agreement consists of the new City Hall component of the Civic Center Project. The City has funded capitalized interest for the Series 2025A Bonds through [May 1, 2028], which is calculated to equal the Base Rental Payments coming due through the rental period during which the Project is expected to be completed. Should the Leased Portion of the Project not be timely completed and if the City does not have beneficial use and occupancy of the Leased Portion of the Project prior to the period through which capitalized interest has been funded, the City's Rental Payments under the Lease Agreement may be subject to abatement. See the caption "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025A BONDS—Abatement."

Natural Disasters and Climate Change

General. The occurrence of any natural disaster in the City, including, without limitation, fire, windstorm, drought, earthquake, landslide, mudslide or flood, could have an adverse material impact on the economy within the City, its General Fund and the revenues available for the payment of Base Rental Payments. The occurrence of natural disasters in the City could result in substantial damage to the City and the Property which, in turn, could substantially reduce General Fund revenues and affect the ability of the City to make Base Rental Payments or cause an abatement in Base Rental Payments. Reduced ability to pay Base Rental Payments could affect the payment of the principal of and interest on the Series 2025A Bonds. The City maintains liability insurance and property casualty insurance (for losses other than from seismic events) for the Property. See APPENDIX A—"CITY OF EASTVALE—CITY FINANCIAL INFORMATION—Risk Management" in Appendix A hereto. However, there can be no assurance that specific losses will be covered by insurance or, if covered, that claims will be paid in full by the applicable insurers.

Seismic Activity. According to the Safety Element (the "Safety Element") dated March 2024 of the City's General Plan, there are three major, known faults located in the County: the San Andreas, San Jacinto, and Elsinore faults. The San Andreas and San Jacinto are two of California's most active faults. Several properties within the City and its sphere of influence are directly impacted by the southernmost section of the San Andreas fault and/or secondary faults and fractures. These faults pose geologic and seismic hazards in the form of earthquakes, fault rupture, liquefaction, and landslides. The most recent earthquake along this stretch of the fault occurred more than 300 years ago leading scientists to suggest that it has accumulated a substantial amount of tectonic stress and is likely to produce a large (7 to 8 magnitude) earthquake in the near future. For more information, see the Safety Element of the City's General Plan on file with the City Clerk.

Flooding. The City's Local Hazards Mitigation Plan (the "LHMP") dated July 2023, identified flooding as having limited damage/injuries severity and likely probability. Portions of the City are located within the 100- and 500-year floodplains including the Santa Ana riverbeds as well as some residential properties adjacent to this area, Crossroads Riverview Park, Prado Basin Park, Eastvale Community Park, Swan Lake, and a portion of I-15. No portion of the Property subject to the Ground Lease and the Lease Agreement are within a 100-year flood plain.

Wildfires. The State is periodically subject to wildfires. When wildfires scorch land, they destroy all vegetation on mountains and hillsides. As a result, when heavy rain falls in the winter, there is nothing to stop the rain from penetrating directly into the soil. In addition, waxy compounds in plants and soil that are released during fires create a natural barrier in the soil that prevents rain water from seeping deep into the ground. The result is erosion, mudslides, and excess water running off the hillsides often causing flash flooding. According to the Safety Element of the City's General Plan, wildfires are a primary concern given the City's generally dry climate, location within a semi-rural setting, the abundance of dry, low-lying dry brush and chaparral on the hillsides, the frequency of high wind velocity from Santa Ana winds and the steep terrain in portions of the City. Wildfires are of special concern in communities that are located in the Wildland-Urban Interface (the "WUI") which is commonly described as the area where human development meets and intermingles with undeveloped wild land dry brush near homes and/or vegetative fuels. This results in creation of a wildfire hazard area that poses significant risks to life, property, and infrastructure. Additionally, fires outside the City can impact residents as smoke and air pollution from wildfires can be a severe health hazard, especially for more vulnerable health impaired populations.

Fire Hazard Severity Zone Maps. On March 24, 2025, CAL Fire released an updated Fire Hazard Severity Zone ("FHSZ") map for the Southern California region which evaluates "Hazard," being the likelihood and expected fire behavior over a 30 to 50-year period without considering mitigation measures such as home hardening, recent wildfire or fuel reduction efforts. On the other hand, "Risk" is the potential damage a fire can do to the area under existing conditions, accounting for any modifications such as fuel reduction projects, defensible space, and ignition resistant building construction. Pursuant to Sections 4201-4204 of the California Public Resources Code, the State Fire Marshal is mandated to classify the state responsibility areas (the "SRAs"), where the state has financial responsibility for wildfire protection and prevention, into FHSZs. These zones are classified as either "Moderate," "High" or "Very High" and are based on statewide criteria and severity of fire hazard that is expected to prevail in those areas. Each zone embraces relatively homogeneous lands and is based on fuel loading, slope, fire weather, and other relevant factors present, including areas where winds have been identified as a major cause of wildfire spread. In areas designated as the local responsibility areas (the "LRAs"), where local agencies have financial responsibility for wildfire protection and prevention, local agencies must adopt a FHSZ map and all three FHSZ classes. The LRAs map process will happen after the SRAs map process has been completed, which is estimated to occur in the summer of 2025. For more information, see the CAL Fire website. No portion of the Property is located within a High or Very High FHSZ. However, there is a risk of property within the City being destroyed by wildfires or urban fires, and no assurance can be given as to the severity or frequency of wildfires or urban fires within the vicinity of the City.

Property Tax Relief for Properties Affected by Natural Disasters. On January 16, 2025, Governor Gavin Newsom issued Executive Order N-10-25 (the "Governor's Order) which canceled penalties, costs and interest on overdue property taxes (including special taxes) within certain Los Angeles County zip codes affected by the Palisades and Eaton Fires during calendar year 2025. This will likely cause a delay in the payment of property taxes by certain property owners in the areas affected by the Governor's Order, unless such property owners within the affected areas pay their property taxes voluntarily or have mortgage impound accounts. In the event of a major fire or other natural disaster affecting the City, a similar order affecting the City could impact the City's receipt of property tax revenues with respect to properties located in affected areas.

Climate Change. According to the Safety Element and LHMP, climate change caused by human activities may have adverse effects on the City. Climate change can also result in more variable weather patterns, which can lead to longer and more severe droughts as well as increased risk of flooding. Projections of the impacts of global climate change on the City are complex and depend on many factors that are outside the City's control. The various scientific studies that forecast the amount and timing of adverse impacts of climate change are based on assumptions contained in such studies, but actual events may vary materially. Also, the scientific understanding of climate change and its effects continues to evolve. Accordingly, the City is unable to forecast with certainty when adverse impacts of climate change will occur or the extent of such impacts. The City expects to continue to consider the effects of climate change in its own planning and to participate in regional planning initiatives. While the impacts of climate change may be mitigated by the City's past and future investment in adaptation strategies, the City can give no assurance about the net effects of those strategies and whether the City will be required to take additional adaptive mitigation measures. Particular potential impacts of climate change on the City include worsening air quality, increased flooding, and heatwaves.

Hazardous Substances

The City knows of no existing hazardous substances which require remedial action on or near the Property. However, it is possible such substances do currently or potentially exist and that the City is not aware of them.

According to the LHMP, the existing City Hall facility, Fire Station 27, and three schools are within a 1-miles proximity to the I-15 transportation corridor which could be at risk from a hazardous materials spill caused by a transportation incident. If a tanker spill did occur in this area, the existing City Hall facility and potentially three schools would be either evacuated or required to shelter in place affecting the capability to provide critical services. There would be limited damage to buildings but a high potential of contamination to staff. Additionally, depending on the type of hazardous material involved, a spill along this transportation corridor could have a significant impact on the retail base located in this area of the City.

According to the City's Safety Element, most hazardous materials in the region are being transported on truck routes along major roadways that pass through the City, such as I-15 along the eastern border of the City. The most vulnerable areas along this route are the on-/off-ramps and interchanges. Since 1970, there have been no reported roadway hazardous materials incidents in the City.

Hazardous materials and waste within the City are managed by the Certified Unified Program Agency ("CUPA"), a local administrative agency within the Riverside County Division of Environmental Health. The CUPA consolidates, coordinates, and makes consistent the regulatory activities of several hazardous materials and hazardous waste programs, including Hazardous Materials Management, California Accidental Release Prevention, Hazardous Waste Management, Underground Storage Tanks, Aboveground Storage Tanks, and Emergency Response. Several state agencies monitor hazardous materials/waste facilities. Potential and known contamination sites are monitored and documented by the Regional Water Quality Control Board ("RWQCB") and the California Department of Toxic Substances Control ("DTSC").

Owners and operators of real property may be required by law to remedy conditions of the property relating to releases or threatened releases of hazardous substances. The federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, sometimes referred to as "CERCLA" or the "Superfund Act," is the most well-known and widely applicable of these laws, but California laws with regard to hazardous substances are also stringent and similar. Under many of these laws, the owner (or operator) is obligated to remedy a hazardous substance whether or not the owner (or operator) has anything to do with creating or handling the hazardous substance. Further, such liabilities may arise not simply from the existence of a hazardous substance but from the method of handling it. All of these possibilities could significantly and adversely affect the operations and finances of the City, may result in the reduction in the assessed value of property, and therefor property tax revenue.

Cybersecurity

The City, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the City is subject to multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized access to the City's digital systems for the purposes of misappropriating assets or information or causing operational disruption and damage. The City has adopted various policies regarding cybersecurity, including policies with respect to appropriate use and of email and technology, as well as the handling of sensitive personally identifiable information. The City has also heavily invested in software's and programs such as Cylance, ESET, and Knowbe4 Cyber Security to prevent ransomware attacks. To date, the City has not experienced an attack on its computer operating systems which resulted in a breach of its cybersecurity systems. However, no assurances can be given that the City's efforts to manage cyber threats and attacks will be successful or that any such attack will not materially impact the operations or finances of the City. See APPENDIX A—"CITY OF EASTVALE—CITY FINANCIAL INFORMATION—Risk Management" in Appendix A hereto for more information with respect to the City's cybersecurity insurance coverage.

Substitution, Addition and Removal of Property; Additional Bonds

The Authority and the City may amend the Lease Agreement to substitute alternate real property for any portion of or add additional real property to the Property or to release a portion of the Property from the Lease Agreement, upon compliance with all of the conditions set forth in the Lease Agreement. After a substitution or release, the portion of the Property for which the substitution or release has been effected will be released from the leasehold encumbrance of the Lease Agreement. See "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025A BONDS—Substitution, Addition and Removal of Property." Moreover, the Authority may issue Additional Bonds secured by Base Rental Payments which are increased from current levels.

Although the Lease Agreement requires, among other things, that the Property, as constituted after such substitution or release, have an annual fair rental value at least equal to the maximum Base Rental Payments payable by the City in any Rental Period, it does not require that such Property have an annual fair rental value equal to the annual fair rental value of the Property prior to such substitution or release. Thus, a portion of the Property could be replaced with less valuable real property, or could be released altogether. Such a replacement or release could have an adverse impact on the security for the Series 2025A Bonds, particularly if an event requiring abatement of Base Rental Payments were to occur subsequent to such substitution or release. See APPENDIX B—"SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS—THE LEASE AGREEMENT—NO CONSEQUENTIAL DAMAGES; USE OF THE PROPERTY; SUBSTITUTION OR RELEASE—Substitution or Release of, or Addition to, the Property."

The Indenture requires, among other things, that upon the issuance of Additional Bonds, the Ground Lease and the Lease Agreement will be amended, to the extent necessary, so as to increase the Base Rental

Payments payable by the City thereunder by an aggregate amount equal to the principal of and interest on such Additional Bonds; provided, however, that no such amendment will be made such that the sum of Base Rental Payments, including any increase in the Base Rental Payments as a result of such amendment, plus Additional Rental Payments, in any Rental Period is in excess of the annual fair rental value of the Property after taking into account the use of the proceeds of any Additional Bonds issued in connection therewith.

Limited Recourse on Default; No Acceleration of Base Rental

Failure by the City to make Base Rental Payments or other payments required to be made under the Lease Agreement, or failure to observe and perform any other terms, covenants or conditions contained in the Lease Agreement or in the Indenture for a period of 30 days or such additional time as is reasonable required, with the written approval of the Insurer (so long as the Insurer is not in default on any obligations under the Insurance Policy), to correct any such default after notice by the Authority to the City, constitute events of default under the Lease Agreement and permit the Trustee or the Authority to pursue any and all remedies available. In the event of a default, notwithstanding anything in the Lease Agreement or in the Indenture to the contrary, there is no right under any circumstances to accelerate the Base Rental Payments or otherwise declare any Base Rental Payments not then in default to be immediately due and payable, nor do the Authority or the Trustee have any right to re-enter or re-let the Property except as described in the Lease Agreement.

The enforcement of any remedies provided in the Lease Agreement and the Indenture could prove both expensive and time consuming. If the City defaults on its obligation to make Base Rental Payments with respect to the Property, the Trustee, as assignee of the Authority, may retain the Lease Agreement and hold the City liable for all Base Rental Payments thereunder on an annual basis and enforce any other terms or provisions of the Lease Agreement to be kept or performed by the City.

Alternatively, the Trustee may terminate the Lease Agreement, retake possession of the Property and proceed against the City to recover damages pursuant to the Lease Agreement. Due to the specialized nature of the Property or any property substituted therefor pursuant to the Lease Agreement and the restrictions on its use, no assurance can be given that the Trustee will be able to re-let the Property so as to provide rental income sufficient to make all payments of principal of, interest and premium, if any, on the Series 2025A Bonds when due, and the Trustee is not empowered to sell the Property for the benefit of the Owners of the Series 2025A Bonds. Any suit for money damages would be subject to limitations on legal remedies against cities in California, including a limitation on enforcement of judgments against funds needed to serve the public welfare and interest. See "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025A BONDS" and APPENDIX B—"SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS—THE LEASE AGREEMENT—DEFAULTS AND REMEDIES."

Limitations on Remedies Available; Bankruptcy

The enforceability of the rights and remedies of the Owners and the obligations of the City may become subject to the following: the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditors' rights generally, now or hereafter in effect; usual equitable principles which may limit the specific enforcement under state law of certain remedies; the exercise by the United States of America of the powers delegated to it by the Federal Constitution; and the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the State and its governmental bodies in the interest of servicing a significant and legitimate public purpose.

Under Chapter 9 of the United States Bankruptcy Code (Title 11, United States Code) (the "Bankruptcy Code"), which governs bankruptcy proceedings of public entities such as the City, no involuntary bankruptcy petition may be filed against a public entity. However, upon satisfaction of certain prerequisite conditions, a voluntary bankruptcy petition may be filed by the City. The filing of a bankruptcy petition results in a stay against enforcement of remedies under agreements to which the bankrupt entity is a party. A

bankruptcy filing by the City could thus limit remedies under the Lease Agreement. A bankruptcy debtor may choose to assume or reject executory contracts and leases, such as the Lease Agreement. In the event of rejection of a lease by debtor lessee, the leased property is returned to the lessor and the lessor has a claim for a limited amount of the resulting damages.

Under the Indenture, the Trustee holds a security interest in the Base Rental Payments for the benefit of the Owners of the Bonds, but such security interest arises only when the Base Rental Payments are actually received by the Trustee following payment by the City. The Property is not subject to a security interest, mortgage or any other lien in favor of the Trustee for the benefit of Owners. In the event of a bankruptcy filed by the City and the subsequent rejection of the Lease Agreement by the City, the Authority would recover possession of the Property and the Trustee, as assignee of the Authority, would have a claim for damages against the City. The Trustee's claim would constitute a secured claim only to the extent of Revenues in the possession of the Trustee; the balance of such claim would be unsecured.

Bankruptcy proceedings would subject the Owners of the Series 2025A Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently entail risks of delay, limitation, or modification of their rights with respect to the Series 2025A Bonds. In a bankruptcy case, the amount recovered by Owners of the Series 2025A Bonds could be affected by whether the Lease Agreement is determined to be a "true lease" or a loan or other financing arrangement (a "financing lease"), and the Owners' recovery could be reduced in either case. If the Lease Agreement is determined by the bankruptcy court to constitute a "true lease" (rather than a financing lease), the City could choose not to perform under the Lease Agreement by rejecting it and the claim of the Owners could be substantially limited pursuant to Section 365 of the Bankruptcy Code to a fraction of the scheduled amount of Base Rental Payments, and that reduced claim amount could be impaired as an unsecured claim under a plan of adjustment. If a bankruptcy court were to treat the Lease Agreement as a financing lease then, under a plan of adjustment, the priority, payment terms, collateral, payment dates, payment sources, covenants and other terms or provisions of the Lease Agreement and the Series 2025A Bonds may be altered. Such a plan could be confirmed even over the objections of the Trustee and the Owners, and without their consent. For example, the amount of the Base Rental Payments from the City might be substantially reduced because of the power of the bankruptcy court under the Bankruptcy Code to adjust secured claims to the value of their collateral, which, as described above, could be limited to the Base Rental Payments held by the Trustee. In addition there can be a substantial disparity in treatment based on the nature of the Property. Whether the Lease Agreement is characterized by the bankruptcy court as a true lease or a financing lease, either scenario could result in the Owners not receiving the full amount of the principal and interest due on the Series 2025A Bonds.

The opinions of counsel, including Bond Counsel, delivered in connection with the issuance of the Series 2025A Bonds will be so qualified. Bankruptcy proceedings, or the exercising of powers by the federal or state government, if initiated, could subject the Owners to judicial discretion and interpretation of their rights in bankruptcy or otherwise and consequently may entail risks of delay, limitation, or modification of their rights.

Possible Insufficiency of Insurance Proceeds

The Lease Agreement obligates the City to keep in force various forms of insurance, subject to deductibles, for repair or replacement of the Property in the event of damage, destruction or title defects, subject to certain exceptions. The Authority and the City make no representation as to the ability of any insurer to fulfill its obligations under any insurance policy obtained pursuant to the Lease Agreement, and no assurance can be given as to the adequacy of any such insurance to fund necessary repair or replacement or to pay principal of and interest on the Series 2025A Bonds when due. In addition, certain risks, such as earthquakes and floods, are not required to be insured under the Lease Agreement, and therefore, are not carried by the City. See "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025A BONDS—Insurance."

Loss of Tax Exemption

As discussed under the heading "TAX MATTERS," the interest (and original issue discount) on the Series 2025A Bonds could become includable in gross income for purposes of federal income taxation retroactive to the date of delivery of the Series 2025A Bonds, as a result of acts or omissions of the Authority or the City in violation of their covenants in the Indenture and the Lease Agreement. Should such an event of taxability occur, the Series 2025A Bonds would not be subject to a special redemption and would remain Outstanding until maturity or until redeemed under the redemption provisions contained in the Indenture.

No Liability of Authority to the Owners

Except as expressly provided in the Indenture, the Authority will not have any obligation or liability to the Owners of the Series 2025A Bonds with respect to the payment when due of the Base Rental Payments by the City, or with respect to the performance by the City of other agreements and covenants required to be performed by it contained in the Lease Agreement or the Indenture, or with respect to the performance by the Trustee of any right or obligation required to be performed by it contained in the Indenture.

Risks Associated with Bond Insurance

[In the event that the Authority defaults in the payment of principal of or interest on the Insured Series 2025A Bonds as a result of the failure of the City to pay the Base Rental Payments when due, the Owners of the Insured Series 2025A Bonds will have a claim under the Policy for such payments. See the caption "BOND INSURANCE." In the event that the Insurer becomes obligated to make payments with respect to the Insured Series 2025A Bonds, no assurance can be given that such event will not adversely affect the market for the Insured Series 2025A Bonds. In the event that the Insurer is unable to make payment of principal of and interest on the Insured Series 2025A Bonds when due under the Policy, the Insured Series 2025A Bonds will be payable solely from Base Rental Payments and amounts held in certain funds and accounts established under the Indenture, as described under the caption "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025A BONDS."

The Insurer is expected to insure a majority of the Series 2025A Bonds and will therefore have the ability to direct the actions of the Trustee give consents and waivers and take other actions without regard to the views of the owners of the Series 2025A Bonds. As a result, Owners of the Series 2025A Bonds may be limited in the rights and remedies they are able to exercise in the event of a default by the Authority under the Indenture. The Insurer may have different business and other interests than the Owners of the Series 2025A Bonds.

The long-term rating on the Insured Series 2025A Bonds is dependent in part on the financial strength of the Insurer and its claims-paying ability. The Insurer's financial strength and claims-paying ability are predicated upon a number of factors which could change over time. If the long-term ratings of the Insurer are lowered, such event could adversely affect the market for the Insured Series 2025A Bonds. See the caption "RATINGS."

None of the City, the Authority or the Underwriter have made an independent investigation of the claims-paying ability of the Insurer and no assurance or representation regarding the financial strength or projected financial strength of the Insurer is being made by the City, the Authority or the Underwriter in this Official Statement. Therefore, when making an investment decision with respect to the Insured Series 2025A Bonds, potential investors should carefully consider the ability of the City to pay Base Rental Payments, which secure the Insured Series 2025A Bonds, assuming that the Policy is not available for that purpose, and the claims-paying ability of the Insurer through final maturity of the Insured Series 2025A Bonds.

So long as the Policy remains in effect and the Insurer is not in default of its obligations thereunder, the Insurer has certain notice, consent and other rights under the Indenture and will have the right to control all

remedies for default under the Indenture. The Insurer is not required to obtain the consent of the Owners with respect to the exercise of remedies.]

Dependence on State for Certain Revenues

On May 14, 2025, the Governor released the May Revision to his proposed 2025-26 California state budget (the "2025-26 May Revision"). The following is drawn from the Department of Finance ("DOF") and Legislative Analyst's Office ("LAO") summaries of the 2025-26 May Revision.

The 2025-26 May Revision reports that the State is facing a budgetary shortfall in 2025 of approximately $12 billion. The shortfall is driven by a substantial slowdown in Gross Domestic Product (GDP) growth combined with lower job growth and higher unemployment as well as reduced personal income and capital gains taxes driven by reduced stock prices, driven primarily by high tariffs. In addition, expenditures in the Medi-Cal program—the state's health care program for low-income individuals—have increased significantly and continue to outpace revenues. Unlike the last two years, during which the State also faced budget deficits, this year's approach includes a significant number of reductions to ongoing programs that result in greater savings in future years.

To provide for a balanced budget over two fiscal years, the 2024 Budget Act reflected withdrawals from the Budget Stabilization Account ("BSA") of $5.1 billion in 2024-25 and $7.1 billion in 2025-26. Despite the downgraded revenue forecast, the 2025-26 May Revision maintains the planned withdrawal of approximately $7.1 billion from the BSA. Accounting for withdrawals, the 2025-26 May Revision reflects total reserve balances of approximately $15.7 billion at the end of 2025-26. This consists of $11.2 billion in the BSA and $4.5 billion in the Special Fund for Economic Uncertainties.

The City cannot predict the extent of the budgetary problems the State may encounter in future fiscal years, and it is not clear what measures would be taken by the State to balance its budget, as required by law. In addition, the City cannot predict the impact that State budgets will have on the City's finances and operations or what actions will be taken in the future by the State Legislature and the Governor to deal with changing State revenues and expenditures. Current and future State budgets will be affected by international, national and State economic conditions and other factors over which the City has no control.

A number of the City's revenues are collected and dispersed by the State (such as sales taxes and the VLF) or allocated in accordance with State law (most importantly, property taxes). Therefore, State budget decisions can have an impact on City finances. In the event of a material economic downturn in the State, there can be no assurance that any resulting revenue shortfalls to the State will not reduce revenues to local governments (including the City) or shift financial responsibility for programs to local governments as part of the State's efforts to address any such related State financial difficulties.

See "CONSTITUTIONAL AND STATUTORY LIMITATIONS ON TAXES AND APPROPRIATIONS—Proposition 1A" and "—Proposition 22" below.

CONSTITUTIONAL AND STATUTORY LIMITATIONS ON TAXES AND APPROPRIATIONS

Principal of and interest on the Series 2024 Bonds are payable from Base Rental Payments made from the City's General Fund. See the caption "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2024 BONDS." Articles XIIIA, XIIIB, XIIIC and XIIID of the State Constitution, Propositions 62, 111, 218, 1A and 22, and certain other provisions of law discussed below are included in this Official Statement to describe the potential effect of these Constitutional and statutory measures on the ability of the City to levy taxes and spend tax proceeds for operating and other purposes.

Article XIIIA of the State Constitution

On June 6, 1978, State voters approved Proposition 13, which added Article XIIIA to the State Constitution. Article XIIIA, as amended, limits the amount of any *ad valorem* tax on real property to 1% of the full cash value thereof, except that additional *ad valorem* taxes may be levied to pay debt service: (i) on indebtedness approved by the voters prior to December 1, 1978; (ii) on bonded indebtedness approved by a two-thirds vote on or after December 1, 1978, for the acquisition or improvement of real property; or (iii) bonded indebtedness incurred by a school district, community college district or county office of education for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities or the acquisition or lease of real property for school facilities, approved by 55% of the voters voting on the proposition. Article XIIIA defines full cash value to mean "the county assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value," or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment." This full cash value may be increased at a rate not to exceed 2% per year to account for inflation.

Article XIIIA has subsequently been amended to permit reduction of the "full cash value" base in the event of declining property values caused by damage, destruction or other factors, including a general economic downturn, to provide that there would be no increase in the "full cash value" base in the event of reconstruction of property damaged or destroyed in a disaster, and in other minor or technical ways.

Legislation Implementing Article XIIIA

Legislation has been enacted and amended a number of times since 1978 to implement Article XIIIA. Under current law, local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by counties and distributed according to a formula among taxing agencies.

Increases in assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the 2% annual adjustment are allocated among the various jurisdictions in the "taxing area" based upon their respective "situs." Any such allocation made to a local agency continues as part of its allocation in future years.

All taxable property is shown at full cash value on the tax rolls. Consequently, the tax rate is expressed as $1 per $100 of taxable value. All taxable property value included in this Official Statement is shown at 100 percent of taxable value (unless noted differently) and all tax rates reflect the $1 per $100 of taxable value.

Article XIIIB of the State Constitution

In addition to the limits that Article XIIIA imposes on property taxes that may be collected by local governments, certain other revenues of the State and most local governments are subject to an annual "appropriations limit" imposed by Article XIIIB which effectively limits the amount of such revenues that such entities are permitted to spend. Article XIIIB, approved by the voters in June 1979, was modified

substantially by Proposition 111 in 1990. The appropriations limit of each government entity applies to "proceeds of taxes," which consist of tax revenues and the investment proceeds thereof, State subventions and certain other funds, including proceeds from regulatory licenses, user charges or other fees to the extent that such proceeds exceed "the cost reasonably borne by such entity in providing the regulation, product or service." "Proceeds of taxes" excludes tax refunds and some benefit payments such as unemployment insurance. No limit is imposed on the appropriation of funds which are not "proceeds of taxes," such as reasonable user charges or fees, and certain other non-tax funds. Article XIIIB also does not limit appropriation of local revenues to pay debt service on bonds existing or authorized as of October 1, 1979, or subsequently authorized by the voters (such as the Bonds), appropriations required to comply with mandates of courts or the federal government, appropriations for qualified capital outlay projects, and appropriation by the State of revenues derived from any increase in gasoline taxes and motor vehicle weight fees above January 1, 1990 levels. The appropriations limit may also be exceeded in case of emergency; however, the appropriations limit for the next three years following such emergency appropriation must be reduced to the extent by which it was exceeded, unless the emergency arises from civil disturbance or natural disaster declared by the Governor, and the expenditure is approved by two-thirds of the legislative body of the local government.

The State and each local government entity has its own appropriations limit. Each year, the limit is adjusted to allow for changes, if any, in the cost of living, the population of the jurisdiction, and any transfer to or from another government entity of financial responsibility for providing services. Proposition 111 requires that each local government's actual appropriations be tested against its limit every two years.

If the aggregate "proceeds of taxes" for the preceding two-year period exceeds the aggregate limit, the excess must be returned to the agency's taxpayers through tax rate or fee reductions over the following two years.

The City has exceeded its annual limitation on appropriations under Article XIIIB of the State Constitution each year since 2021, because of the City's high sales tax revenues. See APPENDIX A—"CITY OF EASTVALE—CITY FINANCIAL INFORMATION—Constitutional Appropriations Limit."

Articles XIIIC and XIIID of the State Constitution

On November 5, 1996, State voters approved Proposition 218, known as the "Right to Vote on Taxes Act." Proposition 218 adds Articles XIIIC and XIIID to the State Constitution and contains a number of interrelated provisions affecting the ability of the City to levy and collect both existing and future taxes, assessments and property-related fees and charges. The interpretation and application of Proposition 218 will ultimately be determined by the courts with respect to a number of the matters discussed below, and it is not possible at this time to predict with certainty the outcome of such determination.

Article XIIIC requires that all new local taxes be submitted to the electorate before they become effective. Taxes for general governmental purposes of the City require a majority vote and taxes for specific purposes, even if deposited in the City's General Fund, require a two-thirds vote. The voter approval requirements of Proposition 218 reduce the flexibility of the City to raise revenues for the General Fund, and no assurance can be given that the City will be able to impose, extend or increase such taxes in the future to meet increased expenditure needs.

Article XIIID also adds several provisions making it generally more difficult for local agencies to levy and maintain property-related fees, charges, and assessments for municipal services and programs, such as hearings and stricter and more individualized benefit requirements and findings. These provisions include, among other things: (i) a prohibition against assessments which exceed the reasonable cost of the proportional special benefit conferred on a parcel; (ii) a requirement that assessments must confer a "special benefit," as defined in Article XIIID, over and above any general benefits conferred; (iii) a majority protest procedure for assessments which involves the mailing of notice and a ballot to the record owner of each affected parcel, a public hearing and the tabulation of ballots weighted according to the proportional financial obligation of the

affected party; and (iv) a prohibition against fees and charges which are used for general governmental services, including police, fire or library services, where the service is available to the public at large in substantially the same manner as it is to property owners. If the City is unable to continue to collect these revenues, the services and programs funded with these revenues would have to be curtailed and/or the City's General Fund might have to be used to support them. The City is unable to predict whether or not in the future it will be able to continue all existing services and programs funded by the fees, charges and assessments in light of Proposition 218 or, if these services and programs are continued, which amounts (if any) would be used from the City's General Fund to continue to support such activities.

Article XIIIC also removes limitations on the initiative power in matters of reducing or repealing local taxes, assessments, fees or charges. This extension of the initiative power is not limited to taxes imposed on or after November 6, 1996, the effective date of Proposition 218, and could result in retroactive repeal or reduction in any existing taxes, assessments, fees and charges, subject to overriding federal constitutional principles relating to the impairments of contracts. Legislation implementing Proposition 218 provides that the initiative power provided for in Proposition 218 "shall not be construed to mean that any owner or beneficial owner of a municipal security, purchased before or after (the effective date of Proposition 218) assumes the risk of, or in any way consents to, any action by initiative measure that constitutes an impairment of contractual rights" protected by the United States Constitution. However, no assurance can be given that the voters of the City will not, in the future, approve an initiative or initiatives which reduce or repeal local taxes, assessments, fees or charges currently comprising a substantial part of the City's General Fund.

Although a portion of the City's General Fund revenues are derived from taxes purported to be governed by Proposition 218, all of such taxes were imposed in accordance with the requirements of Proposition 218. No assurance can be given that the voters of the City will not, in the future, approve an initiative or initiatives which reduce or repeal local taxes, assessments, fees or charges which support the City's General Fund.

Proposition 62

Proposition 62 was adopted by the voters at the November 4, 1986, general election and: (a) requires that any new or higher taxes for general governmental purposes imposed by local governmental entities such as the City be approved by a two-thirds vote of the governmental entity's legislative body and by a majority vote of the voters of the governmental entity voting in an election on the tax; (b) requires that any special tax (defined as taxes levied for other than general governmental purposes) imposed by a local governmental entity be approved by a two-thirds vote of the voters of the governmental entity voting in an election on the tax; (c) restricts the use of revenues from a special tax to the purposes or for the service for which the special tax was imposed; (d) prohibits the imposition of *ad valorem* taxes on real property by local governmental entities except as permitted by Article XIIIA; (e) prohibits the imposition of transaction taxes and sales taxes on the sale of real property by local governmental entities; and (f) requires that any tax imposed by a local governmental entity on or after July 1, 1985, be ratified by a majority vote of the voters voting in an election on the tax within two years of the adoption of the initiative or be terminated by November 15, 1988.

California appellate court cases have overturned the provisions of Proposition 62 pertaining to the imposition of taxes for general government purposes. However, the California Supreme Court upheld Proposition 62 in its decision on August 28, 1995 in *Fresno County Transportation Authority v. Guardino*. This decision reaffirmed the constitutionality of Proposition 62. Certain matters regarding Proposition 62 were not addressed in the Court's decision, such as what remedies exist for taxpayers subject to a tax not in compliance with Proposition 62, and whether the decision applies to charter cities. The City has not experienced any substantive adverse financial impact as a result of the passage of Proposition 62.

Proposition 1A

Proposition 1A, proposed by the State Legislature in connection with the State's fiscal year 2004-05 budget, approved by the voters in November 2004 and generally effective in State fiscal year 2006-07, provides that the State may not reduce any local sales tax rate, limit existing local government authority to levy a sales tax rate or change the allocation of local sales tax revenues, subject to certain exceptions. Proposition 1A generally prohibits the State from shifting to schools or community colleges any share of property tax revenues allocated to local governments for any fiscal year, as set forth under the laws in effect as of November 3, 2004. Any change in the allocation of property tax revenues among local governments within a county must be approved by two-thirds of both houses of the Legislature. Proposition 1A provides, however, that beginning in State fiscal year 2008-09, the State may shift to schools and community colleges up to 8% of local government property tax revenues, which amount must be repaid, with interest, within three years, if the Governor proclaims that the shift is needed due to a severe state financial hardship, the shift is approved by two-thirds of both houses and certain other conditions are met. The State also will not be able to borrow from local property tax revenues for more than two fiscal years within a period of ten fiscal years. In addition, the State cannot reduce the local sales tax rate or restrict the authority of local governments to impose or change the distribution of the State-wide local sales tax. The State may also approve voluntary exchanges of local sales tax and property tax revenues among local governments within a county. Proposition 1A also provides that if the State reduces the motor vehicle license fee rate currently in effect, 0.65% of vehicle value, the State must provide local governments with equal replacement revenues. Further, Proposition 1A requires the State, beginning July 1, 2005, to suspend State mandates affecting cities, counties and special districts, excepting mandates relating to employee rights, schools or community colleges, in any year that the State does not fully reimburse local governments for their costs to comply with such mandates.

Proposition 1A may result in increased and more stable City revenues. The magnitude of such increase and stability is unknown and would depend on future actions by the State. However, Proposition 1A could also result in decreased resources being available for State programs. This reduction, in turn, could affect actions taken by the State to resolve budget difficulties. Such actions could include increasing State taxes, decreasing spending on other State programs or other action, some of which could be adverse to the City.

Many of the provisions of Proposition 1A have been superseded by Proposition 22 enacted in November 2010 and described below.

Proposition 22

On November 2, 2010, the voters of the State approved Proposition 22, known as "The Local Taxpayer, Public Safety, and Transportation Protection Act" ("Proposition 22"). Proposition 22, among other things, broadens the restrictions established by Proposition 1A. While Proposition 1A permits the State to appropriate or borrow local property tax revenues on a temporary basis during times of severe financial hardship, Proposition 22 amends Article XIII of the State Constitution to prohibit the State from appropriating or borrowing local property tax revenues under any circumstances. The State can no longer borrow local property tax revenues on a temporary basis even during times of severe financial hardship. Proposition 22 also prohibits the State from appropriating or borrowing proceeds derived from any tax levied by a local government solely for the local government's purposes. Furthermore, Proposition 22 restricts the State's ability to redirect redevelopment agency property tax revenues to school districts and other local governments and limits uses of certain other funds although this provision no longer has any meaningful impact given the statewide dissolution of redevelopment agencies. Proposition 22 is intended to stabilize local government revenue sources by restricting the State government's control over local revenues. The City cannot predict whether Proposition 22 will have a beneficial effect on the City's financial condition.

Proposition 26

On November 2, 2010, State voters also approved Proposition 26. Proposition 26 amends Article XIIIC of the State Constitution to expand the definition of "tax" to include "any levy, charge, or exaction of any kind imposed by a local government" except the following: (a) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege; (b) a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (c) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (d) a charge imposed for entrance to or use of local government property, or the purchase, rental or lease of local government property; (e) a fine, penalty or other monetary charge imposed by the judicial branch of government or a local government as a result of a violation of law; (f) a charge imposed as a condition of property development; and (g) assessments and property-related fees imposed in accordance with the provisions of Article XIIID. Proposition 26 provides that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor's burdens on, or benefits received from, the governmental activity. The City does not believe that Proposition 26 will adversely affect its General Fund revenues.

See APPENDIX A—"CITY OF EASTVALE—CITY FINANCIAL INFORMATION—Other Franchise Fees" for information regarding the potential impact of the California Supreme Court's decision in *Robert Zolly et al. v. City of Oakland*, relating to franchises awarded by the City of Oakland for recycling and municipal waste services challenged under Proposition 26.

Possible Future Initiatives

Articles XIIIA, XIIIB, XIIIC and XIIID and Propositions 218, 111, 62, 1A, 22 and 26 were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time other initiative measures could be adopted, further affecting revenues of the City or the City's ability to expend revenues. The nature and impact of these measures cannot be anticipated by the City.

TAX MATTERS

In the opinion of Bond Counsel, under existing statutes, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and compliance with certain covenants and requirements described herein, interest (and original issue discount) on the Series 2025A Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals. However, it should be noted that with respect to applicable corporations as defined in Section 59(k) of the Internal Revenue Code of 1986, as amended (the "Code"), generally certain corporations with more than $1,000,000,000 of average annual adjusted financial statement income, interest (and original issue discount) with respect to the Series 2025A Bonds might be taken into account in determining adjusted financial statement income for purposes of computing the alternative minimum tax imposed by Section 55 of the Code on such corporations. In the further opinion of Bond Counsel, interest (and original issue discount) on the Series 2025A Bonds is exempt from State personal income tax.

Bond Counsel's opinion as to the exclusion from gross income for federal income tax purposes of interest (and original issue discount) on the Series 2025A Bonds is based upon certain representations of fact and certifications made by the Authority and others and is subject to the condition that the Authority comply

with all requirements of the Code that must be satisfied subsequent to the issuance of the Series 2025A Bonds to assure that interest (and original issue discount) on the Series 2025A Bonds will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause interest (and original issue discount) on the Series 2025A Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Series 2025A Bonds. The Authority has covenanted to comply with all such requirements.

In the opinion of Bond Counsel, the difference between the issue price of a Series 2025A Bond (the first price at which a substantial amount of the Series 2025A Bonds of a maturity is to be sold to the public) and the stated redemption price at maturity of such Series 2025A Bond constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Beneficial Owner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by a Beneficial Owner will increase the Beneficial Owner's basis in the applicable Series 2025A Bond. The amount of original issue discount that accrues to the Beneficial Owner of a Series 2025A Bond is excluded from the gross income of such Beneficial Owner for federal income tax purposes, is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals, and is exempt from State personal income tax.

The amount by which a Series 2025A Bond Owner's original basis for determining loss on sale or exchange in the applicable Series 2025A Bond (generally, the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable bond premium, which must be amortized under Section 171 of the Code; such amortizable bond premium reduces the Series 2025A Bond Owner's basis in the applicable Series 2025A Bond (and the amount of tax-exempt interest received with respect to the Series 2025A Bonds), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of bond premium may result in a Series 2025A Bond Owner realizing a taxable gain when a Series 2025A Bond is sold by the Owner for an amount equal to or less (under certain circumstances) than the original cost of the Series 2025A Bond to the Owner. Purchasers of the Series 2025A Bonds should consult their own tax advisors as to the treatment, computation and collateral consequences of amortizable bond premium.

The IRS has initiated an expanded program for the auditing of tax-exempt bond issues, including both random and targeted audits. It is possible that the Series 2025A Bonds will be selected for audit by the IRS. It is also possible that the market value of the Series 2025A Bonds might be affected as a result of such an audit of the Series 2025A Bonds (or by an audit of similar municipal obligations). No assurance can be given that in the course of an audit, as a result of an audit, or otherwise, Congress or the IRS might not change the Code (or interpretation thereof) subsequent to the issuance of the Series 2025A Bonds to the extent that it adversely affects the exclusion from gross income of interest (and original issue discount) on the Series 2025A Bonds or their market value.

SUBSEQUENT TO THE ISSUANCE OF THE SERIES 2025A BONDS THERE MIGHT BE FEDERAL, STATE OR LOCAL STATUTORY CHANGES (OR JUDICIAL OR REGULATORY CHANGES TO OR INTERPRETATIONS OF FEDERAL, STATE OR LOCAL LAW) THAT AFFECT THE FEDERAL, STATE OR LOCAL TAX TREATMENT OF THE SERIES 2025A BONDS, INCLUDING THE IMPOSITION OF ADDITIONAL FEDERAL INCOME OR STATE TAXES BEING IMPOSED ON OWNERS OF TAX-EXEMPT STATE OR LOCAL OBLIGATIONS, SUCH AS THE SERIES 2025A BONDS. THESE CHANGES COULD ADVERSELY AFFECT THE MARKET VALUE OR LIQUIDITY OF THE SERIES 2025A BONDS. NO ASSURANCE CAN BE GIVEN THAT SUBSEQUENT TO THE ISSUANCE OF THE SERIES 2025A BONDS STATUTORY CHANGES WILL NOT BE INTRODUCED OR ENACTED OR JUDICIAL OR REGULATORY INTERPRETATIONS WILL NOT OCCUR HAVING THE EFFECTS DESCRIBED ABOVE. BEFORE PURCHASING ANY OF THE SERIES 2025A BONDS, ALL POTENTIAL PURCHASERS SHOULD CONSULT THEIR TAX ADVISORS REGARDING POSSIBLE STATUTORY CHANGES OR JUDICIAL OR REGULATORY CHANGES OR

INTERPRETATIONS, AND THEIR COLLATERAL TAX CONSEQUENCES RELATING TO THE SERIES 2025A BONDS.

Bond Counsel's opinions may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. Bond Counsel has not undertaken to determine, or to inform any person, whether any such actions or events are taken or do occur. The Indenture and the Tax Certificate relating to the Series 2025A Bonds permit certain actions to be taken or to be omitted if a favorable opinion of Bond Counsel is provided with respect thereto. Bond Counsel expresses no opinion as to the effect on the exclusion from gross income of interest (and original issue discount) for federal income tax purposes with respect to any Series 2025A Bond if any such action is taken or omitted based upon the advice of counsel other than Stradling Yocca Carlson & Rauth LLP.

Although Bond Counsel has rendered an opinion that interest (and original issue discount) on the Series 2025A Bonds is excluded from gross income for federal income tax purposes provided that the Authority continues to comply with certain requirements of the Code, the ownership of the Series 2025A Bonds and the accrual or receipt of interest (and original issue discount) on the Series 2025A Bonds may otherwise affect the tax liability of certain persons. Bond Counsel expresses no opinion regarding any such tax consequences. Accordingly, before purchasing any of Series 2025A Bonds, all potential purchasers should consult their tax advisors with respect to collateral tax consequences relating to the Series 2025A Bonds.

Should interest (and original issue discount) on the Series 2025A Bonds become includable in gross income for federal income tax purposes, the Series 2025A Bonds are not subject to early redemption and will remain outstanding until maturity or until redeemed in accordance with the Indenture.

A complete copy of the proposed form of opinion of Bond Counsel is attached hereto as Appendix D.

CERTAIN LEGAL MATTERS

The validity of the Series 2025A Bonds and certain other legal matters are subject to the approving opinion of Stradling Yocca Carlson & Rauth LLP, Bond Counsel. Stradling Yocca Carlson & Rauth LLP, is also acting as Disclosure Counsel for the City. A complete copy of the proposed form of Bond Counsel opinion is contained in Appendix D hereto. Bond Counsel undertakes no responsibility for the accuracy, completeness or fairness of this Official Statement. Bond and Disclosure Counsel will receive compensation from the City contingent upon the sale and delivery of the Series 2025A Bonds. From time to time, Bond Counsel represents the Underwriter on matters unrelated to the Series 2025A Bonds. Certain legal matters will be passed upon for the Underwriter by Hawkins Delafield & Wood LLP, for the Trustee by its counsel, and for the Insurer by its counsel. Counsel to the Underwriter will receive compensation contingent upon the issuance of the Series 2025A Bonds.

ABSENCE OF LITIGATION

To the best knowledge of the City and the Authority, there is no action, suit or proceeding pending or threatened either restraining or enjoining the execution or delivery of the Series 2025A Bonds, the Lease Agreement, the Ground Lease or the Indenture, or in any way contesting or affecting the validity of the foregoing or any proceedings of the Authority or the City taken with respect to any of the foregoing.

UNDERWRITING

The Series 2025A Bonds are being purchased by Bofa Securities, Inc. (the "Underwriter"). The Underwriter will purchase the Series 2025A Bonds from the Authority at an aggregate purchase price of $_____ (representing the principal amount of the Series 2025A Bonds, plus net original issue premium of $_____ and less an Underwriter's discount of $_____). The purchase agreement relating to the Series 2025A Bonds provides that the Underwriter will purchase all of the Series 2025A Bonds if any are purchased. The obligation to make such purchase is subject to certain terms and conditions set forth in such purchase agreement, the approval of certain legal matters by counsel and certain other conditions.

BofA Securities, Inc. has entered into a distribution agreement with its affiliate Merrill Lynch, Pierce, Fenner & Smith Incorporated ("MLPF&S"). As part of this arrangement, BofA Securities, Inc. may distribute securities to MLPF&S, which may in turn distribute such securities to investors through the financial advisor network of MLPF&S. As part of this arrangement, BofA Securities, Inc. may compensate MLPF&S as a dealer for their selling efforts with respect to the Series 2025A Bonds.

The initial offering prices that are stated on the inside front cover page of this Official Statement may be changed from time to time by the Underwriter. The Underwriter may offer and sell the Series 2025A Bonds to certain dealers (including dealers depositing Series 2025A Bonds into investment trusts), dealer banks, banks acting as agent and others at prices lower than said public offering prices.

The Underwriter and its affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, advisory, investment management, principal investment, hedging, financing and brokerage services. The Underwriter and its affiliates have, from time to time, performed, and may in the future perform, various advisory and investment banking services for the Authority, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriter and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the Authority.

The Underwriter and its affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

RATINGS

S&P Global Ratings, a Standard & Poor's Financial Services LLC business ("S&P") is expected to assign a rating of "___" to the Insured Series 2025A Bonds based upon the delivery of the municipal bond insurance policy by the Insurer at the time of issuance of the Insured Series 2025A Bonds. S&P has assigned the Series 2025A Bonds the rating of "___" without regard to the delivery of the Policy. Such ratings reflect only the views of S&P and any desired explanation of the significance of such ratings should be obtained from S&P. Generally, a rating agency bases its ratings on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance such ratings will continue for any given period of time or that such rating will not be revised downward or withdrawn entirely by the rating agency, if in the judgment of such rating agency, circumstances so warrant. Any such downward revision or withdrawal of the rating may have an adverse effect on the market price of the Series 2025A Bonds. None of the Authority, the City or the Underwriter has undertaken any responsibility either to bring to the attention of

the owners of the Series 2025A Bonds a proposed change in or withdrawal of the ratings or to oppose any such proposed revision or withdrawal.

MUNICIPAL ADVISOR

Urban Futures, Inc., Walnut Creek, California (the "Municipal Advisor"), served as municipal advisor to the Authority and the City with respect to the sale of the Series 2025A Bonds. The Municipal Advisor will receive compensation contingent upon the sale and delivery of the Series 2025A Bonds. The Municipal Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or to assume any responsibility for the accuracy, completeness or fairness of the information contained in this Official Statement.

The Municipal Advisor is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal or other public securities.

CONTINUING DISCLOSURE

The City has covenanted for the benefit of the Owners of the Series 2025A Bonds to provide annually certain financial information and operating data relating to the Series 2025A Bonds and the City (the "Annual Report"), and to provide notices of the occurrence of certain enumerated events. For a complete listing of items of information which will be provided in each Annual Report and further description of the City's undertaking with respect to the Annual Report and certain enumerated events, see APPENDIX E—"FORM OF CONTINUING DISCLOSURE AGREEMENT." The Annual Report is to be provided by the City not later than nine months following the end of the City's fiscal year (which presently ends on June 30), commencing with the report for the fiscal year ending June 30, 2025 and due March 31, 2026. The Annual Report will be filed by the City with the Municipal Securities Rulemaking Board. These covenants have been made in order to assist the Underwriter in complying with SEC Rule 15c2-12(b)(5).

Within the last five years, the City has not failed to comply with continuing disclosure obligations related to any of the Authority's or the City's outstanding obligations pursuant to SEC Rule 15c2-12(b)(5).

FINANCIAL STATEMENTS OF THE CITY

Included herein as Appendix C is the Annual Comprehensive Financial Report of the City for the Fiscal Year ended June 30, 2024, together with the report thereon dated December 18, 2024 of Rogers, Anderson, Malody & Scott, LLP, certified public accountants (the "Auditor"). The Auditor has not undertaken to update the audited financial statements of the City or its report or to take any action intended or likely to elicit information concerning the accuracy, completeness or fairness of the statements made in this Official Statement, and no opinion is expressed by the Auditor with respect to any event subsequent to its report dated December 18, 2024.

MISCELLANEOUS

References are made herein to certain documents and reports which are brief summaries thereof which do not purport to be complete or definitive and reference is made to such documents and reports for full and complete statements of the contents thereof. Copies of the Indenture, the Lease Agreement, the Ground Lease and other documents are available, upon request, and upon payment to the City of a charge for copying, mailing and handling, from the City Clerk at the City of Eastvale, 12363 Limonite Avenue, suite 910, Eastvale, California 91752.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as

a contract or agreement between the Authority or the City and the purchasers or Owners of any of the Series 2025A Bonds.

The execution and delivery of this Official Statement have been duly authorized by the Authority and the City.

INFORMATION REGARDING THE CITY

General

The City of Eastvale (the "City") was incorporated on October 1, 2010 and is one of the newest cities in the State of California. The City is located in northwestern Riverside County in the Inland Empire region of Southern California. The City is surrounded by the cities of Chino and Ontario within San Bernardino County to the north and west and the cities of Corona, Norco, and Jurupa Valley in Riverside County to the south and east. The City has a total area of 13.1 square miles, of which 12.5 square miles is land and 0.6 square miles is water (the Santa Ana River).

The City provides a wide range of services including City Clerk, Communications, Planning, Economic Development, Public Works, Engineering, Building, Code Enforcement, Community Services and Recreation, and internal administrative services including Finance, Human Resources, and Risk Management. Animal control, library, and public safety (fire and police) services are provided to the City and its residents through contracts with the County of Riverside (the "County"). See the caption "CITY FINANCIAL INFORMATION—Management Discussion and Analysis—*Public Safety*." Other services are provided directly through other agencies, including water and sewer service through the Jurupa Community Services District, parks and recreation through the Jurupa Community Services District and Jurupa Area Recreation and Parks District and public transit through the Riverside Transit Agency. The City has franchise agreements for electricity service through Southern California Edison, natural gas through SoCalGas, refuse collection through Waste Management and cable service through state franchise agreements with Charter Communications, DirecTV, and Frontier.

As of January 1, 2025, the City had a population of 69,799. The proximity of three heavily commercialized counties (two of the City's borders are adjacent to San Bernardino County, and the City is within 8 miles of the Los Angeles County and Orange County borders), and the fact that the City is roughly squared between Interstate 15 and California State Routes 91, 60, and 71, has made the City popular with those who commute to these three counties for employment, making the City a community with ties across County borders. For additional economic and demographic information regarding the City, see the caption "ECONOMIC AND DEMOGRAPHIC INFORMATION REGARDING THE CITY" in this Appendix A.

City Council

The City is a general law city and has a Council-Manager form of municipal government. The City Council has five members, who are elected on a nonpartisan basis. The five Councilmembers are elected by district and serve four-year staggered terms, and the Mayor and Mayor Pro Tempore are selected annually by the City Council to serve a one-year term. The Mayor and City Council serve as the legislative and policy-making body of the City. Based upon their own studies and investigations, and the advice and recommendations of the City Manager and his staff, the City Council makes basic, long-range policy decisions for the City. The City Council uses study sessions and committee meetings, beyond regular City Council meetings, to help determine policy. The City Council appoints the City Manager to act as the City's chief executive officer and a City Attorney to be the legal adviser for the City.

The current City Council members and their respective current terms are as follows:

Name and Office	*District*	*Term*
Todd Rigby, Councilmember	1	2022-2026
Christian Dinco, Councilmember	2	2024-2028
Clint Lorimore, Councilmember	3	2022-2026
Jocelyn Yow, Mayor Pro Tem	4	2022-2026
Mike McMinn, Mayor	5	2024-2028

City Management

Summary information regarding certain City executive staff is described below.

City Manager. Mark Orme is the City Manager of the City and the Executive Director of the Authority. The City Manager holds the responsibility of administering programs in accordance with policies established by the City Council and within the guidelines of the annual budget adopted by the Council.

Mr. Orme has an extensive and successful history of working in local government, to include over twenty-five years of working within the City Manager's Office. Having served in the capacity of City Manager for over a decade, Mr. Orme continues to be a leader and ensure excellence in the profession, as exemplified by him being a credentialed City Manager through the International City Manager's Association for many years. Since arriving at the City of Eastvale in 2022, Mr. Orme has brought about the stability and direction necessary for the organization and City Council to see the pinnacle Civic Center project through development, construction, and public use.

Mr. Orme received his B.A. in Political Science from the University of California at Riverside in 1995 and his Masters of Business Administration from the University of Redlands in 2002. Mr. Orme is also an ICMA Credentialed City Manager since 2019.

Finance Director/City Treasurer. Amanda Wells is the Finance Director/City Treasurer of the City and the Treasurer of the Authority. The Finance Department is responsible for the safekeeping, accounting and management of the financial operations of the City in accordance with the City's municipal code, policies, and state and federal statutes. The Finance Department processes cash receipts, accounts receivable and accounts payable, oversees the issuance and renewals of business registrations, invests the City's funds, prepares and monitors the City's budget and coordinates the City's financial audits. In addition, the Finance Department provides fiscal support to the public, the City Council, the City Manager and other City departments.

Ms. Wells was hired by the City in 2019 and was appointed as the City's Director of Finance/City Treasurer in January 2020 after serving as Accounting Manager and Acting Finance Director. Prior to the City of Eastvale, Ms. Wells served 14 years in the City of Rialto, starting in the Finance Department as an Accounting Assistant and working her way through all divisions of the department and settling in the Finance Manager position. She holds a bachelor's degree in Psychology and a master's degree in Public Administration with a concentration in Public Financial Management from Cal State San Bernardino. Wells is a member of the California Society of Municipal Finance Officers and the Government Finance Officers Association.

Employee and Employee Relations

As of June 30, 2024 the City employed a staff of approximately 64 full-time and 6 part-time employees. None of the City's employees are represented by any bargaining unit.

Risk Management

The City is a member of the Public Entity Risk Management Authority ("PERMA"), a joint powers insurance authority formed under Section 990 of the California Government Code for the purpose of jointly funding programs of insurance coverage for its members. PERMA is comprised of thirty-two participating member agencies: twenty-one cities, four transit agencies and seven special districts. The City participates in the liability, workers compensation, property, auto physical damage, cyber liability, employment practices, and crime insurance programs of PERMA.

The liability program provides coverage up to $50 million per occurrence for personal injury, bodily injury, property damage and public officials' errors and omissions. The City has selected a $25,000 self-insured retention for this coverage and participates in risk sharing pools for losses up to $1 million, followed by PERMA's membership in the Public Risk Innovation Solutions and Management (PRISM) for excess liability coverage. PERMA has a $1 million retention and PRISM provides coverage up to $50 million.

The workers compensation program provides statutory benefits for employee injuries arising out of and in the course of employment, and employers' liability coverage. The City has selected a $50,000 self-insured retention for this coverage. The pooled coverage limit, per accident, is $500,000 with excess coverage providing statutory limits for workers' compensation and $5,000,000 for employers' liability through a combination of pooling and excess coverage. PERMA is a member of the Local Agency Workers' Compensation Excess Joint Powers Authority (LAWCX) for excess coverage.

The property insurance program is a group purchased commercial insurance for property, boiler & machinery, and pollution coverage. The City has selected a $10,000 retention. Commercial property coverage is written on a replacement cost basis and all risk, eliminating the traditional commercial "named peril" policy.

The auto physical damage insurance program is also group purchased under a master insurance policy with accumulated values from all participants resulting in lower rates for members. Auto physical damage coverage is written on an agreed amount basis.

The Cyber Liability program provides coverage for information security & privacy liability, privacy notification costs, regulatory defense & penalties, website media content liability, cyber extortion, first party data protection & business interruption losses.

The Employment Practices Liability program provides coverage for employment related lawsuits, such as wrongful termination and discrimination, through participation in the Employment Risk Management Authority (ERMA). ERMA provides $1,000,000 in employment practices liability coverage and additional coverage is available through PRISM, PERMA's excess insurer for liability coverage.

The crime insurance program provides public employee theft including faithful performance of duty, forgery or alteration, and computer fraud coverage under a master insurance policy.

For more information with respect to the insurance requirements under the Lease Agreement, see the caption "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025 BONDS—Insurance" in this Official Statement.

See Note 11 to City's Annual Comprehensive Financial Report for the Fiscal Year ended June 30, 2024 set forth in Appendix B for more information regarding the City's insurance coverage.

Development in the City

New development in the City (completed, underway, or planned) includes development adjacent to the Civic Center Project, including up to 2,500 planned residential units to be developed by New Home Company

and Quarterra over the next three years as well as future planned retail and commercial space on approximately 10 acres located to the southeast of the Civic Center Project.

The City's first hotel, a Staybridge Suites with 119 guest rooms, opened in January 2025, and a Walmart Superstore of 170,995 square feet with 16-pump fuel stations is under construction and expected to be completed in early 2026.

In October 2024, a new 320-foot bridge over the Cucamonga Creek Channel was completed, known as the "Limonite Gap Closure Project" or the "Limonite Gap Bridge." The Limonite Gap Bridge connects Limonite Avenue from Archibald Avenue to Hellman Avenue, creating a direct passage for vehicles, bicycles, and pedestrians between Eastvale, Chino, and surrounding communities and providing a new east-west connection between the 15 and 71 highways.

CITY FINANCIAL INFORMATION

Management Discussion and Analysis

Public Safety. Public Safety is the City's largest expenditure, making up 48.5% of total General Fund operational expenditures. As the City contracts for Public Safety with Riverside County, the City Council only controls the level of service and has no control over the costs to provide those services. The Riverside County Sheriff charges the City a level rate for patrol services which is fully burdened and rolls in administrative costs and operational costs, such as vehicles and evidence. The City currently contracts for 96 hours of patrol daily; total daily patrol hours will increase to 108 daily patrol hours on July 1, 2025. The City also contracts for a myriad of dedicated services, including a traffic unit, zone policing unit, motor unit, community service officers, commercial enforcement, and sergeants to oversee the units. Dedicated positions are not backfilled when a Sheriff employee is unable to attend work for the day; as a result, the hourly rate for dedicated positions is lower. The City is also responsible for providing miscellaneous supplies and equipment for dedicated positions, whereas the patrol rate includes all rollup costs. The rate for law enforcement services is expected to increase 9% for the 2025-26 fiscal year. The 2024-25 fiscal year saw a 7% rate increase and 2023-24 included a 2.45% increase. According to the Riverside County Sheriff's Office, rates continue to rise due to labor negotiation efforts to bring pay in line with local agency police department pay schedules. Although the City Council has no control over the rates charged by the Riverside County Sheriff's Office, the City Council can control the number of patrol hours and dedicated services included in the contract by lowering or increasing services to be provided by the Riverside County Sheriff's Office.

Similarly, the City Council controls the level of service for Fire Service provision, but not the cost to provide service. Fire Services are provided through a contract with Riverside County Fire, which in turn contracts Fire Services to CalFIRE. Riverside County is not the hiring agency for the bulk of fire services and does not participate in state-wide labor negotiations for CalFIRE staff. Similar to law enforcement, the City contracts for basic fire services such as fire apparatus and dedicated staff to support fire safety efforts such as building inspections. Riverside County sets the minimum staffing levels for fire apparatus; the City has no control over the number of staff assigned to an engine or ladder truck. The City Council can control the number of fire apparatus and dedicated services included in the contract by lowering or increasing services as necessary.

In 2018, the City Council established a committed Public Safety Rate Increase Stabilization Reserve, which now totals $3.0 million. The funding level is described in the City's Fund Balance Reserve Policy. See the caption "—Financial Policies."

Pension and OPEB. The City's pension liability remains low compared to other surrounding cities, primarily due to the City's relatively recent incorporation date and the larger number of PEPRA employees versus classic (37 to 12 as of the June 30, 2023 valuation). The City's miscellaneous plan is 90.0% funded and PEPRA is funded at 87.2%. Combined, the City's unfunded accrued liability is $506,333 for both plans. Several

years ago, the City Council established a committed Pension Obligation reserve, which now totals $2.5 million. The funding level is described in the City's Fund Balance Reserve Policy.

Similar to pension, the City's Other Post Employment Benefit ("OPEB") liability remains low. This is primarily due to limited retiree benefits, a small staff, and a small pool of active retirees, which totals ten retired members and beneficiaries. Health benefits are provided through CalPERS. The City provides the Public Employees' Medical & Hospital Care Act (PEMHCA) minimum benefits to eligible retirees in accordance with CalPERS requirements, which is $158 for calendar year 2025. The City's annual contribution for retiree medical is projected to be $41,845 by fiscal year 2037-38. The City annually funds OPEB at the full actuarially determined contribution, which totals around $75,000 per fiscal year. See "CITY FINANCIAL INFORMATION—Retirement Systems" and "—Other Post-Employment Benefits."

Appropriations Limit. The City has exceeded its annual Gann Appropriations Limit each year since 2021, because of the City's high sales tax revenues. In 2021, the Eastvale voters passed Measure A, approving a temporary increase to the appropriations limit. The temporary limit expired in March 2025. However, after Measure A was passed in 2021, AB137 was approved by the California Legislature and added section 7902.2 to the California Government Code. Section 7902.2 allows cities and counties to calculate proceeds of taxes from the Local Revenue Fund and Local Revenue Fund 2011 and subsequently increase the appropriations limit for the applicable fiscal year based on those calculations. The City then notifies the California Director of Finance, which then requires the appropriations limit of the State be reduced by the amounts reported by cities and counties. The City calculates the normal appropriations limit and then applies the calculations specified in 7902.2 to arrive at the new appropriations limit. These calculations are specified in detail each year in the City's budget document. See "CITY FINANCIAL INFORMATION—Constitutional Appropriations Limit."

Sales Tax Revenues. The City has a concentration of sales tax from one producer within the City (referred to herein as the "Largest Taxpayer"). This significant increase in sales tax revenues started in early 2021, and since then the City Council has utilized only a portion of the sales tax revenues from the Largest Taxpayer for operating expenditures. Historically, the City Council utilized 100% of the sales tax revenues from the Largest Taxpayer as non-operating revenues. However, when it became apparent that the revenue source would likely continue into the future, City Council switched to a 50/50 model, allocating 50% of the Largest Taxpayer sales tax revenues to operating expenses and the remainder to non-operating expenditures, such as capital expenditures. Currently, the City Council utilizes 60% of the Largest Taxpayer's sales tax revenues for operating expenditures and utilizes the remaining 40% for non-operating expenditures, such as capital expenditures. See "CITY FINANCIAL INFORMATION—Sales Taxes."

Accounting and Financial Reporting

The City maintains its accounting records in accordance with Generally Accepted Accounting Principles ("GAAP") and the standards established by the Governmental Accounting Standards Board ("GASB").

The City's government-wide financial statements include a statement of net position and a statement of activities. These statements present summaries of governmental and business-type activities for the City accompanied by a total column. The City does not currently have any business-type activity. Certain eliminations have been made as prescribed by GASB Statement No. 34 in regard to interfund activities, payables, and receivables. All internal balances in the statement of net position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. Governmental activities which normally are supported by taxes and intergovernmental revenues are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Currently, the City does not have any business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific

function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, as well as grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The City does not have any proprietary funds.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Accordingly, all of the City's assets, deferred outflows of resources, liabilities and deferred inflows of resources, including capital assets, as well as infrastructure assets, and long-term liabilities, are included in the statement of net position. The statement of activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. The types of transactions reported as program revenues for the City are reported in three categories: (1) charges or services, (2) operating grants and contributions, and (3) capital grants and contributions.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified-accrual basis of accounting, revenues are recognized in these funds when susceptible to accrual (i.e., when they are both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers property taxes collected after year-end as available if they are collected within 60 days of the end of the current fiscal period.

Other revenue susceptible to accrual includes sales tax, state gasoline taxes, investment earnings, and certain other intergovernmental revenues. Expenditures in the governmental funds are generally recognized in the accounting period in which the related fund liability is incurred. However, debt service principal and interest expenditures on general long-term debt, including lease liabilities, as well as expenditures related to compensated absences, and claims and judgments, and postemployment benefits are recognized later based on specific accounting rules applicable to each, generally when payment is due. General capital asset acquisitions, including entering into contracts giving the City the right to use lease assets, are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases are reported as other financing sources.

The City reports the following major governmental funds: the General Fund, the Miscellaneous Grants Fund, the TUMF Fund and the Capital Project Fund (Capital Projects). As a general rule, the effect of interfund activity has been eliminated from the government- wide financial statements except for the effect of interfund services provided and used.

The City maintains sixteen individual governmental funds for financial reporting purposes. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund, Miscellaneous Grants Fund, TUMF Fund and Capital Projects Fund, which as indicated above are considered major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation.

The General Fund is the government's primary operating fund and accounts for all financial resources of the general government not accounted and reported in another fund. The General Fund accounts for all revenues and expenditures used to finance the traditional services associated with a municipal government, such

as general government, public safety, public works, community development, and community services and recreation.

Because the General Fund is the City's primary operating fund, the City expects to pay Base Rental Payments from amounts in the General Fund. See the captions "—Budget Procedures, Current Budget and Historical Budget Information," "—Comparative Change in Fund balance of the City" and "—Comparative General Fund Balance Sheets of the City" for more information regarding historical and projected results of the City's General Fund. Information on the other governmental funds of the City as of June 30, 2024 is set forth in Appendix B.

Financial Policies

General. The City Council has adopted a comprehensive set of financial management policies to provide for: (i) budget policies and guidelines; (ii) financial forecasting; (iii) fund balance reserves; (iv) capital financing and debt management; and (v) investment management. A summary of these City Council policies is set forth below.

Fund Balance Reserve Policies. City Council approved an updated Fund Balance Reserve Policy on January 22, 2025. The updates memorialized practices that the City has undertaken over the past five years. The City has established a General Fund Operating Reserve fund balance policy which provides that at the end of each fiscal year, the General Fund should have a minimum fund balance of 50% of the current year's General Fund annual budgeted operating expenditures, as calculated by the Finance Director.

Additionally, the City's General Structural Fire Fund has an Operating Reserve fund balance policy that establishes a 75% Operating Reserve; at the end of each fiscal year, the Fire Fund should have a minimum assigned fund balance of 75% of the current year's Fire Fund annual budgeted operating expenditures. The policy also provides for additional annual surpluses to be contributed to Capital Replacement reserves for future maintenance, including technology, fleet, streets, facilities, and catch basins. The General Fund also carries a minimum unassigned fund balance of 5% of the current fiscal year's General und annual budgeted operating expenditures. Finally, the General Fund carries a pension obligation reserve, a public safety rate increase reserve, and a debt service reserve.

Although the debt service reserve policy is set at 50% of annual debt ser, currently 50% is Series 2025A held in the committed debt service reserve and the other 50% is held in the Operating Reserve. The City currently has 100% of the estimated debt service for the Series 2025A Bonds on deposit in the debt service reserve; once the Series 2025A Bonds are issued, 50% of the annual debt service amount will be moved to the Operating Reserve. Following issuance of the Series 2025A Bonds, the City's policies will require funding of the debt service reserve with 50% of Bond debt service and the remaining 50% of annual debt service in the Operating Reserve.

These target amounts have been established in order to provide a reasonable level of assurance that the City's day-to-day operations will be able to continue even if circumstances occur where revenues are insufficient to cover expenditures. The City's policy establishes the priority for spending reserves and authorizes and directs the Finance Director/City Treasurer to prepare financial reports which accurately categorize fund balance as per GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions.

The City sets aside certain other fund balances as reserves to save and plan for the future. Many fund balances other than the General Fund are set aside and unavailable for general use due to the nature of the revenues for which they were received (i.e., Gas Tax, Measure A, Fire Fund, and Landscape Maintenance). The remaining fund balances can be set aside or committed for other purposes as determined by the City Council. These committed reserves are a way to invest in the future and save for a "rainy day."

Five-Year Forecast. A five-year forecast, including revenues and expenditures, is prepared annually for all funds to provide strategic perspective to each annual budget process. The five-year forecast is updated during the annual budget process and again during the annual mid-year review. The model forecasts conservative revenue increases and known increases to expenditures based on economic projections. The model can be adjusted to reflect expected service increases based on the City Council's strategic plan; staff utilizes the model to project service increases and related costs to assist the City Council in making prudent financial decisions related to the timing of service increase implementation, particularly with public safety. The model utilizes the Capital Improvement Plan and staff calculates available fund balance in all funds for the complete five-year period. This ensures that capital projects are adequately planned for and funded.

Interim Financial Reporting. Starting in 2020 and continuing currently, Finance staff prepares a quarterly interim financial report that details the City's budget to actuals performance. The report is filed quarterly with a City Council agenda. The report includes several summary schedules, General Fund Summary by Category and Department, Operating Summary, Other Funds Summary, Available Resources, Contingency Calculation, and Appropriation Limit Summary. The fourth quarter report, while issued before audited financials are available, includes detailed narrative about the General Fund and is available in early Fall each year.

Capital Financing and Debt Management Policy. The City has adopted a debt management policy (the "Debt Management Policy") in compliance with California Government Code Section 8855. The Debt Management Policy provides that all debt issued, including use of the lease-purchase method, will be repaid within a period not to exceed 120% of the expected useful lives of the improvements financed by the debt and in no event should exceed the lesser of 30 years or the period of time until the sunset of a revenue source used to repay the bonds. The Debt Management Policy also provides that the City will refrain from utilizing long-term borrowing to finance current operational costs and that short-term borrowing may be utilized for the temporary funding of operational cash flow deficits or anticipated revenues, where anticipated revenues are defined as an assured revenue source with the anticipated amount based on conservative estimates. The City may issue short-term debt when there is a defined repayment source and amortization of principal. In anticipation of issuing debt and to ensure compliance with SB1029, the City Council adopted an updated Debt Management and Disclosure Policy on January 22, 2025. The updates primarily expanded the existing policy by clarifying the policy's objective and added additional detail regarding debt considerations, debt capacity, debt term, inter-fund borrowing, internal controls, and disclosure procedures.

Investment Policy. The City invests cash balances in conformance with the City Council adopted Investment Policy (the "Investment Policy"). The Investment Policy provides that the investment of the funds of the City shall be guided by the goals of safety, liquidity, diversification and return on investments in that order of priority. The Investment Policy also provides that investments will be made only in those instruments specifically authorized by California State laws (Government Code sections 53600-53609), and to no greater an extent than those authorized by those laws. The City generally limits investments in any one issuer, except U.S. Treasuries, Federal Agencies, supranational, and pooled funds (i.e., money market funds, local government investment pools, and the Local Agency Investment Fund (LAIF)), to no more than 5% regardless of security type.

The City Treasurer is required to submit a quarterly investment report to the City Council; however, in order to comply with Government Code sections 53607 and 53646 the City currently issues a monthly investment report.

The majority of unrestricted cash is combined into several pooled investment bank accounts to facilitate effective management of the City's resources. The Finance Director/City Treasurer invests temporarily idle funds in accordance with Government Code Sections 53600 et al, 16429.1 and 53684 and an Investment Policy approved by the City Council and each year, the current policy was last updated on July 24, 2024. Permissible investments include obligations of the U.S. Government, Federal, State, and Local Agencies, Government Sponsored Enterprises, Medium Term Corporate Notes, Certificates of Deposit, Bankers' Acceptances, Commercial Paper rated A-1 by Standard and Poor's Corporation, P-1 by Moody's Investors Service or F-1 by

Fitch Ratings, State of California Local Agency Investment Fund, Repurchase Agreements, Supranational, and Money Market Mutual Funds.

At June 30, 2024, the City had an investment portfolio with a market value of $157,508,838 and at May 31, 2025 the City had an investment portfolio with a market value of $212,281,066. The following table presents a summary of the City's investment portfolio as of such dates.

TABLE 1
CITY OF EASTVALE
SUMMARY OF INVESTMENTS
(AS OF JUNE 30, 2024 AND JANUARY 31, 2025)

	Market Value	
Investment Type	***As of June 30, 2024***	***As of May 31,2025***
Local Agency Investment Fund	$ 11,492,346	$ 61,846,159
California Asset Management Program	104,558,284	134,509,005
Money Market Mutual Funds	3,038,986	67,831
Federal Agency Bonds	1,942,761	0
Federal Agency Securities	6,793,491	8,147,437
Commercial Paper	168,083	0
Medium-Term Notes	6,305,164	7,231,788
U.S. Treasury	18,650,950	20,918,299
Asset-Backed Securities	2,071,013	2,610,529
Bank Notes	928,400	937,570
Municipal Obligations	841,224	284,202
Negotiable Certificates of Deposit	718,136	364,385
Total	**$ 157,508,838**	**$2,365,917,205**

For additional information with respect to the City's cash and investments, see Note 3 to the audited financial statements for fiscal year 2023-24 attached to the Official Statement as Appendix B.

Budget Procedure, Current Budget and Historical Budget Information

Budget Procedure. The City strives to maintain a balanced budget. Per the City's adopted Budget policy, the total appropriations shall not exceed the total of estimated revenues. Unassigned fund balance may only be utilized for non-operating one-time expenditures, replacement of temporary declines in revenue, or to offset future increases in revenue not yet recognized.

The City's budgetary process begins in January of each year, starting with building budget targets and key projections followed by one City Council goal setting budget workshop session. The Finance Department works in cooperation with all City departments to formulate revenue projections for the upcoming fiscal year. From this, the individual departments use the projected revenues to prioritize and recommend the next fiscal year's objectives. The City Manager's Office and the Finance Department review each budget proposal, revenue assumptions, and all current financial obligations, before preparing the proposed document for the City Council. Additionally, the Finance Department projects fund balances for the next five years, which provides a guideline for funding within the Capital Improvement Plan. At this time revenue and expenditure estimates and projected fund balances are also keyed into the City's long term planning model. The draft budget is prepared for the City Manager's review. The City Council reviews the Proposed Budget, through a series of workshops, with the final adoption scheduled during the second City Council meeting in June.

The City Council may modify appropriations at any time with majority approval. The City Manager is authorized to transfer budgeted appropriations in any sum of appropriated funds between accounts, departments, programs and funds, provided no change is made to the total amount of appropriations for the City. At year end, all unencumbered budgeted amounts lapse, subject to requests for budget rollovers to the next fiscal year, which are limited to non-operating expenditures. Outstanding encumbrances related to capital improvement projects are generally carried forward into the new fiscal year with City Manager approval.

Department heads are responsible for maintaining control of expenditures in the expedient administration of programs. If increased budget appropriation needs are identified at an interim period during the fiscal year the following procedures are implemented. If additional appropriations are not required, Department Heads may request approval from the City Manager to transfer budget appropriations between accounts, departments, or programs. If additional appropriations are required, formal budgetary authority via resolution will be requested from the City Council.

Fiscal Year 2025-26 Adopted Budget. The City's budget for fiscal year 2025-26 (the "2025-26 Budget") was adopted by the City Council on [June 25], 2025. The 2025-26 adopted General Fund Budget consists of both the General Fund and Structural Fire Fund and included $88.0 million in revenues and $84.8 million in expenditures, inclusive of interfund transfers. Furthermore, in the 2025-26 Budget, the General Fund is projected to complete the 2025-26 fiscal year with a $3.2 million overall budget surplus, which is the result of operating revenues being projected to exceed operating expenditures by $14.4 million and non-operating expenditures being projected to exceed non-operating revenues by $11.3 million, primarily due to project appropriations from reserve.

The projected revenues for the General Fund in the 2025-26 Budget total $88,046,971, consisting of operating revenues of $67,519,371 and non-operating revenues of $20,527,600. The principal revenue sources for the General Fund are sales and use taxes, franchise fees, intergovernmental revenues, and property taxes. Sales tax is the City's largest revenue contributor, comprising approximately 56% of the total General Fund revenues in the 2025-26 Budget. [Approximately 74% of the City's fiscal year 2023-24 sales tax revenue was produced by a single business operating in the City. This percentage represents the total sales tax produced by the single business, in addition to a back payment attributable to the single business. Excluding the back payments for both fiscal year 2021-22 and 2022-23, the percentage generated by a single business in the City totaled 69% of all sales tax revenues.] See the caption "—Sales Tax—*Concentration of Sales Tax Revenues*." Although property tax is often a top revenue source for municipalities, this category is the third largest for the City, totaling only approximately 6% of total revenues in the 2025-26 Budget. Intergovernmental is the third largest revenue source at 8% and is comprised primarily of property taxes received in lieu of vehicle license fees. See the caption "—Tax and Fee Revenues By Source."

Prior to incorporation, a revenue neutrality agreement was entered into with the County of Riverside and adopted by the City Council and Riverside County Board of Supervisors. The agreement was first approved in 2009 and subsequently amended in 2011 and 2013. The current amended agreement requires the City to annually pay a mitigation fee to the County. The base amount was established at $384,351 and increases annually by the Consumer Price Index. The mitigation fee for fiscal year 2023-24 was $556,342. Up to 50% of the mitigation fee may be paid from the City's Structural Fire Fund. In addition, as compensation for Mutual Aid for Regional Fire Services, any accumulated available fund balances in excess of $500,000 must be paid to the County of Riverside. Currently, the fund has accumulated $19.5 million as of June 30, 2024. The City holds the funds in assigned and committed reserves. The first is the Operating Reserve described above in the fund balance section and the second is a committed reserve to build and operate a third fire station. The General Fund also holds a committed reserve for the purchase of a fire truck for the third fire station. City staff has met with County staff to discuss the accumulation of a balance in the Structural Fire Fund, and have agreed that the City's construction of a third fire station meets the mutual aid intent of the Revenue Neutrality Agreement.

Budget Considerations Regarding the Project and the Series 2025 Bonds. Since fiscal year 2025, the City has included projected Series 2025A Bond debt service and operational costs associated with the Project in

its five-year financial planning model. The City reserved $6.5 million in annual debt service and approximately $3.0 million to operate the Project facilities within the five-year outlook and ensured that projected General Fund revenues would be adequate to pay these costs during the forecast period.

Capital Improvement Plan. In connection with the adoption of its annual budget, the City by policy adopts a five-year budget plan for capital improvements (the "Capital Improvement Plan") which includes cost estimates, methods of financing, time schedules, and future operating or maintenance costs. Projects included in the Capital Improvement Plan are infrastructure, improvements, maintenance, and equipment that exceed $50,000 in cost and will have a useful life of at least ten years. The Capital Improvement Plan does not appropriate funds in future years, but rather, it functions as a budgeting and planning tool which supports actual appropriations that are made through adoption of the budget.

The City's adopted Capital Improvement Plan for fiscal year 2025-26 (the "2025-26 CIP") covers capital projects from fiscal years 2025-26 through 2029-30. Over such five-year period, the 2025-26 CIP includes approximately $365.7 million in capital projects and for fiscal year 2025-26 in particular, funds have been appropriated for capital projects totaling approximately $110.4 million.

For the Project, staff utilized the most recent construction estimate to project budget, however because the budget is an estimate the budget will likely require adjustments after bids are received. The 2025-26 CIP includes $203.6 million in budget for the Project through fiscal year 2026-27. The sources are a combination of existing General Fund reserves specific to the project, development impact fee reserves and future revenues, and bond proceeds. At this time, staff expects the General Fund to initially provide $156.3 million, currently a combination of cash reserves and fiscal year 2025-26 non-operating revenues, to the Project. Staff expect to recommend the adoption of a development impact fee nexus study and fee schedule during the summer of 2025 to the City Council. The new development impact fees may generate up to $49.4 million in funds specific to the Project as development continues throughout the City. Staff plan to propose to the City Council a General Fund loan to the development impact fee funds. The interfund loan will provide an additional funding source for the Project, however because fees are contingent upon development the flow of revenue is unknown. See the caption "THE PROJECT—Plan of Finance" in this Official Statement.

The remaining projects described in the 2025-26 CIP are expected to be financed from a variety of funding and revenues sources, including the General Fund, gas tax revenues received by the City, revenues received from the County's Measure A sales tax, development impact fees and various other federal and state funding sources. Other projects within the 2025-26 CIP that are expected to utilize General Funds include Civic Center Parking Structure ($4.5 million). A majority of these projects will utilize reserves and/or future non-operating General Fund revenues.

TABLE 2
CITY OF EASTVALE
CAPITAL IMPROVEMENT PLAN
(FISCAL YEARS 2024-25 THROUGH 2029-30)

Project Description	*Fiscal Year 2025-26*	*Fiscal Year 2026-27*	*Fiscal Year 2027-28*	*Fiscal Year 2028-29*	*Fiscal Year 2029-30*
Land, Building & Improvements[(1)]	$ 94,605,455	$150,779,375	$ 16,263,995	$ 1,000,000	$ 0
Roadway Safety/Traffic Improvements[(2)]	279,000	1,766,800	132,000	27,831,505	132,000
Street Improvements[(2)]	8,370,000	23,346,850	12,834,150	6,550,000	2,800,000
Citywide Maintenance[(2)]	1,975,000	1,850,000	4,400,000	5,400,000	
Accessibility Projects[(2)]	455,635	1,078,300	1,003,500	250,000	250,000
Total	$110,382,090	$178,371,650	$ 33,635,645	$37,291,505	$6,082,000

(1) Includes approximately $90.1 million for the Project in fiscal year 2025-26 and $113.5 for the Project in fiscal year 2026-27. See the caption "THE PROJECT—Plan of Finance" in this Official Statement.
(2) Expected to be funded primarily using grants and special funds.

Historical and Preliminary Budget Information. Tables 3 below presents the final General Fund budgets for fiscal years 2022-23 and 2023-24 and the audited results for fiscal years 2022-23 and 2023-24. Table 4 presents the adopted and amended General Fund budget for fiscal year 2024-25 and the adopted General Fund budget for fiscal year 2025-26.

Net Change in fund balance	$ 22,301,058	$ 33,712,842	$ 27,873,998	$ 41,814,465
Fund Balance, Beginning of Year[(8)]	$ 110,556,933	$ 110,556,933	$ 144,569,775	$ 110,556,933
Fund Balance, End of Year[(8)]	$ 132,857,991	$ 144,269,775	$ 172,443,773	$ 144,569,775

(1) See Table 7.
(2) Consists primarily of property tax in lieu of VLF. See the captions "—Tax and Fee Revenues by Source" and "—Intergovernmental Revenues."
(3) Revenue neutrality is an annual mitigation fee payment to the County of Riverside to mitigate the impact of the City's incorporation on the County's General Fund.
(4) GASB 87 required the City, beginning in 2020-21, to record leases as a right to use an underlying asset, as a result the budget is included in an operating category, but the expenditures are recorded in debt service (principal and interest expense).
(5) Excess budget surplus has been annually set aside for special projects, in particular for the Civic Center Project.
(6) Transfers out are primarily contributions to the City's capital replacement reserves and Capital Improvement Project funds.
(7) In fiscal year 2020-21, the City was required to implement GASB 87, relating to leases. This resulted in the City recording offsetting entries to revenue and expense to present the full amortized cost of the right to use a lease asset.
(8) See footnote (8) to Table 5 regarding the City's plans to use a portion of the General Fund balance for the Civic Center Project and construction of a fire station.

(1) See Table 7 under "—Tax and Fee Revenues by Source" for a discussion regarding certain top tax revenues sources. See "Sales Taxes—*Concentration of Sales Tax Revenues*" for a discussion of the increase in sales tax revenues received by the City starting in fiscal year 2020-21.

(2) Consists primarily of property tax in lieu of VLF. See the captions "—Tax and Fee Revenues by Source" and "—Intergovernmental Revenues."

(3) Increase in General Government expenditures in fiscal year 2021-22 due to several factors, including payment of $2.6 million under a Developer Agreement to Tarpon Properties for traffic infrastructure and payment of $3.8 million under a streetlight acquisition and LED retrofit loan.

(4) Revenue neutrality is an annual mitigation fee payment to the County of Riverside to mitigate the impact of the City's incorporation on the County's General Fund.

[Footnotes continue on following page]

[Footnotes continue from previous page]

(5) GASB 87 required the City, beginning in 2020-21, to record leases as a right to use an underlying asset, as a result the budget is included in an operating category, but the expenditures are recorded in debt service (principal and interest expense).

(6) Transfers in to the City's General Fund of $7,414,812 in fiscal year 2021-22 primarily consisted of $7.36 million of American Rescue Plan Act State and Local Fiscal Recovery Funds as a reimbursement for Law Enforcement contract expenditures.

(7) Includes transfers out of $6,563,000, $12,720,759 and $15,228,282 in fiscal years 2021-22, 2022-23 and 2023-24, respectively, from the City's General Fund to the Capital Projects Fund.

(8) $101 million of the fiscal year 2023-24 ending General Fund balance is reserved the Civic Center Project and construction of a fire station.

(1) Increase in fiscal year 2023-24 due to a negative cash entry to cover negative fund balances in special revenue funds. $5.4 million is attributable to reimbursable grant funds that were not eligible for reimbursement in the 2023-24 fiscal year. The remaining balance is attributable to several special district funds with negative fund balances, primarily the City's landscape maintenance districts and community facilities districts for which expenditures exceed the maximum permitted assessment or special tax levy, as applicable.

(2) Represents amounts that are not in a spendable form (such as inventory) or are required to be maintained intact.

(3) Represents amounts constrained to restricted purposes by their providers (such as grantors, bondholders and higher levels of government) through constitutional provisions or by enabling legislation.

(4) Represents amounts contracted to specific purposes by a government itself using the highest level of decision-making authority (i.e., the City Council). To be reported as committed, amounts cannot be used for any other purpose unless the highest level of decision-making authority takes the same action to remove or change the constraint.

(5) Represents amounts a government intends to use for a specific purpose. The City Council has delegated the authority to assign unrestricted fund balance to the City Manager or the City Manager's designee per the City Council's Fund Balance Reserve Policy.

(6) Represents amounts that are available for any purpose.

Constitutional Appropriations Limit

As described further under the caption "CONSTITUTIONAL AND STATUTORY LIMITATIONS ON TAXES AND APPROPRIATIONS—Article XIIIB of the State Constitution" in this Official Statement, the City is subject to the constitutional appropriations limit, also known as the "Gann Appropriations Limit." Under Article XIIIB of the State Constitution, the appropriations limit of each government entity applies to "proceeds of taxes," which consist of tax revenues and the investment proceeds thereof, State subventions and certain other funds, including proceeds from regulatory licenses, user charges or other fees to the extent that such proceeds exceed "the cost reasonably borne by such entity in providing the regulation, product or service." "Proceeds of taxes" excludes tax refunds and some benefit payments such as unemployment insurance. No limit is imposed on the appropriation of funds which are not "proceeds of taxes," such as reasonable user charges or fees, and certain other non-tax funds. Article XIIIB also does not limit appropriation of local revenues to pay debt service on bonds existing or authorized as of October 1, 1979, or subsequently authorized by the voters, appropriations required to comply with mandates of courts or the federal government, appropriations for qualified capital outlay projects, and appropriation by the State of revenues derived from any increase in gasoline taxes and motor vehicle weight fees above January 1, 1990 levels.

The State and each local government entity has its own appropriations limit. Each year, the limit is adjusted to allow for changes, if any, in the cost of living, the population of the jurisdiction, and any transfer to or from another government entity of financial responsibility for providing services. Proposition 111 requires that each local government's actual appropriations be tested against its limit every two years. If the aggregate "proceeds of taxes" for the preceding two-year period exceeds the aggregate limit, the excess must be returned to the agency's taxpayers through tax rate or fee reductions over the following two years.

The voters of the City at the first municipal election held on November 6, 2012 established a permanent appropriation limit of $15,518,412, which was established without the VLF revenues, which were rescinded by the State earlier in 2012 and before the appropriations limit was adopted, and as a result the VLF revenues were not included in the appropriations limit calculation. The VLF revenues were reinstated in fiscal year 2017-18, which caused the City's revenues to increasingly approach the appropriations limit each subsequent fiscal year. On March 2, 2021, the voters of the City passed a measure to temporarily increase the City's appropriations limit for a period of four years to $33,000,000 as of March 3, 2021. As the temporary limit is only valid for a period of four years, the City continues to calculate the City's previous appropriations limit; once the temporary limit expires the previous limit will be re-enacted at the adjusted level unless another measure is passed by the City's voters to again temporarily increase the limit.

Effective July 2021 and September 2021, government code 7902.2.2 was updated via AB 137 and AB 163. The code update allows cities and counties to calculate the appropriations limit with consideration taken to the amount of sales and vehicle license fee revenue generated through the Local Revenue Fund (LRF). The update allows cities and counties exceeding the appropriations limit due to specific LRF revenues to increase the appropriations limit for a given fiscal year by notifying the State's Director of Finance and subsequently requesting the State to reduce the State appropriations limit by the same amount. The City has utilized this section of the government code to recalculate the appropriations limit and notify the State of the overages since fiscal year 2023-24.

Largely due to the recent increase in sales tax received by the City described under the caption "—Sales Taxes," the City has recently exceeded is constitutional appropriations limit and a significant portion of the new sales tax revenue has therefore been restricted to various capital improvements. The City calculated an appropriations limit of $42,562,311 for fiscal year 2024-25. The City's appropriations that are subject to the limit are $48,555,657. Total general fund appropriations for fiscal year 2024-25 are 162.5% of the limit.

Tax and Fee Revenues By Source

The City derives its General Fund tax revenues from a variety of sources including sales and use taxes, *ad valorem* property taxes, franchise fees, a real property transfer tax and transient occupancy taxes. The City's total actual General Fund tax and fee revenues by source for the five most recently completed fiscal years and budgeted information for fiscal years 2024-25 and 2025-26 are set forth below.

TABLE 7

Sales Taxes

General. During fiscal year 2023-24, sales and use tax ("sales tax") receipts of approximately $58.3 million provided the largest tax revenue source for the City, contributing approximately 75% of total General Fund revenues. [General Fund sales tax revenues of approximately $50.1 million are budgeted to be received during fiscal year 2024-25.] A sales tax is imposed on retail sales or consumption of personal property. The basic sales tax rate is established by the State Legislature, and local overrides may be approved by voters. The current total sales tax rate in the City is 7.75%, which includes the 7.00% sales tax rate established by the State Legislature, a 0.5% sales tax rate for the County's Measure A (passed in 1988) and 0.25% for the Riverside County Transportation Authority's voter-approved sales tax rate. County Measure A and Riverside County Transportation Authority sales taxes are restricted to specific transportation related uses.

Top Sales Tax Producers. The table below sets forth the top twenty-five sales tax producers as of December 2024 in alphabetical order.

TABLE 8
CITY OF EASTVALE
TOP 25 SALES TAX PRODUCERS
(as of December, 2024)

7 Eleven	McDonalds
Amazon Com Services	Ralphs
Amazon MFA	Rivian

Concentration of Sales Tax Revenues. A local business changed its business structure during fiscal year 2020-21, which lead to a significant increase in sales tax revenues to the City. The business, referred to herein as the "Largest Taxpayer," changed from an out-of-state corporation to an in-state corporation. The business structure change shifted the sales tax allocation from a statewide allocation through the County sales tax pool, where the tax was distributed pro-rata throughout the State, to a local sales tax allocation based upon the businesses' point-of-sale or fulfillment of the sale. The change caused an increase in sales tax received by the City of approximately 225%, or approximately $30.0 million, over the City's regular recurring sales tax revenues. It is unknown if the business will continue to operate as an in-state corporation. Additionally, the business is located at a leased 2.0 million square foot facility under a lease that the City has been informed has a remaining term of approximately 6 years. The Largest Taxpayer recently opened another 4.0 million square foot facility approximately 4.0 miles from the Eastvale location. The Largest Taxpayer has also opened other facilities within the last year located within a ten-mile radius of the City.

There have been legislative attempts to redistribute e-commerce sales tax revenues among all California cities, and, therefore, there can be no assurances that such increased sales tax revenues will continue to be allocated to the City in the future. The League of California Cities' legislative office and a working group have recommended several proposals for online sales tax distribution, including a proposal for a 50/50 split between fulfillment center host cities and the County sales tax pools and a proposal for a 60/40 split, with either 60% or 40% of sales tax remaining with host cities and the remainder returning to the County pools. No finalized plans have been made to recommend legislation to the League of California Cities General Assembly. A redistribution of e-commerce sales tax within the City would affect and reduce revenues from several businesses located within the City, including sales taxes paid by the Largest Taxpayer, but would also bring new sales tax to the City for online transactions made by residents and businesses. The California Department of Tax and Fee Administration (CDTFA) estimated a 50% sales tax reduction for Eastvale resulting from the 50/50 split proposal, but highlighted that the department does not have adequate access to data to make a reasonable projection. Similarly, no data is available for the 60/40 split proposals described above. The League of California Cities working group also recommended a phased implementation over five years, but no specific legislation has been drafted. Accordingly (and also to address the City's constitutional appropriations limit described under the caption "—Constitutional Appropriations Limit"), the City is currently using up to 60% of these additional revenues for operating costs, future and current, and the remaining 40% for one-time capital improvement projects including for the Project. See the captions "—Constitutional Appropriations Limit" in this Appendix A and "RISK FACTORS— Dependence on State for Certain Revenues." Also see "THE PROJECT."

Sales Tax Abatement Agreements. In accordance with the Eastvale Municipal Code, the City provides sales tax rebates to a local sales tax generator based on sales tax generated at a site developed within the City. The City entered into a 20-year economic development agreement on March 22, 2023 for sales tax rebates with Rivian, LLC, in order to establish a significant tax-generating business, jobs, and occupancy of property within City boundaries. The rebates are calculated based on the total taxes generated by the business. The City will pay 65% of local sales taxes paid by Rivian for the first 20 quarters and the percentage drops to 50% for the remainder of the agreement term. For fiscal year 2023-24, the City abated local sales tax totaling $98,697.

The City is not negotiating or currently planning for any other sales tax abatement agreements.

Property Taxes

During fiscal year 2023-24, property tax receipts of approximately $13.2 million provided the second largest tax revenue source of the City, contributing approximately 17% of total General Fund revenues. [General Fund property tax revenues of approximately $13.3 million are budgeted to be received during fiscal year 2024-25.] Such amounts do not include property taxes in lieu of VLF, as described under the caption "—Intergovernmental Revenues."

In California, property which is subject to *ad valorem* taxes is classified as "secured" or "unsecured." The secured classification includes property on which any property tax levied by a county becomes a lien on that property. A tax levied on unsecured property does not become a lien against the taxed unsecured property, but may become a lien on certain other property owned by the taxpayer. Every tax which becomes a lien on secured property has priority over all other liens, arising pursuant to State Law, on the secured property, regardless of the time of the creation of other liens. The valuation of property is determined as of January 1 each year, and installments of taxes levied upon secured property are due November 1 and February 1 and become delinquent on the following December 10 and April 10, respectively. Taxes on unsecured property are due July 1, and become delinquent August 31.

Secured and unsecured properties are entered separately on the assessment roll maintained by the county assessor. The method of collecting delinquent taxes is substantially different for the two classifications of property. The exclusive means of enforcing the payment of delinquent taxes with respect to property on the secured roll is the sale of the property securing the taxes of the State for the amount of taxes that are delinquent. The taxing authority has four methods of collecting unsecured personal property taxes: (1) a civil action against the taxpayer; (2) filing a certificate in the office of the county clerk specifying certain facts in order to obtain a judgment lien on certain property of the taxpayer; (3) filing a certificate of delinquency for record in the County Recorder's Office in order to obtain a lien on certain property of the taxpayer, and (4) seizure and sale of personal property, improvement or possessory interest belonging or taxable to the assessee.

A ten percent penalty is added to delinquent taxes which have been levied with respect to property on the secured roll. In addition, beginning on the July 1 following a delinquency, interest begins accruing at the rate of 1 1/2% per month on the amount delinquent. Such property may thereafter be redeemed by the payment of the delinquent taxes and the ten percent penalty, plus interest at the rate of 1 1/2% per month to the time of redemption. If taxes are unpaid for a period of five years or more, the property is deeded to the State and then is subject to sale by the county tax collector. A ten percent penalty also applies to the delinquent taxes or property on the unsecured roll, and further, an additional penalty of 1 1/2% per month accrues with respect to such taxes beginning on the varying dates related to the tax billing date.

Legislation enacted in 1984 (Section 75 *et seq*. of the Revenue and Taxation Code of the State of California), provides for the supplemental assignment and taxation of property as of the occurrence of a change in ownership or completion of new construction. Previously, statutes enabled the assessment of such changes only as of the next tax lien date following the change and thus delayed the realization of increased property taxes from the new assessment for up to 14 months. Collection of taxes based on supplemental assessments occurs throughout the year. Taxes due are prorated according to the amount of time remaining in the tax year, with the

exception of tax bills dated January 1 through May 31, which are calculated on the basis of the remainder of the current fiscal year and the full 12 months of the next fiscal year.

In the past, the State Legislature has shifted property taxes from cities, counties and special districts to the Educational Revenue Augmentation Fund. The term "ERAF" is often used as a shorthand reference for this shift of property taxes. In 1992-93 and 1993-94, in response to serious budgetary shortfalls, the State Legislature and administration permanently redirected over $3 billion of property taxes from cities, counties, and special districts to schools and community college districts. The 2004-05 State budget included an additional $1.3 billion shift of property taxes from certain local agencies, including the City, to occur in fiscal years 2004-05 and 2005-06. See "CONSTITUTIONAL AND STATUTORY LIMITATIONS ON TAXES AND APPROPRIATIONS—Proposition 1A" and "—Proposition 22" for a description of certain limitations on the State's authority over local government revenue sources.

The table below sets forth the secured and unsecured assessed valuations for property in the City for the fiscal years 2014-15 through 2024-25.

The County operates under a statutory program entitled Alternate Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the "Teeter Plan"). Under the Teeter Plan local taxing entities receive 100% of their tax levies net of delinquencies, but do not receive interest or penalties on delinquent taxes collected by the County. The City's share of the *ad valorem* property tax levy is included in the County's Teeter Plan. As a result, the City currently receives 100% of such levy and is not impacted by delinquencies in payment. However, the County may choose to discontinue the Teeter Plan at any time.

The 10 largest property taxpayers in the City for fiscal year 2023-24 based on total assessed valuation, the land use and the percentage of the City's total assessed value attributable to each are shown in the below table. The information in Table 10 has been obtained from third-party sources and is included for general information purposes only. The City has not verified the information in Table 10 and does not guarantee the accuracy of such information.

Intergovernmental Revenues

General. During fiscal year 2023-24, intergovernmental revenues of approximately $6.7 million (consisting of approximately $6.3 million of property taxes in lieu of VLF, as described further below) contributed approximately 7.0% of total General Fund revenues. [General Fund intergovernmental revenues of approximately $6.5 million (consisting of approximately $6.4 million of property taxes in lieu of VLF) are budgeted to be received during fiscal year 2024-25.]

Property Taxes In Lieu of VLF. The City's intergovernmental revenues consist primarily of property taxes in lieu of Vehicle License Fees ("VLF"). VLF revenue was a subvention collected by the State and allocated to cities and counties based on a statutory formula. Several years ago, VLF were reduced by approximately two-thirds. However, the State continued to remit to cities and counties the same amount that those local agencies would have received if the VLF had not been reduced, known as the "VLF backfill." The State VLF backfill was phased out, and as of fiscal year 2011-12, all of the VLF is now received through an in-lieu payment from State property tax revenues referred to as Property Taxes in lieu of VLF. Calculations are now based on property valuations; therefore, as property valuations within the City grow so does the City's VLF allocation. See the caption "—Property Taxes" above.

Other. The City also receives other General Fund revenue from other government agencies, principally from the State and Federal governments. These revenues include monies called subventions, as well as grants for specific projects, and reimbursements related to State mandated activities or disaster/emergency declarations. These revenues can fluctuate from year-to-year for on-going programs and activities.

Historically, intergovernmental revenues also include maintenance reimbursement costs received from Jurupa Community Services District because certain streetlights purchased by the City from Southern California

Edison were located within assessment districts established by Jurupa Community Services District. However, the City has taken over administration of such assessment districts; accordingly, in fiscal year 2022-23 the City moved these revenues into special revenue funds to properly account for such revenues.

Franchise Fees

The City imposes fees on gas, electric, and cable television companies operating within the City. The City also imposes a franchise fee for refuse services. The fees range from 1% to 8% of gross receipts derived from business activities conducted within the City.

During fiscal year 2023-24, franchise fee receipts of approximately $2.7 million contributed approximately 4.2% of total General Fund Revenues. [General Fund franchise fee revenues of approximately $2.6 million are budgeted to be received during fiscal year 2024-25.]

Franchise fees relating to recycling and solid waste collection have been the subject of recent litigation. In the case of *Robert Zolly et al. v. City of Oakland*, two franchises awarded by the City of Oakland for recycling and municipal waste services were subject to challenge under Proposition 26. The City of Oakland argued that the franchise fees fell within the exception of Proposition 26 described under (d) above ("a charge for entrance to or use of local government property, or the purchase, rental, or lease of local government property"). In its ruling issued on August 11, 2022, in *Robert Zolly et al. v. City of Oakland*, the California Supreme Court found that the City of Oakland had failed to demonstrate that the right to use city streets for travel (i.e., to haul recyclable and municipal waste), as others use them, is a property right for which a fee can be imposed. The City's current solid waste franchise fees generate approximately $1.6 million annually, and are budgeted to produce $1.65 million in fiscal year 2025-26. The City's solid waste franchise fee has not been challenged and the City is evaluating the potential risk to this revenue stream. See "CONSTITUTIONAL AND STATUTORY LIMITATIONS ON TAXES AND APPROPRIATIONS—Proposition 26."

Licenses, Permits and Fees

The City collects both fixed fee and deposit-based permits for planning, building and safety, and engineering services for residential and commercial development. In February 2024, the City adopted a new user fee study that substantially reduced the number of administrative deposits the City collects in favor of fixed fees. The fees are based on the type of development activity and were adopted by resolution resulting from a Citywide comprehensive user fee and rate study.

During fiscal year 2023-24, revenues from licenses, permits and fees of approximately $3.9 million contributed approximately 4.2% of total General Fund revenues. [General Fund revenues from licenses and permits of approximately $5.5 million are budgeted to be received during fiscal year 2024-25.]

Other Revenue Sources

Fines and Forfeitures. Revenues from fines and forfeitures consists of traffic fines, parking citations and code enforcement citations. [This category of revenue is budgeted at $1.1 million for fiscal year 2024-25.]

Investment Earnings. Revenues from investment earnings consist of interest earnings on City investments. [The 2024-25 budget includes $6.1 million in investment earnings; this level of interest is not expected to continue as the City begins to spend cash reserves to fund the Civic Center Project.]

Other. Other sources of General Fund revenue for the City include reimbursements for special events, recovery from damage to City properties, donations, sale of City assets, and other miscellaneous revenue sources. These revenues can be inconsistent from year-to-year or are generally one-time in nature.

Transient Occupancy Tax

General. When the City was incorporated, it adopted the County's transient occupancy tax rate of 10%; however, the City has not historically received any transient occupancy tax revenues because until recently there have not been any hotels located within the City. The first hotel within the City opened in July 2024. The City currently estimates the new hotel will generate approximately $250,000 in transient occupancy tax revenues for fiscal year 2024-25, with the first full year of collections expected to be fiscal year 2025-26.

The City entered into a transient occupancy tax sharing and settlement agreement with the hotel operator on November 13, 2024. The City will rebate to the operator 80% of the transient occupancy tax generated by the hotel for ten years or until the operator is paid $6.0 million, whichever occurs first. In total, the City has paid $59,184 for two months of collected transient occupancy tax.

Long-Term Liabilities

Long-Term Debt. The City's long-term obligations payable from the General Fund currently consist of various real property and equipment leases, as well as subscriptions with an aggregate total liability as of June 30, 2024 of approximately $1.3 million and compensated absences for employees.

For additional information with respect to the City's outstanding long-term obligations, see Notes 7 and 8 to the audited financial statements for fiscal year 2023-24 attached to the Official Statement as Appendix B.

Short-Term Debt. The City currently has no short-term debt outstanding.

Retirement System

This caption contains certain information relating to the California Public Employees Retirement System ("CalPERS"). The information is primarily derived from information produced by CalPERS, its independent accountants and actuaries. The City has not independently verified the information provided by CalPERS and makes no representations nor expresses any opinion as to the accuracy of the information provided by CalPERS.

The annual comprehensive financial reports of CalPERS are available on its Internet website at www.calpers.ca.gov. The CalPERS website also contains CalPERS' most recent actuarial valuation reports and other information concerning benefits and other matters. Such information is not incorporated by reference herein. The City cannot guarantee the accuracy of such information. Actuarial assessments are "forward-looking" statements that reflect the judgment of the fiduciaries of the pension plans, and are based upon a variety of assumptions, one or more of which may not materialize or be changed in the future. Actuarial assessments will change with the future experience of the pension plans.

Plan Description. All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan ("Plan") administered by CalPERS. The Plan consists of a miscellaneous pool and a safety pool (also referred to as "risk pools"), which are comprised of individual employer miscellaneous and safety rate plans, respectively. Plan assets may be used to pay benefits for any employer rate plan of the safety and miscellaneous pools. Accordingly, rate plans within the safety or miscellaneous pools are not separate plans under generally accepted accounting principles. Individual employers may sponsor more than one rate plan in the miscellaneous or safety risk pools. The City participates in one miscellaneous rate plan. Benefit provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS' website, at www.calpers.ca.go.

Benefits Provided. CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plan operates under the provisions of the California Public Employees' Retirement Law ("PERL"), the California Public Employees' Pension Reform Act of 2013 ("PEPRA"), and the regulations, procedures and policies adopted by the CalPERS Board of Administration. The Plan's authority to establish and amend the benefit terms are set by the PERL and PEPRA, and may be amended by the California state legislature and in some cases require approval by the CalPERS Board.

The Plan's provisions and benefits in effect at June 30, 2024, are summarized as follows:

	Miscellaneous Plan	
Hire date	Prior to January 1, 2013	On or after January 1, 2013
Benefit formula	2.0% @ 60	2.0% @ 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Minimum retirement age	50	52
Monthly benefits, as a % of eligible compensation	1.092% to 2.418%	1.0% to 2.5%
Required employee contribution rates	7.00%	7.75%
Required employer contribution rates[(1)]	10.19%	7.96%

(1) As described under "—*Contributions*" below, CalPERS no longer collects required contributions for the unfunded portion of pension liability based on a percentage of payroll.

Employees Covered. As of the June 30, 2023 actuarial valuation date, the following employees were covered by the benefit terms of the Plan:

Description	
Inactive employees or beneficiaries currently receiving benefits	10
Inactive employees entitled to but not yet receiving benefits	43
Active employees	49
Total	102

Source: City of Eastvale.

Contributions. Section 20814(c) of PERL requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contributions requirements are classified as plan member contributions.

The required employer contribution is comprised of a Normal Cost component and a component equal to an amortized amount of the unfunded liability or Annual Unfunded Accrued Liability ("UAL") Payment. The "Normal Cost" is the annual cost of service earned by active employees for the upcoming fiscal year, which is expressed as a percentage of payroll. The Annual UAL Payment is the amortized dollar amount needed to fund

past service credit earned (or accrued) for members who are currently receiving benefits, active members, and for members entitled to deferred benefits, as of the valuation date. The UAL Payment is a fixed dollar annual payment, billed monthly.

Beginning with fiscal year 2017-18, CalPERS began collecting employer contributions toward the Plan's unfunded liability as dollar amounts instead of the prior method of a contribution rate. According to CalPERS, this change was to address potential funding issues that could arise from a declining payroll or reduction in the number of active members in the Plan. Funding the unfunded liability as a percentage of payroll could lead to the underfunding of the Plan. Due to stakeholder feedback regarding internal needs for total contributions expressed as an estimated percentage of payroll, the CalPERS reports include such results in the contribution projection set forth in the tables below. CalPERS indicates that these results are provided for information purposes only and contributions toward the unfunded liability will continue to be collected as set dollar amounts.

Employer contributions by the City to the Plan for the fiscal year ended June 30, 2024 were $452,959. The actual employer payments of $451,400 made to CalPERS by the City during the measurement period ended June 30, 2023 differed from the City's proportionate share of the employer's contributions of $145,045 by $306,355, which is being amortized over the expected average remaining service lifetime in the Public Agency Cost-Sharing Multiple Employer Plan.

The tables below are derived from the City of Eastvale Annual Valuation Reports with valuation dates as of June 30, 2023 and delivered in July 2024 (the "2024 Reports") and show the required and projected employer contributions for the next six fiscal years. Projected results reflect the adopted changes to the discount rates described in the 2024 Reports. Such projections also assume that all actuarial assumptions will be realized and that no further changes to assumptions, contributions, benefits, or funding will occur during the projection period. The projected Normal Cost percentages in the projections below does not reflect that the Normal Cost will decline over the time as new employees are hired into PEPRA or other lower cost benefit tiers.

The foregoing projections assumed the investment return for fiscal year 2023-24 would be 6.80% and beyond. CalPERS announced a preliminary net investment return of 9.3% for fiscal year 2023-24. As a result, the actual contribution requirements for fiscal year 2025-26 and the following years shown below can be expected to differ from such projections. No assurance can be provided that the City's CalPERS plan expenses will not increase significantly in the future.

Miscellaneous Plan

	Required Contribution	***Projected Future Employer Contributions (Assumes 6.80% Return for Fiscal Year 2023-24 and Beyond)***				
Fiscal Year	***2025-26***	***2026-27***	***2027-28***	***2028-29***	***2029-30***	***2030-31***

Total Pension Liability. The City's total pension liability for the Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The total pension liability of the Plan is measured as of June 30, 2023, using an annual actuarial valuation as of June 30, 2022 rolled forward to June 30, 2023 using standard update procedures. A summary of principal assumptions and methods used to determine the total pension liability is as follows:

Valuation Date	June 20, 2022
Measurement Date	June 30, 2023
Actuarial Cost Method	Entry Age Actuarial Cost Method
Asset Valuation Method	Fair Value of Assets
Actuarial Assumptions	
Discount Rate	6.90%
Inflation	2.50%
Salary Increases	Varies by Entry Age and Service
Mortality Rate Table[(1)]	Derived using CalPERS' membership data for all funds
Post Retirement Benefit Increase	The lesser of contract COLA up to 2.30% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.30% thereafter

(1) The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2021 CalPERS Experience Study for the period from 2001 to 2019. Pre-retirement and Post-retirement mortality rates include generational mortality improvement using 80% of Scale MP- 2020 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from November 2021 that can be found on the CalPERS website.

Pension Plan Fiduciary Net Position. Information about the Plan's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position are presented in CalPERS' audited financial statements, which are publicly available reports that can be obtained at CalPERS' website, at www.calpers.ca.gov. The Plan's fiduciary net position and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis used by the pension plan, which is the economic resources measurement focus and the accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

The City maintains a Pension Obligation reserve, which is not included in the Plan assets but is available to pay the City's pension liabilities. See the caption "CITY FINANCIAL INFORMATION—Management Discussion and Analysis—Pension and OPEB" and "—Financial Policies."

Proportionate Share of Total Pension Liability. The following table shows the City's proportionate share of the Plan's total pension liability over the measurement period.

	Increase (Decreases)		
	Proportionate Share of Total Pension Liability	***Proportionate Share of Fiduciary Net Position***	***Proportionate Share of Total Pension Liability***
Balance at June 30, 2022	$ 2,329,459	$ 2,275,780	$ 53,679
Balance at June 30, 2023	3,789,783	3,489,039	300,744
Net Changes During Fiscal Year 2022-23	$ 1,460,324	$ 1,213,259	$ 247,065

Sensitivity of the Net Pension Liability to Changes in the Discount Rate. The following presents the City's proportionate share of the total pension liability of the Plan as of the measurement date, calculated using the discount rate of 6.9 percent, as well as what the total pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (5.9 percent) or 1 percentage-point higher (7.9 percent) than the current rate:

Miscellaneous	*Discount Rate -1% (5.90%)*	*Current Discount Rate (6.90%)*	*Discount Rate +1% (7.90%)*
Plan's Net Pension Liability/(Asset)	$813,296	$300,744	$(121,130)

Detailed information about each of the Miscellaneous and PEPRA Miscellaneous Plans' fiduciary net position is available in the separately issued CalPERS financial reports and can be obtained on the CalPERS website.

Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions. On June 25, 2012, the Governmental Accounting Standards Board approved GASB Statement No. 68 ("GASB 68") with respect to pension accounting and financial reporting standards for state and local governments and pension plans. GASB 68 states that, for pensions within the scope of the statement, a cost-sharing employer that does not have a special funding situation is required to recognize a net pension liability, deferred outflows of resources, deferred inflows of resources related to pensions, and pension expense based on its proportionate share of the net pension liability for benefits provided through the pension plan. While the accounting standard changed financial statement reporting requirements, they do not impact funding policies of the pension systems. The audited financial statements of the City for fiscal year 2023-24 attached hereto as Appendix B reflect the application of the GASB 68.

As of the start of the measurement period (July 1, 2022), the City's total pension liability was $53,679. For the measurement period ending June 30, 2023 (the measurement date), the City incurred a pension expense of $447,618.

At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions as follows:

	Deferred Outflows of Resources	*Deferred Inflows of Resources*
Pension contributions subsequent to measurement date	$ 452,959	--
Changes in proportion	129,006	--
Differences in actual contributions vs. proportionate share of contributions	364,276	$ --
Difference between expected and actual experience	15,364	(2,383)
Differences between projected and actual earnings on plan investments	48,693	--
Changes in assumptions	18,157	--
Totals	$ 1,028,455	$ (1,770,950)

The amounts above are net of outflows and inflows recognized in the fiscal year 2022-23 measurement period expense. Contributions subsequent to the measurement date of $452,959 reported with deferred outflows of resources will be recognized as a reduction of the total pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

Measurement Period Ended June 30:	*Deferred Outflows/(Inflows) of Resources, Net*
2025	$253,379
2026	184,503
2026	133,834
2028	1,397
Thereafter	--

Funded Status. The tables below are derived from the 2024 Reports and show the funded status of the City's defined benefit pension plan as of the valuation dates shown.

Miscellaneous Plan

Valuation Date	*Accrued Liability*	*Share of Pool's Market Value of Assets*	*Unfunded Accrued Liability*	*Funded Ratio*	*Annual Covered Payroll*
06/30/2014	$219,472	$226,757	$(7,285)	103.3%	$577,490

Other Post-Employment Benefits

Plan Description. The City's defined benefit postemployment healthcare plan (the "OPEB Plan") provides medical benefits to eligible retired employees and qualified dependents. The OPEB Plan is part of the

Public Agency portion of the California Employers' Retiree Benefit Trust Fund ("CERBT"), an agent multiple-employer plan administered by CalPERS, which acts as a common investment and administrative agent for participating public employers within the State of California. A menu of benefit provisions as well as other requirements is established by State statute within the PERL. CalPERS issues an Annual Comprehensive Financial Report. The Annual Comprehensive Financial Report is issued in aggregate and includes the sum of all CalPERS plans. Copies of the CalPERS ACFR may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95814.

Funding Policy. The contribution requirements of the City are established and may be amended by the City Council.

Employees Covered. As of December 31, 2023, actuarial valuation, the following current and former employees were covered by the benefit terms under the OPEB Plan:

Active employee	55
Inactive employees or beneficiaries currently receiving benefits	1
Inactive employees entitled to, but not yet receiving benefits	--
Total Number of Participants	56

Source: City of Eastvale Audited Financial Statements for fiscal year 2023-24.

Contributions. The City's annual contribution to the OPEB Plan is based on the actuarially determined contribution. For the fiscal year ended June 30, 2024, the City's cash contributions were $65,624.

Total OPEB Liability. The City's total OPEB liability (asset) was measured as of June 30, 2024 and the total OPEB liability (asset) used to calculate the total OPEB liability (asset) was determined by an actuarial valuation dated December 31, 2023 based on the following actuarial methods and assumptions.

Actuarial Assumptions	
Discount Rate	5.75%
Inflation	2.50%
Salary Increases	3.00% per year
Investment Rate of Return	5.75%, net of expenses
Mortality Rate[(1)]	Derived using CalPERS Membership Data for all funds
Pre-Retirement Turnover[(1)]	Derived using CalPERS Membership Data for all funds
Healthcare-Trend Rate	6.5% in 2025 decreasing to 3.9% by 2075

(1) Derived from data collected during 1997 to 2011 CalPERS Experience Study dated January 2014 and post-retirement mortality information was derived from the 2007 to 2011 CalPERS Experience Study. The Experience Study Reports may be access on the CalPERS website www.calpers.ca.gov under Forms and Publications.

Changes in the OPEB Liability (Asset). The changes in the total OPEB liability(asset) for the City in the fiscal year ending June 30, 2024 are as follows:

	Increase (Decrease)		
	Total OPEB Liability (a)	***Plan Fiduciary Net Position (b)***	***Total OPEB Liability/(Asset) (c)=(a)-(b)***
Balance at Fiscal Year Ending June 30, 2023	$ 227,257	$ 276,405	$ (49,148)
Changes During the Period			
Service Cost	63,142	--	63,142
Interest Cost	16,772	--	16,772
Actual and Expected Experience Difference	(11,029)	--	(11,029)
Changes of Assumptions	(21,455)	--	(21,455)
Contributions - Employer	--	65,624	(65,624)
Net Investment Income	--	23,386	(23,386)
Benefit Payments	(2,441)	(2,441)	--
Administrative Expense	--	(148)	148
Net Changes	44,989	86,421	(41,432)
Balance at Fiscal Year Ending June 30, 2023	$ 272,246	$ 362,826	$ (90,580)

Sensitivity of Total OPEB Liability to Changes in the Discount. The following presents the total OPEB liability (asset) of the City calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2024:

Discount Rate 1% Lower (4.75%)	***Valuation Discount Rate (5.75%)***	***Discount Rate 1% Higher (6.75%)***
$(37,715)	$(90,580)	$(132,260)

The following presents the total OPEB liability (asset) of the City if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2024:

Trend Rate 1% Lower (5.5%)	***Valuation Trend Rate (6.5%)***	***Trend Rate 1% Higher (7.5%)***
$(143,077)	$(90,580)	$(19,316)

For additional information with respect to the City's OPEB plan, including with respect to actuarial methods and assumptions used to determine the total OPEB liability, recognition of deferred outflows and inflows of resources and OPEB expense and deferred outflow/inflow of resources to OPEB, see Note 10 to the audited financial statements for fiscal year 2023-24 attached hereto as Appendix B.

GASB Statement No. 75. In June 2015, GASB issued Statement No. 75, which became effective for fiscal years beginning after June 15, 2017. The primary objective of Statement No. 75 is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (i.e., OPEB). Statement No. 75 is also intended to improve information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. Statement No. 75 results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency.

More specifically, Statement No. 75 requires the liability of employers to be measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB liability), less the amount of the OPEB plan's

fiduciary net position. Statement No. 75 requires the recognition of the total OPEB liability in the Statement of Net Position.

ECONOMIC AND DEMOGRAPHIC INFORMATION REGARDING THE CITY AND THE COUNTY

Population

The following table shows the population growth for the City and the County for the years shown:

TABLE 11
CITY OF EASTVALE
CITY AND COUNTY POPULATION
CALENDAR YEARS 2020-24

Calendar Year	*City*	*County*
2024	68,884	2,442,378

APPENDIX B

SUMMARY OF THE PRINCIPAL LEGAL DOCUMENTS

The following is a brief summary of the provisions of the Indenture, the Ground Lease, the Lease Agreement and the Assignment Agreement. This summary is not intended to be definitive, and Owners of the Series 2025A Bonds should refer to the documents for the complete text thereof. Copies of the documents summarized herein are available from the City.

[TO COME]

APPENDIX C

ANNUAL COMPREHENSIVE FINANCIAL REPORT
OF THE CITY FOR THE FISCAL YEAR ENDED JUNE 30, 2024

APPENDIX D

PROPOSED FORM OF BOND COUNSEL OPINION

_____, 2025

Eastvale Public Financing Authority
Eastvale, California

Re: *$_____ Eastvale Public Financing Authority Lease Revenue Bonds, Series 2025A (Civic Center Project)*

Ladies and Gentlemen:

We have acted as bond counsel to the Eastvale Public Financing Authority (the "Authority") in connection with the issuance by the Authority of $_____ Eastvale Public Financing Authority Lease Revenue Bonds, Series 2025A (Civic Center Project) (the "Bonds"), pursuant to the provisions of Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the California Government Code (the "Bond Law"), and pursuant to an Indenture, dated as of July 1, 2025 (the "Indenture"), by and among the Authority, the City of Eastvale (the "City") and U.S. Bank Trust Company, National Association, as Trustee. The Bonds will be principally secured by base rental payments to be made by the City pursuant to a Lease Agreement, dated as of July 1, 2025 (the "Lease"), by and between the Authority and the City. We have examined the law and such certified proceedings and other documents, agreements, opinions and matters as we deem necessary to render this opinion. This opinion is based on current statutory and constitutional law and published court decisions as of the date hereof. Capitalized terms used herein and not otherwise defined shall have the meanings ascribed thereto in the Indenture.

As to questions of fact material to our opinion, we have relied upon representations of the Authority contained in the Indenture and in the certified proceedings and certifications of public officials and others furnished to us, without undertaking to verify the same by independent investigation.

We have assumed the genuineness of all documents and signatures presented to us, the authenticity of documents submitted as originals and the conformity to originals of documents submitted as copies. We have not undertaken to verify independently, and have assumed, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions referred to in the preceding paragraphs of this opinion. Furthermore, we have assumed compliance with all covenants and agreements contained in the Indenture, the Lease and the Ground Lease. We call attention to the fact that the rights and obligations under the Bonds, the Indenture, the Lease, the Ground Lease, the Assignment Agreement and the Tax Certificate may be limited by bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, by the application of equitable principles and the exercise of judicial discretion in appropriate cases and by the limitations on legal remedies against cities and public agencies in the State of California.

We express no opinion herein with respect to any indemnification, contribution, choice of law, choice of forum, penalty or waiver provisions contained in the Bonds, the Indenture, the Lease, the Ground Lease or the Assignment Agreement; nor do we express any opinion with respect to the state or quality of title to any of the real or personal property described in the Indenture, the Lease or the Ground Lease, or the accuracy or sufficiency of the description contained therein, or the remedies available to enforce liens on, any such property contained therein. [Additionally, we express no opinion with respect to the municipal bond insurance policy relating to the Insured Bonds.]

Based upon the foregoing we are of the opinion, under existing law, as follows:

1. The Authority is a joint exercise of powers authority duly organized and validly existing under the laws of the State of California with the full power to enter into the Indenture and the Lease, to perform the agreements on its part contained therein and to issue the Bonds.

2. The Indenture and the Lease have each been duly authorized and approved by the Authority and the Indenture and the Lease constitute the valid and binding obligations of the Authority enforceable against the Authority in accordance with their respective terms. The Indenture creates a valid pledge of the Base Rental Payments and other moneys pledged under the Indenture, subject to the provisions of the Indenture.

3. The Indenture and the Lease have each been duly authorized and approved by the City and the Indenture and the Lease constitute the valid and binding obligations of the City enforceable against the City in accordance with their respective terms.

4. The Bonds have been duly and validly authorized by the Authority and are legal, valid and binding limited obligations of the Authority, enforceable in accordance with their terms and the terms of the Indenture. The Bonds are limited obligations of the Authority payable solely from the Base Rental Payments and other moneys pledged under the Indenture as provided in the Indenture, but are not a debt of the City, the State of California or any other political subdivision thereof within the meaning of any constitutional or statutory limitation, and, neither the faith and credit nor the taxing power of the City, the State of California, or any of its political subdivisions is pledged for the payment thereof. The Authority has no taxing power.

5. Under existing statutes, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and compliance with certain covenants and requirements described herein, interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals; however, it should be noted that with respect to applicable corporations as defined in Section 59(k) of the Internal Revenue Code of 1986, as amended (the "Code"), interest (and original issue discount) with respect to the Bonds might be taken into account in determining adjusted financial statement income for purposes of computing the alternative minimum tax imposed on such corporations.

6. Interest (and original issue discount) on the Bonds is exempt from personal income taxes imposed in the State of California.

7. The difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of a maturity is to be sold to the public) and the stated redemption price at maturity with respect to such Bond constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Bond Owner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by a Bond Owner will increase the Bond Owner's basis in the applicable Bond. Original issue discount that accrues to the Bond Owner is excluded from the gross income of such owner for federal income tax purposes, is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals (as described in paragraph (5) above) and is exempt from State of California personal income tax.

8. The amount by which a Bond Owner's original basis for determining loss on sale or exchange in the applicable Bond (generally the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable Bond premium which must be amortized under Section 171 of the Code; such amortizable Bond premium reduces the Bond Owner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of Bond premium may result in a Bond Owner realizing a taxable gain when a Bond is sold by the owner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the owner. Purchasers of the Bonds should consult their own tax advisors as to the treatment, computation and collateral consequences of amortizable bond premium.

The opinions expressed in paragraphs (5) and (7) above as to the exclusion from gross income for federal income tax purposes of interest (and original issue discount) on the Bonds are based upon certain representations of fact and certifications made by the District and others and are subject to the condition that the Authority and the City comply with all requirements of the Code, that must be satisfied subsequent to the issuance of the Bonds to assure that such interest (and original issue discount) will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause interest (and original issue discount) on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The Authority and the City have covenanted to comply with all such requirements. Except as set forth in paragraphs (5), (6), (7) and (8) above, we express no opinion as to any tax consequences related to the Bonds.

Certain requirements and procedures contained or referred to in the Indenture, the Lease and Tax Certificate may be changed, and certain actions may be taken, under the circumstances and subject to the terms and conditions set forth in the Indenture, the Lease and Tax Certificate, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. We express no opinion as to the effect on the exclusion of interest (and original issue discount) on the Bonds from gross income for federal income tax purposes on and after the date on which any such change occurs or action is taken upon the advice or approval of counsel other than Stradling Yocca Carlson & Rauth LLP.

Our opinion is limited to matters governed by the laws of the State of California and federal law. We assume no responsibility with respect to the applicability or the effect of the laws of any other jurisdiction.

The opinions expressed herein are based upon an analysis of existing statutes, regulations, rulings and judicial decisions and cover certain matters not directly addressed by such authorities. We call attention to the fact that the foregoing opinions may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions or events are taken (or not taken) or do occur (or do not occur). Our engagement with respect to the Bonds terminates upon their issuance, and we disclaim any obligation to update the matters set forth herein.

We express no opinion herein as to the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds. We expressly disclaim any duty to advise the owners of the Bonds with respect to the matters contained in the Official Statement and any other offering material relating to the Bonds.

Respectfully submitted,

APPENDIX E

FORM OF CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement, dated as of July __, 2025 (the "Disclosure Agreement") is by and between the City of Eastvale (the "City") and Urban Futures, Inc. (the "Dissemination Agent"), in connection with the issuance of the Eastvale Public Financing Authority's (the "Authority") $_____ Lease Revenue Bonds, Series 2025A (Civic Center Project) (the "Bonds").

WHEREAS, the Bonds are being issued pursuant to an Indenture, dated as of July 1, 2025 (the "Indenture"), by and among the Authority, the City and U.S. Bank Trust Company, National Association, as trustee (the "Trustee").

WHEREAS, the Bonds are payable from the base rental payments to be made by the City under the Lease Agreement, dated as of July 1, 2025 (the "Lease Agreement"), between the City, as lessee, and the Authority, as lessor; and

WHEREAS, this Disclosure Agreement is being entered into by the City for the benefit of the Owners and Beneficial Owners of the Bonds and in order to assist the Underwriter in complying with the Rule (defined below).

NOW, THEREFORE, the City and the Dissemination Agent agree as follows:

SECTION 1. Definitions. In addition to the definitions set forth in the Indenture, which apply to any capitalized term used in this Disclosure Agreement unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Comprehensive Financial Report provided by the City pursuant to, and as described in, Sections 2 and 3 of this Disclosure Agreement.

"Beneficial Owner" shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

"Disclosure Representative" shall mean the City Manager of the City, the Director of Finance of the City, or their designee, or such other officer or employee as the City shall designate in writing from time to time.

"Dissemination Agent" shall mean Urban Futures, Inc., or any successor Dissemination Agent designated in writing by the City and which has filed with the City a written acceptance of such designation.

"Financial Obligation" means a (a) debt obligation; (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of (a) or (b). The term "Financial Obligation" shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

"Listed Events" shall mean any of the events listed in Section 4(a) and (b) of this Disclosure Agreement.

"MSRB" shall mean the Municipal Securities Rulemaking Board, which has been designated by the Securities and Exchange Commission as the sole repository of disclosure information for purposes of the Rule,

or any other repository of disclosure information that may be designated by the Securities and Exchange Commission as such for purposes of the Rule in the future.

"Official Statement" shall mean the Official Statement relating to the Bonds, dated _____, 2025.

"Repository" shall mean the Electronic Municipal Market Access system of the Municipal Securities Rulemaking Board, which can be found at http://emma.msrb.org.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

"State" shall mean the State of California.

"Underwriter" shall mean the original Underwriter of the Bonds required to comply with the Rule in connection with the offering of the Bonds.

SECTION 2. Provision of Annual Reports.

(a) The City shall, or shall cause the Dissemination Agent, not later than nine months following the end of the City's fiscal year (which presently ends on June 30) (the "Annual Report Date"), commencing with the report for the fiscal year ending June 30, 2025 due March 31, 2026, provide to the MSRB an Annual Report which is consistent with the requirements of Section 3 of this Disclosure Agreement. The Annual Report shall be provided to the MSRB in an electronic format as prescribed by the MSRB and shall be accompanied by identifying information as prescribed by the MSRB. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may include by reference other information as provided in Section 3 of this Disclosure Agreement; provided that the audited financial statements of the City may be submitted separately from and later than the balance of the Annual Report if they are not available by the date required above for the filing of the Annual Report.

The Annual Report shall be provided at least annually notwithstanding any fiscal year longer than 12 calendar months. The City's fiscal year is currently effective from July 1 to the immediately succeeding June 30 of the following year. The City will promptly notify the MSRB and the Dissemination Agent (if other than the City) of a change in the fiscal year dates. The City shall provide a written certification with each Annual Report furnished to the Dissemination Agent to the effect that such Annual Report constitutes the Annual Report required to be furnished by it hereunder. The Dissemination Agent may conclusively rely upon such certification of the City and shall have no duty or obligation to review such Annual Report.

(b) If by five (5) Business Days prior to the Annual Report Date, the Dissemination Agent (if other than the City) has not received a copy of the Annual Report, the Dissemination Agent shall notify the City of such non-receipt.

(c) If the Dissemination Agent is unable to verify that an Annual Report has been provided to the MSRB by the Annual Report Date, the Dissemination Agent shall provide in a timely manner to the MSRB (with a copy to the Trustee and the Underwriter) a notice, in substantially the form attached as Exhibit A.

(d) Unless the City has done so pursuant to Section 3(a) above, the Dissemination Agent (if other than the City) shall:

(i) determine each year prior to the Annual Report Date the then-applicable rules and electronic format prescribed by the MSRB for the filing of annual continuing disclosure reports; and

(ii) if the Dissemination Agent is other than the City, file a certificate with the City to the effect that the Annual Report has been provided pursuant to this Disclosure Agreement, stating, to the extent it can confirm such filing of the Annual Report, the date it was provided.

SECTION 3. Content of Annual Reports. The City's Annual Report shall contain or include by reference the following:

(a) The City's audited financial statements, prepared in accordance with generally accepted auditing standards for municipalities in the State of California. If the City's audited financial statements are not available by the time the Annual Report is required to be filed pursuant to Section 2(a), the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) Information for the immediately preceding Fiscal Year (unless otherwise noted below) of the general type contained in Appendix A to the Official Statement, in the following charts and tables:

(i) Table 5 (General Fund Statement of Revenues, Expenditures and Changes in Fund Balances),

(ii) Table 6 (General Fund Balance Sheets),

(iii) Table 7 (General Fund Tax and Fee Revenues by Source),

(iv) Table 8 (Top 25 Sales Tax Producers) (most recent data available),

(v) Table 9 (Assessed Valuation), and

(vi) Table 10 (Top Ten Principal Property Taxpayers).

Financial information relating to the City referenced in this Section 3 may be updated from time to time, and such updates may involve displaying data in a different format or table or eliminating data that is no longer available.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the City or related public entities, which have been submitted to the MSRB or the Securities and Exchange Commission. If the document included by reference is a final official statement, it must be available from the MSRB. The City shall clearly identify each such other document so included by reference.

SECTION 4. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 4, the City shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds in a timely manner not more than ten (10) business days after the event:

1. Principal and interest payment delinquencies;

2. Unscheduled draws on debt service reserves reflecting financial difficulties;

3. Unscheduled draws on credit enhancements reflecting financial difficulties;

4. Substitution of credit or liquidity providers, or their failure to perform;

5. Issuance by the Internal Revenue Service of proposed or final determination of taxability or of a Notice of Proposal Issue (IRS Form 5701-TEB);

6. Tender Offers;

7. Defeasances;

8. Rating changes;

9. Bankruptcy, insolvency, receivership or similar proceedings; and

Note: For the purposes of the event identified in subparagraph (9), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governmental body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

10. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the obligated person, any of which reflect financial difficulties.

(b) Pursuant to the provisions of this Section 4, the City shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds, if material, in a timely manner not more than ten (10) business days after occurrence:

1. unless described in Section 4(a)(5), adverse tax opinions or other material notices or determinations by the Internal Revenue Service with respect to the tax status of the Bonds or other material events affecting the tax status of the Bonds;

2. modifications to the rights of Bondholders;

3. bond calls;

4. release, substitution or sale of property securing repayment of the Bonds;

5. non-payment related defaults;

6. the consummation of a merger, consolidation, or acquisition involving the City or the Authority or the sale of all or substantially all of the assets of the City or the Authority, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms;

7. appointment of a successor or additional trustee or the change of the name of a trustee; and

8. incurrence of a Financial Obligation of the obligated person, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect Bond Owners.

(c) If the City determines that knowledge of the occurrence of a Listed Event under subsection (b) would be material under applicable federal securities laws, and if the Dissemination Agent is other than the City, the City shall promptly notify the Dissemination Agent in writing. Such notice shall instruct the Dissemination Agent to file a notice of such occurrence with the MSRB in an electronic format as prescribed by the MSRB in a timely manner not more than ten (10) Business Days after the event.

(d) If the City determines that the Listed Event under subsection (b) would not be material under applicable federal securities laws and if the Dissemination Agent is other than the City, the City shall so notify the Dissemination Agent in writing and instruct the Dissemination Agent not to report the occurrence.

(e) The City hereby agrees that the undertaking set forth in this Disclosure Agreement is the responsibility of the City and, if the Dissemination Agent is other than the City, the Dissemination Agent shall not be responsible for determining whether the City's instructions to the Dissemination Agent under this Section 5 comply with the requirements of the Rule.

SECTION 5. Identifying Information for Filings with the MSRB. All documents provided to the MSRB under this Disclosure Agreement shall be accompanied by identifying information as prescribed by the MSRB.

SECTION 6. Termination of Reporting Obligation. The obligations of the City, the Trustee and the Dissemination Agent under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the City shall give notice of such termination in the same manner as for a Listed Event under Section 4(a).

SECTION 7. Dissemination Agent. The City may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall not be responsible in any manner for the form or content of any notice or report prepared by the City pursuant to this Disclosure Agreement. The Dissemination Agent may resign by providing thirty days written notice to the City and the Trustee. The Dissemination Agent shall not be responsible for the content of any report or notice prepared by the City and shall have no duty to review any information provided to it by the City. The Dissemination Agent shall have no duty to prepare any information report nor shall the Dissemination Agent be responsible for filing any report not provided to it by the City in a timely manner and in a form suitable for filing.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, the City may amend this Disclosure Agreement, and any provision of this Disclosure Agreement may be waived, provided that, in the opinion of nationally recognized bond counsel, such amendment or waiver is permitted by the Rule; provided, the Dissemination Agent shall have first consented to any amendment that modifies or increases its duties or obligations hereunder. In the event of any amendment or waiver of a provision of this Disclosure Agreement, the City shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the City. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 4(a), and (ii) the Annual Report for the year in which the change is made shall present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this

Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the City chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the City shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the City to comply with any provision of this Disclosure Agreement, any Owners or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the City to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture, and the sole remedy under this Disclosure Agreement in the event of any failure of the City to comply with this Disclosure Agreement shall be an action to compel performance.

No Bond Owner or Beneficial Owner may institute such action, suit or proceeding to compel performance unless they shall have first delivered to the City satisfactory written evidence of their status as such, and a written notice of and request to cure such failure, and the City shall have refused to comply therewith within a reasonable time.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and the City agrees, to the extent permitted by law, to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorney's fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The Dissemination Agent shall also be entitled to any further protections and limitations from liability afforded to the Trustee under the Indenture as if such provisions were fully set forth herein. The Dissemination Agent shall be paid compensation by the City for its services provided hereunder in accordance with its schedule of fees as amended from time to time and all expenses, legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder. In performing its duties hereunder, the Dissemination Agent shall not be deemed to be acting in any fiduciary capacity for the City, the Bond Owners, or any other party. The obligations of the City under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

SECTION 12. Notices. Any notices or communications to or among any of the parties to this Disclosure Agreement may be given as follows:

City:	City of Eastvale 12363 Limonite Avenue, Suite 910 Eastvale, California 91752 Attention: City Manager
Dissemination Agent:	Urban Futures, Inc. 1470 Maria Ln, Suite 315 Walnut Creek, California 94596 Attention: Michael Busch

SECTION 13. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the City, the Dissemination Agent, if any, the Underwriter and Owners and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

SECTION 14. Signature. This Disclosure Agreement has been executed by the undersigned on the date hereof, and such signature binds the City to the undertaking herein provided.

APPENDIX F

BOOK-ENTRY ONLY SYSTEM

The information in this section concerning DTC and DTC's book-entry only system has been obtained from sources that the Authority believes to be reliable, but the Authority takes no responsibility for the completeness or accuracy thereof. The following description of the procedures and record keeping with respect to beneficial ownership interests in the Series 2025A Bonds, payment of principal, premium, if any, accreted value and interest on the Series 2025A Bonds to DTC Participants or Beneficial Owners, confirmation and transfers of beneficial ownership interests in the Series 2025A Bonds and other related transactions by and between DTC, the DTC Participants and the Beneficial Owners is based solely on information provided by DTC.

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the Series 2025A Bonds (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for each maturity of the Securities in the aggregate principal amount of such maturity, and will be deposited with DTC. If, however, the aggregate principal amount of any issue exceeds $500 million, one certificate will be issued with respect to each $500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has an S&P Global Ratings highest rating: "AA+." The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. The information set forth on such website is not incorporated herein by reference.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

6. Redemption notices shall be sent to DTC. If less than all of the Securities within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Principal, redemption price and interest payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority or the Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, redemption price and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. If applicable, a Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to tender/remarketing agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to tender/remarketing agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to tender/remarketing agent's DTC account.

10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to the Authority or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

11. The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

CITY COUNCIL/EASTVALE PUBLIC FINANCING AUTHORITY BUSINESS
Agenda Item No. 13.1
June 25, 2025

Construction Contract Award to Clark Construction Group and Professional Services Agreements Approval with Geocon West, Inc. for the Eastvale Civic Center project

Prepared By:

Jimmy Chung, Public Works Director/ City Engineer

Recommended Action(s)

Staff recommends that the City Council:

1. Adopt the attached resolution approving the project plans and specifications and awarding the Construction Contract to Clark Construction Group - California LP, the lowest responsive and responsible bidder, in accordance with unit bid prices in the amount of $135,151,000 plus a 10% contingency of $13,515,100 for a total not-to-exceed amount of $148,666,100;
2. Approve the Professional Services Agreement with Geocon West, Inc. in the amount of $131,770 plus a 10% contingency of $13,177 for a total not-to-exceed amount of $144,947 for the geotechnical observation and testing services;
3. Approve the payment of water and sewer capacity charges to Jurupa Community Services District (JCSD) in the amount of $1,271,632.75; and
4. Authorize the City Manager to execute all necessary documents to complete the project, including, but not limited to, the Notice of Completion.

Summary

Following City Council's adoption of the prequalified contractor list on April 9, 2025, the Notice Inviting Bids (NIB) was published on the City's website and PlanetBids on April 10, 2025. In accordance with the Public Contract Code, the NIB was also published in the local newspaper on

April 15 and April 22, 2025. A mandatory pre-bid meeting was held on April 17, 2025, with participation from all prequalified general contractors. During the bidding period, six addenda were issued to clarify and revise the original contract documents.

Bid opening occurred on June 6, 2025, with the following results:

NAME OF BIDDER	BASE BID AMOUNT
Clark Construction Group	$135,151,000
Swinerton Builders	$136,542,200
Bernards Bros., Inc.	$140,250,000
The Whiting-Turner Contracting Company	$159,227,694
McCarthy Building Companies, Inc.	$159,279,000
PCL Construction Services, Inc.	Did Not Submit

Bids were received from five (5) of the prequalified general contractors. Upon review, City staff determined that Clark Construction Group (Clark) submitted the lowest responsive and responsible bid, with a total base bid of $135,151,000. Clark holds valid Class A and B Contractor's Licenses in the State of California with no enforcement actions.

Clark Construction has an extensive track record of successfully delivering complex, ground-up public facilities throughout California. Over the past 30 years, Clark has partnered with clients to deliver over $3 billion in civic and public safety projects. Notably, Clark recently completed the Long Beach Civic Center and is currently constructing the Garden Grove Civic Center—both highly relevant to the City's project.

Assuming timely execution of the construction contract, work is expected to commence in August 2025. The contract allows for 730 calendar days to complete the project. City staff will coordinate with the City's Communications Division to ensure that the public receives regular construction updates throughout the duration of the project.

Background

Project Description

The Eastvale Civic Center project has been one of the City's highest priority capital projects. This comprehensive development is designed to create a centralized civic campus that includes a new City Hall (Capital Improvement Project No. 95011), public library (CIP No. 95012), police station (CIP No. 95014), and associated site improvements (CIP No. 95023). These Civic Center projects reflect the City's long-term vision for improved public service delivery and community engagement. A rendering illustrating the project vision is included in Attachment 1, and project highlights are listed below:

- City Hall: a three-story building that includes public counter spaces, an outdoor amphitheater, a council chamber that could be converted into a stage for performances, conference rooms, and office spaces. it is approximately 52,340 SF.

- Library: a two-story building featuring book collection areas for all ages, group study rooms, activity spaces, offices, and an occupiable terrace. it is approximately 25,599 SF.
- Police Station: a two-story building with one level below grade secured parking. it is approximately 22, 021 SF.
- Site Improvement: An approximately 2.8 acre Civic Park with an amphitheater and a central hardscape Civic Plaza and associated site work around the three buildings: City Hall, library, and police station.

Project Delivery

The City is using the design-bid-build project delivery method to design and construction the Eastvale Civic Center project. This approach requires the City to select an architectural firm to design the building, then select a general contractor to construct the building, through a competitive process. State law requires that public works projects such as the design and construction of the Civic Center follow certain procedures to help achieve transparency and cost effectiveness. One requirement is that the City must accept the bid (proposal) of the general contractor that provides the lowest cost responsive, responsible bid to construct the building. A responsive bid is one that fully complies with all of the bid requirements, and a responsible bidder is one whose past performance, reputation, and financial capability is deemed acceptable.

To ensure the successful completion on of this large-scale project, it was determined that using a prequalification process would be valuable for selecting the most qualified general contractor while still awarding the project to the contractor that provides the most competitive pricing. At its April 9, 2025 meeting, City Council adopted the list of prequalified contractors to bid on the Eastvale Civic Center project that is comprised of six (6) general contractors listed below, in alphabetical order:

1. Benards Bros, Inc.
2. Clark Construction Group
3. McCarthy Bulding Companies, Inc.
4. PCL Construction Services, Inc.
5. Swinerton Builders
6. Whiting-Turner Contracting Company

Gensler serves as the architect of record and has provided comprehensive architectural, engineering, and interior design services for the project. The construction documents were completed and delivered on March 27, 2025, and subsequently used to advertise the project for construction bidding. The plans and specifications for the project are on file at the City's Public Works Department and are available upon request.

A resolution has been prepared which, if adopted would, approve of the plans and specifications for the Eastvale Civic Center project, and award the contract to Clark Construction Group – California LP. Adopting a resolution for this project is recommended to create a record that the City's legislative body approved the plans and specifications in advance of construction, for the purposes of design immunity under Government Code section 830.6.

Geotechnical Observation and Testing Services

Geocon West, Inc. (Geocon) will be providing geotechnical observation and testing services for the project. The scope of services includes full-time observation and testing during site grading activities, foundation (footing) inspections, responses to RFIs and issuance of pad certification letters. Geocon

will also provide observation and testing during backfill of both wet and dry utilities, as well as for offsite improvements. A final report will be prepared upon completion of the work.

Water and Sewer Capacity Charges to Jurupa Community Services District (JCSD)

JCSD (Jurupa Community Services District) is a utility service provider for the City of Eastvale. Services provided by JCSD include water, sewer, wastewater, parks and recreation, graffiti abatement, and more. The Civic Center project requires new water and sewer connections. As such, water and sewer capacity charges are due to JCSD. A statement outlining these charges has been provided by JCSD, based on the rates and fees detailed in their Customer Guide (see Attachment 5.2). These capacity charges are used by JCSD to fund the infrastructure necessary to deliver water and sewer services to new developments.

The Water Capacity Charge, also known as the water connection charge, is calculated based on the size of the water meter, which determines the flow capacity available to the customer. The Sewer Capacity Charge is based on Equivalent Dwelling Units (EDUs), a standardized unit used to estimate the amount of sewage generated by various types of buildings or land uses.

Environmental

The environment impacts associated with the development of the Civic Center site were assessed in the Program Environmental Impact Report (PEIR) prepared for the Leal Master Plan, and the Addendum to that PEIR prepared for the Amendment to the Leal Master Plan which was adopted by the City Council on May 11, 2022.

Strategic Plan Action - Priority Level: 1 | Target #: 5 | Goal #: 1

The proposed contract contribute to the development of Downtown Eastvale, which can significantly attract businesses and retailers to establish their presence in the City and create a "Destination Eastvale" with high-quality and unique businesses.

Fiscal Impact

The total fiscal impact for the construction contract is $148,666,100. The project is inclusive of four CIP projects, City Hall (95011), Library (95012), Police Station (95014), and Civic Center Site Improvement (95023). During the Fiscal Year 2025-26 budget process, budget was identified for the Civic Center Project and broken down by the specific components of the project (buildings and site features). The budget was based on the original conservative cost estimate received by the city's cost estimator consultant and as a result the total budget is higher than necessary and relies on more bond proceeds than will be necessary. Once the contracts and bonds are finalized, staff will adjust the budget to reflect the new cost estimates and sources of funding. The proposed Fiscal Year 2025-26 budget is included for approval by City Council on the same agenda as this item and specific amounts for each component of the Civic Center Project are listed below.

FY 2025-26 Project Budget					
Fund	**Account**	**City Hall (95011-0000)**	**Library (95012-0000)**	**Police Station (95014-0000)**	**Civic Center Site Improvement (95023-0000)**
Debt Service Fund	500-500-6650	20,883,540	10,110,015	22,805,000	7,000,000

Public Facilities: City Hall DIF	292-500-6650	15,221,915			
Public Facilities: Library DIF	296-500-6650		9,889,985		
Police Facilities DIF	295-500-6650			4,195,000	
Total		**$36,105,455**	**$20,000,000**	**$27,000,000**	**$7,000,000**

Prior City Council/Commission Action

On July 28, 2021, Council authorized staff to start the RFP process for an Owner Representative/Program Manager and Bridging Architect.

On November 2021, the City Council approved a contract with Griffin Structures and sub-consultants, LPA (architects), Urban Arena (architects), and Circle Pointe (communications) in the amount of $4,580,000 for outreach, design up to Design Development, and Construction Administration

On May 11, 2022, the City Council approved the Downtown Eastvale Master Plan Amendment (Leal Master Plan Amendment) project and the associated Development Agreement.

On October 12, 2022 the City Council authorized the City Manager to execute a contract amendment with Gensler architectural services for $230,000, for a combined amount not-to-exceed $250,000, to perform planning and pre-design services for Downtown Eastvale.

On October 12, 2022, the City Council authorized the City Manager to execute the First Amendment to the Agreement with Griffin Structures to reduce the Scope of Services, retaining Griffin as the Owner Representative/Program Manager for the Civic Center project and eliminating sub-consultants, and reducing the total compensation amount to $1,845,353 and modifying the delivery method.

On November 30, 2022, the City Council held a workshop on the Civic Center Public Infrastructure Project and set the building sizes for the Civic Center Campus.

On May 10, 2023, the City Council authorized the City Manager to execute the Third Amendment to the Agreement with Gensler to provide to expand the scope of work to full architectural and design services for the Civic Center project.

On April 9, 2025, the City Council adopted the list of prequalified contractors to bid on the Eastvale Civic Center project.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE APPROVING THE CONSTRUCTION PLANS AND SPECIFICATIONS AND AWARDING A CONTRACT TO CLARK CONSTRUCTION GROUP – CALIFORNIA, LP FOR CONSTRUCTION OF THE EASTVALE CIVIC CENTER PROJECT

WHEREAS, bids have been invited for the performance of work for the City of Eastvale generally described as the Eastvale Civic Center Project, as more particularly described in the plans and specifications for construction of said project on file in the office of the Public Works Department; and

WHEREAS, bids for construction of said project were received and opened on June 6, 2025 in accordance with law; and

WHEREAS, the bid of Clark Construction Group – California, LP in the amount of $135,151,000 is the lowest responsive bid received for the project;

NOW, THEREFORE, BE IT RESOLVED the City Council of the City of Eastvale does hereby resolve, determine, and order as follows:

SECTION 1. The above recitals are true and correct and are incorporated as a material part of this resolution.

SECTION 2. The City Council hereby approves the plans and specifications for construction of the Eastvale Civic Center Project on file in the office of the Public Works Department.

SECTION 3. The City Council accepts the bid of Clark Construction Group – California, LP for the Eastvale Civic Center Project in the amount of $135,151,000 and awards to Clark Construction Group – California, LP the contract for construction of the Eastvale Civic Center Project, in accordance with the plans and specifications on file in the office of the Public Works Department, in the amount of $135,151,000.

SECTION 4. The City Council approves and authorizes the City Manager to execute the construction contract and any required construction change orders up to the authorized project budget on behalf of the City, and authorizes the Finance Director to pay all proper claims for performance of the contract.

PASSED, APPROVED AND ADOPTED this 25th day of June 2025.

DOCUMENT 00 5200

AGREEMENT

THIS AGREEMENT, dated this **25th** day of **June,** 2025, by and between **Clark Construction Group – California, LP** whose place of business is located at **611 Anton Boulevard, Suite 1100, Costa Mesa, California 92626** (**Contractor**), and **CITY OF EASTVALE**, a political subdivision of the State of California (**Owner**), acting under and by virtue of the authority vested in Owner by the laws of the State of California.

WHEREAS, Owner, by its Resolution No.25-XX adopted on the **25** day of **June, 2025**, awarded to Contractor the following Contract:

CIVIC CENTER PROJECT

at 6065 PREMIER PLACE, EASTVALE, CALIFORNIA 92880

NOW, THEREFORE, in consideration of the mutual covenants hereinafter set forth, Contractor and Owner agree as follows:

ARTICLE 1 SCOPE OF WORK OF THE CONTRACT

1.01 Work of the Contract

A. Contractor shall complete all work specified in the Contract Documents, in accordance with the Specifications, Drawings, and all other terms and conditions of the Contract Documents (**Work**).

1.02 Price for Completion of the Work

A. Owner shall pay Contractor the following Contract Sum (**Contract Sum**) for completion of Work in accordance with Contract Documents as set forth in Contractor's Bid, attached hereto.

B. The Contract Sum includes all allowances (if any).

C. The Contract Sum is all inclusive and includes all Work; all federal, state, and local taxes on materials and equipment, and labor furnished by Contractor, its subcontractors, subconsultants, architects, engineers, and" vendors or otherwise arising out of Contractor's performance of the Work, including any increases in any such taxes during the term of this Agreement; and any duties, fees, and royalties imposed with respect to any materials and equipment, labor or services. The taxes covered hereby include (but are not limited' to) occupational, sales, use, excise, unemployment, FICA, and income taxes, customs, duties, and any and all other taxes on any item or service that is part of the Work, whether such taxes are normally included in the price of such item or service or are normally stated separately. Notwithstanding the foregoing, each party shall bear such state or local inventory, real property, personal property or fixtures taxes as may be properly assessed against it by applicable taxing authorities.

COMMENCEMENT AND COMPLETION OF WORK

1.03 Commencement of Work

A. Contractor shall commence Work on the date established in the Notice to Proceed (**Commencement Date**).

B. Owner reserves the right to modify or alter the Commencement Date.

1.04 Completion of Work

A. Contractor shall achieve Substantial Completion of the entire Work within 730 Days from the Commencement Date.

B. Contractor shall achieve Final Completion of the entire Work within 760 days from the Commencement Date.

ARTICLE 2 PROJECT REPRESENTATIVES

2.01 Owner's Project Manager

A. Owner has designated **Steve Chaky with Griffin Structures** as its Project Manager to act as Owner's Representative in all matters relating to the Contract Documents. If Project Manager is an employee of Owner, Project Manager is the beneficiary of all Contractor obligations to Owner including, without limitation, all releases and indemnities.

B. Project Manager shall have final authority over all matters pertaining to the Contract Documents and shall have sole authority to modify the Contract Documents on behalf of Owner, to accept work, and to make decisions or actions binding on Owner, and shall have sole signature authority on behalf of Owner.

C. Owner may assign all or part of the Project Manager's rights, responsibilities and duties to a Construction Manager, or other Owner Representative.

2.02 Contractor's Project Manager and Other Key Personnel

A. Contractor has designated Carlos Gonzales, P.E. as its Project Manager to act as Contractor's Representative in all matters relating to the Contract Documents.

B. Contractor has designated the following other Key Personnel for the Project:

Name	Position
Kindayl Lake	Senior Safety Manager

2.03 Owner Rights Regarding its Consultants

A. Notwithstanding any provision of the Contract Documents that identifies a specific Owner consultant (such as Architect, Construction Manager, or other) to perform one or more specific tasks (such as reviewing Contractor submittals, approving Contractor applications for payment, etc.), as between Owner and Contractor, Owner may, in its sole discretion, either cause the task to be performed by its own forces, or cause it to be performed by any consultant it elects, provided only that tasks requiring a specific license be performed by properly licensed persons. Additionally, as between Owner and Contractor, Owner may change the identity of any of its consultants at any time in its sole discretion, and will provide reasonable notice thereof to Contractor.

ARTICLE 3 LIQUIDATED DAMAGES FOR DELAY IN COMPLETION OF WORK

3.01 Liquidated Damage Amounts

Owner and Contractor recognize that time is of the essence of this Agreement and that Owner will suffer financial loss in the form of Contract administration expenses (such as project management and consultant expenses), if all or any part of the Work is not completed within the times specified above, plus any extensions thereof allowed in accordance with the Contract Documents. Contractor and Owner agree that because of the nature of the Project, it would be impractical or extremely difficult to fix the amount of actual damages incurred by Owner because of a delay in completion of all or any part of the Work. Accordingly, Owner and Contractor agree that as liquidated damages for delay Contractor shall pay Owner:

3.1.1 Twenty two thousand two hundred and sixty dollars ($22,260) for each Day that expires after the time specified herein for Contractor to achieve Substantial

Completion of the entire Work, until achieved.

3.1.2 Twenty two thousand two hundred and sixty dollars ($22,260) each Day that expires after the time specified herein for Contractor to achieve Final Completion of the entire Work, until achieved.

These measures of liquidated damages shall apply cumulatively and except as provided below, shall be presumed to be the damages suffered by Owner resulting from delay in completion of the Work. Contractor and Owner further understand and agree that liquidated damages are not intended to constitute a penalty against Contractor.

3.2 Liquidated damages for delay shall only cover administrative, overhead, interest on bonds, and general loss of public use damages suffered by Owner as a result of delay. Liquidated damages shall not cover the cost of completion of the Work, damages resulting from defective work, lost revenues or costs of substitute facilities, or damages suffered by others who then seek to recover their damages from Owner (for example, delay claims of other contractors, subcontractors, tenants, or other third-parties), and defense costs thereof.

ARTICLE 4 RESERVED

ARTICLE 5 CONTRACTOR'S REPRESENTATIONS

In order to induce Owner to enter into this Agreement, Contractor makes the following representations and warranties:

5.1 Contractor has visited the Site and has examined thoroughly and understood the nature and extent of the Contract Documents, Work, Site, locality, actual conditions, as-built conditions, and all local conditions, and federal, state and local laws and regulations that in any manner may affect cost, progress, performance or furnishing of Work or which relate to any aspect of the means, methods, techniques, sequences or procedures of construction to be employed by Contractor and safety precautions and programs incident thereto.

5.2 Contractor has examined thoroughly and understood all reports of exploration and tests of subsurface conditions, as-built drawings, drawings, products specifications or reports, available for Bidding purposes, of physical conditions, including Underground Facilities, which have been made available for Bidders or which may appear in the Drawings. Contractor accepts the determination set forth in these Documents and Document 00 72 00 of the limited extent of the information contained in such materials upon which Contractor may be entitled to rely. Contractor agrees that except for the information so identified, Contractor does not and shall not rely on any other information contained in such reports and drawings.

5.3 Contractor has conducted or obtained and has understood all such examinations, investigations, explorations, tests, reports and studies (in addition to or to supplement those referred to in paragraph 5.2 of this Agreement) that pertain to the subsurface conditions, as-built conditions, Underground Facilities and all other physical conditions at or contiguous to the Site or otherwise that may affect the cost, progress, performance or furnishing of Work, as Contractor considers necessary for the performance or furnishing of Work at the Contract Sum, within the Contract Time and in accordance with the other terms and conditions of the Contract Documents, including specifically the provisions of Document 00 72 00; and no additional examinations, investigations, explorations, tests, reports, studies or similar information or data are or will be required by Contractor for such purposes.

5.4 Contractor has correlated its knowledge and the results of all such observations, examinations, investigations, explorations, tests, reports and studies with the terms and conditions of the Contract Documents.

ARTICLE 6 CONTRACT DOCUMENTS

6.01 Contract Documents consist of the following documents, including all changes, Addenda, and Modifications thereto:

Document 00 5100	Notice of Award
Document 00 5200	Agreement
Document 00 5500	Notice to Proceed
Document 00 6000 et seq.	Project Forms

6.02 There are no Contract Documents other than those listed above. The Contract Documents may only be amended, modified or supplemented as provided in Document 00 7200 (General Conditions).

ARTICLE 7 MISCELLANEOUS

7.01 Terms and abbreviations used in this Agreement are defined in Document 00 7200 (General Conditions) and Section 01 4200 (References and Definitions) and will have the meaning indicated therein.

7.02 Contractor and Owner understand and agree that in no instance are the persons signing this Agreement for or on behalf of Owner or acting as an employee, agent, or representative of Owner, liable on this Agreement or any of the Contract Documents, or upon any warranty of authority, or otherwise. Contractor and Owner further understand and agree that liability of Owner is limited and confined to such liability as authorized or imposed by the Contract Documents or applicable law.

7.03 Contractor shall not assign any portion of the Contract Documents without the Owner's prior approval. Any assignment of any portion of the Contract Documents without the Owner's prior written approval shall be deemed null and void. Contractor may subcontract portions of the Contract Documents only in compliance with the Subcontractor Listing Law, California Public Contract Code Section 4100, *et seq.*

7.04 Pursuant to Labor Code Section 1771.1(a), Contractor represents that it and all of its Subcontractors are currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5. Contractor covenants that any additional or substitute Subcontractors will be similarly registered and qualified.

7.05 In entering into a public works contract or a subcontract to supply goods, services or materials pursuant to a public works contract, Contractor or Subcontractor offers and agrees to assign to the awarding body all rights, title and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. § 15) or under the Cartwright Act (Chapter 2 (commencing with § 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services or materials pursuant to the public works contract or the subcontract. This assignment shall be made and become effective at the time Owner tenders final payment to Contractor, without further acknowledgment by the parties.

7.06 Copies of the general prevailing rates of per diem wages for each craft, classification, or type of worker needed to execute the Contract, as determined by Director of the State of California Department of Industrial Relations, are on file outside of General Contractor's Job Site trailer, may be obtained from the California Department of Industrial Relations website [http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm] and are deemed included in the Contract Documents, and shall be made available to any interested party on request. Pursuant to Labor Code Sections 1860 and 1861, in accordance with Labor Code Section 3700, every contractor will be required to secure the payment of compensation to Contractor's employees. Contractor represents that it is aware of the provisions of Labor Code Section 3700 that require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that Code, and Contractor shall comply with such

provisions before commencing the performance of the Work of the Contract Documents.

7.07 Should any part, term or provision of this Agreement or any of the Contract Documents, or any document required herein or therein to be executed or delivered, be declared invalid, void or unenforceable, all remaining parts, terms and provisions shall remain in full force and effect and shall in no way be invalidated, impaired or affected thereby. If the provisions of any law causing such invalidity, illegality or unenforceability may be waived, they are hereby waived to the end that this Agreement and the Contract Documents may be deemed valid and binding agreements, enforceable in accordance with their terms to the greatest extent permitted by applicable law. In the event any provision not otherwise included in the Contract Documents is required to be included by any applicable law, that provision is deemed included herein by this reference (or, if such provision is required to be included in any particular portion of the Contract Documents, that provision is deemed included in that portion).

7.08 This Agreement and the Contract Documents shall be deemed to have been entered into in the City of Eastvale, State of California, and governed in all respects by California law (excluding choice of law rules). The exclusive venue for all disputes or litigation hereunder shall be in the Superior Court for the County of Riverside, California.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement in quadruplicate on the date and year first-above written.

DOCUMENT 00 4113

BID FORM

TO THE CITY OF EASTVALE

THIS BID IS SUBMITTED BY:

CLARK CONSTRUCTION GROUP - CALIFORNIA, LP
(Firm/Company Name)

Re: Civic Center Project

1. The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an agreement with the **CITY OF EASTVALE** in the form included in the Contract Documents, Document 00 5200 (Agreement), to perform and furnish all Work as specified or indicated in the Contract Documents for the Contract Sum and within the Contract Time indicated in this Bid and in accordance with all other terms and conditions of the Contract Documents.

2. Bidder accepts all of the terms and conditions of the Contract Documents, Document 00 1116 (Notice Inviting Bids), and Document 00 2113 (Instructions to Bidders) including, without limitation, those dealing with the disposition of Bid Security. This Bid will remain subject to acceptance for 120 Days after the day of Bid opening.

3. In submitting this Bid, Bidder represents that Bidder has examined all of the Contract Documents, performed all necessary Pre-Bid investigations, attended the mandatory Pre-Bid Meeting, if any, received the Pre-Bid Meeting minutes (if any), and received the following Addenda:

Addendum Number	ADDENDUM DATE	Signature of Bidder
No. 1	4/17/2025	GONZALEZ
No. 2	4/25/2025	GONZALEZ
No. 3	5/08/2025	GONZALEZ
No. 4	5/23/2025	GONZALEZ

4. Based on the foregoing, Bidder proposes and agrees to fully perform the Work within the time stated and in strict accordance with the Contract Documents for the following sums of money listed in the following Schedule of Bid Prices:

No. 5	5/28/2025	GONZALEZ
No. 6	6/2/2025	GONZALEZ

SCHEDULE OF BID PRICES

All Bid items, including lump sums, and alternates (if any), must be filled in completely. Bid items are described in Section 01 1100 (Summary of Work). Quote in figures only, unless words are specifically requested.

ITEM	DESCRIPTION	TOTAL
1.	All work of Contract Documents other than Allowances	$ 133,951,000
2.	Allowance No. 1 – Temporary Parking Lot	$ 1,000,000
3.	Allowance No. 2 – Site Improvements / Hoof Concrete Slab Placement	$ 50,000
4.	Allowance No.3 - City Hall Fire Authority Path of Travel (AMMR No 3)	$ 150,000
TOTAL		$ 135,151,000 $

Total Bid Price:

ONE HUNDRED THIRTY FIVE MILLION ONE HUNDRED FIFTY ONE THOUSAND DOLLARS

(Indicate Bid Price in Words)

5. The undersigned acknowledges that the Apparent Low Bidder will be determined as provided in Documents 00 1116 (Notice Inviting Bids) and Document 00 2113 (Instruction to Bidders).

6. Subcontractors for work are listed on Document 00 4314 (Subcontractors List), submitted herewith.

7. The undersigned Bidder understands that Owner reserves the right to reject this Bid.

8. If written notice of the acceptance of this Bid, hereinafter referred to as Notice of Award, is mailed or delivered to the undersigned Bidder within the time described in Paragraph 2 of this Document 00 4113 or at any other time thereafter before it is withdrawn, the undersigned Bidder will execute and deliver the documents required by Document 00 2113 (Instructions to Bidders) within the times specified therein.

9. Notice of Award or request for additional information may be addressed to the undersigned Bidder at the address set forth below.

10. The undersigned Bidder herewith encloses cash, a cashier's check, or certified check of or on a responsible bank in the United States, or a corporate surety bond furnished by a surety authorized to do a surety business in the State of California, in form specified in Document 00 2113 (Instructions to Bidders), in the amount of ten percent (10%) of the Total Bid Price and made payable to the **CITY OF EASTVALE**.

11. The undersigned Bidder agrees to commence Work under the Contract Documents on the date established in Document 00 7200 (General Conditions) and to complete all Work within the time specified in Document 00 5200 (Agreement).

12. The undersigned Bidder agrees that, in accordance with Document 00 7200 (General Conditions), liquidated damages for failure to complete all Work in the Contract within the time specified in Document 00 5200 (Agreement) shall be as set forth in Document 00 5200.

13. The names of all persons interested in the foregoing Bid as principals are: [ ]

CLARK CONSTRUCTION GROUP - CALIFORNIA, Inc., its general partner
CLARK CONSTRUCTION GROUP, LLC - its limited partner

IMPORTANT NOTICE: If Bidder or other interested person is a corporation, give the legal name of corporation, state where incorporated, and names of president and secretary thereof; if a partnership, give name of the firm and names of all individual co-partners composing the firm; if Bidder or other interested person is an individual, give first and last names in full.

BOND ACCOMPANYING BID

KNOW ALL BY THESE PRESENTS:

That the undersigned

Clark Construction Group - California, LP

(Name of Contractor)

as Principal and the undersigned as Surety are held and firmly bound unto Owner, **CITY OF EASTVALE, a political subdivision of the State of California**, as obligee, in the penal sum of **(Dollar Amount In Words)** Ten Percent (10%) of the Aggregate Amount of the Principal's Total Bid Price Dollars ($ 10% ---) lawful money of the United States of America being at least ten percent (10%) of the aggregate amount of said Principal's Total Bid Price, for the payment of which, well and truly to be made, we bind ourselves, our successors, executors, administrators, and assigns, jointly and severally, firmly by these presents.

WHEREAS, said Principal is submitting a Bid for construction of the Civic Center Project located at 6065 Premier Place, Eastvale, California 92880.

THE CONDITION OF THIS OBLIGATION IS SUCH that if the Bid submitted by the said Principal be accepted and the Contract be awarded to said Principal and said Principal shall within the required periods enter into the Contract so awarded and provide the required Construction Performance Bond, Construction Labor and Material Payment Bond, insurance certificates, Guaranty, and all other endorsements, forms, and documents required under Document 00 2113 (Instructions to Bidders), then this obligation shall be void, otherwise to remain in full force and effect.

IN WITNESS WHEREOF, the above bounden parties have executed this instrument this 5th day of June, 2025.

Robert L. Raney, Senior Vice President

On this the **21st** day of **April**, **2021**, before me personally appeared **Robert L. Raney**, who acknowledged himself to be the Senior Vice President of each of the Companies, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the **30th** day of **June**, **2026**

_____
Anna P. Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this 5th day of June, 2025.

HARTFORD, CONN.

- OSHA 30-Hour
- Fall Protection Competent Person
- Temporary Traffic Control for New Hires
- Certified Flagger
- EM 385-1
- First Aid/CPR Instructor

Kindayl Lake

Senior Safety Manager

Kindayl is accountable for ensuring Clark's safety policies and procedures are rigorously implemented in accordance with the firm's Safety and Health Program. As a fully integrated member of the project team, he will play an instrumental role in developing project-specific safety plans, work plans, and activity hazard analyses.

Why Kindayl: Kindayl has consistently delivered excellent safety results on large, complex projects. He will foster a culture of safety on Eastvale Civic Center's job site while holding firm on safety performance.

RELEVANT PROJECT EXPERIENCE

Garden Grove Civic Center Revitalization

Garden Grove, CA / 103K SF / $137M / 2027 / DB

Senior Safety Manager

Clark is revitalizing the Garden Grove Civic Center, including the construction of a 103,000 SF, three-story Public Safety Building, a four-level parking structure, the demolition of the old public safety facility, and the redesign of the 2.7-acre Civic Center Park.

Menifee Justice Center

Riverside, CA / 85K SF / $63M / 2024 / CMAR

Senior Safety Manager

Clark constructed a new judicial facility to replace the existing 51-year-old Menifee Courthouse. The new facility features modern, accessible, and secure courtrooms for family, traffic, and civil cases. The building also includes jury assembly and deliberation rooms, a self-help center, a children's waiting room, and attorney interview/witness waiting rooms.

Vandenberg SFB Buildings 8337, 8339, & 1900 Renovation

CA / 143K SF / $82M / 2024 / DB

Senior Safety Manager

Clark renovated three existing warehouses and constructed a proof load test facility at Vandenberg Space Force Base (VSFB). The team also installed modular units in two of the three warehouses that will provide offices, launch control rooms, and a key distribution room. The third warehouse, which does not contain any modular units, includes specific areas to test the different components of the Ground-Based Strategic Deterrent (GBSD) weapon system.

UCSD North Torrey Pines Living and Learning Neighborhood

La Jolla, CA / 1M SF / $535M / 2020 / DB

Safety Manager

Clark delivered this 1.6 million SF, seven-building complex with academic and residential spaces for 2,048 undergraduates in Sixth College. The scope included below-grade parking for 1,187 vehicles, roadway improvements, and utility and site improvements. The project is LEED Platinum certified.

Pepperdine University - The Mountain at Mullin Park

CA / 206K SF / $217M / 2026 / CMAR

Senior Safety Manager

Clark is constructing The Mountain at Mullin Park, which includes a 3,600-seat arena and event center, a three-level student wellness and recreation building, an 830-car parking structure, and a park featuring an elevated plaza and amphitheater. Additional scope includes the relocation of campus utilities. The project is designed to be LEED Silver certified.

NON-COLLUSION DECLARATION

PUBLIC CONTRACT CODE SECTION 7106

NON-COLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the Division President of CLARK CONSTRUCTION GROUP - CALIFORNIA, Inc., the general partner of Clark Construction Group - California, LP, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on 6/06/2025 **[date]**, at Costa Mesa **[city]**, California **[state]**.

DOCUMENT 00 4546

BIDDER CERTIFICATIONS

TO BE EXECUTED BY ALL BIDDERS AND SUBMITTED WITH BID

The undersigned Bidder certifies to Owner as set forth in sections 1 through 10, below.

1. STATEMENT OF CONVICTIONS

By my signature hereunder, I hereby swear, under penalty of perjury, that no more than one final, unappealable finding of contempt of court by a Federal Court has been issued against Bidder within the past two years because of failure to comply with an order of a Federal Court or to comply with an order of the National Labor Relations Board.

2. CERTIFICATION OF WORKER'S COMPENSATION INSURANCE

By my signature hereunder, as the Contractor, I certify that I am aware of the Labor Code Section 3700, which requires every employer to be insured against liability for worker's compensation or to undertake self-insurance in accordance with the provisions of that Code, and I will comply with such provisions before commencing the performance of the work of this Contract.

3. CERTIFICATION OF PREVAILING WAGE RATES AND RECORDS

By my signature hereunder, as the Contractor, I certify that I am aware of Labor Code Section 1773, which requires the payment of prevailing wage on public projects. Contractor and any subcontractors under the Contractor shall comply with Labor Code Section 1776 regarding wage records, and with Labor Code Section 1777.5 regarding the employment and training of apprentices. Contractor is responsible to ensure compliance by any and all subcontractors performing work under this Contract.

4. CERTIFICATION OF COMPLIANCE WITH PUBLIC WORKS CHAPTER OF LABOR CODE

By my signature hereunder, as the Contractor, I certify that I am aware of Labor Code Sections 1777.1 and 1777.7 Code, and Contractor and Subcontractors are eligible to bid and work on public works projects.

5. CERTIFICATION OF NON-DISCRIMINATION

By my signature hereunder, as the Contractor, I certify that there will be no discrimination in employment with regard to race, color, religion, gender, sexual orientation, age or national origin; that all federal, state, and local directives and executive orders regarding non-discrimination in employment will be complied with; and that the principal of equal opportunity in employment will be demonstrated positively and aggressively.

6. CERTIFICATION OF NON-DISQUALIFICATION

By my signature hereunder, as the Contractor, I swear, under penalty of perjury, that the below indicated Bidder, any officer of Bidder, or any employee of Bidder who has a proprietary interest in such Bidder, has never been disqualified, removed, or otherwise prevented from bidding on, or completing a Federal, State, or local government project because of a violation of law or safety regulation, except as indicated on the separate sheet attached hereto entitled "Previous Disqualifications." If a statement of "Previous Disqualifications" is attached, please explain the circumstances.

7. CERTIFICATION OF ADEQUACY OF CONTRACT AMOUNT

By my signature hereunder, as the Contractor, pursuant to Labor Code Section 2810(a), I certify that, if awarded the Contract based on the undersigned's Bid, the Contract will include funds sufficient to allow the Contractor to comply with all applicable local, state, and federal laws or regulations governing

the labor or services to be provided. I understand that Owner will be relying on this certification if it awards the Contract to the undersigned.

8. CERTIFICATION REGARDING DIR CONTRACTOR / SUBCONTRACTOR REGISTRATION

By my signature hereunder, as the Contractor, I certify that Contractor, and all Subcontractors listed on Document 00 4336 (Subcontractors List) are the subject of current and active contractor registrations pursuant to Division 2, Part 7, Chapter 1 (commencing with section 1720) of the California Labor Code. Contractor's registration number is ***[please complete]*** 1000001822. Subcontractors' registration numbers are as indicated in Document 00 4336.

9. CERTIFICATION REGARDING PREQUALIFICATION INFORMATION

By my signature hereunder, as the Contractor, I certify as follows:

a. Contractor prequalified for this Project by submitting its Statement of Qualifications, dated 3/21/2025 (**SOQ**).

b. ***[Please complete or strikeout the following as inapplicable]*** ~~Subsequently, on or about~~ _____, _____ ~~and~~ _____, ~~Contactor submitted further information supplementing for foregoing Statement of Qualifications~~.

c. All information described above is referred to as the **"Qualification Information."**

d. Contractor has carefully reviewed all of the foregoing Qualification Information.

e. ***[Please check and/or complete one of the following]***

■ All Prequalification Information remains true and correct in all material respects as of the date hereof, as if such information were actually being submitted to Owner as of the date hereof.

_____ Except as otherwise expressly set forth in separate **Additional Prequalification Information**, submitted with the Bid as described in Document 00 2113 (Instructions to Bidders), all Prequalification Information remains true and correct in all material respects as of the date hereof, as if such information were actually being submitted to Owner as of the date hereof. ***[Contractor must provide Additional Prequalification Information as described above if this item is checked.]***

10. CERTIFICATION OF N/A (per response to Clark pre-bid RFI 6)

[Insert other Owner-specific certifications, if applicable. Otherwise, delete.]

I certify under penalty of perjury under the laws of the State of California that each of the foregoing certifications is true and correct.

AGREEMENT FOR SERVICES
GEOTECHNICAL OBSERVATION AND TESTING SERVICES
FOR CIVIC CETNER PROJECT

This Agreement for Services ("Agreement") is entered into as of this ____ day of _____, 2025 by and between the City of Eastvale, a municipal corporation ("City") and Geocon West, Inc., a _California corporation_____ ("Contractor"). City and Contractor are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City is undertaking a major construction project involving the construction of a new civic center at Eastvale City Hall, 12363 Limonite Avenue, Suite 910, Eastvale, CA 91752. This project consists of a new Civic Center for the City of Eastvale, California consisting of a 2-story Public Library, 3-story City Hall and a 2-story Police Station with 1 level of below grade secured parking. The northwest of the site will be occupied by a Public Park which includes an Amphitheater. The project is known as the "Eastvale Civic Center Project," and is referred to herein as the "Project."

B. City requires professional assistance relating to the Project.

C. City has sought, by direct negotiation the performance of the services defined and described particularly in Section 2 of this Agreement.

D. The Parties desire to formalize the selection of Contractor for performance of those services defined and described particularly in Section 2 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. TERM OF AGREEMENT.

Subject to the provisions of Section 20 "Termination of Agreement" of this Agreement, the Term of this Agreement is for 36 months commencing on the date first ascribed above. If the engagement of Contractor is not extended by mutual written consent of City and Contractor, then this Agreement shall be terminated at the end of the Term, provided that Contractor shall not be relieved of any of the obligations or covenants contained in this Agreement until the tasks provided for within the Scope of Services, and any Additional Services expressly agreed to, have been completed. It is further provided that the obligations or covenants contained in Sections 6, 7, 15-18, 20, 24-34 shall continue in full force and effect after termination of this Agreement due to completion, end of Term, or termination by the parties.

SECTION 2. SCOPE OF SERVICES.

Contractor agrees to perform the services set forth in Exhibit "A" "Scope of Services" (hereinafter, the "Services") and made a part of this Agreement by this reference.

During the period of this Agreement, upon request by City, Contractor, shall provide information related to Services that is reasonably necessary to assist City in its coordination of the efforts of others performing services related to the Services or Project.

Contractor shall, at no cost to City, prepare any necessary rework occasioned by Contractor's failure to provide the services specified in Exhibit A in a satisfactory manner, due to any act or omission attributable to Contractor, or its agents, including subcontractors.

SECTION 3. ADDITIONAL SERVICES.

Contractor shall not be compensated for any work rendered in connection with its performance of this Agreement that are in addition to or outside of the Services unless such additional services are authorized in advance and in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement. If and when such additional work is authorized, such additional work shall be deemed to be part of the Services.

SECTION 4. COMPENSATION AND METHOD OF PAYMENT.

(a) Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts specified in Exhibit "B" "Compensation" and made a part of this Agreement by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed One Hundred Thirty One Thousand Seven Hundred Seventy Dollars ($131,770), unless additional compensation is approved in writing in accordance with Section 26 "Administration and Implementation" or Section 28 "Amendment" of this Agreement.

(b) Each month Contractor shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and subcontractor contracts. Subcontractor charges shall be detailed by the following categories: labor, travel, materials, equipment and supplies. If the compensation set forth in subsection (a) and Exhibit "B" include payment of labor on an hourly basis (as opposed to labor and materials being paid as a lump sum), the labor category in each invoice shall include detailed descriptions of task performed and the amount of time incurred for or allocated to that task. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor for correction and resubmission. In the event that a payment dispute arises between the parties, Contractor

shall provide to City full and complete access to Contractor's labor cost records and other direct cost data, and copies thereof if requested by City.

(c) City may withhold payment of a portion of an invoice because of defective work not remedied or because of unsatisfactory work performed by Contractor. When the foregoing grounds are removed by Contractor, payment shall be made for amounts withheld because of them.

(d) Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will use its best efforts to cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice.

(e) Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

(f) In no event shall Contractor be entitled to compensation over and above the original fee identified in Section 4(a) where changes in the scope of services or the time for performance are necessitated by the acts of or failures to act of Contractor, or any subcontractor agent, or other person performing under it.

SECTION 5. INSPECTION AND FINAL ACCEPTANCE.

City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. City shall reject or finally accept Contractor's work within sixty (60) days after submitted to City. City shall reject work by a timely written explanation, otherwise Contractor's work shall be deemed to have been accepted. City's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any of Contractor's work by City shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Section 16 "Indemnification" and Section 17 "Insurance."

SECTION 6. OWNERSHIP OF DOCUMENTS.

All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, software, systems, networks, data, reports, estimates, opinions, recommendations, specifications, reports, estimates, summaries, files and other documents (collectively "Files") prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such Files.

If and to the extent that City utilizes for any purpose not related to this Agreement any maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files or other documents prepared, developed or discovered by Contractor in the course of providing the Services pursuant to this Agreement, Contractor's representations in Section 9 "Standard of Performance" of this Agreement shall not extend to such use of the maps, models, designs, drawings, photographs,

studies, surveys, reports, data, notes, computer files, files or other documents.

All final work product developed by Contractor in the course of providing the Services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Contractor. Upon completion, expiration or termination of this Agreement, Contractor shall turn over to City all such final work product if paid for by the City. This provision specifically excludes Contractors' work notes and drafts, which are owned by Contractor, not City.

SECTION 7. CONTRACTOR'S BOOKS AND RECORDS.

(a) Contractor shall maintain any and all documents and records demonstrating or relating to Contractor's performance of the Services. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to the Services, including expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently complete and detailed so as to permit an accurate evaluation of the services provided by Contractor pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to audits of public agencies and their expenditures. In accordance with California Government Code Section 8546.7, if the total compensation in Section 4 exceeds ten thousand dollars ($10,000.00), this Agreement and the Contractor's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

(b) Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Contractor's address indicated for receipt of notices in this Agreement.

(c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or discarded due to dissolution or termination of Contractor's business, City may, by written request, require that custody of such documents or records be given to the City. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

SECTION 8. INDEPENDENT CONTRACTOR.

(a) Contractor is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of City. Contractor shall have no authority to bind

City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise.

(b) The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Contractor or any of Contractor's personnel. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's personnel are in any manner officials, officers, or employees of City.

(c) Neither Contractor, nor any of Contractor's personnel shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor, its officers, employees, agents or subcontractors, may have to any such rights. Contractor's indemnity obligations in Section 16 "Indemnification" of this Agreement include the obligation to indemnify the City from and against any liability that may arise related to claims that Contractor, its officers, employees, agents or subcontractors, are entitled to retirement, health care or any other benefits that accrue to City employees. This provision shall survive the expiration or earlier termination of this Agreement.

SECTION 9. STANDARD OF PERFORMANCE.

Contractor represents that it has the qualifications, experience and facilities necessary to properly perform the Services required under this Agreement in a thorough, competent and professional manner. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all Services. In meeting its obligations under this Agreement, Contractor shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to the Services required of Contractor under this Agreement. In addition to the general standards of performance set forth this section, additional specific standards of performance and performance criteria may be set forth in Exhibit "A" "Scope of Services" that shall also be applicable to Contractor's work under this Agreement. Where there is a conflict between a general and a specific standard of performance or performance criteria, the specific standard or criteria shall prevail over the general.

City's review of software, systems, networks, drawings, designs, specifications, reports, opinions, recommendations and incidental consulting work or materials furnished under this Agreement will not in any way relieve Contractor of responsibility for the professional and/or technical adequacy of its work. Neither City's review, acceptance of, nor payment for, any of the services will be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

SECTION 10. COMPLIANCE WITH APPLICABLE LAWS; PERMITS AND LICENSES.

Contractor shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules in effect during the term of this Agreement. Contractor shall obtain any and all licenses, permits and

authorizations necessary to perform the Services set forth in this Agreement at Contractor's sole cost unless otherwise specified in this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable, at law or in equity, as a result of any failure of Contractor to comply with this section.

SECTION 11. PREVAILING WAGE & LABOR LAWS

Contractor shall keep itself fully informed of, and at all times shall observe and comply with, all applicable provisions of federal, state, and local laws, ordinances, and regulations which in any manner affect those engaged or employed on any work, or the materials and equipment that may be used in any work, or in any way affect the performance of any work, and of all orders and decrees of agencies having any jurisdiction or authority over work performed under this Agreement including, but not limited to, those related to equal opportunity employment and the following:

(a) Prevailing Wage: To the extent that the work and services, or any portions thereof, to be provided by Contractor or its sub-contractors under this Agreement is subject to California prevailing wage laws, Contractor shall pay prevailing wages to its Employees on any agreement in excess of one-thousand dollars ($1,000.00). Copies of the general prevailing rates of per diem wages for each craft, classification, or type of worker needed to execute the Agreement, as determined by the Director of the State of California Department of Industrial Relations, are on file at the District's Offices, and may be obtained from the California Department of Industrial Relations website, [http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm]. Contractor shall comply with the eight (8) hours per day, forty (40) hours per week/overtime/working hours restrictions for all employees, pursuant to the California Labor Code. Contractor and all subcontractors shall keep and maintain accurate employee payroll records for work and services performed under the Agreement. The payroll records shall be certified and submitted as required by law, including Labor Code Sections 1771.4 (if applicable) and 1776, including to the Labor Commissioner, no less frequently than monthly. Contractor shall comply fully with Labor Code Section 1777.5 in the hiring of apprentices for work relating to the Agreement. If the Agreement exceeds two-thousand dollars ($2,000) and is funded with federal funds, then Contractor shall pay federal Davis Bacon wages and comply with applicable federal requirements.

(b) Contractor shall comply with Section 12101 through 12901 of Title 22, California Administrative Code. Contractor shall warn all persons at the work site of their exposure to chemicals known to the state to cause cancer or birth defects or other reproductive harm. Contractor shall be responsible for compliance by its subcontractors with this article.

(c) Contractor stipulates and agrees that pursuant to the provisions of Labor Code, Sections 1810 through 1815, eight (8) hours labor shall constitute a legal day's work, and no worker shall be required or permitted to work more than eight (8) hours in any one (1) calendar day and forty (40) hours in any one (1) calendar week, except as provided under Section 1815. Nothing in this provision shall be construed to relate to wage determination or in any way affect contractual provisions related to compensation.

(d) Notwithstanding the Labor Code provisions set forth above, pursuant to Labor Code, Section 1815, work performed by employees of Contractor in excess of eight (8) hours per day and forty (40) hours during any one (1) week shall be permitted provided that compensation shall be made for all hours worked in excess of eight (8) hours per day at no less than one and one-half (1-1/2) times the basic rate of pay.

(e) Contractor shall be allowed to substitute securities for any monies withheld to ensure performance under this Agreement pursuant to Section 22300 of the California Public Contracts Code.

(f) To the extent required, Contractor shall be licensed under the provisions of Chapter 9, Division 3, of the Business and Professions Code of the State of California, and all other applicable federal, state, and local requirements to do the type of work contemplated in this Agreement and shall be skilled and regularly engaged in the general class or type of work called for under the Agreement.

If any discrepancy or inconsistency should be discovered between the Agreement and any law, ordinance, regulation, order, or decree, Contractor shall immediately report the same in writing to Central San. Contractor shall require and be responsible for the compliance by subcontractors of all tiers with the above provisions of this article.

Failure of Contractor to comply with this Section 11, or any federal, state, and local laws, ordinances, and regulations which in any manner affect those engaged or employed on any work, or the materials and equipment that may be used in any work, or in any way affect the performance of any work, and of all orders and decrees of agencies having any jurisdiction or authority over work performed under this Agreement, shall constitute a material breach of this Agreement.

(g) Contractor shall perform the work in full compliance with applicable local, state, and federal safety requirements including but not limited to Occupational Safety and Health Administration requirements, and shall assume sole and complete responsibility during the course of completion of the Services for job site safety of Contractor's employees and subcontractor's employees and their property, applicable at all times, and not limited to normal working hours. Nothing in this Section requires Contractor to be responsible for job site safety of City's property or City's personnel or the property or personnel of any third parties over which Contractor has no authority or control.

SECTION 12. NONDISCRIMINATION.

Contractor shall not discriminate, in any way, against any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status in connection with or related to the performance of this Agreement.

SECTION 13. UNAUTHORIZED ALIENS.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of the Services, and should the any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

SECTION 14. CONFLICTS OF INTEREST.

(a) Contractor represents that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor's performance of the Services. Contractor further represents that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

(b) City understands and acknowledges that Contractor is, as of the date of execution of this Agreement, independently involved in the performance of non-related services for other governmental agencies and private parties. Contractor is unaware of any stated position of City relative to such projects. Any future position of City on such projects shall not be considered a conflict of interest for purposes of this section.

(c) City understands and acknowledges that Contractor will perform non-related services for other governmental agencies and private Parties following the completion of the Services under this Agreement. Any such future service shall not be considered a conflict of interest for purposes of this section.

SECTION 15. CONFIDENTIAL INFORMATION; RELEASE OF INFORMATION.

(a) All dealings of the parties under this Agreement, as well as information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential by Contractor, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the City Manager, except as may be required by law.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the City Manager or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City prompt notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Contractor's conduct.

Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors, be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response. Contractor shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that is made in confidence to a Federal, State, or local government official or to an attorney solely for the purpose of reporting or investigating a suspected violation of law or for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

SECTION 16. INDEMNIFICATION; LIMITATION OF LIABILITY.

(a) Indemnification for Professional Liability. Where the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including reasonable attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees) to the extent caused by, in whole or in part, any negligent act, error or omission or willful misconduct of Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor, in the performance of professional services under this Agreement.

(b) Indemnification for Other than Professional Liability. Other than in the performance of professional services and to the full extent permitted by law, Contractor shall indemnify, protect, defend and hold harmless City, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including reasonable attorneys' fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor, or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor.

(c) Indemnification from Subcontractors. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth in this section from each and every subcontractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance of this Agreement naming the Indemnified Parties as additional indemnitees. In the event Contractor fails to obtain such indemnity obligations from others as required herein, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend City as set forth herein is binding on the successors, assigns or heirs of Contractor and shall survive the termination of this Agreement or this section.

(d) Indemnification from Design Professionals. Contractors meeting the definition of a design professional, per California Civil Code § 2782.8(c), shall indemnify, protect, defend and hold harmless City, and any and all of its officials, employees and agents, from and against any and all claims, demands, costs, or liability that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Contractor. To the extent Civil Code section 2782.8 is applicable to Contractor's scope of services set forth herein, in no event shall the cost to defend charged to Contractor exceed Contractor's proportionate share of fault. However, notwithstanding the previous sentence, in the event one or more defendants is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, the design professional shall meet and confer with other parties regarding unpaid defense costs.

(e) Intellectual Property Indemnification. City does not authorize the impermissible use of any patent or the reproduction of any copyrighted material by Contractor which exceeds "fair use" in the performance of this Agreement. Contractor is solely responsible for any such infringement. Contractor shall indemnify, protect, defend and hold harmless City from any and all losses, damage, costs, expenses, and attorneys' fees suffered or incurred as a result of or in connection with any claims or actions based upon infringement or alleged infringement of any patent, copyright, or trade secret, and arising out of the use of the equipment or materials utilized to perform under this Agreement or specified by or procured by Contractor, or out of the processes or actions employed by, or on behalf of, Contractor in connection with the performance of this Agreement.

(f) City's Negligence. The provisions of paragraphs (a) to (e) of this Section 16 do not apply to claims occurring as a result of City's sole negligence. The provisions of this section shall not release City from liability arising from negligence or willful acts or omissions of City or any and all of its officials, employees and agents.

(g) Insurance. Submission of insurance certificates or submission of other proof of compliance with the insurance requirements does not relieve Contractor from liability under this Section. The obligations of this Section shall apply whether or not such insurance policies shall have been determined to be applicable to any of such damages or claims for damages.

(h) Limitation of Liability.

Except as otherwise provided in this Agreement, City's obligations under this Agreement shall be limited to the payment of the compensation provided for in Section 4 of this Agreement.

Notwithstanding any other provision of this Agreement, in no event shall either party be liable, regardless of whether any claim is based on contract, tort or otherwise, for any special, consequential, indirect or incidental damages, lost profits or revenue, arising out of or in connection with this Agreement, or the Services described in Exhibit A.

City shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City. The acceptance or use of such equipment by Contractor or any of its employees shall be construed to mean that Contractor accepts full responsibility for and shall exonerate, indemnify, defend and save harmless City from and against any and all claims for any damage or injury of any type, including attorneys' fees, arising from the use, misuse or failure of such equipment, whether such damage be to Contractor, its employees, City employees or third parties, or to property belonging to any of the above.

Nothing in this Agreement shall constitute a waiver or limitation of any right or remedy, whether in equity or at law, which City or Contractor may have under this Agreement or any applicable law. All rights and remedies of City or Contractor, whether under this Agreement or other applicable law, shall be cumulative.

SECTION 17. INSURANCE.

Contractor agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in Exhibit “C” “Insurance” and made a part of this Agreement. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the City Manager. Contractor agrees to provide City with copies of required policies upon request.

SECTION 18. ASSIGNMENT.

The expertise and experience of Contractor are material considerations for this Agreement. City has an interest in the qualifications and capability of the persons and entities who will fulfill the duties and obligations imposed upon Contractor under this Agreement. In recognition of that interest, Contractor shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Contractor’s duties or obligations under this Agreement without the prior written consent of the City. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling City to any and all remedies at law or in equity, including termination of this Agreement pursuant to Section 20 “Termination of Agreement.” City acknowledges, however, that Contractor, in the performance of its duties pursuant to this Agreement, may utilize subcontractors.

SECTION 19. SUBCONTRACTORS; DESIGNATION AND CONTINUITY OF PERSONNEL.

(a) No subcontract shall be awarded or an outside consultant engaged by Contractor unless prior written approval is obtained from City. No additional approval shall be required for subcontracting with or engagement of any outside consultant set forth in an exhibit to this Agreement (Exhibit A), subject to subd. (b) below.

(b) If any subcontract is awarded or an outside consultant is engaged by Contractor to perform work and/or provide services that are subject to California prevailing wage laws, where such prevailing wage work was not initially anticipated, Contractor shall notify City in writing of the subcontract and/or outside consultant, the scope of work said subcontractor or outside consultant will perform, and any other information City deems reasonably necessary to complete and file the required Form PWC-100 or any other documents.

(c) Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the Services. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the Services prior to and during any such performance. Contractor designates to have immediate responsibility for the performance of the Services and for all matters relating to performance under this Agreement. Contractor designates the following persons for the indicated functions:

_____

_____

Substitution of any of these assigned personnel shall require the prior written approval of City. If City determines that a proposed substitution is not acceptable, then, at the request of City, Contractor shall substitute with a person acceptable to City.

SECTION 20. TERMINATION OF AGREEMENT.

(a) City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Contractor. In the event such notice is given, Contractor shall cease immediately all work in progress.

(b) Contractor may terminate this Agreement for cause at any time upon thirty (30) days written notice of termination to City.

(c) If either Contractor or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Contractor, or City may terminate this Agreement immediately upon written notice.

(d) Upon termination of this Agreement by either Contractor or City, all property belonging exclusively to City which is in Contractor's possession shall be returned to City.

Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 “Compensation and Method of Payment” of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 “Compensation and Method of Payment” of this Agreement.

SECTION 21. DEFAULT.

In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the City may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default, or if the City elects, it may immediately terminate the Agreement pursuant to Section 20(c). The opportunity to cure timeframe, should the City elect to provide one, is presumptively thirty (30) days, but may be reduced or extended if circumstances warrant. During the period of time that Contractor is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the City may take necessary steps to terminate this Agreement under Section 20 “Termination of Agreement.” Any failure on the part of the City to give notice of the Contractor’s default shall not be deemed to result in a waiver of the City’s legal rights or any rights arising out of any provision of this Agreement.

SECTION 22. EXCUSABLE DELAYS.

Contractor shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

SECTION 23. COOPERATION.

(a) Cooperation by City. City, without cost to Contractor, will provide all pertinent information reasonably available to it which is necessary for performance by Contractor under this Agreement, including pertinent plans, reports and data. City does not guarantee or ensure the accuracy of any reports, information, and/or data so provided. To the extent that any reports, information, and/or other data so provided was supplied to City by person or persons not employees of City, any liability resulting from inaccuracies and/or omissions contained in said reports, information or data shall be limited to liability on behalf of the party who prepared the information for City or otherwise supplied that information, report or data to City.

(b) Cooperation by Contractor. There may be other contractors, consultants, agents or forces of City working in the same area where work under the Agreement will be performed. Contractor must anticipate that is work may be interfered with or suspended from time to time on account of the concurrent performance of work by other

contractors, consultants, agents or forces of City, and Contractor shall fully cooperate with such other parties to avoid any delay or hindrance of their work. City may require that certain facilities be used concurrently by Contractor and other persons.

Should Contractor sustain any loss, damage, or delay through any act or omission of any other contractor or any sub-consultant of any such other contractor, Contractor shall have no claim against City therefore, other than an extension of time, but shall have recourse solely to such other contractor or sub-consultant.

SECTION 24. NOTICES.

All notices required or permitted to be given under this Agreement shall be in writing and shall be personally delivered, or sent by certified mail, postage prepaid and return receipt requested, addressed as follows:

To City: City of Eastvale
Attn: Public Works Director
12363 Limonite Ave., Suite 910
Eastvale, CA 91752

To Contractor: Geocon West, Inc.
Attn: Lisa Battiato
41571 Corning Place, Ste. 101
Murrieta, CA 92562

Notice shall be deemed effective on the date personally delivered or, if mailed, three (3) days after deposit of the same in the custody of the United States Postal Service.

SECTION 25. AUTHORITY TO EXECUTE.

Each of the signatories hereto represents and warrants that he or she is competent and authorized to enter into this Agreement on behalf of the Party for whom he or she purports to sign. Each Party hereto agrees to defend, indemnify, and hold harmless the other Parties hereto against all claims, suits, actions, and demands, including necessary expenses of investigation and reasonable attorneys' fees and costs, arising out of claims that its signatory was not competent or so authorized to execute this Agreement.

SECTION 26. ADMINISTRATION AND IMPLEMENTATION.

This Agreement shall be administered and executed by the City Manager or his or her designated representative. The City Manager shall have the authority to issue interpretations and to make amendments to this Agreement, including amendments that commit additional funds, consistent with Section 28 “Amendment” and the City Manager’s contracting authority under the Eastvale Municipal Code.

SECTION 27. BINDING EFFECT.

This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

SECTION 28. AMENDMENT.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City. The City Manager shall have the authority to approve any amendment to this Agreement if it does not exceed the amount that may be approved administratively pursuant to the Eastvale Municipal Code. The Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void. The City's City Manager may, but is not required to, make minor amendments not affecting substantive terms without further authorization from the City Council. The City Council hereby authorizes the City Manager to execute any such amendments as required by this Agreement or that do not otherwise reduce City's rights under this Agreement. All other amendments shall be approved by the City Council.

SECTION 29. WAIVER.

Waiver by any Party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision nor a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work by Contractor shall not constitute a waiver of any of the provisions of this Agreement.

SECTION 30. LAW TO GOVERN; VENUE.

This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the Parties, venue in state trial courts shall lie exclusively in the County of Riverside, California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Riverside.

SECTION 31. ATTORNEYS FEES, COSTS AND EXPENSES.

In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing Party in such litigation or other proceeding shall be entitled to an award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

SECTION 32. ENTIRE AGREEMENT.

This Agreement, including the attached Exhibits "A" through "C", is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Contractor and City prior to the execution of this

Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid and binding.

SECTION 33. SEVERABILITY.

If any term, condition or covenant of this Agreement is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall not be affected thereby and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

SECTION 34. NO THIRD-PARTY BENEFICIARIES.

There are no intended third-party beneficiaries to this Agreement. Nothing in the Agreement or the attachments and/or exhibits incorporated herein shall operate to confer rights or benefits on persons or entities not party to the Agreement.

SECTION 35. CONFLICTING TERMS.

Except as otherwise stated herein, if the terms of this Agreement conflict with the terms of any Exhibit hereto, or with the terms of any document incorporated by reference into this Agreement, the terms of this Agreement shall control.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement on the date and year first-above written.

EXHIBIT "A"
SCOPE OF SERVICES

- Attend a pre-construction meeting.
- Provide observation and testing during site grading activities on a full-time basis. This will include observation of the over-excavation bottoms by a professional engineer or geologist, and observation and testing of engineered fill placement by an experienced technician.
- Prepare a report of observation and testing during grading for pad certifications.
- Provide observation of foundation excavations prior to concrete placement for structures.
- Provide observation and testing during backfill of wet and dry utilities. Wet utilities are typically required to have full time observation and testing per governing agencies while part time observation and testing during backfill of shallow dry utilities is acceptable.
- Provide testing of subgrade for cross gutters, curb & gutter, pavers, and sidewalks on a part-time basis.
- Provide observation and testing of subgrade, aggregate base, and asphaltic concrete pavement. We have estimated that our observation and testing services will be required on a part-time basis for subgrade and base placement, and on a full-time basis during asphalt concrete paving.
- Provide observation, testing, and inspection for offsite improvements.
- Perform laboratory testing of soil and asphalt samples. We anticipate the testing will consist of maximum dry density and optimum moisture content, expansion index, sulfate screening, and Hveem density of the asphalt concrete.
- Prepare a final report documenting the results of our observation and testing services during grading and construction of site improvements.

- Provide professional project support, which includes project management, attendance at meetings when requested, preparation of compaction letters as required by agencies, response to RFI's, and QA/QC support.
- ASSUMPTIONS:
    - Work will be performed during typical working hours of 7 am to 5 pm Monday through Friday. Weekend and night work are not expected.

			Subtotal:	**$16,800**
			ESTIMATE:	**$131,770**

EXHIBIT "C"
INSURANCE

A. Insurance Requirements. Contractor shall provide and maintain insurance, acceptable to the City, in full force and effect throughout the term of this Agreement, against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Services by Contractor, its agents, representatives or employees. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII.

Contractor shall provide the following scope and limits of insurance:

1. Minimum Scope of Insurance. Coverage shall be at least as broad as:

(1) Commercial General Liability. Insurance Services Office form Commercial General Liability coverage (Occurrence Form CG 0001).

(2) Automobile. Insurance Services Office form number CA 0001 (Ed. 1/87) covering Automobile Liability, including code 1 "any auto" and endorsement CA 0025, or equivalent forms subject to the written approval of the City.

(3) Workers' Compensation. Workers' Compensation insurance as required by the Labor Code of State of California covering all persons providing Services on behalf of the Contractor and all risks to such persons under this Agreement.

(4) Professional Liability. Professional liability insurance appropriate to the Contractor's profession. This coverage may be written on a "claims made" basis. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to Services performed under this Agreement. The insurance must be maintained for at least three (3) consecutive years following the completion of Contractor's services or the termination of this Agreement. During this additional three (3) year period, Contractor shall annually and upon request of the City submit written evidence of this continuous coverage.

2. Minimum Limits of Insurance. Contractor shall maintain limits of insurance no less than:

(1) Commercial General Liability. $1,000,000 general aggregate for bodily injury, personal injury and property damage.

(2) Automobile. $1,000,000 per accident for bodily injury and property damage. A combined single limit policy with aggregate limits in an amount of not less than $2,000,000 shall be considered equivalent to the said required minimum limits set forth above.

(3) Workers' Compensation. Workers' Compensation as required by the Labor Code of the State of California of not less than $1,000,000 per occurrence.

(4) Professional Liability. $1,000,000 per claim.

B. Other Provisions. Insurance policies required by this Agreement shall contain the following provisions:

1. All Policies. Each insurance policy required by this Agreement shall be endorsed and state the coverage shall not be suspended, voided, cancelled by the insurer or either Party to this Agreement, reduced in coverage or in limits except after 30 days' prior written notice by certified mail, return receipt requested, has been given to City.

2. Commercial General Liability and Automobile Liability Coverages.

(1) City, and its respective elected and appointed officers, officials, and employees and volunteers are to be covered as additional insureds as respects: liability arising out of activities Contractor performs; products and completed operations of Contractor; premises owned, occupied or used by Contractor; or automobiles owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, or employees.

(2) Contractor’s insurance coverage shall be primary insurance with respect to City, and its respective elected and appointed, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by City, and its respective elected and appointed officers, officials, employees or volunteers, shall apply in excess of, and not contribute with, Contractor’s insurance.

(3) Contractor’s insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

(4) Any failure to comply with the reporting or other provisions of the insurance policies, including breaches of warranties, shall not affect coverage provided to City, and its respective elected and appointed officers, officials, employees or volunteers.

3. Workers' Compensation Coverage. Unless the City Manager otherwise agrees in writing, the insurer shall agree to waive all rights of subrogation against City, and its respective elected and appointed officers, officials, employees and agents for losses arising from work performed by Contractor.

C. Other Requirements. Contractor agrees to deposit with City, at or before the effective date of this Agreement, certificates of insurance necessary to satisfy City that the insurance provisions of this contract have been complied with. The City may require that Contractor furnish City with copies of original endorsements effecting coverage required by this Exhibit "C". The certificates and endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. City reserves the right to inspect complete, certified copies of all required insurance policies, at any time.

1. Contractor shall furnish certificates and endorsements from each subcontractor pursuant to the terms included in this Exhibit "C" to the extent applicable to the subcontractor's scope of work and trade.

2. Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers, or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims.

3. The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Agreement.

CITY OF EASTVALE

AGENDA STAFF REPORT

City Council/Eastvale Public Financing Authority Meeting
CITY COUNCIL/EASTVALE PUBLIC FINANCING AUTHORITY BUSINESS
Agenda Item No. 13.2
June 25, 2025

Establishing a Community Facilities District (CFD) and Authorizing the Levy of Special Taxes Therein – Community Facilities District No. 2025-01 (Limonite)

Prepared By:

Amanda Wells, Finance Director/City Treasurer

Recommended Action(s)

Staff recommends that the City Council:

1. Approve and Adopt the Resolution Declaring Results of a Special Election and Directing the Recording of a Special Tax Lien for Community Facilities District No. 2025-01 (Limonite); and
2. Introduce the proposed Ordinance entitled: AN ORDINANCE OF THE CITY COUNCIL FO TH CITY OF EASTVALE, CALIFORNIA, AUTHORIZING THE LEVY OF SPECIAL TAXES IN A COMMU FACILITIES DISTRICT (CITY OF EASTVALE COMMUNITY FACILITIES DISTRICT NO. 202 (LIMONITE))

Summary

The owners of the property within the proposed boundary of CFD No. 2025-01 are required to finance the costs of maintenance and lighting of parks, parkways, streets, roads, and open space; and flood and storm protection services, etc., as a condition relating to the industrial development generally located along Limonite Avenue from Hellman Avenue in the west to east of Archibald Avenue (the "Project"). A resolution of intention to form CFD 2025-01 was adopted by the Council on February 12, 2025, and a Public Hearing was held by the City Council on March 23, 2025. This is the next step in the process to finalize the establishment of the CFD, which will levy special taxes to generate funds for the City to provide the services described in the Resolution of Intention. Ballots

were mailed to property owners in late May 2025 for a special landowner election to be conducted by the City tonight, June 25, 2025. If at least 2/3 of the property owner votes are in favor of the proposed special tax, the City Council will need to introduce/waive the first reading by title only of the Ordinance levying the special taxes tonight, and will need to formally adopt said Ordinance on August 13, 2025.

Background

The Mello-Roos Community Facilities Act of 1982 (the "Mello-Roos Act") provides local jurisdictions with an alternative method of financing public capital facilities and services. Special tax districts formed pursuant to the Mello-Roos Act are referred to as Community Facilities Districts, or CFDs.

The City has received petitions from landowners representing more than 10 percent of the area of land proposed to be included within the community facilities district and not proposed to be exempt from the special tax requesting that the City conduct proceedings to consider the approval of the formation of CFD No. 2025-01, to fund ongoing public and maintenance services within the CFD.

The CFD will fund the long-term maintenance/services in perpetuity by levying an annual special tax which will be collected on the property tax bill. The funds collected will be transferred to the City, which the City will use to perform the maintenance/services.

Environmental

Establishing a CFD is not a project subject to review under the California Environmental Quality Act.

Strategic Plan Action - Priority Level: 3 | Target #: C | Goal #: H

Ensure that City revenues align with expenditures.

Fiscal Impact

There is no current fiscal-year impact to the General Fund as a result of this action. All CFD formation costs are borne by the applicant. Once the CFD is formed, ongoing maintenance and district administration will be funded by the special tax levy.

Prior City Council/Commission Action

City Council adopted a Resolution of Intention form Community Facilities District No. 2025-01 (Limonite) on February 12, 2025. The Resolution of Intention set a public hearing, which was held on March 26, 2025. On that same date, City Council adopted a Resolution Establishing the Formation of Community Facilities District No. 2025-01 (Limonite) and adopted a Resolution Calling a Special Election for Community Facilities District No. 2025-01 (Limonite) for tonight, June 25, 2025.

Attachment 4 - Rate and Method of Apportionment
Attachment 5 - Attachment C to Rate and Method of Apportionment

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, STATE OF CALIFORNIA, DECLARING RESULTS OF A SPECIAL ELECTION AND DIRECTING THE RECORDING OF A SPECIAL TAX LIEN

CITY OF EASTVALE
COMMUNITY FACILITIES DISTRICT NO. 2025-01
(LIMONITE)

WHEREAS, this City Council (the "City Council") of the City of Eastvale (the "City") adopted a resolution entitled "A Resolution of the City Council of the City of Eastvale, State of California, Establishing the Formation of a Community Facilities District" (the "Resolution of Formation"), ordering the formation of the City of Eastvale, Community Facilities District No. 2025-01 (Limonite) (the "District"), defining the public services (the "Services") to be provided by the District, authorizing the levy of a special tax on property within the District and preliminarily establishing an appropriations limit for the District, all pursuant to the Mello-Roos Community Facilities Act of 1982 (Sections 53311 and following, California Government Code; hereafter referred to as the "Act"); and

WHEREAS, under the provisions of the Resolution of Formation, and pursuant to the resolution entitled "A Resolution of the City Council of the City of Eastvale, State of California, Calling a Special Election for a Community Facilities District" (the "Resolution Calling the Special Election") heretofore adopted by this City Council, the propositions of the levy of the special tax and the establishment of the appropriations limit were submitted to the qualified electors of the District as required by the provisions of the Act; and

WHEREAS, pursuant to the terms of the Resolution Calling the Special Election, which are by this reference incorporated herein, the special election has been held and the City Clerk has on file a Canvass and Statement of Results of Special Election, (the "Canvass") a copy of which is attached hereto as Exhibit A; and

WHEREAS, this City Council has been informed of the Canvass, finds it appropriate and wishes to complete its proceedings for the District.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Eastvale, as follows:

SECTION 1. The City Council hereby finds that the facts set forth in the recitals to this Resolution are true and correct and establish the factual basis for the City Council's adoption of this Resolution.

SECTION 2. The issues presented at the special election were the levy of a special tax within the District and the approval of an annual appropriations limit of not to exceed an amount equal to $1,750,000 pursuant to the Resolution of Formation.

SECTION 3. The City Council hereby approves the Canvass and finds that it shall be a permanent part of the record of its proceedings for the District. Pursuant to the Canvass, the issues presented at the special election were approved by the qualified electors of the District by more than two-thirds (2/3) of the votes cast at the special election.

SECTION 4. Pursuant to the voter approval, the District is hereby declared to be fully formed with the authority to levy the special taxes and to have the established appropriations limit, all as heretofore provided in these proceedings and in the Act. It is hereby found that all prior proceedings and actions taken by this City Council with respect to the District were valid and in conformity with the Act.

SECTION 5. The City Clerk is hereby directed to complete, execute and cause to be recorded in the office of the County Recorder of the County of Riverside a notice of special tax lien in the form required by the Act, such recording to occur no later than fifteen (15) days following adoption of this Resolution by the City Council.

SECTION 6. This Resolution shall take effect immediately upon its adoption.

APPROVED AND ADOPTED this 25th day of June 2025.

ORDINANCE NO. 25-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, AUTHORIZING THE LEVY OF SPECIAL TAXES IN A COMMUNITY FACILITIES DISTRICT

CITY OF EASTVALE
COMMUNITY FACILITIES DISTRICT NO. 2025-01
(LIMONITE)

WHEREAS, this City Council (the "City Council") of the City of Eastvale (the "City") on February 12, 2025, adopted Resolution No. 25-10 entitled "A Resolution of the City Council of the City of Eastvale, State of California, Declaring its Intention to Establish a Community Facilities District and to Authorize the Levy of Special Taxes" (the "Resolution of Intention") and has conducted proceedings (the "Proceedings") to establish the City of Eastvale Community Facilities District No. 2025-01 (Citywide Maintenance and Services) (the "District") pursuant to the Mello-Roos Community Facilities Act of 1982 (Sections 53311 and following, California Government Code; hereafter referred to as the "Act") to finance the costs of police protection services; fire protection and suppression services; maintenance and lighting of parks, parkways, streets, roads, and open space; flood and storm protection services; maintenance and operation of any real property or other tangible property with an estimated useful life of five or more years; and related appurtenances (the "Services") as provided in the Act; and

WHEREAS, the Resolution of Intention called for a public hearing to be held on March 26, 2025, or as soon thereafter as the matter may be heard; and

WHEREAS, on March 26, 2025, and as part of the Proceedings, this City Council held a public hearing under the Act relative to the determination to proceed with the formation of the District and the rate and method of apportionment of the special tax (the "Special Tax") to be levied within the District to finance the Services and, at such hearing, all persons desiring to be heard on all matters pertaining to the formation of the District and the levy of the Special Tax were heard, substantial evidence was presented and considered by this City Council, and a full and fair public hearing was held; and

WHEREAS, upon the conclusion of the hearing, this City Council adopted a resolution entitled "A Resolution of the City Council of the City of Eastvale, State of California, Establishing the Formation of a Community Facilities District" (the "Resolution of Formation"), whereby the City Council (i) established the District, (ii) authorized the levy of the Special Tax within the District, and (iii) preliminarily established an appropriations limit for the District, all pursuant to the Act; and

WHEREAS, on June 25, 2025, a special election was held among the landowner voters within the District at which the landowner voters approved the proposition relating to the levy of Special Taxes within the District and the establishment of an appropriations limit for the District by the two-thirds vote required by the Act, which approval has been confirmed by resolution of this City Council; and

WHEREAS, the City Council ordered the recordation with the County Recorder of the County of Riverside of a Notice of Special Tax Lien (the "Notice").

NOW, THEREFORE, the City Council of the City of Eastvale, DOES HEREBY ORDAIN as follows:

By the passage of this Ordinance, the City Council hereby authorizes and levies the Special Tax within the District pursuant to the Act, at the rate and in accordance with the rate and method of apportionment of Special Tax set forth in the Resolution of Formation, which rate and method is by this reference incorporated herein. The Special Tax is hereby levied commencing in fiscal year 2025/26 and in each fiscal year thereafter to pay for the Services for the District and all costs of administering the District, as contemplated by the Resolution of Formation and the Proceedings.

1. The City's Finance Director or designee or employee or consultant of the City is hereby authorized and directed each fiscal year to determine the specific Special Tax to be levied for the next ensuing fiscal year for each parcel of real property within the District, in the manner and as provided in the Resolution of Formation.

2. Exemptions from the levy of the Special Tax shall be as provided in the Resolution of Formation and the applicable provisions of the Act. In no event shall the Special Tax be levied on any parcel within the District in excess of the maximum Special Tax specified in the Resolution of Formation.

3. All of the collections of the Special Tax shall be used as provided in the Act and in the Resolution of Formation, including, but not limited to, the payment of the costs of the Services, the payment of the costs of the City in administering the District, and the costs of collecting and administering the Special Tax.

4. The Special Tax shall be collected in the same manner as ordinary ad valorem taxes are collected and shall have the same lien priority and be subject to the same penalties and the same procedure and sale in cases of delinquency as provided for ad valorem taxes; provided, however, that the City Council may provide for other appropriate methods of collection by resolution(s) of the City Council. The Finance Director of the City is hereby authorized and directed to provide all necessary information to the auditor/tax collector of the County of Riverside in order to effect proper billing and collection of the Special Tax, so that the Special Tax shall be included on the secured property tax roll of the County of Riverside for fiscal year 2025/26 and for each fiscal year thereafter until no longer required to pay for the Services or until otherwise terminated by the City.

5. If for any reason any portion of this ordinance is found to be invalid, or if the special tax is found inapplicable to any particular parcel within the District by a court of competent jurisdiction, the balance of this ordinance and the application of the special tax to the remaining parcels within the District shall not be affected.

6. The Mayor shall sign this Ordinance and the City Clerk shall cause the same to be published immediately after its passage at least once in a newspaper of general circulation for the City.

7. If any section, sub-section, subdivision, paragraph, clause or phrase in this Ordinance, or any part thereof, is for any reason held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining sections or portions of this Ordinance or any part thereof. The City Council hereby declares that it would have passed each section, sub-section, subdivision, paragraph, sentence, clause or phrase of this Ordinance, irrespective of the fact that any one or more sections, sub-sections, subdivisions, paragraphs, sentences, clauses or phrases may be declared invalid or unconstitutional.

8. This Ordinance shall become effective thirty (30) days following adoption.

INTRODUCED and first read on the 25th day of June 2025; and **PASSED, APPROVED AND ORDAINED** this 13th day of August 2025.

RATE AND METHOD OF APPORTIONMENT
CITY OF EASTVALE
COMMUNITY FACILITIES DISTRICT NO. 2025-01
(LIMONITE)

A Special Tax, as hereinafter defined, shall be levied and collected in City of Eastvale Community Facilities District No. 2025-01 (Limonite) ("CFD No. 2025-01") each Fiscal Year commencing in Fiscal Year 2024/25, in an amount determined by the application of the procedures below. All Taxable Property, as hereinafter defined, unless exempted by law or by the provisions hereof, shall be taxed for the purposes, to the extent and in the manner herein provided.

A. DEFINITIONS

The terms hereinafter set forth have the following meaning:

"Acre or Acreage" means the land area of an Assessor's Parcel as shown on an Assessor's Parcel Map or in the Assessor's Data for each Assessor's Parcel. In the event the Assessor's Parcel Map or Assessor's Data shows no Acreage, the Acreage for any Assessor's Parcel shall be determined by the CFD Administrator based upon the applicable final map, parcel map, condominium plan, or other recorded County parcel map. If the preceding maps are not available, the Acreage of an Assessor's Parcel may be determined utilizing GIS.

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, Division 2 of Title 5 of the Government Code of the State.

"Administrative Expenses" means the actual or reasonably estimated costs directly related to the administration of CFD No. 2025-01 including, but not limited to, the following: the costs of computing the Annual Special Tax Requirement and of preparing the Special Tax collection schedules; the costs of collecting the Special Tax, including any charges levied by the County Auditor's Office, Tax Collector's Office or Treasurer's Office; the costs of the City or designee in complying with the disclosure requirements of the California Government Code (including the Act), including public inquiries regarding the Special Tax; the costs of the City or designee related to an appeal of the Special Tax; and the costs of commencing and pursuing to completion any action arising from any delinquent Special Tax in CFD No. 2025-01. Administrative Expenses shall also include amounts estimated or advanced by the City or CFD No. 2025-01 for any other administrative purposes, including, but not limited to, attorney's fees.

"Annual Services" means the services listed in Attachment A, hereto.

"Annual Services Costs" means the respective amounts determined by the CFD Administrator required to fund the Annual Services authorized to be funded by CFD No. 2025-01 for the applicable yearly period.

"Annual Special Tax" means the amount levied in each Fiscal Year on each Assessor's Parcel of Taxable Property to fund the Annual Special Tax Requirement.

"Annual Special Tax Requirement" means that amount with respect to CFD No. 2025-01 determined by the City Council or designee as required in any Fiscal Year to pay: (1) the

Administrative Expenses, (2) the Annual Services Costs, (3) any amount required to establish or replenish any reserve or replacement fund established in connection with CFD No. 2025-01, and (4) any reasonably anticipated delinquent Special Tax based on the delinquency rate for any Special Tax levied in the previous Fiscal Year.

"Assessor's Data" means Assessor's Parcel Number, Acreage, or other information contained in the records of the County Assessor for each Assessor's Parcel.

"Assessor's Parcel" or "Parcel" means a lot or parcel shown in an Assessor's Parcel Map and/or Assessor's Data with an assigned Assessor's Parcel Number.

"Assessor's Parcel Map" means an official map of the Assessor of the County designating parcels by Assessor's Parcel Number.

"Assessor's Parcel Number" means, with respect to an Assessor's Parcel, that number assigned to such Assessor's Parcel by the County Assessor for purposes of identification.

"City" means the City of Eastvale, California.

"City Council" means the City Council of the City, acting as the legislative body of CFD No. 2025-01.

"CFD Administrator" means an official of the City, or designee thereof, responsible for determining the Annual Special Tax Requirement and the Contingent Special Tax Requirement and providing for the levy and collection of the Special Taxes.

"CFD No. 2025-01" means the City of Eastvale Community Facilities District No. 2025-01 (Limonite).

"Contingent Services" means the services listed in Attachment B, hereto.

"Contingent Services Costs" means the respective amounts determined by the CFD Administrator required to fund the Contingent Services authorized to be funded by CFD No. 2025-01 for the applicable yearly period.

"Contingent Special Tax" means the amount levied in each Fiscal Year on each Assessor's Parcel of Taxable Property to fund the Contingent Special Tax Requirement.

"Contingent Special Tax Requirement" means that amount with respect to CFD No. 2025-01 determined by the City Council or designee as required in any Fiscal Year to pay: (1) the Administrative Expenses, (2) the Contingent Services Costs, (3) any amount required to establish or replenish any reserve or replacement fund established in connection with CFD No. 2025-01, and (4) any reasonably anticipated delinquent Special Tax based on the delinquency rate for any Special Tax levied in the previous Fiscal Year.

"County" means the County of Riverside.

"County Assessor" means the County Assessor of the County.

"Development Area" means one of the six development areas within CFD No. 2025-01, as shown on Attachment C, hereto.

"Exempt Property" means all Assessors' Parcels within the boundary of CFD No. 2025-01 which are exempt from the Special Tax pursuant to Section E.

"Final Subdivision Map" means a subdivision of property created by recordation of a final subdivision map, parcel map or lot line adjustment, approved by the City pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.)* or recordation of a condominium plan pursuant to California Civil Code 4120.

"Fiscal Year" means the period starting July 1 and ending on the following June 30.

"GIS" means a geographic information system.

"Maximum Annual Special Tax" means the maximum Special Tax authorized to fund the Annual Special Tax Requirement in any Fiscal Year that may apply to Taxable Property as described in Section C.

"Maximum Contingent Special Tax" means the maximum Special Tax authorized to fund the Contingent Special Tax Requirement in any Fiscal Year that may apply to Taxable Property as described in Section C.

"Open Space Property" means property within the boundaries of CFD No. 2025-01 which (i) has been designated with specific boundaries and Acreage on a Final Subdivision Map as open space, (ii) is classified by the County Assessor as open space, (iii) has been irrevocably offered for dedication as open space to the federal government, the State, the County, the City, or any other public agency, or (iv) is encumbered by an easement or other restriction required by the City limiting the use of such property to open space.

"Property Owner's Association" means any property owner's association. As used in this definition, a Property Owner's Association includes any home-owner's association, condominium owner's association, master or sub-association or non-residential owner's association.

"Property Owner's Association Property" means any property within the boundaries of CFD No. 2025-01 which is (a) owned by a Property Owner's Association or (b) designated with specific boundaries and acreage on a Final Subdivision Map as property owner association property.

"Proportionately" means for Taxable Property that the ratio of the Annual Special Tax levy to the Maximum Annual Special Tax is equal for all Assessors' Parcels of Taxable Property levied within each property land use classification within CFD No. 2025-01, and that the Contingent Special Tax levy to the Maximum Contingent Special Tax is equal for all Assessors' Parcels of Taxable Property levied within each property land use classification within CFD No. 2025-01.

"Public Property" means any property within the boundaries of CFD No. 2025-01 which (i) is owned by a public agency or a public utility, (ii) has been irrevocably offered for dedication to a public agency or a public utility, or (iii) is designated with specific boundaries and Acreage on a Final Subdivision Map as property which will be owned by a public agency or a public utility. For purposes of this definition, a public agency or public utility includes the federal government, the State, the County, the City, school districts, or any other public agency or public utility.

"Special Tax(es)" means, individually or collectively, the Annual Special Tax and/or the Contingent Special Tax.

"State" means the State of California.

"Tax Escalation Factor" means for Tax Zone No. 1, a factor equal to 3% that will be applied annually after Fiscal Year 2024/25 to increase the Maximum Annual Special Tax and the Maximum Contingent Special Tax shown in Section C.

"Taxable Property" means all of the Assessor's Parcels within the boundaries of CFD No. 2025-01 that are not Exempt Property.

"Welfare Exempt Property" means, in any Fiscal Year, all Parcels within the boundaries of CFD No. 2025-01 that (a) have been granted a welfare exemption by the County under subdivision (g) of Section 214 of the Revenue and Taxation Code indicated in the Assessor's Data finalized as of January 1 of the previous Fiscal Year, and (b) are exempt from the Special Tax pursuant to Section 53340(c) of the Act.

B. DETERMINATION OF TAXABLE PARCELS

Each Fiscal Year, the CFD Administrator shall determine the valid Assessor's Parcel Numbers for all Taxable Property within CFD No. 2025-01. If any Assessor's Parcel Numbers are no longer valid, the CFD Administrator shall determine the new Assessor's Parcel Number or Numbers in effect for the then-current Fiscal Year. To the extent a Parcel or Parcels of Taxable Property are subdivided, consolidated, or otherwise reconfigured, the Maximum Annual Special Tax and the Maximum Annual Contingent Special Tax shall be assigned to the new Assessor's Parcels Numbers pursuant to Section C. The CFD Administrator shall also determine: (i) the Development Area within which each Parcel is located by referencing Attachment C, hereto; (ii) the number of Acres each Parcel contains; and (iii) the Annual Special Tax Requirement and, if applicable, the Annual Contingent Special Tax Requirement, for the Fiscal Year.

C. MAXIMUM ANNUAL SPECIAL TAX RATES

The Maximum Annual Special Tax and the Maximum Contingent Special Tax for each Assessor's Parcel of Taxable Property within CFD No. 2025-01 shall be assigned below:

1. Maximum Annual Special Tax

The Maximum Annual Special Tax for each Assessor's Parcel of Taxable Property within all Development Areas within CFD 2025-01 shall be assigned according to Table 1, below:

TABLE 1
MAXIMUM ANNUAL SPECIAL TAX RATES
FISCAL YEAR 2024/25*

Property Type	Maximum Annual Special Tax	Per
Taxable Property	$ 464.45	Acre

*On July 1 of each Fiscal Year, commencing on July 1, 2025, the Maximum Annual Special Tax rates shall be increased by Tax Escalation Factor.

2. Maximum Contingent Special Tax

The Maximum Contingent Special Tax for each Assessor's Parcel of Taxable Property within each Development Area within CFD 2025-01shall be assigned according to Table 2, below:

TABLE 2
MAXIMUM CONTINGENT SPECIAL TAX RATES
FISCAL YEAR 2024/25*

Property Type	Development Area	Maximum Contingent Special Tax	Per
Taxable Property	Campus	$673.43	Acre
	Homestead	3,273.47	Acre
	Merge	1,904.06	Acre
	Ranch	1,548.62	Acre
	Transwestern	1,680.86	Acre
	WalMart	2,654.20	Acre

*On July 1 of each Fiscal Year, commencing on July 1, 2025, the Maximum Contingent Special Tax rates shall be increased by Tax Escalation Factor.

D. METHOD OF APPORTIONMENT OF THE SPECIAL TAXES

1. Annual Special Tax

All Taxable Property shall be subject to the Annual Special Tax. The Annual Special Tax shall be levied by the CFD Administrator each Fiscal Year.

The Annual Special Tax Requirement shall be apportioned to each Parcel within CFD No. 2025-01 by the method shown below.

First: Determine the Annual Special Tax Requirement.

Second: Levy the Annual Special Tax on each Parcel of Developed Property, Proportionately, up to the applicable Maximum Annual Special Tax.

Third: If additional monies are needed to satisfy the Annual Special Tax Requirement after the second step has been completed, the Annual Special Tax shall be levied Proportionately on all Undeveloped Property at a rate up to 100% of the Maximum Annual Special Tax.

2. Contingent Special Tax

If applicable, as determined by the City, all Taxable Property shall be subject to the Contingent Special Tax. The Contingent Special Tax shall be levied by the CFD Administrator each Fiscal Year in which the City deems it applicable.

The Contingent Special Tax Requirement shall be apportioned to each Parcel within CFD No. 2025-01 by the method shown below.

First: Determine the Contingent Special Tax Requirement.

Second: Levy the Contingent Special Tax on each Parcel Developed Property, Proportionately, up to the applicable Maximum Contingent Special Tax.

Third: If additional monies are needed to satisfy the Contingent Special Tax Requirement after the second step has been completed, the Contingent Special Tax shall be levied Proportionately on all Undeveloped Property at a rate up to 100% of the Maximum Contingent Special Tax.

E. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no Special Tax shall be levied on Open Space Property, Property Owner's Association Property, Assessor's Parcels comprising detention basins or roads, or with public or utility easements making impractical their utilization for any use other than the purposes set forth in the easement, or Public Property, except as otherwise provided in Sections 53317.3, 53317.5 and 533401 of the Act.

No Special Tax shall be levied on any Assessor's Parcel in any Fiscal Year in which such Assessor's Parcel is classified as Welfare Exempt Property.

F. APPEAL OF SPECIAL TAX LEVY

Any property owner may file a written appeal of the Special Tax with the CFD Administrator claiming that the amount or application of the Special Tax is not correct. The appeal must be filed not later than one calendar year after having paid the Special Tax that is disputed, and the appellant must be current in all payments of the Special Tax. In addition, during the term of the appeal process, all Special Tax levied must be paid on or before the payment date established when the levy was made.

The appeal must specify the reasons why the appellant claims the Special Tax is in error. The CFD Administrator shall review the appeal, meet with the appellant if the CFD Administrator deems necessary, and advise the appellant of its determination.

If the property owner disagrees with the CFD Administrator's decision relative to the appeal, the owner may then file a written appeal with the City Council whose subsequent decision shall be final and binding on all interested parties. If the decision of the CFD Administrator or subsequent decision

by the City Council requires the Special Tax to be modified or changed in favor of the property owner, then an adjustment shall be made to credit the Special Tax in future years.

This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to filing any legal action by such owner.

G. INTERPRETATIONS OF RATE AND METHOD OF APPORTIONMENT

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the rates and method of apportioning the Special Tax. In addition, the interpretation and application of any section of this document shall be at the City's discretion. Interpretations may be made by the City Council by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment of Special Tax.

H. MANNER AND DURATION OF SPECIAL TAX

The Special Tax shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided that the City may directly bill the Special Tax, may collect the Special Tax at a different time or in a different manner if needed to meet the financial obligations of CFD No. 2025-01, and may collect delinquent Special Taxes through available methods.

The Special Tax shall be levied commencing in Fiscal Year 2024/25 to the extent necessary to satisfy the Annual Special Tax Requirement and shall be levied each Fiscal Year thereafter for as long as required to satisfy the Annual Special Tax Requirement.

I. PREPAYMENT OF SPECIAL TAX

The Special Tax may not be prepaid.

ATTACHMENT A
CITY OF EASTVALE
COMMUNITY FACILITIES DISTRICT NO. 2025-01
(LIMONITE)

DESCRIPTION OF ANNUAL SERVICES

Annual Services

- Maintenance of the irrigation system, meter, and all landscaping within the median on Limonite Avenue from Hellman to 1,100 feet east of the intersection of Limonite Avenue and Taylor Way.

- Maintenance of 34-Watt LED Pedestrian Lights.
- Contribution of the maintenance of the traffic signals within the District.
- Graffiti Removal within the boundary of the Community Facilities District in the public right-of-way.
- Maintenance of the irrigation system, meter, greenery, and other landscaping within the parkway slope areas near the Limonite Bridge.

General

CFD No. 2025-01 may fund any of the following related to the services in this Description of Annual Services: obtaining, constructing, furnishing, operating and maintaining equipment, apparatus or facilities related to providing the services and/or equipment, apparatus, facilities or fixtures in areas to be maintained, paying the salaries and benefits of personnel necessary or convenient to provide the services, payment of insurance costs and other related expenses and the provision of reserves for repairs and replacements and for the future provision of services. It is expected that the services will be provided by the City, either with its own employees or by contract with third parties, or any combination thereof.

The services to be financed by the CFD are in addition to those provided in the territory of CFD No. 2025-01 before the date of creation of CFD No. 2025-01 and will not supplant services already available within that territory when CFD No. 2025-01 is created.

Administrative Expenses

The administrative expenses to be funded by CFD No. 2025-01 include the direct and indirect expenses incurred by the City in carrying out its duties with respect to CFD No. 2025-01 (including, but not limited to, the levy and collection of the special taxes) including the fees and expenses of attorneys, any fees of the County related to CFD No. 2025-01 or the collection of special taxes, an allocable share of the salaries of the City staff directly related thereto and a proportionate amount of the City's general administrative overhead related thereto, any amounts paid by the City from its general fund with respect to CFD No. 2025-01 or the services authorized to be financed by CFD No. 2025-01, and expenses incurred by the City in undertaking action to foreclose on properties for which the payment of special taxes is delinquent, and all other costs and expenses of the City in any way related to CFD No. 2025-01.

Other

The incidental expenses that may be funded by CFD No. 2025-01 include, in addition to the expenses identified above, the payment or reimbursement to the City of all costs associated with the establishment and administration of CFD No. 2025-01.
