LEA submitted a proposal, which SCOE and SCCOE determined complied with AB 121 and its priorities. Accordingly, LEA was selected for Bridge Grant based on the representations in its proposal, and this MOU sets forth the terms and conditions of the award of the funding to LEA.

B. Term and Dates of Use

The term of this MOU is July 1, 2025 - June 30, 2026, and it will become effective after it is signed by both parties. The parties hereby agree that upon execution of this agreement, the agreement shall be retroactively effective to July 1, 2025 with the same force and effect as if it had been executed on that date.

C. SCOE agrees to:

1. Distribute Bridge Grant to LEA, as set forth in the Fiscal section, to be used consistent with the terms of AB 121.
2. Provide a report to CDE, the State Board of Education, the Department of Finance, the State Department of Health Care Services, the California Health and Human Services Agency, and appropriate policy and fiscal committees of the Legislature on the information required by AB 121, including the following information specific to LEA:
   a. The amount of Bridge Grant requested by LEA disaggregated by the two priorities listed in section A above, and
   b. The amount of Bridge Grant awarded to LEA, and the purpose of the funding, disaggregated by the two priorities listed.

D. LEA agrees to:

1. Utilize Bridge Grant in alignment with LEA's submitted grant proposal and budget that was approved by SCOE and SCCOE and consistent with AB 121. LEA's grant proposal is attached, and its terms are incorporated into this MOU.
2. Ensure that any deviations from the purposes and spending plan set forth in the grant proposal are consistent with the overall goal of the priority areas identified in the proposal.
3. Maintain documentation regarding the purposes of the funding, expenditure of funding, and how the funding was utilized to support the priority areas.

E. Fiscal

SCOE will distribute $ $42,320.00 dollars to LEA to be used consistent with its proposal for the following priorities:

Priority Area (1): $42,320.00

Priority Area (2):$0

The funds will be distributed by SCOE to LEA in a single, lump-sum payment, within 30 days of receipt of a valid invoice from LEA. An invoice will be considered valid upon the execution of an MOU with SCOE. All funds must be expended by June 30, 2026.

F. General Terms

1. Indemnity. Each party agrees to defend, indemnify, and hold harmless the other party (including its directors, agents, officers and employees), from any claim, action, or proceeding arising from any actual or alleged act or omission of the indemnifying party, its director, agents, officers, or employees arising from the indemnifying party's duties and obligations described in this agreement or imposed by law.

   It is the intention of the parties that the provisions of this paragraph be interpreted to impose on each party responsibility to the other for the acts and omissions of their respective elected and appointed officials, employees, representatives, agents, and subcontractors. It is also the intention of the parties that where comparative fault is determined to have been contributory, principles of comparative fault will be followed. This provision will survive the termination of the MOU.

2. Independent Agents. This MOU is by and between independent agents and does not create the relationship of agent, servant, employee, partnership, joint venture and/or association between the independent agents.

3. Audit. SCOE, the State of California, or their agents shall have the right to review and to copy any records and supporting documents pertaining to the performance of this MOU for an audit or for any other purpose related to performance of this MOU. LEA agrees to maintain such records for possible audit for a minimum of five years after final payment, unless a longer period of records retention is stipulated. LEA also agrees to be financially responsible for any audit exceptions that arise related to its performance under this MOU.

4. Availability of Funds. This MOU is contingent on SCOE receiving full funding for services hereunder and may be immediately terminated if its funding for the contract is reduced or eliminated. In addition, both parties understand that if SCOE does not receive sufficient funds, this MOU shall be amended to reflect any reduction in funds.

5. Nondiscrimination. Any service provided by the parties pursuant to this MOU shall be without discrimination based on the actual or perceived race, religious creed, color,

DRAFT

national origin, nationality, immigration status, ethnicity, ethnic group identification, ancestry, age, marital status, pregnancy, physical or mental disability, medical condition, genetic information, gender, gender identity, gender expression, sex, or sexual orientation, in accordance with all applicable Federal and State laws and regulations.

6. Insurance. All parties shall maintain in full force Commercial General Liability Insurance with limits of no less than $2,000,000 per occurrence and $4,000,000 aggregate. Such requirement may be satisfied by coverage through a joint powers authority. SCOE shall be named as an additional insured to LEA's policy. Evidence of insurance coverage, including an endorsement naming SCOE as an additional insured, shall be furnished upon request by a party to this agreement.
7. Force Majeure. No party shall be liable to the other for delays or failures in performance under this MOU for events beyond their reasonable control, including acts of God, war, government regulation, terrorism, disaster, strikes of a third-party, civil disorder, curtailment of transportation facilities, pandemics, infectious disease outbreaks, or similar occurrence beyond the party's control, making it impossible, illegal, or commercially impracticable for one or both parties to perform its obligations under this MOU, in whole or in part. Any funds not expended pursuant to this clause will be returned to SCOE.
8. Entire Agreement. This MOU constitutes the entire agreement and understanding of the parties. All prior understandings, terms or conditions are deemed merged into this MOU. Any changes to this MOU must be agreed to in writing by all parties.
9. Execution. The undersigned represent that they are authorized representatives of the parties. This MOU may be executed in counterparts each of which shall be deemed an original, but all of which together shall constitute one and the same document. Photographic copies of the signed counterparts may be used in lieu of the originals for any purpose.

AGENDA ITEM

Agenda Title:	Approval of Data Sharing Memorandum of Understanding (MOU) for the California Community Colleges K12 Strong Workforce Program
Meeting Date:	February 12, 2026
Item:	Consent

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
Approval of the Data Sharing Memorandum of Understanding (MOU) with CalPASS Plus to support required reporting for the K12 Strong Workforce Program.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
Approval of this MOU is required for the district to share existing CALPADS data with CalPASS Plus and remain in compliance with the reporting requirements of the California Community Colleges K12 Strong Workforce Program. Execution of the MOU enables continued participation in the program, supports statewide CTE pathway analysis, and does not require the collection of new student data or changes to existing district reporting practices.

Strategic Design - Vision
Community Partnerships: Shared resources and data advance wellness, attendance, and academic success.

HISTORY *(list previous staff or board action(s) with dates if possible)*
The district previously executed a CalPASS Plus data sharing agreement in 2013 and has shared student data in the past. As part of participation in the California Community Colleges K12 Strong Workforce Program, annual data submission to CalPASS Plus is required for grant compliance. CalPASS Plus is now managed by California Community Colleges Chancellor's Office, requiring execution of an updated Memorandum of Understanding for the 2025-26 reporting cycle.

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
N/A

WHO *(list the name of the contact person(s), job title, and site location)*
Lisa Claussen, Director of Student Services

Description
K12 LEA MOU 2025.pdf

K12 Strong Workforce Program

Data Sharing

Memorandum of Understanding

This data sharing Memorandum of Understanding ("MOU") is entered into by the California Community Colleges Chancellor's Office ("Chancellor's Office") and

(referred to below as the "Entity"). This MOU shall be referred to as the "K12 Strong Workforce Program Data Sharing MOU."

I. PURPOSE

The purpose of this MOU is to document the terms and conditions under which the ENTITY agrees to release confidential student data to the Chancellor's Office for the purposes of:

1. Carrying out the responsibilities and advancing the purposes set forth in the California Strong Workforce Program ("SWP"), Education Code section 88821 et. seq.;

2. Fulfilling data reporting obligations set forth in SWP legislation, including without limitation Education Code section 88828;

3. Complying with the terms of SWP grant award(s);

4. Collecting, maintaining, and reporting data to facilitate program coordination and alignment with other workforce training, education, and employment services and operate in compliance with the California Strategic Workforce Development Plan and the federal Workforce Innovation and Opportunity Act, including audits and evaluations of such state and federally funded education programs.

II. FERPA COMPLIANCE

Chancellor's Office is authorized to receive the data elements listed in this MOU under the following the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR part 99) ("FERPA") exceptions:

A. Chancellor's Office is considered a Contractor by Entity in collecting, maintaining and reporting Entity's data pursuant to 34 CFR §§ 99.31(a)(1) and 99.7(a)(3)(iii).]

B. Chancellor's Office is designated as the "Authorized Representative" of Entity for purposes of collecting, maintaining and reporting Entity's data audit or evaluate a Federal or State supported education program or comply with federal requirements of such programs. 34 CFR §§ 99.31(a)(3) and 99.35

III. SCOPE OF WORK

A. The state allocates funds to the Chancellor's Office to administer the Request for Applications (RFA) and related awards to local education agencies for the K12 Strong Workforce Program (SWP) to create, support, and/or expand high-quality CTE at the K–12 level (Education Code, Section 88827). The Chancellor's Office collects data as a Contractor of the local education agencies relating to the SWP to advance the objectives of SWP, including without limitation, supporting collaboration across education systems and supporting the development and implementation of high-quality, equity driven K-14 career technical education course sequences, programs, and pathways.

B. The Scope of Data Sharing is detailed in the table below.

File Name	Description
SENR	Student Enrollment
SINF	Student Information (demographics, etc.)
STAS	Student Absence Summary
SPRG	Student Programs
CRSC	Course Completion
SCSC	Student Course Completion
SCTE	Student Career Technical Education
SELA	Student English Language Acquisition
SDIS	Student Discipline File
SINC	Student Incident
SIRS	Student Incident
SOFF	Student Offense
PSTS	Post-Secondary Status

IV. DEFINITIONS

The following definitions apply for the purposes of this MOU:

C. **"Project(s)"** means the collection of Data by the Chancellor's Office as a contractor of Entity to comply with the SWP legislation or related grant(s) and/or as the authorized representative of Entity to maintain datasets for an audit or evaluation of a federal or state supported education programs or to enforce or comply with federal legal requirements that relate to those programs as described in sections I through III.

D. **"Authorized Personnel"** means those persons employed by the Chancellor's Office and Chancellor's Office contractors who have a legitimate educational interest and must have access to the Entity's data in order to perform their official duties in connection with the use of data authorized by this MOU in sections I through III.

E. **"Confidential Data"** means information maintained by state agencies that is exempt from disclosure under the provisions of the California Public Records Act (Government Code Section 7920.100 et seq.) or other applicable state or federal laws, whether or not marked "confidential," "proprietary," "privileged" or with similar markings. Confidential Data includes Personally Identifiable Information as defined in subsection (E) and any derivation, aggregation, alteration, modification, or compilation thereof except for De-identified data.

F. **"Contractor"** For the purposes of this DPA and pursuant to FERPA 34 CFR § 99.31(b), a Contractor is authorized by the Entity to (1) Perform an institutional service or function for which the agency or institution would otherwise use employees, including without limitation maintaining and reporting Entity data; (2) Is under the direct control of Entity with respect to the use and maintenance of the SWP data elements as exercised through this MOU, the SWP legislation and the Entity's election to participate in the SWP grant; and (3) Is subject to FERPA 34 CFR § 99.33(a) governing the use and re-disclosure of personally identifiable information from educational records.

G. **"Data"** or "**data"** is a representation of information, facts, concepts, or instructions in a formalized manner suitable for communication, interpretation, or processing by humans or by automated means, whether confidential or publicly available.

H. **"Personally Identifiable Information (PII)"** is any information or data about an individual maintained by an agency that identifies or describes an individual, including but not limited to (1) any information that can be used to distinguish or trace an individual's identity, such as name, social security number, date and place of birth, mother's maiden name or biometric records; and (2) any other information that is linked or linkable to an individual, such as medical, educational, financial and employment information.

I. **"De-identified"** means information or data that is no longer personally identifiable; personal information has been removed.

J. **"Breach"** means the acquisition, access, use, or disclosure of Confidential Data, including PII, in a manner not permitted under this MOU, FERPA, California Education Code, California Information Practices Act, or other applicable federal or state law which compromises the security or privacy of PII.

K. **"Contact Person"** means the person(s) designated in section IV.

V. CHANCELLOR'S OFFICE RESPONSIBILITIES

A. *Data Security.* The Chancellor's Office shall use, disclose, manage and protect the Confidential Data, including PII, received in accordance with the MOU, the Chancellor's Office Data Security Policies, and all applicable federal and state laws. The Confidential Data shall not be used for personal or private gain or profit and may only be used for the Project(s) identified in sections I through III of this MOU.

B. *Indemnification.* Each Party shall defend, indemnify, and hold the other Party harmless from any and all claims arising out of or in connection with their respective actions or inactions under this MOU, including without limitation, acts or omission in the receipt, transfer, disclosure, re-disclosure, security, use or handling of Confidential Data, including PII.

C. *Redisclosure of Received Data.* Chancellor's Office may redisclose Data or Confidential Data, including PII, received under this MOU as long as the redisclosure is for the Project purpose and is subject to a written agreement with confidentiality terms applicable federal and state laws.

D. *Publications.* The Chancellor's Office shall not include in any final report data that may lead to the disclosure of Confidential Data, including PII, when combined with other available data sets. In cases where the Chancellor's Office believes the release of data may lead to the disclosure of Confidential Data, including PII, it shall merge the data into a larger data set.

E. The Chancellor's Office shall comply with this MOU and the Scope of Data Sharing for the use, transmission, destruction, and the security of any data received under this MOU.

F. The Chancellor's Office will not, under any circumstances, identify any person, household or family, nor contact any individuals reflected in the data, unless otherwise required by law.

G. The Chancellor's Office will designate a contact person to be responsible for oversight and supervision of the security and confidentiality of the data. The Chancellor's Office will immediately notify the Entity in writing of any change to this designation. The Chancellor's Office contact person is:

Tadeh Houspian
Information Security Officer
Digital Innovation and Infrastructure Division
1102 Q Street, 6th Floor
Sacramento, CA 95811
(916) 324-8902
Email: thouspian@cccco.edu with cc to: iso@cccco.edu

The Chancellor's Office liaison for this MOU is:

John Hetts
Executive Vice Chancellor
California Community Colleges Chancellor's Office
1102 Q Street, 6th Floor Sacramento, CA 95811
jhetts@cccco.edu

H. All Chancellor's Office staff, authorized personnel, or its designees handling or having access to the data must sign a non-disclosure agreement before having access to any Confidential Data.

VI. ENTITY RESPONSIBILITIES

A. The Entity will securely transfer a data set using a Chancellor's Office provided secure tool to the Chancellor's Office solely for the purposes identified, and as authorized, by the terms of this MOU.

B. The Entity will designate a contact person to be responsible to act in a liaison capacity throughout the term of this MOU.

The Entity will immediately notify all parties in writing of a change in designation. The contact person is:

NAME:

PHONE:

EMAIL:

C. Entity will designate a contact person to be responsible for oversight and supervision of the security and confidentiality of the data throughout the term of this MOU. The Entity will immediately notify all parties in writing of a change in designation. The contact person is:

NAME:

PHONE:

EMAIL:

D. Entity shall comply with this MOU and the Scope of Data Sharing for the transmission and the security of any data transmitted under this MOU.

E. Entity shall include the Chancellor's Office and/or this MOU as within Entity's criteria for determining who constitutes a School Official or Contractor and what constitutes a legitimate educational interest in its annual notification of rights.

VII. TERM

This MOU is effective when signed by all parties and remains in effect while the Entity remains a grantee under the K12 SWP, unless terminated by either party pursuant to Section VIII of this MOU.

VIII. OWNERSHIP

At all times, the Entity's data that has been provided to the Chancellor's Office pursuant to this MOU, is the property of the Entity. The Chancellor's Office has no property interest or ownership claim in the Entity data.

IX. GENERAL PROVISIONS

A. **Amendment and Assignment:** This MOU may be amended at any time by mutual agreement of the Chancellor's Office and the Entity in writing and signed by each party. The appointment of Entity as the Chancellor's Office authorized representative may not be assigned or otherwise transferred to another entity.

B. **Termination:** This MOU may be terminated by either party without cause by written notice. All data released as part of this MOU will be immediately destroyed once all statutory requirements of the K12 SWP have been met or are no longer in force. In the event of a written notice of termination of this MOU, both Parties shall abide by all legal obligations stated in this MOU or as required by federal and state law for the protection of confidentiality.

C. **Dispute Resolution Process:** If a genuine dispute arises between the parties, the resolution process outlined below must be followed.

1. If the dispute cannot be resolved informally, the dissatisfied party may request dispute resolution by directing the dispute, in writing, to the other party's supervisor. The grievance must state the disputed issues and the relative positions of the parties. The supervisor shall render a written decision within ten (10) working days after receipt of the written grievance from the dissatisfied party. Should the dissatisfied party disagree with the written response that party may appeal in writing to the appropriate superior of the supervisor making the initial determination. The decision on the appeal shall be in writing and shall be final.

2. For disputes regarding the disclosure by the Chancellor's Office of Confidential Data, including PII, provided by the Entity under this MOU, a written request by the Entity's Contact Person to halt or change the use of the data shall be sufficient to halt or change the use of the data as identified in the request.

3. During the dispute process, the Entity will comply with the written request of the Chancellor's Office regarding the use of the data.

X. ENTIRE AGREEMENT

This MOU, including its Attachments, constitutes the entire agreement between the Chancellor's Office and the Entity regarding this matter. Any prior agreements or any oral representations between the parties concerning the subject matter of this MOU shall be of no force or effect.

The invalidity in whole or in part of any provisions of this MOU shall not void or affect the validity of any other provisions of this MOU.

XI. GOVERNING LAW AND VENUE

This MOU is made and entered into in the County of Sacramento, State of California. The rights and obligations of the parties and the interpretation and performance of this MOU shall be governed by the laws of the State of California, excluding any statute that directs application of the laws of another jurisdiction. Each party hereby agrees that any action which, in whole or in part, in any way arises under this MOU shall be brought in the State of California, Sacramento County Superior Court, or the United States District Court, Eastern District of California.

XII. EXECUTION

Each of the persons signing this MOU represents that he or she has authority to sign on behalf of and to bind such party.

In witness whereof, the California Community Colleges Chancellor's Office and the Entity have executed this MOU as of the date of the signatures below.

AGENDA ITEM

Agenda Title:	Approval of Marshall Family Resource Center Application for Together We Thrive - Humboldt Area Foundation Grant
Meeting Date:	February 12, 2026
Item:	Consent

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board is asked to approve the Marshall Family Resource Center's request to apply for the Together we Thrive - Humboldt Area Foundation grant, which may result in a substantial financial contribution if selected.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
The Marshall Family Resource Center (MFRC) supports students and families experiencing homelessness, foster care placement, and other significant hardships. During this current school 2025-2026, MFRC received a 5% decrease in funding from the Department of Health and Human Services (DHHS) and recently were made aware that they will be receiving another 5% decrease in funding. The Center is applying for this grant to help supplant their needs to support our community with items such as: eye glasses, exams, diapers, hygiene supplies, emergency clothes and shoes, emergency food bags, and general materials and supplies for the MFRC office.

Strategic Design - Vision
Community Partnerships: Partnerships align academic, emotional, and social supports.

HISTORY *(list previous staff or board action(s) with dates if possible)*
N/A

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
If awarded it ranges from $5,000 to $15,000

WHO *(list the name of the contact person(s), job title, and site location)*
Taevia Salazar, Marshall Family Resource Center Coordinator
Lisa Claussen, Student Services Director

AGENDA ITEM

Agenda Title:	Approval of Student Placement Agreement Between California State University, Chico and Eureka City Schools for Speech -Language Pathology Student Internship
Meeting Date:	February 12, 2026
Item:	Consent

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board is asked to approve the Student Placement Agreement between Eureka City Schools and California State University Chico.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
Approval of this Student Placement Agreement allows Eureka City Schools to partner with California State University , Chico to support the professional preparation of a Speech-Language Pathology student while enhancing services for students. The internship provides supervised, hands-on experience for the intern and supports the district's ongoing commitment to high quality speech and language services during the Fall 2026 or Spring 2027 term.

Strategic Design - Vision
Personnel: All ECS staff are hired, empowered, and retained because of their passion for educating children and young adults. When in doubt, we do not hire - we keep looking until we find individuals who meet our high standards.

HISTORY *(list previous staff or board action(s) with dates if possible)*
Eureka City Schools has previously partnered with California State University, Chico to provide a Speech-Language Pathology internship opportunity in 2021.

Description
Student Placement Agreement with ECS and CSUC for SPL internship 2026-27.pdf

California State University Chico

Student Placement Agreement
between
California State University, Chico and

Eureka City Schools

This agreement ("Agreement") is between the Trustees of the California State University on behalf of California State University, Chico ("University") and **Eureka City Schools** ("Organization"). In consideration of the mutual promises set forth below, the University and Organization ("Parties") agree as follows:

I. Organization's Responsibilities

A. Identify the student's supervisor. The supervisor agrees to meet with the student regularly to facilitate the student's learning experience, provide support, review progress on assigned tasks, verify service hours, and give feedback.

B. Provide an orientation that includes a site tour; an introduction to staff; a description of the characteristics of and risks associated with the Organization's operations, services and/or clients; a discussion concerning safety policies and emergency procedures; patient confidentiality and HIPAA privacy and security (if applicable); and information detailing where students check in and how they log their time.

C. Provide the student with a written description of the student's tasks and responsibilities.

D. Provide appropriate training, personal protective equipment, materials, and work area for students prior to students performing assigned tasks or working with the Organization's clients. Appropriate training shall include, but not be limited to, pandemic training as it relates to the student's learning activities.

E. Inform the student of the need for a background check, fingerprinting and/or a tuberculosis test (if applicable); obtain the student's fingerprints, background check and/or tuberculosis test (if applicable); and maintain the confidentiality of any results as required by federal and state law.

F. Evaluate the student if requested by the University and contact the University if the student fails to perform assigned tasks or engages in misconduct.

G. Notify the University as soon as is reasonably possible of any injury to or illness of a student participating in a learning activity at the Organization.

II. University's Responsibilities

A. The University will advise the student(s) of their responsibility to:
   1. Participate in all training required by the Organization.
   2. Exhibit professional, ethical, and appropriate behavior when at the Organization.
   3. Complete all assigned tasks and responsibilities in a timely and efficient manner.
   4. Abide by the Organization's rules and standards of conduct.

5. Maintain the confidentiality of the Organization's proprietary information, records and information concerning its clients.

B. Create a Learning Plan guiding faculty, student and site supervisor expectations of activities, performance of duties including hours of work required, evaluation of the student and expected learning outcomes.

C. The University will advise the student that neither the University nor the Organization assumes any financial responsibility in the event they are injured or become ill as a result of their participation in a learning activity at the Organization.

D. Provide the student with general and professional liability insurance in the amount of $2,000,000 per occurrence, $4,000,000 general aggregate. This insurance only applies if both parties have signed this Agreement.

E. University shall direct Students and University Personnel to respect the confidential nature of the health or personnel information relating to the Organization. University shall ensure that all Students and University Personnel working within the Organization and having access to Protected Health Information will receive training on the Health Insurance Portability and Accountability Act of 1996, appropriate to their job function. University shall retain documentation of student training for at least six years. Organization shall adopt and enforce policies and procedures necessary to protect the confidentiality of Student records.

III. General Provisions

A. This Agreement will become effective as of the date last written below and continue for a period of 5 years unless terminated by either party after giving the other party 30 days written notice of the intent to terminate. If the Organization terminates this Agreement, it will permit any student working at the Organization at the time of termination to complete his/her work. At the 5-year termination date, the agreement can be renewed once it has been reviewed, updated as applicable and executed by the appropriate parties.

B. The Organization and the University agree to indemnify, defend, and hold harmless each other from any and all liability for any personal injury, damages, wrongful death or other losses and costs, including but not limited to reasonable attorney fees and defense costs, arising out of the negligence or willful misconduct of their respective officers, employees, agents, or volunteers in the performance of this Agreement. This paragraph will survive expiration or termination of this Agreement.

C. Each party agrees to maintain general liability coverage through an insurance policy or programs of self-insurance of at least $2,000,000 per occurrence, $4,000,000 aggregate. Insurance policies procured to meet the aforementioned coverage requirement must be placed with insurers with a current A.M. Best rating of at least A: VII. Evidence of coverage shall be provided upon request. The Organization becomes an additional insured to the University student general and professional liab lity insurance (SAFECLIP/SPLIP) policies upon full execution of this Agreement.

D. The University's insurance shall be primary, and the Organization's insurance shall be non-contributory. The University shall waive al subrogation rights against the Organization.

E. The Organization and the University will meet upon request or as necessary to resolve any potential conflicts and to facilitate a mutually beneficial experience for all involved.

F. The Organization may dismiss a student if the student violates its standards, mission, or goals. The Organization will document its rationale for terminating a student and provide the University with a copy of the rationale upon request.

G. Students participating in a learning activity at the Organization are not officers, employees, agents, or volunteers of the University. Students participating in a learning activity at the Organization are not officers, employees, agents, or volunteers of the Organization, unless they are paid by the Organization in which case the student(s) become employees of the Organization.

H. Nothing contained in this Agreement confers on either party the right to use the other party's name without prior written permission or constitutes an endorsement of any commercial product or service by the University.

I. This Agreement may not be altered unless both parties agree in writing. The parties agree to follow all applicable federal, state, and local laws and regulations, including but not limited to laws prohibiting discrimination and harassment.

J. Any notices required by this Agreement will be deemed to have been duly given if communicated to the following individuals:

Site Assessment for Internship Placement

The **Site Assessment for Internship Placement** form assesses the academic appropriateness of an internship site for credit bearing student placements/internships and will identify any potential hazards or risks associated with the placement. The Site Assessment form is to be completed by a university representative and may be conducted over the phone or via email. Upon site approval, please submit the completed form to studentplacementagmt@csuchico.edu to initiate the contracting process. Student may begin their internship once an executed contract is on file.

To access the appropriateness of the internship site, please confirm the following:

Has an evaluation of the internship site been conducted to ensure the educational environment is appropriate and related to the student's field of study?	Yes ☑	No ☐ →	Conduct assessment and evaluate site for appropriateness.
Does the internship site have an appropriate individual to act as the student's site Supervisor?	Yes ☒	No ☐ →	Contact site to determine appropriate site supervisor.
Does the internship site agree to collaborate with Faculty/Internship Coordinator regarding student selection, necessary skills and pre-requisites (details to be included in the Student Learning Plan)?	Yes ☒	No ☐ →	Re-evaluate the appropriateness of the site.
Will the internship site provide appropriate training, including health, safety & emergency procedures?	Yes ☒	No ☐ →	Contact Risk Management to discuss further evaluation of site.
Does internship site provide training & personal protective equipment when students work with any hazardous materials or machinery? (If N/A select Yes)	Yes ☒	No ☐ →	Contact Risk Management to discuss further evaluation of site.
Does the internship site have General Liability insurance?	Yes ☒	No ☐ →	Contact Risk Management to discuss further evaluation of site.
Will the site provide direct supervison when students work with youth (under 18)? - select Yes if not applicable.	Yes ☒	No ☐ →	Contact Risk Management to discuss further evaluation of site.

Please contact Risk Management at Ext. 6588 or at risk@csuchico.edu with any potential safety concerns that have not been sufficiently addressed by the site assessment form. The site is approved when all the responses to the above questions are "Yes." Please submit completed site assessment to studentplacementagmt@csuchico.edu.

AGENDA ITEM

Agenda Title:	Approval of Agreement between Eureka City Schools and Colleen Slattery, Consultant for Coaching Services
Meeting Date:	February 12, 2026
Item:	Consent

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board is asked to approve the agreement between Eureka City Schools and Colleen Slattery to provide professional and leadership coaching services for Personnel and Public Affairs Director, Kristi Puzz.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*

Leadership coaching supports the ongoing development and effectiveness of district leadership. These services are designed to strengthen strategic decision-making, organizational leadership, communication, and alignment with Board goals. Leadership coaching provides confidential, research-based support to enhance executive performance, manage complex organizational challenges, and sustain effective leadership practices in a dynamic educational environment. Investing in leadership development contributes to organizational stability, improved staff engagement, and continuity of district initiatives, ultimately supporting learner achievement and district priorities.

Strategic Design - Vision
Personnel: Maintain high expectations, supported by coaching, mentorship, and accountability.

HISTORY *(list previous staff or board action(s) with dates if possible)*
N/A

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
This contract proposes an hourly rate of $180, to be billed monthly, and not to exceed $6000 for the 2025-26 fiscal year.

WHO *(list the name of the contact person(s), job title, and site location)*
Kristi Puzz, Director of Personnel and Public Affairs

Personnel Resources
Colleen Slattery, Consultant
7016 Adelaide Drive
Roseville, CA 95747
Contract

THIS CONTRACT was made and entered into this **1st day of January 2026**, by and between, **Human Resources, Colleen Slattery, Consultant, hereinafter** called the **PROVIDER**, and Eureka City Schools, hereinafter called the **DISTRICT**.

The parties do hereby contract and agree as follows:

1. The **PROVIDER** shall furnish the **DISTRICT** with leadership consultation to the Superintendent and Human Resources Department, on an as needed basis, at a rate of $180 per hour, billed in one quarter hour increments. Consultations will depend on the needs of the **DISTRICT** and will be logged and invoiced monthly. Consultations will be conducted in person, via Zoom, telephonically, text or email. Total fees shall not exceed $ 6000.00.

2. The term of this contract shall begin on **January 1, 2026,** and will terminate on or before **June 30, 2026.** The **DISTRICT** has the option of renewing the agreement to extend beyond said termination date.

3. Payment Schedule – Payment for the work shall be made upon submission of monthly invoices including the **PROVIDER's** work log and approved by an agent of the DISTRICT who shall authorize payment approval (by signature) of the work. Said approval shall not be unreasonably withheld. All invoices for services must be submitted from the **PROVIDER** to the **DISTRICT** within thirty (30) calendar days after services are performed.

4. Either party has the option of terminating this agreement with a 30-Day Written Notice.

Service Provider: Human Resources	**Eureka City Schools**
Consultant: Colleen Slattery	**Authorizing Agent:**
Signature: Colleen Slattery	**Signature and Date:**
Date: January 1, 2026	
Address: [redacted]	**Address:** 2100 J St. Eureka, CA 95501

AGENDA ITEM

Agenda Title:	Public Hearing, Review of Staff Report, Findings of Facts, and Recommendations, and Consideration to Approve the Charter Petition for Alder Grove Charter School for July 1, 2026, through June 30, 2031, and Approval of the Memorandum of Understanding for Special Education Services
Meeting Date:	February 12, 2026
Item:	Discussion/Action

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
Pursuant to Education Code 47605(b), the Board is required to hold a public hearing to either grant or deny the petition for Alder Grove Charter School. It is recommended that the Board approve the Charter Petition for Alder Grove Charter School for July 1, 2026, through June 30, 2031, and approve the Memorandum of Understanding for Special Education Services

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
The attached Straff Report, Findings of Fact, and Recommendations, provides background on this item and supports the Board's approval of the petition for Alder Grove Charter School along with the Memorandum of Understanding for Special Education Services.

Strategic Design - Vision
Community Partnerships: Partnerships align academic, emotional, and social supports.

HISTORY *(list previous staff or board action(s) with dates if possible)*
Petition Submitted to ECS by Alder Grove - November 11, 2025
Public Hearing #1 - December 11, 2025
Staff Report Published - January 29, 2026
Regular Meeting/Public Hearing #2 - February 12, 2026

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
Not applicable.

WHO *(list the name of the contact person(s), job title, and site location)*
Gary Storts, Superintendent

FOR IMMEDIATE POSTING

NOTICE OF PUBLIC HEARING
Public Hearing to Receive Public Comment on the Board's Decision to Grant or Deny the Charter Petition from Alder Grove Charter School

When: Thursday, February 12, 2026 – 5:30 p.m.

Where: Eureka City Schools Regular Board Meeting
Francis H. Taplin Board Room
2100 J Street
Eureka, CA 95501

NOTICE is hereby given that the Eureka City School District will hold a Public Hearing to receive public comment on the Board's decision to grant or deny the charter petition from Alder Grove Charter School.

Please take notice that on **Thursday, February 12, 2026**, at approximately 5:30 p.m., the Board of Trustees of the Eureka City School District will hold a public hearing in accordance with Education Code section 47605(b) to grant or deny the petition from Alder Grove Charter School. The district received the renewal petition on November 11, 2025 and the public hearing to consider the level of support by teachers employed by the school district, other employees of the school district, and parents, was held on December 11, 2025.

The district's staff report, including the recommended findings, was published on January 29, 2026, at least 15 days prior to the public hearing. A copy of the renewal petition and staff report is available for review on the Eureka City Schools website at www.eurekacityschools.org under "Recent News" and at the Eureka City School District Office, 2100 J Street, Eureka, CA 95501. Please contact the Eureka School District Office at 707-441-2414 if you would like a copy of the materials prior to the Public Hearing.

All interested staff, parents, and community members are invited to attend.

AFFIRMATIONS AND DECLARATION

As the authorized lead petitioner, I, Tim Warner, hereby certify that the information submitted in this petition for renewal of a California public continuing charter school named Alder Grove Charter School [1]("AGCS" and the "Charter School"), to be operated by Alder Grove Charter School ("AGCS"), a California nonprofit public benefit corporation, and to be authorized by Eureka City Schools ("ECS" or the "District") is true to the best of my knowledge and belief; and further, I understand that if awarded a charter, the Charter School will follow any and all federal, state, and local laws and regulations that apply to the Charter School, including but not limited to:

- The Charter School shall meet all statewide standards and conduct the student assessments required, pursuant to Education Code Section 60605 and any other statewide standards authorized in statute, or student assessments applicable to students in non-charter public schools. [Ref. Education Code Section 47605(d)(1)]

- Alder Grove Charter School declares that it shall be deemed the exclusive public school employer of the employees of Alder Grove Charter School for purposes of the Educational Employment Relations Act. [Ref. Education Code Section 47605(c)(6)]

- The Charter School shall be non-sectarian in its programs, admission policies, employment practices, and all other operations. [Ref. Education Code Section 47605(e)(1)]

- The Charter School shall not charge tuition. [Ref. Education Code Section 47605(e)(1)]

- The Charter School shall admit all students who wish to attend the Charter School, unless the Charter School receives a greater number of applications than there are spaces for students, in which case it will hold a public random drawing to determine admission. Except as required by Education Code Section 47605(e)(2) and Education Code Section 51747.3, admission to the Charter School shall not be determined according to the place of residence of the student or of that student's parent or legal guardian within the State. Preference in the public random drawing shall be given as required by Education Code Section 47605(e)(2)(B)(i)-(iv). In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the Charter School in accordance with Education Code Section 47605(e)(2)(C). [Ref. Education Code Section 47605(e)(2)(A)-(C)]

- The Charter School shall not discriminate on the basis of the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, or association with an individual who has any

[1] Through this petition, Alder Grove Charter School-2 or AGCS-2 is changing its name to Alder Grove Charter School. Upon approval of this charter petition, AGCS shall notify the California Department of Education, the Humboldt County Office of Education, and all other relevant entities of its name change. All references herein to Alder Grove Charter School are intended to include the Charter School's historical name, Alder Grove Charter School-2. The historical data shown for AGCS-2 can be found online under the previous name of Alder Grove Charter School-2.

of the aforementioned characteristics). [Ref. Education Code Section 47605(e)(1)]

- The Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, Section 504 of the Rehabilitation Act of 1973 ("Section 504"), Title II of the Americans with Disabilities Act of 1990 ("ADA") and the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA").

- The Charter School shall meet all requirements for employment set forth in applicable provisions of law, including, but not limited to credentials, as necessary. [Ref. Title 5 California Code of Regulations Section 11967.5.1(f)(5)(C)]

- The Charter School shall ensure that teachers in the Charter School hold the Commission on Teacher Credentialing ("CTC") certificate, permit, or other document required for the teacher's certificated assignment. The Charter School may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in the same manner as a governing board of a school district.[Ref. Education Code Section 47605(l)(1)]

- The Charter School shall at all times maintain all necessary and appropriate insurance coverage.

- The Charter School shall, for each fiscal year, offer at a minimum, the number of minutes of instruction per grade level as required by Education Code Section 47612.5(a)(1)(A)- (D).

- If a pupil is expelled or leaves the Charter School without graduating or completing the school year for any reason, the Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades, and health information. If the pupil is subsequently expelled or leaves the school district without graduating or completing the school year for any reason, the school district shall provide this information to the Charter School within 30 days if the Charter School demonstrates that the pupil had been enrolled in the Charter School. [Ref. Education Code Section 47605(e)(3)]

- The Charter School may encourage parental involvement, but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School. [Ref. Education Code Section 47605(n)]

- The Charter School shall adhere to each of the conditions in Education Code Section 47605(e)(4)(A)-(D), including: (A) not discouraging a student from enrolling or seeking to enroll in the Charter School for any reason; (B) not requesting a student's records or requiring a parent, guardian, or student to submit the student's records before enrollment; (C) not encouraging a student currently attending the Charter School to disenroll or transfer

to another school for any reason; and (D) providing a copy of the California Department of Education ("CDE") notice regarding the requirements in Education Code Section 47605(e)(4)(A)-(D) to a parent/guardian or student if the student is 18 years of age or older: (i) when a parent/guardian or student inquires about enrollment, (ii) before conducting an enrollment lottery, or (iii) before disenrollment of a student. [Ref. Education Code Section 47605(e)(4)(A)-(D)]

- The Charter School shall maintain accurate and contemporaneous written records that document all pupil attendance and make these records available for audit and inspection. [Ref. Education Code Section 47612.5(a)(2)]

- The Charter School shall, on a regular basis, consult with its parents, legal guardians, and teachers regarding the Charter School's educational programs. [Ref. Education Code Section 47605(d)]

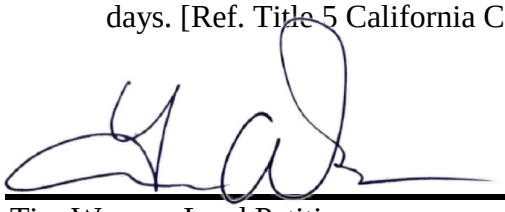
- The Charter School shall comply with any applicable jurisdictional limitations to the locations of its facilities. [Ref. Education Code Sections 47605 and 47605.1]

- The Charter School shall comply with all laws establishing the minimum and maximum age for public school enrollment. [Ref. Education Code Sections 47612(b) and 47610]

- The Charter School shall comply with all applicable portions of the Elementary and Secondary Education Act ("ESEA"), as reauthorized and amended by the Every Student Succeeds Act ("ESSA").

- The Charter School shall comply with the California Public Records Act, Government Code Section 7920.000, *et seq.* ("CPRA").

- The Charter School shall comply with the Family Educational Rights and Privacy Act, 20 U.S.C. Section 1232g, 34 CFR Part 99 ("FERPA").



- The Charter School shall comply with the Ralph M. Brown Act, Government Code Section 54950, *et seq.* ("Brown Act").

- The Charter School shall comply with Government Code Section 1090, *et seq.*, as set forth in Education Code Section 47604.1 ("Section 1090")

- The Charter School shall comply with the Political Reform Act, Government Code Section 81000, *et seq.* ("PRA")

- The Charter School shall comply with Education Code Section 5174, *et seq.*, related to independent study, as applicable.

- The Charter School shall meet or exceed the legally required minimum number of school days. [Ref. Title 5 California Code of Regulations Section 11960]

11/10/2025

Tim Warner, Lead Petitioner Date

Introduction

Alder Grove Charter School was first authorized in 2006 by South Bay Union Elementary School District as an independent study charter school that provided a voluntary public educational choice for families of students who chose to educate their children in the home environment. AGCS supported and celebrated individual differences and the uniqueness of each child. The AGCS mission was to provide students with personalized learning and to support parental choice in education. Over the years, the Charter School has adjusted the mission statement to align better with how it serves its students. AGCS's commitment is to deliver personalized learning through strong family, educator, and community partnerships that empower students to achieve academic excellence and foster active citizenship.

Alder Grove Charter School admitted students in grades kindergarten through twelfth grade (K- 12) who resided in Humboldt County or adjacent counties. Independent study was offered to meet the unique personal and educational needs of those families who seek an established alternative instructional strategy. The student, parent/guardian, and a supervising credentialed teacher contracted as a team to facilitate this process.

In compliance with the Court of Appeal's decision in *Anderson Union High School District v. Shasta Secondary Home School* (2016) 4 Cal.App.5th 262, Alder Grove Charter School submitted a new charter petition in 2018 petition as AGCS – 2 to South Bay Union Elementary School District, to operate a new independent study charter school. The Charter School was authorized by and has been operating under the oversight of South Bay Union Elementary School District for the past 7 years. However, AGCS operates its resource center within the geographic boundaries of ECS. The purpose of this petition is to allow Alder Grove Charter School to continue operating its successful program, now as a continuing charter school, authorized by ECS.

Education Code Section 47612.7(a) prohibits the approval of a petition for the establishment of a new nonclassroom-based charter school. However, Education Code Section 47612.7(b) states that the prohibition shall not apply to a charter school granted approval of its petition and opened before October 1, 2019, under several circumstances. One circumstance, listed in Education Code Section 47612.7(b)(1), is if a charter school is required to submit a petition to the governing board of a school district in which its existing resource center is located in order to comply with Section 47605.1 as amended by Assembly Bill 1507, or to retain current program offerings or enrollment. (Indeed, such a school is not an establishment charter school at all, but a *continuing* charter school.)

Thus, this proposed charter is legally permissible and can be approved by Eureka City Schools, because it meets the exception listed in Education Code Section 47612(b)(1). The program offering and enrollment at Alder Grove Charter School can be one of the keys to success for the District. Approving the AGCS charter is legal and provides advantages for students within the District.

As the currently operating AGCS – 2 will become AGCS, operated by the same nonprofit and with the same leadership at the staff level, it is important to detail for ECS the history and accomplishments of this program, as a reliable indicator of future success for Eureka City Schools to consider. The Charter School has been showing significant progress across academic indicators, reflecting its commitment to student achievement. As documentation of past success, the Charter School has provided student performance data as measured by the California School Dashboard ("Dashboard") and through verifiable data.

AGCS Dashboard State and Local Indicators (2024)

The following chart reflects the Charter School's 2024 Dashboard performance indicators and distance from the standard ("DFS"), as compared to the District and the State.

	AGCS	District	State
Chronic Absenteeism	0.3%	28.8%	18.6%
Suspension Rate	0%	7.4%	3.2%
English Learner Progress	n/a*	53.4%	45.7%
Graduation Rate	91.1%	88.3%	86.7%
College/Career Indicator ("CCI")	48.9%	39.8%	45.3%
ELA	-17 below standard	-38.5 below standard	-13.2
Math	-60.7 below standard	-76.5 below standard	-47.6

*fewer than 11 students – data not displayed for privacy

The Charter School outperformed the District and the State in Chronic Absenteeism and Suspension Rate. While the Charter School was in a lower performance category than the District and State in CCI, a higher percentage of students are prepared for college and career at AGCS, than both the District and the State. Additionally, the Charter School outperformed the District and the State's graduation rates. The Charter School was in the same performance category as the District in ELA and Math but its DFS was better than the District's.

Chronic Absenteeism

	2022	2023	2024
AGCS	0% "Very Low"	0.6%	0.3%
District	34.3% "Very High"	34.1%	28.8%
State	30% "Very High"	24.3%	18.6%

AGCS's chronic absenteeism rate was significantly lower than both the State and the District over the past three years. While AGCS saw a slight increase in absenteeism in 2023, the Charter School saw a decline the following year.

Students at the Charter School receive personalized learning plans with numerous supports to accomplish learning objectives and meet State Standards. As an independent study school, attendance is based on daily engagement and the time value of work completed. Students who show signs of struggle in the independent study model participate in the Attendance and Academic Intervention Meeting ("AAIM") process, a collaborative set of meetings organized to design solutions for barriers of learning and growth. Additionally, AGCS provides tutoring, Learning Labs, Pathway Advisement and Career Exploration ("PACE") Coaches, weekly teacher meetings, and parent/guardian guidance that contribute to the success of students' learning and work completion which is reflected in their

attendance.

Suspension Rate

	2022	2023	2024
AGCS	0% "Very Low"	0%	0%
District	6.9% "High"	8.2%	7.4%
State	3.1% "Medium"	3.5%	3.2%

AGCS has maintained a suspension rate of 0% over the past three school years, outperforming both the State and the District.

Because AGCS is an independent study charter school, students have the option to access the resource center, but are not required to do so. The majority of AGCS students do not choose to access the resource center, so class sizes are small and any student behavior issues are more manageable. AGCS always strives to work to support positive behaviors and offer non-suspension options for behavior intervention.

Graduation Rate

	2022	2023	2024
AGCS	97.9% "Very High"	96.1%	91.1%
District	95.8% "Very High"	87.5%	88.3%
State	87.4% "Medium"	86.4%	86.7%

The Charter School has maintained a high graduation rate, outperforming the State and District over the past three years. While AGCS's graduation rate dipped slightly over the past two years, AGCS is proud of the continuous progress being made.

The Charter School graduation rate in 2024 dipped slightly due to four students who did not complete their graduation requirements during their cohort years. After exhausting all efforts to support the students in meeting their high school graduation requirements, the students left the Charter School and did not enroll in another school. This resulted in them being counted as drop-outs and negatively affecting the graduation rate. Since the Charter School's annual graduation classes are typically forty (40) students or fewer, every missing graduate makes a dramatic difference. To further support students and help mitigate these circumstances, the Charter School implemented a PACE Coach support program. Every high school student receives personalized support through tailored guidance for academic and future planning, effective goal setting and career strategies, exploration of interests and post-secondary options, connection to vital Charter School and community resources, and development of essential skills for academic and life success.

AGCS English Language Arts Performance

Demographic	2022	2023	2024
AGCS	-23.8 "Low"	-20.4	-17
Students with Disabilities	-66.1 "Low"	-62.4	-55.4
White	-19.6 "Low"	-18.9	-18.7
Socioeconomically Disadvantaged ("SED")	-34.2 "Low"	-21.7	-24.1
District	-42.6 "Low"	-45.1	-38.5
State	-12.2 "Low"	-13.6	-13.2

AGCS has demonstrated consistently strong English Language Arts ("ELA") California Assessment of Student Performance and Progress ("CAASPP") scores as evidenced by the DFS in the table above. The Charter School has continued to improve CAASPP scores across the board. While the SED DFS slightly increased in 2024, the Charter School has been working on increasing student performance in ELA by promoting standards-aligned curriculum that is also effective for independent study students. AGCS has also expanded support for struggling students by increasing quality 1:1 tutoring options, adding an early intervention reading program, adding online ELA intervention options, and offering CAASPP preparation courses. While the State's DFS scores are better than the Charter School's, AGCS is confident that the continuous improvement seen over the past three years will continue.

AGCS Math Performance

Demographic	2022	2023	2024
AGCS	-70.7 "Low"	-85.4	-60.7
Students with Disabilities	-129.3 "Low"	-136.5	-108.5
White	-68.8 "Low"	-77.2	-60.2
Socioeconomically Disadvantaged	-85.1 "Low"	-88.4	-64.7
District	-83 "Low"	-81.6	-76.5
State	-51.7 "Low"	-49.1	-47.6

While the Charter School saw a decrease in performance from 2022 to 2023, the Charter School showed a dramatic increase in 2024 when the DFS improved by more than 25 points from the year previously. The Charter School has seen an increase in student performance in Math by promoting

standards aligned curriculum for independent study students. AGCS has also expanded support for struggling students by increasing quality 1:1 tutoring options, adding more in-person math classes at our resource center, adding online math intervention options, and offering CAASPP preparation courses.

Local Indicators

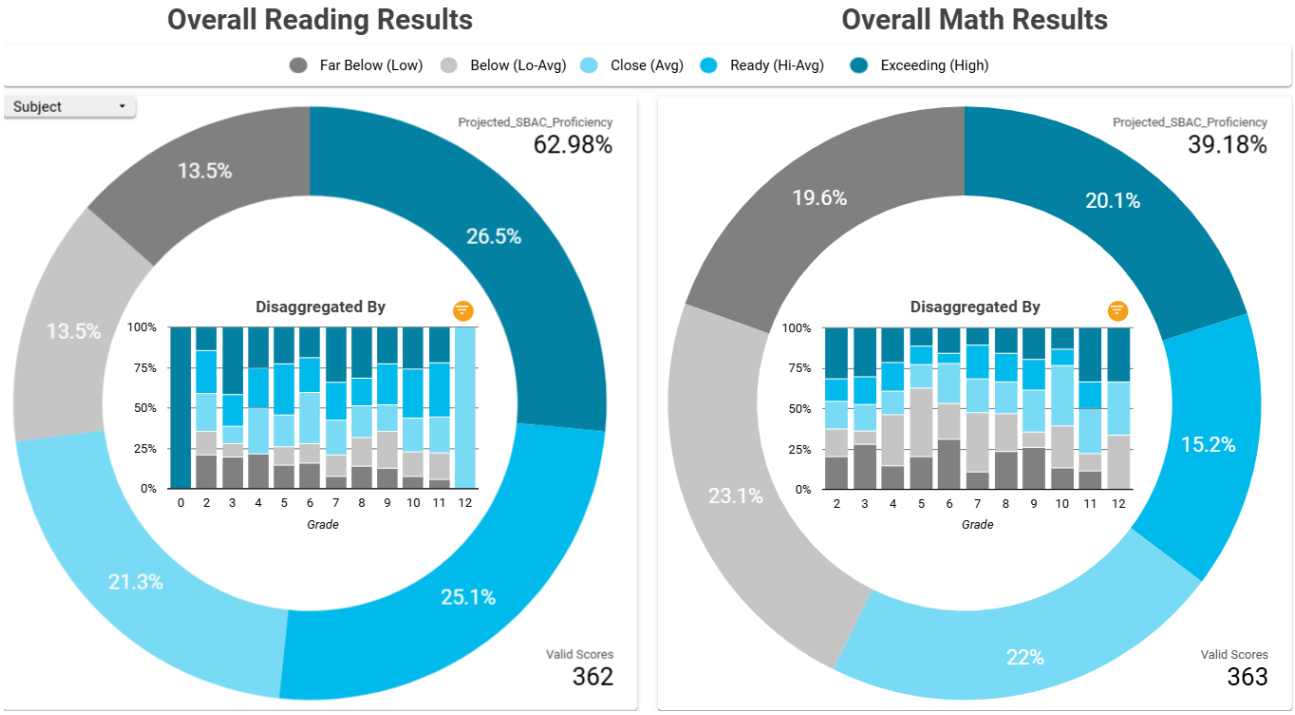
The following chart reflects the Charter School's 2024 Dashboard Local Indicators as compared to the District.

Indicator	AGCS	District
Basics: Teachers, Instructional Materials, Facilities	Standard Met	Standard Met
Implementation of Academic Standards	Standard Met	Standard Met
Parent and Family Engagement	Standard Met	Standard Met
Local Climate Survey	Standard Met	Standard Met
Access to a Broad Course of Study	Standard Met	Standard Met

Verified Data

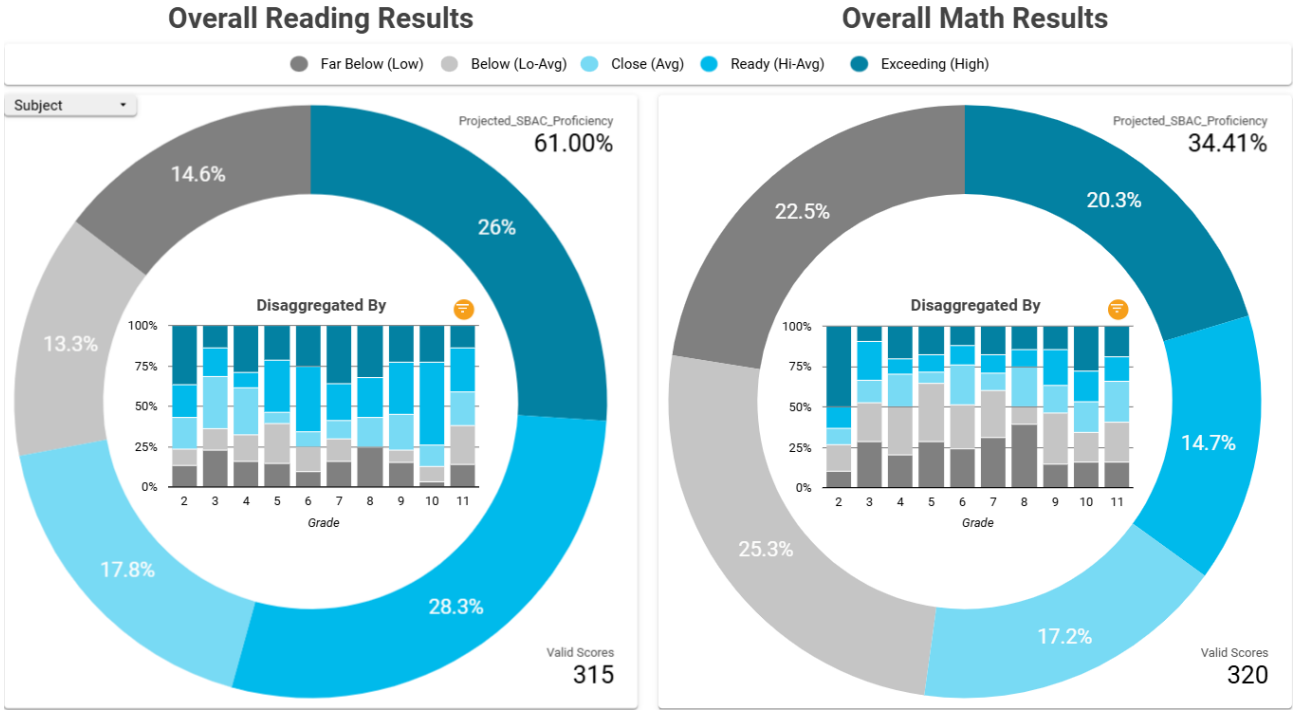
The law also gives middle-performing charter schools the opportunity to provide data showing measurable increases in academic achievement, via verified data:

In addition to state and local indicators, the chartering authority shall consider clear and convincing evidence showing either of the following:



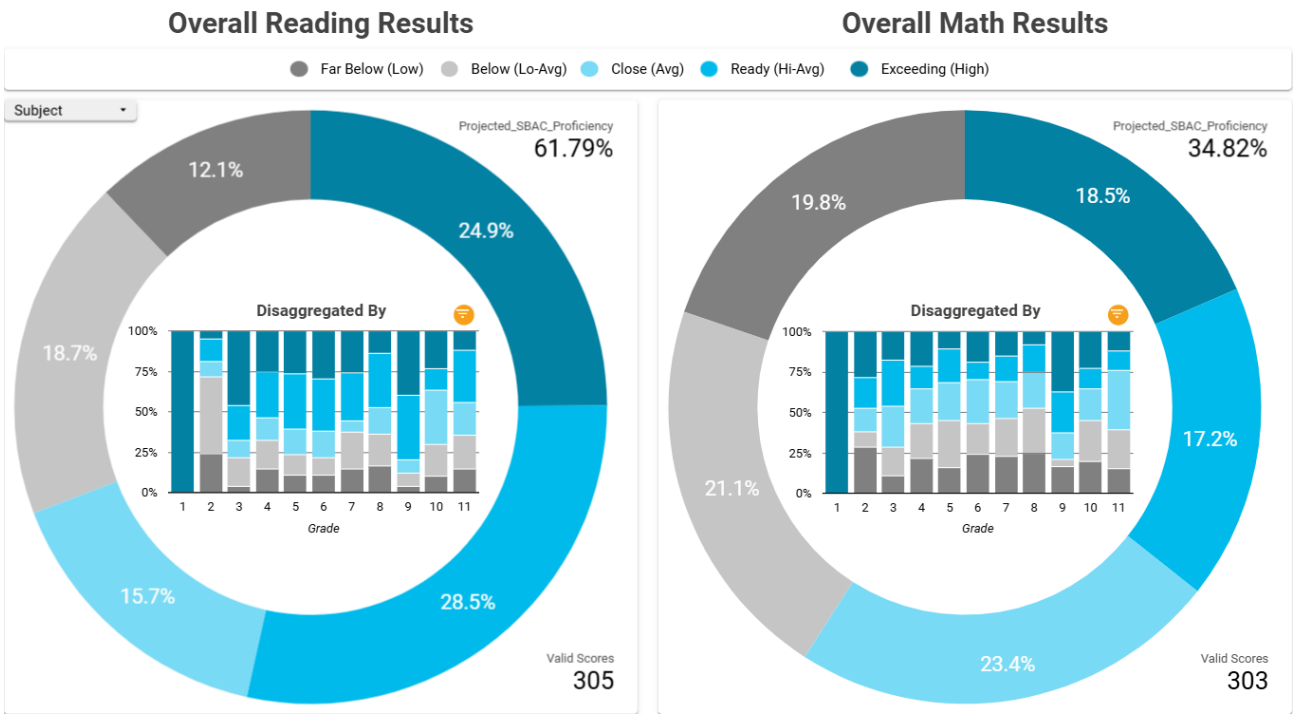
(A) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

(B) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates, equal to similar peers.



"Verified data" is defined in statute as "data derived from nationally recognized, valid, peer-reviewed, and reliable sources that are externally produces." (Education Code Section 47607.2(c)(1).) In November 2020, the California State Board of Education approved the criteria to define "verified data" and the list of valid and reliable assessments and measures of postsecondary outcomes as required by Education Code Section 47607.2, and supplemented the list in May 2023. While again, this is not a renewal charter, AGCS's verified data results are presented next, for ECS's consideration of past performance.

The Charter School uses the Northwest Evaluation Association Measures of Academic Progress ("NWEA MAP"). According to PARSEC, "NWEA's MAP Growth assessments are aligned to the Common Core State Standards. Results from these assessments provide teachers with accurate, and actionable evidence to help target instruction for each student or groups of students regardless of how far above or below they are from their grade level."



2024-25 Results

2023-24 Results

2022-23 Results

As evidenced above, schoolwide assessment data shows significant improvement in Reading and Math results in 2024-25 from the previous two years. We attribute this to expanded academic support programs such as tutoring, online programs, and test preparation, as well as focus on each student's personal academic growth.

The Charter School is working to increase tracking of postsecondary outcomes such as college enrollment, persistence, and completion rates. According to DataQuest, there has been improvement in college attendance up to 2022-23, the last year of available data:

2022-23:

Name	High School Completers	High School Completers Enrolled In College	College-Going Rate	Enrolled In College (In-State)	Enrolled In College (Out-of-State)	No Record of College Enrollment
Alder Grove Charter School 2	51	16	31.4%	29.4%	2.0%	68.6%
South Bay Union Elementary	51	16	31.4%	29.4%	2.0%	68.6%
Humboldt	1,306	727	55.7%	49.5%	6.1%	44.3%
State	442,474	290,577	65.7%	59.0%	6.6%	34.3%

2021-22:

Name	High School Completers	High School Completers Enrolled In College	College-Going Rate	Enrolled In College (In-State)	Enrolled In College (Out-of-State)	No Record of College Enrollment
Alder Grove Charter School 2	42	12	28.6%	28.6%	0.0%	71.4%
South Bay Union Elementary	42	12	28.6%	28.6%	0.0%	71.4%
Humboldt	1,303	652	50.0%	45.0%	5.1%	50.0%
State	456,167	282,972	62.0%	55.0%	7.0%	38.0%

2020-21:

Name	High School Completers	High School Completers Enrolled In College	College-Going Rate	Enrolled In College (In-State)	Enrolled In College (Out-of-State)	No Record of College Enrollment
Alder Grove Charter School 2	39	9	23.1%	23.1%	0.0%	76.9%
South Bay Union Elementary	39	9	23.1%	23.1%	0.0%	76.9%
Humboldt	1,238	626	50.6%	44.4%	6.1%	49.4%
State	435,202	270,876	62.2%	54.6%	7.6%	37.8%

What these charts do not show is recent effort to enroll and support students in dual and concurrent enrollment classes in college, volunteering/work experience opportunities, and CTE classes. Currently, out of 171 high school students, the Charter School has 42 students in dual enrollment classes, 50 students concurrently enrolled at College of the Redwoods or Cal Poly Humboldt, 10 enrolled in CR Work Experience, and 78 students enrolled in CTE courses. The Charter School has collaborated closely with Humboldt County Office of Education, The Jefferson Project, and the Ink People to bring expanded CTE programs to its students. Alder Grove continues to expand its CTE program and offers pathways in Plant and Soil Science, Design, Visual, and Media Arts, Game Design and Integration, Residential and Commercial Construction, Food Service and Hospitality, Patient Care, and Games and Simulations.

* * *

AGCS-2 met the legal requirement for renewal as a middle-performing charter school. We anticipate that that fact will give the District the assurance it needs to authorize AGCS as a continuing charter school.

Element 1. Educational Program

Governing Law: The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners. Education Code Section 47605(c)(5)(A)(i).

The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals. Education Code Section 47605(c)(5)(A)(ii).

If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A" to "G" admissions criteria may be considered to meet college entrance requirements. Education Code Section 47605(c)(5)(A)(iii).

Vision and Mission

We believe individual differences and the uniqueness of each child are to be supported and celebrated. Our mission is to deliver personalized learning through strong family, educator, and community partnerships that empower students to achieve academic excellence and foster active citizenship.

Educational Program

Alder Grove Charter School will enable students to become competent, productive, literate, self-motivated, lifelong learners by providing students and the student's parents/guardians the opportunity to design a customized curriculum that is relevant, takes learning styles into consideration, embraces the students' interests and addresses the Common Core State Standards ("CCSS"), Next Generation Science Standards ("NGSS"), History-Social Science Framework, English Language Development ("ELD") Standards, and the remaining State Content Standards (collectively referred to herein as "State Standards.") This approach is known as Personalized or Flex-Based Learning. AGCS will support and encourage parents/guardians to be the best teachers for their children by offering trainings, resources, and teacher guidance. The Charter School will provide unique enrichment opportunities and diverse resources, including technology, to students so they may develop their academic potential and discover and pursue their unique interests, talents, and passions in life.

The personalized learning model is an educational approach that recognizes that every student is an individual, with a distinct learning style, learning pace, learning path, and learning aspiration. Research confirms that children look to their parent/guardians as their primary role models for learning. Parent/guardians, in turn, are ultimately responsible for guiding their child's learning and education. This model recognizes the value of parent/guardian involvement and participation in their children's education and learning process, and the value of ongoing teacher development training.

The Charter School's academic program supports a collaborative relationship between parent/guardian, student, teacher, and school in creating an optimal learning process. AGCS will support a variety of learning choices and opportunities, both within and beyond the classroom, to address each student's individual learning needs and to optimize each student's learning potential.

AGCS will also aid in credit retrieval and graduation for motivated high school students who have not been successful in traditional education settings. Those students will meet more frequently with their assigned credentialed teacher for additional support as they work towards graduation. It is our goal to facilitate the learning necessary for high school graduation for all of our students by offering a personalized, relevant curriculum that supports those goals.

AGCS's program will include encouraging the use of different and innovative teaching methods and educational philosophies, developing varied forms of assessment, providing ongoing professional development for teachers and offering parent/guardian trainings. Alder Grove Charter School will hire qualified credentialed teachers and support staff who possess a love for children and a passion for individualized learning. AGCS will forge partnerships with parents/guardians, community organizations, and other educational institutions, including the District. Alder Grove Charter School will annually adopt a school calendar meeting all state requirements for instructional days. The number of instructional minutes for students enrolled in Alder Grove Charter School will meet or exceed those set forth in Education Code Section 47612.5(a)(1).

Target Student Population

Alder Grove Charter School is a personalized learning public charter school serving students in grades transitional-kindergarten ("TK")-12 throughout Humboldt County and adjacent counties. Humboldt County is a densely forested, mountainous and rural county in the northwest corner of California. The county contains over forty percent of all remaining old growth Coast Redwood forests, the vast majority of which is protected or strictly conserved within dozens of national, state, and local forests and parks, totaling approximately 680,000 acres. The unemployment rate for the county in August 2024 was 4.8%[2] and the median income was $61,135 (2019-2023). 16.7% percent of the population lives below the poverty level.[3]

The county is comprised of 133,985 people (2023) and covers an area of 3,568 square miles.[4]

The school site is centrally located in the county seat of Eureka. Eureka is located on the coast about 100 miles south of the Oregon border and 270 miles north of San Francisco.

The original Alder Grove Charter School opened in the fall of 2006 with approximately 137 students and has had continuous growth since. Enrollment at the start of the 2014-15 school year was 312, the 2015-16 school year began with 350, and the school year 2016-17 began with 410. The table below shows the Charter School's enrollment since the last petition submission in 2018. The Charter School's enrollment is largely reflective of staffing and demand. During years like 2018-19, 2020-21,

[2]https://labormarketinfo.edd.ca.gov/cgi/databrowsing/localAreaProfileQSResults.asp?selectedarea=Humboldt+County&selectedindex=12&menuChoice=localareapro&state=true&geogArea=0604000023&countyName=&submit1=View+Local+Area+Profile

[3] https://www.census.gov/quickfacts/fact/table/humboldtcountycalifornia#

[4] https://data.census.gov/profile?q=Humboldt%20County,%20California%20Lumbee

and 2024-25, enrollment shows the success of having a full, well-trained teaching staff and the classified staffing to support higher enrollment numbers. AGCS has maintained an active waitlist since 2015.

	2018-19	2019-20	2020-21	2021-22	2022-23	2023-24	2024-25
Enrollment	477	449	472	457	429	438	476

As of the 2023-24 school year, about 71% of current Alder Grove Charter School-2's students qualified for free or reduced price meals. AGCS seeks to serve a similar student population.

AGCS seeks to educate students who are independent learners, and students who consider their future while receiving an education. Our focus is educating students for a career, or for college- readiness.

An Educated Person in the 21st Century

Alder Grove Charter School identifies an educated person in the 21st Century as a person who has achieved an optimum level of understanding of their own special talents and interests. This person has a level of literacy, communication skills and understanding that allows interaction with the world in a productive, positive manner. This person knows how to think and solve problems, understands and appreciates the diversity in our world and has a vision for life that includes the ability to be a lifelong learner. This person has mastered basic academic skills to the best of their ability.

This person is literate and has the following qualities:

- The ability to solve mathematical problems.
- The ability to think critically and determine the reliability of information.
- An overview of the history of humanity in all its diversity.
- An understanding of the United States political process.
- A scientific understanding of the world.
- An awareness of technology in the modern world.
- An appreciation for fine arts.

How Learning Best Occurs

We believe that learning best occurs when:

- Each student has their own personalized learning plan.
- Children feel safe, cared about, and respected.
- Children are encouraged to be themselves and to explore their individual talents to the fullest extent possible.
- Parents/guardians play an essential role in their children's education.
- Learning styles are taken into account.

- Students receive individualized instruction.
- Real life context based learning is emphasized.
- Students are offered relevant, challenging, and comprehensive curricula that allow them to pursue their interests.
- Enrichment is available through field trips, apprenticeships, community enrichment classes offered by local community partners (for example, martial arts, cooking, and art/music), community service and appropriate uses of technology.
- Academics are viewed as one aspect of education.
- The entire world serves as the Charter School's campus.

Independent Study Educational Program

Alder Grove Charter School will comply with all independent study laws as set forth in Education Code Sections 47612.5 and 51744, *et seq.* Students and parents/guardians will receive support from credentialed teachers, in addition to opportunities for tutoring, small classes, field trips, enrichment activities, such as music and drama, and technology. Educational materials will be checked out to parents/guardians and students and tracked through a library lending system.

Parents or guardians and their children will work with a California credentialed teacher to determine educational goals and objectives, and to create their personalized curriculum using the results of school-devised and other assessments, results of state mandated tests including the CAASPP, school records, and the students' interests as a guide. Parents or guardians will work with the credentialed teacher to determine the degree to which the credentialed teacher will be involved. This involvement may vary from advisory and assessment capacity to one of almost complete administration of the student learning process. The credentialed teacher will meet with the student(s) and parent/guardian(s) on a regular basis at least once every 10 school days. Additional meetings with the credentialed teacher may be required if the student is not making adequate academic progress. The written independent study agreement is a contract between the parent/guardian and the Charter School stipulating the distribution between the parent/guardian and the credentialed teacher of the following responsibilities:

- Giving assignments and instruction
- Selecting curriculum

The credentialed teacher is responsible for providing educational guidance and assistance requested by the parent/guardian. The credentialed teacher is the primary support person and the liaison between the parent/guardian and the Charter School.

The credentialed teacher will:

- Be responsible for the written agreement for independent study.
- Provide educational resources to each student.

- Assess the student's work, either orally or in written form.
- Assess the student's level of education, modify the curriculum as necessary and administer state mandated tests as required.
- Connect a student with academic support when needed.
- Document student learning and attendance.
- Maintain records of credits for each subject earned by all high school students, based on work successfully completed.
- Provide information to parents/guardians and students regarding the graduation requirements of Alder Grove Charter School.

Parents/guardians who enroll their children in the Charter School accept responsibility for their children's education. The parents/guardians become the primary facilitators in their children's learning program.

Parents/guardians will:

- Be committed to understand and use the independent study strategy appropriately.
- Transport student to all required statewide and schoolwide testing.
- Transport student to all specialized academic services as required by an IEP.
- Facilitate student's personalized learning program by checking for work completion and accuracy of work completed.
- Take steps to ensure the timely submission to the credentialed teacher of all student work, completed assignments, and accurate records necessary for the assessment of student progress and attendance accounting as specified in the written agreement.
- Attend regularly scheduled meetings with the credentialed teacher.
- Assume responsibility for supplied books, instructional materials and supplies and equipment.

Students will:

- Make regular, scheduled contact with the credentialed teacher with parent/guardian participation.
- Have all completed assignments available at meetings with student's credentialed teacher.

High School Program

The Charter School shall inform parents/guardians of the transferability of courses to other public high schools, and the eligibility of courses to meet college entrance requirements, in the student handbook, which is distributed or made available annually.

Serving Academically Low-Achieving Students

Students who have been identified as needing extra support using either CAASPP scores or our internal math, English language arts, and writing assessments are referred to the Charter School's mandatory academic support program. Students are supported through a variety of means, including math and writing labs, writing and reading support classes, one-on-one and small group help from a tutor, and online math and language arts programs.

Serving Academically High-Achieving Students

Because the Charter School offers a flexible, personalized learning program, high-achieving students can be challenged in many ways, including advanced curriculum, classes on campus and in the community, concurrent enrollment in college, and meetings with Director of Secondary Programs or designee, to plan for future educational needs of the student.

Serving English Learners

The Charter School will meet all applicable legal requirements for English Learners ("EL"), including long-term English Learners or English Learners at risk of becoming long-term English Learners, as they pertain to annual notification to parents/guardians, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. The Charter School will implement policies to assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents/guardians.

Home Language Survey

The Charter School will administer the home language survey upon a student's initial enrollment in a California public school (on enrollment forms).

English Language Proficiency Assessment

All students who indicate that their home language is other than English will be tested with the ELPAC. The ELPAC has four proficiency levels (Level 4: well developed; Level 3: moderately developed; Level 2: somewhat developed; and Level 1: minimally developed) and is aligned with the 2012 California ELD Standards.

The ELPAC consists of two separate assessments:

- Initial Assessment ("IA")

The ELPAC IA is used to identify students as either an English Learner, or as fluent in English. The IA is administered only once during a student's time in the California public school system based upon the results of the home language survey. The locally scored IA will be the official score. The IA is given to students in grades K–12 whose primary language is not English to determine their English proficiency status.

- Summative Assessment ("SA")

ELs will take the SA every year until they are reclassified as fluent English proficient. The ELPAC SA is only given to students who have previously been identified as an EL based upon the IA results, in order to measure how well they are progressing with English development in each of the four domains. The results are used as one of four criteria to determine if the student is ready to be reclassified as fluent English proficient, to help inform proper educational placement, and to report progress for accountability.

Both the ELPAC SA and IA are assessments administered in seven grade spans— K, 1, 2, 3–5, 6–8, and 9–12. In kindergarten and grade 1, all domains are administered individually. In grades 2–12, the test is administered in groups, exclusive of speaking, which is administered individually. The ELPAC IA and SA will be administered via a computer-based platform, while the ELPAC Writing Domain for Kindergarten through 2nd grade will continue to be administered as a paper-pencil test.

Testing times will vary depending upon the grade level, domain, and individual student. Both the ELPAC IA and SA are given in two separate testing windows through the school year.

The IA testing window will be year-round (July 1–June 30). Any student whose primary language is other than English as determined by the home language survey and who has not previously been identified as an English Learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English language proficiency within 30 calendar days after the date of first enrollment in a California public school, or within 60 calendar days before the date of first enrollment, but not before July 1 of that school year.

The SA testing window will be a four-month window after January 1 (February 1–May 31). The English language proficiency of all currently enrolled English Learners shall be assessed by administering the test during the annual assessment window.

The Charter School will notify all parents of its responsibility for ELPAC testing and of ELPAC results within thirty days of receiving results from the publisher. The ELPAC shall be used to fulfill the requirements under the Every Student Succeeds Act for annual English proficiency testing.

Reclassification Procedures

Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

- Assessment of language proficiency using an objective assessment instrument including, but not limited to, the ELPAC.

- Participation of the pupil's teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate basic skills relative to English proficiency using the Observation Protocol for Teachers of English Learners ("OPTEL") form and the pupil's curriculum mastery. .

- Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents' opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation using the OPTEL form during the reclassification process.

- Comparison of the pupil's performance in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

Strategies for English Learner Instruction and Intervention

The Charter School will provide EL students with support including weekly meetings with a credentialed teacher, appropriate curriculum, reading support, math and writing labs and classes, online support, and tutoring as needed.

Monitoring and Evaluation of Program Effectiveness

The Charter School evaluates the effectiveness of its education program for ELs by:

- Adhering to Charter School-adopted academic benchmarks by language proficiency level and years in program to determine annual progress.
- Monitoring teacher qualifications and the use of appropriate instructional strategies based on program design.
- Monitoring student identification and placement.
- Monitoring parental program choice options.
- Monitoring availability of adequate resources.

Serving Students with Disabilities

Overview

The Charter School shall comply with all applicable state and federal laws in serving students with disabilities, including, but not limited to, Section 504, the ADA and the IDEA.

The Charter School intends to be categorized as a public school of the District in accordance with Education Code Section 47641(b). In the event that the Charter School is not categorized as a public school of the District for purposes of special education, the Charter School shall seek to be its own local educational agency ("LEA") and shall apply directly for membership in a Special Education Local Plan Area ("SELPA") in conformity with Education Code Section 47641(a). The language that follows describes the special education program at the Charter School as a public school of the District, and alternatively, as an LEA.

The Charter School shall comply with all state and federal laws related to the provision of special education instruction and related services and all SELPA policies and procedures; and shall utilize appropriate SELPA forms.

The Charter School shall be solely responsible for its compliance with Section 504 and the ADA. The facilities to be utilized by the Charter School shall be accessible for all students with disabilities.

Section 504 of the Rehabilitation Act

The Charter School recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of the Charter School. A student who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment, is eligible for protections under Section 504.

A 504 team shall be assembled by the Director of Special Services or designee and shall include the parent/guardian, the student (where appropriate) and other qualified persons knowledgeable about the student, the meaning of the evaluation data, placement options, and accommodations. The 504 team shall review the student's existing records; including academic, social and behavioral records, and is responsible for making a determination as to whether an evaluation for 504 services is appropriate. If the student has already been evaluated under the IDEA but found ineligible for special education instruction or related services under the IDEA, those evaluations may be used to help determine eligibility under Section 504. The student evaluation shall be carried out by the 504 team, which shall evaluate the nature of the student's disability and the impact upon the student's education. This evaluation shall include consideration of any behaviors that interfere with regular participation in the educational program and/or activities. The 504 team may also consider the following information in its evaluation:

- Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel.

- Tests and other evaluation materials including those tailored to assess specific areas of educational need, and not merely those which are designed to provide a single general intelligence quotient.

- Tests are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level, or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual or speaking skills.

The final determination of whether the student will or will not be identified as a person with a disability is made by the 504 team in writing and notice is given in writing to the parent or guardian of the student in their primary language along with the procedural safeguards available to them. If during the evaluation, the 504 team obtains information indicating possible eligibility of the student

for special education per the IDEA, a referral for assessment under the IDEA shall be made by the 504 team.

If the student is found by the 504 team to have a disability under Section 504, the 504 team shall be responsible for determining what, if any, accommodations or services are needed to ensure that the student receives a free and appropriate public education ("FAPE"). In developing the 504 Plan, the 504 team shall consider all relevant information utilized during the evaluation of the student, drawing upon a variety of sources, including, but not limited to, assessments conducted by the Charter School's professional staff.

The 504 Plan shall describe the Section 504 disability and any program accommodations, modifications or services that may be necessary.

All 504 team participants, parents, guardians, teachers and any other participants in the student's education, including substitutes and tutors, must have a copy of each student's 504 Plan. The site administrator shall ensure that teachers include 504 Plans with lesson plans for short-term substitutes and that the teacher review the 504 Plan with a long-term substitute. A copy of the 504 Plan shall be maintained in the student's file. Each student's 504 Plan shall be reviewed at least once per year to determine the appropriateness of the Plan, needed modifications to the plan, and continued eligibility.

Services for Students under the "IDEA" as a Public School of the District Pursuant to Education Code Section 47641(b)

The following description regarding how special education and related services will be provided and funded is being proposed by the Charter School for the sole purpose of providing a reasonably comprehensive description of the special education program in the Charter Petition, and is not binding on the District. The specific manner in which special education and related services will be provided and funded shall be set forth in a Memorandum of Understanding ("MOU"), delineating the respective responsibilities of the Charter School and the District. ***The language that follows is not meant to unilaterally bind the District, or to preclude alternative arrangements between the District and the Charter School as agreed upon in a MOU:***

The Charter School shall provide special education instruction and related services in accordance with the IDEA, Education Code requirements, and applicable policies and practices of the SELPA. The Charter School shall remain, by default, a public school of the District for purposes of Special Education pursuant to Education Code Section 47641(b). However, the Charter School reserves the right to make written verifiable assurances that the Charter School shall become an independent LEA and join a SELPA pursuant to Education Code Section 47641(a) either on its own or with a grouping of charter school LEAs as a consortium.

As a public school of the District, solely for purposes of providing special education and related services under the IDEA pursuant to Education Code Section 47641(b), in accordance with Education Code Section 47646 and 20 U.S.C. Section 1413, the Charter School seeks services from the District for special education students enrolled in the Charter School in the same manner as is provided to students in other District schools. The Charter School will follow the District and SELPA policies and procedures, and shall utilize SELPA forms in seeking out and identifying and serving students who may qualify for special education programs and services and for responding to record requests and parent complaints, and maintaining the confidentiality of pupil records. The Charter School will comply with District protocol as to the delineation of duties between the District central office and the local school site in providing special education instruction and related services to identified pupils. An annual meeting between the Charter School and the District to review special education policies, procedures, protocols, and forms of the District and the SELPA and District protocol, will ensure that the Charter School and the District have an ongoing mutual understanding of District protocol and will facilitate ongoing compliance.

As long as the Charter School functions as a public school of the District solely for purposes of providing special education and related services under the IDEA pursuant to Education Code Section 47641(b), then we would anticipate that a Memorandum of Understanding ("MOU") would be developed between the District and the Charter School which spells out in detail the responsibilities for provision of special education services and the manner in which special education funding will flow to the students of the Charter School.

The District shall be designated the LEA serving Charter School students. Accordingly, the Charter School shall be deemed a public school of the District pursuant to Education Code Section 47641(b) and 47646(a). The Charter School agrees to adhere to the requirements of the Local Plan for Special Education and to District policies. As a public school of the District, solely for purposes of providing special education and related services under the IDEA pursuant to Education Code Section 47641(b),

in accordance with Education Code Section 47646 and 20 U.S.C. Section 1413, the Charter School seeks services from the District for special education students enrolled in the Charter School in the same manner as is provided to students in other District schools.

The Charter School acknowledges the importance of cooperating with the District so that the District can provide special education services to Charter School students. The Charter School agrees to promptly respond to all District inquiries, to comply with reasonable District directives, and to allow the District access to Charter School students, staff, facilities, equipment and records as required to fulfill all District obligations under this Agreement or imposed by law. The Charter School believes that the allocation of responsibility for the provision of services (including but not limited to referral, identification, assessment, case management, Individualized Education Program ("IEP") development, modification and implementation) shall be divided in a manner consistent with their allocation between the District and its school sites.

Staffing

All special education services at the Charter School shall be delivered by individuals or agencies qualified to provide special education services as required by the Education Code and the IDEA. Charter School staff shall participate in District or SELPA in-service training relating to special education.

It is the Charter School's understanding that the District will be responsible for the hiring, training, and employment of site staff necessary to provide special education services to its students, including, without limitation, special education teachers, paraprofessionals, and resource specialists unless the District directs the Charter School that current District practice is for the individual school sites to hire site special education staff or the District and the Charter School agree that the Charter School must hire on-site special education staff. In that instance, the Charter School shall ensure that all special education staff hired by the Charter School is qualified pursuant to District and SELPA policies, as well as meet all legal requirements. The District may review the qualifications of all special education staff hired by the Charter School (with the agreement of the District) and may require pre-approval by the District of all hires to ensure consistency with District and SELPA policies. The District shall be responsible for the hiring, training, and employment of itinerant staff necessary to provide special education services to Charter School students, including, without limitation, speech therapists, occupational therapists, behavioral therapists, and psychologists.

Notification and Coordination

The Charter School shall follow SELPA policies as they apply to all SELPA schools for responding to implementation of special education services. The Charter School shall adopt and implement policies relating to all special education issues and referrals.

Identification and Referral

The Charter School shall have the responsibility to identify, refer, and work cooperatively in locating Charter School students who have or may have exceptional needs that qualify them to receive special education services. The Charter School shall implement District and SELPA policies and procedures to ensure timely identification and referral of students who have, or may have, such exceptional needs.

A pupil shall be referred for special education only after the resources of the general education program have been considered, and where appropriate, utilized.

It is the Charter School's understanding that the District shall provide the Charter School with any assistance that it generally provides its schools in the identification and referral processes, and will ensure that the Charter School is provided with notification and relevant files of all students who have an existing IEP and who are transferring to the Charter School from a District school. The District shall have unfettered access to all Charter School student records and information in order to serve all of Charter School's students' special needs.

In the event that the Charter School receives a parent written request for assessment, it will work collaboratively with the District and the parent to address the request. Unless otherwise appropriate pursuant to applicable State and Federal law, the Charter School and the District will provide the parent with a written assessment plan within fifteen days of receipt of the written request and shall hold an IEP within sixty days of parent's consent to the assessment plan to consider the results of any assessment.

The Charter School will follow District child-find procedures to identify all students who may require assessment to consider special education eligibility and special education and related services in the case that general education interventions do not provide a free appropriate public education to the student in question.

Assessments

The term "assessments" shall have the same meaning as the term "evaluation" in the IDEA, as provided in Section 1414, Title 20 of the United States Code. The District shall determine what assessments, if any, are necessary and arrange for such assessments for referred or eligible students in accordance with the District's general practice and procedure and applicable law. The Charter School shall work in collaboration with the District to obtain parent/guardian consent to assess Charter School students. The Charter School shall not conduct special education assessments unless directed by the District.

IEP Meetings

It is the Charter School's understanding that the District shall arrange and notice the necessary IEP meetings. IEP team membership shall be in compliance with state and federal law. The Charter School shall be responsible for having the following individuals in attendance at the IEP meetings as otherwise agreed upon by the District and Charter School: the Director of Special Services and/or the Charter School designated representative with appropriate administrative authority as required by the IDEA; the student's special education teacher; the student's general education teacher if the student is or may be in a general education classroom; the student, if appropriate; and other Charter School representatives who are knowledgeable about the general education program at the Charter School and/or about the student. It is the Charter School's understanding that the District shall arrange for the attendance or participation of all other necessary staff that may include, but are not limited to, an appropriate administrator to comply with the requirements of the IDEA, a speech therapist, psychologist, resource specialist, and behavior specialist; and shall document the IEP meeting and provide notice of parental rights.

IEP Development

The Charter School understands that the decisions regarding eligibility, goals/objectives, program, services, placement, and exit from special education shall be the decision of the IEP team, pursuant to the District's IEP process. Programs, services and placements shall be provided to all eligible Charter School students in accordance with the policies, procedures and requirements of the District and of the SELPA and State and Federal law.

The Charter School shall promptly notify the District of all requests it receives for assessment, services, IEP meetings, reimbursement, compensatory education, mediation, and/or due process whether these requests are verbal or in writing.

IEP Implementation

Pursuant to District policy and how the District operates special education at all other public schools in the District, the District shall be responsible for all school site implementation of the IEP. The Charter School shall assist the District in implementing IEPs, pursuant to District and SELPA polices in the same manner as any other school of the District. The District and Charter School will need to be jointly involved in all aspects of the special education program, with the District holding ultimate authority over implementation and supervision of services. As part of this responsibility, the Charter School shall provide the District and the parents with timely reports on the student's progress as provided in the student's IEP at least as frequently as report cards are provided for the Charter School's non-special education students. The Charter School shall also provide all home-school coordination and information exchange. The Charter School shall also be responsible for providing all curriculum, classroom materials, classroom modifications, and assistive technology unless directed otherwise by the District. The Charter School shall comply with any directive of the District as relates to the coordination of the Charter School and District for IEP implementation including but not limited to adequate notification of student progress and immediate notification of any considered discipline of special education students in such matters, the petitioners would notify the District of relevant circumstances and communications immediately and act according to District administrative authority.

Interim and Initial Placements of New Charter School Students

The Charter School shall comply with Education Code Section 56325 with regard to students transferring into the Charter School within the academic school year. In accordance with Education Code Section 56325(a)(1), for students who enroll in the Charter School from another school district within the State, but outside of the SELPA with a current IEP within the same academic year, the District and the Charter School shall provide the pupil with a free appropriate public education, including services comparable to those described in the previously approved IEP, in consultation with the parent, for a period not to exceed thirty (30) days, by which time the District and the Charter School shall adopt the previously approved IEP or shall develop, adopt, and implement a new IEP that is consistent with federal and state law.

In accordance with Education Code Section 56325(a)(2), in the case of an individual with exceptional needs who has an IEP and transfers into the Charter School from a district operated program under the same special education local plan area of the District within the same academic year, the District and the Charter School shall continue, without delay, to provide services comparable to those

described in the existing approved IEP, unless the parent and the District agree to develop, adopt, and implement a new IEP that is consistent with federal and state law.

For students transferring to the Charter School with an IEP from outside of California during the same academic year, the District and the Charter School shall provide the pupil with a free appropriate public education, including services comparable to those described in the previously approved IEP in consultation with the parents, until the District conducts an assessment pursuant to paragraph (1) of subsection (a) of Section 1414 of Title 20 of the United States Code, if determined to be necessary by the District, and develops a new IEP, if appropriate that is consistent with federal and state law.

Non-Public Placements/Non-Public Agencies

The District shall be solely responsible for selecting, contracting with, and overseeing all non-public schools and non-public agencies used to serve special education students. The Charter School shall not hire, request services from, or pay any non-public school or agency to provide education or services to special education students without the prior written approval of the District. The Charter School shall immediately notify the District of all parental requests for services from non-public schools or agencies, unilateral placements, and/or requests for reimbursement.

Non-discrimination

It is understood and agreed that all children shall have access to the Charter School and no student shall be denied admission nor counseled out of the Charter School due to the nature, extent, or severity of their disability or due to the student's request for, or actual need for, special education services.

Parent/Guardian Concerns and Complaints

The Charter School shall follow District policies as they apply to all District schools for responding to parental concerns or complaints related to special education services. The Charter School shall instruct parents/guardians to raise concerns regarding special education services, related services and rights to the District unless otherwise directed by the District. The Charter School shall immediately notify the District of any concerns raised by parents. In addition, the Charter School and the District shall immediately bring to the other's attention any concern or complaint by a parent/guardian that is in writing and/or which involves a potential violation of state or federal law.

The District's designated representative, in consultation with the Charter School's designated representative, shall investigate as necessary, respond to, and address the parent/guardian concern or complaint. The Charter School shall allow the District access to all facilities, equipment, students, personnel, and records to conduct such an investigation.

The Charter School and the District shall timely notify the other of any meetings scheduled with parents/guardians or their representatives to address the parent/guardian concerns or complaints so that a representative of each entity may attend. The District, as the LEA, shall be ultimately responsible for determining how to respond to parent concerns or complaints, and the Charter School shall comply with the District's decision.

The Charter School and the District shall cooperate in responding to any complaint to or investigation by the California Department of Education, the United States Department of Education, or any other

agency, and shall provide timely notice to the other upon receipt of such a complaint or request for investigation.

Due Process Hearings

The District may initiate a due process hearing or request for mediation with respect to a student enrolled in the Charter School if the District determines such action is legally necessary or advisable. The Charter School agrees to cooperate fully with the District in such a proceeding. In the event that the parents/guardians file for a due process hearing, or request mediation, the District and the Charter School shall work together defend the case. In the event that the District determines that legal representation is needed, the Charter School agrees that it shall be jointly represented by legal counsel of the District's choosing.

The Charter School understands that the District shall have sole discretion to settle any matter in mediation or due process. The District shall also have sole discretion to file an appeal from a due process hearing or take other legal action involving any Charter School student necessary to protect its rights.

SELPA Representation

It is the Charter School's understanding that the District shall represent the Charter School at all SELPA meetings and report to the Charter School of SELPA activities in the same manner as is reported to all schools within the District.

Funding

The Charter School understands that it will enter into a MOU with the District regarding Special Education funding and cannot at this time unilaterally dictate the funding relationship between the District and the Charter School. The Charter School anticipates, based upon State and Federal law that the fiscal relationship could be summarized as follows:

Retention of Special Education Funds by the District

The District shall retain all state and federal special education funding allocated for Charter School students though the SELPA Annual Budget Plan, and shall be entitled to count Charter School students as its own for all such purposes.

Retention of ADA Funds by the District for Non-Public Placements

The Parties acknowledge that the District may be required to pay for or provide Charter School students with placements at locations other than at the Charter School's school site in order to provide them with a free appropriate public education. Such placements could include, without limitation, programs or services in other District schools, in other public school districts within the SELPA, in a County Office of Education program, in a non-public school, at home, at a hospital, or in a residential program. When such programs or services are provided at District expense, the District shall be entitled to receive from the Charter School the pro rata share of all funding received for such student, including, without limitation, all ADA funds, based on the number of instructional days or minutes per day that the student is not at the Charter School site.

Contribution to Encroachment

The Charter School shall contribute its fair share to offset special education's encroachment upon the District's general fund. Accordingly, the Charter School shall pay to the District a pro-rata share of the District's unfunded special education costs ("encroachment"). At the end of each fiscal year, the District shall invoice the Charter School for the Charter School's pro-rata share of the District-wide encroachment for that year as calculated by the total unfunded special education costs of the District (including those costs attributable to Charter School) divided by the total number of District ADA (including Charter School students), and multiplied by the total number of Charter School ADA. The Charter School ADA shall include all Charter School students, regardless of home district.

Services for Students under the "IDEA" as an LEA pursuant to Education Code Section 47641(a) or Through a "Pass Through" Agreement with ECS

The following description regarding how special education and related services will be provided and funded is being proposed by the Charter School for the sole purpose of providing a reasonably comprehensive description of the special education program in the Charter Petition, and is not binding on the District. The specific manner in which special education and related services will be provided and funded shall be set forth in an MOU, delineating the respective responsibilities of the Charter School and the SELPA. A copy of the MOU will be presented to the District upon execution.

Upon obtaining LEA membership in a SELPA in accordance with Education Code Section 47641(a), or upon reaching a pass through agreement with the District as a public school of the District for purposes of special education, the Charter School shall be solely responsible for providing services for special education students enrolled in the Charter School. The Charter School shall provide special education instruction and related services in accordance with the IDEA, Education Code requirements, and applicable policies and practices of the SELPA.

The Charter School will provide services for special education students enrolled in the Charter School. The Charter School shall follow SELPA policies and procedures, and shall utilize SELPA forms in seeking out and identifying and serving students who may qualify for special education programs and services and for responding to record requests and parent complaints, and maintaining the confidentiality of pupil records.

The Charter School agrees to promptly respond to all District or SELPA inquiries, to comply with reasonable District or SELPA directives, and to allow the District or SELPA access to Charter School students, staff, facilities, equipment and records as required or imposed by law.

<u>Staffing</u>

All special education services at the Charter School shall be delivered by individuals or agencies qualified to provide special education services as required by the Education Code and the IDEA. Charter School staff shall participate in District or SELPA in-service training relating to special education.

The Charter School shall be responsible for the hiring, training, and employment of site staff necessary to provide special education services to its students, including, without limitation, special education

teachers, paraprofessionals, and resource specialists. The Charter School shall ensure that all special education staff hired or contracted by the Charter School is qualified pursuant to SELPA policies, as well as meet all legal requirements. The Charter School shall be responsible for the hiring, training, and employment of itinerant staff necessary to provide special education services to Charter School students, including, without limitation, speech therapists, occupational therapists, behavioral therapists, and psychologists.

Notification and Coordination

The Charter School shall follow SELPA policies as they apply to all SELPA schools for responding to implementation of special education services. The Charter School shall adopt and implement policies relating to all special education issues and referrals.

Identification and Referral

The Charter School shall have the responsibility to identify, refer, and work cooperatively in locating Charter School students who have or may have exceptional needs that qualify them to receive special education services. The Charter School will implement SELPA policies and procedures to ensure timely identification and referral of students who have, or may have, such exceptional needs. A pupil shall be referred for special education only after the resources of the general education program have been considered, and where appropriate, utilized.

The Charter School will follow SELPA child-find procedures to identify all students who may require assessment to consider special education eligibility and special education and related services in the case that general education interventions do not provide a free appropriate public education to the student in question.

Assessments

The term "assessments" shall have the same meaning as the term "evaluation" in the IDEA, as provided in Section 1414, Title 20 of the United States Code. The Charter School shall determine what assessments, if any, are necessary and arrange for such assessments for referred or eligible students in accordance applicable law. The Charter School shall obtain parent/guardian consent to assess Charter School students.

IEP Meetings

The Charter School shall arrange and notice the necessary IEP meetings. IEP team membership shall be in compliance with state and federal law. The Charter School shall be responsible for having the following individuals in attendance at the IEP meetings: the Director of Special Services or designee and/or the Charter School designated representative with appropriate administrative authority as required by the IDEA; the student's special education teacher; the student's general education teacher if the student is or may be in a general education classroom; the student, if appropriate; and other Charter School representatives who are knowledgeable about the general education program at the Charter School and/or about the student. The Charter School shall arrange for the attendance or participation of all other necessary staff that may include, but are not limited to, an appropriate administrator to comply with the requirements of the IDEA, a speech therapist, psychologist, resource specialist, and behavior specialist; and shall document the IEP meeting and provide notice of parental

rights.

IEP Development

The Charter School understands that the decisions regarding eligibility, goals/objectives, program, services, placement, and exit from special education shall be the decision of the IEP team, pursuant to the IEP process. Programs, services and placements shall be provided to all eligible Charter School students in accordance with the policies, procedures and requirements of the SELPA and State and Federal law.

IEP Implementation

The Charter School shall be responsible for all school site implementation of the IEP. As part of this responsibility, the Charter School shall provide parents with timely reports on the student's progress as provided in the student's IEP at least as frequently as report cards are provided for the Charter School's non-special education students. The Charter School shall also provide all home-school coordination and information exchange. The Charter School shall also be responsible for providing all curriculum, classroom materials, classroom modifications, and assistive technology.

Interim and Initial Placements of New Charter School Students

The Charter School shall comply with Education Code Section 56325 with regard to students transferring into the Charter School within the academic school year. In accordance with Education Code Section 56325(a)(1), for students who enroll in the Charter School from another school district within the State, but outside of the SELPA with a current IEP within the same academic year, the Charter School shall provide the pupil with a free appropriate public education, including services comparable to those described in the previously approved IEP, in consultation with the parent, for a period not to exceed thirty (30) days, by which time the Charter School shall adopt the previously approved IEP or shall develop, adopt, and implement a new IEP that is consistent with federal and state law.

In accordance with Education Code Section 56325(a)(2), in the case of an individual with exceptional needs who has an IEP and transfers into the Charter School from a district operated program under the same special education local plan area of the Charter School within the same academic year, the Charter School shall continue, without delay, to provide services comparable to those described in the existing approved IEP, unless the parent and the District agree to develop, adopt, and implement a new IEP that is consistent with federal and state law.

For students transferring to the Charter School with an IEP from outside of California during the same academic year, the Charter School shall provide the pupil with a free appropriate public education, including services comparable to those described in the previously approved IEP in consultation with the parents, until the Charter School conducts an assessment pursuant to paragraph (1) of subsection (a) of Section 1414 of Title 20 of the United States Code, if determined to be necessary by the Charter School, and develops a new IEP, if appropriate that is consistent with federal and state law.

Non-Public Placements/Non-Public Agencies

The Charter School shall be solely responsible for selecting, contracting with, and overseeing all non-public schools and non-public agencies used to serve special education students.

Non-discrimination

It is understood and agreed that all children shall have access to the Charter School and no student shall be denied admission nor counseled out of the Charter School due to the nature, extent, or severity of their disability or due to the student's request for, or actual need for, special education services.

Parent/Guardian Concerns and Complaints

The Charter School shall adopt policies for responding to parental concerns or complaints related to special education services. The Charter School shall receive any concerns raised by parents/guardians regarding related services and rights.

The Charter School's designated representative shall investigate as necessary, respond to, and address the parent/guardian concern or complaint.

Due Process Hearings

The Charter School may initiate a due process hearing or request for mediation with respect to a student enrolled in the Charter School if it determines such action is legally necessary or advisable. In the event that the parents/guardians file for a due process hearing, or request mediation, the Charter School shall defend the case.

SELPA Representation

The Charter School's understands that it shall represent itself at all SELPA meetings.

Funding

The Charter School understands that it shall be subject to the allocation plan of the SELPA.

Goals, Actions and Measurable Outcomes Aligned with the Eight State Priorities

Pursuant to Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B), a reasonably comprehensive description of the Charter School's annual goals, actions and measurable outcomes, both schoolwide and for each subgroup of pupils, in and aligned with the Eight State Priorities as described in Education Code Section 52060(d), can be found in the Charter School's Local Control and Accountability Plan. Each of these goals addresses the unique needs of all students attending the Charter School, including our numerically significant student subgroups. The metrics associated with these goals help the Charter School to ensure that these specific subgroups are making satisfactory progress, and are provided with necessary additional supports made possible by additional funds from the Local Control Funding Formula.

The current LCAP is on file with the District and is attached as Appendix A, which will apply to the

Charter School in its first year of operation. The Charter School shall annually update and develop the LCAP in accordance with Education Code Section 47606.5 and shall use the LCAP template adopted by the State Board of Education. The Charter School reserves the right to establish additional and/or amend school-specific LCAP update. The Charter School shall submit the LCAP to the District annually on or before July 1, as required by Education Code Section 47604.33. The Charter School shall also present a report on the annual update to the LCAP and the local control funding formula budget overview for parents on or before February 28 of each year as part of a nonconsent item at a regularly scheduled Board meeting.

The LCAP and any revisions necessary to implement the LCAP shall not be considered a material revision to the charter, and shall be maintained by the Charter School at the school site.

Element 2. Measurable Pupil Outcomes

Governing Law: The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052 The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school. Education Code Section 47605(c)(5)(B).

and

Element 3. Methods of Assessment

Governing Law: The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card. Education Code Section 47605(c)(5)(C).

The Charter School affirms that to the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

Goals, Actions and Measurable Outcomes Aligned with the Eight State Priorities

Pursuant to Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B), a reasonably comprehensive description of the Charter School's annual goals, actions and measurable outcomes, both schoolwide and for each subgroup of pupils, in and aligned with the Eight State Priorities as described in Education Code Section 52060(d), can be found in the Charter School's Local Control and Accountability Plan. Each of these goals addresses the unique needs of all students attending the Charter School, including our numerically significant student subgroups. The metrics associated with these goals help the Charter School to ensure that these specific subgroups are making satisfactory progress, and are provided with necessary additional supports made possible by additional funds from the Local Control Funding Formula.

The current LCAP is on file with the District and is attached as Appendix A, which will apply to the Charter School in its first year of operation. The Charter School shall annually update and develop the LCAP in accordance with Education Code Section 47606.5 and shall use the LCAP template adopted by the State Board of Education. The Charter School reserves the right to establish additional and/or amend school-specific LCAP update. The Charter School shall submit the LCAP to the District annually on or before July 1, as required by Education Code Section 47604.33. The Charter School shall also present a report on the annual update to the LCAP and the local control funding formula budget overview for parents on or before February 28 of each year as part of a nonconsent item at a regularly scheduled Board meeting.

The LCAP and any revisions necessary to implement the LCAP shall not be considered a material revision to the charter, and shall be maintained by the Charter School at the school site.

Individual Outcomes

As stated above, each student will have a custom developed education program. Progress will be monitored and documented as per the written student agreement.

School-Wide Outcomes

It is a goal of Alder Grove Charter School for pupils to demonstrate age appropriate or grade- level mastery, aligned with the state standards, in the following core areas:

- Mathematics: Students will develop abilities to reason logically and to understand and apply mathematical processes and concepts, including those within arithmetic, algebra, geometry, and other mathematical subjects aligned with the state standards.
- Language Arts: Students will demonstrate strong reading, writing, listening, speaking and presentation skills, with communication skills appropriate to the setting and audience. Students will demonstrate skills in multiple forms of expression, which may include including written, oral, or multi-media.
- Science: Students will successfully utilize scientific research and inquiry methods to understand and apply the major concepts underlying various branches of science, which may include physical, earth, environmental, and life sciences.
- Social Studies: Students will apply critical thinking skills to understanding historical and geographical knowledge in order to increase civic engagement, become active citizens, and have the opportunity to become a candidate for the State Seal of Civic Engagement.

In addition, students will have opportunities to pursue interests and develop skills in the following non-core areas:

- World Language: Students will be given the opportunity to gain proficiency in speaking, reading, writing, and listening comprehension in at least one foreign language. Students will have the opportunity to become a candidate for the State Seal of Biliteracy.
- Fine Arts: Students will explore their talents through the fine arts.
- Special Interests: Students will explore and develop additional talents and interests.

Expected Schoolwide Learning Outcomes

Alder Grove Charter School graduates are:

A ware and confident in their individual abilities, interests and talents and are able to use these individual interests, abilities and talents to successfully transition to the workforce or higher education.

L ifelong Learners who meet or exceed California graduation requirements, develop and utilize study and research skills, and demonstrate proficiency in state content standards.

D igital technology users who have the ability to critically evaluate information and use technological tools to enhance their personal and career life.

E ffective problem solvers/critical thinkers who are able to research, identify, access and organize data effectively to arrive at informed conclusions and understand and apply principles of consumer economics.

R eady to transition to career or college, with an idea of how to learn what they need to have a happy, fulfilling life.

Grade Level Outcomes

CCSS aligned report cards have been developed and student progress toward meeting those standards will be assessed for grades K-6. These will be completed by the credentialed teacher with parent input once each semester. Students in grades 7-12 will be assessed using letter grades on courses enrolled in with a report card each semester. Courses that meet the University of California's A-G requirements have been and continue to be developed for those students wishing to enroll in a university in California. Alder Grove Charter School will maintain accreditation by the Western Association of Schools and Colleges ("WASC").

All students receiving a diploma of graduation from Alder Grove Charter School must complete the California State High School requirements as required for traditional public schools in Education Code Section 51225.3 as well as AGCS approved graduation requirements. It is reasonable to expect that high school credits earned at AGCS will be transferable to other public high schools.

In order to best serve our students and community, Alder Grove Charter School will continue to examine and refine its list of student learning objectives over time to reflect the Charter School's mission and any changes to state standards that support such mission. At any time prior to the expiration of the charter, AGCS's Governance Council may amend the learning objectives of this charter.

Element 4. Governance Structure

Governing Law: The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement. Education Code Section 47605(c)(5)(D).

Non-Profit Public Benefit Corporation

The Charter School will be a directly funded independent charter school and will be operated by Alder Grove Charter School, a California non-profit public benefit corporation, pursuant to California law upon approval of this charter.

The Charter School will operate autonomously from the District, with the exception of the supervisory oversight as required by law and other contracted services as may be negotiated between the District and the Charter School. Pursuant to Education Code Section 47604(d), the District shall not be liable for the debts and obligations of the Charter School, operated by a California non-profit public benefit corporation, or for claims arising from the performance of acts, errors, or omissions by the Charter School, as long as the District has complied with all oversight responsibilities required by law.

Attached, as Appendix B, please find Alder Grove Charter School's Articles of Incorporation, Bylaws, and Conflict of Interest Code.

Governance Council

The Charter School will be governed by the Alder Grove Charter School corporate board of directors, known as the Governance Council (the "Council"), in accordance with its adopted bylaws, which shall be consistent with the terms of this charter.

The Governance Council shall consist of 5 to 9 Council members. In accordance with Education Code Section 47604(c), the District may appoint a representative to the Governance Council. If the District chooses to do so, the Charter School may appoint another member to ensure that the Council is maintained with an odd number of members.

Upon receipt of a petition for student representation that meets the requirements of Education Code Section 47604.2(b)(2), the Governance Council shall order the inclusion within its membership, in addition to the number of members otherwise prescribed, of at least one student member. A student member of the Governance Council shall have preferential voting rights as defined in Education Code Section 47604.2(b)(4).

Each council member shall hold office unless otherwise removed from office in accordance with these bylaws for three (3) years and until a successor council member has been elected and qualified. Council members shall be elected by sealed ballots no later than three (3) weeks before the Annual Meeting of the Governance Council of Alder Grove Charter School. The ballot shall contain the names of all qualified candidates submitted to the Charter School Superintendent/Executive Director. Each family unit with student(s) enrolled is entitled to one vote. Each Charter School staff member and each member of the Governance Council is entitled to one vote. In the event a staff member or council member is also a part of a family unit, that staff member or council member shall not be entitled to an additional vote for being a council member or staff member. In the event that students

from any family reside in different households, each household shall be considered a separate family unit for voting purposes.

The Governance Council of the Charter School will meet regularly, at least once a month (except during the summer) and in accordance with the Brown Act and Education Code Section 47604.1(c). The Governance Council shall be governed in its operations and its actions by the corporate bylaws of Alder Grove Charter School, which shall be consistent with the terms of the charter, the Charter Schools Act, and all other applicable laws. The Governance Council shall have final authority for all aspects of the Charter School's operation and educational program. The roles and responsibilities of the Governance Council include but are not limited to:

- Finance:
    - Monitor fiscal solvency and management.
    - Approve budgets/spending and fiscal policies.
- Educational Program:
    - Monitor student performance.
    - Ensure curriculum aligns with mission as outlined in charter.
- Personnel:
    - Hire/fire/evaluate the Superintendent/Executive Director.
    - Approve personnel policies.
    - Approve staffing recommendations and decisions.
- Facilities:
    - Enter into financing and building contracts.
    - Approve construction and remodeling of facilities.

The Charter School will comply with all federal, state, and local laws that are applicable to independent study public charter schools. The Charter School will maintain, general liability, errors and omissions, property and casualty, and workers compensation insurance.

The Governance Council may initiate and undertake any program or activity, and may otherwise act in any manner which is neither in conflict with, inconsistent with, nor preempted by any law, and which is not in conflict with the purposes for which charter schools are established.

Council members who attend training or are conducting authorized Council business may also receive reimbursement of expenses. All such costs shall be included in the Charter School's annual budget. Council members have the option to decline reimbursements in writing to the Superintendent/Executive Director at the annual meeting or the individual member's first meeting.

The Governance Council may execute any powers delegated by law to it and shall discharge any duty imposed upon it by law and may delegate to an officer or employee of Alder Grove Charter School or a third party any of those duties. The Governance Council, however, retains ultimate responsibility over the performance of those powers or duties so delegated. All meetings of the Governance Council will conform to the Brown Act. The Charter School has adopted a Conflict of Interest Code that complies with the Political Reform Act, Government Code Section 1090, *et seq.* as set forth in

Education Code Section 47604.1, and Corporations Code conflict of interest rules, and which shall be updated with any charter school-specific conflict of interest laws or regulations.

The Charter School Governance Council will attend an annual in-service for the purposes of training individual board members on their responsibilities with topics to include, at minimum, ethics, conflicts of interest and the Brown Act.

Advisory Committees

The Charter School may have one or more advisory committees comprised of faculty, parents, community members or other members of the public with varying areas of expertise. The purpose of an advisory committee is to provide advice, expertise and resources related to Charter Schools, fund-raising, community relations, and other areas relevant to the success of the Charter School. The Superintendent/Executive Director and/or the Governance Council may consult with an advisory committee or its members when appropriate.

Superintendent/Executive Director

The Charter School Superintendent/Executive Director is to the Charter School Governance Council what the Superintendent is to the District Board of Trustees. The Charter School Superintendent/Executive Director will work full- time for the Charter School and the Charter School Superintendent/Executive Director's salary shall be paid for by the Charter School.

The Charter School Superintendent/Executive Director will communicate directly with the Governance Council and to the District Board of Trustees through its Superintendent or designee as necessary. The Charter School Superintendent/Executive Director is fully responsible for the daily administration of the Charter School. The responsibilities of the Superintendent/Executive Director shall be clearly delineated in the Charter School's personnel policy handbook, and will include, but not limited to, the following:

- Liaise with the Charter School and the District, parents, and the community.
- Remain current with legislation and educational trends that will benefit the Charter School.
- Draft the annual Charter School budget.
- Hire Charter School faculty and staff.
- Secure facilities as necessary for the Charter School.

School Leadership Team

The Alder Grove Charter School shall have a 5-9 person Leadership Team. The Leadership Team will be responsible for crafting the means to achieve the outcomes delineated and/or approved by the Governance Council. The Leadership Team will be composed of an equal number of faculty representatives and parents, as well as the Charter School Superintendent/Executive Director. The roles and responsibilities of the Leadership Team include but are not limited to:

- Finance:
    - Develop and recommend annual budget and/or major budget changes.

    - Implement fiscal recommendations.
    - Review quarterly budget reports and audit report.
- Educational Program:
    - Review student performance data.
    - Research/develop student data collection system.
    - Develop/align standards, curriculum and assessment.
    - Develop school calendar.
    - Develop parent/student handbook.
- Personnel:
    - Conduct prospective employee interviews.
    - Develop and/or recommend personnel policies.
    - Develop/implement professional development plan.
- Facilities:
    - Conduct school site needs assessment.
    - Research school site, funding and facilities options.
    - Make recommendation on facility needs and policies.

The leadership team, consisting, in the first year of operation, of the leadership team from Alder Grove Charter School, shall be designated by the then-current leadership team.

District Oversight

The District shall have supervisory oversight of the Charter School. Such duties shall be performed in compliance with the Education Code.

Memorandum of Understanding

Alder Grove Charter School intends to enter into a memorandum of understanding with the District clearly delineating the supervisory oversight and administrative services provided by the District to AGCS and the fiscal and legal relationship between the two entities.

The MOU shall include, but not be limited to:

- Direct funding of the Charter School in accordance with Education Code Section 47651.
- Charter School authority to contract with third parties.
- Services to be purchased by the Charter School from the District if available, and the fee schedule of such services.
- Fiscal reporting requirements to the state.
- Oversight requirements of the District.

Parental Involvement in Governance

Parent/guardians are encouraged to become members of the LCAP Parent Advisory Committee (to give input on the LCAP), Community School Advisory Team (to give feedback and input on the Community Schools Grant), Community Engagement Initiative Team (to give input on the Community Engagement Initiative Grant's uses), School Leadership Team (to give input on policies, procedures, hiring, budgets, and other needs), and Governance Council (where input is gathered from students, families, and staff, and decisions for the Charter School are made).

Element 5. Employee Qualifications

Governing Law: The qualifications to be met by individuals to be employed by the charter school. Education Code Section 47605(c)(5)(E).

Superintendent/Executive Director Qualifications

The Superintendent/Executive Director and any other administrator at the Charter School shall possess leadership abilities and a comprehensive educational vision that is consistent with the Charter School's vision, philosophy and educational program. In addition, the Superintendent/Executive Director shall possess a valid California teaching credential and preferably a Master's degree, and have a minimum of three years teaching experience, preferably in an independent study charter school.

School Coordinator/Director Qualifications

The School Coordinators, including testing/academic support and college and career, shall possess a valid California teaching credential, and a minimum of three years teaching experience, preferably in an independent study/personalized learning charter school.

Teacher Qualifications

The Charter School teachers will hold the Commission on Teacher Credentialing certificates, permits, or other documents required for the teacher's certificated assignment pursuant to Education Code Section 47605(l)(1).

Instructional Support Staff Qualifications

The Charter School may also employ or retain non-certificated instructional support staff in any case where a prospective staff member has an appropriate mix of subject matter expertise, professional experience, and the demonstrated capacity to work successfully in an instructional support capacity. Instructional support staff will not serve as the teacher of record for individual pupils and may not assign grades or approve student work assignments.

Professional Development

Professional development will be required of the Charter School staff, both certificated and administrative. Included will be professional workshops, seminars, and programs. The Charter School staff will be diverse in thinking and encouraged to be creative with regards to alternative methods of teaching.

Professional development, which is viewed as a lifelong commitment to professional excellence, will be an integral part of the Charter School's structure. The staff at the Charter School will pursue professional development opportunities that will assist them in developing exemplary methods of teaching as well as developing new methods of student evaluation and assessment. Funds will be budgeted that will make it possible for the Charter School staff to participate in a meaningful professional development plan.

Element 6. Health and Safety Procedures

Governing Law: The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

(i) That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237.
(ii) The development of a school safety plan, and the annual review and update of the plan, pursuant to Section 47606.3.
. Education Code Section 47605(c)(5)(F).

In order to provide safety for all students and staff, the Charter School shall maintain full health and safety policies and procedures and risk management policies at its school site in consultation with its insurance carriers and risk management experts. These procedures will be incorporated into the Charter School's student and staff handbooks, attached as Appendix C, and will be reviewed on an ongoing basis by the Charter School's Superintendent/Executive Director and Governance Council. The Charter School shall ensure that staff are trained annually on the health and safety policies.

The following is a summary of the health and safety policies of the Charter School:

Procedures for Background Checks

Employees and contractors of the Charter School will be required to submit to a criminal background check and to furnish a criminal record summary as required by Education Code Sections 44237 and 45125.1. Applicants for employment must submit two sets of fingerprints to the California Department of Justice for the purpose of obtaining a criminal record summary. The Charter School shall not hire any person, in either a certificated or classified position, who has been convicted of a violent or serious felony except as otherwise provided by law, pursuant to Education Code Sections 44830.1 and 45122.1. The Superintendent/Executive Director of the Charter School shall monitor compliance with this policy and report to the Charter School Governance Council on a regular basis. The Council President shall monitor the fingerprinting and background clearance of the Superintendent/Executive Director. Volunteers who will volunteer outside of the direct supervision of a credentialed employee shall be fingerprinted and receive background clearance prior to volunteering without the direct supervision of a credentialed employee.

Role of Staff as Mandated Child Abuse Reporters

All employees will be mandated child abuse reporters and will follow all applicable reporting laws, the same policies and procedures used by the District. The Charter School shall provide mandated reporter training to all employees annually in accordance with Education Code Section 44691.

Tuberculosis Risk Assessment and Examination

Employees, and volunteers who have frequent or prolonged contact with students, will be assessed and examined (if necessary) for tuberculosis prior to commencing employment and working with students, and for employees at least once each four years thereafter, as required by Education Code Section 49406.

Immunizations

All enrolled students who receive classroom-based instruction will be required to provide records documenting immunizations as is required at public schools pursuant to Health and Safety Code Sections 120325-120375, and Title 17, California Code of Regulations Sections 6000-6075. All rising 7th grade students must be immunized with a pertussis (whooping cough) vaccine booster.
Upon a student's admission or advancement to 6th grade, the Charter School shall submit to the student and their parent or guardian a notification that advises students to adhere to current immunization guidelines regarding human papillomavirus ("HPV") before admission or advancement to 8th grade, consistent with the requirements of Education Code Section 48980.4 and Health and Safety Code Section 120336.

Medication in School

The Charter School will adhere to Education Code Section 49423 regarding administration of medication in school. The Charter School will adhere to Education Code Section 49414 regarding epinephrine auto-injectors and training for staff members; per AB 1651 (2023), the Charter School shall store emergency epinephrine auto-injectors in an accessible location upon need for emergency use and include that location in annual notices required by law. To the extent the Charter School maintains a stock of albuterol inhalers to respond to respiratory distress in students, the Charter School shall comply with the requirements of Education Code Section 49414.7, including with respect to training, notices, and the stocking of albuterol inhalers.

Vision, Hearing, and Scoliosis

Students will be screened for vision, hearing and scoliosis. The Charter School will adhere to Education Code Section 49450 *et seq.* as applicable to the grade levels served by the Charter School.

Diabetes

The Charter School shall make type 1 diabetes informational materials accessible to the parent or guardian of a pupil when the pupil is first enrolled in elementary school. The Charter School will provide an information sheet regarding type 2 diabetes to the parent or guardian of incoming 7th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but not be limited to, all of the following:

1. A description of type 2 diabetes.

2. A description of the risk factors and warning signs associated with type 2 diabetes.
3. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes should be screened for type 2 diabetes.
4. A description of treatments and prevention methods of type 2 diabetes.
5. A description of the different types of diabetes screening tests available.

Suicide Prevention Policy

The Charter School shall maintain a policy on student suicide prevention in accordance with Education Code Section 215. The Charter School shall review, at minimum every fifth year, its policy

on pupil suicide prevention and, if necessary, update its policy. Pursuant to AB 58 (2021-22), the Charter School will also review and update its suicide prevention policy to incorporate best practices identified by the California Department of Education's model policy, as revised.

Prevention of Human Trafficking

The Charter School shall identify and implement the most appropriate methods of informing parents and guardians of students in grades 6 through 12 of human trafficking prevention resources.

Menstrual Products

The Charter School shall stock the school's restrooms at all times with an adequate supply of menstrual products, available and accessible, free of cost, in all women's restrooms and all-gender restrooms, and in at least one men's restroom. The Charter School shall post a notice regarding the requirements of Education Code Section 35292.6 in a prominent and conspicuous location in every restroom required to stock menstrual products, as specified. This notice shall include the text of Education Code Section 35292.6 and contact information, including an email address and telephone number, for a designated individual responsible for maintaining the requisite supply of menstrual products.

All Gender Restrooms

On or before July 1, 2026, the Charter School shall provide and maintain at least one all-gender restroom for voluntary student use at each of its schoolsites that has more than one female restroom and more than one male restroom designated exclusively for student use. The restroom shall have signage identifying the bathroom as being open to all genders, it shall remain unlocked, unobstructed, and easily accessible by any student, and be available during school hours and school functions when students are present. The Charter School shall designated a staff member to serve as a point of contact and to post a notice regarding these requirements.

School Meals

The Charter School shall provide breakfast and lunch free of charge during each school day to any pupil who requests a meal without consideration of the pupil's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service provided. The meals provided under this paragraph shall be nutritionally adequate meals that qualify for federal reimbursement.
The Charter School shall provide each student adequate time to eat as determined by the Charter School in consideration of available guidance.

Recess

Except where a field trip or other educational program is taking place, if the Charter School provides recess, to the extent required by Education Code Section 49056, the Charter School shall provide supervised and unstructured recess, distinct from physical education courses and mealtimes, of at least 30 minutes on regular instructional days and at least 15 minutes on early release days. The Charter School shall not restrict a student's recess unless there is a physical safety of the student or one or more of their peers.

California Healthy Youth Act

The Charter School shall teach sexual health education and human immunodeficiency virus ("HIV") prevention education to students in grades 7-12, at least once in middle school and at least once in high school, pursuant to the California Healthy Youth Act (Education Code Section 51930, *et seq.*).

Mental Health Education

If the Charter School offers one or more courses in health education to students in middle or high school the Charter School shall include in those courses instruction in mental health that meets the requirements of Education Code Section 51925, *et seq.*

Mental Health Information

The Charter School shall create and post a poster at the schoolsite identifying approaches and resources addressing student mental health in compliance with Education code Section 49428.5. The poster shall be displayed in English and the primary language(s) spoken by 15 percent or more of students enrolled at the schoolsite. The poster shall be prominently and conspicuously displayed in appropriate public areas that are accessible to, and commonly frequented by, students at the schoolsite. The poster shall also be digitized and distributed online to students through social media, internet websites, portals, and learning platforms at the beginning of each school year.

School Safety Plan

The Charter School shall adopt a School Safety Plan, to be reviewed and updated by March 1 of every year, which shall include identification of appropriate strategies and programs that will provide or maintain a high level of school safety and address the Charter School's procedures for complying with applicable laws related to school safety, including the development of all the following pursuant to Education Code Section 32282(a)(2)(A)-(O):

a. child abuse reporting procedures
b. routine and emergency disaster procedures
c. policies for students who committed an act under Education Code Section 48915 and other Charter School-designated serious acts leading to suspension, expulsion, or other mandatory expulsion recommendations
d. procedures to notify teachers of dangerous students pursuant to Education Code Section 49079
e. a discrimination and harassment policy consistent with Education Code Section 200
f. provisions of any schoolwide dress code that prohibits students from wearing "gang-related apparel," if applicable
g. procedures for safe ingress and egress of pupils, parents, and employees to and from the Charter School
h. a safe and orderly environment conducive to learning
i. the rules and procedures on school discipline adopted pursuant to Education Code Sections 35291, 35291.5, 47605, and 47605.6
j. procedures for conducting tactical responses to criminal incidents
k. procedures for active shooter drills if included in the School Safety Plan

l. procedures to assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted or threatened to be conducted at the school, at a an activity sponsored by the school, or on a schoolbus serving the school
m. procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds
n. procedures specifically designed to notify parents and guardians of pupils, teachers, administrators, and school personnel when the school confirms the presence of immigration enforcement on the schoolsite
o. a protocol in the event a pupil is suffering or is reasonably believed to be suffering from an opioid overdose

The School Safety Plan shall be drafted specifically to the needs of the facility in conjunction with law enforcement and the Fire Marshal. Staff shall receive training in emergency response, including appropriate "first responder" training or its equivalent.

Disaster procedures included in the School Safety Plan shall address and include adaptations for students with disabilities. To the extent an employee, parent/guardian, educational rights holder, or student brings concerns regarding the procedures to the principal and, if there is merit to the concern, the principal shall direct the School Safety Plan to be modified accordingly.

The Charter School shall develop an instructional continuity plan, consistent with Education Code Section 32282(a)(3), to establish communication with students and their families and provide instruction to students when in-person instruction is disrupted due to an emergency pursuant to Education Code Sections 41422 or 46392(a).

Workplace Violence Prevention Plan

The Charter School shall establish, implement, and maintain, at all times in all work areas, an effective workplace violence prevention plan consistent with the requirements of Labor Code Section 6401.9.

Blood borne Pathogens

The Charter School shall meet state and federal standards for dealing with blood borne pathogens and other potentially infectious materials in the work place. The Council shall adopt a written infectious control plan designed to protect employees and students from possible infection due to contact with blood borne viruses, including human immunodeficiency virus and hepatitis B virus ("HBV").

Whenever exposed to blood or other bodily fluids through injury or accident, staff and students shall follow the latest medical protocol for disinfecting procedures.

Drug-, Alcohol-, and Smoke-Free Environment

The Charter School shall function as a drug-, alcohol-, and smoke-free environment.

Facility Safety

The Charter School shall comply with Education Code Section 47610 by utilizing facilities that are either compliant with the Field Act or facilities that are compliant with the California Building

Standards Code. The Charter School agrees to test sprinkler systems, fire extinguishers, and fire alarms annually at its facilities to ensure that they are maintained in an operable condition at all times. The Charter School shall conduct fire drills as required under Education Code Section 32001.

Comprehensive Anti-Discrimination and Harassment Policies and Procedures

The Charter School is committed to providing a school that is free from discrimination and sexual harassment, as well as any harassment based upon the actual or perceived characteristics of race, religion, creed, color, gender, gender identity, gender expression, nationality, national origin, ancestry, ethnic group identification, genetic information, age, medical condition, marital status, sexual orientation, sex and pregnancy, physical or mental disability, childbirth or related medical conditions, military and veteran status, denial of family and medical care leave, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance or regulation. The Charter School shall develop a comprehensive policy to prevent and immediately remediate any concerns about discrimination or harassment at the Charter School (including employee to employee, employee to student, and student to employee misconduct). Misconduct of this nature is very serious and will be addressed in accordance with the Charter School's anti- discrimination and harassment policies.

A copy of the policy shall be provided as part of any orientation program conducted for new and continuing pupils at the beginning of each quarter, semester, or summer session, as applicable, and to each faculty member, all members of the administrative staff, and all members of the support staff at the beginning of the first quarter or semester of the school year, or at the time there is a new employee hired. The Charter School shall create a poster that notifies students of the applicable policy on sexual harassment in accordance with Education code Section 231.6, and shall prominently and conspicuously display the poster in each bathroom and locker room at the schoolsite and in public areas at the schoolsite that are accessible to, and commonly frequented by, pupils.

Bullying Prevention

The Charter School shall adopt procedures for preventing acts of bullying, including cyberbullying. The Charter School shall annually make available the online training module developed by the CDE pursuant to Education Code Section 32283.5(a) to certificated schoolsite employees and all other schoolsite employees who have regular interaction with children.

Supporting LGBTQ Students

Through the completion of the 2029-30 school year, the Charter School shall use an online training delivery platform and curriculum to provide at least one hour of required LGBTQ cultural competency training annually to teachers and other certificated employees and maintain records of such training as required by Education Code Section 218.

SAFETY ACT

Pursuant to AB 1955 (2024), employees of the Charter School shall not be required to disclose any information related to a pupil's LGBTQ+ identity to any other person without the pupil's consent unless otherwise required by state or federal law. This provision shall not limit a parent's ability to

request school records on behalf of their child.

Homicide Threats

The Charter School shall comply with all requirements under Education Code Section 49390-49395 regarding mandatory reporting in response to homicidal threats. All employees and Board members who are alerted to or who observe any threat or perceived threat in writing or through an action of a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity shall make a report to law enforcement.

Gun Safety Notice

At the beginning of the first semester, the Charter School shall distribute a notice to the parents/guardians of each student addressing California's child gun access prevention laws and laws related to firearm safety utilizing the most updated model language published by the California Department of Education.

Athletic Programs

The Charter School shall comply with all applicable laws related to health and safety policies and procedures surrounding athletic programs at charter schools, including but not limited to providing information to athletes regarding sudden cardiac arrest and annually providing each athlete an Opioid Factsheet for Patients.

Transportation Services

The Charter School shall comply with the requirements of Education Code Section 39875(c), if applicable, relating to background checks and testing for individuals providing transportation services for students.

Weather Policy

On or before July 1, 2026, the Charter School will develop, adopt, and implement a weather policy that includes protocols for extreme weather conditions, and incorporate the standardized guidelines developed by the CDE.

Element 7. Means to Achieve Student Population Balance

Governing Law: The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted. Education Code Section 47605(c)(5)(G).

The flexibility of the Charter School's program and the alternative educational options that it provides to students and their families attracts a diverse student population. The Charter School recruits students from a diverse range of racial, ethnic, linguistic, ability, and socioeconomic backgrounds, to ensure its student population is reflective of the general population of the District, including diverse racial and ethnic communities, home languages, and special education needs.

The Charter School may engage in the following recruitment and outreach activities, in addition to the word-of-mouth recommendations from families and referrals from the District and County Office of Education, which we anticipate will continue for AGCS :

- Distribute informational materials at local markets, public libraries, coffee shops, churches, and business. Materials will be available in English and Spanish.
- Host informational events at the Charter School's main office to meet and speak with interested families.
- Advertise in the local newspapers, such as The North Coast Journal, The Times Standard, and The Mad River Union.
- Include informational materials on the Charter School website and/or social media accounts. .

Element 8. Admission Policies and Procedures

Governing Law: Admission policies and procedures, consistent with [Education Code Section 47605] subdivision (e). Education Code Section 47605(c)(5)(H).

The Charter School will be nonsectarian in its programs, admission policies, and all other operations, and will not charge tuition or discriminate against any student based upon any of the characteristics listed in Education Code Section 220.

The Charter School shall admit all pupils who wish to attend the Charter School. No test or assessment shall be administered to students prior to acceptance and enrollment into the Charter School. The Charter School will comply with all laws establishing minimum and maximum age for public school attendance in charter schools. Admission, except in the case of a public random drawing, shall not be determined by the place of residence of the pupil or their parent or legal guardian within the state, unless required by Education Code Section 51747.3. In accordance with Education Code Sections 49011 and 47605(e)(2)(B)(iv), admission preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

In accordance with Education Code Section 47605(e)(4)(A), the Charter School shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), including pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation. Similarly, in accordance with Section 47605(e)(4)(C), the Charter School shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to the academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), as listed above.

Pursuant to Education Code Section 47605(e)(4)(D), the Charter School shall post a notice developed by the CDE on the Charter School website, outlining the requirements of Section 47605(e)(4), and make this notice available to all parents.

Prior to admission, the legal guardian and the student must sign an independent study parent/student agreement. These signatures indicate an understanding of the Charter School outcomes, philosophy, program, and requirements. AGCS urges all applicants to attend a new family orientation, preferably prior to admission, but in no case later than the time of enrollment.

Public Random Drawing

Applications will be accepted during a publicly advertised open enrollment period each year for enrollment in the following school year. Following the open enrollment period each year, applications shall be counted to determine whether any grade span has received more applications than availability. In the event that this happens, the Charter School will hold a public random drawing (or "lottery") to determine admission for the impacted grade span, with the exception of existing students, who are guaranteed admission in the following school year. Admission preferences in the case of a public

random drawing shall be given to the following students in the following order:

1) Siblings of students admitted to or attending the Charter School;
2) Children and grandchildren of current Charter School teachers, staff, and Governance Council members;
3) Residents of the District; and
4) All other applicants.

The Charter School and the District agree to adhere to the requirements related to admission preferences as set forth in Education Code Section 47605(e)(2)(B)(i)-(iv).

The Governance Council will take all necessary efforts to ensure lottery procedures are fairly executed. Lottery spaces are pulled by the designated lottery official (appointed by the Superintendent/Executive Director). Separate lotteries shall be conducted for each grade span in which there are fewer vacancies than pupils interested in attending. There is no weighted priority assigned to the preference categories; rather, within each grade span, students will be drawn from pools beginning with all applicants who qualify for the first preference category, and shall continue with that preference category until all vacancies within that grade level have been filled. If there are more students in a preference category than there are spaces available, a random drawing will be held from within that preference category until all available spaces are filled. If all students from the preference category have been selected and there are remaining spaces available in that grade level, students from the second preference category will be drawn in the lottery, and the drawing shall continue until all spaces are filled and preference categories are exhausted in the order provided above.

At the conclusion of the public random drawing, all students who were not granted admission due to capacity shall be given the option to put their name on a wait list according to their draw in the lottery. This wait list will allow students the option of enrollment in the case of an opening
during the current school year. In no circumstance will a wait list carry over to the following school year.

Public random drawing rules, deadlines, dates and times will be communicated in the application form and on the Charter School's website. Public notice for the date and time of the public random drawing will also be posted once the application deadline has passed. The Charter School will also inform all applicants and interested parties of the rules to be followed during the public random drawing process via mail or email at least two weeks prior to the lottery date.

The Charter School will conduct the lottery in the spring for enrollment in fall of that year, and as needed to fill independent study teacher rosters.

Element 9. Annual Financial Audit

Governing Law: The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority. Education Code Section 47605(c)(5)(I).

An annual independent financial audit of the books and records of the Charter School will be conducted as required by Education Code Sections 47605(c)(5)(I) and 47605(m). The books and records of the Charter School will be kept in accordance with generally accepted accounting principles, and as required by applicable law, the audit will employ generally accepted accounting procedures. The audit shall be conducted in accordance with applicable provisions within the California Code of Regulations governing audits of charter schools as published in the State Controller's K-12 Audit Guide.

The Charter School will select an independent auditor through a request for proposal format. The auditor will have, at a minimum, a CPA and educational institution audit experience and will be approved by the State Controller on its published list as an educational audit provider. To the extent required under applicable federal law, the audit scope will be expanded to include items and processes specified in applicable Office of Management and Budget Circulars.

The annual audit will be completed and forwarded to the District, the County Superintendent of Schools, the State Controller, and the California Department of Education by December 15th of each year. Alder Grove Charter School's Governance Council will review any audit exceptions or deficiencies, and will submit a report to the District describing how the exceptions and deficiencies have been or will be resolved to the satisfaction of the District along with an anticipated timeline for the same. Audit appeals or requests for summary review shall be submitted to the Education Audit Appeals Panel ("EAAP") in accordance with applicable law.

The independent financial audit of the Charter School is a public record to be provided to the public upon request.

Element 10. Suspension and Expulsion Policy and Procedures

Governing Law: The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that are consistent with all of the following:
(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.
(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:
(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.
(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.
(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five school days before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a homeless child or youth, or a foster child or youth, in the native language of the homeless or foster child's educational rights holder. In the case of a foster child or youth, the written notice shall also be provided to the foster child's attorney and county social worker. If the pupil is an Indian child, as defined in Section 224.1 of the Welfare and Institutions Code, the written notice shall also be provided to the Indian child's tribal social worker and, if applicable, county social worker. The written notice shall inform the pupil, the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, or county social worker, of the Indian child's tribal social worker or, if appliable, county social worker initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).
(iv) A foster child's educational rights holder, attorney, and county social worker and an Indian child's tribal social worker and, if applicable, county social worker shall have the same rights a parent or guardian of a child has to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, and other documents and related information. Education Code Section 47605(c)(5)(J).

This Pupil Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well being of all students at the Charter School. In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at noncharter schools' may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses

and procedures for suspensions, expulsions, and involuntary removal. The language that follows closely mirrors the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[5] are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this Policy and its Procedures are available upon request at the Superintendent/Executive Director's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the IDEA or who is qualified for services under Section 504 is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the Education Code, when imposing any form of discipline on a student identified as an individual with disabilities, for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, and the

[5] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

student's parent/guardian of the basis for which the student is being involuntarily removed, and the student's parent/guardian's requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action before the effective date of the action to involuntarily remove the student.. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated described below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study written agreement pursuant to Education Code Section 51747(c)(4).

Procedures

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

B. Enumerated Offenses

1. Discretionary Suspension Offenses. Students may be suspended when it is determined the student:

    a) Caused, attempted to cause, or threatened to cause physical injury to another person.

    b) Willfully used force or violence upon the person of another, except self-defense.

    c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, including marijuana, and alcoholic beverage, or intoxicant of any kind. Students who voluntarily disclose their use of a controlled substance, alcohol, or an intoxicant of any kind in order to seek help through services or supports shall not be suspended solely for that disclosure.

    d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, including marijuana, and alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

    e) Committed or attempted to commit robbery or extortion.

    f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

    g) Stole or attempted to steal school property or private property, which includes but is

not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets, betel, and electronic cigarettes. This section does not prohibit the use of a student's own prescription products by a student. Students who voluntarily disclose their use of a tobacco product in order to seek help through services or supports shall not be suspended solely for that disclosure.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the

protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's

academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers, and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a

telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(1) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(b) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Penal Code Section 31, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no

reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Superintendent/Executive Director or designee's concurrence.

2. Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

    a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Superintendent/Executive Director or designee's concurrence.
    b) Brandished a knife at another person.
    c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, *et seq.*
    d) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined in Penal Code Section 243.4.

3. Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

    a) Caused, attempted to cause, or threatened to cause physical injury to another person.

    b) Willfully used force or violence upon the person of another, except self-defense.

    c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, including marijuana, and alcoholic beverage, or intoxicant of any kind. Students who voluntarily disclose their use of a controlled substance, alcohol, or an intoxicant of any kind in order to seek help through services or supports shall not be suspended solely for that disclosure.

    d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, including marijuana, and alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

    e) Committed or attempted to commit robbery or extortion.

    f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

    g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

    h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes,

smokeless tobacco, snuff, chew packets, betel, and electronic cigarettes. This section does not prohibit the use of a student's own prescription products by a student. Students who voluntarily disclose their use of a tobacco product in order to seek help through services or supports shall not be suspended solely for that disclosure.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers, and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) rights by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Obtained, possessed, or distributed pornographic material, including photographs, books, magazines, and videos.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

   1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
      i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
      ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
      iii. Causing a reasonable student to experience substantial interference with their academic performance.
      iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
   2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.
ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
iii. An act of cyber sexual bullying.
(a) For purposes of this policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Penal Code Section 31, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a

certificated school employee, with the Superintendent/Executive Director or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

    a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Superintendent/Executive Director or designee's concurrence.
    b) Brandished a knife at another person.
    c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, *et seq.*
    d) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Governance Council that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened bladed fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3 ½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb, (B) grenade, (C) rocket having a propellant charge of more than four ounces, (D) missile having an explosive or incendiary charge of more than one-quarter ounce, (E) mine, or (F) device similar to any of the devices described in the preceding clauses.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

    Suspension shall be preceded, if possible, by a conference conducted by the Superintendent/Executive Director or the Superintendent/Executive Director's designee with the

student and the student's parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Superintendent/Executive Director or designee. The conference may be omitted if the Superintendent/Executive Director or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and the student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by email, by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date when the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Superintendent/Executive Director or designee, the student and the student's parent/guardian shall be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the Superintendent/Executive Director or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the

affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the Charter School Governance Council following a hearing before it or by the Charter School Governance Council upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Governance Council as needed. The Administrative Panel shall consist of at least three members who are certificated and neither a teacher of the student nor a member of the Charter School Governance Council. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Governance Council shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Superintendent/Executive Director or designee determines that the pupil has committed an expellable offense.

In the event an Administrative Panel hears the case, it will make a recommendation to the Council for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the

student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1) The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five days notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2) The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3) At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.

4) The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5) The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

6) Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

7) If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The entity presiding over the hearing shall permit the witness to stay unless

it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believes is prompting, swaying, or influencing the witness.

8) The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing room during that testimony.
9) Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10) Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Council or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as

defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Governance Council, which will make a final determination regarding the expulsion. The final decision by the Governance Council shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Governance Council is final.

If the Administrative Panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program.

J. Written Notice to Expel

The Superintendent/Executive Director or designee, following a decision of the Governance Council to expel, shall send written notice of the decision to expel, including the Governance Council's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.

The Superintendent/Executive Director or designee shall send a copy of the written notice of the decision to expel to the charting authority. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

K. Disciplinary Records

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the chartering authority upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from the Charter School as the Charter School Governance Council's decision to expel shall be final.

M. Expelled Students/Alternative Education

Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Governance Council at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to the Charter School for readmission.

O. Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Governance Council following a meeting with the Superintendent/Executive Director or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Superintendent/Executive Director or designee shall make a recommendation to the Governance Council following the meeting regarding the Superintendent/Executive Director's or designee's determination. The Council shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Section 49079 and the corresponding enumerated offenses set forth above.

Q. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral

assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alterative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parent/guardian to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding

placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian, or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Superintendent/Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 U.S.C Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent/guardian has requested an evaluation of the child.

c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Element 11. Retirement Systems

Governing Law: The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security. Education Code Section 47605(c)(5)(K).

Faculty and staff at Alder Grove Charter School will participate in the federal Social Security system, State Teachers' Retirement System ("STRS") or the Public Employees' Retirement System ("PERS") and federal social security, depending upon each individual's eligibility. Additionally, certificated and classified staff members of Alder Grove Charter School shall retain all previously vested rights in their respective retirement systems. The Superintendent/Executive Director shall be responsible for ensuring that retirement coverage arrangements are made for all employees of the Alder Grove Charter School.

Element 12. Public School Attendance Alternatives

Governing Law: The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools. Education Code Section 47605(c)(5)(L).

No student may be required to attend the Charter School. Students who reside within the District who choose not to attend the Charter School may attend school within the District according to District policy or at another school district or school within the District through the District's intra- and inter-district transfer policies. Parents and guardians of each student enrolled in the Charter School will be informed on admission forms that students have no right to admission in a particular school of a local educational agency as a consequence of enrollment in the Charter School, except to the extent that such a right is extended by the local educational agency.

Element 13. Employee Return Rights

Governing Law: The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school. Education Code Section 47605(c)(5)(M).

No public school district employee shall be required to work at the Charter School. Employees of the District who choose to leave the employment of the District to work at the Charter School will have no automatic rights of return to the District after employment by the Charter School unless specifically granted by the District through a leave of absence or other agreement. Charter School employees shall have any right upon leaving the District to work in the Charter School that the District may specify, any rights of return to employment in a school district after employment in the Charter School that the District may specify, and any other rights upon leaving employment to work in the Charter School that the District determines to be reasonable and not in conflict with any law.

Sick or vacation leave or years of service credit at the District or any other school district will not be transferred to the Charter School. Employment by the Charter School provides no rights of employment at any other entity, including any rights in the case of closure of the Charter School.

Element 14. Dispute Resolution

Governing Law: The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter. Education Code Section 47605(c)(5)(N).

Disputes Between the Charter School and the District

The Charter School and the District will be encouraged to attempt to resolve any disputes amicably and reasonably without resorting to formal procedures.

In the event of a dispute between the Charter School and the District, the Charter School staff, employees and Council members of the Charter School and the District agree to first frame the issue in written format ("dispute statement") and refer the issue to the District Superintendent and the Charter School Superintendent/Executive Director, or their respective designees. In the event that the District believes that the dispute relates to an issue that could lead to revocation of the charter in accordance with Education Code Section 47607, the Charter School requests that this shall be specifically noted in the written dispute statement, although it recognizes it cannot legally bind the District to do so. However, participation in the dispute resolution procedures outlined in this section shall not be interpreted to impede or act as a pre-requisite to the District's ability to proceed with revocation in accordance with Education Code Section 47607 and its implementing regulations.

The Superintendent/Executive Director and Superintendent, or their respective designees, shall informally meet and confer in a timely fashion to attempt to resolve the dispute, not later than five (5) business days from the receipt of the dispute statement. In the event that this informal meeting fails to resolve the dispute, both parties shall identify two governing board members from their respective boards, who shall jointly meet with the Superintendent and the Director, or their respective designees, and attempt to resolve the dispute within fifteen (15) business days from receipt of the dispute statement.

If the joint meeting fails to resolve the dispute, the Superintendent/Executive District and Charter School shall submit the dispute to a mediator. The Superintendent and the Superintendent/Executive Director, or their respective designees, shall agree in writing to the selection of the mediator and the procedure for the mediation. Mediation shall be held within sixty (60) business days of receipt of the dispute statement. The recommendations of the mediator are non-binding and advisory only. If mediation does not resolve the dispute either party may pursue any other remedy available under the law. The cost of the mediator will be shared equally between the District and the Charter School.

Internal Disputes

The Charter School shall have an internal dispute resolution process to be used for all internal disputes related to the Charter School's operations. The Charter School shall also maintain a Uniform Complaint Policy and Procedures and Title IX policy and procedures, as required by state and federal law. Parents, students, Council members, volunteers, and staff at the Charter School shall be provided with a copy of the Charter School's policies and internal dispute resolution process. The District shall promptly refer all disputes not related to a possible violation of the charter or law to the Charter School.

Public Comments

The Charter School and the District agree to attempt to resolve all disputes regarding this charter pursuant to the terms of this section. Both shall refrain from public commentary regarding any disputes until the matter has progressed through the dispute resolution process.

Element 15. Closure Procedures

Governing Law: The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records. Education Code Section 47605(c)(5)(O).

Closure of the Charter School will be documented by official action of the Governance Council. The action will identify the reason for closure. The official action will also identify an entity and person or persons responsible for closure-related activities.

The Charter School will promptly notify parents and students of the Charter School, the District, the Humboldt County Office of Education, the Charter School's SELPA, the retirement systems in which the Charter School's employees participate (e.g., Public Employees' Retirement System, State Teachers' Retirement System, and federal social security), and the California Department of Education of the closure as well as the effective date of the closure. This notice will also include the name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the pupils' school districts of residence; and the manner in which parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements.

The Charter School will ensure that the notification to the parents and students of the Charter School of the closure provides information to assist parents and students in locating suitable alternative programs. This notice will be provided promptly following the Council's decision to close the Charter School.

The Charter School will also develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils' districts of residence, which it will provide to the entity responsible for closure-related activities.

As applicable, the Charter School will provide parents, students and the District with copies of all appropriate student records and will otherwise assist students in transferring to their next school. All transfers of student records will be made in compliance with the FERPA. The Charter School will ask the District to store original records of Charter School students. All student records of the Charter School shall be transferred to the District upon Charter School closure. If the District will not or cannot store the records, the Charter School shall work with the County Office of Education to determine a suitable alternative location for storage.

All state assessment results, special education records, and personnel records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

As soon as reasonably practical, the Charter School will prepare final financial records. The Charter School will also have an independent audit completed within six months after closure. The Charter School will pay for the final audit. The audit will be prepared by a qualified

Certified Public Accountant selected by the Charter School and will be provided to the District promptly upon its completion. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to the Charter School.

The Charter School will complete and file any annual reports required pursuant to Education Code section 47604.33.

On closure of the Charter School, all assets of the Charter School, including but not limited to all leaseholds, personal property, intellectual property and all ADA apportionments and other revenues generated by students attending the Charter School, remain the sole property of the nonprofit public benefit corporation. Upon the dissolution of the nonprofit public benefit corporation, all net assets shall be distributed to another public school that satisfies the requirements of paragraphs (a) through (e) of section III.A of Notice 2015-07 issued by the Internal Revenue Service and the Treasury Department entitled "Relief for Certain Participants in § 414(d) Plans" or any final regulations implementing 26 U.S.C. § 414(d) or to a State, political subdivision of a State, or agency or instrumentality thereof. Any assets acquired from the District or District property will be promptly returned upon Charter School closure to the District. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

On closure, the Charter School shall remain solely responsible for all liabilities arising from the operation of the Charter School.

As the Charter School is operated by a non-profit public benefit corporation, should the corporation dissolve with the closure of the Charter School, the Council will follow the procedures set forth in the California Corporations Code for the dissolution of a non-profit public benefit corporation and file all necessary filings with the appropriate state and federal agencies.

As specified by the Budget in Appendix D, the Charter School will utilize the reserve fund to undertake any expenses associated with the closure procedures identified above.

Miscellaneous Charter Provisions

Budgets and Financial Reporting

Governing Law: The petitioner or petitioners also shall be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation. Education Code Section 47605(h).

Attached, as Appendix D, please find the following documents:

- Budget narrative
- A projected budget
- Financial projections and cash flow for three years of operation

These documents are based upon the best data available to the petitioners at this time.

The Charter School shall provide reports to the District and County Superintendent of Schools as follows in accordance with Education Code Section 47604.33, and shall provide additional fiscal reports as requested by the District:

1. By July 1, a preliminary budget for the current fiscal year.

2. By July 1, a local control and accountability plan and an annual update to the local control and accountability plan required pursuant to Education Code Section 47606.5.

3. By December 15, an interim financial report for the current fiscal year reflecting changes through October 31. Additionally, on December 15, a copy of the Charter School's annual, independent financial audit report for the preceding fiscal year shall be delivered to the District, State Controller, California Department of Education and County Superintendent of Schools.

4. By March 15, a second interim financial report for the current fiscal year reflecting changes through January 31.

5. By September 15, a final unaudited report for the full prior year. The report submitted to the District shall include an annual statement of all the Charter School's receipts and expenditures for the preceding fiscal year.

The Charter School shall provide reporting to the District as required by law and as requested by the District including, but not limited to, the following: California Basic Educational Data System ("CBEDS"), actual Average Daily Attendance reports, all financial reports required by Education Code Sections 47604.33 and 47605(m), the School Accountability Report Card ("SARC"), and the LCAP.

The Charter School agrees to and submits to the right of the District to make random visits and inspections in order to carry out its statutorily required oversight in accordance with Education Code Sections 47604.32 and 47607.

Pursuant to Education Code Section 47604.3, the Charter School shall promptly respond to all reasonable inquiries including, but not limited to, inquiries regarding its financial records from the District.

Administrative Services

Governing Law: The manner in which administrative services of the charter school are to be provided. Education Code Section 47605(h).

The Charter School will provide or procure its own administrative services including, but not limited to, financial management, accounts payable/receivable, payroll, human resources, and instructional program development either through its own staff or through an appropriately qualified third-party contractor. The Charter School will utilize Delta Managed Services ("DMS") as the qualified third-party contractor. DMS is an independent charter school administrative services firm located in Sacramento, California. Now in their 19th year, they provide a comprehensive set of back-office, administrative, and financing services to nearly 50 charter schools, assisting them in meeting the complex operational and compliance hurdles of successful charter school operation.

At any time, the Charter School may discuss the possibility of purchasing administrative services from the District. If the District is interested, the specific terms and cost for these services will be the subject of a memorandum of understanding between the Charter School and the District and subject to District availability and willingness to provide such services.

Term of Charter

The Charter for Alder Grove Charter School shall be for the term of five years, commencing on July 1, 2026. The charter may be renewed for subsequent terms by the District, in accordance with Education Code Sections 47607 and 47607.2. Alder Grove Charter School shall submit its charter renewal petition prior to the expiration date. The District will act on the request in accordance with the standards and criteria of Education Code Sections 47605, 47607, and 47607.2.

Material Revisions

Any material revisions to this charter shall be made by the mutual agreement of the governing boards of the Charter School and the District. Material revisions shall be made pursuant to the standards, criteria, and timelines in Education Code Section 47605.

Facilities

Governing Law: The facilities to be used by the charter school. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate. Education Code Section 47605(h).

Pursuant to Education Code Section 47605(a)(5)(A), "[a] charter school that established one site outside the boundaries of the school district, but within the county in which that school district is located before January 1, 2020, may continue to operate that site until the charter school submits a request for the renewal of its charter petition. To continue operating the site, the charter school shall do either of the following:

(i) First, before submitting the request for the renewal of the charter petition, obtain approval in writing from the school district where the site is operating.
(ii) Submit a request for the renewal of the charter petition pursuant to Section 47607 to the school district in which the charter school is located."

AGCS currently operates a resource center at 714 F Street, Eureka, California, in accordance with Education Code Section 47605.1(c)(1). This resource center houses the school office, administration, meeting spaces, resource libraries for curriculum and materials, meal services, academic support programs, and classrooms.

AGCS intends to relocate the Charter School, or add an additional facility (for a maximum of two facilities in Eureka), once a site or facility is found that meets the needs of the Charter School, within ECS boundaries. The Charter School understands that the facility would be subject to inspection by ECS.

Potential Civil Liability Effects

Governing Law: Potential civil liability effects, if any, upon the charter school and upon the school district. Education Code Section 47605(h).

The Charter School shall be operated by a California non-profit public benefit corporation. This corporation is organized and operated exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code and California Revenue and Taxation Code Section 23701(d).

Pursuant to Education Code Section 47604(d), an authority that grants a charter to a charter school operated by or as a non-profit public benefit corporation shall not be liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors or omissions by the charter school if the authority has complied with all oversight responsibilities required by law. The Charter School shall work diligently to assist the District in meeting any and all oversight obligations under the law, including monthly meetings, reporting, or other District-requested protocol to ensure the District shall not be liable for the operation of the Charter School.

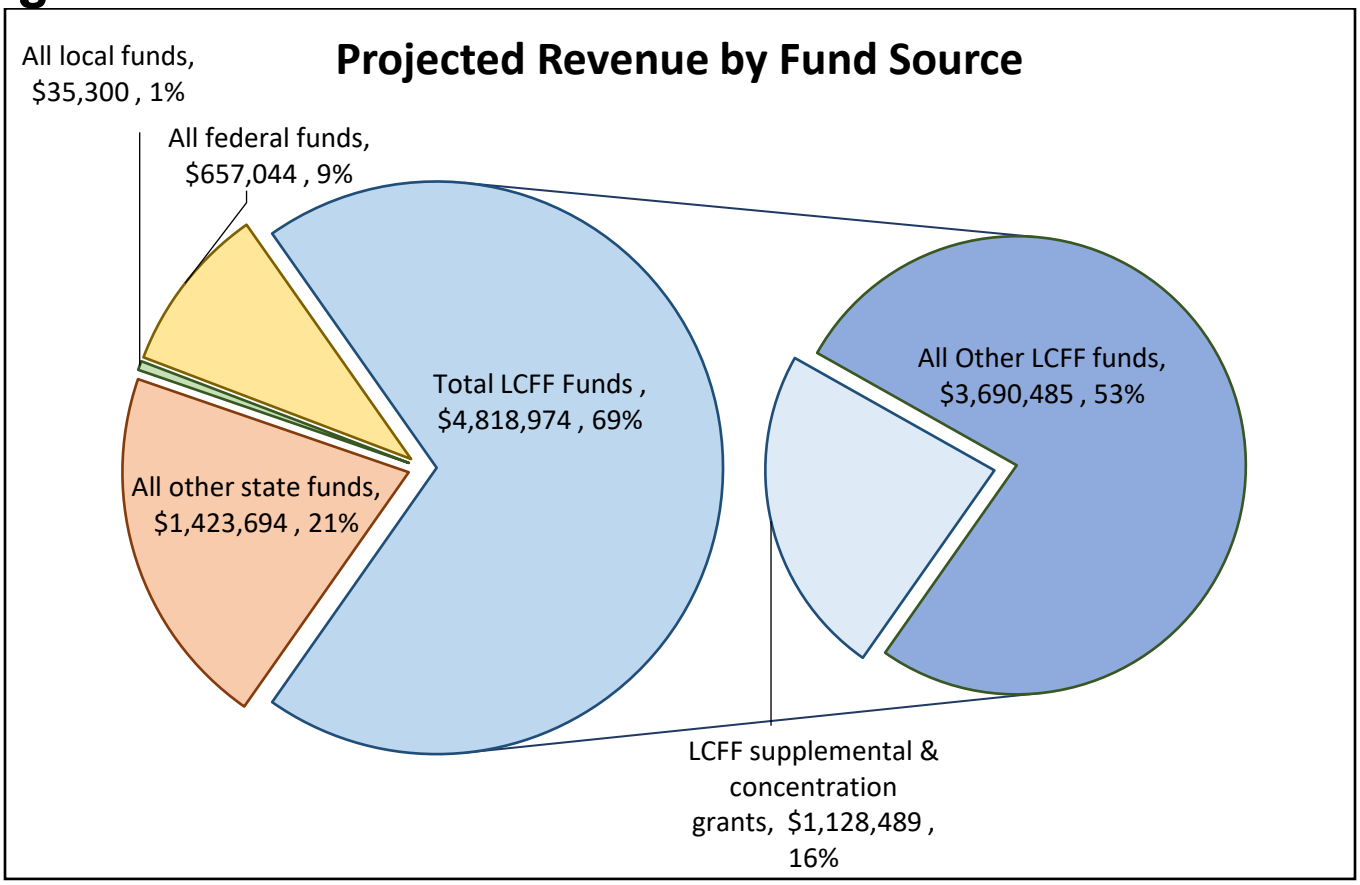
Further, the Charter School intends to enter into a memorandum of understanding with the District, wherein the Charter School shall indemnify the District for the actions of the Charter School under this charter.

The corporate bylaws of the Charter School shall provide for indemnification of the Charter School's Council, officers, agents, and employees, and the Charter School will purchase general liability insurance, Board Members and Officers insurance, and fidelity bonding to secure against financial risks.

As stated above, insurance amounts shall be determined by recommendation of the District and the Charter School's insurance company for schools of similar size, location, and student population. The District shall be named an additional insured on the general liability insurance of the Charter School.

The Charter School Governance Council shall institute appropriate risk management practices as discussed herein, including screening of employees, establishing codes of conduct for students, and dispute resolution.

Conclusion



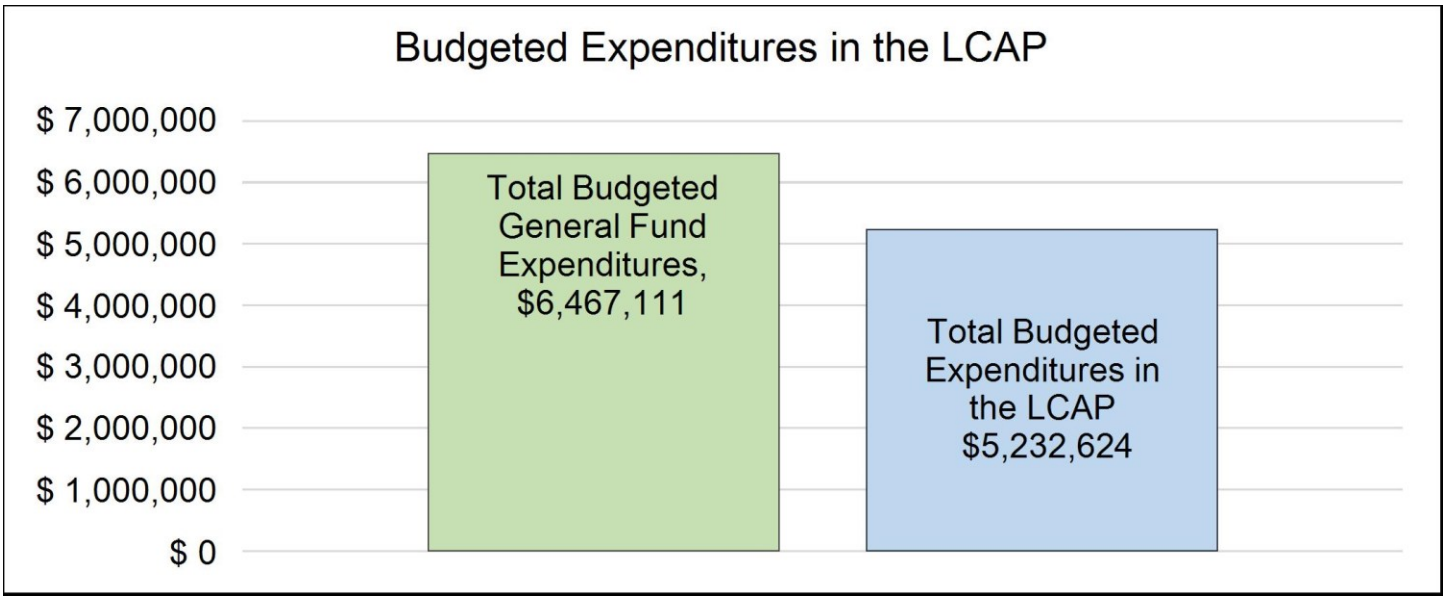
By approving this charter, the District will be fulfilling the intent of the Charter Schools Act of 1992 to improve pupil learning; create new professional opportunities for teachers; and provide parents and pupils with expanded choices in education and following the directive of law to encourage the creation of charter schools. The Petitioners are eager to work independently, yet cooperatively with the District to establish the highest bar for what a charter school can and should be. To this end, the Petitioners pledge to work cooperatively with the District to answer any concerns over this document and to present the District with the strongest possible proposal requesting a five year term from July 1, 2026 through June 30, 2031.

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Alder Grove Charter School
CDS Code: 12 63032 0111203
School Year: 2024-25
LEA contact information:
Tim Warner
Superintendent/Executive Director
tim.warner@aldergrovecharter.org
7072680854

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2024-25 School Year



This chart shows the total general purpose revenue Alder Grove Charter School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Alder Grove Charter School is $6,935,012, of which $4,818,974 is Local Control Funding Formula (LCFF), $1,423,694 is other state funds, $35,300 is local funds, and $657,044 is federal funds. Of the $4,818,974 in LCFF Funds, $1,128,489 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

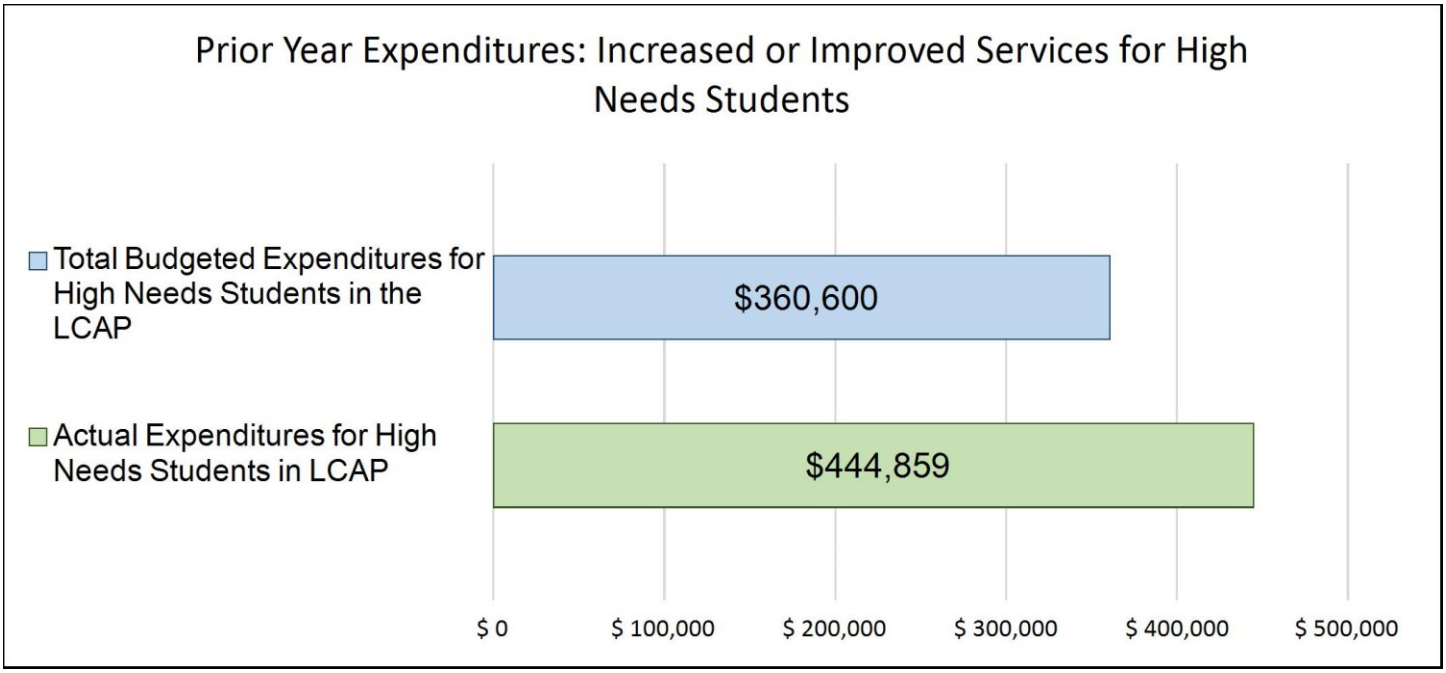
LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Alder Grove Charter School plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Alder Grove Charter School plans to spend $6,467,111 for the 2024-25 school year. Of that amount, $5,232,624 is tied to actions/services in the LCAP and $1,234,487 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

General Fund Budget Expenditures for the school year not included in the Local Control and Accountability Plan (LCAP) include day to day operations, facilities and maintenance, liability insurance, professional development, and other operating costs.



Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Alder Grove Charter School is projecting it will receive $1,128,489 based on the enrollment of foster youth, English learner, and low-income students. Alder Grove Charter School must describe how it intends to increase or improve services for high needs students in the LCAP. Alder Grove Charter School plans to spend $122,370 towards meeting this requirement, as described in the LCAP.

AGCS will continue to use increased supplemental and concentration grant funds for salaries and materials to offer academic support services for foster youth, English learners, and low-income students, as well as all students in need. The school will increase Reading and Writing Support, as well as Math.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Alder Grove Charter School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Alder Grove Charter School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Alder Grove Charter School's LCAP budgeted $360,600 for planned actions to increase or improve services for high needs students. Alder Grove Charter School actually spent $444,859 for actions to increase or improve services for high needs students in 2023-24.

2023–24 Local Control and Accountability Plan Annual Update

Goals and Actions

Goal

Goal #	Description
1	Support all students in reaching high standards in math, reading and writing.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
CAASPP: English Language Arts	2018-19: 46% met or exceeded standard	2020-21: CAASPP was not taken by AGCS students due to complications resulting from the COVID-19 pandemic.	2021-22: 41% met or exceeded standard	2022-23: 38.2% met or exceeded standard	50% meet or exceed standard
CAASPP: Math	2018-19: 25% met or exceeded standard	2020-21: CAASPP was not taken by AGCS students due to complications resulting from the COVID-19 pandemic.	2021-22: 23% met or exceeded standard	2022-23: 16.1% met or exceeded standard	30% meet or exceed standard
Special education IEP goals	100% of students with disabilities will work toward mastery of IEP goals	100% of students with disabilities will work toward mastery of IEP goals	100% of students with disabilities will work toward mastery of IEP goals	100% of students with disabilities will work toward mastery of IEP goals	100% of students with disabilities working toward IEP goals
Special education CAASPP English Language Arts	2018-19: 30% nearly met, met, or exceeded standard	2020-21: CAASPP was not taken by AGCS students due to complications resulting from the COVID-19 pandemic.	2021-22: 53% nearly met, met, or exceeded standard	2022-23: 46% nearly met, met or exceeded standard	35% nearly meet, meet, or exceed standard
Special education CAASPP Math	2018-19: 15% nearly met, met, or exceeded standard	2020-21: CAASPP was not taken by AGCS students due to	2021-22: 20% nearly met, met, or exceeded standards	2022-23: 21% nearly met, met or exceeded standard	20% nearly meet, meet, or exceed standard

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
		complications resulting from the COVID-19 pandemic.			
Percentage of teachers teaching outside of credentialed area (misassigned)	2019-2020: 0% misassigned teachers	2021-2022: 0% misassigned teachers	2022-23: 0% misassigned teachers	2023-24: 0% misassigned teachers	Maintain 0% misassigned teachers

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Data continues to show that students at AGCS are stronger in language arts than math. While year 3 English Language Arts scores only dropped less than 3% from year 2, math dropped nearly 7%. Math classes and interventions seem to be somewhat successful in addressing the issues most likely created by the pandemic's remote learning situation. Students with disabilities met 100% working towards IEP goals, with both ELA and Math scores meeting the desired outcome for 2023-24.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 1.4: Materials and Curriculum costs were overestimated. 1.6: Test prep courses were not as expensive as estimated.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

CAASPP test scores saw a decrease presumably evidence of the continuing effects from the pandemic.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

More focus on test preparation will be implemented, especially focused on math. Also, a new rewards system will be implemented for students who show growth in test scores.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	Increase parent skills and knowledge in order to facilitate student learning at home.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Parent workshops	2020-21: 89% of parents surveyed feel encouraged to participate in virtual parent workshops, events and groups.	2021-22: 77% of parents surveyed feel encouraged to participate in virtual parent workshops, events and groups. (12% neutral/not sure.)	2022-23: 66% of parents surveyed feel encouraged to participate in virtual parent workshops, events and groups. (26% neutral/not sure.)	2023-24: 67% of parents surveyed feel encouraged to participate in virtual parent workshops, events and groups. (26% neutral/not sure.)(From 22-23 survey data)	95% of parents surveyed will feel encouraged to participate in virtual parent workshops, events and groups.
Parent workshops	2019-20: 30 parents participating in live and virtual workshops	2021-22: 17 parents participating in live and virtual workshops, over 100 participating in back to school night.	2022-23: 11 parents participating in live and virtual workshops, over 100 participating in back to school night.	2023-24: 29 parents participated in in-person workshops so far this year and over 100 students and family members participating in Science Day.	40 parents participating in parent workshops

Goal Analysis

An analysis of how this goal was carried out in the previous year.
A description of any substantive differences in planned actions and actual implementation of these actions.

As shown by the decrease from year 1 to year 2 in participation in family workshops, AGCS realized that events are what draws students and families. Year 3 saw the addition of Science Day, which was wildly successful and provided an opportunity for hands on experimentation and take-home lessons.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Future parent participation and engagement goals will include more events like Science Day.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Year 3 saw the addition of Science Day, which was wildly successful and provided an opportunity for hands on experimentation and take-home lessons. Moving forward, AGCS will plan less workshops and more engaging educational events.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	All High school students will be career and/or college ready at graduation.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
9-12 grade students who have successfully completed a-g requirements	2020-21: 21%	2021-22: 16%	2022-23: 19%	2023-24: 19%	25%
7-12 Students who participated in internships/apprenticeship program (including WIOA/DOR)	2020-21: 5%	2021-22: 8%	2022-23: 8%	2023-24: 6%	7.5%
7-12 Students who completed a job shadow	2020-21: 8%	2021-22: 8%	2022-23: 8%	2023-24: 27%	12%
7-12 Students volunteering 40+ hours	2020-21: 11%	2021-22: 9%	2022-23: 12%	2023-24 : 24%	15%
9-12 Students who completed at least one college course	2020-21: 32%	2021-22: 47%	2022-23: 47%	2023-24: 36%	Maintain 32% or more
9-12 Students successfully completed CTE pathway	2019-20: 0%	2021-22: 2 students	2022-23: 10 students	2023-24: 10 students	10%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
4-year cohort graduation rate	2019-20: 96%	2021-22: 100%	2022-23: 96%	2023-24: 100%	Maintain 96% or more
Students in the "Prepared" level by EAP (ELA/Math CAASPP Score of 3 or higher)	2019-20: 23%	2021-22: 28%	2022-23: 28%	2023-24: 50%	30%
Students who have passed AP exams with a score of 3 or higher	2019-20: 2%	2021-22: 1 student	2022-23: 1 student	2023-24: 0	5%

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

AGCS continues to show growth in most elements of the College and Career Index (CCI). Some of the school's strengths in this area are job shadowing, volunteering, completing at least one college course, graduation rate, and students considered "prepared."

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Sufficient progress was made in most goals.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Actions were effective in making progress toward goals in this area.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goals and Actions

Goal(s)

Description:

Copy and paste verbatim from the 2023–24 LCAP.

Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

Baseline:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 1 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 2 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 3 Outcome:

- When completing the 2023–24 LCAP Annual Update, enter the most recent data available. Indicate the school year to which the data applies.

Desired Outcome for 2023–24:

- Copy and paste verbatim from the 2023–24 LCAP.

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
        - The reasons for the ineffectiveness, and
        - How changes to the action will result in a new or strengthened approach.

California Department of Education
November 2023

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Alder Grove Charter School	Tim Warner Superintendent/Executive Director	tim.warner@aldergrovecharter.org 7072680854

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Our commitment is to deliver personalized learning through strong family, educator, and community partnerships that empower students to achieve academic excellence and foster active citizenship. It is a partnership between the school, the community, students, and families. Students are provided with curricula materials, technology, parent support, and academic and enrichment opportunities as well as a credentialed teacher to facilitate student learning. Students blend independent study, home-schooling, online learning, community partners, career technical education, and concurrent/dual enrollment in college to meet their educational goals and prepare for post-secondary life.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Part 1:
Alder Grove's strengths continue in the areas of Chronic Absenteeism (.6%), Suspension Rate (0%), Graduation Rate (96%). Alder Grove is showing growth in it's College and Career department (52% prepared). The school increased 3.5 points in English Language Arts and declined 14.7 points in Mathematics.

Part 2:
2023 Dashboard (Data must remain in the plan for the full 3 year cycle)
Students with Disabilities are in the lowest performance level for Mathematics.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

NA

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

NA

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

NA

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

NA

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Surveys were created and completed by teachers, families, students, and staff. The plan was reviewed by the LCAP Parent Advisory Committee, consisting of parents/guardians with students from a variety of subgroups including special education. Special consideration was given to goals utilizing the Equity Multiplier funds for unduplicated students. The plan will also be sent to teachers, families, and high school students for feedback from a wide range of stakeholder subgroups. The SELPA reviewed the plan for input on goals for students with disabilities. A public hearing was conducted before board approval to gather input from educational partners.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Support all students in reaching high standards in math, reading and writing.	Focus Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 3: Parental Involvement (Engagement)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

To meet the following state priorities:
Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 3: Parental Involvement (Engagement)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	CAASPP: English Language Arts	2022-23: 38.2% met or exceeded standard			45% meet or exceed standard	
1.2	CAASPP: Mathematics	2022-23: 16.1% met or exceeded standard			21% meet or exceed standard	

1.3	Special education IEP meetings (Compliance only Cycle A Monitoring)	The number of students who did not have an annual IEP meeting within one year = 2			The number of students who did not have an annual IEP meeting within one year.= 0	
1.4	Special education CAASPP English Language Arts	2022-23: 46% nearly met, met or exceeded standard			50% nearly meet, meet, or exceed standard	
1.5	Special education CAASPP Math	2022-23: 21% nearly met, met or exceeded standard			25% nearly meet, meet, or exceed standard	

Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Schoolwide assessment	Assess all students in language arts and mathematics twice yearly.	$72,491.00	No
1.2	Academic Support program	Support students with one on one and small group tutoring, online programs, and small student group classes.	$299,774.00	No
1.3	Instruction	Provide instruction in all subjects	$3,377,550.00	No
1.4	Curriculum and Materials	Students require curriculum and materials for learning	$646,672.00	No
1.5	Technology and support	Chromebooks and other technology for students to access curriculum and instruction, and technology support	$73,726.00	No Yes
1.6	Test preparation	Targeted test preparation for students to increase academic skills and test-taking abilities	$59,093.00	No
1.7	Special education test preparation	Targeted test preparation for students to increase academic skills and test-taking abilities, including time with Education Specialists working on CAASPP practice tests and navigating the test, as well as implementing an incentive system to reward improvement in test scores.	$43,144.00	No Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Increase parent/guardian training to improve skills and knowledge in order to facilitate effective student learning at home.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 3: Parental Involvement (Engagement)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

As a personalized learning public charter school, Alder Grove recognizes the importance of parent/guardian participation in every student's learning. Alder Grove would like to increase parent/guardian participation in training for effective daily instruction, especially in math and language arts, and supporting mental health.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Parent/Guardian education opportunities	67% of parents/guardians surveyed feel encouraged to participate in parent workshops, events and groups.			90% of parents surveyed will feel encouraged to participate in parent trainings, educational events, and groups.	
2.2	Parent/Guardian education opportunities	Over 100 students and family members participated in educational events.			Over 200 students and family members participating in	

					educational events.	
2.3	Creation of a parent/guardian portal for additional training and information	No portal is available			A parent/guardian portal for additional information has been created and is used regularly	
2.4	Provide more mental health supports at school and training for parent/guardians in supporting student mental health.	2023-2024: Mental health support staff 1.5 FTE 0 hours per month for parent/guardian mental health support classes			Increase mental health support staff to 3.0 2 hours per month for parent/guardian mental health support classes	

Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.5	**Action:** Technology and support **Need:** Students in subgroups require technology to access curriculum and instruction **Scope:** Schoolwide	The school will prioritize providing technology for students with the greatest needs to access curriculum and instruction	All

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
2.3	**Action:** Mental Health support and training **Need:** **Scope:** Schoolwide	The school will provide additional mental health supports to students and training to parents/guardians in student mental health	2.4

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
1.7	**Action:** Special education test preparation **Need:** **Scope:** Limited to Unduplicated Student Group(s)	The action is designed to provide test preparation to students in special education so that a higher percentage of students will achieve Nearly Met, Met, or Exceeded on the CAASPP.	1.4, 1.5
2.3	**Action:** Mental Health support and training **Need:** Students are struggling with mental health needs **Scope:**	Provide mental health supports and training for parents at home should decrease students at "High Risk" using mental health screener	2.4

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

AGCS will continue to use increased supplemental and concentration grant funds for salaries and materials to offer academic support services for foster youth, English learners, and low-income students, as well as all students in need. The school will increase Reading and Writing Support teachers as needed. More time can be added if needed based on enrollment. All students in grades 3 and up who score low on schoolwide writing assessments are required to participate in one hour a week or more of structured Reading or Writing Support. Math support in the form of online programs, tutors, and small group classes are also mandated for students with low scores. The math support program combines 4 certificated math teachers and 4 non-credentialed tutors equaling approximately 6 FTE in total. Writing support is offered in small group instruction and writing labs for students who demonstrate need on schoolwide writing samples equaling .8 FTE. Salaries for teachers to offer daily math lab support for all students, especially benefiting students with less parental support at home, and one on one math and reading tutors for students who are best served by this method. Chromebooks and hotspots will be issued to increase access to education for foster youth and low income students, and all students as needed.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		1:28
Staff-to-student ratio of certificated staff providing direct services to students		1:12

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

        - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC*

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.

- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or

- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement
An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections 52060(g) (California Legislative Information) and 52066(g) (California Legislative Information) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) (California Legislative Information) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see Education Code Section 52062 (California Legislative Information);

- **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see Education Code Section 52068 (California Legislative Information); and
- For charter schools, see Education Code Section 47606.5 (California Legislative Information).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:

    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The LCFF State Priorities Summary provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) (California Legislative Information) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.

- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.

- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:

    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or

    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.

- Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
- Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
- Indicate the school year to which the baseline data applies.
- The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
    - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
        - The reasons for the ineffectiveness, and
        - How changes to the action will result in a new or strengthened approach.

Actions:
Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and

- Professional development for teachers.
- If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions
In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only
Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

- **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic

Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
    - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
    - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
    - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
    - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
    - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
    - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
    - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
    - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
    - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**
    - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

Articles of Incorporation
Of
Alder Grove Charter School
A California Public Benefit Corporation

ONE: The name of this corporation is Alder Grove Charter School.

TWO: This Corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Public benefit Corporation Law for public and charitable purposes.

The specific purposes for which this corporation is organized are to manage, operate, guide, direct and promote the Alder Grove Charter School (a California Public School).

THREE: The name and address in the State of California of the corporation's initial agent for service of process is:

Jenni Allen-San Giovanni
2436 Meadow Lane
Eureka CA 95503

FOUR: (a) This Corporation is organized and operated exclusively for charitable and educational purposes within the meaning of Section 501 (c) (3) of the Internal Revenue code. Notwithstanding any other provision of these Articles, the corporation shall not carry on any other activities not permitted to be carried on (1) by a corporation exempt from federal income tax under Section 501(c) (3) of the Internal Revenue Code or (2) by a corporation contributions to which are deductible under Section 170(c) (2) of the Internal Revenue code.

(b) No substantial part of the activities of this corporation shall consist of carrying on propaganda, or other wise attempting to influence legislation and the corporation shall not participate or intervene in any political campaign (including the publishing or

distribution of statements) on behalf of, or in opposition to, any candidate for public office.

FIVE: The property of this corporation is irrevocable dedicated to educational purposes meeting the requirements of Section 214 of the California Revenue and Taxation Code and no part of the net income or assets of the organization shall ever inure to the benefit of any director, officer or member thereof or to the benefit of any private person except that the Corporation shall be authorized and empowered to pay reasonable compensation for services rendered, and to make payments and distributions in furtherance of the purposes set forth in Article Two.

Subject to the provisions of the non-profit public benefit provisions of the Non-Profit Corporation Laws of the State of Californian, and any limitation in the articles or by laws relating to action to be approved by the members or by a majority of all members, if any, the activities and affairs of the corporation shall be conducted and all powers shall be exercised by or under the direction of the board of directors.

SIX: The number of directors shall be as provided for in the bylaws. The bylaws shall prescribe the qualifications, mode of election, and term of office of directors.

SEVEN: This Corporation shall have no members.

EIGHT: Upon the dissolution of winding up of the Corporation, its assets remaining after payment of all debts and liabilities, of the Corporation, shall be distributed to a non-profit fund, foundation, or association which is organized and operated exclusively for educational, public or charitable purposes and which has established its tax exempt status under section 501 ©(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code, or shall be distributed to the federal government, or to a state or local government for a public purpose. Any such assets not so disposed of by a court of competent jurisdiction of the county in which the principle office of the corporation is then located exclusively for such purposes or to such organizations said in court shall determine which are organized and operated exclusively for such purposes.

Date: 2-5-06

Jenni Allen-San Giovanni, Incorporator

CERTIFICATE OF AMENDMENT
OF ARTICLES OF INCORPORATION

The undersigned certify that:

1. They are the President and Secretary, respectively, of Alder Grove Charter School, a California nonprofit public benefit corporation, with California Entity Number 2851854.

2. Article TWO of the Articles of Incorporation of this Corporation is amended to read as follows:

   "This Corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Public Benefit Corporation Law for public and charitable purposes. The specific purposes for which this Corporation is organized are to manage, operate, guide, direct and promote one or more California public charter schools, including, but not limited to, Alder Grove Charter School."

3. The foregoing amendment of the Articles of Incorporation has been duly approved by the Board of Directors.

4. The Corporation has no members.

We further declare under penalty of perjury under the laws of the State of California that the matters set forth in this certificate are true and correct of our own knowledge.

Date: 10/4/25

Tim Warner, President

Date: 11/4/25

David Turner, Secretary

4935-3449-7906, v. 1

Bylaws
of
Alder Grove Charter School

(A California non-profit public benefit corporation)

ARTICLE I
NAME

Section 1. NAME. The name of this non-profit public benefit corporation is: Alder Grove Charter School (the "Corporation").

ARTICLE II
PRINCIPAL OFFICE OF THE NON-PROFIT PUBLIC BENEFIT CORPORATION

Section 1. PRINCIPAL OFFICE OF THE NON-PROFIT PUBLIC BENEFIT CORPORATION. The principal office for the transaction of the activities and affairs of this Corporation is located in Humboldt County at 714 F St., Eureka, CA. The Governance Council may change the location of the principal office. Any such change of location must be noted by the Secretary on these Bylaws opposite this Section; alternatively, this Section may be amended to state the new location.

Section 2. OTHER OFFICES OF THE NON-PROFIT PUBLIC BENEFIT CORPORATION. The Governance Council may at any time establish branch or subordinate offices at any place or places where this Corporation is qualified to conduct its activities.

ARTICLE III
GENERAL AND SPECIFIC PURPOSES; LIMITATIONS

Section 1. GENERAL AND SPECIFIC PURPOSES. The purpose of this Corporation is to manage, operate, guide, direct and promote one or more California public charter schools, including Alder Grove Charter School (the "Charter School"), a California public charter school. Also in the context of these purposes, the Corporation shall not, except to an insubstantial degree, engage in any other activities or exercise of power that do not further the purposes of the Corporation.

The Corporation shall not carry on any other activities not permitted to be carried on by: (a) a non-profit public benefit corporation exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code; or (b) a non-profit public benefit corporation, contributions to which are deductible under section 170(c)(2) of the Internal Revenue Code, or the corresponding section of any future federal tax code. No substantial part of the activities of the Corporation shall consist of the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of or in opposition to any candidate for public office.

ARTICLE IV
CONSTRUCTION AND DEFINITIONS

Section 1. CONSTRUCTION AND DEFINITIONS. Unless the context indicates otherwise, the general provisions, rule of construction and definitions in the California Non-Profit Public Benefit Corporation Law shall govern the construction of these Bylaws. Without limiting the generality of the preceding sentence, the masculine gender includes the feminine and neuter, the singular includes the plural, and the plural includes the singular, and the term "person" includes both a legal entity and a natural person.

Section 2. The Board of Directors shall be known as the Governance Council ("Governance Council" or "Council"). The Directors shall be known as Council members. These terms as used in these Bylaws are parallel to the terms Board of Directors and directors in the California Corporations Code.

ARTICLE V
DEDICATION OF ASSETS

Section 1. DEDICATION OF ASSETS. The Corporation's assets are irrevocably dedicated to public benefit purposes as set forth in the Charter School's charter. No part of the net earnings, properties, or assets of the Corporation, on dissolution or otherwise, shall inure to the benefit of any private person or individual, or to any Council member or officer of the Corporation. On liquidation or dissolution, all properties and assets remaining after payment, or provision for payment, of all debts and liabilities of the Corporation shall be distributed to a non-profit fund, foundation, or association that is organized and operated exclusively for educational, public, or charitable purposes and that has established its exempt status under Internal Revenue Code section 501(c)(3), or the corresponding section of any future federal tax code, or shall be distributed to the federal government, or to a state or local government, for a public purpose.

ARTICLE VI
CORPORATION WITHOUT MEMBERS

Section 1. CORPORATION WITHOUT MEMBERS. The Corporation shall have no members within the meaning of the Non-Profit Corporation Law.

ARTICLE VII
GOVERNANCE COUNCIL

Section 1. GENERAL POWERS. Subject to the provisions and limitations of the California Non-Profit Public Benefit Corporation Law and any other applicable laws, and subject to any limitations of the Articles of Incorporation or Bylaws, the Corporation's activities and affairs shall be managed, and all corporate powers shall be exercised, by or under the direction of the Governance Council.

Section 2. SPECIFIC POWERS. Without prejudice to the general powers set forth in Section 1 of this article, but subject to the same limitations, the Governance Council shall have the roles and responsibilities of:

- Finance:
  Monitor fiscal solvency and management.
  Approve budgets/spending and fiscal policies.

- Educational Program:
  Monitor student performance.
  Ensure curriculum aligns with mission as outlined in the charter.

- Personnel:
  Hire/fire/evaluate the director.
  Approve personnel policies.
  Approve staffing recommendations and decisions.

- Facilities:
  Enter into financing and building contracts.
  Approve construction and remodeling of facilities.

To facilitate input from the Charter School teachers and parents/guardians, the Governance Council will delineate roles and responsibilities of the Charter School's Leadership Team.

Section 3. DESIGNATED COUNCIL MEMBERS. The number of Council members shall be no less than five (5) and no more than nine (9) unless changed by amendment to these Bylaws. In accordance with Education Code Section 47604(c), the chartering authority may appoint a representative to sit on the Governance Council. If the chartering authority chooses to do so, the Charter School may appoint another member to ensure that the Council is maintained with an odd number of Council members.

In addition to the number of Council members otherwise prescribed by these Bylaws, the Council may also include a pupil member pursuant to Education Code section 47604.2, with limited voting rights set by statute.

Section 4. RESTRICTION ON INTERESTED PERSONS AS COUNCIL MEMBERS. No persons serving on the Governance Council may be interested persons. An interested person is (a) any person currently being compensated by the non-profit public benefit corporation for services rendered to it within the previous 12 months, whether as a full-time or part-time employee, independent contractor, or otherwise; and (b) any brother, sister, ancestor, descendant, spouse, brother-in- law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, or father-in-law of such person. However, any violation of this paragraph shall not affect the validity or enforceability of transactions entered into by the non-profit public benefit corporation.

Section 5. COUNCIL MEMBER'S TERM. Each Council member shall hold office unless otherwise removed from office in accordance with these Bylaws for three (3) years and until a successor Council member has been designated and qualified.

Section 6. NOMINATIONS BY COMMITTEE. Interested qualified candidates shall submit their name and any other requested information to the Charter School Director at least thirty (30) days before the date of election. Qualified candidates must be over 18 years of age.

Section 7. USE OF CORPORATE FUNDS TO SUPPORT NOMINEE. No corporate funds may be expended to support a candidate .

Section 8 ELECTIONS OF COUNCIL MEMBERS. (a) Council members shall be elected by sealed ballots no later than three (3) weeks before the Annual Meeting of the Governance Council. The ballot shall contain the names of all qualified candidates submitted to the Superintendent/Executive Director. (b) Each family unit with student(s) enrolled is entitled to one (1) vote. Each Charter School staff member and each member of the Governance Council is entitled to one vote. In the event a staff member or Council member is also a part of a family unit, that staff member or Council member shall not be entitled to an additional vote for being a Council member or staff member. In the event that students from any family reside in different households, each household shall be considered a separate family unit for voting purposes.

Section 9. EVENTS CAUSING VACANCIES ON COUNCIL. A vacancy or vacancies on the Governance Council shall occur in the event of (a) the death, resignation, or removal of any Council member; (b) the declaration by resolution of the Governance Council of a vacancy in the office of a Council member who has been convicted of a felony, declared of unsound mind by a court order, or found by final order or judgment of any court to have breached a duty under California Non-Profit Public Benefit Corporation Law, Chapter 2, Article 3; (c) the increase of the authorized number of Council members; or (d) a Council member missing two (2) consecutive regular meetings without notice to the Council President within eight (8) hours of the scheduled meeting, or three (3) consecutive regular meetings with or without notice. Meetings missed while Council members are traveling on approved Charter School business are not counted for purposes of determining the number of meetings missed.

Section 10. RESIGNATION OF COUNCIL MEMBERS. Except as provided below, any Council member may resign by giving written notice to the President of the Governance Council. The resignation shall be effective when the notice is given unless the notice specifies a later time for the resignation to become effective. If a Council member's resignation is effective at a later time, the Governance Council may elect a successor to take office as of the date when the resignation becomes effective.

Section 11. COUNCIL MEMBER MAY NOT RESIGN IF NO COUNCIL MEMBER REMAINS. Except on notice to the California Attorney General, no Council member may resign if the Corporation would be left without a duly elected Council member or Council members.

Section 12. REMOVAL OF MEMBERS. Any Council member, except for the representative appointed by the chartering authority, may be removed without cause by or with the written consent of the electing constituency. The representative appointed by the chartering authority may be removed without cause by the chartering authority or with the written consent of the chartering authority.

Section 13. VACANCIES. Any vacancy caused by the removal of an elected Council member shall be filled as provided in Section 9. A vacancy in the seat of an elected Council member, except for a vacancy created by removal may be filled by approval of the Governance Council. A vacancy in the seat of the representative of the chartering authority shall be filled by the chartering authority. The term of a Council member filling a vacancy shall be the unexpired portion of the term

of the vacant seat.

Section 14. NO VACANCY ON REDUCTION OF NUMBER OF COUNCIL MEMBERS. Any reduction of the authorized number of Council members shall not result in any Council members being removed before his or her term of office expires.

Section 15. PLACE OF GOVERNANCE COUNCIL MEETINGS. Meetings shall be held within the physical boundaries of the county in which the greatest number of pupils who are enrolled in the charter school reside. A two-way teleconference location shall be established at each resource center.. All meetings of the Governance Council shall be called, held and conducted in accordance with the terms and provisions of the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Division 2 of Title 5 of the Government Code) as said chapter may be modified by subsequent legislation ("Brown Act") and Education Code section 47604.1.

Section 16. TELECONFERENCE MEETINGS[1]. Members of the Governance Council may participate in teleconference meetings so long as all of the following requirements in the Brown Act are complied with:

a. At a minimum, a quorum of the members of the Governance Council shall participate in the teleconference meeting from locations within the physical boundaries of the county in which the greatest number of pupils who are enrolled in the charter school reside;

b. All votes taken during a teleconference meeting shall be by roll call;

c. If the Governance Council elects to use teleconferencing, it shall post agendas at all teleconference locations with each teleconference location being identified in the notice and agenda of the meeting;

d. All locations where a member of the Governance Council participates in a meeting via teleconference must be fully accessible to members of the public, and members of the public shall be provided with an opportunity to address the Governance Council directly at each teleconference location;[2]

e. Members of the public must be able to hear what is said during the meeting; and

f. Members of the public attending a meeting conducted via teleconference need not give their name as a condition to attendance at the meeting.[3]

[1] Pursuant to Government Code Section 54953, the Corporation may use teleconferencing without complying with the requirements of paragraphs (a), (c), and (d) if the Corporation complies with the requirements of Section 54953(e) or 54953(f). Effective January 1, 2026, the teleconferencing requirements of Paragraph 16 shall not apply as provided in Section 54953(b)(4). Pursuant to Government Code Section 54953.8, the Corporation may use teleconferencing without complying with the requirements of paragraphs (a), (c), and (d) if the Corporation complies with the requirements of Sections 54953.8.2., 54953.8.3, or 54953.8.6.

[2] This means that members of the Governance Council who choose to utilize their homes or offices as teleconference locations must open these locations to the public and accommodate any members of the public who wish to attend the meeting at that location.

[3] The Brown Act prohibits requiring members of the public to provide their names as a condition of attendance at the

Section 17. ANNUAL AND REGULAR MEETINGS. The Governance Council shall adopt a regular Council meeting schedule at the annual Governance Council meeting. The Governance Council shall have regularly scheduled meetings at least quarterly during the school year. At least 72 hours before a regular meeting, the Governance Council, or its designee shall post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting. The Governance Council shall hold an annual meeting for purposes of organization, election of officers, adoption of the regular Council meeting schedule, and transaction of other business at the last regularly scheduled meeting each school year.

Section 18. AUTHORITY TO CALL SPECIAL OR EMERGENCY MEETINGS. Special or emergency meetings of the Governance Council for any purpose may be called at any time by the President of the Council or a majority of the Council members.

Section 19. NOTICE OF SPECIAL OR EMERGENCY MEETINGS. In accordance with the Brown Act, special meetings of the Governance Council may be held only after twenty-four (24) hours notice is given to the public through the posting of an agenda. Council members shall also receive at least twenty-four (24) hour notice of the special meeting, in the following manner: by (a) personal delivery of written notice; (b) first-class mail, postage prepaid; (c) telephone, including a voice messaging system or other system or technology designed to record and communicate messages, either directly to the Council member or to a person at the Council member's office who would reasonably be expected to communicate that notice promptly to the Council member; (d) facsimile; (e) electronic mail; or (f) other electronic means. All such notices shall be given or sent to the Council member's address, email address, or telephone number as shown on the Corporation's records.

In accordance with the Brown Act, emergency meetings of the Governance Council may be held without complying with the twenty-four (24) hour notice requirement for special meetings, for "emergency situations" as defined by Government Code Section 54956.5.

Notice of the time and place of special or emergency meetings shall be given to all media who have requested notice of special meetings in accordance with all relevant provisions of the Brown Act.

The notice shall state the time of the meeting, the place, and the business to be transacted at the meeting.

All notice requirements will comply with the terms and provisions of the Ralph M. Brown Act.

Section 20. QUORUM. A majority of the Council members then in office shall constitute a quorum for the transaction of any business except adjournment. Every action taken or decision made by a majority of the Council members present at a duly held meeting at which a quorum is present shall be an act of the Council, subject to the more stringent provisions of the California Nonprofit Public Benefit Corporation Law, including, without limitation, those provisions relating to (a) creation of and appointments to committees of the Council, and (b) indemnification of Council

meeting.

members. A meeting at which a quorum is initially present may continue to transact business, despite the withdrawal of some Council members, if any action taken or decision made is approved by at least a majority of the required quorum for that meeting.

Section 21. ADJOURNMENT. A majority of the Council members present, whether or not a quorum is present, may adjourn any Governance Council meeting to another time and place. Notice of such adjournment to another time or place shall be given, prior to the time scheduled for the continuation of the meeting, to the Council members who were not present at the time of the adjournment, and to the public in the manner prescribed by the Brown Act.

Section 22. COUNCIL MEMBER STIPENDS AND REIMBURSEMENT. Council members who attend training or are conducting authorized council business may also receive reimbursement of expenses. All such costs shall be included in the Charter School's annual budgets. Council members have the option to decline reimbursements in writing to the Superintendent/Executive Director at the annual meeting or the individual member's first meeting.

Section 23. CREATION OF POWERS OF COMMITTEES. The Council, by resolution adopted by a majority of the Council members then in office, may create one or more committees, each consisting of two or more Council members to serve at the pleasure of the Council. Only committees comprised solely of Council members may exercise delegated authority of the Council. Appointments to committees of the Governance Council shall be by majority vote of the Council members then in office. The purpose, duties and structure of committees will be clearly delineated by the Council upon creation. Any such committee shall have all the authority of the Council, to the extent provided in the Governance Council's resolution, except that no committee may:

(a) Fill vacancies on the Governance Council or any committee of the council;

(b) Fix compensation of the council members for serving on the Governance Council or on any committee;

(c) Amend or repeal bylaws or adopt new bylaws;

(d) Amend or repeal any resolution of the Governance Council that by its express terms is not so amendable or subject to repeal;

(e) Create any other committees of the Governance Council or appoint the members of committees of the Council;

Section 24. MEETINGS AND ACTION OF COMMITTEES. Meetings and actions of committees of the Governance Council shall be governed by, held, and taken under the provisions of these Bylaws concerning meetings, other Governance Council actions, and the Brown Act, if applicable, except that the time for general meetings of such committees and the calling of special meetings of such committees may be set either by Governance Council resolution or, if none, by resolution of the committee. Minutes of each meeting shall be kept and shall be filed with the corporate records. The Governance Council may adopt rules for the governance of any committee as long as the rules are consistent with these Bylaws. If the Governance Council has not adopted rules, the committee may do so as long as the rules are consistent with the Bylaws of the Governance Council.

Section 25. NON-LIABILITY OF COUNCIL MEMBERS. No Council member shall be personally liable for the debts, liabilities, or other obligations of the Corporation.

Section 26. COMPLIANCE WITH LAWS GOVERNING STUDENT RECORDS. The Charter School and the Governance Council shall comply with all applicable provisions of the Family Education Rights Privacy Act ("FERPA") as set forth in Title 20 of the United States Code Section 1232g and attendant regulations as they may be amended from time to time.

ARTICLE VIII
OFFICERS OF THE CORPORATION

Section 1. OFFICES HELD. The officers of the Corporation shall be comprised of a Chief Executive Officer, a President, a Vice President, a Secretary, and a Treasurer.

Section 2. DUPLICATION OF OFFICE HOLDERS. Any number of offices may be held by the same person, except that neither the Secretary nor the Treasurer may serve concurrently as the Chief Executive Officer or the President.

Section 3. ELECTION OF OFFICERS. The officers of the Corporation shall be elected by nomination and majority vote at the annual meeting of the Governance Council and shall serve at the pleasure of the Council, subject to the rights, if any, of an officer under any contract of employment. Each officer shall hold office unless otherwise removed from office in accordance with these Bylaws for three (3) years.

Section 4. REMOVAL OF OFFICERS. Without prejudice to the rights of any officer under an employment contract, the Governance Council may remove any officer with or without cause.

Section 5. RESIGNATION OF OFFICERS. Any officer may resign at any time by giving written notice to the Council. The resignation shall take effect on the date the notice is received or at any later time specified in the notice. Unless otherwise specified in the notice, the resignation need not be accepted to be effective. Any resignation shall be without prejudice to any rights, if any, of the Corporation under any contract to which the officer is a party.

Section 6. VACANCIES IN OFFICE. A vacancy in any office because of death, resignation, removal, disqualification, or any other cause shall be filled in the manner prescribed in these Bylaws for normal appointment to that office, provided, however, that vacancies need not be filled on an annual basis.

Section 7. CHIEF EXECUTIVE OFFICER. The Chief Executive Officer, also known as the Superintendent/Executive Director, shall be the general manager of the Corporation and shall supervise, direct, and control the Corporation's activities, affairs, and officers as fully described in any applicable employment contract, agreement, or job specification. The Chief Executive Officer shall have such other powers and duties as the Governance Council or the Bylaws may require.

Section 8. PRESIDENT OF THE COUNCIL. If a President of the Governance Council is elected, he or she shall preside at all Governance Council meetings and shall exercise and perform

such other powers and duties as the Governance Council may assign from time to time. If a President of the Governance Council is elected, there shall also be a Vice-President of the Governance Council. In the absence of the President, the Vice-President shall preside at Governance Council meetings and shall exercise and perform such other powers and duties as the Governance Council may assign from time to time.

Section 9. VICE-PRESIDENT. If the President is absent or disabled, the Vice-President, if any, shall perform all duties of the President. When so acting, a Vice-President shall have all powers of and be subject to all restrictions on the President. The Vice-President shall have such other powers and perform such other duties as the Governance Council or the Bylaws may require.

Section 10. SECRETARY. The Secretary shall keep or cause to be kept, at the Corporation's principal office or such other place as the Governance Council may direct, a book of minutes of all meetings, proceedings, and actions of the Council, and of committees of the Council. The minutes of meetings shall include the time and place that the meeting was held; whether the meeting was annual, regular, special, or emergency and, if special or emergency, how authorized; the notice given; the names of Council members present at Governance Council and committee meetings; and the vote or abstention of each Council member present for each action taken.

The Secretary shall keep or cause to be kept, at the principal California office, a copy of the Corporation's Articles of Incorporation and Bylaws, as amended to date.

The Secretary shall give, or cause to be given, notice of all meetings of the Council, and of committees of the Governance Council that these Bylaws or law require to be given. The Secretary shall keep the corporate seal, if any, in safe custody, and shall have such other powers and perform such other duties as the Governance Council or Bylaws may require.

Section 10. TREASURER. The Treasurer shall keep and maintain, or cause to be kept and maintained, adequate and correct books and accounts of the Corporation's properties and transactions. The treasurer shall send or cause to be given to the Council members such financial statements and reports as are required to be given by law, by these Bylaws, or by the Council. The books of account shall be open to inspection by any Council member at all reasonable times.

The Treasurer shall (i) deposit, or cause to be deposited, all monies and other valuables in the name and to the credit of the Corporation with such depositories as the Governance Council may designate; (ii) disburse the Corporation's funds as the Governance Council may order; (iii) render to the President, if any, and the Council, when requested, an account of all transactions as treasurer and of the financial condition of the Corporation; and (iv) have such other powers and perform such other duties as the Council, contract, job specification, or the Bylaws may require.

If required by the Council, the Treasurer shall give the Corporation a bond in the amount and with the surety or sureties specified by the Governance Council for faithful performance of the duties of the office and for restoration to the Corporation of all of its books, papers, vouchers, money, and other property of every kind in the possession or under the control of the Treasurer on his or her death, resignation, retirement, or removal from office.

ARTICLE IX
CONTRACTS WITH COUNCIL MEMBERS AND OFFICERS

Section 1. CONTRACTS WITH COUNCIL MEMBERS AND OFFICERS. The Corporation shall not enter into a contract or transaction in which a Council member directly or indirectly has a material financial interest (nor shall the Corporation enter into any contract or transaction with any other corporation, firm, association, or other entity in which one or more of the Corporation's Council members are directors and have a material financial interest).

ARTICLE X
LOANS TO COUNCIL MEMBERS AND OFFICERS

Section 1. LOANS TO COUNCIL MEMBERS AND OFFICERS. The Corporation shall not lend any money or property to or guarantee the obligation of any Council member or officer; provided, however, that the Corporation may advance money to a Council member or officer of the Corporation for expenses reasonably anticipated to be incurred in the performance of his or her duties if that Council member or officer would be entitled to reimbursement for such expenses of the Corporation.

ARTICLE XI
INDEMNIFICATION

Section 1. INDEMNIFICATION. To the fullest extent permitted by law, the Corporation shall indemnify its Council members, officers, employees, and other persons described in Corporations Code Section 5238(a), including persons formerly occupying any such positions, against all expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred by them in connection with any "proceeding," as that term is used in that section, and including an action by or in the right of the Corporation by reason of the fact that the person is or was a person described in that section. "Expenses," as used in this bylaw, shall have the same meaning as in that section of the Corporations Code.

On written request to the Governance Council by any person seeking indemnification under Corporations Code section 5238(b) or section 5238(c), the Governance Council shall promptly decide under Corporations Code Section 5238(e) whether the applicable standard of conduct set forth in Corporations Code Section 5238(b) or Section 5238(c) has been met and, if so, the Governance Council shall authorize indemnification.

ARTICLE XII
INSURANCE

Section 1. INSURANCE. The Corporation shall have the right to purchase and maintain insurance to the full extent permitted by law on behalf of its officers, Council members, employees, and other agents, to cover any liability asserted against or incurred by any officer, Council member, employee, or agent in such capacity or arising from the officer's, Council member's, employee's, or agent's status as such.

ARTICLE XIII
MAINTENANCE OF CORPORATE RECORDS

Section 1. MAINTENANCE OF CORPORATE RECORDS. The Corporation shall

keep:

(a) Adequate and correct books and records of account;

(b) Written minutes of the proceedings of the Council, and committees of the Council; and

(c) Such reports and records as required by law.

ARTICLE XIV
INSPECTION RIGHTS

Section 1. COUNCIL MEMBERS' RIGHT TO INSPECT. Every Council member shall have the right at any reasonable time to inspect the Corporation's books, records, documents of every kind, physical properties, and the records of each subsidiary as permitted by California and federal law. The inspection may be made in person or by the Council member's agent or attorney. The right of inspection includes the right to copy and make extracts of documents as permitted by California and federal law. This right to inspect may be circumscribed in instances where the right to inspect conflicts with California or federal law (e.g., restrictions on the release of educational records under FERPA) pertaining to access to books, records, and documents.

Section 2. MAINTENANCE AND INSPECTION OF ARTICLES AND BYLAWS. The Corporation shall keep at its principal California office the original, or a copy of, the Articles of Incorporation and Bylaws, as amended to the current date, which shall be open to inspection by the Council members at all reasonable times during office hours.

ARTICLE XV
AMENDMENTS TO BYLAWS

Section 1. AMENDMENTS TO BYLAWS. Subject to any provision of law applicable to the amendment of Bylaws of non-profit public benefit corporations, these Bylaws, or any one of them, may be altered, amended, or repealed and new Bylaws adopted by a majority vote of Council members present at a duly held meeting at which a quorum is present, unless the bylaw amendment would materially and adversely affect the Corporation or the Charter School, or would be inconsistent with the Charter School's charter, the Corporation's Articles of Incorporation, or any laws.

CERTIFICATE OF SECRETARY

I certify that I am the duly elected and acting secretary of the Alder Grove Charter School, a California non-profit public benefit corporation; that these Bylaws, consisting of twelve (12) pages, are the Bylaws of this non-profit public benefit corporation as adopted by the Governance Council on _____; and that these Bylaws have not been amended or modified since that date.

Executed on_____at_____, California.

4898-2434-1815, v. 4

Alder Grove Charter School Conflict of Interest Code

I. ADOPTION

In compliance with the Political Reform Act of 1974, California Government Code Section 87100, et seq., the Alder Grove Charter School ("Charter School") hereby adopts this Conflict of Interest Code ("Code"), which shall apply to all governing board members, candidates for member of the governing board, and all other designated employees of Charter School, as specifically required by California Government Code Section 87300.

II. DESIGNATED EMPLOYEES

Employees of this Charter School, including governing board members and candidates, who hold positions that involve the making or participation in the making, of decisions that may foreseeably have a material effect on any financial interest, shall be designated employees. The designated positions are listed in "Exhibit A" attached to this policy and incorporated by reference herein.

III. STATEMENT OF ECONOMIC INTERESTS: TIME OF FILING

Each designated employee, including governing board members and candidates, shall file a Statement of Economic Interest ("Statement") at the time and manner prescribed below, disclosing reportable investments, interests in real property, business positions, and income required to be reported under the category or categories to which the employee's position is assigned in "Exhibit A."

An investment, interest in real property or income shall be reportable, if the business entity in which the investment is held, the interest in real property, the business position, or source of income may foreseeably be affected materially by a decision made or participate in by the designated employee by virtue of his or her position. The specific disclosure responsibilities assigned to each position are set forth in "Exhibit B."

A. Initial Statements. All designated employees employed by the Charter School on the effective date of this Code, as originally adopted, promulgated and approved by the Charter School, shall file statements within 30 days after the effective date of this Code. Thereafter, each person in a position that becomes by an amendment to this Code a "designated employee" shall file an Initial Statement within 30 days after the effective date of the amendment.

B. Governing Board Candidates. Candidates for election to the governing board shall file statements within 5 days after the final date for filing nomination petitions.

C. Assuming Office Statements. All persons assuming designated positions after the effective date of this Code shall file statements within 30 days after assuming designated positions.

1. Annual Statements. All designated employees shall file statements no later than **April 1.**

2. Leaving Office Statements. All persons who leave designated positions shall file statements within 30 days after leaving office.

3. Statements for Persons Who Resign 30 Days After Appointment. Persons who resign within 30 days of initial appointment are not deemed to have assumed office or left office provided they did not make or participate in the making of, or use their position to influence any decision and did not receive or become

entitled to receive any form of payment as a result of their appointment. Such persons shall not file either an Assuming or Leaving Office Statement.

4. Statements Filed With the Charter School. All Statements shall be supplied by the Charter School. All Statements shall be filed with the Charter School. The Charter School's filing officer shall make and retain a copy and forward the original to the County Board of Supervisors.

IV. STATEMENTS OF ECONOMIC INTERESTS: CONTENTS OF AND TIME PERIOD COVERED BY THE STATEMENTS

A. Contents of Initial Statements. Initial Statements shall disclose any reportable investments, interests in real property and business positions held on the effective date of the Code and income received during the 12 months prior to the effective date of the Code.

B. Contents of Assuming Office Statements. Assuming Office Statements shall disclose any reportable investments, interests in real property and business positions held on the date of assuming office and income received during the 12 months prior to the date of assuming office.

C. Contents of Annual Statements. Annual Statements shall disclose any reportable investments, interest in real property, income and business positions held or received during the previous calendar year provided, however, that the period covered by an employee's first Annual Statement shall begin on the effective date of the Code or date of assuming office, whichever is later. The statement shall include any reportable investment or interest in real property, partially or wholly acquired or disposed of during the period covered by the statement, with the date of acquisition of disposal.

D. Contents of Leaving Office Statements. Leaving Office Statements shall disclose reportable investments, interest in real property, income and business positions held or received during the period between the closing date of the last statement filed and the date of leaving office. The statement shall include any reportable investment or interest in real property, partially or wholly acquired or disposed of during the period covered by the statement, with the date of acquisition or disposal.

V. STATEMENTS OF ECONOMIC INTERESTS: MANNER OF REPORTING

A. Investment and Real Property Disclosure

When an investment or interest in real property is required to be disclosed, the statement shall contain the following:

1. A statement of the nature of the investment or interest;

2. The name of the business entity in which each investment is held, and a general description of the business activity in which the business entity is engaged;

3. The address or other precise location of the real property; and

4. A statement whether the fair market value of the investment or interest in real property exceeds one thousand dollars ($1,000), exceeds ten thousand dollars ($10,000), or exceeds one hundred thousand dollars ($100,000). This information need not be provided with respect to an interest in real property which is used principally as the residence of the filer. Reportable investments or interest in real property do include those in excess of one thousand dollars ($1,000) held by the filer's spouse and dependent children as well as a pro rata share of any

investment or interest in real property of any business entity or trust in which the filer, spouse and dependent children together own a direct, indirect or beneficial interest of 10% or more.

B. Personal Income Disclosure

Personal income is required to be reported under this Code, the statement shall contain the following:

1. The name and address of each source of income aggregating $250 or more in value or $50 or more in value if the income was a gift, and a general description of the business activity, if any, of each source;

2. A statement whether the aggregate value of income from each source, or in the case of a loan, the highest amount owed to each source, was one thousand dollars ($1,000) or less, greater than one thousand dollars ($1,000), or greater than ten thousand dollars ($10,000);

3. A description of the consideration, if any, for which the income was received;

4. In the case of a gift, the name, address and business activity of the donor and any intermediary through which the gift was made; a description of the gift; the amount or value of the gift and the date on which the gift was received; and

5. In the case of a loan, the annual interest rate and the security, if any, given for the loan.

C. Business Entity Income Disclosure

When income of a business entity, including income of a sole proprietorship, is required to be reported, the statement shall contain:

1. The name, address, and a general description of the business activity; and

2. The name of every person from whom the business entity received payments if the filer's pro rata share of gross receipts from such a person was equal to or greater than ten thousand dollars ($10,000).

D. Business Positions Disclosure

When reporting business positions, a designated employee shall list the name of each business entity not specified above in which he/she is a director, officer, partner, trustee, employee, or in which he/she holds any position of management; a description of the business activity in which the entity is engaged; and designated employee's position with the business entity.

VI. DISQUALIFICATION

No designated employee shall make, participate in making, or try to use his/her official position to influence any Charter School decision which he/she knows or has reason to know will have a reasonably foreseeable material financial effect, distinguishable from its effect on the public generally, on the official or a member of his or her immediate family or on:

A. Any business entity or real property in which the designated employee has a direct or indirect investment or interest worth one thousand dollars ($1,000) or more.

B. Any source of income totaling two hundred fifty dollars ($250) or more provided or promised to the designated employee within twelve months prior to the decision. (This category does not include gifts or loans made at regular rates by commercial lending institutions.)

C. Any business entity in which the designated employee is the director, officer, partner, trustee, employee, or any kind of manager.

D. Any donor of gifts totaling $250 or more in value provided or promised to the designated within twelve months prior to the decision; any intermediary or agency for such a donor.

No designated employee shall be prevented from making or participating in any decision to the extent that his/her participation is legally required for the decision to be made. (The need to break a tie vote does not make the designated employee's participation legally required.)

VII. MANNER OF DISQUALIFICATION

A. Non-Governing Board Member Designated Employees

When a non-Governing Board member designated employee determines that he/she should not make a decision because of a disqualifying interest, he/she should submit a written disclosure of the disqualifying interest to his/her immediate supervisor. The supervisor shall immediately reassign the matter to another employee and shall forward the disclosure notice to the Charter School Director, who shall record the employee's disqualification. In the case of a designated employee who is head of an agency, this determination and disclosure shall be made in writing to his/her appointing authority.

B. Governing Board Member Designated Employees

Governing Board members shall disclose a disqualifying interest at the meeting during which consideration of the decision takes place. This disclosure shall be made part of the Board's official record. The Board member shall then refrain from participating in the decision in any way (i.e., the Board member with the disqualifying interest shall refrain from voting on the matter and shall leave the room during Board discussion and when the final vote is taken) **and** comply with any applicable provisions of the Charter School bylaws (see, Article X (Contracts With Directors).

VIII. DEFINITION OF TERMS

As applicable to a charter school, the definitions contained in the Political Reform Act of 1974, the regulations of the Fair Political Practices Commission, specifically California Code of Regulations Section 18730, and any amendments or modifications to the Act and regulations are incorporated by reference to this Code.

passed 12/12/06

EXHIBIT A

Designated Positions

I. Persons occupying the following positions are designated employees and must disclose financial interests in all categories defined in "Exhibit B" (i.e. categories 1, 2, and 3).

A. Members of the Governing Board
B. Candidates for Member of the Governing Board
C. Corporate Officers (e.g., CEO/President, CFO/Treasurer, Secretary)
D. Director of Charter School
E. Consultants[1]
F. Other Employees[2]

II. Persons occupying the following positions are designated employees and must disclose financial interests defined in Category 1 of "Exhibit B."

A. Business Manager
B. Other Employees[3]

III. Persons occupying the following positions are designated employees and must disclose financial interests defined in Categories 2 and 3 of "Exhibit B."

A. Director of Technology
B. Contractor
C. Other Employees[4]

[1] The Director may determine, in writing, that a particular consultant, although a "designated position," is hired to perform a range of duties that is limited in scope and thus not required to fully comply with the disclosure requirements in this section. Such written determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of disclosure requirements. The Director's determination is a public record and shall be retained for public inspection in the same manner and location of interest code.

[2] "Other Employees" include any employee occupying a position that requires the employee to make a governmental decision that foreseeably and materially affects a personal financial interest, source of income, or a business position in a business entity.

[3] "Other Employees" include any employee with authority to make purchases that may foreseeably and materially affect an investment and/or business position in business entities or who are in a position to influence a governmental decision that may foreseeably and materially affect an investment and/or business position in a business entity.

[4] "Other Employees" include employees with authority to make purchases that may foreseeably and materially effect investments and business positions in business entities which provide services, supplies, materials, or equipment in which the employee has authority to purchase.

EXHIBIT B

Disclosure Categories

Category 1 Reporting:

A. Interest in real property which is located in whole or in part either (1) within the boundaries of the District, or (2) within two miles of the boundaries of the District, including any leasehold, beneficial or ownership interests or option to acquire such interest in real property, if the fair market value of the interest is greater than $1,000.

(Interests in real property of an individual include a business entity's share of interest in real property of any business entity or trust in which the designated employee or his or her spouse owns, directly, indirectly, or beneficially, a ten percent interest or greater.)

B. Investments in or income from persons or business entities which are contractors or sub-contractors which are or have been within the previous two-year period engaged in the performance of building construction or design within the District.

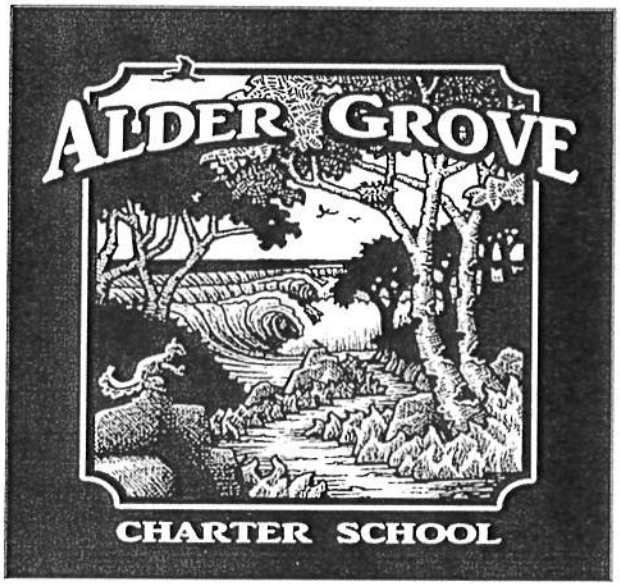
C. Investments in or income from persons or business entities engaged in the acquisition or disposal of real property within the jurisdiction.

(Investment includes any financial interest in or security issued by a business entity, including but not limited to common stock, preferred stock, rights, warrants, options, debt instruments and any partnership interest or other ownership interests.)

(Investments of any individual include a pro rata share of investments of any business entity or trust in which the designated employee or his or her spouse owns, directly, indirectly or beneficially, a ten percent interest or greater.)

(Investment does not include a time or demand deposit in a financial institution, shares in a credit union, any insurance policy, or any bond or other debt instrument issued by any government or government agency.)

(No investment or interest in real property is reportable unless its fair market value exceeds $1,000. No source of income is reportable unless the income received by or promised to the public official aggregates $250 or more in value or $50 or more in value if the income was a gift during the preceding 12-month reporting period.



Category 2 Reporting:

A. Investments in or income from business entities which manufacture or sell supplies, books, machinery or equipment of the type utilized by the department for which the designated employee is Manager or Director. Investments include interests described in Category 1.

Category 3 Reporting:

A. Investments in or income from business entities which are contractors or sub-contractors engaged in the performance of work or services of the type utilized by the department for which the designated employee is Manager or Director. Investments include the interests described in Category 1.

Parent Handbook

Our Mission is to Provide Students with Personalized Learning and to Support Parental Choice in Education

OUR PURPOSE

Alder Grove Charter School is an independent study charter school that provides public education for parents of students who choose to educate their children in the home environment. We believe individual differences and the uniqueness of each child are to be supported and celebrated.

ADMINISTRATION

Tim Warner
Administrator
tim.warner@aldergrovecharter.org

OUR COMMITMENT TO YOU

Our mission is to support you as you make choices regarding your child's education. In order to do this, we provide you with a Credentialed Teacher (CT), who is your primary connection to the school and your first source of information. A CT must meet face-to-face with the student and parent at least once every 10 school days.

Your CT should answer any questions that you have about the school. If s/he is unable to immediately answer your question, s/he will research the answer and get back to you. If at any time you feel that you are not getting adequate help from your CT, please let her/him know. If that does not resolve the issue, please contact the director at the school office.

Options for your student's education include a wide variety of instructional materials and services. Your CT can explain the options available in our resource center and on our approved vendor list.

We have a list of vendors from whom you may choose curriculum and supplies. Your CT will evaluate your student's needs and help you select the best curriculum. You are welcome to collect catalogs from our vendors and find items yourself, or you can ask your CT to select appropriate educational items for you. Your CT will place all orders and keep track of the amount of funding available for each of your students. If you would like to use a vendor not on our list, let your CT know.

We administer all California mandated tests. These tests are state and federally mandated and essential for the continued operation of our school.

Alder Grove students will also take school-wide standards based assessments twice each school year.

A monthly newsletter will be provided by mail or email to all Alder Grove families. It is also available on the school website. It is a valuable source of current information regarding the school.

A NOTE ABOUT OUR SCHOOL AND VOLUNTEERING

Alder Grove Charter School has experienced many successes. The driving force behind its success is the desire to create a public school in Humboldt County with solid educational standards that honors parent choice.

The requirements placed on public schools by local, state and federal governments are monumental. Without conscientious and reliable volunteers, a public school cannot exist. Without volunteers filling positions, Alder Grove cannot continue the excellent service it provides to students and families.

The best way to understand how Alder Grove is run and how public funds are used in education is by becoming involved. Experience is not required. Becoming a **Governance Council Member** or joining the **Leadership Team** is an excellent way to make a difference and help continue to have a successful charter school. Both groups meet regularly, meetings are open to the public, and public comment is welcome.

Please consider becoming involved. The future of our school depends on it.

ENROLLMENT INFORMATION

Parents are required to attend a mandatory school orientation prior to their student(s) being enrolled.

Enrolling students will be assigned a Credentialed Teacher (CT) who will be their main liaison with the school and will help the family complete all necessary paperwork for enrollment.

During the initial meeting, the CT and parent will discuss the role of the CT in the education of the students. Parents are able to take full responsibility for choosing curriculum, and giving assignments and instruction to their students. As long as the students are making adequate progress as determined by the CT, he or she will serve more as a facilitator. The parent may also choose to have the CT be responsible for choosing curriculum and giving assignments and instruction. These responsibilities may also be divided in any number of ways. For example, the CT chooses curriculum for some subjects and the parent chooses for others.

At the initial enrollment meeting, the parent and student will be advised of current on-campus classes offered by the school that may be helpful and fun. Curriculum options will also be discussed and the student's curriculum will be checked out from the resource center or ordered. If the student's curriculum needs to be ordered, the student will be given enough materials or assignments for the first 3-4 weeks of school.

All students will be assessed upon enrollment. Students that are performing below grade level on initial assessments or prior year state-mandated assessments will be required to develop an Academic Support Plan with their CT. Academic Support will be required for all low performing students. Once the plan is made and signed, the student, parent and CT will be expected to fulfill their obligations. Failure to do so by the parent, student or CT will result in an intervention (see Intervention Procedure below).

Students entering TK / Kindergarten, or students enrolling in a California public school for the first time are required by California law to provide the following:

- A copy of the student's Birth Certificate
- An up-to-date Immunization Record or signed medical waiver for students grades TK, K, 1st, 7th, and 8th.
- A Report of Health Examination for School Entry Form for students never before enrolled in a CA public school regardless of grade.
- An Oral Health Assessment Form by May 31st of the students 1st year in CA public school regardless of grade.

INTERVENTION PROCEDURE

If a student is not fulfilling the requirements as specified in the Master Agreement or Academic Support Plan, an intervention with the student, CT, parent(s) and director will be held. Attendance is generated by the amount of work a student completes. If, in the professional opinion of the CT, the student is not completing enough work, has missed meetings or academic support classes, the student could be considered truant and an intervention meeting will be held. The CT will contact the director to schedule an intervention and a letter will be sent to the parent. If the parent and student contact the CT and resolve the problem upon receipt of the letter, no intervention will be held.

ON-CAMPUS CLASS DISCIPLINE POLICY

On-campus classes at Alder Grove are optional. Students should come with an attitude of readiness and a willingness to participate. If a student refuses to cooperate or otherwise disturbs the learning environment for others, the parent may be called to pick up the child.

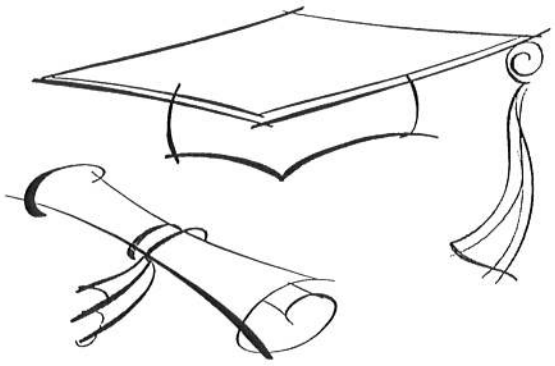
- Students should arrive no earlier than 10 minutes before class begins and should be picked up when class is over. Students who are picked up more than 10 minutes late will not be monitored.
- Parents should pick up their students inside the building where the students will be waiting.
- Parents and other visitors (including un-enrolled students) should not be in the building until classes are over, except to volunteer or observe classes with teacher permission.

In order to ensure a safe, friendly, and educational environment for all of our students, these guidelines should be followed:

- Students will treat each other and adults respectfully.
- There will be no bullying allowed.
- Students will use appropriate language for a classroom environment.
- Students will not engage in rough play that may endanger other students.
- Students will not engage in sexual harassment. Verbal, visual, or physical conduct that includes threats, pressure, or demands will not be allowed.
- Students will not engage in behavior that damages or has the potential to damage property.

Teachers and Administration will determine an appropriate consequence if a student disregards these expectations. Possible outcomes include:

- Meeting with student and/or parent.
- Developing a specific behavior plan.
- Suspending the privilege of attending on-campus classes.



GRADUATION REQUIREMENTS

The goal of Alder Grove Charter School, in partnership with the community, is to provide an exceptional education that prepares students to be successful members of society. Therefore, the graduation requirements stated below have been established. The graduation requirements encompass the knowledge, abilities, and experience necessary to develop the essential aptitudes and skills of successful participants in today's society: development of character, communication, citizenship, intellect, self-direction, teamwork, well-being and productivity.

Students will be provided with assistance to tailor the requirements according to meet their individual needs and abilities. Students must demonstrate proficiency in reading comprehension, writing and mathematics. Those students not proficient will be required to attend Academic Support classes.

A College and Career Counselor is available on-campus to answer any questions parents and students have. Information regarding SATs, college searches, and scholarship information can be found at: www.collegeboard.org and www.aldergrovecharter.org/college.php

In addition to the Alder Grove graduation requirements, students must complete all other state and local mandated requirements.

GRADUATION REQUIREMENTS (continued)

Subject Area	Alder Grove Diploma Requirements	Credits
English	Four years	40
Math	Two years including Algebra 1	20
Social Science	Three years including: one year World History, one year US History, half year Economics and half year US Government/Civics	30
Science	Two years including Biological and Physical Sciences.	20

Other requirements	Half year Health Half year Technology Two years Physical Education Half Year Career/College Readiness		
Electives	70 credits	One year chosen from approved academic courses.	

EXPECTED STUDENT LEARNING OUTCOMES

Alder Grove Charter School Graduates are:

Aware and confident in their individual abilities, interests and talents and are able to use these individual interests, abilities and talents to successfully transition to the work force or higher education.

Lifelong Learners who meet or exceed California graduation requirements, develop and utilize study and research skills, and demonstrate proficiency in state content standards.

Digital technology users who have the ability to critically evaluate information and use technological tools to enhance their personal and career life.

Effective problem solvers/critical thinkers who are able to research, identify, access and organize data effectively to arrive at informed conclusions and understand and apply principles of consumer economics

Ready to transition to career or college, with an idea of how to learn what they need in order to have a happy, fulfilling life.

INSTRUCTIONAL FUNDS POLICY

State funding is provided to each enrolled student in the charter school in order to provide for the education of the student in required academic and elective areas. Each family will work closely with their CT to determine the best use of student resources to achieve these goals. Students must have curriculum for all core subject courses (Language Arts, Mathematics, Science and Social Studies) before funds are spent on elective courses. Students must be making academic progress in core subject areas as shown on school assessments, student work samples and CT observations before funding for non-core classes will be approved. It is recognized that the amount provided for the education of each child may not adequately cover all costs of education; a student's parents may need to pay additional fees for music or sports participation or purchase necessary school supplies.

Average Daily Attendance (ADA) funding is received for the purpose of supporting new learning for a student and some minimal practice of those newly learned skills. Therefore, ADA funding may be spent for basic educational items that support new student learning.

All materials purchased by the school for student use must be on a Learning Record for that student during that school year or returned unused to the school.

Materials must be used to meet student standards for the student for whom the materials are being purchased.

Students have wide flexibility in the types of curriculum, supplies and materials they are allowed to purchase with their educational funding. Examples include magazine subscriptions, science kits, some on-line tutorials, basic school supplies (printer ink and paper, pens, pencils, etc.) and much more. Talk to your CT if you have any questions.

The following purchases are acceptable:

Basic school supplies adequate for learning basic course skills, e.g. textbooks, workbooks, paper, pencils, books, etc.

Enough basic raw materials (not top-of-the-line) for learning basic or new course skills in one learning record documented educational project, e.g. paint, beads, yarn: enough for one project. Exception: no food purchases allowed. Ink cartridges are limited to 1 per student per semester and reams of paper are limited to 2 reams per student per semester. Your CT is responsible for monitoring the quantities of items purchased.

Basic equipment (not top-of-the-line) for documented learning as needed by student, e.g. sewing machine (if available), microscope, math manipulatives, camera.

The following types of items are unacceptable:

- Furniture (book shelves, large white boards, etc.)
- Computer parts, equipment and software upgrades
- Ready-made clothes or jewelry
- Toys with no educational value
- Personal hygiene items
- Personal PE items: skis, bicycles, tricycles, balance beams, swings, scooters etc.
- Home and Office Equipment: faxes, copiers, phones, dictation equipment, TVs
- Kitchen Equipment: popcorn poppers, trays, plates, silverware
- Yard Equipment: grass watering kits, garden ponds, swimming pools, yard tools, etc.

Materials must not be sectarian or denominational. Here are some vendors to be particularly careful about when ordering:

- Yesterday's Classics Publisher
- Rainbow Resource Center
- Beautiful Feet Books
- Sonlight Curriculum
- Home Science Tools
- Love to Learn
- Winter Promise
- Timberdoodle
- Institute for Excellence in Writing
- Learning Things
- In the Hands of a Child
- Nature's Workshop Plus

The following types of items are unacceptable:

- Religious materials of any type, e.g. books, CD ROMs, CDs, DVDs, curriculum, posters, etc.

The following curriculum is religious based and unacceptable to order:

- Bob Jones University
- Abeka
- Alpha Omega
- Horizon math (grade 3+) and Health
- Switched on Schoolhouse CD-Roms
- Apologia
- D.I.V.E. CD's (Saxon math support)
- Rod and Staff
- Memoria Press
- My Father's World
- Homeschool in the Woods
- Christian Liberty Press
- Pathway Publishers
- Common Sense Press
- Bright Ideas Press
- Moody Publishers
- Logos School
- Veritas Press
- C.P.R Publishing
- LLATL= Learning Language Arts Through Literature
- Christian Logic (publisher)
- Reading to Learn Series (Christian Light Edu.)

Materials must not expose the CT or student to danger or serious injury. The following types of items are unacceptable:

- Poisons
- Knives/Razor Blades/ X-acto Knives
- Bows and Arrows
- Darts
- Trampolines
- Swimming Pools
- Rocket Engines
- Weapons
- Power Tools / Wood Burning Equipment/ Carving Tools
- Welding Equipment

Frequently Asked Questions

What is Alder Grove Charter School?

Alder Grove Charter School is a public school, funded through California state educational funds. There is no charge for our school program.

How is Alder Grove different from other public schools?

The primary goal of our school is to maximize parent choice in the education of your own child. We are a personalized learning school, which means we allow for a wide variety of instructional approaches, learning styles, abilities, and interests that are difficult to accommodate in a traditional setting. Our students are primarily taught by their parents in their own home. We also offer a range of individualized, independent study options for students needing more teacher support; for example, if a student is not performing at grade level, they can utilize our math lab and writing labs and participate in our reading intervention program.

How do I know what to teach my child?

We help parents tailor the learning environment to their child, creating a truly personalized program. We provide parents with a credentialed teacher (CT) to guide and assist them with curriculum choices and strategies, while allowing parents to choose instructional material that reflects their attitudes, values, and beliefs.

What if I have a problem?

Your CT is there to guide you and provide assistance every step of the way. Every CT is available through email or by phone. You will meet with him or her at minimum every 10 school days and at maximum one hour each week to discuss your child's progress and any difficulties you may be experiencing. If you think that your child would benefit from additional one-on-one tutoring talk to your CT.

Where do I get curriculum?

Students are allotted educational resource funds which are managed by your CT. Together, you and your CT will determine how to best use these funds for your child's education. Funds may be used for curriculum, books and school supplies, classes at the learning center, classes with community vendors, private tutoring and field trips. Your CT will explain all the different options available to you. All materials remain the property of Alder Grove and must be returned if you transfer to another school.

How do I enroll my child?

The new student orientation is the first step in enrolling. You can sign up for one of two sessions offered every week. After this session, you will be assigned a teacher who will contact you to set up an enrollment meeting.

I'm not ready to enroll, but I need more information.

Our website, www.aldergrovecharter.org, has lots of information to help you decide if our school is a good fit for you and your family. If you have further questions, or would just like to speak to one of our teachers to find out if our school is right for your child, please call us at 707-268-0854.

What are your school's philosophies and goals in educating my child?

The Alder Grove Charter School will enable students to become competent, productive, literate, self-motivated, lifelong learners by providing students and parents the opportunity to design a customized curriculum that is relevant, takes learning styles into consideration, embraces the students' interests and addresses the California State Standards. This approach is known as Personalized Learning. Parents will be assisted, guided, directed and encouraged to be the finest teachers for their children. The school will provide unique enrichment opportunities and diverse resources, including technology, to students so they may develop their academic potential and discover and pursue their unique interests, talents, and passions in life.

Am I, as a parent, solely responsible for my child's education?

No. When you agree to enroll your child in our charter school, you accept responsibility for your child's education, and you become the primary facilitator in your child's learning program. However, you are not solely responsible for facilitating your child's educational program. You and your CT work in partnership to establish the educational opportunities for your child along with having access to the supporting services, staff, and resources of your charter school.

Is there a particular type of curriculum we are required to use?

No. There is no required curriculum. Students are given great latitude in what they learn, as long as they demonstrate adequate and appropriate progress. You may choose from a wide variety of curricula to fit your child's needs. For high school students who are college bound, there will be some specific course work required by most colleges, with the exception being our California community colleges.

Do you offer any on-campus classes?

Yes, we offer the following voluntary on-campus courses: enrichment classes for our K-5 students, math and science classes for middle school students, and core subject courses are offered for high school students. In addition we offer courses in performing arts. On-campus courses are voluntary and not required.

Do you offer any online classes?

Yes. Students can take online classes through BYU, K12, CyberHish, and Scout (many a-g approved). There are also numerous free, online educational websites, including Khan Academy, of which many students take advantage.

Can my high school student take classes at College of the Redwoods?

Yes. We offer concurrent enrollment at CR. We pay for all textbooks and classroom materials. In many cases, based on family income, tuition is waived. However, if your student does not qualify for a tuition waiver, then Alder Grove will pay for CR classes out of your student's budget. Students are limited to 11 credits a semester at CR and must complete at least 20 high school credits with Alder Grove per semester as well.

Do you offer field trips?

Alder Grove offers frequent field trips based on grade levels. We tour local farms, businesses and factories. We attend theatrical and musical shows through HSU Center Arts. We have been kayaking, zip lining, river rafting, bowling, and rock climbing. In addition science, nature, and history excursions are planned throughout the year. Parents or legal guardians are responsible for transportation to and from field trip locations.

Are students required to take standardized tests? If so, at what grade levels?

Yes. According to California state law our public charter school must administer all state-mandated tests. All students in grades 3-8 and 11 will take the Smarter Balanced online assessment in Math and Language Arts. Students in grades 5, 8, and 10 will take a Science test (CAST). Students in grades 5, 7, and 9 participate in a PE test each spring.

When during the school year are the standardized tests given?

The tests are generally administered during the spring. However, the specific test dates will vary by exam and may not be established until sometime during the current school year. Please check with your CT or our website for the specific dates and times assigned for your region.

Are students required to be graded on their work and/or have report cards?

School policy requires grades for students grades 7-12 at the end of each semester. Traditional institutions such as other high schools, colleges, universities, service branches, etc. may require a transcript for admission. High School report cards are created by the CT. Be aware that there is a difference between transcripts and report cards. A report card is the CT's report of grades. A transcript is an official document, embossed with the school stamp, which is issued by the charter school office. It shows all attempted high school courses, grades and credits awarded, and is accepted as an official record by other institutions. Our charter school does not provide transcripts for kindergarten through eighth grade students. Report cards for K-6 are standards aligned and measure growth toward standards, as opposed to letter grades.

Who does the grading and upon what is it based?

The CTs are responsible for evaluating your child's progress toward the state standards. Their professional evaluation is based upon your child making adequate and appropriate progress. Your recommendations for grades will be considered by the CT.

Are there other ways besides grades that my child's work is evaluated and documented?

Yes. While all students will achieve the required standards by graduation, not all will progress at the same rate. Evaluation of that progress is based on individual abilities, interest, and talents. Methods by which student progress is assessed will be through a variety of the following: CT monthly review of all work; parent facilitator and CT observation; current state mandated assessment tool; norm and criterion referenced tests; and student demonstrations, grades, and work samples.

Is my child expected to perform as well academically as in a traditional public school?

Yes. One of the goals of establishing charter schools as an alternative to traditional public education is to demonstrate that students will perform at least as well, if not better, than students in traditional California public schools. For our charter school to continue operating we must demonstrate above average academic performance to the state of California.

Is my child expected to learn and progress academically at the same rate as other students in your school?

No. One of the wonderful advantages of a charter school is the flexibility to facilitate learning programs that are tailored to each individual student's needs and the recognition that students learn both by different styles and at different paces. While there is great latitude in what students learn, the expectation is for students to continually engage in the learning process.

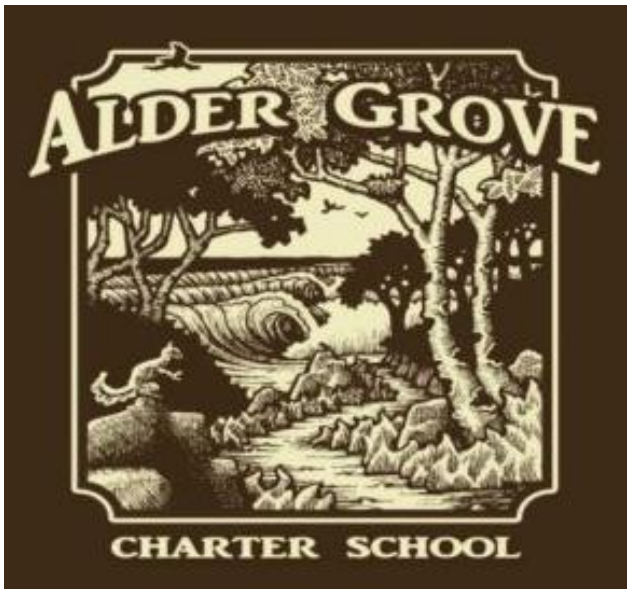
I want my child to have a home-based education, but I'm not equipped to teach her all of the subjects she needs. How can your program help me?

We do not expect the parent to be the only teacher. Many of our educational alternatives provide for others to teach your child. It is the parent's decision how much of the teaching he/she will do. Our independent study option gives the CT most of the responsibility for facilitating and monitoring your child's learning program, although it is your responsibility to provide a quiet place to work and to monitor work each day. If you choose this option, the instructor will be responsible for giving assignments and correcting work, in addition to keeping a record of your child's learning. Our web site and curriculum guides have curriculum suggestions, and there are parent meetings scheduled featuring speakers with information to help you with your homeschooling. On-campus small group instruction, math labs, and tutors are also available. Your CT can answer any questions that you may have regarding additional assistance with instruction.

How do you keep track of my child's attendance?

Your CT will give you a monthly attendance record to keep in your home on which to record daily attendance. He/she will collect the attendance record each learning period.

Do I have to fill in my child's monthly attendance record every day or can I fill it in all at once?



Yes, by California State law you must fill in your child's monthly attendance record every day. It should include one activity or assignment your child competed that day using a past tense verb. For example: Completed all written problems in lesson 3 of math text.

How long must my child be in school each day?

As a charter school we are held accountable for the performance or achievement of our students (performance-based) rather than traditional methods of attendance accounting based on "seat time." Therefore, there is no time requirement, just the expectation that the student continue to learn and progress daily. You are free to structure your child's learning in a way that best suits his/her learning style and individual needs. We have found that usually 3-6 hours per day of time is usually sufficient to meet all assignment requirements.

If I have specific questions about your educational expectations, who can I contact?

Your CT is most qualified to answer the majority of your questions regarding educational expectations and responsibilities.

Employee Handbook
2023-2024

714 F Street
Eureka, CA 95501

Phone: 707-268-0854

Website: https://aldergrovecharter.org/

ACKNOWLEDGMENT OF RECEIPT OF EMPLOYEE HANDBOOK

PLEASE READ THE EMPLOYEE HANDBOOK AND SUBMIT A SIGNED COPY OF THIS STATEMENT TO THE SUPERINTENDENT.

EMPLOYEE NAME: _____

I ACKNOWLEDGE that I have received a copy of the Employee Handbook. I have read and understood the contents of the Handbook, and I agree to abide by its directions and procedures. I have been given the opportunity to ask any questions I might have about the policies in the Handbook. I understand that it is my responsibility to read and familiarize myself with the policies and procedures contained in the Handbook. I also understand that if I am ever unclear on any language, or policies and procedures in this Handbook, it is my responsibility to seek clarification from the School.

I understand that the statements contained in the Handbook are guidelines for employees concerning some of the School's policies and benefits, and are not intended to create any contractual or other legal obligations or to alter the at-will nature of my employment with the School. In the event I do have an employment contract which expressly alters the at-will relationship, I agree to the foregoing except with reference to an at-will employment status.

I understand that except for employment at-will status, any and all policies or practices can be changed at any time by the School.

I understand that other than the Board of the School, no person has authority to enter into any agreement, express or implied, for employment for any specific period of time, or to make any agreement for employment other than at-will; only the Board has the authority to make any such agreement and then only in writing signed by the Board President.

Employee's Signature: _____ Date: _____

Please print or tear out, sign/date, and return to the School, and retain this Handbook for your reference.

INTRODUCTION TO HANDBOOK

This Handbook is designed to help employees get acquainted with Alder Grove Charter School (hereinafter referred to as "AGCS" or the "School"). It explains some of our philosophies and beliefs, and describes some of our employment guidelines in general terms. Although this Handbook is not intended to be an exclusive or comprehensive policies and procedures manual, we hope that it will serve as a useful reference document for employees throughout their employment at the School. Employees should understand, however, that this Handbook is not intended to be a contract (express or implied), nor is it intended to otherwise create any legally enforceable obligations on the part of the School or its employees. In no way does the Handbook replace any official plan documents (e.g., health insurance, retirement plan, etc.) or insurance contracts, which will govern in all cases. This Handbook supersedes and replaces all previous personnel policies, practices, and guidelines.

Due to the fact that the School is a growing and changing organization, it reserves full discretion to add to, modify, or delete provisions of this Handbook, or the policies and procedures on which they may be based, at any time without advance notice. AGCS also reserves the right to interpret any of the provisions set forth in this Handbook in any manner it deems appropriate.

No individual other than the Board of Directors has the authority to enter into any employment or other agreement that modifies School policy. Any such modification *must* be in writing.

This Handbook is the property of the School, and it is intended for personal use and reference by employees of the School. Circulation of this Handbook outside of the School requires the prior written approval of the Superintendent/Executive Director (hereinafter referred to as "Superintendent").

Employees must sign the acknowledgment form at the beginning of this Handbook, tear it out, and return it to the Superintendent. This will provide the School with a record that each employee has received this Handbook.

CONDITIONS OF EMPLOYMENT

Equal Employment Opportunity Is Our Policy

AGCS is an equal opportunity employer. It is the policy of the School to afford equal employment and advancement opportunity to all qualified individuals without regard to:

- Race (including traits historically associated with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists);
- Color;
- Gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned);
- Sex (including reproductive health decision-making, pregnancy, childbirth, breastfeeding, and medical conditions related to such);
- Sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex);
- Religious creed (including religious dress and grooming practices);
- Marital/registered domestic partner status;
- Age (forty (40) and over);
- National origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law);
- Physical (including HIV and AIDS) or mental disability;
- Medical condition (including cancer and genetic characteristics);
- Taking of a leave of absence pursuant to the Family Medical Leave Act ("FMLA"), Pregnancy Disability Leave ("PDL") law, Americans with Disabilities Act ("ADA"), California Family Rights Act ("CFRA"), the Fair Employment and Housing Act ("FEHA"), or laws related to domestic violence, sexual assault and stalking;
- Genetic information;
- Sexual orientation;
- Military and veteran status; or
- Any other consideration made unlawful by federal, state, or local laws.

This policy extends to all job applicants and employees and to all aspects of the employment relationship, including the hiring of new employees and the training, transfer, promotion, discipline, termination, compensation and benefits of existing employees.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, the School will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee unless undue hardship would result.

Any applicant or employee who requires an accommodation in order to perform the essential functions of the job should contact a School representative with day-to-day personnel responsibilities and request such an accommodation. The individual with the disability should specify what accommodation he or she needs to perform the job, or if unknown, what job duties the disability impairs. AGCS will then conduct an investigation to identify the barriers that

interfere with the equal opportunity of the applicant or employee to perform the job. AGCS will identify possible accommodations, if any, that will help eliminate the limitation. If the accommodation is reasonable and will not impose an undue hardship, the School will make the accommodation.

Employment At-Will

Except if stated expressly otherwise by employment contract, it is the policy of the School that all employees are considered "at-will" employees of the School. Accordingly, either the School or the employee can terminate this relationship at any time, for any reason, with or without cause, and with or without advance notice.

Nothing contained in this Handbook, employment applications, School memoranda or other materials provided to employees in connection with their employment shall require the School to have "cause" to terminate an employee or otherwise restrict the School's right to release an employee from their at-will employment with the School. Statements of specific grounds for termination set forth in this Handbook or elsewhere are not all-inclusive and are not intended to restrict the School's right to terminate at-will. No School representative, other than the Board of Directors or its designee, is authorized to modify this policy for any employee or to make any representations to employees or applicants concerning the terms or conditions of employment with the School that are not consistent with the School's policy regarding "at-will" employment.

This policy shall not be modified by any statements contained in this Handbook or employee applications, School memoranda, or any other materials provided to employees in connection with their employment. Further, none of those documents whether singly or combined, or any employment practices, shall create an express or implied contract of employment for a definite period, nor an express or implied contract concerning any terms or conditions of employment.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

AGCS will provide annual training on the mandated reporting requirements, using the online training module provided by the school, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both that imprisonment and fine.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of that employee's employment.

By acknowledging receipt of this Handbook, employees acknowledge they are child care custodians and are certifying that they have knowledge of California Penal Code section 11166 and will comply with its provisions.

Criminal Background Checks

As required by law, all individuals working or volunteering at the School will be required to submit to a criminal background investigation. No condition or activity will be permitted that may compromise the School's commitment to the safety and the well-being of students taking precedence over all other considerations. Conditions that preclude working at the School include conviction of a controlled substance or sex offense, or a serious or violent felony. Similarly, convictions involving crimes of moral turpitude (e.g., fraud), child abuse or neglect, violence, or any offense which may make the employee unsuitable/undesirable to work around students may also serve as a bar to employment at the School. Additionally, should an employee be arrested for, charged with, or convicted of any offense during his/her employment with the School, the employee must immediately report as much to the Superintendent.

Tuberculosis Testing

All employees of the School must submit written proof from a health care provider of a risk assessment examination for tuberculosis (TB) within the last sixty (60) days. If TB risk factors are identified, a physician must conduct an examination to determine whether the employee is free of infectious TB. The examination for TB consists of an approved TB test, which, if positive, will be followed by an x-ray of the lungs, or in the absence of skin testing, an x-ray of the lungs. All employees will be required to undergo TB risk assessments and, if risk factors are found, the examination at least once every four (4) years. Volunteers may be required to undergo a TB examination as necessary. The TB risk assessment and, if indicated, the examination is a condition of initial employment with the School and the cost of the exam will be borne by the applicant.

Food handlers may be required to have annual TB exams. Documentation of employee and volunteer compliance with TB risk assessments and examinations will be kept on file in the office. This requirement also includes contract food handlers, substitute teachers, and student teachers serving under the supervision of an educator. Any entity providing student services to the School will be contractually required to ensure that all contract workers have had TB testing that shows them to be free of active TB prior to conducting work with School students.

Immigration Compliance

AGCS will comply with applicable immigration law, including the Immigration Reform and Control Act of 1986 and the Immigration Act of 1990. As a condition of employment, every individual must provide satisfactory evidence of his or her identity and legal authority to work in the United States. However, AGCS will not check the employment authorization status of current employees or applicants who were not offered positions with the School unless required to do so by law.

The School shall not discharge an employee or in any manner discriminate, retaliate, or take any adverse action (*e.g.*, threatening to report the suspected citizenship or immigration status of an employee or a member of the employee's family) against any employee or applicant for employment because the employee or applicant exercised a right protected under applicable law. Further, the School shall not discriminate against any individual because he or she holds or

presents a driver's license issued per Vehicle Code § 12801.9 to persons who have not established their federally-authorized presence in the United States. Finally, in compliance with the Immigrant Worker Protection Act, the School shall not allow a federal immigration enforcement agent to enter any nonpublic areas of the School without a judicial warrant, or voluntarily give consent to an agent to access, review or obtain employee records without a subpoena or judicial warrant. If a search of employee records is authorized by a valid subpoena or judicial warrant, the School will give employees notice of the inspection both before and after it has occurred as required by law.

Certification and Licensure of Instructional Staff

All teachers are required to hold and maintain a current California Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. It is the responsibility of all instructional staff to provide such certificate, permit, or other documentation to the Superintendent no later than the close of business prior to the first day the employee reports for duty. If an instructional staff employee believes that he or she is assigned to teach in a subject in which he or she does not have subject matter competence, the employee should immediately report the same to the Superintendent. Failure to maintain a credential required of the position may result in the employee being placed on a temporary unpaid leave, and/or released from at-will employment.

Professional Boundaries: Staff/Student Interaction Policy

AGCS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

A. Examples of PERMITTED actions (NOT corporal punishment)

1. Stopping a student from fighting with another student;
2. Preventing a pupil from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a student;
4. Forcing a pupil to give up a weapon or dangerous object;
5. Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;

6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

B. Examples of PROHIBITED actions (corporal punishment)

1. Hitting, shoving, pushing, or physically restraining a student as a means of control;
2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
3. Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, he or she must immediately report the matter to a school administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors

The following examples are not an exhaustive list:

Unacceptable Staff/Student Behaviors (Violations of this Policy)

(a) Giving gifts to an individual student that are of a personal and intimate nature.
(b) Kissing of any kind.
(c) Any type of unnecessary physical contact with a student in a private situation.
(d) Intentionally being alone with a student away from the school.
(e) Making or participating in sexually inappropriate comments.
(f) Sexual jokes.
(g) Seeking emotional involvement with a student for your benefit.
(h) Listening to or telling stories that are sexually oriented.
(i) Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding.
(j) Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

(a) Giving students a ride to/from school or school activities.
(b) Being alone in a room with a student at school with the door closed.
(c) Allowing students in your home.

Cautionary Staff/Student Behaviors

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence)

(a) Remarks about the physical attributes or development of anyone.
(b) Excessive attention toward a particular student.
(c) Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

(a) Getting parents' written consent for any after-school activity.
(b) Obtaining formal approval to take students off school property for activities such as field trips or competitions.
(c) Emails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (communication should be limited to school technology).
(d) Keeping the door open when alone with a student.
(e) Keeping reasonable space between you and your students.
(f) Stopping and correcting students if they cross your own personal boundaries.

(g) Keeping parents informed when a significant issue develops about a student.
(h) Keeping after-class discussions with a student professional and brief.
(i) Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries.
(j) Involving your supervisor if conflict arises with the student.
(k) Informing the Superintendent about situations that have the potential to become more severe.
(l) Making detailed notes about an incident that could evolve into a more serious situation later.
(m) Recognizing the responsibility to stop unacceptable behavior of students or coworkers.
(n) Asking another staff member to be present if you will be alone with any type of special needs student.
(o) Asking another staff member to be present when you must be alone with a student after regular school hours.
(p) Giving students praise and recognition without touching them.
(q) Pats on the back, high fives and handshakes are acceptable.
(r) Keeping your professional conduct a high priority.
(s) Asking yourself if your actions are worth your job and career.

Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation

AGCS is committed to providing a work and educational atmosphere that is free of unlawful harassment, discrimination, and retaliation. AGCS's policy prohibits unlawful harassment, discrimination, and retaliation based upon: race (including traits historically associated with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists); color; gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned); sex (including reproductive health decision-making, pregnancy, childbirth, breastfeeding, and related medical conditions); sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex); religious creed (including religious dress and grooming practices); marital/registered domestic partner status; age (forty (40) and over); national origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law); physical (including HIV and AIDS) or mental disability; medical condition (including cancer and genetic characteristics); taking a leave of absence authorized by law; genetic information; sexual orientation; military and veteran status; or any other consideration made unlawful by federal, state, or local laws.

Employees, volunteers, unpaid interns, individuals in apprenticeship programs, and independent contractors shall not be harassed, or discriminated or retaliated against, based upon the characteristics noted above.

AGCS does not condone and will not tolerate unlawful harassment, discrimination, or retaliation on the part of any employee (including supervisors and administration) or third party (including independent contractors or other person with which the School does business). Supervisors and administrators are to report any complaints of unlawful harassment to the Superintendent or designee.

When AGCS receives allegations of unlawful harassment, discrimination, or retaliation, the

Superintendent or designee or the Board (if a complaint is about the Superintendent) will conduct a fair, timely and thorough investigation that provides all parties an appropriate process and reaches reasonable conclusions based on the evidence collected. The investigation will be handled in as confidential a manner as possible, although complete confidentiality cannot be guaranteed. Complainants and witnesses shall not be subject to retaliation for making complaints in good faith or participating in an investigation. AGCS is committed to remediating any instances where investigation findings demonstrate unlawful harassment, discrimination, or retaliation has occurred.

Prohibited Unlawful Harassment

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement, or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Disparate treatment based on any of the protected classes above.

Prohibited Unlawful Sexual Harassment

AGCS is committed to providing a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; and/or (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive two (2) hours of sexual harassment prevention training within six (6) months of hire or their assumption of a supervisory position and every two (2) years thereafter. All other employees will receive one (1) hour of sexual harassment prevention training within (6) months of hire and every two (2) years thereafter. Such training will address all legally required topics, including information about the negative effects that abusive conduct has on both the victim of the conduct and others in the workplace, as well as methods to prevent abusive conduct undertaken with malice a reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests. Abusive conduct includes but is not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Supervisors shall also be trained on how to appropriately respond when the supervisor becomes aware that an employee is the target of unlawful harassment. Other staff will receive sexual harassment prevention training as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual

harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Superintendent or designee. See **Appendix A** for the "Harassment/Discrimination/Retaliation Complaint Form." See **Appendix B** for the general "Internal Complaint Form."

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
    - Rape, sexual battery, molestation or attempts to commit these assaults and
    - Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.
- Unwanted sexual advances, propositions or other sexual comments, such as:
    - Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
    - Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or disparate treatment for rejecting sexual conduct.
    - Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.
- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:
    - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work;
    - Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
    - Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate AGCS policy.

Whistleblower Policy

AGCS requires its directors, officers, employees, and volunteers to observe high standards of ethics in the conduct of their duties and responsibilities within the School. As representatives of the School, such individuals must practice honesty and integrity in fulfilling all responsibilities and must comply with all applicable laws and regulations. The purpose of this policy is to create an ethical and open work environment, to ensure that the School has a governance and accountability structure that supports its mission, and to encourage and enable directors, officers, employees, and volunteers of the School to raise serious concerns about the occurrence of illegal or unethical actions within the School before turning to outside parties for resolution.

All directors, officers, employees, and volunteers of the School have a responsibility to report any action or suspected action taken within the School that is illegal, unethical or violates any adopted policy of the School, or local rule or regulation. Anyone reporting a violation must act in good faith, without malice to the School or any individual at the School and have reasonable grounds for believing that the information shared in the report indicates that a violation has occurred. A person who makes a report does not have to prove that a violation has occurred. However, any report which the reporter has made maliciously or any report which the reporter has good reason to believe is false will be viewed as a serious disciplinary offense. No one who in good faith reports a violation, or who, in good faith, cooperates in the investigation of a violation shall suffer harassment, retaliation, or adverse employment action. Further, no one who in good faith discloses, who may disclose, or who the School believes disclosed or may disclose, information regarding alleged violations to a person with authority over the employee or another employee who had responsibility for investigating, discovering or correcting the purported violation shall suffer harassment, retaliation, or adverse employment action.

Drug and Alcohol Free Workplace

AGCS is committed to providing a drug and alcohol free workplace and to promoting safety in the workplace, employee health and well-being, stakeholder confidence and a work environment that is conducive to attaining high work standards. The use of drugs and alcohol by employees, whether on or off the job, jeopardizes these goals, since it adversely affects health and safety, security, productivity, and public confidence and trust. Drug or alcohol use in the workplace or during the performance of job duties is extremely harmful to employees and to other AGCS stakeholders.

The bringing to the workplace, possession or use of intoxicating beverages or drugs on any School premises or during the performance of work duties is prohibited and will result in disciplinary action up to and including termination.

Confidential Information

All information relating to students, personal information, schools attended, addresses, contact numbers and progress information is confidential in nature, and may not be shared with or distributed to unauthorized parties. All records concerning special education pupils shall be kept strictly confidential and maintained in separate files. Failure to maintain confidentiality may result in disciplinary action, up to and including release from at-will employment.

Conflict of Interest

All employees must avoid situations involving actual or potential conflict of interest. An employee involved in any relationships or situations which may constitute a conflict of interest should immediately and fully disclose the relevant circumstances to the Superintendent, or the Board of Directors, for a determination about whether a potential or actual conflict exists. If an actual or potential conflict is determined, the School may take whatever corrective action appears appropriate according to the circumstances. Failure to disclose facts shall constitute grounds for disciplinary action.

Smoking

The AGCS facility is a no smoking facility.

THE WORKPLACE

Work Schedule

Business hours are normally 8:00 a.m. – 4:30 p.m., Monday through Friday. The regular workday schedule for nonexempt employees is seven (7.5) hours; the regular workweek schedule is thirty-seven and one-half (37.5) hours. Office staff daily schedules will be set at the beginning of the new school year. Exempt employees are also generally expected to be present during business hours and to commit whatever additional time is necessary to satisfactorily complete all job requirements.

Meal and Rest Periods

Nonexempt employees working at least five (5) hours are provided with a thirty (30) minute meal period, to be taken approximately in the middle of the workday but by no later than the end of the 5th hour of work. An employee may waive this meal period if the day's work will be completed in no more than six (6) hours, provided the employee and AGCS mutually consent to the waiver in writing.

Nonexempt employees are also provided with a ten (10) minute rest period for every four (4) hours worked which should be scheduled towards the middle of the four (4) hour work period as practicable. Employees are prohibited from combining meal and rest period time.

An employee's supervisor must be aware of and approve scheduled meal and rest periods. Employees must immediately inform their supervisor if they are prevented from taking their meal and/or rest periods. Employees are expected to observe assigned working hours and the time allowed for meal and rest periods.

Make-Up Time

Employees may request in writing that they be able to make up work time that is or would be lost as a result of a personal obligation. The hours of that make-up work may only be performed in the same workweek in which the work time was lost and must not exceed eleven (11) hours of work in one (1) day or forty (40) hours of work in one (1) week. Employees shall provide a signed, written request for each occasion that they make a request to make up work time, and authorization is within the sole and unreviewable discretion of the School. Make-up time is not encouraged.

Employee Classification

The School's employees are classified in the following categories: exempt or nonexempt, and full-time, part-time, or temporary.

- Exempt: Exempt employees are those employees with job assignments that meet exemption tests under applicable law, making them exempt from overtime pay requirements. Exempt employees are compensated on a salary basis, not pursuant to overtime pay requirements.

- Nonexempt: Nonexempt employees are those employees with job assignments that do not meet exemption tests under applicable law. Thus, these employees are paid overtime wages for authorized overtime worked in accordance with the law.

- Full-Time: Full-time employees are those employees who are scheduled to work at least thirty-seven and one-half (37.5) hours in a week, or teachers who are assigned at least twenty-four (24) students.

- Part-Time: Part-time employees are those employees who are scheduled to work less than thirty-seven and one-half (37.5) hours in a week.

- Temporary: Temporary employees are those employees who are hired for a limited time period, or for a specific project, and usually are not employed more than three (3) months.

Part-time and temporary employees are not entitled to benefits provided by the School. Independent contractors, consultants, and leased employees (i.e., those working for an employment agency) are not employees of the School and are not eligible for benefits provided by the School.

Lactation Accommodation

AGCS accommodates lactating employees by providing a reasonable amount of break time to any employee who desires to express breast milk for an infant child. The break time shall, if possible, run concurrently with any break time already provided to the employee. Any break time provided to express breast milk that does not run concurrently with break time already provided to the nonexempt employee shall be unpaid.

AGCS will make reasonable efforts to provide employees who need a lactation accommodation with the use of a room or other private location that is located close to the employee's work area. Such room/location shall not be a bathroom, and shall have electricity. Employees shall also be given access to a sink with running water and a refrigerator. Employees with private offices will be required to use their offices to express breast milk. Employees who desire lactation accommodations should contact their supervisor to request accommodations.

Attendance and Tardiness

All employees, whether exempt or nonexempt, are expected to arrive at work consistently and on time. Absenteeism and tardiness negatively affects the School's ability to implement its educational program and disrupts consistency in students' learning.

If it is necessary to be absent or late, employees are expected to telephone or email the Superintendent or designee as soon as possible but no later than one-half (1/2) hour before the start of the workday. If an employee is absent from work longer than one (1) day, he or she is expected to keep the Superintendent sufficiently informed of the situation.

As noted in the section of this Handbook concerning prohibited conduct, excessive or unexcused absences or tardiness may result in disciplinary action up to and including release from at-will employment with the School. Absence for more than three (3) consecutive days

without notifying the Superintendent will be considered a voluntary resignation from employment.

Time Cards/Records

By law, AGCS is obligated to keep accurate records of the time worked by nonexempt employees. Such employees shall keep be required to utilize the School's time card system.

Non-exempt employees must accurately clock in and out of their shifts as this is the only way the payroll department knows how many hours each employee has worked and how much each employee is owed. The time card indicates when the employee arrived and when the employee departed. All nonexempt employees must clock in and out for arrival and departure, along with lunch and for absences like doctor or dentist appointments. All employees are required to keep the office advised of their departures from and returns to the school premises during the workday.

Nonexempt employees are solely responsible for ensuring accurate information on their time cards and remembering to record time worked. If an employee forgets to mark their time card or makes an error on the time card, the employee must contact the Superintendent or designee to make the correction and such correction must be initialed by both the employee and the Superintendent.

Nonexempt employees are prohibited from performing off-the-clock work, including but not limited to checking emails before/after work hours, performing work in the morning before logging in, and running School errands after logging out.

No one may record hours worked on another's worksheet. Any employee who violates any aspect of this policy may be subject to disciplinary action, up to and including release from at-will employment with the School.

Mandatory Training and Meetings

Nonexempt employees are not entitled to be paid for attending lectures, meetings, training programs and similar activities if all of the following four (4) criteria are met:

- Attendance is outside of the employee's regular working hours;
- Attendance is in fact voluntary;
- The course, lecture, or meeting is not directly related to the employee's job; and
- The employee does not perform any productive work during such attendance.

If any of the criteria are not met, nonexempt employees are entitled to compensation for time spent in training or attending meetings.

All mandatory trainings, lectures, and meetings will be identified as such. The School will not pay nonexempt employees for attendance at voluntary trainings. If an employe is unsure about the characterization of an offered training, lecture, or meeting, they must contact the DSuperintendent before attending.

Time records of all nonexempt employees must accurately reflect attendance at all mandatory trainings, lectures, and meetings outside of regular working hours. Any hours in excess of eight

(8) in a day or forty (40) in a week will be paid at the appropriate overtime rate, at the hourly rate in effect at the time the overtime work is being performed.

Use of Email, Voicemail and Internet Access

AGCS will permit employees to use its email, voicemail systems and Internet access subject to the following:

1. Minimal personal use as long as it does not interfere with timely job performance and is consistent with law and appropriate protocols.

2. The email system and Internet access is not to be used in any way that may be disruptive, offensive to others, or harmful to morale. For example, sexually explicit images, ethnic slurs, racial epithets, or anything else that may be construed as harassment or disparagement of others based on their race, national origin, sex, sexual orientation, age, religious beliefs or political beliefs may not be displayed or transmitted.

3. Employees should not attempt to gain access to another employee's personal file or email or voicemail messages without the latter's express permission.

4. School staff will not enter an employee's personal email files or voicemail unless there is a business need to do so. AGCS retains a copy of all passwords; passwords unknown to the School may not be used. System security features, including passwords and delete functions, do not neutralize the School's ability to access any message at any time. Employees must be aware that the possibility of such access always exists.

5. Employees should not use personal devices or email accounts for School-related communications. Such communications should only take place using School-issued devices and via the employee's email account.

Personal Business

AGCS's facilities for handling mail and telephone calls are designed to accommodate School business. Employees should have personal mail directed to their home address and limit personal telephone calls to an absolute minimum. Personal calls should not be made outside the immediate dialing area. Do not use School material, time or equipment for personal projects.

Social Media

If an employee decides to post information on the Internet (i.e., personal blog, Facebook, Instagram, Twitter, etc.) that discusses any aspect of his/her workplace activities, the following restrictions apply:

- School equipment, including School computers and electronics systems, may not be used for these purposes;
- Student and employee confidentiality policies must be strictly followed;
- Employees must make clear that the views expressed in their blogs are their own and not those of the School;
- Employees may not use the School's logos, trademarks and/or copyrighted material and are not authorized to speak on the School's behalf;

- Employees are not authorized to publish any confidential or proprietary information maintained by the School;
- Employees are prohibited from making discriminatory, defamatory, libelous or slanderous comments when discussing the School, the employee's supervisors, co-workers and competitors;
- Employees must comply with all School policies, including, but not limited to, rules against unlawful harassment and retaliation.

The School reserves the right to take disciplinary action against any employee whose social media postings violate this or other School policies.

Personal Appearance/Standards of Dress

AGCS employees serve as role models to the School's students. All employees should therefore maintain professional standards of dress and grooming. Just as overall attitude and instructional competency contribute to a productive learning environment, so do appropriate dress and grooming.

Employees are encouraged to wear clothing that will add dignity to the educational profession, will present an image consistent with their job responsibilities, and will not interfere with the learning process. Accordingly, all employees shall adhere to the following standards of dress:

1. Clothing and jewelry must be safe and appropriate to the educational environment. All clothing must be clean and in good repair. Slits or tears in pants or other articles of clothing are not permitted except for modest slits in dresses or skirts that are no higher than three (3) inches above the knee.

2. Pants and shorts are to be worn on the waist with no portion of an undergarment showing. Shorts should be modest in length and should be no higher than three (3) inches above the knee.

3. Skirts and dresses should be no higher than three (3) inches above the knee.

4. All tops must be appropriate to the work environment, and should be clean, neat, and provide proper coverage.

5. Clothing or jewelry with logos that depict and/or promote gangs, drugs, alcohol, tobacco, sex, violence, illegal activities, profanity, or obscenity are not permitted.

6. Appropriate shoes must be worn at all times.

Health and Safety Policy

AGCS is committed to providing and maintaining a healthy and safe work environment for all employees.

Employees are required to know and comply with the School's General Safety Rules and to follow safe and healthy work practices at all times. Employees are required to report immediately to the Superintendent or designee any potential health or safety hazards, and all injuries or accidents.

In compliance with Proposition 65, the School will inform employees of any known exposure to a chemical known to cause cancer or reproductive toxicity.

Security Protocols

AGCS has developed guidelines to help maintain a secure workplace. Be aware of unknown persons loitering in parking areas, walkways, entrances and exits and service areas. Report any suspicious persons or activities to the Superintendent or designee. Employee desks or offices should be secured at the end of the day. When an employee is called away from his or her work area for an extended length of time, valuable or personal articles should not be left around a work station that may be accessible. The security of facilities as well as the welfare of employees depends upon the alertness and sensitivity of every individual to potential security risks. Employees should immediately notify the Superintendent when keys are missing or if security access codes or passes have been breached.

School Property Inspections

The School is committed to providing a work environment that is safe and free of illegal drugs, alcohol, firearms, explosives, and other improper materials. Additionally, the School provides property and facilities to its employees to carry out business on behalf of the School. Accordingly, employees do not have a reasonable expectation of privacy when using any School property or facilities. In accordance with these policies, all School facilities and property, including all items contained therein, may be inspected by the School at any time, with or without prior notice to the employee. School property includes all desks, storage areas, workstations, lockers, file cabinets, computers, telephone systems, email systems, and other storage devices.

The School also reserves the right to inspect any vehicle, its trunk, glove compartment, or any container therein that is parked on the School property or premises. The School reserves the right to deny entry to any person who refuses to cooperate with any inspections by the School. Any employee who fails to cooperate with inspections may be subject to disciplinary action up to and including dismissal.

Occupational Safety

AGCS is committed to the safety of its employees, vendors, contractors and the public and to providing a clear safety goal for management.

The prevention of accidents is the responsibility of every School supervisor. It is also the duty of all employees to accept and promote the established safety regulations and procedures. Every effort will be made to provide adequate safety training. If an employee is ever in doubt how to perform a job or task safely, assistance should be requested. Unsafe conditions must be reported immediately.

It is the policy of the School that accident prevention shall be considered of primary importance in all phases of operation and administration. AGCS's management is required to provide safe and healthy working conditions for all employees and to establish and require the use of safe practices at all times.

Failure to comply with or enforce School safety and health rules, practices and procedures could result in disciplinary action up to and including possible termination.

Accident/Incident Reporting

It is the duty of every employee to immediately or as soon as is practical report any accident or injury occurring during work or on School premises so that arrangements can be made for medical or first aid treatment, as well as for investigation and follow-up purposes.

Reporting Fires and Emergencies

It is the duty of every employee to know how to report fires and other emergencies quickly and accurately. Employees should report any such emergency by calling management. In addition, all employees should know the local emergency numbers such as 911.

EMPLOYEE WAGES AND HEALTH BENEFITS

Payroll Withholdings

As required by law, the School shall withhold Federal Income Tax, State Income Tax, Social Security (FICA) and State Disability Insurance from each employee's pay as follows:

1. Federal Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.

2. State Income Tax Withholding: The same factors which apply to federal withholdings apply to state withholdings.

3. Social Security (FICA): The Federal Insurance Contribution Act requires that a certain percentage of employee earnings be deducted and forwarded to the federal government, together with an equal amount contributed by the School.

4. State Disability Insurance (SDI): This state fund is used to provide benefits to those out of work because of illness or disability.

Employees may also have deductions made to their paychecks when a wage overpayment occurs. The School may require the employee to reimburse an overpayment through a mutually agreeable method, including through cash repayment or a deduction of the employee's payroll check, among other options. An employee who is separated from employment before full repayment of the overpayment amount shall have any remaining amounts withheld from their final check. The School also reserves the right to exercise any and all other legal means to recover any additional amounts owed. The School shall provide employees with advance written notice of the deduction prior to the pay period when it will go into effect.

Every deduction from an employee's paycheck is explained on the check voucher. If an employee does not understand the deductions, he or she should ask the Superintendent or designee to explain them.

Employees may change the number of withholding allowances claimed for Federal Income Tax purposes at any time by filling out a new W-4 form and submitting it to the Superintendent or designee. The office maintains a supply of these forms.

All Federal, State, and Social Security taxes will be automatically deducted from paychecks. Federal Withholding Tax deduction is determined by the employee's W-4 form. The W-4 form should be completed upon hire and it is the employee's responsibility to report any changes in filing status to the Superintendent and to fill out a new W-4 form.

At the end of the calendar year, a "withholding statement" (W-2) will be prepared and forwarded to each employee for use in connection with preparation of income tax returns. The W-2 shows Social Security information, taxes withheld and total wages.

Overtime Pay

Whether an employee is exempt from or subject to overtime pay will be determined on a case-by-case basis and will be indicated in the employee's job description. Generally, teachers and

administrators are exempt. Nonexempt employees may be required to work beyond the regularly scheduled workday or workweek as necessary. Only actual hours worked in a given workday or workweek can apply in calculating overtime for nonexempt employees. AGCS will attempt to distribute overtime evenly and accommodate individual schedules. All overtime work must be previously authorized by the Superintendent. AGCS provides compensation for all overtime hours worked by nonexempt employees in accordance with state and federal law as follows:

> For employees subject to overtime, all hours worked in excess of eight (8) hours in one workday or forty (40) hours in one workweek shall be treated as overtime. Compensation for hours in excess of forty (40) for the workweek or in excess of eight (8) and not more than twelve (12) for the workday, and for the first eight (8) hours on the seventh consecutive day in one workweek, shall be paid at a rate of one and one-half times the employee's regular rate of pay. Compensation for hours in excess of twelve (12) in one workday and an excess of eight (8) on the seventh consecutive workday of the workweek shall be paid at double the regular rate of pay.

Exempt employees may have to work hours beyond their normal schedules as work demands require. No overtime compensation will be paid to these exempt employees.

Paydays

Paydays are scheduled twice per month for non-exempt employees and monthly for exempt. If an employee observes any error in his or her check, it should be reported immediately to the Superintendent.

Wage Attachments and Garnishments

Under normal circumstances, the School will not assist creditors in the collection of personal debts from its employees. However, creditors may resort to certain legal procedures such as garnishments, levies or judgments that require the School, by law, to withhold part of an employee's earnings in their favor.

Employees are strongly encouraged to avoid such wage attachments and garnishments. If the School is presented a second garnishment request concerning an employee, the Superintendent will discuss the situation with the employee.

Medical Benefits

Full-time certificated and classified employees are eligible for health insurance benefits in accordance with the School's health insurance plan as set forth in the Summary Plan Description ("SPD"). For credentialed teachers, full-time is considered to be twenty-four (24) students. Part-time credentialed teachers serving at least twelve (12) students will have the option of enrolling in the insurance plan on a pro-rated basis. The School's Board will determine the annual maximum employer healthcare contribution. The Employee will be provided this amount at time of enrollment, at Open Enrollment annually, and from the Main Office upon request.

Employees are responsible for paying any premium amounts in excess of the maximum employer healthcare contribution taking into account any pro-ration. If the health insurance

premium rates increase, employees may be required to contribute for the increased premiums to retain coverage. Unless otherwise mandated by law, employees on a leave of absence of one (1) month or more are responsible for selecting continuing health coverage and paying the premium for such coverage. Failure to timely request and pay for such coverage will result in the loss of coverage.

COBRA Benefits

When coverage under the School's medical and/or dental plans ends, employees or their dependents can continue coverage for eighteen (18) or thirty-six (36) months, depending upon the reason benefits ended. To continue coverage, an employee must pay the full cost of coverage – the employee contribution and the School's previous contribution plus a possible administrative charge.

Medical coverage for an employee, his/her spouse, and eligible dependent children can continue for up to eighteen (18) months if coverage ends because:

- Employment ends, voluntarily or involuntarily, for any reason other than gross misconduct; or

- Hours of employment are reduced below the amount required to be considered a full-time employee or part-time, making an employee ineligible for the plan.

This eighteen (18) month period may be extended an additional eleven (11) months in cases of disability subject to certain requirements. This eighteen (18) month period may also be extended an additional eighteen (18) months if other events (such as a divorce or death) occur subject to certain requirements.

An employee's spouse and eligible dependents can continue their health coverage for up to thirty-six (36) months if coverage ends because:

- The employee dies while covered by the plan;

- The employee and his/her spouse become divorced or legally separated;

- The employee becomes eligible for Medicare coverage, but his/her spouse has not yet reached age sixty-five (65); or

- The employee's dependent child reaches an age which makes him or her ineligible for coverage under the plan.

Rights similar to those described above may apply to retirees, spouses and dependents if the employer commences a bankruptcy proceeding and those individuals lose coverage.

AGCS will notify employees or their dependents if coverage ends due to termination or a reduction in work hours. If an employee becomes eligible for Medicare, divorced or legally separated, dies, or when a dependent child no longer meets the eligibility requirements, the employee or a family member are responsible for notifying the School within thirty (30) days of the event. AGCS will then notify the employee or his/her dependents of the employee's rights.

Health coverage continuation must be elected within sixty (60) days after receiving notice of the end of coverage, or within sixty (60) days after the event causing the loss, whichever is later.

There are certain circumstances under which coverage will end automatically. This happens if:

- Premiums for continued coverage are not paid within thirty (30) days of the due date;
- The employee (or his/her spouse or child) become covered under another group health plan which does not contain any exclusion or limitation with respect to any pre-existing condition the employee (or the employee's spouse or child, as applicable) may have;
- AGCS stops providing group health benefits;
- The employee (or the employee's spouse or child) become entitled to Medicare; or
- The employee extended coverage for up to twenty-nine (29) months due to disability and there has been a final determination that the employee is no longer disabled.

PERSONNEL EVALUATION AND RECORD KEEPING

Employee Reviews and Evaluations

Each employee will receive periodic performance reviews conducted by the Superintendent or direct supervisor. Most performance evaluations will be conducted annually. The frequency of performance evaluations may vary depending upon length of service, job position, past performance, changes in job duties, or recurring performance problems.

Performance evaluations may review factors such as the quality and quantity of the work performed, knowledge of the job, initiative, work attitude, and attitude toward others. The performance evaluations are intended to make employees aware of their progress, areas for improvement, and objectives or goals for future work performance. Favorable performance evaluations do not guarantee increases in salary or promotions. Salary increases and promotions are solely within the discretion of the School and depend upon many factors in addition to performance. After the review, an employee will be required to sign the evaluation report simply to acknowledge that it has been presented to them, that they have discussed it with the Superintendent or direct supervisor, and that they are aware of its contents.

Newly hired employees may have their performance goals reviewed by the Superintendent or direct supervisor within the first ninety (90) days of employment.

Salary and potential for advancement will be based largely upon job performance. On a periodic basis, the Superintendent or direct supervisor will review employee job performance with an employee in order to establish goals for future performance and to discuss current performance. AGCS's evaluation system will in no way alter the at-will employment relationship.

Personnel Files and Record Keeping Protocols

At the time of employment, a personnel file is established for each employee. It is each employee's responsibility to keep the Superintendent or designee advised of changes that should be reflected in their personnel file. Such changes include: change in address, telephone number, marital status, number of dependents and person(s) to notify in case of emergency. Prompt notification of these changes is essential and will enable the School to contact an employee should the change affect their other records.

Employees have the right to inspect documents in their personnel file, as provided by law, in the presence of a School representative, at a mutually convenient time. Employees also have the right to obtain a copy of their personnel file as provided by law. Employees may add comments to any disputed item in the file. AGCS will restrict disclosure of personnel files to authorized individuals within the School. A request for information contained in the personnel file must be directed to the Superintendent. Only the Superintendent or designee is authorized to release information about current or former employees. Disclosure of information to outside sources will be limited. However, the School will cooperate with requests from authorized law enforcement or local, state or federal agencies conducting official investigations or as otherwise legally required.

Credible complaints of substantiated investigations into or discipline for egregious misconduct will not be expunged from an employee's personnel file unless the complaint is heard by an

arbitrator, administrative law judge, or the Board and the complaint is deemed to be false, not credible, unsubstantiated or a determination was made that discipline was not warranted.

HOLIDAYS, VACATIONS AND LEAVES

Holidays

AGCS calendar reflects any and all holidays observed by the School. The following holidays are generally observed by public entities, including public schools:

- New Year's Day
- Martin Luther King Jr. Birthday
- President's Day
- International Women's Day
- Memorial Day
- Juneteenth
- Independence Day
- Labor Day
- Veteran's Day
- Thanksgiving
- Friday after Thanksgiving
- Day before Christmas
- Christmas Day

Other days during the school year, such as days during the School's calendared breaks, shall not be paid time for nonexempt employees in active status. Recognized religious holidays may be taken off by an employee whose religion requires observance of the particular day. Employees must request the day off in advance by written notice to the Superintendent or designee. The employee will be paid if the religious holiday is taken as an earned paid leave day (i.e. vacation, personal necessity day, etc., as applicable). The employee will not be paid if the religious holiday is taken as a personal leave of absence day. Employees on any leave of absence do not earn holiday pay.

Unpaid Leave of Absence

AGCS recognizes that special situations may arise where an employee must leave his or her job temporarily. At its discretion, the School may grant employees leaves of absence. Any unpaid leave of absence must be approved in advance by the School.

The granting of a leave of absence always presumes the employee will return to active work by a designated date or within a specific period.

During a Family and Medical Leave Act, California Family Rights Act leave, and/or Pregnancy Disability Leave, the employee's medical and dental benefits will remain in force, provided the employee pays the appropriate premiums. Otherwise, benefits are terminated the month any other type of leave begins. If an employee fails to return from a leave and is subsequently terminated, the employee is entitled to all earned but unused ~~vacation pay~~ personal leave, provided that the ~~vacation pay~~ personal leave was earned prior to the commencement of leave. No vacation time is accrued during any type of unpaid leave of absence.

Sick Leave

To help prevent loss of earnings that may be caused by accident or illness, or by other

emergencies, the School offers paid sick leave to its employees. Sick leave may be taken to receive preventive care (including annual physicals or flu shots) or to diagnose, treat, or care for an existing health condition. Employees may also use sick leave to assist a family member (i.e., children, parents, spouses/domestic partners, grandparents, grandchildren, or siblings) or a designated person (i.e., a person identified by the employee at the time the employee requests sick leave) who must receive preventative care or a diagnosis, treatment, or care for an existing health condition. Employees are limited to one (1) designated person per twelve (12) month period. Employees may also take paid sick leave to receive medical care or other assistance to address instances of domestic violence, sexual assault, or stalking.

Paid sick leave is available to all School employees who work at least thirty (30) days within the span of a single calendar year from the commencement of employment. All eligible employees shall be credited with twenty-four (24) hours of sick leave at the beginning of each work year. Furthermore, all full-time employees will accrue additional sick leave per month worked for a total of up to eleven (11) days per full work year.

Employees cannot use paid sick leave until the ninetieth (90th) calendar day following the employee's start date. Sick leave must be taken by eligible employees in increments of two (2) hours. Accrued sick leave does not carry over from year to year and the School does not pay employees in lieu of unused sick leave.

If an employee is absent longer than three (3) days due to illness, medical evidence of their illness and/or medical certification of their fitness to return to work satisfactory to the School may be required. The School will not tolerate abuse or misuse of the sick leave privilege. If the School suspects abuse of sick leave, the School may require a medical certification from an employee verifying the employee's absence.

Once an employee has exhausted sick leave, the employee may continue on an unpaid medical leave depending upon the facts and circumstances of the employee's basis for leave beyond accrued sick leave. Employee requests for unpaid medical leave must be approved in advance by the School.

Family Care and Medical Leave

This policy explains how the School complies with the federal Family and Medical Leave Act ("FMLA") and the California Family Rights Act ("CFRA"), both of which require the School to permit each eligible employee to take up to twelve (12) workweeks (or twenty-six (26) workweeks where indicated) of FMLA/CFRA leave in any twelve (12) month period for the purposes enumerated below.

- Employee Eligibility Criteria

  To be eligible for FMLA/CFRA leave, the employee must have been employed by the School for a total of at least twelve (12) months, worked at least 1,250 hours during the twelve (12) month period immediately preceding commencement of the leave, and work at a location where the School has at least fifty (50) employees within seventy-five (75) miles, (except for purposes of CFRA where the School must only have at least five (5) employees).

- Events That May Entitle an Employee To FMLA/CFRA Leave

The twelve (12) week (or twenty-six (26) workweeks where indicated) FMLA/CFRA allowance includes any time taken (with or without pay) for any of the following reasons:

1. To care for the employee's newborn child or a child placed with the employee for adoption or foster care. Leaves for this purpose must conclude twelve (12) months after the birth, adoption, or placement. If both parents are employed by the School, they each will be entitled to a separate twelve (12) weeks of leave for this purpose, which cannot be loaned or otherwise assigned from one employee to the other.

2. Because of the employee's own serious health condition (including a serious health condition resulting from an on-the-job illness or injury) that makes the employee unable to perform any one or more of the essential functions of his or her job (other than a disability caused by pregnancy, childbirth, or related medical conditions, which is covered by the School's separate pregnancy disability policy).

    a. A "serious health condition" is an illness, injury (including, but not limited to, on-the-job injuries), impairment, or physical or mental condition of the employee or a child, parent, or spouse of the employee that involves either inpatient care or continuing treatment, including, but not limited to, treatment for substance abuse.

    b. "Inpatient care" means a stay in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity. A person is considered an "inpatient" when a health care facility formally admits him/her to the facility with the expectation that he/she will remain at least overnight and occupy a bed, even if it later develops that such person can be discharged or transferred to another facility and does not actually remain overnight.

    c. "Incapacity" means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.

    d. "Continuing treatment" means ongoing medical treatment or supervision by a health care provider.

3. To care for a spouse, domestic partner, child, or parent with a serious health condition. A qualifying family member may also include a parent-in-law, grandparent, grandchild, sibling, or designated person for CFRA purposes. "Designated person" refers to any individual related by blood or whose association with the employee is the equivalent to a family relationship. Employees are limited to one (1) designated person per twelve (12) month period.

4. When an employee is providing care to a spouse, son, daughter, parent, or next of kin who is a covered Armed Forces service member with a serious injury or illness, the employee may take a maximum of twenty-six (26) weeks of

additional FMLA leave in a single twelve (12) month period to provide said care. CFRA does not provide leave specific to caring for a service member.

5. For any "qualifying exigency" because the employee is the spouse, son, daughter, or parent of an individual on active military duty, or an individual notified of an impending call or order to active duty, in the Armed Forces. For CFRA purposes, this may also include a domestic partner.

- Amount of FMLA/CFRA Leave Which May Be Taken

1. FMLA/CFRA leave can be taken in one (1) or more periods, but may not exceed twelve (12) workweeks total for any purpose in any twelve (12) month period, as described below, for any one, or combination of the above-described situations. "Twelve workweeks" means the equivalent of twelve (12) of the employee's normally scheduled workweeks. For a full-time employee who works five (5) eight-hour days per week, "twelve workweeks" means sixty (60) working and/or paid eight (8) hour days.

2. In addition to the twelve (12) workweeks of FMLA/CFRA leave that may be taken, an employee who is the spouse, son, daughter, parent, or next of kin of a covered Armed Forces service member may also be entitled to a total of twenty-six (26) workweeks of FMLA leave during a twelve (12) month period to care for the servicemember.

3. The "twelve month period" in which twelve (12) weeks of FMLA and CFRA leave may be taken is the twelve (12) month period immediately preceding the commencement of any FMLA/CFRA leave.

4. If a holiday falls within a week taken as FMLA/CFRA leave, the week is nevertheless counted as a week of FMLA/CFRA leave. If, however, the School's business activity has temporarily ceased for some reason and employees are generally not expected to report for work for one or more weeks, such as the Winter Break, Spring Break, or Summer Vacation, the days the School's activities have ceased do not count against the employee's FMLA or CFRA leave entitlement. Similarly, if an employee uses FMLA/CFRA leave in increments of less than one (1) week, the fact that a holiday may occur within a week in which an employee partially takes leave does not count against the employee's leave entitlement unless the employee was otherwise scheduled and expected to work during the holiday.

- Pay during FMLA/CFRA Leave

1. An employee on FMLA/CFRA leave because of his/her own serious health condition must use all accrued paid sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave period. If an employee is receiving a partial wage replacement benefit during the FMLA/CFRA leave, the School and the employee may agree to have School-provided paid leave, such as ~~vacation or~~ sick time, supplement the partial wage replacement benefit unless otherwise prohibited by law.

2. An employee on FMLA/CFRA leave for baby-bonding or to care for a qualifying family member with a serious health condition may use any or all accrued sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave.

3. If an employee has exhausted his/her sick leave, leave taken under FMLA/CFRA shall be unpaid leave.

4. The receipt of sick leave pay or State Disability Insurance benefits will not extend the length of the FMLA or CFRA leave. Sick pay accrues during any period of unpaid FMLA or CFRA leave only until the end of the month in which unpaid leave began.

- Health Benefits

The provisions of the School's various employee benefit plans govern continuing eligibility during FMLA/CFRA leave, and these provisions may change from time to time. The health benefits of employees on FMLA/CFRA leave will be paid by the School during the leave at the same level and under the same conditions as coverage would have been provided if the employee had been continuously employed during the leave period. When a request for FMLA/CFRA leave is granted, the School will give the employee written confirmation of the arrangements made for the payment of insurance premiums during the leave period.

If an employee is required to pay premiums for any part of his/her group health coverage, the School will provide the employee with advance written notice of the terms and conditions under which premium payments must be made.

AGCS may recover the health benefit costs paid on behalf of an employee during his/her FMLA/CFRA leave if:

1. The employee fails to return from leave after the period of leave to which the employee is entitled has expired. An employee is deemed to have "failed to return from leave" if he/she works less than thirty (30) days after returning from FMLA/CFRA leave; and

2. The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to FMLA/CFRA leave, or other circumstances beyond the control of the employee.

- Seniority

An employee on FMLA/CFRA leave remains an employee and the leave will not constitute a break in service. An employee who returns from FMLA/CFRA leave will return with the same seniority he/she had when the leave commenced.

- Medical Certifications

1. An employee requesting FMLA/CFRA leave because of his/her own or a relative's serious health condition must provide medical certification from the appropriate health care provider on a form supplied by the School. Absent

extenuating circumstances, failure to provide the required certification in a timely manner (within fifteen (15) days of the School's request for certification) may result in denial of the leave request until such certification is provided.

2. The School will notify the employee in writing if the certification is incomplete or insufficient, and will advise the employee what additional information is necessary in order to make the certification complete and sufficient. The School may contact the employee's health care provider to authenticate a certification as needed.

3. If the School has reason to doubt the medical certification supporting a leave because of the employee's own serious health condition, the School may request a second opinion by a health care provider of its choice (paid for by the School). If the second opinion differs from the first one, the School will pay for a third, mutually agreeable, health care provider to provide a final and binding opinion.

4. Recertifications are required if leave is sought after expiration of the time estimated by the health care provider. Failure to submit required recertifications can result in termination of the leave.

- Procedures for Requesting and Scheduling FMLA/CFRA Leave

1. An employee should request FMLA/CFRA leave by completing a Request for Leave form and submitting it to the Superintendent. An employee asking for a Request for Leave form will be given a copy of the School's then-current FMLA/CFRA leave policy.

2. Employees should provide not less than thirty (30) days' notice for foreseeable childbirth, placement, or any planned medical treatment for the employee or his/her qualifying family member. Failure to provide such notice is grounds for denial of a leave request, except if the need for FMLA/CFRA leave was an emergency or was otherwise unforeseeable.

3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.

4. If FMLA/CFRA leave is taken because of the employee's own serious health condition or the serious health condition of the employee's qualifying family member, the leave may be taken intermittently or on a reduced leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition.

5. If FMLA/CFRA leave is taken because of the birth of the employee's child or the placement of a child with the employee for adoption or foster care, the minimum duration of leave is two (2) weeks, except that the School will grant a request for FMLA/CFRA leave for this purpose of at least one day but less than two (2) weeks' duration on any two (2) occasions.

6. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family

member, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position.

7. The School will respond to an FMLA/CFRA leave request no later than five (5) business days of receiving the request. If an FMLA/CFRA leave request is granted, the School will notify the employee in writing that the leave will be counted against the employee's FMLA/CFRA leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

- Return to Work

1. Upon timely return at the expiration of the FMLA/CFRA leave period, an employee is entitled to the same or a comparable position with the same or similar duties and virtually identical pay, benefits, and other terms and conditions of employment unless the same position and any comparable position(s) have ceased to exist because of legitimate business reasons unrelated to the employee's FMLA/CFRA leave.

2. When a request for FMLA/CFRA leave is granted to an employee, the School will give the employee a written guarantee of reinstatement at the termination of the leave (with the limitations explained above).

3. Before an employee will be permitted to return from FMLA/CFRA leave taken because of his/her own serious health condition, the employee must obtain a certification from his/her health care provider that he/she is able to resume work.

4. If an employee can return to work with limitations, the School will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from the School.

- Employment during Leave

No employee, including employees on FMLA/CFRA leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without the School's written permission will be deemed to have resigned from employment at the School.

Pregnancy Disability Leave

This policy explains how the School complies with the California Pregnancy Disability Act, which requires the School to give each female employee an unpaid leave of absence of up to four (4) months per pregnancy, as needed, for the period(s) of time a woman is actually disabled by pregnancy, childbirth, or related medical conditions.

- Employee Eligibility Criteria

To be eligible for pregnancy disability leave, the employee must be disabled by pregnancy, childbirth, or a related medical condition and must provide appropriate medical certification concerning the disability.

- Events That May Entitle an Employee to Pregnancy Disability Leave

The four (4) -month pregnancy disability leave allowance includes any time taken (with or without pay) for any of the following reasons:

1. The employee is unable to work at all or is unable to perform any one or more of the essential functions of her job without undue risk to herself, the successful completion of her pregnancy, or to other persons because of pregnancy or childbirth, or because of any medically recognized physical or mental condition that is related to pregnancy or childbirth (including severe morning sickness); or

2. The employee needs to take time off for prenatal care.

- Duration of Pregnancy Disability Leave

Pregnancy disability leave may be taken in one or more periods, but not to exceed four months total. "Four months" means the number of days the employee would normally work within four months. For a full-time employee who works five (5) eight (8) hour days per week, four (4) months means 693 hours of leave (40 hours per week times 17 $^{1}/_{3}$ weeks).

For employees who work more or less than forty (40) hours per week, or who work on variable work schedules, the number of working days that constitutes four (4) months is calculated on a pro rata or proportional basis. For example, for an employee who works twenty (20) hours per week, "four months" means 346.5 hours of leave entitlement (20 hours per week times 17 $^{1}/_{3}$ weeks). For an employee who normally works forty-eight (48) hours per week, "four months" means 832 hours of leave entitlement (48 hours per week times 17 $^{1}/_{3}$ weeks).

At the end or depletion of an employee's pregnancy disability leave, an employee who has a physical or mental disability (which may or may not be due to pregnancy, childbirth, or related medical conditions) may be entitled to reasonable accommodation. Entitlement to additional leave must be determined on a case-by case basis, taking into account a number of considerations such as whether an extended leave is likely to be effective in allowing the employee to return to work at the end of the leave, with or without further reasonable accommodation, and whether or not additional leave would create an undue hardship for the School. The School is not required to provide an indefinite leave of absence as a reasonable accommodation.

- Pay during Pregnancy Disability Leave

1. An employee on pregnancy disability leave must use all accrued paid sick leave at the beginning of any otherwise unpaid leave period.

2. The receipt of sick leave pay, or state disability insurance benefits, will not extend the length of pregnancy disability leave.

3. Sick pay accrues during any period of unpaid pregnancy disability leave only until the end of the month in which the unpaid leave began.

- Health Benefits

AGCS shall provide continued health insurance coverage while an employee is on pregnancy disability leave consistent with applicable law. The continuation of health benefits is for a maximum of four (4) months in a twelve (12)-month period. AGCS can recover premiums that it already paid on behalf of an employee if both of the following conditions are met:

1. The employee fails to return from leave after the designated leave period expires.

2. The employee's failure to return from leave is for a reason other than the following:

   - The employee is taking leave under the California Family Rights Act.

   - There is a continuation, recurrence or onset of a health condition that entitles the employee to pregnancy disability leave.

   - There is a non-pregnancy related medical condition requiring further leave.

   - Any other circumstance beyond the control of the employee.

- Seniority

An employee on pregnancy disability leave remains an employee of the School and a leave will not constitute a break in service. When an employee returns from pregnancy disability leave, she will return with the same seniority she had when the leave commenced.

- Medical Certifications

1. An employee requesting a pregnancy disability leave must provide medical certification from her healthcare provider on a form supplied by the School. Failure to provide the required certification in a timely manner (within fifteen (15) days of the leave request) may result in a denial of the leave request until such certification is provided.

2. Recertifications are required if leave is sought after expiration of the time estimated by the healthcare provider. Failure to submit required recertifications can result in termination of the leave.

- Requesting and Scheduling Pregnancy Disability Leave

1. An employee should request pregnancy disability leave by completing a Request for Leave form and submitting it to the Superintendent. An employee asking for a Request for Leave form will be referred to the School's then current pregnancy disability leave policy.

2. Employee should provide not less than thirty (30) days' notice or as soon as is practicable, if the need for the leave is foreseeable. Failure to provide such notice is grounds for denial of the leave request, except if the need for pregnancy disability leave was an emergency and was otherwise unforeseeable.

3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.

4. Pregnancy disability leave may be taken intermittently or on a reduced leave schedule when medically advisable, as determined by the employee's healthcare provider.

5. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits that better accommodates recurring periods of leave than the employee's regular position.

6. The School will respond to a pregnancy disability leave request within ten (10) days of receiving the request. If a pregnancy disability leave request is granted, the School will notify the employee in writing and leave will be counted against the employee's pregnancy disability leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

- Return to Work

1. Upon timely return at the expiration of the pregnancy disability leave period, an employee is entitled to the same position unless the employee would not otherwise have been employed in the same position at the time reinstatement is requested. If the employee is not reinstated to the same position, she must be reinstated to a comparable position unless one of the following is applicable:

   a. The employer would not have offered a comparable position to the employee if she would have been continuously at work during the pregnancy disability leave.

   b. There is no comparable position available, to which the employee is either qualified or entitled, on the employee's scheduled date of reinstatement or within sixty (60) calendar days thereafter. The School will take reasonable steps to provide notice to the employee if and when comparable positions become available during the sixty (60) day period.

      A "comparable" position is a position that involves the same or similar duties and responsibilities and is virtually identical to the employee's original position in terms of pay, benefits, and working conditions.

2. When a request for pregnancy disability leave is granted to an employee, the School will give the employee a written guarantee of reinstatement at the end of the leave (with the limitations explained above).

3. In accordance with AGCS policy, before an employee will be permitted to return from a pregnancy disability leave of three (3) days or more, the employee must obtain a certification from her healthcare provider that she is able to resume work.

4. If the employee can return to work with limitations, the School will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from the School.

- Employment during Leave

  No employee, including employees on pregnancy disability leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without written permission will be deemed to have resigned from employment.

Industrial Injury Leave (Workers' Compensation)

AGCS, in accordance with State law, provides insurance coverage for employees in case of work-related injuries. The workers' compensation benefits provided to injured employees may include:

- Medical care;
- Cash benefits, tax-free to replace lost wages; and
- Vocational rehabilitation to help qualified injured employees return to suitable employment.

To ensure employees receive any worker's compensation benefits to which they may be entitled, employees will need to:

- Immediately report any work-related injury to the Superintendent or designee;
- Seek medical treatment and follow-up care if required;
- Complete a written Employee's Claim Form (DWC Form 1) and return it to the Superintendent; and
- Provide the School with a certification from a health care provider regarding the need for workers' compensation disability leave as well as the employee's eventual ability to return to work from the leave.

It is the School's policy that when there is a job-related injury, the first priority is to ensure that the injured employee receives appropriate medical attention. AGCS, with the help of its insurance carrier has selected medical centers to meet this need. Each medical center was selected for its ability to meet anticipated needs with high quality medical service and a location that is convenient to the School's operation.

- If an employee is injured on the job, he/she is to go or be taken to the approved medical center for treatment. If injuries are such that they require the use of emergency medical systems ("EMS") such as an ambulance, the choice by the EMS personnel for the most appropriate medical center or hospital for treatment will be recognized as an approved center.

- All accidents and injuries must be reported to the Superintendent or designee and to the individual responsible for reporting to the School's insurance carrier. Failure by an employee to report a work-related injury by the end of his/her shift could result in loss of insurance coverage for the employee. An employee may choose to be treated by his/her personal physician at his/her own expense, but he/she is still required to go to the School's approved medical center for evaluation. All job-related injuries must be reported to the appropriate State Workers' Compensation Bureau and the insurance carrier.

- When there is a job-related injury that results in lost time, the employee must have a medical release from the School's approved medical facility before returning to work.

- Any time there is a job-related injury, the School's policy requires drug/alcohol testing along with any medical treatment provided to the employee.

Military and Military Spousal Leave of Absence

AGCS shall grant a military leave of absence to any employee who must be absent from work due to service in the uniformed services in accordance with the Uniformed Services Employment and Re-Employment Rights Act of 1994 ("USERRA"). All employees requesting military leave must provide advance written notice of the need for such leave, unless prevented from doing so by military necessity or if providing notice would be impossible or unreasonable.

If military leave is for thirty (30) or fewer days, the School shall continue the employee's health benefits. For service of more than thirty (30) days, employee shall be permitted to continue their health benefits at their option through COBRA. Employees are entitled to use accrued vacation or paid time off as wage replacement during time served, provided such vacation/paid time off accrued prior to the leave.

Except for employees serving in the National Guard, AGCS will reinstate those employees returning from military leave to their same position or one of comparable seniority, status, and pay if they have a certificate of satisfactory completion of service and apply within ninety (90) days after release from active duty or within such extended period, if any, as required by law. For those employees serving in the National Guard, if he or she left a full-time position, the employee must apply for reemployment within forty (40) days of being released from active duty, and if he or she left part-time employment, the employee must apply for reemployment within five (5) days of being released from active duty.

An employee who was absent from work while fulfilling his or her covered service obligation under the USERRA or California law shall be credited, upon his or her return to the School, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. Exceptions to this policy will occur wherever necessary to comply with applicable laws.

AGCS shall grant up to ten (10) days of unpaid leave to employees who work more than twenty (20) hours per week and who are spouses of deployed military servicemen and servicewomen. The leave may be taken when the military spouse is on leave from deployment during a time of military conflict. To be eligible for leave, an employee must provide the School with (1) notice of intention to take military spousal leave within two (2) business days of receiving official notice that the employee's military spouse will be on leave from deployment, and (2) documentation certifying that the employee's military spouse will be on leave from deployment during the time that the employee requests leave.

Bereavement Leave

All employees who have worked for the School for at least thirty (30) days shall be eligible to take up to five (5) days of paid bereavement leave due to the death of a covered family member (spouse, child, parent, sibling, grandparent, grandchild, domestic partner, or parent-in-law). For all other employees, bereavement leave shall be unpaid unless an employee elects to use available accrued/unused paid leave. Bereavement pay will not be used in computing overtime pay. Any scheduled days off (including weekends, holidays and vacations) falling during the absence will be counted as both bereavement leave and scheduled days off. Upon request, an employee may be required to provide documentation of the death of a covered family member.

If any employee requires more than five (5) days off for bereavement leave, the employee may request additional unpaid leave or may request the opportunity to use any accrued ~~vacation~~ leave time, which may be granted at the discretion of the School.

Jury Duty or Witness Leave

For all exempt employees, the School will pay for time off if an employee is called to serve on a jury provided the employee continues to perform work duties as assigned. For all nonexempt employees, the School will pay for up to three (3) days if an employee is called to serve on a jury.

Voting Time Off

If an employee does not have sufficient time outside of working hours to vote in an official state-sanctioned election, the employee may take off enough working time to vote. Such time off shall be taken at the beginning or the end of the regular working shift, whichever allows for more free time and the time taken off shall be combined with the voting time available outside of working hours to a maximum of two (2) hours combined. Under these circumstances, an employee will be allowed a maximum of two (2) hours of time off during an election day without loss of pay. When possible, an employee requesting time off to vote shall give the Superintendent at least two (2) days notice.

School Appearance and Activities Leave

As required by law, AGCS will permit an employee who is a parent or guardian (including a stepparent, foster parent, or grandparent) of school children, from kindergarten through grade twelve (12), or a child enrolled with a licensed child care provider, up to forty (40) hours of unpaid time off per school year (up to eight (8) hours in any calendar month of the school year) to participate in activities of a child's school or child care. If more than one (1) parent or guardian is an employee of AGCS, the employee that first provides the leave request will be

given the requested time off. Where necessary, additional time off will also be permitted where the school requires the employee(s) appearance.

The employee requesting school leave must provide reasonable advanced notice of the planned absence. The employee must use accrued but unused paid leave (e.g., vacation or sick leave) to be paid during the absence.

When requesting time off for school activities, the employee must provide verification of participation in an activity as soon as practicable. When requesting time off for a required appearance, the employee(s) must provide a copy of the notice from the child's school requesting the presence of the employee.

Bone Marrow and Organ Donor Leave

As required by law, eligible employees who require time off to donate bone marrow to another person may receive up to five (5) workdays off in a twelve (12) month period. Eligible employees who require time off to donate an organ to another person may receive up to sixty (60) workdays off in a twelve (12) month period.

To be eligible for bone marrow or organ donation leave ("Donor Leave"), the employee must have been employed by the School for at least ninety (90) days immediately preceding the Donor Leave.

An employee requesting Donor Leave must provide written verification to the School that he or she is a donor and that there is a medical necessity for the donation of the organ or bone marrow.

Up to five (5) days of leave for bone marrow donation, and up to thirty (30) days of leave for organ donation, may be paid provided the employee uses five (5) days of accrued paid leave for bone marrow donation and two (2) weeks of accrued paid leave for organ donation. If the employee has an insufficient number of paid leave days available, the leave will otherwise be paid.

Employees returning from Donor Leave will be reinstated to the position held before the leave began, or to a position with equivalent status, benefits, pay and other terms and conditions of employment. The School may refuse to reinstate an employee if the reason is unrelated to taking a Donor Leave. A Donor Leave is not permitted to be taken concurrently with an FMLA/CFRA Leave.

Victims of Abuse Leave

AGCS provides reasonable and necessary unpaid leave and other reasonable accommodations to employees who are victims of domestic violence, sexual assault, stalking or other crimes. Such leave may be taken to attend legal proceedings or to obtain or attempt to obtain any relief necessary, including a restraining order, to ensure the employee's own health, safety or welfare, that of the employee's child or children or when a person whose immediate family member is deceased as the direct result of a crime. A crime includes a crime or public offense that would constitute a misdemeanor or felony if the crime had been committed in California by a competent adult, an act of terrorism against a resident of California (whether or not such act occurs within the state), and regardless of whether any person is arrested for, prosecuted for, or convicted of, committing the crime. Employees may also request unpaid leave for the following

purposes:

- Seek medical attention for injuries caused by domestic violence, sexual assault, or stalking.
- Obtain services from a domestic violence shelter, program, or rape crisis center.
- Obtain psychological counseling for the domestic violence, sexual assault, or stalking.
- Participate in safety planning, such as relocation, to protect against future domestic violence, sexual assault, or stalking.

To request leave under this policy, an employee should provide AGCS with as much advance notice as practicable under the circumstances. If advance notice is not possible, the employee requesting leave under this policy should provide AGCS one (1) of the following certifications upon returning back to work:

1. A police report indicating that the employee was a victim of domestic violence, sexual assault, or stalking.
2. A court order protecting the employee from the perpetrator or other evidence from the court or prosecuting attorney that the employee appeared in court.
3. Documentation from a licensed medical professional, domestic violence or sexual assault counselor, licensed health care provider, or counselor showing that the employee's absence was due to treatment for injuries or abuse from domestic violence, sexual assault, or stalking.
4. Any other form of documentation that reasonably verifies that the crime or abuse occurred, including but not limited to, a written statement signed by the employee, or an individual acting on the employee's behalf, certifying that the absence is for a purpose authorized under the law.

Employees requesting leave under this policy may choose to use accrued paid leave. In addition, AGCS will provide reasonable accommodations to employees who are victims of domestic violence, sexual assault or stalking for the employees' safety while at work. To request an accommodation under this policy, an employee should contact the Superintendent.

Returning From Leave of Absence

Employees cannot return from a medical leave of absence without first providing a sufficient doctor's return to work authorization.

When business considerations require, the job of an employee on leave may be filled by a temporary or regular replacement. An employee should give the Superintendent thirty (30) days' notice before returning from leave. Whenever the School is notified of an employee's intent to return from a leave, the School will attempt to place the employee in his former position or in a comparable position with regard to salary and other terms and conditions for which the employee is qualified. However, re-employment cannot always be guaranteed. If employees need further information regarding Leaves of Absence, they should be sure to consult the Superintendent.

DISCIPLINE AND TERMINATION OF EMPLOYMENT

Rules of Conduct

The following conduct is prohibited and will not be tolerated by the School. This list of prohibited conduct is illustrative only and applies to all employees of the School; other types of conduct that threaten security, personal safety, employee welfare and the School's operations also may be prohibited. Further, the specification of this list of conduct in no way alters the at-will employment relationship as to at-will employees of the School. If an employee is working under a contract with the School which grants procedural rights prior to termination, the procedural terms in the contract shall apply.

1. Insubordination - refusing to perform a task or duty assigned or act in accordance with instructions provided by an employee's manager or proper authority.
2. Unprofessional conduct.
3. Inefficiency - including deliberate restriction of output, carelessness or unnecessary wastes of time or material, neglect of job, duties or responsibilities.
4. Unauthorized soliciting, collecting of contributions, distribution of literature, written or printed matter is strictly prohibited on School property by non-employees and by employees. This rule does not cover periods of time when employees are off their jobs, such as lunch periods and break times. However, employees properly off their jobs are prohibited from such activity with other employees who are performing their work tasks.
5. Damaging, defacing, unauthorized removal, destruction or theft of another employee's property or of School property.
6. Fighting or instigating a fight on School premises.
7. Violations of the drug and alcohol policy.
8. Using or possessing firearms, weapons or explosives of any kind on School premises.
9. Gambling on School premises.
10. Tampering with or falsifying any report or record including, but not limited to, personnel, absentee, sickness or production reports or records, specifically including applications for employment and time cards.
11. Recording the clock card, when applicable, of another employee or permitting or arranging for another employee to record the clock card.
12. Use of profane, abusive or threatening language in conversations with other employees and/or intimidating or interfering with other employees.
13. Conducting personal business during business hours and/or unauthorized use of telephone lines for personal calls.
14. Excessive absenteeism or tardiness excused or unexcused.
15. Posting any notices on School premises without prior written approval of ~~management~~ administration, unless posting is on a School bulletin board designated for employee postings.
16. Immoral or indecent conduct.
17. Conviction of a criminal act.
18. Engaging in sabotage or espionage (industrial or otherwise)
19. Violations of the sexual harassment policy.
20. Failure to report a job-related accident to the employee's supervisor or failure to take or follow prescribed tests, procedures or treatment.
21. Sleeping during work hours.
22. Release of confidential information without authorization.
23. Any other conduct detrimental to other employees or the School's interests or its

efficient operations.
24. Refusal to speak to supervisors or other employees.
25. Dishonesty.
26. Failure to possess or maintain the credential/certificate required of the position.

For employees who possess an employment contract which provides for other than at-will employment, the procedures and process for termination during the contract shall be specified in the contract.

Off-Duty Conduct

While the School does not seek to interfere with the off-duty and personal conduct of its employees, certain types of off-duty conduct may interfere with the School's legitimate business interests. For this reason, employees are expected to conduct their personal affairs in a manner that does not adversely affect the School or its own integrity, reputation, or credibility. Illegal or immoral off-duty conduct by an employee that adversely affects the School's legitimate business interests or the employee's ability to perform his or her work will not be tolerated.

While employed by the School, employees are expected to devote their energies to their jobs with the School. For this reason, second jobs are strongly discouraged. The following types of additional employment elsewhere are strictly prohibited:

- Additional employment that conflicts with an employee's work schedule, duties, and responsibilities at our School.

- Additional employment that creates a conflict of interest or is incompatible with the employee's position with our School.

- Additional employment that impairs or has a detrimental effect on the employee's work performance with our School.

- Additional employment that requires the employee to conduct work or related activities on the School's property during the employer's working hours or using our School's facilities and/or equipment; and

- Additional employment that directly or indirectly competes with the business or the interests of our School.

Employees who wish to engage in additional employment that may create a real or apparent conflict of interest must submit a written request to the School explaining the details of the additional employment. If the additional employment is authorized, the School assumes no responsibility for it. AGCS shall not provide workers' compensation coverage or any other benefit for injuries occurring from or arising out of additional employment. Authorization to engage in additional employment can be revoked at any time.

Termination of Employment

Should it become necessary for an employee to terminate their at-will employment with the School, employees should notify the Superintendent regarding their intention as far in advance as possible. At least two (2) weeks' notice is expected whenever possible.

If an employee is participating in the medical and/or dental plan, they will be provided information on their rights under COBRA.

INTERNAL COMPLAINT REVIEW

The purpose of the "Internal Complaint Review Policy" is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the Superintendent or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment, discrimination, and retaliation are addressed under the School's "Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation."

Internal Complaints
(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Superintendent or designee:

1. The complainant will bring the matter to the attention of the Superintendent as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and

2. The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Superintendent or designee will then investigate the facts and provide a solution or explanation;

3. If the complaint is about the Superintendent, the complainant may file his or her complaint in a signed writing to the President of the School's Board of Directors, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

Policy for Complaints Against Employees
(Complaints by Third Parties Against Employees)

This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Superintendent or Board President (if the complaint concerns the Superintendent) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, Superintendent (or designee) shall abide by the following process:

1. The Superintendent or designee shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.

2. In the event that the Superintendent (or designee) finds that a complaint against an employee is valid, the Superintendent (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Superintendent (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.

3. The Superintendent's (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors. The decision of the Board shall be final.

General Requirements

1. Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.

2. Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.

3. Resolution: The Superintendent or designee, or Board (if a complaint is about the Superintendent) will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

AMENDMENT TO EMPLOYEE HANDBOOK

This Employee Handbook contains the employment policies and practices of the School in effect at the time of publication.

AGCS reserves the right to amend, delete or otherwise modify this Handbook at any time provided that such modifications are in writing and duly approved by the employer.

Any written changes to the Handbook will be distributed to all employees. No oral statements can in any way alter the provisions of this Handbook.

APPENDIX A

HARASSMENT/DISCRIMINATION/RETALIATION COMPLAINT FORM

It is the policy of the School that all of its employees be free from harassment, discrimination, and retaliation. This form is provided for you to report what you believe to be harassment, discrimination, or retaliation so that the School may investigate and take appropriate disciplinary or other action when the facts show that there has been harassment, discrimination, or retaliation.

If you are an employee of the School, you may file this form with the Superintendent or Board President.

Please review the School's policies concerning harassment, discrimination, and retaliation for a definition of such unlawful conduct and a description of the types of conduct that are considered unlawful.

AGCS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged offender.

In signing this form below, you authorize the School to disclose to others the information you have provided herein, and information you may provide in the future. Please note that the more detailed information you provide, the more likely it is that the School will be able to address your complaint to your satisfaction.

Charges of harassment, discrimination, and retaliation are taken very seriously by the School both because of the harm caused by such unlawful conduct, and because of the potential sanctions that may be taken against the offender. It is therefore very important that you report the facts as accurately and completely as possible and that you cooperate fully with the person or persons designated to investigate your complaint.

Signature Page for Teachers

We the undersigned believe that the attached charter for the continuation of Alder Grove Charter School (the "Charter School") merits consideration and hereby petition the governing board of the Eureka City Schools to grant approval of the charter pursuant to Education Code Section 47605 to enable the continuation of the Charter School. The Petitioners for the Charter School agree to operate the Charter School pursuant to the terms of the Charter Schools Act and the provisions of the Charter School's charter. The petitioners listed below certify that they are teachers who are meaningfully interested in teaching at the Charter School.

By the Lead Petitioner:

Tim Warner — Name
Signature
11/3/2025 — Date

The petitioners recognize Tim Warner as the Lead Petitioner and hereby authorize the Lead Petitioner to negotiate any amendments to the attached charter necessary to secure approval by the Eureka City Schools governing board.

Eureka City Schools

Gary Storts, Superintendent
Office of the Superintendent
2100 J Street | Eureka, CA 95501

STAFF REPORT, FINDINGS OF FACT, AND RECOMMENDATIONS REGARDING CHARTER PETITION RENEWAL

On November 7, 2025, the Alder Grove Charter School[1] ("AGCS" or "Charter") submitted a continuing charter school petition ("Petition"). AGCS currently operates its resource center within the geographic boundaries of Eureka City Schools District ("District") but is authorized by the South Bay Union School District. The purpose of this petition is to comply with the requirements of Education Code Section 47605.1 which was amended by Assembly Bill 1507 to require non-classroom-based charter schools to submit a petition to the governing board of the school district in which the charter school's existing resource center is located. AGCS's resource center is located within the boundaries of the District, and this petition was submitted in order to allow AGCS to operate as a charter school authorized by the District. The Petition is for the term from July 1, 2026 to June 30, 2031, and seeks approval to operate an existing independent study charter school that would serve approximately 500 students in grades TK through 12th grade.

In compliance with Education Code 47605(b), The District's Board of Education ("Board") held a public hearing on December 11, 2025, to gauge support for the Charter and hear from the Petitioners. District will conduct a second public hearing and render its decision on the request for renewal on February 12, 2026. This staff report was published 15 days before that hearing on January 29, 2026.

The findings of fact and recommendations below represent the District's recommendation to the Board to conditionally renew the charter the District under the conditions outlined below and in Exhibit A. The District also recommends that the Board require the District and Charter enter into a Memorandum of Understanding ("MOU") prior to June 1, 2026.

Background

Alder Grove Charter School was first authorized in 2006 by South Bay Union Elementary School District as an independent study charter school that provided a voluntary public educational choice for families of students who chose to educate their children in the home environment. AGCS supports and celebrates individual differences and the uniqueness of each child. The AGCS initial mission was to provide students with personalized learning and to support parental choice in education. Over the years, the Charter School has adjusted the mission statement to align better with how it serves its students. AGCS's commitment is to deliver personalized learning through strong family, educator, and community partnerships that empower students to achieve academic excellence and foster active citizenship. AGCS admits students in grades kindergarten through twelfth grade (K- 12) who resided in Humboldt County or adjacent counties. Independent study was offered to meet the unique personal and educational needs of those families who seek an established alternative instructional strategy. The student, parent/guardian, and a supervising credentialed teacher contracted as a team to facilitate this process.

AGCS operates as a non-classroom-based charter school serving students in kindergarten through 12th grade with a resource center in Eureka, CA.

[1] The Charter was formerly known as Alder Grove Charter School-2 or AGCS-2 is changing its name to Alder Grove Charter School. Upon approval of this charter petition, AGCS shall notify the California Department of Education, the Humboldt County Office of Education, and all other relevant entities of its name change. All references herein to Alder Grove Charter School are intended to include the Charter School's historical name, Alder Grove Charter School-2. The historical data shown for AGCS-2 can be found online under the previous name of Alder Grove Charter School-2.

LEGAL STANDARD

Pursuant to Education Code 47607, charter renewals are governed by the same standards and criteria that govern initial charter petitions as well as the standards and criteria that are unique to the renewal process where a track record of the charter school exists for review. Specifically, a charter authorizer must review the renewal petition for compliance with Education Code 47605, including whether the petition contains 15 required petition elements. In addition, the charter authorizer must review the school performance record of the charter school using the criteria set out in Education Code 47607 and Education Code 47607.2. We discuss each set of legal criteria in more detail below.

1. Legal Criteria for Renewal under Education Code 47605

Pursuant to Education Code 47607, a charter renewal petition must meet the requirements of Education Code 47605. Thus, a charter authorizer must review a renewal petition to determine the following:

- Whether the charter school presents a sound educational program;
- Whether the charter school is likely to successfully implement the program set forth in the petition;
- Whether the petition contains a "clear, unequivocal" affirmation of each of the conditions described in Education Code 47605(e);[2]
- Whether the petition contains "reasonably comprehensive descriptions" of all of the 15 elements required in a petition pursuant to Education Code 47605(c).

Charter renewal petitions must also contain a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed. *See* 5 CCR 11967.5.1 (providing the criteria to be used by the State Board of Education ("SBE") in reviewing charter petitions). Pursuant to Education 47605, 47607, and 47607.2, a board that denies a charter renewal petition must make written findings to support any of the grounds listed under Education Code 47605.

2. Legal Criteria for Renewal of AGCS as a "Middle-Performing" Charter School under Education Code 47607.2.

Pursuant to legislation passed in 2020 (Assembly Bill 1505), the California Department of Education ("CDE") began to classify all charter schools into three renewal "tiers" – high, middle, and low – based upon the charter school's results on the California School Dashboard. *See* Education Code 47607 and 47607.2[3]. The law creates a presumption that the renewal of a high-performing charter school will be *granted*; that the renewal of a low-performing charter school will be *denied*; and, as to a middle-performing charter school, a charter authorizer "may" grant renewal after considering certain renewal criteria.

The renewal criteria that traditionally applied to "middle tier" charter schools are outlined in Education Code § 47607.2 which is inoperative after Jan. 1, 2026. As to a "middle tier" charter school, a five-year renewal is possible, and following conditions apply: (1) The authorizer must consider all

[2] *See* 5 CCR 11967.5.1 (providing the criteria to be used by the State Board of Education ("SBE") in reviewing charter petitions).

[3] Education Code § 47607.2 is inoperative after Jan. 1, 2026.

dashboard indicators for all student subgroups, and (2) Charter school does not fit criteria for Bottom Tier or Top Tier

Findings of Fact

Our attention turns now to application of the legal criteria set out above to the specific renewal petition of Charter and its track record of serving students. As explained in more detail below, staff recommends that the Board grant the request to renew the charter for a term of five years from July 1, 2026 through June 30, 2031 conditioned upon AGCS signing and agreeing to the conditions attached as Exhibit A, and executing a Memorandum of Understanding by June 1, 2026.

Concerns Regarding School Performance

AGCS has been identified by CDE as a middle-performing charter school. Thus, the District may approve the Petition for a five-year term.

Turning to the school's performance on the schoolwide performance on the state and local indicators, AGCS students score below the state standards as reflected in the chart below. In 2024, the school's performance in both English Language Arts (ELA) and Mathematics fell into the "Yellow" category. However, 2025 data reflects that the overall student performance in English Language Arts and Mathematics declined, and feel into the "Orange" category.

Specifically, in 2025, students scored 17.3 points below standard on the English Language Arts Academic Indicator, which marked a decline of .3 points from the prior year. On the Math Academic Indicator in 2025, students scored 69.6 points below standard, which marked a decline of 8.9 points from the prior year.

2025 Dashboard	**AGCS**	
	ELA	**Math**
All Students	-17.3	-69.6
EL	n/a	n/a
African American	n/a	n/a
Hispanic/Latino	-5.1	-79.1
Two or More Races	-2.7	-48.9
White	-22.4	-66.6
SED	-18.8	-76.6
SWD	-45.4	-107.8
Homeless	-39.6	-93.6

While the District notes the school's low performance on the English Language Arts and Mathematics Academic Indicators, including a decline in the most recent year, the District finds that these concerns may be adequately addressed through the conditions related to measurable student outcomes set forth in Exhibit A. District staff recommend that the Board condition renewal on

agreement with the conditions regarding improving measurable student outcomes as outlined in Exhibit A.

Student Discipline

Pursuant to a legislation passed in 2024, Education Code 48901.1 prohibits charter schools from suspending or expelling for "having disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties." The petition makes no specific mention of this law. As such, the District recommends that the Board condition renewal on AGCS providing an assurance that it will comply with EC 48901.1, which prohibits suspension or expulsion on the basis of having disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties

Special Education

AGCS's petition proposes that AGCS will operate as a dependent of the District for special education purposes. The District recommends that the Board condition approval on agreement with the condition outlined in Exhibit A and the MOU regarding making an assurance of responsibility for special education services for all enrolled students.

School Safety Plan

Senate Bill 98 authorizes the denial of a charter school petition if it does not include a safety plan that includes procedures specifically designed to notify parents and guardians of students, as well as teachers, administrators, and school personnel of the presence of immigration enforcement on campus. The Comprehensive School Safety Plan submitted by AGCS along with the petition is from 2023-24 and requires updating in order to fully address this requirement.

Fiscal Reporting

Based on the fiscal information provided in the petition, the District recommends that AGCS continue to provide regular fiscal reporting to the District, including but not limited to, a 45-day budget update, as appropriate. The District recommends that the Board condition the renewal on AGCS's agreement with the condition outlined in Exhibit A regarding fiscal reporting.

Conclusion

As described above, the District desires that AGCS operate as an independent charter, including for special education purposes. However, until AGCS can join a SELPA (Special Education Local Plan Area), the District is agreeable to a short-term arrangement that allows AGCS to operate as a District-dependent charter school for the purposes of special education through an MOU executed between the District and the AGCS. Thus, as explained in more detail above, staff recommends that the Board grant the request to renew the charter of AGCS for a term of five years from July 1, 2026 through June 30, 2031 conditioned upon AGCS signing and agreeing to the conditions attached as Exhibit A, and executing a Memorandum of Understanding by June 1, 2026. District staff recommends that the Board adopt these Findings of Fact as its own.

EXHIBIT A

List of Conditions

Memorandum of Understanding

- District and AGCS shall negotiate a Memorandum of Understanding addressing the respective rights and obligations of the parties consistent with the authorizer-charter relationship, including but not limited to the conditions set forth below, which shall be executed no later than June 1, 2026, and approved by the respective governing boards of the parties prior to the commencement of AGCS's renewal term on July 1, 2026.

Student Discipline

- By July 1, 2026, AGCS will provide the District with an assurance that AGCS will comply with EC 48901.1, which prohibits suspension or expulsion for "having disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties."
- By July 1, 2026, AGCS will develop, adopt and make available to the District revised expulsion policies and procedures which align with the updates to EC 48916 and 48916.1 enacted through Assembly Bill 1230 which became effective January 1, 2026.

School Safety Plan

By July 1, 2026, AGCS shall provide the District with a copy of its current adopted comprehensive School Safety Plan which must includes procedures specifically designed to notify parents and guardians of students, as well as teachers, administrators, and school personnel of the presence of immigration enforcement on campus.

Response to Immigration Enforcement

- By July 1, 2026, AGCS will develop, adopt, and make available to the District policies and procedures that comply with the requirements of Assembly Bill 49 and Assembly Bill 419.

Special Education

- In conjunction with the approval of the charter petition, AGCS and the District shall sign consent to an MOU which provides an acknowledgement to the District that AGCS is responsible for providing special education, instruction, and related services to the students enrolled in the school, regardless of any student's district of residence and provide an assurance to the District that AGCS will assume full responsibility for appropriate accommodations to address the needs of any student.

Fiscal Reporting

- AGCS shall agree, through the parties' MOU, to annually prepare and submit the following reports to the District and County Superintendent of Schools:
    - On or before July 1, a preliminary budget;
    - A 45 Day Budget Update as appropriate;
    - On or before July 1, LCAP or annual update to LCAP;
    - On or before December 15, a first interim financial report, reflecting changes through October 31;

- On or before March 15, a second interim financial report, reflecting changes through January 31; and
- On or before September 15, a final unaudited report for the full prior fiscal year.

- For each of the aforementioned reports, AGCS will submit the following accompanying information to the District:
  - System- generated Financial Statement (by Resource and Total);
  - System- generated Budget Report with full account string;
  - Assumptions used in creating budget or interim reports;
  - The LCFF calculator used to determine LCFF revenue;
  - Cash flow reports (the District will also have the right to ask for interim cash flow reports when necessary);
  - Multi-year reports for budget and interim reports.

<u>Reporting</u>

- AGCS shall report their progress on the conditions outlined above as requested at the District regular board meetings and provide copies of all requested documents to the Board.

By signing this document, AGCS acknowledges and agrees to the requirements set forth herein.

_____ _____

Tim Warner, Director Date

MEMORANDUM OF UNDERSTANDING

BETWEEN

EUREKA CITY SCHOOLS AND

ALDER GROVE CHARTER SCHOOL

This Memorandum of Understanding ("MOU") is executed between the Eureka City Schools ("District") and Alder Grove Charter School ("AGCS"), a California nonprofit public benefit corporation operating Alder Grove Charter School 2 (the "Charter School"), a public charter school. The District, AGCS, and the Charter School are collectively referred to as "the Parties." The following provisions govern the provision of special education services to Charter School students.

RECITALS

WHEREAS, AGCS is a California nonprofit public benefit corporation that operates the Charter School, a public charter school existing under the laws of the State of California and under the authorization and supervisorial oversight of the District. AGCS shall be responsible for, and have all rights and benefits attributable to, the Charter School as further outlined herein, and where this Agreement obligates the Charter School to a particular course of action, AGCS is coextensively required to fulfill such obligation;

WHEREAS, this MOU is intended outline the Parties' agreements governing their respective fiscal, administrative, and legal responsibilities and their legal relationship and other matters of mutual interest related to special education and related services and compliance with the Individuals with Disabilities in Education Act ("IDEA") and Section 504 of the Rehabilitation Act ("Section 504).

WHEREAS, by signing below, the Parties intend and agree that this MOU governs the relationship between District, AGCS, and Charter School regarding all special education matters, and if the terms of this MOU conflict with the terms of the Charter document, this MOU will control the handling or resolution of the particular issue in question. In addition, if the Charter is silent on an issue addressed by this MOU, this MOU shall control.

NOW, THEREFORE, in consideration of the promises and the mutual covenants and agreements herein set forth, AGCS, the Charter School, and the District do hereby agree as follows:

A. Term.

This MOU shall commence on July 1, 2026, and continue for such period that the Charter School operates as a public school of District for purposes of special education in accordance with Education Code Section 47641, subdivision (b), or through June 30, 2029, whichever date is earliest.

B. Special Education Services.

1. **Local Education Agency Status.** Pursuant to Education Code section 47641, subdivision (b), the Charter School shall be considered a "public school" of the

District for purposes ofcompliance with federal and state special education laws. The District is a member of Humboldt-Del Norte Special Education Local Plan Area ("SELPA"). The Charter School may seek to become its own local education agency ("LEA") within the SELPA, or another approved SELPA, pursuant to Education Code section 47641(a) in the future. If the Charter School is accepted as an LEA-member of a SELPA, and the Charter School's Charter Petition is appropriately revised in accordance with state law and policy, the Charter School shall thereafter comply with the rules and procedures of the SELPA it joins, and the provisions of this MOU shall cease to be in effect pursuant to Paragraph A. The Parties may enter into a separate MOU refelcting the Charter School's operation as an LEA sepearate and independent from the District for special education purposes. During the Term of the MOU pursuant to Paragraph A the terms of this MOU shall govern the provision of special education services to Charter School students and funding thereof. If the Charter School is accepted as an LEA-member of a SELPA, the AGCS Board of Directors shall approve a non-material revision of the charter to reflect the change in status and submit the updated revision to the District for its records.

2. **Division and Coordination of Responsibility.** Charter School shall be solely responsible for ensuring that all students entitled to special education services will receive special education and related services appropriately and in accordance with SELPA and District policies and procedures through its own personnel or contractors or on a fee for service basis with the SELPA or the District. The Charter School assumes any and all responsibilities otherwise attributable to the District to ensure that eligible Charter School students receive special education and related services in the same manner as any other student of the District and in accordance with applicable law. Charter School and the District intend that Charter School will be fully and solely responsible for the provision of special education services (including, but not limited to, identification, evaluation, Individualized Education Program ("IEP") development, implementation, and modification) to Charter School students. The Parties may agree to contract with one another to share special education resources on a fee for service basis pursuant to a separate written agreement between the Parties.

3. **District and SELPA Policy.** As a school of the District for purposes of special education, the Charter School shall comply with all District and SELPA policies, procedures and other requirements regarding special education. The Charter School shall obtain all District and SELPA policies, procedures, and forms regarding special education from the District and the SELPA annually. At least annually, the Charter School shall be responsible for training its employees on District and SELPA policies, procedures, and forms.

4. **IDEA.** The Charter School will comply with the IDEA and State special education laws governing the identification, determination, provision, and financing of special education placement and services for all students enrolled at the Charter School. The Charter School will also ensure that no student is denied enrollment on the basis of special education status or disability. The District shall

have no responsibilities under the IDEA for students enrolled in the Charter School.

5. **FAPE.** The Charter School shall ensure that all students with disabilities enrolled in Charter School are provided with a free and appropriate public education ("FAPE") in compliance with all applicable laws and regulations including the IDEA, State special education laws and implementing regulations. The District shall have no responsibility to provide students enrolled in the Charter School with a FAPE.

6. **Pre-Referral Process and Interventions.** Charter School shall implement a process (e.g., a Student Study Team) to monitor and guide referrals of general education students for special education evaluation and services, such that general education interventions are utilized and exhausted when legally possible before Charter School refers the student for a special education evaluation. Charter School understands that this process, and any interventions employed prior to a referral for special education evaluation, are general education functions that are Charter School's sole responsibility. Charter School further understands that any failure to timely refer a student enrolled in the Charter School for evaluation under the IDEA that results in liability shall be the sole responsibility of the Charter School, and the District shall have no responsibility related to the same.

7. **Child Find ("Search and Serve" Notices).** Charter School shall include a notice to students and parents on its website and/or handbook notifying them of Charter School's responsibility to "search and serve" students who need or are believed to need special education services. The Charter School's notice shall make clear that the Charter School, not the District, is responsible for identification of and service to students enrolled the Charter School for special education. The Charter School's Director of Special Services shall be identified, including contact information, and shall be the contact person for parents of Charter School students inquiring about special education evaluation, eligibility, and/or services.

8. **Identification and Referral.** The Charter School shall comply with the IDEA, California law, and District and SELPA policies and procedures for identification and referral of students for special education. The Charter School has developed and will maintain and implement policies and procedures to ensure appropriate identification and referral of students who have, or may have, such exceptional needs such that identification and eligibility for special education may be appropriate under state and federal law. The Charter School shall be solely responsible for obtaining all relevant pupil records related to any enrolling student. The District shall respond to Charter School requests for records for former District students in the same manner as it would respond lawfully to any other request for student records from another LEA. The Charter School shall not rely on any special education or other pupil records indicating a disability or

eligibility for special education as a basis for declining admission to a prospective student.

9. **Assessments.** The Charter School, or its contracted service provider(s), if applicable, shall conduct all necessary special education assessments of Charter School students, including but not limited to initial assessments, annual assessments, and reassessments in accordance with State and Federal law. The Charter School may not conduct any assessment without first obtaining the written consent of the Parent/Guardian or of the Student (18 or over), subject to any consent override procedures under State and Federal law.

10. **Individualized Education Programs (IEPs).** Decisions regarding eligibility, areas of need, goals/objectives, services, program, placement and exit from special education shall be made by the IEP team, with final determination and offers of FAPE residing with the Charter School. The Charter School will ensure that all Charter School teachers and staff who provide services to a student with a disability are knowledgeable of the content of the student's IEP and implement the IEP appropriately, including all accommodations, modifications, supports for instruction, goals and objectives, data collection and progress reporting. The Charter School shall ensure it monitors and reports progress towards IEP goals in the same interval as progress is reported to general education students or as apporpriate to ensure all students are provided with a FAPE.

11. **IEP Meetings and IEP Implementation.** The Charter School shall arrange necessary IEP meetings in accordance with District and SELPA policies, procedures and applicable law. IEP team membership shall be in compliance with State and federal law and shall include a designated Charter School administrator; general education teacher(s); special education teacher(s); at least one special education provider of the student (if applicable), who may be a Charter School employee or a service provider contracted by Charter School; and an individual who can interpret instructional implications of assessment results, as needed. The Charter School is obligated to implement the student's IEP in accordance State and Federal law and in accordance with District and SELPA policy and procedures. The Charter School may seek to contract with the SELPA for services for a fee in the same manner as the District. The District shall have no responsibility for convening IEP team meetings, implementing IEPs, or otherwise facilitating compliance with state and federal law for students enrolled in the Charter School, except as appropriate within the District's oversight responsibilities as the Charter School authorizer.

12. **Nondiscrimination.** Charter School shall ensure that no student otherwise eligible to enroll in the Charter School will be denied admission or enrollment to the Charter School due to his or her disability, eligibility for special education and related services, or the Charter School's inability to provide necessary services. The Charter School shall ensure that no qualified student with a disability is excluded from participation, denied the benefits of, or otherwise subjected to

discrimination under any program of the Charter School, solely on the basis of his/her disability. The Charter School expressly acknowledges its obligation to ensure FAPE for any and all students who seek admission in or are enrolled in the Charter School, regardless of whether the students can access the Charter Schools standard educational programming due to their disability.

13. **Independent Study.** It is understood that in accordance with Education Code section 51745(c), a student who is eligible for special education and related services may participate in independent study if the student's IEP specifically provides for such participation and with the parent's consent. The determination of the appropriateness for a particular student shall be made by the student's IEP team. The Charter School acknowledges that it may not decline enrollment to a student eligible for special education on the basis that the student cannot receive FAPE in independent study. If a student cannot receive FAPE in independent study, the Charter School is legally obligated to develop and implement an appropriate program for student that provides a FAPE. The District shall have no responsibility for funding, developing, or implementing such a program for a student enrolled in the Charter School. If a student cannot receive FAPE in independent study, the Charter School shall find, fund and/or develop and implement an appropriate program for student that provides a FAPE.

14. **Alternative Placements.** The Charter School shall not place a student in a program of the District or SELPA, and the District shall not place a student in the Charter School, through the IEP process or otherwise, without the prior involvement and express written consent of the other party.

15. **Referral to Nonpublic Schools,** Nonpublic Agencies or Private Schools. The Charter School IEP team may offer placement in an alternative placement and shall assume sole responsibility for funding and implementation of placement. If a parent unilaterally places a Charter School student at a nonpublic school, nonpublic agency, private school, or in a residential placement and requests funding from the Charter School for such unilateral placement, the Charter School shall be solely responsible for responding to parents as required by law. The District shall have no responsibility related to the student's placement or funding thereof.

16. **Revocation of Consent.** If, at any time subsequent to the initial provision of special education and related services to the student, the parent or guardian of that student informs Charter School that they wish to exit the student from special education, Charter School shall ensure such revocation of consent for the continued provision of special education and related services is in writing. Should a parent or guardian revoke consent to special education and related services in writing, Charter School shall provide prior written notice to the parent in accordance with Section 300.503 of the Title 34 of the Code of Federal Regulations and thereafter may not continue to provide special education and related services to the child.

17. **Student Discipline.** Charter School shall ensure that its student discipline procedures for suspension and expulsion of students with disabilities are in full compliance with State and federal law and District and SELPA policies.

18. **Complaints and Correspondence Regarding Special Education. The** Charter School shall address/respond to/investigate all complaints received under the Charter School's Uniform Complaint Procedure ("UCP") or through the California Department of Education ("CDE"). Other than the District's oversight responsibilities as the Charter School Authorizer, the District shall have no responsibility related to complaints against the Charter School related to special education.

19. **Initiating Due Process Requests.** The Charter School may initiate a due process hearing related to the provision of FAPE to a Charter School student if the Charter School determines it is legally necessary to meet the Charter School's responsibilities under federal and State law and regulations. The Charter School will be fully responsible for payment of its attorney fees in preparing, filing and prosecuting the case. The District shall not have any responsibility related to a due process request initiated by the Charter School.

20. **Defending Due Process Requests.** Charter School shall indemnify and defend the District against any due process complaint, or other action, filed against Charter School and/or the District regarding special education, including, but not limited to, eligibility, placement and services, for a student who is or was enrolled in Charter School during any time period(s) at issue. The Charter School shall seek dismissal of the District at the earliest time possible after a due process complaint or any other action, is initiated against the District related to a student enrolled in the Charter School. In the event that District determines that representation of the District from legal counsel is needed, District and Charter School shall be jointly represented by Charter School's legal counsel with all legal costs covered by the Charter School, unless the District wishes to have separate legal counsel at its own cost. In such cases, District and Charter School shall be separately and solely responsible for all attorneys' fees and costs associated with the legal counsel selected by the respective party. Charter School and District staff and administrators shall cooperate in the defense, even if represented by separate legal counsel. The District shall be solely responsible for defending any due process claim filed against the District for any time period or periods in which the student is enrolled in the District.

21. **Special Education Trainings. Applicable** Charter School staff may attend all SELPA sponsored special education related professional development/training opportunities.

22. **Special Education Funding.** The Parties agree that, pursuant to the division of responsibilities set forth in this MOU, Charter School has elected to be solely responsible for the provision of all special education services to Charter School

students despite being a school of the District pursuant to its charter petition. Therefore, State and federal special education revenues generated for special education for the Charter School will be disbursed from the SELPA through the District to the Charter School within five business days of receipt. The Charter School is responsible for all excess costs beyond that which is funded by special education revenue. The District shall not be financially responsible for any special education or related services for students enrolled in the Charter School at any time or for any reason.

23. **Charter School Contribution to District Special Education Costs.** The Parties agree that the Charter School's agreement to assume all costs for special education and related services, including the Charter School's payment of all excess costs beyond the state and federal special education revenue fully satisfies any and all obligation under Education Code Section 47646(c) to contribute to District-wide special education costs.

24. **Section 504 and the Americans with Disabilities Act.** The Charter School shall comply with Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act ("ADA"), and all Office of Civil Rights mandates for students enrolled in the Charter School. The Charter School is solely responsible for its compliance with Section 504 and the ADA, and special education funds may not be used for any such services or compliance. The Charter School shall ensure that no qualified person with a disability is, solely on the basis of the disability, excluded from participation, denied the benefits of, or otherwise subjected to discrimination under any program of the Charter School. The Charter School shall adopt legally compliant Section 504 policies, procedures and forms.

    In the case of pending student discipline of an eligible student who receives Section 504 accommodations, the Charter School will ensure that it follows procedures to comply with the mandates of State and Federal laws for considering disciplinary action against disabled students.

    The Charter School acknowledges and understands that it shall be solely responsible for such compliance.

25. **Indemnification.** Charter School shall indemnify, defend upon request, and hold harmless, the District, its board members, employees, as agents, from and against any and all liability, costs, complaints, and claims arising from the acts or omissions of the Charter School, its governing board, officers, employees, or agents, related to the Charter School's responsibility for and provision of special education services to students enrolled in the Charter School. This indemnification shall include the legal defense of the District and its board members, employees and agents against special education due process hearing requests and/or complaints to State or federal agencies regarding Charter School students related to the time period enrolled in the Charter School. The Charter School shall indemnify the District, its Board members, employees, and agents against any remedies, including compensatory education, reimbursement, and/or

money damage, including attorneys' fees and costs, that may be awarded to a student and/or their parents, or agreed to by the Charter School, for failure to comply with procedures, or provide appropriate and/or compliant special education services. This indemnification agreement shall not include liability, costs, complaints, and claims arising from the actions or omissions of the District, its board members, employees, agents, or contractors.

C. Miscellaneous Provisions

1. **Amendments.** The Parties may mutually agree to modify this Agreement. Any modification of this Agreement must be in writing, executed by duly authorized representatives of both parties, and approved by the governing board of each party. Such modification must specifically indicate the parties' intent to modify or amend this Agreement.

2. **Notification.** Except as may otherwise be specified in this Agreement, all notices, requests and other communication under this Agreement shall be in writing and mailed to the proper address as follows:

To District:
Eureka City Schools
Attention: Superintendent
2100 J Street
Eureka, CA 95501
Phone: 707-441-2400
Fax: 707-476-1725

To the Charter School:
Alder Grove Charter School
Attention: Director of Special Services
714 F Street
Eureka, CA 95501
Phone:707-268-0854

3. **Non-Assignment.** Neither party shall assign its rights, duties or privileges under this Agreement, nor shall either party attempt to confer any of its rights, duties or privileges under this Agreement on any third party, without the written consent of the other party.

4. **Severability.** If any provision or any part of this Agreement is for any reason held to be invalid or unenforceable or contrary to public policy, law or statute and/or ordinance, the remainder of this Agreement shall not be affected thereby and shall remain valid and fully enforceable.

5. **Venue.** The validity of this Agreement and any of its terms or provisions as well as the rights and duties of the parties shall be governed by the laws of the state of California, and venue shall lie only in Humboldt County Superior Court.

6. **Interpretation.** The language of this Agreement shall be construed as jointly proposed and jointly accepted, and in the event of any subsequent determination of ambiguity, the Parties shall be treated as equally responsible for such ambiguity. If any term of this Agreement is in conflict with the Charter School's Charter, this Agreement controls.

7. **Entire Agreement.** This Agreement is intended by the Parties as the final expression of their agreement with respect to such terms as are included herein and as the complete and exclusive statement of its terms and may not be contradicted by evidence of any prior agreement or of a contemporaneous oral agreement, nor explained or supplemented by evidence of consistent additional terms. The Parties acknowledge that no one has made any promise, representation, or warranty whatsoever, express or implied, written or oral, not contained herein to induce them to execute this Agreement, and that this Agreement is not executed in reliance upon any such promise, representation, or warranty.

8. **Binding Effect.** This Agreement is binding upon the successors and assigns of the Parties, subject to the non-assignability restrictions set forth in this Agreement.

9. **Survival of Covenants.** Notwithstanding termination of the Agreement, the responsibilities of the Parties pursuant to California Education Code section 47646 shall survive and be fully enforceable notwithstanding the termination date of the Agreement.

10. **Authority.** By signing below, each person warrants and guarantees that she/he is the designated representative of, and legally authorized to execute this Agreement on behalf of, the designated entity and that such execution shall bind the designated entity to the terms of this Agreement subject to ratification by the Parties respective governing boards.

11. **Counterparts.** This Agreement may be signed in counterparts such that the signatures may appear on the separate signature pages. Facsimile or photocopy signatures shall have the same force and effect as original signatures.

12. **Subject to Ratification by Governing Boards.** This entire Agreement is subject to approval/ratification by the respective governing boards of the District and Charter School.

Approved and ratified this ____ day of _____, 2026, by the Board of Directors of AGCS, by the following vote:

AYES: _____

NOES: _____

Abstentions: _____

_____
Secretary to the Board of Directors

AGENDA ITEM

Agenda Title:	Consideration of Approval of Policy Updates from CSBA - January 2026
Meeting Date:	February 12, 2026
Item:	Discussion/Action

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board is being asked to approve revisions, updates, and deletions relating to policies outlined in the Special Policy Release - January 2026 - from CSBA.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
From time to time, relatively minor changes occur that affect the text of CSBA sample board policies, administrative regulations, and board bylaws but do not warrant reissuing the entire sample because the changes are limited. It is recommended that districts review the revisions and incorporate them in district materials as appropriate. Although the revisions are minor, the district should still use its normal adoption process to adopt the board policies, administrative regulations, and/or board bylaws affected by these revisions. The following Board Policies, Administrative Regulations and Board Bylaws have various changes due to changes in laws, new laws, court decisions, and clarification.

Strategic Design - Vision
Governance and Policy updating is not reflected in the Strategic Framework

HISTORY *(list previous staff or board action(s) with dates if possible)*
This is the first reading and final reading of these policies. These policies are being fast-tracked for adoption to keep Eureka City Schools in compliance with AB 495.

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
There is no revenue or expense related to this agenda item.

WHO *(list the name of the contact person(s), job title, and site location)*
Gary Storts, Superintendent

Regulation 0450: Comprehensive Safety Plan **Status:** DRAFT

Original Adopted Date: 05/21/2019 **| Last Revised Date:** 10/09/2025

Development and Review of Comprehensive School Safety Plan

The school site council shall consult with local law enforcement, the local fire department, and other first responders in the writing and development of the comprehensive school safety plan (CSSP). When practical, the school site council shall also consult with other school site councils and safety planning committees. (Education Code 32281, 32282)

Additionally, the school site council may invite community leaders, local emergency medical services personnel, the district's public entity risk pool joint powers authority or insurance provider, and other persons who may be interested in the health and safety of students and the prevention of campus crime and violence to participate in the planning process. (Education Code 32280)

The school site council may delegate the responsibility for developing a CSSP to a school safety planning committee composed of the following members: (Education Code 32281)

1. The principal or designee
2. One teacher who is a representative of the recognized certificated employee organization
3. One parent/guardian whose child attends the school
4. One classified employee who is a representative of the recognized classified employee organization
5. Other members, if desired

Before adopting the CSSP, the school site council or school safety planning committee shall hold a public meeting at the school in order to allow members of the public the opportunity to express an opinion about the plan. (Education Code 32288)

The school site council or safety planning committee shall notify, in writing, the following persons and entities of the public meeting, if available: (Education Code 32288)

1. The local mayor
2. A representative of the local school employee organization
3. A representative of each parent/guardian organization at the school, including the parent teacher association and parent teacher clubs
4. A representative of each teacher organization at the school
5. A representative of the school's student body government
6. All persons who have indicated that they want to be notified

Additionally, the school site council or safety planning committee may notify, in writing, the following entities of the public meeting: (Education Code 32288)

1. Representatives of local religious organizations
2. Local civic leaders
3. Local business organizations

After the first evaluation or review is conducted, and after each annual evaluation or review, a school employee, a

student's parent/guardian or educational rights holder, or a student may bring concerns about an individual student's ability to access disaster safety procedures described in the CSSP to the principal. (Education Code 32282)

If the principal determines there is merit to a concern, the principal shall direct the school site council or school safety planning committee to make appropriate modifications to the CSSP during the evaluation of the CSSP. The principal may direct the school site council or the school safety planning committee to make such modifications before the evaluation, as appropriate. (Education Code 32282)

Content of the Comprehensive Safety Plan

Each CSSP shall include an assessment of the current status of any crime committed on campus and at school-related functions. (Education Code 32282)

The assessment may include, but not be limited to, law enforcement crime data, suspension and expulsion rates, and surveys of students, parents/guardians, and staff regarding their perceptions of school safety.

The plan shall identify appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, including all of the following: (Education Code 32282)

1. Child abuse or neglect reporting procedures consistent with Penal Code 11164-11174.3, including procedures specifically designed to address the supervision and protection of children from child abuse or neglect or sex offenses

2. Routine and emergency disaster procedures including, but not limited to:

    a. Adaptations for students with disabilities in accordance with the Americans with Disabilities Act, the federal Individuals with Disabilities Education Act, and Section 504 of the federal Rehabilitation Act of 1973

    b. An earthquake emergency procedure system as specified

    c. A procedure to allow public agencies, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare

    d. Commencing with the 2026-27 school year, a procedure to identify appropriate refuge shelter for all students and staff to be used in the event of an evacuation order and, for any school in a high or very high fire hazard severity zone, a communication and evacuation plan to be used in the event of an early notice evacuation warning that allows enough time to evacuate all students and staff

3. Policies pursuant to Education Code 48915(d) for students who commit an act listed in Education Code 48915(c) and other school-designated serious acts that would lead to suspension, expulsion, or mandatory expulsion recommendations

4. Procedures to notify teachers of dangerous students pursuant to Education Code 49079

5. A policy consistent with the prohibition against discrimination, harassment, intimidation, and bullying pursuant to Education Code 200-262.4

6. If the school has adopted a dress code prohibiting students from wearing "gang-related apparel" pursuant to Education Code 35183, the provisions of that dress code and the definition of "gang-related apparel"

7. Procedures for safe ingress and egress of students, parents/guardians, and employees to and from school

8. A safe and orderly school environment conducive to learning

9. The rules and procedures on school discipline adopted pursuant to Education Code 35291 and 35291.5

10. Procedures for conducting tactical responses to criminal incidents, including procedures related to individuals with guns on campus and at school-related functions

11. If procedures to prepare for active shooters or other armed assailants by conducting a drill are included in the CSSP, the CSSP shall specify that:

    a. The school will not conduct a high-intensity drill, as defined in Education Code 32282

    b. Real weapons, gunfire blanks, or explosions will not be used in the conducting of the drill

    c. A trauma-informed approach as specified in Education Code 32282 will be used in the design and execution of any drill

12. Procedures to assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted or threatened to be conducted at the school, at an activity sponsored by the school, or on a school bus serving the school

13. Procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds

14. Procedures specifically designed to notify parents/guardians and district staff when the school confirms that an officer or employee of an agency conducting immigration enforcement is on school grounds as specified in Education Code 32282

15. For schools that serve students in any of grades 7-12, a protocol in the event a student is suffering or is reasonably believed to be suffering from an opioid overdose

16. An instructional continuity plan to establish communication with students and their families and provide instruction to students when in-person instruction is disrupted due to an emergency, as specified in Education Code 32282

17. Explicit procedures to prohibit the use of smartphones in the case of an emergency or in response to a perceived threat of danger if such use is prohibited in Board Policy 5131.8 - Mobile Communication Devices (Education Code 48901.7)

Among the strategies for providing a safe environment, the CSSP may also include:

1. Development of a positive school climate that promotes respect for diversity, personal and social responsibility, effective interpersonal and communication skills, self-esteem, anger management, and conflict resolution

2. Disciplinary policies and procedures that contain prevention strategies, such as strategies to prevent bullying, hazing, and cyberbullying, as well as behavioral expectations and consequences for violations

3. Strategies aimed at preventing potential incidents involving crime and violence on school campuses, including vandalism, drug and alcohol abuse, gang membership and violence, hate crimes, bullying, including bullying committed personally or by means of an electronic act, teen relationship violence, and discrimination and harassment, including sexual harassment

4. Curriculum that emphasizes prevention and alternatives to violence, such as multicultural education and literacy, character/values education, social and emotional learning, media analysis skills, conflict resolution, community service learning, and education related to the prevention of dating violence

5. Parent/guardian and community involvement strategies, including strategies to help ensure parent/guardian support and reinforcement of the school's rules and increase the number of adults on campus

6. Provision of safety materials and emergency communications in language(s) understandable to parents/guardians

7. Annual notification to parents/guardians related to the safe storage of firearms

8. Prevention and intervention strategies related to the sale or use of drugs and alcohol which shall reflect expectations for drug-free schools and support for recovering students

9. Collaborative relationships among the city, county, community agencies, local law enforcement, the judicial system, and the schools that lead to the development of a set of common goals and community strategies for violence prevention instruction

10. District policy prohibiting the possession of firearms and ammunition on school grounds

11. Measures to prevent or minimize the influence of gangs on campus

12. Procedures for receiving verification from law enforcement when a violent crime or sex offense has occurred on school grounds and for promptly notifying parents/guardians and employees of that crime

13. Procedures for the early identification and threat assessment of, and appropriate response to, suspicious and/or threatening digital media content

14. Assessment of the school's physical environment, including a risk management analysis and development of ground security measures such as procedures for closing campuses to outsiders, installing surveillance systems, securing the campus perimeter, protecting buildings against vandalism, and providing for a law enforcement presence on campus

15. Independent security assessment of the school's network infrastructure and selected web applications to identify vulnerabilities and provide recommendations to improve cybersecurity

16. Guidelines for the roles and responsibilities of mental health professionals, athletic coaches, community intervention professionals, school counselors, school resource officers, and police officers on school campuses

    Guidelines may include, but are not limited to, the following:

    a. Strategies to create and maintain a positive school climate, promote school safety, and increase student achievement

    b. Strategies to prioritize mental health and intervention services, restorative and transformative justice programs, and positive behavior interventions and support

    c. Protocols to address the mental health care of students who have witnessed a violent act at any time, including, but not limited to, while on school grounds, while coming or going from school, during a lunch period whether on or off campus, or during or while going to or coming from a school-sponsored activity

17. Strategies for suicide prevention and intervention

18. District policy and/or plan related to pandemics

19. Procedures to implement when a person interferes with or disrupts a school activity, remains on campus after having been asked to leave, or creates a disruption with the intent to threaten the immediate physical safety of students or staff

20. Crisis prevention and intervention strategies, which may include the following:

    a. Identification of possible crises that may occur, determination of necessary tasks that need to be addressed, and development of procedures relative to each crisis, including the involvement of law enforcement and other public safety agencies as appropriate

    b. Threat assessment strategies to determine the credibility and seriousness of a threat and provide appropriate interventions for the potential offender(s)

    c. Assignment of staff members responsible for each identified task and procedure

    d. Development of an evacuation plan based on an assessment of buildings and grounds and opportunities

for students and staff to practice the evacuation plan

e. Coordination of communication to schools, Governing Board members, parents/guardians, and the media

f. Communication with parents/guardians of reunification plans and the necessity of cooperating with first responders

g. Development of a method for the reporting of violent incidents

h. Development of follow-up procedures that may be required after a crisis has occurred, such as counseling

21. Training on assessment and reporting of potential threats, violence prevention, and intervention techniques

    Such training shall include preparation to implement the elements of the CSSP

22. Environmental safety strategies, including, but not limited to, procedures for preventing and mitigating exposure to toxic pesticides, lead, asbestos, vehicle emissions, and other hazardous substances and contaminants

23. Continuity of operations procedures to ensure that the district's essential functions are not disrupted during an emergency, to the extent possible

Policy 0450: Comprehensive Safety Plan

Status: DRAFT

Original Adopted Date: 05/21/2019 **| Last Revised Date:** 10/09/2025

The Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for staff and student conduct, responsible behavior, and respect for others.

The school site council at each district school shall develop a comprehensive school safety plan (CSSP) relevant to the needs and resources of that particular school. New school campuses shall develop a CSSP within one year of initiating operations. (Education Code 32281, 32286)

The CSSP shall take into account the school's staffing, available resources, and building design, as well as other factors unique to the school site.

The CSSP(s) shall be reviewed and updated by March 1 of each year and forwarded to the Board for approval. (Education Code 32286, 32288)

The Board shall review the comprehensive safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation and shall approve the plan(s) at a regularly scheduled meeting.

As necessary, the Superintendent or designee shall provide training on the CSSP to all school staff.

By October 15 of each year, the Superintendent or designee shall notify the California Department of Education (CDE) of any schools that have not complied with the requirements of Education Code 32281. (Education Code 32288)

Tactical Response Plan

Notwithstanding the process described above, any portion of a CSSP that addresses tactical responses to criminal incidents that may result in death or serious bodily injury at the school site, including steps to safeguard students and staff, secure affected school premises, and apprehend criminal perpetrator(s), shall be developed by the Superintendent or designee in accordance with Education Code 32281. In developing such strategies, the Superintendent or designee shall consult with law enforcement officials and with representative(s) of employee bargaining unit(s), if they choose to participate.

When reviewing the tactical response plan, the Board may meet in closed session to confer with law enforcement officials and approve the tactical response plan, provided that any vote to approve the tactical response plan is announced in open session following the closed session. (Education Code 32281)

Safety Plan(s) Access and Reporting

The Superintendent or designee shall ensure that an updated file of all safety-related plans and materials is readily available for inspection by the public. (Education Code 32282)

However, those portions of the CSSP that include tactical responses to criminal incidents need not be publicly disclosed.

The Superintendent or designee shall share the CSSPs and any updates to the plans with local law enforcement, the local fire department, and other first responder entities. (Education Code 32281)

Additionally, the Superintendent or designee shall provide data to CDE pertaining to lockdown or multi-option response drills conducted at district schools in accordance with Education Code 32289.5. (Education Code 32289.5)

Policy Reference Disclaimer: These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the Governing Board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

Policy 1340: Access To District Records

Status: DRAFT

Original Adopted Date: 10/18/2017 | **Last Revised Date:** 09/11/2025

The Governing Board recognizes the right of members of the public to have access to public records of the district. The district shall provide any member of the public reasonable access to the public records of the district during normal business hours and within the requirements of law. Public access shall not be given to records that are exempt from public disclosure pursuant to the California Public Records Act or other state or federal law.

In response to a public records request, the Superintendent or designee shall make reasonable efforts to locate the requested records, including, but not limited to, any electronic communication substantively related to the records, such as email, text messages, instant messages, and other electronic communications, regardless of whether they are transmitted through a district-provided device or account or through an employee's or Board member's personal device or account.

The district may charge for copies of public records or other materials requested by individuals or groups, in accordance with law and as specified in the accompanying administrative regulation.

In order to help maintain the security of district records, members of the public granted access shall examine records in the presence of a district staff member.

Policy Reference Disclaimer: These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the Governing Board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

Regulation 1340: Access To District Records

Status: DRAFT

Original Adopted Date: 08/19/2019 **| Last Revised Date:** 09/11/2025

This administrative regulation is a non-exhaustive list of records that may be defined as either public or exempt and/or confidential. Other records which fall into these definitions may exist and may be identified in the future.

Definitions

Public records include any writing containing information relating to the conduct of the district's business prepared, owned, used, or retained by the district regardless of physical form or characteristics. (Government Code 7920.530)

Writing means any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored. (Government Code 7920.545)

Member of the public means any person, except a member, agent, officer, or employee of the district or a federal, state, or other local agency acting within the scope of such membership, agency, office, or employment. (Government Code 7920.515)

Public Records

Unless otherwise exempt from disclosure, public records to which members of the public shall have access include, but are not limited to:

1. Proposed and approved district budgets and annual audits (Education Code 41020, 42103)
2. Statistical compilations
3. Reports and memoranda
4. Notices and bulletins
5. Minutes of public meetings (Education Code 35145)
6. Meeting agendas (Government Code 54957.5)
7. Official communications between the district and other government agencies
8. District and school plans, and the information and data relevant to the development and evaluation of such plans, unless otherwise prohibited by law
9. Initial proposals of exclusive employee representatives and of the district, once presented at a district Governing Board meeting (Government Code 3547)
10. Records pertaining to claims and litigation against the district which have been adjudicated or settled (Government Code 7927.200, 7927.205)
11. Statements of economic interests required by the Conflict of Interest Code (Government Code 81008)
12. Documents containing names, salaries, and pension benefits of district employees
13. Employment contracts and settlement agreements (Government Code 53262)
14. Instructional materials including, but not limited to, textbooks (Education Code 49091.10)
15. Executed contracts for the purchase of goods or services, even if the contract contains provisions specifying

that the contract is confidential or a proprietary record of the vendor (Government Code 7928.801)

Access to public records of the district shall be granted to Board members on the same basis as any other member of the public. When Board members are authorized to access public records in the administration of their duties, the Superintendent or designee shall not discriminate among any of the Board members as to which record, or portion of the record, will be made available, or when it will be made available. (Government Code 7921.305, 7921.310)

Exempt and Confidential Public Records

Records exempt from disclosure under the California Public Records Act (CPRA) include, but are not limited to:

1. Preliminary drafts, notes, and interagency or intradistrict memoranda that are not retained by the district in the ordinary course of business, provided that the public interest in withholding these records clearly outweighs the public interest in disclosure (Government Code 7927.500)

2. Records specifically generated in connection with or prepared for use in litigation to which the district is a party or to respond to claims made against the district pursuant to the Tort Claims Act, until the litigation or claim has been finally adjudicated or otherwise settled, or beyond, if the records are protected by some other provision of law (Government Code 7927.200, 7927.205)

3. Personnel records, medical records, or similar materials, the disclosure of which would constitute an unwarranted invasion of personal privacy (Government Code 7927.700)

   The home addresses, home telephone numbers, personal cell phone numbers, or birth date of employees shall only be disclosed as follows: (Government Code 7928.300)

   a. To an agent or a family member of the employee

   b. To an officer or employee of a state agency or another school district or county office of education when necessary for the performance of official duties

   c. To an employee organization pursuant to regulations and decisions of the Public Employment Relations Board, except that the home address and any telephone number for an employee who performs law enforcement-related functions, or the birth date of any employee, shall not be disclosed

   d. Upon written request of any employee, the district shall not disclose the employee's home address, home telephone number, personal cell phone number, personal email address, or birth date, and the district shall remove the home address, home telephone number, and personal cell phone number from any mailing list of the district except a list used exclusively to contact the employee

   e. To an agent or employee of a health benefit plan providing health services or administering claims for health services to district employees and their enrolled dependents, for the purpose of providing the health services or administering claims for employees and their enrolled dependents

4. The home address, telephone number, or both the name and assessor parcel number associated with the home address of any elected or appointed official posted by the district online without first obtaining the written permission of that individual (Government Code 7928.205)

5. Student records, except directory information and other records to the extent permitted by law and district policy (Education Code 49073, 49076; 20 USC 1232g; 34 CFR 99.1-99.8)

6. Test questions, scoring keys, and other examination data except as provided by law (Government Code 7929.605)

7. Without affecting the law of eminent domain, the contents of real estate appraisals or engineering or feasibility estimates and evaluations made for or by the district relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained (Government Code 7928.705)

8. Information required from any taxpayer in connection with the collection of local taxes that is received in confidence and the disclosure of the information to other persons would result in an unfair competitive disadvantage to the person supplying the information (Government Code 7925.000)

9. Library circulation and patron use records of a borrower or patron including, but not limited to, name, address, telephone number, email address, borrowing information, or use of library information resources, except when disclosure is to persons acting within the scope of their duties in the administration of the library; to persons authorized in writing, by the individual to whom the records pertain, to inspect the records; or by court order (Government Code 7927.100, 7927.105)

10. Records for which the disclosure is exempted or prohibited pursuant to state or federal law, including, but not limited to, provisions of the Evidence Code relating to privilege (Government Code 7927.705)

11. Documents prepared by or for the district to assess its vulnerability to terrorist attack or other criminal acts intended to disrupt district operations and that are for distribution or consideration in closed session (Government Code 7929.200)

12. Information security record if disclosure of that record would reveal vulnerabilities to, or otherwise increase the potential for an attack on, an information technology system of the district (Government Code 7929.210)

13. Recall petitions, petitions for special elections to fill Board vacancies, or petitions for the reorganization of the school district (Government Code 7924.110)

14. Minutes of Board meetings held in closed session (Government Code 54957.2)

15. Computer software developed by the district (Government Code 7922.585)

16. 16.Records that contain individually identifiable health information, including records that may be exempt pursuant to physician-patient privilege, the Confidentiality of Medical Information Act, and the Health Insurance Portability and Accountability Act (Government Code 7926.400, 7930.000-7930.215)

17. 17.Tribal financial information as a condition of or requirement for receiving financial assistance (Government Code 7930.205, 8450)

18. Any other records listed as exempt from public disclosure in the CPRA or other statutes

19. Any other records for which the district can demonstrate that, based on the particular facts of the case, the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record (Government Code 7922.000)

When disclosing to a member of the public any record that contains personal information, including, but not limited to, an employee's home address, home telephone number, social security number, personal cell phone number, or birth date, the Superintendent or designee shall ensure that such personal information is redacted from that record. (Government Code 7922.200, 7928.300)

Unless otherwise authorized or required by law, information regarding an individual's religious beliefs, practices, or affiliation shall not be disclosed. (Government Code 8310.3)

Additionally, an individual's immigration status shall only be disclosed in accordance with Board Policy/Administrative Regulation 1445 - Response to Immigration Enforcement.

Inspection of Records, Requests for Copies, and Recovery of Costs

Any person may request a copy or inspection of any district record that is not exempt from disclosure. (Government Code 7922.530)

Within 10 days of receiving any request to inspect or copy a district record, the Superintendent or designee shall determine whether the request seeks release of a disclosable public record in the district's possession. The Superintendent or designee shall promptly inform the person making the request of the determination and the reasons for the decision. (Government Code 7922.535)

In unusual circumstances, the Superintendent or designee may extend the 10-day limit for up to 14 days by providing

written notice to the requester setting forth the reasons for the extension and the date on which a determination is expected to be made. Unusual circumstances include the following, but only to the extent reasonably necessary to properly process the request: (Government Code 7922.535)

1. The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request

2. The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request

3. The need for consultation, which shall be conducted with all practicable speed, with another agency, such as a state agency or city, having a substantial interest in the determination of the request or among two or more components of the district, such as two different school sites, with substantial interest in the request

4. In the case of electronic records, the need to compile data, write programming language or a computer program, or construct a computer report to extract data

5. In the case of electronic records, the inability to access its electronic servers or systems due to a cyberattack in order to search for and obtain a record that the district believes is responsive to a request and is maintained on the servers or systems in an electronic format, and only until the district regains its ability to access its electronic servers or systems and search for and obtain electronic records that may be responsive to a request

6. The need to search for, collect, and appropriately examine records during a state of emergency proclaimed by the Governor pursuant to the California Emergency Services Act in the jurisdiction where the district is located when the state of emergency currently and directly affects, due to the state of emergency, the district's ability to timely respond to staffing shortages or closure of facilities where the requested records are located (Government Code 8567)

If the Superintendent or designee determines that the request seeks disclosable public records, the determination shall state the estimated date and time when the records will be made available. (Government Code 7922.535)

Public records shall be open to inspection at all times during district office hours. If a portion of the requested record(s) is exempt from disclosure, any non-exempt, reasonably segregable portion of the record shall be made available for inspection after deletion of the portions exempted by law. (Government Code 7922.525)

Upon request for a copy that reasonably describes an identifiable, non-exempt record, an exact copy shall be promptly provided unless it is impracticable to do so. (Government Code 7922.530)

If only a portion of the identified record is exempt from disclosure, the record's exempt material shall be redacted prior to disclosure.

The Superintendent or designee shall charge an amount for copies that reflects the direct costs of duplication in accordance with law. Written requests to waive the fee shall be submitted to the Superintendent or designee.

Without charging any fees or costs, the Superintendent or designee shall allow members of the public to use their own equipment on district premises to photograph or otherwise copy or reproduce a disclosable record as long as the means of copy or reproduction: (Government Code 7922.530)

1. Do not require the equipment to make physical contact with the record

2. Will not result in damage to the record

3. Will not result in unauthorized access to the district's computer systems or secured networks by using software, equipment, or any other technology capable of accessing, altering, or compromising the district's electronic records

The Superintendent or designee may impose any reasonable limit on the use of personal equipment to photograph, copy, or reproduce a disclosable record that is necessary to protect the safety of the records, or to prevent the copying of records from being an unreasonable burden to the orderly function of the district and its employees. Additionally, the Superintendent or designee may impose any limit that is necessary to maintain the integrity of, or

ensure the long-term preservation of, historic or high-value records. (Government Code 7922.530)

In addition to maintaining public records for public inspection during district office hours, the district may comply with public records requests by posting any public record on the district's website and, in response to a public records request, directing the member of the public to the location on the website where the record can be found. However, if the member of the public is unable to access or reproduce the record from the website, the district shall promptly provide an exact copy of the public record upon payment of duplication fees, if applicable, unless it is impracticable to provide an exact copy. (Government Code 7922.545)

If any person requests that a public record be provided in an electronic format, the district shall make that record available in any electronic format in which it holds the information. The district shall provide a copy of the electronic record in the format requested as long as the requested format is one that has been used by the district to create copies for its own use or for use by other agencies. (Government Code 7922.570)

The cost of duplicating an electronic record shall be limited to the direct cost of producing a copy of the record in electronic format. However, the requester shall bear the cost of producing the copy of the electronic record, including the cost to construct the record and the cost of programming and computer services necessary to produce the copy, under the following circumstances: (Government Code 7922.575)

1. The electronic record is one that is produced only at otherwise regularly scheduled intervals

2. The request would require data compilation, extraction, or programming to produce the record

Assistance in Identifying Requested Records

If the Superintendent or designee denies a request for disclosable records, the requester shall be assisted in making a focused and effective request that reasonably describes an identifiable record. To the extent reasonable under the circumstances, the Superintendent or designee shall do all of the following: (Government Code 7922.600)

1. Assist in identifying records and information responsive to the request or the purpose of the request, if specified

   If, after making a reasonable effort to elicit additional clarifying information from the requester to help identify the record, the Superintendent or designee is still unable to identify the information, this requirement shall be deemed satisfied.

2. Describe the information technology and physical location in which the records exist

3. Provide suggestions for overcoming any practical basis for denying access to the records or information sought

Provisions of the CPRA shall not be construed so as to delay or obstruct the inspection or copying of public records. Any notification denying a request for public records shall state the name and title of each person responsible for the denial. (Government Code 7922.500, 7922.540)

Policy 1445: Response To Immigration Enforcement

Status: DRAFT

Original Adopted Date: Pending

The Governing Board is committed to the success of all students and to providing a safe and welcoming place for students, their families, and staff irrespective of their citizenship or immigration status.

Unless required by state or federal law, required to administer a state or federally supported educational program, or presented with a valid judicial subpoena, judicial warrant, or court order, district staff shall not do any of the following:

1. Solicit or collect information or documents regarding the citizenship or immigration status of a student or the student's family members (Education Code 234.7)

2. Seek or require information or documents, to the exclusion of other permissible information or documents, regarding the citizenship or immigration status of a student or the student's family members (Education Code 234.7)

3. To the extent practicable, disclose or provide in writing, verbally, or in any other manner to an officer or employee of an agency conducting immigration enforcement:

    a. The education records of or any information about a student or a student's family or household such as personal information as defined in Civil Code 1798.3, information about a student's home, or information about a student's travel schedule without parent/guardian written consent (Education Code 234.7)

    b. The personnel records of any district employee, personal information of any district employee as defined in Civil Code 1798.3, or any other confidential employee information (Education Code 234.7; Government Code 7285.2)

4. Grant permission to an officer or employee of an agency conducting immigration enforcement to enter a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring (Education Code 234.7; Government Code 7285.1)

However, district staff shall not obstruct, interfere with, or otherwise impede an officer or employee of an agency conducting immigration enforcement who nonetheless enters district-provided transportation, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring.

The Superintendent or designee shall report to the Board in a timely manner any requests by an officer or employee of an agency conducting immigration enforcement for any of the following: (Education Code 234.7)

1. Education records of or any information about a student or a student's family or household

2. Personnel records of any district employee, personal information of any district employee as defined in Civil Code 1798.3, or any other confidential employee information

3. Permission to enter a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring

Such reports shall be provided in a manner that ensures the confidentiality and privacy of any potentially identifying information. (Education Code 234.7)

In accordance with law, Board Policy 0410 - Nondiscrimination in District Programs and Activities, and Board Policy 5145.3 - Nondiscrimination/Harassment, no student shall be denied equal rights and opportunities, nor be subjected to unlawful discrimination, harassment, intimidation, or bullying in the district's programs and activities on the basis of the student's or family's immigration status or for the refusal to provide information related to the student's or family's immigration status. (Education Code 200, 220, 234.1)

Resources and data collected by the district shall not be used, directly or by others, to compile a list, registry, or database of individuals based on national origin, immigration status, religion, or other category of individual characteristics protected against unlawful discrimination. (Government Code 8310.3)

The Superintendent or designee shall provide parents/guardians with information and notifications as specified in Education Code 234.7, including information regarding their children's right to a free public education regardless of immigration status or religious beliefs and their rights related to immigration enforcement.

The Superintendent or designee shall develop procedures for, and may provide training to staff on, interactions with an officer or employee of an agency conducting immigration enforcement, including a request for any of the following:

1. Education records of or any information about a student or a student's family or household
2. Personnel records of any district employee, personal information of any district employee as defined in Civil Code 1798.3, or any other confidential employee information
3. Permission to enter a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring

Complaints alleging discrimination, harassment, intimidation, and bullying based on actual or perceived immigration status shall be filed in accordance with Board Policy/Administrative Regulation 1312.3 - Uniform Complaint Procedures.

The Superintendent or designee shall provide to the California Department of Education, upon request and in the manner requested, copies of this policy, any associated administrative regulation, and any other Board policies and administrative regulations required by Education Code 234.7.

Regulation 1445: Response To Immigration Enforcement **Status:** DRAFT

Original Adopted Date: Pending

Responding to Requests for Information or Documents

Upon receiving any request by an officer or employee of an agency conducting immigration enforcement for information about a student, a student's family or household, or a district employee as described in the accompanying Board policy, district staff shall deny the request, to the extent practicable, unless any of the following apply: (Education Code 234.7; 34 CFR 99.30, 34 CFR 99.31)

1. The request is for student directory information

   District staff shall respond to the request in accordance with Board Policy/Administrative Regulation 5125.1 - Release of Directory Information.

2. The district is required to release the records or information by state or federal law, in order to administer a state or federally supported educational program, or due to a valid judicial subpoena, judicial warrant, or court order

3. For records or information about a student or a student's family or household, the parent/guardian has provided written consent unless prohibited by a valid judicial subpoena, judicial warrant, or court order, or in cases involving investigation of child abuse, neglect, or dependency or, if the student is at least 18 years age, the student has provided written consent

   Such written consent shall include all of the following: (34 CFR 99.30)

   a. The signature and signature date of the parent/guardian, or student if the student is at least 18 years of age

   b. A description of the records to be disclosed

   c. The reason for the release of information

   d. The parties or class of parties receiving the information

   e. A copy of the records to be released, if requested by the parent/guardian or student

4. For records or information about a district employee, the employee has provided written consent and the district's human resource department or equivalent has been consulted

   Such written consent shall include all of the following:

   a. The signature and signature date of the employee

   b. A description of the records to be disclosed

   c. The reason for the release of information

   d. The parties or class of parties receiving the information

   e. A copy of the records to be released, if requested by the employee

Regardless of whether the district discloses the requested records or information, district staff shall do all of the following when such a request has been received:

1. Make a copy of the request and notify the Superintendent or designee

2. For requests regarding student information, provide the student's parent/guardian, or the student, if the

student is at least 18 years of age, with notice, a description of the request, and any documentation provided to the district describing the request, unless prohibited by a valid judicial subpoena, judicial warrant, or court order, or in cases involving investigation of child abuse, neglect, or dependency

3. For requests regarding district employee information, provide the employee with notice, a description of the request, and any documentation provided to the district describing the request, unless prohibited by a valid judicial subpoena, judicial warrant, or court order

In accordance with law and Board Policy 5125 - Student Records, the Superintendent or designee shall annually notify parents/guardians that the district will not release student information to third parties for immigration enforcement purposes, unless the parent/guardian consents or as required to do so by a valid judicial subpoena, judicial warrant or court order.

Responding to Requests for Access to Students or for Access to District-Provided Transportation, Nonpublic Area of District Property or Facility, or Nonpublic Area in which District-Sponsored Activity is Occurring

If an officer or employee of an agency conducting immigration enforcement requests access to a student, such as for purposes of interviewing, searching, or detaining the student, or permission to enter a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring, district staff shall take the following actions:

1. Advise the officer or employee that before district staff can respond to the request, they must first receive notification and direction from the Superintendent, principal, or designee

2. Request to see and record or otherwise document the officer's or employee's valid identification, including the officer's or employee's name and, if applicable, badge number, the phone number of the officer's or employee's supervisor

3. Request that the officer or employee produce any documentation that authorizes the officer's or employee's request, make copies of all such documentation, and retain at least one copy for district records

4. Contact and consult with the district's legal counsel or Superintendent or designee

5. Follow the direction from the district's legal counsel or Superintendent or designee

For a request to access a student, the district shall deny the request unless any of the following apply: (Education Code 234.7)

1. The officer or employee provides a valid judicial warrant or court order

2. District staff receives parent/guardian consent or, if the student is at least 18 years of age, the student's consent, unless the officer or employee presents a valid judicial warrant or court order that authorizes and directs the district to give such permission without parent/guardian consent or, if the student is at least 18 years of age, the student's consent

Regardless of whether the officer or employee is given access to the student, the student's parent/guardian shall be immediately notified, unless prohibited by a valid judicial warrant or court order, or in cases involving investigations of child abuse, neglect, or dependency. (Education Code 48906)

Additionally, district staff shall notify the Superintendent or designee as early as possible of any request by an officer or employee of an agency conducting immigration enforcement for access to a student. (Education Code 234.7)

For a request for permission to enter a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring, the district shall deny the request unless any of the following apply: (Education 234.7)

1. The officer or employee provides a valid judicial warrant or court order

2. Permission is required to be granted by state or federal law or in order to administer a state or federally supported educational program

3. The officer or employee is a sworn law enforcement officer, declares that exigent circumstances exist, and demands immediate access

In this situation, district staff shall comply with the officer's or employee's orders and immediately contact the Superintendent or designee and then the district's legal counsel.

An officer or employee of an agency conducting immigration enforcement who, pursuant to this administrative regulation, is granted permission to enter district property or facilities which are not open to all visitors shall first register in accordance with Board Policy 1250 - Visitors/Outsiders, except in cases where the officer or employee is a sworn law enforcement officer and states that exigent circumstances exist. (Penal Code 627.2, 627.3)

The Superintendent or designee shall email the Bureau of Children's Justice in the California Department of Justice (BCJ@doj.ca.gov) regarding any attempt by a law enforcement officer to access a student or a school site for immigration enforcement purposes.

Responding to Immigration Enforcement Activity on District Property

When any officer or employee of an agency conducting immigration enforcement is actually or imminently present on district property, district staff shall notify staff working at the property and, if the district property is a school, the parents/guardians of students at the school in accordance with Board Policy/Administrative Regulation 0450 - Comprehensive Safety Plan.

District staff shall report the presence of any officer or employee of an agency conducting immigration enforcement on district property to district police and other appropriate administrators.

District staff shall not obstruct, interfere with, or otherwise impede, or attempt to obstruct, interfere with, or otherwise impede, any officer or employee of an agency conducting immigration enforcement, even if the officer or employee appears to be acting outside the law or in excess of the stated or documented authorization. If such an officer or employee enters the premises without consent, district staff shall document their actions but only to the extent that documentation does not impede their actions and shall, at all times, obey any direction from such officers or employees.

After all officers and employees of an agency conducting immigration enforcement leave, each district staff member who observed or interacted with them shall promptly provide the following to the district's legal counsel or other district official designated by the Superintendent:

1. Copies of any information and documents collected from the officers or employees such as valid identification, name, badge number, phone number of the officer's or employee's supervisor, and documentation that authorizes the officer's or employee's request
2. The identity of all other district staff known to have communicated with the officers or employee
3. A description of all requests and activities by the officers and employees
4. The type of documentation, such as a warrant or subpoena, that authorized the officer's or employee's request or actions
5. District staff's response to the officer's or employee's request
6. Written notes of any other actions taken by and any other interactions with any officer or employee

Responding to the Detention or Deportation of Student's Parent/Guardian

The Superintendent or designee shall encourage parents/guardians to update their emergency contact information as needed at any time. The Superintendent or designee shall notify parents/guardians that the district will only use

information provided on the emergency cards in response to specific emergency situations and not for any other purpose. (Education Code 234.7)

Additionally, the Superintendent or designee may encourage all students and families to learn their emergency phone numbers and be aware of the location of important documentation, including birth certificates, passports, social security cards, physicians' contact information, medication lists, lists of allergies, and other such information that would allow the students and families to be prepared in the event that a student's parent/guardian is detained or deported.

In the event that a student's parent/guardian is detained or deported, the Superintendent or designee shall release the student to the person(s) designated in the student's emergency contact information or to any individual who presents a caregiver's authorization affidavit on behalf of the student. The Superintendent or designee shall only contact child protective services if district personnel are unable to arrange for the timely care of the student by the person(s) designated in the emergency contact information maintained by the school or identified on a caregiver's authorization affidavit. (Education Code 234.7)

In an instance where a student's parent/guardian was detained or deported, the Superintendent or designee shall notify the student, as well as the individuals designated in the student's emergency contact information and any individual who presented a caregiver's authorization affidavit on behalf of the student, that the student continues to meet the residency requirements for attendance in the district if the student and the student's parent/guardian who was detained or deported satisfy the conditions as specified in Education Code 48204.4.

The Superintendent or designee may refer a student or the student's family members to other resources for assistance, including, but not limited to, an U.S. Immigrant and Customs Enforcement detainee locator, legal assistance, or the consulate or embassy of the parent/guardian's country of origin.

Policy 5125: Student Records

Status: DRAFT

Original Adopted Date: 10/22/2018 **| Last Revised Date:** 09/11/2025

The Governing Board recognizes the importance of keeping accurate, comprehensive student records as required by law. The Superintendent or designee shall establish administrative regulations governing the identification, collection, retention, disclosure, and security of student records. These regulations shall ensure the rights of authorized persons to have timely access to student records while maintaining the confidentiality of student records in accordance with state and federal law.

The Superintendent or designee shall designate a certificated employee to serve as custodian of records with responsibility for student records at the district level. At each school, the principal or a certificated employee shall be designated as custodian of records for students enrolled at that school. The custodian of records shall be responsible for implementing Board policy and administrative regulation regarding student records. (5 CCR 431)

If student records containing covered information which is not subject to the California Consumer Privacy Act are under the control of the operator of a website, online service or application, or mobile application, and the student's parent/guardian or the student, if 18 years of age or older, requests deletion of such records, the Superintendent or designee shall provide documentation to the operator that the student has not been enrolled in the district for at least 60 days. (Business and Professions Code 22584)

All appropriate personnel shall receive training regarding district policies and procedures for gathering and handling sensitive student information, including which information should not be solicited.

The district shall not collect or solicit social security numbers or the last four digits of social security numbers of students or their parents/guardians, unless otherwise required to do so by state or federal law. (Education Code 49076.7)

The immigration or citizenship status of a student or a student's family member may only be collected and disclosed in accordance with Board Policy/Administrative Regulation 1445 - Response to Immigration Enforcement.

The district or any district employee shall not compile a list, registry, or database based on students' national origin, ethnicity, or religious belief, practice, or affiliation, or disclose student information to federal government authorities for the purpose of compiling such a list, registry, or database for purposes of immigration enforcement. This prohibition does not apply to information that is aggregated and is not personally identifiable. (Government Code 8310.3)

The Superintendent or designee shall develop protocols to comply with a court's restraining order that prohibits a party from accessing specified records and information pertaining to a student. (Family Code 6323.5)

Student Records from Social Media

The Superintendent or designee may gather and maintain information from the social media of any district student, provided that the district first notifies students and parents/guardians about the proposed program, offers an opportunity for public comment at a regularly scheduled Board meeting, and gathers only information that directly pertains to school safety or student safety. (Education Code 49073.6)

Retention, Disclosure, and Security of Student Records

The Superintendent or designee shall ensure the confidentiality of student records as required by law and shall establish processes and procedures to safeguard data against damage, loss, or theft, including damage, loss, or theft which may be caused by the use of technology, including artificial intelligence and breaches to the district's digital infrastructure, in the retention or disclosure of student records.

The Superintendent or designee shall ensure that employees receive information and training about cybersecurity,

including ways to protect student records from breaches to the district's digital infrastructure.

If the district experiences a cyberattack that impacts more than 500 students or personnel, the Superintendent or designee shall report the cyberattack to the California Cybersecurity Integration Center. (Education Code 35266)

The Superintendent or designee may enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or to authorize a third party provider of digital software to access, store, and use student records, provided that the contract meets the requirements of Education Code 49073.1 and other applicable state and federal laws

Regulation 5125: Student Records

Status: DRAFT

Original Adopted Date: 10/22/2018 **| Last Revised Date:** 09/11/2025

Definitions

Access means a personal inspection and review of a record or an accurate copy of a record, or receipt of an accurate copy of a record or an oral description or communication of a record, and a request to release a copy of any record. (Education Code 49061)

Adult student is a person who is or was enrolled in the district and who is at least 18 years of age. (5 CCR 430)

Attendance includes, but is not limited to, attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunication technologies for students who are not physically present in the classroom, and the period during which a person is working under a work-study program. (34 CFR 99.3)

Contractor or consultant is anyone with a formal written agreement or contract with the district regarding the provision of services or functions outsourced by the district. Contractor or consultant shall not include a volunteer or other party. (Education Code 49076)

County placing agency means the county social service department or county probation department. (Education Code 49061)

Custodian of records is the employee responsible for the security of student records maintained by the district and for devising procedures for assuring that access to such records is limited to authorized persons. (5 CCR 433)

Disclosure means to permit access to, or the release, transfer, or other communication of, personally identifiable information contained in student records to any party, except the party that provided or created the record, by any means including oral, written, or electronic. (34 CFR 99.3)

District officials and employees are officials or employees, including teachers, whose duties and responsibilities to the district, whether routine or as a result of special circumstances, require access to student records. (34 CFR 99.31)

Legitimate educational interest is an interest held by any district official, employee, contractor, or consultant whose official duties, responsibilities, or contractual obligations to the district, whether routine or as a result of special circumstances, require access to information contained in student records.

Mandatory interim student records are those records which the district is directed to compile and maintain for specified periods of time and are then destroyed in accordance with state law, regulation, or administrative directive. (5 CCR 430)

Mandatory permanent student records are those records which are maintained in perpetuity and which the district has been directed to compile by state law, regulation, or administrative directive. (5 CCR 430)

Parent/guardian means a natural parent, an adopted parent, legal guardian, surrogate parent, or foster parent. (Education Code 49061, 56050, 56055)

Permitted student records are those records having clear importance only to the current educational process of the student. (5 CCR 430)

Personally identifiable information includes, but is not limited to: (34 CFR 99.3)

1. The student's name
2. The name of the student's parent/guardian or other family members
3. The address of the student or student's family

4. A personal identifier, such as the student's social security number, student number, or biometric record (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting)

5. Other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name

6. Other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty

7. Information requested by a person who the district reasonably believes knows the identity of the student to whom the student record relates

Student means any individual who is or has been in attendance at the district and regarding whom the district maintains student records. (34 CFR 99.3)

Student records are any items of information (in handwriting, print, tape, film, computer, or other medium) gathered within or outside the district that are directly related to an identifiable student and maintained by the district, required to be maintained by an employee in the performance of the employee's duties, or maintained by a party acting for the district. Any information maintained for the purpose of second-party review is considered a student record. Student records include the student's health record. (Education Code 49061, 49062; 5 CCR 430; 34 CFR 99.3)

Student records do not include: (Education Code 49061, 49062; 34 CFR 99.3)

1. Directory information

2. Informal notes compiled by a district official or employee which remain in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to any other person except a substitute employee

3. Records of the law enforcement unit of the district, as specified in 34 CFR 99.8

4. Records created or received by the district after an individual is no longer a student and that are not directly related to the individual's attendance as a student

5. Grades on peer-graded papers before they are collected and recorded by a teacher

Persons Granted Absolute Access

In accordance with law, absolute access to any student records shall be granted to:

1. Parents/guardians of students younger than 18 years of age, including the parent who is not the student's custodial parent (Education Code 49069.7; Family Code 3025)

   However, the district shall not disclose student records to a party, including a parent/guardian, who is legally prohibited from accessing records and information of a student pursuant to a restraining order. (Family Code 6323.5)

2. An adult student, or a student under 18 years of age, who attends a postsecondary institution, in which case the student alone shall exercise rights related to the student's records and grant consent for the release of records (34 CFR 99.3, 99.5)

3. Parents/guardians of an adult student with exceptional needs who is 18 years of age or older and has been declared incompetent under state law (Education Code 56041.5)

Access for Limited Purpose/Legitimate Educational Interest

The following persons or agencies shall have access to those particular records that are relevant to their legitimate

educational interest or other legally authorized purpose:

1. Parents/guardians of a student 18 years of age or older who is a dependent child as defined in 26 USC 152 (Education Code 49076; 34 CFR 99.31)

2. Students who are 16 years of age or older or who have completed the 10th grade (Education Code 49076)

3. District officials and employees, consistent with the definition provided in "Definitions," above (Education Code 49076; 34 CFR 99.31)

4. Members of a school attendance review board (SARB) appointed pursuant to Education Code 48321 who are authorized representatives of the district and any volunteer aide 18 years of age or older who has been investigated, selected, and trained by the SARB to provide follow-up services to a referred student (Education Code 49076)

5. Officials and employees of other districts, school systems, or postsecondary institutions where the student intends or is directed to enroll, including local, county, or state correctional facilities where educational programs leading to high school graduation are provided, or where the student is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer (Education Code 49076; 34 CFR 99.31)

   Unless the annual parent/guardian notification issued pursuant to Education Code 48980 includes a statement that the district may disclose students' personally identifiable information to officials of another district, school system, or postsecondary institution where the student seeks or intends to enroll, the Superintendent or designee shall, when such a disclosure is made, make a reasonable attempt to notify the parent/guardian or adult student at the last known address, provide a copy of the record that is disclosed, and give the parent/guardian or adult student an opportunity for a hearing to challenge the record. (34 CFR 99.34)

6. The Student Aid Commission, to provide the grade point average (GPA) of all district students in grade 12 and, when required, verification of high school graduation or its equivalent of all students who graduated in the prior academic year, for use in the Cal Grant postsecondary financial aid program

   However, such information shall not be submitted when students opt out or are permitted by the rules of the Student Aid Commission to provide test scores in lieu of the GPA. (Education Code 69432.9, 69432.92)

   No later than January 1 each year, the Superintendent or designee shall notify each student in grade 11, and the student's parents/guardians if the student is under 18 years of age, that the student's GPA will be forwarded to the Student Aid Commission by October 1, unless the student opts out within a period of time specified in the notice, which shall not be less than 30 days. (Education Code 69432.9)

   Students' social security numbers shall not be included in the submitted information unless the Student Aid Commission deems it necessary to complete the financial aid application and the Superintendent or designee obtains permission from the student's parent/guardian, or from the adult student, to submit the social security number. (Education Code 69432.9)

7. The California College Guidance Initiative (CCGI) in accordance with a data sharing agreement pursuant to Education Code 60900, to provide data for use when planning for and applying to California public colleges and universities (Education Code 60900, 60900.5)

8. Federal, state, and local officials, as needed for an audit or evaluation of, or compliance with, a state or federally funded education program and in accordance with a written agreement developed pursuant to 34 CFR 99.35 (Education Code 49076; 34 CFR 99.3, 99.31, 99.35)

9. Any county placing agency acting as an authorized representative of a state or local educational agency which is required to audit or evaluate a state or federally supported education program pursuant to Item #8 above (Education Code 49076)

10. Any person, agency, or organization authorized in compliance with a court order or lawfully issued subpoena (Education Code 49077; 5 CCR 435; 34 CFR 99.31)

Unless otherwise instructed by the court, the Superintendent or designee shall, prior to disclosing a record pursuant to a court order or subpoena, give the parent/guardian or adult student at least three days' notice of the name of the requesting agency and the specific record requested, if lawfully possible within the requirements of the judicial order. (Education Code 49077; 5 CCR 435; 34 CFR 99.31)

11. Any district attorney who is participating in or conducting a truancy mediation program or participating in the presentation of evidence in a truancy petition (Education Code 49076)

12. A district attorney's office for consideration against a parent/guardian for failure to comply with compulsory education laws (Education Code 49076)

13. Any probation officer, district attorney, or counsel of record for a student who is a minor for the purposes of conducting a criminal investigation or an investigation in regards to declaring the minor a ward of the court or involving a violation of a condition of probation, subject to evidentiary rules specified in Welfare and Institutions Code 701 (Education Code 49076)

    When disclosing records for these purposes, the Superintendent or designee shall obtain written certification from the recipient of the records that the information will not be disclosed to another party without prior written consent of the student's parent/guardian or the holder of the student's educational rights, unless specifically authorized by state or federal law. (Education Code 49076)

14. Any judge or probation officer for the purpose of conducting a truancy mediation program for a student or for the purpose of presenting evidence in a truancy petition pursuant to Welfare and Institutions Code 681 (Education Code 49076)

    In such cases, the judge or probation officer shall certify in writing to the Superintendent or designee that the information will be used only for truancy purposes. Upon releasing student information to a judge or probation officer, the Superintendent or designee shall inform, or provide written notification to, the student's parent/guardian within 24 hours. (Education Code 49076)

15. A foster family agency with jurisdiction over a currently enrolled or former student; short-term residential treatment program staff responsible for the education or case management of a student; or a caregiver who has direct responsibility for the care of a student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, as defined (Education Code 49076)

    Such individuals shall have access to the student's current or most recent records of grades, transcripts, attendance, discipline, online communication on platforms established by the district for students and parents/guardians, and any individualized education program or Section 504 plan developed and maintained by the district. (Education Code 49069.3)

16. A student 14 years of age or older who is an unaccompanied minor experiencing homelessness as defined in 42 USC 11434a (Education Code 49076)

17. An individual who completes items #1-4 of the Caregiver's Authorization Affidavit pursuant to Family Code 6552 and signs the affidavit for the purpose of enrolling a minor in school (Education Code 49076)

18. A caseworker or other representative of a state or local child welfare agency or tribal organization that has legal responsibility in accordance with state or tribal law for the care and protection of a student, provided that the individual is authorized by the agency or organization to receive the records and the information requested is directly related to providing assistance to address the student's educational needs (Education Code 49076; 20 USC 1232g)

19. Appropriate law enforcement authorities, in circumstances where Education Code 48902 requires that the district provide special education and disciplinary records of a student with exceptional needs who is suspended or expelled for committing an act violating Penal Code 245 (Education Code 48902, 49076)

    When disclosing such records, the Superintendent or designee shall obtain written certification by the recipient of the records as described in Item #13 above. (Education Code 49076)

20. Designated peace officers or law enforcement agencies in cases where the district is authorized by law to assist law enforcement in investigations of suspected criminal conduct or kidnapping and a written consent by

a parent/guardian, lawfully issued subpoena, or court order is submitted to the district, or information is provided to it indicating that an emergency exists in which the student's information is necessary to protect the health or safety of the student or other individuals (Education Code 49076.5)

In such cases, the Superintendent or designee shall provide information about the identity and location of the student as it relates to the transfer of that student's records to another district in California or any other state or to a California private school. (Education Code 49076.5)

When disclosing records for the above purposes, the Superintendent or designee shall obtain the necessary documentation to verify that the person, agency, or organization is a person, agency, or organization that is permitted to receive such records.

Any person, agency, or organization granted access is prohibited from releasing information to another person, agency, or organization without written permission from the parent/guardian or adult student unless specifically allowed by state law or the federal Family Educational Rights and Privacy Act (FERPA). (Education Code 49076; 20 USC 1232g; 34 CFR 99.1-99.8)

Additionally, the parent/guardian or adult student may provide written consent for access to be granted to persons, agencies, or organizations not afforded access rights by law. The written consent shall specify the records to be released and the party or parties to whom they may be released. (Education Code 49061, 49075)

Only a parent/guardian having legal custody of the student may consent to the release of records to others. Either parent/guardian may grant consent if both parents/guardians notify the district, in writing, that such an agreement has been made. (Education Code 49061)

Discretionary Access

At the discretion of the Superintendent or designee, information may be released from a student's records to the following:

1. Appropriate persons, including parents/guardians of a student, in connection with an emergency if the knowledge of the information is necessary to protect the health or safety of the student or other persons (Education Code 49076; 34 CFR 99.31, 99.32, 99.36)

   When releasing information to any such appropriate person, the Superintendent or designee shall record information about the threat to the health or safety of the student or any other person that formed the basis for the disclosure and the person(s) to whom the disclosure was made. (Education Code 49076; 34 CFR 99.32)

   Unless it would further endanger the health or safety of the student or other persons, the Superintendent or designee shall inform the parent/guardian or adult student within one week of the disclosure that the disclosure was made, of the articulable and significant threat to the health or safety of the student or other individuals that formed the basis for the disclosure, and of the parties to whom the disclosure was made.

2. Accrediting associations in order to carry out their accrediting functions (Education Code 49076; 34 CFR 99.31)

3. Organizations conducting studies on behalf of educational institutions or agencies for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction, provided that: (Education Code 49076; 34 CFR 99.31)

   a. The study is conducted in a manner that does not permit personal identification of students or parents/guardians by individuals other than representatives of the organization who have legitimate interests in the information

   b. The information is destroyed when no longer needed for the purposes for which the study is conducted

   c. c.The district enters into a written agreement with the organization that complies with 34 CFR 99.31

4. Officials and employees of other districts, private schools, or school systems where the student is enrolled or intends to enroll, subject to the rights of parents/guardians as provided in Education Code 49068 and in compliance with 34 CFR 99.34 (Education Code 49076; 34 CFR 99.31, 99.34)

5. Local health departments operating countywide or regional immunization information and reminder systems and the California Department of Public Health, unless the parent/guardian has requested that no disclosures of this type be made (Health and Safety Code 120440)

6. Contractors and consultants having a legitimate educational interest based on services or functions which have been outsourced to them through a formal written agreement or contract with the district, excluding volunteers or other parties (Education Code 49076)

7. Agencies or organizations in connection with the student's application for or receipt of financial aid, provided that information permitting the personal identification of a student or the student's parents/guardians for these purposes is disclosed only as may be necessary to determine the eligibility of the student for financial aid, determine the amount of financial aid, determine the conditions which will be imposed regarding the financial aid, or enforce the terms or conditions of the financial aid (Education Code 49076; 34 CFR 99.31)

8. County elections officials for the purpose of identifying students eligible to register to vote or offering such students an opportunity to register, subject to the limits set by 34 CFR 99.37 and under the condition that any information provided on this basis shall not be used for any other purpose or transferred to any other person or agency (Education Code 49076; 34 CFR 99.37)

When disclosing records for the above purposes, the Superintendent or designee shall obtain the necessary documentation to verify that the person, agency, or organization is a person, agency, or organization that is permitted to receive such records.

Any person, agency, or organization granted access is prohibited from releasing information to another person, agency, or organization without written permission from the parent/guardian or adult student unless specifically allowed by state law or FERPA. (Education Code 49076; 20 USC 1232g; 34 CFR 99.1-99.8)

Persons Generally Denied Access

A request for student records by an officer or employee of an agency conducting immigration enforcement shall be denied except in accordance with Board Policy/Administrative Regulation 1445 - Response to Immigration Enforcement.

De-identification of Records

When authorized by law for any program audit, educational research, or other purpose, the Superintendent or designee may release information from a student record without prior consent of the parent/guardian or adult student after the removal of all personally identifiable information. Prior to releasing such information, the Superintendent or designee shall make a reasonable determination that the student's identity is not personally identifiable, whether through single or multiple releases and taking into account other reasonably available information. (Education Code 49074, 49076; 20 USC 1232g; 34 CFR 99.31)

Process for Providing Access to Records

Student records shall be maintained in a central file at the school attended by the student or, when records are maintained at different locations, a notation shall be placed in the central file indicating where other records may be found. Parents/guardians and adult students shall be notified of the location of student records if not centrally located. (Education Code 49069.7; 5 CCR 433)

The custodian of records shall be responsible for the security of student records and shall ensure that access is limited to authorized persons. (5 CCR 433)

The custodian of records shall develop reasonable methods, including physical, technological, and administrative policy controls, to ensure that district officials and employees obtain access to only those student records in which they have legitimate educational interests. (Education Code 49076; 5 CCR 431; 34 CFR 99.31)

To inspect, review, or obtain copies of student records, authorized persons shall submit a request to the custodian of

records. Prior to granting the request, the custodian of records shall authenticate the individual's identity. For any individual granted access based on a legitimate educational interest, the request shall specify the interest involved.

Within five business days following the date of request, the authorized person shall be granted access to inspect, review, and obtain copies of student records during regular school hours. (Education Code 49069.7; 5 CCR 431)

When required by law, a student's parent/guardian or an adult student shall provide written, signed, and dated consent before the district discloses the student record. Such consent may be given through electronic means in those cases where it can be authenticated. The district's consent form shall specify the records that may be disclosed, state the purpose of the disclosure, and identify the party or class of parties to whom the disclosure may be made. Upon request by the parent/guardian or adult student, the district shall provide a copy of the records disclosed. (34 CFR 99.30)

If the parent/guardian or adult student refuses to provide written consent for the release of student information, the Superintendent or designee shall not release the information, unless it is otherwise subject to release based on a court order or a lawful subpoena.

Qualified certificated personnel shall be available to interpret records when requested. (Education Code 49069.7)

The custodian of records or the Superintendent or designee shall prevent the alteration, damage, or loss of records during inspection. (5 CCR 435)

Access Log

A log shall be maintained for each student's record which lists all persons, agencies, or organizations requesting or receiving information from the record and the legitimate educational interest of the requester. (Education Code 49064)

In every instance of inspection by persons who do not have assigned educational responsibility, the custodian of records shall make an entry in the log indicating the record inspected, the name of the person granted access, the reason access was granted, and the time and circumstances of inspection. (5 CCR 435)

Additionally, the custodian of records shall make an entry in the log regarding any request for record(s) that was denied and the reason for the denial.

The log need not include requests for access to records by: (Education Code 49064)

1. Parents/guardians or adult students
2. Students who are 16 years of age or older or who have completed the 10th grade
3. Parties obtaining district-approved directory information
4. Parties who have received written consent by a parent/guardian and have provided it to the district, in which case the consent notice shall be filed with the record pursuant to Education Code 49075
5. District officials and employees who have a legitimate educational interest

The log shall be open to inspection only by the parent/guardian, adult student, dependent adult student, custodian of records, and certain state or federal officials specified in Education Code 49064. (Education Code 49064; 5 CCR 432)

Duplication of Student Records

To provide copies of any student record, the district may charge a reasonable fee not to exceed the actual cost of providing the copies. No charge shall be made for providing up to two transcripts or up to two verifications of

various records for any former student. No charge shall be made to locate or retrieve any student record. (Education Code 49065)

Changes to Student Records

Only a parent/guardian having legal custody of a student or a student who is 18 years of age or is attending an institution of postsecondary education may challenge the content of a record or offer a written response to a record. (Education Code 49061)

No addition or change shall be made to a student's record after high school graduation or permanent departure, other than routine updating, unless required by law or with prior consent of the parent/guardian or adult student. (Education Code 49070; 5 CCR 437)

Any request to change a student's legal name in the student's mandatory permanent student record shall be accompanied with appropriate documentation.

Any challenge to the content of a student's record shall be filed in accordance with Education Code 49070 and the process specified in Administrative Regulation 5125.3 - Challenging Student Records.

Retention and Destruction of Student Records

All anecdotal information and assessment reports maintained as student records shall be dated and signed by the individual who originated the data. (5 CCR 431)

The following mandatory permanent student records shall be kept indefinitely: (5 CCR 432, 437)

1. Legal name of student
2. Date and place of birth and method of verifying birth date
3. Sex of student
4. Name and address of parent/guardian of minor student
    a. Address of minor student if different from the above
    b. Annual verification of parent/guardian's name and address and student's residence
5. Entrance and departure dates of each school year and for any summer session or other extra session
6. Subjects taken during each year, half-year, summer session, or quarter, and marks or credits given towards graduation
7. Verification of or exemption from required immunizations
8. Date of high school graduation or equivalent

Mandatory interim student records, unless forwarded to another district, shall be maintained subject to destruction during the third school year after the school year in which they originated, following a determination that their usefulness has ceased or the student has left the district. These records include: (Education Code 48918, 51747; 5 CCR 432, 437, 16027)

1. Expulsion orders and the causes therefor
2. A log identifying persons or organizations who request or receive information from the student record
3. Health information, including verification or waiver of the health screening for school entry
4. Information on participation in special education programs, including required tests, case studies, authorizations, and actions necessary to establish eligibility for admission or discharge

5. Language training records
6. Progress slips/notices required by Education Code 49066 and 49067
7. Parent/guardian restrictions/stipulations regarding access to directory information
8. Parent/guardian or adult student rejoinders to challenged records and to disciplinary action
9. Parent/guardian authorization or prohibition of student participation in specific programs
10. Results of standardized tests administered within the past three years
11. Written findings resulting from an evaluation conducted after a specified number of missed assignments to determine whether it is in a student's best interest to remain in independent study

Permitted student records may be destroyed six months after the student completes or withdraws from the educational program and their usefulness ceases, including: (5 CCR 432, 437)

1. Objective counselor and/or teacher ratings
2. Standardized test results older than three years
3. Routine discipline data
4. Verified reports of relevant behavioral patterns
5. All disciplinary notices
6. Supplementary attendance records

Records shall be destroyed in a way that assures they will not be available to possible public inspection in the process of destruction. (5 CCR 437)

Transfer of Student Records

When a student transfers into the district from any other district, a private school, or school system, the Superintendent or designee shall inform the student's parent/guardian of rights regarding student records, including a parent/guardian's right to review, challenge, and receive a copy of student records. (Education Code 49068; 5 CCR 438)

When a student transfers into this district from another district, the Superintendent or designee shall request that the student's previous district provide any records, either maintained by that district in the ordinary course of business or received from a law enforcement agency, regarding acts committed by the transferring student that resulted in the student's suspension or expulsion. (Education Code 48201)

When a student transfers from this district to another school district or to a private school, the Superintendent or designee shall forward a copy of the student's mandatory permanent record within 10 school days of the district's receipt of the request for the student's records. The original record or a copy shall be retained permanently by this district. If the transfer is to another California public school, the student's entire mandatory interim record shall also be forwarded. If the transfer is out of state or to a private school, the mandatory interim record may be forwarded. Permitted student records may be forwarded to any other district or private school. (Education Code 48918, 49068; 5 CCR 438)

Upon receiving a request from a county placing agency to transfer a student in foster care out of a district school, the Superintendent or designee shall transfer the student's records to the next educational placement within two business days. (Education Code 49069.5)

Additionally, when a student in foster care is enrolling in a district school, the district's liaison for foster youth shall contact, within two business days of the student's request for enrollment, the school last attended by the student to obtain all academic and other records. (Education Code 48853.5)

All student records shall be updated before they are transferred. (5 CCR 438)

Student records shall not be withheld from the requesting district because of any charges or fees owed by the student or parent/guardian. (5 CCR 438)

If the district is withholding grades, diploma, or transcripts from the student because of damage or loss of district property, this information shall be sent to the requesting district along with the student's records.

Notification of Parents/Guardians

Upon any student's initial enrollment, and at the beginning of each school year thereafter, the Superintendent or designee shall notify parents/guardians and eligible students, in writing, of their rights related to student records. If 15 percent or more of the students enrolled in the district speak a single primary language other than English, then the district shall provide these notices in that language. Otherwise, the district shall provide these notices in the student's home language insofar as practicable. The district shall effectively notify parents/guardians or eligible students with exceptional needs. (Education Code 48985, 49063; 5 CCR 431; 34 CFR 99.7)

The notice shall include: (Education Code 49063, 60900.5; 34 CFR 99.7, 99.34)

1. The types of student records kept by the district and the information contained therein
2. The title(s) of the official(s) responsible for maintaining each type of record
3. The location of the log identifying those who request information from the records
4. District criteria for defining district officials and employees and for determining legitimate educational interest
5. District policies for reviewing and expunging student records
6. The right to inspect and review student records and the procedures for doing so
7. The right to challenge and the procedures for challenging the content of a student record that the parent/guardian or student believes to be inaccurate, misleading, or otherwise in violation of the student's privacy rights
8. The cost, if any, charged for duplicating copies of records
9. The categories of information defined as directory information pursuant to Education Code 49073
10. The right to consent to disclosures of personally identifiable information contained in the student's records except when disclosure without consent is authorized by law
11. Availability of the curriculum prospectus developed pursuant to Education Code 49091.14 containing the titles, descriptions, and instructional aims of every course offered by the school
12. 12.The sharing with CCGI of specified district data and data collected by the California Department of Education for the purposes of college admissions, academic placement, and eligibility for student financial aid (Education Code 60900)
13. Any other rights and requirements set forth in Education Code 49060-49085, and the right of parents/guardians to file a complaint with the U.S. Department of Education concerning an alleged failure by the district to comply with 20 USC 1232g
14. A statement that the district forwards education records to other agencies or institutions that request the records and in which the student seeks or intends to enroll or is already enrolled as long as the disclosure is for purposes related to the student's enrollment

Additionally, the annual parent/guardian notification shall include a statement that a student's citizenship status, immigration status, place of birth, or any other information indicating national origin will only be released in

accordance with Board Policy/Administrative Regulation 1445 - Response to Immigration Enforcement.

Student Records from Social Media

For the purpose of gathering and maintaining records of students' social media activity, the Superintendent or designee shall: (Education Code 49073.6)

1. Gather or maintain only information that pertains directly to school safety or student safety

2. Provide a student with access to any information that the district obtained from the student's social media activity and an opportunity to correct or delete such information

3. Destroy information gathered from social media and maintained in student records within one year after a student turns 18 years of age or within one year after the student is no longer enrolled in the district, whichever occurs first

4. Notify each parent/guardian that the student's information is being gathered from social media and that any information maintained in the student's records shall be destroyed as provided in Item #3 above

   Additionally, the notification shall include, but is not limited to, an explanation of the process by which a student or the student's parent/guardian may access the student's records for examination of the information gathered or maintained and the process by which removal of the information may be requested or corrections to the information may be made. The notification may be provided as part of the annual parent/guardian notification required pursuant to Education Code 48980.

5. If the district contracts with a third party to gather information on a student from social media, ensure that the contract:

   a. Prohibits the third party from using the information for purposes other than those specified in the contract or from selling or sharing the information with any person or entity other than the district, the student, or the student's parent/guardian

   b. Requires the third party to destroy the information immediately upon satisfying the terms of the contract, or when the district notifies the third party that the student has turned 18 years of age or is no longer enrolled in the district, whichever occurs first

Updating Name and/or Gender of Former Students

When a former student submits a state-issued driver's license, birth certificate, passport, social security card, court order, or other government-issued documentation demonstrating that the former student's legal name and/or gender has changed, the district shall update the former student's records to include the updated legal name and/or gender. Upon request by the former student, the district shall reissue any documents conferred upon the former student, including, but not limited to, a transcript, a high school diploma, a high school equivalency certificate, or other similar documents. (Education Code 49062.5)

If the former student's name or gender is changed and the requested records are reissued, a new document shall be added to the former student's file that includes all of the following information: (Education Code 49062.5)

1. The date of the request

2. The date the requested records were reissued to the former student

3. A list of the records that were requested by and reissued to the former student

4. The type of documentation, if any, provided by the former student to demonstrate a legal change to the student's name and/or gender

5. The name of the employee who completed the request

6. The current and former names and/or genders of the student

Any former student who submits a request to change the legal name and/or gender on the student's records but is unable to provide any government-issued documentation demonstrating the legal name or gender change, may request a name or gender change through the process described in Education Code 49070 and Administrative Regulation 5125.3 - Challenging Student Records. (Education Code 49062.5)

Policy 5125.1: Release Of Directory Information

Status: DRAFT

Original Adopted Date: 12/07/2005 | **Last Revised Date:** 10/09/2025

The Governing Board recognizes the importance of maintaining the confidentiality of directory information and therefore authorizes the release of such information, including to news media or nonprofit organizations, in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee may limit or deny the release of specific categories of directory information to any public or private nonprofit organization based on a determination of the best interests of district students. (Education Code 49073)

A student's directory information shall only be included in the minutes of the Board's meeting in accordance with Board Bylaw 9324 - Minutes and Recordings.

Colleges and prospective employers, including military recruiters, shall have access to a student's name, address, email address, and telephone number, unless the student's parent/guardian, or the student, if the student is 18 years of age or older, has requested that such information not be released. (10 USC 503, 20 USC 7908)

Under no circumstances shall directory information be disclosed to a private profit-making entity, except for representatives of the news media and employers, including prospective employers, in accordance with law, Board policy, and administrative regulation. Private schools and colleges may be given the names and addresses of 12th-grade students and students who are no longer enrolled, provided that they use this information only for purposes directly related to the institution's academic or professional goals. (Education Code 49073

Policy Reference Disclaimer: These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the Governing Board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

Regulation 5125.1: Release Of Directory Information

Status: DRAFT

Original Adopted Date: 10/22/2018 **| Last Revised Date:** 10/09/2025

Definition

Directory information means information contained in a student record that would not generally be considered harmful or an invasion of privacy if disclosed. Such student information includes: (Education Code 49061; 20 USC 1232g; 34 CFR 99.3)

1. Name
2. Address
3. Telephone number
4. Email address
5. Date of birth
6. Major field of study
7. Participation record in officially recognized activities and sports
8. Weight and height of athletic team members
9. Dates of attendance
10. Degrees and awards received
11. Most recent previous school attended

Directory information does not include a student's social security number or student identification number. However, for purposes of accessing or communicating in electronic systems, directory information may include a student identification number, user identification, or other personal identifier used by the student provided that the identifier cannot be used to gain access to education records except when used in conjunction with a personal identification number, password, or other factor known or possessed only by the authorized user. (34 CFR 99.3)

Directory information does not include the citizenship status, immigration status, place of birth, or any other information indicating national origin of a student or the student's family member.

Notification to Parents/Guardians

At the beginning of each school year, all parents/guardians shall be notified as to the categories of directory information the district plans to release and the recipients of the information. Additionally, the notification shall inform parents/guardians of their right to refuse to let the district designate any or all types of information about their student as directory information, how to refuse release of directory information about their student, and the period of time within which a parent/guardian must notify the district in writing that the parent/guardian does not want a certain category of information about their student designated as directory information. (Education Code 49063, 49073; 20 USC 1232g; 34 CFR 99.37)

In addition, the annual parent/guardian notification shall include a statement that directory information does not include citizenship status, immigration status, place of birth, or any other information indicating national origin and that the district will not release such information without parent/guardian consent or a court order.

The Superintendent or designee shall notify parents/guardians that they may request that the district not release the

name, address, email address, and telephone number of their child to military recruiters, employers, or institutions of higher education without prior written consent. (10 USC 503, 20 USC 7908)

Parent/Guardian Consent

A student's directory information shall not be released if the student's parent/guardian has notified the district in writing that such information shall not be disclosed. (Education Code 49073; 20 USC 1232g, 7908)

The directory information of a student identified as a student experiencing homelessness shall not be released, unless the student's parent/guardian, or the student if 18 years of age or older, has provided written consent that directory information may be released. However, the directory information of a student experiencing homelessness may be disclosed for the purpose of facilitating an eye examination by a nonprofit eye examination provider or a free oral health assessment hosted by a district school, unless the student's parent/guardian, or student accorded parental rights, has provided written notice to the school that consent to such exam(s) is not given. (Education Code 49073; 20 USC 1232g, 7908; 42 USC 11434a)

For a former student, the district shall continue to honor any valid request to opt out of the disclosure of directory information made while the student was in attendance at the district, unless the opt-out request has been rescinded. (34 CFR 99.37)

Exhibit 5125.1-E(1): Release Of Directory Information **Status:** DRAFT

Original Adopted Date: 10/09/2025

PARENT/GUARDIAN NOTICE
RELEASE OF DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that _____(district name), with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the district may disclose appropriately designated "directory information" without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the district to include information from your child's education records in certain school and/or district publications. Examples include:

- a playbill, showing your child's role in a drama production
- the annual yearbook
- honor roll or other recognition lists
- graduation programs
- sports activity sheets, such as for wrestling, showing weight and height of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent/guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. Additionally, two federal laws require districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA), as amended, to provide military recruiters, upon request, with students' names, addresses, and telephone listings, unless parents/guardians have advised the district that they do not want their child's information disclosed without their prior written consent.

If you do not want the district to disclose any or all of the information designated below as directory information from your child's education records without your prior written consent, you must notify the district in writing by _____(insert date). Notifying the district by this date is the only way to prevent the release of directory information. The district has designated the following information as directory information:

1. Student's name
2. Address
3. Telephone number
4. Email address
5. Date of birth
6. Major field of study
7. Participation in officially recognized activities and sports
8. Weight and height of athletic team members
9. Dates of attendance
10. Degrees and awards received
11. Most recent previous school attended

Additionally, the district may disclose your child's student identification number, user identification, or other unique personal identifier used to communicate in electronic systems, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user.

In addition, the district may disclose a student identification number or other unique personal identifier that is displayed on a student identification badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

The district may not disclose a student's Social Security number. Directory information does not include your child's citizenship status, immigration status, place of birth, or any other information indicating national origin.

Policy Reference Disclaimer: These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the Governing Board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

Draft

Regulation 0450: Comprehensive Safety Plan **Status:** DRAFT

Original Adopted Date: 05/21/2019 **| Last Revised Date:** 10/09/2025

CSBA NOTE: The following optional administrative regulation should be revised to reflect district practice.

Pursuant to Education Code 234.5, the California Department of Education (CDE) has posted on its website a list of statewide resources for youth who have been subjected to school-based discrimination, harassment, intimidation, or bullying, and youth affected by gangs, gun violence, and psychological trauma caused by violence at home, at school, and in the community.

Additionally, schoolsafety.gov, a website developed by the federal government, provides schools with actionable recommendations to create safe and supportive learning environments and includes the Federal Clearinghouse on School Safety Evidence-Based Practices, required by 6 USC 665k, to serve as a resource to identify and publish online evidence-based practices and recommendations to improve school safety.

Development and Review of Comprehensive School Safety Plan

CSBA NOTE: The following section reflects requirements for the development of site-level comprehensive school safety plans (CSSP) pursuant to Education Code 32280-32289 and is for use by districts that selected Option 1 in the accompanying Board policy. Districts with an average daily attendance of 2,500 or less that selected Option 2 in the accompanying Board policy (i.e., that have developed a districtwide comprehensive safety plan applicable to all school sites in lieu of individual site plans, as authorized by Education Code 32281) should omit this section.

The school site council shall consult with local law enforcement, the local fire department, and other first responders in the writing and development of the comprehensive school safety plan (CSSP). When practical, the school site council shall also consult with other school site councils and safety planning committees. (Education Code 32281, 32282)

CSBA NOTE: The following paragraph is optional. Education Code 32280 encourages districts to develop the CSSP in cooperation with persons involved in protecting the health and safety of students and the prevention of campus crime and violence, including, as amended by SB 848 (Ch. 460, Statutes of 2025), the district's public entity risk pool joint powers authority or insurance provider.

Additionally, the school site council may invite community leaders, local emergency medical services personnel, the district's public entity risk pool joint powers authority or insurance provider, and other persons who may be interested in the health and safety of students and the prevention of campus crime and violence to participate in the planning process. (Education Code 32280)

The school site council may delegate the responsibility for developing a CSSP to a school safety planning committee composed of the following members: (Education Code 32281)

1. The principal or designee
2. One teacher who is a representative of the recognized certificated employee organization
3. One parent/guardian whose child attends the school
4. One classified employee who is a representative of the recognized classified employee organization

   CSBA NOTE: Item #5 below may be modified to specify other groups or individuals who will be represented on the committee. For example, the committee might include representatives of social service agencies, other city or county agencies, health care and emergency service providers, community-based organizations, and/or students.
5. Other members, if desired

Before adopting the CSSP, the school site council or school safety planning committee shall hold a public meeting at the school in order to allow members of the public the opportunity to express an opinion about the plan. (Education Code 32288)

The school site council or safety planning committee shall notify, in writing, the following persons and entities of the public meeting, if available: (Education Code 32288)

1. The local mayor
2. A representative of the local school employee organization
3. A representative of each parent/guardian organization at the school, including the parent teacher association and parent teacher clubs
4. A representative of each teacher organization at the school
5. A representative of the school's student body government
6. All persons who have indicated that they want to be notified

Additionally, the school site council or safety planning committee may notify, in writing, the following entities of the public meeting: (Education Code 32288)

1. Representatives of local religious organizations
2. Local civic leaders
3. Local business organizations

After the first evaluation or review is conducted, and after each annual evaluation or review, a school employee, a student's parent/guardian or educational rights holder, or a student may bring concerns about an individual student's ability to access disaster safety procedures described in the CSSP to the principal. (Education Code 32282)

If the principal determines there is merit to a concern, the principal shall direct the school site council or school safety planning committee to make appropriate modifications to the CSSP during the evaluation of the CSSP. The principal may direct the school site council or the school safety planning committee to make such modifications before the evaluation, as appropriate. (Education Code 32282)

Content of the Comprehensive Safety Plan

CSBA NOTE: Education Code 32282, as amended by SB 848, requires districts to assess the current status of crime committed on school campuses and at school related functions in the CSSP.

Each CSSP shall include an assessment of the current status of any crime committed on campus and at school-related functions. (Education Code 32282)

CSBA NOTE: The following optional paragraph may be revised to reflect district practice. In assessing the current status of crime as required by Education Code 32282, districts may contract with a consultant, work with local law enforcement, develop their own local assessment, and/or use available instruments such as the, "California Healthy Kids Survey," or the Centers for Disease Control and Prevention's, "Youth Risk Behavior Survey."

The assessment may include, but not be limited to, law enforcement crime data, suspension and expulsion rates, and surveys of students, parents/guardians, and staff regarding their perceptions of school safety.

CSBA NOTE: Education Code 32282 requires that the following components be included in the districtwide and/or school site comprehensive safety plan. The district may expand this list to require other components at its discretion.

The plan shall identify appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, including all of the following: (Education Code 32282)

CSBA NOTE: Education Code 32282, as amended by SB 848, adds child neglect to the child abuse reporting procedures required to be included in the CSSP and requires that, by July 1, 2026, the CSSP be updated to include procedures for the supervision and protection of children from child abuse or neglect or sex offenses, as specified below.

1. Child abuse or neglect reporting procedures consistent with Penal Code 11164-11174.3, including procedures specifically designed to address the supervision and protection of children from child abuse or neglect or sex offenses

2. Routine and emergency disaster procedures including, but not limited to:

    a. Adaptations for students with disabilities in accordance with the Americans with Disabilities Act, the federal Individuals with Disabilities Education Act, and Section 504 of the federal Rehabilitation Act of 1973

    CSBA NOTE: Education Code 32282 requires districts to incorporate earthquake emergency procedures into the CSSP, as specified in Items #2b and #2c below. For further details about required components of these procedures, see BP/AR 3516 - Emergencies and Disaster Preparedness Plan and AR 3516.3 - Earthquake Emergency Procedure System.

    b. An earthquake emergency procedure system as specified

    c. A procedure to allow public agencies, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare

    CSBA NOTE: Beginning with the 2026-27 fiscal year, Education Code 32282 requires the district to develop a procedure to identify appropriate refuge shelters for all students and staff to be used in the event of an evacuation order by local authorities and notify the local authorities of the identified refuge. Additionally, Education Code 32282 requires each school serving more than 50 students in a high or very high fire hazard severity zone to coordinate the procedure to identify appropriate refuge shelters with local authorities, and, as part of the CSSP, to develop a communication and evacuation plan which can be used in the event of an early notice evacuation warning, allowing enough time to evacuate all students and staff.

    d. Commencing with the 2026-27 school year, a procedure to identify appropriate refuge shelter for all students and staff to be used in the event of an evacuation order and, for any school in a high or very high fire hazard severity zone, a communication and evacuation plan to be used in the event of an early notice evacuation warning that allows enough time to evacuate all students and staff

3. Policies pursuant to Education Code 48915(d) for students who commit an act listed in Education Code 48915(c) and other school-designated serious acts that would lead to suspension, expulsion, or mandatory expulsion recommendations

4. Procedures to notify teachers of dangerous students pursuant to Education Code 49079

    CSBA NOTE: Education Code 234.1 requires the Governing Board to adopt policy prohibiting discrimination, harassment, intimidation, and bullying based on specified characteristics and requires school personnel who witness such acts to take immediate steps to intervene when safe to do so. For more information regarding the prohibition of discrimination, harassment, intimidation, and bullying, see BP 0410 - Nondiscrimination in District Programs and Activities and BP 5145.3 - Nondiscrimination/Harassment. Additionally, the district's complaint process is required to include a timeline for investigating and resolving complaints and an appeals process; see BP/AR 1312.3 - Uniform Complaint Procedures.

5. A policy consistent with the prohibition against discrimination, harassment, intimidation, and bullying pursuant to Education Code 200-262.4

6. If the school has adopted a dress code prohibiting students from wearing "gang-related apparel" pursuant to Education Code 35183, the provisions of that dress code and the definition of "gang-related apparel"

7. Procedures for safe ingress and egress of students, parents/guardians, and employees to and from school

8. A safe and orderly school environment conducive to learning

9. The rules and procedures on school discipline adopted pursuant to Education Code 35291 and 35291.5

    CSBA NOTE: Pursuant to Education Code 32282, schools are required to include in their CSSPs procedures for conducting tactical responses to criminal incidents, as specified in Item #10. Such procedures are required to be based on the specific needs and context of each school and community.

    Pursuant to Education Code 32281, the Board may elect to have district administrators, rather than the school site council, develop those portions of the CSSP that include tactical responses to criminal incidents

that may result in death or serious bodily injury. For more information regarding tactical response plans, see the accompanying Board policy.

10. Procedures for conducting tactical responses to criminal incidents, including procedures related to individuals with guns on campus and at school-related functions

CSBA NOTE: Pursuant to Education Code 32282, if the district's CSSP includes procedures to prepare for active shooters or other armed assailants by conducting a drill, the district is required to comply with the requirements specified in Item #11, below.

11. If procedures to prepare for active shooters or other armed assailants by conducting a drill are included in the CSSP, the CSSP shall specify that:

    a. The school will not conduct a high-intensity drill, as defined in Education Code 32282

    b. Real weapons, gunfire blanks, or explosions will not be used in the conducting of the drill

    c. A trauma-informed approach as specified in Education Code 32282 will be used in the design and execution of any drill

12. Procedures to assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted or threatened to be conducted at the school, at an activity sponsored by the school, or on a school bus serving the school

CSBA NOTE: Pursuant to Education Code 32282, the CSSP is required to include procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds.

13. Procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds

CSBA NOTE: Pursuant to Education Code 32282, as amended by SB 98 (Ch. 124, Statutes of 2025), the CSSP is, by March 1, 2026, required to include procedures specifically designed to notify parents/guardians and district staff when the school confirms the presence of immigration enforcement on the school site. Districts may consult with CSBA's District and County Office of Education Legal Services or district legal counsel when developing notification procedures. For more information regarding response to immigration enforcement, see BP/AR 1445 -Response to Immigration Enforcement.

14. Procedures specifically designed to notify parents/guardians and district staff when the school confirms that an officer or employee of an agency conducting immigration enforcement is on school grounds as specified in Education Code 32282

CSBA NOTE: Item #15 is for districts that serve students in middle school, junior high school, high school, or adult school and should be modified to reflect the students served by the district.

15. For schools that serve students in any of grades 7-12, a protocol in the event a student is suffering or is reasonably believed to be suffering from an opioid overdose

CSBA NOTE: Pursuant to Education Code 32282, the CSSP is required to include an instructional continuity plan to establish communication and provide instruction to students when in-person instruction is disrupted due to an emergency. For more information regarding instructional continuity plans, see CDE's, "Instructional Continuity Plan Guidance," available on its website.

16. An instructional continuity plan to establish communication with students and their families and provide instruction to students when in-person instruction is disrupted due to an emergency, as specified in Education Code 32282

CSBA NOTE: Pursuant to Education Code 48901.7, as amended by AB 962 (Ch. 284, Statutes of 2025), a student may not be prohibited from possessing or using a smartphone in the case of an emergency or in response to a perceived threat of danger, unless explicitly addressed in the CSSP. Item #17 is for use by districts that that have prohibited student use of smartphones during emergencies or in response to a perceived threat of danger in BP 5131.8 - Mobile Communication Devices.

17. Explicit procedures to prohibit the use of smartphones in the case of an emergency or in response to a perceived threat of danger if such use is prohibited in Board Policy 5131.8 - Mobile Communication Devices (Education Code 48901.7)

CSBA NOTE: The following list reflects material previously listed on CDE's website related to Safe Schools Planning. The components are optional and should be revised to reflect district practice.

Among the strategies for providing a safe environment, the CSSP may also include:

1. Development of a positive school climate that promotes respect for diversity, personal and social responsibility, effective interpersonal and communication skills, self-esteem, anger management, and conflict resolution

   CSBA NOTE: Education Code 32261 and 32282 encourage, but do not require, all CSSPs to include policies and procedures aimed at the prevention of bullying, as defined in Education Code 48900(r).

2. Disciplinary policies and procedures that contain prevention strategies, such as strategies to prevent bullying, hazing, and cyberbullying, as well as behavioral expectations and consequences for violations

   CSBA NOTE: Education Code 32261 encourages, but does not require, CSSPs to include Item #3, below.

3. Strategies aimed at preventing potential incidents involving crime and violence on school campuses, including vandalism, drug and alcohol abuse, gang membership and violence, hate crimes, bullying, including bullying committed personally or by means of an electronic act, teen relationship violence, and discrimination and harassment, including sexual harassment

4. Curriculum that emphasizes prevention and alternatives to violence, such as multicultural education and literacy, character/values education, social and emotional learning, media analysis skills, conflict resolution, community service learning, and education related to the prevention of dating violence

5. Parent/guardian and community involvement strategies, including strategies to help ensure parent/guardian support and reinforcement of the school's rules and increase the number of adults on campus

   CSBA NOTE: When providing parents/guardians with school safety materials and emergency communications, CDE encourages districts to do so in language(s) understandable to parents/guardians, as appropriate for the school site.

6. Provision of safety materials and emergency communications in language(s) understandable to parents/guardians

   CSBA NOTE: CSBA's Research and Policy Fact Sheet, "School Safety: Firearm Safety and Storage," provides guidance and best practices related to the safe storage of firearms.

7. Annual notification to parents/guardians related to the safe storage of firearms

8. Prevention and intervention strategies related to the sale or use of drugs and alcohol which shall reflect expectations for drug-free schools and support for recovering students

9. Collaborative relationships among the city, county, community agencies, local law enforcement, the judicial system, and the schools that lead to the development of a set of common goals and community strategies for violence prevention instruction

10. District policy prohibiting the possession of firearms and ammunition on school grounds

11. Measures to prevent or minimize the influence of gangs on campus

    CSBA NOTE: Education Code 32281, as amended by SB 848, authorizes the principal, upon receiving verification from law enforcement, to notify parents/guardians and employees in writing that a violent crime or sex offense has occurred on the school site. Pursuant to Education Code 32281, as amended by SB 848, a "violent crime" is (1) any act for which a student could be expelled and which meets the definition listed in Education Code 67381, including willful homicide, forcible rape, robbery, and aggravated assault, as defined in the, "Federal Bureau of Investigation's Uniform Crime Reporting Handbook," (2) a violent felony listed in Penal Code 667.5, and (3) a serious felony listed in Penal Code 1192.7. "Sex offense" means any offense listed in Education Code 44010. Education Code 32281 encourages that the notice be sent no later than the second workday after receiving verification from law enforcement.

    20 USC 7912 requires that all students attending a "persistently dangerous" school be provided notice of the designation and an option to transfer to a different school within the district. See BP/AR 5116.1 - Intradistrict Open Enrollment.

12. Procedures for receiving verification from law enforcement when a violent crime or sex offense has occurred on school grounds and for promptly notifying parents/guardians and employees of that crime

13. Procedures for the early identification and threat assessment of, and appropriate response to, suspicious and/or threatening digital media content

14. Assessment of the school's physical environment, including a risk management analysis and development of ground security measures such as procedures for closing campuses to outsiders, installing surveillance systems, securing the campus perimeter, protecting buildings against vandalism, and providing for a law enforcement presence on campus

CSBA NOTE: Pursuant to Government Code 8586.5, the California Cybersecurity Integration Center (CSIC) serves as the central organizing hub of the state government's cybersecurity preparedness and response activities and coordinates cyber intelligence and information sharing, and is required to coordinate information sharing, including cyber threat information, with school districts. Government Code 11549.3 authorizes districts, at district expense, to request the Military Department, in consultation with CSIC, to perform an independent security assessment of the district or individual district school. Districts are encouraged to consult with the California Office of Emergency Services (OES) and utilize resources such as the State Threat Assessment System and Regional Fusion Centers to help assess potential threats. For more information see OES' website.

Pursuant to Education Code 35266 districts that experience a cyberattack, as defined, which impacts more than 500 students or personnel, are required to report such cyberattack to CSIC.

15. Independent security assessment of the school's network infrastructure and selected web applications to identify vulnerabilities and provide recommendations to improve cybersecurity

CSBA NOTE: Education Code 32282.1 does not require, but encourages, that CSSPs include the strategies described in Item #16 below, to the extent the district uses the listed professionals. CDE's, "The Comprehensive School Safety Plan: Recommended Components," available on its website, includes athletic coaches in the list of professionals and specifies that community intervention professionals include those who speak languages other than English.

16. Guidelines for the roles and responsibilities of mental health professionals, athletic coaches, community intervention professionals, school counselors, school resource officers, and police officers on school campuses

Guidelines may include, but are not limited to, the following:

a. Strategies to create and maintain a positive school climate, promote school safety, and increase student achievement

b. Strategies to prioritize mental health and intervention services, restorative and transformative justice programs, and positive behavior interventions and support

c. Protocols to address the mental health care of students who have witnessed a violent act at any time, including, but not limited to, while on school grounds, while coming or going from school, during a lunch period whether on or off campus, or during or while going to or coming from a school-sponsored activity

17. Strategies for suicide prevention and intervention

CSBA NOTE: Policies and/or plans for maintaining a safe school environment during a pandemic, as described in Item #18 below, may be included in the district's comprehensive safety plan. Such policies may include BP 3516.5 - Emergency Schedules, BP 4113.5 - Working Remotely, BP 4119.41 - Employees with Infectious Disease, BP/AR 5141.22 - Infectious Diseases, and BP/AR 6158 - Independent Study.

18. District policy and/or plan related to pandemics

CSBA NOTE: Penal Code 626.8 provides that a person may be guilty of a misdemeanor for infringing with or disrupting a school activity, remaining on campus after having been asked to leave, reentering within seven days of being asked to leave, establishing a continued pattern of unauthorized entry, or willfully or knowingly creating a disruption with the intent to threaten the immediate physical safety of a student in preschool or grades K-8 who is arriving at, attending, or leaving school; see BP/AR 3515.2 - Disruptions.

19. Procedures to implement when a person interferes with or disrupts a school activity, remains on campus after

Draft

having been asked to leave, or creates a disruption with the intent to threaten the immediate physical safety of students or staff

20. Crisis prevention and intervention strategies, which may include the following:

    a. Identification of possible crises that may occur, determination of necessary tasks that need to be addressed, and development of procedures relative to each crisis, including the involvement of law enforcement and other public safety agencies as appropriate

    b. Threat assessment strategies to determine the credibility and seriousness of a threat and provide appropriate interventions for the potential offender(s)

    c. Assignment of staff members responsible for each identified task and procedure

    d. Development of an evacuation plan based on an assessment of buildings and grounds and opportunities for students and staff to practice the evacuation plan

    e. Coordination of communication to schools, Governing Board members, parents/guardians, and the media

    f. Communication with parents/guardians of reunification plans and the necessity of cooperating with first responders

    g. Development of a method for the reporting of violent incidents

    h. Development of follow-up procedures that may be required after a crisis has occurred, such as counseling

    CSBA NOTE: Education Code 49390 and 49393 require certificated and classified employees of the district, or other school officials such as Board members, whose duties bring the employee or other school official in contact on a regular basis with students in any of grades 6-12, as part of a middle school or high school, who are alerted to or observe any threat or perceived threat of a homicidal act, as defined, to immediately report the threat or perceived threat to law enforcement in accordance with Education Code 49393. "Threat or perceived threat" means any writing or action of a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the student. It may also include a warning by a parent/guardian, student, or other individual.

21. Training on assessment and reporting of potential threats, violence prevention, and intervention techniques

    Such training shall include preparation to implement the elements of the CSSP

    CSBA NOTE: Pursuant to Education Code 32284, the CSSP may, at the discretion of the Board, include procedures for responding to the release of a pesticide or other toxic substance from properties located within one-quarter mile of a school. No state funds may be used for this purpose.

22. Environmental safety strategies, including, but not limited to, procedures for preventing and mitigating exposure to toxic pesticides, lead, asbestos, vehicle emissions, and other hazardous substances and contaminants

23. Continuity of operations procedures to ensure that the district's essential functions are not disrupted during an emergency, to the extent possible

Policy 0450: Comprehensive Safety Plan **Status:** DRAFT

Original Adopted Date: 05/21/2019 **| Last Revised Date:** 10/09/2025

CSBA NOTE: The following policy is optional and may be revised to reflect district practice. Pursuant to Education Code 32280-32289.5, districts are responsible for ensuring that a comprehensive school safety plan (CSSP) with specified components is in place for each district school. As required by Education Code 32282 and 32288, the California Department of Education (CDE) has posted on its website a compliance checklist for developing CSSPs and best practices for reviewing and approving the plans. CSSPs are reviewed through the annual audits required by Education Code 41020 to ensure that they are updated and approved by March 1 of each year.

Additionally, Education Code 32280.5 encourages each school with an enrollment of 100 students or more to, on or before, July 1, 2030, implement a web-based or app-based school safety program that includes specified components.

The Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for staff and student conduct, responsible behavior, and respect for others.

CSBA NOTE: Pursuant to Education Code 32281 and 32286, each school is required to adopt a CSSP (Option 1 below). However, districts with an average daily attendance (ADA) of 2,500 or less are authorized by Education Code 32281 to develop a districtwide comprehensive safety plan in lieu of developing school plans; thus, those districts may select either Option 1 or 2 to reflect district practice. Any district may choose to develop both district and school plans.

~~OPTION 1: (Districts with more than 2,500 ADA, and districts with 2,500 or less ADA that choose to develop school site plans)~~

The school site council at each district school shall develop a comprehensive school safety plan (CSSP) relevant to the needs and resources of that particular school. New school campuses shall develop a CSSP within one year of initiating operations. (Education Code 32281, 32286)

The CSSP shall take into account the school's staffing, available resources, and building design, as well as other factors unique to the school site.

~~OPTION 1 ENDS HERE~~

~~OPTION 2: (Districts with 2,500 or less ADA that choose to develop a districtwide plan)~~

~~The Superintendent or designee shall be responsible for the development of a districtwide comprehensive safety plan that is applicable to each school site. (Education Code 32281)~~

~~OPTION 2 ENDS HERE~~

CSBA NOTE: The following two paragraphs apply to all districts. Education Code 32286 requires that the school site council review and update the CSSP by March 1 of each year. In districts with ADA of 2,500 or less that choose to develop a districtwide plan in accordance with Option 2 above, the Superintendent or designee may conduct the annual review.

Education Code 32288 requires the updated plan(s) to be submitted to the Governing Board for approval. The Board may choose to delegate to the Superintendent or designee the responsibility to review and approve the updated plans, but the Board remains responsible for ensuring compliance with the law.

The CSSP(s) shall be reviewed and updated by March 1 of each year and forwarded to the Board for approval. (Education Code 32286, 32288)

CSBA NOTE: Pursuant to Education Code 32282, the annual evaluation of the CSSP is required to include ensuring that the plan provides appropriate adaptations for students with disabilities.

The Board shall review the comprehensive safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation and shall approve the plan(s) at a regularly scheduled meeting.

CSBA NOTE: The following paragraph is optional and may be revised to reflect district practice. Education Code

32280 states the legislative intent that all school staff be trained on the CSSP.

As necessary, the Superintendent or designee shall provide training on the CSSP to all school staff.

CSBA NOTE: Education Code 32288 requires that districts notify CDE if a school has not complied with the CSSP requirements. In the event that the Superintendent of Public Instruction determines that there has been a willful failure by a district to make any report required by Education Code 32280-32289, Education Code 32287 provides that the district may be fined up to $2,000.

By October 15 of each year, the Superintendent or designee shall notify the California Department of Education (CDE) of any schools that have not complied with the requirements of Education Code 32281. (Education Code 32288)

Tactical Response Plan

CSBA NOTE: The following section is optional. Pursuant to Education Code 32281, the Board may, after consulting with law enforcement officials, elect to have the district, rather than the school site council, develop those portions of the CSSP that include tactical responses to criminal incidents that may result in death or serious bodily injury.

Notwithstanding the process described above, any portion of a CSSP that addresses tactical responses to criminal incidents that may result in death or serious bodily injury at the school site, including steps to safeguard students and staff, secure affected school premises, and apprehend criminal perpetrator(s), shall be developed by the Superintendent or designee in accordance with Education Code 32281. In developing such strategies, the Superintendent or designee shall consult with law enforcement officials and with representative(s) of employee bargaining unit(s), if they choose to participate.

When reviewing the tactical response plan, the Board may meet in closed session to confer with law enforcement officials and approve the tactical response plan, provided that any vote to approve the tactical response plan is announced in open session following the closed session. (Education Code 32281)

Safety Plan(s) Access and Reporting

The Superintendent or designee shall ensure that an updated file of all safety-related plans and materials is readily available for inspection by the public. (Education Code 32282)

However, those portions of the CSSP that include tactical responses to criminal incidents need not be publicly disclosed.

The Superintendent or designee shall share the CSSPs and any updates to the plans with local law enforcement, the local fire department, and other first responder entities. (Education Code 32281)

CSBA NOTE: Pursuant to Education Code 32289.5, the district is required to provide data to CDE pertaining to lockdown or multi-option response drills conducted at district schools, as specified.

Additionally, the Superintendent or designee shall provide data to CDE pertaining to lockdown or multi-option response drills conducted at district schools in accordance with Education Code 32289.5. (Education Code 32289.5)

Policy 1340: Access To District Records

Status: DRAFT

Original Adopted Date: 10/18/2017 | **Last Revised Date:** 09/11/2025

CSBA NOTE: The following optional policy and accompanying administrative regulation reflect requirements of the California Public Records Act (CPRA) (Government Code 7920.000 - 7930.215) pertaining to public access to public records of the district. "Public records," as defined by Government Code 7920.530, include any writing containing information relating to the conduct of the district's business prepared, owned, used, or retained by the district regardless of physical form or characteristics; see "Definitions" in the accompanying administrative regulation. For information regarding retention of records, see BP/AR 3580 - District Records, AR 4112.6/4212.6/4312.6 - Personnel Files, and BP/AR 5125 - Student Records.

Because the rules and regulations surrounding CPRA disclosures are complex, it is recommended that districts with questions about an appropriate response to a CPRA request consult CSBA's District and County Office of Education Legal Services or district legal counsel.

The Governing Board recognizes the right of members of the public to have access to public records of the district. The district shall provide any member of the public reasonable access to the public records of the district during normal business hours and within the requirements of law. Public access shall not be given to records that are exempt from public disclosure pursuant to the California Public Records Act or other state or federal law.

CSBA NOTE: In City of San Jose v. Superior Court, the California Supreme Court held that communications regarding public business that have been sent, received, or stored by public officials on a personal account or device are not categorically exempt from disclosure under the CPRA. The court noted that public agencies are required to disclose all applicable records that can be located "with reasonable effort," including those records contained on a public official's or employee's personal device, regardless of whether they were transmitted through district servers. Such searches need not be extraordinarily extensive or intrusive. For further information, see CSBA's, "Legal Alert: Tips for Governing Boards in Response to Public Records Act Ruling on Electronic Communications." Also see AR 3580 - District Records, BP 4040 - Employee Use of Technology, and BB 9012 - Board Member Electronic Communications.

In response to a public records request, the Superintendent or designee shall make reasonable efforts to locate the requested records, including, but not limited to, any electronic communication substantively related to the records, such as email, text messages, instant messages, and other electronic communications, regardless of whether they are transmitted through a district-provided device or account or through an employee's or Board member's personal device or account.

The district may charge for copies of public records or other materials requested by individuals or groups, in accordance with law and as specified in the accompanying administrative regulation.

CSBA NOTE: The following paragraph is optional.

In order to help maintain the security of district records, members of the public granted access shall examine records in the presence of a district staff member.

Policy Reference Disclaimer: These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the Governing Board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

Regulation 1340: Access To District Records

Status: DRAFT

Original Adopted Date: 08/19/2019 **| Last Revised Date:** 09/11/2025

CSBA NOTE: Article 1, Section 3 of the California Constitution grants any person the right to access information concerning meetings and writings of state and local government bodies, officials, and agencies as long as the constitutional rights of privacy and due process are protected. Courts broadly interpret rules or laws granting access and narrowly interpret those denying access; thus, the burden is on the district to demonstrate the need for restricting access to public records.

The following optional administrative regulation lists those records defined as public and, in contrast, those defined as exempt and/or confidential, to which there is no public access.

This administrative regulation is a non-exhaustive list of records that may be defined as either public or exempt and/or confidential. Other records which fall into these definitions may exist and may be identified in the future.

Definitions

CSBA NOTE: Pursuant to Government Code 7920.530, a "public record" includes any writing that relates to district business as defined below.

Emails and other electronic communications related in a substantive manner to district business are considered public records. Furthermore, in City of San Jose v. Superior Court, the California Supreme Court held that using a personal account or personal device to send, receive, or store communications regarding public business does not categorically exclude those records from disclosure upon request under the California Public Records Act (CPRA) (Government Code 7920.000 - 7930.215). The court noted that public agencies are required to disclose all applicable records that can be located "with reasonable effort," including those records contained on a public employee's or official's personal device or account. Such searches need not be extraordinarily extensive or intrusive. For further information, see CSBA's, "Legal Alert: Tips for Governing Boards in Response to Public Records Act Ruling on Electronic Communications." Also see the accompanying Board policy, AR 3580 - District Records, BP 4040 - Employee Use of Technology, and BB 9012 - Board Member Electronic Communications.

Public records include any writing containing information relating to the conduct of the district's business prepared, owned, used, or retained by the district regardless of physical form or characteristics. (Government Code 7920.530)

Writing means any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored. (Government Code 7920.545)

Member of the public means any person, except a member, agent, officer, or employee of the district or a federal, state, or other local agency acting within the scope of such membership, agency, office, or employment. (Government Code 7920.515)

Public Records

CSBA NOTE: While not specifically enumerated in Government Code 7920.530, Items #1-15 below are items which fall within the definition of "public records."

Unless otherwise exempt from disclosure, public records to which members of the public shall have access include, but are not limited to:

1. Proposed and approved district budgets and annual audits (Education Code 41020, 42103)
2. Statistical compilations
3. Reports and memoranda
4. Notices and bulletins
5. Minutes of public meetings (Education Code 35145)
6. Meeting agendas (Government Code 54957.5)

7. Official communications between the district and other government agencies

CSBA NOTE: District and school plans, such as the district's local control and accountability plan, school plans for student achievement, and comprehensive school safety plan, are required to generally be accessible to the public. However, pursuant to Education Code 32281, the Governing Board may choose to prohibit disclosure of those portions of the comprehensive safety plan that include tactical responses to criminal incidents that may result in death or serious bodily injury at the school site. See BP 0450 - Comprehensive Safety Plan.

8. District and school plans, and the information and data relevant to the development and evaluation of such plans, unless otherwise prohibited by law

9. Initial proposals of exclusive employee representatives and of the district, once presented at a district Governing Board meeting (Government Code 3547)

CSBA NOTE: Government Code 7927.200 exempts from disclosure those records pertaining to pending litigation until the pending litigation or claim has been finally adjudicated or otherwise settled. However, the Attorney General opined in 71 Ops.Cal.Atty.Gen. 235 (1988) that certain records predating the filing of a lawsuit are subject to disclosure. In Fairley v. Superior Court, a California Court of Appeal concurred and held that documents were exempted only if they were prepared for use in litigation. See Item #2 in "Exempt and Confidential Public Records," below. It is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel with questions regarding disclosure of documents related to litigation.

10. Records pertaining to claims and litigation against the district which have been adjudicated or settled (Government Code 7927.200, 7927.205)

11. Statements of economic interests required by the Conflict of Interest Code (Government Code 81008)

CSBA NOTE: Generally, the names and salaries of public employees are subject to disclosure under the CPRA. In Sacramento County Employees Retirement System v. Superior Court, a California Court of Appeal held that the names and corresponding pension benefits of members of a county retirement system are subject to disclosure and are not considered "individual records of members" protected by Government Code 31532. However, in International Federation of Professional and Technical Engineers v. The Superior Court of Alameda County, the California Supreme Court recognized that, in some instances, the salaries of certain employees might be exempt from disclosure, depending on the facts and circumstances. It is recommended that districts with questions about the disclosure of employee information consult CSBA's District and County Office of Education Legal Services or district legal counsel.

12. Documents containing names, salaries, and pension benefits of district employees

13. Employment contracts and settlement agreements (Government Code 53262)

14. Instructional materials including, but not limited to, textbooks (Education Code 49091.10)

CSBA NOTE: Pursuant to Government Code 7928.801, any executed contract for the purchase of goods or services by the district, including the price and terms of payment, is a public record subject to disclosure under the CPRA. It is recommended that districts with questions about contracting with entities for goods or services outside of California, or pursuant to federal law, consult CSBA's District and County Office of Education Legal Services or district legal counsel.

15. Executed contracts for the purchase of goods or services, even if the contract contains provisions specifying that the contract is confidential or a proprietary record of the vendor (Government Code 7928.801)

Access to public records of the district shall be granted to Board members on the same basis as any other member of the public. When Board members are authorized to access public records in the administration of their duties, the Superintendent or designee shall not discriminate among any of the Board members as to which record, or portion of the record, will be made available, or when it will be made available. (Government Code 7921.305, 7921.310)

Exempt and Confidential Public Records

Records exempt from disclosure under the California Public Records Act (CPRA) include, but are not limited to:

1. Preliminary drafts, notes, and interagency or intradistrict memoranda that are not retained by the district in the

ordinary course of business, provided that the public interest in withholding these records clearly outweighs the public interest in disclosure (Government Code 7927.500)

2. Records specifically generated in connection with or prepared for use in litigation to which the district is a party or to respond to claims made against the district pursuant to the Tort Claims Act, until the litigation or claim has been finally adjudicated or otherwise settled, or beyond, if the records are protected by some other provision of law (Government Code 7927.200, 7927.205)

CSBA NOTE: The Safe at Home address confidentiality program has been in existence pursuant to Government Code 6205-6210 and 6215-6216 to protect victims of domestic violence, sexual assault, stalking, human trafficking, and elder or dependent adult abuse, and members of their households, as well as district employees who face threats of violence, or violence or harassment from the public because of the employee's work for the district. This type of protection has been extended to district employees and Board members who face threats of violence, or violence or harassment from the public because of the employee's work for the district, and, pursuant to Government Code 6205-6210, to victims of child abduction and members of their households. Government Code 6207 provides that, when creating a public record, the district may not include actual residences of students, parents/guardians, or employees when a substitute address is designated through the Safe at Home program. Districts are required to accept the program participation card issued by the Secretary of State and to substitute a post office box as the participant's address.

3. Personnel records, medical records, or similar materials, the disclosure of which would constitute an unwarranted invasion of personal privacy (Government Code 7927.700)

The home addresses, home telephone numbers, personal cell phone numbers, or birth date of employees shall only be disclosed as follows: (Government Code 7928.300)

a. To an agent or a family member of the employee

b. To an officer or employee of a state agency or another school district or county office of education when necessary for the performance of official duties

c. To an employee organization pursuant to regulations and decisions of the Public Employment Relations Board, except that the home address and any telephone number for an employee who performs law enforcement-related functions, or the birth date of any employee, shall not be disclosed

d. Upon written request of any employee, the district shall not disclose the employee's home address, home telephone number, personal cell phone number, personal email address, or birth date, and the district shall remove the home address, home telephone number, and personal cell phone number from any mailing list of the district except a list used exclusively to contact the employee

e. To an agent or employee of a health benefit plan providing health services or administering claims for health services to district employees and their enrolled dependents, for the purpose of providing the health services or administering claims for employees and their enrolled dependents

CSBA NOTE: Pursuant to Government Code 7928.205, the district is prohibited from publicly posting online the information specified below of any elected or appointed official, such as a Board member, without first obtaining the written permission of that individual.

4. The home address, telephone number, or both the name and assessor parcel number associated with the home address of any elected or appointed official posted by the district online without first obtaining the written permission of that individual (Government Code 7928.205)

5. Student records, except directory information and other records to the extent permitted by law and district policy (Education Code 49073, 49076; 20 USC 1232g; 34 CFR 99.1-99.8)

6. Test questions, scoring keys, and other examination data except as provided by law (Government Code 7929.605)

7. Without affecting the law of eminent domain, the contents of real estate appraisals or engineering or feasibility estimates and evaluations made for or by the district relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained (Government Code 7928.705)

Draft

8. Information required from any taxpayer in connection with the collection of local taxes that is received in confidence and the disclosure of the information to other persons would result in an unfair competitive disadvantage to the person supplying the information (Government Code 7925.000)

9. Library circulation and patron use records of a borrower or patron including, but not limited to, name, address, telephone number, email address, borrowing information, or use of library information resources, except when disclosure is to persons acting within the scope of their duties in the administration of the library; to persons authorized in writing, by the individual to whom the records pertain, to inspect the records; or by court order (Government Code 7927.100, 7927.105)

CSBA NOTE: The following exemption protects attorney-client privileged communications and attorney work product, as well as other work product prepared for use in pending litigation or claims. Pursuant to the Rules of Professional Conduct of the State Bar of California, when an attorney has been hired to represent the district as a whole, this privilege may only be waived by the Board.

In Los Angeles County Board of Supervisors v. Superior Court, the California Supreme Court held that invoices for the services of district counsel, or portions of those invoices, may be privileged and therefore exempt from disclosure. It is recommended that districts with questions about disclosable records in response to a CPRA request for legal invoices consult CSBA's District and County Office of Education Legal Services or district legal counsel.

10. Records for which the disclosure is exempted or prohibited pursuant to state or federal law, including, but not limited to, provisions of the Evidence Code relating to privilege (Government Code 7927.705)

11. Documents prepared by or for the district to assess its vulnerability to terrorist attack or other criminal acts intended to disrupt district operations and that are for distribution or consideration in closed session (Government Code 7929.200)

CSBA NOTE: Item #12 is related to the information technology security of the district. Government Code 11549.3, authorizes districts, at district expense, to request the Military Department, in consultation with the California Cybersecurity Integration Center, to perform an independent security assessment of the district or individual district school. During the process of conducting an independent security assessment pursuant to Government Code 11549.3, information and records concerning the independent security assessment are confidential and are not disclosable.

12. Information security record if disclosure of that record would reveal vulnerabilities to, or otherwise increase the potential for an attack on, an information technology system of the district (Government Code 7929.210)

13. Recall petitions, petitions for special elections to fill Board vacancies, or petitions for the reorganization of the school district (Government Code 7924.110)

14. Minutes of Board meetings held in closed session (Government Code 54957.2)

15. Computer software developed by the district (Government Code 7922.585)

16. 16.Records that contain individually identifiable health information, including records that may be exempt pursuant to physician-patient privilege, the Confidentiality of Medical Information Act, and the Health Insurance Portability and Accountability Act (Government Code 7926.400, 7930.000-7930.215)

CSBA NOTE: Pursuant to Government Code 7930.205, as amended by AB 1004 (Ch. 132, Statutes of 2025), tribal financial information is exempt from disclosure. Government Code 8450, as added by AB 1004, provides that any record that contains financial information provided by an Indian tribe to a public agency as a condition of or requirement for receiving financial assistance is confidential, not considered to be a public record, and not be open to public inspection.

17. 17.Tribal financial information as a condition of or requirement for receiving financial assistance (Government Code 7930.205, 8450)

18. Any other records listed as exempt from public disclosure in the CPRA or other statutes

CSBA NOTE: Item #19 below reflects an exemption often referred to as the "catch-all" or "public interest" exemption pursuant to Government Code 7922.000. This exemption allows a district to withhold a record

based on analysis of the specific facts of the situation and in light of the competing public interests. Additionally, this exemption includes the "deliberative process privilege" which is designed to protect a district's decision-making process in order to encourage candid discussions within the district. It is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel when determining whether a request for a record falls under this exemption.

19. Any other records for which the district can demonstrate that, based on the particular facts of the case, the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record (Government Code 7922.000)

When disclosing to a member of the public any record that contains personal information, including, but not limited to, an employee's home address, home telephone number, social security number, personal cell phone number, or birth date, the Superintendent or designee shall ensure that such personal information is redacted from that record. (Government Code 7922.200, 7928.300)

CSBA NOTE: Pursuant to Government Code 8310.3, districts are prohibited from collecting or disclosing to federal government authorities any personal information regarding an individual's religious beliefs, practices, or affiliation for the purpose of compiling a list, registry, or database of individuals based on religious affiliation, national origin, or ethnicity.

Unless otherwise authorized or required by law, information regarding an individual's religious beliefs, practices, or affiliation shall not be disclosed. (Government Code 8310.3)

CSBA NOTE: Unless an exception applies, Education Code 234.7, as amended by AB 495 (Ch. 664, Statutes of 2025), prohibits district staff, to the extent practicable, from disclosing or providing in writing, verbally, or in any other manner to an officer or employee of an agency conducting immigration enforcement most student records and personnel records. For more information regarding the prohibition against disclosing student and personnel records as it relates to immigration enforcement, and limited exceptions, see BP/AR 1445 - Response to Immigration Enforcement and BP/AR 5125 - Student Records.

Additionally, an individual's immigration status shall only be disclosed in accordance with Board Policy/Administrative Regulation 1445 - Response to Immigration Enforcement.

Inspection of Records, Requests for Copies, and Recovery of Costs

CSBA NOTE: In Los Angeles Times v. Alameda Corridor Transportation Authority, a California Court of Appeal held that the CPRA does not require written requests and therefore a public record request may be made orally, by phone, or in writing, including by email, fax, or hand delivery. The district may ask, but not require, that the person put an oral request in writing.

Any person may request a copy or inspection of any district record that is not exempt from disclosure. (Government Code 7922.530)

Within 10 days of receiving any request to inspect or copy a district record, the Superintendent or designee shall determine whether the request seeks release of a disclosable public record in the district's possession. The Superintendent or designee shall promptly inform the person making the request of the determination and the reasons for the decision. (Government Code 7922.535)

In unusual circumstances, the Superintendent or designee may extend the 10-day limit for up to 14 days by providing written notice to the requester setting forth the reasons for the extension and the date on which a determination is expected to be made. Unusual circumstances include the following, but only to the extent reasonably necessary to properly process the request: (Government Code 7922.535)

1. The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request

2. The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request

3. The need for consultation, which shall be conducted with all practicable speed, with another agency, such as a state agency or city, having a substantial interest in the determination of the request or among two or more components of the district, such as two different school sites, with substantial interest in the request

4. In the case of electronic records, the need to compile data, write programming language or a computer program, or construct a computer report to extract data

CSBA NOTE: Government Code 7922.535, as amended by AB 370 (Ch. 34, Statutes of 2025), includes in the definition of "unusual circumstances" the need to search for, collect, and examine records during a cyberattack, as specified. However, a district is not relieved of its obligation to comply with a CPRA request when the requested record is maintained in a location other than on the electronic server or system affected by the cyberattack, or maintained in a nonelectronic format.

5. In the case of electronic records, the inability to access its electronic servers or systems due to a cyberattack in order to search for and obtain a record that the district believes is responsive to a request and is maintained on the servers or systems in an electronic format, and only until the district regains its ability to access its electronic servers or systems and search for and obtain electronic records that may be responsive to a request

CSBA NOTE: Government Code 7922.535 includes in the definition of "unusual circumstances" the need to search for, collect, and examine records when the state of emergency currently, and, as amended by AB 370, directly affects, the district's ability to timely respond to a CPRA request.

6. The need to search for, collect, and appropriately examine records during a state of emergency proclaimed by the Governor pursuant to the California Emergency Services Act in the jurisdiction where the district is located when the state of emergency currently and directly affects, due to the state of emergency, the district's ability to timely respond to staffing shortages or closure of facilities where the requested records are located (Government Code 8567)

If the Superintendent or designee determines that the request seeks disclosable public records, the determination shall state the estimated date and time when the records will be made available. (Government Code 7922.535)

Public records shall be open to inspection at all times during district office hours. If a portion of the requested record(s) is exempt from disclosure, any non-exempt, reasonably segregable portion of the record shall be made available for inspection after deletion of the portions exempted by law. (Government Code 7922.525)

CSBA NOTE: Government Code 7922.530 states that copies of records must be provided "promptly." The term "promptly" is not defined in law, but Government Code 7922.500 also states that a district may not delay or obstruct the inspection or copying of records. Thus, if the records are held in a manner that allows for prompt disclosure, the records generally should not be withheld because of the 10-day response period or the 14-day extension detailed above.

Upon request for a copy that reasonably describes an identifiable, non-exempt record, an exact copy shall be promptly provided unless it is impracticable to do so. (Government Code 7922.530)

If only a portion of the identified record is exempt from disclosure, the record's exempt material shall be redacted prior to disclosure.

CSBA NOTE: The following optional paragraph is for use by districts that charge for copies. See the accompanying Board policy which authorizes the district to charge for copies of public records or other materials requested by individuals or groups, so long as in accordance with law and as specified in this administrative regulation.

Government Code 7922.530 permits, but does not require, the district to charge a person requesting a physical copy of a record a fee covering the direct costs of duplication; however, no fee may be charged to a person who wishes to inspect but not copy a record. In North County Parents Organization for Children with Special Needs v. Department of Education, the court determined that direct costs include only the cost of running the copy machine and possibly the expense of the person operating it. Examples of costs that do not fit this definition include costs associated with searching, reviewing, or redacting the record; assisting the requester in formulating the request; responding to the request; or employee time to sit with the requester during inspection of the record.

Pursuant to Government Code 7922.530, members of the public who request to inspect a disclosable record of the district have the right to use their own equipment on district premises, without being charged any fees or costs, to photograph, copy, or reproduce the record in a manner that does not require the equipment to make physical contact with the record.

Additionally, Government Code 7922.575 allows recovery of direct costs when the district would be required to produce a copy of an electronic record and the record is one that is produced only at otherwise regularly scheduled intervals or requires data compilation, extraction, or programming to produce the record. In National Lawyers Guild, San Francisco Bay Area Chapter v. City of Hayward, the California Supreme Court clarified that the term "data extraction" does not include the process of redacting exempt material from otherwise disclosable electronic records

and that a public agency may not recover costs for the compilation or redaction of video footage.

Due to the complex nature of cost recovery standards under the CPRA it is recommended that districts with questions regarding the permissibility of fees consult CSBA's District and County Office of Education Legal Services or district legal counsel.

The Superintendent or designee shall charge an amount for copies that reflects the direct costs of duplication in accordance with law. Written requests to waive the fee shall be submitted to the Superintendent or designee.

Without charging any fees or costs, the Superintendent or designee shall allow members of the public to use their own equipment on district premises to photograph or otherwise copy or reproduce a disclosable record as long as the means of copy or reproduction: (Government Code 7922.530)

1. Do not require the equipment to make physical contact with the record

2. Will not result in damage to the record

3. Will not result in unauthorized access to the district's computer systems or secured networks by using software, equipment, or any other technology capable of accessing, altering, or compromising the district's electronic records

The Superintendent or designee may impose any reasonable limit on the use of personal equipment to photograph, copy, or reproduce a disclosable record that is necessary to protect the safety of the records, or to prevent the copying of records from being an unreasonable burden to the orderly function of the district and its employees. Additionally, the Superintendent or designee may impose any limit that is necessary to maintain the integrity of, or ensure the long-term preservation of, historic or high-value records. (Government Code 7922.530)

In addition to maintaining public records for public inspection during district office hours, the district may comply with public records requests by posting any public record on the district's website and, in response to a public records request, directing the member of the public to the location on the website where the record can be found. However, if the member of the public is unable to access or reproduce the record from the website, the district shall promptly provide an exact copy of the public record upon payment of duplication fees, if applicable, unless it is impracticable to provide an exact copy. (Government Code 7922.545)

If any person requests that a public record be provided in an electronic format, the district shall make that record available in any electronic format in which it holds the information. The district shall provide a copy of the electronic record in the format requested as long as the requested format is one that has been used by the district to create copies for its own use or for use by other agencies. (Government Code 7922.570)

The cost of duplicating an electronic record shall be limited to the direct cost of producing a copy of the record in electronic format. However, the requester shall bear the cost of producing the copy of the electronic record, including the cost to construct the record and the cost of programming and computer services necessary to produce the copy, under the following circumstances: (Government Code 7922.575)

1. The electronic record is one that is produced only at otherwise regularly scheduled intervals

2. The request would require data compilation, extraction, or programming to produce the record

Assistance in Identifying Requested Records

CSBA NOTE: Government Code 7922.600 requires the district to assist a person requesting to inspect or obtain a copy of a public record as specified below. Pursuant to Government Code 7922.605, this assistance is not required if the district grants the request and the records are made available or if the request is denied on the grounds that the records are confidential as specified in Government Code 7920.505.

If the Superintendent or designee denies a request for disclosable records, the requester shall be assisted in making a focused and effective request that reasonably describes an identifiable record. To the extent reasonable under the circumstances, the Superintendent or designee shall do all of the following: (Government Code 7922.600)

1. Assist in identifying records and information responsive to the request or the purpose of the request, if specified

   If, after making a reasonable effort to elicit additional clarifying information from the requester to help identify the record, the Superintendent or designee is still unable to identify the information, this requirement shall be

deemed satisfied.

2. Describe the information technology and physical location in which the records exist

3. Provide suggestions for overcoming any practical basis for denying access to the records or information sought

Provisions of the CPRA shall not be construed so as to delay or obstruct the inspection or copying of public records. Any notification denying a request for public records shall state the name and title of each person responsible for the denial. (Government Code 7922.500, 7922.540)

Policy 1445: Response To Immigration Enforcement

Status: DRAFT

Original Adopted Date: Pending

CSBA NOTE: Pursuant to Education Code 234.7, as amended by AB 495 (Ch. 664, Statutes of 2025), districts are mandated to update their policies by March 1, 2026, with language that is equivalent to the model policy language (2025 MPL) developed by the California Attorney General in "Promoting a Safe and Secure Learning Environment for All: Guidance and Model Policies to Assist California's TK-12 Schools in Responding to Requests for Access and Information for Immigration Enforcement Purposes," (2025 Guidance) published on December 1, 2025. The 2025 Guidance is available on the Office of the Attorney General's website.

This Board policy and the accompanying administrative regulation alone do not necessarily contain all of the 2025 MPL or its equivalent. For more information regarding response to immigration enforcement, additional language that may be equivalent to the 2025 MPL, and related issues, see the accompanying administrative regulation, BP 0410 - Nondiscrimination in District Programs and Activities, BP/AR 0450 - Comprehensive Safety Plan, BP/AR 1340 - Access to District Records, BP/AR 5111 - Admission, AR 5111.1 - District Residency, BP/AR 5125 - Student Records, AR/E 5125.1 - Release of Directory Information, and BP 5131.2 - Bullying. However, each district will need to determine on its own the collection of policy documents that contain the remainder of the 2025 MPL or its equivalent. Therefore, it is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel when determining whether other policies should be updated to comply with the March 1, 2026 deadline.

CDE monitors compliance with the requirement to adopt policies in accordance with Education Code 234.7 during its Federal Program Monitoring (FPM) review process. Additionally, pursuant to Education Code 234.7, as amended by AB 495, districts are required to make their policies that include the 2025 MPL or its equivalent available to the California Department of Education (CDE), which has created a webpage to upload them by March 1, 2026.

The Governing Board is committed to the success of all students and to providing a safe and welcoming place for students, their families, and staff irrespective of their citizenship or immigration status.

Unless required by state or federal law, required to administer a state or federally supported educational program, or presented with a valid judicial subpoena, judicial warrant, or court order, district staff shall not do any of the following:

1. Solicit or collect information or documents regarding the citizenship or immigration status of a student or the student's family members (Education Code 234.7)

2. Seek or require information or documents, to the exclusion of other permissible information or documents, regarding the citizenship or immigration status of a student or the student's family members (Education Code 234.7)

   CSBA NOTE: Unless an exception applies, Education Code 234.7, as amended by AB 495, prohibits district staff, to the extent practicable, from disclosing or providing in writing, verbally, or in any other manner to an officer or employee of an agency conducting immigration enforcement certain information about students or staff. Similarly, unless an exception applies, Government Code 7285.2 prohibits district staff from providing voluntary consent to an immigration enforcement agent to access, review, or obtain employee records.

3. To the extent practicable, disclose or provide in writing, verbally, or in any other manner to an officer or employee of an agency conducting immigration enforcement:

   a. The education records of or any information about a student or a student's family or household such as personal information as defined in Civil Code 1798.3, information about a student's home, or information about a student's travel schedule without parent/guardian written consent (Education Code 234.7)

   b. The personnel records of any district employee, personal information of any district employee as defined in Civil Code 1798.3, or any other confidential employee information (Education Code 234.7; Government Code 7285.2)

   CSBA NOTE: Under the Fourth Amendment to the U.S. Constitution, an officer or employee of an agency conducting immigration enforcement may enter district-provided transportation, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring without a valid judicial warrant or court order if an authorized district employee grants permission. Education Code 234.7, as amended by AB 495, removes the authority of any district

employee to grant such permission. Specifically, unless an exception applies, district staff are prohibited from granting permission to an officer or employee of an agency conducting immigration enforcement to enter a school bus or other transportation provided by the district, a nonpublic area of a school, or a nonpublic area where any school-sponsored program or activity is occurring.

Education Code 234.7 does not address granting permission to enter district property or facilities that are not district schools, such as a district's administrative offices, or district-sponsored activities that are not school-sponsored activities, such as district-wide professional development. However, Government Code 7285.1 prohibits district staff from providing voluntary consent to an immigration enforcement agent to enter any nonpublic area of a place of labor. Item #4 applies the prohibition to all nonpublic areas of any district property or facility and to all district-sponsored activities and should be modified, along with the applicable portion of the accompanying administrative regulation, to reflect district practice.

4. Grant permission to an officer or employee of an agency conducting immigration enforcement to enter a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring (Education Code 234.7; Government Code 7285.1)

CSBA NOTE: Due to federal preemption, state law may not require or permit district staff to obstruct, interfere with, or otherwise impede an officer or employee of an agency conducting immigration enforcement who nonetheless enters a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring. The following paragraph reiterates this caution.

However, district staff shall not obstruct, interfere with, or otherwise impede an officer or employee of an agency conducting immigration enforcement who nonetheless enters district-provided transportation, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring.

CSBA NOTE: Education Code 234.7, as amended by AB 495, requires the Superintendent to report to the Governing Board in a timely manner, and in a manner that ensures the confidentiality and privacy of any potentially identifying information, any requests for information or access to any district-provided transportation, a nonpublic area of any school, or a nonpublic area where any school-sponsored program or activity is occurring by an officer or employee of a law enforcement agency for the purpose of enforcing the immigration laws. In light of the scope of Item #4 above, the following paragraph also encompasses requests for access to a nonpublic area of any district property or facilities, or a nonpublic area where any district-sponsored program or activity is occurring.

The Superintendent or designee shall report to the Board in a timely manner any requests by an officer or employee of an agency conducting immigration enforcement for any of the following: (Education Code 234.7)

1. Education records of or any information about a student or a student's family or household

2. Personnel records of any district employee, personal information of any district employee as defined in Civil Code 1798.3, or any other confidential employee information

3. Permission to enter a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring

Such reports shall be provided in a manner that ensures the confidentiality and privacy of any potentially identifying information. (Education Code 234.7)

CSBA NOTE: Education Code 234.1 mandates that districts adopt policy prohibiting discrimination, harassment, intimidation, and bullying based on the actual or perceived characteristics set forth in Education Code 220 and Penal Code 422.55. Education Code 234.1 expressly includes immigration status among the protected categories. For language fulfilling this mandate, see BP 0410 - Nondiscrimination in District Programs and Activities and BP 5145.3 - Nondiscrimination/Harassment.

In accordance with law, Board Policy 0410 - Nondiscrimination in District Programs and Activities, and Board Policy 5145.3 - Nondiscrimination/Harassment, no student shall be denied equal rights and opportunities, nor be subjected to unlawful discrimination, harassment, intimidation, or bullying in the district's programs and activities on the basis of the student's or family's immigration status or for the refusal to provide information related to the student's or family's immigration status. (Education Code 200, 220, 234.1)

CSBA NOTE: Government Code 8310.3 prohibits districts from disclosing information about immigration status or religion for use in the compilation of a registry for immigration enforcement or otherwise assisting in the creation of

such a registry. The 2025 MPL contains a similar prohibition. For more information regarding the prohibition of disclosing information for use in the compilation of a registry for immigration enforcement purposes, see BP 0410 - Nondiscrimination in District Programs and Activities and BP 5125 - Student Records.

Resources and data collected by the district shall not be used, directly or by others, to compile a list, registry, or database of individuals based on national origin, immigration status, religion, or other category of individual characteristics protected against unlawful discrimination. (Government Code 8310.3)

CSBA NOTE: Pursuant to Education Code 234.7, as amended by AB 495, a district is required to provide parents/guardians with specified information regarding their children's right to a free public education regardless of immigration status, and other related information. For more information, see the accompanying administrative regulation.

The Superintendent or designee shall provide parents/guardians with information and notifications as specified in Education Code 234.7, including information regarding their children's right to a free public education regardless of immigration status or religious beliefs and their rights related to immigration enforcement.

The Superintendent or designee shall develop procedures for, and may provide training to staff on, interactions with an officer or employee of an agency conducting immigration enforcement, including a request for any of the following:

1. Education records of or any information about a student or a student's family or household
2. Personnel records of any district employee, personal information of any district employee as defined in Civil Code 1798.3, or any other confidential employee information
3. Permission to enter a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring

Complaints alleging discrimination, harassment, intimidation, and bullying based on actual or perceived immigration status shall be filed in accordance with Board Policy/Administrative Regulation 1312.3 - Uniform Complaint Procedures.

The Superintendent or designee shall provide to the California Department of Education, upon request and in the manner requested, copies of this policy, any associated administrative regulation, and any other Board policies and administrative regulations required by Education Code 234.7.

Draft

Draft

Regulation 1445: Response To Immigration Enforcement

Status: DRAFT

Original Adopted Date: Pending

CSBA NOTE: Pursuant to Education Code 234.7, as amended by AB 495 (Ch. 664, Statutes of 2025), districts are mandated to update their policies by March 1, 2026, with language that is equivalent to the model policy language (2025 MPL) developed by the California Attorney General in "Promoting a Safe and Secure Learning Environment for All: Guidance and Model Policies to Assist California's TK-12 Schools in Responding to Requests for Access and Information for Immigration Enforcement Purposes," (2025 Guidance) published on December 1, 2025. The 2025 Guidance is available on the Office of the Attorney General's website.

This administrative regulation and the accompanying Board policy alone do not contain all of the 2025 MPL or its equivalent. For more information regarding response to immigration enforcement, additional language that may be equivalent to the 2025 MPL, and related issues, see the accompanying Board policy, BP 0410 - Nondiscrimination in District Programs and Activities, BP/AR 0450 - Comprehensive Safety Plan, BP/AR 1340 - Access to District Records, BP/AR 5111 - Admission, AR 5111.1 - District Residency, BP/AR 5125 - Student Records, AR/E 5125.1 - Release of Directory Information, and BP 5131.2 - Bullying. However, each district will need to determine on its own the collection of policy documents that contain the remainder of the 2025 MPL or its equivalent. Therefore, it is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel when determining whether other policies should be updated to comply with the March 1, 2026 deadline.

The 2025 Guidance recommends that, if feasible, districts designate an immigrant affairs liaison to facilitate training programs for staff, help provide non-legal advice to families, and assist in communications with other educational agencies and local and state government stakeholders. The following administrative regulation should be revised to reflect any such position established by the district and its responsibilities.

Responding to Requests for Information or Documents

CSBA NOTE: Unless an exception applies, Education Code 234.7, as amended by AB 495, prohibits district staff, to the extent practicable, from disclosing or providing in writing, verbally, or in any other manner to an officer or employee of an agency conducting immigration enforcement most student or personnel records.

Upon receiving any request by an officer or employee of an agency conducting immigration enforcement for information about a student, a student's family or household, or a district employee as described in the accompanying Board policy, district staff shall deny the request, to the extent practicable, unless any of the following apply: (Education Code 234.7; 34 CFR 99.30, 34 CFR 99.31)

1. The request is for student directory information

   District staff shall respond to the request in accordance with Board Policy/Administrative Regulation 5125.1 - Release of Directory Information.

2. The district is required to release the records or information by state or federal law, in order to administer a state or federally supported educational program, or due to a valid judicial subpoena, judicial warrant, or court order

3. For records or information about a student or a student's family or household, the parent/guardian has provided written consent unless prohibited by a valid judicial subpoena, judicial warrant, or court order, or in cases involving investigation of child abuse, neglect, or dependency or, if the student is at least 18 years age, the student has provided written consent

   Such written consent shall include all of the following: (34 CFR 99.30)

   a. The signature and signature date of the parent/guardian, or student if the student is at least 18 years of age

   b. A description of the records to be disclosed

   c. The reason for the release of information

   d. The parties or class of parties receiving the information

   e. A copy of the records to be released, if requested by the parent/guardian or student

CSBA NOTE: The following list is consistent with the 2025 MPL but not required by law, and should be modified to reflect district practice and the applicable collective bargaining agreement.

4. For records or information about a district employee, the employee has provided written consent and the district's human resource department or equivalent has been consulted

   Such written consent shall include all of the following:

   a. The signature and signature date of the employee

   b. A description of the records to be disclosed

   c. The reason for the release of information

   d. The parties or class of parties receiving the information

   e. A copy of the records to be released, if requested by the employee

CSBA NOTE: The following list is consistent with the 2025 MPL but not required by law, and should be modified to reflect district practice and, for Item #3, the applicable collective bargaining agreement.

Regardless of whether the district discloses the requested records or information, district staff shall do all of the following when such a request has been received:

1. Make a copy of the request and notify the Superintendent or designee

2. For requests regarding student information, provide the student's parent/guardian, or the student, if the student is at least 18 years of age, with notice, a description of the request, and any documentation provided to the district describing the request, unless prohibited by a valid judicial subpoena, judicial warrant, or court order, or in cases involving investigation of child abuse, neglect, or dependency

3. For requests regarding district employee information, provide the employee with notice, a description of the request, and any documentation provided to the district describing the request, unless prohibited by a valid judicial subpoena, judicial warrant, or court order

In accordance with law and Board Policy 5125 - Student Records, the Superintendent or designee shall annually notify parents/guardians that the district will not release student information to third parties for immigration enforcement purposes, unless the parent/guardian consents or as required to do so by a valid judicial subpoena, judicial warrant or court order.

Responding to Requests for Access to Students or for Access to District-Provided Transportation, Nonpublic Area of District Property or Facility, or Nonpublic Area in which District-Sponsored Activity is Occurring

CSBA NOTE: Under the Fourth Amendment to the U.S. Constitution, an officer or employee of an agency conducting immigration enforcement may enter district-provided transportation, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring without a valid judicial warrant or court order if an authorized district employee gives permission. Education Code 234.7, as amended by AB 495, removes the authority of any district employee to give such permission. Specifically, unless an exception applies, district staff are prohibited from granting permission to an officer or employee of an agency conducting immigration enforcement to enter a school bus, or other transportation provided by the district, a nonpublic area of a school, or a nonpublic area in a which school-sponsored program or activity is occurring.

Education Code 234.7 does not address granting permission to enter district property or facilities that are not district schools, such as a district's administrative offices, or district-sponsored activities that are not school-sponsored activities, such as district-wide professional development. However, Government Code 7285.1 prohibits districts staff from providing voluntary consent to an immigration enforcement agent to enter any nonpublic areas of a place of labor. This section applies the prohibition to all nonpublic areas of any district property or facility and to all district-sponsored activities and should be modified, along with the applicable portion of the accompanying Board policy, to reflect district practice.

If an officer or employee of an agency conducting immigration enforcement requests access to a student, such as for purposes of interviewing, searching, or detaining the student, or permission to enter a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where

Draft

any district-sponsored program or activity is occurring, district staff shall take the following actions:

CSBA NOTE: The following list is consistent with the 2025 MPL but not required by law, and should be modified to reflect district practice.

1. Advise the officer or employee that before district staff can respond to the request, they must first receive notification and direction from the Superintendent, principal, or designee

2. Request to see and record or otherwise document the officer's or employee's valid identification, including the officer's or employee's name and, if applicable, badge number, the phone number of the officer's or employee's supervisor

3. Request that the officer or employee produce any documentation that authorizes the officer's or employee's request, make copies of all such documentation, and retain at least one copy for district records

4. Contact and consult with the district's legal counsel or Superintendent or designee

5. Follow the direction from the district's legal counsel or Superintendent or designee

For a request to access a student, the district shall deny the request unless any of the following apply: (Education Code 234.7)

1. The officer or employee provides a valid judicial warrant or court order

2. District staff receives parent/guardian consent or, if the student is at least 18 years of age, the student's consent, unless the officer or employee presents a valid judicial warrant or court order that authorizes and directs the district to give such permission without parent/guardian consent or, if the student is at least 18 years of age, the student's consent

Regardless of whether the officer or employee is given access to the student, the student's parent/guardian shall be immediately notified, unless prohibited by a valid judicial warrant or court order, or in cases involving investigations of child abuse, neglect, or dependency. (Education Code 48906)

Additionally, district staff shall notify the Superintendent or designee as early as possible of any request by an officer or employee of an agency conducting immigration enforcement for access to a student. (Education Code 234.7)

For a request for permission to enter a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring, the district shall deny the request unless any of the following apply: (Education 234.7)

1. The officer or employee provides a valid judicial warrant or court order

2. Permission is required to be granted by state or federal law or in order to administer a state or federally supported educational program

3. The officer or employee is a sworn law enforcement officer, declares that exigent circumstances exist, and demands immediate access

In this situation, district staff shall comply with the officer's or employee's orders and immediately contact the Superintendent or designee and then the district's legal counsel.

CSBA NOTE: While not required by law, the 2025 MPL includes requirements that the district post signs at school entrances containing school hours and registration requirements and that the district adopt measures for responding to outsiders in a manner that avoids classroom interruptions. For procedures applicable to all visitors, see BP/AR 1250 - Visitors/Outsiders.

An officer or employee of an agency conducting immigration enforcement who, pursuant to this administrative regulation, is granted permission to enter district property or facilities which are not open to all visitors shall first register in accordance with Board Policy 1250 - Visitors/Outsiders, except in cases where the officer or employee is a sworn law enforcement officer and states that exigent circumstances exist. (Penal Code 627.2, 627.3)

CSBA NOTE: The following paragraph is consistent with the 2025 MPL but not required by law, and should be

modified to reflect district practice.

The Superintendent or designee shall email the Bureau of Children's Justice in the California Department of Justice (BCJ@doj.ca.gov) regarding any attempt by a law enforcement officer to access a student or a school site for immigration enforcement purposes.

Responding to Immigration Enforcement Activity on District Property

CSBA NOTE: Pursuant to Education Code 32282, as amended by SB 98 (Ch. 124, Statutes of 2025), comprehensive school safety plans are, by March 1, 2026, required to include procedures specifically designed to notify parents/guardians and district staff when a school confirms the presence of immigration enforcement on the school site.

When any officer or employee of an agency conducting immigration enforcement is actually or imminently present on district property, district staff shall notify staff working at the property and, if the district property is a school, the parents/guardians of students at the school in accordance with Board Policy/Administrative Regulation 0450 - Comprehensive Safety Plan.

CSBA NOTE: The following paragraph is consistent with the 2025 MPL but not required by law, and should be modified to reflect district practice, including whether the district maintains a district police or security department.

District staff shall report the presence of any officer or employee of an agency conducting immigration enforcement on district property to district police and other appropriate administrators.

CSBA NOTE: Due to federal preemption, state law may not require or permit district staff to obstruct, interfere with, or otherwise impede an officer or employee of an agency conducting immigration enforcement who nonetheless enters a school bus, any other transportation provided by the district, a nonpublic area of any district property or facility, or a nonpublic area where any district-sponsored program or activity is occurring. The following paragraph reiterates this caution.

District staff shall not obstruct, interfere with, or otherwise impede, or attempt to obstruct, interfere with, or otherwise impede, any officer or employee of an agency conducting immigration enforcement, even if the officer or employee appears to be acting outside the law or in excess of the stated or documented authorization. If such an officer or employee enters the premises without consent, district staff shall document their actions but only to the extent that documentation does not impede their actions and shall, at all times, obey any direction from such officers or employees.

After all officers and employees of an agency conducting immigration enforcement leave, each district staff member who observed or interacted with them shall promptly provide the following to the district's legal counsel or other district official designated by the Superintendent:

CSBA NOTE: The following list is consistent with the 2025 MPL but not required by law, and should be modified to reflect district practice.

1. Copies of any information and documents collected from the officers or employees such as valid identification, name, badge number, phone number of the officer's or employee's supervisor, and documentation that authorizes the officer's or employee's request

2. The identity of all other district staff known to have communicated with the officers or employee

3. A description of all requests and activities by the officers and employees

4. The type of documentation, such as a warrant or subpoena, that authorized the officer's or employee's request or actions

5. District staff's response to the officer's or employee's request

6. Written notes of any other actions taken by and any other interactions with any officer or employee

Responding to the Detention or Deportation of Student's Parent/Guardian

The Superintendent or designee shall encourage parents/guardians to update their emergency contact information as needed at any time. The Superintendent or designee shall notify parents/guardians that the district will only use information provided on the emergency cards in response to specific emergency situations and not for any other

purpose. (Education Code 234.7)

CSBA NOTE: The following list is consistent with the 2025 MPL but not required by law, and should be modified to reflect district practice.

Additionally, the Superintendent or designee may encourage all students and families to learn their emergency phone numbers and be aware of the location of important documentation, including birth certificates, passports, social security cards, physicians' contact information, medication lists, lists of allergies, and other such information that would allow the students and families to be prepared in the event that a student's parent/guardian is detained or deported.

CSBA NOTE: Family Code 6552, as amended by AB 495, changes the definition of "relative", for purposes of a Caregiver's Authorization Affidavit, to include any adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including all stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand." The 2025 Guidance encourages families to consider completing a Caregiver Authorization Affidavit, which would give a relative the authority to make educational and medical decisions for the student.

In the event that a student's parent/guardian is detained or deported, the Superintendent or designee shall release the student to the person(s) designated in the student's emergency contact information or to any individual who presents a caregiver's authorization affidavit on behalf of the student. The Superintendent or designee shall only contact child protective services if district personnel are unable to arrange for the timely care of the student by the person(s) designated in the emergency contact information maintained by the school or identified on a caregiver's authorization affidavit. (Education Code 234.7)

CSBA NOTE: Education Code 48204.4 provides that a student complies with district residency requirements if the student's parent/guardian was a resident of California and departed against the parent/guardian's will due to a transfer by a government agency that had custody of the parent/guardian, a lawful order from a court or government agency authorizing removal, or removal or departure pursuant to the federal Immigration and Nationality Act. For more information regarding district residency, see AR 5111.1 - District Residency.

In an instance where a student's parent/guardian was detained or deported, the Superintendent or designee shall notify the student, as well as the individuals designated in the student's emergency contact information and any individual who presented a caregiver's authorization affidavit on behalf of the student, that the student continues to meet the residency requirements for attendance in the district if the student and the student's parent/guardian who was detained or deported satisfy the conditions as specified in Education Code 48204.4.

CSBA NOTE: The following paragraph is consistent with the 2025 MPL but not required by law, and should be deleted or modified to reflect district practice.

The Superintendent or designee may refer a student or the student's family members to other resources for assistance, including, but not limited to, an U.S. Immigrant and Customs Enforcement detainee locator, legal assistance, or the consulate or embassy of the parent/guardian's country of origin.

Policy 5125: Student Records

Status: DRAFT

Original Adopted Date: 10/22/2018 **| Last Revised Date:** 09/11/2025

CSBA NOTE: The following mandated policy and accompanying administrative regulation address student records, which are governed by both federal and state law, including the Family Educational Rights and Privacy Act (FERPA) (20 USC 1232g, 34 CFR 99.1-99.8), the Protection of Pupil Rights Amendment (PPRA) (20 USC 1232h), the Children's Online Privacy Protection Act (COPPA) (15 USC 6501-6506, 16 CFR 312), Education Code 49069.7 and 49073.1, K-12 Pupil Online Personal Information Protection Act (Business and Professions Code 22584), Early Learning Personal Information Protection Act (Business and Professions Code 22586), and 5 CCR 430-438. For information regarding public access to certain records in accordance with the California Public Records Act (CPRA) (Government Code 7920.000 - 7930.215), see BP/AR 1340 - Access to District Records and BB 9012 - Board Member Electronic Communications. For information regarding retention of records, see BP/AR 3580 - District Records and AR 4112.6/4212.6/4312.6 - Personnel Files.

Pursuant to 5 CCR 431, districts are mandated to establish policies and procedures to implement state law and regulations regarding student records, including policies and procedures which (1) enumerate and describe the student records collected and maintained by the district, (2) ensure security of the records, and (3) guarantee access to authorized persons within five days of a request. Education Code 49069.7 mandates procedures related to review of student records by parent/guardian. See the accompanying administrative regulation for additional language implementing these mandates.

The Governing Board recognizes the importance of keeping accurate, comprehensive student records as required by law. The Superintendent or designee shall establish administrative regulations governing the identification, collection, retention, disclosure, and security of student records. These regulations shall ensure the rights of authorized persons to have timely access to student records while maintaining the confidentiality of student records in accordance with state and federal law.

The Superintendent or designee shall designate a certificated employee to serve as custodian of records with responsibility for student records at the district level. At each school, the principal or a certificated employee shall be designated as custodian of records for students enrolled at that school. The custodian of records shall be responsible for implementing Board policy and administrative regulation regarding student records. (5 CCR 431)

CSBA NOTE: The privacy of online information of students in prekindergarten (preK) through grade 12 is addressed in Privacy Rights for California Minors in the Digital World (Business and Professions Code 22580-22582), the K-12 Pupil Online Personal Information and Protection Act (Business and Professions Code 22584-22585), and the Early Learning Personal Information Protection Act (Business and Professions Code 22586-22587), which prohibit an operator of a website, online service or application, or mobile application from knowingly using, disclosing, or compiling the personal information of a minor for the purpose of marketing or advertising specified types of products or services; allowing a third party to use, disclose, or compile such information; or selling or disclosing specified student information or knowingly using such student information to engage in targeted advertising to students or parents/guardians or to amass a profile about a preK-12 student. Covered student information includes any personally identifiable information or materials created or provided by a student, parent/guardian, or district employee, such as name, contact information, educational record, discipline records, test results, health records, and socioeconomic information. Pursuant to Business and Professions Code 22584 and 22586, an operator is required to delete data under the control of the school or district upon the request of the school or district. However, Business and Professions Code 22584 does not require the deletion of student records held by a national assessment provider when the records only include standardized test results.

Additionally, pursuant to Business and Professions Code 22584 and 22586, an operator is required to delete a student's covered information that is not subject to the California Consumer Privacy Act which is under the operator's control, as specified below. Business and Professions Code 22584 and 22586 do not require the deletion of mandatory permanent student records or any official records or files directly related to a student and maintained by the operator, school, or district.

If student records containing covered information which is not subject to the California Consumer Privacy Act are under the control of the operator of a website, online service or application, or mobile application, and the student's parent/guardian or the student, if 18 years of age or older, requests deletion of such records, the Superintendent or designee shall provide documentation to the operator that the student has not been enrolled in the district for at least 60 days. (Business and Professions Code 22584)

All appropriate personnel shall receive training regarding district policies and procedures for gathering and handling sensitive student information, including which information should not be solicited.

CSBA NOTE: Pursuant to Education Code 49076.7, a district is prohibited from soliciting or collecting social security numbers or the last four digits of social security numbers of students or their parents/guardians, unless otherwise required to do so by state or federal law. One such exception is the collection of the last four digits of the social security number for the purpose of establishing eligibility for a federal benefit program.

The district shall not collect or solicit social security numbers or the last four digits of social security numbers of students or their parents/guardians, unless otherwise required to do so by state or federal law. (Education Code 49076.7)

CSBA NOTE: Unless an exception applies, Education Code 234.7, as amended by AB 495 (Ch. 664, Statutes of 2025), prohibits the collection and disclosure of information or documents regarding the citizenship or immigration status of students or their family members. For more information regarding the prohibition against collecting and disclosing citizenship or immigration status of students or their family members, and limited exceptions, see BP/AR 1445 - Response to Immigration Enforcement and BP/AR 1340 - Access to District Records.

The immigration or citizenship status of a student or a student's family member may only be collected and disclosed in accordance with Board Policy/Administrative Regulation 1445 - Response to Immigration Enforcement.

The district or any district employee shall not compile a list, registry, or database based on students' national origin, ethnicity, or religious belief, practice, or affiliation, or disclose student information to federal government authorities for the purpose of compiling such a list, registry, or database for purposes of immigration enforcement. This prohibition does not apply to information that is aggregated and is not personally identifiable. (Government Code 8310.3)

CSBA NOTE: Pursuant to Family Code 6323.5, districts are required to develop protocols to comply with a court's restraining order that prohibits a party from accessing records and information pertaining to the education, daycare, health care, recreational activities, or employment of a minor child of the parties, which may include prohibiting access to a parent/guardian who would otherwise be entitled to the records. The protocols must, at a minimum, (1) designate an appropriate employee(s) who is responsible for receiving protective order(s), (2) establish a means of ensuring that the restrained party is not able to access the prohibited records or information, and (3) implement a procedure for submitting a copy of the restraining order including confirmation of when and to whom it was submitted. It is recommended that districts with questions about complying with these procedures consult CSBA's District and County Office of Education Legal Services or district legal counsel.

The Superintendent or designee shall develop protocols to comply with a court's restraining order that prohibits a party from accessing specified records and information pertaining to a student. (Family Code 6323.5)

Student Records from Social Media

CSBA NOTE: The following section is optional and may be revised to reflect district practice. Pursuant to Education Code 49073.6, any district considering a program to gather information from students' social media activity, as defined, is required to first notify students and parents/guardians and provide an opportunity for public comment. The notification may be provided as part of the annual parent/guardian notification required pursuant to Education Code 48980. If such a program is then adopted, the district is required to comply with program requirements reflected in "Student Records from Social Media" in the accompanying administrative regulation.

It is recommended that the district consult CSBA's District and County Office of Education Legal Services or district legal counsel before gathering any other online information that does not meet the definition of social media in Education Code 49073.6.

The Superintendent or designee may gather and maintain information from the social media of any district student, provided that the district first notifies students and parents/guardians about the proposed program, offers an opportunity for public comment at a regularly scheduled Board meeting, and gathers only information that directly pertains to school safety or student safety. (Education Code 49073.6)

Retention, Disclosure, and Security of Student Records

CSBA NOTE: The use of artificial intelligence (AI) may pose risks to keeping student records private and secure. CSBA's, "Understanding Artificial Intelligence in K-12 Education: What Governance Teams Should Know," cautions districts to consider whether information about students shared with or stored in an AI-enabled system is subject to federal or state privacy laws and whether interactions between students and AI systems may create records that are required to be protected by law, such as when a chatbot or automated tutor generates written guidance to a student.

Pursuant to Education Code 33328.5, the Superintendent of Public Instruction has convened a working group related to AI in public schools in order to develop guidance on the safe use of AI in education and, subsequently, to develop a model policy on the safe and effective use of AI. For more information on AI, see BP 0441 - Artificial Intelligence, BP/E(1) 4040 - Employee Use of Technology, BP 5131.9 - Academic Honesty, and BP/AR 6163.4 - Student Use of Technology.

The Superintendent or designee shall ensure the confidentiality of student records as required by law and shall establish processes and procedures to safeguard data against damage, loss, or theft, including damage, loss, or theft which may be caused by the use of technology, including artificial intelligence and breaches to the district's digital infrastructure, in the retention or disclosure of student records.

The Superintendent or designee shall ensure that employees receive information and training about cybersecurity, including ways to protect student records from breaches to the district's digital infrastructure.

If the district experiences a cyberattack that impacts more than 500 students or personnel, the Superintendent or designee shall report the cyberattack to the California Cybersecurity Integration Center. (Education Code 35266)

CSBA NOTE: Education Code 49073.1 authorizes districts to enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or for software designed for this purpose. A district that chooses to enter into such a contract is mandated to adopt policy allowing such contracts and is required to ensure that the contract includes all the provisions specified in Education Code 49073.1. Also see BP 3312 - Contracts.

The Superintendent or designee may enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or to authorize a third party provider of digital software to access, store, and use student records, provided that the contract meets the requirements of Education Code 49073.1 and other applicable state and federal laws

Regulation 5125: Student Records **Status:** DRAFT

Original Adopted Date: 10/22/2018 **| Last Revised Date:** 09/11/2025

CSBA NOTE: The following mandated administrative regulation and accompanying Board policy address student records, which are governed by both federal and state law, including the Family Educational Rights and Privacy Act (FERPA) (20 USC 1232g, 34 CFR 99.1-99.8), the Protection of Pupil Rights Amendment (PPRA) (20 USC 1232h), the Children's Online Privacy Protection Act (COPPA) (15 USC 6501-6506, 16 CFR 312), Education Code 49069.7 and 49073.1, K-12 Pupil Online Personal Information Protection Act (Business and Professions Code 22584), Early Learning Personal Information Protection Act (Business and Professions Code 22586), and 5 CCR 430-438. For information regarding public access to certain records in accordance with the California Public Records Act (CPRA) (Government Code 7920.000 - 7930.215), see BP/AR 1340 - Access to District Records and BB 9012 - Board Member Electronic Communications. For information regarding retention of records, see BP/AR 3580 - District Records and AR 4112.6/4212.6/4312.6 - Personnel Files.

Pursuant to 5 CCR 431, districts are mandated to establish policies and procedures to implement state law and regulations regarding student records, including policies and procedures which (1) enumerate and describe the student records collected and maintained by the district, (2) ensure security of the records, and (3) guarantee access to authorized persons within five days of a request. Education Code 49069.7 mandates procedures related to review of student records by parents/guardians. The following administrative regulation includes language implementing these mandates.

Definitions

Access means a personal inspection and review of a record or an accurate copy of a record, or receipt of an accurate copy of a record or an oral description or communication of a record, and a request to release a copy of any record. (Education Code 49061)

Adult student is a person who is or was enrolled in the district and who is at least 18 years of age. (5 CCR 430)

Attendance includes, but is not limited to, attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunication technologies for students who are not physically present in the classroom, and the period during which a person is working under a work-study program. (34 CFR 99.3)

Contractor or consultant is anyone with a formal written agreement or contract with the district regarding the provision of services or functions outsourced by the district. Contractor or consultant shall not include a volunteer or other party. (Education Code 49076)

County placing agency means the county social service department or county probation department. (Education Code 49061)

Custodian of records is the employee responsible for the security of student records maintained by the district and for devising procedures for assuring that access to such records is limited to authorized persons. (5 CCR 433)

Disclosure means to permit access to, or the release, transfer, or other communication of, personally identifiable information contained in student records to any party, except the party that provided or created the record, by any means including oral, written, or electronic. (34 CFR 99.3)

CSBA NOTE: Education Code 49063 requires districts to include the criteria for defining "school officials and employees" in their annual notification. 34 CFR 99.31 defines "school officials and employees" for purposes of determining who may be given personally identifiable information from student records. In 73 Fed.Reg. 74815 (2008), the U.S. Department of Education (USDOE) stated that local agencies are in the best position to determine the types of parties who may serve as school officials. Examples cited include school transportation officials (including bus drivers), school nurses, practicum and fieldwork students, unpaid interns, consultants, contractors, volunteers, and other outside parties providing institutional services and performing institutional functions, provided that each of the requirements in 34 CFR 99.31 has been met. For accuracy, this Board policy uses the phrase "district officials and employees" rather than the phrase "school officials and employees," which is used in the applicable laws and regulations.

District officials and employees are officials or employees, including teachers, whose duties and responsibilities to the district, whether routine or as a result of special circumstances, require access to student records. (34 CFR 99.31)

CSBA NOTE: Education Code 49063 requires districts to include the criteria for defining "legitimate educational interest" in their annual notification.

Legitimate educational interest is an interest held by any district official, employee, contractor, or consultant whose official duties, responsibilities, or contractual obligations to the district, whether routine or as a result of special circumstances, require access to information contained in student records.

Mandatory interim student records are those records which the district is directed to compile and maintain for specified periods of time and are then destroyed in accordance with state law, regulation, or administrative directive. (5 CCR 430)

Mandatory permanent student records are those records which are maintained in perpetuity and which the district has been directed to compile by state law, regulation, or administrative directive. (5 CCR 430)

Parent/guardian means a natural parent, an adopted parent, legal guardian, surrogate parent, or foster parent. (Education Code 49061, 56050, 56055)

Permitted student records are those records having clear importance only to the current educational process of the student. (5 CCR 430)

Personally identifiable information includes, but is not limited to: (34 CFR 99.3)

1. The student's name
2. The name of the student's parent/guardian or other family members
3. The address of the student or student's family

   CSBA NOTE: Pursuant to 34 CFR 99.3, the definition of "personally identifiable information" includes a personal identifier such as a student's social security number. Education Code 49076.7 prohibits districts from collecting or soliciting social security numbers, or the last four digits of social security numbers, from students or their parents/guardians unless otherwise required to do so by state or federal law. If a social security number is collected under such circumstances, it must be classified as personally identifiable information and is subject to the restrictions related to access or de-identification of records specified in 34 CFR 99.30-99.39 and this administrative regulation.
4. A personal identifier, such as the student's social security number, student number, or biometric record (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting)
5. Other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name
6. Other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty
7. Information requested by a person who the district reasonably believes knows the identity of the student to whom the student record relates

Student means any individual who is or has been in attendance at the district and regarding whom the district maintains student records. (34 CFR 99.3)

CSBA NOTE: USDOE and the U.S. Department of Health and Human Services', "Joint Guidance on the Application of the Family Educational Rights and Privacy Act (FERPA) and the Health Insurance Portability and Accountability Act of 1996 (HIPAA) to Student Health Records," clarifies that a student's immunization and health record maintained by the district is a "student record" subject to FERPA.

Student records are any items of information (in handwriting, print, tape, film, computer, or other medium) gathered within or outside the district that are directly related to an identifiable student and maintained by the district, required to be maintained by an employee in the performance of the employee's duties, or maintained by a party acting for the district. Any information maintained for the purpose of second-party review is considered a student record. Student records include the student's health record. (Education Code 49061, 49062; 5 CCR 430; 34 CFR 99.3)

Student records do not include: (Education Code 49061, 49062; 34 CFR 99.3)

1. Directory information

2. Informal notes compiled by a district official or employee which remain in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to any other person except a substitute employee

   CSBA NOTE: USDOE guidance, "School Resource Officers, School Law Enforcement Units, and the Family Educational Rights and Privacy Act (FERPA)," clarifies that records created by the district's law enforcement unit, such as student images appearing on security videotapes, are not considered student records under FERPA as long as the records are created for a law enforcement purpose.

3. Records of the law enforcement unit of the district, as specified in 34 CFR 99.8

4. Records created or received by the district after an individual is no longer a student and that are not directly related to the individual's attendance as a student

5. Grades on peer-graded papers before they are collected and recorded by a teacher

Persons Granted Absolute Access

In accordance with law, absolute access to any student records shall be granted to:

CSBA NOTE: Pursuant to Family Code 6323.5, districts are required to develop protocols to comply with a court's restraining order that prohibits a party from accessing records and information pertaining to the education, daycare, health care, recreational activities, or employment of a minor child of the parties, which may include a parent/guardian who would otherwise be entitled to the records. The accompanying Board policy specifies this requirement.

1. Parents/guardians of students younger than 18 years of age, including the parent who is not the student's custodial parent (Education Code 49069.7; Family Code 3025)

   However, the district shall not disclose student records to a party, including a parent/guardian, who is legally prohibited from accessing records and information of a student pursuant to a restraining order. (Family Code 6323.5)

2. An adult student, or a student under 18 years of age, who attends a postsecondary institution, in which case the student alone shall exercise rights related to the student's records and grant consent for the release of records (34 CFR 99.3, 99.5)

   CSBA NOTE: Pursuant to Education Code 56041.5, all the rights accorded to the parent/guardian of a student with exceptional needs, including the right to access student records, are transferred to the student at 18 years of age, except when the student has been declared incompetent under state law.

3. Parents/guardians of an adult student with exceptional needs who is 18 years of age or older and has been declared incompetent under state law (Education Code 56041.5)

Access for Limited Purpose/Legitimate Educational Interest

The following persons or agencies shall have access to those particular records that are relevant to their legitimate educational interest or other legally authorized purpose:

CSBA NOTE: Education Code 49076 and 34 CFR 99.31 require that access to relevant records be given to parents/guardians of a dependent child, defined by 26 USC 152 as one who lives with a parent/guardian for more than half the taxable year, meets the specified age requirements, has not provided more than half of one's own support during that year, and has not filed a joint tax return with a spouse.

1. Parents/guardians of a student 18 years of age or older who is a dependent child as defined in 26 USC 152 (Education Code 49076; 34 CFR 99.31)

2. Students who are 16 years of age or older or who have completed the 10th grade (Education Code 49076)

3. District officials and employees, consistent with the definition provided in "Definitions," above (Education

Draft

Code 49076; 34 CFR 99.31)

4. Members of a school attendance review board (SARB) appointed pursuant to Education Code 48321 who are authorized representatives of the district and any volunteer aide 18 years of age or older who has been investigated, selected, and trained by the SARB to provide follow-up services to a referred student (Education Code 49076)

5. Officials and employees of other districts, school systems, or postsecondary institutions where the student intends or is directed to enroll, including local, county, or state correctional facilities where educational programs leading to high school graduation are provided, or where the student is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer (Education Code 49076; 34 CFR 99.31)

CSBA NOTE: 34 CFR 99.34 requires the district to make a reasonable attempt to notify the parent/guardian or adult student when the district discloses certain information as described in the following paragraph. However, if the district includes a statement in its annual parent/guardian notification that the district may forward education records under such circumstances, it is not obligated to individually notify parents/guardians or adult students. The following optional paragraph may be deleted by districts that include such a statement in their annual parent/guardian notification. See "Notification of Parents/Guardians," below.

Unless the annual parent/guardian notification issued pursuant to Education Code 48980 includes a statement that the district may disclose students' personally identifiable information to officials of another district, school system, or postsecondary institution where the student seeks or intends to enroll, the Superintendent or designee shall, when such a disclosure is made, make a reasonable attempt to notify the parent/guardian or adult student at the last known address, provide a copy of the record that is disclosed, and give the parent/guardian or adult student an opportunity for a hearing to challenge the record. (34 CFR 99.34)

CSBA NOTE: Item #6 is for use by districts that maintain high schools. Education Code 69432.9 provides that all students in grade 12 will be considered Cal Grant applicants and will have their grade point average (GPA) submitted to the Student Aid Commission, unless they opt out or are permitted under Commission rules to submit test scores in lieu of the GPA. Education Code 69432.9 requires that the report be submitted on a standardized form provided by the Commission. Pursuant to Education Code 69432.92, the Commission may also require that districts submit verification of high school graduation or its equivalent for all students who graduated in the prior academic year, except for students who have opted out.

Education Code 69432.9 requires that parents/guardians be notified that their child's GPA will be forwarded, unless they opt out within the time period specified in the notice. This notification may be included in the annual parent/guardian notification issued pursuant to Education Code 48980.

6. The Student Aid Commission, to provide the grade point average (GPA) of all district students in grade 12 and, when required, verification of high school graduation or its equivalent of all students who graduated in the prior academic year, for use in the Cal Grant postsecondary financial aid program

   However, such information shall not be submitted when students opt out or are permitted by the rules of the Student Aid Commission to provide test scores in lieu of the GPA. (Education Code 69432.9, 69432.92)

   No later than January 1 each year, the Superintendent or designee shall notify each student in grade 11, and the student's parents/guardians if the student is under 18 years of age, that the student's GPA will be forwarded to the Student Aid Commission by October 1, unless the student opts out within a period of time specified in the notice, which shall not be less than 30 days. (Education Code 69432.9)

   Students' social security numbers shall not be included in the submitted information unless the Student Aid Commission deems it necessary to complete the financial aid application and the Superintendent or designee obtains permission from the student's parent/guardian, or from the adult student, to submit the social security number. (Education Code 69432.9)

CSBA NOTE: Item #7 is for use by districts that serve students in grades 9-12. Pursuant to Education Code 60900, districts are required to enter into a data sharing agreement with the California College Guidance Initiative (CCGI), and by June 30, 2026, submit data for students in grades 9-12, as specified. Pursuant to Education Code 60900 and 60900.5, the California Department of Education (CDE) also shares specified data with CCGI. The district is required to include in the annual notification to parents/guardians the sharing of data with CCGI; see "Notification of Parents/Guardians," below.

7. The California College Guidance Initiative (CCGI) in accordance with a data sharing agreement pursuant to Education Code 60900, to provide data for use when planning for and applying to California public colleges and universities (Education Code 60900, 60900.5)

8. Federal, state, and local officials, as needed for an audit or evaluation of, or compliance with, a state or federally funded education program and in accordance with a written agreement developed pursuant to 34 CFR 99.35 (Education Code 49076; 34 CFR 99.3, 99.31, 99.35)

   CSBA NOTE: Pursuant to Education Code 49076, county placing agencies authorized to assess the effectiveness of a state or federally funded program on behalf of federal, state, or local officials and agencies may be allowed access to student records. Additionally, Education Code 49076 authorizes districts, county offices of education, and county placing agencies to develop cooperative agreements to facilitate confidential access to and exchange of student information by email, facsimile, electronic format, or other secure means, provided the agreement complies with the requirements of 34 CFR 99.35.

9. Any county placing agency acting as an authorized representative of a state or local educational agency which is required to audit or evaluate a state or federally supported education program pursuant to Item #8 above (Education Code 49076)

10. Any person, agency, or organization authorized in compliance with a court order or lawfully issued subpoena (Education Code 49077; 5 CCR 435; 34 CFR 99.31)

    Unless otherwise instructed by the court, the Superintendent or designee shall, prior to disclosing a record pursuant to a court order or subpoena, give the parent/guardian or adult student at least three days' notice of the name of the requesting agency and the specific record requested, if lawfully possible within the requirements of the judicial order. (Education Code 49077; 5 CCR 435; 34 CFR 99.31)

11. Any district attorney who is participating in or conducting a truancy mediation program or participating in the presentation of evidence in a truancy petition (Education Code 49076)

12. A district attorney's office for consideration against a parent/guardian for failure to comply with compulsory education laws (Education Code 49076)

13. Any probation officer, district attorney, or counsel of record for a student who is a minor for the purposes of conducting a criminal investigation or an investigation in regards to declaring the minor a ward of the court or involving a violation of a condition of probation, subject to evidentiary rules specified in Welfare and Institutions Code 701 (Education Code 49076)

    When disclosing records for these purposes, the Superintendent or designee shall obtain written certification from the recipient of the records that the information will not be disclosed to another party without prior written consent of the student's parent/guardian or the holder of the student's educational rights, unless specifically authorized by state or federal law. (Education Code 49076)

14. Any judge or probation officer for the purpose of conducting a truancy mediation program for a student or for the purpose of presenting evidence in a truancy petition pursuant to Welfare and Institutions Code 681 (Education Code 49076)

    In such cases, the judge or probation officer shall certify in writing to the Superintendent or designee that the information will be used only for truancy purposes. Upon releasing student information to a judge or probation officer, the Superintendent or designee shall inform, or provide written notification to, the student's parent/guardian within 24 hours. (Education Code 49076)

15. A foster family agency with jurisdiction over a currently enrolled or former student; short-term residential treatment program staff responsible for the education or case management of a student; or a caregiver who has direct responsibility for the care of a student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, as defined (Education Code 49076)

    Such individuals shall have access to the student's current or most recent records of grades, transcripts, attendance, discipline, online communication on platforms established by the district for students and parents/guardians, and any individualized education program or Section 504 plan developed and maintained by the district. (Education Code 49069.3)

16. A student 14 years of age or older who is an unaccompanied minor experiencing homelessness as defined in 42 USC 11434a (Education Code 49076)

CSBA NOTE: Family Code 6552, as amended by AB 495 (Ch. 664, Statutes of 2025), changes the definition of "relative", for purposes of a Caregiver's Authorization Affidavit, to include any adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including all stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand."

In "Promoting a Safe and Secure Learning Environment for All: Guidance and Model Policies to Assist California's TK-12 Schools in Responding to Requests for Access and Information for Immigration Enforcement Purposes," the California Attorney General encourages families to develop a Family Safety Plan and to consider completing a Caregiver Authorization Affidavit or a Petition for Appointment of Temporary Guardian, which would give a relative the authority to make educational and medical decisions for the student.

17. An individual who completes items #1-4 of the Caregiver's Authorization Affidavit pursuant to Family Code 6552 and signs the affidavit for the purpose of enrolling a minor in school (Education Code 49076)

18. A caseworker or other representative of a state or local child welfare agency or tribal organization that has legal responsibility in accordance with state or tribal law for the care and protection of a student, provided that the individual is authorized by the agency or organization to receive the records and the information requested is directly related to providing assistance to address the student's educational needs (Education Code 49076; 20 USC 1232g)

19. Appropriate law enforcement authorities, in circumstances where Education Code 48902 requires that the district provide special education and disciplinary records of a student with exceptional needs who is suspended or expelled for committing an act violating Penal Code 245 (Education Code 48902, 49076)

    When disclosing such records, the Superintendent or designee shall obtain written certification by the recipient of the records as described in Item #13 above. (Education Code 49076)

20. Designated peace officers or law enforcement agencies in cases where the district is authorized by law to assist law enforcement in investigations of suspected criminal conduct or kidnapping and a written consent by a parent/guardian, lawfully issued subpoena, or court order is submitted to the district, or information is provided to it indicating that an emergency exists in which the student's information is necessary to protect the health or safety of the student or other individuals (Education Code 49076.5)

    In such cases, the Superintendent or designee shall provide information about the identity and location of the student as it relates to the transfer of that student's records to another district in California or any other state or to a California private school. (Education Code 49076.5)

When disclosing records for the above purposes, the Superintendent or designee shall obtain the necessary documentation to verify that the person, agency, or organization is a person, agency, or organization that is permitted to receive such records.

Any person, agency, or organization granted access is prohibited from releasing information to another person, agency, or organization without written permission from the parent/guardian or adult student unless specifically allowed by state law or the federal Family Educational Rights and Privacy Act (FERPA). (Education Code 49076; 20 USC 1232g; 34 CFR 99.1-99.8)

Additionally, the parent/guardian or adult student may provide written consent for access to be granted to persons, agencies, or organizations not afforded access rights by law. The written consent shall specify the records to be released and the party or parties to whom they may be released. (Education Code 49061, 49075)

Only a parent/guardian having legal custody of the student may consent to the release of records to others. Either parent/guardian may grant consent if both parents/guardians notify the district, in writing, that such an agreement has been made. (Education Code 49061)

Discretionary Access

At the discretion of the Superintendent or designee, information may be released from a student's records to the following:

1. Appropriate persons, including parents/guardians of a student, in connection with an emergency if the knowledge of the information is necessary to protect the health or safety of the student or other persons (Education Code 49076; 34 CFR 99.31, 99.32, 99.36)

   When releasing information to any such appropriate person, the Superintendent or designee shall record information about the threat to the health or safety of the student or any other person that formed the basis for the disclosure and the person(s) to whom the disclosure was made. (Education Code 49076; 34 CFR 99.32)

   CSBA NOTE: The following optional paragraph may be revised to reflect district practice.
   Unless it would further endanger the health or safety of the student or other persons, the Superintendent or designee shall inform the parent/guardian or adult student within one week of the disclosure that the disclosure was made, of the articulable and significant threat to the health or safety of the student or other individuals that formed the basis for the disclosure, and of the parties to whom the disclosure was made.

2. Accrediting associations in order to carry out their accrediting functions (Education Code 49076; 34 CFR 99.31)

3. Organizations conducting studies on behalf of educational institutions or agencies for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction, provided that: (Education Code 49076; 34 CFR 99.31)

   a. The study is conducted in a manner that does not permit personal identification of students or parents/guardians by individuals other than representatives of the organization who have legitimate interests in the information

   b. The information is destroyed when no longer needed for the purposes for which the study is conducted

   c. c.The district enters into a written agreement with the organization that complies with 34 CFR 99.31

4. Officials and employees of other districts, private schools, or school systems where the student is enrolled or intends to enroll, subject to the rights of parents/guardians as provided in Education Code 49068 and in compliance with 34 CFR 99.34 (Education Code 49076; 34 CFR 99.31, 99.34)

5. Local health departments operating countywide or regional immunization information and reminder systems and the California Department of Public Health, unless the parent/guardian has requested that no disclosures of this type be made (Health and Safety Code 120440)

   CSBA NOTE: Education Code 49076 includes "contractors" and "consultants," as defined in "Definitions" above, with a legitimate educational interest who have a formal written agreement or contract with the district, among the categories of individuals to whom a student's personally identifiable information may be disclosed under certain circumstances. Unlike 34 CFR 99.31, however, Education Code 49076 prohibits disclosure of such information to volunteers and other parties.

   Pursuant to Education Code 49073.1, a district may enter into a contract with a third party to provide (1) services, including cloud-based services, for the digital storage, management, and retrieval of student records and/or (2) digital educational software that authorizes a third-party provider of digital educational software to access, store, and use student records as provided. When entering into a contract with a third party, it is recommended that districts utilize data sharing agreements to ensure contractors and consultants comply with student data privacy laws. California IT in Education (CITE) has student data privacy resources, including a sample student data privacy agreement, available on its website. For more information on contracts for digital storage and maintenance of student records, see BP 3312 - Contracts.

6. Contractors and consultants having a legitimate educational interest based on services or functions which have been outsourced to them through a formal written agreement or contract with the district, excluding volunteers or other parties (Education Code 49076)

   CSBA NOTE: Items #7 and 8 below are for use by districts that maintain high schools.

7. Agencies or organizations in connection with the student's application for or receipt of financial aid, provided that information permitting the personal identification of a student or the student's parents/guardians for these purposes is disclosed only as may be necessary to determine the eligibility of the student for financial aid, determine the amount of financial aid, determine the conditions which will be imposed regarding the

Draft

financial aid, or enforce the terms or conditions of the financial aid (Education Code 49076; 34 CFR 99.31)

8. County elections officials for the purpose of identifying students eligible to register to vote or offering such students an opportunity to register, subject to the limits set by 34 CFR 99.37 and under the condition that any information provided on this basis shall not be used for any other purpose or transferred to any other person or agency (Education Code 49076; 34 CFR 99.37)

When disclosing records for the above purposes, the Superintendent or designee shall obtain the necessary documentation to verify that the person, agency, or organization is a person, agency, or organization that is permitted to receive such records.

Any person, agency, or organization granted access is prohibited from releasing information to another person, agency, or organization without written permission from the parent/guardian or adult student unless specifically allowed by state law or FERPA. (Education Code 49076; 20 USC 1232g; 34 CFR 99.1-99.8)

Persons Generally Denied Access

CSBA NOTE: Pursuant to Education Code 234.7, as amended by AB 495, districts are mandated to update their policies by March 1, 2026, with language that is equivalent to the model policy language (2025 MPL) developed by the California Attorney General in "Promoting a Safe and Secure Learning Environment for All: Guidance and Model Policies to Assist California's TK-12 Schools in Responding to Requests for Access and Information for Immigration Enforcement Purposes," (2025 Guidance). The 2025 Guidance is available on the Office of the Attorney General's website.

The following section is consistent with the 2025 MPL but not required by law, and should be modified to reflect district practice. For more information regarding response to immigration enforcement, see BP/AR 1445 - Response to Immigration Enforcement.

A request for student records by an officer or employee of an agency conducting immigration enforcement shall be denied except in accordance with Board Policy/Administrative Regulation 1445 - Response to Immigration Enforcement.

De-identification of Records

CSBA NOTE: 20 USC 1232g and Education Code 49076 authorize the district to release student records for specified purposes without parent/guardian consent after the removal of all "personally identifiable information," as defined in "Definitions" above, and provided that the district has made a reasonable determination that a student's identity will not be personally identifiable through single or multiple releases. Education Code 49074 further authorizes the district to provide de-identified statistical data to public or private agencies, postsecondary institutions, or educational research organizations when such actions would be "in the best educational interests of students."

34 CFR 99.31 lists objective standards under which districts may release information from de-identified records. These standards are applicable to both requests for individual, redacted records and requests for statistical information from multiple records.

When authorized by law for any program audit, educational research, or other purpose, the Superintendent or designee may release information from a student record without prior consent of the parent/guardian or adult student after the removal of all personally identifiable information. Prior to releasing such information, the Superintendent or designee shall make a reasonable determination that the student's identity is not personally identifiable, whether through single or multiple releases and taking into account other reasonably available information. (Education Code 49074, 49076; 20 USC 1232g; 34 CFR 99.31)

Process for Providing Access to Records

CSBA NOTE: Education Code 49069.7 mandates procedures for notifying parents/guardians of the location of student records if not centrally located. The following paragraph may be expanded to include notification procedures.

Student records shall be maintained in a central file at the school attended by the student or, when records are maintained at different locations, a notation shall be placed in the central file indicating where other records may be found. Parents/guardians and adult students shall be notified of the location of student records if not centrally located. (Education Code 49069.7; 5 CCR 433)

Draft

The custodian of records shall be responsible for the security of student records and shall ensure that access is limited to authorized persons. (5 CCR 433)

CSBA NOTE: 5 CCR 431 mandates districts to establish written procedures to ensure the security of student records, including (1) guaranteeing access to authorized persons within five business days following the date of request, (2) assuring security of the records, and (3) enumerating and describing the student records collected and maintained by the district. The following three paragraphs reflect this mandate and should be modified to reflect any specific physical, technological, or administrative controls developed by the district. The types of student records collected and maintained by the district are enumerated and described in "Retention and Destruction of Student Records," below.

34 CFR 99.31 requires districts to use "reasonable methods" to (1) ensure that district officials, employees, contractors, and consultants obtain access to only those records, both paper and electronic, in which they have a legitimate educational interest, and (2) identify and authenticate the identity of parents/guardians, students, district officials and employees, and any other party to whom the district discloses personally identifiable information from education records. Additionally, 34 CFR 99.31 specifies that a district that does not use physical or technological access controls, such as a locked file cabinet or computer security limiting access, is required to ensure that its administrative policy for controlling access is effective and remains in compliance with the "legitimate educational interest" requirement.

In commentary accompanying the Final Rule (73 Fed.Reg. 237, page 74817), USDOE suggests a balance of physical, technological, and administrative controls to prevent unauthorized access and to ensure that district officials and employees do not have unrestricted access to the records of all students. The Analysis also clarifies that the reasonableness of the method depends, in part, on the potential harm involved. For example, high-risk records, such as social security numbers or other information that could be used for identity theft, should receive greater and more immediate protection.

In addition, as a condition of participation in an interagency data information system, such as the California Longitudinal Pupil Achievement Data System (CALPADS), Education Code 49076 requires that the district develop security procedures or devices by which unauthorized personnel cannot access data in the system and procedures or devices to secure privileged or confidential data from unauthorized disclosure.

The custodian of records shall develop reasonable methods, including physical, technological, and administrative policy controls, to ensure that district officials and employees obtain access to only those student records in which they have legitimate educational interests. (Education Code 49076; 5 CCR 431; 34 CFR 99.31)

To inspect, review, or obtain copies of student records, authorized persons shall submit a request to the custodian of records. Prior to granting the request, the custodian of records shall authenticate the individual's identity. For any individual granted access based on a legitimate educational interest, the request shall specify the interest involved.

CSBA NOTE: Education Code 49069.7 and 5 CCR 431 mandate that the district adopt procedures for granting parent/guardian requests to inspect, review, and obtain copies of records.

Within five business days following the date of request, the authorized person shall be granted access to inspect, review, and obtain copies of student records during regular school hours. (Education Code 49069.7; 5 CCR 431)

CSBA NOTE: 34 CFR 99.30 specifies information that is required to be included in the parent/guardian consent form, as provided below.

When required by law, a student's parent/guardian or an adult student shall provide written, signed, and dated consent before the district discloses the student record. Such consent may be given through electronic means in those cases where it can be authenticated. The district's consent form shall specify the records that may be disclosed, state the purpose of the disclosure, and identify the party or class of parties to whom the disclosure may be made. Upon request by the parent/guardian or adult student, the district shall provide a copy of the records disclosed. (34 CFR 99.30)

If the parent/guardian or adult student refuses to provide written consent for the release of student information, the Superintendent or designee shall not release the information, unless it is otherwise subject to release based on a court order or a lawful subpoena.

CSBA NOTE: Education Code 49069.7 mandates procedures for the availability of qualified certificated personnel to interpret records when requested. The following paragraph may be expanded to include specific procedures for persons to request and receive the assistance of certificated personnel.

Qualified certificated personnel shall be available to interpret records when requested. (Education Code 49069.7)

The custodian of records or the Superintendent or designee shall prevent the alteration, damage, or loss of records during inspection. (5 CCR 435)

Access Log

A log shall be maintained for each student's record which lists all persons, agencies, or organizations requesting or receiving information from the record and the legitimate educational interest of the requester. (Education Code 49064)

In every instance of inspection by persons who do not have assigned educational responsibility, the custodian of records shall make an entry in the log indicating the record inspected, the name of the person granted access, the reason access was granted, and the time and circumstances of inspection. (5 CCR 435)

CSBA NOTE: The following optional paragraph may be revised to reflect district practice.

Additionally, the custodian of records shall make an entry in the log regarding any request for record(s) that was denied and the reason for the denial.

CSBA NOTE: Education Code 49064 does not require the district to record access by individuals specified in Items #1-5 below. If the district wants to record access by all individuals as part of the reasonable administrative controls required by 34 CFR 99.31, the following list and section should be modified to reflect district practice.

The log need not include requests for access to records by: (Education Code 49064)

1. Parents/guardians or adult students
2. Students who are 16 years of age or older or who have completed the 10th grade
3. Parties obtaining district-approved directory information
4. Parties who have received written consent by a parent/guardian and have provided it to the district, in which case the consent notice shall be filed with the record pursuant to Education Code 49075
5. District officials and employees who have a legitimate educational interest

The log shall be open to inspection only by the parent/guardian, adult student, dependent adult student, custodian of records, and certain state or federal officials specified in Education Code 49064. (Education Code 49064; 5 CCR 432)

Duplication of Student Records

CSBA NOTE: Education Code 49069.7 mandates that the district adopt procedures for granting parent/guardian requests for copies of student records pursuant to Education Code 49065.

To provide copies of any student record, the district may charge a reasonable fee not to exceed the actual cost of providing the copies. No charge shall be made for providing up to two transcripts or up to two verifications of various records for any former student. No charge shall be made to locate or retrieve any student record. (Education Code 49065)

Changes to Student Records

Only a parent/guardian having legal custody of a student or a student who is 18 years of age or is attending an institution of postsecondary education may challenge the content of a record or offer a written response to a record. (Education Code 49061)

No addition or change shall be made to a student's record after high school graduation or permanent departure, other than routine updating, unless required by law or with prior consent of the parent/guardian or adult student. (Education Code 49070; 5 CCR 437)

CSBA NOTE: Pursuant to Education Code 220.3, a district is prohibited from requiring an official, employee, contractor, or consultant to disclose any information related to a student's sexual orientation, gender identity, or gender expression, including changing student records, to any other person without the student's consent unless

otherwise required by state or federal law.

Any request to change a student's legal name in the student's mandatory permanent student record shall be accompanied with appropriate documentation.

Any challenge to the content of a student's record shall be filed in accordance with Education Code 49070 and the process specified in Administrative Regulation 5125.3 - Challenging Student Records.

Retention and Destruction of Student Records

All anecdotal information and assessment reports maintained as student records shall be dated and signed by the individual who originated the data. (5 CCR 431)

The following mandatory permanent student records shall be kept indefinitely: (5 CCR 432, 437)

1. Legal name of student
2. Date and place of birth and method of verifying birth date
3. Sex of student
4. Name and address of parent/guardian of minor student
    a. Address of minor student if different from the above
    b. Annual verification of parent/guardian's name and address and student's residence
5. Entrance and departure dates of each school year and for any summer session or other extra session
6. Subjects taken during each year, half-year, summer session, or quarter, and marks or credits given towards graduation
7. Verification of or exemption from required immunizations
8. Date of high school graduation or equivalent

Mandatory interim student records, unless forwarded to another district, shall be maintained subject to destruction during the third school year after the school year in which they originated, following a determination that their usefulness has ceased or the student has left the district. These records include: (Education Code 48918, 51747; 5 CCR 432, 437, 16027)

1. Expulsion orders and the causes therefor
2. A log identifying persons or organizations who request or receive information from the student record
3. Health information, including verification or waiver of the health screening for school entry
4. Information on participation in special education programs, including required tests, case studies, authorizations, and actions necessary to establish eligibility for admission or discharge
5. Language training records
6. Progress slips/notices required by Education Code 49066 and 49067
7. Parent/guardian restrictions/stipulations regarding access to directory information
8. Parent/guardian or adult student rejoinders to challenged records and to disciplinary action
9. Parent/guardian authorization or prohibition of student participation in specific programs
10. Results of standardized tests administered within the past three years
11. Written findings resulting from an evaluation conducted after a specified number of missed assignments to

Draft

determine whether it is in a student's best interest to remain in independent study

Permitted student records may be destroyed six months after the student completes or withdraws from the educational program and their usefulness ceases, including: (5 CCR 432, 437)

1. Objective counselor and/or teacher ratings
2. Standardized test results older than three years
3. Routine discipline data
4. Verified reports of relevant behavioral patterns
5. All disciplinary notices
6. Supplementary attendance records

Records shall be destroyed in a way that assures they will not be available to possible public inspection in the process of destruction. (5 CCR 437)

Transfer of Student Records

When a student transfers into the district from any other district, a private school, or school system, the Superintendent or designee shall inform the student's parent/guardian of rights regarding student records, including a parent/guardian's right to review, challenge, and receive a copy of student records. (Education Code 49068; 5 CCR 438)

CSBA NOTE: Education Code 48201 requires districts to request records of a transferring student regarding acts that resulted in the student's suspension or expulsion from the previous school, as specified below. Once the record is received, the Superintendent or designee is required to inform the student's teachers of the acts. For more information regarding teacher security, see AR 4158/4258/4358 - Employee Security.

When a student transfers into this district from another district, the Superintendent or designee shall request that the student's previous district provide any records, either maintained by that district in the ordinary course of business or received from a law enforcement agency, regarding acts committed by the transferring student that resulted in the student's suspension or expulsion. (Education Code 48201)

CSBA NOTE: Pursuant to Education Code 49068, a district is required to transfer a copy of a student's records to another school in which the student is enrolled or intends to enroll within 10 school days of receiving a request for the records. However, this is not applicable in circumstances where a more restrictive timeline is required. For example, a district is required to transfer the records of a student who is a foster youth to the new school within two business days, pursuant to Education Code 48853.5. For more information regarding transferring student records, see BP/AR 6146.3 - Reciprocity Of Academic Credit

When a student transfers from this district to another school district or to a private school, the Superintendent or designee shall forward a copy of the student's mandatory permanent record within 10 school days of the district's receipt of the request for the student's records. The original record or a copy shall be retained permanently by this district. If the transfer is to another California public school, the student's entire mandatory interim record shall also be forwarded. If the transfer is out of state or to a private school, the mandatory interim record may be forwarded. Permitted student records may be forwarded to any other district or private school. (Education Code 48918, 49068; 5 CCR 438)

Upon receiving a request from a county placing agency to transfer a student in foster care out of a district school, the Superintendent or designee shall transfer the student's records to the next educational placement within two business days. (Education Code 49069.5)

Additionally, when a student in foster care is enrolling in a district school, the district's liaison for foster youth shall contact, within two business days of the student's request for enrollment, the school last attended by the student to obtain all academic and other records. (Education Code 48853.5)

All student records shall be updated before they are transferred. (5 CCR 438)

Student records shall not be withheld from the requesting district because of any charges or fees owed by the

student or parent/guardian. (5 CCR 438)

If the district is withholding grades, diploma, or transcripts from the student because of damage or loss of district property, this information shall be sent to the requesting district along with the student's records.

Notification of Parents/Guardians

Upon any student's initial enrollment, and at the beginning of each school year thereafter, the Superintendent or designee shall notify parents/guardians and eligible students, in writing, of their rights related to student records. If 15 percent or more of the students enrolled in the district speak a single primary language other than English, then the district shall provide these notices in that language. Otherwise, the district shall provide these notices in the student's home language insofar as practicable. The district shall effectively notify parents/guardians or eligible students with exceptional needs. (Education Code 48985, 49063; 5 CCR 431; 34 CFR 99.7)

The notice shall include: (Education Code 49063, 60900.5; 34 CFR 99.7, 99.34)

1. The types of student records kept by the district and the information contained therein
2. The title(s) of the official(s) responsible for maintaining each type of record
3. The location of the log identifying those who request information from the records
4. District criteria for defining district officials and employees and for determining legitimate educational interest
5. District policies for reviewing and expunging student records
6. The right to inspect and review student records and the procedures for doing so
7. The right to challenge and the procedures for challenging the content of a student record that the parent/guardian or student believes to be inaccurate, misleading, or otherwise in violation of the student's privacy rights
8. The cost, if any, charged for duplicating copies of records
9. The categories of information defined as directory information pursuant to Education Code 49073
10. The right to consent to disclosures of personally identifiable information contained in the student's records except when disclosure without consent is authorized by law
11. Availability of the curriculum prospectus developed pursuant to Education Code 49091.14 containing the titles, descriptions, and instructional aims of every course offered by the school

    CSBA NOTE: Item #12 is for districts that serve students in grades 9-12. Pursuant to Education Code 60900, districts are required to annually notify parents/guardians that specified district data and data collected by CDE is shared with CCGI.

12. 12.The sharing with CCGI of specified district data and data collected by the California Department of Education for the purposes of college admissions, academic placement, and eligibility for student financial aid (Education Code 60900)
13. Any other rights and requirements set forth in Education Code 49060-49085, and the right of parents/guardians to file a complaint with the U.S. Department of Education concerning an alleged failure by the district to comply with 20 USC 1232g

    CSBA NOTE: Pursuant to 34 CFR 99.34, if the district's annual parent/guardian notification contains the information described in optional Item #14 below, the district does not need to attempt to individually notify a parent/guardian or adult student when the district discloses an education record to officials of another district, school system, or postsecondary institution; see Item #5 in the list of persons/agencies with legitimate educational interests in "Access for Limited Purpose/Legitimate Educational Interest," above.

14. A statement that the district forwards education records to other agencies or institutions that request the records and in which the student seeks or intends to enroll or is already enrolled as long as the disclosure is for purposes related to the student's enrollment

Draft

CSBA NOTE: The following paragraph is consistent with the 2025 MPL but not required by law, and should be modified to reflect district practice.

Additionally, the annual parent/guardian notification shall include a statement that a student's citizenship status, immigration status, place of birth, or any other information indicating national origin will only be released in accordance with Board Policy/Administrative Regulation 1445 - Response to Immigration Enforcement.

Student Records from Social Media

CSBA NOTE: The following optional section is for use by districts that have adopted a program, pursuant to Education Code 49073.6, to gather or maintain any information obtained from students' social media activity that pertains directly to school safety or student safety. Districts that adopt such a program, as specified in the accompanying Board policy, are required to comply with the requirements described below. Districts that have not adopted such a program should delete the following section.

For the purpose of gathering and maintaining records of students' social media activity, the Superintendent or designee shall: (Education Code 49073.6)

1. Gather or maintain only information that pertains directly to school safety or student safety

2. Provide a student with access to any information that the district obtained from the student's social media activity and an opportunity to correct or delete such information

3. Destroy information gathered from social media and maintained in student records within one year after a student turns 18 years of age or within one year after the student is no longer enrolled in the district, whichever occurs first

4. Notify each parent/guardian that the student's information is being gathered from social media and that any information maintained in the student's records shall be destroyed as provided in Item #3 above

   Additionally, the notification shall include, but is not limited to, an explanation of the process by which a student or the student's parent/guardian may access the student's records for examination of the information gathered or maintained and the process by which removal of the information may be requested or corrections to the information may be made. The notification may be provided as part of the annual parent/guardian notification required pursuant to Education Code 48980.

5. If the district contracts with a third party to gather information on a student from social media, ensure that the contract:

   a. Prohibits the third party from using the information for purposes other than those specified in the contract or from selling or sharing the information with any person or entity other than the district, the student, or the student's parent/guardian

   b. Requires the third party to destroy the information immediately upon satisfying the terms of the contract, or when the district notifies the third party that the student has turned 18 years of age or is no longer enrolled in the district, whichever occurs first

Updating Name and/or Gender of Former Students

CSBA NOTE: Education Code 49062.5 requires a district to update a former student's records to reflect a change to the former student's name and/or gender, as specified below.

When a former student submits a state-issued driver's license, birth certificate, passport, social security card, court order, or other government-issued documentation demonstrating that the former student's legal name and/or gender has changed, the district shall update the former student's records to include the updated legal name and/or gender. Upon request by the former student, the district shall reissue any documents conferred upon the former student, including, but not limited to, a transcript, a high school diploma, a high school equivalency certificate, or other similar documents. (Education Code 49062.5)

If the former student's name or gender is changed and the requested records are reissued, a new document shall be added to the former student's file that includes all of the following information: (Education Code 49062.5)

1. The date of the request

2. The date the requested records were reissued to the former student
3. A list of the records that were requested by and reissued to the former student
4. The type of documentation, if any, provided by the former student to demonstrate a legal change to the student's name and/or gender
5. The name of the employee who completed the request
6. The current and former names and/or genders of the student

Any former student who submits a request to change the legal name and/or gender on the student's records but is unable to provide any government-issued documentation demonstrating the legal name or gender change, may request a name or gender change through the process described in Education Code 49070 and Administrative Regulation 5125.3 - Challenging Student Records. (Education Code 49062.5)

Policy 5125.1: Release Of Directory Information

Status: DRAFT

Original Adopted Date: 12/07/2005 | **Last Revised Date:** 10/09/2025

CSBA NOTE: The following mandated policy and accompanying administrative regulation reflect the requirements of Education Code 49073 and the Family Educational Rights and Privacy Act (FERPA) (20 USC 1232g), which require districts to adopt a policy identifying those categories of student records considered to be "directory information" and that may generally be released, unless a student's parent/guardian notifies the district of a refusal.

The Governing Board recognizes the importance of maintaining the confidentiality of directory information and therefore authorizes the release of such information, including to news media or nonprofit organizations, in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee may limit or deny the release of specific categories of directory information to any public or private nonprofit organization based on a determination of the best interests of district students. (Education Code 49073)

CSBA NOTE: Pursuant to Education Code 49073.2, the district is prohibited from including in the Governing Board's meeting minutes a student's directory information, when the student or parent/guardian requests that such information be excluded. For further information about the Board's minutes, see BB 9324 - Minutes and Recordings.

A student's directory information shall only be included in the minutes of the Board's meeting in accordance with Board Bylaw 9324 - Minutes and Recordings.

CSBA NOTE: 10 USC 503 and 20 USC 7908 require districts receiving funds under the Elementary and Secondary Education Act (ESEA) to provide the names, addresses, email addresses, and telephone numbers of secondary school students to military recruiters upon request, except when the parent/guardian, or student, if 18 years of age or older, requests that the information not be released. Districts that do not grant military recruiters access to such student directory information may lose those funds, and may be subject to the interventions specified in 10 USC 503. Additionally, Education Code 49073.5 declares the intent of the Legislature that a district, including a district that does not receive ESEA funds, not purposefully exclude military recruiters from access to student directory information when adopting the required release of student directory information policy. See "Notification to Parents/Guardians" and "Parent/Guardian Consent" in the accompanying administrative regulation.

Colleges and prospective employers, including military recruiters, shall have access to a student's name, address, email address, and telephone number, unless the student's parent/guardian, or the student, if the student is 18 years of age or older, has requested that such information not be released. (10 USC 503, 20 USC 7908)

CSBA NOTE: It is recommended that districts carefully consider whether to place items containing student directory information, such as home addresses, email addresses, or telephone numbers, on the district's website since release of such information may put students and the district at risk and may also be a violation of Education Code 49073, as specified below.

Under no circumstances shall directory information be disclosed to a private profit-making entity, except for representatives of the news media and employers, including prospective employers, in accordance with law, Board policy, and administrative regulation. Private schools and colleges may be given the names and addresses of 12th-grade students and students who are no longer enrolled, provided that they use this information only for purposes directly related to the institution's academic or professional goals. (Education Code 49073

Regulation 5125.1: Release Of Directory Information

Status: DRAFT

Original Adopted Date: 10/22/2018 **| Last Revised Date:** 10/09/2025

Definition

CSBA NOTE: Education Code 49073 and the Family Educational Rights and Privacy Act (FERPA) (20 USC 1232g) mandate that districts adopt a policy identifying those categories of student records considered to be "directory information," which may generally be released unless the parent/guardian notifies the district of a refusal to release such information. "Directory information" is defined in Education Code 49061 and 34 CFR 99.3, and listed below. The district may not expand the list, but may modify it to remove any items the district does not intend to release as directory information. For more information regarding directory information as it relates to student records, see AR 5125 - Student Records.

Because Education Code 49061 does not include three types of information that are included as directory information in 34 CFR 99.3, the student's place of birth, grade level, and photograph, these types of information are not reflected in the following list. It is recommended that districts that receive any request for such information about student(s) based on federal law consult CSBA's District and County Office of Education Legal Services or district legal counsel prior to releasing the information.

Directory information means information contained in a student record that would not generally be considered harmful or an invasion of privacy if disclosed. Such student information includes: (Education Code 49061; 20 USC 1232g; 34 CFR 99.3)

1. Name
2. Address
3. Telephone number
4. Email address
5. Date of birth
6. Major field of study
7. Participation record in officially recognized activities and sports
8. Weight and height of athletic team members
9. Dates of attendance
10. Degrees and awards received
11. Most recent previous school attended

Draft

Directory information does not include a student's social security number or student identification number. However, for purposes of accessing or communicating in electronic systems, directory information may include a student identification number, user identification, or other personal identifier used by the student provided that the identifier cannot be used to gain access to education records except when used in conjunction with a personal identification number, password, or other factor known or possessed only by the authorized user. (34 CFR 99.3)

CSBA NOTE: Pursuant to Education Code 234.7, as amended by AB 495 (Ch. 664, Statutes of 2025), districts are mandated to update their policies by March 1, 2026, with language that is equivalent to the model policy language (2025 MPL) developed by the California Attorney General in, "Promoting a Safe and Secure Learning Environment for All: Guidance and Model Policies to Assist California's TK-12 Schools in Responding to Requests for Access and Information for Immigration Enforcement Purposes," (2025 Guidance) published on December 1, 2025. The 2025 Guidance is available on the Office of the Attorney General's website. For more information regarding response to immigration enforcement, the 2025 MPL, and 2025 Guidance, see BP/AR 1445 - Response to Immigration Enforcement.

Directory information does not include the citizenship status, immigration status, place of birth, or any other information indicating national origin of a student or the student's family member.

Notification to Parents/Guardians

CSBA NOTE: Pursuant to Education Code 49063 and 20 USC 1232g, the district is required to annually notify parents/guardians and students who are 18 years of age or older, in writing, of the categories of records considered to be "directory information." While not required by law, the 2025 MPL includes the requirement for the notification to also describe the manner in which parents/guardians may refuse the release of directory information. Pursuant to Education Code 48985, whenever 15 percent or more of the students in a school speak a single primary language other than English, notifications sent to parents/guardians of such students are required to be written in the primary language as well as in English. See the accompanying Exhibit for a sample parent/guardian notification.

At the beginning of each school year, all parents/guardians shall be notified as to the categories of directory information the district plans to release and the recipients of the information. Additionally, the notification shall inform parents/guardians of their right to refuse to let the district designate any or all types of information about their student as directory information, how to refuse release of directory information about their student, and the period of time within which a parent/guardian must notify the district in writing that the parent/guardian does not want a certain category of information about their student designated as directory information. (Education Code 49063, 49073; 20 USC 1232g; 34 CFR 99.37)

CSBA NOTE: While not required by law, the following paragraph reflects the 2025 MPL.

In addition, the annual parent/guardian notification shall include a statement that directory information does not include citizenship status, immigration status, place of birth, or any other information indicating national origin and that the district will not release such information without parent/guardian consent or a court order.

CSBA NOTE: The following paragraph applies to districts that maintain secondary schools and receive funds under the federal Elementary and Secondary Education Act (ESEA). 10 USC 503 and 20 USC 7908 require those districts to notify parents/guardians that they may request that the district not release their child's name, address, email address, and telephone number to military recruiters, employers, or colleges without their prior written consent. The U.S. Department of Education's, "Dear Colleague Letter Regarding Military Recruiter Provisions of ESEA," provides that a single notice that is reasonably calculated to inform parents/guardians of the above information is sufficient. The law does not specify whether parents/guardians may request that the district not release their child's information to certain third parties, such as military recruiters, but authorize the release to other parties, such as private employers. It is recommended that districts with questions about disclosure of student directory information consult CSBA's District and County Office of Education Legal Services or district legal counsel.

The Superintendent or designee shall notify parents/guardians that they may request that the district not release the name, address, email address, and telephone number of their child to military recruiters, employers, or institutions of higher education without prior written consent. (10 USC 503, 20 USC 7908)

Parent/Guardian Consent

CSBA NOTE: Education Code 49073 specifies that parents/guardians may request that their child's directory information not be released (an "opt-out" process). Similarly, 20 USC 7908 requires an "opt-out" process by which parents/guardians may request that their child's information not be released to military recruiters, employers, or institutions of higher education.

A student's directory information shall not be released if the student's parent/guardian has notified the district in writing that such information shall not be disclosed. (Education Code 49073; 20 USC 1232g, 7908)

CSBA NOTE: Pursuant to Education Code 49073, in the case of a student experiencing homelessness, as defined in 42 USC 11434a, directory information may only be released if the parent/guardian or student 18 years of age or older has provided written consent for its release ("opt-in process"). However, pursuant to Education Code 49073, as amended by AB 677 (Ch. 163, Statutes of 2025), directory information of a student experiencing homelessness may be disclosed to facilitate an eye examination by a nonprofit eye examination provider, or a free oral health assessment hosted by a school, unless the parent/guardian, or student accorded parental rights, has provided written notice to the school that consent is not given to the physical examination.

The directory information of a student identified as a student experiencing homelessness shall not be released, unless the student's parent/guardian, or the student if 18 years of age or older, has provided written consent that directory information may be released. However, the directory information of a student experiencing homelessness may be disclosed for the purpose of facilitating an eye examination by a nonprofit eye examination provider or a free oral health assessment hosted by a district school, unless the student's parent/guardian, or student accorded parental rights, has provided written notice to the school that consent to such exam(s) is not given. (Education Code 49073;

20 USC 1232g, 7908; 42 USC 11434a)

For a former student, the district shall continue to honor any valid request to opt out of the disclosure of directory information made while the student was in attendance at the district, unless the opt-out request has been rescinded. (34 CFR 99.37)

Exhibit 5125.1-E(1): Release Of Directory Information **Status:** DRAFT

Original Adopted Date: 10/09/2025

CSBA NOTE: The following exhibit is based on a model notice prepared by the U.S. Department of Education, reflects the definition of "directory information" in Education Code 49061, and should be modified to reflect district practice.

Pursuant to Education Code 234.7, as amended by AB 495 (Ch. 664, Statues of 2025), districts are mandated to update their policies by March 1, 2026, with language that is equivalent to the model policy language (2025 MPL) developed by the California Attorney General in, "Promoting a Safe and Secure Learning Environment for All: Guidance and Model Policies to Assist California's TK-12 Schools in Responding to Requests for Access and Information for Immigration Enforcement Purposes," (2025 Guidance) published on December 1, 2025. The 2025 Guidance is available on the Office of the Attorney General's website. Certain portions of the 2025 MPL or its equivalent are contained within this exhibit. For more information regarding response to immigration enforcement, the 2025 MPL, and 2025 Guidance, see BP/AR 1445 - Response to Immigration Enforcement.

Pursuant to Education Code 48985, whenever 15 percent or more of the students in a school speak a single primary language other than English, notifications sent to parents/guardians of such students are required to be written in the primary language as well as in English.

PARENT/GUARDIAN NOTICE
RELEASE OF DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that _____(district name), with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the district may disclose appropriately designated "directory information" without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the district to include information from your child's education records in certain school and/or district publications. Examples include:

- a playbill, showing your child's role in a drama production
- the annual yearbook
- honor roll or other recognition lists
- graduation programs
- sports activity sheets, such as for wrestling, showing weight and height of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent/guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. Additionally, two federal laws require districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA), as amended, to provide military recruiters, upon request, with students' names, addresses, and telephone listings, unless parents/guardians have advised the district that they do not want their child's information disclosed without their prior written consent.

CSBA NOTE: The portion of the following paragraph which cautions that notification to the district by the specified date is the only way to prevent the release of directory information reflects the 2025 Guidance, but is not required by law.

If you do not want the district to disclose any or all of the information designated below as directory information from your child's education records without your prior written consent, you must notify the district in writing by _____(insert date). Notifying the district by this date is the only way to prevent the release of directory information. The district has designated the following information as directory information:

CSBA NOTE: The following list reflects "directory information" pursuant to Education Code 49061. The district should modify the following list to specify those categories of information defined by the district as "directory information" in the accompanying administrative regulation. Those items the district does not intend to release as directory information should be deleted.

1. Student's name

2. Address

3. Telephone number
4. Email address
5. Date of birth
6. Major field of study
7. Participation in officially recognized activities and sports
8. Weight and height of athletic team members
9. Dates of attendance
10. Degrees and awards received
11. Most recent previous school attended

Additionally, the district may disclose your child's student identification number, user identification, or other unique personal identifier used to communicate in electronic systems, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user.

In addition, the district may disclose a student identification number or other unique personal identifier that is displayed on a student identification badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

CSBA NOTE: The following paragraph reflects 34 CFR 99.3, which provides that directory information does not include a student's social security number, the 2025 MPL, and the 2025 Guidance.

The district may not disclose a student's Social Security number. Directory information does not include your child's citizenship status, immigration status, place of birth, or any other information indicating national origin.

Regulation 5145.13: Response To Immigration Enforcement 3
Policy 5145.13: Response To Immigration Enforcement 6

Regulation 5145.13: Response To Immigration Enforcement

Status: ADOPTED

Original Adopted Date: 07/01/2018 **| Last Revised Date:** 09/11/2025 **| Last Reviewed Date:** 09/11/2025

Responding to Requests for Immigration-Related Information or Documents

Upon receiving any verbal or written request for information or documents related to a student's or family's immigration or citizenship status, district staff shall:

1. Record or otherwise document the request and notify the Superintendent or designee about the request

2. Provide the student's parent/guardian or, if the student is at least 18 years old, the student, with notice, a description of the request, and any documentation provided to the district describing the request, unless prohibited by a court order, judicial subpoena/warrant, or in cases involving investigation of child abuse, neglect, or dependency

Information or documents related to a student's immigration or citizenship status shall not be disclosed to a law enforcement officer without consent by the parent/guardian or, if the student is at least 18 years old, by the student, a court order, or judicial subpoena/warrant. To obtain written consent, the release of student information shall include the following information:

1. The signature and signature date of the parent/guardian, or student if the student is at least 18 years old

2. A description of the records to be disclosed

3. The reason for the release of information

4. The parties or class of parties receiving the information

5. A copy of the records to be released, if requested by the parent/guardian or student

In accordance with law and Board Policy 5125 - Student Records, the Superintendent or designee shall annually notify parents/guardians that the district will not release student information to third parties for immigration enforcement purposes, unless the parent/guardian consents or as required to do so by a court order or judicial subpoena/warrant.

Responding to Requests for Access to Students or School Grounds

District staff shall receive parent/guardian consent or, if the student is at least 18 years old, the student's consent, before the student is interviewed or searched by any law enforcement officer for immigration enforcement purposes, unless the officer presents a court order or a judicial warrant.

A student's parent/guardian shall be immediately notified when a law enforcement officer requests or is able to interview, search, detain, or otherwise interact with the student for immigration enforcement purposes, unless prohibited by a court order or a judicial warrant, or in cases involving investigations of child abuse, neglect, or dependency. (Education Code 48906)

A law enforcement officer who requests to enter district property which is not open to all visitors shall register in accordance with Board Policy 1250 - Visitors/Outsiders, except in cases where the officer states that exigent circumstances exist or as stated in a court order or judicial warrant. (Penal Code 627.2, 627.3)

As early as possible, district staff shall notify the Superintendent or designee of any immigration enforcement-related request by a law enforcement officer for access to a student or to district property, including service of lawful warrants, subpoenas, petitions, complaints, or other similar documents.

Responding to Law Enforcement Officers on District Property

District staff shall report the presence of any law enforcement officer on district property for immigration

enforcement purposes to on-site district police and other appropriate administrators.

Unless a law enforcement officer declares that exigent circumstances exist and demands immediate access to the campus, district staff shall take the following actions when such an officer is actually or imminently present on district property for immigration enforcement purposes:

1. Advise the officer that before school personnel can respond to the officer's request, they must first receive notification and direction from the Superintendent, principal, or designee, except under exigent circumstances that necessitate immediate action

2. Request to see and record or otherwise document the officer's credentials, including the officer's name and badge number, and the phone number of the officer's supervisor, and note or make a copy of all such information

3. Ask the officer for, and then record or otherwise document, the officer's reason for being on district property

4. Request that the officer produce any documentation that authorizes the officer's school access, make copies of all such documentation, and retain at least one copy for district records

5. Contact and consult with the district's legal counsel or Superintendent or designee

6. Follow the direction from the district's legal counsel or Superintendent or designee

If the officer declares that exigent circumstances exist and demands immediate access to the campus, district staff shall comply with the officer's orders and immediately contact the Superintendent or designee and then the district's legal counsel.

Regardless of whether the officer declares that exigent circumstances exist, district staff shall not attempt to physically impede the officer, even if the officer appears to be acting outside the law or in excess of the officer's stated or documented authorization. If an officer enters the premises without consent, district staff shall document the officer's actions while on campus but only to the extent that it does not impede the officer's actions.

After the officer leaves district property, district staff shall promptly make written notes of all interactions with the officer, including:

1. A list or copy of the officer's credentials and contact information, if known

2. The identity of all other district staff known to have communicated with the officer

3. A description of the officer's request and activities

4. The type of documentation, such as a warrant or subpoena, that authorized the officer's request or actions, what was requested by the documentation, and whether the documentation was signed by a judge

5. District staff's response to the officer's request

6. Any further action taken by the officer

7. Copies of any documents presented by the officer

District staff shall promptly provide a copy of these notes and any associated documents district staff has collected from the officer to the district's legal counsel or other district official designated by the Superintendent.

The district's legal counsel or the Superintendent or designee shall submit a timely report to the Governing Board regarding the officer's requests and actions and the district's response. (Education Code 234.7)

The Superintendent or designee shall also email the Bureau of Children's Justice in the California Department of Justice (BCJ@doj.ca.gov) regarding any attempt by a law enforcement officer to access a school site or a student for immigration enforcement purposes.

Responding to the Detention or Deportation of Student's Parent/Guardian

The Superintendent or designee shall encourage parents/guardians to update their emergency contact information as needed at any time. The Superintendent or designee shall notify parents/guardians that the district will only use information provided on the emergency cards in response to specific emergency situations and not for any other purpose.

The Superintendent or designee may also encourage all students and families to learn their emergency phone numbers and be aware of the location of important documentation, including birth certificates, passports, social security cards, physicians' contact information, medication lists, lists of allergies, and other such information that would allow the students and families to be prepared in the event that a student's parent/guardian is detained or deported.

In the event that a student's parent/guardian is detained or deported, the Superintendent or designee shall release the student to the person(s) designated in the student's emergency contact information or to any individual who presents a caregiver's authorization affidavit on behalf of the student. The Superintendent or designee shall only contact child protective services if district personnel are unable to arrange for the timely care of the student by the person(s) designated in the emergency contact information maintained by the school or identified on a caregiver's authorization affidavit.

In an instance where a student's parent/guardian was detained or deported, the Superintendent or designee shall notify the student, as well as the individuals designated in the student's emergency contact information and any individual who presented a caregiver's authorization affidavit on behalf of the student, that the student continues to meet the residency requirements for attendance in the district if the student and the student's parent/guardian who was detained or deported satisfy the conditions as specified in Education Code 48204.4.

The Superintendent or designee may refer a student or the student's family members to other resources for assistance, including, but not limited to, an U.S. Immigrant and Customs Enforcement detainee locator, legal assistance, or the consulate or embassy of the parent/guardian's country of origin.

Policy 5145.13: Response To Immigration Enforcement

Status: ADOPTED

Original Adopted Date: 07/01/2018 **| Last Revised Date:** 09/11/2025 **| Last Reviewed Date:** 09/11/2025

The Governing Board is committed to the success of all students and believes that every school site should be a safe and welcoming place for all students and their families irrespective of their citizenship or immigration status.

District staff shall not solicit or collect information or documents, and shall not seek or require information or documents to the exclusion of other permissible information or documents, regarding the citizenship or immigration status of a student or the student's family members. (Education Code 234.7)

In accordance with law, Board Policy 0410 - Nondiscrimination in District Programs and Activities, and Board Policy 5145.3 - Nondiscrimination/Harassment, no student shall be denied equal rights and opportunities, nor be subjected to unlawful discrimination, harassment, intimidation, or bullying in the district's programs and activities on the basis of the student's or family's immigration status or for the refusal to provide information related to the student's or family's immigration status. (Education Code 200, 220, 234.1)

Resources and data collected by the district shall not be used, directly or by others, to compile a list, registry, or database of individuals based on national origin, immigration status, religion, or other category of individual characteristics protected against unlawful discrimination. (Government Code 8310.3)

The Superintendent or designee shall notify parents/guardians regarding their children's right to a free public education regardless of immigration status or religious beliefs and their rights related to immigration enforcement. (Education Code 234.7)

The Superintendent or designee shall develop procedures for addressing any immigration-related requests by a law enforcement officer for access to district records, school sites, or students.

The Superintendent or designee may provide training to staff regarding immigration issues, including information on responding to a request from a law enforcement officer to visit a school site or to have access to a student.

The Superintendent or designee shall report to the Board in a timely manner any requests for information or access to a school site by a law enforcement officer for the purpose of enforcing the immigration laws. Such notification shall be provided in a manner that ensures the confidentiality and privacy of any potentially identifying information. (Education Code 234.7)

AGENDA ITEM

Agenda Title:	Receipt of the Measure T 2024-2025 Bond Financial and Performance Audit Report
Meeting Date:	February 12, 2026
Item:	Discussion/Action

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board is asked to receive and accept the Measure T Bond Financial and Performance Audit Report for the fiscal year ended June 30, 2025.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
Because the passage of Measure T required only 55% of the vote in accordance with Proposition 39 (Article XIII of the California State Constitution), the District is required to establish a citizens' bond oversight committee and to conduct an annual financial and performance audit.

Strategic Design - Vision
Applied to the "Fiscal Integrity of the District" Portion of the Strategic Framework

HISTORY *(list previous staff or board action(s) with dates if possible)*
The first Measure T Financial and Performance audit report was approved at the March 30, 2023 Board meeting. Measure T financial and performance audits have been performed annually since that time.

The bond audit is an annual requirement.

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
Fee for Measure T: $7,500

WHO *(list the name of the contact person(s), job title, and site location)*
Paul Ziegler, Assistant Superintendent of Business Services

ATTACHMENTS:
Description
2024-25 Measure T Governance Letter
2024-25 Measure T Audit

January 28, 2026

To the Governing Board and Citizens' Oversight Committee
Eureka City Schools
Eureka, California

We have audited the financial statements of Eureka City Schools' (the District) Building Fund (Measure T), as of and for the year ended June 30, 2025, and have issued our report thereon dated January 28, 2026. We have also performed the performance audit of the District's Building Fund. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit of the District's Building Fund (Measure T) under Generally Accepted Auditing Standards and *Government Auditing Standards* and the Performance Audit under *Government Auditing Standards*.

As communicated in our letter dated June 4, 2025, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Additionally, our responsibility, as described by professional standards, is to conduct a performance audit in accordance with *Government Auditing Standards*. Our audit of the financial statements and performance audit does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, as part of our audit, we considered the system of internal control of the District solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding internal controls during our audit in our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated January 28, 2026.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and other firms utilized in the engagement, if applicable, have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the District's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the District is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the year ended June 30, 2025 related to the Building Fund (Measure T). No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Accounting Estimates and Related Disclosures

Accounting estimates and related disclosures are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. No such sensitive accounting estimates were identified.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. There were no financial statement disclosures that we consider to be particularly sensitive or involve significant judgment.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole and each applicable opinion unit. There were no uncorrected or corrected misstatements identified as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the District's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management which are included in the management representation letter dated January 28, 2026.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the District, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the District's auditors.

Circumstances that Affect the Form and Content of the Auditor's Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor's report. We have made the following modification to our auditor's report:

> ***Emphasis of Matter***
>
> As discussed in Note 1, the financial statements present only the Building Fund (Measure T), and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2025, or the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

This report is intended solely for the information and use of the Governing Board, Citizens' Oversight Committee, and management of the District, and is not intended to be, and should not be, used by anyone other than these specified parties.

Eureka City Schools
Eureka, California

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Building Fund (Measure T) of Eureka City Schools (the District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Building Fund (Measure T) of Eureka City Schools, as of June 30, 2025, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States *(Government Auditing Standards)*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Building Fund (Measure T), and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2025, or the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 28, 2026 on our consideration of the Building Fund (Measure T) of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Building Fund (Measure T) of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Building Fund (Measure T) of the District's internal control over financial reporting and compliance.

See Notes to Financial Statements

Note 1 - Summary of Significant Accounting Policies

The accounting policies of Eureka City Schools' (the District) Building Fund (Measure T) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The District Building Fund accounts for financial transactions in accordance with the policies and procedures of the *California School Accounting Manual*.

Financial Reporting Entity

The financial statements include only the Building Fund of the District used to account for Measure T projects. This Fund was established to account for the receipt of proceeds and expenditures of general obligation bonds issued under Measure T. These financial statements are not intended to present fairly the financial position and the changes in financial position of the District in accordance with accounting principles generally accepted in the United States of America.

Fund Accounting

The operations of the Building Fund are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of Accounting

The Building Fund is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget no later than July 1 in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances lapse at June 30.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates, and those differences could be material.

Note 2 - Investments

Policies and Practices

The District is authorized under California *Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their county treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the county treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the county treasurer, which is recorded on the amortized cost basis. The District’s investment in the county treasury is measured at fair value on a recurring basis, which is determined by the fair value per share of the underlying portfolio determined by the program sponsor. Positions in this investment pool are not required to be categorized within the fair value hierarchy.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the Humboldt County Investment Pool. The District maintains a Building Fund (Measure T) investment of $223,678 with the Humboldt County Investment Pool, with an average maturity of 626 days.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The Humboldt County Investment Pool is not required to be rated, nor has it been rated as of June 30, 2025.

Note 3 - Receivables

Receivables at June 30, 2025, consisted of the following:

Interest	$ 10,656

Note 4 - Accounts Payable

The accounts payable at June 30, 2025, consisted of the following:

Capital outlay	$ 234,334

Note 5 - Interfund Transactions

Operating Transfers

Interfund transfers for the year ended June 30, 2025, consisted of the following:

The balance of $39,086 was transferred from the County School Facilities Fund to the Building Fund (Measure T) for expenditures related to school facilities projects.

Note 6 - Commitments and Contingencies

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2025.

Independent Auditor's Report
Building Fund (Measure T)
June 30, 2025

Eureka City Schools

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Governing Board and Citizens' Oversight Committee
Eureka City Schools
Eureka, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards)*, the financial statements of the Building Fund (Measure T) of Eureka City Schools (the District), as of and for the year ended June 30, 2025, and the related notes of the financial statements, and have issued our report thereon dated January 28, 2026.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Building Fund (Measure T), and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2025, or the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's Building Fund (Measure T) financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Building Fund (Measure T) of the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Ontario, California
January 28, 2026

None reported.

Except as specified in previous sections of this report, summarized below is the current status of all audit findings reported in the prior year's Schedule of Findings and Responses.

2024-001 Financial Reporting and Closing Process

Criteria or Specific Requirements
The accounting system used to record the fiscal activities of local educational agencies (LEAs) shall be in accordance with the definitions, instructions, and procedures published in the California School Accounting Manual. LEAs are also required to present their financial statements in accordance with generally accepted accounting principles (GAAP).

Condition
Eide Bailly LLP assists in the preparation of the District's financial statements based on the trial balance prepared by management. During the course of the audit, material adjustments were required to be made to the Building Fund (Measure T) financial statements including restatement of beginning fund balance. There was a material audit adjustment proposed and posted to correct a prior year overstatement of receivables, which affected the fund balance as of July 1, 2023. For the year ended June 30, 2024, an audit adjustment was identified that was related to the recording of an expenditure in the incorrect period by the District causing an understatement of operating expenditures and an understatement of the accounts payable balance. In addition, an audit adjustment was identified related to the fair market value of the cash in county investment account.

Context
The condition was identified as a result of audit procedures performed. Several adjusting entries were posted to ensure accuracy and correct classification of account balances.

Cause
The internal controls in place during the closing process, including preparation and review of account reconciliations, were not sufficient to ensure accurate reporting of balances for reporting.

Effect
Material adjustments to the general ledger were proposed as a result of audit procedures. These adjustments were accepted by management to ensure the financial statements were presented fairly. This deficiency may result in financial information that is not available as timely or accurately as it would otherwise be if account balances were reconciled and reported accurately. Additionally, this deficiency may have been corrected if the financial statements were internally prepared.

Recommendation
We recommend that the District implement more comprehensive review processes and controls to ensure that account balances are reconciled to the underlying source documentation. Additionally, the financial statements prepared by external accountants should be reviewed and reconciled back to the District's records to ensure amounts presented accurately reflect the District's records.

Implemented
Yes.

Performance Audit
Building Fund (Measure T)
June 30, 2025

Eureka City Schools

Independent Auditor's Report on Performance

To the Governing Board and Citizens' Oversight Committee
Eureka City Schools
Eureka, California

We were engaged to conduct a performance audit of the Building Fund (Measure T) of Eureka City Schools (the District) for the year ended June 30, 2025.

We conducted this performance audit in accordance with generally accepted government auditing standards issued by the Comptroller General of the United States (*Government Auditing Standards*). Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Audit Authority/Purpose

The general obligation bonds associated with Measure T were issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California *Education Code*, and other applicable provisions of law. The bonds are authorized to be issued by a resolution adopted by the Board of Supervisors of the County (the Resolution), pursuant to a request of the District made by a resolution adopted by the Board of Education of the District.

For Measure T, the District received authorization from an election held on March 3, 2020, to issue bonds of the District in an aggregate principal amount not to exceed $18,000,000 to finance specific construction and renovation projects approved by eligible voters within the District. The proposition required approval by at least 55% of the votes cast by eligible voters within the District (the 2020 Authorization). The bonds outstanding as of June 30, 2025, represent the first series of the authorized bonds to be issued under the 2020 Authorization.

Purpose

Pursuant to the Authorization, the proceeds of the Bond will be used to renovate and improve school building and facilities, specifically, to complete the projects listed in the information given to the voters (the Measure T Bond Priority Projects List).

The Measure T Bond Priority Projects List includes repair sections of Eureka High School which presents life and imminent health and safety risks to teachers, students and staff, families and members of the public, improve accessibility to the Eureka High School campus for disabled persons, prevent dangerous sinkholes which create imminent health and safety risks to students and high school teachers and staff, upgrade facilities to meet seismic safety standards, and apply for emergency State matching funds to offset the costs of stadium repairs. Along with, adhere to specific fiscal accountability safeguards such as all expenditures subject to annual independent financial audits, no money to be taken by the state, all funds stay local, and all expenditures are to be reviewed by an independent citizen oversight committee to ensure that funds are spent only as authorized.

Authority

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by the District, "for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities", upon approval by 55% of the electorate. In addition to reducing the approval threshold from two-thirds to 55%, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in *Education Code* sections 15278-15282:

1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIIIA, Section 1(b)(3)(C) of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

2. The District must list the specific school facilities projects to be funded in the ballot measure and must certify that the governing board has evaluated safety, class size reduction and information technology needs in developing the project list.

3. Requires the District to appoint a citizens' oversight committee.

4. Requires the District to conduct an annual independent financial audit and performance audit in accordance with the *Government Auditing Standards* issued by the Comptroller General of the United States of the bond proceeds until all of the proceeds have been expended.

5. Requires the District to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed.

Objectives of the Audit

Our audit was limited to the objectives listed below which includes determining the compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution and Appendix A contained in the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* issued by the California Education Audit Appeals Panel. Management is responsible for the District compliance with those requirements.

1. Determine whether expenditures charged to the Building Fund have been made in accordance with the bond project list approved by the voters through the approval of Measure T.

2. Determine whether salary transactions, charged to the Building Fund were in support of Measure T and not for District general administration or operations.

Scope of the Audit

The scope of our performance audit covered the period of July 1, 2024 through June 30, 2025. The population of expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2025, were not reviewed or included within the scope of our audit or in this report.

In planning and performing our performance audit, we obtained an understanding of the District's internal control in order to determine if the internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution, but not for the purpose of expressing an opinion of the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

Methodology

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2025, for the Building Fund (Measure T). Within the fiscal year audited, we obtained the actual invoices, purchase orders, and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Article XIIIA, Section 1(b)(3)(C) of the California Constitution and Measure T as to the approved bond projects list. We performed the following procedures:

1. We identified expenditures and projects charged to the general obligation bond proceeds by obtaining the general ledger and project listing.

2. We selected a sample of expenditures using the following criteria:
    a) We considered all expenditures recorded in all object codes.
    b) We considered all expenditures recorded in all projects that were funded from July 1, 2024 through June 30, 2025 from Measure T bond proceeds.

c) We selected all expenditures that were individually significant expenditures. Individually significant expenditures were identified based on our assessment of materiality.

3. Our sample included transactions totaling $13,902,827. This represents 95% of the total expenditures of $14,635,687.

4. We reviewed the actual invoices and other supporting documentation to determine that:
   a) Expenditures were supported by invoices with evidence of proper approval and documentation of receipting goods or services.
   b) Expenditures were supported by proper bid documentation, as applicable.
   c) Expenditures were expended in accordance with voter-approved bond project list.
   d) Bond proceeds were not used for salaries of school administrators or other operating expenses of the District.

5. We determined that the District has met the compliance requirement of Measure T if the following conditions were met:
   a) Supporting documents for expenditures were aligned with the voter-approved bond project list.
   b) Expenditures were not used for salaries of school administrators or other operating expenses of the District.

The results of our tests indicated that the District expended Building Fund (Measure T) funds only for the specific projects approved by the voters, in accordance with Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution.

Audit Results

The results of our test indicated that, in all material respects, Eureka City Schools has properly accounted for the expenditures held in the Building Fund (Measure T) and that such expenditures were made for authorized Bond projects.

This report is intended solely for the information and use of the District, Governing Board, and Citizens' Oversight Committee, and is not intended to be and should not be used by anyone other than these specified parties.

AGENDA ITEM

Agenda Title:	Receipt of the 2024-2025 Independent Audit Report
Meeting Date:	February 12, 2026
Item:	Discussion/Action

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board is asked to receive and accept the 2024-2025 Independent Audit Report.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
School districts are required to undergo an annual financial audit by an outside accounting firm. The July 1, 2024 – June 30, 2025 Eureka City Schools audit was completed by Eide Bailly LLP.

Strategic Design - Vision
Applied to the "Fiscal Integrity of the District" Portion of the Strategic Framework

HISTORY *(list previous staff or board action(s) with dates if possible)*
The audit is an annual requirement.

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
Cost for the 2024-2025 audit is $61,700.

WHO *(list the name of the contact person(s), job title, and site location)*
Paul Ziegler, Assistant Superintendent of Business Services

Description
2024-25 Governance Letter
2024-25 Independent Audit

January 28, 2026

To the Governing Board
Eureka City Schools
Eureka, California

We have audited the financial statements of Eureka City Schools (the District), as of and for the year ended June 30, 2025, and have issued our report thereon dated January 28, 2026. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit under Generally Accepted Auditing Standards and *Government Auditing Standards* and our Compliance Audit under the Uniform Guidance

As communicated in our letter dated June 4, 2025, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America and to express an opinion on whether the District complied with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs. Our audit of the financial statements and major program compliance does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the District solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

Our responsibility, as prescribed by professional standards as it relates to the audit of the District's major federal program compliance, is to express an opinion on the compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. An audit of major program compliance includes consideration of internal control over compliance with the types of compliance requirements referred to above as a basis for designing audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, as a part of our major program compliance audit, we considered internal control over compliance for these purposes and not to provide any assurance on the effectiveness of the District's internal control over compliance.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding internal controls during our audit in our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated January 28, 2026. We have also provided our comments regarding compliance with the types of compliance requirements referred to above and internal controls over compliance during our audit in our Independent Auditor's Report on Compliance with Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance dated January 28, 2026.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and other firms utilized in the engagement, if applicable, have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the District's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the District is included in Note 1 to the financial statements. As described in Note 1 and 15 to the financial statements, the District changed accounting policies related to accounting for compensated absences to adopt the provisions of Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*. Accordingly, the accounting change has been retrospectively applied to the financial statements beginning July 1, 2024. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Accounting Estimates and Related Disclosures

Accounting estimates and related disclosures are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are:

Management's estimate of the aggregate net pension liability, related deferred outflows of resources, deferred inflows of resources, and pension expense is based on the District's proportionate share of the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) estimated net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense, which were actuarially determined, utilizing projections of future contributions and future earnings, actuarial assumptions such as inflation, salary increases, mortality rates, and investment rate of return and discount rates in the determination of the final balances reported in the CalSTRS and CalPERS audited financial statements. The District's proportionate share was determined by calculating the District's share of contributions to the pension plan relative to the contributions of all participating entities in the plan.

Management's estimate of the net other postemployment benefit (OPEB) liability, related deferred outflows of resources, deferred inflows of resources, and OPEB expense is based on the work performed by an actuary, utilizing projections of future benefit costs, actuarial assumptions such as inflation, benefit cost increases, mortality rates, and discount rates.

Management's estimate of the compensated absence liability includes determining the amount of sick leave that is more likely than not to be used by employees for paid leave. This balance is estimated using the District's historical experience of sick leave usage by employees.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. There were no financial statement disclosures that we consider to be particularly sensitive or involve significant judgment.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit. There were no uncorrected or corrected misstatements identified as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditor's Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor's report. We have made the following modification to our auditor's report:

Adoption of New Accounting Standard

As discussed in Note 15 to the financial statements, the District has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences* for the year ended June 30, 2025. Accordingly, a restatement has been made to the governmental activities net position as of July 1, 2024 to restate beginning net position. Our opinions are not modified with respect to this matter.

Representations Requested from Management

We have requested certain written representations from management which are included in the management representation letter dated January 28, 2026.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the District, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating conditions affecting the District, and operating plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the District's auditors.

Other Information Included in the Financial Statements

Pursuant to professional standards, our responsibility as auditors for other information (Local Education Agency Organization Structure), whether financial or nonfinancial, included in the District's financial statements, does not extend beyond the financial information identified in the audit report, and we are not required to perform any procedures to corroborate such other information.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Governing Board and management of the District and is not intended to be, and should not be, used by anyone other than these specified parties.

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Eureka City Schools (the District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Eureka City Schools, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States *(Government Auditing Standards)*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Adoption of New Accounting Standard

As discussed in Note 15 to the financial statements, the District has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences* for the year ended June 30, 2025. Accordingly, a restatement has been made to the governmental activities net position as of July 1, 2024 to restate beginning net position. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes in the District's total OPEB liability and related ratios, schedule of the District's proportionate share of the net OPEB liability - MPP program, schedule of the District's proportionate share of the net pension liability - CalSTRS, schedule of the District's proportionate share of the net pension liability - CalPERS, schedule of the District's contributions - CalSTRS, and schedule of the District's contributions - CalPERS be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, combining non-major governmental fund financial statements, and other supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the Schedule of Expenditures of Federal Awards, combining non-major governmental fund financial statements, and other supplementary information listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the Local Education Agency Organization Structure but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 28, 2026 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Eide Bailly LLP

Ontario, California
January 28, 2026

This section of Eureka City Schools' (the District) annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2025, with comparative information for the year ended June 30, 2024. Please read it in conjunction with the District's financial statements, which immediately follow this section.

FINANCIAL HIGHLIGHTS

- Over the course of the year, net position increased by $9,438,496.
- Capital assets, net of depreciation, increased by $11,210,535. Accumulated depreciation increased by $6,653,530.
- Long-term liabilities have increased by $3,235,443 with the aggregate net OPEB liability increasing by $329,424, aggregate net pension liability decreasing by $3,288,181, bonds payable decreasing by $1,537,806, compensated absences increasing by $7,960,195, and the energy conservation assistance loan decreasing by $38,644. Accreted interest expense was $2,037,194 for the year.
- During fiscal year 2024-25, average daily attendance (ADA) for P-2 of the District (exclusive of Adult ADA) decreased by 92 ADA, or 3%.
- CBED data shows enrollment in the District went from 3,580 to 3,538, representing a decrease of enrollment by 42, or 1.2%.
- The District maintains the required minimum reserves for economic uncertainty of 3% of combined General Fund and Special Reserve Fund for Other than Capital Outlay Projects expenditures, transfers out and other uses (total outgo). During the year ended June 30, 2025, General Fund expenditures and other uses totaled $70,707,784. At June 30, 2025, the District had available reserves designated for economic uncertainties of $3,536,150, approximately 5.0% of General Fund and Special Reserve Fund for Other than Capital Outlay Projects expenditures, transfers out and other uses.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Statements

The financial statements presented herein include all of the activities of the District and its component units using the integrated approach as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34.

The *Government-Wide Financial Statements* present the financial picture of the District from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities. These statements include all assets of the District (including capital assets), deferred outflows of resources, as well as all liabilities (including long-term liabilities), and deferred inflows of resources. Additionally, certain eliminations have occurred as prescribed by the statement in regards to interfund activity, payables, and receivables.

The *Fund Financial Statements* include statements for each of the three categories of activities: governmental, proprietary, and fiduciary.

- The *Governmental Funds* are prepared using the current financial resources measurement focus and modified accrual basis of accounting.
- The *Proprietary Fund* is prepared using the economic resources measurement focus and the accrual basis of accounting.
- The *Fiduciary Fund* is prepared using the economic resources measurement focus and the accrual basis of accounting.

Reconciliation of the Fund Financial Statements to the Government-Wide Financial Statements is provided to explain the differences created by the integrated approach.

The Primary unit of the government is Eureka City Schools.

REPORTING THE DISTRICT AS A WHOLE

The Statement of Net Position and the Statement of Activities

The *Statement of Net Position* and the *Statement of Activities* report information about the District as a whole and about its activities. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the District using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net position and changes in net position. Net position is the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources, which is one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position will serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Other factors to consider are changes in the District's property tax base and the condition of the District's facilities.

The relationship between revenues and expenses is the District's operating results. Since the governing board's responsibility is to provide services to our students and not to generate profit as commercial entities do, one must consider other factors when evaluating the overall health of the District. The quality of the education and the safety of our schools will likely be an important component in this evaluation.

In the *Statement of Net Position* and the *Statement of Activities*, we present the District activities as follows:

Governmental Activities - Most of the District's services are reported in this category. This includes the education of kindergarten through grade twelve students, adult education students, the operation of child development activities, and the on-going effort to improve and maintain buildings and sites. Property taxes, State income taxes, user fees, interest income, Federal, State, and local grants, as well as general obligation bonds, finance these activities.

REPORTING THE DISTRICT'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the District as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money that it receives from the U.S. Department of Education.

Governmental Funds - Most of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The differences of results in the governmental fund financial statements to those in the government-wide financial statements are explained in a reconciliation following the governmental fund financial statements.

Proprietary Funds - When the District charges users for the services it provides, whether to outside customers or to other departments within the District, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Fund Net Position. We use internal service funds (the other component of proprietary funds) to report activities that provide supplies and services for the District's other programs and activities, such as the District's Self-Insurance Fund. The internal service funds are reported with governmental activities in the government-wide financial statements.

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or fiduciary, for funds held on behalf of others, like our funds for employee retiree benefits and pensions. The District's fiduciary activities are reported in the Fiduciary Fund Financial Statements. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance its operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

THE DISTRICT AS A WHOLE

Net Position

The District's net position was $32,075,914 for the fiscal year ended June 30, 2025. Of this amount, $33,569,976 was an unrestricted deficit. Restricted net position is reported separately to show legal constraints from debt covenants and enabling legislation that limit the governing board's ability to use net position for day-to-day operations. Our analysis below, in summary form, focuses on the net position (Table 1) and change in net position (Table 2) of the District's governmental activities.

Table 1

	Governmental Activities	
	2025	2024*
Assets		
Current and other assets	$ 82,154,289	$ 81,305,616
Capital assets, net	110,738,508	99,527,973

Net Position		
Net investment in capital assets	31,579,378	30,623,052
Restricted	34,066,512	21,361,883
Unrestricted deficit	(33,569,976)	(29,347,517)
Total net position	$ 32,075,914	$ 22,637,418

* Amounts have not been restated for the effects of the implementation of GASB Statement No. 101. See Note 15 for further information.

The $33,569,976 in unrestricted net position of governmental activities represents the accumulated results of all past years' operations. The deficit of the unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements increased by $4,222,459, or 14.4% compared to the prior year.

Changes in Net Position

The results of this year's operations for the District as a whole are reported in the *Statement of Activities* on page 14. Table 2 takes the information from the Statement, rounds off the numbers, and rearranges them slightly so you can see our total revenues for the year.

Table 2

	Governmental Activities	
	2025	2024*

All other services	10,986,406	10,729,469
Total expenses	83,517,373	78,812,701
Change in net position	$ 16,179,688	$ 12,631,820

* The expenses for the year ended June 30, 2024 were not restated for the effects of the implementation of GASB Statement No. 101. See Note 15 for further information.

Governmental Activities

As reported in the *Statement of Activities* on page 14, the cost of all of our governmental activities this year was $83,517,373. However, the amount that our taxpayers ultimately financed for these activities through local taxes was only $27,206,136 because the cost was paid by those who benefited from the programs $471,728 or by other governments and organizations who subsidized certain programs with grants and contributions $38,807,631. We paid for the remaining "public benefit" portion of our governmental activities with $33,211,566 in Federal and State funds, and with other revenues, like interest and general entitlements.

In Table 3, we have presented the cost and net cost of each of the District's largest functions: instruction-related, pupil services, administration, plant services, and all other services. As discussed above, net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

Table 3

	Total Cost of Services		Net Cost of Services	
	2025	2024*	2025	2024*
Instruction-related	$ 44,807,265	$ 43,046,411	$ 18,768,461	$ 28,140,424
Pupil services	14,649,540	13,175,796	5,622,403	2,716,859
Administration	5,078,367	4,691,926	4,438,745	4,217,778

All other services	10,986,406	10,729,469	8,297,378	7,669,658
Total	$ 83,517,373	$ 78,812,701	$ 44,238,014	$ 49,008,752

* The expenses for the year ended June 30, 2024 were not restated for the effects of the implementation of GASB Statement No. 101. See Note 15 for further information.

THE DISTRICT'S FUNDS

As the District completed this year, our governmental funds reported a combined fund balance of $75,206,898, which is an increase of $2,482,749 from last year (Table 4).

Table 4

	Balances and Activity			
Governmental Fund	July 1, 2024	Revenues and Other Financing Sources	Expenditures and Other Financing Uses	June 30, 2025
General	$ 41,050,051	$ 73,226,697	$ 70,707,784	$ 43,568,964
Building	14,057,398	578,289	14,635,687	-

CAPITAL ASSETS AND LONG-TERM LIABILITIES

Capital Assets

At June 30, 2025, the District had $110,738,508 in a broad range of capital assets (net of depreciation), including land, buildings, furniture, and equipment. This amount represents a net increase (including additions, deductions, and depreciation) of $11,210,535, or 11.26%, from last year (Table 5).

Table 5

	Governmental Activities	
	2025	2024
Land and construction in progress	$ 59,563,509	$ 43,630,373
Buildings and improvements, net	47,829,692	53,054,497
Furniture and equipment, net	3,345,307	2,843,103
Total	$ 110,738,508	$ 99,527,973

Long-Term Liabilities

At the end of this year, the District had 164,355,713 in long-term liabilities outstanding versus $161,120,270 last year. The long-term liabilities consisted of:

Table 6

	Governmental Activities	
	2025	2024*
Long-Term Liabilities		
General obligation bonds	$ 99,341,524	$ 100,879,330
Unamortized debt premiums	4,326,399	4,515,944
Energy conservation assistance loan	347,800	386,444
Compensated absences	8,114,421	154,226
Aggregate net OPEB liability	11,071,956	10,742,532
Aggregate net pension liability	41,153,613	44,441,794
Total	$ 164,355,713	$ 161,120,270

* Amounts have not been restated for the effects of the implementation of GASB Statement No. 101. See Note 15 for further information.

The District's general obligation bond rating was upgraded by Moody's Investors Service in June 2024, from a rating of A2 to A1. The State limits the amount of general obligation debt that districts can issue to five percent of the assessed value of all taxable property within the District's boundaries. The District's outstanding general obligation debt of $99,341,524 is significantly below this statutorily-imposed limit.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's budget is prepared in accordance with California law and is based on the modified accrual basis of accounting. Over the course of the year, the District revised its annual operating budget at various times to reflect the most recent financial information available. The most significant budget adjustments made during the year fall into the following categories:

- Budget revisions to the adopted budget required after approval of the State budget.
- Budget revisions to adjust program revenues and expenditures based on final awards.
- Budget revisions to reflect changes in staffing and hiring.
- Budget revisions to reflect one-time federal and state funding.

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

- Except for the influx of Federal and State one-time funding, the District has continued a pattern of deficit spending over the past several years. As a result, reserves and one-time revenues have been used to fund ongoing initiatives and expenditures. Judicious use of the one-time funding has allowed the District to maintain healthy reserves. The District submitted its Local Control Accountability Plan (LCAP) update along with the 2024/2025 budget. With the expiration of one-time funds as of September 2024, the District continues to evaluate options to reduce deficit spending.
- The 2025/2026 California state budget is projecting a shortfall, and this has led to concern for the funding of new and ongoing programs the state has begun funding.
- The District experienced an enrollment decrease in 2024/25 and projects continued future year enrollment decreases, which negatively influences overall funding levels. Attendance rates remained low in 2024/2025 for the District and the state as a whole.
- A tight labor market, along with rising costs for special education, health benefits, step and column movement, STRS and PERS contributions, increases in the minimum wage, facilities maintenance and upgrades, utilities, and other inflationary pressures, as well as additional demand for intervention programs and programs to combat learning loss have put pressure on the ability to fund general education services.
- The increase in required compliance and reporting regulations, associated with the proliferation of new programs, has placed an increasing burden on the District staff.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact Paul Ziegler, Assistant Superintendent Business Services, Eureka City Schools, 2100 J Street, Eureka, CA 95503.

Total Fund Balances - Governmental Funds		$ 75,206,898
Amounts Reported for Governmental Activities in the Statement of Net Position are Different Because		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds.		
The cost of capital assets is	$ 192,757,350	
Accumulated depreciation is	(82,018,842)	
Net capital assets		110,738,508
In governmental funds, unmatured interest on long-term liabilities is recognized in the period when it is due. On the government-wide financial statements, unmatured interest on long-term liabilities is recognized when it is incurred.		(988,225)
An internal service fund is used by management to charge the costs of the insurance premiums to the individual funds. The assets and liabilities of the internal service fund are included with governmental activities in the statement of net position.		1,551,884
Deferred outflows of resources represent a consumption of net position in a future period and is not reported in the governmental funds. Deferred outflows of resources amounted to and related to:		
Aggregate net OPEB liability	2,861,429	
Aggregate net pension liability	14,859,579	
Total deferred outflows of resources		17,721,008
Deferred inflows of resources represent an acquisition of net position that applies to a future period and is not reported in the governmental funds. Deferred inflows of resources amount to and related to:		
Aggregate net OPEB liability	(4,077,370)	
Aggregate net pension liability	(3,721,076)	
Total deferred inflows of resources		(7,798,446)
The District's aggregate net OPEB liability is not due and payable in the current period, and is not reported as a liability in the funds.		(11,071,956)
Aggregate net pension liability is not due and payable in the current period, and is not reported as a liability in the funds.		(41,153,613)

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.		
Long-term liabilities at year-end consist of:		
General obligation bonds and unamortized debt premiums	$ (78,811,330)	
Energy conservation assistance loan	(347,800)	
Compensated absences	(8,114,421)	
In addition, capital appreciation general obligation bonds were issued. The accretion of interest to date on the general obligation bonds is	(24,856,593)	
Total long-term liabilities		$ (112,130,144)
Total net position - governmental activities		$ 32,075,914

See Notes to Financial Statements.

Total Net Change in Fund Balances - Governmental Funds		$ 2,482,749
Amounts Reported for Governmental Activities in the Statement of Activities are Different Because		
Capital outlay to purchase or build capital assets are reported in governmental funds as expenditures; however, for governmental activities, those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expense in the Statement of Activities.		
This is the amount by which capital outlay exceeds depreciation expense in the period.		
Capital outlay	$ 17,866,980	
Depreciation expense	(6,653,500)	
Net expense adjustment		11,213,480
The District previously issued capital appreciation general obligations bonds. The accretion of interest on the general obligation bonds during the current fiscal year was		(2,037,194)
Loss on disposal of capital assets is reported in the government-wide Statement of Net Position, but is not recorded in the governmental funds.		(2,945)
In the Statement of Activities, certain operating expenses, such as compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).		(1,219,003)
In the governmental funds, pension costs are based on employer contributions made to pension plans during the year. However, in the Statement of Activities, pension expense is the net effect of all changes in the deferred outflows/inflows of resources and the net aggregate pension liability during the year.		2,037,805
In the governmental funds, OPEB costs are based on benefit payments made for OPEB plans during the year. However, in the Statement of Activities, OPEB expense is the net effect of all changes in the deferred outflows/inflows of resources and the net aggregate OPEB liability during the year.		(357,864)
Governmental funds report the effect of premiums when the debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.		
Premium amortization		189,545

Payment of principal on long-term liabilities is an expenditure in the governmental funds, but reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities.	
General obligation bonds	$ 3,575,000
Energy conservation assistance loan	38,644
Interest on long-term liabilities is recorded as an expenditure in the funds when it is due; however, in the Statement of Activities, interest expense is recognized as the interest accretes or accrues, regardless of when it is due.	52,098
An internal service fund is used by management to charge the costs of insurance premiums to the individual funds. The net revenue of the Internal Service Fund is reported with governmental activities.	207,373

Note 1 - Summary of Significant Accounting Policies

Financial Reporting Entity

Eureka City Schools (the District) was established on November 2, 1908 under the laws of the State of California. The District operates under a locally elected five-member Board form of government and provides educational services to grades TK-12 as mandated by the State and/or Federal agencies. The District operates one pre-school, four elementary schools, two middle schools, one comprehensive high school, and one continuation high school.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For Eureka City Schools, this includes general operations, food service, and student related activities of the District.

Other Related Entities

Charter School The District has approved the Charter for Pacific View Charter 2.0 pursuant to *Education Code* Section 47605. Pacific View Charter 2.0 (the Charter School) is not operated by the District. The Charter School operates and provides school services as an independent entity and is not considered a component unit of the District. The District's General Fund includes property taxes received for the charter school and a corresponding expense in other outgo. The Charter School is required in its individual charter agreement to have an annual financial audit performed. Additionally, the Charter School is to provide the District with an annual financial report.

Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The District's funds are grouped into three broad fund categories: governmental, proprietary, and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major and non-major governmental funds:

Major Governmental Funds

General Fund The General Fund is the chief operating fund for all districts. It is used to account for the ordinary operations of the District. All transactions except those accounted for in another fund are accounted for in this fund.

Two funds currently defined as special revenue funds in the *California State Accounting Manual* (CSAM) do not meet the GASB Statement No. 54 special revenue fund definition. Specifically Fund 17, Special Reserve Fund for Other Than Capital Outlay Projects and Fund 20, Special Reserve Fund for Postemployment Benefits, are not substantially composed of restricted or committed revenue sources. While these funds are authorized by statute and will remain open for internal reporting purposes, the funds function effectively as an extension of the General Fund. Accordingly, the District's Special Reserve Fund for Other Than Capital Outlay Projects Fund and Special Reserve Fund for Postemployment Benefits have been combined with the General Fund for presentation in these audited financial statements.

As a result, the General Fund reflects an increase in fund balance of $1,903,967.

Building Fund The Building Fund exists primarily to account separately for proceeds from the sale of bonds (*Education Code* Section 15146) and may not be used for any purposes other than those for which the bonds were issued.

County School Facilities Fund The County School Facilities Fund is established pursuant to *Education Code* Section 17070.43 to receive apportionments from the 1998 State School Facilities Fund (Proposition 1A), the 2002 State School Facilities Fund (Proposition 47), the 2004 State School Facilities Fund (Proposition 55), the 2006 State School Facilities Fund (Proposition 1D), or the 2016 State School Facilities Fund (Proposition 51) authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants, as provided in the Leroy F. Greene School Facilities Act of 1998 (*Education Code* Section 17070.10 et seq.).

Special Reserve Fund for Capital Outlay Projects The Special Reserve Fund for Capital Outlay Projects exists primarily to provide for the accumulation of General Fund monies for Capital Outlay purposes (*Education Code* Section 42840).

Non-Major Governmental Funds

Special Revenue Funds The Special Revenue funds are used to account for the proceeds from specific revenue sources (other than trusts, major capital projects, or debt service) that are restricted or committed to the financing of particular activities, that compose a substantial portion of the inflows of the fund, and that are reasonably expected to continue. Additional resources that are restricted, committed, or assigned to the purpose of the fund may also be reported in the fund.

- **Student Activity Fund** The Student Activity Fund is used to account separately for the operating activities of the associated student body accounts that are not fiduciary in nature, including student clubs, general operations, athletics, and other student body activities.

- **Adult Education Fund** The Adult Education Fund is used to account separately for Federal, State, and local revenues that are restricted or committed for adult education programs and is to be expended for adult education purposes only.

- **Child Development Fund** The Child Development Fund is used to account separately for Federal, State, and local revenues to operate child development programs and is to be used only for expenditures for the operation of child development programs.

- **Cafeteria Fund** The Cafeteria Fund is used to account separately for Federal, State, and local resources to operate the food service program (*Education Code* Sections 38090-38093) and is used only for those expenditures authorized by the governing board as necessary for the operation of the District's food service program (*Education Code* Sections 38091 and 38100).

- **Deferred Maintenance Fund** The Deferred Maintenance Fund is used to account separately for revenues that are restricted or committed for deferred maintenance purposes (*Education Code* Section 17582).

Capital Project Funds The Capital Project funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and other capital assets (other than those financed by proprietary funds and trust funds).

- **Capital Facilities Fund** The Capital Facilities Fund is used primarily to account separately for monies received from fees levied on developers or other agencies as a condition of approval (*Education Code* Sections 17620-17626 and *Government Code* Section 65995 et seq.). Expenditures are restricted to the purposes specified in *Government Code* Sections 65970-65981 or to the items specified in agreements with the developer (*Government Code* Section 66006).

Debt Service Funds The Debt Service funds are used to account for the accumulation of resources for and the payment of principal and interest on general long-term liabilities.

- **Bond Interest and Redemption Fund** The Bond Interest and Redemption Fund is used for the repayment of bonds issued by the District (*Education Code* Sections 15125-15262).

Proprietary Funds Proprietary funds are used to account for activities that are more business-like than government-like in nature. Business-type activities include those for which a fee is charged to external users or to other organizational units of the local education agency, normally on a full cost-recovery basis. Proprietary funds are generally intended to be self-supporting and are classified as enterprise or internal service. The District has the following Proprietary Fund:

- **Internal Service Fund** Internal Service funds may be used to account for goods or services provided to other funds of the District on a cost-reimbursement basis. The District uses the Internal Service Fund to purchase health insurance and to fund the District's dental and vision insurance programs for employees.

Fiduciary Funds Fiduciary funds are used to account for resources held for the benefit of parties outside the District and are not available to support the District's own programs. Fiduciary funds are split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and custodial funds. The three types of trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangement that has certain characteristics.

Custodial funds are used to account for resources, not in a trust, that are held by the District for other parties outside the District's reporting entity. The District's custodial fund is held on behalf of scholarship recipients.

Basis of Accounting - Measurement Focus

Government-Wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and program revenues for each governmental function. Direct expenses are those that are specifically associated with a service, program, or department and are therefore, clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the Statement of Activities, except for depreciation of capital assets. Program revenues include charges paid by the recipients of the goods or services offered by the programs, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the District. Eliminations have been made to minimize the double counting of internal activities.

Net position should be reported as restricted when constraints placed on net position are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Net position restricted for other activities result from special revenue funds and the internal service fund, and the restrictions on their use.

Fund Financial Statements Fund financial statements report detailed information about the District. The focus of governmental and proprietary fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major governmental funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements.

- **Governmental Funds** All governmental funds are accounted for using the flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide financial statements, prepared using the economic resources measurement focus and the accrual basis of accounting, and the governmental fund financial statements, prepared using the flow of current financial resources measurement focus and the modified accrual basis of accounting.

- **Proprietary Funds** Proprietary funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. All assets and liabilities associated with the operation of this fund are included in the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position presents increases (revenues) and decreases (expenses) in net position. The Statement of Cash Flows provides information about how the District finances and meets the cash flow needs of its proprietary fund.

- **Fiduciary Funds** Fiduciary funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. Fiduciary funds are excluded from the government-wide financial statements because they do not represent resources of the District.

Revenues – Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter, to be used to pay liabilities of the current fiscal year. The District considers revenues to be available if they are collected within one year after year-end, except for property taxes, which are considered available if collected within 60 days. The following revenue sources are considered to be both measurable and available at fiscal year-end: State apportionments, interest, certain grants, and other local sources.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose restrictions. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned Revenue Unearned revenues arise when resources are received by the District before it has a legal claim to them, such as when certain grants are received prior to the occurrence of qualifying expenditures. In the subsequent periods, when the District has a legal claim to the resources, the liability for unearned revenue is removed from the financial statements and the revenue is recognized.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred. Principal and interest on long-term liabilities, which has not matured, are recognized when paid in the governmental funds as expenditures. Allocations of costs, such as depreciation, are not recognized in the governmental funds but are recognized in the government-wide financial statements.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include cash with county treasury balances for purposes of the Statement of Cash Flows.

Investments

Investments with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in county investment pools are determined by the program sponsor.

The District's investment in the county treasury is measured at fair value on a recurring basis, which is determined by the fair value per share of the underlying portfolio determined by the program sponsor. Positions in this investment pool are not required to be categorized within the fair value hierarchy.

Stores Inventories

Stores inventories consist of expendable food and supplies held for consumption. Inventories are stated at cost, on the weighted average basis. The costs of inventory items are recorded as expenditures in the governmental funds when consumed rather than when purchased.

Capital Assets and Depreciation

Capital assets are long-lived assets of the District. The District maintains a capitalization threshold of $5,000. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized but are expensed as incurred.

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in the government-wide Statement of Net Position. The valuation basis for capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at acquisition value on the date donated.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets is the same as those used for the capital assets of governmental funds.

Depreciation is computed using the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 20 to 50 years; improvements, 15 years; equipment, 5 to 20 years. Land is not depreciated.

The District records impairments of capital assets when it becomes probable that the carrying value of the assets will not be fully recovered over their estimated useful life. Impairments are recorded to reduce the carrying value of the assets to their net realizable value based on facts and circumstances in existence at the time of the determination. No impairments were recorded during the year ended June 30, 2025.

Compensated Absences

Compensated absences are accrued as a liability as the benefits are earned for leave balances that are more likely than not to be used for compensated leave or settled through cash or noncash means. The entire compensated absence liability is reported on the government-wide Statement of Net Position. For governmental funds, a liability for compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

Sick leave is accumulated without limit for each employee at the rate of one day for each month worked. Leave with pay is provided when employees are absent for health reasons; however, employees do not gain a vested right to accumulated sick leave. Employees are not paid for any sick leave balance at termination of employment or at any other time. Therefore, only the portion of accumulated sick leave that is more likely than not to be used by the employee for paid leave is recognized as a liability in the District's financial statements. Credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive 0.004 year of service credit for each day of unused sick leave. Credit for unused sick leave is applicable to all certificated employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full-time. The portion of sick leave that is more likely than not to be settled through conversion to service credit for employee retirement plans is not included in the District's liability for compensated absences.

Accrued Liabilities and Long-Term Liabilities

All payables, accrued liabilities, and long-term liabilities are reported in the government-wide and proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as liabilities of the governmental funds.

However, claims and judgments, compensated absences, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the governmental fund financial statements only to the extent that they are due for payment during the current year. Bonds and other long-term liabilities are recognized as liabilities in the governmental fund financial statements when due.

Debt Premiums

Debt premiums are reported as liabilities in the applicable governmental activities or proprietary fund Statement of Net Position. Debt premiums are amortized over the life of the bonds using the straight-line method, which approximates the effective interest method.

In governmental fund financial statements, bond premiums are recognized in the period the bonds are issued. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are also reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures in the period the bonds were issued.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position also reports deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an expense until then. The District reports deferred outflows of resources for OPEB and pension related items.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The District reports deferred inflows of resources for OPEB and pension related items.

Pensions

For purposes of measuring the aggregate net pension liability, deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the California State Teachers Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) plan for schools (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalSTRS and CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Member contributions are recognized in the period in which they are earned. Investments are reported at fair value. The aggregate net pension liability attributable to the governmental activities will be paid by the fund in which the employee worked.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the aggregate net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of CalSTRS Medicare Premium Payment (MPP) Program and additions to/deductions from the MPP Program's fiduciary net position have been determined on the same basis as they are reported by the MPP Program. For this purpose, the MPP Program recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund.

Fund Balances - Governmental Funds

As of June 30, 2025, fund balances of the governmental funds are classified as follows:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed - amounts that can be used only for specific purposes determined by a formal action of the governing board. The governing board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through resolutions or other action as approved by the governing board.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the District's adopted policy, only the governing board or chief business officer/assistant superintendent of business services may assign amounts for specific purposes.

Unassigned - all other spendable amounts.

Spending Order Policy

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Minimum Fund Balance Policy

The governing board adopted a minimum fund balance policy for the General Fund in order to protect the District against revenue shortfalls or unpredicted one-time expenditures. The policy requires a reserve for economic uncertainties consisting of unassigned amounts equal to no less than three percent of General Fund expenditures and other financing uses.

Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net position related to net of investment in capital assets consists of capital assets net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. The government-wide financial statements report $34,066,512 of restricted net position and the fiduciary fund financial statements report $248,160 of restricted net position.

Operating Revenues and Expenses – Proprietary Funds

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the District, these revenues are charges to other funds for insurance premiums. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements. Interfund transfers are eliminated in the governmental activities column of the Statement of Activities.

Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates, and those differences could be material.

Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Humboldt bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

Adoption of New Accounting Standard

Implementation of GASB Statement No. 101

As of June 30, 2025, the District adopted GASB Statement No. 101, *Compensated Absences*. The provisions of this standard modernize the types of leave that are considered a compensated absence and provide guidance for a consistent recognition and measurement of the compensated absence liability. The effect of the implementation of this standard on beginning net position is disclosed in Note 15.

Implementation of GASB Statement No. 102

As of June 30, 2025, the District adopted GASB Statement No. 102, *Certain Risk Disclosures*, which requires management to evaluate whether there are risks related to a government's vulnerabilities due to certain concentrations or constraints that require disclosure. There was not a significant effect on the District's financial statements as a result of the implementation of this standard.

Note 2 - Deposits and Investments

Summary of Deposits and Investments

Deposits and investments as of June 30, 2025, are classified in the accompanying financial statements as follows:

Governmental funds	$ 72,274,695
Proprietary fund	1,542,563
Fiduciary funds	246,679
Total deposits and investments	$ 74,063,937

Deposits and investments as of June 30, 2025, consist of the following:

Cash on hand and in banks	$ 433,208
Cash with fiscal agent	234,468
Cash in revolving	6,575
Investments	73,389,686
Total deposits and investments	$ 74,063,937

Policies and Practices

The District is authorized under California *Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their county treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the county treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the county treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None

Authorized Under Debt Agreements

Investments of debt proceeds held by bond trustee are governed by provisions of the debt agreements rather than the general provisions of the California *Government Code*. These provisions allow for the acquisition of investment agreements with maturities of up to 30 years.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the Humboldt County Investment Pool. The District maintains an investment of $73,389,686 with the Humboldt County Investment Pool with an average weighted maturity of 626 days.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the Humboldt County Investment Pool was not required to be rated, nor has it been rated as of June 30, 2025.

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does have a policy for custodial credit risk for deposits. However, the California *Government Code* requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105% of the secured deposits. As of June 30, 2025, the District's bank balance of approximately $517,000 was exposed to custodial credit risk because it was uninsured but collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

Note 3 - Receivables

Receivables at June 30, 2025, consisted of intergovernmental grants, entitlements, interest and other local sources. All receivables are considered collectible in full.

	General Fund	Building Fund	County School Facilities Fund	Special Reserve Fund for Capital Outlay Projects	Non-Major Governmental Funds	Proprietary Fund	Total Governmental Activities	Fiduciary Fund

Note 4 - Capital Assets

Capital assets activity for the fiscal year ended June 30, 2025, was as follows:

	Balance July 1, 2024	Additions	Deductions	Balance June 30, 2025
Governmental Activities				
Capital assets not being depreciated				
Land	$ 1,095,638	$ -	$ -	$ 1,095,638
Construction in progress	42,534,735	15,936,081	(2,945)	58,467,871
Total capital assets not being depreciated	43,630,373	15,936,081	(2,945)	59,563,509
Capital assets being depreciated				
Land improvements	12,159,725	203,565	-	12,363,290
Buildings and improvements	110,610,056	759,672	-	111,369,728
Furniture and equipment	8,493,161	967,662	-	9,460,823
Total capital assets being depreciated	131,262,942	1,930,899	-	133,193,841
Accumulated depreciation				
Land improvements	(7,083,672)	(466,170)	-	(7,549,842)
Buildings and improvements	(62,631,612)	(5,721,872)	-	(68,353,484)
Furniture and equipment	(5,650,058)	(465,458)	-	(6,115,516)
Total accumulated depreciation	(75,365,342)	(6,653,500)	-	(82,018,842)
Net depreciable capital assets	55,897,600	(4,722,601)	-	51,174,999
Governmental activities capital assets, net	$ 99,527,973	$ 11,213,480	$ (2,945)	$ 110,738,508

Depreciation expense was charged as a direct expense to governmental functions as follows:

Governmental Activities	
Instruction	$ 3,128,820
Supervision of instruction	413,870
Instructional library, media, and technology	53,425
School site administration	368,492
Home-to-school transportation	110,890
Food services	378,487
All other pupil services	832,808
Data processing	43,694
All other administration	187,366
Plant services	416,515
Ancillary services	17,139
Community services	701,994
Total depreciation expense - governmental activities	$ 6,653,500

Note 5 - Interfund Transactions

Operating Transfers

Interfund transfers for the year ended June 30, 2025, consisted of the following:

The General Fund transferred to the Child Development Non-Major Governmental Fund to cover operating costs.	$ 82,772
The County School Facilities Fund transferred to the General Fund for expenditures related to school facilities projects.	159,669
The County School Facilities Fund transferred to the Building Fund for expenditures related to school facilities projects.	39,086
Total	$ 281,527

Note 6 - Accounts Payable

Accounts payable at June 30, 2025, consisted of the following:

	General Fund	Building Fund	Non-Major Governmental Funds	Total Governmental Activities	Fiduciary Fund
Salaries and benefits	$ 2,145,644	$ -	$ 1,777	$ 2,147,421	$ -
Construction	-	234,334	-	234,334	-
LCFF apportionment	243,860	-	-	243,860	-
Vendor payables	2,035,970	-	97,807	2,133,777	516
Total	$ 4,425,474	$ 234,334	$ 99,584	$ 4,759,392	$ 516

Note 7 - Unearned Revenue

Unearned revenue at June 30, 2025, consisted of the following:

	General Fund
Federal financial assistance	$ 336,768
State categorical aid	299,347
Total	$ 636,115

Note 8 - Long-Term Liabilities Other than OPEB and Pensions

Summary

The changes in the District's long-term liabilities other than OPEB and pensions during the year consisted of the following:

	Balance, July 1, 2024, as restated	Additions	Deductions	Balance, June 30, 2025	Due in One Year
Long-Term Liabilities					
General obligation bonds	$ 100,879,330	$ 2,037,194	$ (3,575,000)	$ 99,341,524	$ 2,770,000
Unamortized debt premiums	4,515,944	-	(189,545)	4,326,399	-
Energy conservation assistance loan	386,444	-	(38,644)	347,800	38,644
Compensated absences	6,895,418	1,219,003	-	8,114,421	2,419,565
Total	$ 112,677,136	$ 3,256,197	$ (3,803,189)	$ 112,130,144	$ 5,228,209

The change in compensated absences is presented as a net change.

Payments on the general obligation bonds are made by the Bond Interest and Redemption Fund with local tax revenues. Payments on the energy conservation assistance loan are made from the General Fund.

General Obligation Bonds

The outstanding general obligation bonded debt is as follows:

Issuance Date	Final Maturity Date	Interest Rate	Original Issue	Bonds Outstanding, July 1, 2024	Interest Accreted	Redeemed	Bonds Outstanding, June 30, 2025
8/21/2002	8/1/2027	3.00%-5.72%	$ 21,602,605	$ 2,002,898	$ 116,217	$ -	$ 2,119,115
8/21/2002	8/1/2027	3.00%-10.00%	6,496,987	1,191,482	122,128	-	1,313,610
12/8/2005	8/1/2043	3.50%-6.00%	10,912,384	26,598,254	1,442,552	-	28,040,806
12/8/2005	8/1/2036	3.00%-6.00%	4,087,956	6,656,696	356,297	(155,000)	6,857,993

8/1/2012	8/1/2024	3.10%	5,130,000	305,000	-	(305,000)	-
8/27/2015	8/1/2045	2.00%-5.00%	25,000,000	20,955,000	-	(305,000)	20,650,000
7/7/2020	8/1/2049	2.50%-4.00%	24,750,000	22,790,000	-	(55,000)	22,735,000
3/2/2022	8/1/2049	3.00%-4.00%	18,000,000	17,350,000	-	(755,000)	16,595,000
				$ 100,879,330	$ 2,037,194	$ (3,575,000)	$ 99,341,524

At an election held on March 5, 2002, the District received authorization through Measures S and T to issue $43,160,000 in bonds. The bonds are general obligations of the District, and Humboldt County is obligated to annually levy ad valorem taxes for the payment of the interest and the principal of the bonds. Bond proceeds will be used to repair schools, and to modernize and renovate the District's facilities.

On August 21, 2002, the District issued $21,602,605 of Measure S, Series 2002 bonds. The interest rate ranges from 3.00% to 5.72%. The final maturity date is August 1, 2027.

On August 21, 2002, the District issued $6,496,987 of Measure T, Series 2002 bonds. The interest rate ranges from 3.00% to 10.00%. The final maturity date is August 1, 2027.

On December 8, 2005, the District issued $10,912,384 of Measure S, Series 2005 bonds. The interest rate ranges from 3.50% to 6.00%. The final maturity date is August 1, 2043.

On December 8, 2005, the District issued $4,087,956 of Measure T, Series 2005 bonds. The interest rate ranges from 3.00% to 6.00%. The final maturity date is August 1, 2036.

In August 2012, the District issued $18,090,000 of 2012 General Obligation Refunding Bonds, Series 2012 for the purpose of refunding a portion of the District's outstanding Election of 2002 General Obligation Bonds, Measure S, Series 2002. The 2012 General Obligation Refunding Bonds bear interest an interest rate of 3.20% and will be repaid in level principal amounts, with the final payment due August 1, 2025.

In August 2012, the District issued $5,130,000 of 2012 General Obligation Refunding Bonds, Series 2012 for the purpose of refunding a portion of the District's outstanding Election of 2002 General Obligation Bonds, Measure T, Series 2002. The 2012 General Obligation Refunding Bonds bear interest an interest rate of 3.10% and will be repaid in level principal amounts, with the final payment due August 1, 2024.

In August 2015, the District issued Measure S General Obligation Bonds, Election of 2014, Series 2015, in the aggregate principal amount of $25,000,000, to provide funds to finance improvements to facilities and educational technology in the District’s facilities. Proceeds of the Bonds will also be used to pay costs of issuance of the Bonds. The Bonds are the first series issued pursuant to the authorization by District voters on November 4, 2014, to issue up to $49,750,000 principal amount of bonds. The Measure S General Obligation Bonds bear interest an interest rate in the range of 2.00% to 5.00% and will be repaid in level principal amounts, with the final payment due August 1, 2045.

In July 2020, the District issued Measure S General Obligation Bonds, Election of 2014, Series 2020, in the aggregate principal amount of $24,750,000, to provide funds to finance improvements to facilities and educational technology in the District’s facilities. Proceeds of the Bonds will also be used to pay costs of issuance of the Bonds. The Measure S General Obligation Bonds bear interest an interest rate in the range of 2.50% to 4.00% and will be repaid in level principal amounts, with the final payment due August 1, 2049.

In March 2022, the District issued Measure T General Obligation Bonds, Election of 2020, Series 2022, in the aggregate principal amount of $18,000,000, to provide funds to finance the acquisition, construction, modernization, and equipping of District sites and facilities and to pay the costs of issuing the Bonds. The Bonds are the first and only series issued pursuant to the authorization by District voters on March 3, 2020, to issue up to $18,000,000 aggregate principal amount of general obligation bonds. The Measure T General Obligation Bonds bear interest at an interest rate in the range of 3.00% to 4.00% and will be repaid in level principal amounts, with the final payment due August 1, 2049.

Debt Service Requirements to Maturity

The general obligation bonds mature as follows:

Fiscal Year	Principal (including accreted interest to date)	Unmatured Accreted Interest	Current Interest to Maturity	Total
2026	$ 2,737,618	$ 32,382	$ 2,333,661	$ 5,103,661
2027	3,667,452	232,548	2,281,981	6,181,981
2028	3,609,192	510,808	2,254,956	6,374,956
2029	3,730,837	554,163	2,226,330	6,511,330
2030	3,770,470	719,530	2,193,648	6,683,648
2031-2035	19,576,541	6,268,459	10,298,912	36,143,912
2036-2040	19,895,900	8,404,100	8,483,794	36,783,794
2041-2045	20,193,514	7,036,486	5,789,613	33,019,613
2046-2050	22,160,000	-	2,210,223	24,370,223
Total	$ 99,341,524	$ 23,758,476	$38,073,118	$ 161,173,118

Energy Conservation Assistance Loan

The District entered into a loan agreement with the California Energy Commission for energy efficiency measures. The District received the funding in the year ended June 30, 2022. The District made its first payment in December 2022 and will continue to may principal only payments every December and June until June 2034.

Fiscal Year	Principal
2026	$ 38,644
2027	38,644
2028	38,644
2029	38,644
2030	38,644
2031-2034	154,580
Total	$ 347,800

Note 9 - Aggregate Net Other Postemployment Benefits (OPEB) Liability

For the year ended June 30, 2025, the District reported an aggregate net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense for the following plans:

OPEB Plan	Aggregate Net OPEB Liability	Deferred Outflows of Resources	Deferred Inflows of Resources	OPEB Expense
District Plan	$ 10,960,286	$ 2,861,429	$ 4,077,370	$ 377,519
Medicare Premium Payment (MPP) Program	111,670	-	-	(19,655)
Total	$ 11,071,956	$ 2,861,429	$ 4,077,370	$ 357,864

The details of each plan are as follows:

District Plan

Plan Administration

The District's governing board administers the Postemployment Benefits Plan (the Plan). The Plan is a single employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for eligible retirees and their spouses. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. Management of the plan is vested with District management.

Plan Membership

At June 30, 2023, the valuation date, the Plan membership consisted of the following:

Inactive employees or beneficiaries currently receiving benefits payments	39
Active employees	499
Total	538

Benefits Provided

The Plan provides medical, dental, and vision insurance benefits to eligible retirees and their dependents. Benefits are provided through a third-party insurer and the cost of benefits is covered by the Plan, either in full or in part based on retirement age and length of service with the District. The District's governing board has the authority to establish and amend the benefit terms as contained within the negotiated labor agreements.

The benefit payment requirements of the Plan members and the District are established and may be amended by the District, the Eureka Teachers Association (ETA), the local California Service Employees Association (CSEA), and unrepresented groups. Benefit payments based on projected pay-as-you-go financing requirements, as determined annually through the agreements with the District, ETA, CSEA, and the unrepresented groups. For the measurement period of June 30, 2024, the District recognized $680,304 in benefits, of which $556,164 was used for current premiums and $124,140 represented the effect of the implicit rate subsidy.

Total OPEB Liability of the District

The District's total OPEB liability of $10,960,286 was measured as of June 30, 2024, and was determined by an actuarial valuation as of June 30, 2023.

Actuarial Assumptions

The total OPEB liability as of June 30, 2024 was determined by applying updated procedures to the financial reporting actuarial valuation as of June 30, 2023 and rolling forward the total OPEB liability to June 30, 2024. The following assumptions applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary increases	2.75%
Discount rate	3.93%
Healthcare cost trend rates	4.00%

The discount rate was based on the Bond Buyer 20-Bond General Obligation Index.

Mortality rates were based on the 2020 CalSTRS Mortality Table for certificated employees and the 2021 CalPERS Active Mortality for Miscellaneous Employees Table for classified employees. Mortality rates vary by age and sex. (Unisex mortality rates are not often used as individual OPEB benefits do not depend on the mortality table used.) If employees die prior to retirement, past contributions are available to fund benefits for employees who live to retirement. After retirement, death results in benefit termination or reduction. Although higher mortality rates reduce service costs, the mortality assumption is not likely to vary from employer to employer.

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actual experience study as of June 2023.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance, June 30, 2023	$ 10,611,207
Service cost	879,010
Interest	391,189
Difference between expected and actual experience	13,886
Changes of assumptions	(254,702)
Benefit payments	(680,304)
Net change in total OPEB liability	349,079
Balance, June 30, 2024	$ 10,960,286

There were no changes in benefit terms since the previous valuation. Changes of assumptions reflect a change in the discount rate from 3.65% to 3.93% since the previous valuation.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Total OPEB Liability
1% decrease (2.93%)	$ 11,837,829
Current discount rate (3.93%)	10,960,286
1% increase (4.93%)	10,185,252

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percent lower or higher than the current healthcare costs trend rate:

Healthcare Cost Trend Rate	Total OPEB Liability
1% decrease (3.00%)	$ 9,651,729
Current healthcare cost trend rate (4.00%)	10,960,286
1% increase (5.00%)	12,512,471

OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2025, the District recognized OPEB expense of $377,519. At June 30, 2025, the District reported deferred outflows of resources and deferred inflow of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
OPEB contributions subsequent to measurement date	$ 537,693	$ -
Differences between expected and actual experience	1,413,970	2,903,787
Changes of assumptions	909,766	1,173,583
Total	$ 2,861,429	$ 4,077,370

The deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as reduction of the total OPEB liability in the subsequent fiscal year.

The deferred outflows/(inflows) of resources related to differences between expected and actual experience in the measurement of the total OPEB liability and changes of assumptions will be amortized over the expected average remaining service life (EARSL) of all members that are provided benefits as of the beginning of the measurement period. The EARSL for the measurement period is 13.5 years and will be recognized in OPEB expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2026	$ (230,847)
2027	(230,847)
2028	(230,847)
2029	(230,847)
2030	(230,847)
Thereafter	(599,399)
Total	$ (1,753,634)

Medicare Premium Payment (MPP) Program

Plan Description

The Medicare Premium Payment (MPP) Program is administered by the California State Teachers' Retirement System (CalSTRS). The MPP Program is a cost-sharing multiple-employer other postemployment benefit plan (OPEB) established pursuant to Chapter 1032, Statutes 2000 (SB 1435). CalSTRS administers the MPP Program through the Teachers' Health Benefits Fund (THBF).

A full description of the MPP Program regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2023 annual actuarial valuation report, Medicare Premium Payment Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: http://www.calstrs.com/forms-publications.

Benefits Provided

The MPP Program pays Medicare Part A premiums and Medicare Parts A and B late enrollment surcharges for eligible members of the State Teachers Retirement Plan (STRP) Defined Benefit (DB) Program who were retired or began receiving a disability allowance prior to July 1, 2012 and were not eligible for premium free Medicare Part A. The payments are made directly to the Centers for Medicare and Medicaid Services (CMS) on a monthly basis.

The MPP Program is closed to new entrants as members who retire after July 1, 2012, are not eligible for coverage under the MPP Program.

The MPP Program is funded on a pay-as-you go basis from a portion of monthly District benefit payments. In accordance with California *Education Code* Section 25930, contributions that would otherwise be credited to the DB Program each month are instead credited to the MPP Program to fund monthly program and administrative costs. Total redirections to the MPP Program are monitored to ensure that total incurred costs do not exceed the amount initially identified as the cost of the program.

Net OPEB Liability and OPEB Expense

At June 30, 2025, the District reported a liability of $111,670 for its proportionate share of the net OPEB liability for the MPP Program. The net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2023. The District's proportion of the net OPEB liability was based on a projection of the District's long-term share of contributions to the OPEB Plan relative to the projected contributions of all participating member districts, actuarially determined. The District's proportionate share for the measurement period June 30, 2024 and June 30, 2023, was 0.0419%, and 0.0433%, respectively, resulting in a net decrease in the proportionate share of 0.0014%.

For the year ended June 30, 2025, the District recognized OPEB expense of $(19,655).

Actuarial Methods and Assumptions

The June 30, 2024 total OPEB liability was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2023, and rolling forward the total OPEB liability to June 30, 2024, using the assumptions listed in the following table:

Measurement Date	June 30, 2024	June 30, 2023
Valuation Date	June 30, 2023	June 30, 2022
Experience Study	July 1, 2007 through June 30, 2022	July 1, 2015 through June 30, 2018
Actuarial Cost Method	Entry age normal	Entry age normal
Investment Rate of Return	3.93%	3.65%
Medicare Part A Premium Cost Trend Rate	5.00%	4.50%
Medicare Part B Premium Cost Trend Rate	6.50%	5.40%

For the valuation as of June 30, 2023, CalSTRS uses a generational mortality assumption, which is based off generational mortality tables that reflect expected future improvements in mortality and includes a base table and a projection table. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among members. The projection table reflects the expected annual reduction in mortality rates at each age. The current mortality assumption uses a base year of 2023, and projected improvement is based on the MP–2021 Ultimate Projection Scale.

Assumptions were made about future participation (enrollment) into the MPP Program because CalSTRS is unable to determine which members not currently participating meet all eligibility criteria for enrollment in the future. Assumed enrollment rates were derived based on past experience and are stratified by age with the probability of enrollment diminishing as the members' age increases. This estimated enrollment rate was then applied to the population of members who may meet criteria necessary for eligibility and are not currently enrolled in the MPP Program. Based on this, the estimated number of future enrollments used in the financial reporting valuation was 154 or an average of 0.12% of the potentially eligible population (132,333).

The MPP Program is funded on a pay-as-you-go basis with contributions generally being made at the same time and in the same amount as benefit payments and expenses coming due. Any funds within the MPP Program as of June 30, 2024, were to manage differences between estimated and actual amounts to be paid and were invested in the Surplus Money Investment Fund, which is a pooled investment program administered by the State Treasurer.

Discount Rate

As the MPP Program is funded on a pay-as-you-go basis, the OPEB plan's fiduciary net position was not projected to be sufficient to make projected future benefit payments. Therefore, the MPP Program used the Bond Buyer's 20-Bond GO Index from Bondbuyer.com as of June 30, 2024, as the discount rate, which was applied to all periods of projected benefit payments to measure the total OPEB liability. The discount rate as of June 30, 2024, was 3.93%, which is an increase of 0.28% from 3.65% as of June 30, 2023.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the current discount rate, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Net OPEB Liability
1% decrease (2.93%)	$ 120,489
Current discount rate (3.93%)	111,670
1% increase (4.93%)	103,915

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Medicare Costs Trend Rates

The following presents the District's proportionate share of the net OPEB liability calculated using the current Medicare costs trend rates, as well as what the net OPEB liability would be if it were calculated using Medicare costs trend rates that are one percent lower or higher than the current rates:

Medicare Costs Trend Rates	Net OPEB Liability
1% decrease (4.00% Part A and 5.50% Part B)	$ 103,450
Current Medicare costs trend rates (5.00% Part A and 6.50% Part B)	111,670
1% increase (6.00% Part A and 7.50% Part B)	120,847

Note 10 - Fund Balances

Fund balances are composed of the following elements:

	General Fund	County School Facilities Fund	Special Reserve Fund for Capital Outlay Projects	Non-Major Governmental Funds	Total
Nonspendable					
Revolving cash	$ 5,435	$ -	$ -	$ 1,140	$ 6,575
Stores inventories	91,842	-	-	87,183	179,025

Unassigned					
Reserve for economic uncertainties	3,536,150	-	-	-	3,536,150
Total	$ 43,568,964	$ 14,889,748	$ 10,411,751	$ 6,336,435	$ 75,206,898

Note 11 - Risk Management

The District is exposed to various risks of loss related to torts; theft, damage, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During the year ending June 30, 2025, the District contracted with North Coast Schools Insurance Group for property, liability, and workers' compensation insurance coverage. Settled claims have not exceeded coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

Note 12 - Employee Retirement Systems

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS).

For the year ended June 30, 2025, the District reported its proportionate share of net pension liabilities, deferred outflows of resources, deferred inflows of resources, and pension expense for each of the above plans as follows:

Pension Plan	Aggregate Net Pension Liability	Deferred Outflows of Resources	Deferred Inflows of Resources	Pension Expense
CalSTRS	$ 19,288,313	$ 7,224,421	$ 3,373,786	$ 1,606,632
CalPERS	21,865,300	7,635,158	347,290	4,263,504
Total	$ 41,153,613	$ 14,859,579	$ 3,721,076	$ 5,870,136

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2023, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: https://www.calstrs.com/forms-publications.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age, and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0% of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the State is the sponsor of the STRP and obligor of the trust. In addition, the State is both an employer and nonemployer contributing entity to the STRP.

The District contributes exclusively to the STRP Defined Benefit Program; thus, disclosures are not included for the other plans.

The STRP provisions and benefits in effect at June 30, 2025, are summarized as follows:

	STRP Defined Benefit Program	
Hire date	On or before December 31, 2012	On or after January 1, 2013
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	10.25%	10.205%
Required employer contribution rate	19.10%	19.10%
Required state contribution rate	10.828%	10.828%

Contributions

Required member, District and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1% of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2025, are presented above and the District's total contributions were $4,105,004.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support and the total portion of the net pension liability that was associated with the District were as follows:

Total net pension liability, including State share	
Proportionate share of net pension liability	$ 19,288,313
State's proportionate share of the net pension liability	8,849,544
Total	$ 28,137,857

The net pension liability was measured as of June 30, 2024. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating member districts and the State, actuarially determined. The District's proportionate share for the measurement periods of June 30, 2024 and June 30, 2023, was 0.0287% and 0.0293%, respectively, resulting in a net decrease in the proportionate share of 0.0006%.

For the year ended June 30, 2025, the District recognized pension expense of $1,606,632. In addition, the District recognized pension expense and revenue of $805,648 for support provided by the State. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	$ 4,105,004	$ -
Change in proportion and differences between contributions made and District's proportionate share of contributions	853,227	1,135,166
Differences between projected and actual earnings on pension plan investments	-	77,828
Differences between expected and actual experience in the measurement of the total pension liability	2,181,757	843,467
Changes of assumptions	84,433	1,317,325
Total	$ 7,224,421	$ 3,373,786

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2026	$ (1,293,033)
2027	1,557,293
2028	(127,057)
2029	(215,031)
Total	$ (77,828)

The deferred outflows/(inflows) of resources related to the change in proportion and differences between contributions made and District's proportionate share of contributions, differences between expected and actual experience in the measurement of the total pension liability, and changes of assumptions will be amortized over the expected average remaining service life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is seven years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2026	$ (206,469)
2027	(108,269)
2028	(42,772)
2029	232,099
2030	87,429
Thereafter	(138,559)
Total	$ (176,541)

Actuarial Methods and Assumptions

Total pension liability for STRP was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2023, and rolling forward the total pension liability to June 30, 2024. The financial reporting actuarial valuation as of June 30, 2023, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2023
Measurement date	June 30, 2024
Experience study	July 1, 2007 through June 30, 2022
Actuarial cost method	Entry age normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

CalSTRS uses a generational mortality assumption, which is based off generational mortality tables that reflect expected future improvements in mortality and includes a base table and a projection table. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among our members. The projection table reflects the expected annual reduction in mortality rates at each age. The current mortality assumption uses a base year of 2023, and projected improvement is based on the MP–2021 Ultimate Projection Scale.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant as an input to the process. The actuarial investment rate of return assumption was adopted by the board in January 2024 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS' independent consulting actuary reviews the return assumption for reasonableness based on the most current capital market assumptions. The assumed asset allocation and best estimates of the expected rates of return for each major asset class for the year ended June 30, 2024, are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-Term Expected Real Rate of Return
Public equity	38%	5.25%
Real estate	15%	4.05%
Private equity	14%	6.75%
Fixed income	14%	2.45%
Risk mitigating strategies	10%	2.25%
Inflation sensitive	7%	3.65%
Cash/liquidity	2%	0.05%

Discount Rate

The discount rate used to measure the total pension liability was 7.10%. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return of 7.10% and assume that contributions, benefit payments, and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Net Pension Liability
1% decrease (6.10%)	$ 34,307,598
Current discount rate (7.10%)	19,288,313
1% increase (8.10%)	6,746,587

California Public Employees Retirement System (CalPERS)

Plan Description

Qualified employees are eligible to participate in the School Employer Pool (SEP) under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2023 annual actuarial valuation report, Schools Pool Actuarial Valuation. This report and CalPERS audited financial information are publicly available reports that can be found on the CalPERS website under Forms and Publications at: https://www.calpers.ca.gov/page/forms-publications.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2025, are summarized as follows:

	School Employer Pool (CalPERS)	
Hire date	On or before December 31, 2012	On or after January 1, 2013
Benefit formula	2% at 55	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	55	62
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%
Required employee contribution rate	7.00%	8.00%
Required employer contribution rate	27.05%	27.05%

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2025, are presented above and the total District contributions were $3,802,937.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

As of June 30, 2025, the District reported a net pension liability for its proportionate share of the CalPERS net pension liability totaling $21,865,300. The net pension liability was measured as of June 30, 2024. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating member districts, actuarially determined. The District's proportionate share for the measurement periods of June 30, 2024 and June 30, 2023, was 0.0612%.

For the year ended June 30, 2025, the District recognized pension expense of $4,263,504. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	$ 3,802,937	$ -
Change in proportion and differences between contributions made and District's proportionate share of contributions	666,497	190,801
Differences between projected and actual earnings on pension plan investments	849,341	-
Differences between expected and actual experience in the measurement of the total pension liability	1,833,086	156,489
Changes of assumptions	483,297	-
Total	$ 7,635,158	$ 347,290

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2026	$ (7,321)
2027	1,320,531
2028	(195,124)
2029	(268,745)
Total	$ 849,341

The deferred outflows/(inflows) of resources related to the change in proportion and differences between contributions made and District's proportionate share of contributions, differences between expected and actual experience in the measurement of the total pension liability, and changes of assumptions will be amortized over the expected average remaining service life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 3.9 years and will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2026	$ 1,621,078
2027	605,235
2028	409,277
Total	$ 2,635,590

Actuarial Methods and Assumptions

Total pension liability for the SEP was determined by applying update procedures to the financial reporting actuarial valuation as of June 30, 2023, and rolling forward the total pension liability to June 30, 2024. The financial reporting actuarial valuation as of June 30, 2023, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2023
Measurement date	June 30, 2024
Experience study	July 1, 1997 through June 30, 2015
Actuarial cost method	Entry age normal
Discount rate	6.90%
Investment rate of return	6.90%
Consumer price inflation	2.30%
Wage growth	Varies by entry age and service

The mortality table used was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries.

In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated and, combined with risk estimates, are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-Term Expected Real Rate of Return
Global equity - cap-weighted	30%	4.54%
Global equity - non-cap-weighted	12%	3.84%
Private equity	13%	7.28%
Treasury	5%	0.27%
Mortgage-backed securities	5%	0.50%
Investment grade corporates	10%	1.56%
High yield	5%	2.27%
Emerging market debt	5%	2.48%
Private debt	5%	3.57%
Real assets	15%	3.21%
Leverage	(5%)	(0.59%)

Discount Rate

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the SEP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on the SEP investments was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

Discount Rate	Net Pension Liability
1% decrease (5.90%)	$ 32,481,086
Current discount rate (6.90%)	21,865,300
1% increase (7.90%)	13,095,816

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS in the amount of $1,786,914 (10.828% of annual payroll). Contributions are no longer appropriated in the annual Budget Act for the legislatively mandated benefits to CalPERS. Therefore, there is no on behalf contribution rate for CalPERS. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements.

Note 13 - Commitments and Contingencies

Grants

The District received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2025.

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2025.

Construction Commitments

As of June 30, 2025, the District had approximately $18 million in commitments with respect to the unfinished capital projects.

Note 14 - Participation in Joint Powers Authorities

The District participates in a joint powers agreement (JPA) entity, North Coast Schools Insurance Group (NCSIG). The District pays an annual premium to the applicable entity for workers' compensation and property liability coverage. The relationship between the District and NCSIG is such that the JPA is not a component unit of the District for reporting. Separate financial statements for the JPA may be obtained from the NSCIG.

During the year ended June 30, 2025, the District made payments of $1,388,590 to NCSIG.

Note 15 - Restatement

Change within the Reporting Entity

During the year ended June 30, 2025, there was a change within the financial reporting entity which resulted in the County School Facilities Fund being reported as a major fund instead of as a non-major governmental fund which resulted in adjustments to and restatements of beginning fund balance as follows:

	Governmental Funds	
	County School Facilities Fund	Non-Major Governmental Funds
Fund Balance - Beginning, as previously reported on July 1, 2024		$ 7,733,108
Change within the financial reporting entity	1,292,447	(1,292,447)
Fund Balance - Beginning, as restated on July 1, 2024	$ 1,292,447	$ 6,440,661

Change in Accounting Principle

As of June 30, 2025, the District adopted GASB Statement No. 101, *Compensated Absences*. The provisions of this standard modernize the types of leave that are considered a compensated absence and provide guidance for a consistent recognition and measurement of the compensated absence liability. Therefore, the current and noncurrent portions of compensated absences were increased by $1,870,801 and $4,870,391, respectively, as of July 1, 2024. The effect of this change in accounting principle is described in the table below:

	Governmental Activities
Net Position - Beginning, as previously reported on July 1, 2024	$ 22,637,418
Change in accounting principle - adoption of GASB Statement No. 101	(6,741,192)
Net Position - Beginning, as restated on July 1, 2024	$ 15,896,226

Note 16 - Subsequent Events

On December 3, 2025, the District issued the 2025 General Obligation Refunding Bonds in the amount of $8,842,509. The bonds were issued to refund portions of the Series 2015 General Obligation Bonds and to pay the cost of issuance of the bonds. The bonds mature on August 1, 2039 and bear an interest rate of 3.48%.

Note 1 - Purpose of Schedules

Budgetary Comparison Schedule

The District employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board and provisions of the *California Education Code*. The governing board is required to hold a public hearing and adopt an operating budget no later than July 1 of each year. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for.

This schedule presents information for the original and final budgets and actual results of operations, as well as the variances from the final budget to actual results of operations.

Schedule of Changes in the District's Total OPEB Liability and Related Ratios

This schedule presents information on the District's changes in the total OPEB liability. In the future, as data becomes available, ten years of information will be presented.

- *Changes in Benefit Terms* – There were no changes in the benefit terms since the previous valuation.
- *Changes of Assumptions* – Changes of assumptions reflect a change in the discount rate from 3.65% to 3.93% since the previous valuation.

Schedule of the District's Proportionate Share of the Net OPEB Liability - MPP Program

This schedule presents information on the District's proportionate share of the net OPEB Liability – MPP Program and the plan fiduciary net position. In the future, as data becomes available, ten years of information will be presented.

- *Changes in Benefit Terms* – There were no changes in the benefit terms since the previous valuation.
- *Changes of Assumptions* – The plan rate of investment return assumption was changed from 3.65% to 3.93% since the previous valuation. The Medicare Part A premium cost trend rate assumption was changed from 4.50% to 5.00%, while the Medicare Part B premium cost trend rate assumption was changed from 5.40% to 6.50% since the previous valuation.

Schedule of the District's Proportionate Share of the Net Pension Liability

This schedule presents information on the District's proportionate share of the net pension liability (NPL), the plans' fiduciary net positions and, when applicable, the State's proportionate share of the NPL associated with the District.

- *Changes in Benefit Terms* – There were no changes in benefit terms for the CalSTRS or CalPERS plans since the previous valuations.
- *Changes of Assumptions* – There were no changes in economic assumptions for the CalSTRS or CalPERS plans since the previous valuations.

Schedule of the District's Contributions

This schedule presents information on the District's required contribution, the amounts actually contributed, and any excess or deficiency related to the required contribution.

K-12 Average Daily Attendance at P-2	3,051	3,101	3,193	3,212

The General Fund balance has increased by $2,277,331 over the past two years. The fiscal year 2025-2026 budget projects a decrease of $6,026,024 (14.5%). For a district this size, the State recommends available reserves of at least 3% of total General Fund expenditures, transfers out, and other uses (total outgo).

The District has incurred operating surpluses in two of the past three years, but anticipates incurring an operating deficit during the 2025-2026 fiscal year. Total long-term liabilities have increased by $4,772,415 over the past two years.

Average daily attendance has decreased by 111 over the past two years. Additional decline of 50 ADA is anticipated during fiscal year 2025-2026.

[1] Financial information for 2026, 2024, and 2023 are included for analytical purposes only and has not been subjected to audit.

[2] Available reserves consist of all unassigned fund balances including all amounts reserved for economic uncertainties contained with the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects.

[3] General Fund amounts do not include activity related to the consolidation of the Special Reserve Fund for Other Than Capital Outlay Projects and the Special Reserve Fund for Postemployment Benefits and the as required by GASB Statement No. 54.

[4] Amounts have not been restated for the effects of the implementation of GASB Statement No. 101. See Note 15 for further information.

Note 1 - Purpose of Schedules

Schedule of Expenditures of Federal Awards (SEFA)

Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the schedule) includes the federal award activity of the District under programs of the federal government for the year ended June 30, 2025. The information is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements*, *Cost Principles*, and *Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position or fund balance, or cash flows of the District.

Summary of Significant Accounting Policies

Expenditures reported in the schedule are reported on the modified accrual basis of accounting. When applicable, such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. No federal financial assistance has been provided to a subrecipient.

Indirect Cost Rate

The District has not elected to use the ten percent de minimis cost rate.

Food Donation

Nonmonetary assistance is reported in this schedule at the fair market value of the commodities received and disbursed. At June 30, 2025, the District did not report any food commodities in inventory.

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of *Education Code* Sections 46200 through 46207.

Districts must maintain their instructional minutes at the 1986-87 requirements, as required by *Education Code* Section 46201.

Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Unaudited Actual Financial Report to the audited financial statements.

Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

Schedule of Charter Schools

This schedule lists all Charter Schools chartered by the District, and displays information for each Charter School on whether or not the Charter School is included in the District's audit.

Non-Major Governmental Funds - Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances

These schedules are included to provide information regarding the individual funds that have been included in the Non-Major Governmental Funds column on the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances.

Independent Auditor's Reports
June 30, 2025

Eureka City Schools

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Governing Board
Eureka City Schools
Eureka, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards)*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Eureka City Schools (the District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated January 28, 2026.

Adoption of New Accounting Standard

As discussed in Note 15 to the financial statements, the District has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences* for the year ended June 30, 2025. Accordingly, a restatement has been made to the governmental activities net position as of July 1, 2024 to restate beginning net position. Our opinions are not modified with respect to this matter.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the District in a separate letter dated January 28, 2026.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Eide Bailly LLP

Ontario, California
January 28, 2026

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance Required by the Uniform Guidance

To the Governing Board
Eureka City Schools
Eureka, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Eureka City Schools' (the District) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2025. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Eureka City Schools complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S*. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

eidebailly.com
901 Via Piemonte, Ste. 450 • Ontario, CA 91764-8504 • T 909.466.4410 • F 909.466.4431 • EOE

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on State Compliance and on Internal Control over Compliance

To the Governing Board
Eureka City Schools
Eureka, California

Report on Compliance

Opinion on State Compliance

We have audited Eureka City Schools' (the District) compliance with the requirements specified in the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, applicable to the District's state program requirements identified below for the year ended June 30, 2025.

In our opinion, Eureka City Schools complied, in all material respects, with the compliance requirements referred to above that are applicable to the laws and regulations of the state programs noted in the table below for the year ended June 30, 2025.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards)*, and the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's state programs.

eidebailly.com

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, but not for the purpose of expressing an opinion on the effectiveness of the District's internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the District's compliance with the state laws and regulations applicable to the following items:

2024-2025 K-12 Audit Guide Procedures	Procedures Performed
Local Education Agencies Other Than Charter Schools	
Attendance	Yes
Teacher Certification and Misassignments	Yes
Independent Study	Yes
Continuation Education	Yes
Instructional Time	Yes
Instructional Materials	Yes
Ratios of Administrative Employees to Teachers	Yes
Classroom Teacher Salaries	Yes
Early Retirement Incentive	Not Applicable

Determination of Funding for Nonclassroom-Based Instruction	Not Applicable
Annual Instructional Minutes - Classroom Based	Not Applicable
Charter School Facility Grant Program	Not Applicable

The term “Not Applicable” is used above to mean either the District did not offer the program during the current fiscal year, the District did not participate in the program during the current fiscal year, the program did not exceed the threshold required for testing, or the program applies to a different type of local educational agency.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identify during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention from those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

None reported.

None reported.

None reported.

Except as specified in previous sections of this report, summarized below is the current status of all audit findings reported in the prior year's Schedule of Findings and Questioned Costs.

2024-001 **30000 – Internal Control**
Restatement of Net Position, Audit Adjustments, and Preparation of the Financial Statements

Criteria or Specific Requirements
The accounting system used to record the fiscal activities of local educational agencies (LEAs) shall be in accordance with the definitions, instructions, and procedures published in the *California School Accounting Manual*. LEAs are also required to present their financial statements in accordance with generally accepted accounting principles (GAAP).

Condition
Eide Bailly LLP assists in the preparation of the District's financial statements based on the trial balance prepared by management. Several adjustments were identified during the audit that resulted in changes in certain accounts on the original trial balance, including restatement of beginning net position and beginning fund balances. There were material audit adjustments proposed and posted to receivables, deferred outflows of resources and deferred inflows of resources related to pensions, general obligation bonds, and the net OPEB liability for the MPP Program, as well as a reclassification of deferred inflows of resources and long-term liabilities for bond premiums, which affected the net position and fund balances as of July 1, 2023. Additionally, material audit adjustments proposed and posted to cash in county treasury, accounts receivable, accounts payable, and unearned revenues were made as of June 30, 2024.

Context
The condition was identified as a result of audit procedures performed. Several adjustments and reclassification entries were posted to ensure accuracy and correct classification of account balances.

Cause
The internal controls in place during the closing process, including preparation and review of account reconciliations, were not sufficient to ensure accurate reporting of balances for reporting.

Effect
Material adjustments to the general ledger were proposed as a result of audit procedures, including a restatement of beginning net position for governmental activities. These adjustments were accepted by management to ensure the financial statements were presented fairly. This deficiency may result in financial information that is not available as timely or accurately as it would otherwise be if account balances were reconciled and reported accurately. Additionally, this deficiency may have been corrected if the financial statements were internally prepared.

Repeat Finding (Yes or No)
No.

Recommendation
We recommend that the District implement more comprehensive review processes and controls to ensure that account balances are reconciled to the underlying source documentation. Additionally, the financial statements prepared by external accountants should be reviewed and reconciled back to the District's records to ensure amounts presented accurately reflect the District's records.

Current Status
Implemented.

Management
Eureka City Schools
Eureka, California

In planning and performing our audit of the financial statements of Eureka City Schools (the District) for the year ended June 30, 2025, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit, we noted matters that are opportunities for strengthening internal controls and operating efficiency. The following items represent conditions noted by our audit that we consider important enough to bring to your attention. This letter does not affect our report dated Report Date, on the financial statements of the District.

Observation
During the attendance audit, it was observed that each site has its own desktop procedures related to attendance tracking, tracking and maintain documentation of absences, etc. The absence of district-wide attendance procedures can lead to inconsistencies as well as delays during the audit.

Recommendation
It is recommended that the District create district wide procedures for all site personnel to follow to ensure a streamlined process for attendance and ADA reporting. This will also increase efficiency in gathering documentation for reporting and review.

We will review the status of the current year comments during our next audit engagement.

AGENDA ITEM

Agenda Title:	Consideration of Approval of New Certificated Management Job Description, Director of Special Projects, and Approval of Revised Certificated Management Salary Schedule
Meeting Date:	February 12, 2026
Item:	Discussion/Action

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board is asked to approve the job description for a new Certificated Management position, the Director of Special Projects, and to approve the revised Certificated Management Salary Schedule.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
The Director of Special Projects position is being created to serve as a temporary, strategic leader responsible for advancing priority initiatives aligned with the district's Designing Tomorrow vision. This one-year role is designed to provide focused leadership, coordination, and implementation support for four high-impact special projects critical to strengthening instructional systems, student outcomes, and long-term organizational sustainability. Specifically, this position will be responsible for developing and implementing the Teacher Residency Program, establishing an educational foundation, enhancing the Secondary Design Schedule, and providing attendance intervention, recovery, and engagement supports.

Strategic Design - Vision
Personnel: Lead with innovation, communication, resilience, empathy, and accountability.

HISTORY *(list previous staff or board action(s) with dates if possible)*
None.

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
The recommended placement on the Certificated Management Salary Schedule is Class IX.

WHO *(list the name of the contact person(s), job title, and site location)*
Kristi Puzz, Director of Personnel and Public Affairs

Description
JD-Director of Special Projects (2).pdf
Proposed Certificated Management Salary Schedule 2026.pdf

Director of Special Projects

PURPOSE STATEMENT :
Under the direction of the Superintendent and with the guidance of the Director of Student Services, the Director of Special Projects serves as a temporary, strategic leader responsible for advancing priority initiatives aligned with the district's **Designing Tomorrow** vision. This one-year role is designed to provide focused leadership, coordination, and implementation support for four high-impact special projects critical to strengthening instructional systems, student outcomes, and long-term organizational sustainability.

The Director will work collaboratively with district leaders, principals, teachers, community partners, and external organizations to move projects from concept to implementation, ensuring coherence, stakeholder engagement, and measurable progress.

ESSENTIAL FUNCTIONS :

Teacher Residency Program Development and Implementation

- Lead the design, launch, and coordination of a district teacher residency model aligned to workforce sustainability and instructional quality.
- Collaborate with Personnel Services, Educational Services, site leaders, and higher education partners to define program structure, recruitment strategies, mentoring supports, and evaluation measures.
- Serve as the primary liaison with university partners and other external organizations supporting residency development.
- Ensure alignment with district instructional priorities, equity goals, and long-term staffing needs.

Establishment of an Educational Foundation

- Lead efforts to research, design, and establish a district-aligned educational foundation to support innovation, enrichment, and long-term resource development.
- Collaborate with district leadership, board members, legal counsel, and community stakeholders to define the foundation's mission, governance structure, and operating framework.
- Support the identification of potential funding priorities, donor engagement strategies, and community partnerships.
- Develop foundational documents, timelines, and recommendations for long-term sustainability beyond the one-year assignment.

Enhancement of the Secondary Design Schedule

- Lead and coordinate efforts to refine and enhance the district's secondary design schedule in alignment with Designing Tomorrow, the Collective Bargaining Agreement, and direction provided by the Board of Education.

- Work closely with secondary principals, counselors, teachers, and district leaders to analyze current scheduling practices and identify opportunities for improvement within negotiated and board-adopted parameters.

- Facilitate collaborative design sessions and planning processes to support instructional innovation, student engagement, and equity.

- Support planning, implementation timelines, and communication to ensure clarity, coherence, and shared understanding across secondary sites.

Attendance Intervention, Recovery, and Engagement Supports

- Lead and coordinate district-wide attendance intervention and recovery services aligned with pupil services mandates and district attendance goals.

- Collaborate with Student Services, site administrators, counselors, social workers, and community agencies to support learner attendance, re-engagement, and chronic absenteeism reduction.

- Support the development and implementation of alternative attendance recovery opportunities, including short-term interventions and re-engagement strategies.

- Monitor attendance data, identify trends, and support problem-solving related to attendance compliance, learner access, and engagement supports.

- Report attendance recovery outcomes and participation metrics to district leadership.

OTHER FUNCTIONS :

- Serve as a project manager and connector across departments, ensuring alignment and momentum for all assigned initiatives.

- Facilitate meetings, working groups, and stakeholder engagement processes related to assigned projects.

- Develop timelines, deliverables, and progress updates for district leadership and the Board, as appropriate.

- Model the district's core values and commitment to learner-centered, future-focused practices.

- Perform other related duties as assigned in support of Designing Tomorrow.

MINIMUM QUALIFICATIONS :

- Education: Master's degree in Education, Educational Leadership, or a related field preferred. ● Certification: Valid Administrative Services Credential required.

- Experience with program design, grant development, or foundation/nonprofit work.

- Knowledge of secondary scheduling models and instructional innovation.

- Experience leading attendance, engagement, or student support initiatives.

- Familiarity with teacher preparation pathways or residency models.

Responsibilities

- Strategic thinking and systems-level problem solving
- Project management and organizational skills
- Ability to facilitate inclusive, collaborative processes
- Strong written and verbal communication skills
  Ability to manage multiple priorities within a defined timeline
- Commitment to equity, student success, and continuous improvement

Working Environment

The usual and customary methods of performing the job's functions require the following physical demands: standing, sitting, and/or moving about for sustained periods; move about in non-traditional instructional environments (i.e., areas of the community); report to multiple worksites on a given day or during the work week; communicate effectively in person and via telephone or other electronic media to individuals and groups of varying sizes; exercise physical control over students acting out and/or offer physical assistance to students who might be physically impaired; conduct instructional programs within pre-designated break periods and time schedules; maintain an appropriate personal demeanor during periods of heightened stress created by outside factors, not always within the practitioner's control at the time.

AGENDA ITEM

Agenda Title:	Consideration of Approval of the Updated Job Description for Associate High School Principal
Meeting Date:	February 12, 2026
Item:	Discussion/Action

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board is asked to discuss and consider approval of the updated job description for Associate High School Principal.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*

The Associate High School Principal is directly responsible for supervising and overseeing the operations of all student services. The Associate High School Principal will coordinate the activities of the counseling department with primary responsibilities in the areas of curriculum, master schedule and curriculum development. The Associate High School Principal must be knowledgeable with the current state frameworks. In doing so, the Associate High School Principal operates within the parameters of district policies adopted by the Board of Education, the regular requirements as stipulated in the Education Code and California Administrative Code, Title V, and the rules and regulations of the California State Department of Education. The Associate Principal reports directly to the site principal.

Strategic Design - Vision
Personnel: Foster inclusive, high-expectation relationships that unlock potential.

HISTORY *(list previous staff or board action(s) with dates if possible)*
The last update for this job description was in 1994. Attached is the previous Board approved job description. Yellow highlights indicate proposed new language, as seen in the updated job description template.

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
The Associate High School Principal will maintain its current Class VII position on the Certificated Management Salary Schedule as approved by this Board on June 25, 2025.

WHO *(list the name of the contact person(s), job title, and site location)*
Kristi Puzz, Director of Personnel and Public Affairs

EUREKA CITY SCHOOLS

Job Description: High School Associate Principal

Brief Description of Position Purpose Statement

The High School Associate Principal is directly responsible for supervising and overseeing the operations of all student services. The High School Associate Principal will coordinate the activities of the counseling department with primary responsibilities in the areas of curriculum, master schedule and curriculum development. The High School Associate Principal must be knowledgeable with the current state frameworks. In doing so, the High School Associate Principal operates within the parameters of district policies adopted by the Board of Education, the regular requirements as stipulated in the Education Code and California Administrative Code, Title V, and the rules and regulations of the California State Department of Education. The Associate Principal is directly responsible to the site principal.

Major Duties and Responsibilities: Essential Functions

Under direction, and in accordance with the policies, rules and regulation established by the Board of Education, the High School Associate Principal shall be responsible for the execution of the following duties and responsibilities:

1. Assist the Principal in the administration, supervision and evaluation of the total school program and personnel.
2. Be familiar with the duties of the principal and, in his/her absence, be responsible for the school program.
3. Demonstrate the leadership and guidance to effect positive change consistent with the current restructuring movement.
4. Oversee and coordinate the functions of student services, which include but are not limited to counseling and guidance services.
5. Development of the master schedule and room assignments.
6. Oversee testing and assessment of current and incoming students.
7. Oversee and monitor all new program development and establish and work with the related advisory committee.
8. Maintain and update the school's curriculum course bank book.
9. Oversee curriculum development and approval process relative to the District's Scope and Sequence documents and State Frameworks.
10. Directly supervise and provide leadership to the counseling staff, counseling technicians and classified support staff.
11. Maintain, update, and assure confidentiality of all student records.
12. Assist the principal with the necessary department matters through department chair persons and the department chair committee.
13. Be knowledgeable about grant writing and means to secure additional funds to support programs as needed.

14. Serve as a member of the following committees:
    a. District Curriculum Committee
    b. North Coast Articulation Council
    c. Tech Prep Committee
    d. School Site Council
    e. Secondary Principals Committee
    f. Other necessary ad hoc committees
15. Perform such other duties as the principal may assign.

Knowledge and Skills Other Functions

1. Devotes the necessary time and energy to effectively complete assignments.
2. Supports the existing educational and administrative philosophies of the district and works constructively toward these ends.
3. Demonstrates leadership in fulfilling major duties and responsibilities.
4. Demonstrates appropriate organization skills in completing assigned tasks and responsibilities.
5. Maintains effective working relationships with staff, parents, community and agency representatives.
6. Promotes positive staff morale.
7. Acknowledges accomplishments of colleagues and subordinates.
8. Respects and maintains professional confidences.
9. Utilizes appropriate professional channels for communicating personal/professional concerns.
10. Demonstrates collegial and organizational loyalties.
11. Achieves status as a community leader in public education.
12. Strives to improve administrative skills and abilities and keeps abreast of educational and personnel trends and developments.

Qualifications, Training, Education and Experience Minimum Qualifications

1. Appropriate administrative/supervisory credential/s.
2. Master's Degree preferred.
3. At least three years experience as a classroom teacher.

Certification: Valid Administrative Services Credential required. Education: Master's degree in Education preferred. At least three years experience as a classroom teacher.

Knowledge of secondary scheduling models and instructional innovation.

Experience leading attendance, engagement, or student support initiatives.

Board Approved: June 1, 1994

Responsibilities
Strategic thinking and systems-level problem solving

Project management and organizational skills

Ability to facilitate inclusive, collaborative processes

Strong written and verbal communication skills

- Oversee curriculum development and approval process relative to the District's Scope and Sequence documents and State Frameworks.
- Directly supervise and provide leadership to the counseling staff, counseling technicians and classified support staff.
- Maintain, update, and assure confidentiality of all student records.

- Assist the principal with the necessary department matters through department chair persons and the department chair committee.

- Be knowledgeable about grant writing and means to secure additional funds to support programs as needed.

- Serve as a member of the following committees:

    1. District Curriculum Committee
    2. North Coast Articulation Council Tech Prep Committee
    3. School Site Council
    4. Secondary Principals Committee
    5. Other necessary ad hoc committees

- Perform such other duties as the principal may assign.

OTHER FUNCTIONS :

- Devotes the necessary time and energy to effectively complete assignments.

- Supports the existing educational and administrative philosophies of the district and works constructively toward these ends.

- Demonstrates appropriate organization skills in completing assigned tasks and responsibilities.

- Maintains effective working relationships with staff, parents, community and agency representatives.

- Demonstrates leadership in fulfilling major duties and responsibilities.

- Promotes positive staff morale.

- Acknowledges accomplishments of colleagues and subordinates.

- Respects and maintains professional confidences.

- Utilizes appropriate professional channels for communicating personal/professional concerns.

- Demonstrates collegial and organizational loyalties.

- Achieves status as a community leader in public education.

- Strives to improve administrative skills and abilities and keeps abreast of educational and personnel trends and developments.

MINIMUM QUALIFICATIONS :

- **Certification**: Valid Administrative Services Credential required. **Education**: Master's degree in Education preferred. At least three years experience as a classroom teacher.

- Knowledge of secondary scheduling models and instructional innovation.

- Experience leading attendance, engagement, or student support initiatives.

Responsibilities

- Strategic thinking and systems-level problem solving
- Project management and organizational skills
- Ability to facilitate inclusive, collaborative processes
- Strong written and verbal communication skills
  Ability to manage multiple priorities within a defined timeline
- Commitment to equity, student success, and continuous improvement

Working Environment

The usual and customary methods of performing the job's functions require the following physical demands: standing, sitting, and/or moving about for sustained periods; move about in non-traditional instructional environments (i.e., areas of the community); report to multiple worksites on a given day or during the work week; communicate effectively in person and via telephone or other electronic media to individuals and groups of varying sizes; exercise physical control over students acting out and/or offer physical assistance to students who might be physically impaired; conduct instructional programs within pre-designated break periods and time schedules; maintain an appropriate personal demeanor during periods of heightened stress created by outside factors, not always within the practitioner's control at the time.

Salary

Certificated Management Salary Schedule

Work Year

205 days

AGENDA ITEM

Agenda Title: Eureka City Schools Mental Health Grants Update
Meeting Date: February 12, 2026
Item: Discussion

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board will receive an update on the Eureka City Schools Mental Health and Wellness Programs, including grant funding sources and strategic initiatives.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
The Governing Board will receive an update on Eureka City Schools' Mental Health and Wellness programs to provide transparency regarding funding sources, major grant allocations, timelines for Wellness Center implementation, fiscal overviews, and the District's comprehensive, tiered approach to mental health services.

Strategic Design - Vision
Community Partnerships: Partnerships align academic, emotional, and social supports.

HISTORY *(list previous staff or board action(s) with dates if possible)*
This is an annual report.

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
N/A

WHO *(list the name of the contact person(s), job title, and site location)*
Lisa Claussen, Student Services Director
Sarahdee Duncan, Wellness Center Coordinator and Mental Health Grants Project Director

Description
Eureka-City-Schools-Mental-Health-Grants-Update (2).pdf

Eureka City Schools Mental Health Grants Update

FEBRUARY 12, 2026

A comprehensive overview of our mental health programs, funding sources, and strategic initiatives supporting student wellness across Eureka City Schools.

JOURNEY

Evolution of Our Wellness Centers

1

2021–2022

Dream of EHS Staff to open a place of Wellness on the Eureka High School campus. Student engagement and design phase began with 1 staff member and no funds.

2

2022–2023

Moved to new space with secretary and 2 interns. Created mission statements, awarded SBMH, applied for AWARE Grant, and held Grand Opening.

3

2023–2024

Expanded to 5 FTE MHSP. All Wellies open and functional with all tiers of mental health services. AWARE partnerships began. Technical assistance from Santa Clara COE to build a long term sustainable school health billing system. Awarded Cohort 2 CYBHI.

4

2024–2025

Grew to 6 FTE MHSP and 4 FTE CWC. 8 Wellies operating with continued AWARE partnerships. CWC Grant started and CYBHI began implementation.

5

Sustainability

CYBHI billing for services established. Leveraging built relationships with community partners for long-term support.

$10 Million Investment in Student Mental Health

Eureka City Schools has secured approximately $10 million in grant funding to support comprehensive mental health services, wellness coaching, and community partnerships. This substantial investment reflects our commitment to student wellbeing and creates a robust infrastructure for mental health support across all schools.

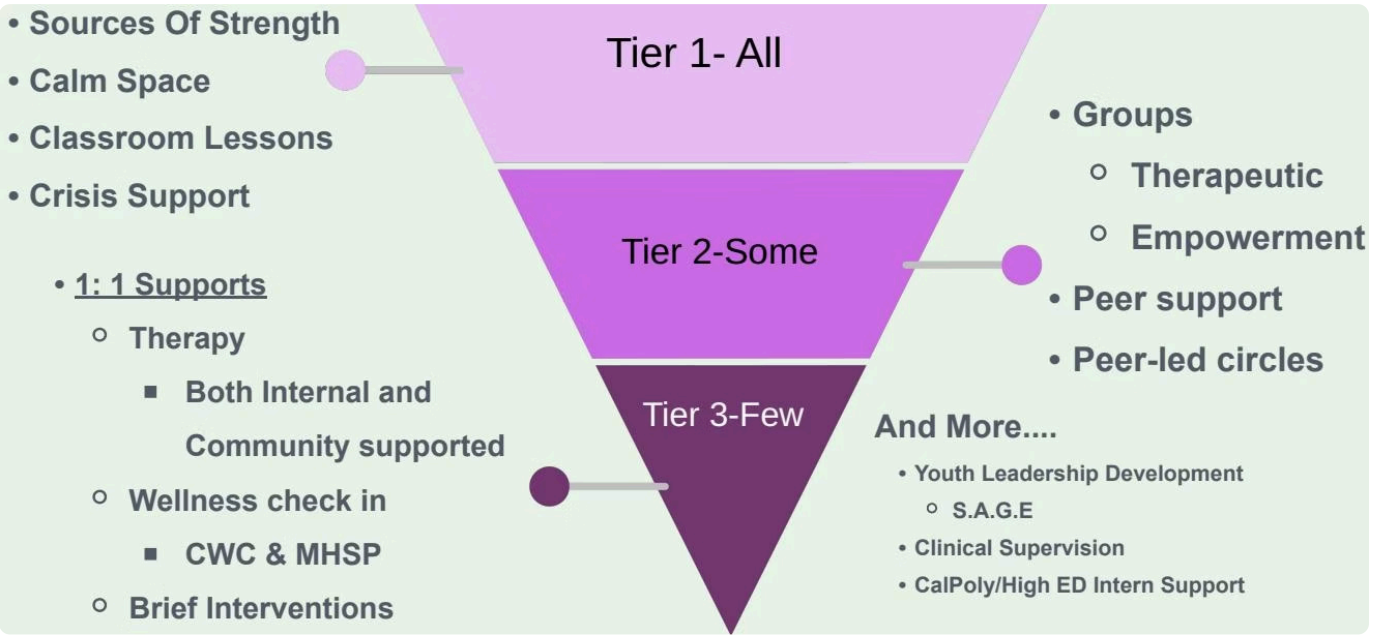
FUNDING SOURCES

Three Major Grants Powering Our Programs

School Based Mental Health Service Provider Grant

$5 million from U.S. Department of Education (Jan. 2023-Dec. 2027). Funds equipment and supplies, 4 FTE MHSP positions, and a Senior Secretary.

Project AWARE



$4.4 million from SAMHSA (Sept. 2023-Sept. 2028). Funds 1 FTE Wellness Center Coordinator position, 1 FTE Mental Health Service Provider, 1 FTE Principal Account Analyst, and multiple community contracts for mental health services.

Certified Wellness Coach Employer Assistance Program

$440,000 from HCAI/CA Department of Health Care Access (August 2024-June 2026). Funds 5 FTE CWC positions and supervision.

Comprehensive Tiered Mental Health Services

Supporting Every Student

Our three-tiered approach ensures all students receive appropriate mental health support based on their individual needs. From universal prevention to intensive interventions, we provide comprehensive services across all levels.

Tier 1 – All

Sources of Strength, Calm Space, classroom lessons, crisis support

Tier 2 – Some

1:1 therapy, wellness check-ins, groups, peer support circles

Tier 3 – Few

Intensive interventions and specialized support

Beyond Traditional Services

Youth Leadership Development

S.A.G.E program empowers students to become mental health advocates and peer leaders within their school communities.

Clinical Supervision

Professional development and oversight ensuring high-quality mental health service delivery across all programs.

Cal Poly & Higher Education Intern Support

Partnerships with universities provide additional capacity while training the next generation of mental health professionals.

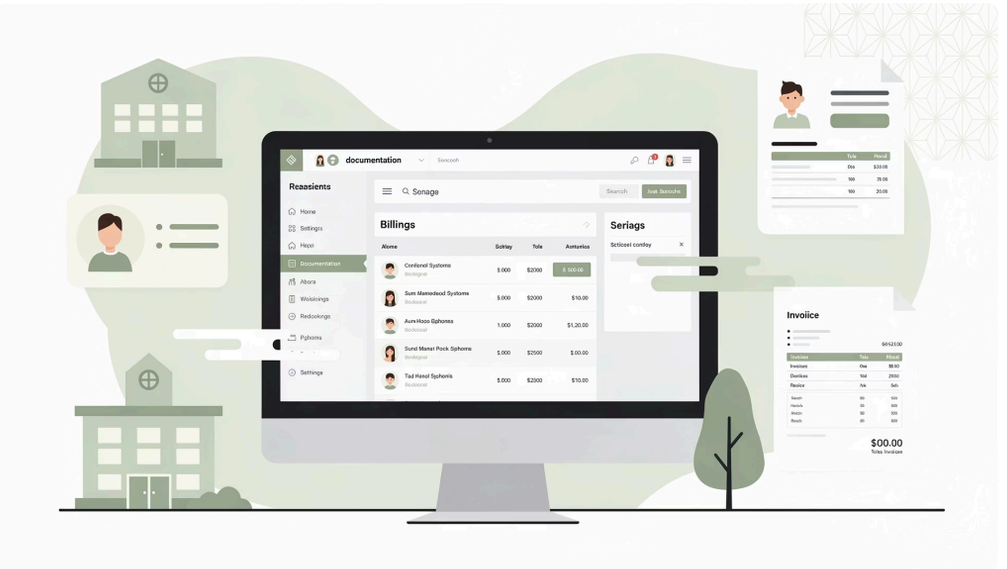
CRITICAL UPDATE

Federal Grant Status and Legal Action

School Based Mental Health Grant

February 2025: Executive Order paused all federal grants. ECS is working with the CA Attorney General in a multi-state lawsuit (*State of Washington v. U.S. Department of Education*) seeking an injunction. Grant funds must be expended by February 6th, 2026.

Project AWARE



January 13, 2026: Received termination notice. January 15th the termination was reversed. ECS submitted a non-competing continuation application to maintain funding on January 29th. Grant funds must be expended by September 26, 2026.

While federal funding remains uncertain, ECS is working to minimize disruption to learner supports. We are pursuing all available legal and administrative remedies and exploring sustainability options as we await further direction on remaining funds.

Children and Youth Behavioral Health Initiative (CYBHI)

Sustainable Funding Through School Health Billing

Eureka City Schools is participating in CYBHI as a Cohort 2 Local Educational Agency (LEA)—a statewide initiative led by the California Department of Health Care Services (DHCS). The California Department of Education is facilitating statewide implementation to expand school-based behavioral health, wellness, prevention, and early intervention services.

01

Fee Schedule

For any learner receiving mental health, social emotional, or wellness services

02

LEA BOP

Bills for learners with IEPs receiving services such as speech, psychological services, occupational therapy

03

Non-IEP

Bills for learners without IEPs receiving medical services like diabetic care, hearing, and vision screenings

04

SMAA-RMTS

Bills administrative costs related to medical activities such as case management

Strategic Next Steps

Maximize Billing

Utilize all available billing options for remainder of 2025-26 school year to accurately understand fiscal recoupment of dollars.

Monitor Lawsuit

Track progress of multi-state legal action to protect federal grant funding and ensure continuity of services.

Strengthen Partnerships

Work with local mental health agencies to continue partnerships and billing through CYBHI initiative.

Reestablish Relationship with HCOE *Bridges to Success*

Collaborate with HCOE to reestablish supports through Bridges program for enhanced service delivery.

Our Commitment to Student Wellness

Despite federal funding uncertainties, Eureka City Schools remains dedicated to providing comprehensive mental health services to all students. Through strategic billing, community partnerships, and innovative programming, we are building a sustainable model that prioritizes student wellbeing and creates lasting positive impact across our district.

> From a single staff member with a dream of 8 operating wellness centers serving thousands of students—our journey reflects the power of commitment, collaboration, and community support.

AGENDA ITEM

Agenda Title: Eureka City Schools Attendance Recovery Efforts
Meeting Date: February 12, 2026
Item: Discussion

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board will receive an overview of District attendance recovery efforts.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
The Governing Board will receive a presentation on new attendance recovery legislation and the District's planned implementation through Summer School and Expanded Learning Opportunities Program (ELOP) offerings, including the role of the Attendance Recovery Specialist, key compliance considerations, and student success highlights.

Strategic Design - Vision
Community Partnerships: Equity-focused initiatives remove barriers and expand opportunity.

HISTORY *(list previous staff or board action(s) with dates if possible)*
This item is being presented for the first time and has no prior Board history.

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
To be determined.

WHO *(list the name of the contact person(s), job title, and site location)*
Lisa Claussen, Student Services Director

Eureka-City-Schools-Attendance-Recovery-Efforts.pdf

Eureka City Schools Attendance Recovery Efforts

Strengthening Learner Success Through Strategic Attendance Programs

February 12th, 2025

NEW LEGISLATION

What is Attendance Recovery?

California Education Code Section 46211(a) introduces a new opportunity: Beginning July 1, 2025, Local Educational Agencies (LEAs) may implement attendance recovery programs to address both the educational and fiscal impacts of student absences, including chronic absenteeism.

How Students Earn AR

Attendance Recovery hours can be accrued through summer school, ASES programs, independent study, Saturday school, and other approved educational activities.

Maximum Recovery

Students can earn up to 10 recovery days per academic year. Each recovery day equals 4 hours of instructional time.

Real-World Example

Robbie is physically absent from school 5 days this academic year. However, he earned 3 attendance recovery days by attending after school program. Robbie's net absences = 2 days, improving both his educational continuity and the district's Average Daily Attendance (ADA).

Role of Attendance Recovery Specialist- Aliah Guerrero

Core Responsibilities

- **Program Development:** Assists in creating, coordinating, and reporting programs that address lost instructional time due to student absences
- **Funding Coordination:** Supports efforts to identify and secure related funding streams to sustain attendance recovery initiatives
- **Compliance & Collaboration:** Works closely with school-level attendance teams and district administrators to ensure consistent adherence to all applicable attendance laws, state regulations, and District policies

Close Coordination with Key Partners

Successful attendance recovery requires collaboration across multiple departments and roles within our district ecosystem.

Chronic Absenteeism Social Worker

Identifies at-risk students and coordinates intervention strategies

Attendance Clerks

Maintains accurate records across all school sites

After School Programs

Coordinators and leads facilitate recovery opportunities

Saturday School Teachers

Provides weekend learning and recovery options

Site Leadership & MTSS Teams

Implements multi-tiered support systems

Parents & Community

Essential partners in student attendance success

Dispel the Myth: Short-Term Independent Study (STIS)

(less than 16 days)

The Myth

Common Misconceptions

The Truth

- Educational option for absences of 1 to 16 days.
- Requires a signed contract with parents/guardians.
- TK-12 — Available for students in grades TK-12.
- Substantially equivalent to classroom instruction.

Eureka City Schools

LOOKING AHEAD

Planning for Success

Our attendance recovery efforts are designed to be proactive, preventative, and supportive—meeting students where they are and providing pathways to success.

Strategic Planning

Developing comprehensive programs aligned with state requirements

Community Engagement

Building partnerships across all levels of the district

Data-Driven Implementation

Using attendance data to inform program design and delivery

Summer School & ELOP Programs

Funding Through Assembly Bill 130

Districts can leverage **Expanded Learning Opportunities Program (ELOP)** funding to support attendance recovery efforts, creating a financially sustainable model.

Key Requirements

- ELOP and Attendance Recovery must be offered **concurrently**
- Both programs must operate at the **same school site**
- Programs must meet Education Code requirements for both ELOP and AR
- Accurate documentation of attendance is essential for funding compliance

Summer 2025 Milestone

We began systematically collecting attendance data to "bank" hours toward recovery days, establishing a strong foundation for our program's success.

This proactive approach ensures we're ready to maximize student recovery opportunities.

STUDENT VOICES

Stories from the Field

We believe in celebrating progress and learning directly from our students. This semester, we identified students who significantly improved their attendance after facing early challenges.

01

Selection Process

Students were chosen based on measurable attendance improvement from the 2024-25 to the 2025-26 school year, including those who showed positive changes after SART (School Attendance Review Team) meetings.

02

Recognition & Celebration

Students received attendance achievement certificates and Papa Murphy's coupons to acknowledge their commitment and hard work.

03

Listening Sessions

We coordinated with Community School Liaisons (CSLs) and principals to plan and host sessions where students could share their experiences, challenges, and advice to fellow learners.

Meet Azaria

8th Grade Learner at Zane Middle School

> "Azaria is such a sweetheart. Everyone on campus really loves him."
>
> — Community School Liaison

Understanding the Challenges

Azaria has a younger brother with a disability, and his family makes regular trips to San Francisco for medical appointments. While these are typically scheduled during summer, unexpected appointments this year created transportation barriers—when his family was away, he didn't have a reliable way to get to school.

What Keeps Him Coming

- His friend Violet provides daily motivation and connection
- Mr. Grant's History class, where learning is engaging and fun
- The welcoming school community that values his presence

His Advice to Peers

"Ask for help if you need it." Azaria's openness and willingness to seek support exemplifies the resilience we see in our students.

Meet Satine

6th Grade Learner at Zane Middle School

> "Satine is quiet and reserved but very sweet."
>
> — Community School Liaison

A New Beginning

This is Satine's first year at Zane after relocating from Washington, DC—a significant transition for any middle schooler. Early in the year, she missed school due to illness, often getting sick from her younger brother.

Finding Her Place

Satine has found her passion in Art class, where she loves to sketch and draw. When asked what would make school even better, she expressed interest in an art club—highlighting how extracurricular connections can strengthen student engagement.

The Power of Creative Expression

For students like Satine who are quieter and still finding their voice, creative outlets provide a meaningful way to connect with school and build a sense of belonging.

Meet Kallena

12th Grade Learner at Eureka High School

ATTENDANCE IMPROVED AFTER THANKSGIVING BREAK

Overcoming Early Challenges

Getting sick multiple times early in the year made it difficult for Kallena to establish a consistent routine. Additionally, she found that students with negative attitudes who didn't engage with their work sometimes made it harder for her to stay motivated.

What Turned Things Around

- **Morning Routine:** Finding a good morning routine helped her start each day with intention
- **Peer Support:** Having good friends who encourage her to attend—even on difficult days
- **Fear of Missing Out:** Not wanting to miss learning opportunities with her friends
- **Favorite Classes:** Looking forward to sitting with friends, working on assignments together, and especially her Floral Class

Her Advice to Schools

"Ask students who are struggling what they need help with. Check in with them."

Kallena's insight reminds us that personal connection and individualized support are powerful tools for improving attendance.

Meet Noah

2nd Grade Learner at Lafayette Elementary School

EARLY YEAR CHALLENGES

Overcoming Early Challenges

Getting sick and being out of town early in the year made it difficult for Noah to maintain consistent attendance at school.

What Helps Him Succeed

- **Friends:** Seeing his friends at school
- **Learning:** Actively engaging with reading and math

Making Up Absences

Noah will likely make up all his absences by attending ASES AR.

His Advice

"If he had friends struggling to come to school he would tell them “Welcome back”."

We discussed how being friends with learners who are struggling might encourage them to come to school and help them enjoy being there.

Activities: Enjoying homework and the after-school program

Meet Jayreen

10th Grade Learner at Eureka High School

☆ IMPROVED AFTER WINTER BREAK

Practical Strategies That Work

Time Management

Giving herself enough time in the morning to avoid rushing

Alarm Strategy

Placing her phone across the room so she must get up to turn off her alarm

Academic Support

One-on-one time with her biology teacher to review concepts she doesn't understand

The Impact of Supportive Intervention

Jayreen found the attendance meetings she participated in to be **supportive and encouraging** rather than punitive. The experience motivated her to improve—not out of fear, but because she wants to succeed and avoid needing future interventions.

What She Loves About School

- Seeing her friends every day
- Her Yurok Class, where the teacher makes learning easy and interesting

Her Message to Peers

"Come to school so you don't have to go through what I did." Jayreen's honesty shows how early intervention can prevent bigger challenges down the road.

Meet Ridley

3rd Grade Learner at Washington Elementary

ENTHUSIASTIC LEARNER

Understanding the Challenges

Like many students, Ridley faces occasional hurdles. She noted that getting sick can make it challenging to come to school. However, her dedication to learning is evident.

What She Loves About School

- Recess
- Art class
- Library time
- Seeing her friends every day

These cherished moments make school a vibrant and engaging place for Ridley, reinforcing the importance of creating a positive daily experience for students.

The Impact of Supportive Intervention

Ridley benefits from a strong support system, including her parents who actively help her get to school.

Her Message to Peers

"If students come to school more often, they'll find something they like about it." Ridley's simple yet profound advice underscores the power of presence and the discovery of community within the school environment.

Meet Jose

7th Grade Learner at Winship Middle School

♡ RESILIENT LEARNER

Jose navigates academic challenges with quiet determination, finding joy in school activities.

Understanding the Challenges

Jose faces hurdles with a language barrier and frequent moves, which impact his engagement and ability to build lasting friendships.

What He Loves About School

- Playing games
- Participating in PE (Physical Education)
- Spending time with his friends

Even when it's hard, find the fun parts and friends at school.

MOVING FORWARD

Next Steps for 2025-2026

As we prepare for the full implementation of Attendance Recovery programs, we're taking proactive steps to ensure seamless integration and clear communication across our learning community.

1 Enhanced Registration

The 2026-2027 Back to School Packet will include the Short Term Independent Study contract, making options clear from day one

2 Resource Development

Creating comprehensive STIS packets and electronic resources for families, staff, and learners

3 Community Communication

Launching a coordinated communication campaign to educate the learning community about these important changes

---

By combining strategic planning, collaborative partnerships, and learner-centered support, Eureka City Schools is positioned to maximize the benefits of Attendance Recovery—ensuring every learner has the opportunity to succeed academically and thrive personally.

AGENDA ITEM

Agenda Title:	Policy Updates from CSBA - November 2025 (First Review)
Meeting Date:	February 12, 2026
Item:	Discussion

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board is being asked to discuss the November 2025 policy updates from CSBA.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
From time to time, relatively minor changes occur that affect the text of CSBA sample board policies, administrative regulations, and board bylaws but do not warrant reissuing the entire sample because the changes are limited. It is recommended that districts review the revisions and incorporate them in district materials as appropriate. Although the revisions are minor, the district should still use its normal adoption process to adopt the board policies, administrative regulations, and/or board bylaws affected by these revisions. The following Board Policies, Administrative Regulations and Board Bylaws have various changes due to changes in laws, new laws, court decisions, and clarification.

Strategic Design - Vision
Governance and Policy updating is not reflected in the Strategic Framework

HISTORY *(list previous staff or board action(s) with dates if possible)*
This is the first reading of these policies.

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
There is no revenue or expense related to this agenda item.

WHO *(list the name of the contact person(s), job title, and site location)*
Gary Storts, Superintendent

ATTACHMENTS:
Description
Guidesheet.pdf
November CSBA Policies - 1st Review - 02.12.26 Board Meeting.pdf

CSBA POLICY GUIDE SHEET
November 2025

Note: Descriptions below identify revisions made to CSBA's sample board policies, administrative regulations, board bylaws, and/or exhibits. Editorial changes and minor revisions have also been made. Districts and county offices of education should review the sample materials and modify their own policies accordingly.

Board Policy 1000 - Concepts and Roles

Policy updated as part of CSBA's process to regularly review policy documents that otherwise would not be revised, due to no applicable changes to law, regulations, new guidance, or other directives, and amended for timeliness, organization, and to add a reference to Board Bylaw 9005 - Governance Standards.

Board Policy 1114 - District-Sponsored Social Media

Policy updated in conjunction with the accompanying administrative, with minor revisions.

Administrative Regulation 1114 - District-Sponsored Social Media

Regulation updated to reflect **NEW LAW (AB 2481, 2024)** which (1) requires, beginning January 1, 2026, a large social media platform, as defined, to create a process to verify certain individuals as "verified reporters," including a school principal and other district leaders, and to create a process by which a verified reporter can make a report of a social media-related threat or a violation of the platform's terms of service that poses a risk or a severe risk to the health and safety of a minor in the verified reporter's opinion, (2) directs each school principal, or an individual in a position of similar responsibility, to register as a verified reporter with each large social media platform on which the applicable school has an account when directed by the Superintendent or designee, and (3) directs a verified reporter to inform the Superintendent or designee of a social media-related threat or a violation of a social media platform's terms of service that, in the opinion of the reporter, poses a risk or severe risk to the health and safety of a minor who the reporter knows is enrolled in the reporter's school and report the threat or violation via the process created by the applicable social media platform. Additionally, regulation updated to reference "www.stopbullying.gov", which provides information from various government agencies related to bullying and includes a list of online platforms, with links, for the reporting of cyberbullying which violates the terms of service established by the online platforms. In addition, regulation updated to reflect **NEW LAW (AB 1785, 2024)** which expands the prohibition for districts to publicly post specified information of an elected or appointed official on the internet, without first obtaining the written permission of that individual, to include the name and assessor parcel number associated with the official's home address.

Board Policy 2120 - Superintendent Recruitment and Selection

Policy updated to reference CSBA's, "California Consultants and Leadership" search services, which provides guidance to districts recruiting and selecting a Superintendent. Additionally, policy updated to remove from the list related to the Governing Board's search and selection process items which are rarely carried out by the Board, and to add duties that a professional advisor may facilitate. In addition, policy updated to clarify material related to discussing, negotiating, and voting on the Superintendent's contract. Policy also updated to reflect **NEW LAW (SB 521, 2025)**, which prohibits the employment of a person as Superintendent if within the past five years the candidate was convicted of any felony involving accepting or giving, or offering to give, any bribe, conflict of interest, the embezzlement of public money, extortion or theft of public money, perjury, or conspiracy to commit any of those crimes arising directly out of their official duties as a public employee.

Administrative Regulation 3311.3 - Design-Build Contracts

Regulation updated to reflect **NEW LAW (SB 956, 2024)** which extends indefinitely the authorization to enter into a design-build contract for a public works project in excess of $1,000,000. Additionally, regulation updated to add objective criteria for awarding a design-build contract, including the minimum factors of price, technical design and construction experience, and life-cycle costs over 15 years or more. In addition, regulation updated to clarify which occupations are subject to the 30 percent threshold for a skilled and trained workforce.

Board Policy 3470 - Debt Issuance and Management

Policy updated to (1) add communication to the public to the list of debt issuance program activities that the Superintendent administers and coordinates, (2) remove reference to Qualified Zone Academy Bonds which are no longer authorized to be issued, (3) add types of temporary borrowing or short-term transfers to the list of potential financing sources for the district, (4) add that the method of sale for any district-issued debt be the most cost-effective, (5) add that before any sale of bonds, the Governing Board adopt a resolution stating the Board's express approval of the method of sale and a statement of the reasons for the method of sale selected, and (6) include additional information regarding the report to the California Debt Investment and Advisory Commission, which the district is required to submit annually following a bond issuance.

Board Policy 4000 - Concepts and Roles

Policy updated as part of CSBA's process to regularly review policy documents that otherwise would not be revised, due to no applicable changes to law, regulations, new guidance, or other directives, and amended to (1) clarify that it is the academic achievement, personal growth, and well-being of district students, in addition to the success of district programs, that hinges on district personnel, and (2) reflect The California Labor Management Initiative's, "Resource Guidebook: Building Partnerships to Create Great Public Schools," which provides guidance to support education leaders in developing labor-management partnerships that benefit students, staff, and the community.

Board Policy 5000 - Concepts and Roles

Policy updated as part of CSBA's process to regularly review policy documents that otherwise would not be revised, due to no applicable changes to law, regulations, new guidance, or other directives, and amended for timeliness, to include material related to school safety, and to reference applicable related Board policies and administrative regulations.

Board Policy 5020 - Parent Rights and Responsibilities

Policy updated to more closely align with law the Governing Board's belief that the district's relationship with parents/guardians is one of mutual support and respect, and that the partnership with parents/guardians is specific to their children. Additionally, policy updated to clarify that the notification parents/guardians receive regarding their rights, includes, but is not limited to, rights under the Family Educational Rights and Privacy Act (FERPA), in accordance with Board Policy/Exhibit (1) 5145.6 - Parent/Guardian Notifications. In addition, policy updated to reflect **NEW COURT DECISION (Mahmoud v. Taylor)** which held that the First Amendment prohibited a district from including lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ+) storybooks as part of elementary school instruction without providing parents/guardians with notice and the ability to opt their students out of that instructional content on the grounds that the storybooks substantially interfered with the religious development of their children. Policy also updated to include that the Superintendent or designee may establish a parent center at a school with a substantial number of students with a home language other than English, to encourage parent/guardian understanding of and participation in their children's educational programs.

Administrative Regulation 5020 - Parent Rights and Responsibilities

Regulation updated to add that parent/guardian rights include notification of the opportunity to opt their child out of certain instruction, as required by state law, and **NEW COURT DECISION (Mahmoud v. Taylor)** which held that the First Amendment prohibited a district from including lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ+) storybooks as part of elementary school instruction without providing parents/guardians with notice and the ability to opt their students out of that instructional content on the grounds that the storybooks substantially interfered with the religious development of their children. Additionally, regulation updated to clarify that parents/guardians have the right to receive notice and information about and to opt out of (1) any psychological testing involving their child and (2) any assessment, analysis, evaluation, or monitoring of the quality or character of the student's home life. In addition, regulation updated to add that (1) parents/guardians of English learners be given any required written notification in English and the student's home language, and (2) that the rights of parents/guardians be exercised in accordance with applicable Board policy and administrative regulation. Regulation also updated to expand that parents/guardians may support the learning environment of their child by monitoring and prohibiting or regulating the use of social media and other forms of online entertainment viewed by their child.

Board Policy 5117 - Interdistrict Attendance

Policy updated to clarify that the Board policy and accompanying administrative regulation apply to students transferring into and out of the district. Additionally, policy updated to reflect **NEW LAW (SB 897, 2024)** which (1) extends the school district of choice program indefinitely, (2) requires the accounting of requests for district of choice transfers to include foster youth and student experiencing homelessness status, and (3) provides that compliance of all provisions of a district's school district of choice program are subject to the annual district audit required by law.

Administrative Regulation 5117 - Interdistrict Attendance

Regulation updated to reflect **NEW LAW (SB 897, 2024)** which (1) expands the prohibition for school districts of choice from targeting communications regarding a school district of choice program to include individual parents/guardians or residential neighborhoods on the basis of a student's proficiency in English, family income, or any of the individual characteristics set forth in Education Code 200, (2) requires, the district to, by January 15, notify the district of residence of the number and names of students from the district of residence, by school and grade level, requesting to be transferred for the following school year, (3) prohibits rejecting the transfer of a foster youth or student experiencing homelessness, in addition to a student with a disability or an English learner, based on the transfer requiring the district to create a new program to serve that student, (4) expands second priority for transfer under the school district of choice program to include foster youth and students experiencing homelessness, (5) expands the required notification to parents/guardians when the number of students requesting to transfer exceeds the district's capacity to include that the number of students exceeds the specific school or program to which the student applied, (6) requires the district to respond to a request from the county office of education to provide data regarding the number of students transferring into the district, (7) expands the authorization for a district of residence to limit the number of students who transfer out of the district in a fiscal year if the most recent budget certification completed by the County Superintendent of Schools is a qualified status, and (8) requires the district of residence to, by February 15, notify the district of choice of the total number and names of students requesting to be transferred that exceed the number of students for which the district of residence is authorized to limit the transfer.

Board Policy 5138 - Conflict Resolution/Peer Mediation

Policy updated to clarify the distinction between students providing peer mediation and those receiving it. Additionally, policy updated to include, in the development of a conflict resolution and/or peer mediation program (1) the expectation for confidentially regarding who participated, what was discussed, and how any conflict was resolved, and (2) the selection of and requirements to train as a peer mediator.

Board Policy 6020 - Parent Involvement

Policy updated to reference the U.S. Department of Education's June 2025 Dear Colleague Letter which provides school choice guidance and explains how states can use federal funds to both expand education choice and turn around underperforming schools. Additionally, policy updated to ensure compliance with the California Department of Education's federal program monitoring instrument. In addition, policy updated to add material related to the establishment and convening of a parent advisory committee (PAC) and, as applicable, an English learner parent advisory committee (ELPAC), which was moved from the accompanying administrative regulation, as it is more appropriately placed in Board policy. Policy also updated to add that the Superintendent or designee annually attend a regular meeting of the PAC or ELPAC, if applicable.

Administrative Regulation 6020 - Parent Involvement

Regulation updated to ensure compliance with the California Department of Education's Federal Program Monitoring. Additionally, regulation updated to delete material related to the establishment and convening of a parent advisory committee and, as applicable, an English learner parent advisory committee, which was moved to the accompanying Board policy for more appropriate placement. In addition, regulation updated to include that (1) the district may utilize department leaders and district instructional coaches to provide parent/guardian training on topics that include, English language development, state academic standards and assessments, and specific strategies to support the student in the home, and (2) the Superintendent or designee

may utilize professional development sessions to train teachers, administrators, and staff on ways to effectively engage parents/guardians, with each school site sharing best practices that others may learn from.

Board Policy 6143 - Courses of Study

Policy updated to clarify, in accordance with various provisions of state and federal law and related court cases, the actual or perceived characteristics of an individual or group that may serve as a basis for unlawful discrimination in education programs and activities, and reflect **NEW LAW (SB 1137, 2024)** which provides that prohibited discrimination includes discrimination not just because of one protected class under state law, but also because of the combination of two or more protected bases. Additionally, policy updated to clarify that the Governing Board adopt a course of study for elementary and secondary grades that, in addition to preparing students for the next level of study and/or employment, includes all required instructional content. In addition, policy updated to reflect **NEW COURT DECISION (Mahmoud v. Taylor)** which held that the First Amendment prohibited a district from including lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ+) storybooks as part of elementary school instruction without providing parents/guardians with notice and the ability to opt their students out of that instructional content on the grounds that the storybooks substantially interfered with the religious development of their children.

Administrative Regulation 6143 - Courses of Study

Regulation updated to include, in the courses of study for grades 1-6 (1) instruction in cursive and joined italics, (2) Spanish colonization of California and the Gold Rush Era, including the treatment and perspectives of Native Americans during those periods, as required by **NEW LAW (AB 1821, 2024)**, (3) the causes and effects of climate change and the methods to mitigate climate change, and (4) prenatal care for pregnant women. Additionally, regulation updated to include, in the courses of study for grades 7-12 (1) personal financial literacy, as required by **NEW LAW (AB 1871, 2024)**, (2) to the extent instruction is provided on the Spanish colonization of California or the Gold Rush Era, the treatment and perspectives of Native Americans during those periods, as required by **NEW LAW (AB 1821 (2024)**, (3) the causes and effects of climate change and the methods to mitigate and adapt to climate change, (4) starting with the 2026-27 school year for districts that require a course in health education for high school graduation, the dangers associated with fentanyl use, as required by **NEW LAW (AB 2429, 2024)**, and (5) commencing in the 2027-28 school year, a one-semester course in personal finance. In addition, regulation updated to add how a one-semester course in Ethnic studies may be fulfilled. Regulation also updated to reflect **NEW LAW (SB 153, 2024)** which (1) requires at the beginning of each school year, the Superintendent to provide written notice to parents/guardians of students in grades 9-12 that includes a separate and distinct disclosure that data may be shared with the California College Guidance Initiative (CCGI) to provide students and their parents/guardians with direct access to online tools and resources for college and career planning, and contact information for the CaliforniaColleges.edu platform in order to access resources that help students and their parents/guardians learn about college admissions requirements, and (2) requires districts to advise each student in grade 11 to complete the grade 11 financial aid lessons on the CCGI's CaliforniaColleges.edu platform and submit student transcript information to the CCGI for students in grades 9-12. Additionally, regulation updated to reflect **NEW LAW (AB 2165, 2024)** which requires a district to provide the student and the student's parent/guardian with specified information before being exempted from the requirement to complete a Free Application for Federal Student Aid and/or the California Dream Act Application. In addition, regulation updated to reflect **NEW LAW (AB 123, 2025)** which requires a district to provide each student in grade 12, and if applicable, the student's parent/guardian, with information about, and potential eligibility for, the California Kids Investment and Development Savings Program.

Delete - Board Policy 6146.2 - Certificate of Proficiency/High School Equivalency

Policy deleted as unnecessary as the requirements stated within vest with the California Department of Education and/or the State Board of Education rather than being the obligation of a school district.

Administrative Regulation 6146.2 - Certificate of Proficiency/High School Equivalency

Regulation updated to reflect the name change from the California High School Proficiency Examination to the California Proficiency Program. Additionally, regulation updated to align language with guidance on the California Department of Education's, "California Proficiency Program," webpage. In addition, regulation updated to delete criteria related to a repealed state regulation and instead align with state law.

Exhibit(1) 6146.2 - Certificate of Proficiency/High School Equivalency

Exhibit updated in conjunction with the accompanying Board policy and administrative regulation, including reflecting the name change from the California High School Proficiency Examination to the California Proficiency Program.

Board Policy 7000 - Concepts and Roles

Policy updated as part of CSBA's process to regularly review policy documents that otherwise would not be revised, due to no applicable changes to law, regulations, new guidance, or other directives, and amended to clarify that (1) one of the major responsibilities of the Governing Board, in addition to providing healthful, safe and adequate facilities that enhance the instructional program, is to provide facilities that align with the needs of the district, and (2) in some instances, the best use of facilities may be reuse by a third party, and in other instances, may be lease or sale. Additionally, policy updated to clarify that, in order to plan for long-range facilities needs, the Superintendent or designee may develop, for Board approval, a school facilities master plan in accordance with Board Policy 7110 - Facilities Master Plan and that, in accordance with the plan, the Board will (1) select and purchase school sites for future expansion, as needed, and facilities for new school sites or other district use, (2) sell or lease facilities, including joint occupancy or joint use, when no other better use is identified, (3) authorize the use of school facilities by district residents and community groups, and (4) consider the use of district property for workforce housing.

Board Policy 7131 - Relations with Local Agencies

Policy updated to add that (1) the Governing Board is required to meet with appropriate local agency recreation and park authorities to review possible methods of coordinating the planning, design, and construction of new school facilities and school sites, or major additions to existing school facilities and recreation and park facilities in the community, and (2) the district is required to recommend measures for inclusion in the city/county general plan to ensure the availability of adequate school facilities to address a new development. Additionally, policy updated to clarify material related to development within the district, including that in order to adequately mitigate additional students generated by such development, the Board may make certain findings required by law and that upon such findings, notify the city council or county board of supervisors. In addition, policy updated to add material related to a district workforce housing development.

Board Bylaw 9310 - Board Policies

Bylaw updated to reflect current Board policy development and adoption process practice. Additionally, bylaw updated to include new "Definitions" section which more clearly defines the use of "Board policy," "Board bylaw," and "administrative regulation." In addition, bylaw updated to add section headers to differentiate between the development and adoption of Board policies versus administrative regulations. Bylaw also updated to delete the section "Monitoring and Evaluation" and include that content in the new "Board Policy Development and Adoption" section.

Board Bylaw 9321 - Closed Session

Bylaw updated to add (1) that public comment is required to occur prior to closed session, and (2) that a copy of a document that becomes public after action was taken during closed session be provided to any person who has made a standing request for all documentation as part of a request for notice of meeting, in addition to providing such document to any person present at the conclusion of the closed session who has submitted a written request. Additionally, bylaw updated to reflect **NEW ATTORNEY GENERAL OPINION** which states that only a person with "an official or essential role to play in a particular closed session" agenda item may attend closed session for that particular item, and to add new section "Attendance in Closed Session" to address who is permitted to attend a particular closed session item. In addition, bylaw updated to clarify that for purposes of a closed session agenda item on personnel matters that "employee" includes an officer or independent contractor who functions as an officer or employee but excludes Governing Board members and other independent contractors. Bylaw also updated to clarify that disclosure of an approved agreement concluding labor negotiations identify the item approved and the other parties to the negotiation. Additionally, bylaw updated to reflect **NEW LAW (SB 1445, 2024)** which authorizes the Board to allow student board members to make restorative justice recommendations that would be considered in closed session expulsion hearings. In addition, bylaw updated to reflect **NEW LAW (AB 2715, 2024)** which

authorizes the Board to hold a closed session with additional types of law enforcement or security personnel and to hold a closed session on a threat to critical infrastructure controls or critical infrastructure information.

Exhibit(1) 9321 - Closed Session

Exhibit updated in conjunction with the accompanying bylaw, with minor revisions.

Policy 1000: Concepts And Roles

Status: DRAFT

Original Adopted Date: 09/13/2000

The Governing Board desires to represent the community and provide leadership in addressing community interests related to education. In order to encourage support for the district and district schools, promote collaboration between the district, parents/guardians, community members, and local organizations, and to identify and respond to community priorities, the Board shall establish effective two-way communication systems between the district and the community.

The Board and the Superintendent or designee shall work together with city, county, and other local agencies and organizations to promote and facilitate coordinated services for children, and seek to develop partnerships with local businesses and organizations.

The Board recognizes that district schools are an important community resource and encourages community members to make appropriate use of school facilities. Community members are also encouraged to attend Board meetings, participate in district and school activities, and take an active interest in issues that affect the district and its schools. The Board and the Superintendent or designee shall keep community members well informed about district programs, needs, and accomplishments and shall ensure that they have opportunities to share in the development of district decisions, in accordance with Board Bylaw 9005 - Governance Standards.

The Board recognizes that its ability to fulfill the community's expectations for a high-quality educational program is dependent upon the level of funding provided by the state and federal government and community support. In an effort to provide the best educational experience for district students, the Board shall study legislative processes and issues, establish ongoing relationships with federal, state, and local leaders and the media, adopt positions on key issues, set priorities for advocacy, and collaborate with other organizations and coalitions in legislative and legal advocacy efforts.

Policy 1114: District-Sponsored Social Media

Status: DRAFT

Original Adopted Date: 12/13/2024

CSBA NOTE: The following optional policy is for use by districts that have created one or more official district (i.e., district-sponsored) social media accounts. "Social media" is defined in the accompanying administrative regulation as an online platform for collaboration, interaction, or active participation, or that allows users to post content, including social networking sites such as Instagram, TikTok, Facebook, X/Twitter, SnapChat, YouTube, or LinkedIn.

District strategies for effective use of online social media may be incorporated into the district's comprehensive communications plan. For more information related to informing the public, see BP 1100 - Communication with the Public.

The Governing Board recognizes the value of social media to share district information with families and the community and promote community involvement and collaboration in district decisions. The purpose of any official district social media account shall be to further the district's vision and mission, to support student learning and staff professional development, and to enhance communication and engagement with students, families, staff, and community members. The Superintendent or designee shall ensure that the content posted by the district on an official district social media account is accessible to individuals with disabilities.

CSBA NOTE: To minimize liability to the district, it is important to clearly define which social media accounts are official district social media accounts and to specify the standards, guidelines, and protocols for their use. Board policies and administrative regulations do not apply to personal social media accounts, such as those created by students, staff members, individual Governing Board members, or other individuals since those accounts are not sponsored by the district even though they may sometimes include discussion of district-related issues. For more information, see BB 9010 - Public Statements, BB 9012 - Board Member Electronic Communications, and BB 9320 - Meetings and Notices.

The Superintendent or designee shall develop content guidelines and protocols for official district social media accounts to ensure public access, appropriate and responsible use, and compliance with law, Board policy, and administrative regulation.

Guidelines for Content

CSBA NOTE: Social media platforms typically allow users to post or reply to content posted on users' accounts, which is or can be made viewable to other users and even the public. This may create a "limited public forum," which grants individuals certain freedom of speech rights and limits the district's ability to remove comments or posts. Any removal of content by the district should be based on viewpoint-neutral considerations to protect against possible legal challenges. This may include, but is not limited to, removing content that constitutes discrimination, harassment, or bullying, as specified in the accompanying administrative regulation, or that is unrelated to the purpose of the account. Additionally, in order to help maintain the district's ability to remove content, users should be informed of the purpose of the account(s) and the limited nature of the discussion. District staff should regularly monitor all such accounts so that materials are promptly removed as permitted by law. See the accompanying administrative regulation for language regarding removal of posts and monitoring of accounts. It is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel to ensure that any provisions related to removal of posts or discipline of students or staff are consistent with law.

Official district social media accounts shall be used only for their stated purposes and in a manner consistent with this policy and administrative regulation. This policy is not intended to create an open public forum or otherwise guarantee an individual's right to free speech on any of the official district social media accounts even if one or more features on the account that permit interaction with and between members of the public are enabled.

The Superintendent or designee shall ensure that the limited purpose of official district social media accounts is clearly communicated to users. Each account shall contain a statement specifying the purposes of the account, that the account shall only be used for such purposes, and any other user expectations or conditions as specified in the accompanying administrative regulation.

Content that is obscene, libelous, or so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, violation of school rules, or substantial disruption of the school's orderly operation shall not be permitted on official district social media accounts.

CSBA NOTE: Staff and students who post prohibited content on official district social media accounts are subject to

discipline in accordance with Board policies and administrative regulations. Pursuant to Education Code 48900(r), a student may be subject to suspension or expulsion if the student engages in an act of bullying by means of an electronic act, as defined. For more information on student suspension and expulsion, including when bullying is through an electronic act, see AR 5144.1 - Suspension and Expulsion/Due Process. Pursuant to Education Code 48900, an "electronic act" includes, but is not limited to, posts on a social networking site such as a social media platform.

When staff and students misuse the district's technological resources, they also may be subject to cancellation of user privileges in accordance with the district's Acceptable Use Agreement. For more information regarding acceptable use of the district's technological resources, see BP/E 4040 - Employee Use of Technology and BP/E 6163.4 - Student Use of Technology.

Staff or students who post on, reply from, or otherwise use an official district social media account in a manner that violates Board policies and administrative regulations shall be subject to discipline in accordance with applicable policies and regulations.

Users of official district social media accounts, and anyone who posts on, replies to, or otherwise leaves a digital footprint on an official district social media account, should be aware of the public nature and accessibility of social media and that such information posted on, replied with, or otherwise left on an official district social media account may be considered a public record subject to disclosure under the Public Records Act.

Privacy

To the extent practicable, the Superintendent or designee shall ensure that the privacy rights of students, parents/guardians, staff, Board members, and other individuals are protected on official district social media accounts.

As it pertains to the posting of student photographs and the privacy of telephone numbers, home addresses, and email addresses, official district social media accounts shall comply with Board Policy 1113 - District and School Websites.

Social media and other online platforms shall not be used by district employees to transmit confidential information about students, employees, or district operations.

Policy Reference Disclaimer: These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the Governing Board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

Regulation 1114: District-Sponsored Social Media

Status: DRAFT

Original Adopted Date: 12/13/2024

CSBA NOTE: The following optional administrative regulation may be revised to reflect district practice and the types of social media accounts used by the district.

Definitions

Social media means any online platform for collaboration, interaction, or active participation, or that allows users to post content, including, but not limited to, social networking sites such as Instagram, TikTok, Facebook, X/Twitter, SnapChat, YouTube, and LinkedIn.

CSBA NOTE: To minimize liability to the district, it is important to clearly define which social media accounts are official district social media accounts and to specify the standards, guidelines, and protocols for their use. Board policies and administrative regulations do not apply to personal social media accounts such as those created by students, staff members, individual Governing Board members, or other individuals since those are not sponsored by the district even though they may sometimes include discussion of district-related issues. For more information, see BB 9010 - Public Statements, BB 9012 - Board Member Electronic Communications, and BB 9320 - Meetings and Notices.

The following definition may be revised to reflect district practice.

An *official district* social media account is an account on a social media platform authorized by the Superintendent or designee.

An account that contains content related to the district or comments about district operations but that has not been created based on authorization or direction from the Superintendent or designee, such as an account created by a parent-teacher organization, booster club, or other school-connected organization or a student's or employee's personal account, is not an official district social media account.

School-level employees such as teachers and coaches shall obtain authorization from the school principal before creating an official social media account.

CSBA NOTE: Business and Professions Code 22588.2-22588.4 (the Youth Social Media Protection Act), as added by AB 2481 (Ch. 832, Statutes of 2024), requires, beginning January 1, 2026, a large social media platform, as defined, to create a process to verify certain individuals as "verified reporters," including a school principal and other district leaders, and to create a process by which a verified reporter can make a report of a social media-related threat or a violation of the platform's terms of service that poses a risk or a severe risk to the health and safety of a minor in the verified reporter's opinion. The following paragraph directs each school principal, or an individual in a position of similar responsibility, to register as a verified reporter and should be modified to include other district leaders to reflect district practice.

When directed by the Superintendent or designee, each school principal, or an individual in a position of similar responsibility, shall register as a verified reporter with each large social media platform on which the applicable school has an account in accordance with Business and Professions Code 22588.2-22588.4.

Guidelines for Content

Each official district social media account shall contain content that is useful and appropriate for all audiences.

CSBA NOTE: Federal copyright law (17 USC 107) and the courts have generally provided that teachers, students, and schools are allowed to make "fair use" of materials for instructional purposes in situations which are not likely to deprive a publisher or an author of income. For more information regarding copyrights, including "fair use", see BP/AR 6162.6 - Use of Copyrighted Materials. However, as this is a fact-specific determination, it is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel.

District employees or agents in charge of posting or adding information to an official district social media account shall ensure that copyright laws are not violated in the use of material on official district social media accounts.

CSBA NOTE: Social media platforms typically allow users to post or reply to content on each other's accounts, which is or can be made viewable to other users and even the public. This may create a "limited public forum," which grants individuals certain freedom of speech rights and limits the district's ability to remove comments or posts. Any removal of content by the district should be based on viewpoint-neutral considerations to protect

Draft Policies - 1st Read

against possible legal challenges. This may include, but is not limited to, removing content that constitutes discrimination, harassment, or bullying, as specified in the accompanying Board Policy, or that is unrelated to the purpose of the account. Additionally, in order to help maintain the district's ability to remove content, users should be informed of the purpose of the account(s) and the limited nature of the discussion. District staff should regularly monitor all such accounts so that materials are removed as permitted by law. It is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel to ensure that any provisions related to removal of posts or discipline of students or staff are consistent with law.

In Sears, the National Labor Relations Board (NLRB) advised caution when establishing policy related to employee use of electronic communications as it might interfere with an employee's right to engage in protected, concerted activity granted by 29 USC 157. The NLRB has held that social media policies can prohibit the disclosure of confidential information and address legitimate concerns for managing the workplace, but cannot expressly or by implication prohibit employees from talking with each other about wages, hours, and other terms and conditions of employment.

Additionally, Education Code 48907 grants students the right to freedom of speech except for speech which is obscene, libelous, or which so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, violation of lawful school regulations, or substantial disruption of the orderly operation of the school. For more information, see BP/AR 5145.2 - Freedom of Speech/Expression and BP/AR 6145.5 - Student Organizations and Equal Access.

In addition, if the district chooses to post advertising of a commercial nature on an official district social media account, then the ability to remove comments of a commercial nature posted by others may be limited as removing some commercial content and not others may constitute viewpoint discrimination. Districts should also be cautious about the use of district resources, such as its official district social media account, for political purposes. For more information, see BP 1160 - Political Processes.

Pursuant to the U.S. Supreme Court's decision in Lindke v. Freed, a district official who limits or prevents critics from speaking, such as by blocking them on social media or deleting their posts, violates the First Amendment only if the official (1) has been granted the power to speak on behalf of the district and (2) claims to be actually exercising that power. Because the determination as to whether a public official's action meets these two conditions is a fact-specific undertaking, it is recommended that districts with questions regarding this issue consult CSBA's District and County Office of Education Legal Services or district legal counsel.

The Superintendent or designee shall ensure that official district social media accounts are regularly monitored. Staff members responsible for monitoring content may remove posts or even suspend users from interacting with the account only based on viewpoint-neutral considerations, such as lack of relation to the account's purpose or violation of board policies or administrative regulations.

CSBA NOTE: While Business and Professions Code 22588.2-22588.4, beginning January 1, 2026, requires large social media platforms to create a process by which a verified reporter can make a report of a social media-related threat or a violation of the platform's terms of service as specified below, the following paragraph adds that the verified reporter is required to notify the Superintendent or designee of the threat or violation, and should be modified to reflect district practice.

If a verified reporter becomes aware of a social media-related threat or a violation of a social media platform's terms of service that, in the opinion of the reporter, poses a risk or severe risk to the health and safety of a minor who the reporter knows is enrolled in the reporter's school, the reporter shall inform the Superintendent or designee and report the threat or violation via the process created by the applicable social media platform as specified in Business and Professions Code 22588.2-22588.4.

Each official district social media account shall, as appropriate, prominently display a link to this regulation or a statement that includes Items #1-10, below:

1. The purpose(s) of the account, such as providing information to a class, school community, athletic team, or student club; engaging with the public regarding district decisions and Governing Board meetings; and sharing information regarding employment opportunities with the district

2. Users shall use the site only for those intended purposes

3. The account is regularly monitored and any inappropriate interaction will be promptly removed, blocked, or similarly addressed

Inappropriate interactions include, but are not limited to, interactions that:

a. Are obscene, libelous, or so incite students as to create a clear and present danger of the commission of unlawful acts on district premises, violation of district or school rules, or substantial disruption to the district or school's orderly operation

b. Are not related to the stated purpose of the account, including, but not limited to, threats, comments of a commercial nature, political activity, and comments prohibited by board policies and administrative regulations

4. Users are expected to communicate in a respectful, courteous, and professional manner and are personally responsible for their use of the account

5. The district is not responsible for the content posted by other users or how other users interact with the account

6. The views and comments expressed by other users on the account belong to those users and do not necessarily reflect the views of the district

7. Any user's reference to a specific commercial product or service does not imply endorsement or recommendation of that product or service by the district

8. The individual(s) to contact regarding violation of district guidelines on the use of official district social media accounts

CSBA NOTE: The Cyberbullying Protection Act (Business and Professions Code 22589-22589.4) requires a social media platform, as defined, to establish a mechanism that allows any individual, including the district, to report cyberbullying or any content that violates the existing terms of service. Although not directly applicable to districts, it is good guidance for districts seeking to create a safe online space. For more information, districts may want to visit www.stopbullying.gov, which provides information from various government agencies related to bullying and includes a list of online platforms, with links, for the reporting of cyberbullying which violates the terms of service established by the online platforms.

9. Violations may be reported to the appropriate social media platform, law enforcement, or other third parties, as appropriate

CSBA NOTE: Item #10 details the length of and preconditions for a user's suspension and should be modified to reflect district practice.

10. A user may be suspended from interacting with the account for one month upon three prior violations and for six months upon two prior one-month suspensions

Appropriate Use by District Employees

CSBA NOTE: Pursuant to Government Code 7928.205, a district may not post a Board member's home address, telephone number, or, as amended by AB 1785 (Ch. 551, Statutes of 2024), both the name and assessor parcel number associated with the home address, without first obtaining the written permission of that individual. However, Government Code 7928.205 does not prohibit a district from publicly posting a legally required notice or publication of an elected or appointed official on the internet.

For policy language regarding appropriate employee communications and relationships with students, see BP 4119.21/4219.21/4319.21 - Professional Standards and BP 4040 - Employee Use Of Technology.

District employees who participate in official district social media accounts shall adhere to all applicable board policies and administrative regulations, such as Board Policy 1313 - Civility and Board Policy/Administrative Regulation 4119.25/4219.25/4319.25 - Political Activities of Employees, and shall not share confidential information about students, employees, Board members, or district operations.

When appropriate, employees posting, replying, or otherwise interacting with the public outside of their professional duties or responsibilities on official district social media accounts shall identify themselves by name and district title and include a disclaimer stating that the views and opinions expressed in their post are theirs alone and do not necessarily represent those of the district or school.

Draft Policy - 1st Revi

All staff shall receive information about appropriate use of the official district social media accounts.

Policy Reference Disclaimer: These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the Governing Board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

Policy 2120: Superintendent Recruitment And Selection

Status: DRAFT

Original Adopted Date: 07/22/2007

CSBA NOTE: The following optional policy may be revised to reflect district practice. CSBA's California Consultants and Leadership search service provides guidance to districts recruiting and selecting a Superintendent.

The Governing Board recognizes that it is responsible for selecting and employing the Superintendent. Whenever it becomes necessary for the Board to fill a vacancy in the position of Superintendent, the Board shall work diligently to employ a person whose management and leadership abilities are most closely aligned with district needs.

The Board shall establish and implement a search and selection process that includes consideration of:

1. The district's current and long-term needs, including a review of the district's vision and goals
2. The desired characteristics of a new Superintendent, including professional experience, educational qualifications, leadership characteristics, philosophy of education, and other management, technical, interpersonal and conceptual skills, as well as the priorities the Board wants to place on different abilities, traits and levels of knowledge
3. The scope of the search, including whether to promote from within the district or broaden the search to include both internal and external candidates and, if external candidates will be considered, whether to conduct a statewide or nationwide search
4. The salary range and benefits to be offered
5. Basic elements to be included in the Superintendent's contract
6. Whether to hire a professional adviser to facilitate the hiring and contract negotiation process and to ensure that verifications of the candidates' qualifications are obtained
7. How and when to involve the community in certain phases of the selection process
8. The process for screening applications and determining how the screener(s) will be selected
9. Interview questions, processes, and participants
10. Other actions necessary to ensure a fair selection process and a smooth transition to new leadership

Even if a professional adviser is used to facilitate the process, the Board shall retain the right and responsibility to oversee the process and to review all applications if desired.

The Board shall select candidates to be interviewed based on recommendations of the screener(s), if applicable, and the Board's own assessment of how candidates meet the criteria established by the Board.

CSBA NOTE: Pursuant to Government Code 54957, specified personnel matters, including interviews and deliberation of the appointment or employment of an employee, may be discussed in closed session as provided in the following paragraph. For more information regarding closed session meetings, see BB 9321 - Closed Session.

The Board shall interview candidates and select a final candidate in closed session. (Government Code 54957)

CSBA NOTE: Government Code 54954 provides an exception to the requirement that meetings of the Governing Board be held within the district and authorizes a quorum of the Board to meet outside of the district to (1) interview members of the public about the potential employment of an applicant for superintendent, and (2) interview a potential employee from that district.

In general, if a quorum of the Board participates in an interview, the Brown Act open meeting laws apply. If less than a quorum of the Board participates in an interview, the Brown Act may not apply.

Because this is a complex area of law with significant consequences for violations, it is recommended that Boards consult CSBA's District and County Office of Education Legal Services or district legal counsel prior to visiting a candidate's district.

Draft Policies - 1st Read

For more information about what constitutes a Board meeting, see BB 9320 - Meetings and Notices.

Before offering the position to the selected candidate or making any announcements, Board members may visit that candidate's current place of employment, as appropriate.

Pursuant to Board Policy 2121 - Superintendent's Contract, the Board shall discuss and negotiate the Superintendent's contract in closed session, but shall vote to approve the contract in open session. (Government Code 53262, 54957, 54957.6)

The Board shall conduct any superintendent recruitment and selection process in accordance with legal and ethical obligations regarding confidentiality and equal opportunity.

As necessary, the Board may appoint an interim or acting superintendent, to manage the district when there is no permanent superintendent.

CSBA NOTE: Education Code 35029 authorizes the Board to waive the credential requirements of Education Code 35028. However, Education Code 35029.1 prohibits a district from employing a superintendent whose credential has been revoked by the Commission on Teacher Credentialing.

The Superintendent shall hold both a valid school administration certificate and a valid teacher's certificate. The Board may waive any credential requirement, but shall not employ a person whose credential has been revoked by the Commission on Teacher Credentialing pursuant to Education Code 44421-44427. (Education Code 35028, 35029, 35029.1)

CSBA NOTE: Pursuant to Government Code 1021.5, as amended by SB 521 (Ch. 92, Statutes of 2025), if a public employee is convicted of any felony involving accepting or giving, or offering to give, any bribe, conflict of interest, the embezzlement of public money, extortion or theft of public money, perjury, or conspiracy to commit any of those crimes arising directly out of their official duties as a public employee, the public employee shall be disqualified for five years from any public employment, including, but not limited to, employment with a city, county, district, or any other public agency of the state. The five-year disqualification period begins on the later of either the date of final conviction or the date on which the public employee is released from any incarceration.

The Board shall not employ a person as Superintendent if, within the past five years, the candidate was convicted of any felony involving accepting or giving, or offering to give, any bribe, conflict of interest, the embezzlement of public money, extortion or theft of public money, perjury, or conspiracy to commit any of those crimes arising directly out of their official duties as a public employee. (Government Code 1021.5)

Policy Reference Disclaimer: These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the Governing Board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

Regulation 3311.3: Design-Build Contracts

Status: DRAFT

Original Adopted Date: 06/08/2017 | **Last Revised Date:** 01/11/2024

CSBA NOTE: The following optional Board policy may be revised to reflect district practice.

As an alternative to the more traditional design-bid-build process (see BP/AR 3311 - Bids) or a lease-leaseback process (see AR 3311.2 - Lease-Leaseback Contracts), the district may enter into a design-build contract for a public works project in excess of $1,000,000 pursuant to Education Code 17250.10-17250.52. Education Code 17250.55, which made this authorization inoperative on January 1, 2025, was deleted by SB 956 (Ch. 177, Statutes of 2024), thereby extending such authorization indefinitely. As defined by Education Code 17250.15, "design-build" means a project delivery process in which both the design and construction of a project are procured from a single entity. Additionally, pursuant to Education Code 17250.61, the district may, until January 1, 2029, enter into an alternative design-build contract for a public works project in excess of $5,000,000. As defined by Education Code 17250.60, "alternative design-build" means a project delivery process in which both the design and construction of a project are procured from a single design-build entity based on its proposed design cost, general conditions, overhead, and profit as a component of the project price. Education Code 17250.15, 17250.25, 17250.60, and 17250.61 provide that such contracts may be awarded to either the low bid or best value, as defined.

The Governing Board may approve a design-build contract with a single entity for both design and construction of any school facility in excess of $1,000,000, awarding the contract to either the low bid or the best value as determined by evaluation of objective criteria including the minimum factors of price; technical design and construction experience; and life-cycle costs over 15 years or more. (Education Code 17250.20, Education Code 17250.25)

Additionally, until January 1, 2029, the Board may approve an alternative design-build contract with a single entity for both design and construction of any school facility in excess of $5,000,000. Such contracts may be awarded to the low bid or the best value. If the selection is based on best value, the Board shall evaluate competitive proposals, taking into consideration the minimum factors of design cost, general conditions, overhead, and profit as a component of the project price; technical design and construction expertise; and life-cycle costs over 15 or more years. The district's determination of price shall be based on the open book evaluation of construction subcontracts. The contract may be subject to further negotiations or amendment and may be terminated by the district if the district and the design-build entity are unable to reach an agreement. (Education Code 17250.61, 17250.62, 17250.65)

Design-build documents shall not include provisions for long-term project operations, but may include operations during a training or transition period. (Education Code 17250.25, 17250.62)

Procedures for Awarding the Contract

The procurement process for design-build and alternative design-build projects shall be as follows: (Education Code 17250.25, 17250.35, 17250.62, 17250.65; Public Contract Code 2600)

1. Performance specifications, which includes the district preparing a set of documents setting forth the scope and estimated price of the project

   The documents may include, but are not limited to:

   a. The size, type, and desired design character of the project

   b. Performance specifications that cover the quality of materials, equipment, and workmanship

   c. Preliminary plans or building layouts

   d. Any other information deemed necessary to describe adequately the district's needs

   The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

2. Prequalification, which includes the district preparing and issuing a request for qualifications in order to prequalify, or develop a short list of, the design-build entities whose proposals shall be evaluated for final selection

Draft Policies - 1st Reading

The request for qualifications shall include, but is not limited to, all of the following elements:

a. Identification of the basic scope and needs of the project or contract, the expected cost range, the methodology that will be used by the district to evaluate proposals, the procedure for final selection of the design-build entity, and any other information deemed necessary by the district to inform interested parties of the contracting opportunity

b. Significant factors that the district reasonably expects to consider in evaluating qualifications, including technical design and construction expertise, acceptable safety record, and all other non-price-related factors

c. A standard template request for statements of qualifications prepared by the district, which shall contain all of the information required pursuant to Education Code 17250.25 or 17250.62

d. A notice that the project is subject to the skilled and trained workforce requirements specified in Public Contract Code 2600-2603

The district also may identify specific types of subcontractors that must be included in the statement of qualifications and proposal.

3. Request for Proposals (RFP), which includes the district preparing an RFP that invites prequalified or short-listed entities to submit competitive sealed proposals in a manner prescribed by the district

   The RFP shall include the information identified in Items #2a, 2b, and 2d above and the relative importance or weight assigned to each of the factors.

   If the district uses a best value selection method for a project, the district may reserve the right to request proposal revisions and hold discussions and negotiations with responsive proposers, in which case the district shall so specify in the RFPs and shall publish separately or incorporate into the RFPs applicable procedures to be observed by the district to ensure that any discussions or negotiations are conducted in good faith.

4. Selection based on low bid, which includes for those projects utilizing low bid as the final selection method, that the bidding process shall result in lump-sum bids by the prequalified or short-listed design-build entities, and the contract shall be awarded to the lowest responsible bidder

5. Selection based on best value, which includes for those projects utilizing best value as a selection method, that the following procedures shall be used:

   a. Competitive proposals shall be evaluated using only the criteria and selection procedures specifically identified in the RFPs

      Criteria shall be weighted as deemed appropriate by the district. The proposal for a design-build project, as specified in Education Code 17250.25, shall, at a minimum, include price, unless a stipulated sum is specified; technical design and construction experience; and life-cycle costs over 15 or more years. The proposal for an alternative design-build project, as specified in Education Code 17250.62, shall, at a minimum, include design cost, general conditions, overhead, and profit as a component of the project price, unless a stipulated sum for the project is specified; technical design and construction expertise; and life-cycle costs over 15 or more years.

   b. Following any discussions or negotiations with responsive proposers and completion of the evaluation process, the responsive proposers shall be ranked on a determination of value provided, provided that no more than three proposers are required to be ranked

   c. The contract shall be awarded to the responsible entity whose proposal is determined by the district to have offered the best value to the public

   d. The district shall publicly announce the contract award, identifying the entity to which the award is made and the basis of the award

      This statement and the contract file shall provide sufficient information to satisfy an external audit.

Draft Policy - 1st Revi

Skilled and Trained Workforce

CSBA NOTE: Education Code 17250.25 requires the district to obtain an enforceable commitment that the contractor will comply with the requirements to use a skilled and trained workforce, as defined, in accordance with Public Contract Code 2600-2603. Pursuant to Public Contract Code 2600.5, failure to provide the notice described in Items #2d and 3 above does not excuse the district from the requirement to obtain an enforceable commitment that a contractor or other entity will use a skilled and trained workforce to complete a contract or project.

Pursuant to Public Contract Code 2602, as amended by SB 1162 (Ch. 882, Statutes of 2024), the monthly compliance report is required to include the full name of, and identify the apprenticeship program name, location, and graduation date of, each worker relied upon to satisfy the apprenticeship graduation percentage requirements of Public Contract Code 2601.

A design-build entity shall not be prequalified or short-listed unless the entity provides an enforceable commitment to the district that the entity and its subcontractors at every tier will use a skilled and trained workforce to perform all work on the project or contract that falls within an apprenticeable occupation in the building and construction trades. The entity may demonstrate such commitment through a project labor agreement, by becoming a party to the district's project labor agreement, or through an agreement with the district to provide evidence of compliance on a monthly basis during the performance of the project or contract. (Education Code 17250.25, 17250.62; Public Contract Code 2602)

Skilled and trained workforce means that all the workers performing the work are either skilled journeypersons or apprentices registered in a state-approved apprenticeship program. At least 60 percent of the skilled journeypersons employed to perform the work shall be graduates of an apprenticeship program for the applicable occupation or at least 60 percent of the hours worked by skilled journeypersons shall be performed by graduates of an apprenticeship program, with the exception of work performed in the following occupations, which are subject to a 30 percent threshold: (Public Contract Code 2601)

1. Acoustical installer
2. Bricklayer
3. Carpenter
4. Cement mason
5. Drywall installer or lather
6. Marble mason, finisher, or setter
7. Modular furniture or systems installer
8. Operating engineer
9. Pile driver
10. Plasterer, roofer, or waterproofer
11. Stone mason
12. Surveyor
13. Teamster
14. Terrazzo worker or finisher
15. Tile layer, setter, or finisher

If the contractor fails to provide the monthly report demonstrating compliance with the skilled and trained workforce requirements or provides an incomplete report, the district shall withhold further payments until a complete report is provided. If a report does not demonstrate compliance with the skilled and trained workforce requirements, the district shall withhold further payments until the contractor provides a sufficient plan to achieve substantial

Draft Policies - 1st Read

compliance with respect to the relevant apprenticeable occupation, prior to completion of the contract or project. Additionally, the district shall forward to the Labor Commissioner a copy of the monthly report, any plan to achieve compliance, and the district's response to that plan. (Public Contract Code 2602)

Draft Policies - 1st Revi

Policy 3470: Debt Issuance And Management

Status: DRAFT

Original Adopted Date: 05/23/2017

CSBA NOTE: Government Code 8855 mandates that the Governing Board adopt a debt management policy prior to issuing any debt, such as general obligation bonds, tax and revenue anticipation notes (TRANs), and certificates of participation. The policy is required to include (1) the purposes for which the debt proceeds may be used, (2) the types of debt that may be issued, (3) the relationship of the debt to, and integration with, the district's capital improvement program or budget, if applicable, (4) policy goals related to the district's planning goals and objectives, and (5) internal control procedures to ensure that the proceeds of the proposed debt issuance will be directed to the intended use. It is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel, and their financial advisor, in developing this policy. The following policy should be revised to reflect district practice.

The Governing Board is committed to long-term capital and financial planning and recognizes that the issuance of debt is a key source for funding the improvement and maintenance of school facilities and managing cash flow. Any debt issued by the district shall be consistent with law and this policy.

CSBA NOTE: Article 16, Section 18 of the California Constitution contains the basic "debt limitation" which places constraints on discretionary borrowing applicable to school districts. Under the "traditional authority," districts may authorize the issuance of general obligation bonds if approved by two-thirds of the electorate. Under Proposition 39, the district may authorize the issuance of general obligation bonds for the specific purpose of construction, reconstruction, rehabilitation, or replacement of school facilities if approved by 55 percent of the electorate. Lease financings, such as certificates of participation, are not considered "indebtedness" for purposes of the Constitutional debt limitation and are not subject to voter approval. For more information regarding general obligation bonds, see BP/AR 7214 - General Obligation Bonds, and for public debt financing options, see the California Debt and Investment Advisory Commission's (CDIAC), "California Debt Issuance Primer."

The district shall not enter into indebtedness or liability that in any year exceeds the income and revenue provided for such year, unless two-thirds of the voters approve the obligation or one of the exceptions specified in law applies.

When the Board determines that it is in the best interest of the district, the Board may issue debt or order an election to issue debt. The Superintendent or designee shall make recommendations to the Board regarding appropriate financing methods for capital projects or other projects that are authorized purposes for debt issuance. When approved by the Board and/or the voters as applicable, the Superintendent or designee shall administer and coordinate the district's debt issuance program and activities, including the timing of issuance, sizing of issuance, method of sale, structuring of the issue, communication with the public, and marketing strategies.

CSBA NOTE: Pursuant to 15 USC 78o-4 (Section 15B of Securities Exchange Act of 1934), any financial advisor retained by the district is required to be duly registered with both the Securities Exchange Commission (SEC) and the Municipal Securities Rulemaking Board (MSRB) and to additionally hold any certifications and/or licenses required by the SEC and/or MSRB.

The Superintendent or designee shall retain a financial advisor, municipal advisor, investment advisor, and/or other financial services professionals as needed to assist with the structuring of the debt issuance and to provide general advice on the district's debt management program, financing options, investments, and compliance with legal requirements. Contracts for services provided by such advisors may be for a single transaction or for multiple transactions, consistent with the contracting requirements in Education Code 17596. In the event that the district issues debt through a negotiated sale, underwriters may be selected for multiple transactions if multiple issuances are planned for the same project. Additionally, the district shall select a legal team on an as-needed basis to assist with debt issuances or special projects.

Goals

CSBA NOTE: Government Code 8855 requires that the district's debt management policy includes policy goals related to the district's planning goals and objectives. The following section should be revised to reflect district goals.

The district's debt issuance activities and procedures shall be aligned with the district's vision and goals for providing adequate facilities and programs that support student learning and well-being. When issuing debt, the district shall ensure that it:

1. Maintains accountability for the fiscal health of the district, including prudent management and transparency of

the district's financing programs

2. Attains the best possible credit rating for each debt issue in order to reduce interest costs, within the context of preserving financial flexibility and meeting capital funding requirements

3. Takes all practical precautions and proactive measures to avoid any financial decision that will negatively impact current credit ratings on existing or future debt issues

4. Maintains effective communication with rating agencies and, as appropriate, credit enhancers such as bond insurers or other providers of credit or liquidity instruments in order to enhance the creditworthiness, liquidity, or marketability of the debt

5. Monitors the district's statutory debt limit in relation to assessed valuation within the district and the tax burden needed to meet long-term debt service requirements

6. When determining the timing of debt issuance, considers market conditions, cash flows associated with repayment, and the district's ability to expend the obtained funds in a timely, efficient, and economical manner consistent with federal tax laws

7. Determines the amortization (maturity) schedule which will fit best within the overall debt structure of the district at the time the new debt is issued

8. Considers the useful lives of assets funded by the debt issue, as well as repair and replacement costs of those assets to be incurred in the future

9. Preserves the availability of the district's general fund for operating purposes and other purposes that cannot be funded by the issuance of voter-approved debt

10. Meets the ongoing obligations and accountability requirements associated with the issuance and management of debt under state and federal tax and securities laws

Authorized Purposes for the Issuance of Debt

CSBA NOTE: Government Code 8855 requires that the district's debt management policy include the purposes for which debt proceeds may be used. The following section should be revised to reflect purposes that the Board has determined may be appropriate purposes for issuing debt in the district.

The district may issue debt for any of the following purposes:

1. To pay for the cost of capital improvements, including acquiring, constructing, reconstructing, rehabilitating, replacing, improving, extending, enlarging, and/or equipping district facilities

2. To refund existing debt

3. To provide for cash flow needs

Pursuant to Government Code 53854, general operating costs, including, but not limited to, items normally funded in the district's annual operating budget, shall not be financed from debt payable later than 15 months from the date of issuance. The district may deem it desirable to finance cash flow requirements under certain conditions so that available resources better match expenditures within a given fiscal year. To satisfy both state constitutional and statutory constraints, such cash flow borrowing shall be payable from taxes, income, revenue, cash receipts, and other moneys attributable to the fiscal year in which the debt is issued.

Authorized Types of Debt

CSBA NOTE: Government Code 8855 requires that the district's debt management policy include the types of debt that may be issued. The following section should be revised to reflect the types of debt instruments authorized by the Board.

The Superintendent or designee shall recommend to the Board potential financing method(s) that result in the highest benefit to the district, with the cost of staff and consultants considered. Potential financing sources may include:

Draft Policies - 1st Revi

1. Short-Term Debt

   a. Short-term debt, such as tax and revenue anticipation notes (TRANs), when necessary to allow the district to meet its cash flow requirements (Government Code 53850-53858)

   b. Bond anticipation notes (BANs) to provide interim financing for capital bond projects that will ultimately be paid from general obligation bonds (Education Code 15150)

   c. Grant anticipation notes (GANs) to provide interim financing pending the receipt of grants and/or loans from the state or federal government that have been appropriated and committed to the district (Government Code 53859-53859.08)

2. Long-Term Debt

   CSBA NOTE: The California Constitution, Article 13A, Sections 1(b)(2) and 1(b)(3), Education Code 15100-15262 and 15264-15276, and Government Code 53506-53509.5 authorize the district to issue general obligation bonds requiring either two-thirds voter approval or 55 percent voter approval, subject to specific accountability requirements. Voter-approved general obligation bonds typically provide the lowest cost of borrowing and, by providing for the levy of additional ad valorem property taxes to service the debt, do not impact the district's general fund. For requirements pertaining to the issuance of general obligation bonds, see BP/AR 7214 - General Obligation Bonds.

   a. General obligation bonds for projects approved by voters (Education Code 15100-15262, 15264-15276; Government Code 53506-53509.5)

      CSBA NOTE: Districts may establish a community facilities district for school facility purposes in accordance with the Mello-Roos Community Facilities Act (Government Code 53311-53368.3). The boundaries of the Mello-Roos district may include the entire school district, but usually include only a portion of the district, such as an area with new housing developments. The bonds sold by the community facilities district are paid for by a special tax on the properties within that community facilities district's boundaries. For more information regarding community facilities districts, see BP 7212 - Mello-Roos Districts.

   b. Special tax bonds issued pursuant to the Mello-Roos Community Facilities Act of 1982 (Government Code 53311-53368.3)

3. Lease financing, including certificates of participation (COPs)

   a. Lease financing to fund the highest priority capital equipment purchases when pay-as-you-go financing is not feasible (Education Code 17450-17453.1)

      CSBA NOTE: Authority for lease financings is based in part on judicial rulings finding that leases that meet certain conditions do not constitute indebtedness subject to a vote of the electorate.

   b. Lease financing to fund facilities projects when there is insufficient time to obtain voter approval or in instances where obtaining voter approval is either not feasible or unavailable (Education Code 17400-17429)

4. Special financing programs or structures offered by the federal or state government when the use of such programs or structures is determined to result in sufficiently lower financing costs compared to traditional tax-exempt bonds and/or COPs (Government Code 53700-53706)

5. Temporary borrowing or short-term transfers from other sources, including the following: (Education Code 42620, 42621; Government Code 53820-53833, 53850-53858)

   a. When the district lacks sufficient funds to meet its current expenses:

      i. Transfers of funds from the County Treasurer up to 85 percent of the amount of money that will accrue to the district within the fiscal year

      ii. Transfers of funds from the county school service fund up to 85 percent of the money accruing to the district at the time of transfer, to be repaid before June 30 of the current fiscal year

Draft Policy - Not for Adoption

b. Temporary borrowing from other sources

CSBA NOTE: Government Code 8855 requires that the district's debt management policy include the relationship of the debt to, and integration with, the district's capital improvement program or budget, if applicable. The following section should be revised to reflect district practice.

COPs, TRANs, revenue bonds, or any other non-voter approved debt instrument shall not be issued by the district in any fiscal year in which the district has a qualified or negative certification, unless the County Superintendent of Schools determines, pursuant to criteria established by the Superintendent of Public Instruction, that the district's repayment of that indebtedness is probable. (Education Code 42133)

Relationship of Debt to District Facilities Program and Budget

CSBA NOTE: Government Code 8855 requires that the district's debt management policy includes the relationship of the debt to, and integration with, the district's capital improvement program or budget, if applicable. The following section should be revised to reflect district practice.

Decisions regarding the issuance of debt for the purpose of financing capital improvement shall be aligned with current needs for acquisition, development, and/or improvement of district property and facilities as identified in the district's facilities master plan or other applicable needs assessment, the projected costs of those needs, schedules for the projects, and the expected resources.

CSBA NOTE: The following paragraph is optional.

The cost of debt issued for major capital repairs or replacements shall be evaluated against the potential cost of delaying such repairs and/or replacing such facilities.

When considering a debt issuance, the Board and the Superintendent or designee shall evaluate both the short-term and long-term implications of the debt issuance and additional operating costs associated with the new projects involved. Such evaluation may include, but is not limited to, the projected ratio of annual debt service to the tax burden on the district's taxpayers and the ratio of annual debt service secured by the general fund to general fund expenditures.

The district may enter into credit enhancement agreements such as municipal bond insurance, surety bonds, letters of credit, and lines of credit with commercial banks, municipal bond insurance companies, or other financial entities when their use is judged to lower borrowing costs, eliminate restrictive covenants, or have a net economic benefit to the financing.

Structure of Debt Issues

The district shall consider the overall impact of the current and future debt burden of the financing when determining the duration of the debt issue.

The district shall design the financing schedule and repayment of debt so as to take best advantage of market conditions, ensure cost effectiveness, provide flexibility, and, as practical, recapture or maximize its debt capacity for future use. Principal amortization will be structured to meet debt repayment, tax rate, and flexibility goals.

CSBA NOTE: Education Code 15102 and 15268 limit the principal portion of the district's total outstanding bonded debt to 1.25 percent of the assessed valuation of the taxable property of a non-unified district. Education Code 15106 and 15270 limit the principal portion of the district's total outstanding bonded debt to 2.5 percent of the assessed valuation of the taxable property of a unified district. Consequently, the issuance of new debt is limited when the district has total bonded indebtedness in excess of the applicable percentage of the assessed valuation in the district. TRANs and lease payment obligations in support of COPs generally do not count against this limit except as provided in Education Code 17422.

For new money debt issuances for capital improvements, the district shall size the debt issuance with the aim of funding capital projects as deemed appropriate by the Board, as long as the issuance is consistent with the overall financing plan, does not exceed the amount authorized by voters, and, unless a waiver is sought and received from the state, will not cause the district to exceed the limitation on debt issuances specified in the California Constitution or Education Code 15102, 15106, 15268, and 15270.

To the extent practicable, the district shall also consider credit issues, market factors, and tax law when sizing the district's bond issuance. The sizing of refunding bonds shall be determined by the amount of money that will be required to cover the principal of, any accrued interest on, and any redemption premium for the debt to be paid on

Draft Policies - 1st Read

the call date and to cover appropriate financing costs.

Any general obligation bond issued by the district shall mature within 40 years of the issuance date or as otherwise required by law. (Government Code 53508.6)

The final maturity of equipment or real property lease obligations will be limited to the useful life of the assets to be financed but, with respect to a lease purchase of equipment, no longer than a period of 10 years. (Education Code 17452)

Method of Sale

For the sale of any district-issued debt, the Superintendent or designee shall recommend the method of sale which is most cost-effective, that has the potential to achieve the lowest financing cost, and/or generates other benefits to the district. Potential methods of sale include:

1. A competitive bidding process through which the award is based on, among other factors, the lowest offered true interest cost

2. Negotiated sale, subject to approval by the district to ensure that interest costs are in accordance with comparable market interest rates

3. Private placement sale, when the financing can or must be structured for a single or limited number of purchasers or where the terms of the private placement are more beneficial to the district than either a negotiated or competitive sale

Before any sale of bonds, the Board shall adopt a resolution stating the Board's express approval of the method of sale and a statement of the reasons for the method of sale selected. (Education Code 15146)

Investment of Proceeds

The district shall actively manage the proceeds of debt issued for public purposes in a manner that is consistent with state law governing the investment of public funds and with the permitted securities covenants of related financing documents executed by the district. Where applicable, the district's official investment policy and legal documents for a particular debt issuance shall govern specific methods of investment of bond-related proceeds. Preservation of principal shall be the primary goal of any investment strategy, followed by the availability of funds and then by return on investment.

CSBA NOTE: Pursuant to Education Code 15146, the proceeds of the sale of bonds, exclusive of any premium received, are required to be deposited in the county treasury to the credit of the building fund of the district. Additionally, Education Code 15146 prohibits districts from withdrawing proceeds from the sale of bonds at any time for purposes of making investments outside the county treasury.

With regard to general obligation bonds, the district shall invest new money bond proceeds in the county treasury pool as required by law. (Education Code 15146)

The management of public funds shall enable the district to respond to changes in markets or changes in payment or construction schedules so as to ensure liquidity and minimize risk.

Refunding/Restructuring

CSBA NOTE: The following section may be revised to reflect district practice. The Government Finance Officers Association's (GFOA), "Best Practices: Refunding Municipal Bonds," states that a test often used to assess the appropriateness of a refunding is the achievement of a minimum net present value savings. According to the GFOA, a common threshold is that the savings, as a percentage of the refunding bonds, should be at least 3-5 percent. However, the GFOA recognizes that it may be appropriate to approve refunding that results in lower anticipated savings in some circumstances, such as when interest rates are at low levels or the time remaining to maturity is limited and thus future opportunities to achieve greater savings are not likely to occur.

The district may consider refunding or restructuring outstanding debt if it will be financially advantageous or beneficial for debt repayment and/or structuring flexibility. When doing so, the district shall consider the maximization of the district's expected net savings over the life of the debt issuance and, when using a general obligation bond to refund an existing bond, shall ensure that the final maturity of the refunding bond is no longer than the final maturity of the existing bond.

Draft Policies - 1st Revi

Internal Controls

CSBA NOTE: Government Code 8855 requires that the district's debt management policy include the internal control procedures that the district has implemented or will implement to ensure that the proceeds of the proposed debt issuance will be directed to the intended use. Examples of internal control standards for the management of bond funds are contained in the U.S. Government Accountability Office's, "Standards for Internal Control in the Federal Government." These include factors related to the internal control environment, risk assessment, control activities, information and communications, and monitoring. Because internal controls and accountability measures may be lengthy, districts may choose to develop an administrative regulation, exhibit, or other document that provides further details and that may be updated as needed. For more information regarding the effective management of the district's assets and resources, see BP 3400 - Management of District Assets/Accounts. The following section should be revised to reflect district practice.

The Superintendent or designee shall establish internal control procedures to ensure that the proceeds of any debt issuance are directed to the intended use. Such procedures shall assist the district in maintaining the effectiveness and efficiency of operations, properly expending funds, reliably reporting debt incurred by the district and the use of the proceeds, complying with all laws and regulations, preventing fraud, and avoiding conflict of interest.

The district shall be vigilant in using bond proceeds in accordance with the stated purposes at the time such debt was incurred as defined in the text of the voter-approved bond measure. (Government Code 53410)

When feasible, the district shall issue debt with a defined revenue source in order to preserve the use of the general fund for general operating purposes.

The district shall annually conduct a due diligence review to ensure its compliance with all ongoing obligations applicable to issuers of debt. Such a review may be conducted by general legal counsel or bond counsel. Any district personnel involved in conducting such reviews shall receive periodic training regarding their responsibilities.

Additionally, the Superintendent or designee shall ensure that the district completes, as applicable, all performance and financial audits that may be required for any debt issued by the district, including disclosure requirements applicable to a particular transaction.

Records/Reports

CSBA NOTE: Government Code 8855 requires that the district report any proposed issuance of debt to the CDIAC at least 30 days prior to the sale of the debt issue. Typically, bond counsel will file the report on behalf of the district. Government Code 8855 requires that the report includes a certification that the district has adopted a debt policy and that the issuance is consistent with that policy.

At least 30 days prior to the sale of any debt issue, the Superintendent or designee shall submit a report of the proposed issuance to the California Debt and Investment Advisory Commission (CDIAC). Such report shall include a self-certification that the district has adopted a policy concerning the use of debt that complies with law and that the contemplated debt issuance is consistent with that policy. (Government Code 8855)

CSBA NOTE: Pursuant to Government Code 8855, the district is required to report any final sale of debt to CDIAC. The report covers the period from July 1 to June 30, and is required to be submitted electronically on a form provided by CDIAC within seven months of the end of the reporting period (January 31).

Following a bond issuance, by each subsequent January 31, the district shall submit an annual report to CDIAC that consists of the following information for a reporting period of the prior July 1 to June 30, inclusive: (Government Code 8855)

1. The debt authorized, issued, authorized but unissued, and debt for which authorization has lapsed during the reporting period

2. The principal balance at the beginning of the reporting period, the principal paid during the reporting period, and the remaining principal outstanding at the end of the reporting period

3. The use of proceeds of issued debt including the amount of proceeds available at the beginning of the reporting period, the proceeds spent during the reporting period and the purposes for which they were spent, and the proceeds remaining at the end of the reporting period

CSBA NOTE: Pursuant to 17 CFR 240.15c2-12, most financings are required to have official disclosure statements

which include the terms of the bond, security, risk factors, financial and operating information concerning the issuer, and background information. Additionally, districts are required to provide ongoing disclosure in the form of annual reports and event notices pursuant to 17 CFR 240.15c2-12. Such disclosures are required to be made to the MSRB through its Electronic Municipal Market Access repository or any successor repository, as well as to investors and other persons or entities entitled to disclosure. For further information, see CDIAC's, "California Debt Issuance Primer," and GFOA's, "Understanding Your Continuing Disclosure Requirements."

The Superintendent or designee shall provide initial and any annual or ongoing disclosures required by 17 CFR 240.10b-5 and 240.15c2-12 to the Municipal Securities Rulemaking Board, investors, and other persons or entities entitled to disclosure, and shall ensure that the district's disclosure filings are updated as needed.

CSBA NOTE: 26 CFR 1.6001-1 requires districts to retain records for as long as the contents thereof are material in the administration of any internal revenue law. Records related to debt issuance may affect tax liability in both past and future tax years. In order to be consistent with specific record retention requirements, the Internal Revenue Service's (IRS), "Tax Exempt Bond FAQs Regarding Record Retention Requirements," available on IRS's website, recommends that material records should be kept for as long as the debt is outstanding, plus three years after the final payment of the debt. Although the IRS recommendation is specific to tax-exempt bonds, districts should also retain records related to other forms debt issuance for the same length of time.

The Superintendent or designee shall maintain transaction records of decisions made in connection with each debt issuance, including the selection of members of the financing team, the structuring of the financing, selection of credit enhancement products and providers, and selection of investment products. Each transaction file shall include the official transcript for the financing, interest rates and cost of issuance on the day when the debt was sold ("final number runs"), and a post-pricing summary of the debt issue. Additionally, documentation evidencing the expenditure of proceeds, the use of debt-financed property by public and private entities, all sources of payment or security for the debt, and investment of proceeds shall be kept for as long as the debt is outstanding, plus the period ending three years after the financial payment date of the debt or the final payment date of any obligations or series of bonds issued to refund directly or indirectly all of any portion of the debt, whichever is later.

The Superintendent or designee shall annually report to the Board regarding debt issued by the district, including information on actual and projected tax rates, an analysis of bonding capacity, ratings on the district's bonds, market update and refunding opportunities, new development for California bond financings, and the district's compliance with post-issuance requirements.

Policy 4000: Concepts And Roles

Status: DRAFT

Original Adopted Date: 09/13/2000

The Governing Board believes that the academic achievement, personal growth, and well-being of district students, and the success of district programs, hinges on district personnel. The Board desires to establish safe and supportive working conditions that will attract and retain staff members who are highly qualified and dedicated to the education and welfare of students.

The Board recognizes that every employee has a role in the district's successful operation. The Board encourages all district employees to express their ideas, concerns, and proposals related to the improvement of working conditions and the total educational program. The district's personnel policies and related regulations shall be designed to ensure a supportive, positive climate and shall be consistent with collective bargaining agreements and in conformance with state and federal law and regulations.

CSBA NOTE: The California Labor Management Initiative's, "Resource Guidebook: Building Partnerships to Create Great Public Schools," is a tool for building collaborative practices between administrators, bargaining unit leaders, and Governing Board members, and provides guidance to support education leaders in developing deeper labor-management partnerships that benefit students, staff, and the community.

The district's relationship with its collective bargaining units is critical to enhancing organizational effectiveness and improving student outcomes. Whenever possible, it is the intent of the Board that the district communicate and collaborate regularly with the representatives of collective bargaining units to resolve conflict.

As the legal representative of the district in negotiations with employee representatives, the Board shall set goals and guidelines for collective bargaining and take action on any tentative agreement. Additionally, the Board, in conjunction with the Superintendent, shall select the district's bargaining team and maintain communications with the negotiating team during the bargaining process.

Terms and conditions of employment which have been negotiated and stated in employee contracts shall have the force of policy. The Board shall hear employee complaints and appeals when such hearings are in accordance with Board policy or negotiated agreements. Additionally, the Board shall adopt wage and salary schedules and shall commit budget funds for staff development so that staff members may continue developing their skills.

The Superintendent has responsibility for overseeing district personnel. To support this effort, the Board shall approve a framework for sound hiring practices. The Superintendent shall nominate all personnel for employment, and the Board shall approve only those persons so recommended. Individuals who approach Board members regarding prospective employment shall be referred to the Superintendent or designee.

The Superintendent or designee shall assign and supervise the work of all employees and shall evaluate their work in accordance with all applicable collective bargaining agreements and any accountability systems approved by the Board. Additionally, the Superintendent or designee shall recommend disciplinary action which the Board may take against employees when warranted pursuant to Board policy, administrative regulations, and/or state or federal law.

The Superintendent or designee shall establish procedures whereby the Superintendent or designee will receive and consider employee suggestions and submit them, when appropriate, for consideration by the Board.

Draft Policy - Staff Only

Policy 5000: Concepts And Roles

Status: DRAFT

Original Adopted Date: 09/13/2000

The Governing Board desires to create a safe school environment and positive school climate that promotes student welfare and academic achievement. Additionally, the Board recognizes that student services offered by the district play an integral role in the academic achievement and emotional well-being of district students. In addition, the Board expects students to engage in learning opportunities offered by the district by demonstrating regular attendance and completing assigned work in a timely and diligent manner, while maintaining appropriate conduct and respect for others.

The Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and has high expectations for staff and student conduct, responsible behavior, and respect for others, in accordance with Board Policy 0450 - Comprehensive Safety Plan.

The Board is fully committed to providing equal educational opportunities and maintaining schools that are free from discrimination. The Board shall not tolerate the intimidation or harassment of any student for any reason, including discriminatory harassment, intimidation, and/or bullying, in accordance with Board Policy 0410 - Nondiscrimination in District Programs and Activities and Board Policy/Administrative Regulation 5145.3 - Nondiscrimination/Harassment.

The Superintendent or designee shall establish and inform parents/guardians and students about school and district rules and regulations related to attendance, health examinations, records, grades, and student conduct. When conducting hearings related to discipline, attendance, and other student matters, the Board shall afford students their due process rights in accordance with law and applicable Board policies and administrative regulations.

Policy 5020: Parent Rights And Responsibilities

Status: DRAFT

Original Adopted Date: 03/03/2004

The Governing Board recognizes that parents/guardians of district students have certain rights as well as responsibilities related to the education of their children.

CSBA NOTE: Pursuant to Education Code 51101, each Governing Board is mandated to adopt policy, jointly developed with parents/guardians, including parents/guardians whose primary language is not English, that outlines how parents/guardians, school staff, and students may share the responsibility for continuing the intellectual, physical, emotional, and social development and well-being of students at each school site. Such policy is required to include (1) the means by which the school and parents/guardians may help students achieve academic and other standards of the school, (2) a description of the school's responsibility to provide a high-quality curriculum and instructional program in a supportive and effective learning environment that enables all students to meet the academic expectations of the school, and (3) the manner in which parents/guardians may support the learning environment of their children, including, but not limited to, the responsibilities as detailed in the accompanying administrative regulation.

The following should be revised, so long as done so in accordance with law, to reflect the policy jointly developed with parents/guardians.

The Board believes that the district's relationship with parents/guardians is one of mutual support and respect. The Superintendent or designee shall work with parents/guardians, including parents/guardians of English learners, to determine appropriate roles and responsibilities of parents/guardians for continuing the intellectual, physical, emotional, and social development and well-being of their students, including the means by which the district and parents/guardians can help their students achieve academic and other standards of the district.

Within this framework, the district's primary responsibility shall be to provide a high-quality curriculum and instructional program in a supportive and effective learning environment that enables all students to meet the academic expectations of the district.

Parents/guardians shall have the opportunity to work with schools in a mutually supportive and respectful partnership and to help their children succeed in school. (Education Code 51100)

The Superintendent or designee shall ensure that district staff understand the rights of parents/guardians afforded by law, Board policy, and administrative regulation, and follow acceptable practices that respect those rights.

CSBA NOTE: Districts are required to annually provide parents/guardians with notice of their rights pursuant to the Family Educational Rights and Privacy Act (FERPA) (20 USC 1232g; 34 CFR 99.1-99.8). For more information regarding annual notifications to parents/guardians, see BP/E(1) 5145.6 - Parent/Guardian Notifications.

The Superintendent or designee shall ensure that parents/guardians receive notification regarding their rights, including, but not limited to, their rights in accordance with 20 USC 1232g and 34 CFR 99.1-99.8, the federal Family Educational Rights and Privacy Act (FERPA), and as specified in Board Policy/Exhibit (1) 5145.6 - Parent/Guardian Notifications.

CSBA NOTE: Districts are required to teach certain instructional content. For example, Education Code 51204.5 requires instruction in social sciences to include a study of the role and contributions of specified groups of people to the economic, political, and social development of California and the United States of America, which includes people of all genders, Native Americans, African Americans, Latino Americans, Asian Americans, Pacific Islanders, European Americans, lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) Americans, and members of other ethnic, cultural, religious, and socioeconomic status groups. Additionally, pursuant to Education Code 243 and 51501, the Board may not prohibit the continued use of an appropriately adopted textbook, instructional material, or curriculum on the basis that it contains inclusive or diverse perspectives

State law requires districts to provide parents/guardians notice and the opportunity to opt their students out of certain instruction, in some instances only based on religious beliefs and in other instances for any basis. For more information, see BP/AR 6142.1 -- Sexual Health And HIV/AIDS Prevention Instruction.

Additionally, in June 2025, the U.S. Supreme Court, in Mahmoud v. Taylor, held that the First Amendment prohibited a district from including LGBTQ storybooks as part of elementary school instruction without providing parents with notice and the ability to opt their students out of that instructional content on the grounds that the

Draft Policies - 1st Rev

storybooks substantially interfered with the religious development of their children. The court's reasoning may be interpreted to apply to other instructional content that parents/guardians could view as substantially interfering with the religious development of their children. In addition, the court's holding emphasized that the question of whether certain instructional content substantially interferes with the religious development of a student will always be fact-intensive. For more information, see BP/AR 6141.2 - Recognition of Religious Beliefs and Customs.

In light of Mahmoud and the existence of some statutorily required opt-opts and the requirement to teach certain content, it is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel when determining the instructional content for which parents/guardians may opt their students out, creating opt-out procedures, and evaluating opt-out requests.

When required by law, Board policy, or administrative regulation, the district shall notify parents/guardians that they may request to opt their student out of certain instruction. Students for whom the district has approved the opt out shall be offered an alternative activity of similar educational value.

CSBA NOTE: Education Code 51101.1 provides that parents/guardians be afforded all rights pursuant to Education Code 51100-51140, regardless of English fluency, and grants additional rights for parents/guardians of English learners. See the accompanying administrative regulation.

Additionally, Education Code 51101.1 requires the district to take all reasonable steps to ensure that parents/guardians of English language learners are notified of the rights and opportunities available to them in English and in their home language pursuant to Education Code 48985. Education Code 48985 provides that when 15 percent or more of students enrolled in a school speak a single primary language other than English, all notices and reports sent to the parents/guardians of these students are required to also be written in the primary language and may be answered by the parent/guardian in either language.

In addition, Education Code 51101.1 encourages those districts with a substantial number of English learners to establish parent centers with district staff who can communicate with the parents/guardians and to encourage their participation in the district's educational programs.

The Superintendent or designee shall take all reasonable steps to ensure that all parents/guardians who speak a language other than English are properly notified in English, and in their home language, of the rights and opportunities available to them pursuant to Education Code 48985. (Education Code 51101.1)

The Superintendent or designee may establish a parent center at a school with a substantial number of students with a home language other than English, to encourage parent/guardian understanding of, and participation in, their children's educational programs. (Education Code 51101.1)

Regulation 5020: Parent Rights And Responsibilities

Status: DRAFT

Original Adopted Date: 11/04/2009 | **Last Revised Date:** 12/10/2015

Parent/Guardian Rights

CSBA NOTE: Education Code 49091.10-49091.19 and 51100-51102 specify explicit rights of parents/guardians regarding the education of their children, however, such rights may not conflict with a valid restraining order, protective order, or order for custody or visitation issued by a court. For more information about noncustodial parent rights, see BP 5021 - Noncustodial Parents.

Some of the rights specified in Education Code 49091.10-49091.19 and 51100-51102 may be addressed in other policies and regulations. However, districts may choose to adopt this separate section on parent/guardian rights in order to compile these provisions in one location as provided in the following optional section.

The rights of parents/guardians of district students include, but are not limited to, the following:

1. To observe, within a reasonable period of time after making the request, the classroom(s) in which their child is enrolled or for the purpose of selecting the school in which their child will be enrolled (Education Code 51101)

   Parents/guardians may observe instructional and other school activities that involve their child in accordance with Board policy and administrative regulations adopted to ensure the safety of students and staff, prevent undue interference with instruction or harassment of school staff, and provide reasonable accommodation to parents/guardians. Upon written request by a parent/guardian, the Superintendent or designee shall arrange for parental observation of a class or activity in a reasonable time frame and in accordance with Board policy and administrative regulations. (Education Code 49091.10)

2. To meet, within a reasonable time of their request, with their child's teacher(s) and the principal (Education Code 51101)

3. Under the supervision of district employees, to volunteer their time and resources for the improvement of school facilities and school programs, including, but not limited to, providing assistance in the classroom with the approval, and under the direct supervision, of the teacher (Education Code 51101)

4. To be notified on a timely basis if their child is absent from school without permission (Education Code 51101)

5. To receive the results of their child's performance and the school's performance on standardized tests and statewide tests (Education Code 51101)

   For parents/guardians of English learners, this right shall include the right to receive the results of their child's performance on the English language development test. (Education Code 51101.1)

6. To request a particular school for their child and to receive a response from the district (Education Code 51101)

7. To have a school environment for their child that is safe and supportive of learning (Education Code 51101)

   CSBA NOTE: 20 USC 1232h, the Protection of Pupil Rights Act, mandates that any district receiving funds from a program administered by the U.S. Department of Education adopt a policy regarding, among other things, the right of parents/guardians to inspect instructional materials. See BP/AR 5022 - Student and Family Privacy Rights for language implementing this mandate. It is recommended that districts with questions about the inspection of instructional materials consult CSBA's District and County Office of Education Legal Services or district legal counsel.

8. To examine the curriculum materials of the class(es) in which their child is enrolled (Education Code 51101; 20 USC 1232h)

   Parents/guardians may inspect, in a reasonable time frame, all primary supplemental instructional materials and assessments including textbooks, teacher's manuals, films, audio and video recordings, and software, stored by the classroom teacher. (Education Code 49091.10)

   Each school site shall make available to parents/guardians and others, upon request, a copy of the prospectus for each course, including the titles, descriptions and instructional aims of the course. (Education Code

Draft Policies - 1st Rev

49091.14)

The school may charge an amount not to exceed the cost of duplication if a hardcopy is created. (Education Code 49091.14)

CSBA NOTE: State law requires districts to provide parents/guardians notice and the opportunity to opt their students out of certain instruction, in some instances only based on religious beliefs and in other instances for any basis. For more information, see BP/AR 6142.1 -- Sexual Health And HIV/AIDS Prevention Instruction.

Additionally, in June 2025, the U.S. Supreme Court, in Mahmoud v. Taylor, held that the First Amendment prohibited a district from including lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) storybooks as part of elementary school instruction without providing parents with notice and the ability to opt their students out of that instructional content on the grounds that the storybooks substantially interfered with the religious development of their children. The court's reasoning may be interpreted to apply to other instructional content that parents/guardians could view as substantially interfering with the religious development of their children. In addition, the court's holding emphasized that the question of whether certain instructional content substantially interferes with the religious development of a student will always be fact-intensive. For more information, see BP/AR 6141.2 - Recognition of Religious Beliefs and Customs.

In light of Mahmoud and the existence of some statutorily required opt-opts, and the requirement to teach certain content, it is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel when determining the instructional content for which parents/guardians may opt their students out, creating opt-out procedures, and evaluating opt-out requests.

9. To be notified of the opportunity to opt their child out of certain instruction, as required by law (Education Code 51240, 51938)

10. To be informed of their child's progress in school and of the appropriate school personnel whom they should contact if problems arise with their child (Education Code 51101)

11. For parents/guardians of English learners, to support their child's advancement toward literacy (Education Code 51101.1)

    The Superintendent or designee may make available, to the extent possible, surplus or undistributed instructional materials to parents/guardians pursuant to Education Code 60510. (Education Code 51101.1)

12. For parents/guardians of English learners, to be informed, through the school accountability report card, about statewide and local academic standards, testing programs, accountability measures, and school improvement efforts (Education Code 51101.1)

CSBA NOTE: Pursuant to Education Code 220.3, as added by AB 1955 (Ch. 95, Statutes of 2024), a district is prohibited from requiring an employee or contractor to disclose any information related to a student's sexual orientation, gender identity, or gender expression, including changing student records, to any other person without the student's consent unless otherwise required by state or federal law. For information regarding disclosure of student records, see BP/AR 5125 - Student Records. It is recommended that districts with questions regarding the disclosure of student records consult CSBA's District and County Office of Education Legal Services or district legal counsel.

13. To have access to the student records of their child (Education Code 51101)

14. To receive information concerning the academic performance standards, proficiencies, or skills their child is expected to accomplish (Education Code 51101)

15. To be informed in advance about school rules, including disciplinary rules and procedures in accordance with Education Code 48980, attendance policies, dress codes, and procedures for visiting the school (Education Code 51101)

16. To be notified, as early in the school year as practicable pursuant to Education Code 48070.5, if their child is identified as being at risk of retention, and of their right to consult with district personnel responsible for a decision to promote or retain their child and to appeal such a decision (Education Code 51101)

17. To receive notice and information about and to opt out of any psychological testing involving their child (Education Code 51101)

CSBA NOTE: 20 USC 1232h grants a parent/guardian the right to refuse to allow the parent/guardian's child to participate in a survey requesting personal information or information for marketing purposes. See AR 5022 - Student and Family Privacy Rights.

18. To receive notice and information about and to opt out of any assessment, analysis, evaluation, or monitoring of the quality or character of the student's home life, any form of parent/guardian screening or testing, any nonacademic home-based counseling program, parent/guardian training, or any prescribed family education service plan, and to inspect any survey collecting personal information (Education Code 49091.18; 20 USC 1232h)

19. To participate as a member of a parent advisory committee, school site council, or site-based management leadership team in accordance with any rules and regulations governing membership in these organizations (Education Code 51101)

    For parents/guardians of English learners, this right shall include the right to participate in school and district advisory bodies in accordance with federal and state law and regulations. (Education Code 51101.1)

20. To question anything in their child's student record that the parent/guardian feels is inaccurate or misleading or is an invasion of privacy and to receive a response from the school (Education Code 51101)

21. To provide informed, written parental consent before their child is tested for a behavioral, mental, or emotional evaluation

    A general consent, including medical consent used to approve admission to or involvement in a special education or remedial program or regular school activity, shall not constitute written consent for these purposes. (Education Code 49091.12)

22. For parents/guardians of English learners, to be given any required written notification, under any applicable law, in English and the student's home language pursuant to Education Code 48985 (Education Code 51101.1)

These rights shall be exercised in accordance with applicable Board policy and administrative regulation.

Parent Responsibilities

CSBA NOTE: Education Code 51101 requires that the policy adopted by the district include Items #1-7 below, except that Item #4 below has been expanded to include social media and other forms of online entertainment.

Parents/guardians may support the learning environment of their child by: (Education Code 51101)

1. Monitoring attendance of their child
2. Ensuring that homework is completed and turned in on time
3. Encouraging their child to participate in extracurricular and cocurricular activities
4. Monitoring and prohibiting or regulating the use of social media and other forms of online entertainment viewed by their child
5. Working with their child at home in learning activities that extend the classroom learning
6. Volunteering in their child's classroom(s) or for other school activities
7. Participating in decisions related to the education of their own child or the total school program, as appropriate

Policy 5117: Interdistrict Attendance

Status: DRAFT

Original Adopted Date: 08/19/2019 **| Last Revised Date:** 10/26/2023

CSBA NOTE: The Education Code provides a number of options under which a district may enroll a student whose parent/guardian does not reside within district boundaries. Under an "interdistrict attendance permit" or "reciprocal agreement" pursuant to Education Code 46600-46610, a student may attend school in a different district when both the district of residence and the district of proposed attendance agree (Option 1 below). Alternatively, pursuant to Education Code 48300-48317, the Governing Board may declare the district to be a "school district of choice" willing to accept a specific number of interdistrict transfers into the district through a random selection process (Option 2 below). In order to maintain the integrity of the random selection process, it is recommended that a school district of choice not also accept transfers under the interdistrict attendance permit option except when extraordinary circumstances exist, as provided in Option 2 below. Districts that wish to use both sources of authority should consult CSBA's District and County Office of Education Legal Services or district legal counsel.

In addition to these options, pursuant to Education 48345, the Board is authorized, until July 1, 2029, to enter into an agreement with other local educational agencies (LEA) to offer courses and coursework to students from another LEA who have been impacted by disruptions or cancellations to specified courses, or teacher shortages to such courses. See "Instruction Collaboration Agreements," below.

Pursuant to Education Code 48204, a district may authorize a student whose parent/guardian is employed within district boundaries to attend a school in the district (Allen bill transfer); see AR 5111.1 - District Residency.

The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district. Student transfers into and out of the district shall be in accordance with law and as specified in this policy and accompanying administrative regulation.

~~OPTION 1:~~ Interdistrict Attendance Agreements and Permits

CSBA NOTE: The following section is for use by districts that have entered into an agreement with one or more other districts to accept student transfers through interdistrict attendance permits pursuant to Education Code 46600-46610. Districts selecting this option should also select Option 1 in the accompanying administrative regulation.

The district may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of either district. (Education Code 46600)

CSBA NOTE: Education Code 46600 requires that the interdistrict attendance agreement specify the terms and conditions under which individual permits may be granted or denied. Additionally, pursuant to Education Code 46600, students who have been granted an interdistrict attendance permit are required to be allowed to continue to attend the school without having to reapply unless the agreement between the two districts contains specific agreed-upon standards for reapplication; see the accompanying administrative regulation. In addition, districts may include in the agreement the agreed-upon standards for revocation of students' interdistrict attendance. Examples of conditions that may result in revocation include falsification of information stated on the permit application, unsatisfactory attendance, continual disruption, or poor academic achievement.

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. Additionally, it may contain standards agreed upon by both districts for reapplication and/or revocation of the student's permit. (Education Code 46600)

CSBA NOTE: Pursuant to Education Code 46600, it is the responsibility of the Superintendent or designee of the district of residence, subject to Board policies of the district of residence and terms of the agreement, to issue an individual permit verifying the district's approval of an interdistrict transfer out of the district. The permit shall become valid when endorsed by the Board's designee in the district of proposed enrollment.

See the accompanying administrative regulation for procedures to follow when the permit is denied.

When the request of a student seeking to transfer out of the district, or an individual permit verifying another district's approval for its student to transfer into the district, is received, the Superintendent or designee shall review, and approve or deny the request or permit based on the terms and conditions of the interdistrict attendance agreement.

~~OPTION 1 ENDS HERE~~

OPTION 2: School District of Choice Program

CSBA NOTE: The following section is for use by districts that elect to participate in the school district of choice program pursuant to Education Code 48300-48317. Pursuant to Education Code 48301, such a district must register as a school district of choice with the Superintendent of Public Instruction and County Board of Education before enrolling students under this option. Districts selecting this option should also select Option 2 in the accompanying administrative regulation.

SB 897 (Ch. 865, Statutes of 2024) repealed Education Code 48315 thereby extending the school district of choice program indefinitely.

The district has registered as a "school district of choice" in accordance with Education Code 48301.

The Board shall, by resolution, annually establish the number of students that will be accepted into the district through this program based on recommendations by the Superintendent or designee. Once established, the district shall accept all students who apply to transfer into the district until the district is at maximum capacity, as required pursuant to Education Code 48301.

CSBA NOTE: Education Code 48301 requires a random, unbiased process for selecting students who will be transferred through the school district of choice program and prohibits consideration of certain characteristics and factors in making the selections. Pursuant to Education Code 48301, family income may only be considered to the extent necessary to determine enrollment priority pursuant to Education Code 48306; see the accompanying administrative regulation.

Student transfer requests into the district shall be considered through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether a student should be enrolled based upon the student's academic or athletic performance, physical condition, proficiency in English, any of the individual characteristics set forth in Education Code 200, or family income. (Education Code 48301)

If the number of transfer applications exceeds the number of transfers the Board has elected to accept, approval for transfer shall be determined by a random drawing held in public at a regularly scheduled Board meeting. (Education Code 48301)

CSBA NOTE: Because the school district of choice program requires a random selection process, it is recommended that participating districts not transfer students through the interdistrict attendance permit process described in Option 1 above, except under extraordinary circumstances. Such circumstances might include approving interdistrict attendance permits for students who are victims of an act of bullying. Such students are given priority for interdistrict attendance permits pursuant to Education Code 46600; see the accompanying administrative regulation.

Because the district admits students in accordance with the school district of choice program, the Superintendent or designee shall not approve a student's transfer into the district based on an individual interdistrict attendance permit, pursuant to Education Code 46600-46610, except under extraordinary circumstances.

The Superintendent or designee shall keep an accounting of all requests for transfer through the school district of choice program and a record of their disposition, including, but not limited to, all of the following: (Education Code 48313)

1. The number of requests granted, denied, or withdrawn and, for denied requests, the reason for the denial
2. The number of students transferred into and out of the district pursuant to this program

   CSBA NOTE: Pursuant to Education Code 48313, as amended by SB 897, the accounting of requests for district of choice transfers is required to include foster youth and student experiencing homelessness status.
3. The race, ethnicity, gender, self-reported socioeconomic status, eligibility for free or reduced-price meals, foster youth status, student experiencing homelessness status, and the district of residence for each student transferred into or out of the district pursuant to this program
4. The number of students transferred into or out of the district pursuant to this program who are classified as

Draft - Policy 15 Rev.

~~English learners or students with disabilities~~

~~CSBA NOTE: Education Code 48311 authorizes, but does not require, a school district of choice to provide transportation to participating students to the extent that the district provides transportation assistance to other students. See "Transportation" below. Item #5 may be deleted by districts that do not provide transportation.~~

5. ~~As applicable, the number of students described in Items #3 and 4 above who are provided transportation assistance to a district school or program, and the total number of students provided transportation assistance, pursuant to the school district of choice program~~

~~The information specified in Items #1-5 above shall be reported to the Board at a regularly scheduled meeting. No later than October 15 of each year, the Superintendent or designee shall provide the same information for the current school year, as well as information regarding the district's status as a school district of choice in the upcoming school year, to each geographically adjacent school district, the county office of education, and the Superintendent of Public Instruction. (Education Code 48313)~~

~~CSBA NOTE: Pursuant to Education Code 48301, as amended by SB 897, compliance of all provisions of a district's school district of choice program are subject to the annual district audit conducted pursuant to Education Code 41020.~~

~~The district's compliance with all school district of choice program requirements shall be reviewed as part of the annual district audit conducted pursuant to Education Code 41020. (Education Code 48301)~~

~~OPTION 2 ENDS HERE~~

Instruction Collaboration Agreements

The district may, with Board approval, enter into an instruction collaboration agreement (ICA) with another school district, county office of education, or charter school for the district to offer the same or similar courses and coursework to students from another school district, county office of education, or charter school who have been impacted by any of the following: (Education Code 48345)

1. Disruptions or cancellations in science, technology, engineering, and mathematics (STEM) classes
2. Disruptions or cancellations in dual language immersion programs
3. Teacher shortages in STEM classes or dual language immersion programs

Prior to accepting students for classes for any of the reasons specified in Items #1-3 above, the Superintendent or designee shall, with Board approval, determine the maximum number of students that the district can accept for these purposes. The district shall accept students who apply until the district is at maximum capacity.

Students shall be transferred to this program through an unbiased process that prohibits an inquiry into, or evaluation or consideration of, whether a student should be authorized to participate in the course or coursework based upon the student's current academic or athletic performance, proficiency in English, physical condition, any of the individual characteristics specified in Education Code 200, or family income. If the number of applicants exceeds the number of seats available, the approval for participation shall be determined by a random public drawing at a regularly scheduled Board meeting. (Education Code 48345)

The Superintendent or designee shall publicly post information, including, but not limited to, applicable forms and timelines for submission pursuant to the ICA, to ensure that students and their families are aware of the opportunities to participate. (Education Code 48345)

CSBA NOTE: Pursuant to Education Code 48345, the average daily attendance attributable to a student participating in the instruction collaboration agreement shall remain with the LEA of origination for purposes of state apportionment.

When negotiating the ICA, the Superintendent or designee shall collaborate with the other participating local educational agencies to agree upon an appropriate shared cost structure. (Education Code 48345)

Transportation

CSBA NOTE: Districts are not required to provide transportation or transportation assistance to students transferred under an interdistrict attendance permit pursuant to Education Code 46600-46610, except that Education Code 46600 requires the district of enrollment to provide transportation assistance to a student who is eligible for free or reduced price meals and is either a child of an active military duty parent/guardian or a victim of an act of bullying, as defined in Education Code 48900.

Pursuant to Education Code 48311, a school district of choice is authorized, but not required, to provide transportation assistance to the extent that the district otherwise provides transportation assistance to students.

Upon parent/guardian request, the district shall provide transportation assistance to a student receiving an interdistrict transfer who is eligible for free and reduced-price meals and is the child of an active duty military parent/guardian or a victim of bullying, as defined in Education Code 46600. (Education Code 46600)

Additionally, upon request of a student's parent/guardian, the Superintendent or designee may authorize transportation for any interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends, if space is available.

Regulation 5117: Interdistrict Attendance **Status:** DRAFT

Original Adopted Date: 08/19/2019 **| Last Revised Date:** 06/04/2020

CSBA NOTE: The district should select Option 1 and/or Option 2 below in accordance with the accompanying Board policy. For guidance on which option to select, see the accompanying Board policy.

~~OPTION 1:~~ **Interdistrict Attendance Agreements and Permits**

CSBA NOTE: The following option is for use by districts that have entered into an agreement with one or more other school districts to accept transfers through the "interdistrict attendance permit" or "reciprocal agreement" process pursuant to Education Code 46600-46610. See Option 1 in the accompanying Board policy. In 87 Ops.Cal.Atty.Gen. 132 (2004), the Attorney General opined that districts could not charge students a fee for processing applications for interdistrict attendance.

In accordance with an agreement between the district and another district, a permit authorizing a student of either district to enroll in the other district may be issued upon approval of both districts.

The district shall post on its website the procedures and timelines for requesting an interdistrict transfer permit, including a link to Board Policy 5117 - Interdistrict Attendance. The posted information shall include, but is not limited to: (Education Code 46600.1, 46600.2)

1. The date upon which the district will begin accepting and processing interdistrict transfer requests for the following school year

2. The reasons for which the district may approve or deny a request, and any information or documents that must be submitted as supporting evidence

3. If applicable, the process and timelines by which a denial of a request may be appealed within the district before the district renders a final decision

4. A statement that failure of a parent/guardian to meet any timelines established by the district shall be deemed an abandonment of the request

5. Applicable timelines for processing a request, including the following statements:

    a. For an interdistrict transfer request received by the district 15 or fewer calendar days before the commencement of instruction in the school year for which the transfer is sought, the district will notify the parent/guardian of its final decision within 30 calendar days from the date the request was received

    b. For an interdistrict transfer request received by the district more than 15 days before the commencement of instruction in the school year for which the interdistrict transfer is sought, the district will notify the parent/guardian of its final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction in the school year for which transfer is sought

6. The conditions under which an existing interdistrict transfer permit may be revoked or rescinded

CSBA NOTE: Education Code 46600 requires districts to give priority for interdistrict attendance permits to a student who is a victim of an act of bullying, as provided below. For this purpose, Education Code 48900(r) defines bullying to include, but not be limited to, bullying committed by means of an electronic act directed specifically toward the student. For more information regarding the definition of bullying, see AR 5144.1 - Suspension and Expulsion/Due Process.

Priority for interdistrict attendance shall be given to a student who has been determined, through an investigation by either the district of residence or district of proposed enrollment, to be a victim of an act of bullying, as defined in Education Code 48900(r), committed by a student of the district of residence. (Education Code 46600)

CSBA NOTE: Education Code 46600 requires districts to ensure that students who are victims of bullying or are children of active duty military parents/guardians be selected through an unbiased process that prohibits consideration of other specified characteristics.

Until the district is at maximum capacity, the district shall accept any student whose interdistrict transfer application is based on being the victim of an act of bullying or a child of an active duty military parent/guardian. The district shall ensure that such students are transferred through an unbiased process that prohibits an inquiry into or

Draft Policies - 1st Rdg

evaluation or consideration of whether a student should be enrolled based on academic or athletic performance, physical condition, proficiency in English, family income, or any of the individual characteristics set forth in Education Code 220, including, but not limited to, race or ethnicity, gender, gender identity, gender expression, and immigration status. (Education Code 46600)

Additionally, the Superintendent or designee may approve an interdistrict attendance permit for a student for any of the following reasons when stipulated in the agreement:

CSBA NOTE: Optional Items #1-11 below should be revised and/or deleted to reflect district practice.

1. To meet the child care needs of the student, only as long as the student's child care provider remains within district boundaries
2. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel
3. When the student has a sibling attending school in the receiving district, to avoid splitting the family's attendance
4. To allow the student to complete a school year when the student's parents/guardians have moved out of the district during that year
5. To allow the student to remain with a class graduating that year from an elementary, middle, or senior high school
6. To allow a high school senior to attend the same school attended as a junior, even if the student's family moved out of the district during the junior year
7. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the school year in the district
8. When the student will be living out of the district for one year or less
9. When recommended by the school attendance review board, or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence
10. When there is valid interest in a particular educational program not offered in the district of residence
11. To provide a change in school environment for reasons of personal and social adjustment

CSBA NOTE: In 84 Ops.Cal.Atty.Gen. 198 (2001), the Attorney General opined that a lack of school facilities is a justifiable reason for denial of the interdistrict attendance permit request. However, according to the Attorney General, once the student is transferred, the district may not later deny the student continued attendance at a district school because of overcrowding. The following paragraph is based on this Attorney General opinion. It is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel prior to removing an interdistrict transfer student currently attending the district.

The Superintendent or designee may deny initial requests for interdistrict attendance permits due to limited district resources, overcrowding of school facilities at the relevant grade level, or other considerations that are not arbitrary. However, once a student is transferred, the district shall not deny continued attendance because of overcrowded facilities at the relevant grade level.

If the transfer request is for a school year that begins within 15 calendar days of the receipt of the request, the Superintendent or designee shall notify the parent/guardian of the final decision within 30 calendar days of receiving the request. If the transfer request is for a school year that begins more than 15 calendar days after the receipt of the request, the parent/guardian shall be notified of the final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction during that school year. (Education Code 46600.2)

CSBA NOTE: Education Code 46600.2 requires a district that denies a request for an interdistrict transfer to give written notice to the parent/guardian of the right to appeal to the County Board of Education.

Pursuant to Education Code 46601, parents/guardians may submit an appeal to the County Board within 30 calendar days of the district's final denial of the permit. The County Board then has 30 calendar days, unless extended by an additional five school days for good cause, to make its determination as to whether the student should be allowed to attend the district of proposed enrollment and the applicable period of attendance.

Pursuant to Education Code 46602, if the County Board determines that the student should be permitted to attend the district of proposed enrollment, the district is required to transfer the student without delay.

If a student's interdistrict transfer request is denied, the Superintendent or designee shall, in writing, notify the parents/guardians of their right to appeal to the County Board of Education within 30 calendar days from the date of the final denial. (Education Code 46600.2)

All notices to parents/guardians regarding the district's decision on any request for interdistrict transfer shall conform to the translation requirements of Education Code 48985, and may be provided by regular mail, electronic format if the parent/guardian provides an email address, or by any other method normally used to communicate with parents/guardians in writing. (Education Code 46600.2)

Pending a decision by the two districts or by the County Board on appeal, the Superintendent or designee may provisionally transfer a student who resides in another district for a period not to exceed two school months, provided the district is the district of proposed enrollment. If the decision has not been rendered by the conclusion of two school months and the districts or County Board is still operating within the prescribed timelines, the student shall not be allowed to continue attending the district school to which the student was provisionally transferred. (Education Code 46603)

Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or rescissions while expulsion proceedings are pending or during the term of the expulsion. (Education Code 46601)

Once a student is transferred to a school on the basis of an interdistrict attendance permit, the student shall not be required to reapply for an interdistrict transfer and shall be allowed to continue to attend the school of enrollment, unless reapplication standards are otherwise specified in the interdistrict attendance agreement. Existing interdistrict attendance permits shall not be rescinded after June 30 following a student's completion of grade 10 or for any student entering grade 11 or 12 in the subsequent school year. (Education Code 46600)

~~OPTION 1 ENDS HERE~~

~~**OPTION 2: School District of Choice Program**~~

~~CSBA NOTE: The following section is for use by districts that elect to participate in the school district of choice program pursuant to Education Code 48300-48317. See Option 2 in the accompanying Board policy.~~

~~Education Code 48301, as amended by SB 897 (Ch. 865, Statutes of 2024), expands the prohibition for school districts of choice from targeting communications regarding a school district of choice program to include individual parents/guardians or residential neighborhoods on the basis of a student's actual or perceived academic or athletic skill, proficiency in English, any of the individual characteristics set forth in Education Code 200, or family income.~~

~~The Superintendent or designee shall communicate with parents/guardians regarding transfer opportunities under the school district of choice program. Communications sent to parents/guardians shall be available in all languages for which translations are required pursuant to Education Code 48985, shall be factually accurate, and shall not target particular neighborhoods or individual parents/guardians on the basis of a child's actual or perceived academic or athletic skill, proficiency in English, family income, or any other individual characteristic specified in Education Code 200. (Education Code 48301, 48980)~~

~~The Superintendent or designee shall also make public announcements regarding district schools, programs, policies, and procedures, including transportation options if applicable, during the enrollment period. (Education Code 48312)~~

~~CSBA NOTE: The following optional paragraph reflects Education Code 48302, which encourages districts to hold informational meetings as described below, and may be revised to reflect district practice.~~

~~The Superintendent or designee may hold informational meetings on the district's current educational programs, so that parents/guardians can provide input to the district on methods to improve current programs and make informed decisions regarding their children's education. (Education Code 48302)~~

Draft Policy - Effective

The process for student transfers into the district under the school district of choice program, including, but not limited to, any applicable form, the timeline for a transfer, and an explanation of the selection process, shall be posted on the district's website. (Education Code 48301)

Parents/guardians shall submit applications for interdistrict attendance to the district office before January 1 of the school year preceding the school year for which the student is requesting to be transferred. The application deadline may be waived upon agreement between the district and the student's district of residence. (Education Code 48308)

The application deadline shall not apply to an application requesting a transfer if the parent/guardian with whom the student resides is enlisted in the military and was relocated by the military within 90 days prior to submitting the application. (Education Code 48308)

CSBA NOTE: Pursuant to Education Code 48308, as amended by SB 897, a school district of choice is required to notify a district of residence, no later than January 15, of the number and names of students from the district of residence, by school and grade level, requesting to be transferred for the following school year.

No later than January 15 of each year, the Superintendent or designee shall notify the district of residence of the number and names of students from the district of residence, by school and grade level, requesting to be transferred for the following school year. (Education Code 48308)

CSBA NOTE: Pursuant to Education Code 48305, if the district chooses to use existing entrance criteria for specialized schools or programs, then the criteria is required to be uniformly applied. The following optional paragraph is for use by districts that choose to use existing entrance criteria.

Any existing entrance criteria for specialized schools or programs shall be uniformly applied to all applicants. (Education Code 48305)

CSBA NOTE: Pursuant to Education Code 48303, a school district of choice may reject the transfer of a student if the transfer of that student would require the district to create a new program to serve that student, except that a district of choice may not reject the transfer of a student with a disability, an English learner, or, as amended by SB 897, a foster youth, or student experiencing homelessness.

The district may reject a transfer into the district under the school district of choice program if the transfer would require the district to create a new program to serve that student, except that the district shall not reject the transfer of a student with disabilities, an English learner, a foster youth, or a student experiencing homelessness. (Education Code 48303)

Whenever the number of transfer applications exceeds the number of interdistrict transfers that may be accepted as annually determined by the Governing Board, students accepted for transfer shall be selected by a random drawing held in public at a regularly scheduled Board meeting before February 15 of the school year preceding the school year for which the transfer is sought. (Education Code 48301)

Priority for transfer under the school district of choice program shall be granted as follows: (Education Code 48306)

1. First priority shall be given to siblings of students already in attendance in the district

   CSBA NOTE: Pursuant to Education Code 48306, as amended by SB 897, second priority for transfer under the school district of choice program is expanded to include foster youth and students experiencing homelessness

2. Second priority shall be given to students eligible for free or reduced-price meals, foster youth, and students experiencing homelessness

3. Third priority shall be given to children of military personnel

No later than February 15 of the school year preceding the school year for which the student is requesting to be transferred, the Superintendent or designee shall notify the parent/guardian in writing whether the application has been provisionally accepted or rejected or of the student's position on any waiting list. (Education Code 48308)

If a student's application for transfer is accepted, the Superintendent or designee shall so notify the student's district

Draft Policies - Not Rev

of residence no later than February 15 of the school year preceding the school year for which the student is requesting to be transferred. (Education Code 48308)

The number of students accepted for transfer into the district, by school and grade level, shall be reported to the district of residence on or before February 15. (Education Code 48308)

CSBA NOTE: Education Code 48308, as amended by SB 897, expands the required notification to parents/guardians when the number of students requesting to transfer exceeds the district's capacity to include that the number of students exceeds the specific school or program to which the student applied.

If a student's application is denied, the Superintendent or designee shall notify the student's parents/guardians that the number of students requesting to transfer exceeded the district's capacity, or the specific school or program to which the student applied, and that the student was not selected during the random drawing. Such determination shall be accurately recorded in the minutes of the Board meeting at which the determination was made. (Education Code 48308)

For a student whose parent/guardian was relocated by the military less than 90 days prior to the submission of the application, the district shall make a final decision to accept or reject the application within 90 days of its receipt. If the student's application has been submitted less than 90 days prior to the beginning of the school year, then the district shall accept or deny the application before the school year begins. Upon acceptance, the student may immediately enroll in a district school. (Education Code 48308)

Vacancies may be filled from the waiting list until May 1 of the school year preceding the school year for which students are requesting to be transferred. (Education Code 48308)

The final number of students enrolled in the district through the school district of choice program, by school and grade level, along with the names of the students, shall be reported to the district of residence on or before May 1. (Education Code 48308)

CSBA NOTE: Education Code 48307, as amended by SB 897, requires the district to respond to a request from the county office of education (COE) to provide data regarding the number of students transferring into the district in order for the COE to determine, when requested by a district of residence with average daily attendance (ADA) of 50,000 or less, the percentage of students transferring out of the district of residence for the duration of the program. If the district does not provide such information to the COE within 30 days, the district is prohibited from accepting new student transfers under the district of choice program until the district complies with the request.

The Superintendent or designee shall, within 30 days, respond to any request by the county office of education to provide data regarding the number of students transferring into the district. (Education Code 48307)

Students who transfer into the district through the school district of choice program are deemed to have fulfilled district residency requirements pursuant to Education Code 48204. (Education Code 48301)

Final acceptance of the transfer is applicable for one school year and shall be renewed automatically each year unless the Board, by adoption of a resolution, withdraws from participation in the program and no longer accepts transfer students from other districts. (Education Code 48308)

CSBA NOTE: The following paragraph may be revised by districts that do not maintain high schools.

Even if the district withdraws from participation in the program, students who attended or received a notice of acceptance into the district before the Board's resolution of withdrawal shall be permitted to attend school in the district, and high school students who transfer into the district may continue attending school in the district until they graduate from high school. (Education Code 48307, 48308)

The district may accept any completed coursework, attendance, and other academic progress credited to an accepted student by any district(s) the student has previously attended and may grant academic standing to the student based upon the district's evaluation of the student's academic progress. (Education Code 48309)

The district may revoke a student's enrollment if the student is recommended for expulsion pursuant to Education Code 48918. (Education Code 48309)

Draft Policies - 1st Review

~~OPTION 2 ENDS HERE~~

Transfers Out of the District

CSBA NOTE: The following optional section is for use by all districts.

A student whose parent/guardian is in active military duty shall not be prohibited from transferring out of the district, provided the school district of proposed enrollment approves the application for transfer. (Education Code 46600, 48307)

CSBA NOTE: Pursuant to Education Code 46600, the district may not prohibit a transfer out of the district for a victim of bullying if the district has only one school offering the student's grade level and thus is unable to grant an intradistrict transfer.

If the district is unable to provide an intradistrict transfer to a student who is a victim of an act of bullying, as defined in Education Code 46600, the district shall not prohibit the student from transferring out of the district if the district of proposed enrollment approves the application for transfer. (Education Code 46600)

The district may limit transfers out of the district to a school district of choice under any of the following circumstances: (Education Code 48307)

CSBA NOTE: Pursuant to Education Code 48307, as amended by SB 897, even if a district has not designated itself as a school district of choice, it has the authority pursuant to Education Code 48307 to limit the number of students transferring out of the district into other districts that have designated themselves as school districts of choice. A district with an ADA of more than 50,000 may annually limit the number of such transfers to one percent of its ADA for the first principal apportionment for the prior fiscal year. A district with an ADA of 50,000 or less may limit the number of such transfers to three percent of its ADA for the first principal apportionment for the prior fiscal year and may limit the maximum number of such transfers for the duration of the program to 10 percent of the ADA for that period. In Walnut Valley Unified School District v. Superior Court of Los Angeles County, the appellate court held that the 10 percent cap on outbound transfers "for the duration of the program" should be based on the district's ADA over the entire life of the district of choice program (i.e., from the program's inception in 1994 until the present day).

Education Code 48308, as amended by SB 897, requires the district of residence to, by no later than February 15, notify the district of choice of the total number and names of students requesting to be transferred that exceed the number of students for which the district of residence is authorized to limit the transfer.

The district may revise Item #1 to reflect the applicable percentage in Education Code 48307 based on its ADA.

1. The number of student transfers out of the district to a school district of choice has reached the limit specified in Education Code 48307 based on the district's average daily attendance

   CSBA NOTE: Education Code 48307, as amended by SB 897, expands the authorization for a district of residence to limit the number of students who transfer out of the district in a fiscal year if the most recent budget certification completed by the County Superintendent of Schools is a qualified status.
2. The County Superintendent of Schools has given the district a qualified or negative budget certification or has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice

   CSBA NOTE: Item #3 is optional and should be revised to reflect district practice. Education Code 48307 authorizes the district to prohibit a transfer out of the district under the school district of choice program if the Governing Board determines that the transfer would negatively impact a court-ordered desegregation plan, a voluntary desegregation plan, or the racial and ethnic balance of the district. Education Code 48307 provides that denial of transfers on the basis of a voluntary desegregation plan or the racial and ethnic balance of the district must be consistent with the constitutional provisions added by Proposition 209 in 1996 (California Constitution, Article 1, Section 31). It is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel before adopting policy to allow denial of transfers on either of these bases.
3. The Board determines that the transfer would negatively impact any of the following: (Education Code 48307)

   a. A court-ordered desegregation plan

b. A voluntary desegregation plan of the district, consistent with the California Constitution, Article 1, Section 31

c. The racial and ethnic balance of the district, consistent with the California Constitution, Article 1, Section 31

Policy 5138: Conflict Resolution/Peer Mediation

Status: DRAFT

Original Adopted Date: 09/13/2000

CSBA NOTE: Research indicates that school-based conflict resolution/peer mediation programs effectively reduce violence and promote safe learning environments at schools. Districts that have integrated conflict resolution/peer mediation programs into existing disciplinary procedures have reported reductions in suspensions, expulsions, and student-to-student conflict. Additionally, conflict resolution/peer mediation programs can help to promote personal responsibility and citizenship among students.

The following optional policy may be used by districts wishing to encourage the development of conflict resolution/peer mediation programs at the school site.

To promote student safety and contribute to the maintenance of a positive school climate, the Governing Board encourages the development of school-based conflict resolution and peer mediation programs designed to help students learn constructive ways of handling conflict. The Board believes that such programs can reduce violence and promote communication, personal responsibility, and problem-solving skills among students.

Conflict resolution and peer mediation programs may be considered as part of each school's comprehensive safety plan and incorporated into other district discipline procedures as appropriate. Such programs shall not supplant the authority of district staff to take appropriate action as necessary to prevent violence, ensure student safety, maintain order in the school, and institute disciplinary measures.

Such programs may incorporate peer mediation strategies in which selected student volunteers are specifically trained to work with their peers in resolving conflicts. This training may involve effective communication and listening, critical thinking, problem-solving processes, and the use of negotiation to find mutually acceptable solutions. Additionally, the training may address the ethical and social development of students, respect for diversity, and interpersonal and behavioral skills.

CSBA NOTE: It is important that students voluntarily enter the mediation process in order to secure acceptance of the program. Confidentiality by all involved parties, including the program coordinator, is essential in maintaining the integrity of the peer mediation program.

Participation in a peer mediation program by a student engaged in a conflict shall be voluntary and kept confidential by all parties involved.

In developing a conflict resolution and/or peer mediation program, school-site teams shall address, as appropriate:

1. The grade levels and courses in which the conflict resolution curriculum shall be delivered
2. Staff development related to the implementation of the curriculum and modeling of appropriate behaviors and communication skills
3. The selection of peer mediators involving, to the extent possible, a cross-section of students in terms of grade, gender, race, ethnicity, and socioeconomic status, and including some students who exhibit negative leadership among peers
4. Training and support for peer mediators, including training in mediation processes and in the skills related to understanding conflict, communicating effectively and listening
5. The process for identifying and referring students to the peer mediation program
6. The types of conflicts suitable for peer mediation
7. Expectation for confidentiality regarding who participated, what was discussed, and how any conflict was resolved
8. Scheduling and location of peer mediation sessions
9. Methods of obtaining and recording agreement from all disputants
10. The appropriate involvement of parents/guardians, the community, and staff, including counseling/guidance and security staff

Draft Policies - Not Rev

11. Communications to students, parents/guardians, and staff regarding the availability of the program
12. Methods of following up with students to determine the effectiveness of the process
13. Development of assessment tools to periodically evaluate the success of the program including, but not limited to, measurements of whether there has been a reduction in violence at the school and whether the school's suspension rates have fallen since the program has been introduced
14. Selection of and requirements to train as peer mediators

Policy Reference Disclaimer: These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the Governing Board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

Regulation 6020: Parent Involvement

Status: DRAFT

Original Adopted Date: 05/03/2018 **| Last Revised Date:** 08/27/2020

CSBA NOTE: The following administrative regulation contains parent/guardian and family engagement strategies that meet legal requirements applicable to districts and schools that do and do not receive federal Title I funds. The district should use and adapt the section(s) applicable to its circumstances. If desired, the district may develop one set of strategies applicable to all schools, provided that all the provisions required by law for both types of schools are included.

District Strategies for Title I Schools

CSBA NOTE: The following section is for use by districts that receive Title I, Part A, funds. 20 USC 6318 mandates that such districts develop a policy, jointly with and agreed upon by parents/guardians and family members of participating students, that describes the means by which the district will address the components specified in Items #1-6 below. Under each required component below are optional strategies for addressing the component, which should be modified to reflect the specific strategies jointly developed by the district and the parents/guardians and family members of participating students. In the state's Federal Program Monitoring process, California Department of Education (CDE) staff will check to ensure that the district has identified such strategies.

To ensure that parents/guardians and family members of students participating in Title I programs are provided with opportunities to be involved in their children's education, the district shall:

CSBA NOTE: Pursuant to 20 USC 6318, districts are required to involve parents/guardians and family members in the development of the Title I local educational agency (LEA) plan described in 20 USC 6312. For more information regarding Title I program requirements and LEA plans, see BP 6171 - Title I Programs. In California, all the requirements of the LEA plan are addressed in an addendum to the local control and accountability plan (LCAP). See BP 0460 - Local Control and Accountability Plan for further information about the development of the LCAP, including requirements for consultation with parents/guardians and other stakeholders and for the establishment of a parent advisory committee and English learner parent advisory committee.

1. Involve parents/guardians and family members in the joint development of a district plan that meets the requirements of 20 USC 6312 and in the development of school support and improvement plans pursuant to 20 USC 6311 (20 USC 6318)

   The Superintendent or designee may:

   a. Invite input on the plan from other district committees and school site councils

   b. Communicate with parents/guardians through the district newsletter, website, or other methods regarding the plan and the opportunity to provide input

   c. Provide copies of working drafts of the plan to parents/guardians in an understandable and uniform format and, to the extent practicable, in a language the parents/guardians can understand

   d. Ensure that there is an opportunity at a public Governing Board meeting for public comment on the plan prior to the Board's approval of the plan or revisions to the plan

   e. Ensure that school-level policies on parent/guardian and family engagement address the role of school site councils and other parents/guardians as appropriate in the development and review of school plans

2. Provide coordination, technical assistance, and other support necessary to assist and build the capacity of Title I schools in planning and implementing effective parent/guardian and family engagement activities to improve student academic achievement and school performance, which may include meaningful consultation with employers, business leaders, and philanthropic organizations or individuals with expertise in effectively engaging parents/guardians and family members in education (20 USC 6318)

   The Superintendent or designee may:

   a. Assign district personnel to serve as a liaison to the schools regarding Title I parent/guardian and family engagement issues

Draft Policies - Not Rev

b. Identify funding and other resources, including community resources and services, that may be used to strengthen district and school parent/guardian and family engagement programs

c. Provide training for the principal or designee of each participating school regarding Title I requirements for parent/guardian and family engagement, leadership strategies, and communication skills to assist in facilitating the planning and implementation of related activities

d. With the assistance of parents/guardians, provide information and training to teachers and other staff regarding effective parent/guardian involvement practices and legal requirements

e. Provide information to schools about the indicators and assessment tools that will be used to monitor progress

3. To the extent feasible and appropriate, coordinate and integrate Title I parent/guardian and family engagement strategies with parent/guardian and family engagement strategies of other relevant federal, state, and local programs and ensure consistency with federal, state, and local laws (20 USC 6318)

The Superintendent or designee may:

a. Identify overlapping or similar program requirements

b. Involve district and school site representatives from other programs to assist in identifying specific population needs

c. Schedule joint meetings with representatives from related programs and share data and information across programs

d. Develop a cohesive, coordinated plan focused on student needs and shared goals

4. Conduct, with meaningful involvement of parents/guardians and family members, an annual evaluation of the content and effectiveness of the parent/guardian and family engagement policy in improving the academic quality of the schools served by Title I, including identification of: (20 USC 6318)

a. Barriers to greater participation in parent/guardian and family engagement activities, with particular attention to parents/guardians who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background

b. The needs of parents/guardians and family members, so they can better assist with their children's learning and engage with school personnel and teachers

c. Strategies to support successful school and family interactions

The Superintendent or designee may:

a. Use a variety of methods, such as focus groups, surveys, and workshops, to evaluate the satisfaction of parents/guardians and staff with the quality and frequency of district communications

b. Gather and monitor data regarding the number of parents/guardians and family members participating in district activities and the types of activities in which they are engaged

c. Recommend to the Board measures to evaluate the impact of the district's parent/guardian and family engagement efforts on student achievement

CSBA NOTE: Although it is not mandated to be included in the district's policy or regulation, the following paragraph reflects a legal requirement of Education Code 11503 pertaining to evaluation of the district's parent/guardian involvement efforts.

The Superintendent or designee shall notify parents/guardians of this review and assessment through regular school communications mechanisms and shall provide a copy of the assessment to parents/guardians upon their request. (Education Code 11503)

5. Use the findings of the evaluation conducted pursuant to Item #4 above to design evidence-based strategies for more effective parent/guardian and family involvement and, if necessary, to revise the

Draft Policies - 1st Revi

parent/guardian and family engagement policy (20 USC 6318)

The Superintendent or designee may:

a. Analyze data from the evaluation to identify parent/guardian and family engagement activities that have been successful and those activities that have had lower participation or less meaningful involvement by parents/guardians

b. Analyze parent/guardian and family participation to determine the level of participation by traditionally underrepresented groups

c. With the involvement of parents/guardians, recommend and draft proposed policy revisions to submit to the Board for consideration

6. Involve parents/guardians in the activities of schools served by Title I, which may include establishing a parent advisory board comprised of a sufficient number and representative group of parents/guardians or family members served by the district to adequately represent the needs of the population served by the district for the purposes of developing, revising, and reviewing the parent/guardian and family engagement policy (20 USC 6318)

The Superintendent or designee may:

a. Include information about school activities in district communications to parents/guardians and family members

b. To the extent practicable, assist schools with translation services or other accommodations needed to encourage participation of parents/guardians and family members

c. Establish processes to encourage parent/guardian input regarding their expectations and concerns for their children

Additionally, the district shall promote the effective involvement of parents/guardians and support a partnership among the school, parents/guardians, and the community to improve student achievement by implementing the actions specified in Item #7 of "School-Level Policies for Title I Schools," below. (20 USC 6318)

School-Level Policies for Title I Schools

CSBA NOTE: The following section is for use by districts that receive federal Title I, Part A funds. 20 USC 6318 requires that each individual school receiving Title I funds have a written parent/guardian and family engagement policy, developed jointly with and agreed upon by parents/guardians and family members of participating students, that describes the means for carrying out the requirements of 20 USC 6318(c) through (f), reflected in Items #1-8 below. The following section lists the required components but does not include specific strategies since those should be added by each school. Schools may also use a template available on CDE's website, "Title I School-Level Parental Involvement Policy," to develop the school-level policy.

At each school receiving Title I funds, a written policy on parent/guardian and family engagement shall be developed jointly with the parents/guardians and family members of participating students. The school policy shall describe the means by which the school will: (20 USC 6318)

1. Convene an annual meeting, at a convenient time, to which all parents/guardians of participating students shall be invited and encouraged to attend, in order to inform parents/guardians of their school's participation in Title I and to explain Title I requirements and the right of parents/guardians to be involved

2. Offer a flexible number of meetings, such as meetings in the morning or evening, for which related transportation, child care, and/or home visits may be provided as such services relate to parent/guardian involvement

CSBA NOTE: As provided in Item #3 below, 20 USC 6318 requires parent/guardian involvement in the development of the comprehensive plan required by 20 USC 6314 for schoolwide programs. Education Code 64001requires that this plan be incorporated into the school plan for student achievement (SPSA) covering all categorical programs in the state's consolidated application. For further information about the development of this plan, see AR 6171 - Title I Programs and BP/AR 0420 - School Plans/Site Councils.

3. Involve parents/guardians in an organized, ongoing, and timely way in the planning, review, and improvement

of Title I programs, including the planning, review, and improvement of the school's parent/guardian and family engagement policy and, if applicable, the joint development of the plan for schoolwide programs pursuant to 20 USC 6314

The school may use an existing process for involving parents/guardians in the joint planning and design of the school's programs provided that the process includes adequate representation of parents/guardians of participating students.

4. Provide the parents/guardians of participating students all of the following:

    a. Timely information about Title I programs

    b. A description and explanation of the school's curriculum, forms of academic assessment used to measure student progress, and the achievement levels of the state academic standards

    c. If requested by parents/guardians, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions related to their children's education. The district shall respond to any such suggestions as soon as practicably possible.

5. If the schoolwide program plan is not satisfactory to the parents/guardians of participating students, submit any parent/guardian comments when the school makes the plan available to the district

CSBA NOTE: 20 USC 6318 requires Title I schools to develop a school-parent compact as provided in Item #6 below. U.S. Department of Education non-regulatory guidance, "Parental Involvement: Title I, Part A," provides a sample template that schools may use in the development of the school-parent compact.

6. Jointly develop with the parents/guardians of participating students a school-parent compact that outlines how parents/guardians, the entire school staff, and students will share responsibility for improved student academic achievement and the means by which the school and parents/guardians will build a partnership to help students achieve state standards

    This compact shall address:

    a. The school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables participating students to achieve the state's challenging academic achievement standards

    b. Ways in which parents/guardians will be responsible for supporting their children's learning, volunteering in the classroom, and participating, as appropriate, in decisions related to their children's education and the positive use of extracurricular time

    c. The importance of communication between teachers and parents/guardians on an ongoing basis through, at a minimum:

        i. Parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as it relates to the student's achievement

        ii. Frequent reports to parents/guardians on their children's progress

        iii. Reasonable access to staff, opportunities to volunteer and participate in their child's classroom, and observation of classroom activities

        iv. Regular two-way, meaningful communication between family members and school staff, and, to the extent practicable, in a language that family members can understand

7. Promote the effective involvement of parents/guardians and support a partnership among the school, parents/guardians, and the community to improve student achievement through the following actions:

    a. Assist parents/guardians, as appropriate, in understanding such topics as the state academic standards, state and local academic assessments, the requirements of Title I, and how to monitor a child's progress and work with educators to improve the achievement of their children

Draft Stories Draft Revi

b. Provide parents/guardians with materials and training, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to help them work with their children to improve their children's achievement

c. With the assistance of parents/guardians, educate teachers, specialized instructional support personnel, principals and other school leaders, and other staff, in the value and utility of parent/guardian contributions and in how to reach out to, communicate with, and work with parents/guardians as equal partners, implement and coordinate parent/guardian programs, and build ties between parents/guardians and the schools

d. To the extent feasible and appropriate, coordinate and integrate parent/guardian involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents/guardians in fully participating in their children's education

e. Ensure that information related to school and parent/guardian programs, meetings, and other activities is sent to the parents/guardians of participating students in a format and, to the extent practicable, in a language the parents/guardians can understand

f. Provide other such reasonable support for parent/guardian involvement activities as parents/guardians may request

CSBA NOTE: Items #7a-q below are optional and should be revised to reflect district practice. Items #7a-h are authorized, but not required, by 20 USC 6318.

In addition, the school plan may include strategies to:

a. Involve parents/guardians in the development of training for teachers, principals, and other educators to improve the effectiveness of such training

b. Provide necessary literacy training, using Title I funds if the district has exhausted all other reasonably available sources of funding for such training

c. Pay reasonable and necessary expenses associated with parent/guardian involvement activities, including transportation and child care costs, to enable parents/guardians to participate in school-related meetings and training sessions

d. Train parents/guardians to enhance the involvement of other parents/guardians

e. Arrange school meetings at a variety of times or, when parents/guardians are unable to attend such conferences, conduct in-home conferences between parents/guardians and teachers or other educators who work directly with participating students, in order to maximize parent/guardian involvement and participation

f. Adopt and implement model approaches to improving parent/guardian involvement

g. Establish a parent advisory council to provide advice on all matters related to parent/guardian involvement in Title I programs

h. Develop appropriate roles for community-based organizations and businesses in parent/guardian involvement activities

i. Make referrals to community agencies and organizations that offer literacy training, parent/guardian education programs, and/or other services that help to improve the conditions of parents/guardians and families

j. Provide a master calendar of district/school activities and meetings

k. Provide information about opportunities for parent/guardian and family engagement through the district newsletter, website, or other written or electronic means

l. Engage parent-teacher organizations to actively seek out and involve parents/guardians through

Draft Policies - 1st Revi

regular communication updates and information sessions

m. To the extent practicable, provide translation services at school sites and at meetings involving parents/guardians and family members as needed

n. Provide training and information to members of district and school site councils and advisory committees to help them fulfill their functions

o. Provide ongoing workshops to assist school site staff, parents/guardians, and family members in planning and implementing improvement strategies, and seek their input in developing the workshops

p. Regularly evaluate the effectiveness of staff development activities related to parent/guardian and family engagement

q. Include expectations for parent/guardian outreach and involvement in staff job descriptions and evaluations

8. To the extent practicable, provide opportunities for the informed participation of parents/guardians and family members (including parents/guardians and family members with limited English proficiency, parents/guardians and family members with disabilities, and parents/guardians and family members of migrant children), including providing information and school reports required under 20 USC 6311(h) in a format and language such parents/guardians can understand

If the school has a parent involvement policy that applies to all parents/guardians, it may amend that policy to meet the above requirements. (20 USC 6318)

CSBA NOTE: The following paragraph is optional. Education Code 64001 requires that the SPSA covering the categorical programs in the state's consolidated application, including Title I schoolwide programs, be annually reviewed by the school site council and submitted to the Governing Board for approval. For more information regarding SPSAs and school site councils, see BP/AR 0420 - School Plans/Site Councils.

Each school receiving Title I funds shall annually evaluate the effectiveness of its parent/guardian and family engagement policy. Such evaluation may be conducted during the process of reviewing the school plan for student achievement in accordance with Education Code 64001.

The school's policy shall be periodically updated to meet the changing needs of parents/guardians and the school. (20 USC 6318)

District Strategies for Non-Title I Schools

CSBA NOTE: The following section is for use by districts that do not receive any Title I funds or that have one or more individual schools that do not receive Title I funds. Education Code 11504 mandates the Board to adopt a policy on parent/guardian involvement, applicable to each school that does not receive Title I funds, that is consistent with the purposes and goals in Education Code 11502, as reflected in Items #1-5 below. Subitems under Items #1-5 are optional strategies for carrying out the legal requirement and should be revised to reflect district practice. The district may instead develop one administrative regulation applicable to both Title I and non-Title I schools, provided it meets the requirements below and in the sections above.

For each school that does not receive federal Title I funds, the Superintendent or designee shall, at a minimum:

1. Engage parents/guardians and family members positively in their children's education by providing assistance and training on topics such as state academic standards and assessments to increase their knowledge and skills to use at home to support their children's academic efforts at school and their children's development as responsible members of society (Education Code 11502, 11504)

   The district may utilize department leaders and district instructional coaches to provide parent/guardian training on topics that include, English language development, state academic standards and assessments, and specific strategies to support the student in the home.

   The Superintendent or designee may:

   a. Provide or make referrals to literacy training and/or parent education programs designed to improve the

skills of parents/guardians and enhance their ability to support their children's education

b. Provide information, in parent handbooks and through other appropriate means, regarding academic expectations and resources to assist with the subject matter

c. Provide parents/guardians with information about students' class assignments and homework assignments

2. Inform parents/guardians that they can directly affect the success of their children's learning, by providing them with techniques and strategies that they may use to improve their children's academic success and to assist their children in learning at home (Education Code 11502, 11504)

The Superintendent or designee may:

a. Provide parents/guardians with information regarding ways to create an effective study environment for their children at home and to encourage good study habits

b. Encourage parents/guardians to monitor their children's school attendance, homework completion, and television viewing

c. Encourage parents/guardians to volunteer in their child's classroom and to participate in school advisory committees

3. Build consistent and effective two-way communication between the home and school so that parents/guardians and family members may know when and how to assist their children in support of classroom learning activities (Education Code 11502, 11504)

The Superintendent or designee may:

a. Ensure that teachers provide frequent reports to parents/guardians on their children's progress and hold parent-teacher conferences at least once per year with parents/guardians of elementary school students

b. Provide opportunities for parents/guardians to observe classroom activities and to volunteer in their child's classroom

c. Provide information about parent/guardian and family engagement opportunities through district, school, and/or class newsletters, the district's website, and other written or electronic communications

d. To the extent practicable, provide notices and information to parents/guardians in a format and language they can understand

e. Develop mechanisms to encourage parent/guardian input on district and school issues

f. Identify barriers to parent/guardian and family participation in school activities, including parents/guardians and family members who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background

g. Encourage greater parent/guardian participation by adjusting meeting schedules to accommodate parent/guardian needs and, to the extent practicable, by providing translation or interpreter services, transportation, and/or child care

4. Train teachers, administrators, specialized instructional support personnel, and other staff to communicate effectively with parents/guardians as equal partners (Education Code 11502, 11504)

The Superintendent or designee may:

a. Provide staff development to assist staff in strengthening two-way communications with parents/guardians, including parents/guardians who have limited English proficiency or limited literacy

b. Invite input from parents/guardians regarding the content of staff development activities pertaining to home-school communications

Draft Policies - 1st Revi

c. Utilize professional development sessions to train teachers, administrators, and staff on ways to effectively engage parents/guardians, with each school site sharing best practices that others may learn from

5. Integrate and coordinate parent/guardian and family engagement activities within the LCAP with other activities

The Superintendent or designee may:

a. Include parent/guardian and family engagement strategies in school reform or school improvement initiatives

b. Involve parents/guardians and family members in school planning processes

Policy 6020: Parent Involvement

Status: DRAFT

Original Adopted Date: 05/03/2018 **| Last Revised Date:** 08/27/2020

CSBA NOTE: Education Code 11503 and 20 USC 6318 mandate each district receiving federal Title I, Part A, funds to have a written parent/guardian and family engagement policy developed jointly with and agreed upon by parents/guardians and family members of participating students. Education Code 11504 mandates districts to adopt a policy on parent/guardian involvement applicable to each school that does not receive Title I funds. The following policy and accompanying administrative regulation contain language satisfying both mandates and should be revised to reflect whether the district receives Title I funds.

Additionally, Education Code 51101 mandates policy for all districts addressing the manner in which parents/guardians, school staff, and students may share responsibility for continuing the intellectual, physical, emotional, and social development and well-being of students; see BP/AR 5020 - Parent Rights and Responsibilities for language fulfilling this mandate.

The U.S. Department of Education's June 2025 Dear Colleague Letter provides school choice guidance and explains how states can use federal funds to both expand education choice and turn around underperforming schools. The letter provides specific examples of ways in which districts can offer choice to enable parents/guardians to make decisions that best meet the educational needs of their student, such as offering a range of activities from which parents/guardians are able to choose, dual enrollment opportunities, academic tutoring programs, and career and technical education activities. Additionally, districts may, unless any part of Title I allocations are reserved for public school choice, use Elementary and Secondary Education Act funds for any activity that it determines will help a school identified for comprehensive support and improvement, targeted support and improvement due to consistently underperforming subgroups, and additional targeted support and improvement to improve student outcomes, such as offering public school choice as part of its support and improvement plan and providing parents/guardians with information about such choice.

For best practices in implementing parent/guardian and family engagement programs, see the California Department of Education's, "Family Engagement Framework: A Tool for California School Districts."

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent/guardian involvement in the education of their children contributes greatly to student achievement and a positive school environment.

The Superintendent or designee shall work with parents/guardians and family members to jointly develop and implement this policy, and the programs established by this policy, and to propose revisions to this policy, as needed. Additionally, the Superintendent or designee shall meaningfully involve parents/guardians and family members in district and school activities at all grade levels; advisory, decision-making, and advocacy roles; and activities to support learning at home. (Education Code 11500-11504, 51101; 20 USC 6318)

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available for them to do so, in accordance with Board Policy/Administrative Regulation 5020 - Parents Rights and Responsibilities.

The district's local control and accountability plan (LCAP) shall include goals and strategies for parent/guardian involvement and family engagement, including district efforts to seek parent/guardian input in district and school site decision making and to promote parent/guardian participation in programs for English learners, foster youth, students eligible for free and reduced-price meals, and students with disabilities. (Education Code 42238.02, 52060)

The Board shall establish and convene a parent advisory committee (PAC), and, as applicable, an English learner parent advisory committee (ELPAC) to review and comment on the LCAP, in accordance Board Policy 0460 - Local Control and Accountability Plan, including the use of federal funds and how funds will be allocated for parent/guardian involvement activities as well as activities related to increasing student achievement.

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent/guardian and family engagement efforts, including, but not limited to, input from parents/guardians, family members, and school staff on the adequacy of parent/guardian involvement opportunities and on barriers that may inhibit participation.

Title I Schools

CSBA NOTE: The following section is for use by districts that receive Title I funds. 20 USC 6318 mandates that such districts develop, jointly with parents/guardians and family members of participating students, policy which establishes expectations and objectives for meaningful parent/guardian and family involvement and describes how the district will address specified components. See the accompanying administrative regulation for the required components and optional strategies for addressing each component.

State law (Education Code 11503) also mandates procedures to ensure that parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the Title I parent/guardian and family engagement program.

The Superintendent or designee shall involve parents/guardians and family members in establishing district expectations and objectives for meaningful parent/guardian and family engagement in schools supported by Title I funding; developing strategies that describe how the district will carry out each activity listed in 20 USC 6318; and implementing and evaluating such programs, activities, and procedures. The Superintendent or designee shall implement these obligations in accordance with the accompanying administrative regulation. As appropriate, the Superintendent or designee shall conduct outreach to all parents/guardians and family members. (Education Code 11503; 20 USC 6318)

CSBA NOTE: The following paragraph is for use by districts that receive more than $500,000 in Title I, Part A funding. Pursuant to 20 USC 6318, the Governing Board is required to reserve at least one percent of the district's Title I funding to carry out parent/guardian and family engagement activities, provided that one percent of the allocation received by the district totals more than $5,000.

When the district's Title I, Part A allocation exceeds the amount specified in 20 USC 6318, the Board shall reserve at least one percent of the funding to implement parent/guardian and family engagement activities and distribute at least 90 percent of those reserved funds to eligible schools, with priority given to high-need schools as defined in 20 USC 6631. The Superintendent or designee shall involve parents/guardians and family members of participating students in decisions regarding how the district's Title I funds will be allotted for parent/guardian and family engagement activities. (20 USC 6318)

CSBA NOTE: 20 USC 6318 identifies allowable uses of the Title I funds reserved for parent/guardian and family engagement, as provided below. These uses are consistent with the activities that are required to be addressed in the district's parent/guardian and family engagement policy, as described in the accompanying administrative regulation.

Expenditures of such funds shall be consistent with the activities specified in this Board policy and shall include at least one of the following: (20 USC 6318)

1. Support for schools and nonprofit organizations in providing professional development for district and school staff regarding parent/guardian and family engagement strategies, which may be provided jointly to teachers, principals, other school leaders, specialized instructional support personnel, paraprofessionals, early childhood educators, and parents/guardians and family members

2. Support for programs that reach parents/guardians and family members at home, in the community, and at school

3. Dissemination of information on best practices focused on parent/guardian and family engagement, especially best practices for increasing the engagement of economically disadvantaged parents/guardians and family members

4. Collaboration, or the provision of subgrants to schools to enable collaboration, with community-based or other organizations or employers with a record of success in improving and increasing parent/guardian and family engagement

5. Any other activities and strategies that the district determines are appropriate and consistent with this policy

CSBA NOTE: The following paragraph is for use by districts that receive funds under federal Title IV, Part E (20 USC 7241-7246), and should be deleted by districts that do not receive such funds.

To coordinate and enhance family engagement programs, the Superintendent or designee shall inform parents/guardians and organizations of the existence of Title IV. (20 USC 6318)

CSBA NOTE: Pursuant to 20 USC 6318, the district's parent/guardian and family engagement policy is required to be incorporated into the district's Title I LEA plan. In California, all the requirements of the LEA plan are addressed

Draft Binder - Not Pay

in an addendum to the local control and accountability plan (LCAP). For more information related to LCAP requirements, see BP 0460 - Local Control and Accountability Plan.

The district's Board policy and administrative regulation containing parent/guardian and family engagement strategies shall be incorporated into the district's LCAP in accordance with 20 USC 6312. (20 USC 6318)

The Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent/guardian and family engagement policy in accordance with 20 USC 6318.

District and school-level parent/guardian and family engagement policies and administrative regulations shall be distributed to parents/guardians of students participating in Title I programs and shall be available to the local community. Parents/guardians shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents/guardians can understand. (20 USC 6318)

As required by law, the Superintendent or designee shall annually attend a regular meeting of the PAC or ELPAC, if applicable, to receive input and feedback on topics that support student achievement and programs that reach parents/guardians and family members at home, in the community, and at school. (20 USC 6318)

Non-Title I Schools

CSBA NOTE: The following section is for use by districts that do not receive any Title I funds or that have one or more individual schools that do not receive Title I funds. Education Code 11504 mandates the Board to adopt a policy on parent/guardian involvement, applicable to each school that does not receive Title I funds, that is consistent with the purposes and goals in Education Code 11502. See the accompanying administrative regulation for information about these goals and sample strategies for addressing each goal.

The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. (Education Code 11504)

Policy 6143: Courses Of Study

Status: DRAFT

Original Adopted Date: 12/12/2013 | **Last Revised Date:** 06/27/2024

The Governing Board recognizes that a well-aligned sequence of courses fosters academic growth and provides for the best possible use of instructional time. The district's course of study shall provide students with opportunities to attain the skills, knowledge, and abilities they need to be successful academically, professionally, and personally.

CSBA NOTE: The following optional paragraph should be revised to reflect the grade levels offered by the district. For example, unified school districts need to be concerned about articulation of courses within the district and with postsecondary institutions, whereas elementary districts and high school districts will need to address articulation with each other.

The Superintendent or designee shall establish processes for ensuring the articulation of courses across grade levels within the district. As necessary, the Superintendent or designee shall work with representatives of appropriate area districts and postsecondary institutions to ensure articulation of courses with other institutions to which district students may matriculate. The sequence of courses shall be designed to ensure that each course provides adequate preparation for the next course in the sequence, only utilizes prerequisites that are essential to success in a given program or course, avoids significant duplication of content, and allows for reinforcement and progression in the subject matter.

CSBA NOTE: In accordance with various provisions of state and federal law and regulation, and related court cases, discrimination in education programs and activities is unlawful when it is based on certain actual or perceived characteristics of an individual. This includes, but is not limited to, discrimination based on race or ethnicity; ancestry; color; ethnic group identification; nationality; national origin; immigration status; sex; sexual orientation; sex stereotypes; gender; gender identity; gender expression; religion; disability; medical condition; genetic information; pregnancy, false pregnancy, childbirth, termination of pregnancy, or related conditions or recovery; and parental, marital, and family status. For more information regarding the requirement for district programs and activities to be free from discrimination, see BP 0410 - Nondiscrimination in District Programs and Activities, regarding the protection of district students against discrimination, see BP/AR 5145.3 - Nondiscrimination/Harassment, and regarding the protection of students against sexual harassment, see BP/AR 5145.7 - Sexual Harassment.

Education Code 200 and 210.2, as amended by SB 1137 (Ch. 779, Statutes of 2024), provide that prohibited discrimination includes discrimination not just because of one protected class under state law, but also because of the combination of two or more protected bases.

The district shall not provide any course separately or require or refuse participation by any student on the basis of the student's actual race or ethnicity; ancestry; color; ethnic group identification; nationality; national origin; immigration status; sex; sexual orientation; sex stereotypes; gender; gender identity; gender expression; religion; disability; medical condition; genetic information; pregnancy, false pregnancy, childbirth, termination of pregnancy, or related conditions or recovery; and parental, marital, and family status; a perception of one or more of such characteristics; a combination of two or more of such characteristics or association with a person or group with one or more of these actual or perceived characteristics or a combination of two or more of them. (Education Code 200, 210.1, 210.2, 212, 212.1, 220, 221.51, 230, 260; Government Code 11135, 12926; Penal Code 422.55; 5 CCR 4940; 20 USC 1681-1688, 42 USC 2000d-2000d-7)

Elementary Grades

CSBA NOTE: The following section is for use by districts offering elementary grades and may be revised to reflect district practice. Education Code 51225.4 mandates elementary school districts to certify to the Superintendent of Public Instruction that they have adopted a policy to implement a course of instruction that sufficiently prepares students for the secondary courses required for graduation pursuant to Education Code 51225.3.

The Board shall adopt a course of study for elementary grades that includes all required instructional content and sufficiently prepares students for the secondary course of study specified in Education Code 51225.3.

Secondary Grades

CSBA NOTE: Education Code 51228 requires districts to offer students in grades 7-12 a course of study that fulfills the requirements and prerequisites for admission to California public colleges. Education Code 51228 also requires districts to offer such students the opportunity to attain entry-level employment skills. Pursuant to Education Code 51228, districts that adopt a course of study that meets or exceeds the state model curriculum standards in career

technical education will be deemed to have satisfied the requirement.

Education Code 66204 prohibits a public school from establishing any policy or practice that directs any student away from choosing programs that prepare a student academically for college, especially for cultural or linguistic reasons.

The following paragraph is for use by districts maintaining any of grades 7-12 and should be revised to reflect the grade levels offered by the district.

The district shall offer all otherwise qualified students in grades 7-12 a course of study that includes all required instructional content and prepares them, upon graduation from high school, to meet the requirements and prerequisites for admission to California public colleges and universities and to attain entry-level employment skills in business or industry. The district's course of study may provide for a rigorous academic curriculum that integrates academic and career skills, includes applied learning across all disciplines, and prepares all students for high school graduation and career entry. (Education Code 51228)

CSBA NOTE: The remainder of this policy is for use by districts maintaining any of grades 9-12.

Additionally, the course of study for students in grades 9-12 shall include instruction in skills and knowledge for adult life, career technical training, and a timely opportunity for all otherwise qualified students to enroll, within four years, in each course necessary to fulfill the requirements and prerequisites for admission to California public colleges and universities prior to graduation. (Education Code 51224, 51228)

CSBA NOTE: Among the criteria for admission to the University of California (UC) or California State University system is a requirement that high school students satisfactorily complete 15 yearlong/30 semesters of specified courses ("A-G" courses). These include a growing number of career technical education courses that connect knowledge of academic content with practical or work-related applications.

In order to qualify as an "A-G" course, the course must first be submitted to and approved by UC. Education Code 51229 requires that districts annually provide the list of certified courses to the parents/guardians of students in grades 9-12; see the accompanying administrative regulation and E(1) 5145.6 - Parental Notifications.

The Superintendent or designee shall develop a process by which courses that meet California college admission criteria (referred to as "A-G" course requirements) are submitted to the University of California for review and certification. The Superintendent or designee shall maintain an accurate list of all current high school courses that have been so certified, ensure that the list is provided annually to all students in grades 9-12 and their parents/guardians, and make updated lists readily available. (Education Code 51229, 66204)

Parental Notification and Opt-Out

CSBA NOTE: Districts are required to teach certain instructional content. For example, Education Code 51204.5 requires instruction in social sciences to include a study of the role and contributions of specified groups of people to the economic, political, and social development of California and the United States of America, which includes people of all genders, Native Americans, African Americans, Latino Americans, Asian Americans, Pacific Islanders, European Americans, lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) Americans, and members of other ethnic, cultural, religious, and socioeconomic status groups. Additionally, pursuant to Education Code 243 and 51501, the Governing Board may not prohibit the continued use of an appropriately adopted textbook, instructional material, or curriculum on the basis that it contains inclusive or diverse perspectives.

State law requires districts to provide parents/guardians notice and the opportunity to opt their students out of certain instruction, in some instances only based on religious beliefs and in other instances for any basis. For more information, see BP/AR 6142.1 -- Sexual Health And HIV/AIDS Prevention Instruction.

Additionally, in June 2025, the U.S. Supreme Court, in Mahmoud v. Taylor, held that the First Amendment prohibited a district from including LGBTQ storybooks as part of elementary school instruction without providing parents with notice and the ability to opt their students out of that instructional content on the grounds that the storybooks substantially interfered with the religious development of their children. The court's reasoning may be interpreted to apply to other instructional content that parents/guardians could view as substantially interfering with the religious development of their children. In addition, the court's holding emphasized that the question of whether certain instructional content substantially interferes with the religious development of a student will always be fact-intensive. For more information, see BP/AR 6141.2 - Recognition of Religious Beliefs and Customs.

In light of Mahmoud and the existence of some statutorily required opt-opts and the requirement to teach certain

content, it is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel when determining the instructional content for which parents/guardians may opt their students out, creating opt-out procedures, and evaluating opt-out requests.

When required by law, Board policy, or administrative regulation, the district shall notify parents/guardians that they may request to opt their student out of certain instruction. Students for whom the district has approved the opt-out shall be offered an alternative activity of similar educational value.

Regulation 6143: Courses Of Study

Status: DRAFT

Original Adopted Date: 09/21/2004 **| Last Revised Date:** 06/27/2024

CSBA NOTE: Education Code requirements for courses of study are generally classified into requirements for grades 1-6 and 7-12. Therefore, K-8 districts and high school districts need to collaborate with appropriate area districts to ensure that all required courses are offered sometime during grades 7-12.

The district should select the sections below ("Grades 1-6" and/or "Grades 7-12") that correspond with the grade levels offered.

Pursuant to Education Code 242, the California Department of Education (CDE) has posted on its website guidance and public educational materials developed to ensure that all Californians can access information about educational laws and policies that safeguard the right to an accurate and inclusive curriculum. For more information regarding the prohibition of discrimination as it applies to textbooks, instructional materials, supplemental instructional materials, or other curriculum for classroom instruction, or any book or resource in a school library, see BP/AR 6161.1 - Selection and Evaluation of Instructional Materials, BP 6161.11 - Supplementary Instructional Materials, and BP 6163.1 - Library Media Centers. Also see CSBA's publication, "Instructional Materials Adoptions: State and local governing board processes, roles, and responsibilities," and corresponding Fact Sheet and Reference, and the California Attorney General's, "Guidance to School Officials re: Legal Requirements for Providing Inclusive Curricula and Books."

Grades 1-6

CSBA NOTE: Items #1-7 below are areas of study required by law for grades 1-6. The Governing Board may add other studies to this list.

Courses of study for grades 1-6 shall include the following:

CSBA NOTE: Education Code 51210 requires instruction in handwriting, including instruction in cursive or joined italics.

1. English: knowledge and appreciation of language and literature, and the skills of speaking, reading, listening, spelling, handwriting, including instruction in cursive or joined italics in the appropriate grade levels, and composition (Education Code 51210)

2. Mathematics: concepts, operational skills, and problem solving (Education Code 51210)

3. Social sciences: age-appropriate instruction drawing upon the disciplines of anthropology, economics, geography, history, political science, psychology, and sociology, including instruction in: (Education Code 51210)

    a. The history, resources, development, and government of California and the United States

    CSBA NOTE: Education Code 51204.5 requires instruction in social sciences to include a study of the role and contributions of specified groups of people to the economic, political, and social development of California and the United States of America, which includes people of all genders, Latino Americans, lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) Americans, and members of other ethnic, cultural, religious, and socioeconomic status groups. The complete list required by Education Code 51204.5 is reflected below.

    Instruction shall include the early history of California and a study of the role and contributions of people of all genders, Native Americans, African Americans, Latino Americans, Asian Americans, Pacific Islanders, European Americans, lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ+) Americans, persons with disabilities, and members of other ethnic, cultural, religious, and socioeconomic status groups to the economic, political, and social development of California and the United States, with particular emphasis on portraying the role of these groups in contemporary society. (Education Code 51204.5, 60040)

    b. The development of the American economic system, including the role of the entrepreneur and labor

    c. The relations of persons to their human and natural environments

Draft Policies - 1st Read

d. Eastern and western cultures and civilizations

e. Contemporary issues

f. The wise use of natural resources

CSBA NOTE: Education Code 51210, as amended by AB 1821 (Ch. 658, Statutes of 2024), requires instruction in social sciences in grades 1-6 to include the Spanish colonization of California and the Gold Rush Era as specified in Item #3g, below.

g. Spanish colonization of California and the Gold Rush Era, including the treatment and perspectives of Native Americans during those periods

CSBA NOTE: Education Code 51210 requires instruction in science to include the causes and effects of climate change, and the methods to mitigate and adapt to climate change.

4. Science: biological and physical aspects, with emphasis on the processes of experimental inquiry, the place of humans in ecological systems, the causes and effects of climate change, and the methods to mitigate and adapt to climate change (Education Code 51210)

5. Visual and performing arts: instruction in dance, music, theater, and visual arts aimed at developing aesthetic appreciation and creative expression (Education Code 51210)

CSBA NOTE: Education Code 51202 requires that certain health-related topics be addressed at "the appropriate elementary and secondary grade levels" during grades K-12. Districts may revise Items #6a-e below to indicate topics that will be addressed in grades K-6.

Education Code 51203 requires the Board to adopt regulations specifying the grade(s) and course(s) in which drug and alcohol education will be given. For language fulfilling this mandate, see AR 5131.6 - Alcohol and Other Drugs.

6. Health: principles and practices of individual, family, and community health, including instruction at the appropriate grade levels and subject areas in: (Education Code 51202, 51210)

a. Personal and public safety and accident prevention, including instruction in emergency first aid, hemorrhage control, treatment for poisoning, resuscitation techniques, and cardiopulmonary resuscitation (CPR) when appropriate equipment is available

b. Fire prevention

c. The protection and conservation of resources, including the necessity for the protection of the environment

d. Venereal disease

e. The effects of alcohol, narcotics, drugs, and tobacco upon the human body

CSBA NOTE: The following items are optional pursuant to Education Code 51202.

f. Prenatal care for pregnant women

g. Violence as a public health issue

CSBA NOTE: Education Code 51925 requires districts that offer a health education course to middle school students to include mental health instruction, as specified in Item #6h. Districts that offer a health education course to students in grade 6, and for which grade 6 is part of a middle school program, should include Item #6h. Districts that offer mental health instruction to any other elementary grade level(s) or for which grade 6 is not part of the middle school program, may delete or revise Item #6h, as appropriate.

Education Code 51929 requires CDE to develop a plan to expand mental health instruction, and has created a webinar, "Student Mental Health Education Implementation: Why, What & How," available on its website.

h. Mental Health, that provides for reasonably designed instruction on the overarching themes and core

Draft Policies 1st Rev.

principles of mental health, which includes: (Education Code 51925)

i. Defining the signs and symptoms of common mental health challenges

ii. Explaining evidence-based services and supports that effectively help individuals manage mental health challenges

iii. Promoting mental health wellness and protective factors, including positive development, social and cultural connectedness and supportive relationships, resiliency, problem solving skills, coping skills, self-esteem, and a positive school and home environment in which students feel comfortable

iv. Identifying warning signs of common mental health problems in order to promote awareness and early intervention so that students know to take action before a situation turns into a crisis, including how to obtain assistance from the district or the community for themselves or others and evidence-based and culturally responsive practices that are proven to help overcome mental health challenges

v. Connecting the importance of mental health to overall health and academic success and to co-occurring conditions, such as chronic physical conditions, chemical dependence, and substance abuse

vi. Conveying an awareness and appreciation about the prevalence of mental health challenges across all populations, races, ethnicities, and socioeconomic statuses, including the impact of race, ethnicity, and culture on the experience and treatment of mental health challenges

vii. Understanding the stigma surrounding mental health challenges and what can be done to overcome stigma, increase awareness, and promote acceptance, including, to the extent possible, classroom presentations of narratives by trained peers and other individuals who have experienced mental health challenges and how they coped with their situations, including how they sought help and acceptance

Mental health instruction offered by the district shall: (Education Code 51926)

A. Be appropriate for use with students of all races, genders, sexual orientations, ethnic and cultural backgrounds, students with disabilities, and English learners

B. Be accessible to students with disabilities, including, but not limited to, providing a modified curriculum, materials, and instruction in alternative formats, and auxiliary aids

C. Not reflect or promote bias against any person on the basis of any category protected by Education Code 220

D. Be coordinated with any existing on-campus mental health providers including, but not limited to, providers with a pupil personnel services credential, who may be immediately called upon by students for assistance

Students receiving mental health instruction shall not be required to disclose their confidential health or mental health information at any time in the course of receiving the instruction. (Education Code 51927)

7. Physical education: with emphasis on physical activities conducive to health and vigor of body and mind

CSBA NOTE: Item #8 below is optional. Education Code 51210.5 authorizes age-appropriate instruction on violence awareness and prevention within any area of study listed in Items #1-7 above. Pursuant to Education Code 51210.5, such instruction may include personal testimony in the form of oral or video histories that illustrate the economic and cultural effects of violence within a city, the state, and the country. For more information regarding history-social science instruction, see BP 6142.94 - History-Social Science Instruction.

8. Violence awareness and prevention

CSBA NOTE: Optional Item #9 below is not required by state law but is a highly recommended component of school-to-career instruction.

Draft Policies 15.1 Rev

9. Career awareness exploration

Grades 7-12

CSBA NOTE: Items #1-14 below are areas of study required by law for grades 7-12. The Board may add other studies to this list.

Courses of study for grades 7-12 shall include the following:

1. English: knowledge and appreciation of literature, language, and composition, and the skills of reading, listening, and speaking (Education Code 51220)

2. Social sciences: age-appropriate instruction drawing upon the disciplines of anthropology, economics, geography, history, political science, psychology, and sociology, with instruction in: (Education Code 51220)

   a. The history, resources, development, and government of California and the United States, including instruction in:

      CSBA NOTE: Education Code 51204.5 requires instruction in social sciences to include a study of the role and contributions of specified groups of people to the economic, political, and social development of California and the United States of America, which includes people of all genders, Latino Americans, LGBTQ Americans, and members of other ethnic, religious, cultural, and socioeconomic status groups. The complete list required by Education Code 51204.5 is reflected below.

      i. The early history of California and a study of the role and contributions of people of all genders, Native Americans, African Americans, Latino Americans, Asian Americans, Pacific Islanders, European Americans, LGBTQ+ Americans, persons with disabilities, and members of other ethnic, cultural, religious, and socioeconomic status groups to the economic, political, and social development of California and the United States, with particular emphasis on portraying the role of these groups in contemporary society (Education Code 51204.5, 60040)

         CSBA NOTE: Education Code 51221.3 and 51221.4 encourage, but do not require, instruction on the topics described in optional Items #2(a)(ii)-(iv) below. These items may be modified or deleted to reflect district practice.

         For districts that choose to offer such instruction, Education Code 51221.3 and 51221.4 encourage that a component be drawn from personal testimony, especially in the form of oral or video history. If oral histories are used, they must conform to the requirements of Education Code 51221.3 and 51221.4. For more information regarding history-social science instruction, see BP 6142.94 - History-Social Science Instruction.

      ii. World War II, including the role of Americans and Filipino Americans who served in the United States Army during that time

         CSBA NOTE: Pursuant to Education Code 33540.2, CDE has posted on its "Model Curricula and Curriculum Guides" webpage, model curriculum regarding the Vietnamese American refugee experience that includes the period from the Vietnam War and the Fall of Saigon in 1975 to the year 2000.

      iii. The Vietnam War, including the "Secret War" in Laos and role of Southeast Asians in that war

      iv. The Bracero program, in which there was a 1942 agreement between the United States and Mexico authorizing the temporary migration of laborers to the United States

   b. The American legal system, the operation of the juvenile and adult criminal justice systems, and the rights and duties of citizens under the criminal and civil law and the state and federal constitutions

      CSBA NOTE: The following optional paragraph is for use by districts that offer a teen court or peer court program.

      This course may include participation in a teen court or peer court program. (Education Code 51220.2)

      CSBA NOTE: Pursuant to Education Code 49110.5, all public high schools are required to observe the week that includes April 28 as "Workplace Readiness Week" by providing information to students on their rights as workers, including specified topics. For students in grades 11 and 12, the "Workplace

Readiness Week" observances are required to be integrated into the regular school program, consistent with the history-social science framework, but may also include special events after regular school hours. For more information on "Workplace Readiness Week," see BP 6142.94 - History-Social Science Instruction.

c. The development of the American economic system, including the role of the entrepreneur and labor

CSBA NOTE: The following item is required pursuant to Education Code 51220, as amended by AB 1871 (Ch. 810, Statutes of 2024).

d. Personal financial literacy

e. The relations of persons to their human and natural environments, including the wise use of natural resources (Education Code 51221)

f. Eastern and western cultures and civilizations

CSBA NOTE: Pursuant to Education Code 51220, instruction related to human rights issues, as provided in Item #2g below, may include the study of the Armenian genocide. Education Code 51226.3 encourages the incorporation of oral testimony into instruction in human rights, the Holocaust, and genocide, including the Armenian, Cambodian, Darfur, and Rwandan genocides. In accordance with Education Code 33540.4, model curriculum related to Cambodian American history and heritage is available on CDE's, "Model Curricula and Curriculum Guides," webpage.

Education Code 51221.1, as added by SB 1277 (Ch. 890, Statutes of 2024), created the California Teachers Collaborative for Holocaust and Genocide Education, which established a statewide teacher professional development program on genocide, including the Holocaust, to ensure that genocide education is taught consistent with the current content standards, curriculum frameworks, and instructional materials adopted by the State Board of Education (SBE), and in ways that are interdisciplinary and age-appropriate to students of different grade levels. Additionally, pursuant to Education Code 51221.2, as added by SB 472 (Ch. 761, Statutes of 2025), CDE is required to establish a grant program for direct allocations to districts to enable them provide resources and opportunities and professional development for Holocaust and genocide education. In addition, Education Code 51221.2 requires CDE to provide to districts serving students in grades 7-12, a notice clarifying the requirements of Education Code 51220 as related to the understanding of human rights issues, with particular attention to the study of the inhumanity of genocide, slavery, and the Holocaust.

g. Human rights issues, with particular attention to the study of the inhumanity of genocide, which may include, but is not limited to, the Armenian, Cambodian, Darfur, and Rwandan genocides, slavery, and the Holocaust (Education Code 51221.2, 51226.3)

CSBA NOTE: Education Code 51220, as amended by AB 1821, requires, to the extent instruction is provided on the Spanish colonization of California or the Gold Rush Era for grades 7-12, to include the treatment and perspectives of Native Americans during those periods.

Pursuant to Education Code 51226.3, as amended by AB 1821, when SBE adopts new history-social science instructional materials, the Instructional Quality Commission (IQC) is required to consider including content on the treatment and perspectives of Native Americans during the periods of the Spanish colonization of California and the Gold Rush Era.

h. To the extent instruction is provided on the Spanish colonization of California or the Gold Rush Era, the treatment and perspectives of Native Americans during those periods

i. Contemporary issues

3. World language(s): understanding, speaking, reading, and writing, beginning not later than grade 7 (Education Code 51220)

4. Physical education: with emphasis on physical activities conducive to health and vigor of body and mind, as required by Education Code 51222 (Education Code 51220)

5. Science: physical and biological aspects; emphasis on basic concepts, theories, and processes of scientific investigation and on the place of humans in ecological systems; the causes and effects of climate change, the methods to mitigate and adapt to climate change; and appropriate applications of the interrelation and

interdependence of the sciences (Education Code 51220)

CSBA NOTE: Pursuant to Education Code 33547.5, as amended by SB 1410 (Ch. 476, Statutes of 2024), the IQC is required to consider including in the mathematics curriculum framework that students in grade 8 be offered the opportunity to take an Algebra I or Mathematics I course that is aligned to the content standards adopted by SBE.

6. Mathematics: mathematical understandings, operational skills, and problem-solving procedures; algebra (Education Code 51220, 51224.5)

7. Visual and performing arts: dance, music, theatre, and visual arts, with emphasis upon development of aesthetic appreciation and creative expression (Education Code 51220)

8. Applied arts: consumer education, family and consumer sciences education, industrial arts, general business education, or general agriculture (Education Code 51220)

9. Career technical/vocational-technical education: in the occupations and in the numbers appropriate to the personnel needs of the state and community served and relevant to the career desires and needs of students (Education Code 51220)

CSBA NOTE: Education Code 51934 requires that students be provided comprehensive sexual health and HIV prevention instruction at least once in middle school or junior high school and at least once in high school. For components of such instruction and required opt-out procedures, see BP/AR 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction.

10. Comprehensive sexual health and HIV prevention (Education Code 51225.36, 51934)

CSBA NOTE: Education Code 51202 requires that certain health-related topics be addressed at "the appropriate elementary and secondary grade levels" during grades kindergarten-12. Districts may revise Item #11 below to indicate topics that will be addressed in grades 7-12.

Education Code 51203 requires the Board to adopt regulations specifying the grade(s) and course(s) in which drug and alcohol education will be given. For language fulfilling this mandate, see AR 5131.6 - Alcohol and Other Drugs.

11. Personal and public safety, accident prevention and health, including instruction in: (Education Code 51202, 51203)

    a. Emergency first aid, hemorrhage control, treatment for poisoning, resuscitation techniques, and CPR when appropriate equipment is available

    CSBA NOTE: The following paragraph is for use by districts that require a course in health education for high school graduation. For more information regarding high school graduation requirements, see BP 6146.1 - High School Graduation Requirements. Pursuant to Education Code 51225.6, such districts are required to include instruction in performing compression-only cardiopulmonary resuscitation (CPR), as described below. Such instruction must be based on national evidence-based emergency cardiovascular care guidelines for the performance of compression-only CPR, such as those developed by the American Heart Association or the American Red Cross, and must include hands-on practice in compression-only CPR. On its website, CDE provides guidance on how to implement this requirement.

    Education Code 51225.6 also encourages districts to provide students with general information on the use and importance of an automated external defibrillator.

    Instruction shall be provided in compression-only CPR based on national guidelines and shall include hands-on practice (Education Code 51225.6)

    b. Fire prevention

    c. The protection and conservation of resources, including the necessity for the protection of the environment

    d. Venereal disease

    e. The effects of alcohol, narcotics, drugs, and tobacco upon the human body

CSBA NOTE: The following two items are optional pursuant to Education Code 51202.

f. Prenatal care for pregnant individuals

g. Violence as a public health issue

CSBA NOTE: Education Code 51925 requires districts that offer a health education course to high school students to include mental health instruction, as specified in Item #11h. Districts that offer a health education course to high school students should include Item #11h, and may be deleted or revised by districts that do not offer such a course.

Pursuant to Education Code 51929, CDE has developed a plan to expand mental health instruction, and has posted, "Education Code 51925: Mental Health Instruction Expansion Education Plan," on its website.

h. Mental Health, that provides for reasonably designed instruction on the overarching themes and core principles of mental health, which includes: (Education Code 51925)

i. Defining the signs and symptoms of common mental health challenges

ii. Explaining evidence-based services and supports that effectively help individuals manage mental health challenges

iii. Promoting mental health wellness and protective factors, including positive development, social and cultural connectedness and supportive relationships, resiliency, problem solving skills, coping skills, self-esteem, and a positive school and home environment in which students feel comfortable

iv. Identifying warning signs of common mental health problems in order to promote awareness and early intervention so that students know to take action before a situation turns into a crisis, including how to obtain assistance from the district or the community for themselves or others and evidence-based and culturally responsive practices that are proven to help overcome mental health challenges

v. Connecting the importance of mental health to overall health and academic success and to co-occurring conditions, such as chronic physical conditions, chemical dependence, and substance abuse

vi. Conveying an awareness and appreciation about the prevalence of mental health challenges across all populations, races, ethnicities, and socioeconomic statuses, including the impact of race, ethnicity, and culture on the experience and treatment of mental health challenges

vii. Understanding the stigma surrounding mental health challenges and what can be done to overcome stigma, increase awareness, and promote acceptance, including, to the extent possible, classroom presentations of narratives by trained peers and other individuals who have experienced mental health challenges and how they coped with their situations, including how they sought help and acceptance

Mental health instruction offered by the district shall: (Education Code 51926)

A. Be appropriate for use with students of all races, genders, sexual orientations, ethnic and cultural backgrounds, students with disabilities, and English learners

B. Be accessible to students with disabilities, including, but not limited to, providing a modified curriculum, materials, and instruction in alternative formats, and auxiliary aids

C. Not reflect or promote bias against any person on the basis of any category protected by Education Code 220

D. Be coordinated with any existing on-campus mental health providers including, but not limited to, providers with a pupil personnel services credential, who may be immediately called upon by students for assistance

Draft Policies - 1st Rev

Students receiving mental health instruction shall not be required to disclose their confidential health or mental health information at any time in the course of receiving the instruction. (Education Code 51927)

CSBA NOTE: The following paragraph is for use by districts that require a course in health education for high school graduation. Beginning with the 2026-27 school year, Education Code 51225.38, as added by AB 2429 (Ch. 67, Statutes of 2024), requires such districts to include instruction in the dangers associated with fentanyl use in such a course. For more information regarding health education, see AR 6142.8 - Comprehensive Health Education.

viii. Starting with the 2026-27 school year, the dangers associated with fentanyl use (Education Code 51225.38)

CSBA NOTE: Item #12 is optional. Education Code 51220.3 authorizes age-appropriate instruction on violence awareness and prevention within any area of study listed above for grades 7-12.

12. Violence awareness and prevention

CSBA NOTE: Pursuant to Education Code 51226.7, SBE has adopted a model curriculum in ethnic studies upon which districts may offer an elective course in social sciences or English language arts in at least one year during grades 9-12.

Subject to funding in the annual Budget Act or other statute, Education Code 51225.3 requires a one-semester course in ethnic studies for high school graduation beginning with students who graduate in the 2029-30 school year. At its discretion, a district may require a full-year course. Districts that require a full-year course should revise Item #13 accordingly. A student who completes a course in ethnic studies will also accrue credit for coursework in the subject that the course is offered, including, if applicable, credit towards satisfying a course required for graduation.

Item #13 is conditional upon the Legislature appropriating funding for ethnic studies courses. If funding is appropriated, districts will be required to offer a one-semester ethnic studies course, as specified.

13. A one-semester course in Ethnic studies, which may be any one of the following: (Education Code 51225.3)

a. A course based on the model curriculum developed pursuant to Education Code 51226.7

b. An existing ethnic studies course

c. An ethnic studies course taught as part of a course that has been approved as meeting the University of California (UC)/California State University (CSU) A-G requirements

CSBA NOTE: Even though there is a model ethnic studies curriculum developed by IQC and adopted by SBE as described above, districts may locally develop an ethnic studies course pursuant to Education Code 51225.3. Education Code 51225.3 expresses legislative intent that boards choosing to locally develop an ethnic studies course not use portions of the draft model curriculum that were not adopted by IQC due to concerns related to bias, bigotry, and discrimination.

d. A locally developed ethnic studies course approved by the Governing Board

Such a course shall first be presented at an open Board meeting, and approved only after a subsequent open Board meeting at which the public has had the opportunity to express its views on the proposed course

For the courses described in Items #13a-d above, the curriculum, instruction, and instructional materials shall: (Education Code 51225.3)

i. Be appropriate for use with students of all races, religious, nationalities, genders, sexual orientation, and diverse ethnic and cultural backgrounds, students with disabilities, and English learners

ii. Not reflect or promote, directly or indirectly, any bias, bigotry, or discrimination against any person or group of persons based on any category protected by Education Code 220

Draft Policies - Out Revi

iii. Not teach or promote religious doctrine

CSBA NOTE: Pursuant to Education Code 51225.3, the district is required, commencing in the 2027-28 school year, to offer a one semester course in personal finance. Additionally, Education Code 51225.3, authorizes districts to exempt a student who completes a separate, stand-alone one-semester course in personal finance, that is not combined with any other course, from the graduation requirement to complete a one-semester course in economics.

Pursuant to Education Code 51226.8, IQC is required to develop and recommend to SBE a curriculum guide and resources for a separate, stand-alone one-semester course in personal finance that is not combined with any other course.

14. Commencing in the 2027-28 school year, a separate, stand-alone one-semester course in personal finance (Education Code 51225.3)

CSBA NOTE: Education Code 51220.5 requires the equivalent content of a one-semester course in parenting skills and education in grade 7 and/or 8, subject to funding which was not subsequently appropriated; thus the following paragraph is currently optional.

In addition, the course of study for grade 7 and/or 8 may include parenting skills and education, including, but not limited to, child growth and development, parental responsibilities, household budgeting, child abuse and neglect issues, personal hygiene, maintenance of healthy relationships, teen parenting issues, and self-esteem. (Education Code 51220.5)

CSBA NOTE: The following paragraph is for use by districts that maintain high schools.

High schools shall offer automobile driver education that includes instruction in: (Education Code 51220, 51220.1, 51220.4)

1. Vehicle Code provisions and other relevant state laws
2. Proper acceptance of personal responsibility in traffic
3. Appreciation of the causes, seriousness, and consequences of traffic accidents
4. Knowledge and attitudes necessary for the safe operation of motor vehicles
5. The safe operation of motorcycles
6. The dangers involved in consuming alcohol or drugs in connection with the operation of a motor vehicle
7. The rights and duties of a motorist as they pertain to pedestrians and the rights and duties of pedestrians as they pertain to traffic laws and traffic safety

Certification of College Preparatory Courses

CSBA NOTE: The following optional section is for use by districts that maintain grades 9-12 and may be revised to reflect district practice. Among the criteria for admission to the University of California (UC) or California State University (CSU) system is a requirement that students satisfactorily complete 15 yearlong/30 semesters of specified courses ("A-G" courses). In order to qualify as an "A-G" course, the course must first be submitted to and approved by UC. The district or school should develop course descriptions using the templates provided by UC and submit them through UC's online system.

Education Code 51225.37 encourages districts that offer world language courses specifically designed for native speakers to submit those courses to UC for certification and addition to the school's "A-G" course list.

The following paragraph may be revised to reflect the position in the district or school(s) that is responsible for submitting and updating "A-G" courses.

The Superintendent or designee shall identify district courses that may qualify for designation as "A-G" college preparatory courses, including courses in history-social science, English, mathematics, laboratory science, languages other than English, visual and performing arts, career technical education, and college preparatory electives. The Superintendent or designee shall submit any necessary information regarding each identified course to UC for "A-G" designation.

Draft Policies - Not Adopted

Notification and Information Sharing Related to Students in Grades 9-12

CSBA NOTE: The following section is for use by districts that maintain grades 9-12.

At the beginning of each school year, the Superintendent or designee shall provide, as part of the annual notification required pursuant to Education Code 48980, written notice to parents/guardians of students in grades 9-12 that, to the extent possible, shall not exceed one page in length and that includes all of the following: (Education Code 51229)

1. A brief explanation of the course requirements for admission to UC and CSU

   CSBA NOTE: The UC maintains a searchable website that lists certified "A-G" courses for all regular California public high schools.

2. A list of the current UC and CSU websites that help students and their families learn about college admission requirements and that list high school courses that have been certified by UC as satisfying the requirements for admission to UC and CSU

3. A brief description of what career technical education is, as defined by the California Department of Education (CDE)

4. The Internet address for the portion of CDE's website where students can learn more about career technical education

5. Information about how students may meet with school counselors to help them choose courses that will meet college admission requirements and/or enroll in career technical education courses

   CSBA NOTE: Items #6-7 were added to the list of required information to be provided to parents/guardians pursuant to Education Code 51229, as amended by SB 153 (Ch. 38, Statutes of 2024).

6. A separate and distinct disclosure, in accordance with 20 USC 1232g, the federal Family Education Rights and Privacy Act of 1974 (FERPA), that data may be shared with the California College Guidance Initiative (CCGI) to provide students and their parents/guardians with direct access to online tools and resources for college and career planning

7. Contact information for the CaliforniaColleges.edu platform in order to access resources that help students and their parents/guardians learn about college admissions requirements

CSBA NOTE: Pursuant to Education Code 60900, as amended by SB 153, districts are required to, on or before January 1, 2026, enter into a data sharing agreement with the California College Guidance Initiative (CCGI), and by June 30, 2026, submit data for students in grades 9-12, as specified. Pursuant to Education Code 60900 and 60900.5, as amended by SB 153, CDE also shares specified data with CCGI. The district is required to include in the annual notification to parents/guardians a distinct notification that data may be shared with CCGI for specific purposes; see AR 5125 - Student Records and E(1) 5145.6 - Parent/Guardian Notifications.

In order to provide data needed to improve student achievement and accomplish other specified goals, the Superintendent or designee shall submit student transcript information for grades 9-12 students to CCGI and shall comply with other program requirements specified in Education Code 60900.5. (Education Code 60900)

CSBA NOTE: Education Code 51225.8 requires districts to provide specified information on how to properly complete and submit the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application (CADAA), as appropriate, at least once before grade 12. At the district's discretion, the information provided may be disseminated through in-class instruction, an existing program, family information sessions, group or individual sessions with school counselors, or other appropriate means.

The Superintendent or designee shall provide information to students and parents/guardians regarding the completion and submission of the Free Application for Federal Student Aid (FAFSA) and/or the California Dream Act Application (CADAA) at least once before grade 12. (Education Code 51225.8)

CSBA NOTE: Pursuant to Education Code 51225.8, as amended by SB 153, districts are required to advise students in grade 11 to complete the grade 11 financial aid lessons on CCGI's CaliforniaColleges.edu platform. The district may disseminate the information provided through in-class instruction, an existing program, family information sessions, group or individual sessions with school counselors, or other appropriate means.

The Superintendent or designee shall advise each student in grade 11 to complete the grade 11 financial aid lessons on CCGI's CaliforniaColleges.edu platform. (Education Code 51225.8)

Do Not Duplicate - 1st Rev

Financial Aid Requirements for Students in Grade 12

CSBA NOTE: Pursuant to Education Code 51225.7, the district is required to confirm that each student in grade 12 completes and submits a FAFSA to the U.S. Department of Education and/or, if a student is exempt from paying nonresident tuition, a CADAA to the Student Aid Commission (CSAC), unless there is an exception as specified below. To enable educators to ensure that each student has successfully completed and submitted a FAFSA or CADAA, Education Code 51225.7 requires CSAC to provide data to CCGI to inform reports available through CaliforniaColleges.edu.

Pursuant to Education Code 51225.7, CSAC adopted regulations, available on its website, that include model opt-out forms and acceptable use policies for the purpose of providing guidance on the protection of student and parent/guardian data.

The California Student Opportunity and Access Program (Cal-SOAP) is a CSAC outreach program that seeks to improve access to postsecondary education and financial aid for low-income and first-generation students in underserved regions by providing students and parents/guardians with guidance on financial aid and college admissions to make higher education accessible and affordable. CSAC's website includes toolkits available for school staff who support students in their financial aid process, including applying for the FAFSA and CADAA.

The Superintendent or designee shall ensure that each student in grade 12 completes and submits a FAFSA to the U.S. Department of Education or, if a student is exempt from paying nonresident tuition, a CADAA to the Student Aid Commission (CSAC), unless either: (Education Code 51225.7)

1. The student's parent/guardian, emancipated minor, or student age 18 years or older submits an opt-out form to the district

2. If the district determines that a student is unable to complete a requirement of Education Code 51225.7, the district shall exempt the student or the student's parent/guardian from completing the FAFSA, CADAA, or opt-out form and shall complete and submit an opt-out form on the student's behalf and notify the student's parent/guardian of the student's exemption

CSBA NOTE: Pursuant to Education Code 51225.7, as amended by AB 2165 (Ch. 702, Statutes of 2024), the district is required to provide the student and the student's parent/guardian with specified information before being exempted from the requirement to complete a FAFSA or CADAA.

Before a student or the student's parent/guardian is exempted from the requirement to complete the FAFSA or CDAA, the district shall provide a student and the student's parent/guardian with the following information: (Education Code 51225.7)

1. The purposes and benefits of the FAFSA or CADAA, which include consideration for financial aid

2. The consequences of not completing and submitting a FAFSA or CADAA

3. The option to complete a FAFSA or CADAA after an opt-out form has been submitted

The information provided in Items #1-3 above shall be provided: (Education Code 51225.7)

1. To the student through a meeting between a school counselor and the student or, if no school counselor is employed at the school, between the student and other school staff, through written material, or by other means of communication

2. To the student's parent/guardian, or the student when required, and shall include notification of the date by which the student will be opted out by the district if no action is taken

This notice shall be provided with sufficient time for the student or parent/guardian to act before the district opts out the student.

The Superintendent or designee shall ensure that each high school student in grade 12, and if applicable, the student's parent/guardian, is directed to any support and assistance necessary to complete the FAFSA and/or CADAA that may be available through outreach programs, including, but not limited to, programs operated by CSAC, postsecondary immigration resource centers, college readiness organizations, community-based organizations, and/or legal resource organizations. (Education Code 51225.7)

Draft Policies - 1st Reading

Information shared by students and parents/guardians in completing and submitting the FAFSA and/or CADAA shall be handled in compliance with FERPA and applicable state law, regardless of any person's immigration status or other personal information. (Education Code 51225.7)

CSBA NOTE: Pursuant to Education Code 51225.7, as amended by AB 123 (Ch. 9, Statutes of 2025), beginning with the 2025-26 school year, the Board is required to provide each student and student's parent/guardian with information about, and potential eligibility for, the California Kids Investment and Development Program.

The Superintendent or designee shall provide each student in grade 12, and if applicable, the student's parent/guardian, with information about, and potential eligibility for, the California Kids Investment and Development Savings Program. (Education Code 51225.7)

Regulation 6146.2: Certificate Of Proficiency/High School Equivalency **Status:** DRAFT

Original Adopted Date: 04/02/2015 **| Last Revised Date:** 04/29/2021

Certificate of Proficiency

CSBA NOTE: The following administrative regulation is for use by districts that maintain grades 9-12.

CSBA NOTE: Pursuant to Education Code 48412, the State Board of Education (SBE) will award a "certificate of proficiency" to persons who pass the California Proficiency Program (CPP) established by the California Department of Education (CDE) to assess proficiency in reading, writing, and mathematics skills. A list of test centers and testing dates is available on the CPP website. Education Code 48412 requires CDE to schedule testing dates at least once in the fall semester and once in the spring semester. CDE keeps a permanent record of the issuance of all certificates.

Pursuant to 5 CCR 11523, the Superintendent is obligated to require the principal of each high school to distribute information about the exam to students in grades 11-12. At their discretion, districts may revise the following paragraph to require distribution of such information to students in grade 10.

The principal of each high school shall distribute to each student in grades 11-12 an announcement explaining the California Proficiency Program (CPP). Announcements from the California Department of Education (CDE) or its contractor shall be distributed early enough to enable interested students to register for the test to be given in the fall of that year. (5 CCR 11523)

CSBA NOTE: The following optional paragraph reflects CPP information on CDE's website.

Additionally, students may be advised that the certificate of proficiency awarded upon passing the CPP is equivalent to a high school diploma. However, once the student has taken the CPP, passed the language arts and mathematics subtests and exited high school, they may choose to take the remaining High School Equivalency Test (HiSET)-Equivalency subtests in science and social studies to earn their California High School Equivalency Certificate, which provides more opportunities than the certificate of proficiency does alone.

A student may take the CPP if the student meets one of the following conditions: (Education Code 48412)

1. Is age 16 or older
2. Has been enrolled in the 10th grade for one school year or longer
3. Will complete one school year of enrollment in 10th grade at the end of the semester during which the next CPP will be administered

If a student receives the certificate of proficiency, the district shall indicate the student's accomplishment and the date of the award on the student's official transcript. (5 CCR 11521)

Any student who has received the certificate of proficiency may be exempted from compulsory school attendance upon the student's request, with verified parent/guardian consent as appropriate. For this purpose, the Superintendent or designee shall provide a consent form which contains at least the following information: (Education Code 48410; 5 CCR 11522)

1. A general explanation of the student's rights of exemption from compulsory attendance and of re-enrollment in the public high schools
2. The date of issuance of the certificate of proficiency
3. The signature of the parent/guardian and the date
4. The signature of the school administrator who has personally confirmed the authenticity of the parent/guardian's signature and the date

Any student, 16- or 17-years of age, who terminates enrollment after receiving the certificate of proficiency may re-enroll in the district. If enrollment is subsequently terminated again, the student may be denied re-enrollment until the beginning of the following semester. (Education Code 48414)

High School Equivalency Certificate

Draft Policies - Not Revi

CSBA NOTE: Education Code 51420-51427 provide that persons may be awarded the California High School Equivalency Certificate by taking a general educational development test and receiving a score that is at least as high as that determined by SBE to be equal to the standard of performance expected from high school graduates. SBE has approved the use of two tests for this purpose: (1) the General Educational Development (GED) test adopted by the General Educational Development Testing Service and (2) the High School Equivalency Test (HiSET) provided by the Educational Testing Service.

Obtaining a high school equivalency certificate requires passing of a general educational development test designated by the State Board of Education pursuant to Education Code 51420, including the General Educational Development (GED) test or the HiSET.

Anyone taking a test leading to a high school equivalency certificate is required to be a resident of California or a member of the armed forces assigned to duty in California and meet any one of the following criteria: (Education Code 51420)

1. Is 18 years of age or older
2. Would have graduated from high school had the person remained in school and followed the usual course of study
3. Is 17 years of age, has accumulated fewer than 100 units of high school credit, and is confined to a state or county hospital or to an institution maintained by a state or county correctional facility
4. Is 17 years of age, has accumulated fewer than 100 units of high school credit prior to enrollment in an academic program offered by a dropout recovery high school and has successfully completed the dropout recovery high school's state standards aligned instructional program which offers the opportunity for completion of the requirements for a high school diploma and at least one year of instruction or instruction followed by services related to the academic program

Exhibit 6146.2-E(1): Certificate Of Proficiency/High School Equivalency **Status:** DRAFT

Original Adopted Date: Pending

CSBA NOTE: The following exhibit is for use by districts that maintain grades 9-12. Pursuant to Education Code 48410, any student who passes the California Proficiency Program and receives a certificate of proficiency may be exempted from compulsory school attendance upon request by the student and, if the student is under age 18 years, with the consent of the student's parent/guardian. 5 CCR 11522 requires the district to develop a consent form for this purpose. The following exhibit may be revised to reflect district practice.

NOTICE AND CONSENT TO DISCONTINUE SCHOOL ATTENDANCE FOR STUDENTS WITH A CERTIFICATE OF PROFICIENCY

Notice of Student Rights: Students who pass the California Proficiency Program and receive a Certificate of Proficiency issued by the State Board of Education may continue to attend school, but upon request will be exempted from compulsory school attendance pursuant to Education Code 48410. If the student is under 18 years of age, the student's parent/guardian must also provide approval in order for the student to discontinue school attendance.

If the student leaves school on the basis that the student received a Certificate of Proficiency, the student may later decide to re-enroll in the district with no adverse consequences if the student is under 18 years of age. However, the student may be required to meet new or additional requirements established since the student disenrolled. Additionally, if after re-enrolling the student then leaves school again, the student may be denied re-admittance until the beginning of the following semester.

For further information about leaving school after obtaining the Certificate of Proficiency, contact the principal or school guidance counselor.

Student's name: _____

School: _____

Date on which the Certificate of Proficiency was issued: _____

To be completed by student: I understand the rights granted to students who are awarded the Certificate of Proficiency to disenroll from school, and to re-enroll if desired before the age of 18. I hereby notify the school district of my intent to disenroll from school.

Student's signature: _____ Date: _____

To be completed by parent/guardian: I hereby grant consent for my minor child to disenroll from school.

Parent/guardian's name (please print): _____

Signature: _____ Date: _____

To be completed by school administrator: I hereby verify the parent/guardian's signature and date recorded above.

Name of school administrator (please print): _____

Position: _____

Signature: _____ Date: _____

Policy 7000: Concepts And Roles

Status: DRAFT

Original Adopted Date: 09/13/2000

The Governing Board recognizes that one of its major responsibilities is to provide healthful, safe and adequate facilities that enhance the instructional program and align with the needs of the district. The Board shall endeavor to provide and maintain high-quality school facilities that support the district's educational program. Because the schools serve as a focal point for the community, the Board shall strive to provide district facilities that are compatible with surrounding neighborhoods and have the flexibility of design to meet future educational and community needs. As part of its intent to make use of each facility, the Board recognizes that, in some instances, the best use may be reuse by a third party, and in other instances, may be lease or sale.

In order to plan for long-range facilities needs, the Superintendent or designee may develop, for Board approval, a school facilities master plan in accordance with Board Policy 7110 - Facilities Master Plan, and regularly review such plan in light of the district's educational goals. In accordance with this plan, the Board shall:

1. Approve additions or major alterations to existing buildings
2. Determine what new buildings shall be built, when and where, and what equipment shall be purchased for them
3. Determine the method of financing that will be used
4. Select and purchase school sites for future expansion, as needed, and facilities for new school sites or other district use
5. Sell or lease facilities, including via joint occupancy or joint use, when no other better use is identified
6. Approve the selection of architects and structural engineers
7. Award contracts for design and construction
8. Authorize the use of school facilities by district residents and community groups in accordance with Board Policy/Administrative Regulation 1330 - Use of School Facilities
9. Consider the use of district property for workforce housing
10. Advocate school facility needs to the community

The Superintendent or designee shall:

1. Assess the district's short- and long-term facilities needs
2. Direct the preparation and updating of the facilities master plan
3. Oversee the preparation of bids and awarding of contracts
4. Supervise the implementation of the district's building program in accordance with the master plan, Board policy, and state and local requirements, including collaboration with the architect and contractor on the construction of new facilities and modernization of existing facilities
5. Represent the district in official governmental interactions related to the building program

Policy 7131: Relations With Local Agencies

Status: DRAFT

Original Adopted Date: 09/13/2000

CSBA NOTE: The following optional Board policy may be revised to reflect district practice.

Districts are generally authorized to cooperate and/or coordinate their activities or services with other local agencies, including cities, counties, and special districts, as necessary to maximize efficient use of resources.

The Governing Board recognizes the importance of collaborating and communicating with other local agencies in order to provide the best possible school facilities and to allocate facility resources in an effective and efficient manner. The Board and district staff shall consult and coordinate with local agencies as required by law, and shall utilize the expertise and resources of such agencies when useful to the district in the planning, design, and construction of facilities.

CSBA NOTE: Education Code 35275 requires the Governing Board to meet with local park and recreation authorities to coordinate the planning, design, and construction of new school facilities and school sites, or major additions to existing school facilities and recreation and park facilities. For more information regarding the site selection and development process, see AR 7150 - Site Selection and Development. Additionally, Government Code 65352.2 encourages collaboration between districts, cities, and counties by authorizing meetings between those agencies to discuss methods of coordinating the planning, design, and construction of facilities.

The Board shall meet with the appropriate local agency recreation and park authorities to review all possible methods of coordinating the planning, design, and construction of new school facilities and school sites, or major additions to existing school facilities and recreation and park facilities in the community. (Education Code 35275)

Upon receiving notification of proposed action to adopt or substantially revise a city or county general plan, the Board may request a meeting with the local planning agency to discuss possible methods of coordinating planning, design, and construction of new school facilities and school sites. (Government Code 65352.2)

CSBA NOTE: Because new developments could impact the adequacy of school facilities to support student population, the district should maintain regular communication with city/county planning officials to ensure that considerations of adequacy of school facilities and other public facilities essential to development are included in city/county planning. Without this, the district may lack necessary funds to provide adequate school facilities, since the imposition of any fee, charge, or other requirement for the construction or reconstruction of school facilities is prohibited pursuant to Government Code 65995, unless it is a school impact fee specifically authorized by Education Code 17620.

The Superintendent or designee shall monitor land development proposals within district boundaries and shall ensure that an exchange of accurate information is maintained with city/county planning staff regarding the impact of land development on the district's educational programs and facility needs. When necessary, the district shall recommend measures for inclusion in the city/county general plan to ensure the availability of adequate school facilities to address the new development.

Recognizing that available funds may not suffice to eliminate overcrowding in district schools caused by new development, the Board urges the city/county to adopt in its general plan or other appropriate planning documents, to the extent permitted by law, a provision which ensures that adequate school facilities will be available.

Notifications to Other Local Agencies

CSBA NOTE: For new residential development, Government Code 65971 requires the Board, upon making a finding described below by clear and convincing evidence, to notify the city council or board of supervisors of the city or county in which the district is located of such finding. Government Code 65972 requires that the development be denied unless the city or county, by ordinance and as a condition of approval, imposes specific land and/or fee requirements on the developer to fund interim classroom facilities, or specific overriding factors exist which, in the judgment of the city or county, justify approval of the development. It is recommended that districts with questions about requiring developer land dedication or levying fees consult CSBA's District and County Office of Education Legal Services or district legal counsel.

In order to adequately mitigate the additional students generated by new development within the district, the Board may make a finding, based on clear and convincing evidence, that: (Government Code 65971)

1. That conditions of overcrowding, as defined in Government Code 65973, exist in one or more attendance areas within the district which will impair the normal functioning of the educational programs, and the reason

for the existence of those conditions

2. That all reasonable methods of mitigating conditions of overcrowding have been evaluated and no feasible method for reducing those conditions exists

Upon making such a finding, the Board shall notify the city council or county board of supervisors of such finding. The notice shall include a completed application to the Office of Public School Construction for preliminary determination of eligibility for school construction under applicable state law. (Government Code 65971)

CSBA NOTE: Government Code 53094 authorizes Boards to render a city or county zoning ordinance inapplicable to a proposed use of property by the district, excluding nonclassroom facilities (such as warehouses, administrative buildings, and automotive storage and repair buildings), as long as (1) the property lies within the geographical jurisdiction of the district in accordance with Government Code 53097.3, (2) if applicable, the district notifies the city or county planning commission of the acquisition of a new school site in accordance with Public Resources Code 21151.2, (3) if applicable, the district notifies the city or county planning commission or agency prior to completion of a facilities needs analysis, master plan, or other long-range plan that relates to the expansion of existing school sites or necessity to acquire new school sites in accordance with Government Code 65352.2, and (4) 2/3 of the Board's members vote in the affirmative.

However, pursuant to Government Code 53097.3, a district may not render a city or county ordinance inapplicable to a charter school facility unless that facility is physically located within the geographical jurisdiction of the district. For more information on Board action to render a zoning ordinance inapplicable, see E(1) 9323.2 - Actions by the Board.

The Superintendent or designee shall notify the appropriate city or county planning agency of the adoption of a school facility needs analysis; facilities master plan or other long-range plan; the acquisition of a school site; and any other action regarding school facilities, in accordance with law.

District Workforce Housing Development

CSBA NOTE: The following section is optional and may be revised to reflect district practice. Government Code 65914.7 deems a housing development project to be an allowable use on any real property owned by a district if the housing development satisfies certain criteria. A housing development that meets the requirements of Government Code 65914.7 is deemed consistent, compliant, and in conformity with local development standards, zoning codes or maps, and the general plan. Land used for the development of workforce housing in accordance with Government Code 65914.7 may be jointly used or jointly occupied by the district and any other party. For more information related to developing education workforce housing, see CSBA's, "Education Workforce Housing," available on its website.

The Superintendent or designee shall ensure that the use of district-owned real property for workforce housing is consistent with the criteria specified in Government Code 65914.7.

Bylaw 9310: Board Policies

Status: DRAFT

Original Adopted Date: 11/13/2018

CSBA NOTE: The following optional bylaw may be revised to reflect district practice.

Definitions

Board policies are the written rules of the district. They establish the parameters by which staff, students, parents/guardians, volunteers, contractors, visitors, and others shall abide while attending or participating in district programs or activities, on district property, or otherwise within the jurisdiction of the district. Additionally, Board policies clarify the roles and responsibilities of the Governing Board and Superintendent, and communicate Board philosophy and values to students, staff, parents/guardians, and the community.

Board bylaws are specific Board policies that govern the operations of the Board and establish the rights and obligations of Board members.

Administrative regulations, which shall not be inconsistent with Board policies, are written rules that implement Board policies or prescribe the operations and administration of the district. In case of conflict between an administrative regulation and a Board policy, the Board policy, or applicable portion thereof, shall prevail.

Board policies and administrative regulations shall align with the district's vision and goals, promote student learning and achievement, provide for consistent and fair treatment of students and staff, and proactively address equity and the provision of equal access to opportunities for all students.

CSBA NOTE: State and federal laws mandate that districts enact Board policies or administrative regulations on numerous topics, with certain Board policies or administrative regulations being mandated only if specific conditions apply. CSBA maintains a list of mandated and conditionally mandated Board policies and administrative regulations, and also indicates in its sample Board policies and administrative regulations when certain language is mandated or conditionally mandated.

The Board recognizes the importance of maintaining Board policies and administrative regulations that are up to date and reflect the mandates of law. Board policies or administrative regulation shall be binding to the extent that they do not conflict with federal or state law and are consistent with the district's collective bargaining agreements. No Board policy or administrative regulation, or any portion thereof, shall be operative if the Superintendent determines, based on advice of district legal counsel, it is in conflict with applicable federal or state law or regulations or court decisions. However, any portion of a Board policy or administrative regulation so determined to be inoperative shall not affect the operability of other provisions of the Board policy or administrative regulation.

Board Policy Development and Adoption

CSBA NOTE: In general, the process of policy review is not specified in state law. However, Education Code 35160.5 requires that district policies pertaining to intradistrict open enrollment and extracurricular/cocurricular activities be reviewed annually.

The following section describes the basic steps in the policy development process and should be revised to reflect district practice. CSBA offers a variety of policy services designed to assist governance teams with this process, including comprehensive reviews of district policies and policy development workshops.

The Board shall regularly review Board policies and shall do so at Board meetings or Policy Committee meetings, as applicable. Additionally, the Board shall annually review the policies specified in Education Code 35160.5. If no revisions are deemed necessary, the Board minutes for the applicable meeting shall nevertheless indicate that the review was conducted. Other Board policies shall be monitored and reviewed as specified in the Board policy itself or as needed to reflect changes in law or district circumstances.

The following steps shall be used to develop, propose, and adopt a new Board policy or revisions to an existing Board policy:

1. The Board and/or Superintendent or designee shall identify the need for a new or revised Board policy

2. As needed, the Superintendent or designee shall gather fiscal data, staff and public input, related Board policies or administrative regulations, sample Board policies from the California School Boards Association, legal advice, and other useful information and data

3. The Board may agendize one or more discussions or presentations with respect to the need for a new or revised Board policy

   As part of those discussions or presentations, the Board may request additional information or research and may provide direction to the Superintendent or designee regarding how to proceed with proposing a new or revised Board policy, including a request for review by district legal counsel.

   CSBA NOTE: Once a new or revised Board policy is drafted, it is common for it to be agendized at two different meetings, with the first time (often referred to as the "first read") being for public input and Governing Board discussion, and the second time (often referred to as the "second read") being for further discussion, if warranted, and Board action. This approach is reflected in Item #4, below and should be modified to reflect district practice.
4. Once drafted, the proposed new or revised Board policy shall be agendized at two separate Board meetings, with the first for public input and Board review and direction, and the second for further discussion, if warranted, and Board action

The Board may waive or modify any of the above requirements on a case-by-case basis.

All Board policies shall be formally adopted by a majority vote of the Board.

Board policies shall become effective upon Board adoption or at a future date if so designated by the Board at the time of adoption.

At any time, the Board and Superintendent or designee may determine that progress reports to the Board on the implementation and/or effectiveness of a Board policy are necessary. If so, the Board and Superintendent or designee shall agree upon a timeline and, as applicable, measures for evaluating the effectiveness of the Board policy in achieving its purpose.

Administrative Regulation Development and Approval

CSBA NOTE: It is common for the Superintendent or designee to be solely responsible for the development and approval of administrative regulations. This approach is reflected below and should be modified to reflect district practice.

The Superintendent or designee shall be responsible for the development and approval of administrative regulations.

When new Board policies are created or existing Board policies are revised, the Superintendent or designee shall, as necessary, create or revise any applicable administrative regulations to ensure that they conform to the intent of the new or revised Board policy.

To carry out the intent of the Board, the Superintendent or designee may, in addition to developing and approving administrative regulations, develop procedures manuals, handbooks, or other guides.

Access

CSBA NOTE: Districts that subscribe to CSBA's GAMUT Policy Plus service are able to update and provide public access to their Board policies, administrative regulations, and related documents, such as exhibits, through their GAMUT Policy Plus site.

The Superintendent or designee shall ensure that all district employees and the public have easy and free access to all Board policies, administrative regulations, and, as applicable, related documents

---

Bylaw 9321: Closed Session

Status: DRAFT

Original Adopted Date: 11/14/2019 **| Last Revised Date:** 06/27/2024

CSBA NOTE: The Governing Board may only meet in closed session for purposes expressly authorized by the Brown Act (Government Code 54950-54963), Government Code 3549.1, or by a provision of the Education Code. Prior to recessing to closed session, the Brown Act requires the Board to disclose the items to be discussed in closed session either verbally or by reference to the items as they are described in the posted agenda. Consistent with the Brown Act, the accompanying Exhibit (1) provides specific language for most types of closed session items. Additionally, whenever the Board meets in closed session, the Brown Act generally requires it to reconvene in open session following closed session to disclose, either orally or in writing, each action taken in closed session and the vote, recusal, or absence on each action. Consistent with the Brown Act, the accompanying Exhibit (2) provides specific language for disclosing closed session items in open session following closed session.

The Governing Board is committed to complying with state open meeting laws and modeling transparency in its conduct of district business. The Board shall meet in closed session during a regular, special, or emergency meeting only for purposes authorized by law.

Each agenda shall contain a general description of each closed session item to be discussed at the meeting as required by law and provided in the accompanying Exhibit (1). (Education Code 35145; Government Code 54954.2, 54954.5, 54957)

In the open session preceding closed session, the Board shall disclose the items to be discussed in closed session as specified in this bylaw. The Board chair, who is either the Board president or the Board member chairing the meeting at the time if the Board president is absent, shall either verbally state the closed session items listed in the agenda or refer the public to the closed session item(s) as listed by number or letter in the agenda. In closed session, the Board shall consider only those items covered in its statement. (Government Code 54957, 54957.7)

CSBA NOTE: Pursuant to Education Code 35145.5 and Government Code 54954.3, the public is required to be given an opportunity to directly address the Board on any agenda item of interest to the public, including closed session items, either before or during the Board's consideration of the item. As the public is not permitted to attend closed session, such an opportunity for public comment is required to occur prior to closed session. For additional information, see BB 9322 - Agenda/Meeting Materials and BB 9323 - Meeting Conduct.

Prior to closed session, members of the public shall be given an opportunity to address the Board on any closed session item in the agenda in accordance with Board Bylaw 9322 - Agenda/Meeting Materials and Board Bylaw 9323 - Meeting Conduct. (Education Code 35145.5; Government Code 54954.3)

After closed session, the Board shall reconvene in open session before adjourning the meeting and, when applicable, shall disclose any actions taken in closed session, the votes or abstentions thereon, and other disclosures as specified in this bylaw. Such disclosures may be made in writing or orally at the location announced in the agenda for closed session as required by law and provided in the accompanying Exhibit (2). (Education Code 32281; Government Code 54957.1, 54957.7)

CSBA NOTE: Pursuant to Government Code 54957.1, a document approved or adopted in closed session must be provided to any person who has submitted a written request within 24 hours of the posting of the agenda or who has made a standing request for all documentation as part of a request for meeting notices pursuant to Government Code 54954.1 or 54956.

When an action taken during closed session involves final approval or adoption of a document, such as a contract or settlement agreement, that becomes public upon such approval or adoption, the Superintendent or designee shall immediately provide a copy of the document to any person present at the conclusion of closed session who has submitted a written request or made a standing request for all documentation as part of a request for notice of meetings. (Government Code 54957.1)

If, when adopting or approving a document during closed session, substantive amendments are required to finalize the document, the Superintendent or designee shall make the document available as soon as the necessary changes to the document are completed. Whenever such a document will not be immediately released, the Board chair shall orally summarize the substance of the amendment in open session as part of the required disclosures. (Government Code 54957.1)

Attendance in Closed Session

Each Board member may attend closed session for each agenda item except if the Board member is required to recuse themselves or is prohibited by law from attending. Additionally, the Superintendent may attend closed session for each agenda item, except for personnel matters, complaints, or charges regarding the Superintendent under Government Code 54957, or to discuss the Superintendent's compensation under Government Code 54957.6.

In addition, the Board secretary or designee shall attend closed session for each agenda item to keep minutes of topics discussed and decisions made. (Government Code 54957.2)

CSBA NOTE: The Attorney General has opined in 105 Ops.Cal.Atty.Gen. 89 (2022) that only a person with "an official or essential role to play in a particular closed session" item may attend closed session for that particular item. Pursuant to the opinion, a person has an "official" role if they are authorized by statute to attend for that particular item (e.g., district legal counsel for a litigation item), as reflected in Item #1, below. Additionally, the opinion provides that anyone else may attend if their presence is "essential" to the Board's ability to conduct its business as it relates to that particular item (e.g., dean of discipline for a student matter), as reflected in Item #2, below.

Except as prohibited by law, the following individuals may attend closed session for a particular item upon invitation by the Board chair or the Superintendent:

1. District legal counsel, district negotiators, or other district staff authorized by statute to attend for the particular item

2. Any other individual whose attendance is essential to the Board's ability to conduct its closed-session business with respect to the particular item

Any other individual shall not attend closed session.

Confidentiality

Any person in attendance in closed session shall not disclose information received in closed session except as permitted by Board Bylaw 9011 - Disclosure of Confidential/Privileged Information or Board Policy 4119.23 - Unauthorized Release Of Confidential/Privileged Information, as applicable.

The Board shall not disclose any information that is protected by state or federal law. Additionally, no victim or alleged victim of tortious sexual conduct or child abuse shall be identified in any Board agenda, notice, announcement, disclosure, or report required by the Brown Act, unless the identity of the person has previously been publicly disclosed. (Government Code 54957.7, 54961)

Personnel Matters: Appointment, Employment, Performance Evaluation, or Discipline/Dismissal/Release

CSBA NOTE: Government Code 54957 authorizes the Board to meet in closed session to consider and, as applicable, vote on the appointment, employment, evaluation of performance, discipline, or dismissal of an employee. Consistent with Government Code 54957.1 and 54957.7, this provision may be interpreted to include a demotion or other change in employment status.

While the Attorney General has concluded in 59 Ops.Cal.Atty.Gen. 532 (1976) that it is appropriate to discuss and evaluate the Superintendent's performance in closed session pursuant to Government Code 54957, Government Code 54957 explicitly prohibits the Board from discussing any proposed change in the Superintendent's compensation other than a reduction of compensation that results from the imposition of discipline under this exception. However, the Board may meet in closed session to discuss the Superintendent's compensation in closed session pursuant to Government Code 54957.6; see "Negotiations/Collective Bargaining," below.

The Board may meet in closed session to consider the appointment, employment, performance evaluation, discipline, dismissal, or change in employment status of an employee. Except as permitted by law, such a closed session item shall not include discussion or action on proposed compensation except for a reduction of compensation that results from the imposition of discipline. (Government Code 54957, 54957.1)

For the purpose of such an agenda item, "employee" includes an officer or independent contractor who functions as an officer or employee, but excludes Board members and other independent contractors. (Government Code 54957)

Personnel Matters: Specific Complaints or Charges

CSBA NOTE: Government Code 54957 authorizes the Board to meet in closed session to consider and, as

applicable, vote on complaints or charges against an employee, so long as the district provides the employee with 24-hour notice in advance of closed session. Failure to provide such notice will render any action taken by the Board in closed session null and void. Determining whether a "specific complaint or charge" is involved is usually fact-specific and it is recommended that the Board consult CSBA's District and County Office of Education Legal Services or district legal counsel, as appropriate.

In Furtado v. Sierra Community College District, the court held that the term "specific complaints or charges," as used in Government Code 54957, does not include negative comments in an employee's performance evaluation. In another decision, Bell v. Vista Unified School District, the court determined that a presentation to the Board by a district staff member regarding an employee's violation of a California Interscholastic Federation rule constituted a "complaint or charge" and thus the employee was entitled to 24-hour notice. Yet another ruling, Morrison v. Housing Authority of the City of Los Angeles Board of Commissioners, held that when a board rejects its hearing officer's findings of fact and conducts its own hearing, the employee must be given 24-hour notice.

Furthermore, in 78 Ops.Cal.Atty.Gen. 218 (1995), the Attorney General clarified that a probationary certificated employee does not have the right to an open session when the Board is discussing whether to reemploy the employee for a third consecutive school year. Education Code 44929.21 authorizes the Board to non-reelect a probationary certificated employee at the end of the first or second school year as long as written notice is given in accordance with law. For more information, see AR 4117.6 - Decision Not to Rehire.

The Board may meet in closed session to hear complaints or charges brought against an employee, unless the employee who is the subject of the complaint requests an open session. Before the Board meets in closed session on specific complaints or charges brought against an employee, the Superintendent or designee shall ensure that the employee receives written notice of the right to have the complaints or charges heard in open session. This notice shall be delivered personally or by mail at least 24 hours before the time of closed session. (Government Code 54957)

For the purpose of such an agenda item, "employee" includes an officer or independent contractor who functions as an officer or employee, but excludes Board members and other independent contractors. (Government Code 54957)

Personnel Matters: Application for Early Withdrawal of Funds in Deferred Compensation Plan

The Board may meet in closed session to discuss an employee's application for early withdrawal of funds in a deferred compensation plan when the application is based on financial hardship arising from an unforeseeable emergency due to illness, accident, casualty, or other extraordinary event, as specified in the deferred compensation plan. (Government Code 54957.10)

Negotiations/Collective Bargaining

CSBA NOTE: Pursuant to Government Code 54957.6, the Board is authorized to meet in closed session with the district's designated representatives regarding the salaries, salary schedules, or compensation paid in the form of fringe benefits to its represented and unrepresented employees, including the Superintendent. However, Government Code 54957.6 explicitly prohibits the Board from taking final action in closed session on the proposed compensation of one or more unrepresented employees. Additionally, the Attorney General has concluded in 98 Ops.Cal.Atty.Gen. 41 (2015) that this exception does not permit the Board to meet in closed session with its designated representative to discuss the negotiation of a project labor agreement because the contractors and laborers covered by such an agreement are not district employees.

The Board may meet in closed session to review the Board's position and/or instruct its designated representative(s) regarding salaries, salary schedules, or compensation paid in the form of fringe benefits of its represented and unrepresented employees, and, for represented employees, any other matter within the statutorily provided scope of representation. A closed session item regarding salaries, salary schedules, or compensation paid in the form of fringe benefits may include discussions of the district's available funds and funding priorities, but only insofar as they relate to providing instructions to the Board's designated representative. Final action on the proposed compensation of one or more unrepresented employees shall not be taken in closed session. (Government Code 54957.6)

Additionally, the Board may meet in closed session with a state conciliator who has intervened in proceedings regarding any of the purposes enumerated in Government Code 54957.6.

CSBA NOTE: Pursuant to Government Code 54957.1, the Board may vote on an agreement concluding labor negotiations in closed session and then wait to publicly disclose the agreement after it is final and has been accepted or ratified by the other party. For a new collective bargaining agreement, however, it is also common practice for Boards to vote in open session rather than closed session.

Pursuant to Government Code 54957.1, approval in closed session of an agreement concluding labor negotiations with represented employees pursuant to Government Code 54957.6 shall be disclosed after the agreement is final and has been accepted or ratified by the other party. The disclosure shall identify the item approved and the other parties to the negotiation. However, the Board may, at its sole discretion, vote on such an agreement in open session. (Government Code 54957.1)

CSBA NOTE: The Educational Employment Relations Act (EERA) (Government Code 3540-3549.3) lists certain exemptions from the Brown Act related to negotiations. The critical exemption for districts is that the Brown Act does not apply to a meeting of the Board if the meeting is exclusively for the purpose of discussing the Board's position regarding any matter within the scope of representation and determining how to instruct its designated representatives, regardless of whether its designated representatives attended. If it is combined with another closed session item and/or an open session item, then the Brown Act applies. It is recommended that the Board utilize this provision of the EERA sparingly and consult CSBA's District and County Office of Education Legal Services or legal counsel prior to meeting under this provision.

Pursuant to Government Code 3549.1, the Board may, without following the requirements of the Brown Act, meet in closed session exclusively for the purpose of discussing its position regarding any matter within the scope of representation or for the purpose of instructing its designated representatives. The Board shall not discuss any other items, either in closed session or open session, as part of such a meeting. (Government Code 3549.1)

Matters Related to Students

The Board shall meet in closed session to consider an appeal by a parent/guardian of a denial of a request to amend incorrect, inaccurate, or misleading information in a student record maintained by the district in accordance with Administrative Regulation 5125.3 - Challenging Student Records. (Education Code 49070)

CSBA NOTE: The following paragraph should be revised to reflect district practice. Education Code 35146 and 48912 permit a Board to consider in closed session any action, including discipline (except expulsion), against a student. The district is required to provide the student and the student's parent/guardian with advance notice that the disciplinary action will be considered in closed session and that the parent/guardian may, within 48 hours from receipt of the notice, request the district to have the item heard instead in open session. While Education Code 35146 and 48912 do not provide the days or hours prior to the meeting by which the notice to the student and the student's parent/guardian is required to be given, it is recommended that the district notify the student and the student's parent/guardian at least 72 hours before the meeting, including for special meetings.

If a public hearing would lead to the disclosure of confidential student information such as grades or discipline information, the Board shall meet in closed session to consider any action, including discipline, against a student, except expulsion. At least 72 hours prior to the start of the meeting of which closed session is a part, the Superintendent or designee, on behalf of the Board, shall, in writing, by registered or certified mail or by personal service, notify the student and the student's parent/guardian of the intent of the Board to hear the item in closed session. If a written request for open session is received from the student or the student's parents/guardians within 48 hours of receiving the notice, the meeting shall be public, except that any discussion at that meeting which may be in conflict with the right to privacy of any other student shall remain in closed session. (Education Code 35146, 48912)

CSBA NOTE: Education Code 48918 requires a hearing to determine whether a student should be expelled. The hearing may be held by the Board, a hearing officer, or an administrative panel. See BP/AR 5144.1 - Suspension and Expulsion/Due Process.

If the Board conducts an expulsion hearing pursuant to Board Policy 5144.1 - Suspension and Expulsion/Due Process, the Board shall do so in closed session unless the student submits a written request at least five days before the date of the hearing that the hearing be held in open session. Regardless of whether the expulsion hearing is conducted in open or closed session, the Board shall meet in closed session for the purpose of deliberating and determining whether to expel the student. (Education Code 48918)

CSBA NOTE: Pursuant to Education Code 35012, as amended by SB 1445 (Ch. 327, Statutes of 2024), the Board may authorize a student Board member(s) to make restorative justice recommendations regarding expulsions if certain conditions are met. The following paragraph is for districts that have student Board members and should be deleted for districts that do not.

On a case-by-case basis, the student Board member(s) may make restorative justice recommendations to the Board regarding specific expulsion matters in accordance with Board Bylaw 9150 - Student Board Members.

CSBA NOTE: Although Education Code 48918 states that student expulsion records are "nonprivileged, disclosable

public records" and the Attorney General in 80 Ops.Cal.Atty.Gen. 85 (1997) has opined that districts are required to disclose the student's name, the court in Rim of the World Unified School District v. San Bernardino County Superior Court held that the federal Family Educational Rights and Privacy Act (FERPA) (20 USC 1232g) preempts state law and prohibits the disclosure of student expulsion records to the public. Failure to comply with FERPA may lead to loss of federal funding. Because of the potential conflict between state and federal law, it is recommended that districts consult CSBA's District and County Office of Education Legal Services or legal counsel prior to adopting the following paragraph.

In order to protect student privacy rights provided in 20 USC 1232g or other applicable laws, the identity of a student shall not be listed in the agenda and, unless the item is heard in open session, shall not be included in any disclosure after closed session. Additionally, a student matter shall be listed in the open session portion of the agenda with the same description and numbering system as it was listed in the closed session portion of the agenda.

Security Matters

CSBA NOTE: Government Code 54957 permits the Board to meet in closed session with the Governor, Attorney General, District Attorney, district legal counsel, sheriff or chief of police, or, as amended by AB 2715 (Ch. 243, Statutes of 2024), other law enforcement or security personnel to discuss certain threats, as specified below.

The Board may meet in closed session with the Governor, Attorney General, District Attorney, district legal counsel, sheriff or chief of police, or other law enforcement or security personnel on matters posing a threat to any of the following: (Government 54957)

1. The security of public buildings
2. The security of essential public services, including water, drinking water, wastewater treatment, natural gas service, and electric service
3. The public's right of access to public services or public facilities
4. Critical infrastructure controls or critical infrastructure information relating to cybersecurity

The Board may meet in closed session to consult with law enforcement officials on the development of a plan for tactical responses to criminal incidents and to approve the plan. (Education Code 32281)

Real Property Negotiations

CSBA NOTE: The Attorney General opined in 94 Ops.Cal.Atty.Gen. 82 (2011) that only three subjects related to real property negotiations may be considered in closed session: (1) the amount of consideration the local agency is willing to pay or accept in exchange for the real property rights to be acquired or transferred; (2) the form, manner, and timing of how that consideration will be paid; and (3) items that are essential to arriving at the authorized price and payment terms.

The Board may meet in closed session with its real property negotiator prior to the purchase, sale, exchange, or lease of real property by or for the district in order to grant its negotiator authority regarding the price and terms of payment for the property. (Government Code 54956.8)

Anticipated Litigation/Initiation of Litigation

Based on the advice of legal counsel, the Board may meet in closed session to confer with or receive advice from legal counsel regarding anticipated litigation or whether to initiate litigation when discussion of either matter in open session would prejudice the district's position with respect to such litigation. For this purpose, "litigation" includes any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator. (Government Code 54956.9)

CSBA NOTE: Pursuant to Government Code 54956.9, the district is considered to be a "party," or to have "significant exposure," to litigation if any of its officers or employees is a party or has significant exposure to the litigation under circumstances specified below.

Litigation is considered to be "anticipated" when, in the Board's opinion based on the advice of legal counsel regarding the existing facts and circumstances, there is a significant exposure to litigation against the district or against a district officer or employee based on prior or prospective activities or alleged activities during and potentially during the course and scope of that office or employment. (Government Code 54956.9)

Existing facts and circumstances are limited to the following: (Government Code 54956.9)

Draft Policies - 1st Read

1. Facts and circumstances that might result in litigation against the district but which the district believes are not yet known to potential plaintiff(s)

2. Facts and circumstances including, but not limited to, an accident, disaster, incident, or transactional occurrence that might result in litigation against the district, which are already known to potential plaintiff(s)

3. The receipt of a claim pursuant to the Government Claims Act or a written threat of litigation from a potential plaintiff

4. A threat of litigation made by a person in an open meeting on a specific matter within the responsibility of the Board

5. A threat of litigation made by a person outside of an open meeting on a specific matter within the responsibility of the Board, provided that the district official or employee receiving knowledge of the threat made a record of the statement before the meeting

CSBA NOTE: Under certain circumstances, Government Code 54954.5 enables multiple anticipated litigation items to be grouped together into one closed session agenda item so long as the number of items is listed in the agenda. However, given the complexity and nuance of the different disclosure requirements for anticipated litigation items, it is recommended that each anticipated litigation item be listed as a separate agenda item.

In Fowler v. City of Lafayette, the appellate court clarified that when an item is agendized in closed session based on Item #5 above, Government Code 54956.9 requires that the statement be made available to the public. Upon receiving a threat of litigation in such a manner, it is recommended that the Board consult CSBA's District and County Office of Education Legal Services or district legal counsel as appropriate. The following paragraph should be revised to reflect district practice.

Each agenda item related to anticipated, or initiation of, litigation shall only contain one such matter. For an anticipated litigation item that is anticipated based on Items #2, #3, or #5 above, the agenda item shall also include the facts or circumstances that might result in litigation, the claim or written threat of litigation, or the record of the threat. However, the agenda item shall not identify the alleged victim of unlawful or tortious sexual conduct or anyone making the threat on the alleged victim's behalf, or identify a public employee who is the alleged perpetrator of any unlawful or tortious conduct upon which a threat of litigation is based, unless the identity of the person has been publicly disclosed. (Government Code 54956.9)

Existing Litigation

Based on the advice of legal counsel, the Board may meet in closed session to confer with or receive advice from legal counsel regarding existing litigation when discussion of the matter in open session would prejudice the district's position with respect to such litigation. Litigation is considered to be "existing" when the district has been named a party to the litigation, or a district officer or employee has been named a party to the litigation based on prior or prospective activities or alleged activities during the course and scope of that office or employment, including litigation which involves whether an activity is outside the course and scope of the office or employment. For this purpose, "litigation" includes any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator. (Government Code 54956.9)

Tort, Public, or Workers' Compensation Liability

CSBA NOTE: The following paragraph is for use by districts participating in a joint powers agency (JPA) for insurance pooling or in a self-insurance authority.

The Board may meet in closed session to discuss a claim for the payment of tort liability losses, public liability losses, or workers' compensation liability incurred by a joint powers agency (JPA) formed for the purpose of insurance pooling or self-insurance authority of which the district is a member. (Government Code 54956.95)

Joint Powers Agency Issues

CSBA NOTE: Pursuant to Government Code 54956.96, a JPA may adopt a provision, either through a policy or through the joint powers agreement, authorizing a Board member serving on the JPA board to disclose confidential information received during the JPA board's closed session under the circumstances specified below. Government Code 54954.5 provides an agenda description for the purpose of this closed session. The following optional paragraph is for use by districts that participate in a JPA that has adopted such a provision.

The Board may meet in closed session in order to receive, discuss, and take action concerning information that has

direct financial or liability implications for the district and that was obtained in a closed session of a JPA of which the district is a member. However, a Board member serving on the JPA board may only disclose confidential information acquired during a closed session of the JPA to fellow Board members if the governing board of the JPA has so authorized and upon advice of district legal counsel. (Government Code 54956.96)

Review of Audit Report from California State Auditor's Office

CSBA NOTE: Government Code 54956.75 authorizes the Board to meet in closed session to discuss a confidential final draft audit report from the California State Auditor's Office. This authority relates to situations in which a member of the legislature has requested the California State Auditor's Office to audit a school district. This audit is separate from the annual audit that districts are required to conduct pursuant to Education Code 41020. The law does not authorize the Board to meet in closed session to discuss the district's annual audit.

Upon receipt of a confidential final draft audit report from the California State Auditor's Office and before the report has been made public, the Board may meet in closed session to discuss its response to that report. After public release of the report from the California State Auditor's Office, any Board meeting to discuss the report shall be conducted in open session, unless exempted from that requirement by some other provision of law. (Government Code 54956.75)

Review of Assessment Instruments

The Board may meet in closed session to review the contents of any student assessment instrument approved or adopted for the statewide testing system. Before any such meeting, the Board shall agree by resolution to accept any terms or conditions established by the State Board of Education for this review. (Education Code 60617)

Original Adopted Date: Pending

BOARD MEETING AGENDA DESCRIPTIONS FOR CLOSED SESSION ITEMS

CSBA NOTE: Pursuant to Government Code 54954.2, the agenda for each Governing Board meeting is required to contain a general description of each item to be discussed in closed session; see the accompanying Board Bylaw. Government Code 54954.5 provides specific agenda descriptions for most closed session items, which are reflected below. Where the law does not provide a specific agenda description for a closed session item, the language offered below is designed to inform the public of the purpose of the item without breaching confidentiality. Language in parentheses is for informational purposes only and should not be included as part of the general description of an item. The district may revise the following descriptions to reflect district practice and should consult CSBA's District and County Office of Education Legal Services or district legal counsel, as appropriate.

The Governing Board meeting agenda shall include the following description of a closed session item, as applicable:

Personnel Matters

PUBLIC EMPLOYEE APPOINTMENT
Government Code 54957

Title: _____
(*Specify position to be filled.*)

PUBLIC EMPLOYMENT
Government Code 54957

Title: _____
(*Specify position to be filled.*)

under negotiation.)

District Negotiator: _____
(*Specify names of negotiators attending the closed session. If circumstances necessitate the absence of a specified negotiator, an agent or designee may participate in place of the absent negotiator as long as the name of the agent or designee is announced at an open session held prior to the closed session.*)

Party With Whom District Is Negotiating: _____
(*Specify name of party, not agent.*)

Under Negotiation: _____
(*Specify whether instruction to negotiator will concern price, terms of payment, or both.*)

Anticipated Litigation/Initiation of Litigation

CSBA NOTE: For an anticipated litigation or initiation of litigation closed session item, the district may be required to provide additional information in the agenda or in an oral statement prior to the closed session pursuant to Government Code 54956.9(e)(2)-(5). Boards should consult CSBA's District and County Office of Education Legal Services or district legal counsel, as appropriate.

CONFERENCE WITH LEGAL COUNSEL - ANTICIPATED LITIGATION
Significant exposure to litigation pursuant to Government Code 54956.9(d)(2) or (3)

(*If applicable*) Existing Facts And Circumstances:
_____

CONFERENCE WITH LEGAL COUNSEL - INITIATION OF LITIGATION
Initiation of litigation pursuant to Government Code 54956.9(d)(4)

(*If applicable*) Existing Facts And Circumstances:
_____

Existing Litigation

CONFERENCE WITH LEGAL COUNSEL - EXISTING LITIGATION
Government Code 54956.9(d)(1)

Name Of Case: _____
(*Specify by reference to claimant's name, names of parties, or case or claim numbers.*)

or

Case name unspecified, as identification of the case would jeopardize service of process or existing settlement negotiations

Tort, Public, or Workers' Compensation Liability

LIABILITY CLAIMS
Government Code 54956.95

Name Of Claimant(s):_____
(*Specify name, except when the claimant is a victim or alleged victim of tortious sexual conduct or child abuse unless the identity of the person has been publicly disclosed.*)

Name Of Agency Against Which Claim Is Made:_____

Joint Powers Authority Issues

INFORMATION FROM A JOINT POWERS AGENCY WITH DIRECT FINANCIAL OR LIABILITY IMPLICATIONS FOR DISTRICT
Government Code 54956.96

Exhibit 9321-E(2): Closed Session

Status: DRAFT

Original Adopted Date: Pending

DISCLOSURES OF CLOSED SESSION ACTIONS

CSBA NOTE: Whenever the Governing Board meets in closed session, the Brown Act generally requires it to reconvene in open session following closed session to disclose, either orally or in writing, on each action taken in closed session and the vote, recusal, or absence on each action; see the accompanying Board Bylaw. The language offered below is intended to follow the specific disclosure requirements found in law. Where the law does not specifically provide disclosure requirements for a closed session item, the following language is designed to inform the public of the Board's action without breaching confidentiality. Language in parentheses is for informational purposes only and should not be included as part of the general description of an item. The district may revise the following descriptions to reflect district practice and should consult CSBA's District and County Office of Education Legal Services or district legal counsel, as appropriate.

After the Governing Board meets in closed session, the Board shall reconvene in open session to disclose, either orally or in writing, any of the following actions taken during closed session, as applicable:

Personnel Matters

CSBA NOTE: Government Code 54957.1 requires the Board to disclose any closed session action taken to appoint, to employ, to dismiss, to accept the resignation of, or that otherwise affects the employment status of a district employee. The Attorney General, in 89 Ops.Cal.Atty.Gen. 110 (2006), opined that boards are not required to disclose an action taken in closed session to reject the proposed dismissal of an employee, as such a decision to maintain the status quo does not constitute "an action taken to dismiss."

PUBLIC EMPLOYEE APPOINTMENT

Title: _____
(*Specify position to be filled*)

Appointment Made: (*Yes; otherwise no action taken*)

Absent: _____
Recused: _____
(*Enter names of Board members*)

PUBLIC EMPLOYEE PERFORMANCE EVALUATION

Title: _____
(*Specify title of employee being evaluated*)

(*If applicable*) Board evaluated an employee in the above listed position.

Draft Policies - 1st Rev

PUBLIC EMPLOYEE DISCIPLINE/DISMISSAL/RELEASE

CSBA NOTE: Government Code 54957.1 generally requires the disclosure of any action taken in closed session to appoint, employ, dismiss, accept the resignation of, or otherwise affect the employment status of a public employee be disclosed. Additionally, Government Code 54957.1 requires that any such disclosure identify the title of the position even, for items where the title of the position was not listed in the agenda. However, Government Code 54957.7 provides for an exception such that the disclosure of a dismissal or nonrenewal of an employment contract is required to be deferred until the first meeting following the exhaustion of administrative remedies, if any.

Title: _____
(*Specify position affected*)

(*If applicable*) Decision to Dismiss/Release: (Yes; otherwise no action taken)

Ayes: _____
Nays: _____
Abstentions: _____
Absent: _____
Recused: _____
(*Enter names of Board members*)

SPECIFIC COMPLAINT OR CHARGE AGAINST EMPLOYEE

(*If applicable*) Board heard/discussed a specific complaint or charge against an employee.

EMPLOYEE APPLICATION FOR EARLY WITHDRAWAL OF FUNDS IN DEFERRED COMPENSATION PLAN

(*If applicable*) Board received/discussed an employee's application for early withdrawal of funds in deferred compensation plan.

Negotiations/Collective Bargaining

(If applicable) Agreement Reached With: _____
(*Specify Employee Organization*)

Ayes: _____
Nays: _____
Abstentions: _____
Absent: _____
Recused: _____
(*Enter names of Board members*)

(*Specify name of law enforcement agency and title of officer, or name of applicable agency representative and title, with whom the Board will consult.*)

DEVELOPMENT/APPROVAL OF TACTICAL RESPONSE PLAN

(*If applicable*) Board approved a Tactical Response Plan.

Ayes: _____
Nays: _____
Abstentions: _____
Absent: _____
Recused: _____
(*Enter names of Board members*)

Real Property Negotiations

CSBA NOTE: Pursuant to Government Code 54957.1, if the Board approves an agreement concluding real estate negotiations pursuant to Government Code 54956.8 in closed session, it is required to disclose the vote and the substance of the agreement in open session at the same meeting. However, if final approval rests with the other party to the agreement, the Superintendent or designee is required, upon inquiry by any person, to disclose the fact of that approval and the substance of the agreement as soon as the other party or its agent has informed the district of its approval.

(*If applicable*) Board approved an agreement concluding real estate negotiations and the agreement is final.

Substance Of Agreement: _____

Ayes: _____
Nays: _____
Abstentions: _____
Absent: _____
Recused: _____
(*Enter names of Board members*)

Anticipated Litigation/Initiation of Litigation

CSBA NOTE: Pursuant to Government Code 54957.1, if the Board approves an agreement resolving litigation that is anticipated or litigation that the district was going to initiate, it is required to disclose the vote and the substance of the agreement in open session at the same meeting. However, if final approval rests with the other party to the agreement, the Superintendent or designee is required, upon inquiry by any person, to disclose the fact of that approval and the substance of the agreement as soon as the other party or its agent has informed the district of its approval.

CONFERENCE WITH LEGAL COUNSEL - ANTICIPATED LITIGATION

(*If applicable*) Board has given approval to legal counsel to defend the district against anticipated litigation.

Ayes: _____
Nays: _____
Abstentions: _____

Abstentions: _____
Absent: _____
Recused: _____
(*Enter names of Board members*)

CONFERENCE WITH LEGAL COUNSEL - INITIATION OF LITIGATION

CSBA NOTE: Pursuant to Government Code 54957.1, in the case of approval given to initiate litigation, the Board is only required to disclose that it gave direction to initiate litigation. However, the Superintendent or designee is required, upon inquiry by any person, to disclose additional information regarding the action such as the name(s) of the defendant(s) once the litigation is formally commenced, unless doing so would jeopardize the district's ability to effectuate service of process on one or more unserved parties or conclude existing settlement negotiations to its advantage.

(*If applicable*) Board has given approval to legal counsel to initiate litigation.

Ayes: _____
Nays: _____
Abstentions: _____
Absent: _____
Recused: _____
(*Enter names of Board members*)

or

(*If applicable*) Board approved an agreement concluding this matter and the agreement is final.

Adverse Party(s): _____

Substance Of Agreement: _____

Ayes: _____
Nays: _____
Abstentions: _____
Absent: _____
Recused: _____
(*Enter names of Board members*)

Existing Litigation

CSBA NOTE: Pursuant to Government Code 54957.1, if the Board approves an agreement resolving existing litigation, it is required to disclose the vote and the substance of the agreement in open session at the same meeting. However, if final approval rests with the other party to the agreement, the Superintendent or designee is required, upon inquiry by any person, to disclose the fact of that approval and the substance of the agreement as soon as the other party or its agent has informed the district of its approval.

CONFERENCE WITH LEGAL COUNSEL - EXISTING LITIGATION

(*If applicable*) Board has given approval to legal counsel to defend the district, seek or refrain from seeking appellate

AGENDA ITEM

Agenda Title:	Mid-Year Update of the Local Control Accountability Plan
Meeting Date:	February 12, 2026
Item:	Discussion

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board is being asked to receive a mid-year update on the development of the 2025-2026 Local Control and Accountability Plan (LCAP).

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
The discussion is part of a series on the LCAP. The intent is to keep members of the School Board well-informed on the progress and development of the plan.

Strategic Design - Vision
Resource Allocation: Data-driven decisions ensure resources adapt to shifting needs.

HISTORY *(list previous staff or board action(s) with dates if possible)*
The Local Control and Accountability Plan (LCAP) is a three-year plan required under the Local Control Funding Formula (LCFF) that outlines the District's goals and actions aligned to state priorities. The current LCAP, adopted by the Board in June, focuses on academic achievement, equity and access, family and community engagement, and student and staff well-being. This mid-year update provides an overview of progress, implementation, and expenditure alignment to support transparency and any needed adjustments for the remainder of the school year.

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
There is no cost associated with this item.

WHO *(list the name of the contact person(s), job title, and site location)*
Jennifer Johnson, Assistant Superintendent of Educational Services

Eureka City Schools

Mid-Year LCAP Update

February 12, 2026

Assistant Superintendent Jennifer Johnson and Director of Fiscal Services Johnna Emery

Background

Senate Bill 114 (2023) added a requirement for LEAs to present a report on the annual update to the Local Control and Accountability Plan (LCAP) and Budget Overview for Parents (BOP) on or before February 28 each year at a regularly scheduled meeting of the governing board or body of the LEA.

The report must include the following:

- All available midyear outcome data related to metrics identified in the current LCAP; and,
- All available midyear expenditure and implementation data on all actions identified in the current LCAP.

Budget Overview for Parents

Eureka City Schools adopted our LCAP and Budget on June 25, 2025. (Adopted budget was based on projections in May 2025. Most recent projections indicated Total LCFF Funds will be $48,916,373, of which $10,204,347 is Supplemental / Concentration funding.)

Item	As adopted in BOP
Total LCFF Funds	$ 48,282,242
LCFF Supplemental/ Concentration Grants	$10,327,505

Expenditures to Date

Expenditures include all transactions posted as of 12/31/2025. Encumbrances (known future spending) are not included, nor are year end closing entries*. Total LCFF expenditures include Supplemental / Concentration expenditures.

Item	Expenditures as of 12/31/2025
Total LCFF Funds	$19,256,108.71
LCFF Supplemental/ Concentration Grants	$2,562,639.28

* Year end entries include journal entries to capture the increased cost of salaries with the Supplemental / Concentration resource.

LCAP Goal 1

All students will demonstrate high academic achievement and college and/or career readiness while being taught and supported by qualified staff.

LCAP Goal 1 - Metrics

- Most metrics are academic yearly measures from CA Dashboard or Data Quest
- Progress on academics is monitored in Goal #5 through mCLASS and IXL along with the D/F rate at the secondary level
- Average class size has remained below desired outcome

LCAP Goal 2

Every student will have access to high-quality instructional materials that are aligned with the adopted curriculum while attending school in safe, clean, and well-maintained facilities.

LCAP Goal 2 - Metrics

- 100% compliant per Williams Act visit Fall 2025
- All elementary and secondary schools were visited this past fall
- Facility Inspection Tool (FIT) reports done Fall 2025 indicate 90.73% of all district facilities are in good repair- goal is 100%

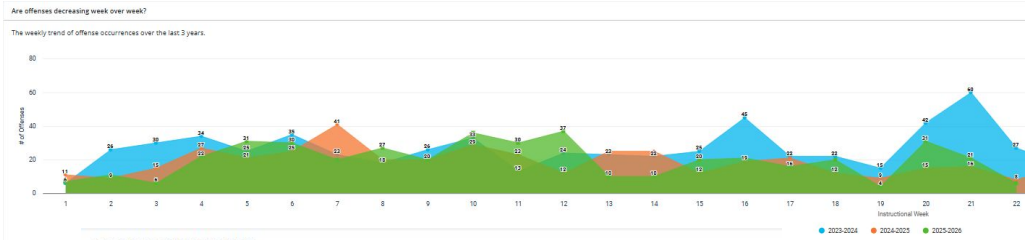
LCAP Goal #3

Improve student attendance with a focus on chronic absenteeism and graduation rates for all students.

LCAP Goal #3- Chronic Absenteeism

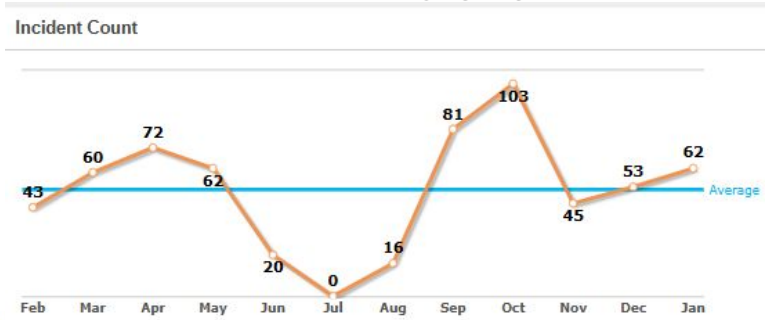
- All: 18.18% ⇩
- EL:13.63% ⇧
- FY: 46.15% ⇧
- African American: 35.00% ⇧
- Homeless: 40.00% ⇩
- Two or More Races: 18.94% ⇩
- SWD: 26.15% ⇩
- White 18.23% ⇩
- Data pulled from PowerSchool Insights on 1/29/26
- Compared to mid-year last year, overall is slightly better with three subgroups showing increases and four showing a decrease

LCAP Goal #3- Graduation Rate

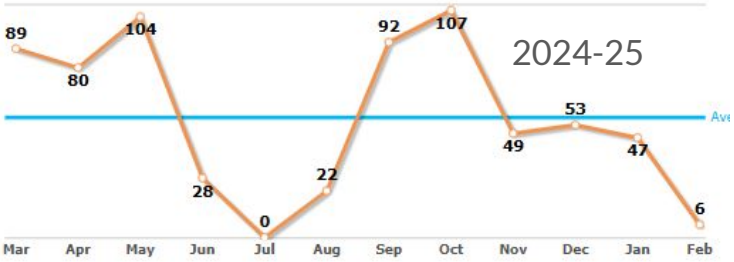


- EHS graduation rate increased to 96.6%
  - Goal for year three is 96%- need to stay on track
- Zoe increased from 72.6% to 84.6%
  - Goal for year three is 86.4%
  - SWD 11 of 12 students for a graduation rate of 91.7%

LCAP Goal #4



Reduce suspension rates and increase a sense of belonging by creating a positive and inclusive school climate where all students feel valued, supported, and connected.

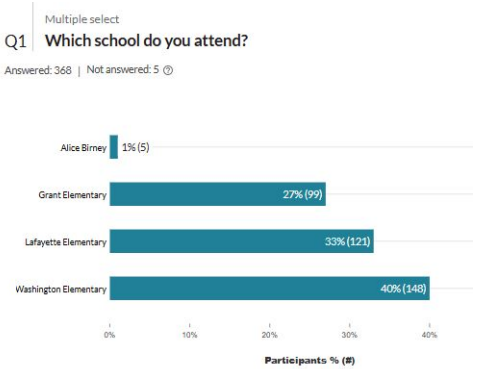


LCAP Goal #4- suspension rate

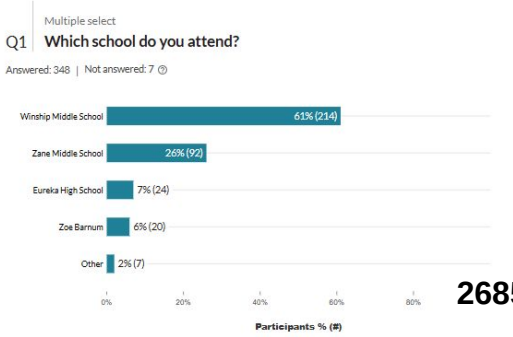
2025-26

Data from Analytics and Insights Jan. 29 and Feb. 3, 2026

LCAP Goal #4- Caring Adults



Thought Exchange for BASICS Scorecards December 2025:



- Elementary Schools: 70% ⇧

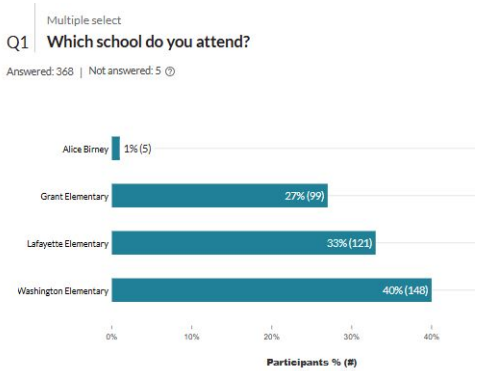
Thought Exchange for BASIC Scorecards January/February 2026

- Middle Schools: 73% ⇧
- High Schools: 83% ⇧

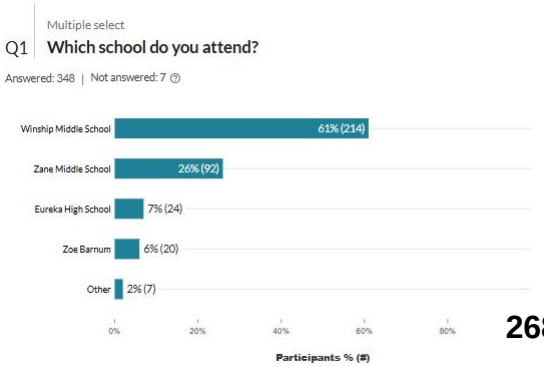
Caring Adults
Do the teachers and or other grown ups at school care about me?
Do the teachers and other grown-ups at school listen when you have something to say?
Do the teachers and other grown-ups at school make an effort to get to know you?

2685

LCAP Goal #4- School Connectedness



Thought Exchange for BASICS Scorecards December 2025:



- Elementary: 67% ⬇

Thought Exchange for Secondary BASIC Scorecards January/February 2026

- Middle: 56% ⬇
- High School: 73% ⬆

Connectivity
I feel close to people among this school?
I am happy to be at this school.
I feel like I am part of this school.
Do teachers treat students fairly?
Do you feel safe at this school?

LCAP Goal #5

We will improve student outcomes using local data to inform decision-making and drive targeted interventions.

LCAP Goal #5- mCLASS Data met or exceeded

3rd grade Beginning of the year (BOY) 52%

3rd grade Middle of the year (MOY) 51%

Both are 12-13% higher than last year

LCAP Goal #5- IXL Math Data met or exceeded

4th grade BOY 37% significantly higher than last year

4th grade MOY 44% higher than last year

8th grade BOY 15% higher than last year

8th grade MOY 18% significantly higher than last year

9th grade BOY 9% higher than last year

9th grade MOY 8% slight improvement from last year

2689

Data from IXL Diagnostic results September (all) December (elementary) and January (secondary)

LCAP Goal #5- IXL ELA Data met or exceeded

8th grade BOY 33% significantly higher than last year

8th grade MOY 43% significantly higher than last year

11th grade BOY 29% higher than last year

11th grade MOY 32% higher than last year

Data from IXL Diagnostic results September (all)) and January (secondary)

LCAP Goal #6

Allow for equity and access at Zoe Barnum Continuation High School through use of Equity Multiplier funding. Specific: By the end of the 2026-27 school year, all students, including socio-economically disadvantaged students, will increase the overall high school graduation rate.

Increased from 72.6% to 84.6%

2691

January 2026

National Blood Donor Month
The CDE encourages you to annually recognize January as National Blood Donor Month.It has been observed during the month of January since 1970.

National Braille Literacy Month
The CDE encourages you to annually recognize January as National Braille Literacy Month.

January 30 of each year is designated and set apart as Fred Korematsu Day of Civil Liberties and the Constitution, a day having special significance pursuant to California *Education Code* Section 37222.

February 2026

American Heart Month
The CDE encourages you to annually recognize February as American Heart Month.

Black History Month
The CDE encourages you to annually recognize February as Black History Month.

National Children's Dental Health Month
The CDE encourages you to annually recognize February as National Children's Dental Health Month.

National Freedom Day (2/1/2026)
The President may issue each year a proclamation designating February 1 as National Freedom Day to commemorate the signing by Abraham Lincoln on February 1, 1865, of the joint resolution adopted by the Senate and the House of Representatives that proposed the 13th amendment to the Constitution (36 *United States Code* 124).

Rosa Parks Day (2/4/2026)
The CDE encourages you to annually recognize February 4 as Rosa Parks Day. Rosa Parks Day was created by the California State Legislature and first celebrated February 4, 2000.

Ronald Reagan Day (2/6/2026)
February 6 of each year is designated and set apart as Ronald Reagan Day, a day having special significance pursuant to California *Education Code* Section 37222. On Ronald Reagan Day, all public schools and educational institutions are encouraged to conduct exercises remembering the life of Ronald Reagan, recognizing his accomplishments, and familiarizing pupils with the contributions he made to this state.

National School Counseling Week (February 2–8, 2026)
The CDE encourages you to recognize February 2–8, 2026 as National School Counseling Week. National School Counseling Week is always celebrated the first full week (M–F) in February.

Lincoln Day (2/12/2026)
California *Education Code* Section 37220: The Monday or Friday of the week in which February 12 occurs, known as "Lincoln Day." On the day that school is in session prior to the day on which schools are closed for that purpose, all public schools and educational institutions throughout the state shall hold exercises in memory of Abraham Lincoln.

Take Your Family to School Week (February 16–20, 2026)
The CDE encourages you to recognize the week of February 17 (February 16–20, 2026) as Take Your Family to School Week.

Frederick Douglass Day (2/14/2026)
The CDE encourages you to annually recognize February 14 as Frederick Douglass Day.

Susan B. Anthony Day (2/15/2026)
California *Education Code* Section 37221: February 15, the anniversary of the birthday of Susan B. Anthony, known as "Susan B. Anthony Day" on which day schools shall include exercises and instruction on the political and economic status of women in the United States and the contributions of Susan B. Anthony thereto.

Presidents Day (2/16/2026)
The CDE encourages you to recognize February 16, 2026 as Presidents Day. Presidents Day is a federal holiday celebrated annually on the third Monday in February.

Washington Day (2/16/2026)
California *Education Code* Section 37220: The third Monday in February, known as "Washington Day". On the Friday preceding, all public schools and educational institutions throughout the state shall hold exercises in memory of George Washington. The CDE will be closed on Washington Day, commonly referred to as Presidents Day.

Lunar New Year* (2/17/2026)
Lunar New Year is one of the most important celebrations of the year among East and Southeast Asian cultures, including Chinese, Vietnamese and Korean communities, among others. In 2026, Lunar New Year begins on Tuesday, February 17.

National Parent Teacher Association Founders Day (2/17/2026)
The CDE encourages you to annually recognize February 17 as National Parent Teacher Association Founders Day.

Ramadan Begins (2/17/2026)**
Ramadan is expected to begin on the evening of Tuesday, February 17, 2026, and conclude on the evening of Wednesday, March 18, 2026.

Lent Begins* (2/18/2026)
Lent begins on Wednesday, February 18, 2026, known as Ash Wednesday, and concludes on Thursday, April 2, 2026, which is Holy Thursday. This 40-day period (excluding Sundays) is observed by many Christian denominations as a time of fasting, prayer, and penance, leading up to Easter Sunday.

March 2026

American Red Cross Month
The CDE encourages you to annually recognize March as American Red Cross Month.

Arts Education Month in California/Youth Art Month
The CDE encourages you to annually recognize March as Arts Education Month in California/Youth Art Month.

Music in Our Schools Month
The CDE encourages you to annually recognize March as Music in Our Schools Month.

National Middle Level Education Month
The CDE encourages you to annually recognize March as National Middle Level Education Month.

National Nutrition Month
The CDE encourages you to annually recognize March as National Nutrition Month.

National Social Work Month
The CDE encourages you to annually recognize March as National Social Work Month.

National Women's History Month
The CDE encourages you to annually recognize March as National Women's History Month.

Read Across America Day (3/2/2026)
The CDE encourages you to annually recognize March 2 as Read Across America Day.

National School Breakfast Week (March 2–6, 2026)
The CDE encourages you to recognize National School Breakfast Week: March 2–6, 2026. Every year, National School Breakfast Week (NSBW) is celebrated on the first full week in March.

National Anthem Day (3/3/2026)
The CDE encourages you to annually recognize March 3 as National Anthem Day.

Newspaper in Education Week (March 2–6, 2026)
The CDE encourages you to annually recognize the first week in March (March 2–6, 2026) as Newspaper in Education Week.

Save Your Vision Week (March 2–8, 2026)
To remind Americans about the importance of safeguarding their eyesight, the United States Congress, by joint resolution approved December 30, 1963, as amended (36 *United States Code* 138), has authorized and requested the President to proclaim the first week in March (March 2–8, 2026) of each year as "Save Your Vision Week."

Conservation, Bird, and Arbor Day (3/7/2026)
The CDE encourages you to annually recognize March 7, the anniversary of the birthday of Luther Burbank, known as Conservation, Bird, and Arbor Day, on which day schools shall include exercises and instruction on the economic value of birds and trees, and the promotion of

a spirit of protection toward them, and as to the economic value of natural resources, and the desirability of their conservation (California *Education Code* Section 37221).

National Poison Prevention Week (March 15–21, 2026)
The CDE encourages you to recognize National Poison Prevention Week: March 15–21, 2026. To encourage Americans to learn more about the dangers of accidental poisonings and to take appropriate preventative measures, the Congress, by joint resolution approved September 26, 1961, as amended (75 Stat. 681), has authorized and requested the President to issue a proclamation designating the third week of March each year as "National Poison Prevention Week" (36 *United States Code* 130).

International Day for the Elimination of Racial Discrimination (3/21/2026)
The CDE encourages you to annually recognize March 21 as International Day for the Elimination of Racial Discrimination.

Eid al-Fitr (Tentatively March 20, 2026; date may vary)**
For most Muslim communities, the date of Eid al-Fitr is not set until the sighting of the moon and is therefore tentative. Observant families may celebrate in the evening prior to Eid to break their fast together. Observant families may also attend morning prayers together on the day of Eid and may miss school or work to celebrate together during the day. The CDE encourages educators to be mindful of potential family obligations when scheduling major exams and deadlines.

Ramadan Ends (3/18/2026)**
Ramadan will conclude on the evening of Wednesday, March 18, 2026.

Welcome Home Vietnam Veterans Day (3/30/2026)
March 30 of each year is designated and set apart as Welcome Home Vietnam Veterans Day, a day having special significance pursuant to California *Education Code* Section 37222. On Welcome Home Vietnam Veterans Day, all public schools and educational institutions are encouraged to conduct exercises recognizing the contributions of all those involved in the Vietnam War and remembering the sacrifices they made for their country.

Cesar Chavez Day (3/31/2026)
California *Education Code* Section 37220.5: (a) In addition to the holidays prescribed in Section 37220, public schools may be closed on March 31, known as "Cesar Chavez Day," or the appropriate Monday or Friday following or preceding that date, if the governing board, pursuant to a memorandum of understanding reached pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the *Government Code*, agrees to close schools for that purpose. (b) On March 31 or on the day determined by the governing board, public schools and educational institutions throughout the state may include exercises, funded through existing resources, commemorating and directing attention to the history of the farm labor movement in the United States and particularly the role therein.

April 2026

Arab American Heritage Month
The CDE encourages you to annually recognize April as Arab American Heritage Month.

Autism Awareness Month
The CDE encourages you to annually recognize April as Autism Awareness Month.

Mathematics and Statistics Awareness Month
The CDE encourages you to annually recognize April as Mathematics and Statistics Awareness Month.

National Bilingual/Multilingual Learner Advocacy Month
The CDE encourages you to annually recognize April as National Bilingual/Multilingual Learner

Advocacy Month. By House Resolution 690, from Congressman Mike Honda, every April is recognized as National Bilingual/Multilingual Learner Advocacy Month.

National Child Abuse Prevention Month
The CDE encourages you to annually recognize April as National Child Abuse Prevention Month.

National Poetry Month
The CDE encourages you to annually recognize April as National Poetry Month.

School Library Month
The CDE encourages you to annually recognize April as School Library Month.

Autism Awareness Day (4/2/2026)
The CDE encourages you to annually recognize April 2 as Autism Awareness Day.

International Children's Book Day (4/2/2026)
The CDE encourages you to annually recognize April 2 as International Children's Book Day. Founded in 1967, the day is observed on or around Hans Christian Andersen's birthday. Activities include writing competitions, announcements of book awards, and events with authors of children's literature.

Lent Concludes* (4/2/2026)
Lent concludes on Thursday, April 2, 2026, which is Holy Thursday. Lent is a 40-day period (excluding Sundays) which is observed by many Christian denominations as a time of fasting, prayer, and penance, leading up to Easter Sunday.

Passover Begins (4/2/2026)**
Passover begins at sundown on Saturday, April 2, 2026.

Good Friday* (4/3/2026)
Good Friday annually occurs two days before Easter Sunday in the United States. In the Christian faith, Good Friday commemorates Jesus Christ's crucifixion and death.

Easter* (4/5/2026)
Easter is celebrated on Sunday, April 5, 2026. Easter always falls on the first Sunday after the Paschal Full Moon, the first full moon after the vernal equinox.

California Poppy Day (4/6/2026)
Section 37222.12 of the California *Education Code* states: (a) April 6 of each year is designated and set aside as California Poppy Day, a day with special significance under Section 37222. (b) On California Poppy Day, all public schools and educational institutions are encouraged to conduct exercises honoring the California Poppy, including instruction about native plants, particularly the California Poppy, and the economic and aesthetic value of wildflowers; promoting responsible behavior toward our natural resources and a spirit of protection toward them; and emphasizing the value of natural resources and conservation of natural resources.

World Health Day (4/7/2026)
The CDE encourages you to annually recognize April 7 as World Health Day.

Last Day of Passover (4/8/2026)**
The final day of Passover 2026 begins before sunset on April 8 and end after nightfall on April 9.

Week of the Young Child (April 11–17, 2026)
The CDE encourages you to recognize April 5–11, 2025 as the Week of the Young Child. The purpose of the Week of the Young Child is to focus public attention on the needs of young children and their families and to recognize the early childhood programs and services that meet those needs.

Thomas Jefferson's Birthday (4/13/2026)
Every year, the President shall issue a proclamation (1) calling on officials of the United States

government to display the flag of the United States on all government buildings on April 13; and (2) inviting the people of the United States to observe April 13 in schools and churches, or other suitable places, with appropriate ceremonies in commemoration of Thomas Jefferson's birthday (36 *United States Code* 141).

Holocaust Remembrance Day (Yom HaShoah)* (4/13/2026–4/14/2026)
The CDE encourages you to recognize April 13–14, 2026, as Holocaust Remembrance Day (Yom HaShoah). In 2026, Holocaust Remembrance Day (Yom HaShoah) in Israel begins the evening of April 13 and ends the evening of April 14.

Genocide Remembrance Day (4/14/2026)
The CDE encourages you to annually recognize April 14 as Genocide Remembrance Day, honoring the many contributions that survivors of genocide have made to this country.

National Environmental Education Week (April 15–22, 2026)
The CDE encourages you to recognize April 15–22, 2026 as National Environmental Education Week. National Environmental Education Week, held annually on the week that Earth Day is celebrated, is the nation's largest celebration of environmental education, inspiring environmental learning and stewardship among K-12 students.

National Librarian Day (4/16/2026)
The CDE encourages you to annually recognize April 16 as National Librarian Day.

Administrative Professionals Week (April 19–25, 2026)
The CDE encourages you to recognize April 19–25, 2026, as Administrative Professionals Week. Administrative Professionals Week is celebrated in the last full week of April each year.

National Library Week (April 19–25, 2026)
The CDE encourages you to celebrate April 19–25, 2026, as National Library Week. First sponsored in 1958, National Library Week is a national observance sponsored by the American Library Association and libraries across the country each April. It is a time to celebrate the contributions of our nation's libraries and librarians and to promote library use and support. All types of libraries—school, public, academic, and special—participate.

Public School Volunteer Week (April 20–24, 2026)
The CDE encourages you to recognize April 20–24, 2026 as Public School Volunteer Week. Public School Volunteer Week provides a yearly opportunity for schools and families to honor and highlight the powerful contributions parents and caregivers provide at school and home to support student success.Public School Volunteer Week is held annually during the third week of April.

John Muir Day (4/21/2026)
From California *Education Code* Section 37222.11: (a) April 21 of each year is designated and set apart as John Muir Day, a day having special significance pursuant to Section 37222. (b) On John Muir Day, all public schools and educational institutions are encouraged to conduct exercises stressing the importance that an ecologically sound natural environment plays in the quality of life for all of us, and emphasizing John Muir's significant contributions to the fostering of that awareness and the indelible mark he left on the State of California.

Earth Day (4/22/2026)
The CDE encourages you to annually recognize April 22 as Earth Day.

Administrative Professionals Day (4/22/2026)
The CDE encourages you to recognize April 22, 2026, as Administrative Professionals Day. Administrative Professionals Day is celebrated on the Wednesday of Administrative Professionals Week, which is on the last full week of April.

School Nutrition Employee Week (April 27–May 1, 2026)
The CDE encourages you to recognize April 27–May 1, 2026, as School Nutrition Employee

Week. School Nutrition Employee Week is held the week in which School Lunch Hero Day is celebrated.

Workforce Readiness Week (April 27–May 1, 2026)
The CDE encourages you to recognize April 27–May 1, 2026, as Workforce Readiness Week.

May 2026

Asian American and Pacific Islander Heritage Month
The CDE encourages you to annually recognize May as Asian American and Pacific Islander Heritage Month (36 *United States Code* 102).

Jewish American Heritage Month
The CDE encourages you to annually recognize May as Jewish American Heritage Month.

Labor History Month
The month of May is hereby deemed to be Labor History Month throughout the public schools, and school districts are encouraged to commemorate this month with appropriate educational exercises that make pupils aware of the role the labor movement has played in shaping California and the United States (California *Education Code* Section 51009).

Mental Health Awareness Month
The CDE encourages you to annually recognize May as Mental Health Awareness Month.

National Foster Care Month
The CDE encourages you to annually recognize May as National Foster Care Month.

National Mental Health Month
The CDE encourages you to annually recognize May as National Mental Health Month.

National Physical Fitness and Sports Month
The CDE encourages you to annually recognize May as National Physical Fitness and Sports Month.

Law Day, U.S.A. (5/1/2026)
The CDE encourages you to annually recognize May 1 as Law Day, U.S.A. Law Day is an observance but is not a federal public holiday in the United States. Law Day is aimed at helping people appreciate their liberties and to affirm their loyalty to the United States, especially with regard to equality and justice. It also aims to cultivate respect for the law, which is vital to the democratic way of life.

Loyalty Day (5/1/2026)
The CDE encourages you to annually recognize May 1 as Loyalty Day. Loyalty Day is an observance, but it is not a public holiday in the United States. The United States of America was founded by patriots who risked their lives to bring freedom to the nation. The nation's founders are remembered on Loyalty Day, which is a day when people celebrate their freedom while remembering their responsibilities to continue the legacy of liberty. Loyalty Day is celebrated with parades and ceremonies in several communities across the United States. Schools, churches, and various organizations participate in these events.

School Principals Day (5/1/2026)
The CDE encourages you to annually recognize May 1 as School Principals Day.

School Lunch Hero Day (5/1/2026)
The CDE encourages you to recognize May 1, 2026, as School Lunch Hero Day. School Lunch Hero Day is celebrated annually on the first Friday in May.

National Teacher Appreciation Week (May 4–8, 2026)
The CDE encourages you to recognize May 4–8, 2026, as National Teacher Appreciation Week.

Teacher Appreciation Week is celebrated during the first full week of May each year.

Screen-Free Week (Formerly known as National TV-Turnoff Week; May 4–10, 2026)
The CDE encourages you to recognize May 4–10, 2026, as Screen-Free Week.

National Teacher Appreciation Day (5/5/2026)
The CDE encourages you to recognize May 5, 2026, as National Teacher Appreciation Day. National Teacher Appreciation Day, also known as National Teacher Day, is observed on Tuesday during Teacher Appreciation Week.

National School Nurse Day (5/6/2026)
The CDE encourages you to recognize May 6, 2026, as National School Nurse Day.

Mother's Day (5/10/2026)
The CDE encourages you to recognize May 10, 2026, as Mother's Day (36 *United States Code* 117). Mother's Day is celebrated annually on the second Sunday in May.

California Day of the Teacher (5/13/2026)
The CDE encourages you to recognize May 13, 2026, as California Day of the Teacher. California Day of the Teacher, celebrated on the second Wednesday of May, arose out of legislation co-sponsored by the California Teachers Association and the Association of Mexican American Educators. Senator Joseph Montoya wrote the bill, which was adopted in 1982. California has patterned its celebration after the traditional El Dia del Maestro festivities observed in Mexico and other Latin American countries.

California Student Mental Health Week (May 13–19, 2026)
The CDE encourages you to recognize May 13–19, 2026, as California Student Mental Health Week.

National Peace Officers Memorial Day (5/15/2026)
The CDE encourages you to annually recognize May 15 as National Peace Officers Memorial Day (36 *United States Code* 136). The United States flag is to be displayed at half-staff from sunrise to sunset.

National Police Week (May 15–21, 2026)
The CDE encourages you to recognize May 15–21, 2026, as National Police Week (36 *United States Code* 137).

Armed Forces Day (5/16/2026)
The CDE encourages you to recognize May 16, 2026, as Armed Forces Day. Armed Forces Day is celebrated on the third Saturday of May each year.

Classified School Employee Week (May 17–23, 2026)
The CDE encourages you to recognize May 17–23, 2026, as Classified School Employee Week. Classified School Employee Week is celebrated on the third full week in May each year, from Sunday to Saturday.

National Speech Pathologist Day (5/18/2026)
The CDE encourages you to annually recognize May 18 as National Speech Pathologist Day. In 2010, the United States dedicated May 18th as 'National Speech Pathologist Day'.

Harvey Milk Day (5/22/2026)
From California *Education Code* Section 37222.13: (a) May 22 of each year is designated and set apart as Harvey Milk Day, a day having special significance pursuant to Section 37222. (b) On Harvey Milk Day, all public schools and educational institutions are encouraged to conduct exercises remembering the life of Harvey Milk, recognizing his accomplishments, and familiarizing pupils with the contributions he made to this state.

National Missing Children's Day (5/25/2026)
The CDE encourages you annually recognize May 25 as National Missing Children's Day.

Memorial Day (5/25/2026)
Memorial Day is a public school holiday per California *Education Code* Section 37220. It is also a state holiday per *California Government Code* Section 6700. The CDE will be closed on Monday, May 25, 2026. Every Memorial Day, the U.S. flag is quickly raised to the tops of flagpoles, slowly lowered to half-mast, and then raised again to full height at noon. The time at half-mast is meant to honor the million-plus fallen U.S. soldiers who have died for their country over the years. Re-raising the flag is meant to symbolize the resolve of the living to carry on the fight for freedom so that the nation's heroes will not have died in vain.

World No Tobacco Day (5/31/2026)
The CDE encourages you to annually recognize May 31 as World No Tobacco Day.

June 2026

Ashara Mubaraka* (June 25–26, 2026)
Ashara Mubaraka is to be observed from June 25–26, 2026. For Muslims, this period commemorates the martyrdom of Imam Husain, the grandson of their prophet Muhammad, and his followers during the first ten days of Muharram.

Fireworks Safety Month
The CDE encourages you to annually recognize June 1 through July 4 as Fireworks Safety Month.

LGBTQ Pride Month
The CDE encourages you to annually recognize June as LGBTQ Pride Month.

National Fresh Fruit and Vegetables Month
The CDE encourages you to annually recognize June as National Fresh Fruit and Vegetables Month.

National Safety Month
The CDE encourages you to annually recognize June as National Safety Month.

World Environment Day (6/5/2026)
The CDE encourages you to annually recognize June 5th as World Environment Day.

National Flag Day (6/14/26)
The CDE encourages you to recognize June 14 as National Flag Day.

National Flag Week (June 14–20, 2026)
The CDE encourages you to recognize June 14–20, 2026 as National Flag Week (36 *United States Code* 122).

Juneteenth (6/19/2026)
The CDE encourages you to annually recognize June 19 as Juneteenth. Juneteenth is observed each year, commemorating the emancipation of the enslaved African Americans back on June 19, 1865. President Joe Biden signed the Juneteenth National Independence Day Act into law on June 17, 2021.

Father’s Day (6/21/2026)
The CDE encourages you to recognize June 21, 2026 as Father's Day (36 *United States Code* 109).

July 2026

July 4th (07/04/2026)
July 4, 2026 is a public school holiday per California *Education Code* Section 37220. July 4, 2025 is also a state holiday per California Government Code Section 6700.

August 2026

Children's Eye Health and Safety Month
The CDE encourages you to annually recognize August as Children's Eye Health and Safety Month.

National Immunization Awareness Month
The CDE encourages you to annually recognize August as National Immunization Awareness Month.

Women's Equality Day (8/26/2026)
The CDE encourages you to annually recognize August 26 as Women's Equality Day.

September 2026

Library Card Sign-Up Month
The CDE encourages you to annually recognize September as Library Card Sign-Up Month.

National Preparedness Month
The CDE encourages you to annually recognize September as National Preparedness Month

National School Success Month
The CDE encourages you to annually recognize September as National School Success Month.

Labor Day (9/7/2026)
Labor Day is a public school holiday, per California *Education Code* Section 37220, recognized on the first Monday of September every year. It is also a state holiday per California Government Code Section 6700. The CDE will be closed on Monday, September 7, 2026.

International Literacy Day (9/8/2026)
The CDE encourages you to annually recognize September 8 as International Literacy Day.

California Admission Day (9/9/2026)
The CDE encourages you to annually recognize September 9 as California Admission Day. California Admission Day is celebrated on September 9 to commemorate the anniversary of the 1850 admission of California into the Union as the thirty-first state.

Patriot Day (9/11/2026)
The CDE encourages you to annually recognize September 11 as Patriot Day. In the United States, Patriot Day, observed as the National Day of Service and Remembrance, occurs on September 11 of each year in memory of the 2,977 people killed in the 2001 September 11 attacks. The flag of the United States is flown at half-staff from sunrise to sunset (36 United States Code 144).

Rosh HaShanah Begins (9/11/2026)**
Rosh Hashanah begins at sundown on September 11, 2026, and ends at nightfall on September 13, 2026. On Rosh Hashanah, Jews celebrate God's creation of the world. Rosh Hashanah lasts for 48 hours, and it usually occurs during the month of September but this year takes place in October.

Rosh HaShanah Ends (9/13/2026)**
Rosh Hashanah concludes at nightfall on September 13 , 2026.

National Hispanic Heritage Month (September 15-October 15, 2026)
The CDE encourages you to annually recognize September as National Hispanic Heritage Month from September 15-October 15 (36 United States Code 126).

Constitution and Citizenship Day (9/17/2026)
The CDE encourages you to annually recognize September 17 as Constitution and Citizenship Day (36 United States Code 106). Constitution and Citizenship Day on September 17 commemorates the formation and signing of the Constitution of the United States on September 17, 1787. It is dedicated to all American citizens.

Constitution Week (September 17–23, 2026)
The CDE encourages you to annually recognize September 17–23 as Constitution Week (36 United States Code 108).

California Native American Day (9/25/2026)
From California *Education Code* Section 37220.7: (a) In addition to the holidays prescribed in Section 37220, public schools may be closed on the fourth Friday in September, known as "Native American Day," if the governing board, pursuant to a memorandum of understanding reached pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, agrees to close schools for that purpose. (b) On the fourth Friday in September, or if schools are closed on that date as specified in subdivision (a), on an alternate day determined by the governing board, public schools and educational institutions throughout (California) may include exercises, funded through existing resources, commemorating and directing attention to the many contributions that Native Americans have made to this country. The State Board of Education may adopt a model curriculum guide to be available for use by public schools for exercises related to Native American Day.

Gold Star Mother's Day (9/27/2026)
The CDE encourages you to recognize Sunday, September 27, 2026 as Gold Star Mother's Day. Gold Star Mother's Day is observed in the United States on the last Sunday of September each year. It is a day for people to recognize and honor those who have lost a son or daughter while serving in the United States Armed Forces.

October 2026

California School Bus Safety Month
The CDE encourages you to recognize each October as California School Bus Safety Month.

Character Education Month
The CDE encourages you to recognize each October as Character Education Month.

Crime Prevention Month
The CDE encourages you to recognize each October as National Crime Prevention Month.

Filipino American History Month
The CDE encourages you to recognize each October as Filipino American History Month.

National Disability Employment Awareness Month
The CDE encourages you to recognize each October as National Disability Employment Awareness Month (36 United States Code 121).

National Energy Awareness Month
The CDE encourages you to recognize each October as National Energy Awareness Month.

National Fire Prevention Week (October 4–10, 2026)
The CDE encourages you to recognize October 4–10, 2026 as National Fire Prevention Week. It has been observed the week including October 9th since 1922.

World Teachers' Day (10/5/2026)
The CDE encourages you to annually recognize October 5 as World Teachers' Day. This day was first created by the United Nations Educational, Scientific, and Cultural Foundation (UNESCO) in 1966 and remains a holiday today, celebrated every year on October 5th.

Child Health Day (10/5/2026)
The CDE encourages you to recognize October 5, 2026 as Child Health Day (36 United States Code 105). Child Health Day is celebrated annually on the first Monday of October.

World Mental Health Day (10/10/2026)
The CDE encourages you to annually recognize October 10 as World Mental Health Day.

Week of the School Administrator (October 12–18, 2026)
The CDE encourages you to recognize October 12–18, 2026 as Week of the School Administrator (California *Education Code* Section 44015.1). 44015.1. In observance of the importance of educational leadership at the school, school district, and county levels, the second full week in the month of October of each year shall be designated as "Week of the School Administrator". Schools, school districts, and county superintendents of schools are encouraged to observe the week with public recognition of the contribution that school administrators make to successful pupil achievement.

Columbus Day (10/12/2026)
The CDE encourages you to recognize October 12, 2026 as Columbus Day (36 United States Code 107). Columbus Day is celebrated annually on the second Monday of October and is not recognized as a school holiday in California.

Digital Citizenship Week (October 19–23, 2026)
The CDE encourages you to recognize October 19–23, 2026 as Digital Citizenship Week. This event is one of many efforts in California to build capacity for students and families to make safe, smart, and ethical decisions in the digital world. Digital Citizenship Week is recognized the third week of October each year.

Indigenous People's Day* (10/12/2026)
The CDE encourages you to recognize October 12, 2026 as Indigenous People's Day. It is observed annually on the second Monday in October. Indigenous People's Day is a holiday in the United States that celebrates and honors Native American peoples and commemorates their histories and cultures.

National School Lunch Week (October 12–16, 2026)
The CDE encourages you to recognize October 12–16, 2026 as National School Lunch Week. The week beginning on the second Monday in October is recognized as National School Lunch Week. (36 United States Code Section 132).

White Cane Safety Day (10/15/2026)
The CDE encourages you to annually recognize October 15 as White Cane Safety Day (36 United States Code 142).

World Food Day (10/16/2026)
The CDE encourages you to annually recognize October 16 as World Food Day.

America's Safe Schools Week (October 16–22, 2026)
The CDE encourages you to recognize October 16–22, 2026 as America's Safe Schools Week. America's Safe Schools Week occurs annually during the third full week in October, starting on Saturday.

Diwali* (11/8/2026)
Diwali is a festival of lights and one of the major festivals celebrated by Hindus, Buddhists, Jains, and Sikhs.

National School Bus Safety Week (October 19–23, 2026)
The CDE encourages you to recognize October 19–23, 2026 as National School Bus Safety Week.

United Nations Day (10/24/2026)
The CDE encourages you to annually recognize October 24 as United Nations Day.

Make a Difference Day (10/24/2026)
The CDE encourages you to recognize October 24, 2026 as Make a Difference Day. Make a Difference Day has been celebrated on the fourth Saturday of October since 1992.

November 2026

California Sikh American Awareness and Appreciation Month
The CDE encourages you to annually recognize November as California Sikh American Awareness and Appreciation Month.

Good Nutrition Month
The CDE encourages you to recognize each November as Good Nutrition Month.

National Child Safety and Protection Month
The CDE encourages you to recognize each November as National Child Safety and Protection Month.

National Family Literacy Month
The CDE encourages you to annually recognize November as National Family Literacy Month. It's a celebration aimed at raising awareness and fostering family literacy by encouraging parents and guardians to read to their children.

National Native American Heritage Month
The CDE encourages you to annually recognize November as National Native American Heritage Month. President George H. W. Bush approved a joint resolution in 1990 designating November as National American Indian Heritage Month.

Retired Teachers Week (November 1–7, 2026)
The CDE encourages you to recognize November 1–7, 2026 as Retired Teachers Week. Since 1998, the California Retired Teachers Association has sponsored Retired Teachers Week as a way to not only spotlight members' extensive volunteerism but to encourage others to do the same.

National School Psychology Week (November 3–7, 2026)
The CDE encourages you to recognize November 3–7, 2026 as National School Psychology Week. National School Psychology Week, sponsored by the National Association of School Psychologists, is observed annually during the first week of November.

Veterans Day (11/11/2026)
Veterans Day is a public school holiday per California Education Code Section 37220(8). The CDE will be closed on Tuesday, November 11, 2026.

Ruby Bridges Walk to School Day (11/14/2026)
The CDE encourages you to annually recognize November 14 as Ruby Bridges Walk to School Day. This day honors Ruby Bridges, who in 1960 became the first African American student to integrate an all-white elementary school in the South, marking an important milestone in the Civil Rights Movement.

American Education Week (November 15–21, 2026)
The CDE encourages you to recognize November 15–21, 2026 as American Education Week. American Education Week happens the week prior to the week of Thanksgiving.

National Family Week (November 23–29, 2026)
The CDE encourages you to recognize November 23–29, 2026 as National Family Week. National Family Week has been observed during the week of Thanksgiving since 1987.

Thanksgiving Day (11/26/2026)
The CDE encourages you to recognize November 26, 2026 as Thanksgiving Day (California *Education Code* Section 37220). Thanksgiving Day is a United States national holiday celebrated annually on the fourth Thursday of November. All public schools and the CDE will be closed for the Thanksgiving Day holiday.

December 2026

National Special Education Day (12/2/2026)
The CDE encourages you to annually recognize December 2nd as National Special Education Day. National Special Education Day is dedicated to honoring the federal special education law instituted on December 2, 1972, and the students, teachers, and administration striving to make special education possible for special students.

Hanukkah Begins (12/5/2026)**
Hanukkah begins on the evening of December 5, 2026, and ends at sundown on December 12, 2026.

Computer Science Education Week (December 7–13, 2026)
The CDE encourages you to recognize December 7–13, 2026 as Computer Science Education Week. Computer Science Education Week is celebrated Monday through Sunday each year during the week of the 9th.

National Pearl Harbor Remembrance Day (12/7/2026)
The CDE encourages you to annually recognize December 7th as National Pearl Harbor Remembrance Day (36 United States Code 129).

Hanukkah Ends (12/12/2026)**
Hanukkah ends at sundown on December 12, 2026.

December 25 Christmas* (12/25/2025)
December 25 is annually designated as a public school holiday (California *Education Code* Section 37220).

Kwanzaa Begins* (12/26/2026)
Kwanzaa begins annually on December 26.

* Dates denoted by an asterisk represent major religious and cultural holidays.

** Dates denoted by two asterisks indicate the observance of major religious holidays that begin at sundown preceding the first or only day.

Religious holidays are listed solely to increase awareness for schedulers and to minimize conflicts for all families, and not to endorse any particular religion, or belief or nonbelief in general.The omission of any major religious holiday is not intended.All religious convictions, as well as nonbelief, should be treated with fairness and respect.

AGENDA ITEM

Agenda Title: Equipment Replacement Needs
Meeting Date: February 12, 2026
Item: Informational Only Items

WHAT *(the board is asked to discuss, receive, approve, or adopt)*
The Governing Board is asked to receive an update regarding equipment and vehicle replacement needs for the District.

WHY *(briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)*
Capital equipment and vehicle needs have been identified across the District. A plan for replacing and/or upgrading items is needed for budgeting purposes and to ensure uninterrupted operations.

Strategic Design - Vision
Applied to the "Fiscal Integrity of the District" Portion of the Strategic Framework

HISTORY *(list previous staff or board action(s) with dates if possible)*
This is an annual report.

HOW MUCH *(list the revenue amount $ and/or the expense amount $)*
Estimated costs for replacing/purchasing equipment and vehicles are indicated in the Equipment Replacement Needs list. The list is based on current use and staffing levels. Changes in use or staffing levels may cause the need for revision to this list.

WHO *(list the name of the contact person(s), job title, and site location)*
Paul Ziegler, Assistant Superintendent of Business Services

Description
Adulte Education Update.pdf

Eureka Adult Education Program

Current Enrollment (as of February 1, 2026):

- The High School Diploma program currently serves 108 registered adult students (registered = met with an instructor at least once)
- 20 students have graduated since July 1, 2026 with more expected
- Adult Education is on track to match last year's total of 50 graduates
- 10 students are currently enrolled in the Certified Nursing Assistant (CNA) course
- 15 students have completed the CNA program this school year

Class Schedules

Adult Education courses are offered during the regular school year. There are specific sessions for the Certified Nursing Assistant (CNA) program.

The High School Diploma program has open enrollment and is free to the public. Adult Education teachers hold drop-in times in addition to structured classes.

Updates to the Program

- Held an Adult Education High School Diploma graduation for the first time in over 10 years. The event was highly successful and will be repeated this June
- Began research into becoming a CNA testing facility to expand program offerings
- Recovered 2,200 student transcripts from an archived server
- Integrated Native American Studies Model Curriculum into course offerings
- Added an in-person evening Algebra course

Consortium Update

The Adult Education Consortium consists of four members (ECS, College of the Redwoods, Northern Humboldt UHSD, and Del Norte USD) that meet regularly to address funding and reporting requirements. Plans for future development will be communicated as they develop.

Staff:
Rebecca Twiss,
Adult Education Teacher
Angela Beeson,
CNA Program Coordinator
Paul Claussen,
Director, Adult Education Program
