It is an improvement or purpose the Township may lawfully undertake as a general improvement, and no part of the cost thereof has been or shall be specially assessed on property specially benefitted thereby.

(b) The period of usefulness of the improvement or purpose, within the limitations of the Local Bond Law, is 14.79 years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the office of the Clerk, and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey. Such statement shows that the

gross debt of the Township as defined in the Local Bond Law is increased by the authorization of the bonds and notes provided in this bond ordinance by $3,282,000.00, and the obligations authorized herein will be within all debt limitations prescribed by that Law.

(d) An aggregate amount not exceeding $700,000 for items of expense listed in and permitted under N.J.S.A. 40A:2-20 is included in the estimated cost indicated herein for the improvement or purpose.

(e) This bond ordinance authorizes obligations of the Township solely for purposes described in N.J.S.A. 40A:2-7(h). The obligations authorized herein are to be issued for a purpose that is deemed to be self-liquidating pursuant to N.J.S.A. 40A:2-47(a) and are deductible from gross debt pursuant to N.J.S.A. 40A:2-44(c).

(f) The Township reasonably expects to commence the acquisition of the improvement or purpose described in Section 3 hereof, and to advance all or a portion of the costs in respect thereof, prior to the issuance of bonds or notes hereunder. To the extent such costs are advanced, the Township further reasonably expects to reimburse such expenditures from the proceeds of the bonds or notes authorized by this bond ordinance, in an aggregate amount not to exceed the amount of bonds or notes authorized in Section 1 hereof.

Section 7. Any grant moneys received for the purposes described in Section 3 hereof shall be applied either to direct payment of the cost of the improvements or to payment of the obligations issued pursuant to this bond ordinance. The amount of obligations authorized hereunder shall be reduced to the extent that such funds are so used.

Section 8. The full faith and credit of the Township is hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the Township, and the Township shall be obligated to levy ad valorem taxes upon all the taxable real property within the Township for the payment of the obligations and the interest thereon without limitation as to rate or amount.

Section 9. The Township Council hereby covenants on behalf of the Township to take any action necessary or refrain from taking such action in order to preserve the tax-exempt status of the bonds and notes authorized hereunder as is or may be required under the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder (the "Code"), including compliance with the Code with regard to the use, expenditure, investment, timely reporting and rebate of investment earnings as may be required thereunder.

Section 10. To the extent that any previous ordinance or resolution is inconsistent herewith or contradictory hereto, said ordinance or resolution is hereby repealed or amended to the extent necessary to make it consistent herewith.

Section 11. This bond ordinance shall take effect 20 days after the first publication thereof after final adoption, as provided by the Local Bond Law.

SHARED SERVICE AGREEMENT BETWEEN THE TOWNSHIP OF EVESHAM AND THE LENAPE REGIONAL HIGH SCHOOL DISTRICT BOARD OF EDUCATION

SCHOOL RESOURCE OFFICER AGREEMENT

THIS AGREEMENT is made this 1 day of April, 2026 between the Township of Evesham ("Township") and the Lenape Regional High School District Board of Education ("School District").

WHEREAS, the School District and Township desire to provide the services of two (2) School Resource (Police) Officers assigned to the students and staff of the School District (Cherokee High School/Sequoia High School); and

WHEREAS, both parties recognize the potential benefits of this program to the citizens of the Township and to the students and staff of the School District; and

WHEREAS, pursuant to N.J.S.A. 40A:65-1 et seq., municipalities and local boards of education may enter into agreements for shared services with other municipalities and local boards of education to provide or receive any service that the local unit participating in the agreement is empowered to provide or receive within its own jurisdiction, and

WHEREAS, it is in the best interest of the School District and the Township to continue this program; and

NOW THEREFORE, it is agreed that the Township shall supply School Resource (Police) Officers to the School District to be assigned upon the following terms and conditions:

1. Hours

The School District and Township agree to assign full-time, SLEO II, and SLEO III School Resource Officers ("SRO") for the 2026-2027 school years as established by the School District (180 days per school year). The exception may be in the case of emergency, as directed by the Chief of Police. These hours may include a) standard school hours, b) school events on evenings or weekends and c) such other assignment as determined by the Chief of Police in consultation with the Superintendent of Schools. The SRO shall be available for response to the Evesham Police at all times, and, for this reason, shall never be assigned a function at the School District that would leave students without District Supervision if the officer is called away from the School District on a police emergency.

a) The officer's schedule shall be prepared by the Chief of Police or his designee.

The officer's hours shall generally be structured around the school day but may be adjusted for special events or other activities. The School District shall provide a school calendar prior to the beginning of the school year to permit scheduling for school events and holidays.

b) If the officer is required to work evenings or weekends, the officer's daytime work hours shall be adjusted accordingly, so that the total weekly hours worked do not require payment of overtime.

c) Time spent in court, attending interagency meetings, and investigating school-related crimes are within the scope of the officer's duties and are considered duty hours.

d) If the officer must respond to an Evesham Police call during his scheduled hours at the school, there will be no credit given to the District for the time the officer was off-premises.

2. Selection of Officer

The officer shall be selected by the Chief of Police in consultation with the School District. The School District may meet with and interview the officer to determine if the officer is suitable for working in a school environment. If the School District finds the officer selected by the Chief of Police to be unacceptable, the Chief may select another officer or, in the alternative, revoke this agreement. In order to maintain continuity, the Chief shall not change officer assignment during the school year; unless circumstances arise that require a change.

a) The officer assigned to the SRO position will be evaluated by the Chief of Police at the end of the assignment. The School District will be provided the opportunity to provide comment prior to the evaluation.

3. Officer as Employee of the Municipality

Although assigned to the School District on a full-time basis, the police officer so assigned remains an employee of the Township and its Police Department. The officer shall remain subject to all rules and regulations of the Police Department and shall not be considered an employee of the School District. The officer so assigned shall remain available to the Police Department during the hours worked at the School District and shall be available as needed for Police matters.

4. Duties of Assigned Officer

The duties of the SRO performed at the schools shall be determined by the Chief of Police in cooperation with the Superintendent of Schools and/or the Superintendent's designee. Duties of the assigned officer may include, but are not limited to, the following:

a) The SRO is responsible to report directly to the Evesham Police Department and to follow all agency policies and procedures.

b) The SRO position is a uniformed position unless otherwise agreed.

c) The SRO officer's direct supervisor (during the school year) will be the Chief of Police or his designee, and the SRO will work closely with the members of the Department's Investigative Bureau to ensure a safe environment for the student population and staff.

d) The SRO will enforce all federal, state and local laws while on School District property.

e) To the extent appropriate for law enforcement officers, the SRO will enforce all Board of Education policies and Administrative Regulations with regard to student conduct.

f) The SRO will investigate all criminal activity committed on or adjacent to school property and does not need the permission from any school official to take law enforcement action.

g) The SRO will work closely with specially trained officers to correct any issues surrounding the flow of traffic, as well as parking, in and around the School District.

h) The SRO will assist outside law enforcement agencies with their investigations on school property upon obtaining approval from the Chief of Police or his designee.

i) The SRO will assist the School District with security at certain designated events or functions, whether on or off campus, at the request of the Superintendent or his designee.

j) The SRO will be the lead person for the Township Police Department on all security issues surrounding the School District, including the CCTV system.

k) To the extent appropriate, the SRO will be the lead investigator on any threats against the school.

l) The SRO will coordinate and communicate with the School Principal at least once per week for the current school that the officer is assigned.

m) The SRO, in consultation with the School Principal, may participate in

informal presentations and student/staff interactions as needed.

n) The SRO's designated supervisor will make periodic visits to the schools to ensure the officer is performing his/her duties to the best of his abilities and to the satisfaction of the School District.

o) The SRO will notify the School Principal or designee as soon as reasonably possible whenever there are any significant enforcement activities on a school campus, including the arrest of a student or staff member.

p) The SRO will not participate in any Administrative searches conducted by school officials unless needed for safety and security or to hold contraband. Any search so conducted by the SRO will be based upon probable cause or one of the recognized warrant exceptions or consent. (See Section 7 below)

q) The SRO will participate in a limited capacity with Stationhouse Adjustments as provided and permitted by the Police Department and, in limited situations, in separately created disciplinary programs coordinated by the School District.

r) The SRO will conduct investigations into any acts of truancy reported by the School District.

s) The SRO will be assigned to provide services at the following school: Cherokee High School/Sequoia High School.

5. Uniforms

The SRO shall wear a uniform in order to maintain a visible presence in the school unless, at the discretion of the Chief of Police or his designee in consultation with the School District, it is determined that the officer is engaged in an activity for which a uniform would be inappropriate.

6. Weapons

The SRO shall carry a weapon when authorized by the Chief of Police. At the discretion of the Chief or his designee, the weapon shall be carried either:

a) Openly, in those circumstances where an armed presence may provide a useful deterrent, or when required by Department uniform regulations; or

b) Concealed when in the opinion of the Chief of Police or his designees, to be necessary in the proper performance of the officer's duties and assignments.

7. Searches

The SRO shall not be routinely requested to participate in all student searches conducted by school officials. School officials may search a student based upon reasonable suspicion. A law enforcement officer must meet the more stringent requirements of probable cause in order to justify a search, and is usually required to first obtain a search warrant. Requiring the assigned officer to conduct or participate in all student searches would invalidate searches conducted by school officials based on the lesser standard of reasonable suspicion. However, officers may conduct searches under circumstances where a search by a law enforcement officer is permitted by law.

8. School Discipline

The SRO shall not act or be asked or directed to act as a school disciplinarian. Disciplining students is a school responsibility. However, if the principal believes an incident may be a violation of the law, the principal may contact the SRO, who shall then determine whether law enforcement action is necessary. SROs are not to be used for regularly assigned lunchroom duties or hall monitoring.

9. Communication

The Superintendent of Schools and the Chief of Police shall maintain open communications regarding the progress and effectiveness of the program. Each school shall also designate an administrator to act as a liaison with the officer assigned.

10. Program Funding

The program shall be funded as follows:

a) The School District shall contribute a specified amount toward the cost of operating the program, such amount to be determined annually by the Township Manager and Superintendent of Schools and approved by the Board of Education and Township Council. This amount shall be paid on or before December 31st of the calendar year to the Township in such manner and with such supporting documentation as required by the Township and School District:

- For the school year 2026-2027, the annual School District contribution shall be $123,500.00 (annual salary of $56,800.00 plus 7.658% tax of $4,350.00 for a total of $61,150.00, plus $600.00 equipment x 2 officers).

- To be paid on or before December 31, 2026, or in equal payments over the 10-month school year with the first payment to be made on or before September 1, 2026.

b) The parties understand and agree that the limitation of program costs is essential and, to that end, agree that the scheduling of the officer shall be done in such manner and with full cooperation of the parties so as to preclude the need for overtime or compensatory pay to the officer and to assure required shift coverage for the Township Police Department.

c) The School District agrees if one SRO is off on a given day, the Township will make every effort, absent of emergent staffing issues, to fill the vacancy with another SRO. If the vacant position cannot be filled, the SRO position that is off will not be staffed and the entire school will be staffed with the one SRO for that respective day.

11. Indemnification

The Township shall and does hereby agree to indemnify the School District, its agents, employees, servants, and/or contractors and hold them harmless and shall defend it and them from and against any and all claims, actions, damages, liabilities, and expenses, including attorneys' and other professional fees, in connection with any loss, claim, or liability arising from or out of the performance of the officer's work hereunder including, but not limited to, the officer's negligent act or omission. It is the parties' intention that this indemnification provision shall be interpreted to be broad in nature, whereby the Township agrees to indemnify the School District unless it is determined that the School District was solely negligent.

12. Insurance

The Township, at its own cost and expense, shall at all times during the term of this Agreement, insure the School District for the officers' actions and in connection with the Township's worker's compensation, general liability, legal liability, and/or umbrella insurance policies in effect, and shall name the School District as an additional insured or loss payee, as the case may be. The minimum coverage limits shall be maintained in accordance with the Township's current policies in effect. The Township shall provide the School District with a Certificate of Insurance showing the School District as an additional insured. The Certificate shall provide for ten (10) days written notice to the School District in the event of cancellation or material change of coverage.

13. Term of Agreement

The term of this Agreement is one year, effective as of July 1, 2026 and ending on

June 30, 2027. The Agreement shall be renewed and extended annually for additional and successive one-year terms unless notice of nonrenewal is given by either party, in writing prior to May 15th of the initial or any succeeding term, all such renewals being subject to the availability of funding. Either the Township or the School District, upon thirty (30) days written notice, may revoke this Agreement prior to its expiration. The Township, School District, and SRO understand and agree that all work by the officer must conform and be done in accordance with the "Uniform Memorandum of Agreement Between Education and Law Enforcement Officials" and State and Federal law, the directives of the Attorney General of the State of New Jersey, the Burlington County Prosecutor, the Commissioner of Education and the State Board of Education, New Jersey, and the rules and regulations governing the operation of schools.

School finds the officer selected by the Chief of Police to be unacceptable, the Chief may select another officer or, in the alternative, revoke this agreement. In order to maintain continuity, the Chief shall not change officer assignment during the school year; unless circumstances arise that require a change.

a) The officer assigned to the SRO position will be evaluated by the Chief of Police at the end of the assignment. The School District and Y.A.L.E. School will be provided the opportunity to provide comment prior to the evaluation.

3. Officer as Employee of the Municipality

Although assigned to the School District and Y.A.L.E. School on a full-time basis, the police officer so assigned remains an employee of the Township and its Police Department. The officer shall remain subject to all rules and regulations of the Police

Department and shall not be considered an employee of the School District or Y.A.L.E. School. The officer so assigned shall remain available to the Police Department during the hours worked at the School District and Y.A.L.E. School and shall be available as needed for Police matters.

4. Duties of Assigned Officer

The duties of the SRO performed at the schools shall be determined by the Chief of Police in cooperation with the Superintendent of Schools and/or the Superintendent's designee, and the Y.A.L.E. School Principal/Director or designee. Duties of the assigned officer may include, but are not limited to, the following:

a) The SRO is responsible to report directly to the Evesham Police Department and to follow all agency policies and procedures.

b) The SRO position is a uniformed position unless otherwise agreed.

c) The SRO officer's direct supervisor (during the school year) will be the Chief of Police or his designee, and the SRO will work closely with the members of the Department's Investigative Bureau to ensure a safe environment for the student population and staff.

d) The SRO will enforce all federal, state and local laws while on School District/Y.A.L.E. School property.

e) To the extent appropriate for law enforcement officers, the SRO will enforce all Board of Education and Y.A.L.E. School policies and Administrative Regulations with regard to student conduct.

f) The SRO will investigate all criminal activity committed on or adjacent to school property and does not need the permission from any school official to take law enforcement action.

g) The SRO will work closely with specially trained officers to correct any issues surrounding the flow of traffic, as well as parking, in and around the School District/Y.A.L.E. School property.

h) The SRO will assist outside law enforcement agencies with their investigations on school property upon obtaining approval from the Chief of Police or his designee.

i) The SRO will assist the School District and Y.A.L.E School with security at certain designated events or functions, whether on or off campus, at the request of the Superintendent or his designee.

j) The SRO will be the lead person for the Township Police Department on all

security issues surrounding the School District and Y.A.L.E School, including the CCTV system.

k) To the extent appropriate, the SRO will be the lead investigator on any threats against the school.

l) The SRO will coordinate and communicate with the School Principals/Director at least once per week for the current school that the officer is assigned.

m) The SRO, in consultation with the School Principals/Director, may participate in informal presentations and student/staff interactions as needed.

n) The SRO's designated supervisor will make periodic visits to the schools to ensure the officer is performing his duties to the best of his/her abilities and to the satisfaction of the School District and Y.A.L.E. School.

o) The SRO will notify the School Principals, Director, or designee as soon as reasonably possible whenever there are any significant enforcement activities on a school campus, including the arrest of a student or staff member.

p) The SRO will not participate in any Administrative search conducted by school officials unless needed for safety and security or to hold contraband. Any search so conducted by the SRO will be based upon probable cause or one of the recognized warrant exceptions or consent. (See Section 7 below)

q) The SRO will participate in a limited capacity with Stationhouse Adjustments as provided and permitted by the Police Department and, in limited situations, in separately created disciplinary programs coordinated by the School District and Y.A.L.E. School.

r) The SRO will conduct investigations into any acts of truancy reported by the School District and Y.A.L.E. School.

s) The SRO will be assigned to provide services at the following school: Sequoia Alternative Program/Y.A.L.E. Southeast Inc., Marlton Campus.

5. Uniforms

The SRO shall wear a uniform in order to maintain a visible presence in the school unless, at the discretion of the Chief of Police or his designee in consultation with the School District and Y.A.L.E. School, it is determined that the officer is engaged in an activity for which a uniform would be inappropriate.

6. Weapons

The SRO shall carry a weapon when authorized by the Chief of Police. At the discretion of the Chief or his designee, the weapon shall be carried either:

a) Openly, in those circumstances where an armed presence may provide a useful deterrent, or when required by Department uniform regulations; or

b) Concealed when in the opinion of the Chief of Police or his designees, to be necessary in the proper performance of the officer's duties and assignments.

7. Searches

The SRO shall not be routinely requested to participate in all student searches conducted by school officials. School officials may search a student based upon reasonable suspicion. A law enforcement officer must meet the more stringent requirements of probable cause in order to justify a search, and is usually required to first obtain a search warrant. Requiring the assigned officer to conduct or participate in all student searches would invalidate searches conducted by school officials based on the lesser standard of reasonable suspicion. However, officers may conduct searches under circumstances where a search by a law enforcement officer is permitted by law.

8. School Discipline

The SRO shall not act or be asked or directed to act as a school disciplinarian. Disciplining students is a school responsibility. However, if the Principal/Director believes an incident may be a violation of the law, the Principal/Director may contact the SRO, who shall then determine whether law enforcement action is necessary. SROs are not to be used for regularly assigned lunchroom duties or hall monitoring.

9. Communication

The Superintendent of Schools, the Principal and Director for the Y.A.L.E. School, and the Chief of Police shall maintain open communications regarding the progress and effectiveness of the program. Each school shall also designate an administrator to act as a liaison with the officer assigned.

10. Program Funding

The program shall be funded as follows:

a) The School District and the Y.A.L.E. School shall contribute a specified amount

toward the cost of operating the program, such amount to be determined annually by the Township Manager, Superintendent of Schools and Principal/Director o of the Y.A.L.E Schools, and approved by the Board of Education and Township Council. This amount shall be paid on or before December 31st of the calendar year to the Township in such manner and with such supporting documentation as required by the Township, the School District and the Y.A.L.E. School:

- For the school year 2026-2027, 2027-2028, and 2028-20229 school years, the annual School District and Y.A.L.E. School contribution shall be $31,402.50 each (annual salary of $56,800.00 plus 7.658% tax $4,350.00 for a total of $61,500.00, plus $1,655.00 equipment/2). To be paid in full on or before December 31, 2026.

b) The parties understand and agree that the limitation of program costs is essential and, to that end, agree that the scheduling of the officer shall be done in such manner and with full cooperation of the parties so as to preclude the need for overtime or compensatory pay to the officer and to assure required shift coverage for the Township Police Department.

c) The SRO annual salary for the year is based on a schedule consisting of 1440 hours (180 school days). It is understood that the calendars for the School District and Y.A.L.E. School may be different, and that one school may be in session when one is not. The SRO will be present when one or both schools are in session. The School District and Y.A.L.E. School will be billed for any hours worked over the 1440 annual hours at the hourly rate of $38.38.

11. Indemnification

The Township shall and does hereby agree to indemnify the School District, the Y.A.L.E. School , its agents, employees, servants, and/or contractors and hold them harmless and shall defend it and them from and against any and all claims, actions, damages, liabilities, and expenses, including attorneys' and other professional fees, in connection with any loss, claim, or liability arising from or out of the performance of the officer's work hereunder including, but not limited to, the officer's negligent act or omission. It is the parties' intention that this indemnification provision shall be interpreted to be broad in nature, whereby the Township agrees to indemnify the School District and Y.A.L.E. School unless it is determined that the School District and Y.A.L.E. School was solely negligent.

12. Insurance

The Township, at its own cost and expense, shall at all times during the term of this Agreement, insure the School District and Y.A.L.E. School for the officers' actions and in connection with the Township's worker's compensation, general liability, legal liability, and/or umbrella insurance policies in effect, and shall name the School District and Y.A.L.E School as an additional insured or loss payee, as the case may be. The minimum coverage limits shall be maintained in accordance with the Township's current policies in effect. The Township shall provide the School District and Y.A.L.E. School with a Certificate of Insurance showing the School District and Y.A.L.E. School as an additional insured. The Certificate shall provide for ten (10) days written notice to the School District and Y.A.L.E. School in the event of cancellation or material change of coverage.

13. Term of Agreement

The term of this Agreement is one year, effective as of July 1, 2026 and ending on June 30, 2029. The Agreement shall be renewed and extended annually for additional and successive one-year terms unless notice of nonrenewal is given by either party, in writing, prior to May 15th of the initial or any succeeding term, all such renewals being subject to the availability of funding. Either the Township, School District or Y.A.L.E. School, upon thirty (30) days written notice, may revoke this Agreement prior to its expiration. The Township, School District, Y.A.L.E. School, and SRO understand and agree that all work by the officer must conform and be done in accordance with the "Uniform Memorandum of Agreement Between Education and Law Enforcement Officials" and State and Federal law, the directives of the Attorney General of the State of New Jersey, the Burlington County Prosecutor, the Commissioner of Education and the State Board of Education, New Jersey, and the rules and regulations governing the operation of schools.
