The service requires the vendor to provide (3) options of sweeping services. The contractor shall complete, Option 1; an annual sweeping of all municipal roads, Option 2; general sweeping services as needed based on (8) hours during the normal workday Monday – Friday, (8) hours on Saturday and overtime, or option 3 sweeping services to assist during leaf collection based on (8) hours during the normal workday Monday – Friday, (8) hours on Saturday as well as "overtime".

Ref: Contract award recommendation, Construction and Demolition (C&D) Waste (type 13C) Disposal facility, Green Guys Recycling Solutions

The Department of Public Works operates a full service recycling center which provides residents with a responsible way to dispose of all residential recyclable and waste materials. The successful operation of the center creates the need for a plan to dispose of the waste and recycling materials collected. One of the primary materials handled which needs a proper disposal facility is C&D (type 13C) waste.

A detailed specification was created for this service, advertised and sent to vendors with a bid opening on September 3, 2025. Green Guys Recycling Solutions submitted pricing for Service Level I, (disposal only), which totals $122.95 per ton. It is not recommended to award Service Level II, (Container service with disposal), as it was found not to be cost effective or advantageous for current operational needs.

After reviewing the bid proposals, I am recommending that the contract for as-needed Construction and Demolition (C&D) Waste (type 13C, Service level I) Disposal Services be awarded to Green Guys Recycling Solutions. The contract will be effective for one year, with a one-year renewal option, and will have an annual not-to-exceed value of $200,000. No funds certification is required at this time due to the as-needed nature of the services.
