TOWNSHIP OF EVESHAM
ORDINANCE NO. 30-10-2026

AMENDING THE CODE OF THE TOWNSHIP OF EVESHAM BY ADDING A NEW CHAPTER 73 ENTITLED: "FILMMAKING"

WHEREAS, N.J.S.A. 40:48-2 authorizes municipalities to adopt "such other ordinances, regulations, rules and bylaws not contrary to the laws of this State or of the United States, as it may deem necessary and proper for the good government, order and protections of persons and property, and for the preservation of the public health, safety and welfare of the municipality and its inhabitants…"; and

WHEREAS, it is the desire of the Township Council to abide by said statute and to establish rules, regulations, and associated fees between the township and a filmmaker for any filmmaking within the township.

NOW, THEREFORE, BE IT ORDAINED AND ENACTED by the Township Council of the Township of Evesham in the County of Burlington and State of New Jersey, that the Code of the Township of Evesham is hereby amended by adding a new Chapter 73, entitled: "Filmmaking", as follows:

Section I.

§ 73-1. **Definitions.**

For the purposes of this Chapter, the following terms, phrases, words and their derivations shall have the meanings ascribed herein.

FILMING

The taking of still or motion pictures either on film or videotape or similar recording medium for commercial or educational purposes intended for viewing on television or the internet, in theaters, major linear broadcast network or streaming platforms, or for institutional uses. The provisions of this chapter shall not be deemed to include the "filming" of news stories within the Township of Evesham.

FILM PERMIT

A Film Permit means an official authorization from a town, borough, city, county, or government agency that grants a production entity legal permission to film on public property while ensuring compliance with local laws and managing potential disruptions, including but not limited to noise, light levels, traffic, and activities involving stunts or equipment. It acts as an agreement detailing the scope of filming, including location, time, crew, and effects, and protects filmmakers from fines and legal issues while establishing professionalism.

LOCATION FEE

A Location Fee means a charge assessed and negotiated between a town and a production entity to allow the use of the town's premises and/or land for film and television projects. The Location Fee is intended to provide a fair return for using the space and cover administrative or operational costs. Location Fees should specify the payment amount, schedule, and terms, including rates for preparation days, filming days, overtime, and cancellation policies.

MAJOR MOTION PICTURE

(a) Any film which is financed and/or distributed by a motion picture studio, including, but not limited to, the following:

(1) NBCUniversal, including Peacock;

(2) Warner Brothers Discovery, including New Line Cinema, HBO, DC Studios and, Castle Rock Entertainment

(3) Paramount Pictures, including Miramax, MTV Films, Showtime, Skydance, Dreamworks and Nickelodeon Movies;

§ 73-2. **Permit required.**

A. No person or organization shall film or permit filming on public lands, or on private property, where such filming involves the use of public property for the operation, placement or temporary storage of vehicles or equipment utilized in such filming, including, but not limited to, any temporary structure, barricade or device intended to restrict or block off pedestrian or vehicular traffic, without first having obtained a film permit from the office of the Municipal Clerk, which permit shall set forth the approved location of such filming and the approved duration of such filming by specific reference to day or dates. Said film permit must be readily available for inspection by township officials at all times at the site of the filming.

B. All film permits shall be applied for and obtained from the office of the Municipal Clerk during normal business hours. Applications for such permits shall be in a form approved by the Municipal Clerk and be accompanied by a permit fee in the amount established as noted in §73-10 of this chapter.

C. If a film permit is issued and, due to inclement weather or other good cause, filming does not in fact take place on the dates specified, the Municipal Clerk may, at the request of the applicant, issue a new permit for filming on other dates subject to full compliance with all other provisions of this chapter. No additional fee shall be paid for this permit.

§ 73-3. **Issuance of permits, Requirements and Regulations**

A. No film permits will be issued by the Municipal Clerk unless applied for at least fourteen (14) or more business days prior to the requested shooting date; provided, however, that the Township Manager may waive the four-day period if, in the Township Manager's judgment, the applicant has obtained all related approvals, and adjacent property owners or tenants do not need to be notified.

B. No permit shall be issued for filming upon public lands in the Township of Evesham unless the applicant shall provide the Township with satisfactory proof of the following:

(1) Certificate of insurance specifically designating the Township of Evesham as an additional insured, providing general liability, bodily injury and property damage coverage with minimum limits of liability not less than $1,000,000 combined single limit. Said certificate shall state that "the issuing company shall mail 30 days' written notice to the certificate holder named, certified mail return receipt."

(a) For bodily injury to any one person in the amount of $500,000 and any occurrence in the aggregate amount of $1,000,000.

(b) For property damage for each occurrence in the aggregate amount of $300,000.

(2) An agreement in writing whereby the applicant agrees to indemnify and save harmless the Township of Evesham from any and all liability, expense, claim or damages resulting from the use of public lands.

(3) The hiring of an off-duty police officer, if required by the Chief of Police, and firefighters, if required by the Fire Chief, according to the agreed upon public safety plan, for the times indicated on the permit.

(4) The posting of a cash bond or a maintenance bond of $1,000 in favor of the Township and protecting and insuring that the location utilized will be left after filming in satisfactory condition free of debris, rubbish and equipment, and that all Township ordinances, laws and regulations will be followed. Within thirty (30) days of completion of the filming, the Township will return the bond if there has been no damage to public property or public expense caused by the filming.

(5) The holder shall avoid any interference with previously scheduled activities upon public lands and limit, to the extent possible, any interference with normal public activity on such public lands. Where the applicant's production activity, by reason of location or otherwise, will directly involve and/or affect any businesses, merchants or residents, these parties shall be given written notice of the filming at least three days prior to the requested shooting date and be informed that objections may be filed with the Municipal Clerk, said objections to form a part of applicant's application and be considered in the review of the same. Proof of service of notification to adjacent owners shall be submitted to the Municipal Clerk within two days of the requested shooting date

(6) Special regulations for Major Motion Pictures.

a. When filming is requested for a major motion picture, the approved location of such filming and the approved duration of such filming by specific reference by day or dates may exceed three consecutive days in duration or ten days per calendar year if good cause is shown in accordance § 73-5**.**

b. Any days necessary to be used for setup and preparation for a major motion picture filming may, in the discretion of the Township Manager, be counted as a filming day where such setup is anticipated to involve one or more of the factors set forth in § 73-5**.**

C. The holder of the permit shall take all reasonable steps to minimize interference with the free passage of pedestrians and traffic over public lands and shall comply with all lawful directives issued by the Evesham Township Police Department with respect thereto.

D. The holder of a permit shall conduct filming in such a manner as to minimize the inconvenience or discomfort to adjoining property owners attributable to such filming and shall, to the extent practicable, abate noise and park vehicles associated with such filming off the public streets. The permit holder shall avoid any interference with previously scheduled activities upon public lands and limit, to the extent possible, any interference with normal public activity on public lands.

E. Filming in residential zones shall be permitted any day of the week beginning at 7:00 am, however filming must end by 9:00 pm and all crews must wrap no later than 10:00 pm. Any requests for filming after 9:00 pm shall be approved in the permit or by a waiver granted on at least 24-hours written notice to all property owners within 200 feet of the proposed night or weekend filming. All filming activities shall abide by the rules and regulations of Chapter 104 of the code of the Township of Evesham.

F. Copies of the approved permit will be sent to the affected departments before filming takes place. The applicant shall permit the Evesham Fire Rescue or other Township inspectors to inspect the site and the equipment to be used. The applicant shall comply with all safety instructions issued by the Evesham Fire Rescue or other Township inspectors.

G. In addition to any other fees or costs mentioned in this chapter, the applicant shall reimburse the Township for any lost revenue, such as repairs to public property or other revenues that the Township was prevented from earning because of filming.

H. The Township Manager may refuse to issue a permit whenever the Township Manager determines, on the basis of objective facts and after a review of the application and consultation with the Evesham Township Police Department, Evesham Fire Rescue, and any other Township agencies involved with the proposed filming site, that filming at the location and/or the time set forth in the application would violate any law or ordinance or would unreasonably interfere with the use and enjoyment of adjoining properties, unreasonably impede the free flow of vehicular or pedestrian traffic or otherwise endanger the public's health, safety or welfare. Further, the Township reserves the right to require one or more on-site police officers in situations where the proposed production may impede the proper flow of traffic, the cost of said police officer(s) to be borne by the applicant as a cost of production. Where existing electrical power lines are to be utilized by the production, an on-site licensed electrician may be similarly required if the production company does not have a licensed electrician on staff.

§ 73-4. **Appeals**

A. Any person aggrieved by a decision of the Township Manager denying or revoking a permit or a person requesting relief pursuant to §73-5 may appeal to the Township Council. A written notice of appeal setting forth the reasons for the appeal shall be filed with the Township Manager.

B. An appeal from the decision of the Township Manager shall be filed within 10 days of the Township Manager's decision. The Township Council shall set the matter down for a hearing within 30 days of the day on which the notice of appeal was filed. The decision of the Township Council shall be in the form of a resolution supporting the decision of the Township Manager at the first regularly scheduled public meeting of the Township Council after the hearing on the appeal, unless the appellant agrees in writing to a later date for the decision. If such a resolution is not adopted within the time required, the relief shall be deemed denied, and the Township Manager's determination shall remain in place.

§ 73-5. **Waiver of Requirements**

A. The Township Manager may authorize a waiver of any of the requirements, provisions or restrictions of this chapter if the Township Manager determines that a waiver thereof may be granted without endangering the public health, safety and welfare. In determining whether to issue a waiver, the Manager shall consider the following factor:

(1) Interference the regular flow of traffic, including but not limited to congestion at the location caused by vehicles to be parked on the public street, road closures, detours, and/or filming within the street;

(2) The applicant's ability to remove the applicant's vehicles and equipment from the public streets or other public property;

(3) The extent to which the applicant is requesting restrictions on the use of public streets or public parking facilities during filming;

(4) The nature of the filming, including whether filming will take place indoors or outdoors, and the proposed hours for filming;

(5) The extent to which the filming may affect adjoining and nearby property owners and occupants; and

(6) The Township's prior experience with the applicant, if any; and

B. The Township Manager may place additional conditions upon the granting of a waiver as he deems necessary to protect the health, safety, and tranquility of the community, including but not limited to the hours of operation, additional security, and/or additional notice requirements.

§ 73-6 Copies of permit; inspections.

Copies of the approved film permit will be sent to the Police and Evesham Fire Rescue before filming takes place and to the New Jersey Motion Picture and Television Commission at njfilm@njeda.gov. The applicant shall permit Evesham Fire Rescue or other township inspectors to inspect the site and the equipment to be used, if deemed necessary. The applicant shall comply

Ref: Contract Award Recommendation, Construction and Demolition (C&D) Waste (Type13C) Disposal Facility, Hainesport Industrial Railroad (Champion Disposal Services)

The Department of Public Works operates a full service recycling center which provides residents with a responsible way to dispose of all residential recyclable and waste materials. The successful operation of the center creates the need for a plan to dispose of the waste and recycling materials collected. One of the primary materials handled which needs a proper disposal facility is C&D (type 13C) waste.

A detailed specification for this service was developed, publicly advertised with bids opened on September 23, 2026. Hainesport Industrial Railroad (Champion Disposal Services) submitted pricing for Service Level I (disposal only) at a rate of $110 per ton. A second bid was received; however, the vendor submitted a "no bid" response for Service Level I.

It is not recommended to award Service Level II (container service with disposal), as it was found not to be cost effective or advantageous for current operational needs.

After reviewing the bid proposals, I am recommending that the contract for as-needed Construction and Demolition (C&D) Waste (type 13C, Service level I) Disposal Services be awarded to Hainesport Industrial Railroad (Champion Disposal Services.) The contract will be effective for one year, with a one-year renewal option, and will have an annual not-to-exceed value of $200,000. A certificate of funds is not required at this time due to the as-needed nature of the services.
