BE IT ORDAINED AND ENACTED BY THE TOWNSHIP COUNCIL OF THE TOWNSHIP OF FRANKLIN, IN THE COUNTY OF SOMERSET, STATE OF NEW JERSEY (not less than two-thirds of all the members thereof affirmatively concurring), **AS FOLLOWS:**

SECTION 1. The improvements or purposes described in Section 3 of this bond ordinance are hereby authorized to be undertaken by the Water Utility (the "Water Utility") of the Township of Franklin, in the County of Somerset, State of New Jersey (the "Township") as general improvements. For said improvements or purposes stated in Section 3 hereof, there is hereby appropriated the sum of \$4,588,000 by the Water Utility of the Township. Pursuant to the provisions of N.J.S.A. 40A:2-7(h) and 40A:2-11(c) of the Local Bond Law of the State of New Jersey, N.J.S.A. 40A:2-1 et seq. (the "Local Bond Law"), no down payment is required as the Water Utility is self-liquidating.

SECTION 2. For the financing of said improvements or purposes described in Section 3 hereof, negotiable bonds of the Water Utility of the Township are hereby authorized to be issued in the aggregate principal amount of not exceeding \$4,588,000 pursuant to, and within the limitations prescribed by, the Local Bond Law. In anticipation of the issuance of said bonds and to temporarily finance said improvements or purposes, negotiable notes of the Township in an aggregate principal amount of not exceeding \$4,588,000 are hereby authorized to be issued pursuant to, and within the limitations prescribed by, said Local Bond Law.

SECTION 3. The improvements hereby authorized and the purposes for the financing of which said bonds or notes are to be issued are for various capital improvements and acquisitions for the Water Utility of the Township, including, but not limited to, (i) the annual main

replacement program, (ii) retrofitting of pits at various apartment complexes, (iii) upgrades and improvements to various pump stations, (iv) the installation of interconnect meter pits at the Kingston Pump Station, (v) various SCADA upgrades, including a firewall, (vi) video surveillance upgrades to the Department of Public Works, and the Water Utility, including pump stations and tanks, and (vii) Rockwell software upgrades for the Water Utility.

Said improvements shall include, but are not limited to, site work and all engineering and design work, architectural drawings, surveying, construction planning, preparation of plans and specifications, environmental testing and remediation, permits, bid documents, construction inspection and contract administration, and all work, materials, equipment, labor and appurtenances necessary therefor or incidental thereto, all as shown on and in accordance with the plans and specifications therefore on file or to be filed in the office of the Township Clerk or Township Engineer.

(a) The estimated maximum amount of bonds or notes to be issued for said improvements or purposes is \$4,588,000.

(b) The estimated cost of said improvements or purposes is \$4,588,000.

SECTION 4. In the event the United States of America, the State of New Jersey, and/or the County of Somerset make a contribution or grant in aid to the Township for the improvements or purposes authorized hereby and the same shall be received by the Township prior to the issuance of the bonds or notes authorized in Section 2 hereof, then the amount of such bonds or notes to be issued shall be reduced by the amount so received from the United States of America, the State of New Jersey, and/or the County of Somerset. In the event, however, that any amount so contributed or granted by the United States of America, the State of New Jersey, and/or the County of Somerset shall be received by the Township after the issuance of the bonds or notes authorized in Section 2 hereof, then such funds shall be applied to the payment of the bonds or notes so issued and shall be used for no other purpose. This Section 4 shall not apply, however, with respect to any

contribution or grant in aid received by the Township as a result of using funds from this bond ordinance as "matching local funds" to receive such contribution or grant in aid.

SECTION 5. All bond anticipation notes issued hereunder shall mature at such times as may be determined by the Chief Financial Officer of the Township, provided that no note shall mature later than one (1) year from its date unless such bond anticipation notes are permitted to mature at such later date by other New Jersey statutes, including the provisions of the New Jersey Infrastructure Trust Act, N.J.S.A. 58:11B-1 ("NJIT Act"). The bond anticipation notes shall bear interest at such rate or rates and be in such form as may be determined by the Chief Financial Officer of the Township. The Chief Financial Officer of the Township shall determine all matters in connection with the bond anticipation notes issued pursuant to this bond ordinance, and the signature of the Chief Financial Officer of the Township upon the notes shall be conclusive evidence as to all such determinations. All bond anticipation notes issued hereunder may be renewed from time to time in accordance with the provisions of N.J.S.A. § 40A:2-8.1 and, as applicable, other New Jersey statutes, including the provisions of the NJIT Act. The Chief Financial Officer of the Township is hereby authorized to sell part or all of the bond anticipation notes from time to time at a public or private sale and to deliver them to the purchaser thereof upon receipt of payment of the purchase price and accrued interest thereon from their dates to the date of delivery thereof. The Chief Financial Officer of the Township is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the bond anticipation notes pursuant to this bond ordinance is made. Such report must include the principal amount, the description, the interest rate, the maturity schedule of the bond anticipation notes so sold, the price obtained and the name of the purchaser.

SECTION 6. The Township hereby certifies that it has adopted a capital budget or a temporary capital budget, as applicable. The capital or temporary capital budget of the Township is hereby amended to conform with the provisions of this bond to the extent of any inconsistency herewith. To the extent that the purposes authorized herein are inconsistent with the

adopted capital or temporary capital budget, a revised capital or temporary capital budget has been filed with the Division of Local Government Services.

SECTION 7. The following additional matters are hereby determined, declared, recited and stated:

(a) The improvements or purposes described in Section 3 of this bond ordinance are not current expenses and are improvements which the Township may lawfully undertake as general improvements for its water utility system, and no part of the cost thereof have been or shall be specially assessed on property specially benefited thereby.

(b) The average period of usefulness of said improvements or purposes within the limitations of said Local Bond Law, according to the reasonable life thereof computed from the date of the said bonds authorized by this bond ordinance, is 28.46 years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly made and filed in the Office of the Clerk of the Township and a complete executed duplicate thereof has been filed in the Office of the Director of the Division of Local Government Services, within New Jersey Department of Community Affairs, and such statement shows that the gross debt of the Township, as defined in the Local Bond Law, is increased by the authorization of the bonds or bond anticipation notes provided for in this bond ordinance by \$4,588,000, but such amount shall constitute a deduction from gross debt to the extent permitted by law, and the said bonds or notes authorized by this bond ordinance will be within all debt limitations prescribed by said Local Bond Law.

(d) An aggregate amount not exceeding \$25,000 for items of expense listed in and permitted under N.J.S.A. § 40A:2-20 is included in the estimated cost indicated herein for the purposes or improvements described in Section 3 hereof.

(e) This bond ordinance authorizes obligations of the Township solely for purposes described in N.J.S.A. 40A:2-7(h). The obligations authorized herein are to be issued for purposes that are deemed to be self-liquidating pursuant to N.J.S.A. 40A:2-47(a) and are deductible from gross debt pursuant to N.J.S.A. 40A:2-44(c).

SECTION 8. The full faith and credit of the Township are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the Township, and, unless paid from other sources, the Township shall be obligated to levy *ad valorem* taxes upon all the taxable property within the Township for the payment of the principal of the obligations and the interest thereon without limitation as to rate or amount.

SECTION 9. The Township reasonably expects to reimburse any expenditures toward the costs of the improvements or purposes described in Section 3 hereof and paid prior to the issuance of any bonds or notes authorized by this bond ordinance with the proceeds of such bonds or notes. This Section 9 is intended to be and hereby is a declaration of the Township's official intent to reimburse any expenditures toward the costs of the improvements or purposes described in Section 3 hereof to be incurred and paid prior to the issuance of bonds or notes authorized herein in accordance with Treasury Regulation Section 1.150-2.

SECTION 10. The Chief Financial Officer of the Township is hereby authorized to prepare and to update from time to time as necessary a financial disclosure document to be distributed in connection with the sale of obligations of the Township, which are authorized herein, and to execute such disclosure document on behalf of the Township. The Chief Financial Officer of the Township is further authorized to enter into the appropriate undertaking to provide secondary market disclosure on behalf of the Township pursuant to Rule 15c2-12 of the Securities and Exchange Commission (the "Rule") for the benefit of holders and beneficial owners of obligations of the Township, which are authorized herein, and to amend such undertaking from time to time in connection with any change in law, or interpretation thereof, provided such undertaking is and continues to be, in the opinion of a nationally recognized bond counsel, consistent with the requirements of the Rule. In the event that the Township fails to comply with its undertaking, the Township shall not be liable for any monetary damages, and the remedy shall be limited to specific performance of the undertaking.

SECTION 11. The Township covenants to maintain the exclusion from gross income under Section 103(a) of the Internal Revenue Code of 1986, as amended, of the interest on all bonds and bond anticipation notes issued under this bond ordinance on a tax-exempt basis.

SECTION 12. This bond ordinance shall take effect twenty (20) days after the first publication of this bond ordinance after final adoption, as provided by the Local Bond Law.

N.J.A.C. § 5:36-4.1 Performance surety bonds

The standardized form of performance surety bond required by an approving authority pursuant to section 41 of P.L. 1975, c.291 (N.J.S.A. 40:55D-53) (effective date July 16, 2001) shall be as follows:

STANDARD NEW JERSEY PERFORMANCE SURETY BOND

We, DAYAL ENTERPRISES, LLC., having offices at
28 Tall Timber Drive Morristown, NJ 07960 as principal, and

as co-principals and **FIRST INDEMNITY OF AMERICA INSURANCE COMPANY**, having
offices at Rt. 10 W, Suite 205 Morris Plains, NJ 07950, a corporation duly licensed to transact a surety
business in the State of New Jersey, as surety, are indebted to the municipality of

FRANKLIN TOWNSHIP in the county of Sussex,

obligee, in the sum of (\$1,528,411.74) Dollars

ONE MILLION FIVE HUNDRED TWENTY EIGHT THOUSAND FOUR HUNDRED ELEVEN AND 74/100

for which payment we bind ourselves and our respective heirs, legal representatives, successors, and
assigns, jointly and severally.

On _____ (date), applicant DAYAL ENTERPRISES, LLC.,
principal, was granted approval by the planning board of the FRANKLIN TOWNSHIP
(approving authority) for final site plan approval for premises known as the improvements subject to this
bond are as follows:

BLOCK 89.03 LOT 3.01

The certification of the cost of such improvements by the municipal engineer is attached hereto
and made a part hereof.

Pursuant to municipal ordinance, adopted under authority of the Municipal Land Use Law
(N.J.S.A. 40:55D-1 et seq.), the principal hereby furnishes a performance surety bond in the amount of
(\$1,528,411.74) Dollars ONE MILLION FIVE HUNDRED TWENTY EIGHT THOUSAND FOUR HUNDRED ELEVEN AND 74/100
(not to exceed 120 percent of the cost of the improvements as certified by the municipal engineer),
written by **FIRST INDEMNITY OF AMERICA INSURANCE COMPANY**, a surety licensed in the
State of New Jersey, guarantying full and faithful completion of improvements approved by the
approving authority, in lieu of completing the required improvements prior to the granting of final
approval.

This bond shall remain in full force and effect until such time as all improvements covered by the bond have been approved or accepted by resolution of the municipal governing body, except that in those instances where some of the improvements are approved or accepted by resolution of the governing body upon certification by the municipal engineer, partial release from the bond shall be granted in accordance with *N.J.S.A. 40:55D-53*. The amount of the bond remaining shall be sufficient to secure provision of the improvements not yet approved; provided, however, that the municipality may require that 30 percent of the amount of the bond be retained to ensure completion of all improvements.

This bond shall remain in force and effect until release by resolution of the municipal governing body.

This bond is issued subject to the following expressed conditions:

1. This bond shall not be subject to cancellation either by the principal or by the surety for any reason until such time as all improvements subject to the bond have been accepted by the municipality, in accordance with the applicable provisions of the Municipal Land Use Law.
2. This bond shall be deemed to be continuous in form and shall remain in full force and effect until the improvements are accepted by the municipality and the bond is released, or until default is declared, or until the bond is replaced by another bond meeting applicable legal requirements. Upon approval or acceptance of all improvements by the municipality, or upon replacement of this bond by another bond, liability under this bond shall cease. Upon approval or acceptance of some, but not all, of the required improvements by the municipality, partial release from the bond shall be granted in accordance with *N.J.S.A. 40:55D-53*; provided, however, that the portion of the bond amount sufficient to secure completion of the improvements shall continue in effect and the municipality may retain 30 percent of the bond amount posted in order to ensure such completion.
3. The aggregate liability of the surety under this bond shall not exceed the sum set forth above.
4. In the event that the improvements subject to this bond are not completed within the time allowed under the conditions of the final approval issued pursuant to the Municipal Land Use Law, including such extensions as may be allowed by the approving authority, the municipal governing body may, at its option, and upon at least 30 days prior written notice to the principal and to the surety by personal delivery or by certified or registered mail or courier, declare the principal to be in default and, in the event that the surety fails or refuses to complete the work in accordance with the terms and conditions of the original approval, claim payment under this bond for the cost of the completion of the work. In the event that any action is brought against the principal under this bond, written notice of such action shall be given to the surety by the municipality by personal delivery or by registered or certified mail or courier at the same time.
5. The surety shall have the right to complete the work in accordance with the terms and conditions of the original approval, either with its own employees or in conjunction with the principal or another contractor; provided, however, that the surety, in its sole discretion, may make a monetary settlement with the municipality as an alternative to completing the work.

6. In the event that the principal and the approving authority agree to changes in the scope of work, the obligations of the surety under this bond shall not be affected so long as the cost of the work does not exceed 120 percent of the municipal engineer's certified estimate, attached hereto and made a part hereof, which 120 percent of the estimate shall be the limit of the surety's obligation under this bond in any case. If the cost of the work exceeds 120 percent of the certified estimate, the principal shall secure a rider from a surety for the additional amount; provided, however, that this provision shall not be construed as requiring a surety to provide additional coverage.

7. This bond shall inure to the benefit of the municipality only and no other party shall acquire any rights hereunder.

8. In the event that this bond shall for any reason cease to be effective prior to the approval or acceptance of all improvements, a cease and desist order may be issued by the governing body, in which case all work shall stop until such time as a replacement guarantee acceptable to the approving authority becomes effective.

9. This bond shall not be transferable or assigned to any other individual or entity and especially where the Municipality has acknowledged the transfer or assignment of the subject property. In the event such a transfer or assignment shall take place, then this bond shall no longer be effective and in force.

All questions about the meaning or intent of this RFQ, all interpretations and clarifications considered necessary by the owner's representative in response to such comments and questions will be issued by Addenda posted to website and mailed or delivered to all parties recorded as having received the RFQ package. Only comments and questions responded to by formal written Addenda will be binding. Oral interpretations, statements or clarifications are without legal effect.

2.5 Quantities of Estimate

Wherever the estimated quantities of work to be done are shown in any section of this RFQ, including the Proposal Cost Form, they are given for use in comparing proposals. The owner especially reserves the right (except as herein otherwise specifically limited) to increase or diminish the quantities as may be deemed reasonably necessary or desirable by the owner to complete the work detailed by the contract. Such increase or diminution shall in no way violate this contract, nor shall any such increase or diminution give cause for claims or liability for damages.

2.6 Cost Liability and Additional Costs

The owner assumes no responsibility and liability for costs incurred by the Respondents prior to the issuance of an agreement. The liability of the owner shall be limited to the terms and conditions of the contract.

Respondents will assume responsibility for all costs not stated in their proposals. All unit rates either stated in the proposal or used as a basis for its pricing are required to be all-inclusive. Additional charges, unless incurred for additional work performed by request of the owner, are not to be billed and will not be paid.

2.7 Statutory and Other Requirements

2.8.1 Compliance with Laws

Any contract entered into between the contractor and the owner must be in accordance with and subject to compliance by both parties with the New Jersey Local Public Contracts Law. The contractor must agree to comply with the non-discrimination provisions and all other laws and regulations applicable to the performance of services there under. The respondent shall sign and acknowledge such forms and certificates as may be required by this section.

2.8.2 Mandatory EEO/Affirmative Action Compliance

No firm shall be issued a contract unless it complies with the EEO/Affirmative Action requirements of P. L. 1975, C. 127 as identified in the documents attached hereto. The form shall be properly executed.

2.8.3 Americans with Disabilities Act of 1990

Discrimination on the basis of disability in contracting for the delivery of services is prohibited. Respondents are required to read American with Disabilities language that is part of the documents attached hereto and agree that the provisions of Title II of the Act are made part of the contract. The contractor is obligated to comply with the Act and hold the owner harmless.

2.8.4 Statement of Ownership Disclosure

No corporation or partnership shall be awarded any contract for the performance of any work or the furnishing of any goods, unless, with receipt of the proposal of said corporation or partnership, there is submitted to the Township a statement setting forth the names and addresses of all stockholders in the corporation or partnership who own ten (10) percent or greater interest therein. The Respondent shall complete and submit the form of statement that is included in this RFQ.

2.8.5 Non-Collusion Affidavit

The Non-Collusion Affidavit, which is part of this RFQ, shall be properly executed and submitted with the RFQ response.

2.8.6 N.J. BUSINESS REGISTRATION CERTIFICATE P.L. 2009, C.315

Reforms Business Registration Certificate Filing; permits filing prior to award of contracts if not filed with bid. Effective with bids received and contracts awarded after January 18, 2010, this law removes the requirement of the Local Public Contracts Law (N.J.S.A. 40A:11-23.2) that required a bid to be rejected if the respondent failed to include a BRC with their bid, even though it may have been the lowest responsible bid. The law now allows the BRC to be filed any time prior to award of the contract and the bidder had to obtain the BRC prior to receipt of bids. This permits the BRC to be required with a bid, or submitted subsequently. If a BRC is required in a bid, but not submitted with the bid, it would be an immaterial defect; curable by being filed prior to award of the contract. A BRC is obtained from the New Jersey Division of Revenue. Information on obtaining a BRC is available on the internet at www.nj.gov/njbgs or by phone at (609) 292-1730.

- (1) Any business entity that has received \$50,000 or more in contracts from government entities in a calendar year is required to file an annual disclosure report with ELEC. The instructions and form are available on the ELEC website.
- (2) Annual Disclosures require submission by March 30th of each year covering contracts and

- contributions for the prior calendar year.
- (3) At a minimum, a list of all business entities that file an annual disclosure report will be listed on ELEC's website at www.elec.state.nj.us.
- (4) If you have any questions please contact ELEC at:

2.8.7 Assign, Sublet or Transfer Any Rights/Interests

Unless specifically stated to the contrary, in writing, prior to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement. Nothing herein shall be construed to give any rights or benefits to anyone other than the owner and the Contractor.

2.8.8 Insurance and Indemnification

If it becomes necessary for the contractor, either as principal or by agent or employee, to enter upon the premises or property of the owner in order to construct, erect, inspect, make delivery or remove property hereunder, the contractor hereby covenants and agrees to take use, provide and make all proper, necessary and sufficient precautions, safeguards, and protection against the occurrence of happenings of any accident, injuries, damages, or hurt to person or property during the course of the work herein covered and be his/her sole responsibility.

The contractor further covenants and agrees to indemnify and save harmless the owner from the payment of all sums of money or any other consideration(s) by reason of any, or all, such accidents, injuries, damages, or hurt that may happen or occur upon or about such work and all fines, penalties and loss incurred for or by reason of the violation of any owner regulation, ordinance or the laws of the State, or the United States while said work is in progress.

Such termination shall relieve the owner of any obligation for the balances to the contractor of any sum or sums set forth in the Contract.

The contractor agrees to indemnify and hold the owner harmless from any liability to subcontractors/suppliers concerning payment for work performed or goods supplied arising out of the lawful termination of the Contract by the owner under this provision.

In case of default by the contractor, the owner may procure the articles or services from other sources and hold the contractor responsible for any excess cost occasioned thereby.

2.13 Non-Allocation of Funding Termination

Each fiscal year payment obligation of the owner is conditioned upon the availability of owner funds appropriated or allocated for the payment of such an obligation. If funds are not allocated and available for the continuance of any services performed by the Contractor hereunder, whether in whole or in part, the owner at the end of any particular fiscal year may terminate such services. The owner will notify the Contractor in writing immediately of any services that will be affected by a shortage of appropriated funds. This provision shall not be construed so as to permit the owner to terminate this Agreement during the term, or any service hereunder, merely in order to acquire identical services from a third party contractor.

Immediately upon receipt, this certificate should be forwarded to the person in your company or firm responsible for ensuring equal employment opportunity and/or overseeing the company or firm's contracts with public agencies. Typically, this person may be your company or firm's Human Resources Manager, Equal Employment Opportunity Officer or Contract Administrator. If you do not know to whom the certificate should be forward, kindly forward it to the head of your company or firm. Copies of the certificate should also be distributed to all facilities of your company or firm who engage in bidding on public contracts in New Jersey and who use the same federal identification number and company name. On future successful bids on public contracts, your company or firm must present a photocopy of the certificate to the public agency awarding the contract after notification of the award but prior to execution of a goods and services or professional services contract. Failure to present the certificate within the time limits prescribed may result in the awarded contract being rescinded in accordance with N.J.A.C. 17:27-4.3b.

Please be advised that this certificate has been approved only for the time periods stated on the certificate. As early as ninety (90) days prior to its expiration, the Division will forward a renewal notification. To expedite the process, all vendors are encouraged to complete and file renewal documents electronically on our new online system at www.state.nj.us/treasury/contract_compliance. Upon the Division's receipt of a properly completed renewal application and \$150.00 application fee, it will issue a renewal certificate. In addition, representatives from the Division may conduct periodic visits and/or request additional information to monitor and evaluate the continued equal employment opportunity compliance of your company or firm. Moreover, the Division may provide your company or firm with technical assistance, as required. Please be sure to notify the Division immediately if your company's federal identification number, name or address changes.

If you have any questions, please call (609) 292-5473 and a representative will be available to assist you.

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Your ending will be most spectacular. This year we have special shells that will be chained just for us. If there is one thing that I have found over the years, it is that most, if not all spectators remember the end of your show best. So this year, we have developed special segments for your finale. Some of these segments fit into the "American Tradition theme" of red, white and blue. We have special effect segments of crackling shells, strobing shells, palm tree shells and our new brocade (waterfall) shells. We then go into the super-fancy tiger tail shells which frankly are just tremendous. Your display comes to a conclusion with the loudest salutes that we could find. Based on your show size and site that we fire this from, we will then "layer" your display with the larger size shells of similar effects so that you truly have the traditional Schaefer "wall of fire" effect that will make this a
