SUBJECT:

Energy Resource Plan

SUGGESTED ACTION:

Presentation and discussion regarding a proposed process to develop an Energy Resource Plan – Daniel Bethapudi, General Manager Electric Utility

ITEM SUMMARY:

This presentation outlines the scope of work, key objectives, and required inputs for the development of an Electric Resource Plan (ERP) by Crescent Power Inc., in collaboration with the City. Based on the input of City Council and the Georgetown Electric Board, Crescent Power will lead the analysis of the City's current energy portfolio, evaluate future resource needs, and develop an actionable implementation plan based on the findings.

Over the next few months, Crescent Power will:

- Develop market scenarios for each portfolio, considering risk, cost, projected load growth, evolving load profiles, and performance variations
- Identify an optimal portfolio based on cost-effectiveness and risk analysis
- Develop and recommend an actionable implementation plan
- Present key findings to the Electric Board and City Council

The ERP will support the City's long-term energy planning for 2026–2030 by delivering data-driven insights and strategic recommendations for future resource decisions.
