A Citizens Concerns on Traffic

Winnemucca and the surrounding area is growing. And with that growth we will have challenges.

One of those challenges comes with the traffic in the area.
Here are a few of my concerns,

1. Speed Limits in the area are all over the place.
   25 in most areas, 35 up Hansen, 45 out Grass Valley, 55 further out.

   Speed Limits have been more of a suggestion. Anyone that has driven Grass Valley Around 3 or shift change you will be passed, tailgated, flashed, and honked at.

   The lighted sign on the top of Hansen reminds the driver how fast he is going.

2. Stop Signs, more of a suggestion. Rolls are common and sometimes right out in front of you.

3. Turning Lanes Bike Lanes, In some areas are marked and adhered to for the most part.

   But when you're around the Post Office or Maverick, they are up to the imagination of the person making the turn.

   And if you happen to be traveling through a parking lot at Walmart or Maverick you need to keep your head on a swivel. You could encounter a fast-flying E-bike, or a Scooter.

   And if you're in their way you will get the horn and maybe a few hand gestures.

By incorporating more electronic signs (as well as regular signs) and marking where there are no turning lanes, we can be safer and more inviting for our guests as well as the Residents in the Community.

Thank you for this opportunity.

Terry Haygood
