II. APPROVAL OF MINUTES
   a. Gerry Harrington made a motion to accept the July, 2019, Minutes as presented. Melinda Herzog seconded and there was one abstention. The motion was approved by the Commissioners.

III. ADMINISTRATIVE MATTERS
   a. There was discussion about distinction between excused and unexcused absences. According to Rule #1 in our Live Well Kingston Commission Rules of Procedure – “Absence from three consecutive regular meetings, without excuse, shall automatically vacate the office of any member.” We will include excused/unexcused notations in our official Commission minutes.
   b. New commissioners still being approved.

IV. OLD BUSINESS
   a. Emily Flynn presented the 2019 Live Well Kingston Commission Action Plan with Status Updates (August). She recorded the edits and will update the Action Plan.

V. REPORTS
   a. Theresa Widmann, Chair of the Heal Well Focus Group, went over the details of their last meeting which was held at the beginning of August. The big initiative of the Heal Well Focus Group was to screen the film “Resilience” to bring about more trauma awareness. It was screened in May at George Washington School including a panel discussion with about 70 – 80 people in attendance. The group also wants to continue with their original project of assessment. They may develop focus groups at Health Care is a Human Right to find out community needs.

   1. E. Flynn suggested that Heal Well collect assessments from community organizations and the UC Health Department to start the baseline view of community health.
2. Dr. Woodley suggested to find an issue or challenge that is really important to the City of Kingston to help make a focus.

b. Communication Committee Report
G. Harrington gave a report for the meeting on August 20, 2019. The Committee would like to share a message about what health means to our community. The Live Well Kingston Commission needs to do more about health awareness. The statement that Live Well Kingston (LWK) means all things wellness in Kingston was discussed. The Committee is “pitching” each other with marketing ideas. There was much discussion. The importance of hospitals was discussed with a statement that “Communities are healthier with great hospitals”.

c. Eat Well Focus Group – M. Herzog gave a report about Eat Well
1. The Kingston Land Trust is interested in coordinating community gardens.
2. Kingston Food Co-op will be presenting in Oct. 2nd, and Farm to Institution NYS will be presenting November 7, 2019

d. Next month, we will hear from the Play Well Focus group.

VI. NEW BUSINESS
a. Gerry initiated a conversation about the language in the Rules of Procedure, Rule 1, bullet 1, that reads “Non-voting members” to change to “Guest observers.” Emily will do some research on this. Tabled until next month.

VII. ANNOUNCEMENTS AND COMMUNICATIONS
a. G. Harrington announced that on October 11, 2019, there will be an International Conference on Migrants and Mental Health at SUNY New Paltz.

b. S. Kraft handed out a Tick/Tick Removal Information Card.

1. **APPROVAL OF MINUTES**

   a. The August minutes could not be approved without a quorum present

2. **ADMINISTRATIVE MATTERS**

   a. Discussion was held concerning board membership.

      i. Tevis and Yanna have filled the previously empty board seats. The commission will always actively be seeking and accept applications since turnover is inevitable.

      ii. The current by-laws allow a lifetime limit of two terms per board member. We discussed proposing a change to allow a board member to serve again, after taking time off. This will be discussed in October.

   b. All members are asked to reach out to Emily with their intentions at this time as far as continuing board service. The terms of Ana, Dylan, Kathleen, Stacy, Melinda and Walter all expire in December. These board members are eligible to reapply for another term and must fill out the application once again.

3. **OLD BUSINESS**

   No report was given from the Play Well Team but it was mentioned that the action plan has been amended to reflect more than support for the Parks and Rec department. It was changed to better reflect its mission statement encompassing all forms of recreation. Emily provided a Chess Table update. There will not be a pavilion but there is a shade tree present in the site.
The communications team has been looking at having a city wide event as well as a theme for posting and communications for the coming year. Some type of community participation event is under consideration that would encourage residents to engage in all forms of healthy activities.

4. NEW BUSINESS
   a. A letter was presented in response to a proposed concrete business on route 28. Those present discussed and clarified the boundaries of the Commission’s interest and that those boundaries are within the City of Kingston, as we are a city commission. The commission might respond if a future project had a direct effect on residents. Responding to issues outside those boundaries presents the subjective issue of “how far out is too far?”
   b. The Novo foundation invited the city to apply for another 2 year grant which funds the city position of Director of Health and Wellness.
   c. Stacy shared information about tick safety (twice a year, ticks are sampled from sites around the county) and that through the state, tick warning signs are available from the Board of Health. It was decided we should work with the parks and rec department to identify areas where new signs should be placed or worn signs could be replaced. Dr. Woodley brought up the need for a buffer zone on the new trails being developed between the trails and brush and that these buffers should be recommended to those responsible for trail maintenance. Dr. Woodley asked if poison ivy awareness signs exist and might we be able to place some of those as well. Large areas of poison ivy have been seen along the trail connecting Hannaford to midtown and they are right off the gravel.

5. ANNOUNCEMENTS AND COMMUNICATIONS
   a. Discussion was held about revisiting the concept of an “everyone reads one book” program with the library perhaps working with us to select several titles each period, so that all ages can participate.
   b. Discussion was held concerning the concept of libraries and laundromats, Dr. Woodley was aware of the concept and it is used internationally as well as in Chicago. Kathleen thought this concept was worth exploring and that if target laundromats could be identified, perhaps the Junior League would consider placement of “Free Little Libraries” at these sites. Although the programs in existence elsewhere have actual libraries with programming, the availability of books might be a first step.
   c. The Eat Well Team will be requested to present an update at the next meeting.

II. APPROVAL OF MINUTES

a. Neither the August, nor September, minutes could be approved without a quorum present.

III. EAT WELL FOCUS TEAM REPORT

a. Katie S. presented an update from Eat Well. They are discussing the meeting dates, times and frequency to possibly be more accommodating and encourage attendance.

b. The team’s two potential projects, a garden kit and community dinners, were discussed at the most recent meeting. Community dinners have been organized by the YMCA and Family of Woodstock in the past. The Kingston food co-op presented to the team at their last meeting. A Farm to Institution initiative meeting will be held on November 6th, focusing on school meal programs. A walk was held in Kingston recently showcasing feeding programs. Stops included Peoples Place, the Salvation Army, the Hodge Center, Angel Food East (St. John’s Church). The Salvation Army has grown its meals programs after the closure of the kitchen at the Clinton Avenue church. The Hodge Center is feeding 3 seatings of children dinner on a daily basis.

IV. ADMINISTRATIVE MATTERS

a. Discussion was held concerning board membership:
b. The current Rules of Procedure allow a lifetime limit of two terms per board member. We discussed proposing a change to allow a board member to serve again, after taking time off. This will be discussed in November. A quorum is needed to vote on this proposed change. (Caitlyn, Gerry, Tevis and Yanna have terms that expire in December of 2020.)

c. Commissioners whose terms are expiring are asked to reach out to Emily with their intentions as far as continuing board service. The terms of Anna, Dylan, Kathleen, Stacy, Melinda and Walter all expire in December 2019. These board members are eligible to reapply for another term and must fill out the application once again. Emily will e-mail the application link to these members who must reapply before the end of the year.

Update: Emily confirmed with the Mayor’s Office that you DO NOT need to fill out the application again, just let her know your intentions. You will then receive a new confirmation letter and will have to sign the book in the Clerk’s Office.

d. The officer position of secretary is vacant. Those interested should contact Emily. A quorum is required to elect a new officer.

e. Dr. Woodley suggested that as commissioners leave the board, they be asked for future member recommendations to create a pool of potential commissioners. Stacy recommenced this question could be added to the member exit survey/evaluation. She also suggested that departing commissioners be offered the option to complete the survey via phone call with Emily.

f. The following procedure will be utilized prior to meetings to encourage attendance. (For 2 consecutive months, meetings have not had a quorum). E-mail reminders will be sent out to all Commissioners on the Thursday prior to a meeting. Commissioners must RSVP by Monday afternoon. This allows 24 hours notice should a meeting be canceled due to lack of attendance.

g. Kathleen created a Google Doc listing all commission meetings for 2020, with the presenting focus team assigned. This document can be circulated with editing privileges so any commissioner can make a note in advance if they have a known conflict. (This is in addition to the monthly RSVP and is more of an advance planning tool)

h. The phone-in option is intended for occasional use and is not intended to be a permanent means of attendance.

V. OLD BUSINESS

a. Emily provided a Chess Table update. She met with the DPW regarding the concrete slab. A funder recognition plaque has been ordered. The application to the NoVo foundation for an additional two years of funding has been submitted. This funds the Health & Wellness department, the Director’s position and all of LWK’s projects and programs.
b. Emily has requested and received brochures and resources from our partnering agencies which she makes available when she tables. Stacy brought additional materials which describe the county lead level programs.

VI. ANNOUNCEMENTS AND COMMUNICATIONS

a. A discussion was held regarding opioid dependency. Dr. Woodley explained the collaborative project being implemented between The Institute for Family Health, Catholic Charities and Health Alliance utilizing medication to save lives. Stacy will arrange a NARCAN training for all commissioners and focus team members at the December LWK meeting. Gerry expressed his concern for the gap in medical services for those who are brought out of an OD crisis because of long term physical/neurological impact. Kathleen shared that the Schenectady, NY PD is advertising that anyone with an addiction problem can go to the police station and request assistance. Stacy added that Ulster County has done something similar with a trailer set up at locations such as the county fair.

b. Stacy reported that the Ulster County Department of Health and Mental Health completed its Mid-Hudson Regional Community Health Assessment. Stacy will email a dropbox link for those interested. They will also be completing a Community Health Improvement Plan by the end of 2019.

II. Approval Of Minutes
   a. Neither the August, September, or October, minutes could be approved without a quorum present.

III. Administrative Matters
   a. Dylan will be stepping down as a commissioner.
   b. Two commission seats will be open in January, possibly 3.
   c. Due to lack of quorum, this policy was not voted on but tabled for a future meeting: the current Rules of Procedure allow a lifetime limit of two terms per board member. We discussed proposing a change to allow a board member to serve again, after taking time off. This will be discussed in November. A quorum is needed to vote on this proposed change. (Caitlyn, Gerry, Tevis and Yanna have terms that expire in December of 2020.)
   d. Two applications have been received and those individuals will be invited to the next meeting.
   e. Kathleen asked that a press release be issued advertising the commission openings.
   f. The officer position of secretary is vacant. Those interested should contact Emily. A quorum is required to elect a new officer. Any commissioner interested in holding a position for 2020 should contact Emily as all positions will be voted on in January.
g. Stacy suggested we advertise the open seats at the January Healthy Ulster Meeting.

h. It was discussed that a council member should be invited to serve as liaison between the commission and the common council.

i. A list of suggestions for potential commissioners was generated through discussion: office of the aging, the YMCA Board, Center for Creative Education, RUPCO, Dept. of Parks and Rec, Play Well members.

IV. Reports

a. Travel Well Focus Team Report

Travel Well consists of: Complete Streets, The Greenline committee of the Kingston Land Trust and Bike Friendly Kingston.

At their last meeting, they came together to revisit their mission. They reviewed and made an action plan draft. They plan to focus more on communications around projects.

The Pedestrian/bicycle master plan, funded by the DEC is coordinated by Emily. They are looking for a planning firm for a strategic plan including an ADA transition plan. The plan will be a set of documents that includes a report of existing infrastructure, recommended action plans, public outreach materials, and maps that will enable the City to prioritize and secure funding for projects. This grant is actually an environmental program not just an aspect of transportation as climate change impacts health. This provides an opportunity for us to share with the community the health impacts of climate change. The CDC has climate change and health information.

There is a “Growing Kingston” tab on the city website explaining current projects. Many City of Kingston projects are scheduled to begin construction in 2020.

The use of social media to highlight a current project on a monthly basis was discussed. The “How do I get there” campaign was discussed- a social media campaign developed with The Land Trust which gives direction between two points in the city without a car.

The focus Team would like UCAT and a broader scope of transportation partners involved. A new chair/coordinator of the focus team is needed.

b. North East Sustainable Agriculture Working Groups Conference

Emily reported on her attendance at this conference including an anti-oppression training. Tools for best practices and policy assessment tools were discussed.

A NJ program encouraging corner stores to sell more healthy food options was discussed- Cooperative Extension attempted a similar program here in Ulster County previously.

Emily shared a “Community Agreement” policy. Those present expressed interest in adopting it as a LWK policy at a future meeting when a quorum is present.
V. Stretch

VI. New Business

a. A healthy calendar project had been proposed by a community member. She did not attend the meeting. The project concept will be referred to the communications sub committee, which will meet in the new year.

VII. Announcements And Communications

a. The chess tables have been installed and a ribbon cutting will be held on Friday.

b. The list of meetings will be updated to indicate the next Eat Well meeting (currently showing January 1) as well as the mayor's inauguration.

c. Dr. Woodley showed an artist's rendering of the Pine Street facility project. They hope to break ground in 2020.

II. Narcan Training

a. Tom led us through a very informative Narcan training.

Overdosed deaths have increased for seven consecutive years in NYC, which is very similar to Ulster County. Ulster County had the highest rate of overdoses in NYS in 2016. Fentanyl is a dangerous synthetic, short-acting opioid, that has a higher potency 50-100 times than morphine. Naloxone gets in the way of the opioid in the receptors in the brain. There are no known negative effects for Narcan, and is very safe to use. Signs of opioid overdose include: unconscious or unresponsive, slow or stopped breathing, blue/gray/white lips and/or nails, snoring or gurgling sounds, and muscle stiffness or rigidity. A sternal rub should be used to check if the person is unconscious. Call 911 then administer the Narcan. Once the package is opened, the spray is ready to use—there’s no cap to open. Put it in the nose and spray. After 2 minutes, administer the second dose if still needed. Put the person in the recovery position on their side. You can administer CPR. Replace the kit if it is after the expiration date, but it will still work after the date for a long time, so if that is all you have, still use it. You can refill the kit by returning it to IFH and any pharmacy. Family of Woodstock locations provide walk-in Narcan training.

Thank you to Tom & Stacy for all the information!
III. Approval Of Minutes  
   a. We did not have a quorum and were not able to pass any of the meeting notes.

IV. Administrative Matters  
   b. We welcomed two potential board members. Sendy O’Brien is a community health worker for Maternal Infant Services Network (MiSN), would like to support a connection to the Spanish speaking community. Lori Ferguson is an active community member who teaches a nutrition class at the Center for Creative Education, has personal experience with spinal surgeries, diet change and weight loss and she is a registered nurse. We encouraged them to join us at our future commission meetings. We were not able to vote on accepting them as commissioners because of the lack of quorum.

   c. We reviewed the officers responsibilities. The Chair would preside over the meeting if the coordinator (Emily) wasn’t available. Occasionally the chair signs a letter of support or works with the coordinator to set the agenda. The Vice-chair takes on the duties of the chair if they are not available. The Secretary is the position we need most. They take meeting notes and send them to the coordinator, who distributes them. The Treasurer is tasked with creating a budget and reporting, as needed, but we have been using the Health & Wellness budget, so have not needed this work. In January, if we have a quorum, we will nominate and elect officers.

   d. In January we will set the dates for the 2020 meetings.

II. Announcements and Communications  
   a. The Ulster County Board of Health is looking for members. They meet once a month on the 2nd Monday, at 6:30 pm, at 239 Golden Hill Lane, Kingston. See BoardofHealth.docx for specific info.
