Dear President Shaut:

We are seeking to modify the front door at the Everette Hodge Center. Specifically, the door will be retrofitted to have an actuator to bring the door to be ADA accessible, along with a keypad entry to be set up by the City's IT Department. Rest Assured Alarms will be doing the work.

These expenses will be reimbursed with CDBG funds.

I respectfully request an \$8,200 fund transfer from A1 7143 22 42020 (CDBG Reimbursement) to A1 7143 13 5301 (Contracted Services).

Dear President Shaut:

July 2020 Resolution # 119 allocated \$264,500 of the Recreation Fee Reserve to fund various parks improvements. A budget modification to reflect that allocation is still required. Subsequent to the adoption of Resolution #119 of 2020, we have identified \$95,000 in CDBG funding that can be used in the first instance for these projects. As such, I am requesting a budgetary modification of only \$169,500 from the Recreation Fee Reserve Fund.

There is an additional \$128,574 in CDBG funds available to fund capital improvement projects at Kingston Point and VanBuren St. Parks for which a budgetary modification is included.

Finally, per the April 2019 Resolution # 63, I am requesting a transfer of \$60,000 from CDBG reimbursement to pay for improvements at the Andy Murphy Neighborhood Center.

Please let me know if you have any questions about the three (3) transfers.

RE: Sanitary Sewer, Broadway from near 726 Broadway to Henry Street

Dear President Shaut:

The Broadway sanitary sewer consists of about 1,300 linear feet of 10" and 12" clay tile pipe and runs from the area of the new roundabout to Henry Street. The sewer is approximately 80 years old according to records. The depth varies from about 9-ft to about 17-ft.

In recent years and months, this sewer has begun showing increasing signs of failing including backups, grease accumulation, and failure of the overlying street surface (sinkholes). This has resulted in increased effort in cleaning and repairing the sewer and has required repairs to the overlying roadway.

With the Broadway streetscape project now proceeding and planned for completion in July of 2021, it is now timely to consider replacing failing infrastructure under Broadway. This is similar to the approach taken under the nearby DOT roundabout project, in which sanitary sewer was replaced in order to avoid the risks of having failing piping underneath newly built pavement and other improvements.

Two Alternatives were considered for the Broadway sewer project:

- Alternative 1, Do Nothing
- Alternative 2, Replace Broadway Sewer in limits described ahead of the final blacktop for the Broadway streetscape project

Alternative 1, Do Nothing:

Under the do nothing alternative, we expect that the sewer will continue to fail and to do so more often as it ages. These failures will require increasing levels of maintenance and repair. In addition, this alternative is expected to result in continuing sinkholes which will result in damage to the street surface with associated delays and costs. Given the importance of Broadway as a main thoroughfare, this will result in considerable inconvenience to the public and costs to the city when these failures occur.

CITY OF KINGSTON
Office of the City Engineer
jschultheis@kingston-ny.gov

John M. Schultheis, P.E., City Engineer

Steven T. Noble, Mayor

Alternative 2, Replace Broadway Sewer in limits described ahead of the final blacktop for the Broadway streetscape project:

Under Alternative 2, the City will design and construct a replacement sewer in the project limits. Design, bidding and construction could proceed according to the following approximate schedule:

Design:	October - December 2020
Bidding:	January 2021
Award Construction contract:	February 2021
Construction complete:	June 2021

An estimated budget for Alternative 2 is as follows:

Design:	\$80,000
Construction:	\$1,700,000
Construction Admin / Inspection:	<u>\$120,000</u>
Total Project Cost	\$1,900,000

If the Council directs staff to pursue this alternative, funding of \$1,900,000 is requested by bonding.

I request that this item be added to the agenda of an upcoming committee.

Re: Resolutions to Authorize Construction and Bonding for the Broadway & Grand Intersection Improvement Project

Dear President Shaut,

The Office of Grants Management requests placement on the agenda of the Finance and Audit Committee on October 14, 2020 to discuss authorization of construction and a bond for the project. We anticipate advertising the project for bid in December 2020 and awarding the construction contract in January 2021 so that construction can begin in March 2021 and be completed during the 2021 construction season.

The purpose of Broadway & Grand Intersections Improvements Project is to re-align the intersection of Broadway, Grand Street, Prince Street, and Pine Grove Avenue to reduce traveler confusion, crashes, and alarming near-misses. From 2013 to 2018, there were 29 crashes at the intersection and seven of those resulted in injuries. At the beginning of the design of the Broadway Streetscape Project, the consultant engineers recommended re-aligning the intersection to improve safety. However, at that time, the property needed to re-align the intersection was not owned by the City.

As you all well know, the City acquired the Planet Wings property and has made plans to demolish the Planet Wings building utilizing its DPW forces. Meanwhile, the City secured funds from the NYSDOT Multi-Modal Program with assistance of NYS Assemblymember Kevin Cahill in the amount of \$750,000. Of those funds, \$75,000 was used for engineering services to re-design the intersection, and the remaining \$675,000 is available for construction costs.

When DPW was preparing to demolish the building it was discovered that asbestos was present in the building, which must be removed by a contractor that specializes in its removal. At the September 2020 Community Development Advisory Board meeting, the group voted to allocate \$50,000 in CDBG funds to contract for the asbestos removal.

The project construction cost is estimated to be \$1.1 million – \$980,000 for construction and \$120,000 for construction inspection. This cost includes traffic signalization equipment, estimated at \$223,000, and

CITY OF KINGSTON
Office of Grants Management
grants@kingston-ny.gov

Kristen E. Wilson, Director

Steven T. Noble, Mayor

pavement and concrete sidewalk ADA ramps, estimated at \$42,000, which would have been a cost in the original Broadway Streetscape Project if the intersection were not being re-designed. The construction does not include the landscaping of the public green space created by the re-alignment. It is the City's intention to conduct a more robust planning process for the public space, and with this construction phase a green lawn would be put in place. The purpose of this communication is to request bond authorization in the amount of \$425,000 to construct the intersection re-alignment project. I have included a sample resolution with this request.

While I understand that it is a difficult time to consider bonding, I urge the Council to seriously consider this request so that we are able to construct a sensible and safe end to the Broadway Streetscape Project, implement the signalization plan that will improve traffic flow for the entire corridor, and create the foundation for a meaningful public space in Midtown where the City's post office was previously located.

You may view preliminary plans at <https://engagekingston.com/broadwaygrandintersection>, and I am happy to answer any questions regarding the design at the finance meeting.

Thank you for your consideration.

Sincerely,

WHEREAS, the Parties entered into a sales tax agreement with an effective date of March 1, 2016, and which expires on February 28, 2021; and

WHEREAS, representatives of the Parties have entered into extensive discussions and negotiations regarding this Agreement; and

WHEREAS, the Parties wish to enter into this Agreement and be bound by its terms, and hereby acknowledge that sufficient consideration has been exchanged by the terms of this Agreement; and

WHEREAS, by resolutions duly adopted by the governing bodies of the County and the City, the Parties have agreed upon a plan of distribution of a portion of the Sales and Compensating Use Tax imposed by the County providing a portion to the Towns of Ulster County; and

WHEREAS, for purposes of this agreement, the term “Towns” shall mean the Towns situated with the County of Ulster as a unit.

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the Parties hereto mutually covenant and agree as follows:

1. The County shall, effective March 1, 2021, continue to impose all taxes described in Articles 28 and 29 of the Tax Law of the State of New York, pursuant to Sections 1210 of said law, at a rate of 4% or any other rate(s) as may be authorized by the New York State Legislature during the term of this Agreement.
2. During the term of this Agreement, the City shall not impose any of the taxes authorized by Section 1210 of Tax Law of the State of New York as specified above in Paragraph Number 1 of this Agreement, nor shall the City exercise any “prior right” set forth in Section 1224 of the Tax Law of the State of New York.
3. The net proceeds of said taxes that the County imposes shall be allocated and disposed of as follows:

DURING THE PERIOD OF MARCH 1, 2021 THROUGH FEBRUARY 28, 2026:

- A. 85.5% of such monies shall be set aside for County purposes and shall be available for any legitimate County purpose.
 - B. 11.5% of such monies shall be paid monthly directly to the City to be used by the City for any legitimate City purpose. The County shall pay such share of the monies to the City within seven (7) work days after receiving the same from the State Tax Commission.
 - C. 3.0% of such monies shall be allocated monthly or otherwise as provided by law, to the area of the County outside of the City, to be distributed among the Towns therein, based upon full valuation.
4. For any sales tax period covered under this Agreement, should the Gross Sales Tax collected by Ulster County during a tax year exceed the high watermark of \$128,561,331 (2020 Budgeted Revenue), the County of Ulster and the City of Kingston agree to meet no later than May 1 of the following year to discuss the allocation of the amount in excess of \$128,561,331, and to consider increasing the allocation of the excess to the Towns, subject to the approval of the Ulster County Legislature and City of Kingston Common Council.
 5. This Agreement shall take effect on March 1, 2021 and continue in effect for a period of five years expiring on February 28, 2026.

RE: 2017-2019 KPBA Contract Budgetary Transfer

Dear President Shaut,

As the City agreed to a voluntary interest arbitration award with the KPBA union for the contract period 1/1/17 to 12/31/19, budgetary transfers are necessary to fund the retroactive pay clause. The attached budgetary transfer requests that the prior year portion of the retroactive pay be withdrawn from fund balance, as planned. The current year portion of the retroactive pay is requested to be funded through 2020 contingency. You should expect an additional contingency transfer from KPD for the prospective adjustments to the 2020 salary schedules resulting from the implementation of the award.

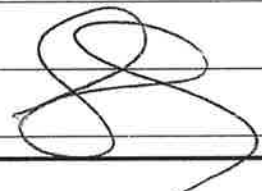

Respectfully,

RE: Library Tax Relevy

Dear President Shaut,

Title 3 of New York State's Real Property Tax law allows for corrections of errors in the assessment and property tax collection process.

Due to a clerical error in the collection of the Kingston Library Property Tax, the City of Kingston will utilize RPTL 551-a to correct the clerical error and make the Library District whole.

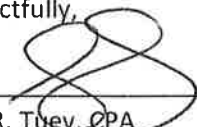

These corrections will be places on the 2021 General Tax Bill which includes City, County, Library, Library Debt and multiple types of relevies and charges.

The attached lists of properties shows the allocation of the \$18,950 relevy to all taxable parcels associated with the Library's Special District.

Authorization to add the relevies to the 2021 General Tax Bills is being requested.

A committee report is attached.

Dear Mayor Noble and
Members of the Common Council:

Quarry Waters, LLC and The Scenic Hudson Land Trust, Inc., respectfully request that the City abandon its interests in the right of way known as North Street, to the extent that said right of way is located on the Property (the "ROW"). As you are aware, we are working with the City, New York State and local stakeholders to develop a park on the Property. New York State has expressed an interest in purchasing the Property and, abandonment of the City's interests in the right of way will facilitate that process and the park's development. For your reference, please see the enclosed map of North Street within the Property.

We recently granted the City a public access easement over the Property for the construction, maintenance, and use of a new segment of the Kingston Greenline (the "Trail Easement"). This trail, which will also become part of the Empire State Trail, is located partially within the City's ROW. The remainder of the trail will diverge from North Street and be closer to the shoreline, thereby providing wonderful views of, and potential access opportunities to, the Hudson River. The Trail Easement is the realization of a longstanding City goal, to expand its Greenline and increase public access to the River.

We understand that the segment of North Street located on the Property has been closed to the public for more than a decade and that the City has not maintained the road for at least that long. Additionally, the only active utility within the City's ROW is a Central Hudson gas line, pursuant to a 1949 easement (the "1949 Easement"). The gas line runs from the southern portion of the ROW, to a separate easement that travels northwest and away from North Street. Neither easement will be extinguished by abandonment of the City's ROW and Central Hudson has indicated that they do not object to the City taking such action. Central Hudson has however requested that their North Street easement rights be confirmed. We are working with them to determine the appropriate way to achieve this.

Verizon also has an easement within the City's ROW, however Verizon officials have advised us that they no longer require this easement and removed their infrastructure from the Property several years ago and, therefore do not object to abandonment of the ROW. Furthermore, Verizon holds reserved rights pursuant to an agreement with Central Hudson, which will allow them access the Property via the 1949 Easement if a future need arises. We have asked them to provide written confirmation of their consent to the ROW abandonment.

There is no water or sewer infrastructure within the ROW. We understand that the City may, in the future, wish to install such utilities. We are prepared to work cooperatively with the City to provide access for same should the need arise. New York State has given the City the same assurance, in the event they take ownership of the Property.

Within the Property, North Street runs north from the southern boundary (shared with Hutton Brickyards) up to the shared City/Town of Ulster boundary, where it intersects with John Street (also within the Property) in the Town. Earlier this year, the Town abandoned its rights in the John Street portion of the right of way.

The City's interest in providing public access through the Property has been fulfilled by the newly granted Trail Easement. We have taken appropriate steps to ensure that the City does and will have access to necessary utilities after abandonment of its ROW. We therefore respectfully request that the City of Kingston consider this application to formally abandon all interests that it currently has in the right of way and convey such interest by quitclaim deed to Quarry Waters, LLC. We further request that this application be referred to all appropriate committees and be heard at the next Common Council meeting, if possible. Formal abandonment of the road will help facilitate the development of a robust public amenity that will serve all of Kingston and the surrounding areas.

Thank you for your consideration of this matter.

Very truly yours,
QUARRY WATERS, LLC

Subject: Communication - Tow Truck Fees
Attachments: Tow Truck Code.pdf

Good morning,

Last month, the Council voted in favor to move the Tow Truck fees into the fee schedule in the city code. A local tow truck company has requested the Council to consider the current fees. I would like the Finance & Audit committee to deliberate at their next month. Can you please add this to the communications? I have attached a copy of the code for reference of the current fees.

Thank you for your time.

Respectfully,

Andrea Shaut

Council President, City of Kingston
