Subject: May communication

Jim

Please forward to a committee discussion about the ice cream truck in relation to noise ordinance. I was asked to talk to the council to see if this is problematic to residence throughout the city.

Please confirm receipt of this email. Thank you.

Subject: Traffic on Pine Grove Avenue

Jim

Can you refer to committee a discussion about traffic concerns on Pine Grove Avenue. A resident and constituent may wish to address a safety concern on that street.

Thanks and please confirm receipt of this email.

RE: Commissioner of Deeds

Dear President Noble,

The current City of Kingston Commissioner of Deeds appointments will expire on June 30, 2018. Historically, this list has included City employees from various departments who may be required to use this as a function of their job performance, as well as members of the Common Council, Ulster County Legislature and Kingston Housing Authority.

I have attached the current list, adopted in 2016, and request that you refer this matter to committee for discussion.

Respectfully,

Carly Winnie
City Clerk

James Noble
Alderman at Large
City of Kingston City Hall
420 Broadway
Kingston, NY 12401

Dear Mr Noble,
We are the new owners of 384-392 Hasbrouck Ave., formerly the Classic Cleaners. We are moving our business, Revolution Bicycles into the property and plan to open by April 3rd.

We would like consideration to modify parking regulations on the street adjacent to 384-392 Hasbrouck Ave. from its current designation as a no parking loading zone, to a 30 minute parking zone.

Currently parking is restricted for a loading zone. This is most likely to benefit a prior business at this address which made use of the garage bays. As the new owners of the property, we do not require a loading zone. What would benefit our customers the most is a 30 minute parking zone. Most patrons of our store stop off to pick up a few things or to drop off or pick up a bicycle for repair. So a 30 minute parking zone will offer convenience to our customers, and will keep the spaces in regular rotation for the best availability of parking. This will also free up space further down the street for other people to park.

We proposed this change at the December planning board meeting, and the board members granted approval unanimously. If you have any questions, please contact the planning board, or us.

Thank you for your consideration.

Sincerely,

Samantha Moranville and Stephan Leibowitz
Owners, Revolution Bicycles
