Official Meeting Minutes of the
Lago Vista Parks & Recreational Advisory Committee

Lago Vista, TX

April 8, 2026

BE REMEMBERED that on the 8th day of April 2026, the PRAC of the City of Lago Vista, TX held a regular meeting at 6:30 pm, there present and acting the following:

Andrew Gale (Chair), Carolyn Dalglish (Vice Chair), Dawn Knauss (Secretary), Marlene Plua and Mark Douglas.

Absent: Steve Becker, Ike Coronis

Also in attendance were: Karen Van Ness (City Council Liaison) via zoom and David Montgomery-Scott (Staff Liaison)

Citizen Comments: None

Council Liaison Reports: none-council member joined the meeting late

City Staff Reports: Parks & Rec dept is prepping for summer (see discussion item #7 below)

Action Items: PRAC approved the meeting minutes from February 11, 2026

Discussion Items:

1. Bowden Point Park Accessible Art & Garden Walkway- KLVb- Janice Didier reported that that they are reconsidering the upgrades/amenities and they are seeking funding for a walkway and a swingset which would cost approximately \$110,000. KLVb would like to access the 'tree mitigation' fund, but David reports that the fund is still not able to be utilized, but that Bowden should qualify as a 'pocket park'. There is approximately \$1mil in the tree fund, but no determination on what can be used. PRAC committee voiced concerns about safety of the park due to lack of fencing due to heavy traffic and the overall costs of the amenities.
2. Parks Master Plan Update: Mark reported that the sub committee had updated the 'intro' to the plan and discussed 'why' we need parks. They also are importing useful info from the Halff plan.
3. Sports Fields Update: Steven (soccer club rep) reported that Spring season was busy for baseball and soccer; he reported that field usage/demand was increasing and that a full sized soccer field is needed for middle/high school club soccer (currently unable to play on ¾ size field at sunset park). David reported parking issues at Sunset Park and

unauthorized usage of fields; P & R is also trying to adapt fields to accommodate multiple aged groups.

4. Golf Balls at Greenshore Park- Andrew reports there have been lots of balls in the park esp in the parking areas-at least 20-30' into the park parameters. David will share with the GCAC.
5. E-bikes in the community-more & more complaints/issues; alternatives for them to ride bikes need to be identified as currently riders are using the golf course, POA parks, and roads. Children have also been seen riding these bikes to school using trails/roads. David suggests that the community be involved and come together to discuss options.
6. Bar-K Rd Discussion-Andrew reports that the road and sidewalk have 'become 1' and is concerned about the safety of pedestrians. David will discuss this issue with Public Works.
7. Summer Aquatics 2026- David presented a PowerPoint presentation re: the city pool. City pool is open Memorial Day to Labor Day; he presented costs/needs for secondary sanitation system due to pool amenities and that system is in place; stationary pool toys have been painted; and new depth barrier has been installed and ADA updates have been completed. Pool usage is approximately 45/50 swimmers per hour which is 20-25% of total capacity. Water aerobics brings approximately 50-70 swimmers. It appears that the pool is meeting resident demand. A pool leak has been identified and dept has been working on this issue since winter; the pool is 23 years old and was re-surfaced in 2022 for approximately \$250,000. David is awaiting more information regarding the exact location of the leak and the extent of repairs needed.

Meeting adjourned at 8:26pm.
