BUSINESSES OPEN DURING CONSTRUCTION

LIVE OAK ROADWORK AHEAD

Starting in July

Caltrans and the City of Live Oak are alerting business owners, residents and motorists that construction on the **$36 million Live Oak Streetscape and Pavement Improvement Project** is scheduled to start on **Monday, July 27.** Community members should be alert for heavy equipment and construction workers at various locations **on State Highway 99 between Ash Street and Ramsdell Drive.**

Residents are reminded that **all businesses will remain open during construction.** Signs will direct customers to open driveways and parking locations.

Construction information and updates will be posted regularly at ***www.LiveOak99.com***.

Upcoming Open House

Caltrans is planning a construction open house for business owners and community members soon. Caltrans staff members and the contractor, DeSilva Gates, will be available to answer your questions about the construction work. A specific time, date and location will be announced soon. An online session will be conducted if Sutter County public health restrictions on large public gatherings are still in place.

FACT SHEET

STATE HIGHWAY 99 LIVE OAK STREETSCAPE, SAFETY AND ROADWAY IMPROVEMENT PROJECT

THE REASON FOR THE PROJECT

The existing pavement is showing signs of distress. The drainage systems need improvement, the pavement cross slopes fail to meet current standards and the current ramps need upgrading to meet today's Americans with Disabilities requirements. Three intersections require traffic signal improvements to enhance safety.

WHAT WE ARE DOING

- Upgrading the drainage systems
- Rehabilitating the roadway to achieve a 40-year design life
- Flattening the roadway cross slopes
- Constructing new continuous sidewalks
- Traffic signal improvements at three intersections of Highway 99 at Pennington Road, Elm Street and Kola Street
- Creating a pedestrian focused downtown environment by enhancing parking and building access, wayfinding and signage, landscaping and facilities for bicyclists and pedestrians.

PROJECT COST

$36 million in local, state and federal funds.

SCHEDULE

Utility Relocation – Completed
Begin Construction – Summer 2020
Complete Construction – Fall 2021
